Manatee by the Numbers

- 7,502 ELL students enrolled (14.1% of the total district enrollment) as of May 2024.
  - Currently, 3,382 ELL students have been enrolled for less than two years.
- 4,984 students have been exited from the ESOL program in accordance with Rule 6A-6.0903.
- 12,486 total students are a current ELL student or a former ELL student.
  - This means that 23.4% of all students in Manatee County **were** or **are** an English Language Learner.

* These numbers are based on end of the 23-24 school year enrollment of 53,177

ESOL Department Priorities

The primary focus of the ESOL Department is to support Student Achievement through Language Acquisition by assisting schools with ELL supports.

- Students in grades K-5 will receive support through Lexia English.
- Students in grades 6-12 will receive support through Summit K-12 (in their English Language Development elective courses).
- All schools have access to ELLevation for support.
- All schools have access to Sheltered Instructional Observation Protocols (SIOP) professional learning for teachers.
- The ESOL team facilitates semester ESOL Compliance Courses that are required for all teachers by the FLDOE. The ESOL team offers 7 online courses for teachers at no charge to ensure teachers can meet this requirement.
- ESOL Specialists spend 4 days per week in schools supporting teachers, ESOL paraprofessionals, and students.

ESOL Department Priorities

- Compliance with state and federal rules/regulations:
  - Includes the Consent Decree and the 2003 Modification of the Consent Decree. (https://www.fldoe.org/academics/eng-language-learners/consent-decree.stml)
- Assists with assessments:
  - As of today, 1,300 newly enrolled students must test by the 20th day of school for ESOL eligibility.
  - This number is expected to increase to roughly 2,000 students based on historical trends.
  - ELLs must take the ACCESS test January - March and the required FLDOE assessments.
- Graduation support:
  - Beginning with the 2022-23 school year, students who have been enrolled less than two school years in an ESOL program may meet assessment requirements for graduation through a formative assessment process (6A-1.09422 Statewide, Standardized Assessment Program Requirements- Amended 2020)
- Community/Family engagement:
  - In 2023-2024, schools held over 88 ESOL parent events.
  - Meet monthly with the Patterson Foundation and other ELL leaders, and serve on the board of Manatee Community Foundation (incoming chair of the Scholarship Committee)

Educational Models for ELLs

- ELL students in K-5 are in mainstream classes and receive support from ESOL Resource Teachers and ESOL Paraprofessionals.
- ELL students in 6-12 may take an ESOL elective (English Language Development), and/or English through ESOL (9-12), and/or English through Language Arts (6-8). These are the only sheltered classes our ELLs take and are offered at most of our secondary schools.
- Per the FLDOE 2023-2024 FAST Assessment Results:
  - 52% of ELL Students made ELA L25 Learning Gains
  - 53% of ELL Students made Math L25 Learning Gains
- We know our models of instruction are working based on learning gains. Our ELLs are making gains at the same rate as the rest of the district.

Camp Creator – June 2024

- Available to middle school ELLs (funded through Federal Grant Funds earmarked for additional learning opportunities for ELLs) at Lincoln, Lee and Mona Jain middle schools.
- Focus on FLDOE science standards and academic vocabulary through an interactive camp that includes coding, robotics, and engineering.

Impact of Teacher Quality

Research shows that teachers are the single most important classroom factor in a child's learning achievement. The greatest influence on student progression in learning is having highly expert, inspired and passionate teachers and school leaders working together to maximize the effect of their teaching on all students in their care (Hattie 2015, p 2; Hattie 2017).

Impact of Principal Quality

Results indicate that highly effective principals raise the achievement of a typical student in their schools by between two and seven months of learning in a single school year; ineffective principals lower achievement by the same amount.

Instructional Rounds

Instructional rounds – a practice adapted to education from the field of medicine – offer a structure for educators to work together to identify and solve common problems related to learning and teaching.

The instructional rounds process provides a disciplined, collaborative way for schools and districts to:

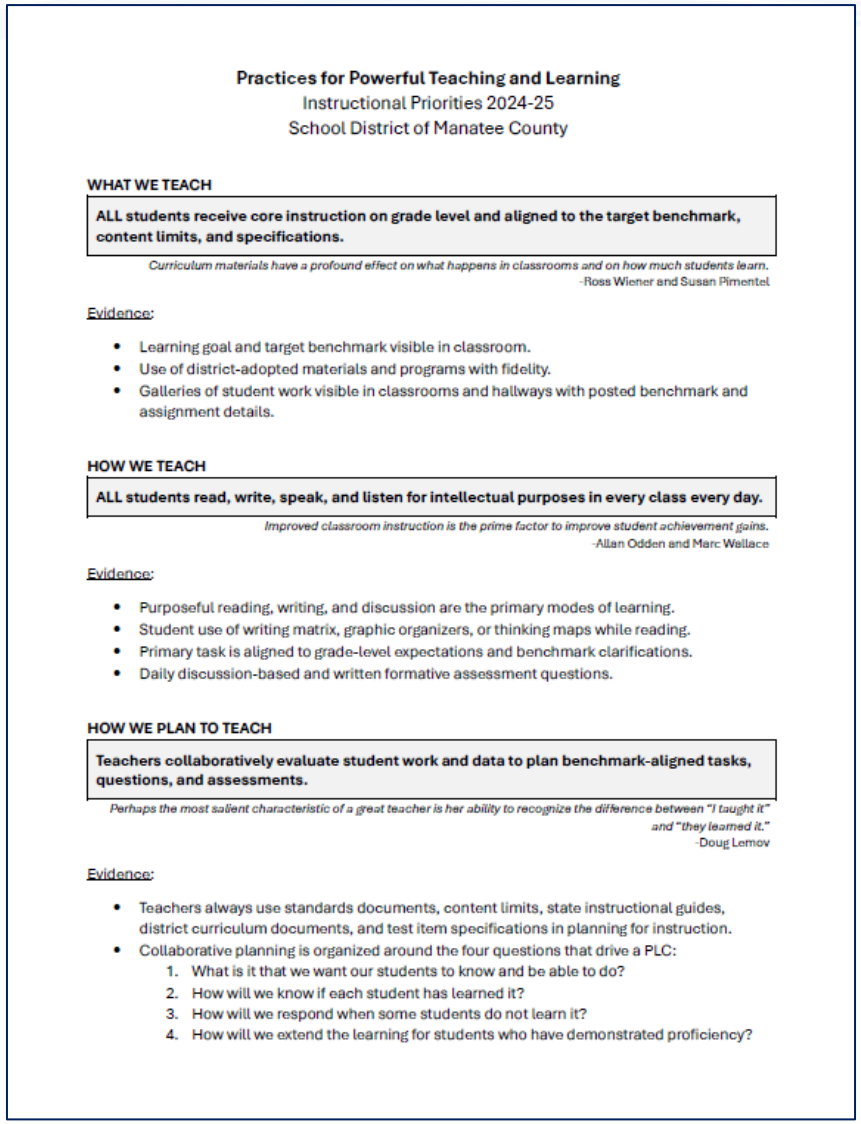

- Diagnose learning needs for students and educators.
- Focus on and improve learning tasks.
- Develop a shared vision of high-quality teaching and learning.
- Foster a collaborative culture that supports learning.

SDMC Instructional Priorities

A guide to district-wide instructional expectations

- Aligned to the instructional core
- Organized into three key areas:
  - What we teach
  - How we teach
  - How we plan to teach
- Look-Fors will guide school visits, instructional rounds, and other structures.

Instructional Priorities 2024-25
School District of Manatee County

WHAT WE TEACH

ALL students receive core instruction on grade level and aligned to the target benchmark, content limits, and specifications.

Curriculum materials have a profound effect on what happens in classrooms and on how much students learn.
-Ross Wiener and Susan Pimentel

Evidence:

- Learning goal and target benchmark visible in classroom.
- Use of district-adopted materials and programs with fidelity.
- Galleries of student work visible in classrooms and hallways with posted benchmark and assignment details.

HOW WE TEACH

ALL students read, write, speak, and listen for intellectual purposes in every class every day.

Improved classroom instruction is the prime factor to improve student achievement gains.
-Allan Odden and Marc Wallace

Evidence:

- Purposeful reading, writing, and discussion are the primary modes of learning.
- Student use of writing matrix, graphic organizers, or thinking maps while reading.
- Primary task is aligned to grade-level expectations and benchmark clarifications.
- Daily discussion-based and written formative assessment questions.

HOW WE PLAN TO TEACH

Teachers collaboratively evaluate student work and data to plan benchmark-aligned tasks, questions, and assessments.

Perhaps the most salient characteristic of a great teacher is her ability to recognize the difference between "I taught it" and "they learned it."
-Doug Lemov

Evidence:

- Teachers always use standards documents, content limits, state instructional guides, district curriculum documents, and test item specifications in planning for instruction.
- Collaborative planning is organized around the four questions that drive a PLC:
  1. What is it that we want our students to know and be able to do?
  2. How will we know if each student has learned it?
  3. How will we respond when some students do not learn it?
  4. How will we extend the learning for students who have demonstrated proficiency?

AGENDA ITEM NO. 10.2

School Board of Manatee County
August 6, 2024 - Regular Board Meeting
Action Item

Title
Approval of the Report of Teachers' Out-of-Field Content, Reading, and ESOL (English for Speakers of Other Languages) (No Financial Impact)

Executive Summary
The Out-of-Field Plan for Manatee County Schools provides that teachers are notified of their out-of-field status at the point that their current certification does not meet the required certification for the subject(s) they are teaching. State School Board Rule 6A-1.0503 provides that any out-of-field teacher must be appointed as out-of-field after verifying that an appropriately certified teacher is unavailable. The School Board appointed the attached list of teachers as out-of-field. These teachers can pass the subject area exam or complete a minimum of six semester hours annually toward certification until such time they can pass the test, if applicable.

The Multicultural and Educational Training Advocacy (META) Consent Decree requires that all teachers of English Language Learners (ELLs) receive training in English for Speakers of Other Languages (ESOL) strategies. The required training hours range from 18 to 300 hours and are categorized by the subject in which the teacher gives instruction. Categories are I, II, III, and IV. The category also drives the timeline for completing training hours. Specifics are given to each teacher at the time of hire or when there is a change of assignment. Category I Teachers who are not ESOL Certified or Endorsed must be reported to the Board as out-of-field. The attached list contains the names of the teachers who must be reported to the Board.

The Superintendent recommends approval of the report of teachers' out-of-field content, reading and ESOL (English for Speakers of Other Languages) (No Financial Impact).

2023 - 2024

School Administrators Salary Plan

for

Principals, Assistant Principals, and Athletic Directors

The School Administrators Salary Plan is calculated using several areas.

Base Pay is the initial salary placement. Upon hire, school administrators are placed on the School Administrators Salary Plan on step one if this is their first time in that position or placed on the step associated with their previous years of experience in the same position *(ex: prior years AP experience to AP Base Bay Placement and prior years Principal experience to Principal Base Pay placement.)* Experience is granted for each full school year in that position. Administrators who start after September 1, will not be given a full year credit. Assistant Principal Experience is not used for Principal placement. A Principal, Assistant Principal, or Athletic Director must work a full four (4) years at their assigned Pay Grade at each step to be eligible to move to the next step. Eligibility is after accumulating and completing 4, 8, 12, 16, or 20 years of experience in the same position. This is calculated by using the start date in the position to September 1 of each year and from the step of initial pay grade and step placement as long as the position is the same *(ex: Assistant Principal to Assistant Principal; Principal to Principal at that Pay Grade; Athletic Director to Athletic Director at that Pay Grade.)*

Once Base Pay is determined, supplements are added related to the demographics of the school that the school administrator is assigned to. The Demographic Supplement amounts are based on the student enrollment at the school from the previous year's Survey 2 FTE Count and if it is a Title One school.

In addition to Base Pay and a Demographic Supplement, if the School Administrator holds an advanced degree other than the master's degree that is required for the position, a Degree Supplement is given.

The School Administrators Salary Schedule is a Performance Based Salary Schedule. Each year Principals and Assistant Principals are evaluated by the either the Executive Director of Elementary Schools or Executive Director of Secondary Schools. The performance evaluation includes metrics for student achievement, growth, etc. Those metrics, observations from the Executive Director, and goal setting determine an overall rating that is then used to calculate a Performance Supplement. The Performance Supplement is a percentage calculated on the school administrator's total compensation after all adjustments that includes all supplements and remains year after year. Every year a new Performance Supplement is added to the school administrator's total compensation if an Effective or Highly Effective rating is earned. Ratings of Needs Improvement/Developing, or Unsatisfactory will not receive a performance supplement increase. Performance Supplements earned as an Assistant Principal are removed when being promoted to a Principal and are awarded after one full evaluation cycle as a Principal. Athletic Directors receive a 2% raise every year (see page 4 for more information.)

Finally, from time-to-time School Administrators might be asked or will volunteer to serve on district committees or have other responsibilities on an annual basis. An Other Responsibilities Annual Supplement may be paid. Additionally, a Professional Development Annual Supplement may be given as well. The Other Responsibilities Annual Supplement and Professional Development Annual Supplement are awarded by the Superintendent or designee annually and do not carry over and are not guaranteed year after year.

Please note that all additional annual supplements are assigned at the discretion of the Superintendent.

SECTION 3
TECHNOLOGY NEEDS, STANDARDS, & COMMITTEES

3.1 Process for Determining Needs

The Office of the Chief Technology Officer (CTO) leads the development of the long-range technology plans for the entire district. The new strategic planning process is aligning department efforts with overall district objectives and goals approved by the School Board.

The Information Technology Division reviews and recommends for SDMC Board approval the maintenance and ongoing support of existing and new technologies and integrations in SDMC.

Additionally, the Information Technology Division, reviews, approves, and provides recommendations for SDMC approval for all technology infrastructure, end point devices, software integrations, and implementations.

Six main component areas are targeted annually to determine needs for all schools:

1. Student Performance Outcomes
2. Digital Learning and Technology Infrastructure
3. Professional Development
4. Digital Tools
5. Online Assessment Support
6. Committees and Focus Groups

3.2 Training

The Professional Learning department conducts a yearly online training needs assessment that includes a section for technology training. The results from the survey guide priority technology training in the following year.

3.3 Florida DOE Technology Resource Inventory, Needs Assessment, and IT Customer Satisfaction Surveys

The district will provide updated data through the use of the Technology Resources Inventory (TRI) when this tool is available. The Bureau of Educational Technology utilizes the Technology Resources Inventory maintained by the Florida Center for Interactive Media (FCIM) to provide districts and schools with the necessary data to effectively integrate technology into school curricula and instructional strategies.

The results of these inventories are reported online to assist with technology planning and implementation in schools and districts throughout Florida. SDMC will continue to leverage this as an important tool for determining needs for all schools. Information Technology assists each school in completing this survey.

Additionally, the Information Technology Division will complete an annual technology needs assessment walk through for all SDMC schools. The Technology needs assessment will be scheduled with each school leadership team.

Through the IT Solutions and Support Center (Service Desk Application) users can provide feedback using an optional customer satisfaction survey tool.

3.4 Florida DOE Technology Specifications for Online Assessment

Florida Department of Education provides a minimum set of technology requirements for student computers and bandwidth requirements for students. SDMC will utilize these minimum standards as a benchmark for computer purchases and future network upgrades.

3.5 School Improvement Plans (SIP)/School Technology Plans and Advisory Councils

All schools prepare their own SIPs based upon an analysis of the available data. All SIPs are required to reflect the mission and objectives approved by the Board.

The **Continuous Improvement Management System (CIMS)** was developed by the Bureau of School Improvement (BSI) to help serve the needs of stakeholders across Florida. This site provides district and school teams an online platform for collaborative planning and problem solving. SDMC leverages this framework to update their SIP via https://www.floridacims.org/

3.6 English Speakers of Other Languages (ESOL)

ESOL student plans are updated yearly in ELLevation. This program communicates with FOCUS to ensure that the FTE codes and testing data from FOCUS are on the ELL plan. Each student plan is also required to be updated any time there is a schedule change for an English language learner. Teachers also have access to a student's ACCESS for ELLs 2.0 assessment data for each year a student has taken this state-wide assessment. This data allows school personnel to monitor a student's English language acquisition and plan appropriate instruction.

3.7 Exceptional Student Education (ESE)

Technology can be, and is, used in various ways to support the Exceptional Student Education program. An Individual Education Plan (IEP) is provided through the state provided system – PEER that can be accessed at both the school and district level by appropriate personnel.

This will enable teachers and administrators to monitor and assess the ESE student's progress, prevent lapses in services, and provide up-to-date information in the Student Information System.

SECTION 4
INFRASTRUCTURE, PERFORMANCE, AND SECURITY

4.1 Data Network

4.1.1 All schools in the district are networked. Schools with multiple buildings or multiple communication closets within the same building communicate with each other using 10 Gbps fiber uplinks.

4.1.2 All workstation switch ports are 10/100/1000 Mbps. Every space occupied by staff has at least one data drop outlet with two or more Ethernet ports wired with Cat 5E cables at a minimum. CAT6A is the standard for any adds and/or new construction.

4.1.3 Classrooms have a minimum of two data outlets.

4.1.4 Computer labs are generally wired with one data drop for each computer in the lab.

4.1.5 Portables are connected to the main buildings with fiber optic cable and equipped with 1 Gbps uplinks and have a 10/100/1000 Mbps managed network switch.

4.1.6 Wireless network coverage is necessary for the effective deployment and use of wireless laptop computers. The district has achieved a 1:1 wireless access point ratio for all academic classrooms. Plans to increase wireless coverage to common areas, courtyards, and other outside spaces in 2024-2026.

4.1.7 Fifty-four (54) district sites with 10 Gbps fiber connections terminating into two data centers with independent Internet circuits.

4.1.8 All 54 sites have 12 strands of fiber in and 12 strands of fiber out on five (5) independent district owned fiber rings and on single spoke and hub ring.

4.1.9 Eight (8) North River sites have dual 10 Gbps connections back to both data centers via a single collapsed lateral.

4.1.10 Four (4) administrative sites are also connected to the District via dual 10 gigabit fiber rings. All (4) sites connect to both data centers. The entire SDMC fiber optic system is subterranean and owned by SDMC.

4.1.11 As of July 2024, fifty-seven (57) district sites are connected via managed dark fiber with dual 10G connections back to each data center. This dark fiber was installed in addition to SDMC owned dark fiber for added network resiliency. Both SDMC owned and Managed Service Provider (MSP) provided dark fiber are monitored and managed under contract with MSP.

4.1.12 Internet content filtering is implemented for all users using a cloud based hosted solution. All Internet access is directed through the firewall without exception and is policy / role based.

4.2 Infrastructure and Network Support Services

The School Board approved an infrastructure upgrade on February 11, 2020, for INTERNET Services and Leased LIT Fiber Not to Exceed $2,782,560.00 that includes (2) INTERNET Circuits and a fully managed Layer 3 Service including a bundled security package posturing SDMC for up to a maximum of 84 months of continued uninterruptable service. This approved upgrade allows for INTERNET bandwidth upgrades when needed.

The School Board approved a Managed Dark Fiber solution on February 8, 2022. The requested contract is for the period of July 1, 2022, through June 30, 2037.

A significant portion of this annual cost will be funded through E-RATE.

The district's centralized server infrastructure (physical/virtual) and INTERNET services are located at the district's dual data centers.

The Information Technology Division is planning a data center infrastructure refresh for 2024/2025.

The district uses Microsoft Office 365 (O365) for email services and Office applications. O365 provides seats for all district staff, students, contracted sites and Charter Schools. The service is cloud hosted for redundancy.

4.3 Telephone and Intercom

Every classroom and office location are equipped with a new Internet Protocol (IP) based handset device and access to the new enterprise IP based PA system. Life safety systems are integrated through the IP PA system to ensure drills and lockdown messages are heard on each campus throughout the district.

4.4 Technology Security Protection Measures

The district's INTERNET connections are secured with an enterprise level firewall system and services that are monitored 24X7X365. Additionally, integrated intrusion detection and prevention systems to reduce exposure to threats and a host of additional services that provides a comprehensive suite of unified threat management features that meet the unique security requirements of SDMC.

Email Protection:

Emails are hosted on our tenant in the cloud. We have enabled anti-spam and other security components that also include data loss prevention for confidential information and sharing restrictions outside of our environment.

With the assistance of email filtering, we block several spam messages from reaching our SDMC email boxes and we also have security and compliance measures in place to archive and preserve email history to meet required retention periods.

The list of other advanced threat protections that are enabled are:

- Anti-Phishing: Protects our users from phishing attacks (i.e. impersonation and spoofing) and use safety tips to warn users about potentially harmful messages.
- Safe Attachments: Protects SDMC from malicious content in email attachments.
- Safe Links: Protects SDMC users from opening and sharing malicious links in email messages and Office desktop applications.
- Anti-Malware: Protects SDMC email from malware, including what actions to take and who to notify if malware is detected.
- DDOS Protection: Defends against denial-of-service attacks that would occur in in the cloud that would impact users' ability to access resources.

4.5 Instructional Television Network (MSTV)

The district has an educational television channel, Manatee Schools Television (MSTV). The mission of Manatee Schools Television is to produce and broadcast television programs supporting the vision of the School District of Manatee County and the educational needs of our students, staff, and community. MSTV broadcasts to the community on Spectrum and Frontier cable television networks. Manatee Schools Television can also be viewed on the School District of Manatee County app available for, Roku, Fire TV, and Apple TV as well as online twenty-four hours a day, seven days a week.

SECTION 7
FUNDING PLAN

7.1 Major Funding Sources

The majority of funds utilized for the acquisition and support of technology come from within the district. Many of the figures provided below must be considered estimates as it is difficult to obtain precise figures when multiple funding sources are involved, when technology costs can vary, and when projecting into the future. The following are descriptions of the funding sources along with activities these funds support.

7.1.1 District Operating Budget - Information Technology Division

The staff costs for Information Technology (IT) and schools that have allocated Technology Lab Manager positions, and School Technology Support Technicians are generally funded from the operating budget. Other funding sources for staff positions may be applicable from year to year. These operating funds are considered recurring funds. Staffing allocation costs across these (4) cost centers to support Information Technology is responsible for most general fund expenditures.

Maintenance fees for district level software systems, and the cost for leasing telephony, data lines, and cellular services are also a part of the operating budget. A portion of operating funds is provided for software, technology related supplies, and for non-capitalized equipment. The IT Division consists of 4 cost centers: Information Technology, Printing & Duplicating, Property Records & Retention, and Student Demographics/Projections.

7.1.3 E-Rate Funding

The district has successfully applied for E-Rate federal funds annually since the inception of the program (20+ years). The Category One service supports data transmission services and/or INTERNET Access. The Category Two Services supports internal connections, managed internal broadband services, and basic maintenance of internal connections as outlined in the Eligible Services List published annually by Universal Service Administrative CO. (USAC). These service types include critical eligible products, such as access points, routers, switches, and structured cabling.

This program continues to be a critical part of the district's funding of technology infrastructure and INTERNET services. Category One eligible services continue to be funded at 80%.

Starting in 2021-2022 (Funding Year 24) through 2025-2026 (Funding Year 28) the district's eligible E-rate available funds for Category 2 funding requests is estimated at **$7,766,168.00**. The district's financial obligation for eligible services is approximately **$1,553,233.60** (20%) during this first full budget cycle (FY2021-2025). The district is on track to utilize close to 100% of the allocated Category 2 funding available through Funding Year 2028.

ERATE Funding Year 2029 (2026-2027) Category 2 funding has not been determined at this time. It is anticipated the per student budget will increase beginning with funding year 2029. Current per student funding is $167.00. It is expected the district's financial obligation for eligible services will be 20% during this first full budget cycle (FY2026-2030). This section will be updated to reflect these changes when approval from USAC is received.

7.1.4 Additional Funding Sources

There are other sources of funding used for the procurement of technology including:

- Career & Professional Education (CAPE)
- Donations
- Grants

- IDEA-B (Specialized Equipment)
- School Internal Accounts
- School Discretionary FF&E
- Specialized Academic Instruction (SAI)
- School Improvement Plan (SIP)
- Title I and Title IV
- Florida School Recognition Funds
- Sales Tax Proceeds
- Other

These expenditures vary widely from year to year, therefore projected figures are not provided in this Technology Plan.

The Information Technology (IT) Division works within its allotted budget to support the technology needs of our district. The projected funding for network/hardware, support staff, hardware and software maintenance, capital outlay for equipment, and funding for software acquisition is needed to meet the challenging and changing needs of technology in the district.

SECTION 8
TECHNOLOGY ACQUISITION PLAN

8.1 Identifying Appropriate Technologies

The district continually reviews new technologies that can enhance and improve teaching and learning, in addition to, district business requirements.

The process will include system age identification, quantity of systems per site, student counts per site and staff counts per site. The goal will be to implement a sustainable refresh replacement plan that will ensure equitable up to date technology at all school and department sites using a centralized purchasing approach of approved technology.

Alignment to district goals, District Strategic Plan and standardization is a requirement. Standards have been set for computers, audio visual equipment (panels), interactive classroom technology, multi-function devices, network printers, networking, telephone infrastructure and handsets, public address systems, athletic field sound systems and peripheral devices.

8.2 Acquisition to Meet Widest Range of Student Needs

The School District of Manatee County (SDMC) District Leadership Team continuously reviews all educational software applications annually for effectiveness and targeted implementation.

8.3 Acquisition Timetable

The district maintains a centralized procurement process to purchase technology at all school and department sites. The goal is for the district to maintain funding and sustain the technology refresh cycle to ensure no school relies on irrelevant technology beyond its useful life cycle. The computer refresh plan is an annual priority.

The refresh plan will require the removal of outdated legacy systems and technology equipment that are no longer relevant and sustainable for SDMC students and staff. Additionally, these outdated systems create significant security vulnerabilities to the district. The districts Tech4Students program provides an alternative to the traditional surplus of legacy devices. This program has benefited over 1400+ students in the last 3 years.

Legacy devices that are not conditioned to provide to students through this program follow district procedures and board policies to surplus devices.

8.4 Acquisition Standards and Procedures

The district has developed procedures and standards for technology acquisition. Standards and procedures are reviewed each year for potential revision. Key examples follow:

- Computer Standards including, desktops, mobile devices, monitors, printers, digital displays, MFD and other peripheral devices used in the classroom and support departments.
- A standardization of network specifications, structured cabling including PA, telephony (VoIP) specifications and procedures.
- Manatee Schools Television department recommends AV solutions and equipment used in our schools. Changes are made each year based on repair history and price changes.
- All servers are managed by Data Center Services (DCS). DCS determines appropriate patches, upgrades, security vulnerabilities, and system hardening. Servers are purchased with three or five-year support agreements.
- Staff are required to submit service desk tickets to request services from the Information Technology Division.
- Future RFP/RFQs directly related to the acquisition of a new Enterprise Resource Planning System and Student Information System will require an outside consultant and/or subject matter expert(s) to thoroughly analyze district needs. Prior to engaging in this expenditure for an outside consultant, the Superintendent will request the School Board approve the expenditure for the outside consultant.
- SDMC will clearly explain benchmarks based upon RFP/RFQ that are expected in the responses, scoring criteria and how to evaluate each RFP/RFQ based on specific criteria.
- SDMC will develop negotiation plan for IT service provider contracts that encompass the full and complete scope of services, cost, deliverables, and penalties for failure to meet a specified and agreed schedule.

- Procurement at the lowest price consistent with desired quality in accordance with standards and following local, state, and federal procurement policies and statutes including ERATE requirements set by Universal Service Administrative CO. (USAC). USAC administers the Universal Service Fund under the direction of the Federal Communications Commission (FCC).
- Backup processes for IT systems that are identified as LEGACY replacement systems will be maintained to ensure that the replacement IT system and/or software is properly integrated and functioning.
- Major Information Technology Systems being considered for implementation in SDMC should have a proven K-12 footprint with a successful and documented record for delivering projects on time and on budget for similar services acquired by similar entities.
- Any service provider contract selected that contains provisions that deviate from the specifications included in RFP/RFQ must provide justified documentation on how the deviation did not compromise the competitive selection process or the desired outcome requested by the district.

8.4.1 ERATE Program Application Process

SDMC will follow the below listed steps and will incorporate any local procurement processes required by School Board policy when requesting E-Rate services:

1. Competitive Bidding
2. Selecting a Service Provider (most cost-effective provider)
3. Applying for Discounts
4. Application Review
5. Starting Services
6. Pay for discounted services or pay for services and invoice USAC for reimbursement.

See the Application Process Flowchart provided by the Universal Service Administrative Co.: https://www.usac.org/wp-content/uploads/e-rate/documents/Handouts/application-process-flow-chart.pdf. Source: www.usac.org.

8.4.2 – Acquisition Action Steps

The Information Technology Division follows the below procurement guidelines when purchasing Information Technology products. Purchasing Thresholds (quotes, solicitations, and board approval):

Federal Funds

- Micro-Purchases ≤$10,000: requester must determine if the price is reasonable based on price comparisons, actual prices paid for comparable items.
- Small Purchases >$10,000.00 but ≤$49,999.99: written quote from an adequate number of sources must be provided (2 to 3 written quotes).

Budgeted Funds

- <$20,000.00: requester must obtain verbal quotes, comments in the requisition should read "Telephone quotes obtained from vendor 1, vendor 2, and vendor 3 (use vendors' name). Records maintained at site. Records are to be maintained by the requester and are subject to review by the buyer or auditors.
- Between $20,000.00 and $49,999.99: provide three written quotes and attach to the requisition. If a bid is already in place a quote from the awarded Vendor only is required.
- $50,000.00 or higher: Contact the buyer to determine if a bid is already in place. If no bid is in place, buyer will collaborate with you to determine the best path forward to make the purchase. Options are to piggyback another school districts or public agency's bid or conduct our own bid. Please allow a minimum of 90-120 days to conduct a bid. Board approval is required on any purchase $50,000.00 or greater. Note: Approval to apply and accept a grant is not sufficient to make the purchase. If over $50,000.00, Board approval must be obtained, and a bid or piggyback will need to be executed to make the purchase.

Sole Source

- Contact the buyer to determine if a bid is already in place. Obtain a sole source letter from the supplier and forward the letter and the department justification of need to the purchasing buyer.
- The purchasing department will verify and seek necessary review and approval, including board approval if required. The sole source process will take a minimum of 15 days to complete.

8.5 Guidance for Decision-Making

The Information Technology Leadership (ITL) Team provides guidance and direction to all schools and departments on the purchase and implementation of technology products and services.

Technology projects, implementations, and initiatives are reviewed by the Chief Technology Officer prior to acquisition. The goal is to standardize whenever possible and provide the most cost-effective solutions for district and school initiatives while meeting the instructional needs of all schools.

SECTION 9
ACCESS

9.1 Equitable Access

Equitable access to technologies to support teaching and learning is accomplished by:

- The district has implemented a hardware refresh program based on available annual funding. This program will use student enrollment numbers, staff unit allocations, and annual site assessments to determine equitable access to technology resources to support teaching, learning, and assessment testing at all schools.
- A multi-year plan is included in this technology plan that provides all schools equitable access to networking infrastructure to ensure safe, secure, and efficient use of the INTERNET and INTRANET.
- Multi-year plan that provides updated technology and renovations to each school's media center.
- Interactive Digital Display Panel project for all academic classrooms.
- The District ESE department responds to requests from school staff and parents for assistive technologies. Laptop computers and special input/output devices are provided as appropriate after reviewing each individual case. Special software is also provided when needed. The ESE Department and IT Division staff work collaboratively together to ensure these requests are completed in a timely manner.
- All sites have INTERNET access to provide resources such as our district website, MYSDMC SSO, Student Information System, Business System, eLearning Manatee District Learning Management System and a variety of instructionally appropriate sites to support teaching and learning.
- The district's mass notification call out system provides direct communications to staff and parents. The system reports student absences and delivers important school or district information to the selected group of recipients.
- To reach all parents and community members, the Manatee Educational Television station broadcasts a variety of programs. School Board meetings are also broadcast live bi-monthly to keep the community informed.

- The district's upgraded VOIP/PA systems for all schools with additional crisis alert communication integration that meets the statutory requirements for Alyssa's Alert.
- MYSDMC FOCUS mobile application providing students, parents, and guardians with real-time access to grades and other important student resources.
- The district provides all school and department websites a framework that automatically checks against WCAG accessibility standards. Additionally, it automatically generates alternative formats for SDMC content that provides our users added flexibility, choice, and providing a better digital experience.
- Enhanced mass communications, text, and teacher communication tools to continue to improve district and school communications are used and being evaluated annually.

9.2 Acceptable Use Guidelines

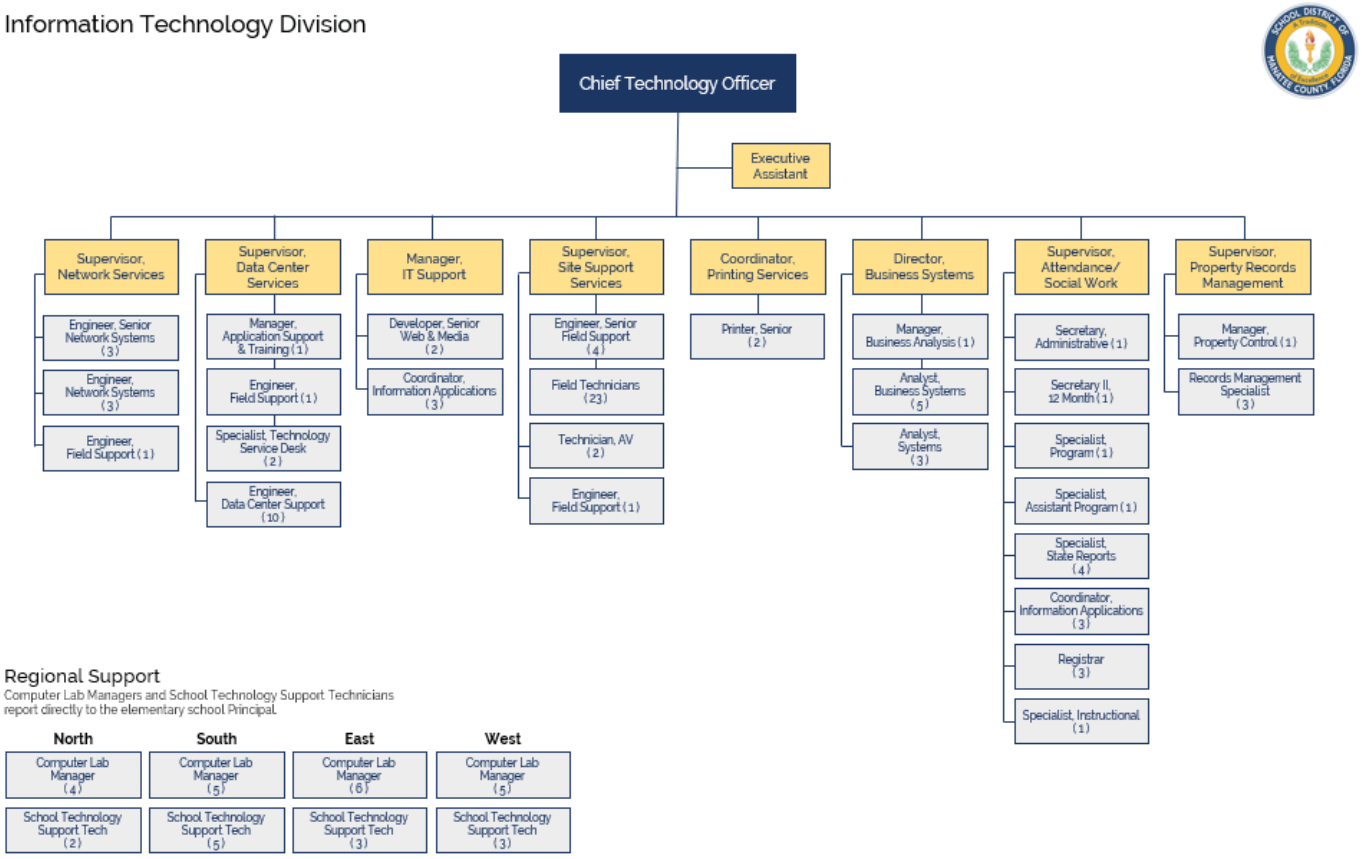

District Acceptable Use Guidelines have been approved by the School Board and have been electronically acknowledged annually by the employees of the School Board of Manatee County through MYSDMC SSO. The document protects the confidentiality of students, intellectual property rights, licensing agreements and addresses the legal/ethical standards for sharing resources with other educational entities (Appendix A).

A set of Website Guidelines have been developed to provide guidance to all sites publishing web-based documents. These guidelines are designed to keep students focused on instructional uses of web pages and to protect the integrity of the district (Appendix B).

SECTION 11
STAFF TRAINING and PROFESSIONAL DEVELOPMENT PLAN

11.1 Increasing the Use of Technology in Classrooms and Media Centers

11.1.1 Technology Integration Training

Proficiency alone is inadequate. Teachers must be provided with support for learning how to teach differently and creating learning experiences for students not possible in the absence of technology.

A professional learning curriculum aligned with this goal, accompanied by the expectation for continuous improvement, must be developed or adopted and delivered in multiple modalities to increase the pedagogical capacity of our instructional staff.

The Information Technology reorganization plan in 2023 provided the opportunity to realign an IT Training Department that consists of a team of (2) high-quality Information Applications Coordinators that is vital to provide key IT training on new and existing applications and projects.

11.1.2 Computer Based Training

The district currently uses MyPGS to allow staff to register and receive on-line and in person training.

The continued identification of training needs and delivery systems that minimizes teacher time away from the classroom and provides cost-effectiveness remains a high priority.

The continued use of TEAMS is a critical training delivery method that has provided training opportunities that minimizes time away from the primary assigned cost center.

A needs assessment is conducted annually that surveys all instructional and support personnel to determine the types of training that are needed.

11.1.3 Enterprise Resource Planning – PeopleSoft HCM/FSCM Training

The Information Technology department implemented a new approach to PeopleSoft training for new staff members during onboarding. This approach ensured that specific courses were assigned based on their roles, guaranteeing that they received the necessary training for the District's Business System. Additionally, this

approach provided continued professional development training opportunities for existing staff members in PeopleSoft FSCM and PeopleSoft HCM.

Moving forward the Business Systems team supports the **Ready 2026 Strategic Plan,** Goal 3: Develop an innovative leadership development program and succession-planning model to attract and support quality school and district leaders.

Strategy 2: Develop high-quality PeopleSoft professional learning courses to improve efficiency.

To measure progress, two metrics have been established:

Metric 1: Maintain and enhance professional learning tools to include job aids, videos, and quick guides.

Metric 2: Establish PeopleSoft learning paths for specific job functionalities and ensure staff is trained annually.

The Business Systems team offers various resources to assist in achieving these objectives, including:

- District Staff are provided access to the SDMC Intranet PeopleSoft Training page, which offers a wide range of helpful resources. Included among these resources are over 600 categorized Job Aids that are tailored to specific modules, roles, and departments. The Intranet also contains an array of supplementary materials such as PeopleSoft Business Processes, Forms, Videos, Manuals, and various training sites. These resources are easily accessible and aim to enhance the training and knowledge of the staff.
- Members of the Leadership Team (managers and above) are identified during onboarding and are provided a hard copy resource document with relevant PeopleSoft Job Aids pertinent to their responsibilities.
- Business Analysts specializing in FSCM and HCM take a proactive approach by contacting Bookkeepers and Secretaries after their onboarding to discuss role-specific training opportunities.
- Whenever necessary, the Business Systems Team conducts tailored training sessions that cater to the specific needs of different departments. These training programs encompass both one-on-one sessions and group training. Following the training, typically a resource document is provided as a reference.

- More than 60 videos are available to assist users of the Business System. These videos are updated and modified whenever department leadership or mid-users introduce new business processes and procedures.
- Within 48 hours after the date of hiring, the Business Systems Team will send a comprehensive email to all new employees. This email will contain detailed instructions regarding the various courses available to them through MyPGS platform.

The main objective is to provide a comprehensive strategy that emphasizes the provision of effective training for PeopleSoft, covering the fundamental skills necessary for daily job tasks. Moreover, this approach aims to contribute towards the objective of cultivating creative and forward-thinking leaders within the organization and supporting school and district leaders.

11.1.4 Security Awareness

Information Technology has developed a comprehensive training program that addresses multiple areas of concern related to Information Technology and Security Awareness. Annually, all SDMC users are required to complete specific Security Awareness Courses. These courses generally range from 5 to 30 minutes in length covering multiple course titles.

Additionally, we have identified "user groups" that are required to complete additional security awareness courses throughout the year based on their specific role in our organization and to ensure we keep security awareness relevant and that we are reminded that each user plays a critical role in securing our student and staff data.

Examples of "user groups" are listed below:

- All Staff
- High Risk
- Information Technology
- Senior Leadership

Examples of Course Titles that are required based on assigned user groups are listed below:

- Danger Zone
- Data Security
- Email and Phishing
- Passwords
- Protecting Privacy Under FERPA
- Ransomware and Bitcoin with Quiz
- Understanding URLS
- Working Remotely

Information security policies are critical to safeguard our data systems, including hardware, software, and the personal information we collect, store, and transmit throughout the district. Understanding potential security threats results in greater awareness and protection for both the district and employee data.

11.1.5 ADA Compliance Training

The Information Technology division is bringing attention to the importance of creating and supporting ADA accessible documentation. SECTION 12
PROGRAM EVALUATION

12.1 Evaluation of Integration Process

The impact of instructional technology can only be measured against its impact on teaching and learning. Therefore, the district's goal was to adopt, implement, and sustain a measurement tool or rubric and incorporate its use into walkthrough and classroom observation instruments. To ensure meaningful data and inter-rater reliability, training on applying the selected rubric to learning events was developed, implemented, and delivered to all administrative staff charged with evaluating classroom instruction.

12.2 Evaluation System

The School District of Manatee County (SDMC) promotes student achievement by helping teachers and administrators excel in the school and classroom. Teacher effectiveness is the most influential factor to positively impact student achievement. Our goal is to promote innovative and effective teaching in every classroom. Supporting teachers to excel as professionals through a focus on a site-based system of support at every school, students will achieve more and be prepared for life after graduation.

12.3 Impact on Achievement

A combination of assessment tools and strategies will be used to determine the impact of the technology plan on student achievement, as defined in the Florida Standards. The assessment plan will focus on the following areas:

- The ability of students to demonstrate basic technology operational knowledge and skills.
- The ability of students to utilize technology resources for learning, productivity, and creativity as applied to meeting subject area specifications defined in the Florida Standards.
- The ability of students to utilize technology to communicate ideas and work collaboratively to support individual learning and contribute to the learning of others.
- The ability of students to utilize technology to gather, evaluate and ethically use information from a variety of sources and media.

- The ability of students to use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions utilizing appropriate technology tools and resources.
- The impact of technology utilization on student achievement as measured by the Florida Assessment of Student Thinking (FAST).
- Demonstration of understanding human, cultural, and societal issues related to technology and practice legal and ethical behavior.
- The ability of teachers to utilize technology in student learning experiences.
- The ability of teachers to utilize technology in the process of differentiating instruction to accommodate individual learning styles and modalities.
- The utilization of technology in the assessment of student performance including diagnosis (screening), monitoring (formative assessment), and examination of mastery (summative assessment) strategies. Annually, our schools will use data from the assessment plan to help drive staff development and move goals and objectives forward.

SECTION 13
STUDENT AND STAFF DATA PRIVACY

The School District of Manatee County, Fl, and the Information Technology Division is committed to Student and Staff data privacy. The school district is a member of the Student Data Privacy Consortium (SDPC) and the Florida Student Privacy Alliance (FSPA). The annual membership is currently funded by the Florida Department of Education.

The SDPC is a unique collaborative of schools, districts, regional, territories, and state agencies addressing the growing data privacy concerns. The school district's Chief Technology Officer is also a member of the Florida Student Privacy Alliance Committee. The FSPA currently has 51 of the 67 public school districts participating with over 1,000+ agreements statewide.

The FSPA is a collaboration of Florida school districts that share common concerns around student privacy. The goal of the FSPA is to set standards of both practice and expectations around student privacy. This enables all vendors and schools to have common expectations when implementing any online application and entering into an agreement without having to renegotiate terms in every new instance. The web presence is to consist of the following components:

1. District website with Department sections
2. School websites
3. Internal websites (Intranet)
4. Mobile device specific websites
5. Learning Management System website
6. Social Media integration
7. Ancillary (third-party) website integration

In development and acquisition of these components the following standards will be required:

1. Seamless integration for the end-user where feasible
2. Low technical point of entry for content creators
3. Device and Operating System agnostic applications
4. Consistency in design and user interface where possible
5. Scalability and future-proofing

2024–25 Uniform Statewide Assessment Calendar

According to Section 1008.22(7)(b), Florida Statutes (F.S.), and State Board of Education Rule 6A-1.094224, Florida Administrative Code (F.A.C), the uniform assessment calendar must be published on the Florida Department of Education (FDOE) website by January of each year for, at a minimum, the following two school years. Prior to posting, FDOE will complete sections 1 through 4 with the appropriate information.

Each school district must then complete the uniform calendar with district-required assessment information, publish the calendar to the district website, and provide it to the FDOE by October 1 of each school year. Districts must provide completed calendars to schools and include the calendar in their parent guides. In addition, each school must publish the completed calendar on its website.

The statewide assessment information provided by the Department in sections 1 through 4 should not be altered; however, districts may otherwise modify and populate this template to accurately indicate their assessment schedules for the school year.

1. Glossary of Assessment Terms

The following glossary includes definitions of assessment terms and explanations of acronyms used throughout this template. The FDOE will populate this section with state-level terms in addition to those specified in s. 1008.22(7)(i), F.S. Districts may add rows as needed for additional glossary terms that are specific to district-required assessments but should not modify any FDOE-provided information.

3. Required Statewide Assessments

The following assessments are required for students as indicated in the **Students to Be Tested** column. FDOE will complete this section with the required statewide assessments. Districts should then populate the **District Window** column for each assessment in the table but should not modify any FDOE-provided information.

When calculating total test time in Section 6, do not include times for assessments indicated by grey rows, which indicate duplicate assessment windows (e.g., EOCs), assessments that take the place of another assessment, or assessments that do not have a specified testing time.

[1] K–2 FAST assessments for PM1 must be administered within the first 30 instructional days of the school year.

[2] Paper-based accommodations (e.g., regular print, large print, braille, one-item-per-page) for computer-based tests are available to eligible students if indicated as an accommodation on an IEP or Section 504 plan.

[3] Any student who has not completed the session by the end of the allotted time may continue working; however, testing must be completed within the same school day.

[4] The FAA—Datafolio is designed for students with the most significant cognitive disabilities for whom participation in the general statewide assessment or the FAA—Performance Task is inappropriate, even with accommodations.

[5] Any student who has not completed the test by the end of the allotted time may continue working up to half the length of a typical school day.

[6] The FAA—Performance Task is designed for students with the most significant cognitive disabilities for whom participation in the general statewide assessment is inappropriate, even with accommodations.

[7] Each district must choose to administer the ACT, CLT, or SAT. Complete the row for the assessment chosen by your district and then change the background for the assessment not chosen to gray and leave the district window cell blank.

[8] K–2 FAST assessments for PM3 must be administered within the last 30 instructional days of the school year.

4. Statewide Assessments for SELECT Students

The following assessments are only intended for selected students/students in certain sub-groups. The FDOE will complete this section with the applicable statewide assessments. Districts should then populate the **District Window** column for the assessments in the table below but should not modify any FDOE-provided information. If an assessment is not being administered in your district, indicate "N/A" in the District Window column.

Because the tests included in this section are not administered to all students or, in some cases, are optional for students, the testing time for these tests should not be included in the total testing time calculated in Section 6.

[3] If indicated, "applicable students" relates to the sub-group(s) of students who *may* take that assessment; it does not indicate that all students throughout the state in that sub-group will take that assessment. Assessments for which no applicable student group is listed are available to students as needed but are not limited to any specific sub-group.

[4] The FAA—Performance Task is designed for students with the most significant cognitive disabilities for whom participation in the general statewide assessment is inappropriate, even with accommodations.

[1] In accordance with Senate Bill 2524 § 45 (Chapter 2022-154, § 45, Laws of Florida), the Department must collect from each school district, by grade level, the range and median number of minutes per school year, including as a percentage of net instructional time, students in prekindergarten through grade 5 spend on district-required assessments and coordinated screening and progress monitoring and state-required assessments and coordinated screening and progress monitoring.

[2] The percent net instructional time is based on 43,200 instructional minutes per school year for VPK through grade 3 and on 54,000 instructional minutes per school year for grades 4 through 5, per s. 1011.61, F.S.

AGENDA ITEM NO. 10.6

School Board of Manatee County
August 6, 2024 - Regular Board Meeting
Action Item

Title
Approval of the Use of the School Board of Albemarle County's Request for Proposal on Web-Based Multi-Tier System of Supports, SDMC No. 25-0064-BS, Estimated in the Amount of $300,000.00 (Multiple Funding Sources)

Executive Summary
The School Board of Albemarle County issued a request for proposals (RFP) for Web-Based Multi-Tier System of Supports (MTSS), #2024-927-RFP-7042323. In 2023-24, the District worked with Branching Minds to pilot the MTSS data platform in six (6) schools. This proposal will be used to purchase the platform for the 2024-25 school year at all schools.

Branching Minds will provide access to their data warehouse where information regarding student interventions, parent contacts, and other relevant information about MTSS will be stored. Professional learning and ongoing coaching and support will be provided to schools and the District to implement and monitor the use of the program throughout the year. The multi-tiered system involves the systematic use of multi-source assessment data to most efficiently allocate resources in order to improve learning for all students, through integrated academic and behavioral supports.

School districts are required to document parent involvement, intervention plans, progress monitoring, and team discussions related to student achievement, attendance, and behavior. This software acquisition complies with Florida Statute 1001.42, requiring schools to "implement an early warning system to identify students in such grades who need additional support to improve academic performance and stay engaged in school" and Florida Statute 1008.25, requiring schools to provide interventions in reading and math to students performing substantially below grade level.

The requested contract is for the period of August 6, 2024, through June 30, 2027. This bid is for a period of three (3) years with the option to renew for two (2) additional one (1) year periods through June 30, 2029. Copies of the request for proposal are on file in the purchasing department. Approval of this agenda item does not indicate immediate or complete expenditure of funds. Funds will only be expended as budget(s) allow.

Historical expenditures are as follows:

- YTD 2023-2024 $30,832.84

Rule 6A-1.012(6), Florida Administrative Code, states "In lieu of requesting competitive solicitations from three (3) or more sources, district school boards may make purchases at or below the specified prices from contracts awarded by other city or county governmental agencies, other district school boards, community colleges, federal agencies, the public or governmental agencies of any state, or from state university system cooperative bid agreements, when the proposer awarded a contract by another entity defined herein will permit purchases by a district school board at the same terms, conditions, and prices (or below such prices) awarded in such contract, and such purchases are to the economic advantage of the district school board."

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready For Life | Goal 1
Improve easy access to quality family resources that support student learning

Recommendation
The Superintendent recommends approval of the use of the School Board of Albemarle County's request for proposal on web-based multi-tier system of supports, SDMC No. 25-0064-BS, estimated in the amount of $300,000.00 (Multiple Funding Sources).

Financial Impact
The funding source for this annually estimated expenditure is multiple funding sources, and for 2024-2025 includes federally funded Title II, and the federally funded Supplemental School Improvement Grant. Vendor/Subrecipient Determination Checklist for Federally Funded Contracts

This checklist is a tool for the Department's contract managers to use to evaluate the applicability of Title 2 Code of Federal Regulations (2 CFR) Part 200, Subpart F to non-federal entities. Non-federal entities is defined by 2 CFR Part 200, Subpart A as a state, local government or non-profit organization.

Federal Awarding Agency: Florida Department of Education_____CFDA No._____

Title of Federal Program: Farmworker Career Development Program

Name of Non-Federal Entity: School District of Manatee County

Type of Entity: School District **Contract/Grant No.:**_____
(Non-profit, State, Local government)

Contract Agreement Period: _____

Part A. Vendor/Subrecipient Evaluation

This checklist will assist in determining a provider's/grantee's status as either subrecipient or vendor. As a subrecipient, a provider/grantee who expends federal awards would be subject to audit under the provisions of 2 CFR, Part 200, Subpart F. Payments received for goods or services provided as a vendor would not be considered federal awards or financial assistance and are not subject to audit under the provisions of 2 CFR, Part 200, Subpart F.

YES	NO	
☒	☐	1) Does the Non-Federal entity determine who is eligible to receive Federal financial assistance?
☒	☐	2) Does the Non-Federal entity have its performance measured against whether the objectives of the Federal program are met (e.g., number of students to be seen etc.)?
☒	☐	3) Does the Non-Federal entity have responsibility for programmatic decision making (e.g., making decisions regarding eligibility etc.)?
☒	☐	4) Does the Non-Federal entity have responsibility for adherence to applicable Federal program compliance requirements (does DOE monitor the Non-federal entity for compliance)?
☐	☒	5) Does the Non-Federal entity use the Federal funds to carry out its own program as compared to providing goods or services for a program of the pass-through entity?

Part B. Conclusion

Based on your analysis in Part A above, if **any** of the answers is **yes**, then there is a subrecipient relationship and the Non-Federal entity is subject to 2 CFR, Part 200, Subpart F. Otherwise, the provider/grantee is a **vendor** and is **not** subject to 2 CFR, Part 200, Subpart F.

NARRATIVE SECTION

1. Project Abstract or Summary

The Farmworker Career Development Program (FCDP) of the School District of Manatee County is currently operating a National Farmworker Jobs Program and has done so, since 1965. In the 2024-2025 program year, the FCDP will serve Total Participants Goal of 67 Adult and 54 Youth in Manatee, Sarasota and Charlotte Counties agricultural farm workers and their families with specific concentration in big farming communities where they reside.

Our primary purpose is to strengthen the ability of eligible farm workers and their families to achieve economic self-sufficiency. The FCDP mission is to provide leadership in the delivery of educational, training, supportive and job placement services to chronically underserved, undereducated and underemployed farm worker families. The FCDP goal is to help eligible farm workers and their dependents obtain sustainable, unsubsidized, full-time, non-agricultural employment with benefits. In helping them reach this goal, the FCDP also helps farmworkers increase knowledge of non-agricultural career opportunities and employability skills, helps them increase social skills and obtain the education and job skills to prepare them to enter the non-agricultural workforce, stabilizing families.

Program design includes career services, training, and related services, including basic education, occupational and workforce training, job placement, supportive services, including referral to appropriate community agencies, and emergency assistance.

2. Project Need

The geographic service area of FCDP of the School District of Manatee County is Manatee, Sarasota, and Charlotte Counties. According to the latest available (2017) Census of Agriculture, United States Department of Agriculture (USDA) National Agricultural Statistics Service, the three-county region (Region 5) had 8,848 migrant and seasonal farmworkers. (That number is now 4,436). The largest number resides in Manatee County, where migrant farmworkers account for 7,703 (46%) of agricultural workers in this region. Of the migrant and seasonal farmworkers, Manatee FCDP serves, 87% of the region's farmworkers reside here permanently, and 100% are either US citizens or legal permanent residents (70% US citizens, 30% residents). In Manatee County the highest concentration of farmworkers is found in the rural areas of Palmetto, Ellenton, Parrish, Myakka, and the 15th Street corridor intersecting Manatee and Sarasota with Palmetto having the largest concentration. Farmworker family income is below federal poverty level; most earn less than $10,000 per year-though this is starting to change as growers need to pay more to keep labor. The NORTH PORT-SARASOTA-BRADENTON workforce region's population is 335,300 in May 2023, with the agriculture industry continues to diminish, using Temporary Agricultural Worker Program (H2-A) workers, or replacing labor with technology. The agricultural industry is feeling the strain of labor shortages due to stricter policies limiting the number of migrant workers, new state labor laws, rising labor costs, and fewer young people pursuing careers in farming. To combat this problem, many commercial farmers are turning to robots. It becomes increasingly important to assist our farm workers to prepare for and to find non-agricultural employment. The 2017-18 FCDP Characteristics Report indicates over 66% of this population lacks any marketable skills; 58% is between the ages of 16-21; 32% drops-out of school; 60% lacks transportation; 15% has limited English skills, 100% has reading and math skills below 9th grade, 66% has more than three barriers to overcome to obtain full-time employment;

and 86% is unemployed. This population needs basic education and intensive job training, which they can access through the Farmworker Program. The FCDP develops partnerships for participants to take advantage of English literacy, General Educational Development (GED) preparation and testing, job training, and apprenticeships to prepare them for high-skill, high-wage, and high-demand occupations. The biggest challenges are family issues such as proper nutrition, abuse, education, bills, job training, lack of transportation, which are primary concerns when helping participants achieve education, training, and employment goals in the small amount of time we must work with them. Partnerships with community agencies allow us to work collaboratively to provide participants with the support they need.

3. Labor Market Assessment

According to the Florida Department of Economic Opportunity, Bureau of Labor Market Statistics 2023, nonagricultural employment in May 2023, in the North Port-Sarasota-Bradenton Metropolitan Statistical Area (MSA) was 335,300, an increase of 9,000 jobs (+2.8 percent) over the year, below the National Average of 3.4% during the same time period. The Leisure and Hospitality (+6.8 percent); Mining, Logging, and Construction (+5.9 percent); Information (+5.0 percent); and Manufacturing (+4.3 percent) industries grew faster in the metro area than statewide over the year. The North Port-Sarasota-Bradenton MSA had the second highest annual job growth compared to all the metro areas in the state in the Information (+200 jobs) industry. The North Port-Sarasota-Bradenton MSA had the second fastest annual job growth rate compared to all the metro areas in the state in the Information (+5.0 percent) industry. The North Port-Sarasota-Bradenton MSA had the third fastest annual job growth rate compared to all the metro areas in the state in the Mining, Logging, and Construction (+5.9 percent) industry. The industries gaining jobs over the year were Education and Health Services (+3,800 jobs); Leisure and Hospitality (+3,200

jobs); Mining, Logging, and Construction (+1,700 jobs); Manufacturing (+800 jobs); Trade, Transportation, and Utilities (+800 jobs); Information (+200 jobs); Other Services (+200 jobs); and Financial Activities (+100 jobs). The Government (-1,800 jobs) industry lost jobs over the year. The Professional and Business Services industry was unchanged in jobs over the year.

4. **Project Design and Implementation (a-h)**

a. Objectives and Timelines

The goal is to serve 121 participants during the 2024-2025 program year to strengthen their ability to achieve economic self-sufficiency.

Objectives: FCDP will provide career services to 121 participants, training services to 100, related assistance services to 45, and emergency assistance to 18.

Outcomes: 46 will enter employment, 46 will exit the program, 46 will obtain a credential, and 46 will achieve a literacy/numeracy gain.

Timeline: All activities of this project are carried out year-round; the office is open 12 months. Recruitment begins July 1. Training begins in August. Job placement, career services, related assistance services and emergency assistance are going on every day including weekends through June 30. Quarterly progress is outlined in the Plan vs. Actual Activity Report.

b. Participant Assessments

During the comprehensive assessment process, all program participants are pre-tested to determine their reading and math levels. This includes participants enrolled in Adult Basic Education (ABE), English for Speakers of other Languages (ESOL), General Educational Development (GED), Employability Skills, Career and Technical Education (CTE), Paid Work Experience (PWE), and On-the-Job Training (OJT). After intake, participants who can speak English are given the Test of

Adult Basic Education (TABE). Limited English proficient (LEP) students are given Comprehensive Adult Student Assessment Systems (CASAS).

Upon enrollment in Manatee Technical College (MTC)-Adult Education program, Limited English Proficiency students (LEP) are assessed with the Florida Department of Education (FLDOE) approved Comprehensive Adult Student Assessment Systems (CASAS), a test used for basic skills, for placement in English literacy classes.

For Program Year 2024-25 it is planned that all program participants will complete a formal career assessment. "*My Next Move*" of Occupational Information Network (O*NET) online is the new Interest Profiler used by our Case Managers to help clients to find out what their interests are and how they relate to the world of work. The sections include sixty questions that cover self-assessment, occupational search, occupational requirements, interest and skills, new work options, and academic/college preparation. Upon completion, the case manager counsels each participant and assists in the completion of the Individual Employment Plan that establishes goals and steps to obtain full-time employment with benefits.

Using the assessment information, Department of labor Employment and Training Administration (DOLETA's) suite of online career tools, the labor market demands and the training programs available, the case manager develops a comprehensive Individual Employment Plan (IEP) for each participant which is aligned to both the participant's career aptitude and Workforce Innovation Opportunity (WIOA) guidelines and which takes into consideration the student's needs, background, barriers, and goals for employment. The purpose of the IEP is to set a realistic program goal and the steps to remove barriers to employment. This is not an ESE IEP, but a plan focused on Educational and Training Goals. The case manager proposes a recommended schedule

based on testing results, past vocational experience, personal qualities, student interest, educational background, and class/program availability. If On the Job Training (OJT) or Paid Work Experience is indicated, an appropriate site is located for the participant. As the participant nears the end of his/her training, a post-test is administered documenting both possible employability enhancements and determining a participant's academic progress.

c. Training and Other Services

i. Adult Participants:

Initial Assessment/Post Assessment: Initial assessment includes the Test of Adult Basic Education (TABE) and O*Net Online career interest inventory. An initial assessment will determine eligibility and evaluate the needs. Eligible applicants are selected according to their need, which includes educational/vocational deficiencies and economic factors. Client motivation and interest and availability of programs designed for client's needs are also considered. The program orientation carried out by the coordinator includes a general introduction to program services of counseling, training, and job placement. Each participant is given a student handbook and informed of Farmworker Education Program Policies and Procedures.

Diagnostic Testing: During the comprehensive assessment process, all program participants are pre-tested to determine their reading and math levels. This includes participants enrolled in Adult ABE, ESOL, GED, Employability Skills, Vocational Education, Work Experience (WE), and OJT. The Test of Adult Basic Education (TABE), Level A, is the standardized test of basic skills used by both the Adult Education and Vocational Departments. Limited English Proficiency (LEP) are given a CASAS Placement Test, if unable to comprehend the TABE.

For Program Year 2024-25, it is planned that all 121 program participants will complete a formal vocational assessment system. The system, *My Next Move*, covers twelve interrelated sections including self-assessment, occupational search, occupational requirements, interest and skills, new work options, academic/college preparation, financial aid, career planning, decision-making, and short-term or four-year course strategies. Once testing is finished, the case manager counsels each participant and assists in the completion of the Individual Employment Plan that establishes goals and the steps to complete these goals. If On the Job Training (OJT) or Work Experience (WE) is indicated, an appropriate site is located for the participant.

As the participant nears the end of his/her training, a post-test is administered documenting both possible employability enhancements and determining a participant's academic progress. For reliable measurement purposes, every attempt is made to administer the same test as the pre-test (TABE, CASAS).

Technology-Based English Instruction: If English instruction is deemed necessary for participants enrolling in a specific career/technical education program, they will have the opportunity to participate concurrently in technology-based English instruction using Internet-based programs such as *Burlington English*, *Native Accent*, *Rosetta Stone*, or *Common Core Achievement* available via Manatee County Schools Adult General Education program.

Career-Oriented Service Plan: In accordance with our partnership with CareerSource, the FCDP serves as a resource center where information on training programs and local, regional, and state labor market is available to all customers. Bulletin boards display job openings and are updated weekly. So that clients may receive additional assistance, FCDP recruiters help all clients enroll in the ***Employ Florida Marketplace*** system. Assistance for WAGES and unemployment

compensation is provided by the CareerSource Suncoast Career Centers in Bradenton, Sarasota, and Venice.

Training Providers: The three Jobs and Career Resource Centers of the CareerSource Suncoast (formerly Workforce Board), Manatee, and Suncoast Technical Colleges, Hillsborough Community College, Manatee Chamber of Commerce, the Latin Chamber of Commerce and State College of Florida play vital roles in the Economic Development Council to develop vocational training that meets the workforce demand in our area. These organizations are training providers for our students.

Employment Transition and Placement Services: Job development and placement are important from the first day of entry into the program. The scheduling, training, counseling, and testing of students are focused on the successful job placement of trainees. This program is used for participants who do not desire classroom training at their time of application. Program staff will provide participants with job leads in area in-demand occupations and will assist them in obtaining and transitioning to meaningful careers.

Career Counseling: Career counseling is also provided by program staff after the initial assessment. Job market demands of the service area are explained to the applicant as well as future employment trends and what barriers an applicant may have to overcome to meet the requirements to obtain full time employment. After enrollment in the FCDP, our clients will receive career counseling by the career counselors of Manatee Technical College.

Training Services –For Program Year 2024-25 at least 121 clients will be enrolled in Training Services: Career and Technical Education, including customized tutoring/training in a specific occupation, entrepreneur training for self-employment, and apprenticeships.

Occupational Skills and Vocational Training: The migrant and seasonal farm workers that enroll in our program can participate in over 50 career training programs offered at Manatee Technical College, 40 programs at Suncoast Technical College (STC), and over 20 programs at Charlotte Technical College (CTC) to prepare for demand occupations, many of which are High- Skill, High-Wage. Most of these career training programs allow students to be career ready in less than a year. For the Migrant and Seasonal Farmworker (MSFW) Youth, enrollment opportunities will center on continuing education, dropout prevention, mentoring, pre-apprenticeships, apprenticeships, and more while partnering with Local Public School, High School Equivalency Program, City Campaigns on Adolescent Pregnancy, Substance Abuse Prevention Coalitions, Local Court Service Units, Paid and unpaid work experience, Local Employer Referrals from American Job Centers' Business Services Teams, Local Chamber of Commerce, Occupational skills training, Regional Workforce Council, Education offered concurrently with workforce preparation and training for a specific occupation, Leadership development opportunities, Local Mentoring Partnerships, Local Service-Learning Network, Supportive services, Department of Human and Community Services, Legal services, Follow-up services, and other services. With many workforce and labor studies indicating that two out of three jobs created between now and 2030 will require education and training beyond high school but less than a four-year degree, we highly recommend career/technical education/training for our participants. Graduation and/or certification from these programs will lead to higher wages and long-term job retention.

On-the-Job Training: The Farmworker Program has offered an On-the-Job Training (OJT) component with businesses that provide both specific training and a wage that will enable the

participant to maintain a decent standard of living. Potential employers will be identified by networking through Chamber of Commerce organizations.

Training Related Job Placements: To ensure job placement occurs in training related jobs, we conduct a realistic assessment of each of the participants, considering their skills and capabilities. Also, during the assessment process, the participants learn about the occupations in high demand and the characteristics of the potential employers.

Job Placement Strategies: The primary goal of our program is job placement. The staff holds group and individual training on resume writing, dressing appropriately for work, interview skills, communication skills, job searching in today's world via the Internet. Farm worker staff works very closely with some of the county's largest employers to place completers in jobs and has a high success rate doing so.

Monitoring and Follow-Up Strategies: In order to assist a client in maintaining his/her job, the staff maintains supportive contact with the client and makes site visits. Job progress and any job-related problems are discussed and resolved. In addition, employer contacts are conducted after 30 days and after three, six and nine months.

Related Assistance Services: For Program Year 2024-25, 50 clients will receive Related Assistance Services. Many farm workers need a variety of supportive services in order to successfully reach their program goals. Some of these necessary services will be paid for by project funds, while other services will be obtained through referrals to area agencies in order to achieve the maximum utilization of all available funds. Our program will directly pay for allowances, tuition, books, and uniforms to participants who need these services.

Literacy Training and Adult Education. Individualized classroom settings and computer labs are offered at sites throughout the Manatee School District. The instructional programs are of sufficient intensity and duration for participants to achieve substantial learning gains. Individual education goals achievable within the project period are established for all students upon initial enrollment. Manatee Adult Education uses instructional practices and curricula that incorporate reading, writing and math skills. The activities build on a strong foundation of research-based instruction and other effective educational practices. Instructional software includes *Burlington English, GED®* Internet-based programs, *Rosetta Stone*, and *Native Accent*. Instructional activities provide learning in real-life context to ensure students have skills needed to compete in the workplace and exercise the rights and responsibilities of citizenship.

Enabling Support Service Opportunities: For School Year 2024-2025 all training participants will be eligible for a basic allowance of $10.00 for each day of attendance in a classroom training activity, (i.e., vocational training, ABE, GED, Employability Skills, and Career Exploration) not to exceed $100 per week.

Emergency Assistance: Manatee Farmworker Career Development Program will provide food, fuel, and rent emergency assistance to 12 farm workers via Agricultural and Labor Program (ALPI).

ii. **MSFW/NFJP Youth Services:**

Objective Assessment: For MSFW youth between 18 and 24 years of age FCDP sub recipients should assess the MSFW youth's occupational skills, prior work experience, employability, and needs to determine whether the National Farmworker Jobs Program (NFJP) youth or NFJP adult program would best meet the needs of the participant. NFJP participants cannot be designated as

both NFJP youth and NFJP adult. They must be categorized as one or the other upon enrollment, and their outcomes reported accordingly. Any questions regarding the categorization of an NFJP participant as an NFJP Youth or NFJP Adult should be referred to the FCDP State Office for resolution. Individuals who meet the respective program eligibility requirements may participate in both NFJP and other Workforce Innovation Opportunity Act (WIOA) youth programs (e.g., WIOA Youth) concurrently. To find possible partners for referral or co-enrollment of an MSFW youth participant, coordinate with the local CareerSource agency to determine whether a Standing Youth Committee has been designated. Standing Youth Committee members will be familiar with the local organizations who are serving youth, including those who provide services under the following US Department of Labor (USDOL) grant initiatives: WIOA Youth formula grants - focusing primarily on Out-of-School Youth.

NFJP Youth Program Elements: FCDP sub-recipients may provide activities and services to NFJP youth that include but are not limited to: Adult career services and training; Youth workforce investment activities specified in WIOA; Life skills activities, which may include self- and interpersonal-skills development; Community service projects; and other activities and services that conform to the use of funds for youth activities described in 20 Code Federal Regulations (CFR) §681. Under the WIOA Youth Program, local programs are required to offer the following program elements to each participant. NFJP youth participants should also have access to these 14 elements through the One-stop System, of which NFJP is a required partner. Based on each NFJP youth's IEP, referrals, and co-enrollments to various desired WIOA Youth program elements not provided by NFJP can be pursued through local One-stop partners or other partner programs. Tutoring, study skills training, and instruction lead to a high school diploma includes services such

as providing academic support, helping a youth identify areas of academic concern, assisting with overcoming learning obstacles, or providing tools and resources to develop learning strategies. Dropout prevention strategies intended to lead to a high school diploma include activities that keep a young person in-school and engaged in a formal learning and/or training setting. Alternative secondary school services are services that assist youth who have struggled in traditional secondary education. Dropout recovery services are those that assist youth who have dropped out of school. Both types of services help youth to re-engage in education that leads to the completion of a recognized high school equivalent. A WIOA Youth work experience is a planned, structured learning experience that takes place in a workplace for a limited period, and may take place in the private for-profit sector, the non-profit sector, or the public sector. A key difference for WIOA youth work experiences (as compared to work experiences for adults and dislocated workers), is that they include academic and occupational education. The educational component may occur concurrently or sequentially with the work experience. Occupational Skills Training is an organized program of study that provides specific vocational skills that lead to proficiency in performing actual tasks and technical functions required by certain occupational fields at entry, intermediate, or advanced levels. Such training must: Be outcome-oriented and focused on an occupational goal specified in the individual service strategy; Be of enough duration to impart the skills needed to meet the occupational goal; and Lead to the attainment of a recognized postsecondary credential. Education Offered Concurrently with Workforce Preparation Educational opportunities offered to WIOA youth must be offered concurrently with and in the same context as workforce preparation activities and training for a specific occupation or occupational cluster.

Leadership development opportunities are opportunities that encourage responsibility, confidence, employability, self-determination, and other positive social behaviors through: Exposure to postsecondary educational possibilities; Community and service- learning projects; Peer- centered activities, including peer mentoring and tutoring; Organizational and teamwork training; Training in decision-making; Citizenship training, including life skills like parenting and work behavior; Civic engagement activities that promote the quality of life in a community; and Other leadership activities that place youth in leadership roles, such as serving on a Standing Youth Committee. Supportive Services for WIOA youth are services that enable an individual to participate in WIOA activities. These include, but are not limited to: Linkages to community services; Assistance with transportation; Assistance with childcare and dependent care; Assistance with housing; Needs-related payments; Assistance with educational testing; Reasonable accommodations for youth with disabilities; Legal aid services; Referrals to health care; Assistance with uniforms or other appropriate work attire and work-related tools, including such items as eyeglasses and protective eye gear; Assistance with books, fees, school supplies, and other necessary items for students enrolled in postsecondary education classes; and Payments and fees for career and training- related applications, tests, and certifications.

d. Apprenticeship Capability: Manatee FCDP plans to enroll interested participants in local Registered Apprenticeship Programs (RAPs), a proven work-based learning model offering learners structured on- the-job training. All participants will be made aware of apprenticeship as an excellent training and employment option. Participants will be determined during the Comprehensive Assessment and Individual Employment Plan phases of the program, focusing on those participants who have an interest and aptitude for the career paths offered by the local RAPs.

The staff has met with Steve Seville, the Region's Apprenticeship and Training Representative for Florida (FCDP Manatee Advisory Board Member) and continues to establish quarterly meetings to develop relationships for participant employment/enrollment and follow-up and to stay apprised of new developments with Registered Apprenticeships.

e. Collaboration with Local Agencies

The FCDP has an excellent partnership and a good referral system with community and business organizations, farm owners, Manatee District Schools, and programs serving the farm worker population. Agencies providing supportive services are the Association of Farm Worker Opportunity Programs, Catholic Charities, East Coast Migrant Head Start Program, Career Source Suncoast, Manatee County Health Department, Legal Services of Manasota, Family Services, Goodwill, HOPE, and Migrant Education Program. Health services are provided by MCR Health Services (formerly known as Manatee County Rural Health Services), Manatee Memorial Hospital Indigent Program, and We Care Manatee. Facilities are provided by Falkner Farms, and School District of Manatee County. Legal services are provided by Gulf Coast Legal Services. Domestic violence advocacy is provided by Helping Out People Every Day (HOPE) Family Services. Shelter and emergency services are provided by Salvation Army of Manatee County. Food and clothes are provided by Meals on Wheels, Goodwill, and Stillpoint House of Prayer. Tutoring, counseling, and training for farmworker youth are provided by CareerSource Suncoast.

f. Collaboration with the Local Workforce Development Board (LWDB)

A fully executed Memorandum Of Understanding (MOU), with current signature, is included in this application. The FCDP has had an MOU with CareerSource Suncoast (Region 18 Workforce Board) since the year 2000. We have an excellent partnership with them. One of the local

CareerSource Florida Regional Team is present at MTC Monday through Thursday—MTC provides an office for their staff to work directly with students. The Collaboration agreement is attached.

g. Local Advisory Board

The Manatee FCDP Local Advisory Council (LAC) has been in existence for many years and very active since 1998. The Manatee LAC follows state guidelines for its organizational structure and how business is conducted. The overall mission of the LAC is to assist in program planning, marketing, and to provide information regarding job availability and placement possibilities to benefit participants' success. Local issues to discuss during the School Year 2024-25, sponsorships, apprenticeships, community needs for skills, jobs and trainings. Four LAC meetings are scheduled for the 2024-25 school year.

h. Evidence of Capability

The Farmworker Career Development Program of School District of Manatee County (SDMC) has been successfully operating since 1965. Since 1998, our program has helped establish a family literacy site in Falkner Migrant Camp in Myakka City, offering English and ABE classes, heat & stress, Pesticides and Occupational Safety and Health Administration (OSHA) training, tutoring, free health care services and other trainings. We have a long history of meeting or exceeding our communities' educational and training expectations, as well as goals and deliverables for federal, state, and local grants.

5. <u>Recruitment/Enrollment Plan</u>

The Recruitment Enrollment Plan consists of the dissemination and sharing of information about the FCDP to migrant and seasonal farmworkers, as well as collaborating agencies, the local

community, and other organized entities. FCDP Manatee uses a variety of outreach and recruitment strategies in English, Spanish, and Creole. Program promotions are done with the Migrant Education Program during their Migrant Resource Fairs, CareerSource Suncoast One-Stop Centers annual Job Fair, MCR (Manatee County Rural) Health Services Fairs, and East Coast Migrant Head Start Project in Myakka Annual Backpack Giveaway Sponsored by MCR and Tropicana. Home and school visits are made in areas where large concentrations of farmworkers reside. Information is disseminated through community events sponsored by FCDP Farmworker Appreciation Day, Sporting events, and free health clinics. Announcements are made in local news media including Spanish language publications, as well as through attendance at CareerSource Suncoast board meetings and other interagency meetings. Manatee Technical College also promotes the program on the college website in English, Spanish, Haitian Creole, or any other language using Google Translate. MTC's website, Facebook page, Twitter, and You-Tube channel include news releases, photos of events, and general information on Manatee FCDP. Information includes services the FCDP offers, where and when services can be obtained, and information on program eligibility.

6. Budget

To accomplish the goals of this project, Manatee requests to use the project budget to pay for **staff costs** for salaries and benefits of three Farm Worker Career Development staff: a Coordinator (1.0 FTE), a Bookkeeper/Case Manager (1.0 FTE), and one full-time Case Manager/Recruiter (1.0 FTE). The staffing arrangement for this large program meets or exceeds the optimal staffing patterns directed by FLDOE, as well as the salary/benefit criteria at less than 80% (Manatee is at 76%) of the allocation. Travel will support mileage within the county and Out of County travel for outreach and recruitment,

meetings, etc. Total for In and Out of County travel will not exceed $3,500. Out of county travel will cover staff expenses for recruitment in Sarasota, Ruskin, Arcadia, Wimauma, Wauchula and Charlotte County, state, and national conferences, as well as meetings outside Manatee County. Other expenses include Related Assistance, Allowance/stipend that will assist participants for training attendance, as an aid for transportation, gas, etc. and for measurable skills gain for training completion, as well as for placements. A Stipend per program year for participants obtaining a recognized credential and one for Job Placement following guidelines. Per Justification for having a bookkeeper/support services provider: While located at Manatee Technical College (MTC) until 2018 our program was under their grants manager who made sure bookkeeping for FCDP was done. Upon releasing our program to a stand-alone project under Manatee County Schools Adult, Career and Technical Education (ACT), all program duties became the coordinator's responsibility. Since Internal Control does not allow the coordinator to handle bookkeeper duties, a bookkeeper was needed to continue the program. Upon our move, the accountant for adult education suggested for Carolina to move from secretary position to bookkeeping as she was already doing part of it at MTC. This would also grant her access to our budget reports and different tasks. Several adjustments were made for PY2019-2020 to promote her to Bookkeeper, though she continued and continues to assist with many secretarial and other support services duties. By School District Standards, this program cannot function without a bookkeeper. Though housed with the Manatee County Schools Adult, Career and Technical Education (ACT) we are a stand-alone program, totally responsible for our being. This has been and continues to be since PY2018-19.

Other Program Costs, Materials and Supplies (clients) $4,000 for uniforms and items/tools

required in classes and/or training as well as for job placements; Tuition dues and fees $23,139.60 for classes, testing and industry certifications for participants enrolled in training programs such as in adult education, career and technical education; Textbooks and Workbooks $3,500 for class requirement or term; Printing and Copying $200; Supplies and consumables (staff) $900. **Indirect cost** is figured at the district approved rate of 4.74%. All expenses are allowable, realistic, accurate, and clearly relate to and reflect project activities, objectives, and outcomes. In-kind contributions include the office space and utilities, which are valued at $35,000 and support services (academic and career counseling and financial aid), valued at $75,000, provided by Manatee Technical College, for a combined in-kind of $110,000 from the School District of Manatee County.

7. For Federal Programs - General Education Provisions Act (GEPA)

In accordance with Section 427 of the General Education Provisions Act (GEPA) Public Law 103-382: Manatee County School Board prohibits discrimination and harassment in all its forms. 1. No person shall, on the basis of race, color, religion, sex, age, national or ethnic origin, marital status, disability, or on the basis of the use of a language other than English, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity, or in any employment conditions practices conducted by this School District, except as provided by law. 2. The School Board shall comply with all state and federal legislation, including but not limited to Title V, Title VI, Title VII, Americans with Disabilities Act of 1990 (ADA), designed to protect the civil rights of all applicants, employees, and students.

Accommodations and modifications for students with disabilities: Adult students with disabilities must self-identify and request such services. Students with disabilities are provided accommodations as needed in such areas as instructional methods and materials, assignments,

assessments, time demands, schedules, learning environment, assistive technology, and special communication systems. Other support services include personnel, such as interpreters, readers, and tutors. Schools are handicapped accessible. Outreach is done in English, Spanish, and Haitian Creole.

8. Support for Strategic Imperative

The Manatee Farmworker Career Development Program incorporates Florida's State Board of Education Strategic Plan Goals 1, 2, 3, and 4. Goal 1, Highest Student Achievement: increase college readiness and success, is incorporated by using federal- and state- approved assessment instruments to inform Individual Employment Plans (IEPs), direct instruction and effect student/participant outcomes. Goal 2, Seamless Articulation/Maximum Access: expand and maintain student access, is incorporated via MTC's Career Pathways Program including state and local articulation agreements and by encouraging enrollment in postsecondary education and training. Goal 3, Skilled Workforce/Economic Development: prepare for careers, is incorporated by students entering Registered Apprenticeship Programs, earning the Ready to Work credential, enrolling in programs that prepare for High-Skill High-Wage High-Demand occupations, and/or earning a postsecondary certification, a nationally recognized industry certification, or professional license. Goal 4, Quality Efficient Services is incorporated by supporting each priority and creating an environment of high expectations.

Work Experience

An internship or work experience is a planned, structured learning experience that takes place in a workplace for a limited period. Work experience can be conducted in the private, nonprofit and public sectors. Work experience may be paid or unpaid, as appropriate and consistent with other laws, such as the Fair Labor Standards Act [20CFR §680.180]. Labor standards apply in any work experience setting where an employee/employer relationship, as defined by the Fair Labor Standards Act, exists.

Training Services

Training services may include the following [WIOA sec. 134(C)(3)(D) and 167(D) and 20 CFR §680.200]:

- Occupational skills training, including training for nontraditional employment.
- On-the-job training (OJT).
- Registered Apprenticeship.
- Incumbent worker training.
- Programs that combine workplace training with related instruction, which may include cooperative education programs.
- Training programs operated by the private sector.
- Skills upgrading and retraining.
- Entrepreneurial training.
- Transitional jobs.
- Job readiness training provided in combination with services listed above.
- Adult education and literacy activities, including activities of English language acquisition and integrated education and training programs, provided concurrently or in combination with training services; and
- Customized training conducted with a commitment by an employer or group of employers to employ an individual upon successful completion of the training.

On-the-Job-Training

FCDP sub-recipients may utilize on-the-job training (OJT) as a training strategy to increase participant skills and to incentivize hiring of participants. OJT is provided under a contract between the sub-recipient with an employer in the public, non-profit, or private sectors. Through the OJT contract, occupational training is provided for the WIOA participant in exchange for the reimbursement, typically up to 50 percent of the wage rate of the participant, for the extraordinary costs of providing the training and supervision related to the training. In limited circumstances, the reimbursement may be up to 75 percent of the wage rate of the participant [WIOA sec. 134(c)(3)(h) and 20 CFR §680.700].

The OJT contract must be limited to the period of time required for the participant to become proficient in the occupation for which the training is being provided. In determining the appropriate length of time, FCDP sub recipients should give consideration to the skill requirements of the occupation, the academic and occupational skill level of the participant, prior work experience, and the participant's individual employment plan [WIOA sec. 3(44) and 20 CFR §680.700]. FCDP sub-recipients must not contract with an employer who has exhibited a pattern of failing to provide OJT participants with continued long-term employment with wages, benefits, and working conditions equal to those provided to regular employees who have worked as similar length of time and are doing the same type of work [WIOA sec. 194(4) and 20CFR§680.700].

Customized Training

Customized training is designed to meet the specialized skill needs or requirements of one or more employers. Customized training is conducted through a commitment by the employer to retain the individual after successful completion of training. The employer is required to pay a significant share of the cost of the training. Customized training offers opportunities for employers to train individuals in their specific needs and gives the individual a chance to learn and gain desired skills specific to an employer or industry. [cf. State of Florida WIOA Unified Plan Two-Year Modification]

Registered Apprenticeship (Optional)

Registered Apprenticeship is a highly structured training system in which the apprentice works full-time during the day for a sponsoring employer, learning the skills of the trade through On-the-Job Training with a journey worker / mentor. Registered Apprenticeship is a commitment of a few years; not suitable for someone who cannot commit to a long-term training program.

- Apprentices earn a progressive wage - as their skills increase, their wages increase.
- A minimum of 144 hours of related instruction for each year of apprenticeship is required.
- Related instruction is organized related supplemental instruction in technical subjects related to the occupation.
- Most programs utilize local technical schools or community colleges for the related classroom instruction.
- Depending on the trade, the program can last 1 to 5 years, with the average at 4 years.
- There are no tuition fees for registered apprentices for related instruction provided through Local Education Agencies (LEA) as stipulated in Florida Statute 1009.25. The only costs would be tools, books, and materials needed for the trade.
- Upon completion of the program, an apprentice is issued a nationally recognized Completion of Apprenticeship certificate by the State of Florida.

Applicants seeking entrance into a registered apprenticeship program must apply to the registered program sponsor. Each registered apprenticeship program operates independently and establishes its proposal process and minimum qualifications. Most programs' minimum qualifications require the following of all applicants.

- being at least 18 years of age,
- possess a High School Diploma or a high school equivalency diploma,
- possess a valid drivers' license and
- be physically able to perform the work of the trade.

For a complete list of registered apprenticeship occupations in Florida, visit: http://www.fldoe.org/academics/career-adult-edu/apprenticeship-programs/

(Florida Department of Education Division of Career and Adult Education Apprenticeship Section). By positioning apprenticeships as a proven model that helps employers build a highly skilled workforce, education and workforce partners are breaking through systemic barriers to strengthen the state's sector strategy initiatives.

Related Assistance Services

Related assistance can include, but is not limited to, the following activities [WIOA sec. 167(d) and 20 CFR §§685.110 and 380]:

- Emergency assistance.
- English language and literacy instruction.
- Pesticide and worker safety training.
- Work clothing.
- Transportation assistance.
- Housing (including permanent housing); and
- School dropout prevention and recovery activities.

Attachment D
Enrolling and Serving MSFW Youth

Under WIOA, FCDP sub-recipients may provide youth services to Florida farmworkers or dependents aged 14-24. NFJP youth (Refer to **Attachment B**) may face many of the same barriers to employment that adult farmworkers do, such as lack of transportation, lack of diploma or high school equivalency, and farmworker status. In addition to these barriers, many youth participants face additional barriers, such as lack of basic life or employability skills, challenging family situations or homelessness, a history of substance abuse, or justice involvement. Because of this potential combination of barriers, many participants can best be served by programs and services that are designed specifically for youth participants.

NFJP Youth Enrollment

When enrolling a farmworker Youth as an NFJP Youth participant, FCDP sub-recipients should follow these steps:

- Make an eligibility determination based on TEGL 18-16, Change 1, and policy.
- Provide intake basic skills and career assessments.
- Develop an individual service strategy as part of the NFJP Youth's IEP, including which youth program would be appropriate for the individual; and
- Provide career, training, and related services or activities to the youth using the 14 elements.

NFJP participants between the ages of 14-24 can be identified as "**Youth**". Participants between ages 18 and 24 can be identified as "**Adults**" or "**Youth**" based on target needs. Assessments of the participant's skills, career-readiness, literacy, and supportive service needs should be taken into consideration when determining the appropriate program(s) for young adults. If, for example, they have already gained occupational skills through education or training, prior work experiences, and family responsibilities, they should be enrolled as an NFJP Adult. Other participants might benefit from specific youth services based on their personal characteristics, such as maturity, drug and alcohol abuse, homelessness, foster care status, family abuse/neglect, literacy challenges, pregnancy, and lack of employability skills. NFJP participants cannot be designated as both NFJP youth and adult. They must be categorized as one or the other upon enrollment, and their outcomes reported accordingly.

FCDP sub-recipients should look to enroll out of school youth and / or high school dropouts so as not to compete with secondary schools who offer similar programs to youth. Sub-recipients should look for opportunities to enroll youth in adult education programs with identifiable career pathway initiatives aligned to high demand careers.

Career pathway strategies are imperative to the farmworker demographic; coordination of adult education, workforce development, and social services help youth obtain the skills needed to achieve economic self-sufficiency. Career pathways for adult education not only coordinates residents and adult education learners with career resources but attempts to provide structured work-based learning opportunities, targeted training and other services to accelerate the educational and career advancement of the individual, and an opportunity for the acquisition of at least one micro-credential of value and one postsecondary credential. By aligning programming, funding and services within and across the community, providers assist individuals with the transition into and out of education and training programs and employment.

Objective Assessment

As discussed above, for NFJP youth between 18 and 24 years of age FCDP sub-recipients should assess the farmworker youth's occupational skills, prior work experience, employability, and needs to determine whether the NFJP youth or NFJP adult program would best meet the needs of the participant. To conduct an objective assessment the methods used by the sub-recipient should include:

- Structured in-depth interviews.
- Skills and aptitude assessments.
- Performance assessments (for example, skills or work samples, including those that measure interest and capability to train in nontraditional employment).
- Interest or attitude inventories.
- Career guidance instruments.

NFJP participants cannot be designated as both NFJP "Adult" and NFJP "Youth". They must be categorized as one or the other upon enrollment, and their outcomes reported accordingly. Upon identifying a participant, it cannot be changed and must be kept as an "Adult" or "Youth" as originally identified.

Any questions regarding the categorization of an NFJP participant as an NFJP Adult or an NFJP Youth should be referred to the FCDP State Office for resolution.

NFJP Youth Co-enrollment

Individuals who meet the respective program eligibility requirements may participate in both NFJP and other WIOA youth programs (e.g., WIOA Youth) concurrently. Co-enrollment can facilitate effective partnerships and cost sharing across programs and can also provide the youth with access to further resources and services. FCDP sub-recipients should leverage these partnerships whenever possible, while also identifying and tracking the funding streams to avoid double-dipping and duplication of services.

To find possible partners for referral or co-enrollment of an NFJP youth participant, coordinate with the local CareerSource agency to determine whether a Standing Youth Committee has been designated. Standing Youth Committee members will be familiar with the local organizations who are serving youth, including those who provide services under the following USDOL grant initiatives:

- WIOA Youth formula grants – focusing primarily on Out-of-School Youth
- YouthBuild – education and construction skills for youth ages 16-24
- REO – re-entry programs and services for ex-offenders, including young adults
- Job Corps – career development services for youth ages 16-24.

NFJP Youth 14 Program Elements

FCDP sub-recipients may provide activities and services to NFJP youth that include but are not limited to:

- Adult career services and training.
- Youth workforce investment activities specified in WIOA.
- Life skills activities, which may include self- and interpersonal skills development.
- Community service projects; and
- Other activities and services that conform to the use of funds for youth activities described in 20 CFR §681.

WIOA Youth Program Elements

Under the WIOA Youth Program, local programs are required to offer the following program elements to each participant. NFJP youth participants should also have access to these 14 elements through the One-stop System, of which NFJP is a required partner. Based on each NFJP youth's IEP, referrals and co-enrollments to various desired WIOA Youth program elements not provided by NFJP can be pursued through local One-stop partners or other partner programs.

1. Tutoring, Study Skills Training, Instruction, and Dropout Prevention

Tutoring, study skills training, and instruction lead to a high school diploma includes services such as providing academic support, helping a youth identify areas of academic concern, assisting with overcoming learning obstacles, or providing tools and resources to develop learning strategies. Tutoring, study skills training, and instruction can be provided one-on-one, in a group setting, or through developed resources and workshops. Dropout prevention strategies intended to lead to a high school diploma include activities that keep a young person in-school and engaged in a formal learning and/or training setting. Strategies include, but are not limited to, tutoring, literacy development, active learning experiences, after-school opportunities, and individualized instruction.

2. Alternative Secondary School and Dropout Recovery Services

Alternative secondary school services are services that assist youth who have struggled in traditional secondary education. Dropout recovery services are those that assist youth who have dropped out of school. Both types of services help youth to re-engage in education that leads to the completion of a recognized high school equivalent.

Examples of activities under this program element include:

- Basic education skills training.
- Individualized academic instruction.
- English as a Second Language training.
- Credit recovery.
- Counseling and educational plan development.

3. Paid and Unpaid Work Experience

A WIOA Youth work experience is a planned, structured learning experience that takes place in a workplace for a limited period, and may take place in the private for-profit sector, the non-profit sector, or the public sector. Work experiences provide the youth participant with opportunities for career exploration and skill development.

A key difference for WIOA youth work experiences (as compared to work experiences for adults and dislocated workers), is that they include academic and occupational education. The educational component may occur concurrently or sequentially with the work experience. This means that workforce preparation activities, basic academic skills, and hands-on occupational skills training are to be taught within the same time frame and connected to training in a specific occupation, occupational cluster, or career pathway.

Some types of work experiences might include:

- Summer employment.
- Pre-apprenticeship programs.
- Internships and job-shadowing.
- OJT opportunities.

4. Occupational Skills Training

Occupational Skills Training is an organized program of study that provides specific vocational skills that lead to proficiency in performing actual tasks and technical functions required by certain occupational fields at entry, intermediate, or advanced levels. Such training must:

- Be outcome-oriented and focused on an occupational goal specified in the individual service strategy.
- Be of sufficient duration to impart the skills needed to meet the occupational goal; and
- Lead to the attainment of a recognized postsecondary credential.

5. Education Offered Concurrently with Workforce Preparation

Educational opportunities offered to WIOA youth must be offered concurrently with and in the same context as workforce preparation activities and training for a specific occupation or occupational cluster. This should reflect an integrated education and training model where basic skills and occupational training are taught within the same time frame and connected to a specific occupation, occupational cluster, or career pathway.

6. Leadership Development Opportunities

Leadership development opportunities are opportunities that encourage responsibility, confidence, employability, self-determination, and other positive social behaviors through:

- Exposure to postsecondary educational possibilities.
- Community and service-learning projects.
- Peer-centered activities, including peer mentoring and tutoring.
- Organizational and teamwork training.
- Training in decision-making.
- Citizenship training, including life skills like parenting and work behavior.
- Civic engagement activities that promote the quality of life in a community; and
- Other leadership activities that place youth in leadership roles, such as serving on a Standing Youth Committee.

7. Youth Supportive Services

Supportive Services for WIOA youth are services that enable an individual to participate in WIOA activities. These include, but are not limited to:

- Linkages to community services.
- Assistance with transportation.
- Assistance with childcare and dependent care.
- Assistance with housing.
- Needs-related payments.
- Assistance with educational testing.
- Reasonable accommodations for youth with disabilities.
- Legal aid services.
- Referrals to health care.
- Assistance with uniforms or other appropriate work attire and work-related tools, including such items as eyeglasses and protective eye gear.
- Assistance with books, fees, school supplies, and other necessary items for students enrolled in postsecondary education classes.
- Payments and fees for career and training-related proposals, tests, and certifications.

8. Adult Mentoring

Adult mentoring for WIOA youth must last at least 12 months and may take place both during the program and following exit from the program. It must be a formal relationship between a youth participant and an adult mentor that includes structured activities through which the mentor offers guidance, support, and encouragement to develop the competence and character of the mentee. It may also be offered in the workplace where the youth is matched with an employer or employee of a company. Group mentoring and mentoring remotely are acceptable, provided the youth is additionally matched with an individual mentor with whom he/she interacts face-to-face.

9. Follow-up Services

Follow-up services are critical services provided after a WIOA youth exits the program to help ensure the youth is successful in employment and/or postsecondary education and training. Exit is recorded for a youth when 90 consecutive days of no services are received, retroactive to the last date of service. Follow-up services may include regular contact with a youth participant's employer, including assistance in addressing work-related problems that arise. Follow-up services do not extend exit, and for WIOA youth may also include:

- Supportive services.
- Mentoring and/or coaching.
- Financial literacy education.
- Services that provide labor market and employment information about in-demand industry sectors or occupations available in the local area, such as career awareness, career counseling, and career exploration services.
- Activities that help youth prepare for and transition to postsecondary education and training.

All WIOA youth participants must be offered an opportunity to receive follow-up services that align with the individual service strategies identified in their IEP. Furthermore, follow-up services must be provided to all participants for a minimum of 12 months after program exit, unless the participant declines to receive follow-up services, or the participant cannot be located or contacted. Follow-up services may be provided beyond 12 months at the State or local WDB's discretion, even if the participant by then is older than 24. The types of services provided, and the duration of services must be determined based on the needs of the individual; therefore, the type and intensity of follow-up services may differ for each participant. Follow-up services must include more than only a contact attempted or made for securing documentation to report a performance outcome. Comparatively, follow-up services for participants in adult or dislocated worker programs who are placed in unsubsidized employment must be provided for up to 12 months after the first day of employment.

10. Comprehensive Guidance and Counseling

Comprehensive guidance and counseling provide individualized counseling to participants. This includes drug and alcohol abuse counseling, mental health counseling, and referral to partner programs, as appropriate. When referring participants to necessary counseling that cannot be provided by the local WIOA Youth program or its service providers, the sub-recipient must coordinate with the organization it refers to in order to ensure continuity of service.

11. Financial Literacy Education

Financial literacy education refers to activities that provide WIOA youth with the knowledge and skills they need to achieve long-term financial stability. This education encompasses information and activities on a range of topics, such as creating budgets; setting up checking and saving accounts; managing spending, credit, and debt; understanding credit reports and credit scores; and protecting against identify theft.

The financial literacy education program element may include activities that:

- Support the ability of participants to create budgets, initiate checking and savings accounts at banks, and make informed financial decisions.
- Support participants in learning how to effectively manage spending, credit, and debt, including student loans, consumer credit, and credit cards.
- Teach participants about the significance of credit reports and credit scores; what their rights are regarding their credit and financial information; how to determine the accuracy of a credit report and how to correct inaccuracies; and how to improve or maintain good credit.
- Support a participant's ability to understand, evaluate, and compare financial products, services, and opportunities and to make informed financial decisions.
- Educate participants about identity theft, ways to protect themselves from identify theft, and how to resolve cases of identity theft, and in other ways understand their rights and protections related to personal identity and financial data.
- Support activities that address the financial literacy needs of non-English speakers, including providing support through the development and distribution of multilingual financial literacy and education materials.
- Support activities that address the financial literacy needs of youth with disabilities, including connecting them to benefits-planning and work-incentives counseling.
- Provide financial education that is age appropriate, timely, and provides opportunities to put lessons into practice, such as providing access to safe and affordable financial products that enable money management and savings; and
- Implement other approaches to help participants gain the knowledge, skills, and confidence to make informed financial decisions that enable them to attain greater financial health and stability by using high quality, age-appropriate, and relevant strategies and channels, including, where possible, timely and customized information, guidance, tools, and instruction.

12. Entrepreneurial Skills Training

Entrepreneurial skills training provides the basics of starting and operating a small business, and develops the skills associated with entrepreneurship. Such skills may include, but are not limited to, the ability to:

- Take initiative.

- Creatively seek out and identify business opportunities.
- Develop budgets and forecast resource needs.
- Understand various options for acquiring capital and the trade-offs associated with each option.
- Communicate effectively and market oneself and one's ideas.

Approaches to teaching youth entrepreneurial skills include, but are not limited to, the following:

- Entrepreneurship education introduces the values and basics of starting and running a business. Entrepreneurship education programs often guide youth through the development of a business plan and may include simulations of business start-up and operation.
- Enterprise development that provides support and services that incubate and help youth develop their own businesses. Enterprise development programs go beyond entrepreneurship education by helping youth access small loans or grants needed to begin business operation, and by providing more individualized attention to the development of viable business ideas.
- Experiential programs that provide youth with experience in the day-to-day operation of a business. These programs may involve the development of a youth-run business that young people participating in the program work in and manage; or they may facilitate placement in apprentice or internship positions with adult entrepreneurs in the community.

13. Services that Provide Labor Market Information

Labor market information refers to services that provide labor market and employment information about in-demand industry sectors or occupations available in the local area and includes career awareness, career counseling, and career exploration services. Labor market information also identifies employment opportunities, and provides knowledge of job market expectations, including education and skill requirements and potential earnings. Numerous tools and proposals are available that are user-friendly and can be used to provide labor market and career information to youth. These tools can be used to help youth make appropriate decisions about education and careers.

14. Postsecondary Preparation and Transition Activities

These services include helping youth explore postsecondary education options, including technical training schools, community colleges, four-year colleges and universities, and Registered Apprenticeship programs.
Examples of other postsecondary preparation and transition activities include:

- Assisting youth to prepare for SAT/ACT testing.
- Assisting with college admission proposals.
- Searching and applying for scholarships and grants.
- Filling out the proper financial aid proposals and adhering to changing guidelines; and
- Connecting youth to postsecondary education programs.

FCDP Sub-recipients will provide guidance for youth based on the results of assessments to assist them with their transition options. One of the goals of Florida's strategic vision for WIOA implementation is improving career exploration, educational attainment and skills training for in-demand industries and occupations for Florida youth that lead to enhanced employment, career development, credentialing and postsecondary education opportunities. FCDP sub recipients will guide the youth while keeping this goal in mind and assist them on their pathway to help them realize "The American Dream" of opportunity and success through hard work.

Integrated Education and Training

To transition to postsecondary education and training programs and eventually obtain employment leading to economic self-sufficiency, while exercising the rights and responsibilities of citizenship, an Integrated Education and Training (IET) service approach is used. The Division of Career and Adult Education (DCAE) promotes the planning, development and implementation of an integrated education and training (IET) service approach by providing concurrent and contextualized adult education and literacy activities in combination with workforce preparation activities and workforce training for a specific occupation or occupational cluster for the purpose of educational and career advancement.

The State of Florida WIOA Unified Plan outlines courses such as English Literacy for Career and Technical Education (ELCATE). This course is designed for ESOL students who have a goal of enrolling in a career and technical program; helps prepare students for a successful transition to and completion of career and technical education. As well as Adult ESOL College and Career Readiness Course, which is designed to improve advanced ESOL students' abilities to communicate in English, allowing them to acquire secondary level English language skills. College and career readiness standards are integrated into this course with the intention of successful transition to and completion of postsecondary education. [cf. State of Florida WIOA Unified Plan] With this coordination of efforts in place, FCDP sub recipients can greatly assist MSFW youth with their transition activities.

Common Performance Measures for Youth

The employment rate for Title I Youth is slightly different from the adult. Under WIOA, a Title I Youth in education or training programs would count positively towards both Employment Rate Measures (2nd and 4th quarter), as would employment.

Youth Employment/Education/Training Rate – 2nd Quarter after Exit is the percentage of participants in education or training activities, or in unsubsidized employment, during the second quarter after exit.

Youth Employment/Education/Training Rate – 4th Quarter after Exit is the percentage of program participants who are in education or training activities, or in unsubsidized employment, during the fourth quarter after exit from the program.

Attachment E
Special Conditions for WIOA, Section 167 Project Awards Form

General

The sub-recipients agree to comply with the requirements of the Workforce Innovation and Opportunity Act (WIOA) and all federal regulations, policies, or procedures that may replace or modify WIOA Title I, Section 167. The sub-recipient agrees to fully perform the services prescribed in the Project Proposal and will comply with the Florida Department of Education (FDOE) Green Book General Assurance, Terms and Conditions for Participation of Federal and State programs, which are required to be signed and submitted to FDOE prior to the issuance of grant award notification. The Department has the option of reducing project funding due to a project's failure to meet performance goals, meet minimum data accuracy requirements, or comply with the resolution of program, fiscal, or data validation / monitoring findings.

Operational Guidelines and Internal Procedures

Sub-recipients must implement project operations as instructed in WIOA, Title I, Section 167, USDOL guidance notices/letters, all FCDP State Office policy related technical assistance papers, memos, and manuals no later than July 31 of the program year. The FCDP State Office requires the use of an online database Management Information System (MIS), Employ Florida, to conduct and manage daily business. The database is used to enter, update, and store participants' information. Access to Employ Florida requires successful completion of a Level 2 Security Background check every 5 years and completion of the Department of Economic Opportunity's Tier I training. In addition, The Department of Revenue's SUNTAX is used to confirm participants' wages and employer information.

Program Branding

An organization name and logo are the centerpiece of a brand and set the stage for how an organization is perceived among its key stakeholders. All funded agencies must ensure that the office(s) supported by these funds are named, "Farmworker Career Development Program of Grant Host Agency Name" and that all program promotional materials, web sites, agreements, memoranda of understanding, and contracts use this name (and the associated program logo) to identify and describe program services. In addition, telephone and email forms of communication should include this name as part of the ongoing effort to brand the program statewide as one whose main purpose is to build sustainable and rewarding careers for eligible farmworkers.

NFJP Eligibility Determination

Sub-recipients will be required to have coordinators and all intake/case management staff successfully complete NFJP eligibility certification training provided by the FCDP State Office to determine and document participant eligibility for the FCDP program. Instructions on how to maintain source documentation validating eligibility criteria and entering applicable eligibility data into Employ Florida provided for this purpose will be included in this eligibility certification training.

Project Planning and Placement Process

- **Individual Employment Plans** – The Individual Employment Plan (IEP) with associated counseling notes will be completed for each participant in Employ Florida prior to receipt of training services in accordance with FCDP State Office policy. The IEP establishes employment, education, and support goals for the individual, denotes barriers, and provides a service plan.

- **Assessment** – The participant's initial assessment is to evaluate the career goals with an interest profiler, such as USDOL's O*NET My Next Move. The next step is to assess the participant's academic levels in reading, language, and mathematics, through administration of the TABE or CASAS within 60 days of NFJP Enrollment. If a participant falls below the 9th grade level, they are considered basic skills deficient and this should be reflected in their application.

  Additionally, they will need to posttest (TABE or CASAS) each year until they are no longer basic skills deficient. The test scores and interest profiler should support a specific employment goal. The following steps in the planning process are the development of a specific plan of action to improve any deficiencies in language and academic areas, the development and/or improvement of specific work-related skills through work-based experiences, career and technical coursework, or other postsecondary skill development program, and employability skills. Where possible, IEP goals should be accomplished concurrently instead of sequentially; and, always kept current.

For NFJP Youth, the initial education and training goals must be linked to a career pathway ultimately resulting in the attainment of the overarching participant employment goal. The completed IEP must be signed electronically by the participant with a signature pad once the IEP is established and for any subsequent IEP updates. The original IEP and any updates must be stored electronically in the Staff Documents Section of Employ Florida.

- **Participant Monthly Contact**– It is critically important that participant progress on accomplishing various steps identified in the IEP will be monitored monthly with participants. Participant's progress should be documented in Employ Florida with a monthly case note titled "Monthly Contact – Month".

- **Job-Driven Training** – All training provided to FCDP participants should be focused on ultimately resulting in a high-wage regionally in demand job for the participant and be provided by either the host educational agency or through a training provider identified on the sub-recipient's Eligible Training Provider List (ETPL).

- **Eligible Training Provider List (ETPL)** – All sub-recipients must submit to the FCDP State Office a prospective ETPL for the funded program year with the grant proposal for review and approval. Sub-recipients may not encumber participant training funds on agencies/trainers not identified on the approved ETPL and/or received state office approval. In addition, all sub-recipients should focus on training opportunities for their participants. Each training provider must complete a training vendor application and submit the required attachments. The sub-recipient will use these completed applications to compile the prospective ETPL. All vendor applications must be included with the ETPL sent to the FCDP State Office.

- **Targeted Occupation List (TOL)** - All sub-recipients must submit to the State Office a prospective TOL for the funded program year with the grant proposal for review and approval. Sub-recipients may not encumber participant training funds on programs not identified on the approved TOL and/or received state office approval. In addition, all sub-recipients should focus on apprenticeship and pre-apprenticeship training opportunities for their participants.

- **Placement and Transition** – Since the focus of the FCDP is to find meaningful and sustainable careers for farmworkers, sub-recipients are expected to include in their project design strategies for assisting the target population with employment placement and transition services. These strategies should include the development of working partnerships with the local CareerSource team, prospective employers, and other community agencies charged with providing employment assistance to jobseekers. All placement and transition related activity provided to eligible participants should be documented in the case notes and the appropriate placement sections of Employ Florida. (Policy No. 17-01).

- **Quarterly Narrative Reports (QNR)** – This is a federal requirement that includes participant success stories. All sub-recipients must submit a quarterly narrative report on the last day of each quarter; September 30, December 31, March 31 and June 30. Refer to **Attachment N** for a sample and specific formatting requirement.

- **Follow-Up Activities** – USDOL guidelines regarding this federal program require an organized, consistent, and accurate follow-up and process to be established for all eligible participants after their exit from the program. FCDP State Office guidelines regarding the structure, timing, and form of this follow-up must be adhered to ensure participants receive every assistance possible to be successful, but also, to ensure the accurate reporting of employment related performance data to USDOL. Follow-up wage information should be obtained from a valid external source such as wage records or direct employer contact and notated in Employ Florida.

Work Experience, Employability Skills, and Workforce System Access

- **Employ Florida Registration** - All FCDP participants must be registered in Employ Florida during the participant intake process. This registration includes the appropriate selection training type that will be included in the NFJP module of Employ Florida.

- **Employability Skills** – All FCDP participants will be provided employability skills training prior to their exit from the program through either a sub-recipient provided stand-alone program or through referral to an external provider who is listed on the sub-recipient's ETPL.

- **Work Experience** – Work experience (paid or unpaid) may be used to supplement employability skill training for participants who have been identified in the IEP as needing additional work-related experience before exited with employment. All work experience must be consistent with the participant's IEP. Paid Work Experience must be for a limited period and be administered in keeping with State Office policies. Participants may not be enrolled in paid Work Experience for more than 300 total hours without written approval from the State Director.

- **Collaboration with Local Agencies** – Sub-recipients must submit a list of 25 collaborative contacts on a quarterly basis. See sample provided.

- **Local Advisory Board** – A Local Advisory Board (LAB) must be established to assist participants to obtain meaningful employment. The LAB must operate within the guidelines set forth by the FCDP State Office for Local Advisory Board operations. Members of this Board should be comprised of key stakeholders in the community who will be able to inform the sub-recipients of any career opportunities for their NFJP participants. Membership shall include a minimum of two community employers. For additional LAB members, refer to FDOE's list of business partners at: http://www.fldoe.org/academics/career-adult-edu/career-tech-edu/business-partners.stml

This agreement should identify the specific way the collaboration will take place to include shared outreach efforts, program awareness building, and identification of ways in which program participants may benefit from this collaboration. It may be value-added to have a representative from the local Title I Migrant Education Office be an active member of the Local Advisory Board.

- **Other Agencies** – Local agencies who service the same targeted population of farmworkers may also be included.

- **Training Providers** – Training Provider agreements must be completed for each training provider listed on the ETPL and submitted to the FCDP State Office with the grant proposal. (Refer to ETPL section in this attachment)

INFRASTRUCTURE FUNDING AGREEMENT

ONE-STOP CAREER CENTER SYSTEM

BY AND BETWEEN CAREERSOURCE SUNCOAST

AND

SCHOOL BOARD OF MANATEE COUNTY – FARMWORKERS CAREER DEVELOPMENT PROGRAM

I.PARTIES

This Infrastructure Agreement ("IFA") is made pursuant to the Workforce Innovation Act of 2014 ("the Act") and is entered into **School Board of Manatee County – Farmworkers Career Development Program**, hereinafter referred to as School Board of Manatee County – Farmworkers Career Development Program or Partner and Suncoast Workforce Board, Inc., dba CareerSource Suncoast ("CSS").

The contact information for Partner is as follows:

Name:	Anibal Rosario Planas
Title:	Program Coordinator
Phone:	941-410-4947 x 42099
Email:	RosarioPlanasA@manateeschools.net

II. Purpose

The Workforce Innovation & Opportunity Act (WIOA) is an affirmation of the work that has been done in Florida to build the workforce development system. The cornerstone of the Act is its American Job Center (AJC) One-Stop customer delivery system. The AJC One-Stop system assures coordination between the activities authorized in and linked to the Act.

WIOA requires Local Workforce Development Boards (LWDB) to develop and finalize Infrastructure Funding Agreements (IFA) with all required partners that carry out their programs in the local area.

The purpose of this agreement is to establish a financial plan, including terms and conditions, to fund the services and operating costs of the AJC One-Stop customer delivery system. The Parties to this Infrastructure Agreement (IFA) agree that joint funding is a necessary foundation for an integrated service delivery system. The goal of the operating budget is to develop a funding mechanism that:

- Establishes and maintains the local workforce delivery system at a level that meets the needs of the job seekers and businesses in the Local area,
- Reduces duplication and maximizes program impact through the sharing of services, resources, and technologies among Partners (thereby improving each program's effectiveness),
- Reduces duplication by establishing data sharing as it relates to participant records for outcome information,

- Reduces overhead costs for any one partner by streamlining and sharing financial, procurement, and facility costs, and
- Ensures that costs are appropriately shared by determining contributions based on the proportionate use of the One-Stop centers and relative benefits received and requiring that all funds be spent solely for allowable purposes in a manner consistent with the applicable authorizing statutes and all other applicable legal requirements, including the Uniform Guidance.

The Partners consider this One-Stop operating budget as the master budget necessary to maintain the high standard One-Stop delivery system. It includes the following cost categories, as required by WIOA and its implementing regulations:

- Infrastructure costs (also separately outlined in the Infrastructure Funding Agreement (IFA)),
- Career services, and
- Shared services.

All costs included in the IFA, allocated according to Partners' proportionate use and relative benefits received and will be reconciled on a quarterly basis. The One-Stop operating budget is transparent and negotiated among Partners on an equitable basis to ensure costs are shared appropriately. All Partners negotiated in good faith and sought to establish outcomes that are reasonable and fair.

III. Partners

Each Partner commits to cross-training of staff, as appropriate, and to providing other professional learning opportunities that promote continuous quality improvement.

Partners will further promote system integration to the maximum extent feasible through:

- Effective communication, information sharing, and collaboration with the One-Stop operator,
- Joint planning, policy development, and system design processes,
- Commitment to the joint goals, strategies, and performance measures,
- The use of common and/or linked data management systems and data sharing methods, as appropriate
- Leveraging of resources including other public agency and non-profit organization services.
- Participation in a continuous improvement process designed to boost outcomes and increase customer satisfaction, and
- Participation in scheduled Partner meetings to exchange information in support of the above and encourage program and staff integration.

iv. One-Stop Operating Budget

The purpose of this section is to establish a financial plan, including terms and conditions, to fund the services and operating cost of the One-Stop Centers. The Local Workforce Development Board based the budget on all costs associated with operating the America Job Center.

v. Cost Allocation Methodology

All required Partners have agreed to provide access to their programs in the comprehensive One-Stop Career Center and contribute to the infrastructure costs. Partners will have staff co-located in the Center (on a full or part-time basis) or will provide access via direct linkage as outlined in Attachment A (Partner On-site Representation Schedule} and will fund operating costs based on a percentage of the partner's annual FTE. (All costs included in the IFA, allocated according to Partners' proportionate use and relative benefits received, and will be reconciled on a quarterly basis.)

Required partners who have elected not to have staff co-located in the AJC will utilize a "direct linkage" that will allow customers to connect with partner program staff to access services. Cross-trained front desk and other physically co-located staff can assist in providing information and referrals to the direct-linkage partners. Partners utilizing direct linkage must contribute to the infrastructure cost equivalent to a minimum of 0.1 FTE or 4 hours per week (1 FTE is equivalent to 40 hours/week).

The LWDB selected the cost allocation bases to determine overall Partner contributions. This was done in an effort:

a) To remedy the imbalance of non-physically represented Partners, and

b) To comply with the requirement of Partners' contributions having to be in proportion to the Partners' use of the AJC and relative benefits received.

As outlined in the MOU, the costs of the infrastructure of AJC One-Stop Center will be funded in accordance with the requirements of the Workforce Innovation and Opportunity Act; federal cost principles; and all other applicable legal requirements.

VI. PARTNER CONTRIBUTION (Based on all costs associated with the operation of the American Job Center)

Below is the partner contribution cost determination:

Estimated Cost per FTE	Estimated Infrastructure Costs Total Partner FTE _____/_____=_____
Partner Physical Presence Contribution (*partners who elected to have their representatives in the One-Stop on a FT or PT basis to serve customers)*	1 FTE x Estimated Cost per FTE 1 FTE x $11,526 = $11,526 (**1 FTE represents 40 hours/week commitment)**
Partner Direct Linkage/Visual Presence Contribution *(Partner who elects not to have their representative in the one-stop but offer a technology option to serve customers.)*	Minimum of 0.1 FTE or 4 hours per week 0.1 FTE x $ 11,526 = $1,153 **(0.1 FTE represents 4 hours/week commitment)**

FUNDING TYPES AND SOURCES

The permissible types of funds used for infrastructure costs and additional costs of operating a local One-Stop delivery system (i.e., partner's program or administrative funds) may differ depending upon the partners program's authorizing law and implementing regulations. The funds that may be used also differ based on whether the amount that must be contributed by a partner for infrastructure costs is determined under the Local Funding Model or the State Funding Model. (Copy of the TEGL 17- 16: Infrastructure Funding of the One-Stop Delivery System can be found at: TRAINING AND EMPLOYMENT GUIDANCE LETTER No. 17-16 | U.S. Department of Labor (dol.gov).

Types. Funding for infrastructure costs and additional costs may be in the form of:

(1) CASH, NON-CASH and THIRD-PARTY IN-KIND CONTRIBUTIONS*
(2) Funding from philanthropic organizations or other private entities; or
(3) Other alternative financing options (described in WIOA sec. 121(c)(2)(A)(ii) and 20 CFR 678.715, 34 CFR 361.715, and 34 CFR 463.715.

Some partner programs may have statutory or regulatory prohibitions against using certain types of these contributions or on how the program may treat these contributions for fiscal accountability purposes under the respective program's requirements.

*

Cash

Cash funds provided to the Local WDB or its designee by one-stop Partners, either directly or by an interagency transfer, or by a third party.

Non-Cash

- Expenditures incurred by one-stop Partners on behalf of the one-stop center; and
- Non-cash contributions or goods or services contributed by a Partner program and used by the One-Stop center.

The value of non-cash and third-party in-kind contributions must be fairly evaluated in accordance with the Uniform Guidance at 2 CFR 200.306.

Third-party In-kind

Contributions of space, equipment, technology, non-personnel services, or other like items to support the infrastructure costs associated with one-stop operations, by a non-- one-stop Partner to:

Sources: The source of funds that may be used to pay for infrastructure costs depends on the requirements regarding use of funds under the law authorizing the partner program that is contributing the funding. The infrastructure funding may be from funds classified as administrative, program, or both, depending on the partner programs' requirements.

VII. Cost Reconciliation

The source of funds that may be used to pay for infrastructure costs depends on the requirements regarding use of funds under the law authorizing the partner program that is contributing the funding.

The Partner agrees to submit Infrastructure Funding agreement reports on a quarterly basis for the LWDB (CSS) to complete a reconciliation of budgeted and actual costs and updates of the allocation basis.

All Parties agree that a bi-annual reconciliation of budgeted and actual costs and update of the allocation basis will be provided for the review.

The LWDB will submit invoices (if applicable) to the Partners and send a copy of the updated budget to all Parties. Partners will communicate any disputes with costs in the invoice or the budget to the LWDB in writing. The LWDB will review the disputed cost

items and respond accordingly to the Partner. When necessary, the LWDB will revise the invoice and the adjusted budget upon resolution of the dispute.

One-Stop delivery system infrastructure costs are defined as non-personnel costs that are necessary for the general operation of the OSCC, including, but not limited to: Rental of the facilities; Utilities and maintenance; Equipment, including assessment-related products and assistive technology for individuals with disabilities; and,technology to facilitate access to the One-Stop delivery system, including technology used for the center's planning and outreach activities. This may also include the costs associated with the development and use of the common identifier (i.e., American Job Center signage) and supplies, as defined in Uniform Guidance at 2 CFR 200.94, to support the general operation of the One-Stop center (WIOA sec.121 (h)(4) and 20 CFR 678.700(a), and 34 CFR 446.700(a)).

Non-personnel costs are costs that are not compensation for personnel costs. For example, technology-related services performed by vendors or contractors are non-personnel costs and may be identified as infrastructure costs if they are necessary for the general operation of the One-Stop center. Such costs would include service contracts with vendors or contractors, equipment, and supplies.

Personnel services include salaries, wages, and fringe benefits of the employees of partner programs or their subrecipients, as described in 2 CFR 200.430-200.431 of the Uniform Guidance. For example, allocable salary and fringe costs of partner program staff who work on information technology systems (e.g., common performance and reporting outcomes) for use by the One-Stop center as a whole would be personnel costs. The costs of a shared welcome desk or greeter directing employers and customers to the services or staff that are available in that One-Stop center is a personnel expense. These costs, therefore, could not be included in infrastructure costs but are included in "additional costs."

All Parties to this IFA recognize that infrastructure costs are applicable to all required Partners, whether they are physically located in the One-Stop Career Center (OSCC) or not. Each partner's contributions to these costs, however, may vary, as these contributions are based on the proportionate use and relative benefit received, consistent with the Partner programs' authorizing laws and regulations and the Uniform Guidance.

VII. Term

The Term of this IFA shall commence on **July 1, 2024** or the date last executed by both parties, whichever is later, through **June 30, 2025**. The IFA will be reviewed and renewed annually for successive one-year terms as an amendment to this agreement. This IFA may be terminated for convenience at any time by either party upon thirty (30) days written notice. Neither this IFA nor any provision hereof may be changed, waived, discharged or terminated orally, but only by an instrument in writing signed by each of the parties to this Agreement.

IX. Amendments and Modifications

Neither this IFA nor any provision hereof may be changed, waived, discharged or terminated orally, but only by an instrument in writing signed by each of the parties to this Agreement sent via certified, return receipt requests, U. S. Mail.

X. Merger

This IFA constitutes and expresses the entire and integrated understanding and agreement between the parties hereto, superseding, incorporating, and merging all prior understandings, agreements, and discussions relating to the transactions contemplated hereby, and no agreements, understandings, prior negotiations, prior discussions, warranties, representations or covenants not herein expressed shall be binding upon the parties.

XI. Third Party Beneficiary

The Parties expressly acknowledge that it is not their intent to create or confer any rights or obligations in or upon any third person or entity under this IFA. None of the Parties intend to directly or substantially benefit a third party by this IFA. The Parties agree that there are no third-party beneficiaries to this /FA and that no third party shall be entitled to assert a claim against any of the Parties based upon this IFA.

XII. Governance

The accountability and responsibility for the One-Stop career center system's organizational activity and accomplishments will rest with CSS. Pursuant to the Act CareerSource shall conduct oversight with respect to the One-Stop delivery system. Any dispute concerning this IFA will be resolved in accordance with CSS.

XIIII. Dispute Resolution

If an issue arises involving this IFA, both parties will make every effort to reach a resolution in a timely and efficient manner. Either partner may request a face-to-face meeting of the local partners to identify and discuss the issue. If resolved and no further action is deemed necessary by the partners, the issue and the resolution will be documented in writing.

If not resolved, the issue and the efforts to resolve will be documented and forwarded to the President/CEO of CareerSource Suncoast and the Director of the Partner organization. A joint decision shall be issued within sixty calendar days of receipt.

If dissatisfied with the decision, the dispute may be filed with the State of Florida Department of Economic Opportunity (DEO) and the Commissioner of the Education to review concerns and determine resolution. DEO and DOE may remand the issue back to the President/CEO of CareerSource Suncoast and to the Director of the Partner organization, Partner or impose other remedies to resolve the issue.

AGENDA ITEM NO. 10.11

School Board of Manatee County
August 6, 2024 - Regular Board Meeting
Action Item

Title
Ratification of the Signed Agreement for the School District of Manatee County to Remain a Provider of Vocational Rehabilitation Services to Exceptional Student Education (ESE) Students at High Schools in the District and Accept the Funds for Services Provided per the Florida Department of Education, Division of Vocational Rehabilitation Fee-for-Service Provider Contractual Agreement (Incoming Revenue to General Fund)

Executive Summary
The School District of Manatee County has been a provider of services for students who have been accepted into the Division of Vocational Rehabilitation (DVR) job skills program for approximately 16 years. This year DVR has instituted a new process to renew as a provider. This is a request to renew this service to the exceptional student education high school students who qualify as per DVR requirements to get job skills training from our Employment Specialists. A requirement for the program to be renewed includes the submission of a signed Fee-for-service agreement, copy attached.

The School District of Manatee County, through the Adult, Career and Technical Education Department, has two employees who provide services to the students as an On-the-job program which is called Pre-Employment Transition Service that centers on Work Readiness Training and Work-based Learning Experiences. There are about 80 students served each year in this program. The services provided are billed to DVR who sends funds to the school district for the services rendered. These funds are used to support the program and to pay the salary of the two full-time employees.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready For Life | Goal 4
Create an instructional model centered around real-world skills, civic involvement, financial literacy, and arts integration

Recommendation
The Superintendent recommends ratification of the signed agreement for the School District of Manatee County to remain a provider of vocational rehabilitation services to Exceptional Student Education (ESE) students at high schools in the District and accept the funds for services provided per the Florida Department of Education, Division of Vocational Rehabilitation Fee-for-Service Provider Contractual Agreement (Incoming Revenue to General Fund).

Financial Impact
Financial impact varies based on the number of students serviced by the program. The services provided are billed to DVR who sends funds to the school district for the services rendered. These funds are used to support the program and to pay the salary of the two full-time employees. If the program is not renewed, the two positions would discontinue. If more students can be serviced, additional specialists would be added upon approval of DVR and the Superintendent.

Revenue for the prior three years is as follows:
2021-2022 $313,627.00
2022-2023 $421,500.00
2023-2024 $358,700.00

Title

Executive Summary
Voluntary Prekindergarten (VPK) is a program that is funded by the Division of Early Learning at the Florida Department of Education. The School District of Manatee County (SDMC) offers the VPK program free of charge to families as either a 540-instructional hour school year program or a 300-instructional hour summer program. Families may select either the school year or the summer program but not both. All children who reside in Florida, turning four by September 1st of the school year, are eligible to participate in a VPK program.

The School District of Manatee County's Title I program provides a certified teacher in each VPK classroom and extended day opportunities for qualifying prekindergarten students at select Title I elementary schools. The extended preschool day provides students with additional opportunities to master developmental standards that will prepare them for kindergarten. Title I preschool classrooms receive additional support, resources, professional development, and specialists to close the achievement gap.

VPK Enrollment Data:
2024-2025 - 884 students (estimated)
2023-2024 - 867 students
2022-2023 - 764 students
2021-2022 - 751 students

This contract was reviewed and approved by Mr. Dye on July 5, 2024.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready To Learn | Goal 1
Refine the elementary instructional model to strengthen the focus on foundational literacy skills in meeting each student's needs

Ready To Learn | Goal 5
Continue to partner with community-based agencies to ensure expanded Pre-K learning opportunities and alignments

Ready To Learn | Goal 6
Expand the availability of relevant literacy training and reading materials for first-time parents and families

Recommendation
The Superintendent recommends approval to renew the State of Florida Voluntary Pre-Kindergarten Education Program Provider Contract between the School District of Manatee County and the Early Learning Coalition of Manatee County for the 2024-2025 school year. (No Net Financial Impact)

Financial Impact
There is no cost to the General Fund. The District will receive funds based on student enrollment in the VPK

program. Estimated funding will be approximately $2,400.00 per student for each student who completes the 540-hour school year program or the 300-hour summer program with at least 80% attendance. If attendance falls below the 80% threshold funding would be reduced.

V. MONITORING, AUDITING, AND ACCESS

29. **Monitoring**. PROVIDER understands that the provisions of this Contract are required to fulfill its obligation to offer the VPK Program, and that COALITION will monitor PROVIDER for compliance with the requirements of offering the VPK Program.

30. **Physical Access.** PROVIDER agrees to allow the Division and COALITION staff or sub-contractors immediate access to the facilities and spaces used to offer the VPK Program during normal business hours.

31. **Records Access.** PROVIDER agrees to allow COALITION staff or sub-contractors and the Division to inspect and copy records pertaining to the VPK Program during normal business hours and upon request by COALITION or the Division. Records shall be provided within seventy-two (72) hours.

VI. MAINTENANCE OF RECORDS, DATA, AND CONFIDENTIALITY

32. **Record Confidentiality.** PROVIDER agrees to protect the confidentiality of child and family records. Information associated with the VPK Program will only be made available in accordance with the restrictions of s. 1002.72, F.S. For the purposes of records of children enrolled in the VPK Program, this Contract is considered an interagency agreement for the

purpose of implementing the VPK Program as described in s. 1002.72(3)(a), F.S. Accordingly, to the extent that PROVIDER receives VPK records in order to carry out its official functions, PROVIDER must maintain and protect the data as required in s. 1002.72, F.S., and in accordance with paragraphs 33 and 34 below. Individuals and organizations eligible to receive records include PROVIDER, the parent, COALITION, the Division, and other entities identified in s. 1002.72, F.S.

33. **Record Maintenance.** PROVIDER agrees to maintain records, including enrollment and attendance records, for children funded by the VPK Program; records of each VPK child, VPK instructor, substitute instructor, or VPK director; and other fiscal records for audit purposes for a period of five (5) years from the date of the last payment for that fiscal year or until the resolution of any audit findings or any litigation related to this Contract, whichever occurs last. PROVIDER may maintain records in an electronic medium and, if PROVIDER does so, then PROVIDER must back up records on a regular basis to safeguard against loss.

34. **Record Transfer on Termination.** In the event that PROVIDER permanently ceases to offer the VPK Program before the conclusion of the retention period for VPK records as described in Paragraph 33, whether as a result of unilateral or mutual termination of PROVIDER's eligibility to offer the VPK Program or as a result of PROVIDER ceasing to do business, PROVIDER must transfer all VPK records required to be maintained under Paragraph 33 to COALITION no later than the close of business on the day PROVIDER ceases to offer the VPK Program. Failure to remit all VPK records required to be maintained will result in COALITION withholding final payment until the requirements of this paragraph are met.

VII. COMPENSATION AND FUNDING

35. **Notification of Enrollment.** PROVIDER agrees that it will not receive payment until PROVIDER has entered the certificate of eligibility number into the Provider Portal and COALITION has in turn approved the enrollment of the child through the Provider Portal.

36. **Attendance Documentation.** PROVIDER agrees to document the daily attendance, to certify the monthly attendance, and to certify the annual cumulative attendance of each child admitted to PROVIDER's VPK Program class(es) in accordance with rules of the Division. PROVIDER agrees that, after the annual cumulative attendance has been certified, the certified annual cumulative attendance may not be disputed for payment purposes.

37. **Parent Attendance Certification.** PROVIDER agrees to require that the parent of each child in the VPK Program verify, each month, the child's attendance on the prior month's certified child attendance, in accordance with the requirements of s. 1002.71(6)(b)2., F.S. PROVIDER agrees to maintain the Child Attendance and Parental Choice Certificates (Forms OEL-VPK 03L or OEL-VPK 03S) adopted in Rule 6M-8.305 F.A.C., which have been signed each month by a parent for each child admitted into PROVIDER's VPK Program class(es).

38. **Direct Deposit.** PROVIDER agrees to provide information necessary to facilitate direct deposit in order to receive VPK reimbursement for services rendered. PROVIDER agrees to provide alternative reimbursement arrangements if PROVIDER chooses to opt out of direct deposit, however, the reimbursement may be delayed up to twenty-one (21) calendar days should PROVIDER choose to opt out.

39. **Payment Rate.** PROVIDER understands that payments for each child may not exceed the amount of funding for one (1) full-time equivalent (FTE) student as established by the Florida Legislature, except for extreme hardship reenrollment circumstances described in Rule 6M-8.210, F.A.C. The amount of funding for one (1) FTE student is calculated by multiplying the base student allocation provided in the General Appropriations Act by the county's district cost differential. The formula for FTE calculation is subject to revision by the Legislature during the course of the program year. In the event that a change of ownership or transfer of a VPK Program has occurred and payment, including advance payment, has been made, the succeeding VPK provider must not receive funding, that, combined with the funds already dispersed to the preceding VPK provider(s), would exceed the funding for one (1) full-time (FTE) for each child enrolled.

40. **Differential Payment.** PROVIDER understands that, subject to appropriation by the Legislature, PROVIDER may receive a differential payment based on the PROVIDER's performance designation in accordance with s. 1002.68(4)(e), F.S.

41. **Advance Payment Option.** PROVIDER understands that PROVIDER will receive monthly payments in accordance with the rules of the Division of Early Learning. PROVIDER further understands that PROVIDER may elect to receive monthly advance payments based on the number of children enrolled in PROVIDER's VPK Program class(es) by checking the appropriate box for each program:

School-Year Program

☐ PROVIDER elects to receive monthly advance payments for the school-year program and understands that advance payments will be reconciled and adjusted in accordance with the rules of the Division.

☒ PROVIDER elects **not** to receive monthly advance payments for the school-year program.

or

☐ PROVIDER does not intend to offer the school-year program.

Summer Program

☐ PROVIDER elects to receive monthly advance payments for the summer program and understands that advance payments will be reconciled and adjusted in accordance with the rules of the Division.

☒ PROVIDER elects **not** to receive monthly advance payments for the summer program.

or

☐ PROVIDER does **not** intend to offer the summer program.

42. **Final Payment.** PROVIDER understands that COALITION will not issue a final payment to PROVIDER for the VPK Program year until PROVIDER certifies the annual cumulative attendance of each child enrolled in PROVIDER's VPK Program in accordance with the rules of the Division.

43. **Overpayment**. PROVIDER agrees that, if the end-of-year reconciliation of payments reveals that PROVIDER received payments in excess of the amount owed to PROVIDER, COALITION will offset the overpayment against the final payment owed to PROVIDER for the program year and any future payments issued to PROVIDER for early learning programs. If PROVIDER ceases to offer early learning programs before the overpayment is fully offset, PROVIDER agrees to return the funds it was overpaid. If PROVIDER fails to return the funds it was overpaid, PROVIDER will be subject to collection efforts.

44. **Attendance Documentation Submission.** PROVIDER agrees to submit monthly attendance certification, in accordance with Rule 6M-8.305, F.A.C., for payment. PROVIDER agrees to submit all required attendance records to COALITION on or before the 3rd business day of each month. If the due date falls on a holiday, PROVIDER agrees to submit all required attendance records to COALITION on the preceding business day. Records submitted late will be processed and paid in the next payment cycle.

45. **Reimbursement Summary Review.** PROVIDER agrees to review the reimbursement summary provided with the monthly reimbursement statement. PROVIDER agrees to report to COALITION any discrepancy, overpayment, or underpayment within sixty (60) calendar days of transmission of the reimbursement summary.

46. **Closures.** PROVIDER agrees that compensation for temporary closures will be handled in accordance with Rule 6M-8.204(5), F.A.C.

47. **Disallowed Costs.** PROVIDER understands that expenditures submitted for reimbursement will be disallowed if PROVIDER does not adhere to the provisions governing the VPK Program as described in paragraph 5. Any disallowed expenditure may be deducted from any future reimbursement. PROVIDER agrees to return to COALITION any funds received as a result of error or overpayment or disallowed cost. If PROVIDER ceases to offer the VPK Program before the payment is fully recovered, PROVIDER agrees to return the funds it was overpaid. If PROVIDER fails to return the funds it was overpaid, PROVIDER will be subject to collection efforts and fraud restitution.

48. **Head Start Agencies.** If PROVIDER is a Head Start Agency, PROVIDER understands that, in accordance with federal law, PROVIDER's Head Start programs must be "in addition to, and not in substitution for, comparable services previously provided without Federal assistance." (42 U.S.C., s. 9835(c))

49. **Title 20 Schools.** If PROVIDER receives federal funds under Title 20, United States Code, ss. 6311-6322, PROVIDER understands that, in accordance with federal law, PROVIDER may use "Federal funds to supplement, [but] not [to] supplant non-Federal funds." (20 U.S.C., s. 6314(a)(3)(B))

VIII. PROVISIONS FOR PROVIDER ACCOUNTABILITY

50. **Performance Metric.** PROVIDER understands that, it is required to adhere to the accountability measures set forth in s. 1002.68, F.S. PROVIDER acknowledges that the calculation of the performance metric will include composite program assessment scores, learning gains, and norm-referenced developmental learning outcomes resulting from the coordinated screening and progress monitoring program.

51. **Provider on Probation.** PROVIDER understands that it is required to adhere to the probation requirements set forth in s. 1002.68, F.S.

IX. FINANCIAL CONSEQUENCES

52. **Financial Consequences.** As a result of PROVIDER's failure to provide the minimum level of services required by this Contract, COALITION must temporarily withhold reimbursement, disallow all or part of services not in compliance with the terms of this Contract, or terminate the Contract.

X. NONDISCRIMINATION

53. **Discrimination Prohibited.** PROVIDER agrees to comply with the antidiscrimination requirements of 42 U.S.C. s. 2000d, regardless of whether PROVIDER receives federal financial assistance. PROVIDER agrees not to discriminate against a parent or child, including the refusal to admit a child for enrollment in the VPK Program, in violation of the antidiscrimination requirements.

XI. TERMINATION AND NONCOMPLIANCE

54. **Noncompliance Determination and Corrective Action Notice.** If COALITION determines PROVIDER has failed to comply with the provisions governing the VPK Program as described in paragraph 5 or the requirements of this Contract, and COALITION concludes that corrective action will resolve the failure to comply, COALITION must notify PROVIDER in writing. ("Corrective action" means implementation of specific action(s) designed to correct the failure to meet a specific requirement.) The notice must: (i) identify the specific requirement(s) that PROVIDER failed to meet; (ii) describe how PROVIDER failed to meet each requirement; (iii) provide a detailed description of any required corrective action, (iv) set a deadline for completion of the corrective action; and (v) state that PROVIDER may request a review of the determination as described in paragraph 61. Upon determining that PROVIDER has completed the corrective action, COALITION must notify PROVIDER in writing. If PROVIDER has not satisfactorily implemented its corrective actions by the end of this Contract, PROVIDER will still be held accountable for implementing the remainder of the corrective actions if PROVIDER

remains eligible to deliver the VPK Program and executes a new contract with COALITION.

55. Termination for Cause.

a. Basis of Termination for Cause. PROVIDER agrees that COALITION has the right to terminate this Contract for cause at any time. The following are grounds for termination for cause: (a) action, or lack of action, which threatens the health, safety, or welfare of children; or cited for a Class I violation by the Department of Children and Families or local licensing agency as applicable; (b) the material failure to comply with one or more of the terms of this Contract, including failure to verify all new hires work authorization status using E-Verify system as described in paragraph 7, and failure to implement corrective action; (c) the refusal to accept any notice described under this Contract which COALITION is required to send to PROVIDER; or (d) reasonable or probable cause for COALITION to suspect that fraud has been committed by PROVIDER as described in paragraph 60.

b. Notice of Termination for Cause. In order to terminate PROVIDER for cause, COALITION must send a written notice of termination for cause to PROVIDER. Such notice must be sent, with proof of delivery, at least five (5) business days before termination. The notice must state the date of, and the specific basis for, termination. Finally, the notice must state that PROVIDER may request a review of the determination as described in paragraph 61. Notwithstanding PROVIDER's refusal of delivery of the notice, this Contract will be terminated on the date identified in the notice. COALITION must document any refusal of delivery.

56. Emergency Termination. COALITION must immediately terminate this Contract on an emergency basis upon a notification by the Department of Children and Families (DCF) or local licensing agency or accreditation body of actions or inactions of PROVIDER that pose an immediate and serious danger to the health, safety, or welfare of children. COALITION will terminate this Contract on an emergency basis by sending PROVIDER written notice of emergency termination at least twenty-four (24) hours prior to termination. The written notice must specifically state the basis of COALITION's emergency termination. Finally, the notice must state that PROVIDER may request a review of the determination as described in paragraph 61.

57. Revocation of Eligibility.

a. In accordance with sections 1002.55(6), 1002.61(10), or 1002.63(9), F.S., if PROVIDER's Contract is terminated under paragraphs 55 or 56, COALITION may revoke PROVIDER's eligibility to deliver the VPK Program and SCHOOL DISTRICT may revoke a public school's eligibility to deliver the VPK Program. When revoking PROVIDER'S eligibility, COALITION or SCHOOL DISTRICT must adhere to requirements provided in Rule 6M-8.702, F.A.C. COALITION or SCHOOL DISTRICT shall provide notice of its intent to revoke PROVIDER'S eligibility at the same time that it provides written notice of intent to terminate the contract to PROVIDER. For multi-site providers, such as corporate chains or school districts, VPK Program ineligibility is per site and may not apply to all locations unless specifically determined otherwise by COALITION.

b. PROVIDER agrees that in the event that this Contract is terminated under the provisions of paragraphs 55 or 56, and PROVIDER's eligibility is not revoked under paragraph 57 part a., the parties may not enter into another contract for VPK services for the remainder of the contract term of this Contract.

58. **Termination of Contract by Provider.** PROVIDER and COALITION may agree to terminate this Contract by mutual consent or PROVIDER may unilaterally terminate this Contract at will. Written notice of termination must be given at least thirty (30) calendar days before the termination date in order for COALITION to make alternative arrangements for uninterrupted services for children served under this Contract. If sufficient notice of termination is not provided, COALITION may refuse to issue the final reimbursement payment to PROVIDER. If PROVIDER unilaterally terminates this Contract during the pendency of an inquiry due to suspected noncompliance with part V or part VI of Chapter 1002, of the Florida Statutes or Chapter 6M-8, F.A.C., COALITION may revoke PROVIDER'S eligibility in accordance with Rule 6M-8.702, F.A.C., if the noncompliance is upheld by the early learning coalition review hearing committee for a period of at least two (2) years but no more than five (5) years.

59. **Legislative Appropriation.** Any obligation for payment under this Contract is contingent upon an appropriation by the Florida Legislature. If funds required to finance this Contract are unavailable, COALITION must terminate this Contract after providing written notice, with proof of delivery, at least twenty-four (24) hours before termination of this Contract. In the event of termination of this Contract under this paragraph, PROVIDER must be paid for the documented VPK hours completed prior to termination of this Contract.

60. **Fraud.**

a. **Suspension or Termination for Suspected Fraud.** In accordance with s. 1002.91(4), F.S., COALITION may suspend or terminate PROVIDER from participation in the VPK Program when it has reasonable cause to believe that PROVIDER has committed fraud. PROVIDER may request a review of COALITION's determination to suspend PROVIDER as described in paragraph 61. This review shall be limited to a determination of whether COALITION has reasonable belief that fraud occurred. If suspended, PROVIDER shall remain suspended until the completion of any investigation by the Division, or any other state or federal agency, and any subsequent prosecution or other legal proceeding.

b. **Termination for Fraud.** In accordance with s. 1002.91(5), F.S., if PROVIDER, or an owner, officer, or board director thereof, is convicted of, found guilty of, or pleads guilty or nolo contendere to, regardless of adjudication, public assistance fraud pursuant to s. 414.39, F.S., or is acting as the beneficial owner for someone who has been convicted of, found guilty of, or pleads guilty or nolo contendere to, regardless of adjudication, public assistance fraud pursuant to s. 414.39, F.S., COALITION shall refrain from contracting with, or using the services of, PROVIDER for a period of five (5) years. In addition, COALITION shall refrain from contracting with, or using the services of, any provider that shares an officer or director with a provider that is convicted of, found guilty of, or pleads guilty or nolo contendere to, regardless of adjudication, public assistance fraud pursuant to s. 414.39, F.S., for a period of five (5) years.

c. **Termination for National Disqualification.** In accordance with s. 1002.91(7), F.S., if PROVIDER is placed on the United States Department of Agriculture National Disqualified List, COALITION must terminate this Contract for cause. In addition, if PROVIDER shares an officer or board director with a provider that is on the United States Department of Agriculture National Disqualified List, COALITION must terminate this Contract for cause.

61. **Due Process Procedures.** PROVIDER may request a review of determinations made by COALITION under this Contract. Reviews will be conducted in accordance with Exhibit 2, Due Process Procedures. While a request for a review is being examined, PROVIDER is not required to implement corrective action. In accordance with s. 1002.73(1), PROVIDER may not offer any

VPK Program services while a request for a review regarding termination of PROVIDER's VPK Provider Contract is being examined.

62. **Severability of Provider Location.** If PROVIDER has executed this Contract on behalf of multiple locations and one or more of the locations is terminated pursuant to Section XI of this Contract, then in lieu of re-executing a new contract for the remaining locations, COALITION may modify Exhibit 1 to indicate which locations previously part of this Contract have been removed. This information must be provided in the Provider Portal. This Contract will remain in force and effect as to all locations in Exhibit 1 that are not modified.

63. **Litigation and Venue.** In the event that PROVIDER believes that this Contract has been inappropriately terminated, or in the event of a breach of this Contract, any available remedies may be pursued in a court of competent jurisdiction. COALITION and PROVIDER agree that any litigation related to this Contract that is brought by COALITION or PROVIDER will be brought in a county within COALITION's geographical service area.

XII. NOTIFICATION

64. **Information Change Notification**. PROVIDER agrees that it will comply with each of the following notification requirements:

- **a.** Provide notice to COALITION of class transfers of children at the same provider location within fourteen (14) calendar days;
- **b.** Provide notice to COALITION of changes to information provided on Forms OEL-VPK 10, OEL-VPK 11A, and OEL-VPK 11B within fourteen (14) calendar days after the information changes, in accordance with Rule 6M-8.300, F.A.C.;
- **c.** Provide notice of temporary closure in accordance with the requirements of Rule 6M-8.204, F.A.C.;
- **d.** Provide notice and documentation specifying reasons for dismissal of children within fourteen (14) calendar days.
- **e.** Providing notice to COALITION of a request for an additional program assessment in accordance with Rule 6M-8.621, F.A.C. PROVIDER acknowledges additional assessments are at PROVIDER's expense. The cost of the additional program assessment charged by COALITION is: $350.00 .

65. **Child Care Resource & Referral (CCR&R) Participation.** PROVIDER agrees to provide program and business information annually for inclusion in the Child Care Resource and Referral (CCR&R) Network and is responsible for ensuring that COALITION has up-to-date business and contact (including emergency contact) information. This information must be provided in the Provider Portal.

66. **Unusual Incident Notification.** PROVIDER agrees to report unusual incidents to COALITION by no later than the close of business on the next business day of the unusual incident and to submit a written report to COALITION within three (3) business days from the date of the incident. For licensed providers, sending a copy of the incident report submitted for DCF to COALITION will constitute compliance with this paragraph. An unusual incident is any significant event involving the health and safety of children under PROVIDER's care. Examples of unusual incidents include: accusations of abuse or neglect against PROVIDER or PROVIDER's staff; the injury of a child which requires professional medical attention at PROVIDER's site or written notification from the child's parent that the child received professional medical attention; and when PROVIDER receives notice of litigation where PROVIDER is a named party or defendant that relates to PROVIDER's operation of VPK

services.

67. Notification of Disqualification or Public Assistance Fraud.

a. PROVIDER must notify COALITION within five (5) calendar days if PROVIDER is placed on the United States Department of Agriculture National Disqualified List, or if PROVIDER shares an officer or board director with a provider that is on the United States Department of Agriculture National Disqualified List.

b. PROVIDER must notify COALITION within five (5) calendar days if PROVIDER, or an owner, officer, or board director thereof, is convicted of, found guilty of, or pleads guilty or nolo contendere to, regardless of adjudication, public assistance fraud pursuant to s. 414.39, F.S., or is acting as the beneficial owner for someone who has been convicted of, found guilty of, or pleads guilty or nolo contendere to, regardless of adjudication, public assistance fraud pursuant to s. 414.39, F.S.

XIII. INDEMNIFICATION

68. Indemnification. PROVIDER will be fully liable for and indemnify, defend, and hold harmless COALITION, Division, and all of their officers, directors, agents, contractors, subcontractors, and employees from and against any and all third-party claims, suits, actions, damages, judgments, and costs that arise whether in law or in equity, from any of the PROVIDER's agents, subcontractors, or employees' acts, actions, neglect, or omission during the performance or operations under this Contract or any subsequent modification thereof. This includes attorney's fees and costs. This indemnification holds whether liability is direct or indirect and whether damage is to any person or real or personal tangible or intangible property. If PROVIDER is a state agency or a subdivision thereof, as defined in s. 768.28(2), this paragraph is limited to the extent permitted by s. 768.28, F.S.

XIV. SEVERABILITY

69. Severability. If any provision of this Contract is held to be unenforceable by a court of competent jurisdiction, the remaining terms and conditions remain in full force and effect.

XV. AMENDMENTS

70. Only Authorized Amendments. Only authorized attachments, amendments, or supplements to this Contract are authorized or permitted including those specifically incorporated by reference in this form, such as Exhibit 1, Provider Location List; Exhibit 2, Due Process Procedures; Form DEL-VPK 20A, Amendment to Statewide Voluntary Prekindergarten Provider Contract; and Form DEL-VPK 20PP or Form DEL-VPK 20PS, as described in paragraph 7.

XVI. EXECUTION OF CONTRACT

In accordance with ss. 1002.55(3)(i), 1002.61(3)(b), and 1002.63(3)(b), F.S., PROVIDER has caused this Contract to be executed as of the date set forth in Paragraph 1. By signing below, PROVIDER hereby certifies that PROVIDER has read and understood this Contract. PROVIDER certifies that all information provided is true and correct and agrees that noncompliance with the requirements of the VPK Program, which include the requirements of this Contract, and all Exhibits and authorized attachments, will result in corrective action, withholding of funds, or termination of this Contract at the discretion of COALITION, in accordance with Section XI.

Exhibit 2: Due Process Procedures

Provider Legal Name: Manatee County School Board

1. Purpose of Exhibit. Early learning coalitions are responsible for the local implementation of early learning programs funded with state and federal funds, such as the School Readiness Program and Voluntary Prekindergarten Education Program. Providers of such early learning programs may request a review of determinations made by an early learning coalition in accordance with the due process procedures described below.

2. Request for Review Hearing. If a provider disputes any action taken by the coalition pursuant to the terms of the Statewide Voluntary Prekindergarten Provider Contract, the provider may request a review hearing in writing by sending it to the contact person listed in the coalition's action. A review hearing is a "meeting" for the purposes of the Sunshine Law (s. 268.011, F.S.) and is subject to public notice. During a review hearing, the provider will have a reasonable opportunity to address coalition staff or sub-contractor staff regarding the coalition's action and to present supporting evidence before a Review Hearing Committee. The provider may have an attorney present at the review hearing to represent or advise the provider.

a. Content of Request for Review Hearing. The request for review hearing must state: the name and contact information of an individual authorized to provide information and binding responses on behalf of provider; the specific action by the coalition that the provider disputes, the specific reasons for the provider's belief; and whether the provider will be represented by an attorney or another individual during the review hearing.

b. Request Time. The provider's request for a review hearing must be submitted in writing to the coalition within five (5) business days of receipt of notice of the determination which the provider believes to be incorrect.

c. Supporting Documentation. The provider must send copies of any written documentation supporting the claims of the provider. Examples of relevant documentation may include, but are not limited to, attendance documentation, notarized attestations from parents, documentation from licensing or accrediting bodies, documents demonstrating dates of information submission, and a proposed corrective action plan.

3. Implementation of Review. If the coalition receives a request for review hearing from the provider, the coalition must address the request by taking the following steps.

a. Assignment of Review Hearing Committee. Within three (3) business days of receipt of a request for review hearing, the coalition must assign a Review Hearing Committee to complete the review. The Review Hearing Committee must be composed of at least three (3) but no more than five (5) members of the Coalition Board. The Chair of the coalition's board shall appoint the Review Hearing Committee and shall name the chair of the committee. At least one of the members must be a mandatory member as set forth in section 1002.83(4) and at least one other member shall be one of the provider representative members. If all attempts have been made by the coalition to schedule among the selected Review Hearing Committee members potential dates for the hearing and neither provider representative from the coalition board is available, then the

requirement for a provider representative will be waived for this hearing and the minutes of the Review Hearing Committee will document that the coalition made every attempt to have a provider representative member included but was unable to do so for this hearing.

b. Response to Request for Review Hearing. Within five (5) business days of receipt of the request for review hearing, the coalition must respond to the provider in writing, return receipt requested. The notice must include at least three (3) proposed dates and times for the review hearing which must be within forty-five (45) days of the date of receipt of the request for review hearing. The notice must also state that the review hearing may be conducted in person at a location designated by the coalition or via any method of telecommunications, as long as the public is given reasonable access to observe and, when appropriate, participate. Finally, the notice must state whether or not all of the coalition staff or sub-contractor staff whom the provider wishes to have present during the hearing will be made available. If any individual who the provider requested to have present is not available, the coalition must make available an individual who is qualified to address the subjects the provider wished the individual to address.

c. Date and Location Selection. Within five (5) business days of receipt of the response to a request for review hearing, the provider must inform the coalition of the date and time which it selects for the review hearing and whether the provider will attend the meeting in person or via a method of telecommunication. Within five (5) business days of receipt of the response to a request for review hearing, if the provider is unable to attend any of the proposed dates and times for the review hearing, the provider must submit written notice which states the specific reasons that provider is unable to attend and must contact the coalition to select a mutually agreed upon date for the review hearing. If the provider does not inform the coalition of the date and time within the required time period, then the process is considered complete and the request is denied.

d. Conducting the Review Hearing. The Review Hearing Committee must assess the claim(s) the provider made in its request for review by examining all information and documentation submitted by the provider. The provider must be given a reasonable opportunity to question coalition staff or sub-contractor staff regarding the determinations of the coalition and to present evidence before the Review Hearing Committee. The coalition will also be provided a reasonable opportunity to submit evidence to rebut any claims made by the provider.

e. Notice of Review Hearing Committee Decision. Following completion of the presentation by the provider and the coalition, the Review Hearing Committee will vote regarding each of the provider's claims. The decision of the Review Hearing Committee is final. In its deliberations, the Review Hearing Committee must determine:

i. If the determination made by the coalition was correct, in whole or in part, or incorrect.

ii. If no part of the determination made by the coalition was correct, then the provider is not required to take further action.

iii. If any part of the determination made by the coalition is correct, the Committee must identify the portion(s) determined to be correct and, as applicable, decide:

A. If corrective action is necessary, that the provider must take corrective action in regard to the part(s) which the Review Hearing Committee determines to be correct; and the revised deadlines for completion of the corrective action(s); or

B. If the provider's eligibility to offer the Voluntary Prekindergarten Education Program will be terminated, the date of termination.

f. Notice of Review Hearing Conclusion. The Chair of the Review Hearing Committee must ensure a written notice of the review hearing conclusion is prepared. The written notice must state the outcome of the Review Hearing Committee's vote regarding each of the provider's claims. In addition, the notice must specifically state the reasons supporting the Review Hearing Committee's conclusions. The dates for either corrective action to be completed, or termination of eligibility to offer the Voluntary Prekindergarten Education Program must be included in the notice. The Chair of the Review Hearing Committee must approve the notice and ensure it is made public within ten (10) business days of the conclusion of the review hearing.

Title
Approval to Contract with Employer Direct Healthcare for the Surgery Plus Program, SDMC No.25-0045-RG, Estimated in the Amount of $190,000.00 Annually (Health Insurance Fund)

Executive Summary
Surgery Plus, a program by Employer Direct Healthcare, is a surgical care solution designed to help organizations reduce healthcare costs without compromising on the quality of care or patient experience. The program offers access to a network of surgeons.

Surgery Plus represents that it is recognized for its ability to significantly reduce healthcare costs, achieving up to 50% savings compared to market pricing. This is accomplished through contracting at agreed-upon rates, which dramatically reduces the cost per procedure. The School District does not pay anything unless someone uses the services. No budget dollars are needed to put the solution in place, no setup fees, account management fees or marketing fees. The district would pay Employer Direct Healthcare thirty-five percent (35%) of the savings realized by using their network of surgeons.

Employer Direct Healthcare and Hinge Health have a commercial agreement whereby Hinge Health has authorized Employer Direct Healthcare to provide access to Hinge Health's programs, products, and services. Hinge Health offers a digital clinic for musculoskeletal care, combining clinical care with advanced technology. They provide exercises, education, and support, including a Women's Pelvic Health Program. The cost of the Hinge Health component is estimated at $190,000.00 annually; the cost will not exceed $995.00 per year per enrollee.

Among the school districts in Florida using Surgery Plus are Brevard Public Schools, Orange County Schools, Miami-Date County Schools, Okaloosa County Schools, Pasco County Schools, Lake County Schools, Sarasota County Schools, and the School Board of Highlands County. Implementation dates range from 2021 to early 2024. These districts have implemented the program as an optional benefit for employees. The adoption rate averages less than 1% of eligible employees, and savings have ranged from $108,000.00 to $1.4 million.

The SDMC Health Insurance Committee (HIC), and the District's Health Care Broker, recommended this product to the Superintendent as a Health Plan cost-savings benefit.

The supplier is Employer Direct Healthcare, Dallas, Texas, Florida Document No. M16000005068. Approval of this agreement does not indicate immediate or complete expenditure of approved funds. Approved funds will only be expended on an as-needed basis throughout the contract period.

Subsection 6A-1.012(11) F.A.C. states, "The requirement for requesting competitive solicitations for commodities or contractual services from three or more sources is hereby waived as authorized by Section 1010.04(4)(a), F.S., for: (a) The purchase by district school boards of professional services which shall include, without limitation, artistic services; academic program reviews; lectures by individuals; auditing services not subject to Section 218.391, F.S.; legal services, including attorney, paralegal, expert witness, court reporting, appraisal or mediator services; and health services involving examination, diagnosis, treatment, prevention, medical consultation or administration."

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready To Grow | Goal 5
Continue our secure financial position, utilize referendum millage funds effectively, and modernize and enhance our current schools to meet our school community needs, including building vibrant, new schools

MASTER SERVICES AGREEMENT

This Master Services Agreement (this "**Agreement**"), effective as of August 1, 2024 (the "**Effective Date**"), is by and among School District of Manatee County, ("**Client**") and Employer Direct Healthcare, LLC ("**EDH**"). Client and EDH may be individually referred to herein as a "**Party**" or collectively as the "**Parties**."

WHEREAS, Client is an employer that makes available employee welfare benefit plans, pursuant to which the Client pays or makes arrangements for payment of certain health, wellness, and other benefits of its employees, retirees, members or other affiliates and certain of their family members or other beneficiaries ("**Enrollee**" or "**Enrollees**", as defined in the applicable SOW); and

WHEREAS, EDH makes available, either directly or in conjunction with third parties with whom EDH has a contractual relationship (such parties, "**Convened Parties**"), certain health management and navigation offerings that may serve to supplement existing benefit plans offered by Client; and

WHEREAS, Client wishes to arrange to have the Services (as defined below) made available to its Enrollees, and EDH wishes to provide those Services, on the terms and conditions set forth in this Agreement.

NOW THEREFORE, in consideration of the mutual promises and covenants contained herein and for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, it is agreed as follows:

1. Services

(a) In accordance with the terms of this Agreement, EDH and, if applicable, Convened Parties shall provide the Services to Client as set forth in the respective Statement(s) of Work ("**SOW**") executed between the Parties and attached hereto (the "**Services**"). EDH and any such Convened Parties shall have discretion and flexibility to structure their operations to deliver the Services from various service locations and affiliates located throughout the United States. Client will submit to or cause the appropriate third parties to submit to EDH and Convened Parties, if any, all Client Information in Client's control necessary for EDH and any such Convened Parties to perform the Services covered by this Agreement. Client is responsible for the accuracy and completeness of any and all Client Information that is submitted to EDH or any Convened Parties. Client agrees to immediately notify EDH and any Convened Parties of any problems or errors in Client Information submitted to such parties. Services performed by EDH or any Convened Party in correcting problems or errors arising from inaccurate or incomplete Client Information are additional services for which additional fees may be payable. Client shall obtain any consent necessary to enable EDH and any Convened Parties to provide the Services as contemplated herein. Client shall reasonably cooperate with EDH and Convened Parties in all matters relating to the Services and appoint a Client employee to serve as the primary contact with respect to this Agreement and who will have the authority to act on behalf of Client with respect to matters pertaining to this Agreement.

(b) All executed SOWs, along with any other attachments, exhibits, or schedules thereto, are incorporated by reference and made part of this Agreement. If there is any conflict or inconsistency between the terms in the body of this Agreement and any SOW, the terms of the SOW shall prevail. Change requests, updates, and revisions to the Services will only be binding if documented via a written amendment executed by the Parties.

2. Payment

Client or its designee will make payment to EDH or Convened Parties, as applicable, for the Services as specified in the applicable SOW. For the avoidance of doubt, Client is ultimately responsible for payment in the event Client or its designee(s) fail to make payment of any amount due pursuant to an SOW. EDH and, if applicable, Convened Parties may submit separate invoices and/or claims for Services provided pursuant to an SOW.

3. Term and Termination

(a) The term of this Agreement (the "**Term**") shall commence on the Effective Date and terminate upon the termination of the last Statement of Work, unless earlier terminated as specified below.

(b) Either Party may terminate this Agreement for cause upon ninety (90) days prior written notice to the other Party, provided that the defaulting Party shall have the opportunity to cure any breach within such ninety (90) days. Except in the case of a payment default, the ninety (90) day cure period may be extended if: (i) the defaulting Party is making all reasonable efforts to promptly cure the non-performance and within such period; and (ii) the defaulting Party gives the non-defaulting Party written notice of the defaulting Party's need for an extension and of the actions it is taking to cure its breach or non-performance. As used in this Section, the term "reasonable efforts" shall include the application of diligence and resources reasonably necessary to cure the non-performance in a business-like fashion with due regard to the seriousness of such non-performance or non-compliance and its impact upon the non-defaulting Party and those to whom the non-defaulting Party may have legal or contractual obligations.

(c) Either Party may terminate this Agreement, effective upon written notice to the other Party if any law or official interpretation of any such law renders any provision of this Agreement illegal under applicable law; provided however, that the Parties shall, prior to such termination, enter into good faith negotiations to amend this Agreement so as to make it conform to applicable law while still maintaining the original purpose of this Agreement to the maximum extent possible. If the Parties fail to reach an agreement within thirty (30) days after the inception of such negotiations, then this Agreement shall terminate.

(d) An SOW may be terminated only in accordance with the terms of the applicable SOW.

(e) Termination or expiration of this Agreement for any reason shall not affect the obligation of any Party to pay any amount due that arose prior to the effective date of such termination or expiration or to perform any duty that arose prior to the effective date of such termination or expiration. Further, in the event of termination or expiration of this Agreement for any reason, each SOW will continue until expired or terminated pursuant to its specific terms, and the terms of this Agreement shall continue for so long as any such SOW remains in effect. Upon termination or expiration of this Agreement and all SOWs, the Parties shall no longer have any further obligations under this Agreement, with the exception of any terms and conditions in this Agreement that are expressly or by their nature intended to extend beyond the term of this Agreement.

4. Ownership and Control of Data and Work Product

(a) "**Client Information**" is defined as all information, data, and materials (in whatever form or media) provided to EDH or Convened Parties under this Agreement by or on behalf of Client. "**Service Provider Information**" is defined as all information and materials (in whatever form or media) provided to Client by or on behalf of EDH or Convened Parties other than Client Information. Service Provider Information includes, but is not limited to: (i) EDH's and Convened Parties' mobile and web applications; (ii) EDH's and Convened Parties' letters, reports and other presentations; (iii) each web site on the World Wide Web through which EDH or Convened Parties perform the Services and make related information and/or other content available to Client (as may be updated or modified from time to time); (iv) any software, including underlying source and object code, and instructions embedded in spreadsheets, owned by or licensed to EDH or Convened Parties; (v) EDH's or Convened Parties' responses to Client's requests for proposal or other proposal-related documentation; (vi) EDH's or Convened Parties' standard materials and derivatives thereof and related materials; and (vii) EDH's or Convened Parties' generalized practices, techniques, business processes, and know-how regardless of whether developed in connection with the Services or engagements with other clients. Notwithstanding the foregoing, Enrollee health information maintained by or on behalf of a licensed healthcare professional for the purpose of treating its patients shall be deemed to fall outside the definition of "Client Information".

(b) As between the Parties: (i) EDH will retain all right, title, and interest in and to all Service Provider Information; and (ii) Client will retain all right, title, and interest in and to all Client Information.

(c) Subject to the terms of this Agreement, EDH grants to Client a non-exclusive, non-sublicensable, non-transferable, royalty-free right and license during the Term to access and use the Service Provider Information made available pursuant to this Agreement to Client solely to receive the Services. The foregoing right and license may be subject to additional restrictions specific to EDH's or Convened Parties' third-party suppliers or contractors. Client's license and access rights to Service Provider Information expire as of the end of the Term.

(d) Client grants EDH and Convened Parties, and their respective affiliates and subcontractors, a non-exclusive, sub-licensable, non-transferable, royalty-free right and license during the Term to use the Client Information made available by Client to EDH and such Convened Parties in connection with the performance of the Services.

(e) Client will not: (i) create derivative works based on, modify, or translate the Service Provider Information; (ii) sell, assign, distribute, lease, market, rent, sublicense, transfer, or otherwise grant rights to the Service Provider Information in whole or in part to any third party; (iii) obfuscate, remove, or alter any of the internet links or copyright or other proprietary legends that are in the Service Provider Information or that are displayed on pages served by the Service Provider Information; or (iv) reverse engineer, decompile, or disassemble Service Provider Information or any part thereof or otherwise obtain or attempt to obtain the source code for Service Provider Information.

(f) Nothing in this Agreement affects either Party's right to make use of its general knowledge, know-how (including processes, ideas, concepts and techniques developed in the course of performing the Services hereunder) and skill acquired or developed in the course of this Agreement.

5. Confidentiality

(a) "**Confidential Information**" means all materials and information of a confidential or proprietary nature disclosed by or on behalf of a Party (in such capacity, a "**Discloser**") to the other Party (in such capacity, a "**Recipient**") or its employees, subcontractors, agents, or other representatives ("**Representatives**"). Confidential Information includes, without limitation, the terms of this Agreement and any SOW, Client Information, Service Provider Information, a Discloser's pricing, methodologies, fee schedules, volume of business, methods, systems, practices, plans, and/or

other confidential or proprietary information. Each Party's respective Confidential Information will remain its sole and exclusive property. Notwithstanding the foregoing, Confidential Information shall not include any information that was rightfully known to the Recipient without restriction on use or disclosure before receipt from Discloser, is or becomes generally known to the public without violation of this Agreement by any of the Recipient or its Representatives, or is independently developed by the Recipient or its Representatives without reference to or use of any of Discloser's Confidential Information, as demonstrated by Recipient's competent evidence. Notwithstanding the foregoing, solely for the purpose of this Section, Enrollee health information maintained by or on behalf of a licensed healthcare professional for the purpose of treating its patients shall be deemed to fall outside the definition of "Confidential Information".

(b) Recipient agrees: (i) to use the Confidential Information of the Discloser only for purposes of performing Recipient's obligations under this Agreement; (ii) to maintain the Confidential Information of the Discloser as strictly confidential in the same manner it safeguards its own Confidential Information, and exercise reasonable precautions to prevent any unauthorized access, use or disclosure of such Confidential Information; and (iii) not to disclose the Confidential Information to any third party other than its Representatives who have a need to know such Confidential Information for the purpose of performing Recipient's obligations or exercising Recipient's rights under this Agreement, but in any event only to those Representatives who are apprised of the confidential nature of the Confidential Information and who are bound by obligations with respect to such Confidential Information no less restrictive than those set forth in this Section. Recipient will be responsible for any breach of its obligations hereunder by its Representatives. These restrictions will not prevent either Party from complying with any law, regulation, court order, or other legal requirement that compels disclosure of any Confidential Information provided that Recipient: (x) promptly notifies Discloser upon learning of any such legal requirement; (y) cooperates with Discloser in the exercise of its right to protect the confidentiality of the Confidential Information before any tribunal or governmental agency; and (z) discloses only that Confidential Information which is (on the advice of its counsel) required to be disclosed. Upon termination of this Agreement for any reason, Recipient will, subject to its rights and obligations under this Agreement, promptly return to Discloser all originals and copies of any Confidential Information and destroy all information, records, and materials developed therefrom. Notwithstanding the foregoing, Recipient may retain a copy of all Confidential Information for archival purposes; provided that the requirements of this Section shall survive termination or expiration of this Agreement for so long as such Confidential Information is retained or possessed by Recipient.

(c) Except as expressly set forth in this Section, each Party recognizes that its inappropriate disclosure or use of Confidential Information of the Discloser may give rise to irreparable injury to the Discloser and acknowledges that remedies other than injunctive relief may not be adequate. Accordingly, each Party (in its capacity as Discloser) has the right to seek equitable and injunctive relief to prevent the unauthorized possession, use, disclosure, or knowledge of any Confidential Information.

(d) The Parties shall comply with the privacy and security regulations issued by the United States Department of Health and Human Services under the Health Insurance Portability and Accountability Act of 1996 ("**HIPAA**") and the security provisions of the American Recovery and Reinvestment Act of 2009, also known as the Health Information Technology for Economic and Clinical Health Act (the "**HITECH Act**"). Each Party will be responsible and accountable for entering into appropriate business associate agreements with the other Party and its respective Representatives and subcontractors that are engaged to provide services under this Agreement. The Parties acknowledge and agree that all medical and other clinical records maintained by licensed healthcare professionals are the property of such healthcare professionals, and any use, disclosure, retention, or transfer of such records shall be in accordance with state and federal laws.

6. Representations and Warranties

(a) Each Party hereby represents and warrants to the other Party that: (i) it has full right, power, and authority to enter into this Agreement and each SOW hereunder and to carry out its obligations hereunder; (ii) by entering into this Agreement, it does not and will not violate or constitute a breach of any of its contractual obligations with third parties; (iii) it will comply in all material respects with all applicable federal, state, and local laws, statutes, ordinances, rules and regulations within the United States; and (iv) it holds all permits, licenses, and similar authority necessary for performing its obligations under the Agreement.

(b) EDH further represents and warrants that: (i) EDH and Convened Parties shall perform the Services using personnel of required skill, experience, and qualifications and shall devote adequate resources to meet the obligations under this Agreement; and (ii) the mobile and web applications provided by EDH and Convened Parties as part of the Services will be periodically tested using industry standard test tools to verify that they are free of any time bomb, viruses, trap doors, back doors, or other code which destroys, erases, damages, or disrupts the normal operations of, or allows for unauthorized access to, Enrollee health information and does not infringe on the intellectual property rights of any third party.

(c) Client further represents and warrants that (i) only authorized agents of its group health plan will be given access to Protected Health Information (as defined in 45 C.F.R. 106.103) shared under this Agreement; (ii) Client's group

health plan will not access Protected Health Information for any purposes other than those relating to Healthcare Operations (as defined in 45 C.F.R. 164.501(1)-(2)), Payment (as defined in 45 C.F.R. 164.501), or Treatment (as defined in 45 C.F.R. 164.501), or for purposes otherwise permitted under HIPAA when pursuant to an applicable Business Associate relationship; and (iii) Client's employee benefits programs implicated by this Agreement are in compliance with all laws and regulations, including but not limited to, the Employee Retirement Income Security Act of 1974 ("**ERISA**") and the Patient Protection and Affordable Care Act ("**ACA**").

(d) EXCEPT FOR THE EXPRESS WARRANTIES IN THIS AGREEMENT, (I) EACH PARTY HEREBY DISCLAIMS ALL WARRANTIES, EITHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE UNDER THIS AGREEMENT, AND (II) EACH PARTY SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT.

7. Reserved

8. Disclaimer of Damages; Limitation of Liability

(a) EXCEPT AS SET FORTH IN SECTION 8(b): (A) IN NO EVENT WILL EITHER PARTY BE LIABLE CONCERNING ANY SUBJECT MATTER OF THIS AGREEMENT, REGARDLESS OF THE FORM OF ANY CLAIM OR ACTION (WHETHER IN CONTRACT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE), FOR ANY INDIRECT, PUNITIVE, INCIDENTAL, RELIANCE, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES INCLUDING, BUT NOT LIMITED TO, LOSS OF BUSINESS, REVENUES, PROFITS, GOODWILL, DATA, USE, OR COSTS OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES; AND (B) IN NO EVENT SHALL EITHER PARTY'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT, WHETHER IN CONTRACT, TORT, OR UNDER ANY THEORY OF LIABILITY, EXCEED THE FEES RECEIVED BY EDH UNDER THIS AGREEMENT WITHIN THE IMMEDIATELY PRECEDING TWELVE (12) MONTH PERIOD.

(b) The disclaimer of damages and limitation of liability set forth in Section 8(a) in no way limits either Party's liability or any rights and/or remedies either Party may have with respect to: (i) either Party's breach of its obligations set forth in Section 5 of this Agreement; (ii) either Party's breach of its obligations set forth in the business associate agreement executed by the Parties; (iii) either Party's willful misconduct or fraud; and (iv) Client's obligation to pay EDH any amount due under this Agreement and/or any Statement of Work.

9. Dispute Resolution.

(a) In the event of any dispute, controversy, claim or disagreement arising out of or related to this Agreement or the acts or omissions of the Parties with respect to this Agreement (a "**Dispute**"), the complaining Party shall give written notice to the other Party providing reasonable detail regarding the nature of the Dispute (a "**Dispute Notice**"). As soon as reasonably practicable following delivery and receipt of a Dispute Notice, executive(s) of each Party who have authority to settle the Dispute and who are at a higher level of management than the persons with direct responsibility for day-to-day administration of this Agreement shall meet and confer in good faith to attempt to resolve the Dispute expeditiously and amicably (a "**Meet and Confer**"). The Meet and Confer shall occur at such time and place as mutually agreed upon by the Parties. The Meet and Confer shall be considered a settlement negotiation for the purpose of all applicable Law protecting statements, disclosures, or conduct in such context, and any offer in compromise or other statements or conduct made at or in connection with any Meet and Confer shall be protected under such Law.

(b) If any Dispute is not resolved to the mutual satisfaction of the Parties within thirty (30) days after delivery of the Dispute Notice (or such other period as may be mutually agreed upon by the Parties in writing), the Parties may submit such Dispute to arbitration conducted in accordance with this Section. A Party who fails or refuses to submit a Dispute to arbitration following a lawful demand by the other Party will bear all costs and expenses incurred in compelling arbitration of such Dispute.

(c) Either Party may commence arbitration by giving written notice to the other Party demanding arbitration (the "**Arbitration Notice**"). The Arbitration Notice shall specify the Dispute, the particular claims and/or causes of actions alleged by the Party demanding arbitration, and the factual and legal basis in support of such claims and/or causes of action. The arbitration shall be conducted in accordance with the commercial arbitration rules and procedures of the American Arbitration Association ("**AAA**"), but only to the extent such rules and procedures are not inconsistent with the provisions set forth in this Section. In the event of a conflict between any rules and/or procedures of AAA and the rules and/or procedures set forth in this Section, the rules and/or procedures set forth in this Section shall govern. The arbitration will be conducted at a mutually agreed location. The arbitration shall be conducted before a single impartial arbitrator who is selected by the Parties. The Parties shall use good faith efforts to agree upon a mutually acceptable arbitrator within thirty (30) days after delivery of the Arbitration Notice. The arbitration hearing shall commence within thirty (30) days after appointment of the arbitrator or as soon thereafter as established by the arbitrator. The arbitrator is empowered to hear and decide dispositive motions in advance of the hearing-on-the-merits by applying the law of the law governing this Agreement, excluding any applicable conflicts or choice of law provisions. The arbitrator shall have no authority to award damages or provide a remedy that would not be available to such prevailing party in a court of law nor shall the arbitrator have the authority to award punitive damages. The existence of the arbitration, the

arbitration proceedings, and the outcome of the arbitration will be treated as Confidential Information under this Agreement and will not be disclosed by either Party except as may be required by applicable law. Any Party may apply to a court of competent jurisdiction for entry and enforcement of judgment based on the arbitration award. The award of the arbitrator may be final, but the either Party may seek resolution in any court of competent jurisdiction. The Parties to the Dispute shall initially share all fees and costs of the arbitration proceedings as may be specified by the arbitrator. After the arbitrator issues the written award, the prevailing Party or Parties shall be entitled to apply to the arbitrator for, and recover, all reasonable costs and expenses associated with the arbitration, including, but not limited to, the fees of the arbitrator, administrative fees, and reasonable attorneys' fees.

(d) The Parties agree that pursuing arbitration of a Dispute will not limit a Party's right to seek provisional or ancillary remedies, including injunctive relief, from a court of competent jurisdiction, whether before, after or during any Dispute resolution activity. The exercise of any such remedy will not waive the right of any Party to compel arbitration or referral under this Section.

(e) TO THE EXTENT PERMITTED BY LAW, EACH OF THE PARTIES HERETO HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVES THE RIGHT EITHER OF THEM MAY HAVE TO A TRAIL BY JURY IN RESPECT OF ANY LITIGATION BASED HERON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT. THIS PROVISION IS A MATERIAL INDUCEMENT FOR THE PARTIES ENTERING INTO THIS AGREEMENT.

(f) For the avoidance of doubt, the Parties do not intend for the Dispute Resolution procedures set forth in this Section to supplant the routine handling of ordinary inquiries and complaints through informal contact between the personnel of each Party appointed to administer this Agreement.

10. Miscellaneous

(a) The attachments, exhibits, addenda, schedules, and/or SOWs attached to this Agreement ("**Attachments**") are incorporated into and deemed part of this Agreement. The Section headings are for reference and convenience only and shall not be considered in the interpretation of this Agreement. References to Sections and Attachments are to the referenced portions of this Agreement unless otherwise specified.

(b) The Parties specifically agree to comply with all applicable health care laws, rules, and regulations, including: (i) the federal Anti-kickback Statute (42 U.S.C. § 1320a-7b(b)); and (ii) the federal Stark Law (42 U.S.C. § 1395nn) and any analogs under applicable state law. Accordingly, no part of any consideration paid hereunder is intended as a prohibited payment for the recommending or arranging for the referral of business or the ordering of items or services, nor are the payments arising hereunder intended to induce illegal referrals of business.

(c) Unless otherwise expressly set forth in this Agreement, EDH and Convened Parties shall not have any discretion with respect to the management or administration of any Client human resources policy or benefit plan, or with respect to determining or changing the rules or policies pertaining to eligibility or entitlement of any Enrollee or benefit plan participant in any such policy or plan to benefits under such policy or plan.

(d) This Agreement shall inure to the benefit of and be binding upon the successors and permitted assigns of the Parties. Neither Party shall assign its rights or obligations hereunder without the prior written consent of the other Party, which consent shall not be unreasonably withheld or delayed, except EDH may assign its rights and obligations to: (i) an affiliate entity controlled by, controlling, or in common control with EDH; (ii) in connection with an initial public offering of EDH business; or (iii) to a successor of all or substantially all of the assets of EDH through merger, reorganization, consolidation or acquisition.

(e) Neither Party will be in breach of this Agreement, nor will either Party be liable to the other Party for, liabilities, damages, or other losses arising out of delays in performance caused by acts of God, government authority, war, strike, labor disputes, fire, explosion, sabotage, pandemic, accident, casualty, loss of facilities, or other similar occurrences beyond the reasonable control of such Party so as long as such Party is diligently attempting to correct the cause of the delay. EDH and Convened Parties' failure to perform the Services or other obligations in accordance with the applicable terms of this Agreement shall be excused to the extent that any such failure is attributable to: (i) Client's or Client's designee's failure to fulfill its obligations under this Agreement or to take corrective action within tasks allocated to Client in the SOW; or (ii) Client's failure to follow the rules, policies, and procedures of which they have been notified relating to the Services.

(f) Each Party reserves the right to the control and use of their respective names, copyrights, symbols, trademarks, and service marks ("**Marks**"). Except as set forth in this Agreement, no Party shall use the other Party's Marks in advertising, promotional materials, or otherwise without the prior written consent of the Party owning such Marks. Client will permit its logo to be displayed in educational and promotional materials to current or prospective clients and EDH will permit EDH's logo to be displayed in Client's educational and promotional materials, provided that: (i) any use of a Party's logo shall conform to the guidelines and specifications set forth by the Party owning such logo; and (ii) each Party obtains the other Party's prior written consent in each instance. Within a reasonable amount of time after the

Effective Date, the Parties will cooperate in the mutual approval and distribution of a press release announcing certain terms of this Agreement.

(g) Notwithstanding anything in this Agreement to the contrary, EDH and Convened Parties may develop and use various reports, surveys, analytics studies and data compilations (collectively, "**Data Derivations**") for any business purpose, including analyses, extracts, and derivations of Client Information, provided that such Data Derivations are comprised of anonymized data and do not contain any information that is identifiable to any third party recipient as originating from Client or its affiliates, Enrollees or personnel and such de-identification is done in accordance with the applicable provisions of HIPAA. EDH and Convened Parties may also use Client Information to the extent and for purposes authorized by the Enrollee or participant whose data is being used.

(h) It is expressly understood and agreed that the Parties' respective obligations under this Agreement that by their nature continue beyond the termination or expiration of this Agreement shall survive such termination or expiration of this Agreement.

(i) If any provision of this Agreement is held by a court of competent jurisdiction to be contrary to law, then the remaining provisions of this Agreement, if capable of substantial performance, shall remain in full force and effect. No delay or omission by either Party to exercise any right or power it has under this Agreement shall impair or be construed as a waiver of such right or power. A waiver by any Party of any breach or covenant shall not be construed to be a waiver of any succeeding breach or any other covenant. All waivers must be signed by the Party waiving its rights. Except as otherwise provided, all remedies available to a Party for breach of this Agreement under this Agreement, at law or in equity, are cumulative and may be exercised concurrently or separately, and the exercise of any one remedy shall not be deemed an election of such remedy to the exclusion of other remedies.

(j) This Agreement and the rights and obligations of the Parties under this Agreement shall be governed by and construed in accordance with the laws of the State of Florida without giving effect to the principles thereof relating to the conflicts of laws, except to the extent superseded or preempted by federal law.

(k) Except as specifically set forth in this Agreement, all consents, approvals, notices, requests, and similar actions to be given or taken by either Party under this Agreement shall not be unreasonably withheld or delayed, and each Party shall make only reasonable requests under this Agreement.

(l) The compensation paid to EDH or Convened Parties attributable to the performance or receipt of the Services do not include any applicable federal, state, or local sales, use, excise, value-added, personal property, or other similar taxes (collectively "**Transaction Taxes**"). EDH makes no assertion or warranty regarding whether benefits provided to an individual receiving the Services will be excludable from an individual's gross income for federal or state income tax purposes. EDH will not be responsible for the tax consequences of contributions to or benefits paid from the employer's benefit program.

(m) Client is exempt from federal and state taxes for tangible personal property. EDH shall not be exempted from paying applicable sales tax to the State of Florida and/or the federal government, as the case may be, for the purchase of materials to fulfill contractual obligations with Client, nor shall EDH be authorized to use Client's tax exemption number in securing such materials. In the event EDH is also exempt from federal and state taxes for tangible personal property, it shall promptly submit to Client an appropriate exemption certificate. Client will sign an exemption certificate submitted to it by EDH.

(n) Under Executive Order 11-116, and Section 448.095, Fla. Stat., effective July 1, 2020, EDH shall use the U.S. Agency of Homeland Security's E-Verify system, https://e-verify.uscis.gov/emp, to verify the employment eligibility of all employees hired during the term of this Agreement. EDH must obtain an affidavit from its subcontractors in accordance with paragraph (2)(b) of section 448.095, F.S., and maintain a copy of such affidavit for the duration of the Agreement. Upon written request of Client, EDH must provide a copy of its DHS Memorandum of Understanding (MOU) to Client. This section serves as notice to the EDH regarding the requirements of section 448.095, F.S., specifically sub-paragraph (2)(c)1, and the Client's obligation to terminate the Agreement if it has a good faith belief that the EDH has knowingly violated section 448.09(1), F.S.

(o) This Agreement represents the entire agreement between the Parties with respect to the subject matter hereof, and there are no other representations, understandings, or agreements between the Parties relative to such subject matter. No amendment to, or change, waiver or discharge of, any provision of this Agreement shall be valid unless signed by an authorized representative of each of the Parties. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one single agreement between the Parties.

(p) EDH and Convened Parties reserve the right to refuse to perform Services for any Enrollee or other individual for fraudulent, abusive or inappropriate behavior. If excessive cases of fraud, abuse or non-compliance arise under this Agreement then the Parties shall work together to identify and remedy the problem, to the extent practical.

(q) Each Party will maintain such insurance coverage as is reasonably necessary to support its respective obligations under this Agreement. Upon written request, each Party shall provide evidence of such coverage to the other Party.

(r) Nothing herein shall be construed to place EDH or any Service Provider, on the one hand, and Client or any Enrollee, on the other hand, in a relationship of partners or joint venturers, and such parties may not bind the others to any agreement or commitment.

11. Public Records.

(a) **IF EDH HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE EDH'S DUTY TO PROVIDE** PUBLIC **RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT publicrecords@manateeschools.net.**

(b) This Agreement is subject to and governed by the laws of the State of Florida, including without limitation Chapter 119, F.S., which generally makes public all records or other writings made by or received by the Parties. EDH acknowledges its legal obligation to comply with Section 119.0701, F.S. EDH shall keep and maintain public records, as that phrase is defined in the Florida Public Records Act, which would be required to be kept and maintained by Client in order to perform the scope of services. EDH shall comply with all requirements for retaining public records and shall transfer, at no cost to Client, all public records in the possession of EDH upon a request for such public records. See Section 119.0701(2)(b)4, F.S., for additional record keeping requirements.

(c) A request to inspect or copy public records relating to Client's contract for services must be made directly to Client's Custodian of Public Records. If Client does not possess the requested records, Client's Custodian of Public Records shall immediately notify EDH of the request. EDH must provide a copy of the records to Client or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, F.S. If EDH does not timely comply with Client's request for records, Client shall be able to sue for breach of contract and the prevailing party shall be entitled to attorney's fees.

(d) Should EDH fail to provide the requested public records to Client within a reasonable time, EDH understands and acknowledges that it may be subject to penalties under Sections 119.0701(3)(c) and 119.10, F.S.

(e) EDH shall not disclose public records that are exempt, or confidential and exempt, from public records disclosure unless specifically authorized by law for the duration of this Agreement term and following the completion, expiration, or termination of same if EDH does not transfer the records to Client. Upon completion, expiration, or termination of this Agreement, EDH shall transfer, at no cost to Client, all public records in its possession or keep and maintain public records required by Client to perform the services. If EDH transfers all public records to Client, EDH shall destroy any duplicate public records that are exempt, or confidential and exempt, from public records disclosure requirements. If EDH keeps and maintains public records upon completion, expiration, or termination of this Agreement, EDH shall meet all applicable requirements for retaining public records and provide requested records to Client pursuant to the requirements of this Article. All public records stored electronically must be provided to Client in a format that is compatible with the information technology systems of Client.

12. Protection and Handling of Data

(a) **Compliance with Laws and Client Policies and Procedures.** EDH will not knowingly permit any EDH's personnel to have access to any Client facility or any records or data of Client if the person has been convicted of a crime in connection with: (1) computer-related or information technology crimes; (2) fraudulent practices, false pretenses and frauds, and credit card crimes; (3) forgery and counterfeiting; (4) violations involving checks and drafts; (5) misuse of medical records or personnel records; or (6) felony theft. EDH must, to the extent permitted by law, conduct a check of public records in all of the employee's states of residence and employment for at least the last five (5) years in order to verify the above.

(b) **Data Security.** EDH agrees to protect and maintain the security of PHI with protection security measures that include maintaining secure environments that are patched and up to date with all appropriate security updates as designated by a relevant authority (e.g. Microsoft notifications, etc.). Likewise, Client agrees to conform to the following measures to protect and secure data:

i. **Data Transmission**. EDH agrees that any and all transmission or exchange of PHI with Client and/or any other parties shall take place via secure means, e.g. HTTPS, FTPS, SFTP, or equivalent.

ii. **Data Storage and Backup**. EDH agrees that any and all Client PHI will be stored, processed, and maintained solely on designated servers and that no Client data at any time will be processed on or transferred to any portable or laptop computing device or any portable storage medium, unless that storage medium is in use as part of EDH's designated backup and recovery processes. All servers, storage, backups, and network paths utilized in the delivery of the service shall be contained within the states, districts, and territories of the United States unless specifically agreed to in writing by Client with designated data, security, or signature authority. An appropriate officer with the necessary authority can be identified by Client for any general or specific case.

iii. EDH agrees to store all Client backup data that includes PHI stored as part of its backup and recovery processes in encrypted form, using no less than 128 bit key.

(c) **Safekeeping and Security.** As part of the Services, EDH will be responsible for safekeeping all keys, access codes, combinations, access cards, personal identification numbers, passwords, and similar security codes and identifiers issued to EDH's employees, agents, or subcontractors. EDH agrees to require its employees to promptly report a lost or stolen access device or information.

STATEMENT OF WORK NO. 1
SURGERY PLUS

This Statement of Work No. 1 (this "**Statement of Work**") is entered into by and between Employer Direct Healthcare, LLC ("**EDH**") and School District of Manatee County ("**Client**"). This Statement of Work is entered into pursuant and subject to the Master Services Agreement ("**Agreement**") by and between EDH and Client, effective August 1, 2024, to which this Statement of Work shall be attached. This Statement of Work is fully incorporated into and made part of the Agreement. In the event of any conflict between the body of the Agreement and this Statement of Work, this Statement of Work shall prevail.

1. Certain Defined Terms

Capitalized terms not defined in this Statement of Work shall have the meaning given to them in the Agreement. The following capitalized terms shall have the following meanings for purposes of this Statement of Work:

"**Employee**" means any United States domiciled employee of Client who is currently enrolled in a Plan.

"**Enrollee**" means any Employee and any other United States domiciled individual receiving benefits under a Plan at the time Covered Services are requested (including, for the sake of clarity, any individual utilizing such health plan through COBRA or as a dependent or beneficiary of an Employee).

"**Medically Necessary Service**" means a health care item or service that a Participating Provider determines to be both reasonable and necessary to diagnose or treat an illness, injury, condition, disease, or symptom of an Enrollee which is consistent with accepted standards of medicine.

"**Participating Provider**" means each hospital, healthcare facility, laboratory, person, or entity duly licensed to provide Covered Services to an Enrollee (or any other provider of medical services, products, or supplies which are Covered Services) with whom EDH has a contractual relationship (either directly or as a subcontractor of a party with whom EDH has a direct relationship).

"**Plan**" means any self-insured health benefits plan sponsored by Client.

"**Travel Benefits**" means the services coordinated by EDH pursuant to this Agreement relating to Enrollee's, and person accompanying such Enrollee, transportation and lodging during or in relation to an Episode of Care.

2. Term and Termination

(a) This Statement of Work is made effective and will commence as of August 1, 2024 (the "**SOW Effective Date**") and will continue in effect for an initial term of three (3) years ("**Initial SOW Term**"). Following the Initial SOW Term, this Statement of Work may be renewed by mutual written agreement of the parties for successive one year periods (each such period, a "**Renewal SOW Term**"). The Initial SOW Term and, if applicable, any Renewal SOW Terms shall be collectively referred to herein as the "**SOW Term**".

(b) EDH or Client may immediately terminate this Statement of Work in the event that the other Party materially breaches any provision of this Statement of Work and fails to cure such breach within ninety (90) days after receipt of notice of such breach; provided, however, that this cure period provision shall not be applicable to a repeat of substantially the same breach. In addition, EDH or Client may terminate this Statement of Work, effective upon written notice to the other party if any law or official interpretation of any such law renders any provision of this Statement of Work illegal under applicable law; provided however, that EDH and the Client shall, prior to such termination, enter into good faith negotiations to amend this Statement of Work so as to make it conform to applicable law while still maintaining the original purpose of this Statement of Work to the maximum extent possible. If such parties fail to reach an agreement within thirty (30) days after the inception of such negotiations, then this Statement of Work shall terminate.

(c) This Statement of Work may be terminated by Client for any reason, or no reason whatsoever, upon sixty (60) days' written notice of termination to EDH, which shall be approved by the governing board of Client. Additionally, as soon as reasonably practicable, Client shall provide written notice to EDH of Client's intent to request approval of such termination by the governing board of Client. Notwithstanding anything herein to the contrary, Client shall not be permitted to give notice of termination or terminate this Statement of Work pursuant to this Section 2(c) during the first twelve (12) months of the Initial SOW Term.

(d) The obligations of Client under this Statement of Work are subject to the availability of funds lawfully appropriated for its purpose by the State of Florida and Client. In the event of non-allocation of funds for services pursuant to this Statement of Work, Client shall provide EDH written notice at the earliest possible date, and this Statement of Work shall terminate on the last day of the fiscal year for which funds were appropriated.

(e) Termination or expiration of this Statement of Work for any reason shall not affect the obligation of any Party to pay any amount due that arose prior to the effective date of such termination or expiration or to perform any duty that arose prior to the effective date of such termination or expiration.

3. Covered Services

(a) EDH will provide Enrollees with access to Participating Providers for the purpose of Enrollees seeking Medically Necessary Services from such Participating Providers related to Episodes of Care ("**Covered Services**"). For purposes of this Statement of Work, "**Episode of Care**" means an episode of medical care sought by an Enrollee related to the non-exhaustive list of medical specialties set forth in the table below. An Episode of Care commences at the time an Enrollee is admitted to a Participating Provider inpatient facility, outpatient facility, surgery center, in-office procedure room, or other health care facility setting and ends when such Enrollee is discharged from the applicable health care facility.

Orthopedic Surgery	Neurological Surgery	General Surgery	Gastroenterological Surgery
Gynecological Surgery	Thoracic Surgery	Otolaryngological Surgery	Bariatric Surgery
Interventional Pain Management	Urological Surgery	Cardiac Surgery	

The Plan shall not exclude any category or type of Episode of Care from being offered by EDH and fulfilled by Participating Providers (a "**Plan Exclusion**"). Notwithstanding any Plan requirement to the contrary, it shall be in the Participating Provider's sole discretion to determine the medical necessity of any Covered Service. If at any time during an Episode of Care, a Participating Provider determines that any Medically Necessary Service must be performed on an urgent or emergency basis to preserve the life or health of an Enrollee, such services shall be Covered Services under this Statement of Work. If any such urgent or emergency Medically Necessary Services are provided to an Enrollee by a health care provider that is not a Participating Provider, charges for such services may be billed by such health care provider through the Primary TPA (defined below).

(b) Client acknowledges and agrees that any of the following shall be billed by Participating Providers to an Enrollee and/or the primary third-party administrator responsible for administering medical benefits for the Plan ("**Primary TPA**"): (i) certain medical consultations and certain diagnostic testing provided in advance of an Episode of Care to determine whether or not the services sought by an Enrollee are Medically Necessary Services; (ii) convenience items (e.g., charges for telephone use, premium television access, guest meals, or other similar items or services furnished for the convenience/comfort of an Enrollee); and (iii) any medical procedure or medical care that is not a Medically Necessary Service.

(c) In the event an Episode of Care extends more than ten (10) days beyond its anticipated duration, EDH will notify Client, and EDH and Client will use good faith efforts to mutually agree upon a medically appropriate solution for the transition of coverage for the Enrollee's care.

4. Administrative Services

Enrollees will receive access to Participating Providers and the Covered Services by contacting EDH via telephone, email, or webchat and communicating with a member of EDH's member services department (each, a "**Care Advocate**"). EDH's Care Advocates will, as applicable: (i) accept inquiries from Enrollees by phone and electronically; (ii) if requested, assist Enrollees seeking Covered Services from Participating Providers with obtaining and transferring required documentation or forms, including waivers, consents, and other applicable documentation; (iii) provide Enrollees with information relating to a Participating Provider; (iv) for any Enrollee seeking Covered Services from a Participating Provider, provide the Enrollee with non-clinical guidance by answering or directing questions as they may arise; (v) assist Enrollees with planning and scheduling Covered Services with Participating Providers (including reasonable assistance with the planning and scheduling of any necessary travel or other logistical issues; (vi) if requested, provide information to Enrollees relating to the anticipated and/or estimated costs of Covered Services sought through from Participating Providers; (vii) upon reasonable request of Client, refer Enrollees to other benefits administrators or service providers of Client who are deemed by the Care Advocate to potentially benefit from such third party's services; and (viii) receive referrals and engage with Enrollees who are deemed by other benefits administrators or service providers of the Client to potentially benefit from EDH's services.

5. Eligibility Data File

On a weekly basis, Client or its designee shall provide EDH an eligibility file containing the information of each Enrollee in accordance with EDH's standard specifications and requirements ("**Eligibility Data File**"). Client shall be responsible for payment for any services provided to ineligible individuals occurring as a result of Client's or its designee's: (i) untimely provision of an Eligibility Data File to EDH; (ii) failure to meet EDH's standard criteria or requirements for an Eligibility Data File; or (iii) inclusion of inaccurate information contained in any Eligibility Data File. Additionally,

Client shall be responsible for payment of any fees charged by Client's vendors relating to the provision of Eligibility Data Files to EDH.

6. Reporting

Subject to and in accordance with the requirements of applicable law, EDH will regularly (up to monthly at Client's request) provide Client with reports containing EDH's standard metrics gauging the effectiveness of the services performed hereunder (e.g., metrics relating to Enrollee utilization of the services and Client's financial savings). Client may request that EDH provide additional, custom, and/or modified reports to Client or its designees, provided however, Client acknowledges and agrees that any such request is for services not covered by this Statement of Work, and that an additional fee will be payable by Client for such additional services.

7. Communications and Incentives

(a) Prior to the commencement of each Plan year during the SOW Term, Client shall approve the form and content of and authorize EDH to distribute: (i) an ID card to all Enrollees and (ii) a quarterly print and electronic communication to all Enrollees regarding the services provided under this Statement of Work (collectively, "**Communications Materials**"). EDH shall be responsible for distributing the Communications Materials to Enrollees. If Client does not respond to EDH within fourteen (14) days of EDH's annual written request for approval and authorization to distribute the Communications Materials, then the form and content of such Communications Materials shall be deemed approved by Client, and EDH shall be deemed authorized to distribute such Communications Materials to Enrollees. Client shall be responsible for obtaining the requisite consent or authorization from Enrollees necessary for EDH to distribute the Communications Materials described herein.

(b) Client shall provide financial incentives to Enrollees for utilizing Participating Providers for Covered Services (at a minimum, to the extent permitted by applicable law, Client shall waive copays, deductibles, and coinsurance). If any financial incentives involve EDH's administration of a cash incentive or health spending account (HSA) contribution, Client shall be financially responsible for the amounts administered by EDH relating to such incentives.

8. Travel Benefits

From time to time, an Enrollee may be required to travel by car or airplane to a Participating Provider in relation to an Episode of Care. EDH will coordinate and administer travel related to an Enrollee's Episode of Care in accordance with the Plan's requirements, which will include, as applicable, EDH's coordination of logistics and payment related to airfare, hotel, mileage for driving, and/or other daily expense allowance(s) ("**Travel Benefits**"). It shall be the sole responsibility of an Enrollee traveling for an Episode of Care to obtain advice from the Participating Provider or the Enrollee's existing treating physician as to whether such Enrollee is fit for such travel.

9. Claims, Travel Charges, and Administrative Charges

(a) EDH will receive and process claims, invoices, and other written or electronic notices or requests for reimbursement from: (i) Participating Providers related to Covered Services provided to Enrollees (collectively, "**Claims**"); (ii) travel-related vendors in connection with Travel Benefits provided to Enrollees ("**Travel Charges**"); and (iii) other vendors or suppliers relating to EDH's provision of administrative services, including: (A) expenses relating to medical records transfer on behalf of an Enrollee, (B) expenses related to paper/electronic Claims submission, and (C) swift card fees related to administration of the Travel Benefits or other Enrollee financial incentives ("**Administrative Charges**"). Upon receipt, EDH will process and pay Claims, Travel Charges, and Administrative Charges according to the rates and terms agreed upon by EDH and the Participating Provider or other vendor.

(b) On a weekly basis, EDH will prepare and submit invoices to Client fully disclosing and itemizing the amounts to be paid for Claims, Travel Charges, and Administrative Charges. Such invoices shall be paid by Client via wire transfer or electronic funds transfer not more than forty-five (45) days after Client's receipt of such invoices, provided, however, that Client shall use best efforts to remit such payments to EDH within ten (10) days. .

(c) If Client fails to pay EDH any amount for Claims within sixty (60) days following receipt of an invoice itemizing such amount, EDH will notify Client and the Participating Provider of such failure, and EDH use good faith efforts to facilitate resolution of any payment issues or disputes between Client and the Participating Provider for a period of thirty (30) days. If the issue(s) are not resolved and payment is not made by the end of such 30-day period, EDH will notify Client, and the Participating Provider, and the Participating Provider may terminate provision of Covered Services to Client and its Enrollees. Client acknowledges and agrees that the Participating Provider may then seek to recover payment of such amounts directly from Client and/or the applicable Enrollee(s). In such event, Client and the Enrollee(s) will lose the benefit of any discounts or rates associated with EDH's contract with the Participating Provider, and the Client or Enrollee will be responsible for up to the full amount of the Participating Provider's billed charges.

10. Fees

The fees and fee payment terms shall be as set forth in Schedule A to this Statement of Work.

11. Miscellaneous

(a) Client acknowledges and agrees that EDH is neither authorized nor qualified to engage in any activities that constitute the practice of medicine under applicable state law, and that Participating Providers will provide or arrange for the provision of services that actually or potentially constitute the practice of medicine under applicable state laws. For the avoidance of doubt, Participating Providers shall not be considered subcontractors of EDH for purposes of the Agreement or this Statements of Work, and Client acknowledges and agrees that EDH makes no warranty, express or implied, concerning the diagnosis, treatment, or care rendered by a Participating Provider to Enrollees.

(b) EDH's role is strictly limited to offering the administrative services set forth in this Statement of Work. Client delegates to EDH only those powers and responsibilities with respect to development, maintenance and administration of the Plan that are specifically enumerated in this Statement of Work. Any function not specifically delegated to EDH in this Statement of Work shall remain the sole responsibility of Client or its other designees. Client agrees that: (i) this Statement of Work is for administrative services only as specifically set forth herein, and (ii) this Statement of Work is not intended to be a contract of insurance under any laws or regulations. EDH does not insure, guarantee or underwrite the liability of Client, the Plan, or any other third party. Client has total responsibility for payment of Claims, Travel Charges, Administrative Charges, and all other charges or expenses incidental to the Plan. Unless expressly set forth in this Statement of Work, EDH is not a fiduciary of the Plan. EDH shall have no responsibility for collecting premiums or contributions for insurance coverage or for establishing a premium fiduciary account.

(c) EDH shall have no discretionary authority to interpret or manage the Plan. Client shall be responsible for determining the benefits, premium rates, underwriting criteria, acquisition of reinsurance, and other procedures applicable to the Plan. Client shall have the final authority and responsibility regarding interpretation, application, and competent administration of the Plan. Upon reasonable request of EDH, Client will resolve all ambiguities and disputes relating to the terms of the Plan, eligibility of an Enrollee, Plan coverage, denial of Claims, or any other Plan interpretation questions reasonably posed by EDH. If adjudication of a Claim requires interpretation of ambiguous Plan language, and Client has not previously indicated to EDH the proper interpretation of the language, then Client will be responsible for resolving the ambiguity or any other dispute.

(d) Client shall have all responsibility for and shall maintain compliance with all legal requirements applicable to the Plan and satisfaction of any and all reporting, notice, disclosure, and filing requirements imposed by applicable state and federal laws and regulations, including ERISA. Client shall be responsible for incorporating a description of the Services into the Plan's summary plan description or other documents in compliance with applicable law. If Client or the Plan institutes a policy or procedure that is relevant to EDH's provision of the Services pursuant to this Statement of Work, Client shall provide EDH written documentation setting forth such policy or procedure. Any such policy or procedure that is in conflict with the terms of the Agreement or this Statement of Work shall require the written consent of EDH. Client acknowledges and agrees that EDH will not be deemed to be a legal or tax advisor as a result of the performance of any of the Services under this Statement of Work. Client shall be responsible for the determination and reporting of any applicable federal, state, and/or local tax responsibility, if any, incurred as a result of the Services provided by EDH under this Statement of Work. Client represents and warrants that Client has obtained the requisite consent or authorization from Enrollees necessary for EDH to perform the Services hereunder.

(e) During the term of this Statement of Work and for a period of twelve (12) months after termination or expiration of this Statement of Work, Client agrees that it will not: (i) enter into a contract directly with any Participating Provider for provision of Covered Services; (ii) solicit or attempt to solicit any Participating Provider for provision of Covered Services; or (iii) divert or attempt to divert any Participating Provider away from EDH for purposes of contracting directly with Client for the provision of Covered Services.

IN WITNESS WHEREOF, the Parties agree to the foregoing terms of agreement through the execution below by their respective, duly authorized representatives.

1. Certain Definitions

"**Case Rate**" means, with respect to an Episode of Care, the sum of all allowed charges for Covered Services provided during or in relation to such Episode of Care (inclusive of all technical, professional, facility, and other medical services) billed by Participating Providers. Covered Services included in a Case Rate include, without limitation: (a) the Medically Necessary Services rendered by a Participating Provider during an Episode of Care; (b) equipment used by a hospital or facility; (c) in-hospital or in-facility medications or biologics and supplies; (d) implants; (e) laboratory testing and services; (f) in-hospital meals; (g) hospital confinement days; (h) in-hospital or in-facility nursing care; (i) in-hospital physical therapy; and (j) post-discharge follow-up consultations occurring within the applicable global period defined by the Centers for Medicare & Medicaid Services ("**CMS**"). The Case Rate shall not include: (1) medical consultations and diagnostic testing provided in advance of an Episode of Care to determine whether or not the medical procedure to which the Episode of Care relates is a Medically Necessary Service; (2) convenience items requested by Enrollees (e.g., charges for telephone use, premium television access, guest meals, or other similar items or services furnished for the convenience/comfort of an Enrollee); (3) Travel Charges; and (4) any medical procedure or medical care that is not a Medically Necessary Service.

"**Comparable Case Rate**" means, with respect to an Episode of Care, the total amount reasonably determined by EDH to be the sum of all allowed charges for Covered Services provided during or in relation to such Episode of Care (inclusive of all technical, professional, facility, and other medical services) if such Covered Services were provided by health care providers outside of EDH's network of Participating Providers. In determining any Comparable Case Rate, EDH may take into account: (a) Client's actual historical bundled case rates and/or claims data; and/or (b) EDH's observed historical average bundled case rates and claims data. In any event, EDH's determination of any Comparable Case Rate will take into consideration all applicable procedure codes, geography, and procedure setting (i.e., inpatient vs. outpatient).

"**EDH Savings**" means Client's savings during the SOW Term based on: (a) with respect to each Episode of Care during the SOW Term, the difference between the actual Case Rate paid by Client to EDH and the Comparable Case Rate for such Episode of Care; (b) Client's savings attributable to avoided surgical complications of Enrollees (determined by EDH using the incremental frequency of complications occurring outside of the EDH's network of Participating Providers and the increase in procedure cost associated with such complications); and (c) Client's savings attributable to avoided medical procedures (determined by EDH using the cost of procedures which were not performed by a Participating Provider, but were otherwise recommended by a physician outside of EDH's network of Participating Providers).

2. Network Use Fee

Client shall pay EDH a fee equal to thirty-five percent (35%) of the EDH Savings (the "**Network Use Fee**").

If Client, in its sole discretion, determines that it would be in its best financial interest to convert the Network Use Fee to EDH's fixed fee model (e.g., per Employee per month) or hybrid fee model (e.g., percent of EDH Savings, plus PEPM), Client shall have the ability to convert to such fee structure upon thirty (30) days written notice to EDH; provided, the rate applicable to such alternative fee model (e.g., PEPM dollar amount and/or percentage amount) shall be the then-current equivalent of the current Network Use Fee, as determined by EDH in its reasonable discretion.

3. Communications Fee

EDH shall not charge an additional fee or expense in relation to the Communications Materials described in Section 7 of the Statement of Work. If Client requests that EDH create or distribute educational and promotional communications materials in addition to the Communications Materials described in Section 7 of the Statement of Work, Client shall pay all reasonable costs and expenses actually incurred by EDH related to such request.

4. Billing and Payment

During the term of this Statement of Work, EDH will prepare and submit to Client invoices fully disclosing and itemizing the amounts to be paid by Client pursuant to the terms of this Statement of Work (each, an "**Invoice**"). In accordance with the Florida Local Government Prompt Payment Act, payments shall be made to EDH within forty-five (45) days after Client's receipt of an Invoice, provided, however, that Client shall use best efforts to remit such payments to EDH within ten (10) days of its receipt of such Invoices. Client will pay directly to EDH the amounts included such Invoices via wire transfer or electronic funds transfer. With the exception of amounts subject to good faith dispute by Client, all past due amounts will be subject to the applicable state default interest rate.

STATEMENT OF WORK NO. 2
HINGE HEALTH

This Statement of Work No. 2 (this "***Statement of Work***") is entered into by and between Employer Direct Healthcare, LLC ("**EDH**") and School District of Manatee County ("***Client***"). This Statement of Work is entered into pursuant and subject to the Master Services Agreement ("***Agreement***") by and between EDH and Client, effective August 1, 2024, to which this Statement of Work shall be attached. This Statement of Work is made effective as of August 1, 2024 (the "***Effective Date***"). This Statement of Work is fully incorporated into and made part of the Agreement. In the event of any conflict between the body of the Agreement and this Statement of Work, this Statement of Work shall prevail.

1. **Scope**. EDH and Hinge Health, Inc. ("***Hinge Health***") have a commercial agreement pursuant to which Hinge Health has authorized EDH to provide access to Hinge Health's Programs, Products and Services (each, as defined herein) to employer-sponsored group health plans with which EDH has a contractual relationship. This Statement of Work is entered for the purpose of Client's group health plan(s) obtaining access to such Program, Products, and Services through EDH as part of the services provided by EDH under the Agreement.

2. **Hinge Health Program**. Hinge Health reduces group health plan musculoskeletal (MSK) and other conditions spend by digitally delivering best practice care established by leading medical bodies. Hinge Health accomplishes this by uniquely delivering the three pillars of intervention that promote long term success: education, exercise therapy, and behavioral health. In connection with the services provided pursuant to the Agreement, Hinge Health will deliver the personalized care described herein to Enrollees who engage with and enroll in the various care programs set forth below (collectively the "***Hinge Health Program***" or the "***Program***"). Client must incorporate and offer the entire Hinge Health Program (i.e., Prevention, Chronic, Acute, and Surgery).

    a. ***Prevention Program***. Hinge Health will provide a software only program to Enrollees (no hardware). The Prevention Program is designed to increase education of Enrollees regarding key strengthening and stretching activities around healthy habits and is made available by Hinge Health at no additional charge provided that the Chronic Program defined in (b) below is offered by Client to Enrollees.

    b. ***Chronic Program***. Hinge Health will deliver evidence-based care for musculoskeletal pain in a Chronic Program that includes the following: app-guided exercise therapy sessions, 1:1 access to personal health coach, personalized educational content, and behavioral health support. The Chronic Program is comprised of (i) the Hinge Health proprietary exercise systems and technologies; (ii) coaching and alert features; (iii) Cloud-based data capture and reporting capabilities; and (iv) personalized analytics capabilities (the "***MSK Kit***"). Enrollees in the Chronic Program may also be offered the non-invasive ENSO High Frequency Impulse TherapyTM pain treatment and device service (the "***ENSO***"), as deemed appropriate by Hinge Health, in its sole and exclusive authority, for symptomatic relief and management of chronic pain. The Chronic Program will be provided to Client's group health plan(s) at **$995** per year for each Enrollee who engages in and enrolls in the Chronic Program (subject to the milestone schedule below).

    c. ***Acute Program***. The Acute Program includes live virtual sessions with a dedicated licensed physical therapist along with software guided rehabilitation and Enrollee education. If Client selects and incorporates the Chronic Program, Client may also elect to provide the Acute Program at a fee of **$250** per year for each Enrollee who receives items or services through the Acute Program. However, a Enrollee enrolled in the Acute Program will only receive six virtual physical therapy sessions per episode prior to in-person healthcare provider or physical therapy care (additionally, other state laws may limit access without a physician's referral). Once in-person healthcare provider or physical therapy care occurs, Enrollees can receive an additional six virtual physical therapy sessions per episode before the process repeats. Costs incurred by Client's group health plan(s) under the Acute Program for a specific Enrollee shall be offset against the **$995** fees charged for such Enrollee should such Enrollee initially participate in the Acute Program, but later transition to the Chronic Program or the Surgery Program. In the case of such transition, should such Enrollee continue to participate in the Chronic Program beyond the one-year anniversary of such Enrollee's enrollment in the Acute Program, Client shall be billed the remainder of the Chronic Program or Surgery Program fees up to an annual maximum of **$995** per the program per year (excluding Care Sessions). Should such Enrollee continue to participate in the Chronic Program or Surgery Program beyond the one-year anniversary of such individual's enrollment in the Chronic Program or Surgery Program, Client shall be billed an additional **$995** for the new year (subject to the milestone schedule below).

    d. ***Surgery Program***. The Surgery Program provides Enrollees with access to a physical therapist, a health coach, and app-guided exercise therapy, and covers both pre- and post-surgical rehabilitation for the most common MSK surgeries and is designed as an extension of the Chronic Program. Hinge Health will provide the Surgery Program to Client's group health plan(s) for a fee of **$995** (subject to the milestone schedule

below) per year per Enrollee who engages in the Surgery Program. If Client selects and incorporates the Chronic Program in (b) above, Client may elect to provide the Surgery Program to Enrollees engaged in the Chronic Program for no additional fee (e.g., the annual cost for a particular Enrollee will not exceed **$995** per year (subject to the milestone schedule below), excluding Care Sessions.

e. ***Expert Medical Opinion***. Hinge Health provides access to an Expert Medical Opinion service addressing MSK clinical issues, including elective MSK procedures. The Expert Medical Opinion program is currently offered at no charge. The Parties agree and acknowledge that Expert Medical Opinion services may be provided by subcontracted third party medical services providers.

f. ***Care Sessions***. At the discretion of the Hinge Health care team, and once available, Hinge Health will provide access to one-on-one care sessions for Enrollees. A Hinge Health care team member will visit an Enrollee's home, or another location, or will utilize technology to connect with an Enrollee virtually, and may (i) evaluate the Enrollee's current symptoms, past medical/social/surgical history, medications, allergies, (ii) review recent treatments and diagnostics, (iii) perform a clinical examination and/or environmental assessment, (iv) assist in onboarding the Enrollee in the appropriate Program (if necessary), (v) provide physical therapy care, (vi) guide the Enrollee through initiating an exercise therapy session, (vii) provide relevant medical education, (viii) provide treatment recommendations, (ix) provide a diagnosis, or (x) order medical consultations, treatments and/or diagnostics. Enrollees may request a care session. Customer agrees and acknowledges that care sessions may be provided by contracted providers, notwithstanding any provision to the contrary in the Agreement. Care Sessions will be provided to Client's group health plan(s) at **$150** per Care Session, billable at the time of the care session. No-shows or late cancellations may incur a fee. If an Enrollee completes an exercise therapy session or another billable activity in a Program during their care session, that may be separately billable as set forth above. The fee per care session may be increased by Hinge Health, subject to Client approval (which approval may be via email).

3. **Hinge Health Services**. Hinge Health will provide the following products and services in relation to the Program (collectively the "***Hinge Health Services***" or the "***Services***"):

a. Hinge Health will use its current process for contacting Enrollees to provide information about Hinge Health and the Hinge Health Program.

b. Enrollees that express an interest in a particular Hinge Health Program will undergo a clinical suitability evaluation by Hinge Health before confirming whether such Enrollees may enroll in the Hinge Health Program. Enrollees will register with Hinge Health online through the Hinge Health website or app, as described in the marketing materials, complete the screening process, and determine eligibility and clinical qualification.

c. Enrollees engaged in the Chronic Program or Surgery Program will receive the following:

(i) a set of wearable sensors (if applicable), a tablet computer installed with Hinge Health's mobile application (if offered and elected), motion tracking technology (if applicable) and any other Program features or hardware (collectively, the "***Products***"). Enrollees may access the Program through their own device, such as a mobile phone or through a Hinge Health-provided tablet computer, if such tablets are made available and Enrollee elects to receive one;

(ii) guidance through a core 12-week program that includes education, guided exercise, coaching, and facilitated social interactions; and

(iii) if, and as appropriate, Enrollees may also receive the ENSO device and accompanying gel pads and other required accessories (ENSO is offered solely to Chronic Program participants, but Hinge Health may, in its sole discretion, elect to offer ENSO to Enrollees in other programs).

d. Upon enrollment in the Program, Enrollees will have access to the Hinge Health musculoskeletal educational material, including, if applicable: (i) Personal Account, accessible via the Hinge Health application; and (ii) Access to Hinge Health customer service representatives by toll-free number and Web for technical assistance concerning the Hinge Health Programs. Enrollees may move from one component of the Hinge Health Program to another component as their personal health situation warrants to another without exceeding a maximum fee of $995 per person per year, excluding Care Sessions.

4. **Hinge Health Deliverables**. Hinge Health will provide the following deliverables in relation to the Program (collectively the "***Deliverables***"):

a. The Products (if applicable) will be delivered directly to Enrollees enrolled in the Program at the contact address provided for such Enrollee by Client, its designee, or by Enrollee themselves.

b. In the event that fifty (50) or more Enrollees engage with and enroll in the Hinge Health Program in any twelve-month period, Hinge Health agrees to regularly (up to quarterly at Client's request) deliver reports to EDH of appropriate metrics, in compliance with applicable law, which gauge the effectiveness and success of the Program including financial savings. EDH will provide such report(s) to Client in connection with the standard monthly reports EDH provides Client pursuant to the Agreement. Any such report shall be for Client's internal use only.

c. EDH, Hinge Health, and Client will jointly communicate the Program, Products, and Services to Enrollees through Hinge Health's standard print and/or electronic communications. For the avoidance of doubt, Client shall not be entitled to any customization of Hinge Health's standard marketing materials. Hinge Health shall be responsible for all reasonable costs and expenses actually incurred by EDH or Client related to Enrollee communications, provided that any such expenses are approved in advance by Hinge Health.

5. **Hinge Health Fee**. The fee for each component of the Program is set forth above, but will never exceed $995.00 per year per Enrollee who engages in and enrolls in the Program (the "***Hinge Health Fee***"), excluding Care Sessions. However, the Hinge Health Fee for the Chronic and Surgery Programs associated with an individual Enrollee and their Cohort (defined below) will be paid in accordance with the 3 milestones for Enrollee noted below. For the purposes of this Statement of Work, "***Cohort***" means all Enrollees who enroll in Chronic and/or Surgery Program within any given month. On a monthly basis, EDH will bill Client the Hinge Health Fees. Such invoices will provide details regarding such Hinge Health Fees and any reimbursable taxes. Client shall pay EDH all Hinge Health Fees within thirty (30) days of the date of EDH's invoice to Client, and EDH shall timely remit payment to Hinge Health. Should any Hinge Health Fee not be received by EDH within sixty (60) days of EDH's submission of an invoice to a Client, EDH shall notify Hinge Health and Client, and EDH shall engage in good faith attempts to resolve any payment issues or disputes between Hinge Health and Client. If, following thirty (30) days of such engagement, payment still has not been received by EDH, Hinge Health may terminate its provision of the Program, Products, and Services to Client. Hinge Health shall then be entitled to seek payment directly from Client as an intended third-party beneficiary of this Statement of Work. Delinquent payments will be subject to interest at the applicable state default interest rate.

Milestone Payments

- Milestone 1: Enrollee enrolls in the Chronic and/or Surgery Program, receives the MSK Kit (as applicable), and completes at least 1 exercise therapy session or ENSO session.

- Milestone 2: Cohort completes at least 4 of a combination of exercise therapy sessions and ENSO sessions, and is at least 30 days into the Chronic and/or Surgery Program.

- Milestone 3: Cohort completes at least 8 of a combination of exercise therapy sessions and ENSO sessions, and is at least 60 days into the Chronic and/or Surgery Program.

$995 total is due and payable for each Enrollee in 3 increments based on the achievement by such Enrollee, and, in the case of Milestone 2 and Milestone 3 by such Enrollee's Cohort, of the following milestones. With respect to each Enrollee, the Milestone 1 payment of $331.00 is due once such Enrollee achieves Milestone 1; the Milestone 2 payment of $332.00 is due when such Enrollee's Cohort achieves Milestone 2; and the Milestone 3 payment of $332.00 is due when such Cohort achieves Milestone 3. If the applicable Cohort does not achieve Milestone 2 or Milestone 3 then payment for such Milestone is not payable.

6. **ROI Guarantee**.

Hinge Health will provide the ROI guarantee below for the Program.

a. Hinge Health guarantees a 1.5:1 ROI to Client for the Program during each Guarantee Period. Cost savings are assessed based on the reduction of pain as measured by the visual analog scale ("***VAS***"), before and after participating in the Hinge Health Program. The foregoing ROI guarantee shall commence on the Effective Date and remain effective until termination or expiration of the Agreement or this Statement of Work. Such ROI guarantee shall be calculated and, if applicable, paid by Hinge Health each successive twelve (12) month

period during the term of the Agreement (each, a "***Guarantee Period***"). The first such Guarantee Period shall be from August 1, 2024 through July 31, 2025.

b. To achieve a 1.5:1 ROI, the following calculated value needs to equal one and a half times the cost of the Program:

[((Pain at screening) - (Pain at 12 weeks) / (Pain at screening)) x 100] x $71.09* x number of participants = total cost saved

*Based on Hinge Health's published clinical studies, Hinge Health saves $71.09 in MSK costs per Enrollee per year for every 1 percent decrease in pain.

c. If Hinge Health does not achieve a 1.5:1 ROI according to the metric above, Client will receive a prorated refund. Program performance will be assessed, and any required refunds issued at the end of the Guarantee Period for Enrollees that completed the Program during the Guarantee Period.

At the end of each 12-month period, starting on the Effective Date, for Enrollees that completed the Program during the preceding 12 months.

d. The ROI guarantee set forth in this section is in lieu of any savings or performance guarantee set forth in the Agreement, but only with respect to the Hinge Health Program and Services.

7. **Medical Services**. Client acknowledges and agrees that neither EDH nor Hinge Health directly provide medical or physical therapy services. Instead, those professional services are provided by licensed health care providers through a contractual relationship with Hinge Health MSO, Inc. Hinge Health MSO, Inc. is an independent management entity that contracts with a national network of United States based physicians, physical therapists, and other health care providers who provide clinical telehealth services. Hinge Health MSO contracts with various professional organizations to provide the clinical portion of the Services via the Hinge Health platform to Enrollees. Client further acknowledges and agrees, notwithstanding anything to the contrary in the Agreement, that EDH shall not be responsible for verifying, obtaining assurances of, or obtaining or providing any notification related to any information, qualifications, credentials, or accreditations of any health care provider involved in the provision of the Hinge Health Program, Products, or Services.

8. **Plan Compliance**. Client shall be responsible for updating or amending its plan documents to describe and incorporate the Hinge Health Program, Products, and Services as available for eligible Enrollees. Except as set forth herein, EDH shall have no responsibility or obligation with respect to interpretation, application, or administration of the Plan. Client or its Plan Administrator shall have all responsibility for and shall maintain compliance with all legal requirements applicable to the Plan and satisfaction of any and all reporting, notice, disclosure, and filing requirements imposed by applicable state and federal laws and regulations, including ERISA. Client acknowledges and agrees that EDH will not be deemed to be a legal or tax advisor as a result of the performance of any of its duties under this Statement of Work, including but not limited to Claims processing, COBRA or HIPAA administration, or with respect to any applicable taxes, fees, or other assessments by a government authority. Except as otherwise provided herein, EDH makes no representation concerning federal, state, or local laws, rules or regulations applicable to Client or the Plan. Client must seek its own counsel for legal advice and guidance.

9. **Use of Marks**. EDH, Hinge Health, and Client each reserve the right to the control and use of their respective names, copyrights, symbols, trademarks, and service marks (the "***Marks***"). No party shall use the other parties' Marks in advertising, promotional materials, or otherwise without the prior written consent of the party owning such Marks, provided, however that Client agrees that Hinge Health may use its Marks in communications to Client's Enrollees. Notwithstanding the foregoing, within a reasonable amount of time after the Effective Date, the Parties will cooperate in the mutual approval and distribution of a public announcement announcing the relationship of the parties and certain terms of this Statement of Work.

10. **Arising Data**. As used in this Statement of Work, Arising Data is, and shall remain, the sole and exclusive property of Hinge Health to the extent that the Enrollee to whom such Arising Data relates grants Hinge Health such rights. "***Arising Data***" means data that Hinge Health receives directly from Enrollees utilizing the Program, which Hinge Health may later aggregate and anonymize, including arising from the provision of the Program provided pursuant to this Statement of Work including data points such as Enrollee program usage, program data, program feedback,

algorithms, and Enrollee reported outcome measures. Hinge Health may use Arising Data for any lawful purpose. Hinge Health shall have the right to publish Arising Data for scientific whitepapers or similar publication, provided such data is anonymized prior to publication. Client hereby assigns to Hinge Health its right, title and interest in and to all Arising Data in or arising out of or in connection with the Services and shall execute all instruments as may be reasonably necessary for such assignment of Arising Data consistent with this clause. Hinge Health grants to EDH and Client a royalty-free, nontransferable, non-exclusive, worldwide, right and license to use, for the duration of this Statement of Work for EDH's internal business purposes, any Arising Data shared with EDH as part of the Program.

11. Notwithstanding anything to the contrary in the Agreement or the business associate agreement between Client and EDH, Client agrees that Hinge Health may use PHI and non-PHI data, including electronic medical records, medical claims or claims-based data, eligibility file information, prior authorization data, and other relevant care-related member data in order to perform data analytics, to enable the Hinge Health care team to improve provision of care to Enrollees and to enroll and appropriately intervene with eligible potential Enrollees, including via focused communications..

IN WITNESS WHEREOF, the Parties have caused this Statement of Work to be executed by the duly authorized representatives.

REGULATORY ADDENDUM

This Regulatory Addendum shall apply only if, to the extent, and for so long as, EDH or its successor is subject to state insurance laws applicable to third party administrators and to the extent that any of the administrative services provided by EDH to Client are subject to such laws. The provisions of this Regulatory Addendum are only applicable if, and to the extent that, EDH is performing services under the Agreement that apply to that particular provision. If EDH shall not perform services that apply to a given provision, then such provision shall have no force or effect. (For example, if EDH does not collect premiums or contributions, then any provisions specifying requirements related to premium collection would not be applicable, and EDH would not be obligated to establish a fiduciary account to hold premiums collected.) Additionally, if EDH is not licensed as a producer, then EDH shall not perform services as a producer, and no provision referring to such services, to insurance commissions, or referring to payment of insurance commissions herein shall apply to EDH.

1. **Georgia**. If Client authorizes EDH to receive premiums or contributions, Client shall follow all the Georgia applicable third party administrator laws regarding receipts and disbursements of premiums and contributions.

2. **Florida**. Client's payments to health care providers must include an explanation of services being reimbursed, which includes, at a minimum: (1) for payments to non-capitated providers, the patient's name, the date of service, the procedure code, the amount of reimbursement, and the identification of the plan on whose behalf the payment is being made; and (2) for capitated providers, the number of patients covered by the contract, the rate per patient, the total amount of the payment, and the identification of the plan on whose behalf the payment is being made.

3. **Kansas**. To the extent applicable if the services specified in the Agreement provide for payment of claims, all claims paid by EDH from funds collected on behalf of or for Client shall by paid only as authorized by the Client. Payments from a claims paying account maintained or controlled by EDH may be made for the following purposes including the payment of claims: (1) Payment of valid claims; (2) payment of expenses associated with the handling of claims to EDH or to other service providers approved by the Client; (3) remittance to the Client, or transfer to a successor administrator as directed by the Client, for the purpose of paying claims and associated expenses; and (4) return of funds held as collateral or prepayment, to the person entitled to those funds, upon a determination by the Client that those funds are no longer necessary to secure or facilitate the payment of claims and associated expenses.

4. **Michigan**. The Parties desire to supplement the Agreement to specifically reference certain provisions of Michigan law applicable to third party administrators and to comply with those laws to the extent applicable and not preempted by federal law, as follows: In Michigan, Client shall provide written notice to each individual covered by the Plan of the following information with respect to services provided by EDH in relation to the Plan: (a) what benefits are being provided; (b) of changes in benefits; (c) the fact that individuals covered by the Plan are not insured or are only partially insured, as the case may be; (d) if the Plan is not insured, the fact that in the event the Plan or Client does not ultimately pay medical expenses that are eligible for payment under the Plan for any reason, the individuals covered by the plan may be liable for those expenses; (e) the fact that the EDH or any third party administrator merely processes claims and does not insure that any medical expenses of individuals covered by the Plan will be paid; (f) the fact that complete and proper claims for benefits made by individuals covered by the Plan will be promptly processed but that in the event there are delays in processing claims, the individuals covered by the Plan shall have no greater rights to interest or other remedies against the EDH or any third party administrator than as otherwise afforded them by law. Client's required written notice shall be promptly displayed in the summary plan description or elsewhere in the Plan Documents, and shall be communicated to individuals covered by the benefit plan within sixty (60) days from the date their coverage becomes effective, upon each republication of the summary plan description, and in any case not less than every five (5) years in a manner calculated to be received and understood by the average individual covered by the benefit plan.

5. **Nevada**. The Parties desire to supplement the Agreement to specifically reference certain provisions of Nevada law applicable to third party administrators and to comply with those laws to the extent applicable and not preempted by federal law, as follows:

683A.0868 If EDH establishes a panel of providers of health care or contracts with an organization that establishes a panel of providers of health care, EDH shall not charge a provider of health care or such an organization: (a) any fee to include the name of the provider of health care on the panel; or (b) any other fee related to establishing the provider of health care as a provider on the panel. If EDH violates this provision, EDH shall pay to the provider of health care or organization, as appropriate, an amount that is equal to twice the fee charged to the provider of health care or the organization. A court shall award costs and reasonable attorney's fees to the prevailing party in any action brought to enforce this provision. In addition to any such relief, if EDH violates this provision,

the Nevada Division of Insurance shall require EDH to suspend the prohibited activities until EDH, as determined by the Nevada Division of Insurance: (a) complies with the provisions of this section; and (b) refunds to all providers of health care or organizations, as appropriate, all fees obtained by EDH in violation of this provision.

683A.405 EDH shall, upon a contracted provider's request, submit to the provider at the time the contract is made a copy of the schedule of payments applicable to that provider, or at any other time within seven (7) days of a provider's request.

683A.087 EDH may advertise the insurance which it administers, if any, only after it receives the approval of Client.

683A.0873(1) EDH shall maintain at its principal office adequate books and records of all transactions between itself, Client and the individuals covered by the plan. The books and records must be maintained in accordance with prudent standards of recordkeeping for insurance and with regulations of the Commissioner of the Nevada Division of Insurance ("Commissioner") for a period of five (5) years after the transaction to which they respectively relate. After the five (5) year period, EDH may remove the books and records from Nevada, store their contents on microfilm or return them to Client.

683A.0873(2) The Commissioner may examine, audit and inspect books and records maintained by EDH under the provisions of this section to carry out the provisions of NRS 679B.230 to 679B.300, inclusive.

683A.0873(3) The names and addresses of persons covered by the plan or any other material which is in the books and records of EDH are confidential except when used in proceedings against EDH.

683A.0873(4) Client may inspect and examine all books and records to the extent necessary to fulfill all contractual obligations to insured persons, subject to restrictions in the written agreement between Client and EDH.

683A.0877(1-7) The following pertains to fiduciary accounts, to the extent applicable:

1. All insurance charges and premiums collected by EDH on behalf of Client and return premiums received from Client are held by EDH in a fiduciary capacity.

2. Money must be remitted within fifteen (15) days to the person or persons entitled to it or be deposited within fifteen (15) days in one or more fiduciary accounts established and maintained by EDH in a bank, credit union or other financial institution in this state. The fiduciary accounts must be separate from the personal or business accounts of EDH.

3. If charges or premiums deposited in an account have been collected for or on behalf of more than one plan sponsor, EDH shall cause the bank, credit union or other financial institution where the fiduciary account is maintained to record clearly the deposits and withdrawals from the account on behalf of each sponsor.

4. EDH shall promptly obtain and keep copies of the records of each fiduciary account and shall furnish any sponsor with copies of the records which pertain to him upon demand of the Client.

5. EDH shall not pay any claim by withdrawing money from the fiduciary account in which premiums or charges are deposited.

6. Withdrawals must be made as provided in the agreement between Client and EDH for:

    a. Remittance to the Client

    b. Deposit in an account maintained in the name of the Client

    c. Transfer to and deposit in an account for the payment of claims

    d. Payment to a group policyholder for remittance to the insurer entitled to the money

e. Payment to EDH for commission, fees or charges

f. Remittance of return premiums to persons entitled to them

7. EDH shall maintain copies of all records relating to deposits or withdrawals and, upon the request of Client, provide Client with copies of those records.

683A.0879(1-8) EDH shall approve or deny health claims within thirty (30) days of receipt and shall pay claims within thirty (30) days of approval. If EDH requires additional information to approve or deny a claim, EDH shall notify the claimant of the request for additional information within twenty (20) days after receipt of the claim. EDH shall notify the provider of all the specific reasons for the delay. EDH shall approve or deny the claim within thirty (30) days of receiving additional information, and, if the claim is approved, pay the claim within thirty (30) days of receiving additional information. Interest on claims that are not paid shall equal prime rate at the largest bank in Nevada as determined by the Commissioner of Financial Institutions on January 1 or July 1, plus six percent (6%), calculated from thirty (30) days after the date on which the claim is approved until the claim is paid. Claimants shall not be requested to resubmit information already provided, unless a legitimate reason is provided and the purpose is not to delay payment, harass the claimant, or discourage filing of claims. EDH shall not pay only a part of a claim that has been approved and is fully payable. A court shall award costs and reasonable attorney's fees to the prevailing party in an action brough pursuant to this section. Payment of interest for the late payment of an approved claim may be waived only if the payment was delayed because of an act of God or other cause beyond the control of EDH. The Nevada Commission of Insurance may require EDH to provide evidence which demonstrates that EDH has substantially complied with the requirements set forth in this section, including payment within thirty (30) days or at least ninety-five percent (95%) of approved claims or at least ninety percent (90%) of the total dollar amount for approved claims. If the Nevada Commission of Insurance determines that EDH is not in substantial compliance with the requirements set forth in this section, EDH may be required to pay an administrative fine in an amount to be determine by the Nevada Commission of Insurance.

683A.088 Each claim paid by EDH from money collected for or on behalf of Client must be paid by a check or draft upon and as authorized by Client.

683A.0883(1-2) (1) The compensation paid to EDH for its services may be based upon premiums or charges collected, on number of claims paid or processed or on another basis agreed upon by EDH and Client, except as provided in subsection (2) below.

(2) Compensation paid to EDH may not be based upon or contingent upon: (a) The claim experience of the policies which it handled; (b) The savings realized by EDH by adjusting, settling or paying the losses covered by Client

Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non- Federal entity under the Federal award must contain provisions covering the following, as applicable.

A. Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

B. All contracts in excess of $10,000 must address termination for cause and for convenience by the non- Federal entity including the manner by which it will be effected and the basis for settlement.

C. Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60–1.3 must include the equal opportunity clause provided under 41 CFR 60–1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964–1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

D. Davis-Bacon Act, as amended (40 U.S.C. 3141–3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141–3144, and 3146–3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non- Federal entity must report all suspected or reported violations to the Federal awarding agency.

E. Contract Work Hours and Safety Standards Act (40 U.S.C. 3701–3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

F. Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

G. Mr. Nick Anderson and Mr. J.D. Humphreys
Suburban Land Reserve, Inc.
51 South Main Street, Suite 301
Salt Lake City, Utah, 84111

RE: A 28.6981±-Acre Tract of Residential Land
South side of Buckeye Road, 1.75± miles west of Interstate 75
and 1.75± miles east of U.S. Highway 41
Palmetto, Manatee County, Florida

Dear Mr. Anderson and Mr. Humphreys:

At your request and authorization, I have inspected and appraised the referenced property for the purpose of providing an opinion of the fee simple market value as encumbered, assuming on-site stormwater retention for future development, access/connecting roads, and utilities at the boundary. The effective date of value is June 20, 2024, the date of property inspection.

In accordance with a DRI Summary and PSA Summary-School Site Review dated April 26, 2021, provided by the client and included in the *Addenda*, the subject of this *Appraisal Report* is a 28.6981±-acre, irregular-configured tract of residential entitled land situated on the south side of Buckeye Road between Interstate 75 and U.S. Highway 41. The subject site, in accordance with the Ordinance 16-25 – Development of Regional Impact No. 21 - Gateway North DRI (AKA: Artisan Lakes), dated May 6, 2016, is identified as a School Site. It is assumed to have access via Buckeye Road and Maidenstone Way, a proposed roadway to be constructed for accessing/connecting roadways for the Artisan Lakes residential planned development and subdivision to the east and south.

The tract is located in the Palmetto area of northern Manatee County, within the Artisan Lakes Community Development District. The property is owned by Suburban Land Reserve, Inc. Artisan Lakes, formerly known as Gateway North, was originally approved as a Development of Regional Impact in 1992. Artisan Lakes consists of 1,039± acres and will consist of 2,907 residential units upon buildout. The DRI also allows 130 acres of mixed-use commercial development for a total of 488,200 square feet of mixed-use development.

In accordance with the *Agreement for Purchase and Sale of Property*, the parties have agreed that Suburban Land Reserve, Inc. will sell to the School Board of Manatee County, a tract of land for a future school, all in fulfillment of the Education requirements of Ordinance 16-25, Development of Regional Impact DRI No. 21 – Gateway North (AKA: Artisan Lakes). The site for the school has been identified as approximately 28.6981 gross acres in size. However, the final size and configuration has not been determined. For purposes of this *Appraisal Report* and valuation, the subject site has been appraised subject to the highest and best use as residential development land.

During the development of this *Appraisal Report* and the opinion of value, I have considered the highest and best use relative to market conditions, location, zoning and land use, and physical characteristics of the site. I have not been provided a Boundary Survey nor Jurisdictional Survey, so I have relied upon representations by the client, the aforementioned DRI Summary and PSA Summary, and various Public Records of Manatee County, with respect to the size, dimensions, estimations of uplands and wetlands, estimations of the encumbered areas by utility easements, etc.

Together with the Scope of Services, and information provided by the client and the School District, the following Special Assumptions have been applied. Without these Special Assumptions, conclusions and the opinion of value could be different, so I reserve the right to revise this *Appraisal Report* and amend the opinion of value accordingly.

- The subject site consists of 28.6981± gross acres, and 20.9281± unencumbered upland acres.
- As will be described in more detail, and based on various documentation, it is estimated that approximately 4.77 acres in the northerly portion of the subject tract are encumbered by various utility easements, including a powerline corridor and a gas pipeline easement.
- Based on my on-site partial inspection and estimation from available aerial photographs, I have estimated approximately three (3.0) acres of wetlands.
- The site, after conveyance, will be accessible from Buckeye Road and a new roadway built to the southeast corner of the Subject Property, known as Maidenstone Way. Driveway connections of both were observed during the inspection.
- The site is part of an existing planned development (PD) and presumably a dedicated school site.
- Portions of the site are wooded and will require clearing, and upland areas will require fill. The clearing costs and volume of fill that may be required area unknown.
- Public water, sewer, electricity, and telephone will be stubbed to the site.
- Development will require on-site stormwater drainage and retention.

- For the purpose of this *Appraisal Report* and valuation rendered herein, my opinion of value assumes residential entitlements consistent with the adjoining single family residential development within the developed portion of Artisan Lakes to the south.

I have made a thorough inspection of the neighborhood and otherwise competitive/similar tracts of land. After considering market conditions and demand for residential development land in northern Manatee County, as well as the physical and locational characteristics of the site, the highest and best use of the site, and other market data presented in the accompanying *Appraisal Report*, it is my opinion that the fee simple market value, together with easements, as of June 20, 2024, was:

TWO MILLION ONE HUNDRED THOUSAND DOLLARS

($2,100,000)

The following *Appraisal Report* presents the data and analyses used in arriving at the final opinions of market value, describes the reasoning process, and states the assumptions and limiting conditions that apply. This *Appraisal Report* was prepared in conformance with requirements set forth by Standards Rule 2-2(a) of the 2024 Edition of the Uniform Standards of Professional Appraisal Practice (USPAP), effective January 1, 2024. It has been prepared in accordance with the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute. The Standards of Professional Appraisal Practice of the Appraisal Institute include the Uniform Standards of Professional Appraisal Practice as set forth by the Appraisal Standards Board of the Appraisal Foundation. The value conclusion rendered herein was not based on a requested minimum valuation or specific valuation.

Respectfully submitted,

RE: Harlee Support Center Building 4 renovation for 'SOAR in 4' program

Dear Mr. Goff,

Thank you for the opportunity to provide A/E design services for this improvement at Harlee Support Center.

DESIGN TEAM PROPOSED:

Civil and Structural Engineering: NA

Architect: BWAS Design, Bradenton, FL

Electrical and Mechanical Engineering: ME3, Sarasota, FL

Specialty 'SOAR in 4' design consultant: by others

PROJECT DELIVERY METHOD: Design-Bid-Build with Construction Manager at Risk (CMAR) from SDMC approved list.

WORK ASSIGNMENT SCOPE:

It is our understanding after visiting the job site along with staff on May 22nd , the following scope:

- Building 4 is approximately 5,500 SF which is a standalone sperate structure from the former Harlee Middle school campus.
- Building 4 was designed circa 1995 for Educational 'E' use and is of Type II noncombustible construction. Furthermore, it does not currently have an automatic fire protection system however, it has an fully addressable fire alarm system connected to the main campus.
- This proposal is predicated that this building is considered a Business 'B' or Educational 'E' occupancy and not considered a change of use Daycare 'D' facility. If so, it would require a new automatic sprinkler system to be designed and installed which is currently not included.
- Building 4 appears to have adequate utilities to the building for the intended use.
- The current state of the building is in good condition except for the mechanical systems which was pointed out by the SDMC Maintenance department.
- The two adjacent portables will required new package design only.
- Minor outdoor activities areas will be noted on the Architectural campus plan.
- Parking is more than adequate and will not require any modification or SWFWMD permitting.

WORK ASSIGNMENT LEVEL OF SERVICE: A hybrid multi-phase deliverable with limited bidding and Construction Administration services working in conjunction with a Construction Manager.

This project is a partnership with the 'SOAR in 4' program which is partially funded by private donors. The SDMC will provide the design services in this proposal which is the Client and pay for capital improvements to support the new program. It is our understanding that the Construction renovation budget is $580,000.00. There for BWAS will provide limited services as specified herein based on a 9.5% professional services fee.

BWAS will be the lead professional coordinating the team of engineers to produce the construction documents while working with the School District Construction Services. It is our understanding that the 'SOAR in 4' will hire a specialty designer to help with specialized learning equipment procurement and design. BWAS will be limited to 2 meetings with the specialty designer. One preliminary meeting and the Second at 50% documents. Any changes by the Specialty consultant may require afer 50% documents may be additional services.

We are including a 2-phase design process. We consider the attached 'Soar in 4' as the preliminary design plan and once confirmed through team meetings as described below, BWAS will go straight to Construction Documents.

ME3 Engineering is limited to minor alterations to the existing HVAC systems and electrical to accommodate the program. No major plumbing design is anticipated or provided however, minor alterations to a sink or hose bib will be included. No changes to the existing restrooms.

The final drawings will be sufficient to obtain a permit from SDMC's private provider Universal Engineering (or similar provider) and will also be used by the CM to provide a GMP to the SDMC Board.

SCOPE OF DESIGN SERIVCES TASK(S):

1. Up to (6) total Design Project Management and meetings with SDMC and Construction Manager and Soar in 4 team, Including meeting minutes.
2. As-built site visit for CAD backgrounds, Floor Plan, RCP and major Architectural elements based on documents in the SDMC Archives.
3. (1) meeting for programming.
4. Up to (2) meetings with the Specialty Consultant for 'SOAR in 4'.
5. Interior Design: is limited to specifying material finishes for code compliance. Color selection and patterns coordination is not included in the BWAS scope of work.
6. Deliverable: Construction Documents for Bidding and Permitting.
7. Construction Administration: progress site visits, RFI's, Shop drawings and submittal review, application for payment review as required.
8. Final Punch list walk-through at the time of substantial completion.

PROPOSED FEE:

Basic Services

BWAS Design	$41,325.00
ME3 Engineering	$13.775.00
TOTAL PROPOSED FEE:	**$55,100.00***

*Note: If 'SOAR in 4 'is ultimately classified as a Daycare 'D' facility and is licensed as such, it will require an automatic sprinkler system design which is not included in the above total. It would require a Civil engineer and specialty design engineer by which BWAS could provide as an additional services.

DELIVERABLE

-Florida Registered Architect and Engineer(s) Signed and Sealed Construction Documents.

-Digital pdf's and up to 3 hard copies as requested.

REIMBURSABLES/ ADDITIONAL SERVICES

Title
Approval of Request to Declare Surplus and Donate District Vehicle (Outgoing Donation)

Executive Summary
Schools and departments have reported various items as obsolete, traded in on new equipment, unaccounted for, used for parts or stolen, and have requested the items be disposed of.

School Board of Manatee County Policy No 7320 - Sale, Transfer or Disposal of Real or Tangible Personal Property, outlines the procedures to be followed in the acquisition, supervision, accountability, control, transfer and disposal of the District's property.

Items are declared surplus in order to remove them from inventory accountability at the present cost center and dispose of them as provided for in Florida Statute 274. Disposition may involve any of the following; sale by public auction, sale or transfer to another governmental entity, scrap for reusable parts, recycled, donation to a School Board designated receiver, or abandonment at a public landfill.

Vehicle 605 will be donated to Bradenton Dream Center, a faith-based charitable organization established to provide meaningful learning experiences and offer opportunities to enrich the lives of students and families in downtown Bradenton. Bradenton Dream Center provides a free after school program that supports literacy, wellness, and spiritual growth for elementary aged students in the downtown Bradenton area. Students receive transportation (Ballard/Rogers Garden), hot meals, academic support, and character development opportunities throughout the school year.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Title
Approval to Accept Annual Physical Inventory of District Tangible Personal Property Greater Than $5,000.00 for 2023-2024 Fiscal Year (Possible Incoming Funds to General Fund)

Executive Summary
As per Board policy 7450, a complete physical inventory will be conducted annually and submitted to the Board. During the 2023-2024 fiscal year (FY), a physical inventory was completed for District-owned tangible personal property greater than $5,000.00.

A list of all items missed during initial inventory visits is provided to the Principal or Department Head and time is provided for the school or department to locate these items. A follow up visit is then scheduled to scan all remaining items.

Assets acquired and/or delivered to a site after inventory was completed at that site may not be reflected on the annual physical inventory list or certification; however, these items are considered seen at the time of acquisition, and therefore, are not considered missing for the 2023-2024 FY.

Though they are not considered lost, any items that were not located during the 2023-2024 FY inventory process will be marked as "Missing 1 year" and will be considered a high priority during 2024-2025 FY physical inventory visits.

A total of 3,242 items were included in the 2023-2024 FY District inventory. The percentage of items marked "missing" for the 2023-2024 FY inventory is 0.22% (7 assets). These 7 assets have a total net book value of $0.00.

A total of 3,192 items were included in the 2023-2024 FY Federal Programs inventory. The percentage of items marked "missing" for the 2023-2024 FY Federal Programs inventory is 0.41% (13 assets). These 13 assets are non-financial assets with a total net book value of $0.00.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready For Life | Goal 6
Continue implementation of innovative technology advancements that improve classroom and school environments for exceptional learning

Ready To Grow | Goal 5
Continue our secure financial position, utilize referendum millage funds effectively, and modernize and enhance our current schools to meet our school community needs, including building vibrant, new schools

Recommendation
The Superintendent recommends approval to accept annual physical inventory of District tangible personal property greater than $5,000.00 for 2023-2024 fiscal year (Possible Incoming Funds to General Fund).

Financial Impact
There is no cost to the General Fund. There is no financial impact.

Acknowledgement

I certify that physical inventory for the 2023-2024 fiscal year (FY) has been completed for my school or site, and I have been provided with an end-of-year inventory list, including a list of any items assigned to my school that were not found during inventory or any subsequent follow up visits.

If any items were stolen during the year, I have submitted a *Request to Remove Lost or Stolen Property from Inventory* form to the Supervisor of the Property Records/Records Management department, along with police reports from local law enforcement, in accordance with School Board policy po7450. Likewise, an *Asset Transfer* form has been completed for any assets that have been relocated to another site during the year, and a *Request for Property Disposal and Deletion* form completed and submitted for any items that were disposed.

Missing Status

I understand that, if my school or site has any assets that were deemed missing in the 23-24FY, they will be highlighted on the end-of-year inventory list and will be marked as "Missing" in PeopleSoft-FSCM and are considered high priority items for the 24-25FY physical inventory.

Policy Manual Section 7000
7250—COMMEMORATION OF SCHOOL FACILITIES

From time-to-time, the School Board may wish to commemorate a school or District facility or portion thereof by means of a plaque or naming the facility after a person. Such commemoration should be reserved only for those individuals who have made a significant contribution to the Enhancement of education generally or the District in particular or to the well-being of the District, Community, State, or Nation.

Any employee of the District thus honored must be no longer employed by the District for a period of time no less than five (5) years prior to the Board's selection of his/her name for a plaque or for the naming of a facility. A person may be nominated with less than five (5) years separation from the District but approval must be ratified with a super majority vote of the Board.

Naming a portion of a facility, such as a stadium, media center, auditorium or room shall not take place until the facility has been open and in use for at least one school year. The entire cost, design and installation of a plaque or signage and maintenance thereafter shall be the responsibility of the person, group or organization making the name nomination and should be consistent with other signage at that facility or site.

A person, group or organization who wants to name a portion of an existing facility should fill out a "NAMING A PORTION OF AN EXISTING FACILITY NOMINATION FORM." A copy of the form can be obtained from the Communications, Family and Community Engagement Department's page on the school district website, or by contacting the department.

If the portion of an existing facility being named is part of a school, then the person, group or organization must meet with the Principal of the school as well as the School Advisory Council Chair and request an endorsement of the request. If an endorsement is not granted, the person, group or organization can still proceed to the next steps in the process, but it will be noted that official endorsement from the school was not obtained. Space for endorsement signatures are available on the NAMING A PORTION OF AN EXISTING FACILITY NOMINATION FORM.

If the portion of an existing facility being named is not a school, then the person, group or organization must request an endorsement from the Deputy Superintendent who oversees that facility as well as the Department Director or Supervisor who oversees that portion of the facility. If an endorsement is not granted, the person, group or organization can still proceed to the next steps in the process, but it will be noted that official endorsement was not obtained. Space for endorsement signatures are available on the NAMING A PORTION OF AN EXISTING FACILITY NOMINATION FORM.

Once the nomination form is signed and completed, then a representative of the person, group or organization must attend a regularly scheduled School Board meeting, sign up for Public Comments and publicly present the nomination to the School Board for consideration at a future meeting. The nomination form will be presented to the agency clerk for delivery to the Communications, Family and Community Engagement Department.

The Communications, Family and Community Engagement Department will publish the name nomination on the school district website and disseminate it to the media. A period of no less than 60 days must pass between the time when the nomination is publicly presented to the School Board and the date when the School Board votes on the nominated name.
