The Board engaged in a discussion addressing questions about background standards for ESS and whether these hiring standards align with those of the State and District. Mr. Kevin Chapman, Associate Superintendent, provided details concerning ESS Substitute Teaching Employment Services, including employee processing and hiring procedures. It was affirmed that ESS conducts background checks consistent with those required by the Manatee County School District.

Vice-Chair Spray requested that the contract be approved for only one year and asked that Contracting use a request for quote (RFQ) for a new bid. The discussion continued.

Superintendent Breslin provided additional information regarding the District's hiring process as well as noting that the District is in the middle of an internal Human Resources Review to look at all systems in the hiring process as well as assessing current employees.

Dr. Christina Britton, Executive Director of Human Resources, provided information regarding the state system for background checks, Florida Agency for Health Care Administration (AHCA), E-Verify, RAPTOR, and how the systems in place flag and notify districts if employees are arrested or charged with a felony. Dr. Britton stated that every employee will be run through the AHCA system in the next two years to include fingerprints due to recent legislation and noted that essentially mandated an audit of all employees in the District.

Board Members held discussion regarding the potential need to address legislative changes to State requirements so that the flags in the system be expanded to include all convictions and/or arrests thus ensuring a more thorough background check.

Board Member Kennedy requested information regarding the self-reporting policy for employees and noted the need for constant vigilance. Mr. Choate noted his support of the contract and thanked the staff for the information provided.

II) PUBLIC COMMENTS

III) WORKSHOP

1. Review of Advertised Board Policies (Formerly Agenda #2)

Mr. Kevin Chapman, Associate Superintendent, provided an overview regarding the following updates to School Board policies:

Policy 2421 – Career and Technical Education
Policy 3120 - Employment of Instructional Staff
Policy 5500 – Student Conduct
Policy 5780 – Student / Parent Rights

Ms. Felton noted her request to include the term 'adults' to the NARCAN policy, thus allowing the administration of Narcan to student *and adults* on campus in an emergency. Mr. Chapman noted the date of approval of these policies would be held in December.

2. Comprehensive District Technology Plan October 28, 2025-June 30, 2030 (Formerly Agenda #1)

Mr. Scott Hansen, Chief Technology Officer, provided a presentation regarding the following topics to the Board:

Information Technology Annual Update

- Strategic Plan Metric Update
- Improve easy access to quality family resources that support student learning
- Continue implementation of innovative technology advancements that improve classroom and school environments for exceptional learning.
- School Technology 4-year laptop refresh
- E-rate – Network Infrastructure
- Technology Upgrades
- Interactive Digital Display Panel Upgrades
- Interactive Digital Display Panel Upgrades
    - Middle School/Combination Schools
    - Elementary School
- Student Information System
- PeopleSoft ERP
- Technology Roadmap

The Board asked questions and held discussions throughout the presentation. Additional information was provided by Superintendent Breslin. Following discussions about technology upgrades in the sporting event press boxes and the status of the older sound systems, Mr. Hansen provided clarification and additional information. Further discussion addressed the costs associated with the Interactive Digital Display Panel Upgrades, with Vice-Chair Spray and Board Member Felton requesting more details regarding possible cost savings. The Board also discussed the PeopleSoft ERP system, noting an interest in exploring current and potential future cost savings.

Chair Choate noted the presentation was complete and opened the floor to Board Member discussion or statements.

Board Member Felton initiated a discussion regarding recent School of Hope letters sent to districts statewide, highlighting that Manatee County received inquiries about space in two local schools. Ms. Felton clarified that these schools do not meet the criteria for Charter School takeover under Florida Statute FS 1002.333, and urged community members to engage with legislative leaders to oppose statutory changes that could facilitate hostile charter school takeovers. Chair Choate acknowledged the additional demands these letters place on staff but noted that Manatee County's ongoing growth makes a successful takeover unlikely. He emphasized the need for a unified Board message, suggesting the district simply does not have available space for such takeovers.

Superintendent Breslin assured the Board and public that district leadership is prepared to provide thorough information on space usage, programming, classroom configurations, and facility capacity, while ensuring principals, teachers, and students are not burdened. Breslin reiterated that no district facilities currently qualify for School of Hope designation, and that the district will respond responsibly to any valid requests, highlighting the unique programs already offered at the affected schools. The Superintendent's statement emphasized responsible space usage and the opportunity to showcase district programs. Chair Choate proposed a coordinated media response led by Dr. Breslin and communications, with Board support, and Mr. Kennedy recommended media inquiries be directed to the Superintendent and communications team.

Kevin Pendley, General Counsel, noted the official avenue for presenting a formal unified Board statement to the public is a Resolution that would be created and approved by all board members and presented at a public Board Meeting. Chair Choate stated that since that was the case, he would request that all media

requests for statements go to the Superintendent and Communications Department. The majority of the Board agreed to this action moving forward.

IV) ADJOURNMENT

Chair Choate adjourned the Workshop at 11:11 A.M.

AGENDA ITEM NO. 11.2

School Board of Manatee County
October 28, 2025 - Regular Board Meeting
Action Item

Title
Approval of the Report of Teachers' Out-of-Field Content, Reading, and ESOL (English for Speakers of Other Languages) (No Financial Impact)

Executive Summary
The Out-of-Field Plan for Manatee County Schools provides that teachers are notified of their out-of-field status at the point that their current certification does not meet the required certification for the subject(s) they are teaching. State School Board Rule 6A-1.0503 provides that any out-of-field teacher must be appointed as out-of-field after verifying that an appropriately certified teacher is unavailable. The School Board appointed the attached list of teachers as out-of-field. These teachers can pass the subject area exam or complete a minimum of six semester hours annually toward certification until such time they can pass the test, if applicable.

The Multicultural and Educational Training Advocacy (META) Consent Decree requires that all teachers of English Language Learners (ELLs) receive training in English for Speakers of Other Languages (ESOL) strategies. The required training hours range from 18 to 300 hours and are categorized by the subject in which the teacher gives instruction. Categories are I, II, III, and IV. The category also drives the timeline for completing training hours. Specifics are given to each teacher at the time of hire or when there is a change of assignment. Category I Teachers who are not ESOL Certified or Endorsed must be reported to the Board as out-of-field. The attached list contains the names of the teachers who must be reported to the Board.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready To Grow | Goal 1
Develop a competitive employee salary schedule to keep and attract the best talent and continue to provide quality customer service to our staff and parents

Ready To Grow | Goal 2
Strengthen our new employee orientation and development program to foster, promote, and retain extraordinary educators and staff

Recommendation
The Superintendent recommends approval of the report of teachers' out-of-field content, reading and ESOL (English for Speakers of Other Languages) (No Financial Impact).

Financial Impact
There is no financial impact.

Pat Barber and Executive Board,

Braden River Elementary School requests to waive the 2023-2026 Teacher Contract language in Article XII, Section 2, Appendix "B" - Differentiated Pay Salary Schedule Salary Supplement Schedule for Other Personnel. NOW, THEREFORE, in consideration of the premises, which are hereby deemed to be incorporated into this Agreement as an integral part hereof and not mere recital hereto, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Affiliate and District hereby agree as follows:

1. **DISTRICT RESPONSIBILITIES:** District shall perform all of the following duties and obligations with due diligence, due care and in good faith:

   A. **Educational Services and Coordinator:** District shall provide Affiliate with students enrolled in any of the District's Health Science Programs who have demonstrated a basic level of proficiency and ability to perform technical skills as required by their specific program (Students). All such records shall be delivered to and maintained by District and in accordance with its policies and procedures. The District shall ensure that its personnel and Students at all times maintain the confidentiality of medical records in accordance with applicable laws and regulations.

2. **AFFILIATE RESPONSIBILITIES:** Affiliate shall perform all of the following duties and obligations with due diligence, care, and in good faith:

H. Affiliate shall provide Students with emergency medical care (first-aid) in the event of an accident or injury. In the event of accident, injury, or serious illness of any student, Affiliate will immediately notify the Assistant Director of the College and the Coordinator. 7. **INSURANCE:** During the term of this Agreement and any extension thereof, District shall maintain, at its own cost and expense, professional liability insurance for all assigned students with minimum coverage of at least $1 million per occurrence and $3 million in the aggregate. If such coverage is pursuant to a claims-made policy, and it is terminated for any reason during the term of this Agreement or during a period of three (3) years after the termination of this Agreement, then District will obtain and maintain tail or prior acts coverage for a period of three (3) years after termination thereof. In addition, District agrees to maintain general liability insurance to cover its actions and those of its personnel and Workers' Compensation coverage (in such amounts as may be required by law) for its personnel. Upon request of Affiliate, District will provide a certificate of insurance verifying coverage, and District will notify Affiliate in writing within two (2) business days of any cancellation or adverse modification of such insurance coverage. If District fails to obtain or maintain the insurance required hereunder, Affiliate at its option may terminate this Agreement.

   Affiliate shall obtain and maintain professional liability and general liability insurance in the minimum amounts of $1 million per occurrence and $3 million in the aggregate per annum that provides coverage for activities that Affiliate and their employees participate in pursuant to this Agreement. Evidence of professional and general liability insurance coverage shall be provided to District annually unless requested earlier. Affiliate shall give District thirty (30) days prior written notice to the extent Affiliate has such notice of impending cancellation or termination of such insurance and, upon cancellation or termination thereof, shall immediately notify District. In the event that Affiliate maintains claims-made coverage, and Affiliate's coverage is terminated within three (3) years of the date on which District ceases to participate or have Students participate in the Experience or District employees facilitate participation in the Experience pursuant to this Agreement, Affiliate Site shall obtain "tail coverage," or other prior acts coverage, if such coverage is available, in the amount stated above until the expiration of three (3) years from the last date on which District, any Student or any District employee participated or facilitated in the Experience, as contemplated by this Agreement. Failure to secure and maintain the insurance coverage required by this Agreement shall constitute a material default and the Agreement may be terminated by District.

8. **INDEPENDENCE OF THE PARTIES:** In the performance of their separate businesses, it is understood and agreed by Affiliate and District that each shall be, and at all times is, an independent and unrelated entity acting and performing as a separate business. Accordingly, none of the provisions of this Agreement are intended to create, nor shall be deemed or construed to create any relationship between District and Affiliate other than that of independent entities contracting with each other solely for the purpose of achieving the provisions of this Agreement. The parties hereto shall be considered to be independent, and neither of them, nor any of their respective representatives, employees or agents shall be construed to be the agent, employee, servant or representative of the other.

9. **TERM; EXTENSION; TERMINATION:**
   A. Term and Extension: This Agreement shall be in effect for a period of three school years commencing on the date of execution by all parties and terminating on June

30, 2028. The parties may agree to mutually extend the Agreement for a period of three additional years in writing on or before June 30, 2028.

B. Termination for Cause: Affiliate shall be considered in material breach of this Agreement and such breach will be considered cause for District to terminate this Agreement, in whole or in part, as further set forth herein, for any of the following reasons: (1) failure to properly and timely perform in accordance with the Agreement; (2) the bankruptcy or insolvency or a general assignment for the benefit of creditors by Affiliate or by any of Affiliate's principals, partners, officers or directors; (3) failure to obey laws, ordinances, regulations or other codes of conduct, or (4) otherwise materially breaching this Agreement. District shall promptly notify Affiliate in writing of the determination and the reason(s) for the termination, together with the effective date of the termination. Payments made to Affiliate or recoveries by District under contracts terminated for cause shall be in accordance with the legal rights and liabilities of the parties under the laws of the State of Florida. Notwithstanding anything herein to the contrary, District may unilaterally terminate this Agreement for refusal by Affiliate to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Florida Statutes, made or received by Affiliate in conjunction with this Agreement.

C. Termination for Convenience: Upon not less than 30 days advance written notice, District may terminate this Agreement, in whole or in part, for District's convenience and without cause in accordance with this clause.

D. Effect of Illegality: If a legislative body, a court of competent jurisdiction or an administrative agency having authority to regulate any of the parties, holds this Agreement or the obligations to be performed hereunder to be illegal under this Agreement, then the parties agree to engage in good faith negotiations towards amending the Agreement.

Affiliate hereby indemnifies and holds harmless District for any claims made against District related to the failure of Affiliate or Affiliate's personnel to comply with any of the laws referenced in this paragraph or related to Affiliate's obligation to comply with the Jessica Lunsford Act and Florida law governing background screening requirements.

B. Assignment: Neither party may assign any of its rights or obligations hereunder, whether by operation of law or otherwise, without the prior written consent of the other party (not to be unreasonably withheld.) If this matter pertains to a school that becomes a charter school, this Agreement may be cancelled by District upon thirty days written notice and District shall be released of any and all obligations under this Agreement.

C. Entire Agreement: This Agreement constitutes the entire agreement between the parties and supersedes any and all prior agreements, proposals or representations, written or oral, concerning its subject matter. The parties shall not be bound by any terms, conditions, statements, warranties, or representations, written or oral, not contained herein.

D. Amendments; Waivers: No modification or amendment of any provision of this Agreement will be effective unless in writing and signed by both parties. The failure or neglect by any party to enforce any right under this Agreement shall not be deemed to be a waiver of that party's rights. A waiver shall not be effective unless it is in writing and signed by the party who possesses the right to waive enforcement of same.

E. Governing Law: This Agreement will be governed by the laws of the State of Florida, without regard to its conflicts of laws rules. Each party agrees to comply with all applicable laws in the performance of this Agreement. All disputes are to be resolved in Manatee County, Florida by binding Arbitration before the American Arbitration Association or other mutually agreed and similar forum. The costs of such dispute will be borne by the individual party.

F. Relationship of Parties: The parties are independent contractors. This Agreement does not create a partnership, franchise, joint venture, agency or employment relationship between the parties. It is expressly acknowledged that the District does not direct or control the work or services to be performed, or how to perform such work or services under this Agreement.

G. Indemnification: Affiliate shall defend, indemnify and hold harmless District, its officers, employees, and agents, and the School Board of Manatee County, Florida, and its members from any and all liability, losses or damages, including attorneys' fees and costs of defense, which District, its officers, employees, and agents, and the School Board of Manatee County, Florida, and its members may incur as a result of any claim, demand, suit, or cause of action or proceeding of any kind or nature arising out of, relating to, or resulting from the performance of this Agreement by Affiliate, its employees, officers and agents. The parties agree to promptly notify one another of any claims and to cooperate in the defense of all claims towards a goal of settling or otherwise disposing of all claims in a manner that is mutually agreeable to both parties. To the extent permitted by law, each party agrees to be fully responsible for its acts of negligence, or its employees' acts of negligence when acting within the scope of their employment and agrees to be liable for any damages resulting from said negligence.

The indemnification provisions of this Agreement shall survive termination of this Agreement for any claims that may be filed after the termination date of the Agreement provided the claims are based upon actions that occurred during the performance of this Agreement.

H. Confidentiality: The parties agree to maintain confidential records and information pursuant to applicable law, including, but not limited to, the Americans with Disabilities Act, the Family and Medical Leave Act, Family Educational Rights and Privacy Act, the Genetic Information Nondiscrimination Act, the Health Insurance Portability and Accountability Act. Regarding data storage and breaches, Affiliate shall employ commercial best practices for ensuring the security of all District data including, but not limited to, electronic, spoken and paper information accessed, used, created, maintained, disposed of, or otherwise handled in the course of Affiliate's performance of this Agreement. In the event of a breach of security as defined in Section 501.171, Florida Statutes, Affiliate shall notify District immediately, but no later than ten days following a determination of a breach of data security. Additionally, Affiliate shall fully cooperate, at its own expense, with District regarding District's statutory notification requirements. This cooperation includes law enforcement and auditors. Additionally, the parties acknowledge that District as a local governmental entity is subject to the State of Florida's public record laws. Should a request be made for disclosure of confidential records of Affiliate, District shall provide notice to the other party who may then, at its discretion, respond to the request. Should Affiliate not disclose the records or documents, Affiliate will defend and indemnify District for any fees and costs which are incurred or taxed against District because of the non-disclosure. Should Affiliate require confidential student information or personally identifiable information as a "school official," it may enter into a separate data privacy and sharing agreement with District.

I. Sovereign Immunity: Affiliate acknowledges and agrees that District does not waive its immunity and nothing herein, including the naming of District as an additional insured, shall be interpreted or deemed as a waiver of District's rights, including the limitation of waiver of immunity, as set forth in Section 768.28, Florida Statutes, or any other statutes, and District expressly reserves these rights to the full extent allowed by law. All defenses relative to sovereign immunity are expressly reserved by District

J. Contact with Students: Unless otherwise specified, Affiliate will not permit any employee, independent contractor, material men, supplier or anyone involved in any manner with work pursuant to this Agreement on District property. A violation of this provision shall result in immediate termination of the offender and issuance of a trespass notice from District. Affiliate shall be responsible for insuring compliance by all employees, independent contractors and subcontractors or other persons involved in any manner with work pursuant to this Agreement.

K. Standards of Conduct: Affiliate will be held to the same standards of conduct as District employees while conducting business with District. These standards, as defined in District policies, will apply to Affiliate's employees and employees of Affiliate's

Affected performance obligations will be suspended during the duration of the Force Majeure. In the event that the Force Majeure persists more than 90 days, the party may elect to terminate this Agreement for convenience upon written notice.

N. Equal Opportunity: Affiliate shall not discriminate on the basis of race, color, ethnicity, sex, national origin, religion, disability, pregnancy, age, ancestry, genetic information, or marital status.

Executive Summary
As required by Manatee School Board Policy 2120 and Florida Statue (F.S.) Section 1001.42(18), the Board shall annually approve and require implementation of a new, amended, or continuation School Improvement Plan (SIP) for each school in the district and shall provide funds to schools for developing and implementing school improvement plans. The SIP outlines specific objectives and action steps for ensuring that schools meet the required performance standards for both district and state educational goals and priorities. To continually evaluate their students' progress, schools have developed a SIP for the 2025-2026 school year with measurable objectives that focus on improving student performance. To fulfill the requirements, schools are required to complete a SIP using the template located in the Continuous Improvement Management System (CIMS2) https://cims2.floridacims.org/

Due to the size and format of each SIP, they are available for review in person at the School Support Center (SSC).

District-Managed Turnaround Plan – Step 2 (TOP-2)

School District of Manatee
Samoset Elementary School

Due: October 1

Form Number DMT, TOP-2, incorporated in Rule 6A-1.099811, F.A.C., effective November 2024

Purpose

The purpose of this document is to guide districts to develop a plan for implementation of a district-managed turnaround plan. The district shall provide the Department with the plan for approval by the State Board of Education (SBE).

Directions

Districts shall complete this Step 2 form for each school required to implement a district-managed turnaround plan. The district must submit this plan to the Regional Executive Director (RED) for review and feedback before submitting it to BSI. The local school board must approve the plan. This completed form must be signed by the superintendent or authorized representative and emailed to the RED and BSI@fldoe.org no later than October 1. The subject line of the email must include the district name, school name and TOP-2 (DMT).

Districts must update this Step 2 form as an addendum to the Charter School Turnaround Option Plan TOP-2 form for sustained operation of the school when a Charter School Turnaround Option Plan is selected in the TOP-1 form. The plan must be submitted following the above guidelines.

School

In the box below identify the name and MSID number of the school that will be supported through the district-managed turnaround plan.

School Name/ MSID Number
Samoset Elementary School/0421

Needs Assessment

The district is responsible for documenting a needs assessment that uses quantitative and qualitative data to identify the needs of the school system, including needs identified by families and the community.

The summary of the needs assessment results must address points of strength and opportunities for growth in the school system (at both the district and school level) in each of these three domains:

1. Transformational Leadership
2. Standards-based Instruction and Learning (for student and adult learners)
3. Positive Culture and Environment

In the box below, describe the methodology used for the needs assessment, including 3-year data trends from the state, district, and school levels. Include a review of all strategies to determine which are improving the school and should be reinforced or supplemented, as well as which strategies are not resulting in improvement.

Describe the methodology used for needs assessment, including 3-year data trends from the state, district and school levels.

School and district leadership teams reviewed Samoset Elementary School's data in the following areas: student performance (including subgroups), teacher performance and certification, attendance, discipline and family engagement. The tables and summary below capture the areas needing attention related to student performance and subgroups.

Student performance data highlight both growth and areas for improvement. Fifth-grade Science showed a significant increase in proficiency, while English Language Arts (ELA) and Mathematics demonstrated only marginal gains. Learning gains for the lowest 25% of students declined across all four tested areas. Grade-level results identified fourth grade as the lowest-performing, impacted by unfilled vacancies and inconsistent small-group instruction and progress monitoring. Subgroup analysis revealed limited proficiency and minimal gains for Students with Disabilities (SWD) and English Speakers of Other Languages (ESOL). While ESOL students are progressing on the WIDA ACCESS assessment, their performance on the Florida Assessment of Student Thinking (FAST) remains a concern. Recently exited ESOL students, who still qualify as English Language Learners (ELL), also struggle to sustain growth, indicating the need for stronger transition supports. These findings underscore the need for ongoing professional learning for teachers and leadership, with a focus on staffing stability, consistent interventions, and targeted support for at-risk subgroups to close gaps and accelerate achievement at Samoset Elementary School.

Identify strategies that have evidence of improvement at the school and how they will be reinforced or supplemented.

Samoset Elementary School's improvement strategies focus on using resources efficiently to boost student achievement. All allocated resources- time, funds, staff and operations- remain dedicated to supporting student learning. These areas will be targeted through three domains: (1) Transformational Leadership, (2) Standards-Based Instruction and Learning and (3) Student-Centered Learning Environment. The following strategies have been identified and will be consistently reinforced and supported by school and district leadership:

- Recruited new principal with history of success in turnaround and Title I Schools
- Hired new assistant principal with multiple years of relevant experience in school improvement efforts
- Hired experienced English Language Arts (ELA) and math coaches
- Assigned district-managed School Improvement Specialist who is supervised by the Executive Director, School Improvement & Leadership Development
- Transferred highly effective faculty into school based on VAM scores
- Section 1001.42(21), Florida Statutes: School Board authorized the Superintendent to utilize flexibility for school improvement efforts
- Alignment of grants and district budget to school improvement goals
- Required Professional Learning Communities (PLCs) and collaborative planning supported by district directors and specialists
- Instructional expectations aligned to high-effect size, evidence-based instructional strategies and intervention materials
- New common assessments and progress monitoring tools in ELA and math with routine review at both the school and district level
- Maximized instructional time through master schedule
- Established teacher attendance incentive
- Assigned staff member to supervise student attendance and behavior improvement initiatives
- Developed school-wide Multi-Tiered System of Supports (MTSS) behavior plan with district-supported behavior training
- Focus on parent and family engagement

Identify strategies that have not resulted in improvement. What will be done differently?

The Community Assessment Team for Samoset Elementary School analyzed multiple data sources to identify the root causes of low academic performance. As a result, areas of concern were discussed and broken down to create systems of support for the following areas that have hindered school improvement:

Lack of consistent instructional framework: In the 2024-25 school year, there were a significantly large number of Level 1s on the Florida Assessment of Student Thinking (FAST). In addition, overall learning gains and lowest quartile learning gains dropped in all areas and have continued to decrease in math historically.

- Addressing the identified gap in Tier 1 core instruction presents an opportunity to implement daily, rigorous, and benchmark-aligned teaching that ensures all students engage in high-quality, standards-driven learning. Consistent progress monitoring and structured monthly assessment reviews are needed for effective action planning. Additionally, teachers require job-embedded professional

learning focused on high-yield instructional strategies to improve delivery of benchmark-aligned lessons and student tasks.
    - High yield instructional strategies for the 2025-26 school year at Samoset Elementary School include success criteria, collaborative structures and formative assessments.

Chronic absenteeism for students: In the 2024-25 school year, more than 60% of students were absent 10 days or more (Kindergarten-5th grade; 329 out of 536).

- Implement a structured system for setting attendance goals and monitoring progress, supported by a quarterly incentive program funded through school, district, and community partnerships, to promote consistent student engagement and reduce chronic absenteeism.

Inconsistent Behavior Support and Multi-Tiered System of Supports (MTSS) Framework: In the 2024-25 school year, students spent a substantial amount of time outside of the classroom, highlighting the need for more consistent and proactive behavior supports. There was a total of 354 days of suspension (181-Out-of-school suspension; 173-In-school suspension) which is significantly high as compared to the 191 total days of suspension for the 2023-24 school year.

- Implement a school-wide MTSS Behavior (MTSS-B) Tier 1 Plan, with systems for professional learning, monitoring and accountability.
- District facilitated summer workshop focused on the creation of a Tier 1 MTSS-B plan and supported by the Director of Student Services and team (July 31, 2025).
- Professional learning for instructional and support staff on handling disruptive behavior supported by the district.
- Implement a quarterly incentive program for students supported through district and community partners.
- Ensure a system is in place for consistent school and parent communication around student behavior expectations and parent support.

Implementation Plan

Part A. Summarize the district-managed turnaround plan and describe how the needs assessment results will be addressed in each of these three domains:

1. Accountable and Shared Leadership
2. Standards-based Instruction and Learning (for student and adult learners)
3. Positive Culture and Environment.

Part B. In this plan, verify that each assurance outlined in the TOP-1 form for district-managed turnaround has been addressed.

Part A.

Accountable and Shared Leadership

The district has identified and communicated instructional priorities for teaching and learning to all school leaders. For the 2025-26 school year, the emphasis is on targeting and implementing high-yield instructional strategies as areas of focus for principals and their leadership teams. Professional learning sessions and leadership meetings are being used to address these priority areas and monitor progress towards school

improvement. In addition, as part of the District-Managed Turnaround (DMT) plan, senior leadership and all department directors will be responsible for monitoring the strategies developed directly from the needs assessment analysis. The Deputy Superintendent of Instruction holds weekly meetings with direct reports to monitor the progress at Samoset Elementary School. A comprehensive plan has been established to review multiple data sources weekly, enabling targeted support and the development of actionable strategies to drive school improvement.

Standards-based Instruction and Learning

Instructional priorities are aligned with district goals and emphasize high-yield teaching strategies.

- ELA, math and science instruction follows a framework focused on benchmark-aligned instruction, mastery and regular progress monitoring. Professional Learning Communities (PLCs) and collaborative planning are implemented with school leadership and district support. Teachers use district-provided curriculum maps and resources for Tier 1 instruction and interventions. The master schedule ensures required instructional minutes and common planning time for grade-level teams. Leadership provides teachers with continual support and data-driven feedback. New and beginning teachers receive mentorship and ongoing professional learning. Ongoing support and professional learning are provided for all staff to ensure high-quality instruction. Samoset's leadership team has implemented monthly data monitoring conducted for all students, with special attention to Tier II and Tier III subgroups. Instructional expectations are established and monitored, aligning with district priorities and high-yield strategies.

A comprehensive system is in place for collecting and utilizing data to track benchmark mastery and guide instructional decisions.

- Data discussions and monitoring occur weekly and bi-weekly at the school level, as well as weekly between the School Improvement Executive Director and Deputy Superintendent and monthly between the district and school administration. Schools are tiered by performance and need, with Samoset Elementary designated as Tier 3 and receiving intensive support.

We have a plan for regular implementation and analysis of common formative assessments at both school and district levels.

- The district uses ELA common assessments to monitor all students, with particular attention to subgroups and those needing extra support. Formative data is used to determine targeted interventions. Elementary Decision Tree and CERP guide literacy efforts and staff receive ongoing professional learning with the instructional materials for UFLI. Universal RAISE Schools benefit from continued district and state support, including webinars and book studies focused on the Science of Reading. In addition, Samoset is utilizing IXL to support math instruction in the classroom. Weekly monitoring will be conducted at the school and district level.

Student-Centered Learning Environment

Samoset Elementary School has developed a safe, welcoming environment by aligning strategies with district priorities. The school implements a Tier 1 MTSS-B plan and Positive Behavior Intervention and Supports, with two Student Support Specialists focused on attendance and behavior. Clear expectations and support systems are in place, aided by consistent parent communication forms. Weekly leadership meetings use the Early Warning System to identify students needing support. Staff receive district-led training on managing disruptive behavior and quarterly student incentives are funded by the district and community partners. Alongside its Tier 1 behavior and attendance plan, Samoset Elementary aims to boost family and community engagement. The district has required parent/teacher conferences mid-semester and will provide translation

support or funding as needed. Title I and Strategic Planning departments will continue to assist with family events for 2025-26 to maintain clear communication about student attendance and academic support.

Part B.
The district has addressed all assurances in the TOP-1 form. This TOP-2 document outlines our actions and strategies in the District-Managed Turnaround Plan

Explain the correlation between the School Improvement Plan (SIP, annual school plan) and this proposed district-managed turnaround plan (TOP-2, 2-year district plan). Describe how the district and school leadership team are working together to implement the plans to improve the school.

Correlation between SIP and TOP-2:

The strategies in this document align with the SIP and TOP-2. District and school leaders continue to collaborate to develop and carry out all strategies and monitoring of the improvement plan. Data analysis revealed the need for the following focus areas which are included in both the SIP and TOP-2:

- Benchmark-aligned instruction in all content areas supported through standards-based planning and instruction, common formative assessments and systems for monitoring mastery of all grade level benchmarks
- Positive Behavior and Intervention System (PBIS)
- School-wide MTSS framework focused on academic performance, behavior and attendance

Describe how the district and school leadership team are working together to implement the plans to improve the school.

The district is committed to providing the highest level of support to Samoset Elementary School.

- The Superintendent holds a weekly data review meeting which includes a review of the most recent data at Samoset Elementary School. Support is prioritized based on findings and identified areas of concern.
- The Executive Director of School Improvement and Leadership Development will provide ongoing guidance, monitoring and support to the principal and leadership team focused on leading a school in turnaround status.
- The Director of Elementary Curriculum and team of specialists will provide onsite support specifically aligned to the needs of the school and at the request of the principal.
- The Deputy Superintendent of Instruction and all his direct reports will have a role in providing continuous and ongoing support at the school level in addition to monitoring at the district level weekly.

2. The principal of Samoset Elementary School has full autonomy to develop a master schedule following all requirements to meet and maximize instructional minutes within the school day. Common planning time is built into the schedule for grade levels and departments and blocks are strategically placed to allow for coaching support and professional learning built in. The school board has authorized the superintended to utilize flexibility for all school improvement efforts in Section 1001.42(21), Florida Statute. These efforts include:
    a. Required facilitated, collaborative planning and professional learning needed to improve student performance (3 hours per week outside of the student day, up to 1 planning period per week during the student day and on record days)
    b. Quarterly attendance incentive for teachers ($1,000 per quarter)
    c. Recruitment/Retention bonus through the Supplemental Teacher and Administrator Allocation (STAA) grant (Highly Effective & Effective supplemental pay bonus: $7,500; $15,000)

    The Executive Director for School Improvement used the state's Value-Added Model ratings to replace teachers rated less than effective with those rated Highly Effective. Hiring is an ongoing priority and district teams are working to support the principal in filling vacant positions through recruitment and a staffing agency as needed. The Director of Federal Programs and Grants works closely beside the principal to ensure all funding sources including Title I and UniSIG align and support the school improvement goals.
3. Samoset Elementary School will continue to use all the district required and state approved instructional resources and programs in alignment with grade-level instruction in all content areas. New for the 2025-26 school year, Samoset will be implementing the University of Florida Literacy Institute (UFLI) lessons and materials grounded in the Science of Reading to support Tier 1 phonics instruction. Also new this school year, is the integration of IXL into the core math block to supplement Tier 1 instruction. The Ready Math resource will be implemented for K-4 substantial deficiencies in math. Samoset Elementary School is also using Penda Science to supplement Tier 1 science instruction in alignment with the state's standards.

4. The district utilizes state approved resources for all intervention programs and will support implementation, training and progress monitoring at the school level for Samoset. Intervention programs being used for the 2025-26 school year include Systematic Instruction and Phonological Awareness, Phonics and Sight Words (SIPPS) along with Lexia and the intervention resources from Benchmark Advance. These intervention programs are grounded in the Science of Reading and emphasize all components of reading including phonemic awareness, phonics, vocabulary, fluency and comprehension.
5. The district requires unit assessments in ELA for grades 3-5 that will be completed on the School City platform and used to drive instruction and reteaching. Lexia data reports are used for K-5, STAR Curriculum-Based Measures (CBM) is used K-2 and DIBELS for 3-5. The Deputy Superintendent of Instruction and his district leadership team will be reviewing all progress monitoring and summative assessments. The team meets weekly to review data and provide targeted support based on results and needs. Samoset Elementary School is a Tier 3 priority school and will receive weekly and differentiated support through the curriculum, ESOL and ESE departments. A specialist from each department has been assigned directly to the school. The principal has established a thorough plan for coaching, professional learning and facilitated collaborative planning. Progress monitoring results are built into this planning schedule to ensure all teachers have access to their data, participate in the practice of analysis and problem solving and transfer to the student level as part of the school goal for creating assessment capable learners.
6. Through the ongoing review of the progress monitoring and summative assessment data for Samoset Elementary School, the district will continue to align resources and personnel as needed based on data analysis.
7. The district will allocate resources and support to Samoset Elementary School based on progress monitoring and assessment data. Department directors have already assigned specialists and are ready to deploy more if needed. Their teams have a strong track record with high-needs schools. Improving 3rd grade reading proficiency is a major focus, supported by a unified plan for professional learning and resource alignment. Samoset Elementary School has two literacy coaches who attend monthly data review sessions to set action plans for the school. The district supports all coaching cycles and teacher training.
8. Teachers are required to deliver supplemental supports and targeted interventions for students experiencing difficulties, guided by formative assessment data. The district has established and consistently monitors the Elementary Decision Tree as well as the Comprehensive Evidence-Based Reading Plan (CERP). Professional learning and ongoing assistance are provided by the district in partnership with the University of Florida Lastinger Center.
9. The district is utilizing Section 1001.42(21), Florida Statute and the school board has authorized the superintended to utilize flexibility for all school improvement. This gives the principal autonomy and full flexibility from contract restrictions for carrying out the vision and school improvement goals at Samoset. The district also supports these efforts with additional funding that cannot be utilized through Title I or the UniSIG grant.
10. Coaching logs for assigned support specialists are reviewed by the director for that department weekly. The elementary curriculum department also monitors the level of support and impact through a survey system completed by the principal for every need and service provided. This allows the director and team to monitor what is being provided for Samoset to improve and support instruction continuously throughout the school year. Literacy coaches are also required to submit a monthly coaching log that is reviewed at the district level and drive professional learning and school level support.

1. Based on preliminary 2024-25 school accountability grade scores, senior leadership made the determination to appoint new leadership at Samoset Elementary School for the 2025-26 academic year. The district posted a turnaround principal position, offering a $20,000 hiring incentive annually for three consecutive years. This initiative aimed to attract a highly qualified principal, either internally or externally, with a proven record of elevating school performance grades. Ms. Samantha Webb, an experienced and current principal within the district, was selected for this role and officially started June 26, 2025.

2. Ms. Samantha Webb, selected principal for the 2025-26 school year at Samoset Elementary brings five years of Title I principal leadership experience from Abel Elementary School, where she successfully improved the school's grade to an 'A' rating for two consecutive years and removed the school from ATSI status. Samoset's leadership will also participate in weekly calibration walks in alignment with the priorities for teaching and learning and high yield strategy focus areas described in the school improvement plan. During these walks, active data will be collected using the school's look-fors and action planning will take place continuously to best serve the needs of the teachers through facilitated collaborative planning and professional learning. In addition, a coaching conversation framework will be practiced and reinforced with the leadership team to effectively conduct with teachers following walks where change in teaching practice and behavior is evident. Conversations around progress

monitoring and summative data will take place monthly at the district level and weekly at the school level. There is a school-wide expectation for the use of success criteria in all classrooms with all students along with spiral benchmark review upon data analysis. The leadership team will also participate in Excellence Review Walks with the Deputy Superintendent of Instruction and directors from all departments supporting Samoset.

4. Does the district offer incentives to instructional personnel with VAM ratings of Highly Effective or Effective to reduce turnover at turnaround schools?

Assurance 2: Narrative-School Capacity- Educators

1. The School District of Manatee County (SDMC) conducts both in-person and virtual hiring events and will support strong hiring and retention practices to reduce the high teacher/staff turnover. Samoset Elementary is given additional support from our Human Resources (HR) department in the following areas:

    a. Priority table placement during in-person hiring events. Samoset Elementary's recruitment table will be the first one available to applicants as they walk into the facility. An HR member will assist with welcoming and directing applicants to Samoset's table to engage with the principal and her leadership team.
    b. Priority will be given to all of Samoset's instructional postings by bookmarking all positions at the top of the hiring portal. HR will also ensure the district's career site highlights that teachers at Samoset may be eligible to receive up to $15,000 as part of the Supplemental Teacher and Administrator Allocation (STAA) grant for effective and highly effective state Value-Added Model (VAM) rating.
    c. The district will utilize a staffing agency as needed to fill all remaining vacancies with certified teachers.

2. Two instructional personnel were reassigned for the 2025-26 school year due to VAM ratings of Needs Improvement. In addition, one teacher was transferred into Samoset with a VAM rating of Highly Effective. The principal and district personnel are actively monitoring all applicants for vacancies and vetting to ensure they are certified and do not have a VAM rating that is less than effective.

3. The district is utilizing Section 1001.42(21), Florida Statute and the school board has authorized the superintended to utilize flexibility for all school improvement. This has given the principal autonomy and full flexibility from contract restrictions for carrying out the vision and school improvement goals at Samoset. Part of this flexibility includes being able to offer a quarterly attendance incentive bonus of $1,000 effective at the start of the school year for every teacher, coach and other support instructional personnel who fall under the teacher contract to receive up to four times for the school year. In addition, the district incorporated a $20,000 annual bonus into the Turnaround Principal job posting, to be awarded for three consecutive years, contingent upon improvement in Samoset Elementary's school grade.

4. As shared above, the district is utilizing Section 1001.42(21), Florida Statute and the school board has authorized the superintended to utilize flexibility for all school improvement. Part of this flexibility includes being able to offer instructional personnel and administrators the opportunity to receive the Recruitment/Retention bonus through the Supplemental Teacher and Administrator Allocation (STAA) grant (Highly Effective & Effective supplemental pay bonus: $7,500; $15,000).

Assurance 2: Verification-School Capacity- Educators

In the box below, describe the specific actions the district has taken to recruit instructional personnel with VAM ratings of Highly Effective and Effective to this school. Describe how the district has reassigned or non-renewed instructional personnel with VAM ratings of Needs Improvement and Unsatisfactory to a school not in SI and how the district filled any vacancies resulting from these reassignments with certified instructional personnel.

1. What actions have been taken to recruit with VAM ratings of Highly Effective and Effective to this school?
2. How many instructional personnel were reassigned or non-renewed due to VAM ratings of Needs Improvement and Unsatisfactory?
3. Confirm that all reassigned instructional personnel were not reassigned to SI schools.
4. How did the district fill the vacancies? Have all vacancies been filled with certified instructional personnel?

1. The Executive Director of School Improvement worked closely with the principal and the Director of Assessment, Accountability and Research to pull VAM data for every instructional personnel on the campus of Samoset Elementary. Upon identifying teachers with less than effective VAM ratings, a plan was taken under the direction of the Superintendent and Deputy Superintendent of Instruction to transfer two teachers out of Samoset and one highly effective teacher into the school for the 2025-26 school year. The Executive Director of School Improvement and the principal called highly effective teachers to actively recruit for Samoset and will continue to do so until all vacant positions are filled. All applicants are reviewed prior to interviewing to ensure there are no VAM ratings of Needs Improvement or Unsatisfactory being hired into the school.

2. Over the summer, two instructional personnel were reassigned for the 2025-26 school year due to VAM ratings of Needs Improvement. In addition, one teacher was transferred into Samoset with a VAM rating of Highly Effective. Natural voluntary transfers occurred throughout the summer as well, removing one additional teacher with a VAM rating of Needs Improvement.

3. None of the three reassigned personnel were assigned to an SI school.

4. Ms. Webb and Ms. Keats actively worked throughout the month of July to find quality candidates for Samoset Elementary. The HR department hosted both in-person and virtual job fairs along with sending quality resumes to the leadership team to proactively recruit instructional personnel. Using VAM ratings, teachers were also identified and recruited. The district will continue to provide ongoing support as the Samoset leadership team continues to fill current vacancies. A staffing agency is currently being utilized to support filling all remaining vacancies with certified teachers.

Fill out the table below to verify the VAM classification data.

The cost for each line item budget category has been evaluated and determined to be allowable, reasonable and necessary as required by Section 216.3475, Florida Statutes. Documentation is on file evidencing the methodology used and the conclusions reached.

Project Performance Accountability Information, Instructions, and Forms

NOTE: The following pages are included in the RFA/P template and are to be completed by the applicant.

The Florida Department of Education has a standardized process for preparing proposals/applications for discretionary funds. This section of the RFA/P, Project Performance Accountability, is to assure proper accountability and compliance with applicable state and federal requirements.

The Department's project managers will:

- track each project's performance based on the information provided and the stated criteria for successful performance
- verify the receipt of required deliverables prior to payment.

For projects funded via Cash Advance, the Department's project managers will verify that the project activities/deliverables are progressing in a satisfactory manner, consistent with the Project Narrative and Performance Expectations, on a quarterly basis.

The Project Narrative/Scope of Work must include the specific tasks that the grantee is required to perform.

Deliverables must:

- be directly linked/related to a specific line item/cost item that in turn links to specific task(s)/activity(ies)/service(s)
- identify the minimum level of service to be performed
  - be quantifiable, measureable, and verifiable. (*how many, how often, duration*). Effectiveness (*a method demonstrating the success such as a scale goals to be attained is necessary*) Evidence or proof that the activity took place. *Examples of deliverables: documents, manuals, training materials and other tangible product to be developed by the project; training & technical assistance and the method of provision; number of clients or individuals served, the method of providing the service and frequency. Criteria for acceptance will vary based on the services being provided. Specific criteria will need to be developed by the program office, communicated to the provider, articulated in the deliverable form and will become part of the project award.*

The applicant must complete the information related to the required tasks to be performed and timelines/due dates for the respective tasks/deliverables consistent with the provided instructions. Per Chapter 215.971 F.S. financial consequences will be applied if the subrecipient fails to perform the minimum level of services required by the agreement. Unit cost is not necessary for each item but can be used to establish a methodology for reduction in the event minimum performance is not met.

YMHAT Project Abstract

The primary focus of the YMHAT District mini-support grant is to ensure district staff receives YMHAT. Pursuant to s. 1012.584, F.S., no later than July 1, 2023, and annually thereafter by July 1, each school district shall certify to the FDOE, in a format determined by the FDOE, that at least 80 percent of school personnel in elementary, middle, and high schools have received the training required under this section. Funds are used to support districts with costs related to training, such as:

- Stipend pay for staff to attend YMHFA training outside of staff's regular work hours.
- Stipend pay for substitutes to cover staff to attend YMHFA training.
- Supplemental pay for staff members who attend trainings outside of the school day
- Supplies and materials related to YMHFA training.
- Seats for staff to attend YMHFA training (in-person and blended).

On June 30, 2025, the School District of Manatee County had a Youth Mental Health First Aid employee trained percentage rate of 91.8%. With the assistance from the YMHAT grant, the district's goal is to reach 93% trained by June 30, 2026.

Steps to achieving this goal:

During the Fall 2025 semester, hold a training specifically for food service workers (30 available seats). In addition, hold a minimum of ten trainings during the months of July-December.

On November 1, 2025, a survey will be sent to district trainers to request availability for trainings for the Spring 2026 semester. A minimum of ten trainings will be scheduled for this semester as well.

Assurances

The FDOE has developed and implemented a document entitled **General Terms, Assurances and Conditions for Participation in Federal and State Programs** to comply with the following:

2 C.F.R. 200, Uniform Grant Guidance (UGG) requiring agencies to submit a common assurance for participation in federal programs funded by the United States Education Department (USED); Applicable regulations of other Federal agencies; and State regulations and laws pertaining to the expenditure of state funds.

In order to receive funding, **applicants must have on file with the FDOE Office of the Comptroller, a signed statement by the agency head certifying applicant adherence to these General Assurances for Participation in State and Federal Programs.** The complete text may be found in Section D of the Green Book.

> **School Districts, Community Colleges, Universities and State Agencies**
> The certification of adherence, currently on file with the FDOE Comptroller's Office, shall remain in effect indefinitely. The certification does not need to be resubmitted with this application unless a change occurs in the district superintendent, current agency head/president, federal or state law, or there are other changes in circumstances affecting a term, assurance or condition.

Note: The UGG combines and codifies the requirements of eight Office of Management and Budget (OMB) Circulars: A-89, A-102 (former 34 Code of Federal Regulations [CFR] part 80), A-110 (former 34 CFR part 74), A-21, A-87, A-122, A-133, A-50. For the FDOE this means that the requirements in U.S. Education Department General Administration Regulations (EDGAR) Parts 74 and 80 have also been subsumed under the UGG. The final rule implementing the UGG was published in the Federal Register on December 19, 2014, and became effective for new and continuation awards issued on or after December 26, 2014.

Technical assistance documents and other materials related to the UGG, including frequently asked questions and webinar recordings, are available at the Chief Financial Officers Council website at https://cfo.gov/cofar.

Risk Analysis

Every agency must complete a Risk Analysis form. The appropriate DOE 610 or DOE 620 form will be required prior to a project award being issued. The Risk Analysis must be submitted with the application. If an agency is submitting applications for multiple programs, only one Risk Analysis is required.

School Districts, State Colleges, State Universities and State Agencies must use the DOE 610 form. Once submitted and approved, the risk analysis will remain in effect unless changes are required by changes in federal or state law, changes in the circumstances affecting the financial and administrative capabilities of the agency or requested by the Department. A change in the agency head or the agency's head of financial management requires an amendment to the form. The DOE 610 form may be found at http://www.fldoe.org/core/fileparse.php/5625/urlt/doe610.xls.

Grants Management Training
Non-public entities are required to take the Grants Fiscal Management Training and Assessment annually. The agency head and/or the agency's financial manager (CFO) must complete this training within 60 days of the date of execution (Block 12) on the DOE 200, Project Award Notification. Training and assessment can be found using the following link: https://portal.fldoesso.org/PORTAL/Sign-On/SSO-Home.aspx. Access to the training requires users to input a valid email to log in via the Department's Single Sign-On portal.

Non-participation in the training program may result in termination of payment(s) until training is completed.

Funding Method
Reimbursement with Performance
Payment is rendered upon quarterly submission of documented allowable disbursements, plus documentation of completion of specified performance objectives.

Fiscal Records Requirements and Documentation
Applicants must complete a Budget Narrative form, DOE101S. Budget pages must be completed to provide sufficient information to enable FDOE reviewers to understand the nature and reason for the line-item cost.

All accounts, records, and other supporting documentation pertaining to costs incurred shall be maintained by the recipient for five years. Supporting documentation for expenditures is required for all funding methods. Examples of such documentation include but are not limited to: invoices with check numbers verifying payment, and/or bank statements; time and effort logs for staff, salary/benefits schedules for staff. All must be available upon request.

Funded programs and any amendments are subject to the procedures outlined in the FDOE Project Application and Amendment Procedures for Federal and State Programs (Green Book) and the General Assurances for Participation in Federal and State Programs, which may be found at http://www.fldoe.org/finance/contracts-grants-procurement/grants-management/project-application-amendment-procedur.stml.

Budgeted items must correlate with the narrative portion of the project application that describes the specific activities, tasks and deliverables to be implemented.

Project funds may not be used to supplant existing programs or funding.

All project recipients must submit a completed DOE 399 form, Final Project Disbursement Report by the dates specified on the DOE 200 form, Project Award Notification.

Financial Consequences
The grant manager shall periodically review the progress made on the activities and deliverables listed.
If the Discretionary Project fails to meet and comply with the activities/deliverables established in the grant or to make appropriate progress on the activities and/or towards the deliverables and they are not resolved within two weeks of notification, the project liaison may approve a reduced payment or request the sub-recipient redo the work or terminate the grant.
Failure to complete any of the deliverable items listed in the Scope of Work and Project Performance Accountability Form will result in a per-unit reduction of the total deliverable amount. The exact amount for each deliverable will be determined upon program and budget review and identified in the final project award. The grant manager must assess one or more of these consequences based on the severity of the failure to perform and the impact of such failure on the ability of the sub-recipient to meet the timely and desired results. These financial consequences shall not be considered penalties.

Expenses
Allowable Expenses:
Program funds must be used solely for activities that directly support the accomplishment of the program purpose, priorities and expected outcomes during the program period. All expenditures must be consistent with the approved application, as well as applicable state and federal laws, regulations and guidance. Allowable expenditures may only include costs associated with Youth

Awareness Training (YMHAT) , such as supplemental pay, seats for in-person and blended training, and supplies and materials for training.

Expenses for personal digital assistants (PDA), cell phones, smart phones and similar devices, including the service costs to support such devices may be allowable with FDOE prior approval. Applicants will need to describe and justify the need for such devices, and identify the amount that will be applicable to the project and how the device will be kept secure.

Unallowable Expenses:
Unless otherwise specifically authorized herein, the subrecipient shall not convey anything of value, including but not limited to gifts, loans, rewards, favors or services, directly to any agent, employee or representative of the Department, and shall promptly notify the Department in the event that an agent, employee or representative of the Department attempts to solicit the same.

Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non- Federal entity under the Federal award must contain provisions covering the following, as applicable.

A. Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

B. All contracts in excess of $10,000 must address termination for cause and for convenience by the non- Federal entity including the manner by which it will be effected and the basis for settlement.

C. Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60–1.3 must include the equal opportunity clause provided under 41 CFR 60–1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964–1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

D. Davis-Bacon Act, as amended (40 U.S.C. 3141–3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141–3144, and 3146–3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non- Federal entity must report all suspected or reported violations to the Federal awarding agency.

E. Contract Work Hours and Safety Standards Act (40 U.S.C. 3701–3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

F. Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

G. Clean Air Act (42 U.S.C. 7401–7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251–1387), as amended—Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401–7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251–1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

H. Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

I. Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

$20,000,000.00 (04/26/22) Original Project Budget

HISTORY: A new high school was built in 2019 to serve students in north (and east) county, as the District's current high school utilization is at 106% of capacity. The site for the new school consists of 98 acres in the central part of the North county, located on Erie Road.

SCOPE: The existing campus was constructed in 2019 with a student capacity of 2,150; but was master planned and the core was constructed for a capacity of 2,500 students. Due to enrollment growth, the scope of work for the one-story classroom building addition provides for 16 additional classrooms to accommodate 400 students. Included are associated restrooms, storage areas, corridors, walkways, and mechanical and electrical systems required for a functioning facility for grades nine through twelve. The addition will be a modified reuse of the plans for Building 6, which was constructed in 2019.

ARCHITECT/ENGINEER:	Hepner Architects Inc.	Currently on the District's Continuing Contracts List
CONSTRUCTION MANAGER:	Ajax Building Company	Currently on the District's Continuing Contracts List
BUILDING OFFICIAL:	N/A	Currently on the District's Continuing Contracts List

PROJECT BUDGET: $ 6,000,000.00

HISTORY: Lakewood Ranch High School was constructed in 1997, and the original underground chilled and hot water piping systems have been continuous operation since then. Over the years, the infrastructure has experienced progressive wear and deterioration, leading to frequent leaks and maintenance issues.These recurring failures have impacted HVAC performance and increased operational costs. Given the age of the system- now approaching three decades- a full replacement of the below grade and above grade piping is necessary to restore reliablility and efficiency. Additionally, the HVAC control system has become outdated and is included in the scope for the modernization to meet current standards and support future campus needs.

SUBSTANTIAL COMPLETION: TBA

SCOPE: The **Scope of Work** includes all services required to replace the existing chilled water piping and hot water piping to the existing air handlers. This includes the site piping to the building connections only.

Title
Approval of Second Amendment to Lease Schedule No. 2023A relating to the School Board's Certificates of Participation, Series 2023A (the "Series 2023A Certificates" - Capital Funds)

Executive Summary
On May 25, 2023, the School Board caused the issuance of its $151,730,000 aggregate principal amount of the Series 2023A Certificates in order to finance the lease-purchase of various educational facilities including Blackburn Elementary School Renovation, Haile Middle School Addition and Renovation, Oneco Elementary School Renovation, Palma Sola Elementary School Replacement and Renovation and Tara Elementary School Addition and Renovation (collectively, the "Series 2023 Project"). Due to certain components of the Series 2023A Project coming in under budget and the availability of certain other revenue sources (i.e., impact fees) to fund certain other portions of the Series 2023A Project, the School Board expects to have approximately $12 million in project funds remaining upon completion of such facilities and it is in the best interest of the School Board to enter into the Second Amendment to Lease Schedule No. 2023A to modify the plans and specifications for the Series 2023A Project to add renovations at Tillman Elementary School as part of the Series 2023A Project as Designated Equipment (i.e., non-asset).

Note: Second Amendment to Lease Schedule No. 29023A will be attached when provided by Bond Counsel.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready To Grow | Goal 4
Maximize the energy efficiency and management of our facilities to remain sustainable and financially responsible

Ready To Grow | Goal 5
Continue our secure financial position, utilize referendum millage funds effectively, and modernize and enhance our current schools to meet our school community needs, including building vibrant, new schools

Ready To Grow | Goal 6
Maintain our robust security readiness and safety system across the District

Recommendation
The Superintendent recommends Approval of Second Amendment to Lease Schedule No. 2023A relating to the School Board's Certificates of Participation, Series 2023A (the "Series 2023A Certificates" - Capital Funds)

Financial Impact

PROFESSIONAL AND EDUCATIONAL SERVICES AGREEMENT

This Professional and Educational Services Agreement (hereinafter, this "Agreement") effective as of [.][1] (the "Effective Date"), is entered into by and between The School District of Manatee County (hereinafter the "District") and BDV Cultural Exchange, LLC (dba TPG Cultural Exchange), a Delaware limited liability company, located at 631 South Main Street Suite 400, Greenville, SC 29601 (hereinafter "BDV"). For the purposes of this agreement, BDV includes BDV's sister companies which are designated J-visa sponsors. The Parties further recognize and agree that BDV may bind third-parties to certain terms of this agreement to enable BDV to provide the services described herein.

Background Statement

BDV is a cultural exchange provider for highly qualified, international visiting educators (each, an "Educator" and collectively, the "Educators"). BDV provides opportunities for Educators from around the world, and School Districts in the United States, to participate in a mutually beneficial cultural and professional experience through the temporary placement of Educators in Schools in the United States. To further those goals, BDV provides for a temporary stay in the United States of one (1) to five (5) years for Educators. After the completion of their stay, Educators return to their home countries to share the cultural and educational knowledge that they gained while in the United States.

BDV wishes to support Educators to teach at participating School(s) in the District as an exchange visitor ("Exchange Visitor") under the sponsorship of BDV's sister companies that are designated as a sponsors for the J-1 teacher exchange program by the U.S. Department of State Bureau of Educational and Cultural Affairs. In the United States, School Districts (not individual Schools) generally hire teachers. As a result, references to "School", and "School District", throughout this Agreement refer to the administrative entity that hires the Educators and all participating schools where Educators are placed.

Agreement

In consideration of the foregoing, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the District and BDV hereby agree as follows:

1. TERM AND TERMINATION OF THIS AGREEMENT.

   a. Term. Upon the Effective Date, the District will become a participant in the BDV Cultural Exchange Services Exchange Visitor Program (the "Exchange Visitor Program"). This Agreement shall be effective for a period of three (3) years, starting on the Effective Date (the "Initial Term"). Each year of the Term, prior to the commencement of the upcoming School Year, BDV and the District will mutually agree on the number of Educators to be hired by the District for the subsequent School Year. For purposes of this Agreement, as well as the BDV Cost Summary attached hereto as Exhibit A, the term "School Year" is defined as the dates on the District's official calendar in which Educators are required to be at the School and classes are in session. Any administration fees ("Administration Fees") for Educators owed by the District to BDV under this Agreement will be reflected in Exhibit A, attached hereto. Any proposed changes to Administration Fees will be communicated in writing to the District by BDV by March 1st of the preceding School Year, and the

[1] NTD: Open to confirm.

parties must mutually agree to any changes to the Cost Summary by May 1st of the preceding School Year. If the parties are unable to agree to the proposed changes, the then-current BDV Cost Summary will stay in effect for such School Year. The District shall comply with the duties and requirements set forth in this Agreement and its attachments while this Agreement is in effect, and the District shall pay BDV an annual Administration Fee, as noted in Exhibit A, for each Educator provided by BDV to the District. Unless otherwise terminated according to the provisions of this Agreement, this Agreement will automatically renew at the expiration of the then current Term for an additional three (3) years (each, a "Renewal Term" and together with the Initial Term, the "Term"), and will apply to all Educators teaching in the District during each year of this Agreement.

b. Termination for Convenience.

i. BDV reserves the right to terminate this Agreement at any time and for any reason upon giving thirty (30) days' written notice to the District. If this Agreement should be terminated for convenience as provided herein, both parties will be relieved of all obligations under this Agreement (it being understood, however, that the parties will remain obligated to complete the then current School Year). The District will be required to pay all amounts owed under this Agreement for services actually performed as of the date of termination, according to the payment terms as outlined on Exhibit A.

c. Termination for Cause.

i. Should the District fail to comply with any of their obligations under this Agreement, including, but not limited to those set forth in Section 4, and the District fails to cure such breach within ten (10) calendar days of receiving written notice from BDV, then BDV shall, at its option, have the right to immediately remove all Educators from the District.

ii. Should BDV fail to comply with any of their obligations under this Agreement and fail to cure such breach within ten (10) calendar days of receiving written notice from the District, then the District shall have the right to terminate the Agreement at the end of the then-current School Year.

2. TERM AND RENEWAL OF INDIVIDUAL EDUCATORS. This Agreement, as it pertains to each Educator, will become binding upon each Educator's acceptance of the District's written offer of employment. For all Educators, the parties agree and acknowledge that BDV may, at its sole discretion, and upon providing written notice to the District, remove any Educator from the District who (i) is not granted a valid J-1 visa allowing arrival and employment in the US; (ii) does not fully execute a separate BDV Educator Agreement between BDV and the Educator prior to arrival in the US; (iii) is unable to obtain a proper teaching license; or (iv) for any other grounds deemed reasonable, at the sole discretion of BDV. Educators teaching in the District will be formally identified each School Year, prior to such Educator's first day of teaching, in a separate document to be provided by BDV to the District.

3. BDV'S DUTIES AND RESPONSIBILITIES. BDV agrees to make efforts to provide the District with one (1) or more professional international Educator(s) who meet, as closely as possible given availability and individual state licensure and certification requirements, the District's stated preferences with regard to subject and experience level. BDV, via the Educator Agreement entered into with each Educator, has acknowledged that BDV Cultural Exchange, LLC wishes to sponsor such Educator via its sister companies sponsors or sponsors partners, and that such Educator wishes to teach in the District as an Exchange Visitor under the auspices and sponsorship of BDV Cultural Exchange, LLC' sister sponsors companies and sponsors partners. Additionally BDV has arranged, or will arrange, for Educator's recruitment, pre-arrival preparation, travel, orientation, domestic transportation, and instructional services support, including, but not limited to the recruiting of Educator, including the application and evaluation process, personal interviews, criminal record check, and reference checks; assistance with procuring a J-1 Cultural Exchange Visa (valid only while the Educator is sponsored by BDV's sister sponsors companies or sponsors partners); assistance with securing the proper Educator licensure; coordinating transportation from Educator's country of residence to the teaching location; assistance with Educator's procuring of local transportation and lodging; provision of additional consultation and staff development as necessary; provision of health, medical evacuation, and repatriation insurance meeting the requirements outlined in 22 CFR 62.14; and when necessary, providing the District with Educator's written authorization for the District to perform any of the duties and responsibilities detailed herein.

4. DISTRICT'S DUTIES AND RESPONSIBILITIES.

   a. Compensation. The District agrees to pay each Educator's compensation per School Year commensurate with the Educator's United States counterparts based on education and experience, as well as all relevant state and federal laws.

   b. Compliance with Laws and Taxes. The District will comply with all applicable federal and state laws, including without limitation, paying, or having withheld from Educator's pay, all applicable taxes. The District acknowledges and agrees that it is solely and fully responsible for paying its taxes and for filing any and all tax returns in the US as required by law. BDV does not provide legal, accounting, tax or other similar counsel and advice, and the District should seek the assistance of professional counsel in respect to such matters. The BDV Educator Agreement between BDV and the Educator requires Educator to also comply with all applicable laws and taxes.

   c. Acclimation Assistance to Educator(s). The District agrees to allow Educator to participate in the District's teacher induction program for teachers newly hired to the District and to provide professional guidance, support, and assistance upon the Educator's arrival and throughout each Educator's Initial School Year in the same manner it provides to other newly hired teachers. Additionally, the District agrees to provide the following support services for each Educator: (i) monitor initial adjustment and performance on an on-going informal basis and provide opportunities to share and discuss mutual observations and concerns with Educator; (ii) provide opportunities for and encourage Educator to take advantage of professional development; (iii) facilitate cultural exchange opportunities for Educator through

District and District-wide activities and events and community involvement; (iv) communicate with BDV in a timely manner regarding Educator's status, sharing observations and concerns about initial adjustment, progress, and overall performance, and (v) assist Educator, if necessary, with other reasonable resources and support services. Additionally, in the event an Initial School Year Educator arrives after the School Year has begun, the District agrees to provide such Educator with a minimum of one (1) day for classroom observation or other non-teaching, professional development activity to facilitate transition into Educator's teaching duties.

d. Duty to Report. To the extent allowable by Florida laws, the District shall immediately notify BDV if it has knowledge that an Educator is directly involved (or appears to be involved) in, or affected by, an incident of mistreatment, abuse, criminal activity, or other inappropriate conduct. Examples of incidents requiring notification include, but are not limited to: (i) incidents of mistreatment (alleged or certain) towards the Educator; (ii) Educator's mistreatment of students, School employees, or patrons; or (iii) a report of an Educator's involvement in any criminal activity, such as a DUI. Furthermore, the parties acknowledge that the Educator shall be governed by the Florida Department of Education Code of Ethics.

e. Typical Three-Year Limitation on Educator Employment. The District acknowledges and agrees that the purpose of the Exchange Visitor Program is cultural exchange, and that Educators are expected to remain under sponsorship of BDV' s sister sponsor companies or sponsors partners throughout their term and return to their country of residence after three (3) years in the BDV program under the guidelines of the J-1 Visa. In some cases, the Department of State will authorize a 4th or 5th year in J-1 status for the Educator to continue teaching at the District.

f. Pro-Rata Adjustments. In the event that an Educator's first day of teaching is after the first day of the School Year, the District may adjust the Educator's salary and benefits on a pro-rata basis in proportion to that percentage of the School Year for which Educator is available to fulfill teaching duties as assigned by the District.

g. Payment Terms. Any and all payments owed to BDV by the District are due in within 30 days of the date an invoice is received. The District shall pay BDV fees according to the Cost Summary set forth in Exhibit A.

   BDV shall invoice the District on September 30th of each year that this Agreement is in effect, for payment based on the actual number of Educators made available to the District. For mid year placements, BDV shall invoice within thirty (30) days of such Educator's arrival. The invoice of each year shall be adjusted based on the total amount due to BDV in accordance with Exhibit A.

h. Employment Notifications. The District hereby acknowledges and agrees that the District is the sole employer of each Educator as defined by the Family and Medical Leave Act, as amended (29 U.S.C. § 2601 et seq.) ("FMLA"), the Fair Labor

Standards Act (29 U.S.C. § 201 et seq.) ("FLSA"), Article X, Section 24 of the Florida Constitution, the Florida Minimum Wage Act (Fla. Stat. § 448.110 et seq.) ("FMWA"), and any similar state or local law regarding employment. The parties agree that as a J-1 Visa Exchange Visitor Program Sponsor, TPG should never be construed as an employer or joint-employer of any Educator. For these reasons, the District will be responsible for notifying each Educator of his/her applicable rights and obligations under FMLA, FLSA, the Florida Constitution, FMWA, and similar state/federal laws, and for providing each Educator with the applicable FMLA leave if mandated by applicable law.

i. Consent to Disclosure. Upon the request of BDV, and to the extent allowable by Florida law, the District hereby consents to the disclosure and release to BDV of Educator's personnel files in the event that the District determines that such Educator is failing or has failed to perform satisfactorily his or her teaching obligations, and any other documentation required or relating to such Educator per the District's personnel policies. Each Educator has hereby consented to the disclosure contemplated in this section by signing the BDV Educator Agreement.

j. Performance Evaluations. Upon the request of BDV, the District agrees to provide timely copies of performance evaluations of the Educators so that BDV, where appropriate and at its discretion, may provide Educators with additional professional, cultural or other training.

k. Relocation Loan. As a condition of program participation, BDV may offer or require each Educator to accept a relocation loan ("Relocation Loan") payable to the Educator at the beginning of the School Year, up to Three Thousand Five Hundred Dollars ($3,500) (the exact amount to be determined by BDV), to assist with such Educator's relocation or similar expenses. In the event of the termination of this Agreement or the termination, resignation, or non-renewal of an Educator by either Party, for any or no reason, BDV will invoice the Relocation Loan amount to the District for payment upon deductions from the respective Educators final paycheck. Educators must authorize payroll deductions for loan repayment by signing the Educator Agreement and Promissory note. It is understood that the District is not responsible for collecting these payments and is doing this as a courtesy to BDV. The District will only collect payments that do not exceed the maximum withholdings from Educator's final paycheck. Any other payments owed are the sole responsibility of BDV to collect.

l. Health Insurance Co-Payment. The District will authorize payroll deductions for payment of health insurance premiums owed by the Educators and additionally agrees to execute any further authorization that may be requested by BDV to effectuate such payroll deductions.

m. Key Regulatory requirements. The J-1 Teacher Exchange Program is subject to regulations set forth by the Department of State. This program emphasizes cultural exchange, professional development, and the temporary nature of the exchange. The

District acknowledges that the below are key requirements and obligations for participating in this program per the regulations set forth by the Department of State:

i. Purpose of the Program.
   1. Facilitate the exchange of teaching practices and cultural understanding between U.S. and foreign educators.
   2. Enhance the mutual understanding of cultures through direct teaching roles in U.S. schools.
   3. Encourage participants to return to their home countries with enriched professional and cultural insights.

ii. Program Compliance.
   1. Adhere to all Department of State regulations governing the J-1 program: 22 CFR Part 62.
   2. Ensure J-1 teachers are placed in roles compliant with their DS-2019 forms, including teaching full-time in K-12 classrooms or prekindergarten language immersion programs.
   3. Guarantee that J-1 appointments are temporary, not leading to tenure, and not used to displace U.S. workers.

iii. Communication and Reporting.
   1. Respond to BDV communications within specified timeframes regarding teacher welfare.
   2. Notify BDV promptly about changes affecting J-1 teachers, including:
      a. School assignments, teaching roles, or grade levels.
      b. Changes to wages, benefits, or program length.
      c. Accreditation status of the school.
      d. Incidents or emergencies involving J-1 teachers.
   3. Provide detailed information about direct supervisors of J-1 teachers.

iv. Teacher Placement and Support.
   1. Ensure assigned schools are accredited institutions.
   2. Place teachers in positions with responsibilities, hours, and compensation comparable to U.S. counterparts.
   3. Provide appropriate classroom resources and guidance.
   4. Allow teachers to work and be paid even before receiving a Social Security number if they have applied for one.

v. Cultural Exchange Requirements.
   1. Facilitate at least one cross-cultural activity annually in two categories:
      a. Activities promoting the teacher's home culture within the host community or school.
      b. Dialogues or exchanges between U.S. students and students in the teacher's home country.

vi. Program Integrity.
   1. Do not assist or encourage J-1 teachers to remain in the U.S. beyond their program end date.

2. Maintain awareness of the program's 3-year maximum duration, with possible extensions through official processes.

vii. Social Security and Taxes.

1. Teachers can legally work once they've applied for a Social Security number.
2. J-1 teachers are exempt from FICA taxes for their first two calendar years in the U.S. but are subject to these taxes afterward.

viii. Key Compliance Points.

1. Districts must provide transparency regarding compensation, housing, transportation, and certification costs before teachers sign contracts.
2. Teachers' roles must align strictly with the purpose and conditions outlined in their DS-2019 forms.
3. Any deviation or issue must be communicated to BDV immediately.

5. REMOVAL, RESIGNATION OR NON-RENEWAL OF INDIVIDUAL EDUCATORS.

a. Removal of Educators by BDV. BDV may remove an individual Educator from the District upon notice to the Educator and the District at any time, for any reason, prior to the scheduled start of such Educator's Initial School Year, in which event neither BDV nor the District will have any further liability to the other as it relates to that particular Educator. BDV may also remove a particular Educator during any subsequent School Year after the Initial School Year (each, a "Subsequent School Year") by giving notice of the same to Educator and the District by May 15th prior to the beginning of a new School Year, in which event neither BDV nor the District will have any further liability to the other as it relates to that particular Educator.

b. Non-Renewal by Educator. If an Educator does not give written notice to BDV and the District of Educator's intent to return to the District as an Educator under the terms of the Educator Agreement prior to May 15th, or any other date agreed to by BDV and the Educator, then such Educator shall not be considered by the parties as it relates to their obligations under this Agreement.

c. Termination of Employment by the District. The District must notify BDV immediately of any Educator's termination of employment by the District and provide the reason and associated documentation to BDV in writing. Upon the occurrence of a termination with the District, BDV may terminate its Educator Agreement with the Educator. Once terminated, such Educator shall not be considered by the parties as it relates to their obligations under this Agreement.

d. Termination of Educator by BDV. BDV may terminate an Educator at any time upon notice to such Educator and the District for Educator's breach of any of Educator's obligations to BDV or the District. BDV may also remove an Educator from the District for any Educator's receipt of an overall "Unsatisfactory" performance evaluation under the state teacher performance appraisal system instrument; failure to maintain proper J-1 status or whenever termination of visa sponsorship would be

appropriate under applicable visa regulations; documented incompetence, misconduct; immoral behavior; insubordination; neglect of duty; falsification of employment records; dishonesty, criminal conviction; violation of any policies, rules, regulations or laws applicable to the District; failure of any drug test; incapacity; or acts which bring or could potentially bring the BDV Program into disrepute; or related issues.

e. Resignation by Educator. The District acknowledges that any Educator may resign from the District upon thirty (30) calendar days prior written notice of such resignation, provided to BDV and the District.

f. District's Obligation to BDV in the event of Termination. Should the District terminate any Educator, the District expressly warrants and agrees to pay the full Administration Fee for each such Educator, subject to a reduction or refund of all or an applicable portion of the Administration Fee according to the BDV Refund Policy, attached hereto and incorporated herein as Exhibit B, available to the District upon request.

g. BDV's Obligation to the District in the event of Termination or Resignation. If an Educator is terminated by either BDV or the District, or chooses to resign, BDV will, either:

ix. replace such Educator upon explicit request of the District and subject to availability of a BDV-approved, qualified replacement Educator and US Department of State approval; or

x. refund the District with a portion of the Administration Fee it paid to BDV according to the refund policy set forth in Exhibit B.

5. CONFIDENTIALITY AND INTELLECTUAL PROPERTY.

a. The District agrees that it will not at any time use or disclose to any individual, corporation, or other entity any confidential information concerning the business and affairs of BDV or the participating Educators, which includes, but shall not be limited to, all information disclosed by BDV to the District, whether orally or in writing, that is designated as confidential or that reasonably should be understood to be confidential given the nature of the information and the circumstances of the disclosure, including any Educator's name, address, telephone number, email address or other personally identifiable information ("Confidential Information"). The District acknowledges and agrees that all Confidential Information is, and will remain, the sole property of BDV, except as required by applicable law. For purposes of this Agreement, BDV shall designate in writing its Confidential Information in order to protect the same as a trade secret. For purposes of this Agreement, the phrase "designate in writing by BDV" means that BDV agrees to add the following language on every page of its Confidential Information protected as a Trade Secret provided to the District in hard copy: "This TPG document is a confidential trade secret information exempt from disclosure under the Public Records Act, Chapter 119,

Florida Statutes, pursuant to sections 812.081 and 815.045, Florida Statutes." Confidential Information shall not include information that:

i. is already known to the District as of the Effective Date;

xi. is or becomes known to the general public other than as a direct or indirect result of any act or omission of the District;

xii. becomes, or has become, publicly known through no wrongful act of the District;

xiii. is lawfully received by the District from a third party that the District has reasonably verified is free to disclose the information without restriction on disclosure; or

xiv. is independently developed by the District without use of BDV's Proprietary and Confidential Information.

n. Nothing in this Agreement is intended to grant any rights under any patent or copyright of either party, nor will this Agreement grant the District any rights in or to the Confidential Information of BDV. BDV represents that it has all intellectual property rights necessary to enter into and perform its obligations under this Agreement.

o. Notwithstanding the foregoing, the parties acknowledge that the District is an agency that is subject to Florida's Public Records Laws as codified in Chapter 119, Florida Statutes. BDV understands the broad nature of these laws and agrees to comply with Florida's public records laws and laws relating to records retention. In compliance with section 119.0701, Florida Statutes, BDV agrees to:

i. Keep and maintain public records required by the District.

ii. Upon request from the District's custodian of public records, provide the District with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in the Florida Public Records laws or as otherwise provided by law.

iii. Ensure that public records that are confidential or exempt from public records disclosure requirements are not disclosed, except as authorized by law for the duration of the Term of this Agreement, and following termination of this Agreement, if BDV does not transfer the records to the District.

iv. Upon termination of this Agreement, transfer at no cost to the District all public records in possession of BDV, or keep and maintain public records required by the District. If BDV transfers all public records to the District upon termination of this Agreement, BDV shall destroy any duplicate public

records that are confidential or exempt from public records disclosure requirements. If BDV keeps and maintains public records upon termination of this Agreement, BDV shall meet all applicable requirements for retaining such public records. All records stored electronically must be provided to the District, upon request of the District's custodian of public records, in a format that is compatible with the information technology systems of the District.

BDV acknowledges that all documents and information submitted to the District, including pricing information, is considered a public record under Florida law and may be disclosed to third parties upon request, notwithstanding any confidentiality clauses or labels contained in such documents.

The District acknowledges, notwithstanding the above, that BDV must retain all records related to their Exchange Visitor Program and Exchange Visitors (to include accompanying spouse and dependents, if any) for a minimum of three (3) years following the completion of each Exchange Visitor Program in accordance with C.F.R. §62.10(g).

6. NON-INDUCEMENT OF EDUCATORS. The District stipulates, covenants and agrees that during the Term of this Agreement, and for two (2) years after the expiration or termination of this Agreement, the District, without the prior, express written consent of BDV, will not induce any Educator that currently has, or in the past has had, a contract with BDV to be employed by the District outside of the terms and conditions of this Agreement and the BDV Educator Agreement. The District acknowledges this restriction is fair and reasonable given the purpose of BDV's role in the cultural exchange program and the scope and territory of BDV's business. In the event of a breach of the provisions of this section, the parties acknowledge that actual damages to BDV cannot be ascertained with any certainty and therefore the District shall pay to BDV damages in the amount of One Hundred Fifty Percent (150%) of the yearly BDV Administrative Fee owed for each Educator indirectly or directly employed by the District in breach of this provision. All current J-1 Visitors sponsored by BDV Cultural Exchange, LLC may be transferred from the District if there is a breach of this Section 8, to be decided in BDV's sole discretion. The parties agree that this is fair and reasonable as a means to protect the sanctity and intent of the J-1 Visa program. The parties understand and agree that the foregoing shall not be applicable to any position for which the District is engaged in its standard open hiring process for which an Educator submits an application and is otherwise qualified for employment without the requirement for a district sponsored H1-B Visa.

7. NON-INDUCEMENT OF EMPLOYEES. The District stipulates, covenants and agrees that during the Term of this Agreement and for one (1) year after the expiration or termination of this Agreement, the District, without the prior, express written consent of BDV, will not induce, solicit, or endeavor to entice away from BDV any employee or contractor of BDV to leave his or her employment with BDV.

8. ENTIRE AGREEMENT. This Agreement (including the exhibits attached hereto) contains the entire agreement between BDV and the District with respect to the subject matter hereof, and merges and supersedes all prior agreements, understandings, or negotiations whatsoever with respect to the subject matter hereof.

9. AMENDMENTS AND WAIVERS. No amendment of this Agreement or any waiver of any of its provisions will be effective unless expressly stated in a writing signed by both parties. No delay or omission in the exercise of any right, power or remedy under or for this Agreement will impair such right, power or remedy or be construed as a waiver of any breach. Any written, signed waiver of a breach of this Agreement, or any failure to claim a breach of this Agreement will not be treated as a waiver of any subsequent breach. The failure of either party to insist upon strict performance of any of the covenants or agreements contained herein, in any one or more instances, will not be construed to be a waiver or relinquishment of any such right or of any other covenants or agreements, but the same will be and remain in full force and effect.

10. GOVERNING LAW; VENUE. This Agreement will be governed by and construed in accordance with the laws of the State of Delaware, with venue lying exclusively in and for the jurisdictional state, federal, and chancery courts located in the State of Delaware.

11. PREVAILING PARTY. In the event any dispute arises out of or relating to this Agreement, whether in law or equity, the prevailing party shall be entitled to recover, in addition to the relief awarded, its reasonable attorneys' fees, paralegals' fees and costs, at all levels, whether at trial, or in bankruptcy.

12. WAIVER OF JURY TRIAL. EACH PARTY HERETO HEREBY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY THAT MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES AND, THEREFORE, EACH SUCH PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LEGAL ACTION ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

13. BINDING EFFECT. This Agreement for the District's participation in the BDV program will become effective upon the Effective Date. The Background Statement is hereby incorporated to this Agreement by reference.

14. SEVERABILITY. Each provision of this Agreement will be considered severable, and if any provision of this Agreement will be held illegal, invalid, or otherwise unenforceable under controlling law, the remaining provisions of this Agreement will not be affected thereby, but will continue in effect. Furthermore, to the extent any provision of this Agreement will be held illegal, invalid or unenforceable under controlling law, such provisions will be modified only as necessary to make such provision legal, valid and enforceable under controlling law.

15. CAPTIONS. The captions and headings in this Agreement are for convenience only and in no way define, limit, extend or interpret the scope of this Agreement or of any particular paragraph hereof.

16. FORCE MAJEURE. Notwithstanding any other provision of this Agreement, BDV's performance hereunder, in whole or in part, will be excused if prevented by natural disaster, war, labor strike, pandemic, act of God, change in applicable law, or any other cause beyond

the reasonable control of BDV. The District's performance hereunder, in whole or in part, will likewise be excused if prevented by natural disaster, wars, or act of God.

17. FEDERAL REQUIREMENTS. The District may utilize federal funds for its payment pursuant to this Agreement. Accordingly if the District uses federal funds, then BDV agrees to execute and deliver to the District upon ten (10) days prior written notice the following documents, all of which shall be incorporated into this Agreement by this reference as: (a) Federal Regulatory Compliance Statement; (b) Certification Regarding Drug-Free Workplace Requirements; (c) Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion; and (d) Non-Collusion Affidavit.

18. REPRESENTATIONS BY BDV. BDV represents that: (a) it is duly organized, validly existing and in good standing under the laws of the state of its organization; (b) it is authorized and in good standing to conduct business in the State of Florida; (c) it has all necessary power and has received all necessary approvals to execute and perform its obligations in this Agreement; and (d) the individual executing this Agreement on behalf of BDV is authorized to do so.

19. REPRESENTATIONS BY THE DISTRICT. The District represents that (a) entering into this Agreement will not create a conflict with any other agreement that the District is presently a party to; and (b) the District has the legal and organizational power and authority to enter into and execute this Agreement.

20. INSURANCE. The District certifies that it is self-insured pursuant to the provisions of Applicable Florida Law, for tort liability in anticipation of any claim which it might be liable to pay pursuant to that section. Worker's compensation coverage is also self-insured at levels conforming to statutory requirements. Such liability and workers' compensation self-insurance supersedes any insurance obligation imposed on the District in this Agreement. The District shall ensure that BDV receives immediate notification of reduction in or cancellation of coverage. BDV agrees to maintain insurance coverage according to the types and levels of insurance set forth in Exhibit C, attached hereto and incorporated herein by reference.

21. FUNDING OUT. Each payment obligation of the District created by this Agreement is conditioned upon the availability of funds that are appropriated or allocated for the payment of services or products. If such funds are not allocated and available, this Agreement may be terminated by the District at the end of the period for which funds are available. The District shall notify BDV at the earliest possible time before such termination. No penalty shall accrue to the District in the event this provision is exercised, and the District shall not be obligated or liable for any future payments due or for any damages as a result of termination under this section.

22. CONFIDENTIALITY OF STUDENT RECORDS. BDV understands and agrees that it is subject to all federal and state laws and District rules relating to the confidentiality of student information. BDV further agrees to comply with the Family Educational Rights and Privacy Act ("FERPA") 34 C.F.R. § 99. BDV shall regard all student information it receives, if any, as confidential and will not disclose the student information to any third party.

23. HOLD HARMLESS/INDEMNIFICATION.

a. Subject to the limitations of §768.28, Florida Statutes, the District agrees to indemnify, defend and hold harmless BDV and its affiliates, and each of their respective owners, managers, directors, agents, employees, and contractors from and against any and all claims, losses, damages, liabilities, penalties, fines, or costs, including reasonable attorneys' fees arising out of any direct or third party claim alleging:

i. the negligent acts of the District in connection with the provisions of this Agreement;
ii. any labor law issue that arises while the Educator is working for the District;
iii. a breach of the District's representations and warranties under this Agreement; and/or
iv. the District's unauthorized disclosure of BDV's Confidential Information, including any costs of notifying Educators with respect to a breach of their personally identifiable information.

b. BDV agrees to indemnify, hold harmless and defend the District from and against any and all claims, suits, actions, damages, or causes of action arising out of the negligent acts of BDV arising out of or in connection with the provisions of this Agreement.

24. NO THIRD PARTY BENEFICIARIES. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations in or upon any third person or entity under this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

25. SUBCONTRACTORS. BDV is hereby permitted to subcontract any of its duties or obligations as set forth in this Agreement, and shall ensure that each subcontractor complies with all provisions of this Agreement. BDV will remain liable for the acts and omissions of such subcontractor(s) and the proper performance and delivery of the products and/or services set forth in this Agreement.

26. ASSIGNMENT. Neither this Agreement, nor any portion thereof, may be assigned by BDV in whole or in part without the prior written consent of the District, except insofar as BDV may use third-party J-1 visa sponsor partners to increase their teacher DS2019 allocation. In such a case, BDV will bind third-parties to the terms set forth in this Agreement. This Agreement shall be binding upon and inure to the benefit of BDV's permitted assignees.

27. NOTICES; AGENCY ADMINISTRATOR. Every notice, approval, consent or other communication authorized or required by this Agreement shall not be effective unless in writing and sent via hand delivery, email, or overnight delivery (with a receipt), directed to the other party at its address provided below, or such other address as either party may designate by notice from time to time in accordance herewith:

Once so designated, each party's representative shall coordinate communications and processes as needed for the purposes of conducting the services set forth in this Agreement, as well as the process for routine or administrative communications. The parties shall also reasonably cooperate as to the development (including content and format) of the invoicing and any reports to be provided by BDV as part of the services.

28. NON-DISCRIMINATION. BDV represents and warrants to the District that BDV does not, and will not, engage in discriminatory practices and that there shall be no discrimination in connection with BDV's performance under this Agreement on account of a person's actual or perceived identity with regard to race, color, religion, gender or gender identity, age, marital status, disability, sexual orientation , political or religious beliefs, national or ethnic origin, veteran status, any other protected status under applicable law, or any other distinguishing physical or personality characteristics. 29. EQUITABLE REMEDIES. Each party hereto acknowledges that the other party hereto would be irreparably damaged in the event of a breach or threatened breach by such party of any of its obligations under this Agreement, including, but not limited to Section 7, Section 8, or Section 9, and hereby agrees that in the event of a breach or threatened breach by such party of any such obligations, each of the other party hereto, in addition to any and all other rights and remedies that may be available to them under law, shall be entitled to specific performance and other equitable relief, including temporary and permanent injunctive relief, without the necessity of showing actual monetary damages or pleading or proving irreparable harm or lack of an adequate remedy at law and without having to post a bond or other

security. In the event that any party files a suit to enforce the covenants contained in this Agreement (or obtain any other remedy in respect of any breach thereof), the prevailing party in the suit shall be entitled to receive in addition to all other damages to which it may be entitled, the costs in incurred by such party conducting the suit, including reasonable attorneys' fees and expenses.

3. JESSICA LUNSFORD ACT. All District and TPG employees, appointees, or agents who come into contact with students as part of this Agreement must submit a background check, in a manner prescribed by the District (including compliance with sections 1012.315 and 1012.467, Florida Statutes). Any non-District personnel associated with this Agreement and who may come into contact with students as part of this Agreement will be screened at TPG's expense. TPG shall not permit persons to provide services to students under this Agreement if any such person does not meet the standards established under Florida law and the District's hiring standards concerning criminal background employee history checks. Failure to comply with this provision shall be cause for immediate termination of this Agreement.

30. J VISITOR INSURANCE. The District and BDV understand and agree that all individuals sponsored on the J nonimmigrant visa (both J-1 Educators and J-2 dependents) must have insurance that meets the guidelines outlined in 22 CFR 62.14.

    a. BDV agrees to make available an insurance plan that meets the requirements outlined in 22 CFR 62.14 to all J-1 Educators and their J-2 dependents.

    b. The District can offer benefits to J-1 Educators and their J-2 dependents provided this insurance meets the requirements outlined in the Code of Federal Regulations or can be offered as insurance that is secondary to the J-visitor's compliant insurance.

32. SURVIVAL. Sections 4, 5, 6, 7, 8, 11, 13, 14, 19, 20, 23, 24, and 30 of this Agreement will survive termination of this Agreement and the termination, resignation, or non-renewal of any Educator by the District or by BDV. In addition to the foregoing, those provisions which by their nature are intended to survive the expiration, cancellation or termination of this Agreement, including, by way of example only, the Indemnification, Insurance, and Confidentiality provisions, shall survive the expiration, cancellation or termination of this Agreement.

33. FACSIMILE AND COUNTERPART SIGNATURES. This Agreement may be executed in numerous counterparts, each of which so executed will be deemed an original and will constitute one and the same Agreement. Facsimiles and PDFs will be considered by the parties to be originals.

34. EQUAL AUTHORITY. This Agreement was drafted by counsel for BDV and reviewed and revised by the District, which had the opportunity to edit this Agreement and have it reviewed by their own counsel. For these reasons, the drafting of this Agreement shall not be construed against any of the parties as a result of such efforts. It is expressly represented and agreed that each of the undersigned has full authority to execute this Agreement on behalf of their respective parties.

EXHIBIT B - Fee Refund Policy
BDV Cultural Exchange, LLC

Background and Overview

Per the Professional and Educational Services Agreement by and between the District and BDV dated [.] (the "Agreement"), the District has expressly warranted and agreed to pay the full Administration Fee for each Educator, subject to a reduction or refund of an applicable portion of the Administration Fee according to this BDV Refund Policy. Capitalized terms set forth in this Exhibit have the meaning set forth in the Agreement.

If the District terminates an Educator, BDV terminates the Educator, or the Educator resigns, then BDV will, at the District's option, refund to the District a portion of the Administration Fee paid to BDV for the then current School Year according to this Refund Policy, or replace the Educator within a time-frame mutually agreed upon by BDV and the District. The District acknowledges and agrees that any replacement is subject to availability of a BDV approved and qualified replacement Educator, and subject to approval by the US Department of State. Please note that a replacement Educator is subject to the Department of State's approval if the replacement Educator will arrive after September of the School Year. If the District elects to replace the Educator, then no refund will be granted. BDV's Refund Policy is outlined below.

Partial Refund Policy for Early Termination or Resignation

In the event of premature termination or resignation of a BDV Educator, it is BDV's policy to refund Administration Fees, depending on the amount of time the Educator has served in the District for the then current School Year. The calculation will be made based on the Educator's first day of teaching in the District for the then current School Year, and will end on the date of the Educator's termination or resignation. An "early" termination or resignation is defined as any event in which the Educator's participation in the BDV program has ended prior to the end of the then current School Year.

Refund Schedule
(percent refunded based on number of days taught for then current School Year)[2]

1 to 60 days	75%
61 to 120 days	60%
121 to 180 days	40%
181 to 260 days	15%
261 days or more	0%

[2] NTD: Open to confirm proper number of school days and percentages.

Contractual Exceptions to Refund Policy

The District acknowledges that BDV incurs substantial expenses in recruiting, selecting, and providing international Educators for the benefit of the District and at the request of each School; accordingly, should the District terminate any Educator hereunder for budgetary or other non-performance related issues, the District warrants and agrees to pay the full Administration Fee contained in the Cost Summary for each such Educator and that this Refund Policy shall not be applicable in such situations.

How to Request a Refund

A refund request can be made in writing to BDV Cultural Exchange, LLC, Attn: Vanessa Noel, 631 S Main Street Ste 400, Greenville, SC 29601, or sent via email to vnoel@bdvsolutions.com by the District official authorized by the District policy to make such requests.

Should the District have an unpaid balance at the time BDV processes the request, BDV will provide confirmation of the refund amount in writing and will apply a credit to any unpaid balance.

Appendix II to Part 200-Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non- Federal entity under the Federal award must contain provisions covering the following, as applicable.

A. Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

B. All contracts in excess of $10,000 must address termination for cause and for convenience by the non- Federal entity including the manner by which it will be effected and the basis for settlement.

C. Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4{b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

D. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non- Federal entity must report all suspected or reported violations to the Federal awarding agency.

E. Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

F. Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

H. Debarment and Suspension (Executive Orders 12549 and 12689)-A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the 0MB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

SECTION 3
TECHNOLOGY NEEDS, STANDARDS, & COMMITTEES

3.1 Process for Determining Needs

The Office of the Chief Technology Officer (CTO) leads the development of the long-range technology plans for the entire district. The new strategic planning process is aligning department efforts with overall district objectives and goals approved by the School Board.

The Information Technology Division reviews and recommends for SDMC Board approval the maintenance and ongoing support of existing and new technologies and integrations in SDMC.

Additionally, the Information Technology Division reviews, approves, and provides recommendations for SDMC approval for all technology infrastructure, end point devices, software integrations, and implementations.

Six main component areas are targeted annually to determine needs for all schools:

1. Student Performance Outcomes
2. Digital Learning and Technology Infrastructure
3. Professional Development
4. Digital Tools
5. Online Assessment Support
6. Committees and Focus Groups

3.2 Training

The Professional Learning department conducts a yearly online training needs assessment that includes a section for technology training. The results from the survey guide priority technology training in the following year.

3.3 Needs Assessment, and IT Customer Satisfaction Surveys

The Information Technology Division will complete an annual technology needs assessment walk through for all SDMC schools. The Technology needs assessment will be scheduled with each school leadership team.

Through the IT Solutions and Support Center (Service Desk Application) users can provide feedback using an optional customer satisfaction survey tool.

3.4 Florida DOE Technology Specifications for Online Assessment

Florida Department of Education provides a minimum set of technology requirements for student computers and bandwidth requirements for students.

SDMC will utilize these minimum standards as a benchmark for computer purchases and future network upgrades.

3.5 School Improvement Plans (SIP)/School Technology Plans and Advisory Councils

All schools prepare their own SIPs based upon an analysis of the available data. All SIPs are required to reflect the mission and objectives approved by the Board.

The **Continuous Improvement Management System Version 2 (CIMS2)** was developed by the Bureau of School Improvement (BSI) to help serve the needs of stakeholders across Florida. This site provides district and school teams an online platform for collaborative planning and problem solving. SDMC leverages this framework to update their SIP via https://cims2.floridacims.org/

3.6 English Speakers of Other Languages (ESOL)

ESOL student plans are updated yearly in ELLevation. This program communicates with FOCUS to ensure that the FTE codes and testing data from FOCUS are on the ELL plan. Each student plan is also required to be updated any time there is a schedule change for an English language learner. Teachers also have access to a student's WIDA ACCESS assessment data for each year a student has taken this state-wide assessment. This data allows school personnel to monitor a student's English language acquisition and plan appropriate instruction.

Schools also utilize Pocket Talk and Translate Live to assist with home to school parent communication. These devices have the capability to translate into more than 100 languages, ensuring that parents have access to information pertinent to their child's education.

3.7 Exceptional Student Education (ESE)

Technology can be, and is, used in various ways to support the Exceptional Student Education program. An Individual Education Plan (IEP) is provided through the state provided system – PEER that can be accessed at both the school and district level by appropriate personnel.

This will enable teachers and administrators to monitor and assess the ESE student's progress, prevent lapses in services, and provide up-to-date information in the Student Information System.

ESE students are supported through a range of instructional materials and technology resources, including assistive devices and digital tools, provided in coordination with the Information Technology Department. These resources are aligned to students' individualized needs and help ensure equitable access to instruction and learning opportunities.

SECTION 4
INFRASTRUCTURE, PERFORMANCE, AND SECURITY

4.1 Data Network

4.1.1 All schools in the district are networked. Schools with multiple buildings or multiple communication closets within the same building communicate with each other using 10 Gbps fiber uplinks.

4.1.2 All workstation switch ports are 10/100/1000 Mbps. Every space occupied by staff has at least one data drop outlet with two or more Ethernet ports wired with Cat 5E cables at a minimum. CAT6A is the standard for any adds and/or new construction.

4.1.3 Classrooms have a minimum of two data outlets.

4.1.4 Computer labs are generally wired with one data drop for each computer in the lab.

4.1.5 Portables are connected to the main buildings with fiber optic cable and equipped with 1 Gbps uplinks and have a 10/100/1000 Mbps managed network switch.

4.1.6 Wireless network coverage is necessary for the effective deployment and use of wireless laptop computers. The district has achieved a 1:1 wireless access point ratio for all academic classrooms. Plans to increase wireless coverage to common areas, courtyards, and other outside spaces in 2025-2026.

4.1.7 Fifty- six (56) district sites with 10 Gbps fiber connections terminating into two data centers with independent Internet circuits.

4.1.8 54 sites have 12 strands of fiber in and 12 strands of fiber out on five (5) independent district owned fiber rings and on single spoke and hub ring.

4.1.9 Eight (8) North River sites have dual 10 Gbps connections back to both data centers via a single collapsed lateral.

4.1.10 Four (4) administrative sites are also connected to the District via dual 10 gigabit fiber rings. All (4) sites connect to both data centers. The entire SDMC fiber optic system is subterranean and owned by SDMC.

4.1.11 As of July 2025, fifty-nine (59) district sites are connected via managed dark fiber with dual 10G connections back to each data center. This dark fiber was installed in addition to SDMC owned dark fiber for added network resiliency. Both SDMC owned and Managed Service Provider (MSP) provided dark fiber are monitored and managed under contract with MSP.

4.1.12 Internet content filtering is implemented for all users using a cloud based hosted solution. All Internet access is directed through the firewall without exception and is policy / role based.

4.2 Infrastructure and Network Support Services

The School Board approved an infrastructure upgrade on February 11, 2020, for INTERNET Services and Leased LIT Fiber Not to Exceed $2,782,560.00 that includes (2) INTERNET Circuits and a fully managed Layer 3 Service including a bundled security package posturing SDMC for up to a maximum of 84 months of continued uninterruptable service. This approved upgrade allows for INTERNET bandwidth upgrades when needed.

The School Board approved a Managed Dark Fiber solution on February 8, 2022. The requested contract is for the period of July 1, 2022, through June 30, 2037.

A significant portion of this annual cost will be funded through E-RATE.

The district's centralized server infrastructure (physical/virtual) and INTERNET services are located at the district's dual data centers.

The Information Technology Division completed a data center infrastructure refresh in 2024/2025.

The district uses Microsoft Office 365 (O365) for email services and Office applications. O365 provides seats for all district staff, students, contracted sites and Charter Schools. The service is cloud hosted for redundancy.

4.3 Telephone and Intercom

Every classroom and office location will be equipped with a new Internet Protocol (IP) based handset device and access to the existing enterprise IP based PA system by February 2026. Life safety systems are integrated through the IP PA system to ensure drills and lockdown messages are heard on each campus throughout the district.

4.4 Technology Security Protection Measures

The district's INTERNET connections are secured with an enterprise level firewall system and services monitored 24X7X365. Additionally, integrated intrusion detection and prevention systems to reduce exposure to threats and a host of additional services that provide a comprehensive suite of unified threat management features that meet the unique security requirements of SDMC.

Email Protection:

Emails are hosted on our tenant in the cloud. We have enabled anti-spam and other security components that also include data loss prevention for confidential information and sharing restrictions outside of our environment.

With the assistance of email filtering, we block spam messages from reaching our SDMC email boxes. In addition, we have security and compliance measures in place to archive and preserve email history to meet required retention periods.

The list of other advanced threat protections that are enabled are:

- Anti-Phishing: Protects our users from phishing attacks (i.e. impersonation and spoofing) and uses safety tips to warn users about potentially harmful messages.
- Safe Attachments: Protects SDMC from malicious content in email attachments.
- Safe Links: Protects SDMC users from opening and sharing malicious links in email messages and Office desktop applications.
- Anti-Malware: Protects SDMC email from malware, including what actions to take and who to notify if malware is detected.
- DDOS Protection: Defends against denial-of-service attacks that would occur in the cloud that would impact users' ability to access resources.

4.5 Instructional Television Network (MSTV)

The District has an educational television channel, Manatee Schools Television (MSTV). The mission of Manatee Schools Television is to produce and broadcast television programs supporting the vision of the School District of Manatee County and the educational needs of our students, staff, and community. MSTV broadcasts to the community on Spectrum and Frontier cable television networks. Manatee Schools Television can also be viewed on the School District of Manatee County app available for Roku, Fire TV, and Apple TV as well as online twenty-four hours a day, seven days a week.

MSTV produces internal and external content, provides production equipment, and professional level studios for district productions.

SECTION 7
FUNDING PLAN

7.1 Major Funding Sources

The majority of funds utilized for the acquisition and support of technology come from within the district. Many of the figures provided below must be considered estimates as it is difficult to obtain precise figures when multiple funding sources are involved, when technology costs can vary, and when projecting into the future. The following are descriptions of the funding sources along with activities these funds support.

7.1.1 District Operating Budget - Information Technology Division

The staff costs for Information Technology (IT) and schools that have allocated Technology Lab Manager positions, and School Technology Support Technicians are generally funded from the operating budget. Other funding sources for staff positions may be applicable from year to year. These operating funds are considered recurring funds. Staffing allocation costs across these (4) cost centers to support Information Technology is responsible for most general fund expenditures.

Maintenance fees for district level software systems, and the cost for leasing telephony, data lines, and cellular services are also a part of the operating budget. A portion of operating funds is provided for software, technology related supplies, and for non-capitalized equipment. The IT Division consists of 4 cost centers: Information Technology, Printing & Duplicating, Property Records & Retention, and Student Demographics/Projections.

5 Year Budget (Historical):

Department	2021	2022	2023	2024	2025
Student Demographics	$832,996.59	$1,100,416.99	$1,294,401.57	$1,185,792.70	$771,079.26

7.1.2 District Capital Outlay Funds (Millage Funds and Sales Tax Proceeds)

A percentage of these funds are used to purchase technology equipment and to maintain/upgrade the technology infrastructure. These funds are reviewed and approved by the Capital Planning Committee annually and presented to the School Board for final approval.

Department	2025	2026	2027	2028	2029
Information Technology	$14,235,920.31	$12,551,201.37	$12,665,883.12	$12,992,992.17	$14,379,670.00
Printing and Duplicating	$533,106.04	$495,817.00	$495,817.00	$495,817.00	$870,901.20

Capital Outlay Funds listed above are estimated and will be updated based on School Board approval of annual budget. These funds identified in the above table are specific to the budgets identified in the (2) cost centers listed.

7.1.3 E-Rate Funding

The district has successfully applied for E-Rate federal funds annually since the inception of the program (20+ years). The Category One service supports data transmission services and/or INTERNET Access. The Category Two Services supports internal connections, managed internal broadband services, and basic maintenance of internal connections as outlined in the Eligible Services List published annually by Universal Service Administrative CO. (USAC). These service types include critical eligible products, such as access points, routers, switches, and structured cabling.

This program continues to be a critical part of the district's funding of technology infrastructure and INTERNET services. Category One eligible services continue to be funded at 80%.

ERATE Funding Year 2029 (2026-2027) Category 2 funding has increased from $167 per student to $201.57 per student. The district's financial obligation for eligible services will be 20% during this first full budget cycle (FY2026-2030). The district's eligible E-rate available funds for Category 2 funding requests is estimated at $9,098,869.80. This number is subject to change during the administrative window, The district's financial obligation for eligible services is estimated at $1,819,773.96. This section will be updated when approval from USAC is received.

7.1.4 Additional Funding Sources

There are other sources of funding used for the procurement of technology including:

- Career & Professional Education (CAPE)
- Donations
- Grants
- IDEA-B (Specialized Equipment)
- School Internal Accounts
- School Discretionary FF&E
- Specialized Academic Instruction (SAI)

- School Improvement Plan (SIP)
- Title I and Title IV
- Florida School Recognition Funds
- Sales Tax Proceeds
- Other

Due to yearly variations, this Technology Plan omits projections for these expenditures.

The Information Technology (IT) Division works within its allotted budget to support the technological needs of our district. The projected funding for network/hardware, support staff, hardware and software maintenance, capital outlay for equipment, and funding for software acquisition are needed to meet the challenging and changing needs of technology in the district.

SECTION 8
TECHNOLOGY ACQUISITION PLAN

8.1 Identifying Appropriate Technologies

The district continually reviews new technologies that can enhance and improve teaching and learning, in addition to, district business requirements.

The process will include system age identification, quantity of systems per site, student counts per site and staff counts per site. The goal will be to implement a sustainable refresh replacement plan that will ensure equitable up to date technology at all schools and department sites using a centralized purchasing approach of approved technology.

Alignment to district goals, District Strategic Plan and standardization is a requirement. Standards have been set for computers, audio visual equipment (panels), interactive classroom technology, multi-function devices, network printers, networking, telephone infrastructure and handsets, public address systems, athletic field sound systems and peripheral devices.

8.2 Acquisition to Meet Widest Range of Student Needs

The School District of Manatee County (SDMC) District Leadership Team continuously reviews all educational software applications annually for effectiveness and targeted implementation.

8.3 Acquisition Timetable

The district maintains a centralized procurement process to purchase technology at all school and department sites. The goal is for the district to maintain funding and sustain the technology refresh cycle to ensure no school relies on irrelevant technology beyond its useful life cycle. The computer refresh plan is an annual priority.

The refresh plan will require the removal of outdated legacy systems and technology equipment that are no longer relevant and sustainable for SDMC students and staff. Additionally, these outdated systems create significant security vulnerabilities to the district. The district Tech4Students program provides an alternative to the traditional surplus of legacy devices. Legacy devices that are not conditioned to provide to students through this program follow district procedures and board policies to surplus devices.

8.4 Acquisition Standards and Procedures

The district has developed procedures and standards for technology acquisition. Standards and procedures are reviewed each year for potential revision. Key examples are as follows:

- Computer Standards include desktops, mobile devices, monitors, printers, digital displays, MFD and other peripheral devices used in the classroom and support departments.
- A standardization of network specifications, structured cabling including PA, telephony (VoIP) specifications and procedures.
- Manatee Schools Television department recommends AV solutions and equipment used in our schools. Changes are made each year based on repair history and price changes.
- All servers are managed by Data Center Services (DCS). DCS determines appropriate patches, upgrades, security vulnerabilities, and system hardening. Servers are purchased with three or five-year support agreements.
- Staff are required to submit service desk tickets to request services from the Information Technology Division.
- Future RFP/RFQs directly related to the acquisition of a new Enterprise Resource Planning System and Student Information System will require an outside consultant and/or subject matter expert(s) to thoroughly analyze district needs. Prior to engaging in this expenditure for an outside consultant, the Superintendent will request the School Board approve the expenditure for the outside consultant.
- SDMC will clearly explain benchmarks based upon RFP/RFQ that are expected in responses, scoring criteria and how to evaluate each RFP/RFQ based on specific criteria.
- SDMC will develop negotiation plan for IT service provider contracts that encompass the full and complete scope of services, cost, deliverables, and penalties for failure to meet a specified and agreed schedule.
- Procurement at the lowest price consistent with desired quality in accordance with standards and following local, state, and federal procurement policies and statutes including ERATE requirements set

by Universal Service Administrative CO. (USAC). USAC administers the Universal Service Fund under the direction of the Federal Communications Commission (FCC).

- Backup processes for IT systems that are identified as LEGACY replacement systems will be maintained to ensure that the replacement IT system and/or software is properly integrated and functioning.
- Major Information Technology Systems being considered for implementation in SDMC should have a proven K-12 footprint with a successful and documented record for delivering projects on time and on budget for similar services acquired by similar entities.
- Any service provider contract selected that contains provisions that deviate from the specifications included in RFP/RFQ must provide justified documentation on how the deviation did not compromise the competitive selection process or the desired outcome requested by the district.

8.4.1 ERATE Program Application Process

SDMC will follow the listed steps below and will incorporate any local procurement processes required by School Board policy when requesting E-Rate services:

1. Competitive Bidding
2. Selecting a Service Provider (most cost-effective provider)
3. Applying for Discounts
4. Application Review
5. Starting Services
6. Pay for discounted services or pay for services and invoice USAC for reimbursement.

See the Application Process Flowchart provided by the Universal Service Administrative Co.: https://www.usac.org/wp-content/uploads/e-rate/documents/Handouts/application-process-flow-chart.pdf. Source: www.usac.org.

8.4.2 – Acquisition Action Steps

The Information Technology Division follows the below procurement guidelines when purchasing Information Technology products. Purchasing Thresholds (quotes, solicitations, and board approval):

Federal Funds

- Micro-Purchases ≤$10,000: requester must determine if the price is reasonable based on price comparisons, actual prices paid for comparable items.
- Small Purchases >$10,000.00 but ≤$49,999.99: written quotes from an adequate number of sources must be provided (2 to 3 written quotes).

Budgeted Funds

- <$20,000.00: requester must obtain verbal quotes, comments in the requisition should read "Telephone quotes obtained from vendor 1, vendor 2, and vendor 3 (use vendors' name). Records maintained at site. Records are to be maintained by the requester and are subject to review by the buyer or auditors.
- Between $20,000.00 and $49,999.99: provide three written quotes and attach to the requisition. If a bid is already in place a quote from the awarded Vendor only is required.
- $50,000.00 or higher: Contact the buyer to determine if a bid is already in place. If no bid is in place, buyer will collaborate with you to determine the best path forward to making the purchase. Options are to piggyback another school district or public agency's bid or conduct our own bid. Please allow a minimum of 90-120 days to conduct a bid. Board approval is required on any purchase of $100,000.00 or greater. Note: Approval to apply and accept a grant is not sufficient to make the purchase. If over $100,000.00, Board approval must be obtained, and a bid or piggyback will need to be executed to make the purchase.

Sole Source

- Contact the buyer to determine if a bid is already in place. Obtain a sole source letter from the supplier and forward the letter and the department justification of need to the purchasing buyer.
- The purchasing department will verify and seek necessary review and approval, including board approval if required. The sole source process will take 15 business days to complete.

8.5 Guidance for Decision-Making

The Information Technology Leadership (ITL) Team provides guidance and direction to all schools and departments on the purchase and implementation of technology products and services.

Technology projects, implementations, and initiatives are reviewed by the Chief Technology Officer prior to acquisition. The goal is to standardize whenever possible and provide the most cost-effective solutions for district and school initiatives while meeting the instructional needs of all schools.

SECTION 9
ACCESS

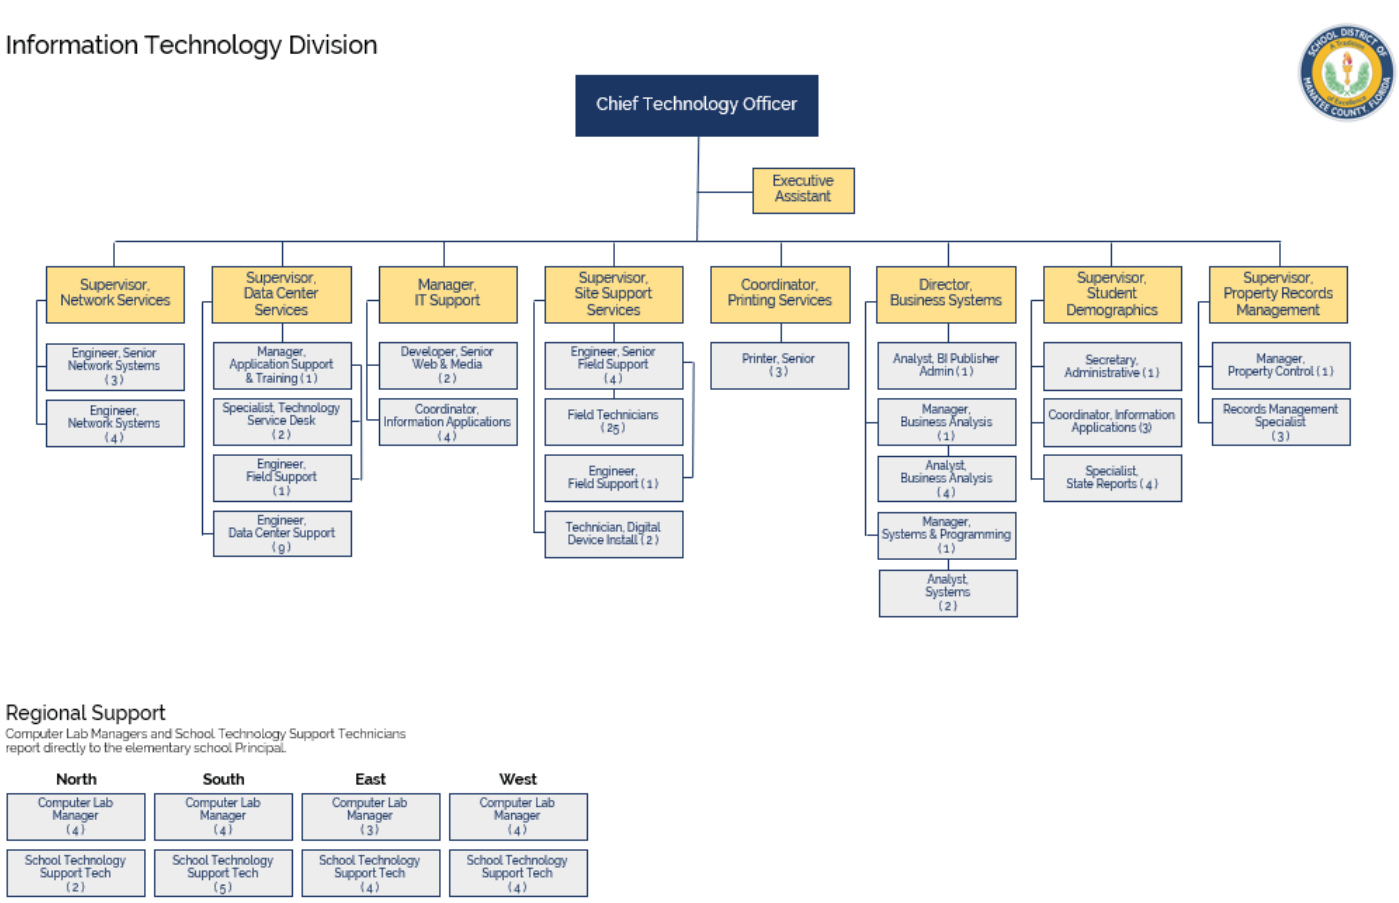
9.1 Equitable Access

Equitable access to technologies to support teaching and learning is accomplished by:

- The district has implemented a hardware refresh program based on available annual funding. This program will use student enrollment numbers, staff unit allocations, and annual site assessments to determine equitable access to technology resources to support teaching, learning, and assessment testing at all schools.
- A multi-year plan is included in this technology plan that provides all schools with equitable access to networking infrastructure to ensure safe, secure, and efficient use of the INTERNET and INTRANET.
- Multi-year plan that provides updated technology and renovations to each school's media center.
- Interactive Digital Display Panel project for all academic classrooms.
- The District ESE department responds to requests from school staff and parents for assistive technologies. Laptop computers and special input/output devices are provided as appropriate after reviewing each individual case. Special software is also provided when needed. The ESE Department and IT Division staff work collaboratively together to ensure these requests are completed in a timely manner.
- All sites have INTERNET access to provide resources such as our district website, MYSDMC SSO, Student Information System, Business System, eLearning Manatee District Learning Management System and a variety of instructionally appropriate sites to support teaching and learning.
- The district's all-inclusive communications module delivers personalized voice messages, SMS texts, emails, mobile app push notifications, and announcements for staff, parents, and students. The system reports student absences and delivers important school or district information to the selected group of recipients.

- To reach all parents and community members, the Manatee Educational Television station broadcasts a variety of programs. School Board meetings are also broadcast live bi-monthly to keep the community informed.
- Crisis alert communication integration that meets the statutory requirements for Alyssa's Alert.
- MYSDMC FOCUS mobile application provides students, parents, and guardians with real-time access to grades and other important student resources.
- The district provides all school and department websites with a framework that automatically checks WCAG accessibility standards. Additionally, it automatically generates alternative formats for SDMC content that provides our users with added flexibility, choice, and providing a better digital experience.

9.2 Acceptable Use Guidelines



District Acceptable Use Guidelines have been approved by the School Board and have been electronically acknowledged annually by the employees of the School Board of Manatee County through MYSDMC SSO. The document protects the confidentiality of students, intellectual property rights, licensing agreements and addresses the legal/ethical standards for sharing resources with other educational entities (Appendix A).

A set of Website Guidelines has been developed to provide guidance to all sites publishing web-based documents. These guidelines are designed to keep students focused on instructional uses of web pages and to protect the integrity of the district (Appendix B).

SECTION 11
STAFF TRAINING and PROFESSIONAL DEVELOPMENT PLAN

11.1 Increasing the Use of Technology in Classrooms and Media Centers

11.1.1 Technology Integration Training

Proficiency is not enough; teachers need support to adopt new teaching methods and use technology to create unique learning experiences for students.

A professional learning curriculum aligned with this goal, accompanied by the expectation for continuous improvement, must be developed or adopted and delivered in multiple modalities to increase the pedagogical capacity of our instructional staff.

11.1.2 Computer Based Training

The district currently uses MyPGS to allow staff to register and receive on-line and in person training.

The continued identification of training needs and delivery systems that minimizes teacher time away from the classroom and provides cost-effectiveness remains a high priority.

The continued use of TEAMS is a critical training delivery method that has provided training opportunities that minimizes time away from the primary assigned cost center.

11.1.3 Enterprise Resource Planning – PeopleSoft HCM/FSCM Training

The Information Technology department implemented a new approach to PeopleSoft training for new staff members during onboarding. This approach ensured that specific courses were assigned based on their roles, guaranteeing that they received the necessary training for the District's Business System. Additionally, this approach provided continued professional development training opportunities for existing staff members in PeopleSoft FSCM and PeopleSoft HCM.

Moving forward the Business Systems team supports the **Ready 2026 Strategic Plan,** Goal 3: Develop an innovative leadership development program and succession-planning model to attract and support quality school and district leaders.

Strategy 2: Develop high-quality PeopleSoft professional learning courses to improve efficiency.

To measure progress, two metrics have been established:

Metric 1: Maintain and enhance professional learning tools to include job aids, videos, and quick guides.

Metric 2: Establish PeopleSoft learning paths for specific job functionalities and ensure staff is trained annually.

The Business Systems team offers various resources to assist in achieving these objectives, including:

- District Staff are provided with access to the SDMC Intranet PeopleSoft Training page, which offers a wide range of helpful resources. Included among these resources are over 600 categorized Job Aids that are tailored to specific modules, roles, and departments. The Intranet also contains an array of supplementary materials such as PeopleSoft Business Processes, Forms, Videos, Manuals, and various training sites. These resources are easily accessible and aim to enhance the training and knowledge of the staff.
- Members of the Leadership Team (managers and above) are identified during onboarding and are provided access to a manager resource page with relevant PeopleSoft Job Aids pertinent to their responsibilities.
- Business Analysts specializing in FSCM and HCM take a proactive approach by contacting Bookkeepers and Secretaries after their onboarding to discuss role-specific training opportunities.
- Whenever necessary, the Business Systems Team conducts tailored training sessions that cater to the specific needs of different departments. These training programs encompass both one-on-one sessions and group training. Following the training, typically a resource document is provided as a reference.

- More than 60 videos are available to assist users of the Business System. These videos are updated and modified whenever department leadership or mid-users introduce new business processes and procedures.
- At the time of hire, the Business Systems Team, using the KnowBe4 platform, sends a welcome email with a notification of automatic enrollment in basic employee Self-Service Training and additional details for all PeopleSoft Resources.

The main objective is to provide a comprehensive strategy that emphasizes the provision of effective training for PeopleSoft, covering the fundamental skills necessary for daily job tasks. Moreover, this approach aims to contribute towards the objective of cultivating creative and forward-thinking leaders within the organization and supporting school and district leaders.

11.1.4 Security Awareness

Information Technology has developed a comprehensive training program that addresses multiple areas of concern related to Information Technology and Security Awareness. Annually, all SDMC users are required to complete specific Security Awareness Courses. These courses generally range from 5 to 30 minutes in length covering multiple course titles.

Additionally, we have identified "user groups" that are required to complete additional security awareness courses throughout the year based on their specific role in our organization and to ensure we keep security awareness relevant and that we are reminded that each user plays a critical role in securing our student and staff data.

Examples of "user groups" are listed below:

- All Staff
- High Risk
- Information Technology
- Senior Leadership

Examples of Course Titles that are required based on assigned user groups are listed below:

STUDENT AND STAFF DATA PRIVACY

The School District of Manatee County, Fl, and the Information Technology Division is committed to Student and Staff data privacy. The school district is a member of the Student Data Privacy Consortium (SDPC) and the Florida Student Privacy Alliance (FSPA). The annual membership is currently funded by the Florida Department of Education.

The SDPC is a unique collaborative of schools, districts, regional, territories, and state agencies addressing the growing data privacy concerns. The school district's Chief Technology Officer is also a member of the Florida Student Privacy Alliance Committee. The FSPA currently has 60 of the 67 public school districts participating with over 2,200+ agreements statewide.

APPENDIX B
WEBSITE GUIDELINES

The goal for the School District of Manatee County web presence is to leverage technologies that appropriately, consistently, and safely engage and inform our community, staff, and students online.

The web presence consists of the following components:

1. District website with Department sections
2. School websites
3. Internal websites (Intranet)
4. Mobile device specific websites
5. Learning Management System website
6. Social Media integration
7. Ancillary (third-party) website integration

In development and acquisition of these components the following standards will be required:

1. Seamless integration for the end-user where feasible
2. Low technical point of entry for content creators
3. Device and Operating System agnostic applications
4. Consistency in design and user interface where possible
5. Scalability and futureproofing
6. Security and standards compliance
7. Accessibility as defined by Section 508 and the US Department of Education's Office of Civil Rights.

To address these standards, the district will utilize an Enterprise Community Engagement Suite, the eLearning Manatee LMS and Microsoft SharePoint (INTRANET) as its primary web platforms for online communication and public/parent/student/staff interactions, whenever appropriate.

Additional allowances will be evaluated on a case-by-case basis through requests submitted using the Technology Service Desk application.

Oversight

Implementation/governance will be managed under Site Support Services of the Information Technology Division.

Administrative responsibilities will fall into the following user groups:

1. Super Admin/Web Developer - Access to control entire site, code development, integration, user management, establish/monitor design & content guidelines, and top-level training
2. Site Super User/Web Editor – Access to edit School or Department website, monitor compliance to design & content guidelines; may have user management and local training
3. Content Creators – Access to specific content areas to create and curate content
4. Authenticated End Users – Read access and ability to interact with content and other users
5. Non-Authenticated End Users – Read only access

Site Super User(s) will be chosen by the Department Manager or school Principal. It is recommended that multiple Super Users be chosen for each site for the purposes of intellectual redundancy.

One Super User should be designated as the primary contact for each site. Initial training and continued professional development/training as directed by Information Technology is required in order to maintain this role.

A design specification guideline, and template(s) where appropriate, will be drafted to promote consistency in branding and user experience across all district sites.

SECTION 2. AUTHORITY FOR THIS RESOLUTION. This Resolution is adopted pursuant to the provisions of the Act and other applicable provisions of law.

SECTION 3. FINDINGS. It is hereby found and determined that:

(A) The Board has heretofore established a master lease-purchase program for the lease-purchase financing of various projects in accordance with the terms of the Master Lease-Purchase Agreement and the Trust Agreement.

(C) Due to the present volatility of the market for tax-exempt obligations such as the Series 2026A Certificates and the complexity of the transactions relating to such Series 2026A Certificates, it is in the best interest of the Board that the Series 2026A Certificates be sold by a delegated negotiated sale in accordance with the terms and conditions hereof, allowing market entry at the most advantageous time, rather than at a specified advertised date, thereby obtaining the best possible price and interest rate for the Series 2026A Certificates.

(E) The Series 2026A Certificates shall be secured solely as provided in the Trust Agreement, the Series 2026A Lease and the Ground Lease, it being understood that neither the Series 2026A Certificates nor the interest represented thereby shall be or constitute a general obligation of the District, the Board, Manatee County, Florida or the State of Florida, or any political subdivision or agency thereof, a pledge of the faith and credit of the District, the Board, Manatee County, Florida or the State of Florida, or any political subdivision or agency thereof, or a lien upon any property of or located within the boundaries of the District.

(i) the Premises shall be used by the Corporation as the site for acquisition, construction and installation of the Buildings comprising a portion of the Series 2026A Project;

(ii) the Buildings and Equipment comprising a portion of the Series 2026A Project shall be acquired, constructed and installed by the Board as agent for the Corporation as provided in Section 3.08 of the Lease Agreement; and

(iii) title to the Premises shall be in the Board upon commencement of the Ground Lease Term and title to all components of the Series 2026A Project, other than Designated Equipment, shall be in name of Corporation pursuant to the Lease Agreement, and title to the Buildings comprising a portion of the Series 2026A Project, other than Designated Equipment, constructed on the Premises shall remain severed from title to the Premises until the earlier of (A) the date on which the Series 2026A Certificates and any Completion Certificates and/or Refunding Certificates related to the Series 2026A Project shall no longer be Outstanding, or (B) the end of the Ground Lease Term.

(b) If the Lease Agreement has been terminated, the Corporation and each Permitted Transferee (as defined in Section 9(b) hereof) may use the Premises for any lawful purpose, in its sole discretion, and may alter, modify, add to or delete from the portions of the Series 2026A Project existing from time to time on the Premises.

(c) Neither the Corporation nor any Permitted Transferee shall use or permit the Premises to be used in violation of any valid present or future laws, ordinances, rules or regulations of any public or governmental authority at any time applicable thereto.

(d) The Board may at any time place portable educational facilities on the Premises. Such portables shall be owned by the Board.

SECTION 4. RENTAL. (a) So long as the Lease Agreement has not been terminated, the Corporation or its assignee shall pay to the Board as and for rental for the Premises the sum of ten dollars ($10.00) per annum, which sum shall be due in advance on the Commencement Date (prorated) and annually thereafter on the first day of each Renewal Lease Term.

(b) From and after the date on which the Lease Agreement has been terminated, the Corporation or its assignee shall pay as and for rental for the Premises an amount determined by an M.A.I. appraisal to be the fair market rental for the Premises (the "Appraisal"), which Appraisal shall be prepared by an appraiser selected by the Corporation (with the consent of the Trustee as assignee of the Corporation **[**and the consent of the Credit Enhancer**]**); provided, however, that such fair market rental and the payment thereof shall be subject to the following adjustments and conditions:

(i) if the Lease Agreement has been terminated on a date other than June 30 of any year, the fair market rental determined pursuant to the Appraisal shall be prorated for the number of days between the date terminated and the next succeeding June 30;

(ii) for each twelve-month period beginning on the July 1 next succeeding the date on which terminated and beginning on each succeeding July 1, the amount of the fair market rental determined by the Appraisal shall be adjusted by the percentage (positive or negative) which is equal to the Implicit Price Deflator of the Consumer Price Index published by the United States Department of Commerce for the region of the United States where Florida is located or for the United States as a whole if not so published for such region;

(iii) the fair market rental due in any year shall be paid in the current year only to the extent that the moneys received by the Trustee as assignee of the Corporation from the exercise of the remedies permitted under the Lease Agreement during the preceding twelve months prior to such July 1 exceeded the Principal and Interest Requirements for such preceding twelve months and other amounts payable

under the Lease Agreement; provided, however, that any portion of such fair market rental not paid in any year due to the provisions of this clause (iii) shall remain due and payable and shall accumulate from year to year and shall be paid in any future years to the extent that moneys received in such year from the exercise of the remedies permitted by the Lease Agreement exceed the Principal and Interest Requirements and the fair market rental due in such years; and

(iv) the failure to pay any portion of the fair market rental in any year due to insufficiencies of moneys realized from the exercise of the remedies permitted under the Lease Agreement (A) shall not give rise to any obligation to pay interest on such unpaid fair market rental, and (B) shall not constitute a default under this Ground Lease by the Corporation or the Trustee as the assignee of the Corporation.

SECTION 5. OWNERSHIP OF IMPROVEMENTS AND SURRENDER OF PREMISES. (a) The Corporation or its assignee shall at all times during the Ground Lease Term have a leasehold estate in the Premises with full right to vest the use, enjoyment and possession of such leasehold estate therein in a Permitted Transferee.

(b) Possession and use of the Premises, together with all improvements thereon, shall, upon the last day of the Ground Lease Term or earlier termination of this Ground Lease, automatically revert to the Board free and clear of liens and encumbrances other than Permitted Encumbrances without necessity of any act by the Corporation or any Permitted Transferee. Upon such termination of this Ground Lease, the Corporation or its assignee shall peaceably and quietly surrender to the Board the Premises together with any improvements located in or upon the Premises. Upon such surrender of the Premises, the Corporation or any Permitted Transferee, at the reasonable request of the Board, shall execute an instrument in recordable form evidencing such surrender and shall deliver to the Board all books, records, construction plans, surveys, permits and other documents relating to, and necessary or convenient for, the operation of the Premises and the improvements thereon in the possession of the Corporation or any Permitted Transferee.

(c) Any personal property of the Corporation, any Permitted Transferee or any Person which shall remain on the Premises after expiration or earlier termination of the Ground Lease Term and for sixty (60) days after request by the Board for removal, shall, at the option of the Board, be deemed to have been abandoned and may be retained by the Board and the same may be disposed of, without accountability, in such manner as the Board may see fit.

(d) If the Corporation or any Permitted Transferee holds over or refuses to surrender possession of the Premises after expiration or earlier termination of this Ground Lease, the Corporation or any Permitted Transferee shall be a tenant at sufferance and shall pay a rental rate equal to the fair market rental of the Premises determined in the manner provided in Section 4(b) hereof.

(e) The provisions of Sections 5(a), 5(b) and 5(c) hereof shall not apply to vending machines or other commercial equipment or trade fixtures located in or about the Premises to the extent that such equipment is readily removable from the Premises without causing material harm or damage thereto and that such equipment is not owned by the Corporation or any Permitted Transferee.

SECTION 6. BOARD'S INTEREST NOT SUBJECT TO CERTAIN LIENS. It is mutually intended, stipulated and agreed that neither the fee simple title (to the extent applicable) to nor any interest of the Board in the Premises or the Series 2026A Project may be subject to liens of any nature arising by reason of any act or omission of the Corporation or its assignee or any Person claiming under, by or through the Corporation, including, but not limited to, construction, mechanics' and materialmen's liens.

SECTION 7. INSURANCE. The Corporation covenants and agrees with the Board that the Corporation will cooperate with the Board in providing any information necessary for the Board to obtain and maintain in full force and effect insurance coverages desired by the Board or required by the Lease Agreement.

SECTION 8. CONDITION OF PREMISES, UTILITIES, CONCEALED CONDITIONS. (a) Except with regard to any environmental conditions and subject to the provisions of this Section 8, the Corporation agrees to accept the Premises in their presently existing condition, "as is."

(b) It is understood and agreed that the Board has determined that the Premises will safely or adequately support the Series 2026A Project, and hereby certifies same to the Corporation.

(c) The Board, at its sole expense, shall bring or cause to be brought to the Premises adequate connections for water, electrical power, storm sewerage and sewerage, and shall arrange with the appropriate utility companies for furnishing such services and shall provide to the Premises water service and capacity sufficient for operation, heating, ventilation and air conditioning equipment, and to the extent necessary to permit the Board to use the Series 2026A Project for the purposes intended or to permit such Series 2026A Project to comply with all requirements of law, the Corporation will provide and construct (but only to the extent of the proceeds of the Series 2026A Certificates or any Completion Certificates related to the Series 2026A Project available therefor) such roads, streets, sidewalks and other methods of ingress and egress necessary therefor. Nothing herein shall prohibit the Board from dedicating any such utilities or roads, streets and sidewalks to the appropriate governmental authority or duly constituted investor-owned utility as required or permitted by law, and the Corporation or the Trustee as assignee of the Corporation shall cooperate in such dedication by executing any deeds or other instruments required to effect such dedication.

SECTION 9. LIMITATION ON LEASEHOLD MORTGAGES, ASSIGNMENT AND SUBLETTING. (a) If the Lease Agreement has been terminated and subject to the terms and conditions herein provided, the Corporation may enter into a mortgage or mortgages of its leasehold interest created hereby in the Premises as security for the performance of its obligations under any financing obtained by the Corporation; provided, however, the fee title to the Premises shall not be subject to, or otherwise encumbered by, any such mortgage; provided, however, that each such leasehold mortgage shall be subject to the provisions of Section 9(d) hereof. Any such mortgage executed by the Corporation or its assignee pursuant to the provisions of the preceding sentence shall be hereinafter called a "Leasehold Mortgage" and the holder of any such mortgage shall be hereinafter called the "Leasehold Mortgagee."

(b) Except as expressly provided in this Section 9(b), the Corporation or its assignee shall not assign this Ground Lease, or any portion hereof, or sublease all or any portion of the Premises at any time. Except as expressly permitted in this Section 9(b), any purported assignment, partial assignment or sublease without the Board's prior written consent in violation of this Section 9(b) shall be null and void. So long as the Lease Agreement has not been terminated, (i) the Corporation may assign this Ground Lease to the Trustee for the benefit of the Owners of the Series 2026A Certificates and any Completion Certificates and/or Refunding Certificates related to the Series 2026A Project, and (ii) the Corporation shall sublet all of the Premises to the Board (the "Initial Sublessee") under the Lease Agreement. If the Lease Agreement shall have been terminated, the Corporation or its assignee may sublet the Premises or assign its interest in this Ground Lease (a "Permitted Sublease") to any Person for any lawful purpose without the prior consent of the Board; provided, however, that no Permitted Sublease shall relieve the Corporation of any of its duties or obligations hereunder without the prior written consent of the Board; provided, however, that each Permitted Sublease shall be subject to the provisions of Section 9(d) hereof. "Permitted Transferee" shall mean a sublessee or assignee permitted by this Section 9(b).

(c) If the Lease Agreement shall have been terminated and the Corporation or its assignee proposes to create a Permitted Sublease of any portion of its interest in this Ground Lease, the Corporation or its assignee shall provide written notice thereof to the Board containing the names and addresses of the proposed assignee(s), sublessee(s) or transferee(s); provided, however, that failure to provide such notice shall not affect the validity or effectiveness of any Permitted Sublease to a Permitted Transferee.

(d) If the Lease Agreement shall have been terminated, nothing herein shall prevent the Corporation or its assignee from entering into a Leasehold Mortgage or a Permitted Sublease for individual parcels of land constituting the Premises. It shall not be necessary for a Leasehold Mortgage or a Permitted Sublease to cover all of the Premises.

SECTION 10. UTILITY EASEMENTS. So long as the Lease Agreement has not been terminated, the Board reserves the right to grant nonexclusive utility

easements, licenses, rights-of-way and other rights or privileges in the nature of easements to others over, under, through, across or on the Premises but only to the extent reasonably necessary to provide services to the Premises or any other real property adjacent to the Premises; provided, however, that such grant and any use permitted thereby is not detrimental to the use or operation of the Premises or to any other uses permitted hereunder after the Ground Lease Term, will not impose any cost upon the Corporation or its assignee, will not weaken, diminish or impair lateral or subjacent support to the improvements to the Premises, including, without limitation the Series 2026A Project, will not impair or diminish the security of any Leasehold Mortgagee or Permitted Transferee hereunder and the Board agrees to indemnify and save harmless, but only from Available Revenues, the Corporation or its assignee and any Leasehold Mortgagee and Permitted Transferee (whether the interest of such party in the Premises arises prior or subsequent to such grants) against any loss, claim, liability or damages, including legal costs and defense arising or accruing from the use or exercise of such easement.

SECTION 11. DUTIES DEEMED PERFORMED. All obligations of the Corporation hereunder which are assumed by the Initial Sublessee shall be deemed, as between the Board and the Corporation hereunder, fully performed whether or not such Initial Sublessee actually performs same.

SECTION 12. TAXES AND FEES. (a) The Board represents and warrants that this Ground Lease is and will be exempt from ad valorem and intangible taxation. However, for as long as the Lease Agreement is in effect, should the Premises thereon or any interest therein ever become subject to any such taxes, the Board agrees to pay any and all such lawful taxes, assessments or charges which at any time may be levied by any federal, state, county, city, or any tax or assessment levying body upon the Premises or the Series 2026A Project, or any interest in this Ground Lease, or any possessory right which the Corporation or its assignee may have in or to the Premises thereon by reason of its use or occupancy thereof or otherwise.

(b) Notwithstanding the foregoing provision, either the Board or the Corporation shall, after notifying the other party hereto of its intention to do so, have the right in its own name or behalf, or in the name and behalf of the other party hereto, to contest in good faith by all appropriate proceedings the amount, applicability or validity of any such tax or assessment, and in connection with such contest, the Board may refrain from paying such tax or assessment. Each party shall, upon request by the other party hereto, assist and cooperate with the other party hereto in any such proceedings.

(c) In the event that the Board shall fail to pay any of the items required under this Section 12, the Corporation or its assignee may, at its sole option, pay the same and any amounts so advanced therefor by it shall become an additional obligation of the Board and Supplemental Rent under the Lease Agreement.

SECTION 13. DEFAULT BY THE CORPORATION. (a) Each of the following events shall be deemed a default by the Corporation hereunder and a breach of this Ground Lease:

(i) If the Corporation or its assignee shall fail to pay, when due, any rent or portion thereof, or any other sum, if any, which the Corporation or its assignee is obligated to pay under the terms and provisions of this Ground Lease, and such rent or other sums, if any, remain unpaid for a period of thirty (30) days after receipt of written notice to the Corporation from the Board;

(ii) If the Corporation or its assignee shall attempt to mortgage the leasehold estate hereby created in violation of Section 9(a) hereof or to assign this Ground Lease, or any portion thereof, or to sublease any portion of the Premises in violation of Section 9(b) hereof; or

(iii) If the Corporation or its assignee shall use the Premises for any purposes not permitted by this Ground Lease, and such use shall continue for a period of thirty (30) days after the Board shall have given written notice to the Corporation or its assignee to desist from such use.

(b) In the event that the item of default set forth in Section 13(a)(iii) above is of such a nature that it cannot be remedied within the time limits therein set forth, then the Corporation shall have such additional time as is reasonably necessary to cure such default provided that such Corporation diligently commences the curing of such default within such time and proceeds to completely cure the same in a timely and diligent manner.

(c) In the event that any Permitted Transferee or Leasehold Mortgagee exists of record at the time that a default occurs hereunder, the Board shall give notice thereof to each such Permitted Transferee and Leasehold Mortgagee and each such party shall have thirty (30) additional days from receipt of such notice to cure such default; provided, however, that if the default is of such a nature that the same cannot be cured in such time, then such party shall have such additional time as is reasonably necessary to cure such default provided that such party diligently commences the curing of such default within such time and proceeds completely to cure same within a timely and diligent manner.

SECTION 14. REMEDIES OF BOARD. Upon the occurrence of any event of default as set forth in Section 13 hereof which has not been cured (and is not in the process of being cured) under Section 13(b) or 13(c) hereof, but not otherwise, the Board may take whatever action at law or in equity may appear necessary or desirable to enforce its rights hereunder; provided, the Board shall not have the right to terminate this Ground Lease until such time as the Series 2026A Certificates (including any amounts payable to AG) and any Completion Certificates and/or Refunding Certificates related to the Series 2026A Project have been paid or provision for payment thereof has been made pursuant to the terms and provisions of the Trust Agreement. The Board shall have recourse solely

against the leasehold estate of the Corporation or its assignee in the Premises, and any proceeds thereof, for the payment of any liabilities of the Corporation or its assignee hereunder.

SECTION 15. NO WAIVERS. No waiver by either party hereto at any time of any of the terms, conditions, covenants or agreements of this Ground Lease, or noncompliance therewith, shall be deemed or taken as a waiver at any time thereafter of the same, nor of any other term, condition, covenant or agreement herein contained, nor of the strict and prompt performance thereof by the other party hereto. No delay, failure or omission of the Board to re-enter the Premises, nor by either party hereto to exercise any right, power, privilege or option arising from any default shall impair any right, power, privilege or option, or be construed to be a waiver of any such default, relinquishment thereof or acquiescence therein, and no notice by either party hereto shall be required to restore or revive time as being of the essence hereof after waiver by the Board of default in one or more instances. No option, right, power, remedy or privilege of the Board shall be construed as being exhausted or discharged by the exercise thereof in one or more instances. It is agreed that each and all of the rights, powers, options or remedies given to each party by this Ground Lease are cumulative, and no one of them shall be exclusive of the other or exclusive of any remedies provided by law.

SECTION 16. QUIET ENJOYMENT. The Board agrees that the Corporation and any Permitted Transferee, upon the payment of the rent and all other payments and charges, if any, to be paid by the Corporation or its assignee under the terms of this Ground Lease, and observing and keeping the agreements and covenants of this Ground Lease on its part to be observed and kept, shall lawfully and quietly hold, occupy and enjoy the Premises during the term of this Ground Lease, without hindrance or molestation from the Board or anyone claiming by, through or under the Board.

SECTION 17. TERMS BINDING UPON SUCCESSORS. All the terms, conditions and covenants of this Ground Lease shall inure to the benefit of and be binding upon the successors and assigns of the parties hereto.

SECTION 18. CONDEMNATION. In the event that any Person, public or private, shall by virtue of eminent domain or condemnation proceedings, or by purchase in lieu thereof, at any time during the term of this Ground Lease acquire title to the Premises:

(a) For as long as the Lease Agreement has not been terminated, the Net Proceeds resulting therefrom shall be applied pursuant to the Lease Agreement.

(b) If the Lease Agreement shall have been terminated, (i) if such Person acquires title to such substantial portion thereof that the Corporation determines that it cannot economically make use of the residue for the lawful purposes intended by this Ground Lease, such acquisition of title shall terminate this Ground Lease, effective as of the date on which the condemning party takes possession thereof, and the Net Proceeds

resulting therefrom shall be applied first to payment of the amount secured by any Leasehold Mortgage then outstanding hereunder, second, to payment, on a proportionate basis, of any outstanding Series 2026A Certificates and any Completion Certificates and/or Refunding Certificates related to the Series 2026A Project and, third, the balance, if any shall be paid to the Board and the Corporation, as their respective interests may appear; and (ii) if such Person acquires title to a portion of the Premises only, and the Corporation determines that it can economically make beneficial use of the residue thereof for the lawful purposes intended by this Ground Lease, then this Ground Lease shall continue in full force and effect and the Net Proceeds resulting therefrom shall be paid to the Board and the Corporation, as their respective interests appear.

(c) It is understood that the foregoing provisions of this Section 18 shall not in any way restrict the right of the Board or the Corporation to appeal the award made by any court or other public agency in any condemnation proceeding.

SECTION 19. NON-MERGER OF LEASEHOLD. There shall be no merger of this Ground Lease or of the leasehold estate hereby created with the fee estate in the Premises or any part thereof by reason of the fact that the same Person may acquire or hold, directly or indirectly, this Ground Lease or leasehold estate hereby created or any interest in this Ground Lease or in such leasehold estate and the fee estate in the Premises or any interest in such fee estate. There shall be no merger of this Ground Lease with the Lease Agreement by reason of the fact that the Board is the owner of the fee title to the Premises and the leasehold estate in all or a portion of the Series 2026A Project created under the Lease Agreement or by reason of the fact that the Corporation is the owner of the leasehold estate in the Premises created hereby and is the owner of the fee title in the Series 2026A Project as provided in the Lease Agreement.

SECTION 20. MEMORANDUM OF GROUND LEASE. Unless mutually agreed to the contrary, simultaneously with the execution of this Ground Lease, the Board and the Corporation shall each execute, acknowledge and deliver a Memorandum of Ground Lease with respect to this Ground Lease. Said Memorandum of Ground Lease shall not in any circumstances be deemed to change or otherwise to affect any of the obligations or provisions of this Ground Lease.

SECTION 21. CHANGES TO PROPERTY DESCRIPTION. The Board reserves the right to substitute other land for, delete or add land to all or any portion of the Premises described in Exhibit A hereto, as same may be supplemented by supplements to this Series 2026A Ground Lease from time to time. Upon such substitution, deletion or addition, the Memorandum of Series 2026A Ground Lease will be supplemented to reflect the change in the legal description. Any such supplement shall be substantially in the form of Exhibit C attached hereto. Except in connection with any substitutions, deletions or additions relating to Permitted Encumbrances, the Designated Equipment portion of the Series 2026A Project or Servient Property that does not adversely impact the use of the Premises for its educational purposes, or otherwise permitted by this Series 2026A Ground

Lease or the Related Documents **[**(including the Series 2026 Amendment to the Master Lease-Purchase Agreement)**]**, each substitution, deletion or addition of a parcel of land subject to the provisions of this Series 2026A Ground Lease shall require the prior written consent of the **[**Credit Enhancer. Such consent of the Credit Enhancer shall only be required if the Credit Enhancer is not in default of its payment obligations under the municipal bond insurance policy.**]** In connection with the release of all or any portion of the Premises hereunder in connection with the release of components of the Series 2026B Project pursuant to the Series 2026 Amendment to the Master Lease-Purchase Agreement, such released portions of the Premises may be designated as Servient Property hereunder.

SECTION 22. OPTION TO RENEW. In the event that the Lease Agreement shall have been terminated, and the Corporation, or the Trustee as the assignee of the Corporation, excludes the Board from possession of the Series 2026A Project, the Board grants to the Corporation and the Trustee the right and option to renew this Ground Lease for a period not to exceed five years at a fair market rental to be determined, adjusted and paid in the manner and under the conditions set forth in Section 4(b) of this Ground Lease.

SECTION 23. ESTOPPEL CERTIFICATES. The Board, at any time and from time to time, upon not fewer than thirty (30) days prior written notice from the Corporation or the Trustee as assignee of the Corporation, will execute, acknowledge and deliver to the Corporation, the Trustee, as assignee of the Corporation, or any Permitted Transferee, a certificate of the Board certifying that this Ground Lease is unmodified (or, if there have been any modifications, identifying the same), that this Ground Lease is in full force and effect, if it is; and that there is no default hereunder (or, if so, specifying the default). It is intended that any such certificate may be relied upon by the Corporation or the Trustee as assignee of the Corporation or any Permitted Transferee.

SECTION 24. NONRECOURSE OBLIGATION OF THE CORPORATION. Notwithstanding anything to the contrary herein or in any exhibit, instrument, document or paper relating to this Ground Lease or any of the transactions contemplated hereby, the parties hereto hereby acknowledge and agree that upon the assignment by the Corporation of its rights hereunder to the Trustee pursuant to the Assignment of Lease Agreement and Assignment of Ground Lease Agreement, the Corporation shall have no further obligation, liability or responsibility hereunder and no party hereto nor their successors or assigns shall look to the Corporation for any damages, expenses, fees, charges or claims with respect to the failure of any obligations hereunder to be performed.

SECTION 25. NO RECOURSE UNDER AGREEMENT. All covenants, stipulations, promises, agreements and obligations of the parties hereto contained in this Ground Lease shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the parties hereto, respectively, and not of any member, officer, employee or agent of the parties hereto in an individual capacity, and no recourse shall be had for the

payment of rent pursuant to Section 4 hereof or for any claim based thereon under this Ground Lease Agreement against any member, officer, employee or agent of the parties hereto.

SECTION 26. RADON GAS. Section 404.056, Florida Statutes, requires that the following notification be given: "RADON GAS: Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit."

SECTION 27. MISCELLANEOUS. (a) This Ground Lease shall be governed by, and be construed in accordance with, the laws of the State of Florida.

(b) Any notice required or desired to be given hereunder, or any items required or desired to be delivered hereunder, may be served or delivered personally or by registered or certified mail, return receipt requested, postage prepaid, addressed as follows:

(c) It is mutually acknowledged and agreed by the parties hereto that this Ground Lease contains the entire agreement between the Board and the Corporation with respect to the subject matter of this Ground Lease; that there are no verbal agreements, representations, warranties or other understandings affecting the same.

(d) Nothing herein contained shall be deemed to create a partnership or joint venture, nor shall the relationship between the parties be construed as principal and agent, or other than as landlord and tenant.

(e) The table of contents, headings and captions of this Ground Lease are inserted solely for convenience of reference, and under no circumstances shall they be treated or construed as part of, or as affecting, this Ground Lease.

(f) For purposes of computing any period of a number of days hereunder for notices or performance (but not for actual days of interest) of ten (10) days or fewer, Saturdays, Sundays and holidays shall be excluded.

(g) Any provision of this instrument in violation of the laws of the State of Florida shall be ineffective to the extent of such violation, without invalidating the remaining provisions of this instrument. In no event shall the Corporation or its assigns have any causes of action against the officers or employees of the Board, or against any elected official of the Board based upon or materially related to any finding by any court that any or all provisions of this instrument violate Florida law.

(h) Nothing in this Ground Lease, expressed or implied, is to or shall be construed to confer upon or to give to any person or party other than the Corporation, and its assignee, the Trustee, **[**the Credit Enhancer**]** and the Board any rights, remedies or claims under or by reason of this Ground Lease or any covenants, conditions or stipulations hereof; and all covenants, stipulations, promises and agreements in this Ground Lease contained by or on behalf of the Corporation or the Board shall be for the sole and exclusive benefit of the Corporation, and its assignee, **[**the Credit Enhancer**]** and the Board. **[**INSURER SHORT NAME**]** shall be deemed to be a third party beneficiary of this Ground Lease.

(i) This Ground Lease Agreement may be executed in multiple counterparts, each of which shall be regarded for all purposes as an original, and such counterparts shall constitute but one and the same instrument.

[(j) This Ground Lease may not be amended or modified without the prior written consent of the Credit Enhancer. Except as provided in the preceding sentence, any action taken hereunder which requires or permits the consent, notice, direction or request of the Lessor or the Trustee, shall also require or permit the consent, notice, direction or request of the Credit Enhancer, which consent, direction or request shall not be unreasonably withheld.**]**

IN WITNESS WHEREOF, the Board and the Corporation have caused this Ground Lease to be executed in duplicate, either of which may be considered an original, the day and year first above written.

upon compliance with applicable DTC policies and procedures, that such book-entry only system is burdensome to the Board, the Series 2026A Certificates shall no longer be restricted to being registered in the registration books kept by the Trustee in the name of Cede & Co., as nominee of DTC, but may be registered in whatever name or names holders shall designate, in accordance with the provisions hereof. LETTER OF INSTRUCTIONS

The School Board of Manatee County, Florida
Bradenton, Florida

U.S. Bank Trust Company, National Association
Jacksonville, Florida

Manatee School Board Leasing Corporation
Bradenton, Florida

Re: $[PAR] Certificates of Participation (The School Board of Manatee County, Florida Master Lease Program), Series 2026A Evidencing an Undivided Proportionate Interest of Owners thereof in Basic Rent Payments to be made under a Master Lease-Purchase Agreement by The School Board of Manatee County, Florida

Ladies and Gentlemen:

This letter of instructions is intended to set forth certain duties and requirements regarding the payment of rebatable arbitrage to the United States Treasury in compliance with Section 148(f) of the Internal Revenue Code of 1986, as amended (the "Code") to the extent necessary to preserve the tax-exempt treatment of interest on the above-referenced Certificates of Participation (the "Series 2026A Certificates"). The instructions contained in this letter are based upon said Section 148(f) of the Code and, by analogy, to the Regulations. However, it is not intended to be exhaustive.

The Series 2026A Certificates have been issued pursuant to a Master Trust Agreement, dated as of June 1, 1996, as amended and supplemented, including, in particular, as amended and supplemented by the Series 2026A Supplemental Trust Agreement, dated as of [MONTH] 1, 2026 (collectively, the "Trust Agreement"), among U.S. Bank Trust Company, National Association, as successor trustee (the "Trustee"), the Manatee School Board Leasing Corporation, a Florida not-for-profit corporation, as lessor (the "Corporation"), and The School Board of Manatee County, Florida, a school board of the State of Florida, as lessee (the "Board"). The Series 2026A Certificates represent undivided proportionate interests of Owners of the Series 2026A Certificates in the Basic Rent Payments to be made under a Master Lease-Purchase Agreement, dated as of

June 1, 1996, as amended and supplemented, in particular as amended and supplemented by Lease Schedule No. 2026A, dated as of **[**MONTH**]** 1, 2026 (collectively, the "Lease Agreement"), between the Corporation and the Board. Pursuant to an Assignment of Lease Agreement, dated as of June 1, 1996, as amended and supplemented by the Fifteenth Amendment to Assignment of Lease Agreement, dated as of **[**MONTH**]** 1, 2026, between the Corporation and the Trustee, the Corporation has assigned all of its rights, title and interest in and to the Lease Agreement (other than certain rights and obligations specifically excepted therein), including, without limitation, the right to receive the Basic Rent Payments, when due, to the Trustee for the benefit of the Owners of the Series 2026A Certificates.

Since the requirements of said Section 148(f) are subject to amplification and clarification, it may be necessary to supplement or modify the instructions contained in this letter from time to time to reflect any additional or different requirements of said Section and the Regulations or to specify that actions set forth in this letter are no longer required or that some further or different action is required to maintain or assure the exemption from federal income tax of the interest on the Series 2026A Certificates.

For purposes of this letter, any instructions relating to a fund, account or subaccount established under the Trust Agreement shall be deemed to apply only to that portion of such fund, account or subaccount allocable to the Series 2026A Certificates.

1. Tax Covenants. Pursuant to the Trust Agreement, the Corporation and the Board have made certain covenants designed to assure that the Interest Component of the Basic Rent Payments is and shall remain excludable from gross income for purposes of federal income taxation. In order to preserve this exemption neither the Corporation nor the Board should, directly or indirectly, use or permit the use of any proceeds of the Series 2026A Certificates or the Lease Payments or any other funds or take or omit to take any action that would cause the Series 2026A Certificates to be "arbitrage bonds" within the meaning of Section 148 of the Code or that would cause the Interest Component of the Basic Rent Payments to be subject to be included in gross income for federal income tax purposes under the provisions of the Code. The Board must comply with all other requirements as shall be determined by Special Counsel to be necessary or appropriate to assure that the Interest Component of the Basic Rent Payments will be excludable from gross income for purposes of federal income taxation. To that end, the Corporation and the Board shall comply with all requirements of Section 148 of the Code to the extent applicable to the Series 2026A Certificates.

"Proceeds" means any Sale Proceeds, Investment Proceeds and Transferred Proceeds of the Certificates.

"Qualified Administrative Costs" means reasonable, direct administrative costs, other than carrying costs, such as separately stated brokerage and selling commissions that are comparable to those charged nongovernmental entities in transactions not involving tax-exempt bond proceeds, but not legal and accounting fees, recordkeeping, custody or similar costs. In addition, with respect to a guaranteed investment contract or investments purchased for a yield restricted defeasance escrow, such costs will be considered reasonable if (1) the amount of the fee the Board treats as a Qualified Administrative Cost does not exceed the lesser of (a) $**[**50,000**]** (for calendar year 2026), and (b) 0.2% of the "computational base," or, if more, $**[**5,000**]**; and (2) the Board does not treat as Qualified Administrative Costs more than $**[**141,000**]** (for calendar year 2026) in brokers' commissions or similar fees with respect to all guaranteed investment contracts and investments for yield restricted defeasance escrows purchased with Gross Proceeds of the issue. For purposes of this definition only, "computational base" shall mean with respect

to guaranteed investment contracts, the amount of Gross Proceeds the Board reasonably expects, as of the date the contract is acquired, to be deposited in the guaranteed investment contract over the term of the contract and for investments other than guaranteed investment contract, "computational base" shall mean the amount of Gross proceeds initially invested in such investments. The above- described safe harbor dollar amounts shall be increased each calendar year for cost-of-living adjustments pursuant to Section 1.148-5(e) of the Regulations.

"Rebatable Arbitrage" means, as of any Computation Date, the excess of the future value of all Nonpurpose Receipts over the future value of all Nonpurpose Payments.

"Rebate Fund" means the Rebate Fund established pursuant to the Trust Agreement and described in Section 3 hereof.

"Regulations" means Treasury Regulations Sections 1.148-0 through 1.148-11, 1.149(b)-1 and (d)-1, and 1.150-0 through 1.150-2, as amended, and any regulations amendatory, supplementary or additional thereto.

"Replacement Proceeds" means amounts that have a sufficiently direct nexus to the Series 2026A Certificates or to the governmental purpose of the Series 2026A Certificates to conclude that the amounts would have been used for that governmental purpose if the Proceeds of the Series 2026A Certificates were not used or to be used for that governmental purpose. For this purpose, governmental purposes include the expected use of amounts for the payment of debt service on a particular date. The mere availability or preliminary earmarking of amounts for a governmental purpose, however, does not in itself establish a sufficient nexus to cause those amounts to be Replacement Proceeds. Replacement Proceeds include, but are not limited to, amounts held in a sinking fund or a pledged fund. For these purposes, an amount is pledged to pay principal of or interest on the Series 2026A Certificates if there is reasonable assurance that the amount will be available for such purposes in the event that the issuer encounters financial difficulties.

"Sale Proceeds" means any amounts actually or constructively received by the Board from the sale of the Series 2026A Certificates, including amounts used to pay underwriters' discount or compensation and interest other than Pre-Issuance Accrued Interest. Sale Proceeds shall also include, but are not limited to, amounts derived from the sale of a right that is associated with a Series 2026A Certificate and that is described in Section 1.148-4(b)(4) of the Regulations.

"Special Counsel" means Nabors, Giblin & Nickerson, P.A., Tampa, Florida or such other firm of nationally recognized bond counsel as may be selected by the Board.

"Tax-Exempt Investment" means (i) an obligation the interest on which is excluded from gross income pursuant to Section 103 of the Code, (ii) United States Treasury-State and Local Government Series, Demand Deposit Securities, and (iii) stock

in a tax-exempt mutual fund as described in Section 1.150-1(b) of the Regulations. Tax-Exempt Investment shall not include a specified private activity bond as defined in Section 57(a)(5)(C) of the Code. For purposes of these Rebate Instructions, a tax-exempt mutual fund includes any regulated investment company within the meaning of Section 851(a) of the Code meeting the requirements of Section 852(a) of the Code for the applicable taxable year; having only one class of stock authorized and outstanding; investing all of its assets in tax-exempt obligations to the extent practicable; and having at least 98 percent of (1) its gross income derived from interest on, or gain from the sale of or other disposition of, tax-exempt obligations or (2) the weighted average value of its assets represented by investments in tax-exempt obligations.

"Transferred Proceeds" shall have the meaning provided therefor in Section 1.148-9 of the Regulations.

"Universal Cap" means the value of all then outstanding Series 2026A Certificates.

"Value" (of a Series 2026A Certificate) means with respect to a Series 2026A Certificate issued with not more than two percent original issue discount or original issue premium, the outstanding principal amount, plus accrued unpaid interest; for any other Series 2026A Certificate, its present value.

"Value" (of an Investment) shall have the following meaning in the following circumstances:

(1) General Rules. Subject to the special rules in the following paragraph, an issuer may determine the value of an investment on a date using one of the following valuation methods consistently applied for all purposes relating to arbitrage and rebate with respect to that investment on that date:

(a) an investment with not more than two percent original issue discount or original issue premium may be valued at its outstanding stated principal amount, plus accrued unpaid interest on such date;

(b) a fixed rate investment may be valued at its present value on such date; and

(c) an investment may be valued at its Fair Market Value on such date.

(2) Special Rules. Yield restricted investments are to be valued at present value provided that (except for purposes of allocating Transferred Proceeds to an issue, for purposes of the Universal Cap and for investments in a commingled fund other than a bona fide debt service fund unless it is a certain commingled fund):

(a) an investment must be valued at its Fair Market Value when it is first allocated to an issue, when it is disposed of and when it is deemed acquired or deemed disposed of, and provided further that;

(b) in the case of Transferred Proceeds, the Value of a Nonpurpose Investment that is allocated to Transferred Proceeds of a refunding issue on a transfer date may not exceed the Value of that investment on the transfer date used for purposes of applying the arbitrage restrictions to the refunded issue.

"Yield" means, generally, the discount rate which, when used in computing the present value of all the unconditionally payable payments of principal and interest on an obligation and all the payments for qualified guarantees paid and to be paid with respect to such obligation, produces an amount equal to the present value of the issue price of such obligation. Present value is computed as of the date of issue of the obligation. There are, however, many additional specific rules contained in the Regulations which apply to the calculation and recalculation of yield for particular obligations and such rules should be consulted prior to calculating the yield for the Series 2026A Certificates on any Computation Date. Yield shall be calculated on a 360-day year basis with interest compounded semi-annually. For this purpose, the purchase price of a Nonpurpose Investment or Tax-Exempt Investment is its Fair Market Value, as determined pursuant to Section 4 of this letter, as of the date that it becomes allocated to Gross Proceeds of the Series 2026A Certificates.

3. Payment of Rebatable Arbitrage. (a) In order to maintain the exemption from federal income tax of the Interest Component of the Basic Rent Payments, the Trustee, upon the written direction of the Board in accordance with Section 6.12 of the Trust Agreement, shall pay the Rebatable Arbitrage to the United States Government at the times and in the amounts determined herein from amounts on deposit in the Rebate Fund. For purposes of determining the Rebatable Arbitrage, the Board should cause the calculations to be made by competent tax counsel or other financial or accounting advisors or persons to ensure correct application of the rules contained in the Code and the Regulations relating to arbitrage rebate and, if the Board fails to retain such advisors for such purpose, the Trustee should retain such advisors for such purpose, but only at the expense of the Board.

(b) Within 30 days after any Computation Date, the Board must calculate or cause to be calculated the Rebatable Arbitrage or any penalty due pursuant to Section 3(d) below. The Board agrees to pay the Trustee the amount of the Rebatable Arbitrage for deposit to the Rebate Fund before the same must be remitted by the Trustee. Upon receipt of such Rebatable Arbitrage from the Board, but in no event later than 60 days following the Computation Date, the Trustee must remit (but only from amounts received from the Board) an amount which when added to the future value of previous rebate payments is not less than 90 percent (100 percent with respect to the Computation Date on the final repayment or retirement of the Series 2026A Certificates plus the income, if any, from the

investment of the Rebatable Arbitrage due to the United States Government after the final Computation Date) of the Rebatable Arbitrage.

Each payment must be accompanied by Internal Revenue Service Form 8038-T.

(c) The obligation to pay Rebatable Arbitrage to the United States, as described in this letter, shall be treated as satisfied with respect to the Series 2026A Certificates if (i) Gross Proceeds are expended for the governmental purpose of the Series 2026A Certificates by no later than the date which is six months after the Issue Date and if it is not anticipated that any other Gross Proceeds will arise during the remainder of the term of the Series 2026A Certificates and (ii) the requirement to pay Rebatable Arbitrage, if any, to the United States with respect to the portion of the Reserve Account allocable to the Series 2026A Certificates, if any, is met. For purposes described above, Gross Proceeds do not include (i) amounts deposited in a bona fide debt service fund, so long as the funds therein constitute bona fide debt service funds, or a reasonably required reserve or replacement fund (as defined in Section 1.148-1 of the Regulations and meeting the requirements of Section 1.148-2(f) of the Regulations), (ii) amounts that, as of the Issue Date, are not reasonably expected to be Gross Proceeds but that become Gross Proceeds after the date which is six months after the Issue Date, (iii) amounts representing Sale or Investment Proceeds derived from any Purpose Investment (as defined in Section 1.148-1 of the Regulations) and earnings on those payments, and (iv) amounts representing any repayments of grants (as defined in Section 1.148-6(d)(4) of the Regulations). If Gross Proceeds are in fact expended by such date, then, except as to amounts, if any, on deposit in the Reserve Account, Rebatable Arbitrage with respect to such Gross Proceeds need not be calculated and no payment thereof to the United States Department of Treasury need be made. Use of Gross Proceeds to redeem Series 2026A Certificates shall not be treated as an expenditure of such Gross Proceeds.

Notwithstanding the foregoing, if Gross Proceeds which were reasonably expected to be Gross Proceeds on the Issue Date actually become available after the date which is six months after the Issue Date, as determined by the Board, then the requirements described herein relating to the calculation of Rebatable Arbitrage and the payment thereof to the United States must be satisfied, except that no such calculation or payment need be made with respect to the initial six-month period. Any other amounts not described in this Section which constitute Gross Proceeds, other than a bona fide debt service fund, will be subject to rebate.

(d) As an alternative to Section 3(c) above, the obligation of the Board to pay Rebatable Arbitrage to the United States, as described herein, shall be treated as satisfied with respect to the New Money Issue if the Gross Proceeds are expended for the governmental purposes of the issue within the periods set forth below:

(i) at least 15% of such Gross Proceeds of the New Money Issue are spent within the six-month period beginning on the Issue Date;

(ii) at least 60% of such Gross Proceeds of the New Money Issue are spent within the 1-year period beginning on the Issue Date; and

(iii) at least 100% of such Gross Proceeds of the New Money Issue are spent within the 18-month period beginning on the Issue Date.

As set forth in Section 1.148-7(d)(2) of the Regulations, for purposes of the expenditure requirements set forth in this paragraph (d), 100% of the Gross Proceeds of the New Money Issue shall be treated as expended for the governmental purposes of the issue within the 18-month period beginning on the Issue Date if such requirement is met within the 30-month period beginning on the Issue Date and such requirement would have been met within such 18-month period but for a reasonable retainage (not exceeding 5% of the Net Proceeds of the New Money Issue). If Gross Proceeds are in fact expended by such dates, then Rebatable Arbitrage need not be calculated and no payment thereof to the United States Department of Treasury need be made. Any failure to satisfy the final spending requirement shall be disregarded if the Board exercises due diligence to complete the project financed by the New Money Issue and the amount of the failure does not exceed the lesser of (i) 3% of the issue price of the New Money Issue or (ii) $250,000. Use of Gross Proceeds to redeem the New Money Issue shall not be treated as an expenditure of such Gross Proceeds. For purposes of this paragraph (d), "Gross Proceeds" shall be modified as described in paragraph (c) above.

(e) As an alternative to subsection (d) above, the obligation to pay Rebatable Arbitrage to the United States, as described in this letter, is treated as satisfied with respect to the New Money Issue if the "Available Construction Proceeds" (as defined in Section 148(f)(4)(C)(vi) of the Code) are expended for the governmental purposes of the issue within the periods set forth below:

(i) at least 10% of such Available Construction Proceeds are spent within the six-month period beginning on the Issue Date;

(ii) at least 45% of such Available Construction Proceeds are spent within the 1-year period beginning on the Issue Date;

(iii) at least 75% of such Available Construction Proceeds are spent within the eighteen-month period beginning on the Issue Date; and

(iv) at least 100% of such Available Construction Proceeds are spent within the 2-year period beginning on the Issue Date.

For purposes of this Section 3(e), the term Available Construction Proceeds means the Net Proceeds of the New Money Issue, increased by earnings on the Net Proceeds, earnings on amounts in the Reserve Account to the extent that such amounts were not funded from proceeds of the New Money Issue, and earnings on all of the foregoing

earnings, and reduced by the amount, if any, of the Net Proceeds deposited to the Reserve Account and amounts used to pay issuance costs (including bond insurance premium).

As set forth in Section 148(f)(4)(C)(iii) of the Code, for purposes of the expenditure requirements set forth in this paragraph (e), 100% of the Available Construction Proceeds of the Series 2026A Certificates is treated as expended for the governmental purposes of the issue within the 2-year period beginning on the Issue Date if such requirement is met within the 3-year period beginning on the Issue Date and such requirement would have been met within such 2-year period but for a reasonable retainage (not exceeding 5% of the Available Construction Proceeds of the New Money Issue). Any failure to satisfy the final spending requirement shall be disregarded if the Board exercises due diligence to complete the project financed by the New Money Issue and the amount of the failure does not exceed the lesser of (i) 3% of the issue price of the New Money Issue or (ii) $250,000.

For purposes of Section 148(f)(4)(C)(vii) of the Code, in the event the Board fails to meet the expenditure requirements referred to above, the Board does not elect to pay, in lieu of the Rebatable Arbitrage otherwise required to be paid with respect to such Gross Proceeds, a penalty with respect to the close of each 6-month period after the Issue Date equal to 1.5% of the amount of the Available Construction Proceeds of the New Money Issue which, as of the close of such period, are not spent as required by the expenditure provisions set forth above. The penalty referred to above shall cease to apply only after the New Money Issue (including any refunding obligations issued with respect thereto) are no longer outstanding. The Board makes no election with respect to the above-described penalty.

In order to qualify for the exemption from the obligation to pay Rebatable Arbitrage to the United States pursuant to this paragraph (e), at least 75% of the Available Construction Proceeds of the New Money Issue must be used for construction expenditures with respect to property which is owned by a governmental unit or an organization described in Section 501(c)(3) of the Code (subject in all respects to the provisions of Section 142(b)(1)(B) of the Code). The term "construction" includes reconstruction and rehabilitation of existing property. If only a portion of an issue is to be used for construction expenditures, such portion and such other portion of such issue may, at the election of the Board, be treated as a separate issue for purposes of this subsection (e) (although the remaining portion may not be entitled to the benefits of paragraph 3(d) hereof.

(f) The Board and the Trustee should keep or cause to be kept proper books of records and accounts containing complete and correct entries of all transactions relating to the receipt, investment, disbursement, allocation and application of the moneys related to the Series 2026A Certificates, including moneys derived from, pledged to, or to be used to make payments on the Series 2026A Certificates. Such records shall, at a minimum, be sufficient to enable the Board to calculate the Rebatable Arbitrage and, if necessary, shall specify the account or fund to which each investment (or portion thereof) is to be allocated and shall set forth, in the case of each investment security, (i) its purchase price, (ii)

identifying information, including par amount, coupon rate, and payment dates, (iii) the amount received at maturity or its sale price, as the case may be, including accrued interest, (iv) the amounts and dates of any payments made with respect thereto, and (v) the dates of acquisition and disposition or maturity.

4. Market Price Rules. Except as provided below, the Board agrees to comply with the requirements relating to the "Fair Market Value" of acquired Nonpurpose Investments, as defined in Section 1.148-5(d) of the Regulations ("Fair Market Value"). All investments required to be made pursuant to this letter shall be made to the extent permitted by law. In this regard, the Board agrees, among other things, that it will not acquire or cause to be acquired a Nonpurpose Investment (or any other investment acquired with Gross Proceeds or on deposit in the Rebate Fund), for a price in excess of its Fair Market Value or sell any such investment at a price (determined without any reduction for transaction costs) less than its Fair Market Value, except as provided below. For this purpose, the following rules shall apply:

(a) Established securities markets. Except as otherwise provided below, any market especially established to provide a security or obligation to an issuer of municipal obligations shall not be treated as an established market and shall be rebuttably presumed to be acquired or disposed of for a price that is not its Fair Market Value.

(b) Arm's-length price. Any transaction in which a Nonpurpose Investment is directly purchased with Gross Proceeds, or in which a Nonpurpose Investment allocable to Gross Proceeds is disposed of, shall be undertaken in a bona fide arm's-length manner, and no amount shall be paid to reduce the yield on the Nonpurpose Investment.

(c) Safe harbor for establishing Fair Market Value for guaranteed investment contracts and Nonpurpose Investments purchased for a yield restricted defeasance escrow. In the case of a guaranteed investment contract or Nonpurpose Investments purchased for a yield restricted defeasance escrow, the purchase price shall not be considered to be an arm's-length price unless all the following conditions are met:

(i) The Board makes a bona fide solicitation ("Bona Fide Solicitation") for the purchase of the investment that satisfies all of the following requirements:

(1) The bid specifications are in writing and are timely forwarded to potential providers;

(2) The bid specifications include all terms of the bid that may directly or indirectly affect the yield or the cost of the investment;

(3) The bid specifications include a statement notifying potential providers that submission of a bid is a representation that the potential provider did not consult with any other potential provider about its bid, that

the bid was determined without regard to any other formal or informal agreement that the potential provider has with the Board or any other person (whether or not in connection with the bond issue), and that the bid is not being submitted solely as a courtesy to the Board or any other person for purposes of satisfying these requirements;

(4) The terms of the bid specifications are such that there is a legitimate business purpose for each term other than to increase the purchase price or reduce the yield of the investment (e.g., for solicitations of Nonpurpose Investments for a yield restricted defeasance escrow, the hold firm period must be no longer than the Board reasonably requires);

(5) For purchases of guaranteed investment contracts only, the terms of the solicitation take into account the Board's reasonably expected deposit and draw down schedule for the amounts to be invested;

(6) All potential providers have an equal opportunity to bid (e.g., no potential provider is given the opportunity to review other bids before providing a bid); and

(7) At least three providers are solicited for bids that have an established industry reputation as a competitive provider of the type of investments being purchased.

(ii) The bids received by the Board must meet all of the following requirements:

(1) The Board receives at least three bids from providers that the Board solicited under a Bona Fide Solicitation and that do not have a material financial interest in the issue. A lead underwriter in a negotiated underwriting transaction is deemed to have a material financial interest in the issue until 15 days after the issue date of the issue. In addition, any entity acting as a financial advisor with respect to the purchase of the investment at the time the bid specifications are forwarded to potential providers has a material financial interest in the issue. A provider that is a related party to a provider that has a material financial interest in the issue is deemed to have a material financial interest in the issue.

(2) At least one of the three bids described in paragraph (c)(ii)(1) above is from a provider that has an established industry reputation as a competitive provider of the type of investments being purchased; and

(3) If the Board uses an agent to conduct the bidding process, the agent did not bid to provide the investment.

(iii) The winning bid must meet the following requirements:

(1) *Guaranteed investment contracts*. If the investment is a guaranteed investment contract, the winning bid is the highest yielding bona fide bid (determined net of any broker's fees).

(2) *Other Nonpurpose Investments*. If the investment is not a guaranteed investment contract, the following requirements are met:

(A) The winning bid is the lowest cost bona fide bid (including any broker's fees). The lowest bid is either the lowest cost bid for the portfolio or, if the Board compares the bids on an investment-by-investment basis, the aggregate cost of a portfolio comprised of the lowest cost bid for each investment. Any payment received by the Board from a provider at the time a guaranteed investment contract is purchased (e.g., an escrow float contract) for a yield restricted defeasance escrow under a bidding procedure meeting these requirements is taken into account in determining the lowest cost bid.

(B) The lowest cost bona fide bid (including any broker's fees) is not greater than the cost of the most efficient portfolio comprised exclusively of State and Local Government Series Securities from the United States Department of the Treasury, Bureau of Public Debt. The cost of the most efficient portfolio of State and Local Government Series Securities is to be determined at the time that bids are required to be submitted pursuant to the terms of the bid specifications. If such State and Local Government Series Securities are not available for purchase on the day that bids are required to be submitted because sales of those securities have been suspended, the cost comparison described in this paragraph is not required.

(iv) The provider of the investments or the obligor on the guaranteed investment contract certifies the administrative costs that it pays (or expects to pay) to Third parties in connection with supplying the investment.

(d) The Board shall retain certificates and records documenting compliance with the above requirements until three years after the last outstanding Series 2026A Certificate is redeemed including, but not limited to, the following:

(i) For purchases of guaranteed investment contracts, a copy of the contract, and for purchases of Nonpurpose Investments other than guaranteed investment contracts, the purchase agreement or confirmation;

(ii) The receipt or other record of the amount actually paid by the Board for the investments, including a record of any administrative costs paid by the Board and the certification required in paragraph (c)(iv) above;

(iii) For each bid that is submitted, the name of the person and entity submitting the bid, the time and date of the bid, and the bid results;

(iv) The bid solicitation form and, if the terms of the purchase agreement or the guaranteed investment contract deviated from the bid solicitation form or a submitted bid is modified, a brief statement explaining the deviation and stating the purpose for the deviation; and

(v) For purchase of Nonpurpose Investments other than guaranteed investment contracts, the cost of the most efficient portfolio of State and Local Government Series Securities, determined at the time that the bids were required to be submitted.

Certificates in substantially the forms of subparagraphs (iv) and (v) above must be obtained to evidence the foregoing.

5. Records. The Board and the Trustee should retain all records with respect to the calculations required by this letter for at least six years after the date on which the last of the principal of and interest on the Series 2026A Certificates has been paid, whether upon maturity, redemption, defeasance or acceleration thereof.

6. Modification Upon Receipt of Special Counsel Opinion. Notwithstanding any provision of this letter, if the Board and the Trustee shall receive an opinion of Special Counsel that any specified instructions set forth in this letter are no longer required or that some further or different action is required to maintain or assure the exclusion from federal gross income of the Interest Component of the Basic Rent Payments, the Board and the Trustee may conclusively rely on such opinion in complying with the requirements of this letter and the instructions contained in this letter shall be deemed to be modified to that extent. The provisions of this and the instructions contained in this letter may be amended or modified in any manner which is necessary to comply with such regulations as may be promulgated by the United States Treasury Department from time to time.

7. Accounting for Gross Proceeds. In order to perform the calculations required by the Code and the Regulations, it is necessary to track the investment and expenditure of all Gross Proceeds. To that end, the Board must adopt reasonable and consistently applied methods of accounting for all Gross Proceeds. Appendix I hereto sets forth a description of the required allocation and accounting rules with which the Board agrees to comply.

8. Administrative Costs of Investments. Except as otherwise provided in this Section 8, an allocation of Gross Proceeds to a payment or receipt on a Nonpurpose Investment is not adjusted to take into account any costs or expenses paid, directly or indirectly, to purchase, carry, sell or retire the Nonpurpose Investment (administrative costs). Thus, administrative costs generally do not increase the payments for, or reduce the receipts from, Nonpurpose Investments.

In determining payments and receipts on Nonpurpose Investments, Qualified Administrative Costs are taken into account by increasing payments for, or reducing the receipts from, the Nonpurpose Investments. Qualified Administrative Costs are reasonable, direct administrative costs, other than carrying costs, such as separately stated brokerage or selling commissions, but not legal and accounting fees, recordkeeping, custody and similar costs. General overhead costs and similar indirect costs of the Board such as employee salaries and office expenses and costs associated with computing Rebatable Arbitrage are not Qualified Administrative Costs.

Allocation and accounting rules are provided in Appendix I attached hereto.

9. Board Obligations. Except for any Rebatable Arbitrage which accrues prior to the date of termination of the Lease, the Board shall have no further obligations hereunder subsequent to the termination of the Lease Agreement.

10. Trustee Obligations. Except for matters set forth in Sections 3(a), (b) and (f) hereof and Section 6.12 of the Trust Agreement, the parties hereto agree that the Trustee shall have no further obligations hereunder or under the Trust Agreement relating to the matters set forth in this letter.

APPENDIX I

ALLOCATION AND ACCOUNTING RULES

(a) General Rule. Any issuer may use any reasonable, consistently applied accounting method to account for Gross Proceeds, investments and expenditures of an issue. An accounting method is "consistently applied" if it is applied uniformly within a Fiscal Period (as hereinafter defined) and between Fiscal Periods to account for Gross Proceeds of an issue and any amounts that are in a commingled fund.

(b) Allocation of Gross Proceeds to an Issue. Amounts are allocable to only one issue at a time as Gross Proceeds. Amounts cease to be allocated to an issue as Proceeds only when those amounts (i) are allocated to an expenditure for a governmental purpose; (ii) are allocated to Transferred Proceeds of another issue of obligations; or (iii) cease to be allocated to that issue at retirement of the issue or under the Universal Cap.

(c) Allocation of Gross Proceeds to Investments. Upon the purchase or sale of a Nonpurpose Investment, Gross Proceeds of an issue are not allocated to a payment for that Nonpurpose Investment in an amount greater than, or to a receipt from that Nonpurpose Investment in an amount less than, the Fair Market Value of the Nonpurpose Investment as of the purchase or sale date. The Fair Market Value of a Nonpurpose Investment is adjusted to take into account Qualified Administrative Costs allocable to the investment. Thus, Qualified Administrative Costs increase the payments for, or decrease the receipts from, a Nonpurpose Investment.

(d) Allocation of Gross Proceeds to Expenditures. Reasonable accounting methods for allocating funds from different sources to expenditures for the same governmental purpose include a "specific tracing" method, a "gross-proceeds-spent-first" method, a "first-in-first-out" method or a ratable allocation method, so long as the method used is consistently applied. An allocation of Gross Proceeds of an issue to an expenditure must involve a current outlay of cash for a governmental purpose of the issue. A current outlay of cash means an outlay reasonably expected to occur not later than five banking days after the date as of which the allocation of Gross Proceeds to the expenditure is made.

(e) Commingled Funds. Any fund or account that contains both Gross Proceeds of an issue and amounts in excess of $25,000 that are not Gross Proceeds of that issue if the amounts in the fund or account are invested and accounted for collectively, without regard to the source of the funds deposited therein, constitutes a "commingled fund." All payments and receipts (including deemed payments and receipts) on investments held by a commingled fund must be allocated (but not necessarily distributed) among each different source of funds invested in the commingled fund in accordance with a consistently applied, reasonable ratable allocation method. Reasonable ratable allocation methods include, without limitation, methods that allocate payments and receipts in proportion to either (i) the average daily balances of the amounts in the commingled fund from each different source of funds during any consistent time period within its fiscal year, but at least quarterly

(the "Fiscal Period"); or (ii) the average of the beginning and ending balances of the amounts in the commingled fund from each different source of funds for a Fiscal Period that does not exceed one month.

Funds invested in the commingled fund may be allocated directly to expenditures for governmental purposes pursuant to a reasonable consistently applied accounting method. If a ratable allocation method is used to allocate expenditures from the commingled fund, the same ratable allocation method must be used to allocate payments and receipts on investments in the commingled fund.

Generally, a commingled fund must treat all its investments as if sold at Fair Market Value either on the last day of the fiscal year or on the last day of each Fiscal Period. The net gains or losses from these deemed sales of investments must be allocated to each different source of funds invested in the commingled fund during the period since the last allocation. This mark-to-market requirement does not apply if (i) the remaining weighted average maturity of all investments held by a commingled fund during a particular fiscal year does not exceed 18 months, and the investments held by the commingled fund during that fiscal year consist exclusively of obligations; or (ii) the commingled fund operated exclusively as a reserve fund, sinking fund or replacement fund for two or more issues of the same issuer. Subject to the Universal Cap limitation, and the principle that amounts are allocable to only one issue at a time as Gross Proceeds, investments held by a commingled fund must be allocated ratably among the issues served by the commingled fund in proportion to either (i) the relative values of the bonds of those issues; (ii) the relative amounts of the remaining maximum annual debt service requirements on the outstanding principal amounts of those issues; or (iii) the relative original stated principal amounts of the outstanding issues.

(f) Universal Cap. Amounts that would otherwise be Gross Proceeds allocable to an issue are allocated (and remain allocated) to the issue only to the extent that the Value of the Nonpurpose Investments allocable to those Gross Proceeds does not exceed the Value of all outstanding bonds of the issue. Nonpurpose Investments allocated to Gross Proceeds in a bona fide debt service fund for an issue are not taken into account in determining the Value of the Nonpurpose Investments, and those Nonpurpose Investments remain allocated to the issue. To the extent that the Value of the Nonpurpose Investments allocable to the Gross Proceeds of an issue exceed the Value of all outstanding bonds of that issue, an issuer should seek the advice of Bond Counsel for the procedures necessary to comply with the Universal Cap.

(g) Expenditure for Working Capital Purposes. Subject to certain exceptions, the Proceeds of an issue may only be allocated to "working capital expenditures" as of any date to the extent that those expenditures exceed "available amounts" as of that date (i.e., "proceeds-spent-last").

For purposes of this section, "working capital expenditures" include all expenditures other than "capital expenditures." "Capital expenditures" are costs of a type properly chargeable (or chargeable upon proper election) to a capital account under general federal income tax principles. Such costs include, for example, costs incurred to acquire, construct or improve land, buildings and equipment having a reasonably expected useful life in excess of one year. Thus, working capital expenditures include, among other things, expenditures for current operating expenses and debt service.

For purposes of this section, "available amount" means any amount that is available to an issuer for working capital expenditure purposes of the type financed by the issue. Available amount excludes Proceeds of the issue but includes cash, investments and other amounts held in accounts or otherwise by an issuer for working capital expenditures of the type being financed by the issue without legislative or judicial action and without a legislative, judicial or contractual requirement that those amounts be reimbursed. Notwithstanding the preceding sentence, a "reasonable working capital reserve" is treated as unavailable. A working capital reserve is reasonable if it does not exceed five percent of the actual working capital expenditures of an issuer in the fiscal year before the year in which the determination of available amounts is made. For purpose of the preceding sentence only, in determining the working capital expenditures of an issuer for a prior fiscal year, any expenditures (whether capital or working capital expenditures) that are paid out of current revenues may be treated as working capital expenditures.

The proceeds-spent-last requirement does not apply to expenditures to pay (i) any Qualified Administrative Costs; (ii) fees for qualified guarantees of the issue or payments for a qualified hedge for the issue; (iii) interest on the issue for a period commencing on the Issue Date and ending on the date that is the later of three years from the Issue Date or one year after the date on which the financed project is placed in service; (iv) the United States for yield reduction payments (including rebate payments) or penalties for the failure to meet the spend down requirements associated with certain spending exceptions to the rebate requirement; (v) costs, other than those described in (i) through (iv) above, that do not exceed five percent of the Sale Proceeds of an issue and that are directly related to capital expenditures financed by the issue (e.g., initial operating expenses for a new capital project); (vi) principal or interest on an issue paid from unexpected excess sale or Investment Proceeds; (vii) principal or interest on an issue paid from investment earnings on a reserve or replacement fund that are deposited in a bona fide debt service fund; and (viii) principal, interest or redemption premium on a prior issue and, for a crossover refunding issue, interest on that issue. Notwithstanding the preceding paragraph, the exceptions described above do not apply if the allocation merely substitutes Gross Proceeds for other amounts that would have been used to make those expenditures in a manner that gives rise to Replacement Proceeds.

2. Delivery of Offering Statement and Other Documents.

(a) Prior to the date hereof, the School Board has prepared for use in connection with the public sale and distribution of the Certificates, and provided to the Underwriters for their review, the Preliminary Offering Statement dated [POS DATE], 2026 (including the cover page, inside cover page and appendices contained therein, the "Preliminary Offering Statement"). The School Board deems the Preliminary Offering Statement final as of its date for purposes of Rule 15c2-12 of the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the "SEC Rule"), except for certain permitted omissions in connection with the pricing of the Certificates. The Underwriters have reviewed such Preliminary Offering Statement prior to the execution of this Purchase Contract.

(b) As soon as practicable after the date hereof, and, in any event within seven (7) business days of the date hereof (or within such shorter period as may be reasonably requested by the Underwriters in order to accompany any confirmation that requests payment from any customer to comply with Rule G-32 of the Municipal Securities Rulemaking Board) the School Board shall, so as to enable the Underwriters to comply with the provisions of the SEC Rule, deliver to the Underwriters a sufficient number of copies of a final Offering Statement, dated the date hereof (including the cover page, inside cover page and appendices contained therein, the "Offering Statement"), together with all supplements and amendments thereto, substantially in the form of the Preliminary Offering Statement, with only such changes therein as shall have been accepted by the Underwriters, executed on behalf of the School Board by the Chair.

(c) The Representative shall give notice to the School Board on the date, but in no event later than 90 days after the Closing, after which no participating underwriter, as such term is defined in the SEC Rule, remains obligated to deliver Offering Statements pursuant to paragraph (b)(4) of the SEC Rule.

(d) At or prior to the Closing (as defined herein), the Representative shall file, or cause to be filed, the Offering Statement with the Municipal Securities Rulemaking Board. Unless otherwise provided in writing by the Representative to the School Board on the Date of Closing (as defined herein) that the Representative retains directly, or as a member of an underwriting syndicate, an unsold balance of the Certificates, the end of the underwriting period (as defined herein) shall be the Date of Closing, but in no event later than 90 days after the Closing.

(e) At Closing, the School Board shall deliver, or cause to be delivered to the Underwriters copies of the Resolutions, certified to by its Secretary, substantially in the form heretofore delivered to the Underwriters, with only such changes therein as agreed upon by the Representative.

(f) The School Board and the Corporation hereby authorize the Underwriters to use the forms or copies of (i) the Resolutions, (ii) the Corporation Resolutions, (iii) the Trust Agreements, (iv) the Transaction Leases, (v) the Assignment Agreements, (vi) the Transaction Ground Leases, (vii) the Disclosure Agreements, (viii) the Escrow Deposit Agreement and (ix) the Offering Statement and the information contained therein in connection with the public offering and sale of the Certificates and ratify and confirm their authorization of the distribution and use by the Underwriters prior to the date hereof of the Preliminary Offering Statement in connection with such public offering and sale.

3. Representation of the Underwriters as to Authority. The Representative is duly authorized to execute this Purchase Contract on behalf of the Underwriters and has been duly authorized to act hereunder in connection with the issuance of the Certificates.

4. Public Offering; Establishment of Issue Price; Underwriters not Acting as Agents or Fiduciaries. (a) The Underwriters agree, jointly and severally, to make an initial public offering of the Certificates to the public at initial public offering prices not greater than (or yields not less than) the initial public offering prices (or yields) set forth on Appendix D hereto; provided, however, the Underwriters reserve the right to make concessions to certain dealers, certain dealer banks and banks acting as agents and to change such initial public offering prices as the Underwriters deem necessary or desirable in connection with the marketing of the Certificates.

(b) The Representative, on behalf of the Underwriters, agrees to assist the School Board in establishing the issue price of the Certificates and shall execute and deliver to the School Board at Closing an "issue price" or similar certificate, substantially in the form attached hereto as Appendix D, together with the supporting pricing wires or equivalent communications, with such modifications as may be deemed appropriate or necessary, in the reasonable judgment of the Representative, the School Board and Special

Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Certificates.

(c) [Except as otherwise set forth in Schedule I to Appendix D attached hereto,] the School Board represents that it will treat the first price at which 10% of each maturity of the Certificates (the "10% Test") is sold to the public as the issue price of that maturity (if different interest rates apply within a maturity, each separate CUSIP number within that maturity will be subject to the 10% Test). [If, as of the date hereof, the 10% Test has not been satisfied as to any maturity of the Certificates for which the School Board has elected to utilize the 10% Test, the Representative agrees to promptly report to the School Board the prices at which Certificates of that maturity or maturities have been sold by the Underwriters to the public. That reporting obligation shall continue until the earlier of the date upon which the 10% Test has been satisfied as to the Certificates of that maturity or maturities or the Closing Date.]

(d) The Representative confirms that the Underwriters have offered the Certificates to the public on or before the date of this Purchase Contract at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in Schedule I to Appendix D attached hereto, except as otherwise set forth therein. [Schedule I to Appendix D attached hereto also sets forth, as of the date of this Purchase Contract, the maturities, if any, of the Certificates for which the 10% Test has not been satisfied and for which the School Board and the Representative, on behalf of the Underwriters, agree that the restrictions set forth in the next sentence shall apply (the "hold-the-offering-price rule"). So long as the hold-the-offering-price rule remains applicable to any maturity of the Certificates, the Underwriters will neither offer nor sell unsold Certificates of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

(1) the close of the fifth (5^{th}) business day after the sale date; or

(2) the date on which the Underwriters have sold at least 10% of that maturity of the Certificates to the public at a price that is no higher than the initial offering price to the public.]

(e) The Representative confirms that:

(i) any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the Representative is a party) relating to the initial sale of the Certificates to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter, each dealer who is a member of the selling group and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(A)(i) to report the prices at which it sells to the public the unsold Certificates of each maturity allocated to it until either all Certificates of that maturity allocated to it have been sold or it is notified by the Representative that the 10% Test has been satisfied as to the Certificates of that maturity and (ii) to comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative and as set forth in the related pricing wires, and

(B) to promptly notify the Representative of any sales of Certificates that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Certificates to the public (each such term being used as defined below),

(C) to acknowledge that, unless otherwise advised by the Underwriter, dealer or broker-dealer, the Representative shall assume that each order submitted by the Underwriter, dealer or broker-dealer is a sale to the public.

(ii) any agreement among underwriters and any selling group agreement relating to the initial sale of the Certificates to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Certificates to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Certificates of each maturity allocated to it until either all Certificates of that maturity allocated to it have been sold or it is notified by the Representative or such Underwriter that the 10% Test has been satisfied as to the Certificates of that maturity and (B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative or the Underwriter and as set forth in the related pricing wires.

The School Board acknowledges that, in making the representations set forth in this section, the Representative will rely on (i) the agreement of each Underwriter to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Certificates to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an Underwriter is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Certificates to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable, as set forth in the third-party distribution agreement and the related pricing wires. The School Board further acknowledges that each Underwriter shall be solely liable for its failure to comply with its agreement to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates, and that no Underwriter shall be liable for the failure of any other Underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates.

(f) The Underwriters acknowledge that sales of any Certificates to any person that is a related party to an Underwriter shall not constitute sales to the public for purposes of this section. Further, for purposes of this Section 4:

(i) "public" means any person other than an underwriter or a related party;

(ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the School Board (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Certificates to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Certificates to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Certificates to the public);

(iii) a purchaser of any of the Certificates is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) "sale date" means the date of execution of this Purchase Contract by all parties.

(g) The School Board and the Corporation acknowledge and agree that (i) the purchase and sale of the Certificates pursuant to this Purchase Contract is an arm's-length commercial transaction between the School Board, the Corporation and the Underwriters; (ii) in connection therewith and with the discussions, undertakings and procedures leading up to the consummation of such transaction, the Underwriters are and have been acting solely as principals and are not acting as municipal advisors, financial advisors, agents or fiduciaries of the School Board or the Corporation; (iii) the Underwriters have not assumed an advisory or fiduciary responsibility in favor of the School Board or the Corporation with respect to the offering of the Certificates or the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriters, or any affiliate of the Underwriters, has provided other services or is currently providing other services to the School Board or the Corporation on other matters) and the Underwriters have no obligation to the School Board or the Corporation with respect to the offering contemplated hereby except the obligations expressly set forth in this Purchase Contract; (iv) the Underwriters have financial and other interests that differ from those of the School Board and the Corporation; and (v) the School Board and the Corporation have consulted with their own legal, financial and other advisors to the extent they have deemed appropriate in connection with the offering of the Certificates.

5. Good Faith Deposit. In connection with the execution of this Purchase Contract, the Representative has delivered to the Trustee, a wire transfer credited to the order of the School Board in immediately available federal funds (the "Good Faith Deposit"), in the sum of $[_____] (calculated as 1% of the estimated aggregate principal amount of the Certificates as reflected in the Preliminary Offering Statement), as security for the performance by the Underwriters of their obligation to accept and to pay for the Certificates. In the event that the School Board does not accept this offer in a timely manner, the School Board shall immediately cause the Trustee to return the Good Faith Deposit to the Representative by wire transfer credited to the order of the Representative, in the amount of the Good Faith Deposit. In the event the Closing takes place, the amount of the Good Faith Deposit shall be transferred by the Trustee to the account of the School Board to be credited against the purchase price pursuant to Section 7 hereof. In the event of the School Board's failure to deliver the Certificates at the Closing, or if the School Board shall be unable at or prior to the Closing to satisfy the conditions to the obligations of the Underwriters contained in this Purchase Contract (unless such conditions are waived by the Representative), or if the obligations of the Underwriters shall be terminated for any reason permitted by this Purchase Contract, the School Board shall immediately cause the Trustee to wire to the Representative in federal funds the Good Faith Deposit and such return shall constitute a full release and discharge of all claims by the Underwriters against the School Board arising out of the transactions contemplated hereby. Interest on the Good Faith Deposit shall accrue solely to the benefit of the School Board and shall not offset the amount due from the Underwriters at Closing or be payable to the Underwriters in the event the Good Faith Deposit returned to the Representative. In the event that the Underwriters fail (other than for a reason permitted hereunder) to accept and pay for the Certificates at the Closing as herein provided, the amount of the Good Faith Deposit

shall be retained by the School Board and such retention shall represent full liquidated damages and not a penalty for such failure and for any defaults hereunder on the part of the Underwriters, and such use shall constitute a full release and discharge of all claims, rights and damages of the School Board against the Underwriters arising out of the transactions contemplated hereby Accordingly, the Underwriters hereby waive any right to claim that the School Board's actual damages are less than the amount of the Good Faith Deposit, and the School Board's acceptance of this offer shall constitute a waiver of any right it may have to additional damages from the Underwriters.

6. Representations and Agreements.

(a) By its acceptance hereof, the School Board represents to and agrees with the Underwriters that, as of the date hereof:

(i) The School Board is duly and validly existing as a body corporate and politic pursuant to Article IX, Section 4(a) of the Florida Constitution and the laws of the State of Florida (particularly, Chapter 1001, Florida Statutes) and is the governing body of the District.

(ii) The School Board has full legal right, power and authority to cause the Certificates to be issued, sold and delivered to the Underwriters as described herein; to lease-purchase the Series 2026A Project; to prepay the Refunded Certificates, to adopt the Resolutions; and to execute, deliver and perform its obligations, as the case may be, under this Purchase Contract, the Transaction Ground Leases, the Disclosure Agreements, the Trust Agreements, the Transaction Leases, and the Escrow Deposit Agreement (collectively, the "School Board Documents"); by all necessary official action of the School Board taken prior to the acceptance hereof, the Resolutions have been duly adopted in accordance with the Constitution of Florida and the laws of the State of Florida; the Resolutions are in full force and effect and have not been amended, modified or repealed; the School Board Documents, when executed by the School Board will each be duly authorized and delivered and will constitute the legal, valid and binding special obligations of the School Board enforceable in accordance with their respective terms, except as the enforcement thereof may be affected by bankruptcy, insolvency, or other laws affecting the rights of creditors or tenants generally or the application by a court of equitable principles; the School Board has duly authorized and approved the execution of, and the performance by the School Board of its obligations contained in the School Board Documents and the consummation by it of all other transactions contemplated by the Resolutions, each of the School Board Documents and the Offering Statement to have been performed or consummated at or prior to the Date of Closing.

(iii) The execution and delivery of the School Board Documents, the issuance by the Trustee of the Certificates and the adoption of the Resolutions, and compliance with the special obligations on the School Board's part contained herein and therein, will not conflict with or constitute a material breach of or material default under any federal or Florida constitutional provision, law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the School Board is a party or to which the School Board or any of its properties or other assets is otherwise subject, nor will any such execution, delivery, adoption, implementation or compliance result in the creation or imposition of any material lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the properties or other assets of the School Board under the terms of any such provision, law, regulation, document or instrument, except as provided or permitted by the Certificates and the School Board Documents.

(iv) All approvals, consents and orders of any governmental authority, legislative body, board, agency or commission having jurisdiction which would constitute a condition precedent to or the absence of which would materially adversely affect the due performance by the School Board of its obligations under the Resolutions and the School Board Documents have been, or prior to the Closing will have been, duly obtained; provided, however, that this representation does not apply to such approvals, consents and orders as may be required under the Blue Sky or securities laws of any state in connection with the offering and sale of the Certificates.

(v) The information contained in the Preliminary Offering Statement and the Offering Statement pertaining to the School Board, the District, the Series 2026A Project, prepaying the Refunded Certificates, the Premises, the Certificates, the Resolutions and the School Board Documents was, is, and will be true and correct in all material respects and did not, does not and will not, contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(vi) Except as described in the Preliminary Offering Statement or the Offering Statement, there is no action, suit, proceeding, inquiry or investigation, at law or in equity before or by any court, governmental agency or public board or body, pending or, to the best knowledge of the School Board, threatened:

(A) Which may affect the existence of the School Board or the titles or rights of its officers to their respective offices;

(B) Which may affect or which seeks to prohibit, restrain or enjoin the sale, issuance or delivery of the Certificates, or the collection or payment of the Basic Rent Payments or assignment thereof to make payments on the Certificates and to make other payments under the Transaction Leases;

(C) Which in any way contests or affects the validity or enforceability of the Certificates, the Resolutions, the Trust Agreements, the Assignment Agreements, the School Board Documents or any of them;

(D) Which could cause the interest portion of the Basic Rent Payments represented by the Certificates to be included in the gross income of the holders of the Certificates for the purposes of federal income taxation;

(E) Which contests in any way the completeness or accuracy of the Preliminary Offering Statement or the Offering Statement or which contests the powers of the School Board or any authority or proceedings for the issuance, sale or delivery of the Certificates, or the due adoption of the Resolutions or the execution and delivery of the School Board Documents or any of them or the lease-purchase of the Series 2026A Project, or prepaying the Refunded Certificates in accordance with the terms thereof; or

(F) Which could materially adversely affect the financial condition of the School Board;

nor, to the best knowledge of the School Board, is there any basis therefor wherein an unfavorable decision, ruling or finding could materially adversely affect the validity or enforceability of the Certificates, the Resolutions, the Trust Agreements, the Assignment Agreements, the School Board

Documents or any of them. The School Board shall advise the Representative promptly of the institution of any proceedings known to it by any governmental agency prohibiting or otherwise affecting the use of the Preliminary Offering Statement or the Offering Statement in connection with the offering, sale or distribution of the Certificates.

(vii) The School Board will furnish such information, execute such instruments and take such other action not inconsistent with law in cooperation with the Underwriters as the Underwriters may reasonably request in order (A) to qualify the Certificates for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriters may designate, and (B) to determine the eligibility of the Certificates for investment under the laws of such states and other jurisdictions, and will use its best efforts to continue such qualifications in effect so long as required for the distribution of the Certificates; provided that the School Board shall not be obligated to pay any fee, qualify to do business or to take any action that would subject it to general service of process in any state where it is not now so subject.

(viii) If, after the date of this Purchase Contract and until the earlier of (A) ninety (90) days from the end of the "underwriting period" (as defined in the SEC Rule) or (B) the time when the Offering Statement is available to any person from the Municipal Securities Rulemaking Board, but in no case less than twenty-five (25) days following the end of the underwriting period, the School Board becomes aware that any event shall have occurred which might or would cause the Offering Statement, as then supplemented or amended, to contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the School Board shall notify the Representative thereof, and, if in the reasonable opinion of the School Board and the Representative such event requires the preparation and publication of a supplement or amendment to the Offering Statement, the School Board will at its own expense forthwith prepare and furnish to the Underwriters a sufficient number of copies of an amendment of or supplement to the Offering Statement (in form and substance satisfactory to the Representative and its Counsel) which will supplement or amend the Offering Statement so that it will not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in light of the circumstances existing at such time, not misleading.

(ix) The School Board covenants to comply with the requirements of the Internal Revenue Code of 1986, as amended (the "Code") in order to maintain the exclusion from gross income for purposes of federal income taxation of the interest portion of the Basic Rent Payments received by the owners of the Certificates, subject to the right of the School Board to non-appropriate funds in accordance with the provisions of the Transaction Leases. These requirements include, but are not limited to, provisions which prescribe yield and other limits within which the proceeds of the Certificates and other amounts are to be invested and require that certain investment earnings on the foregoing must be rebated on a periodic basis to the Treasury Department of the United States. The School Board does not have any material unfunded rebate obligations with respect to any Certificates of Participation previously issued under the Master Trust.

(x) The School Board has not, since December 31, 1975 been in default in the payment of principal of, premium, if any, or interest on, or otherwise been in default with respect to, any bonds, notes or other obligations which it has issued, assumed or guaranteed as to payment of principal, premium, if any, or interest.

(xi) The School Board shall comply with all of the continuing disclosure requirements of Rule 15c2-12(b)(5) of the Securities and Exchange Commission and shall comply with the commitments set forth in the Disclosure Agreements.

(xii) The School Board will apply the proceeds of the Certificates in accordance with the Trust Agreements and as described in the Offering Statement.

(xiii) Neither the School Board nor anyone authorized to act on its behalf, directly or indirectly, has offered the Certificates for sale to, or solicited any offer to buy, the Certificates from anyone other than the Underwriters.

(xiv) Prior to the execution of this Purchase Contract, the School Board delivered to the Underwriters copies of the Preliminary Offering Statement which the School Board deemed final for purposes of the SEC Rule as of the date of the Preliminary Offering Statement, except for the omission of no more than the following information: the offering price(s), interest rate(s), selling compensation, aggregate principal amount, principal amount per maturity, delivery date, ratings, prepayment provisions and certain other terms of the Certificates as permitted by the SEC Rule.

(xv) If the Offering Statement is supplemented or amended pursuant to Section 2 of this Purchase Contract, or otherwise by the School Board, at the time of each supplement or amendment to the Offering Statement and (unless subsequently again supplemented or amended pursuant to Section 2 of this Purchase Contract) at all times prior to the end of the underwriting period, the Offering Statement as so supplemented or amended will not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements contained therein, in the light of the circumstances under which they were made, not misleading.

(xvi) Other than as disclosed in the Preliminary Offering Statement, the School Board has complied in all material respects with any and all continuing disclosure commitments heretofore made by the School Board for the past five years.

(xvii) The Resolutions, the Certificates, the Trust Agreements, and the School Board Documents conform in all material respects to the descriptions thereof contained in the Preliminary Offering Statement and the Offering Statement.

(xviii) The financial statements of the School Board as of June 30, [2025] fairly represent the receipts, expenditures, assets, liabilities and cash balances of such amounts and, insofar as presented, other funds of the School Board as of the dates and for the periods therein set forth. Except as disclosed in the Preliminary Offering Statement and the Offering Statement, there has not been any materially adverse change in the financial condition of the School Board or in its operations since June 30, [2025] and there has been no occurrence, circumstance or combination thereof which is reasonably expected to result in any such materially adverse change.

(xix) Any certificates executed by any officer of the School Board and delivered to the Underwriters pursuant hereto or in connection herewith shall be deemed a representation and warranty of the School Board as to the accuracy of the statements therein made.

(b) By its acceptance hereof, the Corporation represents to and agrees with the Underwriters that, as of the date hereof:

(i) The Corporation is a not-for-profit corporation duly organized, incorporated, validly existing, and in good standing under the laws of the State of Florida (particularly, Chapter 617, Florida Statutes).

(ii) The Corporation has full legal right, power and authority to adopt the Corporation Resolutions, to execute, deliver and perform its obligations, as the case may be, under this Purchase Contract, the Trust Agreements, the Transaction Leases, the Transaction Ground Leases, and the Assignment Agreements (collectively, the "Corporation Documents"); by all necessary official action of the Board of Directors of the Corporation taken prior to the acceptance hereof, the Corporation Resolutions have been duly adopted in accordance with the laws of the State and the Corporation's Articles of Incorporation and Bylaws; the Corporation Resolutions are in full force and effect and have not been amended, modified or repealed; the Corporation Documents have been duly authorized, and when executed and delivered by the Corporation will constitute the legal, valid and binding obligations of the Corporation enforceable in accordance with their respective terms, except as the enforcement thereof may be affected by bankruptcy, insolvency, or other laws affecting the rights of creditors or tenants generally or the application by a court of equitable principles; the Corporation has duly authorized and approved the execution of, and the performance by the Corporation of its obligations contained in the Corporation Documents and the consummation by it of all other transactions contemplated by each of the Corporation Documents and the Offering Statement to have been performed or consummated at or prior to the Date of Closing.

(iii) The execution and delivery of the Certificates and the Corporation Documents, and compliance with the obligations on the Corporation's part contained herein and therein, will not conflict with or constitute a material breach of or material default under any federal or Florida constitutional provisions, law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the Corporation is a party or to which the Corporation or any of its properties or other assets is otherwise subject, nor will any such execution, delivery, adoption, implementation or compliance result in the creation or imposition of any material lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the properties or other assets of the Corporation under the terms of any such provision, law, regulation, document or instrument, except as provided or permitted by the Certificates and the Corporation Documents.

(iv) All approvals, consents and orders of any governmental authority, legislative body, board, district, agency or commission having jurisdiction which would constitute a condition precedent to or the absence of which would materially adversely affect the due performance by the Corporation of its obligations under the Corporation Documents have been, or prior to the Closing will have been, duly obtained; provided, however, that this representation does not apply to such approvals, consents and orders as may be required under the Blue Sky or securities laws of any state in connection with the offering and sale of the Certificates.

(v) The information contained in the Preliminary Offering Statement and the Offering Statement pertaining to the Corporation and the Corporation Documents, was and is true and correct in all material respects did not, and does not, contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(vi) Except as described in the Preliminary Offering Statement or the Offering Statement, there is no action, suit, proceeding, inquiry or investigation, at law or in equity before

or by any court, governmental agency or public board or other body, pending or, to the best knowledge of the Corporation, threatened:

(A) Which may affect the existence of the Corporation or the titles or rights of its officers to their respective offices;

(B) Which may affect or which seeks to prohibit, restrain or enjoin the sale, issuance or delivery of the Certificates, or the collection or payment of the Basic Rent Payments or assignment thereof to make payments on the Certificates and to make other payments under the Transaction Leases;

(C) Which in any way contests or affects the validity or enforceability of the Certificates, the Corporation Resolutions, the Corporation Documents or any of them;

(D) Which could cause the interest portion of the Basic Rent Payments represented by the Certificates to be included in the gross income of the holders of the Certificates for the purposes of federal income taxation;

(E) Which contests in any way the completeness or accuracy of the Preliminary Offering Statement or the Offering Statement or which contests the powers of the Corporation or any authority or proceedings for the issuance, sale or delivery of the Certificates, or the due execution and delivery of the Corporation Documents or any of them;

nor, to the best knowledge of the Corporation, is there any basis therefor, wherein an unfavorable decision, ruling or finding could materially adversely affect the validity or enforceability of the Certificates, the Corporation Documents or any of them.

(vii) The Corporation will furnish such information, execute such instruments and take such other action not inconsistent with law in cooperation with the Underwriters as the Underwriters may reasonably request in order to qualify the Certificates for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriters may designate, and to determine the eligibility of the Certificates for investment under the laws of such states and other jurisdictions, and will use its best efforts to continue such qualifications in effect so long as required for the distribution of the Certificates; provided that the Corporation shall not be obligated to pay any fee, qualify to do business or to take any action that would subject it to general service of process in any state where it is not now so subject.

(viii) If, after the date of this Purchase Contract and until the earlier of (A) ninety (90) days from the end of the "underwriting period" (as defined in the SEC Rule) or (B) the time when the Offering Statement is available to any person from the Municipal Securities Rulemaking Board, but in no case less than twenty-five (25) days following the end of the underwriting period, the Corporation becomes aware that any event shall have occurred which would or might cause the information contained in the Offering Statement, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein, in the light of the circumstances under which they were made, not misleading, the Corporation shall notify the Representative thereof, and if in the reasonable opinion of the Corporation or the Representative such event requires the preparation and publication of a supplement or amendment to the Offering Statement, the Corporation shall cooperate with the Representative in

supplementing or amending the Offering Statement, in such form and manner and at such time or times as may be reasonably called for by the Underwriters.

(ix) The Corporation shall cause the Trustee to execute and deliver the Certificates when ready for delivery.

The Certificates shall be prepared and delivered as fully registered certificates in the definitive form of one fully registered Certificate for each stated maturity of the Certificates and in the name in which The Depository Trust Company requests that the Certificates be registered and will be made available for inspection and checking by the Underwriters not later than 10:00 a.m. Eastern Time, on the business day prior to the Date of Closing. It is the intent of the parties hereto that the Certificates will be issued and delivered through the "FAST" closing procedure of The Depository Trust Company for credit to the accounts designated by the Underwriters and the Certificates shall be delivered to the Trustee or as otherwise may be agreed to by the School Board and the Underwriters.

8. Closing Conditions. The Underwriters are entering into this Purchase Contract in reliance upon the representations and agreements of the School Board and the Corporation contained herein, and in reliance upon the representations and agreements to be contained in the documents and instruments to be delivered at the Closing, and upon the performance of the covenants and agreements herein, as of the date hereof and as of the Date of Closing. Accordingly, the Underwriters' obligation under this Purchase Contract to purchase, to accept delivery of and to pay for the Certificates shall be conditioned upon the performance of the covenants and agreements to be performed hereunder and under such other documents and instruments to be delivered at or prior to the Closing, and shall also be subject to the following additional conditions:

(a) The representations of the School Board and the Corporation contained herein shall be true, complete and correct on the date hereof and on and as of the Date of Closing, as if made on the Date of Closing, and a certificate to that effect shall be delivered to the Underwriters by the School Board and the Corporation at Closing.

(b) At the date of execution hereof and at the Closing, the Resolutions and the Corporation Resolutions shall each be in full force and effect, and shall not have been amended, modified or supplemented, except to the extent to which the Representative shall have given its prior written consent and there shall have been taken in connection therewith and in connection with the issuance of the Certificates all such action as, in the opinions of Nabors, Giblin & Nickerson, P.A., Special Counsel, and Greenberg Traurig, P.A., Counsel for the Underwriters, shall be necessary and appropriate in connection with the transactions contemplated hereby.

(c) At the Closing there will be no pending or threatened litigation or proceeding of any nature seeking to restrain or enjoin the issuance, sale or delivery of the Certificates, or the collection or application of the Basic Rent Payments to make payments on the Certificates or in any way contesting or affecting the validity or enforceability of the Certificates, the Resolutions, the Corporation Resolutions, the School Board Documents or the Corporation Documents or contesting in any way the proceedings of the School Board, the Corporation or the Trustee taken with respect thereto, or contesting in any way the due existence or powers of the School Board, the Corporation or the Trustee or the title of any of the members or officials of the School Board, the Corporation or the Trustee to their respective offices and the Underwriters will receive the certificates of the School Board, the Corporation and the Trustee to the foregoing effect, or opinions of Counsel to the School Board, the Corporation and the Trustee that any such litigation is without merit.

(d) There shall have been no material adverse change in the financial condition of the School Board since June 30, 2025.

(e) At the Closing, the Underwriters shall receive the following documents, each dated as of the Date of Closing:

(i) The opinions of Special Counsel, dated the Date of Closing, in substantially the forms attached to the Offering Statement as Appendix G;

The statements in the Preliminary Offering Statement, as of its date, and the Offering Statement, as of its date and as of the Date of Closing, on the cover relating to our opinion and under the caption "TAX MATTERS" are accurate statements or summaries of the matters therein set forth.

performance of its obligations under the Resolutions, and the School Board Documents have been obtained or effected, and they have no reason to believe that the School Board will be unable to obtain or effect any such additional authorization, consent, approval or review that may be required in the future for performance of any of them by the School Board; (10) there is no action, suit, proceeding, inquiry or investigation at law or in equity before or by any court, government agency, public board or body, pending or, to the best of their knowledge, after due inquiry, threatened against or affecting the Corporation, nor is there is any basis for any such action, suit, proceeding, inquiry or investigation, wherein an unfavorable decision, ruling or finding would have a materially adverse effect upon the transactions contemplated by the Offering Statement or the validity of the Certificates, the School Board Documents or the Assignment Agreements; (11) the Corporation is a not-for-profit corporation duly incorporated and organized, validly existing and in good standing, under the laws of the State of Florida; (12) the Corporation Resolutions have been duly and lawfully adopted by the Corporation, are in full force and effect and have not been altered, amended or repealed; (13) the Corporation Documents have each been duly authorized, executed and delivered by the Corporation and, assuming due authorization, execution and delivery by the other parties thereto, each constitutes a legal, valid, and binding agreement of the Corporation enforceable in accordance with its terms except to the extent that the enforceability of the rights and remedies set forth therein may be limited by bankruptcy, insolvency or other laws affecting creditors' rights generally and the application of equitable principles; (14) the information in the Preliminary Offering Statement as of its date and the Offering Statement as of its date and as of the Date of Closing relating to the Corporation does not contain any untrue statement of a material fact or omit a material fact with respect to the Corporation necessary to make the statements therein in the light of the circumstances under which they were made, not misleading (except for the financial, statistical and demographic information contained in the Preliminary Offering Statement and the Offering Statement, and information relating to [the Insurer and the Policies and] DTC and its book entry only system of registration as to all of which no view need be expressed); (15) the adoption of the Corporation Resolutions and the execution and delivery of the Corporation Documents and compliance with the provisions on the Corporation's part contained herein or therein, will not conflict with or constitute a material breach of or default under any agreement or other instrument to which the Corporation is a party or to which the Corporation or any of its property or assets is otherwise subject; and (16) all authorizations, consents, approvals and reviews of governmental bodies or regulatory authorities then required for the Corporation's adoption, execution or performance of its obligations under the Corporation Resolutions and the Corporation Documents have been obtained or effected and, they have no reason to believe that the Corporation will be unable to obtain or effect any such additional authorization, consent, approval or review that may be required in the future for performance of any of them by the Corporation.

In the opinion of Nabors, Giblin & Nickerson, P.A., Tampa, Florida, Special Counsel, assuming continuing compliance by the Board with various covenants in the Series 2026 Trust Agreements and the Transaction Lease Agreements (each as defined herein), under existing statutes, regulations, rulings and court decisions and subject to the conditions described under "TAX MATTERS" herein, the Interest Component of Basic Rent Payments received by the Owners of the Series 2026 Certificates is (a) excludable from gross income for federal tax purposes, except as otherwise described under the caption "TAX MATTERS," and (b) is not an item of tax preference for purposes of the federal alternative minimum tax; provided, however, with respect to certain corporations, the Interest Component of Basic Rent Payments is taken into account in determining the annual adjusted financial statement income for the purposes of computing the alternative minimum tax imposed on such corporations. Such interest portion also may be subject to other federal tax consequences of ownership of the Series 2026 Certificates. No opinion is expressed with respect to the federal income tax consequences of any payments received with respect to the Series 2026 Certificates following termination of the Transaction Lease Agreements as a result of an Event of Non-Appropriation or Event of Default thereunder. See "TAX MATTERS" herein for a discussion of Special Counsel's opinion.

For the Fiscal Year 2025-26, there are approximately ____ schools, ____ additions, and ____ transportation and maintenance facility leased under the Master Lease. Based on the District's budgeted unweighted full time equivalent enrollment for Fiscal Year 2025-26 of approximately _____ students (excluding charter school students and Family Empowerment Scholarship students), approximately ____% of the District's students are attending classes in, or otherwise utilizing, the facilities leased under the Master Lease. Such percentage does not include the additional students that are expected to attend classes in, or otherwise utilize, the educational facilities constituting the Series 2025A Project (as defined herein) and the Series 2026A Project upon completion of such facilities. To determine the above percentage, the number of students attending each facility was calculated as follows: for schools that are built and operating, the number of students budgeted for the Fiscal Year 2025-26 was used; for the additions or improvements, the number of student stations attributable to each specific classroom budgeted for Fiscal Year 2025-26 based on the type of school (elementary, middle, K-8 or high), but does not include cafeterias, media centers, and other facilities that do not have any student stations attributable to them. Additionally, upon completion of the Series 2025A Project and the Series 2026A Project, approximately ____% of all student stations in the District will be located in educational facilities subject to the Master Lease.

The Board may not budget and appropriate for only a portion of the Projects (as defined herein) leased under the Master Lease; it must budget and appropriate for all Projects or none of them. Upon the occurrence of an Event of Non-Appropriation, the Lease Term of the Series 2026A Lease Agreement and the Series 2009 Lease Agreement shall, and upon the occurrence of an Event of Default may, be terminated with respect the Series 2026A Project and the Series 2009 Project, respectively. Upon any such termination, any proceeds of the disposition of leased Projects will be applied to the payment of the related Certificates (as defined herein), all as further described herein. In no event will owners of Certificates have any interest in or right to any proceeds of the disposition of facilities leased under any Lease Schedule (as defined herein) other than the Lease Schedule related to the respective Project. In addition, following termination of the Transaction Lease Agreements, transfers of the Series 2026 Certificates may be subject to compliance with the registration provisions of state and federal securities laws (see "TAX MATTERS" and "RISK FACTORS" herein).

No opinion is expressed by Special Counsel as to tax exemption or the effect of securities laws with respect to the Series 2026 Certificates following an Event of Non-Appropriation or certain Events of Default under the Master Lease, which results in termination of the Transaction Lease Agreements. Termination of the Transaction Lease Agreements will not result in termination of the municipal bond insurance policies, if any (see "MUNICIPAL BOND INSURANCE POLICY OPTION" herein).

The Board authorized doing so pursuant to resolutions duly adopted by the Board on _____, 2025 (the "Resolutions").

PURPOSE OF THE SERIES 2026 CERTIFICATES

The Series 2026A Certificates are being issued (i) to finance (including through reimbursement) a portion of the cost of the acquisition, construction, installation, and/or equipping of the Series 2026A Project, and (ii) to pay certain costs and expenses associated with the issuance of the Series 2026A Certificates, including the premium for a municipal bond insurance policy, if any. See "THE TRANSACTION PROJECTS – The Series 2026A Project" herein.

The Series 2026B Certificates are being issued, together with other legally available funds of the Board, (i) to prepay all or a portion of the outstanding Refunding Certificates of Participation (The School Board of Manatee County, Florida Master Lease Program), Series 2016A (the "Series 2016A Certificates") maturing on and after July 1, 2026 (collectively, the "Refunded Series 2016A Certificates") and thereby refinance a portion of the costs of the Series 2009 Project, and (ii) to pay certain costs and expenses associated with the issuance of the Series 2026B Certificates, including the premium for a municipal bond insurance policy, if any. See "PLAN OF REFINANCE" herein. The Series 2016A Certificates, if any, that are not refunded with proceeds of the Series 2026B Certificates are referred to herein as the "Unrefunded Series 2016A Certificates."

PLAN OF REFINANCE

The Series 2026B Certificates are being issued in order to provide the funds necessary to refund, on a current basis, the Refunded Series 2016A Certificates and thereby refinance a portion of the costs of the Series 2009 Project. The Refunded Series 2016A Certificates will be called for prepayment prior to maturity on or before the 90th day following delivery of the Series 2026B Certificates (the "Prepayment Date"), at a prepayment price equal to the par amount of the Refunded Series 2016A Certificates, plus accrued interest to the Prepayment Date.

Upon the issuance of the Series 2026B Certificates, a portion of the proceeds of thereof, together with other legally available funds of the Board, will be deposited into a separate account in an escrow deposit fund created pursuant to the Escrow Deposit Agreement (the "Escrow Deposit Agreement"), by and between the Board and U.S. Bank Trust Company, National Association, as escrow agent (the "Escrow Agent"), and such proceeds and other funds will be applied to purchase certain United States Treasury securities (the "Escrow Securities") which, together with the interest earnings thereon and cash deposit therein, if any, will be sufficient to pay the Basic Rent Payments represented by the Refunded Series 2016A Certificates to their payment date. Special Counsel will render an opinion to the effect that, assuming the deposit and application of the Escrow Securities and uninvested cash, if any, in accordance with the terms of the Escrow Deposit Agreement provision having been made for the payment of the Basic Rent Payments represented by the Refunded Series 2016A Certificates, the Refunded Series 2016A

Certificates will be deemed to be paid and the obligations under the Series 2009 Lease Agreement to pay Basic Rent Payments represented by the Refunded Series 2016A Certificates will have been released and discharged with respect to the Refunded Series 2016A Certificates. Such opinion will be rendered in reliance upon the verification report of _____, independent certified public accountants (the "Verification Agent"). See "VERIFICATION OF MATHEMATICAL COMPUTATIONS" herein.

VERIFICATION OF MATHMATIC COMPUTATIONS

The accuracy of the arithmetic computation showing the adequacy of the proceeds of the Series 2026B Certificates to be deposited with the Escrow Agent pursuant to the Escrow Deposit Agreement to pay the principal portion and interest portion of the Basic Rent Payments represented by the Refunded Series 2016A Certificates have been verified by the Verification Agent. The Verification Agent will express no opinion on the assumptions provided to them nor as to the exclusion from gross income for federal income tax purposes of the interest on the Series 2026B Certificates.

Book-Entry Only System

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY ONLY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE CORPORATION AND THE BOARD BELIEVE TO BE RELIABLE, BUT NEITHER THE CORPORATION NOR THE BOARD TAKE ANY RESPONSIBILITY FOR THE ACCURACY THEREOF.

DTC will act as securities depository for the Series 2026 Certificates. The Series 2026 Certificates will be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered certificate will be issued for each maturity of the Series 2026 Certificates, in the aggregate principal amount of such maturity and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants (the "Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (the "Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Series 2026 Certificates under the DTC system must be made by or through Direct Participants, which will receive a credit for such Series 2026 Certificates on DTC's records. The ownership interest of each actual purchaser of each Series Certificate (the "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. The Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2026 Certificates are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of the Beneficial Owners. The Beneficial Owners will not receive certificates representing their ownership interests in the Series 2026A Certificates, except in the event that use of the book entry system for the Series 2026 Certificates is discontinued.

To facilitate subsequent transfers, all Series 2026 Certificates deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2026 Certificates with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2026 Certificates. DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2026 Certificates are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping an account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to the Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. The Beneficial Owners of the Series 2026 Certificates may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2026 Certificates, such as prepayments, defaults, and proposed amendments to the Series 2026 Certificate documents. For example, the Beneficial Owners of the Series 2026 Certificates may wish to ascertain that the nominee holding the Series 2026 Certificates for their benefit has agreed to obtain and transmit notices to the Beneficial Owners. In the alternative, the Beneficial Owners may wish to provide their names and addresses to the Trustee and request that copies of the notices be provided directly to them.

Prepayment notices shall be sent to DTC. If less than all of the Series 2026 Certificates are being prepaid, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such Series 2026 Certificates to be prepaid.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2026 Certificates unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Board as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2026 Certificates are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Prepayment proceeds and other payments on the Series 2026 Certificates will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the Board or the Trustee on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to the Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or with securities held for the accounts in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the Board, subject to any statutory and regulatory requirements as may be in effect from time to time. Payment of prepayment proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Board and/or the Trustee for the Series 2026 Certificates. Disbursement of such payments to Direct Participants will be the responsibility of DTC and disbursement of such payments to the Beneficial Owners will be the responsibility of the Direct and Indirect Participants.

None of the Corporation, the Board or the Trustee can give any assurances that DTC, Direct Participants, Indirect Participants or others will distribute payments of principal of, premium, if any, and interest on the Series 2026 Certificates paid to DTC or its nominee, or any prepayment or other notices, to the Beneficial Owners, or that they will do so on a timely basis or that DTC will serve or act in a manner described in this Offering Statement.

For every transfer and exchange of beneficial interests in the Series 2026 Certificates, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other government charge that may be imposed in relation thereto.

DTC may discontinue providing its services as securities depository with respect to the Series 2026 Certificates at any time by giving reasonable notice to the Board. Under such circumstances, in the event that a successor securities depository is not obtained, Series 2026 Certificates are required to be printed and delivered.

The Board may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Series 2026 Certificates will be printed and delivered to DTC.

Optional Prepayment

The Series 2026A Certificates maturing on or before July 1, 20__ are not subject to prepayment at the option of the Board. The Series 2026A Certificates maturing on and after July 1, 20__ may be prepaid, from prepayments of Basic Rent made by the Board pursuant to the Series 2026A Lease Agreement, in whole or in part on July 1, 20__ or any date thereafter, and if in part, in such order of maturities as may be designated by the Board or if not so designated, in the inverse order of maturities, and by lot within a maturity in such manner as may be designated by the Trustee, at a Prepayment Price equal to the principal portion of Series 2026A Certificates to be prepaid, plus accrued interest to the prepayment date.

The Series 2026B Certificates are not subject to prepayment at the option of the Board.

Mandatory Sinking Fund Prepayment

The Series 2026A Certificates maturing on July 1, 20__ are subject to mandatory prepayment prior to maturity in part, from payments of the principal portion of Basic Rent Payments on each July 1 in the years and in the amounts set forth below at a Prepayment Price of par plus the interest accrued to the prepayment date.

No Extraordinary Prepayment in the Event of Damage, Destruction, or Condemnation

The Series 2026 Certificates shall not be subject to extraordinary prepayment from Net Proceeds of insurance or condemnation, and any amounts received therefrom shall be applied as provided in the Transaction Lease Agreements, as more particularly described below.

With respect to the Series 2026A Lease Agreement, notwithstanding the provisions set forth in Sections 5.08(c) and (d) of the Series 2026A Lease Agreement, the Board may elect not to repair, restore or replace the Series 2026A Project or any portion thereof which has been destroyed, damaged or lost or condemned, with the Net Proceeds of any insurance or condemnation award, by filing a certificate with the Trustee for the Series 2026A Certificates stating that (i) the Board has made such an election and (ii) it is not in the best interests of the Board to repair, restore or replace such Series 2026A Project or portion thereof. Upon such an election, if the Net Proceeds are not greater than the amount of the Basic Rent Payments coming due in the current and immediately following Fiscal Year under Lease Schedule No. 2026A, then such amounts shall be used first, to pay the Interest Component of the Series 2026A Certificates for the next two interest Payment Dates and then to pay the Principal Component next coming due. In the event the Net Proceeds are greater than the amount of the Basic Rent Payments coming due under Lease Schedule No. 2026A in the current and immediately following Fiscal Year, at the option of the Board, the Board shall apply the Net Proceeds of such insurance or condemnation award to (i) the acquisition, construction and installation of other Land and/or Buildings to be used for educational purposes that will be subject to Lease Schedule No. 2026A or (ii) upon receipt of an approving opinion of Special Counsel, to the Series 2026A Subaccount of the Interest Account, or Series 2026A Subaccount of the Principal Account, as applicable, to be credited against the payments next due to such accounts or subaccounts. The provisions of Section 5.08(d) of the Lease Agreement shall not apply to the Series 2026A Project.

With respect to the Series 2009 Lease Agreement, notwithstanding the provisions set forth in Sections 5.08(c) and (d) of the Series 2009 Lease Agreement, the Board may elect not to repair, restore or replace the Series 2009 Project or any portion thereof which has been destroyed, damaged or lost or condemned, with the Net Proceeds of any insurance or condemnation award, by filing a certificate with the Trustee and the Insurer, if any, for the Unrefunded Series 2016A Certificates and the Series 2026B Certificates stating that (i) the Board has made such an election and (ii) it is not in the best interests of the Board to repair, restore or replace such Series 2009 Project or portion thereof. Upon such an election, the Board shall allocate the Net Proceeds of such insurance or condemnation award to the Unrefunded Series 2016A Certificates and the Series 2026B Certificates, on a pro rata basis. With respect to the Unrefunded

Series 2016A Certificates, the Board shall apply the Net Proceeds of such insurance or condemnation award allocated hereto to the acquisition, construction and installation of other Land and/or Buildings to be used for educational purposes that will be subject to the Series 2009 Lease Agreement; provided that if the Insurer consents thereto such proceeds may be used for Equipment, the Costs of the other components of the Series 2009 Project or in connection with Facilities to be used for other than instructional, educational purposes. With respect to the Series 2026B Certificates, if the Net Proceeds related to the Series 2009 Project allocable to the Series 2026B Certificates are not greater than the amount of the Basic Rent Payments represented by the Series 2026B Certificates coming due in the current and immediately following fiscal year under the Series 2009 Lease Agreement, then such amounts shall be used first, to pay the Interest Component of the Series 2026B Certificates for the next two interest Payment Dates and then to pay the Principal Component next coming due. In the event such Net Proceeds are greater than the amount of the Basic Rent Payments represented by the Series 2026B Certificates coming due under the Series 2009 Lease Agreement in the current and immediately following fiscal year, at the option of the Board, the Board shall apply the portion of the Net Proceeds of such insurance or condemnation award to (i) the acquisition, construction and installation of other Land and/or Buildings to be used for educational purposes that will be subject to the Series 2009 Lease Agreement or (ii) upon receipt of an approving opinion of Special Counsel, to the Series 2016A Subaccount of the Interest Account, or Series 2016A Subaccount of the Principal Account to be credited against the payments next due to such accounts or subaccounts. The provisions of Section 5.08(d) of the Lease Agreement shall not apply to the Series 2009 Project.

Selection of Series 2026 Certificates for Prepayment

When Series 2026 Certificates are to be selected for prepayment by lot, selection of Series 2026 Certificates for prepayment shall be in such manner as the Trustee shall determine; provided, however, that the portion of any Series 2026 Certificate to be prepaid shall be in the principal amount of $5,000 or any whole multiple thereof, and that in selecting portions of Series 2026 Certificates for prepayment, the Trustee shall treat each such Series 2026 Certificate as representing the number of Series 2026 Certificates which is obtained by dividing the principal amount with respect to such Series 2026 Certificate by $5,000.

DTC Procedures

Investors should note that while DTC is the registered owner of the Series 2026 Certificates, partial prepayments of the Series 2026 Certificates will be determined in accordance with DTC's procedures. The Board intends that prepayment allocations made by DTC, the DTC Participants, or such other intermediaries that may exist between the Board and the Beneficial Owners of the Series 2026 Certificates be made in accordance with the method of selection of Series 2026 Certificates for a partial prepayment described herein. However, the selection of the Series 2026 Certificates for prepayment in DTC's book-entry-only system is subject to DTC's practices and procedures as in effect at the time of any such partial prepayment. The Board can provide no assurance that DTC or the DTC Participants or any other intermediaries will allocate prepayments among Beneficial Owners in accordance with the method of selection of Series 2026 Certificates for a partial prepayment described above.

Notice of Prepayment

When prepayment of the Series 2026 Certificates is authorized or required pursuant to the provisions of the Series 2026 Trust Agreements, the Trustee shall give to the Owners of the Series 2026 Certificates to be prepaid, notice, at the expense of the Board, of the prepayment of the Series 2026

Certificates. Such notice shall state: (i) the CUSIP numbers of all Series 2026 Certificates being prepaid, (ii) the original issue date of such Series 2026 Certificates, (iii) the maturity date and rate of interest borne by each Series 2026 Certificate being prepaid, (iv) the prepayment date, (v) the Prepayment Price, (vi) the date on which such notice is mailed, (vii) if less than all Outstanding Series 2026 Certificates are to be prepaid, the certificate number (and, in the case of a partial prepayment of any Series 2026 Certificate, the principal amount) of each Series 2026 Certificate to be prepaid, (viii) that on such prepayment date, there shall become due and payable upon each Series 2026 Certificate to be prepaid the Prepayment Price thereof, or the Prepayment Price of the specified portions of the principal thereof in the case of Series 2026 Certificates to be prepaid in part only, together with interest accrued thereon to the prepayment date, and that from and after such date, interest thereon shall cease to accrue and be payable, and (ix) that the Series 2026 Certificates to be prepaid, whether as a whole or in part, are to be surrendered for payment of the Prepayment Price at the designated corporate trust office of the Trustee at an address specified.

Notice of such prepayment shall be given by mail, postage prepaid, not more than 60 days or fewer than 30 days prior to the date of prepayment, to the Owners of any Series 2026 Certificates to be prepaid. Such mailing shall not be a condition precedent to such prepayment, and failure to mail any such notice or any defect in such notice as mailed, shall not affect the validity of the proceedings for the prepayment of the Series 2026 Certificates for which notice was given.

So long as the Series 2026 Certificates are issued in book-entry only form, notice of prepayment will be mailed, postage prepaid (not less than 30 days before the Prepayment Date in the case of optional prepayment, unless a different notice period is required by DTC) to Cede & Co., as nominee for DTC, and the Trustee will not mail any prepayment notice directly to the Beneficial Owners of the Series 2026 Certificates. See "DESCRIPTION OF THE SERIES 2026 CERTIFICATES – Book-Entry Only System."

Notwithstanding the provisions of the Master Trust Agreement to the contrary, notice of any prepayment of Series 2026 Certificates shall either (i) explicitly state that the proposed prepayment is conditioned on there being on deposit in the applicable fund or account on the prepayment date sufficient funds to pay the full Prepayment Price of the Series 2026 Certificates to be prepaid, or (ii) be sent only if sufficient funds or Refunding Securities to pay the full Prepayment Price of the Series 2026 Certificates to be prepaid is on deposit in the applicable fund or account. In the event the conditions stated in the notice of prepayment are not satisfied on the proposed prepayment date, such prepayment shall not occur and such notice of prepayment shall be of no further force or effect.

Negotiability, Registration, Transfer and Exchange

So long as the Series 2026 Certificates are registered in the name of Cede & Co., as the nominee of DTC, the transfer and exchange of any Series 2026 Certificates shall be governed by rules established between DTC and its Participants. Upon the discontinuance of the book-entry-only registration system for the Series 2026 Certificates, the following provisions described under this subheading shall apply for the Beneficial Owners.

The Trustee shall keep or cause to be kept a Certificate Register for the Series 2026 Certificates, which shall at all times be open to inspection by the Board and the Corporation; and, upon presentation for such purpose, the Trustee shall, under such reasonable regulations as it may prescribe, register the transfer or cause to be registered the transfer, on the Certificate Register of the Series 2026 Certificates as provided in the Series 2026 Trust Agreements.

The transfer of any Series 2026 Certificate may be registered only upon the Certificate Register upon surrender thereof to the Trustee together with an assignment duly executed by the Owner or such Owner's attorney or legal representative in such form as shall be satisfactory to the Trustee. Upon any such registration of transfer, the Trustee shall authenticate and deliver in exchange for such Series 2026 Certificate a new registered Series 2026 Certificate or Series 2026 Certificates, registered in the name of the transferee, of any denomination or denominations authorized by the Series 2026 Trust Agreements in the aggregate principal amount equal to the principal amount of such Series 2026 Certificate surrendered or exchanged, of the same maturity and bearing interest at the same rate.

In all cases in which Series 2026 Certificates shall be exchanged or the transfer of Series 2026 Certificates shall be registered under the Series 2026 Trust Agreements, the Trustee shall authenticate and deliver at the earliest practicable time Series 2026 Certificates in accordance with the provisions of the Series 2026 Trust Agreements. All Series 2026 Certificates surrendered in any such exchange or registration of transfer shall forthwith be cancelled by the Trustee. No service charge shall be made for any registration, transfer, or exchange of Series 2026 Certificates, however the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Series 2026 Certificates as a condition precedent to such registration, transfer or exchange. The Trustee shall not be required to transfer or exchange Series 2026 Certificates (i) during a period beginning at the opening of business 15 days before the day of the mailing of a notice of prepayment of Series 2026 Certificates and ending at the close of business on the day of such mailing, (ii) so selected for prepayment in whole or in part, or (iii) during a period beginning at the opening of business on the Record Date next preceding a date set for payment of interest and ending on such interest Payment Date.

The Series 2026 Certificates, upon surrender thereof at the designated corporate trust office of the Trustee, together with an assignment duly executed by the Owner or his attorney or legal representative in such form as shall be satisfactory to the Trustee, may, at the option of the Owner thereof, be exchanged for an equal aggregate principal amount of the Series 2026 Certificates of the same maturity, of any denomination or denominations authorized by the Series 2026 Trust Agreements, bearing interest at the same rate, and in the same form as the Series 2026 Certificates surrendered for exchange.

Ownership of Series 2026 Certificates

The Trustee shall deem and treat the Person in whose name any Outstanding Series 2026 Certificate shall be registered upon the Certificate Register as the absolute Owner of such Series 2026 Certificate, whether such Series 2026 Certificate shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal and interest payments with respect to such Series 2026 Certificate and for all other purposes, and all such payments so made to any such Owner or upon his order shall be valid and effective to satisfy and discharge the liability upon such Series 2026 Certificate to the extent of the sum or sums so paid, and neither the Corporation, the Board nor the Trustee shall be affected by any notice to the contrary.

Series 2026 Certificates Mutilated, Destroyed, Stolen, or Lost

In case any Series 2026 Certificate secured by the Series 2026 Trust Agreements shall become mutilated or be destroyed, stolen or lost, the Trustee shall cause to be executed, shall authenticate and deliver, a new Series 2026 Certificate of like date and tenor in exchange and substitution for and upon the cancellation of such mutilated Series 2026 Certificate or in lieu of and in substitution for such Series 2026

Certificate destroyed, stolen or lost, and the Owner shall pay the reasonable expenses and charges of the Trustee in connection therewith and, in case of a Series 2026 Certificate destroyed, stolen, or lost, the Owner shall file with the Trustee evidence satisfactory to it that such Series 2026 Certificate was stolen, destroyed or lost, and of his ownership thereof, and as a condition precedent to delivery of such new Series 2026 Certificate the Trustee may require indemnity satisfactory to it.

Every Series 2026 Certificate issued pursuant to the provisions of the Series 2026 Trust Agreements in exchange or substitution for any Series 2026 Certificate which is mutilated, destroyed, lost or stolen shall constitute an additional contractual obligation pursuant to the terms of the Series 2026 Trust Agreements, whether or not the destroyed, lost or stolen Series 2026 Certificate shall be found at any time, or be enforceable by anyone, and shall be entitled to all the benefits of the Series 2026 Trust Agreements equally and proportionately with any and all other Series 2026 Certificates duly issued under the Series 2026 Trust Agreements.

Completion Certificates

Completion Certificates may be issued under and secured by the Master Trust Agreement, subject to the conditions therein provided, to provide necessary funds to complete payment of the Costs of a Project previously financed under the Master Trust Agreement or to finance additional property which shall be added to a Project or which shall be substituted for a portion of a Project. Such Completion Certificates, for purposes of the Master Trust Agreement, the Master Lease and any applicable Ground Lease shall constitute a part of the same Series of Certificates as to Certificates issued to pay the original costs of the Project.

The proceeds of the Completion Certificates may also be used to make any additional required deposits into the Subaccount of the Reserve Account securing such Completion Certificates, fund capitalized interest on such Completion Certificates and pay Costs of Issuance, and shall be deposited in the Pledged Accounts established therefor in such manner and in such amounts as determined by the Supplemental Trust Agreement relating to the authorization of such Completion Certificates. The Completion Certificates shall be secured on a parity with the Series of Certificates issued to pay the original costs of the Project in accordance with the terms of the Master Trust Agreement.

Refunding Certificates

Refunding Certificates may be issued under and secured by the Master Trust Agreement, subject to the conditions therein provided, at any time or times for the purposes of (i) providing funds for refunding part or all of the Certificates (and the Basic Rent Payments related thereto) at or prior to their maturity or maturities, including the payment of any Prepayment Premium thereon and interest which will accrue on such Certificates to their date of payment, (ii) making a deposit, if necessary, to the subaccount of the Reserve Account which shall secure such Refunding Certificates, and (iii) paying the Costs of Issuance relating to said Refunding Certificates.

In order to issue Refunding Certificates the Trustee must have received, among other items, a report of a certified public accountant or firm of certified public accountants verifying the mathematical accuracy of calculations supplied by the Board, or its designee, that the proceeds of such Refunding Certificates plus any other moneys available for such purpose including investment earnings, shall be not less than an amount sufficient to pay the principal of and the Prepayment Premium, if any, on the

Certificates to be refunded and the Interest Component of the Basic Rent represented by such Certificates which will accrue thereon to the redemption date or maturity dates applicable thereto.

Other than for amounts required to pay Costs of Issuance or to make deposits to the appropriate subaccount of the Reserve Account or the Interest Account, the proceeds of such Refunding Certificates and any other moneys received by the Trustee or other escrow agent acceptable to the Board for such purpose, shall be held by the Trustee or such other escrow agent in a special fund appropriately designated, to be held in trust for the sole and exclusive purpose of paying the principal of, Prepayment Premium, if any, and interest on the Certificates to be refunded, all as provided in the Master Trust Agreement. The Refunding Certificates shall be secured in the same manner and from the same Pledged Accounts as the Certificates to be refunded in accordance with the terms of the Master Trust Agreement.

Additional Series of Certificates

Additional Series of Certificates may be issued under the Master Trust Agreement, in addition to the Prior Certificates and the Series 2026 Certificates, to finance additional projects under the Master Lease. The amount of such additional Series of Certificates which may be issued under the Master Trust Agreement is not limited. See "SECURITY FOR THE SERIES 2026 CERTIFICATES – Additional Series of Certificates" herein.

SECURITY FOR THE SERIES 2026 CERTIFICATES

General

The Series 2026A Certificates evidence undivided proportionate interests of the Owners thereof in the Principal Component and Interest Component of Basic Rent Payments to be made by the Board under the Series 2026A Lease Agreement. The Series 2026A Certificates are secured by and payable from the Trust Estate established for the Series 2026A Certificates pursuant to the Series 2026A Trust Agreement (the "Series 2026A Trust Estate"). The Series 2026A Trust Estate consists of: (i) all right, title, and interest in the funds, accounts, and subaccounts established under the Series 2026A Supplemental Trust Agreement and the cash, securities, and investments of which they are comprised (other than the Rebate Fund); (ii) all right, title, and interest of the Corporation in, to, and under the Series 2026A Ground Lease and the Series 2026A Lease Agreement and the right to receive the Lease Payments under the Series 2026A Lease Agreement but excluding any rights of the Corporation to indemnification set forth therein, its right to enter into Lease Schedules from time to time and certain other obligations provided in the Series 2026A Lease Agreement; (iii) all right, title, and interest of the Trustee under the Series 2026A Assignment and the Series 2026A Ground Lease Assignment; (iv) any moneys received by the Trustee which are derived from the exercise by the Trustee, as assignee of the Corporation, of any of the remedies under the Series 2026A Trust Agreement, the Series 2026A Lease Agreement, the Series 2026A Ground Lease, or any mortgage agreement, if any, entered into pursuant to the Series 2026A Trust Agreement; and (v) all property which by the express provisions of the Series 2026A Trust Agreement, the Series 2026A Lease Agreement, or the Series 2026A Ground Lease is required to be subject to the lien of the Series 2026A Trust Agreement, and any additional property that may from time to time hereafter expressly be made subject to the lien of the Series 2026A Trust Agreement by the Trustee, the Corporation, or the Board or anyone authorized to act on their behalf.

The Series 2026B Certificates evidence undivided proportionate interests of the Owners thereof in the Principal Component and Interest Component of Basic Rent Payments to be made by the Board under

the Series 2009 Lease Agreement, on a pro rata basis with the Unrefunded Series 2016A Certificates, if any. The Series 2026B Certificates are secured by and payable from the Trust Estate established for the Series 2026B Certificates pursuant to the Series 2026B Trust Agreement (the "Series 2026B Trust Estate" and, together with the Series 2026A Trust Estate, the "Trust Estates"). The Series 2026B Trust Estate consists of: (i) all right, title, and interest in the funds, accounts, and subaccounts established under the Series 2026B Supplemental Trust Agreement and the cash, securities, and investments of which they are comprised (other than the Rebate Fund); (ii) all right, title, and interest of the Corporation in, to, and under the Series 2009 Ground Lease and the Series 2009 Lease Agreement and the right to receive the Lease Payments under the Series 2009 Lease Agreement but excluding any rights of the Corporation to indemnification set forth therein, its right to enter into Lease Schedules from time to time and certain other obligations provided in the Series 2009 Lease Agreement; (iii) all right, title, and interest of the Trustee under the Series 2026B Assignment and the Series 2009 Ground Lease Assignment; (iv) any moneys received by the Trustee which are derived from the exercise by the Trustee, as assignee of the Corporation, of any of the remedies under the Series 2026B Trust Agreement, the Series 2009 Lease Agreement, the Series 2009 Ground Lease, or any mortgage agreement, if any, entered into pursuant to the Series 2026B Trust Agreement, on a pro rata basis with the Unrefunded Series 2016A Certificates, if any; and (v) all property which by the express provisions of the Series 2026B Trust Agreement, the Series 2009 Lease Agreement, or the Series 2009 Ground Lease is required to be subject to the lien of the Series 2026B Trust Agreement, and any additional property that may from time to time hereafter expressly be made subject to the lien of the Series 2026B Trust Agreement by the Trustee, the Corporation, or the Board or anyone authorized to act on their behalf.

Neither the Corporation nor the Board will mortgage or grant a security interest in the Transaction Projects to the Trustee. Upon termination of the Series 2026A Lease Agreement upon the occurrence of an Event of Non-Appropriation or in the case of certain Events of Default, however, the Series 2026A Lease Agreement provides that the Board must surrender possession of the Series 2026A Project (other than Designated Equipment) to the Trustee as assignee of the Corporation for disposition by sale or re-letting of its interest in the Series 2026A Project as provided in the Series 2026A Trust Agreement. Any proceeds of any such disposition of the Series 2026A Project (other than Designated Equipment) will be applied to the payment of the Series 2026A Certificates, after payment of the expenses of the Trustee, in accordance with the terms of the Series 2026A Lease Agreement. With respect to the Series 2026A Lease Agreement, the Board may not be dispossessed of any Designated Equipment financed, in whole or in part, with proceeds of the Series 2026A Certificates, which includes all equipment components not constituting fixtures of the Series 2026A Project. See "THE TRANSACTION PROJECTS – The Series 2026B Project" for a description of the Series 2026A Project against which the Trustee may exercise rights on behalf of the Owners of the Series 2026A Certificates. See also "THE TRANSACTION LEASE AGREEMENTS – Effect of Termination for Non-Appropriation or Default."

Upon termination of the Series 2009 Lease Agreement upon the occurrence of an Event of Non-Appropriation or in the case of certain Events of Default, however, the Series 2009 Lease Agreement provides that the Board must surrender possession of the Series 2009 Project (other than Designated Equipment) to the Trustee as assignee of the Corporation for disposition by sale or re-letting of its interest in the Series 2009 Project as provided in the Series 2026B Trust Agreement. Any proceeds of any such disposition of the Series 2009 Project (other than Designated Equipment) will be applied to the payment of the Series 2026B Certificates, equally and ratably with the Unrefunded Series 2016A Certificates, if any, after payment of the expenses of the Trustee, in accordance with the terms of the Series 2009 Lease Agreement. With respect to the Series 2009 Lease Agreement, the Board may not be dispossessed of any Designated Equipment refinanced, in whole or in part, with proceeds of the Series 2026B Certificates and

the Unrefunded Series 2016A Certificates, if any, which includes all equipment components not constituting fixtures of the Series 2009 Project. See "THE SERIES 2009 PROJECT" for a description of the Series 2009 Project against which the Trustee may exercise rights on behalf of the Owners of the Series 2026B Certificates and the Unrefunded Series 2016A Certificates, if any. See also "THE TRANSACTION LEASE AGREEMENTS – Effect of Termination for Non-Appropriation or Default."

Lease Payments

All Lease Payments and all other amounts required to be paid by the Board under the Transactions Lease Agreements, the Prior Leases, and all other Leases will be made from moneys and revenues of the Board authorized by law and regulations of the State of Florida Department of Education to be used for such purpose (the "Available Revenues") and budgeted and appropriated for such purpose by the Board. Revenues available to the District for operational purposes and capital projects such as the Transaction Projects are described under "OPERATING REVENUE OF THE DISTRICT" and "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS." Such capital revenues may also be used to pay other outstanding obligations of the District.

The Master Trust Agreement, as amended and supplemented by the Series 2026A Supplemental Trust Agreement, provides for the establishment and maintenance in the Lease Payment Fund of a Series 2026A Subaccount of the Interest Account and a Series 2026A Subaccount of the Principal Account for deposit of Basic Rent Payments appropriated and paid under the Series 2026A Lease Agreement. The Master Trust Agreement, as amended and supplemented by the Series 2026B Supplemental Trust Agreement, provides for the establishment and maintenance in the Lease Payment Fund of a Series 2026B Subaccount of the Interest Account and a Series 2026B Subaccount of the Principal Account for deposit of Basic Rent Payments appropriated and paid under the Series 2009 Lease Agreement. Separate subaccounts are established in the Lease Payment Fund for each new Series of Certificates issued under the Master Trust Agreement. Lease Payments due under the Lease Schedules to the Master Lease are subject to annual appropriation by the Board on an all-or-none basis and are payable solely from the Available Revenues appropriated by the Board for such purposes; provided that Lease Payments with respect to a particular Lease Schedule and Series of Certificates may be additionally and separately secured by a Credit Facility. Such additional Projects may be financed through the sale of additional Series of Certificates under the Master Trust Agreement. There is no limit on the number of additional Projects that may be financed under the Master Lease. THE BOARD MAY NOT BUDGET AND APPROPRIATE LEASE PAYMENTS DUE FOR A PORTION OF THE PROJECTS LEASED UNDER THE MASTER LEASE; IT MUST BUDGET AND APPROPRIATE LEASE PAYMENTS FOR ALL PROJECTS OR NONE OF THEM. THERE CAN BE NO ASSURANCE THAT SUFFICIENT AVAILABLE REVENUES WILL BE APPROPRIATED OR OTHERWISE BE MADE AVAILABLE TO MAKE ALL OF THE LEASE PAYMENTS DUE UNDER THE MASTER LEASE.

Limited Obligation of the Board

THE BASIC RENT PAYMENTS AND, CONSEQUENTLY, THE SERIES 2026 CERTIFICATE PRINCIPAL AMOUNT AND SERIES 2026 CERTIFICATE INTEREST PAYMENTS ARE PAYABLE SOLELY FROM THE BOARD'S AVAILABLE REVENUES SPECIFICALLY BUDGETED FOR SUCH PURPOSE. THE BASIC RENT PAYMENTS ARE SUBJECT TO ANNUAL APPROPRIATION BY THE BOARD ON AN ALL-OR-NONE BASIS. THE SERIES 2026 CERTIFICATE PAYMENTS OF PRINCIPAL AND INTEREST AND THE PAYMENTS DUE FROM THE BOARD UNDER THE TRANSACTION LEASE AGREEMENTS AND THE CONTRACTUAL OBLIGATIONS OF THE

BOARD UNDER THE TRANSACTION LEASE AGREEMENTS DO NOT CONSTITUTE A GENERAL OBLIGATION OR A PLEDGE OF THE FAITH AND CREDIT OF THE BOARD, THE STATE OF FLORIDA, OR ANY POLITICAL SUBDIVISION OR AGENCY THEREOF WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY PROVISION OR LIMITATION. NEITHER THE CORPORATION, THE TRUSTEE, NOR ANY SERIES 2026 CERTIFICATE HOLDER MAY COMPEL THE LEVY OF ANY AD VALOREM TAXES BY THE BOARD TO PAY ANY LEASE PAYMENTS.

Additional Leases

The Board has previously entered into the Prior Leases and may enter into other Leases under the Master Lease in addition to the Transaction Lease Agreements and the Prior Leases. See "THE MASTER LEASE-PURCHASE PROGRAM." Failure to appropriate Available Revenues to make Lease Payments under any Lease will, and certain Events of Default under a Lease may, result in the termination of the Lease Term of all Leases, including the Transaction Lease Agreements. Upon any such termination of the Lease Term of all Leases, the Board must surrender all Projects (except for certain Designated Equipment), including the Transaction Projects (except for Designated Equipment), to the Trustee for sale or re-letting of the Trustee's interest. The proceeds of any such disposition of the Series 2026A Project (other than Designated Equipment) will be applied to the payment of the Series 2026A Certificates, after payment of the expenses of the Trustee, in accordance with the terms of the Series 2026A Lease Agreement. The proceeds of any such disposition of the Series 2009 Project (other than Designated Equipment) will be applied to the payment of the Series 2026B Certificates, on a pro rata basis with the Unrefunded Series 2016A Certificates, if any, after payment of the expenses of the Trustee, in accordance with the terms of the Series 2009 Lease Agreement. With respect to the Transaction Lease Agreements, the Board may not be dispossessed of any Designated Equipment financed, in whole or in part, with proceeds of Series 2026 Certificates. Except as herein described, in no event will Owners of the Series 2026 Certificates have any interest in or right to the proceeds of the disposition of Projects financed or refinanced with the proceeds of another Series of Certificates. There can be no assurance that the remedies available to the Trustee upon any such termination of the Lease Term of all Leases and the disposition of the Series 2026A Project against which the Trustee has rights will produce sufficient amounts to pay the Outstanding Series 2026A Certificates. There can be no assurance that the remedies available to the Trustee upon any such termination of the Lease Term of all Leases and the disposition of the Series 2009 Project against which the Trustee has rights will produce sufficient amounts to pay the Outstanding Series 2026B Certificates and the Unrefunded Series 2016A Certificates, if any.

For a discussion of remedies available to the Trustee upon the occurrence of an Event of Non-Appropriation of funds to pay Lease Payments or upon the occurrence of an Event of Default, see "THE TRANSACTION LEASE AGREEMENTS – Termination of Lease Term" and "– Effect of Termination for Non-Appropriation or Default" and "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009."

Additional Certificates; Outstanding Certificates

With respect to any additional Schedules, one or more series of additional Series of Certificates may be authorized by the Corporation at the request of the Board and executed and delivered by the Trustee for the purpose of: (a) financing the cost of acquisition, construction, and equipping of any

Project; (b) financing the cost of completing the acquisition, construction, installation, and equipping of any Project; (c) refinancing or refunding Outstanding Certificates; (d) funding a Reserve Account in an amount equal to the applicable Reserve Requirement, if any; (e) capitalizing the interest portion of Basic Rent Payments during construction; or (f) paying the applicable Costs of Issuance. The aggregate principal amount of additional Series of Certificates, which may be executed and delivered under the provisions of the Master Trust Agreement, is not limited, except as may be provided with respect to a particular series of additional Series of Certificates in any Supplemental Trust Agreement creating such Series.

Unless otherwise set forth in a Supplemental Trust Agreement authorizing the issuance of more than one Series of Certificates, each Certificate within a Series of Certificates executed and delivered pursuant to the Master Trust Agreement shall rank pari passu and be equally and ratably secured under the Master Trust Agreement with each other Certificate of such Series, but not with any Certificates of any other Series, without preference, priority, or distinction of any such Certificate over any other such Certificate, except that to the extent that Basic Rent Payments available for payment to all Certificate holders are less than all amounts owed with respect to all Series of Certificates on any Payment Date, such amounts available shall be applied on a pro rata basis to Certificate holders of all Series in accordance with the ratio that the principal balance of each Series of Certificates Outstanding bears to the total amount of Certificates Outstanding under the Series 2026 Trust Agreements.

Completion Certificates and Refunding Certificates may also be issued under the Series 2026 Trust Agreements. See, respectively, "DESCRIPTION OF THE SERIES 2026 CERTIFICATES – Completion Certificates" and "DESCRIPTION OF THE SERIES 2026A CERTIFICATES – Refunding Certificates" herein.

Non-Appropriation Risk

THE BOARD IS NOT LEGALLY REQUIRED TO APPROPRIATE AVAILABLE REVENUES FOR THE PURPOSE OF MAKING LEASE PAYMENTS. UNDER THE MASTER LEASE THE BOARD MAY NOT BUDGET AND APPROPRIATE AVAILABLE REVENUES TO MAKE LEASE PAYMENTS SELECTIVELY ON A LEASE BY LEASE BASIS, BUT MUST APPROPRIATE SUCH AVAILABLE REVENUES FOR ALL LEASES OR NONE OF THEM. IF, FOR ANY FISCAL YEAR, THE BOARD DOES NOT APPROVE A BUDGET WHICH APPROPRIATES SUFFICIENT AVAILABLE REVENUES (WITHOUT REGARD TO ANY CREDITS FROM EARNINGS ON AMOUNTS HELD IN THE FUNDS AND ACCOUNTS ESTABLISHED UNDER THE SERIES 2026 TRUST AGREEMENTS) IN A LINE ITEM SPECIFICALLY IDENTIFIED FOR PAYMENT OF ITS OBLIGATIONS UNDER THE MASTER LEASE, SUCH FAILURE SHALL CONSTITUTE AN EVENT OF NON-APPROPRIATION AND THE MASTER LEASE SHALL TERMINATE AS OF THE LAST DAY OF THE INITIAL LEASE TERM OR THE LAST RENEWAL LEASE TERM FOR WHICH AVAILABLE REVENUES HAVE BEEN BUDGETED AND APPROPRIATED AND THE BOARD WILL NOT BE OBLIGATED TO PAY ANY BASIC RENT PAYMENTS ACCRUING OR ARISING BEYOND SUCH LAST DAY. IN SUCH EVENT, THE BOARD IS REQUIRED TO SURRENDER USE, POSSESSION, AND CONTROL OF ALL PROJECTS (OTHER THAN DESIGNATED EQUIPMENT) LEASED UNDER THE MASTER LEASE, INCLUDING THE PRIOR PROJECTS AND THE TRANSACTION PROJECTS TO THE TRUSTEE. FOR A DISCUSSION OF REMEDIES AVAILABLE TO THE TRUSTEE IN THE EVENT OF THE NON-APPROPRIATION OF FUNDS TO PAY LEASE PAYMENTS, SEE "THE TRANSACTION LEASE AGREEMENTS – TERMINATION OF LEASE TERM" AND "– EFFECT OF TERMINATION FOR NON-APPROPRIATION OR DEFAULT." THERE CAN BE NO ASSURANCE THAT THE REMEDIES AVAILABLE TO THE

TRUSTEE IN THE EVENT OF NON-APPROPRIATION WILL PRODUCE SUFFICIENT AMOUNTS TO FULLY PAY THE OUTSTANDING CERTIFICATES FOR PAYING SUCH CLAIMS.

No Reserve Account for Series 2026 Certificates

There are no Reserve Accounts for the Series 2026 Certificates. However, pursuant to a Supplemental Trust Agreement authorizing the issuance of any Series of Certificates, there may be established and maintained a separate Reserve Account to secure the payment of the principal and interest related to such Series of Certificates. Each such Reserve Account shall secure only the Series of Certificates for which it has been established. See "APPENDIX C – MASTER TRUST AGREEMENT AND FORMS OF SERIES 2026A SUPPLEMENTAL TRUST AGREEMENT AND SERIES 2026B SUPPLEMENTAL TRUST AGREEMENT."

Uniform Commercial Code

The Series 2026 Certificates will have all the qualities and incidents of an investment security under the Uniform Commercial Code-Investment Securities Law of the State and under such law are exempt from the provisions of the Uniform Commercial Code relating to secured transactions.

[TO COME]

AMENDMENT TO MASTER LEASE

Pursuant to separate resolutions adopted by the Board and the Corporation, respectively, on October 28, 2025, the Board and the Corporation have authorized the Series 2026 Amendment to Master Lease Agreement (the "Amendment to Master Lease"), by and between the Board and the Corporation. The Amendment to Master Lease amends the Master Lease to allow one or more facilities comprising a portion of the Project components identified in a Lease Schedule, or a portion thereof, to be released from the lien of the Lease Agreement and the related Ground Lease if after the release of such facility or facilities the total construction cost of remaining facilities components comprising such Project subject to the lien of the related Lease Schedule exceeds the remaining Principal Component of the Basic Rent Payments payable with respect to such Project[; provided, however, with respect to the Transaction Lease Agreements, the prior written consent of the Insurer, if any, shall be required prior to the release of such facility or facilities unless the Board provides certain required written certifications to the Insurer, including that the total construction cost of remaining facilities components comprising the applicable Transaction Projects subject to the lien of the applicable Transaction Lease Agreement is no less than 115% of the remaining Principal Component of the Basic Rent Payments payable with respect to the applicable Transaction Project]. See "THE TRANSACTION PROJECTS – Release of the Transaction Projects" herein. The Project components and/or the Premises and any Servient Property (or portions thereof, as set forth in the related Ground Lease) released shall be deemed to be paid and fee simple title to such facilities and/or facility sites (or portions thereof) shall vest in the Board. See "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009" hereto. Upon receipt of consents to such amendment from holders of not less than a majority in principal amount of Certificates then Outstanding under the Trust Agreement, together with required consents, if any, of municipal bond insurers, such amendments will become effective.

At the time of issuance of the Series 2026 Certificates, the initial Beneficial Owners of the Series 2026 Certificates, through their purchase of the Series 2026 Certificates, shall be deemed to have consented to the amendment set forth in the Amendment to Master Lease. Upon their issuance, the Series 2026 Certificates will represent approximately ____% of the Certificates Outstanding for purposes of the consent to the Amendment to Master Lease. [Upon issuance of the Series 2026 Certificates, the Insurer, as issuer of the Credit Facility for the Series ____ Certificates, which represents approximately ____% of all Certificates Outstanding, will consent to the Amendment to Master Lease]. [As such, the amendment set forth in the Amendment to Master Lease is expected to become effective immediately upon the issuance of the Series 2026 Certificates. Purchasers of the Series 2026 Certificates should carefully review the proposed amendment.] See "THE TRANSACTION PROJECTS – Release of Transaction Projects" herein and "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009."

The Underwriters are not providing consent to or approval of the herein described amendment and the Board will not deem such amendment to have been consented to or approved by the Underwriters as a result of the Underwriters' purchase of the Series 2026 Certificates in their capacity as underwriters as defined in Section 2(a)(11) of the Securities Act of 1933, as amended.

MASTER LEASE PROJECTS

The Transaction Projects are being financed under the Board's existing Master Lease as part of the Board's master lease purchase program (the "Master Lease Program") with the Corporation. The Projects financed or refinanced by the Board under the Master Lease Program are subject to annual appropriation on an all or none basis. For the Fiscal Year 2025-26, there are approximately ____ schools, ____ additions, and ____ transportation and maintenance facility leased under the Master Lease. Based on the District's budgeted unweighted full time equivalent enrollment for Fiscal Year 2025-26 of approximately _____ students (excluding charter school students and Family Empowerment Scholarship students), approximately ____% of the District's students are attending classes in, or otherwise utilizing, the facilities leased under the Master Lease. Such percentage does not include the additional students that are expected to attend classes in, or otherwise utilize, the educational facilities constituting the Series 2025A Project and the Series 2026A Project upon completion of such facilities. To determine the above percentage, the number of students attending each facility was calculated as follows: for schools that are built and operating, the number of students budgeted for the Fiscal Year 2025-26 was used; for the additions or improvements, the number of student stations attributable to each specific classroom budgeted for Fiscal Year 2025-26 based on the type of school (elementary, middle, K-8 or high), but does not include cafeterias, media centers, and other facilities that do not have any student stations attributable to them. Additionally, upon completion of the Series 2025A Project and the Series 2026A Project, approximately ____% of all student stations in the District will be located in educational facilities subject to the Master Lease. For a complete description of the Projects under the Master Lease Program, see "THE TRANSACTION PROJECTS" and "PRIOR PROJECTS UNDER THE MASTER LEASE."

Pursuant to the Master Lease, the Board does not have the ability to appropriate funds to make Lease Payments on one Project or some combination of Projects only. The Board's annual appropriation for Basic Rent Payments must be for all Projects under the Master Lease Program or none of them. In the event the Board does not appropriate funds in its annual budget for all of such financed Projects, the Board would be required to surrender such Projects, including the Transaction Projects (other than certain Designated Equipment), to the Trustee for the benefit of the Owners of the Certificates which financed or refinanced such Projects.

THE TRANSACTION PROJECTS

The Series 2026A Project

The Series 2026A Project consists of the lease-purchase financing of the acquisition and construction of New High School "AAA," Moody Elementary School Renovations, and Lake Manatee K-8 School Classroom Addition, each as described below, including the Buildings and Equipment, the lease of the Series 2026A Premises by the Board to the Corporation pursuant to the Series 2026A Ground Lease, and the sublease of the Series 2026A Premises back to the Board. All of the Buildings and Equipment under the Series 2026A Lease Agreement are located within the District. Upon termination of the Series 2026A Lease Agreement upon the occurrence of an Event of Non-Appropriation or in the case of certain Events of Default, the Board may not be disposed of any Designated Equipment. See "PRIOR PROJECTS UNDER THE MASTER LEASE – Designated Equipment" and "THE TRANSACTION LEASE AGREEMENTS – Effect of Termination for Non-Appropriation or Default" herein.

The following descriptions of the Series 2026A Project are general descriptions of the Series 2026A Project to be subject to the Master Lease. Under certain conditions of the Master Lease, the Board

may substitute components of the Series 2026A Project and modify the plans and specifications therefor. See "THE TRANSACTION PROJECTS – Substitution of the Series 2026A Project" herein.

New High School "AAA." This component of the Series 2026A Project consists of the design and construction of a 265,000 square foot, 2,150 student station concrete block and brick veneer construction utilizing the prototype of the District's Parrish Community High School on an 85+/- acre site located in East Manatee County. Future infrastructure (utilities and core facilities) is in place to expand the campus by 22,700 square feet to a 2,559 student capacity campus. The project will include athletic fields, basketball/tennis courts, bleachers, parking, concessions, and all improvements required. This component of the Series 2026A Project is expected to be completed in December 2027.

Moody Elementary School Renovations. This component of the Series 2026A Project consists of campus heating, ventilation, air conditioning ("HVAC") upgrades, which include new ductwork, HVAC equipment, controls, new lighting, fire alarm, new ceilings, flooring, painting, exterior doors, and hardware. Scope will include instructional program upgrades and the reconfiguration of the front office for increased efficiency and safety, and exterior site upgrades as required. This component of the Series 2026A Project is expected to be completed in July 2027.

The Projects to be leased from time to time will be identified on separate Lease Schedules to the Master Lease. Upon execution and delivery thereof, each Lease Schedule, together with the provisions of the Master Lease, will constitute a separate Lease Agreement. The Transaction Agreements are two of the Lease Agreements entered into under the Master Lease and provide for the leasing of the Transaction Projects by the Corporation to the Board. See "THE TRANSACTION LEASE AGREEMENTS" and "THE TRANSACTION PROJECTS." As noted above, the Board has previously leased the Prior Projects pursuant to Prior Leases, which were financed and/or refinanced from the proceeds of the Outstanding Certificates. The Board may arrange for one or more lease-purchase financings of additional educational facilities under the Master Lease in future Fiscal

Years. See "SECURITY FOR THE SERIES 2026 CERTIFICATES – Additional Leases" and "– Additional Certificates; Outstanding Certificates."

In addition, the Board may, in the future, also enter into lease-purchase arrangements upon terms and conditions other than those in the Master Lease. Failure to make payments under any such lease agreement, or an event of default under any such lease agreement, will not affect the Lease Term or cause the termination of the Transaction Lease Agreements or any other Leases.

THE TRANSACTION LEASE PROJECTS

The following is a brief summary of certain provisions of the Transaction Lease Agreements, which is not intended to be definitive. Reference is made to "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009."

See "THE TRANSACTION LEASE AGREEMENTS – Termination of Lease Term."

Lease Payments

Subject to the conditions stated in the Transaction Lease Agreements, the Board has expressed its current intent to make all Lease Payments due under the Transaction Lease Agreements; PROVIDED, HOWEVER, THAT NONE OF THE BOARD, THE DISTRICT, THE STATE, OR ANY POLITICAL SUBDIVISION OR AGENCY THEREOF, IS OBLIGATED TO PAY, EXCEPT FROM AVAILABLE REVENUES APPROPRIATED FOR SUCH PURPOSE, ANY SUMS DUE UNDER THE TRANSACTION LEASE AGREEMENTS FROM ANY SOURCE OF TAXATION, AND THE FULL FAITH AND CREDIT OF THE BOARD, THE DISTRICT, THE STATE, OR ANY POLITICAL SUBDIVISION OR AGENCY THEREOF IS NOT PLEDGED FOR PAYMENT OF SUCH SUMS DUE UNDER THE TRANSACTION

LEASE AGREEMENTS, AND THE SUMS DO NOT CONSTITUTE AN INDEBTEDNESS OF THE BOARD, THE DISTRICT, THE STATE, OR ANY POLITICAL SUBDIVISION OR AGENCY THEREOF WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY PROVISION OR LIMITATION. All Lease Payments due under the Transaction Lease Agreements will be made from current or other funds authorized by law and regulations of the State of Florida Department of Education and appropriated for such purpose by the Board.

On _____ 15, 20__, and thereafter on June 15 and December 15 of each year, the Basic Rent Payment Dates preceding each Payment Date, the Board is required to pay to the Trustee the Basic Rent Payments allocable to the Series 2026 Certificates due on such date, which amount corresponds to the amount due to Series 2026 Certificate holders on the next succeeding Payment Date. The Board is also required to pay, when due, Supplemental Rent, which includes, among other things, the fees and expenses of the Trustee and the Corporation. Lease Payments due under the Transaction Lease Agreements may be reduced, when applicable, as described in the Transaction Lease Agreements.

Assignment of Lease to Trustee

Pursuant to the Transaction Assignments, substantially all right, title, and interest of the Corporation in and to the Transaction Lease Agreements, including the right to receive Basic Rent Payments thereunder, has been absolutely and unconditionally assigned by the Corporation to the Trustee for the benefit of the Owners of the Series 2026 Certificates and any other Certificates representing an undivided proportionate interest in a portion of the Basic Rent Payments payable under the Transaction Lease Agreements. The Board has consented to such assignment.

Lease Covenants

Under the Transaction Lease Agreements, the Board, as agent of the Corporation, was or will be responsible for the acquisition, construction, and installation of the Transaction Projects pursuant to the specifications of the Board, including the letting of all contracts for the acquisition, construction, and installation of the Transaction Projects. In the Transaction Lease Agreements, the Board covenants that it will: (a) maintain the Transaction Projects at all times during the Lease Terms in good repair and condition; (b) pay applicable taxes, utility charges, and other governmental charges; and (c) provide applicable insurance coverage, including property and liability insurance, all in accordance with the terms and provisions relating to these requirements, contained in the Transaction Lease Agreements.

Budget and Appropriation

The cost and expense of the performance by the Board of its obligations under the Transaction Lease Agreements, the Prior Leases, and any additional Lease Agreements and the incurrence of any liabilities of the Board under the Transaction Lease Agreements, the Prior Leases, and any additional Lease Agreements including without limitation, the payment of all Lease Payments and all other amounts required to be paid by the Board under all Lease Agreements, are subject to and dependent on appropriations being duly made from time to time by the Board for such purposes. The Board may not budget and appropriate Available Revenues to make Lease Payments selectively on a Lease Agreement by Lease Agreement basis, but must appropriate such Available Revenues for all Lease Agreements or none of them. Under no circumstances will the failure of the Board to appropriate sufficient Available Revenues in any Fiscal Year constitute a Default or require payment of a penalty, or in any way limit the

right of the Board to purchase or utilize educational facilities similar in function to those leased under any Lease Agreement, including the Transaction Lease Agreements.

Unless the Board, at a public meeting held prior to the end of the then current Fiscal Year, gives notice of its intent not to appropriate the funds necessary to make the Lease Payments coming due in the following Fiscal Year under all Lease Agreements, the Superintendent will include in the Superintendent's tentative budget proposal, in a separate line item, the funds necessary to make such Lease Payments, and all Lease Agreements will be automatically renewed on June 30 of the current Fiscal Year, for the following Fiscal Year, subject to appropriation being made by the Board in the final adopted budget. If Lease Payments are due during the period prior to the adoption of the Board's final official budget for an ensuing Fiscal Year, the Lease Term of all Lease Agreements shall be deemed extended only if the tentative budget or extension of the prior budget (whether by Board action or operation of law) makes available to the Board monies which may be legally used to make the Lease Payments due under all Lease Agreements during such period. If no such appropriation is made in the budget as finally adopted or if no official budget is adopted as of the last day on which a final budget is required to have been adopted under applicable law and regulations, all Lease Agreements will terminate as of the date of adoption of the final official budget or the last date on which a final budget is required to have been adopted, whichever is earlier, and under which no appropriation has been made.

If the Board declares its intent at such public meeting prior to the end of the then current Fiscal Year not to appropriate the funds necessary to make Lease Payments under all Lease Agreements, no Lease Agreements will be automatically renewed for the following Fiscal Year, but will terminate on June 30 of the current Fiscal Year. For a discussion of the effect of termination of the Lease Term of the Lease Agreements, see "THE TRANSACTION LEASE AGREEMENTS – Effect of Termination for Non-Appropriation or Default."

Termination of Lease Term

The Lease Term of the Lease Agreements, including the Transaction Lease Agreements, will terminate upon the earliest of any of the following events:

(a) all Lease Agreements will terminate on the last Lease Payment Date set forth in such Lease Agreement (assuming all Lease Payments have been made);

(b) all Lease Agreements will terminate in the Event of Non-Appropriation of funds for the payment of Lease Payments;

(c) all Lease Agreements will terminate upon a Default by the Board with respect to any Lease Agreement and the termination of the Lease Term of all Lease Agreements by the Trustee pursuant to the Master Lease; and

(d) a particular Lease Agreement will terminate upon prepayment by the Board of the principal, Prepayment Premium, if any, and interest due on the Certificates related to the particular Projects leased under such Lease Agreement by the Board or upon provision for such payment pursuant to the Master Lease.

Acceleration of Maturities upon Event of Default

Upon the happening and continuance of any Event of Default specified in the Series 2026 Trust Agreements and only subsequent to the termination of the Transaction Lease Agreements, the Trustee, in regard to a particular Series of the Series 2026 Certificates, may, and upon the written request of the Owners of not less than a majority in aggregate principal amount of the Series 2026 Certificates then Outstanding, by notice in writing to the Board and the Corporation, shall declare the principal of all Series 2026 Certificates of such Series then Outstanding (if not then due and payable) to be due and payable immediately, and upon such declaration the same shall become and be immediately due and payable, anything contained in the Series 2026 Certificates or in the applicable Series 2026 Trust Agreement to the contrary notwithstanding; provided, however, that any Series 2026 Certificates which are insured as to payment by the Insurer may be accelerated only with the written consent or at the direction of such Insurer (if such Insurer is not in payment default under its municipal bond insurance policy); provided, further, that if at any time after the principal of the Series 2026 Certificates shall have been so declared to be due and payable, and before the entry of final judgment or decree in any suit, action or proceeding instituted on account of such default, or before the completion of the enforcement of any other remedy under the applicable Series 2026 Trust Agreement, moneys shall have accumulated in or shall have been paid into the Lease Payment Fund sufficient to pay the principal of all matured Series 2026 Certificates of such Series and all arrears of interest, if any, upon all Series 2026 Certificates then Outstanding (except the principal of any Series 2026 Certificate not then due and payable by its terms and the interest accrued on such since the last interest Payment Date), and the charges, compensations, expenses, disbursements, advances and liabilities of the Trustee and all other amounts then payable by the Board under the Transaction Lease Agreements shall have been paid or a sum sufficient to pay the same shall have been deposited with the Trustee, and every other default known to the Trustee in the observance or performance of any covenant, condition or agreement contained in the Series 2026 Certificates of such Series or in the applicable Series 2026 Trust Agreement (other than a default in the payment of the principal of such Series 2026 Certificates then due only because of a declaration under applicable the Series 2026 Trust Agreement) shall have been remedied to the satisfaction of the Trustee, then and in every such case the Trustee may, and upon the written request of the Owners of not less than a majority in aggregate principal amount of the Series 2026 Certificates of such Series not then due and payable by their terms (the Series 2026 Certificates then due and payable only because of a declaration under the applicable Series 2026 Trust Agreement shall not be deemed to be due and payable by their terms) and then Outstanding shall, by written notice to the Board and the Corporation, rescind and annul such declaration and its consequences, but no such rescission or annulment shall extend to or affect any subsequent Event of Default under the applicable Series 2026 Trust Agreement or impair any right consequent thereon.

For a discussion of the additional remedies available to the Trustee upon an Event of Default under the Series 2026 Trust Agreements, see "APPENDIX C – MASTER TRUST AGREEMENT AND FORMS OF SERIES 2026A SUPPLEMENTAL TRUST AGREEMENT AND SERIES 2026B SUPPLEMENTAL TRUST AGREEMENT."

Effect of Termination for Non-Appropriation or Default

Upon termination of the Lease Term for the reasons referred to in (b) or (c) under "THE TRANSACTION LEASE AGREEMENTS – Termination of Lease Term" above, the Board shall peaceably return possession of each and every Project (except for Designated Equipment) to the Corporation, or its assignee or designee, within 30 Business Days after the date on which such event occurs. For a discussion

of the remedies available to the Trustee if the Board refuses or fails to voluntarily deliver possession of the Projects to the Trustee, see "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009."

Upon taking possession of the Series 2026A Project, the Trustee is authorized to sell, re-let, or otherwise dispose of its interest in the Series 2026A Project, or any portion thereof, for the benefit of the Owners of the Series 2026A Certificates, but if the Series 2026A Lease Agreement is not terminated, only in a manner as to not adversely affect the tax status of the Series 2026A Certificates. Upon taking possession of the Series 2009 Project, the Trustee is authorized to sell, re-let, or otherwise dispose of its interest in the Series 2009 Project, or any portion thereof, for the benefit of the Owners of the Series 2026B Certificates and the Unrefunded Series 2016A Certificates, if any, but if the Series 2009 Lease Agreement is not terminated, only in a manner as to not adversely affect the tax status of the Series 2026B Certificates. See "RISK FACTORS – Limitation Upon Disposition; Ability to Sell or Relet."

The Trustee, subsequent to payment of all reasonable costs and expenses relating to collection of moneys and reasonable fees and expenses of the Trustee, shall deposit all moneys derived from the sale, re-letting, or other disposition of its interest in each Project, including moneys and damages collected in connection therewith, and all moneys in the Pledged Accounts relating thereto (amounts in a subaccount of the Project Account for such Project may, at the discretion of the Trustee with the consent or at the direction of the Credit Enhancer, if any, be retained in such subaccount to continue payment of the acquisition and construction of the such Project) into a special account established for the sole benefit of the Owners of the Series of Certificates which financed or refinanced such Project and shall apply moneys in such special account as follows:

(i) if the principal of the Series of Certificates shall not have become or shall not have been declared due and payable, all such money in the special account for such Series of Certificates shall be applied:

First: to the payment to the Persons entitled thereto of all installments of interest on such Series of Certificates of such Series then due and payable in the order in which such installments became due and payable and, if the amount available shall not be sufficient to pay in full any particular installment then to the payment, ratably according to the amounts due on such installment, to the Persons entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in such Series of Certificates;

Second: to the payment to the Persons entitled thereto of the unpaid principal of any Certificates of such Series that shall have become due and payable, in the order of their due dates, and, if the amount available shall not be sufficient to pay in full the principal of such Certificates of such Series due and payable on any particular date, then to the payment ratably according to the amount of such principal due on such date, to the Persons entitled thereto without any discrimination or preference;

Third: to the payment of the interest on and the principal of such Series of Certificates, to the purchase and retirement of such Series of Certificates, all in accordance with the provisions of the Master Trust Agreement;

Fourth: to the payment of any amounts owed and unpaid to the Credit Bank or Credit Enhancer for such Series or under the reimbursement agreement relating to the Credit Facility for the Series; and

Fifth: to the payment of any amounts owing in regard to Ground Leases relating to such Series; and

Sixth: to the payment of the Board of any surplus moneys.

(ii) If the principal of such Series of Certificates shall have become or shall have been declared due and payable, all such money in the special account established for such Series of Certificates shall be applied to the payment of principal and interest then due upon such Series of Certificates without preference or priority of principal over interest or interest over principal or of any installment of interest over any other installment of interest or any such Certificate over any other such Certificate ratably, according to the amounts due respectively for principal and interest, to the Persons entitled thereto without any discrimination or preference and then to the payment of any amounts owed and unpaid to the Credit Bank or Credit Enhancer for such Series or under the reimbursement agreement relating to the Credit Facility for such Series, if any, and then to the payment of any amounts owing in regard to Ground Leases relating to such Series. Any surplus moneys shall be paid to the Board.

(iii) If the principal of such Series of Certificates shall have been declared due and payable and if such declaration shall thereafter have been rescinded and annulled under the provisions of the Master Trust Agreement, then, subject to the provisions of paragraph (ii) above, in the event that the principal of such Series of Certificates shall later become due and payable or be declared due and payable the money then remaining in and thereafter accruing to the special account established for such Series shall be applied in accordance with the provisions of paragraph (i) above.

IN NO EVENT WILL OWNERS OF THE SERIES 2026A CERTIFICATES HAVE ANY INTEREST IN OR RIGHT TO ANY PROCEEDS OF THE DISPOSITION OF PROJECTS FINANCED OR REFINANCED WITH THE PROCEEDS OF ANOTHER SERIES OF CERTIFICATES EXCEPT FOR ANY CERTIFICATES ISSUED TO REFUND SERIES 2026A CERTIFICATES. IN NO EVENT WILL OWNERS OF THE SERIES 2026B CERTIFICATES HAVE ANY INTEREST IN OR RIGHT TO ANY PROCEEDS OF THE DISPOSITION OF PROJECTS FINANCED OR REFINANCED WITH THE PROCEEDS OF ANOTHER SERIES OF CERTIFICATES EXCEPT FOR ANY CERTIFICATES ISSUED TO REFUND SERIES 2026B CERTIFICATES.

There can be no assurance that the remedies available to the Trustee upon any termination of the Lease Term of all Lease Agreements for non-appropriation or default and the disposition of the Series 2026A Project will produce sufficient amounts to pay the Series 2026A Certificates. Federal income tax status of payments made to Series 2026A Certificate holders after such termination may also be adversely affected. See "TAX MATTERS." There can be no assurance that the remedies available to the Trustee upon any termination of the Lease Term of all Lease Agreements for non-appropriation or default and the disposition of the Series 2009 Project will produce sufficient amounts to pay the Series 2026B Certificates and the Unrefunded Series 2016A Certificates, if any. Further, after such termination of the Lease Term of all Lease Agreements, transfer of Series 2026 Certificates may be subject to the registration provisions of applicable federal and state securities laws. Accordingly, there is no assurance that liquidity of the Series 2026 Certificates will not be impaired following termination of the Lease Term of the Lease Agreements. See "RISK FACTORS."

THE CORPORATION

The Corporation is a Florida not-for-profit corporation formed for the purpose of acting as lessor in connection with "lease-purchase" capital financings for the Board. The Corporation may in the future initiate additional Lease Schedules under the Master Lease, enter into other lease-purchase agreements with the Board, and cause certificates of participation to be issued which represent lease payments to be made under one or more lease-purchase agreements with the Board. The members of the Corporation are the members of the Board. The Chair of the Board serves as Chair of the Board of Directors and President of the Corporation; the Vice Chair of the Board serves as Vice Chair of the Board of Directors and Vice President of the Corporation; and the Superintendent of the Schools serves as ex-officio Secretary/Treasurer of the Corporation.

The Corporation has assigned all of its right, title, and interest in and to the Master Lease (except certain indemnification rights, the right to initiate additional Lease Schedules from time to time, and its obligation not to impair the tax status of the Certificates) including its right to receive Lease Payments from the Board, its right, title, and interest in and to the Ground Leases, and its right to use, sell, and re-let Projects, to the Trustee. The Trustee directly collects from the Board all of the Basic Rent Payments which are the source of and security for payment of the Certificates. Therefore, the credit of the Corporation is not material to any of the transactions contemplated in this Offering Statement. No financial information concerning the Corporation has been included herein, nor is it contemplated that any such financial information will be included in any future Offering Statement relating to the sale of any additional Series of Certificates or other obligations of the Board or the Corporation.

There is no litigation pending against the Corporation.

[1] The Series 2010A-QSCB Certificates are currently outstanding in the aggregate principal amount of $19,920,000. The amounts shown in this column represent the Board's payment obligations with respect to the Series 2010A-QSCB Lease less the expected interest rate subsidy. Such interest rate subsidy is subject to reduction as a result of the sequestration, and timely payment of such interest rate subsidy requires filing by the District of certain forms with the U.S. Treasury in advance of the applicable interest payment date. For the year ending September 30, 2025, the sequestration rate equals 5.7%. Such amount may change over time. See "RISK FACTORS – Sequestration" herein. It is anticipated that such deposits, plus investment earnings thereon, will be sufficient to pay the Series 2010A-QSCB Certificates at maturity October 1, 2029.

[2] All or a portion of the Series 2016A Certificates are expected to be refunded by the Series 2026B Certificates. See "PURPOSE OF THE SERIES 2026 CERTIFICATES" and "PLAN OF REFINANCE" herein.

THE SCHOOL BOARD OF MANATEE COUNTY, FLORIDA

The Board is organized under Section 4, Article IX, of the Constitution of Florida and Chapter 1001, Florida Statutes, as amended, and is the governing body of the District. The geographic boundaries of the District are coterminous with those of Manatee County, Florida (the "County"). For Fiscal Year 2025-26, the District has budgeted for the operation of ____ schools with _____ unweighted full time equivalent ("FTE") students (inclusive of charter school students and Family Empowerment Scholarship students) and, the employment of approximately _____ permanent employees, of which _____ are certified teaching personnel. Management of the schools within the District is independent of the County and any city governments. The Board is authorized by State law to levy property taxes for school district operations, capital improvements and debt service. Property taxes are assessed by the Manatee County Property Appraiser (the "Property Appraiser"). The Manatee County Tax Collector (the "Tax Collector") collects taxes for the Board, but exercises no control over expenditures by the Board.

The Organization and Powers of the Board

The Board is a body corporate existing under the laws of the State. The Board is the governing body of the District, consisting of members elected County-wide for overlapping four-year terms. The District is divided into five county school board member residence districts and each of the members of the Board is required to be a resident of the school board member residence district from which he or she is elected. Under existing law, the Board's duties and powers include, but are not limited to, the development of policies and rules for the efficient operation of the District; the acquisition, maintenance, and disposition of school property within the District; the development and adoption of a school program for the District; the establishment, organization, and operation of schools, including vocational and evening schools, establishment and operation of programs for Exceptional Student Education ("ESE") and for students in residential care facilities; the appointment, compensation, promotion, suspension, and dismissal of employees; the establishment of courses of study and the provision of adequate instructional aids; and the establishment of a system to transport students to school or school-related activities.

The Board also has broad financial responsibilities, including but not limited to, the approval of the annual budget, adoption of the school tax levy and the establishment of a system of accounting and budgetary controls. The annual budget and accounting reports must be filed with the State Department of Education.

The present members of the Board, their offices, if any, and the expiration of their respective terms are as follows:

Rachel Sellers, Deputy Superintendent of Business Services. Mrs. Sellers has been the Deputy Superintendent of Business Services for the District since January 2023. Prior to coming to the District, Mrs. Sellers worked 32 years at the State of Florida Auditor General and was Audit Supervisor between 2017 and 2023. Mrs. Sellers has a Master's Degree in Accountancy (MACC) and has been a Certified Public Accountant since 1992.

Catherine Miley Hayden, Director of Finance. Ms. Hayden has been the Director of Finance since February of 2022. Prior to holding this position Ms. Hayden has worked in various other finance positions with the District starting in 2001.

Employee Relations

The professional staff of the District includes teachers, supervisors, analysts, specialists and administrators. Other personnel include teachers' aides, clerks and secretaries, bus drivers, cafeteria personnel, custodial and maintenance workers and mechanics. As of _____, 2026, the Board employed approximately _____ employees. Approximately _____ instructors are represented by the Manatee Education Association (the "Education Association"). The three-year contract between the Board and the Education Association expires June 30, 20__. Approximately _____ support personnel of the District are represented by the American Federation of State, County, and Municipal Employees, Local 1584 ("Support Association"). The three-year contract between the Board and the Support Association expires June 30, 2026. State law requires operating under the current contract until a new contract has been negotiated and approved, and prevents public employees and employee organizations from conducting a strike or instigating a strike against a public employer. The remaining employees, who are primarily administrators, are not represented by a union and are not subject to a collective bargaining agreement.

Academics

During the Fiscal Year 2025-26, the Board has budgeted to operate ____ schools, including ____ elementary schools, ____ middle schools, ____ combination K-8 schools, ____ high schools, ____ alternative education school, ____ ESE Centers, ____ post-secondary schools (operated at two sites), and

____ virtual schools. The District also has budgeted to sponsor ____ contract sites (including ____ Department of Juvenile Justice sites), and ____ charter schools.

The District provides standards based programs to serve students of widely varying academic levels, interests, and needs. The largest numbers of students are served in the K-12 basic programs. These include programs in reading and language arts, mathematics, science, social studies, the arts, foreign language, technology, and physical education/health.

The focus at the District's elementary schools is to provide a solid foundation in the core academic areas and to introduce students to experiences in the fine arts and technology. The elementary school program emphasizes basic skills including reading, writing, language arts, and mathematics. Balance curriculum also includes instruction in science, computer literacy, health, social studies, art, music, and physical education. Advanced students may take courses above their grade level, including middle school options virtually.

At the middle school level, the academic courses extend the fundamental skills, and students begin instructional programs in areas of personal interest. The middle school program begins with middle school curriculum centering on English, math, science, computer literacy, and social studies. Students are encouraged to begin developing their strengths and interests through electives such as art, music, foreign languages, and vocational exploratory programs. Advanced students may take high school level courses for credit in the traditional classroom or other areas virtually.

High school programs are designed to meet the needs of the college bound as well as vocational students. All of the high schools are fully accredited by the Southern Association of Colleges and Schools. Students who plan to continue their education into college may take a broad range of college preparatory courses as well as advanced placement and honors courses.

Budget Process

State law requires the Board to adopt in each Fiscal Year a tentative budget and a final budget, each of which is required to be balanced with available funds. The Superintendent, with input from staff, principals, the budget committee and interested community groups, prepares and submits to the Board a recommended budget. The Board adopts the recommended budget, with such modifications as it deems necessary, as the tentative budget for the District. After public hearings on the tentative budget, the Board adopts a final budget and forwards it to the FDOE. When approved by the FDOE, the final budget is designated as the official budget and governs the general operations for the Fiscal Year, unless subsequently amended by the Board. The final budget for Fiscal Year 2025-26 was adopted by the Board on September 9, 2025. See "AD VALOREM TAXATION – Millage Set by Local Governing Body."

FINANCIAL RESULTS AND LIABILITIES OF THE DISTRICT

The following briefly describes financial results of the District and certain District liabilities. For additional information concerning such matters, see "APPENDIX B – THE ANNUAL COMPREHENSIVE FINANCIAL REPORT OF THE SCHOOL DISTRICT OF MANATEE COUNTY, FLORIDA FOR THE FISCAL YEAR ENDED JUNE 30, 2025."

Accounting and Funds

Pursuant to Section 11.45, Florida Statutes, as amended, the financial operations of the District are subject to audit by independent auditors of the District at least two out of every three fiscal years with the Auditor General's office auditing the financial operations of the District once every three fiscal years. The District retained the independent accounting firm of Cherry Bekaert LLP to audit its financial operations, whose report for the Fiscal Year ended June 30, 2025 is attached hereto as part of "APPENDIX B – THE ANNUAL COMPREHENSIVE FINANCIAL REPORT OF THE SCHOOL DISTRICT OF MANATEE COUNTY, FLORIDA FOR THE FISCAL YEAR ENDED JUNE 30, 2025" attached hereto.

Accounting policies conform with generally accepted accounting principles applicable to state and local governmental units. Accordingly, the District's accounting system is organized on the basis of funds and account groups. A fund is an accounting entity having a self-balancing set of accounts for recording assets, liabilities, fund equity, revenues, either expenditures or expenses depending on fund type, and other financing sources and uses.

The fund financial statements provide information about the Board's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – government, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds. Because the focus of the governmental fund financial statements differs from the focus of the government-wide financial statements, a reconciliation is presented with each of the governmental fund financial statements.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as investment earnings, result from non-exchange transactions or ancillary activities.

The accounting practices of the Board are designed to conform to generally accepted accounting principles applicable to governmental units. GASB Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, and related GASB pronouncements, created new basic financial statements for reporting the District's financial activities. In addition to fund financial statements, the financial statements include government-wide financial statements prepared on the accrual basis of accounting that split the District's programs between government and business-type activities.

Governmental Fund Types

The District reports the following major governmental funds:

General Fund – the primary operating fund of the District to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.

Special Revenue – Federal Education Stabilization Fund – to account for certain Federal grant program resources provided as emergency relief to address the impact of COVID-19 on elementary and secondary education.

Debt Service – Other Debt Service Fund – to account for the accumulation of resources for and the payment of debt principal, interest, and related costs on the sales tax revenue bond, certificates of participation, and other debt service.

Capital Projects – Section 1011.71(2), F.S., Local Capital Improvement Tax Fund – to account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, new and replacement equipment, motor vehicle purchases, and debt service payments on revenue anticipation notes and certificates of participation.

Capital Projects – Other Capital Projects Fund – to account for various financial resources (e.g., certificates of participation, capital outlay sales tax, impact fees, sales tax revenue bonds, etc.) to be used for educational capital outlay needs, including new construction and renovation and remodeling projects.

Other Fund Types

Additionally, the District reports the following proprietary and fiduciary fund types:

Internal Service Funds – to account for the District's self-insurance programs.

Private-Purpose Trust Funds – to account for financial fees and other moneys for which principal and income benefit individuals or private organizations.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized as soon as they are both measurable and available. Revenues are available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Entitlements are recorded as revenues when all eligibility requirements are met, including time requirements, and the amount is received during the period or within the availability period for this revenue sources (within 60 days of year-end). Property taxes, sales taxes, state education funding, and interest associated with the current fiscal period are all considered to

be susceptible to accrual and so have been recognized as revenue of the current fiscal period. Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgments, pension benefits, other postemployment benefits, and compensated absences, are only recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under installment-purchases are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

The proprietary and private-purpose trust funds are reported using the economic resources measurement focus and the accrual basis of accounting.

The charter schools are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

Auditing System

In addition to local internal audits, other budget reviews are conducted. FDOE conducts regular financial compliance reviews of each school district to ensure that local school districts comply with state regulations. In conjunction with this review, the Financial Management Section of FDOE reviews the cost reporting system of each school district to ensure that the Financial and Program Costs Accounting and Reporting for Florida Schools is being properly implemented by the Board. The District also formed the Audit Planning and Review committee consisting of seven members, in accordance with the Office of Program Policy and Governmental Accountability ("OPPAGA").

General Fund Operations

The Board's general fund revenues are derived from federal and State appropriations and local sources. The table on the following page summarizes results of operations for the general fund for the Fiscal Years 2020-21 through 2024-25, audited, and for Fiscal Year 2025-26, budgeted.

[2] The fund balance for Fiscal Year 2020-21 was adjusted by $2,672,531 due to a restatement of beginning net position resulting from the adoption of Governmental Accounting Standards Board ("GASB") Statement No. 84, Fiduciary Activities, which caused the beginning fund balance for Fiscal Year 2021-22 to be $31,691,250.

[3] The ending fund balance in prior years represent the funds remaining at the end of that fiscal year after all expenses have occurred. For budgetary purposes, Florida law generally requires school districts to formulate a budget where revenues plus beginning fund balance equals expenditures. Accordingly, the budgeted ending fund balance in Fiscal Year 2025-26 represents only those funds set aside in reserve accounts. All other funds have spread through school and budget departments. Based on actual Fiscal Year 2025-26 Revenues and Expenditures to date, the District estimates its Fiscal Year 2025-26 ending fund balance to be approximately $____ million at June 30, 2026.

Required General Fund Ending Balance

Section 1011.051, Florida Statutes, entitled "Guidelines for general funds" requires that if a school district's General Fund ending balance not classified as restricted, committed, or nonspendable in the approved operating budget is projected to fall below 3% of projected General Fund revenues, the Superintendent shall provide written notification to the district school board and the Commissioner of Education (the "Commissioner"). The section further requires that if the General Fund ending balance not classified as restricted, committed or nonspendable is projected to fall below 2% of projected General Fund revenues, the Superintendent shall provide written notification to the district school board and the Commissioner of Education. Within 14 days after receiving such notification of a balance below 2%, if the Commissioner determines that the district does not have a plan that is reasonably anticipated to avoid a financial emergency as determined pursuant to Florida Statutes pertaining thereto, the Commissioner shall appoint a financial emergency board that may take certain delineated steps to assist a district school board in complying with the General Fund requirements. The FRS is a single retirement system administered by the Florida Department of Management Services ("DMS"), and consists of two cost-sharing, multiple-employer retirement plans and other nonintegrated programs. These include a defined-benefit pension plan (the "FRS Pension Plan"), a Deferred Retirement Option Program (the "DROP"), a Retirement Health Insurance Subsidy Plan (the "HIS Plan"), and a defined-contribution plan, referred to as the Florida Retirement System Investment Plan (the "Investment Plan"). A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information,

actuarial report, information about the FRS's fiduciary net position, and other relevant information, is available from the DMS at: www.dms.myflorida.com.

At June 30, 2025, the District reported a net pension liability of $_____ for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within one year, net of the District's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2023, and update procedures were used to determine the net pension liability as of June 30, 2024. The District's proportionate share of the net pension liability was based on the District's 2023-24 fiscal year contributions relative to the total 2023-24 fiscal year contributions of all participating members. At June 30, 2024, the District's proportionate share was ____%, which was a decrease of ____% from its proportionate share of ____% measured as of June 30, 2023. For the fiscal year ended June 30, 2025, the District recognized the HIS Plan pension expense of $_____.

Investment Plan. The District's Investment Plan pension expense totaled $_____ for Fiscal Year 2024-25.

AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS

The Board derives its revenues for capital outlay projects from certain State and local sources. The major categories of these revenue sources are briefly described below. In Fiscal Year 2025-26, excluding borrowing proceeds and existing fund balances, the Board has budgeted that approximately ____% of the annual revenues for capital improvements will be provided by State sources and approximately ____% will be provided by local sources.

State Sources

Public Education Capital Outlay. One source of State educational funding contributions to the Board's capital outlay requirements is the Florida Public Education Capital Outlay Program ("PECO"). PECO funds are derived from revenues generated from the gross receipts tax levied on utilities pursuant to Article VII of the Constitution of the State of Florida. The vast majority of such revenues are generated from assessments imposed on the sale of telecommunication services and electricity pursuant to Chapter 203, Florida Statutes. The method of allocation of funds to the district school boards is provided by State law based upon a statutory formula, a component of which is the number of full-time equivalent students in the school system. The Commissioner administers the PECO program and allocates or reallocates funds as authorized by law. In recent years, almost all PECO funds have been allocated to charter schools in the State. The Board received $109,511, $1,022,784, and $_____ in PECO funds for Fiscal Years 2022-23, 2023-24, and 2024-25, respectively. The Board did not receive any PECO funds for Fiscal Years 2020-21 or 2021-22. The Board has budgeted to receive $5,276,120 in PECO funds for Fiscal Year 2025-26.

Capital Outlay and Debt Service Funds. The State Capital Outlay and Debt Service Funds ("CO&DS") also provides funds for the Board's capital outlay requirements. CO&DS funds are derived from a portion of the revenues collected from motor vehicle license charges. The Board received $1,356,739, $1,442,884, $1,567,895, $1,771,556, and $_____ in CO&DS funds for Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25, respectively. The Board has budgeted to receive $1,771,566 in CO&DS funds for Fiscal Year 2025-26. CO&DS funds are legally available to the Board to pay the Principal Component and Interest Component of Basic Rent Payments, but only if the Project financed thereby appears on a project priority list approved by the State Board of Education. The Transaction Projects are not on the project priority list.

Capital Outlay Bonds. Annually, the State offers to bond a portion of future CO&DS funds for school districts. The Capital Outlay Bonds are serviced entirely by the State using a portion of the District's share of revenue derived from CO&DS funds. The annual sinking fund requirements are determined by the State Board of Administration (the "SBA") and amounts necessary to retire bonds and pay interest are withheld from amounts due to the District. CO&DS funds in the amount of $486,602, $472,543, $410,181, $325,760, and $_____ were withheld from the allocations in Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25, respectively. The District has budgeted to have $348,050 in CO&DS funds withheld in Fiscal Year 2025-26. See "FINANCIAL RESULTS AND LIABILITIES OF THE DISTRICT – Direct and Overlapping Debt" herein.

Other State Sources. Under the Act, the District may be entitled to receive other State revenues pursuant to other programs if the District achieves certain standards relating to its capital outlay efforts. Some of such revenues may be used to make lease purchase payments. It is not possible at this time to

determine or estimate the amount of such State revenues, if any, that the District may receive in the future.

Local Sources

Local revenue for school district support is derived in large part from real and tangible personal property taxes. There are no local non-property taxes levied specifically for schools. In addition, the District receives local option sales surtax revenues, educational impact fees, and earns interest on cash invested and collects other miscellaneous revenues.

AS DESCRIBED HEREIN, THE DISTRICT EXPECTS TO PAY THE BASIC RENT PAYMENTS WITH RESPECT TO THE SERIES 2026A CERTIFICATES FROM THE EDUCATIONAL IMPACT FEES AND THE CAPITAL OUTLAY MILLAGE AND WITH RESPECT TO THE SERIES 2026B CERTIFICATES FROM THE CAPITAL OUTLAY MILLAGE, EACH AS DESCRIBED BELOW. NOTWITHSTANDING THE FOREGOING, THE BOARD DOES NOT HAVE THE ABILITY TO APPROPRIATE BASIC RENT PAYMENTS FOR ONE LEASE OR SOME COMBINATION OF LEASE ONLY. THE BOARD'S ANNUAL APPROPRIATION FOR BASIC RENT PAYMENTS MUST BE FOR ALL LEASES UNDER THE MASTER LEASE PROGRAM OR IT MUST TERMINATE ALL LEASES UNDER THE MASTER LEASE. IN THE EVENT THE BOARD DECIDES NOT TO APPROPRIATE FUNDS IN ITS ANNUAL BUDGET FOR ALL OF SUCH LEASES, THE BOARD WOULD, AT THE TRUSTEE'S OPTION, HAVE TO SURRENDER PROJECTS, INCLUDING THE TRANSACTION PROJECTS, TO THE TRUSTEE FOR THE BENEFIT OF THE OWNERS OF THE CERTIFICATES WHICH FINANCED OR REFINANCED SUCH PROJECTS.

Capital Outlay Millage Levy. Local revenue for school district support is derived primarily from real and tangible personal property taxes. See also "AD VALOREM TAXATION."

School boards may levy non voted millage for capital outlay and maintenance purposes, pursuant to Section 1011.71(2), Florida Statutes (the "Capital Outlay Millage"). Revenues from the Capital Outlay Millage may be used to fund, among other things, new construction, remodeling, site acquisition and improvement; maintenance and repair; school bus purchases; payments under lease purchase agreements and certain short-term loans.

The maximum amount of Capital Outlay Millage may be up to 1.50 mills (each mill represents $1 of tax assessment per $1,000 of property value assessment, subject to certain exclusions). For each Fiscal Year since Fiscal Year 2020-21, the Board has levied a Capital Outlay Millage of 1.500 mills. The revenues generated from the Capital Outlay Millage received by the Board for Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25 are $64,261,360, $69,048,580, $86,830,455, $104,265,829, and $_____, respectively. The Board has budgeted to receive $115,855,677 of revenues generated from the Capital Outlay Millage for Fiscal Year 2025-26.

Payment of Lease Payments from the Capital Outlay Millage may not exceed three-fourths of the revenues generated from the Capital Outlay Millage; however, such three-fourths limitation is waived for lease-purchase agreements originally entered into prior to June 30, 2009. The three-fourths limitation is applicable to the Series 2010A-QSCB Lease Agreement, the Series 2011A Lease Agreement, the Series 2023A Certificates, the Series 2025A Certificates, and the Series 2026A Certificates.

If revenue generated from the Capital Outlay Millage is insufficient to make payments under a lease-purchase agreement entered into prior to June 30, 2008, an amount equal to the revenue generated

from 0.50 mills of the operating levy may be used to make such lease payments. Additionally, if revenue from the Capital Outlay Millage is insufficient to make payments due under a lease-purchase agreement entered into prior to June 30, 2009, or to meet other critical school district fixed capital outlay needs, a school board may elect to levy a capital outlay discretionary millage up to an additional 0.25 mills (the "Capital Outlay Discretionary Millage"). The Capital Outlay Discretionary Millage is in addition to the 1.50 mills Capital Outlay Millage and is in lieu of levying an equivalent amount of the Current Operating Discretionary Millage. The District did not levy any Capital Outlay Discretionary Millage for the Fiscal Years 2020-21 through 2024-25, and has not budgeted to levy any Capital Outlay Discretionary Millage for the Fiscal Year 2025-26. See "AD VALOREM TAXATION – Millage Set by Local Governing Body."

Maximum Construction Cost Limits. A school board may not use revenues from the Capital Outlay Millage to pay for any portion of the cost of any new construction of educational plant space with a total cost per student station, including change orders, in excess of the amounts set forth in Section 1013.64(6)(b)1., Florida Statutes, as adjusted (the "Maximum Cost Per Student Station"). For purposes of calculating the Maximum Cost Per Student Station, certain costs such as legal and administrative costs, site improvement costs (incidental to construction), costs related to hurricane sheltering/hardening, and school security/hardening capital improvements, among other costs, are not included. However, if the new construction of educational plant space is subject to a lease-purchase agreement entered into pursuant to Section 1011.71(2)(e), Florida Statutes (such as the Series 2026A Lease Agreement), a district school board (i) may use certain other funding sources (including the Surtax (as defined herein), educational impact fees, and voter approved ad valorem taxes, in each case if legally available for such purpose) to pay for the new construction of educational plant space, and (ii) may, but is not required to, use the Capital Outlay Millage and certain state funding sources to pay for the portion of the cost for new construction of educational plant space which does not exceed the Maximum Cost Per Student Station requirements or to costs which are not included in Maximum Cost Per Student Station calculation. See "RISK FACTORS – Construction Cost Maximums" herein.

On March 27, 2023, the Governor of the State approved House Bill No. 1 ("HB 1"), which provides that an unfinished construction project for new construction of educational plant space that was started on or before July 1, 2026, is exempt from the Maximum Cost Per Student Station. In 2024, the Florida Legislature enacted Senate Bill 7002 ("SB 7002"), which extends the exemption from the Maximum Cost Per Student Station to July 1, 2028. The Series 2026A Project is a construction project for new construction of educational plant space that will be started on or before July 1, 2028 and is exempt from the Maximum Cost Per Student Station. The Maximum Cost Per Student Station does not apply to the Series 2009 Project because it was constructed pursuant to a contract for architectural and design services or for construction management services before July 1, 2017.

Sharing of Capital Outlay Millage with Charter Schools. On May 11, 2023, CS/CS/HB Bill 1259 ("HB 1259") was signed into law by the Governor of the State. HB 1259 modifies the provisions of Section 1013.62, Florida Statutes, relating to Capital Outlay Millage revenues that are required to be shared with eligible charter schools in each school district in the State. HB 1259 removes a previously existing State funding threshold for purposes of determining whether Capital Outlay Millage revenues must be shared with eligible charter schools in a school district and establishes a five-year glide path of local sharing of Capital Outlay Millage revenues between each school district in the State and eligible charter schools therein. The calculation methodology set forth in HB 1259 first reduces a school district's available Capital Outlay Millage revenues by the school district's annual debt service for obligations incurred as of March 1, 2017, which are being satisfied by the Capital Outlay Millage revenues and which have not been subsequently retired. The remaining Capital Outlay Millage revenues are then divided by the sum of (a)

the school district's capital outlay FTE students and (b) the total number of FTE students at eligible charter schools in the school district to determine a capital outlay allocation per FTE student. Next, such capital outlay allocation per FTE student is multiplied by the total number of FTE students at each eligible charter school in the school district to determine a capital outlay allocation for each charter school in the school district. Next, if applicable, the capital outlay allocation to each charter school would be reduced by the total amount of State funds allocated to each charter school in the school district thereby reducing the amount of Capital Outlay Millage revenues required to be shared by the school district. The remaining amount, if any, is the amount the school district must share with eligible charter schools in the school district in such year. However, the legislation provides for a five-year phase in for such amounts so that the amount to be paid by the school district for each year pursuant to the above-described methodology was multiplied by 20% for Fiscal 2023-24 and increases by 20% each year until Fiscal Year 2027-28 at which time it would equal 100% of the amount described in the preceding sentence. HB 1259 took effect on July 1, 2023. These provisions of HB 1259 are expected to reduce the amount of Capital Outlay Millage revenues available to the Board to make Basic Rent Payments on the Series 2026A Certificates. The amount of Capital Outlay Millage revenues budgeted to be shared with charter schools for Fiscal Year 2025-26 is approximately $_____. Such amount is projected to increase to approximately $_____ by Fiscal Year 2028-29. However, the Board does not expect any such reduction to adversely impact its ability to make Basic Rent Payments on the Series 2026 Certificates or the Prior Certificates.

Primary Source of Lease Payments. The Capital Outlay Millage is the Board's primary source of payment of Lease Payments on the Transaction Lease Agreements and the Prior Leases. The Board is not required to levy any Capital Outlay Millage in the future. Since revenues from the levy of the Capital Outlay Millage may be used for, but not pledged to, the payment of Lease Payments under the Leases, the failure of the Board to levy any of the Capital Outlay Millage would have an adverse effect on available revenues from which the Board may appropriate to make Lease Payments. Additionally, the Capital Outlay Millage revenues are required to be shared with eligible charter schools in the District. See "AD VALOREM TAXATION – Legislation Relating to Ad Valorem Taxation" and "LEGISLATIVE CHANGES AFFECTING DISTRICT REVENUES – Distribution of Capital Outlay Millage Revenues to Charter Schools" for information concerning legislation that may adversely affect the District's taxable assessed valuation, the levy of the Capital Outlay Millage, and the Capital Outlay Millage available to make Lease Payments.

The following table sets forth the Capital Outlay Millage levy that would provide 1.00x coverage of the maximum annual Basic Rent Payments represented by the Prior Certificates and the Series 2026 Certificates, based on current law and assuming 96% collection of the taxes levied:

(1) Such figure is subject to change through the value adjustment board process. See "AD VALOREM TAXATION – Property Assessment and County Property Appraiser."

(2) As described above, the Transaction Projects are not subject to the Maximum Cost Per Student Station. Therefore, for purposes of this table, the Basic Rent Payments represented by the Series 2026 Certificates represent 100% of the Basic Rent Payments under the Series 2026 Lease Agreement.

(3) Preliminary, subject to change. Assumes the issuance of $_____ in principal amount of Series 2026 Certificates with a true interest cost of ____% and a final maturity of July 1, 20__. Assumes the Prior Certificates have the financial arrangements, assumptions, and accounting practices described in footnotes under "CERTIFICATE PAYMENT SCHEDULE." See "ESTIMATED SOURCES AND USES OF FUNDS."

(4) The Series 2010A-QSCB Lease Agreement, the Series 2011A Lease Agreement, the Series 2023A Lease Agreement, the Series 2025A Lease Agreement, and the Series 2026A Lease are subject to the 75% limitation on the use of the Capital Outlay Millage revenues for the payment of lease-purchase agreements and therefore, such limitation is taken into account in calculating the estimated millage levy that would satisfy the Maximum Annual Basic Rent Payments. Based on the current millage levy of 1.50 mills, the 75% limitation is 1.125 mills, of which the District is utilizing ____ mills in order to satisfy the Maximum Annual Basic Rent Payments Represented by the Series 2025A Certificates and the Prior Certificates.

(5) Based on requirements of HB 1259 as estimated by the District using information from the Fiscal Year 2025-26. Such estimate is subject to change, and the actual amount may vary from that estimated and such variation could be material. This figure estimates the amount required to be shared with eligible charter schools for Fiscal Year 2025-26, which represents the amount due for the second year of the five year phase-in. Such amount is projected to increase to approximately $_____ by Fiscal Year 2028-29; however, at this time, the actual amount of the Capital Outlay Millage revenues to be shared with eligible charter schools in future years cannot be determined because the amount of tax collections and charter school enrollment are unknown. See "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – Local Sources - Sharing of Capital Outlay Millage with Charter Schools" herein.

School Capital Outlay Surtax. Section 212.055(6), Florida Statutes, authorizes school boards to impose a discretionary sales surtax of 0.5% per dollar for fixed capital expenditures or fixed capital costs associated with the construction, reconstruction, or improvement of school facilities and campuses which have a useful life expectancy of five or more years, and any land acquisition, land improvement, design and engineering costs related thereto, as well as retrofitting and providing for technology implementation, including hardware and software for various sites within the District. Surtax revenues may be used for the purpose of servicing bond indebtedness to finance projects authorized by Section 212.055(6), Florida Statutes, and any interest accrued thereto may be held in trust to finance such projects. However, neither the surtax revenues nor any interest accrued thereto may be used for operational expenses. The levy of the surtax must be approved by a referendum of the electors of the county in which the school district is located. By statute, the sales amount above $5,000 on any item of tangible personal property is not subject to the surtax. On November 8, 2016, the citizens of the County approved an extension of the existing discretionary sales surtax of 0.5% (the "Surtax"), to be collected for a 15-year period commencing January 1, 2018, and, expiring on December 31, 2032. The proceeds of the Surtax are used to finance the costs of acquisition, construction, and installation of, and renovation to, certain capital improvements and educational facilities, as well as retrofitting and providing for technology implementation, including hardware and software for various sites, within the District.

The Board received Surtax revenues in the amounts of $36,684,612, $45,130,466, $49,701,086, $51,689,130, and $_____ in Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, 2024-25, respectively, and has budgeted to receive $54,891,909 in Fiscal Year 2025-26. Although sharing of Surtax revenues with eligible charter schools is required for referenda held on and after July 1, 2020, the Board has elected to share the Surtax revenues authorized by referendum approved on November 8, 2016 with eligible charter schools on an FTE basis (net of debt service payments on the Sales Tax Revenue Bonds (as defined herein) and any additional parity bonds issued under its Sales Tax Bond Resolution adopted on February 18, 2003). Sharing will initially be based on a 50% of FTE proportionate share, increasing to 60% in Fiscal Year 2026-27, increasing to 80% in Fiscal Year 2027-28, and 100% thereafter. The amount of the Surtax revenues distributed to the District is subject to increase or decrease due to increases or decreases in the dollar volume of taxable sales within the County, legislative changes relating to the Surtax, which may include changes in the scope of taxable sales, and other factors which may be beyond the control of the District, including, but not limited to the potential for increased use of electronic commerce and other internet-related sales activity that could have a material adverse impact upon the amount of sales tax revenues distributed to the District. See "RISK FACTORS – Spread of Highly Contagious, Epidemic, or Pandemic Diseases (COVID-19)" herein.

The District issued its Sales Tax Revenue Bonds, Series 2017 (the "Sales Tax Revenue Bonds"), currently outstanding the principal amount of $_____. The maximum annual debt service on the Sales Tax Revenue Bonds is equal to $_____. The Sales Tax Revenue Bonds are limited and special obligations of the District payable solely from and secured by a prior lien upon and pledge of the Surtax Revenues. The District may issue additional sales tax revenue bonds in the future. In the past, the District has used excess Surtax revenues for capital outlay projects and to pay the Basic Rent Payments represented by the Series 2015 Certificates. THE DISTRICT DOES NOT ANTICIPATE USING THE SURTAX REVENUES TO MAKE BASIC RENT PAYMENTS REPRESENTED BY THE SERIES 2026 CERTIFICATES.

Educational Impact Fees. The County imposes an educational impact fee based on an ordinance adopted by the Manatee County Board of County Commissioners (the "BOCC") in 2002 (the "Educational Impact Fees"). This ordinance was most recently amended on June 6, 2024, when Ordinance 24-22 revised

the Educational Impact Fees to be collected. The Educational Impact Fees are collected for most new residential construction by the County and each municipality within the County based on an interlocal agreement. The Educational Impact Fees are to be used solely for the purpose of providing capital improvements to the public educational system necessitated by new residential development and are not to be used for any expenditures that would be classified as maintenance or repair expense. The authorized uses include, but are not limited to, land acquisition; facility design and construction costs; furniture and equipment; and payment of principal, interest and related cost of indebtedness necessitated by new residential development.

For the Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, 2024-25 the District received $29,073,369 $31,150,906, $37,442,455, $42,385,540, and $_____, respectively, in Educational Impact Fee revenues. The Board has budgeted to collect $36,650,000 in Educational Impact Fee revenues for the Fiscal Year 2025-26. There can be no assurance that Educational Impact Fee revenues will be available to the Board in the future, as impact fee rates, as well as their levy, are subject to the discretion of the BOCC. In addition, Educational Impact Fee revenue collections will also vary depending on the rate at which the Educational Impact Fees are imposed, the categories of the buildings on which they are imposed, and the rate of new construction in the County, all of which are outside the control of the Board. Therefore, the Educational Impact Fee collection numbers provided herein, are not a reliable indication of the amount of revenues the Board can expect to receive in future years from the levy of Educational Impact Fees.

WHILE THE BOARD EXPECTS TO USE A PORTION OF THE EDUCATIONAL IMPACT FEE REVENUES TO PAY A PORTION OF THE BASIC RENT PAYMENTS REPRESENTED BY THE SERIES 2026A CERTIFICATES, THE EDUCATIONAL IMPACT FEE REVENUES ARE NOT PLEDGED TO THE PAYMENT OF THE SERIES 2026A CERTIFICATES, AND THE HOLDERS OF THE SERIES 2026A CERTIFICATES WILL NOT HAVE A LIEN UPON ANY EDUCATIONAL IMPACT FEE REVENUES. ADDITIONALLY, THE EDUCATIONAL IMPACT FEE REVENUES MAY BE PLEDGED TO SECURE OTHER BONDS OR OBLIGATIONS ISSUED BY THE DISTRICT IN THE FUTURE AND THE HOLDERS OF SUCH BONDS OR INDEBTEDNESS WOULD HAVE A PRIOR LIEN UPON SUCH EDUCATIONAL IMPACT REVENUES. NOTWITHSTANDING THE FOREGOING, THE DISTRICT DOES NOT CURRENTLY ANTICIPATE THE ISSUANCE OF ANY BONDS OR OBLIGATIONS SECURED BY A PLEDGE OF, AND LIEN UPON, THE EDUCATIONAL IMPACT FEE REVENUES; PROVIDED HOWEVER, THE DISTRICT MAY CAUSE THE ISSUANCE OF ADDITIONAL CERTIFICATES PAYABLE FROM THE EDUCATIONAL IMPACT FEE REVENUES. THE BOARD HAS NOT PLEDGED THE EDUCATIONAL IMPACT FEE REVENUES TO ANY INDEBTEDNESS.

OPERATING REVENUE OF THE DISTRICT

The District derives its operating income from a variety of federal, State, and local sources. Section 1013.15(2)(a), Florida Statutes, authorizes the use of operating revenues to make lease payments on lease-purchase agreements. While restrictions applicable to the use of certain types of operating revenues (such as federal revenues and State categorical revenues) may prohibit the use of such operating revenues by the Board to make Basic Rent Payments under Section 1013.15(2)(a), Florida Statutes, and there can be no assurance that such funds would be available to the Board to make Basic Rent Payments in the case of such conflicts. Prospective purchasers should assume that operating funds will not be available to make Basic Rent Payments represented by the Series 2026A Certificates and that such payments will be made solely from the Capital Outlay Millage. The major categories of these income sources for the operating revenues are briefly described below.

State Sources

The District's two major sources of funds from the State are (i) the basic Florida Education Finance Program ("FEFP") receipts and (ii) FEFP categorical program receipts.

Florida Education Finance Program. The major portion of State support is distributed under the provisions of the FEFP, which was enacted by the State Legislature in 1973. Basic FEFP funds are provided on a weighted FTE student basis and through a formula that takes into account: (a) varying program costs; (b) cost differentials between districts; (c) differences in per student costs due to the density of student population; and (d) the required level of local support. Program cost factors are determined by the Florida Legislature each year. The amount of FEFP funds disbursed by the State is adjusted four times during each year to reflect changes in FTE and in other variables comprising the formula, as well as to compensate for increases or decreases in ad valorem tax revenue resulting from adjustments to the valuation of non-exempt property in each county. To participate in FEFP funding, the District must levy a minimum millage for operating purposes, which is set by the Florida Department of Education. The District's general fund receipts from the state for FEFP pursuant to the above formula for Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25 were $129,100,470, $123,364,892, $117,738,050, $115,319,535, and $_____, respectively, and are budgeted at $130,545,995 for Fiscal Year 2025-26.

FEFP Categorical Program. FEFP categorical programs are lump sum appropriations from the State intended to supplement local school district revenues to enhance the delivery of educational and support services by each school district. Categorical funds are restricted, meaning that funds must be expended according to guidelines set by State statute, FDOE and/or Florida Administrative Code. In recent years, most categorical programs have been eliminated and the funds are now earmarked within the FEFP base student allocation. The only remaining categorical program is class size reduction. The allocation for class size reduction is based on a funding formula and the majority of the funds available require actual appropriation by the Board for the purposes for which they were provided. Class size reduction funds were $54,611,701, $50,320,297, $54,007,545, $53,621,821, and $_____ for Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25, respectively, and are budgeted at $51,287,887 for Fiscal Year 2025-26.

State Lottery Revenues. A portion of the revenues generated from the State lottery is distributed to each State school district as Discretionary Lottery revenue and Florida School Recognition Program revenue. The Florida School Recognition program recognizes schools that have received an "A" or improved at least one letter grade from the previous school year and, such revenues are required to be used for nonrecurring bonuses for school faculty and staff, nonrecurring expenditures for educational equipment or materials, for temporary personnel to assist schools in maintaining or improving student performance, or any combination of these. The District received $2,619,231 in Florida School Recognition revenues for Fiscal Years 2022-23. The Florida School Recognition program was not funded by the State for Fiscal Years 2020-21, 2021-22, 2023-24, and 2024-25 as the State waived its requirements for measuring school grade progress, which is the main component for awarding Florida School Recognition Funds. The District has not budgeted to receive any Florida School Recognition Funds for Fiscal Year 2025-26. The Discretionary Lottery program was not funded by the State for Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25. The District has not budgeted to receive any Discretionary Lottery revenues for Fiscal Year 2025-26.

Local Sources

Local revenue for District operating support is derived almost entirely from ad valorem real and tangible personal property taxes. In addition, the District earns interest on cash invested and collects other miscellaneous revenues.

The Constitution of the State of Florida limits the non-voted millage rate that school boards may levy on an annual basis for operational funds to 10 mills ($10 per $1,000 of taxable real and personal property value). The millage limitation does not apply to taxes approved at referendum by qualified electors in the County for general obligation bonds and certain other short-term, voter approved levies. Chapter 1011, Florida Statutes, further limits the millage levy for operational purposes to an amount established each year by the State appropriations act and finally certified by the Commissioner of the State Department of Education. Within this operational limit, each school district desiring to participate in the State's appropriation of FEFP funds for current operations must levy a non-voted millage rate that is determined annually by the Florida Legislature and certified by the Commissioner (the "Required Local Effort"). The Required Local Effort levied by the District for the Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25 were 3.724 mills, 3.628 mills, 3.274 mills, 3.173 mills, and 3.051 mills, respectively. The Board has budgeted that the Required Local Effort to be levied by the District for Fiscal Year 2025-26 is 3.056 mills.

In addition to the Required Local Effort, school districts are entitled to levy an additional non-voted current operating discretionary millage not to exceed an amount established annually by the Florida Legislature (the "Current Operating Discretionary Millage"). The District levied a Current Operating Discretionary Millage of 0.748 mills for each of the Fiscal Years 2020-21 through 2024-25. The Board has budgeted that the Current Operating Discretionary Millage to be levied by the District for Fiscal Year 2025-26 is 0.748 mills.

School boards may, upon approval by voters in a local referendum or general election, levy an additional millage for operating needs up to an amount that when combined with the non-voted millage does not exceed 10 mills (the "Additional Voted Operating Millage"). The Additional Voted Operating Millage shall be for a maximum of four years. The Board chose to seek voter approval for the levy of up to an additional 1.00 mills for operating purposes for a period of three years. The voters in the County approved such levy and the District levied or will levy 1.00 mills from July 1, 2022 through June 30, 2025. In November 2024, the voters in the County approved the continuation of such levy from July 1, 2025 through June 30, 2029. Based on a change in applicable law, the revenues from the Additional Voted Operating Millage for the Fiscal Year 2022-23 and beyond must be shared with charter schools in the District based on the proportionate share of unweighted FTE student enrollment. For the Fiscal Year 2025-26, the District has budgeted that such levy will generate approximately $77,237,118 million, approximately $_____ of which will be shared with charter schools in the District. See "AD VALOREM TAX PROCEDURES - Historical Millage" for current and historical millage levies.

Ad valorem tax revenue collections for operating levies for the Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, 2024-25 were $234,434,449, $247,484,131, $290,734,599, $342,075,648, and $_____, respectively. Ad valorem taxes for operating purposes are budgeted to be $371,047,114 for Fiscal Year 2025-26. The Additional Voted Operating Millage is included in the totals.

Federal Sources

The District receives certain federal moneys, both directly and through the State, substantially all of which are restricted for specific programs. Much of the revenue is derived from grants that are

renewed annually. Many grants reimburse for actual eligible expenses, therefore revenue is not accurately available until projects are reconciled at year end. Federal revenue sources recorded for Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25 were $79,529,957, $120,242,865, $119,202,459, $112,177,428, and $_____, respectively, and $_____ was budgeted at for Fiscal Year 2025-26. Such funds are not available to make Lease Payments on the Lease Agreements.

AD VALOREM TAXATION

The following information is provided in view of the fact that a large portion of the Board's revenues are derived from ad valorem taxation.

Property Assessment and County Property Appraiser

General. Ad valorem taxes may be levied only by counties, school districts, municipalities, and certain special districts (railroad properties are centrally assessed at the State level). No State ad valorem taxes shall be levied upon real estate or tangible personal property. State law requires that all ad valorem taxation be assessed at a uniform rate within each taxing unit and, with certain exceptions, that real and personal property subject to ad valorem taxation be assessed at 100% of its just value. See "AD VALOREM TAXATION – Property Assessment and County Property Appraiser – Limitation on Increase in Assessed Value of Property." The following property is generally subject to taxation in the manner provided by law: (a) all real and personal property in the State and all personal property belonging to persons residing in the State; and (b) all leasehold interests in property of the United States, of the State, or any political subdivision, municipality, agency, authority, or other public body corporate of the State. Pursuant to the Constitution of the State of Florida and State law, certain of such property may be exempt from ad valorem taxation. See "AD VALOREM TAXATION – Exemptions from Ad Valorem Taxation."

Determination of Property Valuation. The Property Appraiser of the County (the "Property Appraiser") determines property valuation on real and tangible personal property subject to ad valorem taxation as of January 1 of each year. By July 1 of each year, the Property Appraiser notifies the County, the District, each municipality within the County, and each other legally constituted special taxing district within the County as to its just valuation, the legal adjustments and exemptions, and the taxable valuation. The taxable valuation is then used by each taxing body to calculate its ad valorem millage for the budget year. See "AD VALOREM TAXATION – Millage Set by Local Governing Body" and "AD VALOREM TAXATION – Property Assessment and County Property Appraiser – Limitation on Increase in Assessed Value of Property" for limitations on increases in assessed value of property.

Limitation on Increase in Assessed Value of Property. The Constitution of the State of Florida limits the increases in assessed value of homestead property to the lower of (a) 3% of the assessment for the prior year or (b) the percentage change in the Consumer Price Index for all urban consumers, U.S. City Average, all items 1967=100, or successor reports for the preceding calendar year as initially reported by the United States Department of Labor, Bureau of Labor Statistics. The accumulated difference between the assessed value and the just value is known as the "Save Our Homes Benefit." Further, any change of ownership of homestead property or upon termination of homestead status such property shall be reassessed at just value as of January 1 of the year following the year of sale or change of status; new homestead property shall be assessed at just value as of January 1 of the year following the establishment of the homestead; and changes, additions, reductions or improvements to the homestead shall initially be assessed as provided for by general law.

Owners of homestead property may transfer up to $500,000 of their Save Our Homes Benefit to a new homestead property purchased within three years of the sale of their previous homestead property to which such benefit applied if the just value of the new homestead is greater than or is equal to the just value of the prior homestead. If the just value of the new homestead is less than the just value of the prior homestead, then owners of homestead property may transfer a proportional amount of their Save Our Homes Benefit, such proportional amount equaling the just value of the new homestead divided by the just value of the prior homestead multiplied by the assessed value of the prior homestead.

For all levies other than school district levies, assessment increases for specified non-homestead real property may not exceed 10% of the assessment for the prior year. See "AD VALOREM TAXATION – Legislation Relating to Ad Valorem Taxation – Recent Amendments Relating to Ad Valorem Taxation."

Preparation of Tax Roll. The Property Appraiser applies the final certified millage of each taxing body to the assessed valuation on each item of real and tangible personal property, and prepares the final tax roll which is certified to the Tax Collector of the County (the "Tax Collector") by October 1. This permits the printing of tax bills for delivery on November 1 of each year. The tax bills contain all of the overlapping and underlying millages set by the various taxing bodies. All ad valorem taxes are collected by the Tax Collector and distributed to the various taxing bodies. See "AD VALOREM TAXATION – Tax Collection and Distribution by County Tax Collector."

Appealing Property Valuation. Concurrently with notification to the various taxing bodies, the Property Appraiser notifies each property owner of the proposed valuation and the proposed millage on his or her property. If the individual property owner believes that his or her property has not been appraised at just value, the owner may (a) request an informal conference with the Property Appraiser to resolve the issue, (b) file a petition with the clerk of the County value adjustment board (the "Adjustment Board"), or (c) appeal to the Circuit Court within 60 days of the certification for collection of the tax roll or within 60 days of the issuance of a final decision by the Adjustment Board. A petition to the Adjustment Board must be signed by the taxpayer or be accompanied at the time of filing by the taxpayer's written authorization for representation by a qualified person. A taxpayer receives notice of the hearing and is required to provide the Property Appraiser with a list of evidence, copies of documentation, and summaries of testimony prior to the hearing before the Adjustment Board. The Adjustment Board holds public hearings on such petitions and may make adjustments to the valuations made by the Property Appraiser if such valuations are found not to be fair and at market value. The Adjustment Board must complete all required hearings and certify its decision with regard to all petitions and certify to the Property Appraiser the valuation to be used by June 1 following the tax year in which the assessments were made. The June 1 requirement shall be extended until December 1 in each year in which the number of petitions filed with the Adjustment Board increased by more than 10% over the previous year. These changes are then made to the final tax roll.

Property owners appealing the assessed value or assigned classification of their property must make a required partial payment of taxes (generally equal to 75% of the ad valorem taxes due, less the applicable statutory discount, if any) with respect to the properties that will have a petition pending on or after the delinquency date (normally April 1). A property owner's failure to make the required partial payment before the delinquency date will result in the denial of the property owner's petition.

Millage Set by Local Governing Body

General. The Constitution of the State of Florida provides that ad valorem taxes shall not be levied in excess of the following millages upon the assessed value of real estate and tangible personal property: for all county purposes, ten mills; for all municipal purposes, ten mills; for all school purposes, ten mills; for water management purposes for the northwest portion of the state lying west of the line between ranges two and three east, 0.05 mill; for water management purposes for the remaining portions of the state, 1.0 mill; and for all other special districts a millage authorized by law approved by voters. There is no limit on the amount of ad valorem taxes a local government may levy for the payment of debt service on voter-approved general obligation bonds.

As described above, the Property Appraiser is required to certify to each taxing authority the aggregate taxable value of all non-exempt property within the jurisdiction of the taxing authority, as well as the prior year's tax revenues, for use in connection with the determination of the forthcoming budget and millage levy. The form on which such certification is made by the Property Appraiser is required to include instructions to each taxing authority describing the proper method of computing a millage rate, which, exclusive of new construction, additions to structures, deletions and property added due to

geographic boundary changes, will provide the same ad valorem tax revenues for each taxing authority as was levied during the prior Fiscal Year. See "AD VALOREM TAXATION – Millage Set by Local Governing Body – Millage Rollback Legislation."

Each respective millage rate, except as limited by law, is set on the basis of estimates of revenue needs and the total taxable property valuation within the taxing authority's respective jurisdiction. Ad valorem taxes are not levied in excess of actual budget requirements. State law requires the Board to adopt and maintain a balanced tentative budget and a balanced final budget, in which anticipated revenues less certain required deductions combined with beginning fund balances equal appropriations. The Board is required to advertise its intent to adopt a tentative budget, including a capital outlay budget, within 29 days following receipt from the Property Appraiser of the preliminary certification of taxable value. The Board holds a public hearing on the tentative budget and the proposed tax rates within five days of its advertisement, and officially adopts the tentative budget and tax rates at the hearing. Thereafter, the Property Appraiser prepares tax millage notices for property owners within the District. The final budget and tax rate are fixed in September of each year, following a final public hearing and in accordance with statutory timelines. The Superintendent is responsible for preparing the preliminary and tentative budgets for recommendation to the Board. Generally, the final budget is substantially the same as the tentative budget since the Board's hiring plans and materials purchases have been determined before the final Budget is adopted. The Board adopted the final budget for the Fiscal Year 2025-26 on September 9, 2025.

As part of the budget process, the District is required to provide advance notice of the purposes for which the District intends to spend budgeted amounts, including those derived from the revenues generated from the Capital Outlay Millage, and to adopt a budget that shows the capital outlay expenditures applicable to each project. For information regarding the Capital Outlay Millage, see "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – Local Sources." The District currently lists in such notice all projects that may begin within the Fiscal Year which are reasonably anticipated to be funded from revenues generated from the estimated Capital Outlay Millage. This listing is provided to allow for public input for all capital outlay projects that are reasonably anticipated to be funded from the revenues.

Millage Rollback Legislation. In 2007, the Florida Legislature adopted a property tax plan that significantly impacted ad valorem tax collections for State local governments (the "Millage Rollback Legislation"). One component of the Millage Rollback Legislation required counties, cities, and special districts to rollback their millage rates for the Fiscal Year 2007-08 to a level that, with certain adjustments and exceptions, would generate the same level of ad valorem tax revenue as in Fiscal Year 2006-07; provided, however, depending upon the relative growth of each local government's own ad valorem tax revenues from 2001 to 2006, such rolled back millage rates were determined after first reducing 2006-07 ad valorem tax revenues by 0% to 9%. In addition, the Rollback Legislation also limited how much the aggregate amount of ad valorem tax revenues may increase in future Fiscal Years. A local government may override certain portions of these requirements by a supermajority, and for certain requirements, a unanimous vote of its governing body. School districts are not required to comply with the particular provisions of the Millage Rollback Legislation relating to limitations on increases in future years.

Tax Collection and Distribution by Tax Collector

General. All real and tangible personal property taxes are based on assessed values as certified and delivered to the Tax Collector by the Property Appraiser as described above. The Tax Collector mails to each property owner on the tax roll a tax bill for the taxes levied by the various taxing authorities in the County. Taxes may be paid upon receipt of such bill with discounts at the rate of 4% if paid in the month of November, 3% if paid in the month of December, 2% if paid in the month of January, and 1% if paid in the month of February. Taxes paid during the month of March are without discount. Because of the discount in ad valorem taxes for payments made prior to March 1, taxes collected will likely never be 100% of the tax levy.

The Tax Collector is required to distribute the taxes collected to each governmental unit levying the tax. Such distribution is to be made four times during the first two months after the tax roll comes into its possession, and once per month thereafter.

Delinquent Taxes. All unpaid taxes on real and tangible property become delinquent on April 1 of the year following the year in which taxes were levied. Delinquent real property taxes bear interest at the rate of 18% per year from April 1 until paid, or until payment is no longer required or until a tax certificate is sold at auction (from which time the interest rate shall be as bid by the buyer of the tax certificate). Delinquent tangible personal property taxes also bear interest at the rate of 18% per year from

April 1 until paid. Delinquent personal property taxes must be advertised within 45 days after delinquency, and after May 1, the property is subject to warrant, levy, seizure and sale.

Tax Certificates and Tax Deeds. On or before June 1 or the 60th day after the date of delinquency, whichever is later, the Tax Collector must advertise once each week for three weeks and must sell tax certificates on all real property that is the subject of delinquent taxes. The tax certificates are sold to those bidding the lowest interest rate. Such certificates include the amount of delinquent taxes, the penalty interest accrued thereon and the cost of advertising. Delinquent tax certificates not sold at auction become the property of the County. State law provides that real property tax liens are superior to all other liens, except prior Internal Revenue Service liens.

To redeem a tax certificate, the owner of the property must pay all delinquent taxes, the interest that accrued prior to the date of the sale of the tax certificate, charges incurred in connection with the sale of the tax certificate, omitted taxes, if any, and interest at the rate shown on the tax certificate (or interest at the rate of 5%, whichever is higher) from the date of the sale of the tax certificate to the date of redemption. If such tax certificates or liens are not redeemed by the property owner within two years, the holder of the tax certificates can cause the property to be sold to pay off the outstanding certificates and the interest thereon.

At any time after two years have elapsed since April 1 of the year of the issuance of a tax certificate and before the expiration of seven years, the holder of the tax certificate may apply for a tax deed with respect to any tax certificate it holds. Two years after such April 1, the County may make application for a tax deed with respect to any tax certificate it holds. Upon receipt of such applications, a public sale is advertised and held (unless the property is redeemed), and the highest bidder at such sale receives a tax deed for the property. Provisions are also made for the collection of delinquent tangible personal property taxes, but in a different manner, which includes the possible seizure of the tangible personal property.

Exemptions from Ad Valorem Taxation

General. State law provides for numerous exemptions and limitations on ad valorem taxation of real property and tangible personal property. Real property used for the following purposes is generally exempt from ad valorem taxation: religious, educational, literary, charitable, scientific, and governmental uses. Certain additional exemptions and limitations are described below. This description does not purport to describe all exemptions available to property owners in the State, and reference is made to the Constitution of the State of Florida and Chapter 196, Florida Statutes, for a full description of such exemptions. In addition, State law allows for, but does not mandate, the imposition of some exemptions by local governments by ordinance. Certain recent amendments to existing provisions relating to ad valorem tax exemptions are described under "AD VALOREM TAXATION – Legislation Relating to Ad Valorem Taxation – Recent Amendments Relating to Ad Valorem Taxation."

Constitutional Exemptions. The Constitution of the State of Florida provides for the following exemptions from ad valorem taxation:

Exempt Entities/Exempt Purposes. The Constitution of the State of Florida provides that all property owned by a municipality and used exclusively by it for municipal or public purposes shall be exempt from taxation. A municipality, owning property outside the municipality, may be required by general law to make payment to the taxing unit in which the property is located. Such portions of property as are

used predominantly for educational, literary, scientific, religious or charitable purposes (exempt purposes) may be exempted by general law from taxation. State law provides that all property owned by an exempt entity, including educational institutions, and used exclusively for exempt purposes shall be totally exempt from ad valorem taxation and all property owned by an exempt entity, including educational institutions, and used predominantly for exempt purposes (at least 50%) shall be exempted from ad valorem taxation to the extent of the ratio that such predominant use bears to the nonexempt use.

Household Goods and Personal Effects. The Constitution of the State of Florida provides that there shall be exempt from taxation, cumulatively, to every head of a family residing in the State, household goods and personal effects to the value fixed by general law, not less than $1,000 and to every widow or widower or person who is blind or totally and permanently disabled, property to the value fixed by general law not less than $500. State law exempts from taxation to every person residing and making his or her permanent home in the State, all household goods and personal effects and exempt property up to the value of $500 of every widow, widower, blind person, or totally and permanently disabled person who is a resident of the State.

Tangible Personal Property and Renewable Energy Devices. The Constitution of the State of Florida provides that by general law and subject to conditions specified therein, $25,000 of the assessed value of property subject to tangible personal property tax shall be exempt from ad valorem taxation. Effective January 1, 2018 through December 31, 2037, the assessed value of solar devices or renewable energy source devices subject to tangible personal property tax may be exempt from ad valorem taxation, subject to limitations provided by general law.

Property Dedicated in Perpetuity for Conservation. The Constitution of the State of Florida provides that there shall be granted an ad valorem tax exemption for certain real property dedicated in perpetuity for conservation purposes, including real property encumbered by perpetual conservation easements or by other perpetual conservation protections, as defined by general law.

Homestead Exemption. The Constitution of the State of Florida provides for a homestead exemption. Every person who has the legal title or beneficial title in equity to real property in the State and who resides thereon and in good faith makes the same his or her permanent residence or the permanent residence of others legally or naturally dependent upon such person is eligible to receive a homestead exemption of up to $50,000. The first $25,000 applies to all property taxes, including school district taxes. The additional exemption, up to $25,000, applicable to the assessed value of the property between $50,000 and $75,000, applies to all levies other than school district levies. A person who is receiving or claiming the benefit of an ad valorem tax exemption or a tax credit in another state where permanent residency, or residency of another legally or naturally dependent upon the owner, is required as a basis for the granting of that ad valorem tax exemption or tax credit is not entitled to the homestead exemption. In addition to the general homestead exemption described in this paragraph, the following additional homestead exemptions are authorized by State law.

Certain Active Duty Military and Veterans. A military veteran who was honorably discharged, is a resident of the State, and who is disabled to a degree of 10% or more because of injury while serving during wartime may be entitled to a $5,000 reduction in the assessed value of his or her property. This exemption is not limited to homestead property. Under certain circumstances, a veteran's surviving spouse may be entitled to carry over these exemptions.

Permanently and Totally Disabled Veterans. A military veteran who is a resident of the State and was honorably discharged with a service-related total and permanent disability may be eligible for a total exemption from taxes on property they own and use as their homesteads. A similar exemption is available to disabled veterans confined to wheelchairs. Under certain circumstances, the veteran's surviving spouse may be entitled to carry over these exemptions.

Discounts for Disabled Veterans. Each veteran who is age 65 or older and is partially or totally permanently disabled may receive a discount on the assessed value of the property that the veteran owns and uses as a homestead. The discount is a percentage equal to the percentage of the veteran's permanent, service-connected disability as determined by the United States Department of Veteran's Affairs. Under certain circumstances, the veteran's surviving spouse may be entitled to carry over these exemptions.

Deployed Military Personnel. Each person who receives a homestead exemption; who was a member of the United States military or military reserves, the United States Coast Guard or its reserves, or the Florida National Guard; and who was deployed during the preceding calendar year on active duty outside the continental United States, Alaska, or Hawaii in support of military operations designated by the Florida Legislature shall receive an additional exemption equal to a percentage of the taxable value of his or her homestead property. The applicable percentage shall be calculated as the number of days during the preceding calendar year the person was deployed on active duty outside the continental United States, Alaska, or Hawaii in support of military operations designated by the legislature divided by the number of days in that year.

Exemption for Disabled First Responders. First responders who are totally and permanently disabled as a result of injuries sustained in the line of duty receive ad valorem tax relief on their homestead property. The amount of tax relief, to be defined by general law, can equal the total amount or a portion of the ad valorem tax otherwise owed on the homestead property. The State defines first responders as law enforcement officers, correctional officers, firefighters, emergency medical technicians, and paramedics.

Surviving Spouses of First Responders. Any real estate that is owned and used as a homestead by the surviving spouse of a first responder (law enforcement officer, correctional officer, firefighter, emergency medical technician or paramedic), who died in the line of duty may be granted a total exemption on homestead property if the first responder and his or her surviving spouse were permanent residents of the State on January 1 of the year in which the first responder died.

Certain Totally and Permanently Disabled Persons. Any real estate used and owned as a homestead by a quadriplegic, less any portion used for commercial purposes, is exempt from all ad valorem taxation. Real estate used and owned as a homestead by a paraplegic, hemiplegic, or other totally and permanently disabled person, who must use a wheelchair for mobility or who is legally blind, is exempt from taxation if the gross household income is below statutory limits.

Other Exemptions. Other exemptions include, but are not limited to, nonprofit homes for the aged (subject to income limits for residents), proprietary continuing care facilities, not for profit sewer water/wastewater systems, certain hospital facilities and nursing homes for special services, charter schools, certain historic property used for commercial purposes, and certain tangible personal property.

Legislation Relating to Ad Valorem Taxation

Recent Amendments Relating to Ad Valorem Taxation. In recent legislative sessions, several legislative proposals and proposed constitutional amendments were passed (and in the case of constitutional amendments, approved by voters) affecting ad valorem taxation, including classification of agricultural lands during periods of eradication or quarantine, deleting requirements that conservation easements be renewed annually, providing an additional homestead exemption and/or exemption equal to the just value of real property for income restricted persons age 65 or older who have maintained such property as the permanent residence for at least 25 years, authorizing a first responder who is totally and permanently disabled as a result of injuries sustained in the line of duty to receive relief from ad valorem taxes assessed on homestead property, revising procedures with respect to assessments, hearings and notifications by the value adjustment board, and revising the interest rate on unpaid ad valorem taxes.

Future Amendments Relating to Ad Valorem Taxation. Historically, various legislative proposals and constitutional amendments relating to ad valorem taxation have been introduced in each session of the Florida Legislature. Many of these proposals have provided for new or increased exemptions to ad valorem taxation and limited increases in assessed valuation of certain types of property or otherwise restricted the ability of local governments in the State to levy ad valorem taxes at current levels. There can be no assurance that similar or additional legislative or other proposals will not be introduced or enacted in the future that would have a material adverse effect upon the collection of ad valorem taxes by the District, the District's finances in general or the District's ad valorem taxing power.

Select Committee on Property Taxes. On April 29, 2025, the Speaker of the Florida House of Representatives announced the creation of the Select Committee on Property Taxes (the "Select Committee") to consider various property tax reforms in the State. On May 2, 2025, the Select Committee convened for its first meeting to discuss five proposals regarding providing property tax relief, including (i) eliminating foreclosures on homestead properties due to property tax liens, (ii) requiring a referendum on eliminating property taxes on homestead properties, (iii) creating a $500,000 homestead exemption for non-school property taxes, which would increase to $1 million for residents age 65 and older or those who have had a homestead in the State for 30 years or more, (iv) authorizing the legislature to increase the homestead exemption to any value by general law, and (v) changing the caps on annual increases for homestead property. Recommendations from the Select Committee are expected to be considered during the 2026 regular Florida legislative session and, if enacted, placed on the November 26 general election ballot. There can be no assurance that any such proposals, or similar or additional proposals, will not be introduced or enacted by the legislature or approved by the electors, if applicable, in the future that would or might apply to, or may have a material adverse effect upon, the District's finances in general or the District's ad valorem taxing power, the amount of ad valorem tax revenues collected by the District, and the District's ability to make Basic Rent Payments on the Series 2026 Certificates or the Prior Certificates. See "RISK FACTORS – Legislative Changes" herein.

Note: Property Taxes become due and payable on November 1st of each year. A four percent (4%) discount is allowed if taxes are paid in November, with the discounts declining by one percent (1%) each month thereafter. Accordingly, taxes collected will never be 100% of the tax levy. Taxes become delinquent on April 1st of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1st of each year. Accordingly, majority of taxes are collected in the fiscal year levied.

LEGISLATIVE CHANGES AFFECTING DISTRICT REVENUES

General

During recent years, various other legislative proposals and constitutional amendments relating to ad valorem taxation and District revenues have been introduced in the State Legislature. Many of these proposals provide for new or increased exemptions to ad valorem taxation, limit increases in assessed valuation of certain types of property or otherwise restrict the ability of local governments in the State to levy ad valorem taxes at recent, historical levels. Other proposals have sought to restrict the ability of local governments to use certain revenues for payment of debt service, to provide for additional procedures and notices to issue tax-supported debt or to require certain local revenues to be shared with charter schools in the school district. There can be no assurance that similar or additional legislative or other proposals will not be introduced or enacted in the future that would, or might apply to, or have a material adverse effect upon, the District or its finances.

Class Size Reduction

Amendment 9 to the Constitution of the State of Florida requires that the Florida Legislature provide funding for sufficient classrooms so that class sizes can be reduced to certain constitutional class

size maximums and Sections 1003.03 and 1013.735, Florida Statutes, implements Amendment 9 (together with Amendment 9, the "Class Size Legislation").

The Class Size Legislation establishes constitutional class size maximums limiting students per class to no more than 18 for pre-kindergarten through third grade, 22 for grades fourth through eighth and 25 for grades ninth through 12th. Compliance is determined on a period-by-period basis. The Class Size Legislation also created an "Operating Categorical Fund for Class Size Reduction," the "Classroom for Kids Program," the "District Effort Recognition Grant Program" and the "Class Size Reduction Lottery Revenue Bond Program" to provide funding for capital outlays and operating expenditures necessary to satisfy the mandated class size reductions.

The Class Size Legislation requires each school board to consider implementing various policies and methods to meet these constitutional class sizes, including encouraging dual enrollment courses, encouraging the Florida Virtual School, maximizing instructional staff, reducing construction costs, using joint-use facilities, implementing alternative class scheduling, redrawing attendance zones, implementing evening and multiple sessions and implementing year-round and non-traditional calendars.

The District complied with the requirements of the Class Size Legislation for the 2023-24 school year. The District expects to be in compliance with the class size maximum for the 2024-25 school year. There can be no assurances that the District will be able to maintain its class size in the manner currently mandated by the Class Size Legislation. While the Class Size Legislation requires that the Florida Legislature, and not local school districts, is generally responsible for the cost of compliance, there can be no assurance that the Florida Legislature will provide funds sufficient to meet the ongoing capital, facility, and operating needs of the District required by the Class Size Legislation. Further, there can be no assurance that the District will have funds sufficient to meet the ongoing capital, facility and operating needs of the District required by the Class Size Legislation or that compliance therewith will not adversely affect other capital needs and operating costs of the District.

Pre-K Programs

The Constitution of the State of Florida provides that every four year old child in the State shall be offered a free, high quality pre-kindergarten learning opportunity by the State. Chapter 1002, Part V, Florida Statutes, creates a statewide Voluntary Pre-kindergarten Education Program (together with the Constitutional amendment, the "Pre-K Legislation"). Among other things, the Pre-K Legislation provides eligibility and enrollment requirements, authorizes parents to enroll their children in a school-year pre-kindergarten ("Pre-K") program delivered by a private Pre-K provider, a summer program delivered by a public school or private Pre-K provider or, if offered in a school district that meets class-size reduction requirements, a school year Pre-K program delivered by a public school. The Pre-K Legislation also requires school districts to deliver summer Pre-K programs and permits school districts to deliver school year Pre-K programs. Additionally, the Pre-K Legislation appropriates State funds to finance the Pre-K programs and provides the method for calculating the funds allocated to each Pre-K program provider.

There can be no assurance that the Florida Legislature will provide funds sufficient to meet the ongoing capital and facility needs of the District required by the Pre-K Legislation. Further, there can be no assurance that the District will have funds sufficient to meet the ongoing capital and facility needs of the District required by the Pre-K Legislation or that ongoing compliance therewith will not adversely affect other capital needs and operating costs of the District.

Educational Choice

In 2016, the Florida Legislature enacted House Bill 7029 ("HB 7029"). Among other things, HB 7029 allows a parent whose child is not subject to a current expulsion or suspension order may seek enrollment in and transport his or her child to any public school in the State, including a charter school, which has not reached capacity. The school district or charter school shall accept and report the student for purposes of funding through the FEFP. The school district or charter school may provide student transportation at their discretion. HB 7029 requires the capacity determinations of each school district and charter school to be current and identified on their respective school websites. Each school must provide preferential treatment in its controlled open enrollment process to: (a) dependent children of active duty military personnel who moved as a result of military orders, (b) children relocated due to foster care placement in a different school zone, (c) children relocated due to a court ordered change in custody as a result of separation or divorce, or the serious illness or death of a parent, and (d) students residing in the school district. Students residing in the school district may not be displaced by a student from another school district. A student who transfers may remain at the school until the student completes the highest grade level offered. This law took effect with the 2017-18 school year. At present, the impact of the school choice provisions of HB 7029 on the District's finances has been minimal.

House Bill No. 7045 ("HB 7045") was passed during the 2021 Florida legislative session and signed into law by Governor DeSantis. HB 7045 merged the State's school choice programs for certain disabled students and expanded eligibility for school voucher programs for low- and middle-income students and students subject to harassment, consolidated existing school-choice programs, increased the amount of State funding for the consolidated school-choice programs to $200 million and allowed the use of scholarship funds for private school tuition and other expenses such as tutoring, computers, and internet access. If a significant number of eligible students transition to private schools, it is likely to have an adverse impact on the District's finances. See "RISK FACTORS – State Revenues" herein.

HB 1, which significantly expanded the eligibility criteria of the State's school voucher programs, was signed into law by Florida Governor Ron DeSantis on March 27, 2023. HB 1, among other things, expanded eligibility for the Florida Tax Credit Scholarship Program and the Family Empowerment Scholarship Program to any student that is a resident of Florida and is eligible to enroll in kindergarten through grade 12 in a public school. The Family Empowerment Scholarship Program is divided into three programs, the Family Empowerment Scholarship for students attending private schools (the "FES-EO"), the Family Empowerment Scholarship for students with disabilities (the "FES-UA") and the Hope Scholarship Program. HB 1 significantly increased the number of Florida Tax Credit Scholarships that may be awarded each year, and then removes the limits beginning in 2027-28. HB 1, in combination with House Bill 3C which was signed into law and became effective on November 13, 2023, removed the existing limits on the number of FES-EO scholarships that may be given each year. HB 1 also provided that the amount of the Family Empowerment Scholarship is equal to 100% of the school district's FEFP funding per student, including most categorical grants. HB 1 authorized uses of scholarship funds include, among other authorized expenses, tuition and fees for a student to attend eligible private schools. HB 1 took effect on July 1, 2023. House Bill 1403 ("HB 1403") was passed during the 2024 regular Florida legislative session and, among other things, expands eligibility for the Florida Tax Credit Scholarship Program and the Family Empowerment Scholarship Program to include the dependent children of active duty members of the United States Armed Forces who meet certain residency requirements, increases the FES-UA cap from three percent to five percent and repeals the scholarship funding portion of the Hope Scholarship Program. HB 1403 took effect on July 1, 2024. The expansion of the school choice programs in the State could potentially lead to a substantial increase in the number of

Florida Tax Credit Scholarships and/or Family Empowerment Scholarship recipients. [While the District has seen a small percentage of students migrate to private schools or other scholarship eligible programs to date, most scholarship recipients in the District have been students who were already enrolled in private school and would not be expected to enroll in a public school.] However, if a significant number of eligible students in the District transition to private schools or other scholarship eligible programs, it is likely to have an adverse impact on the District's finances. See "RISK FACTORS – State Revenues" herein.

Distribution of Capital Outlay Millage Revenues to Charter Schools

On May 11, 2023, the Governor of the State signed HB 1259, which took effect on July 1, 2023. HB 1259 revises the methodology for calculating when school districts must share Capital Outlay Millage revenues with eligible charter schools in such school district. The provisions of HB 1259 requires the District share additional Capital Outlay Millage revenues with eligible charter schools in the District and therefore reduce the amount of Capital Outlay Millage revenues available to pay Basic Rent Payments represented by the Series 2026 Certificates. For Fiscal Year 2025-26, the District has budgeted to share $_____ in Capital Outlay Millage revenues with eligible charter schools in the District. Such amount is projected to increase to approximately $_____ by Fiscal Year 2028-29; however, the Board does not expect any reduction in the Capital Outlay Millage revenues to adversely impact its ability to make Basic Rent Payments under the Master Lease. See "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – Local Revenue Sources – Sharing of Capital Outlay Millage Levy with Charter Schools" herein.

Schools of Hope

In addition to requiring school districts to share the Capital Outlay Millage with charter schools, HB 7069, as amended by HB 7070 in 2019, also establishes the Schools of Hope Program to encourage traditional public schools within the State and charter operators throughout the country to replicate their model and service students from persistently low-performing schools and students who reside in a Florida Opportunity Zone (as defined therein). These provisions of HB 7069, now codified in Section 1002.333, Florida Statutes, provide for the establishment of Schools of Hope, which are charter schools operated by a Hope Operator to service students from one or more persistently low-performing schools; are located within a Florida Opportunity Zone or in the attendance zone of the persistently low-performing school or within a five mile radius of such school, whichever is greater; and is a Title I eligible school. Section 1002.333, Florida Statutes, defines "persistently low-performing schools" as schools that have earned three consecutive school grades below a "C" pursuant to Section 1008.34, Florida Statutes, in at least three of the previous five years and has not earned a school grade of "B" or higher in the most recent two school years, and a school that was closed pursuant to Section 1008.33(4), Florida Statutes within two years of a notice of intent, and defines "Hope Operators" as nonprofit organizations that operate three or more charter schools with a record of serving students from low-income families and receives such designation from the Florida Department of Education. Pursuant to Section 1002.333, Florida Statutes, the statutory requirements for the application, approval, and contract that apply to charter schools do not apply to Schools of Hope; instead, a Hope Operator submits a notice of intent to a school district in order to open a School of Hope and the school district is required to enter into a performance based agreement with a Hope Operator within 60 days of receiving a notice of intent.

In addition, Section 1002.333, Florida Statutes, also (a) provides Schools of Hope with certain statutory authority, including, but not limited to, allowing a School of Hope to be designated as a local educational agency for the purposes of receiving federal funds; (b) provides that Schools of Hope are

exempt from Chapters 1000-1013, Florida Statutes, and all school board policies, except any laws related to (i) the student assessment program and school grading system, (ii) student progression and graduation, (iii) provisions of services to students with disabilities, (iv) civil rights, (v) student health, safety, and welfare, (vi) public meetings, (vii) public records, and (viii) the code of ethics for public officers and employees; (c) provides provisions for facilities for Schools of Hope; (d) provides provisions for funding Schools of Hope, including that they be funded in accordance with the statutory provisions relating to funding for charter schools and be considered a charter school for purposes of charter school capital outlay; (e) establishes the School of Hope Program to cover specified operational expenses for Schools of Hope; and (f) establishes the Schools of Hope Revolving Loan Program to help Schools of Hope cover school building construction and startup costs.

On June 30, 2025, Senate Bill 2510 ("SB 2510") was signed into law by the Governor. SB 2510, among other things, modifies the provisions of Section 1002.333, Florida Statutes, relating to the requirements for the establishment of Schools of Hope including adding provisions allowing a School of Hope to be located outside of a Florida Opportunity Zone or the attendance zone of the persistently low-performing school under certain circumstances, allowing a Hope Operator seeking to open a School of Hope to submit an application to a state university or a Florida College System institution and enter an agreement with such state university of Florida College System institution, and allowing a School of Hope to collocate with another school in a public school facility. The school district must permit any School of Hope to use all or part of underused, vacant, or surplus school district facilities, and receive facility-related services, pursuant to State Board of Education rule. Students enrolled in the School of Hope shall be included in the district's total capital outlay full-time equivalent membership for the purpose of Section 1013.62, Florida Statutes, and for calculating the Public Education Capital Outlay Maintenance finds or any other maintenance funds for the facility.

The District has ____ schools that are considered "persistently low-performing schools" under Section 1002.333, Florida Statutes. Since FDOE began identifying persistently low-performing schools, there has not been a material adverse impact to the individual schools identified or the District.

Public Safety Mandate

In 2018, the Florida Legislature passed Senate Bill 7026 ("SB 7026") which, among other things, includes provisions designed to: enhance school safety policies, procedures, and personnel at the State and local level; improve and expand mental health services; and revise laws and empower law enforcement and the courts to limit access to firearms by young adults or by individuals exhibiting a risk of harming themselves or others. Specifically, SB 7026 requires each school board and superintendent to partner with law enforcement agencies to establish or assign one or more safe-school officers at each school facility within the district by implementing any combination of the following options: (a) establish school resource officer programs through cooperative agreements with law enforcement agencies; (b) commission one or more school safety officers for the protection and safety of school personnel, property, and students within the school district; (c) at a school district's discretion, and if established by the sheriff's office, participate in the Guardian Program, which allows certain school employees (but not employees who exclusively perform classroom duties as classroom teachers) to carry a firearm on school grounds if such employee volunteers and completes the statutorily required training. During the Florida Legislature's 2019 Regular Session, the Florida Legislature enacted Committee Substitute for Senate Bill SB 7030 ("SB 7030"), which, among other things, removes the prohibition on individuals who perform exclusively classroom duties as a teacher from participating in the Guardian Program. However, the decision to allow teachers to be armed guardians remains with each individual school board. It is the

consensus of the Board to not allow the arming of teachers in any fashion in the District. The District has complied with the mandate by adding school resource officers or Guardian trained security guards to every school and adding additional security features at every school.

For Fiscal Year 2025-26, the FDOE allocated $_____ to the District for school safety, an increase of $_____ from Fiscal Year 2024-25. Of this, approximately $_____ will be allocated to charter schools. The remaining $_____ will be applied to the total cost of implementing SB 7026. The additional cost to the District has been funded from the general fund.

RISK FACTORS

The purchasers of the Series 2026 Certificates are subject to certain risks. Each prospective investor in the Series 2026 Certificates is encouraged to read this Offering Statement in its entirety. Particular attention should be given to the factors described below which, among others, could affect the market price of the Series 2026 Certificates to an extent that cannot be determined. The following is not, and is not intended to be, a complete description of all the risk factors that may affect the repayment of the Series 2026 Certificates.

Annual Right of the Board to Terminate the Transaction Lease Agreements

Although the Board has determined in the Master Lease that the Transaction Projects are necessary to its operations and currently intends to continue the Transaction Lease Agreements with respect to the Transaction Projects for the Maximum Lease Term and has covenanted in the Transaction Lease Agreements that the Superintendent will include a sufficient amount in the tentative Budget and final Budget to enable the Board to pay the Basic Rent Payments due in each Fiscal Year, the Board is not required to appropriate funds to pay the Basic Rent Payments. If for any Fiscal Year the Board does not approve a tentative Budget and a final Budget which appropriates sufficient funds from Available Revenues in a line item specifically identified for payment of its obligations under the Master Lease, the Transaction Lease Agreements shall terminate as of the last day of the Initial Lease Term or last Renewal Lease Term for which moneys have been budgeted and appropriated with respect to the Transaction Projects, the Prior Projects, and all other Projects financed thereunder, and the Board will not be obligated to make Basic Rent Payments accruing or arising thereafter, and the Board shall be required to surrender use, possession and control of the Transaction Projects, the Prior Projects, and all other Projects (in each case, excluding Designated Equipment) to the Trustee within 30 Business Days after the date on which such Event of Non-Appropriation occurs.

THE LIKELIHOOD THAT THE TRANSACTION LEASE AGREEMENTS WILL BE TERMINATED AS THE RESULT OF AN EVENT OF NON-APPROPRIATION IS DEPENDENT UPON CERTAIN FACTORS THAT ARE BEYOND THE CONTROL OF THE CERTIFICATE OWNERS, INCLUDING THE CONTINUING FUTURE UTILITY OF THE TRANSACTION PROJECTS AND THE PRIOR PROJECTS TO THE BOARD AND CHANGES IN POPULATION OR DEMOGRAPHICS WITHIN THE COUNTY (WHICH MAY IMPACT SUCH FUTURE UTILITY).

Limitation Upon Disposition; Ability to Sell or Relet

Following an Event of Default under the Series 2026 Trust Agreements (which includes an Event of Non-Appropriation or Event of Default under the Master Lease), the Trustee may take possession of all or a portion of the Transaction Projects (other than Designated Equipment). However, due to the

governmental nature of the Transaction Projects, it is not certain whether a court would permit the exercise of the remedies to sell, relet or dispose of the Transaction Projects. Also, there is no assurance that the Trustee will be able to sell, relet or dispose of the components of the Transaction Projects or that the Owners of the Series 2026 Certificates will obtain payment of all or any portion of the Principal Component or the Interest Component thereof upon an Event of Default under the Series 2026 Trust Agreements.

No Reserve Accounts

There are no Reserve Accounts for the Series 2026 Certificates. However, pursuant to a Supplemental Trust Agreement authorizing the issuance of any Series of Certificates, there may be established and maintained a separate Reserve Account to secure the payment of the principal and/or interest portion of the Basic Rent Payments related to such Series of Certificates. Each such Reserve Account shall secure only the Series of Certificates for which it has been established. See "APPENDIX C – MASTER TRUST AGREEMENT AND FORMS OF SERIES 2026A SUPPLEMENTAL TRUST AGREEMENT AND SERIES 2026B SUPPLEMENTAL TRUST AGREEMENT."

Tax Exempt Status

Upon termination of the Master Lease, there is no assurance that payments made by the Trustee or the Insurer, if any, with respect to the Series 2026 Certificates and the Interest Component of Basic Rent Payments represented by the Series 2026 Certificates will be excludable from gross income for federal income tax purposes. See "TAX MATTERS" herein.

Applicability of Securities Laws

In the event of the termination of the Master Lease, the transfer of the Series 2026 Certificates may be subject to or conditioned upon compliance with the registration provisions of applicable federal and state securities laws. Accordingly, there is no assurance that liquidity of the Series 2026 Certificates will not be impaired following termination of the Master Lease.

Capital Outlay Millage Levy

The amount which can be realized by the District derived from the Capital Outlay Millage can be affected by a variety of factors not within the control of the District or the Board including, without limitation, fluctuations in the level of the assessed valuation of property within the District. See "AD VALOREM TAXATION – Assessed Valuation of Taxable Property." Moreover, the maximum Capital Outlay Millage that may be levied and used for Lease Payments is subject to legislative change. See "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – Local Sources" and "LEGISLATIVE CHANGES AFFECTING DISTRICT REVENUES – Distribution of Capital Outlay Millage Revenues to Charter Schools."

The maximum lawful Capital Outlay Millage is also subject to change pursuant to changes in applicable law and may be subject to sharing with charter schools in the District in future years. See "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – Local Sources" herein and "LEGISLATIVE CHANGES AFFECTING DISTRICT REVENUES – Distribution of Capital Outlay Millage

Revenues to Charter Schools" herein for information regarding legislation that requires the Board to share Capital Outlay Millage revenues with charter schools in the District.

Educational Impact Fees

The Educational Impact Fees are subject to revision and repeal by the BOCC. Further, various bills have been introduced in the Florida Legislature in the past that would eliminate the ability of certain governmental entities, including the County or the District, to levy impact fees for construction or remodeling of educational facilities. To date, such bills have not passed; however, there can be no assurances that future legislation will not be introduced and enacted that restricts, or eliminates, the District's ability to receive the Educational Impact Fees.

State Revenues

A large portion of the District's funding is derived from State sources. See "FINANCIAL RESULTS AND LIABILITIES OF THE DISTRICT." A significantly large percentage of such State revenues is generated from the levy of the State sales tax. The amounts budgeted for distribution from the State to the District are subject to change in the event that projected revenues are not realized, particularly in light of the economic downturn in the State as a result of the coronavirus pandemic. See "RISK FACTORS – Spread of Highly Contagious, Epidemic, or Pandemic Diseases (COVID-19)" herein.

On June 30, 2025, Governor DeSantis approved the State education budget for State Fiscal Year 2025-26, which commenced July 1, 2025, providing for an approximately $945 million or 3.31% increase in State and local FEFP funding for K-12 public schools over State Fiscal Year 2024-25, reflecting a per-pupil increase of approximately $143 per student or 1.59% over Fiscal Year 2024-25. The adopted education budget allocates approximately $3.8 billion for funding of the State's expanded voucher/scholarship programs pursuant to HB 1 as part of State FEFP funding. See "RECENT GOVERNMENT ACTIONS AND OTHER EVENTS AFFECTING DISTRICT REVENUES – Legislative Changes Relating to School Choice" herein. However, such funds will be withheld from each school district's FEFP distributions based on the forecasted scholarship students for each school district. For the District, the estimated amount to be withheld is approximately $____ million. Based upon the approved budget, the estimated increase for the District is approximately $____ million (inclusive of charter school students and voucher/scholarship students) in State and local FEFP funds over Fiscal Year 2024-25. However, there can be no assurance that funding for K-12 public schools will increase exactly as provided for in the approved budget.

Additional Lease Schedules

The Board may enter into other Schedules in addition to Lease Schedule No. 2007, Second Amended and Restated Lease Schedule No. 2009, Lease Schedule No. 2010A-QSCB, Lease Schedule No. 2011A, Lease Schedule No. 2023A, Lease Schedule No. 2025A, and Lease Schedule No. 2026A. Failure to appropriate funds to pay Basic Rent under any such Schedules will, or an Event of Default under any such Schedules may, result in the termination of all Schedules, including the Lease Schedule No. 2026A and the Second Amended and Restated Lease Schedule No. 2009. Upon any such termination of all Lease Schedules, the Board must surrender all Projects (other than Designated Equipment), including the Transaction Projects, to the Trustee for sale or lease. The proceeds of any such disposition of Projects will be applied to the payment of the applicable Certificates. In no event will Owners of the Series 2026A Certificates have any interest in or right to any proceeds of the disposition of facilities financed with the

proceeds of another Series of Certificates, except for the Series 2026A Project (excluding components of the Projects classified as Designated Equipment). In no event will Owners of the Series 2026B Certificates have any interest in or right to any proceeds of the disposition of facilities financed with the proceeds of another Series of Certificates, except for the Series 2009 Project (excluding components of the Projects classified as Designated Equipment). In no event will Series 2026 Certificate holders have any interest in or rights to Designated Equipment. There can be no assurance that the remedies available to the Trustee upon any such termination of all Lease Schedules and the disposition of the Transaction Projects will produce sufficient amounts to pay the Series 2026 Certificates.

Additional Indebtedness

The Board has in the past, and may in the future, issue additional indebtedness other than in connection with the Master Lease secured by or payable from Available Revenues without the consent of the Owners of the Series 2026 Certificates. The Board entered into certain annual appropriation lease purchase agreements under which it has financed the right to use copiers/printers, metal detectors, and vehicles presently outstanding in the aggregate principal amount of $_____ and which mature on or before Fiscal Year 2029-30. The Board expects to finance additional equipment from time to time under such leases or separate leases. These leases are not part of the Master Lease. Unless otherwise expressly provided in this Offering Statement, failure to make payments under any such lease purchase agreements, or an event of default under any such lease purchase agreement, will not affect the Lease Terms or cause the termination of the Transaction Lease Agreements or any other future Leases. Payments under such lease purchase agreement are expected to be made from the Capital Outlay Millage revenues, which are one of the sources of repayment for the Series 2026 Certificates. See "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – Local Sources – Capital Outlay Millage" herein.

The Board expects to pay a portion of the Basic Rent Payments under the Series 2026A Lease Agreement from the Educational Impact Fee revenues. However, the Educational Impact Fee revenues may be pledged to secure other bonds or obligations issued by the District in the future and the holders of such bonds or indebtedness would have a prior lien upon such Educational Impact Fee revenues, and to the extent used for such purposes, the amount Educational Impact Fee revenues available to pay Basic Rent Payments under the Series 2026A Lease Agreement would be reduced. Notwithstanding the foregoing, the District does not currently anticipate the issuance of any bonds or obligations secured by a pledge of, and lien upon, the Educational Impact Fee revenues; provided however, the District may cause the issuance of additional Certificates payable from Educational Impact Fee revenues.

Legislative Changes

In recent years, legislation has been introduced that has reduced State funding for school districts, required that certain percentages of school district funding be spent on particular activities and imposed additional funding restrictions and other requirements on school districts. Many proposals have sought to provide for new or increased exemptions to ad valorem taxation, limit increases in assessed valuation of certain types of property or otherwise restrict the ability of local governments in the State to levy ad valorem taxes at historical levels. Other proposals have sought to restrict the ability of local governments to use certain revenues for payment of debt service or provide for additional procedures and notices in order to issue tax-supported debt or to require the sharing of local revenues with charter schools. There can be no assurance that similar or additional legislative or other proposals will not be introduced or enacted in the future that would, or might apply to, or have a material adverse effect upon, the District or its finances.

During the most recent 2025 regular legislative session of the Florida Legislature, various House and Senate bills and joint resolutions were introduced proposing, among other things, additional or increased exemptions from ad valorem taxation for both homestead property and certain non-homestead property subject to a long-term lease, revising assessment limitations for ad valorem property, requiring school districts to give priority to charter schools when disposing of surplus real property, requiring school districts with declining enrollments to dispose of surplus real property identified by the State Board of Education and authorizing the governing body of a local government to reduce or eliminate certain local option surtaxes (including the Sales Surtax) by a super-majority vote beginning on October 1 of the fourth year such surtax has been levied. At this time, the Board cannot predict whether these bills and joint resolutions will be enacted in future legislative sessions. Certain of the bills and joint resolutions propose constitutional amendments requiring approval by at least 60% of the electors, and if enacted in the future, the Board cannot predict whether such proposed constitutional amendments would be approved by the electors.

Constitutional Amendments

See "AD VALOREM TAXATION – Legislation Relating to Ad Valorem Taxation," and "LEGISLATIVE CHANGES AFFECTING DISTRICT REVENUES" for information concerning certain amendments to the Constitution of the State of Florida and other legislative proposals that could materially adversely affect the District's financial situation.

Property and Casualty Insurance

As a result of the substantial property damage caused by hurricanes and other storms in the State and other parts of the United States over the last few years, property insurance premiums have risen dramatically for State property owners. It has become impossible or economically impracticable for many school districts within the State, including the District, to obtain property insurance with the level of coverage they have historically secured.

Under the current provisions of the Master Lease, the District is required to purchase property insurance in an amount equal to the lesser of (i) 100% of the replacement cost of the Projects, (ii) the Principal Component of the Basic Rent Payments then remaining unpaid, whichever is greater (except that such insurance may be subject to deductible clauses not to exceed $100,000 for any one loss), or (iii) such amount as may be agreed to by the Insurer, if any, and set forth in the Lease Schedule related to such Project. The District has entered into agreements with various insurance companies to provide specific excess coverage of property claim amounts above the self-insured retention amount. Currently $100,000 for property excluding named storm, wind/hail, and flood damages. Named windstorm deductible is 3% of replacement value per building, per occurrence for wind and hail damages with $250,000 minimum.

Currently, the District is not in compliance with the property insurance requirements contained within the Master Lease provisions for the Fiscal Year 2025-26. However, in lieu of the provisions contained in the Master Lease, the Board has covenanted in the Transaction Lease Agreements, with respect to the Series 2026 Certificates and the Transaction Projects, that during the term of the Transaction Lease Agreements, the Board shall procure and maintain, or cause to be procured and maintained, subject to the requirements of State law, insurance against loss or damage to any part of the Projects by fire or

lightning, with extended coverage and vandalism and malicious mischief insurance. Said extended coverage insurance shall, as nearly as practicable, also cover loss or damage by explosion, windstorm, riot, aircraft, vehicle damage, smoke and such other hazards as are normally covered by such insurance. Such insurance shall be maintained in such amounts per occurrence as are available at commercially reasonable costs and in minimum amounts necessary to qualify for federal disaster relief programs. Such insurance may be maintained as part of or in conjunction with any other fire and extended coverage insurance carried or required to be carried by the Board. In the event the Board determines that such insurance is unavailable at commercially reasonable rates, such insurance may be maintained in whole or in part in the form of self-insurance by the Board, provided such self-insurance complies with the provisions of the Master Trust Agreement and is in at least the minimum amount necessary to comply for federal disaster relief programs. See "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009." attached hereto. In the event the District suffers substantial damage to its property that is not covered by its current insurance or is not eligible for Federal reimbursement, the District's financial condition could be adversely impacted.

Climate Change and Natural Disasters

Numerous scientific studies on climate change show that, among other effects on the global ecosystem, sea levels may rise, extreme temperatures may become more common, and extreme weather events may become more frequent as a result of increasing global temperatures attributable to atmospheric pollution. Sea levels may continue to rise in the future due to the increasing temperature of the oceans causing thermal expansion and growing ocean volume from glaciers and ice caps melting into the ocean. Coastal areas like the District are at risk of substantial flood damage over time, affecting private development and public infrastructure, including roads, utilities, emergency services, schools, and parks. As a result, the District could lose considerable tax revenues and many residents, businesses, and governmental operations along the waterfront could be displaced. However, the District is unable to predict whether sea level rise or other impacts of climate change or flooding from a major storm will occur, when they may occur, and if any such events occur, whether, they will have a material adverse effect on the business operations or financial condition of the District. Additionally, climate change concerns have led, and may continue to lead, to new laws and regulations at the federal and state levels (including but not limited to air, water, hazardous substances, and waste regulations) that could have a material adverse effect on the operations and/or financial condition of the District.

The State is naturally susceptible to the effects of extreme weather events and natural disasters including floods, droughts, tornadoes, and hurricanes, which could result in negative economic impacts on communities including the District. Such effects can be exacerbated by a longer term shift in the climate over several decades (commonly referred to as climate change), including increasing global temperatures and rising sea levels. The occurrence of such extreme weather events could damage the Projects, including the Transaction Projects, or the local infrastructure that provides essential services to the District. The economic impacts resulting from such extreme weather events could include a loss of property values, a decline in revenue base (e.g., the Capital Outlay Millage revenues), escalated recovery costs, and increased insurance costs. No assurance can be given as to whether future extreme weather events will occur that could materially impair the financial condition of the District or damage the Projects.

Hurricane Helene made landfall on September 26, 2024, near Perry, Florida, as a Category 4 Hurricane. For the County, it was primarily a storm surge event of 5-7 feet along the coast of the County.

With the exception of Anna Maria Elementary School, there was no material damage to property of the District. Anna Maria Elementary School did not sustain any damage to its main building, but two other buildings used for art and music classes experienced water intrusion. The District made arrangements for Stewart Elementary School to temporarily host 190 students, including Pre-K students, and 21 teachers from Anna Maria Elementary School. The two schools shared classrooms and used a team teaching model. Students and staff returned to Anna Maria Elementary School on November 4, 2025. The District has submitted a damage inventory to Federal Emergency Management Agency ("FEMA") and is finalizing summaries of costs for sheltering and pre- and post-protective measures for submission to FEMA.

Hurricane Milton made landfall on October 9, 2024, near Siesta Key, Florida, as a Category 3 Hurricane. The County experienced high winds and extreme rainfall amounts, primarily resulting in widespread power outages and flooding. 17 schools served as shelters for the community during the storm hosting more than 11,000 evacuees. All schools reopened on October 14, 2025. The District is continuing to collect and document damages and costs for submission to FEMA.

The District has sought or will seek public assistance from FEMA and the Florida Department of Emergency Management to replenish some or all expenses incurred with Hurricanes Helene and Milton that are not otherwise covered by insurance. The District expects to have sufficient resources to meet its storm-related financial obligations even if federal and state assistance is unavailable, and the District does not expect the financial impacts of Hurricanes Helene and Milton to impact its ability to Basic Rent Payments under the Master Lease.

Cybersecurity

The District, like many other school districts, relies on a technology environment to conduct its operations. As such, it may face multiple cybersecurity threats, including, but not limited to, hacking, viruses, malware, and other attacks on computer or other sensitive digital systems and networks. There can be no assurance that any security and operational control measures implemented by the District will be completely successful to guard against and prevent cyber threats and attacks. The result of any such attack could impact operations and/or digital networks and the costs of remedying any such damage could be significant. The District has a multilayered information security program with several established protocols and procedures which include acceptable usage policies and information security guidelines. The District has a comprehensive Security Awareness Program and requires annual training for all staff users and additional required training for high risk users. The District has an approved Cyber Incident Response Team and Risk Assessment Plan.

Construction Cost Maximums

Section 1013.64(6)(b), Florida Statutes, prohibits a district school board from using funds from any sources (including the Capital Outlay Millage, the Sales Surtax and educational impact fees) for new construction of educational plant space with a total cost per student station, including change orders, greater than the amounts set forth in Section 1013.64(6)(b)1., Florida Statutes, as adjusted. However, as of July 1, 2019, if the new construction of educational plant space is subject to a lease-purchase agreement entered into pursuant to Section 1011.71(2)(e), Florida Statutes, a district school board (i) may use certain local funding sources (including the Surtax, school impact fees, and voter approved ad valorem taxes, in each case if legally available for such purpose) to pay for the new construction of educational plant space,

and (ii) may, but is not required to, use Capital Outlay Millage revenues and certain state funding sources to pay for the portion of the cost for new construction of educational plant space which does not exceed the total cost per student station requirements or for certain other costs that are not included in cost per student station calculation (such as legal and administrative costs, site improvement costs and school security hardening/capital costs).

HB 1, which was signed into law on March 27, 2023, provides that, among other things, an unfinished construction project for new construction of educational plant space started on or before July 1, 2026, is exempt from the cost per student station limits of Section 1013.64(6)(b)1., Florida Statutes. In 2024, the Florida Legislature enacted SB 7002, which extended the exemption from the cost per student station limits until July 1, 2028. The Series 2026A Project is a construction project for new construction of educational plant space that will be started on or before July 1, 2028 and is exempt from the cost per student station limits of Section 1013.64(6)(b)1., Florida Statutes. The Maximum Cost Per Student Station does not apply to the Series 2009 Project because it was constructed pursuant to a contract for architectural and design services or for construction management services before July 1, 2017.

Effects of Sequestration on Lease Payments

Pursuant to the Balanced Budget and Emergency Deficit Control Act, as amended, the President of the United States ordered that certain automatic spending cuts be implemented pursuant to calculations provided by the United States Office of Management and Budget in its Report to the Congress on sequestration dated March 1, 2013. The cuts include mandatory reductions in the amounts scheduled to be paid by the federal government to issuers of Build America Bonds, Qualified Zone Academy Bonds, Qualified School Construction Bonds, New Clean Renewable Energy Bonds and Qualified Energy Conservation Bonds (collectively, "Direct-Pay Bonds") under Section 6431 of the Internal Revenue Code.

Payments to issuers of Direct-Pay Bonds from the budget accounts associated with these bonds were originally subject to an effective reduction of 8.7% of the amount budgeted for such payments on and after March 1, 2013 through September 30, 2013. For payments to issuers of Direct-Pay Bonds during federal fiscal year 2014, which ended September 30, 2014, the annual sequester rate was reduced to 7.2%. For federal fiscal year 2016, which ended September 30, 2016, the annual sequestration rate was reduced to 6.8%. For payments to issuers of Direct-Pay Bonds for federal fiscal year 2017, which ended September 30, 2017, the annual sequester rate was 6.9%. For payments to issuers of Direct-Pay Bonds for federal fiscal year 2018, which ended September 30, 2018, the annual sequester rate was 6.6%. For payments to issuers of Direct-Pay Bonds for federal fiscal year 2019, which ended September 30, 2019, the annual sequester rate was 6.2%. For payments to issuers of Direct-Pay Bonds for federal fiscal year 2020, which ends September 30, 2020, the annual sequester rate is 5.9%. For payments to issuers of Direct-Pay Bonds for federal fiscal years 2021 through 2030, the annual sequester rate is 5.7%. Unless otherwise resolved, sequestration may continue through the end of federal fiscal year 2030, with reductions in subsidy payments expected of 5.7% of what would otherwise be received.

For federal Fiscal Year 2025-26, the Board anticipates its aggregate expected annual Issuer Subsidy of $1,090,800 to be reduced by 5.7%, resulting in a corresponding increase in interest costs for the District that must be paid from other revenue sources. Payment of the Lease Payments on the Series 2010A-QSCB Certificates is not contingent upon receipt by the Board of such subsidy payments and the Board does not expect that any such reduction in its subsidy payments will affect its ability to make Lease Payments on the Series 2010A-QSCB Certificates.

Spread of Highly Contagious, Epidemic, or Pandemic Diseases (COVID-19)

Coronavirus 2019 ("COVID-19") pandemic, along with various governmental measures taken to protect public health in light of the pandemic, had an adverse impact on global financial markets and economies, including financial markets and economic conditions in the United States. The impact of the COVID-19 pandemic on the U.S. economy was broad based and negatively impacted national, state, and local economies. In response to such expectations, on March 13, 2020, then-President Trump declared a "national emergency," which, among other effects, allows the executive branch to disburse disaster relief funds to address the COVID-19 pandemic and related economic dislocation.

The State's finances were expected to be adversely affected by the continued spread of COVID-19, the various governmental actions in response thereto and changes in the behavior of businesses and people. The State derives a significant portion of its annual revenues from the collection of sales tax. The impact of COVID-19 was expected to result in significant decreases in state and local sales tax revenues as a result of decreased tourism and commercial activity throughout the State, but sales tax revenue has generally rebounded to pre-pandemic levels. In anticipation of potential budget reductions or State funding prorations, the District implemented cost containment measures in Fiscal Year 2019-20, which resulted in savings from the closure of school facilities. Notwithstanding the foregoing, no significant State budget reductions or prorations occurred in Fiscal Years 2022-23 through 2025-26. See "OPERATING REVENUES OF THE DISTRICT – State Sources," "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – State Sources" and "Local Sources," "RISK FACTORS – State Revenues," and "RATINGS" herein.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") was signed into law. Among other provisions, the CARES Act created an Education Stabilization Fund to support K-12 schools and colleges and universities during the COVID-19 outbreak. The Educational Stabilization Fund includes a total of $30.75 billion in relief divided into three separate pools: (1) funds to K-12 schools; (2) funds to higher education; and (3) funds to governors. Florida received approximately $873.8 million in funds for K-12 schools, approximately $770.2 million in funds for higher education and approximately $173 million in funds to the Governor for use as grants to local educational agencies. Funds for K-12 schools were distributed to school districts and charter schools based on their share of Title I-A funds. The District received approximately $19,506,817 of such CARES Act funds. However, such funds are also required to be shared with charter schools in the County. Funds to local districts can be used for coronavirus-response activities, such as planning for and coordinating during long-term school closures, purchasing educational technology to support online learning for all students, and additional activities authorized by federal elementary and secondary education laws. Funds in the Governor's Education Relief Fund can be used at the Governor's discretion to provide emergency support grants to K-12 schools, colleges and universities and child care/early education providers. The CARES Act requires that any entity that receives funds from the education stabilization fund must continue to pay its employees and contractors to the extent practicable during the period of any disruptions or closures related to coronavirus.

On December 27, 2020, the Coronavirus Response and Relief Supplemental Appropriations Act (the "CRRSA") was signed into law. Among other provisions, the CRRSA created a second Education Stabilization Fund ("ESSER II") to support K-12 schools and colleges and universities during the COVID-19 outbreak. Funds for elementary and secondary public schools were allocated to each state as a grant and each state is required to allocate at least 90% of such funds as sub-grants to local education agencies

(including charter schools classified as local education agencies) in the state based upon their share of Title I-A funds. The ESSER II Fund includes a total of $81.88 billion in relief. The State received approximately $2.82 billion in ESSER II funds for use as sub-grants to K-12 schools. The District was awarded approximately $41,565,737 in ESSER II funds for use through September 30, 2023. However, such funds are also required to be shared with charter schools and private schools in the County. Funds to local districts can be used for coronavirus-response activities, such as planning, coordinating and implementing activities during long-term school closures, purchasing educational technology to support online learning for all students, addressing learning loss, school repairs and improvements to reduce risk of virus transmission and additional activities authorized by federal elementary and secondary education laws.

On March 11, 2021, then-President Biden signed The American Rescue Plan Act of 2021 (the "Rescue Act") into law to address the impacts of COVID-19. The Rescue Act, among other things, provides (1) $123.8 billion in emergency relief funds to elementary and secondary public schools, (2) $2.75 billion in emergency assistance to non-public schools (including an estimated $7 billion for Florida) and (3) $39.6 billion in emergency relief for higher education. Funds for elementary and secondary public schools were allocated to each state as a grant and each state is required to allocate at least 90% of such funds as sub-grants to local education agencies (including charter schools classified as local education agencies) in the state based upon their share of Title I-A funds. Under the Rescue Act, at least 20% of the funds allocated to local education agencies must be used to address learning loss. School districts may use the remaining funds for certain activities specified in the Rescue Act to help schools reopen safely, including repairing ventilation systems, reducing class size to ensure social distancing and purchasing personal protective equipment. Each state was required to grant allocations of such funds within 60 days of receipt, and such funds remained available for allocation through September 30, 2024. The District received approximately $101,986,532 in Rescue Act funds. In addition, other various related project funds were awarded to the District over the course of the ESSER funding period

Due to the nature of the outbreak and federal, State and local responses thereto, the long-term impacts of the COVID-19 crisis are unknown and dependent on factors such as the length of any shutdown or partial inaccessibility of school facilities, the extent to which the faculty and staff or the student population is directly affected and is unable to attend class, teach or provide services, and the impact on the economy as a whole within the State. While the District has seen increased costs associated with the reopening of District schools, including an increase in operational costs incurred to implement distance learning strategies, to provide students and staff with personal protective equipment and to clean, sanitize and maintain its facilities, such increased costs were offset with CARES Act funds, Rescue Act funds or other federal funds.

Municipal Bond Insurance Risk Factors

The Board has received a commitment from the Insurer for the Policies to guarantee the scheduled payment of principal and interest on the Insured Series 2026 Certificates, if any. The Board has yet to determine whether the Policy will be purchased. If the Policy is purchased, the following are risk factors relating to the Policy would apply to the Insured Series 2026 Certificates.

In the event of default of the payment of principal or interest with respect to the Insured Series 2026 Certificates, if any, when all or some becomes due, any owner of the Insured Series 2026 Certificates shall have a claim under the Policies for such payments. However, in the event of any acceleration of the due date of such principal by reason of optional or mandatory prepayment or acceleration resulting from

default or otherwise, other than any advancement of maturity pursuant to a mandatory sinking fund payment, the payments are to be made in such amounts and at such times as such payments would have been due had there not been any such acceleration. The Policies do not insure against redemption premium, if any. The payment of principal and interest in connection with mandatory or optional prepayment of the Insured Series 2026 Certificates by the Board, which is recovered by the Board from the certificate owner as a voidable preference under applicable bankruptcy law is covered by the Policies; however, such payments will be made by the Insurer at such time and in such amounts as would have been due absent such prepayment by the Board unless the Insurer chooses to pay such amounts at an earlier date.

Under most circumstances, default of payment of principal and interest does not obligate acceleration of the obligations of the Insurer without appropriate consent. The Insurer may direct and must consent to any remedies and the Insurer's consent may be required in connection with amendments to the Series 2026 Trust Agreements and the Transaction Lease Agreements.

In the event the Insurer is unable to make payment of principal and interest as such payments become due under the Policies, the Insured Series 2026 Certificates are payable solely from the moneys received pursuant to the Series 2026 Trust Agreements and the Transaction Lease Agreements. In the event the Insurer becomes obligated to make payments with respect to the Insured Series 2026 Certificates no assurance is given that such event will not adversely affect the market price of the Insured Series 2026 Certificates or the marketability (liquidity) for the Insured Series 2026 Certificates.

The long-term ratings on the Insured Series 2026 Certificates are dependent in part on the financial strength of the Insurer and its claim paying ability. The Insurer's financial strength and claims paying ability are predicated upon a number of factors which could change over time. No assurance is given that the long-term ratings of the Insurer and of the ratings on the Insured Series 2026 Certificates will not be subject to downgrade and such event could adversely affect the market price of the Insured Series 2026A Certificates or the marketability (liquidity) for the Insured Series 2026 Certificates. See "RATINGS" herein.

The obligations of the Insurer are contractual obligations and in an event of default by the Insurer, the remedies available may be limited by applicable bankruptcy law or state law related to insolvency of insurance companies.

Neither the Board nor the Underwriters have made independent investigation into the claims paying ability of the Insurer and no assurance or representation regarding the financial strength or projected financial strength of the Insurer is given. Thus, when making an investment decision, potential investors should carefully consider the ability of the Board to pay principal and interest on the Insured Series 2026 Certificates and the claims paying ability of the Insurer, particularly over the life of the investment. See "MUNICIPAL BOND INSURANCE POLICY OPTION" herein for further information provided by the Insurer and the Policies, which includes further instructions for obtaining current financial information concerning the Insurer.

No Right of Insured Series 2026 Certificate Owners to Direct Remedies or Consent to Amendments

If the Board determines to purchase the Policies, termination of the Series 2026 Lease Agreement will not result in termination of the Policies. Unless the Insurer is in default of its payment obligations under the Policies, the Insurer is entitled to control and direct any of the rights or remedies of the Trustee

with respect to the Insured Series 2026 Certificates, including the right to direct the Trustee as to whether or not to relet or sell the Transaction Projects (excluding Designated Equipment). The Insurer, to the extent it insures a majority of the Series 2026 Certificates, may elect, subsequent to the termination of the Transaction Lease Agreements, to accelerate the maturity of all of the Series 2026 Certificates then outstanding, in which case the Principal Component and the Interest Component of the Basic Rent Payments represented by the Series 2026 Certificates shall become due and payable immediately. If the Insurer, to the extent it insures a majority of the Series 2026 Certificates, does not elect to accelerate the maturity of all Series 2026 Certificates outstanding, it has an obligation to continue to make payments to Owners of the Insured Series 2026 Certificates in accordance with the original schedule of Basic Rent Payments represented by the Insured Series 2026 Certificates. However, the Insurer has no fiduciary responsibility to the Owners of the Insured Series 2026 Certificates with respect to the direction of such remedies and has no obligation to preserve the exclusion from gross income for federal income tax purposes of amounts paid to Insured Series 2026 Certificate Owners by the Insurer and designated as interest.

If the Board determines to purchase the Policies, the Insurer is deemed to be the owner of the Insured Series 2026 Certificates for certain purposes, including consenting to certain amendments to the Series 2026 Trust Agreements, the Transaction Assignments, the Transaction Lease Agreements, and other documents executed to facilitate the issuance of the Series 2026 Certificates.

SHORT TERM FINANCING

On October __, 2025, the District issued its Tax Anticipation Notes, Series 2025 (the "TAN") in the amount of $_____. The TAN matures on February __, 2026. The TAN is payable from ad valorem taxes collected for operating purposes and, if necessary, legally available non-ad valorem revenues and is not payable from the Capital Outlay Millage Levy.

The covenant shall also terminate upon the termination of the Rule 15c2-12(b)(5) of the Securities and Exchange Commission pursuant to the Securities and Exchange Act of 1934, each as amended (the "Rule"), by legislative, judicial or administrative action. The Annual Report and the notices of material events, if any, will be filed by the Board or its dissemination agent with the Municipal Securities Rulemaking Board (the "MSRB") through its Electronic Municipal Market Access System described in the Disclosure Agreements. The specific nature of the information to be contained in the Annual Report and the notices of material events, are described in the Disclosure Agreement to be dated and delivered at the time of issuance of the Series 2026 Certificates. See "APPENDIX H – FORMS OF DISCLOSURE DISSEMINATION AGENT AGREEMENT" attached hereto. With respect to the Series 2026 Certificates, no party other than the Board is obligated to provide, nor is expected to provide, any continuing disclosure information with respect to the Rule.

Nabors, Giblin & Nickerson, P.A. and Bryant Miller Olive P.A. may, from time to time, serve as counsel to the Underwriters. The Underwriters have not identified any potential or actual material conflicts that require disclosure.

LITIGATION

Concurrently with the delivery of the Series 2026 Certificates, Counsel to the Board will deliver an opinion which states, among other things, that there is no litigation or other proceedings pending or, to the best knowledge of Counsel to the Board, threatened against the Board (i) that seeks to restrain or enjoin the issuance or delivery of the Series 2026 Certificates, the Series 2026 Trust Agreements, the Transaction Ground Leases, or the Transaction Lease Agreements or (ii) questioning or affecting the validity of the Series 2026 Certificates, the Series 2026 Trust Agreements, the Transaction Ground Leases,

or the Transaction Lease Agreements or any proceedings of the Board or actions of the Trustee with respect to the authorization, sale, execution, or issuance of the Series 2026 Certificates or the transactions contemplated by this Offering Statement, the Series 2026 Trust Agreements, the Transaction Lease Agreements, the Transaction Ground Leases, or any other agreement or instrument to which the Board is a party in connection therewith and which is used or contemplated for use in the transactions contemplated by this Offering Statement or (iii) questioning or affecting the creation, organization or existence of the Board and which would have an adverse effect on the actions taken by the Board with respect to the issuance of the Series 2026 Certificates.

The Board experiences claims, litigation, and various legal proceedings which individually are not expected to have a material adverse effect on its operations or financial condition, but may, in the aggregate, have a material impact thereon. There is no litigation, claim or series of claims currently pending, or, to the best knowledge of the Board, threatened that would have a material adverse consequence on the financial condition of the District.

Generally, a rating agency bases its rating and outlook on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance such ratings and outlook will continue for any given period of time or that such ratings and outlook will not be revised downward or withdrawn entirely by the rating agency, if in the judgment of such rating agency, circumstances so warrant. Any such downward revision or withdrawal of such ratings and outlook may have an adverse effect on the market price of the Series 2026 Certificates.

CONTINGENT FEES

The Municipal Advisor did not participate in the underwriting of the Series 2026 Certificates.

TAX MATTERS

General

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements that must be met subsequent to the issuance and delivery of the Series 2026 Certificates in order that the Interest Component of the Basic Rent Payments received by the Owners of the Series 2026 Certificates be and remain excluded from gross income for purposes of federal income taxation. Non-compliance may cause such Interest Component to be included in federal gross income retroactive to the date of issuance of the Series 2026 Certificates, regardless of the date on which such non-compliance occurs or is ascertained. The Board and the Corporation have covenanted in the Transaction Lease Agreements to comply with such requirements in order to maintain the exclusion from federal gross income of the Interest Component.

In the opinion of Special Counsel, the form of which are included as APPENDIX G hereto, under existing statutes, regulations, rulings and court decisions, and assuming compliance with the aforementioned covenants, prior to the termination of the Transaction Lease Agreements resulting from an Event of Non-Appropriation or Event of Default thereunder, the Interest Component of the Basic Rent Payments is excludable from gross income for federal income tax purposes and is not an item of preference for purposes of the federal alternative minimum tax; provided, however, with respect to certain corporations, the Interest Component of Basic Rent Payments is taken into account in determining the annual adjusted financial statement income for the purpose of computing the alternative minimum tax imposed on such corporations.

Internal Revenue Code of 1986

The Code contains a number of provisions that apply to the Series 2026 Certificates, including among other things, restrictions relating to the use or investment of the proceeds of the Series 2026 Certificates and the payment of certain arbitrage earnings in excess of the "yield" on the Series 2026 Certificates to the Treasury of the United States. Noncompliance with such provisions may result in the Interest Component of the Basic Rent Payments being included in gross income for federal income tax purposes retroactive to the date of issuance of the Series 2026 Certificates.

Collateral Tax Consequences

Except as described above, Special Counsel will express no opinion regarding the federal income tax consequences resulting from the ownership of, receipt or accrual of interest on, or disposition of, the Series 2026 Certificates. Prospective purchasers of the Series 2026 Certificates should be aware that the ownership of the Series 2026 Certificates may result in collateral tax consequences to various types of corporations relating to (1) the branch profits tax, (2) the denial of interest deductions to purchase or carry such Series 2026 Certificates, and (3) the inclusion of the Interest Component of the Basic Rent Payments in passive income for certain Subchapter S corporations. In addition, the Interest Component may be included in gross income by recipients of certain Social Security and Railroad Retirement benefits.

PURCHASE, OWNERSHIP, SALE OR DISPOSITION OF THE SERIES 2026 CERTIFICATES AND THE RECEIPT OR ACCRUAL OF THE INTEREST COMPONENT OF THE BASIC RENT PAYMENTS MAY HAVE ADVERSE FEDERAL TAX CONSEQUENCES FOR CERTAIN INDIVIDUAL AND CORPORATE SERIES 2026 CERTIFICATE HOLDERS, INCLUDING, BUT NOT LIMITED TO, THE CONSEQUENCES DESCRIBED ABOVE. PROSPECTIVE SERIES 2026 CERTIFICATE HOLDERS SHOULD CONSULT WITH THEIR TAX SPECIALISTS FOR INFORMATION IN THAT REGARD.

Other Tax Matters

The Interest Component of the Basic Rent Payments related to the Series 2026 Certificates may be subject to state or local income taxation under applicable state or local laws in other jurisdictions. Purchasers of the Series 2026 Certificates should consult their own tax advisors as to the income tax status of such Interest Component in their particular state or local jurisdiction.

The Inflation Reduction Act, H.R. 5376 (the "IRA") was signed by the President on August 16, 2022. As enacted, the IRA includes a 15% alternative minimum tax to be imposed on the "adjusted financial statement income," as defined in the IRA, of certain corporations for tax years beginning after December 31, 2022. The Interest Component of the Basic Rent Payments represented by the Series 2026A Certificates will be included in the "adjusted financial statement income" of such corporations for purposes of computing the corporate alternative minimum tax. Prospective purchasers that could be subject to this minimum tax should consult with their own tax advisors regarding the potential tax consequences of owning the Series 2026A Certificates.

During recent years legislative proposals have been introduced in Congress, and in some cases enacted, that altered certain federal tax consequences resulting from the ownership of obligations that are similar to the Series Certificates. In some cases, these proposals have contained provisions that altered these consequences on a retroactive basis. Such alterations of federal tax consequences may have affected the market value of obligations similar to the Series 2026 Certificates. From time to time, legislative proposals are pending which could have an effect on both the federal tax consequences resulting from ownership of the Series 2026 Certificates and their market value. No assurance can be given that additional legislative proposals will not be introduced or enacted that would or might apply to, or have an adverse effect upon, the Series 2026 Certificates.

Original Issue Discount

Certain of the Series 2026 Certificates (the "Discount Certificates") may be offered and sold to the public at an original issue discount, which is the difference between the principal amount of the Discount

Certificates and the initial offering price to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) at which price a substantial amount of the Discount Certificates of the same maturity was sold. Original issue discount represents interest which is excluded from gross income for federal income tax purposes. Original issue discount will accrue over the term of a Discount Certificate at a constant interest rate compounded semi-annually. A purchaser who acquires a Discount Certificate at the initial offering price thereof to the public will be treated as receiving, prior to the termination of the Transaction Lease Agreements resulting from an Event of Non-Appropriation or Event of Default thereunder, an amount of interest excludable from gross income for federal income tax purposes equal to the original issue discount accruing during the period he holds such Discount Certificates and will increase its adjusted basis in such Discount Certificates by the amount of such accruing discount for purposes of determining taxable gain or loss on the sale or other disposition of such Discount Certificates. The federal income tax consequences of the purchase, ownership and prepayment, sale or other disposition of Discount Certificates which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those above. Owners of Discount Certificates should consult their own tax advisors with respect to the precise determination for federal income tax purposes of interest accrued upon sale, prepayment or other disposition of such Discount Certificates and with respect to the state and local tax consequences of owning and disposing of such Discount Certificates.

Special Counsel expresses no opinion regarding the federal income tax consequences resulting from the accrual of original issue discount on the Discount Certificates following the termination of the Series 2026 Lease Agreement resulting from an Event of Non-Appropriation or Event of Default thereunder.

Original Issue Premium

Certain of the Series 2026 Certificates (collectively, the "Premium Certificates") may be offered and sold to the public at a price in excess of the principal amount of such Premium Certificate, which excess constitutes to an initial purchaser amortizable bond premium which is not deductible from gross income for Federal income tax purposes. The amount of amortizable certificate premium for a taxable year is determined actuarially on a constant interest rate basis over the term of the Premium Certificates which term ends on the earlier of the maturity or call date for each Premium Certificate which minimizes the yield on said Premium Certificates to the purchaser. For purposes of determining gain or loss on the sale or other disposition of a Premium Certificate, an initial purchaser who acquires such obligation in the initial offering to the public at the initial offering price is required to decrease such purchaser's adjusted basis in such Premium Certificate annually by the amount of amortizable certificate premium for the taxable year. The amortization of certificate premium may be taken into account as a reduction in the amount of tax-exempt income for purposes of determining various other tax consequences of owning such Premium Certificates. The federal income tax consequences of the purchase, ownership and sale or other disposition of Premium Certificates which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. Owners of the Premium Certificates are advised that they should consult with their own advisors with respect to the state and local tax consequences of owning such Premium Certificates.

Special Counsel expresses no opinion regarding the federal income tax consequences resulting from the accrual of original issue premium on the Premium Certificates following the termination of the Transaction Lease Agreements resulting from an Event of Non-Appropriation or Event of Default thereunder.

NOTWITHSTANDING THE FOREGOING, SPECIAL COUNSEL EXPRESSES NO OPINION REGARDING THE FEDERAL INCOME TAX OR FLORIDA TAX CONSEQUENCES RESULTING FROM THE OWNERSHIP OF THE SERIES 2026 CERTIFICATES OR THE RECEIPT BY THE OWNERS THEREOF OF PAYMENTS ON THE SERIES 2026 CERTIFICATES FOLLOWING THE TERMINATION OF THE TRANSACTION LEASE AGREEMENTS, AS APPLICABLE, RESULTING FROM AN EVENT OF NON-APPROPRIATION OR EVENT OF DEFAULT THEREUNDER.

SECTION 2. AUTHORITY FOR THIS RESOLUTION. This Resolution is adopted pursuant to the provisions of the Act and other applicable provisions of law.

SECTION 3. FINDINGS. It is hereby found and determined that:

(A) The Board has heretofore established a master lease-purchase program for the lease-purchase financing and refinancing of various projects in accordance with the terms of the Lease Agreement and Trust Agreement and in connection therewith the Board has heretofore executed and delivered the Current Series 2009 Lease Agreement.

(B) The Board has heretofore leased the Series 2009 Project from the Corporation in accordance with the terms of the Current Series 2009 Lease Agreement.

(C) The Board has heretofore caused the Series 2016A Certificates to be executed, authenticated and delivered by the Trustee in connection with the Board's lease-purchase refinancing of the Series 2009 Project.

(D) Subject to the provisions of Section 8(B) hereof, the Board deems it in its best interests to restructure the Basic Rent Payments payable under the Current Series 2009 Lease Agreement to reflect the refunding of the Refunded Certificates and defeasance of the Defeased Certificates, if any.

(E) Subject to the provisions of Section 8(B) hereof, the Board has further agreed with the Corporation to use a portion of the proceeds of the Series 2026B Certificates to refund the Refunded Certificates and defease the Defeased Certificates, if any, pursuant to the terms of the Trust Agreement and the Escrow Deposit Agreement in order to restructure certain Basic Rent Payments payable under the Current Series 2009 Lease Agreement.

Such proceeds shall be deposited into an escrow deposit trust fund established pursuant to the Escrow Deposit Agreement and shall constitute the deposit of prepaid Basic Rent Payments by the Board.

(F) The deposit of the prepaid Basic Rent Payments in the escrow deposit trust fund established under the Escrow Deposit Agreement shall be in an amount sufficient to pay the principal of, prepayment premium, if any, and interest on the Refunded Certificates and the Defeased Certificates, as the same become due or are prepaid prior to maturity. The Lease Agreement will secure the payment of Supplemental Rent and any deficiency in the prepaid Basic Rent Payments on deposit in the escrow deposit trust fund relating to the Refunded Certificates and the Defeased Certificates.

(G) In consideration of the deposit of such prepaid Basic Rent Payments with the Escrow Agent, the Board agrees to enter into Second Amended and Restated Lease Schedule No. 2009 whereby the Board will continue to lease the Series 2009 Project and agree to make Basic Rent Payments sufficient to pay the principal of and interest on the Series 2026B Certificates and the Outstanding Series 2016A Certificates, if any.

(H) The Board is authorized and empowered by the Act to enter into transactions such as that contemplated by this Resolution, the Lease Agreement, the Master Trust Agreement, Second Amended and Restated Lease Schedule No. 2009, the Series 2026B Supplemental Trust Agreement, the Series 2009 Ground Lease and the Escrow Deposit Agreement, and to fully perform its obligations thereunder in order to lease-purchase the Series 2009 Project.

(I) Due to the potential volatility of the market for tax-exempt obligations such as the Series 2026B Certificates and the complexity of the transactions relating to such Series 2026B Certificates, it is in the best interest of the Board that the Series 2026B Certificates be sold by a delegated negotiated sale in accordance with the terms hereof, allowing market entry at the most advantageous time, rather than at a specified advertised date or at a regularly scheduled Board meeting date, thereby obtaining the best possible price and interest rate for the Series 2026B Certificates.

(J) The Board has been advised by the Financial Advisor as to the market appropriateness of preparing for the purchase proposal of the Underwriters in light of current market levels and conditions and as to the acceptance of the Certificate Purchase Contract pursuant to a delegated, negotiated sale subject to the conditions provided herein.

(K) The Series 2026B Certificates shall be secured solely as provided in the Trust Agreement, the Series 2009 Lease Agreement and the Series 2009 Ground Lease, it being understood that neither the Series 2026B Certificates nor the interest represented thereby shall be or constitute a general obligation of the District, the Board, Manatee County, Florida or the State of Florida, or any political subdivision or agency thereof, a pledge of the faith and credit of the District, the Board, Manatee County, Florida or the State of

Florida, or any political subdivision or agency thereof, or a lien upon any property of or located within the boundaries of the District.

SECTION 4. AUTHORIZATION OF REFUNDING OF REFUNDED CERTIFICATES AND DEFEASANCE OF DEFEASED CERTIFICATES. The Board hereby authorizes the refunding, on a current basis, of the Refunded Certificates and the defeasance of the Defeased Certificates in accordance with the provisions of this Resolution, the Trust Agreement and the Escrow Deposit Agreement. Subject to the satisfaction of all of the conditions of Section 8(B) hereof, that portion of the Series 2016A Certificates which shall constitute the Refunded Certificates shall be determined by the Superintendent at the time of sale of the Series 2026B Certificates upon the advice of the Financial Advisor.

SECTION 5. AUTHORIZATION AND AFFIRMATION OF LEASE-PURCHASE OF SERIES 2009 PROJECT AND LEASE OF PREMISES. (A) Subject to satisfaction of all of the conditions set forth in Section 8(B) hereof, the Board hereby reauthorizes and affirms the lease-purchase of the Series 2009 Project in accordance with the terms of the Lease Agreement.

(B) Subject to satisfaction of all of the conditions set forth in Section 8(B) hereof, the land constituting the Premises identified in Exhibits A attached to the Series 2009 Ground Lease (as amended from time to time in accordance with its terms and the terms hereof), and made a part hereof is hereby re-approved and affirmed for leasing to the Corporation as part of the Financing Program in accordance with the terms and provisions of the Series 2009 Ground Lease. The Board hereby reaffirms its intent that the Series 2009 Ground Lease continue in effect in accordance with the terms hereof.

SECTION 6. APPROVAL OF SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009. Subject to satisfaction of all of the conditions set forth in Section 8(B) hereof, the Board hereby authorizes and directs the Chair to execute Second Amended and Restated Lease Schedule No. 2009, and the Secretary to attest the same under the seal of the Board, and to deliver Second Amended and Restated Lease Schedule No. 2009 to the Corporation for its execution. Second Amended and Restated Lease Schedule No. 2009 shall be in substantially the form attached hereto as Exhibit A, with such changes, modifications, deletions and additions as may be approved by the Chair, including those changes necessary to reflect the terms and details of the Series 2026B Certificates determined in accordance with Section 8 hereof including, without limitation, the schedule of Basic Rent Payments. Execution by the Chair of Second Amended and Restated Lease Schedule No. 2009 shall be deemed to be conclusive evidence of approval of such changes.

SECTION 7. APPROVAL OF SERIES 2026B SUPPLEMENTAL TRUST AGREEMENT. Subject to satisfaction of all of the conditions set forth in Section 8(B) hereof, the Board hereby authorizes and directs the Chair to execute the Series 2026B

Supplemental Trust Agreement, and the Secretary to attest the same under the seal of the Board and to deliver the Series 2026B Supplemental Trust Agreement to the Corporation and the Trustee for their execution. The Series 2026B Supplemental Trust Agreement shall be in substantially the form attached hereto as Exhibit C, with such changes, modifications, deletions and additions as may be approved by said Chair, including the final terms and provisions of the Series 2026B Certificates determined in accordance with Section 8 hereof as shall be set forth in the Certificate Purchase Contract. Execution by the Chair of the Series 2026B Supplemental Trust Agreement shall be deemed to be conclusive evidence of approval of such changes.

FORM OF SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009

SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009

Lease Schedule No. 2009
to the
Master Lease-Purchase Agreement,
dated as of June 1, 1996,
between
Manatee School Board Leasing Corporation (the "Corporation")
and
The School Board of Manatee County, Florida (the "Board")

THIS SECOND AND RESTATED LEASE SCHEDULE NO. 2009 (the "Second Amended and Restated Lease Schedule") hereby amends and restates in its entirety Amended and Restated Lease Schedule No. 2009, dated as of October 1, 2016, between the Board and the Corporation (the "Prior Lease Schedule") to that certain Master Lease-Purchase Agreement, dated as of June 1, 1996, **[**as amended**]** between the Board and the Corporation (the "Lease Agreement"). This Second Amended and Restated Lease Schedule is hereby entered into under the Lease Agreement pursuant to which the Corporation had agreed to lease-purchase to the Board and the Board had agreed to lease-purchase from the Corporation, subject to the terms and conditions of the Lease Agreement, the Series 2009 Project as herein described. All capitalized terms not otherwise defined herein shall have the respective meanings therefor set forth in the (i) Lease Agreement or (ii) the Master Trust Agreement, dated as of June 1, 1996, among the Board, the Corporation and the Trustee, as amended and supplemented by the Series 2026B Supplemental Trust Agreement (the "Series 2026B Supplemental Trust Agreement"), dated as of **[**MONTH**]** 1, 2026, among the Board, the Corporation and the Trustee (collectively, the "Trust Agreement"). Reference to "Lease Agreement" herein shall include the terms of this Amended and Restated Schedule.

1. Findings. The Board and the Corporation hereby find and determine that:

(a) The Board has heretofore executed and delivered the Lease Agreement pursuant to which it has established a master lease-purchase program.

(b) The Board has heretofore leased the Series 2009 Project from the Corporation in accordance with the terms of the Lease Agreement.

(c) The Board has heretofore caused the Series 2016A Certificates (as defined in the Series 2026B Supplemental Trust Agreement) to be executed, authenticated and

delivered by the Trustee in connection with the refinancing of the costs of acquisition and construction and the Board's lease-purchase of the Series 2009 Project.

(d) The Board and the Corporation deem it in their best interests to restructure the Basic Rent Payments due under the Prior Lease Schedule by issuing Refunding Certificates for the purpose of refunding, on a current basis, the outstanding Series 2016A Certificates maturing on July 1 in the years 2027 through 2029, inclusive (collectively, the "Refunded Certificates") **[**and defeasing the outstanding Series 2016A Certificates maturing on July 1, 2026 (the "Defeased Series 2016A Certificates")**]**.

(e) In order to accomplish such refunding **[**and defeasance**]**, the Board and the Corporation hereby agree to cause the issuance of the Series 2026B Certificates (as defined herein) pursuant to the Master Trust Agreement and the Series 2026B Supplemental Trust Agreement.

(f) The Board and the Corporation further agree to use a portion of the proceeds of the Series 2026B Certificates to (i) prepay the Refunded Certificates pursuant to the terms of the Master Trust Agreement (including, particularly, Articles V and XII thereof) and an Escrow Deposit Agreement, dated as of **[**CLOSING DATE**]**, 2026 (the "Escrow Deposit Agreement"), between the Board and U.S. Bank Trust Company, National Association, as Escrow Agent, in order to restructure and reduce certain Basic Rent Payments payable under the Lease Agreement as aforesaid, **[**(ii) pay the Defeased Series 2016A Certificates at maturity**]** and (iii) pay costs associated with the issuance of the Series 2026B Certificates. The portion of the proceeds of the Series 2026B Certificates to be applied to the refunding of the Refunded Certificates **[**and the defeasance of the Defeased Series 2016A Certificates**]**, together with certain other legally available funds of the Board, shall be deposited into an escrow deposit trust fund established pursuant to the Escrow Deposit Agreement and shall constitute the deposit of prepaid Basic Rent Payments by the Board. The refunding of the Refunded Certificates is in the best interests of the Board and the Corporation because it results in a decrease in Basic Rent Payments associated with the portion of the Series 2009 Project refinanced with the proceeds of the Refunded Certificates.

(g) The deposit of the prepaid Basic Rent Payments into the escrow deposit trust fund shall be in an amount sufficient to pay the principal of, prepayment premium, if any, and interest on the Refunded Certificates **[**and to defease the Defeased Series 2016A Certificates**]**, as the same become due or are prepaid prior to maturity. The Lease Agreement will secure the payment of Supplemental Rent and any deficiency in the prepaid Basic Rent Payments on deposit in the escrow deposit trust fund relating to the Refunded Certificates **[**and the Defeased Series 2016A Certificates**]**.

(h) In consideration for the deposit of such prepaid Basic Rent Payments with the Escrow Agent, the Board and the Corporation agree to enter into this Second Amended and Restated Schedule, whereby the Board will continue to lease the Series

2009 Project and agree to make Basic Rent Payments sufficient to pay the principal of and interest on the Series 2026B Certificates **[**and the Series 2016A Certificates maturing on July 1, 2026 (the "Outstanding Series 2016A Certificates") that are not refunded in connection with the issuance of the Series 2026B Certificates**]**.

2. Delivery of Offering Statement and Other Documents.

(a) Prior to the date hereof, the School Board has prepared for use in connection with the public sale and distribution of the Certificates, and provided to the Underwriters for their review, the Preliminary Offering Statement dated [POS DATE], 2026 (including the cover page, inside cover page and appendices contained therein, the "Preliminary Offering Statement"). The School Board deems the Preliminary Offering Statement final as of its date for purposes of Rule 15c2-12 of the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the "SEC Rule"), except for certain permitted omissions in connection with the pricing of the Certificates. The Underwriters have reviewed such Preliminary Offering Statement prior to the execution of this Purchase Contract.

(b) As soon as practicable after the date hereof, and, in any event within seven (7) business days of the date hereof (or within such shorter period as may be reasonably requested by the Underwriters in order to accompany any confirmation that requests payment from any customer to comply with Rule G-32 of the Municipal Securities Rulemaking Board) the School Board shall, so as to enable the Underwriters to comply with the provisions of the SEC Rule, deliver to the Underwriters a sufficient number of copies of a final Offering Statement, dated the date hereof (including the cover page, inside cover page and appendices contained therein, the "Offering Statement"), together with all supplements and amendments thereto, substantially in the form of the Preliminary Offering Statement, with only such changes therein as shall have been accepted by the Underwriters, executed on behalf of the School Board by the Chair.

(c) The Representative shall give notice to the School Board on the date, but in no event later than 90 days after the Closing, after which no participating underwriter, as such term is defined in the SEC Rule, remains obligated to deliver Offering Statements pursuant to paragraph (b)(4) of the SEC Rule.

(d) At or prior to the Closing (as defined herein), the Representative shall file, or cause to be filed, the Offering Statement with the Municipal Securities Rulemaking Board. Unless otherwise provided in writing by the Representative to the School Board on the Date of Closing (as defined herein) that the Representative retains directly, or as a member of an underwriting syndicate, an unsold balance of the Certificates, the end of the underwriting period (as defined herein) shall be the Date of Closing, but in no event later than 90 days after the Closing.

(e) At Closing, the School Board shall deliver, or cause to be delivered to the Underwriters copies of the Resolutions, certified to by its Secretary, substantially in the form heretofore delivered to the Underwriters, with only such changes therein as agreed upon by the Representative.

(f) The School Board and the Corporation hereby authorize the Underwriters to use the forms or copies of (i) the Resolutions, (ii) the Corporation Resolutions, (iii) the Trust Agreements, (iv) the Transaction Leases, (v) the Assignment Agreements, (vi) the Transaction Ground Leases, (vii) the Disclosure Agreements, (viii) the Escrow Deposit Agreement and (ix) the Offering Statement and the information contained therein in connection with the public offering and sale of the Certificates and ratify and confirm their authorization of the distribution and use by the Underwriters prior to the date hereof of the Preliminary Offering Statement in connection with such public offering and sale.

3. Representation of the Underwriters as to Authority. The Representative is duly authorized to execute this Purchase Contract on behalf of the Underwriters and has been duly authorized to act hereunder in connection with the issuance of the Certificates.

4. Public Offering; Establishment of Issue Price; Underwriters not Acting as Agents or Fiduciaries. (a) The Underwriters agree, jointly and severally, to make an initial public offering of the Certificates to the public at initial public offering prices not greater than (or yields not less than) the initial public offering prices (or yields) set forth on Appendix D hereto; provided, however, the Underwriters reserve the right to make concessions to certain dealers, certain dealer banks and banks acting as agents and to change such initial public offering prices as the Underwriters deem necessary or desirable in connection with the marketing of the Certificates.

(b) The Representative, on behalf of the Underwriters, agrees to assist the School Board in establishing the issue price of the Certificates and shall execute and deliver to the School Board at Closing an "issue price" or similar certificate, substantially in the form attached hereto as Appendix D, together with the supporting pricing wires or equivalent communications, with such modifications as may be deemed appropriate or necessary, in the reasonable judgment of the Representative, the School Board and Special

Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Certificates.

(c) [Except as otherwise set forth in Schedule I to Appendix D attached hereto,] the School Board represents that it will treat the first price at which 10% of each maturity of the Certificates (the "10% Test") is sold to the public as the issue price of that maturity (if different interest rates apply within a maturity, each separate CUSIP number within that maturity will be subject to the 10% Test). [If, as of the date hereof, the 10% Test has not been satisfied as to any maturity of the Certificates for which the School Board has elected to utilize the 10% Test, the Representative agrees to promptly report to the School Board the prices at which Certificates of that maturity or maturities have been sold by the Underwriters to the public. That reporting obligation shall continue until the earlier of the date upon which the 10% Test has been satisfied as to the Certificates of that maturity or maturities or the Closing Date.]

(d) The Representative confirms that the Underwriters have offered the Certificates to the public on or before the date of this Purchase Contract at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in Schedule I to Appendix D attached hereto, except as otherwise set forth therein. [Schedule I to Appendix D attached hereto also sets forth, as of the date of this Purchase Contract, the maturities, if any, of the Certificates for which the 10% Test has not been satisfied and for which the School Board and the Representative, on behalf of the Underwriters, agree that the restrictions set forth in the next sentence shall apply (the "hold-the-offering-price rule"). So long as the hold-the-offering-price rule remains applicable to any maturity of the Certificates, the Underwriters will neither offer nor sell unsold Certificates of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

(1) the close of the fifth (5^{th}) business day after the sale date; or

(2) the date on which the Underwriters have sold at least 10% of that maturity of the Certificates to the public at a price that is no higher than the initial offering price to the public.]

(e) The Representative confirms that:

(i) any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the Representative is a party) relating to the initial sale of the Certificates to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter, each dealer who is a member of the selling group and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(A)(i) to report the prices at which it sells to the public the unsold Certificates of each maturity allocated to it until either all Certificates of that maturity allocated to it have been sold or it is notified by the Representative that the 10% Test has been satisfied as to the Certificates of that maturity and (ii) to comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative and as set forth in the related pricing wires, and

(B) to promptly notify the Representative of any sales of Certificates that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Certificates to the public (each such term being used as defined below),

(C) to acknowledge that, unless otherwise advised by the Underwriter, dealer or broker-dealer, the Representative shall assume that each order submitted by the Underwriter, dealer or broker-dealer is a sale to the public.

(ii) any agreement among underwriters and any selling group agreement relating to the initial sale of the Certificates to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Certificates to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Certificates of each maturity allocated to it until either all Certificates of that maturity allocated to it have been sold or it is notified by the Representative or such Underwriter that the 10% Test has been satisfied as to the Certificates of that maturity and (B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative or the Underwriter and as set forth in the related pricing wires.

The School Board acknowledges that, in making the representations set forth in this section, the Representative will rely on (i) the agreement of each Underwriter to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Certificates to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an Underwriter is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Certificates to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable, as set forth in the third-party distribution agreement and the related pricing wires. The School Board further acknowledges that each Underwriter shall be solely liable for its failure to comply with its agreement to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates, and that no Underwriter shall be liable for the failure of any other Underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Certificates, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Certificates.

(f) The Underwriters acknowledge that sales of any Certificates to any person that is a related party to an Underwriter shall not constitute sales to the public for purposes of this section. Further, for purposes of this Section 4:

(i) "public" means any person other than an underwriter or a related party;

(ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the School Board (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Certificates to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Certificates to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Certificates to the public);

(iii) a purchaser of any of the Certificates is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) "sale date" means the date of execution of this Purchase Contract by all parties.

(g) The School Board and the Corporation acknowledge and agree that (i) the purchase and sale of the Certificates pursuant to this Purchase Contract is an arm's-length commercial transaction between the School Board, the Corporation and the Underwriters; (ii) in connection therewith and with the discussions, undertakings and procedures leading up to the consummation of such transaction, the Underwriters are and have been acting solely as principals and are not acting as municipal advisors, financial advisors, agents or fiduciaries of the School Board or the Corporation; (iii) the Underwriters have not assumed an advisory or fiduciary responsibility in favor of the School Board or the Corporation with respect to the offering of the Certificates or the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriters, or any affiliate of the Underwriters, has provided other services or is currently providing other services to the School Board or the Corporation on other matters) and the Underwriters have no obligation to the School Board or the Corporation with respect to the offering contemplated hereby except the obligations expressly set forth in this Purchase Contract; (iv) the Underwriters have financial and other interests that differ from those of the School Board and the Corporation; and (v) the School Board and the Corporation have consulted with their own legal, financial and other advisors to the extent they have deemed appropriate in connection with the offering of the Certificates.

5. Good Faith Deposit. In connection with the execution of this Purchase Contract, the Representative has delivered to the Trustee, a wire transfer credited to the order of the School Board in immediately available federal funds (the "Good Faith Deposit"), in the sum of $[_____] (calculated as 1% of the estimated aggregate principal amount of the Certificates as reflected in the Preliminary Offering Statement), as security for the performance by the Underwriters of their obligation to accept and to pay for the Certificates. In the event that the School Board does not accept this offer in a timely manner, the School Board shall immediately cause the Trustee to return the Good Faith Deposit to the Representative by wire transfer credited to the order of the Representative, in the amount of the Good Faith Deposit. In the event the Closing takes place, the amount of the Good Faith Deposit shall be transferred by the Trustee to the account of the School Board to be credited against the purchase price pursuant to Section 7 hereof. In the event of the School Board's failure to deliver the Certificates at the Closing, or if the School Board shall be unable at or prior to the Closing to satisfy the conditions to the obligations of the Underwriters contained in this Purchase Contract (unless such conditions are waived by the Representative), or if the obligations of the Underwriters shall be terminated for any reason permitted by this Purchase Contract, the School Board shall immediately cause the Trustee to wire to the Representative in federal funds the Good Faith Deposit and such return shall constitute a full release and discharge of all claims by the Underwriters against the School Board arising out of the transactions contemplated hereby. Interest on the Good Faith Deposit shall accrue solely to the benefit of the School Board and shall not offset the amount due from the Underwriters at Closing or be payable to the Underwriters in the event the Good Faith Deposit returned to the Representative. In the event that the Underwriters fail (other than for a reason permitted hereunder) to accept and pay for the Certificates at the Closing as herein provided, the amount of the Good Faith Deposit

shall be retained by the School Board and such retention shall represent full liquidated damages and not a penalty for such failure and for any defaults hereunder on the part of the Underwriters, and such use shall constitute a full release and discharge of all claims, rights and damages of the School Board against the Underwriters arising out of the transactions contemplated hereby Accordingly, the Underwriters hereby waive any right to claim that the School Board's actual damages are less than the amount of the Good Faith Deposit, and the School Board's acceptance of this offer shall constitute a waiver of any right it may have to additional damages from the Underwriters.

6. Representations and Agreements.

(a) By its acceptance hereof, the School Board represents to and agrees with the Underwriters that, as of the date hereof:

(i) The School Board is duly and validly existing as a body corporate and politic pursuant to Article IX, Section 4(a) of the Florida Constitution and the laws of the State of Florida (particularly, Chapter 1001, Florida Statutes) and is the governing body of the District.

(ii) The School Board has full legal right, power and authority to cause the Certificates to be issued, sold and delivered to the Underwriters as described herein; to lease-purchase the Series 2026A Project; to prepay the Refunded Certificates, to adopt the Resolutions; and to execute, deliver and perform its obligations, as the case may be, under this Purchase Contract, the Transaction Ground Leases, the Disclosure Agreements, the Trust Agreements, the Transaction Leases, and the Escrow Deposit Agreement (collectively, the "School Board Documents"); by all necessary official action of the School Board taken prior to the acceptance hereof, the Resolutions have been duly adopted in accordance with the Constitution of Florida and the laws of the State of Florida; the Resolutions are in full force and effect and have not been amended, modified or repealed; the School Board Documents, when executed by the School Board will each be duly authorized and delivered and will constitute the legal, valid and binding special obligations of the School Board enforceable in accordance with their respective terms, except as the enforcement thereof may be affected by bankruptcy, insolvency, or other laws affecting the rights of creditors or tenants generally or the application by a court of equitable principles; the School Board has duly authorized and approved the execution of, and the performance by the School Board of its obligations contained in the School Board Documents and the consummation by it of all other transactions contemplated by the Resolutions, each of the School Board Documents and the Offering Statement to have been performed or consummated at or prior to the Date of Closing.

(iii) The execution and delivery of the School Board Documents, the issuance by the Trustee of the Certificates and the adoption of the Resolutions, and compliance with the special obligations on the School Board's part contained herein and therein, will not conflict with or constitute a material breach of or material default under any federal or Florida constitutional provision, law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the School Board is a party or to which the School Board or any of its properties or other assets is otherwise subject, nor will any such execution, delivery, adoption, implementation or compliance result in the creation or imposition of any material lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the properties or other assets of the School Board under the terms of any such provision, law, regulation, document or instrument, except as provided or permitted by the Certificates and the School Board Documents.

(iv) All approvals, consents and orders of any governmental authority, legislative body, board, agency or commission having jurisdiction which would constitute a condition precedent to or the absence of which would materially adversely affect the due performance by the School Board of its obligations under the Resolutions and the School Board Documents have been, or prior to the Closing will have been, duly obtained; provided, however, that this representation does not apply to such approvals, consents and orders as may be required under the Blue Sky or securities laws of any state in connection with the offering and sale of the Certificates.

(v) The information contained in the Preliminary Offering Statement and the Offering Statement pertaining to the School Board, the District, the Series 2026A Project, prepaying the Refunded Certificates, the Premises, the Certificates, the Resolutions and the School Board Documents was, is, and will be true and correct in all material respects and did not, does not and will not, contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(vi) Except as described in the Preliminary Offering Statement or the Offering Statement, there is no action, suit, proceeding, inquiry or investigation, at law or in equity before or by any court, governmental agency or public board or body, pending or, to the best knowledge of the School Board, threatened:

(A) Which may affect the existence of the School Board or the titles or rights of its officers to their respective offices;

(B) Which may affect or which seeks to prohibit, restrain or enjoin the sale, issuance or delivery of the Certificates, or the collection or payment of the Basic Rent Payments or assignment thereof to make payments on the Certificates and to make other payments under the Transaction Leases;

(C) Which in any way contests or affects the validity or enforceability of the Certificates, the Resolutions, the Trust Agreements, the Assignment Agreements, the School Board Documents or any of them;

(D) Which could cause the interest portion of the Basic Rent Payments represented by the Certificates to be included in the gross income of the holders of the Certificates for the purposes of federal income taxation;

(E) Which contests in any way the completeness or accuracy of the Preliminary Offering Statement or the Offering Statement or which contests the powers of the School Board or any authority or proceedings for the issuance, sale or delivery of the Certificates, or the due adoption of the Resolutions or the execution and delivery of the School Board Documents or any of them or the lease-purchase of the Series 2026A Project, or prepaying the Refunded Certificates in accordance with the terms thereof; or

(F) Which could materially adversely affect the financial condition of the School Board;

nor, to the best knowledge of the School Board, is there any basis therefor wherein an unfavorable decision, ruling or finding could materially adversely affect the validity or enforceability of the Certificates, the Resolutions, the Trust Agreements, the Assignment Agreements, the School Board

Documents or any of them. The School Board shall advise the Representative promptly of the institution of any proceedings known to it by any governmental agency prohibiting or otherwise affecting the use of the Preliminary Offering Statement or the Offering Statement in connection with the offering, sale or distribution of the Certificates.

(vii) The School Board will furnish such information, execute such instruments and take such other action not inconsistent with law in cooperation with the Underwriters as the Underwriters may reasonably request in order (A) to qualify the Certificates for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriters may designate, and (B) to determine the eligibility of the Certificates for investment under the laws of such states and other jurisdictions, and will use its best efforts to continue such qualifications in effect so long as required for the distribution of the Certificates; provided that the School Board shall not be obligated to pay any fee, qualify to do business or to take any action that would subject it to general service of process in any state where it is not now so subject.

(viii) If, after the date of this Purchase Contract and until the earlier of (A) ninety (90) days from the end of the "underwriting period" (as defined in the SEC Rule) or (B) the time when the Offering Statement is available to any person from the Municipal Securities Rulemaking Board, but in no case less than twenty-five (25) days following the end of the underwriting period, the School Board becomes aware that any event shall have occurred which might or would cause the Offering Statement, as then supplemented or amended, to contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the School Board shall notify the Representative thereof, and, if in the reasonable opinion of the School Board and the Representative such event requires the preparation and publication of a supplement or amendment to the Offering Statement, the School Board will at its own expense forthwith prepare and furnish to the Underwriters a sufficient number of copies of an amendment of or supplement to the Offering Statement (in form and substance satisfactory to the Representative and its Counsel) which will supplement or amend the Offering Statement so that it will not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in light of the circumstances existing at such time, not misleading.

(ix) The School Board covenants to comply with the requirements of the Internal Revenue Code of 1986, as amended (the "Code") in order to maintain the exclusion from gross income for purposes of federal income taxation of the interest portion of the Basic Rent Payments received by the owners of the Certificates, subject to the right of the School Board to non-appropriate funds in accordance with the provisions of the Transaction Leases. These requirements include, but are not limited to, provisions which prescribe yield and other limits within which the proceeds of the Certificates and other amounts are to be invested and require that certain investment earnings on the foregoing must be rebated on a periodic basis to the Treasury Department of the United States. The School Board does not have any material unfunded rebate obligations with respect to any Certificates of Participation previously issued under the Master Trust.

(x) The School Board has not, since December 31, 1975 been in default in the payment of principal of, premium, if any, or interest on, or otherwise been in default with respect to, any bonds, notes or other obligations which it has issued, assumed or guaranteed as to payment of principal, premium, if any, or interest.

(xi) The School Board shall comply with all of the continuing disclosure requirements of Rule 15c2-12(b)(5) of the Securities and Exchange Commission and shall comply with the commitments set forth in the Disclosure Agreements.

(xii) The School Board will apply the proceeds of the Certificates in accordance with the Trust Agreements and as described in the Offering Statement.

(xiii) Neither the School Board nor anyone authorized to act on its behalf, directly or indirectly, has offered the Certificates for sale to, or solicited any offer to buy, the Certificates from anyone other than the Underwriters.

(xiv) Prior to the execution of this Purchase Contract, the School Board delivered to the Underwriters copies of the Preliminary Offering Statement which the School Board deemed final for purposes of the SEC Rule as of the date of the Preliminary Offering Statement, except for the omission of no more than the following information: the offering price(s), interest rate(s), selling compensation, aggregate principal amount, principal amount per maturity, delivery date, ratings, prepayment provisions and certain other terms of the Certificates as permitted by the SEC Rule.

(xv) If the Offering Statement is supplemented or amended pursuant to Section 2 of this Purchase Contract, or otherwise by the School Board, at the time of each supplement or amendment to the Offering Statement and (unless subsequently again supplemented or amended pursuant to Section 2 of this Purchase Contract) at all times prior to the end of the underwriting period, the Offering Statement as so supplemented or amended will not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements contained therein, in the light of the circumstances under which they were made, not misleading.

(xvi) Other than as disclosed in the Preliminary Offering Statement, the School Board has complied in all material respects with any and all continuing disclosure commitments heretofore made by the School Board for the past five years.

(xvii) The Resolutions, the Certificates, the Trust Agreements, and the School Board Documents conform in all material respects to the descriptions thereof contained in the Preliminary Offering Statement and the Offering Statement.

(xviii) The financial statements of the School Board as of June 30, [2025] fairly represent the receipts, expenditures, assets, liabilities and cash balances of such amounts and, insofar as presented, other funds of the School Board as of the dates and for the periods therein set forth. Except as disclosed in the Preliminary Offering Statement and the Offering Statement, there has not been any materially adverse change in the financial condition of the School Board or in its operations since June 30, [2025] and there has been no occurrence, circumstance or combination thereof which is reasonably expected to result in any such materially adverse change.

(xix) Any certificates executed by any officer of the School Board and delivered to the Underwriters pursuant hereto or in connection herewith shall be deemed a representation and warranty of the School Board as to the accuracy of the statements therein made.

(b) By its acceptance hereof, the Corporation represents to and agrees with the Underwriters that, as of the date hereof:

(i) The Corporation is a not-for-profit corporation duly organized, incorporated, validly existing, and in good standing under the laws of the State of Florida (particularly, Chapter 617, Florida Statutes).

(ii) The Corporation has full legal right, power and authority to adopt the Corporation Resolutions, to execute, deliver and perform its obligations, as the case may be, under this Purchase Contract, the Trust Agreements, the Transaction Leases, the Transaction Ground Leases, and the Assignment Agreements (collectively, the "Corporation Documents"); by all necessary official action of the Board of Directors of the Corporation taken prior to the acceptance hereof, the Corporation Resolutions have been duly adopted in accordance with the laws of the State and the Corporation's Articles of Incorporation and Bylaws; the Corporation Resolutions are in full force and effect and have not been amended, modified or repealed; the Corporation Documents have been duly authorized, and when executed and delivered by the Corporation will constitute the legal, valid and binding obligations of the Corporation enforceable in accordance with their respective terms, except as the enforcement thereof may be affected by bankruptcy, insolvency, or other laws affecting the rights of creditors or tenants generally or the application by a court of equitable principles; the Corporation has duly authorized and approved the execution of, and the performance by the Corporation of its obligations contained in the Corporation Documents and the consummation by it of all other transactions contemplated by each of the Corporation Documents and the Offering Statement to have been performed or consummated at or prior to the Date of Closing.

(iii) The execution and delivery of the Certificates and the Corporation Documents, and compliance with the obligations on the Corporation's part contained herein and therein, will not conflict with or constitute a material breach of or material default under any federal or Florida constitutional provisions, law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the Corporation is a party or to which the Corporation or any of its properties or other assets is otherwise subject, nor will any such execution, delivery, adoption, implementation or compliance result in the creation or imposition of any material lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the properties or other assets of the Corporation under the terms of any such provision, law, regulation, document or instrument, except as provided or permitted by the Certificates and the Corporation Documents.

(iv) All approvals, consents and orders of any governmental authority, legislative body, board, district, agency or commission having jurisdiction which would constitute a condition precedent to or the absence of which would materially adversely affect the due performance by the Corporation of its obligations under the Corporation Documents have been, or prior to the Closing will have been, duly obtained; provided, however, that this representation does not apply to such approvals, consents and orders as may be required under the Blue Sky or securities laws of any state in connection with the offering and sale of the Certificates.

(v) The information contained in the Preliminary Offering Statement and the Offering Statement pertaining to the Corporation and the Corporation Documents, was and is true and correct in all material respects did not, and does not, contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(vi) Except as described in the Preliminary Offering Statement or the Offering Statement, there is no action, suit, proceeding, inquiry or investigation, at law or in equity before

or by any court, governmental agency or public board or other body, pending or, to the best knowledge of the Corporation, threatened:

(A) Which may affect the existence of the Corporation or the titles or rights of its officers to their respective offices;

(B) Which may affect or which seeks to prohibit, restrain or enjoin the sale, issuance or delivery of the Certificates, or the collection or payment of the Basic Rent Payments or assignment thereof to make payments on the Certificates and to make other payments under the Transaction Leases;

(C) Which in any way contests or affects the validity or enforceability of the Certificates, the Corporation Resolutions, the Corporation Documents or any of them;

(D) Which could cause the interest portion of the Basic Rent Payments represented by the Certificates to be included in the gross income of the holders of the Certificates for the purposes of federal income taxation;

(E) Which contests in any way the completeness or accuracy of the Preliminary Offering Statement or the Offering Statement or which contests the powers of the Corporation or any authority or proceedings for the issuance, sale or delivery of the Certificates, or the due execution and delivery of the Corporation Documents or any of them;

nor, to the best knowledge of the Corporation, is there any basis therefor, wherein an unfavorable decision, ruling or finding could materially adversely affect the validity or enforceability of the Certificates, the Corporation Documents or any of them.

(vii) The Corporation will furnish such information, execute such instruments and take such other action not inconsistent with law in cooperation with the Underwriters as the Underwriters may reasonably request in order to qualify the Certificates for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriters may designate, and to determine the eligibility of the Certificates for investment under the laws of such states and other jurisdictions, and will use its best efforts to continue such qualifications in effect so long as required for the distribution of the Certificates; provided that the Corporation shall not be obligated to pay any fee, qualify to do business or to take any action that would subject it to general service of process in any state where it is not now so subject.

(viii) If, after the date of this Purchase Contract and until the earlier of (A) ninety (90) days from the end of the "underwriting period" (as defined in the SEC Rule) or (B) the time when the Offering Statement is available to any person from the Municipal Securities Rulemaking Board, but in no case less than twenty-five (25) days following the end of the underwriting period, the Corporation becomes aware that any event shall have occurred which would or might cause the information contained in the Offering Statement, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein, in the light of the circumstances under which they were made, not misleading, the Corporation shall notify the Representative thereof, and if in the reasonable opinion of the Corporation or the Representative such event requires the preparation and publication of a supplement or amendment to the Offering Statement, the Corporation shall cooperate with the Representative in

supplementing or amending the Offering Statement, in such form and manner and at such time or times as may be reasonably called for by the Underwriters.

(ix) The Corporation shall cause the Trustee to execute and deliver the Certificates when ready for delivery.

7. The Closing. At 10:30 a.m., Eastern Time, on [CLOSING DATE], 2026 (such date herein called the "Date of Closing"), or at such later time or on such later date as may be mutually agreed upon by the School Board, the Corporation, the Trustee and the Underwriters, the School Board shall cause the Trustee, subject to the terms and conditions hereof, to deliver the Certificates to the account of the Underwriters in definitive form (all Certificates to bear proper CUSIP numbers), duly executed and authenticated, together with the other documents hereinafter mentioned, and, subject to the terms and conditions hereof, the Underwriters shall accept such delivery and pay the purchase price of the Certificates as set forth in Section 1 hereof, less the Good Faith Deposit, in federal funds to the order of the Trustee (such delivery of and payment for the Certificates herein called the "Closing"). The Closing shall occur at the offices of the School Board in Bradenton, Florida, or such other place as shall have been mutually agreed upon by the School Board, the Corporation, the Trustee and the Underwriters. The Certificates shall be prepared and delivered as fully registered certificates in the definitive form of one fully registered Certificate for each stated maturity of the Certificates and in the name in which The Depository Trust Company requests that the Certificates be registered and will be made available for inspection and checking by the Underwriters not later than 10:00 a.m. Eastern Time, on the business day prior to the Date of Closing. It is the intent of the parties hereto that the Certificates will be issued and delivered through the "FAST" closing procedure of The Depository Trust Company for credit to the accounts designated by the Underwriters and the Certificates shall be delivered to the Trustee or as otherwise may be agreed to by the School Board and the Underwriters.

8. Closing Conditions. The Underwriters are entering into this Purchase Contract in reliance upon the representations and agreements of the School Board and the Corporation contained herein, and in reliance upon the representations and agreements to be contained in the documents and instruments to be delivered at the Closing, and upon the performance of the covenants and agreements herein, as of the date hereof and as of the Date of Closing. Accordingly, the Underwriters' obligation under this Purchase Contract to purchase, to accept delivery of and to pay for the Certificates shall be conditioned upon the performance of the covenants and agreements to be performed hereunder and under such other documents and instruments to be delivered at or prior to the Closing, and shall also be subject to the following additional conditions:

(a) The representations of the School Board and the Corporation contained herein shall be true, complete and correct on the date hereof and on and as of the Date of Closing, as if made on the Date of Closing, and a certificate to that effect shall be delivered to the Underwriters by the School Board and the Corporation at Closing.

(b) At the date of execution hereof and at the Closing, the Resolutions and the Corporation Resolutions shall each be in full force and effect, and shall not have been amended, modified or supplemented, except to the extent to which the Representative shall have given its prior written consent and there shall have been taken in connection therewith and in connection with the issuance of the Certificates all such action as, in the opinions of Nabors, Giblin & Nickerson, P.A., Special Counsel, and Greenberg Traurig, P.A., Counsel for the Underwriters, shall be necessary and appropriate in connection with the transactions contemplated hereby.

(c) At the Closing there will be no pending or threatened litigation or proceeding of any nature seeking to restrain or enjoin the issuance, sale or delivery of the Certificates, or the collection or application of the Basic Rent Payments to make payments on the Certificates or in any way contesting or affecting the validity or enforceability of the Certificates, the Resolutions, the Corporation Resolutions, the School Board Documents or the Corporation Documents or contesting in any way the proceedings of the School Board, the Corporation or the Trustee taken with respect thereto, or contesting in any way the due existence or powers of the School Board, the Corporation or the Trustee or the title of any of the members or officials of the School Board, the Corporation or the Trustee to their respective offices and the Underwriters will receive the certificates of the School Board, the Corporation and the Trustee to the foregoing effect, or opinions of Counsel to the School Board, the Corporation and the Trustee that any such litigation is without merit.

(d) There shall have been no material adverse change in the financial condition of the School Board since June 30, 2025.

(e) At the Closing, the Underwriters shall receive the following documents, each dated as of the Date of Closing:

(i) The opinions of Special Counsel, dated the Date of Closing, in substantially the forms attached to the Offering Statement as Appendix G;

(ii) A supplemental opinion of Special Counsel, addressed to the Underwriters, [the Insurer,] and the Trustee (except for the opinions required by Section 8(e)(ii)(B) and (C) hereof which may be addressed solely to the Underwriters), substantially to the effect that (A) the Underwriters and the Trustee may rely upon the opinions referred to in Section 8(e)(i) hereof as though addressed to them; (B) prior to termination of the Transaction Leases, the Certificates are not subject to the registration requirements of the Securities Act of 1933, as amended, and the Trust Agreements are exempt from qualification pursuant to the Trust Indenture Act of 1939, as amended; and (C) with respect to information in the Preliminary Offering Statement and the Offering Statement and based upon said firms review of the Preliminary Offering Statement and the Offering Statement as Special Counsel, and without having undertaken to determine independently the accuracy and completeness of the contents of the Preliminary Offering Statement and the Offering Statement, the information in the Preliminary Offering Statement, as of its date, and the Offering Statement, as of its date, and as of the Date of Closing, under the headings (unless otherwise noted, the term "headings" includes all subheadings under a heading) entitled "INTRODUCTION" (excluding the information regarding projects, lease terms and principal amounts of outstanding certificates of participation with respect to other Leases under the Master Lease, as to all of which no opinion need be expressed) "AUTHORIZATION," "PURPOSE OF THE SERIES 2026 CERTIFICATES," "PLAN OF REFINANCE," "DESCRIPTION OF THE SERIES 2026 CERTIFICATES," "SECURITY FOR THE SERIES 2026 CERTIFICATES," "AMENDMENT TO MASTER LEASE," "THE MASTER LEASE-PURCHASE PROGRAM," "[THE TRANSACTION LEASE AGREEMENTS]" (excluding any financial, statistical and demographic information and information regarding [the Insurer and its Policies] and The Depository Trust Company or its book-entry only system of registration, as to all of which no opinion need be expressed) insofar as the same purport to describe the Certificates, the School Board Documents and the Assignment Agreements, constitute a fair summary of the information purported to be summarized therein. The statements in the Preliminary Offering Statement, as of its date, and the Offering Statement, as of its date and as of the Date of Closing, on the cover relating to our opinion and under the caption "TAX MATTERS" are accurate statements or summaries of the matters therein set forth.

(iii) The opinion(s) of Dye, Harrison, Knowles, Kirkland, Pratt & DePaola PLLC, Counsel to the School Board and the Corporation, addressed to the Underwriters, the School Board, the Corporation, [the Insurer,] Special Counsel and the Trustee, substantially to the effect that: (1) the School Board is a body corporate and politic and the governing body of the District, duly organized and existing under the Constitution and laws of the State of Florida with full power and authority to adopt the Resolutions, to lease-purchase the Series 2026A Project and to prepay the Refunded Certificates and execute, deliver and perform its objectives, as the case may be, under the School Board Documents; (2) the School Board Documents have been duly authorized, executed and delivered by the School Board and, assuming due authorization, execution and delivery by the other parties thereto, constitute legal, valid and binding agreements of the School Board enforceable in accordance with their terms except to the extent that the enforceability of the rights and remedies set forth therein may be limited by bankruptcy, insolvency or other laws affecting creditors' or tenants' rights generally and the application of equitable principles; (3) the School Board has authorized, executed and delivered the Offering Statement and has duly authorized the distribution of the Preliminary Offering Statement and the Offering Statement; (4) the information in the Preliminary Offering Statement, as of its date, and the Offering Statement, as of the date and as of the Date of Closing, as to legal matters relating to the School Board, the District, the Certificates, and the School Board Documents does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein in the light of the circumstances under which they were made, not misleading (except for the financial, statistical and demographic information contained in the Preliminary Offering Statement and the Offering Statement, and information relating to regarding [the Insurer and its Policies and] DTC and its book entry only system of registration as to all of which no view need be expressed); (5) to the best of their knowledge, after due inquiry, the School Board is not in material breach of or material default under any applicable constitutional provision, law or administrative regulation of the State of Florida or the United States or any applicable judgment or decree or any agreement, loan agreement, indenture, bond, note, material resolution, material agreement or other material instrument to which the School Board is a party or to which the School Board or any of its property or assets is otherwise subject, and no event has occurred and is continuing that with the passage of time or the giving of notice, or both, would constitute a default or event of default under any such instrument; (6) the execution and delivery of School Board Documents and the adoption of the Resolutions and compliance with the provisions on the School Board's part contained therein, will not conflict with or constitute a material breach of or default under any constitutional provision, law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the School Board is a party or to which the School Board or any of its property or assets is otherwise subject, and any such execution, delivery, adoption or compliance will not result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the School Board under the terms of any such law, regulation or instrument, except as expressly provided by the Certificates and the School Board Documents; (7) the Resolutions have been duly and lawfully adopted by the School Board, are in full force and effect and have not been altered, amended or repealed; (8) except as otherwise disclosed in the Offering Statement under the caption "LITIGATION," there is no action, suit, proceeding, inquiry or investigation at law or in equity before or by any court, government agency, public board or body, pending or, to the best of their knowledge, after due inquiry, threatened against or affecting the School Board, nor is there any basis for any such action, suit, proceeding, inquiry or investigation, wherein an unfavorable decision, ruling or finding would have a materially adverse effect upon the transactions contemplated by the Offering Statement or the validity of the Certificates, the Resolution, or the School Board Documents; (9) all authorizations, consents, approvals and reviews of governmental bodies or regulatory authorities then required for the School Board's adoption, execution or

performance of its obligations under the Resolutions, and the School Board Documents have been obtained or effected, and they have no reason to believe that the School Board will be unable to obtain or effect any such additional authorization, consent, approval or review that may be required in the future for performance of any of them by the School Board; (10) there is no action, suit, proceeding, inquiry or investigation at law or in equity before or by any court, government agency, public board or body, pending or, to the best of their knowledge, after due inquiry, threatened against or affecting the Corporation, nor is there is any basis for any such action, suit, proceeding, inquiry or investigation, wherein an unfavorable decision, ruling or finding would have a materially adverse effect upon the transactions contemplated by the Offering Statement or the validity of the Certificates, the School Board Documents or the Assignment Agreements; (11) the Corporation is a not-for-profit corporation duly incorporated and organized, validly existing and in good standing, under the laws of the State of Florida; (12) the Corporation Resolutions have been duly and lawfully adopted by the Corporation, are in full force and effect and have not been altered, amended or repealed; (13) the Corporation Documents have each been duly authorized, executed and delivered by the Corporation and, assuming due authorization, execution and delivery by the other parties thereto, each constitutes a legal, valid, and binding agreement of the Corporation enforceable in accordance with its terms except to the extent that the enforceability of the rights and remedies set forth therein may be limited by bankruptcy, insolvency or other laws affecting creditors' rights generally and the application of equitable principles; (14) the information in the Preliminary Offering Statement as of its date and the Offering Statement as of its date and as of the Date of Closing relating to the Corporation does not contain any untrue statement of a material fact or omit a material fact with respect to the Corporation necessary to make the statements therein in the light of the circumstances under which they were made, not misleading (except for the financial, statistical and demographic information contained in the Preliminary Offering Statement and the Offering Statement, and information relating to [the Insurer and the Policies and] DTC and its book entry only system of registration as to all of which no view need be expressed); (15) the adoption of the Corporation Resolutions and the execution and delivery of the Corporation Documents and compliance with the provisions on the Corporation's part contained herein or therein, will not conflict with or constitute a material breach of or default under any agreement or other instrument to which the Corporation is a party or to which the Corporation or any of its property or assets is otherwise subject; and (16) all authorizations, consents, approvals and reviews of governmental bodies or regulatory authorities then required for the Corporation's adoption, execution or performance of its obligations under the Corporation Resolutions and the Corporation Documents have been obtained or effected and, they have no reason to believe that the Corporation will be unable to obtain or effect any such additional authorization, consent, approval or review that may be required in the future for performance of any of them by the Corporation.

As long as the Series 2026B Certificates shall be registered in the name of Cede & Co., all payments of principal of and interest on the Series 2026B Certificates shall be made by the Trustee by check or draft or by wire transfer to Cede & Co., as Holder of the Series 2026B Certificates.

With respect to Series 2026B Certificates registered in the registration books kept by the Trustee in the name of Cede & Co., as nominee of DTC, the Board, the Corporation and the Trustee shall have no responsibility or obligation to any participant in the DTC book-entry program or to any indirect participant (collectively, a "Participant"). Without limiting the immediately preceding sentence, the Board, the Corporation and the Trustee shall have no responsibility or obligation with respect to (A) the accuracy of the records of DTC, Cede & Co. or any Participant with respect to any ownership interest on the Series 2026B Certificates, (B) the delivery to any Participant or any other Person other than a Certificate Owner, as shown in the registration books kept by the Trustee, of any notice with respect to the Series 2026B Certificates, or (C) the payment to any Participant or any other Person, other than a Certificate Owner, as shown in the registration books kept by the Trustee, of any amount with respect to principal of, premium, if any, or interest on the Series 2026B Certificates. The Board, the Corporation and the Trustee may treat and consider the Person in whose name each Series 2026B Certificate is registered in the registration books kept by the Trustee as the Holder and absolute owner of such Series 2026B Certificate for the purpose of payment of principal of, premium, if any, and interest with respect to such Series 2026B Certificate, for providing notices with respect to such Series 2026B Certificate, for the purpose of registering transfers with respect to such Series 2026B Certificate, for the purpose of providing notices, and for all other purposes whatsoever. The Trustee shall pay all principal of, premium, if any, and interest on the Series 2026B Certificates only to or upon the order of the respective holders, as shown in the registration books kept by the Trustee, or their respective attorneys duly authorized in

writing, as provided herein and all such payments shall be valid and effective to fully satisfy and discharge the Board's obligations with respect to payment of principal of, premium, if any, and interest on the Series 2026B Certificates to the extent of the sum or sums so paid. No Person shall receive a certificated Series 2026B Certificate evidencing the obligation of the Board to make payments of principal of, premium, if any, and interest pursuant to the provisions hereof. Upon delivery by DTC to the Board of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in the Trust Agreement with respect to transfers during certain time periods, the words "Cede & Co." herein shall refer to such new nominee of DTC; and upon receipt of such notice, the Board shall promptly deliver a copy of the same to the Trustee.

Upon (A) receipt by the Board of written notice from DTC (i) to the effect that a continuation of the requirement that all of the outstanding Series 2026B Certificates be registered in the registration books kept by the Trustee in the name of Cede & Co., as nominee of DTC, is not in the best interest of the beneficial owners of the Series 2026B Certificates or (ii) to the effect that DTC is unable or unwilling to discharge its responsibilities and no substitute depository willing to undertake the functions of DTC hereunder can be found which is willing and able to undertake such functions upon reasonable and customary terms, or (B) determination by the Board, in its sole discretion upon compliance with applicable DTC policies and procedures, that such book-entry only system is burdensome to the Board, the Series 2026B Certificates shall no longer be restricted to being registered in the registration books kept by the Trustee in the name of Cede & Co., as nominee of DTC, but may be registered in whatever name or names holders shall designate, in accordance with the provisions hereof. In such event, the Board shall issue and the Trustee shall authenticate, transfer and exchange Series 2026B Certificates of like principal amount and maturity, in denominations of $5,000 or any integral multiple thereof to the holders thereof in accordance with the provisions of the Trust Agreement. The foregoing notwithstanding, until such time as participation in the book-entry only system is discontinued, the provisions set forth in the Blanket Issuer Letter of Representations executed by the Board and delivered to DTC shall apply to the payment of principal of and interest on the Series 2026B Certificates.

Manatee School Board Leasing Corporation

Re: $[PAR] Refunding Certificates of Participation (The School Board of Manatee County, Florida, Master Lease Program), Series 2026B Evidencing an Undivided Proportionate Interest of Owners thereof in Basic Rent Payments to be made under a Master Lease-Purchase Agreement by The School Board of Manatee County, Florida

Ladies and Gentlemen:

This letter of instructions is intended to set forth certain duties and requirements regarding the payment of rebatable arbitrage to the United States Treasury in compliance with Section 148(f) of the Internal Revenue Code of 1986, as amended (the "Code") to the extent necessary to preserve the tax-exempt treatment of interest on the above-referenced Refunding Certificates of Participation (the "Series 2026B Certificates"). The instructions contained in this letter are based upon said Section 148(f) of the Code and, by analogy, to the Regulations. However, it is not intended to be exhaustive.

The Series 2026B Certificates have been issued pursuant to a Master Trust Agreement, dated as of June 1, 1996, as amended and supplemented by the Series 2026B Supplemental Trust Agreement, dated as of [MONTH] 1, 2026 (collectively, the "Trust Agreement"), among U.S. Bank Trust Company, National Association, as successor trustee (the "Trustee"), the Manatee School Board Leasing Corporation, a Florida not-for-profit corporation, as lessor (the "Corporation"), and The School Board of Manatee County, Florida, a school board of the State of Florida, as lessee (the "Board"). The Series 2026B Certificates represent undivided proportionate interests of Owners of the Series 2026B Certificates in the Basic Rent Payments to be made under a Master Lease-Purchase Agreement, dated as of June 1, 1996, as amended and supplemented by Second Amended

and Restated Lease Schedule No. 2016A, dated as of **[**MONTH**]** 1, 2026 (collectively, the "Lease Agreement"), between the Corporation and the Board. Pursuant to an Assignment of Lease Agreement, dated as of June 1, 1996, as amended and supplemented by the Sixteenth Amendment to Assignment of Lease Agreement, dated as of **[**MONTH**]** 1, 2026, between the Corporation and the Trustee, the Corporation has assigned all of its rights, title and interest in and to the Second Amended and Restated Lease Schedule No. 2016A (other than certain rights and obligations specifically excepted therein), including, without limitation, the right to receive the Basic Rent Payments, when due, to the Trustee for the benefit of the Owners of the Series 2026B Certificates **[**and the Outstanding Series 2016A Certificates.**]**

Since the requirements of said Section 148(f) are subject to amplification and clarification, it may be necessary to supplement or modify the instructions contained in this letter from time to time to reflect any additional or different requirements of said Section and the Regulations or to specify that actions set forth in this letter are no longer required or that some further or different action is required to maintain or assure the exemption from federal income tax of the interest on the Series 2026B Certificates.

For purposes of this letter, any instructions relating to a fund, account or subaccount established under the Trust Agreement shall be deemed to apply only to that portion of such fund, account or subaccount allocable to the Series 2026B Certificates.

1. Tax Covenants. Pursuant to the Trust Agreement, the Corporation and the Board have made certain covenants designed to assure that the Interest Component of the Basic Rent Payments is and shall remain excludable from gross income for purposes of federal income taxation. In order to preserve this exemption neither the Corporation nor the Board should, directly or indirectly, use or permit the use of any proceeds of the Series 2026B Certificates or the Lease Payments or any other funds or take or omit to take any action that would cause the Series 2026B Certificates to be "arbitrage bonds" within the meaning of Section 148 of the Code or that would cause the Interest Component of the Basic Rent Payments to be subject to be included in gross income for federal income tax purposes under the provisions of the Code. The Board must comply with all other requirements as shall be determined by Bond Counsel to be necessary or appropriate to assure that the Interest Component of the Basic Rent Payments will be excludable from gross income for purposes of federal income taxation. To that end, the Corporation and the Board shall comply with all requirements of Section 148 of the Code to the extent applicable to the Series 2026B Certificates.

2. Definitions. Capitalized terms used in this letter, but not otherwise defined herein, shall have the same meanings set forth in Exhibit A to the Trust Agreement and in the Board's Certificate as to Arbitrage and Certain Other Tax Matters relating to the Series 2026B Certificates.

"Bond Counsel" means Nabors, Giblin & Nickerson, P.A., Tampa, Florida or such other firm of nationally recognized bond counsel as may be selected by the Board.

"Certificate Year" means any one-year period (or shorter period from the Issue Date) ending on the close of business on the day preceding the anniversary of the Issue Date; provided, however, that the Board may select any other day as the end of a Certificate Year if such selection is made prior to the earlier of the final maturity date of the Series 2026B Certificates or the fifth anniversary of the Issue Date.

"Code" means the Internal Revenue Code of 1986, as amended.

"Computation Date" means each date selected by the Board as a computation date pursuant to Section 1.148-3(e) of the Regulations and the Final Computation Date.

"Fair Market Value" means, when applied to a Nonpurpose Investment, the Fair Market Value of such Investment as determined in accordance with Section 4 hereof.

"Final Computation Date" means the date the Series 2026B Certificates are discharged.

"Gross Proceeds" means, with respect to the Series 2026B Certificates:

(1) Amounts constituting Sale Proceeds of the Series 2026B Certificates.

(2) Amounts constituting Investment Proceeds of the Series 2026B Certificates.

(3) Amounts constituting Transferred Proceeds of the Series 2026B Certificates.

(4) Other amounts constituting Replacement Proceeds of the Series 2026B Certificates.

(5) Amounts that constitute Pledged Moneys (as defined below) and that are derived directly or indirectly from the Board (or a governmental unit of which the Board is a part) or any other person who substantially benefits from the issuance of the Series 2026B Certificates.

"Investment Proceeds" means any amounts actually or constructively received from investing proceeds of the Series 2026B Certificates.

"Investment Property" means any security, obligation or other property held principally as a passive vehicle for the production of income, within the meaning of Section 1.148-1(b) of the Regulations.

"Issue Date" means **[**CLOSING DATE**]**, 2026.

"Net Proceeds" means Sale Proceeds, less the portion of such Proceeds invested in a reasonably required reserve or replacement fund under the Code.

"Nonpurpose Investment" shall have the meaning ascribed to such term in Section 148 of the Code and shall include any Investment Property in which Gross Proceeds are invested which is not acquired to carry out the governmental purpose of the Series 2026B Certificates, e.g., obligations acquired with Gross Proceeds that are invested temporarily until needed for the governmental purpose of the Series 2026B Certificates, that are used to discharge a prior issue, or that are invested in a reasonably required reserve or replacement fund.

"Nonpurpose Payments" shall include the payments with respect to Nonpurpose Investments specified in Section 1.148-3(d)(1)(i)-(v) of the Regulations.

"Nonpurpose Receipts" shall include the receipts with respect to Nonpurpose Investments specified in Section 1.148-3(d)(2)(i)-(iii) of the Regulations.

"Pledged Moneys" means moneys that are reasonably expected to be used directly or indirectly to pay debt service on the Series 2026B Certificates (or to reimburse a municipal bond insurer) or as to which there is a reasonable assurance that such moneys or the earnings thereon will be available directly or indirectly to pay debt service on the Series 2026B Certificates (or to reimburse a municipal bond insurer) if the Board encounters financial difficulties.

"Pre-Issuance Accrued Interest" means amounts representing interest that has accrued on an obligation for a period of not greater than one year before its issue date but only if those amounts are paid within one year after the Issue Date.

"Proceeds" means any Sale Proceeds, Investment Proceeds and Transferred Proceeds of the Certificates.

"Qualified Administrative Costs" means reasonable, direct administrative costs, other than carrying costs, such as separately stated brokerage and selling commissions that are comparable to those charged nongovernmental entities in transactions not involving tax-exempt bond proceeds, but not legal and accounting fees, recordkeeping, custody or similar costs. In addition, with respect to a guaranteed investment contract or investments purchased for a yield restricted defeasance escrow, such costs will be considered reasonable if (1) the amount of the fee the Board treats as a Qualified Administrative Cost does not exceed the lesser of (a) $**[**50,000**]** (for calendar year 2026), and (b) 0.2% of the "computational base," or, if more, $**[**5,000**]**; and (2) the Board does not treat as Qualified Administrative Costs more than $**[**141,000**]** (for calendar year 2026) in brokers' commissions or similar fees with respect to all guaranteed investment contracts and investments for yield restricted defeasance escrows purchased with Gross Proceeds of the issue. For purposes of this definition only, "computational base" shall mean with respect

to guaranteed investment contracts, the amount of Gross Proceeds the Board reasonably expects, as of the date the contract is acquired, to be deposited in the guaranteed investment contract over the term of the contract and for investments other than guaranteed investment contract, "computational base" shall mean the amount of Gross proceeds initially invested in such investments. The above- described safe harbor dollar amounts shall be increased each calendar year for cost-of-living adjustments pursuant to Section 1.148-5(e) of the Regulations.

"Rebatable Arbitrage" means, as of any Computation Date, the excess of the future value of all Nonpurpose Receipts over the future value of all Nonpurpose Payments.

"Rebate Fund" means the Rebate Fund established pursuant to the Trust Agreement and described in Section 3 hereof.

"Regulations" means Treasury Regulations Sections 1.148-0 through 1.148-11, 1.149(b)-1 and (d)-1, and 1.150-0 through 1.150-2, as amended, and any regulations amendatory, supplementary or additional thereto.

"Replacement Proceeds" means amounts that have a sufficiently direct nexus to the Series 2026B Certificates or to the governmental purpose of the Series 2026B Certificates to conclude that the amounts would have been used for that governmental purpose if the Proceeds of the Series 2026B Certificates were not used or to be used for that governmental purpose. For this purpose, governmental purposes include the expected use of amounts for the payment of debt service on a particular date. The mere availability or preliminary earmarking of amounts for a governmental purpose, however, does not in itself establish a sufficient nexus to cause those amounts to be Replacement Proceeds. Replacement Proceeds include, but are not limited to, amounts held in a sinking fund or a pledged fund. For these purposes, an amount is pledged to pay principal of or interest on the Series 2026B Certificates if there is reasonable assurance that the amount will be available for such purposes in the event that the issuer encounters financial difficulties.

"Sale Proceeds" means any amounts actually or constructively received by the Board from the sale of the Series 2026B Certificates, including amounts used to pay underwriters' discount or compensation and interest other than Pre-Issuance Accrued Interest. Sale Proceeds shall also include, but are not limited to, amounts derived from the sale of a right that is associated with a Series 2026B Certificate and that is described in Section 1.148-4(b)(4) of the Regulations.

"Tax-Exempt Investment" means (i) an obligation the interest on which is excluded from gross income pursuant to Section 103 of the Code, (ii) United States Treasury-State and Local Government Series, Demand Deposit Securities, and (iii) stock in a tax-exempt mutual fund as described in Section 1.150-1(b) of the Regulations. Tax-Exempt Investment shall not include a specified private activity bond as defined in Section 57(a)(5)(C) of the Code. For purposes of these Rebate Instructions, a tax-exempt mutual

fund includes any regulated investment company within the meaning of Section 851(a) of the Code meeting the requirements of Section 852(a) of the Code for the applicable taxable year; having only one class of stock authorized and outstanding; investing all of its assets in tax-exempt obligations to the extent practicable; and having at least 98 percent of (1) its gross income derived from interest on, or gain from the sale of or other disposition of, tax-exempt obligations or (2) the weighted average value of its assets represented by investments in tax-exempt obligations.

"Transferred Proceeds" shall have the meaning provided therefor in Section 1.148-9 of the Regulations.

"Universal Cap" means the value of all then outstanding Series 2026B Certificates.
