How to Participate in a City Council Meeting

1. CLOSED SESSION - 6:40 PM

- Roll Call
- Opportunity for the Public to Address City Council Regarding Closed Session Items
- Adjourn to Closed Session

Note: This Closed Session may be continued to the end of the Regular Meeting.

1.1 Conference with Real Property Negotiators. To meet with Andy Ross, Principal Planner, Brandon Cardwell, Economic Development Director, and Brent Smith, Community Development Director, the City's negotiators, pursuant to Government Code Section 54956.8, regarding the potential acquisition of real property including, the following Assessor Parcel Nos. identified as: 099A-1501-003-07, 099A-1504-002, 099A-2300-003-03, 099A-2300-003-04, 099A-2300-003-05, 099A-2300-003-06, 099A-2300-004-01, 099-0850-005-05, 099-0625-002-02, 099-0500-001-03, 099-0625-002-01, 099A-2310-002-01, 099A-2310-002-00, 099-0600-001-07, 099-0600-001-08. The City's negotiators may negotiate with Matthew Ford, Esq., and Karl Wente, Chief Operating Officer and Board Member of Wente Bros. (dba Wente Family Vineyards/Wente Family Estates), Vice President and Vice Chairman of the Board of Wente Land & Cattle Company, and Operating Manager for Sachau LLC. The instructions to the City's negotiators will concern price and terms of payment.

2. CALL TO ORDER

ROLL CALL

Council Member Ben Barrientos
Council Member Evan Branning
Council Member Steven Dunbar
Vice Mayor Kristie Wang
Mayor John Marchand

PLEDGE OF ALLEGIANCE

REPORT OF ACTION TAKEN IN CLOSED SESSION

3. PROCLAMATIONS AND PRESENTATIONS

3.1 Recognition of General Plan Advisory Committee Members for their dedication and contributions to the 2045 General Plan Update.

Recommendation:
Staff recommend the City Council recognize and thank the General Plan Advisory Committee

members for their dedication and contributions to the 2045 General Plan Update.
Staff Report

4. ADVISORY BODY APPOINTMENTS - NONE

5. OPEN FORUM

In conformance with the Brown Act, no City Council action can occur on items presented during Open Forum.

6. CONSENT CALENDAR

Consent Calendar items are considered routine and are acted upon by the City Council with a single action.

6.1 Approval of draft minutes - May 11, 2026 Regular Meeting.

Recommendation:
Staff recommends the City Council approve the draft minutes.
Staff Report
Attachments:
DRAFT 2026-05-11

6.2 Adoption of an omnibus ordinance making administrative, technical, and other non-substantive changes to various sections of the Livermore Municipal Code

Recommendation:
Staff recommends the City Council adopt an omnibus ordinance amending various sections of the Livermore Municipal Code to make administrative, technical, and other non-substantive amendments.
Staff Report
Attachments:
1. Omnibus Ordinance

6.3 Resolution authorizing reappropriations totaling $1,700,000 to the Sidewalk Repair Project SM202502 from various roadway funds and authorizing execution of a second amendment to the agreement with Precision Emprise, LLC, dba Precision Concrete Cutting, for on-call concrete cutting services, increasing the not-to-exceed contract amount from $1,000,000 to $4,000,000 and extending the term of the agreement to December 30, 2030.

Recommendation:
Staff recommends the City Council adopt a resolution:

1. Authorizing the following reappropriations totaling $1,700,000 to the Sidewalk Repair Project SM202502:
    a. $500,000 of State Gas Tax Fund 560 from Bluebell Drive Bridge Repair at Altamont Creek Project SM201721;
    b. $450,000 of County Measure BB - Local Streets & Roads Fund 552 from Bluebell Drive Bridge Repair at Altamont Creek Project SM201721;
    c. $750,000 of County Measure F - Vehicle Registration Fee Fund 553 from Downtown Sidewalk and Miscellaneous ADA Improvements Project DR201959;

and

2. Authorizing the City Manager to execute the second amendment to the agreement with Precision Emprise, LLC, dba Precision Concrete Cutting (Precision), for on-call concrete cutting services, increasing the not-to-exceed contract amount from $1,000,000 to $4,000,000 and extending the term of the agreement to December 30, 2030.

Staff Report

Attachments:

1. Project Schedule
2. Resolution
3. Exhibit A - Second Amendment

6.4 Resolution authorizing execution of an Easement Purchase Agreement with Adventus, acceptance of an Emergency Vehicle Access Easement from LD-Fund III Livermore Land, LLC, approval of related development agreement amendments, and related escrow transactions associated with the Springtown Trunkline Replacement Project WW201414 and Las Colinas Trail Project TB201945.

Recommendation:

Staff recommends City Council adopt a resolution:

1. Authorizing the City Manager to execute the Easement Purchase Agreement with Adventus and related escrow, right-of-entry, and easement documents for acquisition of sanitary sewer and trail easements necessary for the Springtown Trunkline Replacement Project WW201414 and Las Colinas Trail Project TB201945;
2. Accepting the Emergency Vehicle Access Easement from LD-Fund III Livermore Land, LLC;
3. Authorizing the City Manager, or her designee, to execute a First Amendment to the Low Income For-Sale Housing Agreement with LD-Fund III Livermore Land, LLC;
4. Authorizing the City Manager to execute and complete all escrow documents and transactions necessary to close the property acquisition and implement the Easement Purchase Agreement; and
5. Authorizing the City Manager to take all actions necessary and appropriate to carry out the purpose and intent of the resolution.

Staff Report

Attachments:

1. Vicinity Map
2. Resolution
3. Exhibit A - Easement Purchase Agreement
4. Exhibit B - Lassen Housing Agreement Amendment 1
5. Exhibit C - Right of Entry
6. Exhibit D - Emergency Vehicle Access Easement

6.5 Resolution adding the Pavement Maintenance Management Plan Project AR202718, Perimeter Fencing and Security Upgrades Project AR202719, and Airport Layout Plan and Technical Studies Project AR202720 to the 2025–2030 Capital Improvement Plan and authorizing appropriations of Airport Fund 600 and Federal and State Grants to fund these projects.

Recommendation:

Staff recommends the City Council adopt resolutions:

1. Adding the Pavement Maintenance Management Plan Project AR202718 to the 2025–2030 Capital Improvement Plan and authorizing appropriations of $1,340 of Airport Fund 600 and $267,330 of Federal and State Grants to the project;
2. Adding the Perimeter Fencing and Security Upgrades Project AR202719 to the 2025-2030 Capital Improvement Plan and authorizing appropriations of $55,000 of Airport Fund 600 and $472,500 of Federal and State Grants; and
3. Adding the Airport Layout Plan and Technical Studies Project AR202720 to the 2025-2030 Capital Improvement Plan and authorizing appropriations of $107,680 of Airport Fund 600 and $1,022,960 of Federal and State Grants.

2. CIP Book Page AR202718
3. CIP Book Page AR202719
4. CIP Book Page AR202720
5. Resolution

6.6 Resolution approving Final Tract Map 8669, authorizing execution of a Subdivision Improvement Agreement for Cornerstone, located at the northwest corner of Constitution Drive and Collier Canyon Road, and accepting, on behalf of the public, all real property offered for dedication within Final Tract Map 8669 except for certain easements which City Council reserves the right to accept at a future date.

Recommendation:

Staff recommends the City Council adopt a resolution:

1. Finding that the requirements of the California Environmental Quality Act have been satisfied;
2. Approving and authorizing execution of the Subdivision Improvement Agreement for Final Tract Map 8669;
3. Approving Final Tract Map 8669 for recording; and
4. Accepting, on behalf of the public, all real property offered for dedication within Final Tract Map 8669 except for the following, which the Council rejects at this time, reserving the right to accept the offer at a future date: Public Utility Easement (PUE), Emergency Vehicle Access Easement (EVAE), Public Access Easement (PAE), and Trail Easement (TE).

6.7 Resolution awarding a construction contract to Grade Tech, Inc., in the amount of $266,523, for the Water Reclamation Plant (WRP) Recycled Water Fill Station Project WW202527

Recommendation:

Staff recommends the City Council adopt a resolution for the Water Reclamation Plant (WRP) Recycled Water Fill Station Project WW202527:

1. Awarding and authorizing the City Manager to execute a construction contract with Grade Tech, Inc., in the amount of $266,523, pursuant to Livermore Municipal Code section 2.68.570 (C);
2. Rejecting all other bids or proposals; and
3. Authorizing the City Manager to take whatever actions are necessary and appropriate to carry out the purpose and intent of this resolution.

Staff Report

Attachments:

1. Location Map
2. Resolution
3. Exhibit A - Grade Tech, Inc. Contract

6.8 A resolution authorizing a supplemental appropriation of Low-Income Housing Funds (Fund 200) in the amount of $75,000, authorizing a budget reduction of $75,000 from the Human Services Facility Fees (Fund 290) to replace Human Services Facility Fees and awarding a construction contract to Bay Cities Paving & Grading, Inc., in the amount of $2,285,985, for the Livermore Village Remediation Project DR202118

Recommendation:

Staff recommends the City Council adopt a resolution for the Livermore Village Remediation Project DR202118:

1. Authorizing a supplemental appropriation of $75,000 from the Low Income Housing Fund (200) to the budget for the Livermore Village Remediation Project DR202118;
2. Authorizing a budget reduction of $75,000 in Human Services Facility Fees (Fund 290) to the budget for the Livermore Village Remediation Project DR202118;
3. Awarding and authorizing the City Manager to execute a contract with Bay Cities Paving & Grading, Inc., in the amount of $2,285,985, for construction of the Livermore Village Remediation Project DR202118, pursuant to Livermore Municipal Code section 2.68.570(C);
4. Rejecting all other bids or proposals;
5. Authorizing the City Manager to approve and execute change orders up to a cumulative amount of ten percent (10%) of the construction contract value of $2,285,985; and
6. Authorizing the City Manager to take whatever actions are necessary and appropriate to carry out the purpose and intent of this resolution.

Staff Report

Attachments:

1. Location Map
2. Resolution
3. Exhibit A - Bay Cities Paving and Grading Inc. Contract

6.9 Resolution authorizing execution of an agreement with Granberg & Associates, Inc., in an amount not-to-exceed $462,980 and a term ending December 31, 2031, to develop and implement the City's Alternative Project Delivery Program, including Design-Build and Construction Manager/General Contractor (CM/GC) delivery methods.

Recommendation:
Staff recommends the City Council adopt a resolution authorizing the City Manager to execute an agreement with Granberg & Associates, Inc., in an amount not-to-exceed $462,980 and a term ending December 31, 2031, to provide Owner's Authorized Representative (OAR) services for the development and implementation of alternative project delivery methods.
Staff Report
Attachments:
1. Resolution
2. Exhibit A - Granberg & Associates, Inc. Agreement

6.10 Resolution authorizing the City Manager to execute and administer a Professional Services Agreement with the University of California, Davis - Road Ecology Center, for a research grant on behalf of the Altamont Landfill Open Space Advisory Committee.

Recommendation:
Staff recommends that the City Council adopt a resolution authorizing the City Manager to execute and administer a Professional Services Agreement to implement the grant awarded by the Altamont Landfill Open Space Advisory Committee to the University of California, Davis – Road Ecology Center, for a two year period in the amount of $246,803, to research and develop a Payment for Ecosystem Services (PES) method and web tools.
Staff Report
Attachments:
1. Resolution
2. Exhibit A - Professional Services Agreement

6.11 Resolution authorizing execution of a Master Agreement and Order Form with Innovative Interfaces, Inc. for the service and maintenance of the Sierra Integrated Library System and the LINK+ Platform, and for cloud hosting, in a total not-to-exceed amount of $650,583.22.

Recommendation:
Staff recommends the City Council adopt a resolution authorizing execution of a five-year Master Agreement and Order Form with Innovative Interfaces, Inc. for the service and maintenance of the Sierra Integrated Library System and the LINK+ Platform, and for cloud hosting, in a total not-to-exceed amount of $650,583.22.
Staff Report
Attachments:
1. Resolution
2. Exhibit A - Master Agreement and Order Form

6.12 Resolution authorizing the City Manager to execute a lease agreement with Konica Minolta Business Solutions U.S.A., Inc. through Region 4 Education Service Center/OMNIA Partners in an amount not to exceed $400,000 to provide citywide printer replacement and related services with a term ending August 4, 2031.

Recommendation:
Staff recommends that the City Council adopt a resolution authorizing the City Manager to execute a lease agreement with Konica Minolta Business Solutions U.S.A., Inc. through

Region 4 Education Service Center/OMNIA Partners in an amount not to exceed $400,000 for citywide printer replacement and related services with a term ending August 4, 2031.
Staff Report
Attachments:
1. Resolution
2. Exhibit A - Konika Minolta Business Solutions USA, Inc Agreement

6.13 Adopt a resolution approving two side letter agreements between the City of Livermore and the Livermore Police Management Association amending Article IV (Promotion) and Article X (Supervisory Differential) of the memorandum of Understanding (MOU), effective retroactive to July 1, 2025.

Recommendation:
Staff recommends the City Council adopt a resolution approving two side letter agreements between the City of Livermore and the Livermore Police Management Association amending Article IV (Promotion) and Article X (Supervisory Differential) of the Memorandum of Understanding (MOU), effective retroactive to July 1, 2025.
Staff Report
Attachments:
1. Resolution
Exhibit A - Side Letter Agreement Article IV (Promotion)
Exhibit B - Side Letter Agreement Artcile X (Supervisory Differential)

7. PUBLIC HEARINGS

7.1 Hearing to place delinquent sewer accounts on the Property Tax Roll.

Recommendation:
Staff recommends the City Council hold a public hearing to consider protests, adopt a resolution overruling protests to place delinquent sewer accounts on the property tax roll, and direct staff to forward a finalized copy of the assessment list to the County Tax Assessor.
Staff Report
Attachments:
1. Resolution
2. Exhibit A - City of Livermore delinquent sewer list balance as of 6-24-25 FY26-27 property tax liens

7.2 Hearing to adopt FY 2026-27 Sewer Service and Use Charges Report and authorize Residential Charges to be collected in the same manner, by the same persons, and at the same time as, together with and not separately from, the City's General Taxes.

Recommendation:
Staff recommends that the City Council hold a public hearing to consider all objections or protests, if any, to the written report describing each parcel of real property receiving wastewater services and the amount of the service charge for each parcel, adopt a resolution approving the residential Sewer Service and Use Charges report, and authorize collection of report amounts on the property tax roll by the Alameda County Tax Assessor.
Staff Report

Attachments:
1. Resolution
2. Exhibit A - Fiscal Year 2026-27 Sewer Service Charge Roll Report

7.3 Hearing to consider resolutions to certify the General Plan Environmental Impact Report and approve Livermore General Plan 2045 establishing a long-term vision, goals, policies, implementation actions and land use designations to guide future decision-making related to growth, development, and resource conservation through 2045, and introduce an ordinance and waive the first reading to adopt conforming Zoning Map Amendments ensuring consistency with the General Plan Land Use Map.

Recommendation:
Planning Commission and Staff recommend the City Council:

- Adopt a resolution certifying the General Plan 2045 Final Environmental Impact Report (EIR);
- Adopt a resolution approving Livermore General Plan 2045, subject to the revisions identified in the Errata Sheet dated July 7, 2026 (GPA 21-003);
- Introduce an Ordinance and waive the first reading adopting conforming amendments to the Livermore Zoning Map (ZMA 26-001); and
- Adopt a resolution retaining Existing General Plan Scenic Corridor Policies under separate cover until new Scenic Resources standards are considered and adopted at a future date to be determined (POL 26-002).

15. Exhibit B - Proposed Zoning Map
16. Resolution - Scenic Resources
17. Exhibit A - PC Reso 14-26 General Plan Scenic Resources
18. Exhibit B - Scenic Resources Policy

7.4 Hearing to introduce an ordinance and waive the first reading authorizing Development Agreement 24-004 to establish a framework and secure vested rights for a future residential project on approximately 50 developable acres within a 122-acre property at 3658 Las Colinas Road (Assessor Parcel Number 902-8-1). The Development Agreement does not propose or

authorize a specific development project or physical development, and future implementation actions would be subject to subsequent approvals.

Recommendation:
The Planning Commission and Staff recommend the City Council:

1. Adopt a resolution finding that Development Agreement 24-004 is within the scope of the certified General Plan 2045 Environmental Impact Report (EIR) pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15183 and that the Agreement has no potential to cause a significant environmental effect and is, therefore, exempt under CEQA Guidelines Section 15061(b)(3); and
2. Introduce an Ordinance, and waive the first reading, authorizing the City Manager to execute Development Agreement (DA) 24-004.

Staff Report

2. Planning Commission Meeting Minutes July 7, 2026
3. Resolution CEQA
4. Exhibit A PC Resolution 15-26 CEQA
5. Ordinance Development Agreement
6. Exhibit A PC Resolution 16-26 Development Agreement
7. Exhibit B Development Agreement

7.5 Hearing to introduce an ordinance and waive the first reading authorizing the first amendment to Development Agreement 08-002 ("Agreement") with McGrath RentCorp (DAA 26-002). The Agreement term would be extended 30 years to 2059, the Agreement boundary would be adjusted, and the Property Owner Obligations would be modified to: 1) effectuate a commercial land transfer to a high-value commercial user; and 2) secure support for 2045 General Plan and Midtown Area planning objectives.

Recommendation:
The Planning Commission and Staff recommend the City Council:

1. Adopt a Resolution finding that the first amendment to Development Agreement 08-002 with McGrath RentCorp is exempt under CEQA; and
2. Introduce an Ordinance, and waive the first reading, authorizing the City Manager to execute the First Amendment to Development Agreement 08-002 with McGrath RentCorp (DAA 26-002).

How to Participate in a City Council Meeting

GENERAL RULES

Council meetings are **hybrid** — the public may join **in person** or **remotely** (Zoom or telephone). Meetings may also be viewed without commenting on the City's YouTube channel and TV29 (Comcast Channel 29).

Agenda availability	Agenda & staff reports posted 72+ hrs before regular meetings at LivermoreCA.gov/agenda; also available at the Civic Center Library and City Clerk's Office.
Non-agenda items	State law prohibits the City Council from taking action on any items not listed on the agenda.
Speaker Limits	Up to **3 minutes per item** (Presiding Officer may reduce time if needed). **One comment per item per speaker.**
Accessibility	In compliance with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973, the City does not discriminate on the basis of disability. To request an accommodation, contact the ADA Coordinator at least 3 business days prior to the meeting at ADACoordinator@LivermoreCA.gov or (925) 960-4170 (voice) / (925) 960-4104 (TDD).
Translation	Public may post their own agenda translation at City Hall, 1052 S. Livermore Ave. Members of the public wishing to receive translation or interpretation services from a third party during a meeting, please contact CityClerk@LivermoreCA.gov or visit the City's webpage at LivermoreCA.gov/agenda.

PUBLIC COMMENT

Public comment may be offered during **Open Forum** (any matter within the City's subject matter jurisdiction), **Consent Calendar**, **Public Hearings**, and **Matters for Consideration**.

For **Open Forum,** in-person speakers will collectively have the opportunity to address the City Council for up to 30 minutes. If there are additional in-person speakers who wish to speak at the conclusion of the 30-minute time period, or any speakers participating remotely, they will have the opportunity to address the City Council at the end of the meeting.

For **Consent Calendar, Public Hearings, and Matters for Consideration**, in-person speakers will be called upon first, followed by speakers participating remotely.

In Person	Remotely by Zoom	Remotely by Telephone
• Complete a speaker card (available in the Civic Center Meeting Hall lobby) • Write the agenda item number & submit to the City Clerk before that item's comment period closes (may not submit on behalf of another speaker) • When the Clerk calls your name, approach the podium and speak into the microphone	• Join via the Zoom link, Meeting ID, and dial-in number on the agenda cover page • When your item begins, use the "raise hand" feature • Wait to be called on, then unmute and speak • Use an updated Zoom app — outdated versions may block commenting (zoom.us/download)	• Call the Zoom dial-in number on the agenda and enter the Meeting ID • When your item begins, press *9 to raise your virtual hand • Wait to be called on; press *6 to unmute and speak when recognized

Written Public Comment Submitted Before the Meeting

Written comments submitted before the meeting are provided to the Council and made available to the public in advance. *These comments are not read aloud into the record.*

By Email	Send to CityClerk@LivermoreCA.gov. Must be received by **12:00 p.m. (noon) on the day of the meeting** to be provided to City Council and posted on the City's website prior to the meeting.
By eComment	Submit online via the eComment link on the City Council Meeting Calendar & Agendas page. Comments may be up to **1,000 characters**; accepted until **4:00 p.m. on the day of the meeting**. Viewable by Council and the public immediately upon submittal.
Materials to Distribute at Meeting	In person: bring **8 copies** to the City Clerk with your speaker card. By Zoom: identify the material in your comment and email it to the City Clerk at CityClerk@LivermoreCA.gov by the end of the meeting. Materials received after **12:00p.m**. will be included in the supplemental material.

WRITTEN COMMENT SUBMITTED AFTER THE AGENDA IS POSTED (SUPPLEMENTAL MATERIAL)

- Supplemental material distributed to the City Council after the posting of the agenda will be available for public review at the City Clerk's Office, 1052 S. Livermore Avenue, Livermore and included in the agenda packet on the City's website at LivermoreCA.gov/agenda.
- Comments received after the email (noon) or eComment (4:00 p.m.) deadlines on meeting day are treated as supplemental material and, if received before the meeting concludes, are provided to the City Council following the meeting.

Mayor Marchand opened the public comment period.

Item 6.3 **Tom Soules** provided a comment.

Item 6.3 **Vasko Yorgov** provided a comment.

Item 6.11 **Alan Marling** provided a comment.

Item 6.6 **Greg Scott** provided a comment.

There were no more speakers, and the public comment period was closed.

ON THE MOTION OF COUNCIL MEMBER BRANNING SECONDED BY COUNCIL MEMBER DUNBAR AND CARRIED ON A 5-0 VOTE, THE CITY COUNCIL APPROVED THE CONSENT CALENDAR.

6.1 Approval of draft minutes – March 23, 2026 Regular Meeting.

6.2 **Resolution 2026-058** accepting public improvements constructed by Shea Homes, Inc., pursuant to the Subdivision Improvement Agreement for Phase 1 of Final Tract Map 8613 (Shea Portola Townhomes), located at the northeast corner of Collier Canyon Road and Portola Avenue, for permanent maintenance and authorizing release of security and accepting offers of dedication of Public Utility Easement, Sanitary Sewer Easement, and Emergency Vehicle Access Easement.

6.3 **Resolution 2026-059** approving Final Parcel Map 11186, authorizing execution of a Subdivision Improvement Agreement for the Livermore Village site located at the southeast corner of the intersection of South L Street and Railroad Avenue, and accepting on behalf of the public, all real property offered for dedication within Final Parcel Map 11186 except for certain easements which the City Council reserves the right to accept at a future date.

6.4 **Resolution 2026-060** authorizing execution of an agreement with East Bay Municipal Consulting to provide on-call plan check and development review services with a not-to-exceed amount of $800,000 and a term ending December 31, 2031.

6.5 **Resolution 2026-061** authorizing an appropriation of the Habitat Conservation Plan grant, State Grants Fund 240, in the amount of $700,000 for

development of the Livermore Habitat Conservation Plan and environmental document.

6.6 Resolution 2026-062 authorizing execution of an agreement with Carollo Engineers, Inc., in an amount not-to-exceed $2,159,316 and a term ending December 31, 2028, to provide construction management and inspection services for a variety of Water Resources Capital Improvement Plan (CIP) projects.

6.7 Resolution 2026-063 to declare 4.53 acres of a 137.97 acre City of Livermore (City) owned property located in unincorporated Alameda County, State of California, specifically referred to as Assessor's Parcel Number (APN) 905-3-12, as exempt surplus land under the Surplus Land Act, and **Resolution 2026-064** authorizing the City Manager to execute a Purchase and Sale Agreement and Cooperative Agreement between the City and the East Bay Regional Park District (Park District) to sell the 4.53-acre parcel located at 5658 Doolan Road to the Park District.

6.8 Resolution 2026-065 authorizing a supplemental appropriation of $630,000 from Traffic Impact Fees (Fund 510) to Isabel Avenue/I-580 Interchange Project TI199238 and authorizing execution of an agreement with Interwest Consulting Group, Inc., in an amount not-to-exceed $592,000 and a term ending on December 31, 2031, to provide project management and right-of-way engineering services for the Isabel Avenue/I-580 Interchange Project TI199238.

6.9 Resolution 2026-066 authorizing execution of an agreement with Chrisp Company for on-call signing and striping maintenance services in an amount not-to-exceed $1,000,000 and a term ending December 31, 2031.

6.10 Resolution 2026-067 approving a request to the Metropolitan Transportation Commission for the allocation of $372,723 from FY 2026-27 Transportation Development Act Article 3 Pedestrian/Bicycle Project Funding to the East Avenue Corridor ATP Implementation Project TB202222.

6.11 Resolution 2026-068 recommending the Livermore City Council declare Livermore a Vision Zero community and adopting a Vision Zero Action Plan with the clear goal of eliminating traffic fatalities and severe injuries on city streets.

6.12 Resolution 2026-069 authorizing execution of a third amendment to the agreement with Terracare Associates for City-wide landscape maintenance, increase the total not-to-exceed amount from $6,600,000 to $9,380,000 and extending the term of the agreement two additional years to May 31, 2028.

6.13 Resolution 2026-070 authorizing execution of a purchase order with Owens Equipment for one 2026 Vactor 2000i truck mounted single engine combination sewer cleaner in an amount of $801,255 and a supplemental appropriation in FY 2025-26 from the Water Resources Fund (620) of $801,255 to fund the purchase.

6.14 Resolution 2026-071 designating the City Manager as the City's agent for federal and state disaster assistance and naming the City Engineer and Assistant City Engineers as the City Manager's Designees.

6.15 Resolution 2026-072 calling for and giving notice of the holding of a General Municipal Election and consolidating services with Alameda County on Tuesday, November 3, 2026, for the election of certain officers of the City.

6.16 Resolution 2026-073 authorizing the execution of a three-year agreement with Eide Bailly, LLP for auditing services in an amount not-to-exceed $555,000 for fiscal years 2025-26 through 2027- 28.

6.17 Resolution 2026-074 approving the FY 2026-27 Budget Update.

6.18 Resolution 2026-075 designating the Accounting Supervisor – General Ledger and Treasury as the City Treasurer.

6.19 Resolution 2026-076 authorizing the execution of Project and Program Grant Agreements with Anne Giancola in the amount of $2,200, Cheza Nami Foundation, Inc. in the amount of $10,000, D'Adonis Moquette in the amount of $7,500, Livermore Filipino American Organization in the amount of $10,000, Livermore Valley Performing Arts Center in the amount of $10,000, Livermore Valley Opera in the amount of $10,000, and Shakespeare's Associates, Inc. dba SPARC Theater in the amount of $10,000, consistent with the City's Public Art Policy.

6.20 Resolution 2026-077 authorizing the continued participation of the City of Livermore in the Alameda County HOME Consortium for HOME Investment Partnership Program funds; and the execution of an agreement with Alameda County for participation in the Alameda County HOME Consortium for federal fiscal years 2027, 2028, and 2029.

6.21 Resolution 2026-078 authorizing the execution of Assignment and Assumption and Amendment of loan documents and a Subordination and Intercreditor Agreement with Owls Landing, L.P., for the Owl’s Landing Affordable Housing Project in the form substantially attached to the resolution.

6.22 Resolution 2026-079 adopting the Below Market Rate Rental Requirements for affordable units produced through the Inclusionary Housing Ordinance and City-assisted affordable housing developments.

6.23 Resolution 2026-080 authorizing the annual display of the Philadelphia Rainbow Pride flag in June and the POW/MIA flag in November at the Civic Center Campus.

6.24 Resolution 2026-081 amending the City's Community Benefit Policy and appropriating $600,000 in Community Benefit funds.

7. PUBLIC HEARINGS

7.1 Hearing to consider a resolution approving the FY 2026-27 Annual Action Plan; authorizing submittal to the U.S. Department of Housing and Urban Development; and authorizing execution of associated documents.

Recommendation: Staff recommended the City Council adopt a resolution:

1. Approving the FY 2026-27 Annual Action Plan; and authorizing submission of the Action Plan, as Exhibit A, to Alameda County for inclusion with the Alameda County HOME Consortium report for submittal to HUD;
2. Authorizing the City Manager, or her designee, to negotiate and execute all documentation and agreements with HUD and any subgrantees that are necessary and appropriate to effectuate the FY 2026-27 Annual Action Plan, including, without limitation, the FY 2026-27 Entitlement Certifications, as Exhibit B; and
3. Authorizing the City Manager, or her designee, to take whatever actions are necessary and appropriate to carry out the purpose and intent of this resolution, including approving minor changes to the FY 2026-27 Action Plan.

Management Analyst I, Amy Walker, presented the staff report.

Mayor Marchand opened the public hearing.

There were no speakers and the hearing was closed.

ON THE MOTION OF COUNCIL MEMBER BRANNING, SECONDED BY VICE MAYOR WANG AND CARRIED ON A 5-0 VOTE, THE CITY COUNCIL ADOPTED THE FOLLOWING RESOLUTION:

Resolution 2026-082 approving the FY 2026-27 Annual Action Plan; authorizing submittal to the U.S. Department of Housing and Urban Development; and authorizing execution of associated document.

7.2 Hearing to consider a resolution authorizing Livermore Sanitation, Inc.'s requested rate adjustment for solid waste, recyclable materials, and compostable materials services, pursuant to the Third Amended and Restated Agreement between the City of Livermore and Livermore Sanitation, Inc., for Solid Waste, Recyclable Materials, and Compostable Materials Services and to amend Exhibit H to the Franchise Agreement to reflect the authorized increase of 1.65% to rates.

Recommendation: Staff recommended the City Council hold a public hearing and adopt a resolution authorizing Livermore Sanitation, Inc.'s requested rate adjustment for solid waste, recyclable materials, and compostable materials services, pursuant to the Third amended and Restated Agreement between the

City of Livermore and Livermore Sanitation, Inc. for Solid Waste, Recyclable Materials, and Compostable Materials Services, and to amend Exhibit H to the agreement to reflect the authorized increase of 1.65% effective July 1, 2026.

Interim Public Works Manager, Marisa Gan, presented the staff report.

Mayor Marchand opened the public hearing.

There were no speakers and the hearing was closed.

ON THE MOTION OF COUNCIL MEMBER BARRIENTOS, SECONDED BY COUNCIL MEMBER DUNBAR AND CARRIED ON A 5-0 VOTE, THE CITY COUNCIL ADOPTED THE FOLLOWING RESOLUTION:

Resolution 2026-083 authorizing Livermore Sanitation, Inc.'s annual rate adjustment pursuant to the Third Amended and Restated Agreement for solid waste, recyclable materials, and compostable materials services, and authorizing an amendment to Exhibit H of the agreement to reflect the rate adjustment.

8. MATTERS FOR CONSIDERATION

8.1 Discussion and direction regarding Comprehensive General Plan Update – Draft General Plan 2045.

Recommendation: Staff recommended the City Council:

- Receive a presentation on the Draft General Plan 2045;
- Consider community, General Plan Advisory Committee (GPAC), and Planning Commission feedback on the Draft General Plan 2045; and
- Provide direction on any changes or revisions that should be incorporated into the Draft General Plan 2045.

Principal Planner Andy Ross presented the staff report.

Mayor Marchand opened the public comment period.

Bob Carling provided a comment.

Greg Scott provided a comment.

Julie provided a comment.

Jean King provided a comment.

Katie Marcel provided a comment.

Jeremy Troupe-Masi provided a comment.

Doug Mann provided a comment.

Sherri Souza provided a comment.

There were no more speakers, and the public comment period was closed.

No action was required or taken. The City Council supported staff's recommendation and provided direction.

9. COUNCIL COMMITTEE REPORTS AND MATTERS INITIATED BY CITY MANAGER, CITY ATTORNEY, STAFF AND COUNCIL MEMBERS

THE MAYOR AND CITY COUNCIL MEMBERS PROVIDED A SUMMARY OF RECENTLY ATTENDED EVENTS AND MEETINGS IN ADDITION TO THE INFORMATION PROVIDED IN THE SUPPLEMENTAL PACKET. COUNCIL MEMBERS WHO DID NOT PROVIDE A SUMMARY IN THE SUPPLEMENTAL PACKET ARE INCLUDED BELOW.

Livermore California Clean City Mayor Marchand noted that Livermore is now a California Clean City.

Retzlaff Vineyards 50th Anniversary Mayor Marchand noted that Retzlaff Winery recently celebrated its 50th Anniversary and is known for its award- winning wines.

10. ADJOURNMENT – at 9:03 p.m. to a Regular City Council Meeting on Monday, June 8, 2026 at 7:00 p.m., Civic Center Meeting Hall, City Council Chamber, 1016 S. Livermore Avenue.

CITY COUNCIL STAFF REPORT **ITEM NO. 6.2**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Kimberly Cilley, City Attorney

SUBJECT: Adoption of an omnibus ordinance making administrative, technical, and other non-substantive changes to various sections of the Livermore Municipal Code

RECOMMENDED ACTION

Staff recommends the City Council adopt an omnibus ordinance amending various sections of the Livermore Municipal Code to make administrative, technical, and other non-substantive amendments.

SUMMARY

DISCUSSION

ATTACHMENTS

1. Omnibus Ordinance

Prepared by: Daniel Gonzales
Deputy City Attorney

Approved by:

Marianna A. Burch
City Manager

Fiscal Review by:

Kristen Hilton
Acting Administrative Services Director

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

AN OMNIBUS ORDINANCE AMENDING THE LIVERMORE MUNICIPAL CODE TO CORRECT GRAMMATICAL ERRORS, CLARIFY LANGUAGE, CONFORM CODES TO ADMINISTRATIVE PRACTICES AND FACTS, AND TO MAKE OTHER ADMINISTRATIVE, TECHNICAL, AND NON-SUBSTANTIVE AMENDMENTS

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LIVERMORE DOES ORDAIN AS FOLLOWS:

Section 1. *Purpose.* This omnibus ordinance amending the Livermore municipal code to correct grammatical errors, clarify language, conform codes to administrative practices and facts, and to make other administrative, technical, and non-substantive amendments.

Section 2. *Instruction to Publisher.* The code amendments made by this ordinance are reflected as follows: Deletions are reflected in this ordinance using a strikethrough, and new language is underlined. However, language with a strikethrough, and the underlines, will not be codified. The codification of this ordinance will only reflect the final language.

Section 3. *Amendment – Municipal Code.* The Livermore Municipal Code is hereby amended as follows:

A. Section 2.06.010 *Regular meetings – When and where held* is hereby amended to read as follows to correct the location of council meetings and make a grammatical change:

> "All regular meetings of the City Council shall be held on the second and fourth Mondays of every month in the City Council ~~c~~Chamber~~s~~ located at ~~3575 Pacific Avenue~~ 1016 S. Livermore Avenue, Livermore, California."

B. The following sections in Chapter 2.08 *City Manager* are amended as follows to replace gender specific references from "he" to "her" or "City Manager" and to clarify City Manager contract signing authority consistent with state law and City practice:

2.08.010 "The office of City Manager is created and established. The City Manager shall be appointed by the City Council wholly on the basis of his or her administrative and executive ability and qualifications, and shall hold office for and during the pleasure of the City Council."

2.08.060 "The City Manager shall be the administrative head of the government of the City, under the direction and control of the City Council, except as otherwise provided in this code. ~~He~~ The City Manager shall be responsible for the efficient administration of all the affairs of the City which are under his

or her control. In addition to ~~his~~ the City Manager's general powers as administrative head, and not as a limitation thereon, it shall be his or her duty and he or she shall have the power:

A. Enforcement of Laws. To enforce all laws and ordinances of the City, and to see that all franchises, contracts, permits and privileges granted by the City Council are faithfully observed;

B. Authority Over Employees. To control, order and give directions to all heads of departments and to subordinate officers and employees of the City under his or her jurisdiction, except the City Attorney and city treasurer, through their department heads;

C. Appointment and Removal of Officers and Employees. To appoint and, when necessary for the good of the service, remove any employee of the City, except the City Attorney, the City Attorney's staff and the city treasurer;

D. Reorganization of Offices. To recommend to the City Council such reorganization of offices, positions, departments or units under his or her direction, as may be indicated in the interest of efficient, effective and economical conduct of the City's business;

E. Recommend Ordinances. To recommend to the City Council for adoption such measures and ordinances as he or she deems necessary or expedient;

F. Attendance at Council Meetings. To attend all meetings of the City Council unless excused therefrom, except when his or her removal is under consideration;

G. Financial Reports. To keep the City Council at all times fully advised as to the financial conditions and needs of the City;

H. Preparation of Budget. To prepare and submit the proposed annual budget and the proposed annual salary plan to the City Council for its approval;

I. Purchase of Supplies. To purchase all supplies for all of the departments or divisions of the City. No expenditures shall be submitted or recommended to the City Council except on report and approval of the City Manager;

J. Investigation of City Affairs. To make investigations into the affairs of the City and any department or division thereof, and

any contract, or the proper performance of any obligations of the City;

K. Investigate Complaints Concerning Public Utilities, Franchises. To investigate all complaints in relation to matters concerning the administration of the City government, and in regard to the service maintained by public utilities in the City, and to see that all franchises and permits granted by the City are faithfully performed and observed;

L. Supervision of Public Buildings and Parks. To exercise general supervision over all public buildings, public parks, and all other public property which is under the control and jurisdiction of the City Council;

M. Hours of Employment. To devote his or her entire time to the duties of his or her office in the interests of the City;

N. Execute Specified Documents. To execute any document specified in Government Code Section 40602 whenever the City Council has delegated such authority by resolution, motion, minute order, or other appropriate council action. The authority granted by this section is in addition to and not a limitation on authority granted by other provisions of this code and City ordinances.

~~N~~ O. Additional Duties. To perform such other duties and exercise such other powers as may be delegated to him or her from time to time by ordinance or resolution or other action of the City Council."

C. Subsection 6 of Subsection H of Section 2.28.020 *Powers and duties* is hereby amended to read as follows to clarify duties of the administrative services department consistent with City practice:

"Prescribe and maintain forms and systems necessary to the operation of Chapter 2.68 LMC and other rules and regulations; and"

D. Subsection C of Section 2.68.140 *Purchasing oversight* is hereby amended to read as follows to clarify duties of the Administrative Services Director consistent with City practice:

"C. Prescribing and maintaining such forms and systems as are reasonably necessary to the operation of this chapter and the purchasing policy;"

E. Section 2.72.070 *Leasing of city property at the airport* is hereby amended to read as follows to reflect the change in organization structure moving airport from public works to innovation & economic development by updating which division director is authorized to enter into specific leases at the airport:

"The ~~Public Works~~ Innovation & Economic Development Director is authorized to enter into and sign month-to-month aircraft tie-down and hangar lease agreements and five-year medium-term lease agreements with one five-year option for large hangars for and on behalf of the City, without prior approval of the City Council. The authority contained in this section may be delegated by the ~~Public Works~~ Innovation & Economic Development Director to the airport manager."

F. The following sections in Chapter 5.50 *Tobacco Retail Licensing* are amended as follows to align language used with the language used by the United States Food and Drug Administration:

5.50.020 D. "**"Electronic smoking device"** means any device or delivery system that can be used to deliver nicotine in aerosolized or vaporized form to a person, as well as any component, part, or accessory for the device that is used during its operation. "Electronic smoking device" includes electronic cigarettes as defined in Section 30121 of the California Revenue and Taxation Code, and any other device manufactured, distributed, marketed, or sold as an electronic cigar, an electronic cigarillo, an electronic pipe, an electronic hookah, or any other product name or descriptor, that can be used to deliver nicotine in aerosolized or vaporized form to a person. "Electronic smoking device" does not include any product that has been ~~approved~~ authorized by the United States Food and Drug Administration for sale as a tobacco cessation product or for other therapeutic purposes where that product is marketed and sold solely for such ~~approved~~ authorized use."

I. "**"New FDA ~~approved~~ authorized tobacco product"** means a new tobacco product as defined in 21 U.S.C. Section 387j(a)(1) of the Family Smoking Prevention and Tobacco Control Act of 2009 when that product requires premarket review by the United States Food and Drug Administration and that product has obtained a premarket review order under 21 U.S.C. Section 387j(c)(1)(A)(i), as those statutes may be amended from time to time."

L. "**"Tobacco product**" means any product containing, made from, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to, cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, snuff; any electronic smoking device; any electronic smoking device fluid; and any component, part, or accessory of a tobacco product, whether or not sold separately. "Tobacco product"

does not include any product that has been ~~approved~~ authorized by the United States Food and Drug Administration for sale as a tobacco cessation product or for other therapeutic purposes where that product is marketed and sold solely for such ~~approved~~ authorized use. Examples of the products ~~approved~~ authorized by the United States Food and Drug Administration for the cessation of smoking include skin patches, lozenges, gum, and prescription medications. Also, "tobacco product" does not include any drugs, devices, or combination products authorized for sale by the United States Food and Drug Administration, as those terms are defined in the Federal Food, Drug and Cosmetic Act, provided the drug, device, or combination product is not otherwise prohibited by this chapter as a flavored tobacco product."

5.50.100 B. "The sale, offer for sale, exchange, or offer to exchange of any electronic smoking device is prohibited, except where the electronic smoking device is a new FDA ~~approved~~ authorized tobacco product."

C. "The sale, offer for sale, exchange, or offer to exchange of any electronic smoking device fluid is prohibited, except where the electronic smoking device fluid is a~~n~~ new FDA ~~approved~~ authorized tobacco product that is not otherwise prohibited by this chapter as a flavored tobacco product."

G. Subsection B of Section 11.08.070 *Hangars* is hereby amended to read as follows to align with the City's payment processing technology policy, as updated from time to time:

"Hangar rent payments will only be accepted from the tenant whose name appears on the hangar lease agreement and shall be made by cash, check, cashier's check, ~~or~~ money order, credit card, digital wallet, or other form of payment deemed acceptable by the Administrative Services Director."

H. Section 15.14.160 *CRC Section R403.1.3 amended – Footing and steam wall reinforcing in Seismic Design Categories D0, D1, D2* is amended to read as follows to correct typographical errors:

"R403.1.3 Seismic Reinforcing. Concrete footings located in Seismic Design Categories D0, ~~0~~D1 and ~~0~~D2, as established in Table R301.2, shall have minimum reinforcement of at least two continuous longitudinal reinforcing bars not smaller than No. 4 bars. Bottom reinforcement shall be located a minimum of 3 inches (76 mm) clear from the bottom of the footing.

In Seismic Design Categories D0, D1 and D2 where a grouted masonry stem wall is supported on a concrete footing and stem wall, a minimum of one No. 4 bar shall be installed at not more than 4 feet (1219 mm) on center.

The vertical bar shall extend to 3 inches (76 mm) clear of the bottom of the footing and have a standard hook.

In Seismic Design Categories D0, D1 and D2 masonry stem walls without solid grout and vertical reinforcing are not permitted."

Section 5. *Environmental.* The passage of this ordinance is not a project according to the definition in the California Environmental Quality Act and, therefore, is not subject to the provisions requiring environmental review.

Section 6. *Severability*. If any part of this ordinance is declared invalid by a court, such invalidity shall not affect any of the remaining parts.

Section 7. *Publication.* This ordinance shall be published once in a newspaper of general circulation of the city of Livermore within fifteen days after its adoption.

Section 8. *Effective date*. This Ordinance shall take effect 30 days after its adoption.

The foregoing ordinance was introduced at the meeting of the City Council of the City of Livermore held on July 13, 2026, by the following vote:

CITY COUNCIL STAFF REPORT **ITEM NO. 6.3**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Brent Smith, Community Development Director

SUBJECT: Resolution authorizing reappropriations totaling $1,700,000 to the Sidewalk Repair Project SM202502 from various roadway funds and authorizing execution of a second amendment to the agreement with Precision Emprise, LLC, dba Precision Concrete Cutting, for on-call concrete cutting services, increasing the not-to-exceed contract amount from $1,000,000 to $4,000,000 and extending the term of the agreement to December 30, 2030.

RECOMMENDED ACTION

Staff recommends the City Council adopt a resolution:

1. Authorizing the following reappropriations totaling $1,700,000 to the Sidewalk Repair Project SM202502:
    a. $500,000 of State Gas Tax Fund 560 from Bluebell Drive Bridge Repair at Altamont Creek Project SM201721;
    b. $450,000 of County Measure BB - Local Streets & Roads Fund 552 from Bluebell Drive Bridge Repair at Altamont Creek Project SM201721;
    c. $750,000 of County Measure F - Vehicle Registration Fee Fund 553 from Downtown Sidewalk and Miscellaneous ADA Improvements Project DR201959; and
2. Authorizing the City Manager to execute the second amendment to the agreement with Precision Emprise, LLC, dba Precision Concrete Cutting (Precision), for on-call concrete cutting services, increasing the not-to-exceed contract amount from $1,000,000 to $4,000,000 and extending the term of the agreement to December 30, 2030.

SUMMARY

The City of Livermore (City) has identified approximately 16,000 sidewalk deflections located adjacent to approximately 11,000 properties throughout the public sidewalk network through recent sidewalk condition assessments completed as part of the City's Asset Management Program. Staff evaluated several methods to address these deficiencies and determined that sidewalk slicing is the most cost-effective approach for correcting approximately 15,000 sidewalk deflections, while approximately 1,000 locations will require full sidewalk repair or replacement because they are not suitable candidates for concrete slicing. The total cost to complete the slicing work is $2,500,000. Slicing these deflections will

improve pedestrian safety, connectivity and ADA accessibility while significantly reducing the need for full sidewalk replacement. The concrete slicing work will correct over 90% of Livermore's sidewalk hazards and significantly reduce costly trip-and-fall liability exposure.

Staff recommends reappropriating a total $1,700,000 of various roadway funds to the Sidewalk Repair Project SM202502. Together with the existing $800,000 budget for this project, this will provide the required $2,500,000 to complete the citywide concrete slicing. The work is planned to start in the summer of 2026 and is expected to be completed by spring of 2027, as shown in the attached Project Schedule (Attachment 1). This work is intended to address the current backlog of identified sidewalk deficiencies with offsets less than 2-inches and is not intended to establish an ongoing maintenance program or modify the maintenance responsibilities of adjacent property owners established by applicable law and the Livermore Municipal Code.

Staff also recommends approving a second amendment to the existing agreement with Precision Emprise, LLC, dba Precision Concrete Cutting (Precision), increasing the contract amount from $1,000,000 to $4,000,000 and extending the agreement term through December 30, 2030, to complete the proposed work. Since execution of the original agreement in 2023, Precision has successfully corrected approximately 8,329 sidewalk deflections throughout the City at a cost of approximately $986,486. Based on the contractor's demonstrated performance, staff recommends continuing to utilize the existing agreement to implement a one-time citywide sidewalk deflection mitigation project.

DISCUSSION

On March 1, 2023, the City entered into an agreement with Precision to provide on-call concrete cutting services. On June 24, 2024, the City Council approved a first amendment increasing the contract amount from $500,000 to $1,000,000 and extending the agreement term to December 30, 2027. Since execution of the agreement, Precision has successfully completed 8,329 repairs throughout Livermore at a cost of $986,486, demonstrating the ability to efficiently perform large-scale sidewalk deflection remediation.

Sidewalk slicing is a proprietary repair method performed by a limited number of qualified contractors using specialized equipment to cut raised sidewalk edges and create smoother transitions between panels. Compared to full sidewalk replacement, slicing can correct sidewalk deflections more efficiently, with less disruption to pedestrians and adjacent properties.

As part of the City's Asset Management Program, staff reviewed approximately 16,000 sidewalk deflection locations identified through recent sidewalk condition assessments. The identified sidewalk deflections create barriers to pedestrian travel and accessibility throughout the community. Vertical sidewalk displacements can impede mobility for pedestrians, seniors, persons with disabilities, and individuals using mobility devices. Staff evaluated multiple approaches for addressing these deflections, including traditional enforcement, full sidewalk replacement, and sidewalk slicing. Based on this evaluation, staff determined that sidewalk slicing can address approximately 15,000 locations, representing more than 90 percent of identified sidewalk deflections, at a significantly lower cost than full sidewalk replacement.

In addition to providing a cost-effective repair method, implementing the proposed sidewalk slicing work as a coordinated citywide capital improvement project provides significant operational efficiencies compared to the City's traditional sidewalk repair process. Under the existing process, staff must identify sidewalk deflections, notify adjacent property owners, administer encroachment permits, review permit

applications, coordinate inspections, conduct follow-up with non-responsive property owners, and perform compliance and enforcement activities. Based on the City's recent pilot program, this process requires approximately 30 minutes of staff time per property, excluding lien processing and other administrative activities.

Based on the current inventory, implementing sidewalk repairs through the traditional property-owner process would require coordinating repairs for approximately 15,000 sidewalk deflections located adjacent to approximately 11,000 properties is estimated to require approximately 10,000 staff hours and more than 17 years to complete.

Completing the work through one coordinated project accelerates accessibility improvements throughout the City and reduces the City's exposure to future trip-and-fall claims associated with known sidewalk deflections. Over the past ten years, the City has incurred approximately $1.25 million in sidewalk-related settlements. Reducing the existing inventory of sidewalk deflections is expected to improve pedestrian safety while reducing long-term liability exposure.

Following completion of the one-time sidewalk slicing project, approximately 1,000 sidewalk deflections will remain that require full repair or replacement because they are not suitable candidates for concrete slicing. At that point, staff will be able to focus available resources on this substantially smaller inventory using the City's existing sidewalk maintenance and enforcement procedures. The proposed project will eliminate the backlog of sliceable sidewalk deflections while preserving the City's existing maintenance responsibilities under the Livermore Municipal Code.

The proposed sidewalk slicing project is intended as a one-time sidewalk deflection mitigation and accessibility improvement initiative. Nothing in the proposed project is intended to alter the maintenance responsibilities of adjacent property owners established by applicable law or the Livermore Municipal Code. The City retains the authority to require repair or replacement of sidewalk facilities.

Completing the slicing work as a City project also eliminates the immediate financial burden of correcting sliceable sidewalk deflections for adjacent property owners while allowing the City to address the existing backlog before implementing the proposed sidewalk ordinance.

Because slicing will be performed within public right-of-way areas, staff has determined that separate right-of-entry agreements from adjacent property owners are not required.

To implement the proposed Sidewalk Slicing Repair Project, staff recommends increasing Precision's agreement by $3,000,000 and extending the agreement term through December 30, 2030. The increased contract authority reflects the estimated cost to address the City's remaining inventory of approximately 15,000 sidewalk deflections with less than a 2-inch vertical offset using the contractor's established unit pricing under the existing competitively procured agreement. Extending the agreement term and increasing the contract amount at this time allows the City to continue utilizing the contractor's existing pricing and avoids the need for future procurements or additional contract amendments should additional work be identified and authorized during the contract term. Increasing the contract amount does not obligate the City to expend the full contract amount; expenditures will occur only as authorized through available appropriations.

The original agreement with Precision was procured through The Interlocal Purchasing System (TIPS) cooperative purchasing program, TIPS RCSP 200602. TIPS is a government purchasing cooperative

that provides competitively procured contracts for educational institutions and local government agencies. Prior to execution of the original agreement, City staff reviewed the TIPS procurement process and determined it to be consistent with the City's Purchasing Policy and Procedures. As a TIPS member, the City may utilize the TIPS solicitation documents as its own legal procurement.

Livermore Municipal Code Section 2.68.370 authorizes the use of cooperative purchasing agreements when the underlying procurement process utilizes quotation or bid procedures at least as restrictive as the City's requirements. Staff previously determined that the TIPS procurement satisfies these requirements. Continued use of the existing agreement allows the City to expand an already successful program while maintaining established unit pricing and avoiding unnecessary delays associated with a new procurement. Sidewalk slicing is performed by a limited number of qualified contractors using proprietary equipment and methods. Staff determined that continuing to utilize the existing competitively procured agreement provides the most efficient method of implementing the proposed project while maintaining established unit pricing and contractor familiarity with the City's sidewalk inventory.

Staff also reviewed procurement practices utilized by other public agencies for similar sidewalk slicing services. Public agencies throughout California utilize both competitively procured cooperative purchasing agreements and independently procured solicitations to obtain these specialized services. For example, the Cities of Alameda and Richmond recently utilized cooperative purchasing agreements through the Keystone Purchasing Network (KPN) for sidewalk cutting services exceeding $2 million. Similarly, the City and County of San Francisco has utilized both a TIPS cooperative purchasing agreement for sidewalk assessment services and an independently competitively procured agreement with Precision for sidewalk slicing services. The County of San Francisco competitively procured its own agreement with Precision to provide sidewalk slicing services through its StreetTreeSF program rather than utilizing a cooperative purchasing agreement. These examples demonstrate that agencies employ a variety of competitive procurement methods consistent with their respective purchasing policies to obtain this specialized work. Similar to Livermore, San Francisco determined that sidewalk slicing performed by Precision provides a cost-effective method for correcting sidewalk deflections while minimizing disruption to the public. Public agencies utilize both independently procured and competitively procured cooperative purchasing agreements to obtain these specialized services depending on their procurement policies and operational needs.

The proposed project is intended as a one-time capital improvement initiative to reduce the City's existing backlog of sidewalk deflections identified through the Asset Management Program. Nothing in the proposed project is intended to establish an ongoing maintenance program, commit the City to future appropriations for sidewalk slicing, or modify the maintenance responsibilities of adjacent property owners established by applicable law or the Livermore Municipal Code. Any future sidewalk slicing work beyond completion of this project will require separate City Council authorization through the Capital Improvement Plan and annual budget process.

FISCAL AND ADMINISTRATIVE IMPACTS

Staff recommends authorizing the following reappropriations totaling $1,700,000 to the Sidewalk Repair Project SM202502:

1. $500,000 of State Gas Tax Fund 560 from Bluebell Drive Bridge Repair at Altamont Creek Project SM201721;
2. $450,000 of County Measure BB - Local Streets & Roads Fund 552 from Bluebell Drive Bridge Repair at Altamont Creek Project SM201721; and

3. $750,000 of County Measure F - Vehicle Registration Fee Fund 553 from Downtown Sidewalk and Miscellaneous ADA Improvements Project DR201959.

Sidewalk Repair Project SM202502 currently has a budget of $800,000 in the 2025-30 Capital Improvement Plan. The funding source is Gas Tax Fund 560. Together, the reappropriations of $1,700,000 and the existing budget of $800,000 will provide the required $2,500,000 to complete the citywide concrete slicing.

The reappropriations are from two projects that are still in the design phase: Bluebell Drive Bridge Repair at Altamont Creek Project SM201721 and Downtown Sidewalk and Miscellaneous ADA Improvements Project DR202959. Work is not anticipated to start on these projects until 2028. Funds will be appropriated to these projects in the 2027-2032 Capital Improvement Plan. Reappropriating these funds will better align expenditures with funding in the Capital Improvement Plan.

The proposed Second Amendment will increase the not-to-exceed amount of the Precision agreement from $1,000,000 to $4,000,000 and extend the agreement term through December 30, 2030. Funding for services performed under the agreement will be provided from the Sidewalk Repair Project SM202502 and other Council-approved sidewalk-related capital improvement projects, as authorized by the City Council.

Although the proposed amendment increases the contract authority by $3,000,000, staff is requesting appropriations of $2,500,000, which is estimated to be sufficient to complete the currently anticipated sidewalk slicing work. The additional contract authority provides flexibility should future City Council appropriations be authorized and allows the City to continue utilizing the contractor's existing competitively procured unit pricing without requiring another contract amendment or procurement.

The Project is not anticipated to result in additional ongoing operation and maintenance costs. Adjacent property owners will continue to be responsible for sidewalk maintenance and repair in accordance with applicable law and the Livermore Municipal Code.

ATTACHMENT 1

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION AUTHORIZING REAPPROPRIATIONS IN THE TOTAL AMOUNT OF $1,700,000 TO THE SIDEWALK REPAIR PROJECT SM202502 FROM VARIOUS ROADWAY FUNDS AND AUTHORIZING EXECUTION OF A SECOND AMENDMENT TO THE AGREEMENT WITH PRECISION EMPRISE, LLC, DBA PRECISION CONCRETE CUTTING, FOR ON-CALL CONCRETE CUTTING SERVICES, INCREASING THE NOT-TO-EXCEED AMOUNT FROM $1,000,000 TO $4,000,000 AND EXTENDING THE TERM OF THE AGREEMENT TO DECEMBER 30, 2030

The City of Livermore (City) has identified approximately 16,000 sidewalk deflections throughout the public sidewalk network through recent sidewalk condition assessments completed as part of the City's Asset Management Program.

Staff evaluated several methods to address these deficiencies and determined that sidewalk slicing is the most cost-effective approach for correcting approximately 15,000 of the sidewalk deflections with less than a 2-inch vertical offset. The total cost to complete the slicing work is $2,500,000. Slicing these deflections will improve pedestrian safety, connectivity and ADA accessibility while significantly reducing the need for full sidewalk replacement. The concrete slicing work will correct over 90% of Livermore's sidewalk hazards and significantly reduce costly trip-and-fall liability exposure.

An original agreement between the City and Precision Emprise, LLC, dba Precision Concrete Cutting was procured through The Interlocal Purchasing System (TIPS) cooperative purchasing program, TIPS RCSP 200602. TIPS is a government purchasing cooperative that provides competitively procured contracts for educational institutions and local government agencies. Prior to execution of the original agreement, City staff reviewed the TIPS procurement process and determined it to be consistent with the City's Purchasing Policy and Procedures. As a TIPS member, the City may utilize the TIPS solicitation documents as its own legal procurement.

Livermore Municipal Code section 2.68.370 authorizes the use of cooperative purchasing agreements when the underlying procurement process utilizes quotation or bid procedures at least as restrictive as the City's requirements. Staff previously determined that the TIPS procurement satisfies these requirements.

Continued use of the existing agreement allows the City to expand an already successful program while maintaining established unit pricing and avoiding unnecessary delays associated with a new procurement. Staff determined that continuing to utilize the existing competitively procured agreement provides the most efficient method of implementing the proposed project while maintaining established unit pricing and contractor familiarity with the City's sidewalk inventory.

Approval of a second amendment to the existing agreement with Precision Concrete Cutting, increasing the contract amount from $1,000,000 to $4,000,000 and extending the agreement term through December 30, 2030, is recommended to complete the proposed work. Since execution of the original agreement in 2023, Precision Emprise, LLC, dba Precision Concrete Cutting (Precision), has successfully corrected approximately 8,329 sidewalk deflections throughout the City at a cost of approximately $986,486. Based on the contractor's demonstrated work for the City, City staff recommends continuing to utilize the existing agreement to implement a one-time citywide sidewalk deflection mitigation program.

City staff recommends reappropriating a total amount of $1,700,000 of various roadway funds to the Sidewalk Repair Project SM202502. Together with the existing $800,000 budget for this project this will provide the required $2,500,000 to complete the citywide concrete slicing. The work is planned to start in the summer of 2026 and be completed by spring of 2027. This work is intended to address the current backlog of identified sidewalk deficiencies with offsets less than 2-inches and is not intended to establish an ongoing maintenance program or modify the maintenance responsibilities of adjacent property owners established by applicable law and the Livermore Municipal Code.

The City Council finds that the citywide concrete slicing is a one-time capital improvement initiative intended to reduce the City's existing inventory of identified sidewalk deflections. Nothing in this Resolution shall be construed to establish an ongoing sidewalk slicing program, obligate future City Council appropriations, or authorize future sidewalk slicing work beyond the funding approved herein.

Any future sidewalk slicing work shall be subject to separate City Council authorization through the Capital Improvement Program and annual budget process. Nothing in this Resolution modifies the maintenance responsibilities of adjacent property owners established by applicable law or the Livermore Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore, that it hereby:

1. Authorizes the following reappropriations in the total amount of $1,700,000 to the Sidewalk Repair Project SM202502:

    a. $500,000 of Gas Tax Fund 560 from Bluebell Drive Bridge Repair at Altamont Creek Project SM201721;

    b. $450,000 of County Measure BB – Local Streets & Roads Fund 552 from Bluebell Drive Bridge Repair at Altamont Creek Project SM201721;

    c. $750,000 of County Measure F – Vehicle Registration Fee Fund 553 from Downtown Sidewalk and Miscellaneous ADA Improvements Project DR201959.

2. Authorizes the City Manager to execute a Second Amendment to the agreement for services with Precision Emprise, LLC, dba Precision Concrete Cutting, attached hereto as Exhibit A, increasing the not-to-exceed amount from $1,000,000 to $4,000,000 and extending the term of the agreement to December 30, 2030.

3. Authorizes the City Manager to take whatever actions are necessary and appropriate to carry out the purpose and intent of this resolution.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

Exhibit A – Second Amendment to the Agreement with Precision Emprise, LLC, DBA Precision Concrete Cutting

SECOND AMENDMENT TO AGREEMENT FOR SERVICES

THIS SECOND AMENDMENT is made and entered into this ____ day of _____, 2026, by and between the City of Livermore ("City"), a municipal corporation, and Precision Emprise, LLC, dba Precision Concrete Cutting ("Contractor"), a California Limited Liability Company.

RECITALS

On March 1, 2023, City and Contractor entered into an agreement for Contractor to provide professional concrete cutting services to City ("Original Agreement"). Section 21 of the Original Agreement requires that any modifications to it must be in writing and signed by the parties.

On June 25, 2024, City and Contractor entered into a first amendment to provide additional professional concrete cutting services as specified in the Original Agreement, increase the Contractor's compensation by $500,000, and extend the term of the agreement by two years to December 30, 2027 ("First Amendment").

City and Contractor desire to amend the Original Agreement to increase the compensation by $3,000,000 and to extend the term of the Original Agreement. This is the Second amendment to the Original Agreement.

AGREEMENT

NOW, THEREFORE, City and Contractor hereby agree that the aforementioned recitals are true and correct and further agree as follows:

1. The Original Agreement is amended as follows:

   A. Section 3 of the Original Agreement is amended to read as follows:

      Description of Services. Consultant shall provide concrete cutting services as more particularly set forth in Exhibit A to the Original Agreement, Exhibit A-1 to the First Amendment, and Exhibit A-2 to the Second Amendment to the Agreement.

   B. Section 5(a) of the Original Agreement is amended to read as follows:

      The total compensation payable by City to Contractor for the Services SHALL NOT EXCEED the sum of $4,000,000 ("not-to-exceed amount").

      1. The compensation payable by the City to Consultant for the services required by Exhibit A to the Original Agreement SHALL NOT EXCEED $500,000 ("not-to-exceed amount").

2. The compensation payable by the City to Consultant for the services required by Exhibit A-1 to the First Amendment SHALL NOT EXCEED $500,000 ("not-to-exceed amount").

3. The compensation payable by the City to Consultant for the services required by Exhibit A-2 to the Second Amendment SHALL NOT EXCEED $3,000,000 ("not-to-exceed amount").

City shall compensate Contractor for the Services rendered at the hourly rates or task amounts set forth in Exhibit “A” to the Original Agreement, Exhibit A-1 to the First Amendment, and Exhibit A-2 to the Second Amendment up to the not-to-exceed amount. Except as provided in the body of this Agreement, the hourly rates or task amounts are intended to be Contractor’s only compensation for the Services and is inclusive of all costs of labor, licensing, permitting, travel expenses, overhead and administrative costs, and any-and-all other costs, expenses, and charges incurred by Contractor, its agents, and employees to provide the Services.).

C. Section 6 of the Original Agreement is amended to read as follows:

Term. The term of this Agreement commences on February 13, 2023, and terminates upon the completion of the Services or December 30, 2030, whichever occurs first.

2. These amendments are prospective and only apply to the Services rendered by Contractor after the execution of this Amendment. Unless otherwise stated herein, this Amendment does not relieve the parties of the terms and conditions of the Original Agreement as written and in effect at the time the Services were rendered.

3. Except as amended above, the Original Agreement remains in full force and effect.

In concurrence and witness whereof, and in recognition of the mutual consideration provided therefore, the parties have executed this Agreement effective on the date first written above.

Exhibit A-2 - Scope of Work
Exhibit B-2 - Compensation

EXHIBIT A-2

Scope of Services

Concrete Cutting

1. UNDERSTANDING

Existing concrete sidewalk, curb, gutter, driveways, ADA ramps, etc., throughout the City of Livermore encounter displacements due to lifts by tree roots or settlement caused by subgrade failures. The city is in need of concrete cutting services to remove tripping hazards at various locations throughout the city.

The work will be performed on a Task Order basis. The Engineer will provide a list of locations for each Task Order.

The term of the agreement commenced on February 13, 2023. The first amendment extended the terms of the agreement to December 30, 2027. The second amendment will extend the terms of the agreement to December 30, 2030.

2. SCOPE OF SERVICES

The scope of services shall include and not be limited to:

2.1 **Task 1 - Concrete Cutting -** Concrete cutting services shall include all labor, materials, parts and equipment necessary to provide concrete cutting services for lifts from 0.5" to 2". The quantity of Inch-Foot will be calculated by the average of the lift height of the edge to be saw cut, measured in inches, multiplied by the length along the same edge, measured in feet.

As part of Task 1, the Vendor shall provide the City with GIS-compatible data for all completed concrete cutting work. The data shall include, at a minimum, the location of each repaired sidewalk hazard, GPS coordinates, repair measurements, and photographs documenting the completed work.

The Vendor shall also provide GIS-compatible data identifying surveyed locations that could not be repaired through concrete cutting, including the reason the repair could not be completed (e.g., excessive displacement, damaged concrete, utility conflict, obstruction, or replacement recommended). GIS data and reporting required under this task shall be considered incidental to the concrete cutting work and included in the unit price for Task 1.

2.2 **Task 2 - Database Update (Optional Service)** - The Vendor shall provide additional database management, reporting, GIS updates, asset inventory updates, or other supplemental data services when requested by the Engineer. The Vendor shall update the information in a software of their choosing and be able to export the data to an Excel spreadsheet. The Vendor shall provide the City access to the data and include applicable photographs as requested by the Engineer.

2.3 **Task 3 - Condition Assessment/Inspection (Optional Service) –** The vendor shall provide condition assessment/inspection services as requested by the city. Assessment and data collection at the time of the repair is included in the repair cost. The cost for a separate trip to perform condition assessment is at additional cost.

2.4 **Task 4 – Notices to Private Property Owners and Reinspection (Optional Service)** – The vendor shall create and send out notices to private property owners requesting them to repair the sidewalks adjacent to their property. This includes creating a track list that shows dates of when the notices are sent out.

2.5 **Task 5 - Other Tasks as assigned by the Engineer (Allowance)**

3. GENERAL REQUIREMENTS

3.1 The Vendor shall identify the Project Manager who will function as the main point of contact. It is expected that the concrete cutting team proposed under this agreement will remain unchanged throughout the duration of the term of the Agreement, unless requested by the City. Replacement of key staff without consultation with the City will not be permitted.

3.2 The Vendor shall provide staff with relevant experience with concrete cutting jobs.

3.3 All individuals working on this job must be full-time employees of vendor's company and covered by the company with the necessary Worker's compensation insurance, as required by the Vendor's State License Board and the State of California.

4. License and Registration Requirements

4.1 License – Vendor shall possess a valid California contractor's license for the following classification(s): **Class C 61**

4.2 All vendors and sub vendors must be registered with the State of California Department of Industrial Relations (DIR). The registration form is located on the DIR's website at http://www.dir.ca.gov/Public-Works/PublicWorks.html.

4.3 Vendor shall obtain City of Livermore's business license.

4.4 Performance, Payment, and Warranty Bonds – The vendor will be required to provide performance and payment bonds each in the amount of 100% of the Contract Price and a Warranty Bond in the amount of 15% of the Contract Price.

4.5 Prevailing Wage Requirements - This concrete cutting service is subject to the prevailing wage requirements applicable to the locality in which the Work is to be performed for each craft, classification or type of worker needed to perform the Work, including employer payments for health and welfare, pension, vacation, apprenticeship and similar purposes. The agreement will be subject to compliance monitoring and enforcement by the California Department of Industrial Relations, under Labor Code, Section 1771.4. The prevailing rates are available online at http://www.dir.ca.gov/DLSR. Each Contractor and Subcontractor must pay no less than the specified rates to all workers employed to work on the Project. The schedule of per diem wages is based upon a working day of eight hours. The rate for holiday and overtime work must be at least time and one-half.

5. TASK ORDERS BASIS

5.1 The city does not guarantee any quantity of work and retains the right to use other vendors for the services. The city reserves the right to increase or decrease the quantity of work.

5.2 City will issue Task Orders and provide a list of locations with address. As each Task Order is completed, the city and the vendor will compile additional locations as needed for concrete cutting.

5.3 The Vendor shall complete work within the allowed budget in each Task Order.

5.4 The Vendor shall start work within 5 working days of the issuance of the Task Order and prosecute the work diligently within the number of allocated days in each Task Order.

5.5 A sample concrete cutting list of locations is included as part of this scope of services. The list will be modified by the city as needed to meet its needs and a new list will be issued with each Task Order. The city does not guarantee the number of locations and may increase or decrease the number of locations to meet available budget.

5.6 Vendor shall inspect all identified areas and complete pre-construction survey photos, measurements of the displacement (lifts or settlement), and photo of the repaired concrete cutting areas. The vendor shall identify and document locations that are not suitable for concrete cutting. The vendor shall update the information in the database at the completion of each Task Order.

5.7 Vendor shall create and send out notices via mail to all the private property owners whose sidewalk lift is in need of repair. They shall also create and update a track list that shows dates of when the notices are sent out (optional service).

6. HOURS OF WORK

6.1 Normal working hours are from 9:00 am to 3:00 pm Monday to Friday unless approved otherwise by the Engineer.

6.2 Concrete cutting work shall typically occur during normal working hours. Lane closures are not anticipated for the concrete cutting services. If necessary, the city will review request from the contractor for parking lane temporary closures to perform work.

6.3 All legal holidays are observed as nonworking hours.

6.4 Should the Vendor choose to work on a Saturday, Sunday, City Holidays or on a holiday recognized by the labor unions, the Vendor shall reimburse the City of Livermore the actual cost of engineering, inspection, testing, superintendent, and/or other overhead expenses which are directly chargeable to the contract. Should such work be undertaken at the request of the City, reimbursement will not be required.

7. PROSECUTION OF WORK

7.1 The Vendor will notify the public 3 working days prior to starting the concrete cutting work.

7.2 Vendor shall diligently prosecute work and only shall start work that can be completed that same day.

7.3 Vendor shall maintain the site safe at all times. The Vendor shall erect barricades, warning signs, and any other devices to prevent unauthorized access to work areas by the public.

7.4 Work shall be performed in an orderly manner with minimum disturbance and inconvenience to the public. The Vendor shall confine and limit its personnel to only

those areas required in performing the work.

7.5 All traffic control devices required must comply with CAMUTCD 2014, revision 6 requirements and latest amendments.

7.6 Vendor will be responsible for removal and proper disposal of all waste materials and surplus items prior to leaving the site each day.

7.7 Vendor shall obtain a no cost Encroachment Permit from the city. Prior to obtaining the encroachment permit, the vendor must submit the proposed traffic control plans. Work can only start after the Engineer approves the traffic control plans and issues the encroachment permit.

8. COORDINATION OF WORK AND PUBLIC SAFETY

8.1 If Vendor is approached by the public with questions, the Vendor shall turn off concrete cutting equipment and be courteous and polite when speaking with the public.

8.2 Vendor shall always allow for safe passage to all pedestrians within the construction zone area. If a sidewalk, driveway etc., is closed due to construction activity, the Vendor shall place Sidewalk Closed and one-way arrow signs on Type II barricades at the nearest intersection/ crosswalks.

8.3 Vendor shall always keep the work area safe and clean to protect the public. Repair equipment and all other items incidental to the work shall not be left or stored on the sidewalk or on private property while not in use.

8.4 If the Vendor damages any property adjacent to his work the Vendor shall be required to repair all damages to the property owner's expectations at no additional costs to the City.

9. INVOICES

9.1 All monthly invoices shall include a summary of all addresses, a grid map listing the number of saw cuts completed. A separate report including inch feet unit cost, and total cost must be sent with the monthly invoice.

9.2 Vendor is required to provide weekly certified payrolls. One hard copy and one email copy must be sent to the city.

9.3 Monthly invoice will not be processed if the weekly certified payrolls are not submitted to the city.

9.4 Vendor must provide proof that all concrete and debris is disposed or recycled in a proper, environmentally safe manner. Construction demolition Recycling Report within 14 days of project completion and include receipts and/or weight tags at no additional costs to the city.

9.5 The Vendor shall only invoice for work completed in place.

10. AMERICANS WITH DISABILITIES ACT

10.1 Vendor must guarantee specified repair slope (1:10, 1:12 based upon requirements outlined by the Americans with Disabilities Act) is achieved. If defined slope is not achieved, vendor must repair to specification at no additional charge within 24 hours

of discovery.

11. BEST MANAGEMENT PRACTICES

11.1 Dust shall be collected using a high-powered vacuum dust control system, eliminating most of the dust from entering into the atmosphere. The system requires multiple heads for the high capacity vacuum, and a controlled filtration system that will eliminate dust from entering the atmosphere. The suction device shall be attached to the hand-held electrically powered cutting equipment to assure that all dust be collected before it's released into the atmosphere. No water- cooling is allowed, as it creates slurry and contaminates storm drains, possibly causing excessive environmental impact

11.2 Vendor shall implement Best Management Practices and implement Erosion and Sediment Control measures.

11.3 Vendor shall adhere to all clean water regulations and exercise best management practices.

12. SPECIFICATIONS

Services shall include all labor, materials, parts, equipment, etc., necessary to provide concrete cutting for lifts 0.5" to 2". Any existing locations with more than 2" of concrete thickness shall not be considered for concrete cutting.

12.1 CLEARING AND GRUBBING

12.1.1 Clearing and Grubbing shall conform to Section 16, "Clearing and Grubbing" of the Caltrans Standard Specifications and these Technical Specifications. Clearing and grubbing within the limits of work shall include: Specific non-native vegetation removal, select trimming of tree limbs as needed for equipment access, legal disposal of removed vegetation and debris off-site.

12.1.2 The Vendor shall protect all native trees and all other native vegetation not slated for demolition. All clearing and grubbing costs shall be included under the various unit price items.

12.2 CONCRETE CUTTING

12.2.1 All trip hazards between 0.5" inches and 2" inches in height will be cut eliminating any differential displacement (lifts or settlement) in the existing concrete surface to provide a smooth transition between concrete surfaces. The shaved areas shall be uniform, smooth, contain minimal grooving and be straight at the backline with little or no scarring of the adjacent concrete. The final finish concrete surface shall not be slippery to pedestrians.

12.2.2 The work shall be done with hand-held, electrically powered, equipment capable of cutting at any angle and able to remove the concrete completely to all edges of the trip hazard and around obstacles that may be encountered. The equipment must be capable of lying completely flush to the ground and capable of working at any angle, including absolute flush saw-cutting, and perform trip hazard removal in hard-to-reach areas, around obstacles, on narrow walkways, next to fences and retaining walls or buildings.

12.2.3 All repairs shall be taken to an absolute zero point of differential with the adjacent

opposing panel, and to both edges of the sidewalk panel to mitigate the trip hazard in its entirety over the full width of the sidewalk panel as needed. Some panels may not require the full width of the sidewalk panel to be mitigated where the trip hazard recedes to an already zero differential.

12.2.4 Vendor may not leave damaged concrete corners. Patching damaged concrete corners will not be allowed and Vendor will be responsible for replacing the entire concrete slab that has damaged or cracked corners at their costs. Vendor shall saw cut damaged concrete slab at the next nearest joint.

12.2.5 Existing concrete surface that is not listed for repair and other landscape features such as grass, plants, trees, rocks, walls, irrigation, etc., shall be protected. Any damage to existing elements will require the Vendor to repair or remove and replace the damaged elements.

12.2.6 Vendor is not allowed to saw-cut the concrete deeper than the opposing slab. Any scarring or damaging to the existing adjacent concrete slab which does not have a trip hazard on it or any damage to existing landscaping, walls, irrigation, driveways or otherwise, will require that the vendor to remove and replace the damaged opposing concrete slab matching it in kind and doing all necessary repairs at no additional costs to the City.

12.2.7 All concrete cutting, debris and concrete dust that remain on the sidewalk shall be completely cleaned from the surface as well as the surrounding area, i.e., landscaping, walls, etc. and be hauled off and dumped at an approved site. Vendor must provide proof that all concrete and debris is recycled in a proper, environmentally safe manner.

13. MEASUREMENT AND PAYMENT

Task 1 - Concrete Cutting - Concrete cutting services shall include all labor, materials, parts and equipment necessary to provide concrete cutting services for lifts 0.5” to 2”. The quantity of Inch-Foot will be calculated by the average of the lip height of uplifted edge saw cut multiplied by the length measured along the same edge. The Inch-Foot unit cost is for all work completed in place.

The unit price for Task 1 shall include the collection and delivery of GIS-compatible data for completed concrete cutting repairs, including GPS coordinates, repair measurements, photographs, and other supporting documentation. The unit price shall also include GIS-compatible data and documentation for surveyed locations that could not be repaired through concrete cutting, including the reason the repair could not be completed.

Task 2 - Database Update (Optional Service) - The unit cost to update the database shall not exceed from $11 per entry depending on the data that is entered. Task 2 shall only apply when additional database management, GIS updates, reporting, asset inventory updates, or other supplemental data services beyond those required under Task 1 are requested by the Engineer.

Task 3 - Condition Assessment/Inspection (Optional Service) – Assessment and data collection at the time of the repair is included in the concrete cutting cost. The cost for a separate trip to perform condition assessment shall not exceed $300 per sidewalk mile.

Task 4 – **Notices to Private Property Owners and Reinspection (Optional Service)** – The cost for sending out notices shall not exceed $70 per address.

Activity	Cost Per Address
Notice 1	$10
Notice 2	$10
Notice 3 (certified mail)	$15
Property Reinspection	$38
Total Notice Process Cost Per Address	$76

Task 5 - Other Tasks as assigned by the Engineer (Allowance) - $20,000

General items, such as mobilization, traffic control, site safety, compliance with environmental regulations (noise, dust, clean water, etc.,), demolition and disposal, recycling, required noticing to the public, permits, assessment and data collection, and all other incidental cost not specifically listed shall be included in the concrete cutting unit cost.

6607 San Leandro St, Oakland, CA 94621 / Phone: (650) 867-8657 / Fax (650) 240-3866

RATE SHEET FOR THE CITY of Livermore 2026

Uneven sidewalks caused by ground settling and tree roots cause a potential hazard to pedestrians. Displaced sidewalks cause problems for both public and private entities in the form of trip and fall liability exposure.

It is proposed that the City of LIVEMORE and PCC enter into an agreement whereby PCC will inspect sidewalks as identified by City staff. The price for these services shall not exceed the proposed dollar amount and quantity defined in the "Proposal Detail" section below.

.

BACKGROUND INFORMATION ON PRECISION CONCRETE CUTTING

PCC has been assessing and repairing sidewalks since 1990. The company performs work throughout the United States and with dozens of cities in California.

PCC is the leader in sidewalk asset management. We specialize in assessing sidewalk infrastructure and repairing uneven sidewalks. Our unique saw-cutting method for correcting off-set sidewalk panels leaves behind ADA compliant results for a fraction of the cost of new concrete. Our clients benefit from detailed GIS maps that allow them to create a GIS database to cost effectively manage their sidewalk infrastructure.

ASSESSMENT SERVICES

PCC technicians will walk every panel in the project area and visually assess potential tripping hazards and damage. PCC will provide a GIS compatible report that lists each location identified including a photo, exact location, off-set height and square foot amount for replacement locations.

PROPRIETARY MOBILE PHONE SOFTWARE

PCC has developed proprietary mobile software usable across multiple platforms (Android, iPhone, iPad, Smart Phone, etc.)

- Provides GPS Coordinates – Integrates with GIS systems
- Mapping – Provides detailed location data plotted with Google Maps
- Detailed Reporting – Provides specific and detailed data on measurements for every trip hazard
- Addresses – The software gives the address and longitude / latitude of each trip hazard location
- Additional Data - Records other data, e.g., spalling, cracks, replacements or other data you need
- Sidewalk Asset Management – PCC offers complete sidewalk asset management

PROPRIETARY AND PATENTED REPAIR METHOD

To Date, PCC has been awarded 8 patents by the US Patent and Trademark Office on our trip hazard removal equipment and process. The following is each patent description and number where they can be reviewed on the US Patent office web site – www.uspto.gov

Rate Details

Task	Tasks Description	Unit	Unit Price
1	Concrete Cutting (off-set repair)	Inch-Foot	$54.57
2	Database Update (Optional Service)	Each Entry	$11.00
3	Condition Assessment/Inspection (Optional Service)	Per Sidewalk Mile	$327.00
4	Notices to Private Property Owners and Reinspection (Optional Service)	Per Address	$76.00
5	Other Tasks Assigned by the Engineer (Allowance)	--	$20,000.00

- ✓ *Pricing Per: The Interlocal Purchasing System (TIPS) vendor agreement, TIPS RCSP 200602*
- ✓ *Rates above reflect CA prevailing wage as identified by the DIR.*

Locations – to be identified by the City of Livermore.

Schedule- Start with 15 days of NTP

Scope of Work - Uneven sidewalk inspection and repair using PCC's shaving technology.

LIMITATIONS

PCC removes only those trip hazards specifically requested or approved by customers, and therefore makes no guarantee or representation that areas are free of trip hazards after the work is completed. In addition, PCC only performs certain trip hazard repairs. Among other things, PCC does not remove and replace sidewalk slabs (R&Rs) and does not repair certain ATTNs (e.g. utility boxes). Furthermore, to preserve clients' budget, PCC typically does not perform any repair at and around any sidewalk slabs that require to be replaced. It is our customers' responsibility to provide proper access and PCC assumes no liability for trip hazards that cannot be repaired due to parked vehicles or other obstacles preventing safe and practical access. In such cases, PCC returns once to attempt completion of repairs that could not be completed the first time. Additionally, it is recognized that after completion of the work, the concrete trip hazards may and frequently do continue to move naturally over time due to roots, water, freezing, pipes, and other natural or man-made causes. PCC is not responsible for movement or changes in the sidewalk and is not liable for any related claims, losses, damages or liabilities thereto pertaining to it.

Precision Concrete Cutting is committed to providing the highest quality service to our customers. Should you have any questions or comments, please do not hesitate to contact us.

LIVERMORE
CALIFORNIA

CITY COUNCIL STAFF REPORT **ITEM NO. 6.4**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Brent Smith, Community Development Director

SUBJECT: Resolution authorizing execution of an Easement Purchase Agreement with Adventus, acceptance of an Emergency Vehicle Access Easement from LD-Fund III Livermore Land, LLC, approval of related development agreement amendments, and related escrow transactions associated with the Springtown Trunkline Replacement Project WW201414 and Las Colinas Trail Project TB201945.

RECOMMENDED ACTION

Staff recommends City Council adopt a resolution:

1. Authorizing the City Manager to execute the Easement Purchase Agreement with Adventus and related escrow, right-of-entry, and easement documents for acquisition of sanitary sewer and trail easements necessary for the Springtown Trunkline Replacement Project WW201414 and Las Colinas Trail Project TB201945;
2. Accepting the Emergency Vehicle Access Easement from LD-Fund III Livermore Land, LLC;
3. Authorizing the City Manager, or her designee, to execute a First Amendment to the Low Income For-Sale Housing Agreement with LD-Fund III Livermore Land, LLC;
4. Authorizing the City Manager to execute and complete all escrow documents and transactions necessary to close the property acquisition and implement the Easement Purchase Agreement; and
5. Authorizing the City Manager to take all actions necessary and appropriate to carry out the purpose and intent of the resolution.

SUMMARY

The Springtown Trunkline Replacement Project WW201414 and Las Colinas Trail Project TB201945 require the acquisition of easement rights across property owned by Adventus, a California non-profit public benefit corporation, and implementation of several related agreements with LD-Fund III Livermore Land, LLC ("Lassen"). These agreements resolve existing development obligations, secure property rights necessary for future public infrastructure improvements, and establish funding and mitigation measures needed to advance the projects.

The proposed actions include approval of an Easement Purchase Agreement with Adventus for

acquisition of a permanent sanitary sewer easement and permanent trail easements needed for construction of Project WW201414 and Project TB201945. The proposed actions also include a Right of Entry that will allow the City of Livermore (City) to access the property for construction, staging, and related activities associated with these projects.

As part of the overall transaction package, Lassen will grant the City an Emergency Vehicle Access Easement that will provide future emergency access between Lassen Road and the Adventus property. The City will also approve a First Amendment to the Low-Income For-Sale Housing Agreement. Related reimbursements, mitigation-credit transfers, and trail-funding transactions required under the existing Development Agreement will be processed administratively through escrow as part of the coordinated closing.

The proposed agreements implement obligations established through the Second Amendment to the Lassen Development Agreement. Under that amendment, the City assumed responsibility for acquiring the property rights needed for Project WW201414 and Project TB201945, while Lassen retained responsibility for funding certain project costs, environmental mitigation, and design work. The proposed actions before the Council implement those obligations through a coordinated set of agreements and related transactions.

Attachment 1 shows the properties and easements that are related to the proposed actions. An overview of the transaction components is summarized in the following table:

Transaction Overview

Component	**Party**	**City Receives**	**City Provides**	**Exhibit**
Easement Purchase Agreement	Adventus	Sewer easement and trail easements	$10,492 sewer easement payment	Exhibit A
Housing Agreement Amendment	Lassen	Extension of equivalent cash payment schedule	Amendment approval	Exhibit B
Right of Entry	Adventus	Right of Entry for construction work	Construction of Trail and Sewer	Exhibit C
EVAE	Lassen	Emergency vehicle access easement	Acceptance of easement	Exhibit D

Related mitigation-credit transfers, reimbursements, and trail-funding payments are components of the coordinated escrow closing required to implement existing obligations and are not presented as separate agreements or approval actions in this staff report.

Although each transaction addresses different aspects of the projects, they were negotiated as a coordinated package that resolves outstanding development obligations while securing the property rights, funding, reimbursements, and environmental mitigation necessary to advance the Springtown Trunkline Replacement Project and Las Colinas Trail Project.

DISCUSSION

Background

The Springtown Trunkline Replacement project (Project WW201414) and Las Colinas Trail project (Project TB201945) are long-planned public infrastructure improvements intended to improve sewer system reliability, provide regional trail connectivity, and support future public access improvements in the northern portion of the City. Advancement of these projects requires acquisition of property rights across land owned by Adventus and implementation of several related agreements with LD-Fund III Livermore Land, LLC ("Lassen").

The proposed actions before the City Council represent a coordinated transaction package that secures the property rights, funding commitments, mitigation requirements, and development agreement conditions necessary to facilitate future construction of the projects. The transactions implement obligations established through existing development approvals while providing public benefits including sewer infrastructure improvements, trail connectivity, emergency vehicle access, and environmental mitigation.

Staff has negotiated a proposed Easement Purchase Agreement with Adventus for acquisition of sewer and trail easements necessary to facilitate Project WW201414 and Project TB201945 identified as part of the City's long-range infrastructure planning efforts.

Lassen is required by the Second Amendment to the Development Agreement for the Lassen Townhome Project to pay the cost of Project TB201945, obtain permits for Project WW201414, and provide an EVAE through their property prior to approval of the Final Map. The proposed EVAE is necessary to support future circulation and emergency access needs associated with planned infrastructure improvements and the adjacent development.

Due to market conditions, Lassen has experienced delays with Final Map progress. However, Staff have coordinated with Lassen regarding the trail funding, mitigation-credit transfer, and EVAE required under the existing Development Agreement, together with the Housing Agreement amendment and reimbursement of eligible costs. The financial and mitigation transactions will be reconciled and completed through escrow as part of the coordinated closing.

The proposed agreements will fulfill obligations established by the Second Amendment to the Lassen Development Agreement (DA). Under that amendment, the City assumed responsibility for acquiring the property rights needed for Project WW201414 and Project TB201945, while Lassen retained responsibility for funding certain project costs, environmental mitigation, and design work. The proposed actions before the Council implement those obligations through a coordinated set of agreements and related transactions.

Adventus Easement Purchase Agreement

Staff has negotiated an Easement Purchase Agreement with Adventus, attached as Exhibit A, for acquisition of permanent sanitary sewer and trail easement rights across Adventus property located north of Interstate 580 and west of Lassen Road.

The agreement provides for acquisition of a sanitary sewer easement necessary for construction of Project WW201414. The sanitary sewer easement encompasses approximately 65,577 square feet and will accommodate an approximately 3,000-foot-long, 24-inch sewer trunkline replacement that will

improve long-term operation and maintenance of the City's wastewater collection system.

The agreement also provides for acquisition of permanent trail easements needed to construct future segments of Project TB201945. The trail easements consist of a main trail easement area of approximately 57,328 square feet and a spur trail easement area of approximately 41,881 square feet. These easements will provide the property rights necessary for future public trail improvements and regional trail connectivity.

The negotiated purchase price for the sanitary sewer easement is approximately $10,492, which was established based on an independent property appraisal to determine the fair market value of the easement area being acquired. The trail easements are being conveyed as part of the overall negotiated consideration associated with the transaction package and do not include a separate monetary purchase price.

There is also a separate Right of Entry Agreement with Adventus, attached as Exhibit C, that authorizes the City to enter the property for construction, staging, trenching, access, and related activities necessary to complete the sewer and trail improvements.

Emergency Vehicle Access Easement

As part of the coordinated transaction package, Lassen will grant the City an Emergency Vehicle Access Easement (EVAE) across property adjacent to Lassen Road.

The EVAE will provide future emergency access between Lassen Road and the Adventus property, including future access to the Adventus property. The easement area has been designed to accommodate emergency vehicle circulation and may be improved to applicable fire access standards in the future. The EVAE also supports long-term public safety objectives and provides an important connection between the future trail system and surrounding development. The EVAE is included in Exhibit A - Easement Purchase Agreement and labeled sub-exhibit G.

Affordable Housing Agreement Amendment

The proposed actions also include approval of amendments associated with existing agreements between the City and Lassen.

The First Amendment to the Low-Income For-Sale Housing Agreement, attached as Exhibit B, extends the period during which the equivalent cash payment calculation will remain fixed through October 2029. Beginning after that date, the amendment establishes a tiered schedule for calculating equivalent cash payments for future residential units, providing greater predictability regarding future affordable housing obligations while maintaining the overall intent of the original agreement.

One provision of the Second Amendment to the Lassen Development Agreement requires Lassen to grant an EVAE across its property before approval of the Final Map. The proposed amendment to the Housing Agreement will implement this requirement by allowing the EVAE to be granted before Lassen records its Final Map.

Mitigation Credit Transfer

As part of the coordinated escrow closing, the previously acquired mitigation credits will be transferred for use by the City through a termination and resale process involving Lassen and the conservation bank. This transfer implements existing project-permitting and Development Agreement obligations and is described here as part of the overall transaction; it is not presented as a separate Council approval action.

Project WW201414 and Project TB201945 require environmental mitigation pursuant to permits issued by the California Department of Fish and Wildlife and the United States Fish and Wildlife Service.

Lassen acquired 12.02 mitigation credits from the Vieira Ranch Conservation Bank to satisfy a portion of the environmental mitigation requirements associated with the projects. The transaction will transfer those mitigation credits for use by the City through a coordinated termination and resale process involving the conservation bank and Lassen.

The mitigation credits will satisfy environmental mitigation requirements associated with the projects and allow the City to fulfill obligations contained in applicable state and federal permits.

Sewer Design Reimbursement

To satisfy the terms to obtain permits for Project WW201414 required by the Second Amendment of the Lassen Development Agreement, Lassen completed the design and environmental permitting work required under the Development Agreement. The reimbursement compensates Lassen for eligible design and permitting costs that have been incurred.

Eligible sewer design and permitting costs previously incurred by Lassen will be reconciled and reimbursed through escrow in accordance with the existing Development Agreement and the coordinated transaction framework. Reimbursement of these costs is consistent with the negotiated transaction framework and recognizes work previously completed that supports advancement of the project.

Trail Funding and Capital Improvement Program Appropriation

Under the Second Amendment to the Development Agreement, Lassen is required to provide funding for the City’s future trail improvements. Approximately $2,139,954 in trail funding will be transferred and processed through escrow for use on the Las Colinas Trail Project, including construction and related project-delivery costs. This funding transaction implements an existing Development Agreement obligation and is not presented as a separate agreement for Council execution through this report.

Project Benefits

Approval of the proposed agreements and related actions will secure the property rights, environmental mitigation, emergency access, and funding commitments necessary to advance Project WW201414 and Project TB201945.

Collectively, the transactions improve the City's ability to deliver planned public infrastructure improvements, enhance sewer system reliability, support regional trail connectivity, provide future emergency access opportunities, and implement obligations established

through existing development approvals.

Following Council approval, staff will execute the Council-approved agreements, open escrow, coordinate recording of the easement documents, and complete the property acquisition. Related mitigation-credit transfers, reimbursements, and trail-funding payments required by existing agreements will be reconciled and processed administratively through the coordinated escrow closing.

FISCAL AND ADMINISTRATIVE IMPACTS

Funding for the Springtown Trunkline Replacement Project WW201414 is provided through the Wastewater Replacement Fund. The FY 2025-2030 Capital Improvement Plan includes a total project budget of $4.23 million for design, right-of-way acquisition, environmental permitting, mitigation, and construction of the relocated trunkline. As part of the proposed transaction, the City will acquire a sanitary sewer easement for approximately $10,492 and reimburse Lassen approximately $902,467 for eligible costs previously incurred in support of the project, including sewer design and mitigation credits.

Funding for the Las Colinas Trail Project TB201945 is provided through Park Fees. The adopted FY 2025-2030 Capital Improvement Plan includes $160,000 for City project coordination. The Development Agreement and amendments require the developer to pay for all costs associated with the design, permitting and construction of the trail in exchange for a $1.2 million Park Fee credit. The developer has already completed and paid for the design and permitting costs associated with the trail. As part of the proposed transaction, Lassen will provide approximately $2,139,954 in trail funding to the City to fund remaining costs associated with the City completing the trail construction. The trail funding will be received and processed through the coordinated escrow closing for use on Project TB201945 in accordance with the existing Development Agreement.

Pursuant to the Second Amendment to the Lassen Development Agreement, Lassen is entitled to receive a $1.2 million credit toward future City park development fees. The credit is not a cash reimbursement and will be applied administratively against applicable park development fees when they become due as future development proceeds, consistent with the terms of the Development Agreement.

Approval of the proposed resolution will authorize the easement acquisition, acceptance of the Emergency Vehicle Access Easement, execution of the Housing Agreement amendment, and completion of the coordinated escrow closing. The reimbursement of eligible project costs, mitigation-credit transfer, and receipt of trail funding will be processed through escrow pursuant to existing agreements and obligations. No General Fund resources are required to complete the proposed transaction.

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION AUTHORIZING EXECUTION OF AN EASEMENT PURCHASE AGREEMENT WITH ADVENTUS, ACCEPTANCE OF AN EMERGENCY VEHICLE ACCESS EASEMENT FROM LD-FUND III LIVERMORE LAND, LLC, APPROVAL OF AN AMENDMENT TO THE LOW-INCOME FOR-SALE HOUSING AGREEMENT, AND RELATED ESCROW TRANSACTIONS ASSOCIATED WITH THE SPRINGTOWN TRUNKLINE REPLACEMENT PROJECT WW201414 AND LAS COLINAS TRAIL PROJECT TB201945

WHEREAS, the City of Livermore ("City") has been coordinating with Adventus and LD-FUND III LIVERMORE LAND, LLC ("Lassen") regarding the acquisition of certain easement interests and related agreements necessary to facilitate future public sewer infrastructure improvements, emergency vehicle access, trail connectivity, and associated public improvements within the Las Colinas area of the City; and

WHEREAS, the proposed transactions include the acquisition of sewer and trail easements from Adventus, acceptance of an Emergency Vehicle Access Easement ("EVAE") from Lassen, and extension of the Lassen Affordable Housing Agreement; and

WHEREAS, the proposed easement acquisitions and related agreements will support future public infrastructure improvements, enhance emergency access and multimodal connectivity, implement existing development obligations, and further the City's long-range circulation and infrastructure planning efforts; and

WHEREAS, City staff recommends approval of the Easement Purchase Agreement, associated easements, and authorization for the City Manager to execute the agreements and take all actions necessary to complete the transactions; and

WHEREAS, the Second Amendment to the Development Agreement for the Lassen Townhome Project established obligations relating to construction of the Springtown Trunkline Replacement Project WW201414 and Las Colinas Trail Project TB201945, including acquisition of property rights, funding of trail improvements, environmental mitigation, and provision of an Emergency Vehicle Access Easement; and

WHEREAS, the City has negotiated an Easement Purchase Agreement with Adventus for acquisition of permanent sanitary sewer and trail easements necessary to facilitate construction of the Springtown Trunkline Replacement Project and Las Colinas Trail Project; and

WHEREAS, the proposed transaction also includes acceptance of an Emergency Vehicle Access Easement from LD-FUND III LIVERMORE LAND, LLC, approval of the First Amendment to the Low-Income For-Sale Housing Agreement, and related escrow

transactions necessary to implement obligations established by the Second Amendment to the Development Agreement; and

WHEREAS, the City Council finds that the agreements and coordinated escrow closing will implement obligations previously established under the Second Amendment to the Development Agreement for the Lassen Townhome Project, including obligations relating to property rights, project funding, environmental mitigation, emergency vehicle access, and advancement of the Springtown Trunkline Replacement Project WW201414 and Las Colinas Trail Project TB201945.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore, that it hereby:

1. Authorizes the City Manager to execute the Easement Purchase Agreement with Adventus, attached hereto as Exhibit A, and the Right of Entry, attached hereto as Exhibit C, and related escrow and easement documents for acquisition of sanitary sewer and trail easements necessary for the Springtown Trunkline Replacement Project WW201414 and Las Colinas Trail Project TB201945;

2. Accepts the Emergency Vehicle Access Easement, attached hereto as Resolution Exhibit D, granted by LD-FUND III Livermore Land, LLC, substantially in the form presented to the City Council, and authorizes the City Manager to accept and record the easement and any related documents necessary to complete the transaction;

3. Authorizes the City Manager, or her designee, to execute the First Amendment to the Low-Income For-Sale Housing Agreement with LD-FUND III Livermore Land, LLC, attached hereto as Exhibit B;

4. Authorizes the City Manager to execute and complete all escrow instructions, settlement statements, payment authorizations, escrow closing documents, legal descriptions, deeds, certificates, and other documents necessary to close the property acquisition and complete the coordinated escrow closing contemplated by the Easement Purchase Agreement and existing agreements, provided that any modifications do not materially increase the City's financial obligations or substantially alter the transaction approved by this Resolution; and

5. Authorizes the City Manager to take all additional actions necessary and appropriate to carry out the purpose and intent of this resolution.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

GRANTOR: ADVENTUS
PROJECT NAME: SPRINGTOWN TRUNKLINE REPLACEMENT PROJECT AND LAS COLINAS TRAIL PROJECT

APN: 902-0008-001

EASEMENT PURCHASE AGREEMENT

This Easement Purchase Agreement ("**Agreement**") is made and entered into as of _____, 2026 ("**Effective Date**") by and between ADVENTUS, a California non-profit public benefit corporation ("**Seller**" or "**Owner**"), and the City of Livermore, a California municipal corporation ("**Purchaser**" or "**City**"). Seller and City may be referred to herein individually as "**Party**" and collectively as the "**Parties**".

RECITALS

A. Seller owns that certain real property located in the unincorporated area, County of Alameda, State of California, and identified as Alameda County Assessor Parcel No. 902-0008-001, and which is more particularly described in **Exhibit A** attached hereto ("**Seller Property**"), which is planned for the development of a high school project (the "**School Project**") in accordance with the Development Agreement No. 05-004 ("**Development Agreement**").

B. In conjunction with implementation of the Springtown Trunkline Replacement Project and the Las Colinas Trail Project ("**Projects**") located in the City of Livermore, City desires to acquire: (1) a permanent sanitary sewer easement on, over, under, across, within, and through a portion of the Seller Property ("**Sanitary Sewer Easement**"), as more particularly described in **Exhibit B** and depicted in **Exhibit C** attached hereto ("**Sanitary Sewer Easement Area**"); and (2) a permanent trail easement on, over, under, across, within, and through a portion of the Seller Property ("**Trail Easement**"), as more particularly described in the Main Trail Easement **Exhibit D1-1 and Exhibit D2-1** and the Spur Trail Easement **Exhibit D1-2 and D2-2** attached hereto ("**Trail Easement Area**"). The Trail Easement and the Sanitary Sewer Easement are collectively referred to in this Agreement as the ("**Easements**") and the Sanitary Sewer Easement Area and Trail Easement Area are collectively referred to as the ("**Easement Area**").

C. Seller desires to sell and City desires to purchase the Easements upon the terms and conditions set forth in this Agreement.

D. The Parties acknowledge the entitlement of real property located at APN 902-0080-020-2 ("**Neighboring Property**") and agree the recorded final map for the Neighboring Property will include an emergency vehicle access easement across the Neighboring Property, for the benefit of the Seller Property. This easement is intended to provide future emergency vehicle access from the Neighboring Property to the Seller Property, as necessary.

AGREEMENT

NOW, THEREFORE, in consideration of the promises set forth herein and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

ARTICLE I
GRANT OF EASEMENTS

1.1 **Grant of Easements.** Upon the terms and conditions set forth in this Agreement, Seller shall sell and convey to City: (1) the Sanitary Sewer Easement on, over, under, across, within, and through the Easement Area by conveyance of a Deed of Sanitary Sewer Easement,

which shall be in the same form attached hereto as **Exhibit E**; and (b) the Trail Easement on, over, under, across, within, and through the Easement Area by conveyance of a Deed of Trail Easement, which shall be in the same form attached hereto as **Exhibit F**. The Deed of Sanitary Sewer Easement and the Deed of Trail Easement are hereinafter collectively referred to as the "**Deeds of Easement**". The Parties expressly acknowledge and agree the Easements (and all rights thereunder) being transferred from Seller to City pursuant to this Agreement constitute the conveyance of permanent, perpetual easements and nothing in this Agreement conveys fee title to City of any portion of the Seller Property.

(a) Terms of Sanitary Sewer Easement.

(i) Grant of Sanitary Sewer Easement. Provided Purchaser has performed all its obligations under this Agreement and Escrow (defined hereafter) has closed on the purchase and sale transaction contemplated herein, Seller grants to Purchaser and its successor the Sanitary Sewer Easement. The Sewer Improvements, identified as the "Springtown Trunkline Replacement Improvements" in the Development Agreement DA18-001, will consist of an approximate 3,000 linear feet and a 24-inch diameter subsurface sewer line, which will connect to existing sewer lines at I-580 and Redwood Road. Except as provided in this Section 1.1(a)(i) and Section 1.1(a)(v) of this Agreement, nothing in this Agreement shall obligate Seller to incur any costs with respect to the Sewer Easement or Sewer Improvements, including without limitation the construction, maintenance, or repair of the Sewer Improvements. Seller shall remain responsible for all costs incurred by Purchaser as a result of any negligent, grossly negligent, or willfully wrong acts or omissions by Seller, the Seller Parties (hereafter defined), or their invitees, licensees, or permittees that unreasonably interfere with Purchaser's use of, or that cause damage to, the Sewer Improvements, Sanitary Sewer Easement, or Sanitary Sewer Easement Area.

(ii) Rights and Obligations of Seller.

(1) Following completion of construction of the Sewer Improvements, Seller shall have the right to connect to and use the Sewer Improvements, provided Seller pays any and all sewer connection fees prior to the connection and use of the Sewer Improvements and complies will all applicable laws, rules, and regulations governing the connection to and use of the Sewer Improvements.

(iii) Insurance.

(1) Prior to commencement of construction and thereafter during the period of the construction of the Sewer Improvements, Purchaser shall at no cost to Seller ensure its contractor(s) keep in force builder's risk insurance during the course of construction to the extent such insurance is available on commercially reasonable terms consistent with similar public works projects in Alameda County, insuring Purchaser against all risks of physical loss and/or damage from any cause (exclusive of earthquake, and subject to usual policy exclusions) to all materials and improvements to be located on or forming a part of the Sanitary Sewer Easement Area. If such insurance is not available, Purchaser shall (a) promptly notify Seller; (b) use commercially reasonable efforts to obtain substantially equivalent coverage, and (c) self-insure or otherwise bear the risk of loss that would have been covered by such builder's risk insurance.

(2) During the period in which the Sanitary Sewer Easement is in effect, Purchaser shall carry general liability insurance which shall insure the use by Purchaser

of the Sanitary Sewer Easement Area insuring against bodily injury, death and property damage in a combined single limit in amounts not less than Two Million Dollars ($2,000,000.00) and will name Seller, the Roman Catholic Bishop of Oakland, the Roman Catholic Welfare Corporation of Oakland, and any other affiliates of the foregoing as additional insureds.

(3) Purchaser's policy of insurance will be on a commercially reasonable per occurrence form. Claims-made coverage is not acceptable. Purchaser's general liability policy will be primary as to any claims related to any permitted use of the Sanitary Sewer Easement Area and Sewer Improvements, by Purchaser or any contractor or permittee of Purchaser, and any insurance, deductible, or self-insured retention available to Seller and/or any additional insured will be excess and non-contributory with Seller's insurance. Purchaser's policy of insurance will include a waiver of subrogation in favor of named and additional insured on that policy. The insurance company will have an AM Best's rating of A-VIII or better. A 30-day notice of cancellation is required. Purchaser shall, upon written request from Seller, provide Seller with a certificate of insurance or other verification as evidence that the required insurance is in effect together with the required additional insured endorsement which will operate as primary and noncontributory coverage unless the loss is determined by a court to be caused by the Seller's negligence.

(4) The Parties may, from time to time during the term, modify the insurance policy limit by execution of a written instrument signed by both Parties.

(iv) Indemnification by Purchaser.

(1) Notwithstanding anything else in this Agreement, Purchaser hereby agrees to indemnify and hold harmless Seller and the Roman Catholic Bishop of Oakland, the Roman Catholic Welfare Corporation of Oakland, and their respective officers, members, managers, shareholders, directors, employees, agents, managers, consultants, contractors, subcontractors and representatives (collectively, the "**Seller Parties**" and individually, a "**Seller Party**") from and against any and all third-party actions, claims, demands, obligations, damages, costs, losses, expenses (including without limitation, reimbursement of Seller or Seller Parties' reasonable attorneys' fees) and liabilities (collectively, "**Seller Liability**") to the extent such Seller Liability arises out of or is incurred in connection with any entry upon, operation of, or use of the Sanitary Sewer Easement Area by Purchaser or its permittees, invitees, and licensees; provided, however, the foregoing indemnification will not apply to the extent it is determined the Seller Liability was caused by the gross negligence or willful misconduct of Seller or any Seller Party. These obligations shall survive the completion or termination of this Agreement.

(2) Purchaser hereby agrees to indemnify and hold harmless Seller and the Seller Parties from and against any and all Seller Liability to the extent such Seller Liability arises out of or is incurred in connection with the Existing Sanitary Sewer Line (hereafter defined), including without limitation any construction, demolition, alteration, maintenance, or lack of maintenance by Purchaser and/or Indemnified Parties (hereafter defined) of the Existing Sanitary Sewer Line (hereafter defined), but only to the extent such Seller Liability arises from acts or omissions related to the Existing Sanitary Sewer Line that occurred on or before the date the Purchaser vacates, quitclaims, or otherwise releases, or otherwise conveys by a legally cognizable instrument, all of its right, title, and interest in and to the property in which the Existing Sanitary Sewer Line is located; provided however the foregoing indemnification will not apply to the extent it is determined the Seller Liability was caused by the gross negligence or

willful misconduct of Seller or any Seller Party. These obligations shall survive the completion or termination of this Agreement.

(v) Indemnification by Seller.

(1) To the fullest extent permitted by law, Seller shall hold harmless, indemnify, and defend with counsel selected by or otherwise acceptable to Purchaser, Purchaser and its elected and appointed officials, officers, directors, employees, agents, contractors, subcontractors, and designated volunteers (collectively, "**Indemnified Parties**") from and against any and all third-party liability, loss, damage, claims, expenses, and costs (including without limitation, attorney's fees and costs and fees of litigation) (collectively "**Purchaser Liability**") of every nature arising out of or in connection with Seller's, the Seller Parties', or their permittees', invitees', or licensee's entry upon or use of the Sewer Improvements or the Sanitary Sewer Easement Area, including, without limitation, any lawful or unlawful use of the Sanitary Sewer Easement Area in the Seller's, Seller Parties', or their permittees', invitees', or licensees' capacity as owners of a servient tenement in the Sanitary Sewer Easement Area, except for such Purchaser Liability caused by the sole active negligence, gross negligence, or willful misconduct of the Purchaser and/or Indemnified Parties. These obligations shall survive the completion or termination of this Agreement. Seller must respond within 30 days to the tender of any claim for defense and indemnity by Purchaser.

(b) Terms of Trail Easement.

(i) Grant of Trail Easement. Provided Purchaser has performed all of its obligations under this Agreement, Seller receives an EVA Easement as described in Section 1.1(c) of this Agreement, and Escrow (hereafter defined) has closed on the purchase and sale transaction contemplated herein, Seller shall grant to Purchaser the Trail Easement over the Trail Easement Area. Except as provided in Section 1.1(b)(i), Section 1.1(b)(ii), and Section 1.1(b)(v) of this Agreement, the foregoing rights do not obligate Seller to incur any costs whatsoever with respect to the Trail Easement or trail improvements, including without limitation the construction, maintenance, or repair of the trail improvements, and all costs related to Purchaser's use of the Trail Easement and Trail Easement Area, including without limitation construction and operation of trail improvements thereto, shall be borne by the Purchaser. Seller shall remain responsible for all costs incurred by Purchaser as a result of any negligent, grossly negligent, or willfully wrong acts or omissions by Seller, the Seller Parties, or their invitees, licensees, or permittees that unreasonably interfere with Purchaser's, or its assignees', use of, or that cause damage, to the trail improvements, the Trail Easement, or the Trail Easement Area.

(ii) Relocation and Improvement of Trail Easement.

(1) Notwithstanding any provision to the contrary in this Agreement and the Deed of Trail Easement, the Seller reserves for the benefit of Seller and its successors and assigns the rights to (a) reconstruct or supplement the trail improvements within the 20-foot-wide Trail Easement Area to include improvements for the limited, unimpeded, and unhindered use of Emergency Vehicles (hereafter defined), for ingress and egress to and from the Seller Property.

(2) Nothing in this Agreement, including without limitation the covenants relating to the alignment of the Trail Easement and the Trail Easement, shall legally, technically, or otherwise interfere with, impede, hinder, eliminate, or obstruct ("**Restrict**") Seller's ability, now or in the future, to access the Seller Property by street, road, highway, or other

improvements accommodating vehicular ingress and egress and any ancillary facilities, including without limitation curbs, gutters, sidewalks, and shoulders ("**Street Access**"). Such Street Access contemplates direct, efficient, and economically feasible vehicular connections, as determined by Seller, between (i) existing and permanent or interim circulation networks located outside the Seller Property, including without limitation existing and planned public and/or private streets in the City of Livermore ("**City**") or County of Alameda ("**County**") and (ii) the frontage and interior of the Seller Property. For purposes of clarification, the foregoing rights will allow Seller to comply, in a configuration of its choosing, with all applicable regulations, including without limitation City and/or County laws, regulations, specifications, and design guidelines governing Street Access to the Seller Property for purposes of the School Project or any other project that may be developed on or within the Seller Property ("**Development**"). Purchaser shall enforce all applicable regulations through an applicable entitlement or permitting process including, but not limited to, subdivision of real property and/or site and development review. Nothing in this Agreement constitutes an approval of any future entitlement or Development proposal by Purchaser or any other regulatory agency.

(3) Notwithstanding anything else in this Agreement and the Trail Easement, if Seller determines in its sole discretion (a) the Trail Easement and/or trail improvements operate(s) to Restrict the foregoing Street Access; or (b) occupies area that is developable, then Seller may, subject to Purchaser approval of any required regulatory permits, relocate the Trail Easement and trail improvements to a new location as determined by Seller ("**Relocation**") that does not Restrict the Street Access and/or conflict with a proposed Development or the point of access for the trail easement into Neighboring Property and/or reconfigure the Trail Easement and trail improvements in a manner that does not Restrict the Street Access and/or conflict with proposed Development or the point of access for the trail easement into the Neighboring Property as determined by Seller ("**Reconfiguration**"). The Parties acknowledge none of the foregoing shall abridge, or is intended to abridge, Purchaser's regulatory authority to approve, conditionally approve, or deny applications for the construction and maintenance of any Relocation or Reconfiguration. Seller shall perform all commercially reasonable acts necessary to effect any Relocation and/or Reconfiguration, and all costs (including but not limited to, amending and rerecording the Trail Easement to accommodate a Relocation or Reconfiguration, design, grading, construction, remediation, and/or environmental compliance) associated with Relocation and/or Reconfiguration shall be borne by Seller. This covenant shall not affect the right of Seller to reimbursement of Relocation and/or Reconfiguration costs from any public agencies other than Purchaser under the Mitigation Fee Act or other applicable law. Notwithstanding anything else in this Agreement, the foregoing relocation provisions are material to this Agreement.

(iii) Insurance.

(1) Prior to commencement of construction and thereafter during the period of the construction of the trail improvements, Purchaser shall at no cost to Seller ensure its contractor(s) keep in force builder's risk insurance during the course of construction to the extent such insurance is available on commercially reasonable terms consistent with similar public works projects in Alameda County, insuring Purchaser against all risks of physical loss and/or damage from any cause (exclusive of earthquake, and subject to usual policy exclusions) to all materials and improvements to be located on or forming a part of the Trail Easement Area. If such insurance is not available, Purchaser shall (a) promptly notify Seller; (b) use commercially reasonable efforts to obtain substantially equivalent coverage, and (c) self-insure or otherwise bear the risk of loss that would have been covered by such builder's risk insurance.

(2) During the period in which the Trail Easement is in effect, Purchaser shall carry general liability insurance which shall insure the use by Purchaser of the Trail Easement Area insuring against bodily injury, death and property damage in a combined single limit in amounts not less than Two Million Dollars ($2,000,000.00) and will name Seller, the Roman Catholic Bishop of Oakland, the Roman Catholic Welfare Corporation of Oakland, and any other affiliates of the foregoing as additional insureds.

(3) Purchaser's policy of insurance will be on a commercially reasonable per occurrence form. Claims-made coverage is not acceptable. Purchaser's general liability policy will be primary as to any claims related to any permitted use of the Trail Easement Area and trail improvements, by Purchaser or any contractor or permittee of Purchaser, and any insurance, deductible, or self-insured retention available to Seller and/or any additional insured will be excess and non-contributory with Seller's insurance. Purchaser's policy of insurance will include a waiver of subrogation in favor of named and additional insured on that policy. The insurance company will have an AM Best's rating of A-VIII or better. A 30-day notice of cancellation is required. Purchaser shall, upon written request from Seller, provide Seller with a certificate of insurance or other verification as evidence that the required insurance is in effect together with the required additional insured endorsement which will operate as primary and noncontributory coverage unless the loss is determined by a court to be caused by the Seller's negligence.

(4) The Parties may, from time to time during the term, modify the insurance policy limit by execution of a written instrument signed by both Parties.

(iv) Indemnification by Purchaser. To the extent Seller is not protected by existing law, including without limitation Civil Code section 846 and Government Code section 831.4, Purchaser hereby agrees to indemnify and hold harmless Seller and Seller Parties from and against any and all Seller Liability to the extent such Seller Liability arises out of or is incurred in connection with any entry upon, operation of, or use of the Trail Easement Area by Purchaser, Indemnified Parties, or their permittees, invitees, and licensees, but only to the extent that Purchaser itself would be responsible for Seller under other applicable law, legal principles, rules, and regulations, including without limitation compliance with applicable provisions of the California Government Claims Act, and provided, however, the foregoing indemnification will not apply to the extent it is determined the Seller Liability was caused by the gross negligence or willful misconduct of Seller or any Seller Party. These obligations shall survive the completion or termination of this Agreement.

(v) Indemnification by Seller. To the fullest extent permitted by law, Seller shall hold harmless, indemnify, and defend with counsel selected by or otherwise acceptable to Purchaser, Purchaser and the Indemnified Parties from and against any and all Purchaser Liability arising out of or in connection with Seller's, the Seller Parties', or their permittees', invitees', or licensee's Relocation or Reconfiguration, or their entry upon or use of the trail improvements or the Trail Easement Area, including, without limitation, any lawful or unlawful use of the Trail Easement Area in the Seller's, Seller Parties', or their permittees', invitees', or licensees' capacity as owners of a servient tenement in the Trail Easement Area, except for such Purchaser Liability caused by the sole negligence, gross negligence, or willful misconduct of the Purchaser and/or Indemnified Parties. These obligations shall survive the completion or termination of this Agreement. Seller must respond within 30 days to the tender of any claim for defense and indemnity by Purchaser.

(c) EVA Trail Easement. Notwithstanding anything else in this Agreement, Seller will sell and convey the Trail Easement to Purchaser after the City Council, or another appropriate approval authority, approves the City's acquisition of: (1) an emergency vehicle access easement over the Neighboring Property (the "**EVA Easement**") for the benefit of the City and its successors, assigns, successors-in-interest, and Seller and any of its successors-in-interest to all or any portion of the Seller Property in a Deed of Easement Grant Deed, which shall be in the same form attached hereto as **Exhibit G**; and (2) an associated construction easement (the "**EVA Construction Easement**") for the benefit of Seller and Seller Parties. The EVA Easement in the form attached hereto as **Exhibit G** and EVA Construction Agreement can be either separate, standalone easements or combined into one, single EVA easement.

(i) The EVA Easement and EVA Construction Easement (or a single EVA easement consisting of both) shall have the following characteristics:

(1) The EVA Easement shall afford Seller all rights necessary or required by Purchaser or other applicable public agencies for the use of the EVA Easement Area (as defined below) for the following uses: (a) the limited, unimpeded and unhindered use of the EVA Easement Area by police, fire, and other emergency vehicles (the "**Emergency Vehicles**") for ingress and egress to and from the Seller Property over the EVA Easement Area to serve the Seller Property and any project that may be developed on or within the Seller Property (collectively the "**Restricted Uses**"); and (b) the construction, maintenance, and repair of any trail, road, or ancillary improvements necessary to exercise and have full enjoyment of the Restricted Uses (the "**Seller Access Improvements**"), including (a) widening the 10-ft wide multi-use trail proposed on the Tract 8454 Vesting Tentative Map to a 20-ft wide multi-trail that can be used as a "Fire Apparatus Access Road" consistent with Appendix D of the California Building Code (CBC) and Livermore Pleasanton Fire Department (LPFD) standards, and (b) providing an all-weather surface capable of supporting a fire truck similar to the Livermore Area Parks And Recreation District (LARPD) standard detail P-2 showing 3" Asphalt over 8" Class 3 Aggregate, or whatever LPFD requires consistent with the law.

(2) The "**EVA Easement Area**" shall consist of the area depicted in **Exhibit G** that includes a 14'-wide level trail connecting the Spur Trail Easement on the Seller Property to Lassen Road or a public road on the Neighboring Property that connects to Lassen Road.

(3) The EVA Easement Area shall contain, at Purchaser's cost or at the cost of a third party, aggregate base rock material constituting a 14'-wide graded trail (the "**Purchaser Access Improvements**"). The Purchaser Access Improvements shall be completed in accordance with the schedule set forth in that certain development agreement related to the Neighboring Property , entered into on January 14, 2021 between the City and LD-Fund III Livermore Land, LLC, for said improvements.

(ii) The EVA Construction Easement shall provide Seller and the Seller Parties an easement to construct the Seller Access Improvements subject to the following terms and conditions:

(1) The EVA Construction Easement shall include any and all rights over areas of the Neighboring Property that may be necessary for the Seller and Seller Parties to construct the Seller Access Improvements within the EVA Easement Area.

(2) The term of the EVA Construction Easement ("**EVA Construction Easement Term**") shall terminate upon completion of construction of the Seller Access Improvements.

(3) Seller shall give Purchaser thirty (30) days prior written notice of its intent to commence construction of the Seller Access Improvements.

(4) Seller shall construct and complete the construction of the Seller Access Improvements and obtain an engineer's certificate of completion of the Seller Access Improvements. Seller shall notify Purchaser within thirty (30) days of completion of construction of the Seller Access Improvements that said improvements are complete.

(5) Seller shall pay all costs for the design and construction of the Seller Access Improvements and shall not permit to be placed against the Neighboring Property, or any part thereof, any liens of whatsoever kind, including, without limitation, any design professionals', mechanics', materialmen's, contractors' or subcontractors' liens regarding the Seller and/or Seller Parties' actions within the EVA Easement Area. To the fullest extent permitted by law, Seller shall hold harmless, indemnify, and defend with counsel selected by or otherwise acceptable to Purchaser, the Purchaser and/or Indemnified Parties from and against any and all Purchaser Liability arising out of or in connection with the Seller and/or Seller Parties' design and construction of the Seller Access Improvements or use of the EVA Easement Area, or in connection with any such liens which might be filed against the Neighboring Property, except for such Purchaser Liability caused by the sole negligence, gross negligence, or willful misconduct of the Purchaser and/or Indemnified Parties. These obligations shall survive the completion or termination of this Agreement. Seller must respond within 30 days to the tender of any claim for defense and indemnity by Purchaser. Notwithstanding the above, the following indemnification limitations shall apply:

(a) Modification for Construction Contracts. To the extent this Agreement is a "construction contract" covered by California Civil Code section 2782, then Seller's duty to indemnify shall not apply in a manner prohibited by California Civil Code section 2782.

(b) Modification for Design Professional Services. To the extent this Agreement is for "design professional services" defined in California Civil Code section 2782.8, then Seller's duties to defend and indemnify shall only apply to the extent provided for in California Civil Code section 2782.8(a), unless section 2782.8(a) is not applicable for one of the reasons set forth in 2782.8(e).

(6) In exercising its right under the EVA Construction Easement, Seller shall comply and cause the Seller Parties to comply with all applicable federal, state and local laws, statutes, orders, ordinances, rules, regulations, plans, policies, permits, other authorizations, decrees, and approvals, and/or other requirements (collectively, "**Laws**"). Seller shall obtain all permits required by the Purchaser for construction of the Seller Access Improvements.

(7) During the construction of the Seller Access Improvements, the Seller and Seller Parties shall maintain the EVA Easement Area in a condition in accordance with customary construction practices and in compliance with all applicable Laws. At the end of the EVA Construction Easement Term, the Seller and Seller Parties, at Seller's cost, shall, except for the Seller Access Improvements, return the EVA Easement Area and any other areas of the Neighboring Property that Seller and/or Sellers Parties have disturbed in exercising

ingress, egress, and access rights under the EVA Construction Easement to their general condition prior to the Seller and/or Seller Parties' entry thereon.

(iii) Maintenance of EVA Easement Area. If any damage to any portion of the EVA Easement Area or Seller Access Improvements is the result of any act or omission of Purchaser, including, without limitation, any of its employees, agents or contractors, then Purchaser shall be responsible for the repair of any such damage and all costs required to repair such damage.

(iv) Non-Exclusivity. The rights granted to Seller hereunder with respect to the EVA Easement Area are non-exclusive; provided, however, Purchaser will not grant to any other person rights on, over, or across the EVA Easement Area which in any way prohibit or materially interfere with the use of the EVA Easement by Seller.

(v) Maintenance and Repair. Seller and/or Seller Parties shall not have the obligation to maintain the Purchaser Access Improvements and shall only have the obligation to repair the Purchaser Access Improvements to the extent damage to any portion of the Purchaser Access Improvements is the result of any act or omission of Seller, the Seller Parties, or their permittees, invitees, or licensees.

(vi) Indemnity by Seller. To the fullest extent permitted by law, Seller shall hold harmless, indemnify, and defend with counsel selected by or otherwise acceptable to Purchaser, the Purchaser and Indemnified Parties from and against any and all Purchaser Liability arising out of or in connection with Seller's, the Seller Parties', or their permittees', invitees', or licensee's use or maintenance of the Seller Access Improvements or use of the EVA Easement Area or Purchaser Access Improvements, except for such Purchaser Liability caused by the sole negligence, gross negligence, or willful misconduct of the Purchaser and/or Indemnified Parties and except that Seller shall not be responsible for Purchaser's legal fees and costs in any Purchaser actions against Seller unless Purchaser is a prevailing party in any litigation as determined by a final, unappealable judgment, in which case Seller shall reimburse Purchaser for reasonable legal fees and costs. These obligations shall survive the completion or termination of this Agreement. Seller must respond within 30 days to the tender of any claim for defense and indemnity by Purchaser.

(d) Survival. Purchaser and Seller expressly agree the provisions in this Agreement relating to the grant of the Sanitary Sewer Easement and the Trail Easement shall survive the Close of Escrow (as defined below).

1.2 **Deeds of Easement.**

(a) Prior to the Close of Escrow (as defined in Section 4.3(c) of this Agreement), Seller shall execute, acknowledge, and deliver into Escrow (as defined in Section 4.1 of this Agreement) the Deeds of Easement. The Deeds of Easement, which shall be in the same forms as those attached hereto as **Exhibit E, F, and G**, shall be recorded in the Official Records of the Alameda County. Purchaser and Seller agree to deposit with the Title Company (as defined in Section 4.1 of this Agreement) any additional instruments as may be necessary to complete this transaction.

(b) Purchaser has an existing sanitary sewer line across a portion of the Seller Property **("Existing Sanitary Sewer Line")**. Following the recordation of the Deed of Sanitary Sewer Easement, Purchaser shall take steps to decommission and abandon the Existing Sanitary

Sewer Line in place, including filling the Existing Sanitary Sewer Line with slurry and otherwise securing it so it remains in a safe condition, and, thereafter, Purchaser shall vacate, quitclaim, or otherwise release, or otherwise convey by a legally cognizable instrument, all of its right, title, and interest in and to the property in which the Existing Sanitary Sewer Line is located.

ARTICLE II
DESCRIPTION OF EASEMENT

2.1 **Easement Purposes**. "**Easement Purposes**" collectively means use of the Easement Areas as is necessary, desirable, or advisable for the following purposes:

(a) With respect to the Sanitary Sewer Easement, the right to enter upon the Sanitary Sewer Easement Area for the purposes constructing, reconstructing and maintaining Sewer Improvements for the benefit of the City and its beneficiaries, agents and assigns.

(b) With respect to the Trail Easement, the right to enter upon the Trail Easement Area for the purposes constructing, reconstructing and maintaining trail improvements and appurtenances, for the purposes of ingress to and egress, constructing, reconstructing and maintaining trail improvements and appurtenances for the benefit of the City and its beneficiaries, agents and assigns.

(c) The Sanitary Sewer Easement and Trail Easement are each described in detail in their respective legal descriptions and plats, as set forth in Exhibits A through F attached hereto and incorporated herein by reference.

2.2 **Character of Easement.** The easement rights shall be those as set forth in the Deeds of Easement

2.3 **Term.** The Easements will be easements in perpetuity for the benefit of City, its successors, and assigns.

ARTICLE III
PURCHASE PRICE

3.1 **Purchase Price**. The total purchase price of Ten Thousand Four Hundred Ninety-Two and 32/100 Dollars ($10,492.32) ("Purchase Price") shall be allocated between the Sanitary Sewer Easement and the Trail Easement as follows:

(a) Sanitary Sewer Easement: Ten Thousand Four Hundred Ninety-Two and 32/100 Dollars ($10,492.32)

(b) Trail Easement: Zero Dollars ($0.00)

3.2 **Consideration.** The Parties acknowledge and agree that Seller is, in accordance with the terms of this Agreement, receiving valuable consideration for the Trail Easement.

3.3 **Acknowledgment of Compensation**. In addition to the non-monetary consideration provided for in this Agreement, the Parties acknowledge and agree the Purchase Price is full monetary compensation for City's purchase, possession, and perpetual use of the Easements, including, but not limited to, damages related to the disruption of Seller's business or to the use or enjoyment of the Seller Property or benefits, severance, damage, pre-condemnation

damages, litigation costs and expenses, or any other claims of costs, interest or damages incurred. However, none of the Seller's legal fees associated with this transaction are included in the Purchase Price because legal fees are not reimbursable and are the financial liability of Seller.

3.4 **Payment of Purchase Price**. Purchaser shall pay the Purchase Price by depositing into Escrow, on or before the date for the Close of Escrow (hereafter defined), immediately available funds in the amount of the Purchase Price.

3.5 **Commencement of City's Rights**. City's right of possession and use of the Easement Areas and Easements, including the right to remove and dispose of improvements and install and connect utilities, shall commence upon the Close of Escrow (hereafter defined).

ARTICLE IV
ESCROW AND CLOSING

4.1 **Escrow.** Purchaser and Seller have opened or shall open escrow ("**Escrow**") in accordance with this Agreement at First American Title Company ("**Title Company**"). This Agreement, together with the escrow instructions prepared by Purchaser pursuant to Section 4.2 of this Agreement, constitutes the joint escrow instructions of Purchaser and Seller, and the Title Company to which these instructions are delivered is hereby empowered to act under this Agreement. The Parties agree to do all acts necessary to close Escrow in the shortest possible time.

4.2 **Escrow Instructions.** Seller authorizes Purchaser to prepare and file with the Title Company escrow instructions on behalf of both Parties, provided Purchaser shall provide a draft of such escrow instructions to Seller for review and approval prior to delivery to the Title Company. Seller's approval of the escrow instructions shall not be unreasonably withheld.

4.3 **Title Company Authorization.** The Title Company is authorized to, and shall:

(a) **Pay and Charge Purchaser.** Pay and charge Purchaser for any Escrow fees, recording fees, title insurance charges, and other costs and expenses of Escrow payable under Section 4.3(g) of this Agreement.

(b) **Disbursement.** When conditions of Escrow have been fulfilled by Purchaser and Seller, (i) disburse funds; (ii) record the Deeds of Easement and any additional instruments as may be necessary to complete this transaction; and (iii) deliver to the Purchaser and Seller conformed copies of the Deeds of Easement and any additional instruments as may be necessary to complete this transaction.

(c) **Close Escrow.** The terms "**Closing**" and "**Close of Escrow**", if and where written in this Agreement, shall be deemed to have occurred on the date the Deeds of Easement and other necessary instruments of conveyance are recorded in the Office of the Alameda County Recorder.

(d) **Time Limits.** All time limits within which any matter specified herein is to be performed may be extended only by the mutual written agreement of the Parties. Any amendment of, or supplement to, any instructions must be in writing.

(e) **Time of the Essence**. Time is of the essence in these instructions and Escrow is to close on or before December 31, 2026. If any of the closing conditions set forth in Section 4.4 below are not satisfied, subject to any applicable cure periods, then: (i) Purchaser may waive any conditions that have not been met; (ii) Purchaser may, in writing, terminate this Agreement and demand the return of its money or property; or (iii) if the delay is caused by the failure of a senior lienholder to subordinate its interest, Purchaser has the right to extend the closing a reasonable period of time to allow the senior lienholder time to process a subordination, which in no event shall exceed six (6) months from the Effective Date of this Agreement. Notwithstanding the above or anything else in this Agreement, the date of close of Escrow shall be tolled, and no conditions may be waived, until Purchaser has satisfied all provisions of Section 1.1(c) of this Agreement.

(f) **FIRPTA.** If applicable, Seller and Purchaser agree to execute and deliver, as directed by the Title Company, any instrument, affidavit, and statement, including, without limitation, a Non-Foreign Transferor Declaration, and to perform any act reasonably necessary to comply with the provisions of the Foreign Investment in Real Property Tax Act and any similar state act and regulation promulgated thereunder.

(g) **Escrow Fees, Charges, and Costs.** Purchaser agrees to pay all Purchaser's and Seller's usual fees, charges, and costs which arise in this Escrow, subject to the limitations in Article III of this Agreement. Purchaser shall also pay all recordation fees to record the Deeds of Easement and any associated documents. Each Party shall pay its own attorney's fees.

(h) **Transfer Taxes.** The Parties acknowledge and agree the conveyance of the Easements by Seller to Purchaser constitutes a grant of easements to a governmental entity and is therefore exempt from documentary transfer tax pursuant to California Revenue and Taxation Code Section 11922, and from any real property transfer tax imposed by the City of Livermore or County of Alameda. Accordingly, no such transfer taxes shall be due or payable in connection with this transaction. Purchaser agrees to execute, upon request of Seller, any transfer tax declarations, exemption certificates, or other instruments reasonably necessary to evidence and confirm the applicability of such exemption. Title Company shall, if applicable, prepare and file with all appropriate governmental or taxing authorities tax withholding forms, if any such forms are provided for or required by law.

4.4 **Conditions to Closing.** Purchaser's obligations under this Agreement are subject to the satisfaction of the following conditions as of the date of Closing:

(a) At or before Closing, Seller shall deliver through Escrow the executed, acknowledged, and recordable Deeds of Easement.

(b) At or before Closing, Seller shall deliver through Escrow a Non-Foreign Transferor Declaration, if applicable.

(c) At or before Closing, Seller shall deposit into Escrow such other documents as are reasonably required by the Title Company to close Escrow and consummate the purchase and sale of the Easements in accordance with the terms of this Agreement.

(d) Seller shall not be in default of any of its obligations under the terms of this Agreement, and Seller's representations and warranties, as set forth in Article V of this Agreement shall be true and correct in all material respects as of the date of Closing. In the event of any

default by Seller or a breach of any of Seller's representations and warranties under this Agreement, Seller shall have thirty (30) days after written notice thereof from Purchaser to cure such default, provided Closing shall be extended, if necessary, to permit such cure period.

ARTICLE V
REPRESENTATIONS, WARRANTIES, AND COVENANTS

5.1 **Warranties, Representations, and Covenants of Seller.** Seller hereby warrants, represents, and/or covenants to Purchaser that:

(a) **Leases and Right to Possession.** Seller represents and warrants there are no written or unwritten leases recorded or unrecorded affecting or relating to the use of the Easements or the Easement Areas, and no person or entity other than Seller has the right to possess the Seller Property, or any portion of it, as of the date of this Agreement.

(b) **Pending Claims and Litigation.** There are no actions, suits, claims, investigations, legal proceedings, or administrative proceedings pending or, to the best of Seller's knowledge, threatened with respect to the Seller Property or any portion thereof, at law, or in equity before any court or governmental agency. Seller is not subject to the terms of any decree, judgment, or other action of any court, administrative agency or arbitrator, which has or could result in a material adverse effect on the Seller Property, or any portion thereof, the Easement Areas, or any portion thereof, the Easements, or Seller's obligations hereunder.

(c) **Condition of Land.**

(i) Seller represents and warrants, during the period of Seller's ownership of the Seller Property, to the best of Seller's knowledge, there have been no disposals, releases, or threatened releases of hazardous substances or hazardous waste on, from, or under the Seller Property, or any portion thereof. Seller further represents and warrants Seller has no knowledge of any disposal, release, or threatened release of hazardous substances or hazardous waste, on, from, or under the Seller Property, or any portion thereof, which may have occurred prior to Seller taking title to the Seller Property. Seller further represents and warrants, to the best of Seller's knowledge, there are no substances, materials, or conditions on or within the Seller Property, or any portion thereof, that qualify as a hazardous material, and Seller has received no written notice alleging the conditions of the Seller Property, or any portion thereof, are in violation of any environmental law.

(ii) The Purchase Price of the Easements reflects the fair market value of the Easements without the presence of contamination. If the Easement Areas are found to be contaminated by the presence of hazardous waste or materials which requires mitigation under federal, state, or local laws or regulations, the Purchaser may elect to recover its clean-up costs from those who caused or contributed to the contamination.

(d) **Seller's Title.** Until the Close of Escrow, Seller shall not intentionally do anything which would impair Seller's ability to grant the Easements to Purchaser.

(e) **Integrity of Easement Area.** Except as otherwise provided herein or by express written permission granted by Purchaser, Seller shall not, after the date of execution of this Agreement or the Close of Escrow, alienate, lien, encumber or otherwise transfer the Easement Areas or any portion thereof or allow the same to occur, cause or allow any physical changes on the Easement Areas, or enter into any lease or contract with respect to the Easement

Areas or any portion thereof which would survive the Close of Escrow and materially impair Purchaser's use of the Easement Areas as contemplated under the Deeds of Easement. Seller shall maintain the Easement Areas in its current condition and shall make, at Seller's expense, all repairs necessary to maintain the Easement Areas in such condition prior to Close of Escrow.

(f) **Government Requirements.** Seller has not received any written notice of violation of any federal, state, city, or other governmental order or requirement issued by any governmental agency or authority or by any action of any court, against or affecting the Seller Property or any portion thereof which has not been fully complied with in all respects to the satisfaction of the governmental authority having jurisdiction.

(g) **Assessments.** Seller has not received any written notice of any existing or proposed special assessments or similar taxes, charges or assessments against the Seller Property.

(h) **No Conflict.** Neither the execution nor the delivery of this Agreement or the documents contemplated hereby, nor the performance of the obligations herein, nor the consummation of the conveyance of the Easements to the Purchaser, will conflict with or cause a breach of any of the provisions of any agreement, commitment, note, mortgage, lease, bond, evidence of indebtedness, license, permit, covenants, conditions and restrictions, or other instrument or obligation by which Seller is bound.

(i) **Seller's Authority.** Seller is the fee owner of the Seller Property, and all portions thereof. Seller and its signatories hereto represent and warrant the Seller has the full right, power, and authority to execute and perform its obligations under this Agreement and no other authorizations are required to implement this Agreement on behalf of Seller.

(j) **Bankruptcy.** Seller is not the subject of a bankruptcy proceeding, and permission of a bankruptcy court is not necessary for Seller to be able to transfer the Easements to Purchaser as provided herein.

(k) **Non-Foreign Transferor.** Seller is not a "foreign person" within the meaning of the Foreign Investment in Real Property Act or any similar state statute, and Seller will comply with all the requirements of the Foreign Investment in Real Property Act and any similar state statute in connection with this transaction, as applicable.

(l) **Change in Situation.** Until the Close of Escrow, Seller shall upon learning of any fact or condition which would cause any of the warranties and representations in this Article V not to be true, promptly give written notice of such fact or condition to Purchaser.

(m) **Survival.** Except with respect to Seller's covenants established in Section 5.1(d) above, Seller's representations, warranties, and covenants contained in this Article V shall survive the Close of Escrow and recordation of the Deeds of Easement for a period of six (6) months thereafter. For purposes of this Agreement, any reference to "Seller's knowledge" shall mean the actual knowledge of Attila Bardos, without any duty to investigate or inquire. There shall be no personal liability on the part of said individual arising out of any representations or warranties made herein.

ARTICLE VI
NOTICES

6.1 **Notices.** All notices or other communications required or permitted hereunder shall be in writing, and shall be personally delivered, sent by reputable overnight courier, or sent by registered or certified mail, postage prepaid, return receipt requested, and shall be considered given or delivered, as the case may be, upon the earlier of: (a) if personally delivered, the date of delivery to the address of the person or entity to receive such notice; (b) if mailed, three (3) business days after the date of posting by the United States post office; or (c) if tendered to Federal Express or other overnight courier for the next business day delivery, the next business day after the notice or communication is tendered to Federal Express or other overnight courier. Notice of change of address shall be given by written notice in the manner described in this Section. Rejection or other refusal to accept, or the inability to deliver, any notice or communications because of a change in address of which no notice was given shall be deemed delivered the date delivery was refused or the date the item was returned as undeliverable. Unless changed in accordance herewith, the addresses for notices given pursuant to this Agreement shall be as follows:

To Purchaser: City of Livermore
Attn: Christopher Ferrel, Associate Engineer
1052 South Livermore Avenue
Livermore, California 94550

To Seller: ADVENTUS
Attn: Attila Bardos, CFO
Diocese of Oakland
2121 Harrison Street, Suite 100
Oakland, CA 94612

ARTICLE VII
MISCELLANEOUS

7.1 **Broker's Commission.** Seller and Purchaser each warrant and represent it has not engaged the services of any agent, finder, or broker in connection with the transaction, which is the subject of this Agreement, and it is not liable for any real estate commissions, broker's fees, or finder's fees which may accrue by means of the sale of the Easements.

7.2 **Specific Performance and Other Remedies.** In the event of a breach of this Agreement by Seller, Purchaser shall be entitled to pursue any and all remedies available to it against Seller, including, without limitation, claims for all damages attributable to Seller's breach, and specific performance of this Agreement.

7.3 **Approval by City.** Seller understands this Agreement is subject to the approval of the City Council of the City of Livermore, and it shall have no force or effect unless and until the City Council of the City of Livermore approves this Agreement.

7.4 **Time is of the Essence.** Time is of the essence of each and every term, condition, and provision of this Agreement.

7.5 **Entire Agreement; Modification**. This Agreement and its exhibits constitute the entire understanding and agreement of the Parties pertaining to the subject matter hereof, and the final, complete, and exclusive expression of the terms and conditions hereof. All prior agreements, representations, negotiations, and understandings of the Parties, oral or written, express or implied, are hereby superseded and merged herein. Any modification to this Agreement must be in writing and signed by the Parties. Where this Agreement conflicts with the Deeds of Easement, the Deeds of Easement shall control.

7.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of this Agreement shall be governed by and construed in accordance with the laws of the State of California. Any suit, claim, or legal action of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of Alameda or in the United States District Court for the Northern District of California.

7.7 **Counterparts**. This Agreement may be executed and delivered in one or more counterparts, each of which will be deemed to be an original copy of this Agreement, but all of which, when taken together, will be deemed to constitute one and the same agreement.

7.8 **Successors and Assigns**. The provisions of this Agreement shall be binding on and inure to the benefit of the respective heirs, executors, administrators, successors, and assigns of each Party.

7.9 **No Third-Party Rights**. Except as expressly set forth herein, nothing contained in this Agreement, express or implied, is intended to or shall be deemed to confer upon any person, other than the Parties and their respective heirs, executors, administrators, successors, and assigns, any rights or remedies under this Agreement.

7.10 **Cooperation**. Each Party agrees to cooperate with the other in the closing of this transaction and, in that regard, to sign any and all documents which may be reasonably necessary, helpful, or appropriate to carry out the purposes and intent of this Agreement.

7.11 **Waivers**. Failure to insist upon the strict performance of any term or condition in this Agreement, no matter how long the failure continues, is not a waiver of the term or condition and does not bar the right to subsequently demand strict performance. To be effective, a waiver must be in writing and signed by the non-breaching Party.

7.12 **Severability**. If a court of competent jurisdiction determines a provision in this Agreement is invalid, void, or unenforceable, the remaining provisions will nevertheless continue in full force and effect without being impaired in any way.

7.13 **Construction of Language**. The terms and conditions in this Agreement have been arrived at through negotiation and each Party had a full and fair opportunity to review and revise this Agreement with legal counsel. Any ambiguity in this Agreement will not be resolved against either party as the drafting Party.

7.14 **Captions**. The captions used herein are for convenience only and are not part of this Agreement and do not in any way limit or amplify the terms and provisions hereof.

7.15 **Recitals; Exhibits**. The recitals set forth in the section entitled "Recitals" are true and correct. Said recitals and the following exhibits attached to this Agreement are hereby incorporated herein by this reference for all purposes as if set forth herein in full:

(a) Exhibit A – Legal Description of Seller's Property

(b) Exhibit B – Legal Description of Sanitary Sewer Easement

(c) Exhibit C – Plat of Sanitary Sewer Easement

LEGAL DESCRIPTION

EXHIBIT A

THE LAND REFERRED TO HEREIN BELOW IS SITUATED IN UNINCORPORATED AREA, THE COUNTY OF ALAMEDA, STATE OF CALIFORNIA, AND IS DESCRIBED AS FOLLOWS:

BEGINNING AT THE NORTHWEST CORNER OF PLOT F OF THE RANCHO LAS POSITAS; RUNNING THENCE NORTH 89° 49' EAST, 24.65 CHAINS; THENCE SOUTH 74° 15' EAST, 16.10 CHAINS; THENCE SOUTH 68° 55' EAST, 12.90 CHAINS; THENCE SOUTH 38° 14' EAST, 13.84 CHAINS; THENCE SOUTH 83° 7' WEST, 21.76 CHAINS; THENCE SOUTH 4° 40' WEST, 8.18 CHAINS; THENCE NORTH 57° 04' WEST, 7.68 CHAINS; THENCE NORTH 65° 44' WEST, 5.885 CHAINS; THENCE SOUTH 83° 18' WEST, 25.80 CHAINS; THENCE NORTH 2° 11' WEST, 27.02 CHAINS TO THE POINT OF BEGINNING.

BEING A PORTION OF PLOT OF THE RANCHO LAS POSITAS.

EXCEPTING THEREFROM, THAT PORTION CONVEYED TO THE STATE OF CALIFORNIA IN THE GRANT DEED RECORDED SEPTEMBER 30, 1952, BOOK 6837, PAGE 111, OFFICIAL RECORDS.

APN: 902-0008-001

EXHIBIT B

REAL PROPERTY SITUATE IN THE CITY OF LIVERMORE, COUNTY OF ALAMEDA, STATE OF CALIFORNIA AND BEING A PORTION OF THE PARCEL DESCRIBED IN THE GRANT DEED TO **ADVENTUS** RECORDED AS **DOCUMENT NO. 97-239605**, OFFICIAL RECORDS OF ALAMEDA COUNTY AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT THE SOUTHWEST CORNER OF **LOT 27** AS SAID LOT IS SHOWN ON **TRACT MAP NO. 5070** RECORDED IN **BOOK 144 OF MAPS AT PAGE 36**, OFFICIAL RECORDS OF ALAMEDA COUNTY;

THENCE SOUTHEASTERLY ALONG THE NORTH LINE OF ADVENTUS, SOUTH 73° 05' 20" EAST 29.52 FEET;

THENCE CROSSING THROUGH SAID ADVENTUS PARCEL (97-239605) FOR THE FOLLOING SEVEN (7) COURSES:

1) SOUTH 16° 54' 40" WEST 49.80 FEET;
2) SOUTH 81° 39' 20" WEST 154.26 FEET;
3) SOUTH 39° 19' 58" WEST 162.89 FEET;
4) SOUTH 16° 50' 37" WEST 387.46 FEET;
5) SOUTH 16° 19' 35" WEST 401.42 FEET;
6) SOUTH 29° 48' 11" WEST 280.91 FEET;
7) SOUTH 40° 58' 24" WEST 616.17 FEET TO THE SOUTH LINE OF SAID ADVENTUS PARCEL;

EXHIBIT B

THENCE ALONG SAID SOUTH LINE SOUTH 84° 26' 28" WEST 586.19 FEET TO THE SOUTHWEST CORNER OF SAID ADVENTUS PARCEL;

THENCE NORTHERLY, ALONG THE WEST LINE OF SAID PARCEL 01° 09' 53" WEST 25.07 FEET;

THENCE CROSSING THROUGH SAID ADVENTUS PARCEL FOR THE FOLLOWING EIGHT (8) COURSES:

1) NORTH 84° 26' 28" EAST 574.30 FEET;
2) NORTH 40° 58' 24" EAST 603.76 FEET;
3) NORTH 29° 48' 11" EAST 275.51 FEET;
4) NORTH 16° 19' 35" EAST 398.58 FEET;
5) NORTH 16° 50' 37" EAST 392.54 FEET;
6) NORTH 39° 19' 58" EAST 177.54 FEET;
7) NORTH 81° 39' 20" EAST 150.64 FEET;
8) NORTH 05° 10' 17" EAST 33.57 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **65,577 SQUARE FEET**, MORE OR LESS.

SEWER EASEMENT GRANT DEED

For a good and valuable consideration, receipt of which is hereby acknowledged, ADVENTUS, a California non-profit public benefit corporation **("Grantor")**, and consistent with the terms of that Easement Purchase Agreement between Grantor and the City of Livermore, a Municipal Corporation **("Grantee"),** dated [month] [day], [year] ("**Easement Purchase Agreement**"), Grantor hereby grants to Grantee certain interest in Grantor's real property situated in the City of Livermore, County of Alameda, State of California **("Grantor Property")**, where the interest conveyed consists of rights on, over, across, and under a portion of the Grantor Property more particularly described in respective Exhibit "B" and as shown on Exhibit "C" attached hereto **("Sanitary Sewer Easement Area")**, and for the following easement use:

Sanitary Sewer Easement

A perpetual and permanent non-exclusive easement, that grants the right to enter upon Grantor's real property as described herein for the sole purpose of constructing, reconstructing and maintaining sanitary sewer line improvements and appurtenances for the benefit of the City and its beneficiaries, agents and assigns.

As used herein, "non-exclusive easement" shall recognize Grantor reserves the right to use the Sanitary Sewer Easement Area for the limited purposes described herein. Grantor may not grant to other persons or entities: (1) the same or similar sewer easement rights granted herein to Grantee within the Sanitary Sewer Easement Area except with the consent of Grantee, which shall not be

unreasonably withheld; (2) any sewer easement rights necessary for Grantor to connect to the sanitary sewer line improvements and appurtenances as those rights are set forth below; or (3) any other rights that may unreasonably interfere with Grantee's, or its beneficiaries', agents', or assigns', use of the Sanitary Sewer Easement Area.

Grantee shall have the further right to retain said utilities and other appurtenances in and at its/their existing location(s) and depth(s) for the duration of the easement granted herein, without being required by Grantor to relocate or lower said utilities in connection with any surface or subsurface work or improvement, and shall have the obligation to maintain said utilities and other appurtenances in a manner consistent with all applicable laws, rules, and regulations in perpetuity or until the time when the Grantee removes them.

Grantee acknowledges and agrees Grantor reserves use of the Sanitary Sewer Easement Area for any purposes that will not unreasonably interfere with Grantee's use of the Easement Area as contemplated herein. For avoidance of doubt, Grantor expressly reserves the right to develop a roadway on any surface portion of the Sanitary Sewer Easement Area. Also for the avoidance of doubt, Grantor shall retain rights of access in, across, over, and above the Sanitary Sewer Easement Area for purposes of managing the Grantor Property and for conducting due diligence or undertaking any other activity related to any development on Grantor Property, provided Grantor shall repair any damage to the sanitary sewer improvements that result from any private use of the Sanitary Sewer Easement Area by, or permitted by, Grantor. Finally, the reservation includes the right of Grantor to connect to and use the sanitary sewer line improvements and appurtenances, provided Grantor pays any and all sewer connection fees prior to the connection and use of the sanitary sewer improvements and complies will all applicable laws, rules, and regulations governing the connection to and use of such improvements.

Grantee may assign the rights and easement herein granted, either in whole or in part, subject to the terms of this grant and subject to and consistent with all applicable laws, rules, and regulations, and subject to the written consent of Grantor, which shall not be unreasonably withheld.

Grantor shall indemnify, hold harmless, and defend Grantee and its elected and appointed officials, officers, directors, employees, agents, and designated volunteers as outlined in and required by the Easement Purchase Agreement.

The covenants contained herein shall run with the land and this instrument shall be binding upon and inure to the benefit of the respective heirs, executors, administrators, successors and assigns of the Grantor and Grantee.

See attached respective Exhibit "B" for legal description and Exhibit "C" for plat.

TRAIL EASEMENT GRANT DEED

For a good and valuable consideration, receipt and sufficiency of which is hereby acknowledged, ADVENTUS, a California non-profit public benefit corporation **("Grantor"),** and consistent with the terms of that Easement Purchase Agreement between Grantor and the City of Livermore, a municipal corporation **("Grantee"),** dated [month] [day], [year] ("**Easement Purchase Agreement**"), Grantor hereby grants to Grantee certain interest in Grantor's real property identified as Alameda County Assessor Parcel No. 902-0008-001 situated in the City of Livermore, County of Alameda, State of California **("Grantor Property")**, where the interests conveyed consist of rights on, over, across, and under a portion of the Grantor Property as more particularly described in respective **Exhibit "D1-1" and "D1-2"** and as shown on **Exhibit "D2-1" and "D2-2"** attached hereto ("Easement Area"), and for the following easement use:

Trail Easement

A perpetual and permanent non-exclusive easement, that grants the right to enter upon the Easement Area as described herein for the purposes of constructing, reconstructing and maintaining trail improvements and appurtenances granted for the benefit of the City and its beneficiaries, agents, assigns, and public access and use.

As used herein, "non-exclusive easement" shall recognize that Grantor reserves the right to use the

Easement Area for the limited purposes described herein. Grantor may not grant to other persons or entities (1) the same or similar trail easement rights granted herein to Grantee within the Easement Area except with the consent of Grantee, which shall not be unreasonably withheld, or (2) any other rights that may unreasonably interfere with Grantee's, or its beneficiaries', agents' assigns', or the public's, use of the Easement Area.

Grantee shall have the right to maintain said improvements and other appurtenances in and at its/their constructed location(s) for the duration of the easement granted herein, but Grantor may, at its sole discretion and expense, require the relocation of the improvements and appurtenances to another location on Grantor's property, whether inside or outside the Easement Area, so long as the relocation is: (1) compatible with Grantee's, or its beneficiaries', agents', and assignees', operations; (2) maintains the continuity of public trail access; and (3) complies with all applicable laws, rules, regulations, and design standards. Grantee shall bear no cost associated with said relocation(s). If Grantor requires the relocation of said improvements and appurtenances to a location outside of the Easement Area, Grantor shall, at its sole cost, provide Grantee a replacement easement for said improvements and appurtenances of the same width as the Easement Area and containing the same terms and conditions as provided herein.

Grantee may assign the rights and easement herein granted, either in whole or in part, subject to the terms of this Easement Grant Deed and subject to and consistent with all applicable laws, rules, and regulations, to the Livermore Area Recreation and Park District ("LARPD"), so long as Grantee provides Grantor ninety (90) days advance written notice and, after any assignment, an executed copy of the instrument assigning rights and obligations under this Easement Grant Deed from Grantee to LARPD. Otherwise, Grantee shall not assign its rights and obligations relating to this easement without the prior written consent of Grantor.

Grantor reserves use of the Easement Area for any purpose consistent with and which will not unreasonably interfere with Grantee's use and enjoyment of the Easement Area for the purposes described herein. Notwithstanding the foregoing, Grantor expressly reserves, for itself and its successors and assigns, the following: (1) rights of access in, across, over, and above the Easement Area and trail improvements for purposes of managing the Grantor Property and for conducting due diligence or undertaking any other activity related to any development on Grantor Property, provided Grantor shall repair any damage to the trail improvements that results from any private use of the trail improvements by, or permitted by, Grantor; (2) right to reconstruct or supplement, at its sole expense, the trail improvements within the Easement Area to include improvements for the limited, unimpeded, and unhindered use by police, fire, and other emergency vehicles for ingress and egress to, through, and from Grantor's real property; and (3) those Trail Easement relocation rights set forth in the Easement Purchase Agreement. Grantee's use of the Easement Area shall not interfere, hinder, eliminate, or obstruct Grantor's ability to access Grantor's property by street, road, highway, or other improvements accommodating vehicular ingress and egress and any ancillary facilities, including, without limitation, curbs, gutters, sidewalks, and shoulders.

Grantor shall indemnify, hold harmless, and defend Grantee and its elected and appointed officials, officers, directors, employees, agents, and designated volunteers as outlined in and required by the Easement Purchase Agreement. Nothing herein shall be construed as approval, by Grantee or another regulatory agency, of any future development proposal.

The covenants contained herein shall run with the land and this instrument shall be binding upon and inure to the benefit of the respective heirs, executors, administrators, successors and assigns of the Grantor and Grantee.

See attached respective Exhibits "D1-1" and "D1-2" for legal description and Exhibits "D2-1" and "D2-2" for plat.

EASEMENT GRANT DEED

FOR A GOOD AND VALUABLE CONSIDERATION, receipt of which is hereby acknowledged, FRANK SCHMIDIG, JR., AS TRUSTEE OF THE 2012 FRANK SCHMIDIG, JR. IRREVOCABLE TRUST, DATED OCTOBER 26, 2012, AS TO AN UNDIVIDED 25.5% INTEREST; FRANK SCHMIDIG, JR., AN UNMARRIED MAN HIS SOLE AND SEPARATE PROPERTY, AS TO AN UNDIVIDED 24.5% INTEREST; THE FERRERI FAMILY LIMITED PARTNERSHIP, AS TO AN UNDIVIDED 149/400TH INTEREST, GEORGIA JUNE FERRERI, AN UNMARRIED WOMAN AS TO AN UNDIVIDED 1/200TH INTEREST; AND GEORGIA JUNE FERRERI, TRUSTEE OF THE GEORGIA JUNE FERRERI 1999 TRUST AS AMENDED AND RESTATED IN 2006 AS TO AN UNDIVIDED 49/400TH INTEREST, AS TENANTS IN COMMON **(collectively "Grantor")** hereby grants to the CITY OF LIVERMORE, a municipal corporation **("Grantee")** a perpetual non-exclusive easement on, over, across, and under that certain real property situated in the City of Livermore, County of Alameda, State of California, as described in **Exhibit "G1"** and depicted on Exhibit **"G2",** attached hereto (the "**Property**"), for the following limited use (the "**Easement**"):

Emergency Vehicle Access Easement

A perpetual and permanent non-exclusive easement on, over, across and through the Property for the limited purposes of Grantee constructing, reconstructing, operating, using, maintaining and repairing emergency vehicle access (the "**EVA**") for the ingress and egress of emergency vehicles, by operators approved by Grantee, to provide police, fire and other emergency services to the Property and the surrounding area. During any construction, repair or maintenance of the EVA, Grantee shall have a temporary license to occupy 10' on either side of the EVA as is strictly necessary to complete such construction, repair, or maintenance.

Excepting those 14' trail improvements within the EVA that Grantor is required to construct as condition of approval in Vesting Tentative Tract Map (VTTM) 8452 (SUB18-001) (the "**Trail Improvements**"), all improvements necessary to construct, operate, maintain and repair the EVA shall be the sole responsibility of Grantee all at Grantee's sole cost and expense. Excepting Grantor's obligation under the VTTM to repair and maintain the Trail Improvements, Grantee shall at all times maintain the EVA and EVA improvements in a good and safe condition and repair.

Grantee agrees to indemnify, defend and hold harmless Grantor and it is successors, successors-in-interest to the Property and its assigns from and against any and all actions, claims, demands, obligations, damages, costs, losses, expenses (including without limitation, reasonable attorneys' fees) and liabilities (collectively, "**Claims**") to the extent such Claims arise out of or are incurred in connection with the use of the EVA and Easement by Grantee or its authorized operators.

The covenants contained herein shall run with the land and this instrument shall be binding upon and inure to the benefit of the respective successors, successors-in-interest and assigns of the Grantor and Grantee, provided, Grantee may not assign this easement without the prior written consent of the Grantor or its successors, successors-in-interest and assigns, which said consent may not be unreasonably withheld.

See attached respective Exhibit "G1" for legal description and Exhibit "G2" for plat.

EXHIBIT G1

Real property situate in the City of Livermore, County of Alameda, State of California and being a portion of the land described in the Grant Deed to Schmidig, Ferreri, et al. recorded on September 8, 2024 under Document No. 2024-042832, Official Records of Alameda County and more particularly described as follows:

Commencing at the northwesterly corner of said Schmidig parcel; thence along the north line of said Schmidig parcel, North 84° 13' 25" East – 244.888 feet for the **Point of Beginning hereof**; thence along said north line, North 84° 13' 25" East – 22.042 feet; thence crossing through the Schmidig parcel for the following eighteen (18) courses:

1) South 23° 27' 50" East - 74.303 feet for a beginning of a curve to the left;
2) in a southerly direction, 116.582 feet along the arc of said curve to the left, having a radius of 89.500 feet, through a central angle of 74° 37' 59";
3) North 81° 54' 09" East - 303.777 feet for a beginning of a curve to the right;
4) in an easterly direction, 75.577 feet along the arc of said curve to the right, having a radius of 115.500 feet, through a central angle of 37° 29' 29" ;
5) South 60° 36' 22" East - 84.873 feet;
6) South 05° 46' 35" East - 4.282 feet;
7) South 60° 36' 22" East - 5.962 feet for a beginning of a curve to the left;
8) in a southeasterly direction, 11.970 feet along the arc of said curve to the left, having a radius of 19.500 feet, through a central angle of 35° 10' 13" ;
9) North 84° 13' 25" East - 58.832 feet;
10) North 58° 30' 26" East - 51.294 feet;
11) South 71° 29' 22" East - 103.978 feet for a beginning of a curve to the left;
12) in a southeasterly direction, 92.866 feet along the arc of said curve to the left, having a radius of 487.500 feet, through a central angle of 10° 54' 52" ;
13) South 82° 24' 14" East - 73.296 feet for a beginning of a curve to the right;
14) in a southeasterly direction, 124.298 feet along the arc of said curve to the right, having a radius of 652.500 feet, through a central angle of 10° 54' 52" ;
15) South 71° 29' 22" East - 251.149 feet for a beginning of a curve to the left;

16) in a southeasterly direction, 143.863 feet along the arc of said curve to the left, having a radius of 592.500 feet, through a central angle of 13° 54' 43" with a compound curve to the left;
17) in a northeasterly direction, 29.208 feet along the arc of said curve to the left, having a radius of 40.000 feet, through a central angle of 41° 50' 17" ;
18) thence North 52° 45' 39" East - 3.711 feet to a point of the east line of said Schmidig parcel;

thence along said east line, South 37° 14' 21" East – 21.000 feet;

thence crossing through said parcel for the following sixteen (16) courses:

1) South 52° 45' 39" West - 3.711 feet for a beginning of a curve to the right;
2) in a southwesterly direction, 44.543 feet along the arc of said curve to the right, having a radius of 61.000 feet, through a central angle of 41° 50' 17" with a compound curve to the right;
3) in a northwesterly direction, 148.962 feet along the arc of said curve to the right, having a radius of 613.500 feet, through a central angle of 13° 54' 43" ;
4) North 71° 29' 22" West - 251.149 feet for a beginning of a curve to the left;
5) in a westerly direction, 120.297 feet along the arc of said curve to the left, having a radius of 631.500 feet, through a central angle of 10° 54' 52" ;
6) North 82° 24' 14" West - 73.296 feet for a beginning of a curve to the right;
7) in a northwesterly direction, 96.866 feet along the arc of said curve to the right, having a radius of 508.500 feet, through a central angle of 10° 54' 52" ;
8) North 71° 29' 22" West - 87.658 feet;
9) South 58° 30' 26" West – 40.108 feet;
10) South 84° 13' 25" West - 69.072 feet for a beginning of a curve to the right;
11) in a westerly direction, 24.860 feet along the arc of said curve to the right, having a radius of 40.500 feet, through a central angle of 35° 10' 13" ;
12) North 60° 36' 22" West - 98.268 feet for a beginning of a curve to the left;
13) in a westerly direction, 61.836 feet along the arc of said curve to the left, having a radius of 94.500 feet, through a central angle of 37° 29' 29" ;
14) South 81° 54' 09" West - 303.776 feet for a beginning of a curve to the right;

EXHIBIT G1

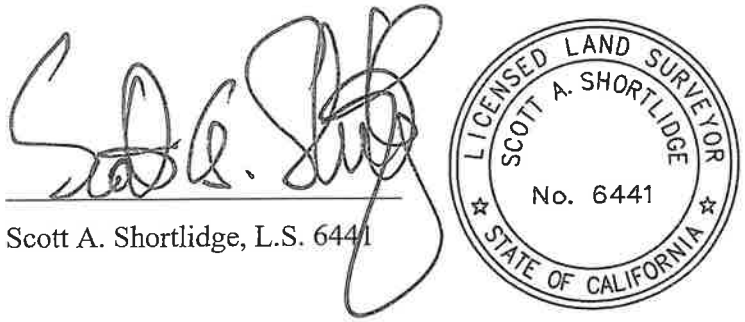

15) in a northwesterly direction, 143.937 feet along the arc of said curve to the right, having a radius of 110.500 feet, through a central angle of 74° 38' 01";

16) North 23° 27' 50" West - 81.000 feet to the **Point of Beginning**;

Containing 34,363 square feet of land area, more or less.

See Exhibit G2 – Plat to Accompany Legal Description which is attached hereto and made a part hereof.

FIRST AMENDMENT TO LOW INCOME FOR-SALE HOUSING AGREEMENT

THIS AMENDMENT is made and entered into this ____ day of _____, 2026, by and between the City of Livermore ("City"), a municipal corporation, and LD-Funds III Livermore Land, LLC, a Delaware Limited Liability Company ("Developer").

RECITALS

A. City and Developer entered into a Low-Income Housing Agreement dated October 11, 2021, and recorded in the Official Records of Alameda County on November 8, 2021, as Instrument No. 2021366182 ("LIHA").
B. Section 4 in the LIHA states that the Equivalent Cash Payment amount shall be fixed for any Market Rate Units constructed in the Development within five (5) years of the date of execution of the LIHA, through a date ending October 11, 2026. Thereafter, the Equivalent Cash Payment calculation shall be subject to adjustment to new market rate estimates and affordable sales prices.
C. The Developer and City now wish to modify the terms of the Equivalent Cash Payment described in the LIHA.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the City and Developer hereby agree that the recitals are true and correct and further agree as follows:

1. Section 4. Payment Schedule and Calculation, is amended to read as follows:

The Developer is to pay the Equivalent Cash Payment of inclusionary promissory notes on 13.9 Units in the Development, which totals $4,951,950, and is calculated as described in Attachment 2. The Equivalent Cash Payment shall be paid in equal installments of $28,790.41 per Unit at the time of building permit application for each of the 172 unrestricted, market rate Units in the Development (the "Market Rate Units").

The Equivalent Cash Payment amount shall be fixed for any Market Rate Units constructed in the Development within eight (8) years of the date of execution of this Agreement. The Equivalent Cash Payment due for any Market Rate Units constructed (as demonstrated by a building permit application) between October 12, 2029 and October 11, 2030 shall be subject to a three percent (3%) increase. The Equivalent Cash Payment due for any Market Rate Units constructed (as demonstrated by a building permit application) between October 12, 2030, and October 11, 2031, shall be subject to an additional three percent (3%) increase. Thereafter, the Equivalent Cash Payment calculation shall be subject to adjustment to new market rate estimates and affordable sales prices as described in the Affordable Housing Fee Ordinance.

2. Except as amended above, the LIHA remains in full force and effect.

3. This amendment may be executed in counterparts, by actual or facsimile signature (with originals to be forwarded by overnight mail). Each counterpart shall be deemed an original, and all of them, when taken together, shall constitute one agreement.

IN WITNESS WHEREOF, the parties have executed this amendment on or as of the date first written above.

Livermore, California 94550

RIGHT OF ENTRY AGREEMENT

This Agreement is entered into this day of ____, _____, 2026, between ADVENTUS, a California non-profit public benefit corporation ("Grantor"), and the City of Livermore ("City"). As used herein, the term "City" shall also collectively mean the officers, officials, employees, contractors, consultants, and agents of the City of Livermore, California.

The Grantor agrees to allow the City at all times to enter in, over, and upon Grantor's land with Assessor's Parcel Number (APN) listed above, as delineated on the map attached hereto and made a part hereof (Exhibit A), where Grantor's land is referred to herein as the "Grantor Property", for the following purposes that are collectively defined as "Work" for this Agreement: The construction of both (1) the Trail Improvements and (2) the Sewer Improvements comprising the "Springtown Trunkline Replacement Improvements" as described in the Development Agreement No. 05-004 , consisting of an approximate 3,000 linear feet and a 24-inch diameter subsurface sewer line, which will connect to existing sewer lines at I-580 and Redwood Road. Construction shall require work outside of the city's easements for trenching of the sewer line, as well as a temporary staging area and temporary routes to access the construction area, as shown on Exhibit A.

The Trail Improvements shall also be subject to a Trail Easement, which specifies a Trail Easement Area for trail improvements, to be conveyed from Grantor to the City by separate instrument, and the Sewer Improvements shall also be subject to a Sewer Easement, which specifies a Sewer Easement Area for sewer improvements, to be conveyed from Grantor to the City by separate instrument. Both the Sewer Easement and Trail Easement are, in turn, subject to a separate Easement Purchase Agreement between Grantor and the City that addresses this conveyance and other rights. The intent of this Agreement in identifying easement areas, improvements, and easements are that they match the terms set forth and identified in the Sewer Easement, Trail Easement, and Easement Purchase Agreement. Except as specifically set forth below, in the event of any conflict between this Agreement and either the Trail Easement, Sewer Easement, or Easement Purchase Agreement (collectively, the "Easement Documents") with respect to any term, including

without limitation the scope of the improvements involved and easement areas, then the Easement Documents shall control.

Terms of Sanitary Sewer Work

(i) Rights and Obligations of City

(1) City shall give Grantor a construction notice (Construction Notice) thirty (30) days prior to commencing construction of the sanitary sewer work.

(2) During the construction of the Sewer Improvements, City shall maintain the Sanitary Sewer Easement Area, in a condition in accordance with customary construction practices and in compliance with all applicable laws. In exercising its right under this Agreement and the Easement Documents, City shall comply and cause all consultants, contractors, and authorized representatives of City to comply with all applicable laws. City shall be responsible for all costs for the design, permitting, and construction of the Sewer Improvements and shall not permit to be placed against the Grantor's Property, or any part thereof, any liens of whatsoever kind, including, without limitation, any design professionals', mechanics', materialmen's, contractors' or subcontractors' liens. City shall indemnify, defend and hold harmless Grantor, the Roman Catholic Bishop of Oakland, the Roman Catholic Welfare Corporation of Oakland, and their respective officers, members, managers, shareholders, directors, employees, agents, and representatives (the "Adventus Parties") from and against any loss liability, damage, claims, and costs or expenses, including without limitation reasonable attorneys' fees and costs, of every nature (collectively, "Liability") arising from or in connection with any such liens which might be filed against the Grantor Property.

(3) Prior to the commencement of construction of the Sewer Improvements, City shall provide to Grantor copies of all approved plans for the Sewer Improvements and a proposed schedule of construction and development for the same. Such schedule shall be subject to Grantor's written approval, which shall not be unreasonably withheld, conditioned, or delayed.

(ii) Rights and Obligations of Grantor

(1) Self Help Rights. If City fails to perform and comply with its covenants in this Agreement regarding the construction, maintenance and/or repair of the Sewer Improvements or Sanitary Sewer Easement Area, after thirty (30) days' prior written notice from Grantor (except in an event of emergency whereupon no

notice is required), then Grantor may, but shall not be obligated to, perform such construction, maintenance or repair work and shall have the right and license to perform such work and Grantor shall be entitled to reimbursement from City, within fifteen (15) days after delivery of written demand for payment, for all sums so expended by Grantor, with interest thereon at the lesser of (i) ten percent (10%) per annum, or (ii) at the highest rate permitted under applicable laws.

Terms of the Trail Work

(i) Construction and Maintenance of Trail Improvements. City agrees, at its cost, to grade a 25-foot wide and 20-foot wide level trail segments within the Trail Easement Area and place aggregate base rock material within those graded areas in accordance with improvement plans approved by Grantor and City (the "Trail Plans," and where the work performed in accordance with the above, pertinent easement rights granted by Grantor to City, the Easement Documents, and the Trail Plans is referred to herein as the "Trail Improvements"). City agrees to bid that construction work both for the required 25-foot wide and 20-foot wide trail segments of the Trail Easement Area (the "Trail Cost").

(ii) Additional Trail Improvement Requirements. The Trail Improvements and Trail Easement Area include two (2) segments, the 20-foot wide trail segment and 25-foot wide trail segments, as further described in Exhibits D1-1, D1-2, D2-1, and D2-2 which are incorporated by this reference and which depict the plat and legal record for the property, as well as grants of easement. Notwithstanding anything else in this Agreement or the Easement Documents, the Trail Improvements shall be aligned in the Trail Plans outside of the approved School Project in an alignment that meets City's fire department turn radius requirements.

(iii) Rights and Obligations of City

(1) Prior to the commencement of construction of the Trail Improvements, City shall provide to Grantor copies of all approved plans for the Trail Improvements and a proposed schedule of construction and development for the same. Such schedule shall be subject to Grantor's written approval, which shall not be unreasonably withheld, conditioned, or delayed.

(2) City shall give Grantor a Construction Notice thirty (30) days prior to commencing construction of the Trail Improvements.

(3) City shall construct and complete the construction of the Trail Improvements and obtain an engineer's certificate of completion of the Trail Improvements within twelve (12) months after delivery of the Construction Notice for the Trail Improvements in accordance with the Trail Plans.

(4) City shall be responsible for all costs for the design, permitting, and construction of the Trail Improvements and shall not permit to be placed against the Grantor Property, or any part thereof, any liens of whatsoever kind, including, without limitation, any design professionals', mechanics', materialmen's, contractors' or subcontractors' liens with regard to City's actions within the Trail Easement Area. City agrees to indemnify, defend and hold Grantor harmless for any loss or expense, including reasonable attorneys' fees and costs, arising from any such liens which might be filed against the Grantor Property.

(5) During the construction of the Trail Improvements, City shall maintain the Trail Easement Area, in a condition in accordance with customary construction practices and in compliance with all applicable laws. In exercising its right under this Agreement and the Easement Documents, City shall comply and cause all consultants, contractors, and authorized representatives of City to comply with all applicable laws.

(v) Self Help Rights. If City fails to perform and comply with its covenants in this Agreement regarding the construction, maintenance and/or repair of the Trail Improvements or Trail Easement Area, after thirty (30) days' prior written notice from Grantor to City (except in an event of emergency whereupon no notice is required), then Grantor may, but shall not be obligated to, perform such construction, maintenance or repair work and shall have the right and license to perform such work and Grantor shall be entitled to reimbursement from City, within fifteen (15) days after delivery of written demand for payment, for all sums so expended by Grantor, with interest thereon at the lesser of (i) ten percent (10%) per annum, or (ii) at the highest rate permitted under applicable laws.

It is understood and agreed that the City will leave the premises in a clean and orderly condition and will repair, replace, or compensate for any existing improvements that may have been disturbed, damaged, or removed during the course of Work.

The City agrees upon the completion of any Work hereunder to restore the Grantor Property to as near as possible to the condition in which it was prior to the commencement of said Work.

The City shall indemnify, defend, protect and save the Grantor harmless from and against all Liability, arising out of the performance of the Work described herein, caused in whole or in part by any act or omission of the City, its officers, officials, employees, agents, permittees, invitees, and licensees, and anyone directly or indirectly employed or contracted by any of them or anyone for whose acts any of them may be liable, except where caused by the active negligence, sole negligence, or willful misconduct of the Grantor.

It is understood and agreed that permission to do the Work and perform the acts stated shall remain in force and effect until either the acceptance of the Work as reaching substantial completion by the City Council, or December 31, 2028, whichever event occurs first. Should December 31, 2028 pass without the City Council having accepted the Work as reaching substantial completion, then the City shall, at Grantor's election, either (1) secure the Work so it does not present a dangerous condition, attractive nuisance, or other hazard, or (2) restore the Grantor Property to its original condition, unless the parties to this Agreement have negotiated an extension thereto in writing.

EASEMENT GRANT DEED

FOR A GOOD AND VALUABLE CONSIDERATION, receipt of which is hereby acknowledged, FRANK SCHMIDIG, JR., AS TRUSTEE OF THE 2012 FRANK SCHMIDIG, JR. IRREVOCABLE TRUST, DATED OCTOBER 26, 2012, AS TO AN UNDIVIDED 25.5% INTEREST; FRANK SCHMIDIG, JR., AN UNMARRIED MAN HIS SOLE AND SEPARATE PROPERTY, AS TO AN UNDIVIDED 24.5% INTEREST; THE FERRERI FAMILY LIMITED PARTNERSHIP, AS TO AN UNDIVIDED 149/400TH INTEREST, GEORGIA JUNE FERRERI, AND UNMARRIED WOMAN AS TO AN UNDIVIDED 1/200TH INTEREST; AND GEORGIA JUNE FERRERI, TRUSTEE OF THE GEORGIA JUNE FERRERI 1999 TRUST AS AMENDED AND RESTATED IN 2006 AS TO AN UNDIVIDED 49/400TH INTEREST, AS TENANTS IN COMMON (collectively **"Grantor"**) hereby grants to the CITY OF LIVERMORE, a municipal corporation **("Grantee")** a perpetual non-exclusive easement on, over, across, and under that certain real property situated in the City of Livermore, County of Alameda, State of California, as described in **Exhibit "A"** and depicted on **Exhibit "B"**, attached hereto (the "**Property**"), for the following limited use (the "**Easement**"):

Emergency Vehicle Access Easement

A perpetual and permanent non-exclusive easement on, over, across and through the Property for the limited purposes of Grantee constructing, reconstructing, operating, using, maintaining and repairing emergency vehicle access (the "**EVA**") for the ingress and egress of emergency vehicles, by operators approved by Grantee, to provide police, fire and other emergency services to the Property and the surrounding area. During any construction, repair or maintenance of the EVA, Grantee shall have a temporary license to occupy 10' on either side of the EVA as is strictly necessary to complete such construction, repair, or maintenance.

Excepting those 14' trail improvements within the EVA that Grantor is required to construct as condition of approval in Vesting Tentative Tract Map (VTTM) 8452 (SUB18-001) (the "**Trail Improvements**"), all improvements necessary to construct, operate, maintain and repair the EVA shall be the sole responsibility of Grantee all at Grantee's sole cost and expense. Excepting Grantor's obligation under the VTTM to repair and maintain the Trail Improvements, Grantee shall at all times maintain the EVA and EVA improvements in a good and safe condition and repair.

Grantee agrees to indemnify, defend and hold harmless Grantor and it is successors, successors-in-interest to the Property and its assigns from and against any and all actions, claims, demands, obligations, damages, costs, losses, expenses (including without limitation, reasonable attorneys' fees) and liabilities (collectively, "**Claims**") to the extent such Claims arise out of or are incurred in connection with the use of the EVA and Easement by Grantee or its authorized operators.

The covenants contained herein shall run with the land and this instrument shall be binding upon and inure to the benefit of the respective successors, successors-in-interest and assigns of the Grantor and Grantee, provided, Grantee may not assign this Easement without the prior written consent of the Grantor or its successors, successors-in-interest and assigns, which said consent may not be unreasonably withheld.

See attached respective Exhibit "A" for legal description and Exhibit "B" for plat.

MISTY CRAWSHAW NOTARY PUBLIC COMMISSION No. 20232939 STATE OF IDAHO

EXHIBIT G1

Real property situate in the City of Livermore, County of Alameda, State of California and being a portion of the land described in the Grant Deed to Schmidig, Ferreri, et al. recorded on September 8, 2024 under Document No. 2024-042832, Official Records of Alameda County and more particularly described as follows:

Commencing at the northwesterly corner of said Schmidig parcel; thence along the north line of said Schmidig parcel, North 84° 13' 25" East – 244.888 feet for the **Point of Beginning hereof**; thence along said north line, North 84° 13' 25" East – 22.042 feet; thence crossing through the Schmidig parcel for the following eighteen (18) courses:

1) South 23° 27' 50" East - 74.303 feet for a beginning of a curve to the left;
2) in a southerly direction, 116.582 feet along the arc of said curve to the left, having a radius of 89.500 feet, through a central angle of 74° 37' 59";
3) North 81° 54' 09" East - 303.777 feet for a beginning of a curve to the right;
4) in an easterly direction, 75.577 feet along the arc of said curve to the right, having a radius of 115.500 feet, through a central angle of 37° 29' 29" ;
5) South 60° 36' 22" East - 84.873 feet;
6) South 05° 46' 35" East - 4.282 feet;
7) South 60° 36' 22" East - 5.962 feet for a beginning of a curve to the left;
8) in a southeasterly direction, 11.970 feet along the arc of said curve to the left, having a radius of 19.500 feet, through a central angle of 35° 10' 13" ;
9) North 84° 13' 25" East - 58.832 feet;
10) North 58° 30' 26" East - 51.294 feet;
11) South 71° 29' 22" East - 103.978 feet for a beginning of a curve to the left;
12) in a southeasterly direction, 92.866 feet along the arc of said curve to the left, having a radius of 487.500 feet, through a central angle of 10° 54' 52" ;
13) South 82° 24' 14" East - 73.296 feet for a beginning of a curve to the right;
14) in a southeasterly direction, 124.298 feet along the arc of said curve to the right, having a radius of 652.500 feet, through a central angle of 10° 54' 52" ;
15) South 71° 29' 22" East - 251.149 feet for a beginning of a curve to the left;

EXHIBIT G1

16) in a southeasterly direction, 143.863 feet along the arc of said curve to the left, having a radius of 592.500 feet, through a central angle of 13° 54' 43" with a compound curve to the left;
17) in a northeasterly direction, 29.208 feet along the arc of said curve to the left, having a radius of 40.000 feet, through a central angle of 41° 50' 17" ;
18) thence North 52° 45' 39" East - 3.711 feet to a point of the east line of said Schmidig parcel;

thence along said east line, South 37° 14' 21" East – 21.000 feet;

thence crossing through said parcel for the following sixteen (16) courses:

1) South 52° 45' 39" West - 3.711 feet for a beginning of a curve to the right;
2) in a southwesterly direction, 44.543 feet along the arc of said curve to the right, having a radius of 61.000 feet, through a central angle of 41° 50' 17" with a compound curve to the right;
3) in a northwesterly direction, 148.962 feet along the arc of said curve to the right, having a radius of 613.500 feet, through a central angle of 13° 54' 43" ;
4) North 71° 29' 22" West - 251.149 feet for a beginning of a curve to the left;
5) in a westerly direction, 120.297 feet along the arc of said curve to the left, having a radius of 631.500 feet, through a central angle of 10° 54' 52" ;
6) North 82° 24' 14" West - 73.296 feet for a beginning of a curve to the right;
7) in a northwesterly direction, 96.866 feet along the arc of said curve to the right, having a radius of 508.500 feet, through a central angle of 10° 54' 52" ;
8) North 71° 29' 22" West - 87.658 feet;
9) South 58° 30' 26" West – 40.108 feet;
10) South 84° 13' 25" West - 69.072 feet for a beginning of a curve to the right;
11) in a westerly direction, 24.860 feet along the arc of said curve to the right, having a radius of 40.500 feet, through a central angle of 35° 10' 13" ;
12) North 60° 36' 22" West - 98.268 feet for a beginning of a curve to the left;
13) in a westerly direction, 61.836 feet along the arc of said curve to the left, having a radius of 94.500 feet, through a central angle of 37° 29' 29" ;
14) South 81° 54' 09" West - 303.776 feet for a beginning of a curve to the right;

EXHIBIT G1

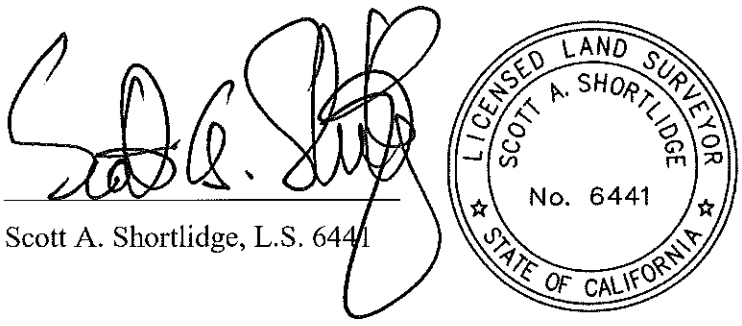

15) in a northwesterly direction, 143.937 feet along the arc of said curve to the right, having a radius of 110.500 feet, through a central angle of 74° 38' 01";

16) North 23° 27' 50" West - 81.000 feet to the **Point of Beginning**;

Containing 34,363 square feet of land area, more or less.

See Exhibit G2 – Plat to Accompany Legal Description which is attached hereto and made a part hereof.

LIVERMORE
CALIFORNIA

CITY COUNCIL STAFF REPORT **ITEM NO. 6.5**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Brent Smith, Community Development Director

SUBJECT: Resolution adding the Pavement Maintenance Management Plan Project AR202718, Perimeter Fencing and Security Upgrades Project AR202719, and Airport Layout Plan and Technical Studies Project AR202720 to the 2025–2030 Capital Improvement Plan and authorizing appropriations of Airport Fund 600 and Federal and State Grants to fund these projects.

RECOMMENDED ACTION

Staff recommends the City Council adopt resolutions:

1. Adding the Pavement Maintenance Management Plan Project AR202718 to the 2025–2030 Capital Improvement Plan and authorizing appropriations of $1,340 of Airport Fund 600 and $267,330 of Federal and State Grants to the project;
2. Adding the Perimeter Fencing and Security Upgrades Project AR202719 to the 2025-2030 Capital Improvement Plan and authorizing appropriations of $55,000 of Airport Fund 600 and $472,500 of Federal and State Grants; and
3. Adding the Airport Layout Plan and Technical Studies Project AR202720 to the 2025-2030 Capital Improvement Plan and authorizing appropriations of $107,680 of Airport Fund 600 and $1,022,960 of Federal and State Grants.

SUMMARY

The Federal Aviation Administration (FAA) requires each federally funded airport project to be administered through a separate Capital Improvement Plan (CIP) project to ensure grant funds are accounted for independently. Three Airport projects were approved through the FAA's Airport Capital Improvement Program (ACIP) process on May 28, 2026, after the City's 2025–2030 Capital Improvement Plan was adopted. These projects need to be added to the Capital Improvement Plan to establish separate CIP project numbers which will allow the City to accept and administer FAA grant funding and maintain compliance with applicable financial requirements. These projects were approved for FAA Federal and State funds through the FAA's ACIP process on May 28, 2026.

The proposed Pavement Maintenance Management Plan (PMMP) Project AR202718 will develop a comprehensive pavement management plan for the airport, including pavement section determination

studies to identify existing pavement sections and underlying subgrade soils, pavement condition surveys to document surface deterioration and calculate the Pavement Condition Index (PCI), and non-destructive load testing with fatigue analysis to evaluate deep-seated distress and estimate remaining pavement life.

The proposed Perimeter Fencing and Security Upgrades Project AR202719 will modernize the Airport's security infrastructure through enhanced perimeter protection, access control, video surveillance, and emergency response capabilities utilizing a fully integrated, cloud-based security management platform.

The proposed Airport Layout Plan and Technical Studies Project AR202720 will update the Airport Layout Plan (ALP) to establish a long-term vision for the Airport's development and position the Airport for future Federal Aviation Administration (FAA) funding opportunities. The project includes preparation of aviation forecasts, evaluation of future airfield and landside facility needs, development of a phased capital improvement program, and completion of an FAA-approved ALP drawing set.

DISCUSSION

The Federal Aviation Administration (FAA) requires each federally funded airport project to be administered through a separate Capital Improvement Plan (CIP) project to ensure grant funds are accounted for independently. Each FAA grant must have its own dedicated project account and cannot be commingled with other FAA grants or Airport operating funds. In addition, California law requires airports to maintain separate accounting for aviation capital projects. Establishing a CIP project enables the City to properly administer grant funds and comply with federal and state financial management requirements. Each FAA grant is subject to the City's annual financial audit and may also be audited by the FAA.

Airport capital projects are identified and prioritized annually through the FAA's Airport Capital Improvement Program (ACIP) process. Projects must be reviewed and accepted by the FAA before they are eligible to receive federal grant funding. Until earlier this year, the FAA had advised the Airport that funding for new projects would be limited until the Airport addressed identified airfield geometry and related issues. Following coordination with the FAA's San Francisco Airports District Office and Regional Office, the Airport received approval to proceed with the Pavement Maintenance Management Plan, the Airport Layout Plan and Technical Studies projects, recognizing these planning efforts as essential to addressing the identified deficiencies and supporting future airport improvements.

Because these projects were approved for funding through the FAA's ACIP process on May 28, 2026, after the City's 2025–2030 Capital Improvement Plan was adopted, they are not currently included in the adopted CIP. Adding these projects to the Capital Improvement Plan and establishing separate CIP project numbers will allow the City to accept and administer FAA grant funding, maintain compliance with applicable financial requirements, and advance critical airport planning projects that position the Airport for future capital improvements.

The Pavement Maintenance Management Plan (PMMP) Project AR202718 will evaluate the airport's pavement system through pavement section determination studies, pavement condition surveys to calculate the Pavement Condition Index (PCI), and non-destructive load testing to assess structural capacity and remaining pavement life. These evaluations will be used to identify pavement sections requiring maintenance, rehabilitation, or reconstruction and to develop cost-effective treatment recommendations based on forecast traffic demands.

The completed PMMP will establish a prioritized program for future pavement improvements, including estimated maintenance and reconstruction costs. The plan will provide the City with the technical information needed to evaluate, prioritize, and program future pavement projects while helping ensure that airport pavements remain safe and serviceable.

The FAA requires the City to prepare and maintain an up-to-date PMMP as a condition of eligibility for federal funding. The PMMP provides the technical basis for planning and justifying future pavement maintenance, rehabilitation, and reconstruction projects, helping ensure that airport pavements remain in a safe and serviceable condition. Staff recommends adding this project to the adopted 2025–2030 Capital Improvement Plan and appropriating the necessary funding because it was not included in the original plan.

The Livermore Municipal Airport has experienced an increase in Vehicle/Pedestrian Deviations (VPDs) and unauthorized access concerns in recent years, highlighting the need to enhance the Airport's security infrastructure. The Federal Aviation Administration (FAA) Airport District Office (ADO) and FAA Regional Compliance Office have encouraged the Airport to strengthen perimeter security and improve controls over authorized access to airport property. As airport activity continues to grow, modernizing the Airport's security systems will help reduce security risks, improve accountability, and support a safe operating environment.

The Airport Perimeter Fencing and Security Upgrades Project AR202719 will implement a comprehensive, integrated security management system that combines perimeter fencing, access control, video surveillance, and emergency response technologies into a single platform. The project includes perimeter fencing enhancements, electronically controlled access gates, multi-factor authentication at airport entry points, license plate recognition cameras, centralized user management, remote access authorization, and expanded video storage capabilities. The system will also incorporate emergency response features, including panic buttons and facility lockdown functionality, to improve coordination during security incidents.

Upon completion, the project will provide Airport staff with enhanced visibility and control over airport access, improve operational efficiency through centralized system management, and strengthen the Airport's ability to respond to security events. These improvements will support continued compliance with FAA security expectations while providing a safer and more secure environment for pilots, tenants, employees, visitors, and the flying public. This project was identified after adoption of the 2025–2030 Capital Improvement Plan due to evolving FAA security recommendations and increasing unauthorized access concerns at the Airport. Therefore, staff recommends adding the project to the CIP.

The FAA recommends that airports update their Airport Layout Plan (ALP) and supporting planning documents every seven to ten years, or as operational needs and development opportunities warrant, to ensure they reflect current conditions, FAA design standards, and anticipated future airport activity. Livermore Municipal Airport's most recent FAA-prescribed planning study, the ALP Update and Narrative Report, was completed in 2014. An updated ALP is necessary to support future airport operations and development, maintain consistency with current FAA guidance, and preserve eligibility for future federal grant funding. The project is funded through the FAA's Infrastructure Investment and Jobs Act (IIJA) Airport Infrastructure Grant (AIG) Program, which will fund 95% of the total project cost. The City is required to match the Federal funding at a minimum of 5% of the approved project budget, additional appropriations to the project budgets are requested from the Airport Fund 600 to account for potential

additional expenses.

The project will include the preparation of a comprehensive ALP supported by an inventory of existing airport conditions, aviation demand forecasts, and evaluations of future airfield and landside facility needs. These analyses will be used to develop recommended airport development alternatives, a phased capital improvement program, and an FAA-approved ALP drawing set that will guide future airport development and capital investment decisions.

To support the planning effort, the project will also include an Airport Geographic Information System (AGIS) obstruction survey to collect airport mapping and obstruction data required for FAA review and to help protect the Airport's approach and departure surfaces. In addition, environmental baseline studies will be conducted to identify biological and cultural resources that may affect future development and environmental permitting.

The project also includes preparation of an Electric Master Utility Plan (EMUP), which will evaluate the Airport's existing electrical infrastructure, forecast future electrical demand over the next ten years, and identify the improvements necessary to support anticipated airport growth. The EMUP will include a phased implementation strategy, capital improvement recommendations, funding considerations, and an assessment of opportunities and risks to help ensure the Airport's electrical infrastructure can accommodate future operational and development needs.

Upon completion, these planning efforts will provide the City with a coordinated framework for future airport development, infrastructure investment, environmental planning, and utility improvements while supporting continued compliance with FAA planning requirements and positioning the Airport for future federal funding opportunities. Because this project was not included in the adopted 2025–2030 Capital Improvement Plan, staff recommends adding the project and appropriating the necessary funding.

FISCAL AND ADMINISTRATIVE IMPACTS

Funding for the Pavement Maintenance Management Plan Project AR202718 will come from Airport Fund 600 and Federal and State Grants. As shown in Attachment 2, total project costs are estimated to be $268,670 with $1,340 of Airport Fund 600 and $267,330 of Federal and State Grants. The project helps program future projects that will extend the life of the pavement assets located at the airport.

Funding for the Perimeter Fencing and Security Upgrades Project AR202719 is proposed from Airport Fund 600 and Federal and State Grants. As shown in Attachment 3, total project costs are estimated to be $527,500 with $55,000 in Airport Fund 600 and $472,500 in Federal and State Grants.

Funding for the Airport Layout Plan and Technical Studies Project AR202720 will come from Airport Fund 600 and Federal and State Grants. As shown in Attachment 4, total project costs are estimated to be $1,130,640 with $107,680 of Airport Fund 600 and $1,022,960 of Federal and State Grants.

Pavement Maintenance Management Plan
AR202718 Vicinity Map

Path: /Web Map

PAVEMENT MAINTENANCE MANAGEMENT PLAN

Project No.: AR202718

COMMUNITY PILLAR: A City That Works

GOAL: 14: Develop, operate, and maintain the City's infrastructure.

FUNDING: A F.A.A. grant will cover the majority of the project with matching from a state grant and the Airport Operating Fund.

O&M COST ASSUMPTIONS: There will be no additional O&M costs for this project.

Project Description:

The project will include pavement section determination studies to identify existing pavement sections and underlying subgrade soils, pavement condition surveys to assess surface deterioration and calculate the Pavement Condition Index (PCI), and non-destructive load testing to support fatigue analyses used to evaluate deep-seated distress and estimate remaining pavement life. The resulting Pavement Maintenance/Management Program (PMMP) will provide recommended maintenance and reconstruction strategies, along with a schedule for implementation, to extend the service life of pavement sections by at least 20 years under forecast traffic conditions. The PMMP will also include estimated maintenance and reconstruction costs, enabling the Sponsor and the FAA to evaluate the timing and scope of rehabilitation, reconstruction, and maintenance activities necessary to maintain safe pavement operating conditions.

PROJECT LOCATION

Airport

Project Justification:

The F.A.A. has a requirement for the Sponsor, in order to remain eligible for Federal funding, to prepare and maintain an updated copy of the PMMP for the airport. A PMMP is necessary to justify and plan all pavement rehabilitation or maintenance projects required at the airport. A new comprehensive PMMP is proposed including pavement condition surveys to determine PCI and non-destructive load tests to determine deep-seated distress and remaining pavement life.

CITY OF LIVERMORE CALIFORNIA

PERIMETER FENCING AND SECURITY UPGRADES

Project No.: AR202719

COMMUNITY PILLAR: A City That Works

GOAL: 14: Develop, operate, and maintain the City's infrastructure.

FUNDING: A F.A.A. grant will cover the majority of the project with matching from a state grant and the Airport Operating Fund.

O&M COST ASSUMPTIONS: There will be no additional O&M costs for this project.

Project Description:

This project will modernize the Airport's security infrastructure through enhanced perimeter protection, access control, video surveillance, and emergency response capabilities utilizing a fully integrated, cloud-based security management platform. Improvements include perimeter fencing enhancements, new electronic gates, multi-factor access control systems at all airport entry points, license plate recognition-enabled cameras, centralized user management, remote access approval capabilities, long-term video retention, and emergency response features such as panic buttons and facility lockdown options. Collectively, these upgrades will strengthen airport security, improve operational efficiency, support regulatory compliance, and provide a safer and more secure environment for all airport users.

PROJECT LOCATION

Airport

Project Justification:

The Livermore Municipal Airport has experienced a rising number of Vehicle/Pedestrian Deviations (VPDs) and unauthorized access concerns in recent years, highlighting the need for enhanced perimeter security, access control, and monitoring capabilities. The FAA Airport District Office (ADO) and FAA Regional Compliance Office have strongly encouraged the Airport to increase security measures and strengthen controls over authorized access to airport property. As airport activity continues to grow, these improvements are necessary to reduce security risks, improve accountability, and maintain a safe operating environment for pilots, tenants, employees, visitors, and the flying public.

CITY OF LIVERMORE CALIFORNIA

AIRPORT LAYOUT PLAN AND TECHNICAL STUDIES

Project No.: AR202720

CAPITAL IMPROVEMENT PLAN

Airport

COMMUNITY PILLAR: A City That Works

GOAL: 14: Develop, operate, and maintain the City's infrastructure.

FUNDING: A F.A.A. grant will cover the majority of the project with matching from a state grant and the Airport Operating Fund.

O&M COST ASSUMPTIONS: There will be no additional O&M costs for this project.

PROJECT LOCATION

Airport

Project Description:

This project includes a series of planning and technical studies to help the airport understand its operational and infrastructure needs over the next 10 years while positioning it for future development opportunities. Work on this project will include:

Airport Layout Plan (ALP): The ALP update will inventory existing airport conditions and prepare 20-year aviation demand forecasts for aircraft operations, based aircraft, and the airport's critical design aircraft. It will evaluate airfield and landside facility needs, develop alternatives to satisfy future development potential including an airport development concept and recommend capital improvement projects with cost estimates. It will also include preparing an ALP drawing set and coordinating with the FAA's San Francisco Airports District Office for review and approval. An FAA approved ALP will support future grant funding opportunities.

Obstruction Survey (AGIS): This survey will collect on-airport mapping and surrounding area data to support development of the ALP drawing set helping to protect arrivals and departures at the airport.

Electric Master Utility Plan (EMUP): The EMUP will assess the airport's existing electrical infrastructure, project future demand based on development considerations and operational changes, and identify improvements needed to meet a future demand scenario. The plan will provide a 10-year strategy that identifies necessary utility improvements, when they should occur, and how they might be funded. It will include an opportunity and risk assessment, and recommend capital improvement projects which will help the airport remain ahead of demand while it positions itself to capitalize on opportunities.

Environmental baseline surveys: Surveys will be conducted for biological resources including federally and state-listed threatened and endangered species, designated critical habitat, jurisdictional waters, and other sensitive resources. Survey's will also be conducted for cultural resources, including the built environment.

CITY OF LIVERMORE CALIFORNIA

Project Justification:

The Airport Layout Plan (ALP) Update with Narrative Report will provide a comprehensive planning study of the Livermore Municipal Airport (LVK) that meets prescribed criteria set forth by the Federal Aviation Administration (FAA). The FAA recommends that airports update their planning documents every 7-10 years, or as demand dictates, to ensure plans are up-to-date and reflect current conditions, FAA regulations, and consider future activities and operations that could take place. The last FAA-prescribed planning study for LVK is over 10 years old, which was an ALP Update and Narrative Report completed in 2014. The current study will be funded through the FAA's Infrastructure Investment and Jobs Act (IIJA) Airport Infrastructure Grant (AIG), which provides 95% of the total project cost.

PROJECT FUNDING

Fund	FY2025-26	FY2026-27	FY2027-28	FY2028-29	FY2029-30	FY2030-45	Total

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION ADDING THE PAVEMENT MAINTENANCE MANAGEMENT PLAN PROJECT AR202718, PERIMETER FENCING AND SECURITY UPGRADES PROJECT AR202719, AND AIRPORT LAYOUT PLAN AND TECHNICAL STUDIES PROJECT AR202720 TO THE 2025-2030 CAPITAL IMPROVEMENT PLAN AND AUTHORIZING APPROPRIATIONS FROM AIRPORT FUND 600 AND FEDERAL AND STATE GRANTS TO FUND THESE PROJECTS

The Federal Aviation Administration (FAA) requires each federally funded airport project to be administered through a separate Capital Improvement Program (CIP) project to ensure grant funds are accounted for independently. These projects were approved through the FAA's ACIP process on May 28, 2026, after the City's 2025–2030 Capital Improvement Plan was adopted. These projects need to be added to the Capital Improvement Plan (CIP) to establish separate CIP project numbers which will allow the City to accept and administer FAA grant funding and maintain compliance with applicable financial requirements. These projects were approved for FAA Federal and State funds through the FAA's ACIP process on May 28, 2026.

The proposed Pavement Maintenance Management Plan (PMMP) Project AR202718 will develop a comprehensive pavement management plan for the airport, including pavement section determination studies to identify existing pavement sections and underlying subgrade soils, pavement condition surveys to document surface deterioration and calculate the Pavement Condition Index (PCI), and non-destructive load testing with fatigue analysis to evaluate deep-seated distress and estimate remaining pavement life.

The proposed Perimeter Fencing and Security Upgrades Project AR202719 will modernize the Airport's security infrastructure through enhanced perimeter protection, access control, video surveillance, and emergency response capabilities utilizing a fully integrated, cloud-based security management platform.

The proposed Airport Layout Plan and Technical Studies Project AR202720 will update the Airport Layout Plan (ALP) to establish a long-term vision for the Airport's development and position the Airport for future Federal Aviation Administration (FAA) funding opportunities. The project includes preparation of aviation forecasts, evaluation of future airfield and landside facility needs, development of a phased capital improvement program, and completion of an FAA-approved ALP drawing set.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore, that it hereby:

1. Approves adding Pavement Maintenance Management Plan Project AR202718 to the 2025-2030 Capital Improvement Plan.

2. Authorizes appropriations of $1,340 in Airport Fund 600 and $267,330 of Federal and State Grants to the budget of the Pavement Maintenance Management Plan Project AR202718.

3. Approves adding Perimeter Fencing and Security Project AR202719 to the 2025-2030 Capital Improvement Plan.

4. Authorizes appropriations of $55,000 in Airport Fund 600 and $472,500 of Federal and State Grants to the budget of the Perimeter Fencing and Security Project AR202719.

5. Approves adding the Airport Layout Plan and Technical Studies Project AR202720 to the 2025-2030 Capital Improvement Plan; and

6. Authorizes appropriations of $107,680 in Airport Fund 600 and $1,022,960 of Federal and State Grants to the budget of the Airport Layout Plan and Technical Studies Project AR202720.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

LIVERMORE
CALIFORNIA

CITY COUNCIL STAFF REPORT **ITEM NO. 6.6**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Brent Smith, Community Development Director

SUBJECT: Resolution approving Final Tract Map 8669, authorizing execution of a Subdivision Improvement Agreement for Cornerstone, located at the northwest corner of Constitution Drive and Collier Canyon Road, and accepting, on behalf of the public, all real property offered for dedication within Final Tract Map 8669 except for certain easements which City Council reserves the right to accept at a future date.

RECOMMENDED ACTION

Staff recommends the City Council adopt a resolution:

1. Finding that the requirements of the California Environmental Quality Act have been satisfied;
2. Approving and authorizing execution of the Subdivision Improvement Agreement for Final Tract Map 8669;
3. Approving Final Tract Map 8669 for recording; and
4. Accepting, on behalf of the public, all real property offered for dedication within Final Tract Map 8669 except for the following, which the Council rejects at this time, reserving the right to accept the offer at a future date: Public Utility Easement (PUE), Emergency Vehicle Access Easement (EVAE), Public Access Easement (PAE), and Trail Easement (TE).

SUMMARY

TH Cornerstone LLC (Builder) has completed Final Tract Map 8669 and a Subdivision Improvement Agreement in conformance with the conditions of approval for Vesting Tentative Tract Map (VTTM) 8669. TPG AG EHC III (TRU) CA 2, L.P. is the property Owner (Owner). Builder and Owner are collectively identified as the “Developer” in the Subdivision Improvement Agreement. Final Tract Map 8669 which is located at the northwest corner of the intersection of Collier Canyon Road and Constitution Drive, as shown on Attachment 1. The existing Cornerstone property consists of five lots.

The Cornerstone project includes residential development consisting of 21 three-story residential buildings and one five-story apartment building, for a total of 253 residential units, including 110 affordable units and four accessible units, along with two public parks and related landscaping, parking, stormwater, frontage, utilities, and other improvements. The proposed Subdivision Improvement

Agreement will secure construction of the required public and private improvements, including the approximately 2.5-acre neighborhood park along Constitution Drive. Final Tract Map 8669 can now be approved, and all real property offered for dedication within Final Tract Map 8669 can be accepted on behalf of the public except for the following, which the Council rejects at this time, reserving the right to accept the offers at a future date: Public Utility Easement (PUE), Emergency Vehicle Access Easement (EVAE), Public Access Easement (PAE), and Trail Easement (TE).

DISCUSSION

On January 27, 2025, the City Council adopted Resolution 2025-013 finding that the Cornerstone project is exempt from the provisions of the California Environmental Quality Act (CEQA). The City Council also adopted Resolution 2025-014 approving VTTM 8669, Subdivision (SUB) 22-006, Site Plan Design Review (SPDR) 22-004, Conditional Use Permit (CUP) 24-009, and related findings for the Cornerstone project. The approved project is located at 2620 Collier Canyon Road at the northwest corner of Collier Canyon Road and Constitution Drive.

Staff has reviewed Final Tract Map 8669 and the improvement plans and has found them to be in substantial conformance with the conditions of approval for VTTM 8669. The final map and improvement plans have been prepared for approval and recording in accordance with the Livermore Development Code and the Subdivision Map Act. The approval of a final map is a ministerial act that is not subject to CEQA pursuant to Public Resources Code section 21080(b)(1) and CEQA Guidelines section 15268. The project-level CEQA determinations for Cornerstone were completed as part of the City Council approvals on January 27, 2025.

The Developer is responsible for funding and constructing the required public and private improvements. Public improvements include, but are not limited to, frontage improvements along Collier Canyon Road and Constitution Drive, public water and sanitary sewer facilities, existing public storm drain facilities, and a portion of the new storm drain facilities at the public park, fire hydrants, public access and trail improvements along Collier Creek, and improvements associated with the neighborhood park parcel. Private and HOA-maintained improvements include, but are not limited to, the private internal streets, internal sidewalks except along Constitution Drive and Collier Canyon Road, proposed storm drain facilities, detention vaults and related infrastructure, private fire service facilities, onsite landscaping and hardscape outside of the public park, and private streetlights. The Subdivision Improvement Agreement requires the Developer to construct the improvements at its sole cost and expense, to obtain required permits, and to provide required security for faithful performance, labor and materials, and warranty obligations.

Required public and frontage improvements include work along Collier Canyon Road and Constitution Drive consistent with the Isabel Neighborhood Specific Plan, including roadway reconfiguration, bicycle lanes, signing and striping, surface treatments, utility connections, drainage improvements, and related pedestrian and accessibility improvements. The project also includes public access and trail improvements along Collier Creek, emergency vehicle access, utility easements, and other dedications and easements shown on the final map. The final map includes offers of dedication for streets, Public Utility Easement (PUE), Emergency Vehicle Access Easement (EVAE), Public Access Easement (PAE), Trail Easement (TE), the area designated as Parcel M for public park purposes, Bridge Easement, public ways, and other real property interests necessary for the project.

The approximately 2.5-acre neighborhood park along Constitution Drive is a required public amenity of

the project. The park improvements include passive open space, playgrounds, picnic areas, pathways, and related amenities, and the park parcel is to be dedicated to the City of Livermore (City) on the final map. The Subdivision Improvement Agreement requires the park to be completed prior to occupancy of the first residential unit, unless otherwise approved in accordance with the conditions of approval and agreement terms.

The project will also construct a public trail segment along Collier Creek. The trail is located along Collier Creek at the western property line of the project and connects Constitution Drive to Collier Canyon Road. The trail will be constructed with a pervious pavement surface per the conservation easement.

The Developer has provided the insurance and surety documents necessary to secure construction of the required improvements in accordance with the Subdivision Improvement Agreement. The securities will be released after the improvements have been completed, inspected, accepted, and any required maintenance or warranty obligations have been satisfied, in accordance with the Subdivision Improvement Agreement, the Subdivision Map Act, and City requirements.

Because Final Tract Map 8669 and the Subdivision Improvement Agreement are in conformance with the approved tentative map and conditions of approval, staff recommends the City Council approve Final Tract Map 8669 for recording, approve and authorize execution of the Subdivision Improvement Agreement, and accept, on behalf of the public, all real property offered for dedication within Final Tract Map 8669 except for the following, which the Council rejects at this time, reserving the right to accept the offers at a future date: Public Utility Easement (PUE), Emergency Vehicle Access Easement (EVAE), Public Access Easement (PAE), and Trail Easement (TE).

FISCAL AND ADMINISTRATIVE IMPACTS

The Developer is responsible for funding and constructing the public and private improvements required for this development. City inspection costs and applicable development fees are paid by the Developer in accordance with City requirements and the Subdivision Improvement Agreement.

The estimated annual cost for maintenance of public infrastructure, including sewer, storm, and water, is $28,300. $7,900 of this cost is funded by Wastewater (Fund 620), and $18,900 of this cost is funded by Water (Fund 640). The remaining $1,500 is funded by Stormwater (Fund 610).

Funding for public infrastructure maintenance costs associated with the Isabel Neighborhood Specific Plan is provided by Community Facilities District No. 2023-1 (Isabel Neighborhood Specific Plan Services). The Cornerstone project was annexed into CFD No. 2023-1 as Tax Zone 23 at the City Council Meeting on February 23, 2026. The FY 2025-26 Special Tax Requirement Max Cap for Tax Zone 23 is estimated at $137,123, an average of approximately $959 per residential unit. The City will administer CFD No. 2023-1 on an annual basis and will budget for and manage the necessary maintenance, operation, and administration. All related expenditures will be paid by the City with special taxes collected in CFD No. 2023-1.

The City will coordinate with the Developer to amend the City’s license agreement with LARPD for the maintenance of the proposed park and amenities. This will be completed after the park is constructed and accepted by the City and LARPD.

Tract Map 8669

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION APPROVING FINAL TRACT MAP 8669, AUTHORIZING EXECUTION OF A SUBDIVISION IMPROVEMENT AGREEMENT FOR CORNERSTONE LOCATED AT THE NORTHWEST CORNER OF CONSTITUTION DRIVE AND COLLIER CANYON ROAD, AND ACCEPTING ON BEHALF OF THE PUBLIC ALL REAL PROPERTY OFFERED FOR DEDICATION WITHIN FINAL TRACT MAP 8669 EXCEPT FOR CERTAIN EASEMENTS AND PARCELS WHICH THE CITY COUNCIL RESERVES THE RIGHT TO ACCEPT AT A FUTURE DATE

(FINAL TRACT MAP 8669 – CORNERSTONE)

TH Cornerstone LLC and TPG AG EHC III (TRU) CA 2, L.P. (collectively, "Developer") have presented Final Tract Map 8669 (SUB 22-006), situated in the City of Livermore, County of Alameda, State of California, a copy of which is attached hereto as Exhibit A, in accordance with the provisions of the California Subdivision Map Act ("Act") and the Livermore Development Code. The Developer has also presented a Subdivision Improvement Agreement, a copy of which is attached hereto as Exhibit B, providing for the improvements required as a condition of approval of the Final Tract Map.

The City Engineer reviewed Final Tract Map 8669 and certified it as required by the Act and the Livermore Development Code. Additionally, the City Engineer reviewed and approved the staff report concerning Final Tract Map 8669 and the Subdivision Improvement Agreement, which recommends approval.

The City Attorney has reviewed the surety provided by TH Cornerstone LLC to secure performance of the Subdivision Improvement Agreement as required by California and City law.

On January 27, 2025, the City Council adopted Resolution No. 2025-014, which, among other things, approved Vesting Tentative Tract Map 8669 (SUB 22-006), subject to the conditions of approval. The City Council also adopted Resolution No. 2025-013, where the City Council found that the proposed project is exempt from review under the California Environmental Quality Act ("CEQA") as a project that is consistent with a specific plan for which an EIR has been certified pursuant to the Government Code section 65457 and CEQA Guidelines Section 15182(c).

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore, that the approval of Final Tract Map 8669 is a ministerial act and therefore not subject to the California Environmental Quality Act. (Public Resources Code section 21080(b)(1) and CEQA Guidelines section 15268.) Additionally, any potential impacts to the environment that may be caused by approval of Final Tract Map 8669 and the Subdivision Improvement Agreement are within the scope of the environmental review

approved as part of Resolution No. 2025-013. Accordingly, the requirements of CEQA have been satisfied.

BE IT FURTHER RESOLVED, by the City Council of the City of Livermore that:

1. Final Tract Map 8669, attached hereto as Exhibit A, is approved, and all those parcels of land, easements, and other legal interests in land offered for public use within Final Tract Map 8669 are accepted in conformity with the terms of the offer, except for the following which the City Council rejects at this time, reserving the right to accept the offers at a future date subject to Government Code Sections 66477.2 and 7050:

Public Utility Easement (PUE), Emergency Vehicle Access Easement (EVAE), Public Access Easement (PAE), and Trail Easement (TE)

2. The Subdivision Improvement Agreement, attached hereto as Exhibit B, is approved and the Mayor is authorized to sign the Agreement on behalf of the City of Livermore.

3. The City Clerk is directed to execute the certificate attached to Final Tract Map 8669 and affix the Seal of the City and to record Final Tract Map 8669 and the Subdivision Improvement Agreement with the Alameda County Recorder.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

OWNER'S STATEMENT

THE UNDERSIGNED, TPG AG EHC III (TRU) CA 2, L.P., HEREBY STATE THAT THEY ARE THE OWNERS OF ALL THE LAND DELINEATED AND EMBRACED WITHIN THE BOUNDARY LINES UPON THE HEREIN EMBRACED MAP ENTITLED "TRACT 8669, CITY OF LIVERMORE, ALAMEDA COUNTY, CALIFORNIA" CONSISTING OF 17 SHEETS, THIS STATEMENT BEING ON SHEET ONE THEREOF; THAT THEY HAVE CAUSED SAID MAP TO BE PREPARED FOR RECORD AND DO CONSENT TO THE MAKING AND FILING OF SAID MAP; THAT SAID MAP DOES PARTICULARLY SET FORTH AND DESCRIBE ALL THE PARCELS OF LAND SO RESERVED FOR PUBLIC PURPOSES BY THEIR BOUNDARY COURSES AND EXTEND.

THE REAL PROPERTY DESCRIBED BELOW IS DEDICATED IN FEE FOR PUBLIC STREET PURPOSES:

1. THAT AREA OF LAND LABELED "COLLIER CANYON ROAD DEDICATION".

THE REAL PROPERTY DESCRIBED BELOW IS DEDICATED IN FEE TO THE CITY FOR PUBLIC PURPOSES:

1. THE AREAS DESIGNATED AS PARCEL M FOR PUBLIC PARK PURPOSES.

THE REAL PROPERTY DESCRIBED BELOW IS HEREBY DEDICATED AS AN EASEMENT FOR PUBLIC PURPOSES FOREVER, GRANTING THE RIGHT TO CONSTRUCT AND MAINTAIN PUBLIC UTILITIES AND APPURTENANCES THERETO IN, UNDER, ON AND OVER THOSE CERTAIN STRIPS OF LAND SHOWN UPON SAID MAP AS "PUE" (PUBLIC UTILITY EASEMENT) THEREON, ALL AS EMBRACED WITHIN THE BOUNDARY LINES UPON SAID MAP, TOGETHER WITH THE RIGHT TO ENTER UPON SAID STRIPS OF LAND FOR THE PURPOSES OF CONSTRUCTING, RECONSTRUCTING, MAINTAINING AND REPAIRING SAID PUBLIC UTILITIES (INCLUDING SIDEWALKS) AND ANY APPURTENANCES THERETO.

THE REAL PROPERTY DESCRIBED BELOW IS HEREBY DEDICATED AS AN EASEMENT FOR PUBLIC PURPOSES FOREVER GRANTING AN "EVAE" (EMERGENCY VEHICLE ACCESS EASEMENT) ON, OVER AND ACROSS THOSE CERTAIN STRIPS OF LAND SHOWN AND DESIGNATED "EVAE" AS EMBRACED WITHIN THE BOUNDARY LINES OF HEREIN EMBODIED MAP, FOR THE INGRESS AND EGRESS OF EMERGENCY VEHICLES.

THE REAL PROPERTY DESIGNATED BELOW IS HEREBY DEDICATED AS AN EASEMENT FOR PUBLIC PURPOSES FOREVER GRANTING A "PAE" (PUBLIC ACCESS EASEMENT) ON, OVER AND ACROSS THOSE CERTAIN STRIPS OF LAND SHOWN AND DESIGNATED "PAE" AS EMBRACED WITHIN THE BOUNDARIES OF THE HEREIN EMBODIED MAP.

THE REAL PROPERTY DESIGNATED BELOW IS HEREBY DEDICATED AS AN EASEMENT FOR PUBLIC PURPOSES FOREVER GRANTING A BRIDGE EASEMENT ON, OVER AND ACROSS THE AREA OF LAND SHOWN UPON SAID MAP AS BRIDGE EASEMENT, ALL AS EMBRACED WITHIN THE BOUNDARY LINES UPON SAID MAP.

THE PROPERTY DESCRIBED BELOW IS HEREBY DEDICATED AS AN EASEMENT FOR PUBLIC PURPOSES FOREVER, GRANTING THE RIGHT TO CONSTRUCT, AND MAINTAIN A PUBLIC TRAIL AND ANY APPURTENANCES THERETO, IN, ON, UNDER, OVER AND ACROSS THOSE CERTAIN STRIPS OF LAND SHOWN UPON SAID MAP AS "TE" (TRAIL EASEMENT) THEREON, ALL AS EMBRACED WITHIN THE BOUNDARY LINES OF THE HEREIN EMBODIED MAP, TOGETHER WITH THE RIGHT TO ENTER UPON SAID STRIPS OF LAND FOR THE PURPOSES AND CONSTRUCTING, RECONSTRUCTING, MAINTAINING AND REPAIRING SAID TRAILS AND ANY APPURTENANCES THERETO, INCLUDING THE RIGHT OF INGRESS AND EGRESS OF THE PUBLIC FOR PEDESTRIAN, ETC. USE OVER AND ALONG THE PUBLIC TRAILS THEREIN.

THE REAL PROPERTY DESCRIBED BELOW IS RESERVED FOR PRIVATE PURPOSES AND IS NOT DEDICATED TO THE PUBLIC:

1. THE UNDERSIGNED DOES HEREBY RESERVE TO ITSELF, AND TO THE OWNERS, RESIDENTS, AND OTHERS DESIGNATED BY THE HOMEOWNERS ASSOCIATION, THE PARCELS DESIGNATED AS PARCEL A, PARCEL B, PARCEL C, PARCEL D, PARCEL E, PARCEL F, PARCEL G, PARCEL H AND PARCEL I FOR PRIVATE STREET, PRIVATE UTILITY AND PRIVATE ACCESS PURPOSES, AND PARCEL J, PARCEL K, AND PARCEL L FOR COMMON OPEN SPACE PURPOSES AND PARCEL L FOR BIORETENTION (A PORTION OF WHICH CONTAINS A PSDE), OR WATER QUALITY MANAGEMENT, SAID PARCELS AND PRIVATE UTILITY PURPOSES TO BE OWNED BY THE HOMEOWNERS ASSOCIATION AND MAINTAINED IN ACCORDANCE WITH THE CC&R'S GOVERNING THIS PROJECT.
2. WE ALSO HEREBY RESERVE "PSDE" (PRIVATE STORM DRAIN EASEMENT) FOR THE RIGHT TO CONSTRUCT, RECONSTRUCT, AND MAINTAIN PRIVATE STORM DRAIN FACILITIES TOGETHER WITH THE RIGHT OF INGRESS AND EGRESS. SAID EASEMENT SHALL BE GRANTED TO THE HOMEOWNERS ASSOCIATION BY SEPARATE INSTRUMENT.
3. WE ALSO HEREBY RESERVE "PWLE" (PRIVATE WATER LINE EASEMENT) FOR THE RIGHT TO CONSTRUCT, RECONSTRUCT, AND MAINTAIN PRIVATE WATER LINE FACILITIES TOGETHER WITH THE RIGHT OF INGRESS AND EGRESS. SAID EASEMENT SHALL BE GRANTED TO THE HOMEOWNERS ASSOCIATION BY SEPARATE INSTRUMENT.
4. WE ALSO HEREBY RESERVE "PRAE" (PRIVATE ACCESS EASEMENT) FOR INGRESS AND EGRESS FOR THE BENEFIT OF THE OWNERS, TENANTS, AND VISITORS OF TRACT 8669.

OWNER'S STATEMENT CONTINUED

THIS MAP SHOWS OR NOTES ALL EASEMENTS, EXISTING OR OF RECORD, WITHIN THE BOUNDARY LINES OF THE HEREIN EMBODIED MAP.

IN WITNESS WHEREOF, THE UNDERSIGNED OWNERS HAVE CAUSED THIS STATEMENT TO BE EXECUTED THIS 26 DAY OF June, 20 26.

JOB NO. 3181-000

SHEET 17 OF 17

No fee for recording pursuant to
Government Code Section 27383 and 27388.1

RECORDING REQUESTED BY AND
WHEN RECORDED MAIL TO:

City Clerk
City of Livermore
1052 S. Livermore Avenue
Livermore, California 94550

SUBDIVISION IMPROVEMENT AGREEMENT

THIS AGREEMENT is entered into by and between TH Cornerstone LLC, a California limited liability company ("Builder") and the City of Livermore, a municipal corporation ("City") and TPG AG EHC III (TRU) CA 2, L.P., a Delaware limited partnership ("Owner"). Builder and Owner are collectively referred to herein as "Developer".

RECITALS

A. Owner is the owner of real property located within the corporate limits of the City of Livermore and has presented to the City Council of the City of Livermore a proposed subdivision, Tract Map No. 8669 recorded under Series No. , dated , Official Records of Alameda County, California (also known as "Subdivision" and/or "Property") and Builder has a recorded option to purchase the Property from Owner. Developer proposes to do and perform certain improvements on said real property as set forth in this Agreement.

B. The City requires that the proposed improvements will be done in a good workmanlike manner and in accordance with the laws and standards now in force and effect in the City, the terms and conditions of which are incorporated herein by reference.

C. Developer acknowledges the pertinent laws, rules, and regulations contained in the Livermore Development Code Part 10 Subdivisions and in the Subdivision Map Act (Government Code sections 66410 to 66500) and agrees to comply therewith.

D. A Final Map of the subdivision, prepared in accordance with the Livermore Development Code Part 10 Subdivisions, has been filed by Developer with the City for approval by the City Council.

E. The City requires, as a condition precedent to the acceptance and approval of the map, the dedication of streets, highways, public utility easements, emergency vehicle access easements, public access easements and public ways shown on the map. In addition, the City requires improvement of the streets, highways, and public ways by the construction and installation of certain work as described below, and all appurtenances thereto.

F. Developer has asked the City to accept the dedication of the public improvements and street or streets shown on the map and approve the map. Public improvements have not yet been completed according to the requirements of the map and the City. As consideration for the acceptance of the Final Map and offer of dedication, the parties desire to establish an agreement

binding Developer to complete improvements prior to occupancy of the development in accordance with the terms of this Agreement.

AGREEMENT

NOW, THEREFORE, the City and Developer hereby agree that the aforementioned recitals are true and correct and in consideration of the approval and acceptance of the Final Map by the City Council and the acceptance of easements offered for dedication for street, utility, and for public purposes, and the covenants herein contained, the parties mutually agree as follows:

1. **Definition and Ownership of Improvements.** The term "Improvements" means public and private improvements, and on-site and off-site improvements, and includes, but is not limited to, grading, paving, curbs and gutters, pathways, storm drains, sanitary sewers, utilities, drainage facilities, traffic controls, landscaping, streetlights, survey monuments, and all other required facilities as shown in detail upon the plans, profiles and specifications which have been prepared by Developer subject to approval by the City Engineer. No work on the Improvements shall be commenced until plans and/or profiles have been submitted, approved and permitted by the City Engineer. All required public improvements, as identified in the plans, profiles and specifications, constructed or installed pursuant to this Agreement shall become the sole exclusive property of the City, without payment therefore, upon acceptance of the public improvements.

2. **Approval of Map.** The City approves the subdivision of Tract No. 8669, also known as Cornerstone, and agrees to accept the dedication of the related public improvements for future maintenance.

3. **Construction of Subdivision Improvements.** Developer agrees to design, construct, and install, at its own expense, all of the Improvements for the Property as described in the Engineering Considerations at Exhibit "A", attached and incorporated herein by this reference, in strict accordance with all specifications, plans, and applicable City standards, and to the satisfaction of the City Engineer. The work shall be performed, and all materials and labor shall be provided, at Developer's sole cost and expense. Developer has provided detailed improvement plans for all on-site and off-site improvements required by the Engineering Considerations at Exhibit "A". All required Improvements shall be constructed in accordance with the approved improvement plans (dated June 2024, sheets 1-888) and current City standard specifications and details all of which are on file in the office of the City Engineer. Developer's obligation to complete the Improvements is separate and independent of any obligation of the City contained herein, and is not conditioned on the sale of any lots or Improvements within the Property.

4. **Special Conditions.** Developer shall be required to comply with the special conditions as follows:

(a) Following construction, the Developer shall provide CASp Certification for all pedestrian improvements within public right-of-way, per the provisions set forth in Section 4(A) of the Conditions of Approval: Engineering Considerations.

(b) In the event a Specific Plan Transportation Management Association ("TMA") is formed for the Isabel Neighborhood, project shall annex into the association (Specific Plan Policy TRA-22), per the provisions set forth in Section 3 of the Conditions of Approval: Engineering Considerations.

(c) The Park Facilities Fee for the project is estimated to be $5,383,645 based on the 253 units shown on the tentative map, including both townhomes and apartments. The Developer will be entitled to credits against the City's Park Facilities Fee for the dedication and construction of the 2.5-acre neighborhood park located along Constitution Drive at the southern end of the project. The park land will be credited at a rate of $900,000 per acre. Of the 2.5 acres, 1.46 acres qualify for credit, resulting in a land credit of $1,314,000. In addition, the Developer will receive a $2,080,000 credit for park construction. The total park credit is therefore $3,394,000, which represents the maximum credit available to the Developer against the Park Facilities Fee. The total Park Facilities Fee credit shall not exceed the amount otherwise due for the project under the Park Facilities Fee. The park credits shall be applied to all 143 townhome units until fully exhausted, and such remaining credits shall run with the land, per the provisions set forth in Section 3 of the Conditions of Approval: Engineering Considerations.

Pursuant to Section 3 of the Conditions of Approval: Engineering Considerations, Developer has prepared park improvement plans for the 2.5-acre neighborhood park, which have been reviewed and approved by the City and the Livermore Area Recreation and Park District LARPD. Said park improvement plans are included in the approved improvement plans referenced in Section 3 of this Agreement. Security for the construction of the required park improvements is included as part of the faithful performance bond required under Section 17 of this Agreement.

(d) The park is a public amenity and must be completed prior to occupancy of the 1st residential unit, per the provisions set forth in Section 3 of the Conditions of Approval: Engineering Considerations.

(e) A traffic control plan shall be submitted and reviewed prior to start of construction, per the provisions set forth in Section 19 of the Conditions of Approval: Engineering Considerations.

5. **Time for Completion.** All Improvements shall be complete and ready for acceptance by the City Council, as determined by the City Engineer, prior to the occupancy of the first residential dwelling unit other than a model home but in any event no later than one year after the recording of the Final Map, except those Improvements for which another completion date is stated in Exhibit "A" or Section 4, *Special Conditions*, of this Agreement, if applicable.

6. **Permits, Licenses, and Compliance with the Law.** Developer shall, at Developer's expense, obtain and maintain all necessary permits and licenses for the performance of the work specified in this Agreement. Developer shall also comply with all local, state, and federal laws, ordinances, rules, and regulations whether or not said laws are expressly stated in this Agreement.

7. **Developer's Obligation to Warn Public During Construction.** Until recordation of the Resolution of Acceptance, Developer shall give good and adequate warning to the public of any unsafe condition of the public improvements and shall take reasonable actions to protect the public from such condition. Until recordation of the Resolution of Acceptance, Developer shall provide forty-eight (48) hours' advance written notice to all neighboring property owners and tenants affected by Developer's operations and/or construction of the hours, dates and duration of any planned construction activities.

8. Injury to Public Improvements, Public Property or Public Utility. Until recordation of the Resolution of Acceptance of the public improvements, Developer assumes responsibility for the care and maintenance of, and any damage to, the public improvements. Developer shall replace or repair all public improvements, public property, public utility facilities, and surveying or subdivision monuments and benchmarks which are destroyed or damaged for any reason, regardless of whether resulting from the acts of Developer, prior to the recordation of the Resolution of Acceptance. Developer shall bear the entire cost of such replacement or repairs regardless of what entity owns the underlying property. Any repair or replacement shall be to the satisfaction, and subject to the approval, of the City Engineer.

Neither the City, nor any officer or employee thereof, shall be liable or responsible for any accident, loss or damage, regardless of cause, occurring to the work or public improvements prior to recordation of the Resolution of Acceptance of the work or improvements.

9. Acceptance by City. The City shall accept for maintenance the on-site and off-site public improvements required by this Agreement after City has determined Developer has caused all Improvements to have been made in accordance with the requirements of Section 3, *Construction of Subdivision Improvements*, of this Agreement. All on-site and off-site public improvements required by this Agreement shall become the sole property of the City when the City accepts such improvements for permanent maintenance.

10. Continued Maintenance for One Year. Developer shall maintain all improvements required by this Agreement, as outlined in Section 3, *Construction of Subdivision Improvements*, of this Agreement, for one year following the completion by Developer and acceptance of the improvements by the City Council. All public improvements required by this Agreement shall become the sole property of the City when the City accepts such improvements for permanent maintenance.

11. Inspection by City. All work done by Developer shall be inspected by an inspector employed by the City at the cost and expense of Developer. Developer shall pay the City, on demand, the cost of the inspection in accordance with City ordinances. In order to permit the City to inspect the work, Developer shall provide to the City proper and safe access to the project site at all times, and to all portions of the work, and to all shops wherein portions of the work are in preparation.

12. Existing Utilities. Any relocation or modification of existing utilities or public improvements necessary to construct the Improvements shall be the sole responsibility and obligation of Developer. The City shall not be responsible for any relocation or modification of existing utilities or public improvements.

13. Continuous Work. After commencement of construction of the Improvements (or separate portion thereof), Developer shall cause such work to be diligently pursued to completion and shall not abandon the work for a consecutive period of more than thirty (30) calendar days, events of Force Majeure, as defined in Section 27 of this Agreement, excepted.

14. Payment of Outstanding Fees. Prior to acceptance of the on-site and off-site public improvements for permanent maintenance by the City, Developer shall pay all outstanding fees that are due in accordance with City ordinances, the Livermore Municipal Code, the Livermore Development Code, and this Agreement. In the event the fees are not paid within one year of the date of execution of this Agreement, Developer shall pay interest at seven percent (7%) per annum from that date until the fees are paid, whether or not any conditions of this Agreement are

extended or modified.

15. Reversion to Acreage. If Developer fails to perform its obligations under this Agreement, Developer consents to the reversion to acreage of the land which is the subject of this Agreement pursuant to Government Code section 66499.16, et seq. and to bear all applicable costs.

16. Property Acquisition. If Developer is unable to acquire property required for the construction of Improvements, Developer agrees to execute an agreement drafted by the City enabling the City to provide for acquisition through eminent domain.

17. Bonds Required. Developer shall provide to the City surety bonds of a form satisfactory to the City Attorney issued by a company authorized to issue surety bonds in the State of California as follows:

(a) The face amount of the bond has been established based on the City Engineer's estimate of the total cost to perform Developer's obligations under this Agreement, plus a reasonable contingency. The bond may be called for failure to comply with the provisions of this Agreement in whole or in part according to the terms of the bond. The bond will not be released until there has been full compliance with this Agreement and the Improvements have been inspected and accepted by the City in full compliance with the approved improvement plans. At the discretion of the City Engineer, the amount of the faithful performance bond may be reduced, based on the amount of work completed on the Improvements. If a partial release of the faithful performance bond is approved, this Agreement shall be amended in accordance with Section 34, *Modifications,* of this Agreement to reflect the reduced bond amount, and a new faithful performance bond shall be provided to the City. Any complete or partial release of the security required by this Agreement shall comply with the applicable requirements of Government Code sections 66499.7 and 66499.8 and Livermore Development Code section 10.05.080, as amended from time to time.

(b) At the time of signing this Agreement, the following bonds shall be provided:

i. A faithful performance bond in the amount of 100 percent of the total estimated public and private improvement construction costs as shown on the improvement plans, or $15,538,000 to secure faithful performance of this Agreement by Developer.

ii. A labor and materials bond in the amount of fifty percent of the estimated public and private improvement construction costs as shown on the improvement plans, or $7,769,000 to secure payment by Developer of laborers and material engaged pursuant to this Agreement, and further to secure payment as required by the Unemployment Insurance Act.

(c) At the time of signing this Agreement, Developer shall also provide a warranty bond for maintenance in the amount of fifteen percent of the total estimated public and private improvement construction costs as shown on the improvement plans, or $2,331,000 to secure performance of Section 10, *Continued Maintenance for One Year,* of this Agreement. This bond shall remain in effect for one (1) year after the date of acceptance by the City Council of the improvements required by this Agreement.

18. Alternate Security. In lieu of the bonds required by Section 17, *Bonds Required*, of this Agreement, alternative security in the form outlined by City ordinance, compliant with the

Government Code, and approved by the City Attorney may be provided.

19. Reporting Damages. If any damage (including personal injury, death, or property damage) occurs in connection with the performance of this Agreement, Developer shall immediately notify the City's Risk Management Division by telephone at (925) 960-4172, and Developer shall promptly submit to the City's Risk Manager a written report, in a form acceptable to the City, with the following information: (a) a detailed description of the damage (including the name and address of the injured or deceased person(s), and a description of the damaged property, if any); (b) the name(s) and address(es) of witnesses; and (c) the name(s) and address(es) of any potential insurance companies.

20. Default. Default by Developer shall include, but not be limited to:

(a) Developer's failure to timely complete construction of the Improvements;

(b) Developer's failure to perform substantial construction work for a period of 30 consecutive calendar days after commencement of the work;

(c) Developer's insolvency, appointment of a receiver, or the filing of any petition in bankruptcy, either voluntary or involuntary, which Developer fails to discharge within 30 calendar days;

(d) The commencement of a foreclosure action against the subdivision or a portion thereof, or any conveyance in lieu or in avoidance of foreclosure; or

(e) Developer's failure to perform any other obligation under this Agreement.

21. Remedies. The City reserves all remedies available to it at law or in equity for a default or breach of Developer's obligations under this Agreement. The City shall have the right, subject to this Section, to draw upon or use the appropriate security to mitigate the City's damages in the event of default by Developer. The City's right to draw upon or use the security is in addition to any other remedy available to the City. The parties acknowledge that the estimated costs and security amounts may not reflect the actual cost of construction of the Improvements and, therefore, the City's damages for Developer's default shall be measured by the cost of completing the required Improvements. The City may use the sums provided by the securities for the completion of the Improvements in accordance with the plans.

In the event Developer fails to cure any default under this Agreement within 20 business days after the City mails a notice of such default to Developer and Developer's surety, Developer authorizes the City to perform the obligation for which Developer is in default and agrees to pay the entire cost of such performance by the City. The City may take over the work and complete the Improvements, by contract or by any other method the City deems appropriate, at the expense of Developer. In such event, the City, without liability for doing so, may complete the Improvements using any of Developer's materials, appliances, plans, and other property that are at the work site and that are necessary to complete the Improvements.

22. Indemnification. To the fullest extent permitted by law, Developer agrees to protect and shall hold harmless, indemnify and defend with counsel acceptable to the City, the City, and its elected and appointed officials, officers, directors, boards and commissions, employees, agents, and designated volunteers (hereinafter collectively "Indemnified Parties") from and against any and all claims, demands, causes of action, liability, loss, damages, expenses, and costs (including

without limitation, attorney's fees and costs and fees of litigation) of any nature or sort, because of, or arising out of the acts or omissions of Developer, its agents, employees, contractors and subcontractors in the performance of this Agreement, including all claims, demands, causes of action, liability, loss, damages, expenses, and costs because of, or arising out of, in whole or in part, the design, construction, and installation of the Improvements. This indemnification and agreement to hold harmless shall extend to injuries to persons and damages or taking of property resulting from the design, construction, or installation of said Subdivision and the Improvements as provided herein, and in addition, to adjacent property owners as a consequence of the diversion of waters from the design and construction of public drainage systems, streets, and other public improvements. Acceptance by the City of the improvements shall not constitute an assumption by the City of any responsibility for any damage or taking covered by this Section. This indemnification and agreement to hold harmless shall not extend to such claims, demands, causes of action, liability, or loss arising out of the sole active negligence of the City, its officials, boards, commissions, agents, and employees. The Indemnified Parties shall not be liable for any injury to persons or property occasioned by reason of the acts or omissions of Developer and its agents, employees, contractors and subcontractors in the performance of this Agreement.

23. Assignment. Developer's obligations under this Agreement are and shall remain the personal obligations of Developer notwithstanding a transfer of all or any part of the property within the subdivision subject to this Agreement. Neither this Agreement nor any of the rights and obligations of Developer hereunder shall be assigned or transferred, in whole or in part, without the prior written consent of the City, which consent shall not be unreasonably withheld, conditioned or delayed.

24. Developer Not Agent of the City. Neither Developer nor any of Developer's agents, contractors, or subcontractors are or shall be considered to be agents or contractors of the City in connection with the performance of Developer's obligations under this Agreement.

25. Notice. Unless otherwise specified in this Agreement, Developer agrees to provide written notice to the City, within ten (10) calendar days of the occurrence of:

i. A change of name, corporate identity, or address of Developer or its contractor(s);

ii. Intent to transfer or a transfer of title to the Property by deed, contract, or operation of law;

iii. The foreclosure of a lien against the Property or a portion of the Property;

iv. The filing of a voluntary or involuntary petition of bankruptcy respecting Developer and/or its contractor(s); and

v. Any other event that may affect performance of the parties under this Agreement.

Notices under this Agreement must be delivered to the addresses below by deposit in United States mail or by overnight delivery service, with postage prepaid and delivery confirmation. Notices are effective on the date of deposit in the United States mail or on the date tendered to the overnight delivery service.

TO CITY: City of Livermore
1052 South Livermore Avenue
Livermore, CA 94550

Attention: Community Development Director

TO DEVELOPER:
(Name)TH Cornerstone LLC
(Title) Tony Bosowski, Authorized Agent
(Address 1)3001 Bishop Drive, Suite 100
(Address 2)San Ramon, California 94583

26. Non-Discrimination. The City and Developer shall comply with all provisions and requirements of federal, State, and local non-discrimination laws, regulations and policies. During the performance of this Agreement, the parties shall not discriminate against any employee, client, or any other individual in any way because of that person's age, race, creed, color, religion, sex, disability, or national origin.

27. Force Majeure. Developer's time for completion of the Improvements shall be extended for the period of any enforced delay caused due to circumstances beyond the control and without the fault of Developer, including to the extent applicable adverse weather conditions, flood, earthquakes, strikes, lockouts, and required changes to the scope of work required by the City; provided however, that the period of any enforced delay shall not include any period longer than five (5) business days prior to the City's receipt of a written notice from Developer or its contractor detailing the grounds for Subdivider's claim to a right to extend its time for performance hereunder. The City Engineer shall evaluate all claims for Force Majeure and the City Engineer's decision shall be final.

28. Insurance Required. Developer shall procure and maintain insurance for the duration of this Agreement in the amounts and under the terms set forth in Exhibit "B" against claims for injuries to persons or damages to property, which may arise from or in connection with the performance of the work hereunder by Developer, its agents, representatives, employees, or subcontractors.

29. Participation in Benefit Districts. Developer shall participate in all Benefit Districts formed by the City prior to the execution of this Agreement and shall pay the pro rata fee due the City under the terms of Benefit District(s) as applied to the real property covered by this Agreement.

30. Attorney's Fees to Prevailing Party. If any action at law or in equity, including an action for declaratory relief, is brought to challenge, enforce, or interpret the provisions of this Agreement, the prevailing party shall be entitled to reasonable attorneys' fees, expert witness fees, and costs, in addition to any other relief to which it may be entitled.

31. Developer Obligations to Pay City Expenses to Defend Agreement. Consistent with Government Code section 66474.9, the Developer shall defend, indemnify, and hold harmless the City against any third party claim or suit challenging any action taken by the City with regard to any procedure or aspect of this Agreement, including the environmental review process for the project, and the Developer shall be responsible for attorneys' fees, expert witness fees, and other costs that may occur in connection with litigation, including any award of court costs or fees against the City. The City will promptly notify Developer of any claim, action, or proceeding and shall cooperate fully in the defense. The City shall have the right to select and require Developer to retain legal counsel to defend the City in any claim or suit covered by this Section 31. The City

may participate in the defense of any claim, action, or proceeding, but shall bear its own attorney's fees and costs and defend the action in good faith. This Section 31 is intended to comply with the statutory requirements of Government Code section 66474.9, including, but not limited to, the Developer's right to approve settlements and the City's obligation to cooperate in the defense.

32. Agreement Binds Successors. This Agreement pertains to and runs with the land benefited by the privileges it grants and binds the successors in interest of the parties to this Agreement. This Agreement shall be recorded in the Official Records of Alameda County.

33. Severability. If any term of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in full force and effect; provided, however, this section shall not be applied to the extent that it would result in a frustration of the parties' intent under this Agreement.

34. Modifications. This Agreement may not be modified unless by written instrument that is both: (1) approved by the City Council of the City of Livermore; and (2) signed by the authorized representatives of both parties.

35. Governing Law. The interpretation, validity and enforcement of this Agreement shall be governed by and interpreted in accordance with the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of Alameda.

36. Counterparts. This Agreement may be executed and delivered in one or more counterparts, each of which will be deemed to be an original copy of this Agreement, and all of which, when taken together, will be deemed to constitute one and the same agreement.

Revised: December 17, 2024 by PC

ENGINEERING CONSIDERATIONS
(Subject to revision prior to final approval by Planning Commission and City Council)

TENTATIVE TRACT: VTTM 8669 (SUB22-006)

LOCATION: Collier Canyon Road (Cornerstone)

APPLICANT: Trumark and The Pacific Companies (Affordable)

Note: Special conditions are shown in standard type. Standard conditions that apply to this project are shown in italics. In addition, standard conditions of approval for this project are listed in Section II of the Development Plan Check and Procedures Manual.

1. DEFINITIONS

For the purpose of this agreement, the following words shall have the meanings respectively ascribed to them by this section:

Developer:	*Person(s) or Corporation(s) signing final map(s) and subdivision agreement(s)*
Improvement Plans:	*Construction drawings for required public and private improvements.*
Services:	*Utility lateral, or any portions of a conduit cable or duct, between a utility distribution line and the site it serves.*
Project:	*The work to be performed by Developer.*

2. VESTING TENTATIVE MAP

Approval or conditional approval of this vesting tentative map shall not limit the City Engineer's ability to require workable designs on future grading and improvement plans based upon these Engineering Considerations and the City's standard engineering specifications and details.

3. GENERAL

The project shall be in conformance with all City Ordinances, rules, regulations, and policies in effect when the Developer submitted the preliminary application in accordance with SB 330. *The conditions listed below are particularly pertinent to this permit and shall not be construed to permit violation of other laws and policies not so listed.*

All required improvements shall be constructed prior to occupancy of the new residential units on this site.

The Developer shall design and construct various improvements and amenities in accordance with the Isabel Neighborhood Specific Plan. These Engineering Considerations provide additional requirements for the design and construction of these improvements and amenities.

In order to provide public access to the proposed multi-use trail along Collier Creek at the western property line of the project, the Developer shall dedicate a public access easement over the trail on the final map.

In accordance with the Isabel Neighborhood Specific Plan, the Developer shall construct a neighborhood park along Constitution Drive at the southern portion of the project that is approximately 2.5 acres in size. Because this park is intended to accommodate a variety of public programs and events. The park shall include but is not limited to passive open space, playgrounds, picnic area, and pathways. Because LARPD will be maintaining and programming this park, the Developer shall design and construct this park per LARPD standards. LARPD approval signature will be required on the final plan set for the park. The developer shall dedicate the park parcel to the City on the final map. The City will coordinate with the Developer to amend the City's license agreement with LARPD for the maintenance of the proposed park and amenities. The park design shall incorporate the existing well site. The dedication and construction of this park shall be eligible for credits against the City's Park Impact Fee.

In order to facilitate the future construction of the Valley Link light rail project, the Developer shall dedicate additional right-of-way needed along their frontage on Constitution Drive that is beyond the previously dedicated right-of-way for transit rail lines and highway expansion (RSN 2001295928 & RSN 2002142441). It is estimated that at least another 10' of right-of-way will be needed for this future construction. The final configuration of this additional right-way will be determined by the San Joaquin Valley Regional Rail Authority.

In accordance with the Isabel Neighborhood Specific Plan, the Developer shall participate in a Transportation Management Association (TMA). The purpose of the TMA is to provide strategies to help make alternative modes of transportation as convenient, affordable and safe as solo driving. The strategies that may be included in the TMA are outlined in Chapter 3 of the Isabel Neighborhood Specific Plan.

A. IMPROVEMENT PLANS - Exhibit A-1

An engineered improvement plan shall be prepared by the Developer for approval by the City's Departments (including the Community Development, Public Services, Fire, and Police Department), which shall include, but not necessarily be limited to, existing site conditions, dedications, grading plans, street design and grades, curb, gutter, sidewalk and driveway grades, and type, size and location of all public works improvements as herein required. Approval of this tentative map does not constitute approval of the details shown thereon. If there is any conflict between the tentative map and these Engineering Considerations, the Engineering Considerations shall govern.

No specific phased development plan has been submitted with this tentative tract application. Therefore, all required improvements for this tentative map shall be constructed as one phase. A phased map could only be considered if a specific phasing plan is submitted for consideration as a tentative map amendment.

B. STANDARDS FOR IMPROVEMENT PLANS AND MAPS

All improvement plans and maps shall conform to the following City of Livermore documents except as modified by these engineering considerations:

1. *City of Livermore Standard Specifications and Details*
2. *Development Plan Check and Procedures Manual*

Completed final map and improvement plan checklists from the manual entitled "City of Livermore, Development Plan Check and Procedures Manual" shall be submitted with the first plan check submittal for each phase.

C. STANDARD CONDITIONS OF APPROVAL IN THE DEVELOPMENT PLAN CHECK AND PROCEDURES MANUAL

All of the standard conditions of approval for subdivisions and major projects as listed in Part II of the City of Livermore Development Plan Check and Procedures Manual apply except for the following: A-2, A-4, A-5, A-6, A-9, A-13, A-14, A-15, A-16, B-8, B-9, B-10, B-11, B-13, B-14, B-16, K-1, K-2, K-3

D. WORK IN OTHER JURISDICTIONS

The Developer is responsible for obtaining permits and approvals for construction work and property acquisition that are required by agencies other than the City of Livermore.

The project is proposing to relocate an existing AT&T line and conduit that currently crosses the project site. Developer shall provide approval from AT&T for the proposed relocation route of the line and conduit prior to the filing of the final map. The Developer shall be responsible for preparing any corresponding easement documents for the relocation and of the line and conduit and providing them to the City for review and approval. The relocation of this line shall be completed prior to any new on-site utility work.

The multi-use trial that is to be constructed along the western boundary is to be located within a conservation easement held by the Regional Water Quality Control Board (RWQCB). The Developer shall provide plans for review and approval from the RWQCB and the City prior to the filing of the final map for the construction of this multi-use trail.

Creek improvements may be subject to requirements of any or all of the following agencies: (1) California Department of Fish and Game, (2) the Army Corps of Engineers, (3) the Regional Water Quality Control Board, (4) State Department of Water Resources (5) the U.S. Fish and Wildlife Service, and (6) Alameda County Flood Control and Water Conservation District (Zone 7).

4. STREETS

A. SPECIFIC REQUIREMENTS:

The Developer shall offer easements and dedications for, and shall improve his share of the ultimate street widths for the following named streets in accordance with the City's General Plan:

Collier Canyon Road

Collier Canyon Road, south of North Canyons Parkway, is a local street in the General Plan with a right-of -way width varying from 60 feet to 100'. The street is comprised of 2 lanes in each direction with a dual left turn lane along the centerline.

In accordance with the Isabel Neighborhood Specific Plan Collier Canyon Road shall be reconfigured to a 2 lane road with a Class IIa bike lane on both sides. Collier Canyon Road improvements shall include but not limited to a 6 foot Class IIa Bike Lane; lane width modifications and transitions; signing and striping; surface treatments, and any necessary utility services needed by the proposed development. Parking spaces shall be added along the project frontage as space permits. Final lane configuration and widths shall be subject to review and approval by the City.

Along the project frontage, Collier Canyon Road shall be given a 1-1/2" A.C. overlay across the full width. Key cutting will be required at the conform points and along the gutter.

The crosswalk at Collier Canyon Road and Gateway Avenue shall be redesigned to shorten the pedestrian crossing length to the extent feasible as determined by the City Engineer.

Constitution Drive

Constitution Drive, west of Collier Canyon Road, is a local street in the General Plan with a right-of -way of varying width. The street is comprised of 2 lanes in each direction with a dual left turn lane along the centerline.

In accordance with the Isabel Neighborhood Specific Plan, Constitution Drive shall be reconfigured to a 2 lane road with a Class IIa bike lane on both sides. Constitution Drive improvements shall include but not be limited to an 6 foot Class IIa Bike Lane; lane width modifications and transitions; signing and striping; surface treatments, and any necessary utility services needed by the proposed development. Parking spaces shall be added along the project frontage as space permits. Final lane configuration and widths shall be subject to review and approval by the City.

Interior Streets

Interior Streets A, B, C, E, F, G and H are local private streets which shall be 26 feet wide with no on-street parking except where guest parking stalls are located. Interior alley is a local private

street which shall be 20 feet wide with no on street parking. All private interior streets will be designated as Commons to distinguish them from public streets.

Emergency Vehicle Access

The Developer shall construct and dedicate an easement for a 26 feet wide Emergency Vehicle Access as shown on the Tentative Map.

Additionally, prior to the start of framing for any buildings, full street sections shall be installed to provide access for emergency vehicles during construction of the buildings. Full street sections shall include installation of fire hydrants, utilities and curb and gutters.

CASp Certification for Public Walkways/Sidewalks

The Developer shall have a certified CASp Specialist review and certify that the design for all pedestrian improvements within the public right-of-way or a public easement complies with the following applicable regulations: American with Disabilities Act (ADA) requirements, the Public Rights-of-Way Accessibility Guidelines (PROWAG), and the requirements found in Chapter 11B of the 2019 California Building Code. If an accessibility design cannot meet the above listed applicable standards, the Developer shall propose and the CASp Specialist shall concur with a design exception request for approval by the City Engineer or their designee. In addition, the Developer shall have the certified CASp Specialist inspect and certify that pedestrian improvements are installed per the CASp certified design. Pedestrian improvements include new trails, walkways, sidewalks, accessible ramps, connections between existing and new pedestrian improvements, and modifications to existing pedestrian improvements within or adjacent to the project site, as shown on the approved plans.

5. TRAFFIC SIGNALS (Not Applicable)

6. TRAFFIC IMPACT FEE CREDITS AND REIMBURSEMENTS: (Not Applicable)

7. SANITARY SEWERS

Because the Developer has chosen to install the city standard asphalt street sections, the sanitary sewer lines in the private streets will be publicly owned and maintained. The Developer shall dedicate an easement to the City on the Final Map for this maintenance.

Sewer shall be extended across all frontages of each phase.

Sewer laterals with cleanout behind the curb shall be installed to each lot or site before the streets are surfaced.

8. STORM WATER DRAINAGE AND TREATMENT REQUIREMENTS

A. General

1. This site is subject to the National Pollutant Discharge Elimination System (NPDES) Program. Prior to the issuance of the initial grading or building permit, the Developer shall provide evidence that the site is covered by the statewide General Permit to Discharge Storm Water associated with construction activity. This requires confirmation that a Notice of Intent (NOI) and the applicable fee was sent to the State Water Resources Control Board. In addition, the grading plans need to state: "All grading shall be in accordance with the Storm Water Pollution Prevention Plan prepared by the Developer per the Notice of Intent on file with the State Water Resources Control Board".

2. Necessary interceptor ditches shall be concrete. Field inlets and storm drainage pipe may be necessary in conjunction with concrete interceptor ditches as secondary drainage releases. All interceptor ditches shall be privately maintained.

B. Storm Drainage Requirements

Per the City's Facilities Planning Guidelines (dated June 2005), the flows must have the following characteristics:

> *For a 10-year design discharge: a hydraulic grade line (HGL) is no higher than 1.25 feet below the top of curb elevation at any manhole or inlet.*
>
> *For a 100-year design discharge: a HGL does not exceed the top of curb elevation. (This is required for item 3 above.)*

For additional detail on these guidelines, the applicant should refer to the following resources: City of Livermore Storm Drain Master Plan & City of Livermore Facilities Planning Guidelines (both available at the Engineering counter at City Hall).

Because the Developer has chosen to build private streets, the storm drain system will be privately owned and maintained by a homeowner's association and maintained to the property line. In order to differentiate the ownership of public and private facilities, the Developer shall provide the additional structures (manholes and or catch basins) to be installed at the property line.

Because the project has proposed to convey storm water runoff through the northern catch basin on Collier Canyon Road, the Developer shall upgrade the existing 12" storm drain lines to 18" storm drain lines beginning at the catch basin on Collier Canyon Road and out to the connection with the 72" storm drain mains.

C. Stormwater Infrastructure Maintenance Funding

The cost to maintain all private storm water infrastructure installed with this project shall be funded by the Developer.

D. Channels (Not Applicable)

E. Storm Water Treatment, Detention and Low Impact Development Requirements

1. *The Developer shall treat the storm water runoff from this site prior to having the storm water enter the City's storm water distribution system. Stormwater Treatment, Low Impact Development, and Trash Capture is required by the Regional Water Quality Control Board. The Developer shall complete and or update the Stormwater Requirements Checklist. The Developer shall provide a storm water treatment plan with calculations indicating treatment that meets the latest requirements described in Section C.3 of the City's NPDES Permit with the Regional Water Quality Control Board. City approval of this plan and calculations is required prior to the approval of the improvement plans.*

2. *If this project is greater than one acre, the Developer shall provide a Hydrograph Modification Plan (HMP) with calculations in accordance with the Alameda Countywide Cleanwater Program (ACCWP) Bay Area Hydrology Model (BAHM) guidelines. The software for the design of control measures to meet the Flow Duration Control is available to download from* www.bayareamodel.org. *For additional information you may contact Debbie Salgado in the City's Engineering Department at (925-960-4558).*

3. The Developer shall install trash capture devices on catch basins, as needed, to minimize the flow of trash into the City's storm drain system.

4. *Prior to final map approval, the applicant shall enter into a maintenance agreement with the City of Livermore for all storm water treatment devices deemed necessary on this site. If the stormwater treatment devices will be maintained by the individual homeowners a cleanout will be necessary at the property lines to allow the residents to maintain their portion of the private storm drain underdrain. If the stormwater treatment device will be maintained by a Homeowners Association, then the cleanouts at each of the property lines may not be needed. The storm drain treatment devices shall be shown on the plat plans and included in the Operations and Maintenance Agreement. The Operations and Maintenance Agreement(s) shall be recorded prior to recordation of the Final Map.*

F. Stormwater Treatment Infrastructure Maintenance Funding

The cost to maintain all storm water treatment, detention and low impact development infrastructure installed with this project shall be funded by the Developer.

9. REQUIRED SOURCE CONTROL STORMWATER MEASURES

The Regional Water Quality Control Board adopted Order R2-2022-0018 issuing the Alameda Countywide NPDES municipal storm water permit for the Alameda Countywide Clean Water Program. The 17 member agencies, including Livermore, are subject to this permit and all its requirements including the following:

> *"The Permittees shall, as part of their continuous improvement process, submit enhanced new development and significant redevelopment Performance Standards that summarize source control requirements for such projects to limit pollutant generation, discharge, and runoff, to the maximum extent practicable…"*

In accordance with this requirement, the following source control measures, included as part of these Conditions of Approval, shall be implemented as a part of this project.

A. Structural Control Measures

1. Illegal Dumping to Storm Drain Inlets and Waterways

On-site storm drain inlets, except inlets located in landscaped areas, shall be clearly marked with the words "No Dumping! Flows to Bay" on a stainless-steel marker. The stainless-steel markers are available for purchase from the Water Resources Division. For ordering information, please call 925-960-8100. For projects with newly developed, privately maintained streets, agency staff will verify that storm drain inlets have been marked before the final sign-off on the project's building permit or encroachment permit.

2. Interior Floor Drains

Approved interior floor drains shall be plumbed to the sanitary sewer system and shall not be connected to the storm drain system. The applicant shall contact the Water Resources Division for specific connection and discharge requirements.

3. Parking Garages

Interior level parking garage floor drains shall be connected to a sand/oil interceptor or equivalent water treatment device approved by the Water Resources Division prior to discharging to the sanitary sewer system.

4. Pesticide/Fertilizer Application and Irrigation

a. Landscaping shall be designed to minimize irrigation and runoff, promote surface infiltration where possible, minimize the use of fertilizers and pesticides that can contribute to storm water pollution, and incorporate appropriate Bay-Friendly Landscaping principles.

b. If a landscaping plan is required as part of a development project application, the plan shall meet the following conditions related to reduction of pesticide use on the project site:

I. Where feasible, landscaping shall be designed and operated to treat storm water runoff by incorporating elements that collect, detain, and infiltrate runoff. In areas that provide detention of water, plants that are tolerant of saturated soil conditions and prolonged exposure to water shall be specified.

II. Plant materials selected shall be appropriate to site specific characteristics such as soil type, topography, climate, amount and timing of sunlight, prevailing winds,

rainfall, air movement, patterns of land use, ecological consistency and plant interactions to ensure successful establishment.

III. Existing native trees, shrubs, and ground cover shall be retained and incorporated into the landscape plan to the maximum extent practicable.

IV. Unless otherwise specified, proper maintenance of landscaping shall be the responsibility of the property owner.

V. Integrated pest management (IPM) principles and techniques shall be encouraged as part of the landscaping design. Some examples of IPM principles and techniques include the following:

i. Select plants that are well adapted to soil conditions at the site.

ii. Select plants that are well adapted to sun and shade conditions at the site. Consider future conditions when plants reach maturity. Consider seasonal changes and time of day.

iii. Provide irrigation appropriate to the water requirements of the selected plants.

iv. Select pest and disease resistant plants.

v. Plant a diversity of species to prevent a potential pest infestation from affecting the entire landscaping plan.

vi. Use "insectary" plants in the landscaping to attract and keep beneficial insects.

VI. Landscaping shall also comply with City of Livermore's "Water Efficient Landscape Ordinance". However, areas of a site used for bio-swales or other landscaped areas that function as a storm water treatment measure shall be exempt from the Water Efficient Landscaping requirements.

VII. An efficient irrigation system shall be installed in areas requiring irrigation. An example of an efficient irrigation system is one that includes a weather-based (automatic, self-adjusting) irrigation controller with a moisture and/or rain sensor shutoff, and in which sprinkler and spray heads are not permitted in areas less than 8 feet wide.

5. Pool, Spa, and Fountain Discharges

a. New or rebuilt swimming pools, hot tubs, spas and fountains must have a connection to the sanitary sewer to facilitate draining. This connection could be a drain in the pool to the sanitary sewer or a cleanout located close enough to the pool so that a hose can readily direct the pool discharge into the sanitary sewer cleanout.

b. When draining is necessary, a hose or other temporary system shall be directed into a sanitary sewer cleanout, or vegetated areas that are large enough to accommodate the volume without allowing the discharged water to flow to the storm drain system or receiving water body.

6. Food Service Equipment Cleaning

a. Food service facilities (including grocery stores) shall have a sink or other container for cleaning floor mats, equipment, and hood filters, which is connected to a grease interceptor prior to discharging to the sanitary sewer system. The cleaning area shall be large enough to allow for the largest type of equipment that must be cleaned at the facility. The cleaning area shall be indoors or in a roofed area outdoors and must be plumbed to the sanitary sewer. The discharge of wastewater from these washing activities to the storm drain system is prohibited. Outdoor cleaning areas shall be designed to prevent storm water run-on from entering the sanitary sewer and to prevent wastewater runoff to the storm drain from washing activities. Signs shall be posted indicating that all food service equipment washing activities shall be conducted in this area.

b. An oil and grease interceptor with a minimum size of 750 gallons is required for all food service facilities (including restaurants and grocery stores). Facilities that do not have any cooking or any other grease generating processes may request an exemption from this requirement.

7. Refuse Areas

a. New or redevelopment projects shall provide a roofed and enclosed area for dumpsters, recycling containers, compactors, and food waste containers. The area shall be designed to prevent water run-on to the area, to prevent runoff from the refuse area and to properly contain litter and trash. Dumpster leakage from covered trash and food compactor enclosures shall drain to the sanitary sewer via connection to an approved oil and grease interceptor device.

b. Runoff from trash enclosures, recycling areas, and/or food compactor enclosures or similar facilities shall not discharge to the storm drain system. Trash enclosure areas shall be designed to avoid run-on to the trash enclosure area. In most cases, drains are not permitted within trash enclosure areas. A drain, however, must be provided for compactors. If a drain is required in or beneath dumpsters, compactors, and tallow bin areas, it shall be connected to a grease removal device prior to discharging to the sanitary sewer.

8. Outdoor Process Activities/Equipment [1]

[1] Examples of businesses that may have outdoor process activities and equipment include machine shops and auto repair shops, and industries that have pretreatment facilities.

a. Process activities shall be performed either indoors or in roofed outdoor areas. If performed outdoors, the area shall be designed to prevent the "run-on" of storm water drainage, as well, as the runoff from the area with process activities.

b. Process equipment areas shall drain to the sanitary sewer system. The applicant shall contact the Water Resources Division for specific connection and discharge requirements.

9. Outdoor Equipment/Materials Storage

a. All outdoor equipment and materials storage areas shall be covered and/or bermed, or shall be designed with Best Management Practices (BMP) that effectively minimize the potential runoff and contact of storm water to pollutants.

b. Storage areas containing non-hazardous liquids shall be covered by a roof and be contained by berms, dikes, liners, vaults or similar spill containment devices.

c. All on-site hazardous materials and wastes, as defined and/or regulated by the California Public Health Code must be used, managed, and stored in compliance with the applicable Livermore Pleasanton Fire Department's requirements and regulations.

10. Vehicle/Equipment and Commercial/Industrial Cleaning

a. Wastewater from vehicle and equipment washing operations shall not be discharged to the storm drain system. Auto dealerships, however, may rinse off vehicle exterior surfaces for appearance purposes, provided only a minimum volume of water is used without soap or other cleaning agents.

b. Commercial/industrial facilities having vehicle/equipment cleaning needs shall either provide a roofed, bermed area for washing activities or discourage vehicle/equipment washing by removing hose bibs (faucets) and installing signs prohibiting such uses. Vehicle/equipment washing areas shall be paved, designed to prevent run-on to or runoff from the area, and plumbed to drain to the sanitary sewer via an oil water separator with a minimum size of 750-gallons or an approved equivalent pretreatment device.

c. Commercial car wash facilities shall be designed and operated such that no runoff from the facility is discharged to the storm drain system. Wastewater from the facility shall discharge to the sanitary sewer via an oil water separator with a minimum size of 750-gallons or an approved equivalent pretreatment device.

d. All facilities, which discharge wastewater generated from vehicle or equipment washing, must obtain a wastewater discharge permit from the City of Livermore's Water Resources Division prior to the commencement of the discharge.

11. Vehicle/Equipment Repair and Maintenance

a. Vehicle/equipment repair and maintenance shall be performed in a designated area indoors, or if such services must be performed outdoors, in an area designed to prevent the run-on and runoff of storm water. Oil and other automotive fluid change service must always be performed indoors.

b. Secondary containment shall be provided for exterior work areas where hazardous materials or hazardous wastes are used or stored. Drains shall not be installed within the secondary containment areas.

c. Vehicle service facilities shall not contain floor drains.

d. Tanks, containers, or sinks used for parts cleaning or rinsing shall not be connected to the storm drain system. Tanks, containers, or sinks used for such purposes shall not be directly connected to the sanitary sewer. Discharges to the sanitary sewer from such operations require prior approval from the Water Resources Division. The applicant shall contact the Water Resources Division for specific connection and discharge requirements.

12. Fuel Dispensing Areas [2] (Not Applicable)

13. Loading Docks (Not Applicable)

14. Fire Sprinkler Test Water

Provisions shall be made in the project design and construction to allow for the discharge of fire sprinkler test water to an onsite vegetated area. If this is not feasible, provide for discharge to the sanitary sewer in accordance with current plumbing codes.

15. Miscellaneous Drain or Wash Water

a. Boiler drain lines shall be connected to the sanitary sewer system and may not discharge to the storm drain system.

b. For small air conditioning units, air conditioning condensate shall be directed to landscaped areas as a minimum BMP. For large air conditioning units, in new developments or significant redevelopments, condensation lines shall be connected to the sanitary sewer system, wherever feasible.

c. Roof drains shall discharge and drain away from the building foundation to landscaped areas wherever feasible.

d. Washing and/or steam cleaning activities must be performed at an appropriately equipped facility that drains to the sanitary sewer as specified in Section J. Any outdoor washing or pressure washing must be in compliance with the City's Stormwater Management Program requirements and managed in such a way that there is no discharge

of soaps or other pollutants to the storm drain system. The applicant shall contact the Water Resources Division for specific discharge requirements.

16. Architectural Copper Installation

Projects with architectural copper should, if possible, purchase copper materials that have been pre-patinated at the factor. Whether patination is done offsite or onsite, applicant should consider coating the copper materials with an impervious coating that prevents further corrosion and runoff. If patination is done on-site, implement one or both of the following:

a. Collect rinse water in a tank and pump to the sanitary sewer. Contact the City of Livermore Water Resources before discharging to the sanitary sewer.

b. Collect the rinse water in a tank and haul off-site for proper disposal.

B. II. OPERATIONAL BMPS

This section details Best Management Practices (BMP) that private property owners and/or the occupants of private property must implement following the construction of projects. Ultimately, the responsibility for implementation of these BMPs rests with the property owners. The City of Livermore's Source Control Program routinely performs inspections of industrial and commercial sites to verify BMP implementation and effectiveness.

1. Paved Sidewalks and Parking Lots

Sidewalks and parking lots shall be swept regularly to minimize the accumulation of litter and debris. Wash water resulting from the pressure washing of parking lots must be captured, pretreated (if necessary) to meet local discharge limits, and discharged to the sanitary sewer. Wash water resulting from the pressure washing of sidewalks may be allowed to drain to the storm drain system provided that (a) no soap or other cleaning agents are used, and (b) all debris are trapped and collected to prevent entry into the storm drain system. Under no circumstances shall wash water containing any soap or other cleaning agents be discharged to the storm drain system.

2. Private Streets, Utilities and Common Areas

a. The owner of private streets and storm drains shall prepare and implement a plan for street sweeping of paved private roads and cleaning of all storm drain inlets.

b. For residential developments, where other maintenance mechanisms are not applicable or otherwise in place, a Property Owners Association, Landscape& Lighting District, or an equivalent mechanism shall be created and shall be responsible for maintaining all private streets and private utilities and other privately owned common areas and facilities on the site including landscaping. These maintenance responsibilities shall include implementing and maintaining storm water BMPs associated with improvements and landscaping.

CC&R's creating the association shall be reviewed and approved by the City prior to the recordation of the Final Map and recorded prior to the sale of the first residential unit. The CC&R's or Landscape & Lighting District shall describe how the storm water BMPs associated with privately owned improvements and landscaping shall be maintained and detail contact information for the entity responsible for such maintenance activities.

3. Vehicle/Equipment Repair and Maintenance

   a. No person shall dispose of, or permit the disposal, directly or indirectly, of vehicle fluids, hazardous materials, or rinse water from parts cleaning operations into storm drains.

   b. No vehicle fluid removal shall be performed outside a building, or on asphalt or ground surfaces, whether inside or outside a building, except in such a manner as to ensure that any spilled fluid will be in an area of secondary containment. Leaking vehicle fluids shall be contained or drained from the vehicle immediately.

   c. No person shall leave unattended drip parts or other open containers containing vehicle fluid, unless such containers are in use or in an area that cannot discharge to the storm drain.

4. Fueling Areas (Not Applicable)

5. Loading Docks (Not Applicable)

6. On-site Storm Drains

All on-site storm drains must be inspected and, if necessary, cleaned at least once a year immediately prior to the rainy season.

7. Architectural Copper Cleaning, Treating or Washing

When cleaning, treating or washing architectural copper features, implement one or both of the following:

   a. Collect rinse water in a tank and pump to the sanitary sewer. Contact the City of Livermore Water Resources before discharging to the sanitary sewer.

   b. Collect the rinse water in a tank and haul off-site for proper disposal.

10. WATER SUPPLY (CITY)

Water mains shall be extended across all frontages of each phase and all waterline valves must notate "EPDM" on the valve body.

Any water service that is to be abandoned or that was previously stubbed out to the site but will not be used by the development, shall be removed by the Developer.

Because the project is located within the City of Livermore Water Zone 1, the developer shall install pressure reduction valves (PRVs), backflow prevention devices and appurtenances on the potable and reclaimed water services as directed by the City Engineer.

The fire service backflow preventer(s) shall be effectively screened from the public right-of-way while at the same time preserving ease of maintenance access to the backflow preventer(s). Screening shall be as specified on City Standard Detail W-10A, B and C. The fire service backflow preventer(s) shall meet the performance standards of the backflow preventer shown in City Standard Detail W-10A, B and C.

Because the project is located within a reclaimed water service area, the irrigation system shall be connected to the reclaimed water system. If the Reclaimed water main is not currently located along the sight frontage of this project, the Developer shall extend the water main as necessary to connect to the main along said project site frontage.

Furthermore, the Developer shall Prepare a "Reclaimed Water Engineer's Report" for review and shall obtain City approval of the "Reclaimed Water Engineer's Report" prior to the approval of the final map.

Prior to removal of a 1-inch, a 1.5-inch, or a 2-inch water service, the Developer shall contact the City's Water Resources Division at (925) 960-8100 and ask if the City would like to convert the service to a water sampling station. Existing water services (of any size) that will not be used by the proposed development shall be abandoned at the main. Large services shall be abandoned by placing a blind flange on the tee at the main. Small services shall be abandoned by removing the corporation stop valve and installing the appropriate plug in the service saddle. Any valves or meters on abandoned services shall be removed. The meters shall be returned to the Water Resources Division if they are not reused. The Developer shall coordinate water service removals with the City's Water Resources Division as well as with the public works inspector.

Because the Developer has chosen to install the city standard asphalt street sections, the water mains in the private streets will be publicly owned and maintained. The Developer shall dedicate an easement to the City on the Final Map for this maintenance.

11. UNDERGROUNDING OF UTILITIES:

All existing and new electric (with the exception of any 60 KV and higher voltage wires) and communication lines along the project frontage and within the project shall be placed underground. Electric, gas, Comcast and SBC utilities are required and shall be placed in a common trench. All electric transformers shall be placed underground. (Commercial and industrial developments may have above ground transformers).

12. TRAILWAY/BIKEWAY REQUIREMENTS

Active Transportation Plan

Certain portions of this development are within the City of Livermore Active Transportation Plan established and adopted as part of the General Plan.

In accordance with this plan, the Developer will be required to construct Class IIa bike lanes along the project frontages of Collier Canyon Road and Constitution Drive.

In accordance with the Isabel Neighborhood Specific Plan, the developer shall install a multi-use trail along the western boundary to provide neighborhood connectivity to the City's trail system. The trail shall be at minimum 10' wide with 2' shoulders.

This trail shall also extend northerly through City right-of-way to provide a trail connection for the project to the intersection of North Canyons Parkway and Collier Canyon Road. The developer shall design this trail extension prior to the filing of the Final Map and shall construct this trail prior to the occupancy of the first dwelling unit or residence other than the model home. The trail shall be designed and constructed with a pervious pavement surface per the RWQCB conservation easement. The trail shall be maintained by the city through a CFD or other approved funding mechanism. Prior to Final Map Approval, the applicant shall provide a $100,000 cash bond for the construction of this trail. Should the trail be determined infeasible by the Community Development Director, the bond will be cashed in lieu of the applicant's construction of the trail.

The Developer shall dedicate a public access easement over the trail for pedestrian access on the final map.

13. MEDIANS AND OTHER LANDSCAPED AREAS (Not Used)

14. HORTICULTURIST'S REPORT

A Horticulturist's report will be required if the site is located north of Highway I-580.

15. SPECIAL DISTRICTS

A. Landscaping and Lighting Maintenance and Operation (Not applicable)

B. Assessment District

The development shall annex into Community Facilities Maintenance District 2023-1 (Isabel Neighborhood Specific Plan) to provide the City maintenance funds to maintain portions of public infrastructure and landscaping that is installed with the Isabel Neighborhood Specific Plan in accordance with the applicable rate and method of apportionment.

The Developer shall initiate and bear the costs for the annexation into CFD 2023-1.

Annexation documents shall be filed with the filing of the final map. The necessary documentation shall be submitted for City review with the first improvement plan submittal.

To provide maintenance funding to the City for public infrastructure and amenities not included in CFD 2023-1, the Developer shall form an additional Community Facilities District.

The Developer shall initiate and bear the costs for this new CFD.

Formation documents shall be filed with the filing of the final map. The necessary documentation shall be submitted for City review with the first improvement plan submittal.

16. AIRPORT LOCATION

This development is located in the vicinity of the Livermore Municipal Airport. Aircraft operations in the vicinity of the property may potentially create nuisances, including but not limited to noise, vibration or odors. The owner and or future buyer should be aware that operations and flight numbers at the Livermore Municipal Airport could increase in the future. A report must be filed with the Division of Real Estate relative to this matter.

An avigation easement shall be granted to the City. The grant shall be made on the City's "Avigation Easement" form.

17. SUBDIVISION AGREEMENT AND SECURITY

Following tentative map approval, the Subdivision Improvement Agreement will not be submitted to the City Council until the Developer has submitted all of the documents indicated in the "Final Approval of Tract Map Checklist" in the Development Plan Check and Procedures Manual (28) days prior to the city council meeting at which the final map will be considered for final approval by the City Council.

18. FEE AMOUNTS

The Developer will be required to pay the applicable development impact fees and project processing fees due in connection with this subdivision. The fee shall be the amount in effect at the time the fee is required to be paid.

19. VEHICLE ACCESS

Prior to or with the submittal for the first plan check of the tract improvement plans and final map, the Developer shall submit for review and approval a traffic control plan for providing safe entry to and exit from the site. The purpose of the plan is to insure that there will be safe entry and exit by construction and other vehicles prior to the installation of the required permanent improvements.

Access to the development by construction equipment, material delivery and other heavy loads shall be limited by the Developer to the following route:

Interstate 580, Isabel Avenue, Portola Avenue, Collier Canyon Road

Such heavy loads will not be allowed on existing residential streets in the vicinity of the development.

The wheel-loading on the above routes shall not exceed State load limits.

20. DEVELOPMENTS WITH PRIVATE ROADWAYS AND UTILITIES

The private improvements of the private street system are part of the improvements required of this subdivision. For this reason, the Developer shall pay Engineering Division plan check and construction inspection fees and the City Engineering Division will provide these services. The Developer will also provide subdivision security for the required private improvements.

VTTM 8669 SUB22-006 Cornerstone Engineering Considerations 12-13-24 Final for PC

EXHIBIT B

INSURANCE REQUIREMENTS

Minimum Scope and Limits of Insurance

Developer shall maintain limits no less than:

1. Commercial General Liability, including operations, products, and completed operations, as applicable:
   $5,000,000 per occurrence/**$10,000,000** aggregate for bodily injury, personal injury, and property damage. If Commercial General Liability or other form of insurance with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit.
2. Automobile Liability:
   $2,000,000 per accident for bodily injury and property damage.
3. Workers' Compensation and Employer's Liability:
   Statutory limits as required by the State of California including **$1,000,000** Employers' Liability per accident, per employee for bodily injury or disease. A waiver of subrogation is required for Workers' Compensation insurance. If Developer is a sole proprietor, then they must sign "Contractor Release of Liability".
4. Pollution Liability:
   $1,000,000 per occurrence.

Deductibles and Self-Insured Retention

All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any self-insured retention (SIR) provision shall provide, or be endorsed to provide, that the SIR may be satisfied by either the named insured or the City of Livermore. The City of Livermore reserves the right to obtain a full certified copy of any insurance policy and endorsements. Failure to exercise this right shall not constitute a waiver of right to exercise later.

Acceptability of Insurers

Insurance is to be placed with insurers with a current A.M. Best rating of no less than A: VII and accepted to do business in the State of California, unless otherwise acceptable to the City of Livermore.

Other Insurance Provisions

The general liability and automobile liability policies are to contain, or be endorsed to contain, the following provisions:

1. The City of Livermore, its officers, officials, employees, and designated volunteers are to be covered as additional insureds as respects: liability arising out of activities performed by or on behalf of the Developer; or automobiles owned, leased, hired or borrowed by the Developer. The coverage shall contain no special limitations on the scope of protection afforded to the City of Livermore, its officers, officials, employees, or volunteers.

2. The limits of insurance required in this agreement may be satisfied by a combination of primary and umbrella or excess insurance. The additional insured coverage under the Developer's policy shall be primary and non-contributory and will not seek contribution from the City's insurance or self-insurance and shall be at least as broad as ISO Form CG 20 10 04 13. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of the City of Livermore before the City's own insurance or self-insurance shall be called upon to protect it as a named insured.
3. Any failure to comply with reporting or other provisions of the policy, including breaches of warranties, shall not affect coverage provided to the City of Livermore, its officers, officials, employees, or volunteers.
4. The Developer's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
5. Each insurance policy required by this clause shall be endorsed to state that coverage shall not be canceled by either party before expiration of the policy unless notice is delivered in accordance with policy provisions.
6. It shall be a requirement under this agreement that any available insurance proceeds broader than, or in excess of, the specified minimum insurance coverage requirements and/or limits shall be available to the additional insured. Furthermore, the requirements for coverage and limits shall be (1) the minimum coverage and limits specified in this agreement; or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the named Insured; whichever is greater.
7. Certificate Holder section of the insurance certificate should read: City of Livermore, 1052 S. Livermore Avenue, Livermore, CA 94550

Completed Operations

Developer shall maintain insurance as required by this contract for a minimum of five years following the completion of this project. In the event the Developer fails to obtain or maintain completed operations coverage as required by this agreement, the City of Livermore at its sole discretion may purchase the coverage required and the cost will be paid by the Developer. Completed Operations endorsement or coverage shall be at least as broad as Insurance Services Office CG 20 38. Developer shall require and verify that all subcontractors or other parties hired for this Agreement purchase and maintain coverage for indemnity and insurance requirements at least as broad of specified in this Agreement to the extent they apply to the scope of the subcontractor's work with the same Certificate of Insurance requirements and naming as additional insureds all parties to this agreement. Developer shall include the following language in their agreements with Subcontractors: "Subcontractor agrees to be bound to Developer and City in the same manner and to the same extent as Developer is bound to City under the Agreement. Subcontractor further agrees to include the same requirements and provisions of this Agreement, including the indemnity and insurance requirements,

with any sub-subcontractor to the extend they apply to the scope of the Sub-subcontractor's work. A copy of the City Contract Document Indemnity and Insurance provisions will be furnished to the Subcontractor upon request." Developer shall provide proof of such compliance and verification to the City upon request.

Verification of Coverage

Developer shall furnish certificates of insurance and endorsement(s) effecting coverage to the City of Livermore for approval. The endorsements shall be on forms acceptable to the City of Livermore. All certificates and endorsements are to be received and approved by the City of Livermore before work commences. The City of Livermore reserves the right to require complete and certified copies of all insurance policies required by this Agreement.

LIVERMORE
CALIFORNIA

CITY COUNCIL STAFF REPORT **ITEM NO. 6.7**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Brent Smith, Community Development Director

SUBJECT: Resolution awarding a construction contract to Grade Tech, Inc., in the amount of $266,523, for the Water Reclamation Plant (WRP) Recycled Water Fill Station Project WW202527

RECOMMENDED ACTION

Staff recommends the City Council adopt a resolution for the Water Reclamation Plant (WRP) Recycled Water Fill Station Project WW202527:

1. Awarding and authorizing the City Manager to execute a construction contract with Grade Tech, Inc., in the amount of $266,523, pursuant to Livermore Municipal Code section 2.68.570 (C);
2. Rejecting all other bids or proposals; and
3. Authorizing the City Manager to take whatever actions are necessary and appropriate to carry out the purpose and intent of this resolution.

SUMMARY

The City of Livermore (City) was awarded grant funds toward the design and construction of an automated self-service recycled water fill station. This fill station will allow residents to access recycled water for irrigation and other non-potable uses and provide a year-round recycled water source for residents. The availability of the fill station is expected to increase recycled water use locally by approximately 18 acre-feet (5,865,300 gallons) per year. The grant requires the project to be completed by December 31, 2026.

Seven (7) bids were received for this project before the due date of June 23, 2026. Grade Tech, Inc., was the lowest responsible and responsive bidder. Section 2.68.570(C) of the Livermore Municipal Code (LMC) requires that the award of contracts subject to formal bidding be awarded to the lowest responsive and responsible bidder. The bid submitted by Grade Tech, Inc., meets this requirement and therefore, City staff recommends the City Council approve the award of a construction contract with Grade Tech, Inc.

DISCUSSION

This WRP Project will construct an automated self-service recycled water fill station that will allow residential customers to access recycled water for irrigation and other non-potable uses. The automated fill station will provide a permanent, year-round recycled water source for many residents. This project will increase recycled water use locally by approximately 18 acre-feet (5,865,300 gallons) per year. Attachment 1 shows the location of the fill station.

The WRP Recycled Water Fill Station is Project 3 of the State of California Department of Water Resources Urban Community Drought Relief Grant Agreement Number 4600015378 of which Zone 7 Water Agency is the grantee and the City is an implementing agency. The grant will reimburse up to $300,000 for the construction and implementation of the project with a required $100,000 cost share from the City. The grant requires the project to be completed by December 31, 2026.

Staff advertised the project on May 26, 2026. On June 23, 2026, seven (7) bids for this project were received and opened. The following is a list of the bids received and the Engineer's Estimate for the Project:

Contractor Name	**Location**	**Bid Amount**
Grade Tech, Inc.	Livermore, CA	$266,523.00
Ace-High Engineering	Brentwood, CA	$294,688.00
GSW Construction, Inc.	San Francisco, CA	$332,980.00
Westrock Engineering, Inc.	San Francisco, CA	$368,000.00
GSE Construction Company, Inc.	Livermore, CA	$421,500.00
Pacific Infrastructure	Pleasanton, CA	$471,700.00
Nico Engineering, Inc.	San Pablo, CA	$498,500.00
Engineer's Estimate		$300,000.00

Grade Tech, Inc., operating out of Livermore, California, is the apparent lowest bidder. The company has worked on various similar public projects, including some for the City. Staff has checked references for Grade Tech, Inc. and has found them satisfactory. Therefore, City staff recommends award of the construction contract in an amount of $266,523 to Grade Tech, Inc. In accordance with Livermore Municipal Code Section 2.68.590(B), the City Manager or their designee may authorize change orders up to a cumulative amount not exceeding $200,000 or 10 percent of the construction contract, whichever is greater.

Construction is anticipated to begin in August 2026, and be completed by December 31, 2026, as required by the grant funding.

FISCAL AND ADMINISTRATIVE IMPACTS

The project is included in the FY 2025-30 Capital Improvement Plan. A total of $400,000 is budgeted in the FY 2025-30 Capital Improvement Plan from the Urban Community Drought Relief Grant Agreement Number 4600015378 and the Wastewater Replacement Fund.

The lowest responsive and responsible bidder was within the Engineer's Estimate and the project's budget. No additional appropriations are required. The existing budget for the project in the 2025-30 Capital Improvement Plan covers this construction contract, change orders, construction management, material testing, inspection, and administration.

Operation and Maintenance costs for these improvements will be approximately $3,000 per year and will be funded from the Wastewater Operations Budget.

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION AWARDING A CONTRACT TO GRADE TECH, INC., FOR THE CONSTRUCTION OF THE WRP RECYCLED WATER FILL STATION IN THE AMOUNT OF $266,523

(WRP RECYCLED WATER FILL STATION PROJECT WW202527)

The City of Livermore advertised and received bid proposals for the construction of the WRP Recycled Water Fill Station Project WW202527.

Livermore Municipal Code section 2.68.570(C) requires that the award of contracts subject to formal bidding be awarded to the lowest responsive and responsible bidder. The bid submitted by Grade Tech, Inc. meets this requirement and therefore, City staff recommends the City Council approve the award of a construction contract with Grade Tech, Inc., for the construction of the WRP Recycled Water Fill Station Project WW202527.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore, that it hereby:

1. Awards and authorizes execution of a contract with Grade Tech, Inc., attached hereto as Exhibit A and incorporated by this reference, for construction of the WRP Recycled Water Fill Station Project WW202527, pursuant to Livermore Municipal Code section 2.68.570 (C), in the amount of $266,523;

2. Rejects all other bids or proposals; and

3. Authorizes the City Manager to take whatever actions are necessary and appropriate to carry out the purpose and intent of this resolution.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

Exhibit A – Grade Tech, Inc. Contract

EXHIBIT A

CONTRACT

This public works contract ("Contract") is entered into by and between the City of Livermore, a California Municipal Corporation ("City") and Grade Tech, Inc., a California corporation ("Contractor") for work on the WRP Recycled Water Fill Station Project, CIP Project Number WW202527 ("Project").

The Parties Agree as Follows:

1. Award of Contract.

In response to the Notice Inviting Bids, Contractor has submitted a Bid Proposal to perform work on the Project, and on _____, 20___, as part of Resolution No. _____, City authorized award of this Contract to Contractor for the amount of Contractor's bid.

2. Contract Documents.

This Contract consists of all of the written representations and submissions made by Contractor as part of the Bid process and the following numbered and un-numbered component documents, as detailed on the table of contents of this Agreement:

a. Bidding requirements (consisting of the Notice Inviting Bids; Instructions to Bidders; Bid Proposal; Bid Schedule, Subcontractor List, Noncollusion Declaration, Bid Bond, Bidder's Questionnaire, Payment Bond, Performance Bond, Warranty Bond);

b. General Conditions;

c. Special Conditions;

d. Division One Technical Specifications;

e. Appendix;

f. Index of Defined Terms;

g. Project Drawings and Specifications;

h. Bid Addenda, if any;

i. Change Orders, if any;

j. ALB Notice;

k. Notice to Proceed;

l. City Standard Specifications and Details;

m. And the following: No other documents.

3. Contractor's Obligations.

Contractor agrees to perform all of the Work required for the Project, as specified in the Contract Documents. Contractor must provide, furnish, and supply all things necessary and incidental for the timely performance and completion of the Work, including all necessary labor, materials, equipment, transportation, and utilities, unless otherwise specified in the Contract Documents. Contractor must use its best efforts to complete the Work in a professional and expeditious manner and to meet or exceed the performance standards required by the Contract Documents.

Without limitation to Contractor's other obligations under the Contract Documents, Contractor shall at all times in its performance of its obligations under the Contract Documents conform to the following general standards of performance, in the order in which they are listed:

3.1. Comply with Applicable Laws;

3.2. Comply with the requirements of the Contract Documents;

3.3. Apply its best and highest skill and attention to completing the Work in an expeditious and economical manner, consistent with the expressed best interests of the City and within the limitations of the Contract Price and Contract Time.

3.4. Furnish efficient business administration of the Work, utilizing sufficient senior level management and other qualified personnel to manage the Work; and

Conform to the standard of care applicable to those who provide construction of the type called for by the Contract Documents for projects of a scope and complexity that is comparable to the Project.

4. Payment.

As full and complete compensation for Contractor's timely performance and completion of the Work in strict accordance with the terms and conditions of the Contract Documents, City will pay Contractor two hundred and sixty-six thousand five hundred and twenty-three Dollars ($266,523.00) (the "**Contract Price**"), in accordance with the payment provisions in the General Conditions.

5. Time for Completion.

5.1. Substantial Completion.

Contractor must achieve Substantial Completion, as that term is defined in the General Conditions, of the Project Work within seventy (70) Working Days from the commencement date stated in the Notice to Proceed. ("**Substantial Completion Deadline.**"). For this project, the Contractor shall also incorporate five (5) number of

average anticipated inclement Weather Days into their bid estimate. Contractor shall be solely responsible for the extended overhead and profit for these weather days and shall not be compensated by the City in any way, reference Section 10.3 of the General Conditions and Section 013200-4.3 Contract Schedules for additional weather day information.

5.2. Final Completion.

Contractor must achieve Final Completion, as that term is defined in the General Conditions, of the Project Work within twenty (20) Working Days after the date of substantial completion. ("**Final Completion Deadline**.")

5.3. Early Completion.

By signing below, Contractor expressly waives any claim for delayed early completion.

6. Liquidated Damages.

If Contractor fails to meet either the Substantial Completion Deadline or the Final Completion Deadline, City may assess liquidated damages according the provisions in the General Conditions of the Contract Documents in the following amounts for each day of Unexcused Delay, and the Contract Price shall be reduced accordingly.

6.1. Substantial Completion Deadline: One Thousand Seven Hundred and Fifty Eight Dollars ($ 1,758) per day.

6.2. Final Completion Deadline: One Thousand Seven Hundred and Fifty Eight Dollars ($ 1,758) per day.

7. Labor Code Compliance.

This Contract is subject to all applicable requirements of Chapter 1 of Part 7 of Division 2 of the California Labor Code, including requirements pertaining to wages, working hours and workers' compensation insurance.

7.1. Prevailing Wages.

This Project is subject to the prevailing wage requirements applicable to the locality in which the Work is to be performed for each craft, classification or type of worker needed to perform the Work, including employer payments for health and welfare, pension, vacation, apprenticeship and similar purposes. The general prevailing wage rates for each craft, classification or type of covered work are available online at http://www.dir.ca.gov/DLSR.

7.2. DIR Registration.

City will not accept a Bid Proposal from or enter into the Contract with a bidder without proof that the bidder and its Subcontractors are registered with the California Department

of Industrial Relations to perform public work under Labor Code, Section 1725.5, subject to limited legal exceptions allowed by the Labor Code.

8. Workers' Compensation Certification.

Under Labor Code, Section 1861, by signing this Contract, Contractor certifies as follows: "I am aware of the provisions of Labor Code, Section 3700 which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the Work on this Contract."

The successful bidder previous to the entering of the contract to do the said work shall take out and maintain in full force and effect worker's compensation insurance with an insurance carrier authorized to transact business in the State of California, covering the bidder's full liability for compensation to any persons employed who may be injured in the carrying out of said contract or the dependents thereof. Evidence of such worker's compensation insurance shall be furnished to the City of Livermore by certificate and waiver of subrogation in the City's electronic insurance certificate tracking system (PINS) prior to the commencement of the work and said certificate shall contain a provision that the coverage thereunder will not be canceled until at least thirty (30) days prior written notice has been given to the City.

9. Notice.

Any notice, billing, or payment required by the Contract Documents must be made in writing, and sent to the other party by personal delivery, U.S. Mail, a reliable overnight delivery service, facsimile, or by email as a PDF (or comparable) file. Notice is deemed effective upon delivery unless otherwise specified. Notice for each party must be given as follows:

10. General Provisions.

The following items are repeated here as stated as part of Part 2, General Conditions, for emphasis:

10.1. Assignment and Successors.

Contractor may not assign its rights or obligations under this Contract, in part or in whole, without City's written consent. This Contract is binding on Contractor's successors and permitted assigns. A consolidation or merger of Contractor or a change in ownership of twenty-five percent (25%) or more of Contractor's capital stock constitutes an assignment by Contractor requiring the City's written consent.

10.2. Third Party Beneficiaries.

There are no intended third party beneficiaries to this Contract except as expressly provided in the General Conditions or Special Conditions.

10.3. Governing Law and Venue.

This Contract will be governed by California law and venue will be in the Superior Court of the County in which the Project is located, and no other place.

10.4. Amendment.

No amendment or modification of this Contract will be binding unless it is in a writing duly authorized and signed by the parties to this Contract.

10.5. Integration; Severability.

This Contract and the Contract Documents incorporated herein, including authorized amendments or Change Orders thereto, constitute the final, complete, and exclusive terms of the agreement between City and Contractor. If any provision of the Contract Documents, or portion of a provision, is determined to be illegal, invalid, or unenforceable, the remaining provisions of the Contract Documents will remain in full force and effect.

EXHIBIT A

11. Authorization.

Each individual signing below warrants that he or she is authorized to do so by the party that he or she represents, and that this Contract is legally binding on that party. If Contractor is a corporation, signatures from two officers of the corporation are required under California Corporation Code, Section 313.

The parties agree to this Contract as witnessed by the signatures below:

CITY COUNCIL STAFF REPORT **ITEM NO. 6.8**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Brent Smith, Community Development Director

SUBJECT: A resolution authorizing a supplemental appropriation of Low-Income Housing Funds (Fund 200) in the amount of $75,000, authorizing a budget reduction of $75,000 from the Human Services Facility Fees (Fund 290) to replace Human Services Facility Fees and awarding a construction contract to Bay Cities Paving & Grading, Inc., in the amount of $2,285,985, for the Livermore Village Remediation Project DR202118

RECOMMENDED ACTION

Staff recommends the City Council adopt a resolution for the Livermore Village Remediation Project DR202118:

1. Authorizing a supplemental appropriation of $75,000 from the Low Income Housing Fund (200) to the budget for the Livermore Village Remediation Project DR202118;
2. Authorizing a budget reduction of $75,000 in Human Services Facility Fees (Fund 290) to the budget for the Livermore Village Remediation Project DR202118;
3. Awarding and authorizing the City Manager to execute a contract with Bay Cities Paving & Grading, Inc., in the amount of $2,285,985, for construction of the Livermore Village Remediation Project DR202118, pursuant to Livermore Municipal Code section 2.68.570(C);
4. Rejecting all other bids or proposals;
5. Authorizing the City Manager to approve and execute change orders up to a cumulative amount of ten percent (10%) of the construction contract value of $2,285,985; and
6. Authorizing the City Manager to take whatever actions are necessary and appropriate to carry out the purpose and intent of this resolution.

SUMMARY

On January 29, 2018, the City Council approved the 2018 Downtown Plan for the development of portions of the Livermore Village Site, including Veterans Park and up to 130 units of workforce housing. Prior to the City of Livermore (City) purchasing the site, historic property use impacted shallow soil. The San Francisco Bay Regional Water Quality Control Board (Water Board) approved a Site Management Plan that identifies soil handling requirements during development at the site. The Livermore Village Remediation Project DR202118 (Project) involves soil removal in compliance with the Site Management

Plan to facilitate subsequent construction of Veterans Park and the workforce housing development.

On June 24, 2026, eleven (11) bids were received for the Project. A timely bid protest was received from Goodfellow Bros. California, LLC (GBI), the second lowest bidder, claiming that the bid proposal from Bay Cities Paving & Grading, Inc., (Bay Cities) was non-responsive. After detailed review by staff in coordination with the City Attorney's Office, staff ultimately determined that Bay Cities' bid proposal is responsive. Staff recommends the City Council award and authorize the City Manager to execute a construction contract with Bay Cities, the lowest responsible and responsive bidder, pursuant to Section 2.68.570 (C) of the Livermore Municipal Code (LMC), in an amount of $2,285,985. Staff also recommends the City Council authorize a supplemental appropriation in the amount of $75,000 from the Low Income Housing Fund (Fund 200) to replace Human Services Facility Fees (Fund 290). The Low Income Housing Funds will support workforce housing site closure tasks following completion of the soil removal work.

DISCUSSION

In 2008, the City Redevelopment Agency purchased the property bounded by First Street, L Street, Railroad Avenue, and South Livermore Avenue, generally referred to as the Livermore Village Site, and the City subsequently purchased the property in 2011.

On January 29, 2018, the City Council approved the 2018 Downtown Plan for the development of portions of the Livermore Village Site to include:

- Stockmen’s Park
- Up to 130 units of workforce housing
- A science center
- A black box theater
- Retail space
- A linear public park (that would come to be known as Veterans Park)

On November 26, 2018, the City Council approved the Disposition, Development and Loan Agreement to sell a portion of the Livermore Village Site to Eden Housing, Inc., to develop a multi-family affordable housing project with up to 130 units of workforce housing on an approximately 2-acre parcel located southeast of the Railroad Avenue and L Street intersection (Location Map - Attachment 1). This agreement was further amended and restated on May 26, 2021, and May 24, 2022, and supplemented with an Indemnity and Cooperation Agreement on September 2, 2022. These latter two amendments provide details regarding the responsibilities related to management of existing environmental conditions at the site. The site was sold to Eden Housing in 2022 in preparation for the development of multi-family workforce housing.

Due to historic commercial activities at the site, the Water Board requested characterization of soil and groundwater throughout the Livermore Village Site. Site investigations and testing have been ongoing since the early 2000's. The City submitted the testing results to the Water Board, which is overseeing the cleanup of various sites throughout the Livermore Village area. Environmental testing results and reports are readily available to the public on the Water Board’s GeoTracker website. Information specifically addressing the location of the Project can be found at the following GeoTracker website link:

https://geotracker.waterboards.ca.gov/profile_report.asp?global_id=T10000016758

In 2022, a Site Management Plan was prepared to inform future construction and maintenance workers of site environmental conditions; provide guidelines for appropriate health and safety precautions; establish protocols for managing soil and groundwater disturbed during construction; and define post-construction testing and reporting procedures to verify compliance with Water Board requirements. The Site Management Plan was approved by the Water Board in 2022.

The scope of the Project includes excavation, removal, profiling, transportation, and disposal of soil materials containing elevated concentrations of heavy metals; backfill and compaction with clean import; and site grading and restoration to stabilize the site ahead of the park and housing development construction as required by the Site Management Plan. The work is funded by a grant from the State of California Department of Toxic Substances Control (DTSC). The grant terminates on February 26, 2027, so time is of the essence in completing the Project.

Staff advertised the Project on June 3, 2026. On June 24, 2026, the City received eleven (11) bids for the Project. The following is a list of the bids received and the Engineer's Estimate for the Project:

Contractor Name	**City**	**Base Bid**
Bay Cities Paving & Grading, Inc.	Concord, CA	$932,235
Goodfellow Bros. California, LLC	Livermore, CA	$971,092
Innovative Construction Solutions	Concord, CA	$987,592
Mountain Cascade Inc.	Livermore, CA	$1,230,116
Grade Tech Inc.	Livermore, CA	$1,237,045
ETIC	Pleasant Hill, CA	$1,258,408
Pacific States	Dublin, CA	$1,293,101
Brannon Corporation	Morgan Hill, CA	$1,335,560
McGuire and Hester	Oakland, CA	$1,385,100
Engineering/Remediation Resources Group, Inc.	Martinez, CA	$1,602,812
Clean Harbors Environmental Services, Inc.	Norwell, MA	$2,416,484
Engineer's Estimate		$2,200,000

Ten (10) of the eleven (11) bid results represent significant savings from the previously estimated Project construction cost. Based on feedback from the design consultant and prospective bidders, the cost savings are attributed to the aggressive bidding climate associated with this Project. The pre-bid conference was well-attended, and several inquiries were received during the bidding period expressing detailed interest in winning the Project.

Bay Cities was the apparent lowest bidder at the time the bids were received. The City acknowledged the receipt of a timely protest letter from GBI, dated June 25, 2026, and a timely protest letter response from Bay Cities, dated June 29, 2026. Staff conducted a detailed review of the individual bid proposals and bid protest letters. As a result of this review, staff deemed Bay Cities' Bid Proposal to be responsive based on the following reasons:

- The bid protest identifies discrepancies in the Base Bid and Bid Alternate amounts indicated on Bay Cities' Bid Proposal and Bid Schedule. The Base Bid discrepancy is governed and resolved by Paragraph 12.1.1 of the Instructions to Bidders. The Bid Alternate discrepancies are governed by Paragraph 12.1.4 of the Instructions to Bidders and are immaterial to the award, which is based on the Base Bid amount. Neither discrepancy reaches the threshold for non-responsiveness identified in Paragraph 12.2 of the Instructions to Bidders.
- The bid protest asserts that Bay Cities' bid must be rejected as non-responsive because project summaries were provided in a different format than required for the Bidder's Questionnaire and certain project summaries did not identify the name and/or contact for the Architect/Engineer. These irregularities do not constitute material deviations from the bidding requirements, do not affect the competitive bidding process, and do not require rejection of Bay Cities' bid as non-responsive. The City therefore retains discretion to waive these irregularities as immaterial. Staff was able to contact references identified on the project sheets and received consistently positive endorsements of Bay Cities' performance. The provided project sheets did not pose an impediment or source of additional effort in reviewing Bay Cities' qualifications. Accordingly, staff deems these bid irregularities to be immaterial, in accordance with Paragraph 22 of the Instructions to Bidders.
- The bid protest acknowledges that Bay Cities submitted a Subcontractor List with no subcontractors listed and that was not initialed. Bay Cities did, however, indicate in writing "No Subcontractors." Moreover, Bay Cities signed and submitted the Bid Proposal, verifying under oath that Bay Cities would self-perform all work. Bay Cities receives no competitive advantage from this omission. No other bidder's position is affected. There is no uncertainty about Bay Cities' self-performance representation since it is written on the form in plain English. This irregularity does not constitute a material deviation from the bidding requirements, does not affect the competitive bidding process, and does not require rejection of Bay Cities' bid as non-responsive. The City therefore retains discretion to waive this irregularity as immaterial. Accordingly, the City deems this bid irregularity to be immaterial, in accordance with Paragraph 22 of the Instructions to Bidders.

Staff determined that these bid irregularities can be waived as inconsequential and that Bay Cities' bid proposal is responsive. A letter dated July 1, 2026, was sent to GBI by the City Engineer containing staff analysis of the bid protest. Staff recommends the City Council authorize a construction contract with Bay Cities, the lowest responsible and responsive bidder. Bay Cities has extensive experience completing earthwork projects for public agencies throughout Northern California and has worked on projects for the City with satisfactory performance. Staff contacted references included in Bay Cities' bid and received consistently positive endorsements of Bay Cities' performance.

Staff recommends adding Bid Alternate 2 to the contract. Bid Alternate 2 includes additional excavation to extend the depth of soil removal to five (5) feet with associated off haul, backfill, and compaction. The benefit of Bid Alternate 2 includes removing additional soil containing elevated concentrations of heavy metals in advance of the park and housing developments, thereby reducing the amount of landfill off hauling required during construction of the park and housing developments, improving worker health and safety during construction and minimizing the potential for delays that may be associated with the earthwork activities. Bay Cities submitted a Base Bid amount of $932,235 with the Bid Alternate 2 work totaling $1,353,750. The total amount of the Base Bid and Bid Alternate 2, $2,285,985, is less than the engineer's estimate and within the DTSC grant amount. The current budget covers this contract award of $2,285,985.

In accordance with Livermore Municipal Code Section 2.68.590(B), a cumulative Change Order authorization of 10% of the contract value is allowed. Given the uncertainty associated with underground conditions and the potential for encountering additional contaminated materials, staff will return to Council for additional Change Order authorization if needed.

Staff will coordinate with the Downtown businesses affected by the Project work and inform them of the planned construction activities. Advance notification will be provided regarding roadway closures, parking restrictions, and construction schedules before work commences. An updated schedule will be made available to the Downtown businesses on the City's website. Fencing will be installed around the perimeter of the construction site to exclude the public from the work area. The fencing will include informational banners to apprise the public of the work being performed.

ENVIRONMENTAL DETERMINATION

The agreement is within the scope of the Specific Plan EIR, dated February 9, 2004 (SCH No.: 2003032038), the Specific Plan Subsequent EIR, dated March 30, 2009 (SCH No.: 2008092085), and the Specific Plan Subsequent EIR Addenda adopted by City Council on September 10, 2018 by Resolution 2018-153, May 13, 2019 by Resolution 2019-064, and October 26, 2020 by Resolution 2020-178. None of the criteria in CEQA Guidelines Section 15162 have been met. The agreement is also exempt from the provisions of CEQA pursuant to CEQA Guidelines Section 15182 (c).

FISCAL AND ADMINISTRATIVE IMPACTS

The Livermore Village Remediation Project DR202118 is included in the FY 2025-30 Capital Improvement Plan. The budget for the Project covers the cost of this $2,285,985 construction contract with Bay Cities and all other associated change orders, construction management, materials testing, project management, and reporting. DTSC has approved funding for remediation activities at the site through February 26, 2027. Based on the contract time of completion, the work covered under this construction contract will be completed within the grant term and is eligible for grant reimbursements.

Human Services Facility Fees (Fund 290) are currently allocated in FY 2026-27 to fund expenses to support site closure tasks at the workforce housing site that may be required by the Water Board following the period that is covered by the DTSC grant. Human Services Facility Fees are not the appropriate funding source for tasks supporting workforce housing. To align the anticipated Project expenditures with the proper funding to account for housing-related costs, a supplemental appropriation from the Low Income Housing Fund (Fund 200) will be made to the Project budget as follows:

- For Fund 200, add $75,000
- For Fund 290, remove $75,000

This project will not increase Operational and Maintenance (O&M) costs.

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION AUTHORIZING A SUPPLEMENTAL APPROPRIATION OF LOW-INCOME HOUSING FUNDS (FUND 200) IN THE AMOUNT OF $75,000; AUTHORIZING A BUDGET REDUCTION OF $75,000 FROM THE HUMAN SERVICES FACILITY FEES FUND (FUND 290); AND AWARDING A CONTRACT TO BAY CITIES PAVING & GRADING, INC. FOR THE CONSTRUCTION OF THE LIVERMORE VILLAGE REMEDIATION PROJECT DR202118, IN THE AMOUNT OF $2,285,985

The City of Livermore advertised and received bid proposals for the construction of the Livermore Village Remediation Project DR202118. Bay Cities Paving & Grading, Inc. (Bay Cities) submitted the lowest responsible and responsive Base Bid Proposal in the amount of $932,235 that is acceptable to the City of Livermore.

A timely bid protest was received from Goodfellow Bros. California, LLC, the second lowest bidder, claiming that the bid proposal from Bay Cities Paving & Grading, Inc. was non-responsive. After detailed review by staff in coordination with the City Attorney's Office, City staff ultimately determined that Bay Cities Paving & Grading, Inc.'s bid proposal is responsive.

Livermore Municipal Code section 2.68.570(C) requires that the award of contracts subject to formal bidding be awarded to the lowest responsive and responsible bidder. The bid submitted by Bay Cities Paving & Grading, Inc., meets this requirement and therefore, City staff recommends the City Council approve the award of a construction contract with Bay Cities Paving & Grading in the amount of $2,285,985 for Project DR202118.

Bid Alternate 2 includes additional excavation to extend the depth of soil removal to five (5) feet with associated off haul, backfill, and compaction. Bay Cities submitted a Base Bid amount of $932,235 with the Bid Alternate 2 work totaling $1,353,750. City Staff recommends awarding a contract totaling $2,285,985 for the Base Bid and Bid Alternate 2 to Bay Cities Paving & Grading, Inc. for the construction of the Livermore Village Remediation Project DR202118, and adding Bid Alternate 2 to the contract.

Given the uncertainty associated with underground conditions concerning this project, and the potential for encountering contaminated materials, a cumulative Change Order authorization of 10% is recommended.

Additionally, City staff recommends the City Council authorize a supplemental appropriation in the amount of $75,000 from the Low-Income Housing Fund (Fund 200) to replace Human Services Facility Fees (Fund 290). The Low-Income Housing Funds will support workforce housing site closure tasks following completion of the soil removal work.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore, that it hereby:

1. Finds the agreement is within the scope of the Specific Plan EIR, dated February 9, 2004 (SCH No.: 2003032038), the Specific Plan Subsequent EIR, dated March 30, 2009 (SCH No.: 2008092085), and the Specific Plan Subsequent EIR Addenda adopted by City Council by Resolution 2018-153, Resolution 2019-064, and Resolution 2020-178. None of the criteria in CEQA Guidelines Section 15162 have been met. The agreement is also exempt from the provisions of CEQA pursuant to CEQA Guidelines Section 15182 (c).

2. Authorizes a supplemental appropriation of $75,000 from the Low-Income Housing Fund (Fund 200) to the budget for the Livermore Village Remediation Project DR202118;

3. Authorizes a budget reduction of $75,000 from the Human Services Facility Fees (Fund 290) to the budget for the Livermore Village Remediation Project DR202118;

4. Awards and authorizes the City Manager to execute a construction contract with Bay Cities Paving & Grading, Inc, attached hereto as Exhibit A and incorporated by this reference, in the amount of $2,285,985, for construction of the Livermore Village Remediation Project DR202118, pursuant to Livermore Municipal Code section 2.68.570 (C);

5. Rejects all other bids or proposals;

6. Authorizes the City Manager to approve and execute change orders up to a cumulative amount of ten percent of the construction contract value of $2,285,985; and

7. Authorizes the City Manager to take whatever actions are necessary and appropriate to carry out the purpose and intent of this resolution.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

Exhibit A – Bay Cities Paving & Grading, Inc. Contract

CONTRACT

This public works contract ("Contract") is entered into by and between the City of Livermore, a California Municipal Corporation ("City") and Bay Cities Paving & Grading, Inc., a California corporation ("Contractor") for Work on the Livermore Village Remediation, Project No. DR202118 ("Project").

The Parties Agree as Follows:

1. Award of Contract.

In response to the Notice Inviting Bids, Contractor has submitted a Bid Proposal to perform Work on the Project, and on _____, 20___, as part of Resolution No. _____, City authorized award of this Contract to Contractor for the amount of Contractor's bid.

2. Contract Documents.

This Contract consists of all of the written representations and submissions made by Contractor as part of the Bid process and the following numbered and un-numbered component documents, as detailed on the table of contents of this Contract:

a. Bidding requirements (consisting of the Notice Inviting Bids; Instructions to Bidders; Bid Proposal; Bid Schedule, Subcontractor List, Noncollusion Declaration, Bid Bond, Bidder's Questionnaire, Payment Bond, Performance Bond, Warranty Bond);

b. General Conditions;

c. Special Conditions;

d. Division One Technical Specifications;

e. Appendix;

f. Index of Defined Terms;

g. Project Drawings and Specifications;

h. Bid Addenda, if any;

i. Change Orders, if any;

j. ALB Notice;

k. Notice to Proceed;

l. City Standard Specifications and Details;

m. And the following: No other documents.

3. Contractor's Obligations.

Contractor agrees to perform all of the Work required for the Project, as specified in the Contract Documents. Contractor must provide, furnish, and supply all things necessary and incidental for the timely performance and completion of the Work, including all necessary labor, materials, equipment, transportation, and utilities, unless otherwise specified in the Contract Documents. Contractor must use its best efforts to complete the Work in a professional and expeditious manner and to meet or exceed the performance standards required by the Contract Documents.

4. Payment.

As full and complete compensation for Contractor's timely performance and completion of the Work in strict accordance with the terms and conditions of the Contract Documents, City will pay Contractor two million two-hundred and eighty-five thousand nine-hundred and eighty-five Dollars ($2,285,985.00) (the "**Contract Price**"), in accordance with the payment provisions in the General Conditions.

The Contract Price includes the following amounts as itemized in the Contractor's executed Bid Schedule and Bid Proposal:

- Base Bid
- Add Alternate #2: Additional Excavation – Sitewide

5. Time for Completion.

5.1. Substantial Completion.

Contractor must achieve Substantial Completion, as that term is defined in the General Conditions, of the Project Work within eighty (80) Working Days from the commencement date stated in the Notice to Proceed. ("**Substantial Completion Deadline.**"). For this project, the Contractor shall also incorporate five (5) inclement Weather Days into their bid estimate. Contractor shall be solely responsible for the extended overhead and profit for these weather days and shall not be compensated by the City in any way, reference Section 10.3 of the General Conditions and Section 013200-4.3 Contract Schedules for additional weather day information.

5.2. Final Completion.

Contractor must achieve Final Completion, as that term is defined in the General Conditions, of the Project Work within twenty (20) Working Days after the date of substantial completion. ("**Final Completion Deadline.**")

5.3. Early Completion.

By signing below, Contractor expressly waives any claim for delayed early completion.

6. Liquidated Damages.

If Contractor fails to meet either the Substantial Completion Deadline or the Final Completion Deadline, City may assess liquidated damages according the provisions in the General Conditions of the Contract Documents in the following amounts for each day of Unexcused Delay, and the Contract Price shall be reduced accordingly.

6.1. Substantial Completion Deadline: one thousand five hundred dollars ($1,500) per day.

6.2. Final Completion Deadline: one thousand one hundred dollars ($1,100) per day.

7. Labor Code Compliance.

This Contract is subject to all applicable requirements of Chapter 1 of Part 7 of Division 2 of the California Labor Code, including requirements pertaining to wages, working hours and workers' compensation insurance.

7.1. Prevailing Wages.

This Project is subject to the prevailing wage requirements applicable to the locality in which the Work is to be performed for each craft, classification or type of worker needed to perform the Work, including employer payments for health and welfare, pension, vacation, apprenticeship and similar purposes. The general prevailing wage rates for each craft, classification or type of covered work are available online at http://www.dir.ca.gov/DLSR.

7.2. DIR Registration.

City will not accept a Bid Proposal from or enter into the Contract with a bidder without proof that the bidder and its Subcontractors are registered with the California Department of Industrial Relations to perform public work under Labor Code, Section 1725.5, subject to limited legal exceptions allowed by the Labor Code.

8. Workers' Compensation Certification.

Under Labor Code, Section 1861, by signing this Contract, Contractor certifies as follows: "I am aware of the provisions of Labor Code, Section 3700 which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the Work on this Contract."

The successful bidder previous to the entering of the contract to do the said work shall take out and maintain in full force and effect worker's compensation insurance with an insurance carrier authorized to transact business in the State of California, covering the bidder's full liability for compensation to any persons employed who may be injured in the

carrying out of said contract or the dependents thereof. Evidence of such worker's compensation insurance shall be furnished to the City of Livermore by certificate and waiver of subrogation in the City's electronic insurance certificate tracking system (PINS) prior to the commencement of the work and said certificate shall contain a provision that the coverage thereunder will not be canceled until at least thirty (30) days prior written notice has been given to the City.

9. Notice.

Any notice, billing, or payment required by the Contract Documents must be made in writing, and sent to the other party by personal delivery, U.S. Mail, a reliable overnight delivery service, facsimile, or by email as a PDF (or comparable) file. Notice is deemed effective upon delivery unless otherwise specified. Notice for each party must be given as follows:

	City	Contractor
Name	City of Livermore Community Development Dept Engineering Division	Bay Cities Paving & Grading, Inc.

10. General Provisions.

The following items are repeated here as stated as part of Part 2, General Conditions, for emphasis:

10.1. Assignment and Successors.

Contractor may not assign its rights or obligations under this Contract, in part or in whole, without City's written consent. This Contract is binding on Contractor's successors and permitted assigns. A consolidation or merger of Contractor or a change in ownership of twenty-five percent (25%) or more of Contractor's capital stock constitutes an assignment by Contractor requiring the City's written consent.

10.2. Third Party Beneficiaries.

There are no intended third party beneficiaries to this Contract except as expressly provided in the General Conditions or Special Conditions.

10.3. Governing Law and Venue.

This Contract will be governed by California law and venue will be in the Superior Court of the County in which the Project is located, and no other place.

10.4. Amendment.

No amendment or modification of this Contract will be binding unless it is in a writing duly authorized and signed by the parties to this Contract.

10.5. Integration; Severability.

This Contract and the Contract Documents incorporated herein, including authorized amendments or Change Orders thereto, constitute the final, complete, and exclusive terms of the agreement between City and Contractor. If any provision of the Contract Documents, or portion of a provision, is determined to be illegal, invalid, or unenforceable, the remaining provisions of the Contract Documents will remain in full force and effect.

11. Authorization.

Each individual signing below warrants that he or she is authorized to do so by the party that he or she represents, and that this Contract is legally binding on that party. If Contractor is a corporation, signatures from two officers of the corporation are required under California Corporation Code, Section 313.

The parties agree to this Contract as witnessed by the signatures below:

LIVERMORE
CALIFORNIA

CITY COUNCIL STAFF REPORT **ITEM NO. 6.9**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Brent Smith, Community Development Director

SUBJECT: Resolution authorizing execution of an agreement with Granberg & Associates, Inc., in an amount not-to-exceed $462,980 and a term ending December 31, 2031, to develop and implement the City's Alternative Project Delivery Program, including Design-Build and Construction Manager/General Contractor (CM/GC) delivery methods.

RECOMMENDED ACTION

Staff recommends the City Council adopt a resolution authorizing the City Manager to execute an agreement with Granberg & Associates, Inc., in an amount not-to-exceed $462,980 and a term ending December 31, 2031, to provide Owner's Authorized Representative (OAR) services for the development and implementation of alternative project delivery methods.

SUMMARY

The City currently delivers nearly all Capital Improvement Program (CIP) projects using the traditional Design-Bid-Build delivery method. While this approach remains appropriate for many projects, California law now provides additional delivery options, including Design-Build and Construction Manager/General Contractor (CM/GC), that may be better suited for certain complex, schedule-sensitive, or technically challenging projects.

The proposed agreement with Granberg & Associates, Inc., will assist the City in developing the policies, procedures, procurement documents, municipal code amendments, staff training, and implementation framework necessary to responsibly utilize these delivery methods on future projects. The agreement also includes owner advisory support during the City's initial alternative delivery procurements.

Providing staff with additional project delivery tools will allow the City to evaluate the most appropriate delivery method on a project-by-project basis. While no delivery method guarantees better results, implementing a well-developed alternative delivery program is expected to improve the City's ability to match project delivery methods to project characteristics, encourage greater collaboration during design and construction, improve risk allocation, and enhance the likelihood of successful project outcomes for appropriate projects.

DISCUSSION

The City manages a diverse CIP consisting of water, wastewater, transportation, parks, public facilities, and public safety projects. Many of these projects continue to increase in complexity due to regulatory requirements, aging infrastructure, utility coordination, market conditions, and construction cost escalation. Historically, the City has relied almost exclusively on the traditional Design-Bid-Build project delivery model. Although this method remains effective for many projects, it may not always provide the greatest flexibility for projects involving significant technical uncertainty, accelerated schedules, extensive stakeholder coordination, or opportunities for contractor innovation.

The City has historically delivered most Capital Improvement Program projects using the traditional Design-Bid-Build method, in which the City separately procures design services, completes the design, and then competitively bids construction. This method remains appropriate for many projects and continues to be the City's primary project delivery approach. Under this delivery method, the construction contract is generally awarded to the lowest responsive and responsible bidder, limiting the City's ability to consider factors such as qualifications, technical approach, and past performance beyond the requirements established in the bid documents.

Under Design-Build, a single entity is responsible for both the design and construction of a project under one contract. This delivery method can streamline project coordination, allow greater collaboration between designers and builders, and may be appropriate for projects where schedule, innovation, and integration between design and construction are priorities. Unlike the traditional Design-Bid-Build process, Design-Build allows the City to evaluate and select a design-builder based on a combination of qualifications, technical expertise, project approach, and value.

Under Construction Manager/General Contractor (CM/GC), the City selects a construction manager during the design phase to provide constructability reviews, cost estimating, scheduling, and risk management while the design is being developed. Once the design reaches an appropriate level of completion, the City may negotiate a Guaranteed Maximum Price with the construction manager, who then serves as the general contractor during construction. This delivery method is authorized for certain public infrastructure projects, including water, wastewater, and stormwater projects, and is particularly well suited for technically complex projects where early contractor involvement can help manage construction risks. Similar to Design-Build, CM/GC allows the City to select a contractor based on qualifications, relevant experience, and project approach, providing greater flexibility in identifying the team best suited for the project before construction begins.

The California Public Contract Code authorizes cities to utilize these alternative delivery methods provided the City adopts the appropriate ordinances, procurement procedures, and implementation processes. Development of an alternative project delivery program requires specialized expertise in California Public Contract Code, procurement procedures, risk allocation, owner advisory services, and implementation of Design-Build and CM/GC programs that are outside the City's current in-house experience.

To support this effort, in April 2026, the City issued a Request for Qualifications/Proposals seeking an OAR consultant with demonstrated experience assisting public agencies in developing and implementing alternative project delivery programs.

The requested scope included:

- Evaluation of the City’s current project delivery practices;

- Preparation of municipal code amendments and procurement procedures;
- Development of standard operating procedures, templates, and evaluation criteria;
- Staff training and implementation guidance;
- Assistance with initial Design-Build and CM/GC procurements; and
- Ongoing owner advisory services during early implementation.

The City received proposals from six qualified consulting firms. Following evaluation of written proposals and interviews with the highest-ranked firms, the selection committee determined that Granberg & Associates, Inc., was the best-qualified consultant.

Granberg & Associates, Inc., demonstrated extensive experience assisting California public agencies with the implementation of Design-Build and CM/GC programs, including development of municipal ordinances, procurement manuals, owner procedures, and implementation support for water, wastewater, and public facility projects. The firm’s proposal reflected a practical, phased implementation approach tailored to agencies establishing alternative delivery programs for the first time.

The proposed agreement includes development of the City’s Alternative Project Delivery Program, preparation of ordinance recommendations and procurement documents, staff training, implementation support, and owner advisory services for future pilot projects. The agreement has a not-to-exceed amount of $462,980.

The Alternative Project Delivery Program will establish the procedures, procurement documents, standard operating procedures, contract templates, evaluation criteria, and staff training necessary to implement both Design-Build and Construction Manager/General Contractor (CM/GC) project delivery methods. While these delivery methods may be utilized for a variety of future Capital Improvement Program projects, CM/GC is authorized for water and wastewater infrastructure projects and is anticipated to be the primary alternative delivery method for future enterprise-funded utility infrastructure projects. Design-Build is expected to have broader application across the City's Capital Improvement Program and will likely be utilized primarily for future facility projects where a single design-builder can provide greater integration between design and construction. Accordingly, staff recommends that the Water and Wastewater enterprise funds participate in funding development of the program because they are expected to directly benefit from these implementation tools and procedures.

Staff views this work as an investment in developing long-term organizational capability rather than support for a single capital project. The resulting procedures, procurement documents, training materials, and implementation framework are expected to be completed in 2027 and utilized across multiple future capital projects and will provide staff with additional tools to evaluate and select the most appropriate delivery method for each project.

Alternative delivery methods will not replace traditional Design-Bid-Build delivery. Instead, staff anticipates using each delivery method where it is most appropriate based on project complexity, schedule, risk profile, and overall project objectives. By expanding the City’s available delivery options, staff expects to improve flexibility, promote collaboration between designers and contractors where appropriate, and enhance the City’s ability to successfully deliver complex capital projects on time and within budget.

FISCAL AND ADMINISTRATIVE IMPACTS

The proposed agreement totals $462,980. The Alternative Project Delivery Program will establish the procedures, procurement documents, standard operating procedures, contract templates, evaluation criteria, and staff training necessary to implement both Design-Build and Construction Manager/General Contractor (CM/GC) project delivery methods. While these delivery methods may be utilized for a variety of future Capital Improvement Program projects, CM/GC is authorized for water and wastewater utility projects and is anticipated to be the primary alternative delivery method for future enterprise-funded utility infrastructure projects.

Accordingly, this effort will be funded with $184,000 from the Wastewater Fund (Fund 620) and $46,000 from the Water Fund (Fund 640) because those utilities are expected to directly benefit from the City's CM/GC implementation framework and its application to future utility infrastructure projects.

The remaining $232,980 required for the agreement is available within the Fiscal Year 2026-27 Engineering Operating Budget.

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION AUTHORIZING EXECUTION OF AN AGREEMENT WITH GRANBERG & ASSOCIATES, INC., TO PROVIDE OWNER'S AUTHORIZED REPRESENTATIVE (OAR) SERVICES FOR DEVELOPMENT AND IMPLEMENTATION OF ALTERNATIVE PROJECT DELIVERY METHODS, IN AN AMOUNT NOT-TO-EXCEED $462,980 AND A TERM ENDING DECEMBER 31, 2031

The City of Livermore continually evaluates opportunities to improve the delivery of Capital Improvement Program projects. Alternative project delivery methods, including Design-Build and Construction Manager/General Contractor (CM/GC), provide additional project delivery options that may be appropriate for certain public works projects based on their complexity, schedule, and project objectives. The City desires to develop the policies, procedures, municipal code amendments, procurement documents, and staff training necessary to implement these project delivery methods in accordance with California law.

The proposed Professional Services Agreement with Granberg & Associates, Inc. will provide Owner's Authorized Representative services for development and implementation of the City's Alternative Project Delivery Program in an amount not-to-exceed $462,980 and with a term ending December 31, 2031.

This effort will be funded with $184,000 from the Wastewater Fund (Fund 620) and $46,000 from the Water Fund (Fund 640) because those utilities are expected to directly benefit from the City's CM/GC implementation framework and its application to future utility infrastructure projects. The remaining $232,980 required for the agreement is available within the Fiscal Year 2026-27 Engineering Operating Budget.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore, that it hereby:

1. Authorizes the City Manager to execute an agreement, attached hereto as Exhibit A, with Granberg & Associates, Inc., to provide Owner’s Authorized Representative (OAR) services for development and implementation of alternative project delivery methods in an amount not-to-exceed $462,980 and a term ending December 31, 2031.

2. Authorizes the City Manager to take whatever actions are necessary and appropriate to carry out the purpose and intent of this resolution.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

PROFESSIONAL SERVICES AGREEMENT

THIS AGREEMENT is made and entered into this ___ day of _____, 20 , by and between the City of Livermore ("City"), a municipal corporation, and Granberg & Associates, Inc ("Consultant"), a(n) California Corporation.

RECITALS

City requires professional services to serve as Owner's Authorized Representative (OAR) for the development and implementation of alternative project delivery methods, including Design-Build and Construction Manager/General Contractor (CM/GC or GM/GC).

Consultant represents and warrants that it possesses the distinct professional skills, qualifications, experience, and resources necessary to timely perform the services described in this Agreement. Consultant acknowledges City has relied upon these representations and warranties as inducement to award this Agreement to Consultant.

AGREEMENT

NOW, THEREFORE, City and Consultant hereby agree that the aforementioned recitals are true and correct and further agree as follows:

1. **Retention as Consultant.** City hereby retains Consultant, and Consultant hereby accepts such engagement, to perform the Services described and defined below in Section 3 *Description of Services* subject to the terms and conditions in this Agreement.

2. Relationship of Parties – Independent Contractors.

(a) The relationship of the parties shall be that of independent contractors. Consultant is and shall at all times remain as to City a wholly independent contractor during the term of this Agreement.

(b) Consultant and its personnel performing the Services on behalf of Consultant are not City officers or employees. Consultant's personnel shall at all times be under Consultant's exclusive direction, control, supervision, and management. Consultant, at its own cost and expense, is responsible for all workers compensation insurance, withholding taxes, unemployment insurance, and any other employer obligations associated with the delivery of the Services by Consultant's personnel.

(c) Consultant and its personnel providing the Services shall not qualify for or become entitled to, and hereby waive any claims to, any compensation, benefit, or any incident in employment by City, including but not limited to enrollment in the California Public Employees Retirement System (PERS) as an employee of City and any entitlement to any contribution to be paid by City for employer contributions or employee contributions for PERS benefits.

Docusign Envelope ID: F0FD7D0F-96A3-8BCB-838D-92B0F0359DAD

(d) Consultant shall have no authority, express or implied, to act on behalf of City in any capacity whatsoever as an agent. Consultant shall not incur or have the power to incur any debt, obligation, or liability whatsoever against City, and shall have no authority, express or implied, to bind City to any obligation whatsoever.

3. Description of Services. Consultant shall provide the services described in the recitals and more particularly set forth in Exhibit A Scope of Work, which are collectively defined as "the Services" for the purposes of this Agreement.

4. Consultant's Responsibilities. Consultant, at its own cost and expense, shall:

(a) Coordinate the Services with Farnoush Levers ("Project Manager"), or such other person designated as the Project Manager by City;

(b) At all times faithfully, competently, and diligently perform the Services to the best of its ability, experience, and talent in a courteous manner to the highest industry standards when performing the Services required hereunder. For the purposes of this Agreement the phrase "highest industry standards" means those professional standards recognized by one or more professional consultants performing similar Services under similar circumstances within City's region;

(c) Provide the resources and assign competent Consultant personnel necessary to complete the Services in a timely manner;

(d) Immediately remove and replace, without any cost to City, any member of Consultant's personnel providing the Services to City, in its sole discretion and at any time during this Agreement, directs Consultant to remove and replace, and City agrees to advise Consultant of the reason for the direction for the removal and replacement;

(e) Provide all facilities, goods, materials, and equipment that may be necessary for Consultant's personnel to provide the Services. City may furnish physical facilities such as desks, filing cabinets, and conference space that may be reasonably necessary for Consultant's use for the Services, but in no event shall City be required to furnish any facilities that involve incurring a direct expense such as computer, software, long-distance telephone or other communication charges, vehicles, or document reproduction facilities;

(f) Obtain and keep in effect during the term of this Agreement all necessary licenses, permits, qualifications, insurance, and approvals legally and professionally required for Consultant to practice its profession and to provide the Services, including obtaining a business license from the City of Livermore, and keep them all in effect for the term of this Agreement;

Docusign Envelope ID: F0FD7D0F-96A3-8BCB-838D-92B0F0359DAD

(g) Obtain and complete the appropriate City forms for the City to pay Consultant electronically via the Automated Clearing House (ACH). Those forms may be obtained by email at accountspayable@livermoreca.gov or by calling Accounts Payable staff at (925) 960-4345. If Consultant opts-out of electronic payment, it must likewise complete the appropriate City forms that can be obtained from those same sources for payment by check. The authority granted by those forms will remain in force and effect until the City receives written notification of changes, which changes shall not take effect for at least ten business days to afford City a reasonable opportunity to act;

(h) Provide City with a complete Request for Taxpayer Identification Number and Certification Form W-9 using the form most recently issued by the Internal Revenue Service;

(i) Comply with all applicable state and federal laws, as well as Alameda County and City of Livermore ordinances, regulations, and adopted codes, when providing the Services;

(j) Only invoice City for the Services rendered. Consultant's invoice shall be in writing and describe the Services performed for the payment requested, and if requested by the Project Manager, Consultant shall certify the correctness of any invoice or invoices for Services provided. Consultant shall not submit an invoice to City more frequently than once a calendar month;

(k) Keep and maintain invoices and records related to the Services in an organized manner. At a minimum, the records must be kept for at least three years from the date of City's final payment to Consultant and must include time sheets, work progress reports, and other documentation to adequately explain all the Services invoiced for payment. Consultant shall make the invoices and records immediately available to City upon delivery of a written request to examine, audit, or copy them at City's place of business during normal business hours. Consultant shall give City 30 calendar-days' written notice prior to destroying the invoices and records and allow City an opportunity to take possession. If City wants to take possession, then Consultant and City shall coordinate delivery of the invoices and records to City in the most efficient manner possible;

(l) Be available to the Project Manager, City staff, and other parties referred to Consultant by the Project Manager to answer questions or inquiries related to the Services or invoices;

(m) Prepare and submit a written report to the Project Manager, within three business-days of the Project Manager's written request, that identifies the Services completed and in progress, the charges incurred to date, and the anticipated cost to complete the remaining Services;

(n) Correct all errors in the Services. If Consultant fails to make such correction in a timely manner, then City may make the correction and then charge the cost thereof to Consultant or deduct that cost from the compensation payable to Consultant;

Docusign Envelope ID: F0FD7D0F-96A3-8BCB-838D-92B0F0359DAD

(o) Comply with the Americans with Disabilities Act (ADA) of 1990, and all amendments thereto, as well as all applicable regulations and guidelines issued pursuant to the ADA, when providing the Services; and,

(p) If applicable, Consultant shall ensure that all work for compensation is provided in compliance with the requirements of the California Labor Code including but not limited to hours of labor, nondiscrimination, payroll records, apprentices, worker's compensation and prevailing wages.

5. Term. The term of this Agreement commences upon contract execution, and terminates upon the completion of the Services or 12/31/2031, whichever occurs first.

6. Termination by City. City may terminate any portion or all of the Services by giving Consultant at least 30 calendar-days' written notice. Upon receipt of a termination notice, Consultant shall immediately stop all work in progress on the Services except where necessary to preserve the benefit of the work, and Consultant shall then assemble the work on the Services for delivery to City on the termination date. All compensation for Services performed prior to the termination date shall be payable to Consultant in accordance with and subject to Section 7.

7. Compensation and Payment.

(a) The total compensation payable by City to Consultant for the Services **SHALL NOT EXCEED** the sum of $462,980.00 ("not-to-exceed amount").

(b) City shall compensate Consultant for the Services rendered at the hourly rates or task amounts set forth in Exhibit B Fee Schedule, and shall reimburse Consultant for travel expenses and other costs that are identified in Exhibit B, up to the not-to-exceed amount.

(c) Consultant and City acknowledge that compensation paid by City to Consultant pursuant to this Agreement is based upon Consultant's estimated costs to provide the Services, including the salaries and benefits paid by Consultant to its personnel. Consequently, Consultant and City further agree that compensation paid by City to Consultant is intended to include the costs of contributions to any pensions or annuities, or both, to which Consultant and its personnel may be eligible, and that City has no responsibility for contributions beyond the compensation paid to Consultant under this Agreement. As provided this Agreement, the hourly rates, task amounts and reimbursement for specified travel expenses and costs in the Fee Schedule are intended to be Consultant's only compensation for the Services and is inclusive of all costs of labor, licensing, permitting, overhead and administrative costs, and any-and-all other costs, expenses, and charges incurred by Consultant, its agents, and employees to provide the Services, including all taxes Consultant is required to pay.

(d) City shall pay Consultant no later than 30 days after City receives a written invoice from Consultant and verifies the Services were performed for the payment requested.

Docusign Envelope ID: F0FD7D0F-96A3-8BCB-838D-92B0F0359DAD

(e) City shall pay Consultant via the Automated Clearing House or as otherwise instructed by Consultant pursuant to Section 4(g) above.

8. Ownership of Documents. All drawings, designs, data, photographs, reports and other items prepared or obtained by Consultant in the performance of the Services are City's property and Consultant shall deliver them to City upon demand.

9. Intellectual Property, Copyright, and Right of Use. All items created by Consultant for City under this Agreement are works made for hire, and Consultant shall give City the copyright and all intellectual property rights to all items developed, prepared, and delivered as part of the Services. Consultant agrees that all aspects of the Services and items created thereby will be original works of creation and will not use, in whole or in part, any work created by any other party, except when expressly disclosed by Consultant to City and Consultant obtains a license to such items for the benefit of City. All licenses must be perpetual, world-wide, non-exclusive, and royalty free sufficient in scope to permit City's full use and enjoyment of its ownership rights in the items created by the Services.

10. Confidentiality. Consultant shall not disclose any confidential or proprietary information received from City to anyone except Consultant's personnel who require access to the information to perform the Services. This obligation shall survive termination and remain in full force and effect until the information, and any copies thereof, are returned to City or confirmed destroyed in a manner satisfactory to City.

11. Defense, Indemnity, and Hold Harmless. To the fullest extent permitted by law, Consultant shall hold harmless, indemnify, and defend with counsel selected by or otherwise acceptable to City, City and its elected and appointed officials, officers, directors, employees, agents, and designated volunteers (collectively "Indemnified Parties") from and against any and all liability, loss, damage, claims, expenses, and costs (including without limitation, attorney's fees and costs and fees of litigation) (collectively "Liability") of every nature arising out of or in connection with Consultant's performance of the Services, or in connection with Consultant's failure to comply with any of its obligations contained in this Agreement, except for such Liability caused by the sole active negligence or willful misconduct of the Indemnified Parties. Consultant's obligations to hold harmless, indemnify, and defend shall not be excused because of Consultant's inability to evaluate Liability or because Consultant evaluates Liability and determines that Consultant is not liable to the claimant. These obligations are independent of, and shall not in any way be limited by, the minimum insurance obligations contained in this Agreement. These obligations shall survive the completion or termination of this Agreement. Consultant must respond within 30 days to the tender of any claim for defense and indemnity by City.

Docusign Envelope ID: F0FD7D0F-96A3-8BCB-838D-92B0F0359DAD

(a) Modification for Construction Contracts. To the extent this Agreement is a "construction contract" covered by California Civil Code section 2782, then Consultant's duty to indemnify shall not apply in a manner prohibited by California Civil Code section 2782.

(b) Modification for Design Professional Services. To the extent this Agreement is for "design professional services" defined in California Civil Code section 2782.8, then Consultant's duties to defend and indemnify shall only apply to the extent provided for in California Civil Code section 2782.8(a), unless section 2782.8(a) is not applicable for one of the reasons set forth in 2782.8(e)

12. Insurance. Without limiting Consultant's indemnification of the Indemnified Parties, Consultant shall procure and maintain at its own expense during the term of this Agreement policies of insurance in the amounts and under the terms set forth in Exhibit C *Insurance Requirements* against claims and Liability that may arise from or in connection with this Agreement and performance of the Services. Upon reasonable written notice, Consultant shall comply with any changes in the amounts and terms of insurance as may be required from time-to-time by City's Risk Manager.

13. Force Majeure; Service Delays. Should Consultant's performance of the Services be obstructed or delayed due to changes in the Services by City, by any default, act, or omission of City, or by strikes, fire, earthquake, or any other Act of God, or by the inability to obtain goods, materials, equipment, or labor due to federal government restrictions arising out of defense or war programs, then Consultant's time for performance may, at City's sole discretion, be extended for such periods as may be agreed upon by City and Consultant. Nothing in this section restricts City's authority in Section 6 to terminate this Agreement.

14. Acceptance of Final Payment. Consultant's acceptance of final payment will release City from any and all claims and liabilities for compensation under this Agreement.

15. Acceptance of Work. City's acceptance of, or payment to Consultant for, the Services does not release Consultant from its responsibility for the accuracy, completeness, or competency of the Services, nor do the actions constitute an assumption of Consultant's responsibility or liability by City for any defect or error in the Services.

16. Conflict of Interest. Consultant represents that no City employee or official has a financial interest in Consultant. Consultant shall not offer, encourage, or accept any financial interest in any part of Consultant's business by or from a City employee or official during the term of this Agreement or as a result of being awarded this Agreement. If any of the Services are paid by reimbursement from an agreement between City and a private party, Consultant represents that it has not performed any work for that private party during the twelve-month period prior to the execution of this Agreement, and that it shall not negotiate, offer, or accept any contract for services from that party during the term of this Agreement.

Docusign Envelope ID: F0FD7D0F-96A3-8BCB-838D-92B0F0359DAD

17. Economic Disclosure. Consultant shall comply with City's local conflict of interest code implementing the California Political Reform Act, and shall prepare and file an economic disclosure statement if the Services involve making, or participation in making, governmental decisions or financial decisions by City that may have a material effect on Consultant's financial interests as determined by the City Attorney's Office. While it is Consultant's sole responsibility to evaluate its conflicts of interest, Consultant nevertheless agrees to prepare and file an economic disclosure statement if requested by City.

18. Levine Act Compliance. California Government Code section 84308 (Levine Act) prohibits City officers from participating in any action related to a contract, license, permit, or entitlement if the officer receives political contributions from a party, or participant, or agent thereof, that totals more than $500 within the twelve months preceding the decision or within the twelve months following the date of the final decision. Consultant shall review and complete as necessary the City's California Levine Act Disclosure Statement that can be obtained from the City Clerk.

19. Use of Recycled Products. If fitness and quality are equal, then Consultant shall utilize recycled products consistent with the City's Environmentally Preferrable Purchasing and Practices Policy, and as defined in California Public Contract Code Section 12200 for the Services, instead of nonrecycled products whenever recycled products are available at the same or a lesser cost than nonrecycled items. Information on recycled materials can be found here:

- Sustainable Purchasing | StopWaste - Home, Work, School
- Reducing Waste at Work | StopWaste - Home, Work, School
- Recommendations of Specifications, Standards, and Ecolabels for Federal Purchasing | US EPA

20. Non-Exclusive Agreement. This Agreement is non-exclusive. City reserves the right to provide, and to retain other qualified consultants to provide, services that are the same or similar to the Services.

21. Business Entity Status. Consultant is responsible for filling all required documents and forms with the California Secretary of State and meeting all requirements of the Franchise Tax Board, as well as the California Business and Professions Code and any other state statute, to the extent such requirements apply to Consultant to provide the Services. By entering into this Agreement, Consultant represents that it is: authorized to do business in California; in good standing with the California Secretary of State; and, in good standing with all agencies having jurisdiction over Consultant, including any licensing agencies. If Consultant is a suspended entity at the time it enters into this Agreement, City may take steps to void this Agreement.

Docusign Envelope ID: F0FD7D0F-96A3-8BCB-838D-92B0F0359DAD

22. Authority to Execute Agreement. Consultant has taken all necessary action to authorize the execution of this Agreement, and expressly represents that the person signing this Agreement on behalf of Consultant has received and accepted the authority to sign and execute this Agreement on behalf of Consultant. Upon the Effective Date, this Agreement shall constitute a legal, valid and binding obligation of Consultant, enforceable against Consultant in accordance with its terms, which authorization is ratified and confirmed upon Consultant's acceptance of the first compensation payment by City.

23. No Subcontracting and No Assignment. Consultant's unique personal competence, experience, specialized personal knowledge, and professional reputation were a substantial inducement to City for the award of this Agreement to Consultant, therefore no part of the Services may be assigned or subcontracted without City's prior written consent. For the purposes of this section, a change of fifty percent or more in the ownership or control of Consultant constitutes an assignment.

24. Remedies. All remedies permitted or available under this Agreement, or at law or in equity, are cumulative and alternative, and the invocation of a right or remedy will not be construed to waive or elect a remedy with respect to any other available right or remedy. As a condition precedent to commencing legal action involving a claim or dispute against City arising from this Agreement, Consultant must present a written claim to City in accordance with Livermore Municipal Code Chapter 3.40 *Claims Administration*.

25. Work Eligibility. Consultant warrants that only personnel authorized to work in the United States pursuant to the Immigration Reform and Control Act of 1986 and other applicable laws shall be provided by Consultant for the performance of the Services.

26. Non-Discrimination. In performance of the Services, Consultant agrees that it will not engage in discrimination in employment of persons because of such person's race, color, religion, sex/gender, gender identity/expression, sexual orientation, marital status, medical condition, military or veteran status, national origin, ancestry, disability, genetic information, age, or any protected classification when providing the Services. Consultant further agrees to comply with all provisions of Title VI of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, or national origin in all programs or activities receiving federal financial assistance. Consultant further assures that it will take necessary actions to ensure compliance with these requirements in the performance of this Agreement.

27. Construction of Language.

(a) The terms and conditions in this Agreement have been arrived at through negotiation and each party had a full and fair opportunity to review and revise this Agreement with legal counsel. Any ambiguity in this Agreement will not be resolved against either party as the drafting party. In the event of an inconsistency or conflict between the language in the body of the Agreement and any exhibit hereto, the language in the body of the Agreement controls.

Docusign Envelope ID: F0FD7D0F-96A3-8BCB-838D-92B0F0359DAD

(b) For the purposes of this Agreement, the terms "writing" and "written" includes electronic documents and communication via email, but not when those terms are used in Sections 6, 12, 23, and Sections 27 through 30 for notices, consent, or modifications. For the notices, consent, and modifications in Sections 6, 12, 23, and Sections 27 through 30, the terms "writing" and "written" means either a physically tangible document or an electronic document that satisfies the requirements in Livermore Municipal Code Section 2.64 Electronic Signatures.

28. Entire Agreement; Modification. This Agreement supersedes all other agreements, whether oral or written, between the parties with respect to the Services. Any modification to this Agreement must be in writing and signed by both parties. In the event the original of this Agreement is lost or destroyed, an archival copy maintained by City can be used in place of the original for all purposes with the same effect as if it was the original.

29. Notice. Notices under this Agreement must be delivered to the addresses below by deposit in the United States mail or by overnight delivery service, with postage prepaid and delivery confirmation, with a courtesy copy delivered by email to the email addresses below:

TO CITY:	Attention: Farnoush Levers City of Livermore / Community Development 1052 South Livermore Avenue Livermore, CA, 94550 fslevers@livermoreca.gov
Email:	purchasing@livermoreca.gov accountspayable@livermoreca.gov CityAttorney@livermoreca.gov
TO CONSULTANT:	Attention: Robert Granberg Granberg & Associates, Inc P.O. Box 637 Escalon, CA, 95320 United States
Email:	rgranberg@granbergassociates.com

30. Waiver. Failure to insist upon the strict performance of any term or condition in this Agreement, no matter how long the failure continues, is not a waiver of the term or condition and does not bar the right to subsequently demand strict performance. To be effective, a waiver must be in writing and signed by the non-breaching party.

Docusign Envelope ID: F0FD7D0F-96A3-8BCB-838D-92B0F0359DAD

31. Severability. If a court of competent jurisdiction determines a provision in this Agreement is invalid, void, or unenforceable, the remaining provisions will nevertheless continue in full force and effect without being impaired in any way.

32. Survival. The terms, conditions, and obligations in Sections 2, 8 through 11, 23, 24, 30, and 31 through 33 shall survive the completion or termination of this Agreement.

33. Jurisdiction and Venue. The interpretation, validity, and enforcement of this Agreement shall be governed by and construed in accordance with the laws of the State of California. Any suit, claim, or legal action of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of Alameda or in the United States District Court for the Northern District of California.

34. Electronic Signatures. By signing this document, you are agreeing that you have reviewed this disclosure information and consent to transact business using electronic communications and to utilize electronic signatures in lieu of using paper documents pursuant to Livermore Municipal Code section 2.64 *Electronic Signatures* and all other applicable laws. You are not required to sign documents electronically. If you prefer not to do so, you may request to receive paper copies and withdraw your consent at any time.

35. Counterparts. This Agreement may be executed and delivered in one or more counterparts, each of which will be deemed to be an original copy of this Agreement, and all of which, when taken together, will be deemed to constitute one and the same agreement. The facsimile, email, or other electronically delivered signatures of the Parties shall be deemed to constitute original signatures, and facsimile or electronic copies hereof shall be deemed to constitute duplicate originals and shall be valid and effective for all purposes.

SCOPE OF SERVICES
EXHIBIT "A"

OWNER AUTHORIZED REPRESENTATIVE SERVICES
TO DEVELOP ALTERNATIVE PROJECT DELIVERY METHODS

This scope of services includes establishing processes, updating municipal codes, contract templates, and project selection criteria for eligible capital improvement projects for the City of Livermore (City).

PROJECT DESCRIPTION

The Owner's Authorized Representative (OAR) will provide comprehensive professional services to assist the City of Livermore in implementing alternative delivery methods for public works projects, including **Design-Build** and **Construction Manager/General Contractor (CM/GC or GM/GC)**, as authorized by California Public Contract Code Sections **22160–22169, 20133, 20134, 20175.2, and 21568.5–21568.10**.

SCOPE OF SERVICES

The following is a scope of services to be used as a guideline for anticipated services. The Scope of Services is organized into the following tasks:

- *Task 1 – Project Management and Meetings*
- *Task 2 – Ordinance and Policy Development*
- *Task 3 – Process and Procedure Development*
- *Task 4 – Contract Template Development*
- *Task 5 – CIP Project Evaluation and Planning*

Consultant shall provide all necessary labor, materials, equipment, and supplies to perform the Scope of Services. Consultant shall be responsible for all site visits or meetings with City staff that may be needed to facilitate Consultant's execution of the Scope of Services. The City requires the following tasks for this Project:

Task *1* – Project Management and Meetings

Consultant shall be responsible for project management activities throughout the life of the Project, from planning through construction. This task will include project setup, administration, coordination with the City and other stakeholders, and managing scope, schedule, and budget. Consultant's project manager shall serve as the primary point of contact when communicating with the City.

Responsibilities include, but are not limited to:

- **Kickoff Meeting:** Organize and execute a Kickoff Meeting with City staff. Consultant's project manager shall work with the City's project manager in advance of the Kickoff Meeting to confirm topics to be discussed at the meeting. Consultant shall prepare and issue meeting agenda, presentation materials, notes, and decision log.
- **Project Schedule:** Prepare and maintain a Project schedule using excel or the electronic scheduling software (i.e., Microsoft Project). The initial schedule shall be provided no later

Docusign Envelope ID: F0FD7D0F-96A3-8BCB-838D-92B0F0359DAD

EXHIBIT A

than the Kickoff Meeting and shall be updated at each design deliverable milestone. Schedules shall be provided in Excel or Microsoft Project and PDF format.

- **Daily Oversight and Coordination:** Oversee daily management of scope, schedule, budget, and deliverables. Coordinate work with internal staff, subconsultants, and City staff as necessary.
- **Progress Meetings:** Participate in **8** virtual and/or hybrid meetings with the City to discuss overall work progress and the status of near-term efforts and requirements. For each meeting, Consultant shall prepare meeting documents for each meeting, including agendas, presentation materials, and minutes to document key discussion issues, action items, and decisions made. Meeting agendas, materials, and notes shall be provided in an electronic editable file format, as well as PDF file format. Consultant shall coordinate meeting documents with decision log.
- **Decision Log:** Maintain a Decision Log to track the impact of decisions made on design, consulting cost, construction cost, and Project schedule. Decision log shall be provided in an electronic editable file format, as well as PDF file format. Consultant shall coordinate decision log with meeting documents.
- **Monthly Invoices and Progress Reports:** Prepare and submit invoices and progress reports on a monthly basis.
    - **Invoices –** Invoices must identify the hours and rates charged for each person for each task, as well as itemizing other direct costs, with cumulative totals for invoiced amounts per task identified to demonstrate that expenditures are within the not-to-exceed authorization limit of the agreement.
    - **Expense Logs –** The invoices shall be accompanied by an expense log showing all invoices billed against the contract and the amount remaining. City will provide a template of the expense log for the Consultant's use.
    - **Progress Reports –** The invoices shall also be accompanied by a monthly progress report that describes the activities completed during the invoice's billing period, a record of Project decisions made by City, activities anticipated for the next billing period, and notification of potential out-of-scope activities.

  Monthly invoices and progress reports shall be provided as a PDF file. The progress reports shall be included as part of the email when the invoices are submitted electronically.

Consultant deliverables for Task *1* include the following:

- Schedule
- Meeting documents
- Decision log
- Invoices and Progress Reports

Task *2* – Ordinance and Policy Development

The consultant will review existing municipal code ordinances related to public works contracting and identify necessary amendments to enable Design-Build and CM/GC/GM/GC delivery methods in compliance with California Public Contract Code, including but not limited to Sections 22160–22169, 20133, 20134, 20175.2 for Design-Build, and 21568.5–21568.10 (as outlined in SB 598) for CM/GC/GM/GC. This task includes drafting recommended ordinance

Docusign Envelope ID: F0FD7D0F-96A3-8BCB-838D-92B0F0359DAD

EXHIBIT A

updates, preparing supporting documentation, and developing presentations for City Council approval. The consultant will coordinate closely with the City Attorney's Office and staff to ensure proposed changes comply with California Public Contract Code and align with City objectives, facilitating the ordinance adoption process from initial review through final approval

Responsibilities include, but are not limited to:

- Review existing municipal code ordinances related to public works contracting.
- Draft recommended ordinance updates to incorporate Design-Build and CM/GC/GM/GC methods.
- Prepare supporting documentation and presentations for City Council approval.
- Coordinate with City Attorney and staff for ordinance adoption process

Consultant deliverables for Task 2 include the following:

- Draft municipal code updates
- Any resolutions, exhibits and redlines as needed for City Council approval.

Task *3* – Process and Procedure Development

The consultant will develop comprehensive procurement procedures for Design-Build and CM/GC/GM/GC projects, including step-by-step workflows and best practices. This task includes creating CIP project selection criteria and evaluation frameworks, drafting compliance protocols and checklists for Project Managers, and preparing standardized RFQ/RFP templates for alternative delivery procurements. The consultant will also develop evaluation criteria and scoring methodologies, assist with shortlisting and interviews, and support best-value selection processes to ensure transparency and compliance with applicable laws and City policies. In addition, consultant shall provide training on new procedures and template to City Staff.

Responsibilities include, but are not limited to:

- Develop procurement procedures for Design-Build and CM/GC/GM/GC projects.
- Create CIP project selection criteria and evaluation frameworks.
- Draft compliance protocols and checklists for Project Managers.
- Develop RFQs/RFP Templates for Design-Build and CM/GC/ GM/GC procurements.
- Create evaluation criteria and scoring methodology.
- Assist with shortlisting, interviews, and best-value selection

Consultant deliverables for Task *3* include the following:

- Standard Operating Procedures and Checklists for Alternative Delivery Systems.
- CIP project selection criteria and evaluation frameworks.
- RFQs/RFP Templates for Design-Build and CM/GC procurements.
- Training on new procedures and template to City Staff.

Docusign Envelope ID: F0FD7D0F-96A3-8BCB-838D-92B0F0359DAD

EXHIBIT A

Task *4* – Contract Template Development

The consultant will draft standard contract templates for Design-Build and CM/GC/GM/GC delivery methods, incorporating risk allocation strategies, performance standards, and dispute resolution clauses based on City standard provisions. This task includes iterative review and refinement of templates to ensure clarity, enforceability, and alignment with City objectives. The consultant will collaborate with the City Attorney's Office to finalize templates for official use in upcoming procurements, ensuring compliance with California Public Contract Code and updated municipal ordinances.

Responsibilities include, but are not limited to:

- Draft standard contract templates for Design-Build and CM/GC/GM/GC delivery.
- Incorporate risk allocation, performance standards, and dispute resolution clauses based on City Standard Clauses.
- Review and finalize templates with City Attorney's Office.

Consultant deliverables for Task *4* include the following:

- Standard Contract Templates for Design-Build and CM/GC/GM/GC delivery.

Task *5* – CIP Project Evaluation and Planning

The consultant will assist the City in identifying and prioritizing candidate projects for alternative delivery methods by reviewing the Capital Improvement Plan and applying established selection criteria. This task includes conducting feasibility assessments to determine the most appropriate delivery method for each project and preparing preliminary project schedules and cost models to support decision-making. Recommendations will be documented in formal reports and presented to City leadership for approval.

Responsibilities include, but are not limited to:

- Identify and prioritize candidate projects for alternative delivery methods.
- Conduct feasibility assessments and recommend delivery method.
- Prepare preliminary project schedules and cost models.

Consultant deliverables for Task *5* include the following:

- List of recommendations which identify and prioritize candidate projects for alternative delivery methods.
- Preliminary project schedules and cost models for the first CIP project recommended to implement an alternative delivery method.

INSURANCE REQUIREMENTS

Minimum Scope and Limits of Insurance

Consultant/Contractor shall maintain limits no less than:

1. Commercial General Liability, including operations, products, and completed operations, as applicable:
   $2,000,000 per occurrence/**$4,000,000** aggregate for bodily injury, personal injury, and property damage. If Commercial General Liability or other form of insurance with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit.
2. Automobile Liability:
   $1,000,000 per accident for bodily injury and property damage.
3. Workers' Compensation and Employer's Liability:
   Statutory limits as required by the State of California including **$1,000,000** Employers' Liability per accident, per employee for bodily injury or disease. A waiver of subrogation is required for Workers' Compensation insurance. If Consultant/Contractor is a sole proprietor, then they must sign "Contractor Release of Liability."
4. Professional Liability/Errors and Omissions:
   $2,000,000 per claim. Consultant/Contractor warrants that any retroactive date under this policy shall precede the effective date of this contract and, either continuous coverage will be maintained, or an extended discovery period will be exercised for a period of two years beginning at the time work under this contract is completed.

Deductibles and Self-Insured Retention

All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any self-insured retention (SIR) provision shall provide, or be endorsed to provide, that the SIR may be satisfied by either the named insured or the City of Livermore. The City of Livermore reserves the right to obtain a full certified copy of any insurance policy and endorsements. Failure to exercise this right shall not constitute a waiver of right to exercise later.

Acceptability of Insurers

Insurance is to be placed with insurers with a current A.M. Best rating of no less than A: VII and accepted to do business in the State of California, unless otherwise acceptable to the City of Livermore.

Other Insurance Provisions

The general liability and automobile liability policies are to contain, or be endorsed to contain, the following provisions:

1. The City of Livermore, its officers, officials, employees, and designated

Docusign Envelope ID: F0FD7D0F-96A3-8BCB-838D-92B0F0359DAD

volunteers are to be covered as additional insureds as respects: liability arising out of activities performed by or on behalf of the Consultant/Contractor; or automobiles owned, leased, hired or borrowed by the Consultant/Contractor. The coverage shall contain no special limitations on the scope of protection afforded to the City of Livermore, its officers, officials, employees, or volunteers.

2. The limits of insurance required in this agreement may be satisfied by a combination of primary and umbrella or excess insurance. The additional insured coverage under the Consultant's/Contractor's policy shall be primary and non-contributory and will not seek contribution from the City's insurance or self-insurance and shall be at least as broad as ISO Form CG 20 10 04 13. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of the City of Livermore before the City's own insurance or self-insurance shall be called upon to protect it as a named insured.
3. Any failure to comply with reporting or other provisions of the policy, including breaches of warranties, shall not affect coverage provided to the City of Livermore, its officers, officials, employees, or volunteers.
4. The Consultant's/Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
5. Each insurance policy required by this clause shall be endorsed to state that coverage shall not be canceled by either party before expiration of the policy unless notice is delivered in accordance with policy provisions.
6. It shall be a requirement under this agreement that any available insurance proceeds broader than, or in excess of, the specified minimum insurance coverage requirements and/or limits shall be available to the additional insured. Furthermore, the requirements for coverage and limits shall be (1) the minimum coverage and limits specified in this agreement; or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the named Insured; whichever is greater.
7. Certificate Holder section of the insurance certificate should read: City of Livermore, 1052 S. Livermore Avenue, Livermore, CA 94550

Verification of Coverage

Consultant/Contractor shall furnish certificates of insurance and endorsement(s) effecting coverage to the City of Livermore for approval. The endorsements shall be on forms acceptable to the City of Livermore. All certificates and endorsements are to be received and approved by the City of Livermore before work commences. The City of Livermore reserves the right to require complete and certified copies of all insurance policies required by this Agreement.

LIVERMORE
CALIFORNIA

CITY COUNCIL STAFF REPORT **ITEM NO. 6.10**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Brent Smith, Community Development Director

SUBJECT: Resolution authorizing the City Manager to execute and administer a Professional Services Agreement with the University of California, Davis - Road Ecology Center, for a research grant on behalf of the Altamont Landfill Open Space Advisory Committee.

RECOMMENDED ACTION

Staff recommends that the City Council adopt a resolution authorizing the City Manager to execute and administer a Professional Services Agreement to implement the grant awarded by the Altamont Landfill Open Space Advisory Committee to the University of California, Davis – Road Ecology Center, for a two year period in the amount of $246,803, to research and develop a Payment for Ecosystem Services (PES) method and web tools.

SUMMARY

On May 16, 2025, the Altamont Landfill Open Space Advisory Committee (Open Space Committee) recommended approval of a grant application by the UC Davis Road Ecology Center for $246,803 over a two-year period (approximately $123,402 per year) to research and develop a Payment for Ecosystem Services (PES) method and web-tool to assist with Committee decision making about land and easement acquisitions (the Agreement and Scope of Work is Exhibit A to the Resolution). The expenditure would comply with the 5% annual limit for research purposes in Section 7.4.7 of the 1999 Altamont Landfill Settlement Agreement (Settlement Agreement).

The City of Livermore will administer and monitor the funding Agreement because the Open Space Committee does not have contract authority. The funding would be transferred from the Altamont Landfill Settlement Agreement Open Space Fund to a City Open Space Account. The City's role will be to transfer funds to UC Davis for consultant services, on an invoice payment basis.

DISCUSSION

ALTAMONT LANDFILL OPEN SPACE COMMITTEE

The Open Space Committee recommends expenditures of funds to protect natural resources, biodiversity, scenic value, and recreational opportunities. The Open Space Committee reviews grant

applications for land or easement acquisitions and research studies that are intended to support the Committee's decision-making for proposed acquisitions. Additionally, the Open Space Committee has resources to support research studies furthering the purpose and intent of Section 7.4.7 of the Settlement Agreement that states the following:

"By approval of a majority of the members of the Advisory Committee, and concurrence by the County and Cities, up to five percent (5%) of the funds received in the Open Space Account in any given year may be expended for the services of independent consultants to aid the Advisory Committee in carrying out its duties to identify open space areas in need of protection and to make plans for their acquisitions, and up to two percent (2%) of the funds received in the Open Space Account any given year may be expended for costs incurred in the financial management of the account."

No funds have been expended this year for consultant services per Section 7.4.7 of the Settlement Agreement. The requested amounts are anticipated to be within the allowed range per year.

The Open Space Committee is comprised of four members: one member appointed by the Board of Supervisors, one member appointed by the Livermore City Council, one member appointed by the Pleasanton City Council and one member appointed by the Sierra Club. A representative of the City of Dublin may participate as a non-voting member. Rotating Livermore City Council members provide representation on the Committee. Vice Mayor Wang is the current Livermore representative.

On September 8, 2025, the City Council adopted a resolution confirming the Committee's recommendation to authorize the research grant for UC Davis. The research is intended to support the Committee's prioritization of lands for protection based on wildlife presence/activity, potential habitat, and habitat connectivity, including across freeways. The Open Space Committee will utilize this information, as appropriate, to support initial strategies for potential land acquisition in fee title or conservation easements to enable native wildlife (plants and animals) survival and movement.

FISCAL AND ADMINISTRATIVE IMPACTS

Funding the grant requests would have no impact on the City's General Fund other than the allocation of staff time to prepare this report to the City Council and administering a grant agreement with the UC Davis Road Ecology Center over a two-year period. All the funding for the study would be transferred from the Altamont Landfill Settlement Agreement Open Space Fund to a City Open Space Account. The City's role will be to transfer funds to UC Davis for consultant services, on an invoice payment basis.

COMMUNITY PILLAR

3: Environmental Stewardship

GOAL

1: Lead efforts to implement the updated Climate Action Plan in collaboration with internal and external partners

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE AN AGREEMENT WITH THE UNIVERSITY OF CALIFORNIA, DAVIS (ROAD ECOLOGY CENTER) FOR A RESEARCH GRANT AWARDED BY THE ALTAMONT LANDFILL OPEN SPACE ADVISORY COMMITTEE

On May 16, 2025, the Altamont Landfill Open Space Advisory Committee (Open Space Committee) recommended approval of a grant application by the University of California, Davis (UC Davis) Road Ecology Center for the amount of $246,803 ("Grant Funds"), over a two-year period to research and develop a Payment for Ecosystem Services (PES) method and web-tool to assist the Open Space Committee's decision making about land and easement acquisitions. The expenditure would comply with the 5% annual limit for research purposes in Section 7.4.7 of the 1999 Altamont Landfill Settlement Agreement.

On September 8, 2025, the City Council adopted Resolution No. 2025-141 confirming the Open Space Committee's recommendation to authorize the research grant for UC Davis. The Open Space Committee reviews grant applications for land or easement acquisitions and research studies intended to support the Committee's decision making about land and easement acquisitions.

The City now desires to enter into an agreement with UC Davis to implement the Grant Funds awarded by the Open Space Committee ("Agreement"). The Grant Funds for the Agreement will be transferred from the Altamont Landfill Settlement Agreement Open Space Fund to a City Open Space Account. The City of Livermore will administer the funding Agreement because the Open Space Committee does not have contract authority. The City's role will be to transfer the Grant Funds awarded by the Committee to UC Davis for consultant services, on an invoice payment basis.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore that prior to taking action on the Agreement and at a properly noticed public meeting, the City Council reviewed written and oral staff reports, took testimony, and received into the record all pertinent documents (collectively, the "Record Evidence"). The City Council's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED by the City Council of the City of Livermore that it hereby authorizes the City Manager to execute and administer a Professional Services Agreement, attached hereto as Exhibit A, and all other documents with the University of California, Davis Road Ecology Center necessary to implement the Grant Funds.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

EXHIBIT A

PROFESSIONAL SERVICES AGREEMENT

THIS AGREEMENT is made and entered into this___ day of _____, 2026, by and between the City of Livermore ("City"), a municipal corporation, and The Regents of the University of California, on behalf of its Davis campus ("Consultant"), a Public Institution.

RECITALS

City requires professional services for the development of a Payment for Ecosystem Services (PES) method (Phase I) and web-tool (Phase II) to assist with the Altamont Landfill Open Space Committee's (ALOSC) decision-making about land and easement acquisition. The amount requested is $246,803 and would be distributed over a two-year period.

Consultant represents and certifies that it possesses the distinct professional skills, qualifications, experience, and resources necessary to timely perform the services described in this Agreement. Consultant acknowledges City has relied upon these representations and certification as inducement to award this Agreement to Consultant.

AGREEMENT

NOW, THEREFORE, City and Consultant hereby agree that the aforementioned recitals are true and correct and further agree as follows:

1. **Retention as Consultant.** City hereby retains Consultant, and Consultant hereby accepts such engagement, to perform the Services described and defined below in Section 3 *Description of Services* subject to the terms and conditions in this Agreement.

2. Relationship of Parties – Independent Contractors.

(a) The relationship of the parties shall be that of independent contractors. Consultant is and shall at all times remain as to City a wholly independent contractor during the term of this Agreement.

(b) Consultant and its personnel performing the Services on behalf of Consultant are not City officers or employees. Consultant's personnel shall at all times be under Consultant's exclusive direction, control, supervision, and management. Consultant, at its own cost and expense, is responsible for all workers compensation insurance, withholding taxes, unemployment insurance, and any other employer obligations associated with the delivery of the Services by Consultant's personnel.

(c) Consultant and its personnel providing the Services shall not qualify for or become entitled to, and hereby waive any claims to, any compensation, benefit, or any incident in employment by City, including but not limited to enrollment in the California Public Employees Retirement System (PERS) as an employee of City and any entitlement to any contribution to be paid by City for employer contributions or employee contributions for PERS benefits.

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

(d) Consultant shall have no authority, express or implied, to act on behalf of City in any capacity whatsoever as an agent. Consultant shall not incur or have the power to incur any debt, obligation, or liability whatsoever against City, and shall have no authority, express or implied, to bind City to any obligation whatsoever.

3. Description of Services. Consultant shall provide the services described in the recitals and more particularly set forth in Exhibit A Scope of Work, which are collectively defined as "the Services" for the purposes of this Agreement.

4. Consultant's Responsibilities. Consultant, at its own cost and expense, shall:

(a) Coordinate the Services with Sukhamrit Purewal, Associate Planner ("Project Manager"), or such other person designated as the Project Manager by City;

(b) At all times faithfully, competently, and diligently perform the Services to the best of its ability, experience, and talent in a courteous manner to the highest industry standards when performing the Services required hereunder. For the purposes of this Agreement the phrase "highest industry standards" means those professional standards recognized by one or more professional consultants performing similar Services under similar circumstances within City's region;

(c) Provide the resources and assign competent Consultant personnel necessary to complete the Services in a timely manner;

(d) Immediately remove and replace, without any cost to City, any member of Consultant's personnel providing the Services to City, in its sole discretion and at any time during this Agreement, directs Consultant to remove and replace, and City agrees to advise Consultant of the reason for the direction for the removal and replacement;

(e) Provide all facilities, goods, materials, and equipment that may be necessary for Consultant's personnel to provide the Services. City may furnish physical facilities such as desks, filing cabinets, and conference space that may be reasonably necessary for Consultant's use for the Services, but in no event shall City be required to furnish any facilities that involve incurring a direct expense such as computer, software, long-distance telephone or other communication charges, vehicles, or document reproduction facilities;

(f) Obtain and keep in effect during the term of this Agreement all necessary licenses, permits, qualifications, insurance, and approvals legally and professionally required for Consultant to practice its profession and to provide the Services, including obtaining a business license from the City of Livermore, and keep them all in effect for the term of this Agreement;

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

(g) Obtain and complete the appropriate City forms for the City to pay Consultant electronically via the Automated Clearing House (ACH). Those forms may be obtained by email at accountspayable@livermoreca.gov or by calling Accounts Payable staff at (925) 960-4345. If Consultant opts-out of electronic payment, it must likewise complete the appropriate City forms that can be obtained from those same sources for payment by check. The authority granted by those forms will remain in force and effect until the City receives written notification of changes, which changes shall not take effect for at least ten business days to afford City a reasonable opportunity to act;

(h) Provide City with a complete Request for Taxpayer Identification Number and Certification Form W-9 using the form most recently issued by the Internal Revenue Service;

(i) Comply with all applicable state and federal laws, as well as Alameda County and City of Livermore ordinances, regulations, and adopted codes, when providing the Services;

(j) Only invoice City for the Services rendered. Consultant's invoice shall be in writing and describe the Services performed for the payment requested, and if requested by the Project Manager, Consultant shall certify the correctness of any invoice or invoices for Services provided. Consultant shall not submit an invoice to City more frequently than once a calendar month;

(k) Keep and maintain invoices and records related to the Services in an organized manner. At a minimum, the records must be kept for at least three years from the date of City's final payment to Consultant and must include time sheets, work progress reports, and other documentation to adequately explain all the Services invoiced for payment. Consultant shall make the invoices and records immediately available to City upon delivery of a written request to examine, audit, or copy them at City's place of business during normal business hours. Consultant shall give City 30 calendar-days' written notice prior to destroying the invoices and records and allow City an opportunity to take possession. If City wants to take possession, then Consultant and City shall coordinate delivery of the invoices and records to City in the most efficient manner possible;

(l) Be available to the Project Manager, City staff, and other parties referred to Consultant by the Project Manager to answer questions or inquiries related to the Services or invoices;

(m) Prepare and submit a written report to the Project Manager, within three business-days of the Project Manager's written request, that identifies the Services completed and in progress, the charges incurred to date, and the anticipated cost to complete the remaining Services;

(n) Correct all errors in the Services. If Consultant fails to make such correction in a timely manner, then City may make the correction and then charge the cost thereof to Consultant or deduct that cost from the compensation payable to Consultant;

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

(o) Comply with the Americans with Disabilities Act (ADA) of 1990, and all amendments thereto, as well as all applicable regulations and guidelines issued pursuant to the ADA, when providing the Services; and,

(p) If applicable, Consultant shall ensure that all work for compensation is provided in compliance with the requirements of the California Labor Code including but not limited to hours of labor, nondiscrimination, payroll records, apprentices, worker's compensation and prevailing wages.

5. Term. The term of this Agreement commences on August 1st , 2026, and terminates upon the completion of the Services or July 31st , 2028, whichever occurs first.

6. Termination by City. City may terminate any portion or all of the Services by giving Consultant at least 30 calendar-days' written notice. Upon receipt of a termination notice, Consultant shall promptly stop all work in progress on the Services except where necessary to preserve the benefit of the work, and Consultant shall then assemble the work on the Services for delivery to City on the termination date. All compensation for Services performed prior to the termination date shall be payable to Consultant in accordance with and subject to Section 7.

7. Compensation and Payment.

(a) The total compensation payable by City to Consultant for the Services SHALL NOT EXCEED the sum of $246,803 ("not-to-exceed amount"). An indirect rate of 10% is factored into the total amount.

(b) Consultant and City acknowledge that compensation paid by City to Consultant pursuant to this Agreement is based upon Consultant's estimated costs to provide the Services, including the salaries and benefits paid by Consultant to its personnel. Consequently, Consultant and City further agree that compensation paid by City to Consultant is intended to include the costs of contributions to any pensions or annuities, or both, to which Consultant and its personnel may be eligible, and that City has no responsibility for contributions beyond the compensation paid to Consultant under this Agreement. As provided this Agreement, the hourly rates, task amounts and reimbursement for specified travel expenses and costs in the Fee Schedule are intended to be Consultant's only compensation for the Services and is inclusive of all costs of labor, licensing, permitting, overhead and administrative costs, and any-and-all other costs, expenses, and charges incurred by Consultant, its agents, and employees to provide the Services, including all taxes Consultant is required to pay.

(c) City shall pay Consultant no later than 30 days after City receives a written invoice from Consultant and verifies the Services were performed for the payment requested.

(d) City shall pay Consultant via the Automated Clearing House or as otherwise instructed by Consultant pursuant to Section 4(g) above.

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

8. Ownership of Documents. All drawings, designs, data, photographs, reports and other items prepared or obtained by Consultant in the performance of the Services are City's property and Consultant shall deliver them to City upon demand.

9. Intellectual Property, Copyright, and Right of Use. Consultant agrees that all aspects of the Services and items created thereby will be original works of creation and will not use, in whole or in part, any work created by any other party, except when expressly disclosed by Consultant to City and Consultant obtains a license to such items for the benefit of City. All licenses must be perpetual, world-wide, non-exclusive, non-transferable and royalty free for non-commercial use only.

10. Confidentiality. Consultant shall not disclose any confidential or proprietary information received from City which is marked as confidential to anyone except Consultant's personnel who require access to the information to perform the Services. Disclosure of Confidential Information shall be made in writing marked "Confidential" or if orally disclosed, is reduced to a marked writing within thirty (30) days of oral disclosure. This obligation shall survive termination and remain in full force and effect until the information, and any copies thereof, are returned to City or confirmed destroyed in a manner satisfactory to City within 3 years.

11. Defense, Indemnity, Hold Harmless. To the fullest extent permitted by law, Consultant shall hold harmless, indemnify, and defend with counsel selected by or otherwise acceptable to City, City and its elected and appointed officials, officers, directors, employees, agents, and designated volunteers (collectively "Indemnified Parties") from and against any and all liability, loss, damage, claims, expenses, and costs (including without limitation, attorney's fees and costs and fees of litigation) (collectively "Liability") of every nature arising out of or in connection with Consultant's performance of the Services, or in connection with Consultant's failure to comply with any of its obligations contained in this Agreement, except for such Liability caused by the sole active negligence or willful misconduct of the Indemnified Parties. Consultant's obligations to hold harmless, indemnify, and defend shall not be excused because of Consultant's inability to evaluate Liability or because Consultant evaluates Liability and determines that Consultant is not liable to the claimant, but Consultant shall only be responsible to indemnify the Indemnified Parties for Liability solely in proportion to, and to the extent caused by, Consultant's negligence or willful misconduct. These obligations are independent of, and shall not in any way be limited by, the minimum insurance obligations contained in this Agreement. These obligations shall survive the completion or termination of this Agreement. Consultant must respond within 30 days to the tender of any claim for defense and indemnity by City.

(a) Modification for Construction Contracts. To the extent this Agreement is a "construction contract" covered by California Civil Code section 2782, then Consultant's duty to indemnify shall not apply in a manner prohibited by California Civil Code section 2782.

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

(b) Modification for Design Professional Services. To the extent this Agreement is for "design professional services" defined in California Civil Code section 2782.8, then Consultant's duties to defend and indemnify shall only apply to the extent provided for in California Civil Code section 2782.8(a), unless section 2782.8(a) is not applicable for one of the reasons set forth in 2782.8(e)

12. Insurance. Without limiting Consultant's indemnification of the Indemnified Parties, Consultant shall procure and maintain at its own expense during the term of this Agreement policies of insurance in the amounts and under the terms set forth in Exhibit B *Insurance Requirements* against claims and Liability that may arise from or in connection with this Agreement and performance of the Services. Upon reasonable written notice, Consultant shall comply with any changes in the amounts and terms of insurance as may be required from time-to-time by City's Risk Manager.

13. Force Majeure; Service Delays. Should Consultant's performance of the Services be obstructed or delayed due to changes in the Services by City, by any default, act, or omission of City, or by strikes, fire, earthquake, or any other Act of God, or by the inability to obtain goods, materials, equipment, or labor due to federal government restrictions arising out of defense or war programs, then Consultant's time for performance may, at City's sole discretion, be extended for such periods as may be agreed upon by City and Consultant. Nothing in this section restricts City's authority in Section 6 to terminate this Agreement.

14. Acceptance of Final Payment. Consultant's acceptance of final payment will release City from any and all claims and liabilities for compensation under this Agreement.

15. Acceptance of Work. City's acceptance of, or payment to Consultant for, the Services does not release Consultant from its responsibility for the accuracy, completeness, or competency of the Services, nor do the actions constitute an assumption of Consultant's responsibility or liability by City for any defect or error in the Services.

16. Conflict of Interest. Consultant represents that no City employee or official has a financial interest in Consultant. Consultant shall not offer, encourage, or accept any financial interest in any part of Consultant's business by or from a City employee or official during the term of this Agreement or as a result of being awarded this Agreement. If any of the Services are paid by reimbursement from an agreement between City and a private party, Consultant represents that it has not performed any work for that private party during the twelve-month period prior to the execution of this Agreement, and that it shall not negotiate, offer, or accept any contract for services from that party during the term of this Agreement.

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

17. Economic Disclosure. Consultant shall comply with City's local conflict of interest code implementing the California Political Reform Act, and shall prepare and file an economic disclosure statement if the Services involve making, or participation in making, governmental decisions or financial decisions by City that may have a material effect on Consultant's financial interests as determined by the City Attorney's Office. While it is Consultant's sole responsibility to evaluate its conflicts of interest, Consultant nevertheless agrees to prepare and file an economic disclosure statement if requested by City.

18. Levine Act Compliance. California Government Code section 84308 (Levine Act) prohibits City officers from participating in any action related to a contract, license, permit, or entitlement if the officer receives political contributions from a party, or participant, or agent thereof, that totals more than $500 within the twelve months preceding the decision or within the twelve months following the date of the final decision. Consultant shall review and complete as necessary the City's California Levine Act Disclosure Statement that can be obtained from the City Clerk.

19. Use of Recycled Products. If fitness and quality are equal, then Consultant shall utilize recycled products consistent with the City's Environmentally Preferrable Purchasing and Practices Policy, and as defined in California Public Contract Code Section 12200 for the Services, instead of nonrecycled products whenever recycled products are available at the same or a lesser cost than nonrecycled items. Information on recycled materials can be found here:

- Sustainable Purchasing | StopWaste - Home, Work, School
- Reducing Waste at Work | StopWaste - Home, Work, School
- Recommendations of Specifications, Standards, and Ecolabels for Federal Purchasing | US EPA

20. Non-Exclusive Agreement. This Agreement is non-exclusive. City reserves the right to provide, and to retain other qualified consultants to provide, services that are the same or similar to the Services.

21. Business Entity Status. Consultant is responsible for filling all required documents and forms with the California Secretary of State and meeting all requirements of the Franchise Tax Board, as well as the California Business and Professions Code and any other state statute, to the extent such requirements apply to Consultant to provide the Services. By entering into this Agreement, Consultant represents that it is: authorized to do business in California; in good standing with the California Secretary of State; and, in good standing with all agencies having jurisdiction over Consultant, including any licensing agencies. If Consultant is a suspended entity at the time it enters into this Agreement, City may take steps to void this Agreement.

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

22. Authority to Execute Agreement. Consultant has taken all necessary action to authorize the execution of this Agreement, and expressly represents that the person signing this Agreement on behalf of Consultant has received and accepted the authority to sign and execute this Agreement on behalf of Consultant. Upon the Effective Date, this Agreement shall constitute a legal, valid and binding obligation of Consultant, enforceable against Consultant in accordance with its terms, which authorization is ratified and confirmed upon Consultant's acceptance of the first compensation payment by City.

23. No Subcontracting and No Assignment. Consultant's unique personal competence, experience, specialized personal knowledge, and professional reputation were a substantial inducement to City for the award of this Agreement to Consultant, therefore no part of the Services may be assigned or subcontracted without City's prior written consent. For the purposes of this section, a change of fifty percent or more in the ownership or control of Consultant constitutes an assignment.

24. Remedies. All remedies permitted or available under this Agreement, or at law or in equity, are cumulative and alternative, and the invocation of a right or remedy will not be construed to waive or elect a remedy with respect to any other available right or remedy. As a condition precedent to commencing legal action involving a claim or dispute against City arising from this Agreement, Consultant must present a written claim to City in accordance with Livermore Municipal Code Chapter 3.40 *Claims Administration*.

25. Work Eligibility. Consultant certifies that only personnel authorized to work in the United States pursuant to the Immigration Reform and Control Act of 1986 and other applicable laws shall be provided by Consultant for the performance of the Services.

26. Non-Discrimination. In performance of the Services, Consultant agrees that it will not engage in discrimination in employment of persons because of such person's race, color, religion, sex/gender, gender identity/expression, sexual orientation, marital status, medical condition, military or veteran status, national origin, ancestry, disability, genetic information, age, or any protected classification when providing the Services. Consultant further agrees to comply with all provisions of Title VI of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, or national origin in all programs or activities receiving federal financial assistance. Consultant further assures that it will take necessary actions to ensure compliance with these requirements in the performance of this Agreement.

27. Construction of Language.

(a) The terms and conditions in this Agreement have been arrived at through negotiation and each party had a full and fair opportunity to review and revise this Agreement with legal counsel. Any ambiguity in this Agreement will not be resolved against either party as the drafting party. In the event of an inconsistency or conflict between the language in the body of the Agreement and any exhibit hereto, the language in the body of the Agreement controls.

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

(b) For the purposes of this Agreement, the terms "writing" and "written" includes electronic documents and communication via email, but not when those terms are used in Sections 6, 12, 23, and Sections 27 through 30 for notices, consent, or modifications. For the notices, consent, and modifications in Sections 6, 12, 23, and Sections 27 through 30, the terms "writing" and "written" means either a physically tangible document or an electronic document that satisfies the requirements in Livermore Municipal Code Section 2.64 Electronic Signatures.

28. Entire Agreement; Modification. This Agreement supersedes all other agreements, whether oral or written, between the parties with respect to the Services. Any modification to this Agreement must be in writing and signed by both parties. In the event the original of this Agreement is lost or destroyed, an archival copy maintained by City can be used in place of the original for all purposes with the same effect as if it was the original.

29. Notice. Notices under this Agreement must be delivered to the addresses below by deposit in the United States mail or by overnight delivery service, with postage prepaid and delivery confirmation, with a courtesy copy delivered by email to the email addresses below:

TO CITY:	Attention: Kam Purewal, Associate Planner City of Livermore 1052 S Livermore Avenue Livermore, California 94550
Email:	sspurewal@livermoreca.gov purchasing@livermoreca.gov accountspayable@livermoreca.gov CityAttorney@livermoreca.gov
TO CONSULTANT:	Attention: Fraser Schilling, Director Road Ecology Center/ ITS 1605 Tilia Street Davis, CA 95616
Email:	fmshilling@ucdavis.edu

30. Waiver. Failure to insist upon the strict performance of any term or condition in this Agreement, no matter how long the failure continues, is not a waiver of the term or condition and does not bar the right to subsequently demand strict performance. To be effective, a waiver must be in writing and signed by the non-breaching party.

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

31. Severability. If a court of competent jurisdiction determines a provision in this Agreement is invalid, void, or unenforceable, the remaining provisions will nevertheless continue in full force and effect without being impaired in any way.

32. Survival. The terms, conditions, and obligations in Sections 2, 8 through 11, 23, 24, 30, and 31 through 33 shall survive the completion or termination of this Agreement.

33. Jurisdiction and Venue. The interpretation, validity, and enforcement of this Agreement shall be governed by and construed in accordance with the laws of the State of California. Any suit, claim, or legal action of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of Alameda or in the United States District Court for the Northern District of California.

34. Electronic Signatures. By signing this document, you are agreeing that you have reviewed this disclosure information and consent to transact business using electronic communications and to utilize electronic signatures in lieu of using paper documents pursuant to Livermore Municipal Code section 2.64 *Electronic Signatures* and all other applicable laws. You are not required to sign documents electronically. If you prefer not to do so, you may request to receive paper copies and withdraw your consent at any time.

35. Counterparts. This Agreement may be executed and delivered in one or more counterparts, each of which will be deemed to be an original copy of this Agreement, and all of which, when taken together, will be deemed to constitute one and the same agreement. The facsimile, email, or other electronically delivered signatures of the Parties shall be deemed to constitute original signatures, and facsimile or electronic copies hereof shall be deemed to constitute duplicate originals and shall be valid and effective for all purposes.

Ms. Elizabeth McElligott, Assistant Director,

Alameda County CommunityDevelopment Department

Attention: Altamont Landfill Open Space Committee Members

May 8, 2025

Dear Altamont Landfill Open Space Committee Members,

We hope this message finds you all well. The *UC Davis Road Ecology Center* has worked productively with the ALOSC since 2019 on ways to improve wildlife habitat and connectivity in your study area. Based on suggestions from Committee members, we would like to submit a request for fundingfor **$246,803** to develop a Payment for Ecosystem Services (PES) method (Phase I) and web-tool (Phase II) to assist with ALOSC's decision-making about land and easement acquisition. The proposed study area encompasses primarily the eastern geographic areas of ALOSC interest and secondarily a portion of the western area, as defined in Section 7.3.1 ofthe Altamont Landfill Settlement Agreement. Our timeline for Phase I will begin in August, 2026 and conclude in July, 2028. Our timeframe for Phase II would immediately follow completion of Phase I, July, 2027, and be completed by July, 2028. The research will help meet the goal of supporting the ALOSC's *prioritization of lands for protection based on wildlife presence/activity, potential habitat, and habitat connectivity including across area freeways*. The ALOSC will utilize this information, as appropriate, to support initial strategies for potential land acquisition in fee title or conservation easement to enable native wildlife
(plants and animals) survival and movement throughout the Settlement area.

Phase I: We will begin the project by communicating with landowners and landowner/resource representative organizations (e.g., Alameda County RCD, Natural Resources Conservation Service, California Rangeland Trust). We will then conduct an extensive review of the peer-reviewed and technical literature describing methods for valuing and paying for ecosystem services, focusing on wildlife habitat benefits. We will include global literature, but focus primarily on methods published in and for California. From this literature base, we will develop a model method suitable for valuing ecosystem services and paying for these services in Alameda County. There are several possible systems of analysis that we will consider. We will discuss approaches for valuation of non-market goods, such as stated preference and revealed preference methods. From the range of published

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

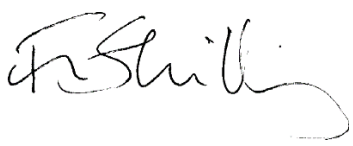

methods we identify, we will describe a method suitable for ALOSC to use in valuing wildlife-ecosystem services and thus justify paying for these services. We will vet this method with local and regional experts in valuation and payment systems for wildlife habitat and with the ALOSC and its constituent governments. We will finalize a proposed method for valuing and paying for wildlife ecosystem services.

Phase II: Following completion of Phase I, we will implement the method in the web-based spatial decision-support tool developed by UCANR for ALOSC (https://geoportal.ucanr.edu/alosac/). We will connect the method to new and existing spatial datasets used in the web-tool. For example, using previous UCD work for ALOSC, we will update assumptions made about actual and potential movement of wildlife through the settlement area, including across I-580. We will also make connections between this work and enhancement of wildlife crossing across I-580 through existing and new crossing structures. We will work with UCANR to develop an add-in to their web-tool that calculates values and payments for wildlife ecosystem services for individual parcels. We will vet draft versions of the web-tool with regional experts, including ALOSC, to make sure it is both understandable and useful to support financial decisions. Finally, we will develop a suggested workflow for parcel-specific data collection, appraisal/evaluation, calculated value/payment, mechanism for payment for wildlife ecosystem services, and mechanism for long term maintenance and monitoring.

We look forward to continuing work with the ALOSC on this vital research. We believe that this project will improve financial decisions intended to protect wildlife habitat and movement primarily through the Diablo Range and secondarily the East Bay Hills.

Thank you in advance for the opportunity to submit a Research request. We look forward to consulting regularly with the ALOSC to discuss progress andto receive feedback. A detailed Scope of Work and Budget are provided in the following section.

Sincerely,

Fraser Shilling, PhD
University of California
Road Ecology Center

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

EXHIBIT A - Scope of Work & Fee Schedule

University California, Davis, & University of California, ANR, Natasha Batista (Stanford University), O'Herron & Company (Meeting Facilitators)

PROJECT BACKGROUND

The Altamont Landfill Open Space Committee (ALOSC) is interested in basing their land acquisition and/or conservation easement purchases on scientific research and findings related to the presence and movement of native wildlife (plant and animal) species throughout the Settlement area. There are several existing approaches for evaluating the contribution of environmental systems to human well-being in an economic framework. Some approaches measure the value of "ecosystem services" provided while others capture the value individuals may have for natural systems exclusive of actual use.

This information will support ALOSC decision making about lands to be acquired in fee title or permanent easement, in cooperation with private or public landowners interested in preserving all or portions of their property.

SCOPE OF WORK

Phase I

We will begin the project by communicating with landowners and landowner/resource representative organizations (e.g., Alameda County RCD, Natural Resource Conservation Service, California Rangeland Trust). We will then conduct an extensive review of the peer-reviewed and technical literature describing methods for valuing and paying for ecosystem services, focusing on wildlife habitat benefits. From this literature base, we will develop a model method suitable for valuing ecosystem services and paying for these services in Alameda County. From the range of published methods we identify, we will describe a method suitable for ALOSC to use in valuing wildlife-ecosystem services and thus justify paying for these services. We will vet this method with local and regional experts in valuation and payment systems for wildlife habitat and with ALOSC and its constituent governments. We will finalize a proposed method for valuing and paying for wildlife ecosystem services.

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

Task 1: Landowner and ALOSC Communication

The Team will contact select local, rural landowners and key groups representing rural lands (e.g., (e.g., ranchers attending the Conservation Easement workshops funded by the ALOSC). These contacts are not intended to be exhaustive, but instead to have conversations about the approach we are taking and the kinds of outcomes we expect. In a workshop setting, we will ask rural landowner interests about methods they have available to them (e.g., NRCS's Environmental Quality Incentives Program) and their ideas about how to make an effective payment for wildlife ecosystem services method for ALOSC.

Deliverable: Summary notes from a workshop with rural landowner interests; Identification of potential fatal flaws and good ways forward.

Task 2: Method Development

The Team will develop the scientific, legislative and logistical basis for a PES approach for ALOSC. This will include literature searches (both peer-reviewed and technical literature), developing a model approach, describing payment mechanisms, and differentiating between initial valuation and long-term maintenance costs. The model approach will be developed in spreadsheet and GIS formats so that it can be tested with example calculations. Careful notation will be made of the decisions made during development to help with review and reporting.

Deliverables: Draft method for Payment for Wildlife Ecosystem Services; Draft technical memo describing basis for approach and approach itself

Task 3: Method Vetting and Confirmation

The Team will present the method to the ALOSC and other stakeholders at one ALOSC meeting and one workshop with landowner-stakeholders. The purpose of the meeting will be to get feedback on both the basis and the outputs of the method. A final model method will be developed following this feedback and presented to the ALOSC at the end of Phase I.

Deliverables: Presentation to the ALOSC and 1 workshop; collection of feedback; final model and method and technical memo.

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

Phase II

Following completion of Phase I, we will implement the payment for wildlife ecosystem service method in the web-based spatial decision-support tool developed by UCANR for ALOSC (https://geoportal.ucanr.edu/alosac). We will connect the method to new and existing spatial datasets used in the web-tool. For example, using previous UCD work for ALOSC, we will update assumptions made about actual and potential movement of wildlife through the settlement area, including across I-580. We will also make connections between this work and enhancement of wildlife crossing across I-580 through existing and new crossing structures. We will work with UCANR to develop an add-in to their web-tool that calculates values and payments for wildlife ecosystem services for individual parcels. We will vett draft versions of the web-tool with regional experts, including ALOSC, to make sure it is both understandable and useful to support financial decisions. Finally, we will develop a suggested workflow for parcel-specific data collection, appraisal/evaluation, calculated value/payment, mechanism for payment for wildlife ecosystem services, and mechanism for long term maintenance and monitoring.

Task 4: Calculation of Parcel Wildlife Ecosystem Services

We will use the method developed in Phase I and the most recent, available spatial datasets representing wildlife ecosystem services to estimate parcel-specific values for these services. For example, California Department of Fish and Wildlife is currently working on a new set of wildlife habitat prediction models, due to be released sometime in the first half of 2025. These maps, combined with other wildlife data, can be used to estimate total ecosystem value per parcel.

Deliverable: Calculation of parcel values using the payment for wildlife ecosystem services method from Phase I.

Task 5: Draft and Final Deployment within Parcel Prioritization Tool

Using the information from Task 4, we will deploy the parcel-specific services and equivalent value information in the UCANR parcel prioritization tool. Once deployed, we will vet the draft tool with ALOSC and landowner-stakeholders to determine how well this information is received and ways to make it

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

understandable and palatable. We will use feedback to develop a final deployment of the Payment for Wildlife Ecosystem Services method in the parcel prioritization tool.

Deliverable: Deployment of draft web-tool; Presentation to ALOSC and 1 landowner workshop for feedback; Final web-deployment of the Payment for Wildlife Ecosystem Services method

Task 6: Suggested Long-Term Workflow and Implementation

In order to maintain useability of the information we develop, we will propose a workflow to keep information up to date and to help make decisions. This will include recommended frequency for updating input data, tracking use of the information to make decisions, and feedback from users about ways the system could be improved for actual decisions.

Deliverable: Long-term workflow recommendations

Quarterly Reporting

On a quarterly basis, UCD will provide remote/in-person or remote-only, respectively, oral reports to the ALOSC. These will include oral summaries of progress in carrying out each Task and will culminate in a final oral and written project report at the end of the project term.

Project Deliverables

1) (Quarterly?) Progress reports to the ALOSC after the project begins.

2) Spatial datasets corresponding to the services and payment calculations from Phases I and II.

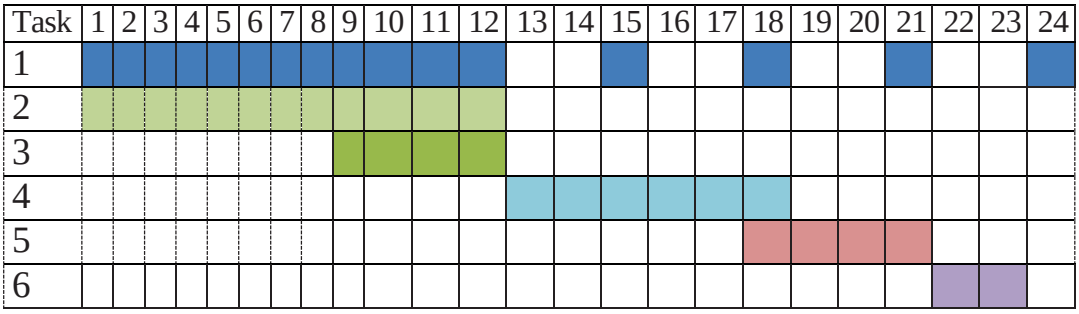

3) A Technical Report summarizing the project. The final technical report will be presented to the ALOSC at the termination of the project.

Timeline

The Project Team will begin project research as soon as requested funds are

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

allocated and contractual agreements have been signed. The total project period is estimated to take place over the 24 months between August 1, 2026 and July 31, 2028. A timeline of proposed activities is shown in the table below. (Each numbered column represents a month, starting with the month the contract is finalized. Scheduled periods of activity are shown with colored shading.)

Phase II Budget Chart

The total amounts in each line item will be distributed in a roughly 80%:20% pattern between the eastern and western ends of the study area, respectively.

ITEM DESCRIPTION	Total ($)
UCD Project management and oversight	27,305
UCD technical analyst	94,733
Natasha Batista (Stanford)	38,000
O'Herron & Company (Meeting Facilitators)	23,600
UCANR	38,980
Travel	3,405
UCD Indirect (10% of TDC)	20,780
TOTAL	**246,803**

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

EXHIBIT B

INSURANCE REQUIREMENTS

Minimum Scope and Limits of Insurance

Consultant/Contractor shall maintain limits no less than:

1. Commercial General Liability, including operations, products and completed operations, as applicable:
   $1,000,000/$2,000,000 aggregate per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability or other form of insurance with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit.
2. Automobile Liability:
   $1,000,000 per accident for bodily injury and property damage.
3. Workers' Compensation and Employer's Liability:
   Statutory limits as required by the State of California including **$1,000,000** Employers' Liability per accident, per employee for bodily injury or disease. A waiver of subrogation is required for Workers' Compensation insurance. If Consultant/Contractor is a sole proprietor, then they must sign "Contractor Release of Liability".

Deductibles and Self-Insured Retention

All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any self-insured retention (SIR) provision shall provide, or be endorsed to provide, that the SIR may be satisfied by either the named insured or the City of Livermore. The City of Livermore reserves the right to obtain a full certified copy of any insurance policy and endorsements. Failure to exercise this right shall not constitute a waiver of right to exercise later.

Acceptability of Insurers

Insurance is to be placed with insurers with a current A.M. Best rating of no less than A: VII and accepted to do business in the State of California, unless otherwise acceptable to the City of Livermore.

Other Insurance Provisions

The general liability and automobile liability policies are to contain, or be endorsed to contain, the following provisions:

1. The City of Livermore, its officers, officials, employees, and designated volunteers are to be covered as additional insureds as respects: liability arising out of activities performed by or on behalf of the Consultant/Contractor; or automobiles owned, leased, hired or borrowed by the Consultant/Contractor. The coverage shall contain no special limitations on the scope of protection afforded to the City of Livermore, its officers, officials, employees, or volunteers.
2. The limits of insurance required in this agreement may be satisfied by a combination of primary and umbrella or excess insurance. The additional

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

insured coverage under the Consultant's/Contractor's policy shall be primary and non-contributory and will not seek contribution from the City's insurance or self-insurance and shall be at least as broad as ISO Form CG 20 10 04 13. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of the City of Livermore before the City's own insurance or self-insurance shall be called upon to protect it as a named insured.

3. Any failure to comply with reporting or other provisions of the policy, including breaches of warranties, shall not affect coverage provided to the City of Livermore, its officers, officials, employees, or volunteers.
4. The Consultant's/Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
5. Each insurance policy required by this clause shall be endorsed to state that coverage shall not be canceled by either party before expiration of the policy unless notice is delivered in accordance with policy provisions.
6. It shall be a requirement under this agreement that any available insurance proceeds broader than, or in excess of, the specified minimum insurance coverage requirements and/or limits shall be available to the additional insured. Furthermore, the requirements for coverage and limits shall be (1) the minimum coverage and limits specified in this agreement; or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the named Insured; whichever is greater.
7. Certificate Holder section of the insurance certificate should read: City of Livermore, 1052 S. Livermore Avenue, Livermore, CA 94550

Verification of Coverage

Consultant/Contractor shall furnish certificates of insurance and endorsement(s) effecting coverage to the City of Livermore for approval. The endorsements shall be on forms acceptable to the City of Livermore. All certificates and endorsements are to be received and approved by the City of Livermore before work commences. The City of Livermore reserves the right to require complete and certified copies of all insurance policies required by this Agreement.

Signature, Name, Title

Docusign Envelope ID: D10CCDBA-CA7D-81F4-807A-3CFCC38B222D

The appropriate disclosure category is determined by examining the type of work being performed and shall be the same as the category for the designated employee identified in the City of Livermore Conflict of Interest Code performing similar work, Category 1 for any Consultant that makes, participates in making, or influences decisions, Category 2, or None.

Making, Participating in the Making, of Influencing a Governmental Decision:

In answering the question whether a Consultant is making, participating in making, or influencing a governmental decision, the following guidance is provided[1]:

A Consultant is subject to the conflict-of-interest disclosure requirements when they:

Make a governmental decision (for example, by voting or making an appointment)

Participate in making a governmental decision (for example, by giving advice or making recommendations to the decision maker)

Influence a governmental decision by communicating with the decision maker.

A good rule of thumb in deciding whether a Consultant's work constitutes making, participating in making, or influencing a governmental decision is to determine whether the Consultant is exercising *discretion* or *judgment* with regard to the decision. If so, the Consultant is subject to disclosure.

Disclosure Category 1. All designated employees and consultants in this category shall disclose all sources of income including gifts, loans and travel payments; investments; interests in real property and any business entities in which the designated employee holds a business position. "Business position" means any business entity in which the filer is a director, officer, partner, trustee, employee or holds any management position.

Disclosure Category 2.

a. All designated employees and consultants in this category shall disclose all investments, business positions in business entities, and sources of income (including gifts, loans, and travel payments) if the business entity or source is in or doing business in the jurisdiction of the City and:

i. Engages in land development, construction, the provision of architectural, engineering or other services in connection with construction; the manufacture or sale of electrical, plumbing or other products used in construction; the acquisition or sale of real property or financing of land acquisition, development or construction; or

ii. Provides services, supplies, materials, machinery, or equipment of any type utilized by the employee's division; or

iii. Is of the type which contracts with the designated employee's department.

b. All designated employees and consultants in this category shall disclose interests in real property located within the jurisdiction of the City.

LIVERMORE
CALIFORNIA

CITY COUNCIL STAFF REPORT **ITEM NO. 6.11**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Anwan Baker, Library Director

SUBJECT: Resolution authorizing execution of a Master Agreement and Order Form with Innovative Interfaces, Inc. for the service and maintenance of the Sierra Integrated Library System and the LINK+ Platform, and for cloud hosting, in a total not-to-exceed amount of $650,583.22.

RECOMMENDED ACTION

Staff recommends the City Council adopt a resolution authorizing execution of a five-year Master Agreement and Order Form with Innovative Interfaces, Inc. for the service and maintenance of the Sierra Integrated Library System and the LINK+ Platform, and for cloud hosting, in a total not-to-exceed amount of $650,583.22.

SUMMARY

In 2001, the Library purchased the Innovative Interfaces Incorporated Millennium Integrated Library System (ILS) software to manage materials, records, and patrons. In 2012, the Library migrated to the Sierra ILS. The Sierra ILS system currently serves as the backbone of the library as many of the library's day-to-day processes and transactions are hosted or processed through this system. The LINK+ subscription was included as an add-on product in the original contract. LINK+ enables the library to borrow materials from other libraries in response to patron requests. In 2021, staff identified the need to migrate the ILS from a locally hosted service to a cloud hosted service allowing for more frequent updates, and new security and features to the ILS at a more regular pace, and reduce the likelihood of system downtime due to server issues.

Innovative Interfaces, Inc. was acquired by Clarivate on December 1, 2021, but continues to operate as its own legal entity. Since the time of acquisition, Innovative Interfaces, Inc. has provided the same services to the Library with no issues or impact seen.

Given the extensive efforts required to change to a new ILS system, the amount of integrated software and resources configured through our current ILS, and staff experience and knowledge of the current Sierra suite of services, it would create significant interruptions in the core operations of the Library and our ability to support patrons if the Library changed to a new ILS system.

DISCUSSION

The Livermore Public Library uses Innovative Interfaces, Inc.'s Sierra Integrated Library System (prior to acquisition) for library operations, such as managing patron accounts, checking in and out materials, generating overdue notices, placing items on hold, authenticating online database usage, and more. Without an ILS, a library of any decent size is unable to function. Through this system, the Library also accesses the Link+ Service, which enables patrons to request and check out materials from other participating libraries. Link+ is particularly valuable in that it broadens access to textbooks from participating libraries, as well as to materials that have not been collected by the Livermore Public Library for a variety of reasons.

In 2012, the Library moved from Innovative Interfaces' previous ILS to the newer Sierra platform. The Library has spent significant staff time establishing the templates and settings that enable Sierra to work in an efficient manner.

Continuing with the current ILS provider will save a significant amount of staff resources. A change in ILS provider would require more than a year of planning and this was not feasible during in recent years given the totality of staff obligations. In addition, the current ILS has effectively met the Library's needs during the current contract. In order to make use of the Library's initial staff and financial investment, staff recommends that this software and maintenance/support package be purchased as a sole source (LMC 2.68.360) "Where it is determined that supplies and equipment are unique and available only from one source . . .".

FISCAL AND ADMINISTRATIVE IMPACTS

The Library last elected to enter into a five-year term for management and support of the ILS that began July 1, 2021, and ends on June 30, 2026. While Innovative Interfaces, Inc. offers annual service terms, the City was able to negotiate reduced rates through this agreement for a new five-year term. Innovative Interfaces, Inc. typically offers annual terms with an increase of 5% each year; this negotiated agreement has no increase in year one, and increases of 1.5%, 2.5%, 3.5%, and 3.5% in years two through five respectively. Over the course of the five-year term, the total negotiated savings over a year-to-year agreement are expected to be $68,854.20.

All costs of the services included in these agreements have been accounted for in the Library's FY 2026-27 budget and, if approved, future budget years will have these costs integrated into annual budgets.

ATTACHMENTS

1. Resolution
2. Exhibit A - Master Agreement and Order Form

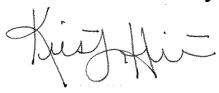

Prepared by: Allen McFarland
Management Analyst II

Approved by:

Marianna A. Burch
City Manager

Fiscal Review by:

Kristen Hilton
Acting Administrative Services Director

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION AUTHORIZING EXECUTION OF A MASTER AGREEMENT AND ORDER FORM WITH INNOVATIVE INTERFACES, INC. FOR THE SERVICE AND MAINTENANCE OF THE SIERRA INTEGRATED LIBRARY SYSTEM AND THE LINK+ PLATFORM, AND FOR CLOUD HOSTING, IN A TOTAL NOT-TO-EXCEED AMOUNT OF $650,583

The Livermore Public Library has used Integrated Library Systems (ILS) provided by Innovative Interfaces, Inc. since 2001, first using the Millenium ILS and later transitioning to the Sierra ILS in 2012. A Link+ subscription was included in the original contract allowing the Library to borrow materials from other libraries to better serve patrons. In 2021, the Library migrated the ILS from a locally hosted service to a cloud based service to improve the frequency of system updates, improve security update frequency, and reduce the likelihood of system downtime.

The Sierra ILS is used to manage patron accounts, check materials in and out, generate overdue notices, and much more. The Sierra ILS is used by library staff on a daily basis to manage the standard operating functions of the library.

Section 2.68.330 of the Livermore Municipal Code (LMC) requires that a competitive bidding process be used to procure goods or services in excess of $100,000. However, LMC Section 2.68.360 provides for exceptions to the competitive bidding process under certain circumstances. LMC Section 2.68.360(C)(2) provides an exception for sole source procurements when a good or service can be acquired from more than one vendor, but there exists a compelling and justifiable season, such as product standardization, to procure from a particular vendor.

The Sierra ILS is a proprietary system offered by Innovative Interfaces, Inc. and is not available from any other vendor. While other vendors offer their own ILS, the current Sierra ILS has been in use by the library for over a decade and is integrated into daily operations. A change in ILS would require substantial operational changes, technology integrations, staff training, time, and additional expenditure. The agreement with Innovative Interfaces, Inc. qualifies for an exception to the competitive bidding process established in the LMC.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore, that it hereby authorizes the City Manager to execute an agreement, attached hereto as Exhibit A, with Innovative Interfaces, Inc., to provide service and maintenance of the Sierra Integrated Library System and the LINK+ Platform, and for cloud hosting, in an amount not-to-exceed $650,583 and a term lasting five years.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

Clarivate Terms
Master Client Agreement

This Master Client Agreement ("**Terms**") between Innovative Interfaces Incorporated, and the Client listed above creates a framework of contract terms that govern your use of the Clarivate products, services, and other deliverables ("**Products**") that you install or you access through our platform(s), website(s) or are otherwise identified in your order form, statement of work or other ordering document (collectively "**Order**"). These Terms are incorporated into each accepted Order unless we have agreed in writing otherwise.

"**We**", "**our**" and "**Clarivate**" means the Clarivate entity identified in the Order; "**you**" and "**your**" means the Client entity identified in the Order. From time to time, a current affiliate of either party may provide or receive services (as the case may be) by entering into an order form that refers to these Terms. These Terms will continue to apply until terminated by either party by providing written notice. After termination, you cannot place any new orders under these Terms. Unless expressly otherwise provided or agreed in writing, termination of these Terms will not cancel any outstanding orders, which will continue to be subject to these Terms.

The Order, any product/service specific terms and conditions and other applicable documents referenced in the Order or these Terms, as updated by Clarivate from time to time, constitute the complete agreement between us ("**Agreement**"), and supersede any prior discussions or representations regarding your Order, unless fraudulent. Other terms and conditions you seek to incorporate in any purchase order or otherwise, even where such document is signed by Clarivate as a courtesy, are excluded, and your use of the Products confirms your acceptance of these Terms.

1. Our Products and Services

(a) Orders. Your Order identifies the Products, quantities, relevant license and restrictions, fees and charges, permitted users ("**Authorized Users**") and other relevant details of your Order.

(b) Intellectual Property. Together with our licensors, we retain all ownership of and all rights in the Products (including any underlying software, data models, databases or data sets), any pre-existing codes, content, methodologies, templates, tools or other materials used in performing services, and any configurations, modifications or derivatives thereto (collectively "**Clarivate IP**"). Clarivate IP constitutes our valuable intellectual property, confidential information and trade secrets, and you may only use it as expressly permitted in the Agreement. You must promptly notify Clarivate if you become aware of any unauthorized use of Clarivate IP.

(c) Compliance. Clarivate and you shall act at all times in accordance with the laws, rules, regulations, export controls and economic sanctions as they apply to such party in connection with its obligations under the Agreement ("**Applicable Laws**").

(d) Updates. The Products change from time to time. If we fundamentally change the Products in a way which materially impairs your usage of the Products, you may terminate the affected Products on written notice no later than 30 days after the change.

(e) Passwords. Your access to certain Products may require authentication (e.g. a password). Sharing passwords or facilitating access to unauthorized users is strictly prohibited. Each of us shall maintain industry standard computing environments to ensure that Clarivate IP is secure and inaccessible to unauthorized persons.

(f) Usage information. We may collect information related to your use of our Products. We may use this information for legitimate business reasons including without limitation to recommend products, services or functionality that may interest users, to test and improve our Products and to protect and enforce our rights under the Agreement, and may pass this information to our third party providers for the same purposes.

(g) Feedback and knowledge. Where you provide any comments, recommendation, suggestion or ideas, or any other feedback related to Clarivate IP ("**Feedback**") we may use and exploit such Feedback without restriction or obligation to you and you will not obtain any rights in Clarivate IP. We may freely use our general knowledge, skills and experience, and any ideas, concepts, processes, know-how and techniques developed by Clarivate while providing any Products (including professional services), provided we do not use your confidential or other proprietary

Docusign Envelope ID: 81364F40-3581-83B4-80AA-8D0F92F77813

information.

(h) Documentation. You may print or download PDF copies of user guides, online help, release notes, training materials and other documentation provided or made available within the Products or published online, as updated from time to time ("**Documentation**") for your internal use with the Products, provided all copyright or proprietary rights notices are retained.

(i) Third party providers. The Products may include data, software and services from third parties. Some third party providers require Clarivate to pass additional terms through to you, and you must comply with these additional terms as applicable. The third party providers change their terms occasionally and new third party providers are added from time to time. To see the current third party additional terms that apply to your use of our Products visit https://clarivate.com/legal-center/terms-of-business/third-party-terms/.

2. Your Obligations

(a) Limited license. You may only use the Products in accordance with the applicable license set out in Sections 3 to 6, the relevant product/service terms referenced on the Order, and the Documentation. You are responsible for all acts or omissions of your users in connection with the Products, and ensuring users comply with these terms.

(b) Your content. You retain ownership of your pre-existing content, data and materials that you provide to us, or use with the Products ("**Content**"). You hereby grant Clarivate a license to use your Content as required by Clarivate to provide you with the Products (including right to sublicense the same to our subcontractors, as required). You must (i) ensure your Content does not infringe third party rights or any Applicable Laws; and (ii) notify Clarivate in advance before transmitting to us, and clearly mark, any of your Content that contains restricted data, including the jurisdiction and classification under applicable export control laws. Restricted data may include any information, data, or source code that is on an export controls list or equivalent list of any applicable jurisdiction or that is related to weapons, military/defense, intelligence, or law enforcement; aerospace or subsea technologies; cryptography, encryption, or cybersecurity tools; advanced or cutting-edge items or technologies; or items that could pose a danger to health or safety. Unless your Order includes backup services, we disclaim all responsibility for backing up your Content.

(c) General obligations. You must (i) ensure we have up-to-date contact and billing information for your Order; (ii) provide detailed, accurate and sufficiently complete information, specifications and instructions in a timely manner; (iii) ensure you are permitted to allow Clarivate to use and modify your equipment, systems, software and Content, as required to provide the Products; (iv) maintain then-current minimum technical requirements to access the Products, as applicable; and (v) perform any additional obligations specified in your Order. If reasonably requested, you must make authorized personnel available to agree on the impact of any failure or delay by you to comply with these requirements, and you must not unreasonably withhold or delay your consent to any consequential changes to the Agreement.

(d) Third-party technology. You may only integrate our software with, or access our data from, third-party software, systems, platforms or products ("**Third Party Technology**") as permitted by the Agreement. You are responsible for procuring, maintaining and complying with any necessary license for the Third Party Technology (which is independent of the Agreement and your license to the Products).

(e) Restrictions. You must not (i) introduce any malicious software into Clarivate IP or network; (ii) run or install any computer software or hardware on the Products or network; (iii) scrape data from the Products; or (iv) disable or bypass any functionality or restrictions within the Products.

(f) Artificial Intelligence. You must not use and access the underlying Clarivate proprietary data from the Products: (i) with any of your technology platforms or systems, in a manner which includes or involves your application of artificial intelligence, such as generative artificial intelligence, machine learning, algorithms or language models ("**AI Technologies**"); or (ii) to generate any content, such as code, languages, software, services, text, voice, audio, graphics, illustrations, workflows, images, videos or other outputs, in any form or media.

(g) Limitations. Unless expressly permitted elsewhere in the Agreement, you may use the Products for your internal use only and shall not: (i) sell, sublicense, distribute, display, store, copy, modify, decompile or disassemble, transform, reverse engineer, benchmark, frame, mirror, translate or transfer Clarivate IP in whole or in part, or as a component of any other product, service or material; (ii) create a derivative database or otherwise access and use Clarivate IP to create any derivative works, services or products (including tools, algorithms or models) that compete with or provide a substitute for a product offered by Clarivate or its third party providers; (iii) perform penetration

Docusign Envelope ID: 81364F40-3581-83B4-80AA-8D0F92F77813

testing; (iv) perform any text or data mining or indexing of the Products or any underlying data (v) use the Products or underlying data in conjunction with any third-party technology or (iv) allow any third parties or unauthorized users to access, use or benefit from Clarivate IP in any way whatsoever. For the avoidance of doubt, the exercise of legal rights that cannot be limited by agreement under applicable laws is not precluded.

(h) Your Responsibilities. You are responsible for any violation of Applicable Laws or regulation, or violation of our or any third party rights (including unauthorized use) related to (i) your Content or your instructions to us; (ii) your combination or modification of Clarivate IP, or use with any other materials; (iii) your failure to install updates we have provided to you; or (iv) your breach of the Agreement. You are also responsible for Claims brought by third parties receiving the benefit of the Products through you. If you use the Products in breach of Sections 2 (e) or (f) you must delete or destroy any infringing material on our request. You must reimburse Clarivate if we incur costs or suffer losses in the circumstances set out in this Section.

3. Information Services

(a) Definition. "**Information Services**" means a product providing data, metadata, metrics, charts, graphs, literature or other information in any form (collectively "**Licensed Information**"), including via a Clarivate-provided tool, algorithm, process, web platform, an API, a datafeed, custom dataset or syndicated report.

(b) License. Your Authorized Users may use the Information Service solely for internal analysis and research purposes. Where an Information Service is available via a Clarivate-provided web platform, subject to the Product functionality, Authorized Users may view, download and print reasonable amounts of the Licensed Information for their own individual use. We determine a "reasonable amount" of Licensed Information by comparing user activity against the average activity rates for all other users of the same product.

(c) Distribution. Authorized Users may on an infrequent, irregular and ad hoc basis, distribute limited extracts of the Licensed Information internally to non-authorized users as incidental samples or for illustrative or demonstration purposes in reports or other documentation created in the ordinary course of their role. We determine a 'limited extract' as an amount of Licensed Information that has no independent commercial value and could not be used as a substitute for any service or product (or a substantial part of it) provided by us, our affiliates or third party providers. Licensed Information may also be distributed: (i) amongst Authorized Users; (ii) to government and regulatory authorities investigating you, if specifically requested; (iii) to persons acting on your behalf, to the extent required to provide legal or financial advice to you, and (iv) to third parties upon execution of a written agreement between Clarivate and the third party. You are responsible for ensuring use by such persons complies with the terms of this Agreement. For clarity, consent is not required for hosting services which host our Licensed Information solely on your behalf; provided, however that such third party shall in no way access or use the data for any purpose.

(d) Attribution and representation. Where users quote and excerpt Licensed Information in their work as permitted by the Agreement, they must appropriately cite and credit Clarivate as the source. Attribution to Clarivate and use of the Licensed Information must not categorize or identify Clarivate as an 'expert' in any context and to ensure Licensed Information is not misrepresented or taken out of context. Without our prior written consent, the Licensed Information shall not be filed with any securities authorities.

4. Installed Software

(a) Definition. "**Installed Software**" means software which is downloaded to or implemented on your servers.

(b) License. You may install Installed Software only for your internal user. Software licenses do not include updates (bug fixes, patches, maintenance releases), upgrades (releases or versions that include new features or additional functionality), APIs or Professional Services unless expressly stated in the Order. Your Order details your permitted installations, users, locations, the specified operating environment and other permissions and restrictions. You may use Installed Software in object code only. You are responsible for backups and may only make necessary copies of the Installed Software for such purposes.

(c) Delivery. Unless stated otherwise in your Order, we deliver Installed Software by making it available for download. You may first need to provide Clarivate with certain identifying information about your system administrator and you may be required to confirm availability or installation of our software.

(d) Acceptance. Unless set forth otherwise in an Order, when you download Installed Software and Documentation, you are accepting it for use in accordance with the Agreement.

Docusign Envelope ID: 81364F40-3581-83B4-80AA-8D0F92F77813

5. Hosted Software

(a) Definition. "**Hosted Software**" means our software applications made available to you via the internet.

(b) License. You may use our Hosted Software only for your internal use . Your Order details your Authorized Users, locations and other permissions and restrictions. Software licenses do not include updates (bug fixes, patches maintenance releases) or upgrades (releases or versions that include new features or additional functionality), unless you are on a multi-tenant solution or where you have purchased maintenance including such services.

(c) Delivery. We deliver our Hosted Software by providing you with online access to it. Unless set forth otherwise in an Order, when you access our Hosted Software, you are accepting it for use in accordance with the Agreement.

(d) Content. You grant Clarivate permission to use, store and process your Content. Access and use of your Content by us, our employees and contractors to the extent necessary to deliver the Hosted Software, including training, research assistance, technical support and other services. We will not disclose your Content except to support the Hosted Software, unless required by Applicable Laws (when we will use our reasonable efforts to provide notice to you). We may delete or disable your Content if required under Applicable Laws or where such Content violates the Agreement (and we will use our reasonable efforts to provide notice to you of such action). You may export your Content prior to termination or, where Content cannot be exported and is accessible by us, we may, at your cost and upon execution of an Order for such services, provide you with a copy of such Content.

(e) Security. We will inform you in accordance with Applicable Laws if we become aware of any unauthorized third party access to your Content and will use reasonable efforts to remedy identified security vulnerabilities. Our Hosted Software is designed to protect your Content, however, unless set forth otherwise in your Order, you are responsible for maintaining backups of your Content. If your Content is lost or damaged due to our breach, we will assist you in restoring your Content to the Hosted Software from your last available back up copy.

6. Professional Services

(a) Definition. "**Professional Services**" means any professional services, including but not limited to implementation, customization, configuration, transition services, administrative services, consulting services, screening, search and analytics services, and watch services to be provided by Clarivate.

(b) License. Unless otherwise set out in the Order, you will own the deliverables set out in the Order, provided that (i) we retain all intellectual property rights in and to the Clarivate IP and you receive a license to use the Clarivate IP solely to the extent necessary to utilize the deliverables for your internal use; and (ii) if the deliverables include any configurations or modifications to our pre-existing products (including but not limited to implementation services and custom datasets) we retain all intellectual property rights in and to such deliverables, and you receive a license to use them in the same way as you are licensed to use the relevant Product. You agree deliverables are deemed accepted upon delivery unless agreed otherwise in an Order.

(c) Changes. Either of us may make written (including email) requests to change any aspect of the Professional Services, provided that no change will take effect unless and until we have each signed a formal change order setting out the impact of the change and any consequential changes required to the Agreement. Neither of us will unreasonably withhold our agreement to a change.

(d) Access. As required for Clarivate to perform the relevant Professional Services, you must provide reasonable access to your sites, equipment and systems and ensure the health and safety of our personnel on your premises and full cooperation from your qualified and experienced personnel as reasonably required. We will take reasonable steps to ensure that while on your site our personnel comply with reasonable security, health and safety and confidentiality requirements that are notified to Clarivate in advance.

7. APIs and Data Feeds

(a) Information Services. Where we make Licensed Information available to you via API or a data feed, the Information Service terms (Section 3 above) apply to the data you receive. You must ensure that the Licensed Information remains behind your firewall and is only accessible to your Authorized Users . If we deliver Licensed Information via a data feed, you are responsible for loading and maintaining Licensed Information in a timely manner into your data stores. If we make an API available to you, you may use our APIs to query the applicable Information Service and display Licensed Information to Authorized Users within your own technology systems. Clarivate

Docusign Envelope ID: 81364F40-3581-83B4-80AA-8D0F92F77813

approved accreditations must remain visible at all times.

(b) Software. Clarivate may make APIs available to you to configure our Hosted Software and Installed Software (collectively "**Software**") or otherwise allow our Software to interoperate with third-party programs or services ("**Client Configurations**"). Such APIs may only be used with the associated Software and in accordance with the applicable Documentation and/or terms of use. We disclaim all liability for Client Configurations.

(c) Keys. Our API and data feed keys must not be: (i) shared in any way; (ii) used for multiple interfaces; or (iii) used in any way that mimics any material functionality of any Products developed or marketed by Clarivate, or would reasonably be deemed competitive to any Products offered by Clarivate, our affiliates or third party providers. You must demonstrate interfaced systems if reasonably requested by us.

8. Charges

(a) Payment and taxes. You must pay our charges and reasonable expenses, together with any applicable taxes, without deduction within 30 days of the date of invoice, unless otherwise provided on your Order. Payment must be in the currency stated on your Order. We may levy a service charge of 1% per month or the highest lawful interest rate (whichever is lower) for late payment plus our reasonable collection costs, including attorneys' fees. Our fees are exclusive of tax, and shall be paid by you free and clear of all deductions or withholdings provided, if you are required by law to deduct or withhold you will be responsible for paying to Clarivate such additional amount as will, after such deduction or withholding has been made, leave Clarivate with the same amount as we would have been entitled to receive in the absence of any such requirement to make a deduction or withholding. Invoice disputes must be notified in writing to Clarivate within 15 days. Once resolved, payment of disputed invoices will be due immediately.

(b) Changes. We may change the charges for the Products with effect from the start of each renewal term by giving you at least 60 days' written notice. If we believe your creditworthiness has deteriorated we may require full or partial payment before the continued performance of services. If you receive an electronic request to change our banking account number, you should contact our Treasury Department.

(c) Increases in usage. If your Order includes limits on usage, you must pay additional charges if you exceed those limits, based on the rates specified on the Order or our current standard pricing, whichever is greater. If you have enterprise wide or site wide access set out in your Order, our charges are established based on the size of your organization, anticipated number of users, site locations and population served as at the date of the Order, and if any one or a combination of these elements materially increases (e.g. if you acquire a new affiliate), we reserve the right to vary the charges.

9. Privacy

Each of us will at all times collect, disclose, store or otherwise process personal data in accordance with the EU General Data Protection Regulation (EU GDPR), UK General Data Protection Regulation (UK GDPR), UK Data Protection Act 2018, and other applicable laws relating to the use of personal data relating to individuals ("**Data Privacy Laws**"), including without limitation any laws relating to individual rights and cross-border transfers. At all times, we will treat personal data in accordance with our Privacy Notice, which is incorporated by reference into these Terms. Each of us will use reasonable efforts to assist one another in relation to the investigation and remedy of any investigation, claim, allegation, action, suit, proceeding or litigation with respect to an alleged breach of Data Privacy Laws in relation to activities under the Agreement. Each of us will maintain, and will require any third party data processors to maintain, appropriate physical, technical and organizational measures to protect the personal data. You may not, use personal data included in the Products (to the extent such data was not provided by you or collected by Clarivate on your behalf) to send bulk or mass emails or email blasts; to publish or distribute any advertising or promotional material; or to otherwise use such data in a manner that is prohibited by applicable law. To the extent the sharing of personal data between us constitutes a cross-border data transfer as described in the applicable set of our cross-border data transfer clauses at https://clarivate.com/terms-of-business (in accordance with each party's role under the Data Privacy Laws), each of us will comply with its obligations under the applicable set of clauses.

You may not, for any purpose whatsoever, process (nor allow to be processed) any personal data that is within the Products (to the extent such data was not provided by you or collected by Clarivate on your behalf) in any AI Technologies. You acknowledge that you are responsible for your own compliance with Data Privacy Laws, including, where applicable, determining your legal grounds for processing such data. If we process personal data as a processor

Docusign Envelope ID: 81364F40-3581-83B4-80AA-8D0F92F77813

on your behalf, the terms of the data processing addendum at https://clarivate.com/terms-of-business are hereby incorporated by reference. 'Data controller', 'personal data' and 'process' will have the meaning given in the EU GDPR or the data processing addendum, or standard contractual clauses where applicable.

10. Confidentiality

Each of us will (i) use industry standard administrative, physical and technical safeguards to protect the other's confidential information; (ii) only use the confidential information of the other for purposes related to the performance of the Agreement (including our provision of the Products); and (ii) not disclose such confidential information to anyone else except to the extent required by Applicable Laws or as necessary to perform, manage or enforce the Agreement (including where we need to share it with our subcontractors). If either of us is required to disclose the confidential information of the other by statute or court order, that party shall notify the other so that an appropriate protective order or other remedy can be obtained, unless the court or government agency prohibits prior notification. Confidential information of each party includes any information marked as confidential, or which a reasonable person would consider as being confidential, including information relating to Clarivate IP (including how it is developed and any underlying models or databases) or pricing, but shall not include information that is or becomes public or known on a non-confidential basis other than through breach of any duty or obligation of confidentiality.

11. Audit

(a) Audit right. Without limiting Clarivate's right to electronically monitor usage of the Products, we or our professional representatives may audit your compliance with the Agreement, on at least 10 business days' notice and during normal business hours, provided that we will not audit more than once in 12 months, unless we reasonably believe you are in breach or we are required to by a third party provider.

(b) Costs. If an audit reveals that you have breached the Agreement, you will pay (i) any underpaid charges; and (ii) the reasonable costs and expenses of undertaking the audit if you have underpaid the charges by more than 5% or if those costs are imposed on Clarivate by a third party provider.

12. Warranties and disclaimers

(a) LIMITED WARRANTY. WE WARRANT THAT (i) WE PROVIDE THE PRODUCTS USING COMMERCIALLY REASONABLE SKILL AND CARE; (ii) OUR INSTALLED SOFTWARE WILL SUBSTANTIALLY CONFORM TO ITS DOCUMENTATION FOR 90 DAYS AFTER DELIVERY; AND (iii) OUR HOSTED SOFTWARE WILL SUBSTANTIALLY CONFORM TO IT'S THEN-CURRENT DOCUMENTATION. WE DO NOT WARRANT UNINTERRUPTED OR ERROR-FREE OPERATION OR DELIVERY OF THE PRODUCTS. TO THE FULLEST EXTENT PERMITTED UNDER APPLICABLE LAWS, THESE WARRANTIES AND ANY PRODUCT-SPECIFIC WARRANTIES THAT MAY BE INCLUDED IN YOUR ORDER ARE THE EXCLUSIVE WARRANTIES FROM CLARIVATE AND WE DISCLAIM ALL OTHER WARRANTIES, REPRESENTATIONS AND UNDERTAKINGS,EXPRESS OR IMPLIED, INCLUDING OF PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, ACCURACY, COMPLETENESS AND CURRENTNESS.

(b) SOFTWARE. IF WE CANNOT RECTIFY ANY VALID SOFTWARE WARRANTY CLAIM WITHIN A REASONABLE PERIOD YOU MAY CANCEL YOUR LICENSE OF THE AFFECTED SOFTWARE BY WRITTEN NOTICE TO US. WE WILL WITHOUT ANY FURTHER LIABILITY REFUND ALL APPLICABLE CHARGES BASED ON A FIVE (5) YEAR STRAIGHT-LINE DEPRECIATION FROM THE EFFECTIVE DATE OF THE APPLICABLE ORDER FOR THE SOFTWARE.

(c) PROFESSIONAL SERVICES. WE WILL RECTIFY PROFESSIONAL SERVICES IF YOU GIVE US WRITTEN NOTICE OF A VALID WARRANTY CLAIM WITHIN 30 DAYS OF DELIVERY. IF WE CANNOT RECTIFY ANY VALID WARRANTY CLAIM WITHIN A REASONABLE PERIOD WE WILL WITHOUT ANY FURTHER LIABILITY REFUND ALL APPLICABLE CHARGES RELATED TO THE DEFECTIVE SERVICE AND WE MAY TERMINATE THE AFFECTED SERVICES BY WRITTEN NOTICE TO YOU.

(d) NO ADVICE. WE ARE PROVIDING THE PRODUCTS FOR INFORMATIONAL PURPOSES ONLY. WE ARE NOT PROVIDING ANY ADVICE (LEGAL, MEDICAL, CLINICAL, FINANCIAL OR OTHERWISE) BY ALLOWING YOU TO ACCESS AND USE THE PRODUCTS. YOU ARE FULLY RESPONSIBLE FOR YOUR INTERPRETATIONS OF THE PRODUCTS. IF YOU DESIRE ADVICE, WE ENCOURAGE YOU TO ENGAGE LEGAL, MEDICAL, CLINICAL OR FINANCIAL PROFESSIONALS TO HELP YOU INTERPRET THE PRODUCTS. YOU ACKNOWLEDGE THAT WE ARE NOT RESPONSIBLE FOR ANY

Docusign Envelope ID: 81364F40-3581-83B4-80AA-8D0F92F77813

ACTION OR DAMAGES RESULTING FROM ANY DECISIONS YOU (OR ANY OTHER PARTY ACCESSING THE PRODUCTS THROUGH YOU) MAKE IN RELIANCE ON THE PRODUCTS. WE ARE NOT A LAW FIRM OR PROFESSIONAL ADVISOR AND NO ATTORNEY/CLIENT, PHYSICIAN/PATIENT OR OTHER FIDUCIARY OR PROFESSIONAL RELATIONSHIP IS CREATED.

(e) THIRD PARTY MATERIALS. WE DO NOT ACCEPT ANY RESPONSIBILITY FOR, AND WILL NOT BE LIABLE FOR CLAIMS ARISING FROM, THIRD PARTY TECHNOLOGY OR ANY THIRD PARTY MATERIALS ACCESSIBLE VIA LINKS IN THE PRODUCTS.

13. Liability

(a) Unlimited liabilities. Neither of us excludes or limits liability for (i) fraud, (ii) death or personal injury caused by negligence, (iii) claims for payment or reimbursement or (iv) any other liability, including gross negligence, where not permitted to do so under Applicable Laws and nothing in the Agreement shall be interpreted to do so.

(b) Excluded losses. Neither of us will be liable for (i) lost profits, lost business, lost revenue, anticipated savings, lost data, or lost goodwill; or (ii) any special, incidental or exemplary damages, indirect or consequential losses, or anticipated savings.

(c) Limitation. The aggregate liability of each of us (and of any of Clarivate's third party providers) for all claims arising out of or in connection with the Agreement, including for breach of statutory duty, in tort or in negligence (collectively '**Claims**'), will not exceed the amount of any actual direct damages up to the amounts payable in the 12 months prior to the first incident under which liability arose (or where the claim arose in the first 12 months of the Agreement, the amounts that would have been payable in the first 12 months) for the Product that is the subject of the claim.

(d) Claims. You may not assign or transfer Claims and you must bring Claims within 12 months of arising.

(e) No liability. We will not be responsible for failures, errors or delays that occur because of (i) your or a third party's technology or network; (ii) your actions or inaction (other than proper use of the Product), such as failing to follow the usage instructions or adhering to the minimum recommended technical requirements; (iii) changes you make to the Products; (iv) your failure to implement and maintain proper and adequate virus or malware protection and proper and adequate backup and recovery systems; (v) your failure to install updates we have provided to you; or (vi) other causes not attributable to us. If we learn that the Product failed because of one of these, we reserve the right to charge you for our work in investigating the failure at our then currently applicable rates. At your request we will assist you in resolving the failure at a fee to be agreed upon.

(f) Third party intellectual property. If a third party sues you claiming that a Product as provided by Clarivate infringes their intellectual property rights then, provided your use of such Product has been in accordance with the terms of the Agreement, we will defend you against the claim and pay damages that a court finally awards against you or that are included in a settlement approved by us, provided that you (i) promptly notify Clarivate in writing of the claim; (ii) supply information we reasonably request; and (iii) allow Clarivate to control the defense and settlement. We have no liability for Claims to the extent caused by items not provided by us. In relation to liability arising solely from one of our third party providers' data, software or other materials, our liability will be limited to the amount we recover from that third party supplier divided by the number of Claims by our customers, including you.

(g) Mitigation. Each of us shall take reasonable steps to limit and mitigate any losses, liability, Claims or other costs it may incur under the Agreement and which it may seek to recover from the other, including under any reimbursement or indemnity. Further, in the event a Product infringes or may infringe a third party's intellectual property rights we may, at our expense and option: (a) replace or modify the Product to make it non-infringing, while maintaining equivalent functionality; (b) procure the right for you to continue using the Product pursuant to this Agreement; or (c) terminate the Product and provide you a refund on a pro-rata basis.

(h) Equitable relief. Each of us agrees that damages may not be a sufficient remedy for any misuse of the others intellectual property, confidential information or trade secrets, and each of us may seek equitable relief (including specific performance and injunctive relief) as a remedy for breach of the Agreement.

Docusign Envelope ID: 81364F40-3581-83B4-80AA-8D0F92F77813

14. Term, Termination

(a) Term. The term and any renewal terms for the Products are described in your Order. If either of us does not wish to renew the Products set forth in an Order, in whole or in part, they must provide the other with at least 30 days' written notice before the end of the then current term.

(b) Suspension. We may on written notice suspend or limit your use of the Products or other Clarivate IP, or terminate the Agreement, (i) if required to do so by a third party provider, Applicable Laws, court or regulator; (ii) if you become or are reasonably likely to become insolvent or affiliated with one of our competitors; or (iii) if there has been or it is reasonably likely that there will be: a breach of security; a breach of your obligations under the Agreement (including payment); or a violation of third party rights or Applicable Laws. Our notice will specify the cause of the suspension or limitation and, as applicable, the actions you must take to reinstate the Product. If you do not take the actions or the cause cannot be remedied within 30 days, we may terminate the Agreement. Charges remain payable in full during periods of suspension or limitation arising from your action or inaction.

(c) Termination. We may terminate the Agreement, in whole or in part, in relation to a Product which is being discontinued, on 90 days' written notice. Either of us may terminate the Agreement immediately upon written notice if the other commits a material breach and (if capable of remedy) fails to cure the material breach within 30 days of being notified to do so. Unless we terminate for breach or insolvency, fees will be due for all Products provided through the termination date and any pre-paid charges will be refunded on a pro-rated basis for terminations in accordance with the Agreement. Transition assistance may be provided upon the execution of an Order for such services.

(d) Effect of termination. Except to the extent we have agreed otherwise, upon termination, all your licenses and usage rights granted end immediately and you must permanently uninstall, expunge, delete or destroy the Products and Clarivate IP (including any copies thereof) in your or any third party's control or possession and, if requested, confirm this in writing. Termination of the Agreement will not (i) relieve you of your obligation to pay Clarivate any amounts you owe up to and including the date of termination; (ii) affect other accrued rights and obligations; or (iii) terminate those parts of the Agreement that by their nature should continue.

15. Force majeure

Other than payment obligations, neither of us shall be liable for any failure or delay in performance due to causes that cannot be reasonably controlled by that relevant party, such as (but not limited to) acts of God, acts of any government, war or other hostility, civil disorder, the elements, fire, explosion, power failure, equipment failure, industrial or labor dispute, inability to obtain necessary supplies, and the like.

16. Third party rights

Our affiliates and third party providers benefit from our rights and remedies under the Agreement. No other third parties have any rights or remedies under the Agreement.

17. General

(a) Assignment. You may not assign or transfer the Agreement to anyone else without our prior written consent. We will provide you with written notice if we assign or transfer the Agreement, in whole or in part, as part of our business reorganization, which we may do provided the Products will not be adversely affected.

(b) Marketing. Each of us agrees not to use the other's name or trademarks in connection with any advertising, marketing or other promotional efforts or materials without prior written approval.

(c) Amendment. The Terms may only be amended by the mutual written agreement of both parties.

(d) Enforceability. The Agreement will always be deemed modified to the minimum extent necessary for it to be enforceable, unless modification fundamentally changes the Agreement.

Docusign Envelope ID: 81364F40-3581-83B4-80AA-8D0F92F77813

(e) Non-solicitation. Clarivate is an independent contractor. You must not directly or indirectly solicit or recruit or attempt to solicit or recruit for employment or engagement any personnel of Clarivate during the term and for 12 months thereafter. Employment resulting from a general public advertisement or search engagement not specifically targeted at the relevant personnel is not precluded.

(f) Performance. We may perform some or all of our obligations from any of our offices globally or through any of our affiliates or third parties. Such affiliates and third parties are obligated to confidentiality obligations and we remain responsible for their performance.

(g) Headings and summaries. Headings and summaries shall not affect the interpretation of the Agreement.

(h) Waiver. Neither of us waives our rights or remedies by delay or inaction.

(i) Governing law and jurisdiction. If a dispute arises related to this Agreement or an Order, Clarivate and you agree to meet to try and resolve it before commencing any legal proceedings. Should such resolution attempts fail, each of us agrees that any Claim arising out of or in connection with the Agreement (including its formation) is subject to the exclusive governing law and exclusive jurisdiction specified in the Order. BOTH YOU AND CLARIVATE EXPRESSLY AND KNOWINGLY WAIVE ANY RIGHT TO A JURY TRIAL IN THE EVENT ANY ACTION ARISING UNDER OR IN CONNECTION WITH THIS AGREEMENT IS LITIGATED OR HEARD IN ANY COURT.

(j) Precedence. In the event of any conflict within the Agreement, the descending order of precedence is: the Order; the referenced documents (including any specific product/service terms); the remaining terms and conditions of this Agreement.

(k) Notices. Notices for Clarivate must be directed to contract.admin@clarivate.com. Notices for you will be directed to the Client entity and address identified in the Order. Each of us may update our notice information upon prior written notice to the other.

(l) Insurance: Clarivate shall procure and maintain at its own expense during the term of this Agreement policies of insurance in the amounts and under the terms set forth in Exhibit A Insurance Requirements against claims and Liability that may arise from or in connection with this Agreement and performance of the Services. The parties acknowledge that such coverage is renewed on an annual basis. Accordingly, any changes to the types, limits, or terms of insurance requested by the City shall be subject to mutual written agreement at the time of policy renewal and shall only apply to the extent such changes are commercially reasonable and available to insurers.

Clarivate™

EXHIBIT A

INSURANCE REQUIREMENTS

Minimum Scope and Limits of Insurance

Consultant/Contractor shall maintain limits of insurance:

1. Commercial General Liability, including operations, products, and completed operations, as applicable:

   $1,000,000 per occurrence/**$2,000,000** aggregate for bodily injury, personal injury, and property damage. If Commercial General Liability or other form of insurance with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit.

2. Cyber Liability:

   $1,000,000 per claim. Consultant/Contractor warrants that any retroactive date under this policy shall precede the effective date of this contract and, either continuous coverage will be maintained, or an extended discovery period will be exercised for a period of two years beginning at the time work under this contract is completed.

.

Acceptability of Insurers

Insurance is to be placed with insurers with a current A.M. Best rating of no less than A: VII and accepted to do business in the State of California, unless otherwise acceptable to the City of Livermore.

Other Insurance Provisions

The general liability and automobile liability policies are to contain, or be endorsed to contain, the following provisions:

1. The City of Livermore, its officers, officials, employees, and designated volunteers are to be covered as additional insureds as respects: liability arising out of activities performed by or on behalf of the Consultant/Contractor. The coverage shall contain no special limitations on the scope of protection afforded to the City of Livermore, its officers, officials, employees, or volunteers.

Docusign Envelope ID: 81364F40-3581-83B4-80AA-8D0F92F77813

primary and non-contributory and will not seek contribution from the City's insurance or self-insurance and shall be at least as broad as ISO Form CG 20 10 04 13 or equivalent. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of the City of Livermore before the City's own insurance or self-insurance shall be called upon to protect it as a named insured.

2. Any failure to comply with reporting or other provisions of the policy, including breaches of warranties, shall not affect coverage provided to the City of Livermore, its officers, officials, employees, or volunteers.

Verification of Coverage

Consultant/Contractor shall furnish certificates of insurance and endorsement(s) effecting coverage to the City of Livermore for approval. The endorsements shall be on forms acceptable to the City of Livermore. All certificates and endorsements are to be received and approved by the City of Livermore before work commences.

Docusign Envelope ID: 81364F40-3581-83B4-80AA-8D0F92F77813

Clarivate™

PRODUCT / SERVICE TERMS

These Product/Service Terms apply to certain Products that you access through our platform(s), website(s) or are otherwise identified in your order form, statement of work or other ordering document (collectively "**Order**") and supplement the Clarivate Terms which apply to all of our products. If you have ordered or are accessing a product that is not listed below, then these Product/Service Terms not apply to your order. "**We**", "**our**" and "**Clarivate**" means the Clarivate entity identified in the order form; "**you**" and "**your**" means the Client entity identified in the order form. Any other terms not defined in these Product/Service terms have the meaning given to them in the Clarivate Terms.

Innovative

Innovative Subscription and Perpetual Software subscriptions (ex: Polaris, Sierra, Millennium, Virtua, INN-Reach)

1. License. Client and, where applicable, its Authorized Users (defined below) may use the Software (including any client configurations) (i) only for the management of the library and for servicing its patrons (including permitting Authorized Users to search library catalogues), and not on an outsourced basis, as a service bureau, for resale, or similarly on behalf of or for the direct or indirect benefit of third parties, and (ii) only in accordance with the other terms of this Agreement. The license does not include hosting services, which must be purchased separately.
2. **Copies.** Non-production use includes training, development, testing, quality assurance, staging or preproduction provided that the copies of the Software are not used in a production environment or as a backup to production The license includes the right to use a single production instance and up to two (2) additional copies for non-production use at no additional charge.
3. **New Releases**. The license granted to you pursuant to this Agreement will include, at no additional cost, a license to use all new scheduled major releases, service pack releases, and hot fixes of the software offered generally by Clarivate to its clients during the term of your subscription or maintenance (collectively, "New Releases"). "New Releases" do not include new or additional modules, applications or other software now or hereafter offered by Clarivate, each of which require a separate license and payment of additional license fees. Additional fees may be required for implementation of New Releases.
4. **Authorized Users**. For clarity, your patrons do not fall within the number of Authorized Users on your Order Form.
5. **Aggregated Data.** In addition to the rights set forth in the Terms, we may use your Content and otherwise collect information related to your use of our product to create and use aggregate, non-identifying and anonymized data ("Collected Data"). Client acknowledges and agrees that it will have no rights in any products or services created or sold by Clarivate or its affiliates that use Collected Data.
6. **Early termination.** Client may terminate this Agreement at any time during the Initial Term effective as of the date of the next annual anniversary of the term if Client's budget (funding) is eliminated and Client provides written evidence of the elimination of Client's budget (funding), such evidence to be in the form and substance reasonably requested by Clarivate.
7. **Modules**. Your purchase and use of additional modules, tools or other applications from us with the Software are subject to the same terms as the Software.

Innovative SAAS subscriptions (ex: Vega, Innovative Mobile, Innovative Phone Alerts)

1. **License.** We will provide you with subscription access via a website to our Integrated Library System solution known as "Vega". Client and, where applicable, its Authorized Users may access and use Vega (including any client configurations) (i) only for the management of the library and for servicing its patrons (including permitting Authorized Users to search library catalogues), and not on an outsourced basis, as a service bureau, for resale, or similarly on behalf of or for the direct or indirect benefit of third parties, and (ii) only in accordance with the other terms of this Agreement.

Docusign Envelope ID: 81364F40-3581-83B4-80AA-8D0F92F77813

Clarivate™

2. **New Releases**. The license granted to you pursuant to this Agreement will include, at no additional cost, a license to use all new scheduled major releases, service pack releases, and hot fixes of the software offered generally by Clarivate to its clients during the term of this Agreement (collectively, "New Releases"). "New Releases" do not include new or additional modules, applications or other software now or hereafter offered by Clarivate, each of which require a separate license and payment of additional license fees. Additional fees may be required for implementation of New Releases.

3. **Aggregated Data.** In addition to the rights set forth in the Terms, we may use your Content and otherwise collect information related to your use of our product to create and use aggregate, non-identifying and anonymized data (“Collected Data”). Client acknowledges and agrees that it will have no rights in any products or services created or sold by Clarivate or its affiliates that use Collected Data.

4. **Authorized Users**. For clarity, your patrons do not fall within the number of Authorized Users on your Order Form.

5. **Early termination.** Client may terminate this Agreement at any time during the Initial Term effective as of the date of the next annual anniversary of the term if Client’s budget (funding) is eliminated and Client provides written evidence of the elimination of Client’s budget (funding), such evidence to be in the form and substance reasonably requested by Clarivate.

Software Support, Service Availability and Maintenance

This document outlines our Software support, maintenance and service availability for the following products ("Covered Products"):

Innovative Subscription and Perpetual Software subscriptions (ex: Polaris, Sierra, Millennium, Virtua, INN-Reach)

Support

Requesting support. Support includes issue analysis, support case management, prioritization of issues, tracking and investigation of issues and explanation of error messages. You must provide us with the information we need to resolve your problem. This includes relevant contact information, details about the problem, error messages, user IDs, and any other necessary information. If you have problems using our software, your designated administrators can contact us during normal hours. Your administrator will be provided an internal portal to report issues and review their status.

Response. We will use commercially reasonable efforts to meet the service level objectives stated below. Target response times to confirm receipt and begin troubleshoot and diagnosis of the problem are below. Resolution times cannot be guaranteed, although we undertake every effort to resolve your issues as soon as possible.

Priority	Response	Criteria
Severity 1	1 Business hour	A major component of the software is in a non-responsive state and severely affects library productivity or operations. A high impact problem that affects the entire library system. Widespread system availability, production system is down
Severity 2	4 Business hours	Any component failure or loss of functionality not covered in Severity 1 that is hindering operations, such as, but not limited to: excessively slow response time, functionality degradation; error messages; backup problems; or issues affecting the use of the module or the data
Severity 3	2 Business Days	An issue (other than a Severity 1 or 2) which (a) has no direct and material impact on business processes, (b) has an impact only on a segment of users, or (c) does not yet disrupt time-critical business processes.
Severity 4	as promptly as is reasonably practical	Non-performance related incidents, including: general questions, requests for information, documentation questions, enhancement requests. These will be logged but no immediate action will be taken. We will generally monitor the situation but will not be obliged to provide any solution.

Escalation Path. If you do not receive a response within the timeframe designated above, please reach out to your Account Manager.

Hosting Services

The following terms apply to the extent you have purchased hosting services from Clarivate for one or more of the Covered Products.

Docusign Envelope ID: 81364F40-3581-83B4-80AA-8D0F92F77813

Service availability
We endeavor to ensure 99.9% availability of our software and make commercially reasonable efforts to schedule maintenance and system upgrades during the weekends or outside regular business hours (i.e. after regular end of business Pacific Time and before start of business Eastern Time) with reasonable notice. Availability is calculated by dividing the number of minutes the software was available during the Measured Period by the total sum of the minutes in the Measured Period less any Excluded Downtime.

For the purposes of this calculation, (i) the Measured Period is a calendar year and (ii) the Excluded Downtime includes scheduled downtime for system maintenance and release updates, as well as any service unavailability attributable to your breach, any actions or omissions by you or your users, causes beyond our control, or separate instances of unavailability of less than 5 (five) minutes duration each, provided such instances are not of a persistent nature.

If availability falls below 99.9% in a month for three consecutive months, you will be entitled to a credit equal to the prorated amount of the fees for hosting services for any time during such three-month period in which the software was unavailable (other than Excluded Downtime). This credit will be your exclusive remedy for such unavailability.

Security Controls
We take reasonable and appropriate administrative, technical and physical measures to protect the confidentiality, integrity and availability of your data; however, security and compliance is a shared responsibility between you and Clarivate. Our responsibilities are described below. You should take into consideration any special configurations or third-party applications and your responsibilities depending on any applicable laws and regulations.

The table below sets forth the features of our standard cloud-based hosting option. Premium support may be available for an additional cost.

Feature	Standard
24x7 network monitoring	✓
Dedicated production environment	✓
99.9% guaranteed infrastructure uptime	✓
Dedicated public IP address and custom URL	✓
Operating system installation and management	✓
Library software installation and upgrades	✓
Data backups	Daily
Archive data backup retention	30 days

Network Systems Audit Logging. All firewall logon activity and password changes are logged, monitored, controlled and audited. All intrusion detection and firewall log monitoring is done through services provided by Innovative and those pertinent log files and configuration files are retained for ninety (90) days and can be made available upon request for audit and problem resolution, as may be required.

Network Monitoring. All network systems and servers are monitored 24/7/365. We will monitor its systems for security breaches, violations and suspicious (questionable) activity. This includes suspicious external activity (including, without limitation, unauthorized probes, scans or break-in attempts) and suspicious internal activity (including, without limitation, unauthorized system administrator access, unauthorized changes to its system or network, system or network misuse or program information theft or mishandling). Innovative will notify Client as soon as reasonably possible of any known security breaches or suspicious activities involving Client's production data or environment, including, without limitation, unauthorized access and service attacks, e.g., denial of service attacks.

Docusign Envelope ID: 81364F40-3581-83B4-80AA-8D0F92F77813

Audit and Security Testing. Hosting Providers perform regular security audits and testing. You may not perform own audits of hosting providers.

Information Security Auditing/Compliance. Our hosting providers undergo SOC 1/SOC 2 Type 2/ISO 27001 audits each year by independent third-party audit firms. We offer hosting options in datacenters located in the United States, Canada, United Kingdom, Ireland, Australia and the Asia-Pacific region, however, Clarivate reserves the right to increase, decrease and/or relocate its datacenters at anytime.

Disclaimer

Support services do not include visits to your site, any services for third party equipment or software, problems stemming from a change you made to the software, or consulting services related to client specific configurations or implementation (such as interactions between the software and your hardware, installations at your site, assistance with acceptance testing, client specific templates or reports, etc). We have no obligation to correct any error resulting from a failure by you to implement a third-party software modification or update recommended by us and provided to you at no charge.

We are not responsible for downtime or any other failure to meet the availability requirement if the root cause of the disruption is (i) your breach of the agreement; (ii) your failure to use minimum recommended browser standards for access to and use of the software; or (iii) outside of our control including, but not limited to, failures of hardware or software of upstream service providers or at your location or improper use of the software. Any additional services which you may request and we may agree to perform will be billed on a time and materials basis subject to our current applicable rates.

Changes to Support Policy

This policy may be updated by us from time to time, in our sole discretion.

CITY COUNCIL STAFF REPORT **ITEM NO. 6.12**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Kristen Hilton, Acting Administrative Services Director

SUBJECT: Resolution authorizing the City Manager to execute a lease agreement with Konica Minolta Business Solutions U.S.A., Inc. through Region 4 Education Service Center/OMNIA Partners in an amount not to exceed $400,000 to provide citywide printer replacement and related services with a term ending August 4, 2031.

RECOMMENDED ACTION

Staff recommends that the City Council adopt a resolution authorizing the City Manager to execute a lease agreement with Konica Minolta Business Solutions U.S.A., Inc. through Region 4 Education Service Center/OMNIA Partners in an amount not to exceed $400,000 for citywide printer replacement and related services with a term ending August 4, 2031.

SUMMARY

The City of Livermore currently operates printers, multifunction devices, desktop printers, and public-use printing equipment across multiple City facilities. The existing printer environment includes a mix of equipment from different manufacturers and service arrangements, which creates operational inefficiencies, inconsistent support, and ongoing maintenance coordination.

Staff is recommending approval of a five-year lease agreement with Konica Minolta Business Solutions U.S.A. The proposed lease agreement is more economical than purchasing the equipment outright because it allows the City to modernize its printer fleet without a large upfront capital purchase
The work will be completed through phased implementations.

The first phase will replace City printers across City facilities and is expected to be completed within approximately 30 days following contract execution. The second & third portion of the implementation will include desktop printers and public-facing printer upgrades at library locations. The timing of the second & third portion will be coordinated with the Information Technology Division’s schedule and is expected to begin immediately after completion of the first phase.

DISCUSSION

The City relies on printers and multifunction devices to support administrative operations, public service

delivery, records processing, internal workflows, and public access services. Over time, the City's printer environment has become decentralized, with equipment that varies by department, location, age, functionality, and service need.

Maintaining multiple types of printers and service arrangements has created inefficiencies for City staff. These include inconsistent service response, increased coordination for maintenance and supplies, and challenges associated with supporting aging equipment. The proposed agreement provides a citywide approach to replacing and standardizing printers and related equipment.

The agreement with Konica Minolta Business Solutions U.S.A., Inc. incorporates the terms and conditions of the Region 4 Education Service Center/OMNIA Partners Contract No. R241202 for Digital Workspace Solutions. The agreement identifies Konica Minolta as the provider of multifunctional devices, printers, related hardware, software, professional services, and maintenance services.

Although the City is using a cooperative purchasing agreement, staff completed additional due diligence by obtaining and reviewing quotations from Xerox and UBEO, the City's current vendor. Based on this review, Konica Minolta provided the most competitive proposal and the best overall value for the City. The agreement will be implemented in phases.

Phase 1 – Citywide printer replacement

The first phase of the project will include the replacement of printers and multifunction devices across City facilities. This phase is expected to be completed within 30 days following contract execution. The goal is to standardize the City's printing environment, reduce reliance on aging equipment, and improve service reliability across departments. The fee schedule included in Exhibit B to the Agreement, attached hereto as Exhibit A, identifies the Phase 1 devices to be installed at multiple City facilities, including City Hall, the Police Department, Library facilities, Maintenance Building, Water Reclamation Plant, and the Airport.

Phase 2 & 3 – Desktop printers and library public-use printers

The second portion of the implementation will include replacement of desktop printers and public-facing printer upgrades at library locations. The timing will be coordinated with the Information Technology Division's schedule and is expected to begin immediately after Phase 1 is completed.
The fee schedule included in Exhibit B to the Agreement, attached hereto as Exhibit A, identifies the desktop/fax printer replacements and library replacement/upgrade devices.

Service, Supplies, and Support

The agreement includes delivery, installation, configuration, integration into the City's network, device relocation, equipment changes, and removal of devices. It also includes routine, remedial, and preventive maintenance, as well as remedial parts. Service is provided during normal business hours, Monday through Friday, 8:00 a.m. to 5:00 p.m., excluding holidays observed by Konica Minolta.

The agreement also includes an inclusive service structure for supplies. Konica Minolta will provide necessary supplies for normal operation of covered devices, including toner, staples, parts, rollers, drums, developer, and waste tanks, as applicable. Routine delivery of covered supplies will be provided at no additional charge to the City.

A key operational benefit of the proposed solution is secure print functionality. Under this feature, print jobs sent to the queue will not print until the employee scans their City badge at the printer. This helps reduce the risk of confidential documents being left unattended and allows employees to retrieve print jobs from compatible devices throughout the City. The agreement also includes hard drive security options for device removal, including real-time hard drive encryption, disk overwrite, user mailbox data deletion, hard drive lock, administrative password controls, data cleansing, and hard drive retention options depending on device model and configuration.

Konica Minolta has also identified its service response time as a key benefit of the proposed agreement. When issues can be resolved remotely, Konica Minolta will Initiate remote diagnostics and troubleshooting to minimize downtime. If the issue cannot be resolved remotely, a technician will be dispatched to the affected location within 2 hours of receiving the service ticket. This response commitment is intended to ensure operational continuity across city facilities and reduce disruptions to departmental workflows.

The Agreement improve cybersecurity and operational resilience by transitioning the city to a centralized, cloud-based print server environment. This reduces reliance on decentralized printer setups, lower cybersecurity exposure, and strengthens continuity in the event of network or server issues. The centralized system also supports secure print functionality, which is especially critical for departments handling confidential or CJIS sensitive documents, such as the Police Department and City Attorney's office. Overall, this upgrade modernizes internal systems, enhances security, and supports responsible use of public resources.

FISCAL AND ADMINISTRATIVE IMPACTS

The total agreement amount shall not exceed $400,000 over the five-year term. Funding is available through the Information Technology fund (F720).

The $400,000 not-to-exceed amount includes equipment, maintenance, service, supplies, installation, delivery, toner, and all work associated with the phased implementation.

The lease structure is more economical than purchasing the equipment outright because it avoids a large upfront capital expenditure and provides a predictable cost model over the five-year term. The agreement is also expected to improve administrative efficiency by consolidating printer replacement, maintenance, supplies, service response, and support under one provider.

COMUNITY PILLAR: 5) A City That Works.

GOAL: 11) Modernize key business systems and processes to increase efficiency and improve transparency.

Acting Administrative Services Director

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION AUTHORIZING THE EXECUTION OF A LEASE AGREEMENT WITH KONICA MINOLTA BUSINESS SOLUTIONS U.S.A., INC. THROUGH REGION 4 EDUCATION SERVICE CENTER/OMNIA PARTNERS TO PROVIDE CITYWIDE PRINTER REPLACEMENT AND RELATED SERVICES IN AN AMOUNT NOT-TO-EXCEED $400,000 WITH A TERM ENDING AUGUST 3, 2031

The City of Livermore (City) relies on printers, multifunction devices, desktop printers, and public-facing printing equipment to support City operations, public services, records management, and administrative functions. Over time, the City's printing environment has become decentralized, resulting in multiple device types, service arrangements, and server connections that create operational inefficiencies, increase maintenance coordination, and present cybersecurity concerns.

During the past two years, the City has expended more than $240,000 to operate and maintain its existing printer environment, while several devices have reached the end of their useful life and require replacement. City staff determined that leasing replacement equipment is more cost-effective and fiscally responsible than purchasing equipment outright because it avoids significant upfront capital costs, provides predictable ongoing expenses, and includes maintenance, repairs, supplies, and technology refreshes.

Konica Minolta Business Solutions U.S.A., Inc. (Konica) provides multifunction devices, printers, related hardware and software, professional services, maintenance, and digital workspace solutions. Although the City is utilizing a cooperative purchasing agreement, City staff conducted additional due diligence by obtaining and evaluating proposals from Xerox and the City's current vendor, UBEO, and determined that Konica provides the most competitive proposal and best overall value.

This agreement with Konica, in an amount not-to-exceed $400,000 includes delivery, installation, configuration, network integration, maintenance, supplies, toner, taxes, equipment removal and return, and related support services. The new solution will modernize the City's printing environment by centralizing print management in a cloud-based platform, reducing reliance on multiple print servers, improving operational efficiency, strengthening cybersecurity protections, and providing secure print functionality that requires employee badge authentication before documents are released. These enhancements are particularly important for departments handling confidential or sensitive information, including the Police Department and City Attorney's Office, and support Criminal Justice Information Services (CJIS) compliance considerations. The agreement will be implemented in two phases. Phase 1 will replace printers and multifunction devices throughout City facilities within approximately 30 days following contract commencement. Phase 2 will replace desktop printers and upgrade public-facing printers at City library locations in accordance with the Information Technology Division's implementation schedule.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore, that it hereby:

1. Authorizes the City Manager to execute a five-year lease agreement with Konica Minolta Business Solutions U.S.A., Inc., attached hereto as Exhibit A, in an amount not-to-exceed $400,000 for citywide printer replacement and related services.

2. Authorizes the City Manager to take whatever actions are necessary and appropriate to carry out the purpose and intent of this resolution.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

PROFESSIONAL SERVICES AGREEMENT

THIS AGREEMENT ("Agreement") is made and entered into this ___ day of _____, 2026 ("Effective Date"), by and between the City of Livermore ("City"), a municipal corporation, and Konica Minolta Business Solutions U.S.A., Inc. ("Consultant"), a New York corporation.

RECITALS

Consultant is a North America technology company that offers a comprehensive portfolio of products, services and solutions to clients; and

This Agreement incorporates, by reference, the terms and conditions of the Region 4 Education Service Center Contract #R241202 for Digital Workspace Solutions with Consultant, effective June 1, 2025 (the "Region 4 ESC/OMNIA Contract"); and

City has chosen Consultant to be its supplier for: (i) multifunctional devices, printers and other information technology hardware, peripherals, accessories and options supplied or serviced by Consultant ("Devices"); (ii) programs, procedures and related documentation associated with a computer system ("Software", together with Devices, collectively, "Products"); and (iii) professional and maintenance services provided by Consultant as further described in Exhibit A ("Services").

AGREEMENT

NOW, THEREFORE, City and Consultant hereby agree that the aforementioned recitals are true and correct and further agree as follows:

1. Retention as Consultant. City hereby retains Consultant, and Consultant hereby accepts such engagement, to provide the Products and perform the Services described below in Section 3 subject to the terms and conditions in this Agreement.

2. Relationship of Parties – Independent Contractors.

(a) The relationship of the parties shall be that of independent contractors. Consultant is and shall at all times remain as to City a wholly independent contractor during the term of this Agreement.

(b) Consultant and its personnel performing the Services on behalf of Consultant are not City officers or employees. Consultant's personnel shall at all times be under Consultant's exclusive direction, control, supervision, and management. Consultant, at its own cost and expense, is responsible for all workers compensation insurance, withholding taxes, unemployment insurance, and any other employer obligations associated with the delivery of the Services by Consultant's personnel.

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

(c) Consultant and its personnel providing the Services shall not qualify for or become entitled to, and hereby waive any claims to, any compensation, benefit, or any incident in employment by City, including but not limited to enrollment in the California Public Employees Retirement System (PERS) as an employee of City and any entitlement to any contribution to be paid by City for employer contributions or employee contributions for PERS benefits.

(d) Consultant shall have no authority, express or implied, to act on behalf of City in any capacity whatsoever as an agent. Consultant shall not incur or have the power to incur any debt, obligation, or liability whatsoever against City, and shall have no authority, express or implied, to bind City to any obligation whatsoever.

3. Description of Products and Services. Consultant shall provide the Products and Services described in the recitals and more particularly set forth in Exhibit A, for the purposes of this Agreement.

4. Consultant's Responsibilities. Consultant, at its own cost and expense, shall:

(a) Sell the Products offered hereunder and coordinate the performance of Services with Khaled Sawan, Purchasing Supervisor ("Project Manager"), or such other person designated as the Project Manager by City;

(b) At all times faithfully, competently, and diligently perform the Services to the best of its ability, experience, and talent in a courteous manner using commercially reasonable efforts when performing the Services required hereunder. For the purposes of this Agreement the phrase "commercially reasonable efforts" means that the Consultant must act in good faith and take actions that a reasonable person in a similar business would;

(c) Provide the resources and assign competent Consultant personnel necessary to complete the Services in a timely manner;

(d) Immediately remove and replace, without any cost to City, any member of Consultant's personnel providing the Services to City, in its sole discretion and at any time during this Agreement, directs Consultant to remove and replace, and City agrees to advise Consultant of the reason for the direction for the removal and replacement;

(e) Provide all facilities, goods, materials, and equipment that may be necessary for Consultant's personnel to provide the Services. City may furnish physical facilities such as desks, filing cabinets, and conference space that may be reasonably necessary for Consultant's use for the Services, but in no event shall City be required to furnish any facilities that involve incurring a direct expense such as computer, software, long-distance telephone or other communication charges, vehicles, or document reproduction facilities;

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

(f) Obtain and keep in effect during the term of this Agreement all necessary licenses, permits, qualifications, insurance, and approvals legally and professionally required for Consultant to practice its profession and to provide the Services, including obtaining a business license from the City of Livermore, and keep them all in effect for the term of this Agreement;

(g) Obtain and complete the appropriate City forms for the City to pay Consultant electronically via the Automated Clearing House (ACH). Those forms may be obtained by email at accountspayable@livermoreca.gov or by calling Accounts Payable staff at (925) 960-4345. If Consultant opts-out of electronic payment, it must likewise complete the appropriate City forms that can be obtained from those same sources for payment by check. The authority granted by those forms will remain in force and effect until the City receives written notification of changes, which changes shall not take effect for at least ten business days to afford City a reasonable opportunity to act;

(h) Provide City with a complete Request for Taxpayer Identification Number and Certification Form W-9 using the form most recently issued by the Internal Revenue Service;

(i) Comply with all applicable state and federal laws, as well as Alameda County and City of Livermore ordinances, regulations, and adopted codes, when providing the Services;

(j) Only invoice City for the Products delivered and Services rendered. Consultant's invoice shall be in writing and describe the Products delivered and Services performed for the payment requested, and if requested by the Project Manager, Consultant shall certify the correctness of any invoice or invoices for Products and Services provided. Consultant shall not submit an invoice to City more frequently than once a calendar month;

(k) Keep and maintain invoices and records directly related to the Products and Services provided hereunder in an organized manner. At a minimum, the records must be kept for at least three years from the date of City's final payment to Consultant and must include time sheets, work progress reports, and other documentation to adequately explain all the Products and Services invoiced for payment. Consultant shall make the invoices and records promptly available to City upon delivery of a written request to examine, audit, or copy them at City's place of business during normal business hours. Consultant shall give City 30 calendar-days' written notice prior to destroying the invoices and records and allow City an opportunity to take possession. If City wants to take possession, then Consultant and City shall coordinate delivery of the invoices and records to City in a reasonable manner;

(l) Be available to the Project Manager, City staff, and other parties referred to Consultant by the Project Manager to answer questions or inquiries related to the Products, Services or invoices;

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

(m) Prepare and submit a written report to the Project Manager, within three business days of the Project Manager's written request, that identifies the Services completed and in progress, the charges incurred to date, and the anticipated cost to complete the remaining Services;

(n) Comply with the Americans with Disabilities Act (ADA) of 1990, and all amendments thereto, as well as all applicable regulations and guidelines issued pursuant to the ADA, when providing the Services; and,

(o) If applicable, Consultant shall ensure that all work for compensation is provided in compliance with the requirements of the California Labor Code including but not limited to hours of labor, nondiscrimination, payroll records, apprentices, worker's compensation and prevailing wages.

5. Term. The term of this Agreement commences on August 3, 2026, and terminates upon the completion of the Services or August 3, 2031, whichever occurs first.

6. Termination by City. City may terminate any portion or all of the Services by giving Consultant at least 30 calendar-days' written notice. Upon receipt of a termination notice, Consultant shall immediately stop all work in progress on the Services except where necessary to preserve the benefit of the work, and Consultant shall then assemble the work on the Services for delivery to City on the termination date. All compensation for Services performed prior to the termination date shall be payable to Consultant in accordance with and subject to Section 7.

7. Compensation and Payment.

(a) The total compensation payable by City to Consultant for the Products and Services SHALL NOT EXCEED the sum of $400,000.00 ("not-to-exceed amount"), unless otherwise agreed to in an Amendment signed by a duly authorized representative of each party.

(b) City shall compensate Consultant for the Products delivered and Services rendered at the prices and/or hourly rates or task amounts set forth in Exhibit B, and shall reimburse Consultant for travel expenses and other costs that are identified in Exhibit B, up to the not-to-exceed amount and subject to Section 7(a) above.

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

(c) Consultant and City acknowledge that compensation paid by City to Consultant pursuant to this Agreement is based upon Consultant's estimated costs to provide the Services, including the salaries and benefits paid by Consultant to its personnel. Consequently, Consultant and City further agree that compensation paid by City to Consultant is intended to include the costs of contributions to any pensions or annuities, or both, to which Consultant and its personnel may be eligible, and that City has no responsibility for contributions beyond the compensation paid to Consultant under this Agreement. As provided this Agreement, the hourly rates, task amounts and reimbursement for specified travel expenses and costs in the Fee Schedule are intended to be Consultant's only compensation for the Services and is inclusive of all costs of labor, licensing, permitting, overhead and administrative costs, and any-and-all other costs, expenses, and charges incurred by Consultant, its agents, and employees to provide the Services, including all taxes Consultant is required to pay.

(d) City shall pay Consultant no later than 30 days after City receives a written invoice from Consultant and verifies the Services were performed for the payment requested. If City fails to make any payment when due, Consultant may: (i) refuse to continue to provide Services or additional Products and may enter City's premises to recover any property or Products owned by Consultant; (ii) convert the payment terms of this Agreement into a time, travel and material basis, with or without notice to City, and proceed to furnish Service on a time, travel and material basis; and/or (iii) offset the amounts City owes Consultant against any amounts Consultant may owe City under any other agreement. If City fails to make any payment when due pursuant to this Agreement, City will be liable for any collection costs incurred by Consultant along with a service charge of one and one-half percent (1.5%) per month of the total amount due or the maximum interest rate permitted by law, whichever is less. Title to Products shall remain in the name of Consultant until full payment has been received.

(e) City shall pay Consultant via the Automated Clearing House or as otherwise instructed by Consultant pursuant to Section 4(g) above. The use of an eProcurement solution, credit card, procurement card or similar payment device may incur additional fees.

8. Ownership of Documents. All drawings, designs, data, photographs, reports and other items prepared or obtained by Consultant in the performance of the Services are City's property and Consultant shall deliver them to City upon demand.

9. Intellectual Property, Copyright, and Right of Use. This Agreement does not involve "works made for hire". Title to any and all of Consultant's property, tangible and intangible, shall remain with Consultant.

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

10. Warranty Disclaimer. CONSULTANT WARRANTS THAT DEVICES MANUFACTURED BY KONICA MINOLTA, INC. OR ONE OF ITS AFFILIATES SHALL PERFORM IN ACCORDANCE WITH THE SPECIFICATIONS PUBLISHED BY CONSULTANT (AVAILABLE ON CONSULTANT'S WEBSITE AND AVAILABLE UPON REQUEST). CONSULTANT WARRANTS THAT THE SERVICES WILL BE PERFORMED IN A PROFESSIONAL MANNER IN ACCORDANCE WITH GENERALLY APPLICABLE INDUSTRY STANDARDS. CONSULTANT MAKES NO OTHER REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INTERFERENCE, NON-INFRINGEMENT OR THE LIKE. CONSULTANT'S SOLE LIABILITY (AND CITY'S EXCLUSIVE REMEDY) FOR ANY WARRANTY CLAIM SHALL BE FOR CONSULTANT TO REPAIR OR REPLACE A DEFECTIVE DEVICE OR RE-PERFORM ANY DEFICIENT SERVICES, OR, IF CONSULTANT IS UNABLE TO REMEDY SUCH DEFECT OR DEFICIENCY WITHIN THIRTY (30) DAYS, TO VOID THE INVOICE FOR THE DEFECTIVE DEVICE OR DEFICIENT SERVICES. CONSULTANT SHALL HAVE NO OBLIGATION WITH RESPECT TO A WARRANTY CLAIM (I) IF NOTIFIED OF SUCH CLAIM MORE THAN THIRTY (30) DAYS AFTER DELIVERY OF THE DEFECTIVE DEVICE OR PERFORMANCE OF THE DEFICIENT SERVICES OR (II) IF THE CLAIM IS THE RESULT OF THE USE OF ANY THIRD PARTY DEVICE OR SOFTWARE, OR THE ACTIONS OF CITY OR A THIRD PARTY. CITY HAS SELECTED ALL DEVICES AND SERVICES BASED ON ITS OWN JUDGMENT AND DISCLAIMS ANY RELIANCE ON ANY STATEMENTS OR REPRESENTATIONS MADE BY CONSULTANT. CONSULTANT IS PROVIDING THE DEVICES TO CITY "AS-IS".

11. Limit of Liability. THE PARTIES WAIVE THEIR RESPECTIVE RIGHTS TO SPECIAL, CONSEQUENTIAL, EXEMPLARY, INCIDENTAL OR PUNITIVE DAMAGES (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR INTERRUPTION OF SERVICES, LOSS OF BUSINESS, LOSS OF PROFITS, LOSS OF REVENUE, LOSS OF DATA, OR LOSS OR INCREASED EXPENSE OF USE), WHETHER IN CONTRACT, WARRANTY, TORT (INCLUDING, WITHOUT LIMITATION, NEGLIGENCE), OR STRICT LIABILITY UP TO THE NOT TO EXCEED AMOUNT OF THIS AGREEMENT, OR $400,000, EVEN IF THE PARTIES HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. EXCEPT FOR CITY'S PAYMENT OBLIGATIONS, THE AGGREGATE LIABILITY OF EACH PARTY UNDER THIS AGREEMENT OR ANY STATEMENT OF WORK OR ORDER SHALL NOT EXCEED THE TOTAL PAYMENTS MADE BY THE CITY TO CONSULTANT IN THE TWELVE (12) MONTHS IMMEDIATELY PRECEDING THE OCCURRENCE OF THE EVENT GIVING RISE TO SUCH LIABILITY.

12. Confidentiality. Consultant shall not disclose any confidential or proprietary information received from City to anyone except Consultant's personnel who require access to the information to provide the Products and perform the Services. This obligation shall survive termination and remain in full force and effect until the information, and any copies thereof, are returned to City or confirmed destroyed in a manner satisfactory to City.

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

13. Defense, Indemnity, and Hold Harmless. To the fullest extent permitted by law, Consultant shall hold harmless, indemnify, and defend with counsel reasonably acceptable to City, City and its elected and appointed officials, officers, directors, employees, agents, and designated volunteers (collectively "Indemnified Parties") from and against any and all liability, loss, damage, claims, expenses, and costs (including without limitation, attorney's fees and costs and fees of litigation) (collectively "Liability") of every nature arising out of or in connection with third party claims against the Indemnified Parties, to the extent proximately caused by the Consultant's negligent performance of the Services, or in connection with Consultant's willful failure to comply with any of its obligations contained in this Agreement, except to the extent such Liability was caused by the negligence or willful misconduct of the Indemnified Parties. Consultant's obligations to hold harmless, indemnify, and defend shall not be excused because of Consultant's inability to evaluate Liability or because Consultant evaluates Liability and determines that Consultant is not liable to the claimant. These obligations are independent of, and shall not in any way be limited by, the minimum insurance obligations contained in this Agreement. These obligations shall survive the completion or termination of this Agreement. Consultant must respond within 30 days to the tender of any claim for defense and indemnity by City. Consultant's obligations to defend, indemnify, and hold harmless the Indemnified Parties are expressly conditioned on the City providing Consultant prompt written notice of the Claim; granting Consultant control of the defense of the Claim, provided that counsel selected by Consultant must be reasonably acceptable to City and City shall have the right to participate in the defense of the Claim with its own counsel at its own expense; and cooperating with Consultant in the defense of any Claim at Consultant's expense. Consultant shall not be relieved of its defense, indemnity, and hold harmless obligations herein for City's failure to comply with such requirements, except to the extent that Consultant has been prejudiced by City's actions or inactions. For purposes of this section, "Claim" means a claim submitted to City pursuant to the California Government Claims Act, a lawsuit, or other action, whether formal or informal, brought against City.

(a) Modification for Construction Contracts. To the extent this Agreement is a "construction contract" covered by California Civil Code section 2782, then Consultant's duty to indemnify shall not apply in a manner prohibited by California Civil Code section 2782.

(b) Modification for Design Professional Services. To the extent this Agreement is for "design professional services" defined in California Civil Code section 2782.8, then Consultant's duties to defend and indemnify shall only apply to the extent provided for in California Civil Code section 2782.8(a), unless section 2782.8(a) is not applicable for one of the reasons set forth in 2782.8(e)

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

14. Insurance. Without limiting Consultant's indemnification of the Indemnified Parties, Consultant shall procure and maintain at its own expense during the term of this Agreement policies of insurance in the amounts and under the terms set forth in Exhibit C against claims and Liability that may arise from or in connection with this Agreement and performance of the Services. Upon reasonable written notice, Consultant shall comply with any changes in the amounts and terms of insurance as may be required from time-to-time by City's Risk Manager.

15. Force Majeure. Neither party shall be responsible for delays or failure in performance of this Agreement (other than failure to make payment) to the extent that such party was hindered in its performance by any act of God, labor dispute or any other occurrence beyond its reasonable control.

16. Acceptance of Final Payment. Consultant's acceptance of final payment will release City from any and all claims and liabilities for compensation under this Agreement.

17. Acceptance of Work. City's acceptance of, or payment to Consultant for, the Services does not release Consultant from its responsibility for the accuracy, completeness, or competency of the Services, nor do the actions constitute an assumption of Consultant's responsibility or liability by City for any defect or error in the Services.

18. Conflict of Interest. Consultant represents that no City employee or official has a financial interest in Consultant. Consultant shall not offer, encourage, or accept any financial interest in any part of Consultant's business by or from a City employee or official during the term of this Agreement or as a result of being awarded this Agreement. If any of the Services are paid by reimbursement from an agreement between City and a private party, Consultant represents that it has not performed any work for that private party during the twelve-month period prior to the execution of this Agreement, and that it shall not negotiate, offer, or accept any contract for services from that party during the term of this Agreement.

19. Economic Disclosure. Consultant shall comply with City's local conflict of interest code implementing the California Political Reform Act, and shall prepare and file an economic disclosure statement if the Services involve making, or participation in making, governmental decisions or financial decisions by City that may have a material effect on Consultant's financial interests as determined by the City Attorney's Office. While it is Consultant's sole responsibility to evaluate its conflicts of interest, Consultant nevertheless agrees to prepare and file an economic disclosure statement if requested by City.

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

20. Levine Act Compliance. California Government Code section 84308 (Levine Act) prohibits City officers from participating in any action related to a contract, license, permit, or entitlement if the officer receives political contributions from a party, or participant, or agent thereof, that totals more than $500 within the twelve months preceding the decision or within the twelve months following the date of the final decision. Consultant shall review and complete as necessary the City's California Levine Act Disclosure Statement that can be obtained from the City Clerk.

21. Use of Recycled Products. If fitness and quality are equal, then Consultant shall utilize recycled products consistent with the City's Environmentally Preferrable Purchasing and Practices Policy, and as defined in California Public Contract Code Section 12200 for the Services, instead of nonrecycled products whenever recycled products are available at the same or a lesser cost than nonrecycled items. Information on recycled materials can be found here:

- Sustainable Purchasing | StopWaste - Home, Work, School
- Reducing Waste at Work | StopWaste - Home, Work, School
- Recommendations of Specifications, Standards, and Ecolabels for Federal Purchasing | US EPA

22. Non-Exclusive Agreement. This Agreement is non-exclusive. City reserves the right to provide, and to retain other qualified consultants to provide, services that are the same or similar to the Services.

23. Business Entity Status. Consultant is responsible for filling all required documents and forms with the California Secretary of State and meeting all requirements of the Franchise Tax Board, as well as the California Business and Professions Code and any other state statute, to the extent such requirements apply to Consultant to provide the Services. By entering into this Agreement, Consultant represents that it is: authorized to do business in California; in good standing with the California Secretary of State; and, in good standing with all agencies having jurisdiction over Consultant, including any licensing agencies. If Consultant is a suspended entity at the time it enters into this Agreement, City may take steps to void this Agreement.

24. Authority to Execute Agreement. Consultant has taken all necessary action to authorize the execution of this Agreement, and expressly represents that the person signing this Agreement on behalf of Consultant has received and accepted the authority to sign and execute this Agreement on behalf of Consultant. Upon the Effective Date, this Agreement shall constitute a legal, valid and binding obligation of Consultant, enforceable against Consultant in accordance with its terms, which authorization is ratified and confirmed upon Consultant's acceptance of the first compensation payment by City.

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

25. No Subcontracting and No Assignment. Consultant's unique personal competence, experience, specialized personal knowledge, and professional reputation were a substantial inducement to City for the award of this Agreement to Consultant, therefore no part of the Services may be assigned or subcontracted without City's prior written consent. For the purposes of this section, a change of fifty percent or more in the ownership or control of Consultant constitutes an assignment.

26. Work Eligibility. Consultant warrants that only personnel authorized to work in the United States pursuant to the Immigration Reform and Control Act of 1986 and other applicable laws shall be provided by Consultant for the performance of the Services.

27. Non-Discrimination. In performance of the Services, Consultant agrees that it will not engage in discrimination in employment of persons because of such person's race, color, religion, sex/gender, gender identity/expression, sexual orientation, marital status, medical condition, military or veteran status, national origin, ancestry, disability, genetic information, age, or any protected classification when providing the Services. Consultant further agrees to comply with all provisions of Title VI of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, or national origin in all programs or activities receiving federal financial assistance. Consultant further assures that it will take necessary actions to ensure compliance with these requirements in the performance of this Agreement.

28. Construction of Language.

(a) The terms and conditions in this Agreement have been arrived at through negotiation and each party had a full and fair opportunity to review and revise this Agreement with legal counsel. Any ambiguity in this Agreement will not be resolved against either party as the drafting party. In the event of any conflict between the terms of the Region 4 ESC/OMNIA Contract, the language in the body of this Agreement and any exhibit hereto, the order of precedence shall be: (1) the terms of the Region 4 ESC/OMNIA Contract shall control, then (2) the exhibits shall control, and then (3) this Agreement shall control. In the event of a conflict between the terms of this Agreement and any End User License Agreement with a party other than Consultant, the terms of that End User License Agreement shall control but only with regard to that third party.

(b) For the purposes of this Agreement, the terms "writing" and "written" includes electronic documents and communication via email, but not when those terms are used in Sections 6, 14, 25, and Sections 28 through 31 for notices, consent, or modifications. For the notices, consent, and modifications in Sections 6, 14, 25, and Sections 28 through 31, the terms "writing" and "written" means either a physically tangible document or an electronic document that satisfies the requirements in Livermore Municipal Code Section 2.64 Electronic Signatures.

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

29. Entire Agreement; Modification. This Agreement supersedes all other agreements, whether oral or written, between the parties with respect to the Services. Any modification to this Agreement must be in writing and signed by both parties. In the event the original of this Agreement is lost or destroyed, an archival copy maintained by City can be used in place of the original for all purposes with the same effect as if it was the original.

30. Notice. Notices under this Agreement must be delivered to the addresses below by deposit in the United States mail or by overnight delivery service, with postage prepaid and delivery confirmation, with a courtesy copy delivered by email to the email addresses below:

TO CITY:	Attention: Khaled Sawan/Purchasing Supervisor City of Livermore 1052 S Livermore Avenue Livermore, California 94550

Email:	MasterAgreements@kmbs.konicaminolta.us Legal@kmbs.konicaminolta.us

31. Waiver. Failure to insist upon the strict performance of any term or condition in this Agreement, no matter how long the failure continues, is not a waiver of the term or condition and does not bar the right to subsequently demand strict performance. To be effective, a waiver must be in writing and signed by the non-breaching party.

32. Severability. If a court of competent jurisdiction determines a provision in this Agreement is invalid, void, or unenforceable, the remaining provisions will nevertheless continue in full force and effect without being impaired in any way.

33. Survival. The terms, conditions, and obligations in Sections 2, 8 through 13, 25, 31, and 32 through 34 shall survive the completion or termination of this Agreement.

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

34. Jurisdiction and Venue. The interpretation, validity, and enforcement of this Agreement shall be governed by and construed in accordance with the laws of the State of California. Any suit, claim, or legal action of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of Alameda or in the United States District Court for the Northern District of California.

35. Electronic Signatures. By signing this document, you are agreeing that you have reviewed this disclosure information and consent to transact business using electronic communications and to utilize electronic signatures in lieu of using paper documents pursuant to Livermore Municipal Code section 2.64 *Electronic Signatures* and all other applicable laws. You are not required to sign documents electronically. If you prefer not to do so, you may request to receive paper copies and withdraw your consent at any time.

36. Counterparts. This Agreement may be executed and delivered in one or more counterparts, each of which will be deemed to be an original copy of this Agreement, and all of which, when taken together, will be deemed to constitute one and the same agreement. The facsimile, email, or other electronically delivered signatures of the parties shall be deemed to constitute original signatures, and facsimile or electronic copies hereof shall be deemed to constitute duplicate originals and shall be valid and effective for all purposes.

EXHIBIT A
Scope Of Work / Description Of Services

CONSULT- IMPLEMENT- MANAGE

Consultant can enable City to improve its document production and print-fleet management structure in a three-phase process: Consult, Implement and Manage. To provide City the full benefit of Consultant's Service offerings, City agrees to allow Consultant remote access to its information technology environment as part of the Service engagement. The extent of this access will be commensurate with the Services offered and will be as agreed to by the parties.

DELIVERY, INSTALLATION, REMOVAL AND RETURNS

1. Devices will be delivered free of charge except for production print Devices and Devices delivered more than fifty (50) miles away from the nearest Consultant or affiliate location. Ancillary Services such as "IMACD" are subject to separate fees and may be contracted by the parties at the prices listed in Exhibit B or as agreed to by City and the Consultant entity or affiliate in the respective country outside of the United States.

- Install (installation, configuration and integration of Device into City's network);
- Move (relocation of Device, i.e. disassembly, transportation, re-assembly)
- Add (addition or installation of external hardware to any Device)
- Change (modification of Device configuration after install)
- Dispose (de-installation and removal of Device)

DEVICE SERVICE

2. Consultant will provide appropriately trained and qualified technical staff to perform all routine and preventative maintenance and repair Services for City. This Service obligation applies to a Device that is covered by a Service contract under this Agreement and starts when the Device is installed at City's location.

3. Any preventative or scheduled maintenance activities will be performed at a time scheduled with the City. Consultant may perform preventative maintenance in conjunction with an emergency Service call.

4. Consultant reserves the right to replace a Device, at no additional cost to City, with a comparable unit when repair of the original Device is not practical or economically feasible.

5. City shall ensure that a Device is placed in a location that meets manufacturer's requirements (available on Consultant's website) and that Consultant personnel will be granted reasonable and safe access to perform Services.

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

6. Service includes labor for routine, remedial and preventive maintenance as well as remedial parts. Emergency Service calls will be performed at no extra charge provided such calls are made during normal business hours. Normal business hours are 8:00 a.m. to 5:00 p.m. local time, Monday through Friday, exclusive of holidays observed by Consultant. Delivery time and response time may vary for remote areas of some countries and may be agreed to locally. Overtime charges, at Consultant's then current rate, will be charged on all Service calls made outside normal local business hours.

7. Service required due to malfunction of parts, attachments or supplies not provided by Consultant is not part of Consultant's Service obligations. Any alterations, modifications or changes to the Device not made by Consultant may result in termination of Service for that Device. Repairs and/or Services that fall outside the scope of Consultant's Service obligations may be billed at prevailing hourly rates with prior City authorization; this includes but is not limited to: abuse or misuse, alteration or modification not made by Consultant, third party interference, the use of non-standard supplies, usage beyond manufacturer's recommended operating parameters, theft, neglect, fire, water, casualty or other natural force.

8. The Device Consultant agrees to Service is an existing device; such Device must be in good working condition before the start of Service coverage. Remedial Service may be required to bring the Device to proper operating standards and the labor and parts associated will be billed at prevailing rates. A quote will be provided for City approval before work begins.

SUPPLIES

9. Under this "inclusive service agreement", Consultant will provide all necessary supplies for the normal operation of the Device on an as needed basis including, but not limited to, staples, parts, rollers, drums, toner, developer, and waste tanks. Devices will be delivered with supplies necessary for start-up. It is City's responsibility to order supplies from Consultant. For Devices that are covered by this supply inclusive service agreement, the routine delivery of all supplies to City is the responsibility of Consultant, and will be made at no additional charge to City. For Devices that are not covered by a supply inclusive agreement, Consultant may charge a supply shipping and handling fee on each periodic invoice regardless of whether supplies are shipped in any particular period. The current calculations for such fees are posted at http://kmbs.konicaminolta.us/faqs. Consultant reserves the right to charge for expedited supply orders (i.e. overnight delivery) where requested by City.

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

10. Supplies provided hereunder are the property of Consultant until they are consumed and are intended to be used exclusively in the covered Device. City bears the risk of loss of unused supplies in the event of theft, employee misconduct, fire or other mishap. Pricing under this Agreement is based on published and commercially reasonable expectations of supply and consumables consumption. At its discretion, Consultant may perform an audit of supply or consumables consumption and Device usage data to determine consumption levels. In the event the actual consumption levels materially exceed twenty percent (20%) of the levels used to determine contract pricing, Consultant shall have the right to invoice for the excess consumption.

11. Genuine Consultant supplies will be provided for Consultant Devices covered under a supply inclusive service agreement. For non-Consultant branded Devices, Consultant will provide fully compatible toner and print cartridges.

12. Auto Supply Delivery: The City will provide a designated City contact(s) to confirm supply shipments via email and maintain delivery address information via an agreed upon methodology.

PRINT METER READING

13. Meter Collection: For those Devices under a cost per copy Service plan and where there is no Device relationship manager deployed, the City agrees to provide accurate and timely meter readings at the end of each billing period in a manner mutually agreed upon by City and Consultant. Consultant shall have access to the Device to monitor the meter counts.

14. If meter readings have not been received in a timely manner, Consultant may obtain or estimate them by utilizing data collected from City's prior volume rates. Additionally, specific locations that are non-responsive to Consultant's request for meter readings will be reported to City representative who will assist in collecting meter readings.

15. Each 8.5"x11" or A4 image generated by the covered Device is considered a 'print'. Larger paper sizes result in images that are a multiple of a single print based on length and will be chargeable unless otherwise agreed to in Exhibit B or a Statement of Work. Duplex images count as twice the rate of simplex prints. Specialty Devices (e.g., wide format, label printing, etc.) Service plans may have different specifications and will be agreed to in a Statement of Work.

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

25-0761

MFP MAINTENANCE: PRICING AND TERM

16. The maintenance term under this Agreement for purchased Devices is a minimum of thirty-six (36) months and a maximum of sixty (60) months. The maintenance term begins on the installation date for each Device. For leased Devices, the Service term will be equal to the term of the lease up to a maximum of sixty (60) months. The Service pricing listed in Exhibit B shall remain firm for a period of two (2) years from installation for each Device. Following the initial two (2) years of installation, reasonable price increases or decreases for subsequent maintenance terms may be negotiated by Consultant and City after completion of the initial maintenance term.

HARD DRIVE SECURITY

17. When certain Devices are removed from a City facility, Consultant offers four hard drive disposal options. The availability of these options depends on the Device model and configuration. A Statement of Work will be developed by Consultant and City to document the scope of the project for options 3 and 4.

- **Option 1- bizhub SECURE**: This option provides real-time hard drive encryption for the life of the Device and document data security through disk overwrite as well as user mailbox data deletion, hard drive encryption, hard drive lock and administrative password.

- **Option 2- As-is-disposal:** Consultant will pick up the Device(s) and will dispose of the Device(s) using an ecologically safe process. The internal data on the Device will not be altered or modified in any way, and City agrees to hold Consultant harmless from any third party claims arising out of any unauthorized access to the data on the disposed Device.

- **Option 3- In-place data cleansing:** Where available, a Consultant technician will perform a ‘data overwrite’ of the hard drive using built-in sanitization technology. The drive will be cleared of data and re-initialized in the Device before disposal. Availability of this option depends on Device model and configuration and does not include the replacement cost of the hard drive. Fees apply.

- **Option 4- Hard drive retention:** At the time of disposal, the internal hard drive will be removed, sealed in a container and surrendered to City. A replacement hard drive will be installed and re-initialized. Availability of this option depends on the Device model and configuration and does not include the replacement cost of the hard drive. Fees apply.

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

EXHIBIT B
FEE SCHEDULE

Consultant shall be compensated for the Products detailed in this Exhibit B and the Services described in Exhibit A to this Agreement as set forth in the Agreement and as follows:

1. **Maximum Not to Exceed amount.**

A. The maximum the Consultant shall be paid on this Agreement is $400,000 hereafter the Not to Exceed amount. The Not to Exceed amount includes all payments to be made pursuant to this Agreement, including City approved reimbursable expenses, if any. Nothing in this Agreement requires the City to pay for work not identified in Exhibit A.

B. Standard Reimbursable Items: Only the reimbursable items identified shall be compensated to the Consultant. Reimbursable expenses will be reimbursed without markup. Reimbursable expenses shall not exceed the Not To Exceed Amount set forth in the Agreement and a copy of the original invoice for the items listed in sections 1, 2 or 3 below shall be attached to the invoice submitted to the City for reimbursement. Items such as a telephone, fax, postage or freight are already included in the billable Service hourly rate. Consultant shall be reimbursed the direct expenses, which are the actual cost of the following items that are reasonable, necessary, and actually incurred, by the Consultant in connection with the Services:

   1. Expenses, fees or charges for printing, reproduction, or binding of documents at actual costs with no markup added to the actual cost.

   2. Any filing fees, permit fees, or other fees paid or advanced by the Consultant at actual costs with no markup added to the actual cost.

   3. Travel expenses shall be reimbursed at actual costs with no markup added to the actual cost.

C. Consultant shall be entitled to receive payments for Products delivered and Services performed pursuant to the Agreement. The City will pay Consultant based on invoices for Products delivered and Services performed and approved until the Not to Exceed amount is reached. Thereafter, Consultant must complete Services based on the Agreement without additional compensation unless the Not to Exceed amount is amended by a written Amendment signed by a duly authorized representative of each party.

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

2. **Pricing.** The pricing for the Products and Services offered hereunder are attached hereto. Additional Products and Services shall be priced as agreed to in an Amendment signed by a duly authorized representative of each party. The Product prices set forth in this Agreement shall remain firm for a period of two (2) years from the Effective Date of the Agreement. Following the initial two (2) years of the Agreement, reasonable price increases or decreases for subsequent contract terms may be negotiated between Consultant and City after completion of the initial term.

3. **Invoices.** Invoices shall be submitted to the below address:

EXHIBIT C
INSURANCE REQUIREMENTS

Minimum Scope and Limits of Insurance

Consultant/Contractor shall maintain limits no less than:

1. Commercial General Liability, including operations, products and completed operations, as applicable:
   $1,000,000/$2,000,000 aggregate per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability or other form of insurance with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit.
2. Workers' Compensation and Employer's Liability:
   Statutory limits as required by the State of California including **$1,000,000** Employers' Liability per accident, per employee for bodily injury or disease. A waiver of subrogation is required for Workers' Compensation insurance. If Consultant/Contractor is a sole proprietor, then they must sign "Contractor Release of Liability".

Deductibles and Self-Insured Retention

All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Consultant/Contractor shall be solely responsible for any deductibles or self-insured retentions it may maintain. Failure to exercise this right shall not constitute a waiver of right to exercise later.

Acceptability of Insurers

Insurance is to be placed with insurers with a current A.M. Best rating of no less than A: VII and accepted to do business in the State of California, unless otherwise acceptable to the City of Livermore.

Other Insurance Provisions

The general liability policy is to contain, or be endorsed to contain, the following provisions:

1. The City of Livermore, its officers, officials, employees, and designated volunteers are to be covered as additional insureds as respects: liability arising out of activities performed by or on behalf of the Consultant/Contractor; or automobiles owned, leased, hired or borrowed by the Consultant/Contractor. The coverage shall contain no special limitations on the scope of protection afforded to the City of Livermore, its officers, officials, employees, or volunteers.
2. The limits of insurance required in this agreement may be satisfied by a combination of primary and umbrella or excess insurance. The additional insured coverage under the Consultant's/Contractor's policy shall be primary and non-contributory and will not seek contribution from the City's insurance

Docusign Envelope ID: 825AA291-817E-8351-8066-988087204E3B

or self-insurance and shall be at least as broad as ISO Form CG 20 10 04 13. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of the City of Livermore before the City's own insurance or self-insurance shall be called upon to protect it as a named insured.

3. Any failure to comply with reporting or other provisions of the policy, including breaches of warranties, shall not affect coverage provided to the City of Livermore, its officers, officials, employees, or volunteers.
4. The Consultant's/Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
5. Each insurance policy required by this clause shall be endorsed to state that coverage shall not be canceled by either party before expiration of the policy unless notice is delivered in accordance with policy provisions.
6. It shall be a requirement under this agreement that any available insurance proceeds broader than, or in excess of, the specified minimum insurance coverage requirements and/or limits shall be available to the additional insured. Furthermore, the requirements for coverage and limits shall be (1) the minimum coverage and limits specified in this agreement; or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the named Insured; whichever is greater.
7. Certificate Holder section of the insurance certificate should read: City of Livermore, 1052 S. Livermore Avenue, Livermore, CA 94550

Verification of Coverage

Consultant/Contractor shall furnish certificates of insurance and applicable endorsement(s) effecting coverage to the City of Livermore for approval. The endorsements shall be on forms acceptable to the City of Livermore. All certificates and applicable endorsements are to be received and approved by the City of Livermore before work commences.

LIVERMORE
CALIFORNIA

CITY COUNCIL STAFF REPORT **ITEM NO. 6.13**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Kristen Hilton, Acting Administrative Services Director

SUBJECT: Adopt a resolution approving two side letter agreements between the City of Livermore and the Livermore Police Management Association amending Article IV (Promotion) and Article X (Supervisory Differential) of the memorandum of Understanding (MOU), effective retroactive to July 1, 2025.

RECOMMENDED ACTION

Staff recommends the City Council adopt a resolution approving two side letter agreements between the City of Livermore and the Livermore Police Management Association amending Article IV (Promotion) and Article X (Supervisory Differential) of the Memorandum of Understanding (MOU), effective retroactive to July 1, 2025.

SUMMARY

The proposed side letter agreements amend Articles IV (Promotion) and X (Supervisory Differential) of the Livermore Police Management Association MOU. The Article IV amendment provides employees initially promoted into the bargaining unit with a 17.5% increase to base salary upon promotion, replacing the current structure of a 10% promotional increase supplemented by a supervisory differential. The Article X amendment provides that future salary adjustments necessary to maintain the required 17.5% salary differential will be incorporated into base salary rather than paid as a separate supervisory differential. The proposed changes do not increase employee compensation but instead simplify compensation administration by incorporating supervisory differential into base salary and support the reporting of pensionable compensation to CalPERS. The agreements are effective retroactive to July 1, 2025.

DISCUSSION

Under the current MOU, employees promoted into the Police Management bargaining unit receive a 10% promotional increase to base salary. When necessary to maintain the contractual 17.5% salary differential between management employees and the highest-paid subordinate employee, an additional supervisor differential is paid as a separate compensation item. The proposed side letter amending Article IV provides that employees initially promoted into the bargaining unit will receive the full 17.5% promotional increase as base salary, eliminating the need for a separate supervisory differential upon

promotion.

The proposed side letter amending Article X revises the administration of supervisory differential maintenance by providing that any future salary adjustments necessary to maintain the required 17.5% differential will be incorporated into an employee's base salary rather than paid as a separate supervisory differential.

These amendments are intended to simplify compensation administration and align the compensation structure with CalPERS reporting requirements. The amendments do not provide additional compensation or increase the total compensation received by employees; rather, they change the manner in which existing compensation is administered and reported. These side letters apply retroactively to July 1, 2025, consistent with the effective date of the current MOU.

FISCAL AND ADMINISTRATIVE IMPACTS

There are no fiscal impacts associated with these side letters. The side letters do not create additional compensation but instead restructure how existing compensation is administered and reported.

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION APPROVING TWO SIDE LETTER AGREEMENTS WITH THE LIVERMORE POLICE MANAGEMENT ASSOCIATION AMENDING ARTICLE IV (PROMOTION) AND ARTICLE X (SUPERVISORY DIFFERENTIAL) OF THE MEMORANDUM OF UNDERSTANDING EFFECTIVE RETROACTIVE TO JULY 1, 2025

The City of Livermore (City) and the Livermore Police Management Association are parties to a Memorandum of Understanding (MOU) commencing on July 1, 2025, and expiring on June 30, 2029.

The City and the Livermore Police Management Association have mutually agreed to amend Article IV (Promotion) and Article X (Supervisory Differential) of the MOU to clarify the administration or promotional compensation and supervisory salary differentials.

The amendments do not increase compensation but instead modify the administration of existing compensation by incorporating supervisory differential payments base salary.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore that, it hereby approves the two side letter agreements to the Memorandum of Understanding between the City of Livermore and the Livermore Police Management Association for the period of July 1, 2025 through June 30, 2029, as reflected in the attached Exhibit A and Exhibit B, effective retroactive to July 1, 2025.

SIDE LETTER AGREEMENT
BETWEEN

LIVERMORE POLICE MANAGEMENT ASSOCIATION
AND
CITY OF LIVERMORE

The City of Livermore and the Livermore Police Management Association agree to revise ARTICLE IV: PROMOTION of the Memorandum of understating ("MOU") as outlined below, effective retroactive to July 1, 2025:

ARTICLE IV. PROMOTION

~~An employee who is promoted from one class to a class with a higher salary range shall receive a salary increase of ten percent (10%) of their base salary or the minimum of the salary range if higher, but in no event shall the increase exceed the maximum of the range. The effective date of the promotion shall be the new review date for the purpose of determining eligibility for merit increases.~~

An employee who is promoted from one class to a class with a higher salary range shall receive a salary increase as follows:

(1) An employee initially promoted into a classification represented by the Livermore Police Management Association shall receive a salary increase of seventeen and one-half percent (17.5%) of their base salary or the minimum of the salary range, whichever is greater, but in no event shall the salary exceed the maximum of the range.

(2) An employee promoted between classifications represented by the Livermore Police Management Association shall receive a salary increase of ten percent (10%) of their base salary or the minimum of the salary range, whichever is greater, but in no event shall the salary exceed the maximum of the range.

The effective date of the promotion shall be the new review date, as defined in Chapter 2 of the Personnel Rules and Regulations, for the purpose of determining eligibility for merit increases.

SIDE LETTER AGREEMENT
BETWEEN

LIVERMORE POLICE MANAGEMENT ASSOCIATION
AND
CITY OF LIVERMORE

The City of Livermore and the Livermore Police Management Association agree to revise ARTICLE X: SUPERVISORY DIFFERENTIAL PAY of the Memorandum of Understating ("MOU") as outlined below, effective retroactive to July 1, 2025:

~~ARTICLE X. SUPERVISORY DIFFERENTIAL PAY~~
~~It shall be the policy of the City to recognize the supervisory responsibilities of management employees by providing a differential in base salary between the supervising management employee and subordinate non-management employee(s) during the term of this Memorandum. In the event the differential between the management employee and non-management employee falls below seventeen and a half percent (17.5%) of base salary, the management employees shall receive a supervisory differential of an amount necessary to maintain a seventeen and a half percent (17.5%) differential.~~

ARTICLE X. SUPERVISORY DIFFERENTIAL MAINTENANCE

It shall be the policy of the City to maintain a minimum base salary differential of seventeen and one-half percent (17.5%) between employees in classifications represented by the Livermore Police Management Association and the highest-paid non-management employee supervised.

Whenever salary adjustments, equity adjustments, reclassifications, promotions, negotiated wage increases, or other compensation changes affecting subordinate classifications cause the differential to fall below seventeen and one-half percent (17.5%), the management employee's base salary shall be adjusted as necessary to restore the required differential, but in no event shall the salary exceed the maximum of the range.

Any adjustment made pursuant to this Article shall be incorporated into the employee's base salary and shall not be paid as a separate premium, incentive, differential, or specialty pay.

CITY COUNCIL STAFF REPORT **ITEM NO. 7.1**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Kristen Hilton, Acting Administrative Services Director

SUBJECT: Hearing to place delinquent sewer accounts on the Property Tax Roll.

RECOMMENDED ACTION

Staff recommends the City Council hold a public hearing to consider protests, adopt a resolution overruling protests to place delinquent sewer accounts on the property tax roll, and direct staff to forward a finalized copy of the assessment list to the County Tax Assessor.

SUMMARY

The City of Livermore has approximately 1,100 sewer accounts, primarily commercial, that are billed monthly. Of these accounts, 19 are severely delinquent. As provided in Livermore Municipal Code section 13.36.180, 13.36.210 and the Health and Safety Code 5473 et seq., any and all delinquent sewer service and use charges may be placed on the tax roll and collected with property taxes.

DISCUSSION

Sewer revenues are generated for the collection, treatment, and disposal of wastewater. The City of Livermore Sewer Enterprise serves all residential and business customers within the city limits. All service charges are based on the strength and quantity of sewage generated by the customer. Commercial accounts are billed monthly based on the amount of water used and their industrial classification. Residential customers are billed annually via the Alameda County property tax roll. Residential charges are based on expected usage and strength of sewage of the class as a whole and customers pay a flat rate each year.

According to Livermore Municipal Code 13.36.190, sewer service and use charges are delinquent if not paid on or before the sixtieth day immediately following the date upon which such charges become due and payable. Commercial and some residential multi-family sewer accounts are billed monthly. In addition, residential customers in new development are billed monthly until they move to the property tax roll in July and begin to be billed annually. For all sewer accounts billed monthly, customers receive a statement that lists the previous balance and current charges separately, so delinquent charges are clearly identifiable. As a courtesy, City of Livermore utility billing staff also contacts customers with delinquent balances by letter, email and/or phone call to alert them to the balance due. Despite these

efforts, the accounts on the property tax assessment list remain severely delinquent.

Per Livermore Municipal Code 13.36.180, 13.36.210, and the Health and Safety Code 5473 et seq., in the event of the failure of any owner to pay when due any sewer services charges applicable to premises owned by them, the City may enforce payments of such delinquent charges by placing them on the tax roll and collecting with property taxes. In addition to the City of Livermore's collection efforts, on July 9, 2026, city staff sent letters to affected property owners advising the City's intent to assess their property and the scheduled Public Hearing on July 27, 2026. Notice of the hearing was also published in the paper once a week for two weeks, with the first publication occurring at least 14 days before the public hearing, and with at least 5 days in between the two publications, pursuant to Health and Safety Code sections 5473 et. seq. and Government Code 6066.

Of the accounts on the property tax assessment list, all but two are commercial accounts. The largest two accounts on the assessment list are restaurant and retail store. The amounts for the residential accounts represent final balances not paid before the property rolled to the assessor tax roll.

Upon confirmation by the City Council, City staff will send the final assessment list to a consultant to verify addresses and then send the information to the assessor's office to be placed on the Alameda County tax roll.

The number of accounts and balances on the assessment list may decrease after publication of this report since account holders and property owners may settle their account up until the July 27, 2026 Public Hearing. This payment cutoff date is necessary in order for the assessments to be included in the 2026-2027 County Tax Assessor's billing.

Staff recommends the City Council consider protests, adopt a resolution overruling protests, and direct staff to forward a finalized copy of the assessment list to the County Tax Assessor.

FISCAL AND ADMINISTRATIVE IMPACTS

The total assessment list is approximately $6,180. Collection of these delinquent balances would avoid bad debt expense in this amount to be charged to the sewer enterprise fund. Consultant expense of $500 will be incurred to place the delinquent sewer lien charges on the County's property tax roll.

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION CONSIDERING AND OVERRULING PROTESTS AND OBJECTIONS AND AUTHORIZING DELINQUENT SEWER CHARGES TO BE PLACED ON THE PROPERTY TAX ROLL PURSUANT TO THE HEALTH AND SAFETY CODE

California Health and Safety Code Sections 5473.1, 5473.2 and 5473.3, require a hearing to be held regarding protests and objections to the adoption of the written report containing a description of each parcel of real property within the City to which the delinquent charges are applicable, and the amount of the delinquent charges for each identified parcel ("Report").

The City initiated collection procedures for delinquent payments and penalties for sewer service and use charges as authorized by Livermore Municipal Code sections 13.36.180, 13.36.210, and the Health and Safety Code 5473 et seq.,. Collection procedures included mailing letters giving notice to the property owners not less than 10 days before the public hearing.

On July 27, 2026, the City Council held a public hearing to hear all objections or protests by property owners described in the Report and to be assessed for delinquent amounts, identified in the attached Exhibit A, for unpaid account balances. All persons desiring to be heard and all oral and written protests and objections, if any, were fully heard. The City Council gave all persons an opportunity to be heard with respect to the adoption of the Report and placing of the delinquent charges on the tax rolls for fiscal year 2026-2027.

The City Clerk of the City of Livermore has, within the time required by law, posted the assessment list in the same locations as the agenda for the City Council's meeting on July 27, 2026, with the time shown when said list has been submitted to the City Council for confirmation. Notice of the hearing was published in the paper once a week for two weeks, with the first publication occurring at least 14 days before the public hearing, and with at least 5 days in between the two publications, pursuant to Health and Safety Code sections 5473 et. seq. and Government Code 6066. On July 9, 2026, city staff sent letters to affected property owners advising of the City's intent to assess their property and the scheduled Public Hearing on July 27, 2026.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore, as follows: :

1. The above recitals are true and correct.

2. Each and all objections and protests, if any, have been overruled and denied by motion of the City Council.

3. The delinquencies and penalties listed in the Report that is attached as Exhibit A, and is incorporated by this reference, are hereby confirmed by the City Council as submitted.
4. The City Clerk is hereby directed to file with the County of Alameda, a copy of the Report together with a statement endorsed on the report and signed by the City Clerk, that the report has been fully adopted. The City Clerk is further directed to file any other documents which are necessary to effectuate the placement of the charges on the tax rolls.

5. The outstanding amounts of overdue sewer service and use charges with the City of Livermore shall become an assessment on the property for unpaid account balances and placed on the County tax roll.

6. This Resolution shall become immediately effective upon adoption.

7. The City Manager is authorized to take whatever actions are necessary and appropriate to carry out the purpose and intent of this Resolution.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

CITY COUNCIL STAFF REPORT **ITEM NO. 7.2**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Kristen Hilton, Acting Administrative Services Director

SUBJECT: Hearing to adopt FY 2026-27 Sewer Service and Use Charges Report and authorize Residential Charges to be collected in the same manner, by the same persons, and at the same time as, together with and not separately from, the City's General Taxes.

RECOMMENDED ACTION

Staff recommends that the City Council hold a public hearing to consider all objections or protests, if any, to the written report describing each parcel of real property receiving wastewater services and the amount of the service charge for each parcel, adopt a resolution approving the residential Sewer Service and Use Charges report, and authorize collection of report amounts on the property tax roll by the Alameda County Tax Assessor.

SUMMARY

In accordance with CA Health & Safety Code section 5470 et seq., City Council must adopt a resolution authorizing collection of residential sewer service charges on the property tax roll after the public hearing for the City Council to hear and consider all objections or protests, if any, to the report referred to in the hearing notice pursuant to Health & Safety Code section 5473.2. If the City Council finds that protest is made by the owners of a majority of separate parcels of property described in the report, then the report shall not be adopted and the charges shall be collected separately from the tax roll and shall not constitute a lien against any parcel or parcels of land.

Upon conclusion of the hearing, the City Council may adopt, revise, change, reduce, or modify any charge or overrule any or all objections and shall make its determination upon each charge as described in the written report, which determination shall be final. As provided in Livermore Municipal Code section 13.36.180, the City's Administrative Services Director filed a report with the City Clerk on July 10, 2026, that is available for review by the public. This report contained descriptions of each parcel of real property receiving sewer services and the amount of the sewer service and use charge for each parcel.

DISCUSSION

Sewer revenues are generated for the collection, treatment, and disposal of wastewater. The City of Livermore Sewer Enterprise serves all residential and business customers within the city limits. In

accordance with Health and Safety Code Section 5473, the City has been collecting the residential sewer service charges on the property tax roll since 1968.

The City follows the annual process described in Health and Safety Code Section 5473 and Livermore Municipal Code 13.36.180 by filing a report with the City Clerk. The report contains a description of each parcel of real property in the residential classification receiving sewer service and the amount of the sewer service charge for each parcel for the forthcoming fiscal year. The FY 2026-27 rates incorporated in this report were adopted by a unanimous vote of the City Council on June 9, 2025, with Resolution 2025-092. Per this report, the total FY 2026-27 residential sewer charges to be collected on the property tax roll are $28,092,106.68.

Notice of the hearing was published in the paper once a week for two weeks, with the first publication occurring at least 14 days before the public hearing, and with at least 5 days in between the two publications, pursuant to Health and Safety Code sections 5473 et. seq. and Government Code 6066.

Staff recommends the City Council consider oral and written protests, adopt a resolution overruling protests, approving the residential sewer charges report and authorizing the sewer service charges to be collected on the tax roll.

FISCAL AND ADMINISTRATIVE IMPACTS

Alameda County collection costs are charged to the Water Resources operating budget. The County charge is 1.7% of the amount collected on the roll, for an estimated FY 2026-27 amount of $477,565.81.

Fiscal Review by:

Kristen Hilton
Acting Administrative Services Director

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION ADOPTING THE SEWER SERVICE AND USE CHARGES REPORT FOR FISCAL YEAR 2026-2027 AND AUTHORIZING RESIDENTIAL CHARGES TO BE COLLECTED IN THE SAME MANNER TOGETHER WITH, AND NOT SEPARATELY FROM, THE CITY'S GENERAL TAXES

On June 9, 2025, the City Council of the City of Livermore passed Resolution 2025-092, which established and levied sewer service charges upon each premises or any portion thereof that receives or uses sewerage service from the City's sewerage facilities.

The sewer service charges were adopted in compliance with Article XIIID, Section 6 of the California Constitution, Government Code section 53750 et seq., and Health and Safety Code section 5471.

The City would like to continue collecting the sewer service charges for residential customers on the tax roll pursuant to Health and Safety Code section 5473 et seq.

On July 10, 2026, the City's Administrative Services Director filed with the City Clerk a report containing descriptions of each and every parcel of residential real estate receiving sewer services and the amount of the sewer service charge for each parcel ("Report"), as required by section 13.36.180 of the Livermore Municipal Code and section 5473 of the California Health and Safety Code. A copy of the Report is attached to this resolution as Exhibit A.

On July 27, 2026, the City Council held a public hearing to hear all objections or protests by property owners on whether to adopt the Report and authorize the sewer service charges to be collected on the tax roll.

The City Clerk of the City of Livermore has, within the time required by law, made the Report available to the public. Notice of the hearing was published in the paper once a week for two weeks, with the first publication occurring at least 14 days before the public hearing, and with at least 5 days in between the two publications, pursuant to Health and Safety Code sections 5473 et. seq. and Government Code 6066.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore, that:

1. The recitals set forth above are true and correct and are incorporated herein by this reference as if fully set forth in their entirety.

2. The City Council finds and determines that notice of the filing of the Report and of the time and place of the hearing thereon was provided in accordance with Health and Safety Code Sections 5473.1.
3. After hearing and considering all objections or protests to the Report, if any, the City Council finds that protest was not made by a majority of the owners of the separate parcels of property described in the Report, that any and all objections received are overruled, and that it hereby adopts the Report.
4. The sewer service charges listed in the Report shall be collected on the tax roll in the same manner, by the same persons, and at the same time as, together with and not separately from the general taxes for Fiscal Year 2026-27. The Report is attached as Exhibit A.
5. The County Controller of the County of Alameda is hereby authorized to collect the sewer service charges listed in the Report on the tax roll.
6. This resolution shall take effect immediately.
7. The City Manager is authorized to take whatever actions are necessary and appropriate to carry out the purpose and intent of this Resolution.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

LIVERMORE
CALIFORNIA

CITY COUNCIL STAFF REPORT **ITEM NO. 7.3**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Brent Smith, Community Development Director

SUBJECT: Hearing to consider resolutions to certify the General Plan Environmental Impact Report and approve Livermore General Plan 2045 establishing a long-term vision, goals, policies, implementation actions and land use designations to guide future decision-making related to growth, development, and resource conservation through 2045, and introduce an ordinance and waive the first reading to adopt conforming Zoning Map Amendments ensuring consistency with the General Plan Land Use Map.

RECOMMENDED ACTION

Planning Commission and Staff recommend the City Council:

- Adopt a resolution certifying the General Plan 2045 Final Environmental Impact Report (EIR);
- Adopt a resolution approving Livermore General Plan 2045, subject to the revisions identified in the Errata Sheet dated July 7, 2026 (GPA 21-003);
- Introduce an Ordinance and waive the first reading adopting conforming amendments to the Livermore Zoning Map (ZMA 26-001); and
- Adopt a resolution retaining Existing General Plan Scenic Corridor Policies under separate cover until new Scenic Resources standards are considered and adopted at a future date to be determined (POL 26-002).

SUMMARY

The Livermore General Plan 2045 (General Plan) establishes a long-term vision, goals, policies, and implementation actions to guide decision-making over the next 20 years. Developed through an extensive public engagement process from 2021 to 2026, the General Plan addresses State-required and locally significant topics such as land use, housing, mobility, infrastructure, and economic development. The General Plan builds on longstanding priorities such as open space, Downtown and South Livermore vitality, and multimodal transportation, while introducing new emphasis on climate resilience, environmental justice, and healthy communities.

In May 2026, the City Council reviewed the Draft General Plan, approved revisions recommended by the Planning Commission, and directed Staff to proceed with adoption with additional minor revisions. Since

that time, Staff prepared minor amendments to the Land Use Map and policy language to provide greater clarity and respond to needs of property owners. The proposed General Plan is supported by a Final Environmental Impact Report (EIR) and is intended to provide a balanced decision-making framework while accommodating State-mandated housing requirements, managing community resources, and advancing Livermore's long-term vision. The General Plan and Final EIR are available at www.ImagineLivermore2045.org. Planning Commission and Staff recommend Council certify the General Plan EIR, adopt the General Plan with the proposed revisions, and amend the Livermore Zoning Map for consistency.

DISCUSSION

GENERAL PLAN 2045 OVERVIEW

The General Plan includes a vision, description of key community issues, goals, and policies that guide how the City will address those issues and is supported by maps and diagrams. The General Plan covers all State-required topics and additional locally important themes identified by the community. The document also includes an Implementation Plan, which identifies specific actions the City can take to prioritize work programs, allocate resources, and ensure decisions are aligned with the community's long-term vision. Together the General Plan's, goals, policies, and actions provide guidance and manage resources over the next 20 years.

COUNCIL DIRECTION ON DRAFT GENERAL PLAN 2045

On May 11, 2026, the City Council received a presentation on the Draft General Plan 2045, including a summary of the community feedback and General Plan Advisory Committee (GPAC) and Planning Commission recommendations. For a summary, please refer to the May 11, 2026, City Council Staff Report, Attachment 1. The City Council directed Staff to incorporate the Planning Commission recommended revisions in addition to additional Council edits, into General Plan 2045, which are summarized in Attachment 12 (Exhibit C - General Plan Errata Sheet).

RECOMMENDED GENERAL PLAN ADJUSTMENTS

Planning Commission and Staff recommend additional updates to the General Plan to improve clarity, support future development, and better align land use designations with existing conditions, which are also included in Attachment 12 (Exhibit C - General Plan Errata Sheet).

Midtown: The Planning Commission recommends redesignating approximately 40 acres owned by McGrath RentCorp to Service Commercial to support ongoing business operations while preserving flexibility for future redevelopment consistent with Council direction. In addition, the Commission recommends adding a new General Plan policy clarifying that existing zoning will remain in effect until a Midtown Specific Plan is adopted, reducing uncertainty for property owners and the real estate community. Finally, Staff will present a proposed amendment to the existing Development Agreement with McGrath RentCorp as a separate item for City Council consideration, which offers the property owner certainty, flexibility, and continuity of operations.

Las Colinas/Adventus: The Planning Commission recommends revising the land use designations to include a combination of Medium Density Residential (MDR2/MDR3) floating designation and a High Density Residential (HDR1) designation. These designations would provide greater flexibility for housing

types, improve compatibility with surrounding development, and create additional opportunities for affordable housing. The General Plan requires a future Neighborhood Plan to establish the site's layout, building design, circulation, and inform appropriate transitions and neighborhood compatibility. A proposed Development Agreement will be presented separately for City Council consideration.

305 South Vasco Road and 5958 Brisa Street: The Planning Commission recommends changing the land use designation for an approximately 3.6-acre vacant site from Neighborhood Commercial to General Industrial. Because the property is surrounded by industrial uses and is restricted from residential development through existing agreements, the redesignation would better support employment-generating uses and improve compatibility with adjacent properties.

Camden Commons/Cole Commons: The Planning Commission recommends correcting a mapping error by changing the land use designation for the existing townhome development from Neighborhood Mixed-Use High Density to Medium Density Residential 3 (MDR3). This correction aligns the General Plan with the site's existing residential use.

CONFORMING AMENDMENTS TO LIVERMORE ZONING MAP

Planning Commission recommends conforming amendments to the Zoning Map to maintain consistency between the City's Zoning Map and the General Plan upon its adoption, as required by State law. The proposed amendments are based on the Draft General Plan Land Use Map authorized by the City Council in February 2025, which included updated land use categories, property owner requests, and Staff-recommended adjustments to better align land use designations with existing uses. In addition, the proposed Zoning Map amendments incorporate the land use map refinements described above and identified in the Errata Sheet (Midtown, Las Colinas, and 305 Vasco Road Areas). Attachment 15 (Exhibit B - Proposed Zoning Map) illustrates the proposed Zoning Map, and Attachment 3 (Proposed Change Areas) identifies the areas where zoning alignments are proposed.

SCENIC RESOURCES IMPLEMENTATION

General Plan 2045 includes policies that support the protection of scenic resources while balancing community and economic development objectives. During the General Plan update process, the City Council directed that the General Plan retain high-level policy statements and that implementing regulations be removed from the General Plan and incorporated into the appropriate planning documents such as the Livermore Development Code. The Scenic Resources Policies and Actions identify future amendments to the Development Code to establish scenic overlay districts and implementing regulations. Until such time as a Scenic Overlay or other implementing regulations are adopted, Planning Commission recommends maintaining the existing Scenic Corridor Policies as a separate document (Attachment 18: Exhibit B - Scenic Resources Policy).

FINAL ENVIRONMENTAL IMPACT REPORT

As required by the California Environmental Quality Act (CEQA), Staff have prepared a Final Environmental Impact Report (Final EIR) (Attachment 6: Exhibit B - Link to General Plan 2045 Final EIR) for General Plan 2045, in response to public and agency comments received on the Draft EIR.

On March 3, 2026, the City issued a Notice of Availability and circulated the Draft EIR for public review and comment. The Draft EIR was distributed to local, regional, and State agencies, as well as interested

parties, published in a newspaper of general circulation, and made available for review on the General Plan 2045 website at www.ImagineLivermore2045.org. On March 17, 2026, the Planning Commission held a public hearing to receive comments on the Draft EIR. Written comments were accepted throughout the 53-day public review period, which concluded on April 24, 2026.

In addition to oral comments received at the public hearing, the City received 13 comment letters during the public review period, including 4 from government agencies and 9 from members of the public. The Final EIR includes revisions to the Draft EIR and responses to all comments received. To address recurring issues, the Final EIR includes master responses on (1) Standards for Responses and Focus of Review and (2) Population Growth. The Standards for Responses and Focus of Review master response explains that CEQA requires responses to comments on environmental issues but does not require responses to comments on the merits of the project. The Population Growth master response clarifies that the population assumptions used in the Draft EIR are not growth targets or forecasts, but rather a conservative buildout scenario based on the amount of growth the City must plan for under State law and regional planning requirements.

Chapter 3 of the Final EIR includes revisions to the Draft EIR that consist primarily of clarifications, corrections, and updated information, including:

- Revisions to tribal cultural resources mitigation measures
- Clarifications to proposed General Plan policies and the Land Use Map
- Updated references for regional planning documents
- Updated school enrollment and capacity information from the Livermore Valley Joint Unified School District
- Addition of transportation regulations
- Correction of a typographical error in the projected water demand table
- Clarification of projected buildout under the proposed project and Alternative A

Under CEQA Guidelines Section 15088.5, recirculation is required only when a Draft EIR contains “significant new information,” such as a new significant impact, a substantial increase in the severity of an impact, a feasible but unadopted alternative or mitigation measure that would clearly reduce impacts, or when the Draft EIR is so inadequate that meaningful public review is precluded. The revisions included in the Final EIR do not meet these thresholds, and recirculation is not required.

The EIR identifies significant and unavoidable impacts related to Agricultural Resources, Air Quality, Greenhouse Gas Emissions, Mineral Resources, and Noise that cannot be mitigated to a less-than-significant level. Accordingly, certification of the EIR includes adoption of a Statement of Overriding Considerations (Attachment 7). The Statement of Overriding Considerations concludes that the benefits of General Plan 2045 outweigh these unavoidable environmental impacts. Key benefits include extending the City's planning horizon and updating policies to meet State requirements; supporting infill development to accommodate future housing needs and economic growth; protecting resources while providing adequate infrastructure and public services; promoting long-term fiscal sustainability through efficient development patterns; and fostering a diverse and resilient local economy.

Finally, the Final EIR includes a Mitigation Monitoring and Reporting Program to identify the timing and responsible party for each mitigation measure in the EIR (Attachment 8).

IMPLEMENTATION AND FUTURE WORK PROGRAMS

Following the adoption of the General Plan 2045 Update, Staff anticipates bringing forward the following implementation work programs for City Council review and consideration:

- Livermore Development Code Conforming Amendments: update purpose statements, permitted uses, and nonresidential development standards in conventional Zoning Districts in alignment with new General Plan policy
- Scenic Resources Overlay District: create associated development standards to protect scenic resources in balance with other city objectives and new General Plan policies
- Business Ready Initiative: support business attraction, retention, and growth through improved permitting and fee processes and strategic partnerships
- Vasco Row District Plan, Downtown and South Livermore Valley Specific Plan Updates: expand economic development opportunities, support local businesses, increase visitation, and encourage investment
- Missing Middle Housing Standards and Incentives: broaden housing options while maintaining neighborhood compatibility
- Active Transportation Plan and Standard Details Updates: codify bicycle and pedestrian facility design standards among other ATP updates
- Noise Ordinance: revisions to update, improve clarity and implementation
- Development Impact Fees Update: respond to infrastructure needs identified in General Plan 2045

Staff anticipate commencing these implementation initiatives in late 2026 and early 2027, pending City Council direction.

PLANNING COMMISSION

On July 7, 2026, the Planning Commission held a duly noticed public hearing to consider Livermore General Plan 2045, General Plan Environmental Impact Report, Zoning Map Amendments and Scenic Resources Polices, public testimony, and required findings (Commission meeting minutes are Attachment 2). There were no public comments received at the hearing on this item. The Planning Commission adopted resolutions recommending that the City Council certify the Environmental Impact Report in accordance with CEQA, adopt Livermore General Plan 2045, adopt an ordinance amending the Zoning District Map, and adopt Scenic Resources Policies document under separate cover.

FISCAL AND ADMINISTRATIVE IMPACTS

The General Plan Update was an approximate 5-year work program that required Staff involvement from across the organization at all levels, including time spent administering the consultant agreement, reviewing documents, conducting research and analysis, and supporting community outreach. The General Plan Update consultant contract began on July 1, 2021, and supported this multi-year effort at a total consultant cost of approximately $3 million. The contract term remains effective through March 2027. Following adoption, Staff and the consultant team will work to provide an accessible online version of the General Plan, in addition to static PDF and paper copies located at City Hall.

The Draft General Plan envisions a 20-year buildout to the horizon year 2045. Based on the feasible development scenario prepared and analyzed by the project team, the General Plan 2045 is anticipated to provide sufficient resources (e.g. tax revenue and impact fees) to cover the cost of public services

under existing service standards.

CITY COUNCIL STAFF REPORT **ITEM NO. 8.1**

DATE: May 11, 2026

TO: Honorable Mayor and City Council

FROM: Brent Smith, Community Development Director

SUBJECT: Comprehensive General Plan Update – Draft General Plan 2045

RECOMMENDED ACTION

Staff recommends the City Council:

- Receive a presentation on the Draft General Plan 2045;
- Consider community, General Plan Advisory Committee (GPAC), and Planning Commission feedback on the Draft General Plan 2045; and
- Provide direction on any changes or revisions that should be incorporated into the Draft General Plan 2045.

SUMMARY

The Draft Livermore General Plan 2045 (Draft General Plan) updates the City's existing 2003 General Plan to reflect current community priorities, address key challenges, and guide decision-making over the next 20 years. Shaped by extensive public engagement from 2021 to 2026, the Draft General Plan establishes a comprehensive framework of goals, policies, and implementation actions across State-required and locally significant topics such as land use, housing, mobility, infrastructure, and economic development.

The Draft General Plan builds on long-standing priorities like preserving open space, supporting downtown and South Livermore vitality, and promoting multimodal transportation, while introducing new emphasis on climate resilience, environmental justice, and healthy communities. Supported by an Environmental Impact Report and ongoing public input, the Draft General Plan is intended to ensure consistent and balanced decision-making in alignment with Livermore's long-term vision, while addressing state-mandated requirements, such as planning for future housing growth.

The Draft General Plan is available at www.ImagineLivermore2045.org.

Staff recommends the City Council review the Draft General Plan and provide direction on revisions that should be incorporated into the Draft General Plan.

DISCUSSION

DRAFT GENERAL PLAN 2045 PROCESS

The Draft General Plan updates the 2003 General Plan to reflect community priorities, address key issues facing the City, support future decision-making, and improve overall organization and clarity. The Draft General Plan is shaped by input received through more than 50 community events (a combination of workshops, staff presentations, property owner meetings, pop-up events, and a communitywide survey), 36 General Plan Advisory Committee (GPAC) meetings, seven Planning Commission meetings, and eight City Council meetings from 2021 through 2026. The Draft General Plan is a culmination of community, GPAC, and Planning Commission feedback and, ultimately, City Council direction.

DRAFT GENERAL PLAN 2045 OVERVIEW

The Draft General Plan includes a Vision, description of key community issues, goals and policies that guide how the City will address those issues, and it is supported by maps and diagrams. The Draft General Plan covers all State-required topics and additional locally important themes identified by the community. The document also includes an Implementation Plan, which identifies specific actions the City can take to prioritize work programs, allocate resources, and ensure decisions are aligned with the community's long-term vision. Together, the Draft General Plan's goals, policies, and actions provide guidance to the City on how to direct change and manage resources over the next 20 years.

The Draft General Plan is made up of the following elements (an asterisk "*" indicates the element is State required):

- **Land Use*:** Determines the types and locations of future uses and development of land in Livermore and establishes policy guidance more broadly for land uses within the Sphere of Influence (SOI) and Planning Area.
- **Community Identity:** Provides information about the unique qualities of Livermore, including civic life and governance, social interactions, arts and culture, the natural setting, urban design, scenic resources and gateways, lighting and glare, cultural and historic resources, and establishes policy guidance to identify, protect, and enhance these systems and features.
- **Mobility (Circulation)*:** Establishes policy guidance for transportation systems and the movement of people and goods within the community, including roadway safety, public transit systems, bicycle and pedestrian facilities, parking facilities, air transportation, goods movement, emerging transportation technology, and identifies system improvements necessary to meet existing and projected needs.
- **Housing*:** Identifies housing needs for residents of all income levels and establishes an action program to meet those needs, including planning for and requiring new affordable housing, preserving existing affordable housing, ensuring equal opportunity to access housing, collaborating regionally to address housing needs, and supporting energy efficiency in existing and new homes. The Housing Element is updated on a separate schedule from the rest of the General Plan to meet the requirements of State housing laws. The current 2023-2031 Housing Element is available under separate cover on the City of Livermore's website and will not be modified as part of the General Plan 2045.
- **Infrastructure:** Establishes policy guidance to maintain adequate infrastructure service levels, including water facilities and delivery, wastewater collection and treatment, and stormwater

capture and management.
- **Community Services:** Establishes policy guidance to support adequate access to services such as schools, childcare, solid waste disposal, healthcare and healthy food, libraries, and programs intended to support aging adults.
- **Open Space and Conservation*:** Establishes policy guidance to conserve and protect open space and natural and agricultural resources, including park and recreation facilities in Livermore.
- **Noise*:** Quantifies current and projected noise levels from a variety of sources, explains impacts associated with noise, and establishes policies to inform land use decision-making to address current and foreseeable noise impacts.
- **Safety*:** Establishes law enforcement, emergency preparedness, and emergency response policies to ensure a safe community and protection from risks associated with the effects of seismic hazards, other geologic hazards, flooding, and wildland and urban fires.
- **Economic Development:** Establishes policy guidance to facilitate and maintain a balanced mix of economic activity and a variety of economic sectors throughout the community to support the fiscal vitality of Livermore.

The Draft General Plan carries forward important ideas and concepts in Livermore's current General Plan and other long-standing planning efforts:

- Maintaining and strengthening Downtown as the heart of the community
- Facilitating Infill Development consistent with the Urban Growth Boundary
- Protecting the natural environment and preservation of open space
- Promoting agricultural conservation and economic vitality of South Livermore
- Supporting bicycling, walking, and public transit as modes of travel

The Draft General Plan 2045 also introduces new approaches and areas of emphasis to General Plan topics and opportunities:

- *Climate Resilience and Sustainability* addresses climate change adaptation, greenhouse gas reduction, water conservation, and sustainable development through policies integrated throughout the Draft General Plan and denoted with an icon.
- *Environmental Justice* ensures all residents have access to services and safe and healthy places to live and play. Policies are woven into all elements of the Draft General Plan and denoted with an icon.
- *Economic Development* emphasizes Livermore’s diverse economy by strengthening existing businesses and facilitating the growth of an innovation, visitation, and craft economy.
- *Community Identity* celebrates Livermore's unique qualities shaped by science, agriculture, and arts.
- *Healthy Communities* addresses access to healthcare, healthy food, childcare, and services for aging adults.

COUNCIL POLICY DIRECTION

On April 28, 2025, the City Council directed that General Plan policy language should remain at a higher level of abstraction, and detailed strategies should be incorporated into the appropriate implementation documents (such as the Development Code). Following Council direction, staff prepared the complete set of draft goals and policies, which are published as part of the Draft General Plan 2045.

COMMUNITY FEEDBACK ON THE DRAFT GENERAL PLAN 2045

Following publication of the Draft General Plan on February 20, 2026, City staff have undertaken outreach efforts to inform the community and gather feedback, as summarized in Table 1. As of April 30, 2026, approximately 181 people have provided feedback on the Draft General Plan 2045. (Some have provided comments more than once). Attachment 1 provides a summary of community input received to date. Based on the open house, online tool, and written comments, some of the emerging themes from the community feedback on the Draft General Plan include:

- Maintain and protect retail and industrial uses.
- Protect open space and agricultural resources.
- Provide a variety of housing types affordable to different incomes.
- Plan for a multimodal transportation system.
- Projected population growth appears higher than expected.

GPAC FEEDBACK ON THE DRAFT GENERAL PLAN 2045

On April 1, 2026, the GPAC provided a range of comments and recommended adoption of the General Plan 2045. A summary of the GPAC meeting and feedback is included as Attachment 2. Some of the overarching themes that emerged from the GPAC's discussion included:

- Clarification that no new land uses are proposed for the east of Greenville future study area.
- Emphasized planning a future Midtown Specific Plan area that would not be dependent upon future Valley Link service.
- Expressed the importance of keeping the General Plan at a high level to maintain flexibility in responding to evolving needs and technologies.

- The General Plan highlights the importance of South Livermore and identifies policy direction and actions to implement the continued vitality of the visitor serving region.

PLANNING COMMISSION FEEDBACK ON THE DRAFT GENERAL PLAN 2045

On April 21, the Planning Commission reviewed the Draft General Plan and received a presentation from staff. The Commission received public comments related to population growth and preservation of the Urban Growth Boundary. The Commission did not see the need for major revisions to the documents and accepted staff's minor modifications:

- Add new statement to clarify that the Floor Area Ratios (FARs) in the Land Use Element represent maximum allowable intensities. (Planning Commission did not recommend adjusting the the FAR identified in the Draft General Plan).
- Add a new policy establishing an open space separation in the Doolan Canyon area, similar to existing policies for South Livermore Valley.
- Make minor land use map adjustments to reflect current conditions and support existing businesses, including maintaining a dual designation in the First Street Transition Area and restoring a General Industrial designation for the Las Positas/Contractor's Place area.

Further, the Commission recommended minor adjustments to mobility policies and suggested clarifying that any study of the East of Greenville area would not be required under any circumstance, that the City retains full discretion, and that neither the policies nor a future study would alter the Urban Growth Boundary (Attachment 3). Similarly, Attachment 3 also includes additional administrative edits staff recommends making to the Draft General Plan.

THE DRAFT GENERAL PLAN 2045 ENVIRONMENTAL IMPACT REPORT

As required by the California Environmental Quality Act (CEQA), the City has prepared a Draft Environmental Impact Report (EIR) to address the environmental effects associated with adoption and implementation of the Draft General Plan 2045. The public review period for the Draft EIR began on March 7, 2023, and will end at 5:00 pm on April 24, 2026. (The Draft EIR can be found at the Imagine Livermore 2045 project website). The Draft EIR discloses the environmental impacts expected to result from implementation of the General Plan 2045 including the effects of potential future maximum buildout.

On March 17, 2026, the Planning Commission held a public hearing on the Draft EIR to receive public comments. Public comments received pertained to population assumptions included in the Draft EIR, remarking that the projections anticipate more population growth than will actually occur. The population assumptions included in the Draft EIR are not a projection or a forecast. The General Plan identifies a density range for each developable residential parcel. Whether to build new housing and at what density to build within the permitted range is at the discretion of the property owner. The Draft EIR is required to evaluate maximum potential impacts. The population numbers identified reflect the population growth that could occur with the maximum possible development capacity, as identified in the General Plan to accommodate future state housing requirements. The Draft EIR plans for a maximum of 16,610 net new housing units by the horizon year 2045 which would house approximately 43,820 net new people based on Livermore's current average household size.

Livermore's state housing requirement (the Regional Housing Needs Assessment, or RHNA) for 2023-2031 is 4,570 housing units, distributed among four income categories that range from Very Low Income to Above Moderate Income. However, the Draft General Plan extends beyond the end of the 6th Housing Element cycle (2023-2031). Assuming continued 8-year housing allocation cycles, and that the General Plan's expected horizon year is 2045, the updated General Plan designates sufficient residential land to accommodate the future 7th cycle (January 2031 to January 2039) and possibly the 8th cycle (January 2039 to January 2047), depending on the RHNA housing allocation numbers required.

The scale of future RHNA housing allocations is unknown and difficult to predict. Housing requirement numbers are ultimately determined by the State and Association of Bay Area Governments (ABAG) based on statewide demographics. Hypothetically, if the 7th cycle of state Housing requirements is in the same proportion to the existing number of homes as the 6th cycle, it would call for approximately 5,100 new units. Similarly, if the 8th cycle continues that trend, it could be expected to call for an additional 5,900 new units. The combined total would be approximately 11,000 new units over the 7th and 8th cycles (2031 to 2047). This does not include any additional "buffer" for the two future housing requirement cycles. A buffer is necessary to ensure that if the sites listed in the housing opportunity sites inventory are developed without housing or are developed with less than the full amount of housing claimed in the inventory, there is remaining capacity to ensure an ongoing supply of sites for the full allocation during the eight years of the Housing Element cycle. The State recommends a buffer of least 15% to 30%.

If the City does not designate adequate residential sites to meet the future requirements as part of this Draft General Plan 2045, the next Housing Element, which must be adopted in January 2031, and could begin preparation in 2028 or 2029, the City may need to revisit the General Plan land use map and include a process to identify and change the designations on additional sites to accommodate more future housing.

The Draft EIR provides an analysis of future housing and population growth that aligns with future state housing requirements and reflects the residential capacity that would be available from the land use designations on the Draft General Plan land use map. The City of Livermore is obligated to plan for sufficient housing sites and have policies in place to support housing production, but ultimately market conditions and the decisions of private landowners and project applicants will determine the amount of housing that is built over the next 20 years. The population assumptions used for the Draft EIR are not a target or a forecast and do not commit the City to approving or constructing any specific project.

FISCAL IMPACT ANALYSIS

Assuming that actual population growth would likely be lower than the maximum zoning capacity and determined by market conditions and developer/property owner decisions, staff prepared the Fiscal Impact Analysis based on a feasible development scenario. The purpose of the Fiscal Analysis is to confirm that future growth will be fiscally sustainable, public services can be maintained, and to evaluate the fiscal health of the City through the horizon year 2045. (Attachment 4).

The fiscal analysis uses the City's budget documents and forecasting methods to assess how the General Plan 2045 may affect General Fund revenues and expenditures. It is based on a realistic development scenario informed by past growth trends, assuming less residential and non-residential development than the full theoretical buildout considered in the Draft EIR. The analysis estimates 7,500 net new housing units by 2045, consistent with trends under the current General Plan. During the 2003

General Plan cycle, the City planned for about 11,800 housing units but developed approximately 5,400, an overall buildout rate of about 46%. Rather than projecting actual revenues, the analysis evaluates the relative fiscal value of different land use types.

The fiscal analysis evaluates the value associated with different land use types; it does not forecast expected City revenues. Existing deficiencies in City services, depreciation of public facilities, and new infrastructure that may be required by new development are outside of the scope of the fiscal analysis. Overall, the fiscal analysis found that the assumed buildout of the General Plan 2045 is projected to generate annual General Fund revenues that exceed the costs of providing public services under existing service standards.

NEXT STEPS

Following this Council meeting, staff will revise the Draft General Plan 2045 based on Council direction and prepare the following steps to finalize the Draft General Plan 2045:

- July 2026: Planning Commission and City Council will hold public hearings to provide recommendations and consider adoption of the General Plan 2045 and conforming Livermore Development Code amendments and certification of the EIR.
- August 2026: Finalize and publish the adopted General Plan 2045 per Council direction.

FISCAL AND ADMINISTRATIVE IMPACTS

The Draft General Plan envisions a 20-year buildout to the horizon year 2045. Based on the feasible development scenario analyzed, the General Plan 2045 is anticipated to provide sufficient resources to cover the cost of public services under existing service standards. A detailed Fiscal Impact Analysis is provided in Attachment 4.

DRAFT MINUTES

LIVERMORE
CALIFORNIA

PLANNING COMMISSION
JULY 7, 2026

REGULAR MEETING

1. CALL TO ORDER – The regular meeting of the Planning Commission was called to order by Chairperson Tracy Kronzak at 7:00 pm, held in person at 1016 S. Livermore Avenue.

ROLL CALL – Present: Chairperson Tracy Kronzak, Vice Chairperson Charity Steele, Commissioner Jacob Anderson, Commissioner Yolanda Fintschenko, Commissioner Nadine Horner.

PLEDGE OF ALLEGIANCE

Chairperson Kronzak led the Pledge of Allegiance.

2. OPEN FORUM

Chairperson Kronzak opened the public comment period.

Greg Scott addressed the Commission regarding the inclusion of UC Berkley and UC Davis in the Land Grant Colleges; water crisis; and growth predictions in the General Plan update.

There were no more speakers, and the public comment period was closed.

3. CONSENT CALENDAR

ON THE MOTION OF COMMISSIONER ANDERSON, SECONDED BY COMMISSIONER FINTSCHENKO, AND CARRIED ON A 4-0 VOTE (WITH COMMISSIONER HORNER ABSTAINING), THE PLANNING COMMISSION APPROVED THE CONSENT CALENDAR ITEM 3.1:

3.1 Approval of the June 16, 2026 Planning Commission Draft Meeting Minutes

Chairperson Kronzak opened the public comment period.

There were no speakers, and the public comment period was closed.

4. PROJECT REVIEW - NONE

5. PUBLIC HEARINGS

5.1 Hearing to consider a resolution recommending certification of the General Plan Environmental Impact Report, approval of the Livermore General Plan 2045, and approval of conforming Zoning Map Amendments establishing a long-term vision, goals, policies, implementation actions and land use designations to guide future decision-making related to growth, development, and resource conservation through 2045.

Recommendation:
Staff recommend the Planning Commission adopt separate resolutions recommending the City Council:

- Certify the General Plan 2045 Final Environmental Impact Report (EIR)
- Adopt Livermore General Plan 2045, subject to the revisions identified in the Errata Sheet dated July 7, 2026 (GPA 21-003)
- Adopt an ordinance making conforming amendments to the Livermore Zoning Map (ZMA 26-001)
- Retain Existing General Plan Scenic Corridor Policy (under separate cover) until new Scenic Resources policies are considered at a future date (POL 26-002).

Andy Ross, Principal Planner, presented the staff report.

Chairperson Kronzak clarified the difference between a programmatic EIR and mitigation measures established in a project specific EIR; purpose of a neighborhood plan; and contemplated update for the Climate Action Plan.

Chairperson Kronzak opened the public comment period.

There were no speakers, and the public comment period was closed.

Commissioner Anderson commended staff for their work on the update; highlighted the theme of making housing changes while updating the framework to accommodate those changes, therefore establishing less than significant impacts; and expressed enthusiasm and appreciation.

Commissioner Horner echoed appreciation to staff and the community and noted that plans worked.

Commissioner Fintschenko echoed the gratitude expressed by the other Commissioners.

Vice Chair Steele thanked staff for the thorough review and clear presentation; and the community for its input.

Chairperson Kronzak expressed gratitude to staff and the community; and acknowledged the compassionate, visionary, adaptive and inclusionary outcome.

ON THE MOTION OF CHAIRPERSON KRONZAK, SECONDED BY COMMISSIONER ANDERSON AND CARRIED ON A 5-0 VOTE, THE PLANNING COMMISSION ADOPTED THE FOLLOWING RESOLUTIONS:

Resolution 11-26 Recommending that the City Council certify the Final Environmental Impact Report for the General Plan 2045 and Zoning Map Amendment and Adopt California Environmental Quality Act Findings, a Statement of Overriding Considerations, and a Mitigation Monitoring and Reporting Program.

Resolution 12-26 Recommending that the City Council approve Livermore General Plan 2045.

Resolution 13-26 Recommending that the City Council Adopt an Ordinance Approving Zoning Map Amendment 26-001 to conform with the General Plan 2045**.**

Resolution 14-26 Recommending approval of Policy Proposal (POL) 26-002 for the Scenic Resources Policy to implement the General Plan 2045 Community Identity Element.

5.2 Hearing to consider an ordinance authorizing Development Agreement 24-004 to establish a framework and secure vested rights for a future residential project on approximately 50 developable acres within a 122-acre property at 3658 Las Colinas Road (Assessor Parcel Number 902-8-1). The Development Agreement does not propose or authorize a specific development project or physical development, and future implementation actions would be subject to subsequent approvals.

Recommendation:
Staff recommend the Planning Commission adopt the following resolutions recommending the City Council:

1. Find that the Development Agreement is within the scope of the certified General Plan 2045 Environmental Impact Report (EIR) pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15183 and that the Agreement itself has no potential to cause a significant environmental effect and is therefore exempt under CEQA Guidelines Section 15061(b)(3). No additional environmental review is required;
2. Adopt an Ordinance authorizing Development Agreement (DA) 24-004.

Shannon Pagan, Senior Planner, presented the staff report.

Chairperson Kronzak opened the public comment period.

Paul Bongiovanni, Adventus, congratulated the City on the General Plan; thanked the Commission for its consideration of the Development Agreement; and explained the significant infill property, and proceeds from the sale as part of planned reorganization to the Diocese.

Chairperson Kronzak confirmed that the project would be covered by a future scenic overlay; and an Neighborhood Plan with Planned Development Zoning to ensure compatibility with the existing neighborhood.

Greg Scott expressed concern with destroying the last remaining scenic corridor and impacting sacred ground; the need to rebuild the Las Collinas overpass; and housing crisis.

William Vidalin, 3680 Las Colinas Road, expressed concern about the impact to their family ranch due to traffic; misaligned overpass; and need for two bridges.

Ian Vidalin, 3680 Las Colinas Road, expressed concern with encroachment and traffic with adjacent developments and the need for County officials to inspect the County parcel and conduct a rigorous traffic study; and provided copies of the property boundaries survey to the Planning Commission clerk.

Robert Downs, East Bay Residents for Responsible Development, representing the building trades organizations, referenced their July 6, 2026, letter; indicated support for the development; and requested inclusion of workforce standards in the Development Agreement.

There were no additional speakers, and the public comment period was closed.

Commissioner Anderson confirmed that neighborhood compatibility and technical studies would be considered during site plan and design review; that the Development Agreement was part of an exchange and would provide better connectivity for Springtown, trail completions, contributions to the Community Benefit Fund; and discussed the use of workforce labor.

Commissioner Horner thanked staff and Diocese; discussed the give and take in the agreement; desire for the Diocese to build the high school on an alternate site in Livermore; and belief that the future project would consider the concerns of community.

Commissioner Fintschenko thanked staff and the applicant; and discussed the neighbors' concerns. Senior Planner Pagan explained that, before any development could occur on the subject property, the parcel would first need to be sold, and a development proposal submitted by a future developer. The proposal would then be reviewed through the entitlement process, including preparation of a Neighborhood Plan with Planned Development zoning, subdivision mapping, and site plan design review. In addition, the necessary technical studies and site-specific environmental analysis would also be completed concurrently with these entitlement steps. Commissioner Fintschenko reviewed the requested actions before the Planning Commission and opportunities for community input.

Vice Chair Steele expressed appreciation for staff's presentation and acknowledged the public's concerns.

In response to Chairperson Kronzak, Senior Planner Pagan and Principal Planner Ross explained the requirements under CEQA to notify the Tribe and comments received; and the neighborhood notification and outreach process.

In response to Commissioner Fintschenko, Principal Planner Ross explained the use of Community Benefit Funds.

ON THE MOTION OF COMMISSIONER HORNER, SECONDED BY VICE CHAIRPERSON STEELE AND CARRIED ON A 5-0 VOTE, THE PLANNING COMMISSION ADOPTED THE FOLLOWING RESOLUTIONS:

Resolution 15-26 Recommending the City Council find that the Development Agreement 24-004 for the Adventus Las Colinas Road Property is within the scope of the General Plan 2045 Environmental Impact Report pursuant to CEQA Guidelines Section 15183 and Exempt under CEQA Guidelines Section 15061(B)(3).

Resolution 16-26 Recommending that the City Council Adopt an Ordinance Approving Development Agreement 24-004 for the Adventus Las Colinas Road Property.

RECESS
Chairperson Kronzak called a recess at 8:25 pm. The meeting was reconvened at 8:30 pm with all Commissioners present.

5.3 Hearing to consider a request for the first amendment to Development Agreement 08-002 ("Agreement") with McGrath RentCorp (DAA 26-002). The Agreement term would be extended 30 years to 2059, the Agreement boundary would be adjusted, and the Property Owner obligations would be modified to: 1) effectuate a commercial land transfer to a high-revenue commercial user; and 2) secure support for 2045 General Plan and Midtown Area planning objectives.

Recommendation:
Staff recommends the Planning Commission adopt the following resolutions recommending the City Council:

1. Find that the first amendment to Development Agreement 08-002 with McGrath RentCorp is exempt under CEQA; and
2. Adopt an Ordinance to approve the first amendment to Development Agreement 08-002 with McGrath RentCorp (DAA 26-002).

Jake Potter, Economic Development Manager, presented the staff report.

Mike Bray, McGrath RentCorp, discussed the existing property and use and requested amendment to allow continued operations.

Chairperson Kronzak opened the public comment period.

There were no speakers, and the public comment period was closed.

Commissioner Anderson suggested the proposed amendment is the best outcome considering the circumstances.

Commissioner Horner thanked the owners for coming and acknowledged that housing would be ideal but the business had been in operation for decades.

Commissioner Fintschenko thanked staff and the applicant and indicated the findings could be made.

Vice Chair Steele thanked the City and applicant for coming to the compromise and indicated support for the recommendations.

Chairperson Kronzak expressed appreciation and indicated the findings could be made.

ON THE MOTION OF COMMISSIONER HORNER, SECONDED BY COMMISSIONER FINTSCHENKO AND CARRIED ON A 5-0 VOTE, THE PLANNING COMMISSION ADOPTED THE FOLLOWING RESOLUTION:

Resolution 17-26 Recommending the City Council find that the First Amendment to Development Agreement 08-002 (DAA 26-002) with Mcgrath RentCorp is Exempt under CEQA Guidelines Sections 15301 And 15061(B)(3).

Resolution 18-26 Recommending that the City Council Adopt an Ordinance Approving the First Amendment to Development Agreement 08-002 (DAA 26-002) with McGrath RentCorp.

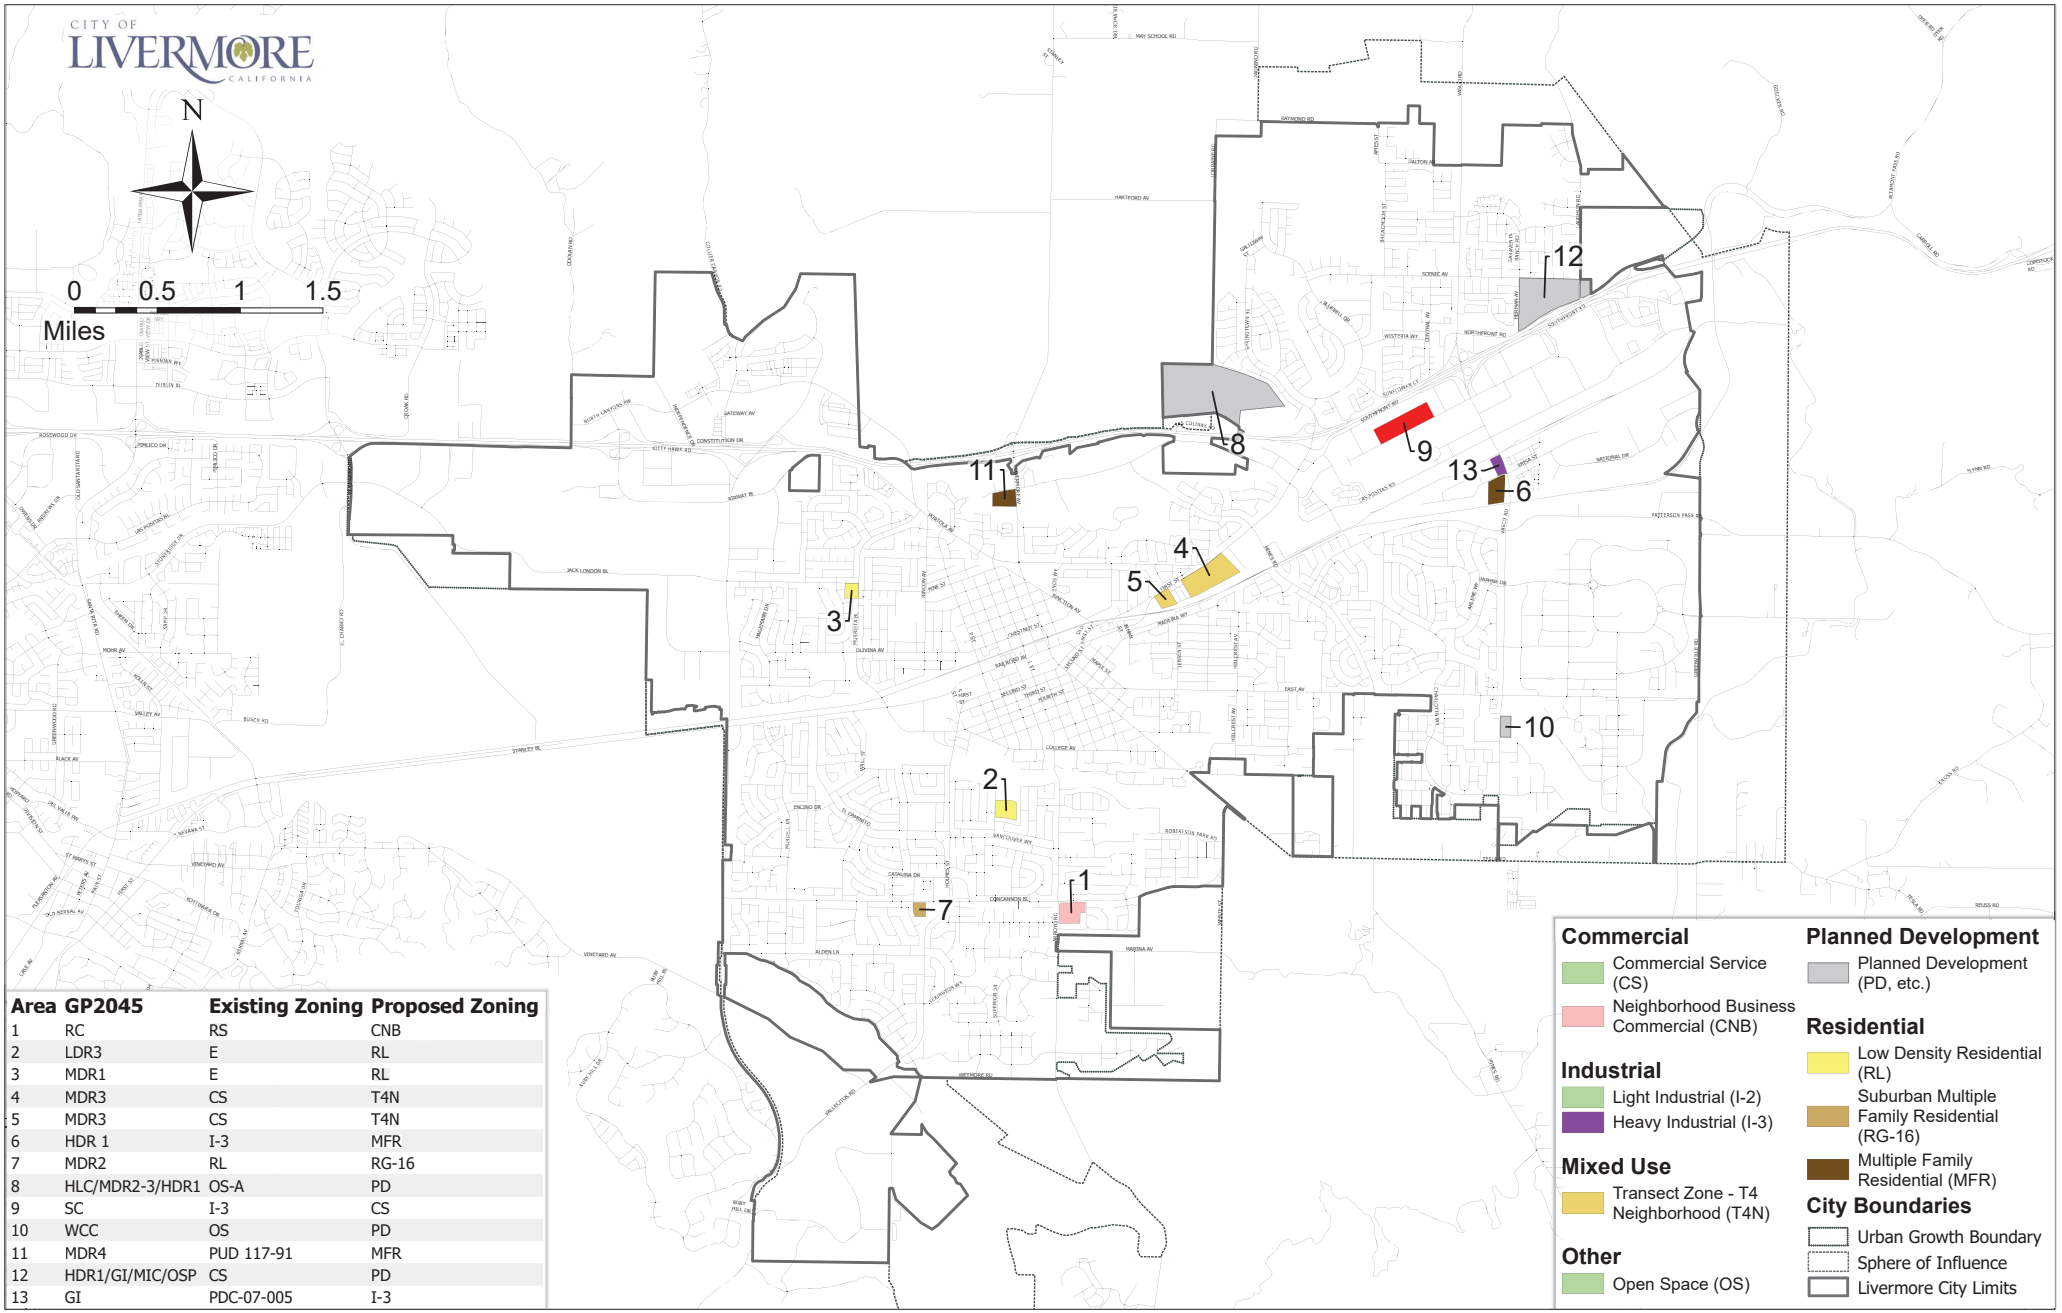

6. MATTERS FOR CONSIDERATION - NONE

7. MATTERS INITIATED BY PLANNING COMMISSION STAFF - NONE

8. ADJOURNMENT – at 8:47 pm to a Regular Planning Commission Meeting on Tuesday, July 21, 2026 at 7:00 pm, Civic Center Meeting Hall, City Council Chambers, 1016 S. Livermore Avenue.

Updated on June 22nd

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION CERTIFYING THE FINAL ENVIRONMENTAL IMPACT REPORT FOR THE GENERAL PLAN 2045 AND ZONING MAP AMENDMENT AND ADOPTING CALIFORNIA ENVIRONMENTAL QUALITY ACT FINDINGS, A STATEMENT OF OVERRIDING CONSIDERATIONS, AND A MITIGATION MONITORING AND REPORTING PROGRAM

The City of Livermore is considering adoption of the General Plan 2045, a comprehensive update to the City's 2003–2025 General Plan. General Plan 2045 revises long-range goals, policies, actions, and land use designations to reflect current conditions and community priorities, comply with State and regional requirements, and guide future decision-making through the year 2045 ("Project"). The Project addresses emerging issues such as climate resiliency, transportation technology, and State housing obligations, and includes all State-mandated elements along with elements tailored to Livermore's needs. The previously adopted 2023–2031 Housing Element remains a standalone document and is not part of the Project. The Project also includes a conforming Zoning Map amendment necessary to maintain consistency between the updated General Plan land use designations and the City's zoning ordinance.

The City determined that the Project is subject to the California Environmental Quality Act ("CEQA") and that an Environmental Impact Report ("EIR") is required. Given the long-term planning horizon and the interconnected nature of future planning and development actions under the Project, the EIR was prepared as a Program EIR pursuant to CEQA Guidelines section 15168.

On March 7, 2023, the City issued a Notice of Preparation pursuant to CEQA to obtain comments on the proposed scope of the EIR for the Project and provided for a 30-day review period through April 6, 2023.

On March 21, 2023, the Planning Commission held a public hearing to allow members of the public and other interested parties to comment on environmental issues early in the process. Comments received were considered and incorporated, as appropriate, into the Draft EIR.

On March 3, 2026, the Draft EIR (State Clearinghouse No. 2023030225) was published and made available for review by the public and interested parties, agencies, and organizations for a 53-day public comment period ending April 24, 2026.

On March 17, 2026, the Planning Commission held a duly noticed public hearing to consider the adequacy of the Draft EIR at which time oral and written comments were presented to the Planning Commission. Members of the public and other interested parties were invited by formal public notice to testify on the adequacy of the Draft EIR at the public hearing.

On April 24, 2026, at 5:00 p.m. the public comment period on the Draft EIR was closed. The City received thirteen written comment letters and six oral comments at the March 17, 2026, public hearing.

On June 26, 2026, the Final EIR was distributed consisting of copies of all written and oral comments, a list of commenters, all responses to oral and written comments and revisions to the Draft EIR in response to comments. A notice of the Final EIR availability and certification recommendation hearing date was published in a newspaper of general circulation.

On July 7, 2026, the Planning Commission held a public hearing to consider its recommendation to the City Council, and upon review and consideration of the information in the Final EIR and administrative record, adopted Resolution No. 11-26, attached hereto as Exhibit A, recommending that the City Council certify the Final EIR.

On July 27, 2026, the City Council held a duly noticed public hearing to consider the Project, Planning Commission and staff recommendations, all public comments and testimony, and findings.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore that prior to taking action on the Project, and at a properly noticed public hearing, the City Council reviewed written and oral staff reports, conducted a public hearing on the Project and took testimony, and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The City Council's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED that the City Council of the City of Livermore has considered the findings made in Planning Commission Resolution No. 11-26, attached hereto as Exhibit A, and hereby adopts the same findings by this reference and incorporates them as their own findings as part of this Resolution. Based upon the City Council's own independent review of the Record Evidence and considerations, the City Council hereby finds that the Final EIR has been completed in compliance with the intent and requirements of the California Environmental Quality Act, CEQA Guidelines, and the City's local CEQA requirements and has considered the information contained in the Final EIR and the record prior to taking any action on the Project, other related Project actions, or any of the alternatives. The City Council hereby certifies the Final EIR, attached hereto as Exhibit B, and approves and adopts the Findings, Facts in Support of Findings and Statement of Overriding Considerations Regarding the Environmental Impact Report, attached hereto as Exhibit C.

BE IT FURTHER RESOLVED that the City Council of the City of Livermore hereby adopts the Mitigation Monitoring and Reporting Program, attached hereto as Exhibit D, which is incorporated into the conditions of approval for the Project.

BE IT FURTHER RESOLVED that the City Council of the City of Livermore directs the Planning Manager to file a Notice of Determination with the Alameda County Clerk, if the Project is approved.

The documents that constitute the record of proceedings upon which this decision is based can be found in the City Clerk's Office, 1052 S. Livermore Avenue, in Livermore, California. This resolution shall be effective upon adoption by the City Council.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

IN THE PLANNING COMMISSION OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION RECOMMENDING THAT THE CITY COUNCIL CERTIFY THE FINAL ENVIRONMENTAL IMPACT REPORT FOR THE GENERAL PLAN 2045 AND ZONING MAP AMENDMENT AND ADOPT CALIFORNIA ENVIRONMENTAL QUALITY ACT FINDINGS, A STATEMENT OF OVERRIDING CONSIDERATIONS, AND A MITIGATION MONITORING AND REPORTING PROGRAM

The City of Livermore is considering adoption of the General Plan 2045, a comprehensive update to the City's 2003–2025 General Plan. General Plan 2045 revises long-range goals, policies, actions, and land use designations to reflect current conditions and community priorities, comply with State and regional requirements, and guide future decision-making through the year 2045 ("Project"). The Project addresses emerging issues such as climate resiliency, transportation technology, and State housing obligations, and includes all State-mandated elements along with elements tailored to Livermore's needs. The previously adopted 2023–2031 Housing Element remains a standalone document and is not part of the Project. The Project also includes a conforming Zoning Map amendment necessary to maintain consistency between the updated General Plan land use designations and the City's zoning ordinance.

The City determined that the Project is subject to the California Environmental Quality Act ("CEQA") (Public Resources Code section 21000 et seq.) and the CEQA Guidelines (Title 14, sections 15000 et seq. of the California Code of Regulations), and that an Environmental Impact Report ("EIR") is required. Given the long-term planning horizon and the interconnected nature of future planning and development actions under the Project, the EIR was prepared as a Program EIR pursuant to CEQA Guidelines section 15168.

On March 7, 2023, pursuant to CEQA section 21092 and CEQA Guidelines section 15082, the City issued a Notice of Preparation to obtain comments on the proposed scope of the EIR for the Project and provided for a 30-day review period through April 6, 2023.

On March 21, 2023, the Planning Commission held a public hearing to allow members of the public and other interested parties to comment on environmental issues early in the process. Comments received were considered and incorporated, as appropriate, into the Draft EIR.

On March 3, 2026, the Draft EIR (State Clearinghouse No. 2023030225) was published and made available for review by the public and interested parties, agencies, and organizations for a 53-day public comment period ending April 24, 2026.

On March 17, 2026, the Planning Commission held a duly noticed public hearing to consider the adequacy of the Draft EIR at which time oral and written comments were presented to the Planning Commission. Members of the public and other interested parties were invited by formal public notice to testify on the adequacy of the Draft EIR at the public hearing.

On April 24, 2026, at 5:00 p.m. the public comment period on the Draft EIR was closed. The City received thirteen written comment letters and six oral comments at the March 17, 2026, public hearing.

On June 26, 2026, the Final EIR was distributed consisting of copies of all written and oral comments, a list of commenters, all responses to oral and written comments, and revisions to the Draft EIR in response to comments. A notice of the Final EIR availability and certification recommendation hearing date was published in a newspaper of general circulation.

On July 7, 2026, the Planning Commission held a duly noticed public meeting to consider the Project and staff recommendations, all public comments and testimony, and findings.

NOW, THEREFORE, BE IT RESOLVED by the Planning Commission of the City of Livermore that prior to taking action on the Project, and at a properly noticed public meeting, the Planning Commission reviewed written and oral staff reports, the Final EIR (including all appendices), the Findings of Fact, and all other documents, reports, studies, memoranda, maps, oral and written testimony, and materials in the City's file for the Project, conducted a public hearing on the Project and took testimony, and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The Planning Commission's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED that the Planning Commission of the City of Livermore, based upon its own independent review of the Record Evidence and considerations, finds that the Final EIR has been completed in compliance with the intent and requirements of the CEQA Guidelines and the City's local CEQA requirements, and has considered the information contained in the Final EIR and the record prior to taking any action on the Project, other related Project actions, or any of the alternatives. The Planning Commission hereby recommends the City Council certify the Final EIR, attached hereto as Exhibit A, and approve and adopt the Findings, Facts in Support of Findings and Statement of Overriding Considerations Regarding the Environmental Impact Report, attached hereto as Exhibit B.

BE IT FURTHER RESOLVED that the Planning Commission of the City of Livermore hereby recommends the City Council adopt the Mitigation Monitoring and Reporting Program, attached hereto as Exhibit C, which is incorporated into the conditions of approval for the Project.

BE IT FURTHER RESOLVED that the Planning Commission of the City of Livermore recommends that the City Council direct the Planning Manager to file a Notice of Determination with the Alameda County Clerk, if the Project is approved.

The documents that constitute the record of proceedings upon which this decision is based can be found in the Community Development Department, 1052 S. Livermore Avenue, in Livermore, California.

On the motion by Chairperson Kronzak, seconded by Commissioner Anderson, the foregoing Resolution was passed and adopted at the Planning Commission meeting of July 7, 2026, by the following vote:

AYES: ANDERSON, FINTSCHENKO, HORNER, KRONZAK, STEELE.
NOES: NONE.
ABSENT: NONE.

Publish Date: June 26, 2026

FINDINGS, FACTS IN SUPPORT OF FINDINGS, AND STATEMENT OF OVERRIDING CONSIDERATIONS REGARDING THE ENVIRONMENTAL IMPACT REPORT FOR THE LIVERMORE GENERAL PLAN 2045 (SCH NO. 2023030225)

On behalf of the City of Livermore (City) and pursuant to the California Environmental Quality Act (CEQA; Pub. Res. Code Sections 21000 et seq.) and the CEQA Guidelines (Title 14, Chapter 3 of the California Code of Regulations), the City has prepared an Environmental Impact Report (EIR) for Livermore General Plan 2045 (the proposed Project). The City is the lead agency for the EIR.

Public Resources Code (PRC) Section 21002 provides that "public agencies should not approve projects as proposed if there are feasible alternatives or feasible mitigation measures available which would substantially lessen the significant environmental effects of such projects[.]" The same statute provides that the procedures required by CEQA "are intended to assist public agencies in systematically identifying both the significant effects of projects and the feasible alternatives or feasible mitigation measures which will avoid or substantially lessen such significant effects." Section 21002 goes on to provide that "in the event [that] specific economic, social, or other conditions make infeasible such project alternatives or such mitigation measures, individual projects may be approved in spite of one or more significant effects thereof."

CEQA Guidelines Section 15091(a) states that "no public agency shall approve or carry out a project for which an EIR has been certified which identifies one or more significant environmental effects of the project unless the public agency makes one or more written findings for each of those significant effects, accompanied by a brief explanation of the rationale for each finding." The possible findings are:

1) Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect as identified in the final EIR.
2) Such changes or alterations are within the responsibility and jurisdiction of another public agency and not the agency making the finding. Such changes have been adopted by such other agency or can and should be adopted by such other agency.
3) Specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make infeasible the mitigation measures or project alternatives identified in the final EIR.

To support its certification of the EIR and approval of the proposed Project, the City Council of the City of Livermore makes the following findings of fact and statement of overriding considerations (collectively, the Findings). These Findings contain the City Council's written analysis and conclusion regarding the Project's environmental effects, mitigation measures, alternatives to the proposed Project, and the overriding considerations which, in the City Council's view, justify the approval of the proposed Project despite its potential environmental effects. These Findings are based upon the entire record of proceedings for the EIR, as described below.

A. ENVIRONMENTAL REVIEW PROCESS

On March 7, 2023, the City issued a Notice of Preparation pursuant to CEQA to obtain comments on the proposed scope of the EIR for the proposed Project. The City released the Draft EIR on March 3, 2026, for a 53-day public comment period. The City made the Draft EIR available to the Planning Commission; City Council; State Clearinghouse; State, regional, and local agencies and special districts; and interested groups and individuals. On March 17, 2026, the Planning Commission conducted a public hearing on the Draft EIR. Members of the public and other interested parties were invited by formal public notice to provide comments on the scope and content of the Draft EIR at the public hearing. On April 24, 2026, at 5:00 p.m., the 53-day public comment period on the Draft EIR closed. There were 19 written and oral comments received during the public comment period.

The City released the Final EIR for public review on June 26, 2026. The Final EIR consists of copies of all written or oral comments received on the Draft EIR, a list of commenters, all responses to written and oral comments, and proposed revisions to the Draft EIR. Section 21081.6 of CEQA requires lead agencies to adopt a mitigation monitoring or reporting program (MMRP) for any project for which it has made mitigation findings pursuant to Section 21081. The City has prepared an MMRP for the Project, which has been made available to the public with the FEIR. The EIR that is the subject of these Findings and presented for City Council certification consists of the DEIR, the FEIR, and the MMRP.

B. PROJECT DESCRIPTION

Chapter 2, *Project Description*, of the Draft EIR, includes a detailed description of the proposed Project. Since publication of the Draft General Plan and Draft EIR, the Planning Commission and City Council have held several public hearings and provided direction to revise certain proposed General Plan policies and actions. These revisions clarify and refine the Draft General Plan, including minor typographical corrections, and do not result in any new or substantially more severe environmental impacts than those analyzed in the Draft EIR, nor do they change the conclusions of the environmental analysis. These minor modifications include the following:

Land Use Element

- **Floor Area Ratio:** Add new statement to clarify that the Floor Area Ratios (FARs) in the Land Use Element represent maximum allowable intensities.
- **Doolan Canyon Open Space**: Add a new policy establishing an open space separation in the Doolan Canyon area, similar to existing policies for South Livermore Valley.
- **East of Greenville:** Clarification in Policy LU-18.1 that any future study of the East of Greenville area would be at the City's discretion and is not required by General Plan policy.
- **Midtown Zoning:** Clarification that the zoning districts in effect at the time of adoption shall remain in place until a Midtown Specific Plan is adopted.
- **Los Positas/Contractor's Place**: Make minor Land Use Map adjustments to reflect current conditions and support existing businesses, including maintaining a dual designation in the First Street Transition Area and restoring a General Industrial designation for the Las Positas/Contractor's Place area.

- **First Street Transition Area** (Southwestern corner): Make minor Land Use Map adjustment to maintain as a dual Medium Density Residential 3 (MDR3)/Service Commercial (SC) designation.
- **Midtown Specific Plan:** Make minor Land Use Map adjustment to designate an approximately 37-acres of the Midtown area as Service Commercial (SC) to provide clarity on permitted uses and support continued service-oriented and industrial operations, while allowing the property owner to pursue new uses consistent with the SC designation.
- **Vasco Road at Brisa:** Update the Neighborhood Commercial designation to General Industrial, consistent with surrounding uses.
- **Los Colinas:** Refine the Land Use Map to convert the floating MDR-3 designation to a dual MDR-2/MDR-3 floating designation and apply an HDR-1 designation to the southern portion of the site, allowing greater flexibility in housing types, improved compatibility with surrounding development, and opportunities for deeper affordability.

Minor Revisions to Goals, Policies, and Programs

- **Revised Goals and Policies:** Minor adjustments to policies and implementation programs in Mobility, Community Identity, Infrastructure and Safety Elements.

The boundary for the city limit encloses the incorporated territory where the City currently has jurisdictional authority. All land outside of the city limit is part of unincorporated Alameda County and is under the County's jurisdiction. The city limit covers approximately 17,000 acres (about 27 square miles). The urban growth boundary (UGB) is intended to preserve open space and agricultural land outside the UGB. The UGB covers approximately 16,600 acres (about 26 square miles)[1] and was established through two initiatives. The South Livermore Urban Growth Boundary Initiative, passed by local voters in March 2000, established the UGB around the southern edge of the city. The North Livermore Urban Growth Boundary Initiative, passed by City Council in December 2002, completed the UGB around the northern edge of the city. While both UGBs share goals of preserving agriculture and open space and preventing urbanization, the policies regarding development beyond each UGB and changes to each UGB are different.

The Livermore Sphere of Influence (SOI) is the area outside of the city limit designated by the Alameda Local Agency Formation Commission (LAFCO) to indicate land that has the potential to be annexed into the city. The Planning Area encompasses land in Alameda County surrounding the city extending up to four miles beyond the city limit to the north and south. The EIR Study Area includes all land within the city limit, UGB, and SOI. The EIR Study Area does not include the land outside the SOI but within the Planning Area.

The proposed Project updates the current 2003-2025 General Plan goals, policies, and actions, and makes changes to land use designations to reflect current conditions, issues, resources, and community perspectives. For example, changes are needed to address the evolving state of the city and region and to address State housing needs and cover issues such as climate change resiliency and emerging transportation technologies. The proposed update also incorporates regional forecasts for 2045 that extend the planning horizon by approximately 20 years from the current 2025 horizon. The proposed General Plan 2045 includes an introduction, overview of Livermore, nine

[1] The UGB is slightly smaller than the City Limit primarily because the rural residential and vineyard area along Vallecitos Road, Vineyard Avenue, and Kalthoff Common is within the City Limit but outside of the South Livermore UGB.

separate chapters that identify the goals and policies for each given topic, an implementation plan that identifies the actions that help achieve the goals and policies, a glossary, and appendices. Each chapter of the proposed General Plan 2045 contains background information and a series of goals supported by policies and actions.

The proposed General Plan 2045 Land Use Map shows the land use designations that establish the uses, density ranges, and development intensities allowed on each parcel of land. Horizon year (2045) buildout assumptions in the EIR Study Area include 49,640 total housing units, 131,750 total residents, and 63,330 total jobs.

As part of the process of updating the General Plan, the City identified targeted procedural revisions to the Livermore Municipal Code (LMC), additional regulatory language to be located in the Livermore Development Code (LDC), and conforming amendments to the Zoning Map to implement General Plan policies and maintain consistency between the planning documents.

The proposed Project would require adoption by Livermore City Council. The Planning Commission will review the proposed Project and make recommendations to the City Council. While other agencies may be consulted during the General Plan update process, their approval is not required for the adoption of the proposed General Plan 2045. However, subsequent development under the proposed Project may require approval of State, federal, responsible, and trustee agencies that may rely on the programmatic EIR for decisions in their areas of permitting.

Project approvals required include:

- Certification of the General Plan 2045 EIR
- Adoption of the Findings of Fact and Statement of Overriding Considerations
- Adoption of the Mitigation Monitoring and Reporting Program
- Adoption of the General Plan 2045
- Adoption of the amendments to the LMC and LDC

C. SIGNIFICANT UNAVOIDABLE ADVERSE IMPACTS AND DISPOSITION OF RELATED MITIGATION MEASURES

The Final EIR identifies the following significant and unavoidable adverse impacts associated with the approval of the proposed Project. For reasons set forth in the Statement of Overriding Considerations, Section I, the City has determined that overriding economic, social, and other considerations outweigh the following significant, unavoidable effects of the proposed Project.

1. Agricultural Resources Impact AGR-1: Implementation of the proposed Project could result in the conversion of Prime Farmland, Unique Farmland, and Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency to nonagricultural uses.

Implementation of the proposed Project would designate Farmland to nonagricultural land uses. As described in Draft EIR Section 3.2, pages 3.2-11 through 3.2-15, this includes small portions of Farmland of Statewide Importance north of Tesla Road that would be redesignated from Agriculture/Viticulture (AGVT) to Wine Country Commercial (WCC), resulting in the potential

conversion of Farmland to nonagricultural uses. Existing regulations, such as the LMC Chapter 3.27 and the proposed General Plan 2045 goals and policies, would reduce impacts associated with the potential conversion of Farmland. Specifically, proposed Policy LU-12.2 requires the City to encourage the establishment and permanent protection of existing and new cultivated agricultural lands through use of conservation easements, land acquisition, and partnerships with organizations. Proposed Policy LU-12.2 limits urban development outside the South Livermore Valley to generate substantial investment in the long-term viability of South Livermore's agricultural economy. Proposed Policy OS-4.1 and Policy OS-4.6 requires the City to preserve undeveloped lands that have agricultural or open space designation, as well as valuable agricultural soils. Proposed Policy OS-4.4 would promote permanent conservation easements. Proposed Policy OS-4.7 and Policy OS-4.8 require the City to identify funding mechanisms to support the preservation of agricultural lands and work with conservation groups and water purveyors to preserve agricultural uses outside the UGB. Because the significance criterion considered in this analysis is the conversion of any qualifying Farmland (Prime Farmland, Unique Farmland, or Farmland of Statewide Importance), the only way to fully avoid a significant impact would be to not allow the conversion of such Farmland to a nonagricultural use. However, doing so is not feasible or practical as the City has a responsibility to meet other obligations, including increasing the number and types of jobs available and reducing the need for residents to commute to high-quality jobs, reducing single-occupant vehicle travel to and from Livermore, and permitting residential development. As evaluated in Draft EIR Section 3.2.4, potential mitigation measures, including agricultural land replacement, transfer of development rights, and topsoil relocation, were determined to be infeasible due to lack of suitable replacement land, inability to avoid net loss of Farmland, and substantial secondary environmental impacts.. Therefore, impacts would remain significant and unavoidable. The City makes the finding that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make mitigation measures or project alternatives identified in the EIR infeasible (CEQA Guidelines Section 15091[a][3]).

2. Agricultural Resources Impact AGR-2: Implementation of the proposed Project could conflict with existing zoning for agricultural use and Williamson Act contracts.

Implementation of the proposed Project would rezone land currently zoned for agriculture to nonagricultural uses and designate agricultural land under the Williamson Act contract to nonagricultural land uses. As described in Draft EIR Section 3.2.4, pages 3.2-15 through 3.2-18, this includes small portions of land north of Tesla Road just within the City Limit under a Williamson Act contract with an existing zoning designation of South Livermore Valley Agricultural that would be redesignated from AGVT to WCC, which would result in the development of land currently zoned for agricultural uses under a Williamson Act contract with nonagricultural uses. Existing regulations, such as the Alameda County Agricultural Preserve Program, LMC, LDC, as well as the proposed General Plan 2045 goals and policies would reduce impacts associated with potential conflicts. Specifically, proposed Policies LU-7.1 through LU-7.3 would require regular review of and flexibility in development standards for agricultural zoning and uses to support agricultural production and operational needs. Proposed Policy LU-12.7 requires the City to discourage the non-renewal or early termination of Williamson Act contracts in the South Livermore Valley. Proposed Policy OS-4.5 requires the City to recruit landowners to enter the agricultural preserve program established under the Williamson Act. Proposed Policy OS-4.9 requires the City to advocate (at the State level) for the expansion of incentives, including Williamson Act contracts, to allow for economically viable agricultural operations. For proposed Policies OS-4.5 and OS-4.9 to effectively

reduce impacts related to conflict with the Williamson Act Contract, landowners would need to agree to the Williamson Act contract, which would only be determined on a case-by-case basis. However, avoiding such conflicts completely is not feasible or practical as the City has a responsibility to meet other obligations, including increasing the number and types of jobs available and reducing the need for residents to commute to high-quality jobs, reducing single-occupant vehicle travel to and from Livermore, and permitting residential development. With respect to Williamson Act contracts, the City considered a mitigation measure that would result in the replacement of Williamson Act land that would place other agricultural land under Williamson Act contract. Even if feasible, the placing of alternative farmland under Williamson Act contract would establish a commitment to retain that alternative farmland for agricultural use. The length of time that the alternative land would remain in agricultural use would depend on the terms of the Williamson Act contract. However, the Williamson Act contract would only reduce the potential that the alternative land would convert to nonagricultural use. The individual and cumulative loss of agricultural land allowed by the proposed Project would still occur. Therefore, this mitigation measure would not reduce the proposed Project's impacts on agricultural land under Williamson Act contracts to below the level of significance. For these reasons, placing alternative privately held land under permanent restriction through Williamson Act contracts is considered infeasible. Therefore, no feasible mitigation measures have been identified, and impacts would remain significant and unavoidable. The City makes the finding that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make mitigation measures or project alternatives identified in the EIR infeasible (CEQA Guidelines Section 15091[a][3]).

3. Agricultural Resources Impact AGR-3: Implementation of the proposed Project could involve other changes in the existing environment, which, due to their location or nature, could result in conversion of farmland to nonagricultural use.

As evaluated in Draft EIR Section 3.2.4, pages 3.2-18 through 3.2-21, the proposed General Plan 2045 includes proposed changes in land use designations that could increase development pressure on land currently used for agriculture. Due to their location and proximity to planned urban uses, these changes could result in the conversion of farmland to nonagricultural use over time. Implementation of the proposed General Plan 2045 goals and policies identified would serve to reduce potential impacts related to other changes in the existing environment, which due to their location or nature, could result in conversion of farmland to nonagricultural uses by prohibiting future developments adjacent to agricultural areas that would substantially interfere with existing agricultural production and through collaboration with Alameda County and Alameda County LAFCO to protect existing land uses from development inappropriate for rural areas. Specifically, proposed Policies LU-7.4 and LU-7.5 would work to protect agricultural land from conflicts with adjacent existing or proposed nonagricultural land uses that may threaten or interfere with agricultural production. Proposed Policies LU-7.6 and LU-7.7 would require coordination with Alameda County to limit land uses to agricultural and open spaces and protect existing land uses from development inappropriate for rural areas. While compliance with existing LMC and LDC regulations, standards, and guidelines in the South Livermore Valley Specific Plan, and proposed General Plan 2045 goals and policies would reduce land use conflicts, they would not reduce impacts to a less-than-significant level. Avoiding such impacts entirely would require prohibiting development in or near land under agricultural uses, which would not be feasible nor practical, given the City's obligation to meet State housing law, increase the number and types of jobs available, and reduce the need for residents to commute to high-quality jobs. Therefore, impacts would remain

significant and unavoidable. The City makes the finding that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make mitigation measures or project alternatives identified in the EIR infeasible (CEQA Guidelines Section 15091[a][3]).

4. Agricultural Resources Impact AGR-4: Implementation of the proposed Project could result in a significant cumulative impact with respect to the conversion of Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), existing zoning for agricultural uses, and Williamson Act properties, and farmland to nonagricultural uses.

Agricultural lands throughout the region face ongoing development pressure due to population growth, housing demand, and the economic incentives associated with converting agricultural lands to urban uses. As such, the region and the State have been experiencing a decline of agricultural acreages. As described in Draft EIR Section 3.2.5, pages 3.2-21 and 3.2-22, the proposed Project would allow conversion of agricultural lands to various types of residential and job-generating development. Agricultural lands throughout the region face ongoing development pressure due to population growth, housing demand, and the economic incentives associated with converting agricultural lands to urban uses. As such, the region and the State have been experiencing a decline of agricultural acreages. With implementation of the proposed Project in combination with agricultural impacts identified throughout surrounding incorporated and unincorporated lands, the region, and the state, the proposed Project could contribute to cumulative impacts to agricultural resources. The proposed Project could allow conversion of Farmland to nonagricultural uses, would redesignate land zoned for agricultural to nonagricultural uses, and would allow land under Williamson Act contract to be converted to nonagricultural uses, and, due to location and proximity to planned urban uses, could result in the conversion of farmland to nonagricultural use over time. Given the programmatic nature of this analysis, it is unknown at this time to what extent, the rate at which, or if this conversion would occur. However, avoiding such impacts entirely would require prohibiting development in or near land with agricultural uses, which would not be feasible nor practical, given the City's obligation to meet State housing law, increase the number and types of jobs available, and reduce the need for residents to commute to high-quality jobs. As such, the proposed Project may contribute to the cumulative impacts of overall conversion of these lands in the surrounding incorporated and unincorporated lands, the region, and the state. Although existing regulations such as those required per the LMC and the proposed General Plan 2045 goals and policies would reduce potential impacts, they would not reduce them to less than significant. There are no feasible mitigation measures available to reduce potential impacts. The only way to fully avoid the agricultural impact is to not allow development on Farmland, rezoning of agricultural land to nonagricultural uses, or redesignation of land such that conflicts with Williamson Act contracts occur. However, doing so would be infeasible and inconsistent with the City's planning goals and objectives. Therefore, this cumulative impact would remain significant and unavoidable. The City makes the finding that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make mitigation measures or project alternatives identified in the EIR infeasible (CEQA Guidelines Section 15091[a][3]).

5. Air Quality Impact AQ-2: Implementation of the proposed Project could result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or State ambient air quality standard during construction and operation.

Future development would result in short-term construction-related criteria pollutant emissions that have the potential to have an adverse effect on air quality. As discussed in Draft EIR Section 3.3.4, page 3.3-59 through 3.3-63, although the exact coverage, location, and duration of future construction projects is unknown at the time of preparation of the program-level Draft EIR, short-term criteria pollutant emissions would occur during demolition, site preparation, grading, building construction, paving, and architectural coating activities associated with individual development projects. Proposed General Plan 2045 Policy OS-6.7 would require future development to implement the Air District's basic construction measures, which would reduce construction fugitive dust impacts during construction to be less than significant. Proposed Policies OS-6.8 and OS-6.19 would require future development to minimize construction air quality impacts in compliance with the Air District's regulations. While proposed General Plan 2045 goals and policies have the potential to reduce construction emissions for individual projects, future development could still exceed the Bay Area Air District's (Air District) significance thresholds for construction and cumulatively contribute to the nonattainment designations of the San Francisco Bay Area Air Basin (SFBAAB) because site-specific details concerning development schedules, areas of disturbance, distance to sensitive receptors, overlapping equipment use, type of equipment, and overall intensity of development across the EIR Study Area is currently unknown. Therefore, implementation of the proposed Project could result in significant and unavoidable construction-related regional air impacts at the program level. Further, as discussed in Draft EIR Section 3.3.4, pages 3.3-63 through 3.3-72, implementation of the proposed Project would generate operational emissions that would exceed the Air District's regional significance thresholds for reactive organic gases and particulate matter (PM2.5 and PM10). The proposed General Plan 2045 includes goals and policies to reduce these long-term regional criteria air pollutant emissions. Specifically, proposed Policy OS-6.19 identifies requirements for future developments that exceed the Air District screening criteria to prepare and submit a technical assessment evaluating potential project operational air quality impacts to the City for review and approval prior to project approval by the City. Where the technical assessment determines the Air District-adopted thresholds are exceeded, the applicants for new development projects would be required to incorporate mitigation measures to reduce air pollutant emissions during operational activities. At the programmatic level, it is not possible to identify additional measures that can be assured to reduce the impacts of temporary construction activities on air quality of all future development projects to less-than-significant levels. Therefore, this impact is significant and unavoidable. As such, the City makes the finding that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make mitigation measures or project alternatives identified in the EIR infeasible (CEQA Guidelines Section 15091[a][3]).

6. Air Quality Impact AQ-5: Implementation of the proposed Project could result in cumulative air quality impacts with respect to generation of criteria pollutants and exposure of substantial pollutant concentrations at sensitive receptors.

Air quality impacts are regional in nature as no single project generates enough emissions that would cause an air basin to be designated as a nonattainment area. As discussed in Draft EIR Section 3.3.5, pages 3.3-77 through 3.3-79, criteria air pollutant emissions generated by cumulative development would exceed the Air District's project-level significance thresholds during construction and operation and would contribute to the nonattainment designations of the SFBAAB. Therefore, this impact is cumulatively considerable. Due to the programmatic nature of cumulative projects and uncertainty of site-specific details concerning development schedules, areas of disturbance, distance to sensitive receptors, overlapping equipment use, type of equipment, and overall intensity of development, no feasible mitigation measures are available that would ensure adequate reduction of emissions on a future project-level basis. Therefore, air pollutant emissions associated with the proposed Project would result in a cumulatively considerable contribution to air quality impacts and remain significant and unavoidable at the program level. The City makes the finding that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make mitigation measures or project alternatives identified in the EIR infeasible (CEQA Guidelines Section 15091[a][3]).

7. Greenhouse Gas Emissions Impact GHG-1: Implementation of the proposed Project could generate greenhouse gas (GHG) emissions, either directly or indirectly, that may have a significant impact on the environment.

As evaluated in Draft EIR Section 3.8.4, pages 3.8-24 through 3.8-26, it is anticipated that year 2045 conditions would result in an overall decrease in emissions compared to the existing baseline. However, the proposed Project's emissions would not achieve the 2022 CAP's long-term per-capita efficiency target of zero $MTCO_2e$ per person per year and would not be considered consistent with the long-term year goals under AB 1279. Implementation of General Plan 2045 Policy OS-7.1 would require the City to monitor the Climate Action Plan (CAP) and ensure that the CAP aligns with the GHG reduction targets of AB 1279 and the latest applicable statewide legislative GHG emission reduction standards. It would also require the City to track and monitor GHG emissions. In addition, CAP measures and General Plan policies that increase energy efficiency, reduce water use, and offset electricity use through solar panels would reduce GHG emissions to the extent feasible. However, given the projected growth in population and employment within the EIR Study Area, the reductions needed from existing land uses, and the magnitude of reductions required to achieve the State's long-term GHG targets, it cannot be determined with certainty that goals and policies of General Plan 2045 related to GHG reduction and related CAP measures would achieve the substantial reductions necessary to meet Assembly Bill (AB) 1279 targets. Achieving these statewide targets relies, in part, on future technological advancements and statewide actions that are outside the City's authority and cannot be imposed as feasible mitigation at the General Plan program level. No additional feasible mitigation measures are available that would reduce emissions to a level consistent with the long-term State targets until the 2022 CAP is updated pursuant to Policy OS-7.1. Therefore, because no feasible mitigation is available and the proposed Project would not meet State GHG reduction targets, GHG emissions under the proposed Project would remain significant and unavoidable. The City makes the finding that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make mitigation measures or project alternatives identified in the EIR infeasible (CEQA Guidelines Section 15091[a][3]).

8. Greenhouse Gas Emissions Impact GHG-2: Implementation of the proposed Project could conflict with an applicable plan, policy, or regulation adopted for the purpose of reducing the emissions of GHGs.

As discussed in Draft EIR Section 3.8.4, pages 3.8-36 through 3.8-43, the proposed Project would be consistent with the applicable 2022 CAP Strategies, the 2020 Scoping Plan, and Plan Bay Area 2050+. However, implementation of the proposed Project would not achieve the 2022 CAP long-term per-capita efficiency target of zero $MTCO_2e$ per person per year and, therefore, conflicts with the 2022 CAP. Implementation of CAP measures would increase energy efficiency, reduce water use, and offset electricity use through solar panels and would reduce GHG emissions to the extent feasible. However, given the growth in population and employment within the EIR Study Area, the reductions needed from existing land uses, the magnitude of emissions reductions needed to achieve the long-term efficiency threshold, and federal legal constraints on the implementation and effectiveness of State actions for emission reduction, it is uncertain whether consistency with the 2022 CAP and implementation of goals and policies of General Plan 2045 would achieve the substantial reductions needed to achieve the long-term efficiency threshold. Because the proposed Project would conflict with the underlying goal of the 2022 CAP, this impact is significant and unavoidable. The City makes the finding that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make mitigation measures or project alternatives identified in the EIR infeasible (CEQA Guidelines Section 15091[a][3]).

9. Greenhouse Gas Emissions Impact GHG-3: Implementation of the proposed Project could result in a significant cumulative impact with respect to generation of GHG emissions that may have a significant impact on the environment and conflict with an applicable plan adopted for the purpose of reducing GHG emissions.

As discussed in Draft EIR Section 3.8.5, because GHG emissions are cumulative in nature and not confined to a particular air basin, impacts described previously under Greenhouse Gas Emissions Impacts GHG-1 and GHG-2 are not project-specific impacts, but the proposed Project's contribution to this cumulative impact. As described previously, various proposed General Plan 2045 goals and policies would help minimize GHG emissions. However, as described under Greenhouse Gas Emissions Impact GHG-1 on Draft EIR pages 3.8-24 through 3.8-26, the proposed Project would not achieve the long-term year 2045 reduction goal and State's carbon neutrality goal set by AB 1279. As described under Greenhouse Gas Emissions Impact GHG-2 on Draft EIR pages 3.8-36 through 3.8-43, the proposed Project aligns with plans and regulations aimed at reducing their cumulative environmental impacts, such as the City's 2022 CAP strategies, the California Air Resources Board's Scoping Plan, or Plan Bay Area 2050+. However, the proposed Project would not achieve the City's 2022 underlying per-capita goal for year 2045. Proposed General Plan 2045 Policy OS-7.1 would require the City to monitor the CAP to align GHG emissions targets in the city with the state's carbon neutrality goal set by AB 1279. This policy would also ensure that the City is tracking and monitoring GHG emissions. However, given the projected growth in population and employment, the reductions needed from existing land uses, and the magnitude of reductions required to achieve the State's long-term GHG targets, it is uncertain whether consistency with the 2022 CAP and implementation of goals and policies of General Plan 2045 would achieve the substantial reductions necessary to meet AB 1279 targets. Achieving these statewide targets relies, in part, on future technological advancements and statewide actions that are outside the City's authority

and cannot be imposed as feasible mitigation at the General Plan program level. No additional feasible mitigation measures are available that would reduce emissions to a level consistent with the long-term State targets until the 2022 CAP is updated. Therefore, implementation of the proposed Project would contribute to cumulative GHG impacts, and the proposed Project would have a significant and unavoidable cumulative impact. As such, the City makes the finding that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make mitigation measures or project alternatives identified in the EIR infeasible (CEQA Guidelines Section 15091[a][3]).

10. Mineral Resources Impact MIN-1: Implementation of the proposed Project could result in the loss of availability of known mineral resources that would be of value to the region and the residents of the State.

As discussed in Draft EIR Section 3.12.4, pages 3.12-5 and 3.12-6, most of the central and western portions of the EIR Study Area, including existing developed neighborhoods and commercial areas, have been classified as Mineral Resource Zone (MRZ)-2, where the land is underlain by demonstrated mineral resources considered important to the region or the State. The proposed General Plan 2045 land use map would designate lands classified as MRZ-2 as a mix of compatible and incompatible land uses. Future development would be required to comply with the Surface Mining and Reclamation Act (SMARA), which aims to protect significant mineral resources from the intrusion of incompatible land uses. Additionally, development on lands classified as MRZ-2 and MRZ-3 would be subject to the provisions of SMARA Section 2762(e), which requires an evaluation of the site to ascertain the significance of the mineral deposit in the area. The results of the evaluation would be submitted to the State Geologist and the California State Mining and Geology Board (SMGB) for review. Further, the proposed General Plan 2045 contains a policy that requires the City to preserve mineral resources. Specifically, proposed Policy OS-9.1 requires the City to consider potentially available mineral resources on the property or in the vicinity when considering land use proposals. In addition, the provisions of the SMARA would reduce impacts to aggregate mineral resources to the extent possible by requiring site-specific evaluations to discover the presence of mineral resources. However, the only way to fully avoid the impact to mineral resources from implementation of the proposed Project is to not allow incompatible land uses in areas classified as MRZ-2, thereby eliminating the impact. The City has a responsibility to meet other obligations, including increasing the number and types of jobs available and reducing the need for residents to commute to high-quality jobs. These measures are critical to reducing single-occupant vehicle travel and meeting State targets for GHG reduction. Therefore, the City needs to continue to allow development within areas classified as MRZ-2 with incompatible uses, as appropriate, to promote future economic development and corresponding residential development, as required by State housing law, within its adopted UGB. Accordingly, there are no feasible mitigation measures to reduce impacts, and impacts would remain significant and unavoidable. As such, the City makes the finding that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make mitigation measures or project alternatives identified in the EIR infeasible (CEQA Guidelines Section 15091[a][3]).

11. Mineral Resources Impact MIN-3: Implementation of the proposed Project could result in a significant cumulative impact with respect to the loss of availability of known mineral resources that are of value to the region and the residents of the State.

As discussed in Draft EIR Section 3.12.5, pages 3.12-7 through 3.12-9, existing mineral extraction in Eastern Alameda County is mainly in unincorporated Alameda County to the west of the EIR Study Area and outside of the Pleasanton City Limit. This land is designated as MRZ-2 and regionally significant construction aggregate resources areas. Future development in the region would be subject to the applicable jurisdiction's mineral resources regulations, including applicable municipal codes, as well as SMARA Section 2762(e), which requires an evaluation of the site to ascertain the significance of the mineral deposit in the area to be submitted to the SMGB for review. However, there are undeveloped areas classified as MRZ-2 that may develop over the horizon of the proposed Project with incompatible uses. The only way to fully avoid this impact is to not allow incompatible land uses in areas classified as MRZ-2, thereby eliminating the impact. The City has a responsibility to meet other obligations, including increasing the number and types of jobs available in Livermore and reducing the need for residents to commute to high-quality jobs. These measures are critical to reduce single-occupant vehicle travel and meeting State targets for GHG reduction. Therefore, the City needs to continue to allow development within areas classified as MRZ-2 with incompatible uses, as appropriate, to promote future economic development and corresponding residential development, as required by State housing law, within its adopted UGB. Although the proposed General Plan 2045 goals and policies would reduce and partially offset cumulative impacts, the proposed Project would contribute to the loss of significant mineral resources impact in the region. Therefore, this cumulative impact would remain significant and unavoidable. Therefore, the City makes the finding that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make mitigation measures or project alternatives identified in the EIR infeasible (CEQA Guidelines Section 15091[a][3]).

12. Noise Impact NOI-1: Implementation of the proposed Project could generate a substantial temporary or permanent increase in ambient noise levels in the vicinity of the project in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies.

As evaluated in Draft EIR Section 3.13.4, pages 3.13-36 through 3.13-40, the primary source of temporary noise within the EIR Study Area would be demolition and construction activities associated with development projects All future projects would be required to comply with the City's Noise Ordinance (LMC Chapter 9.36). Additionally, proposed Policy N-4.4 requires the minimization of excessive noise and vibration levels from construction-related activity to meet acceptable levels, as established by the Federal Transit Administration (FTA) or the City. Adherence to the City's Noise Ordinance and compliance with the proposed General Plan 2045 goals and policies would ensure that operational noise sources, including traffic, stationary, and railroad noise, would not exceed established noise standards. Implementation of the proposed General Plan 2045 goals and policies would reduce potential noise impacts during construction to the extent feasible. Implementation of one or a combination of construction best management practices (BMPs) would provide between 3 A-weighted decibels (dBA) and 10 dBA of noise reduction. Because the proposed General Plan 2045 is a long-term planning document with no specific projects identified, specific, project-level information is inherently not available, and it is not possible to quantify the estimated construction noise levels at specific sensitive receptors due to a given project. In most cases, construction of individual developments consistent with the proposed Project would temporarily increase the environment's ambient noise in the vicinity of each individual project, potentially affecting existing and future nearby sensitive uses, such as residences, parks, and schools. However,

due to the potential for proximity of construction activities to sensitive uses, the number of construction projects occurring simultaneously, and the potential duration of construction activities, implementation of the proposed Project could result in a temporary substantial increase in noise levels above ambient conditions. Since the proposed Project is a long-term planning document with no specific projects identified, specific project-level information is inherently not available, and it is not possible to quantify the estimated construction noise levels at specific sensitive receptors related to an individual development. At the programmatic level, it is not possible to identify additional measures that can be assured to reduce the impacts of temporary construction noise of all future development projects to less-than-significant levels. Therefore, impacts related to temporary construction noise would remain significant and unavoidable. The City makes the finding that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make mitigation measures or project alternatives identified in the EIR infeasible (CEQA Guidelines Section 15091[a][3]).

13. Noise Impact NOI-4: Implementation of the proposed Project could generate a substantial temporary or permanent increase in ambient noise levels in the vicinity of the project in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies, resulting in a significant cumulative impact.

As discussed in Draft EIR Section 3.13-5, pages 3.13-54 through 3.13-57, noise and vibration impacts tend to be localized; therefore, noise impacts for traffic and stationary noise sources are limited to approximately 500 feet from the source and 50 feet from the source for typical heavy-duty construction equipment and 100 feet from pile-driving activities for groundborne vibration. While compliance with the City's Noise Ordinance and the proposed General Plan 2045 goals and policies would reduce construction noise impacts, construction activities associated with cumulative buildout may occur simultaneously and near noise-sensitive receptors, and, depending on the project type, distance to nearest noise-sensitive receptor, equipment list, time of day, phasing, and overall construction durations, noise disturbances may occur for prolonged periods of time or during the more sensitive nighttime hours. Implementation of the proposed General Plan 2045 goals and policies, specifically proposed Policy N-4.4, would reduce potential noise impacts during construction to the extent feasible, and implementation of one or a combination of construction BMPs would provide between 3 dBA and 10 dBA of noise reduction. However, due to the potential for proximity of construction activities to sensitive uses, the number of construction projects that could occur simultaneously, and the potential duration of construction activities, construction of cumulative projects could result in a temporary substantial increase in noise levels above ambient conditions. Since the proposed Project is a long-term planning document with no specific projects identified, specific project-level information is inherently not available, and it is not possible to quantify the estimated construction noise levels at specific sensitive receptors. At the programmatic level, it is not possible to identify additional measures that can be assured to reduce the impacts of temporary construction noise of cumulative projects to less-than-significant levels. Therefore, impacts related to temporary construction noise would remain significant and unavoidable and could result in a cumulative increase in noise. The City makes the findings that specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make mitigation measures or project alternatives identified in the EIR infeasible (CEQA Guidelines Section 15091[a][3]).

D. SIGNIFICANT IMPACTS IDENTIFIED IN THE EIR THAT ARE REDUCED TO A LEVEL OF "LESS THAN SIGNIFICANT" BY THE MITIGATION MEASURES INCORPORATED INTO THE PROJECT

The Final EIR identifies the following significant impacts associated with the proposed Project that are reduced to a less-than-significant level by mitigation measures identified in the Draft EIR. It is hereby determined that the following environmental impacts will be mitigated to a less-than-significant level or avoided by incorporation of the mitigation measures into the proposed Project:

1. Biological Resources Impact BIO-4: Implementation of the proposed Project would not substantially interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors or impede the use of native wildlife nursery sites, with incorporation of the following mitigation measures: MM BIO-4.

As discussed in Section 3.4.4, pages 3.4.41 through 3.4-43, the proposed Project promotes infill development and encourages higher density in already-developed areas, which greatly minimizes potential impacts to wildlife movement corridors; however, future development (especially on undeveloped land) could occur on the peripheral portions of the EIR Study Area that provide function as corridors. Future development would be required to comply with existing federal, State, and local regulations, including requirements to implement the strategies of the East Alameda County Conservation Strategy (EACCS) and the BMPs of the City's Stream Maintenance Program (SMP) to conserve wildlife movement corridors. Further, proposed Policy OS-2.5 would require the City to work with project applicants to cluster new development to preserve space for habitat and wildlife connectivity. Proposed Policy OS-2.10 would require coordination with other agencies to plan for the safe travel of wildlife across Interstate 580 and secure easements that protect wildlife corridors. Proposed Policy OS-2.11 would require the maintenance of aquatic movement corridors. However, future development could include the development of buildings, reflective glass, and artificial lighting. These structures and lighting could disrupt movement or foraging behavior of native birds, including migratory and special-status species, and potentially increase collision-related mortality. MM BIO-4 requires bird-safe design measures by project applicants to reduce potential impacts on migratory and resident birds. These measures would minimize collision-related mortality and maintain functional wildlife movement through riparian, wetland, and open-space habitats. Therefore, implementation of the proposed Project would not substantially interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors or impede the use of native wildlife nursery sites, with incorporation of MM BIO-4. The City makes the finding, pursuant to CEQA Guidelines Section 15091(a)(1), that MM BIO-4 has been required, and incorporated into, the proposed Project, and that this measure will be implemented and enforced through the MMRP, thereby avoiding or substantially lessening the significant environmental effect identified in the Final EIR.

2. Cultural and Tribal Cultural Resources Impact CUL-2: Implementation of the proposed Project would not cause a substantial adverse change in the significance of a unique archeological resource pursuant to CEQA Guidelines, Section 15064.5, with implementation of MM CUL-2.

As discussed in Draft EIR Section 3.5.4, pages 3.5-34 through 3.5-36, the proposed General Plan 2045 would not directly result in new development; however, it is a regulatory document that includes proposed changes in land use designation that would allow redevelopment and increased density on certain parcels within the EIR Study Area. While the proposed Project promotes infill development and encourages higher density in already-developed areas, which greatly minimizes potential impact on existing archaeological resources, it is still possible to encounter previously unknown resources, especially on undeveloped sites. Future development would be subject to PRC Section 5097.5(a), which specifies that a person shall not knowingly and willfully excavate upon, or remove, destroy, injure, or deface, any archaeological sites without the express permission of the public agency having jurisdiction over the lands. In addition, proposed General Plan 2045 policies are designed to protect archeological resources; specifically. proposed Policy CI-5.1 would require investigations by a qualified professional where development is proposed in areas of cultural and paleontological sensitivity. Proposed Policy CI-5.2 requires immediate suspension of work in the area if cultural or paleontological resources are discovered during construction and, if the resource is significant, prioritize preservation in place or implement appropriate mitigation. While future development would be required to comply with federal and State laws and regulations, as well as the proposed General Plan 2045 goals and policies, compliance with such regulations alone cannot be assumed to fully avoid or eliminate impacts to unknown archaeological resources associated with site-specific development. MM CUL-2 would ensure that archaeological resources identified during construction would be evaluated and protected or appropriately treated. Therefore, implementation of the proposed Project would not cause a substantial adverse change in the significance of a unique archeological resource pursuant to CEQA Guidelines, Section 15064.5, with implementation of MM CUL-2. The City makes the finding, pursuant to CEQA Guidelines Section 15091(a)(1), that MM CUL-2 has been required, and incorporated into, the proposed Project, and that this measure will be implemented and enforced through the MMRP, thereby avoiding or substantially lessening the significant environmental effect identified in the Final EIR.

3. Cultural and Tribal Cultural Resources Impact CUL-4: Implementation of the proposed Project would not cause a substantial adverse change in the significance of a unique archeological resource pursuant to CEQA Guidelines, Section 15064.5, with implementation of MM CUL-4.

As discussed in Draft EIR Section 3.5.4, pages 3.5-38 through 3.5-39, future development, especially on undeveloped sites, could affect known or previously unidentified tribal cultural resources (TCRs). In addition, the potential for additional undiscovered eligible TCRs to be present within the future sites exists but varies by location. Proposed Policy CI-5.4 requires the protection of TCRs and consultation with tribal representatives as required by State law. Proposed Policy CI-6.7 would require historical resource evaluations and impact analysis prepared by a qualified professional for projects that could affect a known or potential historic resource and Policy CI-5.1 would require investigations by a qualified professional where development is proposed in areas of cultural and paleontological sensitivity. Proposed Policy CI-5.2 requires immediate suspension of work in the area if cultural or paleontological resources are discovered during construction and, if the resource is significant, prioritize preservation in place or implementation of appropriate mitigation. While future development would be required to comply with existing federal, State, and local laws and regulations, as well as implementation of the proposed General Plan 2045 goals and policies, compliance with such regulations alone cannot be assumed to fully avoid or eliminate impacts to TCRs associated with site-specific development. Mitigation Measure CUL-4 would ensure that TCRs are identified, evaluated, and protected or appropriately treated during

construction. Therefore, implementation of the proposed Project would not cause a substantial adverse change in the significance of a TCR listed or eligible for listing in the California Register of Historical Resources, or in a local register of historical resources, as defined in PRC Section 5020.1(k), with incorporation of MM CUL-4. The City makes the finding, pursuant to CEQA Guidelines Section 15091(a)(1), that MM CUL-4 has been required, and incorporated into, the proposed Project, and that this measure will be implemented and enforced through the MMRP, thereby avoiding or substantially lessening the significant environmental effect identified in the Final EIR.

4. Cultural and Tribal Cultural Resources Impact CUL-5: Implementation of the proposed Project would not cause a substantial adverse change in the significance of a resource determined by the lead agency, in its discretion and supported by substantial evidence, to be significant pursuant to criteria set forth in subdivision (c) of PRC Section 5024.1, with incorporation of MM CUL-4.

As discussed in Draft EIR Section 3.5.4, pages 3.5-40, the City, in its capacity as lead agency, has not identified or determined any known TCRs to be significant pursuant to criteria set forth in subdivision (c) of PRC Section 5024.1. Although there is the possibility that previously undiscovered TCRs could be encountered by subsurface earthwork activities associated with construction of future development projects. While future development would be required to comply with existing federal, State, and local laws and regulations, as well as the proposed General Plan 2045 goals and policies, compliance with such regulations alone cannot be assumed to fully avoid or eliminate impacts to unknown TCRs associated with site-specific development. Implementation of Mitigation Measure CUL-4, which outlines the procedures for discovery of previously unknown TCRs, would ensure that impacts to resources significant under PRC Section 5024.1(c) are adequately mitigated. Therefore, implementation of the proposed Project would not cause a substantial adverse change in the significance of a resource determined by the lead agency, in its discretion and supported by substantial evidence, to be significant pursuant to criteria set forth in subdivision (c) of PRC Section 5024.1, with incorporation of MM CUL-4. The City makes the finding, pursuant to CEQA Guidelines Section 15091(a)(1), that MM CUL-4 has been required, and incorporated into, the proposed Project, and that this measure will be implemented and enforced through the MMRP, thereby avoiding or substantially lessening the significant environmental effect identified in the Final EIR.

E. LESS-THAN-SIGNIFICANT IMPACTS IDENTIFIED IN THE EIR

Although findings pursuant to CEQA Guidelines Section 15091(a) are not required for impacts that would not result in significant environmental effect, the City finds that the proposed Project would result in less-than-significant impacts with respect to the following environmental resource categories, as described below:

1. Aesthetic Resources Impact AES-1: Implementation of the proposed Project would not have a substantial adverse effect on a scenic vista.

As discussed in Draft EIR Section 3.1.4, pages 3.1-11 through 3.1-13, the EIR Study Area contains many scenic views featuring natural landscape, rolling hills, and ridgelines, especially as seen from the I-580 scenic corridor. For the purposes of this analysis, these scenic views are considered scenic vistas under this threshold. The proposed Project promotes infill development and

encourages higher density in already-developed areas, where it would be expected to have less of an impact on existing scenic vistas and/or corridors. Proposed Policies CI-10.1 through CI-10.4 would preserve views of scenic vistas and promote views from key public vantage points by implementing design standards that would ensure future development would be designed such that scenic vistas are maintained. Proposed Policy CI-12.1 would ensure that the visual qualities along the I-580 scenic corridor are protected. Proposed Policies CI-9.1 through CI-9.6 would ensure that natural features that make up scenic views are preserved through the protection of hills, ridgelines, and waterbodies, the requirement of a grading permit for the alteration of natural or artificial contours as well as the identification and mapping of natural amenities throughout the City. The proposed Project would also include updates to the LDC to introduce the Scenic Resources Overlay District. The proposed Scenic Resources Overlay District would include specific development and design standards to protect scenic views and establish inviting gateways into Livermore. Therefore, as confirmed through design review (required by the LDC and proposed General Plan 2045 Policy CI-13.1), project consistency with the Design Standards and Guidelines, Livermore Mixed-Use and Multifamily Objective Design Standards (MODS), any applicable Specific Plan, as well as the proposed General Plan 2045 goals and policies and the proposed Scenic Resources Overlay District, would ensure that future development would not cause a substantial adverse effect on a scenic vista, including those of hillsides, ridgelines, and water bodies. Therefore, implementation of the proposed Project would not have a substantial adverse effect on a scenic vista.

2. Aesthetic Resources Impact AES-2: Implementation of the proposed Project would not substantially degrade the view from a State scenic highway, including, but not limited to, trees, rock outcroppings, and historic buildings.

As discussed in Draft EIR Section 3.1.4, pages 3.1-14 and 3.1-15, there is not an “officially designated” State scenic highway in the EIR Study Area; however, Caltrans has assigned the entire section of I-580 that spans the EIR Study Area as being “eligible” to be designated as a State scenic highway. The proposed General Plan 2045 would not directly result in new development; however, it is a regulatory document that includes proposed changes in land use designation that would allow for redevelopment and increased density on certain parcels within the EIR Study Area. As the City receives development applications for future development, those applications would be reviewed by the City through the Site Plan and Design Review process for compliance with the Design Standards and Guidelines, MODS, any applicable Specific Plan, as well as the proposed General Plan 2045 goals and policies and the proposed Scenic Resources Overlay District; compliance with these standards would ensure development would not substantially damage scenic resources within view of a scenic highway. Specifically, proposed Policy CI-12.1 would ensure that the visual qualities along the I-580 scenic corridor are protected by limiting highway commercial development to areas immediately adjacent to freeway interchanges. Therefore, implementation of the proposed Project would not substantially degrade the view from a State scenic highway, including, but not limited to, trees, rock outcroppings, and historic buildings.

3. Aesthetic Resources Impact AES-3: Implementation of the proposed Project would not conflict with applicable zoning and other regulations governing scenic quality in an urbanized area.

As discussed in Draft EIR Section 3.1.4, pages 3.1-15 through 3.1-19, all future development would be required to undergo a Site Plan and Design Review, as required by LDC Chapter 9.07, to ensure consistency with General Plan policies, any applicable Specific Plan, Design Standards and Guidelines, and LDC standards. Future mixed-use and multifamily development would be subject to the design standards outlined in the MODS, which ensures that new development is designed to be compatible with adjacent uses as well as existing and future development. Furthermore, future development would also be subject to the regulations of the various planning documents, including the Downtown Specific Plan, Isabel Neighborhood Specific Plan, El Charro Specific Plan, and South Livermore Valley Specific Plan. Further, the proposed Policy CI-13.1 would require all new development and redevelopment to be subject to design review and would require the City to regularly update the City's Design Standards and Guidelines. Proposed Policy CI-13.3 would require new development and redevelopment to consider the context and character of surrounding land uses. Proposed Actions CI-A-14.1 and CI-A-14.2 would further support these policies by developing objective design standards and updating the LDC to ensure visually pleasing and compatible development that reflects current best practices in planning and design. Additionally, the proposed Project would involve updates to the LDC to introduce the Scenic Resources Overlay District. Future development would be required to undergo the Site Plan and Design Review process to ensure adherence to existing regulations, along with the proposed General Plan 2045 goals and policies, as well as the proposed Scenic Resources Overlay District. Therefore, implementation of the proposed Project would not conflict with applicable zoning and other regulations governing scenic quality in an urbanized area.

4. Aesthetic Resources Impact AES-4: Implementation of the proposed Project would not expose people on- or off-site to substantial light or glare that would adversely affect day or nighttime views in the area.

As discussed in Draft EIR Section 3.1.4, pages 3.1-19 and 3.1-20, compliance with existing lighting standards to reduce light spill and glare and implementation of the proposed General Plan 2045 goals and policies, to be confirmed through Site Plan and Design Review, would ensure future development does not generate excessive light levels or glare. Proposed Policy CI-11.2 would require developments to minimize obtrusive glare and wasted energy from excessive nighttime lighting and preserve views of the nighttime sky. Proposed Action CI-A-11.1 would further support this policy by requiring the City to update the LDC and Standard Details to include design standards that regulate lighting quantity, intensity, and design, minimizing glare, light trespass, and sky glow. Therefore, implementation of the proposed Project would not expose people on- or off-site to substantial light or glare that would adversely affect day or nighttime views in the area.

5. Aesthetic Resources Impact AES-5: Implementation of the proposed Project would not have a cumulative effect related to aesthetic resources.

As discussed in Draft EIR Section 3.1.5, pages 3.1-20 and 3.1-22, future development would be subject to the design review processes of the individual jurisdiction, and the applicable land use plans containing policies and implementing programs to preserve visual character, land use compatibility, and views and minimize light and glare in those jurisdictions. As such, the proposed Project, in conjunction with cumulative projects, would result in a less than significant cumulative impact with respect to aesthetics.

6. Air Quality Impact AQ-1: Implementation of the proposed Project would not conflict with or obstruct implementation of the applicable air quality plan.

As discussed in Draft EIR Section 3.3.4, pages 3.3-39 through 3.3-59, the proposed Project would not exceed the Plan Bay Area 2050+ regional growth projections, would be consistent with the current AQMP (2017 Clean Air Plan) control measures, and would decrease VMT per service population with implementation of applicable goals and policies of the Land Use Element of the General Plan 2045. Therefore, implementation of the proposed Project would not conflict with or obstruct implementation of the applicable air quality plan.

7. Air Quality Impact AQ-3: Implementation of the proposed Project would not expose sensitive receptors to substantial pollutant concentrations.

As discussed in Draft EIR Section 3.3.4, pages 3.3-72 through 3.3-76, with incorporation of proposed General Plan 2045 goals and policies, including proposed Policies OS-6.2 through OS-6.5, construction and long-term operation of the proposed Project would not result in a substantial increase in criteria air pollutants and toxic air contaminants in the EIR Study Area. Additionally, permitted sources of emissions would be regulated by the Air District to ensure that, on a project-by-project basis, emissions achieve their permit thresholds. Proposed Policies OS-6.2, OS-6.4, and OS-6.5 would require project applicants to prepare a health risk assessment and identify appropriate mitigation (e.g., buffer distances, filters) to reduce health risk from major sources of toxic air pollution. These proposed General Plan 2045 policies would ensure future development would identify project-specific mitigation measures to reduce potential health risks and protect sensitive receptors from poor air quality from nonpermitted sources associated with development of industrial and commercial land uses. Therefore, implementation of the proposed Project would not expose sensitive receptors to substantial pollutant concentrations.

8. Air Quality Impact AQ-4: Implementation of the proposed Project would not result in other emissions (such as those leading to odors) adversely affecting a substantial number of people.

As discussed in Draft EIR Section 3.3.4, pages 3.3-76 and 3.3-77, compliance with proposed General Plan 2045 goals and policies, as well applicable Air District rules and regulations, would prevent odor emissions from adversely affecting a substantial number of people in the EIR Study Area. Specifically, proposed Policy OS-6.6 would require adequate buffer distances or incorporation of filters or other equipment/solutions into the new odor-generating development to reduce nearby receptors' exposure to acceptable levels. Furthermore, nuisance odors are regulated under Air District Regulation 7, *Odorous Substances*, which requires abatement of any nuisance generating an odor complaint, and Air District Regulation 1, Rule 1-301, *Public Nuisance*. Compliance with these Air District regulations would ensure that odor impacts associated with the proposed Project are minimized. Therefore, implementation of the proposed Project would not result in other emissions (such as those leading to odors) adversely affecting a substantial number of people.

9. Biological Resources Impact BIO-1: Implementation of the proposed Project would not have a substantial effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special-status species in local or regional plans, policies, or regulations, or by California Department of Fish and Wildlife (CDFW) or United States Fish and Wildlife Service (USFWS).

As discussed in Draft EIR Section 3.4.4, pages 3.4-34 through 3.4-37, while the potential for adverse impacts on special-status species is relatively low, there remains a potential for loss or disruption due to conversion of areas of natural habitat, removal of trees and other vegetation, increases in light and noise, and other modifications and disturbance, especially where future development occurs on undeveloped land. Grading and other construction disturbance to existing natural habitat could include the direct loss of special-status plants and animal species or further isolate them from other occurrences where urbanization creates barriers between the remaining areas of natural habitat. This includes possible loss or disturbance to bird nests in active use. Future development would be subject to the local, regional, State, and federal regulations outlined in Draft EIR Section 3.4.1, including the requirements of USFWS and CDFW, the strategies of the EACCS, and the BMPs of the SMP to protect specifical-status species. Additionally, the General Plan 2045 contains goals and policies designed to address potential impacts to special-status species. Specifically, proposed Policies OS-2.5 and OS-2.6 would serve to protect sensitive species and their habitats through project design by clustering development and avoiding areas that support wildlife and plan habitats that contribute to ecological connectivity. Proposed Policies OS-1.6 and OS-1.10 require the City to work with local stakeholders and agencies to preserve sensitive habitats. Proposed Policies OS-2.2 and OS-2.3 would require the City to implement the EACCS and future, proposed Livermore Habitat Conservation Plan (HCP), which include further strategies and BMPs to minimize impacts to sensitive species and their habitats. A key strategy of the EACCS is the conservation of core habitat areas that support sensitive and special-status species, and the EACCS provides technical guidance for focal sensitive species, including recommendations for survey approaches, buffers, and mitigation to reduce disturbance. Implementation of these recommendations would be required for applicable projects per OS-2.2. Proposed Actions OS-A-1.3, OS-A-1.4, and OS-A-2.1 would further support these policies by developing a program to manage City-owned open space lands using sustainable practices and to identify, prioritize, and implement conservation easements on these lands to support habitat values and collaborating with other agencies to preserve natural and near-natural landscape communities. Therefore, implementation of the proposed Project would not have a substantial effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special-status species in local or regional plans, policies, or regulations, or by CDFW or USFWS.

10. Biological Resources Impact BIO-2: Implementation of the proposed Project would not have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations, or by CDFW or USFWS.

As discussed in Draft EIR Section 3.4.4, pages 3.4-37 through 3.4-39, the proposed Project promotes infill development and encourages higher density in already-developed areas, which greatly minimizes potential impacts to riparian habitats and sensitive communities; however, future development (especially on undeveloped land) could occur within riparian habitat or other sensitive communities. Future development would be subject to the local, regional, State, and federal regulations, including requirements of USFWS, CDFW, the strategies of the EACCS, and the BMPs of the SMP to protect sensitive natural communities. Future development would also undergo review through the City's entitlement process and, as applicable, CEQA to ensure consistency with federal, State, and local regulations intended to protect sensitive biological resources, including riparian habitats and sensitive natural communities. Further, implementation of proposed Policy OS-2.9 would ensure development adjacent to riparian habitats supports the protection, enhancement, and restoration of riparian vegetation and Policy OS-2.7 would require habitat mitigation as a tool to

protect sensitive natural habitats. Proposed Policies OS-1.6 and OS-1.10 require the City to work with local stakeholders and agencies to preserve sensitive habitats. A key strategy of the EACCS is the conservation of core habitat areas that support sensitive and special-status species, and the EACCS provides technical guidance for focal sensitive species, including recommendations for survey approaches, buffers, and mitigation to reduce disturbance. Implementation of these recommendations would be required for applicable projects per proposed Policy OS-2.2. Therefore, implementation of the proposed Project would not have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations, or by CDFW or USFWS.

11. Biological Resources Impact BIO-3: Implementation of the proposed Project would not have a substantial adverse effect on State or federally protected wetlands (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means.

As discussed in Draft EIR Section 3.4.4, pages 3.4-39 and 3.4-40, future development would comply with adopted State, federal, and local regulations for the protection of wetlands and waters of the United States and/or State. In addition, future projects would comply with requirements of the proposed General Plan 2045 goals and policies related to the protection of these biological resources. Specifically, proposed Policy OS-2.6 and Policy OS-3.2 would require the City to protect wetlands by avoiding development in areas that support wildlife and plant habitats and maintaining and enhancing Livermore's creeks, arroyos, and wetlands. Proposed Policy 2.14 would require the City to work with natural resource agencies and organizations to develop programs to fund preservation of sensitive biological resources, including arroyos, wetlands, riparian areas, and grasslands. Implementation of these regulations would reduce impacts on State or federally protected wetlands and waters by emphasizing avoidance, minimization, and mitigation of impacts, including finding that there is "no net loss" of wetlands or other adverse effects on wetlands through hydromodification, filling, diversion, or change in water quality before approving development permits. Therefore, implementation of the proposed Project would not have a substantial adverse effect on State or federally protected wetlands (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means.

12. Biological Resources Impact BIO-5: Implementation of the proposed Project would not conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.

As discussed in Draft EIR Section 3.4.4, page 3.4-43, future development would be subject to the LMC requirements pertaining to tree preservation and the BMPs of the SMP. The location and nature of development considered under the proposed Project would continue to be guided by the General Plan and Development Code. Future development would continue to be reviewed through the City's entitlement process and, as applicable, CEQA to ensure consistency with local regulations intended to protect biological resources. Future development would be required to comply with the proposed General Plan 2045 goals and policies related to biological resources. Therefore, implementation of the proposed Project would not conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.

13. Biological Resources Impact BIO-6: Implementation of the proposed Project would not conflict with the provisions of an adopted Habitat Conservation Plan; Natural Community Conservation Plan; or other approved local, regional, or State habitat conservation plan.

As discussed in Draft EIR Section 3.4.4, page 3.4-44, there are currently no adopted local, regional, or State HCPs that cover the EIR Study Area. Proposed Policy OS-2.3 requires the adoption and implementation of the Livermore HCP. Adoption is anticipated in 2028. The Livermore HCP would serve to protect covered species and their habitats while streamlining environmental permitting for covered activities, including the City's Capital Improvement Projects, ongoing operations and maintenance, the SMP, and implementation of conservation strategies. When the HCP is adopted, covered activities would be required to comply with these measures, adhere to defined mitigation ratios, and account for authorized take of species resulting from covered project activities. Therefore. implementation of the proposed Project would not conflict with the provisions of an adopted Habitat Conservation Plan; Natural Community Conservation Plan; or other approved local, regional, or State habitat conservation plan.

14. Biological Resources Impact BIO-7: Implementation of the proposed Project would not have a cumulative effect related to biological resources.

As discussed in Draft EIR Section 3.4.5, page 3.4-45, future development, as well as other future projects in the eastern Alameda County region, would be required to comply with federal, State, and local laws and policies and all applicable permitting requirements of the regulatory and oversight agencies intended to address potential impacts on sensitive biological resources. Environmental review of specific development proposals, as applicable, would serve to ensure that important biological resources are identified, avoided, or adequately mitigated for where potential impacts exist. Therefore, implementation of the proposed Project would not have a cumulative effect related to biological resources.

15. Cultural and Tribal Cultural Resources Impact CUL-1: Implementation of the proposed Project would not cause a substantial adverse change in the significance of a historical resource pursuant to CEQA Guidelines, Section 15064.5.

As discussed in Draft EIR Section 3.5.4, pages 3.5-31 through 3.5-34, implementation of the proposed General Plan 2045 goals and policies in conjunction with the City's existing design standards and guidelines, regulations, and procedures outlined in the LMC and LDC, and compliance with relevant State and federal laws would ensure that approval of future development consistent with proposed Project is contingent on avoiding or minimizing impacts to historical resources. Specifically, proposed Policy CI-6.3 and CI-6.4 would require the City to maintain and update the Historic Resources Inventory and designate and protect historic resources and potential historic resources in accordance with the Historic Preservation Ordinance. Proposed Policy CI-6.7 would require historical resource evaluations and impact analysis prepared by a qualified professional for projects that could affect a known or potential historic resource. Therefore, implementation of the proposed Project would not cause a substantial adverse change in the significance of a historical resource pursuant to CEQA Guidelines, Section 15064.5

16. Cultural and Tribal Cultural Resources Impact CUL-3: Implementation of the proposed Project would not disturb any human remains, including those interred outside of dedicated cemeteries.

As discussed in Draft EIR Section 3.5.4, pages 3.5-37 and 3.5-38, compliance with the procedures of conduct following the discovery of human remains that are mandated by CEQA Section 15064.5(e), PRC Section 5097.98, and Health and Safety Code Section 7050.5 are standard protocol for qualified professionals and would be adhered to for the proper treatment of discovered human remains. Therefore, compliance with mandatory regulatory procedures and the proposed General Plan 2045 goal and policies would minimize impacts related to the potential discovery or disturbance of any human remains accidentally unearthed during construction activities associated with future development. Specifically, proposed General Plan Policy CI-16.2 requires the immediate suspension of work in the area where resources are discovered during construction and evaluation of the resource by a qualified professional. Therefore, implementation of the proposed Project would not disturb any human remains, including those interred outside of dedicated cemeteries.

17. Cultural and Tribal Cultural Resources Impact CUL-6: Implementation of the proposed Project would not have a cumulative effect related to cultural and tribal cultural resources.

As discussed in Draft EIR Section 3.5.5, pages 3.5-41 and 3.5-42, future projects would be required to be consistent with the goals and policies of the proposed General Plan 2045 and adopted regulations pertaining to archaeological resources, human remains, and TCRs in Livermore, as described under impact discussions (b) through (e) in the Draft EIR. While development associated with the proposed Project may have the potential to result in adverse change to archaeological resources, human remains, and TCRs, the proposed General Plan 2045 includes extensive goals and policies designed to protect such resources. Additionally, Mitigation Measure CUL-2 would require a cultural resources records search and sensitivity assessment. Mitigation Measures CUL-4 and CUL-5 would require procedures for discovery of previously unknown resources. Furthermore, any potentially significant cumulative impacts are related to site-specific impacts to cultural resources and tribal cultural resources in the eastern Alameda County region and would be mitigated, as necessary, on a project-by project basis. In addition, cumulative projects would be required to comply with applicable federal, State, and local laws and regulations, including, among others, the provisions of SB 18 and AB 52, Section 15064.5 of the CEQA Guidelines, and Sections 5024.1 and 5097 of the PRC. Therefore, implementation of the proposed Project would not have a cumulative effect related to cultural and tribal cultural resources.

18. Energy Impact ENG-1: Implementation of the proposed Project would not result in potentially significant environmental impacts due to wasteful, inefficient, or unnecessary consumption of energy resources during project construction or operation.

As discussed in Draft EIR Section 3.6.4, pages 3.6.18 through 3.6-28, with implementation of the proposed General Plan 2045 goals and policies, in conjunction with and complementary to regulatory requirements, energy demand associated with growth under the proposed Project is expected to result in an overall decrease in per-capita energy consumption, decreased reliance on fossil fuels, and increased reliance on renewable energy, consistent with the CEQA Guidelines Appendix F, *Energy Conservation*, energy conservation goals. Specifically, proposed Policy OS-8.1 would require implementation of the CAP strategies to improve energy efficiency and conservation, promote carbon-free energy sources, and reduce energy-related GHG emissions. Proposed Policy OS-8.5 would require the City to consider the energy efficiency of proposed development when making land use and development review decisions. As such, energy consumption under the proposed Project would not be considered inefficient, wasteful, or unnecessary. Therefore, implementation of the proposed Project would not result in potentially significant environmental

impacts due to wasteful, inefficient, or unnecessary consumption of energy resources during project construction or operation.

19. Energy Impact ENG-2: Implementation of the proposed Project would not conflict with or obstruct a State or local plan for renewable energy or energy efficiency.

As stated in Draft EIR Section 3.6.4, page 3.6.29, future projects would be required to comply with the current and future iterations of the California Building Standards Code (CBSC), as applicable. Furthermore, proposed General Plan 2045 goals and policies would support the statewide goal of transitioning the electricity grid to renewable sources. Specifically, proposed Policy OS-8.6 would require the City to consider solar access during the design review process. As discussed in Draft EIR Section 3.17, the net increase in energy demand associated with implementation of the proposed Project would be within the service capabilities of PG&E and Ava Energy and would not impede the provider's ability to implement California's renewable energy goals. In addition, as discussed in Draft EIR Section 3.8, the proposed Project would be consistent with the mitigation strategies of the 2022 CAP, which aim to improve alternative modes of transportation, renewable energy resource integration in new development, and energy efficiency in new development design. Therefore, implementation of the proposed Project would not conflict with or obstruct a State or local plan for renewable energy or energy efficiency.

20. Energy Impact ENG-3: Implementation of the proposed Project would not have a cumulative effect related to energy.

As included in Draft EIR Section 3.6.5, pages 3.6-29 and 3.6-30, all projects developed within the Pacific Gas and Electric Company (PG&E) and Ava Energy service area would implement the requirements of the CBSC and CALGreen and other federal, State, and local regulations, as applicable. Furthermore, new buildings would use new energy-efficient appliances and equipment, pursuant to the Appliance Efficiency Regulations. Future cumulative development could also increase annual vehicle miles traveled (VMT), and thus fuel consumption. However, vehicles would be subject to the U.S. Environmental Protection Agency Corporate Average Fuel Economy standards for vehicular fuel efficiency, and average corporate fuel economy continues to increase as a result of State and federal laws, including the Pavley Advanced Clean Cars program. Vehicle turnover also improves the overall fuel economy of California's vehicle fleets. In addition, implementation of the proposed General Plan 2045 goals and policies would serve to reduce energy use as well as aligning with the state's goals for carbon neutrality, Therefore, implementation of the proposed Project would not have a cumulative effect related to energy.

21. Geology and Soils Impact GEO-1: Implementation of the proposed Project would not subject residents or occupants, visitors, etc. to potential seismic-related hazards, including the risk of loss, injury, or death involving: (i) Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault; (ii) Strong seismic ground shaking; (iii) Seismic-related ground failure, including liquefaction; or (iv) Landslides.

As discussed in Draft EIR Section 3.7.4, pages 3.7-16 through 3.7-19, compliance with State, regional, and local regulations, as well as implementation of the proposed General Plan 2045 goals and policies, pertaining to structural safety regarding fault rupture, ground shaking, liquefaction, and landslides would ensure that future development would not directly or indirectly cause or worsen the likelihood of or substantial adverse effects from seismic hazards related to earthquakes, including the risk of loss, injury, or death. Specifically, proposed Policy S-6.2 would require a site-specific geotechnical investigation for new urban development approval in Alquist-Priolo Earthquake Fault Zones. Proposed Policy S-6.3 would prohibit new structures proposed for human occupancy across the trace of any active or potentially active fault. Proposed Policy S-6.4 would require the City to continue to enforce and identify unreinforced masonry buildings and other buildings that would be at risk during seismic events and strengthen these buildings. Proposed Policy S-6.5 would require a site-specific geotechnical investigation for all critical facilities that would mitigate site-specific challenges, including fault rupture. Compliance with these requirements would minimize structural damage and the exposure of people to risk of injury or death from structural failure in the event of surface fault rupture during an earthquake. Proposed Action S-A-6.1 would further support these policies by requiring detailed fault shear zone studies to define building setback requirements. Therefore, implementation of the proposed Project would not subject residents or occupants, visitors, etc. to potential seismic-related hazards, including the risk of loss, injury, or death involving: (1) rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault; (ii) strong seismic ground shaking; (iii) seismic-related ground failure, including liquefaction; or (iv) landslides.

22. Geology and Soils Impact GEO-2: Implementation of the proposed Project would not result in substantial soil erosion or the loss of topsoil.

As discussed in Draft EIR Section 3.7.4, pages 3.7-19 and 3.7-20, implementation of the proposed General Plan 2045 goals and policies, as well as adherence to existing regulatory requirements that include, but are not limited to, the California Building Code (CBC) and LMC grading and drainage requirements for new developments, would reduce potential soil erosion and loss of topsoil from soil disturbance. Specifically, proposed Policy S-6.8 would require applicants to implement control site preparation procedures and construction phasing to reduce erosion and exposure of soils to the maximum extent possible. Proposed Policy S-6.7 would prohibit construction in areas with severe erosion unless a geotechnical engineering analysis can demonstrate that the project will not contribute to increased erosion. Therefore, implementation of the proposed Project would not result in substantial soil erosion or the loss of topsoil.

23. Geology and Soils Impact GEO-3: Implementation of the proposed Project would not cause substantial hazards associated with future development on unstable geologic units or unstable soils, such as landslides, subsidence, liquefaction, lateral spreading, settlement, or collapse.

As discussed in Draft EIR Section 3.7.4, pages 3.7-20 through 3.7-22, implementation of the proposed General Plan 2045 goals and policies, as well as adherence to existing regulatory requirements that include, but are not limited to, the CBC, LMC, and LDC would ensure future development would not cause substantial hazards associated with development on unstable geologic units or unstable soils, such as landslides, subsidence, liquefaction, lateral spreading, settlement, or collapse. Specifically, proposed Policies S-6.2 and S-6.5 would require a site-specific geotechnical

investigation for new urban development approval in areas subject to high or moderate geologic hazard, as well as critical facilities, so that structures are constructed in a manner that mitigates site-specific geotechnical challenges and minimizes risk from unstable soils. Therefore, implementation of the proposed Project would not cause substantial hazards associated with future development on unstable geologic units or unstable soils, such as landslides, subsidence, liquefaction, lateral spreading, settlement, or collapse.

24. Geology and Soils Impact GEO-4: Implementation of the proposed Project would not directly or indirectly cause substantial adverse effects, including the risks to life or property, from expansive soils, as defined in Table 18-1B of the Uniform Building Code (1994).

As stated in Draft EIR Section 3.7.4, pages 3.7-22 and 3.7-23, implementation of the proposed General Plan 2045 goals and policies, as well as compliance with existing State, regional, and local regulations, such as the CBC, LMC, and LDC, would ensure that future development would not directly or indirectly cause substantial adverse effects, including the risks to life or property from expansive soils. Specifically, proposed Policy S-6.9 would require geotechnical evaluations to confirm that development on expansive soils would not post risks of structural damage and to propose any additional design measures in foothill areas required to address topographic and sols movement concerns. Therefore, implementation of the proposed Project would not directly or indirectly cause substantial adverse effects, including the risks to life or property, from expansive soils, as defined in Table 18-1B of the Uniform Building Code (1994).

25. Geology and Soils Impact GEO-5: Implementation of the proposed Project would not result in development on soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems where sewers are not available for the disposal of wastewater.

As stated in Draft EIR Section 3.7.4, pages 3.7-23 and 3.7-24, proposed General Plan 2045 Policy INF-3.1 would require structures with plumbing in the City Limit to connect to the public wastewater collection system area, which is coterminous with the UGB. Therefore, future development in the EIR Study Area is not anticipated to result in the use of septic tanks or alternative wastewater disposal systems. In the event septic tanks or alternative wastewater disposal systems are required, LMC Chapter 13-32 would allow for the construction of septic tanks or alternative wastewater disposal systems provided that a special permit is granted by the City Council. Therefore, implementation of the proposed Project would not result in development on soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems where sewers are not available for the disposal of wastewater.

26. Geology and Soils Impact GEO-6: Implementation of the proposed Project would not directly or indirectly destroy a unique paleontological resource, site, or unique geologic feature.

As discussed in Draft EIR Section 3.7.4, pages 3.7-24 and 3.7-25, compliance with federal, State, regional, and local regulations and implementation of the proposed General Plan 2045 goal and policies pertaining to paleontological resources would ensure that future development would not directly or indirectly cause substantial adverse effects to paleontological resources. Specifically, proposed Policy CI-5.2 requires that if resources, including paleontological resources, are discovered

during construction, the immediate suspension of work in the area and a qualified professional shall evaluate the resource. Therefore, implementation of the proposed Project would not directly or indirectly destroy a unique paleontological resource, site, or unique geologic feature.

27. Geology and Soils Impact GEO-7: Implementation of the proposed Project would not have a cumulative effect related to geological resources.

As stated in Draft EIR Section 3.7.5, pages 3.7-25 and 3.7-26, future cumulative development would be constructed utilizing current design and construction methodologies for earthquake resistant design as required by relevant regulations, such as the CBC, in addition to any local requirements, including the applicable policies and programs included in the applicable general plans and the applicable municipal codes. They would also be required to comply with Society of Vertebrate Paleontology standards, when and if required, which would ensure the protection of unique paleontological resources. Compliance with these requirements would reduce cumulative, development-related impacts that pertain to seismic events, erosion and loss of topsoil, unstable geologic units, expansive soils, use of septic tanks or other alternative wastewater disposal systems, or destruction of a unique paleontological unit. Therefore, implementation of the proposed Project would not have a cumulative effect related to geological resources.

28. Hazards and Hazardous Materials Impact HAZ-1: Implementation of the proposed Project would not create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials.

As discussed in Draft EIR Section 3.9.4, pages 3.9-20 and 3.9-22, future development that would introduce hazardous materials to a site, or that would generate or result in the transportation of hazardous waste, would be regulated pursuant to federal, State, regional, and local laws, including the proposed General Plan 2045 goals and policies. Specifically, proposed Policy S-11.3 requires measures that promote the safe transport of hazardous materials, and Policy S-11.4 requires coordination with nearby jurisdictions for the transportation of hazardous materials and hazardous materials release response across jurisdictional boundaries. Proposed Policies S-11.7 and S-11.11 would promote the reduction of hazardous waste production and provide convenient access for disposal, which would reduce hazardous waste entering the waste stream. Proposed Policy 11.2 would ensure hazardous waste is only managed in areas with a land use designation of High Intensity Industrial, which would ensure it is managed in places where it would not expose residents or sensitive populations to hazardous waste. Policy S-11.10 would implement processing procedures and local siting criteria consistent with the Alameda County hazardous materials and waste management plans. Therefore, implementation of the proposed Project would not create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials.

29. Hazards and Hazardous Materials Impact HAZ-2: Implementation of the proposed Project would not create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment.

As discussed in Draft EIR Section 3.9.4, pages 3.9-22 through 3.9-24, compliance with the federal, State, regional, and local laws, as well as implementation of the proposed General Plan 2045 goals and policies, would ensure future development would not create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment. Specifically, proposed Policy S-11.5 would require facilities subject to the City's hazardous materials regulations to submit an emergency response plan. Proposed Policies S-11.6 and S-11.8 require investigations and remediation to ensure that soils, groundwater, and buildings affected by hazardous material releases from prior land uses, and lead and asbestos potentially present in building materials, would not have the potential to affect the environment or the health and safety of future property owners or users, consistent with State and Alameda County regulations. Therefore, implementation of the proposed Project would not create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment

30. Hazards and Hazardous Materials Impact HAZ-3: Implementation of the proposed Project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substance, or waste within one-quarter mile of an existing or proposed school.

As discussed in Draft EIR Section 3.9.4, page 3.9-25, compliance with existing applicable local, State, and federal regulatory requirements and proposed General Plan 2045 goals would minimize the potential release of hazardous materials associated with development. Specifically, proposed Policies S-11.2 and S-11.10 would consider the siting of hazardous waste management facilities and implement processing procedure and local siting criteria consistent with the Alameda County hazardous materials and waste management plans. Proposed Policies S-11.6 and S-11.8 require investigations and remediation to ensure that soils, groundwater, and buildings affected by hazardous material releases from prior land uses, and lead and asbestos potentially present in building materials, would not have the potential to affect the environment or the health and safety of future users, such as a school, consistent with State and Alameda County regulations. Therefore, implementation of the proposed Project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substance, or waste within one-quarter mile of an existing or proposed school.

31. Hazards and Hazardous Materials Impact HAZ-4: Implementation of the proposed Project would not result in future development to be located on a site that is included on a list of hazardous materials compiled pursuant to Government Code Section 65962.5 and, as a result, create a significant hazard to the public or the environment.

As discussed in Draft EIR Section 3.9.4, pages 3.9-25 and 3.9-26, compliance with applicable federal, State, and local laws and regulations regarding cleanup and reuse of a listed hazardous materials site, as well as proposed General Plan 2045 goals and policies, would ensure future development would not create a significant hazard to the public or the environment. Specifically, proposed Policy S-11.6 requires investigations and remediation to ensure that soils, groundwater, and buildings affected by hazardous material releases from prior land uses, and lead and asbestos potentially present in building materials, would not have the potential to affect the environment or the health and safety of future property owners or users. Therefore, implementation of the proposed Project would not result in future development to be located on a site that is included on a list of hazardous materials compiled pursuant to Government Code Section 65962.5 and, as a result, create a significant hazard to the public or the environment.

32. Hazards and Hazardous Materials Impact HAZ-5: Implementation of the proposed Project would not result in a safety hazard or excessive noise for people residing or working in the project area.

As discussed in Draft EIR Section 3.9.4, pages 3.9-27 and 3.9-28, compliance with the requirements of the Alameda County Airport Land Use Commission (ALUC) as well as the proposed General Plan 2045 goals and policies would ensure that future development would not result in a safety hazard or excessive noise for people residing or working in the project area. Specifically, proposed Policy S-12.1 would define, maintain, and enforce airport safety zones to minimize potential hazards associated with airport operations, and Policy S-12.2 would prohibit noise-sensitive or safety-sensitive uses in airport influence areas. Proposed Policy N-1.3 would require evaluation of potential noise impacts and recommend mitigation measures for development within the 2030 Airport Community Noise Equivalent Level Noise Contours, and Policy N-4.5 would encourage voluntary compliance with noise abatement procedures. Therefore, implementation of the proposed Project would not result in a safety hazard or excessive noise for people residing or working in the project area.

33. Hazards and Hazardous Materials Impact HAZ-6: Implementation of the proposed Project would not impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan.

As discussed in Draft EIR Section 3.9.4, pages 3.9-28 through 3.9-30, compliance with applicable federal, State, and local laws and regulations regarding emergency response or emergency evacuation and proposed General Plan 2045 goals and policies would ensure future development would not interfere with an adopted emergency response plan or emergency evacuation plan. Specifically, proposed Policy S-1.1 would require coordination with regional partners to conduct periodic mock exercises to ensure effective emergency preparedness and response, and Policy S-1.2 would support reliable emergency communication systems that provide timely warnings and updates to facilitate efficient evacuation during an emergency. Proposed Policy S-1.3 and S-2.4 would ensure adequate evacuation routes are provided for new development and throughout the EIR Study Area. Proposed Actions S-A-1.2 through S-A-1.4 would further support these policies by working with other agencies to increase access to and participation in emergency response systems, conducting an evaluation study to identify evacuation routes and constraints, and coordinating with transit providers to develop evacuation plans for those with special access or functional needs. Therefore, implementation of the proposed Project would not impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan.

34. Hazards and Hazardous Materials Impact HAZ-7: Implementation of the proposed Project would not have a cumulative effect related to hazards and hazardous materials.

As discussed in Draft EIR Section 3.9.5, pages 3.9-30 and 3.9-31, while impacts resulting from hazardous materials tend to be site specific rather than cumulative in nature, other future projects in the eastern Alameda County region would be required to comply with federal, State, and local laws and policies, including the Tri-Valley Local Hazard Mitigation Plan (LHMP), and all applicable permitting requirements of the regulatory and oversight agencies intended to address potential impacts related to hazards and hazardous materials. Environmental review of specific development proposals, as applicable, would serve to reduce potential impacts. With respect to airport safety or noise hazards, only properties within designated airport influences areas are subject

to airport land use compatibility requirements, and development within these areas must comply with the Alameda County ALUC. Other jurisdictions in the region are subject to a similar regulatory framework. Therefore, implementation of the proposed Project would not have a cumulative effect related to hazards and hazardous materials.

35. Hydrology and Water Quality Impact HYD-1: Implementation of the proposed Project would not violate any water quality standards or waste discharge requirements or otherwise substantially degrade surface or groundwater quality.

As discussed in Draft EIR Section 3.10.4, pages 3.10-21 through 3.10-25, compliance with State and local regulations, including the State Water Resources Control Board (SWRCB) Construction General Permit (CGP), the City's BMPs, CALGreen, the LMC, and the proposed General Plan 2045 goals and policies would ensure that future development does not violate water quality standards or waste discharge requirements. Implementation of a stormwater pollution prevention plan (SWPPP) and construction BMPs would minimize pollutant discharges from soil disturbance and construction activities, while operational BMPs would reduce long-term pollutant loading from urban runoff. Specifically, proposed Policies INF-4.3 and INF-4.4 encourage minimizing impervious surfaces and installation of green stormwater infrastructure and other natural stormwater management infrastructure. Proposed Policies OS-3.1 and OS-3.3 would require the City to maintain and improve water quality by regulating runoff from urban uses. Proposed Actions INF-A-4.1 and OS-A-3.1 would further support these policies by installing green stormwater infrastructure to reduce runoff and improve water quality and coordinating with other agencies to study areas potentially suitable for groundwater recharge. Therefore, implementation of the proposed Project would not violate any water quality standards or waste discharge requirements or otherwise substantially degrade surface or groundwater quality.

36. Hydrology and Water Quality Impact HYD-2: Implementation of the proposed Project would not substantially decrease groundwater supplies or interfere substantially with groundwater recharge such that the proposed Project would impede sustainable groundwater management of the basin.

As discussed in Draft EIR Section 3.10.4, pages 3.10-25 and 3.10-26, compliance with the LMC, requirements for new construction and water-efficient landscaping, and the proposed General Plan 2045 goals and policies would ensure that the proposed Project would not substantially decrease groundwater supplies or interfere substantially with groundwater recharge, such that it may impede sustainable groundwater management of the basin. Specifically, proposed Policy OS-3.1 would require the City to maintain and improve the quality and quantity of groundwater and groundwater recharge areas. Proposed Policy OS-3.4 would require the City to coordinate with relevant agencies to support the sustainable management, protection, and recharge of the Livermore Valley Groundwater Basin and study areas potentially suitable for groundwater recharge to inform planning and land use development decisions. Therefore, implementation of the proposed Project would not substantially decrease groundwater supplies or interfere substantially with groundwater recharge such that the proposed Project would impede sustainable groundwater management of the basin.

37. Hydrology and Water Quality Impact HYD-3: Implementation of the proposed Project would not substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river or through the addition of impervious surfaces, in a manner which would: i) result in a substantial erosion or siltation on- or off-site; ii) substantially increase the rate or amount of surface runoff in a manner which would result in flooding on- or off-site; iii) create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff; or iv) impede or redirect flood flows.

As discussed in Draft EIR Section 3.10.4, pages 3.10-26 through 3.10-30, through compliance with existing State and local regulations and BMPs, as well as implementation of the proposed General Plan 2045 goals and policies, development would not result in substantial erosion, siltation, or flooding on or off site; create or contribute runoff water which would exceed capacity of stormwater drainage systems; or impede or redirect flood flows. Specifically, proposed Policy S-6.8 would require developers to implement control site preparation procedures and construction phasing that would reduce erosion and exposure of soils to the maximum extent possible. Proposed Policy S-6.7 and S-6.9 would require geotechnical engineering analysis to ensure that projects in areas with severe erosion or expansive soils would not contribute to increased erosion, sedimentation, or runoff. Proposed Policy INF-4.1 and INF-4.6 requires the City to design public storm drainage improvements to carry appropriate design-year flows and coordinate with Zone 7 and other responsible agencies to maintain and improve the regional flood protection system. Proposed Policies INF-4.3 and INF-4.4 encourage minimizing impervious surfaces and installation of green stormwater infrastructure to reduce runoff. Proposed Policy INF-4.2 would require future development to evaluate how stormwater runoff would affect local and regional flood systems and requires projects to include plans for detention and drainage facilities to prevent increased flood risk. Therefore, implementation of the proposed Project would not substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river or through the addition of impervious surfaces, in a manner which would: i) result in a substantial erosion or siltation on- or off-site; ii) substantially increase the rate or amount of surface runoff in a manner which would result in flooding on- or off-site; iii) create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff; or iv) impede or redirect flood flows.

38. Hydrology and Water Quality Impact HYD-4: Implementation of the proposed Project would not result in the release of pollutants due to project inundation resulting from flood, tsunami, or seiche.

As discussed in Draft EIR Section 3.10.4, pages 3.10-30 through 3.10-33, future development would be subject to the requirements of the LMC and the Tri-Valley LHMP, among other existing, applicable regulations, which would reduce the risks of inundation. Furthermore, as previously described, in coordination with the city, California Department of Water Resources is responsible for maintaining flood protection features in the EIR Study Area. Additionally, all future development would be evaluated on a project-by-project basis to assess impacts related to risk of pollutant release associated with flooding and inundation and would be required to address those impacts through compliance with applicable regulations. In addition, future projects would be required to comply with the proposed General Plan 2045 policies. Specifically, proposed Policy S-7.3 would require new development in the 100-year flood zone to avoid obstructing flood flows, increasing erosion, flood risks, pollutant loads, or degrading water quality, and proposed Policy S-

7.2 would limit modifications to designated floodways for the purpose of accommodating new development. Proposed Policies S-7.4 and S-7.5 would prohibit the construction of new critical facilities in the 100-year flood zone and require new public and private service facilities in flood zones to be floodproofed to or above the base flood elevation. Proposed Policies S-7.8 and S-7.9 would require collaboration with regional partners to identify and mitigate regional flood risks and coordination for post-flood recovery resources. Proposed Policy S-8.1 would ensure that the evacuation plan or dam inundation areas are accurate and up to date. Proposed Policy S-8.2 would ensure there is adequate funding for the inspections of Del Valle and Patterson dams and ensure that required maintenance is being carried out. Therefore, implementation of the proposed Project would not result in the release of pollutants due to project inundation resulting from flood, tsunami, or seiche.

39. Hydrology and Water Quality Impact HYD-5: Implementation of the proposed Project would not conflict with or obstruct implementation of a water quality control plan or sustainable groundwater management plan.

As discussed in Draft EIR Section 3.10.4, pages 3.10-33 and 3.10-34, adherence to the existing regulatory framework, including the SWRCB CGP, regional Municipal Separate Storm Sewer Systems (MS4) Permit, and LMC, would ensure that both surface and groundwater quality are protected during construction and ongoing development of future projects. The CGP requires preparation of a SWPPP, which incorporates BMPs to control sediment, erosion, and hazardous materials contamination of runoff during construction. Pursuant to the regional MS4 Permit, future development would be required to comply with stormwater permit requirements under Provision C.3. Future development would be required to comply with LMC Chapter 13.25 and implement the water-efficient requirements specified in the CALGreen and California Plumbing Codes and the MWELO requirements for water-efficient landscaping outline in LMC Chapter 13.25. In addition, proposed Policy OS-3.1 would require the City to maintain and improve the quality and quantity of groundwater and groundwater recharge areas. Proposed Policy OS-3.4 would require the City to coordinate with relevant agencies to support the sustainable management, protection, and recharge of the Livermore Valley Groundwater Basin and study areas potentially suitable for groundwater recharge to inform planning and land use development decisions. Therefore, implementation of the proposed Project is consistent with and supports the objectives of both the San Francisco Bay RWQCB Basin Plan and the Alternative Groundwater Sustainability Plan (GSP), and implementation of the proposed Project would not conflict with or obstruct implementation of a water quality control plan or sustainable groundwater management plan.

40. Hydrology and Water Quality Impact HYD-6: Implementation of the proposed Project would not have a cumulative effect related to hydrology and water quality.

As discussed in Draft EIR Section 3.10.5, pages 3.10-34 through 3.10-36, because future development in both the EIR Study Area and regional watersheds would be required to comply with existing regulatory requirements described under Hydrology and Water Quality Impact HYD-1 through HYD-5, cumulative development would be consistent with and support the objectives of the San Francisco Bay RWQCB Basin Plan and the applicable GSP. Therefore, implementation of the proposed Project would not have a cumulative effect related to hydrology and water quality.

41. Land Use and Planning Impact LUP-1: Implementation of the proposed Project would not physically divide an established community.

As discussed in Draft EIR Section 3.11.4, pages 3.11-5 through 3.11-7, implementation of the proposed Project would not result in a change in land use or zoning that would cause the construction or removal of any physical features or means of access throughout the EIR Study Area or the region. The proposed Project promotes infill development and encourages higher density in already-developed areas. Additionally, the proposed Project would maintain the existing roadway patterns and would not include any new major roadways or other physical features through existing neighborhoods that would create new physical barriers in the EIR Study Area. The proposed General Plan 2045 contains goals and policies that are designed to promote orderly growth. Specifically, proposed Policy LU-1.5 would require new development to be designed to complement existing surroundings. Proposed Policy LU-1.7 and 1.9 would promote infill development in major commercial and transit-supportive development area and efficient use of land and infrastructure resources. Therefore, implementation of the proposed Project would not physically divide an established community.

42. Land Use and Planning Impact LUP-2: Implementation of the proposed Project would not cause a significant environmental impact due to a conflict with any land use plan, policy, or regulation adopted for the purpose of avoiding or mitigating an environmental effect.

As discussed in Draft EIR Section 3.11.4, pages 3.11-8 through 3.11-15, the proposed General Plan 2045 is the primary planning document for the City of Livermore. The proposed Project is intended to ensure consistency between the General Plan, LDC, regional plans, and federal and State laws and ensure there are no conflicts with these land use plans, policies, or regulations adopted for the purpose of avoiding or mitigating an environmental effect that would result in a significant environmental impact. Therefore, implementation of the proposed Project would not cause a significant environmental impact due to a conflict with any land use plan, policy, or regulation adopted for the purpose of avoiding or mitigating an environmental effect.

43. Land Use and Planning Impact LUP-3: Implementation of the proposed Project would not have a cumulative effect related to land use.

As discussed in Draft EIR Section 3.11.4, page 3.11-15, cumulative development would be governed by the applicable plans, programs, policies, and land use planning regulations which would ensure logical and orderly development and require discretionary review to ensure that projects do not divide an established community or result in environmental impacts due to inconsistency with applicable land use planning regulations including, but not limited to, the applicable general plans or any applicable Specific Plans. Cumulative development would also adhere to policies of the applicable municipal codes. Conformance with these land use planning regulations would be confirmed during project approval. For these reasons, cumulative projects would have a less than significant cumulative effect and the proposed Project would not result in a cumulatively considerable contribution. Therefore, implementation of the proposed Project would not have a cumulative effect related to land use.

44. Mineral Resources Impact MIN-2: Implementation of the proposed Project would not result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan.

As discussed in Draft EIR Section 3.12.4, pages 3.12-6 and 3.12-7, the EIR Study Area consists of regionally significant construction aggregate resource areas. The proposed General Plan 2045 Land Use Map retains the Open Space/Sand and Gravel (OSP/S&G) land use designation for most of the lands as designated in the existing General Plan as Resource Area Sector A-2. Some of the Resource Area Sectors and land that was designated Open Space/Sand and Gravel under the existing General Plan would be redesignated for agricultural, industrial office, and open space and park uses under the proposed General Plan 2045 land use map. The proposed redesignations to agricultural, industrial office, and open space and park uses would be compatible uses that would not result in the loss of availability of a locally important mineral resources recovery site. As such, there would be no permanent obstruction of the mineral resources designated as OSP/S&G, as shown on the proposed General Plan 2045 land use map, and there would be no loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan. Therefore, implementation of the proposed Project would not result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan.

45. Noise Impact NOI-2: Implementation of the proposed Project would not generate excessive groundborne vibration or groundborne noise levels.

As discussed in Draft EIR Section 3.13.4, pages 3.13-49 through 3.13-52, because specific project-level information is not available at this time, it is not possible to quantify future vibration levels at vibration-sensitive receptors that may be near future operational vibration sources. However, adherence to the FTA vibration standards as part of permit issuance for future projects and implementation of the proposed General Plan 2045 goals and policies would ensure impacts related to excessive groundborne vibration or groundborne noise levels are less than significant. Specifically, proposed Policy N-4.7 would require new projects that have the potential to generate substantial vibration to provide a vibration study that include attenuation measures to reduce such vibration to adhere to applicable standards. Therefore, implementation of the proposed Project would not generate excessive groundborne vibration or groundborne noise levels.

46. Noise Impact NOI-3: Implementation of the proposed Project would not expose people residing or working in the project area to excessive aircraft noise levels.

As discussed in Draft EIR Section 3.13.4, pages 3.13-52 through 3.13-54, compliance with the proposed General Plan 2045 goals and policies would ensure future development would not be exposed to unacceptable aircraft noise impacts. Specifically, proposed Policy N-1.3 would require the City to apply the Noise Compatibility policies of the Livermore Airport Land Use Compatibility Plan and evaluate potential noise impacts and recommend mitigation measures through discretionary review procedures such as environmental review, design review, and evaluation of use permits. Therefore, implementation of the proposed Project would not expose people residing or working in the project area to excessive aircraft noise levels.

47. Population and Housing Impact PH-1: Implementation of the proposed Project would not induce substantial unplanned population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of roads or other infrastructure).

As discussed in Draft EIR Section 3.14.4, pages 3.14-5 through 3.14-8, the General Plan is the policy document that plans ahead to accommodate the amount of reasonably foreseeable growth for population, housing, and jobs given past growth trends and the ability of existing services and infrastructure to support future growth. Additionally, buildout of the proposed Project would be able to accommodate the potential 7th Regional Housing Needs Allocation (RHNA) cycle and most of the potential 8th RHNA cycle, which extends beyond the buildout horizon of the proposed Project. The Land Use Element of the proposed General Plan 2045 contains goals and polies that are designed to minimized unplanned population growth. Specifically, proposed Policy LU-19.3 requires the City to remain engaged in current and future long-range plans, such as those prepared by Association of Bay Area Government and Metropolitan Transportation Commission, to influence and be aware of projected growth assumptions. Proposed Policy LU-1.3 requires the City to use this General Plan EIR as a foundation for future discretionary action and to require additional environmental reviews to evaluate the impacts of continued growth if development exceeds projected buildout. Proposed Action LU-A-1.1 would further support these policies by preparing development monitoring reports to track growth in the EIR Study Area. Consequently, while buildout under with the proposed Project would serve to accommodate expected population, housing, and job growth in the EIR Study Area, this growth would not represent unplanned population growth for which inadequate planning has occurred. Therefore, implementation of the proposed Project would not induce substantial unplanned population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of roads or other infrastructure).

48. Population and Housing Impact PH-2: Implementation of the proposed Project would not displace substantial numbers of existing people or housing, necessitating the construction of replacement housing elsewhere.

As discussed in Draft EIR Section 3.14.4, pages 3.14-9 and 3.14-10, the proposed Project is anticipated to result in a net increase in density and utilization of infill or underutilized sites in existing urban areas. Therefore, displacement of people or housing would be temporary as redevelopment occurs. While the proposed General Plan 2045 focuses on infill development which may occur as redevelopment, identified infill areas are predominantly non-residential, and the proposed Project does not call for any large-scale development that would result in substantial displacement of existing housing. The scale of temporary removal of housing would be typical for urban development projects. Further, redevelopment in the EIR Study Area would occur largely on sites that are underutilized and/or with older structures that are past their useful life, and small levels of displacement that may occur would be addressed through compliance with the LMC and proposed General Plan goals and policies. Specifically, proposed Policies LU-1.2 and LU-3.1 would require the City to provide for a range of housing types, sizes, and affordability levels and Policies LU-8.5 and LU-8.6 would encourage the City to acquire property for public uses, such as housing, and allow residential development on quasi-public sites. Therefore, implementation of the proposed Project would not displace substantial numbers of existing people or housing, necessitating the construction of replacement housing elsewhere.

49. Population and Housing Impact PH-3: Implementation of the proposed Project would not have a cumulative effect related to unplanned population growth or displacement of substantial numbers of existing people or housing, necessitating the construction of replacement housing elsewhere.

As discussed in Draft EIR Section 3.14.5, pages 3.14-10 through 3.14-12, implementation of the proposed Project would not induce a substantial amount of unplanned population growth or growth for which inadequate planning has occurred, or displace substantial numbers of existing people or housing, necessitating the construction of replacement housing elsewhere. The proposed General Plan 2045 goals and policies, as described under Population and Housing Impact PH-1 and Impact PH-2, would provide adequate planning to accommodate the proposed new increase in growth in the EIR Study Area. Therefore, cumulative development would not induce substantial unplanned population growth, either directly or indirectly or result in the displacement of substantial numbers of existing people our housing, necessitating the construction of replacement housing elsewhere.

50. Public Services, Recreation Impact PS-1: Implementation of the proposed Project would not result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities or the need for new or physically altered governmental facilities to maintain acceptable service ratios, response times, or other performance objectives for any of the public services, including fire protection, police protection, schools, parks, or other public facilities, the construction of which could cause significant environmental impacts.

As discussed in Draft EIR Section 3.15.4, pages 3.15-19 through 3.15-28, it is expected that new growth under the proposed Project would most likely occur incrementally over the next 20 years. The potential need for new or physically altered governmental facilities would be assessed as development occurs. Mandatory adherence to the proposed General Plan 2045 goals and policies would minimize impacts to public services and governmental facilities and ensure facilities and staffing for public services keep pace with development. Specifically, proposed Policies S-4.4 and S-4.5 would require the City to strive to improve performance and efficiency of the Livermore-Pleasanton Fire Department (LPFD) by monitoring traffic conditions, call volume, and development to determine if any fire stations need to be relocated, or if there is a need for a new station(s), and provide firefighting equipment, facilities, and staffing sufficient to maintain adequate response times and meet performance standards. Proposed Policy S-3.2 would require annual review of the Livermore Police Department (LPD) staffing levels and development trends to determine whether additional police staffing or facilities are needed. A three-phase project was recommended to meet the LPD facilities and equipment deficiencies. Proposed Policy CS-1.1 would require coordination with Livermore Valley Joint Unified School District to allow the district with opportunities to review and comment on future development projects and identify the type of school facilities that may be needed to serve the anticipated population growth. Proposed Policy OS-5.7 would require implementation of parkland standards that are consistent with the Livermore Area Recreation and Park District (LARPD) standards. Proposed Policy OS-5.9 would require developers to provide land or in-lieu fees for parks, which would help facilitate the construction of parks. Proposed Policies OS-5.8 and OS-5.10 would require coordination with LARPD to identify sites to maintain park service standards, prioritize new parks and park improvements in park-deficient neighborhoods, and identify funding sources for park acquisition and improvements and to update the in-lieu park fee ordinance and park facility fees to ensure they reflect current needs and support the development of parks, trails, and recreational facilities, which would ensure new residents have access to parks, stopping potential over usage of existing parks and recreational facilities. Proposed Policy CS-4.3 requires the maintenance of City funding of library operations or expansion of funding, as the City budget allows, to meet the community's needs; this funding would allow the expansion of staffing and facilities to serve future buildout, as needed. Therefore, implementation of the proposed Project

would not result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities or the need for new or physically altered governmental facilities to maintain acceptable service ratios, response times, or other performance objectives for any of the public services, including fire protection, police protection, schools, parks, or other public facilities, the construction of which could cause significant environmental impacts.

51. Public Services, Recreation Impact PS-2: Implementation of the proposed Project would not increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated.

As discussed in Draft EIR Section 3.15.4, pages 3.15-28 and 3.15-29, as the City receives development applications for future development, those applications will be reviewed by the City for compliance with the policies of the General Plan to ensure that parks and recreational facilities keep pace with new development. Specifically, proposed Policies OS-5.1 and OS-5.3 require coordination with LARPD to provide a comprehensive system of parks and recreation facilities that are efficient, accessible to all users, well-maintained, and equitably distributed throughout the community and to develop adequate neighborhood, community, and other appropriate park space and facilities in Livermore to serve foreseeable population increases. In addition, future development would be required to pay in-lieu fees in accordance with LMC Chapter 12.60. Therefore, implementation of the proposed Project would not increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated.

52. Public Services, Recreation Impact PS-3: Implementation of the proposed Project would not include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment.

As discussed in Draft EIR Section 3.15.4, page 3.15-29, the proposed General Plan 2045 Open Space and Conservation Element includes goals and policies to ensure adequate parks and recreational facilities are available to serve the community and keep pace with development. Specifically, proposed Policies OS-5.1 and OS-5.3 require coordination with LARPD to provide a comprehensive system of parks and recreation facilities that are efficient, accessible to all users, well-maintained, and equitably distributed throughout the community and to develop adequate neighborhood, community, and other appropriate park space and facilities in Livermore to serve foreseeable population increases. Construction or expansion of recreational facilities would require permitting and review in accordance with City standards, which would ensure that any environmental impacts are disclosed and mitigated. Therefore, implementation of the proposed Project would not include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment.

53. Public Services, Recreation Impact PS-4: Implementation of the proposed Project would not have a cumulative effect related to public services or recreation.

As discussed in Draft EIR Section 3.15.5, pages 3.15-30 through 3.15-32, future development would be required to undergo project review at the time of project application, and each proposed development would be assessed for impacts to fire protection services, police services, school services, library services, and park and recreation services. Construction or alteration of public service facilities would also be reviewed for compliance with the policies and

programs of the General Plan and Municipal Code of the appropriate jurisdiction, and such construction would be subject to separate project-level environmental review pursuant to CEQA, as required, to identify potential environmental impacts and mitigation measures, if needed. With adequate planning in place in both the EIR Study Area and the areas served by the service providers, the proposed Project would not result in a cumulatively considerable impact on public services, parks, or recreation. Therefore, implementation of the proposed Project would not have a cumulative effect related to public services or recreation.

54. Transportation Impact TRANS-1: Implementation of the proposed Project would not conflict with a program, plan, ordinance, or policy addressing the circulation system, including transit, roadway, and pedestrian facilities.

As discussed in Draft EIR Section 3.16.4, pages 3.16-11 through 3.16-21, the proposed Project supports public transit and improvements to bicycle and pedestrian facilities. It would promote and direct the City to expand the pedestrian and bicycle network, close gaps in the transportation network, and coordinate with regional agencies to improve the transit network. Implementation of these proposed General Plan 2045 goals and policies would support plans and programs to increase travel by transit. Specifically, proposed Policy MO-2.2 promotes safe and feasible alternative transportation facilities to encourage ridership, and proposed Policies MO-4.2, MO-4.3, and MO-4.4 encourage collaboration with other transit providers to improve and expand transit connections. Proposed Actions MO-A-4.1 and MO-A-4.2 would further support these policies by providing strategies to spur the development of transit-supportive infrastructure and regional transportation improvements. Implementation of proposed General Plan 2045 goals and policies would also support programs to reduce overall vehicle usage and VMT, as well as support programs, plans, ordinances, pr policies addressing the roadway network. Specifically, proposed Policy MO-2.2 would provide safe and feasible alternative transportation, and Policy MO-2.4 would promote implementation of transportation demand management to reduce VMT. Proposed Actions MO-A-2.1, MO-A-5.1, and MO-A-8.4 would further support these policies through the adoption of a transportation demand management ordinance for new developments, which would incorporate tiered trip reduction and VMT reduction targets; implementation of the City's Vision Zero Plan to make roadways safer through street, speed management, and safe crossings; and amending the LMC to establish curbside management requirements. Implementation of proposed General Plan 2045 goals and policies would also improve the bicycle and pedestrian network and support programs to increase bicycle and pedestrian travel. Specifically, proposed Policy MO-3.2 aims to improve connectivity for bicycle and pedestrians, and Policy MO-3.7 encourages multimodal street design that integrates bike lanes, bus stops, crosswalks, curb ramps, and other roadway features. Proposed Actions MO-A-5.1, MO-A-7.1, and MO-A-8.3 further support these policies by implementing the City's Vision Zero Plan to make roadways safer through street design, speed management, and safe crossings; developing and implementing a parking strategy for the downtown area; and installing bicycle racks and bicycle storage facilities in areas where more bicycle parking would be beneficial. Overall, implementation of proposed General Plan 2045 goals and policies would generally improve the circulation system. Specifically, proposed Policy MO-6.1 would ensure consistency between circulation and land uses, and Policy MO-6.3 would develop transportation impact guidelines to mitigate transportation impacts of future projects. Proposed Policies MO-12.1 and MO-12.3 require coordination with other transportation agencies and neighboring jurisdictions to align transportation planning. Therefore, implementation of the proposed Project would not conflict with a program, plan, ordinance, or policy addressing the circulation system, including transit, roadway, and pedestrian facilities.

55. Transportation Impact TRANS-2: Implementation of the proposed Project would not conflict or be inconsistent with CEQA Guidelines Section 15064.3, subdivision (b).

As discussed in Draft EIR Section 3.16.4, pages 3.16-22 through 3.16-24, the anticipated changes in VMT from the baseline conditions to the projected 2045 conditions indicate that future development, especially mixed-use projects, could be successful in reducing VMT by increasing access to job opportunities and essential services within shorter distances. As a result of the reduced distances, there would be a decrease in VMT per capita. Moreover, these shorter trips would also reduce VMT by promoting the use of alternative modes of transportation such as bicycling and walking. In addition, the same proposed General Plan 2045 goals and policies identified under Transportation Impact TRANS-1 would promote alternative modes of transportation, such as public transit, bicycling, and walking, encouraging more individuals to choose non-auto modes of transportation, decreasing their reliance on private vehicles. Therefore, implementation of the proposed Project would not conflict or be inconsistent with CEQA Guidelines Section 15064.3, subdivision (b).

56. Transportation Impact TRANS-3: Implementation of the proposed Project would not substantially increase hazards due to a geometric design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment).

As discussed in Draft EIR Section 3.16.4, page 3.16-24, implementation of the proposed General Plan 2045 goals and policies would promote improvements to the transportation network that are designed to be safe for all modes of travel. Compliance with State regulations on roadway and facility design, materials, and signage would further minimize the potential for impact. Specifically, proposed Policy MO-5.8 would require the City to maintain engineering design standards for each street classification. Therefore, implementation of the proposed Project would not substantially increase hazards due to a geometric design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment).

57. Transportation Impact TRANS-4: Implementation of the proposed Project would not result in inadequate emergency access.

As discussed in Draft EIR Section 3.16.4, page 3.16-25, the proposed Project recommends various transportation and green infrastructure improvements. Future development would be subject to the requirements in the LDC, which includes requirements for emergency access, and would be reviewed by public safety officials for compliance with applicable safety, fire, and building codes as part of the City's standard entitlement process. Furthermore, proposed General Plan 2045 policies discussed under Transportation Impact TRANS-1 would also ensure adequate emergency access. The provision of adequate emergency access would be accomplished by considering access routes, developing and updating emergency response plans, and incorporating emergency access considerations in the design of future street improvements. Therefore, implementation of the proposed Project would not result in inadequate emergency access.

58. Transportation Impact TRANS-5: Implementation of the proposed Project would not have a cumulative effect related to transportation.

As discussed in Draft EIR Section 3.16.5, pages 3.16-25 and 3.16-26, compliance with existing federal, State, and local regulations, as well as implementation of the proposed General Plan 2045 goals and policies, as described in Transportation Impact TRANS-1 through Impact TRANS-4, would ensure that the proposed Project would not have a cumulatively significant impact related to transportation. Therefore, implementation of the proposed Project would not have a cumulative effect related to transportation.

59. Utilities and Service Systems Impact USS-1: Implementation of the proposed Project would not require or result in the relocation or construction of new or expanded water, wastewater treatment or storm water drainage, electric power, natural gas, or telecommunications facilities, the construction or relocation of which could cause significant environmental effects.

As discussed in Draft EIR Section 3.17.4, pages 3.17-48 through 3.17-62, compliance with existing federal, state, and local regulatory requirements, including the proposed General Plan 2045 goals and policies would ensure that the proposed Project would not require or result in the relocation or construction of new or expanded water, wastewater treatment or storm water drainage, electric power, natural gas, or telecommunications facilities beyond what has already been planned. Proposed Policies INF-2.6, INF-2.8, and INF-2.9 require new development projects to in the City Limit to connect to the water system and be responsible for constructing adequate potable water distribution system and paying water connection fees to construct additional necessary storage, pumping, and distribution facilities and require the City to condition the approval of new development on the availability of sufficient water supply, storage, and pressure requirements from the City or other water purveyors. Specifically, proposed Policies INF-2.6, INF-2.8, and INF-2.9 require new development projects in the City Limit to connect to the water system and be responsible for constructing adequate potable water distribution systems and paying water connection fees to construct additional necessary storage, pumping, and distribution facilities and require the City to condition the approval of new development on the availability of sufficient water supply, storage, and pressure requirements from the City or other water purveyors. Proposed Policy INF-3.1 would require new development projects to in the City Limit to connect to the public wastewater system. Proposed Policy INF-3.2 would require the City to condition the approval of new development on the availability of adequate long-term capacity of wastewater treatment, conveyance, and disposal sufficient to serve the proposed development areas. Proposed Policy INF-4.2 and INF-4.3 would require new development and major redevelopment projects to evaluate how stormwater runoff will affect local and regional drainage and flood systems and minimize impervious surfaces and integrate green infrastructure to assist in stormwater management. Proposed Policy INF-4.1 would require the City to design public storm drainage improvements to carry appropriate design-year flows to accommodate large storm events. Proposed Policy OS-8.1 would require implementation of the CAP strategies to improve energy efficiency and conservation, promote carbon-free energy sources, and reduce energy-related GHG emissions. Proposed Policy OS-8.5 would require the City to consider the energy efficiency of proposed development when making land use and development review decisions. Therefore, implementation of the proposed Project would not require or result in the relocation or construction of new or expanded water, wastewater treatment or storm water drainage, electric power, natural gas, or telecommunications facilities, the construction or relocation of which could cause significant environmental effects

60. Utilities and Service Systems Impact USS-2: Implementation of the proposed Project would not result in a shortage of water supply, and future development would have sufficient water supplies available to serve the project and reasonably foreseeable future development during normal, dry, and multiple dry years.

As discussed in Draft EIR Section 3.17.4,. pages 3.17-62 and 3.17-63, both Cal Water and Livermore Municipal Water have sufficient water supplies available during normal years and a five-year drought period to accommodate future development. In addition, compliance with the LMC requirements for new construction and adherence to the proposed General Plan 2045 goals and policies would reduce water demand. Specifically, proposed Policy INF-2.2 would require increased water efficiency in all new development and existing building stock and proposed Policy INF-2.4 and INF-2.5 promote recycling and reusing water where appropriate. Therefore, implementation of the proposed Project would not result in a shortage of water supply, and future development would have sufficient water supplies available to serve the project and reasonably foreseeable future development during normal, dry, and multiple dry years.

61. Utilities and Service Systems Impact USS-3: Implementation of the proposed Project would not result in a determination by the wastewater treatment provider which serves or may serve the proposed Project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.

As discussed in Draft EIR Section 3.17.4, page 3.17-63, with continued compliance with all applicable regulations, wastewater generated by the proposed Project would not exceed the capacity of Livermore Water Reclamation Plant. In addition, implementation of the proposed General Plan 2045 goals and policies would further reduce demand. Specifically, proposed Policy 3.2 would require the City to condition the approval of new development on the availability of adequate long-term capacity of wastewater treatment, conveyance, and disposal sufficient to serve the proposed development areas. Therefore, implementation of the proposed Project would not result in a determination by the wastewater treatment provider which serves or may serve the proposed Project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.

62. Utilities and Service Systems Impact USS-4: Implementation of the proposed Project would not generate solid waste in excess of state or local standards, or in excess of the capacity of local infrastructure, or otherwise impair the attainment of solid waste reduction goals.

As discussed in Draft EIR Section 3.17.4, pages 3.17-64 through 3.17-66, with continued compliance with the applicable regulations, leading to increased recycling and waste diversion, and implementation of the proposed 2045 General Plan goals and policies, the proposed Project would not generate solid waste in excess of local standards, in excess of the capacity of local infrastructure, or otherwise impair the attainment of solid waste reduction goals. Specifically, proposed Policy INF-5.2 would require the City to meet or exceed State and County waste diversion and recycling requirements and implement efforts that will aid in minimizing waste. Therefore, implementation of the proposed Project would not generate solid waste in excess of state or local standards, or in excess of the capacity of local infrastructure, or otherwise impair the attainment of solid waste reduction goals.

63. Utilities and Service Systems Impact USS-5: Implementation of the proposed Project would comply with federal, state, and local statutes and regulations related to solid waste.

As discussed in Draft EIR Section 3.17.4, page 3.17-66, the Vasco Road Landfill and Altamont Landfill together provide sufficient permitted capacity to meet the County's AB 939 requirement to maintain a minimum of 15 years of available landfill capacity. Compliance with AB 1826 would be achieved through organic waste recycling and surplus food recovery programs, including the donation of edible food to local food banks. LMC Chapter 8.08 establishes local requirements for organics recycling for residential, commercial, and institutional uses. Future development would be required to comply with Division 4.4 of the most current CALGreen Code, which requires that a minimum of 65 percent of nonhazardous construction and demolition debris from nonresidential construction be recycled and/or salvaged for reuse. New development and redevelopment would also be required to comply with AB 341, which mandates recycling for residential, commercial, and multifamily land uses. In addition, the INF Element of the proposed General Plan 2045 contains goals and policies that require local planning and development decisions to reduce solid waste generation by promoting diversion and recycling. Specifically, proposed Policy INF-5.2 would require the City to meet or exceed State and County waste diversion and recycling requirements and implement efforts that will aid in minimizing waste. Therefore, implementation of the proposed Project would comply with federal, state, and local statutes and regulations related to solid waste.

64. Utilities and Service Systems Impact USS-6: Implementation of the proposed Project would not have a cumulative effect related to utilities and service systems.

As discussed in Draft EIR Section 3.17.5, pages 3.17-66 through 3.17-69, all cumulative projects would be required to comply with existing federal, state, and other local regulatory requirements as well as proposed General Plan goals and policies described under Utilities and Service Systems Impact USS-1 through Impact USS-5. Therefore, implementation of the proposed Project would not have a cumulative effect related to utilities and service systems.

65. Wildfire Impact WF-1: Implementation of the proposed Project would not substantially impair an adopted emergency response plan or emergency evacuation plan.

As discussed in Draft EIR Section 3.18.4, pages 3.18-20 through 3.18-22, future development would be required to comply with adopted State, regional, and local plans and regulations addressing emergency access, response, and evacuation, including the CBC, CFC, LMC, and applicable proposed General Plan 2045 goals and policies. Specifically, proposed Policy S-1.2 would require the expansion and maintenance of reliable emergency communication systems that provide timely warnings and updates, which would help facilitate evacuation in case of emergency. Proposed Policy S-1.3 would require the City to maintain and improve designated evacuation routes and coordinate with regional transportation agencies to ensure the safety and integrity of State-owned evacuation routes. Proposed Actions S-A-1.2 through S-A-1.4 would further support these policies by working with other agencies to increase access to and participation in emergency response systems, conducting an evaluation study to identify evacuation routes and constraints, and coordinating with transit providers to develop evacuation plans for those with special access or functional needs. Compliance with these regulations would ensure future development can be adequately served by emergency response systems operating under the Livermore Emergency

Operations Plan and the Tri-Valley LHMP. Therefore, implementation of the proposed Project would not substantially impair an adopted emergency response plan or emergency evacuation plan.

66. Wildfire Impact WF-2: Implementation of the proposed Project would not exacerbate wildfire risks and thereby expose project occupants to pollutant concentrations from a wildfire or the uncontrolled spread of a wildfire due to slope, prevailing winds, and other factors.

As discussed in Draft EIR Section 3.18.4, pages 3.18-22 through 3.18-26, compliance with existing State and local regulatory requirements such as the CBC, CFC, California Wildland-Urban Interface Code (CWUIC), PRC Section 4291, and the LMC, as well as implementation of the proposed General Plan 2045 goals and policies, would ensure future development would not expose people to the uncontrolled spread of wildfire or pollutant concentrations due to slope, prevailing winds, or other factors. Specifically, proposed Policy S-5.3 would prohibit development in areas where exposure of slopes cannot be suitably revegetated to substantially reduce fire hazards. Proposed Policies S-5.5 and S-5.8 would require review of development proposals in fire hazard severity zone (FHSZ) for site design criteria and appropriate preventative and self-protective measures as well as adherence to the California Fire Safe Regulations and the Fire Hazard Reduction Around Buildings and Structures Regulations. Proposed Policies S-5.5 and S-5.8 would require review of development proposals in FHSZ for site design criteria and appropriate preventative and self-protective measures as well as adherence to the California Fire Safe Regulations and the Fire Hazard Reduction Around Buildings and Structures Regulations. Proposed Policy S-1.4 requires the City to establish a network of equitably located resilience hubs that offer refuge from poor air quality due to regional wildfire smoke. Proposed Policy S-5.10 would require regular debris and brush clearing along public and private roads and implementation of the Annual Vegetation Management Program through the LPFD to remove hazardous vegetation on unimproved and undeveloped lots to ensure they are maintained in a fire-safe manner. Therefore, implementation of the proposed Project would not exacerbate wildfire risks and thereby expose project occupants to pollutant concentrations from a wildfire or the uncontrolled spread of a wildfire due to slope, prevailing winds, and other factors.

67. Wildfire Impact WF-3: Implementation of the proposed Project would not require the installation or maintenance of associated infrastructure (such as roads, fuel breaks, emergency water sources, power lines, or other utilities) that may exacerbate fire risk or that may result in temporary or ongoing impacts to the environment.

As discussed in Draft EIR Section 3.18.4, pages 3.18-26 and 3.18-27, infrastructure and maintenance activities would be required to comply with the adopted State regulations, CBC, CFC, CWUIC, LMC, and the proposed General Plan 2045 policies, as applicable, which would reduce exacerbating wildfire risks associated with the installation or maintenance of such infrastructure. Specifically, proposed General Plan 2045 Policy S-1.3 would require the City to maintain and improve designated evacuation routes, including roadway repairs and vegetation management, and coordinate with regional transportation agencies to ensure the safety and integrity of State-owned evacuation routes. Proposed Policy S-5.11 would require regular debris and brush clearing along public and private roads. These policies would serve to ensure such roadways are properly maintained, including removal of vegetation, as necessary, to reduce wildfire risk. Policies S-4.8 would ensure that existing and future development have sufficient water supplies for fire-fighting purposes and structural suppression. Policy S-10.10 would require undergrounding of existing

electrical utilities throughout the EIR Study Area, consistent with LMC Chapter 13.48, which would reduce the ignition risk of such infrastructure. Therefore, implementation of the proposed Project would not require the installation or maintenance of associated infrastructure (such as roads, fuel breaks, emergency water sources, power lines, or other utilities) that may exacerbate fire risk or that may result in temporary or ongoing impacts to the environment.

68. Wildfire Impact WF-4: Implementation of the proposed Project would not expose people or structures to significant risks, including downslope or downstream flooding or landslides, as a result of runoff, post-fire slope instability, or drainage changes.

As discussed in Draft EIR Section 3.18.4, pages 3.18-28 and 3.18-29, future development would be required to comply with adopted State, regional, and local plans and regulations addressing wildfire prevention, including the CBC, LMC, Tri-Valley LHMP, Livermore Emergency Operations Plan (EOP), and proposed General Plan 2045 goals and policies, which would minimize risks of postfire hazards, such as slope instability or drainage changes. Specifically, proposed Policies S-6.2 and S-6.7 would require site-specific geotechnical investigation for development approval in areas of high landslides susceptibility and prohibit construction in areas susceptible to slope failure, unless it can be clearly demonstrated through geotechnical engineering analysis that the project will not contribute to increased erosion, sedimentation, or runoff. Proposed Policy S-7.3 would require new development in the 100-year flood zone to avoid obstructing flood flows, increasing erosion, flood risks, pollutant loads, or degrading water quality. Proposed Action S-A-6.1 would further support these policies by requiring detailed fault shear zone studies to define building setback requirements. Therefore, implementation of the proposed Project would not expose people or structures to significant risks, including downslope or downstream flooding or landslides, as a result of runoff, post-fire slope instability, or drainage changes.

69. Wildfire Impact WF-5: Implementation of the proposed Project would not have a cumulative effect related to wildfire.

As discussed in Draft EIR Section 3.18.5, page 3.18-30, future potential development in the EIR Study Area and the surrounding region would be required to consider potential impairment to any applicable emergency response plan or evacuation plan as approved under that applicable authority. Additionally, future development in the EIR Study Area and the surrounding region would be required to comply with the same State and regional regulations as discussed in Wildfire Impact WF-1 through Wildfire Impact WF-5, as applicable, such as PRC Section 4291, CBC, CFC, CWUIC and the Tri-Valley LHMP. Lands throughout eastern Alameda County would also implement wildfire reduction strategies through implementation of the Alameda County CWPP, Alameda County EOP, the Alameda County LHMP, applicable goals and policies in the Alameda County General Plan, and the Alameda County Municipal Code. These provisions establish requirements for ignition-resistant building materials, ember-resistant attic vents, enclosed eaves, fire-resistant decking, and the maintenance of defensible space consistent with PRC Section 4291. Compliance with these regulations would reduce the potential for structure ignition and wildfire spread and associated postfire hazards. Therefore, implementation of the proposed Project would not have a cumulative effect related to wildfire.

F. NO IMPACT DETERMINATIONS IDENTIFIED IN THE EIR

CEQA Guidelines Section 15128, *Effects Not Found to be Significant*, allows environmental issues for which there is no likelihood of significant impact to be "scoped out" and not analyzed further in the Draft EIR. The Draft EIR identified the following No Impact determinations:

1. Agriculture and Forestry Resources Impact AGR-5: Implementation of the proposed Project would not conflict with existing zoning for, or cause rezoning of, forest land (as defined in PRC Section 12220(g)), timberland (as defined by PRC Section 4526), or timberland zoned Timberland Production (as defined by Government Code Section 51104(g)).

As discussed in Draft EIR Section 5.1, page 5-1, the EIR Study Area does not contain any national- or State-designated forestland and the woodland/forest communities do not qualify as forest land (as defined in PRC Section 12220(g)), timberland (as defined by PRC Section 4526), or timberland zoned Timberland Production (as defined by Government Code Section 51104(g)). Therefore, implementation of the proposed Project would not conflict with existing zoning for, or cause rezoning of, forest land (as defined in PRC Section 12220(g)), timberland (as defined by PRC Section 4526), or timberland zoned Timberland Production (as defined by Government Code Section 51104(g)).

2. Agriculture and Forestry Resources Impact AGR-6: Implementation of the proposed Project would not result in the loss of forest land or conversion of forest land to non-forest use.

As discussed in Draft EIR Section 5.1, page 5-1, the EIR Study Area does not contain any national- or State-designated forestland and the woodland/forest communities do not qualify as forest land (as defined in PRC Section 12220(g)), timberland (as defined by PRC Section 4526), or timberland zoned Timberland Production (as defined by Government Code Section 51104(g)). Therefore, implementation of the proposed Project would not result in the loss of forest land or conversion of forest land to non-forest use.

3. Agriculture and Forestry Resources Impact AGR-7: Implementation of the proposed Project would not involve other changes in the existing environment which, due to their location or nature, could result in conversion of forest land to non-forest use.

As discussed in Draft EIR Section 5.1, page 5-1, the EIR Study Area does not contain any national- or State-designated forestland and the woodland/forest communities do not qualify as forest land (as defined in PRC Section 12220(g)), timberland (as defined by PRC Section 4526), or timberland zoned Timberland Production (as defined by Government Code Section 51104(g)). Therefore, implementation of the proposed Project would not involve other changes in the existing environment which, due to their location or nature, could result in conversion of forest land to non-forest use.

G. MITIGATION MONITORING AND REPORTING PROGRAM

When making findings, the lead agency must adopt a reporting or monitoring program for the mitigation measures it has adopted or made a condition of Project approval to mitigate or avoid significant effects on the environment. The City hereby adopts the MMRP for the proposed Project, included as an attachment to these findings. The mitigation measures identified in the EIR to reduce

significant impacts are adopted and incorporated into the proposed Project and will be monitored pursuant to the MMRP.

H. ALTERNATIVES

The Draft EIR evaluated two alternatives to the proposed Project. The City Council has reviewed the significant unavoidable impacts associated with each alternative as compared with the proposed Project and has also considered each alternative's feasibility, considering a range of economic, environmental, social, and legal factors. Overall, the City Council concludes that the two alternatives to the proposed Project are infeasible and less desirable than the proposed Project. The City Council's analysis and conclusions are described below.

1. Alternative A: No Project Alternative (Existing General Plan): Under the No Project Alternative (Alternative A), future development would continue to be subject to existing policies, regulations, development standards, and land use designations of the existing 2003 General Plan. Alternative A would not implement the LMC and LDC amendments associated with the proposed General Plan 2045. Therefore, Alternative A would not incorporate new topics that are now required by State law, such as those related to Housing, Safety, and Environmental Justice Elements, and would not revise relevant goals and policies to meet those requirements.

   Alternative A would not establish an updated policy framework to guide Livermore's physical development, protect its resources, or provide adequate infrastructure and public services to accommodate future development and population increases through 2045. Therefore, Alternative A would not provide for orderly growth within the city. Further, Alternative A would not plan for diverse housing or meet the State-mandated Regional Needs Allocation requirements for the current and estimated future housing cycles through 2045. Alternative A would not plan for future circulation or infrastructure improvements. Further, Alternative A would only partially meet other project objectives related to the provision of mixed-use, infill development intended to promote fiscal sustainability within Livermore. Alternative A would also not meet the project objectives to promote Livermore's long-term fiscal sustainability.

2. Alternative B: Reduced Industrial and Concentrated Residential Alternative: The Reduced Industrial and Concentrated Residential Alternative (Alternative B) assumes that like the proposed Project, the General Plan would be updated and the associated amendments to the LMC and LDC would be adopted. However, its primary objective is to avoid development on lands with important agricultural or mineral resource value. This alternative would not be able to fully accommodate the square footage allowed under the industrial designations as proposed in the General Plan 2045 land use map because there is not sufficient industrial land available within the UGB. Therefore, Alternative B would result in less industrial square footage and accordingly result in fewer jobs when compared to the proposed Project, which could result in a jobs-to-housing imbalance and residents commuting to other communities for work. In addition, by reducing the amount of industrial square footage, Alternative B would provide for less tax-generating land uses. Therefore, this alternative does not meet the project objectives to the same degree as the proposed Project.

I. STATEMENT OF OVERRIDING CONSIDERATIONS

As set forth herein, there are significant adverse environmental impacts to agricultural resources, air quality, GHG emissions, mineral resources, and noise, which were identified in the Final EIR, but cannot be mitigated to a less-than-significant level at the programmatic level. CEQA requires the decision makers to balance the benefits of a project against its unavoidable environmental risks in determining to approve a project. The City Council has independently reviewed and considered the information in the Draft and Final EIR and the administrative record and makes the following overriding considerations based on its independent judgment.

Although alternatives have been identified that would reduce the severity of significant and unavoidable impacts, due to the programmatic nature of the proposed Project, it is not feasible to determine if the alternatives would result in full avoidance of the significant and unavoidable impacts. Further, the alternatives would undermine key Project objectives including accommodating required housing capacity, supporting economic development, and reducing VMT (see Section 2.5 in Chapter 2, *Project Description*, of the Draft EIR for the list of Project objectives).

Therefore, the City of Livermore finds that the benefits of the proposed Project outweigh the unavoidable adverse environmental impacts, and that these benefits, on an individual basis and collectively, outweigh each of the significant and unavoidable impacts identified in the Final EIR. These social, economic, legal, and other benefits are supported by substantial evidence in the administrative record and constitute overriding considerations justifying approval of the proposed Project:

1. Approval of the proposed Project advances key Project objectives to achieve the City's planning vision into horizon year 2045, updating goals, policies, and actions so that they meet current State requirements and community priorities (Objective 1).
2. Approval of the proposed Project advances key Project objectives to promote infill development to allow for housing and job growth within the UGB, also supporting the development of diverse housing choices for all individuals and meeting the State-mandated Regional Housing Needs Allocation requirements for the current and estimated future housing cycles through 2045 (Objectives 2 and 4).
3. Approval of the proposed Project would proactively plan for projected population growth and development within the city through horizon year 2045, allowing for sustainable buildout by adopting goals and policies to protect natural resources, safeguard residents against natural and human-caused hazards, and provide adequate public services and infrastructure (Objectives 1, 8, 9, and 10).
4. Approval of the proposed Project would support key Project objectives to plan for vibrant, mixed-use districts that have access to an enhanced circulation system and multi-modal transportation opportunities, including regional rail and local transit services (Objectives 3 and 7).
5. Approval of the proposed Project would advance key Project objectives to promote Livermore's long-term fiscal sustainability by identifying development types, intensities, and locations that generate sufficient public revenues to fund infrastructure, services, and maintenance over time (Objective 6).
6. Approval of the proposed Project would allow a diverse range of jobs and businesses to support a thriving and resilient economy and to increase the opportunity for Livermore residents to work in Livermore (Objective 5).

J. RECIRCULATION NOT REQUIRED

No new significant impacts, substantial increases in impact severity, or new feasible mitigation measures were identified during the public comment process. The Final EIR responds to comments and makes only minor technical changes, clarifications, or additions to the Draft EIR. The minor revisions to the Draft EIR do not identify any new significant impacts or substantial increase in the severity of any environmental impacts. The revisions are for clarification purposes only and do not change the conclusions of the Draft EIR. The City has independently reviewed these revisions and determined that none of the conditions requiring recirculation under CEQA Guidelines Section15088.5 have been met. Therefore, recirculation of the Draft EIR is not required.

K. RECORD OF PROCEEDINGS

Various documents and other materials constitute the record of proceedings upon which the City Council base their findings and decisions contained herein. The record includes, but is not limited to:

- The EIR, which consists of the Draft and Final EIR, technical appendices, staff reports, documents, studies, memoranda, maps, testimony, and other materials related thereto;
- All public notices issued by the City in connection with the Project and the preparation of the Draft and Final EIR;
- All written comments and oral communications submitted by agencies or interested members of the general public during the public review periods for the Draft and Final EIR including oral communications made at public hearings;
- All matters of common knowledge to the members of the City's Planning Commission and City Council, including but not limited to: (i) the City's existing General Plan, zoning ordinance, and other applicable policies and ordinances; (ii) information regarding the City's fiscal status and economic and development patterns and trends; (iii) federal, state and local laws, regulations, guidelines and publications applicable to or affecting the Project; and (iv) reports, projections, documents and other materials regarding statewide, regional, and local planning and development matters within and outside of the City; and
- All other documents and materials relating to the Project as described in PRC Section 21167.6, as applicable.

Documents related to this Project can be found at the Livermore Community Development Department, Planning Division, 1052 South Livermore Avenue, Livermore, CA during normal business hours.

L. FINDINGS REGARDING PREPARATION AND CONSIDERATION OF THE EIR

The City Council finds, with respect to the City's preparation, review and consideration of the EIR, that:

- The City exercised its independent judgment in accordance with PRC Section 21082.1(c) in retaining the independent consulting firm Placeworks to prepare the EIR, and Placeworks prepared the EIR under the supervision and at the direction of the City, and the EIR reflects the City's independent judgment and analysis.

- The City circulated the Draft EIR for review by responsible and trustee agencies and the public, and submitted it to the State Clearinghouse for review and comment by state agencies, as required by CEQA and the CEQA Guidelines.
- The EIR and the proposed Project were presented to the City's Planning Commission, which reviewed and considered, and conducted a public hearing thereon. The Planning Commission determined that the EIR was adequate and sufficient, and prepared in compliance with CEQA and the CEQA Guidelines, and recommended to the City Council that the City Council certify the EIR and approve the Project.
- The EIR and the proposed Project were presented to the City Council of the City, with the recommendation of the City's Planning Commission. The City Council reviewed and considered, and conducted a public hearing on, the EIR and proposed Project.
- The EIR has been completed in compliance with CEQA and the CEQA Guidelines and reflects the City's independent judgment and analysis.

M. SUMMARY

Based on the foregoing Findings and the information contained in the record, it is determined that:

- All significant effects on the environment due to the approval of the Livermore General Plan 2045 Project have been eliminated or substantially lessened where feasible.
- Any remaining significant effects on the environment found to be unavoidable are acceptable due to the factors described in the Statement of Overriding Considerations in Section I.

MITIGATION MONITORING AND REPORTING PROGRAM

This Mitigation Monitoring and Reporting Program (MMRP) has been prepared for the Livermore General Plan 2045 pursuant to the requirements of California Environmental Quality Act (CEQA) Guidelines Section 15097, *Mitigation Monitoring or Reporting*. The purpose of this MMRP is to ensure the implementation of mitigation measures identified as part of the environmental review for the proposed Project. The lead agency may choose whether its program will monitor mitigation, report on mitigation, or both. This MMRP includes the following information:

- The full text of the mitigation measures;
- The party responsible for implementing the mitigation measures;
- The timing for implementation of the mitigation measures; and
- The agency responsible for monitoring the implementation.

Mitigation Measures	Party Responsible for Implementation	Implementation Timing	Agency Responsible for Monitoring
BIOLOGICAL RESOURCES			
Mitigation Measure BIO-4: Prior to the issuance of entitlements for a project, applicants or sponsors of projects on sites where migratory or nesting birds are present shall implement bird-safe design measures for all development projects where a qualified biologist, approved by the City of Livermore (City), determines that migratory or resident birds could be affected. This requirement shall apply to projects adjacent to or incorporating riparian corridors, wetlands, open-space areas, or other natural habitat features, or as otherwise determined by the qualified biologist. Bird-safe design considerations and management strategies shall include avoiding the use of highly reflective glass that appears to reproduce natural habitat and may attract birds; limiting reflectivity and using non-attractive surface treatments; applying low-reflectivity glass or other glazing treatments across the entirety of the building's glass surfaces, not only at lower levels; reducing interior light during evening hours through lighting control systems for commercial buildings; directing exterior lighting downward and screening it to minimize night-time illumination of the building exterior, except as needed for safety and security; avoiding glass skyways, freestanding glass walls, and transparent building corners; eliminating transparent glass at rooflines, including in conjunction with green roofs; and covering roof mechanical equipment with low-profile angled roofing to minimize obstacles to bird flight. Project applicants shall demonstrate incorporation of bird-safe design measures in project plans and provide documentation of biologist review during entitlement or permitting stages. The City shall verify compliance before issuance of building or grading permits.	Project applicant or sponsor	Prior to issuance of building or grading permits, or other entitlements	City of Livermore

Mitigation Measures	Party Responsible for Implementation	Implementation Timing	Agency Responsible for Monitoring
CULTURAL RESOURCES			
Mitigation Measure CUL-2: If any buried historical or archaeological resources are discovered during construction, operations shall stop within a 100-foot radius of the find and the qualified archaeologist shall be consulted to determine whether the resource requires further study. If it is determined that the find is significant, then the qualified archaeologist shall make recommendations to the Lead Agency (City of Livermore) on the feasible measures that shall be implemented to protect the discovered resources, including but not limited to excavation of the finds and evaluation of the finds in accordance with Section 15064.5 of the CEQA Guidelines. Potentially significant historical or archaeological resources consist of, but are not limited to, stone, bone, fossils, wood, or shell artifacts or features, including hearths, structural remains, or historic dumpsites. If the discovered resource is determined or suspected to be of Native American origin, Mitigation Measure CUL-4 shall apply, and consultation with a representative from the consulting Tribe(s) shall be conducted in accordance with that measure. Any previously undiscovered resources found during construction within a project site shall be recorded on appropriate California Department of Parks and Recreation forms and evaluated for significance in terms of CEQA Guidelines. If the relevant resources (if any) are determined to be historical resources as defined under Section 15064.5 of the CEQA Guidelines or a unique archaeological resource in Section 21083.2 of the Public Resources Code, feasible mitigation measures and an archaeological treatment plan shall be developed by the qualified archaeologist and recommended to the project applicant or sponsor and the Lead Agency. Appropriate mitigation measures for significant resources could include avoidance or capping, incorporation of the site in green space, parks, or open space, or data recovery excavations of the find(s) as detailed in the archaeological treatment plan. No further grading or ground disturbance	Project applicant or sponsor; Construction contractor; Qualified archaeologist	During construction upon discovery of buried historical or archaeological resources	City of Livermore

Mitigation Measures	Party Responsible for Implementation	Implementation Timing	Agency Responsible for Monitoring
shall occur within 100 feet of the discovery of a significant historical or archaeological resource until the relevant mitigation measures are approved by the Lead Agency and implemented by the project applicant or sponsor to protect these resources. Work may proceed on other parts of the project site while mitigation for unique archaeological resources is being carried out.			
Mitigation Measure CUL-4: If any buried TCRs are discovered, or are suspected to be of Native American origin, during grading or excavation, the construction contractor shall halt all ground-disturbing activities within a 100-foot radius of the find. The contractor shall immediately notify the Lead Agency (City of Livermore). The City shall notify and consult with a representative from the consulting Tribe(s), consistent with applicable confidentiality provisions under the California Environmental Quality Act (CEQA). If the City, in consultation with the consulting Tribe(s), determines that the resource is a TCR and significant pursuant to CEQA, the City shall require the retention of a Tribal representative and, if appropriate, a qualified archaeologist, at the applicant's expense, to prepare a mitigation plan. The mitigation plan shall be developed and implemented in consultation with the consulting Tribe(s) and shall prioritize avoidance of the resources. If avoidance is not feasible, the plan shall identify appropriate culturally sensitive treatment measures in coordination with the consulting Tribe(s). Such measures may include, but are not limited to, protection of the cultural character and integrity of the resources, protection of traditional uses, confidentiality of sensitive information, or heritage recovery. The City/Tribe(s) may require tribal or other qualified cultural resource monitors during construction to ensure that resources are properly identified and protected.	Project applicant or sponsor; Construction contractor	During construction upon discovery of buried tribal cultural resources	City of Livermore; Consulting Tribe(s)

Mitigation Measures	Party Responsible for Implementation	Implementation Timing	Agency Responsible for Monitoring
Documentation of consultations, treatment measures, and resource protection actions shall be maintained in the project record. Ground-disturbing activities within the buffer area shall not resume until the resource has been evaluated and appropriate treatment measures, developed in consultation with the Tribe(s), have been approved by the City and implemented. Work may proceed on other parts of the project site while mitigation for TCRs is being carried out.			

This page is intentionally left blank.

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION APPROVING GENERAL PLAN 2045
(GENERAL PLAN AMENDMENT (GPA) 21-003)

Livermore General Plan 2045 updates the City's 2003-2025 General Plan and establishes a long-term vision, goals, policies, implementation actions and land use designations to guide future decision making related to growth, development, and resource conservation through horizon year 2045 (referred to herein as the "Project" or "General Plan"). The General Plan addresses State required elements as well as locally important topics, including land use, housing, mobility, infrastructure, economic development, climate resilience, healthy communities, open space protection, and Downtown and South Livermore vitality.

Livermore General Plan 2045 Safety Element incorporates by reference the current Tri-Valley Hazard Mitigation Plan (LHMP), as required by AB 2140 to increase opportunities for financial assistance under the California Disaster Assistance Act. The LHMP was developed in accordance with the Disaster Mitigation Act of 2000 and followed the Federal Emergency Management Agency's Local Hazard Mitigation Plan guidance.

In 2021, City Council identified the Project as a priority and authorized the formation of a General Plan Advisory Committee and a multi-year work program to prepare a revised General Plan document and conduct environmental review.

The City initiated a General Plan Amendment Application (GPA21-003) to comprehensively update the City's General Plan by replacing the existing 2003–2025 General Plan with the General Plan 2045.

Between 2021 and 2026, preparation of the General Plan included an extensive community engagement process, including 36 General Plan Advisory Committee Meetings, that helped shape the Project's priorities and policy direction.

In February 2026, the Draft General Plan was released for public review and is attached hereto as Exhibit B.

On April 1, 2026, the General Plan Advisory Committee reviewed the Draft General Plan, provided feedback for Planning Commission and City Council consideration, and recommended adoption of the General Plan.

On April 21, 2026, the Planning Commission reviewed the Draft General Plan, considered the General Plan Advisory Committee feedback, and provided recommended revisions and clarification to policies and the Land Use Map.

On May 11, 2026, the City Council reviewed the Draft General Plan, considered the General Plan Advisory Committee and Planning Commission's recommendations,

approved modifications to improve clarity and strengthen policy direction, and directed staff to proceed with finalizing the draft document for adoption.

Following Council direction, City staff incorporated additional refinements, including minor updates to the Land Use Map and edits to General Plan policies and actions as shown in Exhibit C attached hereto.

The proposed General Plan is supported by a Final Environmental Impact Report prepared in accordance with the California Environmental Quality Act and provides a balanced and comprehensive framework for future decision making.

At a duly noticed public hearing on July 7, 2026, the Planning Commission considered the Project and staff recommendation, heard public testimony, made the necessary findings and adopted Planning Commission Resolution No. 12-26, attached hereto as Exhibit A, containing the Planning Commission's actions and/or recommendations thereon. The Planning Commission additionally adopted Resolution No. 11-26 recommending the City Council certify the Environmental Impact Report for the General Plan 2045.

On July 27, 2026, the City Council held a duly noticed public hearing to consider the Project, Planning Commission and staff recommendations, all public comments and testimony, and findings.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore that prior to taking action on the Project, and at a properly noticed public hearing, the City Council reviewed written and oral staff reports, conducted a public hearing on the Project and took testimony, and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The City Council's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED that the City Council of the City of Livermore has considered the Record Evidence and adopted a resolution certifying an Environmental Impact Report.

BE IT FURTHER RESOLVED that the City Council of the City of Livermore has considered the findings made in Planning Commission Resolution No. 12-26, attached hereto as Exhibit A, and the City Council hereby adopts the same findings by this reference and incorporates them as their own findings as part of this Resolution. Based upon the City Council's own independent review of the Record Evidence and considerations, the City Council hereby approves Livermore General Plan 2045 (GPA21-003), attached as Exhibit B, subject to the revisions identified in Errata Sheet (dated July 7, 2026) and attached hereto as Exhibit C.

BE IT FURTHER RESOLVED that the City Council of the City of Livermore directs the Planning Manager to file a Notice of Determination with the Alameda County Clerk.

The documents that constitute the record of proceedings upon which this decision is based can be found in the City Clerk's Office, 1052 S. Livermore Avenue, in Livermore California.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

Exhibit C – Livermore General Plan Errata Sheet

IN THE PLANNING COMMISSION OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION RECOMMENDING THAT THE CITY COUNCIL APPROVE LIVERMORE GENERAL PLAN 2045

Livermore General Plan 2045 updates the City's 2003-2025 General Plan and establishes a long-term vision, goals, policies, implementation actions and land use designations to guide future decision making related to growth, development, and resource conservation through horizon year 2045 (referred to herein as the "Project" or "General Plan"). The General Plan addresses State required elements as well as locally important topics, including land use, housing, mobility, infrastructure, economic development, climate resilience, healthy communities, open space protection, and Downtown and South Livermore vitality.

In 2021, City Council identified the Project as a priority and authorized the formation of a General Plan Advisory Committee and a multi-year work program to prepare a revised General Plan document and conduct environmental review.

The City initiated a General Plan Amendment Application (GPA21-003) to comprehensively update the City's General Plan by replacing the existing 2003–2025 General Plan with the General Plan 2045.

Between 2021 and 2026 preparation of the General Plan included an extensive community engagement process including 36 General Plan Advisory Committee Meetings, that helped shape the Project's priorities and policy direction.

In February 2026, the Draft General Plan was released for public review and is attached hereto as Exhibit A.

On April 1, 2026, the General Plan Advisory Committee reviewed the Draft General Plan, provided feedback for Planning Commission and City Council consideration, and recommended adoption of the General Plan.

On April 21, 2026, the Planning Commission reviewed the Draft General Plan, considered the General Plan Advisory Committee feedback, and provided recommended revisions and clarification to policies and the Land Use Map.

On May 11, 2026, the City Council reviewed the Draft General Plan, considered the General Plan Advisory Committee and Planning Commission's recommendations, approved modifications to improve clarity and strengthen policy direction, and directed staff to proceed with finalizing the draft document for adoption.

Following Council direction, staff incorporated additional refinements, including minor updates to the Land Use Map and edits to General Plan policies and actions as shown in Exhibit B attached hereto.

The proposed General Plan is supported by a Final Environmental Impact Report prepared in accordance with the California Environmental Quality Act and provides a balanced and comprehensive framework for future decision making.

On July 7, 2026, the Planning Commission held a duly noticed public hearing to consider the Project and staff recommendations, all public comments and testimony, and findings.

NOW, THEREFORE, BE IT RESOLVED, by the Planning Commission of the City of Livermore that prior to taking action on the Project, and at a properly noticed public meeting, the Planning Commission reviewed written and oral staff reports, conducted a public hearing on the Project and took testimony, and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The Planning Commission's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED, with respect to General Plan 2045, the Planning Commission of the City of Livermore finds based on the information presented:

1. The proposed General Plan is internally consistent with all other provisions of the General Plan.

   Response: Livermore General Plan 2045 provides an updated cohesive, integrated, and internally consistent policy framework that guides Livermore's long-term physical, environmental, social, and economic development over the next 20-year time horizon. All the General Plan elements have been developed concurrently and aligned around shared themes including sustainability, public health, climate resilience, equitable access, multimodal mobility, open space conservation, and Downtown and South Livermore vitality.

   Policies and implementation actions reinforce one another across all the elements, ensuring that operation, work programs, development patterns, infrastructure investments, transportation improvements, environmental stewardship, and community considerations move in parallel toward the City's long-term vision for 2045. This coordinated structure confirms that the General Plan is internally consistent across goals, policies, land use designations, and implementation actions.

2. The proposed General Plan will not be detrimental to the public interest, health, safety, convenience, or welfare of the City.

   Response: The General Plan is explicitly crafted to improve the public interest, health, safety, convenience, and welfare. The proposed policy direction is intended to strengthen community well-being by:

   - providing a balanced land use pattern that supports job creation, open space, commercial activity and sense of place, and housing.

- ensuring public safety and hazard resilience through updated wildfire, seismic, flooding, and emergency response and management policies;
- promoting active transportation, transit, and safe streets to provide a range of mobility choices for all ages, skills, and abilities;
- enhancing access to parks, recreation, and community amenities;
- supporting economic vitality, local businesses, and agritourism.

The General Plan modernizes the City's policy framework to comply with State law, address climate adaptation, ensure long term infrastructure reliability, and support equitable access to services. Adoption will not create conditions detrimental to the public; rather, it advances a policy direction that aims towards a healthier, safer, more connected, inclusive, and more resilient Livermore.

3. The affected site is physically suitable in terms of design, location, shape, size, operating characteristics, and the provision of public and emergency vehicle (e.g., fire and medical) access and public services and utilities (e.g., fire protection, police protection, potable water, schools, solid waste collection and disposal, storm drainage, wastewater collection, treatment, and disposal, etc.), to ensure that the proposed or anticipated uses and/or development will not endanger, jeopardize, or otherwise constitute a hazard to the property or improvements in the vicinity in which the property is located.

   Response: The General Plan is a programmatic planning document that establishes a citywide framework for future growth and development rather than approving site-specific projects. At this level, the General Plan evaluates the overall suitability of land use patterns, infrastructure capacity, environmental constraints, public service availability, and emergency access to ensure that planned land uses can be safely accommodated throughout the city.

   The General Plan incorporates policies and implementation actions addressing mobility, public safety, water supply, wastewater and stormwater infrastructure, parks, schools, and other public facilities to ensure that future development is supported by adequate services and infrastructure. It also includes policies requiring that future development consider site-specific characteristics and constraints including access, topography, environmental resources, geologic conditions, flood hazards, wildfire risk, and other health and safety considerations to ensure that individual projects are designed and constructed in a manner that protects public health and safety and is compatible with surrounding development.

   Because the General Plan does not authorize specific development projects, future development proposals will remain subject to project-level review, including compliance with CEQA, applicable development standards, engineering and design requirements, and review by City departments and service providers. This subsequent review will ensure that individual projects are physically suitable for their sites, that adequate public services and emergency access are provided, and that development will not endanger surrounding properties or constitute a hazard to the public.

Therefore, the Livermore General Plan 2045 provides a planning framework that ensures future development is directed to appropriate locations physically suitable to development and further subject to site-specific review to ensure the protection of public health, safety, and surrounding properties.

BE IT FURTHER RESOLVED that the Planning Commission of the City of Livermore has considered the Record Evidence and adopted a resolution recommending the City Council certify an Environmental Impact Report.

BE IT FURTHER RESOLVED that the Planning Commission of the City of Livermore has considered the findings set forth above and adopts these findings as part of this Resolution. Based upon the Planning Commission's independent review of the Record Evidence and considerations, the Planning Commission recommends that the City Council approve General Plan 2045 attached as Exhibit A, and subject to the revisions identified in Errata Sheet dated (July 7, 2026) and attached hereto as Exhibit B.

The documents that constitute the record of proceedings upon which this decision is based can be found in the Community Development Department, 1052 S. Livermore Avenue, in Livermore, California.

On the motion by Chairperson Kronzak, seconded by Commissioner Anderson, the foregoing Resolution was passed and adopted at the Planning Commission meeting of July 7, 2026, by the following vote:

AYES: ANDERSON, FINTSCHENKO, HORNER, KRONZAK, STEELE.
NOES: NONE.
ABSENT: NONE.

General Plan 2045 – Errata Sheet (July 7, 2026)

This errata describes revisions to General Plan 2045 that will be incorporated into the final General Plan upon adoption. Edits are shown in underline and strikethrough.

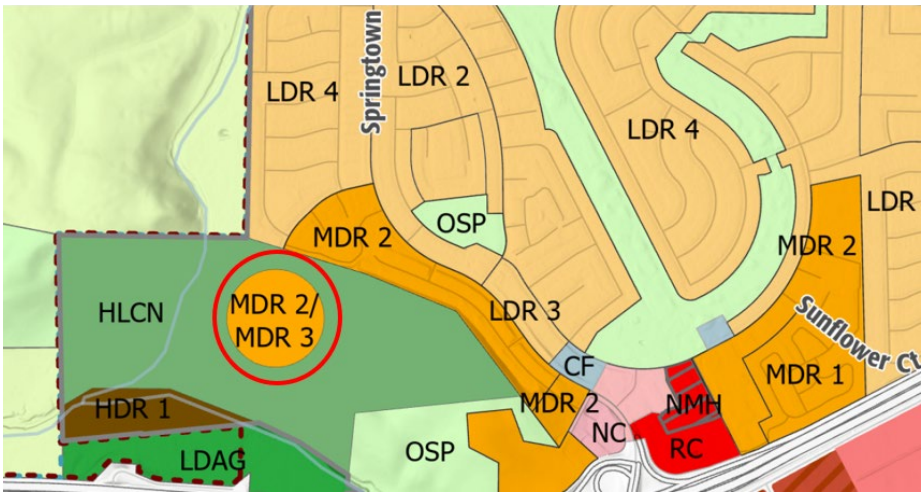

General Plan Land Use Map

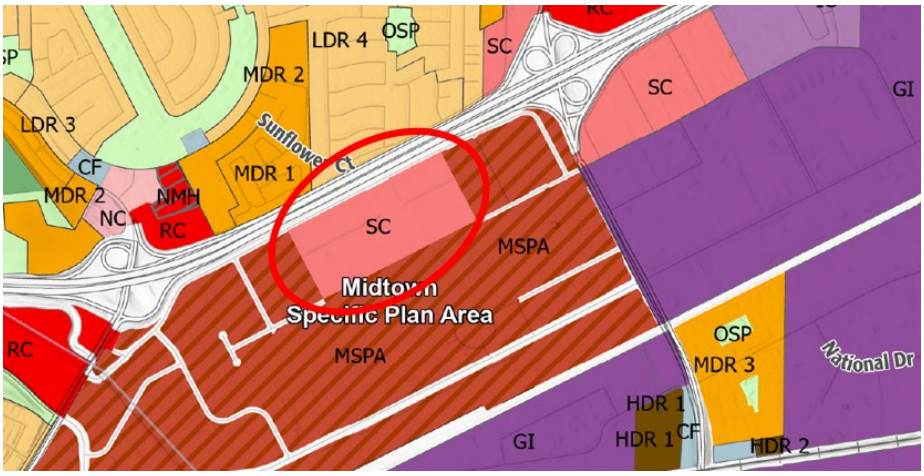

<u>Las Positas/Contractors Place Area</u>: Remove new Service Commercial (SC) designation and keep existing General Industrial (GI) designation to align with the current uses and facilities and reduce non-conformities.

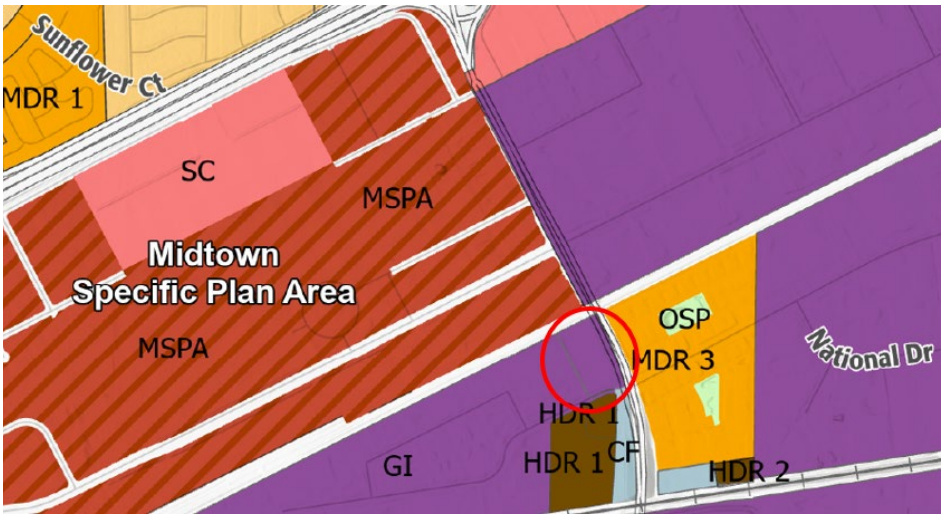

<u>First Street Transition Area (Southwestern corner)</u>: maintain as a dual Medium Density Residential 3 (MDR3)/Service Commercial (SC) designation.

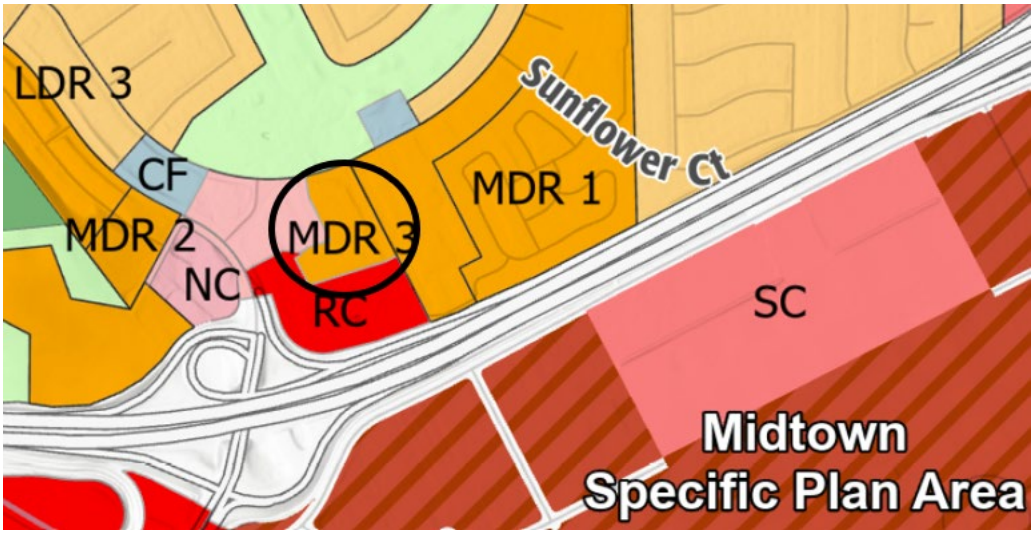

22-acre site near 3658 Las Colinas Road: update the MDR-3 floating designation to a floating MDR-2/MDR-3 designation to allow a wider range of residential densities and product types.

Midtown Specific Plan Area: update a portion of the Midtown Specific Plan designation to Service Commercial.

305 South Vasco Road: Update the Neighborhood Commercial designation to General Industrial.

Camden Commons/Cole Commons: Update the Neighborhood Mixed Use – High Density (NMH) designation to Medium Density Residential 3 (MDR 3) to reflect the existing townhome development.

Land Use Element

- Floor Area Ratio (FAR) - Clarify FAR identified in the Land Use Element is the maximum allowed, not a build to amount. (There are no changes to the FAR numbers in General Plan 2045).

- **Midtown Specific Plan Area**

  The Midtown Specific Plan Area (MSPA) designation applies to the area comprising most of the Metropolitan Transportation Commission (MTC) Southfront Priority Development Area (PDA) in Livermore and incorporates existing development including local shopping districts and the Arroyo Vista Neighborhood Plan. The MSPA designation is intended to create a mixed-use, transit-supportive neighborhood that balances housing, commercial, office, and industrial uses and creates a complete community independent of whether or when a future transit station is developed. Land uses, circulation, development standards, design requirements, infrastructure and service needs, and other specifications for the Midtown Specific Plan Area will be determined through a specific plan. (Current zoning districts shall remain in effect until such time as a midtown specific plan is adopted).

- **Policy LU-2.8: Doolan Canyon Open Space Greenbelt.** Maintain and protect Doolan Canyon's visual, environmental, ecological, and habitat values by establishing a permanent open space greenbelt between the natural Cottonwood Creek riparian corridor and the western City boundary. Continue coordination with the City of Dublin to support preservation, management, and any future planning efforts affecting the area.

- **Policy LU-4.3: ~~Flexible~~ Adaptive and Responsive Development Standards.** Allow ~~flexibility in~~ diversity of use types, densities, and development standards within mixed-use districts to encourage innovation, adaptability to market conditions, and responsiveness to community needs.

- **Policy LU-7.4: Interference with Agriculture.** ~~Prohibit~~ Discourage proposed projects adjacent to agricultural areas that would substantially interfere with existing agricultural production.

- **Policy LU-15.8 Midtown Land Use Consistency** To provide clarity, ensure a smooth transition, and avoid ambiguity, the zoning districts in effect at the time of adoption shall remain in place until a Midtown Specific Plan is adopted.

- **Policy LU-17.1: Transitional Area Project Design.** ~~Require~~ Ensure future development ~~to~~ is designed ~~projects~~ in context with the surrounding land uses and facilitates a mix of housing types.

- **Policy LU-18.1: East of Greenville Possible Conditions for Further Study.** Consider and, at the City's sole discretion, evaluate potential Urban Growth Boundary and land use changes in the East of Greenville Road area under the following conditions. (Nothing in this policy requires the City to initiate or complete a study, or implement the findings

of a study; the City retains full discretion to determine if, when, and where any analysis may occur).

- Service and Infrastructure Challenges. If regular monitoring concludes that the City cannot maintain essential services or infrastructure due to operational or financial issues.
- Jobs-Housing Imbalance. If monitoring reveals a mismatch in land uses that prevents the City from:
    - Supporting new job-generating or high-revenue businesses, or
    - Meeting state housing targets (Regional Housing Needs Assessment) without redesignating other areas.
- Strategic Opportunities. If a unique opportunity arises to meet a strategic goal or deliver community benefits that cannot be achieved through existing plans or monitoring.
- Land Use Conflicts. If land outside the Urban Growth Boundary is being misused or poorly managed in ways that conflict with City goals or negatively impact:
    - Livermore wine country
    - The National Laboratories
    - Nearby industrial or business parks

Community Identity Element

- **Policy CI-11.2 Glare from Developments.** Require developments to minimize obtrusive glare and wasted energy from excessive nighttime lighting and preserve views of the nighttime sky and minimize intrusive lighting impacts on adjacent land uses.
- **Policy CI-13.10 Legislative Advocacy.** Support State legislation that enhances local discretion over design review ~~and~~, discretionary design decisions, and building code or other regulatory updates to ensure high-quality standards that represent Livermore's unique identity and allow for architectural flexibility based on site context and community needs. Oppose State legislation that reduces local authority to preserve high-quality urban design, and architecture, and context sensitive development.
- **Policy CI-15.3: Street Corridors.** Identify, map, design, and implement major street corridors throughout the city. Each major street corridor ~~shall~~ should include high-quality urban design features like generously landscaped medians and backing lots, quality and consistent backing lot walls and fences, large shade tree species, separated

sidewalks, and consistent and artistic public facilities like light poles, pedestrian benches, and litter bins.

Mobility Element

- **Figure on page 5-7** Graph showing the different travel modes of Livermore residents. Updated Figure. (Will be updated periodically as data is collected and minor adjustment made).
- **Policy MO-1.5 Complete Streets Outreach** Involve residents, merchants, and other stakeholders early in the process of evaluating the design and implementation of Complete Streets plans. Use timely and cost-effective outreach and engagement methods that are culturally sensitive and encourage broad representation.
- **Goal MO-4**: Make transit a more convenient and viable option by supporting frequent, reliable, cost-efficient, and connected service.
- **Policy MO-5.7: Level of Service Improvements.** Improve intersections that are allowed to exceed the City's established Level of Service, as established in the City's Transportation Impact Analysis Guidelines, to the extent feasible to improve design, minimize impacts, increase safety for all users, and maintain efficient circulation support the community character.
- **Policy MO-6.3 Local Transportation Analysis Guideline.** Develop a Local Transportation Analysis Guideline to evaluate the transportation impacts from new development, including to vehicular, transit, bicycle, and pedestrian modes, and identify acceptable mitigation measures. The guideline should include both Vehicle Miles Traveled, and Level of Service, Bicycle Level of Traffic Stress (LTS), Pedestrian Level of Stress (PLS) analysis, as well as a Vehicle Miles Traveled reduction toolbox.
- **Policy MO-8.4: Bicycle Parking.** Require on- and off-street bicycle parking facilities near places of work, residential, commerce, education, recreation, and other destinations. Ensure safety and convenience of the bicycle parking accommodating a range of bicycle types.
- **Policy MO-11.4: Level 3 Electric Vehicle Chargers.** ~~Require all new and significantly remodeled gas stations to include a Level 3 electric vehicle charger at a minimum~~. Integrate EV charging stations into new and significantly remodeled commercial developments, and other strategic locations, to improve public accessibility and support expanded EV use.
- **Policy MO-12.2 Interstate 580 High-Occupancy Vehicle/Toll Lanes.** ~~Preserve~~ Evaluate right-of-way preservation needs adjacent to Interstate 580 to support a flexible

range of future regional transportation improvements, which may include allow widening for High-Occupancy Vehicle/Toll lanes, auxiliary lanes, and Valley Link, and other multimodal or emerging mobility options that enhance regional connectivity, improve travel reliability, and expand access to convenient transportation choices.

Infrastructure

- **Policy INF-1.8 Infrastructure Improvement Decision Process** Deliver a consistent and transparent decision-making process for infrastructure improvement prioritization. Use guiding principles, such as resilience, environmental sustainability, equity, safety, cost effectiveness, and fiscal responsibility to guide the prioritization of infrastructure improvements.

Community Services Element

- **Policy CS-3.3: Healthy Food Access.** Remove ~~any~~ regulatory barriers that would discourage healthy food retailers from locating in areas with low access to healthy food. Work with transit providers to improve transit access to healthy food retailers.

Safety Element

- **Policy S-2.4: Two Evacuation Routes.** Require that new major residential and nonresidential developments have access to at least two points of ingress and egress in high severity zones.

- **Policy S-6.3: New Construction on Faults.** ~~Prohibit~~ Avoid new structures proposed for human occupancy across the trace of any active or potentially active fault. The Greenville Fault and Las Positas Fault shall be assumed active, and the Livermore Fault shall be assumed potentially active, unless and until demonstrably shown otherwise by the U.S. Geological Survey (USGS) or the California Geological Survey (CGS) or similar credible authority.

- **Policy S-6.5: Geotechnical Investigations for Critical Facilities.** Require a site-specific geotechnical investigation for all new municipal and critical facilities in the city (schools, hospitals, fire stations, and police stations) so that these facilities are constructed in a manner that mitigates site-specific geotechnical challenges and minimizes the risk to the public from seismic hazards.

- **Policy S-6.6: Utility Lines Across Faults.** ~~Require~~ Coordinate with utility line operators to ensure that major utility lines ~~be~~ are accessible for rapid repair, include safety features such as automatic shutoff valves, switches and expansion joints, and cross faults at right angles or as close to a right angle as physically feasible. Require utility line operators to provide additional equipment to ensure minimal adverse impact on adjacent and

surrounding areas and to facilitate restoration of service in the event of fault displacement.

- **Policy S-11.1: Residual Repositories.** ~~Prohibit~~ Residual repositories are not appropriate in city limits. This includes facilities used for the long-term storage or disposal of residual waste materials such as industrial byproducts, contaminated soils, or treated sludge.

Implementation Chapter

Monitoring Progress and Measuring Success

- To ensure the General Plan remains a living, responsive document, the City will use a monitoring and tracking framework that includes Key Performance Indicators (KPIs). These indicators will help evaluate the effectiveness of policies and City actions over time and guide adjustments as needed. Monitoring will focus on:
    - Housing Production and Affordability: Checking progress toward meeting Regional Housing Needs Allocation (RHNA) targets and providing housing across income levels.
    - Jobs-Housing Balance and Match: Tracking the ratio of jobs to housing and the alignment between local wages and housing costs.
    - Economic Vitality: Monitoring vacancy rates, business growth, and fiscal health indicators such as revenue generation and infrastructure maintenance costs.
    - Infrastructure and Public Services: Ensuring that growth is matched by adequate capacity in transportation, utilities, parks, schools, and emergency services.
    - Environmental Sustainability: Measuring greenhouse gas emissions, vehicle miles traveled, waste diversion, and renewable energy adoption.
    - Multimodal Transportation and Safety: Tracking performance across all travel modes, including transit ridership, bicycle and pedestrian activity, roadway operations, and accessibility. Monitoring traffic safety data such as collision rates, severity, and locations for all users to support safer street design and implementation of Vision Zero–type strategies.
    - Quality of Life: Evaluating access to neighborhood amenities, open space, cultural resources, and community services
- **Action MO-A-8.5: Bicycle Parking Standards.** Update the Development Code (or Standard Details) to establish bicycle parking standards that require the use of rack types

capable of accommodating a variety of bicycle styles and sizes, and that are designed to allow secure attachment of the bicycle frame.

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

AN ORDINANCE ADOPTING DEVELOPMENT CODE AMENDMENT 26-001 AMENDING THE ZONING DISTRICT MAP OF THE CITY OF LIVERMORE

THE CITY COUNCIL OF THE CITY OF LIVERMORE DOES ORDAIN AS FOLLOWS:

Section 1. *Recommendation*. The Planning Commission held a duly noticed public hearing on July 7, 2026 to consider the proposed Zoning Map Amendment ("Project") and recommended that the City Council approve the proposed Zoning Map Amendment in Planning Commission Resolution No. 13-26, attached hereto as Exhibit A. Exhibit A includes attachments showing the proposed change areas to the Zoning Map.

Section 2. *Public Hearing*. Prior to taking action on the Zoning Map Amendment, and at a properly noticed public hearing, the City Council of the City of Livermore reviewed written and oral staff reports, conducted a public hearing on the Zoning Map Amendment and took testimony; and received into the record all pertinent documents related to the Zoning Map Amendment (collectively, the "Record Evidence"). The City Council's determination is based on the Record Evidence, which is incorporated into this Ordinance by reference.

Section 3. *Environmental*. The City Council has adopted Resolution No. ____ finding that the Final EIR for the General Plan 2045 and Zoning Map Amendment has been completed in compliance with the intent and requirements of the California Environmental Quality Act ("CEQA"), CEQA Guidelines, and the City's local CEQA requirements and has considered the information contained in the Final EIR and the record prior to taking any action on the Project, other related Project actions, or any of the alternatives. The City Council certified the Final EIR and approved and adopted the Findings, Facts in Support of Findings and Statement of Overriding Considerations Regarding the Environmental Impact Report.

Section 4. *Zoning Map Amendment*. The City Council has considered the findings made in Planning Commission Resolution No. 13-26, attached hereto as Exhibit A, and hereby adopts the same findings by this reference and incorporates them herein, and, based upon the City Council's own independent review of the Record Evidence and considerations, hereby approves Zoning Map Amendment 26-001 amending the Zoning District Map of the City of Livermore as shown in the attached Exhibit B.

Section 5. *Publication*. This Ordinance or a comprehensive summary thereof shall be published once in a newspaper of general circulation of the City of Livermore within 15 days after its adoption and shall take effect and be in force 30 days from and after its adoption.

Section 6. *Filing.* Planning Manager is directed to file a Notice of Determination with the Alameda County Clerk.

Section 7. *Documents.* The documents that constitute the record of proceedings upon which this decision is based on can be found in the City Clerk's Office, 1052 S. Livermore Avenue, Livermore, California.

Section 8. *Severability.* If any part of this Ordinance is declared unconstitutional or invalid by a court, such unconstitutionality or invalidity shall not affect any remaining parts.

The foregoing Ordinance was introduced at the meeting of the City Council of the City of Livermore held on July 27, 2026 by the following vote:
AYES:
NOES:
ABSENT:
ABSTAIN:

The Ordinance was adopted at the regular meeting of the City Council held on _____, by the following vote:

Exhibit A – Planning Commission Resolution No. 13-26
Exhibit B – Zoning District Map

IN THE PLANNING COMMISSION OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION RECOMMENDING THAT THE CITY COUNCIL ADOPT AN ORDINANCE APPROVING ZONING MAP AMENDMENT 26-001 TO CONFORM WITH THE GENERAL PLAN 2045

Livermore General Plan 2045 updates the City's 2003-2025 General Plan and establishes a long-term vision, goals, policies, implementation actions and land use designations to guide future decision making related to growth, development, and resource conservation through horizon year 2045. The General Plan addresses State required elements as well as locally important topics, including land use, housing, mobility, infrastructure, economic development, climate resilience, healthy communities, open space protection, and Downtown and South Livermore vitality.

State Law requires that a city's Zoning Map be consistent with the General Plan, and that zoning districts be amended as necessary to maintain consistency with the General Plan Land Use Map.

The City initiated an application to amend the Zoning Map to implement the Livermore General Plan 2045 and maintain consistency between the City's zoning districts and General Plan land use designations ("Project").

The environmental effects of the Project have been evaluated in the Livermore General Plan 2045 Environmental Impact Report, prepared in accordance with the California Environmental Quality Act (CEQA).

On July 7, 2026, the Planning Commission held a duly noticed public hearing to consider the Project and staff recommendations, all public comments and testimony, and findings.

NOW, THEREFORE, BE IT RESOLVED by the Planning Commission of the City of Livermore that prior to taking action on the Project, and at a properly noticed public hearing, the Planning Commission reviewed written and oral staff reports, conducted a public hearing on the Project and took testimony, and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The Planning Commission's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED, with respect to the Zoning Map Amendment, attached hereto as Exhibit A, the Planning Commission of the City of Livermore finds based on the information presented:

1. Findings required for all Development Code and Zoning Map Amendments.
    a. The proposed amendment is consistent with the General Plan and any applicable Specific Plan; and

b. The proposed amendment will not be detrimental to the public interest, health, safety, convenience, or welfare of the City

Response: The Project implements the Livermore General Plan 2045 Land Use Element by aligning zoning districts with the General Plan Land Use Map designations and associated policies. The proposed zoning districts correspond to existing or comparable zones that implement the same General Plan land use designations applied throughout the City, ensuring consistency between zoning regulations and the General Plan. The Project supports orderly development in accordance with adopted citywide policies and applicable State law by consistently applying zoning districts that reflect the General Plan's planned land use pattern. The Zoning Map Amendment does not introduce new or incompatible zoning designations and instead reaffirms the City's adopted land use framework. For these reasons, the proposed Zoning Map Amendment is consistent with the General Plan and will not be detrimental to the public interest, health, safety, convenience, or welfare of the City, as it maintains a coherent and implementable regulatory structure for future development.

2. Additional finding for Zoning Map Amendments. The affected site is physically suitable in terms of design, location, shape, size, operating characteristics, and the provision of public and emergency vehicle (e.g., fire and medical) access and public services and utilities (e.g., fire protection, police protection, potable water, schools, solid waste collection and disposal, storm drainage, wastewater collection, treatment, and disposal, etc.), to ensure that the requested zone designation and the proposed or anticipated uses and/or development will not endanger, jeopardize, or otherwise constitute a hazard to the property or improvements in the vicinity in which the property is located.

   Response: The Zoning Map Amendment implements the Livermore General Plan 2045, which establishes a citywide framework for the location, intensity, and pattern of future development based on analysis of infrastructure capacity, environmental constraints, public service availability, and emergency access. The General Plan identifies appropriate land use designations that reflect these conditions at a programmatic, citywide level.

   The Zoning Map Amendment implements these land use designations through corresponding zoning districts that regulate specific use types and development standards, directing future development to areas intended to accommodate such uses and intensities. In doing so, the Zoning Map Amendment maintains consistency between the General Plan Land Use Map and the City's zoning regulations.

   Future development facilitated by the amended zoning districts will remain subject to project-level review, including compliance with applicable development standards, engineering requirements, and review by City departments and service providers to ensure adequate infrastructure, access, and adherence to health and

safety requirements. Therefore, the proposed Zoning Map Amendment provides a planning framework that ensures future development is directed to appropriate locations physically suitable to development to ensure the protection of public health, safety, and surrounding properties.

BE IT FURTHER RESOLVED that the Planning Commission of the City of Livermore has considered the Record Evidence and adopted a resolution recommending the City Council certify an Environmental Impact Report.

BE IT FURTHER RESOLVED that the Planning Commission of the City of Livermore has considered the findings set forth above and adopts these findings as part of this Resolution. Based on the Planning Commission's own independent review of the Record Evidence and Considerations, the Planning Commission recommends the City Council adopt an ordinance approving Zoning Map Amendment 26-001, replacing the existing Zoning Map attached hereto as Exhibit A with the revised Zoning Map attached hereto as Exhibit B, which change areas are reflected in Exhibit C.

The documents that constitute the record of proceedings upon which this decision is based can be found in the Community Development Department 1052 S. Livermore Avenue, in Livermore, California.

On the motion by Chairperson Kronzak, seconded by Commissioner Anderson, the foregoing Resolution was passed and adopted at the Planning Commission meeting of July 7, 2026, by the following vote:

AYES: ANDERSON, FINTSCHENKO, HORNER, KRONZAK, STEELE.
NOES: NONE.
ABSENT: NONE.

City of Livermore Zoning Map

Proposed

Updated on June 29th, 2026

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION APPROVING POLICY PROPOSAL (POL) 26-002 FOR THE SCENIC RESOURCES POLICY TO IMPLEMENT THE GENERAL PLAN 2045 COMMUNITY IDENTITY ELEMENT

Livermore General Plan 2045 updates the City's 2003-2025 General Plan and establishes a long-term vision, goals, policies, implementation actions and land use designations to guide future decision making related to growth, development, and resource conservation through horizon year 2045. The General Plan addresses State required elements as well as locally important topics, including community identity.

The 2003-2025 General Plan establishes regulatory scenic corridor development standards through the application of view angles.

The Livermore General Plan 2045 establishes a higher-level policy framework to promote scenic resources in balance with other community and economic development goals through high-quality architectural and landscape design within Scenic Resource Areas and context-sensitive development within Scenic View Areas to preserve and enhance scenic views by ensuring that new development is compatible with the community.

Livermore General Plan 2045 includes Action CI-A-10.1, which calls for the establishment of Scenic Overlay Districts to ensure development preserves views of Livermore's scenic resources, remains subordinate to natural landforms, and reflects the City's urban aesthetic qualities and implements the Scenic Resources policies.

The City initiated an application for Policy Proposal (POL) 26-002 to implement the General Plan 2045 Community Identity Element by maintaining existing Scenic Corridor standards (the "Project") under separate cover until such time as a new Scenic Overlay District (and other applicable standards) are created and adopted to regulate the Scenic View Areas based on local context.

The environmental effects of the Project have been evaluated in the Livermore General Plan 2045 Environmental Impact Report, prepared in accordance with the California Environmental Quality Act ("CEQA").

At a duly noticed public hearing on July 7, 2026, the Planning Commission considered the Project and staff recommendation, heard public testimony, made the necessary findings and adopted Planning Commission Resolution No. 14-26, attached hereto as Exhibit A, containing the Planning Commission's actions and/or recommendations thereon.

On July 27, 2026, the City Council held a duly noticed public hearing to consider the Project, Planning Commission and staff recommendations, all public comments and testimony, and findings.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore that prior to taking action on the Project, and at a properly noticed public hearing, the City Council reviewed written and oral staff reports, conducted a public hearing on the Project and took testimony, and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The City Council's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED that the City Council of the City of Livermore has considered the Record Evidence and adopted a resolution certifying an Environmental Impact Report.

BE IT FURTHER RESOLVED that the City Council of the City of Livermore has considered the findings made in Planning Commission Resolution No. 14-26, attached hereto as Exhibit A, and the City Council hereby adopts the same findings by this reference and incorporates them as their own findings as part of this Resolution. Based upon the City Council's own independent review of the Record Evidence and considerations, the City Council hereby approves the Scenic Resources Policy (POL26-002), attached hereto as Exhibit B.

BE IT FURTHER RESOLVED that the City Council of the City of Livermore directs the Planning Manager to file a Notice of Determination with the Alameda County Clerk.

The documents that constitute the record of proceedings upon which this decision is based can be found in the City Clerk's Office, 1052 S. Livermore Avenue, in Livermore California.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

IN THE PLANNING COMMISSION OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION RECOMMENDING APPROVAL OF POLICY PROPOSAL (POL) 26-002 FOR THE SCENIC RESOURCES POLICY TO IMPLEMENT THE GENERAL PLAN 2045 COMMUNITY IDENTITY ELEMENT

Livermore General Plan 2045 updates the City's 2003-2025 General Plan and establishes a long-term vision, goals, policies, implementation actions and land use designations to guide future decision making related to growth, development, and resource conservation through horizon year 2045. The General Plan addresses State required elements as well as locally important topics, including community identity.

The 2003-2025 General Plan establishes regulatory scenic corridor development standards through the application of view angles.

The Livermore General Plan 2045 establishes a higher level policy framework to promote scenic resources in balance with other community and economic development goals through high-quality architectural and landscape design within Scenic Resource Areas and context-sensitive development within Scenic View Areas to preserve and enhance scenic views by ensuring that new development is compatible with the community.

Livermore General Plan 2045 includes Action CI-A-10.1, which calls for the establishment of Scenic Overlay Districts to ensure development preserves views of Livermore's scenic resources, remains subordinate to natural landforms, and reflects the City's urban aesthetic qualities and implements the Scenic Resources policies.

The City initiated an application for Policy Proposal (POL) 26-002 to implement the 2045 General Plan Community Identity Element by maintaining existing Scenic Corridor standards (the "Project") under separate cover until such time as a new Scenic Overlay District (and other applicable standards) are created and adopted to regulate the Scenic View Areas based on local context.

The environmental effects of the Project have been evaluated in the Livermore General Plan 2045 Environmental Impact Report, prepared in accordance with the California Environmental Quality Act (CEQA).

On July 7, 2026, the Planning Commission held a duly noticed public hearing to consider the Project and staff recommendations, all public comments and testimony, and findings.

NOW, THEREFORE, BE IT RESOLVED by the Planning Commission of the City of Livermore that prior to taking action on the Project, and at a properly noticed public meeting, the Planning Commission reviewed written and oral staff reports, conducted a

public hearing on the Project and took testimony, and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The Planning Commission's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED, with respect to Policy Proposal (POL) 26-002, the Planning Commission of the City of Livermore finds based on the information presented:

1. The policy is internally consistent with all other provisions of the General Plan; and

   Response: This Project implements the General Plan Community Identity Element, which establishes a framework to preserve local history, cultural heritage, and the city's distinctive physical setting. The General Plan identifies Scenic View Areas, which provide opportunities to experience views of the city's scenic resources including rolling hills, ridgelines, prominent peaks, and other natural features that form the backdrop to the Livermore Valley.

   The Scenic Resources Policy serves as an interim implementation document until applicable Specific Plans and the Livermore Development Code are amended to implement the Community Identity Element and apply context-sensitive design and development standards to new development within Scenic View Areas through the implementation of the Scenic Corridor, to protect and enhance scenic resources and protect views of designated scenic vistas, while supporting the City's broader goals for housing, economic vitality, and sustainable growth, consistent with General Plan.

2. The proposed policy will not be detrimental to the public interest, health, safety, convenience, or welfare of the City.

   Response: This Project maintains the City's existing scenic resources regulations until such time as new standards are adopted, as contemplated by the Livermore General Plan 2045. The Project serves as an interim policy document that ensures development within the Scenic Resource Areas is consistent with the Community Identity Element, which establishes policies that celebrate Livermore's uniqueness, strengthen community connections, and preserve the features of the natural and built environment that shape the City's identity. The Project retains the existing Scenic Corridor Policies to guide development in protecting scenic resources until applicable Specific Plans and the Livermore Development Code chapters are amended to implement the Community Identity Element.

   In addition to the Scenic Resource Policy standards, future development will remain subject to project-level review for compliance with applicable zoning standards, engineering requirements, and review by City departments and service providers to ensure adequate infrastructure, access, and adherence to health and safety requirements. Therefore, the Project will not be detrimental to the public interest, health, safety, convenience, or welfare of the City.

BE IT FURTHER RESOLVED that the Planning Commission of the City of Livermore has considered the Record Evidence and adopted a resolution recommending the City Council certify an Environmental Impact Report.

BE IT FURTHER RESOLVED that the Planning Commission of the City of Livermore has considered the findings set forth above and adopts these findings as part of this Resolution. Based upon the Planning Commission's independent review of the Record Evidence and considerations, the Planning Commission recommends that the City Council approve Policy Proposal (POL) 26-002, for the Scenic Resources Policy, attached hereto as Exhibit A.

BE IT FURTHER RESOLVED, the Planning Commission of the City of Livermore recommends that the City Council direct the Planning Manager to file a Notice of Determination with the Alameda County Clerk, if the Project is approved.

The documents that constitute the record of proceedings upon which this decision is based can be found in the Community Development Department, 1052 S. Livermore Avenue, in Livermore, California.

On the motion by Chairperson Kronzak, seconded by Commissioner Anderson, the foregoing Resolution was passed and adopted at the Planning Commission meeting of July 7, 2026, by the following vote:

AYES: ANDERSON, FINTSCHENKO, HORNER, KRONZAK, STEELE.
NOES: NONE.
ABSENT: NONE.

Tracy Kronzak, Chairperson

Stephen Riley

by Steve Riley, Planning Manager
Secretary to the Planning Commission

EXHIBIT A – Scenic Resources Policy

Scenic Resources Policy

General Plan Figure CI-2 illustrates locations that provide opportunities to experience a variety of views or partial views of the city's scenic resources. These include the rolling hills, ridgelines, prominent peaks, and other natural features that form the backdrop to the Livermore Valley. From these vantage points, visitors and residents can appreciate the visual character that defines Livermore's identity. The Scenic Resource Policy intends to regulate the Scenic View Areas shown in General Plan Figure CI-2 through the implementation of the Scenic Corridor.

The Scenic Corridor is defined as the area which is within 3,500 feet on each side of the centerline of I-580, and visible from the I-580 roadway. Development in the Scenic Resource Policy Areas must preserve, to the largest degree feasible, the view of the ridgelines as seen from the roadway. To that end, no development, structures or man-made objects except plantings erected for landscaping purposes may obscure any portion of the ridgeline as seen from the I-580 roadway, except as provided in this Policy Document. Landscaping, including trees, shall be planted in a manner such that when mature, it does not create a wall-like effect that substantially obscures views of the ridgeline.

1. Exceptions/Exemptions to I-580 Scenic Corridor Development Requirements

Development in the I-580 Scenic Corridor may only take place outside of the view angle envelopes and/or within established view corridors on parcels created before August 14, 2000, consistent with the North Livermore Growth Boundary Initiative, as follows (NLUGBI):

a. Where application of the regulations contained in the *Scenic Route Goals, Objectives, Policies, and Actions* would, based on the legal opinion of the City Attorney, deprive a private property owner of substantially all reasonable economic use of the lot, and where the City Council finds both of the following:

   (1) That the development is spaced sufficiently on the lot so as not to create the effect of a wall between the viewer and the ridgeline; and

   (2) That the development on the lot does not detract from the scenic value of the corridor; or,

b. Where it is determined that new public works projects or elements render the development no longer visible from a view point along I-580; or,

c. Where the development consists of public works projects and facilities of public necessity; or,

d. Where the development consists of reconstructing a structure which existed prior to August 14, 2000, and where the height and area of the new structure does not exceed that of the pre-existing structure; or,

e. Where the development does not exceed a view angle created by an existing structure. The view angle is measured from the roofline of the existing structure closest to the freeway as viewed at a 90-degree angle to the freeway. Only that portion of the proposed development located directly in front of the existing structure may exceed the adopted view angle.

2. I-580 Scenic Corridor Zones – Limitations on Ground Contour Changes

In the I-580 Scenic Corridor, to the extent consistent with the North Livermore Urban Growth Boundary Initiative, the following limits apply to changes in the natural ground contours (NLUGBI):

(a) Zone I: Within 2,000 feet of the center line of I-580, alterations are allowed in slope areas to ten percent, defined as the lowest lying ten percent slope at the base of the hill area. In addition, an area equal to five percent of the overall Zone I area within the property to be developed can be altered above the ten percent slope. This additional area shall be distributed evenly along the ten percent slope but shall not intrude into the adjacent fifteen percent slope.

(b) Zone II: Between 2,000 feet and 2,500 feet of the centerline of I-580, alterations are allowed in slope areas to fifteen percent, defined as the lowest lying fifteen percent slope at the base of the hill area. In addition, an area equal to seven and one-half percent of the overall Zone II area within the property to be developed can be altered above the fifteen percent slope. This additional area shall be distributed evenly along the fifteen percent slope but shall not intrude into the adjacent twenty percent slope.

(c) Zone III: Between 2,500 and 3,500 feet of the centerline of I-580, alterations are allowed in the slope areas to twenty percent defined as the lowest lying twenty percent slope at the base of the hill area. In addition, an area equal to seven and one-half percent of the overall Zone III area within the property to be developed can be altered above the twenty percent slope. This additional area shall be distributed evenly along the adjacent twenty percent slope but shall not intrude into a twenty-five percent slope.

(d) Exceptions: The following exceptions apply to the area north of North Canyons Parkway, and bounded on the east by Independence Drive, and on the west by Doolan Road (as shown on Figure 4-1.1) and described as Parcels B (PM 7522), C, D, and E (PM 7640).

i. In addition, an area equal to five percent of the overall Zone 1 area within the property to be developed can be altered above the 10-percent slope and may be calculated based on the entire site area and redistributed as indicated on Figure 4-1.1. Total area of additional alteration above the 10-percent slope is not to exceed 3.1 acres, as shown on Figure 4-1.1.

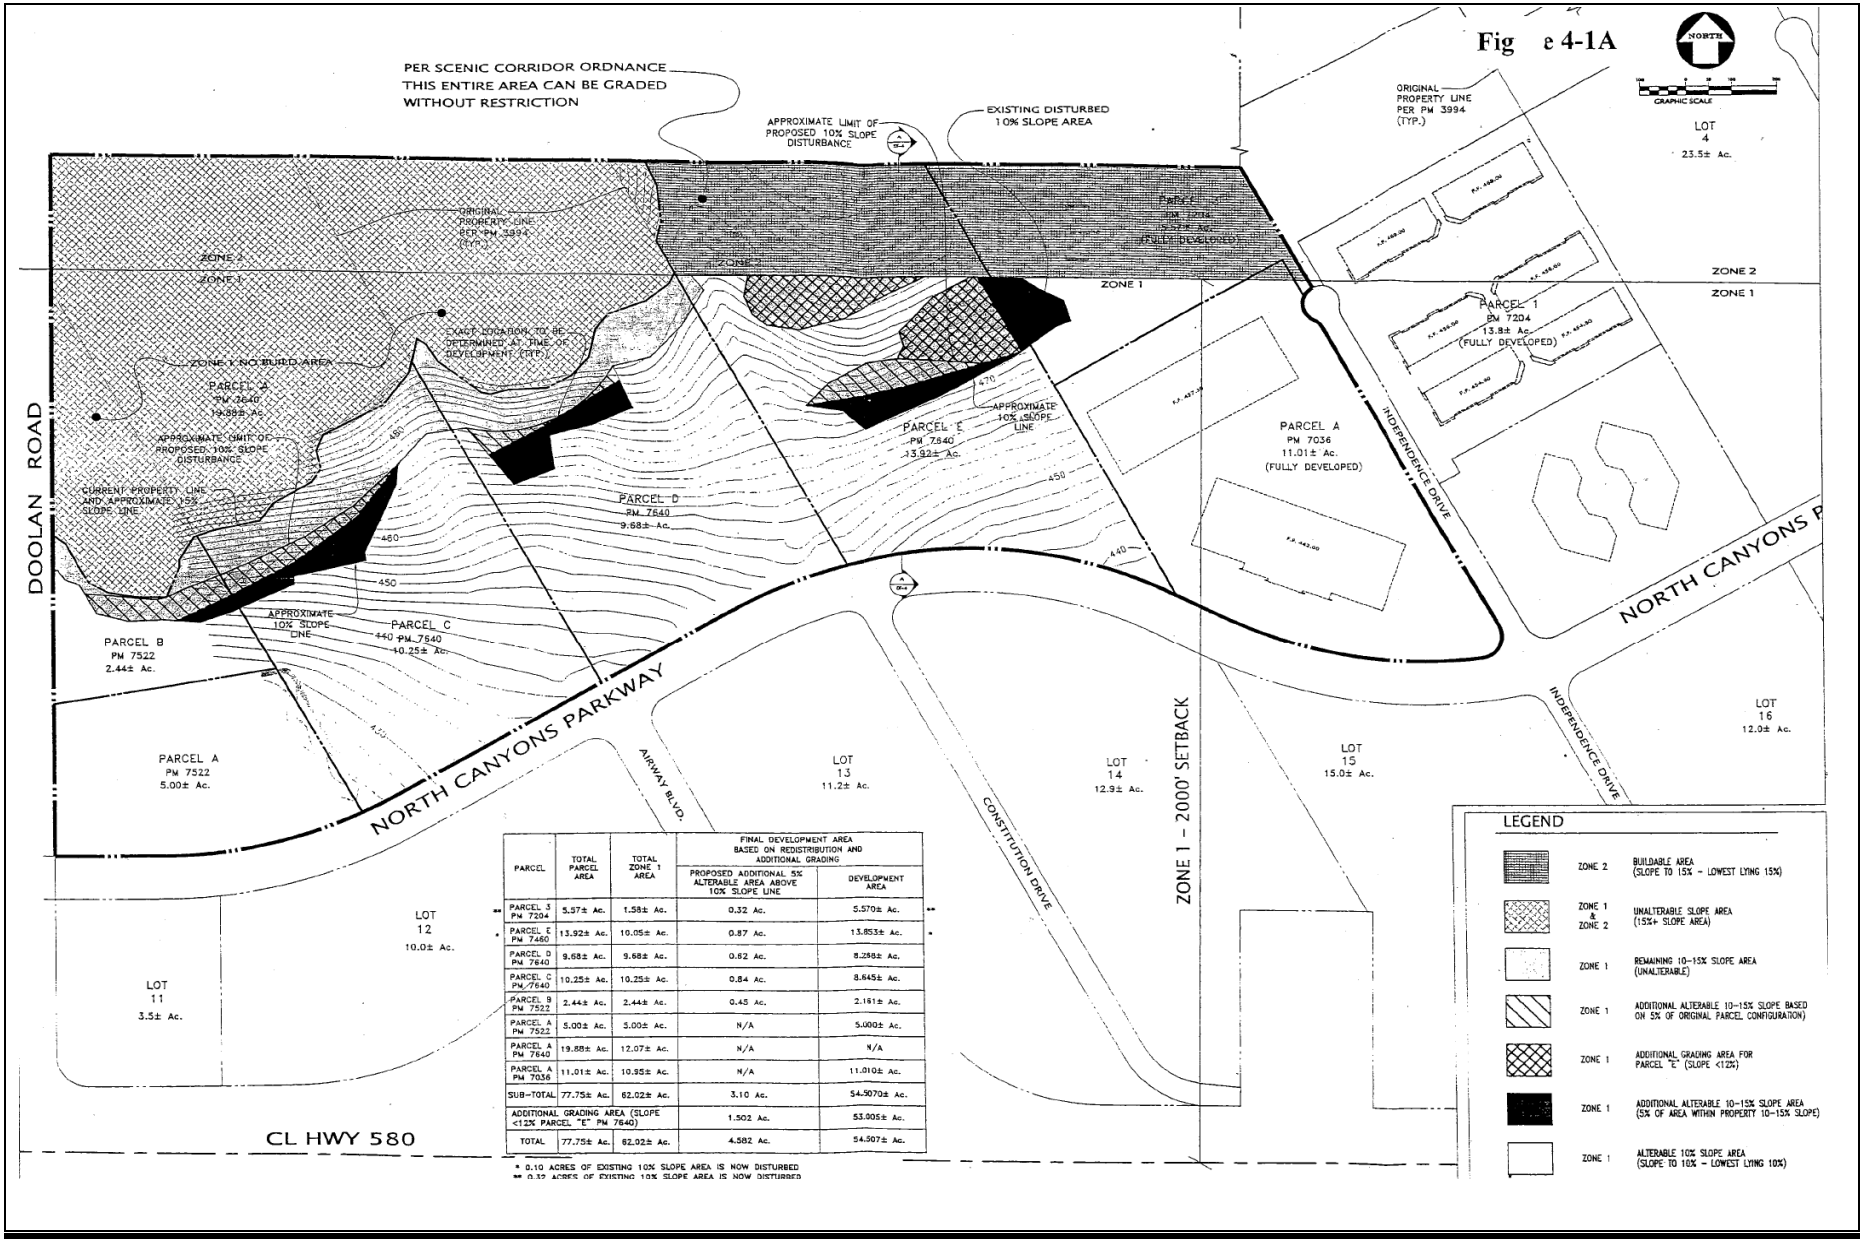

ii. In addition, two knoll areas (as identified on Figure 4-1.1) within the Zone 1 area of existing Parcel E may also be altered. Total area of additional alteration of knoll area on Parcel E is not to exceed 1.5 acres.

iii. In order to ensure above provisions (i) and (ii) are implemented as approved, and that potential future purchasers of property affected by the above restrictions are made aware of the contour alteration exceptions and restrictions on the specific affected parcels within the subject site (parcels E, D, C of PM 7640, and B of PM 7522): a) the implementing zoning district (PDI-00-181) shall be amended to reflect the above contour alteration exceptions and restrictions as shown on Figure 4.1.1 and to include a 100-foot building setback from the rear property line of existing Parcel E; b) the current owner shall record a notice or deed restriction for the affected parcels which outlines the contour alteration exceptions and restrictions governing the affected parcels, as shown on Figure 4-1.1.

(e) Exemptions: In Subarea 1, Subpart C, exemptions to limitations on slope alterations may be granted by the City Council for public works projects and facilities of public necessity, which include the extension of Portola Avenue from Isabel Avenue to I-580, the Community College access road from Portola Avenue to the southern boundary of the College property, and a

neighborhood park located northeast of the Portola Avenue/Isabel Avenue intersection. The City shall find that the necessary public facilities provide broader regional, community, or neighborhood benefits. Grading shall utilize slope contouring or other appropriate methods to avoid the use of terracing and/or retaining walls, to the extent feasible, which would result in undesirable geometric landforms.

Pleasanton, California 94566 Fax (925) 249-0585

FIGURE 4 - 1.1
(Reso. 04-178)
NORTH CANYONS PARKWAY EXCEPTIONS

3. Grading

(a) Grading shall be limited so as to preserve natural features where large stands of vegetation, scenic natural formations, or natural watercourses exist.

(b) Any contour altered by grading should be restored by means of land sculpturing in such a manner as to minimize run-off and erosion problems and should be planted with low-maintenance plant materials that are compatible with the existing environment and the intent of the Scenic Route goals, objectives, policies, and actions.

(c) Neither (a) nor (b) above shall preclude the restorations identified within Subparts 5A and 5B of Subarea 5.

4. I-580 Scenic Corridor Subareas

The I-580 Scenic Corridor is divided into six subareas, as shown in Figure 4-2. Policies and development standards are identified for each subarea that reflect the unique visual resources in each area. *Development is not permitted if it is inconsistent with the North Livermore Urban Growth Boundary Initiative (NLUGBI).* The policies and development standards (such as identified view angles) are intended to preserve views to ridgelines and hillsides as seen from I-580. Development within each Subarea shall also be subject to the general Scenic Corridor design standards contained in Objective CC-4.10 and related policies, except as otherwise expressly provided.

Subarea 1- Development Requirements

a. Subarea 1 is located on the north side of the I-580 freeway. The west boundary of Area 1 is approximately 200 feet west of Doolan Canyon Road; the east boundary is approximately one-mile west of North Livermore Avenue. Figure 4-3 establishes the boundary of Subarea 1.

b. The following criteria shall be implemented through project specific conditions contained in all Planned Development and Site Plan Approvals for development within Subarea 1:

Figure 4-2 – Scenic Route Subareas

EXHIBIT 4-3a - VIEW ANGLE / HEIGHT LIMITS
SUBAREA 1, SUBPARTS C AND D OF SCENIC CORRIDOR ELEMENT
LIVERMORE, CALIFORNIA

DRAWN BY: CWG	JOB NO:19302.000	DATE: 2015.09.28	REV. DATE: -	PHASE: -

09-28-2015 9:16am Chris Guenther P:\19302\DES\EXH-3\GPEXH4-3A(2015.09.23).DWG

EXHIBIT B

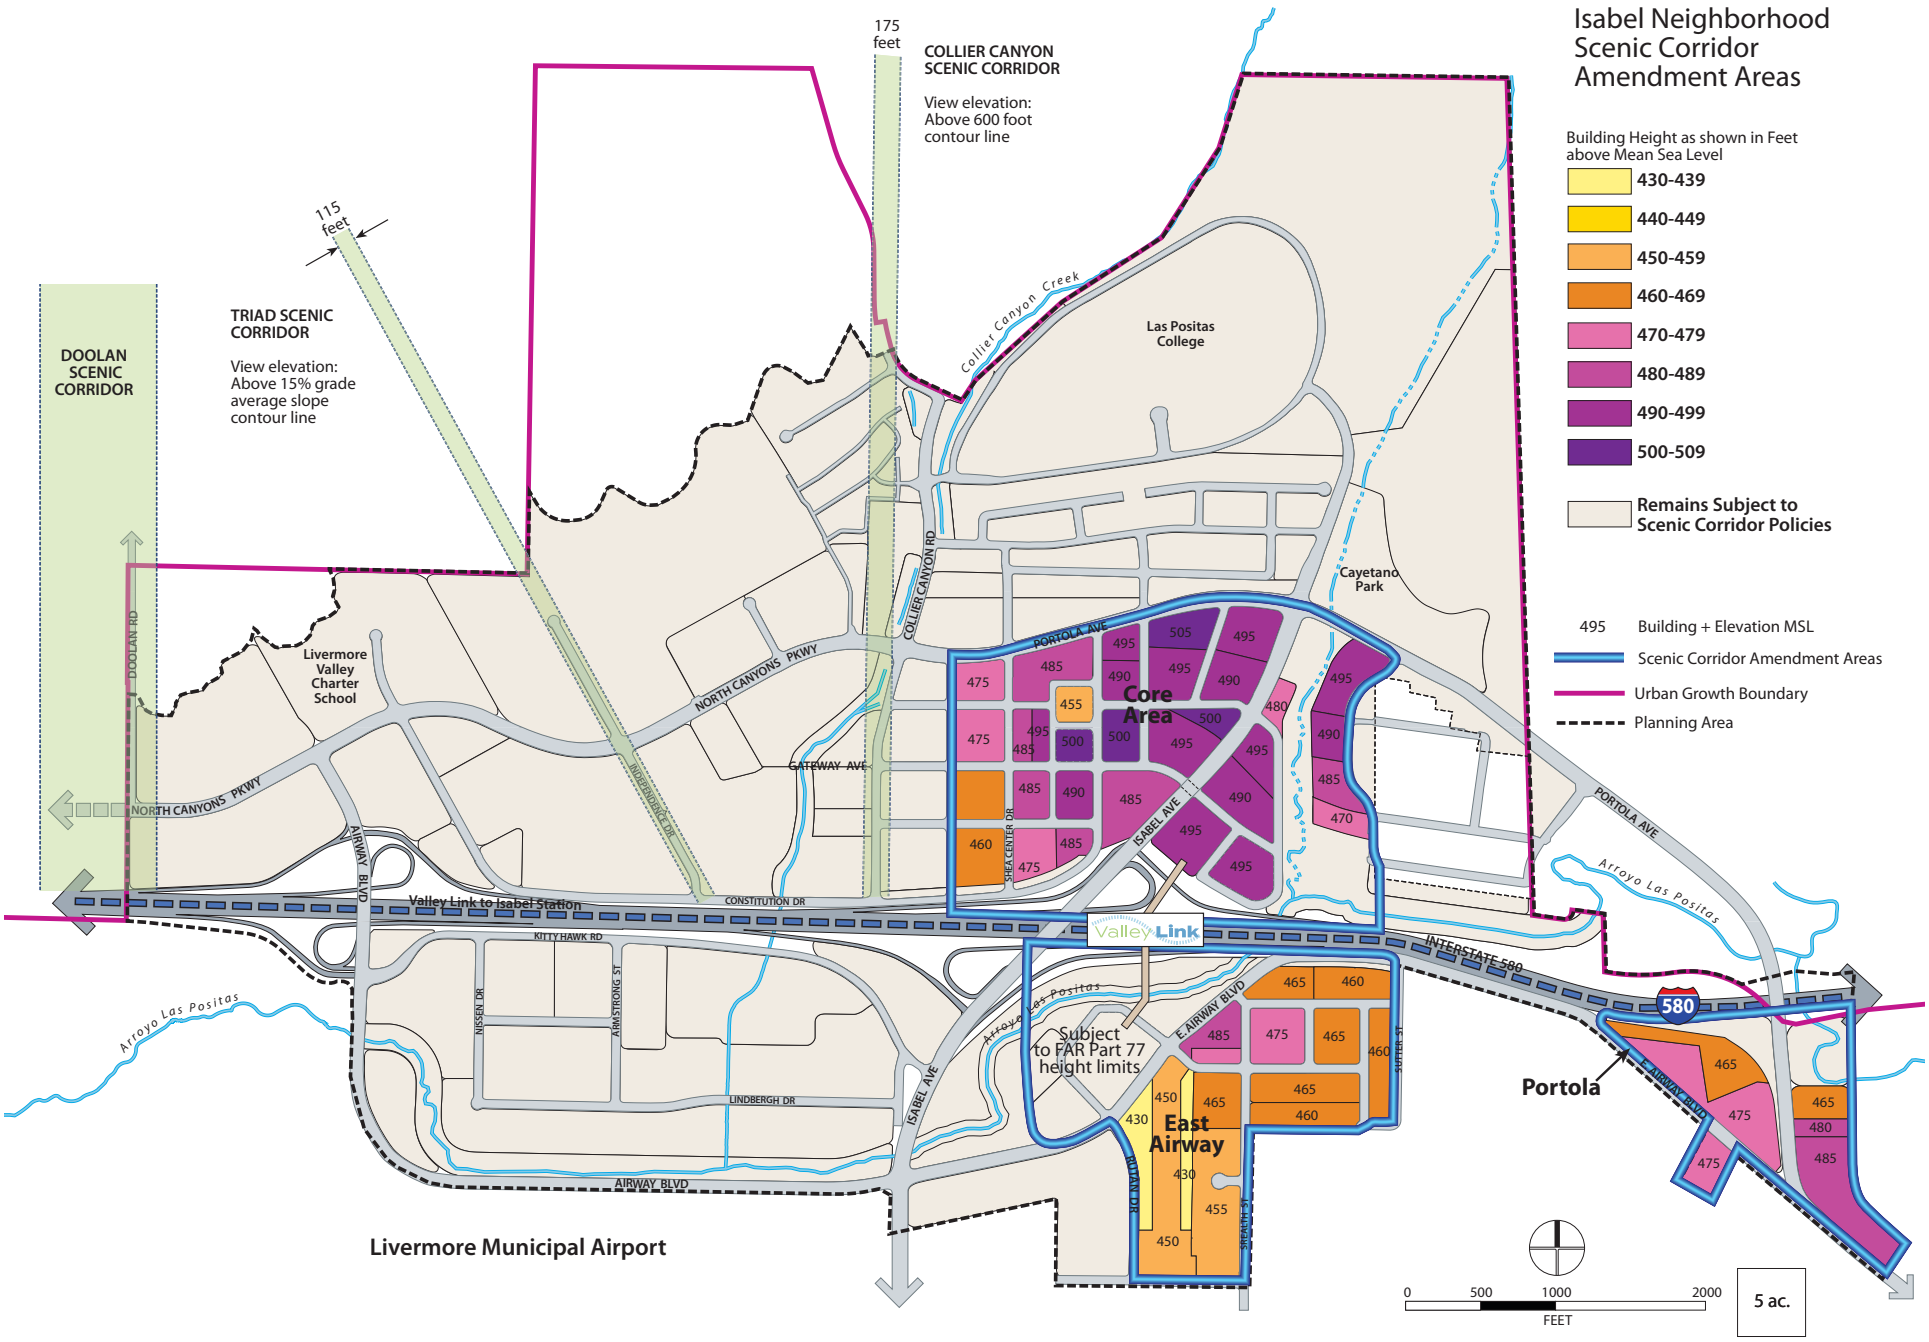

FIGURE 4-3.B

(1) *View Corridors*

View corridors shall be provided as listed below:

(a) Doolan Canyon: Provide 200 +/- wide view corridor at approximately 90 degrees from I-580. (Most of this corridor is presently outside City limits.) This corridor would require clear areas at approximately I-580 viewing elevation.

(b) Triad: Provide a view corridor at approximately 60 degrees to west I-580 lanes. Views are to the 15 percent grade average slope contour line at view corridor terminus. The view corridor shall be 115 +/- feet wide. The location of the view corridor, as identified on Figure 4-4, shall generally follow the right-of-way of Independence Drive.

(c) Collier Canyon: Provide a 175 +/- foot wide view corridor to Collier Canyon generally at 90 degrees to I-580 and centered on Collier Canyon Road (Figure 4-4). This corridor would require clear areas which maintain views above the 600-foot contour line of the hills at the canyon mouth.

(2) *View Angles*

Development within Subarea 1 shall take place within the view angle envelopes created by using the view angles designated below. For the purposes of establishing these view angles, Subarea 1 has been divided into 3 subparts. These subparts reflect differing terrain, visual resources, subdivision configuration, freeway/view relationships, and regulatory histories within each part.

Figure 4-3 identifies the subparts of Subarea 1. Subpart A (commonly referred to as Triad-west) includes the westerly ¼ +/- of Subarea 1. Subpart B (commonly referred to as Triad-east) covers the next easterly approximate ¼ of Subarea 1 to Collier Canyon Road. Subpart C (commonly referred to as Shea Properties) involves the easterly ½ of Subarea 1.

Within each subpart, view angles are established as follows using the criteria outlined in Section C.5 (*I-580 Scenic Corridor Implementation*):

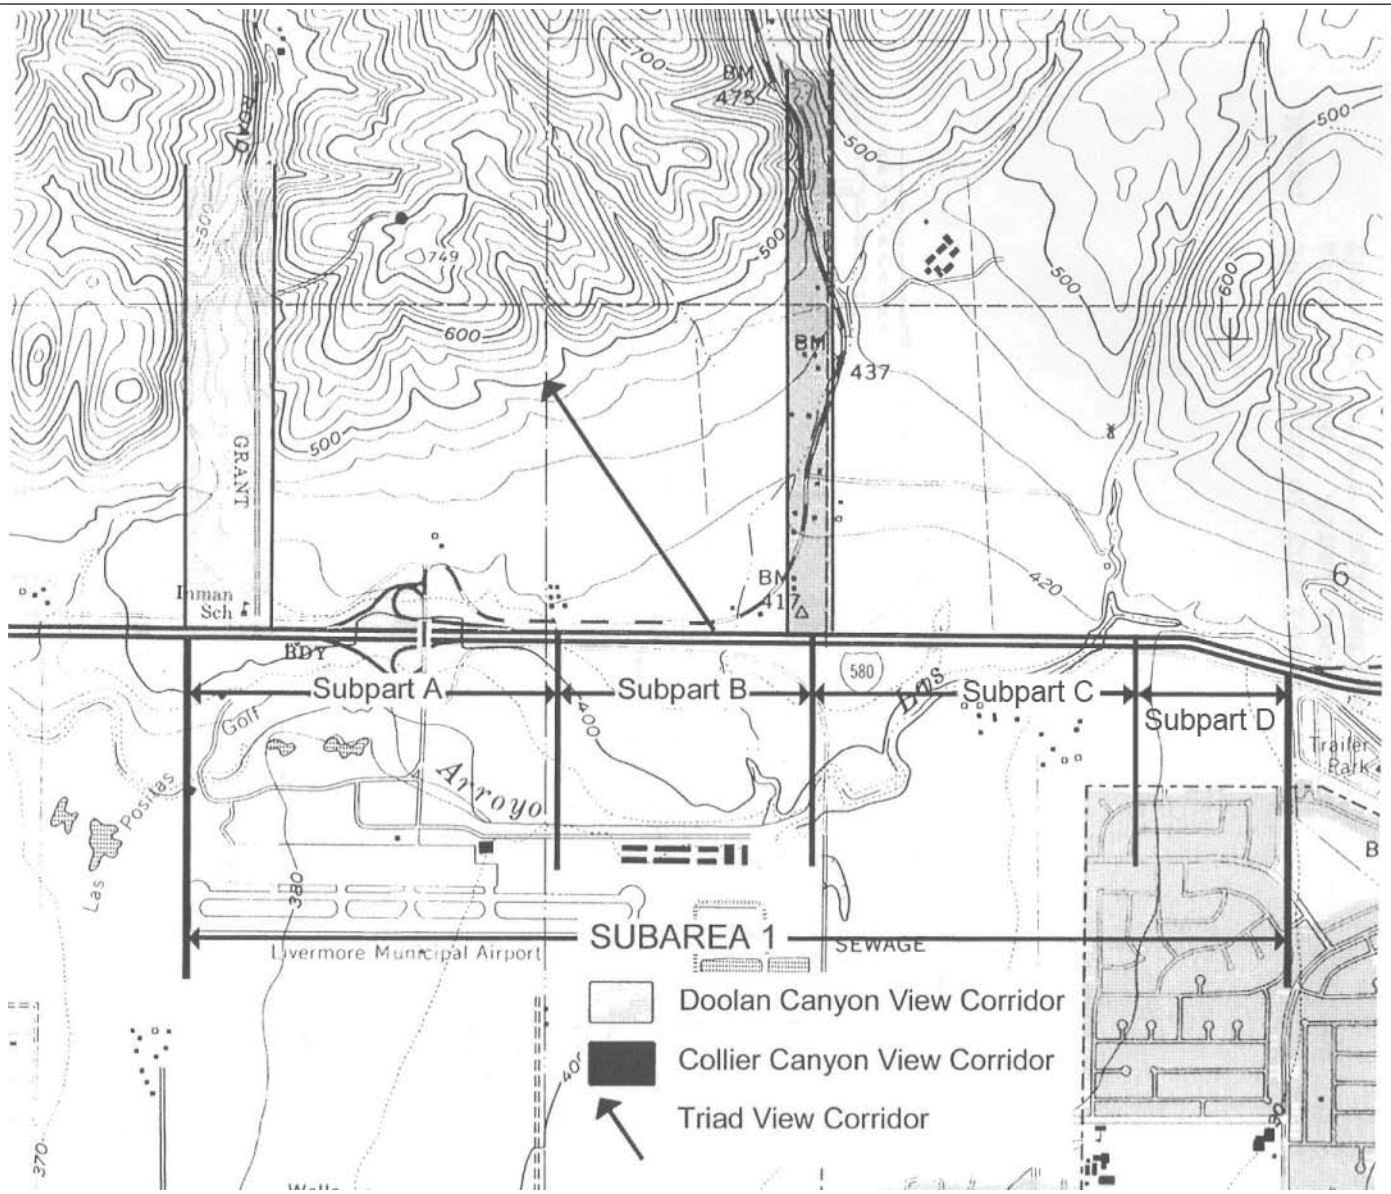

FIGURE 4-4

(Reso. 2005-178)

SUBAREA 1 VIEW CORRIDORS

- Subpart A (Triad West) = 3.6 degrees
- Subpart B (Triad East) = 3.2 degrees
- Subpart C (Shea Properties West) = 2.45 degrees, except as shown on Figure 4-3A
- Subpart D (Shea Properties East) = As shown on 4-3A.

These view angles shall be applied at any point at 90 degrees to I-580. The view surface created by this application shall establish a proposed building's compliance with the height envelope maximum determined for preservation of ridgeline and hillside views in Subarea 1 of the I-580 Scenic Corridor.

(3) *View Angle and View Corridor Exceptions*

In addition to the exceptions outlined in Section C, Exceptions/Exemptions to I-580 Scenic Corridor Development Requirements, development may take place outside of the view angle envelope where it is located within the Isabel Neighborhood Specific Plan Scenic Corridor exemption areas as shown in the Specific Plan and on Figure 4.3.b.

Subarea 2

Subarea 2 is located on the north side of I-580 approximately 5,000 feet west and 6,500 feet east of the North Livermore Avenue interchange. This area is located outside the North Livermore Urban Growth Boundary, except in the area of Las Colinas Road.

Subarea 3

a. Subarea 3 is located on the north side of the I-580 freeway. The west boundary of Subarea 3 is approximately one-half mile west of the Springtown Boulevard interchange;
the east boundary is the I-580 Greenville Road on-ramp. Figure 4-6 establishes the boundary of Subarea 3.
b. Subarea 3 is further divided into four subparts. These subparts reflect different terrain, visual resources, freeway/view relationships, and degrees of existing development and view obstruction.

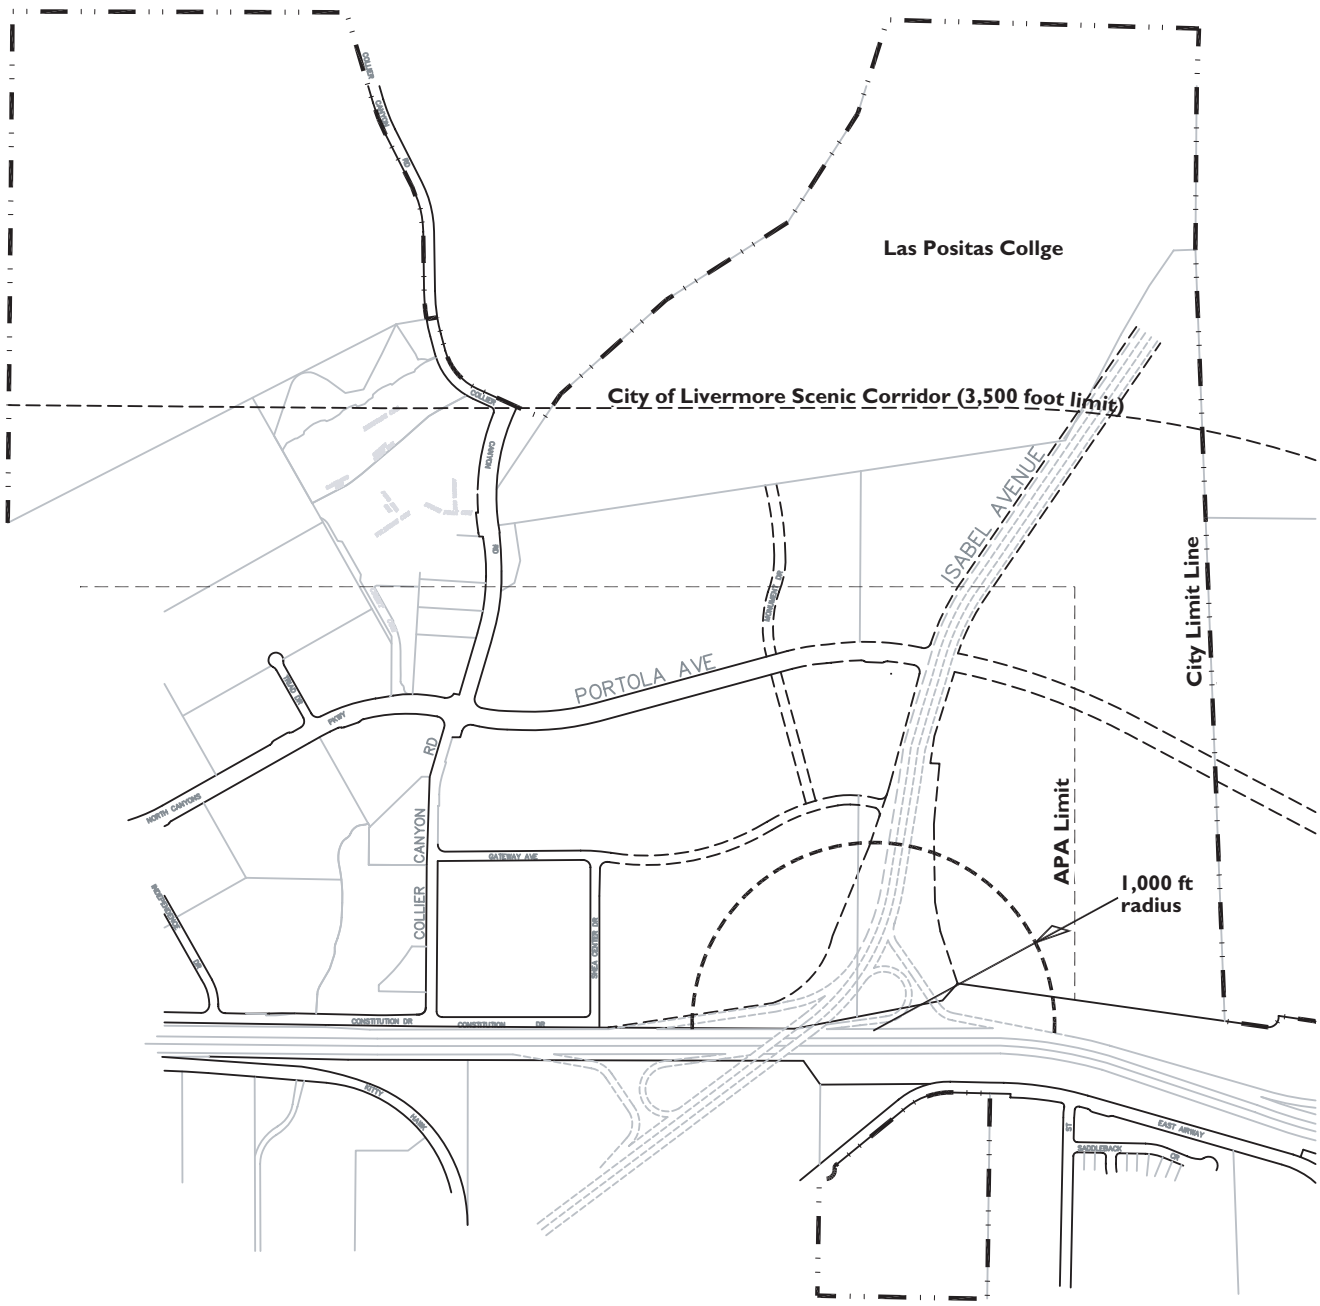

FIGURE 4 - 5

ISABEL INTERCHANGE 1000' RADIUS

Figure 4-6 also defines the four Subparts of Subarea 3. From east to west, these include: Subpart A, between the Greenville Road on-ramp and Herman Avenue; Subpart B, from Herman Avenue to Vasco Road; Subpart C from Vasco Road to Springtown Boulevard; and Subpart D, from Springtown Boulevard to approximately one-half mile west of Springtown Boulevard.

c. Subparts A and B.

(1) For Subparts A and B, new development shall preserve the views of the distant hills. The views to be preserved are the upper one-third of the distant hillsides in Subpart A and the upper one-quarter of the distant hillsides in Subpart B.

(2) The view angles corresponding to these view preservation goals are 1.58 degrees for Subpart A and 1.90 degrees for Subpart B. The view surfaces created by these view angles establishes the maximum building height elevation for development within Subparts A and B.

(3) Applications for development within Subparts A and B shall demonstrate that the heights of proposed structures are below the view surfaces created by the 1.58 degree angle for Subpart A and 1.90 degree angle for Subpart B.

(4) The merger of existing lots is encouraged where the resulting larger lot provides additional development options while avoiding or reducing the impacts to the identified view surfaces. Where development on the merged lots is proposed above the identified view surfaces, the above findings are still required.

(5) For Subpart A, the above findings shall not apply to the parcel at the eastern periphery of Subpart A, located between Northfront Road, Interstate 580 (I-580), and the I-580 westbound on-ramp. For this parcel, the maximum building height created by the 1.58 degree view angle may be exceeded by a maximum of 5 feet, with City Council approval, subject to the following findings: The project will preserve intermittent views of distant hills; the project building facades have been located at varying distances from I-580 to avoid the appearance of a uniform "wall" of development; the project will not substantially degrade the existing visual character or quality of the site and its surroundings.

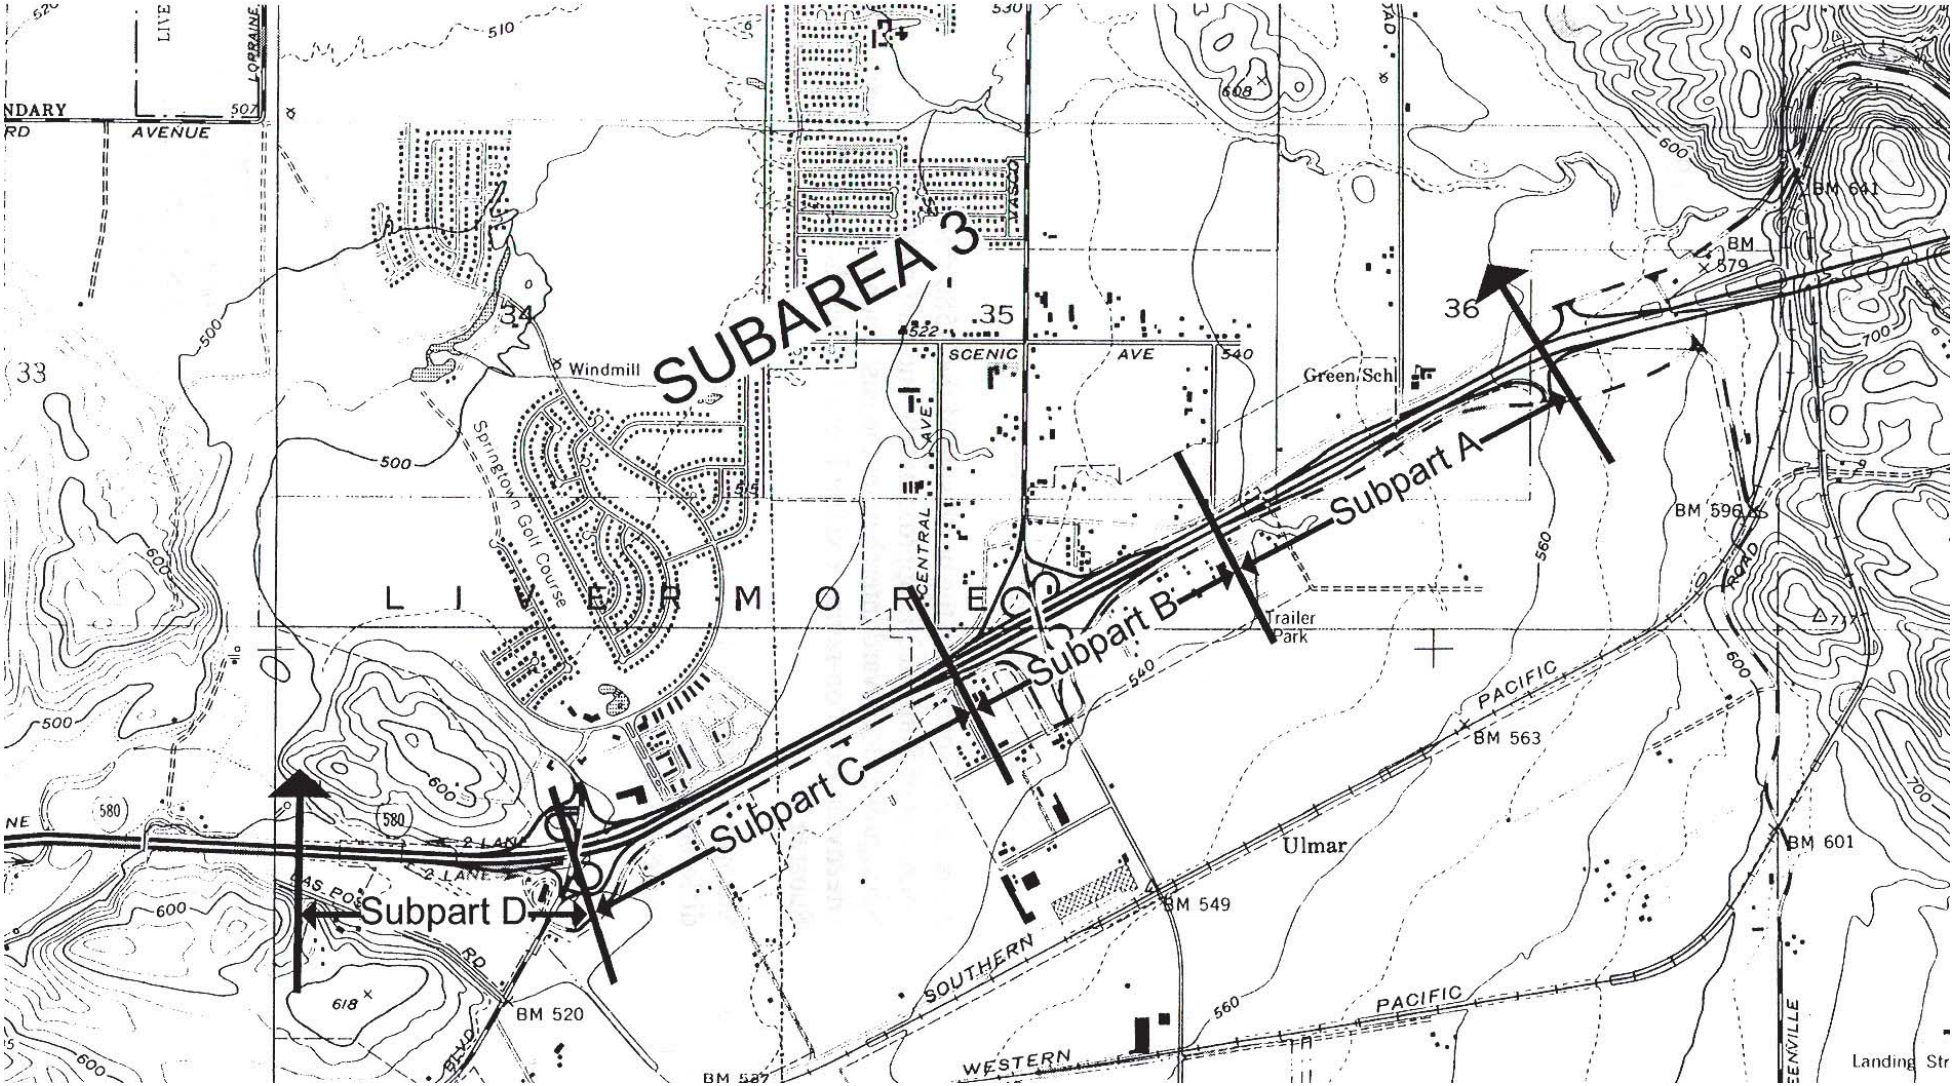

FIGURE 4 - 6

SCENIC ROUTE SUBAREA 3

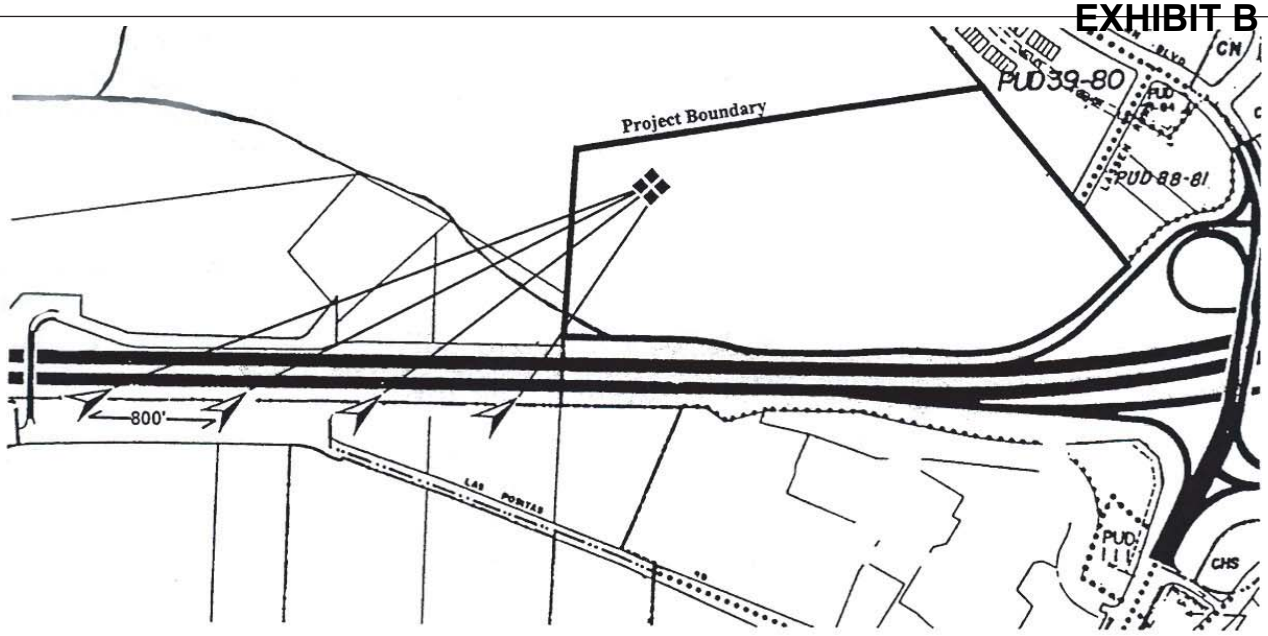

d. Subpart C.
For Subpart C, the majority of views of the distant hills have been obstructed by existing development. Remaining views are minimal and do not require preservation. However, in areas where views are obstructed by the existing freeway noise barrier, new development shall not be visible above the noise barrier (when viewed at 90 degrees, from a view point along the northerly edge of I-580 four feet above the pavement).

e. Subpart D.
The general landform should be protected and new development shall comply with all applicable general regulations contained in goals, objectives, policies and actions pertaining to Scenic Corridor Design Requirements under Goal CC-7. Section C.2(a) requirements, which limit the percentage of areas of 10-15 percent slope category which may be altered, shall not apply to public or private primary access roadways. The limitations on the alterations of natural ground contours shall still apply to all other development, including the locational criteria of visible development on the lowest lying ten percent slope at the base of the hill area. Development on other areas of up to ten percent slopes shall not be visible from freeway. Visibility of the development shall be measured as shown on Figure 4-7.

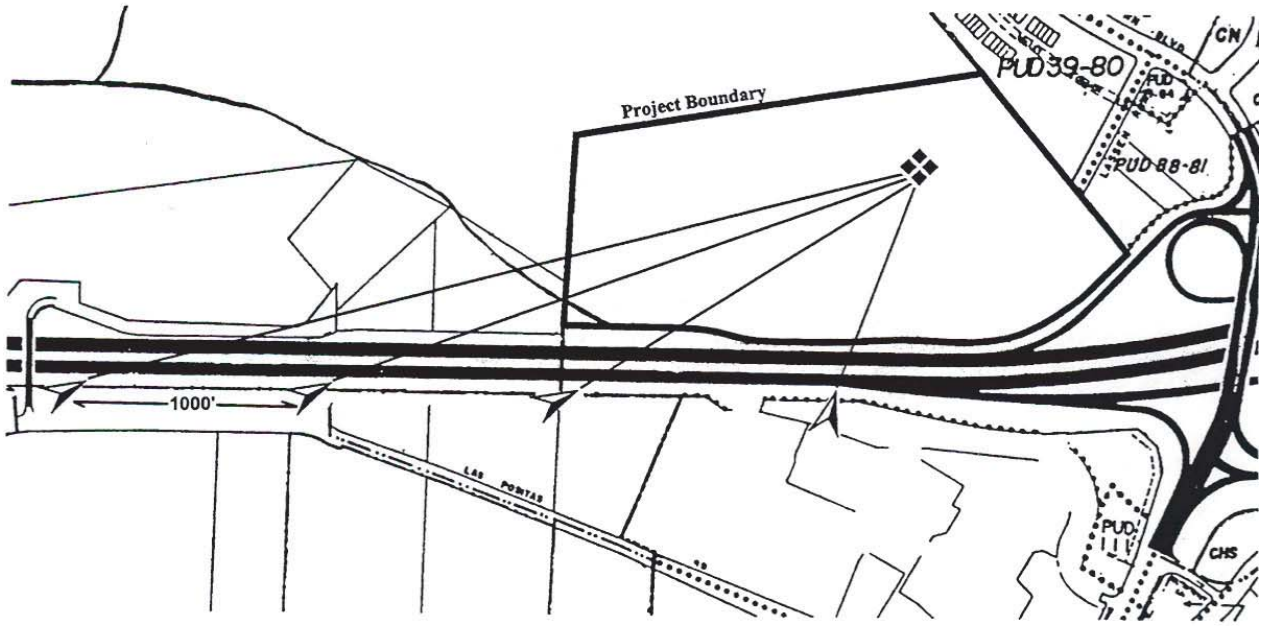

Subarea 4

Subarea 4 is located on the south side of I-580, from the west side of the First Street interchange to Greenville Road.

a. The City recognizes that Subarea 4, as shown on Figure 4-8, contains visual resources in the form of the Altamont Pass to the east of the distant hills to the south. The existing development patterns, infrastructure investment and the development potential of the industrial and commercial land within Subarea 4, limit visibility to the hills. Therefore, it is not feasible to fully protect all remaining views of the hills in this area. For this reason, the built environment and visual appearance of new development

Viewpoints taken from the eastbound inside travel lane at four (4) feet above the pavement.

Viewpoints taken from the eastbound inside travel lane at four (4) feet above the pavement.

FIGURE 4 - 7

SUBAREA 3, SUBPART D
VISUAL ANALYSIS LOCATIONS

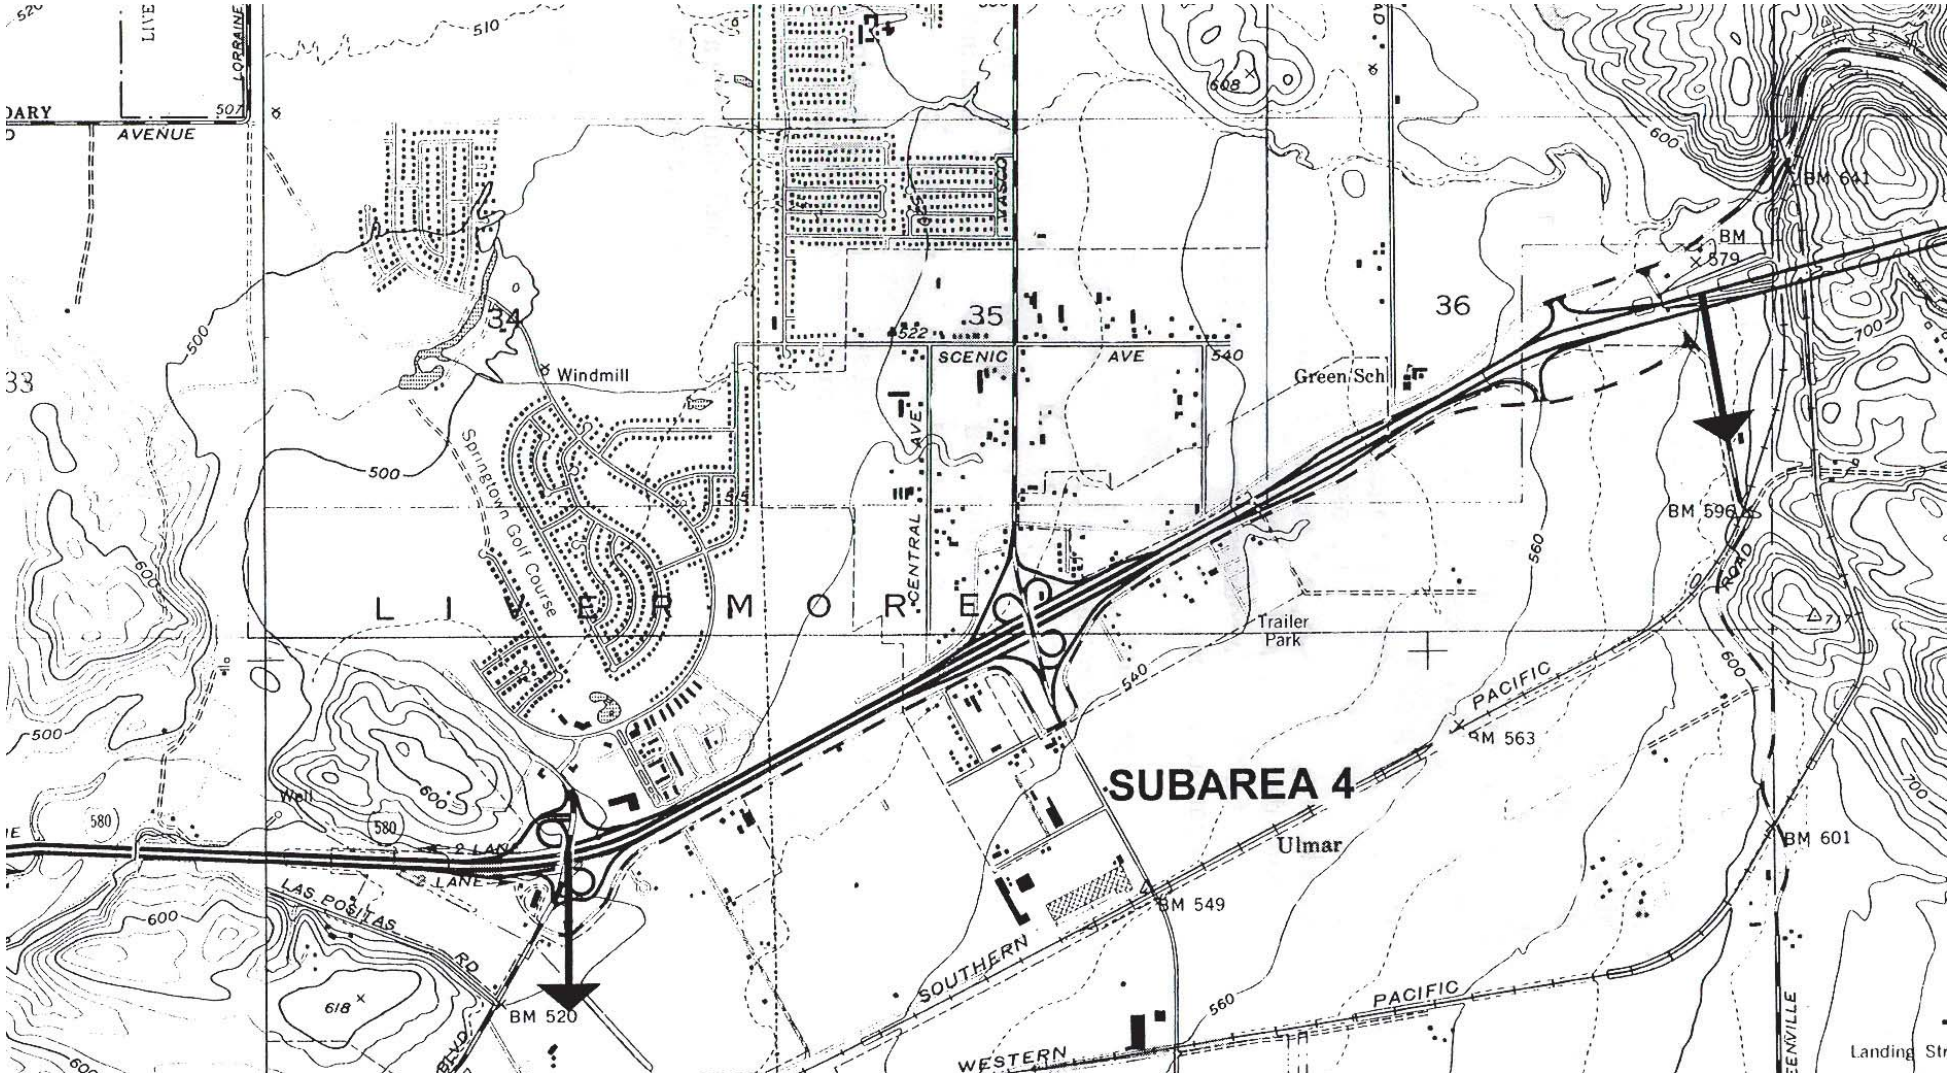

FIGURE 4 - 8

SCENIC ROUTE SUBAREA 4

within the sub-area is considered equally important to create and maintain an aesthetically appealing urban presence in the scenic corridor.

b. The review of development applications within Subarea 4 shall be conducted to determine if proposed building locations and landscaping have been optimized to preserve visual resources where feasible. Because development along Southfront Road constitutes a significant portion of the visual resources in the area, special attention and consideration shall be given to the following:

(1) Adjacent building facades and development massing shall be located at varying distances from I-580 in order to avoid or reduce the appearance of a uniform "wall" of development. Building locations which promote visual corridors and glimpses toward the hills, in particular the Altamont Hills for travel in the eastbound direction, are encouraged whenever feasible.

(2) Parking lot layout and landscaping shall be designed to help promote views and enhance the corridor's visual character to the greatest extent feasible.

(3) Building design and architectural treatment shall minimize a wall-like effect parallel to the freeway and enhance the visual character of the corridor.

(4) Buildings shall be the visually predominant structures on parcel frontages along Southfront Road. Walls, fences and other screening associated with outdoor storage areas or security shall be located a minimum of 15 feet back from the building facade facing the freeway.

Subarea 5

a. Subarea 5 is located on the south side of the I-580 freeway. The western boundary of Subarea 5 is defined by a point along the I-580 freeway, roughly equidistant between North Livermore Avenue and the Portola Avenue overcrossing. The eastern boundary is defined by First Street. Figure 4-9 establishes the boundary of Subarea 5.

b. Subarea 5 is further divided into three subparts. These subparts reflect natural dividing lines using roadways, parcel lines, visual resources, freeway/view relationships and areas of existing development and view obstruction. Figure 4-9 identifies the three subparts, 5A, 5B and 5C.

c. Subarea 5 contains rolling hills in close proximity to the freeway. These hills are considered individual visual resources, and are identified as Hills A through F in Figure 4-11. The height and location of each hill provides the basis for establishing view angles within Subarea 5.

d. Subpart 5A.
For Subpart 5A, the following shall apply:

(1) The landform between North Livermore Avenue and the Portola Avenue on/off ramp contains a ridgeline and visual features to protect. The ridgeline has two zones of primary protection and two zones of secondary protection. (See Figure 4-10)

One Primary Protection Zone shall be 550 feet in width measured approximately 130 feet to the east and 420 feet to the west from the ridge peak (an elevation of 492.6 feet). Because of previous grading that took place, up to 2 feet of soil shall be replaced within this zone and on this ridge for purposes of restoration of the natural landform. Such restoration shall be subject to obtaining an approved grading permit as part of a City approved development plan.

The other Primary Protection Zone shall be located from North Livermore Avenue west approximately 430 feet measured along the ridge line. No restoration is permitted within this Primary Protection Zone.

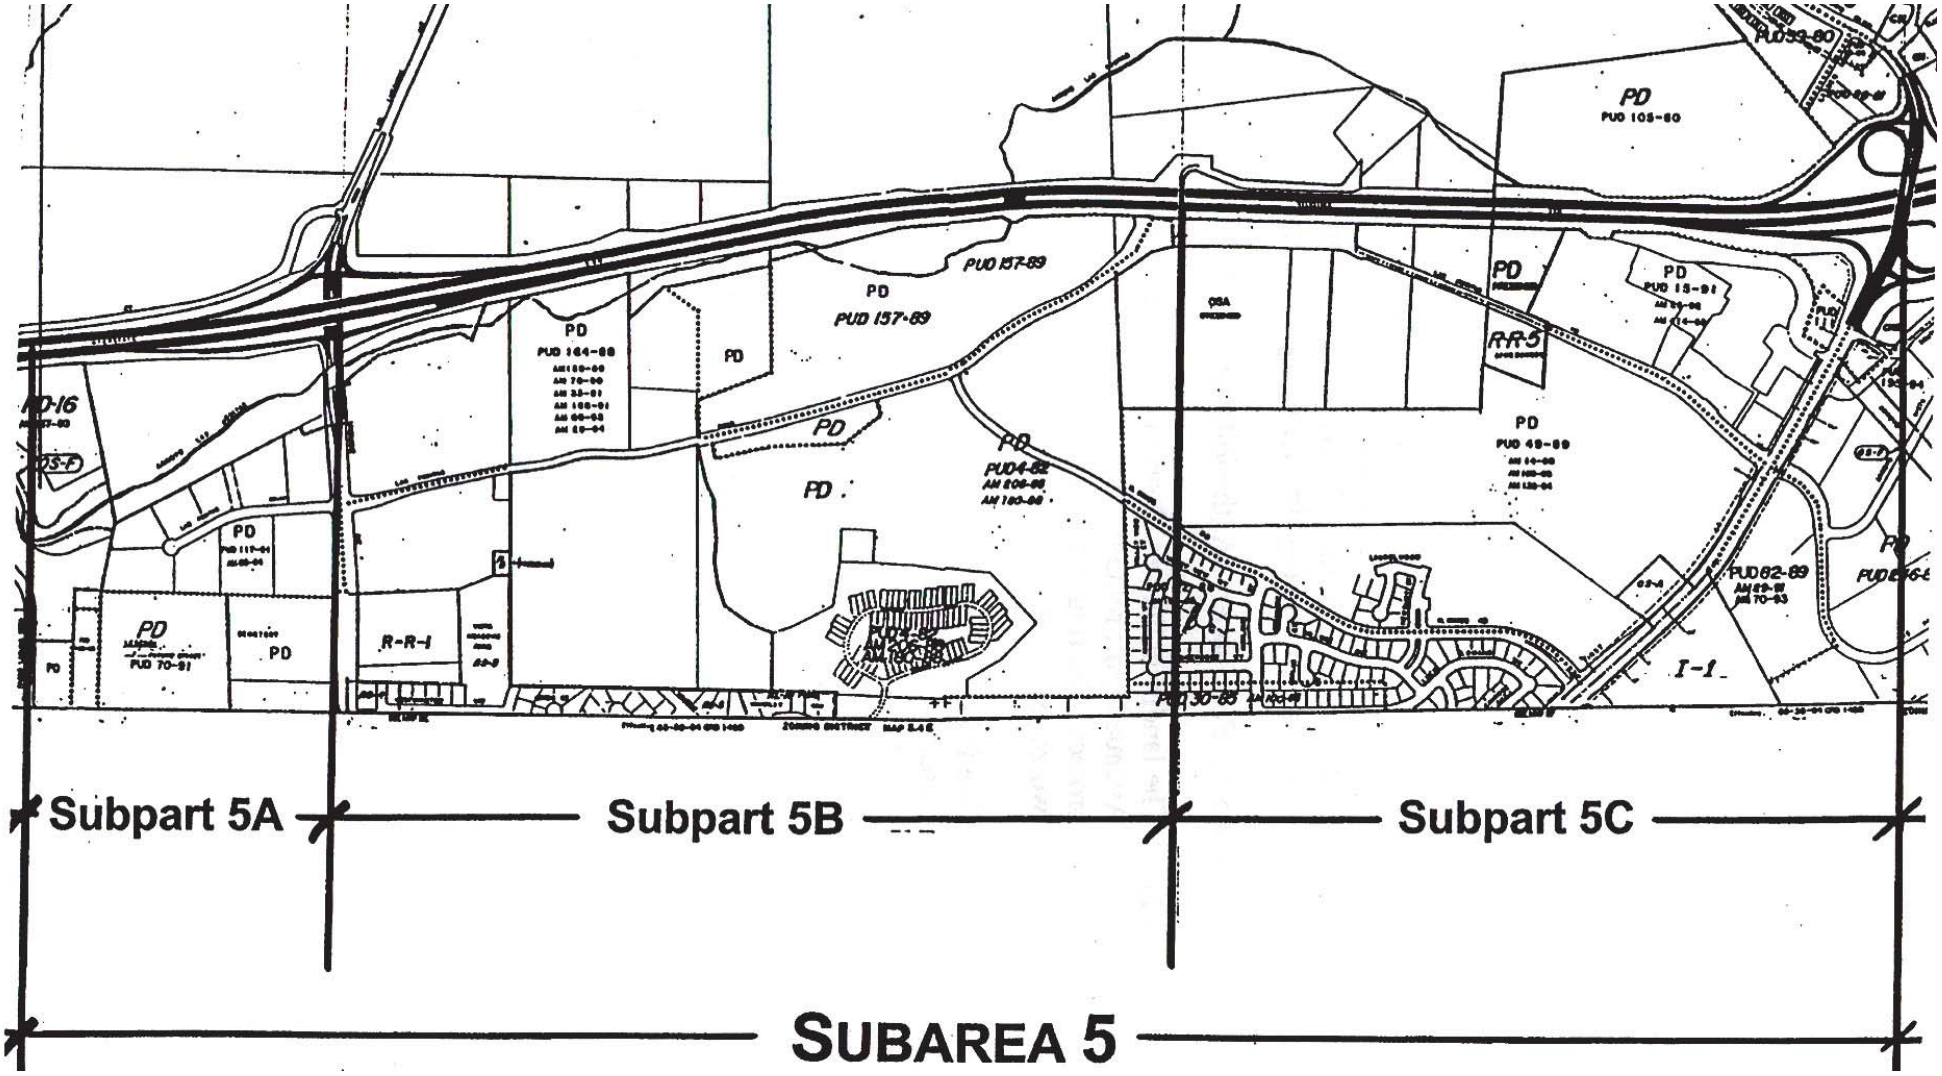

FIGURE 4 - 9

SCENIC ROUTE SUBAREA 5

One Secondary Protection Zone shall be between the two Primary Protection Zones. Only 150 feet within this zone (as established by Figure 4-10) shall be permitted to be augmented. A berm up to a maximum of 9 feet may be located within the 150-foot area per Figure 4-10.

The second Secondary Protection Zone shall begin at the western boundary of the Primary Protection Zone which includes the Area of Restoration. It shall continue west for approximately 200 feet. A berm up to a maximum of 7 feet at about 40 feet east of the Davidon property line may slope continuously downward at 0 feet grade at the west end of the Secondary Protection Zone. Landform augmentation of any kind is permitted only after the project has met the conditions as established in Section C.2 and 3 of this Chapter.

(2) Any augmentation and restoration in Subpart 5A shall be subject to a grading permit and shall be designed and graded to make the landform on all sides consistent in natural form such that it cannot be identified as an augmented landform.

(3) All structures south of the ridge, in the portion of Subpart 5A identified in Figure 4-10, shall be subject to the following:

(a) The residential units for the Davidon project site that are closest to the northern boundary shall be single-story or not exceed 20 feet in height except for Lot 78 (per Tract Map #6522) which can be two-story but not exceed 27 feet in height.

(b) All remaining residential townhouse structures on the Davidon site shall not exceed 27 feet in height.

(c) Whether or not visible from the Scenic Corridor, all roof and building materials for residential and commercial developments shall be earth tones, non-reflective and blend with the land form and natural setting.

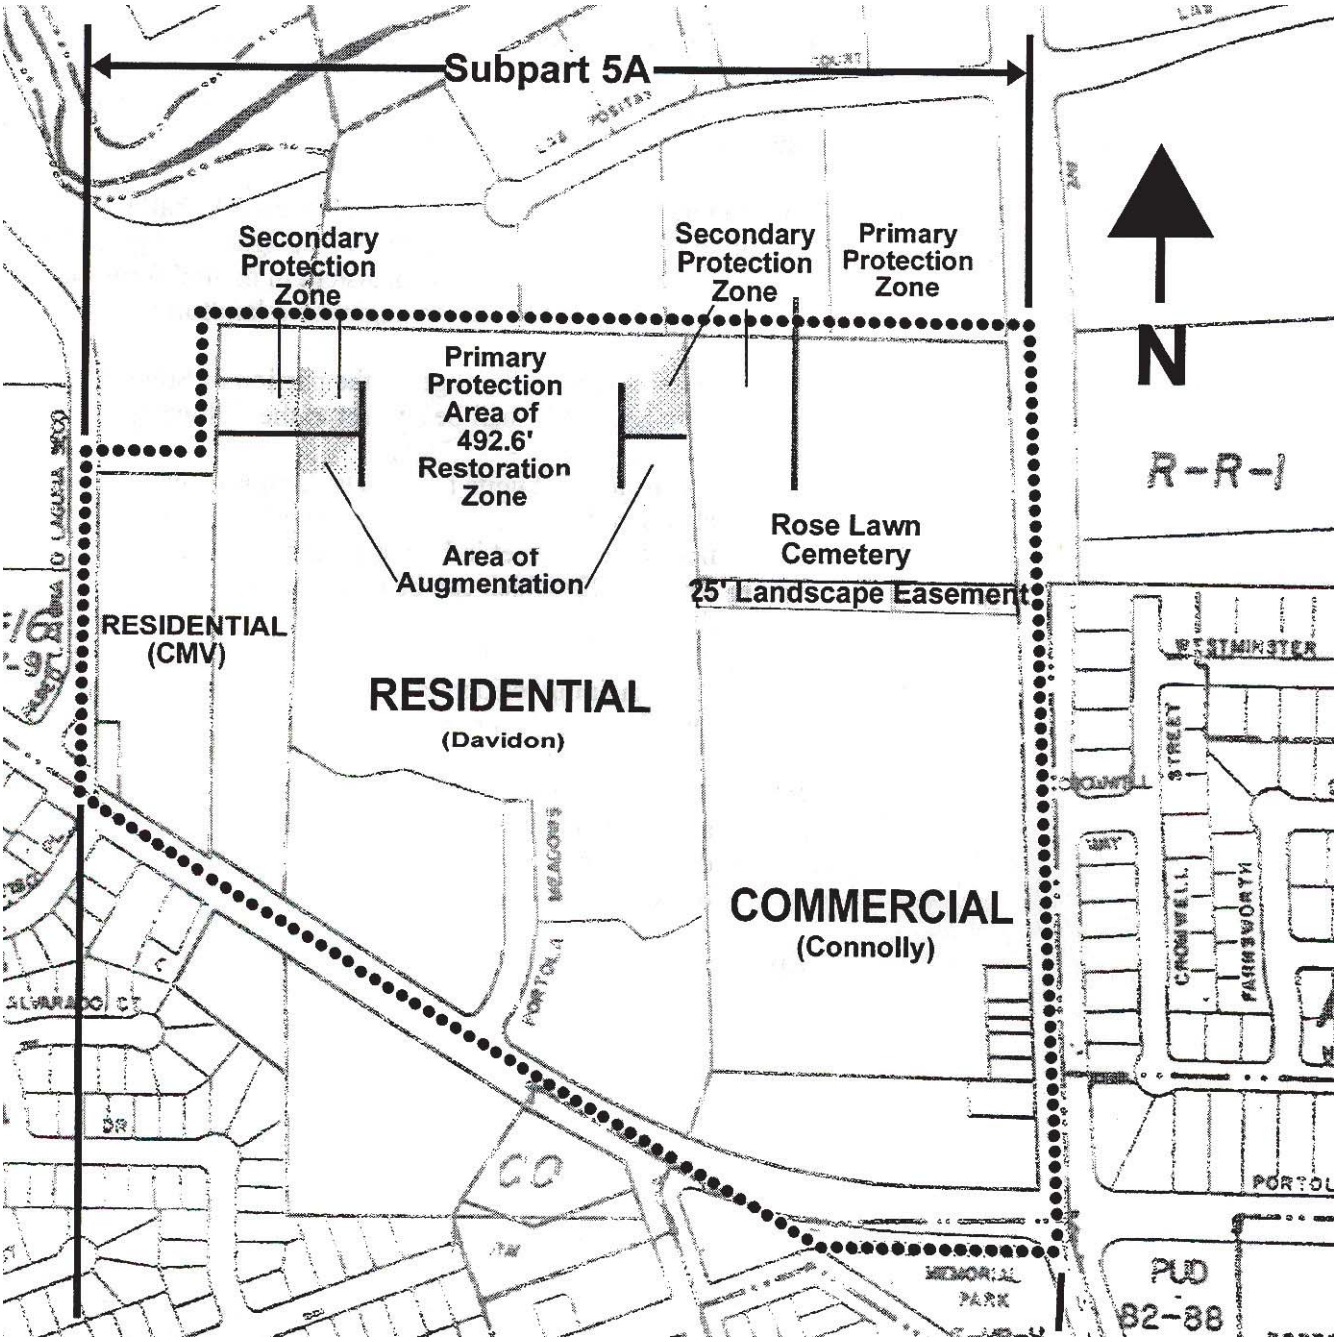

FIGURE 4 - 10

SUBAREA 5, SUBPART 5A

(d) All commercial and residential structures on the Connolly project site shall not penetrate the surface established by drawing a line from a point four feet above the I-580 freeway surface and the highest point of the building (27 feet) on the proposed commercial market per the City approved Site Plan or an elevation of 496 feet.

(e) For the Connolly project site only, a 25-foot wide landscape easement shall be created contiguous with and south of the Rose Lawn Cemetery. This landscape easement shall extend from North Livermore Avenue along the full length of the Rose Lawn Cemetery or approximately 670 feet in length. The purpose of the landscape easement is to provide for protection and continued maintenance of the landscaping within the easement on the property south of the Rose Lawn Cemetery and for the planting of native California species within this same easement for the express purpose of providing for a permanent and perpetual foliage screen as viewed from the I-580 Scenic Corridor.

For the Davidon project site only, the area of restoration and augmentation shall be revegetated consistent with the landscape plans approved under the Housing Implementation Program (HIP).

(4) Parcels between the Arroyo and the freeway are designated Open Space in this location, and therefore no additional policies or standards are required.

f. Subpart 5B

Subpart 5B is located between North Livermore Avenue and the Las Colinas overcrossing.

(1) For Subpart 5B, new development shall preserve the views of rolling foreground hills. The views to be preserved are the upper one-half (50%) of the hill for Hills A through D, as measured from the 500-foot contour line to the top of the hill (Figure 4-11). For Hill E, views to be preserved are the upper one-quarter (25%) of the hill, as measured from the 500-foot contour line to the top of the hill.

(2) The view angles corresponding to these hills and view preservation goals for Subpart 5B, as depicted in Figure 4-11, are as follows:

(a) View angle for Hill A and Hill B = 2.4 degrees

(b) View angle for Hill C and Hill D = 3.8 degrees

(c) View angle for Hill E = 5.9 degrees

(3) The western portion of the ridgeline of Hill A, from North Livermore Avenue to approximately 700 feet east, was previously altered. Restoration of this portion of the ridgeline is permitted subject to the following criteria:
   (a) The restoration of the ridgeline does not exceed an additional five feet of elevation from any point along the existing ridgeline;
   (b) The restoration results in an exact recreation of the ridgeline shape as viewed from I-580; and;
   (c) The restoration is otherwise consistent with Scenic Route goals and policies.

g. Subpart 5C

Subpart 5C is located between the Las Colinas overcrossing and First Street.

(1) For Subpart 5C, new development shall preserve the views of rolling foreground hills. The views to be preserved are the upper one-quarter (25%) of each hill, as measured from the 510-foot contour line to the top of the hill.
(2) The view angle corresponding to these hills and view preservation goals for Subpart 5C, as depicted in Figure 4-11, is 5.9 degrees for Hill F and Hill G.
(3) For the existing commercial development in Subpart 5C, any new structures, additions or alternations shall not exceed existing building heights.
(4) Subpart 5C contains an area east of the Las Colinas overpass that is "visually constrained", as identified in Figure 4-11. No new policies or standards apply to this area.

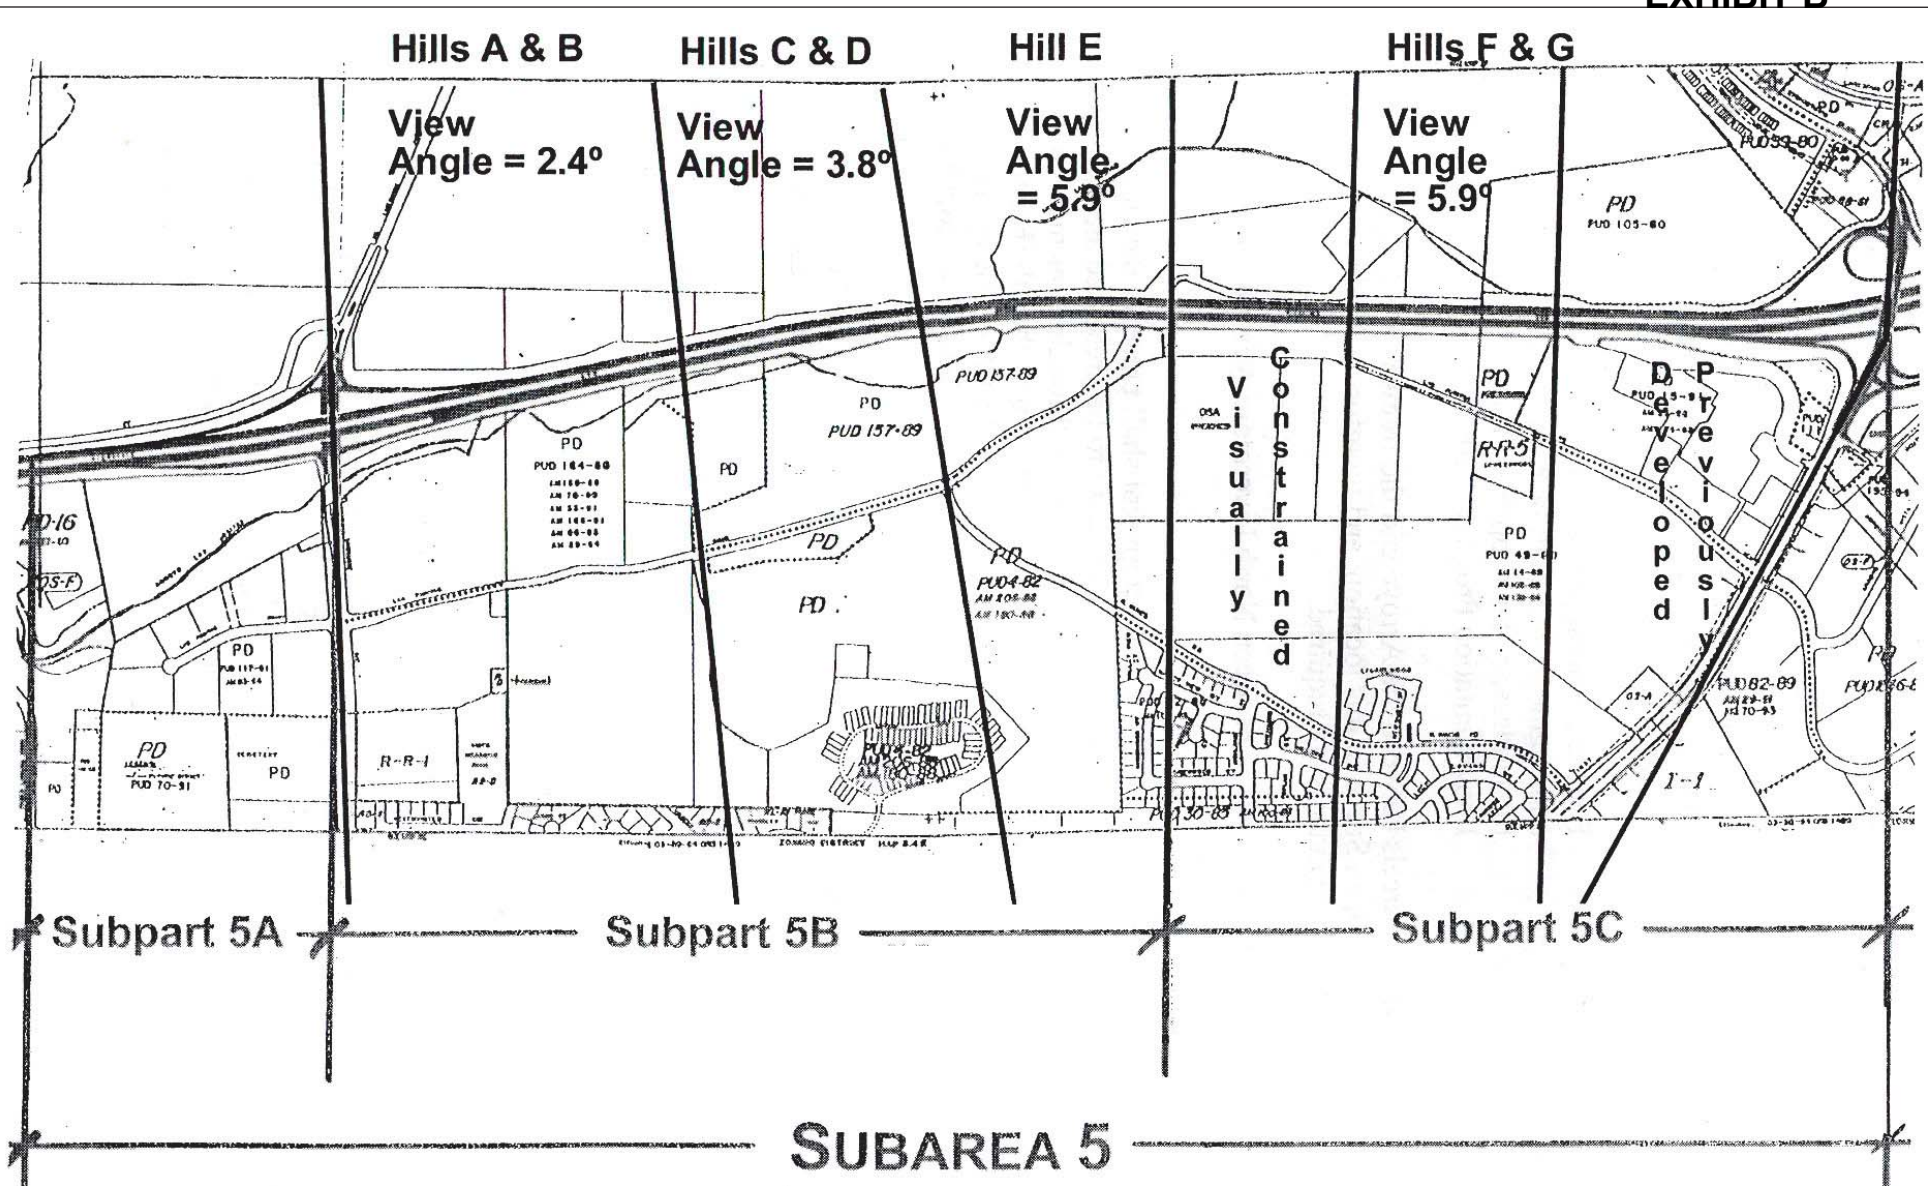

FIGURE 4 - 11

SUBAREA 5 VIEW ANGLES

Subarea 6

a. Subarea 6 is located on the south side of the I-580 freeway. The western boundary of Subarea 6 is El Charro Road. The eastern boundary is located roughly equidistant between the Portola Avenue overcrossing and North Livermore Avenue. Figures 4-12 and 4-13 establish the boundaries for Subarea 6.

b. Subarea 6 is divided into three subparts. These subparts reflect natural dividing lines using roadways, visual resources, freeway/view relationships and areas of existing development. Figure 4-12 identifies Subpart 6A, and Figure 4-13 identifies Subparts 6B and 6C. Subarea 6 contains views to distant hills and ridgelines low on the horizon.

c. Subpart 6A extends from El Charro Road to the west to Airway Boulevard to the east. The western half consists of nearly level agricultural fields and undeveloped parcels. Las Positas Golf Course comprises the eastern half. A golf driving range is located in the center of the Subpart, with fields on either side. Farmhouses, barns and other structures related to local agriculture are located within this area.

A 2.2 degree view angle is established for this Subpart to preserve views of the ridgelines.

d. Subpart 6B extends from Airway Boulevard to approximately 400 feet west of Sutter Street. Existing industrial and commercial development is located between Airway Boulevard and Kitty Hawk Road. East of Kitty Hawk Road, the Bay Area Rapid Transit District (BART) owns approximately 50 acres and is proposed for a future BART station. The new Isabel Parkway interchange will be located in this area. Existing agriculture lands are located south of East Airway Boulevard and west of Sutter Street.

A 2.2 degree view angle is established for this Subpart to preserve views of the ridgelines with the following exceptions:

Figure 4-12 (EXHIBIT I) Subpart 6A

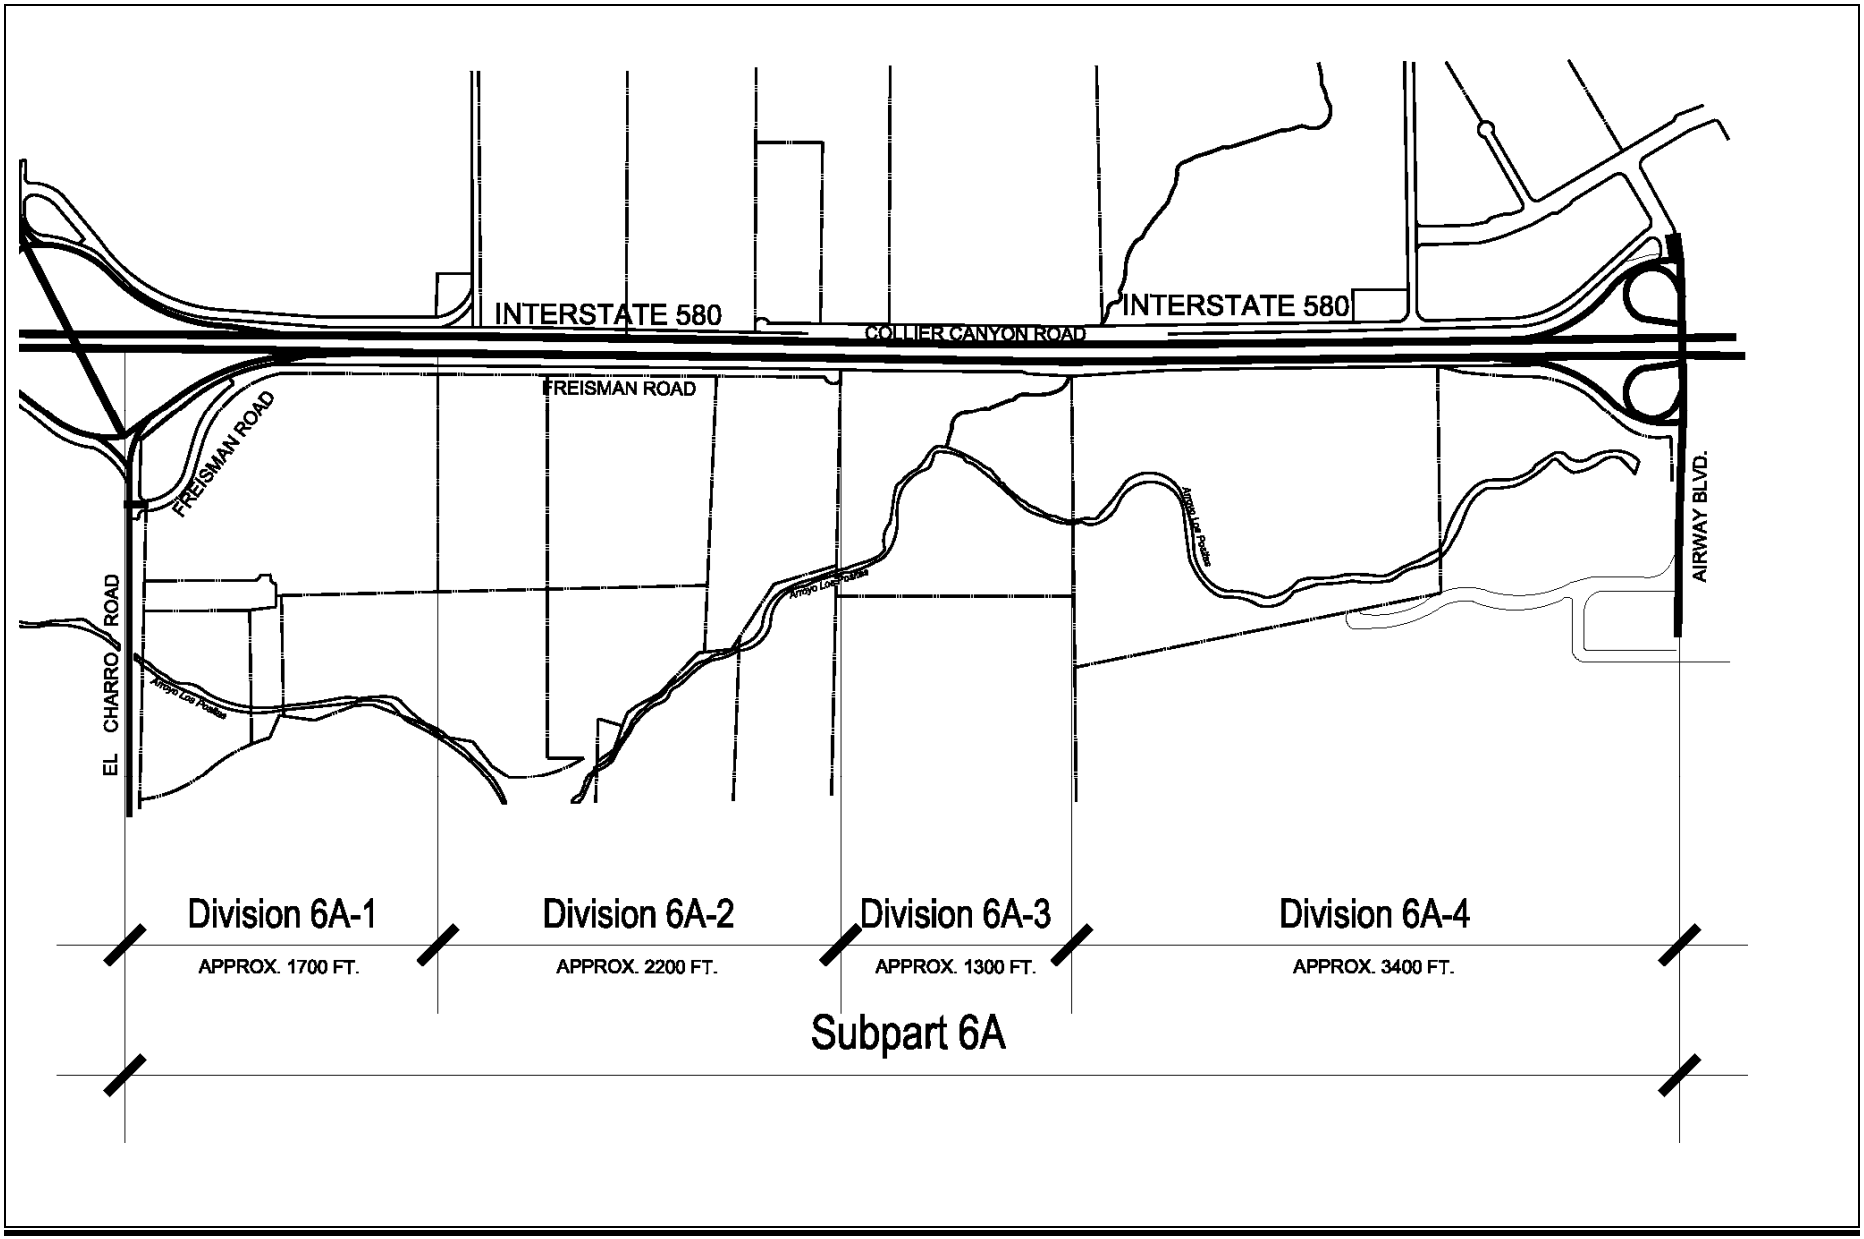

FIGURE 4 - 12
(Reso. 07-143)
SCENIC ROUTE SUBPART 6A

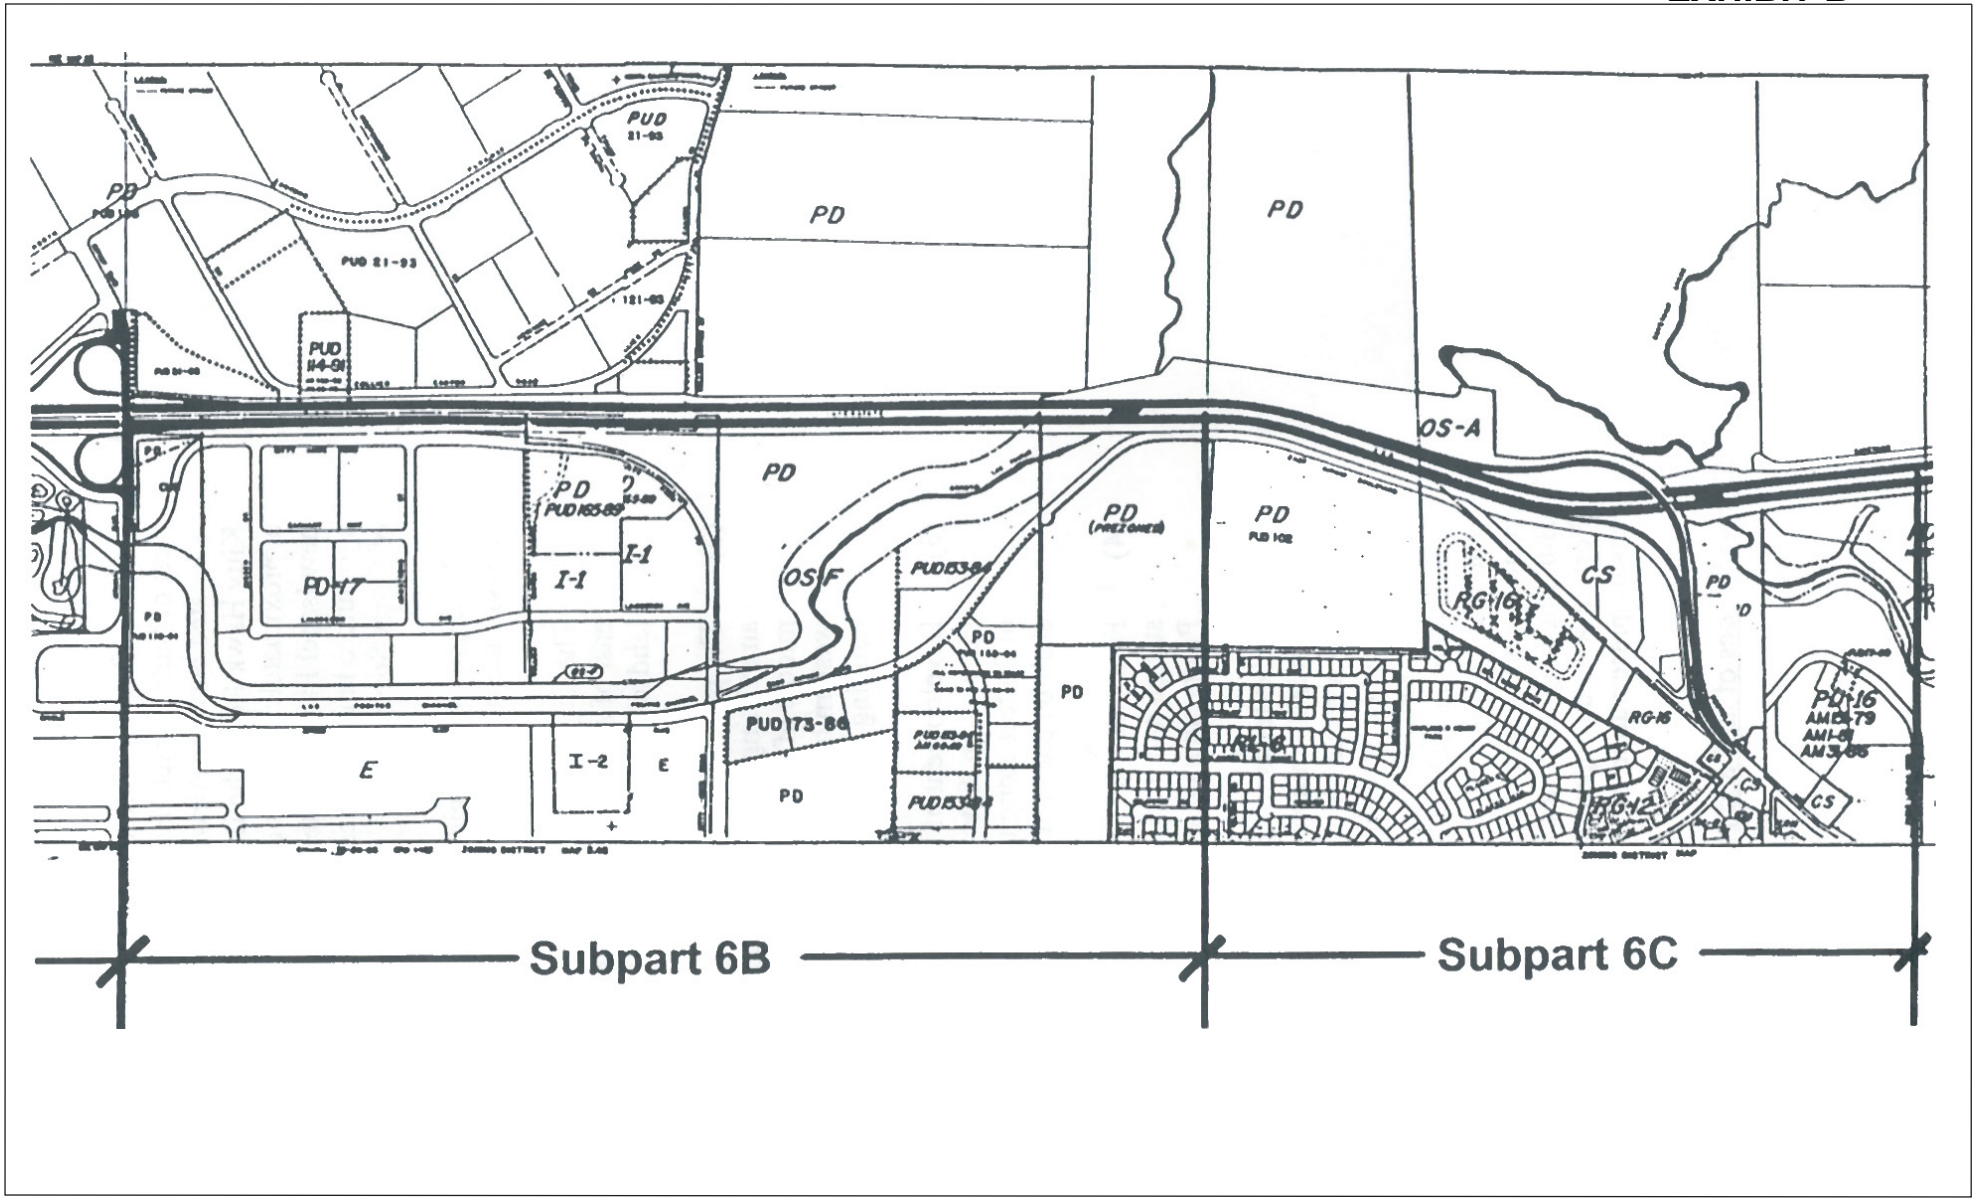

FIGURE 4 - 13

SCENIC ROUTE SUBPARTS 6B AND 6C

(1) The City-owned parcel located north of Kitty Hawk Road and east of Airway Boulevard shall be left undeveloped and the area landscaped.

(2) The parcel located north of the Extended Stay is constrained by an existing PT&T easement that runs east/west through the middle of the parcel. Development shall be located on the western half of the parcel and may include up to a two-story building not to exceed 40 feet in height.

(3) Development of the Caltrans property located adjacent to the freeway on Kitty Hawk Road shall include a landscaped buffer of 25 feet along the freeway. Trees within this landscaped area shall be placed a minimum of 30 feet apart.

(4) Future development on the BART property for the proposed station and interchange is encouraged to maintain Arroyo Las Positas in its natural form with minimal alterations.

e. Subpart 6C extends from approximately 400 feet west of Sutter Street to approximately midway between the overcrossing and North Livermore Avenue. Visual resources in this area impacted by existing development or by significantly lower freeway elevations compared to adjacent parcels. This area is almost fully developed with commercial and residential uses. Between the arroyo and the freeway, there is the potential for one single-family residence only. Building height for residences shall be a maximum of 25 feet above existing grade. Building heights for the commercial parcels located on the north side of Portola Avenue opposite Murrieta Boulevard shall not exceed 30 feet to ensure preservation of views in this area.

5. Establishing View Angles

As applicable, each subpart in each Subarea (except Subarea 4) is assigned a view angle which represents the plane by which building height limits are determined. The City has established this view angle utilizing the following objectives and data:

- Land use policies for each subpart;
- The elevation of ridges and other visual resources within the subpart;
- The elevation of the freeway viewing area;
- Existing development patterns.

A view angle is established for each subpart utilizing view analysis which uses the following general criteria:

- View points along the freeway (I-580) are selected at 500-1,000 foot intervals along the frontage of each subpart.
- View direction sight lines from these freeway view points are taken at 90 degrees to I-580 with other directions of view to supplement the 90 degrees as determined necessary.
- The view angle at each view point is established as a plane line to the ridge at an elevation point determined appropriate to maintain the view consistent with other subarea objectives.
- The plane is expressed in degrees commencing four feet above the freeway's outside lane elevation as the base point. One or more initial view angles are developed per subpart. In the vicinity of the Airway Boulevard Interchange in Subarea 1, a "clothesline" elevation has been established which compensates for the change in elevation under the overpass. The clothesline elevation is located between the 404.16 foot elevation on the west side of the overpass and the 421.05 foot elevation on the east side of the overpass as illustrated in Figure 4-14. Where several view points/angles are used for initial analysis, a single view angle is selected (as a weighted average) representing the most appropriate view protection objectives for the subarea.
- This single view angle, expressed in degrees above horizontal slope, is used to establish a sloped view surface covering the total subpart. This view angle is applied at multiple view points along I-580 to establish a view surface (said surface will vary depending upon the elevation of the view point). Where the ridgeline drops below this surface,

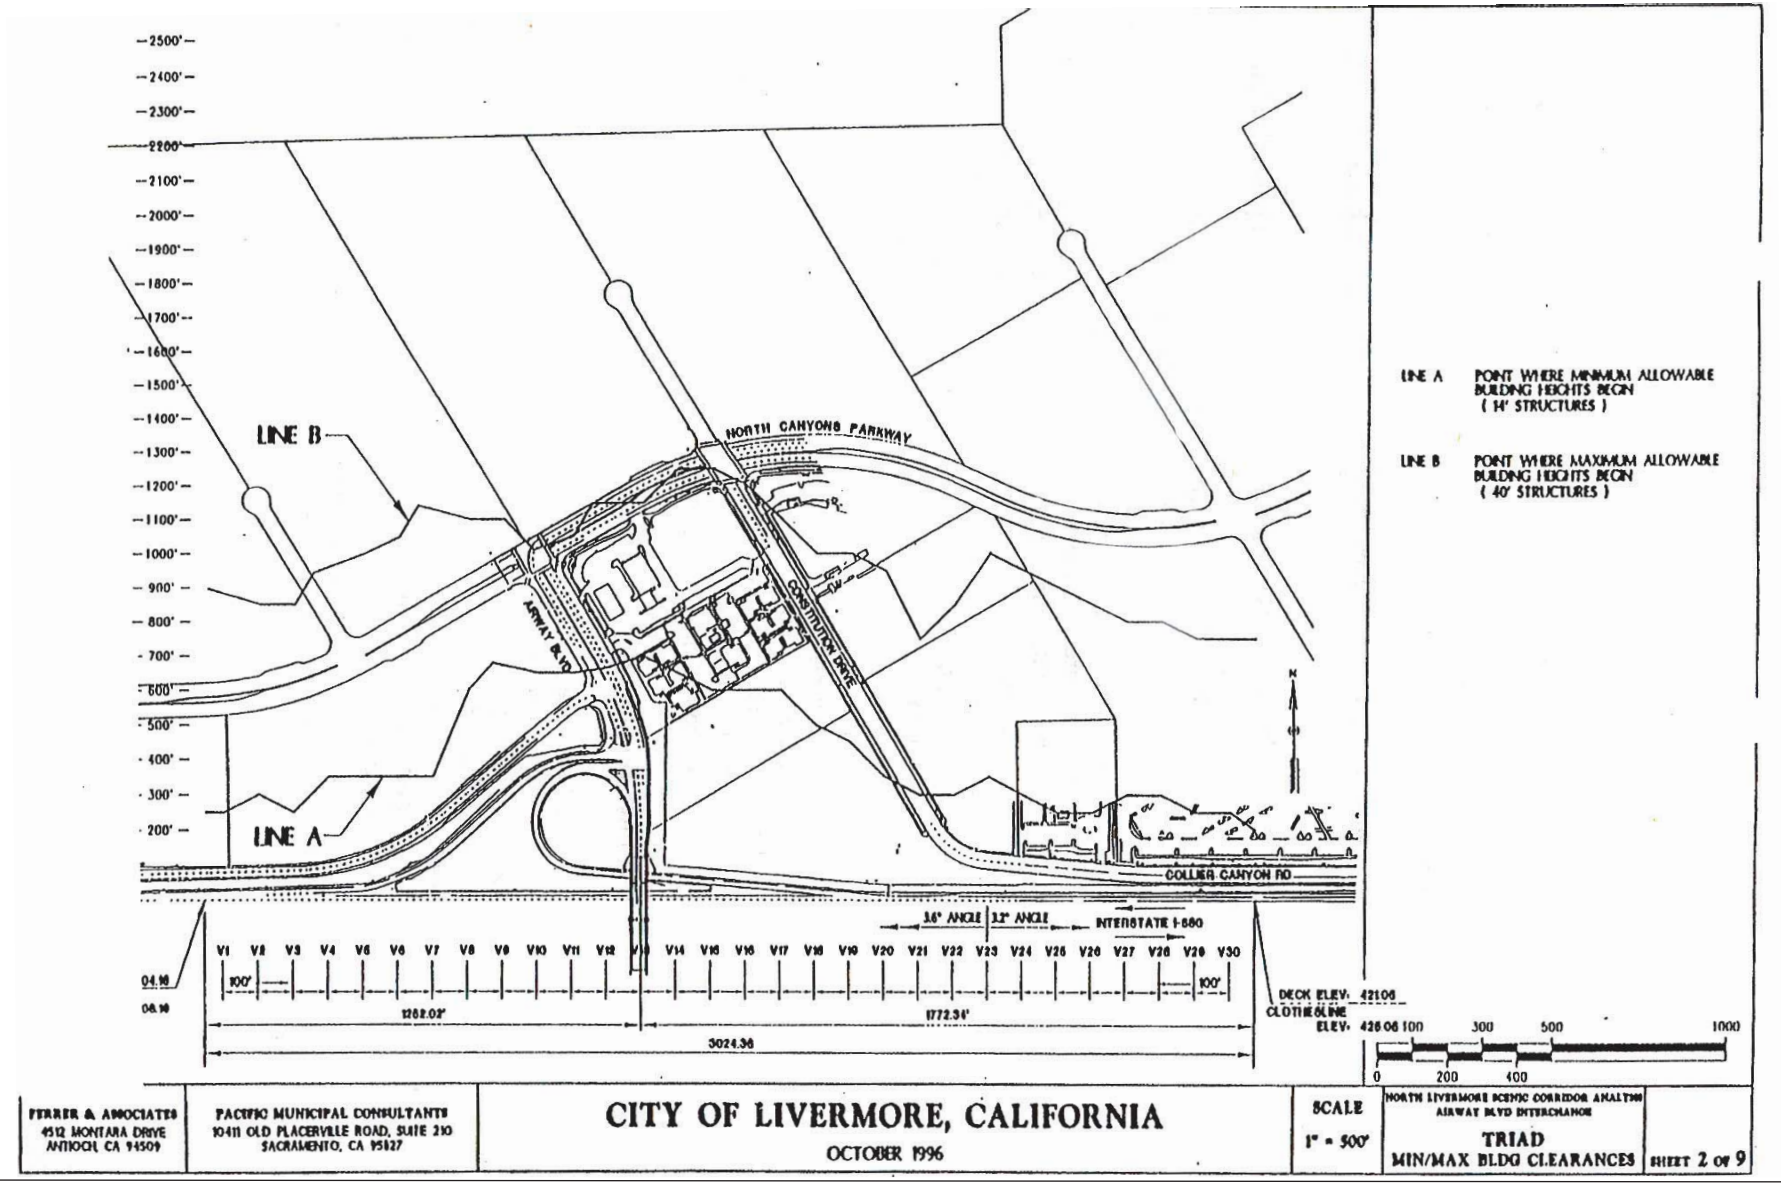

FIGURE 4 - 14

TRIAD MINIMUM/MAXIMUM BUILDING CLEARANCES

the line is extended across the "gap" creating a "clothesline" connecting the ridge segments.

Establishing Maximum Building Heights Via View Angle "Envelopes"

- The view surface establishes the maximum height of development within various parts of the subpart. The height limit will vary between each subpart and within each subpart depending on the view surface, site topography, and geographic location, in relationship to I-580 and elevation of the existing grades. Generally, lands closer to I-580 will have more restrictive height limits. These view surfaces will establish an "envelope" of height limits that can be specifically determined and translated to project specific criteria within all Site Plan Approvals. Standards will be calculated and measured from existing grade of lands involved. Maximum building heights may be adjusted to account for differences between existing and finished grades. In no case, however, shall the building heights protrude into the identified view surface or exceed other normally required height limits.

LIVERMORE
CALIFORNIA

CITY COUNCIL STAFF REPORT **ITEM NO. 7.4**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Brent Smith, Community Development Director

SUBJECT: Hearing to introduce an ordinance and waive the first reading authorizing Development Agreement 24-004 to establish a framework and secure vested rights for a future residential project on approximately 50 developable acres within a 122-acre property at 3658 Las Colinas Road (Assessor Parcel Number 902-8-1). The Development Agreement does not propose or authorize a specific development project or physical development, and future implementation actions would be subject to subsequent approvals.

RECOMMENDED ACTION

The Planning Commission and Staff recommend the City Council:

1. Adopt a resolution finding that Development Agreement 24-004 is within the scope of the certified General Plan 2045 Environmental Impact Report (EIR) pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15183 and that the Agreement has no potential to cause a significant environmental effect and is, therefore, exempt under CEQA Guidelines Section 15061(b)(3); and
2. Introduce an Ordinance, and waive the first reading, authorizing the City Manager to execute Development Agreement (DA) 24-004.

SUMMARY

The City received an application for a Development Agreement (DA 24-004) from Adventus, the owner of the 122-acre property at 3658 Las Colinas Road (Assessor Parcel Number 902-8-1) as part of the City's evaluation of potential land use changes during the General Plan 2045 update process. The property is undeveloped and generally located south of the Redwood Road terminus and north of Las Colinas Road (Attachment 1, Location Map). In February 2025, the City Council authorized staff to negotiate a Development Agreement concurrently with the update to ensure that it would function as an implementing mechanism of the General Plan 2045.

Development Agreement 24-004 establishes a framework and secures vested rights for the potential future development of approximately 50 developable acres within the larger property, including between 605 and 900 residential units consistent with the General Plan 2045 land use designations. It also

outlines required affordable housing obligations, infrastructure improvements, community benefit contributions, and subsequent approvals that must occur before any development may occur, which include preparation and adoption of a Neighborhood Plan and entitlements. The Development Agreement does not approve a specific development project or grant new development rights beyond those allowed under the General Plan; rather, it establishes the terms, timing, community benefits, and implementation requirements that would guide future development on the property. The Development Agreement is provided as Exhibit B to the Ordinance.

In accordance with CEQA Guidelines, staff and the Planning Commission recommend the City Council find that the Development Agreement is within the scope of the General Plan 2045 Program EIR pursuant to CEQA Guidelines Section 15183 and is also exempt from CEQA pursuant to Section 15061(b)(3), Common Sense. The Development Agreement does not authorize any physical development, and any future development proposals will undergo the appropriate discretionary and environmental review when proposed.

DISCUSSION

BACKGROUND

As part of the General Plan 2045 Update, staff conducted a comprehensive, citywide review of land use designations to align long-term growth with community goals and policies. During this process, Adventus, the property owner at 3658 Las Colinas Road (Property), requested consideration of revised land use designations to allow for residential use on a portion of the subject property. There was an existing Development Agreement for the Property that permits a Catholic High School at this site; however, the High School is no longer viable according to the property owner. Staff evaluated this land use change request within the broader context of citywide planning objectives, including housing needs, opportunities for community benefit, open space preservation, infrastructure needs, and consistency with the General Plan's policy framework. Staff concluded that a land use change would need defined public benefits, infrastructure obligations, and implementation timing. A Development Agreement was identified as the appropriate tool to formalize these commitments and ensure consistency with General Plan goals.

Following this determination, Adventus submitted an application for a Development Agreement on December 9, 2024. On February 24, 2025, the City Council authorized staff to negotiate the agreement in coordination with the General Plan Update and directed staff to explore opportunities related to increased residential densities, infrastructure improvements, and contributions to the Community Benefit Fund. Staff has since completed negotiations with Adventus and finalized the terms and provisions in the Development Agreement.

PROJECT DESCRIPTION

The Development Agreement establishes a framework for the potential future development of residential uses on approximately 50 developable acres within the overall 122-acre property at 3658 Las Colinas Road (Project) (see Attachment 1, Location Map). The Project may include between 605 to 900 dwelling units at residential densities ranging from 8 to 30 units per acre within conceptually defined development areas, along with associated improvements such as common open space, a neighborhood park, stormwater treatment facilities, private internal roadways, pedestrian and bicycle trails, and related on- and off-site infrastructure, as conceptually illustrated in Attachment 7, Development Agreement, Exhibits B and C. The remaining acreage outside the developable areas is not authorized for residential use and

would be preserved as open space or improved consistent with the Agreement, the General Plan, and subsequent discretionary approvals.

The Development Agreement does not approve a specific development project, rather, it establishes obligations and implementation requirements to guide future development proposals. Any physical development of the site would require separate review and approval through subsequent discretionary actions, including:

1. Neighborhood Plan and Planned Development zoning to establish detailed land use, circulation, open space, development and design parameters, and ensure compatibility with the terrain, topography, natural features and surrounding neighborhood;
2. Tentative Tract Map to subdivide the property into legal development parcels;
3. Site Plan Design Review to demonstrate compliance with applicable development and design standards; and
4. Environmental review under CEQA for each subsequent discretionary approval.

These subsequent approvals would require review by the Planning Commission and City Council prior to any construction.

PROJECT SITE CONTEXT

The Property, located along the northern side of Interstate 580 and Las Colinas Road, is undeveloped and characterized by a range of natural features, including rolling hillside topography, grassland open space, and the confluence of two natural creek corridors (i.e., Arroyo Seco and Arroyo Las Positas) that traverse portions of the site. The Property is situated in proximity to the Springtown neighborhood and lies adjacent to or near existing and planned single-family and multi-family residential communities to the north and east. Portions of the Property's southern and western boundaries are adjacent to unincorporated Alameda County land, which consist primarily of rural residential, open space, and agricultural uses.

STAFF ANALYSIS

General Plan

Land Use. The Development Agreement is consistent with the Property's General Plan 2045 land use designations, including Hillside Conservation (HLCN) with a Floating Medium Density Residential 2/3, and a High Density Residential 1 designation. The Development Agreement establishes a framework for future residential development within the allowable density range of 8-30 units per acre, while ensuring that areas designated HLCN are preserved or improved, consistent with policies for resource protection, slope stability, visual character, and open space conservation.

The Development Agreement advances key General Plan 2045 goals and policies by:

- Providing a range of housing opportunities through a framework that enables medium and high-density residential development consistent with adopted land use designations.
    - Goal LU-3: Create neighborhoods that include a mix of uses and a range of housing types to meet the needs of all residents.
        - Policy LU-3.1: Range of Housing Types. Provide a range of housing types, sizes, and affordability levels in all Livermore neighborhoods.

        - Policy LU-3.2: Maximize Residential Density. Advance development entitlements that maintain or increase residential density, particularly in areas designated for medium- and high-density housing. Collaborate with development partners to fully utilize allowable densities to expand the housing supply, promote efficient land use, and foster walkable, transit-oriented neighborhoods.
- Ensuring context-sensitive neighborhood transitions by requiring future development to be designed in relation to surrounding neighborhoods and to incorporate multimodal connections.
    - Goal LU-17: Cultivate the transition of new complete neighborhoods that have access to community amenities, respect the design of the surrounding area, and support multimodal transportation options.
        - Policy LU-17.1: Transitional Area Project Design. Require future development to design projects in context with the surrounding land uses and facilitate a mix of housing types.
        - Policy LU-17.2: Transitional Area Connectivity. Establish streets, trails, and pathways that improve access between neighborhoods and other destinations.
- Preserving natural features and open space by maintaining protections for creek corridors, hillside areas, and scenic open space within the HLCN designated portions of the site.
    - Goal OS-1: Conserve the value and function of Livermore's open space for natural resource protection, recreation, and scenic value.
        - Policy OS-1.1: Diverse Open Space System. Foster an open space system that supports the natural function of the land, protects sensitive wildlife and plant species, preserves important viewscapes, and creates opportunities for recreation.

Housing Element. Although the Property is not included in the 2023-2031 Housing Element Sites Inventory, the Agreement facilitates future residential development that will increase the City's overall housing capacity and may assist in meeting current or future Regional Housing Needs Allocation (RHNA) obligations. The Development Agreement identifies the compliance options consistent with the City's Inclusionary Housing Ordinance (LDC Section 11.70), with the specific approach to be finalized through an Affordable Housing Agreement. These provisions support Housing Element goals to expand affordable housing opportunities, promote mixed-income neighborhoods, and provide long-term funding for human services.

Future Neighborhood Planning and Zoning

The Property lies within a Transitional Area identified in Land Use Element, where the General Plan 2045 calls for coordinated, context-sensitive neighborhood planning (refer to General Plan Land Use Element page 3-44 and Figure LU-5). To implement this direction, the Development Agreement requires preparation and approval of a Las Colinas Neighborhood Plan and Planned Development (PD) zoning before any development may proceed. These subsequent approvals would establish detailed land use regulations, development standards, circulation networks, open space systems, and infrastructure phasing, ensuring that future development is comprehensively planned and aligned with General Plan 2045 and the Development Code.

Development Code Consistency

The Agreement complies with the Livermore Development Code by establishing permitted uses, development parameters, and a process for future discretionary approvals consistent with applicable zoning and General Plan 2045 policies.

Development Agreement

Government Code Section 65864, implemented locally through Livermore Development Code Chapter 9.04, authorizes cities to enter into Development Agreements to vest development rights and secure community benefits. As noted, the City Council previously directed staff to negotiate a Development Agreement with Adventus. Negotiations involved mutual concessions and incorporated City Council priorities, General Plan goals and policies, Strategic Plan pillars, and the Property Owner's development and timing considerations. The Development Agreement is provided as Attachment 7 (Exhibit B to the Ordinance), with a high-level summary of terms below.

Development Agreement Term	**Obligation Summary**
Agreement and Duration	15-year term with extension options consistent with the Livermore Development Code.
Subsequent Approvals	Future development requires Neighborhood Plan, PD zoning, Tentative Map(s), Site Plan Review, and project-level CEQA review.
Land Use and Conceptual Site Plan	Between 605-900 units within MDR 2/3 and HDR 1 areas; densities 8-30 du/ac; approx. 50 developable acres; remaining acreage in Hillside Conservation for open space, creek corridors, and resource protection. Conceptual plan includes internal streets, trails, neighborhood park, stormwater facilities, and open space network.
Community Benefit Fund Contribution	$6 million contribution paid in three installments tied to map recordation and building permit milestones; Consumer Price Index for All Urban Consumers (CPI-U) escalator applies beginning five years after the date of agreement execution. Community Benefit Fund contributions would be used to support community infrastructure and amenities, such as capital improvement projects or programs in the Springtown area, to improve the quality of life for residents.
Affordable Housing Strategies	Authorizing an Alternative Means of Compliance consistent with LDC Section 11.70 through on-site units, in-lieu fees (for-sale affordable units only), land dedication, or an approved alternative plan.
Infrastructure Improvements	Property Owner constructs Las Colinas Road connection, the Northern Las Colinas Trail Extension and Southern Las Colinas Trail Extension consistent with the Active Transportation Plan, required off-site improvements, and utility easements (as required).
Parkland	Dedication and construction of an approximately 3-acre publicly accessible park.
Infrastructure Financing Options	City cooperation in evaluating Enhanced Infrastructure Financing District (EIFD) or a Community Facilities District (CFD) formation to help finance infrastructure improvements; but City has no obligation to approve formation.

Impact Fee Credits	City consideration of fee credits for community serving park or roadway improvements; may carry forward to later phases.

The Property Owner has agreed to the terms summarized above and signed the Development Agreement. The Development Agreement is consistent with the General Plan 2045, secures a substantial range of community benefits, and establishes a clear framework for future development.

ENVIRONMENTAL DETERMINATION

The Planning Commission and staff recommend the City Council determine that approval of the Development Agreement is within the scope of the General Plan 2045 Environmental Impact Report (General Plan EIR) (State Clearinghouse No. 2023030225) under CEQA Guidelines Section 15183 and is also exempt from CEQA under the common sense exemption in Section 15061(b)(3).

The Development Agreement is consistent with the General Plan 2045 land use designations for the Property and does not authorize development beyond what was evaluated in the certified General Plan EIR. Because the Agreement does not introduce new or more severe environmental effects and no conditions requiring supplemental review under CEQA Guidelines Section15183 are present, it is within the scope of the General Plan EIR. Furthermore, the Development Agreement establishes procedural requirements and vested rights for future discretionary approvals, all of which will undergo separate CEQA review when submitted. Because the Development Agreement does not grant new development rights, change development intensity, or modify the land use assumptions already evaluated in the General Plan 2045 Program EIR, it cannot result in any physical environmental effects. As an administrative action with no potential to cause a significant impact, the Development Agreement qualifies for the common sense exemption under CEQA Guidelines Section 15061(b)(3).

PLANNING COMMISSION

On July 7, 2026, the Planning Commission held a duly noticed public hearing to consider the Development Agreement, related CEQA determination, public testimony, and required findings (see meeting minutes are provided as Attachment 2). There were three public comments received at the hearing on this item; two related to traffic concerns and neighborhood impacts with a future project and one from a labor organization representative. The Planning Commission adopted resolutions recommending that the City Council find the Development Agreement exempt from CEQA (Attachment 4) and adopt an ordinance approving the Development Agreement (Attachment 6).

FISCAL AND ADMINSTRATIVE IMPACTS

Approval of the Development Agreement would not result in a direct cost to the City. The Development Agreement application fees paid by Adventus generally cover the City's administrative costs associated with processing the application, including staff time for negotiation, analysis, and document preparation.

The Development Agreement would provide $6,000,000 in Community Benefit Fund contributions, with payments to be made in phases tied to subsequent project approvals and associated ministerial actions, including final map recordation and building permit issuance. Future development under the Development Agreement would be subject to required development impact fees. The Development Agreement also provides infrastructure financing options and impact fee credit provisions, subject to the

City's determination that any proposed improvements benefit the broader community beyond the development area. Development under the Development Agreement could help maintain long term fiscal balance, with service expenditures likely offset by increased property tax revenue depending on the ultimate development outcomes.

DRAFT MINUTES

LIVERMORE
CALIFORNIA

PLANNING COMMISSION
JULY 7, 2026

REGULAR MEETING

1. CALL TO ORDER – The regular meeting of the Planning Commission was called to order by Chairperson Tracy Kronzak at 7:00 pm, held in person at 1016 S. Livermore Avenue.

ROLL CALL – Present: Chairperson Tracy Kronzak, Vice Chairperson Charity Steele, Commissioner Jacob Anderson, Commissioner Yolanda Fintschenko, Commissioner Nadine Horner.

PLEDGE OF ALLEGIANCE

Chairperson Kronzak led the Pledge of Allegiance.

2. OPEN FORUM

Chairperson Kronzak opened the public comment period.

Greg Scott addressed the Commission regarding the inclusion of UC Berkley and UC Davis in the Land Grant Colleges; water crisis; and growth predictions in the General Plan update.

There were no more speakers, and the public comment period was closed.

3. CONSENT CALENDAR

ON THE MOTION OF COMMISSIONER ANDERSON, SECONDED BY COMMISSIONER FINTSCHENKO, AND CARRIED ON A 4-0 VOTE (WITH COMMISSIONER HORNER ABSTAINING), THE PLANNING COMMISSION APPROVED THE CONSENT CALENDAR ITEM 3.1:

3.1 Approval of the June 16, 2026 Planning Commission Draft Meeting Minutes

Chairperson Kronzak opened the public comment period.

There were no speakers, and the public comment period was closed.

4. PROJECT REVIEW - NONE

5. PUBLIC HEARINGS

5.1 Hearing to consider a resolution recommending certification of the General Plan Environmental Impact Report, approval of the Livermore General Plan 2045, and approval of conforming Zoning Map Amendments establishing a long-term vision, goals, policies, implementation actions and land use designations to guide future decision-making related to growth, development, and resource conservation through 2045.

Recommendation:
Staff recommend the Planning Commission adopt separate resolutions recommending the City Council:

- Certify the General Plan 2045 Final Environmental Impact Report (EIR)
- Adopt Livermore General Plan 2045, subject to the revisions identified in the Errata Sheet dated July 7, 2026 (GPA 21-003)
- Adopt an ordinance making conforming amendments to the Livermore Zoning Map (ZMA 26-001)
- Retain Existing General Plan Scenic Corridor Policy (under separate cover) until new Scenic Resources policies are considered at a future date (POL 26-002).

Andy Ross, Principal Planner, presented the staff report.

Chairperson Kronzak clarified the difference between a programmatic EIR and mitigation measures established in a project specific EIR; purpose of a neighborhood plan; and contemplated update for the Climate Action Plan.

Chairperson Kronzak opened the public comment period.

There were no speakers, and the public comment period was closed.

Commissioner Anderson commended staff for their work on the update; highlighted the theme of making housing changes while updating the framework to accommodate those changes, therefore establishing less than significant impacts; and expressed enthusiasm and appreciation.

Commissioner Horner echoed appreciation to staff and the community and noted that plans worked.

Commissioner Fintschenko echoed the gratitude expressed by the other Commissioners.

Vice Chair Steele thanked staff for the thorough review and clear presentation; and the community for its input.

Chairperson Kronzak expressed gratitude to staff and the community; and acknowledged the compassionate, visionary, adaptive and inclusionary outcome.

ON THE MOTION OF CHAIRPERSON KRONZAK, SECONDED BY COMMISSIONER ANDERSON AND CARRIED ON A 5-0 VOTE, THE PLANNING COMMISSION ADOPTED THE FOLLOWING RESOLUTIONS:

Resolution 11-26 Recommending that the City Council certify the Final Environmental Impact Report for the General Plan 2045 and Zoning Map Amendment and Adopt California Environmental Quality Act Findings, a Statement of Overriding Considerations, and a Mitigation Monitoring and Reporting Program.

Resolution 12-26 Recommending that the City Council approve Livermore General Plan 2045.

Resolution 13-26 Recommending that the City Council Adopt an Ordinance Approving Zoning Map Amendment 26-001 to conform with the General Plan 2045**.**

Resolution 14-26 Recommending approval of Policy Proposal (POL) 26-002 for the Scenic Resources Policy to implement the General Plan 2045 Community Identity Element.

5.2 Hearing to consider an ordinance authorizing Development Agreement 24-004 to establish a framework and secure vested rights for a future residential project on approximately 50 developable acres within a 122-acre property at 3658 Las Colinas Road (Assessor Parcel Number 902-8-1). The Development Agreement does not propose or authorize a specific development project or physical development, and future implementation actions would be subject to subsequent approvals.

Recommendation:
Staff recommend the Planning Commission adopt the following resolutions recommending the City Council:

1. Find that the Development Agreement is within the scope of the certified General Plan 2045 Environmental Impact Report (EIR) pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15183 and that the Agreement itself has no potential to cause a significant environmental effect and is therefore exempt under CEQA Guidelines Section 15061(b)(3). No additional environmental review is required;
2. Adopt an Ordinance authorizing Development Agreement (DA) 24-004.

Shannon Pagan, Senior Planner, presented the staff report.

Chairperson Kronzak opened the public comment period.

Paul Bongiovanni, Adventus, congratulated the City on the General Plan; thanked the Commission for its consideration of the Development Agreement; and explained the significant infill property, and proceeds from the sale as part of planned reorganization to the Diocese.

Chairperson Kronzak confirmed that the project would be covered by a future scenic overlay; and an Neighborhood Plan with Planned Development Zoning to ensure compatibility with the existing neighborhood.

Greg Scott expressed concern with destroying the last remaining scenic corridor and impacting sacred ground; the need to rebuild the Las Collinas overpass; and housing crisis.

William Vidalin, 3680 Las Colinas Road, expressed concern about the impact to their family ranch due to traffic; misaligned overpass; and need for two bridges.

Ian Vidalin, 3680 Las Colinas Road, expressed concern with encroachment and traffic with adjacent developments and the need for County officials to inspect the County parcel and conduct a rigorous traffic study; and provided copies of the property boundaries survey to the Planning Commission clerk.

Robert Downs, East Bay Residents for Responsible Development, representing the building trades organizations, referenced their July 6, 2026, letter; indicated support for the development; and requested inclusion of workforce standards in the Development Agreement.

There were no additional speakers, and the public comment period was closed.

Commissioner Anderson confirmed that neighborhood compatibility and technical studies would be considered during site plan and design review; that the Development Agreement was part of an exchange and would provide better connectivity for Springtown, trail completions, contributions to the Community Benefit Fund; and discussed the use of workforce labor.

Commissioner Horner thanked staff and Diocese; discussed the give and take in the agreement; desire for the Diocese to build the high school on an alternate site in Livermore; and belief that the future project would consider the concerns of community.

Commissioner Fintschenko thanked staff and the applicant; and discussed the neighbors' concerns. Senior Planner Pagan explained that, before any development could occur on the subject property, the parcel would first need to be sold, and a development proposal submitted by a future developer. The proposal would then be reviewed through the entitlement process, including preparation of a Neighborhood Plan with Planned Development zoning, subdivision mapping, and site plan design review. In addition, the necessary technical studies and site-specific environmental analysis would also be completed concurrently with these entitlement steps. Commissioner Fintschenko reviewed the requested actions before the Planning Commission and opportunities for community input.

Vice Chair Steele expressed appreciation for staff's presentation and acknowledged the public's concerns.

In response to Chairperson Kronzak, Senior Planner Pagan and Principal Planner Ross explained the requirements under CEQA to notify the Tribe and comments received; and the neighborhood notification and outreach process.

In response to Commissioner Fintschenko, Principal Planner Ross explained the use of Community Benefit Funds.

ON THE MOTION OF COMMISSIONER HORNER, SECONDED BY VICE CHAIRPERSON STEELE AND CARRIED ON A 5-0 VOTE, THE PLANNING COMMISSION ADOPTED THE FOLLOWING RESOLUTIONS:

Resolution 15-26 Recommending the City Council find that the Development Agreement 24-004 for the Adventus Las Colinas Road Property is within the scope of the General Plan 2045 Environmental Impact Report pursuant to CEQA Guidelines Section 15183 and Exempt under CEQA Guidelines Section 15061(B)(3).

Resolution 16-26 Recommending that the City Council Adopt an Ordinance Approving Development Agreement 24-004 for the Adventus Las Colinas Road Property.

RECESS
Chairperson Kronzak called a recess at 8:25 pm. The meeting was reconvened at 8:30 pm with all Commissioners present.

5.3 Hearing to consider a request for the first amendment to Development Agreement 08-002 ("Agreement") with McGrath RentCorp (DAA 26-002). The Agreement term would be extended 30 years to 2059, the Agreement boundary would be adjusted, and the Property Owner obligations would be modified to: 1) effectuate a commercial land transfer to a high-revenue commercial user; and 2) secure support for 2045 General Plan and Midtown Area planning objectives.

Recommendation:
Staff recommends the Planning Commission adopt the following resolutions recommending the City Council:

1. Find that the first amendment to Development Agreement 08-002 with McGrath RentCorp is exempt under CEQA; and
2. Adopt an Ordinance to approve the first amendment to Development Agreement 08-002 with McGrath RentCorp (DAA 26-002).

Jake Potter, Economic Development Manager, presented the staff report.

Mike Bray, McGrath RentCorp, discussed the existing property and use and requested amendment to allow continued operations.

Chairperson Kronzak opened the public comment period.

There were no speakers, and the public comment period was closed.

Commissioner Anderson suggested the proposed amendment is the best outcome considering the circumstances.

Commissioner Horner thanked the owners for coming and acknowledged that housing would be ideal but the business had been in operation for decades.

Commissioner Fintschenko thanked staff and the applicant and indicated the findings could be made.

Vice Chair Steele thanked the City and applicant for coming to the compromise and indicated support for the recommendations.

Chairperson Kronzak expressed appreciation and indicated the findings could be made.

ON THE MOTION OF COMMISSIONER HORNER, SECONDED BY COMMISSIONER FINTSCHENKO AND CARRIED ON A 5-0 VOTE, THE PLANNING COMMISSION ADOPTED THE FOLLOWING RESOLUTION:

Resolution 17-26 Recommending the City Council find that the First Amendment to Development Agreement 08-002 (DAA 26-002) with Mcgrath RentCorp is Exempt under CEQA Guidelines Sections 15301 And 15061(B)(3).

Resolution 18-26 Recommending that the City Council Adopt an Ordinance Approving the First Amendment to Development Agreement 08-002 (DAA 26-002) with McGrath RentCorp.

6. MATTERS FOR CONSIDERATION - NONE

7. MATTERS INITIATED BY PLANNING COMMISSION STAFF - NONE

8. ADJOURNMENT – at 8:47 pm to a Regular Planning Commission Meeting on Tuesday, July 21, 2026 at 7:00 pm, Civic Center Meeting Hall, City Council Chambers, 1016 S. Livermore Avenue.

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION FINDING THAT DEVELOPMENT AGREEMENT 24-004 FOR THE ADVENTUS LAS COLINAS ROAD PROPERTY IS EXEMPT FROM THE PROVISIONS OF THE CALIFORNIA ENVIRONMENTAL QUALITY ACT

(Development Agreement 24-004)

The City received an application for Development Agreement (DA) 24-004 from Adventus, the Property Owner of a 122-acre parcel located at 3658 Las Colinas Road (Assessor Parcel Number 902-8-1) ("Property"), to establish a framework and secure vested rights for future residential uses consistent with the land use designations and policies of General Plan 2045 ("Agreement" or "Project"). The Agreement does not propose or authorize a specific development project or physical development; future development will require subsequent discretionary approvals.

On June 26, 2026, the City published the General Plan 2045 Final Environmental Impact Report ("General Plan EIR") (State Clearinghouse No. 2023030225), a Program EIR prepared pursuant to the California Environmental Quality Act ("CEQA") and the CEQA Guidelines. The General Plan EIR evaluates the long-term buildout under updated land use designations, policies, and growth assumptions of General Plan 2045. The General Plan EIR analyzes the maximum development intensity and associated environmental effects anticipated for the Property under its General Plan 2045 land use designations and serves as the environmental foundation for subsequent implementing actions.

On July 7, 2026, as a separate agenda item from this Agreement, the Planning Commission held a duly noticed public hearing to consider its recommendation on the General Plan EIR to the City Council and adopted Resolution No. 11-26, recommending that the City Council certify the General Plan EIR and adopt associated Findings, Facts in Support of Findings, a Statement of Overriding Considerations, and a Mitigation Monitoring and Reporting Program.

At the same duly noticed public hearing held on July 7, 2026, the Planning Commission considered the Project, made the necessary findings, and adopted Planning Commission Resolution No. 15-26, attached hereto as Exhibit A, recommending the City Council find the Project is exempt from the provisions of CEQA pursuant to CEQA Guidelines Sections 15183 and 15061(b)(3).

On July 27, 2026, the City Council adopted Resolution XX-XX to certify the General Plan EIR and adopt the Findings, Facts in Support of Findings, and Statement of Overriding Considerations Regarding the Environmental Impact Report.

On July 27, 2026, the City Council held a duly noticed public hearing to consider the Project, Planning Commission and staff recommendations, and all public comments and testimony, and findings.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore that prior to taking action on the Project, and at a properly noticed public hearing, the City Council reviewed written and oral staff reports, conducted a public hearing on the Project and took testimony, and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The City Council's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED that the City Council of the City of Livermore has considered the findings made in Planning Commission Resolution No. 15-26, attached hereto as Exhibit A, and the City Council hereby adopts the same findings by this reference and incorporates them as their own findings as part of this resolution. Based upon the City Council's own independent review of the Record Evidence and considerations, the City Council hereby finds that the Project is statutorily exempt from the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines Section 15183, as the Project falls within the scope of analysis conducted for the General Plan 2045 EIR and does not authorize any level of development or activity beyond what that document evaluated.

BE IT FURTHER RESOLVED that the City Council of the City of Livermore, based upon the City Council's own independent review of the Record Evidence and considerations, hereby finds that the Project is exempt under CEQA Guidelines Section 15061(b)(3) (common sense exemption) in that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.

BE IT FURTHER RESOLVED that the City Council of the City of Livermore directs the Planning Manager to file a Notice of Exemption with the Alameda County Clerk, if the Project is approved.

The documents that constitute the record of proceedings upon which this decision is based can be found in the City Clerk's Office, 1052 S. Livermore Avenue, in Livermore, California. This resolution shall be effective upon adoption by the City Council.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

Exhibit A – Planning Commission Resolution No. 15-26

IN THE PLANNING COMMISSION OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION RECOMMENDING THE CITY COUNCIL FIND THAT THE DEVELOPMENT AGREEMENT 24-004 FOR THE ADVENTUS LAS COLINAS ROAD PROPERTY IS WITHIN THE SCOPE OF THE GENERAL PLAN 2045 ENVIRONMENTAL IMPACT REPORT PURSUANT TO CEQA GUIDELINES SECTION 15183 AND EXEMPT UNDER CEQA GUIDELINES SECTION 15061(b)(3)

The City received an application for Development Agreement (DA) 24-004 ("Agreement") from Adventus, the Property Owner of a 122-acre parcel located at 3658 Las Colinas Road (Assessor Parcel Number 902-8-1) ("Property"), to establish a framework and secure vested rights for future residential uses consistent with the land use designations and policies of the General Plan 2045 ("Project"). The Agreement does not propose or authorize a specific development project or physical development; future development will require subsequent discretionary approvals.

On June 26, 2026, the City published the General Plan 2045 Final Environmental Impact Report ("General Plan EIR") (State Clearinghouse No. 2023030225), a Program EIR prepared pursuant to the California Environmental Quality Act (CEQA) and the CEQA Guidelines. The General Plan EIR evaluates the long-term buildout under updated land use designations, policies, and growth assumptions of the General Plan 2045. The General Plan EIR analyzes the maximum development intensity and associated environmental effects anticipated for the Property under its General Plan 2045 land use designations and serves as the environmental foundation for subsequent implementing actions.

On July 7, 2026, as a separate agenda item from this Agreement, the Planning Commission recommended that the City Council certify the General Plan EIR and adopt associated CEQA findings, a Statement of Overriding Considerations, and a Mitigation Monitoring and Reporting Program. The Agreement is consistent with the General Plan 2045 land use designation applicable to the Property and does not authorize development beyond what was evaluated in the General Plan EIR. The General Plan EIR serves as the applicable environmental document for the Agreement under CEQA Guidelines Section 15183. The Agreement does not authorize physical development, construction activity, or site disturbance, and it qualifies for the common sense exemption under CEQA Guidelines Section 15061(b)(3).

On July 7, 2026, the Planning Commission held a duly noticed public hearing to consider the Agreement, staff recommendations, all public comments and testimony, and findings.

NOW, THEREFORE, BE IT RESOLVED, by the Planning Commission of the City of Livermore that prior to taking action on the Project, and at a properly noticed public meeting, the Planning Commission reviewed written and oral staff reports, conducted a public hearing on the Project, took testimony, and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The Planning Commission's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED, by the Planning Commission of the City of Livermore, that based on its independent review of the Record Evidence and considerations, it hereby recommends that the City Council finds that the Agreement is exempt from CEQA pursuant to CEQA Guidelines Sections 15183 and 15061(b)(3). The Planning Commission makes the following findings:

1. Section 15183(b): In approving a project meeting the requirements of this section, a public agency shall limit its examination of environmental effects to those which the agency determines, in an initial study or other analysis:

   (1) Are peculiar to the project or the parcel on which the project would be located,

   (2) Were not analyzed as significant effects in a prior EIR on the zoning action, general plan or community plan with which the project is consistent,

   (3) Are potentially significant off-site impacts and cumulative impacts which were not discussed in the prior EIR prepared for the general plan, community plan or zoning action, or

   (4) Are previously identified significant effects which, as a result of substantial new information which was not known at the time the EIR was certified, are determined to have a more severe adverse impact than discussed in the prior EIR.

   Response: The Agreement does not involve environmental effects that are peculiar to the Agreement or to the Property. The Agreement establishes vested rights for a future residential development project and implements General Plan 2045 land use designations but does not authorize a specific development project, establish new development rights, increase development intensity, nor authorize physical development beyond what was contemplated and evaluated in the General Plan 2045 EIR.

   All environmental effects associated with the land use designations and development intensity applicable to the Property were analyzed in the General Plan 2045 EIR. No new significant effects have been identified.

   The Agreement does not introduce new off-site or cumulative impacts beyond those disclosed in the General Plan 2045 EIR. The Agreement does not alter the scale, intensity, or location of development assumed in the EIR.

   No substantial new information, as defined in CEQA Guidelines Section 15162, indicates that any previously identified significant impact would be more severe than described in the General Plan 2045 EIR.

   All applicable mitigation measures identified in the General Plan 2045 EIR continue to apply to future implementing actions on the Property and will be imposed through subsequent discretionary approvals.

Accordingly, none of the conditions in Section 15183(b)(1 through 4) requiring additional environmental review are present and the Agreement remains fully in the scope of the General Plan 2045 EIR.

2. Section 15183(d): This section shall apply only to projects which meet the following conditions:

(1) The project is consistent with:

a. A community plan adopted as part of a general plan,
b. A zoning action which zoned or designated the parcel on which the project would be located to accommodate a particular density of development, or
c. A general plan of a local agency, and

(2) An EIR was certified by the lead agency for the zoning action, the community plan, or the general plan.

Response: The Agreement is consistent with the General Plan 2045 land use designations applicable to the Property and the City's zoning and long-range planning framework that anticipates residential development on the site. The Agreement itself does not authorize physical development but instead requires preparation and approval of a Neighborhood Plan, Planned Development zoning, and subsequent implementing entitlements prior to any future development on the Property. Consistent with General Plan policy, these subsequent approvals will establish detailed land use regulations, development standards, and site-specific design parameters consistent with General Plan 2045 and will be subject to their own discretionary review and CEQA evaluation, as appropriate. Accordingly, the Agreement is consistent with and functions as an implementing mechanism of the General Plan 2045 rather than a grant of new or expanded development rights.

The General Plan 2045 EIR was prepared as a Program EIR for the General Plan update and has been recommended for certification by the Planning Commission as a separate item earlier on this agenda. Development Agreement 24-004 is consistent with the General Plan 2045 land use designation applicable to the Property because it establishes vested rights and procedures for future residential development at the density and intensity evaluated in the General Plan 2045 EIR and does not authorize development beyond what the EIR analyzed. Accordingly, the General Plan 2045 EIR serves as the applicable environmental document for purposes of CEQA Guidelines Section 15183.

Therefore, the Agreement satisfies the applicability requirements of CEQA Guidelines Section 15183(d) as it is consistent with the General Plan 2045 and is fully within the scope of impacts analyzed in the General Plan 2045 EIR.

3. Section 15061(b)(3): The Agreement qualifies for the common sense exemption under CEQA Guidelines Section 15061(b)(3), which applies where it can be seen

with certainty that there is no possibility of the activity causing a significant effect on the environment.

Response: The Agreement does not authorize any physical development, construction activity, or site disturbance on the Property; rather, it establishes vested rights and procedural requirements for future discretionary approvals, including preparation of a Neighborhood Plan, Planned Development zoning, and subsequent implementing entitlements, all of which will undergo their own CEQA review at the appropriate time. The Agreement does not grant new development rights, increase development intensity, or modify the land use assumptions evaluated in the General Plan 2045 EIR, and therefore cannot result in any environmental impacts beyond those already analyzed in that Program EIR. No unusual circumstances exist that would create a reasonable possibility of a significant environmental effect, and the administrative and procedural nature of the Agreement ensures that no physical change to the environment will occur as a result of its approval.

Accordingly, the Agreement qualifies for the common sense exemption under CEQA Guidelines Section 15061(b)(3) because there is no possibility that its approval will cause a significant effect on the environment.

BE IT FURTHER RESOLVED that the Livermore Planning Commission recommends that the City Council direct the Planning Manager to file a Notice of Exemption with the Alameda County Clerk if the Project is approved.

The documents that constitute the record of proceedings upon which this decision is based can be found in the Community Development Department, 1052 S. Livermore Avenue, in Livermore, California.

On the motion by Commissioner Horner, seconded by Vice Chairperson Steele, the foregoing Resolution was passed and adopted at the Planning Commission meeting of July 7, 2026, by the following vote:

AYES: ANDERSON, FINTSCHENKO, HORNER, KRONZAK, STEELE.
NOES: NONE.
ABSENT: NONE.

Tracy Kronzak, Chairperson

Stephen Riley

By Stephen Riley, Planning Manager
Secretary to the Planning Commission

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

AN ORDINANCE APPROVING A DEVELOPMENT AGREEMENT WITH ADVENTUS FOR THE LAS COLINAS ROAD PROPERTY

(Development Agreement 24-004)

California Government Code Section 65864 (implemented by Livermore Development Code Chapter 9.04) allows local jurisdictions and private parties to enter into Development Agreements in order to vest certain development rights and to meet local public purpose objectives.

On December 9, 2024, Adventus, as the Property Owner of a 122-acre parcel located at 3658 Las Colinas Road (Assessor Parcel Number 902-8-1) ("Property"), submitted an application for Development Agreement 24-004 to establish a framework and secure vested rights for future residential uses on a defined portion of the Property consistent with the General Plan 2045 land use designations ("Agreement" or "Project"). The Agreement does not propose or authorize a specific development project or physical development; future development will require subsequent discretionary approvals.

On February 24, 2025, the City Council adopted a resolution authorizing City staff to negotiate the Agreement concurrently with the General Plan 2045 update to ensure that the Agreement would function as an implementing mechanism of General Plan 2045 and to secure benefits for the community.

Following this direction, City staff and Adventus negotiated the Agreement, attached as Exhibit A and incorporated herein by reference. The Agreement does not propose or authorize a specific development project or physical development; rather, it establishes procedures and vested rights for future residential development on approximately 50 developable acres of the 122-acre Property, allowing between 605–900 dwelling units with related park, open space, circulation, and infrastructure improvements. The Agreement includes the Property's legal description, a conceptual site plan, and infrastructure exhibits that illustrate the Property's development potential, but do not authorize physical development or establish final design. The remaining acreage is not authorized for residential use and may be improved or preserved as authorized by this Agreement, the General Plan, and subsequent discretionary approvals, including adoption of a Neighborhood Plan and Planned Development zoning, subject to all applicable review and approval processes.

On July 7, 2026, the Planning Commission held a duly noticed public hearing to consider the Agreement, staff recommendations, all public comments and testimony, and findings, and adopted Planning Commission Resolution No. 16-26, attached hereto as Exhibit A, recommending the City Council approve the Agreement. The Planning Commission additionally adopted Resolution No. 15-26 recommending the City Council find the Agreement exempt from CEQA.

On July 27, 2026, the City Council held a duly noticed public hearing to consider the Agreement, Planning Commission and staff recommendations, all public comments and testimony, and findings.

THE CITY COUNCIL OF THE CITY OF LIVERMORE DOES ORDAIN AS FOLLOWS:

Section 1. *Authority*. Pursuant to Government Code Section 65864 et seq., the City Council considers that certain document under City Application No. Development Agreement 24-004 and entitled "Development Agreement for the Las Colinas Road Property" ("Development Agreement"). The Development Agreement is attached hereto as Exhibit B.

Section 2. *Record Evidence*. Prior to taking action on the Project, and at a properly noticed public hearing, the City Council of the City of Livermore reviewed written and oral staff reports, conducted a public hearing on the Project and took testimony; and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The City Council's determination is based on the Record Evidence, which is incorporated into this Ordinance by reference.

Section 3. *Environmental*. The City Council has adopted Resolution No. ____, finding the Development Agreement for the Las Colinas Road Property to be exempt from the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines Sections 15183 and 15061(b)(3). The Development Agreement is consistent with the General Plan 2045 land use designation applicable to the Property and does not authorize development beyond what was evaluated in the Livermore General Plan 2045 EIR (General Plan EIR) (State Clearinghouse No. 2023030225). The General Plan EIR serves as the applicable environmental document for the Development Agreement under CEQA Guidelines Section 15183. Further, the Development Agreement does not authorize physical development, construction activity, or site disturbance, and it qualifies for the common sense exemption under CEQA Guidelines Section 15061(b)(3).

Section 4. *Findings*. The City Council has considered the findings made in Planning Commission Resolution No. 16-26, attached hereto as Exhibit A, and hereby adopts the same findings by this reference and incorporates them herein as their own.

Section 5. *Approval*. Based upon the City Council's own independent review of the Record Evidence and considerations, it hereby adopts this Ordinance approving the Development Agreement, attached hereto as Exhibit B. The City Council recommends any future developer of the Las Colinas Road Property engage with relevant labor organizations, as appropriate, in connection with the planning, construction, and facilitation of site development.

Section 6. *Signing Authority*. The City Manager is hereby authorized to sign the Development Agreement, attached hereto as Exhibit B, on behalf of the City of Livermore.

Section 7. *Publication*. This Ordinance shall be published once in a newspaper of general circulation of the City of Livermore within 15 days after its adoption.

Section 8. *Effective Date*. This Ordinance shall take effect 30 days after its adoption.

Section 9. *Recording*. The City Clerk is directed to record the Development Agreement within 10 days after the effective date of the Development Agreement.

Section 10. *Documents*. The documents that constitute the record of proceedings upon which this decision is based on can be found in the City Clerk's Office, 1052 S. Livermore Avenue, Livermore, California.

Section 11. *Severability*. If any part of this Ordinance is declared unconstitutional or invalid by a court, such unconstitutionality or invalidity shall not affect any remaining parts.

The foregoing Ordinance was introduced at the meeting of the City Council of the City of Livermore held on July 27, 2026, by the following vote:

Exhibit A – Planning Commission Resolution 16-26
Exhibit B – Development Agreement 24-004

IN THE PLANNING COMMISSION OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION RECOMMENDING THAT THE CITY COUNCIL ADOPT AN ORDINANCE APPROVING DEVELOPMENT AGREEMENT 24-004 FOR THE ADVENTUS LAS COLINAS ROAD PROPERTY

California Government Code Section 65864 (implemented by Livermore Development Code Chapter 9.04) allows local jurisdictions and private parties to enter into Development Agreements in order to vest certain development rights and to meet local public purpose objectives.

On December 9, 2024, Adventus, as the Property Owner of a 122-acre parcel located at 3658 Las Colinas Road (Assessor Parcel Number 902-8-1) ("Property"), submitted an application for Development Agreement 24-004 ("Agreement") to establish a framework and secure vested rights for future residential uses on a defined portion of the Property consistent with the General Plan 2045 land use designations ("Project"). The Agreement does not propose or authorize a specific development project or physical development; future development will require subsequent discretionary approvals.

On February 24, 2025, the City Council adopted a resolution authorizing staff to negotiate the Agreement concurrently with the General Plan 2045 update to ensure that the Agreement would function as an implementing mechanism of the General Plan 2045 and to secure benefits for the community.

Following this direction, City staff and Adventus negotiated the Agreement, attached as Exhibit A and incorporated herein by reference. The Agreement does not propose or authorize a specific development project or physical development; rather, it establishes procedures and vested rights for future residential development on approximately 50 developable acres of the 122-acre Property, allowing between 605–900 dwelling units with related park, open space, circulation, and infrastructure improvements. The Agreement includes the Property's legal description, a conceptual site plan, and infrastructure exhibits that illustrate the Property's development potential, but do not authorize physical development or establish final design. The remaining acreage is not authorized for residential use and may be improved or preserved as authorized by this Agreement, the General Plan, and subsequent discretionary approvals, including adoption of a Neighborhood Plan and Planned Development zoning, subject to all applicable review and approval processes.

On July 7, 2026, as a separate agenda item from this Agreement, the Planning Commission recommended that the City Council certify the General Plan EIR and adopt associated CEQA findings, a Statement of Overriding Considerations, and a Mitigation Monitoring and Reporting Program. The Agreement is consistent with the General Plan 2045 land use designation applicable to the Property and does not authorize development beyond what was evaluated in the General Plan EIR. The General Plan EIR serves as the applicable environmental document for the Agreement under CEQA Guidelines Section 15183. The Agreement does not authorize physical development, construction activity, or site disturbance, and it qualifies for the common sense exemption under CEQA Guidelines Section 15061(b)(3).

On July 7, 2026, the Planning Commission held a duly noticed public hearing to consider the Agreement, staff recommendations, all public comments and testimony, and findings.

NOW, THEREFORE, BE IT RESOLVED by the Planning Commission of the City of Livermore that prior to taking action on the Project, and at a properly noticed public hearing, the Planning Commission reviewed written and oral staff reports, conducted a public hearing on the Project and took testimony, and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The Planning Commission's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED, with respect to Development Agreement 24-004, the Planning Commission finds based upon the information presented that:

1. The Development Agreement ("Agreement") provides benefit to the City.

   Findings: The Agreement will facilitate future development of the subject Property and will provide substantial benefits to the City.

   The Agreement establishes a framework for future residential development on a defined portion of the 122-acre property, consistent with the General Plan 2045 land use designations and policies. While the Agreement does not approve a specific development project, it vests a predictable process for future subsequent approvals and ensures that any future development will be subject to detailed review, public hearings, and project-level environmental analysis.

   The Agreement secures meaningful community benefits by requiring financial contributions to the City's Community Benefit Fund, which supports parks, trails, public facilities, affordable housing initiatives, and human-service programs that enhance quality of life for Livermore residents. In addition, the Agreement establishes obligations for off-site roadway and trail improvements that will strengthen mobility and connectivity in the Springtown neighborhood and advance the City's long-term transportation and safety goals.

   These commitments complement the City's broader objectives for housing affordability, open space preservation, and neighborhood compatibility by supporting future opportunities for affordable housing, enabling publicly accessible park and trail amenities, and preserving natural hillside areas for passive recreation, habitat protection, and trail linkages. The Agreement also facilitates the generation of long-term fiscal benefits through increased property tax revenue.

   Accordingly, the Development Agreement serves the best interests of the City and promotes the public health, safety, and welfare by securing community benefits, establishing clear expectations for future development, and ensuring coordinated infrastructure planning.

2. The Development Agreement is consistent with the purpose, intent, goals, policies, programs, and land use designations of the General Plan, any applicable Specific Plan, and the Development Code.

   Findings: The Development Agreement is consistent with the purpose and intent of the General Plan 2045 and the Livermore Development Code.

   General Plan Consistency: A portion of the Property is designated for residential use in the General Plan 2045. The Agreement is consistent with the Property's General Plan 2045 land use designations, including Hillside Conservation (HLCN) with a Floating Medium Density Residential 2/3, and High Density Residential 1. The Agreement establishes a framework for future residential development within the allowable density range of 8-30 units per acre, while ensuring that areas designated HLCN are preserved or improved consistent with policies for resource protection, slope stability, visual character, and open space conservation. The Agreement supports General Plan goals and policies to support a range of housing opportunities, ensure compatibility with surrounding neighborhoods, preserve natural features, and coordinate infrastructure planning.

   To implement these General Plan policies, the Agreement requires preparation and approval of a Neighborhood Plan and Planned Development zoning prior to any future development, ensuring that detailed land use regulations, development standards, circulation networks, open space systems, and infrastructure phasing are established through subsequent discretionary approvals.

   Housing Element: Although the site is not included in the 2023-2031 Housing Element Sites Inventory, future residential development on the property would provide additional housing capacity that may assist the City in meeting current or future Regional Housing Needs Allocation (RHNA) obligations. The Agreement also requires contributions to the Community Benefit Fund, supporting community infrastructure and amenities, such as capital improvement projects in the Springtown area.

   Neighborhood Planning and Zoning: The Property lies within a Transitional Area identified in the Land Use Element, where the General Plan calls for coordinated, context-sensitive neighborhood planning. Consistent with General Plan policies, the required Neighborhood Plan and Planned Development zoning will provide the localized planning needed to address site-specific considerations such as circulation, natural features, open space, and compatibility with adjacent neighborhoods. These subsequent approvals will undergo public review and project-level CEQA analysis, ensuring that future development is comprehensively planned and consistent with General Plan 2045 policies.

   Development Code Consistency: The Agreement complies with the Livermore Development Code by establishing permitted uses, development parameters, and a process for future discretionary approvals consistent with applicable zoning and General Plan policies.

Accordingly, the Development Agreement is consistent with the General Plan, the Development Code, and the City's long-term planning objectives.

3. The Development Agreement complies with the requirements of Government Code Sections 65864 through 65869.5.

   Findings: Pursuant to the applicable requirements of the California Government Code governing development agreements, the Development Agreement specifies the duration of the agreement, the permitted uses of the property, the development density, terms and timing of funding contributions to the Community Benefit Fund, and outlines obligations for off-site infrastructure improvements, among other terms and applicable requirements for California development agreements. Review, approval, and recordation of the Development Agreement will also be conducted in accordance with the provisions of Government Code sections 65864 through 65869.5 and Livermore Development Code Chapter 9.04.

BE IT FURTHER RESOLVED that the Livermore Planning Commission, based upon its own independent review of the Record Evidence and considerations, and based on the above findings which are necessary to protect the public health, safety, and general welfare, hereby recommends the City Council approve Development Agreement 24-004, attached hereto as Exhibit A.

BE IT FURTHER RESOLVED that the Livermore Planning Commission, based upon its own independent review of the Record Evidence and considerations, and based on the above findings which are necessary to protect the public health, safety, and general welfare, hereby recommends the City Council, via Development Agreement 24-004, authorize an alternative means of complying with the Affordable Housing Ordinance (Development Code Section 11.70.040).

BE IT FURTHER RESOLVED that the Livermore Planning Commission has considered the Record Evidence and recommends the City Council adopt a resolution finding the Agreement to be statutorily exempt from the California Environmental Quality Act (CEQA) under CEQA Guidelines Section 15183, which exempts projects consistent with a Community Plan, General Plan, or Zoning, and CEQA Guidelines Section 15061(b)(3) as the Agreement does not authorize physical development, construction activity, or site disturbance, and so it qualifies for the common sense exemption, and direct the Planning Manager to file a Notice of Exemption with the Alameda County Clerk.

BE IT FURTHER RESOLVED that the Livermore Planning Commission recommends the City Council direct the City Clerk to record with the Alameda County Recorder a copy of the Agreement within 10 days of the City entering into the Agreement.

BE IT FURTHER RESOLVED that the Livermore Planning Commission recommends the City Council direct the Planning Manager to periodically review the terms of the Agreement at least every 12 months per Development Code Section 9.04.070, and ensure the Applicant or Successor is demonstrating good faith compliance with the terms of the Agreement.

The documents that constitute the record of proceedings upon which this decision is based can be found in the Community Development Department 1052 S. Livermore Avenue, in Livermore, California.

On the motion by Commissioner Horner, seconded by Vice Chairperson Steele, the foregoing Resolution was passed and adopted at the Planning Commission meeting of July 7, 2026, by the following vote:

AYES: ANDERSON, FINTSCHENKO, HORNER, KRONZAK, STEELE.
NOES: NONE.
ABSENT: NONE.

WHEN RECORDED MAIL TO:

City Clerk
City of Livermore
1052 South Livermore Avenue
Livermore, CA 94550

DEVELOPMENT AGREEMENT (DA24-004) FOR THE LAS COLINAS ROAD PROPERTY

This Development Agreement ("Agreement") is entered into on _____, 2026, between the City of Livermore, a municipal corporation ("City") and Adventus, a California non-profit benefit corporation ("Property Owner"), regarding the Las Colinas Road Project ("Project"). At times in this Agreement, the City and Property Owner are referred to individually as the "Party" and collectively as the "Parties."

RECITALS

This Development Agreement is based on the following facts:

A. The City is authorized by California Government Code section 65864 et seq. ("Development Agreement Statutes") and Livermore Development Code ("LDC") Chapter 9.04 to execute development agreements to vest certain rights for the Property Owner, and to meet certain public purposes of the local government, as set forth in those laws.

B. At the time of the execution of this Agreement, the Property Owner is the owner of approximately 122 acres of real property located at 3658 Las Colinas Road (Assessor Parcel Number 902-8-1) in the City of Livermore, County of Alameda, described more specifically in Exhibit A, attached hereto, and Recital D of this Agreement (referred to herein as "Property").

C. The Property Owner represents and warrants the following to the City, and City has relied upon such representations for this Agreement, as of the Effective Date as defined in Section 3 of this Agreement:

(1) Organization. The Property Owner is a California non-profit public benefit corporation duly organized, validly existing and in good standing under the laws of the State of California, with full power and authority to conduct its business as presently conducted and to execute, deliver, and perform its obligations under this Agreement.

(2) Authorization. The Property Owner has taken all necessary actions to authorize its execution, delivery and, subject to any conditions set forth in this Agreement, performance

of the Agreement. Upon the Effective Date of this Agreement, this Agreement shall constitute a legal, valid, and binding obligation of the Property Owner, enforceable against the Property Owner in accordance with its terms.

(3) No Conflict. The execution, delivery and performance of this Agreement by the Property Owner does not and will not conflict with, or constitute a violation or breach of, or constitute a default under (i) the charter or incorporation documents of Property Owner, (ii) any applicable law, rule or regulation binding upon or applicable to the Property Owner, or (iii) any material agreements to which the Property Owner is a party.

D. The Property consists of one parcel of land commonly known as 3658 Las Colinas Road, identified as Assessor Parcel Number 902-8-1, and owned by Adventus. The Property encompasses approximately 122 acres located along the northern side of Interstate 580 and Las Colinas Road within the City of Livermore as further described in Exhibit A. The Property is undeveloped and characterized by a range of natural features, including rolling hillside topography, grassland open space, and the confluence of two natural creek corridors (i.e., Arroyo Seco and Arroyo Las Positas) that traverse portions of the site. The Property is situated in proximity to the Springtown neighborhood and lies adjacent to or near existing single-family and multifamily residential communities, as well as other established urban uses. The Property's General Plan land use designation is Hillside Conservation (HLCN) with a floating Medium Density Residential 2/Medium Density Residential 3 (MDR-2/MDR-3) designation and High Density Residential 1 (HDR-1) designation. The floating MDR-2/MDR-3 designation allows for a minimum density of 8 dwelling units per acre and a maximum density of 18 dwelling units per acre across the developable acreage to the north of the Arroyo Las Positas. The HDR-1 designation allows for a minimum density of 23 dwelling units per acre and a maximum density of 30 dwelling units per acre across the developable acreage south of the Arroyo Las Positas.

E. This Agreement authorizes the Property Owner to develop residential uses on a defined portion of the Property, consisting of approximately 50 developable acres within the overall 122-acre site (the "Project"), as conceptually illustrated in Exhibit B: Conceptual Site Plan, attached hereto and incorporated into this Agreement by this reference. Within this development area, the Project may include between 605 and 900 dwelling units, with residential densities ranging from 8 to 30 dwelling units per acre, together with associated improvements including common open space, a park, stormwater treatment facilities, private internal roadways, pedestrian and bicycle trails, and related on- and off-site infrastructure improvements. The remaining portions of the 122-acre Property outside the development areas shown in Exhibit B are not authorized for residential development under this Agreement and shall be planned, preserved, or improved consistent with the terms of this Agreement, applicable General Plan policies, and subsequent discretionary project approvals.

The specific configuration of residential neighborhoods, unit counts, density distribution, open space areas, circulation systems, and infrastructure improvements shall be established through Subsequent Approvals, as described in Section G. Because these details are not yet defined, more detailed project-specific environmental review will be conducted at the time the Subsequent Approvals are considered, consistent with CEQA Guidelines §§15146 and 15168.The Project shall be designed and implemented in a manner consistent with all applicable General Plan

land use designations and policies, as further refined through this Agreement and the Subsequent Approvals.

F. The Property Owner has applied to the City of Livermore for a Development Agreement (DA24-004) as required under the Livermore Development Code to be vested in accordance with the Agreement subject to their conditions of approval.

G. The Property Owner acknowledges development of the site subject to the terms of this Agreement will require Subsequent Approvals by the City of Livermore ("Subsequent Approvals"), which shall include, subject to the Property Owners rights under Section 5(g), but may not be limited to:

1. Neighborhood Plan and Planned Development Zoning;
2. Subdivision of land through a Tentative Tract Map;
3. Site Plan Design Review to demonstrate compliance with applicable development and design standards; and
4. Environmental documentation as required by the California Environmental Quality Act.

H. This Agreement will promote and encourage the development of the Project by providing the Property Owner and its creditors with a greater degree of certainty of the Property Owner's ability to expeditiously and economically complete the development effort for the Project, and the parties agree that the consideration to be received by the City pursuant to this Agreement and the rights secured to the Property Owner hereunder constitute sufficient consideration to support the covenants and agreements of the City and the Property Owner. By entering into this Agreement, the City desires to allow the Property Owner to design, apply for, and if approved under Subsequent Approvals, to develop the Project pursuant to this Agreement, the land use ordinances, rules, regulations and policies applicable on the " Effective Date," as defined in Section 3 below, and to vest in Property Owner, to the fullest extent possible under the law, all possible development entitlements in order to complete the Project.

I. The Project and the terms and conditions in this Agreement have been extensively reviewed and considered by the City and its officers, agencies and departments. The proposed use has been found to accommodate the City's recommendations and suggestions in order to protect the public's interest and to enhance the desirability, from the public's perspective, of the Project.

J. The City Council has also found that the Project and this Agreement are in the public interest and will provide substantial public benefits and help attain certain public objectives without limitation: (i) providing affordable housing to families and individuals; (ii) providing a publicly accessible park and trail improvements for public recreation and discourse; (iii) preserving natural hillside areas and dedicating open space for passive recreation, habitat protection, and trail connectivity; (iv) enhancing roadway connectivity to the Springtown neighborhood; (v) providing the City with additional revenue in the form of increased real property taxes; (vi) providing the City with Community Benefit Funding to support community improvements that enhance the quality of life; and (vii) providing land uses compatible with the physical nature of the Property and the surrounding area.

K. As required by Government Code section 65867.5(b) the City Council has also found the provisions of this Agreement are consistent with the City's General Plan, the Livermore Municipal Code, and the Livermore Development Code.

L. The City conducted duly noticed public hearings on this Agreement pursuant to Government Code section 65867 and Livermore Development Code sections 9.04.040 and 9.04.050 and found that the provisions of this Agreement and its purposes are consistent with the objectives, policies, general land uses and programs specified in the City's General Plan, the Livermore Municipal Code, and Livermore Development Code.

M. The Project is within the scope of the City of Livermore General Plan 2045 and the certified Livermore General Plan 2045 Environmental Impact Report ("EIR") (State Clearinghouse No. 2023030225). The EIR evaluated the Property's General Plan land use designations, including Hillside Conservation (HLCN) with a floating Medium Density Residential 2/Medium Density Residential 3 (MDR-2/MDR-3) and High Density Residential 1 (HDR-1) designation. The City finds this Agreement does not alter the scope of physical development evaluated in the EIR. The Project will undergo further refinement through the Neighborhood Plan, Planned Development Zoning, Tentative Map, and other Subsequent Approvals. This Agreement provides the Property Owner with vested rights and establishes processes and obligations without authorizing additional physical development beyond what the EIR evaluated.

N. This Agreement was adopted by ordinance of the City Council on _____, 2026, and approved upon, a second reading on _____, 2026, after notice and public hearings before the Planning Commission and City Council.

NOW, THEREFORE, the City and Property Owner hereby agree the aforementioned recitals are true and correct and are incorporated by reference as fully set forth below, and further agree as follows:

1. The Property. The Property, which is the subject of this Agreement, is described in Recitals B and D above.

2. The Project. The Project is described in Recital E above and conceptually illustrated in Exhibit B: Conceptual Site Plan.

3. Effective Date. The effective date of this Agreement is the later of (a) thirty (30) days after the date the Ordinance approving this Agreement is adopted by the City Council, or (b) if a referendum petition is timely and duly circulated and filed, the date the election results on the ballot measure by City voters approving this Agreement are certified by the City Council in the manner provided by the Elections Code. This Agreement shall be executed by the City within ten (10) days after the effective date and recorded as provided in Government Code Section 65868.5

4. Term. The duration of this Agreement is fifteen (15) years, commencing on the Effective Date, and terminating on its anniversary date fifteen (15) years later ("Term"). The term may be amended or extended consistent with the Development Agreement Statutes and the Livermore Development Code by the written consent of the Parties.

a) Tolling of Term. The Term of this Agreement shall be extended by, and the performance by any Parties of their obligations hereunder (other than for payment of money) shall be excused during, any period of "Force Majeure" as hereinafter defined. "Force Majeure" means a delay caused by any war, insurrection, acts of God, acts of public enemy, labor disputes or strikes, labor or material shortages or embargoes, pandemic, fire, unusual delay in transportation, earthquakes, floods, tornadoes or extreme wind or other adverse weather conditions not reasonably foreseeable by Property Owner, third party litigation or referenda challenging the validity of this Agreement, restrictions imposed by other government agencies that reasonably prevent the Project from going forward, or other similar basis for excused performance not within the reasonable control of the Party, excluding financial inability to perform.

An extension of time for Force Majeure shall only be for the period of the delay, which period shall commence to run from the time of the notification of the delay by the Party requesting the extension to the other Party. The Party requesting an extension of time under this Section shall give notice promptly following knowledge of the delay to the other Party. If, however, notice by the Party claiming such extension is sent to the other Party more than thirty (30) days after knowledge of the commencement of the delay, the period shall commence to run upon the earlier of (i) thirty (30) days prior to the giving of such notice or (ii) the date that the other Party received knowledge of the events giving rise to the delay.

If a lawsuit is timely filed challenging the validity or legality of this Agreement or its adopting Ordinance, Property Owner and City shall cooperate in good faith to respond to such lawsuit and, upon mutual agreement of the Parties, modify or terminate this Agreement.

5. Property Owner Obligations. The Project includes the development of 605-900 residential units, as described in Section 2 and illustrated in Exhibit B, Conceptual Site Plan. The Property Owner shall fulfill the following obligations:

a) **Subsequent Approvals.** Submit for the Subsequent Approvals identified in Section G.
b) **Affordable Housing Strategies.** Comply with the Livermore Development Code Section 11.70 Inclusionary Housing Ordinance through execution of a separate Affordable Housing Agreement that shall include one or a combination of approaches as described below, the exact method of compliance being subject to written approval by both parties:

i. *On-site Delivery.* Provide the required 15% affordable housing requirement under Livermore Development Code Section 11.70.030.

ii. *Affordable Housing In-Lieu Fee.* Payment of the affordable housing in-lieu fee for a portion of onsite for-sale affordable units upon consent of the City. The in-lieu fees paid shall be calculated in accordance with the Livermore Municipal Code Section 3.26.050. In-lieu fees shall not be available for for-rent affordable units, which units must be provided onsite.

iii. *Land Dedication for Development of Affordable Units.* Upon consent of the City, the Property Owner may dedicate land to the City or an affordable housing

developer selected by the City for the development of affordable housing, which may be in the form of for-rent multifamily affordable units. The fair market value of any land to be dedicated to the City for development of affordable housing shall be determined at its highest and best use, and the resulting appraised land value shall offset the affordable housing obligation and reduce the onsite affordable housing requirement or the requirements under any of the other affordable housing approaches accordingly. If the appraised land value is less than the applicable affordable housing fee calculated under the Municipal Code for projects of 11 units or more, the Property Owner shall pay the remaining balance of the obligation in the form of an affordable housing in-lieu fee. Under no circumstances shall the Property Owner be required to dedicate land with a total fair market value greater than the affordable housing fee obligation as calculated for projects greater than 11 units under the Municipal Code. Any dedication of land for the development of affordable housing in lieu of providing onsite affordable units shall meet the requirements of Livermore Development Code Section 11.70.040.B.2.

iv. Any additional approach agreed to by the Parties that complies with the requirements of this Section and otherwise meets the criteria for an alternative affordable plan in accordance with Livermore Development Code Section 11.70.040(B)(3).

c) **Infrastructure Improvements.** Implement infrastructure improvements required to support the Project, as outlined below:

i. *Roadway Improvements:* The Property Owner shall design and construct the roadway connection between Redwood Road and Las Colinas Road and the existing overpass, along with all associated access improvements necessary to access both the Project and the surrounding community. The scope, phasing, and timing of these improvements shall be established through subsequent discretionary approvals. Roadway improvements required to provide adequate access to the Project, including any extensions or connections to Las Colinas Road, shall be fully funded by the Property Owner. The Project shall be eligible for any applicable Traffic Impact Fee (TIF) reimbursements, per Section 12.30.080 of the Livermore Municipal Code, for those improvements that provide a systemwide transportation benefit and serve the broader community beyond the Project's direct access needs, as determined by the City Engineer consistent with the Livermore Municipal Code and Livermore Development Code.

ii. *Trail Improvements:* The Property Owner shall design and construct trail improvements comprising the Northern Las Colinas Trail Extension and Southern Las Colinas Trail Extension consistent with the City's Active Transportation Plan (ATP), as defined below and illustrated in Exhibit C attached hereto. If, at the time of Project development, the City has already acquired trail easements within the Project site for the Las Colinas Trail Extension through any Easement Agreements, as defined below, with Property Owner and constructed trail improvements consistent with the ATP, Property Owner may relocate certain segments as needed, subject to City approval and the terms of the Easement Agreements, and consistent with the Neighborhood Plan and

Planned Development Zoning and all other applicable City rules and regulations. Property Owner shall be responsible for any and all costs associated with relocation. If there is a conflict between any of the foregoing, the terms of the Easement Agreements shall prevail.

iii. *Offsite Improvements:* The Property Owner shall design and construct the off-site improvements deemed necessary to accommodate and facilitate the future development of the Project as identified in the conditions of approval for Subsequent Approvals, including but not limited to traffic signals, roadway striping, and bicycle lanes.

iv. *Public Utility Easements*: The Property Owner shall dedicate, grant, reserve, and make available all public utility easements required to serve the Project upon recordation of the final map for the applicable project phase. The specific terms of these easements shall be negotiated by separate agreements, and the Parties agree to cooperate in good faith to complete such agreements. The following provisions apply to sewer, trail, and other public utility easements required on the Property except to the extent the Property Owner and City have executed Easement Agreements, as defined below, whereupon the terms of those Easement Agreements shall govern:

i. Types of Easements. Required public utility easements may include, but are not limited to:
   1. Sewer Easements for collection, conveyance, and maintenance access.
   2. Trail Easements for public multi-use paths, access, and associated improvements.
   3. Other Utility Easements such as water, recycled water, storm drainage, electric, gas, telecommunications, or other public infrastructure identified through Subsequent Approvals.

ii. City-Constructed Improvements Prior to Project Development. If the City constructs sewer, trail, or other public utility improvements within easements on the Property prior to development of the site, the Property Owner may request relocation of such improvements. Any relocation shall be at the sole cost and expense of the Property Owner, comply with all applicable City standards and specifications; and be subject to review and approval by the City Engineer. Notwithstanding anything else in this Agreement, to the extent the City and Property Owner have negotiated or negotiate any easements or easement-related agreements that concern the foregoing improvements ("Easement Agreements"), such Easement Agreements shall govern.

iii. Fee Credits. Relocation of City-constructed sewer, trail, or other public utility improvements, or the establishment of replacement easements, shall not be eligible for impact fee credits, reimbursements, or offsets of any kind.

d) **Community Benefit Fund Contribution.** The Property Owner shall make a minimum funding contribution of six million dollars ($6,000,000) to the City of Livermore, which the City shall commit to the Community Benefit Fund. This obligation shall not be reduced based on the number of units ultimately constructed.

Beginning on the fifth (5th) anniversary of the Effective Date of this Agreement, any unpaid portion of the Community Benefit Fund contribution shall be adjusted annually based on the annual change in Consumer Price Index for All Urban Consumers (CPI-U) for the San Francisco–Oakland–Hayward Metropolitan Area. Amounts due before the fifth anniversary of the Effective Date shall remain at their stated base amounts.

Payments shall be made in accordance with the following schedule and milestones, with CPI-U adjustments applied only if the payment becomes due on or after the fifth anniversary of the Effective Date:

i. Two million dollars ($2,000,000), prior to recordation of the first Final Map of the project that includes market-rate lots (regardless of the number of dwelling units within that phase).
ii. Two million dollars ($2,000,000), prior to issuance of the Building Permit for the 200th market-rate dwelling unit.
iii. Two million dollars ($2,000,000), prior to issuance of the Building Permit for the 375th market-rate dwelling unit.

e) **Park Land Dedication Options.** Provide parkland and related public benefit areas within the Project through the dedication and conveyance of specified lands to the City as conceptually illustrated in Exhibit C. After such dedication, the City may, at its sole discretion, convey some or all of the dedicated lands to the Livermore Area Recreation and Park District (LARPD) for long-term ownership, operation, or maintenance. These dedications shall support permanent open space preservation, stormwater management, recreational amenities, and other community benefits consistent with the General Plan and Subsequent Approvals.

i. Park land: The Property Owner shall design and construct a public park as part of the Project as conceptually illustrated in Exhibit C. The park must contain standard recreation amenities and be safe and usable by the public. The final design, configuration, and intended improvements for this area shall be consistent with applicable City standards and Subsequent Approvals. At the time of recordation of the Final Tract Map for the first phase of the Project, the Property Owner may dedicate this area to the City.

f) **Transferable Development Credits.** The Project shall comply with all applicable Transferable Development Credit (TDC) requirements consistent with the General Plan and Livermore Development Code Section 4.02.060 and Municipal Code section 3.27.040.

g) **Vested Development Rights.**

i. Subject to this Agreement and during the life of this Agreement, the Property Owner has the right to develop and use the Property in accordance with:

(1) The Livermore General Plan, Livermore Municipal Code, and the Livermore Development Code in effect on the Effective Date.

(2) All other City policies, ordinances, resolutions, rules, regulations and standards applicable to development or use of the Property on the Effective Date, except that Property Owner shall:

(a) Pay the processing and development impact fees in effect at the time those fees are paid.

(b) Comply with Building Code requirements in effect on a city-wide basis at the time each respective building permit is pulled.

(c) Comply with City construction and technical design standards, details, and specifications for public improvements which are applicable at the time of Final Map approval.

(d) Comply with changes in City laws, regulations, plans or policies applicable city-wide, the terms of which are found by the City Council, based on substantial evidence, to be necessary to protect members of the public from a condition dangerous to their health or safety.

(e) Comply with a change in City law, regulations, plans or policies only if such change is one or more of the following:

(i) Specifically mandated by state or federal law, or by any regional governmental agency that has legal authority over the City under state law or a joint powers agreement; or

(ii) A result of or in response to state or federal law, or regional agency action, made necessary in order for the City to avoid losing or not receiving substantial funding or other substantial public benefits or facilities that would be available to the City only if it makes such a change; or

(iii) Specifically mandated by, or necessary for compliance with or implementation of, the terms of any permit, entitlement or other authorization necessary for the development of the Property issued or granted to the City, County and/or Property Owner by any federal, state or regional agency. (f) Following any subsequent environmental review, comply with required mitigation measures.

(3) All subsequent Project approvals which are consistent with this Agreement.

ii. Property Owner acknowledges pursuant to and consistent with Government Code section 65866, this Agreement does not prevent the City in subsequent actions applicable to the Property, from applying new rules, regulations, and policies which do not conflict with the rules, regulations, and policies applicable to the Property as set forth herein, nor shall this Agreement prevent the City from denying or conditionally approving a subsequent development project application on the basis of these existing or new rules, regulations, and policies.

iii. Property Owner further acknowledges that execution of this Agreement by the City does not constitute approval of any required permits, applications, or allocations,

and in no way limits the discretion of the City in the permit, allocation, and approval process in accordance with the limitations set forth herein.

6. City Obligations. The City shall fulfill the following obligations:

a) **Subsequent Approvals and Phasing**. The Neighborhood Plan, Planned Development Zoning, and all related Subsequent Approvals shall be processed in accordance with the City's standard entitlement procedures. Following a determination of completeness, the City shall process the Neighborhood Plan and Planned Development Zoning application within one hundred eighty (180) days, consistent with applicable state law and the City's established review timelines. Project phasing shall be proposed by the Project through a Phasing Plan submitted as part of the entitlement process and refined, as needed, through the City's Engineering Considerations and conditions of approval. Phasing shall follow the City's typical approach, including requirements for backbone infrastructure, utilities, circulation improvements, stormwater facilities, and other public improvements necessary to support each phase. No additional or special phasing obligations are created by this Agreement beyond those normally applied through the City's entitlement and engineering review processes.

b) **Infrastructure Financing Options.** Cooperate with the Property Owner in the formation and administration of an EIFD or CFD, as follows:

i. *Enhanced Infrastructure Financing District.* The City shall cooperate with the Property Owner in the evaluation of a potential Enhanced Infrastructure Financing District ("EIFD") pursuant to Government Code section 53398.50 et seq. to finance eligible costs associated with the Project. The City may use reasonable efforts to adopt an infrastructure financing plan and allocate available tax increment revenues generated within the Project area to fund Project eligible costs, subject to the requirements of applicable law.

ii. *Community Facilities District.* The City shall cooperate with the Property Owner in the evaluation of a potential Mello-Roos Community Facilities District ("CFD") pursuant to Government Code section 53311 et seq. to finance eligible public improvements and services within or benefiting the Project. The Property Owner may initiate proceedings for the formation of one or more CFDs, and the City shall process such requests in a timely manner consistent with applicable law. The rate and method of apportionment of special taxes shall be established through mutual agreement of the Parties.

Nothing herein shall obligate the City to approve the formation of an EIFD or CFD.

c) **Impact Fee Credits.**

i. *Park Facilities Fee Credits.* In accordance with Livermore Municipal Code Section 12.60.070, the Property Owner shall be eligible for a credit against the park facilities fee otherwise applicable to the Project only for those portions of parkland, open space, trail improvements, or related infrastructure that the City determines provide a benefit to the broader community and not solely to the Project. Eligible

improvements may include portions of the trail system, parkland dedications, or other open space dedications required under Section 5(e) of this Agreement, but only to the extent the City determines such improvements function as community-serving facilities. The value of any eligible improvements or dedications shall be calculated pursuant to Livermore Municipal Code Section 12.60.070.C.

ii. *Traffic Impact Fee Credits.* In accordance with Livermore Municipal Code Section 12.30.080, the Property Owner shall be eligible for a credit against the traffic impact fee otherwise applicable to the Project only for roadway or traffic-related improvements that the City determines provide a benefit beyond the Project and serve the broader transportation network. Eligible improvements may include portions of the future residential roadway improvements required under Section 5(c)(i) of this Agreement, but only to the extent the City determines such improvements provide community-wide or system-wide benefit. The value of eligible improvements shall be calculated pursuant to Livermore Municipal Code Section 12.30.080.B.

iii. *Carry-Forward Credits.* Any credit authorized under this Section for a particular phase or subdivision shall carry forward and may be applied to subsequent phases or subdivisions within the Project.

7. Annual Review. Review of the Agreement shall be made annually, consistent with Government Code section 65865.1 and Livermore Development Code Chapter 9.04. If, as a result of an annual review, the City finds and determines, based on substantial evidence, the Property Owner or successor in interest thereto has not complied in good faith with the terms or conditions of this Agreement, then the City may amend or terminate this Agreement.

a) No later than sixty (60) days before the yearly anniversary of the Effective Date, Property Owner shall submit to the Community Development Director (Director), in a form which the Director may reasonably establish, information demonstrating Property Owner's compliance with this Agreement. The failure of the Property Owner to timely submit this document shall be a curable breach.

b) In the event the Director makes a finding and determination of non-compliance, Property Owner shall be entitled to appeal that determination to the Planning Commission in the manner prescribed by Livermore Development Code Section 9.15.

8. Amendments. This Agreement may be amended by the Parties consistent with the procedures set forth in Chapter 9.04 of the Livermore Development Code, including any amendments to it.

9. Remedies for Default. If a Party is in default under this Agreement, it may pursue one or more of the following courses of action, after thirty- (30-) days' written notice to the other Party: (a) waive the default; (b) in the City's case, pursue administrative remedies including denial or otherwise withholding issuance of building permits, certificates of occupancy or other approvals; (c) pursue judicial remedies; or (d) terminate this Agreement.

10. No Damages Relief Against City. The parties acknowledge that each Party would not have entered into this Agreement had it been exposed to damage claims from the Other Party for any breach thereof. As such, the parties agree that in no event shall Property Owner be entitled to recover damages against City for breach of this Agreement. To the extent permitted by law, specific enforcement of this Agreement is the proper and desirable remedy.

11. Recordation; Binding Effect; Assignment.

a) This Agreement shall be recorded in the office of the County Recorder and shall be binding upon and inure to the benefit of successors in interest to the Parties. Where there is more than one Property Owner, the obligations are joint and several.

b) Right to Assign. The Property Owner may assign or transfer all or any portion of the Property (provided no such partial transfer shall violate the Subdivision Map Act, Government Code, Sections 66410, et seq., as the same may be amended from time time) to any person or entity at any time during the Term of this Agreement, together with the rights granted to and obligations imposed upon the Property pursuant to this Agreement and as set forth in subsection c of this section, that acquires a legal or equitable interest in all or any portion of the Property, without the prior consent of City, provided (i) such assignee assumes in writing all of the Property Owner's obligations under this Agreement with respect to the portion of the Property transferred, and (ii) the Property Owner, prior to closing on any such transfer, provides the City with written notice of the intention to assign or transfer any of its interests, rights or obligations under this Agreement and a complete disclosure of the identity of the assignee or transferee, including copies of the Articles of Incorporation in the case of corporations and the names of partners in the case of partnerships. Any successor to Property Owner that owns or otherwise holds a controlling property interest and is assigned rights, obligations and requirements under this Agreement for only a portion of the Property that is less than the entire Property shall only have the rights, obligations and requirements of this Agreement that are applicable to the portions of the Property owned or otherwise controlled by that successor to Property Owner. Subject to the notice requirements herein, where the Property Owner sells or otherwise transfers title to any portion of the Property that includes constructed Infrastructure Improvements as described in Section 5(c), that subsequent owner and Property Owner shall be jointly and severally liable for any obligations under this Agreement as to that portion of the Property, unless Property Owner is released by City, which release shall not be unreasonably withheld, so long as the subsequent owner provides City with security equivalent to any security provided by Property Owner to secure performance of its obligations hereunder, if any.

c) Release Upon Transfer.

i. *As to Property Owner upon Transfer.* Upon the transfer or assignment (collectively "Transfer") of Property Owner's title to any portion of the Property with constructed Infrastructure Improvements, Property Owner and subsequent owner of the portion of the Property transferred are jointly and severally liable for the Property Owner's obligations under this Agreement as to that portion of the

Property transferred unless Property Owner is released by City as provided in this subsection, which release shall not be unreasonably withheld, and which release must be conditioned on the subsequent owner providing the City with security equivalent to any security previously provided by Property Owner to secure performance of the obligations hereunder for the portion of the Property transferred. Property Owner shall be released by City from its obligations under this Agreement with respect to the portion of the Property transferred provided: (i) Property Owner (or transferee) is not in default of this Agreement at the time of the transfer; (ii) Property Owner has provided prior written notice of the transfer to the City; and (iii) the intended transferee executes and delivers to the City a written assumption agreement in a form acceptable to the City in which the name and address of the transferee is set forth and the transferee assumes all obligations of the Property Owner under this Agreement as to the portion of the Property to be transferred. Failure to deliver a written assumption agreement to the City prior to transfer of the portion of the Property to the subsequent owner shall not negate, modify, or otherwise affect the liability of any transferee or the Property Owner pursuant to the terms and conditions of this Agreement.

ii. *As to Property Transferred.* Upon a transfer, as defined in subsection (i) above, of title to any portion of the Property, the subsequent owner of the portion of the Property transferred may request release of that portion of the Property from the obligations under this Agreement, which release shall not be unreasonably withheld, provided that (i) Property Owner is not in default of this Agreement at the time of the transfer; (ii) Property Owner has provided prior written notice of the transfer to the City; and (iii) the intended transferee executes and delivers to the City a written assumption agreement in a form acceptable to the City in which the name and address of the transferee is set forth, and the transferee expressly assumes all obligations of the Property Owner under this Agreement as to the portion of the Property to be transferred. Failure to deliver a written assumption to the City prior to the transfer of the portion of the Property to the subsequent owner shall not negate, modify, or otherwise affect the liability of any transferee or the Property Owner pursuant to the terms and conditions of this Agreement.

d) The provisions of this Agreement shall constitute covenants which shall run with the land comprising the Property for the benefit thereof and as a burden thereon, and the burdens and benefits hereof shall bind and inure to the benefit of all assignees, transferees, and successors to the Parties hereto.

12. Legal Action; Attorney's Fees. If the City chooses to defend any third party claim or suit challenging any action taken by the City with regard to any procedure or aspect of the City's approval of the development of the Project, including the environmental review process, the Property Owner agrees to reimburse the City for attorney's fees, expert witness fees, and related costs as the City may incur in connection with its retention of outside counsel, and for any award of court costs or fees against the City. The City shall have the right to choose and retain such legal counsel as the City deems appropriate; provided, however, City shall select counsel whose hourly rates are reasonable and competitive for attorneys of similar experience in the San Francisco Bay Area. After such expenses reach One Hundred Thousand Dollars ($100,000), and each One

Hundred Thousand Dollars ($100,000) thereafter, the Parties will confer to review the status of the litigation and their options for proceeding or settling, and they will negotiate in good faith about how the expenses will be allocated. The Property Owner shall have no obligation to reimburse the City for costs incurred after the date on which it gives the City written notice of its decision to settle a case, even if the City does not agree to the settlement.

If legal action is brought by one of the Parties to enforce a provision of this Agreement, the prevailing Party shall be entitled to reasonable attorney's fees, expert witness fees, and court costs.

13. Notices. The address of each Party for the purpose of all notices permitted or required by this Agreement follows:

To City:
City of Livermore
1052 South Livermore Avenue
Livermore, CA 94550
Attention: Community Development Director

With a copy to:
City Attorney
City of Livermore
1052 South Livermore Avenue
Livermore, CA 94550

To Property Owner:
Adventus
2121 Harrison Street, Suite 100
Oakland, CA 94612
Attention: Chief Financial Officer

The written address of either Party set forth above may be changed by written notice given not less than five (5) days prior to the date such change is to be in effect. All notices under this Agreement shall be in writing, shall be properly addressed and shall be sent by personal delivery, United States mail (registered, certified, or Express Mail, return receipt requested and postage prepaid), or by overnight courier delivery service. All such notices shall be considered delivered: (i) if personally delivered, on the date of delivery; (ii) if sent by United States mail in the manner prescribed above, on the date shown on the return receipt for acceptance or rejection; or (iii) if sent by overnight courier delivery service, on the date of delivery or attempted delivery as shown by the written delivery record of such service.

14. Mortgagee Protections.

a) The Property Owner shall have the same right to encumber all or any portion of the Property Owner's right, title and interest in, to and under this Agreement and the Property that Property Owner would have absent this Agreement, pursuant to one or more mortgages, provided that commercially reasonable efforts are made to ensure each such mortgage is given for the purpose of securing funds to be used for financing the acquisition of the Property or any portion thereof, the construction of improvements thereon, and any other expenditures reasonably necessary and appropriate to develop

the Property, and subject to the requirements of any bankruptcy proceeding and/or confirmation order approving a plan of reorganization affecting the Property.

b) All the provisions contained in this Agreement shall be binding on and for the benefit of any person who acquires title to the Property or any portion thereof by foreclosure, trustee's sale, deed in lieu of foreclosure, lease termination or expiration or other involuntary transfer under a mortgage.

c) If the City receives notice from a mortgagee requesting a copy of any notice of default given hereunder and specifying the address for services thereof, and the said mortgagee has recorded a copy of such request in the official records of Alameda County in the manner required under Civil Code, Section 2924b with respect to Requests for Notices of Default, then the City shall deliver to such mortgagee, concurrently with service thereon to the applicable Party, any notice given to the Party with respect to any claim that such Party has not complied in good faith with the terms of this Agreement or has committed an event of default. Any mortgagee or its designee acquiring title to the Property (or any portion thereof) through foreclosure, deed in lieu, or similar proceedings shall have the right, but not the obligation, to assume the rights and obligations of Property Owner under this Agreement with respect to such portion of the Property by providing written notice to the City. Each mortgagee shall have the right, but not the obligation, to cure such default within one hundred twenty (120) days following receipt of such notice (or such longer period as may be reasonably necessary to complete foreclosure and cure the default). No mortgagee shall have any liability under this Agreement unless and until such mortgagee acquires title to the Property, and then only for obligations accruing thereafter.

d) Notwithstanding any provision to the contrary in this Agreement, the City shall not exercise any remedy of termination of this Agreement, or terminate any rights of the Property Owner hereunder, by reason of a default by the Property Owner unless and until each mortgagee that has requested notice pursuant to subsection (c) has been given written notice of such default and has been afforded an opportunity to cure such default.

15. No Consent Required for Qualified Homebuilders. Notwithstanding any other provision of this Agreement, the Property Owner may enter into land sale agreements, joint venture agreements, or development agreements with qualified homebuilders without the City's consent, provided such arrangements do not reduce the affordable housing obligations or Community Benefit Fund contributions required by this Agreement and are otherwise consistent with the terms of this Agreement.

16. Severability. If any term, provision, covenant or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Agreement shall continue in full force and effect.

17. Applicable Law. This Agreement is governed by and shall by interpreted under and pursuant to the laws of the State of California.

18. Entire Agreement. This written Agreement, including the Exhibits hereto, contains all the representations and the entire agreement between the Parties with respect to the subject matter hereof. Except as otherwise specified in this Agreement, any prior correspondence, drafts, memoranda, agreements, warranties or representations are superseded in total by this Agreement. This Agreement also supersedes any previous development agreements or other agreements that may affect or govern the Property or its development, except as otherwise provided in this Agreement.

19. Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be deemed an original Agreement, and all of which shall constitute one and the same Agreement.

CITY COUNCIL STAFF REPORT **ITEM NO. 7.5**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Brandon Cardwell, Innovation and Economic Development Director

SUBJECT: Hearing to introduce an ordinance and waive the first reading authorizing the first amendment to Development Agreement 08-002 ("Agreement") with McGrath RentCorp (DAA 26-002). The Agreement term would be extended 30 years to 2059, the Agreement boundary would be adjusted, and the Property Owner Obligations would be modified to: 1) effectuate a commercial land transfer to a high-value commercial user; and 2) secure support for 2045 General Plan and Midtown Area planning objectives.

RECOMMENDED ACTION

The Planning Commission and Staff recommend the City Council:

1. Adopt a Resolution finding that the first amendment to Development Agreement 08-002 with McGrath RentCorp is exempt under CEQA; and
2. Introduce an Ordinance, and waive the first reading, authorizing the City Manager to execute the First Amendment to Development Agreement 08-002 with McGrath RentCorp (DAA 26-002).

SUMMARY

McGrath RentCorp (McGrath) owns approximately 130 acres within the proposed Midtown Specific Plan Area (Midtown), is party to an existing Development Agreement with the City, and initially opposed aspects of the Midtown planning effort during preparation of the 2045 General Plan Update. At the City Council's direction, staff worked with McGrath to develop a solution that would allow McGrath's existing industrial operations to continue while supporting the City's long-term Midtown planning objectives. Staff proposes amending McGrath's existing agreement (Amended Agreement) to provide a framework for future planning, support future residential development opportunities, facilitate conveyance of the northern portion of the site to a high-value commercial user, extend the Development Agreement term, and adjust the agreement boundary to allow McGrath's continued operations. Related General Plan and Zoning Map changes would designate the northern parcel as Service Commercial to facilitate high-value commercial user operations. The Amended Agreement is exempt from CEQA because it does not approve a development project or authorize construction. The Amended Agreement is expected to provide fiscal benefits to the City, supports the City's Strategic Plan goals, and is consistent with General Plan goals and policies. The Planning Commission unanimously recommended City Council approval.

DISCUSSION

Background

Since 2021, at the direction of the City Council, staff has been preparing the 2045 General Plan Update, which identifies the Midtown Specific Plan Area (Midtown) as a future mixed-use area that would include a balance of housing, commercial, office, and industrial uses. McGrath RentCorp (McGrath) is the largest single property owner within Midtown, owning approximately 130 acres generally located between Southfront Road and Las Positas Road as identified in Attachment 1. McGrath operates a mobile modular commercial-industrial business on the property and is party to an existing Development Agreement with the City, originally approved in 2008, that vests McGrath's commercial and industrial land use rights through 2029 (Attachment 2).

During the General Plan outreach process, McGrath expressed opposition to aspects of the Midtown planning effort, including inclusion of its property in Midtown Specific Plan Area and the potential future mix of uses and residential densities. On February 24, 2025, the City Council directed staff to work with McGrath and return with a solution that could advance the goals of both parties. Staff has since negotiated with McGrath and now proposes an amendment to the existing Development Agreement (Amended Agreement). McGrath has agreed to the proposed terms, and the signed Amended Agreement is included as Attachment 9.

Purpose and Effect of the Amended Agreement

The proposed Amended Agreement would establish a framework for future planning and development of the McGrath property in relation to Midtown while allowing McGrath's existing industrial use to continue. The Amended Agreement does not approve a development project, and no changes are proposed to the original agreement's definition of "Project." Future development proposals would continue to require applicable design review, entitlements, environmental review, and other regulatory approvals.

The Amended Agreement supports implementation of the 2045 General Plan by securing McGrath's support for future residential planning on the property and facilitating a related General Plan land use map and zoning map change to support a high-value commercial user on the northern portion of the site. Together, these provisions resolve McGrath's principal concerns while allowing the City to continue advancing its long-term vision for Midtown.

Principal Terms

The Amended Agreement includes several principal terms that balance McGrath's need for operational flexibility with the City's goals for future Midtown planning, housing opportunities, and economic development. The major terms and related City benefits are summarized below:

- **Support for future residential planning**. McGrath would not oppose future residential densities of MDR 4 (18-22 dwelling units per acre) and HDR 1 (23-30 dwelling units per acre) on the property. These densities would not be applied through the Amended Agreement, but could be considered through the future Midtown Specific Plan or another zoning action. This support benefits the City by advancing the long-term Midtown mixed-use vision and providing additional Regional Housing Needs Allocation (RHNA) flexibility, including potential use of the site for Net

Loss units in the Sixth RHNA Cycle or as a Housing Inventory site in future RHNA cycles.

- **Conveyance of the northern approximately 40 acres**. McGrath would be required to convey the northern approximately 40 acres of the property to a high-value commercial user, subject to City Manager approval. The conveyance must occur by January 15, 2027, unless extended by mutual agreement, and the Amended Agreement would not become operative unless and until the property is conveyed to an approved high-value commercial user. This term benefits the City by facilitating a major commercial employment and revenue-generating use adjacent to Midtown. If completed, the prospective user is expected to generate approximately $900,000 to $1 million in annual tax revenue, provide approximately 400 to 600 jobs, and become one of the City's top ten tax generators.

- **Development Agreement term extension**. In consideration of McGrath's obligations, the City would extend the Development Agreement term by 30 years, through 2059, continuing to vest the industrial land uses described in the original agreement. This extension provides McGrath with operational certainty, which is necessary to secure McGrath's support for future residential planning and the commercial property conveyance. The extension does not preclude future cessation of the existing use, establishment of a new use consistent with the 2045 General Plan, adoption of a Midtown Specific Plan, or consideration of the property for RHNA purposes.

- **Development Agreement boundary adjustment**. The Amended Agreement would remove the northern approximately 40-acre commercial parcel from the Development Agreement area and add property under McGrath ownership south of Las Positas Road to support McGrath's continuing operations. This adjustment benefits the City by aligning the Development Agreement boundary with the contemplated commercial conveyance while maintaining sufficient area for McGrath's ongoing business operations, allowing the City to advance the agreement without immediately displacing an existing employer.

General Plan and Zoning Map Change

The Amended Agreement is related to a proposed 2045 General Plan land use map change and Livermore Zoning Map change for the McGrath property. The map previously reviewed by the City Council designated all approximately 130 acres of the McGrath property as Midtown Specific Plan Area. The revised map would retain the southern approximately 90 acres within Midtown and designate the northern approximately 40-acre parcel as Service Commercial.

The Service Commercial designation would provide compatible land use and zoning for the future high-value commercial user, support the contemplated property conveyance, and preserve the balance of the McGrath property for future Midtown planning. The City Council will consider the proposed map change as part of the General Plan adoption item at the July 27 meeting, in advance of this item.

General Plan Consistency and Public Benefit

Livermore Development Code Section 9.04.050(D) requires the City Council to find that a development agreement is consistent with the General Plan and provides benefit to the City. The Amended Agreement satisfies these requirements because it supports implementation of the 2045 General Plan, advances the City's long-term Midtown planning objectives, secures McGrath's support for future housing opportunities, and facilitates a high-value commercial use expected to generate substantial jobs

and long-term City revenues. The formal findings are found in Attachment 7.

The complete findings supporting approval of the Amended Agreement are included in the attached Development Agreement ordinance.

PLANNING COMMISSION

On July 7, 2026, the Planning Commission held a duly noticed public hearing to consider the Amended Agreement, related California Environmental Quality Act (CEQA) determination, public testimony, and required findings. The Planning Commission unanimously adopted resolutions recommending that the City Council find the Amended Agreement exempt from CEQA and approve the Amended Agreement. A complete discussion of the project background, negotiations, General Plan consistency, public benefits, and environmental determination is included in the attached Planning Commission staff report (Attachment 3) and meeting minutes (Attachment 4).

PILLAR

2. Economy That Prospers

GOAL

5. Facilitate the development of commercial and industrial projects that provide high-quality local jobs and support a diverse local economy.

FISCAL AND ADMINISTRATIVE IMPACTS

The Development Agreement application fees paid by McGrath are intended to recover the City's costs associated with processing the application, including staff time for negotiation, analysis, public hearing preparation, and preparation of the Development Agreement amendment and related resolutions and ordinance.

Approval of the Amended Agreement would not itself approve a development project or authorize construction. Therefore, there are no direct fiscal impacts associated with physical development at this time. However, if the northern approximately 40-acre parcel is conveyed to an approved high-value commercial user and the user locates in Livermore, the business is expected to generate approximately $900,000 to $1 million in annual tax revenue and provide approximately 400 to 600 jobs. Future development proposals would be subject to separate review, applicable fees, and any required fiscal or environmental analysis at the time they are proposed.

ENVIRONMENTAL DETERMINATION

The Development Agreement Amendment does not approve a development project. Instead, it extends existing vested land use rights and allows an existing business to continue its current operations. For these reasons, the Development Agreement Amendment is exempt from CEQA pursuant to CEQA Guidelines Sections 15301 (Existing Facilities) and 15061(b)(3) (Common Sense Exemption). The complete CEQA analysis is included in the attached CEQA resolution (Attachment 5).

DEVELOPMENT AGREEMENT
McGRATH RENTCORP

This Development Agreement is entered into on November 24, 2008, between the City of Livermore, a municipal corporation, (City) and McGrath RentCorp, a California corporation, (Property Owner).

City Clerk's Office
FEB 2 2009
City of Livermore

RECITALS

This Development Agreement is based on the following facts:

A. City has the authority to enter into a development agreement under Government Code section 65864 and following (Development Agreement Statute) and the City's Development Agreement Procedures (Council Resolution No. 305-88).

B. The Property Owner is the owner of approximately ±120 acres of property located at 5698 and 5700 Las Positas Road (APN 099-004001045); 5327 and 5605 Southfront Road (APN 009-004000905); and 5698 and 5722 Naylor Road (APN 099-004001039) in the City of Livermore, County of Alameda, described more specifically in Exhibit A, attached ("Property"). The Owner of the Property is McGrath RentCorp.

C. The Property Owner has applied to the City for a Development Agreement (City file #08-002). Property Owner proposes to develop the Property for use, consistent with the underlying zoning district(s) and General Plan designations of Commercial Service (CS) zoning district, the Service Commercial (SC) General Plan land use, Heavy Industrial (I-3) zoning district, or the High Intensity Industrial (HII) General Plan land use designation as shown on Exhibit B-1 (text) and B-2 (map of General Plan designations and zoning districts as they exist as of the date of this Development Agreement).

D. This Development Agreement was adopted by ordinance of the City Council, after notice and public hearings before the Planning Commission and City Council and after City Council consideration of the certified Final Environmental Impact Report for the Regional Component of the Traffic Impact Fee in accordance with the California Environmental Quality Act, Public Resources Code section 21000 and following.

NOW, THEREFORE, the parties agree as follows:

1. The Property. The Property which is the subject of this Development Agreement is described in Paragraph B above.

2. The Project. The Property Owner is authorized to develop and use the Property, consistent with Exhibits B-1 and B-2, for (a) service commercial uses which support other activities in the Downtown, such as auto sales, nurseries, home maintenance centers, and wholesale establishments in conformance with the CS zoning district and the SC General Plan

designation. Property and (b) uses allowable in the I-3 zoning district or the HII General Plan including uses for and conducive to basic or primary industries and related industrial activities including manufacturing, warehousing, research & development facility, recycling facility, and heavy industrial that uses, stores, or processes raw materials.

The Property Owner reserves the right to make application for development in accordance with the General Plan and zoning for the Property in effect as of the Effective Date of this Agreement. In the event the City adopts a new General Plan or rezones the Property prior to development, Property Owner has the option to submit an application for development consistent with the new General Plan and rezoning and amend this Development Agreement to ensure consistency with General Plan and zoning.

3. Effective Date; Term. The effective date of this Development Agreement is the latest date of the following: (a) thirty days after the date the Ordinance approving this Development Agreement is adopted by the City Council, or (b) if a referendum petition is timely and duly circulated and filed, the date the election results on the ballot measure by City voters approving this Agreement are certified by the City Council in the manner provided by the Elections Code. This Development Agreement shall be executed by the City within ten (10) days after the effective date and recorded as provided in Government Code Section 65868.5.

The term of this Development Agreement is twenty years, beginning on the effective date. The term may be extended upon mutual written consent of the parties.

4. Property Owner Obligations. Except as otherwise expressly provided in this Development Agreement including Exhibits, when the Property is developed pursuant to the project approvals, Property Owner must comply with the requirements in this Development Agreement, including the following:

a. Property Owner shall, at the time of development of the Property or the I-580 or BART extension project is approved and fully funded, whichever is earlier, dedicate property in fee ("Dedicated Property") for future Interstate 580 widening/expansion for up to thirty feet (30') along the north frontage of the Property as shown on Exhibit C-1 and C-2 ("Dedicated ROW"). The actual width will be determined by drawings and plans approved as part of the BART extension project and, in no event, shall exceed 30 feet. If dedication occurs when the BART project is approved and fully funded, the Property Owner shall be compensated by the regional transportation agency responsible for the I-580 widening/expansion project. If dedication has not previously occurred, City shall compensate Property Owner for the Dedicated Property as of the time the Property is developed pursuant to its project approvals. The compensation shall be 100% of the fair market value in accordance with the State Eminent Domain Law. At any time after the development of the Property and prior to the 1-580 expansion or BART extension projects adjacent to the Property, Property Owner shall maintain the Dedicated Property and, shall be allowed to maintain landscaping in the Dedicated Property. No structures, permanent or temporary, shall be placed in the Dedicated Property.

b. At the time of development of the Property, Property Owner shall pay for and construct all standard City required improvements including curb, gutter, sidewalk, and

undergrounding (also referred to as frontage improvements and utility undergrounding) associated with the development of the Property. At that time, if City requests Property Owner to construct any improvements over and above the standard City requirements, City shall reimburse or credit (against fees) Property Owner for the additional improvements.

c. Property Owner shall have no obligation for the costs associated with relocation of the roadway or right-of-way or relocating existing utilities within the roadway or undergrounding any electrical services necessary to accommodate the 1-580 expansion or BART extension projects.

d. City reserves the right, at the time Property Owner submits the application for development of the Property, to allow Property Owner to deposit the value of construction of the standard City required improvements (including curb, gutter, sidewalk, and undergrounding) based on engineer estimates instead of constructing the improvements.

5. Vested Development Rights. Subject to this Development Agreement and during the life of this Development Agreement, the Property Owner has the right to develop and use the Property in accordance with:

a. the City's General Plan and Planning and Zoning Code in effect on the effective date;

b. all other City policies, ordinances, resolutions, rules, regulations and standards applicable to development or use of the Property on the effective date, except that Property Owner shall:

1) pay the processing and development impact fees in effect at the time those fees are paid; provided, however, that no fees, dedications or exactions shall be required by the City that are not of a type or scope as are in force as of the effective date.

2) comply with Building Code requirements in effect on a city-wide basis at the time of construction;

3) comply with construction and technical design standards or specifications for public improvements which are applicable city-wide;

4) comply with changes in City laws, regulations, plans or policies applicable city-wide, the terms of which are found by the City Council, based on substantial evidence, to be necessary to protect members of the public from a condition dangerous to their health or safety;

5) comply with a change in City law, regulations, plans or policies which are:

(a) specifically mandated by state or federal law, or by any regional governmental agency that has legal authority over the City under state law or a joint powers agreement; or

(b) a result of or in response to state or federal law, or regional agency action, made necessary in order for the City to avoid losing or not receiving substantial funding or other substantial public benefits or facilities that would be available to the City only if it makes such a change; or

(c) specifically mandated by, or necessary for compliance with or implementation of, the terms of any permit, entitlement or other authorization necessary for the development of the Property issued or granted to the City, County and/or Property Owner by any federal, state or regional agency;

6) following any subsequent environmental review, comply with required mitigation measures; and

c. all subsequent project approvals which are consistent with this Agreement.

d. the Property as it exists at the date of this Development Agreement includes a single building located at 5605 Southfront Road as shown on Exhibit C-2. At the time of the 1-580 widening, the building, as currently constructed, will be legal non-conforming building resulting from a decreased setback from the standard required setback. This building shall be permitted to remain on the Property, at Property Owners discretion, until such time as Property Owner proposes an expansion equal to fifty percent (50%) or more of the existing building square footage.

e. the existing General Plan Scenic Corridor policy which establishes that there is no view angle assigned to this Property.

6. Periodic Review. Periodic review of the Development Agreement shall be made, consistent with Section IX of the City's Development Agreement Procedures.

7. Amendments. The Development Agreement may be amended by the parties consistent with the procedures set forth in Section VI of the City's Development Agreement Procedures, including any amendments to it.

8. Default. If a party is in default under this Development Agreement, it may pursue one or more of the following courses of action, after 30 days' written notice to the other party: (a) waive the default; (b) in the City's case, pursue administrative remedies including denial or otherwise withholding issuance of building permits, certificates of occupancy or other approvals; (c) pursue judicial remedies; or (d) terminate this Development Agreement.

9. Recordation; Binding Effect. This Development Agreement shall be recorded in the office of the County Recorder and shall be binding upon and inure to the benefit of successors in interest to the parties. Where there is more than one Property Owner, the obligations are joint and several.

10. Legal Action; Attorney's Fees.

a. If there is any third party claim or suit challenging any action taken by the City with regard to the contemplated General Plan Amendments and/or this Development Agreement, as it relates to the proposed General Plan Amendments, either at the time of adoption of this Development Agreement and/or at the time of application for project development by Property Owner, the Property Owner shall have no obligation to indemnify the City for liability, attorneys fees, expert witness fees, and/or related costs as the City may incur, and for any award of court costs or fees against the City.

b. Notwithstanding Paragraph 10.a. above, at the time of application for project development, if the City chooses to defend any third party claim or suit challenging any action taken by the City with regard to any procedure or aspect of the City's approval of the development of the Property, including the environmental review process or this Development Agreement, but not the General Plan Amendments adopted in 2008 concurrent with this Development Agreement, the Property Owner agrees to reimburse the City for attorneys fees, expert witness fees, and related costs as the City may incur in connection with its retention of outside counsel, and for any award of court costs or fees against the City. City has the right to choose and retain such legal counsel as the City deems appropriate. After expenses reach $100,000, and each $100,000 thereafter, the parties will confer to review the status of the litigation and their options for proceeding or settling, and they will negotiate in good faith about how the expenses will be allocated. The Property Owner shall have no obligation to reimburse City for costs incurred after the date on which they give City written notice of their decision to settle a case, even if City does not agree to the settlement.

c. If legal action is brought by one of the parties to enforce a provision of this Development Agreement, the prevailing party is entitled to reasonable attorney's fees, expert witness fees, and court costs.

11. Notices. The address of each party for the purpose of all notices permitted or required by this Agreement follows:

To City:
City of Livermore
1052 South Livermore Avenue
Livermore, CA 94550

(925) 960-4150
(925) 960-4180 – Fax

To Property Owner:
McGrath RentCorp
5700 Las Positas Road
Livermore, CA 94551

(925) 606-9200
(925) 453-3200 - Fax
Attn: Randle F. Rose

With a copy to: Hoge Fenton
60 South Market Street, Suite 1400
San Jose, CA 95113
(408) 287-9501
(408) 287-2583
Attn: Geoffrey C. Etnire

The written address of either party set forth above may be changed by written notice given not less than five (5) days prior to the date such change is to be in effect. All notices under this Agreement shall be in writing, shall be properly addressed and shall be sent by personal delivery, United States mail (registered, certified, or Express Mail, return receipt requested and postage prepaid), or by overnight courier delivery service. All such notices shall be considered delivered: (i) if personally delivered, on the date of delivery; (ii) if sent by United States mail in the manner prescribed above, on the date shown on the return receipt for acceptance or rejection; or (iii) if sent by overnight courier delivery service, on the date of delivery or attempted delivery as shown by the written delivery record of such service.

12. Excused Delay. In addition to specific provisions of this Development Agreement, neither party shall be deemed to be in default under this Development Agreement where delays in performance or failures to perform are due to war, insurrection, strikes, or other labor disturbances, walkouts, riots, floods, earthquakes, fires, inclement weather, casualties, acts of God, governmental restrictions imposed or mandated by other governmental entities in connection with changes in State or Federal laws or regulations or actions by any governmental jurisdiction other than City ("Other Laws"), enactment of conflicting Other Laws, judicial decisions, administrative appeals, litigation or similar basis for excused performance which is not within the reasonable control of the party to be excused. Upon the request of either party hereto, extension of time for such cause will be granted for the period of the excused delay, or longer, as may be mutually agreed upon.

13. Mortgagee Protection.

a. This Agreement shall be superior and senior to any lien placed upon the Property or any portion thereof after the date of recording this Development Agreement, including the lien of any deed of trust or mortgage ("Mortgage"). Notwithstanding the foregoing, no breach hereof shall defeat, render invalid, diminish or impair the lien of any Mortgage made in good faith and for value, but all of the terms and conditions contained in this Development Agreement shall be binding upon and effective against and shall run to the benefit of any person or entity, including any deed of trust beneficiary or mortgagee ("Mortgagee"), who acquires title or possession to the Property, or any portion thereof, by foreclosure, trustee's sale, deed in lieu of foreclosure, lease termination, eviction or otherwise. The term "Mortgagee" shall include any holder of fee title to the Subject Property subject to a lease with option to

purchase.

b. Notwithstanding the provisions of Section 13(a), no Mortgagee shall have any obligation or duty under this Development Agreement to construct or complete the construction of improvements, or to guarantee such construction or completion; provided, however, that a Mortgagee shall not be entitled to devote the Property to any use except in full compliance with this Development Agreement nor to construct any improvements thereon or institute any uses other than those uses or improvements provided for or authorized by this Development Agreement.

c. If the City receives a notice from a Mortgagee requesting a copy of any notice of default given the Property Owner hereunder and specifying the address for service thereof, then the City agrees to use its best efforts to deliver to such Mortgagee, concurrently with service thereon to the Property Owner, any notice given to the Property Owner with respect to any claim by City that the Property Owner has committed an event of default, and if the City makes a determination of noncompliance hereunder, the City shall likewise use its best efforts to serve notice of such noncompliance on such Mortgagee concurrently with service thereon on the Property Owner. Each Mortgagee shall have the right during the same period available to the Property Owner to cure or remedy, or to commence to cure or remedy, the event of default claimed or the areas of noncompliance set forth in the City's notice. If a Mortgagee shall be required to obtain possession in order to cure any default, the time to cure shall be tolled so long as the Mortgagee is attempting to obtain possession, including by appointment of a receiver or foreclosure.

14. Estoppel Certificate. The Property Owner may, at any time, and from time to time, deliver written notice to the City requesting the City to certify in writing that, to the knowledge of the City, (a) this Agreement is in full force and effect and a binding obligation of the parties, (b) the Agreement has not been amended or modified either orally or in writing, and if so amended, identifying the amendments, and (c) that the Property Owner is not in default in the performance of its obligations under the Agreement, or if in default, to describe therein the nature and amount of any such defaults. The City agrees to cooperate with the Property Owner and to timely process such request in good faith and return same within ten (10) days of receipt. Either the City Manager or the Planning Director of City shall have the right to execute any certificate requested by the Property Owner hereunder.

Exhibit A
Page 1 of 1

General Plan Land Use Designations for property located at 5698 and 5700 Las Positas Road (APN 099-004001045); 5327 and 5605 Southfront Road (APN 009-004000905); and 5698 and 5722 Naylor Road (APN 099-004001039) in the City of Livermore, County of Alameda

Service Commercial (SC) (.30 FAR)
Service Commercial uses, which support other activities in the Downtown, include auto sales and service, nurseries, home maintenance centers and wholesale establishments. This designation is applied to areas outside of the Downtown along major streets, in the general vicinity of freeway interchanges, or at other locations with significant access potential from the community at large.

High-Intensity Industrial (HII) (Maximum site coverage - .60)
Appropriate uses for this designation include manufacturing, warehousing, research and development facilities, recycling facilities, and heavy industry that uses, stores, or processes raw materials. The High-Intensity Industrial designation is intended to provide an insulated area for uses that may be objectionable in other areas due to noise, odors, vibration, glare or hazards. High-intensity industrial uses are concentrated between Patterson Pass Road and I-580, generally between Mines Road and Greenville Road.

LIVERMORE
CALIFORNIA

CS- COMMERCIAL SERVICE DISTRICT
Chapter 2-31

Sections:
2-31-010 Purpose.
2-31-020 Uses permitted.
2-31-030 Uses permitted with conditional use permit approval.
2-31-040 Minimum district size.
2-31-050 Minimum lot specifications.
2-31-060 Site plan approval.
2-31-070 Minimum frontage yard.
2-31-080 Maximum site coverage.
2-31-090 Maximum building height.
2-31-100 Off-street parking.
2-31-110 Fencing.

2-31-010 Purpose.

The purpose of the CS district is to provide areas for uses which support other activities in the central business district but because of their size, scale or relatively low pedestrian traffic generation are inappropriate for the CBD, including areas for high land demand, recreational, home improvement, repair services and auto-related uses. (Ord. 1336, 1990; Ord. 442 § 9.10)

2-31-020 Uses permitted.

The following uses are permitted subject to approval of any prerequisite permits and conformance to all applicable regulations set forth in this chapter, in LPZC Part 3, and elsewhere in the zoning code:

A. Automotive Sales, Services and Related Uses.
1. Automotive accessory shops.
2. Automotive dealers, excluding auto wrecking and salvage and gasoline sales.
3. Automotive repair, service and garages, excluding gasoline sales and sites adjacent to an R district, including body repair shops, motor rebuilding, paint shops, tire recapping and retreading, truck repair, and storage.
4. Trailer, boat, and RV sales, service and rental.
5. Car washing, excluding the retail sales of motor vehicle fuels.

B. Commercial Amusement and Entertainment Establishments (Generating Large Traffic Volumes).
1. Bowling alleys.
2. Miniature golf courses.
3. Skating rinks, ice and roller.
4. Tennis courts, outdoor, commercial.

C. Consumer Services.
1. Cocktail lounges.

2. Night clubs.
3. Restaurants, except fast foods.

D. Farm and Miscellaneous Equipment Sales and Service.
1. Commercial farm equipment sales, rental and repair.
2. Farm and dairy supply and equipment repair.
3. Feed sales.

E. Home Improvement.
1. Building materials (lumber yards).
2. Building materials and hardware.
3. Hardware only.
4. Paint, glass and wallpaper.
5. Floor and window coverings.
6. Carpentry shop or custom woodworking or custom furniture.
7. Food lockers, rental for individual households.
8. Spa and pool sales, supplies, service and repair.
9. Nursery sales (garden supply).

F. Miscellaneous Repair Services. Including only:
1. Business equipment and furnishings repair and service.
2. Household yard equipment and appliance repair and service.
3. Audio, video and computer repair and service.

G. Miscellaneous Service Uses with No Outdoor Storage.
1. Cleaning and janitorial service and supplies.
2. Locksmith.
3. Water purification and filtration.

H. Miscellaneous Service Uses with No Outdoor Storage and Not Adjacent to an R District.
1. Machine and welding shops.
2. Saw sharpening.
3. Stone cutting and products.
4. Glass and glass products.
5. Sheet metal.

I. Print and Graphics.
1. Heavy print shop, typesetting, lithograph, silk screening (of printed materials only).
2. Graphics and art services.
3. Sign company.
4. Blueprinting.
5. Nonretail photographic processing and printing.
6. Art services.

J. Rental Shops, Excluding Construction Equipment Rental. Including only:
1. Consumer-oriented rental shops including party furnishings, household tools and appliances, consumer scale garden equipment, auto-related equipment, etc.
2. Vending machine service.

K. Subcontractors and Contractors with No Outdoor Construction Vehicle Storage or Other Outdoor Storage.
1. Electrical.
2. Heating and air conditioning.
3. Flooring.
4. Plumbing and fire sprinkler.
5. Insulation.

6. Drywall.
7. Painting.
8. Landscaping, swimming pool installation.
9. Roofing.
10. Concrete and masonry.
11. Glass and glazing.
12. Similar contractors as determined by the zoning administrator.

L. Travel Accommodations.
1. Hotel.
2. Motel.

M. Accessory Uses, Structures and Buildings Related to Any Use Permitted.
1. Signs (Chapter 3-45 LPZC).
2. Retail certified recycler (where located within a building or fully screened from public view by a solid wall or fence).

N. And similar uses and any other retail business or service establishment determined by the zoning administrator to be of the same general character as the above uses. (Ord. 1689 § 1, 2003; Ord. 1538 § 1, 1998; Ord. 1423, 1994; Ord. 1336, 1990; Ord. 1287, 1988; Ord. 1239, 1987; Ord. 649 § 3, 1968; Ord. 442 § 9.20)

2-31-030 Uses permitted with conditional use permit approval.

The following uses are permitted subject to conditional use permit approval in addition to any other prerequisite permits and conformance to all applicable regulations set forth in this chapter and elsewhere in the zoning code:

A. Automotive Sales and Service.
1. Automobile service stations, including accessory car washing, subject to the requirements of LPZC 3-10-070.
2. Automotive repair, service and garages when the site is adjacent to an R district, including body repair shops, motor rebuilding, paint shops, tire recapping and retreading, truck repair, and storage.

B. Commercial Amusement and Entertainment (For Primarily Open Uses).
1. Golf courses.
2. Golf driving ranges.

C. Commercial Amusement and Entertainment (Generating Large Traffic Volumes).
1. Amusement parks, unlimited capacity.
2. Arenas, auditoriums or stadiums, unlimited capacity.
3. Drive-in theaters.
4. Theaters.

D. Consumer Services.
1. Fast foods.
2. Drive-in facilities.

E. Contract Construction.
1. Auto impoundment yards.
2. Building construction, general contractors and subcontractors with outdoor storage.

F. Construction and other large scale equipment rental.

G. Miscellaneous Service Uses When the Site Is Adjacent to an R District or with Outdoor Storage.
1. Machine and welding shops.
2. Saw sharpening.

3. Stone cutting and products.
4. Glass and glass products.
5. Sheet metal.

H. Travel Accommodations.
1. Travel trailer park.

I. Wholesale trade warehousing establishments.

J. Public and semi-public uses.

K. Wholesale certified recycler (where located within a building or fully screened from public view by a solid wall or fence).

L. Any land use that utilizes hazardous materials shall be subject to the regulations of Chapter 3-30 LPZC. Prior to approval, it must be found that the project includes sufficient safeguards to assure that the storage and use of the hazardous materials will be an acceptable risk as defined by Chapter 3-30 LPZC.

M. And similar uses and any other retail business or service establishment determined by the decisionmaking body approving the conditional use permit to be of the same general character as the above uses. (Ord. 1689 § 2, 2003; Ord. 1633 § 8, 2001; Ord. 1423, 1994; Ord. 1376, 1992; Ord. 1336, 1990; Ord. 1287, 1988; Ord. 1239, 1987; Ord. 1041, 1980; Ord. 442 § 9.21)

2-31-040 Minimum district size.

The minimum CS district size shall be two acres. (Ord. 442 § 9.30)

2-31-050 Minimum lot specifications.

A. Minimum Lot Size. There is no minimum requirement for lot size.

B. Minimum Street Frontage. There is no minimum requirement for street frontage; provided, any lot which does not have frontage on a street has an unobstructed easement of access having a width of not less than 25 feet. (Ord. 442 § 9.31)

2-31-060 Site plan approval.

Site plan approval shall be required prior to the development of any site, including the construction of any building, the establishment of any open land use, and the development of related off-street parking. (Ord. 948, 1978; Ord. 442 § 9.40)

2-31-070 Minimum frontage yard.

A. The minimum street frontage yard is 25 feet, which shall be developed and permanently maintained as a landscaped yard.

B. The minimum non-street frontage yard shall be required as follows:

1. No non-street frontage yard is required except where a parcel abuts a CO, CP, or R district, in which event any building or structure, other than a fence located on the property line, shall be set back from the CO, CP, or R district property line a distance of 25 feet. The setback area shall be landscaped.

2. All yards shall have open access to the street, which shall be unrestricted except by fences.

3. All yards and other open space shall be landscaped, surfaced, or otherwise maintained in a dust-free and fire-safe condition. (Ord. 948, 1978; Ord. 442 § 9.41)

2-31-080 Maximum site coverage.

The maximum allowable building site coverage shall be 50 percent. (Ord. 948, 1978; Ord. 442 § 9.42)

2-31-090 Maximum building height.

The height is limited to a maximum of 35 feet except as follows:

A. When a building site is within one-half mile of an airport runway, construction of buildings or other structures having a height in excess of 25 feet shall require approval of a conditional use permit, to be approved in conformance with recommendations of the Federal Aviation Administration.

B. Any building or structure may exceed the maximum building height, up to 50 feet, with a conditional use permit provided the zoning requirements and general plan policies, such as scenic corridor policies, are met. (Ord. 1810 § 1, 2007; Ord. 948, 1978; Ord. 442 § 9.43)

2-31-100 Off-street parking.

Off-street parking shall be provided for each use as set forth in Chapter 3-20 LPZC. (Ord. 948, 1978; Ord. 442 § 9.44)

2-31-110 Fencing.

A. Where a parcel abuts an R district, there shall be provided a masonry wall having a height of not less than six feet.

B. Fences or walls over three feet in height shall be prohibited within a required street frontage yard.

C. Exterior storage shall be screened from the public view by a masonry wall having a height of not less than six feet. No storage may exceed the height of the wall. Walls greater than 8 feet in height require the approval of a conditional use permit. (Ord. 1336, 1990; Ord. 442 § 9.45)

LIVERMORE
CALIFORNIA

I-3 – HEAVY INDUSTRIAL DISTRICT
Chapter 2-64

Sections:

2-64-010 Purpose.
2-64-020 Principal permitted uses.
2-64-030 Accessory uses.
2-64-040 Conditional uses.
2-64-050 Height regulations.
2-64-060 Area, width and yard requirements.
2-64-070 Lot coverage.
2-64-080 Other required conditions.

2-64-010 Purpose.

The purpose of the I-3 (Heavy Industrial) District is to provide an environment for and conducive to basic or primary industries and related industrial activities requiring the use and storage of bulk quantities of raw or scrap materials for processing to semi-finished or finished products. The district is intended to encourage sound heavy industrial development by providing and protecting areas within the city for such development, subject to regulations necessary to ensure the purity of the air and groundwater in the Livermore planning area, and the protection of nearby uses of land from hazards, noise, or other radiated disturbances. (Ord. 442 § 14B.10)

2-64-020 Principal permitted uses.

The following are the principal permitted uses in an I-3 District:

A. All of the uses permitted in the I-2 District.
B. Contractor's storage yards, truck terminals, or other open storage uses, when screened by a solid wall or fence, not to include vehicle dismantling yards, scrap or waste yards.
C. Recycle processor (provided outdoor storage is fully screened). (Ord. 1239, 1987; Ord. 442 § 14B.20)

2-64-030 Accessory uses.

The following are the accessory uses permitted in the I-3 District:

A. Signs complying with the regulations governing industrial districts in Chapter 3-45 LPZC.
B. Accessory uses and buildings customarily appurtenant to a permitted use.
C. Living quarters determined by the zoning administrator to be necessary for surveillance purposes.
D. Off-street parking and loading spaces in accordance with Chapter 3-20 LPZC.

E. Fuel stations subject to the requirements of LPZC 3-10-070(C). (Ord. 1423, 1994; Ord. 442 § 14B.30)

2-64-040 Conditional uses.

The following uses are permitted subject to conditional use permit approval in addition to any other prerequisite permits and conformance to all applicable regulations set forth in this chapter and elsewhere in the Livermore Planning and Zoning Code (LPZC):

A. Public and quasi-public uses.
B. Motels, fast-food businesses, banks, personal services, or goods reasonably required for the convenience and support of occupants of uses in the surrounding I District(s).
C. Manufacturing, assembly, processing, storage, or packaging of products involving chemicals, petroleum, and heavy agricultural products.
D. Vehicle dismantling yards, scrap and waste yards.
E. Any land use that utilizes hazardous materials shall be subject to the regulations of Chapter 3-30 LPZC. Prior to approval, it must be found that the project includes sufficient safeguards to assure that the storage and use of the hazardous materials will be an acceptable risk as defined by Chapter 3-30 LPZC.
F. Any uses determined by the decision making body approving the conditional use permit to be similar to, ancillary to, or compatible with those listed in the permitted or conditional use category of this District. (Ord. 1633 § 18, 2001; Ord. 1376, 1992; Ord. 442 § 14B.40)

2-64-050 Height regulations.

The height is limited to 45 feet, except that with a conditional use permit the height may be increased up to a maximum of 100 feet. (Ord. 442 § 14B.50)

2-64-060 Area, width and yard requirements.

The following minimum requirements shall be observed, except where increased for conditional uses:

A. Lot Area. Twenty thousand (20,000) square feet.
B. Width. One hundred (100) feet.
C. Yards.
    1. Front or Street Side. Thirty-five (35) feet on major streets, 30 feet on frontage roads, and 15 feet on interior streets.
    2. Rear and Side. None, except when adjoining an R District or an OS District designated for future residential use in the General Plan (unless separated by a public street), then not less than 25 feet. For buildings more than 40 feet high, the yard requirements shall be 20 feet.
D. Use of Yard Areas. The following uses only shall be made of yard areas and then only if such uses are otherwise permissible pursuant to the provisions of this chapter:
    1. Landscaping shall be regulated by the following requirements:

a. All required yards adjacent to streets shall be landscaped, except for driveways and sidewalks which are found to be necessary for the efficient use of the property.
b. In the case of a parking lot being located between the building and the street, the landscaped strip adjacent to the street, required by subsection (D)(1)(a) of this section, may be reduced by 5 feet, provided a landscaped strip 5 feet wide is added to the landscaped planter adjacent to the street side of the building.
c. A landscaped strip of land, at least 25 feet wide, shall be maintained along any property line where an I-3 District abuts an R District or an OS District designated for future residential use in the General Plan.
d. All landscaping shall be carried out in accordance with the landscaping plan approved by the City, and such landscaping shall be installed and maintained in such a manner so as to prevent the viewing of outdoor storage, parking and loading areas from contiguous residential properties, insofar as is practicable.
e. In any case where the building frontage is visible from the street, a minimum 5-foot landscaped strip abutting the foundation shall be included, allowing for necessary entrances.

2. Driveways.
3. Sidewalks.
4. Exterior Storage. Exterior storage shall not be allowed adjacent to a public street or freeway. Exterior storage shall be screened from the public view by a suitable fence, wall or berm not exceeding 15 feet in height, with stored material kept below the top of such screen. (Ord. 442 § 14B.60)

2-64-070 Lot coverage.

The building coverage maximum shall be 60 percent. (Ord. 442 § 14B.70)

2-64-080 Other required conditions.

The following additional conditions shall apply to an I-3 District:

A. Site plan and design review approval are required prior to the development of any site, including the construction of any buildings or the establishment of any open use.
B. The following performance standards will be required in the district:
   1. Air Pollution. All uses shall comply with regulations of the San Francisco Bay Area Air Pollution Control District.
   2. Noise. No use shall be permitted which creates an ambient noise level greater than 75 decibels (dba) beyond the boundaries of the site, nor greater than 60 decibels at the boundary of an R district.
   3. Vibration, Heat, Glare, Electrical Disturbance. No use shall be permitted which creates vibrations, heat, glare, or electrical disturbances beyond the boundaries of the site. Lighting used to illuminate buildings, structures, uses, or parking and loading areas shall not be directed toward any public right-of-way.
   4. Fire, Explosion. All uses shall provide adequate safety devices and adequate fire fighting and fire suppression equipment to protect against fire, explosion, and other hazards.

5. Solid and Liquid Wastes. No solid or liquid waste discharges, other than into a public sewage disposal system, shall be permitted. The chemical composition and volume of industrial effluent discharged shall be subject to the waste water permit requirements established by LMC Title 13, Division II. (Ord. 442 § 14B.80)

PLANNING COMMISSION STAFF REPORT **ITEM NO. 5.3**

DATE: July 7, 2026

TO: Chairperson and Members of the Planning Commission

FROM: Brandon Cardwell, Innovation and Economic Development Director

SUBJECT: Hearing to consider a request for the first amendment to Development Agreement 08-002 ("Agreement") with McGrath RentCorp (DAA 26-002). The Agreement term would be extended 30 years to 2059, the Agreement boundary would be adjusted, and the Property Owner obligations would be modified to: 1) effectuate a commercial land transfer to a high-revenue commercial user; and 2) secure support for 2045 General Plan and Midtown Area planning objectives.

RECOMMENDED ACTION

Staff recommends the Planning Commission adopt the following resolutions, recommending the City Council:

1. Find that the first amendment to Development Agreement 08-002 with McGrath RentCorp is exempt under CEQA; and
2. Adopt an Ordinance to approve the first amendment to Development Agreement 08-002 with McGrath RentCorp (DAA 26-002).

SUMMARY

Since 2021, the City has been preparing the General Plan 2045 update, including the Midtown Specific Plan Area, which is envisioned as a future mixed-use area that balances housing, commercial, office, and industrial uses. McGrath RentCorp owns approximately 130 acres within Midtown and is the largest single property owner in the area. McGrath operates an existing mobile modular commercial-industrial business on the property and is party to a 2008 Development Agreement with the City that vests commercial and industrial land use rights through 2029.

The 130-acre project site is made up of numerous parcels located at 5605 and 5327 Southfront Road and 5700, 5699 and 5698 Las Positas Road with the following APNs: 99-40-72, 99-40-73, 99-40-74, 99-40-75, 99-40-76, 99-40-77, 99-40-78, 99-40,79 and 99-40-80. See Attachment 1 - Location Map.

Following property owner outreach and McGrath's stated opposition to aspects of the Midtown planning effort, the City Council directed staff to negotiate a compromise that could advance the City's long-term

planning objectives while addressing the Property Owner's interests. The proposed Development Agreement Amendment would not approve a new development project, but would establish a framework for future planning, allow McGrath's existing operations to continue, secure McGrath's support for future residential planning, and facilitate conveyance of the northern approximately 40 acres to a high-value commercial user. The term of the Development Agreement would be extended to 2059.

The related General Plan 2045 land use map change would retain approximately 90 acres within the Midtown Specific Plan Area and designate the northern parcel as Service Commercial. Staff finds that the amendment is consistent with General Plan 2045 and provides public benefits by supporting future housing opportunities, advancing Midtown implementation, and facilitating commercial development expected to generate long-term fiscal and employment benefits for the City.

DISCUSSION

Background and General Plan Context

Since 2021, at the direction of the City Council, City staff has been preparing the General Plan 2045 update. As part of that effort, the City Council, Planning Commission, and the council-appointed General Plan Advisory Committee have reviewed draft land use maps, policies, and Focus Areas where land use changes are anticipated over the planning horizon.

The largest Focus Area is the Midtown Specific Plan Area (Midtown), which is primarily composed of the Metropolitan Transportation Commission (MTC) Southfront Priority Development Area (PDA). Midtown also includes existing developed areas, including local shopping districts and the Arroyo Vista Neighborhood Plan area.

The General Plan 2045 envisions Midtown as a future mixed-use area that balances housing, commercial, office, and industrial uses and functions as a complete community, regardless of whether or when a future transit station is developed (e.g. Valley Link). Following General Plan adoption, the City would prepare a specific plan to establish land uses, circulation improvements, development standards, design requirements, infrastructure and service needs, and other implementing provisions for Midtown.

McGrath Property and Existing Development Agreement

McGrath RentCorp (McGrath or the Property Owner) is the largest single property owner within Midtown. McGrath owns approximately 130 acres generally located between Southfront Road and Las Positas Road, as shown in Attachment 1. McGrath is a publicly traded mobile modular commercial-industrial business that fabricates and sells modular structures on-site.

McGrath and the City are also parties to an existing Development Agreement, originally approved in 2008, that vests McGrath's commercial and industrial land use rights through 2029. The Original Agreement was approved to secure dedication of Bay Area Rapid Transit (BART) right-of-way, as shown in Attachment 2. The Original Agreement did not approve a specific development project; instead, the "Project" consisted of vesting the land uses in effect at the time of adoption. Future development projects remained subject to all applicable regulations, permits, entitlements, and approvals.

Property Owner Engagement and Direction from City Council

From 2021 to 2022, City staff conducted outreach to property owners within Midtown, consistent with the City's standard practice when considering land use changes in a specific planning area. Through those discussions, McGrath and the City did not reach agreement regarding the inclusion of McGrath's property in Midtown, the appropriate future mix of uses and residential densities, or an approach that addressed both the City's long-term planning objectives and the Property Owner's interests. McGrath subsequently submitted written correspondence to the City Council expressing opposition to aspects of the concept plan being developed for the Midtown focus area.

On February 24, 2025, the City Council directed staff to work with McGrath, seek a compromise, and return with a solution that would advance the goals of both parties. Staff has since negotiated with McGrath and now proposes an amendment to the existing Development Agreement (Amended Agreement). McGrath has agreed to the proposed terms, and the signed Amended Agreement is included as Exhibit A.

Purpose and Effect of the Amended Agreement

The proposed Amended Agreement would establish a framework for future planning and development of the McGrath property in relation to Midtown, while allowing McGrath's existing industrial use to continue. The Amended Agreement does not approve a development project, and no changes are proposed to the Original Agreement's definition of "Project." However, the Amended Agreement would clarify and expand the subsequent approvals provisions to confirm that any future development project remains subject to all applicable design review, entitlement, and environmental review requirements.

The Amended Agreement also supports implementation of General Plan 2045 by securing McGrath's support for future residential planning on the property and by facilitating a related land use map change that would support a high-value commercial user on the northern portion of the site. Together, these provisions help resolve McGrath's concerns while allowing the City to continue advancing its long-term vision for Midtown.

Principal Terms of the Amended Agreement

The Amended Agreement includes obligations for both McGrath and the City.

McGrath Obligations

McGrath would support future residential densities of MDR 4 (18-22 dwelling units per acre) and HDR 1 (23-30 dwelling units per acre) on the property. These densities would not be applied through the Amended Agreement itself, but could be considered through the future Midtown Specific Plan or another zoning action. This support is important to the City's long-term Midtown objectives and provides additional Regional Housing Needs Allocation (RHNA) flexibility, including the potential use of the site for Net Loss units in the Sixth RHNA Cycle or as a Housing Inventory site in the Seventh or Eighth RHNA Cycle.

McGrath would also be required to convey the northern approximately 40 acres of the property to a high-value commercial user, subject to approval by the City Manager. The conveyance must occur by January 15, 2027, unless extended by mutual agreement of the parties. The City may request information necessary to evaluate the proposed user, including employment and fiscal impact data. The Amended Agreement would not become operative unless and until the property is conveyed to an approved high-

value commercial user.

As of publication of this report, McGrath is engaged with a prospective high-value commercial user and is processing a purchase and sale agreement. Due to the confidential nature of ongoing real estate negotiations, City staff cannot publicly identify the user at this time. However, staff supports the prospective business because it would meet the Amended Agreement's high-value commercial objective. If the transaction is completed and the user locates in Livermore, the business is expected to generate approximately $900,000 to $1 million in annual tax revenue and provide approximately 400 to 600 jobs. The business would also be expected to become one of the City's top ten tax generators.

City Obligations

In consideration of McGrath's obligations, the City would extend the term of the Development Agreement by 30 years, through 2059. This extension would continue to vest the industrial land uses described in the Original Agreement and provide McGrath with long-term operational flexibility. The extension would not preclude future cessation of the existing use, establishment of a new use consistent with General Plan 2045, adoption of a Midtown Specific Plan, or consideration of the property for RHNA purposes.

The Amended Agreement would also adjust the Development Agreement boundary. The northern approximately 40-acre commercial parcel would be removed from the Development Agreement area because it would be conveyed to a separate high-value commercial user that is not a party to the agreement. Property under McGrath ownership south of Las Positas Road would be added to the Development Agreement area to maintain sufficient space for McGrath's ongoing mobile modular fabrication, storage, and sales operations.

General Plan 2045 Land Use Map Change

The proposed Amended Agreement resulted in one related modification to the General Plan 2045 land use map and the Livermore Zoning Map. The Planning Commission will consider those map changes as part of the General Plan 2045 item at its July 7 meeting before considering the McGrath Development Agreement Amendment.

The land use map previously reviewed by the Planning Commission designated all approximately 130 acres of the McGrath property as Midtown Specific Plan Area. The revised land use map would retain the southern approximately 90 acres within the Midtown Specific Plan Area and designate the northern approximately 40-acre parcel as Service Commercial. This designation would allow the future commercial user to operate by right, providing certainty necessary to support the contemplated property conveyance.

General Plan Consistency and Public Benefit

Livermore Development Code Section 9.04.050(D) requires the Planning Commission and City Council to find that a development agreement is consistent with the General Plan and provides benefit to the City. Because the General Plan 2045 will be considered before the McGrath Development Agreement Amendment, it is appropriate to evaluate the Amended Agreement for consistency with General Plan 2045 rather than the 2003 General Plan.

The proposed Amended Agreement implements and is consistent with General Plan 2045 because it supports the formation of Midtown, secures Property Owner support for future housing opportunities, and facilitates commercial development that would generate stable long-term City revenues. More specifically, the Amended Agreement supports the following General Plan 2045 policies:

- **Policy LU-15.1: Midtown Neighborhood** — Create a complete, mixed-use, transit-supportive environment that balances housing, commercial, office, and industrial uses.
- **Policy LU-15.5: Midtown Job Opportunities** — Create job opportunities through industrial/office uses including research and development facilities, manufacturing capabilities, and laboratory spaces.
- **Policy ED-4.1: Balanced Development** — Balance a mix of residential, commercial, and industrial development to support local employment opportunities, a diverse economy, and a sustainable tax base.
- **Policy ED-5.1: Capacity for Economic Growth** — Designate land uses to provide sufficient capacity for economic growth and vitality in Livermore. Maintain capacity for a variety of land development opportunities in commercial and industrial sectors as well as other desired land uses.
- **Policy ED-5.2: Fiscal Sustainability Through Land Use** — Provide a land use mix that generates stable, long-term revenues to fund City services, and ensure that fiscal impacts and long-term sustainability are key considerations in land use and development decision making.

The Amended Agreement would provide several public benefits. It would support a viable path for future housing on the McGrath property through the Midtown Specific Plan or another future zoning action, while providing RHNA flexibility for the Sixth, Seventh and Eighth RHNA Cycles. It would allow the City to move forward with mixed-use Midtown policies and land use designations in General Plan 2045. It would also facilitate conveyance of the northern commercial parcel to a high-value commercial user expected to generate approximately $900,000 to $1 million in annual tax revenue and approximately 400 to 600 jobs.

A complete list of findings required under Livermore Development Code Section 9.04.050(D) is included in the attached development agreement resolution, Attachment 4.

ENVIRONMENTAL DETERMINATION

The Development Agreement Amendment does not approve a development project. Instead, it extends existing vested land use rights and allows an existing business to continue its current operations. For these reasons, the Development Agreement Amendment is exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Sections 15301 (Existing Facilities) and 15061(b)(3) (Common Sense Exemption). The complete CEQA findings are included in the CEQA Resolution, Attachment 3.

DRAFT MINUTES

LIVERMORE
CALIFORNIA

PLANNING COMMISSION
JULY 7, 2026

REGULAR MEETING

1. CALL TO ORDER – The regular meeting of the Planning Commission was called to order by Chairperson Tracy Kronzak at 7:00 pm, held in person at 1016 S. Livermore Avenue.

ROLL CALL – Present: Chairperson Tracy Kronzak, Vice Chairperson Charity Steele, Commissioner Jacob Anderson, Commissioner Yolanda Fintschenko, Commissioner Nadine Horner.

PLEDGE OF ALLEGIANCE

Chairperson Kronzak led the Pledge of Allegiance.

2. OPEN FORUM

Chairperson Kronzak opened the public comment period.

Greg Scott addressed the Commission regarding the inclusion of UC Berkley and UC Davis in the Land Grant Colleges; water crisis; and growth predictions in the General Plan update.

There were no more speakers, and the public comment period was closed.

3. CONSENT CALENDAR

ON THE MOTION OF COMMISSIONER ANDERSON, SECONDED BY COMMISSIONER FINTSCHENKO, AND CARRIED ON A 4-0 VOTE (WITH COMMISSIONER HORNER ABSTAINING), THE PLANNING COMMISSION APPROVED THE CONSENT CALENDAR ITEM 3.1:

3.1 Approval of the June 16, 2026 Planning Commission Draft Meeting Minutes

Chairperson Kronzak opened the public comment period.

There were no speakers, and the public comment period was closed.

4. PROJECT REVIEW - NONE

5. PUBLIC HEARINGS

5.1 Hearing to consider a resolution recommending certification of the General Plan Environmental Impact Report, approval of the Livermore General Plan 2045, and approval of conforming Zoning Map Amendments establishing a long-term vision, goals, policies, implementation actions and land use designations to guide future decision-making related to growth, development, and resource conservation through 2045.

Recommendation:
Staff recommend the Planning Commission adopt separate resolutions recommending the City Council:

- Certify the General Plan 2045 Final Environmental Impact Report (EIR)
- Adopt Livermore General Plan 2045, subject to the revisions identified in the Errata Sheet dated July 7, 2026 (GPA 21-003)
- Adopt an ordinance making conforming amendments to the Livermore Zoning Map (ZMA 26-001)
- Retain Existing General Plan Scenic Corridor Policy (under separate cover) until new Scenic Resources policies are considered at a future date (POL 26-002).

Andy Ross, Principal Planner, presented the staff report.

Chairperson Kronzak clarified the difference between a programmatic EIR and mitigation measures established in a project specific EIR; purpose of a neighborhood plan; and contemplated update for the Climate Action Plan.

Chairperson Kronzak opened the public comment period.

There were no speakers, and the public comment period was closed.

Commissioner Anderson commended staff for their work on the update; highlighted the theme of making housing changes while updating the framework to accommodate those changes, therefore establishing less than significant impacts; and expressed enthusiasm and appreciation.

Commissioner Horner echoed appreciation to staff and the community and noted that plans worked.

Commissioner Fintschenko echoed the gratitude expressed by the other Commissioners.

Vice Chair Steele thanked staff for the thorough review and clear presentation; and the community for its input.

Chairperson Kronzak expressed gratitude to staff and the community; and acknowledged the compassionate, visionary, adaptive and inclusionary outcome.

ON THE MOTION OF CHAIRPERSON KRONZAK, SECONDED BY COMMISSIONER ANDERSON AND CARRIED ON A 5-0 VOTE, THE PLANNING COMMISSION ADOPTED THE FOLLOWING RESOLUTIONS:

Resolution 11-26 Recommending that the City Council certify the Final Environmental Impact Report for the General Plan 2045 and Zoning Map Amendment and Adopt California Environmental Quality Act Findings, a Statement of Overriding Considerations, and a Mitigation Monitoring and Reporting Program.

Resolution 12-26 Recommending that the City Council approve Livermore General Plan 2045.

Resolution 13-26 Recommending that the City Council Adopt an Ordinance Approving Zoning Map Amendment 26-001 to conform with the General Plan 2045**.**

Resolution 14-26 Recommending approval of Policy Proposal (POL) 26-002 for the Scenic Resources Policy to implement the General Plan 2045 Community Identity Element.

5.2 Hearing to consider an ordinance authorizing Development Agreement 24-004 to establish a framework and secure vested rights for a future residential project on approximately 50 developable acres within a 122-acre property at 3658 Las Colinas Road (Assessor Parcel Number 902-8-1). The Development Agreement does not propose or authorize a specific development project or physical development, and future implementation actions would be subject to subsequent approvals.

Recommendation:
Staff recommend the Planning Commission adopt the following resolutions recommending the City Council:

1. Find that the Development Agreement is within the scope of the certified General Plan 2045 Environmental Impact Report (EIR) pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15183 and that the Agreement itself has no potential to cause a significant environmental effect and is therefore exempt under CEQA Guidelines Section 15061(b)(3). No additional environmental review is required;
2. Adopt an Ordinance authorizing Development Agreement (DA) 24-004.

Shannon Pagan, Senior Planner, presented the staff report.

Chairperson Kronzak opened the public comment period.

Paul Bongiovanni, Adventus, congratulated the City on the General Plan; thanked the Commission for its consideration of the Development Agreement; and explained the significant infill property, and proceeds from the sale as part of planned reorganization to the Diocese.

Chairperson Kronzak confirmed that the project would be covered by a future scenic overlay; and an Neighborhood Plan with Planned Development Zoning to ensure compatibility with the existing neighborhood.

Greg Scott expressed concern with destroying the last remaining scenic corridor and impacting sacred ground; the need to rebuild the Las Collinas overpass; and housing crisis.

William Vidalin, 3680 Las Colinas Road, expressed concern about the impact to their family ranch due to traffic; misaligned overpass; and need for two bridges.

Ian Vidalin, 3680 Las Colinas Road, expressed concern with encroachment and traffic with adjacent developments and the need for County officials to inspect the County parcel and conduct a rigorous traffic study; and provided copies of the property boundaries survey to the Planning Commission clerk.

Robert Downs, East Bay Residents for Responsible Development, representing the building trades organizations, referenced their July 6, 2026, letter; indicated support for the development; and requested inclusion of workforce standards in the Development Agreement.

There were no additional speakers, and the public comment period was closed.

Commissioner Anderson confirmed that neighborhood compatibility and technical studies would be considered during site plan and design review; that the Development Agreement was part of an exchange and would provide better connectivity for Springtown, trail completions, contributions to the Community Benefit Fund; and discussed the use of workforce labor.

Commissioner Horner thanked staff and Diocese; discussed the give and take in the agreement; desire for the Diocese to build the high school on an alternate site in Livermore; and belief that the future project would consider the concerns of community.

Commissioner Fintschenko thanked staff and the applicant; and discussed the neighbors' concerns. Senior Planner Pagan explained that, before any development could occur on the subject property, the parcel would first need to be sold, and a development proposal submitted by a future developer. The proposal would then be reviewed through the entitlement process, including preparation of a Neighborhood Plan with Planned Development zoning, subdivision mapping, and site plan design review. In addition, the necessary technical studies and site-specific environmental analysis would also be completed concurrently with these entitlement steps. Commissioner Fintschenko reviewed the requested actions before the Planning Commission and opportunities for community input.

Vice Chair Steele expressed appreciation for staff's presentation and acknowledged the public's concerns.

In response to Chairperson Kronzak, Senior Planner Pagan and Principal Planner Ross explained the requirements under CEQA to notify the Tribe and comments received; and the neighborhood notification and outreach process.

In response to Commissioner Fintschenko, Principal Planner Ross explained the use of Community Benefit Funds.

ON THE MOTION OF COMMISSIONER HORNER, SECONDED BY VICE CHAIRPERSON STEELE AND CARRIED ON A 5-0 VOTE, THE PLANNING COMMISSION ADOPTED THE FOLLOWING RESOLUTIONS:

Resolution 15-26 Recommending the City Council find that the Development Agreement 24-004 for the Adventus Las Colinas Road Property is within the scope of the General Plan 2045 Environmental Impact Report pursuant to CEQA Guidelines Section 15183 and Exempt under CEQA Guidelines Section 15061(B)(3).

Resolution 16-26 Recommending that the City Council Adopt an Ordinance Approving Development Agreement 24-004 for the Adventus Las Colinas Road Property.

RECESS
Chairperson Kronzak called a recess at 8:25 pm. The meeting was reconvened at 8:30 pm with all Commissioners present.

5.3 Hearing to consider a request for the first amendment to Development Agreement 08-002 ("Agreement") with McGrath RentCorp (DAA 26-002). The Agreement term would be extended 30 years to 2059, the Agreement boundary would be adjusted, and the Property Owner obligations would be modified to: 1) effectuate a commercial land transfer to a high-revenue commercial user; and 2) secure support for 2045 General Plan and Midtown Area planning objectives.

Recommendation:
Staff recommends the Planning Commission adopt the following resolutions recommending the City Council:

1. Find that the first amendment to Development Agreement 08-002 with McGrath RentCorp is exempt under CEQA; and
2. Adopt an Ordinance to approve the first amendment to Development Agreement 08-002 with McGrath RentCorp (DAA 26-002).

Jake Potter, Economic Development Manager, presented the staff report.

Mike Bray, McGrath RentCorp, discussed the existing property and use and requested amendment to allow continued operations.

Chairperson Kronzak opened the public comment period.

There were no speakers, and the public comment period was closed.

Commissioner Anderson suggested the proposed amendment is the best outcome considering the circumstances.

Commissioner Horner thanked the owners for coming and acknowledged that housing would be ideal but the business had been in operation for decades.

Commissioner Fintschenko thanked staff and the applicant and indicated the findings could be made.

Vice Chair Steele thanked the City and applicant for coming to the compromise and indicated support for the recommendations.

Chairperson Kronzak expressed appreciation and indicated the findings could be made.

ON THE MOTION OF COMMISSIONER HORNER, SECONDED BY COMMISSIONER FINTSCHENKO AND CARRIED ON A 5-0 VOTE, THE PLANNING COMMISSION ADOPTED THE FOLLOWING RESOLUTION:

Resolution 17-26 Recommending the City Council find that the First Amendment to Development Agreement 08-002 (DAA 26-002) with Mcgrath RentCorp is Exempt under CEQA Guidelines Sections 15301 And 15061(B)(3).

Resolution 18-26 Recommending that the City Council Adopt an Ordinance Approving the First Amendment to Development Agreement 08-002 (DAA 26-002) with McGrath RentCorp.

6. MATTERS FOR CONSIDERATION - NONE

7. MATTERS INITIATED BY PLANNING COMMISSION STAFF - NONE

8. ADJOURNMENT – at 8:47 pm to a Regular Planning Commission Meeting on Tuesday, July 21, 2026 at 7:00 pm, Civic Center Meeting Hall, City Council Chambers, 1016 S. Livermore Avenue.

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION FINDING THAT THE FIRST AMENDMENT TO DEVELOPMENT AGREEMENT 08-002 (DAA 26-002) WITH MCGRATH RENTCORP IS EXEMPT UNDER CALIFORNIA ENVIRONMENTAL QUALITY ACT GUIDELINES SECTIONS 15301 (EXISTING FACILITIES) AND 15061(B)(3) (COMMON SENSE)

In 2021, the City Council directed City staff to begin preparing a comprehensive update to Livermore's 2003 General Plan. The updated General Plan is known as General Plan 2045.

General Plan 2045 identifies several Focus Areas where future land use changes are anticipated, including the Midtown Specific Plan Area ("Midtown"), which is envisioned as a future mixed-use area that balances housing, commercial, office, and industrial uses.

McGrath RentCorp ("McGrath" or the "Property Owner") owns approximately 130 acres generally located between Southfront Road and Las Positas Road and operates an existing mobile modular commercial-industrial business on the property.

The 130-acre site is made up of numerous parcels located at 5605 and 5327 Southfront Road and 5700, 5699 and 5698 Las Positas Road with the following APNs: 99-40-72, 99-40-73, 99-40-74, 99-40-75, 99-40-76, 99-40-77, 99-40-78, 99-40,79 and 99-40-80.

McGrath and the City are parties to Development Agreement 08-002, originally approved in 2008 ("Original Agreement"), which vested McGrath's commercial and industrial land use rights through 2029 in exchange for dedication of Bay Area Rapid Transit right-of-way.

Following City Council direction on February 24, 2025, City staff negotiated with McGrath regarding a proposed amendment to the Original Agreement. McGrath has agreed to the proposed terms of the First Amendment to Development Agreement 08-002 ("Amended Agreement" or "Project") (DAA 26-002).

The proposed Amended Agreement would establish a framework for future planning and development of the McGrath property in relation to Midtown, allow McGrath's existing industrial use to continue, extend the Development Agreement term through 2059, adjust the Development Agreement boundary, secure McGrath's support for future residential planning, and require conveyance of the northern approximately 40 acres to a high-value commercial user, subject to City approval.

The Amended Agreement does not approve a development project, authorize construction, approve site-specific development plans, or allow physical changes to the property. Future development projects would remain subject to applicable discretionary approvals, development standards, and environmental review.

The California Environmental Quality Act ("CEQA") requires public agencies to evaluate the potential environmental effects of discretionary projects before approving or carrying out such projects, unless the activity is not a project or is otherwise exempt from CEQA.

City staff reviewed the proposed Amended Agreement and determined that it is exempt from CEQA pursuant to CEQA Guidelines Sections 15301, Existing Facilities, and 15061(b)(3), Common Sense, because the Amended Agreement would allow continuation of an existing use and would not authorize any physical development or activity that could result in a significant effect on the environment.

On July 7, 2026, the Planning Commission held a duly noticed public hearing to consider the Amended Agreement, the CEQA determination, staff recommendations, all public comments and testimony, and findings, and adopted Planning Commission Resolution No. 17-26, attached hereto as Exhibit A, recommending the City Council find the Amended Agreement exempt from CEQA.

On July 27, 2026, the City Council held a duly noticed public hearing to consider the Amended Agreement, Planning Commission and staff recommendations, all public comments and testimony, and findings.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Livermore that prior to taking action on the Project, and at a properly noticed public hearing, the City Council reviewed written and oral staff reports, conducted a public hearing on the Project and took testimony, and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The City Council's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED that the City Council of the City of Livermore has considered the findings made in Planning Commission Resolution No. 17-26, attached hereto as Exhibit A, and the City Council hereby adopts the same findings by this reference and incorporates them as their own findings as part of this resolution.

BE IT FURTHER RESOLVED that, based upon the City Council's own independent review of the Record Evidence and considerations, the City Council hereby determines that the Amended Agreement is exempt from CEQA pursuant to CEQA Guidelines Sections 15301 and 15061(b)(3).

BE IT FURTHER RESOLVED that the City Council of the City of Livermore directs the Planning Manager to file a Notice of Exemption with the Alameda County Clerk if the Project is approved.

The documents that constitute the record of proceedings upon which this decision is based can be found in the City Clerk's Office, 1052 S. Livermore Avenue, in Livermore, California. This resolution shall be effective upon adoption by the City Council.

On motion of Council Member _____, seconded by Council Member _____, the foregoing resolution was passed and adopted on July 27, 2026, by the following vote:

Exhibit A – Planning Commission Resolution No. 17-26

IN THE PLANNING COMMISSION OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION RECOMMENDING THE CITY COUNCIL FIND THAT THE FIRST AMENDMENT TO DEVELOPMENT AGREEMENT 08-002 (DAA 26-002) WITH MCGRATH RENTCORP IS EXEMPT UNDER CEQA GUIDELINES SECTIONS 15301 AND 15061(B)(3)

In 2021, the City Council directed City staff to begin preparing a comprehensive update to Livermore's 2003 General Plan. The updated General Plan is known as General Plan 2045.

General Plan 2045 identifies several Focus Areas where future land use changes are anticipated, including the Midtown Specific Plan Area ("Midtown"), which is envisioned as a future mixed-use area that balances housing, commercial, office, and industrial uses.

McGrath RentCorp ("McGrath" or the "Property Owner") owns approximately 130 acres generally located between Southfront Road and Las Positas Road and operates an existing mobile modular commercial-industrial business on the property.

The 130-acre site is made up of numerous parcels located at 5605 and 5327 Southfront Road and 5700, 5699 and 5698 Las Positas Road with the following APNs: 99-40-72, 99-40-73, 99-40-74, 99-40-75, 99-40-76, 99-40-77, 99-40-78, 99-40,79 and 99-40-80.

McGrath and the City are parties to Development Agreement 08-002, originally approved in 2008 ("Original Agreement"), which vested McGrath's commercial and industrial land use rights through 2029 in exchange for dedication of Bay Area Rapid Transit right-of-way.

Following City Council direction on February 24, 2025, City staff negotiated with McGrath regarding a proposed amendment to the Original Agreement. McGrath has agreed to the proposed terms of the First Amendment to Development Agreement 08-002 ("Amended Agreement" or "Project") (DAA 26-002).

The proposed Amended Agreement would establish a framework for future planning and development of the McGrath property in relation to Midtown, allow McGrath's existing industrial use to continue, extend the Development Agreement term through 2059, adjust the Development Agreement boundary, secure McGrath's support for future residential planning, and require conveyance of the northern approximately 40 acres to a high-value commercial user, subject to City approval.

The Amended Agreement does not approve a development project, authorize construction, approve site-specific development plans, or allow physical changes to the property. Future development projects would remain subject to applicable discretionary approvals, development standards, and environmental review.

The California Environmental Quality Act ("CEQA") requires public agencies to evaluate the potential environmental effects of discretionary projects before approving or carrying out such projects, unless the activity is not a project or is otherwise exempt from

CEQA.

City staff reviewed the proposed Amended Agreement and determined that it is exempt from CEQA pursuant to CEQA Guidelines Sections 15301, Existing Facilities, and 15061(b)(3), Common Sense, because the Amended Agreement would allow continuation of an existing use and would not authorize any physical development or activity that could result in a significant effect on the environment.

On July 7, 2026, the Planning Commission held a duly noticed public hearing to consider the Agreement, the CEQA determination, staff recommendations, all public comments and testimony, and findings.

NOW, THEREFORE, BE IT RESOLVED, by the Planning Commission of the City of Livermore that prior to taking action on the Project, and at a properly noticed public meeting, the Planning Commission reviewed written and oral staff reports, conducted a public hearing on the Project, took testimony, and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The Planning Commission's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED, by the Planning Commission of the City of Livermore, that based on its independent review of the Record Evidence and considerations, it hereby recommends that the City Council finds that the Amended Agreement is exempt from CEQA pursuant to CEQA Guidelines Sections 15301 and 15061(b)(3). The Planning Commission makes the following findings:

1. Section 15301: The Amended Agreement qualifies for the Existing Facilities exemption under CEQA Guidelines Section 15301, which applies to the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The key consideration is whether the project involves negligible or no expansion of use. This Exemption shall not apply to any projects that meet any of the following Exceptions, as specified in CEQA Guidelines Section 15300.2:

    a. Cumulative Impact. All exemptions for these classes are inapplicable when the cumulative impact of successive projects of the same type in the same place, over time is significant.
    b. Significant Effect Due to Unusual Circumstances. A categorical exemption shall not be used for an activity where there is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.
    c. Scenic Highways. A categorical exemption shall not be used for a project which may result in damage to scenic resources, including but not limited to, trees, historic buildings, rock outcroppings, or similar resources, within a highway officially designated as a state scenic highway. This does not apply to improvements which are required as mitigation by an adopted negative declaration or certified EIR.

d. Hazardous Waste Sites. A categorical exemption shall not be used for a project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code.
e. Historical Resources. A categorical exemption shall not be used for a project which may cause a substantial adverse change in the significance of a historical resource.

Response: The Amended Agreement is limited to facilitating the continuation of existing operations and does not authorize expansion of facilities, new construction, or intensification of use. The Amended Agreement does not authorize any physical development, construction activity, or site disturbance on the property; rather, it establishes vested rights and procedural requirements for future discretionary approvals, including subsequent implementing entitlements, all of which will undergo their own CEQA review at the appropriate time. No unusual circumstances exist that would create a reasonable possibility of a significant environmental effect, and the administrative and procedural nature of the Amended Agreement ensures that no physical change to the environment will occur as a result of its approval. Because the Amended Agreement facilitates continuation of existing uses, the Class 1 Existing Facilities Exemption applies. Further, none of the Section 15300.2 Exceptions apply based on the following analysis:

- Section 153002(b) Cumulative Impact: This exception does not apply given the Amended Agreement would only facilitate the continuation of the existing use on the site and does not include authorization for site-specific designs or proposals to develop any new specific project.
- Section 153002(c) Significant Effect Due to Unusual Circumstances: This exception does not apply given the Amended Agreement would only facilitate the continuation of the existing use on the site and does not include authorization for site-specific designs or proposals to develop a specific project.
- Section 153002(d) Scenic Highways: According to the California Department of Transportation (Caltrans) California Scenic Highway Mapping System, the nearest eligible designated state scenic highway to the project site is a segment of Interstate-580, adjacent to the northern boundary of the site. This exception includes "damage to a scenic resource." Given the Amended Agreement would only allow for the continuation of the existing use on the site and would not allow site-specific designs or proposals to develop a specific project, it would not damage existing views provided from the highway.
- Section 153002(e) Hazardous Waste Sites: California Government Code Section 65962.5 requires the compiling of lists of hazardous materials sites. The required lists of hazardous material release sites are commonly referred to as the "Cortese List," named for the author of the legislation. In a review of the following environmental data resources regarding the facilities or sites identified as meeting the "Cortese List" requirements compiled by CalEPA, the site is not on the "Cortese List."
    - EnviroStor. Department of Toxic Substances Control-Hazardous

Waste and Substances Site List (Corteste)
  - GeoTracker. List of Leaking Underground Storage Tank Sites from the State Water Board's GeoTracker database
  - Water Board. List of solid waste disposal sites identified by Water Board with waste constituents above hazardous waste levels outside the waste management unit
  - List of Site Cleanup Program Sites on the Cortese List from the Water Boards
  - Hazardous waste facilities subject to corrective action pursuant to Section 25187.5 of the Health and Safety Code
- Section 153002(f) Historical Resources: This exception does not apply given the Amended Agreement would only allow for the continuation of the existing use on the site and would not result in the demolition or alteration of any historical resource.

2. Section 15061(b)(3): The Amended Agreement qualifies for the common sense exemption under CEQA Guidelines Section 15061(b)(3), which applies where an activity can be seen with certainty to have no possibility of causing a significant effect on the environment.

   Response: The Amended Agreement does not authorize any physical development, construction activity, or site disturbance on the property; rather, it establishes vested rights and procedural requirements for future discretionary approvals, including subsequent implementing entitlements, all of which will undergo their own CEQA review as necessary. No unusual circumstances exist that would create a reasonable possibility of a significant environmental effect, and the administrative and procedural nature of the Amended Agreement ensures that no physical change to the environment will occur as a result of its approval.

   Accordingly, the Amended Agreement qualifies for the common sense exemption under CEQA Guidelines Section 15061(b)(3) because there is no possibility that its approval will cause a significant effect on the environment.

BE IT FURTHER RESOLVED that the Livermore Planning Commission recommends that the City Council direct the Planning Manager to file a Notice of Exemption with the Alameda County Clerk if the Project is approved.

The documents that constitute the record of proceedings upon which this decision is based can be found in the Community Development Department, 1052 S. Livermore Avenue, in Livermore, California.

On the motion by Commissioner Horner, seconded by Commissioner Fintschenko, the foregoing Resolution was passed and adopted at the Planning Commission meeting of July 7, 2026, by the following vote:

AYES: ANDERSON, FINTSCHENKO, HORNER, KRONZAK, STEELE.
NOES: NONE.
ABSENT: NONE.

IN THE CITY COUNCIL OF THE CITY OF LIVERMORE, CALIFORNIA

AN ORDINANCE APPROVING THE FIRST AMENDMENT TO DEVELOPMENT AGREEMENT 08-002 WITH MCGRATH RENTCORP

(Development Agreement Amendment 26-002)

In 2021, the City Council directed City staff to begin preparing a comprehensive update to Livermore's 2003 General Plan. The updated General Plan is known as General Plan 2045.

General Plan 2045 identifies several Focus Areas where future land use changes are anticipated, including the Midtown Specific Plan Area ("Midtown"), which is envisioned as a future mixed-use area that balances housing, commercial, office, and industrial uses and would be implemented through a future specific plan following adoption of General Plan 2045.

McGrath RentCorp ("McGrath" or the "Property Owner") is the largest single property owner within Midtown. McGrath owns approximately 130 acres generally located between Southfront Road and Las Positas Road and operates a mobile modular commercial-industrial business on the property.

The 130-acre project site is made up of numerous parcels located at 5605 and 5327 Southfront Road and 5700, 5699 and 5698 Las Positas Road with the following APNs: 99-40-72, 99-40-73, 99-40-74, 99-40-75, 99-40-76, 99-40-77, 99-40-78, 99-40,79 and 99-40-80.

McGrath and the City are parties to Development Agreement 08-002, originally approved in 2008 ("Original Agreement"), which vested McGrath's commercial and industrial land use rights through 2029 in exchange for dedication of Bay Area Rapid Transit right-of-way. The Original Agreement did not approve a specific development project; instead, it vested the commercial and industrial land uses in effect at the time of adoption, with future development projects remaining subject to applicable permits, entitlements, and approvals.

From 2021 to 2022, City staff conducted outreach to property owners within Midtown, consistent with the City's standard practice when considering land use changes in a defined planning area.

Through those discussions, McGrath and the City did not reach agreement regarding inclusion of the McGrath property in Midtown, the appropriate future mix of uses and residential densities, or an approach that addressed both the City's long-term planning objectives and the Property Owner's interests. McGrath subsequently submitted written correspondence to the City Council expressing opposition to the Midtown plan.

On February 24, 2025, the City Council directed City staff to work with McGrath, seek a compromise, and return with a solution that would advance the goals of both parties.

Following that direction, City staff negotiated with McGrath regarding a proposed amendment to the Original Agreement. McGrath has agreed to the proposed terms of the First Amendment to Development Agreement 08-002 ("Amended Agreement" or "Project"). The Amended Agreement is attached as Exhibit B.

The proposed Amended Agreement would establish a framework for future planning and development of the McGrath property in relation to Midtown; allow McGrath's existing industrial use to continue; clarify that future development projects remain subject to applicable design review, entitlement, environmental review, and other regulatory requirements; secure McGrath's support for future residential planning on the property; require conveyance of the northern approximately 40 acres to a high-value commercial user, subject to City approval; extend the Development Agreement term through 2059; and adjust the Development Agreement boundary to remove the northern commercial parcel and add property under McGrath ownership south of Las Positas Road.

The proposed Amended Agreement is related to a proposed General Plan 2045 land use map change that would retain the southern approximately 90 acres of the McGrath property within Midtown and designate the northern approximately 40-acre parcel as Service Commercial to support the contemplated conveyance to a high-value commercial user and facilitate establishment of a commercial employment center adjacent to Midtown.

The City received an application from McGrath to amend Development Agreement 08-002 (DAA 26-002) in accordance with Livermore Development Code Chapter 9.04.

California Government Code Sections 65864 through 65869.5, as implemented by Livermore Development Code Chapter 9.04, authorize local agencies and private property owners to enter into development agreements to vest certain development rights and achieve local public purpose objectives.

On July 7, 2026, the Planning Commission held a duly noticed public hearing to consider the Amended Agreement, the CEQA determination, staff recommendations, all public comments and testimony, and findings, and adopted Planning Commission Resolution No. 18-26, attached hereto as Exhibit A, recommending the City Council approve the Amended Agreement. The Planning Commission additionally adopted Resolution No. 17-26 recommending the City Council find the Amended Agreement exempt from CEQA.

On July 27, 2026, the City Council held a duly noticed public hearing to consider the Amended Agreement, Planning Commission and staff recommendations, all public comments and testimony, and findings.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LIVERMORE DOES ORDAIN AS FOLLOWS:

Section 1. *Authority*. Pursuant to Government Code Section 65864 et seq., the City Council considers that certain document under City Application No. Development Agreement Amendment 26-002 and entitled "The First Amendment to Development Agreement 08-002 (DAA 26-002) with McGrath RentCorp" ("Amended Agreement"). The Amended Agreement is attached hereto as Exhibit B.

Section 2. *Record Evidence*. Prior to taking action on the Project, and at a properly noticed public hearing, the City Council of the City of Livermore reviewed written and oral staff reports, conducted a public hearing on the Project and took testimony; and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The City Council's determination is based on the Record Evidence, which is incorporated into this Ordinance by reference.

Section 3. *Environmental*. The City Council has adopted Resolution No. ___ finding that the Amended Agreement is exempt from the California Environmental Quality Act ("CEQA"), pursuant to CEQA Guidelines Sections 15301 and 15061(b)(3).

Section 4. *Findings*. The City Council has considered the findings made in Planning Commission Resolution No. 18-26, attached hereto as Exhibit A, and hereby adopts the same findings by this reference and incorporates them herein as their own.

Section 5. *Approval*. Based upon the City Council's own independent review of the Record Evidence and considerations, it hereby adopts this Ordinance approving the Amended Agreement, attached hereto as Exhibit B.

Section 6. *Signing Authority*. The City Manager is hereby authorized to sign the Amended Agreement on behalf of the City of Livermore.

Section 7. *Publication.* This Ordinance shall be published once in a newspaper of general circulation of the City of Livermore within fifteen days after its adoption.

Section 8. *Effective Date.* This Ordinance shall take effect 30 days after its adoption.

Section 9. *Recording.* The City Clerk is directed to record the Amended Agreement within 10 days after the effective date of the Amended Agreement.

Section 10. *Documents.* The documents that constitute the record of proceedings upon which this decision is based on can be found in the City Clerk's Office, 1052 S. Livermore Avenue, Livermore, California.

Section 11. *Severability.* If any part of this Ordinance is declared unconstitutional or invalid by a court, such unconstitutionality or invalidity shall not affect any remaining parts.

The foregoing Ordinance was introduced at the meeting of the City Council of the City of Livermore held on July 27, 2026, by the following vote:

IN THE PLANNING COMMISSION OF THE CITY OF LIVERMORE, CALIFORNIA

A RESOLUTION RECOMMENDING THAT THE CITY COUNCIL ADOPT AN ORDINANCE APPROVING THE FIRST AMENDMENT TO DEVELOPMENT AGREEMENT 08-002 (DAA 26-002) WITH MCGRATH RENTCORP

In 2021, the City Council directed City staff to begin preparing a comprehensive update to Livermore's 2003 General Plan. The updated General Plan is known as General Plan 2045.

General Plan 2045 identifies several Focus Areas where future land use changes are anticipated, including the Midtown Specific Plan Area ("Midtown"), which is envisioned as a future mixed-use area that balances housing, commercial, office, and industrial uses and would be implemented through a future specific plan following adoption of General Plan 2045.

McGrath RentCorp ("McGrath" or the "Property Owner") is the largest single property owner within Midtown. McGrath owns approximately 130 acres generally located between Southfront Road and Las Positas Road and operates a mobile modular commercial-industrial business on the property.

The 130-acre project site is made up of numerous parcels located at 5605 and 5327 Southfront Road and 5700, 5699 and 5698 Las Positas Road with the following APNs: 99-40-72, 99-40-73, 99-40-74, 99-40-75, 99-40-76, 99-40-77, 99-40-78, 99-40,79 and 99-40-80.

McGrath and the City are parties to Development Agreement 08-002, originally approved in 2008 ("Original Agreement"), which vested McGrath's commercial and industrial land use rights through 2029 in exchange for dedication of Bay Area Rapid Transit right-of-way. The Original Agreement did not approve a specific development project; instead, it vested the commercial and industrial land uses in effect at the time of adoption, with future development projects remaining subject to applicable permits, entitlements, and approvals.

From 2021 to 2022, City staff conducted outreach to property owners within Midtown, consistent with the City's standard practice when considering land use changes in a defined planning area.

Through those discussions, McGrath and the City did not reach agreement regarding inclusion of the McGrath property in Midtown, the appropriate future mix of uses and residential densities, or an approach that addressed both the City's long-term planning objectives and the Property Owner's interests. McGrath subsequently submitted written correspondence to the City Council expressing opposition to the Midtown plan.

On February 24, 2025, the City Council directed staff to work with McGrath, seek a compromise, and return with a solution that would advance the goals of both parties.

Following that direction, City staff negotiated with McGrath regarding a proposed amendment to the Original Agreement. McGrath has agreed to the proposed terms of the First Amendment to Development Agreement 08-002 ("Amended Agreement" or "Project") (DAA 26-002). The Amended Agreement is attached as Exhibit A.

The proposed Amended Agreement would establish a framework for future planning and development of the McGrath property in relation to Midtown; allow McGrath's existing industrial use to continue; clarify that future development projects remain subject to applicable design review, entitlement, environmental review, and other regulatory requirements; secure McGrath's support for future residential planning on the property; require conveyance of the northern approximately 40 acres to a high-value commercial user, subject to City approval; extend the Development Agreement term through 2059; and adjust the Development Agreement boundary to remove the northern commercial parcel and add property under McGrath ownership south of Las Positas Road.

The proposed Amended Agreement is related to a proposed General Plan 2045 land use map change that would retain the southern approximately 90 acres of the McGrath property within Midtown and designate the northern approximately 40-acre parcel as Service Commercial to support the contemplated conveyance to a high-value commercial user and facilitate establishment of a commercial employment center adjacent to Midtown.

The City received an application from McGrath to amend Development Agreement 08-002 (DAA 26-002) in accordance with Livermore Development Code Chapter 9.04.

California Government Code Sections 65864 through 65869.5, as implemented by Livermore Development Code Chapter 9.04, authorize local agencies and private property owners to enter into development agreements to vest certain development rights and achieve local public purpose objectives.

On July 7, 2026, the Planning Commission held a duly noticed public hearing to consider the proposed Amended Agreement, staff recommendations, public comments and testimony, and the findings required for the proposed action.

NOW, THEREFORE, BE IT RESOLVED by the Planning Commission of the City of Livermore that prior to taking action on the Project, and at a properly noticed public hearing, the Planning Commission reviewed written and oral staff reports, conducted a public hearing on the Project and took testimony, and received into the record all pertinent documents related to the Project (collectively, the "Record Evidence"). The Planning Commission's determination is based on the Record Evidence, which is incorporated into this Resolution by reference.

BE IT FURTHER RESOLVED that the Livermore Planning Commission has considered the Record Evidence and adopted a separate resolution recommending the City Council adopt a resolution finding the Project to be exempt from the California Environmental Quality Act (CEQA) under CEQA Guidelines Section 15301 Existing Facilities and 15061(b)(3) Common Sense.

BE IT FURTHER RESOLVED, with respect to the Amended Agreement, the Planning Commission finds based upon the information presented that:

1. The Amended Agreement provides benefit to the City.

Findings: The Amended Agreement provides substantial public benefits to the City by supporting implementation of General Plan 2045 and advancing the City's long-term planning objectives for the Midtown Specific Plan Area. The Amended Agreement secures McGrath RentCorp's support for future residential planning on the McGrath property, including potential Medium Density Residential (MDR) 4 (18-22 dwelling units per acre) and High Density Residential (HDR) 1 (23-30 dwelling units per acre) residential densities through a future Midtown Specific Plan or other zoning action. This support provides a viable path for future housing opportunities on the property and affords the City additional flexibility for Regional Housing Needs Allocation planning, including potential use of the site for Net Loss units in the Sixth RHNA Cycle or as a Housing Inventory site in the Seventh or Eighth RHNA Cycle.

The Amended Agreement also facilitates conveyance of the northern approximately 40 acres of the McGrath property to a high-value commercial user, subject to City approval. This provision supports economic development objectives by encouraging the establishment of a commercial employment center adjacent to the future Midtown Specific Plan Area. The prospective commercial use is expected to generate approximately $900,000 to $1 million in annual tax revenue and approximately 400 to 600 jobs, thereby supporting the City's fiscal health, employment base, and ability to fund public services. In addition, the Amended Agreement allows the City to move forward with mixed-use Midtown policies and land use designations in the General Plan 2045 while allowing McGrath's existing industrial use to continue in the near term.

2. The Amended Agreement is consistent with the purpose, intent, goals, policies, programs, and land use designations of the General Plan, any applicable Specific Plan, and the Development Code.

Findings: The Amended Agreement is consistent with the General Plan 2045 because it supports the formation of the Midtown Specific Plan Area as a future mixed-use district that balances housing, commercial, office, and industrial uses. Although the Amended Agreement does not approve a development project or apply new residential designations at this time, it establishes a framework for future planning and development of the McGrath property in relation to Midtown, secures Property Owner support for future residential planning, and facilitates commercial development that would contribute to the City's long-term economic and fiscal objectives.

The Amended Agreement implements and is consistent with General Plan 2045 Policy LU-15.1, which calls for creation of a Midtown mixed-use environment that balances housing, commercial, office, and industrial uses; Policy LU-15.5, which calls for job opportunities in Midtown through industrial and office uses; Policy ED-4.1, which supports a balanced mix of residential, commercial, and industrial development to maintain a sustainable tax base; Policy ED-5.1, which calls for land use designations that provide sufficient capacity for economic growth in Livermore; and Policy ED-5.2, which supports a land use mix that generates stable, long-term revenues to fund City services.

The Amended Agreement is also consistent with the related General Plan 2045 land

use map change. Under that change, the southern approximately 90 acres of the McGrath property would remain within the Midtown Specific Plan Area, while the northern approximately 40-acre parcel would be designated Service Commercial to support the contemplated conveyance to a high-value commercial user. The Amended Agreement does not conflict with any applicable specific plan because the Midtown Specific Plan has not yet been adopted. Future development proposals on the property would remain subject to applicable General Plan, specific plan, zoning, design review, entitlement, environmental review, and Development Code requirements.

3. The Amended Agreement complies with the requirements of Government Code Sections 65864 through 65869.5.

   Findings: The Amended Agreement complies with the applicable requirements of Government Code Sections 65864 through 65869.5 and Livermore Development Code Chapter 9.04, which authorize local agencies and private property owners to enter into development agreements to vest certain development rights and achieve local public purpose objectives. The Amended Agreement specifies the duration of the Agreement, the permitted uses of the property, applicable development density provisions, terms and timing for conveyance of the northern commercial property, subsequent approval requirements, and other terms required for development agreements under California law.

   Review and approval of the Amended Agreement have been conducted in accordance with applicable statutory and local requirements, including consideration by the Planning Commission at a duly noticed public hearing. If approved by the City Council, the Amended Agreement will be adopted by ordinance and recorded with the Alameda County Recorder in accordance with Government Code Sections 65864 through 65869.5 and Livermore Development Code Chapter 9.04. The Agreement will also remain subject to periodic review at least every 12 months to confirm good faith compliance with its terms, as required by Livermore Development Code Section 9.04.070.

BE IT FURTHER RESOLVED that the Livermore Planning Commission, based upon its own independent review of the Record Evidence and considerations, and based on the above findings which are necessary to protect the public health, safety, and general welfare, hereby recommends the City Council adopt an Ordinance approving the First Amendment to Development Agreement 08-002 (DAA 26-002) with McGrath RentCorp, attached hereto as Exhibit A.

BE IT FURTHER RESOLVED that the Livermore Planning Commission recommends the City Council direct the City Clerk to record with the Alameda County Recorder a copy of the Amended Agreement within 10 days of the City entering into the Agreement.

BE IT FURTHER RESOLVED that the Livermore Planning Commission recommends the City Council direct the Planning Manager to periodically review the terms of the Amended Agreement at least every 12 months per Development Code section 9.04.070, and ensure the Applicant or Successor is demonstrating good faith compliance with the terms of the

Amended Agreement.

The documents that constitute the record of proceedings upon which this decision is based can be found in the Community Development Department 1052 S. Livermore Avenue, in Livermore, California.

On the motion by Commissioner Horner, seconded by Commissioner Fintschenko, the foregoing Resolution was passed and adopted at the Planning Commission meeting of July 7, 2026, by the following vote:

AYES: ANDERSON, FINTSCHENKO, HORNER, KRONZAK, STEELE.
NOES: NONE.

FIRST AMENDMENT TO DEVELOPMENT AGREEMENT
(McGrath RentCorp)

This FIRST AMENDMENT TO DEVELOPMENT AGREEMENT (this "**First Amendment**"), dated as of _____, 2026 ("**First Amendment Reference Date**"), is entered into by and between the CITY OF LIVERMORE, a municipal corporation existing under the laws of the State of California (the "**City**"), and MCGRATH RENTCORP, a California corporation ("**Property Owner**" or "**McGrath**"), with reference to the following facts and circumstances:

RECITALS

This First Amendment is based on the following facts:

A. The City is authorized by California Government Code section 65864 et seq. ("**Development Agreement Statute**") and Livermore Development Code Chapter 9.04 to execute and amend Development Agreements in order to vest certain rights in the Developer, and to meet certain public purposes of the local government, as set forth in those laws.

B. The City and Property Owner are parties to that certain Development Agreement dated November 24, 2008, and recorded in the Official Records of Alameda County as Document No. 2009009356 on January 15, 2009 (the "**Original Development Agreement**"). The Livermore City Council approved the Original Development Agreement by Ordinance No. 1856 at a regular meeting of the City Council on December 8, 2008. All capitalized terms used but not defined herein shall have the meanings assigned to them in the Original Development Agreement.

C. Pursuant to the terms of the Original Development Agreement, the Property Owner is authorized to develop and use the Property, as defined in Recital B of the Original Development Agreement, consistent with the General Plan land use designations of High Intensity Industrial (HII) and Service Commercial (SC) and the Heavy Industrial (I-3) zoning district as they exist as of the

Effective Date of the Original Development Agreement and as shown on Exhibit B-1 and Exhibit B-2 of the Original Development Agreement.

D. The term of the Original Development Agreement is twenty (20) years from the effective date of the Original Development Agreement and will expire on January 9, 2029 ("**Original Term**"), unless extended. Pursuant to Section 3 of the Original Development Agreement, the term may be extended by mutual agreement of the City and Property Owner.

E. Since the adoption of the Original Development Agreement, Bay Area Rapid Transit ("**BART**") has declined to extend service to the City, necessitating changes to the planning assumptions underlying the Original Development Agreement and supporting the amendments set forth herein.

F. Property Owner is in active negotiations with a commercial user that would acquire and operate on the approximately 37-acre northernmost portion of the Property, located generally between the Preston Road alignment and Southfront Road, as generally shown on Exhibit 2 attached hereto and incorporated herein by this reference (the "**Commercial Area**"). The Parties acknowledge that occupation of the Commercial Area by such commercial user would render the area unusable by the Property Owner, necessitating the removal of the Commercial Area from the Property that is subject to the Original Development Agreement and this First Amendment. The Parties further acknowledge that the commercial user would generate substantial tax revenues, provide substantial local jobs, and create other public benefits for the City.

G. On July ____, 2026, the City Council certified the Livermore 2045 General Plan Environmental Impact Report and adopted the Livermore General Plan 2045. The City's 2045 General Plan land use designation for the Commercial Area is Commercial Service (CS) and the Commercial Area is zoned Commercial Service (CS), which authorizes commercial uses. The Parties acknowledge that the Commercial Area will not be included within the Property subject to the Original Development Agreement after this First Amendment is operative pursuant to Section 4 of this First Amendment, or within the Midtown Specific Plan Area as delineated in the 2045 General Plan Land Use Map. In light of the City's economic development, revenue, and employment objectives for the Commercial Area, Property Owner agrees that the City's approval of any proposed transferee of the Commercial Area shall be required as provided in this First Amendment.

H. Property Owner owns certain lands located south of Las Positas Road, identified with Assessor Parcel Numbers (APNs) 99-40-72 and 99-40-80, as shown on Exhibit 1 attached hereto and incorporated herein by this reference (the "**Southern Parcels**"). The Southern Parcels were not included within the Property subject to the Original Development Agreement. If the Commercial Area is conveyed to and occupied by a commercial user, Property Owner requires additional area to continue its existing operations and therefore desires to include the Southern Parcels within the Property subject to the Original Development Agreement, as amended by this First Amendment, to provide operational continuity.

I. The City's 2045 General Plan established the Midtown Specific Plan Area, which includes the Property and the Southern Parcels, and includes policies calling for the preparation of a future mixed-use specific plan for that area. The City desires the Property and the Southern Parcels to

transition over time to a mixed-use district that includes housing. Property Owner supports that future planning objective and acknowledges that the City desires for the Property to transition over time.

J. The City's 2045 General Plan further provides that existing land uses within the Midtown Specific Plan Area may continue as legal land uses unless such land use is no longer authorized pursuant to the City's adoption of the future Midtown Specific Plan. Notwithstanding the foregoing, the Parties acknowledge that the Property Owner is authorized to develop and use the Property and the Southern Parcels pursuant to the General Plan land use designation of High Intensity Industrial (HII) and the Heavy Industrial (I-3) zoning district as they exist as of the Effective Date of the Original Development Agreement pursuant to Property Owner's vested rights under the Original Development Agreement and this First Amendment.

K. By this First Amendment, the Parties desire to amend the Original Development Agreement to extend the term of the Original Development Agreement, modify the boundaries of the Property subject to the Original Development Agreement, facilitate continued operation of Property Owner's existing business, acknowledge the 2045 General Plan and Midtown Area planning objectives, and ensure that the Commercial Area is conveyed to and occupied by a high-value commercial user.

L. The City Council has found that this First Amendment is in the public interest and will provide substantial public benefits, including preserving existing jobs and tax revenues, supporting the 2045 General Plan and Midtown Area planning objectives, facilitating operational flexibility for Property Owner's existing business, and ensuring that the Commercial Area may be occupied by a high-value commercial or other City-approved user that would generate significant tax revenues and jobs for the City.

M. The City has considered whether the California Environmental Quality Act ("**CEQA**"), Public Resources Code §21000 *et seq*., applies to this First Amendment. Pursuant to CEQA and following review and consideration by the City's Planning Commission, the City Council determined that this First Amendment is exempt from the requirements of CEQA pursuant to CEQA Guidelines Sections 15061(b)(2) and (3) and 15301. On _____, the City Council of the City of Livermore held a duly noticed public hearing and adopted Ordinance No. ____, approving this First Amendment ("**Enacting Ordinance**"), in accordance with the Development Agreement Statute and the City's Development Agreement Procedures.

AGREEMENT

NOW THEREFORE, the Parties hereby agree that the aforementioned recitals are true and correct, and further agree to amend the Original Development Agreement as follows:

1. **Adjusted Property**. The definition of "Property" set forth in Recital B of the Original Development Agreement, and which is more specifically described in Exhibit A to the Original Development Agreement, is hereby amended and restated in its entirety to add the Southern Parcels and remove the Commercial Area from the defined Property under the Original Development Agreement, as follows:

The Property Owner is the owner of the approximately 96 acres of real property consisting of the property generally located south of Las Positas Road with APNs 99-40-72 and 99-40-80 and on portions of the property with APNs 99-40-73 and 99-40-74 extending from Las Positas Road northerly to a line extending across the site at the same general latitude as the existing Preston Avenue right-of-way, as generally shown in Exhibit 1. The Owner of the Property is McGrath RentCorp.

Exhibit A to the Original Development Agreement is hereby deleted and replaced by Exhibit 1 attached hereto. Prior to or following the completion of the Commercial Area Transfer (as defined in Section 4(a) of this First Amendment below), Property Owner will give notice to the City and the Parties shall execute and record an Amended and Restated First Amendment to Development Agreement ("**Amended and Restated First Amendment**") that includes an updated Property description that reflects the adjusted Property. This Amended and Restated First Amendment is intended only to capture the changes to the property description and APNs that shall occur due to subdivision of the Commercial Area, which is necessary to facilitate the Commercial Area Transfer. The City Manager shall have the authority to execute the Amended and Restated First Amendment on behalf of the City, provided that the Amended and Restated First Amendment is limited to that purpose described above and does not include material changes to the Original Development Agreement or this First Amendment.

2. **Extension of Term**. The City and Property Owner hereby agree to extend the Original Term of the Original Development Agreement by thirty (30) years from the date that would otherwise constitute the expiration of the Original Term (as extended, the "**Term**"). For the avoidance of doubt, the Term, as extended by this First Amendment, expires on January 9, 2059. All vested development rights, obligations, and other provisions of the Original Development Agreement that are coextensive with the Original Term shall continue in full force and effect for the Term.

3. **Property Owner Obligations**. Section 4 (Property Owner Obligations) of the Original Development Agreement is hereby amended and restated in its entirety as follows:

(a) Conveyance of Commercial Area.

(i) Required Conveyance. Property Owner shall convey fee title to the Commercial Area no later than January 15, 2027 (the "**Commercial Area Conveyance Deadline**") to a transferee approved by the City pursuant to Section 4(a)(ii). The Commercial Area Conveyance Deadline may be extended only by mutual agreement of the City and Property Owner, in increments of six (6) months, for a maximum aggregate extension of eighteen (18) months. No extension shall be effective unless approved in writing by the City Manager or the City Manager's designee on behalf of the City. In no event shall the Commercial Area Conveyance Deadline be extended beyond July 15, 2028, without further amendment of the Development Agreement. This Commercial Area Conveyance Deadline and any other timelines set forth in this First Amendment are subject to Section 12 (Excused Delay) of the Original Development Agreement.

(ii) City Approval of Transferee. The Property Owner shall not sell, transfer, or otherwise convey any fee interest in the Commercial Area unless the City has first approved the proposed transferee in writing. The transferee shall be a commercial user that the City determines has the ability to own, develop, occupy, or operate the Commercial Area in a manner consistent with the public benefits identified in this First Amendment. Property Owner shall provide the City with information reasonably requested to evaluate the proposed transferee for the Commercial Area, including its proposed use, business operations, and ability to provide the public benefits identified in this First Amendment. Approval shall be exercised by the City Manager or the City Manager's designee, who may approve, conditionally approve, or disapprove the proposed transferee in the City's reasonable discretion.

(b) Future Housing Support. Property Owner acknowledges that the City may prepare and consider adoption of a future Midtown Specific Plan or similar planning document applicable to all or a portion of the Property. During the Term, Property Owner agrees that it shall not oppose, object to, protest, or otherwise challenge the inclusion of the Property in such planning effort, or the future designation, zoning, or regulation of the Property for residential or mixed-use residential development at densities consistent with High Density Residential / Residential Category 1 (23-30 dwelling units per acre) ("**HDR**-1") and Medium Density Residential / Residential Category 4 (18-22 dwelling units per acre) ("**MDR-4**"), or their functional equivalents, as part of such future Midtown Specific Plan. Property Owner's obligations under this subsection shall not extend to City action that conflicts with, impairs, diminishes, or is otherwise inconsistent with Property Owner's rights under the Original Development Agreement and this First Amendment or adversely impacts Property Owner's ability to use, operate, develop, improve, or maintain the Property in accordance with its vested rights under the Original Development Agreement and this First Amendment.

Nothing in this Section obligates the City to prepare, process, approve, or adopt any specific plan, general plan amendment, zoning amendment, land use designation, residential density, development standard, environmental document, or other legislative or discretionary approval. The City retains full legislative and regulatory discretion with respect to any future Midtown Specific Plan and any associated environmental review, land use approvals, development standards, densities, conditions, mitigation measures, alternatives, or findings required by applicable law; provided however, that nothing in this Section shall be construed to limit, waive, or modify any of Property Owner's rights or the City's obligations under the Original Development Agreement and this First Amendment.

(c) Subsequent Approvals. If the Property Owner, or any successor or assign, elects to develop or redevelop the Property, the Property Owner, or any successor or assign, shall be required to comply with, and obtain, all necessary permits, entitlements, and approvals through the City's standard processes, consistent with the Livermore Development Code, the California Environmental Quality Act, the Subdivision Map Act, and other applicable laws. The City shall process any such applications in accordance with applicable law and subject to the Property Owner's vested rights under the Original Development Agreement, as amended by this First Amendment.

4. **First Amendment Operative Date**.

(a) First Amendment Operative Date. Notwithstanding anything to the contrary in this First Amendment, this First Amendment is conditioned upon, and shall only become operative on the date that the Property Owner completes the sale and conveyance of fee title to the Commercial Area to a City-approved transferee, as evidenced by recordation of the applicable conveyance instrument in the Official Records of Alameda County (the "**Commercial Area Transfer**"). The date of such recordation shall be the "**First Amendment Operative Date.**"

(b) Existing Agreement Continuity. Until the First Amendment Operative Date occurs, the Original Development Agreement shall remain in full force and effect in accordance with its existing terms, without giving effect to this First Amendment. If the Commercial Area Transfer is not completed on or before the Commercial Area Conveyance Deadline, causing this First Amendment to be null and void, the Original Development Agreement shall remain in full force and effect, without giving effect to this First Amendment, until its expiration in accordance with its existing terms.

5. Preston Road Improvements. The Property Owner shall have no obligation or responsibility to design, construct, fund, or otherwise undertake any improvements to the proposed Preston Road connection. The obligation to construct improvements related to the proposed Preston Road connection shall arise only in the event that the Property is developed for residential uses.

6. **Notices**. The address of each party set forth under Section 11 of the Original Development Agreement for the purpose of all notices permitted or required under the Original Development Agreement is amended as follows:

To City:	City of Livermore 1052 South Livermore Avenue Livermore, CA 94550 Attn: Community Development Director & City Engineer (925) 960-4500 (925) 960-4459 – Fax
With a copy to:	City Attorney City of Livermore 1052 South Livermore Avenue Livermore, CA 94550 (925) 960-4150 (925) 960-4180 – Fax
To Property Owner:	McGrath RentCorp 5700 Las Positas Road Livermore, CA 94551 Attn: Mike Bray Mike.bray@mgrc.com
With a copy to:	Ashurst Perkins Coie

505 Howard Street, Suite 1000
San Francisco, CA 94109
Attn: Michelle Chan
mwchan@perkinscoie.com

7. **Miscellaneous**

(a) Incorporation. This First Amendment constitutes a part of the Original Development Agreement as amended by this First Amendment and any reference to the Development Agreement shall be deemed to include a reference to the Original Development Agreement as amended by this First Amendment.

(b) Ratification. To the extent of any inconsistency between this First Amendment and the Original Development Agreement, the provisions contained in this First Amendment shall control. As amended by this First Amendment, all terms, covenants, conditions, and provisions of the Original Development Agreement shall remain in full force and effect.

(c) Successors and Assigns. This First Amendment shall be binding upon and inure to the benefit of the respective successors and assigns of the City and Property Owner, subject to the limitations set forth in the Original Development Agreement.

(d) Counterparts. This First Amendment may be executed in any number of counterparts, each of which shall be an original and all of which together shall constitute one and the same document, binding on all parties hereto notwithstanding that each of the parties hereto may have signed different counterparts. Delivery of this First Amendment may be effectuated by hand delivery, mail, overnight courier, or electronic communication (including by PDF sent by electronic mail, facsimile, or similar means of electronic communication). Any electronic signatures shall have the same legal effect as manual signatures.

(e) Governing Law; Venue. This First Amendment shall be governed by and construed in accordance with the laws of the State of California. The parties hereto agree that all actions or proceedings arising directly or indirectly under this First Amendment shall be litigated in courts located within the County of Alameda, State of California.

(f) Integration. This First Amendment contains the entire agreement between the parties hereto with respect to the subject matter of this First Amendment. Any prior correspondence, memoranda, agreements, warranties or representations relating to such subject matter are superseded in total by this First Amendment. No prior drafts of this First Amendment or changes from those drafts to the executed version of this First Amendment shall be introduced as evidence in any litigation or other dispute resolution proceeding by either party hereto or any other person, and no court or other body shall consider those drafts in interpreting this First Amendment.

(g) Further Assurances. The City Manager and Property Owner shall execute and deliver all documents, amendments, agreements, and instruments reasonably necessary or reasonably required in furtherance of this First Amendment

(h) Authority and Enforceability. Property Owner and the City each represents and warrants to the other that the execution and delivery of this First Amendment, and the performance of its obligations hereunder, have been duly authorized by all necessary action, and will not conflict with, result in any violation of, or constitute a default under, any provision of any agreement or other instrument binding upon or applicable to it, or any present law or governmental regulation or court decree.

(i) Legal Action; Attorneys' Fees. If the City chooses to defend any third party claim or suit challenging the City's approval of this First Amendment or any subsequent City approval of the development of the Project, including the environmental review process in connection with this First Amendment or any such subsequent approval for development of the Property, the Property Owner agrees to reimburse the City for the City's reasonable attorneys' fees, expert witness fess, and related costs as the City may incur in connection with its retention of outside counsel, and for any award of court costs or fees against the City. The City shall promptly notify the Property Owner of any claim or suit within the scope of this Section. The City has the right to choose and retain such legal counsel as the City deems appropriate. After expenses reach One Hundred Thousand Dollars ($100,000), and each One Hundred Thousand Dollars ($100,000) thereafter, the Parties will confer to review the status of litigation and their options for proceeding or settling, and they will negotiate in good faith about how expenses will be allocated. The Property Owner shall have no obligation to reimburse the City for costs incurred after the date on which the Property Owner gives the City written notice of their decision to settle a case, even if the City does not agree to the settlement. Any settlement of a claim or suit pursuant to this Section is subject to the reasonable approval of the City and Property Owner. If legal action is brought by one of the Parties to enforce a provision of this Agreement, the prevailing party is entitled to reasonable attorneys' fees, expert witness fess, and court costs.

(j) Effective Date. This First Amendment shall become effective on the latest to occur of (the "**First Amendment Effective Date**"): (w) the date that it is duly executed and delivered by the parties hereto; and (z) the effective date of an ordinance approving this First Amendment adopted by the Livermore City Council. For the avoidance of doubt, execution and delivery of this First Amendment and the effectiveness of the approving ordinance are required but shall not, by themselves, cause this First Amendment to become operative pursuant to Section 4 unless and until the Commercial Area Transfer has been completed.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the City and Property Owner have each caused this First Amendment to be duly executed on its behalf.

CITY COUNCIL STAFF REPORT **ITEM NO. 12.1**

DATE: July 27, 2026

TO: Honorable Mayor and City Council

FROM: Marianna A. Burch, City Manager

SUBJECT: Supplemental materials received prior to the meeting.

RECOMMENDED ACTION

SUMMARY

These materials were posted online and made available to the public at the same time that they were distributed to the City Council.

3.1	Recognition of General Plan Advisory Committee Members for their dedication and contributions to the 2045 General Plan Update. Material: PowerPoint Presentation
5.0	Open Forum Material: Public Comment
6.4	Resolution authorizing execution of an Easement Purchase Agreement with Adventus, acceptance of an Emergency Vehicle Access Easement from LD-Fund III Livermore Land, LLC, approval of related development agreement amendments, and related escrow transactions associated with the Springtown Trunkline Replacement Project WW201414 and Las Colinas Trail Project TB201945. Material: Public Comment
6.5	Resolution adding the Pavement Maintenance Management Plan Project AR202718, Perimeter Fencing and Security Upgrades Project AR202719, and Airport Layout Plan and Technical Studies Project AR202720 to the 2025–2030 Capital Improvement Plan and authorizing appropriations of Airport Fund 600 and Federal and State Grants to fund these projects. Material: Public Comment

7.1	Hearing to place delinquent sewer accounts on the Property Tax Roll. Materials: Memo, Revised Exhibit A, PowerPoint Presentation
7.2	Hearing to adopt FY 2026-27 Sewer Service and Use Charges Report and authorize Residential Charges to be collected in the same manner, by the same persons, and at the same time as, together with and not separately from, the City's General Taxes. Material: PowerPoint Presentation
7.3	Hearing to consider resolutions to certify the General Plan Environmental Impact Report and approve Livermore General Plan 2045 establishing a long-term vision, goals, policies, implementation actions and land use designations to guide future decision-making related to growth, development, and resource conservation through 2045, and introduce an ordinance and waive the first reading to adopt conforming Zoning Map Amendments ensuring consistency with the General Plan Land Use Map. Materials: PowerPoint Presentation and Public Comment
7.4	Hearing to introduce an ordinance and waive the first reading authorizing Development Agreement 24-004 to establish a framework and secure vested rights for a future residential project on approximately 50 developable acres within a 122-acre property at 3658 Las Colinas Road (Assessor Parcel Number 902-8-1). The Development Agreement does not propose or authorize a specific development project or physical development, and future implementation actions would be subject to subsequent approvals. Materials: PowerPoint Presentation and Public Comment
7.5	Hearing to introduce an ordinance and waive the first reading authorizing the first amendment to Development Agreement 08-002 ("Agreement") with McGrath RentCorp (DAA 26-002). The Agreement term would be extended 30 years to 2059, the Agreement boundary would be adjusted, and the Property Owner Obligations would be modified to: 1) effectuate a commercial land transfer to a high-value commercial user; and 2) secure support for 2045 General Plan and Midtown Area planning objectives. Material: PowerPoint Presentation
10.0	Council Committee Reports and Matters Initiated by City Manager, City Attorney, Staff, and Council Members. Material: Council Reports

Dear Livermore City Council:

We are thrilled to announce the Elephants are coming to the Tri-Valley in October. We appreciate the support from the City of Livermore and look forward to showcasing your bountiful city.

The Great Elephant Migration is a public art exhibition of life-size Indian elephants, a global fundraising adventure to amplify Indigenous knowledge and inspire the human race to share space. Each elephant is modeled on a real animal in southern India's Nilgiri Hills. Around 200 Indigenous artisans of the Coexistence Collective built them by hand from lantana camara, an invasive weed that crowds elephants out of the forests they depend on.

In collaboration with Livermore Valley Arts and Three Thirty-Three Arts, we appreciate the City Council's expertise in **amplifying awareness** and **encouraging community participation** through business sponsorships and community donations within Livermore and the neighboring Tri-Valley communities.

- **The Great Elephant Migration** arrives in downtown Livermore with proposed dates of **October 10–December 6, 2026** as the **only West Coast stop**, featuring 30 life-size elephant sculptures handcrafted by Indigenous artisans in South India. The exhibit is expected to draw visitors from across California, creating tourism and economic benefits that extend well beyond Livermore.
- **Livermore and neighboring Tri-valley communities will benefit** as visitors explore the broader Bay Area—staying in hotels, dining, shopping, and visiting nearby attractions before and after experiencing the exhibit. Previous U.S. installations have generated millions of visitor interactions while increasing downtown foot traffic by 52% and retail sales by 20%.
- **We invite the Livermore City Council to help make this a regional success** by sharing the exhibit with your community, exploring sponsorship opportunities, and partnering on cross-cultural promotional efforts that showcase Livermore and the Bay Area as a destination for arts, culture, and conservation. Learn more at **www.333arts.org/gem.**

Thank you for your time and feel free to reach out anytime with questions. The impact deck and sponsorship information is attached for your review.

Intro Deck

IMPACTS

Every elephant displayed in Livermore creates lasting impact for India's people, forests and wildlife.

The Great Elephant Migration is more than a public art exhibition, it is a circular conservation model that transforms an invasive weed into opportunity. Every elephant is handcrafted in South India by Indigenous artisans, creating sustainable livelihoods, restoring forests and funding conservation.

Creating India's Largest Sustainable Indigenous Enterprise

For thousands of years, Indigenous communities have been the guardians of nature. Although they make up just 6% of the world's population, Indigenous peoples protect around 80% of the planet's remaining biodiversity.

The Great Elephant Migration celebrates this extraordinary stewardship by showcasing the artistry and craftsmanship of India's Indigenous communities on the world stage.

Today, the project provides meaningful employment, financial stability, status and pride to members of the Soligas, Bettakurumbas, Kattunayakan and Paniyas tribes, communities that have lived alongside wild elephants for generations.

Impact to date:

- Over $1.5 million collectively earned through the creation of sculptures for exhibitions in USA
- Employment created for 300+ Indigenous artisans, with workshops operating across 15+ villages.
- Long-term ambition to create up to 1,000 Indigenous jobs by 2030, building India's largest sustainable Indigenous enterprise.

Restoring India's Forests

Every elephant is woven from Lantana camara, one of the world's most destructive invasive plant species.

Lantana has invaded an estimated 300,000 km² of India's Protected Areas, reducing habitat for elephants, tigers and countless other native species. By harvesting lantana and transforming it into art, the project removes this invasive weed while creating income for local communities.

Impact to date:

- 200+ hectares of lantana-infested forest restored since 2024.
- Native vegetation and wildlife habitat are being reclaimed across South India's protected landscapes.

Climate Action

The project also supports a large-scale biochar initiative.

Harvested lantana is converted into biochar, permanently storing carbon while improving soil health.

Goals include:

- Sequestering 50,000 tons of carbon by 2030.
- Creating up to 1,000 green jobs across India's protected landscapes.
- By the end of 2025, an estimated 2,625 tons of carbon will have been sequestered—far exceeding the carbon footprint of creating and transporting the exhibition.

Supporting Conservation

The impact extends well beyond the exhibition itself.

Sales of the sculptures generate funding for human-wildlife coexistence projects in India and around the world.

- More than $1 million in grants has already been distributed to conservation partners.
- Each elephant is paired with a conservation organization working to help people and wildlife thrive together.

The Great Elephant Migration - Livermore, CA

SPONSORSHIP LEVELS & BENEFITS

Presenting - $50,000

- Recognition as Presenting Sponsor in all communications, signage, and promotional materials
- Recognition in the exhibit press release
- Option to receive an elephant for temporary public display at your business location during the exhibition (conditions apply)
- Livermore Valley Arts Annual Membership - Impresario
- 2026 Livermore ArtWalk - Table & booth
- Name displayed with an elephant at the exhibit
- 6 tickets to any Bankhead Presents show
- 6 tickets to the exhibit's VIP Reception
- Recognition in exhibit materials, the Livermore exhibit webpage, and social media

Champion - $25,000

- Recognition in the exhibit press release
- Livermore Valley Arts Annual Membership - Virtuoso
- 2026 Livermore ArtWalk - Table
- Name displayed with an elephant
- 4 tickets to any Bankhead Presents show
- 4 tickets to the exhibit's VIP Reception
- Recognition in exhibit materials, the Livermore exhibit webpage, and social media

Partner - $10,000

- Livermore Valley Arts Annual Membership - Maestro
- 2026 Livermore ArtWalk - Table or booth
- Name displayed with an elephant at the exhibit
- 2 tickets to any Bankhead Presents show
- 2 tickets to the exhibit's VIP Reception
- Recognition in exhibit materials, the Livermore exhibit webpage, and social media

Patron - $5,000

- Livermore Valley Arts Annual Membership - Artiste
- 2026 Livermore ArtWalk - Collateral at LVA booth
- Name displayed with an elephant at the exhibit
- 2 tickets to the exhibit's VIP Reception
- Recognition in exhibit materials, Livermore exhibit webpage, and social media

The Livermore Great Elephant Migration Exhibit is facilitated by Livermore Valley Arts and Three Thirty-Three Arts, in collaboration with Elephant Family USA.

All contributions to Livermore Valley Performing Arts Center, a 501(c)(3) organization, are tax deductible to the extent allowed by law. Sponsorship of The Livermore Great Elephant Migration exhibit will fund exhibition costs and associated programming. Funds raised beyond exhibition expenses will support future public art programming.

BLOW
HORN
THE GREAT ELEPHANT MIGRATION

"The Great Elephant Migration is more than an art installation, it's a powerful sign of unity, connecting us to the stories of wildlife and reminding us of our joint responsibility to protect our planet and wildlife. We're proud to host this meaningful exhibition that illuminates our city's values of environmental stewardship, cultural appreciation, and community connection. It will bring wonder, awareness, and a sense of meaning to our city."

Sharona Nazarian, Mayor, Beverly Hills

THE GREAT ELEPHANT MIGRATION

The Great Elephant Migration is a large-scale environmentally positive art exhibition featuring a herd of life-size elephants, undertaking a global journey to amplify Indigenous knowledge and inspire the human race, to share space.

In 2024 and 2025, the 100-strong herd migrated across the US with installations in Newport, Rhode Island; Meatpacking District, NYC; Miami Beach, Art Basel; Houston, Texas; Jackson Hole, Wyoming; and Beverly Hills, CA.

Their journey is raising millions to support human-wildlife coexistence projects and protect migratory animals making spectacular journeys across land, rivers, skies and oceans

THE MISSION

ART AS A CATALYST FOR COEXISTENCE

The Migration is a platform dedicated to:

- **Preserving Coexistence** – *Indigenous-led enterprise and circular systems.*

Our partnership with The Real Elephant Collective is an enterprise model that ties livelihoods, culture and ecological restoration together – from elephant-making workshops to large-scale lantana removal and, in time, biochar and carbon sequestration.

- **Promoting Coexistence** –*Animistic worldview – reconnecting people to a living world.*

Drawing on Indigenous traditions that see rivers, forests, animals and even the wind as relatives, not resources. The Great Elephant Migration is a reminder that other beings have agency, personality and wisdom. Humans are part of, not apart from, nature.

- **Powering Coexistence** – *Story-powered coexistence impact.*

The Migration raises significant funds for coexistence projects around the world – supporting successful programs that allow people to live alongside lions, bears, buffalo, jaguars, tigers and more. But the deeper impact is narrative: making coexistence emotionally understandable and aspirational to millions of people who encounter the elephants in cities, in the media and online.

Created in partnership with local communities and global voices, the exhibition transforms city streets, parks and public spaces into powerful spaces for dialogue, empathy and action. It inspires connection between urban audiences and the wildlife with which we share our planet.

PROMOTING COEXISTENCE

HIGHLIGHTS FROM THE U.S. MIGRATION

From Newport to NYC, Miami, Houston and Beverly Hills, the herd has attracted millions of visitors from far and wide, driving record-breaking footfall, boosting tourism, uplifting local businesses and inspiring meaningful public engagement at every stop.

IMPACTS:

- **4 million** people engaged at street level
- Average **footfall increased by 52%** in exhibition locations during elephant exhibition period
- **20% uplift in sales** for surrounding businesses.
- **Weekly school and youth group** visits to the herd
- **250+ students** participated in online classrooms in partnership with Think Elephants International

PROMOTING COEXISTENCE

PUBLICITY & CULTURAL REACH

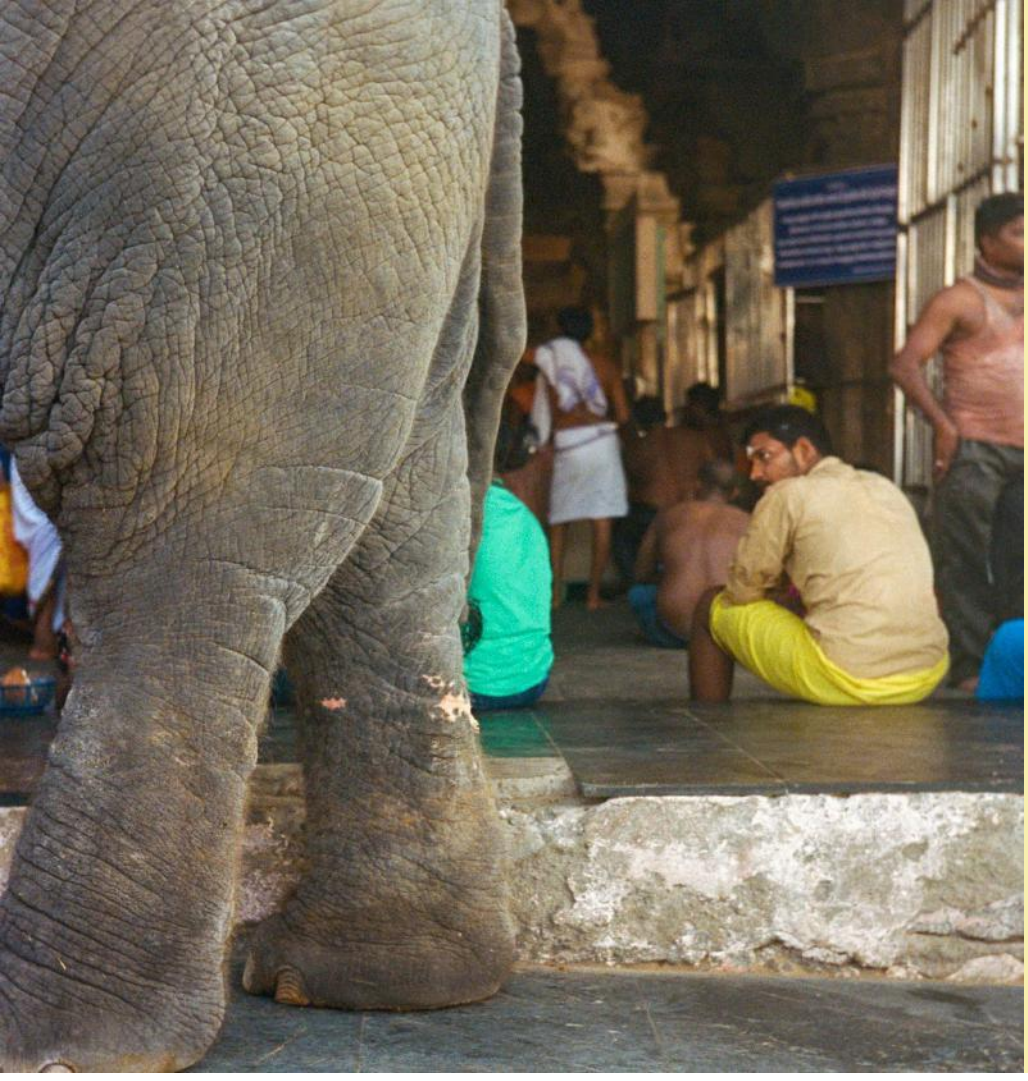

Since launching in July 2024, The Great Elephant Migration has garnered over 700 features across broadcast, print and online media.

Media reach to date: **7 billion+**

HIGHLIGHTS:

- **2 x New York Times** front pages
- Broadcast coverage on major **national news networks**:
  - CNN
  - ABC7
  - MSNBC
- Full feature stories in **high-profile publications** including:
  - Forbes
  - Vogue US
- Featured on Kelly Clarkson Show

POWERING COEXISTENCE

The Great Elephant Migration supports remarkable people around the world who have found ways to live alongside lions, leopards, elephants, and some of the planet's most challenging animals, in their back yards.

Each elephant is paired with a different conservation NGO from across many different geographies and species. (Insert amount given in grants in 2024/25)

The exhibit also encourages conservation groups to incorporate Indigenous knowledge and evolve to be Indigenous led.

THE GREAT ELEPHANT MIGRATION REACHES LIVERMORE, CA

Its only stop on the West Coast in 2026

30 elephants from the spectacular *Great Elephant Migration* exhibit will arrive in Downtown Livermore this Fall!

WHEN:

October through November 2026

WHERE:

Downtown Livermore

LIVERMORE EXHIBIT ORGANIZERS

Local Edition Creative is a strategic arts agency with a focus on public art consulting, program development & management, and engaging experiences. Their team is passionate about developing projects that engage audiences in inspiring and insightful ways - utilizing the power of art to build bridges and understanding.

Livermore Valley Arts is an independent 501(c)(3), non-profit organization that operates two spaces: the Bankhead Theater and the Bothwell Arts Center. The Mission of Livermore Valley Arts is to offer a broad range of arts opportunities and experiences to engage, enrich, and inspire our diverse community.

Three Thirty-Three Arts is a San Francisco Bay Area 501(c)(3) non-profit affiliated with Local Edition Creative that specializes in community murals, public art education, participatory arts programming, and arts advocacy. The mission of Three Thirty-Three Arts is to brighten communities through creative collaborations and inclusive arts experiences.

SUPPORTERS OF THE EXHIBIT

(and the herd is quickly growing!)

"SO EXCITING!"

"This will be fun to see in Downtown"

"This will be HUGE!"

"Please let me know how we can support this event"

"OMG!!! This is so cool!"

"I would love to visit with our Fall interns"

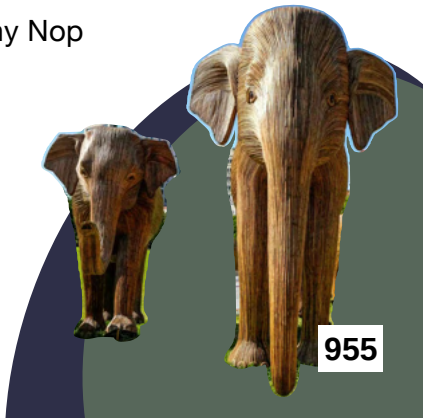

EXHIBIT DISPLAY AREAS*

Bankhead Plaza

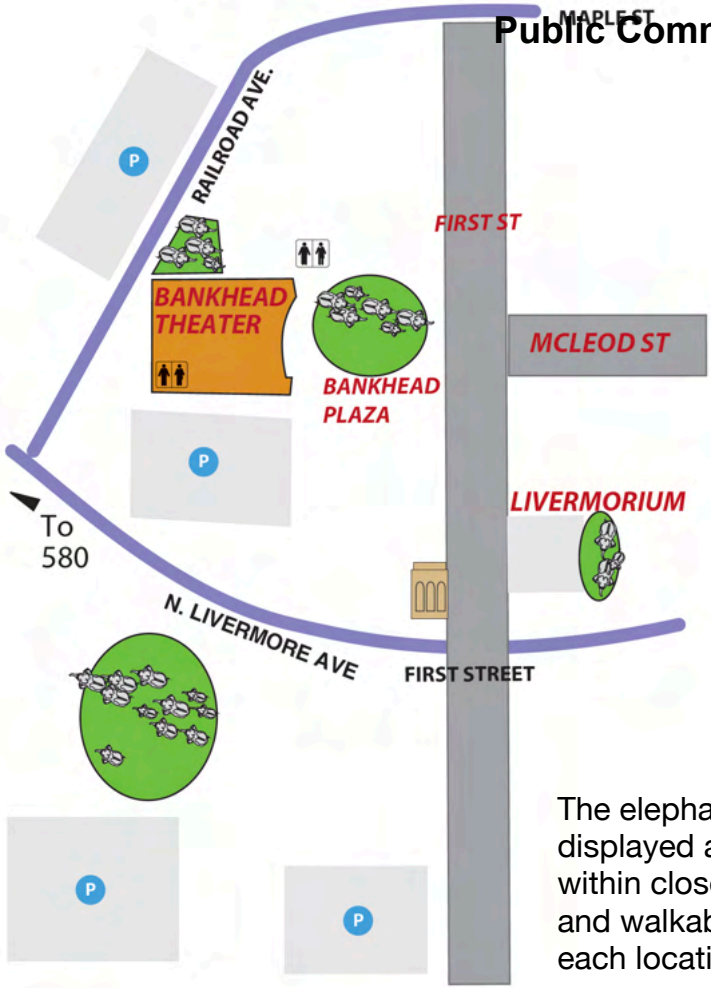

Corner of the Bankhead Theater @ Railroad Ave.

Stockmen's Park

Livermorium

* Exhibit display areas within Downtown Livermore are coordinated with and approved by the City of Livermore and may be subject to change

The elephants will be displayed across 4 areas, within close proximity and walkable distance of each location

WHY THIS PUBLIC ART EXHIBIT?

"OMG!!! This is so cool!! I was in Beverly Hills last year as a drive by in the area and it was spectacular just what I saw from the car. This will be HUGE!!" - Michelle Henry, District Director AD 16

- Introduces Livermore, CA to the exhibit's high-profile national and global following
- Strong potential to draw tourism across the entire Bay Area and beyond
- Creates a meaningful and highly memorable economic impact for the community
- Engagement opportunity with local schools and youth for educational field trips
- Showcases conservation efforts around the world and the importance of storytelling through public art
- The exhibit will be free and accessible to all!

Thank You for your Support!

Dear Mayor Marchand and Members of the Livermore City Council,

The Housing Action Coalition (HAC) is a member-supported nonprofit that advocates for creating more housing for residents of all income levels to help alleviate California's housing shortage, displacement, and affordability crisis.

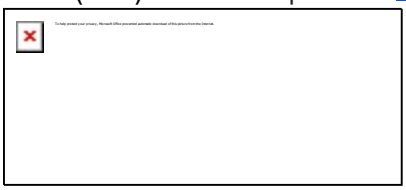

On behalf of HAC, please find our attached letter of support for the Development Agreement 24-004 concerning the property at 3658 Las Colinas Road. Please reach out if you have any questions regarding our letter or the project.

Thank you for your work and consideration in bringing more homes to Livermore for its residents and communities.

Livermore City Council
City of Livermore
1052 South Livermore Avenue
Livermore, CA 94550

Dear Mayor Marchand and Members of the Council,

The **Housing Action Coalition (HAC)** writes in support of Development Agreement 24-004 for the property at 3658 Las Colinas Road, brought forward by Adventus. This project has not yet gone through HAC's formal Project Review Committee process for a full endorsement, but given Adventus' support for HAC's mission of building more homes at all income levels, we wanted to convey our support for the Agreement now, based on its merits.

The Agreement is consistent with the site's General Plan 2045 designations and would allow **605-900 homes** on roughly 50 of the property's 122 acres, at densities of 8 to 30 units per acre, while permanently preserving the rest of the site - including its hillside and creek corridor areas - as protected open space. It is a well-calibrated way to bring meaningful housing production to land that has sat undeveloped since a previously entitled high school project fell through.

The project will also comply with Livermore's Inclusionary Housing Ordinance, with flexibility to **deliver affordable units on-site, through in-lieu fees, land dedication, or another approved alternative**. While the site sits outside the City's current Housing Element Sites Inventory, it will still add meaningfully to Livermore's housing supply and help the City meet its regional housing needs.

The Agreement further secures a strong community benefits package: a $6 million contribution to the City's Community Benefit Fund, a new roadway connection between Las Colinas Road and Redwood Road, new trail extensions, and a roughly 3-acre public park.

We were glad to see the Planning Commission recommend approval of DA 24-004 on July 7, and we urge the Council to do the same.

Sincerely,

Corey Smith, *Executive Director*
Housing Action Coalition (HAC)

Brianna Morales, *Political Organizing & Programs Manager*
Housing Action Coalition (HAC)

Subject: Public Comment: Agenda Item 6.5: Pavement Maintenance Management Plan Project AR202718, Perimeter Fencing and Security Upgrades Project AR202719, and Airport Layout Plan and Technical Studies Project AR202720 - Agenda for City Council on Monday, July 2...

Exercise Caution: This message is from outside the City email system. Do not open links or attachments from untrusted sources.

PUBLIC COMMENT — LIVERMORE CITY COUNCIL
Agenda Item 6.5 — Airport Layout Plan and Technical Studies Project AR202720 Must Precede and Control Further Airport Innovation Center Work
Meeting Date: July 27, 2026
Agenda Item: 6.5

Subject: Airport Layout Plan and Technical Studies Must Precede Further Airport Innovation Center Design, Tenanting, Expansion, Utility, Advanced Air Mobility, or Construction-Support Assumptions

Submitted by: Brian C. Swanson, AICP

Requested Record Treatment: Please distribute this written comment to the City Council, include it in the supplemental packet or equivalent public-comment record, post it with or adjacent to Agenda Item 6.5, preserve it as part of the public record, and confirm receipt.

Mayor Marchand and Councilmembers:

Thank you for the opportunity to submit written public comment on **Agenda Item 6.5**, which concerns adding the **Pavement Maintenance Management Plan Project AR202718**, **Perimeter Fencing and Security Upgrades Project AR202719**, and **Airport Layout Plan and Technical Studies Project AR202720** to the City's **2025–2030 Capital Improvement Plan (CIP)** and authorizing appropriations from **Airport Fund 600** and federal and state grants.

I support adding these airport-core projects to the CIP. But the most important point is this:

The Airport Layout Plan and Technical Studies Project AR202720 must come first.

The **Airport Layout Plan (ALP)** and Technical Studies should precede, inform, and constrain every further substantive step under the previously approved **Airport Innovation Center Project AR202628** design contract. The City should not allow the Airport Innovation Center to proceed ahead of the very ALP, aviation forecasts, airfield and landside facility analysis, Airport Geographic Information System obstruction survey, Electric Master Utility Plan, environmental baseline studies, PFAS review, safety review, airspace review, and Federal Aviation Administration coordination needed to determine whether the Airport Innovation Center is airport-compatible at all.

For clarity, this comment uses the following acronyms: **LVK** means Livermore Municipal Airport; **FAA** means Federal Aviation Administration; **ACIP** means Airport Capital Improvement Program; **CIP** means Capital Improvement Plan; **ALP** means Airport Layout Plan; **PMMP** means Pavement Maintenance Management Plan; **PCI** means Pavement Condition Index; **AGIS** means Airport Geographic Information System; **EMUP** means Electric Master Utility Plan; **AAM** means Advanced Air Mobility; **eVTOL** means electric vertical takeoff and landing aircraft; **PFAS** means per- and polyfluoroalkyl substances; **AFFF** means aqueous film-forming foam; **PFOA** means perfluorooctanoic acid; **PFOS** means perfluorooctanesulfonic acid; **PFHxS** means perfluorohexanesulfonic acid; **PFNA** means perfluorononanoic acid; **ESL** means Environmental Screening Level; **MCL** means Maximum Contaminant Level; **EPA** means U.S. Environmental Protection Agency; **CEQA** means California Environmental Quality Act; **CAL FIRE** means California Department of Forestry and Fire Protection; and **FBO** means fixed-base operator.

I. Public Comment Procedures, Written Comment Submission, and eComment Limits

This comment is submitted for the July 27, 2026 City Council meeting. The City's current City Council participation page states that, starting with the July 13, 2026 City Council meeting, meetings are hybrid, with access in person and through Zoom, YouTube, and TV29. It further states that written comments may be emailed to the City Clerk's Office at **CityClerk@LivermoreCA.gov**; comments received by **12:00 p.m. on the day of the meeting** will be provided to the City Council and made available on the City website before the meeting. Those emailed comments are **not read into the record**. The same page separately states that online eComments may be up to **1,000 characters**, are accepted until **4:00 p.m.** on the day of the meeting, are **not read into the record**, and are viewable by the City Council and the public upon submittal. (Livermore)

For an item involving the ALP, aviation forecasts, airfield and landside facility needs, airport security, pavement safety, PFAS, emergency response, airspace competition, hangar demand, Airport Fund 600, federal and state grants, and the previously approved Airport Innovation Center design contract, a 1,000-character eComment box is not a meaningful substitute for full written public comment.

Accordingly, I request that this written comment be distributed to the City Council, posted with or adjacent to Agenda Item 6.5, included in the supplemental packet or equivalent written-comment record, preserved as part of the public record, and considered in connection with Agenda Item 6.5 and any future Airport Commission or City Council item concerning the Airport Innovation Center.

The City should also clearly state that the 1,000-character eComment limit applies only to the optional eComment portal and does not limit longer written comments timely submitted by email under the City's written-comment instructions.

This request is consistent with Government Code section 54957.5, which provides that agendas and qualifying writings related to open-session agenda items are disclosable public records and must be made available under the statute's procedures, including for late-distributed agenda-related materials. (LegiInfo) It is also consistent with Government Code section 54954.3, which requires regular meeting agendas to provide an opportunity for members of the public to address the legislative body on items within its subject-matter jurisdiction and permits only reasonable regulations to carry out that purpose. (LegiInfo)

II. Top Comment: ALP First; Airport Innovation Center Later

Agenda Item 6.5 should be treated as the City's **ALP pivot**.

The City Council should not treat the ALP as one of three routine capital projects. The ALP and Technical Studies Project is the controlling framework for future airport development. It is the airport's planning foundation. It should determine whether future airport development is safe, compatible, fundable, operationally appropriate, environmentally informed, consistent with FAA expectations, and credible to state and federal partners.

The staff report states that the proposed ALP and Technical Studies Project will update the ALP to establish a long-term vision for Airport development, position the Airport for future FAA funding, prepare aviation forecasts, evaluate future airfield and landside facility needs, develop a phased CIP, and complete an FAA-approved ALP drawing set.

The ALP attachment is even more specific. It states that the ALP update will inventory existing airport conditions, prepare 20-year aviation demand forecasts for aircraft operations, based aircraft, and the airport's critical design aircraft, evaluate airfield and landside facility needs, develop alternatives to satisfy future development potential, recommend capital improvement projects with cost estimates, prepare an ALP drawing set, and coordinate with the FAA's San Francisco Airports District Office for review and approval.

That is exactly the analysis that must occur **before** the City allows the Airport Innovation Center design contract to move beyond non-irreversible existing-conditions review, record review, agency coordination, and information gathering.

The correct sequence is simple:

Airport Layout Plan first. Airport Innovation Center later — only if the ALP, safety record, airspace record, hangar record, environmental record, PFAS record, demand record, and fiscal record support it.

III. Agenda Item 6.5 Confirms That Core Airport Planning Has Lagged Behind Development Ambition

The staff report states that three airport projects were approved through the FAA's ACIP process on May 28, 2026, after the City's 2025–2030 CIP was adopted, and that the projects need separate CIP project numbers so the City can accept and administer FAA grant funding and maintain compliance with applicable financial requirements.

More importantly, the staff report states that, until earlier this year, the FAA had advised the Airport that funding for new projects would be limited until the Airport addressed identified airfield geometry and related issues. After coordination with the FAA's San Francisco Airports District Office and Regional Office, the Airport received approval to proceed with the PMMP and ALP/Technical Studies projects because those planning efforts were recognized as essential to addressing identified deficiencies and supporting future airport improvements.

That finding should control the City's sequencing. If FAA-related airport planning and geometry issues were significant enough to limit new project funding, then the City should not let an innovation-branded building project outrun the foundational ALP and Technical Studies needed to address deficiencies and support future improvements.

The ALP and Technical Studies Project is funded at an estimated total cost of **$1,130,640**, including **$107,680 from Airport Fund 600** and **$1,022,960 from federal grants**. That is not a minor

paperwork exercise. It is the central planning investment that should guide LVK's next decade of development decisions.

IV. The City Should Not Design First and Reconcile Later

The previously approved Airport Innovation Center design contract should not move ahead of the ALP.

The City's Aviation Innovation Center project page describes the project as renovation of the existing building at **180 Airway Boulevard** to create an Aviation Innovation Center at LVK, including tenant improvements and potential expansion of the existing building, including a potential second floor. The same page states that conceptual designs have been developed, that the consultant has signed the design agreement, and that the design agreement and funds were allocated at the April 13, 2026 City Council meeting. It also still identifies **Airport Operating Fund — $150,000** and total estimated cost of **$150,000**, which appears incomplete or stale compared with the April 13 Council action. (Livermore)

The April 13, 2026 City Council agenda identified **Airport Innovation Center Project AR202628** as a consent-calendar item authorizing supplemental appropriations of **$360,000 in Fiscal Year 2025–26** and **$622,000 in Fiscal Year 2026–27** from the Airport Operating Fund to support completion of the design phase. It also authorized a professional services agreement with **Barry & Wynn Architects, Inc.** in an amount not to exceed **$661,600**, with a term ending December 31, 2030, to provide final design, preparation of plans and specifications, bidding support, and engineering services during construction. (Granicus Production Attachments)

That is not merely conceptual sketching. It is design and construction-support authority. It therefore should not outrun the ALP, aviation forecasts, AGIS obstruction survey, EMUP, environmental baseline studies, PMMP, perimeter-security work, and PFAS review.

At most, any ongoing Airport Innovation Center work should be limited to non-irreversible existing-conditions review, record review, agency coordination, and information gathering until the ALP and Technical Studies provide the controlling airport framework.

V. The City's Own Airport Development Materials Support an ALP-First Sequence

The City's Airport Land Use Analysis and Development Study page states that the City studied development opportunities at LVK to ensure alignment with airport needs and community interests. It also states that it is important to complete the Airport Land Development Framework before moving forward with individual development projects to maintain a holistic and comprehensive approach to airport development. (Livermore)

That principle applies here. The Airport Innovation Center should not be allowed to move forward as an individual development project before the updated ALP and Technical Studies provide the airport-wide framework.

The City's Airport Development Strategy also states that its airport-development strategy elements are in preliminary planning stages and require additional feasibility assessment, scoping, budgeting, planning, and zoning approvals, permitting, and building-code compliance before construction. That same strategy identifies the Aviation Innovation Center as a hub to foster aviation technologies and related sectors, including program development, building renovation, and recruiting/tenanting efforts; it separately identifies AAM/eVTOL concepts requiring needs assessment, market analysis, operator

engagement, community engagement, and compliance with airport policies and regulations. (Livermore)

That means the City's own materials do not support design lock-in first and planning later. They support feasibility first, airport planning first, market analysis first, airport-policy compliance first, and then only later project implementation.

VI. LVK Is an Airport First, Not an Economic-Development Blank Slate

LVK is a City-owned **General Aviation Reliever Airport** serving private, business, and corporate tenants and customers, primarily serving the Tri-Valley region, with most of its approximately 460 tenants being Livermore and Pleasanton residents. (Livermore) The City's Airport Leasing and Development Policy states that leasing and development proposals, including construction, modification, and renovation of aeronautical and non-aeronautical land or improvements, are to be evaluated within the legal boundaries of the current ALP and that the policy establishes requirements for compatible and sustainable development that protects persons and property. (Livermore)

Those standards should control. LVK is not vacant land. It is not a generic economic-development site. It is not a blank canvas for politically attractive innovation branding. It is an active airport with existing users, federal obligations, operational constraints, safety risks, hangar demand, noise concerns, environmental constraints, and FAA coordination requirements.

The Airport Commission's stated responsibilities further reinforce this point. The Commission advises the City Council on demand determinations in support of future airport development and redevelopment of existing airport facilities. It also advises staff on airport safety and security, operational policies and regulations, the airport noise monitoring and reduction program, planning for public and private development on the airport, and the draft 20-year CIP budget. (Livermore)

The Airport Innovation Center should therefore return as a standalone Airport Commission item after the ALP and Technical Studies have meaningfully progressed. It should not proceed primarily through project webpages, consultant design work, consent-calendar appropriations, or economic-development messaging.

VII. The Airport Innovation Center Reads as a Politically Attractive, Pie-in-the-Sky Concept Unless the City Produces the Missing Evidence

The concern is not innovation in the abstract. The concern is premature, politically attractive, unsupported innovation branding.

The City's February 2025 announcement framed the Aviation Innovation Center as a program dedicated to quiet and clean aviation technology, advanced air mobility, economic development, job creation, and Livermore's role as a regional innovation leader. The City stated that the proposed center would provide startups and established companies with resources and infrastructure to develop, test, and deploy clean and quiet aviation solutions, including eVTOL aircraft. (Livermore)

That broader rhetoric matters. If the project is merely a building renovation, the City should stop using aviation-innovation, AAM, eVTOL, clean-aviation, and future-mobility language to justify it. If the project is truly an aviation innovation project, it needs airport-grade review before design lock-in.

As currently documented, the Airport Innovation Center reads as a **foolhardy, politically attractive, pie-in-the-sky project**: a concept looking for markets, rather than a market-supported airport

priority. It appears to be a building project wearing aviation branding unless and until the City produces a complete record showing actual demand, airport compatibility, airspace feasibility, emergency-response coordination, PFAS feasibility, fiscal prudence, and operational benefit.

Livermore should not chase or manufacture aviation markets that have not been demonstrated. It should not imply winery routes, laboratory routes, defense-technology routes, Sacramento routes, San Joaquin Valley routes, cargo markets, air-taxi demand, emergency-response benefits, or Interstate 580 congestion-relief narratives unless those claims are supported by actual demand analysis, airport-compatibility review, safety analysis, airspace review, environmental review, PFAS review, public-safety coordination, and fiscal analysis.

VIII. AAM Is Emerging, but Federal Activity Does Not Establish a Livermore Market

AAM is real enough to monitor and plan for carefully. The FAA states that it has updated regulations to allow powered-lift aircraft to operate safely in the National Airspace System and that it issued a final rule for powered-lift operations in October 2024 addressing pilot and instructor certification requirements and operational rules. The FAA also states that it is working with government and industry partners on human-in-the-loop simulations to explore how eVTOL aircraft can share airspace and airport facilities with traditional aircraft. (Federal Aviation Administration)

But federal readiness to study and regulate AAM does **not** establish a Livermore-specific market.

The U.S. Department of Transportation and FAA announced eight selected proposals for the Advanced Air Mobility and eVTOL Integration Pilot Program in March 2026. The selected projects include the Port Authority of New York and New Jersey, Texas Department of Transportation, Utah Department of Transportation, Pennsylvania Department of Transportation, Louisiana, Florida Department of Transportation, North Carolina Department of Transportation, and the City of Albuquerque. Livermore is not identified as a selected pilot-project jurisdiction. (Department of Transportation)

That does not mean Livermore should ignore AAM forever. It means Livermore should not pretend that national AAM momentum equals a near-term LVK market.

Before advancing the Airport Innovation Center further, the City should disclose whether it has actual evidence of identified aviation or AAM operators interested in LVK; signed or proposed letters of interest; tenant commitments; route assumptions; passenger, cargo, business-travel, emergency-response, laboratory, winery, or regional-mobility demand; willingness-to-pay assumptions; required vertiport, charging, maintenance, fire-suppression, or aircraft-storage infrastructure; insurance and liability assumptions; noise assumptions; community-acceptance assumptions; and impacts to existing airport tenants and users.

Without that evidence, the Airport Innovation Center remains a concept in search of a market.

IX. LVK Already Has Safety and Airspace Competition Issues That the ALP Must Evaluate

The ALP and Technical Studies must directly evaluate airport safety, airspace competition, and operational conflicts before the City allows any further substantive Airport Innovation Center work.

The FAA identifies LVK as a primarily general-aviation airport with numerous flight schools, maintenance facilities, FBOs, and based airplanes. The FAA identifies LVK's airspace as Class D

and states that the airport configuration consists of parallel runways 7L/25R and 7R/25L. (Federal Aviation Administration)

The FAA also identifies multiple runway-incursion hot spots at LVK, including repeated situations where pilots instructed to hold short at taxiways sometimes fail to comply, and a wrong-surface landing risk due to closely spaced parallel runways and the risk of aircraft landing or attempting to land on Taxiway A. (Federal Aviation Administration)

The FAA's LVK guidance further states that, due to closely spaced parallel runways, jet aircraft often receive **Traffic Collision Avoidance System (TCAS)** resolution advisories because of aircraft on final, upwind, base, or crosswind for the parallel runway. The same FAA page warns that pilots must not overshoot final because the runways are only 500 feet apart and traffic for the other parallel runway is highly probable. (Federal Aviation Administration)

That record matters. LVK already has operational complexity, runway-safety issues, close parallel-runway interactions, training traffic, jet traffic, instrument-flight/visual-flight interactions, taxiway confusion, wrong-surface landing risk, and airspace-management constraints.

The City should therefore direct the ALP to evaluate whether the Airport Innovation Center would create or intensify conflicts involving flight schools and training traffic; jet operations; Instrument Flight Rules and Visual Flight Rules operations; parallel runway operations; existing runway-incursion hot spots; wrong-surface landing risk; taxiway confusion; helipad operations; airport security and access control; emergency-response aviation; public-safety staging; and any future AAM/eVTOL operations, prototype flights, demonstration flights, test operations, low-altitude routes, or increased landside traffic and parking.

The City should not allow an innovation-branded building project to move ahead of LVK's own safety and airspace analysis.

X. The AGIS Obstruction Survey Should Be a Gate for Any AAM/eVTOL or New Aviation-Activity Assumptions

The ALP and Technical Studies Project includes an **Airport Geographic Information System (AGIS)** obstruction survey. The ALP attachment states that the AGIS survey will collect on-airport mapping and surrounding-area data to support development of the ALP drawing set and help protect airport arrivals and departures.

That survey should not be treated as a background technical task. It should be a gating item for any Airport Innovation Center assumptions involving AAM, eVTOL aircraft, low-altitude operations, demonstration flights, testing, prototype operations, vertiports, helicopter-style operations, or new operational concepts.

The City should not make airspace assumptions first and then ask the AGIS survey to catch up. The AGIS obstruction survey, arrival/departure-surface analysis, FAA coordination, and ALP drawing set should come first.

XI. The EMUP Must Precede Any Electric Aircraft, Charging, Utility, or Expansion Assumptions

The ALP and Technical Studies Project includes an **Electric Master Utility Plan (EMUP)**. The staff report states that the EMUP will evaluate LVK's existing electrical infrastructure, forecast future

electrical demand over the next 10 years, identify improvements needed to support anticipated airport growth, and include a phased implementation strategy, capital improvement recommendations, funding considerations, and an assessment of opportunities and risks.

The ALP attachment similarly states that the EMUP will assess existing electrical infrastructure, project future demand based on development considerations and operational changes, identify needed improvements, provide a 10-year strategy, identify when utility improvements should occur and how they may be funded, include an opportunity and risk assessment, and recommend capital improvement projects.

This directly affects the Airport Innovation Center. If the City is using clean aviation, aviation technology, eVTOL, AAM, charging, or electric-aircraft language to justify the project, then electrical infrastructure is not a side issue. It is central.

The City should not proceed with Airport Innovation Center utility design, charging assumptions, tenant-improvement assumptions, building expansion assumptions, electrical-load assumptions, or new utility corridors before the EMUP establishes airport electrical capacity, constraints, risks, phasing, costs, and funding strategy.

XII. Hangar Space, Existing Tenants, and Aeronautical Priority Must Be Evaluated Before Innovation Center Tenanting

The ALP must also evaluate hangar space, tenant priority, aeronautical use, and whether the Airport Innovation Center would compete with existing airport users or distort airport land-use priorities.

Livermore's hangar page confirms that hangar demand and aeronautical-use controls are active airport-management issues. The City maintains waiting lists for T-hangars, shelters, large box hangars, and small box hangars. It states that the waiting time can be approximately 8–12 months for a small T-hangar and one year or longer for a larger hangar. The City also states that box-hangar policy reflects the airport's intent to provide those hangars for corporate or business-type aircraft or aviation support services that benefit the airport community, and that box-hangar applicants are ordered based on intended use of hangar space, including aeronautical versus non-aeronautical use. (Livermore)

The City further states that it intends to lease hangars solely for storage of aircraft owned or part-owned by the lessee, that subleasing of T-hangars is not allowed, and that hangar inspections may be conducted for fire-code and lease compliance. (Livermore)

That is directly relevant to the Airport Innovation Center. If existing airport users face hangar waiting lists, aeronautical-use controls, aircraft-storage rules, fire-code inspections, limited box-hangar capacity, and real aviation-support needs, the City should not create a new innovation-branded tenanting program unless the ALP first determines whether that use is compatible with airport priorities.

The ALP should determine whether the Airport Innovation Center is an aeronautical use, a non-aeronautical use, a mixed use, or an economic-development use placed at the airport because the airport has available land and political branding value. That classification matters before tenant recruitment, building design, utility assumptions, access assumptions, construction support, or Airport Fund 600 expenditures proceed further.

XIII. The PMMP and Perimeter-Security Projects Support the ALP-First Argument

The PMMP and Perimeter Fencing/Security projects are important, but they should support — not displace — the ALP-first framing.

The PMMP project will identify existing pavement sections and underlying subgrade soils, assess surface deterioration, calculate the PCI, conduct non-destructive load testing to evaluate deep-seated distress, estimate remaining pavement life, provide maintenance and reconstruction strategies, provide implementation schedules and costs, and support safe pavement operating conditions. The PMMP attachment also states that FAA requires the sponsor to prepare and maintain an updated PMMP to remain eligible for federal funding and that a PMMP is necessary to justify and plan airport pavement rehabilitation or maintenance projects.

The Perimeter Fencing and Security Upgrades Project responds to a rising number of **Vehicle/Pedestrian Deviations (VPDs)** and unauthorized-access concerns. The project attachment states that the FAA Airport District Office and FAA Regional Compliance Office have strongly encouraged LVK to increase security measures and strengthen controls over authorized access to airport property. The same attachment describes the project as modernizing airport security through perimeter protection, access control, video surveillance, emergency-response capabilities, electronic gates, multi-factor access control, license-plate recognition cameras, remote access approval, video retention, panic buttons, and facility lockdown options.

These projects confirm that LVK has real, immediate airport-first needs: pavement condition, safe operations, federal funding eligibility, perimeter control, access control, FAA security expectations, and emergency-response coordination.

Those needs should not be subordinated to innovation branding.

XIV. PFAS Must Be Integrated Into the ALP, Environmental Baseline Studies, Hangar Planning, EMUP, and Innovation Center Sequencing

The ALP and Technical Studies Project includes environmental baseline surveys for biological resources, federally and state-listed threatened and endangered species, designated critical habitat, jurisdictional waters, other sensitive resources, and cultural resources, including the built environment. The staff report similarly states that environmental baseline studies will identify biological and cultural resources that may affect future development and environmental permitting.

That environmental baseline work should not ignore the City's separate PFAS investigation record.

The October 2025 Geosyntec PFAS Investigation Report excerpts state that the investigation's objective was to evaluate PFAS in site soil and groundwater. The report states that surficial soil PFAS detections were higher in the south hangar area, that the highest reported concentrations of PFOS and PFOA in surface soil were at MW-03, DPT-05, and DPT-08 in the south hangar area, and that PFOA was detected above Regional Water Board ESLs for construction-worker direct exposure in surficial soil samples and 3-foot-bgs soil samples. The report also notes that several surficial soil samples were collected below asphalt and concrete slabs, which currently provide a barrier to human exposure.

The groundwater findings are also material. Geosyntec states that PFAS were detected in all groundwater samples collected at DPT sample locations and groundwater monitoring wells; that the highest PFAS concentrations in groundwater were generally observed at DPT-07, hydraulically

downgradient of the south hangar area; and that PFOS, PFOA, PFHxS, and PFNA exceeded individual EPA MCLs, with the hazard-index MCL also exceeded.

The report further states that groundwater samples collected near the south hangars, Hangar S-1, and the waste storage area in the southeast area of the site were above upgradient concentrations, and that a known AFFF release at Hangar S-1 in 1990 may have contributed to PFAS concentrations observed in groundwater in that area.

Geosyntec recommended further evaluation, including additional groundwater samples at MW-01 through MW-04; soil and grab groundwater samples upgradient of DPT-01; soil and grab groundwater samples near MW-04; soil and grab groundwater samples along the eastern side of Hangar S-1 where AFFF for the Hangar S-1 fire-suppression system was historically located; and installation and sampling of groundwater monitoring wells near DPT-05 and DPT-07 to further assess PFAS concentrations in groundwater upgradient and downgradient of the waste storage area, south hangars, and Hangar S-1.

That record makes it premature to advance Airport Innovation Center design, utility, staging, grading, trenching, drainage, slab, pavement, demolition, access-route, or expansion assumptions until PFAS conditions are integrated into the ALP, environmental baseline studies, EMUP, PMMP, hangar planning, and any project-specific construction planning.

PFAS is not an afterthought. It may affect construction-worker exposure, soil handling, groundwater handling, dewatering, utility corridors, pavement disturbance, slab removal, staging, access routes, disposal costs, schedule, and Airport Fund 600 exposure.

XV. The Consultant Record Reinforces the Concern That This Is a Building Project Wearing Aviation Branding

The Airport Innovation Center is being publicly framed as an aviation innovation project, yet the design contract appears to have been awarded as a conventional architectural/building design assignment.

Barry & Wynn's public-facing website identifies portfolio categories such as residential, commercial, public works, mid-century post-modern, accessory dwelling units, Boulder Ridge Golf Course, and projects on the boards. (Barry & Wynn Site) Its public works page identifies the Livermore Water Reclamation Plant Water Resources Building and the Livermore Police Station Real Time Awareness Center; it does not identify FAA-regulated airport projects, airfield design, airside construction phasing, airspace analysis, airport-safety planning, airport operations, PFAS investigation/remediation, or airport-specific environmental compliance in the public-facing portfolio I located. (Barry & Wynn Site)

I am not claiming that Barry & Wynn has no such experience in internal proposal materials that are not publicly visible. I am stating that the public-facing record does not identify it.
That matters. If the Airport Innovation Center is truly an airport innovation project, the consultant team should look like an airport-capable project team. If the consultant team is structured primarily around building renovation, then the City should stop using airport innovation, AAM, eVTOL, clean aviation, and future-mobility language to justify the project until the required airport-specific expertise and analysis are added to the public record.

The City should disclose whether the Airport Innovation Center team includes an airport planner, airport engineer, airspace or aviation-safety specialist, airport-operations specialist, hangar-planning

specialist, fire/life-safety specialist familiar with airport facilities, PFAS consultant, soil and groundwater consultant, hazardous-materials and soil-management specialist, dewatering and groundwater-handling specialist, CEQA consultant, and consultants responsible for FAA, Caltrans Aeronautics, Regional Water Board, emergency-response, and airport-user coordination.

XVI. Noise, Leaded Fuel, and "Clean and Quiet Aviation" Claims Must Be Tested

The City has framed the Aviation Innovation Center around quiet and clean aviation technology and community concerns about noise and leaded fuel. (Livermore) Those concerns are real, but they do not automatically support the Airport Innovation Center.

The City's LVK noise page states that federal law prohibits the City from restricting or regulating airport access by aircraft that can safely use the airport, and that Livermore Airport noise abatement efforts are voluntary. The same page identifies voluntary restraint from night flying between 10:00 p.m. and 6:00 a.m. It identifies noise-sensitive areas east of the airport and west/northwest of the airport in Pleasanton and Dublin. (Livermore)

The City's unleaded-fuel page states that 100LL leaded avgas and Swift UL94 unleaded avgas are currently sold at LVK, that UL94 became available at LVK on July 1, 2024, that certified aircraft owners must obtain a Supplemental Type Certificate before using UL94, and that LVK does not currently have infrastructure to introduce a fourth fuel type. It also states that LVK is positioned to transition to Swift's forthcoming 100R unleaded fuel once it receives appropriate approvals and achieves broader fleet compatibility. (Livermore)

Those are actual airport-operational issues. If the City wants to address clean and quiet aviation, it should show how the Airport Innovation Center directly advances actual fuel-transition, noise-reduction, airport-user, or community-benefit goals. The City should not use clean-and-quiet language as branding while failing to explain how the project compares with more direct investments in unleaded-fuel transition, noise monitoring, airport operations, hangar modernization, pavement preservation, lighting, guidance signs, runway safety, perimeter security, and FAA-required planning.

XVII. Speculative Uses Must Not Crowd Regional Emergency Airspace and Public-Safety Aviation

The City should evaluate regional emergency-response airspace before advancing any Airport Innovation Center concept connected to AAM, eVTOL aircraft, prototype testing, demonstration flights, commuter shuttles, air taxis, cargo service, or emergency-response branding.

Eden Medical Center in Castro Valley is listed by the California Department of Health Care Access and Information as a **Level II Trauma Center**, and Sutter describes Eden as the regional Level II trauma center for Southern Alameda County. (LFIS) Caltrans Aeronautics maintains "Heliplates" for permitted hospital heliports, providing permitted approach paths and other information for emergency planners, helicopter operators, and other users. (Caltrans)

That regional trauma and helicopter-access context matters. The City should not allow speculative low-altitude aviation concepts to compete with emergency medical access, trauma-center helicopter operations, wildfire-response aviation, law-enforcement aviation, or existing general-aviation operations without an airspace and public-safety analysis.

The same is true for wildfire aviation. CAL FIRE states that its S-2T airtankers are used for rapid initial attack delivery of fire retardant and are strategically located throughout California to respond to

State Responsibility Areas within approximately 20 minutes. (CAL FIRE) If the City intends to rely on wildfire-response, public-safety aviation, emergency staging, resilience, or disaster-response benefits as part of the Airport Innovation Center narrative, that claim must be supported by written coordination with CAL FIRE, Alameda County emergency management, Livermore-Pleasanton Fire Department, emergency medical service providers, FAA airspace staff, Caltrans Aeronautics, and existing airport users.

The City should not use public-safety language as branding while failing to analyze whether the Airport Innovation Center would compete with public-safety aviation, emergency access, disaster-response needs, or existing airport operations.

XVIII. Valley Link and Regional Mobility Should Not Be Used to Justify Speculative Aviation Markets

The City should not imply that the Airport Innovation Center is an Interstate 580 mobility solution.

Valley Link is a defined regional rail proposal. Valley Link describes Phase 1A as extending from the Dublin/Pleasanton Bay Area Rapid Transit station to the Vasco Road Altamont Corridor Express station in Livermore, with alignment in the I-580 median and related stations and facilities; Valley Link also describes the project as intended to connect Northern San Joaquin Valley commuters with the Bay Area transit system and address the highly congested I-580 corridor. (Valley Link Rail)

This comment does not endorse Valley Link as cost-effective, guaranteed, or problem-free. Valley Link has serious cost, ridership, funding, governance, phasing, and land-use questions.

But Valley Link is at least a defined regional transportation project aimed at a documented corridor problem. By contrast, the Airport Innovation Center is a building renovation and airport/economic-development concept that the City has linked to aviation innovation, clean and quiet aviation, tenanting, and possible AAM/eVTOL concepts.

The City should not blur these issues. It should not imply that a speculative aviation incubator is an I-580 mobility strategy. It should not use AAM language to distract from the hard work of corridor planning, safety improvements, transit integration, airport compatibility, and transparent capital planning.

Credibility matters. Livermore cannot ask regional, state, and federal partners to take its transportation and airport priorities seriously if it advances aviation concepts faster than the supporting public record.

XIX. The City Should Not Manufacture Markets Around Wineries, Laboratories, Defense Technology, Sacramento, or the San Joaquin Valley

The City should be especially careful not to justify the Airport Innovation Center by assembling speculative "sounds good on paper" markets after the fact.

Potential talking points may include winery connections, laboratory partnerships, defense technology, Sacramento-area business travel, San Joaquin Valley linkages, regional commuting, cargo, emergency response, or technology incubation. Some of those ideas may be interesting in the abstract. None should be used to justify public investment unless supported by actual evidence.

The public record should not assume that Livermore-to-Napa, Livermore-to-Sonoma, Livermore-to-Paso Robles, or other winery-cluster routes are viable; that Lawrence Livermore National Laboratory or Sandia National Laboratories create a routine aviation commute market; that defense, technology, or laboratory partnerships overcome security, access, cost, scheduling, and airspace constraints; that Sacramento, Stockton, Tracy, Mountain House, or broader San Joaquin Valley connections create an aviation market rather than a ground-transportation and rail-planning issue; that AAM/eVTOL operations will materially relieve I-580 congestion; or that the word "innovation" is enough to show aviation demand.

If the City believes any of these markets are real, it should produce the analysis. If the City does not yet have that analysis, it should not rely on those markets to justify Airport Fund 600 expenditures, design lock-in, tenant recruitment, construction support, or airport-development commitments.

XX. Credibility With FAA, Caltrans Aeronautics, CAL FIRE, Emergency Agencies, and Transportation Funders Is at Risk

The City's own staff report states that FAA funding for new projects had been limited until LVK addressed identified airfield geometry and related issues, and that the PMMP and ALP/Technical Studies were recognized as essential to addressing identified deficiencies and supporting future improvements.

That should be a warning.

The City should not risk credibility with FAA, Caltrans Aeronautics, CAL FIRE, the Federal Emergency Management Agency, the Federal Transit Administration, the Federal Highway Administration, the Federal Railroad Administration, the California Transportation Commission, the California State Transportation Agency, the Regional Water Board, emergency-response agencies, airport tenants, and regional transportation partners by advancing a politically attractive aviation-innovation concept before the core airport record exists.

Speculative aviation branding without demand studies, safety analysis, airspace review, PFAS review, environmental review, emergency-response coordination, hangar-demand analysis, utility planning, and transparent funding reconciliation creates exactly the wrong impression: that Livermore is trying to make the airport fit a political and economic-development narrative rather than letting airport facts, safety needs, environmental constraints, and federal aviation standards lead the process.

XXI. CEQA, Airport Policy, Environmental Review, and Funding Review Should Not Be Segmented

The public record should clearly distinguish among renovation of an existing building; expansion of that building; tenant improvements; economic-development programming; recruitment of aviation startups or established aviation companies; AAM operations; eVTOL testing or deployment; vertiport, charging, or maintenance infrastructure; airport security changes; changes to airport operations; construction staging; utility work; access work; drainage work; pavement disturbance; PFAS investigation, management, remediation, and disposal; and any future Public Safety Complex or related airport-development actions.

Those may not all be the same project for every legal, environmental, airport-policy, funding, or design purpose. But they also should not be artificially separated if they are reasonably foreseeable pieces of the same program.

The City should not first present a building renovation, then later add tenanting, AAM, eVTOL, charging, testing, maintenance, air-taxi, cargo, or public-safety functions after the public has lost the opportunity to review the full project context.

Any future staff report should identify the City's position on environmental review, ALP consistency, airport compatibility, funding source restrictions, federal obligations, tenanting authority, PFAS, utility demands, airspace safety, and whether the Airport Commission is being asked to provide advisory input, approve a recommendation, receive information, or endorse a policy direction.

XXII. Requested Direction

I respectfully request that the City Council approve Agenda Item 6.5 only with clear direction that **Airport Layout Plan and Technical Studies Project AR202720** shall precede, inform, and constrain any further substantive work under **Airport Innovation Center Project AR202628**.

Specifically, the City Council should direct staff to:

1. Treat the ALP and Technical Studies Project AR202720 as the controlling framework for LVK's future development decisions.
2. Prohibit Airport Innovation Center design lock-in, building expansion assumptions, tenant-improvement assumptions, access design, utility design, electrical-load assumptions, staging assumptions, construction-support assumptions, tenant recruitment, AAM assumptions, eVTOL assumptions, prototype/testing assumptions, or environmental determinations until the ALP and Technical Studies have meaningfully evaluated those issues.
3. Limit any ongoing Airport Innovation Center work to non-irreversible existing-conditions review, records review, agency coordination, and information gathering until the ALP, AGIS obstruction survey, EMUP, environmental baseline studies, PMMP, perimeter-security work, and PFAS review have advanced far enough to provide the controlling airport framework.
4. Require the ALP to expressly evaluate whether the Airport Innovation Center is compatible with LVK's aviation forecasts, critical design aircraft, airfield needs, landside needs, airport development alternatives, capital priorities, electrical infrastructure, environmental constraints, airport security, emergency access, tenant needs, hangar demand, existing aviation users, and FAA review requirements.
5. Require the AGIS obstruction survey to evaluate airspace protection, arrival and departure surfaces, runway-safety implications, wrong-surface landing risk, runway-incursion hot spots, parallel-runway conflicts, Instrument Flight Rules/Visual Flight Rules conflicts, helicopter operations, and any potential AAM/eVTOL conflicts.
6. Require the EMUP to be completed or meaningfully advanced before any Airport Innovation Center design assumptions involving electric aircraft, charging, aviation technology, building expansion, tenant improvements, increased electrical load, or new utility corridors.
7. Require the ALP to evaluate hangar demand, hangar waiting lists, box-hangar needs, aeronautical versus non-aeronautical use, aircraft-storage requirements, aviation support services, existing tenant needs, and whether the Airport Innovation Center would compete with or displace airport-priority uses.
8. Require the ALP and environmental baseline studies to integrate PFAS conditions, including the Geosyntec findings regarding south hangar soil detections, PFOA exceedances of construction-worker ESLs, groundwater MCL exceedances, the historic Hangar S-1 AFFF release, and recommended further investigation near MW-04, DPT-05, DPT-07, Hangar S-1, the south hangars, and the waste storage area.

9. Require a PFAS footprint and disturbance-area analysis before any Airport Innovation Center assumptions involving grading, trenching, utilities, drainage, slab removal, pavement disturbance, staging, access routes, building renovation, or building expansion.
10. Require a construction-worker exposure and health-and-safety plan, soil and groundwater management plan, and dewatering/groundwater-handling plan before any construction-related disturbance.
11. Require written coordination with FAA, Caltrans Aeronautics, the Regional Water Board, Livermore-Pleasanton Fire Department, Alameda County emergency-management agencies, emergency medical services representatives, CAL FIRE, hospital heliport/trauma-system stakeholders as appropriate, existing LVK tenants, flight schools, maintenance providers, and FBOs before the City advances any Airport Innovation Center concept tied to airspace, public safety, emergency response, eVTOL, AAM, or aviation technology.
12. Require the Airport Innovation Center to return as a standalone Airport Commission item only after the ALP and Technical Studies have meaningfully progressed.
13. Require the City to reconcile the Aviation Innovation Center project page, the April 13, 2026 design-contract authorization, Airport Fund 600 commitments, Barry & Wynn Architects scope, subconsultant qualifications, total authorized contract amount, future construction exposure, and any AAM/eVTOL assumptions with the ALP process.
14. Require disclosure of whether the Airport Innovation Center consultant team includes airport planning, aviation-safety, airspace, airport-operations, hangar planning, fire/life-safety, PFAS, soil/groundwater, hazardous-materials, environmental, CEQA, FAA, Caltrans Aeronautics, and Regional Water Board coordination expertise.
15. Do not rely on speculative winery, laboratory, defense-technology, Sacramento, San Joaquin Valley, cargo, air-taxi, emergency-response, or I-580 congestion-relief markets unless supported by actual demand analysis, airspace review, airport-compatibility review, safety analysis, environmental review, PFAS review, fiscal analysis, and public-safety coordination.
16. Confirm that the City's current public-comment rules allow longer written comments by email to the City Clerk by 12:00 p.m. on the meeting date and that the 1,000-character limit applies only to optional eComments, not to full emailed written comments.
17. Create a single electronic project record linking Agenda Item 6.5, the ALP and Technical Studies, the PMMP, the Perimeter Fencing and Security Upgrades Project, the Airport Innovation Center design contract, the Airport Development Strategy, PFAS investigation materials, Airport Commission materials, public comments, consultant materials, and all future staff reports.
18. Pause further substantive Airport Innovation Center advancement until the Airport Commission and public have received a complete standalone record.

XXIII. Conclusion

Agenda Item 6.5 should be treated as the City's **Airport Layout Plan pivot**.

The Airport Innovation Center should not lead LVK's future. The ALP should.

The City's own staff report confirms that LVK needs an updated ALP, aviation forecasts, airfield and landside facility analysis, a phased CIP, an FAA-approved ALP drawing set, an AGIS obstruction survey, environmental baseline studies, and an EMUP before the airport can responsibly position itself for future development. Those studies should decide whether the Airport Innovation Center has any legitimate airport basis at all.

The current Airport Innovation Center concept remains premature and politically attractive, but unsupported. It appears to be a building project wearing aviation branding — a project looking for markets, rather than a market-supported airport priority.

Livermore should not chase or manufacture aviation markets that have not been demonstrated. It should not imply winery routes, laboratory routes, defense-technology routes, Sacramento routes, San Joaquin Valley routes, cargo markets, air-taxi demand, emergency-response benefits, or I-580 congestion-relief narratives unless those claims are supported by the ALP, demand analysis, airport-compatibility review, safety analysis, airspace review, PFAS review, emergency-response coordination, and fiscal analysis.

The airport should be treated first as an airport: a safety-critical public asset with real airspace constraints, real runway-safety issues, real pavement needs, real perimeter-security concerns, real hangar demand, real tenants, real environmental constraints, real PFAS questions, real FAA coordination obligations, and real public-safety responsibilities.
The correct sequence is simple:

Airport Layout Plan first. Airport Innovation Center later — only if the Airport Layout Plan, safety record, airspace record, hangar record, environmental record, PFAS record, demand record, and fiscal record support it.

Public safety, airport reliability, environmental due diligence, fiscal discipline, transparency, and credibility with FAA, Caltrans Aeronautics, the Regional Water Board, emergency-response agencies, airport users, and the public must come before speculative aviation branding.

Thank you for considering these comments.

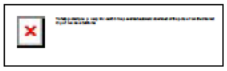

Respectfully submitted,

Brian C. Swanson, AICP

INTEROFFICE MEMORANDUM

Date: July 24, 2026

To: Honorable Mayor and City Council

From: Kristen Hilton, Acting Administrative Service Director

Subject: Supplemental Information for Council Item 7.1 - Hearing to place delinquent sewer accounts on the Property Tax Roll

Following publication of this agenda item, staff identified the following revisions to Exhibit A:

1. Additional customers have paid off their balance. This is to revise the number of delinquent accounts to 5 with an outstanding balance of $2,570.

All other items remain as published.

ATTACHMENTS

1. Exhibit A - City of Livermore delinquent sewer list balance as of 7-24-25 FY26-27 property tax liens

EXHIBIT A

CITY OF LIVERMORE
DELINQUENT SEWER LIST
BALANCE AS OF 7/24/25
FY26-27 PROPERTY TAX LIENS

Service Address	APN	Assessment Amount
109 SEDONA CM 4	903001804500	171.75
2818 TRIAD PL	905001902300	181.86
52 WRIGHT BROTHERS AVE	099134202803	232.93
297 RICKENBACKER CIR	099131602400	827.00
2011 SECOND ST	097001900500	1,156.56
	Total	2,570.10

Collection of Delinquent Sewer Service Charges on the Property Tax Roll

July 27, 2026

Presented by: Martin Wong, Accounting Supervisor,
Administrative Service Department

CITY OF LIVERMORE

1

Collection of Delinquent Sewer Service Charges on the Property Tax Roll

- City of Livermore has approximately 1,100 sewer accounts
- 19 accounts are identified as severely delinquent in the staff report
- After multiple attempts to collect, 5 accounts remain delinquent for a total of $2,570 outstanding
- Per LMC 13.36.21, delinquent sewer charges may be placed on the property tax roll

CITY OF LIVERMORE

2

Recommendation

Staff recommends City Council consider protests, adopt a resolution overruling protests, and direct staff to forward the delinquent list to the Alameda County Tax Assessor.

CITY OF LIVERMORE CALIFORNIA

3

Hearing to adopt FY 2026-27 residential sewer service and use charges report and authorize charges to be collected on the Property Tax Roll

July 27, 2026

Presented by: Martin Wong, Accounting Supervisor, Administrative Service Department

CITY OF LIVERMORE

1

Background Information

- Sewer Service Charges are for the collection, treatment, and disposal of wastewater
- City of Livermore collects residential sewer service charges on the Property Tax roll
- City Council approved rates on June 9th, 2025, resolution no. 2025-092
- This hearing is to fulfill a Health and Safety Code requirement to conduct a public hearing on the report containing a description and amount of the charge for each parcel

CITY OF LIVERMORE

2

City of Livermore Sewer Service Charge FY 2026-27 Final Tax Roll Summary

- Number of Parcels: 27,260
- Total Fiscal Year Residential Sewer Revenue: $28,092,107

3

Recommendation

Staff recommends City Council consider protests, find that protest was not made by majority of parcels, adopt residential sewer service report, and authorize collection of charges on the Property Tax roll by the Alameda County Tax Assessor

4

Livermore General Plan 2045

City Council

July 27, 2026

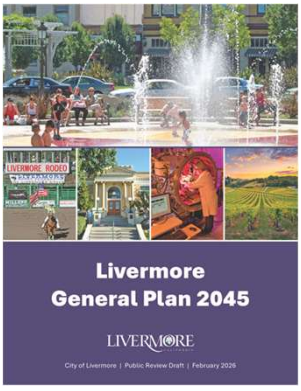

Andy Ross, Principal Planner

CITY OF LIVERMORE

1

General Plan 2045

- Establishes a community vision to guide Livermore's future over the next 20 years
- Identifies key community issues and includes goals and policies to address those issues
- Covers all State-required General Plan elements and topics identified by community
- Includes supporting maps and diagrams.
- Contains an Implementation Plan that identifies actions to prioritize work programs and guide future decision-making
- On May 11, Council Directed modifications included in Errata Sheet dated July 7, 2026.

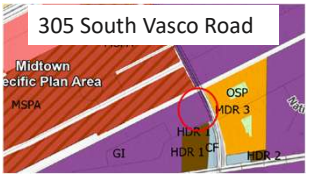

CITY OF LIVERMORE

2

Planning Commission Recommended Land Use Adjustments

305 South Vasco Road

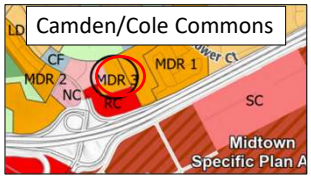

Neighborhood Commercial (NC) to General Industrial

Midtown Specific Plan Area

Midtown Designation adjusted to Service Commercial

Camden/Cole Commons

Neighborhood Mixed Use – High Density (NMH) to Medium Density Residential 3 (MDR)

3658 Las Colinas Road

Medium Density Residential (MDR) 3 to dual MDR 2/3

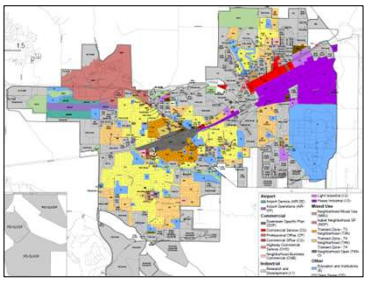

CITY OF LIVERMORE

3

Implementation Actions for Consistency

<u>Zoning Map Amendment</u>

- Implements the Land Use Map authorized by the City Council in February 2025
- Ensures consistency with the General Plan upon its adoption

<u>Scenic Resources Policies</u>

- Retain existing Scenic Corridor policies until Scenic Overlay regulations are adopted
- Balance scenic protection and community and economic development goals.

CITY OF LIVERMORE

4

Draft EIR Impact Summary

- **Less than Significant**
  - Aesthetics
  - Energy
  - Geology and Soils
  - Hazards and Hazardous Materials
  - Hydrology and Water Quality
  - Land Use and Planning
  - Population and Housing
  - Public Services, Parks, and Recreation
  - Transportation
  - Utilities and Service Systems
  - Wildfire
- **Less than Significant with Mitigation**
  - Biological Resources
  - Cultural and Tribal Cultural Resources
- **Significant and Unavoidable**
  - Agricultural Resources
  - Air Quality
  - Greenhouse Gas Emissions
  - Mineral Resources
  - Noise

CITY OF LIVERMORE CALIFORNIA

5

Public Comments and Final EIR

- 53-day comment period from March 3 through April 24, 2026
- Received comments from following agencies and private parties
- Final EIR includes:
  - Comments received during the public review period for the Draft EIR
  - Responses to comments
  - Changes and corrections to text of the Draft EIR
- Final EIR addresses concerns regarding population growth
- Full EIR consists of Draft EIR published in March 2026, and Final EIR published in July 2026
- Significant and unavoidable impacts at the program level do not preclude the finding of less-than-significant impacts at the project level for future development in Livermore

CITY OF LIVERMORE CALIFORNIA

6

Statement of Overriding Considerations

Identifies how the project's benefits outweigh the potential impacts:

- Advances the City's planning vision through 2045 to address State requirements and community priorities
- Promotes infill and diverse housing opportunities to meet current and future RHNA requirements through 2045
- Supports sustainable growth through proactive planning of infrastructure and public services
- Creates vibrant mixed-use districts with enhanced mobility and multimodal transportation options
- Promotes long-term fiscal sustainability by encouraging development that supports public infrastructure and services
- Expands opportunities for diverse jobs and businesses to foster a resilient economy and enable more residents to work in Livermore

CITY OF LIVERMORE CALIFORNIA

7

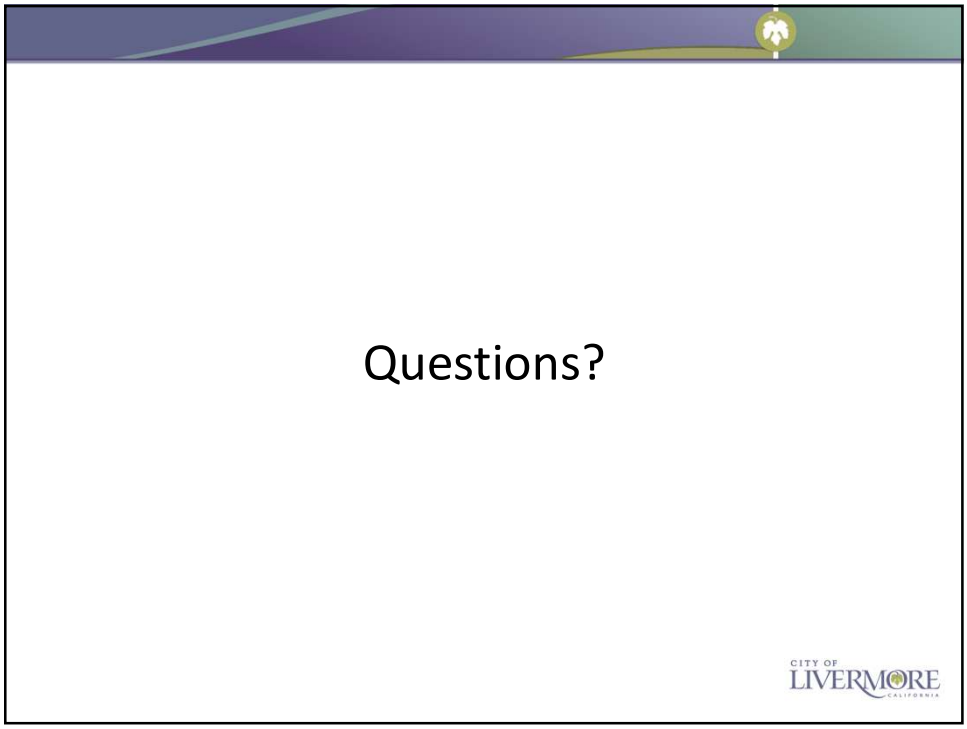

Staff Recommendation

Planning Commission and Staff recommend the City Council:

- Certify the General Plan 2045 Environmental Impact Report (EIR);
- Adopt Livermore General Plan 2045, subject to the revisions identified in the Errata Sheet dated July 7, 2026 (GPA 21-003);
- Introduce an Ordinance to approve conforming amendments to the Livermore Zoning Map (ZMA 26-001); and
- Retain Existing General Plan Scenic Corridor Policy (under separate cover) until new Scenic Resources standards are considered and adopted at a future date (POL 26-002).

Dear Livermore City Clerk,

Please find attached a letter of support for today's City Council meeting from Innovation Tri-Valley Leadership Group CEO Katie Marcel and Executive Board Chair Tim Sbranti.

At your convenience, would you please confirm receipt of this email?

Thank you for your time and consideration.

Kind regards,

Traci

RE: Letter of Support — Certification of the General Plan Environmental Impact Report and Approval of the Livermore General Plan 2045

Dear Mayor Marchand and Livermore City Councilmembers,

On behalf of Innovation Tri-Valley Leadership Group (ITV), we are writing to express our strong support for the City of Livermore's consideration of the resolutions to certify the General Plan Environmental Impact Report and to approve the Livermore General Plan 2045.

Before addressing the substance of the plan, we want to extend our sincere gratitude to the members of the General Plan Advisory Committee and all who contributed to this effort. Crafting a document that will guide Livermore's growth, development, and resource conservation through 2045 is no small task. The care, rigor, and thoughtfulness that went into getting this plan right — balancing competing priorities while keeping the community's long-term interests at the center — deserves genuine recognition. Livermore is fortunate to have residents and leaders willing to invest that level of attention into its future.

Livermore's future is closely tied to its role within the broader Tri-Valley region. As Alameda and Contra Costa County communities continue to grow and evolve, the General Plan 2045 serves as a shared vision — one that guides not only Livermore's development but also its contribution to the region's collective identity and economy. ITV appreciates that this plan recognizes Livermore's importance not just as a city unto itself, but as an anchor of the Tri-Valley.

We are especially encouraged by the plan's continued welcome of commercial and industrial development. Sustaining Livermore and the Tri-Valley as a hub of innovation requires ongoing support for emerging industries, talent, and infrastructure. The region has built a hard-earned reputation for forward-thinking research and advanced industry, and this plan positions Livermore to not simply keep pace with innovation, but to help lead it — including by remaining an attractive home for cutting-edge

technologies such as commercial fusion and other advanced energy solutions. As the City moves forward with implementation, we encourage continued attention to the infrastructure that underpins this ambition: adequate power capacity, high-speed communications, reliable utilities, and efficient transportation.

On that last point, we want to specifically highlight one of the most consequential opportunities embedded in this plan: the connection of Livermore neighborhoods to Valley Link. Valley Link represents the best and most cost-effective opportunity in Northern California to achieve a megaregional mode-shift between the San Joaquin Valley and the Bay Area — reducing greenhouse gas emissions, addressing our region's persistent jobs-housing imbalance, and accelerating the transition to zero-emission transportation, all while providing critical new connectivity between the existing ACE and BART systems. Valley Link has broad, multi-sector support and is identified in both the SJCOG 2022 RTP/SCS and the MTC Plan Bay Area 2050, with more than $654 million already committed from local and state sources, a place in MTC's Bipartisan Infrastructure Law Regional Grant Strategy, and federal environmental clearance from the FTA. It is vital to the economic future of Alameda County and the Tri-Valley — connecting tens of thousands of workers to one of the fastest-growing, most economically robust areas in California, expanding transit-oriented housing supply, strengthening ridership for our regional transit partners, and improving access to education and health care. The General Plan 2045's integration of Valley Link's station nodes into Livermore's land use and mobility framework is exactly the kind of forward planning our region needs.

The Livermore General Plan 2045 is a thoughtful, forward-looking document that reflects the character and ambition of this community. On behalf of ITV, we respectfully urge the City Council to certify the Environmental Impact Report and approve the General Plan 2045, and we ask that you please keep this plan moving forward.

Thank you for your leadership and for the opportunity to share our support.

Respectfully,

Tim Sbranti
Board Chair, Innovation Tri-Valley Leadership Group

Katie Marcel
Chief Executive Officer, Innovation Tri-Valley Leadership Group

Las Colinas Road Property Development Agreement 24-004

City Council

July 27, 2026

Shannon Pagan, Senior Planner

CITY OF LIVERMORE

1

Background and Site Context

Background

- Expired Development Agreement allowed a private high school
- City Council direction to negotiate a new Development Agreement (Feb 2025)
  - Revise land use designations
  - Explore range of housing densities
  - Secure community benefits

Site Context

- 122-acres undeveloped site near Springtown neighborhood
  - Approx. 50 developable acres

CITY OF LIVERMORE

2

Development Agreement Structure

- Not a specific development project
- Establishes a framework for future residential development consistent with the General Plan
- Secures benefits for the community
- Requires subsequent approvals: Neighborhood Plan, Planned Development Zoning, Design Review, and CEQA

CITY OF LIVERMORE CALIFORNIA

3

Development Agreement Framework

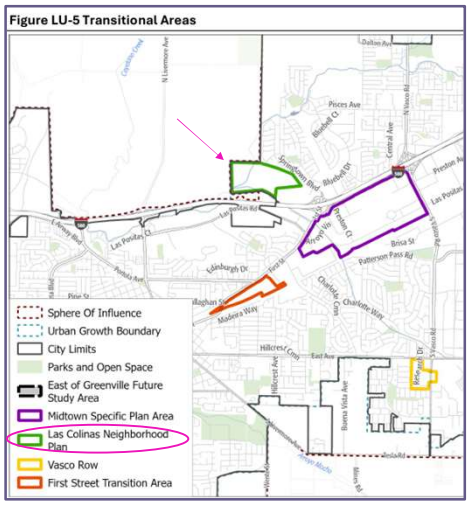

- Mix of Housing Types
  - 605-900 total units
  - 8-30 dwelling units/acre
  - Approx. 50 developable acres
- Affordable Housing Strategies
- Parkland and Open Space
- Infrastructure Improvements
  - Las Colinas Road Connection
  - Multi-purpose Trails
- $6M in Community Benefit Fund Contribution

CITY OF LIVERMORE CALIFORNIA

4

General Plan 2045 Consistency

- Supports a range of housing opportunities
- Ensures context-sensitive neighborhood transitions
- Preserves natural features and open space

CITY OF LIVERMORE

5

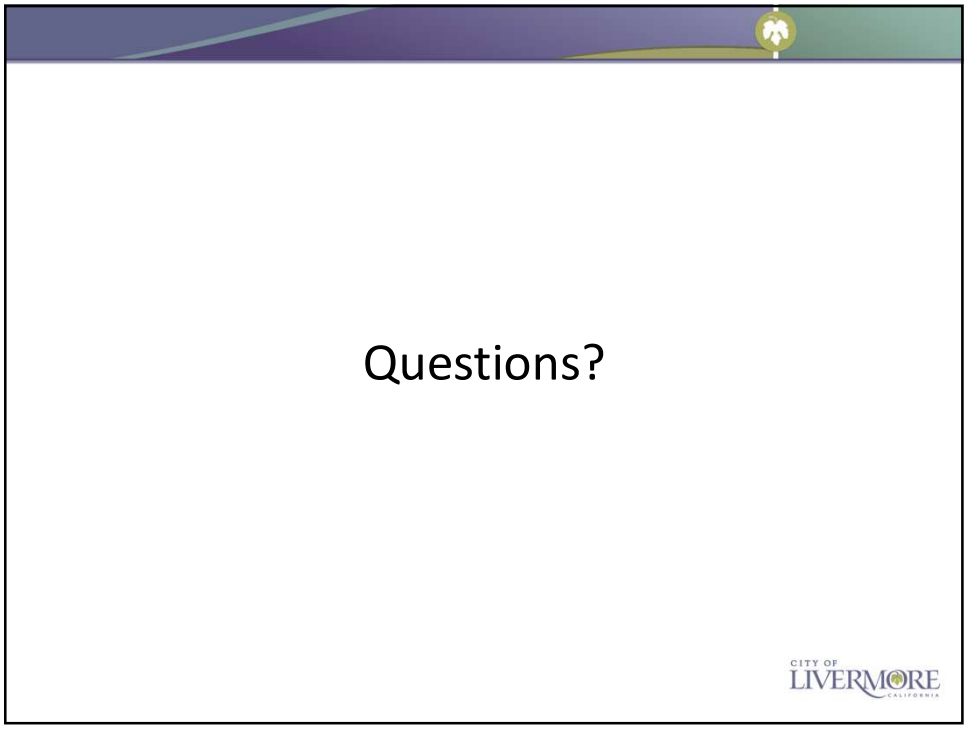

Recommendation

The Planning Commission and staff recommend the City Council:

1. Find that the Development Agreement is within the scope of the certified General Plan 2045 Environmental Impact Report (EIR) pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15183 and is also exempt from CEQA pursuant to Section 15061(b)(3); and
2. Introduce an Ordinance, and waive the first reading, authorizing the City Manager to execute Development Agreement (DA) 24-004.

Livermore, CA 94550

RE: Agenda Item 7.4, 3658 Las Colinas Rd. (APN 908-8-1)

Dear Livermore City Council,

YIMBY Law is a 501(c)3 non-profit corporation, whose mission is to increase the accessibility and affordability of housing across the United States. YIMBY Law offers letters of technical assistance, cultivates scholarship on nationwide zoning issues, and sues municipalities when they fail to comply with state housing laws.

Today I write to support your staff's recommendation authorizing the Development Agreement for 3658 Las Colinas Road. This is not attached to any specific housing proposal, but will make the way for 605–900 dwelling units on approximately 50 developable acres within the 122-acre property.

This phase is consistent with applicable General Plan designations, rendering it exempt from environmental review under CEQA Guidelines § 15183, and a separate exemption under 15061(b)(3). Any future housing proposals will need to seek their own exemptions or individualized review, depending on the nature of the proposal they seek through their applications for further legislative and adjudicative approvals, including a neighborhood plan, zoning, and tentative map.

While Livermore underwent the public and comprehensive work of creating General Plan 2045, the city identified a need for exactly the kind of housing Aventus is working to provide. This land use change will open the door to further public benefits, while retaining open space and creating new access to public parks.

Livermore already supports this form of development, as already identified in numerous General Plan programs. The General Plan seeks to introduce a range of housing types, maximize residential density, cultivate new neighborhoods, and provide for a diverse array of open space options. All of these needs will be served directly by new housing at the project site.

Taken together with Livermore's statutory RHNA obligation, existing General Plan programs, and the recommendation of the Planning Commission and council staff, we are happy to support the proposed Development Agreement and the housing that it will generate.

Sincerely,

Sonja Trauss
Executive Director
YIMBY Law

Re: City Council Agenda Item 7.4: Development Agreement 24-004 (Adventus Livermore)

Dear Mayor, Vice-Mayor, Councilmembers, and City Clerk:

We are writing on behalf of East Bay Residents for Responsible Development ("EBRRD") regarding City Council Agenda Item No. 7.4, the proposed Development Agreement 24-004 for the Adventus residential project, a future residential project on approximately 50 developable acres within a 122-acre property at 3658 Las Colinas Road (Assessor Parcel Number 902-8-1) ("Project"). The Development Agreement will be considered by the City Council on July 27, 2026.[1]

EBRRD is an unincorporated association of individuals and labor organizations that includes the International Brotherhood of Electrical Workers Local 595, Plumbers & Steamfitters Local 342, Sheet Metal Workers Local 104, Sprinkler Fitters Local 483, their members and families, and other individuals that live and work in Livermore and throughout Alameda County. EBRRD supports sustainable development that complies with applicable laws and which supports the local workforce.

[1] Livermore City Council, July 27, 2026 Agenda, available at: https://livermore.granicus.com/AgendaViewer.php?view_id=1&event_id=1101.

8007-008arm

printed on recycled paper

Adventus ("Applicant") is the owner of the 3658 Las Colinas Road property ("Property").[2] In December 2024, during the City's General Plan 2045 Update, the Applicant submitted an application for a Development Agreement to pursue a housing project of approximately 605-900 residential units at the Property.[3] In February 2025, the City Council adopted a resolution authorizing staff to proceed with negotiating the Development Agreement with the Applicant to secure community benefits associated with the requested land use designation changes for the Project.[4]

In May 2026, EBRRD asked the Applicant to consider including workforce standards for the local construction workforce as community benefits in the Development Agreement. However, the Development Agreement was subsequently negotiated without workforce standards.

On July 6, 2026, EBRRD submitted a letter to the Planning Commission requesting that the City negotiate construction workforce standards as community benefits in the Development Agreement.[5] EBRRD noted that, while the Agreement proposed payment to the City's general Community Benefit Fund, it did not include community benefits to support the City's local construction workforce – a critical omission. The Planning Commission voted to recommend approval of the Development Agreement without incorporating the requested workforce standards.

EBRRD's review of the City Council Staff Report confirms that Section 5 of the proposed Ordinance for adopting the Development Agreement includes a new term in which the City Council "recommends any future developer of the Las Colinas Road Property engage with relevant labor organizations, as appropriate, in connection with the planning, construction, and facilitation of site development."[6] While this workforce recommendation is laudable, it does not go far enough to ensure that the future Project developer will engage in meaningful discussions with the local construction workforce about employment of local residents, support workforce training, or create career pathway jobs that lift up the middle class.

8007-008arm

The construction workforce is an essential part of the City's sustainable development goals. The City's General Plan and Strategic Plan include citywide objectives to "lead initiatives and programs to help strengthen Livermore's ability to attract and retain a workforce of diverse backgrounds and skill levels earning a livable wage"[7] and "achieve[] a more balanced economy by attracting greater diversification of employment opportunities, particularly those which can use the local labor force."[8] It is critical that the City Council ensure that construction of residential and mixed-use projects in its jurisdiction supports local high road job creation and apprenticeship opportunities for the City and Tri-Valley's local construction workforce.

The City also has a strong interest in ensuring that workers and residents within its borders have meaningful access to health care coverage, including the local construction workforce, who can experience high rates of injury. There are significant numbers of people living in poverty within the regional labor market. Middle-wage, family-supporting jobs are continuing to shrink in the Tri-Valley area. One of the highest-growth industries with potential to produce jobs that can lift Tri-Valley area residents out of poverty is high road construction. Section 5 of the proposed Ordinance does not move the needle far enough on achieving these objectives for the Project's construction workforce.

EBBRRD respectfully requests that the City Council amend Section 5 of the draft Ordinance to include the following recommendation [**bold text**]:

> **Section 5.** *Approval.* Based upon the City Council's own independent review of the Record Evidence and considerations, it hereby adopts this Ordinance approving the Development Agreement, attached hereto as Exhibit B. **As a condition of approval, any future developer of the Las Colinas Road Property shall engage with relevant labor organizations to discuss how to ensure project construction will support local high road job creation and apprenticeship opportunities and shall provide the City a report on the outcome of these discussions at least 60 days prior to the submittal of any building permit applications.**

This amendment would ensure that the future Project developer meaningfully engages with local construction workforce about labor standards for

[7] Livermore Strategic Plan, pp. 19, 32.
[8] General Plan ED Element, p. 11-10.

the Project and documents those efforts to the City – a critical step in ensuring sustainable development.

A. Support for Proposed Ordinance Amendment

1. General Plan and Strategic Plan

To approve the Development Agreement, the City Council must find that the development is consistent with the General Plan and applicable specific plans.[9] If the adopting Ordinance recommends that the Project developer engage directly with local construction labor organizations about workforce standards for the Project, then report the results of those discussion to the City, the Project would take meaningful steps towards implementing critical workforce policies in the General Plan and Strategic Plan.

For example, the General Plan's Economic Development Element ("ED Element") found that "Livermore's economy has mismatches be-tween jobs and residents, and the City likely continues to 'import' workers living elsewhere, while many residents of Livermore continue to commute out to other employment centers offering higher wage jobs" and concluded that "[t]hese findings underscore the need for a better match between the economic base and housing market in Livermore."[10] To address these issues, the ED Element includes Goals ED-1 and ED-2, which are directly relevant to the proposed amendment:

> **Goal ED-1:** Maintain and expand a diverse economy to ensure economic vitality.
> Objective ED-1.1. Implement policies and actions that will encourage existing businesses to remain and grow in Livermore, and attract a range of new businesses to locate in Livermore.
> Policy A4. Work with businesses and employment recruiters to establish a process to employ Livermore and other local residents for Livermore-based employment.
> Policy A5. Encourage and actively attract businesses in key industries that build upon Liver-more's competitive advantages and offer high wage jobs.[11]
>
> **Goal ED-2:** Balance the supply of job and housing opportunities in Livermore, and match jobs and wages to housing prices.

[9] LMC § 4-25-050.
[10] General Plan ED Element, p. 11-5 to 11-6 (Jobs/Housing Balance and Match).

[11] General Plan ED Element, pp. 11-7 to 11-8.
8007-008arm

Objective ED-2.1. Initiate strategies to attract additional higher wage jobs, leading to decreased out-commuting and a better jobs/housing match.
Policy P1. The City shall work toward achieving a more "balanced" economy by attracting greater diversification of employment opportunities, particularly those which can use the local labor force.
Policy P2. Support and encourage businesses that provide jobs that would have a positive effect on Livermore's job/housing match.[12]

The City's Strategic Plan includes similar goals to "Attract, develop, engage, and retain a diverse and highly skilled workforce" (Goal 8) and "Lead efforts, in collaboration with other City departments and outside partners, to maintain and enhance the diversity and resilience of Livermore's economy." (Goal 2).[13] These goals implement citywide objectives to "lead initiatives and programs to help strengthen Livermore's ability to attract and retain a workforce of diverse backgrounds and skill levels earning a livable wage."[14]

2. Public Policy and Local Workforce Programs

Large construction projects that generate low-wage jobs which provide little to no benefits, and disproportionately hire out-of-area workers, contribute to local poverty and economic decline. The proposed amendment would ask the Adventus Project to be different. If adopted, the amendment would ensure that future developers will engage in discussions about ways they can help create local job opportunities for disadvantaged workers by employing apprentices and adopting local hire goals.

Apprenticeship programs are a proven pathway for providing disadvantaged local residents good-paying construction-career opportunities. Because apprentices are paid, apprenticeship programs provide career growth opportunities to persons with families that cannot afford to take time off to attend college. In addition, state-approved apprenticeship programs are required by law to adopt an equal opportunity program with an affirmative action plan to recruit women and minority applicants.[15] Over 95% of apprenticeship graduates in California are produced by joint labor-management apprenticeship programs and many participants in union apprenticeship programs are people of color.[16]

---

[12] General Plan ED Element, p. 11-10.
[13] Livermore Strategic Plan, pp. 19, 32.
[14] *Id*.
[15] Cal. Code Regs., tit. 8, § 215.
[16] See e.g. Luke, et al. UC Berkeley, Center for Labor Research and Education, *Diversity in California's Clean Energy Workforce: Access to Jobs for Disadvantaged Workers in Renewable Energy*

Apprenticeship programs ensure that construction workers have the skills necessary to construct buildings correctly, efficiently and safely. Apprenticeship training curricula include training on safety and on energy and water efficiency measures. This training is independently reviewed and approved by the California Division of Apprenticeship Standards.

Maximizing local hire also supports the local economy. Studies show that each dollar paid to local construction workers can produce $1.50 in economic activity.[17] Local hire also reduces traffic congestion and climate impacts by reducing the number of super commuters travelling to the Tri-Valley area to take jobs that could be filled by local residents.

B. Conclusion

EBRRD respectfully requests that City amend Section 5 of the proposed Ordinance to incorporate the language proposed herein.

Sincerely,

Alaura McGuire
Christina Caro

McGrath RentCorp Development Agreement Amendment

July 27, 2026

Presented by:

Jake Potter
Economic Development Manager
Innovation & Economic Development Department

CITY OF LIVERMORE

1

Background

- **McGrath**
  - Industrial commercial use
  - 130 acres
  - Existing DA
- **General Plan**
  - McGrath located in Midtown Area
  - 2021 – initial engagement
  - Feb 2025 – Council direction to work with McGrath

LIVERMORE

2

Development Agreement Terms

McGrath Obligations

- Support MDR 4 / HDR 1 residential densities:
  - MDR 4: 18-22 du/ac
  - HDR 1: 23-30 du/ac
- Sell northern ~40 acres to a high-value commercial user, approved by the City.

City Obligations

- Extend DA term 30 years to 2059.
- Adjust DA boundary.

LIVERMORE

3

Policy Consistency

- **GP 2045 Policy**
  - Policy LU-15.5 - Create [Midtown] job opportunities through industrial/office uses.
  - Policy ED-4.1 - Balance a mix of residential, commercial, and industrial development to support a sustainable tax base.
  - Policy ED-5.2 - Provide a land use mix that generates stable, long-term revenues to fund City services.
- **Public Benefit**
  - Support for future Midtown housing
  - Estimated $900,000 - $1 million annual tax revenue increase
  - Estimated 400-600 jobs
- **CEQA**
  - No physical development
  - Design/ environmental approvals required for future development

CITY OF LIVERMORE

4

Recommendation

The Planning Commission and Staff recommend the City Council:

1. Adopt a Resolution finding that the first amendment to Development Agreement 08-002 with McGrath RentCorp is exempt under CEQA; and
2. Introduce an Ordinance, and waive the first reading, authorizing the City Manager to execute the First Amendment to Development Agreement 08-002 with McGrath RentCorp (DAA 26-002).
