"The core, the essence, of effective leadership is personal flourishing."

— Tal Ben-Shahar

"Putting Students First by Putting People First"

Our focus and commitment is "Putting Students First." We recognize that in order to put students first we must support the professionals who guide and instruct our students and make a positive difference every day in the lives of young people. We are committed to creating a work environment that fosters a productive learning environment, an environment where teachers can teach, learners can learn and people will find meaning and satisfaction in their careers. We are a family of committed professionals striving to provide a high quality education for thousands of students. The policies and guidelines in this handbook are designed to support our mission and are the minimum expectations for our work environment.

The Choice

Founded in 1997, your employer is one of the oldest, largest and fastest-growing education services providers in the United States. We successfully manage high performing public and municipal schools for pre-Kindergarten through grade 12. We assist corporations, government entities, developers and nonprofit agencies with all phases of school design including planning, development, financing, construction, operations and curriculum. We have also been instrumental in pushing forward legislation that has furthered educational reform to help all students gain access to high quality education.

While we are proud of our awards, we believe our greatest accomplishment is achieving a 95% satisfaction rate from parents and achieving "B" academic averages from the various Departments of Education in which our schools operate. We always put students first in every decision we make. That philosophy, along with a qualified and dedicated staff has placed your employer as a national leader in education management.

About Your Employee Handbook

Your employer is proud to provide you with information about your work environment, employee benefits, and policies affecting your employment. You should read, understand, and comply with all provisions of this handbook. It describes many of your responsibilities as an employee and outlines the programs developed by your employer to benefit every employee. It is our desire to create a safe, meaningful and value driven work environment that is conducive to both personal and professional growth. We strive to recognize individual contribution, and to make open, direct and personal communication a part of our organization.

This handbook summarizes personnel policies. It is intended only as a guideline. We welcome and encourage any suggestions you may have for improving your work environment and any aspect of our policies. Your employer's management specifically reserves the right to amend the policies contained herein. Your employer will make all attempts to notify employees of policy changes that may affect this handbook. Please read your Handbook carefully. You will be required to electronically sign an "Employee Handbook" Acknowledgement. While you will receive an overview of the main points of the Handbook during orientation, you are expected to read and understand your Handbook in its entirety. Please ask your School Operations Administrator/Department Manager for an explanation if you have any questions.

The provisions outlined in this handbook supersede all existing policies, practices and previous handbooks. The policies or guidelines contained in this employee handbook create neither an expressed nor implied employment contract with your employer or any of its subsidiaries.

Please treat this handbook and the information in it as confidential. No portion of this handbook should be disclosed to others, except employees and those affiliated with your employer whose knowledge of the information is required in the normal course of business.

Employment "At Will"

Your employment with your employer is "at will". "At will" employment means that you voluntarily agreed to work with your employer. There is no guaranteed length of employment, and you are free to resign at any time. As an "at will" employer, your employer may terminate the employment relationship at any time, with or without notice or cause. At all times, your employer will follow all applicable state and federal employment laws.

No representative of your employer, other than the CEO or his direct representative, has any authority to enter into any employment agreement for any specified period of time.

If you have a signed written contract with one of the local school boards, as a co-employer, the written employment agreement may provide different provisions governing your employment. Therefore, please review your employment contract for specifics. In the event that there are any inconsistencies between the terms of your written employment agreement and any provisions and policies set forth in this Employee Handbook, the terms of your written employment agreement govern.

Probationary Period

Newly hired employees, current employees who have been transferred, promoted or reassigned to a new position, are employed with the understanding that the first 90 days in their new position are considered to be a probationary period.

This probationary period provides an opportunity for both you and your employer to evaluate each other and to determine continuing the employment relationship. During your first 90 days in your new position your job performance may be observed by your School Administrator/ Department Manager to ensure job compatibility.

During this time, you will be provided with training and guidance from your School Administrator/ Department Manager. Under appropriate circumstances, your probationary period may be extended. At the end of the probationary period, you and your School Administrator/Department Manager will discuss performance.

Public Media Policy

Under no circumstance should any employee give a statement, or answer questions to any member of the media, unless given permission and direction by an Executive Team Member or the Public Relations Firm. Media is defined as any broadcast system, i.e. radio, television, newspaper, etc.

At the school level, any employee who receives a call, or is visited in person by a member of the media, is to contact the Principal's office immediately. At that time, they will in turn refer the contact to our public relations firm.

At the Support Center, any employee who receives a call, or is visited in person by a member of the media is to contact their executive team member immediately.

Open Door Policy

When employees communicate openly and directly with School Administrators/ Department Managers it can have a positive effect on the working environment. We encourage all team members to discuss any concerns with their supervisors at any time in their employment.

Suggestions

If you have any suggestions or ideas that you feel would benefit your employer, we would encourage you to tell us about them. We are always looking for suggestions that improve methods, procedures, and working conditions, reduce costs, or errors, and benefit the Company and its employees. The best way to make suggestions is to contact your executive team member.

Equal Opportunity Employer

Your employer is an equal opportunity employer. In order to provide equal employment and advancement opportunities to all individuals, employment decisions at your employer will be based on merit, qualifications, skills and abilities. Your employer does not discriminate on the basis of race, color, religion, sex, pregnancy, national origin, citizenship, age, veteran status, disability, or any other characteristic protected by law. Your employer will not unlawfully discriminate against any qualified employee or applicant on the basis of a physical or mental disability.

If you witness or experience any form of discrimination, or if you have questions concerning this policy, you should immediately notify your School Administrator/Department Manager or Human Resources. If you believe it would be inappropriate to discuss the matter with your supervisor with whom you work, you may bypass that individual and report it directly to the next level of management or Human Resources. Reports will be investigated, and appropriate corrective action will be taken. Complaints will be handled confidentially, except as necessary for investigation and resolution. This policy prohibits retaliation, harassment or other adverse action being taken against you as a result of making a complaint of discrimination, assisting in an investigation, opposing discrimination, or otherwise exercising rights protected by law.

Zero Tolerance Policies

Your employer has established zero tolerance policies to provide for the safety of our students and staff. Violations of the zero tolerance policies will lead to immediate termination. This handbook defines "zero tolerance policies" as harassment, work place violence, unethical business practices, violations of computer usage policies, drug free workplace and breaches of confidentiality.

Non-Discrimination and Anti-Harassment Policy

Your employer is committed to maintaining a work environment in which all individuals are treated with respect and dignity. In keeping with this commitment, we will not tolerate harassment of our employees by anyone, including supervisors, co-workers, vendors, or clients of the Company. Harassment in the workplace is prohibited, both in the workplace and off the premises, including at social activities conducted or sponsored by the Company. Human Resources has overall responsibility for this policy and maintains reporting and monitoring procedures. Employee questions or concerns should be referred to Human Resources. Appropriate disciplinary action may be taken against any employee willfully violating this policy, up to and including termination of employment.

Harassment is defined as verbal or physical conduct which:

- Denigrates or shows hostility or aversion toward an individual because of his/her protected status, or that of his/her relatives, friends or associates.
- Has the purpose or effect of creating an intimidating, hostile or offensive working environment.
- Has the purpose or effect of unreasonably interfering with an individual's work performance.
- Behavior that adversely affects an individual's employment opportunities.

Prohibited activities include but are not limited to slurs, jokes, emails, gossip, negative stereotyping, threatening, intimidating, or hostile acts that relate to any protected status. Prohibited harassment also includes written or graphic material that is placed on walls, bulletin boards, or elsewhere on the premises, or circulated in the workplace. Harassment can consist of unwelcome conduct whether verbal, physical, or visual, that is based upon a person's protected status, such as gender, color, race, ancestry, religion, national origin, age, physical handicap, medical condition, disability, marital status, veteran status, citizenship status, or any protected personal characteristic.

Sexual harassment may include unwelcome sexual advances, requests for sexual favors or unwelcome physical contact. Prohibited activities include but are not limited to repeated unwelcome requests for a romantic relationship,

Sexual harassment can also be described as foul or obscene language or gestures, displaying or circulating in the workplace sexually suggestive objects or pictures including through e-mail. Physical contact, such as patting, pinching, or brushing against another's body is considered harassing behavior. "Quid pro Quo" sexual harassment is defined as behavior where submission to, or rejection of the conduct is used as the basis for an employment decision. Conduct maybe considered sexual harassment if it has the purpose or effect of interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

Workplace Violence

Possession of firearms, weapons, ammunition or explosives on Company property or while on Company business is strictly prohibited, and may result in immediate termination.

Acts or threats of violence or physical harm, whether made directly or indirectly, violate the safety of staff and professional conduct of your employer's business. If you are subjected to or threatened with harm by a co-worker, parent, customer or vendor, or if you become aware of another individual who has been subjected to or threatened with violence, or if you know of circumstances which might result in violence, you should immediately report this information to your School Operations Administrator/Department Manager or Human Resources.

Please bring any threats to your employer's attention so that we can deal with them promptly and appropriately. Do not assume that any threat is not serious. An investigation into threatening remarks or conduct will be conducted with as much confidentiality as possible. No adverse action will be taken against anyone who brings a good-faith complaint under this policy.

Drug Free Workplace

Your employer prohibits reporting to work under the influence of alcohol or illegal drugs or substances, including the illegal use or misuse of prescription drugs. Your job brings you into contact with many people, including both internal and external clients. Difficult situations and complaints may arise. Always treat clients and business guests in a courteous, respectful manner. When a client has a question or complaint, give the matter your immediate attention. Look at complaints as an opportunity to correct problems, improve customer service, and ultimately raise customer satisfaction. If you ever feel you cannot properly handle a problem or difficult situation, refer the client to your School Administrator/Department Manager or a member of management.

Telephone Courtesy

Telephone courtesy is an essential aspect of customer service. Your telephone manners are a direct reflection on your employer and your professionalism. Therefore, please use proper telephone manners and always be polite, helpful and service-oriented on the phone.

Return telephone calls as promptly as possible even if you haven't obtained an answer for the specific issue, at a minimum contact must be made within 48 hours. Let the caller know you are working on their issue. Continually communicate the status of your progress in resolving the issue to the customer.

Performance

The results that your employer achieves are determined by how we perform – as individuals, teams, and as a company. The ways we focus our efforts, use our talents, manage our time and work together will determine our success.

We emphasize the importance of ongoing communication between you and your School Administrator/ Department Manager about your performance, progress toward job expectations, results and any development or needs that you may have.

You and your School Administrator/Department Manager are strongly encouraged to discuss job performance and goals on an informal, day-to-day basis. Additional formal performance evaluations are conducted to provide the opportunity to discuss job tasks, identify and correct weaknesses, encourage and recognize strengths, and discuss positive purposeful approaches for meeting goals.

The performance of all new employees is generally evaluated according to the schedule associated with your position. For

school based 10-month instructional employees, 12-month school administrators, or non-instructional employees, you are reviewed after 90 days, during the first semester and at the end of the school year. After your first year of employment, your performance will be formally evaluated on an annual basis. Your opportunity to continue employment and any potential pay increase for the following school year will be dependent on your overall performance. For Support Center employees, performance reviews are after the first 90 days and then annually after the end of each fiscal year.

Your attendance and dependability is an important part of your overall performance. Excessive absenteeism may lead to disciplinary action and may affect your performance rating.

Goal Setting

One of the most important aspects of the Performance Management process is goal setting. In this process, you and your School Administrator/Department Manager meet in a highly participative manner to:

- Update your description of job duties and responsibilities so it reflects the current requirements and primary job content.
- Mutually agree upon and establish written **SMART** goals that clearly define your work expectations.
    - **S**pecific, **M**easurable, **A**ttainable, **R**ealistic and **T**imely
    - Goals should be aligned with your employer and School Strategic Plan.
- Prioritize goals to establish which are the most important.
- Establish measures and standards that clarify how you will know if targets are being met.
- Agree on performance tracking and feedback requirements necessary for self-management or monitoring progress.

You should revisit and where appropriate, reestablish goals with your supervisor at the beginning of the school year and/ or with your Department Manager no less than quarterly.

At its sole discretion, your employer may award merit based pay adjustments in an effort to recognize truly superior employee performance. The decision to award such an adjustment is dependent upon numerous factors, including the information documented by this formal performance evaluation process.

Formal Evaluations

It is the responsibility of the employee to retain copies of their formal evaluations at the time they are conducted for future reference.

Promotions and Transfers

It is our desire to provide employees with opportunities for growth and advancement. Your employer attempts to fill its job openings with qualified internal candidates whenever possible. Internal candidates may be identified by management selection or through responses to job postings.

A **promotion** is a move from one position to that of greater responsibility, either within the same department or to a new department or facility.

A **transfer** is a move from one department or facility to another in the same or similar position. This is also referred to as a “lateral move”. School based transfers may only be requested during the transfer period which occurs in the spring of year school year.

To be considered for a promotion within your current department you must:

- Have completed 90 days of employment in your current position,
- Be performing satisfactorily,
- Not have any disciplinary actions against you,
- Meet the minimum requirements for the position for which you are applying.

To provide for the safety and security of our employees, only authorized visitors are allowed in the workplace. Restricting unauthorized visitors helps maintain safety standards, protects against theft, ensures security of equipment, protects confidential information, safeguards employee welfare, and avoids potential distractions and disturbances.

All visitors must enter through reception areas and must check in with the Receptionist or front office at the school. Authorized visitors will receive directions or be escorted to their destination. Employees are responsible for the conduct and safety of their visitors while on site.

If an unauthorized individual is observed on your employer's premises, employees should immediately escort the individual to the reception area, and, if necessary, notify their School Administrator/Department Manager or the police.

Emergency Closures

At times, emergencies such as severe weather, fires, power failures, earthquakes or hurricanes can disrupt operations. In extreme cases, these circumstances may require the closing of a work facility or school. In all instances the desired outcome is to act in the best interest of our students and their safety. If emergency conditions exist, please consult your local emergency procedures and call the appropriate location for a message or contact your School Administrator/ Department Manager.

All schools should follow the disaster guidelines of the districts where they are located. Contact your School Administrator/Department Manager with questions. When Support Center operations are officially closed due to emergency conditions look for emails from the Support Center. In cases where an emergency closing is not authorized, employees who fail to report for work will be required to use PTO or take time off work without pay.

Compensation

Your employer's goal is to compensate its employees in a fair and competitive manner, based on the responsibilities of each job, the Company's overall growth performance, and other business conditions affecting wages on an annual basis. In addition, our goal is to reward employees for their performance, achievements and contributions to the Company's success.

After the first year of employment, wages and performance are normally reviewed annually, but a review does not guarantee an increase. All salaries, bonuses, stipends and extra pay are taxable. Our philosophy is to pay for performance. Pay increases are based solely upon individual merit and business conditions.

EMPLOYMENT CATEGORIES

Exempt/Non-Exempt

Under the Fair Labor Standards Act, there are two categories of employees – exempt and non-exempt.

- Exempt employees are not eligible for overtime pay. Normally exempt employees are paid on a salary basis regardless of hours worked in a pay period. Exempt employees are usually managers and their compensation will meet the federally approved minimum compensation standards.
- Non-exempt employees must keep records of their hours worked and must be paid overtime for any hours worked over 40 in a work week. Other earning categories like PTO or Holiday pay is not included in the overtime calculation.

Full-Time/Part-Time/Temporary

At the time you are hired, your position is categorized as full-time, part-time, or temporary. At that time, you will be informed of any benefits for which you are eligible. Employment categories are defined as:

Full Time

A full-time employee works a minimum of 30 hours per week. Although occasional fluctuations in working hours may occur, a full-time employee must average over 30 hours to maintain full-time status.

Part Time

Part time employees work a regular schedule less than 30 hours per week.

Temporary

A temporary employee is hired for a specified project or time frame and may work an irregular schedule.

Daily Substitutes

A daily substitute is hired for the purpose of filling in for absent instructional educators. They are on-call and can be hired for 1 day at a time. Daily substitutes are paid hourly and are usually not benefit eligible.

Stipends and Other Supplemental Payments

For certain duties and responsibilities outside of an employee's normal duties, your employee may provide a stipend. Department Managers are responsible for allocating stipends in accordance with company policies. Examples of employee stipends include, but are not limited to Department Chairs, Lead TLCs, CRT's, and employees who perform extra duties for a specific period of time.

Time Keeping and Pay Records

The attendance of all employees must be recorded and submitted to the Payroll Department weekly through the

electronic Time and Attendance System. The payroll week begins on Sunday and ends on Saturday. It is each employee's responsibility to clock in and out each day. Any errors in time clock usage need to be reported to your School Operations Administrator or Supervisor in writing as soon as possible.

All employees are paid bi- weekly. Each paycheck is a full pay period in arrears. To process payroll efficiently, all time sheets must be approved according to the deadlines set forth by the Payroll Department. Attendance records need to be an accurate reflection of actual time worked, so use caution when documenting your time. All employees must document their used PTO in the timekeeper system.

Employees are not permitted to work "off the clock," including working through meal breaks or after scheduled work hours. Your employer does not offer compensatory or "comp" time. Altering, falsifying or tampering with time records, or recording time on another employee's time sheet may result in disciplinary action, up to and including, termination.

Employees are not permitted to clock in via mobile devices or from outside their work location. Employees must be at their work location ready for the start of their shift when they clock in. Any employee found to be in violation of this process will be subject to disciplinary action up to and including immediate termination.

Meal Periods

Full time hourly employees are generally provided with one unpaid meal period per day. The meal period should be a minimum of 30 minutes up to a maximum of one hour each workday. Employees are relieved of all work responsibilities during meal periods. Hourly employees cannot perform any work during their meal period and they will not be compensated for that time. Hourly employees must clock out for their meal period. Skipping a meal break to leave early or to get additional pay is not permitted. Occasionally shortened meal periods may be necessary to accommodate workloads.

Work Schedule

The normal work schedule for most full-time employees is 8 hours a day, 5 days a week. If you take a 1-hour lunch break, you are expected to work a 9-hour day. School Administrator/Department Managers will advise employees of their work schedules at time of hire. Staffing needs and operational demands may necessitate variations in starting and ending times, as well as variations in the total hours that may be scheduled each day and week.

It is recommended that hourly employees report to work no more than 15 minutes prior to their shift. Hourly employees should clock out and leave the building within 15 minutes of the end of their shift. All overtime must be approved by your direct supervisor in advance, in writing.

Overtime

When operating requirements or other needs cannot be met during regular working hours, employees will be given the opportunity to volunteer for overtime hours. If not enough people volunteer to meet work needs, employees may be required to work overtime. Overtime assignments will be distributed as equitably as possible. Any overtime hours worked must be approved in advance, in writing.

Pay Procedures - Overpayments and Holidays

Your employer takes all reasonable steps to ensure that employees receive the correct amount of pay in each paycheck. It is the responsibility of each employee to report any errors or concerns with their paycheck as soon as possible. If you receive an overpayment, it is your responsibility to report the overage to the Payroll Department or to your School Operations Administrator (SOA). Your employer will work to set up repayment options for any overpayments.

In the event that a regularly scheduled payday falls on a holiday, employees will receive pay on the last day of work before the regularly scheduled payday. Underpayments and overpayments will be adjusted on the next pay period unless the amount creates a hardship for the employee.

Direct Deposit/Payroll Check

Your employer encourages employees to be paid through direct deposit of funds into either a savings or checking account at the bank of your choice. This can be set up during the on-boarding process, or at any time via the employee self- service portal. If unable to provide direct deposit information, the employee will be paid via live check. Your employer is not responsible for delayed payments due to natural disasters. The company strongly encourages all employees to use direct deposit.

Escrow Pay

Full time Salaried instructional employees that are classified as 10 month employees' wages are withheld during the 10 working months and then paid out to the employee during the summer months. The withheld wages are referred to as "escrow". Upon separation of employment, instructional 10 month employees will receive all previously accrued escrowed wages.

Travel and Expense Policy

Your duties as an employee may require you to travel. The Travel and Expense Policies set the guidelines on acceptable travel and business expenses, expense reports and the approval process. All expenses should cover the employee's actual reasonable expenses while conducting business away from home on behalf of the Company or as associated with a business event. No personal expense should ever be charged to the Company. You are responsible to know the limits of the Travel and Expense Policy. Seek the proper advanced approval through your School Administrator/ Department Manager.

Submit your travel expenses on the approved expense report along with all original receipts. For further information, review the Travel and Expense Policy (Appendix A).

Travel

Employees can arrange their travel through their employer's authorized travel service. Employees should contact their School Administrator/Department Manager for guidance and assistance on procedures related to travel arrangements, expense reports, reimbursement for specific expenses, or any other business travel issues. Any employee driving over 75 miles for business purposes must rent a car.

With prior approval, employees on business travel may be accompanied by a family member or other persons when it does not interfere with the successful completion of business objectives. With prior approval, employees may be permitted to combine personal travel with business travel. Additional expenses arising from such non-business travel are the sole responsibility of the employee. Your employer will not reimburse for alcoholic beverages.

Employees must provide itemized business receipts in order to be eligible for reimbursement. Abuse of the Travel and Expense Policy, including falsifying expense reports to reflect costs not incurred by the employee for business purposes, can be grounds for disciplinary action, up to and including termination of employment. Expenses associated with mandatory company meetings are paid by the Company.

Professional Memberships

Employees are encouraged to become actively involved with professional associations to promote your employer as well as gain exposure by serving on boards, as officers, and by presenting technical papers. With prior management approval, your employer may pay membership dues and other associated fees for professional organizations where membership has a direct impact on your employer's operations.

Training, Conferences, Short Courses and Seminars

Your employer may pay all or a portion of the cost for job related conferences, courses and seminars. Employees must have prior written approval by their School Administrator/Department Manager. The course must be directly related to a Professional Development Plan and have a direct impact on your employer's operations.

"Purpose endows a person with joy in good time and resilience in hard times, and this holds true all throughout life."

-William Damon

Your employer has established a variety of benefits programs designed for our employees. During the open enrollment period each year, the benefits team creates a Benefits Guide. All questions regarding benefits should be referred to the Benefits Guide. This employee handbook outlines a general overview of our benefit plans.

Eligibility for Benefits

At the time you are hired, you are categorized as a full-time, part-time, or temporary employee. Full time employees are defined as employees that work 30 or more hours per week. Only full time employees are eligible for benefits at the time of hire.

After successfully electing benefit options, full time employees' benefits become active on the 1st of the month following 60 consecutive days of employment.

Our current plan options include Medical, Dental, Vision, Short and Long Term Disability, Life, Accident, Critical Illness, Hospital Coverage, Flexible Savings Account (FSA), Health Savings Account (HSA) and Legal Club.

Benefit eligible employees must elect benefits 60 days from their date of hire. If they do not elect benefits prior to the 60 days from their hire date, their next enrollment window will be at open enrollment; unless there is a qualifying event.

A qualifying event includes legal separation, divorce, death of a covered dependent, termination of employment, loss of other coverage, marriage, birth, adoption, or placement for adoption. This change must be made within 30 days of the qualifying event as well as submitting the supporting documentation or you will forfeit the qualifying event eligibility and have to wait until the next open enrollment period.

Pension Plan Eligibility

Georgia offer pensions to qualified employees that work in that state. If you are an eligible employee working in that state, you may enroll in the state pension or the 401k, but not both. For additional information regarding pension eligibility and enrollment, please refer to your Benefits Guide.

Retirement Plan

A 401(k) Retirement Savings Plan is available to qualified employees who are at least 21 years of age. Applicable employees may enroll in the plan on the 1st day of the month following 60 consecutive days of service. The 401k plan is a voluntary savings plan. The 401(k) retirement plan options allow an employee to make pre-tax contributions to a traditional 401(k), after-tax contributions to a Roth 401(k), or a combination of both pre-tax and after-tax contributions through payroll deductions. Employees may only contribute as a percentage amount of their salary.

- Your employer will match 25% up to the first 6% the employee contributes.
- Your employer matched funds become vested 25% year over year with the total vested after 4 years. Vesting is based off of years of employment, not years participating in the savings plan.
- Employee may roll over funds from other plans at any time. Employee may add a new contribution, change contribution amount or stop contributions at any point during the year.
- For additional information please refer to the Benefits Guide.

Employee Wellness Program

The *Win with Wellness* employee wellness program aims to improve the health and well-being of our employees by creating a culture of wellness, encouraging positive health behavior change and empowering employees to take responsibility for their own well-being and healthcare decisions. For additional information please refer to the Benefits Guide.

Employee Assistance Program (EAP)

Your employer offers all employees' access to an Employee Assistance Program. This program is designed to offer counseling and other services to employees, their dependents and all members of their household in times of need. The EAP is a free service that is available 24-hours a day, 365 days a year. The EAP can provide assistance with:

- Emotional wellbeing and life event
- Family and caregiving resources
- Health and wellness resources
- Daily living resources
- 1-3 free in-person counseling sessions

For additional information please refer to the Benefits Guide.

Holidays

Holidays and breaks observed by the school districts are not considered part of your employer's calendar. Your employer grants holiday time to all full-time eligible employees for the holidays listed below. Temporary and part time employees are not eligible for Holiday pay:

New Year's Day (January 1)
Martin Luther King, Jr. Day (3rd Monday in January)
Presidents' Day (3rd Monday in February)
Memorial Day (Last Monday in May)
Independence Day (July 4)
Labor Day (First Monday in September)
Veteran's Day (November 11)
Thanksgiving (Fourth Thursday in November)
Day after Thanksgiving
Christmas Eve (December 24)
Christmas Day (December 25)
New Year's Eve (December 31)

If a holiday falls on a weekend, the holiday will typically be observed on that Friday or Monday. Your employer reserves the right to adjust the observance of the holiday to another day as needed for operational requirements. Your employer recognizes and provides the listed holidays for its employees. From time to time our services may be required on holidays and depending on the business situation, employees may be required to take an alternate day off. If employees would like to observe holidays other than what is listed above, they may utilize their available PTO as long as it is approved in advance by their School Operations Administrator/Department Manager.

Holiday Pay Considerations

If a recognized holiday falls during an eligible employee's pre-approved paid time off (PTO), holiday pay will be used instead of PTO.

- Employees will be paid their regular rate of pay for each 8-hour holiday.
- Employees may not elect financial compensation in lieu of taking time off for a holiday.
- Holiday pay does not count as hours worked for the purposes of determining overtime.
- Employees must have worked or have authorized PTO on the day before and the day after a holiday in order to be paid holiday pay.

Paid Time Off (PTO)

Temporary and part-time employees are not entitled to PTO. PTO accrues per pay period. Full time employees are not eligible to use PTO until they have completed 30 days of employment with your employer. All time must be accrued before it can be taken. If an employee uses more PTO then they have accrued, they will owe those funds back to the company. If an employee leaves your employer prior to refunding their PTO time, the employee acknowledges

and agrees that the company may deduct the amount equal to the borrowed PTO time from the employee's final paycheck.

Paid Time Off Accrual

- 10-month full time school based employees accrue 3.2 hours of PTO time on each paycheck up to 64 hours while they are working throughout the school year.
    - PTO does not accrue over the summer for 10 month employees.
    - PTO does not accrue if you are on Leave of Absence

- 12-month full time school based employees accrue PTO from August 1st through July 31st.
    - Unused PTO hours over 40 are purged on August 1st.
- 12-month full time non-school based employees accrue PTO per paycheck from January 1st through December 31st.
- All employees must complete 30 days of consecutive employment before utilizing any PTO.
- PTO accrual rates are determined by length of service and by employment status.

Length of Service	Full Time 10 Month Employees Paid 20 paychecks	Total PTO Days accrued per year	All Full Time 12 Month Employees, Deans and Support Center	Total PTO Days accrued per year	School Based Administration- Principal and AP	Total PTO Days accrued per year
Date of hire to 5 years of service	3.20 hours of PTO per pay period	*8 days per year 64 total Hours*	4.9231 hours of PTO per pay period	*16 days per year*	6.4615 hours of PTO per pay period	*21 days per year*
6 to 10 years of service	3.20 hours of PTO per pay period	*8 days per year 64 total Hours*	6.4615 hours of PTO per pay period	*21 days per year*	6.4615 hours of PTO per pay period	*21 days per year*
11 years and more	3.20 hours of PTO per pay period	*8 days per year 64 total Hours*	8.00 hours of PTO per pay period	*26 days per year*	8 hours of PTO per pay period	*26 days per year*

*Your employer's PTO accrual schedule may differ than the one above.

Using your PTO time

We rely on you to be at work as scheduled, so advanced notice is important when requesting to use PTO time.

PTO may be taken at any time during the year, but must be scheduled to avoid conflicts with other employees' PTO and work demands.

- PTO time may be taken in pre-approved four hour or eight hour increments for school based employees.
- PTO days should be approved by the employee's School Administrator/Supervisor/Principal at least two weeks prior to the anticipated time off, whenever possible.
- Designated company holidays will not be counted as PTO if they should fall within the period of time the PTO was requested.
- PTO will be scheduled in the best interest of the company and the employee. Seniority will determine priority for PTO in the case of conflicts.
- Employee must take all available PTO prior to taking time unpaid. Unpaid time can only be used for emergencies and must be approved in writing by your Supervisor.
    - Employees cannot take unpaid time when they have PTO available.
    - Employees cannot take unpaid time in place of a Leave of Absence.

Your employer provides 10-month salaried escrow eligible instructional school based staff the ability to automatically roll over 40 hours of PTO and Payroll will payout any PTO over the 40 hours at the employee's regular rate of pay at time of payout.

FMLA Leave (Leave under the Family Medical Leave Act)

The FMLA is a federal law that entitles eligible employees up to 12 weeks of job protected leave in a 12-month period for certain specified family and medical reasons. Your employer's 12-month period is measured prospectively from the date of the employees FMLA leave starts.

Eligibility Requirements: Employees who have been employed by your employer for at least a total of 12 months, and have worked at least 1,250 hours over the prior 12 months are eligible for FMLA leave.

Eligible employees receive up to 12 weeks of unpaid job-protected leave during a rolling 12-month period, for the following example reasons:

- For incapacity due to pregnancy, prenatal medical care or child birth;
- To care for the employee's newborn child, or due to a recent placement of a child for adoption or foster care;
- To care for the employee's spouse, son or daughter, or parent, who must have a serious health condition; or
- For a serious health condition that makes the employee unable to perform the essential functions of his/her job.
- Paternity Leave

If a husband and wife both work for the company and each wishes to take leave for the birth of a child, adoption or placement of a child in foster care, or to care for a parent (but not a parent in-law) with a serious health condition, the husband and wife may only take a combined total of 12 weeks of leave.

Military Family Leave. Eligible employees with a spouse, son or daughter, or parent on active duty or called to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12 week leave entitlement for certain qualifying situations. Qualifying situations include attending certain military events, arranging for alternative childcare, handling certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings. FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered service member during a single 12-month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness, incurred in the line of duty that may render the service member medically unfit to perform his or her duties for which the service member is undergoing medical treatment, recuperation, or therapy or the service member is in outpatient status or is on the temporary disability retired list.

Definition of Serious Health Condition. A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities.

OLA Leave (Leave under Other Leave of Absence)

The company may provide a medical leave of absence, for up to a maximum of 12 weeks for employees who are not eligible for FMLA called Other Leave of Absence. OLA leave is available based on a 12-month period, is unpaid, and is not job protected. An OLA leave must be applied for via the Benefits team. It is for a verified medical issue for an employee that is either not eligible for FMLA or has exhausted their FMLA.

OLA may be provided only to full time employees who DO NOT meet the FMLA Leave eligibility criteria. Each OLA is considered independently. It is granted solely at the discretion of Senior Leadership, even if short term disability runs concurrently. Senior Leadership currently consists of the Director of Benefits and the employees' direct supervisor.

OLA Leave is an unprotected job leave; however, when possible and in conjunction with the company's best interest, the

company will make every effort to return an employee to his/her same position and pay. It is the employees' responsibility to communicate with their employer during their OLA including their intent to return. When an employee returns from OLA they must provide a "Medical Release to Return to Work certification" with or without restrictions. If an employee fails to return of work at the end of an OLA leave, the company will consider the job abandoned by the employee.

FMLA and OLA Leaves Advanced Notice

If a leave is foreseeable (such as planned surgeries or normal births), the employee is required to provide 30-day verbal written notice and make a reasonable effort to schedule time off so that it is least disruptive to the operations of the employer. As soon as possible, the employee should apply for FMLA via the Cigna Leave manager by calling 888.84.Cigna (24462).

If the need for a leave is unforeseeable (such as a serious injury in a car accident or a premature birth), then the employee should give as much notice as soon as possible to the company.

FMLA and OLA Leave Certification

The company uses CIGNA Leave Manager as our third-party administrator for all leave of absences. Any employee that needs to take a leave must contact Cigna by calling 888.84.Cigna (24462) and complete the necessary documentation. Supporting documentation for the reason of the leave may be required. This may include physician certification, military orders, court orders, etc. Cigna will notify an employee of the required documentation(s).

The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Cigna will provide individual notice of rights and obligations to each employee requesting leave within (5) business days or as soon as practicable in writing or orally. The company has the right to ask for a second opinion if it has reason to doubt the certification or may request recertification relating to the leave on a reasonable basis.

If an employee takes leave for a condition that progresses into a serious health condition the company may designate all or some portion of the earlier leave taken as leave under this policy, to the extent that the earlier leave meets the necessary qualifications.

Benefits continuation during FMLA and OLA Leaves

While an employee is on leave, the company will continue the employee's insurance benefits during the leave period at the same level and under the same conditions as if the employee had continued to work. The Employee is responsible for the payment of their portion of their benefits. Coordination of payments will include premium invoicing by the Benefits Department. The Employee will have 30 days from the date of the invoice to remit payment. An employee on leave is not eligible for Holiday Pay.

Return to Work

Employees should notify the Benefits Department and their Supervisor of their intent to return to work no later than two weeks prior to the approved date of return. An employee taking leave due to the employee's own serious health condition is required to obtain a "Medical Release to Work certification" that the employee is able to return to work with or without

restrictions. Without this required certification, the employee will not be allowed to return to work and may jeopardize his/her position.

Unless otherwise permitted or required by law, upon return to work from FMLA Leave, the employee will be reinstated to the same position or to an equivalent position in pay, benefits and other terms and conditions of employment.

Failure to Return to Work

After the approved leave expires, an employee who does not return to work may not be guaranteed reinstatement. If an employee does not return and fails to communicate, the company will consider their job abandoned. It is important to communicate with the Benefits team if you have any issues during the course of your leave.

Coordination of Leaves

Contact the School Operations Administrator or the Benefits Team for assistance.

Americans with Disabilities Act

The duty to provide a reasonable accommodation is a fundamental statutory requirement under the Americans with Disabilities Act (ADA), and as amended by the Americans with Disabilities Act Amendments Act (ADAAA). Your employer is committed to complying with all applicable provisions of the ADA/ ADAAA. It is the Company's policy not to discriminate against any qualified employee or applicant with regard to any terms or conditions of employment because of such individual's disability or perceived disability, so long as the employee can perform the essential functions of the job. Consistent with this Policy of non-discrimination, the Company will provide reasonable accommodations to a qualified individual with a disability as defined by the ADA, who has made your employer aware of his or her disability, and provided that such accommodation does not constitute an undue hardship on the Company.

An employee with a disability who needs a reasonable accommodation to perform the essential functions of their job, should contact Human Resources. Your employer encourages individuals to come forward and request reasonable accommodations if necessary.

Procedure for Requesting an Accommodation

Upon receipt of an accommodation request, Human Resources and your supervisor will meet with you to discuss and identify the precise parameters of the accommodation requested. This will identify which job functions you are currently performing that the accommodation can assist with.

The ADA does not require the Company to make the best possible accommodation or to reallocate essential job functions. Your employer cannot provide personal use items such as eyeglasses, hearing aids, wheelchairs, etc.

An employee or job applicant who has questions regarding this Policy or believes that he or she has been discriminated against, should notify Human Resources. All such inquiries or complaints will be treated as confidential to the extent permissible.

USERRA- Uniformed Services Employment and Reemployment Rights Act

Reemployment rights extend to persons who have been absent from a position of employment because of "service in the uniformed services." "Service in the uniformed services" means the performance of duty on a voluntary or involuntary basis in a uniformed service, including:

- Active duty
- Active duty for training
- Initial active duty for training
- Inactive duty training
- Full-time National Guard duty
- Absence from work for an examination to determine a person's fitness for any of the above types of duty
- Funeral honors duty performed by National Guard or reserve members
- Duty performed by intermittent disaster response personnel for the Public Health Service, and approved training to prepare for such service

The law requires all employees to provide their employers with advance notice of military service. Notice may be either written or oral. It may be provided by the employee or by an appropriate officer of the branch of the military in which the employee will be serving. However, no notice is required if:

- Military necessity prevents the giving of notice.
- The giving of notice is otherwise impossible or unreasonable.
- "Military necessity" for purposes of the notice exemption is to be defined in regulations of the Secretary of Defense. These regulations will be immune from court review.

The cumulative length of service that causes a person's absences from a position may not exceed five years. Your employer has the right to request that a person who is absent for a period of service of 31 days or more provide documentation showing that the person's application for reemployment is timely, the person has not exceeded the five-year service limitation; and the person's separation from service was other than disqualifying under Section 4304 of USERRA. For more information regarding your rights under USERRA please contact Human Resources.

Other Employment

Outside employment during your FMLA leave period is strictly prohibited.

Bereavement Leave

Full-time employees are allowed up to 3 days off with pay in the event of the death of an immediate family member. For out of state funerals, your School Administrator/Department Manager may approve more time. Please notify your School Administrator/Department Manager as soon as possible if you need to take bereavement leave.

For the purpose of this Policy, immediate family member is defined as father, mother, sister, brother, spouse, child, step-child, mother-in-law, father-in-law, sisters- or-brothers-in-law, grandparents or grandchildren.

Time off without pay or PTO may be granted at the discretion of your School Administrator/Department Manager to attend the funeral of other relatives or friends.

Domestic Violence Leave

Your employer's leave of absence policy for victims of domestic violence is in compliance with state law. Eligible employees may receive up to three (3) working days of leave in a twelve (12) month period if you or a family or household member is a victim of domestic violence. The Company may require documentation or substantiation of the domestic violence issue such as copies of restraining orders; police reports or orders to appear in court.

The employee must have been employed for at least three (3) months and must provide the Company with advance notice of the leave, except in cases of imminent danger to the health and safety of the employee or their family member. The Company will allow the employee to choose whether to exhaust any available PTO time or take this leave without pay.

Jury Duty/Court Duty

Your employer encourages employees to fulfill their civic responsibilities by serving jury duty or appearing in court as a witness when subpoenaed. Jury/court duty pay will be calculated on the employee's base pay rate times the number of hours the employee would otherwise have worked on the day of absence, minus the jury duty pay awarded by the court.

Employees must show the jury duty summons or subpoena to their School Administrator/Department Manager as soon as possible so that they may make arrangements to accommodate their absence. Employees are expected to report for work whenever the court schedule permits.

In the event you are excused from jury duty on a scheduled workday, you are required to contact your School Administrator/Department Manager and be prepared to report to work as soon as possible. Either the Company or the employee may request an excuse from jury duty if, in the Company's judgment the employee's absence would

create serious operational difficulties. Your employer will continue to provide health insurance benefits for the full term of the jury/court duty absence. Paid time off and holiday benefits will continue to accrue during jury/court duty leave.

Voting

Your employer wants to make sure you have the opportunity to vote in national, state, or local elections. If your working hours make it impossible for you to get to the polls before or after work, please talk to your School Administrator/ Department Manager beforehand. If it is necessary, you can adjust your working hours in order to get to the polls as long as it does not interfere with your job performance. Your employer encourages early voting when conflicts occur.

Workers' Compensation

CSUSA provides a comprehensive workers' compensation program. This program covers any injury or illness sustained in the course of employment that requires medical, surgical, or hospital treatment. Subject to applicable legal requirements, the workers' compensation program can provide compensation benefits for missed work. All approved medical expenses are covered immediately. Employees who sustain work related injuries or illnesses must inform their School Administrator/Department Manager, or Employee Services immediately. All employees will be provided care, first aid and emergency service, as required for injuries or illnesses while at work. In the event of an emergency, employees should call 911.

No matter how minor an on-the-job injury may appear, it is important that it be reported immediately. This will assist an eligible employee to qualify for workers' compensation coverage as quickly as possible. Failure to report accidents is a serious matter as it may preclude an employee's coverage under workers' compensation insurance.

After a workers' compensation leave, an employee maybe required to provide notice that they are able to return to work. Your School Administrator/Department Manager, the workers' compensation insurer, the Doctor, and you will be expected to take an active role in assisting you to regain productive work status as soon as possible. CSUSA will work closely with the workers' compensation insurance carrier and your doctor to develop a plan to return to work.

Through this joint effort, we aim to help employees recover as soon as possible and allow employees to minimize wage loss. Upon release to return to work any restrictions will be evaluated.

"I want to work for a company that contributes to and is part of the community. I want something not just to invest in. I want something to believe in."

Separation from the Company

Your employer is an "at will" employer. This means that no one has a contractual right, expressed or implied, to remain in the Company's employ. This means the Company or an employee may terminate their employment, with or without cause, and with or without notice, at any time for any reason. No School Administrator/Department Manager or other representative of the Company except the CEO or his designee has the authority to enter into any agreement for employment for any specified period of time, or to make any agreement contrary to "at will".

Resignation

If you decide to leave your employee, please notify your School Administrator/Department Manager in writing about your plans. We would like the opportunity to discuss your resignation before final actions are taken. If you decide to leave, please provide a minimum of two (2) weeks' notice. Your employer reserves the right to request an earlier resignation if the circumstances require.

You must return all company property in good condition. All equipment, access cards, company ID, keys, and any other company property is to be returned to your School Administrator/Department Manager prior to you leaving the facility. In accordance with applicable laws, there may be a deduction from your final paycheck for those items not returned.

Job Abandonment

If you are absent from work for three consecutive scheduled workdays, without giving proper verbal or written notice directly to your School Administrator or Department Manager, your employer may consider this job abandonment. Your employer may accept this as voluntary resignation and your employment may be terminated immediately.

Exit Interview

Employees separating from your employer may be asked to participate in an exit interview. This voluntary process can provide constructive comments and suggestions on improving working conditions. This interview will take place after you have provided your resignation. Your employer appreciates receiving your candid opinion of your employment with us.

Providing References for Former Employees

Only the Human Resources Department is authorized to respond to inquiries for reference checks for current or former employees. Responses to such inquiries will be limited to employment verification. An employment verification is a confirmation of job position and dates of employment. Request for verifications of employment can be sent directly to voe@charterschoolsusa.com.

Reemployment

Employees who are rehired must complete 60 days of employment in order to be eligible for benefits, unless their gap of employment is less than 30 days. Employees will be eligible for benefits the first of the month after their reemployment.

Health Insurance Continuation- COBRA

The Consolidated Budget Reconciliation Act (COBRA) is a federal law that requires most employers sponsoring group health plans to offer a temporary continuation of group health coverage after a qualifying event.

Under COBRA, the employee pays the full cost of health insurance coverage at your employer's group rates, plus an administration fee. COBRA paperwork is mailed from the carrier directly to the employee.

Final Pay

Upon termination, you will receive all unpaid wages and unused PTO. Your final paycheck will be distributed on the next regular pay date and through the usual means of distribution, either live check or direct deposit. If you do not return equipment or property of your employer upon termination, the assessed value of the property will be deducted from the employee's final paycheck. Be sure your employer has up to date address information. Benefits end on the last day of the month in which the employee separates from your employer.

Data Note: Households with children include any households with people under age 18, related or not. Multigenerational households are families with 3 or more parent-child relationships. Unmarried partner households are usually classified as nonfamily households unless there is another member of the household related to the householder. Multigenerational and unmarried partner households are reported only to the tract level. Esri estimated block group data, which is used to estimate polygons or non-standard geography.

Expenditures are shown by broad budget categories that are not mutually exclusive. Consumer spending does not equal business revenue. Total and Average Amount Spent Per Household represent annual figures. The Spending Potential Index represents the amount spent in the area relative to a national average of 100.

NOTES:

(a) Additional FTE includes FTE earned through Advanced Placement, International Baccalaureate, Advanced International Certificate of Education, Industry Certified Career Education (CAPE), Early High School Graduation, the small district ESE Supplement and Dual Enrollment pursuant to s. 1011.62(1)(i-p), F.S.

(b) District allocations multiplied by percentage from item 3A.

(c) District allocations multiplied by percentage from item 3B.

(d) District allocations multiplied by percentage from item 3C.

(e) District allocations multiplied by percentage from item 3D.

(f) District allocations multiplied by percentage from item 3E.

(g) This allocation will be frozen as of the 2024-25 FEFP Conference Calculation and will not be recalculated throughout the year. Charter school allocations are recommended not to be recalculated with fluctuations in student enrollment later in the year.

(h) Numbers entered here will be multiplied by the district level transportation funding per rider. "All Adjusted Fundable Riders" should include both basic and ESE Riders. "All Adjusted ESE Riders" should include only ESE Riders.

(i) The Federally Connected Student Supplement provides additional funding for students on federal lands that receive Section 8003 impact aide pursuant to s. 1011.62(10), F.S.

(j) Funding based on student eligibility and meals provided, if participating in the National School Lunch Program.

(k) Consistent with s. 1002.33(20)(a)3, F.S., a school's sponsor may not charge or withhold any administrative fee against a charter school for any funds specfically allocated by the Legislature for teacher compensation.

(l) Consistent with s. 1002.33(20)(a), F.S., for charter schools with a population of 75% or more ESE students, the administrative fee shall be calculated based on unweighted full-time equivalent students.

Administrative fees:

Administrative fees charged by the school district pursuant to s. 1002.33(20)(a), F.S., shall be calculated based upon 5% of available funds from the FEFP and categorical funding for which charter students may be eligible. To calculate the administrative fee to be withheld for schools with more than 250 students, divide the school population into 250. Multiply that fraction times the funds available, then times 5%. For charter schools within a charter school system that meets the requirements in s. 1002.33(20)(a)2.a.(II), F.S., do the same calculation based for up to and including 500 students.

For high performing charter schools, administrative fees charged by the school district shall be calculated based upon 2% of available funds from the FEFP and categorical funding for which charter students may be eligible. To calculate the administrative fee to be withheld for schools with more than 250 students, divide the school population into 250. Multiply that fraction times the funds available, then times 2%.

Other:

FEFP and categorical funding are recalculated during the year to reflect the revised number of full-time equivalent students reported during the survey periods designated by the Commissioner of Education.

Revenues flow to districts from state sources and from county tax collectors on various distribution schedules.

THIS MANAGEMENT AGREEMENT is made and entered into as of the ____ day of _____, 2019, by and between Charter Schools USA ("CSUSA"), and Florida Charter Educational Foundation, Inc. doing business as (the school), a Florida non-profit corporation (the "Charter School").

RECITALS

WHEREAS, the Charter School has an approved charter application (the "Charter Application") for the operation of (the school) located at _____ to Hillsborough County Public Schools (the "Sponsor") to operate a public charter school; and

WHEREAS, the Charter School has determined that it is in its best interest to contract with a qualified and competent educational service provider to operate the Charter School; and

WHEREAS, CSUSA is in the business of developing, managing, staffing, and operating public charter schools for non-profit boards; and

WHEREAS, the Charter School wishes to hire CSUSA, and CSUSA wishes to be hired by Charter School to manage and operate the Charter School upon the terms and conditions set forth herein; and

NOW, THEREFORE, for mutual and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the parties agree with each other as follows:

ARTICLE I
CONTRACTING RELATIONSHIP

A. Authority. The Charter School represents that it is authorized by law to contract with CSUSA and for CSUSA to provide educational management services to the Charter School. The Charter School further represents that it has a Charter Application which has been approved by the Sponsor to organize and operate a public charter school. The Charter School either has already or will enter into a charter contract with the Sponsor (the "Charter Contract"). The Charter School is therefore authorized by the Charter Application, Charter Contract and the Sponsor to supervise and control such charter school, and is invested with all powers necessary or desirable for carrying out the educational program contemplated in this Agreement.

B. Agreement. The Charter School hereby contracts with CSUSA, to the extent permitted by law, for the provision of all labor and supervision necessary for the provision of educational services to students, and the management, operation and maintenance of the Charter School in accordance with the educational goals, curriculum, methods of pupil assessment, admission policy and criteria, school calendar and school day

schedule, age and grade range of pupils to be enrolled, educational goals, and method to be used to monitor compliance with performance of targeted educational outcomes, all as adopted by the Charter School's Board of Directors (the "Board") and included in the Charter Contract between the Charter School and the Sponsor. CSUSA's obligations to the Charter School shall be only as expressly set forth in this Agreement. Duties required to be carried out for the operation of the Charter School which are not expressly set forth herein as being CSUSA's responsibility shall remain the Board's sole responsibility.

C. Designation of Agents. The Board designates the employees of CSUSA as agents of the Charter School having a legitimate educational interest such that they are entitled to access to educational records under 20 U.S.C. §1232g, the Family Rights and Privacy Act ("FERPA") and other applicable law. The Board, subject to its discretion, hereby authorizes CSUSA to communicate with and negotiate on the Board's behalf with all state and governmental agencies, as directed by the Board.

D. Status of the Parties. CSUSA is a Florida limited liability company, and is not a division or a part of the Charter School. The Charter School is a Florida non-profit corporation or a Limited Liability Corporation with 501(c) (3) IRS designation (pending) authorized by the Charter Contract, and is not a division or part of CSUSA. The parties to this Agreement intend that the relationship created by this Agreement is that of an independent contractor and does not create an employer employee relationship. Except as expressly provided in this Agreement, no agent or employee of CSUSA shall be deemed to be the agent or employee of the Charter School. CSUSA shall be solely responsible for its acts and the acts of its agents, employees and subcontractors. The relationship between CSUSA and the Charter School is based solely on the terms of this Agreement, and the terms of any other written agreements between CSUSA and the Charter School.

ARTICLE II
TERM

This Agreement shall be effective as of the date first written above and shall continue for an initial term consistent with the term of the Charter Contract unless terminated or cancelled earlier in accordance with this Agreement, or for good cause, as agreed by CSUSA and the Charter School. After the initial term, then the term of the Agreement shall be extended (i) to the extent CSUSA performs in accordance with the terms of this Agreement, (ii) in the event that the Charter Contract is extended or replaced, or (iii) in the event the Board approves the extension by express vote. The term of the extension of the Agreement shall correspond to the length of the Charter Contract unless this Agreement is otherwise terminated or cancelled earlier in accordance with this Agreement, or for good cause, as agreed by CSUSA and the Charter School. Nothing contained in this Agreement shall be construed to restrict or prevent the Charter School from entering into a Management Agreement with any other party for any school other than the Charter School that is the subject of this Agreement.

ARTICLE III
FUNCTIONS OF CSUSA

A. Responsibility. CSUSA shall be responsible and accountable to the Board for the operation and performance of the Charter School in accordance with the Charter Contract. CSUSA's responsibility is expressly limited by: (i) the Charter School's Annual Budget, which is to be submitted and approved by the Board as provided in this Agreement, and (ii) the availability of state funding to pay for said services. Neither CSUSA nor the Charter School shall be required to expend Charter School funds on services in excess of the amount set forth in the Charter School's Annual Budget. There is nothing in the Agreement which shall delegate the ultimate authority of the Charter School.

B. Educational Program. CSUSA agrees to implement the Educational Program. In the event CSUSA determines that it is necessary to modify the Educational Program, CSUSA shall inform the Board of the proposed changes and obtain Board approval, and if required under the Charter Contract, approval of the Sponsor. The parties hereto acknowledge that an essential principle of the Educational Program are their flexibility, adaptability and capacity to change in the interest of continuous improvement and efficiency, and that the Charter School and CSUSA are interested in results and not in inflexible prescriptions. Not less than annually, and otherwise as requested, CSUSA will provide the Board with updated reports on progress towards implementing each of the Charter School's educational goals in the Educational Program.

C. Specific Functions. CSUSA shall be responsible for the management, operation, accounting and Educational Program at the Charter School. Such functions include:

Perform repeated evaluation, assessment and continuous improvement of the educational curriculum and program development and report findings to the Charter School upon its request;

3. Management, selection, and application of technology services required to facilitate operation of the school;

4. Manage personnel functions, including professional development for the Charter School Administrator and instructional personnel and the personnel functions outlined in Article VI of this Agreement including drafting operations manuals, forms (including teacher offer letters, applications,

5. Management of the business administration of the Charter School;

6. Management of the accounting operation, including general ledger management and financial reporting including identifying and applying for non-competitive grants (competitive grants may include fees for application preparation and ongoing management for reporting and compliance), spending and administering any associated grant funding obtained in compliance with the specific terms and conditions of said grants and participating in any audits related thereto, and preparing the proposed annual budget for presentation to the Charter School for modification, amendment or approval; provided that any modifications or amendments shall be approved by express vote of the Charter School and be consistent with the staffing and educational models set forth in the Charter Contract; and,

7. Any other function necessary or expedient for the administration of the Charter School pursuant to the Charter Contract.

D. Purchases. Purchases made by CSUSA on behalf of the Charter School with the Charter School's funds, such as non-proprietary instructional and/or curriculum materials, books and supplies, and equipment will be the property of the Charter School. CSUSA shall own all proprietary rights to, and the Charter School's proprietary interest shall not include, curriculum or educational materials that are developed or copyrighted or similarly protected by CSUSA, including without limitation curriculum or educational materials that are developed by CSUSA with funds from the Charter School. CSUSA's educational materials and teaching techniques used by or at the Charter School shall be subject to disclosure to the extent required by law. This provision does not apply to any capital items leased or purchased by CSUSA with CSUSA's own funds.

E. Subcontracts. CSUSA shall not subcontract the management, oversight or operation of the teaching and instructional program, except as specifically permitted in this Agreement or with approval of the Board. CSUSA reserves the right to subcontract any and all aspects of all services it agrees to provide to the Charter School.

F. Place of performance. CSUSA reserves the right to perform functions other than instruction, such as purchasing, professional development, and administrative functions, off-site, unless prohibited by state or local law.

G. Ongoing Student Recruitment. CSUSA shall develop and manage ongoing recruitment of students subject to general recruitment and admission policies of the Charter School. Students shall be selected in accordance with the procedures set forth

in the charter Contract and in compliance with applicable laws. CSUSA shall present a plan to the Charter School to solicit and recruit enrolment of students by various means, which may include but shall not be limited to the following: paid and unpaid media advertisements in a newspaper of general circulation, mailings to parents/guardians of prospective students, word-of-mouth and presentations to interested groups and distribute information through advertisements.

H. Due Process Hearings. CSUSA shall, at the Board's direction, provide student due process hearings in conformity with the requirements of state and federal law regarding discipline, special education, confidentiality and access to records, to an extend consistent with the Charter School's own obligations, and if necessary retain counsel on behalf of the School. The Board shall retain the right to provide due process as required by law.

I. Legal Requirements. CSUSA shall provide Educational Programs that meet federal, state, and local requirements, and the requirements imposed under applicable laws and the Charter Contract, unless such requirements are or have been waived.

J. Rules and Procedures. CSUSA shall recommend reasonable rules, regulations and procedures applicable to the Charter School and is authorized and directed to enforce such rules, regulations and procedures adopted by the Charter School.

K. School Year and School Day. The school year and the school day shall be as required by law and as determined annually by the Board.

L. Pupil Performance Standards and Evaluation. CSUSA shall be responsible and accountable to the Board for the performance of students who attend the Charter School. CSUSA will utilize assessment strategies required by the terms of the Charter Contract. The Board and CSUSA will cooperate in good faith to identify measures of and goals for Charter School students and school performance, including but not limited to academic achievement and parent satisfaction. CSUSA shall perform its duties and responsibilities as set forth in this Agreement to the reasonable satisfaction of the Board.

M. Services to Disabled Students and Special Education. CSUSA shall provide special education services to students who attend the Charter School in conformity with the requirements of state and federal law. CSUSA may subcontract as necessary and appropriate for the provision of services to students whose special needs cannot be met within the Charter School's program, subject to approval of the Board. Such services shall be provided in a manner that complies with local, state and federal laws and applicable regulations and policies. Consistent herewith, the Board acknowledges the individualized nature of services that may need to be provided to disabled and special needs students and the impact that the provision of such individualized services may have on the Annual Budget. The Board and CSUSA mutually agree to adjust the Annual Budget as deemed necessary with respect to the provision of services to disabled and special needs students under this paragraph, as required by law.

In the event of a material breach, CSUSA shall have (60) days after receipt of written notice to remedy said breach.

B. Remedies. Upon the occurrence of an uncured Event of Default by either party, the non-breaching party shall be entitled to pursue all remedies available under law or equity, including without limitation, terminating this Agreement upon seven (7) days prior written notice. The Charter School further represents that it has a Charter Application which has been approved by the Sponsor to organize and operate a public charter school. The Charter School either has already or will enter into a charter contract with the Sponsor (the "Charter Contract"). The Charter School is therefore authorized by the Charter Application, Charter Contract and the Sponsor to supervise and control such charter school, and is invested with all powers necessary or desirable for carrying out the educational program contemplated in this Agreement.

B. Agreement. The Charter School hereby contracts with CSUSA, to the extent permitted by law, for the provision of all labor and supervision necessary for the provision of educational services to students, and the management, operation and maintenance of the Charter School in accordance with the educational goals, curriculum, methods of pupil assessment, admission policy and criteria, school calendar and school day

schedule, age and grade range of pupils to be enrolled, educational goals, and method to be used to monitor compliance with performance of targeted educational outcomes, all as adopted by the Charter School's Board of Directors (the "Board") and included in the Charter Contract between the Charter School and the Sponsor. CSUSA's obligations to the Charter School shall be only as expressly set forth in this Agreement. Duties required to be carried out for the operation of the Charter School which are not expressly set forth herein as being CSUSA's responsibility shall remain the Board's sole responsibility.

C. Designation of Agents. The Board designates the employees of CSUSA as agents of the Charter School having a legitimate educational interest such that they are entitled to access to educational records under 20 U.S.C. §1232g, the Family Rights and Privacy Act ("FERPA") and other applicable law. D. Status of the Parties. CSUSA is a Florida limited liability company, and is not a division or a part of the Charter School. The Charter School is a Florida non-profit corporation or a Limited Liability Corporation with 501(c) (3) IRS designation (pending) authorized by the Charter Contract, and is not a division or part of CSUSA. The parties to this Agreement intend that the relationship created by this Agreement is that of an independent contractor and does not create an employer employee relationship. Except as expressly provided in this Agreement, no agent or employee of CSUSA shall be deemed to be the agent or employee of the Charter School. CSUSA shall be solely responsible for its acts and the acts of its agents, employees and subcontractors. The relationship between CSUSA and the Charter School is based solely on the terms of this Agreement, and the terms of any other written agreements between CSUSA and the Charter School.

upon compliance with applicable DTC policies and procedures, that such book-entry only system is burdensome to the Board, the Series 2026A Certificates shall no longer be restricted to being registered in the registration books kept by the Trustee in the name of Cede & Co., as nominee of DTC, but may be registered in whatever name or names holders shall designate, in accordance with the provisions hereof. This letter of instructions is intended to set forth certain duties and requirements regarding the payment of rebatable arbitrage to the United States Treasury in compliance with Section 148(f) of the Internal Revenue Code of 1986, as amended (the "Code") to the extent necessary to preserve the tax-exempt treatment of interest on the above-referenced Certificates of Participation (the "Series 2026A Certificates"). The instructions contained in this letter are based upon said Section 148(f) of the Code and, by analogy, to the Regulations. However, it is not intended to be exhaustive.

The Series 2026A Certificates have been issued pursuant to a Master Trust Agreement, dated as of June 1, 1996, as amended and supplemented, including, in particular, as amended and supplemented by the Series 2026A Supplemental Trust Agreement, dated as of [MONTH] 1, 2026 (collectively, the "Trust Agreement"), among U.S. Bank Trust Company, National Association, as successor trustee (the "Trustee"), the Manatee School Board Leasing Corporation, a Florida not-for-profit corporation, as lessor (the "Corporation"), and The School Board of Manatee County, Florida, a school board of the State of Florida, as lessee (the "Board"). The Series 2026A Certificates represent undivided proportionate interests of Owners of the Series 2026A Certificates in the Basic Rent Payments to be made under a Master Lease-Purchase Agreement, dated as of

June 1, 1996, as amended and supplemented, in particular as amended and supplemented by Lease Schedule No. 2026A, dated as of **[**MONTH**]** 1, 2026 (collectively, the "Lease Agreement"), between the Corporation and the Board. Pursuant to an Assignment of Lease Agreement, dated as of June 1, 1996, as amended and supplemented by the Fifteenth Amendment to Assignment of Lease Agreement, dated as of **[**MONTH**]** 1, 2026, between the Corporation and the Trustee, the Corporation has assigned all of its rights, title and interest in and to the Lease Agreement (other than certain rights and obligations specifically excepted therein), including, without limitation, the right to receive the Basic Rent Payments, when due, to the Trustee for the benefit of the Owners of the Series 2026A Certificates.

Since the requirements of said Section 148(f) are subject to amplification and clarification, it may be necessary to supplement or modify the instructions contained in this letter from time to time to reflect any additional or different requirements of said Section and the Regulations or to specify that actions set forth in this letter are no longer required or that some further or different action is required to maintain or assure the exemption from federal income tax of the interest on the Series 2026A Certificates.

For purposes of this letter, any instructions relating to a fund, account or subaccount established under the Trust Agreement shall be deemed to apply only to that portion of such fund, account or subaccount allocable to the Series 2026A Certificates.

1. Tax Covenants. Pursuant to the Trust Agreement, the Corporation and the Board have made certain covenants designed to assure that the Interest Component of the Basic Rent Payments is and shall remain excludable from gross income for purposes of federal income taxation. In order to preserve this exemption neither the Corporation nor the Board should, directly or indirectly, use or permit the use of any proceeds of the Series 2026A Certificates or the Lease Payments or any other funds or take or omit to take any action that would cause the Series 2026A Certificates to be "arbitrage bonds" within the meaning of Section 148 of the Code or that would cause the Interest Component of the Basic Rent Payments to be subject to be included in gross income for federal income tax purposes under the provisions of the Code. The Board must comply with all other requirements as shall be determined by Special Counsel to be necessary or appropriate to assure that the Interest Component of the Basic Rent Payments will be excludable from gross income for purposes of federal income taxation. To that end, the Corporation and the Board shall comply with all requirements of Section 148 of the Code to the extent applicable to the Series 2026A Certificates.

2. Definitions. Capitalized terms used in this letter, but not otherwise defined herein, shall have the same meanings set forth in Exhibit A to the Trust Agreement and in the Board's Certificate as to Arbitrage and Certain Other Tax Matters relating to the Series 2026A Certificates.

"Certificate Year" means any one-year period (or shorter period from the Issue Date) ending on the close of business on the day preceding the anniversary of the Issue Date; provided, however, that the Board may select any other day as the end of a Certificate Year if such selection is made prior to the earlier of the final maturity date of the Series 2026A Certificates or the fifth anniversary of the Issue Date.

"Code" means the Internal Revenue Code of 1986, as amended.

"Computation Date" means each date selected by the Board as a computation date pursuant to Section 1.148-3(e) of the Regulations and the Final Computation Date.

"Fair Market Value" means, when applied to a Nonpurpose Investment, the Fair Market Value of such Investment as determined in accordance with Section 4 hereof.

"Final Computation Date" means the date the Series 2026A Certificates are discharged.

"Gross Proceeds" means, with respect to the Series 2026A Certificates:

(1) Amounts constituting Sale Proceeds of the Series 2026A Certificates (or the New Money Issue or the Refunding Issue).

(2) Amounts constituting Investment Proceeds of the Series 2026A Certificates (or the New Money Issue or the Refunding Issue).

(3) Amounts constituting Transferred Proceeds of the Series 2026A Certificates (or the New Money Issue or the Refunding Issue).

(4) Other amounts constituting Replacement Proceeds of the Series 2026A Certificates (or the New Money Issue or the Refunding Issue).

(5) Amounts that constitute Pledged Moneys (as defined below) and that are derived directly or indirectly from the Board (or a governmental unit of which the Board is a part) or any other person who substantially benefits from the issuance of the Series 2026A Certificates.

"Investment Proceeds" means any amounts actually or constructively received from investing proceeds of the Series 2026A Certificates.

"Investment Property" shall have the meaning as ascribed to such term in Section 148(b)(2) of the Code, which includes any security, obligation or other property held principally as a passive vehicle for the production of income, within the meaning of Section 1.148-1(e) of the Regulations.

"Issue Date" means **[**CLOSING DATE**]**, 2026.

"Net Proceeds" means Sale Proceeds, less the portion of such Proceeds invested in a reasonably required reserve or replacement fund under the Code.

"Nonpurpose Investment" means any Investment Property in which Gross Proceeds are invested which is not an investment that is acquired to carry out the governmental purpose of the Series 2026A Certificates, e.g., obligations acquired with Gross Proceeds that are invested temporarily until needed for the governmental purpose of the Series 2026A Certificates, that are used to discharge a prior issue, or that are invested in a reasonably required reserve or replacement fund, as referenced in Section 1.148(b) of the Regulations.

"Nonpurpose Payments" shall include the payments with respect to Nonpurpose Investments specified in Section 1.148-3(d)(1)(i)-(v) of the Regulations.

"Nonpurpose Receipts" shall include the receipts with respect to Nonpurpose Investments specified in Section 1.148-3(d)(2)(i)-(iii) of the Regulations.

"Pledged Moneys" means moneys that are reasonably expected to be used directly or indirectly to pay debt service on the Series 2026A Certificates (or to reimburse a municipal bond insurer) or as to which there is a reasonable assurance that such moneys or the earnings thereon will be available directly or indirectly to pay debt service on the Series 2026A Certificates (or to reimburse a municipal bond insurer) if the Board encounters financial difficulties.

"Pre-Issuance Accrued Interest" means amounts representing interest that has accrued on an obligation for a period of not greater than one year before its issue date but only if those amounts are paid within one year after the Issue Date.

"Proceeds" means any Sale Proceeds, Investment Proceeds and Transferred Proceeds of the Certificates.

"Qualified Administrative Costs" means reasonable, direct administrative costs, other than carrying costs, such as separately stated brokerage and selling commissions that are comparable to those charged nongovernmental entities in transactions not involving tax-exempt bond proceeds, but not legal and accounting fees, recordkeeping, custody or similar costs. In addition, with respect to a guaranteed investment contract or investments purchased for a yield restricted defeasance escrow, such costs will be considered reasonable if (1) the amount of the fee the Board treats as a Qualified Administrative Cost does not exceed the lesser of (a) $**[**50,000**]** (for calendar year 2026), and (b) 0.2% of the "computational base," or, if more, $**[**5,000**]**; and (2) the Board does not treat as Qualified Administrative Costs more than $**[**141,000**]** (for calendar year 2026) in brokers' commissions or similar fees with respect to all guaranteed investment contracts and investments for yield restricted defeasance escrows purchased with Gross Proceeds of the issue. For purposes of this definition only, "computational base" shall mean with respect

to guaranteed investment contracts, the amount of Gross Proceeds the Board reasonably expects, as of the date the contract is acquired, to be deposited in the guaranteed investment contract over the term of the contract and for investments other than guaranteed investment contract, "computational base" shall mean the amount of Gross proceeds initially invested in such investments. The above- described safe harbor dollar amounts shall be increased each calendar year for cost-of-living adjustments pursuant to Section 1.148-5(e) of the Regulations.

"Rebatable Arbitrage" means, as of any Computation Date, the excess of the future value of all Nonpurpose Receipts over the future value of all Nonpurpose Payments.

"Rebate Fund" means the Rebate Fund established pursuant to the Trust Agreement and described in Section 3 hereof.

"Regulations" means Treasury Regulations Sections 1.148-0 through 1.148-11, 1.149(b)-1 and (d)-1, and 1.150-0 through 1.150-2, as amended, and any regulations amendatory, supplementary or additional thereto.

"Replacement Proceeds" means amounts that have a sufficiently direct nexus to the Series 2026A Certificates or to the governmental purpose of the Series 2026A Certificates to conclude that the amounts would have been used for that governmental purpose if the Proceeds of the Series 2026A Certificates were not used or to be used for that governmental purpose. For this purpose, governmental purposes include the expected use of amounts for the payment of debt service on a particular date. The mere availability or preliminary earmarking of amounts for a governmental purpose, however, does not in itself establish a sufficient nexus to cause those amounts to be Replacement Proceeds. Replacement Proceeds include, but are not limited to, amounts held in a sinking fund or a pledged fund. For these purposes, an amount is pledged to pay principal of or interest on the Series 2026A Certificates if there is reasonable assurance that the amount will be available for such purposes in the event that the issuer encounters financial difficulties.

"Sale Proceeds" means any amounts actually or constructively received by the Board from the sale of the Series 2026A Certificates, including amounts used to pay underwriters' discount or compensation and interest other than Pre-Issuance Accrued Interest. Sale Proceeds shall also include, but are not limited to, amounts derived from the sale of a right that is associated with a Series 2026A Certificate and that is described in Section 1.148-4(b)(4) of the Regulations.

"Special Counsel" means Nabors, Giblin & Nickerson, P.A., Tampa, Florida or such other firm of nationally recognized bond counsel as may be selected by the Board.

"Tax-Exempt Investment" means (i) an obligation the interest on which is excluded from gross income pursuant to Section 103 of the Code, (ii) United States Treasury-State and Local Government Series, Demand Deposit Securities, and (iii) stock

in a tax-exempt mutual fund as described in Section 1.150-1(b) of the Regulations. Tax-Exempt Investment shall not include a specified private activity bond as defined in Section 57(a)(5)(C) of the Code. For purposes of these Rebate Instructions, a tax-exempt mutual fund includes any regulated investment company within the meaning of Section 851(a) of the Code meeting the requirements of Section 852(a) of the Code for the applicable taxable year; having only one class of stock authorized and outstanding; investing all of its assets in tax-exempt obligations to the extent practicable; and having at least 98 percent of (1) its gross income derived from interest on, or gain from the sale of or other disposition of, tax-exempt obligations or (2) the weighted average value of its assets represented by investments in tax-exempt obligations.

"Transferred Proceeds" shall have the meaning provided therefor in Section 1.148-9 of the Regulations.

"Universal Cap" means the value of all then outstanding Series 2026A Certificates.

"Value" (of a Series 2026A Certificate) means with respect to a Series 2026A Certificate issued with not more than two percent original issue discount or original issue premium, the outstanding principal amount, plus accrued unpaid interest; for any other Series 2026A Certificate, its present value.

"Value" (of an Investment) shall have the following meaning in the following circumstances:

(1) General Rules. Subject to the special rules in the following paragraph, an issuer may determine the value of an investment on a date using one of the following valuation methods consistently applied for all purposes relating to arbitrage and rebate with respect to that investment on that date:

(a) an investment with not more than two percent original issue discount or original issue premium may be valued at its outstanding stated principal amount, plus accrued unpaid interest on such date;

(b) a fixed rate investment may be valued at its present value on such date; and

(c) an investment may be valued at its Fair Market Value on such date.

(2) Special Rules. Yield restricted investments are to be valued at present value provided that (except for purposes of allocating Transferred Proceeds to an issue, for purposes of the Universal Cap and for investments in a commingled fund other than a bona fide debt service fund unless it is a certain commingled fund):

(a) an investment must be valued at its Fair Market Value when it is first allocated to an issue, when it is disposed of and when it is deemed acquired or deemed disposed of, and provided further that;

(b) in the case of Transferred Proceeds, the Value of a Nonpurpose Investment that is allocated to Transferred Proceeds of a refunding issue on a transfer date may not exceed the Value of that investment on the transfer date used for purposes of applying the arbitrage restrictions to the refunded issue.

"Yield" means, generally, the discount rate which, when used in computing the present value of all the unconditionally payable payments of principal and interest on an obligation and all the payments for qualified guarantees paid and to be paid with respect to such obligation, produces an amount equal to the present value of the issue price of such obligation. Present value is computed as of the date of issue of the obligation. There are, however, many additional specific rules contained in the Regulations which apply to the calculation and recalculation of yield for particular obligations and such rules should be consulted prior to calculating the yield for the Series 2026A Certificates on any Computation Date. Yield shall be calculated on a 360-day year basis with interest compounded semi-annually. For this purpose, the purchase price of a Nonpurpose Investment or Tax-Exempt Investment is its Fair Market Value, as determined pursuant to Section 4 of this letter, as of the date that it becomes allocated to Gross Proceeds of the Series 2026A Certificates.

3. Payment of Rebatable Arbitrage. (a) In order to maintain the exemption from federal income tax of the Interest Component of the Basic Rent Payments, the Trustee, upon the written direction of the Board in accordance with Section 6.12 of the Trust Agreement, shall pay the Rebatable Arbitrage to the United States Government at the times and in the amounts determined herein from amounts on deposit in the Rebate Fund. For purposes of determining the Rebatable Arbitrage, the Board should cause the calculations to be made by competent tax counsel or other financial or accounting advisors or persons to ensure correct application of the rules contained in the Code and the Regulations relating to arbitrage rebate and, if the Board fails to retain such advisors for such purpose, the Trustee should retain such advisors for such purpose, but only at the expense of the Board.

(b) Within 30 days after any Computation Date, the Board must calculate or cause to be calculated the Rebatable Arbitrage or any penalty due pursuant to Section 3(d) below. The Board agrees to pay the Trustee the amount of the Rebatable Arbitrage for deposit to the Rebate Fund before the same must be remitted by the Trustee. Upon receipt of such Rebatable Arbitrage from the Board, but in no event later than 60 days following the Computation Date, the Trustee must remit (but only from amounts received from the Board) an amount which when added to the future value of previous rebate payments is not less than 90 percent (100 percent with respect to the Computation Date on the final repayment or retirement of the Series 2026A Certificates plus the income, if any, from the

investment of the Rebatable Arbitrage due to the United States Government after the final Computation Date) of the Rebatable Arbitrage.

Each payment must be accompanied by Internal Revenue Service Form 8038-T.

(c) The obligation to pay Rebatable Arbitrage to the United States, as described in this letter, shall be treated as satisfied with respect to the Series 2026A Certificates if (i) Gross Proceeds are expended for the governmental purpose of the Series 2026A Certificates by no later than the date which is six months after the Issue Date and if it is not anticipated that any other Gross Proceeds will arise during the remainder of the term of the Series 2026A Certificates and (ii) the requirement to pay Rebatable Arbitrage, if any, to the United States with respect to the portion of the Reserve Account allocable to the Series 2026A Certificates, if any, is met. For purposes described above, Gross Proceeds do not include (i) amounts deposited in a bona fide debt service fund, so long as the funds therein constitute bona fide debt service funds, or a reasonably required reserve or replacement fund (as defined in Section 1.148-1 of the Regulations and meeting the requirements of Section 1.148-2(f) of the Regulations), (ii) amounts that, as of the Issue Date, are not reasonably expected to be Gross Proceeds but that become Gross Proceeds after the date which is six months after the Issue Date, (iii) amounts representing Sale or Investment Proceeds derived from any Purpose Investment (as defined in Section 1.148-1 of the Regulations) and earnings on those payments, and (iv) amounts representing any repayments of grants (as defined in Section 1.148-6(d)(4) of the Regulations). If Gross Proceeds are in fact expended by such date, then, except as to amounts, if any, on deposit in the Reserve Account, Rebatable Arbitrage with respect to such Gross Proceeds need not be calculated and no payment thereof to the United States Department of Treasury need be made. Use of Gross Proceeds to redeem Series 2026A Certificates shall not be treated as an expenditure of such Gross Proceeds.

Notwithstanding the foregoing, if Gross Proceeds which were reasonably expected to be Gross Proceeds on the Issue Date actually become available after the date which is six months after the Issue Date, as determined by the Board, then the requirements described herein relating to the calculation of Rebatable Arbitrage and the payment thereof to the United States must be satisfied, except that no such calculation or payment need be made with respect to the initial six-month period. Any other amounts not described in this Section which constitute Gross Proceeds, other than a bona fide debt service fund, will be subject to rebate.

(d) As an alternative to Section 3(c) above, the obligation of the Board to pay Rebatable Arbitrage to the United States, as described herein, shall be treated as satisfied with respect to the New Money Issue if the Gross Proceeds are expended for the governmental purposes of the issue within the periods set forth below:

(i) at least 15% of such Gross Proceeds of the New Money Issue are spent within the six-month period beginning on the Issue Date;

(ii) at least 60% of such Gross Proceeds of the New Money Issue are spent within the 1-year period beginning on the Issue Date; and

(iii) at least 100% of such Gross Proceeds of the New Money Issue are spent within the 18-month period beginning on the Issue Date.

As set forth in Section 1.148-7(d)(2) of the Regulations, for purposes of the expenditure requirements set forth in this paragraph (d), 100% of the Gross Proceeds of the New Money Issue shall be treated as expended for the governmental purposes of the issue within the 18-month period beginning on the Issue Date if such requirement is met within the 30-month period beginning on the Issue Date and such requirement would have been met within such 18-month period but for a reasonable retainage (not exceeding 5% of the Net Proceeds of the New Money Issue). If Gross Proceeds are in fact expended by such dates, then Rebatable Arbitrage need not be calculated and no payment thereof to the United States Department of Treasury need be made. Any failure to satisfy the final spending requirement shall be disregarded if the Board exercises due diligence to complete the project financed by the New Money Issue and the amount of the failure does not exceed the lesser of (i) 3% of the issue price of the New Money Issue or (ii) $250,000. Use of Gross Proceeds to redeem the New Money Issue shall not be treated as an expenditure of such Gross Proceeds. For purposes of this paragraph (d), "Gross Proceeds" shall be modified as described in paragraph (c) above.

(e) As an alternative to subsection (d) above, the obligation to pay Rebatable Arbitrage to the United States, as described in this letter, is treated as satisfied with respect to the New Money Issue if the "Available Construction Proceeds" (as defined in Section 148(f)(4)(C)(vi) of the Code) are expended for the governmental purposes of the issue within the periods set forth below:

(i) at least 10% of such Available Construction Proceeds are spent within the six-month period beginning on the Issue Date;

(ii) at least 45% of such Available Construction Proceeds are spent within the 1-year period beginning on the Issue Date;

(iii) at least 75% of such Available Construction Proceeds are spent within the eighteen-month period beginning on the Issue Date; and

(iv) at least 100% of such Available Construction Proceeds are spent within the 2-year period beginning on the Issue Date.

For purposes of this Section 3(e), the term Available Construction Proceeds means the Net Proceeds of the New Money Issue, increased by earnings on the Net Proceeds, earnings on amounts in the Reserve Account to the extent that such amounts were not funded from proceeds of the New Money Issue, and earnings on all of the foregoing

earnings, and reduced by the amount, if any, of the Net Proceeds deposited to the Reserve Account and amounts used to pay issuance costs (including bond insurance premium).

As set forth in Section 148(f)(4)(C)(iii) of the Code, for purposes of the expenditure requirements set forth in this paragraph (e), 100% of the Available Construction Proceeds of the Series 2026A Certificates is treated as expended for the governmental purposes of the issue within the 2-year period beginning on the Issue Date if such requirement is met within the 3-year period beginning on the Issue Date and such requirement would have been met within such 2-year period but for a reasonable retainage (not exceeding 5% of the Available Construction Proceeds of the New Money Issue). Any failure to satisfy the final spending requirement shall be disregarded if the Board exercises due diligence to complete the project financed by the New Money Issue and the amount of the failure does not exceed the lesser of (i) 3% of the issue price of the New Money Issue or (ii) $250,000.

For purposes of Section 148(f)(4)(C)(vii) of the Code, in the event the Board fails to meet the expenditure requirements referred to above, the Board does not elect to pay, in lieu of the Rebatable Arbitrage otherwise required to be paid with respect to such Gross Proceeds, a penalty with respect to the close of each 6-month period after the Issue Date equal to 1.5% of the amount of the Available Construction Proceeds of the New Money Issue which, as of the close of such period, are not spent as required by the expenditure provisions set forth above. The penalty referred to above shall cease to apply only after the New Money Issue (including any refunding obligations issued with respect thereto) are no longer outstanding. The Board makes no election with respect to the above-described penalty.

In order to qualify for the exemption from the obligation to pay Rebatable Arbitrage to the United States pursuant to this paragraph (e), at least 75% of the Available Construction Proceeds of the New Money Issue must be used for construction expenditures with respect to property which is owned by a governmental unit or an organization described in Section 501(c)(3) of the Code (subject in all respects to the provisions of Section 142(b)(1)(B) of the Code). The term "construction" includes reconstruction and rehabilitation of existing property. If only a portion of an issue is to be used for construction expenditures, such portion and such other portion of such issue may, at the election of the Board, be treated as a separate issue for purposes of this subsection (e) (although the remaining portion may not be entitled to the benefits of paragraph 3(d) hereof.

(f) The Board and the Trustee should keep or cause to be kept proper books of records and accounts containing complete and correct entries of all transactions relating to the receipt, investment, disbursement, allocation and application of the moneys related to the Series 2026A Certificates, including moneys derived from, pledged to, or to be used to make payments on the Series 2026A Certificates. Such records shall, at a minimum, be sufficient to enable the Board to calculate the Rebatable Arbitrage and, if necessary, shall specify the account or fund to which each investment (or portion thereof) is to be allocated and shall set forth, in the case of each investment security, (i) its purchase price, (ii)

identifying information, including par amount, coupon rate, and payment dates, (iii) the amount received at maturity or its sale price, as the case may be, including accrued interest, (iv) the amounts and dates of any payments made with respect thereto, and (v) the dates of acquisition and disposition or maturity.

4. Market Price Rules. Except as provided below, the Board agrees to comply with the requirements relating to the "Fair Market Value" of acquired Nonpurpose Investments, as defined in Section 1.148-5(d) of the Regulations ("Fair Market Value"). All investments required to be made pursuant to this letter shall be made to the extent permitted by law. In this regard, the Board agrees, among other things, that it will not acquire or cause to be acquired a Nonpurpose Investment (or any other investment acquired with Gross Proceeds or on deposit in the Rebate Fund), for a price in excess of its Fair Market Value or sell any such investment at a price (determined without any reduction for transaction costs) less than its Fair Market Value, except as provided below. For this purpose, the following rules shall apply:

(a) Established securities markets. Except as otherwise provided below, any market especially established to provide a security or obligation to an issuer of municipal obligations shall not be treated as an established market and shall be rebuttably presumed to be acquired or disposed of for a price that is not its Fair Market Value.

(b) Arm's-length price. Any transaction in which a Nonpurpose Investment is directly purchased with Gross Proceeds, or in which a Nonpurpose Investment allocable to Gross Proceeds is disposed of, shall be undertaken in a bona fide arm's-length manner, and no amount shall be paid to reduce the yield on the Nonpurpose Investment.

(c) Safe harbor for establishing Fair Market Value for guaranteed investment contracts and Nonpurpose Investments purchased for a yield restricted defeasance escrow. In the case of a guaranteed investment contract or Nonpurpose Investments purchased for a yield restricted defeasance escrow, the purchase price shall not be considered to be an arm's-length price unless all the following conditions are met:

(i) The Board makes a bona fide solicitation ("Bona Fide Solicitation") for the purchase of the investment that satisfies all of the following requirements:

(1) The bid specifications are in writing and are timely forwarded to potential providers;

(2) The bid specifications include all terms of the bid that may directly or indirectly affect the yield or the cost of the investment;

(3) The bid specifications include a statement notifying potential providers that submission of a bid is a representation that the potential provider did not consult with any other potential provider about its bid, that

the bid was determined without regard to any other formal or informal agreement that the potential provider has with the Board or any other person (whether or not in connection with the bond issue), and that the bid is not being submitted solely as a courtesy to the Board or any other person for purposes of satisfying these requirements;

(4) The terms of the bid specifications are such that there is a legitimate business purpose for each term other than to increase the purchase price or reduce the yield of the investment (e.g., for solicitations of Nonpurpose Investments for a yield restricted defeasance escrow, the hold firm period must be no longer than the Board reasonably requires);

(5) For purchases of guaranteed investment contracts only, the terms of the solicitation take into account the Board's reasonably expected deposit and draw down schedule for the amounts to be invested;

(6) All potential providers have an equal opportunity to bid (e.g., no potential provider is given the opportunity to review other bids before providing a bid); and

(7) At least three providers are solicited for bids that have an established industry reputation as a competitive provider of the type of investments being purchased.

(ii) The bids received by the Board must meet all of the following requirements:

(1) The Board receives at least three bids from providers that the Board solicited under a Bona Fide Solicitation and that do not have a material financial interest in the issue. A lead underwriter in a negotiated underwriting transaction is deemed to have a material financial interest in the issue until 15 days after the issue date of the issue. In addition, any entity acting as a financial advisor with respect to the purchase of the investment at the time the bid specifications are forwarded to potential providers has a material financial interest in the issue. A provider that is a related party to a provider that has a material financial interest in the issue is deemed to have a material financial interest in the issue.

(2) At least one of the three bids described in paragraph (c)(ii)(1) above is from a provider that has an established industry reputation as a competitive provider of the type of investments being purchased; and

(3) If the Board uses an agent to conduct the bidding process, the agent did not bid to provide the investment.

(iii) The winning bid must meet the following requirements:

(1) *Guaranteed investment contracts*. If the investment is a guaranteed investment contract, the winning bid is the highest yielding bona fide bid (determined net of any broker's fees).

(2) *Other Nonpurpose Investments*. If the investment is not a guaranteed investment contract, the following requirements are met:

(A) The winning bid is the lowest cost bona fide bid (including any broker's fees). The lowest bid is either the lowest cost bid for the portfolio or, if the Board compares the bids on an investment-by-investment basis, the aggregate cost of a portfolio comprised of the lowest cost bid for each investment. Any payment received by the Board from a provider at the time a guaranteed investment contract is purchased (e.g., an escrow float contract) for a yield restricted defeasance escrow under a bidding procedure meeting these requirements is taken into account in determining the lowest cost bid.

(B) The lowest cost bona fide bid (including any broker's fees) is not greater than the cost of the most efficient portfolio comprised exclusively of State and Local Government Series Securities from the United States Department of the Treasury, Bureau of Public Debt. The cost of the most efficient portfolio of State and Local Government Series Securities is to be determined at the time that bids are required to be submitted pursuant to the terms of the bid specifications. If such State and Local Government Series Securities are not available for purchase on the day that bids are required to be submitted because sales of those securities have been suspended, the cost comparison described in this paragraph is not required.

(iv) The provider of the investments or the obligor on the guaranteed investment contract certifies the administrative costs that it pays (or expects to pay) to Third parties in connection with supplying the investment.

(d) The Board shall retain certificates and records documenting compliance with the above requirements until three years after the last outstanding Series 2026A Certificate is redeemed including, but not limited to, the following:

(i) For purchases of guaranteed investment contracts, a copy of the contract, and for purchases of Nonpurpose Investments other than guaranteed investment contracts, the purchase agreement or confirmation;

(ii) The receipt or other record of the amount actually paid by the Board for the investments, including a record of any administrative costs paid by the Board and the certification required in paragraph (c)(iv) above;

(iii) For each bid that is submitted, the name of the person and entity submitting the bid, the time and date of the bid, and the bid results;

(iv) The bid solicitation form and, if the terms of the purchase agreement or the guaranteed investment contract deviated from the bid solicitation form or a submitted bid is modified, a brief statement explaining the deviation and stating the purpose for the deviation; and

(v) For purchase of Nonpurpose Investments other than guaranteed investment contracts, the cost of the most efficient portfolio of State and Local Government Series Securities, determined at the time that the bids were required to be submitted.

Certificates in substantially the forms of subparagraphs (iv) and (v) above must be obtained to evidence the foregoing.

5. Records. The Board and the Trustee should retain all records with respect to the calculations required by this letter for at least six years after the date on which the last of the principal of and interest on the Series 2026A Certificates has been paid, whether upon maturity, redemption, defeasance or acceleration thereof.

6. Modification Upon Receipt of Special Counsel Opinion. Notwithstanding any provision of this letter, if the Board and the Trustee shall receive an opinion of Special Counsel that any specified instructions set forth in this letter are no longer required or that some further or different action is required to maintain or assure the exclusion from federal gross income of the Interest Component of the Basic Rent Payments, the Board and the Trustee may conclusively rely on such opinion in complying with the requirements of this letter and the instructions contained in this letter shall be deemed to be modified to that extent. The provisions of this and the instructions contained in this letter may be amended or modified in any manner which is necessary to comply with such regulations as may be promulgated by the United States Treasury Department from time to time.

7. Accounting for Gross Proceeds. In order to perform the calculations required by the Code and the Regulations, it is necessary to track the investment and expenditure of all Gross Proceeds. To that end, the Board must adopt reasonable and consistently applied methods of accounting for all Gross Proceeds. Appendix I hereto sets forth a description of the required allocation and accounting rules with which the Board agrees to comply.

8. Administrative Costs of Investments. Except as otherwise provided in this Section 8, an allocation of Gross Proceeds to a payment or receipt on a Nonpurpose Investment is not adjusted to take into account any costs or expenses paid, directly or indirectly, to purchase, carry, sell or retire the Nonpurpose Investment (administrative costs). Thus, administrative costs generally do not increase the payments for, or reduce the receipts from, Nonpurpose Investments.

In determining payments and receipts on Nonpurpose Investments, Qualified Administrative Costs are taken into account by increasing payments for, or reducing the receipts from, the Nonpurpose Investments. Qualified Administrative Costs are reasonable, direct administrative costs, other than carrying costs, such as separately stated brokerage or selling commissions, but not legal and accounting fees, recordkeeping, custody and similar costs. General overhead costs and similar indirect costs of the Board such as employee salaries and office expenses and costs associated with computing Rebatable Arbitrage are not Qualified Administrative Costs.

Allocation and accounting rules are provided in Appendix I attached hereto.

9. Board Obligations. Except for any Rebatable Arbitrage which accrues prior to the date of termination of the Lease, the Board shall have no further obligations hereunder subsequent to the termination of the Lease Agreement.

[Signature page to follow]

10. Trustee Obligations. Except for matters set forth in Sections 3(a), (b) and (f) hereof and Section 6.12 of the Trust Agreement, the parties hereto agree that the Trustee shall have no further obligations hereunder or under the Trust Agreement relating to the matters set forth in this letter.

APPENDIX I

ALLOCATION AND ACCOUNTING RULES

(a) General Rule. Any issuer may use any reasonable, consistently applied accounting method to account for Gross Proceeds, investments and expenditures of an issue. An accounting method is "consistently applied" if it is applied uniformly within a Fiscal Period (as hereinafter defined) and between Fiscal Periods to account for Gross Proceeds of an issue and any amounts that are in a commingled fund.

(b) Allocation of Gross Proceeds to an Issue. Amounts are allocable to only one issue at a time as Gross Proceeds. Amounts cease to be allocated to an issue as Proceeds only when those amounts (i) are allocated to an expenditure for a governmental purpose; (ii) are allocated to Transferred Proceeds of another issue of obligations; or (iii) cease to be allocated to that issue at retirement of the issue or under the Universal Cap.

(c) Allocation of Gross Proceeds to Investments. Upon the purchase or sale of a Nonpurpose Investment, Gross Proceeds of an issue are not allocated to a payment for that Nonpurpose Investment in an amount greater than, or to a receipt from that Nonpurpose Investment in an amount less than, the Fair Market Value of the Nonpurpose Investment as of the purchase or sale date. The Fair Market Value of a Nonpurpose Investment is adjusted to take into account Qualified Administrative Costs allocable to the investment. Thus, Qualified Administrative Costs increase the payments for, or decrease the receipts from, a Nonpurpose Investment.

(d) Allocation of Gross Proceeds to Expenditures. Reasonable accounting methods for allocating funds from different sources to expenditures for the same governmental purpose include a "specific tracing" method, a "gross-proceeds-spent-first" method, a "first-in-first-out" method or a ratable allocation method, so long as the method used is consistently applied. An allocation of Gross Proceeds of an issue to an expenditure must involve a current outlay of cash for a governmental purpose of the issue. A current outlay of cash means an outlay reasonably expected to occur not later than five banking days after the date as of which the allocation of Gross Proceeds to the expenditure is made.

(e) Commingled Funds. Any fund or account that contains both Gross Proceeds of an issue and amounts in excess of $25,000 that are not Gross Proceeds of that issue if the amounts in the fund or account are invested and accounted for collectively, without regard to the source of the funds deposited therein, constitutes a "commingled fund." All payments and receipts (including deemed payments and receipts) on investments held by a commingled fund must be allocated (but not necessarily distributed) among each different source of funds invested in the commingled fund in accordance with a consistently applied, reasonable ratable allocation method. Reasonable ratable allocation methods include, without limitation, methods that allocate payments and receipts in proportion to either (i) the average daily balances of the amounts in the commingled fund from each different source of funds during any consistent time period within its fiscal year, but at least quarterly

(the "Fiscal Period"); or (ii) the average of the beginning and ending balances of the amounts in the commingled fund from each different source of funds for a Fiscal Period that does not exceed one month.

Funds invested in the commingled fund may be allocated directly to expenditures for governmental purposes pursuant to a reasonable consistently applied accounting method. If a ratable allocation method is used to allocate expenditures from the commingled fund, the same ratable allocation method must be used to allocate payments and receipts on investments in the commingled fund.

Generally, a commingled fund must treat all its investments as if sold at Fair Market Value either on the last day of the fiscal year or on the last day of each Fiscal Period. The net gains or losses from these deemed sales of investments must be allocated to each different source of funds invested in the commingled fund during the period since the last allocation. This mark-to-market requirement does not apply if (i) the remaining weighted average maturity of all investments held by a commingled fund during a particular fiscal year does not exceed 18 months, and the investments held by the commingled fund during that fiscal year consist exclusively of obligations; or (ii) the commingled fund operated exclusively as a reserve fund, sinking fund or replacement fund for two or more issues of the same issuer. Subject to the Universal Cap limitation, and the principle that amounts are allocable to only one issue at a time as Gross Proceeds, investments held by a commingled fund must be allocated ratably among the issues served by the commingled fund in proportion to either (i) the relative values of the bonds of those issues; (ii) the relative amounts of the remaining maximum annual debt service requirements on the outstanding principal amounts of those issues; or (iii) the relative original stated principal amounts of the outstanding issues.

(f) Universal Cap. Amounts that would otherwise be Gross Proceeds allocable to an issue are allocated (and remain allocated) to the issue only to the extent that the Value of the Nonpurpose Investments allocable to those Gross Proceeds does not exceed the Value of all outstanding bonds of the issue. Nonpurpose Investments allocated to Gross Proceeds in a bona fide debt service fund for an issue are not taken into account in determining the Value of the Nonpurpose Investments, and those Nonpurpose Investments remain allocated to the issue. To the extent that the Value of the Nonpurpose Investments allocable to the Gross Proceeds of an issue exceed the Value of all outstanding bonds of that issue, an issuer should seek the advice of Bond Counsel for the procedures necessary to comply with the Universal Cap.

(g) Expenditure for Working Capital Purposes. Subject to certain exceptions, the Proceeds of an issue may only be allocated to "working capital expenditures" as of any date to the extent that those expenditures exceed "available amounts" as of that date (i.e., "proceeds-spent-last").

For purposes of this section, "working capital expenditures" include all expenditures other than "capital expenditures." "Capital expenditures" are costs of a type properly chargeable (or chargeable upon proper election) to a capital account under general federal income tax principles. Such costs include, for example, costs incurred to acquire, construct or improve land, buildings and equipment having a reasonably expected useful life in excess of one year. Thus, working capital expenditures include, among other things, expenditures for current operating expenses and debt service.

For purposes of this section, "available amount" means any amount that is available to an issuer for working capital expenditure purposes of the type financed by the issue. Available amount excludes Proceeds of the issue but includes cash, investments and other amounts held in accounts or otherwise by an issuer for working capital expenditures of the type being financed by the issue without legislative or judicial action and without a legislative, judicial or contractual requirement that those amounts be reimbursed. Notwithstanding the preceding sentence, a "reasonable working capital reserve" is treated as unavailable. A working capital reserve is reasonable if it does not exceed five percent of the actual working capital expenditures of an issuer in the fiscal year before the year in which the determination of available amounts is made. For purpose of the preceding sentence only, in determining the working capital expenditures of an issuer for a prior fiscal year, any expenditures (whether capital or working capital expenditures) that are paid out of current revenues may be treated as working capital expenditures.

The proceeds-spent-last requirement does not apply to expenditures to pay (i) any Qualified Administrative Costs; (ii) fees for qualified guarantees of the issue or payments for a qualified hedge for the issue; (iii) interest on the issue for a period commencing on the Issue Date and ending on the date that is the later of three years from the Issue Date or one year after the date on which the financed project is placed in service; (iv) the United States for yield reduction payments (including rebate payments) or penalties for the failure to meet the spend down requirements associated with certain spending exceptions to the rebate requirement; (v) costs, other than those described in (i) through (iv) above, that do not exceed five percent of the Sale Proceeds of an issue and that are directly related to capital expenditures financed by the issue (e.g., initial operating expenses for a new capital project); (vi) principal or interest on an issue paid from unexpected excess sale or Investment Proceeds; (vii) principal or interest on an issue paid from investment earnings on a reserve or replacement fund that are deposited in a bona fide debt service fund; and (viii) principal, interest or redemption premium on a prior issue and, for a crossover refunding issue, interest on that issue. Notwithstanding the preceding paragraph, the exceptions described above do not apply if the allocation merely substitutes Gross Proceeds for other amounts that would have been used to make those expenditures in a manner that gives rise to Replacement Proceeds.

WHEREAS, the Corporation desires to acquire from the Board, pursuant to this Ground Lease, and the Board is willing to grant to the Corporation, the right to utilize the Servient Property to the extent reasonably necessary for Access and for the Services and the Corporation and the Board desire to provide for the structural attachment of certain of the components of the Series 2026A Project to the Servient Buildings;

NOW, THEREFORE, in consideration of the mutual agreements and covenants herein contained and for other valuable consideration, the parties hereto agree as follows;

SECTION 1. LEASED PREMISES. (a) Pursuant to the terms and provisions hereof, the Board hereby leases, grants, demises and transfers the Premises to the Corporation. The Board hereby agrees to make all parcels of real property on which the Series 2026A Project is sited part of the Premises and subject to this Ground Lease. The Board shall execute, deliver and record one or more supplements to the Ground Lease upon acquisition of each such parcel.

(b) The aforesaid leasing, granting, demising and transfer of the Premises also includes the following rights ("Premises Rights") which such Premises Rights shall be deemed to be a part of the premises:

(i) The right to utilize the Servient Property for Access and for the Services reasonably necessary to the full use and enjoyment of the Premises; provided that the locations on the Servient Property utilized for such purposes shall be reasonably agreed upon by the Corporation and the Board; and provided, further, that the Servient Property Rights shall include, but not necessarily be limited to, the right to utilize for such purposes any portion of the Servient Property (e.g., the Servient Property Rights shall include, but not necessarily be limited to, the right to utilize for appropriate purposes, any drives, parking areas, drainage facilities or sewer, water, gas, electric or telephone lines from time to time located upon the Servient Property, together with the right to "tie-in" or "connect" thereto). If the Lease Agreement terminates prior to the termination of this Ground Lease, the Corporation and the Board shall each have the right to install such meters or submeters as may be reasonably appropriate to the end that the Corporation is charged for consumption of such utilities on the Premises.

(ii) The Servient Buildings and the Series 2026A Project may contain certain elements, features or parts which are structural elements of both the Servient Buildings and the Series 2026A Project (hereinafter referred to as "Common Structural Elements"). Such Common Structural Elements include, but are not necessarily limited to the following:

(A) All utility lines, ducts, conduits, pipes and other utility fixtures and appurtenances which are located on or within either the Premises or the Series 2026A Project on the one hand or the Servient Property or Servient

Buildings on the other hand and which, directly or indirectly, in any way, service the other.

(B) All division walls (hereinafter referred to as "Party Walls") between the Series 2026A Project and the Servient Buildings upon the common line between the Premises and the Servient Property (hereinafter referred to as the "Lot Line") provided that the mere fact that such a division wall is found not to be on the Lot Line shall not preclude that division wall from being the Party Wall.

(C) The roof and all roof support structures and any and all appurtenances to such roof and roof support structures including, without limitation, the roof covering, roof trim and roof drainage fixtures (collectively, the "Roofing") to the extent interrelated between the Series 2026A Project and the Servient Buildings. Should the Roofing of any building constituting a portion of the Project extend beyond the Lot Line, the right therefor is hereby granted and should the Roofing of the Servient Building extend beyond the Lot Line onto the premises, the right therefor is hereby reserved.

Should the Flooring of the Series 2026A Project extend beyond the Lot Line onto the Premises, the right therefor is hereby reserved.

(iii) The Premises Rights further include that right of the Series 2026A Project to encroach upon the Servient Property as a result of minor inaccuracies in survey, construction or reconstruction or due to settlement or movement. The encroaching Series 2026A Project shall remain undisturbed for as long as same exists and, for so long as such encroachment exists, that portion of the Servient Property on which same exists shall be deemed to be a part of the Premises. In addition, the Premises Rights include the right to utilize that portion of the Servient Property as may be reasonably necessary in order to maintain and repair the Series 2026A Project. The Premises Rights further include cross rights of support and use over, upon, across, under, through and into Common Structural Elements in favor of the Corporation (and like rights are hereby reserved unto the Board) for the continued use, benefit and enjoyment and continued support, service, maintenance and repair of all such Common Structural Elements.

to or approvals of this Ground Lease required by law or any agreements or indentures binding upon the Board have been obtained; (iii) the Board has the right to lease the Premises to the Corporation pursuant to the terms and provisions hereof and to grant to the Board the Premises Rights; and (iv) this Ground Lease complies with all the requirements and restrictions of record applicable to the Premises and the Servient Property. The Board represents and warrants that none of the Permitted Encumbrances has an adverse effect on the use of the Premises or the enjoyment of the leasehold estate therein created under this Ground Lease.

SECTION 2. TERM. The initial term of this Ground Lease (the "Initial Ground Lease Term") shall be for the period commencing on the Commencement Date, and ending on the earlier of (a) the date on which the Series 2026A Certificates and any Completion Certificates and/or Refunding Certificates related to the Series 2026A Project, have been paid or provision for payment of such Certificates has been made pursuant to Section 12.01 of the Trust Agreement **[**and any amounts payable to the Credit Enhancer for the Series 2026A Certificates**]** and any Supplemental Rent arising under the Lease Agreement shall have been paid or provided for, or (b) July 1, 20__ (both dates inclusive). As used herein, the expression "term hereof," "Ground Lease Term" or any similar expression refers collectively to the Initial Ground Lease Term and to any renewals of the Initial Ground Lease Term exercised by the Corporation or its assignee as provided in Section 22 hereof.

SECTION 3. USE OF PREMISES. (a) It is the express intent of the parties hereto that, for as long as no Event of Default or Event of Non-Appropriation under the Lease Agreement has occurred:

(i) the Premises shall be used by the Corporation as the site for acquisition, construction and installation of the Buildings comprising a portion of the Series 2026A Project;

(ii) the Buildings and Equipment comprising a portion of the Series 2026A Project shall be acquired, constructed and installed by the Board as agent for the Corporation as provided in Section 3.08 of the Lease Agreement; and

(iii) title to the Premises shall be in the Board upon commencement of the Ground Lease Term and title to all components of the Series 2026A Project, other than Designated Equipment, shall be in name of Corporation pursuant to the Lease Agreement, and title to the Buildings comprising a portion of the Series 2026A Project, other than Designated Equipment, constructed on the Premises shall remain severed from title to the Premises until the earlier of (A) the date on which the Series 2026A Certificates and any Completion Certificates and/or Refunding Certificates related to the Series 2026A Project shall no longer be Outstanding, or (B) the end of the Ground Lease Term.

(b) If the Lease Agreement has been terminated, the Corporation and each Permitted Transferee (as defined in Section 9(b) hereof) may use the Premises for any lawful purpose, in its sole discretion, and may alter, modify, add to or delete from the portions of the Series 2026A Project existing from time to time on the Premises.

(c) Neither the Corporation nor any Permitted Transferee shall use or permit the Premises to be used in violation of any valid present or future laws, ordinances, rules or regulations of any public or governmental authority at any time applicable thereto.

(d) The Board may at any time place portable educational facilities on the Premises. Such portables shall be owned by the Board.

SECTION 4. RENTAL. (a) So long as the Lease Agreement has not been terminated, the Corporation or its assignee shall pay to the Board as and for rental for the Premises the sum of ten dollars ($10.00) per annum, which sum shall be due in advance on the Commencement Date (prorated) and annually thereafter on the first day of each Renewal Lease Term.

(b) From and after the date on which the Lease Agreement has been terminated, the Corporation or its assignee shall pay as and for rental for the Premises an amount determined by an M.A.I. appraisal to be the fair market rental for the Premises (the "Appraisal"), which Appraisal shall be prepared by an appraiser selected by the Corporation (with the consent of the Trustee as assignee of the Corporation **[**and the consent of the Credit Enhancer**]**); provided, however, that such fair market rental and the payment thereof shall be subject to the following adjustments and conditions:

(i) if the Lease Agreement has been terminated on a date other than June 30 of any year, the fair market rental determined pursuant to the Appraisal shall be prorated for the number of days between the date terminated and the next succeeding June 30;

(ii) for each twelve-month period beginning on the July 1 next succeeding the date on which terminated and beginning on each succeeding July 1, the amount of the fair market rental determined by the Appraisal shall be adjusted by the percentage (positive or negative) which is equal to the Implicit Price Deflator of the Consumer Price Index published by the United States Department of Commerce for the region of the United States where Florida is located or for the United States as a whole if not so published for such region;

(iii) the fair market rental due in any year shall be paid in the current year only to the extent that the moneys received by the Trustee as assignee of the Corporation from the exercise of the remedies permitted under the Lease Agreement during the preceding twelve months prior to such July 1 exceeded the Principal and Interest Requirements for such preceding twelve months and other amounts payable

under the Lease Agreement; provided, however, that any portion of such fair market rental not paid in any year due to the provisions of this clause (iii) shall remain due and payable and shall accumulate from year to year and shall be paid in any future years to the extent that moneys received in such year from the exercise of the remedies permitted by the Lease Agreement exceed the Principal and Interest Requirements and the fair market rental due in such years; and

(iv) the failure to pay any portion of the fair market rental in any year due to insufficiencies of moneys realized from the exercise of the remedies permitted under the Lease Agreement (A) shall not give rise to any obligation to pay interest on such unpaid fair market rental, and (B) shall not constitute a default under this Ground Lease by the Corporation or the Trustee as the assignee of the Corporation.

SECTION 5. OWNERSHIP OF IMPROVEMENTS AND SURRENDER OF PREMISES. (a) The Corporation or its assignee shall at all times during the Ground Lease Term have a leasehold estate in the Premises with full right to vest the use, enjoyment and possession of such leasehold estate therein in a Permitted Transferee.

(b) Possession and use of the Premises, together with all improvements thereon, shall, upon the last day of the Ground Lease Term or earlier termination of this Ground Lease, automatically revert to the Board free and clear of liens and encumbrances other than Permitted Encumbrances without necessity of any act by the Corporation or any Permitted Transferee. Upon such termination of this Ground Lease, the Corporation or its assignee shall peaceably and quietly surrender to the Board the Premises together with any improvements located in or upon the Premises. Upon such surrender of the Premises, the Corporation or any Permitted Transferee, at the reasonable request of the Board, shall execute an instrument in recordable form evidencing such surrender and shall deliver to the Board all books, records, construction plans, surveys, permits and other documents relating to, and necessary or convenient for, the operation of the Premises and the improvements thereon in the possession of the Corporation or any Permitted Transferee.

(c) Any personal property of the Corporation, any Permitted Transferee or any Person which shall remain on the Premises after expiration or earlier termination of the Ground Lease Term and for sixty (60) days after request by the Board for removal, shall, at the option of the Board, be deemed to have been abandoned and may be retained by the Board and the same may be disposed of, without accountability, in such manner as the Board may see fit.

(d) If the Corporation or any Permitted Transferee holds over or refuses to surrender possession of the Premises after expiration or earlier termination of this Ground Lease, the Corporation or any Permitted Transferee shall be a tenant at sufferance and shall pay a rental rate equal to the fair market rental of the Premises determined in the manner provided in Section 4(b) hereof.

(e) The provisions of Sections 5(a), 5(b) and 5(c) hereof shall not apply to vending machines or other commercial equipment or trade fixtures located in or about the Premises to the extent that such equipment is readily removable from the Premises without causing material harm or damage thereto and that such equipment is not owned by the Corporation or any Permitted Transferee.

SECTION 6. BOARD'S INTEREST NOT SUBJECT TO CERTAIN LIENS. It is mutually intended, stipulated and agreed that neither the fee simple title (to the extent applicable) to nor any interest of the Board in the Premises or the Series 2026A Project may be subject to liens of any nature arising by reason of any act or omission of the Corporation or its assignee or any Person claiming under, by or through the Corporation, including, but not limited to, construction, mechanics' and materialmen's liens.

SECTION 7. INSURANCE. The Corporation covenants and agrees with the Board that the Corporation will cooperate with the Board in providing any information necessary for the Board to obtain and maintain in full force and effect insurance coverages desired by the Board or required by the Lease Agreement.

SECTION 8. CONDITION OF PREMISES, UTILITIES, CONCEALED CONDITIONS. (a) Except with regard to any environmental conditions and subject to the provisions of this Section 8, the Corporation agrees to accept the Premises in their presently existing condition, "as is."

(b) It is understood and agreed that the Board has determined that the Premises will safely or adequately support the Series 2026A Project, and hereby certifies same to the Corporation.

(c) The Board, at its sole expense, shall bring or cause to be brought to the Premises adequate connections for water, electrical power, storm sewerage and sewerage, and shall arrange with the appropriate utility companies for furnishing such services and shall provide to the Premises water service and capacity sufficient for operation, heating, ventilation and air conditioning equipment, and to the extent necessary to permit the Board to use the Series 2026A Project for the purposes intended or to permit such Series 2026A Project to comply with all requirements of law, the Corporation will provide and construct (but only to the extent of the proceeds of the Series 2026A Certificates or any Completion Certificates related to the Series 2026A Project available therefor) such roads, streets, sidewalks and other methods of ingress and egress necessary therefor. Nothing herein shall prohibit the Board from dedicating any such utilities or roads, streets and sidewalks to the appropriate governmental authority or duly constituted investor-owned utility as required or permitted by law, and the Corporation or the Trustee as assignee of the Corporation shall cooperate in such dedication by executing any deeds or other instruments required to effect such dedication.

SECTION 9. LIMITATION ON LEASEHOLD MORTGAGES, ASSIGNMENT AND SUBLETTING. (a) If the Lease Agreement has been terminated and subject to the terms and conditions herein provided, the Corporation may enter into a mortgage or mortgages of its leasehold interest created hereby in the Premises as security for the performance of its obligations under any financing obtained by the Corporation; provided, however, the fee title to the Premises shall not be subject to, or otherwise encumbered by, any such mortgage; provided, however, that each such leasehold mortgage shall be subject to the provisions of Section 9(d) hereof. Any such mortgage executed by the Corporation or its assignee pursuant to the provisions of the preceding sentence shall be hereinafter called a "Leasehold Mortgage" and the holder of any such mortgage shall be hereinafter called the "Leasehold Mortgagee."

(b) Except as expressly provided in this Section 9(b), the Corporation or its assignee shall not assign this Ground Lease, or any portion hereof, or sublease all or any portion of the Premises at any time. Except as expressly permitted in this Section 9(b), any purported assignment, partial assignment or sublease without the Board's prior written consent in violation of this Section 9(b) shall be null and void. So long as the Lease Agreement has not been terminated, (i) the Corporation may assign this Ground Lease to the Trustee for the benefit of the Owners of the Series 2026A Certificates and any Completion Certificates and/or Refunding Certificates related to the Series 2026A Project, and (ii) the Corporation shall sublet all of the Premises to the Board (the "Initial Sublessee") under the Lease Agreement. If the Lease Agreement shall have been terminated, the Corporation or its assignee may sublet the Premises or assign its interest in this Ground Lease (a "Permitted Sublease") to any Person for any lawful purpose without the prior consent of the Board; provided, however, that no Permitted Sublease shall relieve the Corporation of any of its duties or obligations hereunder without the prior written consent of the Board; provided, however, that each Permitted Sublease shall be subject to the provisions of Section 9(d) hereof. "Permitted Transferee" shall mean a sublessee or assignee permitted by this Section 9(b).

(c) If the Lease Agreement shall have been terminated and the Corporation or its assignee proposes to create a Permitted Sublease of any portion of its interest in this Ground Lease, the Corporation or its assignee shall provide written notice thereof to the Board containing the names and addresses of the proposed assignee(s), sublessee(s) or transferee(s); provided, however, that failure to provide such notice shall not affect the validity or effectiveness of any Permitted Sublease to a Permitted Transferee.

(d) If the Lease Agreement shall have been terminated, nothing herein shall prevent the Corporation or its assignee from entering into a Leasehold Mortgage or a Permitted Sublease for individual parcels of land constituting the Premises. It shall not be necessary for a Leasehold Mortgage or a Permitted Sublease to cover all of the Premises.

SECTION 10. UTILITY EASEMENTS. So long as the Lease Agreement has not been terminated, the Board reserves the right to grant nonexclusive utility

easements, licenses, rights-of-way and other rights or privileges in the nature of easements to others over, under, through, across or on the Premises but only to the extent reasonably necessary to provide services to the Premises or any other real property adjacent to the Premises; provided, however, that such grant and any use permitted thereby is not detrimental to the use or operation of the Premises or to any other uses permitted hereunder after the Ground Lease Term, will not impose any cost upon the Corporation or its assignee, will not weaken, diminish or impair lateral or subjacent support to the improvements to the Premises, including, without limitation the Series 2026A Project, will not impair or diminish the security of any Leasehold Mortgagee or Permitted Transferee hereunder and the Board agrees to indemnify and save harmless, but only from Available Revenues, the Corporation or its assignee and any Leasehold Mortgagee and Permitted Transferee (whether the interest of such party in the Premises arises prior or subsequent to such grants) against any loss, claim, liability or damages, including legal costs and defense arising or accruing from the use or exercise of such easement.

SECTION 11. DUTIES DEEMED PERFORMED. All obligations of the Corporation hereunder which are assumed by the Initial Sublessee shall be deemed, as between the Board and the Corporation hereunder, fully performed whether or not such Initial Sublessee actually performs same.

SECTION 12. TAXES AND FEES. (a) The Board represents and warrants that this Ground Lease is and will be exempt from ad valorem and intangible taxation. However, for as long as the Lease Agreement is in effect, should the Premises thereon or any interest therein ever become subject to any such taxes, the Board agrees to pay any and all such lawful taxes, assessments or charges which at any time may be levied by any federal, state, county, city, or any tax or assessment levying body upon the Premises or the Series 2026A Project, or any interest in this Ground Lease, or any possessory right which the Corporation or its assignee may have in or to the Premises thereon by reason of its use or occupancy thereof or otherwise.

(b) Notwithstanding the foregoing provision, either the Board or the Corporation shall, after notifying the other party hereto of its intention to do so, have the right in its own name or behalf, or in the name and behalf of the other party hereto, to contest in good faith by all appropriate proceedings the amount, applicability or validity of any such tax or assessment, and in connection with such contest, the Board may refrain from paying such tax or assessment. Each party shall, upon request by the other party hereto, assist and cooperate with the other party hereto in any such proceedings.

(c) In the event that the Board shall fail to pay any of the items required under this Section 12, the Corporation or its assignee may, at its sole option, pay the same and any amounts so advanced therefor by it shall become an additional obligation of the Board and Supplemental Rent under the Lease Agreement.

SECTION 13. DEFAULT BY THE CORPORATION. (a) Each of the following events shall be deemed a default by the Corporation hereunder and a breach of this Ground Lease:

(i) If the Corporation or its assignee shall fail to pay, when due, any rent or portion thereof, or any other sum, if any, which the Corporation or its assignee is obligated to pay under the terms and provisions of this Ground Lease, and such rent or other sums, if any, remain unpaid for a period of thirty (30) days after receipt of written notice to the Corporation from the Board;

(ii) If the Corporation or its assignee shall attempt to mortgage the leasehold estate hereby created in violation of Section 9(a) hereof or to assign this Ground Lease, or any portion thereof, or to sublease any portion of the Premises in violation of Section 9(b) hereof; or

(iii) If the Corporation or its assignee shall use the Premises for any purposes not permitted by this Ground Lease, and such use shall continue for a period of thirty (30) days after the Board shall have given written notice to the Corporation or its assignee to desist from such use.

(b) In the event that the item of default set forth in Section 13(a)(iii) above is of such a nature that it cannot be remedied within the time limits therein set forth, then the Corporation shall have such additional time as is reasonably necessary to cure such default provided that such Corporation diligently commences the curing of such default within such time and proceeds to completely cure the same in a timely and diligent manner.

(c) In the event that any Permitted Transferee or Leasehold Mortgagee exists of record at the time that a default occurs hereunder, the Board shall give notice thereof to each such Permitted Transferee and Leasehold Mortgagee and each such party shall have thirty (30) additional days from receipt of such notice to cure such default; provided, however, that if the default is of such a nature that the same cannot be cured in such time, then such party shall have such additional time as is reasonably necessary to cure such default provided that such party diligently commences the curing of such default within such time and proceeds completely to cure same within a timely and diligent manner.

SECTION 14. REMEDIES OF BOARD. Upon the occurrence of any event of default as set forth in Section 13 hereof which has not been cured (and is not in the process of being cured) under Section 13(b) or 13(c) hereof, but not otherwise, the Board may take whatever action at law or in equity may appear necessary or desirable to enforce its rights hereunder; provided, the Board shall not have the right to terminate this Ground Lease until such time as the Series 2026A Certificates (including any amounts payable to AG) and any Completion Certificates and/or Refunding Certificates related to the Series 2026A Project have been paid or provision for payment thereof has been made pursuant to the terms and provisions of the Trust Agreement. The Board shall have recourse solely

against the leasehold estate of the Corporation or its assignee in the Premises, and any proceeds thereof, for the payment of any liabilities of the Corporation or its assignee hereunder.

SECTION 15. NO WAIVERS. No waiver by either party hereto at any time of any of the terms, conditions, covenants or agreements of this Ground Lease, or noncompliance therewith, shall be deemed or taken as a waiver at any time thereafter of the same, nor of any other term, condition, covenant or agreement herein contained, nor of the strict and prompt performance thereof by the other party hereto. No delay, failure or omission of the Board to re-enter the Premises, nor by either party hereto to exercise any right, power, privilege or option arising from any default shall impair any right, power, privilege or option, or be construed to be a waiver of any such default, relinquishment thereof or acquiescence therein, and no notice by either party hereto shall be required to restore or revive time as being of the essence hereof after waiver by the Board of default in one or more instances. No option, right, power, remedy or privilege of the Board shall be construed as being exhausted or discharged by the exercise thereof in one or more instances. It is agreed that each and all of the rights, powers, options or remedies given to each party by this Ground Lease are cumulative, and no one of them shall be exclusive of the other or exclusive of any remedies provided by law.

SECTION 16. QUIET ENJOYMENT. The Board agrees that the Corporation and any Permitted Transferee, upon the payment of the rent and all other payments and charges, if any, to be paid by the Corporation or its assignee under the terms of this Ground Lease, and observing and keeping the agreements and covenants of this Ground Lease on its part to be observed and kept, shall lawfully and quietly hold, occupy and enjoy the Premises during the term of this Ground Lease, without hindrance or molestation from the Board or anyone claiming by, through or under the Board.

SECTION 17. TERMS BINDING UPON SUCCESSORS. All the terms, conditions and covenants of this Ground Lease shall inure to the benefit of and be binding upon the successors and assigns of the parties hereto.

SECTION 18. CONDEMNATION. In the event that any Person, public or private, shall by virtue of eminent domain or condemnation proceedings, or by purchase in lieu thereof, at any time during the term of this Ground Lease acquire title to the Premises:

(a) For as long as the Lease Agreement has not been terminated, the Net Proceeds resulting therefrom shall be applied pursuant to the Lease Agreement.

(b) If the Lease Agreement shall have been terminated, (i) if such Person acquires title to such substantial portion thereof that the Corporation determines that it cannot economically make use of the residue for the lawful purposes intended by this Ground Lease, such acquisition of title shall terminate this Ground Lease, effective as of the date on which the condemning party takes possession thereof, and the Net Proceeds

resulting therefrom shall be applied first to payment of the amount secured by any Leasehold Mortgage then outstanding hereunder, second, to payment, on a proportionate basis, of any outstanding Series 2026A Certificates and any Completion Certificates and/or Refunding Certificates related to the Series 2026A Project and, third, the balance, if any shall be paid to the Board and the Corporation, as their respective interests may appear; and (ii) if such Person acquires title to a portion of the Premises only, and the Corporation determines that it can economically make beneficial use of the residue thereof for the lawful purposes intended by this Ground Lease, then this Ground Lease shall continue in full force and effect and the Net Proceeds resulting therefrom shall be paid to the Board and the Corporation, as their respective interests appear.

(c) It is understood that the foregoing provisions of this Section 18 shall not in any way restrict the right of the Board or the Corporation to appeal the award made by any court or other public agency in any condemnation proceeding.

SECTION 19. NON-MERGER OF LEASEHOLD. There shall be no merger of this Ground Lease or of the leasehold estate hereby created with the fee estate in the Premises or any part thereof by reason of the fact that the same Person may acquire or hold, directly or indirectly, this Ground Lease or leasehold estate hereby created or any interest in this Ground Lease or in such leasehold estate and the fee estate in the Premises or any interest in such fee estate. There shall be no merger of this Ground Lease with the Lease Agreement by reason of the fact that the Board is the owner of the fee title to the Premises and the leasehold estate in all or a portion of the Series 2026A Project created under the Lease Agreement or by reason of the fact that the Corporation is the owner of the leasehold estate in the Premises created hereby and is the owner of the fee title in the Series 2026A Project as provided in the Lease Agreement.

SECTION 20. MEMORANDUM OF GROUND LEASE. Unless mutually agreed to the contrary, simultaneously with the execution of this Ground Lease, the Board and the Corporation shall each execute, acknowledge and deliver a Memorandum of Ground Lease with respect to this Ground Lease. Said Memorandum of Ground Lease shall not in any circumstances be deemed to change or otherwise to affect any of the obligations or provisions of this Ground Lease.

SECTION 21. CHANGES TO PROPERTY DESCRIPTION. The Board reserves the right to substitute other land for, delete or add land to all or any portion of the Premises described in Exhibit A hereto, as same may be supplemented by supplements to this Series 2026A Ground Lease from time to time. Upon such substitution, deletion or addition, the Memorandum of Series 2026A Ground Lease will be supplemented to reflect the change in the legal description. Any such supplement shall be substantially in the form of Exhibit C attached hereto. Except in connection with any substitutions, deletions or additions relating to Permitted Encumbrances, the Designated Equipment portion of the Series 2026A Project or Servient Property that does not adversely impact the use of the Premises for its educational purposes, or otherwise permitted by this Series 2026A Ground

Lease or the Related Documents **[**(including the Series 2026 Amendment to the Master Lease-Purchase Agreement)**]**, each substitution, deletion or addition of a parcel of land subject to the provisions of this Series 2026A Ground Lease shall require the prior written consent of the **[**Credit Enhancer. Such consent of the Credit Enhancer shall only be required if the Credit Enhancer is not in default of its payment obligations under the municipal bond insurance policy.**]** In connection with the release of all or any portion of the Premises hereunder in connection with the release of components of the Series 2026B Project pursuant to the Series 2026 Amendment to the Master Lease-Purchase Agreement, such released portions of the Premises may be designated as Servient Property hereunder.

SECTION 22. OPTION TO RENEW. In the event that the Lease Agreement shall have been terminated, and the Corporation, or the Trustee as the assignee of the Corporation, excludes the Board from possession of the Series 2026A Project, the Board grants to the Corporation and the Trustee the right and option to renew this Ground Lease for a period not to exceed five years at a fair market rental to be determined, adjusted and paid in the manner and under the conditions set forth in Section 4(b) of this Ground Lease.

SECTION 23. ESTOPPEL CERTIFICATES. The Board, at any time and from time to time, upon not fewer than thirty (30) days prior written notice from the Corporation or the Trustee as assignee of the Corporation, will execute, acknowledge and deliver to the Corporation, the Trustee, as assignee of the Corporation, or any Permitted Transferee, a certificate of the Board certifying that this Ground Lease is unmodified (or, if there have been any modifications, identifying the same), that this Ground Lease is in full force and effect, if it is; and that there is no default hereunder (or, if so, specifying the default). It is intended that any such certificate may be relied upon by the Corporation or the Trustee as assignee of the Corporation or any Permitted Transferee.

SECTION 24. NONRECOURSE OBLIGATION OF THE CORPORATION. Notwithstanding anything to the contrary herein or in any exhibit, instrument, document or paper relating to this Ground Lease or any of the transactions contemplated hereby, the parties hereto hereby acknowledge and agree that upon the assignment by the Corporation of its rights hereunder to the Trustee pursuant to the Assignment of Lease Agreement and Assignment of Ground Lease Agreement, the Corporation shall have no further obligation, liability or responsibility hereunder and no party hereto nor their successors or assigns shall look to the Corporation for any damages, expenses, fees, charges or claims with respect to the failure of any obligations hereunder to be performed.

SECTION 25. NO RECOURSE UNDER AGREEMENT. All covenants, stipulations, promises, agreements and obligations of the parties hereto contained in this Ground Lease shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the parties hereto, respectively, and not of any member, officer, employee or agent of the parties hereto in an individual capacity, and no recourse shall be had for the

payment of rent pursuant to Section 4 hereof or for any claim based thereon under this Ground Lease Agreement against any member, officer, employee or agent of the parties hereto.

SECTION 26. RADON GAS. Section 404.056, Florida Statutes, requires that the following notification be given: "RADON GAS: Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit."

SECTION 27. MISCELLANEOUS. (a) This Ground Lease shall be governed by, and be construed in accordance with, the laws of the State of Florida.

(b) Any notice required or desired to be given hereunder, or any items required or desired to be delivered hereunder, may be served or delivered personally or by registered or certified mail, return receipt requested, postage prepaid, addressed as follows:

(c) It is mutually acknowledged and agreed by the parties hereto that this Ground Lease contains the entire agreement between the Board and the Corporation with respect to the subject matter of this Ground Lease; that there are no verbal agreements, representations, warranties or other understandings affecting the same.

(d) Nothing herein contained shall be deemed to create a partnership or joint venture, nor shall the relationship between the parties be construed as principal and agent, or other than as landlord and tenant.

(e) The table of contents, headings and captions of this Ground Lease are inserted solely for convenience of reference, and under no circumstances shall they be treated or construed as part of, or as affecting, this Ground Lease.

(f) For purposes of computing any period of a number of days hereunder for notices or performance (but not for actual days of interest) of ten (10) days or fewer, Saturdays, Sundays and holidays shall be excluded.

(g) Any provision of this instrument in violation of the laws of the State of Florida shall be ineffective to the extent of such violation, without invalidating the remaining provisions of this instrument. In no event shall the Corporation or its assigns have any causes of action against the officers or employees of the Board, or against any elected official of the Board based upon or materially related to any finding by any court that any or all provisions of this instrument violate Florida law.

(h) Nothing in this Ground Lease, expressed or implied, is to or shall be construed to confer upon or to give to any person or party other than the Corporation, and its assignee, the Trustee, **[**the Credit Enhancer**]** and the Board any rights, remedies or claims under or by reason of this Ground Lease or any covenants, conditions or stipulations hereof; and all covenants, stipulations, promises and agreements in this Ground Lease contained by or on behalf of the Corporation or the Board shall be for the sole and exclusive benefit of the Corporation, and its assignee, **[**the Credit Enhancer**]** and the Board. **[**INSURER SHORT NAME**]** shall be deemed to be a third party beneficiary of this Ground Lease.

(i) This Ground Lease Agreement may be executed in multiple counterparts, each of which shall be regarded for all purposes as an original, and such counterparts shall constitute but one and the same instrument.

[(j) This Ground Lease may not be amended or modified without the prior written consent of the Credit Enhancer. Except as provided in the preceding sentence, any action taken hereunder which requires or permits the consent, notice, direction or request of the Lessor or the Trustee, shall also require or permit the consent, notice, direction or request of the Credit Enhancer, which consent, direction or request shall not be unreasonably withheld.**]**

IN WITNESS WHEREOF, the Board and the Corporation have caused this Ground Lease to be executed in duplicate, either of which may be considered an original, the day and year first above written.

2. Delivery of Offering Statement and Other Documents.

(a) Prior to the date hereof, the School Board has prepared for use in connection with the public sale and distribution of the Certificates, and provided to the Underwriters for their review, the Preliminary Offering Statement dated [POS DATE], 2026 (including the cover page, inside cover page and appendices contained therein, the "Preliminary Offering Statement"). The School Board deems the Preliminary Offering Statement final as of its date for purposes of Rule 15c2-12 of the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the "SEC Rule"), except for certain permitted omissions in connection with the pricing of the Certificates. The Underwriters have reviewed such Preliminary Offering Statement prior to the execution of this Purchase Contract.

(b) As soon as practicable after the date hereof, and, in any event within seven (7) business days of the date hereof (or within such shorter period as may be reasonably requested by the Underwriters in order to accompany any confirmation that requests payment from any customer to comply with Rule G-32 of the Municipal Securities Rulemaking Board) the School Board shall, so as to enable the Underwriters to comply with the provisions of the SEC Rule, deliver to the Underwriters a sufficient number of copies of a final Offering Statement, dated the date hereof (including the cover page, inside cover page and appendices contained therein, the "Offering Statement"), together with all supplements and amendments thereto, substantially in the form of the Preliminary Offering Statement, with only such changes therein as shall have been accepted by the Underwriters, executed on behalf of the School Board by the Chair.

(c) The Representative shall give notice to the School Board on the date, but in no event later than 90 days after the Closing, after which no participating underwriter, as such term is defined in the SEC Rule, remains obligated to deliver Offering Statements pursuant to paragraph (b)(4) of the SEC Rule.

(d) At or prior to the Closing (as defined herein), the Representative shall file, or cause to be filed, the Offering Statement with the Municipal Securities Rulemaking Board. Unless otherwise provided in writing by the Representative to the School Board on the Date of Closing (as defined herein) that the Representative retains directly, or as a member of an underwriting syndicate, an unsold balance of the Certificates, the end of the underwriting period (as defined herein) shall be the Date of Closing, but in no event later than 90 days after the Closing.

(e) At Closing, the School Board shall deliver, or cause to be delivered to the Underwriters copies of the Resolutions, certified to by its Secretary, substantially in the form heretofore delivered to the Underwriters, with only such changes therein as agreed upon by the Representative.

(f) The School Board and the Corporation hereby authorize the Underwriters to use the forms or copies of (i) the Resolutions, (ii) the Corporation Resolutions, (iii) the Trust Agreements, (iv) the Transaction Leases, (v) the Assignment Agreements, (vi) the Transaction Ground Leases, (vii) the Disclosure Agreements, (viii) the Escrow Deposit Agreement and (ix) the Offering Statement and the information contained therein in connection with the public offering and sale of the Certificates and ratify and confirm their authorization of the distribution and use by the Underwriters prior to the date hereof of the Preliminary Offering Statement in connection with such public offering and sale.

3. Representation of the Underwriters as to Authority. The Representative is duly authorized to execute this Purchase Contract on behalf of the Underwriters and has been duly authorized to act hereunder in connection with the issuance of the Certificates.

4. Public Offering; Establishment of Issue Price; Underwriters not Acting as Agents or Fiduciaries. (a) The Underwriters agree, jointly and severally, to make an initial public offering of the Certificates to the public at initial public offering prices not greater than (or yields not less than) the initial public offering prices (or yields) set forth on Appendix D hereto; provided, however, the Underwriters reserve the right to make concessions to certain dealers, certain dealer banks and banks acting as agents and to change such initial public offering prices as the Underwriters deem necessary or desirable in connection with the marketing of the Certificates.

(b) The Representative, on behalf of the Underwriters, agrees to assist the School Board in establishing the issue price of the Certificates and shall execute and deliver to the School Board at Closing an "issue price" or similar certificate, substantially in the form attached hereto as Appendix D, together with the supporting pricing wires or equivalent communications, with such modifications as may be deemed appropriate or necessary, in the reasonable judgment of the Representative, the School Board and Special

Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Certificates.

(c) [Except as otherwise set forth in Schedule I to Appendix D attached hereto,] the School Board represents that it will treat the first price at which 10% of each maturity of the Certificates (the "10% Test") is sold to the public as the issue price of that maturity (if different interest rates apply within a maturity, each separate CUSIP number within that maturity will be subject to the 10% Test). [If, as of the date hereof, the 10% Test has not been satisfied as to any maturity of the Certificates for which the School Board has elected to utilize the 10% Test, the Representative agrees to promptly report to the School Board the prices at which Certificates of that maturity or maturities have been sold by the Underwriters to the public. That reporting obligation shall continue until the earlier of the date upon which the 10% Test has been satisfied as to the Certificates of that maturity or maturities or the Closing Date.]

(d) The Representative confirms that the Underwriters have offered the Certificates to the public on or before the date of this Purchase Contract at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in Schedule I to Appendix D attached hereto, except as otherwise set forth therein. [Schedule I to Appendix D attached hereto also sets forth, as of the date of this Purchase Contract, the maturities, if any, of the Certificates for which the 10% Test has not been satisfied and for which the School Board and the Representative, on behalf of the Underwriters, agree that the restrictions set forth in the next sentence shall apply (the "hold-the-offering-price rule"). So long as the hold-the-offering-price rule remains applicable to any maturity of the Certificates, the Underwriters will neither offer nor sell unsold Certificates of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

(1) the close of the fifth (5^{th}) business day after the sale date; or

(2) the date on which the Underwriters have sold at least 10% of that maturity of the Certificates to the public at a price that is no higher than the initial offering price to the public.]

(e) The Representative confirms that:

(i) any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the Representative is a party) relating to the initial sale of the Certificates to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter, each dealer who is a member of the selling group and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(A)(i) to report the prices at which it sells to the public the unsold Certificates of each maturity allocated to it until either all Certificates of that maturity allocated to it have been sold or it is notified by the Representative that the 10% Test has been satisfied as to the Certificates of that maturity and (ii) to comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative and as set forth in the related pricing wires, and

(B) to promptly notify the Representative of any sales of Certificates that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Certificates to the public (each such term being used as defined below),

(C) to acknowledge that, unless otherwise advised by the Underwriter, dealer or broker-dealer, the Representative shall assume that each order submitted by the Underwriter, dealer or broker-dealer is a sale to the public.

(ii) any agreement among underwriters and any selling group agreement relating to the initial sale of the Certificates to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Certificates to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Certificates of each maturity allocated to it until either all Certificates of that maturity allocated to it have been sold or it is notified by the Representative or such Underwriter that the 10% Test has been satisfied as to the Certificates of that maturity and (B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative or the Underwriter and as set forth in the related pricing wires.

The School Board acknowledges that, in making the representations set forth in this section, the Representative will rely on (i) the agreement of each Underwriter to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Certificates to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an Underwriter is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Certificates to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable, as set forth in the third-party distribution agreement and the related pricing wires. The School Board further acknowledges that each Underwriter shall be solely liable for its failure to comply with its agreement to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates, and that no Underwriter shall be liable for the failure of any other Underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates.

(f) The Underwriters acknowledge that sales of any Certificates to any person that is a related party to an Underwriter shall not constitute sales to the public for purposes of this section. Further, for purposes of this Section 4:

(i) "public" means any person other than an underwriter or a related party;

(ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the School Board (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Certificates to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Certificates to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Certificates to the public);

(iii) a purchaser of any of the Certificates is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) "sale date" means the date of execution of this Purchase Contract by all parties.

(g) The School Board and the Corporation acknowledge and agree that (i) the purchase and sale of the Certificates pursuant to this Purchase Contract is an arm's-length commercial transaction between the School Board, the Corporation and the Underwriters; (ii) in connection therewith and with the discussions, undertakings and procedures leading up to the consummation of such transaction, the Underwriters are and have been acting solely as principals and are not acting as municipal advisors, financial advisors, agents or fiduciaries of the School Board or the Corporation; (iii) the Underwriters have not assumed an advisory or fiduciary responsibility in favor of the School Board or the Corporation with respect to the offering of the Certificates or the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriters, or any affiliate of the Underwriters, has provided other services or is currently providing other services to the School Board or the Corporation on other matters) and the Underwriters have no obligation to the School Board or the Corporation with respect to the offering contemplated hereby except the obligations expressly set forth in this Purchase Contract; (iv) the Underwriters have financial and other interests that differ from those of the School Board and the Corporation; and (v) the School Board and the Corporation have consulted with their own legal, financial and other advisors to the extent they have deemed appropriate in connection with the offering of the Certificates.

5. Good Faith Deposit. In connection with the execution of this Purchase Contract, the Representative has delivered to the Trustee, a wire transfer credited to the order of the School Board in immediately available federal funds (the "Good Faith Deposit"), in the sum of $[_____] (calculated as 1% of the estimated aggregate principal amount of the Certificates as reflected in the Preliminary Offering Statement), as security for the performance by the Underwriters of their obligation to accept and to pay for the Certificates. In the event that the School Board does not accept this offer in a timely manner, the School Board shall immediately cause the Trustee to return the Good Faith Deposit to the Representative by wire transfer credited to the order of the Representative, in the amount of the Good Faith Deposit. In the event the Closing takes place, the amount of the Good Faith Deposit shall be transferred by the Trustee to the account of the School Board to be credited against the purchase price pursuant to Section 7 hereof. In the event of the School Board's failure to deliver the Certificates at the Closing, or if the School Board shall be unable at or prior to the Closing to satisfy the conditions to the obligations of the Underwriters contained in this Purchase Contract (unless such conditions are waived by the Representative), or if the obligations of the Underwriters shall be terminated for any reason permitted by this Purchase Contract, the School Board shall immediately cause the Trustee to wire to the Representative in federal funds the Good Faith Deposit and such return shall constitute a full release and discharge of all claims by the Underwriters against the School Board arising out of the transactions contemplated hereby. Interest on the Good Faith Deposit shall accrue solely to the benefit of the School Board and shall not offset the amount due from the Underwriters at Closing or be payable to the Underwriters in the event the Good Faith Deposit returned to the Representative. In the event that the Underwriters fail (other than for a reason permitted hereunder) to accept and pay for the Certificates at the Closing as herein provided, the amount of the Good Faith Deposit

shall be retained by the School Board and such retention shall represent full liquidated damages and not a penalty for such failure and for any defaults hereunder on the part of the Underwriters, and such use shall constitute a full release and discharge of all claims, rights and damages of the School Board against the Underwriters arising out of the transactions contemplated hereby Accordingly, the Underwriters hereby waive any right to claim that the School Board's actual damages are less than the amount of the Good Faith Deposit, and the School Board's acceptance of this offer shall constitute a waiver of any right it may have to additional damages from the Underwriters.

6. Representations and Agreements.

(a) By its acceptance hereof, the School Board represents to and agrees with the Underwriters that, as of the date hereof:

(i) The School Board is duly and validly existing as a body corporate and politic pursuant to Article IX, Section 4(a) of the Florida Constitution and the laws of the State of Florida (particularly, Chapter 1001, Florida Statutes) and is the governing body of the District.

(ii) The School Board has full legal right, power and authority to cause the Certificates to be issued, sold and delivered to the Underwriters as described herein; to lease-purchase the Series 2026A Project; to prepay the Refunded Certificates, to adopt the Resolutions; and to execute, deliver and perform its obligations, as the case may be, under this Purchase Contract, the Transaction Ground Leases, the Disclosure Agreements, the Trust Agreements, the Transaction Leases, and the Escrow Deposit Agreement (collectively, the "School Board Documents"); by all necessary official action of the School Board taken prior to the acceptance hereof, the Resolutions have been duly adopted in accordance with the Constitution of Florida and the laws of the State of Florida; the Resolutions are in full force and effect and have not been amended, modified or repealed; the School Board Documents, when executed by the School Board will each be duly authorized and delivered and will constitute the legal, valid and binding special obligations of the School Board enforceable in accordance with their respective terms, except as the enforcement thereof may be affected by bankruptcy, insolvency, or other laws affecting the rights of creditors or tenants generally or the application by a court of equitable principles; the School Board has duly authorized and approved the execution of, and the performance by the School Board of its obligations contained in the School Board Documents and the consummation by it of all other transactions contemplated by the Resolutions, each of the School Board Documents and the Offering Statement to have been performed or consummated at or prior to the Date of Closing.

(iii) The execution and delivery of the School Board Documents, the issuance by the Trustee of the Certificates and the adoption of the Resolutions, and compliance with the special obligations on the School Board's part contained herein and therein, will not conflict with or constitute a material breach of or material default under any federal or Florida constitutional provision, law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the School Board is a party or to which the School Board or any of its properties or other assets is otherwise subject, nor will any such execution, delivery, adoption, implementation or compliance result in the creation or imposition of any material lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the properties or other assets of the School Board under the terms of any such provision, law, regulation, document or instrument, except as provided or permitted by the Certificates and the School Board Documents.

(iv) All approvals, consents and orders of any governmental authority, legislative body, board, agency or commission having jurisdiction which would constitute a condition precedent to or the absence of which would materially adversely affect the due performance by the School Board of its obligations under the Resolutions and the School Board Documents have been, or prior to the Closing will have been, duly obtained; provided, however, that this representation does not apply to such approvals, consents and orders as may be required under the Blue Sky or securities laws of any state in connection with the offering and sale of the Certificates.

(v) The information contained in the Preliminary Offering Statement and the Offering Statement pertaining to the School Board, the District, the Series 2026A Project, prepaying the Refunded Certificates, the Premises, the Certificates, the Resolutions and the School Board Documents was, is, and will be true and correct in all material respects and did not, does not and will not, contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(vi) Except as described in the Preliminary Offering Statement or the Offering Statement, there is no action, suit, proceeding, inquiry or investigation, at law or in equity before or by any court, governmental agency or public board or body, pending or, to the best knowledge of the School Board, threatened:

(A) Which may affect the existence of the School Board or the titles or rights of its officers to their respective offices;

(B) Which may affect or which seeks to prohibit, restrain or enjoin the sale, issuance or delivery of the Certificates, or the collection or payment of the Basic Rent Payments or assignment thereof to make payments on the Certificates and to make other payments under the Transaction Leases;

(C) Which in any way contests or affects the validity or enforceability of the Certificates, the Resolutions, the Trust Agreements, the Assignment Agreements, the School Board Documents or any of them;

(D) Which could cause the interest portion of the Basic Rent Payments represented by the Certificates to be included in the gross income of the holders of the Certificates for the purposes of federal income taxation;

(E) Which contests in any way the completeness or accuracy of the Preliminary Offering Statement or the Offering Statement or which contests the powers of the School Board or any authority or proceedings for the issuance, sale or delivery of the Certificates, or the due adoption of the Resolutions or the execution and delivery of the School Board Documents or any of them or the lease-purchase of the Series 2026A Project, or prepaying the Refunded Certificates in accordance with the terms thereof; or

(F) Which could materially adversely affect the financial condition of the School Board;

nor, to the best knowledge of the School Board, is there any basis therefor wherein an unfavorable decision, ruling or finding could materially adversely affect the validity or enforceability of the Certificates, the Resolutions, the Trust Agreements, the Assignment Agreements, the School Board

Documents or any of them. The School Board shall advise the Representative promptly of the institution of any proceedings known to it by any governmental agency prohibiting or otherwise affecting the use of the Preliminary Offering Statement or the Offering Statement in connection with the offering, sale or distribution of the Certificates.

(vii) The School Board will furnish such information, execute such instruments and take such other action not inconsistent with law in cooperation with the Underwriters as the Underwriters may reasonably request in order (A) to qualify the Certificates for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriters may designate, and (B) to determine the eligibility of the Certificates for investment under the laws of such states and other jurisdictions, and will use its best efforts to continue such qualifications in effect so long as required for the distribution of the Certificates; provided that the School Board shall not be obligated to pay any fee, qualify to do business or to take any action that would subject it to general service of process in any state where it is not now so subject.

(viii) If, after the date of this Purchase Contract and until the earlier of (A) ninety (90) days from the end of the "underwriting period" (as defined in the SEC Rule) or (B) the time when the Offering Statement is available to any person from the Municipal Securities Rulemaking Board, but in no case less than twenty-five (25) days following the end of the underwriting period, the School Board becomes aware that any event shall have occurred which might or would cause the Offering Statement, as then supplemented or amended, to contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the School Board shall notify the Representative thereof, and, if in the reasonable opinion of the School Board and the Representative such event requires the preparation and publication of a supplement or amendment to the Offering Statement, the School Board will at its own expense forthwith prepare and furnish to the Underwriters a sufficient number of copies of an amendment of or supplement to the Offering Statement (in form and substance satisfactory to the Representative and its Counsel) which will supplement or amend the Offering Statement so that it will not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in light of the circumstances existing at such time, not misleading.

(ix) The School Board covenants to comply with the requirements of the Internal Revenue Code of 1986, as amended (the "Code") in order to maintain the exclusion from gross income for purposes of federal income taxation of the interest portion of the Basic Rent Payments received by the owners of the Certificates, subject to the right of the School Board to non-appropriate funds in accordance with the provisions of the Transaction Leases. These requirements include, but are not limited to, provisions which prescribe yield and other limits within which the proceeds of the Certificates and other amounts are to be invested and require that certain investment earnings on the foregoing must be rebated on a periodic basis to the Treasury Department of the United States. The School Board does not have any material unfunded rebate obligations with respect to any Certificates of Participation previously issued under the Master Trust.

(x) The School Board has not, since December 31, 1975 been in default in the payment of principal of, premium, if any, or interest on, or otherwise been in default with respect to, any bonds, notes or other obligations which it has issued, assumed or guaranteed as to payment of principal, premium, if any, or interest.

(xi) The School Board shall comply with all of the continuing disclosure requirements of Rule 15c2-12(b)(5) of the Securities and Exchange Commission and shall comply with the commitments set forth in the Disclosure Agreements.

(xii) The School Board will apply the proceeds of the Certificates in accordance with the Trust Agreements and as described in the Offering Statement.

(xiii) Neither the School Board nor anyone authorized to act on its behalf, directly or indirectly, has offered the Certificates for sale to, or solicited any offer to buy, the Certificates from anyone other than the Underwriters.

(xiv) Prior to the execution of this Purchase Contract, the School Board delivered to the Underwriters copies of the Preliminary Offering Statement which the School Board deemed final for purposes of the SEC Rule as of the date of the Preliminary Offering Statement, except for the omission of no more than the following information: the offering price(s), interest rate(s), selling compensation, aggregate principal amount, principal amount per maturity, delivery date, ratings, prepayment provisions and certain other terms of the Certificates as permitted by the SEC Rule.

(xv) If the Offering Statement is supplemented or amended pursuant to Section 2 of this Purchase Contract, or otherwise by the School Board, at the time of each supplement or amendment to the Offering Statement and (unless subsequently again supplemented or amended pursuant to Section 2 of this Purchase Contract) at all times prior to the end of the underwriting period, the Offering Statement as so supplemented or amended will not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements contained therein, in the light of the circumstances under which they were made, not misleading.

(xvi) Other than as disclosed in the Preliminary Offering Statement, the School Board has complied in all material respects with any and all continuing disclosure commitments heretofore made by the School Board for the past five years.

(xvii) The Resolutions, the Certificates, the Trust Agreements, and the School Board Documents conform in all material respects to the descriptions thereof contained in the Preliminary Offering Statement and the Offering Statement.

(xviii) The financial statements of the School Board as of June 30, [2025] fairly represent the receipts, expenditures, assets, liabilities and cash balances of such amounts and, insofar as presented, other funds of the School Board as of the dates and for the periods therein set forth. Except as disclosed in the Preliminary Offering Statement and the Offering Statement, there has not been any materially adverse change in the financial condition of the School Board or in its operations since June 30, [2025] and there has been no occurrence, circumstance or combination thereof which is reasonably expected to result in any such materially adverse change.

(xix) Any certificates executed by any officer of the School Board and delivered to the Underwriters pursuant hereto or in connection herewith shall be deemed a representation and warranty of the School Board as to the accuracy of the statements therein made.

(b) By its acceptance hereof, the Corporation represents to and agrees with the Underwriters that, as of the date hereof:

(i) The Corporation is a not-for-profit corporation duly organized, incorporated, validly existing, and in good standing under the laws of the State of Florida (particularly, Chapter 617, Florida Statutes).

(ii) The Corporation has full legal right, power and authority to adopt the Corporation Resolutions, to execute, deliver and perform its obligations, as the case may be, under this Purchase Contract, the Trust Agreements, the Transaction Leases, the Transaction Ground Leases, and the Assignment Agreements (collectively, the "Corporation Documents"); by all necessary official action of the Board of Directors of the Corporation taken prior to the acceptance hereof, the Corporation Resolutions have been duly adopted in accordance with the laws of the State and the Corporation's Articles of Incorporation and Bylaws; the Corporation Resolutions are in full force and effect and have not been amended, modified or repealed; the Corporation Documents have been duly authorized, and when executed and delivered by the Corporation will constitute the legal, valid and binding obligations of the Corporation enforceable in accordance with their respective terms, except as the enforcement thereof may be affected by bankruptcy, insolvency, or other laws affecting the rights of creditors or tenants generally or the application by a court of equitable principles; the Corporation has duly authorized and approved the execution of, and the performance by the Corporation of its obligations contained in the Corporation Documents and the consummation by it of all other transactions contemplated by each of the Corporation Documents and the Offering Statement to have been performed or consummated at or prior to the Date of Closing.

(iii) The execution and delivery of the Certificates and the Corporation Documents, and compliance with the obligations on the Corporation's part contained herein and therein, will not conflict with or constitute a material breach of or material default under any federal or Florida constitutional provisions, law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the Corporation is a party or to which the Corporation or any of its properties or other assets is otherwise subject, nor will any such execution, delivery, adoption, implementation or compliance result in the creation or imposition of any material lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the properties or other assets of the Corporation under the terms of any such provision, law, regulation, document or instrument, except as provided or permitted by the Certificates and the Corporation Documents.

(iv) All approvals, consents and orders of any governmental authority, legislative body, board, district, agency or commission having jurisdiction which would constitute a condition precedent to or the absence of which would materially adversely affect the due performance by the Corporation of its obligations under the Corporation Documents have been, or prior to the Closing will have been, duly obtained; provided, however, that this representation does not apply to such approvals, consents and orders as may be required under the Blue Sky or securities laws of any state in connection with the offering and sale of the Certificates.

(v) The information contained in the Preliminary Offering Statement and the Offering Statement pertaining to the Corporation and the Corporation Documents, was and is true and correct in all material respects did not, and does not, contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(vi) Except as described in the Preliminary Offering Statement or the Offering Statement, there is no action, suit, proceeding, inquiry or investigation, at law or in equity before

or by any court, governmental agency or public board or other body, pending or, to the best knowledge of the Corporation, threatened:

(A) Which may affect the existence of the Corporation or the titles or rights of its officers to their respective offices;

(B) Which may affect or which seeks to prohibit, restrain or enjoin the sale, issuance or delivery of the Certificates, or the collection or payment of the Basic Rent Payments or assignment thereof to make payments on the Certificates and to make other payments under the Transaction Leases;

(C) Which in any way contests or affects the validity or enforceability of the Certificates, the Corporation Resolutions, the Corporation Documents or any of them;

(D) Which could cause the interest portion of the Basic Rent Payments represented by the Certificates to be included in the gross income of the holders of the Certificates for the purposes of federal income taxation;

(E) Which contests in any way the completeness or accuracy of the Preliminary Offering Statement or the Offering Statement or which contests the powers of the Corporation or any authority or proceedings for the issuance, sale or delivery of the Certificates, or the due execution and delivery of the Corporation Documents or any of them;

nor, to the best knowledge of the Corporation, is there any basis therefor, wherein an unfavorable decision, ruling or finding could materially adversely affect the validity or enforceability of the Certificates, the Corporation Documents or any of them.

(vii) The Corporation will furnish such information, execute such instruments and take such other action not inconsistent with law in cooperation with the Underwriters as the Underwriters may reasonably request in order to qualify the Certificates for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriters may designate, and to determine the eligibility of the Certificates for investment under the laws of such states and other jurisdictions, and will use its best efforts to continue such qualifications in effect so long as required for the distribution of the Certificates; provided that the Corporation shall not be obligated to pay any fee, qualify to do business or to take any action that would subject it to general service of process in any state where it is not now so subject.

(viii) If, after the date of this Purchase Contract and until the earlier of (A) ninety (90) days from the end of the "underwriting period" (as defined in the SEC Rule) or (B) the time when the Offering Statement is available to any person from the Municipal Securities Rulemaking Board, but in no case less than twenty-five (25) days following the end of the underwriting period, the Corporation becomes aware that any event shall have occurred which would or might cause the information contained in the Offering Statement, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein, in the light of the circumstances under which they were made, not misleading, the Corporation shall notify the Representative thereof, and if in the reasonable opinion of the Corporation or the Representative such event requires the preparation and publication of a supplement or amendment to the Offering Statement, the Corporation shall cooperate with the Representative in

supplementing or amending the Offering Statement, in such form and manner and at such time or times as may be reasonably called for by the Underwriters.

(ix) The Corporation shall cause the Trustee to execute and deliver the Certificates when ready for delivery.

The Certificates shall be prepared and delivered as fully registered certificates in the definitive form of one fully registered Certificate for each stated maturity of the Certificates and in the name in which The Depository Trust Company requests that the Certificates be registered and will be made available for inspection and checking by the Underwriters not later than 10:00 a.m. Eastern Time, on the business day prior to the Date of Closing. 8. Closing Conditions. The Underwriters are entering into this Purchase Contract in reliance upon the representations and agreements of the School Board and the Corporation contained herein, and in reliance upon the representations and agreements to be contained in the documents and instruments to be delivered at the Closing, and upon the performance of the covenants and agreements herein, as of the date hereof and as of the Date of Closing. Accordingly, the Underwriters' obligation under this Purchase Contract to purchase, to accept delivery of and to pay for the Certificates shall be conditioned upon the performance of the covenants and agreements to be performed hereunder and under such other documents and instruments to be delivered at or prior to the Closing, and shall also be subject to the following additional conditions:

(a) The representations of the School Board and the Corporation contained herein shall be true, complete and correct on the date hereof and on and as of the Date of Closing, as if made on the Date of Closing, and a certificate to that effect shall be delivered to the Underwriters by the School Board and the Corporation at Closing.

(b) At the date of execution hereof and at the Closing, the Resolutions and the Corporation Resolutions shall each be in full force and effect, and shall not have been amended, modified or supplemented, except to the extent to which the Representative shall have given its prior written consent and there shall have been taken in connection therewith and in connection with the issuance of the Certificates all such action as, in the opinions of Nabors, Giblin & Nickerson, P.A., Special Counsel, and Greenberg Traurig, P.A., Counsel for the Underwriters, shall be necessary and appropriate in connection with the transactions contemplated hereby.

(c) At the Closing there will be no pending or threatened litigation or proceeding of any nature seeking to restrain or enjoin the issuance, sale or delivery of the Certificates, or the collection or application of the Basic Rent Payments to make payments on the Certificates or in any way contesting or affecting the validity or enforceability of the Certificates, the Resolutions, the Corporation Resolutions, the School Board Documents or the Corporation Documents or contesting in any way the proceedings of the School Board, the Corporation or the Trustee taken with respect thereto, or contesting in any way the due existence or powers of the School Board, the Corporation or the Trustee or the title of any of the members or officials of the School Board, the Corporation or the Trustee to their respective offices and the Underwriters will receive the certificates of the School Board, the Corporation and the Trustee to the foregoing effect, or opinions of Counsel to the School Board, the Corporation and the Trustee that any such litigation is without merit.

(d) There shall have been no material adverse change in the financial condition of the School Board since June 30, 2025.

(e) At the Closing, the Underwriters shall receive the following documents, each dated as of the Date of Closing:

(i) The opinions of Special Counsel, dated the Date of Closing, in substantially the forms attached to the Offering Statement as Appendix G;

(ii) A supplemental opinion of Special Counsel, addressed to the Underwriters, [the Insurer,] and the Trustee (except for the opinions required by Section 8(e)(ii)(B) and (C) hereof which may be addressed solely to the Underwriters), substantially to the effect that (A) the Underwriters and the Trustee may rely upon the opinions referred to in Section 8(e)(i) hereof as though addressed to them; (B) prior to termination of the Transaction Leases, the Certificates are not subject to the registration requirements of the Securities Act of 1933, as amended, and the Trust Agreements are exempt from qualification pursuant to the Trust Indenture Act of 1939, as amended; and (C) with respect to information in the Preliminary Offering Statement and the Offering Statement and based upon said firms review of the Preliminary Offering Statement and the Offering Statement as Special Counsel, and without having undertaken to determine independently the accuracy and completeness of the contents of the Preliminary Offering Statement and the Offering Statement, the information in the Preliminary Offering Statement, as of its date, and the Offering Statement, as of its date, and as of the Date of Closing, under the headings (unless otherwise noted, the term "headings" includes all subheadings under a heading) entitled "INTRODUCTION" (excluding the information regarding projects, lease terms and principal amounts of outstanding certificates of participation with respect to other Leases under the Master Lease, as to all of which no opinion need be expressed) "AUTHORIZATION," "PURPOSE OF THE SERIES 2026 CERTIFICATES," "PLAN OF REFINANCE," "DESCRIPTION OF THE SERIES 2026 CERTIFICATES," "SECURITY FOR THE SERIES 2026 CERTIFICATES," "AMENDMENT TO MASTER LEASE," "THE MASTER LEASE-PURCHASE PROGRAM," "[THE TRANSACTION LEASE AGREEMENTS]" (excluding any financial, statistical and demographic information and information regarding [the Insurer and its Policies] and The Depository Trust Company or its book-entry only system of registration, as to all of which no opinion need be expressed) insofar as the same purport to describe the Certificates, the School Board Documents and the Assignment Agreements, constitute a fair summary of the information purported to be summarized therein. The statements in the Preliminary Offering Statement, as of its date, and the Offering Statement, as of its date and as of the Date of Closing, on the cover relating to our opinion and under the caption "TAX MATTERS" are accurate statements or summaries of the matters therein set forth.

(iii) The opinion(s) of Dye, Harrison, Knowles, Kirkland, Pratt & DePaola PLLC, Counsel to the School Board and the Corporation, addressed to the Underwriters, the School Board, the Corporation, [the Insurer,] Special Counsel and the Trustee, substantially to the effect that: (1) the School Board is a body corporate and politic and the governing body of the District, duly organized and existing under the Constitution and laws of the State of Florida with full power and authority to adopt the Resolutions, to lease-purchase the Series 2026A Project and to prepay the Refunded Certificates and execute, deliver and perform its objectives, as the case may be, under the School Board Documents; (2) the School Board Documents have been duly authorized, executed and delivered by the School Board and, assuming due authorization, execution and delivery by the other parties thereto, constitute legal, valid and binding agreements of the School Board enforceable in accordance with their terms except to the extent that the enforceability of the rights and remedies set forth therein may be limited by bankruptcy, insolvency or other laws affecting creditors' or tenants' rights generally and the application of equitable principles; (3) the School Board has authorized, executed and delivered the Offering Statement and has duly authorized the distribution of the Preliminary Offering Statement and the Offering Statement; (4) the information in the Preliminary Offering Statement, as of its date, and the Offering Statement, as of the date and as of the Date of Closing, as to legal matters relating to the School Board, the District, the Certificates, and the School Board Documents does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein in the light of the circumstances under which they were made, not misleading (except for the financial, statistical and demographic information contained in the Preliminary Offering Statement and the Offering Statement, and information relating to regarding [the Insurer and its Policies and] DTC and its book entry only system of registration as to all of which no view need be expressed); (5) to the best of their knowledge, after due inquiry, the School Board is not in material breach of or material default under any applicable constitutional provision, law or administrative regulation of the State of Florida or the United States or any applicable judgment or decree or any agreement, loan agreement, indenture, bond, note, material resolution, material agreement or other material instrument to which the School Board is a party or to which the School Board or any of its property or assets is otherwise subject, and no event has occurred and is continuing that with the passage of time or the giving of notice, or both, would constitute a default or event of default under any such instrument; (6) the execution and delivery of School Board Documents and the adoption of the Resolutions and compliance with the provisions on the School Board's part contained therein, will not conflict with or constitute a material breach of or default under any constitutional provision, law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the School Board is a party or to which the School Board or any of its property or assets is otherwise subject, and any such execution, delivery, adoption or compliance will not result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the School Board under the terms of any such law, regulation or instrument, except as expressly provided by the Certificates and the School Board Documents; (7) the Resolutions have been duly and lawfully adopted by the School Board, are in full force and effect and have not been altered, amended or repealed; (8) except as otherwise disclosed in the Offering Statement under the caption "LITIGATION," there is no action, suit, proceeding, inquiry or investigation at law or in equity before or by any court, government agency, public board or body, pending or, to the best of their knowledge, after due inquiry, threatened against or affecting the School Board, nor is there any basis for any such action, suit, proceeding, inquiry or investigation, wherein an unfavorable decision, ruling or finding would have a materially adverse effect upon the transactions contemplated by the Offering Statement or the validity of the Certificates, the Resolution, or the School Board Documents; (9) all authorizations, consents, approvals and reviews of governmental bodies or regulatory authorities then required for the School Board's adoption, execution or

performance of its obligations under the Resolutions, and the School Board Documents have been obtained or effected, and they have no reason to believe that the School Board will be unable to obtain or effect any such additional authorization, consent, approval or review that may be required in the future for performance of any of them by the School Board; (10) there is no action, suit, proceeding, inquiry or investigation at law or in equity before or by any court, government agency, public board or body, pending or, to the best of their knowledge, after due inquiry, threatened against or affecting the Corporation, nor is there is any basis for any such action, suit, proceeding, inquiry or investigation, wherein an unfavorable decision, ruling or finding would have a materially adverse effect upon the transactions contemplated by the Offering Statement or the validity of the Certificates, the School Board Documents or the Assignment Agreements; (11) the Corporation is a not-for-profit corporation duly incorporated and organized, validly existing and in good standing, under the laws of the State of Florida; (12) the Corporation Resolutions have been duly and lawfully adopted by the Corporation, are in full force and effect and have not been altered, amended or repealed; (13) the Corporation Documents have each been duly authorized, executed and delivered by the Corporation and, assuming due authorization, execution and delivery by the other parties thereto, each constitutes a legal, valid, and binding agreement of the Corporation enforceable in accordance with its terms except to the extent that the enforceability of the rights and remedies set forth therein may be limited by bankruptcy, insolvency or other laws affecting creditors' rights generally and the application of equitable principles; (14) the information in the Preliminary Offering Statement as of its date and the Offering Statement as of its date and as of the Date of Closing relating to the Corporation does not contain any untrue statement of a material fact or omit a material fact with respect to the Corporation necessary to make the statements therein in the light of the circumstances under which they were made, not misleading (except for the financial, statistical and demographic information contained in the Preliminary Offering Statement and the Offering Statement, and information relating to [the Insurer and the Policies and] DTC and its book entry only system of registration as to all of which no view need be expressed); (15) the adoption of the Corporation Resolutions and the execution and delivery of the Corporation Documents and compliance with the provisions on the Corporation's part contained herein or therein, will not conflict with or constitute a material breach of or default under any agreement or other instrument to which the Corporation is a party or to which the Corporation or any of its property or assets is otherwise subject; and (16) all authorizations, consents, approvals and reviews of governmental bodies or regulatory authorities then required for the Corporation's adoption, execution or performance of its obligations under the Corporation Resolutions and the Corporation Documents have been obtained or effected and, they have no reason to believe that the Corporation will be unable to obtain or effect any such additional authorization, consent, approval or review that may be required in the future for performance of any of them by the Corporation.

SECTION 2. FINDINGS. It is hereby found and determined that:

(A) The Corporation and the School Board each have heretofore executed and delivered the Lease Agreement and the Trust Agreement pursuant to which the School Board established a master lease-purchase program.

(B) The Corporation has heretofore leased the Series 2009 Project to the School Board in accordance with the terms of the Current Series 2009 Lease Agreement.

(C) The School Board has determined that it is in its best interests to restructure the Current Series 2009 Lease Agreement to reflect the refunding, on a current basis, of

the Refunded Certificates and defeasance of the Defeased Certificates, if any, with a portion of the proceeds of the Series 2026B Certificates.

(D) The Corporation has agreed with the School Board to use a portion of the proceeds of the Series 2026B Certificates to refund, on a current basis, the Refunded Certificates and defease the Defeased Certificates, if any, pursuant to the terms of the Trust Agreement and the Escrow Deposit Agreement in order to restructure all or a portion of the School Board's Basic Rent Payments payable under the Current Series 2009 Lease Agreement. Such proceeds shall be deposited into an escrow deposit trust fund established pursuant to the Escrow Deposit Agreement and shall constitute the deposit of prepaid Basic Rent Payments by the School Board and the Corporation.

(E) Any deposit of the prepaid Basic Rent Payments in the escrow deposit trust fund shall be in an amount sufficient to pay the Refunded Certificates and defease the Defeased Certificates, if any, as the same become due or are prepaid prior to maturity. The Series 2009 Lease Agreement will secure the payments of Supplemental Rent and any deficiency in the prepaid Basic Rent Payments on deposit in the escrow deposit trust fund relating to the Refunded Certificates and the Defeased Certificates.

(F) In consideration of the deposit of such prepaid Basic Rent Payments with the Escrow Agent, the School Board and the Corporation agree to enter into Second Amended and Restated Lease Schedule No. 2009 whereby the School Board will lease from the Corporation the Series 2009 Project and agree to make Basic Rent Payments sufficient to pay the principal of and interest on the Series 2026B Certificates and the Outstanding Series 2016A Certificates, if any.

(G) The Corporation is authorized and empowered by the Act to enter into transactions such as that contemplated by this Resolution, the Series 2009 Lease Agreement, the Trust Agreement and the Sixteenth Amendment to Assignment of Lease Agreement and to fully perform its obligations thereunder.

(H) Due to the potential volatility of the market for tax-exempt obligations such as the Series 2026B Certificates and the complexity of the transactions relating to such Series 2026B Certificates, it is in the best interest of the Corporation that the Series 2026B Certificates be sold by a delegated, negotiated sale in accordance with the terms hereof, allowing market entry at the most advantageous time, rather than at a specified advertised date or at a regularly scheduled Corporation meeting date, thereby obtaining the best possible price and interest rate for the Series 2026B Certificates.

(I) The Corporation and the School Board have been advised by their Financial Advisor, PFM Financial Advisors LLC, as to the market appropriateness of preparing for the purchase proposal of the Underwriters in light of current market levels and conditions and as to the acceptance of the Certificate Purchase Contract pursuant to a delegated sale subject to the conditions provided herein and in the School Board Resolution (defined herein).

(J) The Series 2026B Certificates shall be secured solely as provided in the Trust Agreement, the Series 2009 Lease Agreement and the Sixteenth Amendment to Assignment of Lease Agreement, it being understood that neither the Series 2026B Certificates nor the interest represented thereby shall be or constitute a general obligation of the District, the School Board, Manatee County, Florida or the State of Florida, or any political subdivision or agency thereof, a pledge of the faith and credit of the District, the School Board, Manatee County, Florida or the State of Florida, or any political subdivision or agency thereof, or a lien upon any property of or located within the boundaries of the District.

FORM OF SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009

SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009

Lease Schedule No. 2009
to the
Master Lease-Purchase Agreement,
dated as of June 1, 1996,
between
Manatee School Board Leasing Corporation (the "Corporation")
and
The School Board of Manatee County, Florida (the "Board")

THIS SECOND AND RESTATED LEASE SCHEDULE NO. 2009 (the "Second Amended and Restated Lease Schedule") hereby amends and restates in its entirety Amended and Restated Lease Schedule No. 2009, dated as of October 1, 2016, between the Board and the Corporation (the "Prior Lease Schedule") to that certain Master Lease-Purchase Agreement, dated as of June 1, 1996, **[**as amended**]** between the Board and the Corporation (the "Lease Agreement"). This Second Amended and Restated Lease Schedule is hereby entered into under the Lease Agreement pursuant to which the Corporation had agreed to lease-purchase to the Board and the Board had agreed to lease-purchase from the Corporation, subject to the terms and conditions of the Lease Agreement, the Series 2009 Project as herein described. All capitalized terms not otherwise defined herein shall have the respective meanings therefor set forth in the (i) Lease Agreement or (ii) the Master Trust Agreement, dated as of June 1, 1996, among the Board, the Corporation and the Trustee, as amended and supplemented by the Series 2026B Supplemental Trust Agreement (the "Series 2026B Supplemental Trust Agreement"), dated as of **[**MONTH**]** 1, 2026, among the Board, the Corporation and the Trustee (collectively, the "Trust Agreement"). Reference to "Lease Agreement" herein shall include the terms of this Amended and Restated Schedule.

1. Findings. The Board and the Corporation hereby find and determine that:

(a) The Board has heretofore executed and delivered the Lease Agreement pursuant to which it has established a master lease-purchase program.

(b) The Board has heretofore leased the Series 2009 Project from the Corporation in accordance with the terms of the Lease Agreement.

(c) The Board has heretofore caused the Series 2016A Certificates (as defined in the Series 2026B Supplemental Trust Agreement) to be executed, authenticated and

delivered by the Trustee in connection with the refinancing of the costs of acquisition and construction and the Board's lease-purchase of the Series 2009 Project.

(d) The Board and the Corporation deem it in their best interests to restructure the Basic Rent Payments due under the Prior Lease Schedule by issuing Refunding Certificates for the purpose of refunding, on a current basis, the outstanding Series 2016A Certificates maturing on July 1 in the years 2027 through 2029, inclusive (collectively, the "Refunded Certificates") **[**and defeasing the outstanding Series 2016A Certificates maturing on July 1, 2026 (the "Defeased Series 2016A Certificates")**]**.

(e) In order to accomplish such refunding **[**and defeasance**]**, the Board and the Corporation hereby agree to cause the issuance of the Series 2026B Certificates (as defined herein) pursuant to the Master Trust Agreement and the Series 2026B Supplemental Trust Agreement.

(f) The Board and the Corporation further agree to use a portion of the proceeds of the Series 2026B Certificates to (i) prepay the Refunded Certificates pursuant to the terms of the Master Trust Agreement (including, particularly, Articles V and XII thereof) and an Escrow Deposit Agreement, dated as of **[**CLOSING DATE**]**, 2026 (the "Escrow Deposit Agreement"), between the Board and U.S. Bank Trust Company, National Association, as Escrow Agent, in order to restructure and reduce certain Basic Rent Payments payable under the Lease Agreement as aforesaid, **[**(ii) pay the Defeased Series 2016A Certificates at maturity**]** and (iii) pay costs associated with the issuance of the Series 2026B Certificates. The portion of the proceeds of the Series 2026B Certificates to be applied to the refunding of the Refunded Certificates **[**and the defeasance of the Defeased Series 2016A Certificates**]**, together with certain other legally available funds of the Board, shall be deposited into an escrow deposit trust fund established pursuant to the Escrow Deposit Agreement and shall constitute the deposit of prepaid Basic Rent Payments by the Board. The refunding of the Refunded Certificates is in the best interests of the Board and the Corporation because it results in a decrease in Basic Rent Payments associated with the portion of the Series 2009 Project refinanced with the proceeds of the Refunded Certificates.

(g) The deposit of the prepaid Basic Rent Payments into the escrow deposit trust fund shall be in an amount sufficient to pay the principal of, prepayment premium, if any, and interest on the Refunded Certificates **[**and to defease the Defeased Series 2016A Certificates**]**, as the same become due or are prepaid prior to maturity. The Lease Agreement will secure the payment of Supplemental Rent and any deficiency in the prepaid Basic Rent Payments on deposit in the escrow deposit trust fund relating to the Refunded Certificates **[**and the Defeased Series 2016A Certificates**]**.

(h) In consideration for the deposit of such prepaid Basic Rent Payments with the Escrow Agent, the Board and the Corporation agree to enter into this Second Amended and Restated Schedule, whereby the Board will continue to lease the Series

2009 Project and agree to make Basic Rent Payments sufficient to pay the principal of and interest on the Series 2026B Certificates **[**and the Series 2016A Certificates maturing on July 1, 2026 (the "Outstanding Series 2016A Certificates") that are not refunded in connection with the issuance of the Series 2026B Certificates**]**.

2. Series 2009 Project. The leased property, which is described in Section 7 of this Lease Schedule (the "Series 2009 Project"), and had a Maximum Cost of $45,190,978, has been acquired, constructed and installed, and shall be lease-purchased, by the Board from the Corporation pursuant to the terms of the Lease Agreement.

SECTION 204. LETTER OF INSTRUCTIONS. Attached hereto as Schedule 1 is the Letter of Instructions relating to the Series 2026B Certificates as required by Section 6.12 of the Trust Agreement. The Trustee, the Corporation and the Board agree to abide by the provisions of such Letter of Instructions in accordance with and to the extent of the terms of the Trust Agreement.

SECTION 205. FULL BOOK-ENTRY. Notwithstanding the provisions set forth in Section 201 hereof or Section 4.06 of the Master Trust Agreement, the Series 2026B Certificates shall be initially issued in the form of a separate single certificated fully registered Series 2026B Certificate for each of the maturities of the Series 2026B Certificates. Upon initial issuance, the ownership of each such Series 2026B Certificate shall be registered in the registration books kept by the Trustee in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"). As long as the Series 2026B Certificates shall be registered in the name of Cede & Co., all payments of principal of and interest on the Series 2026B Certificates shall be made by the Trustee by check or draft or by wire transfer to Cede & Co., as Holder of the Series 2026B Certificates.

With respect to Series 2026B Certificates registered in the registration books kept by the Trustee in the name of Cede & Co., as nominee of DTC, the Board, the Corporation and the Trustee shall have no responsibility or obligation to any participant in the DTC book-entry program or to any indirect participant (collectively, a "Participant"). Without limiting the immediately preceding sentence, the Board, the Corporation and the Trustee shall have no responsibility or obligation with respect to (A) the accuracy of the records of DTC, Cede & Co. or any Participant with respect to any ownership interest on the Series 2026B Certificates, (B) the delivery to any Participant or any other Person other than a Certificate Owner, as shown in the registration books kept by the Trustee, of any notice with respect to the Series 2026B Certificates, or (C) the payment to any Participant or any other Person, other than a Certificate Owner, as shown in the registration books kept by the Trustee, of any amount with respect to principal of, premium, if any, or interest on the Series 2026B Certificates. The Board, the Corporation and the Trustee may treat and consider the Person in whose name each Series 2026B Certificate is registered in the registration books kept by the Trustee as the Holder and absolute owner of such Series 2026B Certificate for the purpose of payment of principal of, premium, if any, and interest with respect to such Series 2026B Certificate, for providing notices with respect to such Series 2026B Certificate, for the purpose of registering transfers with respect to such Series 2026B Certificate, for the purpose of providing notices, and for all other purposes whatsoever. writing, as provided herein and all such payments shall be valid and effective to fully satisfy and discharge the Board's obligations with respect to payment of principal of, premium, if any, and interest on the Series 2026B Certificates to the extent of the sum or sums so paid. No Person shall receive a certificated Series 2026B Certificate evidencing the obligation of the Board to make payments of principal of, premium, if any, and interest pursuant to the provisions hereof. Upon (A) receipt by the Board of written notice from DTC (i) to the effect that a continuation of the requirement that all of the outstanding Series 2026B Certificates be registered in the registration books kept by the Trustee in the name of Cede & Co., as nominee of DTC, is not in the best interest of the beneficial owners of the Series 2026B Certificates or (ii) to the effect that DTC is unable or unwilling to discharge its responsibilities and no substitute depository willing to undertake the functions of DTC hereunder can be found which is willing and able to undertake such functions upon reasonable and customary terms, or (B) determination by the Board, in its sole discretion upon compliance with applicable DTC policies and procedures, that such book-entry only system is burdensome to the Board, the Series 2026B Certificates shall no longer be restricted to being registered in the registration books kept by the Trustee in the name of Cede & Co., as nominee of DTC, but may be registered in whatever name or names holders shall designate, in accordance with the provisions hereof. In such event, the Board shall issue and the Trustee shall authenticate, transfer and exchange Series 2026B Certificates of like principal amount and maturity, in denominations of $5,000 or any integral multiple thereof to the holders thereof in accordance with the provisions of the Trust Agreement. The foregoing notwithstanding, until such time as participation in the book-entry only system is discontinued, the provisions set forth in the Blanket Issuer Letter of Representations executed by the Board and delivered to DTC shall apply to the payment of principal of and interest on the Series 2026B Certificates.

The Series 2026B Certificates have been issued pursuant to a Master Trust Agreement, dated as of June 1, 1996, as amended and supplemented by the Series 2026B Supplemental Trust Agreement, dated as of [MONTH] 1, 2026 (collectively, the "Trust Agreement"), among U.S. Bank Trust Company, National Association, as successor trustee (the "Trustee"), the Manatee School Board Leasing Corporation, a Florida not-for-profit corporation, as lessor (the "Corporation"), and The School Board of Manatee County, Florida, a school board of the State of Florida, as lessee (the "Board"). The Series 2026B Certificates represent undivided proportionate interests of Owners of the Series 2026B Certificates in the Basic Rent Payments to be made under a Master Lease-Purchase Agreement, dated as of June 1, 1996, as amended and supplemented by Second Amended

and Restated Lease Schedule No. 2016A, dated as of **[**MONTH**]** 1, 2026 (collectively, the "Lease Agreement"), between the Corporation and the Board. Pursuant to an Assignment of Lease Agreement, dated as of June 1, 1996, as amended and supplemented by the Sixteenth Amendment to Assignment of Lease Agreement, dated as of **[**MONTH**]** 1, 2026, between the Corporation and the Trustee, the Corporation has assigned all of its rights, title and interest in and to the Second Amended and Restated Lease Schedule No. 2016A (other than certain rights and obligations specifically excepted therein), including, without limitation, the right to receive the Basic Rent Payments, when due, to the Trustee for the benefit of the Owners of the Series 2026B Certificates **[**and the Outstanding Series 2016A Certificates.**]**

Since the requirements of said Section 148(f) are subject to amplification and clarification, it may be necessary to supplement or modify the instructions contained in this letter from time to time to reflect any additional or different requirements of said Section and the Regulations or to specify that actions set forth in this letter are no longer required or that some further or different action is required to maintain or assure the exemption from federal income tax of the interest on the Series 2026B Certificates.

For purposes of this letter, any instructions relating to a fund, account or subaccount established under the Trust Agreement shall be deemed to apply only to that portion of such fund, account or subaccount allocable to the Series 2026B Certificates.

1. Tax Covenants. Pursuant to the Trust Agreement, the Corporation and the Board have made certain covenants designed to assure that the Interest Component of the Basic Rent Payments is and shall remain excludable from gross income for purposes of federal income taxation. In order to preserve this exemption neither the Corporation nor the Board should, directly or indirectly, use or permit the use of any proceeds of the Series 2026B Certificates or the Lease Payments or any other funds or take or omit to take any action that would cause the Series 2026B Certificates to be "arbitrage bonds" within the meaning of Section 148 of the Code or that would cause the Interest Component of the Basic Rent Payments to be subject to be included in gross income for federal income tax purposes under the provisions of the Code. The Board must comply with all other requirements as shall be determined by Bond Counsel to be necessary or appropriate to assure that the Interest Component of the Basic Rent Payments will be excludable from gross income for purposes of federal income taxation. To that end, the Corporation and the Board shall comply with all requirements of Section 148 of the Code to the extent applicable to the Series 2026B Certificates.

2. Definitions. Capitalized terms used in this letter, but not otherwise defined herein, shall have the same meanings set forth in Exhibit A to the Trust Agreement and in the Board's Certificate as to Arbitrage and Certain Other Tax Matters relating to the Series 2026B Certificates.

"Bond Counsel" means Nabors, Giblin & Nickerson, P.A., Tampa, Florida or such other firm of nationally recognized bond counsel as may be selected by the Board.

"Certificate Year" means any one-year period (or shorter period from the Issue Date) ending on the close of business on the day preceding the anniversary of the Issue Date; provided, however, that the Board may select any other day as the end of a Certificate Year if such selection is made prior to the earlier of the final maturity date of the Series 2026B Certificates or the fifth anniversary of the Issue Date.

"Code" means the Internal Revenue Code of 1986, as amended.

"Computation Date" means each date selected by the Board as a computation date pursuant to Section 1.148-3(e) of the Regulations and the Final Computation Date.

"Fair Market Value" means, when applied to a Nonpurpose Investment, the Fair Market Value of such Investment as determined in accordance with Section 4 hereof.

"Final Computation Date" means the date the Series 2026B Certificates are discharged.

"Gross Proceeds" means, with respect to the Series 2026B Certificates:

(1) Amounts constituting Sale Proceeds of the Series 2026B Certificates.

(2) Amounts constituting Investment Proceeds of the Series 2026B Certificates.

(3) Amounts constituting Transferred Proceeds of the Series 2026B Certificates.

(4) Other amounts constituting Replacement Proceeds of the Series 2026B Certificates.

(5) Amounts that constitute Pledged Moneys (as defined below) and that are derived directly or indirectly from the Board (or a governmental unit of which the Board is a part) or any other person who substantially benefits from the issuance of the Series 2026B Certificates.

"Investment Proceeds" means any amounts actually or constructively received from investing proceeds of the Series 2026B Certificates.

"Investment Property" means any security, obligation or other property held principally as a passive vehicle for the production of income, within the meaning of Section 1.148-1(b) of the Regulations.

"Issue Date" means **[**CLOSING DATE**]**, 2026.

"Net Proceeds" means Sale Proceeds, less the portion of such Proceeds invested in a reasonably required reserve or replacement fund under the Code.

"Nonpurpose Investment" shall have the meaning ascribed to such term in Section 148 of the Code and shall include any Investment Property in which Gross Proceeds are invested which is not acquired to carry out the governmental purpose of the Series 2026B Certificates, e.g., obligations acquired with Gross Proceeds that are invested temporarily until needed for the governmental purpose of the Series 2026B Certificates, that are used to discharge a prior issue, or that are invested in a reasonably required reserve or replacement fund.

"Nonpurpose Payments" shall include the payments with respect to Nonpurpose Investments specified in Section 1.148-3(d)(1)(i)-(v) of the Regulations.

"Nonpurpose Receipts" shall include the receipts with respect to Nonpurpose Investments specified in Section 1.148-3(d)(2)(i)-(iii) of the Regulations.

"Pledged Moneys" means moneys that are reasonably expected to be used directly or indirectly to pay debt service on the Series 2026B Certificates (or to reimburse a municipal bond insurer) or as to which there is a reasonable assurance that such moneys or the earnings thereon will be available directly or indirectly to pay debt service on the Series 2026B Certificates (or to reimburse a municipal bond insurer) if the Board encounters financial difficulties.

"Pre-Issuance Accrued Interest" means amounts representing interest that has accrued on an obligation for a period of not greater than one year before its issue date but only if those amounts are paid within one year after the Issue Date.

"Proceeds" means any Sale Proceeds, Investment Proceeds and Transferred Proceeds of the Certificates.

"Qualified Administrative Costs" means reasonable, direct administrative costs, other than carrying costs, such as separately stated brokerage and selling commissions that are comparable to those charged nongovernmental entities in transactions not involving tax-exempt bond proceeds, but not legal and accounting fees, recordkeeping, custody or similar costs. In addition, with respect to a guaranteed investment contract or investments purchased for a yield restricted defeasance escrow, such costs will be considered reasonable if (1) the amount of the fee the Board treats as a Qualified Administrative Cost does not exceed the lesser of (a) $**[**50,000**]** (for calendar year 2026), and (b) 0.2% of the "computational base," or, if more, $**[**5,000**]**; and (2) the Board does not treat as Qualified Administrative Costs more than $**[**141,000**]** (for calendar year 2026) in brokers' commissions or similar fees with respect to all guaranteed investment contracts and investments for yield restricted defeasance escrows purchased with Gross Proceeds of the issue. For purposes of this definition only, "computational base" shall mean with respect

to guaranteed investment contracts, the amount of Gross Proceeds the Board reasonably expects, as of the date the contract is acquired, to be deposited in the guaranteed investment contract over the term of the contract and for investments other than guaranteed investment contract, "computational base" shall mean the amount of Gross proceeds initially invested in such investments. The above- described safe harbor dollar amounts shall be increased each calendar year for cost-of-living adjustments pursuant to Section 1.148-5(e) of the Regulations.

"Rebatable Arbitrage" means, as of any Computation Date, the excess of the future value of all Nonpurpose Receipts over the future value of all Nonpurpose Payments.

"Rebate Fund" means the Rebate Fund established pursuant to the Trust Agreement and described in Section 3 hereof.

"Regulations" means Treasury Regulations Sections 1.148-0 through 1.148-11, 1.149(b)-1 and (d)-1, and 1.150-0 through 1.150-2, as amended, and any regulations amendatory, supplementary or additional thereto.

"Replacement Proceeds" means amounts that have a sufficiently direct nexus to the Series 2026B Certificates or to the governmental purpose of the Series 2026B Certificates to conclude that the amounts would have been used for that governmental purpose if the Proceeds of the Series 2026B Certificates were not used or to be used for that governmental purpose. For this purpose, governmental purposes include the expected use of amounts for the payment of debt service on a particular date. The mere availability or preliminary earmarking of amounts for a governmental purpose, however, does not in itself establish a sufficient nexus to cause those amounts to be Replacement Proceeds. Replacement Proceeds include, but are not limited to, amounts held in a sinking fund or a pledged fund. For these purposes, an amount is pledged to pay principal of or interest on the Series 2026B Certificates if there is reasonable assurance that the amount will be available for such purposes in the event that the issuer encounters financial difficulties.

"Sale Proceeds" means any amounts actually or constructively received by the Board from the sale of the Series 2026B Certificates, including amounts used to pay underwriters' discount or compensation and interest other than Pre-Issuance Accrued Interest. Sale Proceeds shall also include, but are not limited to, amounts derived from the sale of a right that is associated with a Series 2026B Certificate and that is described in Section 1.148-4(b)(4) of the Regulations.

"Tax-Exempt Investment" means (i) an obligation the interest on which is excluded from gross income pursuant to Section 103 of the Code, (ii) United States Treasury-State and Local Government Series, Demand Deposit Securities, and (iii) stock in a tax-exempt mutual fund as described in Section 1.150-1(b) of the Regulations. Tax-Exempt Investment shall not include a specified private activity bond as defined in Section 57(a)(5)(C) of the Code. For purposes of these Rebate Instructions, a tax-exempt mutual

fund includes any regulated investment company within the meaning of Section 851(a) of the Code meeting the requirements of Section 852(a) of the Code for the applicable taxable year; having only one class of stock authorized and outstanding; investing all of its assets in tax-exempt obligations to the extent practicable; and having at least 98 percent of (1) its gross income derived from interest on, or gain from the sale of or other disposition of, tax-exempt obligations or (2) the weighted average value of its assets represented by investments in tax-exempt obligations.

"Transferred Proceeds" shall have the meaning provided therefor in Section 1.148-9 of the Regulations.

"Universal Cap" means the value of all then outstanding Series 2026B Certificates.

"Value" (of a Series 2026B Certificate) means with respect to a Series 2026B Certificate issued with not more than two percent original issue discount or original issue premium, the outstanding principal amount, plus accrued unpaid interest; for any other Series 2026B Certificate, its present value.

"Value" (of an Investment) shall have the following meaning in the following circumstances:

(1) General Rules. Subject to the special rules in the following paragraph, an issuer may determine the value of an investment on a date using one of the following valuation methods consistently applied for all purposes relating to arbitrage and rebate with respect to that investment on that date:

(a) an investment with not more than two percent original issue discount or original issue premium may be valued at its outstanding stated principal amount, plus accrued unpaid interest on such date;

(b) a fixed rate investment may be valued at its present value on such date; and

(c) an investment may be valued at its Fair Market Value on such date.

(2) Special Rules. Yield restricted investments are to be valued at present value provided that (except for purposes of allocating Transferred Proceeds to an issue, for purposes of the Universal Cap and for investments in a commingled fund other than a bona fide debt service fund unless it is a certain commingled fund):

(a) an investment must be valued at its Fair Market Value when it is first allocated to an issue, when it is disposed of and when it is deemed acquired or deemed disposed of, and provided further that;

(b) in the case of Transferred Proceeds, the Value of a Nonpurpose Investment that is allocated to Transferred Proceeds of a refunding issue on a transfer date may not exceed the Value of that investment on the transfer date used for purposes of applying the arbitrage restrictions to the refunded issue.

"Yield" means, generally, the discount rate which, when used in computing the present value of all the unconditionally payable payments of principal and interest on an obligation and all the payments for qualified guarantees paid and to be paid with respect to such obligation, produces an amount equal to the present value of the issue price of such obligation. Present value is computed as of the date of issue of the obligation. There are, however, many additional specific rules contained in the Regulations which apply to the calculation and recalculation of yield for particular obligations and such rules should be consulted prior to calculating the yield for the Series 2026B Certificates on any Computation Date. Yield shall be calculated on a 360-day year basis with interest compounded semi-annually. For this purpose, the purchase price of a Nonpurpose Investment or Tax-Exempt Investment is its Fair Market Value, as determined pursuant to Section 4 of this letter, as of the date that it becomes allocated to Gross Proceeds of the Series 2026B Certificates.

"Yield on the Series 2026B Certificates" means, for all Computation Dates, the Yield expected as of the date hereof on the Series 2026B Certificates over the term of such Series 2026B Certificates computed by:

(1) using as the purchase price of the Series 2026B Certificates, the amount at which such Series 2026B Certificates were sold to the public within the meaning of Sections 1273 and 1274 of the Code; and

(2) assuming that all of the Series 2026B Certificates will be paid at their scheduled maturity dates or in accordance with any mandatory redemption requirements.

3. Payment of Rebatable Arbitrage.

(a) In order to maintain the exemption from federal income tax of the Interest Component of the Basic Rent Payments, the Trustee, upon the written direction of the Board in accordance with Section 6.12 of the Trust Agreement, shall pay the Rebatable Arbitrage to the United States Government at the times and in the amounts determined herein from amounts on deposit in the Rebate Fund. For purposes of determining the Rebatable Arbitrage, the Board should cause the calculations to be made by competent tax counsel or other financial or accounting advisors or persons to ensure correct application of the rules contained in the Code and the Regulations relating to arbitrage rebate.

(b) Within 30 days after any Computation Date, the Board must calculate or cause to be calculated the Rebatable Arbitrage or any penalty due pursuant to Section 3(d) below. The Board agrees to pay the Trustee the amount of the Rebatable Arbitrage for

deposit to the Rebate Fund on or before the same must be remitted by the Trustee. Upon receipt of such Rebatable Arbitrage from the Board, but in no event later than 60 days following the Computation Date, the Trustee must remit (but only from amounts received from the Board) an amount which when added to the future value of previous rebate payments is not less than 90 percent (100 percent with respect to the Computation Date on the final repayment or retirement of the Series 2026B Certificates plus the income, if any, from the investment of the Rebatable Arbitrage due the United States Government after the final Computation Date) of the Rebatable Arbitrage.

Each payment must be accompanied by Internal Revenue Service Form 8038-T.

(c) The obligation to pay Rebatable Arbitrage to the United States, as described in this letter, shall be treated as satisfied with respect to the Series 2026B Certificates if (i) Gross Proceeds are expended for the governmental purpose of the Series 2026B Certificates by no later than the date which is six months after the Issue Date and if it is not anticipated that any other Gross Proceeds will arise during the remainder of the term of the Series 2026B Certificates and (ii) the requirement to pay Rebatable Arbitrage, if any, to the United States with respect to the portion of the Reserve Account allocable to the Series 2026B Certificates, if any, is met. For purposes described above, Gross Proceeds do not include (i) amounts deposited in a bona fide debt service fund, so long as the funds therein constitute bona fide debt service funds, or a reasonably required reserve or replacement fund (as defined in Section 1.148-1 of the Regulations and meeting the requirements of Section 1.148-2(f) of the Regulations), (ii) amounts that, as of the Issue Date, are not reasonably expected to be Gross Proceeds but that become Gross Proceeds after the date which is six months after the Issue Date, (iii) amounts representing Sale or Investment Proceeds derived from any Purpose Investment (as defined in Section 1.148-1 of the Regulations) and earnings on those payments, and (iv) amounts representing any repayments of grants (as defined in Section 1.148-6(d)(4) of the Regulations). If Gross Proceeds are in fact expended by such date, then, except as to amounts, if any, on deposit in the Reserve Account, Rebatable Arbitrage with respect to such Gross Proceeds need not be calculated and no payment thereof to the United States Department of Treasury need be made. Use of Gross Proceeds to redeem Series 2026B Certificates shall not be treated as an expenditure of such Gross Proceeds.

Notwithstanding the foregoing, if Gross Proceeds which were reasonably expected to be Gross Proceeds on the Issue Date actually become available after the date which is six months after the Issue Date, as determined by the Board, then the requirements described herein relating to the calculation of Rebatable Arbitrage and the payment thereof to the United States must be satisfied, except that no such calculation or payment need be made with respect to the initial six-month period. Any other amounts not described in this Section which constitute Gross Proceeds, other than a bona fide debt service fund, will be subject to rebate.

(d) The Board and the Trustee should keep or cause to be kept proper books of records and accounts containing complete and correct entries of all transactions relating to the receipt, investment, disbursement, allocation and application of the moneys related to the Series 2026B Certificates, including moneys derived from, pledged to, or to be used to make payments on the Series 2026B Certificates. Such records shall, at a minimum, be sufficient to enable the Board to calculate the Rebatable Arbitrage and, if necessary, shall specify the account or fund to which each investment (or portion thereof) is to be allocated and shall set forth, in the case of each investment security, (i) its purchase price, (ii) identifying information, including par amount, coupon rate, and payment dates, (iii) the amount received at maturity or its sale price, as the case may be, including accrued interest, (iv) the amounts and dates of any payments made with respect thereto, and (v) the dates of acquisition and disposition or maturity.

4. Market Price Rules. Except as provided below, the Board agrees to comply with the requirements relating to the "Fair Market Value" of acquired Nonpurpose Investments, as defined in Section 1.148-5(d) of the Regulations ("Fair Market Value"). All investments required to be made pursuant to this letter shall be made to the extent permitted by law. In this regard, the Board agrees, among other things, that it will not acquire or cause to be acquired a Nonpurpose Investment (or any other investment acquired with Gross Proceeds or on deposit in the Rebate Fund), for a price in excess of its Fair Market Value or sell any such investment at a price (determined without any reduction for transaction costs) less than its Fair Market Value, except as provided below. For this purpose, the following rules shall apply:

(a) Established securities markets. Except as otherwise provided below, any market especially established to provide a security or obligation to an issuer of municipal obligations shall not be treated as an established market and shall be rebuttably presumed to be acquired or disposed of for a price that is not its Fair Market Value.

(b) Arm's-length price. Any transaction in which a Nonpurpose Investment is directly purchased with Gross Proceeds, or in which a Nonpurpose Investment allocable to Gross Proceeds is disposed of, shall be undertaken in a bona fide arm's-length manner, and no amount shall be paid to reduce the yield on the Nonpurpose Investment.

(c) Safe harbor for establishing Fair Market Value for guaranteed investment contracts and Nonpurpose Investments purchased for a yield restricted defeasance escrow. In the case of a guaranteed investment contract or Nonpurpose Investments purchased for a yield restricted defeasance escrow, the purchase price shall not be considered to be an arm's-length price unless all the following conditions are met:

(i) The Board makes a bona fide solicitation ("Bona Fide Solicitation") for the purchase of the investment that satisfies all of the following requirements:

(1) The bid specifications are in writing and are timely forwarded to potential providers;

(2) The bid specifications include all terms of the bid that may directly or indirectly affect the yield or the cost of the investment;

(3) The bid specifications include a statement notifying potential providers that submission of a bid is a representation that the potential provider did not consult with any other potential provider about its bid, that the bid was determined without regard to any other formal or informal agreement that the potential provider has with the Board or any other person (whether or not in connection with the bond issue), and that the bid is not being submitted solely as a courtesy to the Board or any other person for purposes of satisfying these requirements;

(4) The terms of the bid specifications are such that there is a legitimate business purpose for each term other than to increase the purchase price or reduce the yield of the investment (e.g., for solicitations of Nonpurpose Investments for a yield restricted defeasance escrow, the hold firm period must be no longer than the Board reasonably requires);

(5) For purchases of guaranteed investment contracts only, the terms of the solicitation take into account the Board's reasonably expected deposit and draw down schedule for the amounts to be invested;

(6) All potential providers have an equal opportunity to bid (e.g., no potential provider is given the opportunity to review other bids before providing a bid); and

(7) At least three providers are solicited for bids that have an established industry reputation as a competitive provider of the type of investments being purchased.

(ii) The bids received by the Board must meet all of the following requirements:

(1) The Board receives at least three bids from providers that the Board solicited under a Bona Fide Solicitation and that do not have a material financial interest in the issue. A lead underwriter in a negotiated underwriting transaction is deemed to have a material financial interest in the issue until 15 days after the issue date of the issue. In addition, any entity acting as a financial advisor with respect to the purchase of the investment at the time the bid specifications are forwarded to potential providers has a material financial interest in the issue. A provider that is a related party to a

provider that has a material financial interest in the issue is deemed to have a material financial interest in the issue.

(2) At least one of the three bids described in paragraph (c)(ii)(1) above is from a provider that has an established industry reputation as a competitive provider of the type of investments being purchased; and

(3) If the Board uses an agent to conduct the bidding process, the agent did not bid to provide the investment.

(iii) The winning bid must meet the following requirements:

(1) *Guaranteed investment contracts*. If the investment is a guaranteed investment contract, the winning bid is the highest yielding bona fide bid (determined net of any broker's fees).

(2) *Other Nonpurpose Investments*. If the investment is not a guaranteed investment contract, the following requirements are met:

(A) The winning bid is the lowest cost bona fide bid (including any broker's fees). The lowest bid is either the lowest cost bid for the portfolio or, if the Board compares the bids on an investment-by-investment basis, the aggregate cost of a portfolio comprised of the lowest cost bid for each investment. Any payment received by the Board from a provider at the time a guaranteed investment contract is purchased (e.g., an escrow float contract) for a yield restricted defeasance escrow under a bidding procedure meeting these requirements is taken into account in determining the lowest cost bid.

(B) The lowest cost bona fide bid (including any broker's fees) is not greater than the cost of the most efficient portfolio comprised exclusively of State and Local Government Series Securities from the United States Department of the Treasury, Bureau of Public Debt. The cost of the most efficient portfolio of State and Local Government Series Securities is to be determined at the time that bids are required to be submitted pursuant to the terms of the bid specifications. If such State and Local Government Series Securities are not available for purchase on the day that bids are required to be submitted because sales of those securities have been suspended, the cost comparison described in this paragraph is not required.

(iv) The provider of the investments or the obligor on the guaranteed investment contract certifies the administrative costs that it pays (or expects to pay) to third parties in connection with supplying the investment.

(d) The Board shall retain certificates and records documenting compliance with the above requirements until three years after the last outstanding Series 2026B Certificate is redeemed including, but not limited to, the following:

(i) For purchases of guaranteed investment contracts, a copy of the contract, and for purchases of Nonpurpose Investments other than guaranteed investment contracts, the purchase agreement or confirmation;

(ii) The receipt or other record of the amount actually paid by the Board for the investments, including a record of any administrative costs paid by the Board and the certification required in paragraph (c)(iv) above;

(iii) For each bid that is submitted, the name of the person and entity submitting the bid, the time and date of the bid, and the bid results;

(iv) The bid solicitation form and, if the terms of the purchase agreement or the guaranteed investment contract deviated from the bid solicitation form or a submitted bid is modified, a brief statement explaining the deviation and stating the purpose for the deviation; and

(v) For purchase of Nonpurpose Investments other than guaranteed investment contracts, the cost of the most efficient portfolio of State and Local Government Series Securities, determined at the time that the bids were required to be submitted.

Certificates in substantially the forms of subparagraphs (v) and (vi) above must be obtained to evidence the foregoing.

5. Records. The Board and the Trustee should retain all records with respect to the calculations required by this letter for at least six years after the date on which the last of the principal of and interest on the Series 2026B Certificates has been paid, whether upon maturity, redemption, or acceleration thereof.

6. Modification Upon Receipt of Bond Counsel Opinion. Notwithstanding any provision of this letter, if the Board and the Trustee shall receive an opinion of Bond Counsel that any specified instructions set forth in this letter are no longer required or that some further or different action is required to maintain or assure the exclusion from federal gross income of the Interest Component of the Basic Rent Payments, the Board and the Trustee may conclusively rely on such opinion in complying with the requirements of this letter and the instructions contained in this letter shall be deemed to be modified to that extent. The provisions of this and the instructions contained in this letter may be amended

or modified in any manner which is necessary to comply with such regulations as may be promulgated by the United States Treasury Department from time to time.

7. Accounting for Gross Proceeds. In order to perform the calculations required by the Code and the Regulations, it is necessary to track the investment and expenditure of all Gross Proceeds. To that end, the Board must adopt reasonable and consistently applied methods of accounting for all Gross Proceeds. Appendix I hereto sets forth a description of the required allocation and accounting rules with which the Board agrees to comply.

8. Administrative Costs of Investments. Except as otherwise provided in this Section 8, an allocation of Gross Proceeds to a payment or receipt on a Nonpurpose Investment is not adjusted to take into account any costs or expenses paid, directly or indirectly, to purchase, carry, sell or retire the Nonpurpose Investment (administrative costs). Thus, administrative costs generally do not increase the payments for, or reduce the receipts from, Nonpurpose Investments.

In determining payments and receipts on Nonpurpose Investments, Qualified Administrative Costs are taken into account by increasing payments for, or reducing the receipts from, the Nonpurpose Investments. Qualified Administrative Costs are reasonable, direct administrative costs, other than carrying costs, such as separately stated brokerage or selling commissions, but not legal and accounting fees, recordkeeping, custody and similar costs. General overhead costs and similar indirect costs of the Board such as employee salaries and office expenses and costs associated with computing Rebatable Arbitrage are not Qualified Administrative Costs.

Allocation and accounting rules are provided in Appendix I attached hereto.

9. Board Obligations. Except for any Rebatable Arbitrage which accrues prior to the date of termination of the Lease, the Board shall have no further obligations hereunder subsequent to the termination of the Lease Agreement.

10. Trustee Obligations. Except for matters set forth in Sections 3(a), (b) and (d) hereof and Section 6.12 of the Trust Agreement, the parties hereto agree that the Trustee shall have no further obligations hereunder or under the Trust Agreement relating to the matters set forth in this letter.

APPENDIX I

ALLOCATION AND ACCOUNTING RULES

(a) General Rule. Any issuer may use any reasonable, consistently applied accounting method to account for Gross Proceeds, investments and expenditures of an issue. An accounting method is "consistently applied" if it is applied uniformly within a Fiscal Period (as hereinafter defined) and between Fiscal Periods to account for Gross Proceeds of an issue and any amounts that are in a commingled fund.

(b) Allocation of Gross Proceeds to an Issue. Amounts are allocable to only one issue at a time as Gross Proceeds. Amounts cease to be allocated to an issue as Proceeds only when those amounts (i) are allocated to an expenditure for a governmental purpose; (ii) are allocated to Transferred Proceeds of another issue of obligations; or (iii) cease to be allocated to that issue at retirement of the issue or under the Universal Cap.

(c) Allocation of Gross Proceeds to Investments. Upon the purchase or sale of a Nonpurpose Investment, Gross Proceeds of an issue are not allocated to a payment for that Nonpurpose Investment in an amount greater than, or to a receipt from that Nonpurpose Investment in an amount less than, the Fair Market Value of the Nonpurpose Investment as of the purchase or sale date. The Fair Market Value of a Nonpurpose Investment is adjusted to take into account Qualified Administrative Costs allocable to the investment. Thus, Qualified Administrative Costs increase the payments for, or decrease the receipts from, a Nonpurpose Investment.

(d) Allocation of Gross Proceeds to Expenditures. Reasonable accounting methods for allocating funds from different sources to expenditures for the same governmental purpose include a "specific tracing" method, a "gross-proceeds-spent-first" method, a "first-in-first-out" method or a ratable allocation method, so long as the method used is consistently applied. An allocation of Gross Proceeds of an issue to an expenditure must involve a current outlay of cash for a governmental purpose of the issue. A current outlay of cash means an outlay reasonably expected to occur not later than five banking days after the date as of which the allocation of Gross Proceeds to the expenditure is made.

(e) Commingled Funds. Any fund or account that contains both Gross Proceeds of an issue and amounts in excess of $25,000 that are not Gross Proceeds of that issue if the amounts in the fund or account are invested and accounted for collectively, without regard to the source of the funds deposited therein, constitutes a "commingled fund." All payments and receipts (including deemed payments and receipts) on investments held by a commingled fund must be allocated (but not necessarily distributed) among each different source of funds invested in the commingled fund in accordance with a consistently applied, reasonable ratable allocation method. Reasonable ratable allocation methods include, without limitation, methods that allocate payments and receipts in proportion to either (i) the average daily balances of the amounts in the commingled fund from each different source of funds during any consistent time period within its fiscal year, but at least quarterly

(the "Fiscal Period"); or (ii) the average of the beginning and ending balances of the amounts in the commingled fund from each different source of funds for a Fiscal Period that does not exceed one month.

Funds invested in the commingled fund may be allocated directly to expenditures for governmental purposes pursuant to a reasonable consistently applied accounting method. If a ratable allocation method is used to allocate expenditures from the commingled fund, the same ratable allocation method must be used to allocate payments and receipts on investments in the commingled fund.

Generally, a commingled fund must treat all its investments as if sold at Fair Market Value either on the last day of the fiscal year or on the last day of each Fiscal Period. The net gains or losses from these deemed sales of investments must be allocated to each different source of funds invested in the commingled fund during the period since the last allocation. This mark-to-market requirement does not apply if (i) the remaining weighted average maturity of all investments held by a commingled fund during a particular fiscal year does not exceed 18 months, and the investments held by the commingled fund during that fiscal year consist exclusively of obligations; or (ii) the commingled fund operated exclusively as a reserve fund, sinking fund or replacement fund for two or more issues of the same issuer. Subject to the Universal Cap limitation, and the principle that amounts are allocable to only one issue at a time as Gross Proceeds, investments held by a commingled fund must be allocated ratably among the issues served by the commingled fund in proportion to either (i) the relative values of the bonds of those issues; (ii) the relative amounts of the remaining maximum annual debt service requirements on the outstanding principal amounts of those issues; or (iii) the relative original stated principal amounts of the outstanding issues.

(f) Universal Cap. Amounts that would otherwise be Gross Proceeds allocable to an issue are allocated (and remain allocated) to the issue only to the extent that the Value of the Nonpurpose Investments allocable to those Gross Proceeds does not exceed the Value of all outstanding bonds of the issue. Nonpurpose Investments allocated to Gross Proceeds in a bona fide debt service fund for an issue are not taken into account in determining the Value of the Nonpurpose Investments, and those Nonpurpose Investments remain allocated to the issue. To the extent that the Value of the Nonpurpose Investments allocable to the Gross Proceeds of an issue exceed the Value of all outstanding bonds of that issue, an issuer should seek the advice of Bond Counsel for the procedures necessary to comply with the Universal Cap.

(g) Expenditure for Working Capital Purposes. Subject to certain exceptions, the Proceeds of an issue may only be allocated to "working capital expenditures" as of any date to the extent that those expenditures exceed "available amounts" as of that date (i.e., "proceeds-spent-last").

For purposes of this section, "working capital expenditures" include all expenditures other than "capital expenditures." "Capital expenditures" are costs of a type properly chargeable (or chargeable upon proper election) to a capital account under general federal income tax principles. Such costs include, for example, costs incurred to acquire, construct or improve land, buildings and equipment having a reasonably expected useful life in excess of one year. Thus, working capital expenditures include, among other things, expenditures for current operating expenses and debt service.

For purposes of this section, "available amount" means any amount that is available to an issuer for working capital expenditure purposes of the type financed by the issue. Available amount excludes Proceeds of the issue but includes cash, investments and other amounts held in accounts or otherwise by an issuer for working capital expenditures of the type being financed by the issue without legislative or judicial action and without a legislative, judicial or contractual requirement that those amounts be reimbursed. Notwithstanding the preceding sentence, a "reasonable working capital reserve" is treated as unavailable. A working capital reserve is reasonable if it does not exceed five percent of the actual working capital expenditures of an issuer in the fiscal year before the year in which the determination of available amounts is made. For purpose of the preceding sentence only, in determining the working capital expenditures of an issuer for a prior fiscal year, any expenditures (whether capital or working capital expenditures) that are paid out of current revenues may be treated as working capital expenditures.

The proceeds-spent-last requirement does not apply to expenditures to pay (i) any Qualified Administrative Costs; (ii) fees for qualified guarantees of the issue or payments for a qualified hedge for the issue; (iii) interest on the issue for a period commencing on the Issue Date and ending on the date that is the later of three years from the Issue Date or one year after the date on which the financed project is placed in service; (iv) the United States for yield reduction payments (including rebate payments) or penalties for the failure to meet the spend down requirements associated with certain spending exceptions to the rebate requirement; (v) costs, other than those described in (i) through (iv) above, that do not exceed five percent of the Sale Proceeds of an issue and that are directly related to capital expenditures financed by the issue (e.g., initial operating expenses for a new capital project); (vi) principal or interest on an issue paid from unexpected excess sale or Investment Proceeds; (vii) principal or interest on an issue paid from investment earnings on a reserve or replacement fund that are deposited in a bona fide debt service fund; and (viii) principal, interest or redemption premium on a prior issue and, for a crossover refunding issue, interest on that issue. Notwithstanding the preceding paragraph, the exceptions described above do not apply if the allocation merely substitutes Gross Proceeds for other amounts that would have been used to make those expenditures in a manner that gives rise to Replacement Proceeds.

2. Delivery of Offering Statement and Other Documents.

(a) Prior to the date hereof, the School Board has prepared for use in connection with the public sale and distribution of the Certificates, and provided to the Underwriters for their review, the Preliminary Offering Statement dated [POS DATE], 2026 (including the cover page, inside cover page and appendices contained therein, the "Preliminary Offering Statement"). The School Board deems the Preliminary Offering Statement final as of its date for purposes of Rule 15c2-12 of the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the "SEC Rule"), except for certain permitted omissions in connection with the pricing of the Certificates. The Underwriters have reviewed such Preliminary Offering Statement prior to the execution of this Purchase Contract.

(b) As soon as practicable after the date hereof, and, in any event within seven (7) business days of the date hereof (or within such shorter period as may be reasonably requested by the Underwriters in order to accompany any confirmation that requests payment from any customer to comply with Rule G-32 of the Municipal Securities Rulemaking Board) the School Board shall, so as to enable the Underwriters to comply with the provisions of the SEC Rule, deliver to the Underwriters a sufficient number of copies of a final Offering Statement, dated the date hereof (including the cover page, inside cover page and appendices contained therein, the "Offering Statement"), together with all supplements and amendments thereto, substantially in the form of the Preliminary Offering Statement, with only such changes therein as shall have been accepted by the Underwriters, executed on behalf of the School Board by the Chair.

(c) The Representative shall give notice to the School Board on the date, but in no event later than 90 days after the Closing, after which no participating underwriter, as such term is defined in the SEC Rule, remains obligated to deliver Offering Statements pursuant to paragraph (b)(4) of the SEC Rule.

(d) At or prior to the Closing (as defined herein), the Representative shall file, or cause to be filed, the Offering Statement with the Municipal Securities Rulemaking Board. Unless otherwise provided in writing by the Representative to the School Board on the Date of Closing (as defined herein) that the Representative retains directly, or as a member of an underwriting syndicate, an unsold balance of the Certificates, the end of the underwriting period (as defined herein) shall be the Date of Closing, but in no event later than 90 days after the Closing.

(e) At Closing, the School Board shall deliver, or cause to be delivered to the Underwriters copies of the Resolutions, certified to by its Secretary, substantially in the form heretofore delivered to the Underwriters, with only such changes therein as agreed upon by the Representative.

(f) The School Board and the Corporation hereby authorize the Underwriters to use the forms or copies of (i) the Resolutions, (ii) the Corporation Resolutions, (iii) the Trust Agreements, (iv) the Transaction Leases, (v) the Assignment Agreements, (vi) the Transaction Ground Leases, (vii) the Disclosure Agreements, (viii) the Escrow Deposit Agreement and (ix) the Offering Statement and the information contained therein in connection with the public offering and sale of the Certificates and ratify and confirm their authorization of the distribution and use by the Underwriters prior to the date hereof of the Preliminary Offering Statement in connection with such public offering and sale.

3. Representation of the Underwriters as to Authority. The Representative is duly authorized to execute this Purchase Contract on behalf of the Underwriters and has been duly authorized to act hereunder in connection with the issuance of the Certificates.

4. Public Offering; Establishment of Issue Price; Underwriters not Acting as Agents or Fiduciaries. (a) The Underwriters agree, jointly and severally, to make an initial public offering of the Certificates to the public at initial public offering prices not greater than (or yields not less than) the initial public offering prices (or yields) set forth on Appendix D hereto; provided, however, the Underwriters reserve the right to make concessions to certain dealers, certain dealer banks and banks acting as agents and to change such initial public offering prices as the Underwriters deem necessary or desirable in connection with the marketing of the Certificates.

(b) The Representative, on behalf of the Underwriters, agrees to assist the School Board in establishing the issue price of the Certificates and shall execute and deliver to the School Board at Closing an "issue price" or similar certificate, substantially in the form attached hereto as Appendix D, together with the supporting pricing wires or equivalent communications, with such modifications as may be deemed appropriate or necessary, in the reasonable judgment of the Representative, the School Board and Special

Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Certificates.

(c) [Except as otherwise set forth in Schedule I to Appendix D attached hereto,] the School Board represents that it will treat the first price at which 10% of each maturity of the Certificates (the "10% Test") is sold to the public as the issue price of that maturity (if different interest rates apply within a maturity, each separate CUSIP number within that maturity will be subject to the 10% Test). [If, as of the date hereof, the 10% Test has not been satisfied as to any maturity of the Certificates for which the School Board has elected to utilize the 10% Test, the Representative agrees to promptly report to the School Board the prices at which Certificates of that maturity or maturities have been sold by the Underwriters to the public. That reporting obligation shall continue until the earlier of the date upon which the 10% Test has been satisfied as to the Certificates of that maturity or maturities or the Closing Date.]

(d) The Representative confirms that the Underwriters have offered the Certificates to the public on or before the date of this Purchase Contract at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in Schedule I to Appendix D attached hereto, except as otherwise set forth therein. [Schedule I to Appendix D attached hereto also sets forth, as of the date of this Purchase Contract, the maturities, if any, of the Certificates for which the 10% Test has not been satisfied and for which the School Board and the Representative, on behalf of the Underwriters, agree that the restrictions set forth in the next sentence shall apply (the "hold-the-offering-price rule"). So long as the hold-the-offering-price rule remains applicable to any maturity of the Certificates, the Underwriters will neither offer nor sell unsold Certificates of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

(1) the close of the fifth (5^{th}) business day after the sale date; or

(2) the date on which the Underwriters have sold at least 10% of that maturity of the Certificates to the public at a price that is no higher than the initial offering price to the public.]

(e) The Representative confirms that:

(i) any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the Representative is a party) relating to the initial sale of the Certificates to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter, each dealer who is a member of the selling group and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(A)(i) to report the prices at which it sells to the public the unsold Certificates of each maturity allocated to it until either all Certificates of that maturity allocated to it have been sold or it is notified by the Representative that the 10% Test has been satisfied as to the Certificates of that maturity and (ii) to comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative and as set forth in the related pricing wires, and

(B) to promptly notify the Representative of any sales of Certificates that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Certificates to the public (each such term being used as defined below),

(C) to acknowledge that, unless otherwise advised by the Underwriter, dealer or broker-dealer, the Representative shall assume that each order submitted by the Underwriter, dealer or broker-dealer is a sale to the public.

(ii) any agreement among underwriters and any selling group agreement relating to the initial sale of the Certificates to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Certificates to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Certificates of each maturity allocated to it until either all Certificates of that maturity allocated to it have been sold or it is notified by the Representative or such Underwriter that the 10% Test has been satisfied as to the Certificates of that maturity and (B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative or the Underwriter and as set forth in the related pricing wires.

The School Board acknowledges that, in making the representations set forth in this section, the Representative will rely on (i) the agreement of each Underwriter to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Certificates to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an Underwriter is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Certificates to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable, as set forth in the third-party distribution agreement and the related pricing wires. The School Board further acknowledges that each Underwriter shall be solely liable for its failure to comply with its agreement to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates, and that no Underwriter shall be liable for the failure of any other Underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates.

(f) The Underwriters acknowledge that sales of any Certificates to any person that is a related party to an Underwriter shall not constitute sales to the public for purposes of this section. Further, for purposes of this Section 4:

(i) "public" means any person other than an underwriter or a related party;

(ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the School Board (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Certificates to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Certificates to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Certificates to the public);

(iii) a purchaser of any of the Certificates is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) "sale date" means the date of execution of this Purchase Contract by all parties.

(g) The School Board and the Corporation acknowledge and agree that (i) the purchase and sale of the Certificates pursuant to this Purchase Contract is an arm's-length commercial transaction between the School Board, the Corporation and the Underwriters; (ii) in connection therewith and with the discussions, undertakings and procedures leading up to the consummation of such transaction, the Underwriters are and have been acting solely as principals and are not acting as municipal advisors, financial advisors, agents or fiduciaries of the School Board or the Corporation; (iii) the Underwriters have not assumed an advisory or fiduciary responsibility in favor of the School Board or the Corporation with respect to the offering of the Certificates or the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriters, or any affiliate of the Underwriters, has provided other services or is currently providing other services to the School Board or the Corporation on other matters) and the Underwriters have no obligation to the School Board or the Corporation with respect to the offering contemplated hereby except the obligations expressly set forth in this Purchase Contract; (iv) the Underwriters have financial and other interests that differ from those of the School Board and the Corporation; and (v) the School Board and the Corporation have consulted with their own legal, financial and other advisors to the extent they have deemed appropriate in connection with the offering of the Certificates.

5. Good Faith Deposit. In connection with the execution of this Purchase Contract, the Representative has delivered to the Trustee, a wire transfer credited to the order of the School Board in immediately available federal funds (the "Good Faith Deposit"), in the sum of $[_____] (calculated as 1% of the estimated aggregate principal amount of the Certificates as reflected in the Preliminary Offering Statement), as security for the performance by the Underwriters of their obligation to accept and to pay for the Certificates. In the event that the School Board does not accept this offer in a timely manner, the School Board shall immediately cause the Trustee to return the Good Faith Deposit to the Representative by wire transfer credited to the order of the Representative, in the amount of the Good Faith Deposit. In the event the Closing takes place, the amount of the Good Faith Deposit shall be transferred by the Trustee to the account of the School Board to be credited against the purchase price pursuant to Section 7 hereof. In the event of the School Board's failure to deliver the Certificates at the Closing, or if the School Board shall be unable at or prior to the Closing to satisfy the conditions to the obligations of the Underwriters contained in this Purchase Contract (unless such conditions are waived by the Representative), or if the obligations of the Underwriters shall be terminated for any reason permitted by this Purchase Contract, the School Board shall immediately cause the Trustee to wire to the Representative in federal funds the Good Faith Deposit and such return shall constitute a full release and discharge of all claims by the Underwriters against the School Board arising out of the transactions contemplated hereby. Interest on the Good Faith Deposit shall accrue solely to the benefit of the School Board and shall not offset the amount due from the Underwriters at Closing or be payable to the Underwriters in the event the Good Faith Deposit returned to the Representative. In the event that the Underwriters fail (other than for a reason permitted hereunder) to accept and pay for the Certificates at the Closing as herein provided, the amount of the Good Faith Deposit

shall be retained by the School Board and such retention shall represent full liquidated damages and not a penalty for such failure and for any defaults hereunder on the part of the Underwriters, and such use shall constitute a full release and discharge of all claims, rights and damages of the School Board against the Underwriters arising out of the transactions contemplated hereby Accordingly, the Underwriters hereby waive any right to claim that the School Board's actual damages are less than the amount of the Good Faith Deposit, and the School Board's acceptance of this offer shall constitute a waiver of any right it may have to additional damages from the Underwriters.

6. Representations and Agreements.

(a) By its acceptance hereof, the School Board represents to and agrees with the Underwriters that, as of the date hereof:

(i) The School Board is duly and validly existing as a body corporate and politic pursuant to Article IX, Section 4(a) of the Florida Constitution and the laws of the State of Florida (particularly, Chapter 1001, Florida Statutes) and is the governing body of the District.

(ii) The School Board has full legal right, power and authority to cause the Certificates to be issued, sold and delivered to the Underwriters as described herein; to lease-purchase the Series 2026A Project; to prepay the Refunded Certificates, to adopt the Resolutions; and to execute, deliver and perform its obligations, as the case may be, under this Purchase Contract, the Transaction Ground Leases, the Disclosure Agreements, the Trust Agreements, the Transaction Leases, and the Escrow Deposit Agreement (collectively, the "School Board Documents"); by all necessary official action of the School Board taken prior to the acceptance hereof, the Resolutions have been duly adopted in accordance with the Constitution of Florida and the laws of the State of Florida; the Resolutions are in full force and effect and have not been amended, modified or repealed; the School Board Documents, when executed by the School Board will each be duly authorized and delivered and will constitute the legal, valid and binding special obligations of the School Board enforceable in accordance with their respective terms, except as the enforcement thereof may be affected by bankruptcy, insolvency, or other laws affecting the rights of creditors or tenants generally or the application by a court of equitable principles; the School Board has duly authorized and approved the execution of, and the performance by the School Board of its obligations contained in the School Board Documents and the consummation by it of all other transactions contemplated by the Resolutions, each of the School Board Documents and the Offering Statement to have been performed or consummated at or prior to the Date of Closing.

(iii) The execution and delivery of the School Board Documents, the issuance by the Trustee of the Certificates and the adoption of the Resolutions, and compliance with the special obligations on the School Board's part contained herein and therein, will not conflict with or constitute a material breach of or material default under any federal or Florida constitutional provision, law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the School Board is a party or to which the School Board or any of its properties or other assets is otherwise subject, nor will any such execution, delivery, adoption, implementation or compliance result in the creation or imposition of any material lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the properties or other assets of the School Board under the terms of any such provision, law, regulation, document or instrument, except as provided or permitted by the Certificates and the School Board Documents.

(iv) All approvals, consents and orders of any governmental authority, legislative body, board, agency or commission having jurisdiction which would constitute a condition precedent to or the absence of which would materially adversely affect the due performance by the School Board of its obligations under the Resolutions and the School Board Documents have been, or prior to the Closing will have been, duly obtained; provided, however, that this representation does not apply to such approvals, consents and orders as may be required under the Blue Sky or securities laws of any state in connection with the offering and sale of the Certificates.

(v) The information contained in the Preliminary Offering Statement and the Offering Statement pertaining to the School Board, the District, the Series 2026A Project, prepaying the Refunded Certificates, the Premises, the Certificates, the Resolutions and the School Board Documents was, is, and will be true and correct in all material respects and did not, does not and will not, contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(vi) Except as described in the Preliminary Offering Statement or the Offering Statement, there is no action, suit, proceeding, inquiry or investigation, at law or in equity before or by any court, governmental agency or public board or body, pending or, to the best knowledge of the School Board, threatened:

(A) Which may affect the existence of the School Board or the titles or rights of its officers to their respective offices;

(B) Which may affect or which seeks to prohibit, restrain or enjoin the sale, issuance or delivery of the Certificates, or the collection or payment of the Basic Rent Payments or assignment thereof to make payments on the Certificates and to make other payments under the Transaction Leases;

(C) Which in any way contests or affects the validity or enforceability of the Certificates, the Resolutions, the Trust Agreements, the Assignment Agreements, the School Board Documents or any of them;

(D) Which could cause the interest portion of the Basic Rent Payments represented by the Certificates to be included in the gross income of the holders of the Certificates for the purposes of federal income taxation;

(E) Which contests in any way the completeness or accuracy of the Preliminary Offering Statement or the Offering Statement or which contests the powers of the School Board or any authority or proceedings for the issuance, sale or delivery of the Certificates, or the due adoption of the Resolutions or the execution and delivery of the School Board Documents or any of them or the lease-purchase of the Series 2026A Project, or prepaying the Refunded Certificates in accordance with the terms thereof; or

(F) Which could materially adversely affect the financial condition of the School Board;

nor, to the best knowledge of the School Board, is there any basis therefor wherein an unfavorable decision, ruling or finding could materially adversely affect the validity or enforceability of the Certificates, the Resolutions, the Trust Agreements, the Assignment Agreements, the School Board

Documents or any of them. The School Board shall advise the Representative promptly of the institution of any proceedings known to it by any governmental agency prohibiting or otherwise affecting the use of the Preliminary Offering Statement or the Offering Statement in connection with the offering, sale or distribution of the Certificates.

(vii) The School Board will furnish such information, execute such instruments and take such other action not inconsistent with law in cooperation with the Underwriters as the Underwriters may reasonably request in order (A) to qualify the Certificates for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriters may designate, and (B) to determine the eligibility of the Certificates for investment under the laws of such states and other jurisdictions, and will use its best efforts to continue such qualifications in effect so long as required for the distribution of the Certificates; provided that the School Board shall not be obligated to pay any fee, qualify to do business or to take any action that would subject it to general service of process in any state where it is not now so subject.

(viii) If, after the date of this Purchase Contract and until the earlier of (A) ninety (90) days from the end of the "underwriting period" (as defined in the SEC Rule) or (B) the time when the Offering Statement is available to any person from the Municipal Securities Rulemaking Board, but in no case less than twenty-five (25) days following the end of the underwriting period, the School Board becomes aware that any event shall have occurred which might or would cause the Offering Statement, as then supplemented or amended, to contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the School Board shall notify the Representative thereof, and, if in the reasonable opinion of the School Board and the Representative such event requires the preparation and publication of a supplement or amendment to the Offering Statement, the School Board will at its own expense forthwith prepare and furnish to the Underwriters a sufficient number of copies of an amendment of or supplement to the Offering Statement (in form and substance satisfactory to the Representative and its Counsel) which will supplement or amend the Offering Statement so that it will not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in light of the circumstances existing at such time, not misleading.

(ix) The School Board covenants to comply with the requirements of the Internal Revenue Code of 1986, as amended (the "Code") in order to maintain the exclusion from gross income for purposes of federal income taxation of the interest portion of the Basic Rent Payments received by the owners of the Certificates, subject to the right of the School Board to non-appropriate funds in accordance with the provisions of the Transaction Leases. These requirements include, but are not limited to, provisions which prescribe yield and other limits within which the proceeds of the Certificates and other amounts are to be invested and require that certain investment earnings on the foregoing must be rebated on a periodic basis to the Treasury Department of the United States. The School Board does not have any material unfunded rebate obligations with respect to any Certificates of Participation previously issued under the Master Trust.

(x) The School Board has not, since December 31, 1975 been in default in the payment of principal of, premium, if any, or interest on, or otherwise been in default with respect to, any bonds, notes or other obligations which it has issued, assumed or guaranteed as to payment of principal, premium, if any, or interest.

(xi) The School Board shall comply with all of the continuing disclosure requirements of Rule 15c2-12(b)(5) of the Securities and Exchange Commission and shall comply with the commitments set forth in the Disclosure Agreements.

(xii) The School Board will apply the proceeds of the Certificates in accordance with the Trust Agreements and as described in the Offering Statement.

(xiii) Neither the School Board nor anyone authorized to act on its behalf, directly or indirectly, has offered the Certificates for sale to, or solicited any offer to buy, the Certificates from anyone other than the Underwriters.

(xiv) Prior to the execution of this Purchase Contract, the School Board delivered to the Underwriters copies of the Preliminary Offering Statement which the School Board deemed final for purposes of the SEC Rule as of the date of the Preliminary Offering Statement, except for the omission of no more than the following information: the offering price(s), interest rate(s), selling compensation, aggregate principal amount, principal amount per maturity, delivery date, ratings, prepayment provisions and certain other terms of the Certificates as permitted by the SEC Rule.

(xv) If the Offering Statement is supplemented or amended pursuant to Section 2 of this Purchase Contract, or otherwise by the School Board, at the time of each supplement or amendment to the Offering Statement and (unless subsequently again supplemented or amended pursuant to Section 2 of this Purchase Contract) at all times prior to the end of the underwriting period, the Offering Statement as so supplemented or amended will not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements contained therein, in the light of the circumstances under which they were made, not misleading.

(xvi) Other than as disclosed in the Preliminary Offering Statement, the School Board has complied in all material respects with any and all continuing disclosure commitments heretofore made by the School Board for the past five years.

(xvii) The Resolutions, the Certificates, the Trust Agreements, and the School Board Documents conform in all material respects to the descriptions thereof contained in the Preliminary Offering Statement and the Offering Statement.

(xviii) The financial statements of the School Board as of June 30, [2025] fairly represent the receipts, expenditures, assets, liabilities and cash balances of such amounts and, insofar as presented, other funds of the School Board as of the dates and for the periods therein set forth. Except as disclosed in the Preliminary Offering Statement and the Offering Statement, there has not been any materially adverse change in the financial condition of the School Board or in its operations since June 30, [2025] and there has been no occurrence, circumstance or combination thereof which is reasonably expected to result in any such materially adverse change.

(xix) Any certificates executed by any officer of the School Board and delivered to the Underwriters pursuant hereto or in connection herewith shall be deemed a representation and warranty of the School Board as to the accuracy of the statements therein made.

(b) By its acceptance hereof, the Corporation represents to and agrees with the Underwriters that, as of the date hereof:

(i) The Corporation is a not-for-profit corporation duly organized, incorporated, validly existing, and in good standing under the laws of the State of Florida (particularly, Chapter 617, Florida Statutes).

(ii) The Corporation has full legal right, power and authority to adopt the Corporation Resolutions, to execute, deliver and perform its obligations, as the case may be, under this Purchase Contract, the Trust Agreements, the Transaction Leases, the Transaction Ground Leases, and the Assignment Agreements (collectively, the "Corporation Documents"); by all necessary official action of the Board of Directors of the Corporation taken prior to the acceptance hereof, the Corporation Resolutions have been duly adopted in accordance with the laws of the State and the Corporation's Articles of Incorporation and Bylaws; the Corporation Resolutions are in full force and effect and have not been amended, modified or repealed; the Corporation Documents have been duly authorized, and when executed and delivered by the Corporation will constitute the legal, valid and binding obligations of the Corporation enforceable in accordance with their respective terms, except as the enforcement thereof may be affected by bankruptcy, insolvency, or other laws affecting the rights of creditors or tenants generally or the application by a court of equitable principles; the Corporation has duly authorized and approved the execution of, and the performance by the Corporation of its obligations contained in the Corporation Documents and the consummation by it of all other transactions contemplated by each of the Corporation Documents and the Offering Statement to have been performed or consummated at or prior to the Date of Closing.

(iii) The execution and delivery of the Certificates and the Corporation Documents, and compliance with the obligations on the Corporation's part contained herein and therein, will not conflict with or constitute a material breach of or material default under any federal or Florida constitutional provisions, law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the Corporation is a party or to which the Corporation or any of its properties or other assets is otherwise subject, nor will any such execution, delivery, adoption, implementation or compliance result in the creation or imposition of any material lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the properties or other assets of the Corporation under the terms of any such provision, law, regulation, document or instrument, except as provided or permitted by the Certificates and the Corporation Documents.

(iv) All approvals, consents and orders of any governmental authority, legislative body, board, district, agency or commission having jurisdiction which would constitute a condition precedent to or the absence of which would materially adversely affect the due performance by the Corporation of its obligations under the Corporation Documents have been, or prior to the Closing will have been, duly obtained; provided, however, that this representation does not apply to such approvals, consents and orders as may be required under the Blue Sky or securities laws of any state in connection with the offering and sale of the Certificates.

(v) The information contained in the Preliminary Offering Statement and the Offering Statement pertaining to the Corporation and the Corporation Documents, was and is true and correct in all material respects did not, and does not, contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(vi) Except as described in the Preliminary Offering Statement or the Offering Statement, there is no action, suit, proceeding, inquiry or investigation, at law or in equity before

or by any court, governmental agency or public board or other body, pending or, to the best knowledge of the Corporation, threatened:

(A) Which may affect the existence of the Corporation or the titles or rights of its officers to their respective offices;

(B) Which may affect or which seeks to prohibit, restrain or enjoin the sale, issuance or delivery of the Certificates, or the collection or payment of the Basic Rent Payments or assignment thereof to make payments on the Certificates and to make other payments under the Transaction Leases;

(C) Which in any way contests or affects the validity or enforceability of the Certificates, the Corporation Resolutions, the Corporation Documents or any of them;

(D) Which could cause the interest portion of the Basic Rent Payments represented by the Certificates to be included in the gross income of the holders of the Certificates for the purposes of federal income taxation;

(E) Which contests in any way the completeness or accuracy of the Preliminary Offering Statement or the Offering Statement or which contests the powers of the Corporation or any authority or proceedings for the issuance, sale or delivery of the Certificates, or the due execution and delivery of the Corporation Documents or any of them;

nor, to the best knowledge of the Corporation, is there any basis therefor, wherein an unfavorable decision, ruling or finding could materially adversely affect the validity or enforceability of the Certificates, the Corporation Documents or any of them.

(vii) The Corporation will furnish such information, execute such instruments and take such other action not inconsistent with law in cooperation with the Underwriters as the Underwriters may reasonably request in order to qualify the Certificates for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriters may designate, and to determine the eligibility of the Certificates for investment under the laws of such states and other jurisdictions, and will use its best efforts to continue such qualifications in effect so long as required for the distribution of the Certificates; provided that the Corporation shall not be obligated to pay any fee, qualify to do business or to take any action that would subject it to general service of process in any state where it is not now so subject.

(viii) If, after the date of this Purchase Contract and until the earlier of (A) ninety (90) days from the end of the "underwriting period" (as defined in the SEC Rule) or (B) the time when the Offering Statement is available to any person from the Municipal Securities Rulemaking Board, but in no case less than twenty-five (25) days following the end of the underwriting period, the Corporation becomes aware that any event shall have occurred which would or might cause the information contained in the Offering Statement, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein, in the light of the circumstances under which they were made, not misleading, the Corporation shall notify the Representative thereof, and if in the reasonable opinion of the Corporation or the Representative such event requires the preparation and publication of a supplement or amendment to the Offering Statement, the Corporation shall cooperate with the Representative in

supplementing or amending the Offering Statement, in such form and manner and at such time or times as may be reasonably called for by the Underwriters.

(ix) The Corporation shall cause the Trustee to execute and deliver the Certificates when ready for delivery.

The Closing shall occur at the offices of the School Board in Bradenton, Florida, or such other place as shall have been mutually agreed upon by the School Board, the Corporation, the Trustee and the Underwriters. The Certificates shall be prepared and delivered as fully registered certificates in the definitive form of one fully registered Certificate for each stated maturity of the Certificates and in the name in which The Depository Trust Company requests that the Certificates be registered and will be made available for inspection and checking by the Underwriters not later than 10:00 a.m. Eastern Time, on the business day prior to the Date of Closing. It is the intent of the parties hereto that the Certificates will be issued and delivered through the "FAST" closing procedure of The Depository Trust Company for credit to the accounts designated by the Underwriters and the Certificates shall be delivered to the Trustee or as otherwise may be agreed to by the School Board and the Underwriters.

8. Closing Conditions. The Underwriters are entering into this Purchase Contract in reliance upon the representations and agreements of the School Board and the Corporation contained herein, and in reliance upon the representations and agreements to be contained in the documents and instruments to be delivered at the Closing, and upon the performance of the covenants and agreements herein, as of the date hereof and as of the Date of Closing. Accordingly, the Underwriters' obligation under this Purchase Contract to purchase, to accept delivery of and to pay for the Certificates shall be conditioned upon the performance of the covenants and agreements to be performed hereunder and under such other documents and instruments to be delivered at or prior to the Closing, and shall also be subject to the following additional conditions:

(a) The representations of the School Board and the Corporation contained herein shall be true, complete and correct on the date hereof and on and as of the Date of Closing, as if made on the Date of Closing, and a certificate to that effect shall be delivered to the Underwriters by the School Board and the Corporation at Closing.

(b) At the date of execution hereof and at the Closing, the Resolutions and the Corporation Resolutions shall each be in full force and effect, and shall not have been amended, modified or supplemented, except to the extent to which the Representative shall have given its prior written consent and there shall have been taken in connection therewith and in connection with the issuance of the Certificates all such action as, in the opinions of Nabors, Giblin & Nickerson, P.A., Special Counsel, and Greenberg Traurig, P.A., Counsel for the Underwriters, shall be necessary and appropriate in connection with the transactions contemplated hereby.

(c) At the Closing there will be no pending or threatened litigation or proceeding of any nature seeking to restrain or enjoin the issuance, sale or delivery of the Certificates, or the collection or application of the Basic Rent Payments to make payments on the Certificates or in any way contesting or affecting the validity or enforceability of the Certificates, the Resolutions, the Corporation Resolutions, the School Board Documents or the Corporation Documents or contesting in any way the proceedings of the School Board, the Corporation or the Trustee taken with respect thereto, or contesting in any way the due existence or powers of the School Board, the Corporation or the Trustee or the title of any of the members or officials of the School Board, the Corporation or the Trustee to their respective offices and the Underwriters will receive the certificates of the School Board, the Corporation and the Trustee to the foregoing effect, or opinions of Counsel to the School Board, the Corporation and the Trustee that any such litigation is without merit.

(d) There shall have been no material adverse change in the financial condition of the School Board since June 30, 2025.

(e) At the Closing, the Underwriters shall receive the following documents, each dated as of the Date of Closing:

(i) The opinions of Special Counsel, dated the Date of Closing, in substantially the forms attached to the Offering Statement as Appendix G;

(ii) A supplemental opinion of Special Counsel, addressed to the Underwriters, [the Insurer,] and the Trustee (except for the opinions required by Section 8(e)(ii)(B) and (C) hereof which may be addressed solely to the Underwriters), substantially to the effect that (A) the Underwriters and the Trustee may rely upon the opinions referred to in Section 8(e)(i) hereof as though addressed to them; (B) prior to termination of the Transaction Leases, the Certificates are not subject to the registration requirements of the Securities Act of 1933, as amended, and the Trust Agreements are exempt from qualification pursuant to the Trust Indenture Act of 1939, as amended; and (C) with respect to information in the Preliminary Offering Statement and the Offering Statement and based upon said firms review of the Preliminary Offering Statement and the Offering Statement as Special Counsel, and without having undertaken to determine independently the accuracy and completeness of the contents of the Preliminary Offering Statement and the Offering Statement, the information in the Preliminary Offering Statement, as of its date, and the Offering Statement, as of its date, and as of the Date of Closing, under the headings (unless otherwise noted, the term "headings" includes all subheadings under a heading) entitled "INTRODUCTION" (excluding the information regarding projects, lease terms and principal amounts of outstanding certificates of participation with respect to other Leases under the Master Lease, as to all of which no opinion need be expressed) "AUTHORIZATION," "PURPOSE OF THE SERIES 2026 CERTIFICATES," "PLAN OF REFINANCE," "DESCRIPTION OF THE SERIES 2026 CERTIFICATES," "SECURITY FOR THE SERIES 2026 CERTIFICATES," "AMENDMENT TO MASTER LEASE," "THE MASTER LEASE-PURCHASE PROGRAM," "[THE TRANSACTION LEASE AGREEMENTS]" (excluding any financial, statistical and demographic information and information regarding [the Insurer and its Policies] and The Depository Trust Company or its book-entry only system of registration, as to all of which no opinion need be expressed) insofar as the same purport to describe the Certificates, the School Board Documents and the Assignment Agreements, constitute a fair summary of the information purported to be summarized therein. The statements in the Preliminary Offering Statement, as of its date, and the Offering Statement, as of its date and as of the Date of Closing, on the cover relating to our opinion and under the caption "TAX MATTERS" are accurate statements or summaries of the matters therein set forth.

(iii) The opinion(s) of Dye, Harrison, Knowles, Kirkland, Pratt & DePaola PLLC, Counsel to the School Board and the Corporation, addressed to the Underwriters, the School Board, the Corporation, [the Insurer,] Special Counsel and the Trustee, substantially to the effect that: (1) the School Board is a body corporate and politic and the governing body of the District, duly organized and existing under the Constitution and laws of the State of Florida with full power and authority to adopt the Resolutions, to lease-purchase the Series 2026A Project and to prepay the Refunded Certificates and execute, deliver and perform its objectives, as the case may be, under the School Board Documents; (2) the School Board Documents have been duly authorized, executed and delivered by the School Board and, assuming due authorization, execution and delivery by the other parties thereto, constitute legal, valid and binding agreements of the School Board enforceable in accordance with their terms except to the extent that the enforceability of the rights and remedies set forth therein may be limited by bankruptcy, insolvency or other laws affecting creditors' or tenants' rights generally and the application of equitable principles; (3) the School Board has authorized, executed and delivered the Offering Statement and has duly authorized the distribution of the Preliminary Offering Statement and the Offering Statement; (4) the information in the Preliminary Offering Statement, as of its date, and the Offering Statement, as of the date and as of the Date of Closing, as to legal matters relating to the School Board, the District, the Certificates, and the School Board Documents does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein in the light of the circumstances under which they were made, not misleading (except for the financial, statistical and demographic information contained in the Preliminary Offering Statement and the Offering Statement, and information relating to regarding [the Insurer and its Policies and] DTC and its book entry only system of registration as to all of which no view need be expressed); (5) to the best of their knowledge, after due inquiry, the School Board is not in material breach of or material default under any applicable constitutional provision, law or administrative regulation of the State of Florida or the United States or any applicable judgment or decree or any agreement, loan agreement, indenture, bond, note, material resolution, material agreement or other material instrument to which the School Board is a party or to which the School Board or any of its property or assets is otherwise subject, and no event has occurred and is continuing that with the passage of time or the giving of notice, or both, would constitute a default or event of default under any such instrument; (6) the execution and delivery of School Board Documents and the adoption of the Resolutions and compliance with the provisions on the School Board's part contained therein, will not conflict with or constitute a material breach of or default under any constitutional provision, law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the School Board is a party or to which the School Board or any of its property or assets is otherwise subject, and any such execution, delivery, adoption or compliance will not result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the School Board under the terms of any such law, regulation or instrument, except as expressly provided by the Certificates and the School Board Documents; (7) the Resolutions have been duly and lawfully adopted by the School Board, are in full force and effect and have not been altered, amended or repealed; (8) except as otherwise disclosed in the Offering Statement under the caption "LITIGATION," there is no action, suit, proceeding, inquiry or investigation at law or in equity before or by any court, government agency, public board or body, pending or, to the best of their knowledge, after due inquiry, threatened against or affecting the School Board, nor is there any basis for any such action, suit, proceeding, inquiry or investigation, wherein an unfavorable decision, ruling or finding would have a materially adverse effect upon the transactions contemplated by the Offering Statement or the validity of the Certificates, the Resolution, or the School Board Documents; (9) all authorizations, consents, approvals and reviews of governmental bodies or regulatory authorities then required for the School Board's adoption, execution or

performance of its obligations under the Resolutions, and the School Board Documents have been obtained or effected, and they have no reason to believe that the School Board will be unable to obtain or effect any such additional authorization, consent, approval or review that may be required in the future for performance of any of them by the School Board; (10) there is no action, suit, proceeding, inquiry or investigation at law or in equity before or by any court, government agency, public board or body, pending or, to the best of their knowledge, after due inquiry, threatened against or affecting the Corporation, nor is there is any basis for any such action, suit, proceeding, inquiry or investigation, wherein an unfavorable decision, ruling or finding would have a materially adverse effect upon the transactions contemplated by the Offering Statement or the validity of the Certificates, the School Board Documents or the Assignment Agreements; (11) the Corporation is a not-for-profit corporation duly incorporated and organized, validly existing and in good standing, under the laws of the State of Florida; (12) the Corporation Resolutions have been duly and lawfully adopted by the Corporation, are in full force and effect and have not been altered, amended or repealed; (13) the Corporation Documents have each been duly authorized, executed and delivered by the Corporation and, assuming due authorization, execution and delivery by the other parties thereto, each constitutes a legal, valid, and binding agreement of the Corporation enforceable in accordance with its terms except to the extent that the enforceability of the rights and remedies set forth therein may be limited by bankruptcy, insolvency or other laws affecting creditors' rights generally and the application of equitable principles; (14) the information in the Preliminary Offering Statement as of its date and the Offering Statement as of its date and as of the Date of Closing relating to the Corporation does not contain any untrue statement of a material fact or omit a material fact with respect to the Corporation necessary to make the statements therein in the light of the circumstances under which they were made, not misleading (except for the financial, statistical and demographic information contained in the Preliminary Offering Statement and the Offering Statement, and information relating to [the Insurer and the Policies and] DTC and its book entry only system of registration as to all of which no view need be expressed); (15) the adoption of the Corporation Resolutions and the execution and delivery of the Corporation Documents and compliance with the provisions on the Corporation's part contained herein or therein, will not conflict with or constitute a material breach of or default under any agreement or other instrument to which the Corporation is a party or to which the Corporation or any of its property or assets is otherwise subject; and (16) all authorizations, consents, approvals and reviews of governmental bodies or regulatory authorities then required for the Corporation's adoption, execution or performance of its obligations under the Corporation Resolutions and the Corporation Documents have been obtained or effected and, they have no reason to believe that the Corporation will be unable to obtain or effect any such additional authorization, consent, approval or review that may be required in the future for performance of any of them by the Corporation.

Title
Approval of Corporate Resolution No. 2025-015 Authorizing the Series 2026 Amendment to Master-Lease Purchase Agreement

Executive Summary
At its October 28, 2025 meeting, The School Board of Manatee County (the "School Board") is expected to authorize the execution and delivery of the Series 2026 Amendment to the Master Lease-Purchase Agreement, upon approval of a majority of the holders of the School Board's outstanding Certificates of Participation. AGENDA ITEM NO. 16.4

School Board of Manatee County
October 28, 2025 - Regular Board Meeting
Action Item

Title
Approval of Second Amendment to Lease Schedule No. 2023A and Partial Release Relating to the School Board's Certificates of Participation, Series 2023A (the "Series 2023A Certificates" - Capital Funds)

Executive Summary
On May 25, 2023, the Corporation, on behalf of the School Board, caused the issuance of its $151,730,000 aggregate principal amount of the Series 2023A Certificates in order to finance the lease-purchase of various educational facilities including Blackburn Elementary School Renovation, Haile Middle School Addition and Renovation, Oneco Elementary School Renovation, Palma Sola Elementary School Replacement and Renovation and Tara Elementary School Addition and Renovation (collectively, the "Series 2023 Project") pursuant to the School Board's existing Master Lease (COPs) Program. Due to certain components of the Series 2023A Project coming in under budget and the availability of certain other revenue sources (i.e., impact fees) to fund certain other portions of the Series 2023A Project, the School Board expects to have approximately $12 million in project funds remaining upon completion of such facilities and it is in the best interest of the School Board and the Corporation to enter into the Second Amendment to Lease Schedule No. 2023A to modify the plans and specifications for the Series 2023A Project to add renovations at Tillman Elementary School as part of the Series 2023A Project as Designated Equipment (i.e., non-asset).

Note: Second Amendment to Lease Schedule No. 29023A will be attached when provided by Bond Counsel.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready To Grow | Goal 4
Maximize the energy efficiency and management of our facilities to remain sustainable and financially responsible

Ready To Grow | Goal 5
Continue our secure financial position, utilize referendum millage funds effectively, and modernize and enhance our current schools to meet our school community needs, including building vibrant, new schools

Ready To Grow | Goal 6
Maintain our robust security readiness and safety system across the District

Recommendation
The Secretary recommends approval of Second Amendment to Lease Schedule No. 2023A and Partial Release Relating to the School Board's Certificates of Participation, Series 2023A (the "Series 2023A Certificates" - Capital Funds)

Financial Impact
Payment of a consent fee to Assured Guaranty Municipal Corp, as insurer of the Series 2023A Certificates of $2,500 to $7,500 and payment of Bond Counsel fee of $3,500 for delivery of the required legal opinion.

Johnson Jr. William Rand Kenan, Jr. Distinguished Professor, UNC-CH Kenan-Flagler Business School ***Education Alert: Gale Force Demographic Wind Gusts Ahead!***  Come join us for a scintillating discussion of seven powerful demographic forces—analogous to gale force wind gusts in an adverse weather event—that will change K-12 education in America and Florida forever. Four of the demographic disruptors—slowing total and foreign-born population growth, certain demographic population loss, and declining fertility—have evolved over the past several decades. The remaining three—deaths of despair, cognitive impairments, and declining labor force participation—are rooted in recent crises that have created a major demographic depression in the U.S. age structure. Strategies for moving K-12 education forward in the current era of turbulence and uncertainty will be discussed. **About Dr. Johnson**: James H. Johnson Jr. is the William R. Kenan Jr. Distinguished Professor of strategy and entrepreneurship in the Kenan-Flagler Business School and director of the Urban Investment Strategies Center in the Frank Hawkins Kenan Institute of Private Enterprise at the University of North Carolina at Chapel Hill. His research interests include community and economic development, the effects of demographic changes on the U.S. workplace, interethnic minority conflict in advanced industrial societies, poverty and public policy in urban America, and workforce diversity issues. He has published more than 100 scholarly research articles and three research monographs and has co-edited four theme issues of scholarly journals on these and related topics. Currently, he is researching strategies to combat hyper-segregation, persistent and concentrated poverty, and gentrification-induced residential and economic dislocations in U.S. cities. And he currently works with gentrifying cities to develop roadmaps for inclusive and equitable economic development that creates shared prosperity. *Fast Company* profiled him in "Hopes and Dreams."
