"Value" (of a Series 2026B Certificate) means with respect to a Series 2026B Certificate issued with not more than two percent original issue discount or original issue premium, the outstanding principal amount, plus accrued unpaid interest; for any other Series 2026B Certificate, its present value.

"Value" (of an Investment) shall have the following meaning in the following circumstances:

(1) General Rules. Subject to the special rules in the following paragraph, an issuer may determine the value of an investment on a date using one of the following valuation methods consistently applied for all purposes relating to arbitrage and rebate with respect to that investment on that date:

(a) an investment with not more than two percent original issue discount or original issue premium may be valued at its outstanding stated principal amount, plus accrued unpaid interest on such date;

(b) a fixed rate investment may be valued at its present value on such date; and

(c) an investment may be valued at its Fair Market Value on such date.

(2) Special Rules. Yield restricted investments are to be valued at present value provided that (except for purposes of allocating Transferred Proceeds to an issue, for purposes of the Universal Cap and for investments in a commingled fund other than a bona fide debt service fund unless it is a certain commingled fund):

(a) an investment must be valued at its Fair Market Value when it is first allocated to an issue, when it is disposed of and when it is deemed acquired or deemed disposed of, and provided further that;

(b) in the case of Transferred Proceeds, the Value of a Nonpurpose Investment that is allocated to Transferred Proceeds of a refunding issue on a transfer date may not exceed the Value of that investment on the transfer date used for purposes of applying the arbitrage restrictions to the refunded issue.

"Yield" means, generally, the discount rate which, when used in computing the present value of all the unconditionally payable payments of principal and interest on an obligation and all the payments for qualified guarantees paid and to be paid with respect to such obligation, produces an amount equal to the present value of the issue price of such obligation. Present value is computed as of the date of issue of the obligation. There are, however, many additional specific rules contained in the Regulations which apply to the calculation and recalculation of yield for particular obligations and such rules should be consulted prior to calculating the yield for the Series 2026B Certificates on any Computation Date. Yield shall be calculated on a 360-day year basis with interest compounded semi-annually. For this purpose, the purchase price of a Nonpurpose Investment or Tax-Exempt Investment is its Fair Market Value, as determined pursuant to Section 4 of this letter, as of the date that it becomes allocated to Gross Proceeds of the Series 2026B Certificates.

"Yield on the Series 2026B Certificates" means, for all Computation Dates, the Yield expected as of the date hereof on the Series 2026B Certificates over the term of such Series 2026B Certificates computed by:

(1) using as the purchase price of the Series 2026B Certificates, the amount at which such Series 2026B Certificates were sold to the public within the meaning of Sections 1273 and 1274 of the Code; and

(2) assuming that all of the Series 2026B Certificates will be paid at their scheduled maturity dates or in accordance with any mandatory redemption requirements.

3. Payment of Rebatable Arbitrage.

(a) In order to maintain the exemption from federal income tax of the Interest Component of the Basic Rent Payments, the Trustee, upon the written direction of the Board in accordance with Section 6.12 of the Trust Agreement, shall pay the Rebatable Arbitrage to the United States Government at the times and in the amounts determined herein from amounts on deposit in the Rebate Fund. For purposes of determining the Rebatable Arbitrage, the Board should cause the calculations to be made by competent tax counsel or other financial or accounting advisors or persons to ensure correct application of the rules contained in the Code and the Regulations relating to arbitrage rebate.

(b) Within 30 days after any Computation Date, the Board must calculate or cause to be calculated the Rebatable Arbitrage or any penalty due pursuant to Section 3(d) below. The Board agrees to pay the Trustee the amount of the Rebatable Arbitrage for

deposit to the Rebate Fund on or before the same must be remitted by the Trustee. Upon receipt of such Rebatable Arbitrage from the Board, but in no event later than 60 days following the Computation Date, the Trustee must remit (but only from amounts received from the Board) an amount which when added to the future value of previous rebate payments is not less than 90 percent (100 percent with respect to the Computation Date on the final repayment or retirement of the Series 2026B Certificates plus the income, if any, from the investment of the Rebatable Arbitrage due the United States Government after the final Computation Date) of the Rebatable Arbitrage.

Each payment must be accompanied by Internal Revenue Service Form 8038-T.

(c) The obligation to pay Rebatable Arbitrage to the United States, as described in this letter, shall be treated as satisfied with respect to the Series 2026B Certificates if (i) Gross Proceeds are expended for the governmental purpose of the Series 2026B Certificates by no later than the date which is six months after the Issue Date and if it is not anticipated that any other Gross Proceeds will arise during the remainder of the term of the Series 2026B Certificates and (ii) the requirement to pay Rebatable Arbitrage, if any, to the United States with respect to the portion of the Reserve Account allocable to the Series 2026B Certificates, if any, is met. For purposes described above, Gross Proceeds do not include (i) amounts deposited in a bona fide debt service fund, so long as the funds therein constitute bona fide debt service funds, or a reasonably required reserve or replacement fund (as defined in Section 1.148-1 of the Regulations and meeting the requirements of Section 1.148-2(f) of the Regulations), (ii) amounts that, as of the Issue Date, are not reasonably expected to be Gross Proceeds but that become Gross Proceeds after the date which is six months after the Issue Date, (iii) amounts representing Sale or Investment Proceeds derived from any Purpose Investment (as defined in Section 1.148-1 of the Regulations) and earnings on those payments, and (iv) amounts representing any repayments of grants (as defined in Section 1.148-6(d)(4) of the Regulations). If Gross Proceeds are in fact expended by such date, then, except as to amounts, if any, on deposit in the Reserve Account, Rebatable Arbitrage with respect to such Gross Proceeds need not be calculated and no payment thereof to the United States Department of Treasury need be made. Use of Gross Proceeds to redeem Series 2026B Certificates shall not be treated as an expenditure of such Gross Proceeds.

Notwithstanding the foregoing, if Gross Proceeds which were reasonably expected to be Gross Proceeds on the Issue Date actually become available after the date which is six months after the Issue Date, as determined by the Board, then the requirements described herein relating to the calculation of Rebatable Arbitrage and the payment thereof to the United States must be satisfied, except that no such calculation or payment need be made with respect to the initial six-month period. Any other amounts not described in this Section which constitute Gross Proceeds, other than a bona fide debt service fund, will be subject to rebate.

(d) The Board and the Trustee should keep or cause to be kept proper books of records and accounts containing complete and correct entries of all transactions relating to the receipt, investment, disbursement, allocation and application of the moneys related to the Series 2026B Certificates, including moneys derived from, pledged to, or to be used to make payments on the Series 2026B Certificates. Such records shall, at a minimum, be sufficient to enable the Board to calculate the Rebatable Arbitrage and, if necessary, shall specify the account or fund to which each investment (or portion thereof) is to be allocated and shall set forth, in the case of each investment security, (i) its purchase price, (ii) identifying information, including par amount, coupon rate, and payment dates, (iii) the amount received at maturity or its sale price, as the case may be, including accrued interest, (iv) the amounts and dates of any payments made with respect thereto, and (v) the dates of acquisition and disposition or maturity.

4. Market Price Rules. Except as provided below, the Board agrees to comply with the requirements relating to the "Fair Market Value" of acquired Nonpurpose Investments, as defined in Section 1.148-5(d) of the Regulations ("Fair Market Value"). All investments required to be made pursuant to this letter shall be made to the extent permitted by law. In this regard, the Board agrees, among other things, that it will not acquire or cause to be acquired a Nonpurpose Investment (or any other investment acquired with Gross Proceeds or on deposit in the Rebate Fund), for a price in excess of its Fair Market Value or sell any such investment at a price (determined without any reduction for transaction costs) less than its Fair Market Value, except as provided below. For this purpose, the following rules shall apply:

(a) Established securities markets. Except as otherwise provided below, any market especially established to provide a security or obligation to an issuer of municipal obligations shall not be treated as an established market and shall be rebuttably presumed to be acquired or disposed of for a price that is not its Fair Market Value.

(b) Arm's-length price. Any transaction in which a Nonpurpose Investment is directly purchased with Gross Proceeds, or in which a Nonpurpose Investment allocable to Gross Proceeds is disposed of, shall be undertaken in a bona fide arm's-length manner, and no amount shall be paid to reduce the yield on the Nonpurpose Investment.

(c) Safe harbor for establishing Fair Market Value for guaranteed investment contracts and Nonpurpose Investments purchased for a yield restricted defeasance escrow. In the case of a guaranteed investment contract or Nonpurpose Investments purchased for a yield restricted defeasance escrow, the purchase price shall not be considered to be an arm's-length price unless all the following conditions are met:

(i) The Board makes a bona fide solicitation ("Bona Fide Solicitation") for the purchase of the investment that satisfies all of the following requirements:

(1) The bid specifications are in writing and are timely forwarded to potential providers;

(2) The bid specifications include all terms of the bid that may directly or indirectly affect the yield or the cost of the investment;

(3) The bid specifications include a statement notifying potential providers that submission of a bid is a representation that the potential provider did not consult with any other potential provider about its bid, that the bid was determined without regard to any other formal or informal agreement that the potential provider has with the Board or any other person (whether or not in connection with the bond issue), and that the bid is not being submitted solely as a courtesy to the Board or any other person for purposes of satisfying these requirements;

(4) The terms of the bid specifications are such that there is a legitimate business purpose for each term other than to increase the purchase price or reduce the yield of the investment (e.g., for solicitations of Nonpurpose Investments for a yield restricted defeasance escrow, the hold firm period must be no longer than the Board reasonably requires);

(5) For purchases of guaranteed investment contracts only, the terms of the solicitation take into account the Board's reasonably expected deposit and draw down schedule for the amounts to be invested;

(6) All potential providers have an equal opportunity to bid (e.g., no potential provider is given the opportunity to review other bids before providing a bid); and

(7) At least three providers are solicited for bids that have an established industry reputation as a competitive provider of the type of investments being purchased.

(ii) The bids received by the Board must meet all of the following requirements:

(1) The Board receives at least three bids from providers that the Board solicited under a Bona Fide Solicitation and that do not have a material financial interest in the issue. A lead underwriter in a negotiated underwriting transaction is deemed to have a material financial interest in the issue until 15 days after the issue date of the issue. In addition, any entity acting as a financial advisor with respect to the purchase of the investment at the time the bid specifications are forwarded to potential providers has a material financial interest in the issue. A provider that is a related party to a

provider that has a material financial interest in the issue is deemed to have a material financial interest in the issue.

(2) At least one of the three bids described in paragraph (c)(ii)(1) above is from a provider that has an established industry reputation as a competitive provider of the type of investments being purchased; and

(3) If the Board uses an agent to conduct the bidding process, the agent did not bid to provide the investment.

(iii) The winning bid must meet the following requirements:

(1) *Guaranteed investment contracts*. If the investment is a guaranteed investment contract, the winning bid is the highest yielding bona fide bid (determined net of any broker's fees).

(2) *Other Nonpurpose Investments*. If the investment is not a guaranteed investment contract, the following requirements are met:

(A) The winning bid is the lowest cost bona fide bid (including any broker's fees). The lowest bid is either the lowest cost bid for the portfolio or, if the Board compares the bids on an investment-by-investment basis, the aggregate cost of a portfolio comprised of the lowest cost bid for each investment. Any payment received by the Board from a provider at the time a guaranteed investment contract is purchased (e.g., an escrow float contract) for a yield restricted defeasance escrow under a bidding procedure meeting these requirements is taken into account in determining the lowest cost bid.

(B) The lowest cost bona fide bid (including any broker's fees) is not greater than the cost of the most efficient portfolio comprised exclusively of State and Local Government Series Securities from the United States Department of the Treasury, Bureau of Public Debt. The cost of the most efficient portfolio of State and Local Government Series Securities is to be determined at the time that bids are required to be submitted pursuant to the terms of the bid specifications. If such State and Local Government Series Securities are not available for purchase on the day that bids are required to be submitted because sales of those securities have been suspended, the cost comparison described in this paragraph is not required.

(iv) The provider of the investments or the obligor on the guaranteed investment contract certifies the administrative costs that it pays (or expects to pay) to third parties in connection with supplying the investment.

(d) The Board shall retain certificates and records documenting compliance with the above requirements until three years after the last outstanding Series 2026B Certificate is redeemed including, but not limited to, the following:

(i) For purchases of guaranteed investment contracts, a copy of the contract, and for purchases of Nonpurpose Investments other than guaranteed investment contracts, the purchase agreement or confirmation;

(ii) The receipt or other record of the amount actually paid by the Board for the investments, including a record of any administrative costs paid by the Board and the certification required in paragraph (c)(iv) above;

(iii) For each bid that is submitted, the name of the person and entity submitting the bid, the time and date of the bid, and the bid results;

(iv) The bid solicitation form and, if the terms of the purchase agreement or the guaranteed investment contract deviated from the bid solicitation form or a submitted bid is modified, a brief statement explaining the deviation and stating the purpose for the deviation; and

(v) For purchase of Nonpurpose Investments other than guaranteed investment contracts, the cost of the most efficient portfolio of State and Local Government Series Securities, determined at the time that the bids were required to be submitted.

Certificates in substantially the forms of subparagraphs (v) and (vi) above must be obtained to evidence the foregoing.

5. Records. The Board and the Trustee should retain all records with respect to the calculations required by this letter for at least six years after the date on which the last of the principal of and interest on the Series 2026B Certificates has been paid, whether upon maturity, redemption, or acceleration thereof.

6. Modification Upon Receipt of Bond Counsel Opinion. Notwithstanding any provision of this letter, if the Board and the Trustee shall receive an opinion of Bond Counsel that any specified instructions set forth in this letter are no longer required or that some further or different action is required to maintain or assure the exclusion from federal gross income of the Interest Component of the Basic Rent Payments, the Board and the Trustee may conclusively rely on such opinion in complying with the requirements of this letter and the instructions contained in this letter shall be deemed to be modified to that extent. The provisions of this and the instructions contained in this letter may be amended

or modified in any manner which is necessary to comply with such regulations as may be promulgated by the United States Treasury Department from time to time.

7. Accounting for Gross Proceeds. In order to perform the calculations required by the Code and the Regulations, it is necessary to track the investment and expenditure of all Gross Proceeds. To that end, the Board must adopt reasonable and consistently applied methods of accounting for all Gross Proceeds. Appendix I hereto sets forth a description of the required allocation and accounting rules with which the Board agrees to comply.

8. Administrative Costs of Investments. Except as otherwise provided in this Section 8, an allocation of Gross Proceeds to a payment or receipt on a Nonpurpose Investment is not adjusted to take into account any costs or expenses paid, directly or indirectly, to purchase, carry, sell or retire the Nonpurpose Investment (administrative costs). Thus, administrative costs generally do not increase the payments for, or reduce the receipts from, Nonpurpose Investments.

In determining payments and receipts on Nonpurpose Investments, Qualified Administrative Costs are taken into account by increasing payments for, or reducing the receipts from, the Nonpurpose Investments. Qualified Administrative Costs are reasonable, direct administrative costs, other than carrying costs, such as separately stated brokerage or selling commissions, but not legal and accounting fees, recordkeeping, custody and similar costs. General overhead costs and similar indirect costs of the Board such as employee salaries and office expenses and costs associated with computing Rebatable Arbitrage are not Qualified Administrative Costs.

Allocation and accounting rules are provided in Appendix I attached hereto.

9. Board Obligations. Except for any Rebatable Arbitrage which accrues prior to the date of termination of the Lease, the Board shall have no further obligations hereunder subsequent to the termination of the Lease Agreement.

10. Trustee Obligations. Except for matters set forth in Sections 3(a), (b) and (d) hereof and Section 6.12 of the Trust Agreement, the parties hereto agree that the Trustee shall have no further obligations hereunder or under the Trust Agreement relating to the matters set forth in this letter.

Respectfully submitted,

NABORS, GIBLIN & NICKERSON, P.A.

APPENDIX I

ALLOCATION AND ACCOUNTING RULES

(a) General Rule. Any issuer may use any reasonable, consistently applied accounting method to account for Gross Proceeds, investments and expenditures of an issue. An accounting method is "consistently applied" if it is applied uniformly within a Fiscal Period (as hereinafter defined) and between Fiscal Periods to account for Gross Proceeds of an issue and any amounts that are in a commingled fund.

(b) Allocation of Gross Proceeds to an Issue. Amounts are allocable to only one issue at a time as Gross Proceeds. Amounts cease to be allocated to an issue as Proceeds only when those amounts (i) are allocated to an expenditure for a governmental purpose; (ii) are allocated to Transferred Proceeds of another issue of obligations; or (iii) cease to be allocated to that issue at retirement of the issue or under the Universal Cap.

(c) Allocation of Gross Proceeds to Investments. Upon the purchase or sale of a Nonpurpose Investment, Gross Proceeds of an issue are not allocated to a payment for that Nonpurpose Investment in an amount greater than, or to a receipt from that Nonpurpose Investment in an amount less than, the Fair Market Value of the Nonpurpose Investment as of the purchase or sale date. The Fair Market Value of a Nonpurpose Investment is adjusted to take into account Qualified Administrative Costs allocable to the investment. Thus, Qualified Administrative Costs increase the payments for, or decrease the receipts from, a Nonpurpose Investment.

(d) Allocation of Gross Proceeds to Expenditures. Reasonable accounting methods for allocating funds from different sources to expenditures for the same governmental purpose include a "specific tracing" method, a "gross-proceeds-spent-first" method, a "first-in-first-out" method or a ratable allocation method, so long as the method used is consistently applied. An allocation of Gross Proceeds of an issue to an expenditure must involve a current outlay of cash for a governmental purpose of the issue. A current outlay of cash means an outlay reasonably expected to occur not later than five banking days after the date as of which the allocation of Gross Proceeds to the expenditure is made.

(e) Commingled Funds. Any fund or account that contains both Gross Proceeds of an issue and amounts in excess of $25,000 that are not Gross Proceeds of that issue if the amounts in the fund or account are invested and accounted for collectively, without regard to the source of the funds deposited therein, constitutes a "commingled fund." All payments and receipts (including deemed payments and receipts) on investments held by a commingled fund must be allocated (but not necessarily distributed) among each different source of funds invested in the commingled fund in accordance with a consistently applied, reasonable ratable allocation method. Reasonable ratable allocation methods include, without limitation, methods that allocate payments and receipts in proportion to either (i) the average daily balances of the amounts in the commingled fund from each different source of funds during any consistent time period within its fiscal year, but at least quarterly

(the "Fiscal Period"); or (ii) the average of the beginning and ending balances of the amounts in the commingled fund from each different source of funds for a Fiscal Period that does not exceed one month.

Funds invested in the commingled fund may be allocated directly to expenditures for governmental purposes pursuant to a reasonable consistently applied accounting method. If a ratable allocation method is used to allocate expenditures from the commingled fund, the same ratable allocation method must be used to allocate payments and receipts on investments in the commingled fund.

Generally, a commingled fund must treat all its investments as if sold at Fair Market Value either on the last day of the fiscal year or on the last day of each Fiscal Period. The net gains or losses from these deemed sales of investments must be allocated to each different source of funds invested in the commingled fund during the period since the last allocation. This mark-to-market requirement does not apply if (i) the remaining weighted average maturity of all investments held by a commingled fund during a particular fiscal year does not exceed 18 months, and the investments held by the commingled fund during that fiscal year consist exclusively of obligations; or (ii) the commingled fund operated exclusively as a reserve fund, sinking fund or replacement fund for two or more issues of the same issuer. Subject to the Universal Cap limitation, and the principle that amounts are allocable to only one issue at a time as Gross Proceeds, investments held by a commingled fund must be allocated ratably among the issues served by the commingled fund in proportion to either (i) the relative values of the bonds of those issues; (ii) the relative amounts of the remaining maximum annual debt service requirements on the outstanding principal amounts of those issues; or (iii) the relative original stated principal amounts of the outstanding issues.

(f) Universal Cap. Amounts that would otherwise be Gross Proceeds allocable to an issue are allocated (and remain allocated) to the issue only to the extent that the Value of the Nonpurpose Investments allocable to those Gross Proceeds does not exceed the Value of all outstanding bonds of the issue. Nonpurpose Investments allocated to Gross Proceeds in a bona fide debt service fund for an issue are not taken into account in determining the Value of the Nonpurpose Investments, and those Nonpurpose Investments remain allocated to the issue. To the extent that the Value of the Nonpurpose Investments allocable to the Gross Proceeds of an issue exceed the Value of all outstanding bonds of that issue, an issuer should seek the advice of Bond Counsel for the procedures necessary to comply with the Universal Cap.

(g) Expenditure for Working Capital Purposes. Subject to certain exceptions, the Proceeds of an issue may only be allocated to "working capital expenditures" as of any date to the extent that those expenditures exceed "available amounts" as of that date (i.e., "proceeds-spent-last").

For purposes of this section, "working capital expenditures" include all expenditures other than "capital expenditures." "Capital expenditures" are costs of a type properly chargeable (or chargeable upon proper election) to a capital account under general federal income tax principles. Such costs include, for example, costs incurred to acquire, construct or improve land, buildings and equipment having a reasonably expected useful life in excess of one year. Thus, working capital expenditures include, among other things, expenditures for current operating expenses and debt service.

For purposes of this section, "available amount" means any amount that is available to an issuer for working capital expenditure purposes of the type financed by the issue. Available amount excludes Proceeds of the issue but includes cash, investments and other amounts held in accounts or otherwise by an issuer for working capital expenditures of the type being financed by the issue without legislative or judicial action and without a legislative, judicial or contractual requirement that those amounts be reimbursed. Notwithstanding the preceding sentence, a "reasonable working capital reserve" is treated as unavailable. A working capital reserve is reasonable if it does not exceed five percent of the actual working capital expenditures of an issuer in the fiscal year before the year in which the determination of available amounts is made. For purpose of the preceding sentence only, in determining the working capital expenditures of an issuer for a prior fiscal year, any expenditures (whether capital or working capital expenditures) that are paid out of current revenues may be treated as working capital expenditures.

The proceeds-spent-last requirement does not apply to expenditures to pay (i) any Qualified Administrative Costs; (ii) fees for qualified guarantees of the issue or payments for a qualified hedge for the issue; (iii) interest on the issue for a period commencing on the Issue Date and ending on the date that is the later of three years from the Issue Date or one year after the date on which the financed project is placed in service; (iv) the United States for yield reduction payments (including rebate payments) or penalties for the failure to meet the spend down requirements associated with certain spending exceptions to the rebate requirement; (v) costs, other than those described in (i) through (iv) above, that do not exceed five percent of the Sale Proceeds of an issue and that are directly related to capital expenditures financed by the issue (e.g., initial operating expenses for a new capital project); (vi) principal or interest on an issue paid from unexpected excess sale or Investment Proceeds; (vii) principal or interest on an issue paid from investment earnings on a reserve or replacement fund that are deposited in a bona fide debt service fund; and (viii) principal, interest or redemption premium on a prior issue and, for a crossover refunding issue, interest on that issue. Notwithstanding the preceding paragraph, the exceptions described above do not apply if the allocation merely substitutes Gross Proceeds for other amounts that would have been used to make those expenditures in a manner that gives rise to Replacement Proceeds.

EXHIBIT D

FORM OF ESCROW DEPOSIT AGREEMENT

ESCROW DEPOSIT AGREEMENT

ESCROW DEPOSIT AGREEMENT, dated **[**CLOSING DATE**]**, 2026 (the "Agreement"), by and between **THE SCHOOL BOARD OF MANATEE COUNTY, FLORIDA,** acting as the governing body of the School District of Manatee County, Florida (the "Board"), and **U.S. BANK TRUST COMPANY, NATIONAL ASSOCIATION** (the "Escrow Agent"), a national banking association organized and existing under the laws of the United States of America, having its designated corporate trust office in Jacksonville, Florida, as Escrow Agent hereunder and as Trustee under the hereinafter described Trust Agreement.

WHEREAS, the Board has heretofore caused to be issued Refunding Certificates of Participation (The School Board of Manatee County, Florida Master Lease Program), Series 2016A Evidencing an Undivided Proportionate Interest of the Owners thereof in Basic Rent Payments to be made under a Master Lease-Purchase Agreement by The School Board of Manatee County, Florida (the "Series 2016A Certificates") pursuant to the Master Trust Agreement, dated as of June 1, 1996 (the "Master Trust Agreement"), as amended and supplemented, particularly as amended and supplemented by a Series 2016A Supplemental Trust Agreement, dated as of October 1, 2016 (the "Series 2016A Supplemental Trust Agreement" and together with the Trust Agreement, the "Trust Agreement"), among the Board, the Corporation and the Trustee; and

WHEREAS, the Board has determined to exercise its option under the Trust Agreement to refund the Series 2016A Certificates maturing on and after July 1, 2027 (collectively, the "Refunded Certificates") **[**and to defease the Series 2016A Certificates maturing on July 1, 2026 (the "Defeased Certificates)**]**; and

WHEREAS, the Board has determined to cause to be issued $**[**PAR**]** Refunding Certificates of Participation (The School Board of Manatee County, Florida Master Lease Program), Series 2026B (the "Series 2026B Certificates") pursuant to the Master Trust Agreement, a portion of the proceeds of which Series 2026B Certificates will be used to purchase certain U.S. Treasury securities in order to provide payment for the Refunded Certificates **[**and the Defeased Certificates**]** and discharge and terminate the Trust Estate, rights and liens provided under the Trust Agreement in regard to such Refunded Certificates **[**and the Defeased Certificates**]**; and

WHEREAS, the issuance of the Series 2026B Certificates, the purchase by the Escrow Agent of the hereinafter defined Escrow Securities, the deposit of such Escrow Securities into an escrow deposit trust fund to be held by the Escrow Agent and the discharge and termination of the Trust Estate, rights and liens provided under the Trust Agreement in regard to the Refunded Certificates **[**and the Defeased Certificates**]** shall occur as a simultaneous transaction; and

WHEREAS, this Agreement is intended to effectuate such simultaneous transaction;

NOW, THEREFORE, in consideration of the foregoing and of the mutual covenants hereinafter set forth, the parties hereto agree as follows:

SECTION 1. PREAMBLES. The recitals stated above are true and correct and incorporated herein.

SECTION 2. RECEIPT OF TRUST AGREEMENT AND VERIFICATION REPORT. Receipt of a true and correct copy of the above-mentioned Series 2016A Supplemental Trust Agreement (attached hereto as Exhibit A) and this Agreement is hereby acknowledged by the Escrow Agent. The applicable and necessary provisions of the Master Trust Agreement, including, without limitation, Section 12.01 thereof, are incorporated herein by reference. The Escrow Agent also acknowledges receipt of the verification report of **[**VERIFICATION AGENT**]**, a firm of independent public accountants, dated **[**CLOSING DATE**]**, 2026 (the "Verification Report"), attached hereto as Exhibit B. Reference herein to or citation herein of any provisions of the Trust Agreement shall be deemed to incorporate the same as a part hereof in the same manner and with the same effect as if the same were fully set forth herein.

SECTION 3. DISCHARGE OF TRUSTS, LIENS AND RIGHTS OF HOLDERS OF REFUNDED CERTIFICATES [AND THE DEFEASED CERTIFICATES]. The Board, by this writing, exercises its option to have the Trust Estate, rights and liens under the Trust Agreement to the holders of the Refunded Certificates **[**and the Defeased Certificates**]** cease, terminate and be void and be cancelled, discharged and terminated.

SECTION 4.ESTABLISHMENT OF ESCROW FUND. There is hereby created and established with the Escrow Agent a special, segregated and irrevocable escrow fund designated the "Refunding Certificates of Participation (School Board of Manatee County, Florida Master Lease Program), Series 2016A Escrow Deposit Trust Fund" (the "Escrow Fund"). The Escrow Fund shall be held in the custody of the Escrow Agent as a trust account for the benefit of the holders of the Refunded Certificates **[**and the Defeased Certificates**]**, separate and apart from other funds and accounts of the Board and the Escrow Agent. The Escrow Agent hereby accepts the Escrow Fund. The Escrow Agent hereby acknowledges the receipt of and deposit to the credit of the Escrow Fund the sum of $_____ received from proceeds of the Series 2026B Certificates ("Certificate Proceeds") and $_____ received from the Board representing amounts on deposit in the Lease Payment Fund established for the Refunded Certificates (the "Board Funds").

SECTION 5. DEPOSIT OF MONEYS AND SECURITIES IN ESCROW FUND. The Board hereby directs the Escrow Agent, concurrently with the deposit of the Certificate Proceeds under Section 4 above, to use all of the Certificate

Proceeds and all but $___ of the Board Funds (the "Cash Deposit") to purchase on behalf of and for the account of the Board certain United States Treasury obligations -- State and Local Government Series (collectively, together with any other securities which may be on deposit, from time to time, in the Escrow Fund, the "Escrow Securities"), which are described in Schedule 1 hereto, and to deposit such Escrow Securities and the Cash Deposit in the Escrow Fund. All Escrow Securities described in Schedule 1 hereto are noncallable, direct obligations of the United States of America to which the full faith and credit of the United States of America has been pledged. The Cash Deposit shall be held in the Escrow Fund uninvested.

In the event any of the Escrow Securities described in Schedule 1 hereto are not available for delivery on **[**CLOSING DATE**]**, 2026, the Escrow Agent may, upon written direction of the Board and with the approval of Special Counsel (as defined in the Trust Agreement), substitute other United States Treasury obligations and shall credit such other obligations to the Escrow Fund and hold such obligations until the aforementioned Escrow Securities have been delivered. Special Counsel may, as a condition precedent to giving its approval, require the Board to provide it with a revised Verification Report in regard to the adequacy of the Escrow Securities, taking into account the substituted obligations to pay the applicable Refunded Certificates **[**and the Defeased Certificates**]** in accordance with the terms hereof. The Escrow Agent shall in no manner be responsible or liable for failure or delay of Special Counsel or the Board to promptly approve the substitutions of other United States Treasury obligations for the Escrow Fund.

SECTION 6. SUFFICIENCY OF ESCROW SECURITIES. In reliance upon the Verification Report, the Board represents that the interest on and the principal amounts successively maturing on the Escrow Securities in accordance with their terms (without consideration of any reinvestment of such maturing principal and interest), together with the Cash Deposit, are sufficient such that moneys will be available to the Escrow Agent in amounts sufficient and at the times required to pay the amounts of principal of, redemption premium, if any, and interest due and to become due on the Refunded Certificates **[**and the Defeased Certificates**]** as described in Exhibit B attached to the Verification Report. If the Escrow Securities and Cash Deposit shall be insufficient to make such redemption payments, the Board shall timely deposit to the Escrow Fund, solely from legally available funds of the Board, such additional amounts as may be required to pay the Refunded Certificates **[**and the Defeased Certificates**]** as described in Schedule B hereto. Notice of any insufficiency shall be given by the Escrow Agent to the Board as promptly as possible, but the Escrow Agent shall in no manner be responsible for the Board's failure to make such deposits.

SECTION 7. ESCROW SECURITIES IN TRUST FOR HOLDERS OF THE REFUNDED CERTIFICATES [AND THE DEFEASED CERTIFICATES]. The deposit of the Escrow Securities in the Escrow Fund shall constitute an irrevocable deposit of Refunding Securities (as defined in the Series 2016A Supplemental Trust

Agreement) in trust solely for the payment of the principal of, redemption premium, if any, and interest on the Refunded Certificates **[**and the Defeased Certificates**]** at such times and in such amounts as set forth in Exhibit B to the Verification Report, and the principal of and interest earnings on such Escrow Securities shall be used solely for such purpose.

SECTION 8. ESCROW AGENT TO PAY REFUNDED CERTIFICATES [AND THE DEFEASED CERTIFICATES] FROM ESCROW FUND. The Board hereby directs, and the Escrow Agent hereby agrees, that it will take all actions required to be taken by it under the provisions of the Trust Agreement referenced in this Agreement, including the timely use of moneys in the Escrow Fund to the payment of the Refunded Certificates **[**and the Defeased Certificates**]** in the amounts and at the times provided in Exhibit B to the Verification Report. The Escrow Securities and Cash Deposit shall be used to pay the principal of, redemption premium, if any, and interest on the Refunded Certificates **[**and the Defeased Certificates**]** as the same may mature or be redeemed. If any payment date shall be a day on which the Escrow Agent is not open for the acceptance or delivery of funds, then the Escrow Agent may make payment on the next business day. The liability of the Escrow Agent for the payment of the principal of, redemption premium, if any, and interest on the Refunded Certificates **[**and the Defeased Certificates**]** pursuant to this Agreement shall be limited to the application of the Escrow Securities and the interest earnings thereon available for such purposes in the Escrow Fund.

SECTION 9. REINVESTMENT OF MONEYS AND SECURITIES IN ESCROW FUND. Moneys deposited in the Escrow Fund shall be invested only in the Escrow Securities listed in Schedule 1 hereto and, except as provided in Section 5 hereof and this Section 9, neither the Board nor the Escrow Agent shall otherwise invest or reinvest any moneys in the Escrow Fund.

Except as provided in Section 5 hereof and in this Section 9, the Escrow Agent may not sell or otherwise dispose of any or all of the Escrow Securities in the Escrow Fund and reinvest the proceeds thereof in other securities nor may it substitute securities for any of the Escrow Securities, except upon written direction of the Board and where, prior to any such reinvestment or substitution, the Escrow Agent and Build America Mutual Assurance Company ("BAM") have received from the Board the following:

(a) a written verification report by an independent certified public accountant or firm of independent certified public accountants, of recognized standing, appointed by the Board, to the effect that after such reinvestment or substitution the principal amount of Escrow Securities, together with the interest therein, will be sufficient to pay the Refunded Certificates **[**and the Defeased Certificates**]** as described in Exhibit B to the Verification Report (such verification shall not be necessary in the event the Board shall determine to reinvest cash in Escrow Securities which mature on or before the next principal and/or interest payment date for the Refunded Certificates **[**and the Defeased Certificates**]**); and

(b) a written opinion of Special Counsel to the effect that (i) such investment will not cause the Refunded Certificates **[**and the Defeased Certificates**]** or the Series 2026B Certificates to be "arbitrage bonds" within the meaning of Section 148 of the Internal Revenue Code, as amended, and the regulations promulgated thereunder or otherwise cause the Interest Component (as defined in the Trust Agreement) of the Basic Rent Payments represented by the Refunded Certificates **[**and the Defeased Certificates**]** or the Series 2026B Certificates to be included as gross income for purposes of federal income taxation, and (ii) such investment does not violate any provision of Florida law or of the Trust Agreement.

In the event the above-referenced verification concludes that there are surplus moneys in the Escrow Fund, such surplus moneys shall be released to the Board upon its written direction. The Escrow Fund shall continue in effect until the date upon which the Escrow Agent makes the final payment for the Refunded Certificates in an amount sufficient to pay the Refunded Certificates as described in Exhibit B to the Verification Report, whereupon the Escrow Agent shall as soon as practicable sell or redeem any Escrow Securities remaining in the Escrow Fund, shall remit to the Board the proceeds thereof, together with all other money, if any, then remaining in the Escrow Fund. Except as otherwise provided herein, the Escrow Agent shall have no liability to the Board with respect to the sale or redemption of such Escrow Securities.

SECTION 10. PREPAYMENT OF REFUNDED CERTIFICATES. (a) The Board hereby irrevocably instructs the Escrow Agent to give, on behalf of the Board, at the appropriate times the notice or notices, if any, required by the Trust Agreement in connection with the defeasance and prepayment of the Refunded Certificates. The form of the defeasance and prepayment notice shall be in substantially the form attached hereto as Exhibit C. The Escrow Agent shall also file such notice on EMMA within 10 business days of the deposit of moneys in the Escrow Fund. The Refunded Certificates shall be prepaid on July 1, 2026 at a Prepayment Price equal to 100% of the principal amount prepaid plus accrued interest to the prepayment date.

(b) The Escrow Agent shall also file the notice referred to paragraph (a) of this Section 10 with the MSRB's Electronic Municipal Market Access site within ten (10) business days of the date hereof. Notwithstanding anything herein to the contrary, the only remedy for the failure by the Escrow Agent to post any notice required of it under this Agreement with the MSRB's Electronic Municipal Market Access site shall be an action by the holders of the Refunded Certificates in mandamus for specific performance or similar remedy to compel performance.

SECTION 11. ESCROW FUND IRREVOCABLE. The Escrow Fund hereby created shall be irrevocable and the holders of the Refunded Certificates **[**and the Defeased Certificates**]** shall have an express lien on the Cash Deposit and all Escrow Securities deposited in the Escrow Fund pursuant to the terms hereof and the interest earnings thereon until paid out, used and applied in accordance with this Agreement and

the Trust Agreement. Neither the Board nor the Escrow Agent shall cause nor permit any other lien or interest whatsoever to be imposed upon the Escrow Fund.

SECTION 12. AMENDMENTS TO AGREEMENT. This Agreement is made for the benefit of the Board and the holders from time to time of the Refunded Certificates **[**and the Defeased Certificates**]** and it shall not be repealed, revoked, altered or amended without the written consent of all such holders and the written consent of the Escrow Agent and BAM; provided, however, that the Board, the Escrow Agent and BAM may, without the consent of, or notice to, such holders, enter into such agreements supplemental to this Agreement as shall not adversely affect the rights of such holders and as shall not be inconsistent with the terms and provisions of this Agreement, for any one or more of the following purposes:

(a) to cure any ambiguity or formal defect or omission in this Agreement;

(b) to grant, or confer upon, the Escrow Agent for the benefit of the holders of the Refunded Certificates **[**and the Defeased Certificates**]**, any additional rights, remedies, powers or authority that may lawfully be granted to, or conferred upon, such holders or the Escrow Agent; and

(c) to subject to this Agreement additional funds, securities or properties.

The Escrow Agent shall be entitled to rely exclusively upon an opinion of Special Counsel with respect to compliance with this Section 12, including the extent, if any, to which any change, modification or addition affects the rights of the holders of the Refunded Certificates **[**and the Defeased Certificates**]**, or that any instrument executed hereunder complies with the conditions and provisions of this Section 12. Any amendment to this Agreement shall require the prior written consent of BAM.

SECTION 13. FEES AND EXPENSES OF ESCROW AGENT; INDEMNIFICATION. In consideration of the services rendered by the Escrow Agent under this Agreement, the Board agrees to and shall pay to the Escrow Agent the fees and expenses as shall be agreed to in writing by the parties hereto. The Escrow Agent shall have no lien whatsoever upon any of the Escrow Securities or Cash Deposit in said Escrow Fund for the payment of such proper fees and expenses. The Board further agrees to indemnify and save the Escrow Agent harmless, to the extent allowed by law, against any costs (including attorney fees) and liabilities which it may incur in the exercise and performance of its powers and duties hereunder, and which are not due to its gross negligence or willful misconduct. Indemnification provided under this Section 13 shall survive the termination of this Agreement.

Whenever the Escrow Agent shall deem it necessary or desirable that a matter be proved or established prior to taking, suffering or omitting any action under this Agreement, such matter may be deemed to be conclusively established by a certificate

signed by an authorized officer of the Board. The Escrow Agent may conclusively rely, as to the correctness of statements, conclusions and opinions therein, upon any certificate, report, opinion or other document furnished to the Escrow Agent pursuant to any provision of this Agreement; the Escrow Agent shall be protected and shall not be liable for acting or proceeding, in good faith, upon such reliance; and the Escrow Agent shall be under no duty to make any investigation or inquiry as to any statements contained or matters referred to in any such instrument. The Escrow Agent may consult with counsel at the expense of the Board, who may be counsel to the Board or independent counsel, with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith in accordance herewith. Prior to retaining such independent counsel, the Escrow Agent shall notify the Board of its intention.

SECTION 14. REPORTING REQUIREMENTS OF ESCROW AGENT. On or about July 1, 2026, the Escrow Agent shall forward in writing to the Board a statement in detail of the withdrawals of money from the Escrow Fund.

SECTION 15. RESIGNATION OR REMOVAL OF ESCROW AGENT. The Escrow Agent, at the time acting hereunder, may at any time resign and be discharged from the duties and obligations hereby created by giving not less than 20 days' written notice to the Board and mailing notice thereof, specifying the date when such resignation will take effect to the holders of all Refunded Certificates **[**and the Defeased Certificates**]** then outstanding, but no such resignation shall take effect unless a successor Escrow Agent shall have been appointed by the holders of a majority in aggregate principal amount of the Refunded Certificates **[**and the Defeased Certificates**]** then outstanding or by the Board as hereinafter provided and such successor Escrow Agent shall have accepted such appointment, in which event such resignation shall take effect immediately upon the appointment and acceptance of a successor Escrow Agent.

The Escrow Agent may be replaced at any time upon giving not less than 20 days' written notice to the Escrow Agent by an instrument or concurrent instruments in writing, delivered to the Escrow Agent and signed by either the Board or the holders of a majority in aggregate principal amount of the Refunded Certificates **[**and the Defeased Certificates**]** then outstanding. Such instrument shall provide for the appointment of a successor Escrow Agent, which appointment shall occur simultaneously with the removal of the Escrow Agent.

In the event the Escrow Agent hereunder shall resign or be removed, or be dissolved, or shall be in the course of dissolution or liquidation, or otherwise become incapable of acting hereunder, or in case the Escrow Agent shall be taken under the control of any public officer or officers, or of a receiver appointed by a court, a successor may be appointed by the holders of a majority in aggregate principal amount of the Refunded Certificates **[**and the Defeased Certificates**]** then outstanding by an instrument or concurrent instruments in writing, signed by such holders, or by their attorneys in fact, duly authorized in writing;

provided, nevertheless, that in any such event, the Board shall appoint a temporary Escrow Agent to fill such vacancy until a successor Escrow Agent shall be appointed by the holders of a majority in aggregate principal amount of the Refunded Certificates **[**and the Defeased Certificates**]** then outstanding in the manner above provided, and any such temporary Escrow Agent so appointed by the Board shall immediately and without further act be superseded by the Escrow Agent so appointed by such holders. The Board shall mail notice of any such appointment made by it at the times and in the manner described in the first paragraph of this Section 15.

In the event that no appointment of a successor Escrow Agent or a temporary successor Escrow Agent shall have been made by such holders or the Board pursuant to the foregoing provisions of this Section 15 within 20 days after written notice of resignation of the Escrow Agent has been given to the Board, the holder of any of the Refunded Certificates **[**and the Defeased Certificates**]** or any retiring Escrow Agent may apply to any court of competent jurisdiction for the appointment of a successor Escrow Agent, and such court may thereupon, after such notice, if any, as it shall deem proper, appoint a successor Escrow Agent.

In the event of replacement or resignation of the Escrow Agent, the Escrow Agent shall have no further liability hereunder and the Board shall indemnify and hold harmless Escrow Agent from any such liability, including costs or expenses incurred by Escrow Agent or its counsel.

No successor Escrow Agent shall be appointed unless such successor Escrow Agent shall be a corporation with trust powers organized under the banking laws of the United States or any state, and shall have at the time of appointment capital and surplus of not less than $30,000,000.

Every successor Escrow Agent appointed hereunder shall execute, acknowledge and deliver to its predecessor and to the Board an instrument in writing accepting such appointment hereunder and thereupon such successor Escrow Agent, without any further act, deed or conveyance, shall become fully vested with all the rights, immunities, powers, trusts, duties and obligations of its predecessor; but such predecessor shall nevertheless, on the written request of such successor Escrow Agent or the Board execute and deliver an instrument transferring to such successor Escrow Agent all the estates, properties, rights, powers and trust of such predecessor hereunder; and every predecessor Escrow Agent shall deliver all securities and moneys held by it to its successor; provided, however, that before any such delivery is required to be made, all fees, advances and expenses of the retiring or removed Escrow Agent shall be paid in full. Should any transfer, assignment or instrument in writing from the Board be required by any successor Escrow Agent for more fully and certainly vesting in such successor Escrow Agent the estates, rights, powers and duties hereby vested or intended to be vested in the predecessor Escrow Agent, any such transfer, assignment and instruments in writing shall, on request, be executed, acknowledged and delivered by the Board.

Any corporation into which the Escrow Agent, or any successor to it in the trusts created by this Agreement, may be merged or converted or with which it or any successor to it may be consolidated, or any corporation resulting from any merger, conversion, consolidation or tax-free reorganization to which the Escrow Agent or any successor to it shall be a party shall be the successor Escrow Agent under this Agreement without the execution or filing of any paper or any other act on the part of any of the parties hereto, anything herein to the contrary notwithstanding.

SECTION 16. TERMINATION OF AGREEMENT. This Agreement shall terminate when all transfers and payments required to be made by the Escrow Agent under the provisions hereof shall have been made. Upon such termination, all moneys remaining in the Escrow Fund shall be released to the Board.

SECTION 17. GOVERNING LAW. This Agreement shall be governed by the applicable laws of the State of Florida.

SECTION 18. SEVERABILITY. If any one or more of the covenants or agreements provided in this Agreement on the part of the Board or the Escrow Agent to be performed should be determined by a court of competent jurisdiction to be contrary to law, such covenant or agreement shall be deemed and construed to be severable from the remaining covenants and agreements herein contained and shall in no way affect the validity of the remaining provisions of this Agreement.

SECTION 19. COUNTERPARTS. This Agreement may be executed in several counterparts, all or any of which shall be regarded for all purposes as one original and shall constitute and be but one and the same instrument.

SECTION 20. NOTICES. Any notice, authorization, request or demand required or permitted to be given in accordance with the terms of this Agreement shall be in writing and sent by registered or certified mail, fax or overnight mail addressed to:

SCHEDULE 1

ESCROW SECURITIES

Type	Settlement Date	Maturity Date	Par Amount	Coupon Rate	Price	Total Cost

EXHIBIT C

FORM OF NOTICE OF DEFEASANCE AND PREPAYMENT

Refunding Certificates of Participation (The School Board of Manatee County, Florida Master Lease Program), Series 2016A

Maturing on July 1 of the years 2027 through 2029, inclusive, Evidencing an Undivided Proportionate Interest of the Owners thereof in Basic Rent Payments to be made under a Master Lease-Purchase Agreement by The School Board of Manatee County, Florida

Maturity (July 1)	Principal Amount	Interest Rate	CUSIP No.
2027	$3,435,000	5.00%	56185NFR4
2028	8,320,000	5.00	56185NFS2
2029	8,735,000	5.00	56185NFT0

NOTICE IS HEREBY GIVEN that for the prepayment of all Basic Rent Payments represented by, and the Prepayment Price of, the obligations indicated above on July m1 2026 (the "Refunded Certificates"), there has been deposited in escrow with U.S. Bank Trust Company, National Association, as escrow agent, moneys consisting of refunding certificate proceeds which have been invested in obligations consisting of securities which are direct obligations of, or obligations which are fully and unconditionally guaranteed by, the United States of America.

Based on the information set forth in the Verification Report of **[**VERIFICATION AGENT**]**, dated **[**CLOSING DATE**]**, 2026, the scheduled payments to be received from such securities, together with the interest income therefrom, have been calculated to be adequate to prepay the principal component, or Prepayment Price, if any, and interest component due and to become due with respect to the Refunded Certificates on or prior to July 1, 2026, the Prepayment Date thereof.

The Refunded Certificates are deemed to have been paid within the meaning of Section 12.01 of the Master Trust Agreement dated as of June 1, 1996, as amended and supplemented, under which the Refunded Certificates were issued and secured.

The Refunded Certificates will be prepaid on July 1, 2026 at a Prepayment Price equal to 100% of the Principal Component of each Refunded Certificate to be prepaid, plus accrued interest thereon to July 1, 2026.

Payment of the Prepayment Price and interest of such Refunded Certificates will be made on or after such Prepayment Date at the office of U.S. Bank Trust Company, National Association, the Trustee for the Certificates upon surrender thereof. Interest on such Certificates will cease to accrue and be payable from and after such Prepayment Date.

DATED this ___ day of _____, 2026.

NEW ISSUE – BOOK ENTRY ONLY

Ratings: See "RATINGS" herein

In the opinion of Nabors, Giblin & Nickerson, P.A., Tampa, Florida, Special Counsel, assuming continuing compliance by the Board with various covenants in the Series 2026 Trust Agreements and the Transaction Lease Agreements (each as defined herein), under existing statutes, regulations, rulings and court decisions and subject to the conditions described under "TAX MATTERS" herein, the Interest Component of Basic Rent Payments received by the Owners of the Series 2026 Certificates is (a) excludable from gross income for federal tax purposes, except as otherwise described under the caption "TAX MATTERS," and (b) is not an item of tax preference for purposes of the federal alternative minimum tax; provided, however, with respect to certain corporations, the Interest Component of Basic Rent Payments is taken into account in determining the annual adjusted financial statement income for the purposes of computing the alternative minimum tax imposed on such corporations. Such interest portion also may be subject to other federal tax consequences of ownership of the Series 2026 Certificates. No opinion is expressed with respect to the federal income tax consequences of any payments received with respect to the Series 2026 Certificates following termination of the Transaction Lease Agreements as a result of an Event of Non-Appropriation or Event of Default thereunder. See "TAX MATTERS" herein for a discussion of Special Counsel's opinion.

The School Board of Manatee County, Florida**

Dated: Date of Delivery **Due: July 1, as shown on the inside cover**

The Certificates of Participation (The School Board of Manatee County, Florida Master Lease Program), Series 2026A (the "Series 2026A Certificates") evidence undivided proportionate interests in Basic Rent Payments (as defined herein) to be made by The School Board of Manatee County, Florida (the "Board"), acting as the governing body of the School District of Manatee County, Florida (the "District"), under a Master Lease-Purchase Agreement, dated as of June 1, 1996, as amended and supplemented from time to time (the "Master Lease"), with the Manatee School Board Leasing Corporation, a Florida not-for-profit corporation (the "Corporation"), as particularly amended and supplemented by Lease Schedule No. 2026A, dated as of _____, 2026 (the "Lease Schedule No. 2026A" and, together with the Master Lease, the "Series 2026A Lease Agreement"). The Series 2026A Certificates are being issued to finance (including through reimbursement) a portion of the cost of acquisition, construction, and installation of the Series 2026A Project (as defined herein) and to pay costs associated with the issuance of the Series 2026A Certificates, including a municipal bond insurance policy premium, if any. The Series 2026A Certificates are being issued by U.S. Bank Trust Company, National Association, as successor trustee (the "Trustee"), as fully registered certificates pursuant to the provisions of a Master Trust Agreement, dated as of June 1, 1996, as amended and supplemented from time to time (the "Master Trust Agreement"), and particularly as amended and supplemented by the Series 2026A Supplemental Trust Agreement, dated as of _____ 1, 2026 (collectively, the "Series 2026A Trust Agreement"), each among the Board, the Trustee, and the Corporation.

The Refunding Certificates of Participation (The School Board of Manatee County, Florida Master Lease Program), Series 2026B (the "Series 2026B Certificates" and, together with the Series 2026A Certificates, the "Series 2026 Certificates") evidence undivided proportionate interests in Basic Rent Payments to be made by the Board, acting as the governing body of the District, under the Master Lease, with the Corporation, as particularly amended and supplemented by Second Amended and Restated Lease Schedule No. 2009, dated as of _____ 1, 2026 (the "Second Amended and

Restated Lease Schedule No. 2009" and, together with the Master Lease, the "Series 2009 Lease Agreement" and, together with the Series 2026A Lease Agreement, the "Transaction Lease Agreements"). The Series 2026B Certificates are being issued to refund the Refunded Certificates (as defined herein) and thereby refinance a portion of the cost of acquisition, construction, and installation of the Series 2009 Project (as defined herein and, together with the Series 2026A Project, the "Transaction Projects") and to pay costs associated with the issuance of the Series 2026B Certificates, including a municipal bond insurance policy premium, if any. The Series 2026B Certificates are being issued by the Trustee, as fully registered certificates pursuant to the provisions of the Master Trust Agreement, and particularly as amended and supplemented by the Series 2026B Supplemental Trust Agreement, dated as of _____ 1, 2026 (collectively, the "Series 2026B Trust Agreement" and, together with the Series 2026A Trust Agreement, the "Series 2026 Trust Agreements"), each among the Board, the Trustee, and the Corporation.

Interest on the Series 2026 Certificates is payable on January 1 and July 1 of each year, commencing _____ 1, 20__ (each, a "Payment Date"). Interest will be paid by check or draft of the Trustee, as Paying Agent and Registrar, mailed on each Payment Date to Owners listed in the registration books maintained by the Trustee on the 15th day of the month (whether or not a Business Day) next preceding each Payment Date. The principal of the Series 2026 Certificates is payable to Owners upon presentation, when due, at maturity or earlier prepayment, at the corporate trust office of the Trustee in Jacksonville, Florida. The Series 2026 Certificates are being issued in denominations of $5,000, or any integral multiple thereof, and will initially be registered in the name of Cede & Co., as registered owner and nominee for The Depository Trust Company ("DTC"). Purchasers of the Series 2026 Certificates (the "Beneficial Owners") will not receive physical delivery of the Series 2026 Certificates and ownership by the Beneficial Owners of the Series 2026 Certificates will only be evidenced by the book-entry procedures of DTC. As long as Cede & Co. (or other approved nominee) is the registered owner as nominee of DTC, principal and interest payments will be made directly to such registered owner, which will, in turn, remit such payments to the DTC's participants for subsequent disbursement to the Beneficial Owners.

The Board and the Corporation have authorized an amendment to the Master Lease that will only become effective upon the receipt by the Board of certain consents to such amendment, as described herein. By purchasing the Series 2026 Certificates, the initial Beneficial Owners of the Series 2026 Certificates shall be deemed to have consented to such amendment. See "AMENDMENT TO THE MASTER LEASE" herein and "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009" hereto.

Certain of the Series 2026A Certificates may be subject to optional prepayment and mandatory sinking fund prepayment prior to their stated maturities as set forth herein. The Series 2026B Certificates are not subject to optional prepayment prior to their stated maturities. The Series 2026 Certificates are not subject to extraordinary mandatory prepayment. See "DESCRIPTION OF THE SERIES 2026 CERTIFICATES" herein.

THE BOARD IS NOT LEGALLY REQUIRED TO APPROPRIATE MONEYS TO MAKE BASIC RENT PAYMENTS. THE BASIC RENT PAYMENTS AND, CONSEQUENTLY, THE SERIES 2026 CERTIFICATE PAYMENTS OF PRINCIPAL AND INTEREST ARE PAYABLE SOLELY FROM THE BOARD'S AVAILABLE REVENUES AND NEITHER THE BOARD, THE STATE OF FLORIDA, NOR ANY POLITICAL SUBDIVISION OR AGENCY THEREOF SHALL BE OBLIGATED TO PAY ANY SUMS DUE UNDER THE TRANSACTION LEASE AGREEMENTS EXCEPT FROM AVAILABLE REVENUES APPROPRIATED FOR SUCH PURPOSE. THE BASIC RENT PAYMENTS ARE SUBJECT TO ANNUAL APPROPRIATION BY THE BOARD ON AN ALL-OR-NONE BASIS. THE SERIES 2026 CERTIFICATE PAYMENTS OF PRINCIPAL AND INTEREST AND THE PAYMENTS DUE FROM THE BOARD UNDER THE TRANSACTION LEASE AGREEMENTS AND THE CONTRACTUAL OBLIGATIONS OF THE BOARD UNDER THE TRANSACTION LEASE AGREEMENTS DO NOT CONSTITUTE A GENERAL OBLIGATION OR A PLEDGE OF THE FAITH AND CREDIT OF THE BOARD, THE STATE OF FLORIDA, OR ANY POLITICAL SUBDIVISION OR AGENCY THEREOF WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY PROVISION OR LIMITATION. THE ISSUANCE OF THE SERIES 2026 CERTIFICATES WILL NOT DIRECTLY OR INDIRECTLY OBLIGATE THE BOARD, THE STATE OF FLORIDA, OR ANY POLITICAL SUBDIVISION OR AGENCY THEREOF TO LEVY OR TO PLEDGE ANY FORM OF AD VALOREM TAXATION WHATSOEVER THEREFOR AND THE OWNERS OF THE SERIES 2026 CERTIFICATES

WILL HAVE NO RECOURSE TO THE POWER OF AD VALOREM TAXATION OF THE BOARD OR ANY OTHER GOVERNMENT ENTITY. SEE "RISK FACTORS" HEREIN.

The scheduled payment of principal of and interest on the Series 2026A Certificates when due may be guaranteed under a municipal bond insurance policy (the "Series 2026A Policy") to be issued concurrently with the delivery of the Series 2026A Certificates by _____ (the "Insurer"). The scheduled payment of principal of and interest on the Series 2026B Certificates when due may be guaranteed under a municipal bond insurance policy (the "Series 2026B Policy" and, together with the Series 2026A Policy, the "Policies") to be issued concurrently with the delivery of the Series 2026B Certificates by the Insurer. For a discussion of the terms and provisions of the Policy, including the limitations thereof, see "MUNICIPAL BOND INSURANCE POLICY OPTION" herein. *The Board will make the determination of whether to purchase the Policies to insure all, a portion or none of the Series 2026A Certificates and/or the Series 2026B Certificates, if any, at the time the Series 2026A Certificates and the Series 2026B Certificates are priced.*

ADDITIONAL INFORMATION

The Series 2026A Lease Agreement has an original lease term, which commences as of the date of delivery of the Series 2026A Certificates and continues through and including June 30, 2026, and is automatically renewable annually through June 30, 20__ unless sooner terminated as described herein. The initial term of the Series 2009 Lease Agreement commenced on May 27, 2009, and continued through and including June 30, 2009, and has been automatically renewed annually to date and is automatically renewable annually through June 30, 2029, unless sooner terminated as described herein.

In addition to the Transaction Lease Agreements, the Board has previously entered into the Series 2007 Lease Agreement, the Series 2010A-QSCB Lease Agreement, the Series 2011A Lease Agreement, the Series 2023A Lease Agreement, and the Series 2025A Lease Agreement (each as described herein) and may enter into other leases under the Master Lease. For the Fiscal Year 2025-26, there are approximately ____ schools, ____ additions, and ____ transportation and maintenance facility leased under the Master Lease. Based on the District's budgeted unweighted full time equivalent enrollment for Fiscal Year 2025-26 of approximately _____ students (excluding charter school students and Family Empowerment Scholarship students), approximately ____% of the District's students are attending classes in, or otherwise utilizing, the facilities leased under the Master Lease. Such percentage does not include the additional students that are expected to attend classes in, or otherwise utilize, the educational facilities constituting the Series 2025A Project (as defined herein) and the Series 2026A Project upon completion of such facilities. To determine the above percentage, the number of students attending each facility was calculated as follows: for schools that are built and operating, the number of students budgeted for the Fiscal Year 2025-26 was used; for the additions or improvements, the number of student stations attributable to each specific classroom budgeted for Fiscal Year 2025-26 based on the type of school (elementary, middle, K-8 or high), but does not include cafeterias, media centers, and other facilities that do not have any student stations attributable to them. Additionally, upon completion of the Series 2025A Project and the Series 2026A Project, approximately ____% of all student stations in the District will be located in educational facilities subject to the Master Lease.

The Board may not budget and appropriate for only a portion of the Projects (as defined herein) leased under the Master Lease; it must budget and appropriate for all Projects or none of them. Upon the occurrence of an Event of Non-Appropriation, the Lease Term of the Series 2026A Lease Agreement and the Series 2009 Lease Agreement shall, and upon the occurrence of an Event of Default may, be terminated with respect the Series 2026A Project and the Series 2009 Project, respectively. Upon any such termination, any proceeds of the disposition of leased Projects will be applied to the payment of the related Certificates (as defined herein), all as further described herein. In no event will owners of Certificates have any interest in or right to any proceeds of the disposition of facilities leased under any Lease Schedule (as defined herein) other than the Lease Schedule related to the respective Project. In addition, following termination of the Transaction Lease Agreements, transfers of the Series 2026 Certificates may be subject to compliance with the registration provisions of state and federal securities laws (see "TAX MATTERS" and "RISK FACTORS" herein).

No opinion is expressed by Special Counsel as to tax exemption or the effect of securities laws with respect to the Series 2026 Certificates following an Event of Non-Appropriation or certain Events of Default under the Master Lease, which results in termination of the Transaction Lease Agreements. Termination of the Transaction Lease Agreements will not result in termination of the municipal bond insurance policies, if any (see "MUNICIPAL BOND INSURANCE POLICY OPTION" herein).

This Offering Statement does not constitute an offer to sell the Series 2026 Certificates in any jurisdiction to any person to whom it is unlawful to make such offer in such jurisdiction. No dealer, broker, sales representative, or other person has been authorized by the Board or the Underwriters to give any information or make any representations other than as contained in this Offering Statement, and if given or made, such other information or representations must not be relied upon as having been authorized by any of the foregoing. This Offering Statement does not constitute an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of the Series 2026 Certificates by any person in any jurisdiction to which it is unlawful for such person to make such offer, solicitation, or sale.

The information contained in this Offering Statement has been obtained from the Board, DTC, and other sources that are considered to be reliable and, while not guaranteed as to completeness or accuracy, is believed to be correct. The information relating to DTC is not to be construed as a representation of the Board, the Corporation, the Trustee, the Financial Advisor, or the Underwriters. Any statements in this Offering Statement involving estimates, assumptions, and matters of opinion, whether or not so expressly stated, are intended as such and not as representations of fact, and the Board, the Corporation, the Trustee, the Financial Advisor, and the Underwriters expressly make no representations that such estimates, assumptions, and opinions will be realized or fulfilled. Neither the Auditor General of the State of Florida nor any other independent accountants have compiled, examined, or performed any procedures with respect to any projected, forecasted, or estimated financial information contained in this Offering Statement, nor have they expressed any opinion or any other form of assurance on such information or its achievability and assume no responsibility for, and disclaim any association with, any projected or estimated financial information. Any information, estimates, assumptions, and matters of opinion contained in this Offering Statement are subject to change without notice, and neither the delivery of this Offering Statement, nor any sale made hereunder, shall under any circumstances create any implication that there has been no change in the affairs of the Board since the date hereof or the earliest date as of which such information was given.

The Underwriters have provided the following sentence for inclusion in this Offering Statement. The Underwriters have reviewed the information in this Offering Statement in accordance with, and as part of, their respective responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

The Insurer makes no representation regarding the Series 2026 Certificates or the advisability of investing in the Series 2026 Certificates. In addition, the Insurer has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Offering Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding the Insurer, supplied by the Insurer and presented under the heading "MUNICIPAL BOND INSURANCE POLICY OPTION" and "APPENDIX I – FORM OF SPECIMEN MUNICIPAL BOND INSURANCE POLICY."

U.S. BANK TRUST COMPANY, NATIONAL ASSOCIATION, AS TRUSTEE, HAS NOT REVIEWED, PROVIDED OR UNDERTAKEN TO DETERMINE THE ACCURACY OF ANY OF THE INFORMATION CONTAINED IN THIS OFFERING STATEMENT AND MAKES NO REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, AS TO ANY MATTERS CONTAINED IN THIS OFFERING STATEMENT, INCLUDING, BUT NOT LIMITED TO, (I) THE ACCURACY OR COMPLETENESS OF SUCH INFORMATION, (II) THE VALIDITY OF THE SERIES 2026 CERTIFICATES

OR (III) THE TAX-EXEMPT STATUS OF THE INTEREST PORTION OF THE BASIC LEASE PAYMENTS OF THE SERIES 2026 CERTIFICATES.

NO REGISTRATION STATEMENT RELATING TO THE SERIES 2026 CERTIFICATES HAS BEEN FILED WITH THE SECURITIES AND EXCHANGE COMMISSION (THE "COMMISSION") OR WITH ANY STATE SECURITIES COMMISSION. IN MAKING ANY INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATIONS OF THE BOARD, THE DISTRICT, THE CORPORATION, AND THE TERMS OF THE OFFERING, INCLUDING THE MERITS AND RISKS INVOLVED. THE SERIES 2026 CERTIFICATES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE COMMISSION OR ANY STATE SECURITIES COMMISSION OR REGULATORY AUTHORITY. THE FOREGOING AUTHORITIES HAVE NOT PASSED UPON THE ACCURACY OR ADEQUACY OF THIS OFFERING STATEMENT. ANY REPRESENTATION TO THE CONTRARY MAY BE A CRIMINAL OFFENSE.

THIS OFFERING STATEMENT DOES NOT CONSTITUTE A CONTRACT BETWEEN THE BOARD OR THE UNDERWRITERS AND ANY ONE OR MORE HOLDERS OF THE SERIES 2026 CERTIFICATES.

THE ORDER AND PLACEMENT OF MATERIALS IN THIS OFFERING STATEMENT, INCLUDING THE APPENDICES, ARE NOT TO BE DEEMED A DETERMINATION OF RELEVANCE, MATERIALITY, OR IMPORTANCE, AND THIS OFFERING STATEMENT, INCLUDING THE APPENDICES, MUST BE CONSIDERED IN ITS ENTIRETY. THE CAPTIONS AND HEADINGS IN THIS OFFERING STATEMENT ARE FOR CONVENIENCE ONLY AND IN NO WAY DEFINE, LIMIT, OR DESCRIBE THE SCOPE OR INTENT, OR AFFECT THE MEANING OR CONSTRUCTION, OF ANY PROVISIONS OR SECTIONS IN THIS OFFERING STATEMENT. THE OFFERING OF THE SERIES 2026 CERTIFICATES IS MADE ONLY BY MEANS OF THIS ENTIRE OFFERING STATEMENT.

CERTAIN STATEMENTS INCLUDED OR INCORPORATED BY REFERENCE IN THIS OFFERING STATEMENT CONSTITUTE "FORWARD-LOOKING STATEMENTS." SUCH STATEMENTS GENERALLY ARE IDENTIFIABLE BY THE TERMINOLOGY USED, SUCH AS "PLAN," "EXPECT," "ESTIMATE," "BUDGET," OR OTHER SIMILAR WORDS. THE ACHIEVEMENT OF CERTAIN RESULTS OR OTHER EXPECTATIONS CONTAINED IN SUCH FORWARD-LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES, AND OTHER FACTORS THAT MAY CAUSE ACTUAL RESULTS, PERFORMANCE, OR ACHIEVEMENTS DESCRIBED TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, PERFORMANCE, OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. THE BOARD DOES NOT PLAN TO ISSUE ANY UPDATES OR REVISIONS TO THOSE FORWARD-LOOKING STATEMENTS IF OR WHEN ITS EXPECTATIONS OR EVENTS, CONDITIONS, OR CIRCUMSTANCES ON WHICH SUCH STATEMENTS ARE BASED OCCUR, SUBJECT TO ANY CONTRACTUAL OR LEGAL RESPONSIBILITIES TO THE CONTRARY.

THIS OFFERING STATEMENT IS BEING PROVIDED TO PROSPECTIVE PURCHASERS IN EITHER BOUND OR PRINTED FORMAT ("ORIGINAL BOUND FORMAT"), OR IN ELECTRONIC FORMAT ON THE FOLLOWING WEBSITES: WWW. MUNIOS. COM AND WWW. EMMA. MSRB. ORG. THIS OFFERING STATEMENT MAY BE RELIED ON ONLY IF IT IS IN ITS ORIGINAL BOUND FORMAT, OR IF IT IS PRINTED OR SAVED IN FULL DIRECTLY FROM THE AFOREMENTIONED WEBSITES.

REFERENCES TO WEBSITE ADDRESSES PRESENTED HEREIN ARE FOR INFORMATIONAL PURPOSES ONLY AND MAY BE IN THE FORM OF A HYPERLINK SOLELY FOR THE READER'S CONVENIENCE. UNLESS SPECIFIED OTHERWISE, SUCH WEBSITES AND THE INFORMATION OR LINKS CONTAINED THEREIN ARE NOT INCORPORATED INTO, AND ARE NOT PART OF, THIS OFFERING STATEMENT FOR PURPOSES OF RULE 15c2-12.

All summaries herein of documents and agreements are qualified in their entirety by reference to such documents and agreements, and all summaries herein of the Series 2026 Certificates are qualified in their entirety by reference to the form thereof included in the aforesaid documents and agreements.

INTRODUCTION

General

This Offering Statement, including the cover page, inside cover pages, and appendices hereto, is provided to furnish information with respect to The School Board of Manatee County, Florida (the "Board"), the governing body of the School District of Manatee County, Florida (the "District"), and the sale and delivery of the (i) Certificates of Participation (The School Board of Manatee County, Florida Master Lease Program), Series 2026A (the "Series 2026A Certificates"), which are being issued in the aggregate principal amount of $_____* pursuant to a Master Trust Agreement, dated as of June 1, 1996, as amended and supplemented (the "Master Trust Agreement"), and as particularly amended and supplemented by the Series 2026A Supplemental Trust Agreement, dated as of _____ 1, 2026 (the "Series 2026A Supplemental Trust Agreement" and, together with the Master Trust Agreement, the "Series 2026A Trust Agreement"), each by and among the Board, the Manatee School Board Leasing Corporation, a Florida not-for-profit corporation (the "Corporation"), as lessor, and U.S. Bank Trust Company, National Association, as successor trustee (the "Trustee"), who is also serving as Paying Agent and Registrar for the Series 2026A Certificates, and (ii) Refunding Certificates of Participation (The School Board of Manatee County, Florida Master Lease Program), Series 2026B (the "Series 2026B Certificates" and, together with the Series 2026A Certificates, the "Series 2026 Certificates"), which are being issued in the aggregate principal amount of $_____* pursuant to the Master Trust Agreement, and as particularly amended and supplemented by the Series 2026B Supplemental Trust Agreement, dated as of _____ 1, 2026 (the "Series 2026B Supplemental Trust Agreement" and, together with the Master Trust Agreement, the "Series 2026B Trust Agreement" and, together with the Series 2026A Trust Agreement, the "Series 2026 Trust Agreements"), each by and among the Board, the Corporation, as lessor, and the Trustee. The Trustee is also serving as Paying Agent and Registrar for the Series 2026 Certificates.

Amendment to the Master Lease

The Board and the Corporation have authorized an amendment to the Master Lease that will only become effective upon the receipt by the Board of certain consents to such amendment, as described herein. By purchasing the Series 2026 Certificates, the initial Beneficial Owners (as defined herein) of the Series 2026 Certificates shall be deemed to have consented to such amendment. See "AMENDMENT TO

THE MASTER LEASE" herein and "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009" hereto.

The Series 2026A Lease Agreement

The Series 2026A Certificates represent undivided proportionate interests of the owners thereof in the right to receive Basic Rent Payments (as defined herein) payable under the Master Lease-Purchase Agreement, dated as of June 1, 1996, as amended and supplemented (the "Master Lease"), and as particularly amended and supplemented by the Lease Schedule No. 2026A, dated as of _____ 1, 2026 (the "Lease Schedule No. 2026A" and, together with the Master Lease, the "Series 2026A Lease Agreement"), each by and between the Corporation and the Board. The Series 2026A Lease Agreement relates to the Series 2026A Project (as defined herein), commences on the date of delivery of the Series 2026A Certificates and will continue through and including June 30, 2026, and is automatically renewable annually through June 30, 20__, unless earlier terminated in accordance with the Series 2026A Lease Agreement.

The Board is leasing the sites on which certain components of the Series 2026A Project are located (the "Series 2026A Premises") to the Corporation pursuant to a Ground Lease Agreement, dated as of _____ 1, 2026 (the "Series 2026A Ground Lease"), by and between the Board and the Corporation. Pursuant to the Assignment of Ground Lease, dated as of _____ 1, 2026 (the "Series 2026A Ground Lease Assignment"), the Corporation is assigning its interests under the Series 2026A Ground Lease to the Trustee. See "APPENDIX F – FORM OF SERIES 2026A GROUND LEASE AND FORM OF ASSIGNMENT OF SERIES 2026A GROUND LEASE AND SERIES 2009 GROUND LEASE AND ASSIGNMENT OF SERIES 2009 GROUND LEASE."

The rights, title, and interest of the Corporation in the Series 2026A Lease Agreement, including the right of the Corporation to receive Basic Rent (herein defined), to use, sell, and relet the Series 2026A Project and to exercise remedies thereunder and under the Series 2026A Ground Lease, other than its rights to indemnification, its right to enter into additional Lease Schedules, and its obligation not to impair the tax-exempt status of the Series 2026A Certificates, have been irrevocably assigned by outright assignment to the Trustee pursuant to an Assignment of Lease Agreement, dated as of June 1, 1996, as amended (the "Assignment of Lease Agreement"), and as particularly amended by the Fifteenth Amendment to Assignment of Lease Agreement, dated as of _____ 1, 2026 (the "Fifteenth Amendment to Assignment of Lease Agreement" and, together with the Assignment of Lease Agreement, the "Series 2026A Assignment"), by and between the Corporation and the Trustee. See "APPENDIX E – ASSIGNMENT OF LEASE AGREEMENT AND FORMS OF FIFTHEENTH AMENDMENT TO ASSIGNMENT OF LEASE AGREEMENT AND SIXTEENTH AMENDMENT TO ASSIGNMENT OF LEASE AGREEMENT."

The Series 2009 Lease Agreement

The Series 2026B Certificates represent undivided proportionate interests of the owners thereof in the right to receive Basic Rent Payments payable under the Master Lease, as particularly amended and supplemented by the Second Amended and Restated Lease Schedule No. 2009, dated as of _____ 1, 2026 (the "Second Amended and Restated Lease Schedule No. 2009 and, together with the Master Lease, the "Series 2009 Lease Agreement" and, together with the Series 2026A Lease Agreement, the "Transaction Lease Agreements"), each by and between the Corporation and the Board. The Series 2009 Lease

Agreement relates to the Series 2009 Project (as defined herein and, together with the Series 2026A Project, the "Transaction Projects"), the initial term of the Series 2009 Lease Agreement commenced on May 27, 2009, and continued through and including June 30, 2009, and has been automatically renewed annually to date and is automatically renewable annually through June 30, 2029, unless earlier terminated in accordance with the Series 2009 Lease Agreement.

The Board is leasing the sites on which certain components of the Series 2009 Project are located (the "Series 2009 Premises") to the Corporation pursuant to a Ground Lease Agreement, dated as of May 1, 2009, as amended by the First Amendment to Ground Lease Agreement, dated as of _____ 1, 2026 (collectively, the "Series 2009 Ground Lease" and, together with the Series 2026A Ground Lease, the "Transaction Ground Leases"), each by and between the Board and the Corporation. Pursuant to the Assignment of Ground Lease, dated as of May 1, 2009 (the "Series 2009 Ground Lease Assignment" and, together with the Series 2026A Ground Lease Assignment, the "Transaction Ground Lease Assignments"), the Corporation is assigning its interests under the Series 2009 Ground Lease to the Trustee. See "APPENDIX F – FORM OF SERIES 2026A GROUND LEASE AND FORM OF ASSIGNMENT OF SEREIS 2026A GROUND LEASE AND SERIES 2009 GROUND LEASE AND ASSIGNMENT OF SERIES 2009 GROUND LEASE."

The rights, title, and interest of the Corporation in the Series 2009 Lease Agreement, including the right of the Corporation to receive Basic Rent, to use, sell, and relet the Series 2009 Project and to exercise remedies thereunder and under the Series 2009 Ground Lease, other than its rights to indemnification, its right to enter into additional Lease Schedules, and its obligation not to impair the tax-exempt status of the Series 2026B Certificates, have been irrevocably assigned by outright assignment to the Trustee pursuant to an Assignment of Lease Agreement, as amended by the Sixteenth Amendment to Assignment of Lease Agreement, dated as of _____ 1, 2026 (the "Sixteenth Amendment to Assignment of Lease Agreement" and, together with the Assignment of Lease Agreement, the "Series 2026B Assignment" and, together with the Series 2026A Assignment, the "Transaction Assignments"), by and between the Corporation and the Trustee. See "APPENDIX E – ASSIGNMENT OF LEASE AGREEMENT AND FORMS OF FIFTHEENTH AMENDMENT TO ASSIGNMENT OF LEASE AGREEMENT AND SIXTEENTH AMENDMENT TO ASSIGNMENT OF LEASE AGREEMENT."

The Prior Leases

In addition to the Transaction Lease Agreements, the Board has previously entered into (i) Amended and Restated Lease Schedule No. 2007, dated as of December 1, 2015 (the "Lease Schedule No. 2007" and, together with the Master Lease, the "Series 2007 Lease Agreement"), pursuant to which the Board refinanced a portion of the cost of certain educational and related facilities described therein (the "Series 2007 Project"); (ii) Lease Schedule No. 2010A-QSCB, dated as of October 1, 2010 (the "Lease Schedule No. 2010A-QSCB" and, together with the Master Lease, the "Series 2010A-QSCB Lease Agreement"), pursuant to which the Board financed a portion of the cost of certain educational and related facilities described therein (the "Series 2010A-QSCB Project"); (iii) Amended and Restated Lease Schedule No. 2011A, dated as of December 20, 2017 (the "Lease Schedule No. 2011A" and, together with the Master Lease, the "Series 2011A Lease Agreement"), pursuant to which the Board refinanced a portion of the cost of certain educational and related facilities described therein (the "Series 2011A Project"); (iv) Lease Schedule No. 2023A, dated as of May 1, 2023 (the "Lease Schedule No. 2023A", and together with the Master Lease, the "Series 2023A Lease Agreement"), pursuant to with the Board financed a portion of the cost of certain educational and related facilities described therein (the "Series 2023A Project"); and (v) Lease Schedule No. 2025A, dated as of March 1 2025 (the "Lease Schedule No. 2025A", and together with

the Master Lease, the "Series 2025A Lease Agreement"), pursuant to with the Board financed a portion of the cost of certain educational and related facilities described therein (the "Series 2025A Project"). The Series 2007 Lease Agreement, the Series 2010A-QSCB Lease Agreement, the Series 2011A Lease Agreement, the Series 2023A Lease Agreement, and the Series 2025A Lease Agreement are collectively referred to herein as the "Prior Leases." The Series 2007 Project, the Series 2010A-QSCB Project, the Series 2011A Project, the Series 2023A Project, and the Series 2025A Project are collectively referred to herein as the "Prior Projects." See "THE MASTER LEASED PROJECTS" and "PRIOR PROJECTS UNDER THE MASTER LEASE" herein for a description of the terms and provisions of the Prior Leases and the Projects financed thereunder.

The following table provides a summary of the Lease Schedules expected to be in effect following delivery of the Series 2026 Certificates and the refunding of the Refunded Certificates (as defined herein), the designation of the Projects being lease-purchased by the Board under each Lease Schedule, the final term of each Lease Schedule, the related Series of Certificates and the outstanding principal amount of each such related Series of Certificates.

Lease Schedule	Related Project	Final Renewal Term Ending Date	Related Series of Certificates	Principal Amount Outstanding
Series 2007	Series 2007	June 30, 2027	Series 2015	$_____

[(1)] The Board designated the Series 2010A-QSCB Lease Agreement as a "qualified school construction bond" ("QSCB") pursuant to Section 54F of the Internal Revenue Code of 1986, as amended (the "Code"). Pursuant to Section 6431 of the Code, the Board made an election to qualify to receive federal subsidy payments from the United States Treasury pursuant to Section 6431(f) of the Code (the "Interest Subsidy") on each interest payment date for the Series 2010A-QSCB Certificates. The expected Interest Subsidy will be in an amount equal to the lesser of the amount of interest payable with respect to the Series 2010A-QSCB Certificates on such date or the amount of interest which would have been payable with respect to the Series 2010A-QSCB Certificates if the interest were determined at the applicable tax credit rate for the Series 2010A-QSCB Certificates pursuant to Section 54A(b)(3) of the Code. See "RISK FACTORS – Effect of Sequestration on Lease Payments" herein.

[(2)] The listed principal amount represents the aggregate principal amount currently outstanding. The Board is obligated to continue to make annual Lease Payment deposits (net of investment earnings) on each October 1 thereafter, through and including the maturity date of October 1, 2029. It is anticipated that such deposits, plus investment earnings thereon, will be sufficient to pay the Series 2010A-QSCB Certificates at maturity on October 1, 2029. See "CERTIFICATE PAYMENT SCHEDULE" herein.

* Preliminary, subject to change.

Continuing Disclosure

The Board has agreed and will undertake, for the benefit of Series 2026 Certificate Owners, to provide certain annual financial information and operating data and notices of certain events when and if they occur relating to the District and the Series 2026 Certificates pursuant to Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended (the "Rule"). See "CONTINUING DISCLOSURE" herein.

Municipal Bond Insurance Policy Option

All, a portion or none of the scheduled payment of the principal portion and interest portion of Basic Rent Payments represented by the Series 2026A Certificates when due may be guaranteed under a municipal bond insurance policy (the "Series 2026A Policy") to be issued concurrently with the delivery of the Series 2026A Certificates by _____ (the "Insurer"). All, a portion or none of the scheduled payment of the principal portion and interest portion of Basic Rent Payments represented by the Series 2026B Certificates when due may be guaranteed under a municipal bond insurance policy (the "Series 2026B Policy" and, together with the Series 2026A Policy, the "Policies") to be issued concurrently with the delivery of the Series 2026B Certificates by the Insurer. For a discussion of the terms and provisions of the Policies, including the limitations thereof, see "MUNICIPAL BOND INSURANCE POLICY OPTION" herein. **The Board will make the determination whether to purchase the Series 2026A Policy to insure all, a portion, or none of the Series 2026A Certificates (the "Insured Series 2026A Certificates"), at the time the Series 2026A Certificates are priced. The Board will make the determination whether to purchase the Series 2026B Policy to insure all, a portion, or none of the Series 2026B Certificates (the "Insured Series 2026B Certificates" and, together with the Insured Series 2026A Certificates, the "Insured Series 2026 Certificates"), at the time the Series 2026B Certificates are priced.** See "RISK FACTORS – Certificate Insurance Risk Factors" and "RISK FACTORS – No Right of Insured Series 2026 Certificate Owners to Direct Remedies or Consent to Amendments" herein.

Other Information

Brief descriptions of the Board, the District, and the Transaction Projects are included in this Offering Statement together with summaries of certain provisions of the Series 2026 Certificates, the Transaction Lease Agreements, the Series 2026 Trust Agreements, the Transaction Assignments, the Transaction Ground Leases, and the Transaction Ground Lease Assignment. Such descriptions and summaries do not purport to be comprehensive or definitive. All references herein to the Series 2026 Certificates, the Transaction Lease Agreements, the Series 2026 Trust Agreements, the Transaction Assignments, the Transaction Ground Leases, and the Transaction Ground Lease Assignments are qualified in their entirety by reference to the respective complete documents. Copies of forms of the Series 2026 Trust Agreements, the Transaction Lease Agreements, the Transaction Assignments, the Transaction Ground Leases, and the Transaction Ground Lease Assignments are included herein as Appendices C, D, E, F, and G, respectively.

Unless otherwise indicated, capitalized terms used in this Offering Statement shall have the same meanings established in the documents referenced in the foregoing paragraph. See "APPENDIX C – MASTER TRUST AGREEMENT AND FORMS OF SERIES 2026A SUPPLEMENTAL TRUST AGREEMENT AND SERIES 2026B SUPPLEMENTAL TRUST AGREEMENT " attached hereto.

AUTHORIZATION

Pursuant to the applicable provisions of the laws of the State of Florida (the "State"), including particularly Chapters 1000 through 1013, Florida Statutes (collectively, the "Act"), and the judicial decisions related thereto, the Board has the power and authority to enter into transactions such as that contemplated by the Transaction Lease Agreements, the Transaction Ground Leases, and the Series 2026 Trust Agreements. The Board authorized doing so pursuant to resolutions duly adopted by the Board on _____, 2025 (the "Resolutions").

PURPOSE OF THE SERIES 2026 CERTIFICATES

The Series 2026A Certificates are being issued (i) to finance (including through reimbursement) a portion of the cost of the acquisition, construction, installation, and/or equipping of the Series 2026A Project, and (ii) to pay certain costs and expenses associated with the issuance of the Series 2026A Certificates, including the premium for a municipal bond insurance policy, if any. See "THE TRANSACTION PROJECTS – The Series 2026A Project" herein.

The Series 2026B Certificates are being issued, together with other legally available funds of the Board, (i) to prepay all or a portion of the outstanding Refunding Certificates of Participation (The School Board of Manatee County, Florida Master Lease Program), Series 2016A (the "Series 2016A Certificates") maturing on and after July 1, 2026 (collectively, the "Refunded Series 2016A Certificates") and thereby refinance a portion of the costs of the Series 2009 Project, and (ii) to pay certain costs and expenses associated with the issuance of the Series 2026B Certificates, including the premium for a municipal bond insurance policy, if any. See "PLAN OF REFINANCE" herein. The Series 2016A Certificates, if any, that are not refunded with proceeds of the Series 2026B Certificates are referred to herein as the "Unrefunded Series 2016A Certificates."

PLAN OF REFINANCE

The Series 2026B Certificates are being issued in order to provide the funds necessary to refund, on a current basis, the Refunded Series 2016A Certificates and thereby refinance a portion of the costs of the Series 2009 Project. The Refunded Series 2016A Certificates will be called for prepayment prior to maturity on or before the 90th day following delivery of the Series 2026B Certificates (the "Prepayment Date"), at a prepayment price equal to the par amount of the Refunded Series 2016A Certificates, plus accrued interest to the Prepayment Date.

Upon the issuance of the Series 2026B Certificates, a portion of the proceeds of thereof, together with other legally available funds of the Board, will be deposited into a separate account in an escrow deposit fund created pursuant to the Escrow Deposit Agreement (the "Escrow Deposit Agreement"), by and between the Board and U.S. Bank Trust Company, National Association, as escrow agent (the "Escrow Agent"), and such proceeds and other funds will be applied to purchase certain United States Treasury securities (the "Escrow Securities") which, together with the interest earnings thereon and cash deposit therein, if any, will be sufficient to pay the Basic Rent Payments represented by the Refunded Series 2016A Certificates to their payment date. Special Counsel will render an opinion to the effect that, assuming the deposit and application of the Escrow Securities and uninvested cash, if any, in accordance with the terms of the Escrow Deposit Agreement provision having been made for the payment of the Basic Rent Payments represented by the Refunded Series 2016A Certificates, the Refunded Series 2016A

Certificates will be deemed to be paid and the obligations under the Series 2009 Lease Agreement to pay Basic Rent Payments represented by the Refunded Series 2016A Certificates will have been released and discharged with respect to the Refunded Series 2016A Certificates. Such opinion will be rendered in reliance upon the verification report of _____, independent certified public accountants (the "Verification Agent"). See "VERIFICATION OF MATHEMATICAL COMPUTATIONS" herein.

VERIFICATION OF MATHMATIC COMPUTATIONS

The accuracy of the arithmetic computation showing the adequacy of the proceeds of the Series 2026B Certificates to be deposited with the Escrow Agent pursuant to the Escrow Deposit Agreement to pay the principal portion and interest portion of the Basic Rent Payments represented by the Refunded Series 2016A Certificates have been verified by the Verification Agent. The Verification Agent will express no opinion on the assumptions provided to them nor as to the exclusion from gross income for federal income tax purposes of the interest on the Series 2026B Certificates.

DESCRIPTION OF THE SERIES 2026 CERTIFICATES

General

The Series 2026 Certificates will be dated the date of delivery, will mature in the years and principal amounts and accrue interest at the fixed interest rates set forth on the inside cover page of this Offering Statement. The Series 2026 Certificates will initially be issued exclusively in "book-entry" form and ownership of one fully registered Series 2026 Certificate for each maturity as set forth on the inside cover page, each in the aggregate principal amount of such maturity, will be initially registered in the name of "Cede & Co." as nominee of The Depository Trust Company ("DTC"). The principal of and interest on the Series 2026 Certificates are payable in the manner set forth under "THE DESCRIPTION OF THE SERIES 2026 CERTIFICATES – Book-Entry Only System" herein. Individual purchases of the Series 2026 Certificates will be made in increments of $5,000 or integral multiples thereof.

The interest due on the Series 2026 Certificates is payable on January 1 and July 1 of each year, commencing _____ 1, 20__ (each, a "Payment Date"), to and including the date of maturity or earlier prepayment thereof. Such interest portion represents an undivided proportionate interest in the Interest Component of Basic Rent Payments due on the December 15 and June 15 prior to each Payment Date, commencing _____, 20__, to and including the maturity or earlier prepayment of the Series 2026 Certificates under the Transaction Lease Agreements and with respect to the Series 2009 Lease Agreement, on a parity basis with any Unrefunded Series 2016A Certificates. The interest on the Series 2026 Certificates will be computed on the basis of a 360-day year comprised of twelve 30-day months. The principal of the Series 2026 Certificates is payable July 1 of each year, commencing July 1, 20__, to and including the date of maturity or earlier prepayment of the Series 2026 Certificates. The Principal Component of Basic Rent Payments represented by the Series 2026 Certificates represents an undivided proportionate interest in the Principal Component of Basic Rent Payments due on June 15 of each year, to and including the maturity date or earlier prepayment of the Series 2026 Certificates under the Transaction Lease Agreements and with respect to the Series 2009 Lease Agreement, on a parity basis with any Unrefunded Series 2016A Certificates.

The principal or Prepayment Price of the Series 2026 Certificates is payable at the Principal Office of the Trustee in Jacksonville, Florida. Payment of the principal of the Series 2026 Certificates shall be

made upon the presentation and surrender of such Series 2026 Certificates as the same shall become due and payable. Payment of interest on the Series 2026 Certificates shall be by check or draft mailed on each Payment Date to the Owner as of the close of business on the 15th day of the month (whether or not a Business Day) next preceding each Payment Date (the "Record Date") at the address as it appears on the Certificate Register maintained by the Trustee; except that, if and to the extent that there shall be a default in payment of interest due on such Payment Date, such defaulted interest payment shall be paid to the Owners in whose name any such Series 2026 Certificates are registered at the close of business on the 15th day preceding the date of payment of such defaulted interest payment; provided however, that at the request and expense of the Owner of $1,000,000 or more in aggregate principal amount of Outstanding Series 2026 Certificates, interest shall be paid by wire transfer on the interest Payment Date to a bank account located in the continental United States and designated in writing to the Trustee by said Owner five days prior to such interest Payment Date. Notwithstanding the above, reference is made to the book-entry system of registration described under "THE DESCRIPTION OF THE SERIES 2026 CERTIFICATES – Book-Entry Only System."

Book-Entry Only System

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY ONLY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE CORPORATION AND THE BOARD BELIEVE TO BE RELIABLE, BUT NEITHER THE CORPORATION NOR THE BOARD TAKE ANY RESPONSIBILITY FOR THE ACCURACY THEREOF.

DTC will act as securities depository for the Series 2026 Certificates. The Series 2026 Certificates will be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered certificate will be issued for each maturity of the Series 2026 Certificates, in the aggregate principal amount of such maturity and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants (the "Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (the "Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Series 2026 Certificates under the DTC system must be made by or through Direct Participants, which will receive a credit for such Series 2026 Certificates on DTC's records. The ownership interest of each actual purchaser of each Series Certificate (the "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. The Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2026 Certificates are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of the Beneficial Owners. The Beneficial Owners will not receive certificates representing their ownership interests in the Series 2026A Certificates, except in the event that use of the book entry system for the Series 2026 Certificates is discontinued.

To facilitate subsequent transfers, all Series 2026 Certificates deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2026 Certificates with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2026 Certificates. DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2026 Certificates are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping an account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to the Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. The Beneficial Owners of the Series 2026 Certificates may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2026 Certificates, such as prepayments, defaults, and proposed amendments to the Series 2026 Certificate documents. For example, the Beneficial Owners of the Series 2026 Certificates may wish to ascertain that the nominee holding the Series 2026 Certificates for their benefit has agreed to obtain and transmit notices to the Beneficial Owners. In the alternative, the Beneficial Owners may wish to provide their names and addresses to the Trustee and request that copies of the notices be provided directly to them.

Prepayment notices shall be sent to DTC. If less than all of the Series 2026 Certificates are being prepaid, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such Series 2026 Certificates to be prepaid.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2026 Certificates unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Board as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2026 Certificates are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Prepayment proceeds and other payments on the Series 2026 Certificates will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the Board or the Trustee on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to the Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or with securities held for the accounts in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the Board, subject to any statutory and regulatory requirements as may be in effect from time to time. Payment of prepayment proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Board and/or the Trustee for the Series 2026 Certificates. Disbursement of such payments to Direct Participants will be the responsibility of DTC and disbursement of such payments to the Beneficial Owners will be the responsibility of the Direct and Indirect Participants.

None of the Corporation, the Board or the Trustee can give any assurances that DTC, Direct Participants, Indirect Participants or others will distribute payments of principal of, premium, if any, and interest on the Series 2026 Certificates paid to DTC or its nominee, or any prepayment or other notices, to the Beneficial Owners, or that they will do so on a timely basis or that DTC will serve or act in a manner described in this Offering Statement.

For every transfer and exchange of beneficial interests in the Series 2026 Certificates, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other government charge that may be imposed in relation thereto.

DTC may discontinue providing its services as securities depository with respect to the Series 2026 Certificates at any time by giving reasonable notice to the Board. Under such circumstances, in the event that a successor securities depository is not obtained, Series 2026 Certificates are required to be printed and delivered.

The Board may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Series 2026 Certificates will be printed and delivered to DTC.

Optional Prepayment

The Series 2026A Certificates maturing on or before July 1, 20__ are not subject to prepayment at the option of the Board. The Series 2026A Certificates maturing on and after July 1, 20__ may be prepaid, from prepayments of Basic Rent made by the Board pursuant to the Series 2026A Lease Agreement, in whole or in part on July 1, 20__ or any date thereafter, and if in part, in such order of maturities as may be designated by the Board or if not so designated, in the inverse order of maturities, and by lot within a maturity in such manner as may be designated by the Trustee, at a Prepayment Price equal to the principal portion of Series 2026A Certificates to be prepaid, plus accrued interest to the prepayment date.

The Series 2026B Certificates are not subject to prepayment at the option of the Board.

Mandatory Sinking Fund Prepayment

The Series 2026A Certificates maturing on July 1, 20__ are subject to mandatory prepayment prior to maturity in part, from payments of the principal portion of Basic Rent Payments on each July 1 in the years and in the amounts set forth below at a Prepayment Price of par plus the interest accrued to the prepayment date.

Year	Amortization Installment

No Extraordinary Prepayment in the Event of Damage, Destruction, or Condemnation

The Series 2026 Certificates shall not be subject to extraordinary prepayment from Net Proceeds of insurance or condemnation, and any amounts received therefrom shall be applied as provided in the Transaction Lease Agreements, as more particularly described below.

With respect to the Series 2026A Lease Agreement, notwithstanding the provisions set forth in Sections 5.08(c) and (d) of the Series 2026A Lease Agreement, the Board may elect not to repair, restore or replace the Series 2026A Project or any portion thereof which has been destroyed, damaged or lost or condemned, with the Net Proceeds of any insurance or condemnation award, by filing a certificate with the Trustee for the Series 2026A Certificates stating that (i) the Board has made such an election and (ii) it is not in the best interests of the Board to repair, restore or replace such Series 2026A Project or portion thereof. Upon such an election, if the Net Proceeds are not greater than the amount of the Basic Rent Payments coming due in the current and immediately following Fiscal Year under Lease Schedule No. 2026A, then such amounts shall be used first, to pay the Interest Component of the Series 2026A Certificates for the next two interest Payment Dates and then to pay the Principal Component next coming due. In the event the Net Proceeds are greater than the amount of the Basic Rent Payments coming due under Lease Schedule No. 2026A in the current and immediately following Fiscal Year, at the option of the Board, the Board shall apply the Net Proceeds of such insurance or condemnation award to (i) the acquisition, construction and installation of other Land and/or Buildings to be used for educational purposes that will be subject to Lease Schedule No. 2026A or (ii) upon receipt of an approving opinion of Special Counsel, to the Series 2026A Subaccount of the Interest Account, or Series 2026A Subaccount of the Principal Account, as applicable, to be credited against the payments next due to such accounts or subaccounts. The provisions of Section 5.08(d) of the Lease Agreement shall not apply to the Series 2026A Project.

With respect to the Series 2009 Lease Agreement, notwithstanding the provisions set forth in Sections 5.08(c) and (d) of the Series 2009 Lease Agreement, the Board may elect not to repair, restore or replace the Series 2009 Project or any portion thereof which has been destroyed, damaged or lost or condemned, with the Net Proceeds of any insurance or condemnation award, by filing a certificate with the Trustee and the Insurer, if any, for the Unrefunded Series 2016A Certificates and the Series 2026B Certificates stating that (i) the Board has made such an election and (ii) it is not in the best interests of the Board to repair, restore or replace such Series 2009 Project or portion thereof. Upon such an election, the Board shall allocate the Net Proceeds of such insurance or condemnation award to the Unrefunded Series 2016A Certificates and the Series 2026B Certificates, on a pro rata basis. With respect to the Unrefunded

Series 2016A Certificates, the Board shall apply the Net Proceeds of such insurance or condemnation award allocated hereto to the acquisition, construction and installation of other Land and/or Buildings to be used for educational purposes that will be subject to the Series 2009 Lease Agreement; provided that if the Insurer consents thereto such proceeds may be used for Equipment, the Costs of the other components of the Series 2009 Project or in connection with Facilities to be used for other than instructional, educational purposes. With respect to the Series 2026B Certificates, if the Net Proceeds related to the Series 2009 Project allocable to the Series 2026B Certificates are not greater than the amount of the Basic Rent Payments represented by the Series 2026B Certificates coming due in the current and immediately following fiscal year under the Series 2009 Lease Agreement, then such amounts shall be used first, to pay the Interest Component of the Series 2026B Certificates for the next two interest Payment Dates and then to pay the Principal Component next coming due. In the event such Net Proceeds are greater than the amount of the Basic Rent Payments represented by the Series 2026B Certificates coming due under the Series 2009 Lease Agreement in the current and immediately following fiscal year, at the option of the Board, the Board shall apply the portion of the Net Proceeds of such insurance or condemnation award to (i) the acquisition, construction and installation of other Land and/or Buildings to be used for educational purposes that will be subject to the Series 2009 Lease Agreement or (ii) upon receipt of an approving opinion of Special Counsel, to the Series 2016A Subaccount of the Interest Account, or Series 2016A Subaccount of the Principal Account to be credited against the payments next due to such accounts or subaccounts. The provisions of Section 5.08(d) of the Lease Agreement shall not apply to the Series 2009 Project.

Selection of Series 2026 Certificates for Prepayment

When Series 2026 Certificates are to be selected for prepayment by lot, selection of Series 2026 Certificates for prepayment shall be in such manner as the Trustee shall determine; provided, however, that the portion of any Series 2026 Certificate to be prepaid shall be in the principal amount of $5,000 or any whole multiple thereof, and that in selecting portions of Series 2026 Certificates for prepayment, the Trustee shall treat each such Series 2026 Certificate as representing the number of Series 2026 Certificates which is obtained by dividing the principal amount with respect to such Series 2026 Certificate by $5,000.

DTC Procedures

Investors should note that while DTC is the registered owner of the Series 2026 Certificates, partial prepayments of the Series 2026 Certificates will be determined in accordance with DTC's procedures. The Board intends that prepayment allocations made by DTC, the DTC Participants, or such other intermediaries that may exist between the Board and the Beneficial Owners of the Series 2026 Certificates be made in accordance with the method of selection of Series 2026 Certificates for a partial prepayment described herein. However, the selection of the Series 2026 Certificates for prepayment in DTC's book-entry-only system is subject to DTC's practices and procedures as in effect at the time of any such partial prepayment. The Board can provide no assurance that DTC or the DTC Participants or any other intermediaries will allocate prepayments among Beneficial Owners in accordance with the method of selection of Series 2026 Certificates for a partial prepayment described above.

Notice of Prepayment

When prepayment of the Series 2026 Certificates is authorized or required pursuant to the provisions of the Series 2026 Trust Agreements, the Trustee shall give to the Owners of the Series 2026 Certificates to be prepaid, notice, at the expense of the Board, of the prepayment of the Series 2026

Certificates. Such notice shall state: (i) the CUSIP numbers of all Series 2026 Certificates being prepaid, (ii) the original issue date of such Series 2026 Certificates, (iii) the maturity date and rate of interest borne by each Series 2026 Certificate being prepaid, (iv) the prepayment date, (v) the Prepayment Price, (vi) the date on which such notice is mailed, (vii) if less than all Outstanding Series 2026 Certificates are to be prepaid, the certificate number (and, in the case of a partial prepayment of any Series 2026 Certificate, the principal amount) of each Series 2026 Certificate to be prepaid, (viii) that on such prepayment date, there shall become due and payable upon each Series 2026 Certificate to be prepaid the Prepayment Price thereof, or the Prepayment Price of the specified portions of the principal thereof in the case of Series 2026 Certificates to be prepaid in part only, together with interest accrued thereon to the prepayment date, and that from and after such date, interest thereon shall cease to accrue and be payable, and (ix) that the Series 2026 Certificates to be prepaid, whether as a whole or in part, are to be surrendered for payment of the Prepayment Price at the designated corporate trust office of the Trustee at an address specified.

Notice of such prepayment shall be given by mail, postage prepaid, not more than 60 days or fewer than 30 days prior to the date of prepayment, to the Owners of any Series 2026 Certificates to be prepaid. Such mailing shall not be a condition precedent to such prepayment, and failure to mail any such notice or any defect in such notice as mailed, shall not affect the validity of the proceedings for the prepayment of the Series 2026 Certificates for which notice was given.

So long as the Series 2026 Certificates are issued in book-entry only form, notice of prepayment will be mailed, postage prepaid (not less than 30 days before the Prepayment Date in the case of optional prepayment, unless a different notice period is required by DTC) to Cede & Co., as nominee for DTC, and the Trustee will not mail any prepayment notice directly to the Beneficial Owners of the Series 2026 Certificates. See "DESCRIPTION OF THE SERIES 2026 CERTIFICATES – Book-Entry Only System."

Notwithstanding the provisions of the Master Trust Agreement to the contrary, notice of any prepayment of Series 2026 Certificates shall either (i) explicitly state that the proposed prepayment is conditioned on there being on deposit in the applicable fund or account on the prepayment date sufficient funds to pay the full Prepayment Price of the Series 2026 Certificates to be prepaid, or (ii) be sent only if sufficient funds or Refunding Securities to pay the full Prepayment Price of the Series 2026 Certificates to be prepaid is on deposit in the applicable fund or account. In the event the conditions stated in the notice of prepayment are not satisfied on the proposed prepayment date, such prepayment shall not occur and such notice of prepayment shall be of no further force or effect.

Negotiability, Registration, Transfer and Exchange

So long as the Series 2026 Certificates are registered in the name of Cede & Co., as the nominee of DTC, the transfer and exchange of any Series 2026 Certificates shall be governed by rules established between DTC and its Participants. Upon the discontinuance of the book-entry-only registration system for the Series 2026 Certificates, the following provisions described under this subheading shall apply for the Beneficial Owners.

The Trustee shall keep or cause to be kept a Certificate Register for the Series 2026 Certificates, which shall at all times be open to inspection by the Board and the Corporation; and, upon presentation for such purpose, the Trustee shall, under such reasonable regulations as it may prescribe, register the transfer or cause to be registered the transfer, on the Certificate Register of the Series 2026 Certificates as provided in the Series 2026 Trust Agreements.

The transfer of any Series 2026 Certificate may be registered only upon the Certificate Register upon surrender thereof to the Trustee together with an assignment duly executed by the Owner or such Owner's attorney or legal representative in such form as shall be satisfactory to the Trustee. Upon any such registration of transfer, the Trustee shall authenticate and deliver in exchange for such Series 2026 Certificate a new registered Series 2026 Certificate or Series 2026 Certificates, registered in the name of the transferee, of any denomination or denominations authorized by the Series 2026 Trust Agreements in the aggregate principal amount equal to the principal amount of such Series 2026 Certificate surrendered or exchanged, of the same maturity and bearing interest at the same rate.

In all cases in which Series 2026 Certificates shall be exchanged or the transfer of Series 2026 Certificates shall be registered under the Series 2026 Trust Agreements, the Trustee shall authenticate and deliver at the earliest practicable time Series 2026 Certificates in accordance with the provisions of the Series 2026 Trust Agreements. All Series 2026 Certificates surrendered in any such exchange or registration of transfer shall forthwith be cancelled by the Trustee. No service charge shall be made for any registration, transfer, or exchange of Series 2026 Certificates, however the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Series 2026 Certificates as a condition precedent to such registration, transfer or exchange. The Trustee shall not be required to transfer or exchange Series 2026 Certificates (i) during a period beginning at the opening of business 15 days before the day of the mailing of a notice of prepayment of Series 2026 Certificates and ending at the close of business on the day of such mailing, (ii) so selected for prepayment in whole or in part, or (iii) during a period beginning at the opening of business on the Record Date next preceding a date set for payment of interest and ending on such interest Payment Date.

The Series 2026 Certificates, upon surrender thereof at the designated corporate trust office of the Trustee, together with an assignment duly executed by the Owner or his attorney or legal representative in such form as shall be satisfactory to the Trustee, may, at the option of the Owner thereof, be exchanged for an equal aggregate principal amount of the Series 2026 Certificates of the same maturity, of any denomination or denominations authorized by the Series 2026 Trust Agreements, bearing interest at the same rate, and in the same form as the Series 2026 Certificates surrendered for exchange.

Ownership of Series 2026 Certificates

The Trustee shall deem and treat the Person in whose name any Outstanding Series 2026 Certificate shall be registered upon the Certificate Register as the absolute Owner of such Series 2026 Certificate, whether such Series 2026 Certificate shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal and interest payments with respect to such Series 2026 Certificate and for all other purposes, and all such payments so made to any such Owner or upon his order shall be valid and effective to satisfy and discharge the liability upon such Series 2026 Certificate to the extent of the sum or sums so paid, and neither the Corporation, the Board nor the Trustee shall be affected by any notice to the contrary.

Series 2026 Certificates Mutilated, Destroyed, Stolen, or Lost

In case any Series 2026 Certificate secured by the Series 2026 Trust Agreements shall become mutilated or be destroyed, stolen or lost, the Trustee shall cause to be executed, shall authenticate and deliver, a new Series 2026 Certificate of like date and tenor in exchange and substitution for and upon the cancellation of such mutilated Series 2026 Certificate or in lieu of and in substitution for such Series 2026

Certificate destroyed, stolen or lost, and the Owner shall pay the reasonable expenses and charges of the Trustee in connection therewith and, in case of a Series 2026 Certificate destroyed, stolen, or lost, the Owner shall file with the Trustee evidence satisfactory to it that such Series 2026 Certificate was stolen, destroyed or lost, and of his ownership thereof, and as a condition precedent to delivery of such new Series 2026 Certificate the Trustee may require indemnity satisfactory to it.

Every Series 2026 Certificate issued pursuant to the provisions of the Series 2026 Trust Agreements in exchange or substitution for any Series 2026 Certificate which is mutilated, destroyed, lost or stolen shall constitute an additional contractual obligation pursuant to the terms of the Series 2026 Trust Agreements, whether or not the destroyed, lost or stolen Series 2026 Certificate shall be found at any time, or be enforceable by anyone, and shall be entitled to all the benefits of the Series 2026 Trust Agreements equally and proportionately with any and all other Series 2026 Certificates duly issued under the Series 2026 Trust Agreements.

Completion Certificates

Completion Certificates may be issued under and secured by the Master Trust Agreement, subject to the conditions therein provided, to provide necessary funds to complete payment of the Costs of a Project previously financed under the Master Trust Agreement or to finance additional property which shall be added to a Project or which shall be substituted for a portion of a Project. Such Completion Certificates, for purposes of the Master Trust Agreement, the Master Lease and any applicable Ground Lease shall constitute a part of the same Series of Certificates as to Certificates issued to pay the original costs of the Project.

The proceeds of the Completion Certificates may also be used to make any additional required deposits into the Subaccount of the Reserve Account securing such Completion Certificates, fund capitalized interest on such Completion Certificates and pay Costs of Issuance, and shall be deposited in the Pledged Accounts established therefor in such manner and in such amounts as determined by the Supplemental Trust Agreement relating to the authorization of such Completion Certificates. The Completion Certificates shall be secured on a parity with the Series of Certificates issued to pay the original costs of the Project in accordance with the terms of the Master Trust Agreement.

Refunding Certificates

Refunding Certificates may be issued under and secured by the Master Trust Agreement, subject to the conditions therein provided, at any time or times for the purposes of (i) providing funds for refunding part or all of the Certificates (and the Basic Rent Payments related thereto) at or prior to their maturity or maturities, including the payment of any Prepayment Premium thereon and interest which will accrue on such Certificates to their date of payment, (ii) making a deposit, if necessary, to the subaccount of the Reserve Account which shall secure such Refunding Certificates, and (iii) paying the Costs of Issuance relating to said Refunding Certificates.

In order to issue Refunding Certificates the Trustee must have received, among other items, a report of a certified public accountant or firm of certified public accountants verifying the mathematical accuracy of calculations supplied by the Board, or its designee, that the proceeds of such Refunding Certificates plus any other moneys available for such purpose including investment earnings, shall be not less than an amount sufficient to pay the principal of and the Prepayment Premium, if any, on the

Certificates to be refunded and the Interest Component of the Basic Rent represented by such Certificates which will accrue thereon to the redemption date or maturity dates applicable thereto.

Other than for amounts required to pay Costs of Issuance or to make deposits to the appropriate subaccount of the Reserve Account or the Interest Account, the proceeds of such Refunding Certificates and any other moneys received by the Trustee or other escrow agent acceptable to the Board for such purpose, shall be held by the Trustee or such other escrow agent in a special fund appropriately designated, to be held in trust for the sole and exclusive purpose of paying the principal of, Prepayment Premium, if any, and interest on the Certificates to be refunded, all as provided in the Master Trust Agreement. The Refunding Certificates shall be secured in the same manner and from the same Pledged Accounts as the Certificates to be refunded in accordance with the terms of the Master Trust Agreement.

Additional Series of Certificates

Additional Series of Certificates may be issued under the Master Trust Agreement, in addition to the Prior Certificates and the Series 2026 Certificates, to finance additional projects under the Master Lease. The amount of such additional Series of Certificates which may be issued under the Master Trust Agreement is not limited. See "SECURITY FOR THE SERIES 2026 CERTIFICATES – Additional Series of Certificates" herein.

SECURITY FOR THE SERIES 2026 CERTIFICATES

General

The Series 2026A Certificates evidence undivided proportionate interests of the Owners thereof in the Principal Component and Interest Component of Basic Rent Payments to be made by the Board under the Series 2026A Lease Agreement. The Series 2026A Certificates are secured by and payable from the Trust Estate established for the Series 2026A Certificates pursuant to the Series 2026A Trust Agreement (the "Series 2026A Trust Estate"). The Series 2026A Trust Estate consists of: (i) all right, title, and interest in the funds, accounts, and subaccounts established under the Series 2026A Supplemental Trust Agreement and the cash, securities, and investments of which they are comprised (other than the Rebate Fund); (ii) all right, title, and interest of the Corporation in, to, and under the Series 2026A Ground Lease and the Series 2026A Lease Agreement and the right to receive the Lease Payments under the Series 2026A Lease Agreement but excluding any rights of the Corporation to indemnification set forth therein, its right to enter into Lease Schedules from time to time and certain other obligations provided in the Series 2026A Lease Agreement; (iii) all right, title, and interest of the Trustee under the Series 2026A Assignment and the Series 2026A Ground Lease Assignment; (iv) any moneys received by the Trustee which are derived from the exercise by the Trustee, as assignee of the Corporation, of any of the remedies under the Series 2026A Trust Agreement, the Series 2026A Lease Agreement, the Series 2026A Ground Lease, or any mortgage agreement, if any, entered into pursuant to the Series 2026A Trust Agreement; and (v) all property which by the express provisions of the Series 2026A Trust Agreement, the Series 2026A Lease Agreement, or the Series 2026A Ground Lease is required to be subject to the lien of the Series 2026A Trust Agreement, and any additional property that may from time to time hereafter expressly be made subject to the lien of the Series 2026A Trust Agreement by the Trustee, the Corporation, or the Board or anyone authorized to act on their behalf.

The Series 2026B Certificates evidence undivided proportionate interests of the Owners thereof in the Principal Component and Interest Component of Basic Rent Payments to be made by the Board under

the Series 2009 Lease Agreement, on a pro rata basis with the Unrefunded Series 2016A Certificates, if any. The Series 2026B Certificates are secured by and payable from the Trust Estate established for the Series 2026B Certificates pursuant to the Series 2026B Trust Agreement (the "Series 2026B Trust Estate" and, together with the Series 2026A Trust Estate, the "Trust Estates"). The Series 2026B Trust Estate consists of: (i) all right, title, and interest in the funds, accounts, and subaccounts established under the Series 2026B Supplemental Trust Agreement and the cash, securities, and investments of which they are comprised (other than the Rebate Fund); (ii) all right, title, and interest of the Corporation in, to, and under the Series 2009 Ground Lease and the Series 2009 Lease Agreement and the right to receive the Lease Payments under the Series 2009 Lease Agreement but excluding any rights of the Corporation to indemnification set forth therein, its right to enter into Lease Schedules from time to time and certain other obligations provided in the Series 2009 Lease Agreement; (iii) all right, title, and interest of the Trustee under the Series 2026B Assignment and the Series 2009 Ground Lease Assignment; (iv) any moneys received by the Trustee which are derived from the exercise by the Trustee, as assignee of the Corporation, of any of the remedies under the Series 2026B Trust Agreement, the Series 2009 Lease Agreement, the Series 2009 Ground Lease, or any mortgage agreement, if any, entered into pursuant to the Series 2026B Trust Agreement, on a pro rata basis with the Unrefunded Series 2016A Certificates, if any; and (v) all property which by the express provisions of the Series 2026B Trust Agreement, the Series 2009 Lease Agreement, or the Series 2009 Ground Lease is required to be subject to the lien of the Series 2026B Trust Agreement, and any additional property that may from time to time hereafter expressly be made subject to the lien of the Series 2026B Trust Agreement by the Trustee, the Corporation, or the Board or anyone authorized to act on their behalf.

Neither the Corporation nor the Board will mortgage or grant a security interest in the Transaction Projects to the Trustee. Upon termination of the Series 2026A Lease Agreement upon the occurrence of an Event of Non-Appropriation or in the case of certain Events of Default, however, the Series 2026A Lease Agreement provides that the Board must surrender possession of the Series 2026A Project (other than Designated Equipment) to the Trustee as assignee of the Corporation for disposition by sale or re-letting of its interest in the Series 2026A Project as provided in the Series 2026A Trust Agreement. Any proceeds of any such disposition of the Series 2026A Project (other than Designated Equipment) will be applied to the payment of the Series 2026A Certificates, after payment of the expenses of the Trustee, in accordance with the terms of the Series 2026A Lease Agreement. With respect to the Series 2026A Lease Agreement, the Board may not be dispossessed of any Designated Equipment financed, in whole or in part, with proceeds of the Series 2026A Certificates, which includes all equipment components not constituting fixtures of the Series 2026A Project. See "THE TRANSACTION PROJECTS – The Series 2026B Project" for a description of the Series 2026A Project against which the Trustee may exercise rights on behalf of the Owners of the Series 2026A Certificates. See also "THE TRANSACTION LEASE AGREEMENTS – Effect of Termination for Non-Appropriation or Default."

Upon termination of the Series 2009 Lease Agreement upon the occurrence of an Event of Non-Appropriation or in the case of certain Events of Default, however, the Series 2009 Lease Agreement provides that the Board must surrender possession of the Series 2009 Project (other than Designated Equipment) to the Trustee as assignee of the Corporation for disposition by sale or re-letting of its interest in the Series 2009 Project as provided in the Series 2026B Trust Agreement. Any proceeds of any such disposition of the Series 2009 Project (other than Designated Equipment) will be applied to the payment of the Series 2026B Certificates, equally and ratably with the Unrefunded Series 2016A Certificates, if any, after payment of the expenses of the Trustee, in accordance with the terms of the Series 2009 Lease Agreement. With respect to the Series 2009 Lease Agreement, the Board may not be dispossessed of any Designated Equipment refinanced, in whole or in part, with proceeds of the Series 2026B Certificates and

the Unrefunded Series 2016A Certificates, if any, which includes all equipment components not constituting fixtures of the Series 2009 Project. See "THE SERIES 2009 PROJECT" for a description of the Series 2009 Project against which the Trustee may exercise rights on behalf of the Owners of the Series 2026B Certificates and the Unrefunded Series 2016A Certificates, if any. See also "THE TRANSACTION LEASE AGREEMENTS – Effect of Termination for Non-Appropriation or Default."

Lease Payments

All Lease Payments and all other amounts required to be paid by the Board under the Transactions Lease Agreements, the Prior Leases, and all other Leases will be made from moneys and revenues of the Board authorized by law and regulations of the State of Florida Department of Education to be used for such purpose (the "Available Revenues") and budgeted and appropriated for such purpose by the Board. Revenues available to the District for operational purposes and capital projects such as the Transaction Projects are described under "OPERATING REVENUE OF THE DISTRICT" and "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS." Such capital revenues may also be used to pay other outstanding obligations of the District.

The Master Trust Agreement, as amended and supplemented by the Series 2026A Supplemental Trust Agreement, provides for the establishment and maintenance in the Lease Payment Fund of a Series 2026A Subaccount of the Interest Account and a Series 2026A Subaccount of the Principal Account for deposit of Basic Rent Payments appropriated and paid under the Series 2026A Lease Agreement. The Master Trust Agreement, as amended and supplemented by the Series 2026B Supplemental Trust Agreement, provides for the establishment and maintenance in the Lease Payment Fund of a Series 2026B Subaccount of the Interest Account and a Series 2026B Subaccount of the Principal Account for deposit of Basic Rent Payments appropriated and paid under the Series 2009 Lease Agreement. Separate subaccounts are established in the Lease Payment Fund for each new Series of Certificates issued under the Master Trust Agreement. Lease Payments due under the Lease Schedules to the Master Lease are subject to annual appropriation by the Board on an all-or-none basis and are payable solely from the Available Revenues appropriated by the Board for such purposes; provided that Lease Payments with respect to a particular Lease Schedule and Series of Certificates may be additionally and separately secured by a Credit Facility. Such additional Projects may be financed through the sale of additional Series of Certificates under the Master Trust Agreement. There is no limit on the number of additional Projects that may be financed under the Master Lease. THE BOARD MAY NOT BUDGET AND APPROPRIATE LEASE PAYMENTS DUE FOR A PORTION OF THE PROJECTS LEASED UNDER THE MASTER LEASE; IT MUST BUDGET AND APPROPRIATE LEASE PAYMENTS FOR ALL PROJECTS OR NONE OF THEM. THERE CAN BE NO ASSURANCE THAT SUFFICIENT AVAILABLE REVENUES WILL BE APPROPRIATED OR OTHERWISE BE MADE AVAILABLE TO MAKE ALL OF THE LEASE PAYMENTS DUE UNDER THE MASTER LEASE.

Limited Obligation of the Board

THE BASIC RENT PAYMENTS AND, CONSEQUENTLY, THE SERIES 2026 CERTIFICATE PRINCIPAL AMOUNT AND SERIES 2026 CERTIFICATE INTEREST PAYMENTS ARE PAYABLE SOLELY FROM THE BOARD'S AVAILABLE REVENUES SPECIFICALLY BUDGETED FOR SUCH PURPOSE. THE BASIC RENT PAYMENTS ARE SUBJECT TO ANNUAL APPROPRIATION BY THE BOARD ON AN ALL-OR-NONE BASIS. THE SERIES 2026 CERTIFICATE PAYMENTS OF PRINCIPAL AND INTEREST AND THE PAYMENTS DUE FROM THE BOARD UNDER THE TRANSACTION LEASE AGREEMENTS AND THE CONTRACTUAL OBLIGATIONS OF THE

BOARD UNDER THE TRANSACTION LEASE AGREEMENTS DO NOT CONSTITUTE A GENERAL OBLIGATION OR A PLEDGE OF THE FAITH AND CREDIT OF THE BOARD, THE STATE OF FLORIDA, OR ANY POLITICAL SUBDIVISION OR AGENCY THEREOF WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY PROVISION OR LIMITATION. NEITHER THE CORPORATION, THE TRUSTEE, NOR ANY SERIES 2026 CERTIFICATE HOLDER MAY COMPEL THE LEVY OF ANY AD VALOREM TAXES BY THE BOARD TO PAY ANY LEASE PAYMENTS.

Additional Leases

The Board has previously entered into the Prior Leases and may enter into other Leases under the Master Lease in addition to the Transaction Lease Agreements and the Prior Leases. See "THE MASTER LEASE-PURCHASE PROGRAM." Failure to appropriate Available Revenues to make Lease Payments under any Lease will, and certain Events of Default under a Lease may, result in the termination of the Lease Term of all Leases, including the Transaction Lease Agreements. Upon any such termination of the Lease Term of all Leases, the Board must surrender all Projects (except for certain Designated Equipment), including the Transaction Projects (except for Designated Equipment), to the Trustee for sale or re-letting of the Trustee's interest. The proceeds of any such disposition of the Series 2026A Project (other than Designated Equipment) will be applied to the payment of the Series 2026A Certificates, after payment of the expenses of the Trustee, in accordance with the terms of the Series 2026A Lease Agreement. The proceeds of any such disposition of the Series 2009 Project (other than Designated Equipment) will be applied to the payment of the Series 2026B Certificates, on a pro rata basis with the Unrefunded Series 2016A Certificates, if any, after payment of the expenses of the Trustee, in accordance with the terms of the Series 2009 Lease Agreement. With respect to the Transaction Lease Agreements, the Board may not be dispossessed of any Designated Equipment financed, in whole or in part, with proceeds of Series 2026 Certificates. Except as herein described, in no event will Owners of the Series 2026 Certificates have any interest in or right to the proceeds of the disposition of Projects financed or refinanced with the proceeds of another Series of Certificates. There can be no assurance that the remedies available to the Trustee upon any such termination of the Lease Term of all Leases and the disposition of the Series 2026A Project against which the Trustee has rights will produce sufficient amounts to pay the Outstanding Series 2026A Certificates. There can be no assurance that the remedies available to the Trustee upon any such termination of the Lease Term of all Leases and the disposition of the Series 2009 Project against which the Trustee has rights will produce sufficient amounts to pay the Outstanding Series 2026B Certificates and the Unrefunded Series 2016A Certificates, if any.

For a discussion of remedies available to the Trustee upon the occurrence of an Event of Non-Appropriation of funds to pay Lease Payments or upon the occurrence of an Event of Default, see "THE TRANSACTION LEASE AGREEMENTS – Termination of Lease Term" and "– Effect of Termination for Non-Appropriation or Default" and "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009."

Additional Certificates; Outstanding Certificates

With respect to any additional Schedules, one or more series of additional Series of Certificates may be authorized by the Corporation at the request of the Board and executed and delivered by the Trustee for the purpose of: (a) financing the cost of acquisition, construction, and equipping of any

Project; (b) financing the cost of completing the acquisition, construction, installation, and equipping of any Project; (c) refinancing or refunding Outstanding Certificates; (d) funding a Reserve Account in an amount equal to the applicable Reserve Requirement, if any; (e) capitalizing the interest portion of Basic Rent Payments during construction; or (f) paying the applicable Costs of Issuance. The aggregate principal amount of additional Series of Certificates, which may be executed and delivered under the provisions of the Master Trust Agreement, is not limited, except as may be provided with respect to a particular series of additional Series of Certificates in any Supplemental Trust Agreement creating such Series.

Unless otherwise set forth in a Supplemental Trust Agreement authorizing the issuance of more than one Series of Certificates, each Certificate within a Series of Certificates executed and delivered pursuant to the Master Trust Agreement shall rank pari passu and be equally and ratably secured under the Master Trust Agreement with each other Certificate of such Series, but not with any Certificates of any other Series, without preference, priority, or distinction of any such Certificate over any other such Certificate, except that to the extent that Basic Rent Payments available for payment to all Certificate holders are less than all amounts owed with respect to all Series of Certificates on any Payment Date, such amounts available shall be applied on a pro rata basis to Certificate holders of all Series in accordance with the ratio that the principal balance of each Series of Certificates Outstanding bears to the total amount of Certificates Outstanding under the Series 2026 Trust Agreements.

Completion Certificates and Refunding Certificates may also be issued under the Series 2026 Trust Agreements. See, respectively, "DESCRIPTION OF THE SERIES 2026 CERTIFICATES – Completion Certificates" and "DESCRIPTION OF THE SERIES 2026A CERTIFICATES – Refunding Certificates" herein.

Non-Appropriation Risk

THE BOARD IS NOT LEGALLY REQUIRED TO APPROPRIATE AVAILABLE REVENUES FOR THE PURPOSE OF MAKING LEASE PAYMENTS. UNDER THE MASTER LEASE THE BOARD MAY NOT BUDGET AND APPROPRIATE AVAILABLE REVENUES TO MAKE LEASE PAYMENTS SELECTIVELY ON A LEASE BY LEASE BASIS, BUT MUST APPROPRIATE SUCH AVAILABLE REVENUES FOR ALL LEASES OR NONE OF THEM. IF, FOR ANY FISCAL YEAR, THE BOARD DOES NOT APPROVE A BUDGET WHICH APPROPRIATES SUFFICIENT AVAILABLE REVENUES (WITHOUT REGARD TO ANY CREDITS FROM EARNINGS ON AMOUNTS HELD IN THE FUNDS AND ACCOUNTS ESTABLISHED UNDER THE SERIES 2026 TRUST AGREEMENTS) IN A LINE ITEM SPECIFICALLY IDENTIFIED FOR PAYMENT OF ITS OBLIGATIONS UNDER THE MASTER LEASE, SUCH FAILURE SHALL CONSTITUTE AN EVENT OF NON-APPROPRIATION AND THE MASTER LEASE SHALL TERMINATE AS OF THE LAST DAY OF THE INITIAL LEASE TERM OR THE LAST RENEWAL LEASE TERM FOR WHICH AVAILABLE REVENUES HAVE BEEN BUDGETED AND APPROPRIATED AND THE BOARD WILL NOT BE OBLIGATED TO PAY ANY BASIC RENT PAYMENTS ACCRUING OR ARISING BEYOND SUCH LAST DAY. IN SUCH EVENT, THE BOARD IS REQUIRED TO SURRENDER USE, POSSESSION, AND CONTROL OF ALL PROJECTS (OTHER THAN DESIGNATED EQUIPMENT) LEASED UNDER THE MASTER LEASE, INCLUDING THE PRIOR PROJECTS AND THE TRANSACTION PROJECTS TO THE TRUSTEE. FOR A DISCUSSION OF REMEDIES AVAILABLE TO THE TRUSTEE IN THE EVENT OF THE NON-APPROPRIATION OF FUNDS TO PAY LEASE PAYMENTS, SEE "THE TRANSACTION LEASE AGREEMENTS – TERMINATION OF LEASE TERM" AND "– EFFECT OF TERMINATION FOR NON-APPROPRIATION OR DEFAULT." THERE CAN BE NO ASSURANCE THAT THE REMEDIES AVAILABLE TO THE

TRUSTEE IN THE EVENT OF NON-APPROPRIATION WILL PRODUCE SUFFICIENT AMOUNTS TO FULLY PAY THE OUTSTANDING CERTIFICATES FOR PAYING SUCH CLAIMS.

No Reserve Account for Series 2026 Certificates

There are no Reserve Accounts for the Series 2026 Certificates. However, pursuant to a Supplemental Trust Agreement authorizing the issuance of any Series of Certificates, there may be established and maintained a separate Reserve Account to secure the payment of the principal and interest related to such Series of Certificates. Each such Reserve Account shall secure only the Series of Certificates for which it has been established. See "APPENDIX C – MASTER TRUST AGREEMENT AND FORMS OF SERIES 2026A SUPPLEMENTAL TRUST AGREEMENT AND SERIES 2026B SUPPLEMENTAL TRUST AGREEMENT."

Uniform Commercial Code

The Series 2026 Certificates will have all the qualities and incidents of an investment security under the Uniform Commercial Code-Investment Securities Law of the State and under such law are exempt from the provisions of the Uniform Commercial Code relating to secured transactions.

MUNICIPAL BOND INSURANCE OPTION

THE INFORMATION IN THIS SECTION CONCERNING THE POLICIES (AS DEFINED HEREIN) AND THE INSURER HAS BEEN OBTAINED FROM THE INSURER. NONE OF THE BOARD, THE DISTRICT, OR THE UNDERWRITERS TAKE RESPONSIBILITY FOR THE ACCURACY THEREOF.

All or a portion of the scheduled payment of the principal portion and interest portion of Basic Rent Payments represented by the Series 2026 Certificates when due may be guaranteed under the Series 2026A Policy to be issued concurrently with the delivery of the Series 2026A Certificates by the the Insurer. All or a portion of the scheduled payment of the principal portion and interest portion of Basic Rent Payments represented by the Series 2026B Certificates when due may be guaranteed under the Series 2026B Policy to be issued concurrently with the delivery of the Series 2026B Certificates by the Series 2026B Insurer. **The Board will make the determination whether to purchase the Series 2026A Policy to insure all or a portion of the Series 2026A Certificates, if any (the "Insured Series 2026A Certificates"), at the time the Series 2026A Certificates are priced. The Board will make the determination whether to purchase the Series 2026B Policy to insure all or a portion of the Series 2026B Certificates, if any (the "Insured Series 2026B Certificates" and, together with the Insured Series 2026A Certificates, the "Insured Series 2026 Certificates"), at the time the Series 2026B Certificates are priced.** See "RISK FACTORS – Certificate Insurance Risk Factors" and "RISK FACTORS – No Right of Insured Series 2026 Certificate Owners to Direct Remedies or Consent to Amendments" herein.

The following information is provided by the Insurer and is not provided by the Board or the Underwriters and reference is made to APPENDIX I for a specimen of the Policies of the Insurer.

[TO COME]

AMENDMENT TO MASTER LEASE

Pursuant to separate resolutions adopted by the Board and the Corporation, respectively, on October 28, 2025, the Board and the Corporation have authorized the Series 2026 Amendment to Master Lease Agreement (the "Amendment to Master Lease"), by and between the Board and the Corporation. The Amendment to Master Lease amends the Master Lease to allow one or more facilities comprising a portion of the Project components identified in a Lease Schedule, or a portion thereof, to be released from the lien of the Lease Agreement and the related Ground Lease if after the release of such facility or facilities the total construction cost of remaining facilities components comprising such Project subject to the lien of the related Lease Schedule exceeds the remaining Principal Component of the Basic Rent Payments payable with respect to such Project[; provided, however, with respect to the Transaction Lease Agreements, the prior written consent of the Insurer, if any, shall be required prior to the release of such facility or facilities unless the Board provides certain required written certifications to the Insurer, including that the total construction cost of remaining facilities components comprising the applicable Transaction Projects subject to the lien of the applicable Transaction Lease Agreement is no less than 115% of the remaining Principal Component of the Basic Rent Payments payable with respect to the applicable Transaction Project]. See "THE TRANSACTION PROJECTS – Release of the Transaction Projects" herein. The Project components and/or the Premises and any Servient Property (or portions thereof, as set forth in the related Ground Lease) released shall be deemed to be paid and fee simple title to such facilities and/or facility sites (or portions thereof) shall vest in the Board. See "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009" hereto. Upon receipt of consents to such amendment from holders of not less than a majority in principal amount of Certificates then Outstanding under the Trust Agreement, together with required consents, if any, of municipal bond insurers, such amendments will become effective.

At the time of issuance of the Series 2026 Certificates, the initial Beneficial Owners of the Series 2026 Certificates, through their purchase of the Series 2026 Certificates, shall be deemed to have consented to the amendment set forth in the Amendment to Master Lease. Upon their issuance, the Series 2026 Certificates will represent approximately ____% of the Certificates Outstanding for purposes of the consent to the Amendment to Master Lease. [Upon issuance of the Series 2026 Certificates, the Insurer, as issuer of the Credit Facility for the Series ____ Certificates, which represents approximately ____% of all Certificates Outstanding, will consent to the Amendment to Master Lease]. [As such, the amendment set forth in the Amendment to Master Lease is expected to become effective immediately upon the issuance of the Series 2026 Certificates. Purchasers of the Series 2026 Certificates should carefully review the proposed amendment.] See "THE TRANSACTION PROJECTS – Release of Transaction Projects" herein and "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009."

The Underwriters are not providing consent to or approval of the herein described amendment and the Board will not deem such amendment to have been consented to or approved by the Underwriters as a result of the Underwriters' purchase of the Series 2026 Certificates in their capacity as underwriters as defined in Section 2(a)(11) of the Securities Act of 1933, as amended.

MASTER LEASE PROJECTS

The Transaction Projects are being financed under the Board's existing Master Lease as part of the Board's master lease purchase program (the "Master Lease Program") with the Corporation. The Projects financed or refinanced by the Board under the Master Lease Program are subject to annual appropriation on an all or none basis. For the Fiscal Year 2025-26, there are approximately ____ schools, ____ additions, and ____ transportation and maintenance facility leased under the Master Lease. Based on the District's budgeted unweighted full time equivalent enrollment for Fiscal Year 2025-26 of approximately _____ students (excluding charter school students and Family Empowerment Scholarship students), approximately ____% of the District's students are attending classes in, or otherwise utilizing, the facilities leased under the Master Lease. Such percentage does not include the additional students that are expected to attend classes in, or otherwise utilize, the educational facilities constituting the Series 2025A Project and the Series 2026A Project upon completion of such facilities. To determine the above percentage, the number of students attending each facility was calculated as follows: for schools that are built and operating, the number of students budgeted for the Fiscal Year 2025-26 was used; for the additions or improvements, the number of student stations attributable to each specific classroom budgeted for Fiscal Year 2025-26 based on the type of school (elementary, middle, K-8 or high), but does not include cafeterias, media centers, and other facilities that do not have any student stations attributable to them. Additionally, upon completion of the Series 2025A Project and the Series 2026A Project, approximately ____% of all student stations in the District will be located in educational facilities subject to the Master Lease. For a complete description of the Projects under the Master Lease Program, see "THE TRANSACTION PROJECTS" and "PRIOR PROJECTS UNDER THE MASTER LEASE."

Pursuant to the Master Lease, the Board does not have the ability to appropriate funds to make Lease Payments on one Project or some combination of Projects only. The Board's annual appropriation for Basic Rent Payments must be for all Projects under the Master Lease Program or none of them. In the event the Board does not appropriate funds in its annual budget for all of such financed Projects, the Board would be required to surrender such Projects, including the Transaction Projects (other than certain Designated Equipment), to the Trustee for the benefit of the Owners of the Certificates which financed or refinanced such Projects.

THE TRANSACTION PROJECTS

The Series 2026A Project

The Series 2026A Project consists of the lease-purchase financing of the acquisition and construction of New High School "AAA," Moody Elementary School Renovations, and Lake Manatee K-8 School Classroom Addition, each as described below, including the Buildings and Equipment, the lease of the Series 2026A Premises by the Board to the Corporation pursuant to the Series 2026A Ground Lease, and the sublease of the Series 2026A Premises back to the Board. All of the Buildings and Equipment under the Series 2026A Lease Agreement are located within the District. Upon termination of the Series 2026A Lease Agreement upon the occurrence of an Event of Non-Appropriation or in the case of certain Events of Default, the Board may not be disposed of any Designated Equipment. See "PRIOR PROJECTS UNDER THE MASTER LEASE – Designated Equipment" and "THE TRANSACTION LEASE AGREEMENTS – Effect of Termination for Non-Appropriation or Default" herein.

The following descriptions of the Series 2026A Project are general descriptions of the Series 2026A Project to be subject to the Master Lease. Under certain conditions of the Master Lease, the Board

may substitute components of the Series 2026A Project and modify the plans and specifications therefor. See "THE TRANSACTION PROJECTS – Substitution of the Series 2026A Project" herein.

New High School "AAA." This component of the Series 2026A Project consists of the design and construction of a 265,000 square foot, 2,150 student station concrete block and brick veneer construction utilizing the prototype of the District's Parrish Community High School on an 85+/- acre site located in East Manatee County. Future infrastructure (utilities and core facilities) is in place to expand the campus by 22,700 square feet to a 2,559 student capacity campus. The project will include athletic fields, basketball/tennis courts, bleachers, parking, concessions, and all improvements required. This component of the Series 2026A Project is expected to be completed in December 2027.

Moody Elementary School Renovations. This component of the Series 2026A Project consists of campus heating, ventilation, air conditioning ("HVAC") upgrades, which include new ductwork, HVAC equipment, controls, new lighting, fire alarm, new ceilings, flooring, painting, exterior doors, and hardware. Scope will include instructional program upgrades and the reconfiguration of the front office for increased efficiency and safety, and exterior site upgrades as required. This component of the Series 2026A Project is expected to be completed in July 2027.

Lake Manatee K-8 School Classroom Addition. This component of the Series 2026A Project consists of the design and construction of a new 32,874 square foot, 364 student station concrete block and brick veneer classroom addition providing new primary and intermediate classrooms adjoining to the existing elementary two-story classroom building. This component of the Series 2026A Project is expected to be completed in July 2026.

Estimated Series 2026A Project Budget

The following table sets forth the Board's current estimates of the cost of the Series 2026A Project. Actual costs may be greater or less than those shown. The costs of the Series 2026A Project will be funded from proceeds of the sale of the Series 2026A Certificates in an amount approximately equal to $230,000,000.

Facility	Design Services	Construction Services	Owner Servicers	Furniture, Fixtures and Equipment/Tech[(1)]	Total Project Cost
New High School "AAA"	$7,280,000	$150,000,000	$17,595,000	$7,625,000	$182,500,000
Moody Elementary School Renovations[(1)]	1,542,000	26,334,000	825,000	1,299,000	30,000,000
Lake Manatee K-8 School Classroom Addition	900,000	15,361,878	758,398	758,398	17,500,000
Total	$9,722,000	$191,695,878	$18,899,724	$9,682,398	$230,000,000

[(1)] Constitutes Designated Equipment for purposes of this Series 2026A Lease Agreement.

Substitution of Series 2026A Project

The Board may, at any time prior to the Completion Date for the Series 2026A Project, make modifications to the Series 2026A Project and substitute items or components constituting a portion of the

Series 2026A Project, subject to the provisions of the Master Lease, if (i) the Board files with the Trustee, as assignee of the Corporation, a certificate of an Authorized Officer of the Board notifying the Trustee of such modification, addition, or substitution, identifying the portion of the Series 2026A Project which is modified, added, or substituted, and certifying that after such modification, addition, or substitution, amounts on deposit in the subaccount of the Project Account relating to the Series 2026A Project, together with interest earnings thereon and any additional legally available sums of the Board deposited therein, will be sufficient to pay all remaining Costs of the Series 2026A Project, including Project Costs incurred in connection with such modification, addition, or substitution and any Project Costs which shall have accrued but remain unpaid as of such date; (ii) if the modification, addition, or substitution involves Equipment, either the items of substituted Equipment have a useful life equal to or greater than the useful life of the items of Equipment for which it has been substituted or the Credit Enhancer, if any, of the Series 2026A Certificates which shall finance the acquisition of such Equipment approves of a shorter useful life for such substituted Equipment; (iii) the Plans and Specifications, the Series 2026A Project Description, the Series 2026A Project Budget, the Series 2026A Project Schedule, and, if necessary, the Estimated Completion Date for the amended or modified Series 2026A Project are each amended, as necessary, to take into account the portion of the Series 2026A Project which is modified, added, or substituted; (iv) except as otherwise provided in the Master Lease, title to the substituted, added, or modified portion of the Series 2026A Project shall be in the name of the Corporation; (v) if the modification or substitution involves Equipment, the substituted, added, or modified Equipment shall be placed in the same Group as the Equipment for which there has been a substitution or the Credit Enhancer, if any, of the Series 2026A Certificates which shall finance the acquisition of such Equipment approves of the substituted or modified Equipment being placed in a different Group; and (vi) no change shall be made in the schedule of Basic Rent Payments.

The Series 2009 Project

The Series 2009 Project consists of the lease-purchase financing and refinancing of the acquisition and construction of the G.D. Rogers Garden Bullock Elementary, Transportation and Maintenance Facility (Matzke Complex), Myakka City Elementary School Improvements, and Palmetto High School Additions (collectively, the "Series 2009 Project"), each as described below, including the Buildings and Equipment, the lease of the Series 2009 Premises by the Board to the Corporation pursuant to the Series 2009 Ground Lease, and the sublease of the Series 2009 Premises back to the Board. All of the Buildings and Equipment under the Series 2009 Lease Agreement are located within the District. Upon termination of the Series 2009 Lease Agreement upon the occurrence of an Event of Non-Appropriation or in the case of certain Events of Default, the Board may not be disposed of any Designated Equipment. See "PRIOR PROJECTS UNDER THE MASTER LEASE – Designated Equipment" and "THE TRANSACTION LEASE AGREEMENTS – Effect of Termination for Non-Appropriation or Default" herein.

The following descriptions of the Series 2009 Project are general descriptions of the Series 2009 Project subject to the Master Lease.

G.D. Rogers Garden Bullock Elementary. The project was for a new school located at 515 13th Avenue West, Bradenton, Florida 34205 on an approximate 8-acre site. The school has approximately 580 student stations for grades kindergarten through 5th. The school contains 80,500 square feet of classrooms, ancillary, administration, and support space. It also includes physical education space. The school opened in August of 2009.

Transportation and Maintenance Facility (Matzke Complex). The project is located at 2802 27th Street East, Bradenton, Florida on an approximate 24-acre site. The facility is a single-story facility which houses several District departments including: Maintenance and Operations, Construction Services, Vehicle Maintenance, Transportation, Property and Records Retention, and Warehouse. The project included the construction of a 95,500 square foot facility and the renovation of 69,000 square feet. Certain existing buildings (nos. 4, 5, 24/25 and 41) at the Transportation and Maintenance Facility are not included in this project other than to tie in building systems. The project opened in August of 2011.

Myakka City Elementary School Improvements. This project includes expansion of school storage areas and teacher planning areas, upgrades to the heating ventilation and air conditioning (HVAC), interior lighting and parking lot lighting. The completion date for this project was in January of 2012.

Palmetto High School Additions. The project is located at 1200 17th Street West, Palmetto, Florida at the existing Palmetto High School campus. The project includes the construction of a single story, 20-classroom addition, a Music Building restroom addition, site work, play fields, tennis courts, an addition to the Cafeteria, and a Field House renovation, in addition to the new single-story Auditorium with a 665 seat capacity. The project opened in August of 2010.

Release of Transaction Projects

On and after the effective date of the Amendment to Master Lease, one or more of the facilities comprising a portion of the Series 2026A Project components identified in Lease Schedule No. 2026A, or a portion thereof, may be released from the lien of the Series 2026A Lease Agreement and the Series 2026A Ground Lease if after the release of such facility or facilities the total construction cost of remaining facilities components comprising the Series 2026A Project subject to the lien of the Lease Schedule No. 2026A exceeds the remaining Principal Component of the Basic Rent Payments payable with respect to the Series 2026A Project, and with the prior written consent of the Insurer, if any. [However, the prior written consent of the Insurer shall not be required if the Board provides certain required written certifications to the Insurer, including that after the release of such facility or facilities the total construction cost of remaining facilities components comprising the Series 2026A Project subject to the lien of Lease Schedule No. 2026A is no less than 115% of the remaining Principal Component of the Basic Rent Payments payable with respect to the Series 2026A Project.] The Series 2026A Project components and/or the Series 2026A Premises and any Servient Property (or portions thereof, as set forth in the Series 2026A Ground Lease) released pursuant to the Amendment to Master Lease will be deemed to be paid and fee simple title to such facilities and/or facility sites (or portions thereof) shall vest in the Board. See "AMENDMENT TO MASTER LEASE" herein and "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009."

On and after the effective date of the Amendment to Master Lease, one or more of the facilities comprising a portion of the Series 2009 Project components identified in the Second Amended and Restated Lease Schedule No. 2009, or a portion thereof, may be released from the lien of the Series 2009 Lease Agreement and the Series 2009 Ground Lease if after the release of such facility or facilities the total construction cost of remaining facilities components comprising the Series 2009 Project subject to the lien of the Second Amended and Restated Lease Schedule No. 2009 exceeds the remaining Principal Component of the Basic Rent Payments payable with respect to the Series 2009 Project, and with the prior written consent of the Insurer, if any. [However, the prior written consent of the Insurer shall not be

required if the Board provides certain required written certifications to the Insurer, including that after the release of such facility or facilities the total construction cost of remaining facilities components comprising the Series 2009 Project subject to the lien of the Second Amended and Restated Lease Schedule No. 2009 is no less than 115% of the remaining Principal Component of the Basic Rent Payments payable with respect to the Series 2009 Project]. The Series 2009 Project components and/or the Series 2009 Premises and any Servient Property (or portions thereof, as set forth in the Series 2009 Ground Lease) released pursuant to the Amendment to Master Leas will be deemed to be paid and fee simple title to such facilities and/or facility sites (or portions thereof) shall vest in the Board. See "AMENDMENT TO MASTER LEASE" herein and "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009."

PRIOR PROJECTS UNDER THE MASTER LEASE

The following descriptions of other Projects are general descriptions of projects currently subject to the Master Lease. Under certain conditions of the Master Lease, the Board may substitute components of the respective Projects and modify the plans and specifications therefor.

The Series 2007 Project

In December 2015, the Board entered into the Series 2007 Lease Agreement to refinance the Series 2007 Project. The Series 2007 Lease Agreement related to the Refunding Certificates of Participation (School Board of Manatee County, Florida Master Lease Program), Series 2015 (the "Series 2015 Certificates"), which are currently outstanding in the principal amount of $_____. Subject to the Board's right of non-appropriation, the Series 2007 Lease Agreement is automatically renewable annually through June 30, 2027. The Series 2007 Project consisted of the acquisition, construction, and installation of five elementary schools, one middle school, and two academies. The following is a brief description of the schools comprising the Series 2007 Project.

Annie Lucy Williams Elementary School. The project was for a new school constructed at 3404 Fort Hamer Road, Parish, Florida. The new school is an approximately 104,000 square foot, two story campus style school, containing approximately 823 student stations for grades pre-kindergarten through 5th. The school was completed in June of 2007.

Palmetto Elementary School. The project was for a replacement school constructed at 1540 10th Street West, Palmetto, Florida. The replacement school is approximately 104,000 square foot, two-story campus style school, containing approximately 823 student stations for grades pre-kindergarten through 5th. The school was completed in September of 20l0.

Manatee Technical Institute - Fire Academy. The project was for a new academy constructed at 5530 Lakewood Ranch Boulevard, Bradenton, Florida. The academy is an approximately 10,000 square foot building containing approximately 25 student stations for fire fighter training. This project was completed in May of 2007.

Manatee Technical Institute - Public Safety Academy. The project was for a new academy constructed at 5540 Lakewood Ranch Boulevard, Bradenton, Florida. The academy is an approximately 50,000 square foot building containing approximately 200 student stations for law enforcement training.

This project was completed in December of 2007. The project constitutes Designated Equipment under the Series 2007 Lease Agreement.

Completion of King Middle School. The project was a replacement school constructed on the same campus as the existing King Middle School campus. This project was completed in August of 2006. The project constitutes Designated Equipment under the Series 2007 Lease Agreement.

Sea Breeze Elementary School. The project was for a wing addition constructed at 3601 71st Street West, Bradenton, Florida. The wing addition is an approximately 9,000 net square feet building containing approximately 144 student stations for grades pre-kindergarten through 5th. The addition was completed in July of 2008.

Completion of Daughtery Elementary School. The project was for the completion of a replacement elementary school constructed on the same campus as the existing Daughtery Elementary School campus. The completion date for this project was in March of 2008.

Myakka City Elementary School Improvements. The project was for the expansion of school storage areas and teacher planning areas, upgrades to the heating ventilation and air conditioning (HVAC), interior lighting and parking lot lighting. The completion date for this project was in August of 2011.

The Series 2010A-QSCB Project

In October 2010, the Board entered into the Series 2010A-QSCB Lease Agreement to finance the Series 2010A-QSCB Project. The Series 2010A-QSCB Lease Agreement related to the Certificates of Participation (School Board of Manatee County, Florida Master Lease Program), Series 2010A-QSCB (the "Series 2010A-QSCB Certificates"), which are currently outstanding in the principal amount of $19,920,000. Subject to the Board's right of non-appropriation, the Series 2010A-QSCB Lease Agreement is automatically renewable annually through October 1, 2029. The Series 2010A-QSCB Project consisted of the replacement of Manatee High School – Davis Building. The following is a brief description of the renovations comprising the Series 2010A-QSCB Project. See "RISK FACTORS – Effect of Sequestration on Lease Payments" herein.

Manatee High School – Davis Building. The project replaced the Manatee High School – Davis Building on the existing school campus located at 1000 32nd Street West, Bradenton, Florida. This project contains approximately 80,822 net square feet and consists of 25 classrooms for grades 9-12, a new auditorium, new band room, new practice rooms and culinary arts lab. The project also includes associated storage areas, restrooms, corridors, walkways, and mechanical and electrical areas. This school was completed in August of 2011.

The Series 2011A Project

In December 2017, the Board entered into the Series 2011A Lease Agreement to refinance the Series 2011A Project. The Series 2011A Lease Agreement related to the Refunding Certificates of Participation (School Board of Manatee County, Florida Master Lease Program), Series 2017A (the "Series 2017A Certificates"), which are currently outstanding in the principal amount of $_____. Subject to the Board's right of non-appropriation, the Series 2011A Lease Agreement is automatically renewable annually through June 30, 2031. The Series 2017A Project consisted of the replacement and relocation of

the Manatee Technical Institute. The following is a brief description of the school comprising the Series 2009 Project.

Manatee Technical Institute. The project replaced and relocated the Manatee Technical Institute to an approximately 30-acre site located at 6305 State Road 70 East, Bradenton, Florida. This project contains approximately 210,000 net square feet and houses 860 student stations. The project contains classrooms and labs in high growth and high demand areas such as culinary arts, cosmetology, construction, machining, drafting, welding, and information technology. The project also contains a new auditorium teaching area. This project also includes associated storage areas, restrooms, corridors, walkways, and mechanical and electrical areas. The school was completed in January of 2013.

The Series 2023A Project

In May 2023, the Board entered into the Series 2023A Lease Agreement to finance the Series 2023A Project. The Series 2023A Lease Agreement related to the Certificates of Participation (School Board of Manatee County, Florida Master Lease Program), Series 2023A (the "Series 2023A Certificates"), which are currently outstanding in the principal amount of $_____. Subject to the Board's right of non-appropriation, the Series 2023A Lease Agreement is automatically renewable annually through June 30, 2038. The Series 2023A Project consisted of the Blackburn Elementary School Renovation, Haile Middle School Addition and Renovation, Oneco Elementary School Renovation, Palma Sola Elementary School Replacement and Renovation, and Tara Elementary School Addition and Renovation. The following is a brief description of the renovations comprising the Series 2023A Project.

Blackburn Elementary School Renovation. The project consists of the demolition of two existing buildings (Campus Building 1 and Campus Building 6) to be replaced by a single new structure. Additional scope will include the renovation, remodeling, and modernization of the remaining existing buildings on campus. Campus-wide upgrades of the mechanical systems, electrical/lighting systems, technology infrastructure, upgrade of interior finishes, fire alarm systems, security systems, and plumbing systems will be undertaken. Building envelope improvements will include enhanced roof systems, window assemblies, door assemblies, and insulation systems. Site improvements will include new playground equipment, enhanced storm water drainage, and on-site traffic queuing. The project is expected to be completed by October 15, 2025.

Haile Middle School Addition and Renovation. The project consists of a classroom addition and enhancements to the mechanical systems, electrical/lighting systems, plumbing systems, technology infrastructure, and interior finishes. Building envelope improvements to include enhanced roofing systems, window assemblies, door assemblies, and insulation systems. In addition, campus safety/security enhancements will be made including entry lobby upgrades, new fire alarm, and security systems. Planned remodeling will include the reconfiguration of the kitchen and serving line area with partial equipment replacement. Site improvements to include new canopies, concrete walks, and associated storm water drainage enhancements. The project is expected to be completed by August 1, 2025.

Oneco Elementary School Renovation. The project consists of the complete renovation of the existing campus, demolishing of select structures, and new construction of a support (administration/media center) building. Remodeling is planned for the existing media center and administration buildings to provide instructional spaces. Campus-wide upgrades will entail the replacing of mechanical systems, plumbing systems, electrical/lighting systems, technology infrastructure, and enhancement of the existing

building envelope with improvements to roof systems, window assemblies, door assemblies, and insulation systems. Improvements to the campus life safety systems are planned to include new fire alarm and security systems. Site improvements planned include storm water drainage, playground equipment, and improved on-site traffic queuing. The project is expected to be completed by March 10, 2026.

Palma Sola Elementary School Replacement and Renovation. The project consists of demolishing all existing buildings on campus with the exception of Building No. 18 (ten classroom single story structure). It is anticipated that the design will include new construction for administration, cafeteria, media center, art, music, cafeteria/dining, and classrooms. Site improvements will include playground equipment, parking, storm water drainage, and on-site traffic queuing for both vehicles and buses. New infrastructure will be designed for mechanical, electrical, plumbing, and required life safety and security systems. Complete renovation of the Building No. 18 classrooms will be undertaken to include roof replacement, interior finishes, door and window assemblies, and upgrades of the mechanical, plumbing, electrical/lighting systems to be fully coordinated with the new construction planned for the campus. The project is expected to be completed by October 2, 2026.

Tara Elementary School Addition and Renovation. The project consists of a campus-wide renovation and a four classroom addition. Existing campus upgrades will entail replacement of mechanical systems, plumbing systems, electrical/lighting systems, and technology infrastructure. Building envelope improvements to include enhanced roof systems, window assemblies, door assemblies, and insulation systems. Improvements to the campus life safety systems are planned to include new fire alarm, entry lobby upgrade, and security systems. Site improvements planned include enhanced storm water drainage, playground equipment, and improved on-site traffic queuing. The project is expected to be completed by August 29, 2025.

The Series 2025A Project

In March 2025, the Board entered into the Series 2025A Lease Agreement to finance the Series 2025A Project. The Series 2025A Lease Agreement related to the Certificates of Participation (School Board of Manatee County, Florida Master Lease Program), Series 2025A (the "Series 2025A Certificates"), which are currently outstanding in the principal amount of $_____. Subject to the Board's right of non-appropriation, the Series 2025A Lease Agreement is automatically renewable annually through June 30, 2045. The Series 2025A Project consisted of Artisan Lakes Elementary School and Rye Ranch Elementary School. The following is a brief description of the renovations comprising the Series 2025A Project.

Artisan Lakes Elementary School. This component of the Series 2025A Project consists of the design and construction of a 122,500 square foot, 969 student station concrete block brick veneer two story prototype school building on a 26.34-acre site located on Buckeye Road, Manatee County to include parking, traffic queuing, a bus loop, play fields, courts and central energy plant. This component of the Series 2026A Project is expected to be completed in August 2026.

Rye Ranch Elementary School. This component of the Series 2025A Project consisted of the design and construction of a 122,500 square foot, 969 student station concrete block brick veneer two story prototype school on an 18.171 acre site located on North Rye Road, Manatee County to include parking, traffic queuing, a bus loop, play fields, play courts and central energy plant. This component of the Series 2025A Project is expected to be completed in August 2026.

Designated Equipment

The Projects, including the Series 2026A Project, include Designated Equipment which consists of certain specifically identified facilities and equipment components not constituting fixtures of the educational facilities described above. Upon the occurrence of an Event of Non-Appropriation or an Event of Default, neither the holders of the related Series of Certificates or any Additional Certificates will have rights to the components of the Projects, respectively, constituting Designated Equipment.

For purposes of the Series 2026A Lease Agreement, all equipment components not constituting fixtures constitute Designated Equipment. Upon termination of the Series 2026A Lease Agreement upon the occurrence of an Event of Non-Appropriation or in the case of certain Events of Default, the Board may not be dispossessed of any Designated Equipment. "THE SERIES 2026A LEASE AGREEMENT – Effect of Termination for Non-Appropriation or Default" herein.

Release of Prior Projects

On and after the effective date of the Amendment to Master Lease, one or more of the facilities comprising a portion of the Prior Projects components identified in the Prior Leases, or a portion thereof, may be released from the lien of the applicable Prior Lease and the related ground lease if after the release of such facility or facilities the total construction cost of remaining facilities components comprising the Prior Project subject to the lien of the applicable Prior Lease exceeds the remaining Principal Component of the Basic Rent Payments payable with respect to the Prior Project, and with the prior written consent of the Insurer, if any. The Prior Projects components and/or the related Premises and any Servient Property (or portions thereof, as set forth in the applicable ground lease) released pursuant to the Amendment to Master Lease will be deemed to be paid and fee simple title to such facilities and/or facility sites (or portions thereof) shall vest in the Board. See "AMENDMENT TO MASTER LEASE" herein and "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009."

THE MASTER LEASE-PURCHASE PROGRAM

In order to provide for the lease-purchase financing and refinancing from time to time of the Projects, the Board has authorized the execution and delivery of the Master Lease between the Board and the Corporation. The Projects to be leased from time to time will be identified on separate Lease Schedules to the Master Lease. Upon execution and delivery thereof, each Lease Schedule, together with the provisions of the Master Lease, will constitute a separate Lease Agreement. See "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009."

The Transaction Agreements are two of the Lease Agreements entered into under the Master Lease and provide for the leasing of the Transaction Projects by the Corporation to the Board. See "THE TRANSACTION LEASE AGREEMENTS" and "THE TRANSACTION PROJECTS." As noted above, the Board has previously leased the Prior Projects pursuant to Prior Leases, which were financed and/or refinanced from the proceeds of the Outstanding Certificates. The Board may arrange for one or more lease-purchase financings of additional educational facilities under the Master Lease in future Fiscal

Years. See "SECURITY FOR THE SERIES 2026 CERTIFICATES – Additional Leases" and "– Additional Certificates; Outstanding Certificates."

In addition, the Board may, in the future, also enter into lease-purchase arrangements upon terms and conditions other than those in the Master Lease. Failure to make payments under any such lease agreement, or an event of default under any such lease agreement, will not affect the Lease Term or cause the termination of the Transaction Lease Agreements or any other Leases.

THE TRANSACTION LEASE PROJECTS

The following is a brief summary of certain provisions of the Transaction Lease Agreements, which is not intended to be definitive. Reference is made to "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORM OF AMENDMENT TO MASTER LEASE AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009."

Authority

The Transaction Lease Agreements are being entered into pursuant to the authority granted under Chapters 1001-1013, Florida Statutes, for the purpose of providing for the acquisition, construction, and lease-purchase financing of the Transaction Projects.

Lease Term

Under the Series 2026A Lease Agreement, the Corporation is leasing to the Board, and the Board is leasing from the Corporation, the Series 2026A Project. The initial term of the Series 2026A Lease Agreement will commence on the delivery date of the Series 2026A Certificates and will continue through and including June 30, 2026, and is automatically renewable annually through June 30, 20__, unless sooner terminated in accordance with the provisions of the Series 2026A Lease Agreement. See "THE TRANSACTION LEASE AGREEMENTS – Termination of Lease Term."

Under the Series 2009 Lease Agreement, the Corporation is leasing to the Board, and the Board is leasing from the Corporation, the Series 2009 Project. The initial term of the Series 2009 Lease Agreement commenced on May 27, 2009, and continued through and including June 30, 2009, and has been automatically renewed annually to date and is automatically renewable annually through June 30, 2029, unless sooner terminated in accordance with the provisions of the Series 2009 Lease Agreement. See "THE TRANSACTION LEASE AGREEMENTS – Termination of Lease Term."

Lease Payments

Subject to the conditions stated in the Transaction Lease Agreements, the Board has expressed its current intent to make all Lease Payments due under the Transaction Lease Agreements; PROVIDED, HOWEVER, THAT NONE OF THE BOARD, THE DISTRICT, THE STATE, OR ANY POLITICAL SUBDIVISION OR AGENCY THEREOF, IS OBLIGATED TO PAY, EXCEPT FROM AVAILABLE REVENUES APPROPRIATED FOR SUCH PURPOSE, ANY SUMS DUE UNDER THE TRANSACTION LEASE AGREEMENTS FROM ANY SOURCE OF TAXATION, AND THE FULL FAITH AND CREDIT OF THE BOARD, THE DISTRICT, THE STATE, OR ANY POLITICAL SUBDIVISION OR AGENCY THEREOF IS NOT PLEDGED FOR PAYMENT OF SUCH SUMS DUE UNDER THE TRANSACTION

LEASE AGREEMENTS, AND THE SUMS DO NOT CONSTITUTE AN INDEBTEDNESS OF THE BOARD, THE DISTRICT, THE STATE, OR ANY POLITICAL SUBDIVISION OR AGENCY THEREOF WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY PROVISION OR LIMITATION. All Lease Payments due under the Transaction Lease Agreements will be made from current or other funds authorized by law and regulations of the State of Florida Department of Education and appropriated for such purpose by the Board.

On _____ 15, 20__, and thereafter on June 15 and December 15 of each year, the Basic Rent Payment Dates preceding each Payment Date, the Board is required to pay to the Trustee the Basic Rent Payments allocable to the Series 2026 Certificates due on such date, which amount corresponds to the amount due to Series 2026 Certificate holders on the next succeeding Payment Date. The Board is also required to pay, when due, Supplemental Rent, which includes, among other things, the fees and expenses of the Trustee and the Corporation. Lease Payments due under the Transaction Lease Agreements may be reduced, when applicable, as described in the Transaction Lease Agreements.

Assignment of Lease to Trustee

Pursuant to the Transaction Assignments, substantially all right, title, and interest of the Corporation in and to the Transaction Lease Agreements, including the right to receive Basic Rent Payments thereunder, has been absolutely and unconditionally assigned by the Corporation to the Trustee for the benefit of the Owners of the Series 2026 Certificates and any other Certificates representing an undivided proportionate interest in a portion of the Basic Rent Payments payable under the Transaction Lease Agreements. The Board has consented to such assignment.

Lease Covenants

Under the Transaction Lease Agreements, the Board, as agent of the Corporation, was or will be responsible for the acquisition, construction, and installation of the Transaction Projects pursuant to the specifications of the Board, including the letting of all contracts for the acquisition, construction, and installation of the Transaction Projects. In the Transaction Lease Agreements, the Board covenants that it will: (a) maintain the Transaction Projects at all times during the Lease Terms in good repair and condition; (b) pay applicable taxes, utility charges, and other governmental charges; and (c) provide applicable insurance coverage, including property and liability insurance, all in accordance with the terms and provisions relating to these requirements, contained in the Transaction Lease Agreements.

Budget and Appropriation

The cost and expense of the performance by the Board of its obligations under the Transaction Lease Agreements, the Prior Leases, and any additional Lease Agreements and the incurrence of any liabilities of the Board under the Transaction Lease Agreements, the Prior Leases, and any additional Lease Agreements including without limitation, the payment of all Lease Payments and all other amounts required to be paid by the Board under all Lease Agreements, are subject to and dependent on appropriations being duly made from time to time by the Board for such purposes. The Board may not budget and appropriate Available Revenues to make Lease Payments selectively on a Lease Agreement by Lease Agreement basis, but must appropriate such Available Revenues for all Lease Agreements or none of them. Under no circumstances will the failure of the Board to appropriate sufficient Available Revenues in any Fiscal Year constitute a Default or require payment of a penalty, or in any way limit the

right of the Board to purchase or utilize educational facilities similar in function to those leased under any Lease Agreement, including the Transaction Lease Agreements.

Unless the Board, at a public meeting held prior to the end of the then current Fiscal Year, gives notice of its intent not to appropriate the funds necessary to make the Lease Payments coming due in the following Fiscal Year under all Lease Agreements, the Superintendent will include in the Superintendent's tentative budget proposal, in a separate line item, the funds necessary to make such Lease Payments, and all Lease Agreements will be automatically renewed on June 30 of the current Fiscal Year, for the following Fiscal Year, subject to appropriation being made by the Board in the final adopted budget. If Lease Payments are due during the period prior to the adoption of the Board's final official budget for an ensuing Fiscal Year, the Lease Term of all Lease Agreements shall be deemed extended only if the tentative budget or extension of the prior budget (whether by Board action or operation of law) makes available to the Board monies which may be legally used to make the Lease Payments due under all Lease Agreements during such period. If no such appropriation is made in the budget as finally adopted or if no official budget is adopted as of the last day on which a final budget is required to have been adopted under applicable law and regulations, all Lease Agreements will terminate as of the date of adoption of the final official budget or the last date on which a final budget is required to have been adopted, whichever is earlier, and under which no appropriation has been made.

If the Board declares its intent at such public meeting prior to the end of the then current Fiscal Year not to appropriate the funds necessary to make Lease Payments under all Lease Agreements, no Lease Agreements will be automatically renewed for the following Fiscal Year, but will terminate on June 30 of the current Fiscal Year. For a discussion of the effect of termination of the Lease Term of the Lease Agreements, see "THE TRANSACTION LEASE AGREEMENTS – Effect of Termination for Non-Appropriation or Default."

Termination of Lease Term

The Lease Term of the Lease Agreements, including the Transaction Lease Agreements, will terminate upon the earliest of any of the following events:

(a) all Lease Agreements will terminate on the last Lease Payment Date set forth in such Lease Agreement (assuming all Lease Payments have been made);

(b) all Lease Agreements will terminate in the Event of Non-Appropriation of funds for the payment of Lease Payments;

(c) all Lease Agreements will terminate upon a Default by the Board with respect to any Lease Agreement and the termination of the Lease Term of all Lease Agreements by the Trustee pursuant to the Master Lease; and

(d) a particular Lease Agreement will terminate upon prepayment by the Board of the principal, Prepayment Premium, if any, and interest due on the Certificates related to the particular Projects leased under such Lease Agreement by the Board or upon provision for such payment pursuant to the Master Lease.

Acceleration of Maturities upon Event of Default

Upon the happening and continuance of any Event of Default specified in the Series 2026 Trust Agreements and only subsequent to the termination of the Transaction Lease Agreements, the Trustee, in regard to a particular Series of the Series 2026 Certificates, may, and upon the written request of the Owners of not less than a majority in aggregate principal amount of the Series 2026 Certificates then Outstanding, by notice in writing to the Board and the Corporation, shall declare the principal of all Series 2026 Certificates of such Series then Outstanding (if not then due and payable) to be due and payable immediately, and upon such declaration the same shall become and be immediately due and payable, anything contained in the Series 2026 Certificates or in the applicable Series 2026 Trust Agreement to the contrary notwithstanding; provided, however, that any Series 2026 Certificates which are insured as to payment by the Insurer may be accelerated only with the written consent or at the direction of such Insurer (if such Insurer is not in payment default under its municipal bond insurance policy); provided, further, that if at any time after the principal of the Series 2026 Certificates shall have been so declared to be due and payable, and before the entry of final judgment or decree in any suit, action or proceeding instituted on account of such default, or before the completion of the enforcement of any other remedy under the applicable Series 2026 Trust Agreement, moneys shall have accumulated in or shall have been paid into the Lease Payment Fund sufficient to pay the principal of all matured Series 2026 Certificates of such Series and all arrears of interest, if any, upon all Series 2026 Certificates then Outstanding (except the principal of any Series 2026 Certificate not then due and payable by its terms and the interest accrued on such since the last interest Payment Date), and the charges, compensations, expenses, disbursements, advances and liabilities of the Trustee and all other amounts then payable by the Board under the Transaction Lease Agreements shall have been paid or a sum sufficient to pay the same shall have been deposited with the Trustee, and every other default known to the Trustee in the observance or performance of any covenant, condition or agreement contained in the Series 2026 Certificates of such Series or in the applicable Series 2026 Trust Agreement (other than a default in the payment of the principal of such Series 2026 Certificates then due only because of a declaration under applicable the Series 2026 Trust Agreement) shall have been remedied to the satisfaction of the Trustee, then and in every such case the Trustee may, and upon the written request of the Owners of not less than a majority in aggregate principal amount of the Series 2026 Certificates of such Series not then due and payable by their terms (the Series 2026 Certificates then due and payable only because of a declaration under the applicable Series 2026 Trust Agreement shall not be deemed to be due and payable by their terms) and then Outstanding shall, by written notice to the Board and the Corporation, rescind and annul such declaration and its consequences, but no such rescission or annulment shall extend to or affect any subsequent Event of Default under the applicable Series 2026 Trust Agreement or impair any right consequent thereon.

For a discussion of the additional remedies available to the Trustee upon an Event of Default under the Series 2026 Trust Agreements, see "APPENDIX C – MASTER TRUST AGREEMENT AND FORMS OF SERIES 2026A SUPPLEMENTAL TRUST AGREEMENT AND SERIES 2026B SUPPLEMENTAL TRUST AGREEMENT."

Effect of Termination for Non-Appropriation or Default

Upon termination of the Lease Term for the reasons referred to in (b) or (c) under "THE TRANSACTION LEASE AGREEMENTS – Termination of Lease Term" above, the Board shall peaceably return possession of each and every Project (except for Designated Equipment) to the Corporation, or its assignee or designee, within 30 Business Days after the date on which such event occurs. For a discussion

of the remedies available to the Trustee if the Board refuses or fails to voluntarily deliver possession of the Projects to the Trustee, see "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009."

Upon taking possession of the Series 2026A Project, the Trustee is authorized to sell, re-let, or otherwise dispose of its interest in the Series 2026A Project, or any portion thereof, for the benefit of the Owners of the Series 2026A Certificates, but if the Series 2026A Lease Agreement is not terminated, only in a manner as to not adversely affect the tax status of the Series 2026A Certificates. Upon taking possession of the Series 2009 Project, the Trustee is authorized to sell, re-let, or otherwise dispose of its interest in the Series 2009 Project, or any portion thereof, for the benefit of the Owners of the Series 2026B Certificates and the Unrefunded Series 2016A Certificates, if any, but if the Series 2009 Lease Agreement is not terminated, only in a manner as to not adversely affect the tax status of the Series 2026B Certificates. See "RISK FACTORS – Limitation Upon Disposition; Ability to Sell or Relet."

The Trustee, subsequent to payment of all reasonable costs and expenses relating to collection of moneys and reasonable fees and expenses of the Trustee, shall deposit all moneys derived from the sale, re-letting, or other disposition of its interest in each Project, including moneys and damages collected in connection therewith, and all moneys in the Pledged Accounts relating thereto (amounts in a subaccount of the Project Account for such Project may, at the discretion of the Trustee with the consent or at the direction of the Credit Enhancer, if any, be retained in such subaccount to continue payment of the acquisition and construction of the such Project) into a special account established for the sole benefit of the Owners of the Series of Certificates which financed or refinanced such Project and shall apply moneys in such special account as follows:

(i) if the principal of the Series of Certificates shall not have become or shall not have been declared due and payable, all such money in the special account for such Series of Certificates shall be applied:

First: to the payment to the Persons entitled thereto of all installments of interest on such Series of Certificates of such Series then due and payable in the order in which such installments became due and payable and, if the amount available shall not be sufficient to pay in full any particular installment then to the payment, ratably according to the amounts due on such installment, to the Persons entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in such Series of Certificates;

Second: to the payment to the Persons entitled thereto of the unpaid principal of any Certificates of such Series that shall have become due and payable, in the order of their due dates, and, if the amount available shall not be sufficient to pay in full the principal of such Certificates of such Series due and payable on any particular date, then to the payment ratably according to the amount of such principal due on such date, to the Persons entitled thereto without any discrimination or preference;

Third: to the payment of the interest on and the principal of such Series of Certificates, to the purchase and retirement of such Series of Certificates, all in accordance with the provisions of the Master Trust Agreement;

Fourth: to the payment of any amounts owed and unpaid to the Credit Bank or Credit Enhancer for such Series or under the reimbursement agreement relating to the Credit Facility for the Series; and

Fifth: to the payment of any amounts owing in regard to Ground Leases relating to such Series; and

Sixth: to the payment of the Board of any surplus moneys.

(ii) If the principal of such Series of Certificates shall have become or shall have been declared due and payable, all such money in the special account established for such Series of Certificates shall be applied to the payment of principal and interest then due upon such Series of Certificates without preference or priority of principal over interest or interest over principal or of any installment of interest over any other installment of interest or any such Certificate over any other such Certificate ratably, according to the amounts due respectively for principal and interest, to the Persons entitled thereto without any discrimination or preference and then to the payment of any amounts owed and unpaid to the Credit Bank or Credit Enhancer for such Series or under the reimbursement agreement relating to the Credit Facility for such Series, if any, and then to the payment of any amounts owing in regard to Ground Leases relating to such Series. Any surplus moneys shall be paid to the Board.

(iii) If the principal of such Series of Certificates shall have been declared due and payable and if such declaration shall thereafter have been rescinded and annulled under the provisions of the Master Trust Agreement, then, subject to the provisions of paragraph (ii) above, in the event that the principal of such Series of Certificates shall later become due and payable or be declared due and payable the money then remaining in and thereafter accruing to the special account established for such Series shall be applied in accordance with the provisions of paragraph (i) above.

IN NO EVENT WILL OWNERS OF THE SERIES 2026A CERTIFICATES HAVE ANY INTEREST IN OR RIGHT TO ANY PROCEEDS OF THE DISPOSITION OF PROJECTS FINANCED OR REFINANCED WITH THE PROCEEDS OF ANOTHER SERIES OF CERTIFICATES EXCEPT FOR ANY CERTIFICATES ISSUED TO REFUND SERIES 2026A CERTIFICATES. IN NO EVENT WILL OWNERS OF THE SERIES 2026B CERTIFICATES HAVE ANY INTEREST IN OR RIGHT TO ANY PROCEEDS OF THE DISPOSITION OF PROJECTS FINANCED OR REFINANCED WITH THE PROCEEDS OF ANOTHER SERIES OF CERTIFICATES EXCEPT FOR ANY CERTIFICATES ISSUED TO REFUND SERIES 2026B CERTIFICATES.

There can be no assurance that the remedies available to the Trustee upon any termination of the Lease Term of all Lease Agreements for non-appropriation or default and the disposition of the Series 2026A Project will produce sufficient amounts to pay the Series 2026A Certificates. Federal income tax status of payments made to Series 2026A Certificate holders after such termination may also be adversely affected. See "TAX MATTERS." There can be no assurance that the remedies available to the Trustee upon any termination of the Lease Term of all Lease Agreements for non-appropriation or default and the disposition of the Series 2009 Project will produce sufficient amounts to pay the Series 2026B Certificates and the Unrefunded Series 2016A Certificates, if any. Further, after such termination of the Lease Term of all Lease Agreements, transfer of Series 2026 Certificates may be subject to the registration provisions of applicable federal and state securities laws. Accordingly, there is no assurance that liquidity of the Series 2026 Certificates will not be impaired following termination of the Lease Term of the Lease Agreements. See "RISK FACTORS."

THE CORPORATION

The Corporation is a Florida not-for-profit corporation formed for the purpose of acting as lessor in connection with "lease-purchase" capital financings for the Board. The Corporation may in the future initiate additional Lease Schedules under the Master Lease, enter into other lease-purchase agreements with the Board, and cause certificates of participation to be issued which represent lease payments to be made under one or more lease-purchase agreements with the Board. The members of the Corporation are the members of the Board. The Chair of the Board serves as Chair of the Board of Directors and President of the Corporation; the Vice Chair of the Board serves as Vice Chair of the Board of Directors and Vice President of the Corporation; and the Superintendent of the Schools serves as ex-officio Secretary/Treasurer of the Corporation.

The Corporation has assigned all of its right, title, and interest in and to the Master Lease (except certain indemnification rights, the right to initiate additional Lease Schedules from time to time, and its obligation not to impair the tax status of the Certificates) including its right to receive Lease Payments from the Board, its right, title, and interest in and to the Ground Leases, and its right to use, sell, and re-let Projects, to the Trustee. The Trustee directly collects from the Board all of the Basic Rent Payments which are the source of and security for payment of the Certificates. Therefore, the credit of the Corporation is not material to any of the transactions contemplated in this Offering Statement. No financial information concerning the Corporation has been included herein, nor is it contemplated that any such financial information will be included in any future Offering Statement relating to the sale of any additional Series of Certificates or other obligations of the Board or the Corporation.

There is no litigation pending against the Corporation.

Total													

[1] The Series 2010A-QSCB Certificates are currently outstanding in the aggregate principal amount of $19,920,000. The amounts shown in this column represent the Board's payment obligations with respect to the Series 2010A-QSCB Lease less the expected interest rate subsidy. Such interest rate subsidy is subject to reduction as a result of the sequestration, and timely payment of such interest rate subsidy requires filing by the District of certain forms with the U.S. Treasury in advance of the applicable interest payment date. For the year ending September 30, 2025, the sequestration rate equals 5.7%. Such amount may change over time. See "RISK FACTORS – Sequestration" herein. It is anticipated that such deposits, plus investment earnings thereon, will be sufficient to pay the Series 2010A-QSCB Certificates at maturity October 1, 2029.

[2] All or a portion of the Series 2016A Certificates are expected to be refunded by the Series 2026B Certificates. See "PURPOSE OF THE SERIES 2026 CERTIFICATES" and "PLAN OF REFINANCE" herein.

978

THE SCHOOL BOARD OF MANATEE COUNTY, FLORIDA

The Board is organized under Section 4, Article IX, of the Constitution of Florida and Chapter 1001, Florida Statutes, as amended, and is the governing body of the District. The geographic boundaries of the District are coterminous with those of Manatee County, Florida (the "County"). For Fiscal Year 2025-26, the District has budgeted for the operation of ____ schools with _____ unweighted full time equivalent ("FTE") students (inclusive of charter school students and Family Empowerment Scholarship students) and, the employment of approximately _____ permanent employees, of which _____ are certified teaching personnel. Management of the schools within the District is independent of the County and any city governments. The Board is authorized by State law to levy property taxes for school district operations, capital improvements and debt service. Property taxes are assessed by the Manatee County Property Appraiser (the "Property Appraiser"). The Manatee County Tax Collector (the "Tax Collector") collects taxes for the Board, but exercises no control over expenditures by the Board.

The Organization and Powers of the Board

The Board is a body corporate existing under the laws of the State. The Board is the governing body of the District, consisting of members elected County-wide for overlapping four-year terms. The District is divided into five county school board member residence districts and each of the members of the Board is required to be a resident of the school board member residence district from which he or she is elected. Under existing law, the Board's duties and powers include, but are not limited to, the development of policies and rules for the efficient operation of the District; the acquisition, maintenance, and disposition of school property within the District; the development and adoption of a school program for the District; the establishment, organization, and operation of schools, including vocational and evening schools, establishment and operation of programs for Exceptional Student Education ("ESE") and for students in residential care facilities; the appointment, compensation, promotion, suspension, and dismissal of employees; the establishment of courses of study and the provision of adequate instructional aids; and the establishment of a system to transport students to school or school-related activities.

The Board also has broad financial responsibilities, including but not limited to, the approval of the annual budget, adoption of the school tax levy and the establishment of a system of accounting and budgetary controls. The annual budget and accounting reports must be filed with the State Department of Education.

The present members of the Board, their offices, if any, and the expiration of their respective terms are as follows:

Name	District	Term Expires
Chad Choate III, Chair	4	November, 2026
Cindy Spray, Vice Chair	2	November, 2026
Heather Felton	1	November, 2028
Charles Kennedy	3	November, 2028
Richard Tatem	5	November, 2026

Superintendent of Schools

The Superintendent of Schools is appointed by the Board and serves as ex-officio Secretary of the Board. The Superintendent's powers include, but are not limited to, keeping the records of the Board, acting as custodian for District property, directing preparation of long-term and annual school programs, directing the work of district personnel, making policy recommendations to the Board in the area of child welfare, public transportation, school plant and district finance, and performing the additional duties assigned to her by law and the regulations of the Florida Department of Education ("FDOE"). Her current contract was effective _____, 2025 and will expire on June 30, 20__, unless sooner extended pursuant to the renewal provisions set forth in the contract.

Dr. Laurie Breslin, Superintendent of Schools. [TO COME]

Administration

Rachel Sellers, Deputy Superintendent of Business Services. Mrs. Sellers has been the Deputy Superintendent of Business Services for the District since January 2023. Prior to coming to the District, Mrs. Sellers worked 32 years at the State of Florida Auditor General and was Audit Supervisor between 2017 and 2023. Mrs. Sellers has a Master's Degree in Accountancy (MACC) and has been a Certified Public Accountant since 1992.

Catherine Miley Hayden, Director of Finance. Ms. Hayden has been the Director of Finance since February of 2022. Prior to holding this position Ms. Hayden has worked in various other finance positions with the District starting in 2001.

Employee Relations

The professional staff of the District includes teachers, supervisors, analysts, specialists and administrators. Other personnel include teachers' aides, clerks and secretaries, bus drivers, cafeteria personnel, custodial and maintenance workers and mechanics. As of _____, 2026, the Board employed approximately _____ employees. Approximately _____ instructors are represented by the Manatee Education Association (the "Education Association"). The three-year contract between the Board and the Education Association expires June 30, 20__. Approximately _____ support personnel of the District are represented by the American Federation of State, County, and Municipal Employees, Local 1584 ("Support Association"). The three-year contract between the Board and the Support Association expires June 30, 2026. State law requires operating under the current contract until a new contract has been negotiated and approved, and prevents public employees and employee organizations from conducting a strike or instigating a strike against a public employer. The remaining employees, who are primarily administrators, are not represented by a union and are not subject to a collective bargaining agreement.

Academics

During the Fiscal Year 2025-26, the Board has budgeted to operate ____ schools, including ____ elementary schools, ____ middle schools, ____ combination K-8 schools, ____ high schools, ____ alternative education school, ____ ESE Centers, ____ post-secondary schools (operated at two sites), and

____ virtual schools. The District also has budgeted to sponsor ____ contract sites (including ____ Department of Juvenile Justice sites), and ____ charter schools.

The District provides standards based programs to serve students of widely varying academic levels, interests, and needs. The largest numbers of students are served in the K-12 basic programs. These include programs in reading and language arts, mathematics, science, social studies, the arts, foreign language, technology, and physical education/health.

The focus at the District's elementary schools is to provide a solid foundation in the core academic areas and to introduce students to experiences in the fine arts and technology. The elementary school program emphasizes basic skills including reading, writing, language arts, and mathematics. Balance curriculum also includes instruction in science, computer literacy, health, social studies, art, music, and physical education. Advanced students may take courses above their grade level, including middle school options virtually.

At the middle school level, the academic courses extend the fundamental skills, and students begin instructional programs in areas of personal interest. The middle school program begins with middle school curriculum centering on English, math, science, computer literacy, and social studies. Students are encouraged to begin developing their strengths and interests through electives such as art, music, foreign languages, and vocational exploratory programs. Advanced students may take high school level courses for credit in the traditional classroom or other areas virtually.

High school programs are designed to meet the needs of the college bound as well as vocational students. All of the high schools are fully accredited by the Southern Association of Colleges and Schools. Students who plan to continue their education into college may take a broad range of college preparatory courses as well as advanced placement and honors courses.

Budget Process

State law requires the Board to adopt in each Fiscal Year a tentative budget and a final budget, each of which is required to be balanced with available funds. The Superintendent, with input from staff, principals, the budget committee and interested community groups, prepares and submits to the Board a recommended budget. The Board adopts the recommended budget, with such modifications as it deems necessary, as the tentative budget for the District. After public hearings on the tentative budget, the Board adopts a final budget and forwards it to the FDOE. When approved by the FDOE, the final budget is designated as the official budget and governs the general operations for the Fiscal Year, unless subsequently amended by the Board. The final budget for Fiscal Year 2025-26 was adopted by the Board on September 9, 2025. See "AD VALOREM TAXATION – Millage Set by Local Governing Body."

FINANCIAL RESULTS AND LIABILITIES OF THE DISTRICT

The following briefly describes financial results of the District and certain District liabilities. For additional information concerning such matters, see "APPENDIX B – THE ANNUAL COMPREHENSIVE FINANCIAL REPORT OF THE SCHOOL DISTRICT OF MANATEE COUNTY, FLORIDA FOR THE FISCAL YEAR ENDED JUNE 30, 2025."

Accounting and Funds

Pursuant to Section 11.45, Florida Statutes, as amended, the financial operations of the District are subject to audit by independent auditors of the District at least two out of every three fiscal years with the Auditor General's office auditing the financial operations of the District once every three fiscal years. The District retained the independent accounting firm of Cherry Bekaert LLP to audit its financial operations, whose report for the Fiscal Year ended June 30, 2025 is attached hereto as part of "APPENDIX B – THE ANNUAL COMPREHENSIVE FINANCIAL REPORT OF THE SCHOOL DISTRICT OF MANATEE COUNTY, FLORIDA FOR THE FISCAL YEAR ENDED JUNE 30, 2025" attached hereto.

Accounting policies conform with generally accepted accounting principles applicable to state and local governmental units. Accordingly, the District's accounting system is organized on the basis of funds and account groups. A fund is an accounting entity having a self-balancing set of accounts for recording assets, liabilities, fund equity, revenues, either expenditures or expenses depending on fund type, and other financing sources and uses.

The fund financial statements provide information about the Board's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – government, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds. Because the focus of the governmental fund financial statements differs from the focus of the government-wide financial statements, a reconciliation is presented with each of the governmental fund financial statements.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as investment earnings, result from non-exchange transactions or ancillary activities.

The accounting practices of the Board are designed to conform to generally accepted accounting principles applicable to governmental units. GASB Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, and related GASB pronouncements, created new basic financial statements for reporting the District's financial activities. In addition to fund financial statements, the financial statements include government-wide financial statements prepared on the accrual basis of accounting that split the District's programs between government and business-type activities.

Governmental Fund Types

The District reports the following major governmental funds:

General Fund – the primary operating fund of the District to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.

Special Revenue – Federal Education Stabilization Fund – to account for certain Federal grant program resources provided as emergency relief to address the impact of COVID-19 on elementary and secondary education.

Debt Service – Other Debt Service Fund – to account for the accumulation of resources for and the payment of debt principal, interest, and related costs on the sales tax revenue bond, certificates of participation, and other debt service.

Capital Projects – Section 1011.71(2), F.S., Local Capital Improvement Tax Fund – to account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, new and replacement equipment, motor vehicle purchases, and debt service payments on revenue anticipation notes and certificates of participation.

Capital Projects – Other Capital Projects Fund – to account for various financial resources (e.g., certificates of participation, capital outlay sales tax, impact fees, sales tax revenue bonds, etc.) to be used for educational capital outlay needs, including new construction and renovation and remodeling projects.

Other Fund Types

Additionally, the District reports the following proprietary and fiduciary fund types:

Internal Service Funds – to account for the District's self-insurance programs.

Private-Purpose Trust Funds – to account for financial fees and other moneys for which principal and income benefit individuals or private organizations.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized as soon as they are both measurable and available. Revenues are available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Entitlements are recorded as revenues when all eligibility requirements are met, including time requirements, and the amount is received during the period or within the availability period for this revenue sources (within 60 days of year-end). Property taxes, sales taxes, state education funding, and interest associated with the current fiscal period are all considered to

be susceptible to accrual and so have been recognized as revenue of the current fiscal period. Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgments, pension benefits, other postemployment benefits, and compensated absences, are only recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under installment-purchases are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

The proprietary and private-purpose trust funds are reported using the economic resources measurement focus and the accrual basis of accounting.

The charter schools are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

Auditing System

In addition to local internal audits, other budget reviews are conducted. FDOE conducts regular financial compliance reviews of each school district to ensure that local school districts comply with state regulations. In conjunction with this review, the Financial Management Section of FDOE reviews the cost reporting system of each school district to ensure that the Financial and Program Costs Accounting and Reporting for Florida Schools is being properly implemented by the Board. The District also formed the Audit Planning and Review committee consisting of seven members, in accordance with the Office of Program Policy and Governmental Accountability ("OPPAGA").

General Fund Operations

The Board's general fund revenues are derived from federal and State appropriations and local sources. The table on the following page summarizes results of operations for the general fund for the Fiscal Years 2020-21 through 2024-25, audited, and for Fiscal Year 2025-26, budgeted.

Unassigned	23,759,649	36,263,268	61,603,049	84,382,446		58,631,137

[1] Totals may not add due to rounding.

[2] The fund balance for Fiscal Year 2020-21 was adjusted by $2,672,531 due to a restatement of beginning net position resulting from the adoption of Governmental Accounting Standards Board ("GASB") Statement No. 84, Fiduciary Activities, which caused the beginning fund balance for Fiscal Year 2021-22 to be $31,691,250.

[3] The ending fund balance in prior years represent the funds remaining at the end of that fiscal year after all expenses have occurred. For budgetary purposes, Florida law generally requires school districts to formulate a budget where revenues plus beginning fund balance equals expenditures. Accordingly, the budgeted ending fund balance in Fiscal Year 2025-26 represents only those funds set aside in reserve accounts. All other funds have spread through school and budget departments. Based on actual Fiscal Year 2025-26 Revenues and Expenditures to date, the District estimates its Fiscal Year 2025-26 ending fund balance to be approximately $____ million at June 30, 2026.

Sources: For the Fiscal Years 2020-21 through 2024-25, Annual Comprehensive Financial Report of the School District of Manatee County, Florida for the Fiscal Year Ended June 30, 2021 through 2025. For Fiscal Year 2025-26, District Annual Budget for the Fiscal Year 2025-26, dated September 9, 2025.

Required General Fund Ending Balance

Section 1011.051, Florida Statutes, entitled "Guidelines for general funds" requires that if a school district's General Fund ending balance not classified as restricted, committed, or nonspendable in the approved operating budget is projected to fall below 3% of projected General Fund revenues, the Superintendent shall provide written notification to the district school board and the Commissioner of Education (the "Commissioner"). The section further requires that if the General Fund ending balance not classified as restricted, committed or nonspendable is projected to fall below 2% of projected General Fund revenues, the Superintendent shall provide written notification to the district school board and the Commissioner of Education. Within 14 days after receiving such notification of a balance below 2%, if the Commissioner determines that the district does not have a plan that is reasonably anticipated to avoid a financial emergency as determined pursuant to Florida Statutes pertaining thereto, the Commissioner shall appoint a financial emergency board that may take certain delineated steps to assist a district school board in complying with the General Fund requirements. The table below shows the assigned and unassigned ending fund balances and percentage of General Fund revenues for the Fiscal Years shown below:

ASSIGNED AND UNASSIGNED ENDING FUND BALANCE FOR THE DISTRICT'S GENERAL FUND

Fiscal Year Ended June 30	Assigned and Unassigned Ending General Fund Balance[2]	Percentage of General Fund Revenues
2021	$28,677,202	6.37%
2022	42,746,193	9.39
2023	71,131,848	13.96
2024	88,073,713	15.52
2025		
2026[1]	58,631,137	9.78

[1] Budgeted. Based on actual Fiscal Year 2025-26 Revenues and Expenditures to date, the District estimates its Fiscal Year 2025-26 assigned and unassigned ending fund balance to be approximately $____ million at June 30, 2026.

[2] The assigned and unassigned general fund balance in prior years represent the funds remaining at the end of that fiscal year after all expenses have occurred. For budgetary purposes, Florida law generally requires school districts to formulate a budget where revenues plus beginning fund balance equals expenditures. Accordingly, the budgeted ending assigned and unassigned general fund balance in Fiscal Year 2025-26 represents only those funds set aside in assigned and unassigned reserve accounts. All other funds have spread through school and budget departments.

Retirement and Other Post-Employment Benefits

Florida Retirement System. Essentially all regular employees of the District are eligible to enroll as members of the Florida Retirement System (the "FRS"). The FRS is a single retirement system administered by the Florida Department of Management Services ("DMS"), and consists of two cost-sharing, multiple-employer retirement plans and other nonintegrated programs. These include a defined-benefit pension plan (the "FRS Pension Plan"), a Deferred Retirement Option Program (the "DROP"), a Retirement Health Insurance Subsidy Plan (the "HIS Plan"), and a defined-contribution plan, referred to as the Florida Retirement System Investment Plan (the "Investment Plan"). A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information,

actuarial report, information about the FRS's fiduciary net position, and other relevant information, is available from the DMS at: www.dms.myflorida.com.

FRS Pension Plan. The State Legislature establishes contribution rates for employers and employees participating in the FRS Pension Plan. The District's contributions to the FRS Pension Plan totaled $_____ for the Fiscal Year 2024-25. At June 30, 2025, the District reported a liability of $_____ for its proportionate share of the FRS Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2024. The District's proportionate share of the net pension liability was based on the District's 2023-24 fiscal year contributions relative to the total 2023-24 fiscal year contributions of all participating members. At June 30, 2024, the District's proportionate share was ____%, which was an decrease of ____% from its proportionate share of ____% measured as of June 30, 2023. For the fiscal year ended June 30, 2025, the District recognized the FRS Pension Plan pension expense of $_____.

HIS Plan. The HIS Plan is funded by required contributions from FRS participating employers as set by the State Legislature. The District's contributions to the HIS Pension Plan totaled $_____ for the fiscal year ended June 30, 2025. At June 30, 2025, the District reported a net pension liability of $_____ for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within one year, net of the District's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2023, and update procedures were used to determine the net pension liability as of June 30, 2024. The District's proportionate share of the net pension liability was based on the District's 2023-24 fiscal year contributions relative to the total 2023-24 fiscal year contributions of all participating members. At June 30, 2024, the District's proportionate share was ____%, which was a decrease of ____% from its proportionate share of ____% measured as of June 30, 2023. For the fiscal year ended June 30, 2025, the District recognized the HIS Plan pension expense of $_____.

Investment Plan. The District's Investment Plan pension expense totaled $_____ for Fiscal Year 2024-25.

ALL POTENTIAL PURCHASERS OF THE SERIES 2026 CERTIFICATES SHOULD REVIEW NOTE III.E OF THE NOTES TO THE BASIC FINANCIAL STATEMENTS AND THE REQUIRED SUPPLEMENTARY INFORMATION CONTAINED IN THE ANNUAL COMPREHENSIVE FINANCIAL REPORT OF THE SCHOOL BOARD FOR FISCAL YEAR ENDED JUNE 30, 2025 ATTACHED HERETO AS "APPENDIX B – THE ANNUAL COMPREHENSIVE FINANCIAL REPORT OF THE SCHOOL DISTRICT OF MANATEE COUNTY, FLORIDA FOR THE FISCAL YEAR ENDED JUNE 30, 2025." SUCH NOTE III.E AND THE REQUIRED SUPPLEMENTARY INFORMATION CONTAIN DESCRIPTIONS OF, AND MATERIAL FINANCIAL INFORMATION CONCERNING, THE FRS PENSION PLAN, THE HIS PLAN, AND THE INVESTMENT PLAN.

Other Post Employment Benefit Program. The Other Postemployment Benefits Plan ("OPEB") is a single employer defined benefit plan administered by the District that provides healthcare and prescription drug insurance benefits for all employees who satisfy the District's retirement eligibility provisions. The District's total OPEB liability of $_____ was measured as of June 30, 2025 and was determined by an actuarial valuation as of July 1, 2024, and updated procedures were used to determine

the OPEB liability as of June 30, 2025. For Fiscal Year ended June 30, 2024, the District recognized OPEB expense of $_____.

ALL POTENTIAL PURCHASERS OF THE SERIES 2026 CERTIFICATES SHOULD REVIEW NOTE III.F OF THE NOTES TO THE BASIC FINANCIAL STATEMENTS AND THE REQUIRED SUPPLEMENTARY INFORMATION CONTAINED IN THE ANNUAL COMPREHENSIVE FINANCIAL REPORT OF THE SCHOOL BOARD FOR FISCAL YEAR ENDED JUNE 30, 2025 ATTACHED HERETO AS "APPENDIX B – THE ANNUAL COMPREHENSIVE FINANCIAL REPORT OF THE SCHOOL DISTRICT OF MANATEE COUNTY, FLORIDA FOR THE FISCAL YEAR ENDED JUNE 30, 2025." SUCH NOTE III.F AND THE REQUIRED SUPPLEMENTARY INFORMATION CONTAIN DESCRIPTIONS OF, AND MATERIAL FINANCIAL INFORMATION CONCERNING, THE OPEB.

Investment Policy

Assets of the District are governed by an investment policy adopted by the Board on June 27, 2017, under the provisions of Section 1001.41, Florida Statutes, as amended. Furthermore, the investment of certain assets held under the Series 2026 Trust Agreements are also governed by the terms and provisions of the Series 2026 Trust Agreements.

Pursuant to the District's investment policy, the Superintendent will invest all temporarily idle funds not needed for immediate disbursement to cover Board obligations in order to maximize investment income. The following are authorized investments under the investment policy:

(a) Florida PRIME;

(b) United States Government Securities;

(c) United States Government Agencies (full faith & credit of the United States Government);

(d) Federal Instrumentalities (United States Government Sponsored Enterprises "GSE");

(e) Interest Bearing Time Deposit or Saving Accounts;

(f) Repurchase Agreements;

(g) Commercial Paper;

(h) Corporate Notes;

(i) States and/or Local Government Taxable and/or Tax-Exempt Debt;

(j) Registered Investment Companies (Money Market);

(k) Short Term Bond Fund; and

(l) Intergovernmental Investment Pool.

The investment policy described above may be revised by the Board from time to time.

AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS

The Board derives its revenues for capital outlay projects from certain State and local sources. The major categories of these revenue sources are briefly described below. In Fiscal Year 2025-26, excluding borrowing proceeds and existing fund balances, the Board has budgeted that approximately ____% of the annual revenues for capital improvements will be provided by State sources and approximately ____% will be provided by local sources.

State Sources

Public Education Capital Outlay. One source of State educational funding contributions to the Board's capital outlay requirements is the Florida Public Education Capital Outlay Program ("PECO"). PECO funds are derived from revenues generated from the gross receipts tax levied on utilities pursuant to Article VII of the Constitution of the State of Florida. The vast majority of such revenues are generated from assessments imposed on the sale of telecommunication services and electricity pursuant to Chapter 203, Florida Statutes. The method of allocation of funds to the district school boards is provided by State law based upon a statutory formula, a component of which is the number of full-time equivalent students in the school system. The Commissioner administers the PECO program and allocates or reallocates funds as authorized by law. In recent years, almost all PECO funds have been allocated to charter schools in the State. The Board received $109,511, $1,022,784, and $_____ in PECO funds for Fiscal Years 2022-23, 2023-24, and 2024-25, respectively. The Board did not receive any PECO funds for Fiscal Years 2020-21 or 2021-22. The Board has budgeted to receive $5,276,120 in PECO funds for Fiscal Year 2025-26.

Capital Outlay and Debt Service Funds. The State Capital Outlay and Debt Service Funds ("CO&DS") also provides funds for the Board's capital outlay requirements. CO&DS funds are derived from a portion of the revenues collected from motor vehicle license charges. The Board received $1,356,739, $1,442,884, $1,567,895, $1,771,556, and $_____ in CO&DS funds for Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25, respectively. The Board has budgeted to receive $1,771,566 in CO&DS funds for Fiscal Year 2025-26. CO&DS funds are legally available to the Board to pay the Principal Component and Interest Component of Basic Rent Payments, but only if the Project financed thereby appears on a project priority list approved by the State Board of Education. The Transaction Projects are not on the project priority list.

Capital Outlay Bonds. Annually, the State offers to bond a portion of future CO&DS funds for school districts. The Capital Outlay Bonds are serviced entirely by the State using a portion of the District's share of revenue derived from CO&DS funds. The annual sinking fund requirements are determined by the State Board of Administration (the "SBA") and amounts necessary to retire bonds and pay interest are withheld from amounts due to the District. CO&DS funds in the amount of $486,602, $472,543, $410,181, $325,760, and $_____ were withheld from the allocations in Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25, respectively. The District has budgeted to have $348,050 in CO&DS funds withheld in Fiscal Year 2025-26. See "FINANCIAL RESULTS AND LIABILITIES OF THE DISTRICT – Direct and Overlapping Debt" herein.

Other State Sources. Under the Act, the District may be entitled to receive other State revenues pursuant to other programs if the District achieves certain standards relating to its capital outlay efforts. Some of such revenues may be used to make lease purchase payments. It is not possible at this time to

determine or estimate the amount of such State revenues, if any, that the District may receive in the future.

Local Sources

Local revenue for school district support is derived in large part from real and tangible personal property taxes. There are no local non-property taxes levied specifically for schools. In addition, the District receives local option sales surtax revenues, educational impact fees, and earns interest on cash invested and collects other miscellaneous revenues.

AS DESCRIBED HEREIN, THE DISTRICT EXPECTS TO PAY THE BASIC RENT PAYMENTS WITH RESPECT TO THE SERIES 2026A CERTIFICATES FROM THE EDUCATIONAL IMPACT FEES AND THE CAPITAL OUTLAY MILLAGE AND WITH RESPECT TO THE SERIES 2026B CERTIFICATES FROM THE CAPITAL OUTLAY MILLAGE, EACH AS DESCRIBED BELOW. NOTWITHSTANDING THE FOREGOING, THE BOARD DOES NOT HAVE THE ABILITY TO APPROPRIATE BASIC RENT PAYMENTS FOR ONE LEASE OR SOME COMBINATION OF LEASE ONLY. THE BOARD'S ANNUAL APPROPRIATION FOR BASIC RENT PAYMENTS MUST BE FOR ALL LEASES UNDER THE MASTER LEASE PROGRAM OR IT MUST TERMINATE ALL LEASES UNDER THE MASTER LEASE. IN THE EVENT THE BOARD DECIDES NOT TO APPROPRIATE FUNDS IN ITS ANNUAL BUDGET FOR ALL OF SUCH LEASES, THE BOARD WOULD, AT THE TRUSTEE'S OPTION, HAVE TO SURRENDER PROJECTS, INCLUDING THE TRANSACTION PROJECTS, TO THE TRUSTEE FOR THE BENEFIT OF THE OWNERS OF THE CERTIFICATES WHICH FINANCED OR REFINANCED SUCH PROJECTS.

Capital Outlay Millage Levy. Local revenue for school district support is derived primarily from real and tangible personal property taxes. See also "AD VALOREM TAXATION."

School boards may levy non voted millage for capital outlay and maintenance purposes, pursuant to Section 1011.71(2), Florida Statutes (the "Capital Outlay Millage"). Revenues from the Capital Outlay Millage may be used to fund, among other things, new construction, remodeling, site acquisition and improvement; maintenance and repair; school bus purchases; payments under lease purchase agreements and certain short-term loans.

The maximum amount of Capital Outlay Millage may be up to 1.50 mills (each mill represents $1 of tax assessment per $1,000 of property value assessment, subject to certain exclusions). For each Fiscal Year since Fiscal Year 2020-21, the Board has levied a Capital Outlay Millage of 1.500 mills. The revenues generated from the Capital Outlay Millage received by the Board for Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25 are $64,261,360, $69,048,580, $86,830,455, $104,265,829, and $_____, respectively. The Board has budgeted to receive $115,855,677 of revenues generated from the Capital Outlay Millage for Fiscal Year 2025-26.

Payment of Lease Payments from the Capital Outlay Millage may not exceed three-fourths of the revenues generated from the Capital Outlay Millage; however, such three-fourths limitation is waived for lease-purchase agreements originally entered into prior to June 30, 2009. The three-fourths limitation is applicable to the Series 2010A-QSCB Lease Agreement, the Series 2011A Lease Agreement, the Series 2023A Certificates, the Series 2025A Certificates, and the Series 2026A Certificates.

If revenue generated from the Capital Outlay Millage is insufficient to make payments under a lease-purchase agreement entered into prior to June 30, 2008, an amount equal to the revenue generated

from 0.50 mills of the operating levy may be used to make such lease payments. Additionally, if revenue from the Capital Outlay Millage is insufficient to make payments due under a lease-purchase agreement entered into prior to June 30, 2009, or to meet other critical school district fixed capital outlay needs, a school board may elect to levy a capital outlay discretionary millage up to an additional 0.25 mills (the "Capital Outlay Discretionary Millage"). The Capital Outlay Discretionary Millage is in addition to the 1.50 mills Capital Outlay Millage and is in lieu of levying an equivalent amount of the Current Operating Discretionary Millage. The District did not levy any Capital Outlay Discretionary Millage for the Fiscal Years 2020-21 through 2024-25, and has not budgeted to levy any Capital Outlay Discretionary Millage for the Fiscal Year 2025-26. See "AD VALOREM TAXATION – Millage Set by Local Governing Body."

Maximum Construction Cost Limits. A school board may not use revenues from the Capital Outlay Millage to pay for any portion of the cost of any new construction of educational plant space with a total cost per student station, including change orders, in excess of the amounts set forth in Section 1013.64(6)(b)1., Florida Statutes, as adjusted (the "Maximum Cost Per Student Station"). For purposes of calculating the Maximum Cost Per Student Station, certain costs such as legal and administrative costs, site improvement costs (incidental to construction), costs related to hurricane sheltering/hardening, and school security/hardening capital improvements, among other costs, are not included. However, if the new construction of educational plant space is subject to a lease-purchase agreement entered into pursuant to Section 1011.71(2)(e), Florida Statutes (such as the Series 2026A Lease Agreement), a district school board (i) may use certain other funding sources (including the Surtax (as defined herein), educational impact fees, and voter approved ad valorem taxes, in each case if legally available for such purpose) to pay for the new construction of educational plant space, and (ii) may, but is not required to, use the Capital Outlay Millage and certain state funding sources to pay for the portion of the cost for new construction of educational plant space which does not exceed the Maximum Cost Per Student Station requirements or to costs which are not included in Maximum Cost Per Student Station calculation. See "RISK FACTORS – Construction Cost Maximums" herein.

On March 27, 2023, the Governor of the State approved House Bill No. 1 ("HB 1"), which provides that an unfinished construction project for new construction of educational plant space that was started on or before July 1, 2026, is exempt from the Maximum Cost Per Student Station. In 2024, the Florida Legislature enacted Senate Bill 7002 ("SB 7002"), which extends the exemption from the Maximum Cost Per Student Station to July 1, 2028. The Series 2026A Project is a construction project for new construction of educational plant space that will be started on or before July 1, 2028 and is exempt from the Maximum Cost Per Student Station. The Maximum Cost Per Student Station does not apply to the Series 2009 Project because it was constructed pursuant to a contract for architectural and design services or for construction management services before July 1, 2017.

Sharing of Capital Outlay Millage with Charter Schools. On May 11, 2023, CS/CS/HB Bill 1259 ("HB 1259") was signed into law by the Governor of the State. HB 1259 modifies the provisions of Section 1013.62, Florida Statutes, relating to Capital Outlay Millage revenues that are required to be shared with eligible charter schools in each school district in the State. HB 1259 removes a previously existing State funding threshold for purposes of determining whether Capital Outlay Millage revenues must be shared with eligible charter schools in a school district and establishes a five-year glide path of local sharing of Capital Outlay Millage revenues between each school district in the State and eligible charter schools therein. The calculation methodology set forth in HB 1259 first reduces a school district's available Capital Outlay Millage revenues by the school district's annual debt service for obligations incurred as of March 1, 2017, which are being satisfied by the Capital Outlay Millage revenues and which have not been subsequently retired. The remaining Capital Outlay Millage revenues are then divided by the sum of (a)

the school district's capital outlay FTE students and (b) the total number of FTE students at eligible charter schools in the school district to determine a capital outlay allocation per FTE student. Next, such capital outlay allocation per FTE student is multiplied by the total number of FTE students at each eligible charter school in the school district to determine a capital outlay allocation for each charter school in the school district. Next, if applicable, the capital outlay allocation to each charter school would be reduced by the total amount of State funds allocated to each charter school in the school district thereby reducing the amount of Capital Outlay Millage revenues required to be shared by the school district. The remaining amount, if any, is the amount the school district must share with eligible charter schools in the school district in such year. However, the legislation provides for a five-year phase in for such amounts so that the amount to be paid by the school district for each year pursuant to the above-described methodology was multiplied by 20% for Fiscal 2023-24 and increases by 20% each year until Fiscal Year 2027-28 at which time it would equal 100% of the amount described in the preceding sentence. HB 1259 took effect on July 1, 2023. These provisions of HB 1259 are expected to reduce the amount of Capital Outlay Millage revenues available to the Board to make Basic Rent Payments on the Series 2026A Certificates. The amount of Capital Outlay Millage revenues budgeted to be shared with charter schools for Fiscal Year 2025-26 is approximately $_____. Such amount is projected to increase to approximately $_____ by Fiscal Year 2028-29. However, the Board does not expect any such reduction to adversely impact its ability to make Basic Rent Payments on the Series 2026 Certificates or the Prior Certificates.

Primary Source of Lease Payments. The Capital Outlay Millage is the Board's primary source of payment of Lease Payments on the Transaction Lease Agreements and the Prior Leases. The Board is not required to levy any Capital Outlay Millage in the future. Since revenues from the levy of the Capital Outlay Millage may be used for, but not pledged to, the payment of Lease Payments under the Leases, the failure of the Board to levy any of the Capital Outlay Millage would have an adverse effect on available revenues from which the Board may appropriate to make Lease Payments. Additionally, the Capital Outlay Millage revenues are required to be shared with eligible charter schools in the District. See "AD VALOREM TAXATION – Legislation Relating to Ad Valorem Taxation" and "LEGISLATIVE CHANGES AFFECTING DISTRICT REVENUES – Distribution of Capital Outlay Millage Revenues to Charter Schools" for information concerning legislation that may adversely affect the District's taxable assessed valuation, the levy of the Capital Outlay Millage, and the Capital Outlay Millage available to make Lease Payments.

The following table sets forth the Capital Outlay Millage levy that would provide 1.00x coverage of the maximum annual Basic Rent Payments represented by the Prior Certificates and the Series 2026 Certificates, based on current law and assuming 96% collection of the taxes levied:

[Remainder of page intentionally left blank]

ANTICIPATED CAPITAL OUTLAY MILLAGE LEVY REQUIRED TO COVER MAXIMUM ANNUAL PAYMENTS REPRESENTED BY THE PRIOR CERTIFICATES AND THE SERIES 2026 CERTIFICATES

Fiscal Year 2025-26	
Net Taxable Assessed Valuation[1]	$75,556,328,962
Capital Outlay Millage Levy	1.500
Assumed Tax Collection Rate	96%
Total Revenue Generated by 1.500 mill Levy at 96.0% Collection	$_____
Capital Outlay Millage Required to Satisfy Maximum Annual Basic Rent Payments Represented by the Prior Certificates and the Series 2026 Certificates	
Maximum Annual Basic Rent Payments Represented by the Prior Certificates and the Series 2026 Certificates (Fiscal Year 20__-__)[2][3]	$_____
Minimum Capital Outlay Millage Required to Satisfy Maximum Annual Basic Rent Payments Represented by the Prior Certificates and the Series 2026 Certificates[2][3][4]	____ mills
Sharing of the Capital Outlay Millage with Eligible Charter Schools	
Total Estimated Capital Outlay Millage Revenues Required to be Shared with Eligible Charter Schools[5]	$_____
Capital Outlay Millage Anticipated to be Shared with Eligible Charter Schools[5]	____ mills
Capital Outlay Millage Available After Basic Rent Payments and Charter School Payments	
Anticipated Remaining Capital Outlay Millage[2][3][4][5]	____ mills
Total Estimated Capital Outlay Millage Revenue Remaining[2][3][4][5]	$_____

(1) Such figure is subject to change through the value adjustment board process. See "AD VALOREM TAXATION – Property Assessment and County Property Appraiser."

(2) As described above, the Transaction Projects are not subject to the Maximum Cost Per Student Station. Therefore, for purposes of this table, the Basic Rent Payments represented by the Series 2026 Certificates represent 100% of the Basic Rent Payments under the Series 2026 Lease Agreement.

(3) Preliminary, subject to change. Assumes the issuance of $_____ in principal amount of Series 2026 Certificates with a true interest cost of ____% and a final maturity of July 1, 20__. Assumes the Prior Certificates have the financial arrangements, assumptions, and accounting practices described in footnotes under "CERTIFICATE PAYMENT SCHEDULE." See "ESTIMATED SOURCES AND USES OF FUNDS."

(4) The Series 2010A-QSCB Lease Agreement, the Series 2011A Lease Agreement, the Series 2023A Lease Agreement, the Series 2025A Lease Agreement, and the Series 2026A Lease are subject to the 75% limitation on the use of the Capital Outlay Millage revenues for the payment of lease-purchase agreements and therefore, such limitation is taken into account in calculating the estimated millage levy that would satisfy the Maximum Annual Basic Rent Payments. Based on the current millage levy of 1.50 mills, the 75% limitation is 1.125 mills, of which the District is utilizing ____ mills in order to satisfy the Maximum Annual Basic Rent Payments Represented by the Series 2025A Certificates and the Prior Certificates.

(5) Based on requirements of HB 1259 as estimated by the District using information from the Fiscal Year 2025-26. Such estimate is subject to change, and the actual amount may vary from that estimated and such variation could be material. This figure estimates the amount required to be shared with eligible charter schools for Fiscal Year 2025-26, which represents the amount due for the second year of the five year phase-in. Such amount is projected to increase to approximately $_____ by Fiscal Year 2028-29; however, at this time, the actual amount of the Capital Outlay Millage revenues to be shared with eligible charter schools in future years cannot be determined because the amount of tax collections and charter school enrollment are unknown. See "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – Local Sources - Sharing of Capital Outlay Millage with Charter Schools" herein.

School Capital Outlay Surtax. Section 212.055(6), Florida Statutes, authorizes school boards to impose a discretionary sales surtax of 0.5% per dollar for fixed capital expenditures or fixed capital costs associated with the construction, reconstruction, or improvement of school facilities and campuses which have a useful life expectancy of five or more years, and any land acquisition, land improvement, design and engineering costs related thereto, as well as retrofitting and providing for technology implementation, including hardware and software for various sites within the District. Surtax revenues may be used for the purpose of servicing bond indebtedness to finance projects authorized by Section 212.055(6), Florida Statutes, and any interest accrued thereto may be held in trust to finance such projects. However, neither the surtax revenues nor any interest accrued thereto may be used for operational expenses. The levy of the surtax must be approved by a referendum of the electors of the county in which the school district is located. By statute, the sales amount above $5,000 on any item of tangible personal property is not subject to the surtax. On November 8, 2016, the citizens of the County approved an extension of the existing discretionary sales surtax of 0.5% (the "Surtax"), to be collected for a 15-year period commencing January 1, 2018, and, expiring on December 31, 2032. The proceeds of the Surtax are used to finance the costs of acquisition, construction, and installation of, and renovation to, certain capital improvements and educational facilities, as well as retrofitting and providing for technology implementation, including hardware and software for various sites, within the District.

The Board received Surtax revenues in the amounts of $36,684,612, $45,130,466, $49,701,086, $51,689,130, and $_____ in Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, 2024-25, respectively, and has budgeted to receive $54,891,909 in Fiscal Year 2025-26. Although sharing of Surtax revenues with eligible charter schools is required for referenda held on and after July 1, 2020, the Board has elected to share the Surtax revenues authorized by referendum approved on November 8, 2016 with eligible charter schools on an FTE basis (net of debt service payments on the Sales Tax Revenue Bonds (as defined herein) and any additional parity bonds issued under its Sales Tax Bond Resolution adopted on February 18, 2003). Sharing will initially be based on a 50% of FTE proportionate share, increasing to 60% in Fiscal Year 2026-27, increasing to 80% in Fiscal Year 2027-28, and 100% thereafter. The amount of the Surtax revenues distributed to the District is subject to increase or decrease due to increases or decreases in the dollar volume of taxable sales within the County, legislative changes relating to the Surtax, which may include changes in the scope of taxable sales, and other factors which may be beyond the control of the District, including, but not limited to the potential for increased use of electronic commerce and other internet-related sales activity that could have a material adverse impact upon the amount of sales tax revenues distributed to the District. See "RISK FACTORS – Spread of Highly Contagious, Epidemic, or Pandemic Diseases (COVID-19)" herein.

The District issued its Sales Tax Revenue Bonds, Series 2017 (the "Sales Tax Revenue Bonds"), currently outstanding the principal amount of $_____. The maximum annual debt service on the Sales Tax Revenue Bonds is equal to $_____. The Sales Tax Revenue Bonds are limited and special obligations of the District payable solely from and secured by a prior lien upon and pledge of the Surtax Revenues. The District may issue additional sales tax revenue bonds in the future. In the past, the District has used excess Surtax revenues for capital outlay projects and to pay the Basic Rent Payments represented by the Series 2015 Certificates. THE DISTRICT DOES NOT ANTICIPATE USING THE SURTAX REVENUES TO MAKE BASIC RENT PAYMENTS REPRESENTED BY THE SERIES 2026 CERTIFICATES.

Educational Impact Fees. The County imposes an educational impact fee based on an ordinance adopted by the Manatee County Board of County Commissioners (the "BOCC") in 2002 (the "Educational Impact Fees"). This ordinance was most recently amended on June 6, 2024, when Ordinance 24-22 revised

the Educational Impact Fees to be collected. The Educational Impact Fees are collected for most new residential construction by the County and each municipality within the County based on an interlocal agreement. The Educational Impact Fees are to be used solely for the purpose of providing capital improvements to the public educational system necessitated by new residential development and are not to be used for any expenditures that would be classified as maintenance or repair expense. The authorized uses include, but are not limited to, land acquisition; facility design and construction costs; furniture and equipment; and payment of principal, interest and related cost of indebtedness necessitated by new residential development.

For the Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, 2024-25 the District received $29,073,369 $31,150,906, $37,442,455, $42,385,540, and $_____, respectively, in Educational Impact Fee revenues. The Board has budgeted to collect $36,650,000 in Educational Impact Fee revenues for the Fiscal Year 2025-26. There can be no assurance that Educational Impact Fee revenues will be available to the Board in the future, as impact fee rates, as well as their levy, are subject to the discretion of the BOCC. In addition, Educational Impact Fee revenue collections will also vary depending on the rate at which the Educational Impact Fees are imposed, the categories of the buildings on which they are imposed, and the rate of new construction in the County, all of which are outside the control of the Board. Therefore, the Educational Impact Fee collection numbers provided herein, are not a reliable indication of the amount of revenues the Board can expect to receive in future years from the levy of Educational Impact Fees.

WHILE THE BOARD EXPECTS TO USE A PORTION OF THE EDUCATIONAL IMPACT FEE REVENUES TO PAY A PORTION OF THE BASIC RENT PAYMENTS REPRESENTED BY THE SERIES 2026A CERTIFICATES, THE EDUCATIONAL IMPACT FEE REVENUES ARE NOT PLEDGED TO THE PAYMENT OF THE SERIES 2026A CERTIFICATES, AND THE HOLDERS OF THE SERIES 2026A CERTIFICATES WILL NOT HAVE A LIEN UPON ANY EDUCATIONAL IMPACT FEE REVENUES. ADDITIONALLY, THE EDUCATIONAL IMPACT FEE REVENUES MAY BE PLEDGED TO SECURE OTHER BONDS OR OBLIGATIONS ISSUED BY THE DISTRICT IN THE FUTURE AND THE HOLDERS OF SUCH BONDS OR INDEBTEDNESS WOULD HAVE A PRIOR LIEN UPON SUCH EDUCATIONAL IMPACT REVENUES. NOTWITHSTANDING THE FOREGOING, THE DISTRICT DOES NOT CURRENTLY ANTICIPATE THE ISSUANCE OF ANY BONDS OR OBLIGATIONS SECURED BY A PLEDGE OF, AND LIEN UPON, THE EDUCATIONAL IMPACT FEE REVENUES; PROVIDED HOWEVER, THE DISTRICT MAY CAUSE THE ISSUANCE OF ADDITIONAL CERTIFICATES PAYABLE FROM THE EDUCATIONAL IMPACT FEE REVENUES. THE BOARD HAS NOT PLEDGED THE EDUCATIONAL IMPACT FEE REVENUES TO ANY INDEBTEDNESS.

OPERATING REVENUE OF THE DISTRICT

The District derives its operating income from a variety of federal, State, and local sources. Section 1013.15(2)(a), Florida Statutes, authorizes the use of operating revenues to make lease payments on lease-purchase agreements. While restrictions applicable to the use of certain types of operating revenues (such as federal revenues and State categorical revenues) may prohibit the use of such operating revenues by the Board to make Basic Rent Payments under Section 1013.15(2)(a), Florida Statutes, and there can be no assurance that such funds would be available to the Board to make Basic Rent Payments in the case of such conflicts. Prospective purchasers should assume that operating funds will not be available to make Basic Rent Payments represented by the Series 2026A Certificates and that such payments will be made solely from the Capital Outlay Millage. The major categories of these income sources for the operating revenues are briefly described below.

State Sources

The District's two major sources of funds from the State are (i) the basic Florida Education Finance Program ("FEFP") receipts and (ii) FEFP categorical program receipts.

Florida Education Finance Program. The major portion of State support is distributed under the provisions of the FEFP, which was enacted by the State Legislature in 1973. Basic FEFP funds are provided on a weighted FTE student basis and through a formula that takes into account: (a) varying program costs; (b) cost differentials between districts; (c) differences in per student costs due to the density of student population; and (d) the required level of local support. Program cost factors are determined by the Florida Legislature each year. The amount of FEFP funds disbursed by the State is adjusted four times during each year to reflect changes in FTE and in other variables comprising the formula, as well as to compensate for increases or decreases in ad valorem tax revenue resulting from adjustments to the valuation of non-exempt property in each county. To participate in FEFP funding, the District must levy a minimum millage for operating purposes, which is set by the Florida Department of Education. The District's general fund receipts from the state for FEFP pursuant to the above formula for Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25 were $129,100,470, $123,364,892, $117,738,050, $115,319,535, and $_____, respectively, and are budgeted at $130,545,995 for Fiscal Year 2025-26.

FEFP Categorical Program. FEFP categorical programs are lump sum appropriations from the State intended to supplement local school district revenues to enhance the delivery of educational and support services by each school district. Categorical funds are restricted, meaning that funds must be expended according to guidelines set by State statute, FDOE and/or Florida Administrative Code. In recent years, most categorical programs have been eliminated and the funds are now earmarked within the FEFP base student allocation. The only remaining categorical program is class size reduction. The allocation for class size reduction is based on a funding formula and the majority of the funds available require actual appropriation by the Board for the purposes for which they were provided. Class size reduction funds were $54,611,701, $50,320,297, $54,007,545, $53,621,821, and $_____ for Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25, respectively, and are budgeted at $51,287,887 for Fiscal Year 2025-26.

State Lottery Revenues. A portion of the revenues generated from the State lottery is distributed to each State school district as Discretionary Lottery revenue and Florida School Recognition Program revenue. The Florida School Recognition program recognizes schools that have received an "A" or improved at least one letter grade from the previous school year and, such revenues are required to be used for nonrecurring bonuses for school faculty and staff, nonrecurring expenditures for educational equipment or materials, for temporary personnel to assist schools in maintaining or improving student performance, or any combination of these. The District received $2,619,231 in Florida School Recognition revenues for Fiscal Years 2022-23. The Florida School Recognition program was not funded by the State for Fiscal Years 2020-21, 2021-22, 2023-24, and 2024-25 as the State waived its requirements for measuring school grade progress, which is the main component for awarding Florida School Recognition Funds. The District has not budgeted to receive any Florida School Recognition Funds for Fiscal Year 2025-26. The Discretionary Lottery program was not funded by the State for Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25. The District has not budgeted to receive any Discretionary Lottery revenues for Fiscal Year 2025-26.

Local Sources

Local revenue for District operating support is derived almost entirely from ad valorem real and tangible personal property taxes. In addition, the District earns interest on cash invested and collects other miscellaneous revenues.

The Constitution of the State of Florida limits the non-voted millage rate that school boards may levy on an annual basis for operational funds to 10 mills ($10 per $1,000 of taxable real and personal property value). The millage limitation does not apply to taxes approved at referendum by qualified electors in the County for general obligation bonds and certain other short-term, voter approved levies. Chapter 1011, Florida Statutes, further limits the millage levy for operational purposes to an amount established each year by the State appropriations act and finally certified by the Commissioner of the State Department of Education. Within this operational limit, each school district desiring to participate in the State's appropriation of FEFP funds for current operations must levy a non-voted millage rate that is determined annually by the Florida Legislature and certified by the Commissioner (the "Required Local Effort"). The Required Local Effort levied by the District for the Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25 were 3.724 mills, 3.628 mills, 3.274 mills, 3.173 mills, and 3.051 mills, respectively. The Board has budgeted that the Required Local Effort to be levied by the District for Fiscal Year 2025-26 is 3.056 mills.

In addition to the Required Local Effort, school districts are entitled to levy an additional non-voted current operating discretionary millage not to exceed an amount established annually by the Florida Legislature (the "Current Operating Discretionary Millage"). The District levied a Current Operating Discretionary Millage of 0.748 mills for each of the Fiscal Years 2020-21 through 2024-25. The Board has budgeted that the Current Operating Discretionary Millage to be levied by the District for Fiscal Year 2025-26 is 0.748 mills.

School boards may, upon approval by voters in a local referendum or general election, levy an additional millage for operating needs up to an amount that when combined with the non-voted millage does not exceed 10 mills (the "Additional Voted Operating Millage"). The Additional Voted Operating Millage shall be for a maximum of four years. The Board chose to seek voter approval for the levy of up to an additional 1.00 mills for operating purposes for a period of three years. The voters in the County approved such levy and the District levied or will levy 1.00 mills from July 1, 2022 through June 30, 2025. In November 2024, the voters in the County approved the continuation of such levy from July 1, 2025 through June 30, 2029. Based on a change in applicable law, the revenues from the Additional Voted Operating Millage for the Fiscal Year 2022-23 and beyond must be shared with charter schools in the District based on the proportionate share of unweighted FTE student enrollment. For the Fiscal Year 2025-26, the District has budgeted that such levy will generate approximately $77,237,118 million, approximately $_____ of which will be shared with charter schools in the District. See "AD VALOREM TAX PROCEDURES - Historical Millage" for current and historical millage levies.

Ad valorem tax revenue collections for operating levies for the Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, 2024-25 were $234,434,449, $247,484,131, $290,734,599, $342,075,648, and $_____, respectively. Ad valorem taxes for operating purposes are budgeted to be $371,047,114 for Fiscal Year 2025-26. The Additional Voted Operating Millage is included in the totals.

Federal Sources

The District receives certain federal moneys, both directly and through the State, substantially all of which are restricted for specific programs. Much of the revenue is derived from grants that are

renewed annually. Many grants reimburse for actual eligible expenses, therefore revenue is not accurately available until projects are reconciled at year end. Federal revenue sources recorded for Fiscal Years 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25 were $79,529,957, $120,242,865, $119,202,459, $112,177,428, and $_____, respectively, and $_____ was budgeted at for Fiscal Year 2025-26. Such funds are not available to make Lease Payments on the Lease Agreements.

AD VALOREM TAXATION

The following information is provided in view of the fact that a large portion of the Board's revenues are derived from ad valorem taxation.

Property Assessment and County Property Appraiser

General. Ad valorem taxes may be levied only by counties, school districts, municipalities, and certain special districts (railroad properties are centrally assessed at the State level). No State ad valorem taxes shall be levied upon real estate or tangible personal property. State law requires that all ad valorem taxation be assessed at a uniform rate within each taxing unit and, with certain exceptions, that real and personal property subject to ad valorem taxation be assessed at 100% of its just value. See "AD VALOREM TAXATION – Property Assessment and County Property Appraiser – Limitation on Increase in Assessed Value of Property." The following property is generally subject to taxation in the manner provided by law: (a) all real and personal property in the State and all personal property belonging to persons residing in the State; and (b) all leasehold interests in property of the United States, of the State, or any political subdivision, municipality, agency, authority, or other public body corporate of the State. Pursuant to the Constitution of the State of Florida and State law, certain of such property may be exempt from ad valorem taxation. See "AD VALOREM TAXATION – Exemptions from Ad Valorem Taxation."

Determination of Property Valuation. The Property Appraiser of the County (the "Property Appraiser") determines property valuation on real and tangible personal property subject to ad valorem taxation as of January 1 of each year. By July 1 of each year, the Property Appraiser notifies the County, the District, each municipality within the County, and each other legally constituted special taxing district within the County as to its just valuation, the legal adjustments and exemptions, and the taxable valuation. The taxable valuation is then used by each taxing body to calculate its ad valorem millage for the budget year. See "AD VALOREM TAXATION – Millage Set by Local Governing Body" and "AD VALOREM TAXATION – Property Assessment and County Property Appraiser – Limitation on Increase in Assessed Value of Property" for limitations on increases in assessed value of property.

Limitation on Increase in Assessed Value of Property. The Constitution of the State of Florida limits the increases in assessed value of homestead property to the lower of (a) 3% of the assessment for the prior year or (b) the percentage change in the Consumer Price Index for all urban consumers, U.S. City Average, all items 1967=100, or successor reports for the preceding calendar year as initially reported by the United States Department of Labor, Bureau of Labor Statistics. The accumulated difference between the assessed value and the just value is known as the "Save Our Homes Benefit." Further, any change of ownership of homestead property or upon termination of homestead status such property shall be reassessed at just value as of January 1 of the year following the year of sale or change of status; new homestead property shall be assessed at just value as of January 1 of the year following the establishment of the homestead; and changes, additions, reductions or improvements to the homestead shall initially be assessed as provided for by general law.

Owners of homestead property may transfer up to $500,000 of their Save Our Homes Benefit to a new homestead property purchased within three years of the sale of their previous homestead property to which such benefit applied if the just value of the new homestead is greater than or is equal to the just value of the prior homestead. If the just value of the new homestead is less than the just value of the prior homestead, then owners of homestead property may transfer a proportional amount of their Save Our Homes Benefit, such proportional amount equaling the just value of the new homestead divided by the just value of the prior homestead multiplied by the assessed value of the prior homestead.

For all levies other than school district levies, assessment increases for specified non-homestead real property may not exceed 10% of the assessment for the prior year. See "AD VALOREM TAXATION – Legislation Relating to Ad Valorem Taxation – Recent Amendments Relating to Ad Valorem Taxation."

Preparation of Tax Roll. The Property Appraiser applies the final certified millage of each taxing body to the assessed valuation on each item of real and tangible personal property, and prepares the final tax roll which is certified to the Tax Collector of the County (the "Tax Collector") by October 1. This permits the printing of tax bills for delivery on November 1 of each year. The tax bills contain all of the overlapping and underlying millages set by the various taxing bodies. All ad valorem taxes are collected by the Tax Collector and distributed to the various taxing bodies. See "AD VALOREM TAXATION – Tax Collection and Distribution by County Tax Collector."

Appealing Property Valuation. Concurrently with notification to the various taxing bodies, the Property Appraiser notifies each property owner of the proposed valuation and the proposed millage on his or her property. If the individual property owner believes that his or her property has not been appraised at just value, the owner may (a) request an informal conference with the Property Appraiser to resolve the issue, (b) file a petition with the clerk of the County value adjustment board (the "Adjustment Board"), or (c) appeal to the Circuit Court within 60 days of the certification for collection of the tax roll or within 60 days of the issuance of a final decision by the Adjustment Board. A petition to the Adjustment Board must be signed by the taxpayer or be accompanied at the time of filing by the taxpayer's written authorization for representation by a qualified person. A taxpayer receives notice of the hearing and is required to provide the Property Appraiser with a list of evidence, copies of documentation, and summaries of testimony prior to the hearing before the Adjustment Board. The Adjustment Board holds public hearings on such petitions and may make adjustments to the valuations made by the Property Appraiser if such valuations are found not to be fair and at market value. The Adjustment Board must complete all required hearings and certify its decision with regard to all petitions and certify to the Property Appraiser the valuation to be used by June 1 following the tax year in which the assessments were made. The June 1 requirement shall be extended until December 1 in each year in which the number of petitions filed with the Adjustment Board increased by more than 10% over the previous year. These changes are then made to the final tax roll.

Property owners appealing the assessed value or assigned classification of their property must make a required partial payment of taxes (generally equal to 75% of the ad valorem taxes due, less the applicable statutory discount, if any) with respect to the properties that will have a petition pending on or after the delinquency date (normally April 1). A property owner's failure to make the required partial payment before the delinquency date will result in the denial of the property owner's petition.

Millage Set by Local Governing Body

General. The Constitution of the State of Florida provides that ad valorem taxes shall not be levied in excess of the following millages upon the assessed value of real estate and tangible personal property: for all county purposes, ten mills; for all municipal purposes, ten mills; for all school purposes, ten mills; for water management purposes for the northwest portion of the state lying west of the line between ranges two and three east, 0.05 mill; for water management purposes for the remaining portions of the state, 1.0 mill; and for all other special districts a millage authorized by law approved by voters. There is no limit on the amount of ad valorem taxes a local government may levy for the payment of debt service on voter-approved general obligation bonds.

As described above, the Property Appraiser is required to certify to each taxing authority the aggregate taxable value of all non-exempt property within the jurisdiction of the taxing authority, as well as the prior year's tax revenues, for use in connection with the determination of the forthcoming budget and millage levy. The form on which such certification is made by the Property Appraiser is required to include instructions to each taxing authority describing the proper method of computing a millage rate, which, exclusive of new construction, additions to structures, deletions and property added due to

geographic boundary changes, will provide the same ad valorem tax revenues for each taxing authority as was levied during the prior Fiscal Year. See "AD VALOREM TAXATION – Millage Set by Local Governing Body – Millage Rollback Legislation."

Each respective millage rate, except as limited by law, is set on the basis of estimates of revenue needs and the total taxable property valuation within the taxing authority's respective jurisdiction. Ad valorem taxes are not levied in excess of actual budget requirements. State law requires the Board to adopt and maintain a balanced tentative budget and a balanced final budget, in which anticipated revenues less certain required deductions combined with beginning fund balances equal appropriations. The Board is required to advertise its intent to adopt a tentative budget, including a capital outlay budget, within 29 days following receipt from the Property Appraiser of the preliminary certification of taxable value. The Board holds a public hearing on the tentative budget and the proposed tax rates within five days of its advertisement, and officially adopts the tentative budget and tax rates at the hearing. Thereafter, the Property Appraiser prepares tax millage notices for property owners within the District. The final budget and tax rate are fixed in September of each year, following a final public hearing and in accordance with statutory timelines. The Superintendent is responsible for preparing the preliminary and tentative budgets for recommendation to the Board. Generally, the final budget is substantially the same as the tentative budget since the Board's hiring plans and materials purchases have been determined before the final Budget is adopted. The Board adopted the final budget for the Fiscal Year 2025-26 on September 9, 2025.

As part of the budget process, the District is required to provide advance notice of the purposes for which the District intends to spend budgeted amounts, including those derived from the revenues generated from the Capital Outlay Millage, and to adopt a budget that shows the capital outlay expenditures applicable to each project. For information regarding the Capital Outlay Millage, see "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – Local Sources." The District currently lists in such notice all projects that may begin within the Fiscal Year which are reasonably anticipated to be funded from revenues generated from the estimated Capital Outlay Millage. This listing is provided to allow for public input for all capital outlay projects that are reasonably anticipated to be funded from the revenues.

Millage Rollback Legislation. In 2007, the Florida Legislature adopted a property tax plan that significantly impacted ad valorem tax collections for State local governments (the "Millage Rollback Legislation"). One component of the Millage Rollback Legislation required counties, cities, and special districts to rollback their millage rates for the Fiscal Year 2007-08 to a level that, with certain adjustments and exceptions, would generate the same level of ad valorem tax revenue as in Fiscal Year 2006-07; provided, however, depending upon the relative growth of each local government's own ad valorem tax revenues from 2001 to 2006, such rolled back millage rates were determined after first reducing 2006-07 ad valorem tax revenues by 0% to 9%. In addition, the Rollback Legislation also limited how much the aggregate amount of ad valorem tax revenues may increase in future Fiscal Years. A local government may override certain portions of these requirements by a supermajority, and for certain requirements, a unanimous vote of its governing body. School districts are not required to comply with the particular provisions of the Millage Rollback Legislation relating to limitations on increases in future years.

Tax Collection and Distribution by Tax Collector

General. All real and tangible personal property taxes are based on assessed values as certified and delivered to the Tax Collector by the Property Appraiser as described above. The Tax Collector mails to each property owner on the tax roll a tax bill for the taxes levied by the various taxing authorities in the County. Taxes may be paid upon receipt of such bill with discounts at the rate of 4% if paid in the month of November, 3% if paid in the month of December, 2% if paid in the month of January, and 1% if paid in the month of February. Taxes paid during the month of March are without discount. Because of the discount in ad valorem taxes for payments made prior to March 1, taxes collected will likely never be 100% of the tax levy.

The Tax Collector is required to distribute the taxes collected to each governmental unit levying the tax. Such distribution is to be made four times during the first two months after the tax roll comes into its possession, and once per month thereafter.

Delinquent Taxes. All unpaid taxes on real and tangible property become delinquent on April 1 of the year following the year in which taxes were levied. Delinquent real property taxes bear interest at the rate of 18% per year from April 1 until paid, or until payment is no longer required or until a tax certificate is sold at auction (from which time the interest rate shall be as bid by the buyer of the tax certificate). Delinquent tangible personal property taxes also bear interest at the rate of 18% per year from

April 1 until paid. Delinquent personal property taxes must be advertised within 45 days after delinquency, and after May 1, the property is subject to warrant, levy, seizure and sale.

Tax Certificates and Tax Deeds. On or before June 1 or the 60th day after the date of delinquency, whichever is later, the Tax Collector must advertise once each week for three weeks and must sell tax certificates on all real property that is the subject of delinquent taxes. The tax certificates are sold to those bidding the lowest interest rate. Such certificates include the amount of delinquent taxes, the penalty interest accrued thereon and the cost of advertising. Delinquent tax certificates not sold at auction become the property of the County. State law provides that real property tax liens are superior to all other liens, except prior Internal Revenue Service liens.

To redeem a tax certificate, the owner of the property must pay all delinquent taxes, the interest that accrued prior to the date of the sale of the tax certificate, charges incurred in connection with the sale of the tax certificate, omitted taxes, if any, and interest at the rate shown on the tax certificate (or interest at the rate of 5%, whichever is higher) from the date of the sale of the tax certificate to the date of redemption. If such tax certificates or liens are not redeemed by the property owner within two years, the holder of the tax certificates can cause the property to be sold to pay off the outstanding certificates and the interest thereon.

At any time after two years have elapsed since April 1 of the year of the issuance of a tax certificate and before the expiration of seven years, the holder of the tax certificate may apply for a tax deed with respect to any tax certificate it holds. Two years after such April 1, the County may make application for a tax deed with respect to any tax certificate it holds. Upon receipt of such applications, a public sale is advertised and held (unless the property is redeemed), and the highest bidder at such sale receives a tax deed for the property. Provisions are also made for the collection of delinquent tangible personal property taxes, but in a different manner, which includes the possible seizure of the tangible personal property.

Exemptions from Ad Valorem Taxation

General. State law provides for numerous exemptions and limitations on ad valorem taxation of real property and tangible personal property. Real property used for the following purposes is generally exempt from ad valorem taxation: religious, educational, literary, charitable, scientific, and governmental uses. Certain additional exemptions and limitations are described below. This description does not purport to describe all exemptions available to property owners in the State, and reference is made to the Constitution of the State of Florida and Chapter 196, Florida Statutes, for a full description of such exemptions. In addition, State law allows for, but does not mandate, the imposition of some exemptions by local governments by ordinance. Certain recent amendments to existing provisions relating to ad valorem tax exemptions are described under "AD VALOREM TAXATION – Legislation Relating to Ad Valorem Taxation – Recent Amendments Relating to Ad Valorem Taxation."

Constitutional Exemptions. The Constitution of the State of Florida provides for the following exemptions from ad valorem taxation:

Exempt Entities/Exempt Purposes. The Constitution of the State of Florida provides that all property owned by a municipality and used exclusively by it for municipal or public purposes shall be exempt from taxation. A municipality, owning property outside the municipality, may be required by general law to make payment to the taxing unit in which the property is located. Such portions of property as are

used predominantly for educational, literary, scientific, religious or charitable purposes (exempt purposes) may be exempted by general law from taxation. State law provides that all property owned by an exempt entity, including educational institutions, and used exclusively for exempt purposes shall be totally exempt from ad valorem taxation and all property owned by an exempt entity, including educational institutions, and used predominantly for exempt purposes (at least 50%) shall be exempted from ad valorem taxation to the extent of the ratio that such predominant use bears to the nonexempt use.

Household Goods and Personal Effects. The Constitution of the State of Florida provides that there shall be exempt from taxation, cumulatively, to every head of a family residing in the State, household goods and personal effects to the value fixed by general law, not less than $1,000 and to every widow or widower or person who is blind or totally and permanently disabled, property to the value fixed by general law not less than $500. State law exempts from taxation to every person residing and making his or her permanent home in the State, all household goods and personal effects and exempt property up to the value of $500 of every widow, widower, blind person, or totally and permanently disabled person who is a resident of the State.

Tangible Personal Property and Renewable Energy Devices. The Constitution of the State of Florida provides that by general law and subject to conditions specified therein, $25,000 of the assessed value of property subject to tangible personal property tax shall be exempt from ad valorem taxation. Effective January 1, 2018 through December 31, 2037, the assessed value of solar devices or renewable energy source devices subject to tangible personal property tax may be exempt from ad valorem taxation, subject to limitations provided by general law.

Property Dedicated in Perpetuity for Conservation. The Constitution of the State of Florida provides that there shall be granted an ad valorem tax exemption for certain real property dedicated in perpetuity for conservation purposes, including real property encumbered by perpetual conservation easements or by other perpetual conservation protections, as defined by general law.

Homestead Exemption. The Constitution of the State of Florida provides for a homestead exemption. Every person who has the legal title or beneficial title in equity to real property in the State and who resides thereon and in good faith makes the same his or her permanent residence or the permanent residence of others legally or naturally dependent upon such person is eligible to receive a homestead exemption of up to $50,000. The first $25,000 applies to all property taxes, including school district taxes. The additional exemption, up to $25,000, applicable to the assessed value of the property between $50,000 and $75,000, applies to all levies other than school district levies. A person who is receiving or claiming the benefit of an ad valorem tax exemption or a tax credit in another state where permanent residency, or residency of another legally or naturally dependent upon the owner, is required as a basis for the granting of that ad valorem tax exemption or tax credit is not entitled to the homestead exemption. In addition to the general homestead exemption described in this paragraph, the following additional homestead exemptions are authorized by State law.

Certain Active Duty Military and Veterans. A military veteran who was honorably discharged, is a resident of the State, and who is disabled to a degree of 10% or more because of injury while serving during wartime may be entitled to a $5,000 reduction in the assessed value of his or her property. This exemption is not limited to homestead property. Under certain circumstances, a veteran's surviving spouse may be entitled to carry over these exemptions.

Permanently and Totally Disabled Veterans. A military veteran who is a resident of the State and was honorably discharged with a service-related total and permanent disability may be eligible for a total exemption from taxes on property they own and use as their homesteads. A similar exemption is available to disabled veterans confined to wheelchairs. Under certain circumstances, the veteran's surviving spouse may be entitled to carry over these exemptions.

Discounts for Disabled Veterans. Each veteran who is age 65 or older and is partially or totally permanently disabled may receive a discount on the assessed value of the property that the veteran owns and uses as a homestead. The discount is a percentage equal to the percentage of the veteran's permanent, service-connected disability as determined by the United States Department of Veteran's Affairs. Under certain circumstances, the veteran's surviving spouse may be entitled to carry over these exemptions.

Deployed Military Personnel. Each person who receives a homestead exemption; who was a member of the United States military or military reserves, the United States Coast Guard or its reserves, or the Florida National Guard; and who was deployed during the preceding calendar year on active duty outside the continental United States, Alaska, or Hawaii in support of military operations designated by the Florida Legislature shall receive an additional exemption equal to a percentage of the taxable value of his or her homestead property. The applicable percentage shall be calculated as the number of days during the preceding calendar year the person was deployed on active duty outside the continental United States, Alaska, or Hawaii in support of military operations designated by the legislature divided by the number of days in that year.

Exemption for Disabled First Responders. First responders who are totally and permanently disabled as a result of injuries sustained in the line of duty receive ad valorem tax relief on their homestead property. The amount of tax relief, to be defined by general law, can equal the total amount or a portion of the ad valorem tax otherwise owed on the homestead property. The State defines first responders as law enforcement officers, correctional officers, firefighters, emergency medical technicians, and paramedics.

Surviving Spouses of First Responders. Any real estate that is owned and used as a homestead by the surviving spouse of a first responder (law enforcement officer, correctional officer, firefighter, emergency medical technician or paramedic), who died in the line of duty may be granted a total exemption on homestead property if the first responder and his or her surviving spouse were permanent residents of the State on January 1 of the year in which the first responder died.

Certain Totally and Permanently Disabled Persons. Any real estate used and owned as a homestead by a quadriplegic, less any portion used for commercial purposes, is exempt from all ad valorem taxation. Real estate used and owned as a homestead by a paraplegic, hemiplegic, or other totally and permanently disabled person, who must use a wheelchair for mobility or who is legally blind, is exempt from taxation if the gross household income is below statutory limits.

Other Exemptions. Other exemptions include, but are not limited to, nonprofit homes for the aged (subject to income limits for residents), proprietary continuing care facilities, not for profit sewer water/wastewater systems, certain hospital facilities and nursing homes for special services, charter schools, certain historic property used for commercial purposes, and certain tangible personal property.

Legislation Relating to Ad Valorem Taxation

Recent Amendments Relating to Ad Valorem Taxation. In recent legislative sessions, several legislative proposals and proposed constitutional amendments were passed (and in the case of constitutional amendments, approved by voters) affecting ad valorem taxation, including classification of agricultural lands during periods of eradication or quarantine, deleting requirements that conservation easements be renewed annually, providing an additional homestead exemption and/or exemption equal to the just value of real property for income restricted persons age 65 or older who have maintained such property as the permanent residence for at least 25 years, authorizing a first responder who is totally and permanently disabled as a result of injuries sustained in the line of duty to receive relief from ad valorem taxes assessed on homestead property, revising procedures with respect to assessments, hearings and notifications by the value adjustment board, and revising the interest rate on unpaid ad valorem taxes.

Future Amendments Relating to Ad Valorem Taxation. Historically, various legislative proposals and constitutional amendments relating to ad valorem taxation have been introduced in each session of the Florida Legislature. Many of these proposals have provided for new or increased exemptions to ad valorem taxation and limited increases in assessed valuation of certain types of property or otherwise restricted the ability of local governments in the State to levy ad valorem taxes at current levels. There can be no assurance that similar or additional legislative or other proposals will not be introduced or enacted in the future that would have a material adverse effect upon the collection of ad valorem taxes by the District, the District's finances in general or the District's ad valorem taxing power.

Select Committee on Property Taxes. On April 29, 2025, the Speaker of the Florida House of Representatives announced the creation of the Select Committee on Property Taxes (the "Select Committee") to consider various property tax reforms in the State. On May 2, 2025, the Select Committee convened for its first meeting to discuss five proposals regarding providing property tax relief, including (i) eliminating foreclosures on homestead properties due to property tax liens, (ii) requiring a referendum on eliminating property taxes on homestead properties, (iii) creating a $500,000 homestead exemption for non-school property taxes, which would increase to $1 million for residents age 65 and older or those who have had a homestead in the State for 30 years or more, (iv) authorizing the legislature to increase the homestead exemption to any value by general law, and (v) changing the caps on annual increases for homestead property. Recommendations from the Select Committee are expected to be considered during the 2026 regular Florida legislative session and, if enacted, placed on the November 26 general election ballot. There can be no assurance that any such proposals, or similar or additional proposals, will not be introduced or enacted by the legislature or approved by the electors, if applicable, in the future that would or might apply to, or may have a material adverse effect upon, the District's finances in general or the District's ad valorem taxing power, the amount of ad valorem tax revenues collected by the District, and the District's ability to make Basic Rent Payments on the Series 2026 Certificates or the Prior Certificates. See "RISK FACTORS – Legislative Changes" herein.

2016	222,703,404	215,050,457	96.56	226,283	215,276,740	96.67
2015	206,282,880	194,849,908	94.46	335,140	195,185,048	94.62

[1] Net of allowable discounts.

Note: Property Taxes become due and payable on November 1st of each year. A four percent (4%) discount is allowed if taxes are paid in November, with the discounts declining by one percent (1%) each month thereafter. Accordingly, taxes collected will never be 100% of the tax levy. Taxes become delinquent on April 1st of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1st of each year. Accordingly, majority of taxes are collected in the fiscal year levied.

LEGISLATIVE CHANGES AFFECTING DISTRICT REVENUES

General

During recent years, various other legislative proposals and constitutional amendments relating to ad valorem taxation and District revenues have been introduced in the State Legislature. Many of these proposals provide for new or increased exemptions to ad valorem taxation, limit increases in assessed valuation of certain types of property or otherwise restrict the ability of local governments in the State to levy ad valorem taxes at recent, historical levels. Other proposals have sought to restrict the ability of local governments to use certain revenues for payment of debt service, to provide for additional procedures and notices to issue tax-supported debt or to require certain local revenues to be shared with charter schools in the school district. There can be no assurance that similar or additional legislative or other proposals will not be introduced or enacted in the future that would, or might apply to, or have a material adverse effect upon, the District or its finances.

Class Size Reduction

Amendment 9 to the Constitution of the State of Florida requires that the Florida Legislature provide funding for sufficient classrooms so that class sizes can be reduced to certain constitutional class

size maximums and Sections 1003.03 and 1013.735, Florida Statutes, implements Amendment 9 (together with Amendment 9, the "Class Size Legislation").

The Class Size Legislation establishes constitutional class size maximums limiting students per class to no more than 18 for pre-kindergarten through third grade, 22 for grades fourth through eighth and 25 for grades ninth through 12th. Compliance is determined on a period-by-period basis. The Class Size Legislation also created an "Operating Categorical Fund for Class Size Reduction," the "Classroom for Kids Program," the "District Effort Recognition Grant Program" and the "Class Size Reduction Lottery Revenue Bond Program" to provide funding for capital outlays and operating expenditures necessary to satisfy the mandated class size reductions.

The Class Size Legislation requires each school board to consider implementing various policies and methods to meet these constitutional class sizes, including encouraging dual enrollment courses, encouraging the Florida Virtual School, maximizing instructional staff, reducing construction costs, using joint-use facilities, implementing alternative class scheduling, redrawing attendance zones, implementing evening and multiple sessions and implementing year-round and non-traditional calendars.

The District complied with the requirements of the Class Size Legislation for the 2023-24 school year. The District expects to be in compliance with the class size maximum for the 2024-25 school year. There can be no assurances that the District will be able to maintain its class size in the manner currently mandated by the Class Size Legislation. While the Class Size Legislation requires that the Florida Legislature, and not local school districts, is generally responsible for the cost of compliance, there can be no assurance that the Florida Legislature will provide funds sufficient to meet the ongoing capital, facility, and operating needs of the District required by the Class Size Legislation. Further, there can be no assurance that the District will have funds sufficient to meet the ongoing capital, facility and operating needs of the District required by the Class Size Legislation or that compliance therewith will not adversely affect other capital needs and operating costs of the District.

Pre-K Programs

The Constitution of the State of Florida provides that every four year old child in the State shall be offered a free, high quality pre-kindergarten learning opportunity by the State. Chapter 1002, Part V, Florida Statutes, creates a statewide Voluntary Pre-kindergarten Education Program (together with the Constitutional amendment, the "Pre-K Legislation"). Among other things, the Pre-K Legislation provides eligibility and enrollment requirements, authorizes parents to enroll their children in a school-year pre-kindergarten ("Pre-K") program delivered by a private Pre-K provider, a summer program delivered by a public school or private Pre-K provider or, if offered in a school district that meets class-size reduction requirements, a school year Pre-K program delivered by a public school. The Pre-K Legislation also requires school districts to deliver summer Pre-K programs and permits school districts to deliver school year Pre-K programs. Additionally, the Pre-K Legislation appropriates State funds to finance the Pre-K programs and provides the method for calculating the funds allocated to each Pre-K program provider.

There can be no assurance that the Florida Legislature will provide funds sufficient to meet the ongoing capital and facility needs of the District required by the Pre-K Legislation. Further, there can be no assurance that the District will have funds sufficient to meet the ongoing capital and facility needs of the District required by the Pre-K Legislation or that ongoing compliance therewith will not adversely affect other capital needs and operating costs of the District.

Educational Choice

In 2016, the Florida Legislature enacted House Bill 7029 ("HB 7029"). Among other things, HB 7029 allows a parent whose child is not subject to a current expulsion or suspension order may seek enrollment in and transport his or her child to any public school in the State, including a charter school, which has not reached capacity. The school district or charter school shall accept and report the student for purposes of funding through the FEFP. The school district or charter school may provide student transportation at their discretion. HB 7029 requires the capacity determinations of each school district and charter school to be current and identified on their respective school websites. Each school must provide preferential treatment in its controlled open enrollment process to: (a) dependent children of active duty military personnel who moved as a result of military orders, (b) children relocated due to foster care placement in a different school zone, (c) children relocated due to a court ordered change in custody as a result of separation or divorce, or the serious illness or death of a parent, and (d) students residing in the school district. Students residing in the school district may not be displaced by a student from another school district. A student who transfers may remain at the school until the student completes the highest grade level offered. This law took effect with the 2017-18 school year. At present, the impact of the school choice provisions of HB 7029 on the District's finances has been minimal.

House Bill No. 7045 ("HB 7045") was passed during the 2021 Florida legislative session and signed into law by Governor DeSantis. HB 7045 merged the State's school choice programs for certain disabled students and expanded eligibility for school voucher programs for low- and middle-income students and students subject to harassment, consolidated existing school-choice programs, increased the amount of State funding for the consolidated school-choice programs to $200 million and allowed the use of scholarship funds for private school tuition and other expenses such as tutoring, computers, and internet access. If a significant number of eligible students transition to private schools, it is likely to have an adverse impact on the District's finances. See "RISK FACTORS – State Revenues" herein.

HB 1, which significantly expanded the eligibility criteria of the State's school voucher programs, was signed into law by Florida Governor Ron DeSantis on March 27, 2023. HB 1, among other things, expanded eligibility for the Florida Tax Credit Scholarship Program and the Family Empowerment Scholarship Program to any student that is a resident of Florida and is eligible to enroll in kindergarten through grade 12 in a public school. The Family Empowerment Scholarship Program is divided into three programs, the Family Empowerment Scholarship for students attending private schools (the "FES-EO"), the Family Empowerment Scholarship for students with disabilities (the "FES-UA") and the Hope Scholarship Program. HB 1 significantly increased the number of Florida Tax Credit Scholarships that may be awarded each year, and then removes the limits beginning in 2027-28. HB 1, in combination with House Bill 3C which was signed into law and became effective on November 13, 2023, removed the existing limits on the number of FES-EO scholarships that may be given each year. HB 1 also provided that the amount of the Family Empowerment Scholarship is equal to 100% of the school district's FEFP funding per student, including most categorical grants. HB 1 authorized uses of scholarship funds include, among other authorized expenses, tuition and fees for a student to attend eligible private schools. HB 1 took effect on July 1, 2023. House Bill 1403 ("HB 1403") was passed during the 2024 regular Florida legislative session and, among other things, expands eligibility for the Florida Tax Credit Scholarship Program and the Family Empowerment Scholarship Program to include the dependent children of active duty members of the United States Armed Forces who meet certain residency requirements, increases the FES-UA cap from three percent to five percent and repeals the scholarship funding portion of the Hope Scholarship Program. HB 1403 took effect on July 1, 2024. The expansion of the school choice programs in the State could potentially lead to a substantial increase in the number of

Florida Tax Credit Scholarships and/or Family Empowerment Scholarship recipients. [While the District has seen a small percentage of students migrate to private schools or other scholarship eligible programs to date, most scholarship recipients in the District have been students who were already enrolled in private school and would not be expected to enroll in a public school.] However, if a significant number of eligible students in the District transition to private schools or other scholarship eligible programs, it is likely to have an adverse impact on the District's finances. See "RISK FACTORS – State Revenues" herein.

Distribution of Capital Outlay Millage Revenues to Charter Schools

On May 11, 2023, the Governor of the State signed HB 1259, which took effect on July 1, 2023. HB 1259 revises the methodology for calculating when school districts must share Capital Outlay Millage revenues with eligible charter schools in such school district. The provisions of HB 1259 requires the District share additional Capital Outlay Millage revenues with eligible charter schools in the District and therefore reduce the amount of Capital Outlay Millage revenues available to pay Basic Rent Payments represented by the Series 2026 Certificates. For Fiscal Year 2025-26, the District has budgeted to share $_____ in Capital Outlay Millage revenues with eligible charter schools in the District. Such amount is projected to increase to approximately $_____ by Fiscal Year 2028-29; however, the Board does not expect any reduction in the Capital Outlay Millage revenues to adversely impact its ability to make Basic Rent Payments under the Master Lease. See "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – Local Revenue Sources – Sharing of Capital Outlay Millage Levy with Charter Schools" herein.

Schools of Hope

In addition to requiring school districts to share the Capital Outlay Millage with charter schools, HB 7069, as amended by HB 7070 in 2019, also establishes the Schools of Hope Program to encourage traditional public schools within the State and charter operators throughout the country to replicate their model and service students from persistently low-performing schools and students who reside in a Florida Opportunity Zone (as defined therein). These provisions of HB 7069, now codified in Section 1002.333, Florida Statutes, provide for the establishment of Schools of Hope, which are charter schools operated by a Hope Operator to service students from one or more persistently low-performing schools; are located within a Florida Opportunity Zone or in the attendance zone of the persistently low-performing school or within a five mile radius of such school, whichever is greater; and is a Title I eligible school. Section 1002.333, Florida Statutes, defines "persistently low-performing schools" as schools that have earned three consecutive school grades below a "C" pursuant to Section 1008.34, Florida Statutes, in at least three of the previous five years and has not earned a school grade of "B" or higher in the most recent two school years, and a school that was closed pursuant to Section 1008.33(4), Florida Statutes within two years of a notice of intent, and defines "Hope Operators" as nonprofit organizations that operate three or more charter schools with a record of serving students from low-income families and receives such designation from the Florida Department of Education. Pursuant to Section 1002.333, Florida Statutes, the statutory requirements for the application, approval, and contract that apply to charter schools do not apply to Schools of Hope; instead, a Hope Operator submits a notice of intent to a school district in order to open a School of Hope and the school district is required to enter into a performance based agreement with a Hope Operator within 60 days of receiving a notice of intent.

In addition, Section 1002.333, Florida Statutes, also (a) provides Schools of Hope with certain statutory authority, including, but not limited to, allowing a School of Hope to be designated as a local educational agency for the purposes of receiving federal funds; (b) provides that Schools of Hope are

exempt from Chapters 1000-1013, Florida Statutes, and all school board policies, except any laws related to (i) the student assessment program and school grading system, (ii) student progression and graduation, (iii) provisions of services to students with disabilities, (iv) civil rights, (v) student health, safety, and welfare, (vi) public meetings, (vii) public records, and (viii) the code of ethics for public officers and employees; (c) provides provisions for facilities for Schools of Hope; (d) provides provisions for funding Schools of Hope, including that they be funded in accordance with the statutory provisions relating to funding for charter schools and be considered a charter school for purposes of charter school capital outlay; (e) establishes the School of Hope Program to cover specified operational expenses for Schools of Hope; and (f) establishes the Schools of Hope Revolving Loan Program to help Schools of Hope cover school building construction and startup costs.

On June 30, 2025, Senate Bill 2510 ("SB 2510") was signed into law by the Governor. SB 2510, among other things, modifies the provisions of Section 1002.333, Florida Statutes, relating to the requirements for the establishment of Schools of Hope including adding provisions allowing a School of Hope to be located outside of a Florida Opportunity Zone or the attendance zone of the persistently low-performing school under certain circumstances, allowing a Hope Operator seeking to open a School of Hope to submit an application to a state university or a Florida College System institution and enter an agreement with such state university of Florida College System institution, and allowing a School of Hope to collocate with another school in a public school facility. The school district must permit any School of Hope to use all or part of underused, vacant, or surplus school district facilities, and receive facility-related services, pursuant to State Board of Education rule. Students enrolled in the School of Hope shall be included in the district's total capital outlay full-time equivalent membership for the purpose of Section 1013.62, Florida Statutes, and for calculating the Public Education Capital Outlay Maintenance finds or any other maintenance funds for the facility.

The District has ____ schools that are considered "persistently low-performing schools" under Section 1002.333, Florida Statutes. Since FDOE began identifying persistently low-performing schools, there has not been a material adverse impact to the individual schools identified or the District.

Public Safety Mandate

In 2018, the Florida Legislature passed Senate Bill 7026 ("SB 7026") which, among other things, includes provisions designed to: enhance school safety policies, procedures, and personnel at the State and local level; improve and expand mental health services; and revise laws and empower law enforcement and the courts to limit access to firearms by young adults or by individuals exhibiting a risk of harming themselves or others. Specifically, SB 7026 requires each school board and superintendent to partner with law enforcement agencies to establish or assign one or more safe-school officers at each school facility within the district by implementing any combination of the following options: (a) establish school resource officer programs through cooperative agreements with law enforcement agencies; (b) commission one or more school safety officers for the protection and safety of school personnel, property, and students within the school district; (c) at a school district's discretion, and if established by the sheriff's office, participate in the Guardian Program, which allows certain school employees (but not employees who exclusively perform classroom duties as classroom teachers) to carry a firearm on school grounds if such employee volunteers and completes the statutorily required training. During the Florida Legislature's 2019 Regular Session, the Florida Legislature enacted Committee Substitute for Senate Bill SB 7030 ("SB 7030"), which, among other things, removes the prohibition on individuals who perform exclusively classroom duties as a teacher from participating in the Guardian Program. However, the decision to allow teachers to be armed guardians remains with each individual school board. It is the

consensus of the Board to not allow the arming of teachers in any fashion in the District. The District has complied with the mandate by adding school resource officers or Guardian trained security guards to every school and adding additional security features at every school.

For Fiscal Year 2025-26, the FDOE allocated $_____ to the District for school safety, an increase of $_____ from Fiscal Year 2024-25. Of this, approximately $_____ will be allocated to charter schools. The remaining $_____ will be applied to the total cost of implementing SB 7026. The additional cost to the District has been funded from the general fund.

RISK FACTORS

The purchasers of the Series 2026 Certificates are subject to certain risks. Each prospective investor in the Series 2026 Certificates is encouraged to read this Offering Statement in its entirety. Particular attention should be given to the factors described below which, among others, could affect the market price of the Series 2026 Certificates to an extent that cannot be determined. The following is not, and is not intended to be, a complete description of all the risk factors that may affect the repayment of the Series 2026 Certificates.

Annual Right of the Board to Terminate the Transaction Lease Agreements

Although the Board has determined in the Master Lease that the Transaction Projects are necessary to its operations and currently intends to continue the Transaction Lease Agreements with respect to the Transaction Projects for the Maximum Lease Term and has covenanted in the Transaction Lease Agreements that the Superintendent will include a sufficient amount in the tentative Budget and final Budget to enable the Board to pay the Basic Rent Payments due in each Fiscal Year, the Board is not required to appropriate funds to pay the Basic Rent Payments. If for any Fiscal Year the Board does not approve a tentative Budget and a final Budget which appropriates sufficient funds from Available Revenues in a line item specifically identified for payment of its obligations under the Master Lease, the Transaction Lease Agreements shall terminate as of the last day of the Initial Lease Term or last Renewal Lease Term for which moneys have been budgeted and appropriated with respect to the Transaction Projects, the Prior Projects, and all other Projects financed thereunder, and the Board will not be obligated to make Basic Rent Payments accruing or arising thereafter, and the Board shall be required to surrender use, possession and control of the Transaction Projects, the Prior Projects, and all other Projects (in each case, excluding Designated Equipment) to the Trustee within 30 Business Days after the date on which such Event of Non-Appropriation occurs.

THE LIKELIHOOD THAT THE TRANSACTION LEASE AGREEMENTS WILL BE TERMINATED AS THE RESULT OF AN EVENT OF NON-APPROPRIATION IS DEPENDENT UPON CERTAIN FACTORS THAT ARE BEYOND THE CONTROL OF THE CERTIFICATE OWNERS, INCLUDING THE CONTINUING FUTURE UTILITY OF THE TRANSACTION PROJECTS AND THE PRIOR PROJECTS TO THE BOARD AND CHANGES IN POPULATION OR DEMOGRAPHICS WITHIN THE COUNTY (WHICH MAY IMPACT SUCH FUTURE UTILITY).

Limitation Upon Disposition; Ability to Sell or Relet

Following an Event of Default under the Series 2026 Trust Agreements (which includes an Event of Non-Appropriation or Event of Default under the Master Lease), the Trustee may take possession of all or a portion of the Transaction Projects (other than Designated Equipment). However, due to the

governmental nature of the Transaction Projects, it is not certain whether a court would permit the exercise of the remedies to sell, relet or dispose of the Transaction Projects. Also, there is no assurance that the Trustee will be able to sell, relet or dispose of the components of the Transaction Projects or that the Owners of the Series 2026 Certificates will obtain payment of all or any portion of the Principal Component or the Interest Component thereof upon an Event of Default under the Series 2026 Trust Agreements.

No Reserve Accounts

There are no Reserve Accounts for the Series 2026 Certificates. However, pursuant to a Supplemental Trust Agreement authorizing the issuance of any Series of Certificates, there may be established and maintained a separate Reserve Account to secure the payment of the principal and/or interest portion of the Basic Rent Payments related to such Series of Certificates. Each such Reserve Account shall secure only the Series of Certificates for which it has been established. See "APPENDIX C – MASTER TRUST AGREEMENT AND FORMS OF SERIES 2026A SUPPLEMENTAL TRUST AGREEMENT AND SERIES 2026B SUPPLEMENTAL TRUST AGREEMENT."

Tax Exempt Status

Upon termination of the Master Lease, there is no assurance that payments made by the Trustee or the Insurer, if any, with respect to the Series 2026 Certificates and the Interest Component of Basic Rent Payments represented by the Series 2026 Certificates will be excludable from gross income for federal income tax purposes. See "TAX MATTERS" herein.

Applicability of Securities Laws

In the event of the termination of the Master Lease, the transfer of the Series 2026 Certificates may be subject to or conditioned upon compliance with the registration provisions of applicable federal and state securities laws. Accordingly, there is no assurance that liquidity of the Series 2026 Certificates will not be impaired following termination of the Master Lease.

Capital Outlay Millage Levy

The amount which can be realized by the District derived from the Capital Outlay Millage can be affected by a variety of factors not within the control of the District or the Board including, without limitation, fluctuations in the level of the assessed valuation of property within the District. See "AD VALOREM TAXATION – Assessed Valuation of Taxable Property." Moreover, the maximum Capital Outlay Millage that may be levied and used for Lease Payments is subject to legislative change. See "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – Local Sources" and "LEGISLATIVE CHANGES AFFECTING DISTRICT REVENUES – Distribution of Capital Outlay Millage Revenues to Charter Schools."

The maximum lawful Capital Outlay Millage is also subject to change pursuant to changes in applicable law and may be subject to sharing with charter schools in the District in future years. See "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – Local Sources" herein and "LEGISLATIVE CHANGES AFFECTING DISTRICT REVENUES – Distribution of Capital Outlay Millage

Revenues to Charter Schools" herein for information regarding legislation that requires the Board to share Capital Outlay Millage revenues with charter schools in the District.

Educational Impact Fees

The Educational Impact Fees are subject to revision and repeal by the BOCC. Further, various bills have been introduced in the Florida Legislature in the past that would eliminate the ability of certain governmental entities, including the County or the District, to levy impact fees for construction or remodeling of educational facilities. To date, such bills have not passed; however, there can be no assurances that future legislation will not be introduced and enacted that restricts, or eliminates, the District's ability to receive the Educational Impact Fees.

State Revenues

A large portion of the District's funding is derived from State sources. See "FINANCIAL RESULTS AND LIABILITIES OF THE DISTRICT." A significantly large percentage of such State revenues is generated from the levy of the State sales tax. The amounts budgeted for distribution from the State to the District are subject to change in the event that projected revenues are not realized, particularly in light of the economic downturn in the State as a result of the coronavirus pandemic. See "RISK FACTORS – Spread of Highly Contagious, Epidemic, or Pandemic Diseases (COVID-19)" herein.

On June 30, 2025, Governor DeSantis approved the State education budget for State Fiscal Year 2025-26, which commenced July 1, 2025, providing for an approximately $945 million or 3.31% increase in State and local FEFP funding for K-12 public schools over State Fiscal Year 2024-25, reflecting a per-pupil increase of approximately $143 per student or 1.59% over Fiscal Year 2024-25. The adopted education budget allocates approximately $3.8 billion for funding of the State's expanded voucher/scholarship programs pursuant to HB 1 as part of State FEFP funding. See "RECENT GOVERNMENT ACTIONS AND OTHER EVENTS AFFECTING DISTRICT REVENUES – Legislative Changes Relating to School Choice" herein. However, such funds will be withheld from each school district's FEFP distributions based on the forecasted scholarship students for each school district. For the District, the estimated amount to be withheld is approximately $____ million. Based upon the approved budget, the estimated increase for the District is approximately $____ million (inclusive of charter school students and voucher/scholarship students) in State and local FEFP funds over Fiscal Year 2024-25. However, there can be no assurance that funding for K-12 public schools will increase exactly as provided for in the approved budget.

Additional Lease Schedules

The Board may enter into other Schedules in addition to Lease Schedule No. 2007, Second Amended and Restated Lease Schedule No. 2009, Lease Schedule No. 2010A-QSCB, Lease Schedule No. 2011A, Lease Schedule No. 2023A, Lease Schedule No. 2025A, and Lease Schedule No. 2026A. Failure to appropriate funds to pay Basic Rent under any such Schedules will, or an Event of Default under any such Schedules may, result in the termination of all Schedules, including the Lease Schedule No. 2026A and the Second Amended and Restated Lease Schedule No. 2009. Upon any such termination of all Lease Schedules, the Board must surrender all Projects (other than Designated Equipment), including the Transaction Projects, to the Trustee for sale or lease. The proceeds of any such disposition of Projects will be applied to the payment of the applicable Certificates. In no event will Owners of the Series 2026A Certificates have any interest in or right to any proceeds of the disposition of facilities financed with the

proceeds of another Series of Certificates, except for the Series 2026A Project (excluding components of the Projects classified as Designated Equipment). In no event will Owners of the Series 2026B Certificates have any interest in or right to any proceeds of the disposition of facilities financed with the proceeds of another Series of Certificates, except for the Series 2009 Project (excluding components of the Projects classified as Designated Equipment). In no event will Series 2026 Certificate holders have any interest in or rights to Designated Equipment. There can be no assurance that the remedies available to the Trustee upon any such termination of all Lease Schedules and the disposition of the Transaction Projects will produce sufficient amounts to pay the Series 2026 Certificates.

Additional Indebtedness

The Board has in the past, and may in the future, issue additional indebtedness other than in connection with the Master Lease secured by or payable from Available Revenues without the consent of the Owners of the Series 2026 Certificates. The Board entered into certain annual appropriation lease purchase agreements under which it has financed the right to use copiers/printers, metal detectors, and vehicles presently outstanding in the aggregate principal amount of $_____ and which mature on or before Fiscal Year 2029-30. The Board expects to finance additional equipment from time to time under such leases or separate leases. These leases are not part of the Master Lease. Unless otherwise expressly provided in this Offering Statement, failure to make payments under any such lease purchase agreements, or an event of default under any such lease purchase agreement, will not affect the Lease Terms or cause the termination of the Transaction Lease Agreements or any other future Leases. Payments under such lease purchase agreement are expected to be made from the Capital Outlay Millage revenues, which are one of the sources of repayment for the Series 2026 Certificates. See "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – Local Sources – Capital Outlay Millage" herein.

The Board expects to pay a portion of the Basic Rent Payments under the Series 2026A Lease Agreement from the Educational Impact Fee revenues. However, the Educational Impact Fee revenues may be pledged to secure other bonds or obligations issued by the District in the future and the holders of such bonds or indebtedness would have a prior lien upon such Educational Impact Fee revenues, and to the extent used for such purposes, the amount Educational Impact Fee revenues available to pay Basic Rent Payments under the Series 2026A Lease Agreement would be reduced. Notwithstanding the foregoing, the District does not currently anticipate the issuance of any bonds or obligations secured by a pledge of, and lien upon, the Educational Impact Fee revenues; provided however, the District may cause the issuance of additional Certificates payable from Educational Impact Fee revenues.

Legislative Changes

In recent years, legislation has been introduced that has reduced State funding for school districts, required that certain percentages of school district funding be spent on particular activities and imposed additional funding restrictions and other requirements on school districts. Many proposals have sought to provide for new or increased exemptions to ad valorem taxation, limit increases in assessed valuation of certain types of property or otherwise restrict the ability of local governments in the State to levy ad valorem taxes at historical levels. Other proposals have sought to restrict the ability of local governments to use certain revenues for payment of debt service or provide for additional procedures and notices in order to issue tax-supported debt or to require the sharing of local revenues with charter schools. There can be no assurance that similar or additional legislative or other proposals will not be introduced or enacted in the future that would, or might apply to, or have a material adverse effect upon, the District or its finances.

During the most recent 2025 regular legislative session of the Florida Legislature, various House and Senate bills and joint resolutions were introduced proposing, among other things, additional or increased exemptions from ad valorem taxation for both homestead property and certain non-homestead property subject to a long-term lease, revising assessment limitations for ad valorem property, requiring school districts to give priority to charter schools when disposing of surplus real property, requiring school districts with declining enrollments to dispose of surplus real property identified by the State Board of Education and authorizing the governing body of a local government to reduce or eliminate certain local option surtaxes (including the Sales Surtax) by a super-majority vote beginning on October 1 of the fourth year such surtax has been levied. At this time, the Board cannot predict whether these bills and joint resolutions will be enacted in future legislative sessions. Certain of the bills and joint resolutions propose constitutional amendments requiring approval by at least 60% of the electors, and if enacted in the future, the Board cannot predict whether such proposed constitutional amendments would be approved by the electors.

Constitutional Amendments

See "AD VALOREM TAXATION – Legislation Relating to Ad Valorem Taxation," and "LEGISLATIVE CHANGES AFFECTING DISTRICT REVENUES" for information concerning certain amendments to the Constitution of the State of Florida and other legislative proposals that could materially adversely affect the District's financial situation.

Property and Casualty Insurance

As a result of the substantial property damage caused by hurricanes and other storms in the State and other parts of the United States over the last few years, property insurance premiums have risen dramatically for State property owners. It has become impossible or economically impracticable for many school districts within the State, including the District, to obtain property insurance with the level of coverage they have historically secured.

Under the current provisions of the Master Lease, the District is required to purchase property insurance in an amount equal to the lesser of (i) 100% of the replacement cost of the Projects, (ii) the Principal Component of the Basic Rent Payments then remaining unpaid, whichever is greater (except that such insurance may be subject to deductible clauses not to exceed $100,000 for any one loss), or (iii) such amount as may be agreed to by the Insurer, if any, and set forth in the Lease Schedule related to such Project. The District has entered into agreements with various insurance companies to provide specific excess coverage of property claim amounts above the self-insured retention amount. Currently $100,000 for property excluding named storm, wind/hail, and flood damages. Named windstorm deductible is 3% of replacement value per building, per occurrence for wind and hail damages with $250,000 minimum.

Currently, the District is not in compliance with the property insurance requirements contained within the Master Lease provisions for the Fiscal Year 2025-26. However, in lieu of the provisions contained in the Master Lease, the Board has covenanted in the Transaction Lease Agreements, with respect to the Series 2026 Certificates and the Transaction Projects, that during the term of the Transaction Lease Agreements, the Board shall procure and maintain, or cause to be procured and maintained, subject to the requirements of State law, insurance against loss or damage to any part of the Projects by fire or

lightning, with extended coverage and vandalism and malicious mischief insurance. Said extended coverage insurance shall, as nearly as practicable, also cover loss or damage by explosion, windstorm, riot, aircraft, vehicle damage, smoke and such other hazards as are normally covered by such insurance. Such insurance shall be maintained in such amounts per occurrence as are available at commercially reasonable costs and in minimum amounts necessary to qualify for federal disaster relief programs. Such insurance may be maintained as part of or in conjunction with any other fire and extended coverage insurance carried or required to be carried by the Board. In the event the Board determines that such insurance is unavailable at commercially reasonable rates, such insurance may be maintained in whole or in part in the form of self-insurance by the Board, provided such self-insurance complies with the provisions of the Master Trust Agreement and is in at least the minimum amount necessary to comply for federal disaster relief programs. See "APPENDIX D – MASTER LEASE-PURCHASE AGREEMENT AND FORMS OF LEASE SCHEDULE NO. 2026A AND SECOND AMENDED AND RESTATED LEASE SCHEDULE NO. 2009." attached hereto. In the event the District suffers substantial damage to its property that is not covered by its current insurance or is not eligible for Federal reimbursement, the District's financial condition could be adversely impacted.

Climate Change and Natural Disasters

Numerous scientific studies on climate change show that, among other effects on the global ecosystem, sea levels may rise, extreme temperatures may become more common, and extreme weather events may become more frequent as a result of increasing global temperatures attributable to atmospheric pollution. Sea levels may continue to rise in the future due to the increasing temperature of the oceans causing thermal expansion and growing ocean volume from glaciers and ice caps melting into the ocean. Coastal areas like the District are at risk of substantial flood damage over time, affecting private development and public infrastructure, including roads, utilities, emergency services, schools, and parks. As a result, the District could lose considerable tax revenues and many residents, businesses, and governmental operations along the waterfront could be displaced. However, the District is unable to predict whether sea level rise or other impacts of climate change or flooding from a major storm will occur, when they may occur, and if any such events occur, whether, they will have a material adverse effect on the business operations or financial condition of the District. Additionally, climate change concerns have led, and may continue to lead, to new laws and regulations at the federal and state levels (including but not limited to air, water, hazardous substances, and waste regulations) that could have a material adverse effect on the operations and/or financial condition of the District.

The State is naturally susceptible to the effects of extreme weather events and natural disasters including floods, droughts, tornadoes, and hurricanes, which could result in negative economic impacts on communities including the District. Such effects can be exacerbated by a longer term shift in the climate over several decades (commonly referred to as climate change), including increasing global temperatures and rising sea levels. The occurrence of such extreme weather events could damage the Projects, including the Transaction Projects, or the local infrastructure that provides essential services to the District. The economic impacts resulting from such extreme weather events could include a loss of property values, a decline in revenue base (e.g., the Capital Outlay Millage revenues), escalated recovery costs, and increased insurance costs. No assurance can be given as to whether future extreme weather events will occur that could materially impair the financial condition of the District or damage the Projects.

Hurricane Helene made landfall on September 26, 2024, near Perry, Florida, as a Category 4 Hurricane. For the County, it was primarily a storm surge event of 5-7 feet along the coast of the County.

With the exception of Anna Maria Elementary School, there was no material damage to property of the District. Anna Maria Elementary School did not sustain any damage to its main building, but two other buildings used for art and music classes experienced water intrusion. The District made arrangements for Stewart Elementary School to temporarily host 190 students, including Pre-K students, and 21 teachers from Anna Maria Elementary School. The two schools shared classrooms and used a team teaching model. Students and staff returned to Anna Maria Elementary School on November 4, 2025. The District has submitted a damage inventory to Federal Emergency Management Agency ("FEMA") and is finalizing summaries of costs for sheltering and pre- and post-protective measures for submission to FEMA.

Hurricane Milton made landfall on October 9, 2024, near Siesta Key, Florida, as a Category 3 Hurricane. The County experienced high winds and extreme rainfall amounts, primarily resulting in widespread power outages and flooding. 17 schools served as shelters for the community during the storm hosting more than 11,000 evacuees. All schools reopened on October 14, 2025. The District is continuing to collect and document damages and costs for submission to FEMA.

The District has sought or will seek public assistance from FEMA and the Florida Department of Emergency Management to replenish some or all expenses incurred with Hurricanes Helene and Milton that are not otherwise covered by insurance. The District expects to have sufficient resources to meet its storm-related financial obligations even if federal and state assistance is unavailable, and the District does not expect the financial impacts of Hurricanes Helene and Milton to impact its ability to Basic Rent Payments under the Master Lease.

Cybersecurity

The District, like many other school districts, relies on a technology environment to conduct its operations. As such, it may face multiple cybersecurity threats, including, but not limited to, hacking, viruses, malware, and other attacks on computer or other sensitive digital systems and networks. There can be no assurance that any security and operational control measures implemented by the District will be completely successful to guard against and prevent cyber threats and attacks. The result of any such attack could impact operations and/or digital networks and the costs of remedying any such damage could be significant. The District has a multilayered information security program with several established protocols and procedures which include acceptable usage policies and information security guidelines. The District has a comprehensive Security Awareness Program and requires annual training for all staff users and additional required training for high risk users. The District has an approved Cyber Incident Response Team and Risk Assessment Plan.

Construction Cost Maximums

Section 1013.64(6)(b), Florida Statutes, prohibits a district school board from using funds from any sources (including the Capital Outlay Millage, the Sales Surtax and educational impact fees) for new construction of educational plant space with a total cost per student station, including change orders, greater than the amounts set forth in Section 1013.64(6)(b)1., Florida Statutes, as adjusted. However, as of July 1, 2019, if the new construction of educational plant space is subject to a lease-purchase agreement entered into pursuant to Section 1011.71(2)(e), Florida Statutes, a district school board (i) may use certain local funding sources (including the Surtax, school impact fees, and voter approved ad valorem taxes, in each case if legally available for such purpose) to pay for the new construction of educational plant space,

and (ii) may, but is not required to, use Capital Outlay Millage revenues and certain state funding sources to pay for the portion of the cost for new construction of educational plant space which does not exceed the total cost per student station requirements or for certain other costs that are not included in cost per student station calculation (such as legal and administrative costs, site improvement costs and school security hardening/capital costs).

HB 1, which was signed into law on March 27, 2023, provides that, among other things, an unfinished construction project for new construction of educational plant space started on or before July 1, 2026, is exempt from the cost per student station limits of Section 1013.64(6)(b)1., Florida Statutes. In 2024, the Florida Legislature enacted SB 7002, which extended the exemption from the cost per student station limits until July 1, 2028. The Series 2026A Project is a construction project for new construction of educational plant space that will be started on or before July 1, 2028 and is exempt from the cost per student station limits of Section 1013.64(6)(b)1., Florida Statutes. The Maximum Cost Per Student Station does not apply to the Series 2009 Project because it was constructed pursuant to a contract for architectural and design services or for construction management services before July 1, 2017.

Effects of Sequestration on Lease Payments

Pursuant to the Balanced Budget and Emergency Deficit Control Act, as amended, the President of the United States ordered that certain automatic spending cuts be implemented pursuant to calculations provided by the United States Office of Management and Budget in its Report to the Congress on sequestration dated March 1, 2013. The cuts include mandatory reductions in the amounts scheduled to be paid by the federal government to issuers of Build America Bonds, Qualified Zone Academy Bonds, Qualified School Construction Bonds, New Clean Renewable Energy Bonds and Qualified Energy Conservation Bonds (collectively, "Direct-Pay Bonds") under Section 6431 of the Internal Revenue Code.

Payments to issuers of Direct-Pay Bonds from the budget accounts associated with these bonds were originally subject to an effective reduction of 8.7% of the amount budgeted for such payments on and after March 1, 2013 through September 30, 2013. For payments to issuers of Direct-Pay Bonds during federal fiscal year 2014, which ended September 30, 2014, the annual sequester rate was reduced to 7.2%. For federal fiscal year 2016, which ended September 30, 2016, the annual sequestration rate was reduced to 6.8%. For payments to issuers of Direct-Pay Bonds for federal fiscal year 2017, which ended September 30, 2017, the annual sequester rate was 6.9%. For payments to issuers of Direct-Pay Bonds for federal fiscal year 2018, which ended September 30, 2018, the annual sequester rate was 6.6%. For payments to issuers of Direct-Pay Bonds for federal fiscal year 2019, which ended September 30, 2019, the annual sequester rate was 6.2%. For payments to issuers of Direct-Pay Bonds for federal fiscal year 2020, which ends September 30, 2020, the annual sequester rate is 5.9%. For payments to issuers of Direct-Pay Bonds for federal fiscal years 2021 through 2030, the annual sequester rate is 5.7%. Unless otherwise resolved, sequestration may continue through the end of federal fiscal year 2030, with reductions in subsidy payments expected of 5.7% of what would otherwise be received.

For federal Fiscal Year 2025-26, the Board anticipates its aggregate expected annual Issuer Subsidy of $1,090,800 to be reduced by 5.7%, resulting in a corresponding increase in interest costs for the District that must be paid from other revenue sources. Payment of the Lease Payments on the Series 2010A-QSCB Certificates is not contingent upon receipt by the Board of such subsidy payments and the Board does not expect that any such reduction in its subsidy payments will affect its ability to make Lease Payments on the Series 2010A-QSCB Certificates.

Spread of Highly Contagious, Epidemic, or Pandemic Diseases (COVID-19)

Coronavirus 2019 ("COVID-19") pandemic, along with various governmental measures taken to protect public health in light of the pandemic, had an adverse impact on global financial markets and economies, including financial markets and economic conditions in the United States. The impact of the COVID-19 pandemic on the U.S. economy was broad based and negatively impacted national, state, and local economies. In response to such expectations, on March 13, 2020, then-President Trump declared a "national emergency," which, among other effects, allows the executive branch to disburse disaster relief funds to address the COVID-19 pandemic and related economic dislocation.

The State's finances were expected to be adversely affected by the continued spread of COVID-19, the various governmental actions in response thereto and changes in the behavior of businesses and people. The State derives a significant portion of its annual revenues from the collection of sales tax. The impact of COVID-19 was expected to result in significant decreases in state and local sales tax revenues as a result of decreased tourism and commercial activity throughout the State, but sales tax revenue has generally rebounded to pre-pandemic levels. In anticipation of potential budget reductions or State funding prorations, the District implemented cost containment measures in Fiscal Year 2019-20, which resulted in savings from the closure of school facilities. Notwithstanding the foregoing, no significant State budget reductions or prorations occurred in Fiscal Years 2022-23 through 2025-26. See "OPERATING REVENUES OF THE DISTRICT – State Sources," "AVAILABLE REVENUES FOR CAPITAL OUTLAY PROJECTS – State Sources" and "Local Sources," "RISK FACTORS – State Revenues," and "RATINGS" herein.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") was signed into law. Among other provisions, the CARES Act created an Education Stabilization Fund to support K-12 schools and colleges and universities during the COVID-19 outbreak. The Educational Stabilization Fund includes a total of $30.75 billion in relief divided into three separate pools: (1) funds to K-12 schools; (2) funds to higher education; and (3) funds to governors. Florida received approximately $873.8 million in funds for K-12 schools, approximately $770.2 million in funds for higher education and approximately $173 million in funds to the Governor for use as grants to local educational agencies. Funds for K-12 schools were distributed to school districts and charter schools based on their share of Title I-A funds. The District received approximately $19,506,817 of such CARES Act funds. However, such funds are also required to be shared with charter schools in the County. Funds to local districts can be used for coronavirus-response activities, such as planning for and coordinating during long-term school closures, purchasing educational technology to support online learning for all students, and additional activities authorized by federal elementary and secondary education laws. Funds in the Governor's Education Relief Fund can be used at the Governor's discretion to provide emergency support grants to K-12 schools, colleges and universities and child care/early education providers. The CARES Act requires that any entity that receives funds from the education stabilization fund must continue to pay its employees and contractors to the extent practicable during the period of any disruptions or closures related to coronavirus.

On December 27, 2020, the Coronavirus Response and Relief Supplemental Appropriations Act (the "CRRSA") was signed into law. Among other provisions, the CRRSA created a second Education Stabilization Fund ("ESSER II") to support K-12 schools and colleges and universities during the COVID-19 outbreak. Funds for elementary and secondary public schools were allocated to each state as a grant and each state is required to allocate at least 90% of such funds as sub-grants to local education agencies

(including charter schools classified as local education agencies) in the state based upon their share of Title I-A funds. The ESSER II Fund includes a total of $81.88 billion in relief. The State received approximately $2.82 billion in ESSER II funds for use as sub-grants to K-12 schools. The District was awarded approximately $41,565,737 in ESSER II funds for use through September 30, 2023. However, such funds are also required to be shared with charter schools and private schools in the County. Funds to local districts can be used for coronavirus-response activities, such as planning, coordinating and implementing activities during long-term school closures, purchasing educational technology to support online learning for all students, addressing learning loss, school repairs and improvements to reduce risk of virus transmission and additional activities authorized by federal elementary and secondary education laws.

On March 11, 2021, then-President Biden signed The American Rescue Plan Act of 2021 (the "Rescue Act") into law to address the impacts of COVID-19. The Rescue Act, among other things, provides (1) $123.8 billion in emergency relief funds to elementary and secondary public schools, (2) $2.75 billion in emergency assistance to non-public schools (including an estimated $7 billion for Florida) and (3) $39.6 billion in emergency relief for higher education. Funds for elementary and secondary public schools were allocated to each state as a grant and each state is required to allocate at least 90% of such funds as sub-grants to local education agencies (including charter schools classified as local education agencies) in the state based upon their share of Title I-A funds. Under the Rescue Act, at least 20% of the funds allocated to local education agencies must be used to address learning loss. School districts may use the remaining funds for certain activities specified in the Rescue Act to help schools reopen safely, including repairing ventilation systems, reducing class size to ensure social distancing and purchasing personal protective equipment. Each state was required to grant allocations of such funds within 60 days of receipt, and such funds remained available for allocation through September 30, 2024. The District received approximately $101,986,532 in Rescue Act funds. In addition, other various related project funds were awarded to the District over the course of the ESSER funding period

Due to the nature of the outbreak and federal, State and local responses thereto, the long-term impacts of the COVID-19 crisis are unknown and dependent on factors such as the length of any shutdown or partial inaccessibility of school facilities, the extent to which the faculty and staff or the student population is directly affected and is unable to attend class, teach or provide services, and the impact on the economy as a whole within the State. While the District has seen increased costs associated with the reopening of District schools, including an increase in operational costs incurred to implement distance learning strategies, to provide students and staff with personal protective equipment and to clean, sanitize and maintain its facilities, such increased costs were offset with CARES Act funds, Rescue Act funds or other federal funds.

Municipal Bond Insurance Risk Factors

The Board has received a commitment from the Insurer for the Policies to guarantee the scheduled payment of principal and interest on the Insured Series 2026 Certificates, if any. The Board has yet to determine whether the Policy will be purchased. If the Policy is purchased, the following are risk factors relating to the Policy would apply to the Insured Series 2026 Certificates.

In the event of default of the payment of principal or interest with respect to the Insured Series 2026 Certificates, if any, when all or some becomes due, any owner of the Insured Series 2026 Certificates shall have a claim under the Policies for such payments. However, in the event of any acceleration of the due date of such principal by reason of optional or mandatory prepayment or acceleration resulting from

default or otherwise, other than any advancement of maturity pursuant to a mandatory sinking fund payment, the payments are to be made in such amounts and at such times as such payments would have been due had there not been any such acceleration. The Policies do not insure against redemption premium, if any. The payment of principal and interest in connection with mandatory or optional prepayment of the Insured Series 2026 Certificates by the Board, which is recovered by the Board from the certificate owner as a voidable preference under applicable bankruptcy law is covered by the Policies; however, such payments will be made by the Insurer at such time and in such amounts as would have been due absent such prepayment by the Board unless the Insurer chooses to pay such amounts at an earlier date.

Under most circumstances, default of payment of principal and interest does not obligate acceleration of the obligations of the Insurer without appropriate consent. The Insurer may direct and must consent to any remedies and the Insurer's consent may be required in connection with amendments to the Series 2026 Trust Agreements and the Transaction Lease Agreements.

In the event the Insurer is unable to make payment of principal and interest as such payments become due under the Policies, the Insured Series 2026 Certificates are payable solely from the moneys received pursuant to the Series 2026 Trust Agreements and the Transaction Lease Agreements. In the event the Insurer becomes obligated to make payments with respect to the Insured Series 2026 Certificates no assurance is given that such event will not adversely affect the market price of the Insured Series 2026 Certificates or the marketability (liquidity) for the Insured Series 2026 Certificates.

The long-term ratings on the Insured Series 2026 Certificates are dependent in part on the financial strength of the Insurer and its claim paying ability. The Insurer's financial strength and claims paying ability are predicated upon a number of factors which could change over time. No assurance is given that the long-term ratings of the Insurer and of the ratings on the Insured Series 2026 Certificates will not be subject to downgrade and such event could adversely affect the market price of the Insured Series 2026A Certificates or the marketability (liquidity) for the Insured Series 2026 Certificates. See "RATINGS" herein.

The obligations of the Insurer are contractual obligations and in an event of default by the Insurer, the remedies available may be limited by applicable bankruptcy law or state law related to insolvency of insurance companies.

Neither the Board nor the Underwriters have made independent investigation into the claims paying ability of the Insurer and no assurance or representation regarding the financial strength or projected financial strength of the Insurer is given. Thus, when making an investment decision, potential investors should carefully consider the ability of the Board to pay principal and interest on the Insured Series 2026 Certificates and the claims paying ability of the Insurer, particularly over the life of the investment. See "MUNICIPAL BOND INSURANCE POLICY OPTION" herein for further information provided by the Insurer and the Policies, which includes further instructions for obtaining current financial information concerning the Insurer.

No Right of Insured Series 2026 Certificate Owners to Direct Remedies or Consent to Amendments

If the Board determines to purchase the Policies, termination of the Series 2026 Lease Agreement will not result in termination of the Policies. Unless the Insurer is in default of its payment obligations under the Policies, the Insurer is entitled to control and direct any of the rights or remedies of the Trustee

with respect to the Insured Series 2026 Certificates, including the right to direct the Trustee as to whether or not to relet or sell the Transaction Projects (excluding Designated Equipment). The Insurer, to the extent it insures a majority of the Series 2026 Certificates, may elect, subsequent to the termination of the Transaction Lease Agreements, to accelerate the maturity of all of the Series 2026 Certificates then outstanding, in which case the Principal Component and the Interest Component of the Basic Rent Payments represented by the Series 2026 Certificates shall become due and payable immediately. If the Insurer, to the extent it insures a majority of the Series 2026 Certificates, does not elect to accelerate the maturity of all Series 2026 Certificates outstanding, it has an obligation to continue to make payments to Owners of the Insured Series 2026 Certificates in accordance with the original schedule of Basic Rent Payments represented by the Insured Series 2026 Certificates. However, the Insurer has no fiduciary responsibility to the Owners of the Insured Series 2026 Certificates with respect to the direction of such remedies and has no obligation to preserve the exclusion from gross income for federal income tax purposes of amounts paid to Insured Series 2026 Certificate Owners by the Insurer and designated as interest.

If the Board determines to purchase the Policies, the Insurer is deemed to be the owner of the Insured Series 2026 Certificates for certain purposes, including consenting to certain amendments to the Series 2026 Trust Agreements, the Transaction Assignments, the Transaction Lease Agreements, and other documents executed to facilitate the issuance of the Series 2026 Certificates.

SHORT TERM FINANCING

On October __, 2025, the District issued its Tax Anticipation Notes, Series 2025 (the "TAN") in the amount of $_____. The TAN matures on February __, 2026. The TAN is payable from ad valorem taxes collected for operating purposes and, if necessary, legally available non-ad valorem revenues and is not payable from the Capital Outlay Millage Levy.

CONTINUING DISCLOSURE

The Board has covenanted and undertaken for the benefit of Series 2026 Certificate holders to execute and deliver Disclosure Dissemination Agent Agreements with Digital Assurance Certification, L.L.C., as its dissemination agent (collectively, the "Disclosure Agreements") wherein the Board will agree to provide certain financial information and operating data relating to the Board, the District and the Series 2026 Certificates in each year (the "Annual Report"), and to provide notices of the occurrence of certain enumerated events. Such undertaking shall only apply so long as the Series 2026 Certificates remain Outstanding under the Series 2026 Trust Agreements, the Transaction Lease Agreements has not been terminated or there has not occurred an Event of Non-Appropriation resulting in a termination of the Master Lease. The covenant shall also terminate upon the termination of the Rule 15c2-12(b)(5) of the Securities and Exchange Commission pursuant to the Securities and Exchange Act of 1934, each as amended (the "Rule"), by legislative, judicial or administrative action. The Annual Report and the notices of material events, if any, will be filed by the Board or its dissemination agent with the Municipal Securities Rulemaking Board (the "MSRB") through its Electronic Municipal Market Access System described in the Disclosure Agreements. The specific nature of the information to be contained in the Annual Report and the notices of material events, are described in the Disclosure Agreement to be dated and delivered at the time of issuance of the Series 2026 Certificates. See "APPENDIX H – FORMS OF DISCLOSURE DISSEMINATION AGENT AGREEMENT" attached hereto. With respect to the Series 2026 Certificates, no party other than the Board is obligated to provide, nor is expected to provide, any continuing disclosure information with respect to the Rule.

LEGAL MATTERS

Certain legal matters in connection with the issuance of the Series 2026 Certificates are subject to an approving legal opinions of Nabors, Giblin & Nickerson, P.A., Tampa, Florida, Special Counsel, whose approving opinion (a form of which is attached hereto as "APPENDIX G – FORMS OF OPINIONS OF SPECIAL COUNSEL") will be available at the time of delivery of the Series 2026 Certificates. The actual legal opinions to be delivered by Special Counsel may vary from that text if necessary to reflect facts and law on the date of delivery. The opinions will speak only as of their date and subsequent distribution of them by recirculation of this Offering Statement or otherwise shall create no implication that Special Counsel has reviewed or expresses any opinions concerning any of the matters referenced in the opinions subsequent to their date. Certain legal matters will be passed on for the Board and the Corporation by Dye Harrison Knowles Kirkland Pratt Pratt & DePaola PLLC, Bradenton, Florida, Counsel to the Board and the Corporation. Certain legal matters will be passed on for the Board by Bryant Miller Olive P.A., Tampa, Florida, Disclosure Counsel to the Board. Certain legal matters will be passed on for the Underwriters by their Counsel, Greenberg Traurig, P.A., Miami, Florida. Nabors, Giblin & Nickerson, P.A. and Bryant Miller Olive P.A. may, from time to time, serve as counsel to the Underwriters. The Underwriters have not identified any potential or actual material conflicts that require disclosure.

LITIGATION

Concurrently with the delivery of the Series 2026 Certificates, Counsel to the Board will deliver an opinion which states, among other things, that there is no litigation or other proceedings pending or, to the best knowledge of Counsel to the Board, threatened against the Board (i) that seeks to restrain or enjoin the issuance or delivery of the Series 2026 Certificates, the Series 2026 Trust Agreements, the Transaction Ground Leases, or the Transaction Lease Agreements or (ii) questioning or affecting the validity of the Series 2026 Certificates, the Series 2026 Trust Agreements, the Transaction Ground Leases,

or the Transaction Lease Agreements or any proceedings of the Board or actions of the Trustee with respect to the authorization, sale, execution, or issuance of the Series 2026 Certificates or the transactions contemplated by this Offering Statement, the Series 2026 Trust Agreements, the Transaction Lease Agreements, the Transaction Ground Leases, or any other agreement or instrument to which the Board is a party in connection therewith and which is used or contemplated for use in the transactions contemplated by this Offering Statement or (iii) questioning or affecting the creation, organization or existence of the Board and which would have an adverse effect on the actions taken by the Board with respect to the issuance of the Series 2026 Certificates.

The Board experiences claims, litigation, and various legal proceedings which individually are not expected to have a material adverse effect on its operations or financial condition, but may, in the aggregate, have a material impact thereon. There is no litigation, claim or series of claims currently pending, or, to the best knowledge of the Board, threatened that would have a material adverse consequence on the financial condition of the District.

RATINGS

If the Board elects to insure any of the Series 2026A Certificates and/or the Series 2026B Certificates, S&P Global Ratings ("S&P") is expected to assign an insured rating of "____" (_____ outlook), to the Insured Series 2026A Certificates and/or the Insured Series 2026B Certificates, with the understanding that, upon issuance and delivery of the Insured Series 2026A Certificates and/or the Insured Series 2026B Certificates, the Policies will be issued by the Insurer. In addition, S&P and Fitch Ratings have assigned ratings of "____" (_____) and "____" (_____), respectively, to the Series 2026 Certificates without regard to the Policy.

Such ratings and outlook reflect only the views of such organizations and any desired explanation of the significance of such ratings and outlook should be obtained from the rating agency furnishing the same at the following addresses: S&P Global Ratings, 55 Water Street, 38th Floor, New York, New York 10041; Moody's Investors Service Inc., 7 World Trade Center, 250 Greenwich Street, New York, New York 10007; and Fitch Ratings, Inc., One State Street Plaza, New York, New York 10004. Generally, a rating agency bases its rating and outlook on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance such ratings and outlook will continue for any given period of time or that such ratings and outlook will not be revised downward or withdrawn entirely by the rating agency, if in the judgment of such rating agency, circumstances so warrant. Any such downward revision or withdrawal of such ratings and outlook may have an adverse effect on the market price of the Series 2026 Certificates.

CONTINGENT FEES

The Board has retained Special Counsel, Disclosure Counsel, the Underwriters (who in turn engaged Underwriters' counsel), the Financial Advisor, and the Trustee (who in turn engaged Trustee's Counsel), and the Corporation has retained Counsel to the Corporation, with respect to the authorization, sale, execution, and delivery of the Series 2026 Certificates. Payment of the fees of such professionals are each contingent upon the issuance of the Series 2026 Certificates.

UNDERWRITING

The Series 2026 Certificates are to be purchased by BofA Securities, Inc. on behalf of themselves and J.P. Morgan Securities LLC, Jefferies LLC, and Raymond James & Associates, Inc. (collectively, the "Underwriters"). The Series 2026A Certificates are being purchased by the Underwriters at a price of $_____ (which represents the par amount of the Series 2026A Certificates plus/less [net] original issue premium/discount of $_____ and less an Underwriters' discount of $_____). The Series 2026B Certificates are being purchased by the Underwriters at a price of $_____ (which represents the par amount of the Series 2026B Certificates plus/less [net] original issue premium/discount of $_____ and less an Underwriters' discount of $_____). The Underwriters' obligations are subject to certain conditions precedent, and they will be obligated to purchase all of the Series 2026 Certificates if any Series 2026 Certificates are purchased. The Series 2026 Certificates may be offered and sold to certain dealers (including dealers depositing such Series 2026 Certificates into investment trusts) at prices lower than such public offering prices, and such public offering prices may be changed, from time to time, by the Underwriters. The Underwriters have reviewed the information in this Offering Statement in accordance with and, as part of their responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guaranty the accuracy or completeness of such information.

BofA Securities, Inc., an underwriter of the Series 2026 Certificates, has entered into a distribution agreement with its affiliate Merrill Lynch, Pierce, Fenner & Smith Incorporated ("MLPF&S"). BofA Securities, Inc. may distribute securities to MLPF&S, which may in turn distribute such securities to investors through the financial advisor network of MLPF&S. As part of this arrangement, BofA Securities, Inc. may compensate MLPF&S as a dealer for their selling efforts with respect to the Series 2026 Certificates.

J.P. Morgan Securities LLC ("JPMS"), an underwriter of the Series 2026 Certificates, has entered into negotiated dealer agreements (each, a "Dealer Agreement") with each of Charles Schwab & Co., Inc. ("CS&Co.") and LPL Financial LLC ("LPL") for the retail distribution of certain securities offerings at the original issue prices. Pursuant to each Dealer Agreement, each of CS&Co. and LPL may purchase Series 2026 Certificates from JPMS at the original issue price less a negotiated portion of the selling concession applicable to any Series 2026 Certificates that such firm sells.

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Under certain circumstances, the Underwriters and their affiliates may have certain creditor and/or other rights against the District in connection with such activities. In the various course of their various business activities, the Underwriters and their respective affiliates, officers, directors, and employees may purchase, sell, or hold a broad array of investments and actively trade securities, derivatives, loans, commodities, currencies, credit default swaps, and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the District (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the District. The Underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold,

or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

MUNICIPAL ADVISOR

The Board has retained PFM Financial Advisors LLC, Orlando, Florida, as municipal advisor in connection with the Board's financing plans and with respect to the issuance of the Series 2026 Certificates. The Municipal Advisor is not obligated to undertake and has not undertaken to make an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information contained in this Offering Statement. The Municipal Advisor did not participate in the underwriting of the Series 2026 Certificates.

TAX MATTERS

General

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements that must be met subsequent to the issuance and delivery of the Series 2026 Certificates in order that the Interest Component of the Basic Rent Payments received by the Owners of the Series 2026 Certificates be and remain excluded from gross income for purposes of federal income taxation. Non-compliance may cause such Interest Component to be included in federal gross income retroactive to the date of issuance of the Series 2026 Certificates, regardless of the date on which such non-compliance occurs or is ascertained. The Board and the Corporation have covenanted in the Transaction Lease Agreements to comply with such requirements in order to maintain the exclusion from federal gross income of the Interest Component.

In the opinion of Special Counsel, the form of which are included as APPENDIX G hereto, under existing statutes, regulations, rulings and court decisions, and assuming compliance with the aforementioned covenants, prior to the termination of the Transaction Lease Agreements resulting from an Event of Non-Appropriation or Event of Default thereunder, the Interest Component of the Basic Rent Payments is excludable from gross income for federal income tax purposes and is not an item of preference for purposes of the federal alternative minimum tax; provided, however, with respect to certain corporations, the Interest Component of Basic Rent Payments is taken into account in determining the annual adjusted financial statement income for the purpose of computing the alternative minimum tax imposed on such corporations.

Internal Revenue Code of 1986

The Code contains a number of provisions that apply to the Series 2026 Certificates, including among other things, restrictions relating to the use or investment of the proceeds of the Series 2026 Certificates and the payment of certain arbitrage earnings in excess of the "yield" on the Series 2026 Certificates to the Treasury of the United States. Noncompliance with such provisions may result in the Interest Component of the Basic Rent Payments being included in gross income for federal income tax purposes retroactive to the date of issuance of the Series 2026 Certificates.

Collateral Tax Consequences

Except as described above, Special Counsel will express no opinion regarding the federal income tax consequences resulting from the ownership of, receipt or accrual of interest on, or disposition of, the Series 2026 Certificates. Prospective purchasers of the Series 2026 Certificates should be aware that the ownership of the Series 2026 Certificates may result in collateral tax consequences to various types of corporations relating to (1) the branch profits tax, (2) the denial of interest deductions to purchase or carry such Series 2026 Certificates, and (3) the inclusion of the Interest Component of the Basic Rent Payments in passive income for certain Subchapter S corporations. In addition, the Interest Component may be included in gross income by recipients of certain Social Security and Railroad Retirement benefits.

PURCHASE, OWNERSHIP, SALE OR DISPOSITION OF THE SERIES 2026 CERTIFICATES AND THE RECEIPT OR ACCRUAL OF THE INTEREST COMPONENT OF THE BASIC RENT PAYMENTS MAY HAVE ADVERSE FEDERAL TAX CONSEQUENCES FOR CERTAIN INDIVIDUAL AND CORPORATE SERIES 2026 CERTIFICATE HOLDERS, INCLUDING, BUT NOT LIMITED TO, THE CONSEQUENCES DESCRIBED ABOVE. PROSPECTIVE SERIES 2026 CERTIFICATE HOLDERS SHOULD CONSULT WITH THEIR TAX SPECIALISTS FOR INFORMATION IN THAT REGARD.

Other Tax Matters

The Interest Component of the Basic Rent Payments related to the Series 2026 Certificates may be subject to state or local income taxation under applicable state or local laws in other jurisdictions. Purchasers of the Series 2026 Certificates should consult their own tax advisors as to the income tax status of such Interest Component in their particular state or local jurisdiction.

The Inflation Reduction Act, H.R. 5376 (the "IRA") was signed by the President on August 16, 2022. As enacted, the IRA includes a 15% alternative minimum tax to be imposed on the "adjusted financial statement income," as defined in the IRA, of certain corporations for tax years beginning after December 31, 2022. The Interest Component of the Basic Rent Payments represented by the Series 2026A Certificates will be included in the "adjusted financial statement income" of such corporations for purposes of computing the corporate alternative minimum tax. Prospective purchasers that could be subject to this minimum tax should consult with their own tax advisors regarding the potential tax consequences of owning the Series 2026A Certificates.

During recent years legislative proposals have been introduced in Congress, and in some cases enacted, that altered certain federal tax consequences resulting from the ownership of obligations that are similar to the Series Certificates. In some cases, these proposals have contained provisions that altered these consequences on a retroactive basis. Such alterations of federal tax consequences may have affected the market value of obligations similar to the Series 2026 Certificates. From time to time, legislative proposals are pending which could have an effect on both the federal tax consequences resulting from ownership of the Series 2026 Certificates and their market value. No assurance can be given that additional legislative proposals will not be introduced or enacted that would or might apply to, or have an adverse effect upon, the Series 2026 Certificates.

Original Issue Discount

Certain of the Series 2026 Certificates (the "Discount Certificates") may be offered and sold to the public at an original issue discount, which is the difference between the principal amount of the Discount

Certificates and the initial offering price to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) at which price a substantial amount of the Discount Certificates of the same maturity was sold. Original issue discount represents interest which is excluded from gross income for federal income tax purposes. Original issue discount will accrue over the term of a Discount Certificate at a constant interest rate compounded semi-annually. A purchaser who acquires a Discount Certificate at the initial offering price thereof to the public will be treated as receiving, prior to the termination of the Transaction Lease Agreements resulting from an Event of Non-Appropriation or Event of Default thereunder, an amount of interest excludable from gross income for federal income tax purposes equal to the original issue discount accruing during the period he holds such Discount Certificates and will increase its adjusted basis in such Discount Certificates by the amount of such accruing discount for purposes of determining taxable gain or loss on the sale or other disposition of such Discount Certificates. The federal income tax consequences of the purchase, ownership and prepayment, sale or other disposition of Discount Certificates which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those above. Owners of Discount Certificates should consult their own tax advisors with respect to the precise determination for federal income tax purposes of interest accrued upon sale, prepayment or other disposition of such Discount Certificates and with respect to the state and local tax consequences of owning and disposing of such Discount Certificates.

Special Counsel expresses no opinion regarding the federal income tax consequences resulting from the accrual of original issue discount on the Discount Certificates following the termination of the Series 2026 Lease Agreement resulting from an Event of Non-Appropriation or Event of Default thereunder.

Original Issue Premium

Certain of the Series 2026 Certificates (collectively, the "Premium Certificates") may be offered and sold to the public at a price in excess of the principal amount of such Premium Certificate, which excess constitutes to an initial purchaser amortizable bond premium which is not deductible from gross income for Federal income tax purposes. The amount of amortizable certificate premium for a taxable year is determined actuarially on a constant interest rate basis over the term of the Premium Certificates which term ends on the earlier of the maturity or call date for each Premium Certificate which minimizes the yield on said Premium Certificates to the purchaser. For purposes of determining gain or loss on the sale or other disposition of a Premium Certificate, an initial purchaser who acquires such obligation in the initial offering to the public at the initial offering price is required to decrease such purchaser's adjusted basis in such Premium Certificate annually by the amount of amortizable certificate premium for the taxable year. The amortization of certificate premium may be taken into account as a reduction in the amount of tax-exempt income for purposes of determining various other tax consequences of owning such Premium Certificates. The federal income tax consequences of the purchase, ownership and sale or other disposition of Premium Certificates which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. Owners of the Premium Certificates are advised that they should consult with their own advisors with respect to the state and local tax consequences of owning such Premium Certificates.

Special Counsel expresses no opinion regarding the federal income tax consequences resulting from the accrual of original issue premium on the Premium Certificates following the termination of the Transaction Lease Agreements resulting from an Event of Non-Appropriation or Event of Default thereunder.

NOTWITHSTANDING THE FOREGOING, SPECIAL COUNSEL EXPRESSES NO OPINION REGARDING THE FEDERAL INCOME TAX OR FLORIDA TAX CONSEQUENCES RESULTING FROM THE OWNERSHIP OF THE SERIES 2026 CERTIFICATES OR THE RECEIPT BY THE OWNERS THEREOF OF PAYMENTS ON THE SERIES 2026 CERTIFICATES FOLLOWING THE TERMINATION OF THE TRANSACTION LEASE AGREEMENTS, AS APPLICABLE, RESULTING FROM AN EVENT OF NON-APPROPRIATION OR EVENT OF DEFAULT THEREUNDER.

DISCLOSURE REQUIRED BY FLORIDA BLUE SKY REGULATIONS

Section 517.051, Florida Statutes, and the regulations promulgated thereunder requires that the District make a full and fair disclosure of any bonds or other debt obligations of such entity that have been in default as to principal or interest at any time after December 31, 1975 (including bonds or other debt obligations for which it has served only as a conduit issuer such as industrial development or private activity bonds issued on behalf of private businesses). The District is not and has not since December 31, 1975, been in default as to principal and interest on its bonds or other debt obligations.

FINANCIAL STATEMENTS

The Annual Comprehensive Financial Report of the School District of Manatee County, Florida for the Fiscal Year Ended June 30, 2025, included in this Offering Statement have been audited by the Cherry Bekaert LLP (the "Auditor"), as set forth in its report dated _____, 2026. The Auditor has not participated in the preparation or review of this Offering Statement and the financial statements are included as a publicly available record.

Budgeted figures for the Fiscal Year 2025-26 set forth in this Offering Statement reflect figures included in the final adopted budget which was approved by the Board on September 9, 2025, and are subject to change throughout the Fiscal Year.

ACCURACY AND COMPLETENESS OF OFFERING STATEMENT

The references, excerpts, and summaries of all documents, statutes, and information concerning the Board and the Projects financed under the Master Lease and certain reports and statistical data referred to herein do not purport to be complete, comprehensive, and definitive and each such summary and reference is qualified in its entirety by reference to each such document for full and complete statements of all matters of fact relating to the Series 2026 Certificates, the security for the payment of the Series 2026 Certificates and the rights and obligations of the owners thereof and to each such statute, report or instrument.

Any statements made in this Offering Statement involving matters of opinion or of estimates, whether or not so expressly stated are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized. Neither this Offering Statement nor any statement that may have been made verbally or in writing is to be construed as a contract with the owners of the Series 2026 Certificates.

The Appendices attached hereto are integral parts of this Offering Statement and must be read in their entirety together with all foregoing statements.

[Remainder of page intentionally left blank]

AUTHORIZATION OF OFFERING STATEMENT

The execution and delivery of this Offering Statement has been duly authorized and approved by the Board. At the time of delivery of the Series 2026 Certificates, the undersigned will furnish a certificate to the effect that nothing has come to their attention which would lead them to believe that the Offering Statement (except for the information related to DTC and its book-entry-only system of registration and the Insurer and its Policies, as to all of which no opinion will be expressed), as of its date and as of the date of delivery of the Series 2026 Certificates, contains an untrue statement of a material fact or omits to state a material fact which should be included therein for the purposes for which the Offering Statement is intended to be used, which is necessary to make the statements contained therein, in the light of the circumstances under which they were made, not misleading.

FORM OF DISCLOSURE DISSEMINATION AGENT AGREEMENT

DISCLOSURE DISSEMINATION AGENT AGREEMENT

This Disclosure Dissemination Agent Agreement (the "Disclosure Agreement"), dated as of _____, 2026, is executed and delivered by The School Board of Manatee County, Florida (the "Issuer") and Digital Assurance Certification, LLC, as exclusive Disclosure Dissemination Agent (the "Disclosure Dissemination Agent" or "DAC") for the benefit of the Holders (hereinafter defined) of the Series 2026B Certificates (hereinafter defined) and in order to assist the Issuer in processing certain continuing disclosure with respect to the Series 2026B Certificates in accordance with Rule 15c2-12 of the United States Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time (the "Rule").

The services provided by DAC under this Disclosure Agreement solely relate to the execution of instructions received from the Issuer through use of the DAC system and do not constitute "advice" within the meaning of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Act"). DAC will not provide any advice or recommendation to the Issuer or anyone on the Issuer's behalf regarding the "issuance of municipal securities" or any "municipal financial product" as defined in the Act and nothing in this Disclosure Agreement shall be interpreted to the contrary. DAC is not a "Municipal Advisor" as such term is defined in Section 15B of the Securities Exchange Act of 1934, as amended, and related rules.

SECTION 1. Definitions. Capitalized terms not otherwise defined in this Disclosure Agreement shall have the meaning assigned in the Rule or, to the extent not in conflict with the Rule, in the Offering Statement (hereinafter defined). The capitalized terms shall have the following meanings:

"Annual Filing Date" means the date, set in Sections 2(a) and 2(f) hereof, by which the Annual Report is to be filed with the MSRB.

"Annual Financial Information" means annual financial information as such term is used in paragraph (b)(5)(i) of the Rule and specified in Section 3(a) of this Disclosure Agreement.

"Annual Report" means an Annual Report containing Annual Financial Information described in and consistent with Section 3 of this Disclosure Agreement.

"Audited Financial Statements" means the annual financial statements of the Issuer for the prior fiscal year, certified by an independent auditor as prepared in accordance with generally accepted accounting principles or otherwise, as such term is used in paragraph (b)(5)(i)(B) of the Rule and specified in Section 3(b) of this Disclosure Agreement.

"Certification" means a written certification of compliance signed by the Disclosure Representative stating that the Annual Report, Audited Financial Statements, Notice Event notice, Failure to File Event notice, Voluntary Event Disclosure or Voluntary Financial Disclosure delivered to the Disclosure Dissemination Agent is the Annual Report, Audited Financial

Statements, Notice Event notice, Failure to File Event notice, Voluntary Event Disclosure or Voluntary Financial Disclosure required to be submitted to the MSRB under this Disclosure Agreement. A Certification shall accompany each such document submitted to the Disclosure Dissemination Agent by the Issuer and include the full name of the Series 2026B Certificates and the 9-digit CUSIP numbers for all Series 2026B Certificates to which the document applies.

"Disclosure Dissemination Agent" means Digital Assurance Certification, LLC, acting in its capacity as Disclosure Dissemination Agent hereunder, or any successor Disclosure Dissemination Agent designated in writing by the Issuer pursuant to Section 9 hereof.

"Disclosure Representative" means the Superintendent or the Director of Finance of the Issuer or his or her designee, or such other person as the Issuer shall designate in writing to the Disclosure Dissemination Agent from time to time as the person responsible for providing Information to the Disclosure Dissemination Agent.

"Failure to File Event" means the Issuer's failure to file an Annual Report on or before the Annual Filing Date.

"Financial Obligation" as used in this Disclosure Agreement is defined in the Rule, as may be amended, as (i) a debt obligation; (ii) derivative instrument entered into in connection with, or pledged as a security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term "Financial Obligation" shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

"Force Majeure Event" means: (i) acts of God, war, or terrorist action; (ii) failure or shut-down of the Electronic Municipal Market Access system maintained by the MSRB; or (iii) to the extent beyond the Disclosure Dissemination Agent's reasonable control, interruptions in telecommunications or utilities services, failure, malfunction or error of any telecommunications, computer or other electrical, mechanical or technological application, service or system, computer virus, interruptions in Internet service or telephone service (including due to a virus, electrical delivery problem or similar occurrence) that affect Internet users generally, or in the local area in which the Disclosure Dissemination Agent or the MSRB is located, or acts of any government, regulatory or any other competent authority the effect of which is to prohibit the Disclosure Dissemination Agent from performance of its obligations under this Disclosure Agreement.

"Holder" means any person (a) having the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Series 2026B Certificates (including persons holding Series 2026B Certificates through nominees, depositories or other intermediaries) or (b) treated as the owner of any Series 2026B Certificates for federal income tax purposes.

"Information" means, collectively, the Annual Reports, the Audited Financial Statements, the Notice Event notices, the Failure to File Event notices, the Voluntary Event Disclosures and the Voluntary Financial Disclosures.

"MSRB" means the Municipal Securities Rulemaking Board, or any successor thereto, established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934.

"Notice Event" means any of the events enumerated in paragraph (b)(5)(i)(C) of the Rule and listed in Section 4(a) of this Disclosure Agreement.

"Obligated Person" means any person, including the Issuer, who is either generally or through an enterprise, fund, or account of such person committed by contract or other arrangement to support payment of all, or part of the obligations on the Series 2026B Certificates (other than providers of municipal bond insurance, letters of credit, or other liquidity facilities), as shown in Exhibit A.

"Offering Statement" means that Offering Statement prepared by the Issuer in connection with the Series 2026B Certificates, as listed on Exhibit A.

"Series 2026B Certificates" means the certificates as listed on the attached Exhibit A, with the 9-digit CUSIP numbers relating thereto.

"Trustee" means the institution identified as such in the document under which the Series 2026B Certificates were issued.

"Voluntary Event Disclosure" means information of the category specified in any of subsections (e)(vi)(1) through (e)(vi)(10) of Section 2 of this Disclosure Agreement that is accompanied by a Certification of the Disclosure Representative containing the information prescribed by Section 7(a) of this Disclosure Agreement.

"Voluntary Financial Disclosure" means information of the category specified in any of subsections (e)(vii)(1) through (e)(vii)(9) of Section 2 of this Disclosure Agreement that is accompanied by a Certification of the Disclosure Representative containing the information prescribed by Section 7(b) of this Disclosure Agreement.

SECTION 2. Provision of Annual Reports.

(a) The Issuer shall provide, annually, an electronic copy of the Annual Report and Certification to the Disclosure Dissemination Agent, together with a copy for the Trustee, not later than the Annual Filing Date. Promptly upon receipt of an electronic copy of the Annual Report and the Certification, the Disclosure Dissemination Agent shall provide an Annual Report to the MSRB not later than each April 30th following the end of each fiscal year of the Issuer, commencing with the fiscal year ending June 30, 2026. Such date and each anniversary thereof is

the Annual Filing Date. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 3 of this Disclosure Agreement.

(b) If on the fifteenth (15th) day prior to the Annual Filing Date, the Disclosure Dissemination Agent has not received a copy of the Annual Report and Certification, the Disclosure Dissemination Agent shall contact the Disclosure Representative by telephone and in writing (which may be by e-mail) to remind the Issuer of its undertaking to provide the Annual Report pursuant to Section 2(a). Upon such reminder, the Disclosure Representative shall either (i) provide the Disclosure Dissemination Agent with an electronic copy of the Annual Report and the Certification no later than two (2) business days prior to the Annual Filing Date, or (ii) instruct the Disclosure Dissemination Agent in writing that the Issuer will not be able to file the Annual Report within the time required under this Disclosure Agreement, state the date by which the Annual Report for such year will be provided and instruct the Disclosure Dissemination Agent to immediately send a Failure to File Event notice to the MSRB in substantially the form attached as Exhibit B, which may be accompanied by a cover sheet completed by the Disclosure Dissemination Agent in the form set forth in Exhibit C-1.

(c) If the Disclosure Dissemination Agent has not received an Annual Report and Certification by 10:00 a.m. Eastern time on the Annual Filing Date (or, if such Annual Filing Date falls on a Saturday, Sunday or holiday, then the first business day thereafter) for the Annual Report, a Failure to File Event shall have occurred and the Issuer irrevocably directs the Disclosure Dissemination Agent to immediately send a Failure to File Event notice to the MSRB in substantially the form attached as Exhibit B without reference to the anticipated filing date for the Annual Report, which may be accompanied by a cover sheet completed by the Disclosure Dissemination Agent in the form set forth in Exhibit C-1.

(d) If Audited Financial Statements of the Issuer are prepared but not available prior to the Annual Filing Date, the Issuer shall, when the Audited Financial Statements are available, provide at such time an electronic copy to the Disclosure Dissemination Agent, accompanied by a Certification, together with a copy for the Trustee, for filing with the MSRB.

(e) The Disclosure Dissemination Agent shall:

(i) verify the filing specifications of the MSRB each year prior to the Annual Filing Date;

(ii) upon receipt, promptly file each Annual Report received under Sections 2(a) and 2(b) hereof with the MSRB;

(iii) upon receipt, promptly file each Audited Financial Statement received under Section 2(d) hereof with the MSRB;

(iv) upon receipt, promptly file the text of each Notice Event received under Sections 4(a) and 4(b)(ii) hereof with the MSRB, identifying the Notice Event as instructed by the Issuer pursuant to Section 4(a) or 4(b)(ii) hereof (being any of the categories set forth below) when filing pursuant to Section 4(c) of this Disclosure Agreement:

1. Principal and interest payment delinquencies;

2. Non-Payment related defaults, if material;

3. Unscheduled draws on debt service reserves reflecting financial difficulties;

4. Unscheduled draws on credit enhancements reflecting financial difficulties;

5. Substitution of credit or liquidity providers, or their failure to perform;

6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Series 2026B Certificates, or other material events affecting the tax-exempt status of Series 2026B Certificates;"

7. Modifications to rights of securities holders, if material;

8. Series 2026B Certificate calls, if material, and tender offers;

9. Defeasances;

10. Release, substitution, or sale of property securing repayment of the securities, if material;

11. Rating changes;

12. Bankruptcy, insolvency, receivership or similar event of the obligated person;

13. The consummation of a merger, consolidation, or acquisition involving an Obligated Person or the sale of all or substantially all of the assets of the Obligated Person, other than in the ordinary course of business, the entry into a definitive agreement to

undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

14. Appointment of a successor or additional Trustee, or the change of name of a Trustee, if material;

15. Incurrence of a Financial Obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect security holders, if material; and

16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the obligated person, any of which reflect financial difficulties.

(v) upon receipt (or irrevocable direction pursuant to Section 2(c) of this Disclosure Agreement, as applicable), promptly file a completed copy of Exhibit B to this Disclosure Agreement with the MSRB, identifying the filing as "Failure to provide annual financial information as required" when filing pursuant to Section 2(b)(ii) or Section 2(c) of this Disclosure Agreement;

(vi) upon receipt, promptly file the text of each Voluntary Event Disclosure received under Section 7(a) hereof with the MSRB, identifying the Voluntary Event Disclosure as instructed by the Issuer pursuant to Section 7(a) (being any of the categories set forth below) when filing pursuant to Section 7(a) of this Disclosure Agreement:

1. "amendment to continuing disclosure undertaking;"

2. "change in obligated person;"

3. "notice to investors pursuant to bond documents;"

4. "certain communications from the Internal Revenue Service other than those communications included in the Rule;"

5. "secondary market purchases;"

6. "bid for auction rate or other securities;"

7. "capital or other financing plan;"

8. "litigation/enforcement action;"

9. "change of tender agent, remarketing agent, or other on-going party;"

10. "other event-based disclosures."

(vii) upon receipt, promptly file the text of each Voluntary Financial Disclosure received under Section 7(b) hereof with the MSRB, identifying the Voluntary Financial Disclosure as instructed by the Issuer pursuant to Section 7(b) (being any of the categories set forth below) when filing pursuant to Section 7(b) of this Disclosure Agreement:

1. "quarterly/monthly financial information;"

2. "change in fiscal year/timing of annual disclosure;"

3. "change in accounting standard;"

4. "interim/additional financial information/operating data;"

5. "budget;"

6. "investment/debt/financial policy;"

7. "information provided to rating agency, credit/liquidity provider or other third party;"

8. "consultant reports;" and

9. "other financial/operating data."

(viii) provide the Issuer evidence of the filings of each of the above when made, which shall be by means of the DAC system, for so long as DAC is the Disclosure Dissemination Agent under this Disclosure Agreement.

(f) The Issuer may adjust the Annual Filing Date upon change of its fiscal year by providing written notice of such change and the new Annual Filing Date to the Disclosure Dissemination Agent, the Trustee (if any) and the MSRB, provided that the period between the existing Annual Filing Date and new Annual Filing Date shall not exceed one year.

(g) Anything in this Disclosure Agreement to the contrary notwithstanding, any Information received by the Disclosure Dissemination Agent before 10:00 a.m. Eastern time on

any business day that it is required to file with the MSRB pursuant to the terms of this Disclosure Agreement and that is accompanied by a Certification and all other information required by the terms of this Disclosure Agreement will be filed by the Disclosure Dissemination Agent with the MSRB no later than 11:59 p.m. Eastern time on the same business day; provided, however, the Disclosure Dissemination Agent shall have no liability for any delay in filing with the MSRB if such delay is caused by a Force Majeure Event provided that the Disclosure Dissemination Agent uses reasonable efforts to make any such filing as soon as possible.

SECTION 3. Content of Annual Reports.

(a) Each Annual Report shall contain Annual Financial Information with respect to the Issuer, including the financial and statistical information provided in the Offering Statement:

1. The tables entitled:

(i) "Summary of Statistical Data;"

(ii) "Summary of General Fund Operations;"

(iii) "Assigned and Unassigned Fund Balance for the District's General Fund;"

(iv) "Summary of Capital Projects Funds Operations;"

(v) "Direct and Overlapping Governmental Activities Debt;"

(vi) "Anticipated Capital Outlay Millage Levy Required to Cover Maximum Annual Payments Represented by the Prior Certificates and the Series 2026 Certificates;"

(vii) "Assessed and Estimated Actual Value of Taxable Property;"

(viii) "Property Tax Rates;" and

(ix) "Property Tax Levies and Collections."

2. Description of any additional series of Certificates issued under the Trust Agreement.

3. Description of any material litigation which would have been disclosed in the Offering Statement if such litigation had occurred and been ongoing at the time the Offering Statement was dated.

(b) Audited Financial Statements as described in the Offering Statement will be included in the Annual Report. If audited financial statements are not available, then, unaudited financial statements, prepared in accordance with Generally Accepted Accounting Principles as described in the Offering Statement will be included in the Annual Report. In such event, Audited Financial Statements (if any) will be provided pursuant to Section 2(d).

Any or all of the items listed above may be included by specific reference from other documents, including offering statements of debt issues with respect to which the Issuer is an "obligated person" (as defined by the Rule), which have been previously filed with the Securities and Exchange Commission or available on the MSRB Internet Website. If the document incorporated by reference is a final offering statement, it must be available from the MSRB. The Issuer will clearly identify each such document so incorporated by reference.

If the Annual Financial Information contains modified operating data or financial information different from the Annual Financial Information agreed to in the continuing disclosure undertaking related to the Series 2026B Certificates, the Board is required to explain, in narrative form, the reasons for the modification and the impact of the change in the type of operating data or financial information being provided.

SECTION 4. Reporting of Notice Events.

(a) The occurrence of any of the following events with respect to the Series 2026B Certificates constitutes a Notice Event:

1. Principal and interest payment delinquencies;

2. Non-payment related defaults, if material;

3. Unscheduled draws on debt service reserves reflecting financial difficulties;

4. Unscheduled draws on credit enhancements reflecting financial difficulties;

5. Substitution of credit or liquidity providers, or their failure to perform;

6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Series 2026B Certificates, or other material events affecting the tax status of the Series 2026B Certificates;

7. Modifications to rights of Certificate holders, if material;

8. Certificate calls, if material, and tender offers;

9. Defeasances;

10. Release, substitution, or sale of property securing repayment of the Series 2026B Certificates, if material;

11. Rating changes;

12. Bankruptcy, insolvency, receivership or similar event of the Obligated Person;

Note to subsection (a)(12) of this Section 4: For the purposes of the event described in subsection (a)(12) of this Section 4, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an Obligated Person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Obligated Person, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Obligated Person.

13. The consummation of a merger, consolidation, or acquisition involving an Obligated Person or the sale of all or substantially all of the assets of the Obligated Person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

14. Appointment of a successor or additional trustee or the change of name of a trustee, if material;

15. Incurrence of a Financial Obligation of an Obligated Person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of an Obligated Person, any of which affect security holders, if material; and

16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of an Obligated Person, any of which reflect financial difficulties.

The Issuer shall, in a timely manner not in excess of nine (9) business days after its occurrence, notify the Disclosure Dissemination Agent in writing of the occurrence of a Notice Event. Such notice shall instruct the Disclosure Dissemination Agent to report the occurrence pursuant to subsection (c) and shall be accompanied by a Certification. Such notice or Certification shall identify the Notice Event that has occurred (which shall be any of the categories set forth in Section 2(e)(iv) of this Disclosure Agreement), include the text of the disclosure that the Issuer desires to make, contain the written authorization of the Issuer for the Disclosure Dissemination Agent to disseminate such information, and identify the date the Issuer desires for the Disclosure Dissemination Agent to disseminate the information (provided that such date is not later than the tenth business day after the occurrence of the Notice Event).

(b) The Disclosure Dissemination Agent is under no obligation to notify the Issuer or the Disclosure Representative of an event that may constitute a Notice Event. In the event the Disclosure Dissemination Agent so notifies the Disclosure Representative, the Disclosure Representative will within two business days of receipt of such notice (but in any event not later than the tenth (10th) business day after the occurrence of the Notice Event, if the Issuer determines that a Notice Event has occurred), instruct the Disclosure Dissemination Agent that either (i) a Notice Event has not occurred and no filing is to be made or (ii) a Notice Event has occurred and the Disclosure Dissemination Agent is to report the occurrence pursuant to subsection (c) of this Section 4, together with a Certification. Such Certification shall identify the Notice Event that has occurred (which shall be any of the categories set forth in Section 2(e)(iv) of this Disclosure Agreement), include the text of the disclosure that the Issuer desires to make, contain the written authorization of the Issuer for the Disclosure Dissemination Agent to disseminate such information, and identify the date the Issuer desires for the Disclosure Dissemination Agent to disseminate the information (provided that such date is not later than the tenth business day after the occurrence of the Notice Event).

(c) If the Disclosure Dissemination Agent has been instructed by the Issuer as prescribed in subsection (a) or (b)(ii) of this Section 4 to report the occurrence of a Notice Event, the Disclosure Dissemination Agent shall promptly file a notice of such occurrence with MSRB in accordance with Section 2 (e)(iv) hereof. This notice may be filed with a cover sheet completed by the Disclosure Dissemination Agent in the form set forth in Exhibit C-1.

SECTION 5. CUSIP Numbers. The Board will provide the Dissemination Agent with the CUSIP numbers for (i) new Certificates at such time as they are issued or become subject to the Rule and (ii) any Certificates to which new CUSIP numbers are assigned in substitution for the CUSIP numbers previously assigned to such Certificates.

SECTION 6. Additional Disclosure Obligations. The Issuer acknowledges and understands that other state and federal laws, including but not limited to the Securities Act of 1933 and Rule 10b-5 promulgated under the Securities Exchange Act of 1934, may apply to the Issuer, and that the duties and responsibilities of the Disclosure Dissemination Agent under this Disclosure Agreement do not extend to providing legal advice regarding such laws. The Issuer acknowledges and understands that the duties of the Disclosure Dissemination Agent relate exclusively to execution of the mechanical tasks of disseminating information as described in this Disclosure Agreement.

SECTION 7. Voluntary Filing.

(a) The Issuer may instruct the Disclosure Dissemination Agent to file a Voluntary Event Disclosure with the MSRB from time to time pursuant to a Certification of the Disclosure Representative. Such Certification shall identify the Voluntary Event Disclosure (which shall be any of the categories set forth in Section 2(e)(vi) of this Disclosure Agreement), include the text of the disclosure that the Issuer desires to make, contain the written authorization of the Issuer for the Disclosure Dissemination Agent to disseminate such information, and identify the date the Issuer desires for the Disclosure Dissemination Agent to disseminate the information. If the Disclosure Dissemination Agent has been instructed by the Issuer as prescribed in this Section 7(a) to file a Voluntary Event Disclosure, the Disclosure Dissemination Agent shall promptly file such Voluntary Event Disclosure with the MSRB in accordance with Section 2(e)(vi) hereof. This notice may be filed with a cover sheet completed by the Disclosure Dissemination Agent in the form set forth in Exhibit C-2.

(b) The Issuer may instruct the Disclosure Dissemination Agent to file a Voluntary Financial Disclosure with the MSRB from time to time pursuant to a Certification of the Disclosure Representative. Such Certification shall identify the Voluntary Financial Disclosure (which shall be any of the categories set forth in Section 2(e)(vii) of this Disclosure Agreement), include the text of the disclosure that the Issuer desires to make, contain the written authorization of the Issuer for the Disclosure Dissemination Agent to disseminate such information, and identify the date the Issuer desires for the Disclosure Dissemination Agent to disseminate the information. If the Disclosure Dissemination Agent has been instructed by the Issuer as prescribed in this Section 7(b) hereof to file a Voluntary Financial Disclosure, the Disclosure Dissemination Agent shall promptly file such Voluntary Financial Disclosure with the MSRB in accordance with Section 2(e)(vii) hereof. This notice will be filed with a cover sheet completed by the Disclosure Dissemination Agent in the form set forth in Exhibit C-3.

(c) The parties hereto acknowledge that the Issuer is not obligated pursuant to the terms of this Disclosure Agreement to file any Voluntary Event Disclosure pursuant to Section 7(a) hereof or any Voluntary Financial Disclosure pursuant to Section 7(b) hereof.

(d) Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information through the Disclosure Dissemination Agent using the

means of dissemination set forth in this Disclosure Agreement or including any other information in any Annual Report, Audited Financial Statements, Notice Event notice, Failure to File Event notice, Voluntary Event Disclosure or Voluntary Financial Disclosure, in addition to that required by this Disclosure Agreement. If the Issuer chooses to include any information in any Annual Report, Audited Financial Statements, Notice Event notice, Failure to File Event notice, Voluntary Event Disclosure or Voluntary Financial Disclosure in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report, Audited Financial Statements, Notice Event notice, Failure to File Event notice, Voluntary Event Disclosure or Voluntary Financial Disclosure.

SECTION 8. Termination of Reporting Obligation. The obligations of the Issuer and the Disclosure Dissemination Agent under this Disclosure Agreement shall terminate with respect to the Series 2026B Certificates upon the legal defeasance, prior redemption or payment in full of all of the Series 2026B Certificates, when the Issuer is no longer an obligated person with respect to the Series 2026B Certificates, or upon delivery by the Disclosure Representative to the Disclosure Dissemination Agent of an opinion of counsel expert in federal securities laws to the effect that continuing disclosure is no longer required.

SECTION 9. Disclosure Dissemination Agent. The Issuer has appointed Digital Assurance Certification, LLC as exclusive Disclosure Dissemination Agent under this Disclosure Agreement. The Issuer may, upon thirty (30) days written notice to the Disclosure Dissemination Agent and the Trustee, replace or appoint a successor Disclosure Dissemination Agent. Upon termination of DAC's services as Disclosure Dissemination Agent, whether by notice of the Issuer or DAC, the Issuer agrees to appoint a successor Disclosure Dissemination Agent or, alternately, agrees to assume all responsibilities of Disclosure Dissemination Agent under this Disclosure Agreement for the benefit of the Holders of the Series 2026B Certificates. Notwithstanding any replacement or appointment of a successor, the Issuer shall remain liable to the Disclosure Dissemination Agent until payment in full for any and all sums owed and payable to the Disclosure Dissemination Agent. The Disclosure Dissemination Agent may resign at any time by providing thirty (30) days' prior written notice to the Issuer.

SECTION 10. Remedies in Event of Default. In the event of a failure of the Issuer or the Disclosure Dissemination Agent to comply with any provision of this Disclosure Agreement, the Holders' rights to enforce the provisions of this Agreement shall be limited solely to a right, by action in mandamus or for specific performance, to compel performance of the parties' obligation under this Disclosure Agreement. Any failure by a party to perform in accordance with this Disclosure Agreement shall not constitute a default on the Series 2026B Certificates or under any other document relating to the Series 2026B Certificates, and all rights and remedies shall be limited to those expressly stated herein.

SECTION 11. Duties, Immunities and Liabilities of Disclosure Dissemination Agent.

(a) The Disclosure Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement. The Disclosure Dissemination Agent's obligation to deliver the information at the times and with the contents described herein shall be limited to the extent the Issuer has provided such information to the Disclosure Dissemination Agent as required by this Disclosure Agreement. The Disclosure Dissemination Agent shall have no duty with respect to the content of any disclosures or notice made pursuant to the terms hereof. The Disclosure Dissemination Agent shall have no duty or obligation to review or verify any Information or any other information, disclosures or notices provided to it by the Issuer and shall not be deemed to be acting in any fiduciary capacity for the Issuer, the Holders of the Series 2026B Certificates or any other party. The Disclosure Dissemination Agent shall have no responsibility for the Issuer's failure to report to the Disclosure Dissemination Agent a Notice Event or a duty to determine the materiality thereof. The Disclosure Dissemination Agent shall have no duty to determine, or liability for failing to determine, whether the Issuer has complied with this Disclosure Agreement. The Disclosure Dissemination Agent may conclusively rely upon Certifications of the Issuer at all times.

The obligations of the Issuer under this Section shall survive resignation or removal of the Disclosure Dissemination Agent and defeasance, redemption or payment of the Series 2026B Certificates.

(b) The Disclosure Dissemination Agent may, from time to time, consult with legal counsel (either in-house or external) of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or its respective duties hereunder, and shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel. The reasonable fees and expenses of such counsel shall be payable by the Issuer.

(c) All documents, reports, notices, statements, information and other materials provided to the MSRB under this Agreement shall be provided in an electronic format and accompanied by identifying information as prescribed by the MSRB.

SECTION 12. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Agreement, the Issuer and the Disclosure Dissemination Agent may amend this Disclosure Agreement and any provision of this Disclosure Agreement may be waived, if such amendment or waiver is supported by an opinion of counsel expert in federal securities laws acceptable to both the Issuer and the Disclosure Dissemination Agent to the effect that such amendment or waiver does not materially impair the interests of Holders of the Series 2026B Certificates and would not, in and of itself, cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof but taking into account any subsequent change in or official interpretation of the Rule; provided neither the Issuer or the

Disclosure Dissemination Agent shall be obligated to agree to any amendment modifying their respective duties or obligations without their consent thereto.

Notwithstanding the preceding paragraph, the Disclosure Dissemination Agent shall have the right to adopt amendments to this Disclosure Agreement necessary to comply with modifications to and interpretations of the provisions of the Rule as announced by the Securities and Exchange Commission from time to time by giving not less than twenty (20) days written notice of the intent to do so together with a copy of the proposed amendment to the Issuer. No such amendment shall become effective if the Issuer shall, within ten (10) days following the giving of such notice, send a notice to the Disclosure Dissemination Agent in writing that it objects to such amendment.

SECTION 13. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Issuer, the Trustee, the Disclosure Dissemination Agent, the underwriters, and the Holders from time to time of the Series 2026B Certificates, and shall create no rights in any other person or entity.

SECTION 14. Governing Law. This Disclosure Agreement shall be governed by the laws of the State of Florida.

SECTION 15. Counterparts. This Disclosure Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

[Remainder of page intentionally left blank]

The Disclosure Dissemination Agent and the Issuer have caused this Agreement Disclosure to be executed, on the date first written above, by their respective officers duly authorized.

FORM OF FIRST AMENDMENT TO SERIES 2009 GROUND LEASE

This document prepared by:

Ritesh S. Patel, Esq.
Nabors, Giblin & Nickerson, P.A.
2502 Rocky Point Drive, Suite 1060
Tampa, Florida 33607

FIRST AMENDMENT TO GROUND LEASE AGREEMENT

by and between

THE SCHOOL BOARD OF MANATEE COUNTY, FLORIDA,
as Lessor

and

MANATEE SCHOOL BOARD LEASING CORPORATION,
as Lessee

Dated as of [MONTH] 1, 2026

FIRST AMENDMENT TO
GROUND LEASE AGREEMENT

This First Amendment to Ground Lease Agreement (the "First Amendment") is made and entered into as of **[**MONTH**]** 1, 2026 by **THE SCHOOL BOARD OF MANATEE COUNTY, FLORIDA** (the "Board") acting as the governing body of the School District of Manatee County, Florida (the "District") and the **MANATEE SCHOOL BOARD LEASING CORPORATION,** a single-purpose, not-for-profit corporation organized and existing under the laws of the State of Florida, having an office in Bradenton, Florida (the "Corporation"). All capitalized terms used herein and not otherwise defined shall have the meaning set forth therefor in the "Ground Lease" as hereinafter set forth. Reference to "Ground Lease" herein shall include the terms of this First Amendment.

W I T N E S S E T H:

WHEREAS, the Board and the Corporation entered into a certain Ground Lease Agreement, dated as of May 1, 2009 (a memorandum of which Ground Lease Agreement was recorded in Official Records Book 2299 at Page 7226 of the Public Records of Manatee County, Florida) (the "Ground Lease"); and

WHEREAS, in connection with the issuance of the Refunding Certificates of Participation (The School Board of Manatee County, Florida Master Lease Program), Series 2026B Evidencing an Undivided Proportionate Interests of Owners thereof in Basic Rent Payments to be made under a Master Lease-Purchase Agreement by The School Board of Manatee County, Florida (the "Series 2026B Certificates"), it is necessary to amend the Ground Lease as provided herein.

NOW, THEREFORE, in consideration of the premises and for Ten Dollars ($10.00) and other good and valuable consideration, the receipt and sufficiency whereof is hereby acknowledged by each party hereto by the other party hereto, the parties hereto do hereby acknowledge and agree as follows:

1. The foregoing recitations are true and correct and are incorporated herein by reference.

2. Section 2 of the Ground Lease is hereby amended and restated in its entirety to read as follows:

> "The initial term of this Ground Lease (the "Initial Ground Lease Term") shall be for the period commencing on the Commencement Date, and ending on the earlier of (a) the date on which the Series 2016A Certificates, the Series 2026B Certificates and any Refunding Certificates related to the Series 2009 Project, have been paid or provision for payment of the Series 2016A Certificates, the

Series 2026B Certificates and any other Certificates evidencing an interest in the Series 2009 Lease has been made pursuant to Section 12.01 of the Trust Agreement and any Supplemental Rent arising under the Lease Agreement shall have been paid or provided for, or (b) July 1, 2034 (both dates inclusive). As used herein, the expression "term hereof," "Ground Lease Term" or any similar expression refers collectively to the Initial Ground Lease Term and to any renewals of the Initial Ground Lease Term exercised by the Corporation or its assignee as provided in Section 22 hereof."

3. Section 3(a)(iii) of the Ground Lease is hereby amended and restated in its entirety to read as follows:

"(iii) title to the Premises shall be in the Board upon commencement of the Ground Lease Term and title to all components of the Series 2009 Project, other than Designated Equipment, shall be in name of Corporation pursuant to the Lease Agreement, and title to the Buildings comprising a portion of the Series 2009 Project constructed on the Premises shall remain severed from title to the Premises until the earlier of (A) the date on which the Series 2016A Certificates, the Series 2026B Certificates and any Refunding Certificates related to the Series 2009 Project under the Trust Agreement shall no longer be Outstanding, and (B) the end of the Ground Lease Term."

4. Section 9(b) of the Ground Lease is hereby amended and restated in its entirety to read as follows:

"(b) Except as expressly provided in this Section 9(b), the Corporation or its assignee shall not assign this Ground Lease, or any portion hereof, or sublease all or any portion of the Premises at any time. Except as expressly permitted in this Section 9(b), any purported assignment, partial assignment or sublease without the Board's prior written consent in violation of this Section 9(b) shall be null and void. So long as the Lease Agreement has not been terminated, (i) the Corporation may assign this Ground Lease to the Trustee for the benefit of the Owners of the Series 2016A Certificates, the Series 2026B Certificates and any Refunding Certificates related thereto, and (ii) the Corporation shall sublet all of the Premises to the Board (the "Initial Sublessee") under the Lease Agreement. If the Lease Agreement shall have been terminated, the Corporation or its assignee may sublet the Premises or assign its interest in this Ground Lease (a "Permitted Sublease") to any Person for any lawful purpose without the prior consent of the Board; provided, however, that no Permitted Sublease shall relieve the Corporation of any of its duties or obligations hereunder without the prior written consent of the Board; provided, however, that each Permitted Sublease shall be subject to the provisions of Section 9(d) hereof. "Permitted Transferee" shall mean a sublessee or assignee permitted by this Section 9(b)."

5. Section 14 of the Ground Lease is hereby amended and restated in its entirety to read as follows:

"Upon the occurrence of any event of default as set forth in Section 13 hereof which has not been cured (and is not in the process of being cured) under Section 13(b) or 13(c) hereof, but not otherwise, the Board may take whatever action at law or in equity may appear necessary or desirable to enforce its rights hereunder; provided, the Board shall not have the right to terminate this Ground Lease until such time as the Series 2016A Certificates, the Series 2026B Certificates and any Refunding Certificates related to the Series 2009 Project have been paid or provision for payment has been made pursuant to the terms and provisions of the Trust Agreement. The Board shall have recourse solely against the leasehold estate of the Corporation or its assignee in the Premises, and any proceeds thereof, for the payment of any liabilities of the Corporation or its assignee hereunder."

6. Section 18(b) of the Ground Lease is hereby amended and restated in its entirety to read as follows:

"(b) If the Lease Agreement shall have been terminated, (i) if such Person acquires title to such substantial portion thereof that the Corporation determines that it cannot economically make use of the residue for the lawful purposes intended by this Ground Lease, such acquisition of title shall terminate this Ground Lease, effective as of the date on which the condemning party takes possession thereof, and the Net Proceeds resulting therefrom shall be applied first to payment of the amount secured by any Leasehold Mortgage then outstanding hereunder, second, to payment of any outstanding the Series 2016A Certificates, the Series 2026B Certificates and any outstanding Refunding Certificates related thereto on a pro rata basis, and, third, the balance, if any shall be paid to the Board and the Corporation, as their respective interests may appear, and (ii) if such Person acquires title to a portion of the Premises only, and the Corporation determines that it can economically make beneficial use of the residue thereof for the lawful purposes intended by this Ground Lease, then this Ground Lease shall continue in full force and effect and the Net Proceeds resulting therefrom shall be paid to the Board and the Corporation, as their respective interests appear."

7. Section 21 of the Ground Lease is hereby amended and restated in its entirety to read as follows:

"The Board reserves the right to modify, substitute, release or add land to all or any portion of the Premises described in Exhibit A hereto, as the same may be supplemented or amended from time to time. Upon any such modification, substitution, release or addition an appropriate instrument or instruments shall be recorded in the public books of Manatee County, Florida. Any supplement to this Ground Lease shall be in substantially the form of Exhibit C hereto. In connection

with the release of all or any portion of the Premises hereunder in connection with the release of components of the Series 2009 Project pursuant to the Series 2026 Amendment to the Master Lease-Purchase Agreement, such released portions of the Premises may be designated as Servient Property hereunder."

8. The Ground Lease, as modified hereby remains in full force and effect in accordance with the terms and provisions thereof.

IN WITNESS WHEREOF, each of the parties hereto have caused this First Amendment to be executed by their duly authorized officers or agents, all as of the day and year first above written.

AGENDA ITEM NO. 14.3

School Board of Manatee County
October 28, 2025 - Regular Board Meeting
Action Item

Title

Approval of Resolution No. 2025-014 Authorizing the Series 2026 Amendment to Master-Lease Purchase Agreement

Executive Summary

The attached Resolution is necessary in order to authorize the Chair and Superintendent to execute and deliver the Series 2026 Amendment to the Master Lease-Purchase Agreement, upon approval of a majority of the holders of the School Board's outstanding Certificates of Participation. The Series 2026 Amendment to the Master Lease-Purchase Agreement (the "Amendment") provides that one or more Projects may be released from a Lease if the construction cost of the remaining Projects lease-purchased thereunder would exceed the principal component of the basic rent payments due under such Lease. This will allow for the more timely release of educational facilities under the Master Lease (COPs) Program.

Note: Resolution will be attached when provided by Bond Counsel.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready To Grow | Goal 4
Maximize the energy efficiency and management of our facilities to remain sustainable and financially responsible

Ready To Grow | Goal 5
Continue our secure financial position, utilize referendum millage funds effectively, and modernize and enhance our current schools to meet our school community needs, including building vibrant, new schools

Ready To Grow | Goal 6
Maintain our robust security readiness and safety system across the District

Recommendation

The Superintendent recommends approval of Resolution No. 2025-014 authorizing the Series 2026 Amendment to Master-Lease Purchase Agreement.

Financial Impact

The Amendment will allow for the more timely release of educational facilities under the Master Lease (COPs) Program.

School Board Resolution 2025-014

THE SCHOOL BOARD OF MANATEE COUNTY, FLORIDA
RESOLUTION 2025-014

A RESOLUTION OF THE SCHOOL BOARD OF MANATEE COUNTY, FLORIDA APPROVING THE FORM OF AND AUTHORIZING EXECUTION AND DELIVERY OF A SERIES 2026 AMENDMENT TO THE MASTER LEASE-PURCHASE AGREEMENT TO PERMIT THE RELEASE OF ONE OR MORE PROJECTS FROM A LEASE WHEN THE CONSTRUCTION COST OF THE REMAINING PROJECTS LEASE-PURCHASED THEREUNDER WOULD EXCEED THE PRINCIPAL COMPONENT OF THE BASIC RENT PAYMENTS DUE UNDER SUCH LEASE; AUTHORIZING THE PROPER OFFICERS OF THE BOARD TO DO ALL ACTS NECESSARY AND PROPER FOR CARRYING OUT THE TRANSACTIONS CONTEMPLATED BY THIS RESOLUTION AND PROVIDING FOR INCIDENTAL ACTION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, The School Board of Manatee County, Florida (the "School Board") as the governing body of the School District of Manatee County, Florida (the "District"), has determined to finance and refinance certain of its capital needs through a master lease-purchase agreement pursuant to Sections 1001.42 and 1013.15, Florida Statutes; and

WHEREAS, the School Board has the power under Section 1001.42(2), Florida Statutes, to receive, purchase, acquire, lease, sell, hold, transmit and convey title to real and personal property for educational purposes, and under Sections 1001.42(9) and 1013.15(2), Florida Statutes, to enter into leases or lease purchase arrangements of sites and educational facilities for school purposes; and

WHEREAS, the Manatee School Board Leasing Corporation (the "Corporation"), a not-for-profit corporation, has agreed to lease purchase certain real property, educational facilities and equipment to the School Board; and

WHEREAS, the Corporation and the School Board have provided for the lease purchase financing and refinancing of educational facilities and sites (the "Projects") from time to time by entering into a Master Lease-Purchase Agreement, dated as of June 1, 1996, as amended and supplemented (the "Master Lease"), and related agreements; and

WHEREAS, the Projects to be leased from time to time are identified on separate Lease Schedules (each a "Lease Schedule," and together with the Master Lease, a "Lease") attached to the Master Lease; and

WHEREAS, the Corporation has entered into a Master Trust Agreement, dated as of June 1, 1996, as amended and supplemented (the "Trust Agreement"), with U.S. Bank Trust Company, National Association (as successor trustee to SouthTrust Bank of Florida, National Association), as successor trustee (the "Trustee"), providing for the issuance of series of Certificates of Participation to the public from time to time, representing undivided proportionate interests in the principal component and interest component of the Basic Rent Payments to be made by the School Board under the Master Lease and the Lease Schedule or Lease Schedules relating to such series of Certificates; and

WHEREAS, the School Board now wishes to amend the Master Lease to provide that one or more Projects may be released from a Lease if the construction cost of the remaining Projects lease-purchased thereunder would exceed the principal component of the basic rent payments due under such Lease;

NOW, THEREFORE, BE IT RESOLVED BY THE SCHOOL BOARD OF MANATEE COUNTY, FLORIDA, ACTING AS THE GOVERNING BODY OF THE SCHOOL DISTRICT OF MANATEE COUNTY, FLORIDA:

SECTION 1. APPROVAL OF SERIES 2026 AMENDMENT TO MASTER LEASE-PURCHASE AGREEMENT. The Series 2026 Amendment to the Master Lease Purchase Agreement (the "Amendment"), substantially in the form submitted to this meeting and attached hereto as Exhibit A, is hereby approved. The School Board hereby authorizes and directs the Chair or Vice-Chair to execute the Amendment, and the Superintendent/Secretary to attest the same under the seal of the School Board with such changes, deletions and additions as may be approved by the Chair or Vice-Chair and to deliver the Amendment to the Corporation for its execution. The execution of the Amendment by the Chair or Vice-Chair and the Superintendent/Secretary shall constitute conclusive evidence of the approval of such changes.

SECTION 2. GENERAL AUTHORITY. The Chair, the Vice-Chair, the Superintendent/Secretary, the Deputy Superintendent of Business Services of the District and Counsel to the School Board are each authorized and directed to execute and deliver all additional documents, contracts, instruments and certificates and to take all actions and steps on behalf of the School Board which are necessary or desirable in connection with the Amendment, and which are not inconsistent with the terms and provisions of this Resolution.

SECTION 3. PUBLIC MEETINGS. It is hereby found and determined that all formal actions of the School Board concerning and relating to the adoption of this Resolution and the consummation of the transactions contemplated by this Resolution were adopted in open meetings of the School Board, and that all deliberations of the School Board that resulted in such formal action were in meetings open to the public, in compliance with all legal requirements.

SECTION 4. SEVERABILITY AND INVALID PROVISIONS. If any one or more of the covenants, agreements or provisions herein contained shall be held contrary to any express provision of law or contrary to the policy of express law, though not expressly prohibited or against public policy, or shall for any reason whatsoever be held invalid, then such covenants, agreements or provisions shall be null and void and shall be deemed separable from the remaining covenants, agreements or provisions and shall in no way affect the validity of any of the other provisions hereof.

SECTION 5. REPEAL OF INCONSISTENT RESOLUTIONS. All resolutions or portions thereof previously adopted by the School Board which are inconsistent with the provisions of this Resolution are hereby repealed to the extent of such inconsistency.

SECTION 6. EFFECTIVE DATE. This Resolution shall become effective immediately upon its adoption.

ADOPTED at a Regular Meeting this 28th day of October 2025.

SERIES 2026 AMENDMENT TO
MASTER LEASE-PURCHASE AGREEMENT

THIS SERIES 2026 AMENDMENT TO MASTER LEASE-PURCHASE AGREEMENT (the "Amendment") by and between the **MANATEE SCHOOL BOARD LEASING CORPORATION**, a single purpose, not-for-profit corporation organized and existing under the laws of the State of Florida, as lessor (the "Corporation"), and **THE SCHOOL BOARD OF MANATEE COUNTY, FLORIDA**, a school board duly organized and existing under the laws of the State of Florida, as lessee (the "Board"), acting as the governing body of the School District of Manatee County, Florida, is dated as of **[**MONTH**]** 1, 2026 and effective as of the Effective Date (as described below) and amends the Master Lease-Purchase Agreement, dated as of June 1, 1996 (as so amended, the "Current Lease Agreement "), by and between the Board and the Corporation. Capitalized terms used but not otherwise defined herein shall have the meanings ascribed thereto in the Current Lease Agreement.

WITNESSETH:

WHEREAS, the Board has heretofore deemed it to be in its best interest to lease-purchase certain real and personal property from time to time and has heretofore entered into the Current Lease Agreement between the Corporation, as lessor, and the Board, as lessee; and

WHEREAS, pursuant to the Current Lease Agreement, the Board has from time to time, by execution of a lease schedule to the Current Lease Agreement (each, a "Lease Schedule" and together with the Current Lease Agreement, a "Lease"), directed the Corporation to acquire, construct and lease-purchase to the Board the items of real or personal property described in such Lease Schedule (which items of property are collectively referred to herein as "Projects"); and

WHEREAS, the Corporation and the Board have entered into a Master Trust Agreement, dated as of June 1, 1996, as amended and supplemented from time to time, with U.S. Bank Trust Company, National Association (as successor trustee to SouthTrust Bank of Florida, National Association), as successor trustee (the "Trustee"), providing for the issuance of Series of Certificates of Participation to the public from time to time, representing undivided proportionate interests in the Principal Component and Interest Component of the Basic Rent Payments to be made by the Board under the Lease relating to such Series of Certificates; and

WHEREAS, the Board now wishes to amend the Current Lease Agreement to provide that one or more Projects may be released from a Lease if the total construction cost of the remaining Projects lease-purchased thereunder would exceed the Principal Component of the Basic Rent Payments due under such Lease; and

WHEREAS, the Board has authorized this Amendment under a resolution, adopted on October 28, 2025; and

WHEREAS, the Corporation has authorized this Amendment under a resolution, adopted on October 28, 2025; and

WHEREAS, under Section 6.05(b) of the Current Lease Agreement, the Current Lease Agreement may be amended upon the approval of a majority of aggregate principal amount of the Owners of Certificates then Outstanding, or upon the approval of the Credit Enhancers of the Certificates for which they have provided a Credit Facility and/or municipal bond insurance policy if such Certificates represent a majority of the Certificates then Outstanding.

NOW, THEREFORE, in the joint and initial exercise of their powers, in consideration of the mutual covenants herein contained, and for other valuable consideration, the parties hereto recite and agree as follows:

ARTICLE I
AMENDMENT

SECTION 1.01. AMENDMENT OF ARTICLE IV OF THE CURRENT LEASE AGREEMENT. Article IV of the Current Lease Agreement is hereby amended to add the following new Section 4.08 at the end thereof:

> **SECTION 4.08 RELEASE OF PROJECTS**. Notwithstanding anything to the contrary in the Lease Agreement, but subject to the terms of the related Lease Schedule, one or more of the facilities comprising a portion of the Project components identified in a Lease Schedule, or a portion thereof, may be released from the lien of the Lease Agreement and the Ground Lease delivered in connection with such Lease Schedule if after the release of such facility or facilities the total construction cost of remaining facilities comprising such Project subject to the lien of the related Lease Schedule exceeds the remaining Principal Component of the Basic Rent Payments payable with respect to such Project. The Project components and/or the Premises and any Servient Property (or portions thereof, as set forth in the related Ground Lease) released under this Section 4.08 shall be deemed to be paid and fee simple title to such facilities and/or related facility sites (or portions thereof) shall vest in the Board free and clear of all encumbrances except other Permitted Encumbrances.

The Corporation hereby appoints the Board as its agent to prepare and file or record in appropriate offices such documents as may be necessary to cause record title to such Premises and any Servient Property (or portions thereof, as set forth in the related Ground Lease) to vest in the Board, free and clear of all encumbrances except Permitted Encumbrances. The Corporation agrees to immediately execute all instruments necessary to vest good and marketable fee simple title to the released Premises and any Servient Property (or portions thereof, as set forth in the related Ground Lease) in the Board subject only to Permitted Encumbrances. The related Ground Lease shall then be modified to remove the subject Premises and modify any Servient Property (or portions thereof), as provided therein. The Corporation shall request the execution of such instruments by the Trustee as may be necessary to effect the conveyance described herein.

ARTICLE II
MISCELLANEOUS

SECTION 2.01. PROVISIONS OF CURRENT LEASE AGREEMENT NOT OTHERWISE MODIFIED. Except as expressly modified or amended hereby, the Current Lease Agreement shall remain in full force and effect. To the extent of any conflict between the terms of the Current Lease Agreement and this Amendment, the terms hereof shall control.

SECTION 2.02. COUNTERPARTS. This Amendment may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 2.03. HEADINGS. Any heading preceding the text of the several Articles hereof, and any table of contents or marginal notes appended to copies hereof, shall be solely for convenience of reference and shall not constitute a part of this Amendment, nor shall they affect its meaning, construction or effect.

SECTION 2.04. LAWS. This Amendment shall be construed and governed in accordance with the laws of the State.

SECTION 2.05. EFFECTIVE DATE. This Amendment shall become effective upon execution by the Board, the Corporation and the approval of a majority in aggregate principal amount of the Owners of Certificates then outstanding or upon the approval of the Credit Enhancers of the Certificates for which they have provided a Credit Facility and/or municipal bond insurance policy if such Certificates represent a majority of the Certificates then Outstanding.

IN WITNESS WHEREOF, the parties hereto have caused this Series 2026 Amendment to Master-Lease-Purchase Agreement to be executed in their respective names by their duly Authorized Officers as of the date first above written.

AGENDA ITEM NO. 14.4

School Board of Manatee County
October 28, 2025 - Regular Board Meeting
Action Item

Title
Approval of the Budget Amendments for July and August 2025 (No Financial Impact)

Executive Summary
State Board of Administration Rule 6A-1.007(2) states, "The School Board shall approve amendments to the district school budget whenever the function and object amounts in the accounts prescribed by the State Board for the budget form are changed in the original budget approved by the School Board."

The following table reflects changes in fund balance by fund for the months of July and August 2025.

	General Fund	Debt Service	CapitalProjects	Federal Funds	Food Service	Internal Service *	Trust & Agency
Budgeted Ending Fund Balance 07/01/2025	$63,766,800	$15,314,703	$66,389,196	$0	$10,471,595	$16,832,984	$0
Fiscal Impact	$1,911,218	$24,487	$124,935	$0	$0	$0	$0
Budgeted Ending Fund Balance 08/31/2025	$65,678,018	$15,339,190	$66,514,131	$0	$10,471,595	$16,832,984	$0

* Self-insurance Health Fund and Worker's Compensation Fund

General Fund budgeted ending fund balance increased by $1,911,218 reflecting a reduction in 2025-26 FLDOE FEFP Second Calculation charter school proportionate share $2,164,742, partially offset by an increase in SRO contracts $175,354.

Debt Service Fund budgeted ending fund balance increased by $24,487 due mainly to a fair market value adjustment and interest income.

Capital Projects Fund budgeted ending fund balance increased by $124,935 due primarily to the receipt of insurance loss recoveries $116,840.

There were no other changes to the budgeted ending fund balances.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready To Grow | Goal 5
Continue our secure financial position, utilize referendum millage funds effectively, and modernize and enhance our current schools to meet our school community needs, including building vibrant, new schools

Recommendation
The Superintendent recommends approval of the budget amendments for July and August 2025 (No Financial Impact).

Financial Impact
The General Fund budgeted ending assigned/unassigned fund balance as of August 31, 2025 is 10.06%.

AGENDA ITEM NO. 14.5

School Board of Manatee County
October 28, 2025 - Regular Board Meeting
Action Item

Title
Approval to Renew Purchase of Stop Loss Insurance, SDMC No. 23-0095-RG, Not to Exceed $690,145 for the 2026 Calendar Year (Multiple Funding Sources)

Executive Summary
The School District of Manatee County (District) carries Individual Stop Loss Insurance as protection against large catastrophic health care claims, which include medical and pharmacy, by capping the amount paid by the District's Health Fund per claim. This insurance pays all claims in excess of the "attachment point" for the coverage.

Granular Insurance Company provided a proposal to First Florida Insurance Brokers (FFIB), the District's current broker. This contract and policy are valid for the term of January 1, 2026 through December 31, 2026. The Health Insurance Committee has determined that contracting with Granular Insurance Company at this time will benefit the Health Plan.

Approval of this purchase does not indicate immediate or complete expenditure of approved funds.

Approved funds will only be expended on an as needed basis throughout the contract period.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready For Life | Goal 5
Expand visual and performing arts programs across all schools

Recommendation
The Superintendent recommends approval to renew purchase of Stop Loss Insurance, not to exceed $690,145 for the 2026 Calendar Year (Multiple Funding Sources).

Financial Impact
The funding source for this expenditure is the Health Insurance fund and is an increase of $115,058 to the 2025-2026 Benefits Department approved budget.

Please refer to appendix for additional carrier contingencies and disclosure requirements.

Wellpoint/Granular - Proposal Qualifications & Contingencies

- This contract will be issued in Florida.
- The TPA is Meritain Health.
- The Medical Network is Ventegra.
- Advance Funding is included.
- Plan must have medical case management and utilization review.
- All claims are reported/paid in U.S. dollars.
- Proposed rates are payable by the invoice due date.
- The proposal is based on the data provided. Any changes to this data may allow us to modify the proposal.
- This proposal is based on the continuation of the current plan(s) of benefits.
- This proposal is based on the continuation of the current enrollment distribution in the current medical plans.
- No Fully Insured Lives are covered.
- This proposal may be adjusted if the number of covered employees or the percentage of family participants change by more than 15%.
- We rely on the information provided to determine whether a proposal will be issued. The information provided shall become a part of the application for stop loss coverage. You are obligated to provide accurate information. If material errors or omissions are found after the quote is issued, we reserve the right to revise the quote in any manner or rescind the quote even if you are unaware of the material error or omission. Additionally, we reserve the right to rescind the proposal in its entirety based on our review of all the information submitted during the proposal process.
- We will offer access to third-party managed and administered cost containment options that help control the financial risk associated with more intensive health care. These options may include but are not limited to: transplant networks, renal and dialysis management, claim negotiation, high risk pregnancy, premature infants and hemophilia. Cost containment services are managed and administered by independent third-party entities not affiliated with us. We do not warrant, guaranty, or make any representations or warranties whatsoever, express or implied, or assume any liability regarding the use of the results of the use of cost containment services including without limitation any financial results based on the use of the cost containment services or any information or any delay or loss of use of the cost containment services.
- Any cost charged by the claim administrator for reports required to substantiate claims will be paid by the employer.
- The state health care surcharge paid on claims incurred with certain providers in some states, may be eligible for reimbursement under the excess risk policy subject to terms of the policy provisions to the extent that such surcharges are included in the claims information provided to underwriting. Penalties or fines associated with the health care surcharge or the underlying expenses will not be considered eligible excess risk expenses.
- In addition to base commissions, certain writing agents and/or service providers may receive compensation related to factors such as overall sales of our products, the total premium sold through the writing agent/service provides, growth in the number of customers, and the retention of existing customers. Compensation and fees may also be paid to writing agents and/or service providers for administrative services in connection with our products. Please contact us if you would like additional details regarding this compensation and/or fees that may be payable on your account.

- The Effective Year Plan Document/SPD needs to be received within 45 days of the proposed effective date.

Wellpoint/Granular - Proposal Qualifications & Contingencies

- We require notification 30 days prior to the acquisition date of any employer completed merger or acquisition.

AGENDA ITEM NO. 14.6

School Board of Manatee County
October 28, 2025 - Regular Board Meeting
Action Item

Title
Approval of the Ratification of the Manatee Education Association (MEA) Collective Bargaining Agreement for the School District of Manatee County (Multiple Funding Sources)

Executive Summary
School Board will consider the Manatee Education Association (MEA) Bargaining agreement for approval. Summary of agreement attached for reference.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready To Grow | Goal 5
Continue our secure financial position, utilize referendum millage funds effectively, and modernize and enhance our current schools to meet our school community needs, including building vibrant, new schools

Recommendation
The Superintendent recommends the ratification of the the Manatee Education Association (MEA) collective bargaining agreement for the School District of Manatee County (Multiple Funding Sources).

Financial Impact
This Item is included in the 2025-2026 School District Budget.

Tentative Agreements Reached

The bargaining teams of the Manatee Education Association and the School District of Manatee County met again to negotiate paraprofessional and teacher contracts on Monday, September 29, 2025.

After negotiating for many hours, the teams were able to reach tentative agreements on both the teacher and paraprofessional contracts.

The highlights are below. All documents and details including information regarding teacher and paraprofessional voting on ratification of the tentative agreements will be coming out soon.

Highlights of the Teacher Tentative Agreements are as follows:

-Summary of the Tentative Agreement Pg. 001
- New decompressed placement schedule for teachers newly hired in 25-26 giving credit for experience up to 21 yrs Pg. 002
-End the former salary schedule for teachers Pg. 005
-4.75% increase for all eligible teachers (those who worked 99 days or more last year) on the Performance schedule regardless of level Pg. 005
-4.75% increase to the Performance Schedule degree supplements Pg. 005
-$100 for teachers rated Effective and $125 for teachers rated Highly Effective who are on the Performance Schedule as required by FL Statute Pg. 005
-4.75% increase for all eligible teachers (those who worked 99 days or more last year) on the Grandfathered schedule regardless of level Pg. 005
-Retention supplement for 16+ and 25+ years of experience maintained Pg. 001
-Differentiated Supplement schedule increased by 4.75% Pgs. 006-008
-Supplement added for Speech Language Pathologists Pg. 008

Highlights of the Paraprofessional Tentative Agreements are as follows:

- One (1) step movement on the salary schedule for eligible paraprofessionals (those who worked 99 days or more last year)
- $0.60 per hour increase applied to each step of the salary schedule for all paraprofessionals

Teachers and Paraprofessionals

- The Memorandum of Understanding (MOU) regarding the referendum supplement (the millage) for the 2025-2026 school year was signed. The referendum supplement for paras will be $3598, and for teachers the referendum supplement will be $9537. Pg. 010

- There will be a 4% increase in all health insurance premiums beginning in January 2026. The premiums will be divided over 22 checks in the calendar year **(details will be provided prior to ratification)**. Pg. 009

- For both contracts, all current contract language including health insurance plan benefits continues until 2026-2027 negotiations.

- All salary improvements are retroactive to July 1, 2025.

Next Steps

Salary schedules and other details including information regarding teacher and paraprofessional voting on ratification of the tentative agreements will be coming out soon.

Then, the School Board will place the agreements on their agenda.

Many thanks to the MEA and District bargaining teams for their hard work in reaching these tentative agreements on behalf of teachers and paraprofessionals.

Dr. Laurie Breslin, Superintendent **Pat Barber, MEA President**

TA Mail out 10/6/25
TA BOP 10/6/2025

ARTICLE XII - COMPENSATION AND HEALTH INSURANCE

Section 1 - Salary

The 2025-2026 Hiring Salary Schedule shall be as set forth in Appendix "A".

In any year in which bargaining is concluded prior to the legislature's adoption of the state education budget, either side will have the ability to reopen bargaining if the funding for the Manatee County School District, through the FEFP appropriations, is more than +/- 2% per student different than had been anticipated in the bargaining process.

Section 2 - Supplemental Salary Schedule

The supplemental salary schedule shall be as set forth in Appendix "B".

Section 3 - Commitment of the Parties

The Manatee Education Association agrees to work with the Manatee County School Board to ensure the continued actuarial viability and stability of the insurance fund by negotiating any necessary plan and rate changes.

The Manatee County School Board will provide the cost of the health insurance plan as defined by the provisions of Appendix E.

Any change in health insurance benefits and/or premiums will be negotiated between the Board and the Association before the Board takes action on any change.

Any change in the voluntary benefits offered to employees shall be negotiated between the Board and the Association. This does not give the MEA the right to negotiate the specific plan administrator.

Section 4 - Health Insurance Committee

The parties agree to a Health Insurance Committee, involving representatives appointed by the bargaining agents of employee groups and those designated by the Superintendent for the purpose of continuing to explore ways of containing the cost of health insurance. The committee shall not exceed 16 members, eight of whom will be appointed by the Superintendent, including the chair, and eight members appointed by the District's unions. The Health Insurance Committee (HIC) shall have the authority to make recommendations to the negotiating team regarding hea lth insurance issues and propose language. The health insurance committee shall recommend changes to the health plan to include wellness and an Employee Assistance Program, other voluntary benefits offered to employees at no or reasonable costs to employees.

In collaboration with the Procurement Department, a RFP (Request for Proposals) may be developed by the Insurance Committee to be issued in the early spring of any given year with the intent to permit a change in insurance carriers during the ensuing school year, if such a change is beneficial to the Board and its employees.

Section 5 - Plan Design

1. **Summary** - A summary of the health insurance plan designs and their associated premiums for the 2025-2026 plan year are located in Appendix E.

2. **Terminally Ill Employees** - Any employee who has credit for a minimum of 2 years of service with the School Board, who, at the time of the leave, is covered under the Board health insurance plan and who is terminally ill or has a family member who is terminally ill shall have the School Board portion of his or her insurance premium paid by the Board for up to 12 months from the date that the individual begins his or her unpaid sick leave.

TA 10/2/25
TA BOD 10/3/2025

Any documentation of terminal illness shall remain confidential and not be placed in the personnel file of the employee.

3. **Full Year Coverage** - Teachers who complete their contract year and have paid for a full year's health insurance coverage shall receive a full year's health insurance coverage.

   Coverage for teachers who separate from the District:

   a) If a teacher finishes the contract year (May/June, depending on the last workday for the employee) and is non-renewed, resigns, or retires, benefit premiums will be collected to provide coverage through July 31.

   b) If a teacher resigns during the contract year (prior to the last workday), benefit coverage will continue through the end of the termination month.

4. A teacher who completes the full contract year and is rehired prior to the first duty day of the next contract year will not be considered to have a break in service, therefore, all benefits will be restored, and premiums will be collected accordingly.

5. A teacher who resigned from the district and is rehired after the first duty day is considered a new hire and benefits will not be effective until the waiting period has been met unless the employee pays the full September premium in advance.

6. **New Teacher Coverage** - New teachers who wish to purchase health insurance so that they will have coverage from the date that they begin work until the normal effective date of coverage, may purchase such coverage at full monthly cost, including Board share of premiums, for each month or portion thereof during this interim period of time.

7. **Benefit Premiums** – All benefit premiums will be divided equally among employee pay checks with the exception of the pay dates of August 14, 2020 and December 18, 2020. Participants will not have employee premiums deducted on the above dates.

Section 6 - Codification of Salary Guidelines and Fringe Benefits

Subdivision 1. History of Placement on the Salary Schedule: Placement on the Teachers' Salary Schedule is determined by in-county and out-of-county public school teaching experience for those teachers hired prior to July 1, 2013. When merging the AC schedule with the negotiated schedule for the 2013 -2014 salary schedule, teachers were placed on the step closest to their current salary. No teacher shall suffer a reduction in pay due to the merging of the schedules. For teachers hired beginning with the 2013 -2014 school year, credit on the salary scale will be a maximum of twelve (12) years of public school experience. As required by F.S. 1012.22 all teachers hired after July 1, 2014, will be placed on the performance salary schedule.

Subdivision 2. Advancement on the Salary Schedule prior to 2025-2026: If applicable, one (1) year advancement on the Salary Schedule shall be based upon ninety-nine (99) or more day's employment, including paid holidays, within the district during a school year. The method of advancement to succeeding levels after the 2010 -2011 school year shall be determined through negotiations. There shall be no presumption of status quo with respect to advancement to a different level on the salary schedule. No experience step advancement was granted for the 2011 - 12 work year.

Subdivision 3. Advancement in Rank: Employees shall be eligible for payment for an advanced degree (Master, Specialist or Doctorate) upon completion of the required credits as indicated on the official transcript bearing the seal of the institution. Payments shall be effective as of the da te indicated on transcript. Evidence of completion must be filed with the Executive Director of Human Resources by June 1st of the fiscal year for advancement on the salary

TA BNP 10/3/2025

schedule to be effective that fiscal year. In the event the university fails to cooperate by supplying a transcript by this date, after a timely request for it is made by the teacher, the teacher may provide a letter no later than June 1st of the fiscal year stating that the advanced degree is or will be completed and proof of the degree will be forthcoming.

The teacher shall submit with this letter proof of timely request to the university. This will not entitle the teacher to payment, but will reserve payment until proof is received.

Subdivision 4. Advanced Degrees for Teachers hired on or after July 1, 2011: Teachers hired on or after July 1, 2011, shall be eligible for an advanced degree supplement only if an advanced degree is held in an area of the teacher's certification as reflected on the teacher's certificate. The amount of the Advanced Degree Supplements are identified in Appendix A Salary Schedule.

The District shall utilize the State Board Rules and Guidelines pertaining to certification to determine if the advanced degree is within the teacher's area of certification.

Subdivision 5. Grandfathered Salary Schedule- Grandfathered teachers are those teachers who hold a continuing or professional services contract (tenure). Any teacher who hold continuing or professional services contract status retains the right to remain on the Grandfathered Salary Schedule. The Grandfathered Salary Schedule will be those schedules found in the 2024-2025 Teacher Collective Bargaining Agreement and as subsequently modified herein and in the future. Any teacher may elect to move to the Performance Salary Schedule by agreeing, in writing, to permanently surrender his or her continuing or professional services contract pursuant to Chapter 1012.22, Florida Statutes. In so doing, the teacher permanently forfeits his or her right to return to the grandfathered status.

A. 2025-2026 Grandfathered Salary Computation:

A grandfathered teacher will receive an across-the-board increase of 4.75% to be added to the teacher's base pay. These amounts will automatically carry over into future years. The grandfathered teacher base pay includes any amounts for advanced degrees earned.

B. 2025-2026 Performance Salary Computation:

A performance pay teacher will receive an across-the-board increase of 4.75% to be added to the teacher's base pay plus an additional $100 for effective teachers or an additional $125 for highly effective rated teachers. These amounts will automatically carry over into future years. Eligible performance teachers may also receive degree supplements as listed in the Hiring Salary Schedule in Appendix A.

C. 2025-2026 Hiring Salary Schedule

The 2025-2026 Hiring Salary Schedule is found in Appendix A. For teachers hired beginning with the 2025-2026 school year, credit on the salary scale will be a maximum of twenty-one (21) years of public school experience. As required by F.S. 1012.22 all teachers hired after July 1, 2014, will be placed on the performance salary schedule. Future salary enhancements beyond 2025-2026 shall be determined through negotiations. Teachers hired on or after July 1, 2011, shall be eligible for an advanced degree supplement only if an advanced degree is held in an area of the teacher's certification as reflected on the teacher's certificate. The amounts of the Advanced Degree Supplements are identified in Appendix A, Hiring Salary Schedule.

All remaining Subdivisions in Article XII shall be renumbered.

TA BWP 10/03/2025

APPENDIX "B" – Differentiated Pay Salary Schedule

~~2024-25~~ 2025-2026 **Salary Supplement Schedule for Other School Personnel**

1. Athletic Directors shall be assigned full teaching and/or administrative duties with general direction over athletic activities.

2. Personnel who coach combined boys and girls teams shall receive only one basic supplement for that sport.

3. With the exception of coaching supplements specifically designated for middle school sports, all coaching supplements are for high school sports only.

4. Supplemented coaches of the varsity sports listed below shall be paid $20 per day for each day of practice or competition required for play-off games sanctioned by FHSAA, which are beyond district level competition. Such payments shall not exceed $100 per week.

5. Only those varsity coaches who are supplemented to coach the following varsity sports shall be eligible for the playoff payment: football, volleyball, basketball, baseball, softball and soccer.

MEMORANDUM OF UNDERSTANDING
Between the
SCHOOL DISTICT OF MANATEE COUNTY
AND
MANATEE EDUCATION ASSOCIATION 3821

This memorandum of Understanding between the School District of Manatee County (District) and the Manatee Education Association (MEA) Teacher Bargaining Unit, hereby referred to as "the parties" mutually agree to the following modifications to their 2024-2026 Collective Bargaining Agreement (CBA) in Article XII, Compensation and Health Benefits; Subdivision 6 – Teacher payday as specified in the below language.

ARTICLE XII COMPENSATION AND HEALTH BENEFITS
Subdivision 6 - Teacher Payday:

Bi-weekly Pay: Salary shall be distributed to employees based on the payroll distribution selected by the teacher from the below options. Selection of a pay option will be in the spring of the preceding school year and cannot be changed for that school year. All options shall be available for Teachers hired prior to the beginning of the work year. Payments shall be distributed on the second Friday following the end of the pay period.

a. For the 2025-26 work year, Salary shall be distributed in 27 ~~26~~ payroll distributions. The first payroll distribution in the 2025-26 work year ~~each year~~ shall be for ~~the number of days worked prior to the close of the first pay period of the work year of no less than 4~~ the first 5 days and paid on the August 8, 2025 payroll distribution date. The remaining pay shall reflect the remaining annual teacher pay in 26 regular payroll distributions ~~shall be~~ of equal amounts based on the annual salary of the teacher minus the initial payroll distribution. The final payroll distribution shall occur on, or prior to, August 7, 2026. Beginning with the 2026-2027 work year, Salary shall be distributed in 26 equal payroll distributions. The first payroll distribution shall occur in the second payroll distribution date in August each year and the final payroll distribution shall occur on the first payroll distribution date in August of the following year.

b. For the 2025-26 work year, Salary shall be distributed in 27 ~~26~~ payroll distributions. The first payroll distribution in the 2025-26 work year ~~each year~~ shall be for ~~the number of days worked prior to the close of the first pay period of the work year of no less than 4~~ the first 5 days and paid on the August 8, 2025 payroll distribution date. ~~The first payroll distribution in each year shall be for the number of days worked prior to the close of the first pay period of the work year of no less than 4 days pay~~. The remaining 26 ~~25~~ regular payroll distributions shall be of equal amounts based on the annual salary of the teacher minus the initial payroll distribution. The teacher shall receive the final five (5) regular payroll distributions within the first pay period in June of each year as the final payment for the work year. Beginning with the 2026-2027 work year, Salary shall be distributed in 26 equal payroll distributions. The initial payroll distribution of the work year shall occur in the second payroll distibution date in August of the work year. The teacher shall receive the final five (5) regular payroll distributions within the first pay period in June of each year as the final payment for the work year.

c. For the 2025-26 work year, Salary shall be distributed in 23 ~~22~~ payroll distributions. The first payroll distribution in the 2025-26 work year ~~each year~~ shall be for ~~the number of days worked prior to the close of the first pay period of the work year of no less than 4~~ the first 5 days and paid on the August 8, 2025 payroll distribution date. ~~The first payroll distribution in each year shall be for the number of days worked prior to the close of the first pay period of the work year of no less than 4 days pay.~~ The remaining 22 ~~21~~ regular payroll distributions shall be of equal amounts based on the annual salary of the teacher minus the initial payroll distribution. Beginning with the 2026-27 work year, salary shall be distributed in 22 equal payroll distributions. The initial payroll distribution of the work year shall occur in the second payroll distribution date in August of

the work year. The teacher shall receive the final payroll distribution in the first payroll distribution in June of each year as the final payment for the work year.

All other language contained within the Collective Bargaining Agreement between the parties shall remain unchanged and in full effect.

Tentative Agreements Reached

The bargaining teams of the Manatee Education Association and the School District of Manatee County met again to negotiate paraprofessional and teacher contracts on Monday, September 29, 2025.

After negotiating for many hours, the teams were able to reach tentative agreements on both the teacher and paraprofessional contracts.

The highlights are below. All documents and details including information regarding teacher and paraprofessional voting on ratification of the tentative agreements will be coming out soon.

Highlights of the Teacher Tentative Agreements are as follows:

-New decompressed placement schedule for teachers newly hired in '25-'26 giving credit for experience up to 21 years
-End the former salary schedule for teachers
-4.75% increase for all eligible teachers (those who worked 99 days or more last year) on the Performance schedule regardless of level
-4.75% increase to the Performance Schedule degree supplements
-$100 for teachers rated Effective and $125 for teachers rated Highly Effective who are on the Performance Schedule as required by FL Statute
-4.75% increase for all eligible teachers (those who worked 99 days or more last year) on the Grandfathered schedule regardless of level
-Retention supplement for 16+ and 25+ years of experience maintained
-Differentiated Supplement schedule increased by 4.75%
-Supplement added for Speech Language Pathologists

Highlights of the Paraprofessional Tentative Agreements are as follows:

-Summary of the Tentative Agreement Pg. 001
- One (1) step movement on the salary schedule for eligible paraprofessionals (those who worked 99 days or more last year) Pg. 002-004
- $0.60 per hour increase applied to each step of the salary schedule for all paraprofessionals Pg.002-004

Teachers and Paraprofessionals

- The Memorandum of Understanding (MOU) regarding the referendum supplement (the millage) for the 2025-2026 school year was signed. The referendum supplement for paras will be $3598, and for teachers the referendum supplement will be $9537. Pg. 006

- There will be a 4% increase in all health insurance premiums beginning in January 2026. The premiums will be divided over 22 checks in the calendar year. Pg. 005

- For both contracts, all current contract language including health insurance plan benefits continues until 2026-2027 negotiations.

- All salary improvements are retroactive to July 1, 2025.

Next Steps

Salary schedules and other details including information regarding teacher and paraprofessional voting on ratification of the tentative agreements will be coming out soon.

Then, the School Board will place the agreements on their agenda.

Many thanks to the MEA and District bargaining teams for their hard work in reaching these tentative agreements on behalf of teachers and paraprofessionals.

Dr. Laurie Breslin, Superintendent **Pat Barber, MEA President**

MEMORANDUM OF UNDERSTANDING
Between the
SCHOOL DISTICT OF MANATEE COUNTY
AND
MANATEE EDUCATION ASSOCIATION 3821

This memorandum of Understanding between the School District of Manatee County (District) and the Manatee Education Association (MEA) Teacher Bargaining Unit, hereby referred to as "the parties" mutually agree to the following modifications to their 2024-2026 Collective Bargaining Agreement (CBA) in Article XII, Compensation and Health Benefits; Subdivision 6 – Teacher payday as specified in the below language.

ARTICLE XII COMPENSATION AND HEALTH BENEFITS
Subdivision 6 - Teacher Payday:

Bi-weekly Pay: Salary shall be distributed to employees based on the payroll distribution selected by the teacher from the below options. Selection of a pay option will be in the spring of the preceding school year and cannot be changed for that school year. All options shall be available for Teachers hired prior to the beginning of the work year. Payments shall be distributed on the second Friday following the end of the pay period.

a. For the 2025-26 work year, Salary shall be distributed in 27 ~~26~~ payroll distributions. The first payroll distribution in the 2025-26 work year ~~each year~~ shall be for ~~the number of days worked prior to the close of the first pay period of the work year of no less than 4~~ the first 5 days and paid on the August 8, 2025 payroll distribution date. The remaining pay shall reflect the remaining annual teacher pay in 26 regular payroll distributions ~~shall be~~ of equal amounts based on the annual salary of the teacher minus the initial payroll distribution. The final payroll distribution shall occur on, or prior to, August 7, 2026. Beginning with the 2026-2027 work year, Salary shall be distributed in 26 equal payroll distributions. The first payroll distribution shall occur in the second payroll distribution date in August each year and the final payroll distribution shall occur on the first payroll distribution date in August of the following year.

b. For the 2025-26 work year, Salary shall be distributed in 27 ~~26~~ payroll distributions. The first payroll distribution in the 2025-26 work year ~~each year~~ shall be for ~~the number of days worked prior to the close of the first pay period of the work year of no less than 4~~ the first 5 days and paid on the August 8, 2025 payroll distribution date. ~~The first payroll distribution in each year shall be for the number of days worked prior to the close of the first pay period of the work year of no less than 4 days pay~~. The remaining 26 ~~25~~ regular payroll distributions shall be of equal amounts based on the annual salary of the teacher minus the initial payroll distribution. The teacher shall receive the final five (5) regular payroll distributions within the first pay period in June of each year as the final payment for the work year. Beginning with the 2026-2027 work year, Salary shall be distributed in 26 equal payroll distributions. The initial payroll distribution of the work year shall occur in the second payroll distibution date in August of the work year. The teacher shall receive the final five (5) regular payroll distributions within the first pay period in June of each year as the final payment for the work year.

c. For the 2025-26 work year, Salary shall be distributed in 23 ~~22~~ payroll distributions. The first payroll distribution in the 2025-26 work year ~~each year~~ shall be for ~~the number of days worked prior to the close of the first pay period of the work year of no less than 4~~ the first 5 days and paid on the August 8, 2025 payroll distribution date. ~~The first payroll distribution in each year shall be for the number of days worked prior to the close of the first pay period of the work year of no less than 4 days pay.~~ The remaining 22 ~~21~~ regular payroll distributions shall be of equal amounts based on the annual salary of the teacher minus the initial payroll distribution. Beginning with the 2026-27 work year, salary shall be distributed in 22 equal payroll distributions. The initial payroll distribution of the work year shall occur in the second payroll distribution date in August of

the work year. The teacher shall receive the final payroll distribution in the first payroll distribution in June of each year as the final payment for the work year.

All other language contained within the Collective Bargaining Agreement between the parties shall remain unchanged and in full effect.

AGENDA ITEM NO. 14.7

School Board of Manatee County
October 28, 2025 - Regular Board Meeting
Action Item

Title
Approval of the 2025-2026 Salary Schedules for Teacher Performance Hiring Salary Schedule, Para and MEA Salary Supplement Schedule, Grandfathered Teacher Salary Schedule, Hourly Non-Bargaining, SAMP, School Administrator (Multiple Funding Sources)

Executive Summary
Rule 6A-1.052, Florida Administrative Code, requires each School Board to adopt salary schedules for all employees and a payroll period schedule annually. The adopted schedules must be submitted to the Florida Department of Education (DOE) as part of the District's summary budget package.

All 2025-2026 Salary Schedules will be updated next school year, pending the Manatee Education Association (MEA) / American Federation of State, County and Municipal Employees (AFSCME) negotiations and budget allocations.

If this agreement is not ratified by the Manatee Education Association (MEA), then this Board item will be removed.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready To Grow | Goal 1
Develop a competitive employee salary schedule to keep and attract the best talent and continue to provide quality customer service to our staff and parents

Recommendation
The Superintendent recommends approval of the 2025-2026 salary schedules for Teacher Performance Hiring Salary Schedule, Para and MEA Salary Supplement Schedule, Grandfathered Teacher Salary Schedule, Hourly Non-Bargaining, SAMP, School Administrator. (Multiple Funding Sources).

Financial Impact
The 2025-2026 salary schedules reflect an estimated salaries, supplements and benefits increase across all funds of $14,700,490.

APPENDIX "B" – Differentiated Pay Salary Schedule

2025-26 Salary Supplement Schedule for Other School Personnel

1. Athletic Directors shall be assigned full teaching and/or administrative duties with general direction over athletic activities.

2. Personnel who coach combined boys and girls teams shall receive only one basic supplement for that sport.

3. With the exception of coaching supplements specifically designated for middle school sports, all coaching supplements are for high school sports only.

4. Supplemented coaches of the varsity sports listed below shall be paid $20 per day for each day of practice or competition required for play-off games sanctioned by FHSAA, which are beyond district level competition. Such payments shall not exceed $100 per week.

5. Only those varsity coaches who are supplemented to coach the following varsity sports shall be eligible for the playoff payment: football, volleyball, basketball, baseball, softball and soccer.

Supplement Description	**2025-2026**
ATHLETIC DIRECTOR	$6,395
ATHLETIC DIRECTOR, Middle School	$1,283
ATHLETIC TRAINER	$9,376
BASEBALL, Head Varsity	$4,491
BASEBALL, First Assistant	$3,745
BASEBALL, Second Assistant	$2,619

SCHOOL DISTRICT OF MANATEE COUNTY

2025-2026

School Administrators Salary Plan

for

Principals, Assistant Principals, and Athletic Directors

The School Administrators Salary Plan is calculated using several areas.

Base Pay is the initial salary placement. Upon hire, school administrators are placed on the School Administrators Salary Plan on an appropriate step commensurate with the administrator's previous years of experience in the same school-based position or comparable district position *(ex: prior years AP experience to AP Base Pay Placement; prior years Principal experience to Principal Base Pay placement; SAMP schedule to School Administrator Salary Plan).*

Experience is granted for each full school year in that position. Administrators who start after the first student attendance day of Semester 2, will not be given a full year credit. Assistant Principal or other district-level experience may not be used for Principal placement, except in cases where placement on Step 1 or any step lesser than a candidate's current salary would result in a reduction in compensation for lateral duties. A Principal, Assistant Principal, or Athletic Director must work a full four (4) years at their assigned Pay Grade at each step to be eligible to move to the next step. Eligibility is after accumulating and completing 4, 8, 12, 16, or 20 years of experience in the same position. This is calculated by using the start date in the position to the first student attendance day of Semester 2 of each year and from the step of initial pay grade and step placement as long as the position is the same *(ex: Assistant Principal to Assistant Principal; Principal to Principal at that Pay Grade; Athletic Director to Athletic Director at that Pay Grade.)*

Once Base Pay is determined, supplements are added related to the demographics of the school that the school administrator is assigned to. The Demographic Supplement amounts are based on the student enrollment at the school from the previous year's Survey 2 FTE Count and if it is a Title One school.
In addition to Base Pay and a Demographic Supplement, if the School Administrator holds an advanced degree other than the master's degree that is required for the position, a Degree Supplement is given.

The School Administrators Salary Schedule is a Performance Based Salary Schedule. Each year Principals and Assistant Principals are evaluated by the either the Executive Director of Elementary Schools or Executive Director of Secondary Schools. The performance evaluation includes metrics for student achievement, growth, etc. Those metrics, observations from the Executive Director, and goal setting determine an overall rating that is then used to calculate a Performance Supplement. The Performance Supplement is a percentage calculated on the school administrator's total compensation after all adjustments that includes all supplements and remains year after year. Every year a new Performance Supplement is added to the school administrator's total compensation if an Effective or Highly Effective rating is earned. Ratings of Needs Improvement/Developing, or Unsatisfactory will not receive a performance supplement increase. Performance Supplements earned as an Assistant Principal are removed when being promoted to a Principal and are awarded after one full evaluation cycle as a Principal; however, the Superintendent may authorize full or partial carryover of a performance supplement in cases where promotion or transfer to Assistant Principal or Principal would result in a reduction in compensation.

Athletic Directors receive a raise in accordance with the Annual Salary Raise for Athletic Directors as detailed on page 4 below.

Finally, from time-to-time School Administrators might be asked or will volunteer to serve on district committees or have other responsibilities on an annual basis. An Other Responsibilities Annual Supplement may be paid. Additionally, a Professional Development Annual Supplement may be given as well. The Other Responsibilities Annual Supplement and Professional Development Annual Supplement are awarded by the Superintendent or designee annually and do not carry over and are not guaranteed year after year.

Please note that all additional annual supplements are assigned at the discretion of the Superintendent.

BASE PAY

Principals, Assistant Principals, and Athletic Directors are initially placed upon hire on the Performance Pay Grades below. Each pay grade is a difference of $6,453 for Principals and $3,434 for Assistant Principals and Athletic Directors.

PRINCIPAL BASE PAY (246 Days)						
Years of Completed Experience	Step 1 Beginning to completion of 4 years	Step 2 4+ years to completion of 8 years	Step 3 8+ years to completion of 12 years	Step 4 12+ years to completion of 16 years	Step 5 16+ years to completion of 20 years	Step 6 20+ years
P10 Elem.	$85,041	$91,494	$97,947	$104,401	$110,854	$117,307
P11 Middle	$90,907	$97,361	$103,814	$110,268	$116,721	$123,174
P12 High	$96,772	$103,225	$109,679	$116,132	$122,585	$129,038

ASSISTANT PRINCIPAL BASE PAY (240 Days)						
Years of Completed Experience	Step 1 Beginning to completion of 4 years	Step 2 4+ years to completion of 8 years	Step 3 8+ years to completion of 12 years	Step 4 12+ years to completion of 16 years	Step 5 16+ years to completion of 20 years	Step 6 20+ years
P07 Elem.	$74,384	$77,818	$81,251	$84,684	$88,117	$91,551
P08 Middle	$78,962	$82,396	$85,829	$89,262	$92,695	$96,129
P09 High	$83,539	$86,974	$90,406	$93,839	$97,273	$100,707

ATHLETIC DIRECTOR BASE PAY (240 Days)						
Years of Completed Experience	Step 1 Beginning to completion of 4 years	Step 2 4+ years to completion of 8 years	Step 3 8+ years to completion of 12 years	Step 4 12+ years to completion of 16 years	Step 5 16+ years to completion of 20 years	Step 6 20+ years
P07	$74,384	$77,818	$81,251	$84,684	$88,117	$91,551

Base Pay is indicated with rate code NAANNL in PeopleSoft Job Data.

DEMOGRAPHIC SUPPLEMENT

Principals, Assistant Principals, and Athletic Directors are paid a Demographic Supplement on top of the Base Pay based on student enrollment and Title One school status. Demographic supplement eligibility is based on the previous school year's Survey 2 FTE Count.

PRINCIPAL DEMOGRAPHICS		
ELEMENTARY	NON-TITLE 1	TITLE 1
0 – 500	$2,200	$3,300
501 – 750	$3,300	$4,950

AGENDA ITEM NO. 14.8

School Board of Manatee County
October 28, 2025 - Regular Board Meeting
Action Item

Title
Approval of the 2025-2026 Classroom Teacher and Other Instructional Personnel Salary Increase Allocation Plan (No Financial Impact)

Executive Summary
Pursuant to Section 1011.621(14), Florida Statutes, each district is required to submit a plan approved by the District school board for the distribution of the 2025-2026 Classroom Teacher and Other Instructional Personnel Salary Increase Allocation (Salary Increase Allocation) funds to the Florida Department of Education by October 1, 2025, using templates issued by the FLDOE.

The Allocation (TSIA) is $24,361,819, which is split into a Maintenance Allocation of $22,537,217 and a Growth Allocation of $1,824,602. The amount of the TSIA will not change in any subsequent calculation of the FEFP. This plan is based on a tentative agreement with the MEA Union that was made on September 30, 2025, and is subject to MEA membership ratification.

If this agreement is not ratified by the Manatee Education Association (MEA), then this Board attachment will be replaced.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready To Grow | Goal 1
Develop a competitive employee salary schedule to keep and attract the best talent and continue to provide quality customer service to our staff and parents

Recommendation
The Superintendent recommends approval of the 2025-2026 classroom teacher and other instructional personnel salary increase allocation plan. (No Financial Impact)

Financial Impact
There is no financial impact.

2025-26 SALARY INCREASE ALLOCATION
DISTRICT DISTRIBUTION PLAN
DUE OCTOBER 1, 2025

This file is a template to assist school districts with providing the necessary Salary Increase Allocation information to the department to comply with section 1011.62, Florida Statutes. Please review the Frequently Asked Questions provided with the department's 2025-26 Salary Increase Allocation memorandum for additional information on the administration of these funds.

All school districts are required to submit this template prior to receiving the growth allocation component of their Salary Increase Allocation funds. The following instructions will help you complete this requirement.

1. Complete the following table:

District Name (choose from drop-down menu)	Manatee
Contact Name:	Gina A. Maliniak
Contact Phone:	941 708-8770 x41247
Contact Email:	maliniakg@manateeschools.net
Does this file represent a board-approved plan?	
Does this file represent a union-ratified plan?	

2. Navigate to the "District Plan" tab of this workbook. Enter data where indicated by colored cells. Once this has been completed, review the error report in Section D and ensure that the last item shows a "Yes" before moving on.

3. Submit this document through the online submission link provided in the department's memorandum to school district finance officers. Charter schools should submit their distribution plans directly to their sponsoring school district.

	2025-26 SALARY INCREASE ALLOCATION DISTRICT DISTRIBUTION PLAN TEMPLATE DUE OCTOBER 1, 2025	
	Instructions: Use this template only if you are submitting a plan for a school district. Charter schools should use the charter specific template. Complete the following sections in order, then review the error report at the end of the survey. **DO NOT modify this template**. Enter data as directed, as any modification will result in the need for a resubmission.	
	Boxes with this color indicate that data should be entered. Do not modify other cells.	
	District Name (From the District Plan Tab)	Manatee
	SECTION A - Allocation Data	
A1	District proportionate share of the Maintenance Allocation (do not include charter school funds).	$18,014,254
A2	District proportionate share of the Growth Allocation (do not include charter school funds).	$1,458,425
A3	District proportionate share of the Salary Increase Allocation from 2025-26 FEFP Conference Calculation.	$19,472,679
	SECTION B - Maintenance Allocation: Used to maintain the salary increases provided through the Salary Increase Allocation in previous fiscal years. If the cost to maintain these increases is greater than the district's Maintenance Allocation, other funding sources must be used to cover this difference. If the cost to maintain these increases is less than the district's Maintenance Allocation, the remaining funds will be combined with the district's Growth Allocation. See FAQs Q1 through Q4. Do not include charter school data in this section.	
B1	Funds available for the maintenance of prior year Salary Increase Allocation increases.	$18,014,254
B2	Total cost to maintain the salary increases provided through the Salary Increase Allocation in previous years (enter the total cost here, even if it exceeds the allocation).	$19,315,389
B3	Funds remaining from the district's share of the 2025-26 Maintenance Allocation.	$0
	SECTION C - Growth Allocation: Provided for increased personnel compensation costs or to provide salary increases to full-time classroom teachers and certified prekindergarten teachers funded in the Florida Education Finance Program with at least two years of full-time teaching experience in a Florida public school and/or other instructional personnel defined in s. 1012.01(2)(a)-(d), F.S. See FAQs Q5 through Q9. Do not include charter school data in this section.	
C1	Funds available from the growth allocation and remaining maintenance allocation (A2+B3).	$1,458,425
	Increased Personnel Compensation Cost	
C2	Total planned expenditures of **Salary Increase Allocation funds** used for increased employer retirement contribution.	$624,587
C3	Total planned expenditures of **Salary Increase Allocation funds** used for increased health insurance costs.	$0
C4	Total planned expenditures of **Salary Increase Allocation funds** used for other increased compensation costs.	$0

C5	Total planned expenditures of **Salary Increase Allocation funds** used for increased compensation costs.	$624,587
	Minimum Base Salary Figures	
C6	Minimum base salary for teachers as defined in s. 1012.01(2)(a), F.S., including certified prekindergarten teachers funded in the FEFP, prior to any salary increases provided in the 2025-26 year.	$49,702
C7	Adjusted minimum base salary for 2025-26 for full-time classroom teachers as defined in s. 1012.01 (2)(a), F.S., after implementation of the Salary Increase Allocation and any additional funding sources used.	$49,702
C8	Increase in the minimum base salary, if any, as a result of the Salary Increase Allocation (Item C7 minus Item C6) and any additional fund sources.	$0
	Minimum Base Salary Expenditures	
C9	Total planned expenditure of funds **from the Salary Increase Allocation**, if any, used to increase salaries for full-time classroom teachers (with at least two years of full-time teaching experience in a Florida public school) to the minimum base salary listed in item C7.	$0
C10	Total planned expenditure of funds **from sources other than** the Salary Increase Allocation, if any, used to increase salaries for full-time classroom teachers to the minimum base salary listed in item C7.	$0
	General Salary Increases	
C11	Total planned expenditure of **Salary Increase Allocation funds** used to provide salary increases to full-time classroom teachers with at least two years of full-time teaching experience in a Florida public school.	$833,838
C12	Total planned expenditure of **Salary Increase Allocation funds** used to provide salary increases to increase full-time instructional personnel as defined by s. 1012.01(2)(b)-(d), F.S**.**	$0
C13	Total dollar amount of unused funds (Item C1 minus Item C4, C9, C11 and C12). This cell should be zero.	$0

	Section D - Error Report: *The following items will indicate whether there is an error with the data entered on the report or if some data should be verified for accuracy. Do not submit this report unless item D3 in this section is marked YES.*	
D1	Data entered in all fields (if "No," verify that all orange boxes contain data, even if 0).	Yes
D2	The minimum base salary is greater than or equal to the previous year (if "No," please correct, as the minimum base cannot be lower than what was the previous amount).	Yes
D3	If the minimum base salary does not have an increase, there should be no cost under "Minimum Base Salary Expenditures."	Yes
D4	C13 equals zero.	Yes

D3	2025-26 Salary Increase Allocation Distribution Plan ready to submit?	Yes

AGENDA ITEM NO. 14.9

School Board of Manatee County
October 28, 2025 - Regular Board Meeting
Action Item

Title
Approval of the Parrish Classical Preparatory Academy Contract for the 2025-2032 School Years (No Net Financial Impact)

Executive Summary
Parrish Classical Preparatory Academy (PCPA) submitted an application for a charter school to serve the K-12 grade population. Florida Statute 1002.33(6)(b) requires that the School Board shall receive and review all applications for a charter school. The application was approved by the School Board on July 22, 2025.

Upon approval of the application, the SDMC and PCPA entered contract discussions. The resulting contract is attached, and if approved by the Board, the contract shall become effective November 1, 2025, and shall be for a term of seven (7) years, to include up to two (2) planning years, commencing on July 1, 2027, and ending on June 30, 2032, unless terminated or extended.

The Parrish Classical Preparatory Academy will offer an education program to students in grades K-12 with a projected enrollment of 710 in the 2027-28 school year for grades K-7, with a maximum enrollment of 1410 by Year 5 for grades K-12. The 2025-2026 and 2026-2027 school years will serve as planning years. Per the PCPA application, the Mission of the school is as follows: "Parrish Classical Preparatory Academy will educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum." The school vision states: "Parrish Classical Preparatory Academy will foster a dynamic K-12 learning environment that inspires lifelong scholarship and develops the skills, knowledge, and agency to navigate an ever-changing world." The PCPA contract meets the state requirements as set forth in Florida Statute 1002.33. A copy of the contract is attached, along with related appendices.

This item aligns with the District's Strategic Plan Goal(s) which state(s):

Ready To Learn | Goal 4
Develop effective professional development and high-quality instructional coaching for teachers to support rigorous literacy instruction across all grades

Recommendation

The Superintendent recommends approval of the Parrish Classical Preparatory Academy Contract for the 2025-2032 School Years (No Net Financial Impact).

Financial Impact

Parrish Classical Preparatory Academy will receive ninety five percent (95%) of the Full-time Equivalent (FTE) for the first two hundred-fifty (250) students attending the charter school, and other appropriate funds based on actual enrolment as reported in FTE survey reports. The administrative fee provides the charter management services, procession of teacher certification data, and information services including access to student information systems.

Definitions

Definitions: The following terms shall have the following meanings herein unless the context clearly requires otherwise:

Application shall mean the School's application for a Charter (including amendments) as submitted to and approved by the Sponsor.

Governing Board shall mean the governing board or body of the School.

Charter shall mean this Charter entered into between the School and the Sponsor.

County shall mean Manatee County, Florida.

District shall mean the school district for the County as referenced in Art. IX, Section 4, Florida Constitution.

FDOE shall mean the Florida Department of Education.

High-Stakes Review shall mean an in-depth Sponsor review of important charter school performance data utilizing the agreed upon goals and objectives referenced in this Charter. This review differs from routine annual reports in terms of depth and comprehensiveness of the data reviewed.

School shall mean Parrish Classical Preparatory Academy (PCPA).

Sponsor shall mean the school board of the District as referenced in Art. IX, Section 4, Florida Constitution.

State shall mean the State of Florida.

Superintendent shall mean the superintendent of schools for the District as referenced in Art. IX, Section 4, Florida Constitution.

Section 1

A. Application is Approved. The Application is approved by the Sponsor. A copy of the Application is attached hereto as Appendix 1 and constitutes a part of this Charter. In the event of any conflict between the Application and any other provision of this Charter, the Charter provision shall control.

B. Term of Charter.

1. Effective Date. This Charter shall become effective on the date it is approved by both parties.

2. Term. The term of this Charter shall be 7 years commencing on November 1, 2025, including two years 25-26 and 26-27 as planning years, and ending on June 30, 2032, unless terminated sooner as provided herein, or extended pursuant to Section 1.B.2., herein. The term shall be automatically extended on a month-to-month basis until the Charter has been renewed, non-renewed, or terminated by the Sponsor. If the parties cannot reach agreement on the terms of a new contract, either party may request mediation from the FDOE, pursuant to section 1002.33(7)(b), Florida Statutes. If the Commissioner of Education determines that the dispute cannot be settled through mediation, the dispute may be appealed to an administrative law judge appointed by the Division of Administrative Hearings. The administrative law judge has final order authority to rule on the dispute, including whether proposed provisions of the Charter violate the intended flexibility granted charter schools by statute.

3. Start-Up Date. For the first year of operating under this Charter the School shall begin classes on the same day as the Sponsor or at such other time as otherwise determined by the Governing Board. The School cannot open absent submission of all required Pre-Opening documents as specified in Section 11 of this Charter. The School may defer the opening of its operations for up to three years to provide time for adequate facility planning. The School must provide written notice of such intent to the Sponsor and the parents of enrolled students at least 30 calendar days before the first day of school. The first two planning year(s) will extend the term of this Charter. Failure to open the School after all available deferral years is good cause for termination of this Charter.

4. Charter Modification. This Charter may be modified during its initial term or any renewal term only upon approval of both parties. No such modification shall be enforceable unless it is in writing and approved by both the Governing Board and the Sponsor. If the modification involves changes to the grade levels, except as provided by law for high-performing charter schools, the School must provide information acceptable to the Sponsor relating to operational capacity, curriculum, budget, facilities, and staff.

5. Charter Renewal. This Charter may be renewed as provided for in section 1002.33, or 1002.331, Florida Statutes. No later than September 15 in the final academic year of this charter, a Sponsor shall provide notice to the School regarding the process and timeline for completing the programmatic review required under section 1002.33(7)(c)1., Florida Statutes. Upon completion of the programmatic review, but no later than 90 days prior to the end of the charter term, the Sponsor shall notify the governing board of the Charter School in writing of the proposed action to renew, terminate, or non-renew the charter, pursuant to section 1002.33(8)(a), Florida Statutes. The Sponsor may not require the School to waive the provisions of s. 1002.331, Florida Statutes, or require a student enrollment cap that prohibits a high-performing charter school from increasing enrollment in accordance with s. 1002.331(2), Florida Statutes, as a condition of approval or renewal of the Charter.

6. Periodic Review and Evaluation. The Sponsor shall annually evaluate the School on its performance and progress toward meeting the standards and targets included in this Charter, including academic achievement goals. If the term of this Charter exceeds five years, the Sponsor shall conduct a High-Stakes Review at least every five years and shall present the findings of the review to the Governing Board of the School.

7. The School agrees that it will abide by all Federal and State laws, statutes, rules and regulations applicable to any construction and /or renovations, as it relates to Charter Schools.

C. Education Program and Curriculum

1. Any material change to the education program or curriculum as described in the approved Application or Charter requires Sponsor approval.

2. The School agrees to implement its educational and related programs as specified in the Application unless otherwise modified by this Charter.

3. The School shall make reading a primary focus of the curriculum and provide sufficient resources to identify and provide specialized instruction for students who are reading below grade level. The reading curriculum and instructional strategies shall be consistent with Florida Standards and grounded in scientifically based reading research.

4. The School shall adopt the District's plan for English Language Learners, or implement an alternate District approved plan. If applicable, the School's plan for English Language Learners is attached hereto as Appendix 3. The plan must include sufficient information and detail to allow the Sponsor to determine legal sufficiency.

5. The School will establish the current incoming baseline standard of student academic achievement, the outcomes to be achieved, and the method of measurement that will be used, as described in the approved Application or otherwise described in this Charter.

D. Renewal, Non-Renewal, or Termination

1. Non-Renewal/Termination of this Charter. The Sponsor shall make student academic achievement for all students the most important factor when determining whether to renew or terminate this Charter. The Sponsor may choose not to renew or terminate this Charter if it finds that any of the following grounds below exist by clear and convincing evidence, as set forth in section 1002.33(8), Florida Statutes.

i. Failure to participate in Florida's education accountability system

created in s. 1008.31, as required in this section, or failure to meet the requirements for student performance established pursuant to Section 2A of the Charter.

ii. Failure to meet generally accepted standards of fiscal management.

iii. Material violation of law.

2. The Sponsor shall notify the Governing Board in writing at least ninety days prior to renewing, non-renewing, or terminating this Charter, following the procedures set forth in section 1002.33(8), Florida Statutes.

i. If the Sponsor issues a notice of non-renewal or termination, the notice shall state in reasonable detail the grounds for the proposed action and stipulate that the Governing Board may, within 14 calendar days of receipt of the notice, request a hearing.

ii. A request for a hearing must be authorized by a vote of the Governing Board and be submitted pursuant to the Notice provisions of this Charter.

3. The Sponsor may immediately terminate this charter pursuant to section 1002.33(8)(c), Florida Statutes.

i. Upon receipt of notice of immediate termination from the Sponsor, the School shall immediately provide the Sponsor access to the School's facilities along with security system access codes and access codes for all School owned or leased computers, software, networking, switching and all other technical systems in the School's facilities or remotely located areas serving the School, and shall immediately make accessible all educational and administrative records of the School. Moreover, within two (2) business days, the School shall turn over to the Sponsor copies of all records and information regarding the accounts of all of the public funds held by the School. The Sponsor shall assume operation of the school throughout the pendency of the hearing as provided for in s. 1002.33(8)(d), Florida Statutes, unless the continued operation of the School would materially threaten the health, safety or welfare of the students. Failure by the Sponsor to assume and continue operation of the School shall result in the awarding of reasonable costs and attorney's fees to the School if the School prevails on appeal. If the School prevails in an appeal through a final adjudication by an administrative law judge or by a final adjudication and mandate by the appellate court if an appeal to the appellate court is filed, the Sponsor shall, immediately, return to School all keys, security codes, all educational and administrative records of the School, and the School's facility. In that case, the School's Governing Board shall resume operation and oversight of the School.

ii. The School's instructional and operational employees may continue

working in the School during the time that the Sponsor operates the School, at the Sponsor's option, but will not be considered employees of the Sponsor. Any existing employment contracts that any School personnel may have with the School may not be assumed or transferred to the Sponsor or any entity created by the Sponsor during the assumption of operations of the School unless the Sponsor or its entity, and the School, agree otherwise. The Sponsor reserves the right to take any appropriate personnel action regarding the School's employees.

4. If the School elects to terminate or non-renew the Charter, it shall provide reasonable prior notice of the election to the Sponsor indicating the final date of operation as voted by the Governing Board at a publicly noticed meeting. A board resolution signed by the School's Governing Board chair and secretary, indicating support of this action, shall accompany the written notification provided to the Sponsor. The School agrees that such notification shall be considered a voluntary termination by the Governing Board and a waiver of its right to a hearing or appeal.

5. Upon notice of termination or non-renewal the School shall not remove any public property from the premises without written Sponsor approval.

E. Post Termination Provisions

1. If this Charter is not renewed or is terminated, the School shall be responsible for all the debts of the School. The District shall not assume the debt from any contract for services including lease or rental agreements, made between the School and a third party, except for a debt previously detailed and agreed upon, in writing, by both the Sponsor and the Governing Board and that may not reasonably be assumed to have been satisfied by the Sponsor.

2. In the event of termination or non-renewal of this Charter, any and all leases existing between the District and the School shall be automatically cancelled, unless the lease provides otherwise. In no event shall the District be responsible under any assignment of a lease for any debts or obligations of the School incurred prior to such assignment.

3. In the event of termination or non-renewal, any students enrolled at the School may be enrolled at their home District school, or any other school, consistent with the District's student transfer procedures including transfer of all student records to the receiving school. All assets of the School purchased with public funds, including supplies, furniture and equipment, will revert to full ownership of the Sponsor (subject to any lawful liens or encumbrances) or as otherwise provided by law. Any unencumbered public funds from the School, property and improvements of the Sponsor, furnishings, and equipment purchased with public funds, or financial or other records pertaining to the School, in the possession of any person, entity, or holding company, other than the School, shall be held in trust upon the Sponsor's request, until any appeal is resolved. If the School's accounting records fail to

clearly establish whether a particular asset was purchased with public funds, then it shall be presumed public funds were utilized and ownership of the asset shall automatically revert to the Sponsor.

4. Final Audit: Pursuant to section 1002.33, Florida Statutes, upon notice of non-renewal, closure, or termination, an independent audit shall be completed within 30 days to account for all public funds and assets. During the fiscal year in which the termination or non-renewal occurs, the Sponsor may withhold from the School's FEFP funds, without penalty or interest, an amount necessary to cover the costs for a final financial audit of the School. The audit shall be conducted by an independent certified public accountant.

F. General Statutory Requirements

1. The School shall not discriminate in educational programs/activities or employment and shall provide equal opportunity for all as required by Federal, State and local law, rule, regulation and court order.
2. Additionally, the School shall comply with those statutes that specifically apply to charter schools as set forth in section 1002.33 generally, subsection 1002.33(16), and other applicable State laws. The School agrees that it will abide by all Federal and State laws, statutes, rules, and regulations applicable to charter schools and also abide by the terms and conditions of the Charter.

Section 2: Academic Accountability

Student academic achievement for all students shall be the most important factor when considering whether to renew, non-renew, or terminate this charter.

A. Annual Objectives

1. By September 15 of each year the Sponsor shall provide the School with academic student performance data on state required assessments for each student attending the School that was enrolled the prior year in another public school, pursuant to s. 1002.33(7)(a)3., Florida Statutes. The Sponsor may fulfill this requirement by providing the School access to the data.

2. By September 15 of each year the Sponsor shall provide the School the rates of academic progress for the prior year for comparable student populations in the District. The data shall include proficiency and growth on state assessments for English Language Arts and Mathematics by grade grouping (grades 3-5, 6-8, 9-12) for the following student groups:
   i. Students scoring a level 1 on prior year assessment
   ii. Students scoring a level 2 on prior year assessment
   iii. Students scoring a level 3 or higher on prior year assessments
   iv. Students with disabilities
   v. English Language Learners

3. By October 15 of the first year of the School's operation, the School shall provide its proposed academic achievement goals for the current year to the Sponsor by uploading them to Charters.Link. The academic achievement goals shall include, at a minimum, growth and proficiency on state assessments, academic goals for all students, including evidence-based strategies and interventions for subgroups as identified by Federal Indexes, as well as measures of progress towards goals, and may include performance on additional assessments included in the approved Application. If the School will not serve students in grades that participate in the statewide assessments the academic achievement goals shall be based on the assessments included in the approved application, and at least one assessment administered in traditional public schools in the District.

    i. The Sponsor shall review the proposed academic achievement goals within 30 days of receipt. If the Sponsor does not accept the proposed academic achievement goals it shall provide the School a written explanation. If the School and Sponsor cannot agree on academic achievement goals either party may request mediation pursuant to section 1002.33(6), Florida Statutes. If the Sponsor does not provide written notification within 30 days of receipt, the goals shall be deemed accepted by the Sponsor.

4. By October 15 of the second year of the School's operation, the School shall provide its proposed academic achievement goals for the remaining years of the Charter, up to a maximum of four years or the end of the current Charter term, whichever occurs first, using the same parameters and testing set forth in Section 2.A.3, above. Schools that have contracts in excess of five years shall resubmit proposed academic achievement goals every four years pursuant to the process described in this paragraph.

    i. The Sponsor shall review the proposed academic achievement goals within 30 days of receipt. If the Sponsor does not accept the academic achievement goals it shall provide the School a written explanation. If the Sponsor does not respond within 30 days of receipt the academic achievement goals are deemed accepted. If the School and Sponsor cannot agree on academic achievement goals either party may request mediation pursuant to section 1002.33(6), Florida Statutes. The goals may be adjusted at any time upon mutual written consent of both parties.

5. Annually, the School shall report its performance against the academic goals. If the School falls short of the academic achievement goals set forth under the provisions of this Charter, the Sponsor shall report such shortcomings to the School's Governing Board and FDOE.

6. The School and Sponsor may agree to adjust the goals through the same process set forth in Section 2.A., above.

7. Methods of Measurement: The methods used to identify the educational strengths and needs of students are set forth in the approved Application.

8. School Improvement Plans: The School shall develop and implement a School Improvement Plan as required by section 1002.33(9)(n), Florida Statutes and applicable State Board of Education Rules or applicable federal law. If the School is not required to submit a School Improvement Plan pursuant to Section 1002.33(9), Florida Statutes, but is identified by the FDOE (under the Every Student Succeeds Act) to be included in the list of comprehensive support and improvement (CS&I) schools or targeted support and improvement (TS&I) schools, it must develop and implement a School Improvement Plan approved by the Governing Board.

B. Assessments

1. State required assessments: All students at the School will participate in all State assessment programs and assessments required by law. The School shall facilitate required alternate assessments and comply with state reporting procedures.

2. Additional Assessments: Students may participate in any or all District assessment programs in which the District students in comparable grades or schools participate and shall participate in any other assessments as described in the Application. The School shall be responsible for the costs of District assessments that are not required by law or this Charter, except those developed with federal funds or those developed using Florida's Item Bank and Test Platform

3. If an IEP, 504 Plan or an EP for a student indicates accommodations or an alternate assessment for participation in a State assessment, or District assessment, as applicable, the School will facilitate the accommodations or alternate assessment and comply with State reporting procedures.

4. All School personnel involved with any aspect of the testing process must abide by State policies, procedures, and standards regarding test administration, test security, test audits, and reporting of test results The Sponsor shall invite the School staff to District offered training related to State assessment administration and, as applicable, District Assessment administration, at no cost to the School. The Sponsor shall provide to the applicable School staff all services or support activities that are routinely provided to the Sponsor's staff regarding implementation of District and State-required assessment activities. The School shall designate a testing coordinator and shall be responsible for proper test administration. The School shall permit the Sponsor to monitor or proctor all aspects of the School's test administration, if the Sponsor deems it necessary.

5. The District shall provide the School with reports on District and State assessments in the same manner and at the same time as for all public schools in the District.

6. The School shall, at its expense, provide adequate technological infrastructure to support all required online test administration.

C. Student Promotion and Graduation: The School's student promotion policy shall be consistent with the provisions of the Application and applicable Florida law. The School will not adopt the Sponsor's student progression plan. In unique cases where PCPA administration wishes to retain students in grades K, 1, 2, 4, 5, all steps and interventions outlined in the PCPA Charters USA FL Student Progression Plan must be followed with fidelity and include the written notification to the Deputy Superintendent of Instruction for the District sixty (60) days prior to the end of that school year.

The School's policy for determining that a student has satisfied the requirements for graduation shall be consistent with the provisions of the Application, and Florida law.

Schools that serve students in grade 12 shall annually notify parents in writing the accreditation status of the school and the implications of non-accreditation, if applicable. The notification may be provided in the parent handbook.

D. Data Access and Use Pursuant to Statute

The School agrees to allow the District reasonable access to review its data sources in order to assist the District in making a valid determination about the degree to which student performance requirements, as stated in this Charter, have been met.

Section 3: Students

A. The School is authorized to serve students in grades Kindergarten through 12.

The School may provide enrollment preferences as allowed for in section 1002.33(10), Florida Statutes. Further, the School may limit the enrollment process to target specific student populations as set forth in section 1002.33(10)(e), Florida Statutes, or as described in the approved Application.

The School will accept all eligible students in accordance with federal and state anti-discrimination laws and in accordance with the Florida Educational Equity Act, section 1000.05(2) (a), Florida Statutes. The School will not discriminate on the basis of race, gender, ethnicity, religion, national or ethnic origin or disability in the admission of students. The School may not request prior to enrollment, through the application or otherwise, information regarding the student's prior academic performance. Pursuant to section 1002.33(7), Florida Statutes, admission or dismissal must not be based on a student's academic performance.

The School shall be non-sectarian in its programs, admissions policies, employment practices and operations. The School will meet all applicable state and local health, safety, and civil rights requirements. The School will comply with all applicable provisions of the Marjory Stoneman Douglas High School Public Safety Act, including the following:

1. Section 1006.12, relating to safe-school officers;

2. Section 1006.07(7), relating to threat management teams;
3. Section 1006.07(9), relating to School Environmental Safety Incident Reporting;
4. Section 1006.07(6)(c), relating to adopting an active assailant response plan;
5. Section 943.082(4)(b), relating to the mobile suspicious activity reporting tool;
6. Section 1012.584, relating to youth mental health awareness and assistance training.
7. The school shall comply with Alyssa's Law and all other monthly requirements that must be entered in Charters.Link, including, but not limited to, monthly threat assessment team meetings, active assailant and other emergency drills, and other safety measures as required by Florida law.

The School will not participate in its Sponsor's plan for the mental health assistance allocation. If the School develops its own plan, it must submit that plan to its Governing Board for approval. After the plan is approved by the Governing Board, it must be provided to the School's Sponsor.

B. The School shall make reasonable efforts, in accordance with federal law, to achieve a racial or ethnic balance reflective of the community it serves or within the racial or ethnic range of other public schools in the District and shall not discriminate against students with disabilities who are served in Exceptional Student Education programs (ESE) and students who are served as English Language Learners (ELL).

If the District is operating under a federal order or other resolution or settlement agreement, the School shall comply with those requirements applicable to charter schools that are not considered a local education agency (LEA). The School is not required to comply with federal requirements applicable to charter schools also considered to be an LEA.

C. Recruitment

The School will recruit throughout all segments of the community. This may include direct mailings, public advertisement utilizing the local and community press and informational meetings at a variety of locations using both English and other languages where appropriate.

D. Eligible Students

1. Each year, the School agrees to enroll an eligible student by accepting a timely application through deadlines as determined by the Governing Board and publicly advertised. If the target goal of students is not met by the deadline, and the School wishes to extend, the School will give sufficient public notice and extend the application deadline for a set time as determined and publicized by the Governing

Board. If, at the 10 day count, the registered enrollment as reflected in the Sponsor's data system is less than 75 percent of the School's total projected enrollment as described in either the approved application for the first year or as determined under the provisions of Section 3.F. of this Charter, the School shall, upon request by the Sponsor, submit a revised budget within 30 days taking into account the reduced enrollment. Failure to provide the revised budget may constitute good cause for termination.

2. If the number of applications exceeds the capacity of the program, class, grade level, or building, all applicants shall have an equal chance of being admitted through a random selection process. The School may give preference in admission to students or limit the enrollment as provided for in section 1002.33(10), Florida Statutes. The School shall clearly indicate in its Policies and Procedures the lottery procedures and enrollment preferences the School will utilize.

3. Enrollment is subject to compliance with the provisions of section 1003.22, Florida Statutes, concerning school entry health examinations and immunizations.

4. If this Charter is not renewed or is terminated, a student who attended the School may be enrolled in another public school pursuant to Sponsor policies.

5. A student may withdraw from the School at any time and enroll in another public school, as determined by District policy. The School shall work in conjunction with the parent(s) and the receiving school to ensure that such transfers minimize impact on the student's grades and academic achievement.

6. Students at the School are eligible to participate in an interscholastic extracurricular activity at the public school to which the student would be otherwise assigned to attend pursuant to section 1006.15(3)(d) and 1002.20(18)(c), Florida Statutes.

E. Class Size

The School shall be in compliance with Florida Constitutional Class Size Requirements, as applicable to charter schools.

F. Annual Enrollment

1. Preliminary Projected Enrollment: No later than November 1 of each year, the School shall provide to the Sponsor the School's Preliminary Projected Enrollment for the following school year. The Preliminary Projected Enrollment shall not constitute a cap on the School's enrollment for the following school year.
2. Annual Enrollment Capacity: The Annual Enrollment Capacity shall be annually determined by the Governing Board in conjunction with the Sponsor based on the factors set forth in section 1002.33(10), Florida Statutes. The School shall provide to the Sponsor by March 1 of each year of this Charter, or a date otherwise agreed

to by the Sponsor and School, the proposed Annual Enrollment Capacity for the subsequent school year. Disagreements between the Sponsor and the School relating to Annual Enrollment Capacity will be resolved using the dispute resolution provisions in this Charter and section 1002.33, Florida Statutes. The School shall not enroll students in excess of the physical capacity of the building, unless the School operates multiple sessions, in which case, the physical capacity of the School shall not be exceeded during any session. The Annual Enrollment Capacity of a School that is designated as High-Performing pursuant to section 1002.331, Florida Statutes, shall be determined by the Governing Board.

3. Final Enrollment Projection: No later than June 1 of each year, the School shall provide to the Sponsor the School's Final Enrollment Projection for the upcoming school year. For purposes of this Charter, Final Enrollment Projection is not Annual Enrollment Capacity but is the School's projection for how many students will be enrolled when the school year begins and will serve as the basis for initial FEFP payments.

G. Maintenance of Student Records as Required by Statute

1. The School shall maintain confidentiality of student records as required by federal and state law.

2. The School will maintain active records for current students in accordance with applicable Florida Statutes and State Board of Education rules.

3. All permanent (Category A) records of students leaving the School, whether by graduation, transfer to another public school, or withdrawal to attend another school, will be immediately transferred to the District in accordance with Florida Statutes. Records will be transmitted to the District's records retention department.

4. Records of student progress (Category B) will be transferred to the appropriate school if a student withdraws to attend another public school or any other school. The School may retain copies of the departing student's academic records created during the student's attendance at the School.

5. Upon the withdrawal of a student from the School, the School will retain the student's original records, except that such records will be immediately transferred to another District school when requested by that school. Requests for student records from public or private schools outside of the County and private schools within the County must be made in writing. Only copies of requested records may be provided. Copies only of student records may be provided to parents upon their request unless the student is considered an eligible student under FERPA. The School will retain the student's record for three (3) years after student withdrawal or until requested by another District public school in this County, whichever comes first. At the end of the third year all inactive student records will be returned to the District's records retention department.

6. Upon termination or closure of the School, all student education records, and administrative records shall be transferred immediately to the Sponsor's records retention office for processing and maintenance.

7. The School will comply with all other public record retention requirements for non-student related records in a manner consistent with applicable Florida law. The School shall comply with Fla. Stat. Chapter 119 (the Public Records Act) and all other applicable statutes pertaining to public records.

8. The Sponsor will ensure that all student records will be provided immediately to the School upon request and upon enrollment of students in the School from a District school.

9. The School must maintain a record of all the students who apply to the School, whether or not they are eventually enrolled. The information shall be made available to the Sponsor upon written request. However, such requests may not be made until after the October survey period. The School shall maintain documentation of each enrollment lottery conducted. Such documentation shall provide sufficient detail to allow the Sponsor to verify that the random selection process utilized by the School was conducted in accordance with section 1002.33(10)(b), Florida Statutes. Records must be maintained in accordance with applicable record retention laws.

H. Exceptional students shall be provided with programs implemented in accordance with applicable Federal, state and local policies and procedures; and, specifically, the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, sections 1000.05 and 1001.42(4) (l) of the Florida Statutes, and Chapter 6A- 6 of the Florida Administrative Code. This includes, but is not limited to:

1. A non-discriminatory policy regarding placement, assessment, identification, and selection.

2. Free appropriate public education (FAPE).

3. Individual Educational Plans (IEP's), to include an annual IEP meeting with the student's family.

Students with disabilities will be educated in the least restrictive environment and will be segregated only if the nature and severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

Those students, whose needs cannot be adequately addressed at the School, as determined by the IEP team, will be referred to an appropriate placement within the District. Parents of students with disabilities will be afforded procedural safeguards in their native language, consistent with the manner that those

safeguards are provided in the District's traditional schools or using the District's materials. Unless the School is specifically for students with disabilities, the School shall not request through the School's application a student's IEP or other information regarding a student's special needs, nor shall the School access such information prior to the enrollment lottery.

Upon enrollment, or notice of acceptance sent to the student, the School may request from the District information related to the student's program and needs, including the student's most recent IEP, which shall be provided within 10 days. If the School believes, upon review of the IEP, that the student's needs cannot be met at the School an IEP meeting shall be convened within 30 days. The Sponsor shall be invited to and may attend the meeting, at which time the IEP team shall determine whether the School is an appropriate placement for the student.

A representative of the Sponsor shall be invited to participate in all IEP meetings and will serve as the LEA representative. The Sponsor retains the right to determine whether or not to send a representative to such meetings. However, if no representative of the Sponsor will attend an IEP meeting, the Sponsor must designate which individual or employment position at the School will serve as LEA representative and must provide such individual with training required to serve as LEA representative.

4. Due Process Hearing:

i. A student, parent, or guardian who indicates at an IEP, EP, or 504 meeting that they wish to file for a due process hearing or State Complaint pursuant to State law and rules shall be given the appropriate forms by the School. These forms shall also be provided upon request at any other time.

ii. Due process hearing requests shall be forwarded to the Sponsor's ESE Director and the District's General Counsel within one (1) school day of receipt.

iii. The Sponsor will select and assign an attorney in consultation with the School. The School may also hire an attorney at its cost to consult and cooperate with the Sponsor. Final decisions on legal strategies shall be made by the Sponsor's attorney in consultation with the School.

iv. In cooperation with the assigned attorney, the School is responsible for scheduling resolution and mediation meetings as required under State and Federal law.

v. The Sponsor shall ensure that:
(a) The due process hearing is conducted pursuant to applicable State laws and rules;
(b) A final decision is reached; and
(c) A copy of the decision is mailed to the parties.

vi. The School shall bear all the costs associated with the administrative due

process hearing, legal representation, discovery, court reporter, and interpreter. In the event that the student, parents, or guardians prevail, either through a hearing or settlement, the School shall pay any and all attorneys' fees, reimbursements, compensatory education and any other costs incurred, agreed upon or awarded; however, the District shall assume or reimburse the costs of the defense attributable to, caused by or through the fault of the District, if any. Costs and fees incurred will be automatically reduced from the FTE funds passed through the Sponsor to the School, without any penalty of interest, although the School may request, and the parties agree to a payment plan.

If the School receives a complaint filed or becomes aware of an investigation with the Office of Civil Rights or any other governmental entity and the complaint or investigation relates to the School and could involve the Sponsor, the School shall within one (1) school day notify the Sponsor and provide the Sponsor any documentation from the agency. The School shall fully cooperate with the Sponsor during the investigation and proceeding and provide the Sponsor any relevant information. The School shall bear all costs associated with the investigation. However, the Sponsor shall assume or reimburse the costs attributable to, caused by, or through the fault of the Sponsor, if any.

I. ESE administrative services covered by the administrative fee, pursuant to section 1002.33(20), Florida Statutes, includes professional development related to IEP development; access to any electronic IEP system or forms; initial evaluation for ESE placement; and other supports and services as agreed to by the School and the District.

J. English for Speakers of Other Languages: Students at the School who are English Language Learners will be served by English to Speakers of Other Languages (ESOL) certified personnel who will follow the District's Plan for English Language Learners (ELLs), or an alternate plan that has been approved by the Sponsor. The School shall be invited to attend the District's ESOL Procedures Training(s) and shall comply with applicable rules and regulations.

K. Dismissal Policies and Procedures

The School shall implement the dismissal policies as described in the approved Application or subsequently submitted to and approved by the Sponsor. If the School materially revises the dismissal policies, it shall provide the Sponsor the revised policies within 30 days of adoption by the Governing Board. If the Sponsor determines that the revised dismissal policies violate applicable law, it shall provide the School with written notice within 30 days. The School shall have the opportunity to resubmit.

Upon the School's decision to implement dismissal, the School shall refer the student to the District for appropriate placement with the District. Dismissal procedures shall be clearly defined in writing and included in any Parent Contract, shared with students and parents annually and provided to the District no later than two weeks prior to the opening of school each year. In each instance where dismissal is initiated, the parents will receive written notice of the dismissal including the reasons for dismissal and a summary of the

actions taken to assist the student prior to dismissal. The District shall be provided a copy of the dismissal notice on the same day as the parent. The School shall work in conjunction with the parent(s) and the receiving school to assure that, to the greatest extent possible, such dismissals occur at logical transition points in the school year (e.g. grading periods or semester breaks) that minimize impact on the student grades and academic achievement.

The School may withdraw a student involuntarily for failure to maintain eligibility, such as District residency requirements, or for material violation of the School's Student Conduct Code, which must also be compliant with IDEA, Section 504 of the Rehabilitation Act, and the American with Disabilities Act (ADA) for student with disabilities.

The School may not withdraw a student involuntarily for poor academic performance or for a minor infraction of the School's Code of Conduct. The School will ensure that no pressure, coercion, negotiation or other inappropriate inducement may be used to attempt to have parents or guardians withdraw students from the School.

L. Student Code of Conduct, Suspension and Expulsion

The School will maintain a safe learning environment at all times. The School shall adopt a Code of Student Conduct as described in the approved Application. The School will report each month to the District the number of violations of the Code, by offense, to be included in the District's discipline reporting, as required by law. The School agrees that it will not engage in the corporal punishment of students. Students recommended for expulsion or placement in an alternative school will be referred to the Sponsor for appropriate disposition. If the student remains enrolled at the School while placed at an alternative school, costs for the alternative school charged to the School, if any, will not exceed the Sponsor's actual cost for such student unless mutually agreed to by the School and Sponsor in a contract negotiated separately from the Charter. Students with disabilities shall be afforded a manifestation determination if required by the Individuals with Disabilities Education Act.

M. School or Parent Contract

The School agrees to submit any proposed Parent Contracts, including amendments, to the Sponsor for review by March 1 annually. The Sponsor shall approve the proposed Parent Contract or reject it if it does not comply with applicable law, within 30 days of receipt. If the Sponsor rejects the proposed Parent Contract it shall provide its reasons for rejection in writing, detailing the legal insufficiency, and shall allow the School to resubmit a revised draft. If the School or Sponsor elects to resolve any dispute through the dispute resolution procedures, then the deadline for approving the Parent Contract will be extended through the conclusion of that dispute resolution process. The School may not accept monetary donations in lieu of volunteer hours.

Section 4: Financial Accountability

A. Revenue: State and Local

1. Basis for Funding: Student Reporting

i. School will report the daily attendance of each student to the District to meet District attendance reporting requirements, as required by law.

ii. The School agrees to report its student enrollment to the District as provided in section 1011.62, Florida Statutes, and in accordance with the definitions in section 1011.61, Florida Statutes, at the agreed upon intervals and using the method used by the District when recording and reporting cost data by program. The District shall include the School's enrollment when recording and reporting cost data by program. The District shall include the School's enrollment in the District's report of student enrollment. The School shall use the Sponsor's electronic data processing software system and procedures for the processing of student enrollment, attendance, FTE collection, assessment information, IEP's, ELL plans, 504 plans, and any other required individual student plan. The Sponsor will offer training to the School and invite the School to any subsequent training for District staff, in the use of such system and procedures at no cost to the School. A representative of the School shall attend such training. The Sponsor shall provide the School with equal access to the Sponsor's student information systems that are used by traditional public schools in the District.

iii. If the School submits data relevant to FTE, Federal, or grant funding that is later determined through the audit procedure to be inaccurate, the School shall be responsible for any reimbursement to the State, the United States Department of Education or the District for any errors or omissions in data that the School submitted provided that the District has timely sent notice to the School of alleged errors discovered through such audit(s) so that the School, on its own, or through the Sponsor, at the School's expense may participate in any proceedings to challenge or appeal such audit findings. After final disposition of any appeals, the District shall deduct any such adjustments from the School's subsequent revenue disbursements evenly over the remaining months of the fiscal year or according to an agreed upon payment plan.

iv. The District agrees to fund the School for the students enrolled as if they are in a basic program or a special program in a District school in a manner fully consistent with Florida law. The basis of the funding shall be the sum of the District's operating funds from the Florida Education Finance Program (FEFP) as provided in section 1011.62, Florida Statutes, and the General Appropriations Act, including gross state and local funds,

discretionary lottery funds and funds from the District's current operating discretionary millage levy, divided by the total funded weighted full-time equivalent students (WFTE) in the District; multiplied by the weighted full-time equivalent students for the School.

v. If the School's students or programs meet the eligibility criteria in law, the School shall be entitled to its proportionate share of categorical program funds included in the total funds available in the FEFP by the Legislature, including transportation, the research-based reading allocation, and the Florida digital classrooms allocation and any other funds made part of the FEFP by the Florida Legislature.

vi. Total funding for the School shall be recalculated during the year to reflect the revised calculations under the Florida Education Finance Program by the state and the actual weighted full-time equivalent students reported by the School during the full-time equivalent student survey periods designated by the Commissioner of Education.

2. Millage Levy, if applicable

The District shall provide additional funding to the School via any applicable capital outlay or operating millage levied by the Sponsor as required by law

3. Fees to be Charged to the School By the District.

The Sponsor may charge the School an administrative fee in an amount not to exceed the maximum rate allowed under section 1002.33(20), Florida Statutes. Such fee shall be withheld ratably from the distributions of funds, defined in section 1002.33(17)(b), Florida Statutes, to be made to the School under this Charter. Such fee shall cover only those services provided by the Sponsor which are required to be covered under such statute. If the School requests services from the Sponsor beyond those provided for in statute, the Sponsor and the School will enter into a separate written agreement approved by both parties.

The District shall provide the distribution of funds reconciliation simultaneously with each revenue disbursement to the School including any administrative and other fees and charges withheld.

4. Distribution of Funds Schedule

i. The Sponsor shall calculate and submit twelve (12) monthly or twenty- four bi-monthly payments to the account specified by the School. Each payment will be one-twelfth (1/12) or one twenty-fourth (1/24) of the funds described in Section 4.A.1., above, less the administrative fee set forth in Section 4.A.3, above. The first payment will be made by July 15 of the School's first year of

operation. Subsequent payments will be made no later than the 15th of each month beginning with August 15.

ii. For the first two years of this Charter, monthly payments will be calculated as follows:

a. July through October payment shall be based on the School's projected enrollment as described on the cover sheet of the approved Application, if a minimum of 75 percent of the projected enrollment is entered into the Sponsor's Student Information System by the first day of the current month. Otherwise, or if the School's enrollment exceeds its projected enrollment, the Sponsor shall fund the School based on the number of students actually entered in the Sponsor's Student Information System as of the first day of the current month, not to exceed the Annual Enrollment Capacity.

b. Thereafter, the results of full-time equivalent student membership surveys shall be used in adjusting the amount of funds distributed monthly to the School for the remainder of the fiscal year.

c. Payments will be adjusted retroactively for prior period adjustments.

iii. For the following years of the Charter, monthly payments will be calculated as follows:

a. July through October payment shall be based on the School's Final Projected Enrollment as determined under the provisions of Section 3.F. of this Charter, if a minimum of 75 percent of the Final Projected Enrollment is entered into the Sponsor's Student Information System by the first day of the current month. Otherwise, the Sponsor shall fund the School based on the number of students actually registered as of the first day of the month.

b. Thereafter, the results of full-time equivalent student membership surveys shall be used in adjusting the amount of funds distributed monthly to the School for the remainder of the fiscal year.

c. Payments will be adjusted retroactively for prior period adjustments.

iv. Payment shall not be made, without penalty of interest, for students in excess of the School facility's valid capacity as determined by the School's Certificate of Occupancy, Certificate of Use, or Fire Permit or in excess of the Annual Enrollment Capacity for the school year (whichever is less). In the event that the required county or municipality facility permits do not indicate a facility capacity, the School must submit a letter from the architect of record certifying the capacity of the facility.

v. The Sponsor may withhold monthly payments, without penalty of interest, if the School's Certificate of Occupancy, Certificate of Use, or Fire Permit has expired or has otherwise become invalid. The School shall notify the Sponsor immediately if any of the aforementioned documents has expired or become invalid. The Sponsor shall release, in full, all funds withheld under this provision when the School has cured the deficiency. Payments will not be withheld pending receipt of the School's Certificate of Occupancy, Certificate of Use or Fire Permit for its initial location or any subsequent location, so long as the School has met applicable statutory deadlines for obtaining such approvals.

Additionally, funding for the School shall be adjusted during the year as follows:

a. In the event of a state holdback or a proration, which reduces District funding, the School's funding will be reduced proportionately to the extent required by law.

b. In the event that the District exceeds the state cap for WFTE for Group 2 programs established by the Legislature resulting in unfunded WFTE for the District, then the School's funding shall be reduced to reflect its proportional share of any unfunded WFTE.

vi. The District shall make every effort to ensure that the School receives timely and efficient reimbursement of funds. Other than those payments provided for in this Charter, for which other requirements for timely payments have been made, the payment shall be issued no later than ten (10) working days after the District receives a distribution of state or federal funds. If a warrant for payment is not issued within ten (10) working days after the receipt of funding by the District, or the due date set forth in this Charter, the District shall pay to the School, in addition to the amount of the scheduled disbursement, interest at a rate of one percent (1%) per month calculated on a daily basis on the unpaid balance from the expiration of the ten (10) day period until such time as the warrant is issued.

Payment shall be made to the account in a state-approved depository specified and approved by the Governing Board at a public meeting.

Notwithstanding the foregoing, distribution of FTE funds may be withheld, upon written notice by the Sponsor, if any of the following required documents are more than thirty (30) day overdue:

i. The School's monthly/quarterly financial statement as required by State Board of Education Rule 6A-1.0081, F.A.C.
ii. The School's annual financial audit as required by section 218.39, F.S and this Charter.

The Sponsor shall release, in full, funds withheld under this provision within 10 days of receipt of the documents that resulted in the withholding of funds.

B. Federal Funding

Pursuant to section 1002.33(17)(d), Florida Statutes, the Sponsor shall include the School in all requests for federal funds for which the School, or its students, is eligible, including without limitations, Title I, Title II, and IDEA funds. The Sponsor will provide copies of federal fund grant requests to the School no later than the date they are submitted to FDOE or a federal agency, as applicable.

Pursuant to section 1002.33(17), Florida Statutes, unless otherwise mutually agreed to by the School and Sponsor, and consistent with state and federal rules and regulations governing the use and disbursement of federal funds, the Sponsor shall reimburse the School on a monthly basis for all invoices submitted by the School for federal funds available to the Sponsor for the benefit of the School, the School's students, and the School's students as public students in the District. If the School elects to receive funds in lieu of services, the following provisions apply:

1. The Sponsor shall provide to the School by July 15 of each year, or at other times of the school year if other federal funds become available, a projected annual allocation for all federal funds, as described above, that the School may draw as reimbursement for services provided. The projected annual allocation shall be based upon the School's Final Projected Enrollment as provided for in 3.F. of this Charter or other data as applicable to the federal funds to be allocated.

2. The School shall provide to the Sponsor a plan that describes how the funds will be used in accordance with applicable federal requirements as required by law. The plan must include sufficient detail to allow review of the plan for compliance with applicable federal regulations. The Sponsor shall have 30 days to review and approve the plan. If the Sponsor deems the plan unacceptable, the Sponsor shall provide the School with written notice detailing the deficiencies and provide an opportunity to cure.

3. The School shall submit invoices by the 15th of each month to receive reimbursement for allowable expenses incurred during the prior month. The School shall maintain documentation of all expenditures in accordance with applicable law and provide to the Sponsor upon request. Expenditures shall be included in required monthly or quarterly financial statements.

4. The Sponsor shall reimburse the School within 30 days of receipt of the invoice. If the Sponsor determines that the invoice is insufficient, it shall provide written notice to the School within ten (10) days of receipt.

5. If the School and Sponsor mutually agree that the School will receive services funded through federal funds in lieu of the funds, such services will be provided to the School in the same manner as such services are provided to school district schools and to the students enrolled at school district schools.

6. The per pupil allocation of Title I funds will be determined annually in accordance with federal and state Title I regulations by the District for that purpose. The allocation of Title I Funds shall be made in accordance with the Public Charter Extension Act of 1998 and all corresponding guidance and regulations and applicable Florida law.

7. Any capital outlay item purchased with Title I must be identified and labeled for Title I property audits. The property must be returned to the District if the School is no longer eligible for Title I funding.

8. Should the School receive Title I funds it will employ highly qualified staff: teachers that are certified and teaching infield; Para-educators with two years of college, an AA degree, or that have passed an equivalent exam.

9. If the School accepts Title I funds, the School will receive a separate parent involvement allocation that must be spent in support of parental involvement activities and the School will implement a parent involvement program subject to the provisions of Title I federal law, currently section 1118 of NCLB.

10. The District and regional Title I staff will provide technical assistance and support in order to ensure that Title I guidelines are being followed at the School and that students are meeting high content and performance standards.

11. Medicaid School Match Program Participation: Under the Medicaid Certified School Match Program, the School may be eligible to seek reimbursement for certain services provided to Medicaid-eligible students who qualify for services under the IDEA part B or C. In order to seek reimbursements, the School shall follow the procedures established by the Agency for Health Care Administration for Medicaid-reimbursable services to eligible students in the School.

C. Federal Grants

The School agrees to comply with the District's rules, policies and procedures for federal and state Grants Management for grants submitted through the District, which include, but are not limited to:

1. Working with the appropriate District staff to facilitate District's approval for all federal and state grant applications developed by the School for which the District will serve as fiscal agent

2. Submitting a grant application executive summary and grant description for each such grant processed and submitting an annual end-of-the-year Grant Final Report.

3. Ensuring that all grant indirect costs are appropriated, if allowed, to the district for applicable Federal Grants that are approved, monitored and/or disbursed by the Sponsor. For purposes of the Public Charter School Program Grant, authorized under Title V, Part B, of the Elementary and Secondary Education Act, no indirect costs may be appropriated to the Sponsor unless the School voluntarily agrees to such appropriation.

D. Charter School Capital Outlay Funds

1. Application

If the School meets the FDOE criteria for Charter School Capital Outlay Funds, the School must submit a Capital Outlay Plan pursuant to the process required by FDOE.

2. Distribution

Should the School receive a Capital Outlay allocation, the District shall distribute such funds to the School within 10 days of receipt of such funds from the FDOE.

E. Restriction on Charging Tuition or Fees

The School shall not charge tuition or fees, except those fees allowable by statute that are normally charged by other public schools in the District. If the School intends to charge fees, it shall submit its proposed fee schedule to the District for review no later than March 1 prior to the School Year in which the fees are intended to be charged, or within 30 days of contract execution for the initial school year. If the District believes that the proposed fee schedule does not meet the requirements of this subsection or applicable law, it will submit comments to the School and request additional information no later than thirty (30) days following receipt of the proposed fee schedule. If the parties are unable to resolve such issues, the matter will be submitted for alternative dispute resolution as set forth herein and Florida law. Fees shall not be a barrier to enrollment.

F. Budget

1. Annual Budget

The School shall annually prepare an operating budget for the School. The budget shall be formally adopted by the Governing Board at a scheduled public meeting.

The adoption of the budget shall be documented in the minutes of the meeting. The School shall provide to the Sponsor a copy of the approved budget and a copy of the minutes of the Governing Board meeting documenting adoption of the budget, no later than August 30, for the fiscal year.

2. Amended Budget
Any amendments to the adopted budget shall be approved by the Governing Board at a scheduled meeting thereof and a copy provided to the District within 10 business days of the meeting at which the budget was amended.

G. Financial Records, Reports and Monitoring

1. Maintenance of Financial Records

The School shall use the standard state format contained in the Financial and Program Cost Accounting and Reporting for Florida Schools (The Red Book) for all financial transactions and maintenance of financial records.

2. Financial and Program Cost Accounting and Reporting for Florida Schools The School agrees to do an annual cost accounting in a form and manner consistent with generally accepted governmental accounting standards in Florida. The financial statements are to be prepared in accordance with the provisions of section 1002.33(9), Florida Statutes.

3. Financial Reports

i. Monthly or Quarterly Financial Reports

The School will submit a monthly or quarterly, as applicable, financial statement pursuant to section 1002.33(9), Florida Statutes, and Rule 6A-1.0081, Florida Administrative Code, to the Sponsor no later than the last day of the month following the month being reported or in the case of a High-Performing charter school, financial reports shall be submitted quarterly as provided by Florida law. The monthly or quarterly report will be in the format prescribed by the FDOE.

The parties agree that the Sponsor may reasonably request, in accordance with section 1002.33(5)(b)1.j., Florida Statutes, documents on the School's financial operations beyond the monthly financial statement and the School shall provide in a reasonable timeframe.

ii. Annual Property Inventory

The School will submit annually to the Sponsor a property inventory of all capital assets or additions to capital assets purchased with public funds (including grant funds). This includes land or existing buildings,

improvements to grounds, construction of buildings, additions to building, remodeling of buildings, initial equipment, new and replacement equipment, and software. This shall include furniture, fixtures, and equipment. The property inventory shall include the date of purchase, description of the item purchased, the cost of the item, and the item location. The property inventory shall be submitted to the sponsor annually at the same time School's Annual Audit is submitted.

iii. Program Cost Report

The School agrees to deliver to the Sponsor its annual cost report in a form and manner consistent with generally accepted governmental accounting standard in Florida, no later than the last business day in July.

iv. Annual Financial Audit

The School will annually obtain a financial audit, from a licensed Certified Public Accountant or Auditor selected pursuant to section 218.391, Florida Statutes. The audit will be performed in accordance with Generally Accepted Auditing Standards; Governing Standards and the Rules of the Auditor General for the State of Florida. The School will provide a copy of its annual financial audit (including any School responses to audit findings) to the Sponsor no later than September 30.

The Sponsor reserves the right to perform additional audits and investigations at its expense as part of the Sponsor's financial monitoring responsibilities as it deems necessary to ensure fiscal accountability and sound financial management.

v. Form 990, if applicable

The School shall organize as, or be operated by, a nonprofit organization. If the School has obtained federal tax-exempt status as a 501(c) (3) organization, the School shall provide the Sponsor copies of any correspondence from the Internal Revenue Service (IRS) confirming the School's 501(c)(3) status and will provide to the Sponsor a copy of its annual Form 990 within 15 business days after filing it with the IRS. Notwithstanding anything set forth in this Charter, the Sponsor does not covenant to extend or pledge its own tax-exempt status in any way for the use and benefit of the School.

vi. The School shall provide all required financial documents noted herein in a timely manner consistent with the terms of this Charter.

4. The School's fiscal year shall be July 1 – June 30.

5. If the School's annual financial audit reveals a deficit financial position, the auditors are required to notify the School's Governing Board, the Sponsor and the FDOE in writing. The auditor shall report such findings in the form of an exit interview to the principal or the principal administrator of the School and the chair of the Governing Board within seven (7) business days after finding the deficit position.

6. A final annual financial audit report shall be provided to the entire Governing Board, the Sponsor and the FDOE within fourteen (14) business days after the exit interview.

7. If the School experiences one of the financial conditions included in section 1002.345, Florida Statutes, it shall address such findings as required by law.

H. Financial Management of School

1. The Governing Board shall be responsible for the operation and fiscal management of the School. The fiscal management of the School shall be conducted in a manner consistent with the provisions of the Application.

2. The School shall adhere to any additional applicable financial requirements mandated by State or Federal laws and regulations.

3. Notwithstanding anything else herein to the contrary, the Sponsor shall not

   i. Guarantee payment for any purchases made by the School;

   ii. Guarantee payment for any debts incurred by the School;

   iii. Guarantee payment for any loans taken out by the School.

   iv. Lend its good faith and credit in order for the School to obtain a loan or other forms of credit.

   The School shall not suggest or represent to third parties, including, but not limited to, lenders, vendors, creditors, other business entities or their representatives, governmental entities, or other individuals anything to the contrary of the immediately preceding sentences.

4. The School agrees to provide to the District, upon request, proof of sufficient funds or a letter of credit to assure prompt payment of operating expenses associated with the School, including but not limited to, the amount of any lease payments, teacher and other staff salaries and benefits, transportation cost, etc. The parties stipulate that provision of a financially feasible, adopted budget, shall be sufficient for meeting this requirement.

I. Description of Internal Operating Procedures

The School shall develop and implement sufficient internal operating procedures as described in the approved Application to ensure sound financial management.

Section 5: Facilities

A. The School shall be located at To Be Determined, Parrish, FL 34219. If the School has not secured a facility at the time the Charter is executed, the School will provide notice to the Sponsor of its location no later than the deadline established pursuant to Section 11 of the Charter. The School must provide a copy of the lease agreement, use agreement, or ownership documents and certificate of occupancy or temporary certificate of occupancy documenting compliance with all applicable codes no later than fifteen (15) days prior to the School's opening. The School shall make facilities accessible to Sponsor for safety inspection purposes. A facility for students to utilize during the class day is a material requirement of this Charter. If the facility is sub-leased, the School shall provide, upon request, documentation verifying the owner of the facility has approved the School's use of the facility if such approval is required.

Any proposed change in location or an additional location must be requested in writing to the Sponsor, and any new location must meet the same standards contained herein and applicable law. If the proposed location will not result in a substantial change to the student population or burden to the currently enrolled students and their families and does not alter the school's mission, approval shall not be unreasonably withheld. The School shall not change locations without prior written approval from the Sponsor, Superintendent or Superintendent's designee.

Notwithstanding the aforementioned, in unforeseen circumstances or emergencies, if the facility is damaged or unable to safely house students and staff, the School must notify the Sponsor, immediately, and secure an alternative location to ensure no interruption in instruction. The alternative location shall be subject to all facility requirements indicated in this section and applicable law. If the circumstances result in limited interruption of instruction the School shall ensure that the required number of instructional hours is provided.

B. The School shall use facilities that comply with the requirements in section 1002.33(18), Florida Statutes. The School shall provide the District with a list of the facilities to be used and their location. The School agrees to periodic health and safety inspections conducted by District safety staff.

C. In the event the School is dissolved or is otherwise terminated, all property of the Sponsor and improvements, furnishings, and equipment purchased with public funds shall automatically revert to full ownership by the Sponsor, subject to complete satisfaction of any lawful liens or encumbrances. Any unencumbered public funds from the School, Sponsor property and improvements, furnishings, and equipment purchased with public funds, or financial or other records pertaining to the School, in the possession of any

person, entity, or holding company, other than the School, shall be held in trust upon the Sponsor's request, until any appeal status is resolved.

D. If the School is a Conversion School pursuant to section 1002.33, Florida Statutes, the Sponsor shall maintain the facilities as required by section 1002.33(18), Florida Statutes.

E. The School shall not display any religious or partisan political symbols, statues or artifacts, on the property and facilities where the School will operate.

Section 6: Transportation

A. The School shall provide transportation to the School's students consistent with the requirements of Part I.E. of Chapter 1006, Florida Statues, section 1012.45 and section 1002.33(20)(c), Florida Statutes. The School may provide transportation through an agreement or contract with the Sponsor, a private provider, or parents.

B. Reasonable Distance [for purposes of this Charter]: The School and Sponsor shall cooperate in making arrangements that ensure that transportation is not a barrier to equal access for all students residing more than two and less than four miles from the School, within Manatee County. To the extent that transportation is provided to students, the School is responsible for all transportation of students at the School's expense.

C. The parties may agree for the District to provide transportation to and from the School. If such agreement is reached it shall be the subject of a separate contract. If agreement is reached with the Sponsor the School may utilize, at the School's expense, the District's transportation services for extracurricular events, field trips, and other activities on the same basis and terms as other District schools.

D. The School shall comply with all applicable transportation safety requirements. Should the School choose to implement its own transportation plan rather than contract with the District for transportation services, it shall submit a transportation plan to the District for review and approval. The School shall provide the District the name of the private transportation provider and a copy of the signed contract no later than 10 business days prior to the use of the service.

E. If the School submits data relevant to FTE funding for transportation that is later determined through the audit procedure to be inaccurate, the School shall be responsible for any reimbursement to the Sponsor or State arising as a result of any errors or omissions, misrepresentations or inaccurate projections for which the School is responsible provided that the District has timely sent notice to the School of alleged errors discovered through such audit(s), so that the School, on its own, or through the Sponsor, at the School's expense, may participate in any proceedings to challenge or appeal such audit findings. After final disposition of any appeals, the Sponsor shall deduct such assessed amount from the next available payment otherwise due to the School, without penalty of interest. Any deficit incurred by the School shall be the sole fiscal responsibility of the School and the Sponsor shall have no liability for the same.

Section 7: Food Services

The School shall provide food services to its students consistent with applicable Florida Statutes. If the School elects to participate in the National School Lunch Program it shall follow all applicable federal rules and regulations.

Section 8: Insurance & Indemnification

A. The School agrees to provide the following proof of insurance:

1. Errors and Omissions coverage to include prior acts, sexual harassment, civil rights and employment discrimination, breach of contract, insured versus insured, consultants and independent contractors and with minimum policy limits of $2,000,000.00. The insurance shall be subject to a maximum deductible not to exceed $25,000 per claim. If the insurance is on a claims-made basis, the School shall maintain, without interruption, the Professional Liability Insurance until three (3) years after termination of this Charter;

2. General liability coverage written on an occurrence form with minimum policy limits of $1,000,000.00 per occurrence and an aggregate limit of $2,000,000.00;

3. Business automobile coverage with the same limits as general liability.

B. Property insurance shall be secured for buildings and contents. Property Insurance coverage for the "Building" includes the structure, including permanently installed fixtures, machinery and equipment, outdoor fixtures, and personal property to service the premises. If the Building is under construction, the School shall provide evidence of property insurance for the additions under construction and alterations, repairs, including materials, equipment, supplies, and temporary structures within 100 feet of the premises. If the School leases the site location, then the School shall provide on a form acceptable to the Sponsor evidence of business personal property insurance, to include furniture, fixtures, equipment and machinery used in the School.

C. The School further agrees to secure and maintain property insurance for the School's personal property, and to insure all of the District's owned property, if any, to be used by the School to its full fair market value with the Sponsor named as loss payee. The insurance must be sufficient to provide for replacement of property.

D. The School agrees to provide adequate Workers' Compensation insurance coverage as required by Chapter 440, Florida Statutes.

E. Fidelity Bond and Crime Coverage: The School shall purchase Employees Dishonesty or Crime Insurance for all Governing Board members and employees, including Faithful Performance of duty coverage for the School's administrators and Governing Board with an insurance carrier authorized to do business in the State of Florida and coverage shall be in the amount of no less than one million ($1,000,000) dollars per loss/two

million ($2,000,000) dollars annual aggregate. In lieu of Employee Dishonesty or Crime Insurance, Sponsor is willing to accept Fidelity Bond coverage of equal coverage amount.

F. No later than 30 days prior to the opening of school, the School shall furnish the District with fully completed certificates of all insurance policies, signed by an authorized representative of the insurer(s) confirming the coverage begins by July 1. The certificates shall be issued to the Sponsor and name the Sponsor as an additional insured. Until such time as the insurance is no longer required to be maintained by the School, the School shall provide the School Board evidence of the renewal or replacement of the insurance no less than thirty (30) days before expiration or termination of the required insurance for which evidence was provided. Should any of the above-described policies (A-E) be cancelled before the expiration date, written notice to the Sponsor shall be delivered in accordance with the policy provisions or within 10 days of cancellation, whichever is sooner.

G. Failure to secure and continuously maintain all insurance listed in items A-E without cure after written notice above may constitute grounds for termination of this charter.

H. The School agrees to indemnify and hold harmless the Sponsor, its members, officers, employees and agents, harmless from any and all claims, actions, costs, expenses, damages, and liabilities, including reasonable attorney's fees, arising out of, connected with or resulting from: (a) the negligence, intentional wrongful act, misconduct or culpability of the School's members, officers, or employees or other agents in connection with and arising out of any services within the scope of this Charter; (b) the School's material breach of this Charter or law; (c) any failure by the School to pay its suppliers or any subcontractors. In addition, the School shall indemnify, protect and hold the District harmless against all claims and actions brought against the District by reason of any actual or alleged infringement of patent or other proprietary rights in any material, process, machine or appliance used by the School, except when Sponsor supplied, or required School to use that material, process, machine, or appliance, and any claims or actions related to violation of any state or Federal statutes or regulations including those referenced in this Charter. The School shall not indemnify Sponsor for intentional or negligent conduct of Sponsor, or any other cause of action caused by or through the fault of the Sponsor.

I. <u>Applicable to All Coverages the School Procures</u>

1. Other Coverages: The insurance provided by the School shall apply on a primary basis and any other insurance or self-insurance maintained by the Sponsor or its members, officers, employees, or agents, shall be in excess of the insurance provided by or on behalf of/ the School.
2. Deductibles and Retention: Except as otherwise specified, the insurance maintained by the School shall apply on a first-dollar basis without application of deductible or self-insurance retention.
3. Liability and Remedies: Compliance with the insurance requirements of this Charter shall not limit the liability of the School, its subcontractors, its sub-subcontractors, its

employees or its agents to the Sponsor or others. Any remedy provided to the Sponsor or its members, officers, employees, or agents by the insurance shall be in addition to and not in lieu of any other remedy available under the Charter or otherwise.

4. Subcontractors: The School shall require its subcontractors and its sub-subcontractors to maintain any and all insurance required by law.
5. Waiver of Subrogation: All policies will be endorsed for waiver of subrogation in favor of the Sponsor.
6. Defense outside the limits: Whenever possible, coverage for School Leader's Errors and Omission and Sexual Abuse Liability policies should be written with "Defense Costs outside the limits". This term ensures that limits are available to pay claims rather having attorney's fees erode the available claim dollars.

J. The District agrees to indemnify and hold harmless the School, its members, officers, employees and agents, harmless from any and all claims, actions, costs, expenses, damages, and liabilities, including reasonable attorney's fees, arising out of, connected with or resulting from: (a) the negligence, intentional wrongful act, misconduct or culpability of the District's members, officers, employees or other agents in connection with and arising out of any services within the scope of this Charter; or (b) the District's material breach of this Charter or law. In addition, the Sponsor shall indemnify, protect and hold the School harmless against all claims and actions brought against the School by reason of any actual or alleged infringement of patent or other proprietary rights in any material, process, machine or appliance used by the District or required by the District to be used by the School, and any claims or actions related to violation of any state or Federal statutes or regulations including those referenced in this Charter.

K. Notwithstanding anything to the contrary contained herein, through such indemnification set forth in Sections 8(H) and 8(J) above, the District and the School do not waive sovereign immunity to the extent sovereign immunity is available or beyond the limited waiver of sovereign immunity set forth in Section 768.28, Florida Statutes. In the event of any claims described in Sections 8(H) and 8(J) above, the School and Sponsor shall notify one another of any such claim promptly upon receipt of same. The School and Sponsor shall each have the option to defend such claims with their own counsel at the expense of the other party. If the Sponsor or School choose to not hire their own counsel to defend, the other party shall assume the defense of any such claim and have authority in the defense thereof. The parties' obligation to indemnify one another shall survive the termination of this Charter.

L. Notification of Third-Party Claim, Demand, or Other Action: The School and Sponsor shall notify each other of the existence of any third-party claim, demand or other action giving rise to a claim for indemnification under this provision (a "third-party claim") and shall give each other a reasonable opportunity to defend the same at its own expense and with its own counsel, provided that the Sponsor shall at all times have the right to participate in such defense at its own expense. If, within a reasonable amount of time after receipt of notice of a third-party claim, the School or Sponsor fails to undertake to defend, the other party shall have the right, but not the obligation, to defend and to compromise or settle (exercising reasonable business judgment) the third-party claim for the account.

The School or the Sponsor shall make available to each other, at their expense, such information and assistance as each shall request in connection with the defense of a third-party claim.

M. Notice of Claims

1. Time to Submit

The School shall provide the Sponsor with proof of insurance pursuant to Section 8(F) of this Charter.

2. Notice of Cancellation

The evidence of insurance shall provide that the District be given no less than sixty (60) days written notice prior to cancellation.

3. Renewal or Replacement
Until such time as the insurance is no longer required to be maintained by the School, the School shall provide the District with evidence of the renewal or replacement of the insurance no less than thirty (30) days before the expiration or termination of the required insurance for which evidence was provided.

Section 9: Governance

A. Governance of the School will be in accordance with the Bylaws or other organizational documents of the School and as described in the Application. The general direction and management of the affairs of the School shall be vested in the Governing Board with a minimum of 3 members. A majority of the voting members of the Governing Board shall constitute a quorum. A majority of those members of the Governing Board present shall be necessary to act. Members of the Governing Board may attend in person or by means of communications media technology used in accordance with rules adopted by the Administration Commission under section 120.54(5), Florida Statutes. The Governing Board's primary role will be to set policy, provide financial oversight, annually adopt and maintain an operating budget, exercise continuing oversight over the School's operations, and communicate the vision of the School to community members. It shall be the duty of the Governing Board to keep a complete record of all its actions and corporate affairs and supervise all officers and agents of the School and to see that their duties are properly performed.

The Governing Board must appoint a representative to facilitate parental involvement, provide access to information, assist parents and others with questions and concerns, and resolve disputes. The representative must reside in the school district in which the School is located and may be a Governing Board member, employee of the School, or individual contracted to represent the Governing Board. If the Governing Board oversees multiple charter schools in the same school district, the Governing Board must appoint a separate individual representative for each charter school in the district. The representative's

contact information must be provided annually, in writing, to parents and posted prominently on the School's website.

All meetings and communications involving members of the Governing Board shall be held in compliance with Florida's Sunshine Law.

The Board shall have at least two public meetings per school year within the District. The meetings must be noticed, open, and accessible to the public, and attendees must be provided an opportunity to receive information and provide input regarding the School's operations. The appointed representative and the School's principal or director, or his or her equivalent, must be physically present at each meeting.

All members of the Governing Board will be required to attend Governance training and refresher courses as required by section 1002.33, Florida Statute, and Rule 6A-6.0784, Florida Administrative Code and shall submit certificates evidencing completion to Charters.Link also within (90) days of appointment.

The Governing Board will serve as the sole responsible fiscal agent for setting the policies guiding finance and operation. School policies are decided by the Governing Board, and the Principal ensures that those policies are implemented.

The School will be a ~~[~~private employer~~/public employer]~~ and ~~[will/~~will not~~]~~ participate in the Florida Retirement System.

B. The School shall be organized as a Florida nonprofit organization.

C. The Bylaws or other organizational documents of the School shall establish the procedures by which members of the Governing Board are appointed and removed and the election of officers. The Governing Board will develop and implement policies regarding educational philosophy, program, and financial procedures. The Governing Board will oversee assessment and accountability procedures to assure that the School's student performance standards are met or exceeded.

1. The Governing Board shall exercise continuing oversight over the School's operations and will be held accountable to its students, parents or guardians, and the community at large, through a continuous cycle of planning, evaluation, and reporting as set forth in section 1002.33, Florida Statutes.

2. The Governing Board will be responsible for the over-all policy decision making of the School, including the annual approval of the budget.

3. Upon nomination and prior to appointment to the Governing Board, a member shall be fingerprinted pursuant to section 1002.33(12)(g), Florida Statutes. The cost of the fingerprinting is the responsibility of the School or Governing Board member. Prospective Governing Board members whose fingerprint check results warrant disqualification under the Statute shall not be appointed to the board.

4. The Governing Board shall ensure that the School has retained the services of a certified public accountant or auditor for the annual financial audit, pursuant to section 1002.345(2), Florida Statutes, who shall submit the report to the Governing Board.

5. The Governing Board shall review and approve the audit report, including any audit findings and recommendations for the financial recovery plan.

6. The Governing Board shall perform the duties set forth in section 1002.345, Florida Statutes, including monitoring any financial corrective action plan or financial recovery plan.

7. The Governing Board shall adopt procedures for a parent to notify the principal, or his or her designee, regarding concerns about a student's health, safety, or welfare, including concerns involving the student welfare provisions described in section 1001.42(8)(c)1.-6., Florida Statutes. The Governing Board shall also adopt procedures to resolve concerns under the student welfare provisions in section 1001.42(8)(c)1.-6., Florida Statutes, within seven calendar days after notification by the parent and within a reasonable timeframe for other concerns.

8. No member of the Governing Board or their immediate family will receive compensation, directly or indirectly from the School or the School's operations. No School or management company employee, or his or her spouse, shall be a member of the Governing Board. Violation of this provision or any violation of sections 112.313(2),(3),(7) and (12) and section 112.3143, Florida Statutes, by a member of the Board, shall constitute a material breach of this Charter.

9. Any change in Governing Board membership must be reported to Sponsor in writing within 5 business days of the change and entered into Charters.Link.

D. The School shall allow reasonable access to its facilities and records to duly authorized representatives of the District. Conversely, the District shall allow reasonable access to its records to duly authorized representatives of the School to the extent allowable by law.

To the extent the School is provided access to Sponsor's data systems, all School employees and students will be bound by Sponsor's computer policies and standards regarding data privacy and system security.

E. If an organization (management organization), including but not limited to: 1) a management company, 2) an educational service provider, or 3) a parent organization, will be managing or providing significant services to the School, the contract for services between the management organization and the Governing Board shall be provided to the Sponsor and attached as an appendix to this Charter. Any contract between the management organization and the School must ensure that:

1. Members of the Governing Board or their spouses will not be employees of the management organization, nor should they be compensated for their service on the Board or selected to serve on the Board by the management organization.

2. The Governing Board retains the right to hire an independent attorney, accountant, and audit firm representing and working for, or on behalf of, the School. Notwithstanding, the Governing Board and the management organization may contract for such services as determined by the management agreement and as otherwise allowed by law. The Governing Board shall use an audit firm that is independent from the management organization for the purposes of completing the annual financial audit required under section 218.39, Florida Statutes.

3. The contract will clearly define each party's rights and responsibilities including specific services provided by the management organization and the fees for those services and specifies reasonable and feasible terms under which either party may terminate the contract.

4. All equipment and furnishings that are purchased with public funds will be the property of the School, not the management organization and any fund balance remaining at the end of each fiscal year will belong to the School, not the management organization.

5. All loans from the management organization to the School, such as facility loans or loans for cash flow, will be appropriately documented and will be repaid at a rate no higher than market rates at the time of the loan.

6. A copy of any material changes to the contract between the management organization and the Governing Board shall be submitted to the District within five (5) days of execution. The Sponsor shall have 30 days to review the material changes. If the changes violate the terms of this Charter or applicable law the Sponsor shall provide written notice to the School which shall include a description of the violations. The School may address the concerns or initiate the dispute resolution process included in this Charter.

7. The management organization will perform its duties in compliance with this Charter.

F. Any default or breach of the terms of this Charter by the management company shall constitute a default or breach under the terms of this Charter by the School unless the School cures such breach after written notice.

Section 10: Human Resources

A. The School shall select its own personnel.

B. The School's employment practices shall be nonsectarian.

C. The teachers employed by or under contract to the School shall be certified as required by Chapter 1012.

D. Employees of the School may participate in professional development activities offered by the District. Any costs associated with professional development for which there is an additional fee, and for which no Federal funding has been provided for such purposes to the Sponsor, will be the responsibility of the School or individual School employee.

E. The School may not employ an individual to provide instructional services or to serve as a teacher's aide if the individual's certification or licensure as an educator is suspended or revoked by this or any other state.

F. This Charter makes the following full disclosure of the identity of all relatives employed by the School who are related to the School owner, president, chairperson of the Governing Board, superintendent, Governing Board member, principal, assistant principal, or any other person employed by the School who has equivalent decision-making authority per Fla. Stat. § 1002.33(7) (a) (18):

None

If the relative is employed after execution of this Charter, the School shall disclose to the District, within 10 business days, the employment of any person who is a relative as defined in section 1002.33(7)(a)18., Florida Statutes. By August 1 of each year, the School shall disclose the identity of all relatives employed by the School who are related to the School owner, president, chairperson of the Governing Board, superintendent, Governing Board member, principal, assistant principal, or any other person employed by the School who has equivalent decision-making authority per FL. Stat. § 1002.33(7)(a)(18).

The School shall comply with the restriction on employment of relatives, pursuant to section 1002.33(24), Florida Statutes.

G. The School may not knowingly employ an individual who has resigned from a school or school district in lieu of disciplinary action with respect to child welfare or safety or who has been dismissed for just cause by any school or school district with respect to child welfare or safety or who is under current suspension from any school or school district.

H. The School shall disclose to the parents the qualifications of its teachers in the manner required by law. The School shall provide to the District, prior to the opening of school, the qualifications and assignments of all staff members using the Sponsor's designated database. Teaching assignments must match the State's course code directory numbers. Changes will be provided to the District within 3 workdays of hiring, granting leaves of absence, or terminating teachers.

I. The School shall implement policies and procedures for background screening of all prospective employees, volunteers and mentors.

J. The School shall require all employees and the members of the Governing Board to be fingerprinted by an authorized law enforcement agency or an employee of the School or Sponsor who is trained to take fingerprints, pursuant to section 1002.33(12), Florida Statutes. The cost of fingerprinting shall be borne by the School or the individual being fingerprinted. The results of all such background investigations and fingerprinting will be reported in writing to the Superintendent of Schools or his or her designee. No School employee or member of the Governing Board may be on campus with students until his or her fingerprints are processed and cleared. The School shall ensure that it complies with all fingerprinting and background check requirements, including those relating to vendors, pursuant to, sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and shall follow Sponsor's policy with regard to the fingerprinting and background check requirements of volunteers. The School shall notify the District's Human Resource Department when a staff member is no longer employed at the School.

The School shall require all employees and Board members to self-report within 48 hours to appropriate authorities any arrest and final disposition of such arrest other than minor traffic violations. The School shall then take appropriate action relating to the employment of that individual.

K. The School shall not violate the anti-discrimination provisions of section 1000.05, Florida Statutes, and the Florida Education Equity Act.

Section 11: Required Reports and Documents

The Sponsor and School shall agree upon submission deadlines for the following required documents. The school must timely submit all required reports and documents under this Section 11 via upload to Charters.Link, or other district compliance tool.

A. Pre-Opening

1. Policies and Procedures Manual

2. List of members of the Governing Board and Principal, including current contact information.

3. Facility [zoning, certificate of occupancy, fire inspection, etc.]

4. Other

   a. Current lease or ownership documents

   b. Copy of current insurance certificates or policies for all types of insurance required by the charter

   c. List of current staff members including certifications and teaching assignments for teachers

d. Documentation of fingerprinting of all staff and Governing Board members

e. Student Code of Conduct

f. Updated list of currently registered students

g. Contract for transportation rates and services or transportation plan, if applicable.

h. Letter specifying that the School [will adopt/not adopt] the district reading plan

i. Tentative dates and times of the meetings of the Governing Board for the first year

j. Crisis Response Plan

k. Dismissal policies and procedures

l. School's parental contract, if applicable

m. Student Progression Plan (if different from District's)

B. Monthly

1. Financial Reports, per State Board of Education Rule (quarterly if School is designated High-Performing pursuant to section 1002.331, Florida Statute.)

2. Governing Board meeting agenda and minutes

3. Active assailant, Emergency Drills and Threat Management Team Meeting Minutes.

C. Annual

1. Annual Student Achievement Report

2. Annual Financial Audit

3. Program Cost Report

4. Annual Inventory Report [capital purchases with public funds]

5. Policies and Procedures of the school [if materially revised]

6. School based Student Code of Conduct [if materially revised]

7. Dismissal Policies and Procedures [if materially revised]

8. Crisis/Emergency Response Plan [if materially revised]

9. Employee Handbook [if materially revised]

10. Current List of members of the Governing Board and Principal

11. School's Parental Contract [if materially revised]

12. Projected Enrollment [for subsequent school year]

13. Capacity [for subsequent school year]

14. School Calendar [for subsequent school year] if different than the District

15. Evidence of Insurance

16. Management Organization Agreement [if materially revised]

17. Student Progression Plan [if materially revised]

18. Reunification Plan

19. Other reports or general monitoring documents as required by Florida Statutes.

D. The Sponsor may request additional reports if the request is provided in writing and provides reasonable and specific justification.

E. In connection with its oversight responsibilities, the District may provide information, upon request, to third parties, including creditors and other parties doing business with the School, regarding (i) the School's compliance with its reporting obligations and other obligations hereunder or under applicable law, (ii) the status of the School's charter, and (iii) any disciplinary action that has been taken, including the existence of any Corrective Action Plan and the School's compliance with the requirements thereof.

Section 12: Miscellaneous Provisions

A. Impossibility

Neither party shall be in default of this Charter, if the performance of any or all of this Charter is prevented, delayed, hindered or otherwise made impracticable or impossible by reason of any strike, flood, hurricane, riot, fire, explosion, war, act of God, sabotage or any other casualty or cause beyond either party's control, and which cannot be overcome by reasonable diligence and without unusual expense.

B. Drug Free Workplace: The School shall be a drug-free workplace, as provided by State and Federal law.

C. Entire Agreement

This Charter shall constitute the full, entire, and complete agreement between the parties hereto. All prior representations, understandings and agreements whether written or oral are superseded and replaced by this Charter. This Charter may be altered, changed, added to, deleted from or modified only through the voluntary, mutual written consent of the parties. Any amendment to this Charter shall require approval of the Sponsor and the Governing Board.

D. No Assignment without Consent

This Charter shall not be assigned by either party without mutual written consent.

E. No Waiver

No waiver of any provision of this Charter shall be deemed or shall constitute a waiver of any other provision unless expressly stated. The failure of either party to insist in any one or more instances upon the strict performance of any one or more of the provisions of this Charter shall not be construed as a waiver or relinquishment of said term or provision, and the same shall continue in full force and effect. No waiver or relinquishment to any provision of this Charter shall be deemed to have been made by either party unless in writing and signed by the parties.

F. Default Including Opportunity to Cure

In the event that the School should default under any provision hereto, absent any circumstance permitting immediate termination, the School shall have thirty (30) days from written notice of default to cure, unless otherwise agreed to by the parties in writing.

G. Survival Including Post Termination of Charter: All representations and warranties made herein shall survive termination of this Charter.

H. Severability: If any provision or any part of this Charter is determined to be unlawful, void, or invalid, that determination shall not affect any other provision or any part of any other provision of this Charter and all such provisions shall remain in full force and effect.

I. Third Party Beneficiary: This Charter is not intended to create any rights in a third party beneficiary.

J. Choice of Laws, Jurisdiction and Venue of Disputes and Waiver of Jury Trial

This Charter is made and entered into in the County and shall be interpreted according to

the laws of the State. The exclusive jurisdiction and venue for any litigation between the parties arising out of or related to this Charter, shall be the Circuit Court, the County Court in and for the County, or the appropriate appellate or federal court except as otherwise provided for resolution of disputes pursuant to section 1002.33(7)(b), Florida Statutes. The parties forever waive the right to trial by jury for any and all litigation between the parties arising out of or related to this Charter. The parties agree to have any such dispute settled by a judge alone, without a jury.

K. Notice

Official correspondence between the School and the District shall be in writing, and signed by an officer of the Governing Board or the Principal of the School. Every notice, approval, consent or other communication authorized or required by this Charter shall not be effective unless same shall be in writing and sent postage prepaid by United States mail, directed to the other party at its address hereinafter provided or such other address as either party may designate by notice from time to time in accordance herewith:

1. Notices to the School:

Bradenton, FL 34205

Notice may also be given by email to the email addresses provided by the parties subject to verbal or written confirmation of receipt.

Each of the persons executing this Charter represents and warrants that he or she has the full power and authority to execute the Charter on behalf of the party for whom he or she signs and that he or she enters into this Charter of his or her own free will and accord and in accordance with his or her own judgment, and after consulting with anyone of his or her own choosing, including but not limited to his or her attorney.

L. Conflict Between Charter and Florida Law

In any case where this charter conflicts with Florida law, the terms of the applicable Florida Statute, State Board Rule, or case law will control over the Charter.

M. Conflict or Dispute Resolution

Subject to the applicable provisions of section 1002.33, Florida Statutes, as amended from time to time, all disagreements and disputes relating to or arising out of this Charter which the parties are unable to resolve informally, may be resolved according to the following dispute resolution process, unless otherwise directed or provided for in the aforementioned statute. Nothing herein shall be construed to limit the Sponsor's ability to immediately terminate this Charter in accordance with section 1002.33(8)(c), Florida Statutes. It is anticipated that a continuing policy of open communication between the Sponsor and the School will prevent the need for implementing a conflict or dispute resolution procedure.

The following dispute resolution process not otherwise pre-empted by section 1002.33, Florida Statutes, shall be equally applicable to both parties to this Charter in the event of a dispute. All disagreements and disputes relating to or arising out of this Charter which the parties are unable to resolve informally, may be resolved according to the following dispute resolution process:

Step 1 -- The persons having responsibility for implementing this Charter for the grieving party will write to the other party to identify the problem, propose action to correct the problem and explain reasons for the proposed action.

Step 2 -- The person having responsibility for implementing this Charter for the other party will respond in writing within fifteen (15) calendar days, accepting the proposed action or offering alternative solution(s) to the problem. A meeting of representatives of the parties may be held to reach agreement on the solution and subsequent action.

Step 3 -- Upon resolution of the problem, the responsible personnel from both parties will develop a joint written explanation indicating the resolution. This document will be retained with this Charter. If an amendment to the Charter is necessary, the amendment will be submitted for action by both parties.

Step 4 -- If efforts at agreement within a reasonable time are unsuccessful, the parties may have recourse to their available legal remedies, including, without limitation, mediation through the FDOE or those additional remedies set forth in section 1002.33(7)(b), Florida Statutes.

N. Citations

Whenever a Florida Statute or State Board of Education Rule is referenced in this Charter, it shall be construed to mean the statute or rule as it is amended from time to time.

The Sponsor's policies will not control this Charter or be incorporated herein absent written consent of the Governing Board, as provided by Florida law, unless the School agreed to such policies in the approved Application or otherwise agreed to by the Governing Board in writing.

If the Sponsor subsequently amends any agreed-upon Sponsor policy the version of the policy in effect at the time of the execution of the charter, or any subsequent modification thereof, shall remain in effect and the Sponsor may not hold the School responsible for any provision of a newly revised policy unless the revised policy is mutually agreed upon.

Upon the Sponsor's revision of a mutually agreed upon Sponsor policy, the Sponsor shall provide written notification to the School and Governing Board. The written notification shall include the revised policy and shall allow the Governing Board 45 days to reject the revised policy. If the Governing Board does not provide written notice of its rejection of the policy, the revised policy is deemed accepted by the Governing Board. If the Governing Board rejects the revised policy, it shall remain bound by the policy as it existed at the time the Governing Board agreed to it.

O. Interpretation

The headings in the Charter are for convenience and reference only and in no way define, limit or describe the scope of the Charter and shall not be considered in the interpretation of the Charter or any provision hereof. This Charter is the product of negotiation between the parties and therefore the terms of this Charter shall not be construed against either party as the drafter.

IN WITNESS WHEREOF, the parties hereto have executed this Charter, effective as of the day and year first above written:

EXECUTIVE SUMMARY

The Executive Summary should provide a concise overview of the proposed plan for the school; its mission and vision; the educational need for the school and the anticipated student population; the education plan and school design; the school culture; community engagement or partnerships to date; and the applicant team's capacity to successfully open and operate a high-quality school given the above considerations.

The Executive Summary should not exceed 2 pages and will not be counted against the page limits.

Southwest Charter Foundation, Inc. (SWCF) proposes to expand its school network with the launch of Parrish Classical Preparatory Academy (PCPA), a K–12 charter school projected to open in the 2027–2028 school year. The school will begin with 641 students in grades K–7 and expand annually to serve 1,410 students in grades K–12 by year five. Enrollment will be open to all students in Florida, in accordance with the Controlled Open Enrollment statute (§1002.31(2)(a), F.S.).

SWCF is governed by a volunteer board of professionals who are legally and ethically accountable to the community. Board members receive training in nonprofit governance, Florida's Open Government requirements, the Sunshine Law, and the Public Records Law. Consistent with its other schools, SWCF will partner with Charter Schools USA at Manatee Parrish, LLC ("CSUSA") for the planning, development, staffing, operation, and maintenance of PCPA. CSUSA will provide implementation support through its Florida-based team, led by the CSUSA Florida Superintendent and regional Deputy Director, offering expertise in curriculum, operations, and support for special populations. SWCF will monitor the school's day-to-day operations through a performance-based management agreement.

PCPA will be located in the rapidly growing Parrish area of Manatee County, which has experienced over 20% population growth since 2020, now exceeding 101,000 residents. Major residential developments, including the Saire Lagoon and Oakfield communities, are adding thousands of new homes, contributing to an influx of families and increasing demand for educational services. As of early 2025, there are over 200 subdivisions in the area, with nearly 1,900 homes either move-in ready or under construction. Local schools within a five-minute radius are currently at or over capacity, and even with planned expansions, projected growth indicates continued overcrowding. Population forecasts estimate over 21,000 new residents within a 15-minute radius by 2029, reinforcing the need for additional school choice options like PCPA.

PCPA's mission is to educate scholars through the tenets of classical education supported by a rigorous, data-driven curriculum. Its vision is to foster a dynamic learning environment that promotes lifelong scholarship and equips students with the skills, knowledge, and agency to thrive in a changing world.

The CSUSA Education Model, utilized in all SWCF schools, will serve as the foundation for instructional delivery at PCPA. Based on over 35 years of research by Dr. Robert J. Marzano, the model ensures effective implementation of a Guaranteed and Viable Curriculum (GVC) aligned with the Florida Benchmarks for Excellent Student Thinking and the Next Generation Sunshine State Standards. The model emphasizes the importance of foundational supports such as conditions for learning, professional learning communities, and continuous monitoring, along with instructional elements including planning, teaching, assessing, and responding. These components are designed to support student mastery through a continuous improvement process.

Traditional classical liberal arts practices will be integrated into all aspects of the educational model. These include the Trivium stages of Grammar, Logic, and Rhetoric; study of the Great Works—enduring texts that examine the nature and purpose of mankind; instruction in Latin to support vocabulary development in fields such as science, law, and medicine; and character education through the Beacons of Virtue, which promote Prudence, Fortitude, Temperance, and Justice.

PCPA will adhere to Florida's high school graduation requirements and offer multiple diploma pathways, including the 24-credit standard diploma, the Cambridge AICE Diploma, and the Advanced Placement Capstone Diploma. To prepare students for these options, the school will provide enrichment and acceleration opportunities guided by Personalized Learning Plans (PLPs). Developed collaboratively with students, teachers, and parents, each PLP will include specific academic and personal goals, along with action steps and progress checkpoints to ensure continuous growth and achievement.

To build awareness and community engagement, PCPA will implement a year-round marketing and outreach campaign. This effort will begin prior to the school's opening and will continue annually to promote programs and encourage parent involvement and community partnerships.

I. EDUCATIONAL PLAN

Section 1: Mission, Guiding Principles and Purpose

A. Provide the mission and vision statements for the proposed charter school. The mission is a statement of the fundamental purpose of the school, describing why it exists. The vision statement outlines how the school will operate and what it will achieve in the long term. The mission and vision statement provide the foundation for the entire proposal, and taken together, should illustrate what success looks like.
   - *If the applicant is proposing a classical charter school, include how the school will emphasize the development of students in the principles in moral character and civic virtue through a well-rounded education in the liberal arts and sciences, which is based on the classical trivium stages of grammar, logic, and rhetoric.*

Southwest Charter Foundation, Inc. (SWCF) will strive to achieve the following mission and vision for Parrish Classical Preparatory Academy (PCPA). The mission and vision provide the foundation for the proposed charter school and combined, serve as its north star. SWCF will partner with Charter Schools USA at Manatee Parrish, LLC, ("CSUSA") to plan, development, and operate PCPA in a manner that reflects the charter proposal.

Mission
Parrish Classical Preparatory Academy will educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum.

Vision
Parrish Classical Preparatory Academy will foster a dynamic K-12 learning environment that inspires lifelong scholarship and develops the skills, knowledge, and agency to navigate an ever-changing world.

B. Provide the page number(s) of the material within this application that describes how the proposed school will utilize the guiding principles found in section 1002.33(2)(a), F.S.
In accordance with the law, charter schools shall be guided by the following principles:
   - *Meet high standards of student achievement while providing parents flexibility to choose among diverse educational opportunities within the state's public school system.* 5-8, 9-20
   - *Promote enhanced academic success and financial efficiency by aligning responsibility and accountability.* 40-56, 74-83, 121-125
   - *Provide parents with sufficient information on whether their child is reading at grade level and whether the child gains at least a year's worth of learning for every year spent in the charter school.* 21-39, 40-56

C. Provide the page number(s) of the material within this application that describes how the proposed school will meet the prescribed purposes for charter schools found in section 1002.33(2)(b), F.S.
In accordance with the law, charter schools shall fulfill the following purposes:
   - *Improve student learning and academic achievement.* 9-20, 21-39, 40-56
   - *Increase learning opportunities for all students, with a special emphasis on low-performing students and reading.* 9-20, 21-39
   - *Encourage the use of innovative learning methods.* 9-20, 21-39
   - *Require the measurement of learning outcomes.* 41-56

D. Provide the page number(s) of the material within this application that describes how the proposed charter school will fulfill the optional purposes of charter schools found in section 1002.33(2)(c), F.S. If one or more of the optional purposes does not apply to the proposed school, please note "N/A". **This section is optional.**

In accordance with the law, charter schools may fulfill the following purposes:

- *Create innovative measurement tools. PAGES(S)*
- *Provide rigorous competition within the public school district to stimulate continual improvement in all public schools. PAGE(S)*
- *Expand the capacity of the public school system. PAGE(S)*
- *Mitigate the educational impact created by the development of new residential dwelling units. PAGE(S)*
- *Create new professional opportunities for teachers, including ownership of the learning program at the school site. PAGE(S)*

Section 2: Target Population and Student Body

A. Describe the anticipated student population to be served and how that aligns with the school's mission. Applicants should state if they will give enrollment preference or limit the enrollment process, as allowed by law, to certain student populations defined in section 1002.33(10)(d) & (e), F.S.[1] If the applicant intends to have enrollment preferences they should be described in Section 14 of the application.

As specified in § 1000.05 and § 1002.33(10), F.S., PCPA will serve as an open enrollment school of choice for all Manatee County and Florida students, regardless of race, ethnicity, national origin, gender, disability, sexual orientation, religion, or marital status. PCPA intends to enroll Manatee County students between the ages of 5-18 in grades K-12 and will comply with the Controlled Open Enrollment statute (§ 1002.31, F.S.). This will allow parents from any school district in the state whose child is not subject to a current expulsion or suspension to enroll his or her child in, and transport his or her child to, PCPA if the school has not reached capacity. To determine PCPA's projected student population, statistical profiles of public schools within School District of Manatee County (SDMC) in the general vicinity of Parrish are listed in **Table 2.1**. This data was taken from the 2023-2024 versions of publicly available reports from the Florida Department of Education (FLDOE) Know Your Data website at the time of the analysis. Anticipated student demographic data helped inform the programming detailed throughout this application in accordance with PCPA's mission to educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum.

Table 2.1

Parrish Classical Preparatory Academy	FRL	Minority	ELL	ESE	ESE + Gifted
CHARTER SCHOOLS					
Parrish Charter Academy	28%	28%	3%	12%	12%
Imagine Charter School at North Manatee	60%	58%	9%	12%	12%
Manatee School for the Arts	57%	58%	8%	11%	17%
Charter Schools Total	**51%**	**52%**	**7%**	**11%**	**15%**
DISTRICT SCHOOLS					
Virgil Mills Elementary School	45%	39%	3%	21%	22%
Buffalo Creek Middle School	49%	40%	3%	15%	20%
Parrish Community High School	36%	37%	4%	12%	18%
Barbara A Harvey Elementary	41%	39%	5%	12%	14%
Annie Lucy Williams Elementary	33%	32%	4%	20%	25%
New Rye Ranch Elementary*					
Palm View K-8 School	80%	75%	17%	19%	22%
James Tillman Elementary	76%	81%	26%	27%	27%
Blackburn Elementary School	82%	77%	20%	28%	28%
Lincoln Memorial Middle School	77%	91%	15%	29%	29%
Palmetto High School	64%	65%	7%	15%	21%
District Total	**53%**	**52%**	**8%**	**17%**	**21%**
TOTAL	**53%**	**52%**	**8%**	**16%**	**19%**

**Not opened.*

Anticipated Student Demographics:

[1] For operators intending to apply and be eligible for federal funding under the US Department of Education's Charter Schools Program, recruitment and admissions policies and practices must meet all federal requirements. *See* Charter Schools Program, Title V, Part B of the ESEA, Non-regulatory Guidance, Section E. (Lottery, Recruitment and Admissions).

Total Student Enrollment: 1410

- Free and Reduced Lunch Recipients (FRL): 53%
- Minority: 52%
- English Language Learners (ELL) 8%
- Exceptional Student Education (ESE): 16%
- Gifted: 4%
- Total ESE (including Gifted): 19%

PCPA will implement enrollment preferences in accordance with § 1002.33(10) F.S., and as allowed by law. **Section 14** provides information related to enrollment preferences.

B. If a facility has not been identified in Section 16 of this application, state the geographic area which the applicant intends to serve.

PCPA will be located within Manatee County in the vicinity of Parrish. In the past five years, Manatee County has experienced significant growth, especially in the area of Parrish. According to Environmental Systems Research Institute (ESRI) mapping software, the Parrish area has grown over 20% since 2020 to exceed 101,000 residents in the area. The area continues to grow as residential development projects like the Saire Lagoon community are underway with 3,000 homes planned and construction having started in 2024. Other master-planned communities like the Oakfield Community are set to include 4,000 new residences and over 500 multi-family units starting their home sales in 2025. As of early 2025, there are 201 subdivisions in Parrish, with 1,129 move-in-ready homes and 757 homes under construction. The average household size at 2.49, these new residences will bring additional children to the area. The schools within a five-minute radius of the target location are at or over capacity. While several schools within a 15-minute drive of the target site have been designated for expansion, projected growth for the area indicates that these schools will still be at or over capacity in the near future after new residents move in. According to the Bureau of Economic and Business Research at the University of Florida, Manatee County's population is projected to reach 437,640 residents in 2025 and add another 32,000 people by 2030. According to ESRI, another 21,000 people will move within a 15-minute drive time of the target site by 2029.

PCPA will be open to all students in the state of Florida in accordance with the Controlled Open Enrollment statute (§ 1002.31(2)(a), F.S.), but an enrollment preference will be given to Manatee County students. Please note that this is the intended geographic location, and an exact school site has not yet been acquired.

C. Provide enrollment projections in the table below for each year of proposed operation. These projections are not enrollment caps. Annual capacity determinations will be made by the governing board in conjunction with the sponsor per section 1002.33(10), F.S.

PCPA's enrollment projections are detailed in **Table 2.2**.

Table 2.2

Number of Students					
Grade Level	Year 1	Year 2	Year 3	Year 4	Year 5
K	100	100	100	100	100
1	92	92	92	92	92
2	92	92	92	92	92
3	92	92	92	92	92
4	92	92	92	92	92
5	92	92	92	92	92
6	125	125	125	125	125
7	25	125	125	125	125
8	0	25	125	125	125
9	0	100	125	125	125
10	0	0	125	125	125
11	0	0	0	125	125
12	0	0	0	0	100
TOTAL	**710**	**935**	**1185**	**1310**	**1410**

D. Provide a brief explanation of how the enrollment projections were developed.

Enrollment projections were calculated through a market analysis using ESRI mapping software which tested and validated the density of the specific student market. This projected demand was then aligned to the different school size models developed by CSUSA. SWCF then determined the model most appropriate for PCPA. Specific school sizes have been developed by CSUSA to ensure consistently sized grade levels that facilitate student matriculation over time and allow optimal staffing of teachers. Enrollment projections are within the comparable thresholds of CSUSA's historical Florida market. It is also important to note that the local area measured for data is significantly smaller than a Florida charter school's actual enrollment footprint, which is technically statewide. As such, the school expects to attract students from outside the area measured, but the peripheral influence on PCPA's local enrollment and demographic composition is expected to be negligible.

The school will comply with applicable Florida Statutes and with the Class Size Reduction Amendment requirements as outlined in the Florida Constitution, Section 1 of Article IX, amended in November 2002, as it relates to charter schools. The school's staffing model and enrollment projections are designed to achieve compliance as it currently relates to charter schools. If the requirements for charter schools change over time, the school design will be modified and projections amended to reflect necessary compliance, which may include modifications to staffing and enrollment. For the upcoming school year, charter schools are mandated to comply with class size at the schoolwide average.

E. Briefly explain the rationale for the number of students and grade levels served in year one and the basis for the growth plan in subsequent years as illustrated in the table above.

Community demographic and population information was obtained through a market analysis using ESRI, which utilizes the most current census data coupled with map-based analytics. According to current census data produced by ESRI, approximately 20% of the population is school-aged children live within a 15-minute

drive from the anticipated geographic area that the school intends to serve (described above in **2.B**). A school model was selected that best fits the demand reflected in this initial analysis. The 710 students budgeted in Year 1 amount to 6% of the total number of potential students enrolling in grades K-7 within a 15-minute drive of the school's anticipated location, and the final budgeted total of 1410 students represents 7% of that same area. The total population within a 15-minute drive is expected to grow by an average of 3.79% annually between 2024-2029 while the population within a 15-minute drive is expected to grow by an average of 3.79% annually during that same timeframe.

Section 3: Educational Program Design

A. Describe the proposed charter school's educational program.

PCPA will fulfill its mission to educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum. Through the Trivium – instruction in grammar, logic, rhetoric – other disciplines, scholars will be empowered to make connections in school and life and encouraged to communicate ideas confidently. The CSUSA Education Model (Education Model) serves as the foundation of the program design and will guide instructional delivery of state-adopted benchmarks/standards. To complement this foundation, PCPA will incorporate the CSUSA Classical Framework, anchored in key tenets of classical education that help cultivate intellect and moral character. Through full implementation of the Education Model with a clear classical focus, the school will strive to achieve its vision of a dynamic K-12 learning environment that inspires scholarship and develop the skills, knowledge, and agency to navigate an ever-changing world with Strong Minds, Good Hearts™. The program design will serve to drive effective delivery of the Florida B.E.S.T. standards for reading and math and NGSSS standards for social studies and science to ensure each scholar's success in school and life.

A CSUSA Florida support team will support implementation of the educational program. The team is led by the CSUSA Florida Superintendent and the regional Deputy Director who will provide direct oversight of PCPA. The support team also includes staff who specialize in curriculum, ESE, ELL, gifted, and various areas of operations. The school's instructional leadership team will be led by the principal and include the assistant principal (AP), student services coordinator (SSC), counselor, and curriculum resource teachers (CRTs) at minimum.

Classical Focus

Classical schools typically center instruction around core literary works, developmental stages of instruction, the study of Latin or Greek, human nature, morality, and virtue. PCPA's approach to classical education will combine teacher- and learner-centered pedagogies in the delivery of the Education Model. The following key components are planned as part of the school's academic plan and an integration with the Education Model.

The Trivium: The Trivium is a set of instructional strategies organized by the progression of child development. The word trivium comes from the Latin tri-, meaning "three," and -via-, meaning "way" or "road." Therefore, trivium is the metaphorical place where the three ways of grammar, logic, and rhetoric converge. The stages of the trivium will be implemented as follows:

- **Grammar:** In grades K-5, scholars will learn the fundamental rules of communication. This stage provides scholars with the basic tools of each core subject area through repetition. Specific strategies are used to easily memorize this information include repetition, choral response, songs and chants matched with various actions and hand gestures.
- **Logic:** In grades 6-8, scholars will learn the art of argument, the task of organizing information, and identifying truth from falsehood. At this stage scholars naturally want to understand-they are curious and want to know how and why.
- **Rhetoric:** In grades 9-12, scholars will gain an understanding of the art of public speaking, which encompasses the tools required to devise creative works and speeches.

The Great Works: The Great Works are books that have persisted through time and explain the nature and purpose of mankind. These classics will be used as supplemental resources to English language arts (ELA) core curricula and include the dialogues of Plato, Homer's Iliad and Odyssey, the works of Shakespeare, and

a variety of other works of literature, philosophy, science, and history. The Great Works are the essence of Western tradition and include overarching questions of life and incorporate deep themes and beautiful language. In reading these resources, an indelible mark is left on the hearts and minds of teachers and scholars alike. In addition to these Great Works, poetry and prose from diverse perspectives from the past and present, are incorporated into instruction to expand the scholars' worldview and understanding of humanity.

Latin: Latin instruction will begin in the lower grades (K-5) and continue through middle (6-8) and high school (9-12). Latin will provide scholars with many of the root words of specialized vocabularies of modern sciences and is the language of law, politics, and logic. In addition, Latin teaches children to work out core meanings, identify patterns and devise logical solutions. Most importantly, studying Latin throughout the K12 experience helps increase the deductive reasoning required to learn and understand core concepts and fosters clear, logical thinking.

Beacons of Virtue: The Beacons are a set of character traits that support the development of classroom and schoolwide behavior expectations and help instill a culture and climate of moral character and civic virtue. The school will focus on a different Beacon each quarter, which will inspire school-wide teaching, learning and initiatives aimed at cultivation of the designated virtue and character development. The beacons are as follows, with additional information provided in Section 8:

- **Prudence:** The ability to govern and discipline yourself through logic and reason.
- **Fortitude:** Courage to confront difficult situations with grace and dignity.
- **Temperance:** The ability to moderate your passions and desires.
- **Justice:** The moral habit of giving to each what is due.

CSUSA Education Model

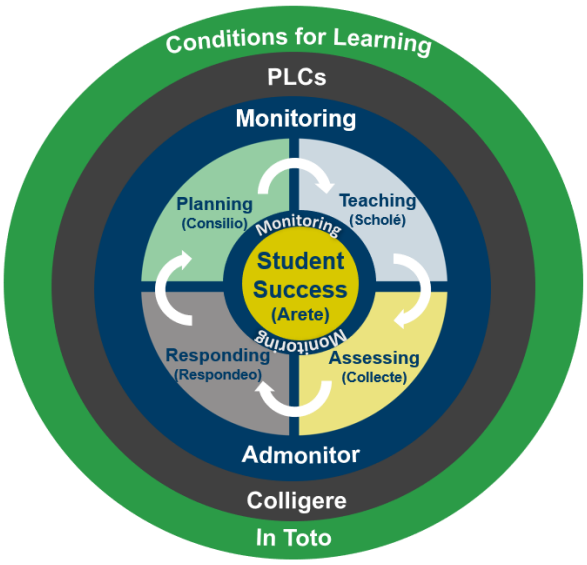
The CSUSA Education Model is an instructional approach developed after extensive study of educational practice and is grounded in over 35 years of Dr. Robert J. Marzano's research. Its purpose is to ensure effective delivery of a Guaranteed and Viable Curriculum (GVC) that facilitates each student's mastery of state-adopted benchmarks/standards. The GVC is comprised of a year-long instructional plan for each grade level and subject area. Its composition is primarily a combination of factors that have strong correlations with academic achievement, "opportunity to learn" and "time," which address the extent to which the curriculum is "guaranteed" (Marzano, 2017).

- Guaranteed: Establishes the learning skills considered essential for *ALL* students, a learning environment set up to ensure that academic achievement and optimal learning occurs for *ALL*.
- Viable: Ensures that the curriculum content for a given course or grade level can be adequately addressed in the time available.

Developed in three stages, the GVC is informed by the work of *Understanding by Design* (Wiggins & McTighe, 2012):

1. Identifying desired results – establishing learning priorities based on long-term performance goals.
2. Determining acceptable evidence – keeping assessment in mind while designing specific units and lessons.
3. Planning learning experiences and instruction – determining appropriate teaching and learning activities and resources.

This backward design approach emphasizes intentionality in planning, student understanding over teaching, and thoughtful selection of instructional tools and strategies (Bowen, 2017).



The FLDOE prescribes the instructional benchmarks/standards reflected in the GVC, which consist of Florida B.E.S.T for ELA and Math and NGSSS. The GVC will be revised accordingly as FLDOE provides updates to ensure relevance of instructional planning and compliance with statute. CSUSA Florida support team members will collaborate with the school's instructional leadership team to update the GVC, and all accompanying resources, based on updates to applicable state guidelines.

Continuous Improvement Process

The Education Model embeds a continuous improvement process to drive teaching and learning across grade levels, subject areas, and the learning environment. This process is informed in part by William Edwards Deming's approach to continuous quality improvement. Deming outlined four key iterative stages of continuous improvement (Plan-Do-Check/Study-Act) that drive a cycle for identifying problems and implementing solutions in a timely manner. Application of a continuous improvement process in education can help yield positive outcomes for students, including increased participation in rigorous college-prep coursework and college enrollment, and decreased failure rates (Best & Dunlap, 2014). The process is intended to facilitate better understanding among administrators and teachers of what students need to ensure academic success.

Successful implementation of the Education Model rests on strict adherence to the continuous improvement process. To aid in implementation with fidelity, the principal will be supported in establishing each key element with a strategic focus on growing the Education Model's efficacy.

CSUSA Education Model: Classical Integration

The descriptions below illustrate the Education Model's three overarching elements that support an intentional and collaborative school environment:

1. Conditions for Learning

In Toto: Attending to the whole child honors individual humanity and is critical to providing multiple learning opportunities for all scholars to reach their full potential.

Conditions for learning encompass rules, guidelines, and expectations for developing and maintaining a safe and supportive school environment that allows students to focus on academics and feel comfortable taking risks. The instructional leadership team will support all staff in developing and maintaining a safe, supportive, challenging and nurturing school community. This includes:

- Establishing clear rules and expectations for appropriate behavior.
- Protecting scholars from physical and emotional harm by upholding all duties and obligations as mandatory reporters.
- Supporting the mental and emotional well-being of all scholars.
- Cultivating an environment where differences are respected among all stakeholders.
- Establishing a climate and culture of trust among scholars and faculty in the school community.
- Providing scholars with opportunities to set goals and demonstrate growth.
- Making purposeful use of indoor and outdoor learning spaces.
- Instituting Beacons of Virtue—prudence, fortitude, temperance, and justice—which are detailed further below, to drive the development and maintenance of conditions for learning.

2. Professional Learning Communities (PLCs)

Colligere means a gathering of the minds toward higher intellect. PLCs at PCPA will be referred to as Colligere and help emphasize the virtue of wisdom and the individual as a lifelong learner.

A PLC is a structured gathering of the minds in which educators engage in scholarly conversations to achieve common goals. PLCs will provide teachers with time dedicated to working together toward a higher purpose—true learning. This is achieved through collaborating and problem-solving situations specific to their field and scholars. Teachers will use data to measure the efficacy of their teaching against performance, develop small group instructional plans that target specific scholar needs, and track standards. PLCs will meet on a regular schedule to:

- Establish goals based upon current levels of scholar achievement.
- Work together to achieve goals and backwards plan as a grade-level team.
- Align grade-level planning and instruction to the Trivium, detailed further below, to ensure the effective delivery of key instructional approaches according to the natural progression of child development.
- Analyze data to inform data-driven instruction and planning and provide periodic evidence of progress.

PCPA's application of PLCs will utilize best practices in establishing and maintaining PLCs informed by the work of Richard DuFour to ensure a scholar-centered and data-driven focus, especially for small group instructional planning. To help establish a strong foundation, PCPA s instructional leadership team members will facilitate these meetings weekly and document next steps and evidence of scholar and teacher learning. Based on capacity, teachers will then take on the role of lead facilitators and PLCs will run more autonomously. The PLC structure at PCPA will encompass following four questions (DuFour, 2016):

- What do we want each student to learn?
- How will we know if a student has learned?
- How will we respond if a student hasn't learned it?
- How will we respond if a student has learned it?

3. Monitoring

Admonitor: Active monitoring of implementation will be referred to as admonitor to represent the monitoring of scholar performance.

Consistent monitoring of PCPA's academic program implementation and scholar performance will reflect a vigilant focus on the application of each component of the Education Model to ensure schoolwide fidelity. The instructional leadership team will actively monitor the conditions for learning, PLCs, data chats, lesson plans, and classroom observations, among other means, to gauge efficacy of each Education Model component. CRTs will work closely with classroom teachers to ensure conformity with the teaching and learning cycle detailed below, as well as the school' classical focus, and provide frequent feedback on lesson plans to ensure standards alignment and differentiated instruction.

Teachers will monitor attainment of standards at the classroom-level through frequent formative assessments. This regular monitoring will allow for intra-unit instructional adjustments. Assessments will also support instructional monitoring and the prompt identification of necessary remediations through proficiency tracking and analysis of scholar growth and subgroup performance.

Teaching and Learning Cycle

The descriptions below illustrate the four components of the Education Model necessary for planning and executing each cycle of instruction. Each component reinforces the school's classical education focus, particularly the Trivium, the Great Works, and Latin.

4. Planning

Consone: Instructional planning will be referred to as Consone to represent the harmony that exists among planning, alignment, and creativity during the lesson planning process.

Planning guides will equip teachers with the resources needed to ensure all curriculum, assessment, and instruction are aligned to the intent and rigor of state-adopted benchmarks/standards. These resources include Instructional Focus Calendars (IFCs), curriculum maps, course sequences, lesson plan templates, and online Schoology training and supplemental resources. Planning guides will be utilized to define the teaching and learning roadmap and will provide the foundation for responsive teaching (plan, teach, assess, respond), and the delivery of effective direct instruction and guided instruction (I Do, We Do, You Do). Teachers will utilize planning guides to develop engaging and rigorous standards-based lessons and provide opportunities for varying responses, and small group instruction. PCPA may use the Chalk lesson planning platform, or a comparable electronic format, to store and provide feedback on instructional plans which will be grounded in the use of core curricula and integrated Trivium instructional strategies described further below.

5. Teaching

Scholé: Scholé is the word used to refer to institutions of learning. Most importantly, scholé is a leisure of quality pursuits. Meaning, classical teachers and scholars are expected to relish the love of learning by taking time to fully process, analyze, and comprehend the complex materials in the curriculum.

Rigorous instruction will reflect a variety of research and evidence based instructional strategies intentionally designed to meet the needs of each scholar. These strategies are aimed at developing depth of knowledge alongside content knowledge, and ensuring instruction is aligned to the true intent and rigor of the benchmark/standard. Teachers will be equipped with the appropriate training and feedback to increase the complexity of their lessons and flexibly employ instructional strategies to meet individual scholar needs, build active engagement, and facilitate in such a way that makes the classical curricula accessible to all learners.

6. Assessing

Collecte: Assessments will drive instruction and serve as the bridge between teaching and learning and will be referred to as Collecte to emphasize the data collection that occurs through scholar assessment.

Baseline data will be gathered and analyzed to help all faculty understand where individual scholars, cohorts of scholars, and grade levels are "entering the learning." This will drive the identification of prior learning gaps and areas of strength. PCPA will utilize a Balanced Assessment System (BAS) to identify triannual interim benchmark assessments, baseline and diagnostic assessments, and Instructional Focus Assessments (IFAs) which correspond to IFCs and will be administered after each core subject instructional unit to determine areas for remediation. Interim benchmark assessments will provide school leadership with information on standards-based proficiency.

Within a classical framework, assessment focuses on the whole child. The classical approach to assessment is similar to the use of the formative assessments listed above, emphasizing simultaneous instruction and assessment. The purpose of classical assessment is to help scholars acquire skills and eventually become autonomous and self-sufficient in their knowledge and skill set to solve problems, create sustainable solutions, and achieve wisdom (Perrin, C., Classical U, 2022).

7. Responding

Respondeo: Responsive teaching (planning, teaching, assessing, responding) is reflective of the results of classroom and schoolwide formative assessment analysis. Responding will be referred to as Respondeo to represent the process of responsive teaching.

At the school level, teachers will collaborate during PLCs to analyze their standards-based assessment data and interim benchmark data for progress monitoring. As standards are tracked, action plans will be developed to outline how teachers will address any instructional gaps, as well as how they can both remediate and enrich lessons based on the data. The end goal of action planning is to prepare for effective delivery of core content and small group instruction. Based on data analysis, teachers will organize scholars into intervention or enrichment groupings. These groupings are described further below.

- Data chats will take place under the guidance of a school administrator or CRT after select assessment windows and are focused on progress monitoring. At the discretion of the school's instructional leadership team, data chats may occur more frequently, using teacher-created,

formative assessments. The purpose of data chats is to ensure all teachers understand the connection between effective instruction and scholar achievement. Data chats provide teachers with the opportunity to intentionally plan for scholar growth and build expertise in analyzing data.

At the classroom-level, formative assessments occur at a hinge point in the lesson, allowing teachers to respond to the data in real time. These assessments are embedded in the lesson plan and their data will be used to identify learning gaps so that teachers can respond with individual, small group, or whole group reteaching.

8. Success Block

Prospero: Success Block is a daily 30-minute block that emphasizes teacher-directed small group instruction and cooperative learning that will be known as Prospero to signify the goal that all scholars will prosper through participation in differentiated instruction and cooperative learning.

Using assessment data and scholar goals specific to PCPA, detailed in **Section 5**, scholars will be placed in flexible groups to extend learning or develop mastery of core subject area standards. Initially, scholars in grades K-5 will receive targeted remediation in their grade level. Scholars who are above proficient in both reading and math will be able to participate in enrichment activities. Scholars in grades 6-12 in need of intensive intervention will receive additional support outside of the core ELA and math blocks. Each quarter, intervention groups will be adjusted accordingly based on interim benchmark assessment and classroom data to ensure scholars continuously receive the support they need. Eventually, after staff have a firm understanding of scholar needs and build automaticity with transitions and scheduling, scholars will be strategically grouped with teachers across grade levels and/or content areas based on data. Teachers who are most appropriate to provide remediation (based on data and capacity) will work with scholars demonstrating lowest proficiency in standards assessed. For scholars who have mastered unit learning, enrichment activities will be provided to stimulate continued learning and engagement.

Personalized Learning Plans

A Personalized Learning Plan (PLP) will be created for each scholar to track individual progress in attaining a year's worth of grade level learning and acquisition of the Beacons of Virtue. The PLP is a tool used to develop intrinsic motivation and scholar ownership of learning goals and character development. The development and monitoring of each PLP will be a collaborative effort between the teacher and scholar. Sample PLP goals are included in **Addendum FF**. At the beginning of the school year, teachers will meet with each scholar to document baseline data, set quarterly academic, extracurricular, and virtue-oriented goals, create action plans, and discuss scholar strengths and challenges. Throughout the year, teachers and scholars will have PLP meetings to track progress and adjust action plans accordingly. Parents will be considered valued partners in goal tracking and will have visibility to their scholar's PLPs. Administrators and other instructional staff may collaborate on scholar PLP goal setting and tracking as well. PLPs are intended to help PCPA be unwavering in its dedication to inspiring every scholar to achieve excellence in school and life through rigorous academics, participation in school and the greater school-wide community, and virtue development.

B. Describe the basic learning environment (e.g., classroom-based, independent study, blended learning), including rationale for class size and structure and how the learning environment supports and is consistent with the mission.

PCPA's student-centered learning environment will be classroom based. The planned school facility is described in detail in **Section 16**. The learning environment will reflect the school's vision to provide a dynamic K-12 learning environment that inspires scholarship and develop life skills, knowledge, and agency to navigate an ever-changing world with strong minds and good hearts.

Class Size

The school facility will comply with applicable Florida Statutes and with the Class Size Reduction Amendment requirements as outlined in the Florida Constitution, Section 1 of Article IX, amended in November 2002, as it relates to charter schools. The staffing model, facility design, and enrollment projections are designed to achieve compliance as it currently relates to charter schools. If the requirements for charter schools change over time, the school design will be modified and the projections amended to reflect necessary compliance, which may include modification to the facility, staffing plan, and/or enrollment. For the upcoming school year, charter schools are mandated to comply with class size at the schoolwide average.

C. Describe the research base used to design the educational program.

Research Base

The research on effective schooling by Dr. Robert J. Marzano provides the basis for the educational program. The Education Model provides curriculum design and implementation aligned with ongoing assessment of student achievement. Marzano provides a framework for creating schools that positively affect student achievement categorized into three general factors: (1) school-level factors, (2) teacher-level factors, and (3) student-level factors. As Marzano updates his research with new findings and strategies, the educational program will incorporate the research as it becomes available.

School-level Factors

Guaranteed and Viable Curriculum

The first school-level factor is a GVC, described earlier, designed to meet state benchmarks/standards through the process outlined in *Understanding by Design*, (Wiggins & McTighe, 2012). The GVC outlines the specific learning outcomes within B.E.S.T. and NGSSS and was created in three stages: 1) identifying desired results, 2) determining acceptable evidence, and 3) planning learning experiences and instruction. Through PD, teachers continue this process and are supported in working within the standards-driven curriculum to clarify desired outcomes, devise assessments that reveal student understanding, and craft effective and engaging learning activities aligned with real-world experiences that prepare students to achieve state-adopted standards. The *Understanding by Design* process and the GVC allow educators to center the curriculum and assessments around establishing goals (content standards, course or program objectives, learning outcomes), big ideas (what specific understandings about the big ideas are desired), essential questions (what provocative questions will foster inquiry, understanding, and transfer of learning), and authentic performance tasks (the type(s) of performance tasks that allow learners to demonstrate the desired understandings).

Challenging Goals and Effective Feedback

Marzano's second school-level factor is "challenging goals and effective feedback." This factor is a combination of effective monitoring and pressure to achieve. Mark Lipsey and David Wilson examined hundreds of studies and found that on average, the act of setting academic goals or defining clear learning goals translated into higher student achievement. The reported impact of setting goals on student achievement ranges from a low of 18-percentage points to a high of a 41-percentage point increase. Also,

research shows that setting academic goals for an entire school has a powerful, coalescing effect on teachers and administrators (Marzano, 2017).

The results of several research studies show that academic achievement in classes where effective feedback is provided to students is considerably higher than the achievement in classes where effective feedback is not provided. John Hattie reviewed around 8,000 studies and found that "The most powerful single modification that enhances achievement is feedback." The simplest prescription for improving education must be 'dollops of feedback.' Effective feedback has two very specific characteristics: (1) It must be timely, and (2) It must be specific to the content being learned (Bangert-Drowns). George Madaus and colleagues found that tests that are not specifically designed to assess a particular school's curriculum frequently underestimate the true learning of the student (What Works in Schools, 2003).

Parent and Community Involvement

According to Marzano's research, effective parental and community involvement includes the areas of communication, participation, and government. Parent and community involvement is discussed further in **Section 15**.

Safe and Orderly Environment

The need for a safe and orderly environment that is rooted in clear expectations and procedures is critical to ensuring a school environment that is conducive to learning. The school environment is discussed further in **Section 8**.

Collegiality and Professionalism

In a collegial environment, teachers are supportive of one another in their attempts to learn and grow as professionals. In a professional school environment, staff members are given multiple opportunities to develop their skills and subject-matter knowledge. The way staff members hone their skills and develop collegiality is described further in **Section 13**.

Teacher-level Factors

Research shows that the most effective teachers produce higher gains than the least effective teachers. Over time, this effect on student academic performance compounds, which shows the importance of training and retaining the most highly effective teachers. When a teacher possesses a high level of skill and knowledge in the following three teacher-level factors, the impact is the most powerful on student achievement (Marzano).

1. Instructional Strategies – The educational framework founded upon the works of Marzano outlines several research-based instructional strategies that are implemented in the classroom. The effective and systematic use of these research-based instructional strategies provides students a unique opportunity for their learning to be academically rigorous and challenging, yet innovative and focused on individual student learning needs. Detailed information regarding instructional strategies is included in **Section 4**.
2. Classroom Management – Teachers focus on four areas for effective classroom management: (1) establishing and enforcing rules and procedures; (2) carrying out disciplinary actions; (3) teacher and student relationships; and (4) maintaining an appropriate mental set.
3. Classroom Curriculum Design – The school will adhere to the following principles of Marzano's research:

- Learning is enhanced when a teacher identifies specific types of knowledge that are the focus of a unit or lesson.
- Learning requires engagement in tasks that are structured or are sufficiently similar to allow for effective transfer of knowledge.
- Learning requires multiple exposure to and complex interactions with knowledge.

Student-level Factors

Home Environment

Regarding the impact on student achievement, Marzano's research indicates that the home environment is comprised of three elements:

- Communication about school
- Supervision
- Parental expectations and parenting style

The school will make all attempts possible to keep lines of communication open between the school and families to ensure parents and guardians are supported in their child's education. Parents will be informed of their child's reading level and academic progress in school and engaged in the classroom and school communities. Teachers will share progress reports, report cards, Northwest Evaluation Association (NWEA) reports, interim benchmark assessment scores, and encourage participation on the student information system (SIS) to share pertinent information related to student academic performance and involvement in the school community. Creating a strong and meaningful connection to the school community benefits all stakeholders and makes keeping an open and clear line of communication between parents and the school possible.

Learned Intelligence/Background Knowledge

Marzano's research shows that background knowledge is directly related to learned intelligence and student achievement. To promote the acquisition of learned intelligence and background knowledge, the following action steps:

- Involve students in programs that directly increase the number and quality of students' life experiences.
- Involve students in a program of wide reading that emphasizes vocabulary development.
- Encourage students to read in their free time to reach reading goals.
- Provide direct instruction in vocabulary terms and phrases that are important to specific subject matter content.

Research is clear that increased student motivation has a positive effect on achievement (Marzano, McCombs, 1990). The school will make multiple attempts to motivate students in various ways. Goal-setting and personalized learning plans present the school's primary vehicles for instilling an increased sense of intrinsic motivation in students. Critical to the success of every student is the sense of ownership of learning and setting goals to motivate their achievement. Teachers will consistently provide timely and specific feedback to students on their assignments and classwork and assist students in making meaningful connections to ensure students know how to fix their mistakes, reinforce their learning, and build schema. Students will participate in tasks that are engaging, such as project-based learning, interactive technology tasks, or other experiential learning activities. These tasks support growth toward standards mastery and critical practice in the key 21st Century skills, including communication, creativity, problem-solving, and

collaboration. Teachers and administrators are expected to invest in the achievement of students, and therefore personally motivate each and every child to reach his or her potential.

Classical Education

PCPA's classical model of education is grounded in time-tested principles supported by both historical and contemporary research. The foundational framework of the classical approach is most notably articulated in Dorothy Sayers' essay The Lost Tools of Learning (1947), which calls for a return to the Trivium, Grammar, Logic, and Rhetoric, as a means to teach students how to think and learn effectively. Sayers argues that education should be structured around the natural developmental stages of children, aligning instruction with their cognitive growth rather than limiting it to content acquisition (Cothran, 2018). This philosophy finds further support in Jean Piaget's developmental theory, which explains that children move from concrete to abstract thinking in predictable stages, reinforcing the logic behind the progression of the Trivium (Piaget, 1972). Moreover, David Hicks in Norms and Nobility (1990) emphasizes the importance of uniting intellectual virtue with moral character, arguing that a classical education equips students not only with knowledge but with the wisdom to use it rightly. Contemporary research from scholars like Dr. Albert Cheng (2016) has also shown that students in classical schools tend to outperform their peers in critical thinking, civic engagement, and long-term academic success. Together, these perspectives point to the developmental appropriateness, intellectual rigor, and character formation inherent in the classical model. By aligning classical pedagogy with current educational standards and integrating 21st-century competencies such as digital literacy and problem-solving, PCPA prepares students to become not only knowledgeable but also able to think critically, communicate effectively, and lead virtuously in an ever-changing world. This convergence of developmental psychology, educational philosophy, and empirical research offers a robust foundation for PCPA's classical programming.

D. Provide a sample daily schedule and school annual calendar, including the annual number of days and hours of instructional time as Attachment B. (Note: if approved, the Governing Board will formally adopt an annual calendar)

A sample daily schedule and draft annual calendar are provided in **Attachment B**.

E. Explain how the services the school will provide to the target population support attainment of the state-adopted standards, as required by section 1002.33, F.S.

The Education Model's continuous improvement process reflects a schoolwide approach to student learning and promotes an "all-hands-on-deck" response to meet the needs of every student. The school's instructional leadership team, with the help of CSUSA Florida support team members, will develop the capacity of staff to effectively follow the instructional cycle, emphasizing the components outlined below:

- **PLCs** – Build the capacity of each teacher as an instructional leader and support making informed decisions about which curricular resources and strategies match the data-defined need.
- **IFAs** – Ensure adequate time is allocated to essential benchmarks/standards and enough time is provided for instruction in between assessment periods.
- **Success Block** – Provides a timely response to student remediation and enrichment needs. Success Block will take place approximately 30-minutes daily with groupings are based on data.

Teachers will employ a variety of high yield, research-based instructional strategies described in detail in **Section 4**. After each instructional unit, teachers grade assessments based on a specific level of mastery of

the benchmark/standards and determine whether the class should move on to the next standard, or whether the concept needs to be taught in a new way. Students who have not yet demonstrated mastery will continue to receive support through targeted small-group instruction, even if the class moves on to the next unit. Students will receive intensive interventions if they continually fail to master skills and concepts. A Response to Intervention (RTI) model, described in **Section 4**, will be employed in alignment with federal guidelines to ensure students are receiving the appropriate interventions based on their performance. In addition to small-group, teacher-led instruction as an ongoing strategy for providing instructional, PCPA will provide the following for students:

- **Tutoring** – A tutoring program will offer remediation and additional practice opportunities for students to master benchmarks/standards. The tutoring program demonstrates one way the school will provide opportunities beyond the regular school day for students to reach proficiency in course content. Tutoring will take place before/after school, on designated Saturdays, and over school breaks as necessary. Student groupings will be flexible and based on interim benchmark and progress monitoring data. Groups of up to 10-15 students are typically based on student remediation needs and use of state assessment data and NWEA learning continuum data, with students cycling in and out of targeted tutoring sessions as appropriate. All teachers will be informed of the tutoring program and expectations for participation.

  Early in the first quarter, teachers will be identified to lead tutoring sessions, which may include tutoring in a different grade or content area. Standards-based course materials will be identified for use and the start date will be determined based on student need. The frequency and duration of the tutoring schedule will be continuously reviewed to ensure relevancy based on student academic performance. Tutoring sessions will be derived from the operating budget and initially managed by a CRT. These sessions are not considered intensive interventions which are detailed in **Section 4**.

Section 4: Curriculum and Instructional Design

A. Describe the school's curriculum in the core academic areas, illustrating how it will prepare students to achieve Florida standards. Describe the primary instructional strategies that the school will expect teachers to use and why they are appropriate for the anticipated student population. Describe the methods and systems teachers will have for providing differentiated instruction to meet the needs of all students, including how students who enter the school below grade level will be engaged in and benefit from the curriculum and the formalized multi-tiered level of supports that will be provided to students who are performing below grade level. In particular, describe the 5curriculum and differentiated strategies that will be used for students performing at grade level or higher and a separate mathematics curriculum and strategies for students who are performing below grade level.

Curriculum in Core Academic Areas

Curriculum in core content areas will reflect state adopted benchmarks/standards. The GVC is aligned with Florida B.E.S.T. for ELA and Math and Florida's State Academic Standards for Science and Florida Social Studies Next Generation Sunshine State Standards in K-12. The purpose of the Education Model, described in **Section 3**, is to ensure effective delivery of the GVC for all students. Teachers will use a variety of curricular resources to plan lessons in accordance with the GVC scope and sequence so that students are provided with the greatest opportunity to master grade-level content in preparation for both state assessments and high school pathways. Curricular programs and tools will be continuously reviewed and updated based on the effectiveness of meeting student needs.

To ensure teachers are supported in utilizing curricular resources and making informed instructional choices, professional development (PD) will be provided by CRTs, CSUSA Florida support team members, and external experts such as publisher and software representatives. A full description of PD is included in **Section 13**. PCPA will offer courses made available by FLDOE through the course code directory as listed on CPALMS. As benchmarks/standards, state assessments, and standards-aligned curricular tools are revised, updates will be made to the GVC and planning resources to maintain compliance with the applicable Florida statute(s).

English Language Arts

The GVC is comprised of several units/clusters aligned to standards for ELA. Each unit's planning resource highlights resources that reflect the four key principles of Florida's B.E.S.T. for ELA:

1. ELA is not a discrete set of skills, but a rich discipline with meaningful, significant content, the knowledge of which helps all students actively and fully participate in society.
2. The standards are clear and concise, so they are easily understood by every stakeholder.
3. The texts students read are meaningful and thought-provoking, preparing them to be informed, civic-minded members of their community.
4. Standards should not stand alone as a separate focus for instruction but should be combined purposefully.

ELA expectations represent the overarching skills that run through every component of language arts and provide the roadmap to ensure effective teaching and learning toward standards mastery. Instruction will be aimed at mastery of ELA benchmarks which represent end-of-the-year goals structured around the following ELA strands:

- **Foundations:** Designed to meet the needs of the traditional beginning reader and expanded from previous standards to include remediation for secondary students who are not yet proficient readers.
- **Reading:** Divided into three standards – reading prose and poetry, reading informational text, and reading across genres. Text complexity will be examined to determine grade level appropriateness based on a combination of quantitative, qualitative, and student-centered demands.
- **Communication:** Divided into five standards – communicating through writing, communicating orally, following conventions, researching, and creating and collaborating.
- **Vocabulary:** Comprised of one standard – finding meaning. This is an essential building block of knowledge and essential to a thorough understanding of text.

Classical works will be incorporated into instruction as supplemental materials to complement core resources and accomplish the goals and objectives of each stage of the Trivium. Scholars will be exposed to a well-rounded, standards-based curriculum that includes the Great Works, and encourages deep thought and discussion about humanity and life's essential questions.

Grades K-5: Daily ELA Period

- A minimum of 120 minutes of on-task instructional reading time will be required. Curricular materials utilized will align with those included in the Reading Plan outlined in **Attachment D**.
- At this time, Core Knowledge Language Arts (CKLA) is the planned curricular resource however, the CSUSA Florida support team is reviewing other options in alignment with the FLDOE timeline.
- Instructional strategies and approaches will be used strategically to grow and strengthen foundational reading, comprehension, vocabulary, and communication skills.
- Students will have access to leveled readings and activities in small groups for remediation, individualized instruction, and practice of essential skills.
- Highly qualified teachers will appropriately group students by level and provide instruction targeted to that group's needs through scaffolded, guided reading lessons. This may include the steps of modeling, guided practice, and independent practice to develop foundational reading skills and provide targeted small-group instruction.
- Continual progress monitoring will ensure fidelity of implementation and confirm whether students are receiving the instruction needed.
- Writing will be incorporated into the ELA block through the instructional delivery of the ELA Communication Benchmarks.
- Students advancing through the grades will be expected to meet each year's grade-specific benchmarks and retain or build upon skills and knowledge mastered previously.

Students advancing through the grades will be expected to meet each year's grade-specific benchmarks and retain or build upon skills and knowledge mastered previously. As described in **Section 3**, Success Block will provide a built-in opportunity to provide remediation and enrichment and may be dedicated to ELA to ensure increased academic growth throughout the year. Students who are performing below or above grade level will reap the benefit of differentiated instruction delivered in a targeted setting and have opportunities for individualized practice through blended learning.

Grades 6-8: ELA Courses

Teachers will utilize instructional software and assessment data reports to group students by reading skill deficiencies and provide instruction targeted to each group's needs through scaffolded reading lessons. Continuous progress monitoring will ensure students are receiving appropriate instruction.

- Students will complete three annual courses in ELA, per the requirement for matriculation into high school. The required courses will align with CPALMS for ELA B.E.S.T. Curricular materials will align with the Reading Plan, which will include Houghton Mifflin Harcourt (HMH) Into Literature Florida for grades 6-8 and supplemental classical literature (Great Works), as well as a focus on text exemplars and integration of primary sources such as newspapers and research articles, providing a balance of fiction and nonfiction texts. Currently, the CSUSA Florida support team is reviewing other curricular options in alignment with the FLDOE instructional materials adoption schedule.
- In addition to core courses, students may be offered an extended ELA block (double block) which may include reading interventions aligned with the Reading Plan to provide the additional instructional minutes to support remediation, especially in foundational reading skills.
- Students may be scheduled in an elective geared toward meeting individual student needs in ELA.

Teachers will utilize instructional software and assessment data reports to group students by level and provide instruction targeted to each group's needs through scaffolded reading lessons. Continuous progress monitoring will ensure students are receiving appropriate instruction. A variety of instructional strategies to reach all students at their individual level will be utilized.

Grades 9-12: ELA Courses

Core ELA courses are designed to prepare students to think critically and attend to text closely in a manner that helps develop an understanding of and enjoyment of complex literature. Students will learn reasoning skills and evidence collection skills critical to post-secondary success. English courses will emphasize skills in reading, clear writing, coherent exposition, and vocabulary development.

- A minimum of 50-minute integrated reading and language arts minutes will be required. PCPA will use the research-based reading programs, and focus on text exemplars and integration of real-life texts such as newspapers and research articles, providing a balance of fiction and nonfiction text. Novel studies will also be used for instruction. Currently this includes HMH Into Literature Florida (grades 9-12) and supplemental classical literature (Great Works), as well as a focus on text exemplars and integration of primary sources such as newspapers and research articles, providing a balance of fiction and nonfiction texts.
- Students will refine and master previously learned skills in increasingly complex reading selections, presentations, and oral and written compositions.
- Students may be scheduled in an elective geared toward meeting individual student needs in ELA.
- Students will progress through the appropriate ELA courses throughout high school. Courses offered may include English 1-4/English 1-4 Honors, AICE General Paper, AICE English Language AS Level, AICE English Literature AS Level, AP English Language, and AP English Literature

Mathematics

The GVC is comprised of several units/clusters that reflect Florida's B.E.S.T. for Math. Planning resources will provide teachers with resources that reflect the principles and standards of National Council of Teachers of Mathematics, expectations from national and international assessments (NAEP, ACT, SAT, and TIMSS), and reflect the state's guiding principles for math standards:

- **High Expectations:** Maintain high expectations for Florida's students, ensuring equity and access for all, and designed to provide students with a world class education.
- **Clarity:** Provide clear and concise language for students, parents, and educators to ensure a comprehensive understanding of the benchmarks and increase transparency of expectations.

- **Alignment:** Consistent progression of math strands to ensure vertical alignment across grade levels and horizontal alignment at the course level.

Students will be provided instruction in the following major strands of the B.E.S.T. standards:

- Number Sense and Operations
- Algebraic Reasoning
- Geometric Reasoning
- Data Analysis and Probability

The Mathematical Thinking and Reasoning Standards are woven into all grade levels, allowing students to self-monitor their learning practices and promote a deeper understanding of math. All grades will use word problems to promote analytical thinking skills and infuse writing as part of the math curriculum. Teachers will use various manipulative materials, including technology, to promote experiential, hands-on learning. One strategy for increasing student success in math includes the use of accountable talk, which encourages students to expose their thinking, support claims, seek clarification or elaboration, and extend learning. Journaling may be utilized as another strategy for promoting visible thinking. By providing students with regular opportunities to share their mathematical reasoning, whether through discussion or writing, students will be better able to identify gaps see holes in their logic and teachers will be better able to provide effective feedback and clear up misconceptions. These practices, in addition to the use of supplemental mathematics materials, such as Imagine Math & Math Facts Unlimited, will provide scholars with the knowledge and tools required to confidently write and articulate sound arguments, using critical thinking, logic and reason.

The proposed core math curriculum, Singapore Math, was originally developed by Singapore's Ministry of Education. The Singapore math method is focused on mastery, which is achieved through intentional sequencing of concepts. Some of the key features of the approach include the CPA (Concrete, Pictorial, Abstract) progression, number bonds, bar modeling, and mental math.

- CPA (Concrete Pictorial Abstract) Approach: Introduces concepts in a tangible way and progresses to increasing levels of abstraction.
- Number Bonds: Shows the part-whole relationship between numbers.
- Bar Modeling: Helps students visualize a range of math concepts, such as fractions, ratios, and percentages. Allows students to determine the knowns and unknowns in a given situation.
- Mental Math: Helps students develop number sense and flexibility in thinking about numbers.

Instead of pushing through rote memorization, students learn to think mathematically and rely on the depth of knowledge gained in previous lessons. In Singapore math, students must think through concepts and apply them in new ways from the very start. Since they can't rely on simple replication, students are pushed to greater engagement and broader thinking. In Singapore math, a strong sense of connectivity to past learning is woven throughout the curriculum. Singapore math not only helps scholars become more successful problem solvers, it helps them gain a sense of confidence and resourcefulness because it insists on conceptual depth. This naturally prepares scholars to excel in more advanced math and achieve the goals and objectives of each stage of the Trivium.

Singapore Math offers advanced scholars opportunities for challenging exercises (Singapore Math Intensive Practice) and provides scholars in need of remediation with materials (I.e., online instructor videos) that provide step-by-step guidance to problem-solving for the acquisition of core concepts and basic skills, and access to hands-on and multi-sensory learning opportunities using varying manipulatives.

Grades K-5: Mathematics

- PCPA will implement Savvas' EnVision FL B.E.S.T. Math as its core math resource.
- Students in grades K-4 receive 90 minutes of math instruction daily.
- Students in grade 5 will receive a minimum of 60 minutes daily.
- Students in grades 3-5 will have the opportunity to participate in accelerated math courses based on Florida's B.E.S.T standards and accelerated curriculum maps to support stage not age learning.
- Small-group instruction and center activities will be utilized to reach students at their instructional level and provide content aligned with student needs.
- Student groupings will be based upon data analysis of state and interim benchmark assessments, IFAs, and daily informal observations. Groups will be adjusted as needed based on student progress.
- Math supplemental and intervention programs may include Dimensions Math, i-Ready, and Progress Learning materials. Course options will satisfy state requirements in math and provide students with instruction aligned to the major strands within Florida's B.E.S.T. for Math listed above.
- Students in grades 3-5 will have the opportunity to participate in accelerated math courses based on Florida's B.E.S.T standards and accelerated curriculum maps to support stage not age learning.

Grades 6-12: Mathematics

Students will complete a minimum of four credits in mathematics, depending upon the diploma option(s) selected. At this time, Savvas Learning Company LLC resources are planned for PCPA. Imagine Math is an example of a resource that may be used to target deficiencies. The school will offer courses that satisfy requirements in mathematics and provide students with opportunities to demonstrate mastery of mathematics standards. In addition to required math courses for graduation, courses offered may include Algebra 2/Algebra 2 Honors, Pre-Calculus Honors/Calculus Honors, Geometry/Geometry Honors, AICE Mathematics, AP Calculus AB/BC, AP Statistics, and Algebra 1/Algebra 1 Honors.

The GVC provides the core curriculum, which is the current state math standards as supported by National Council of Teachers of Mathematics research and is aligned to the major strands of the Florida's B.E.S.T. standards. Savvas Learning Company math series is the planned curricular resource at this time.

Science

The GVC is comprised of several units/clusters that reflect NGSSS for Science. Instruction will be aimed at developing understanding of the scientific method, fostering a sense of curiosity necessary for scientific experiment, and building student preparedness for the Statewide Science Assessment in grades 5 and 8 and Biology End-Of-Course (EOC) assessment.

Grades K-5: Science

The science curriculum will be delivered via a discovery instructional process with an emphasis on scientific thinking, hands-on learning, and real-world experiences. To track science proficiency, PCPA will administer NWEA interim benchmark assessments for students in grade 5 and may also administer the assessment to other grades based on students' needs. Research-based curricular programs, such as Stemscopes will be utilized. Each week, a block of instructional time will be dedicated to science inquiry, which may be in the form of a lab/experiment, research period, or other inquiry-based learning session. Students will also be supported in applying their literacy skills (such as identifying main ideas and details and comparing and contrasting) to understanding science content. This will provide a deeper understanding of concepts and increased application of reading skills, thus helping students who are below grade level in science.

In K-5, students will receive:

- In grades K-2, a minimum of 60 minutes of science instruction per week, a separate science/social studies block (which may take place on alternating days or weeks for each subject) to provide more time for hands-on experience.
- In grades 3- 5, a minimum of 150 minutes of science instruction per week.
- In grades 3-4, 150 minutes of weekly, hands-on learning outside of embedded instruction.
- In grade 5, 60 minutes daily for a total of 300 minutes per week.

Grades 6-8: Science

PCPA will create and implement a rigorous, inquiry-based science program built on a framework put forth by Stemscopes curriculum. Knowledge of scientific facts, vocabulary, and investigative skills will be developed through hands-on experimentation. In addition, literacy-rich activities, and interactive digital tools to empower students to think, read, write, and argue like real scientists and engineers. With the incorporation of experiential activities in science labs, students will understand science as an active process of systematically examining and searching for understanding about the natural world. Students will develop solutions to problems by following the scientific method, which will be incorporated throughout all science content. Students will develop inquiry skills including organization and mathematical analysis of data, manipulating variables in experimentation, and identifying sources of experimental error. Instruction in the strands of science will be achieved through a research-based integrated science curriculum that constructs thematic concepts by integrating the perspectives of biology, chemistry, physics, and earth/space science. The curriculum is designed as a continuum that moves from concrete concepts to more abstract concepts as students' progress from sixth to eighth grade. Topics within each block are chosen to correspond with the NGSSS.

Middle school students will complete three annual courses in science in alignment with CPALMS course offerings, per the requirement for matriculation into high school. Additionally, high school credit course offerings, such as Physical Science Honors or Biology Honors, will be offered to middle school students demonstrating readiness. Research-based curricular programs, such as Stemscopes, will be utilized.

Grades 9-12: Science

Students will earn a minimum of three credits in science, per graduation requirements and diploma option selected, and provide students with opportunities to demonstrate mastery of the following standards:

- Earth and Space Science
- Life Science, Nature of Science, Physical Science
- Environmental Science/Environmental Science Honors
- Biology 1/ Biology 1 Honors

In addition to required social studies courses for graduation, courses offered may include:

- Physics 1-2/Physics 1-2 Honors
- Physical Science/Physical Science Honors
- AICE Biology, AICE Environmental Science, AICE Marine Science
- AP Chemistry, AP Biology

Science is a process, a way of thinking about and investigating the world in which we live. The scientific method is the primary system used for students to interact and make connections with scientific knowledge.

The school's goal is for students to build their progression based on science and mathematical skills learned in each course.

Social Studies

The GVC will be comprised of several units that align with the Florida's State Academic Standards for Social Studies and accompanying planning resources will include essential planning resources such as curriculum maps, pacing guides and vetted CPALMS lessons. Instruction will be aimed at ensuring students develop as engaged citizens and are prepared for state assessments

Our social studies curriculum is rooted in Florida's updated state standards, designed to cultivate informed, engaged, and responsible citizens. By exploring primary sources, fostering a deep understanding of civic responsibilities, and analyzing global governmental systems, students gain the knowledge and skills needed to uphold the democratic values that form the foundation of our nation. They will be supported in becoming effective and contributing members of their community, increase their understanding of privileges and responsibilities of citizenship, and instill a feeling of patriotism and national identity. Concepts of home and community will be reviewed and extended. Students will gain a broader understanding of living in communities through the study of both similar and diverse societies. For this reason, the social studies curriculum is based on an integrated approach of using real texts such as newspapers, articles, and text exemplars to incorporate literacy standards.

K-5: Social Studies

PCPA will use supplemental resources such as Time for Kids or Newsela. In addition, teachers will be expected to address social studies throughout various content areas or in a separate social studies block.

- In grades K-2, students will receive instruction for a minimum of 60 minutes per week.
- In grades 3-5, students will receive instruction for a minimum of 120 minutes per week.

Teachers may address social studies throughout various content areas or in a separate social studies block. Social studies standards will be embedded into the ELA block for a minimum of 60 minutes per week.

Grades 6-8: Social Studies

Middle school students will complete:

- Three annual courses in social studies, one of which must be a civics course, per the requirement for matriculation into high school. A typical track may include M/J World History in sixth grade, M/J Civics Advanced in seventh grade, and M/J United States History Advanced & Career Planning in eighth grade. Advanced middle school social studies courses and high school credit courses may be included in the course progression offerings as well.
- To support instruction of the GVC, PCPA will use research-based McGraw Hill Networks and/or Florida Transformative Education– A Social Studies Learning System, among other nonfiction texts and resources.
- Middle school social studies courses will infuse required career planning.

Grades 9-12: Social Studies

Students will complete, at minimum, the required three credits in Social Studies for the 24-Credit Standard Diploma. The school will offer courses that provide students with opportunities to demonstrate mastery of social studies standards in the following strands: American History, Civics and Government, Economics, Financial Literacy, Geography, Humanities, Psychology, Sociology, and World History. The McGraw-Hill, LLC

Social Studies series (i.e., Florida editions) and Florida Transformative Education is an example of a curricular resource that may be utilized. In addition to required social studies courses for graduation, courses offered may include:

- United States History/United States History Honors
- World Cultural Geography
- US Government/Honors
- Economics/Honors
- Psychology 1-2
- Political Science
- World History/World History Honors
- AICE Psychology A Level, AICE US History AS Level, AICE US History A Level, AICE International
- History AS Level
- AP Human Geography, AP US History, AP US Government and Politics

Primary Instructional Strategies

PCPA will utilize research-based instructional strategies that support its mission to educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum. Teachers will be supported in developing the capacity to use strategies effectively through PD, PLCs, modeling, and instructional coaching. In alignment with Education Model implementation, the selection and use of instructional strategies will be monitored through lesson plans reviews, classroom observations, and instructional walkthroughs. Examples of instructional strategies that may be employed, as determined by the teacher and based on lesson objectives, include Marzano's High Probability Instructional Strategies, Blended Learning, Interdisciplinary Instruction and Learning, Multisensory Learning, Cooperative Learning, Direct Instruction, Differentiated Instruction, Socratic Seminars, and Formal Debate.

Marzano's High Probability Instructional Strategies: Marzano's High Probability Instructional Strategies can be implemented across subject levels and throughout lessons in various ways. These strategies have been proven by research to yield positive results in student learning (Haystead & Marzano, 2009). Teachers will be provided with PD in select strategies listed below in support of Education Model implementation and the school's mission to educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum.

- Tracking Student Progress & Setting Goals/Objectives: Determine current level of performance; Identify achievement goals and establish a rate of progress; Track progress visually; Adjust instruction to improve learning; Provide more intensive instruction to re-teach the material if goals are not being met. Set a core goal, and let scholars personalize it; Make sure goals are achievable; Teachers help with strategies to achieve goals. Data chats and PLCs will provide teachers with the opportunities to apply these strategies, supported by CRTs and school leadership. Scholars will use PLPs as the primary tool for tracking scholar progress, and setting and monitoring goals, as well as celebrating successes.
- Building Vocabulary: Provide deliberate instruction, including direct and small-group instruction to accelerate students' vocabulary development; Facilitate active engagement before, during, and after lessons beyond definition knowledge; Implement a comprehensive program for students to be able to understand complex texts, engage deeply with content area concepts, and participate in academic discussions. Rich classroom discussions, debate, Latin instruction, and the Great Works will all supplement direct and small group instruction in vocabulary development.

- Interactive Games: Use in addition to effective teaching; Define the objectives of the game to set a purpose; Should be challenging, but not frustrating; Can foster teamwork and social interaction; Provides opportunities for success and positive reinforcement. During Success Block, as well as at other times, scholars will engage in interactive games that utilize the facility design and planned instructional technology.
- Note Taking: Use teacher-prepared models/templates to teach basic principles and expectations; Give time to practice note taking and provide feedback on the skills; Students become familiar with content, jot down main ideas, and write down questions.
- Student Discussion/Chunking: Set expectations for classroom discussions and try in small groups first; Use a variety of techniques, having students take notes throughout the discussion and segment the discussion to check for understanding; Organize content into small, related segments that are more manageable for understanding in daily lessons.
- Practice: Ask questions that require students to process and rehearse the material; Give feedback on the practice while circulating and monitoring work; Provide additional explanations and several examples; Cooperative learning is an effective strategy to utilize practice. Teachers will utilize the planned spiral instruction to provide scholars with spaced retrieval practice to encourage.

Based on Marzano's research, purposeful implementation of instructional strategies can provide a roadmap for the shift in teaching required to ensure student academic success. Effective student-centered learning starts with instructional planning focused on empowering students as active participants in the classroom. By shifting away from a teacher-directed approach, students learn to carry the bulk of the work of learning as teachers take a position as guide.

Blended Learning: Although traditional classical education models limit technology, PCPA will promote thoughtful use of blended learning to boost student engagement and achievement and enhance each student's personalized learning experience. Artificial intelligence (AI) tools will be utilized across subject areas and implemented in a manner that emphasizes ethical and age appropriate use to support learning. AI is transforming education by enhancing student engagement, personalizing learning, and supporting teachers in scaffolding instruction. AI-powered tools can provide real-time feedback, interactive experiences, and adaptive learning opportunities that help students develop critical thinking and problem-solving skills. In science, for example, AI can assist with data analysis, modeling, and virtual simulations, allowing students to explore complex concepts in ways that may not be possible in a traditional classroom. AI can enhance World Language learning by serving as a conversation partner, offering real-time text or voice interactions in the target language. Another example includes math programs with embedded AI tutors that support students by providing 1:1 real time coaching with an additional benefit of providing teachers with error analysis. By integrating AI as a complement to teacher-led instruction rather than a replacement for hands-on learning, PCPA can provide an even more dynamic learning environment that fosters exploration, creativity, and deeper understanding.

The models listed below, will be employed flexibly. Instructional software programs used for blended learning will be vetted to ensure technology-enhanced programs are primed to yield the highest results and a plan for the implementation of each selected software program will be developed to maximize its effectiveness.

- Rotation Model: Students receive instruction from teachers, participate in centers or independent work, and then complete similar activities on an online software program. Programs that may be utilized in the shared community space include i-Ready, Progress Learning, Imagine Math, and Lexia PowerUp Literacy.

- Individualized Learning: Students use adaptive programs that move at their pace to develop reading or math skills, starting with online diagnostic assessments for placement on individual pathways. The teacher will monitor use and progress, and the program adjusts according to student academic performance.
- Flipped Learning: Teachers can use this within a course for all students or for those who need enrichment. Students watch a video or tutorial online prior to being exposed to a concept to develop an understanding on their own. Students then meet with the teacher afterward to extend learning and practice. Schoology and Nearpod are examples of platforms that may be used.

Interdisciplinary Instruction and Learning: Interdisciplinary instruction and learning helps prevent skill isolation, enhance student motivation, and requires a high level of collaboration among teachers to facilitate meaningful connections across disciplines. The use of this instructional strategy across all grade levels will help create opportunities for students to deepen understanding and make real-world connections. This will help prevent skill isolation while building student motivation and teacher capacity to plan effectively. At a beginning level of cross-curricular instruction, students will be prompted to utilize strategies learned in ELA across other subject domains, such as identifying a main idea (reading) when reading a newspaper article containing information on global warming (science), which can tie into the citizen's role in preventing global warming (social studies), and the action steps they can take to impact change to combat the effects of climate change (civic virtue). At a higher level of implementation, cross-curricular instruction will involve teachers working across subject areas to plan entire units of study.

Direct Instruction (I Do, We Do, You Do): Direct instruction involves a gradual release of responsibility from the teacher to the scholars. The goal of the method is to help scholars build their skills and confidence over time, by starting with explicit instruction and modeling, moving to guided practice, and finally to independent practice. It includes three phases:

- **I do:** The teacher models how to complete a task or solve a problem, using think-alouds, demonstrations, or other methods.
- **We do:** The teacher and the students work together to complete the same or a similar task or problem, with the teacher providing support and guidance as needed.
- **You do:** The scholars work independently to complete a similar or a new task or problem, with the teacher providing feedback and support as needed.

Differentiated Instruction: Differentiated instruction is a method of teaching that flexibly employs a variety of instructional strategies to meet individual student needs (Watts-Taffe et al., 2013). This will support accommodating and motivating all learners to fulfill the school's to educate scholars through a rigorous curriculum grounded in key tenets of classical education. All teachers will be provided with ongoing PD to ensure differentiated instruction is: 1) a teacher's response to student needs, 2) the recognition of students' varying background knowledge and preferences, 3) student-centered, 4) instruction that addresses students' differences, and 5) a blend of whole-group and small-group instruction.

Small-group instruction will be utilized across subjects to reach all students, utilizing indoor and outdoor learning spaces schoolwide. Teachers will incorporate differentiated instructional materials that target learning needs of on-level, advanced, below-level, and ELL students. Teachers may differentiate in three ways: 1) the content students are learning, 2) the process in which the material is being taught, and 3) the product that is developed to demonstrate learning (Tomlinson). Teachers will consider the students' readiness for learning, as well as their interests and learning profiles. All instructional staff will be supported

in implementing the following best practices for differentiating instruction:

- For Student Readiness: Focuses on the standard for the content being taught and the objective that must be mastered, with content provided at various levels (e.g., students may read higher level text yet still master the same standard as students reading on-level text).
- For Student Interest: Allows students to choose from a list of options for demonstrating mastery (e.g., some students may complete a project, whereas others might write an essay).
  For Student Learning Profile: Addresses various individual student differences in learning styles (e.g., students that are tactile learners can use manipulatives, whereas students who are visual learners can use pictures).

Scholar groupings will change periodically depending on activity level and ability level. Other examples of differentiation include:

- Whole-group: A teacher may assign a task to students, differentiating the final product students need to create. After completing a unit on World War II, students could be asked to demonstrate their understanding of the impact of World War II on each country involved. Students would choose to complete an essay, skit, or infographic based on preference and provided with specific expectations for each choice for grading based on mastery of appropriate standards.
- Small-group: Each day, the small group that meets with the teacher is based on particular skill gap (e.g., converting fractions to decimals). As other groups work in centers, their assignments are differentiated within the overarching center topic. In a word work center, one student may be working on CVC decoding, while another may be working on building consonant blends, and another may be working on grammatical practice.
- Instructional software: Instructional software resources are utilized to ensure students are provided with programs that meet instructional needs. Teachers can differentiate by assigning content that students still need practice with, based on data, and then monitor students' performance on those skills. Students can also use programs that adapt to their instructional levels and adjust based on each student's performance (e.g., Lexia Learning programs). This will enable them to move at a faster or slower pace.

Socratic Seminar: The Socratic seminar teaching method is a way of facilitating a group discussion based on a text, using open-ended questions that encourage critical thinking, the use of logic and reason, active listening, and respectful dialogue. The method is inspired by the philosophy of Socrates, who believed in the power of asking questions and exploring multiple perspectives. The method has three main steps: preparing the text and the questions, conducting the seminar, and reflecting on the seminar.

Formal Debate: Formal debate involves structured, civil discussions of multiple sides of an issue, with the aim of persuading an audience and developing critical thinking and communication skills. Learning in the form of formal debate promotes the acquisition of the following capabilities: the ability to understand diverse viewpoints, the confidence to express opinions and arguments clearly and convincingly, the ability to logically and coherently organize thinking, writing and speaking, argumentative writing skills, and the ability to research, analyze, and synthesize information and evidence to support claims.

B.

- If the curriculum is fully developed, summarize curricular choices (e.g. textbooks) by core subject and the rationale for each. Include as Attachment C, a sample course scope and sequence for each core subject for each division (elementary, middle, and high school) the school would serve.
- If the curriculum is not yet fully developed, describe any curricular choices made to date and proposed curricular choices (e.g. textbooks, etc.) and explain the plan for how the curriculum will be completed between approval of the application and the opening of the school. This should include a timeline, milestones, and individuals responsible for included tasks. Also, describe the focus of the curriculum plan and explain how the curriculum will be implemented. Include what core subject areas will be offered and provide evidence on how the curriculum will be aligned to Florida standards.
- Provide evidence that reading is a primary focus of the school and that there is a research-based curriculum and set of strategies for students who are reading at grade level or higher and, independently, a curriculum and strategy for students reading below grade level. Reading instructional strategies for foundational skills shall include phonics instruction for decoding and encoding as the primary instructional strategy for word reading. Instructional strategies may not employ the three-cueing system model of reading or visual memory as a basis for teaching word reading. **Include the school's reading curriculum as Attachment D.**

The curriculum design, including materials and resources that may be utilized, is detailed above. A sample course scope and sequence and instructional unit is provided for select grade levels and subject areas in **Attachment C.**

The school's proposed comprehensive CSUSA K-12 Reading Plan (Reading Plan) is provided as **Attachment D**.

The Comprehensive Core Reading Program (CCRP)

The CCRP is the basis of reading instruction provided to all students at all levels. It correlates to the current state-adopted standards across all grade levels and addresses the six areas of reading: 1) phonological awareness, 2) phonics, 3) fluency, 4) vocabulary, 5) comprehension, and 6) oral language. It provides for explicit, systematic instruction along with ample practice opportunities for students to master necessary reading skills. The school's instructional reading materials will include text exemplars, Core Knowledge for K-5 and HMH Into Literature in grades 6-12. These resources are in the process of being reviewed by the CSUSA Florida support team in alignment with the FLDOE timeline. Programs will be continuously reviewed and updated based on the effectiveness of meeting student needs.

The 90-minute uninterrupted reading block in K-5 will consist of a combination of whole-group mini-lessons and small-group targeted instruction in learning stations. Highly qualified teachers will provide small-group

instruction and monitor independent work, providing corrective feedback to ensure appropriate use of learning time. Teachers will use texts and materials at the student's instructional level and progress to more complex text, as necessary. Specific materials are detailed in **Attachment D**.

Students will be assessed utilizing a universal screener at the beginning of the school year using NWEA, or another comparable assessment, to determine basic reading development and to detect the presence of any difficulty. Kindergarten students will be screened using the statutorily required Florida Kindergarten Readiness Screener – Star Early Literacy assessment. Based on the instructional implications of the universal screener, students will be provided instruction to meet their individual needs with an emphasis on small-group instruction.

Supplemental Intervention Reading Program (SIRP)

Based on the universal screener and assessment data, students will receive additional instruction and practice on identified skills. Teachers will provide additional instruction outside of the 90-minute reading block, such as during Success Block, a separate RTI block, through content area integration, during enrichment activities, or any other opportunity to support student achievement of individual learning goals.

Comprehensive Intervention Reading Programs (CIRP)

To meet the individual needs of students who have been identified to have significant skill deficiencies and/or read two or more years below grade level based on diagnostic data, PCPA will provide a research-based intervention program. Students will receive this additional instruction outside of the 90-minute reading block in a small-group setting with more frequent progress monitoring to ensure accelerated progress toward grade-level expectations. Students will not be pulled out of core subjects for extra reading instruction but may be pulled out during non-required electives, with additional opportunities for push-in support within the classroom.

Reading Program Specifications

Objectives from the *Just Read Florida!* Reading Program Specifications are detailed in **Attachment D** which also provides an example of the decision-making process through which students will be identified for strategic or intensive support. Details on SIRP and CIRP research-based materials that may be utilized, and information on how §. 1008.25(5)(a), F.S. requirements around K-3 students exhibiting a substantial reading deficiency will be met, are also included.

C. If the school will adopt or develop additional academic standards beyond those mandated by the state, explain the types of standards (e.g., content areas, grade levels). Describe the adoption or development process. Select one grade level and subject area as an example and explain how these additional standards exceed required standards and contribute to meeting the mission of the school.

PCPA will not incorporate any additional academic standards at this time.

D. Describe the research base and foundation materials that were used or will be used to develop the curriculum.

The research base and foundation materials used to develop the curriculum are described in **Section 3**.

E. Describe proposed curriculum areas to be included other than the core academic areas.

K-5 Specials

Each of the following will be offered during a specials period on a rotation schedule in grades K-5. PCPA will expand upon these specials options and adjust as needed in pursuit of fulfilling the school's mission and vision. Instruction in Latin may be integrated across all subject areas during initial years of operation.

World Language: The world language program will focus the study of language through poetry, songs, and other aspects of culture. Students will begin to develop conversational, written, and formal language skills required for living in a diverse environment. A vital goal is that students gain insight into the different perspectives and products of various cultures. Application of this knowledge affords students the ability to recognize cultural practices and the uniqueness of various communities and will support the school's vision.

STEM: The STEM program will be aligned with the state-adopted standards which offers students an opportunity to deepen science, mathematics, engineering, and technology skills. The primary content focus will be to expand knowledge of current grade level standards in mathematics and science by applying that content in a real world, hands-on situation involving engineering and technology.

Art: The art program will be based on NGSSS, and its primary goal will be to provide every student an opportunity to develop and explore his or her creative potential. Students will develop art skills, an aesthetic awareness of art forms in nature, an appreciation of different artistic styles, and the confidence to use art as a mode of personal expression.

Music: The music curriculum will be aligned with state-adopted standards and will include both vocal and instrumental music. A variety of melodic and harmonic classroom instruments, along with singing during classroom practice and performances, will be incorporated throughout the music curriculum. Students will be introduced to music skills, techniques, and knowledge of various types of musical literature. They will also be exposed to musical contributions representing various cultures, genres, styles, and artists.

P.E.: Physical education will include a variety of developmental activities that will emphasize fine and gross motor skill development. The K-2 curriculum will focus on movement exploration through various motor and non-motor experiences, and will include instruction in keeping growing bodies healthy, clean, and out of harm's way (e.g., health/nutrition, exercise, drug prevention, first aid, and safety). The 3-5 curriculum will allow students to interact in team sports that also contributes to developing habits of good sportsmanship. PCPA will provide a minimum of 150 minutes of physical activity each week as directed by § 1003.455(3), F.S. This requirement will be waived for students who meet the criteria delineated in § 1003.455(4), F.S.

Computer Education: Introduction to Computer Science courses will support the development of basic skills in computer programs and platforms used in grade level curriculum. Students will be instructed in the responsible use of technology and information, evaluation of digital information resources, digital tools, security and information sharing, computer programming basics, and programming applications among other areas. In addition to increasing their digital and technological literacy, students will learn how to use technology ethically to promote the greater good, the moral implications of advanced technology, and the impact of globalization.

Grades 6-8 Electives

World Language: The primary goal of the world language program, aligned to the World Language Next Generation Sunshine State Standards, is to provide instruction in the following five areas: 1) communication, 2) cultures, 3) connections, 4) comparisons, and 5) communities. By focusing on these five areas, students will learn to communicate in a language or in languages (other than English) through the following modes of communication: interpretive listening, interpretive reading, interpersonal communication, presentational speaking, and presentational writing. With a focus on communication, students will learn to exchange information with peers orally and in writing and use appropriate vocabulary and cultural expressions to request additional information. Latin and other world language courses for high school credit, such as Spanish 1, will be offered.

Computer Education: Instruction will employ national standards, benchmarks, and grade-level expectations, building upon the skills learned in grades K-5. Students in grades 6-8 can take a semester or a full-year computer course. Depending on student demand and staffing, examples of courses that may be offered include Coding Fundamentals, Fundamentals of Web and Software Development, and Computer Science Discoveries. Information technology courses will also focus on the global impact of advanced technology, the use of technology for the greater good, and the moral/ethical elements of advanced systems.

Fine Arts: The primary goal of the art program will be to provide instruction aligned to the state-adopted standards in the following domains/strands of art: critical thinking and reflection; historical and global connections; innovation, technology, and the future; organizational structure; and skills, techniques, and processes. The arts encompass music, visual arts, theatre, and dance. Courses will be determined based on teacher certification and student demand. Examples of courses that students may take include Chorus, Band, Introduction to Art History, Three-Dimensional Studio Art 1, and Music Theory 1.

Music: The music curriculum will be aligned with state-adopted standards, supported by supplemental classical materials, and will include both vocal and instrumental music. A variety of melodic and harmonic classroom instruments, along with singing during classroom practice and school-wide performances, will be incorporated throughout the music curriculum. Scholars will also examine music as an artform and study musical contributions throughout history representing various cultures, genres, styles, and artists. Scholars will be introduced to music skills, techniques, and knowledge of various types of musical literature to pique their musical talent and enhance their understanding and appreciation for music.

Physical/Health Education: Middle school students will complete one semester of Physical Education in grade 6, 7, and 8, per the requirement for matriculation into high school as outlined in § 1003.455(3), F.S. The primary goal of the physical education program will be to provide instruction in the following strands of physical education: Movement Competency, Cognitive Abilities, Lifetime Fitness, and Responsible Behaviors and Values. These strands offer students the opportunity to set goals to develop and continually enhance the life management skills necessary for healthy, active living.

Grades 9-12 Electives

PCPA will offer eligible courses as listed in the Florida Course Code Directory (CCD) to satisfy graduation and diploma pathway requirements. The CCD will be reviewed annually as part of the school's course schedule development which will ensure students can satisfy the requirements for Fine and Performing Arts, Debate, or Practical Arts, Personal Financial Literacy, as well as the requirements for Physical Education with integration of health, and electives. The courses highlighted in this section represent potential offerings

at PCPA. Based on Introductory Student Interviews, academic foundations, enrollment, and the Classical framework, PCPA will offer the most appropriate and challenging courses for students each year.

Fine and Performing Arts: Courses will expose students to a varied program in which students explore basic elements of music, visual arts, and performing arts. All arts disciplines benefit from instruction that combines individual attention with small- and large-group learning experiences. Depending on student interest, graduation pathways, and teacher certification, courses that may be offered include Drama, Theatre 1, Painting 1, Dance Technique 1, Advanced Placement Art History, Cambridge AICE Art and Design, Cambridge AICE Digital Media and Design, Cambridge AICE Art and Design Photography, Cambridge AICE Drama, Cambridge AICE Music, Cambridge AICE Travel & Tourism. Upon approval to offer Cambridge International programming, we will explore opportunities to expand our elective offerings.

Debate, Research and Critical Thinking: Debate 1 – 7 (honors starting 3) and Research 1 – 3, Critical Thinking and Study Skills, Career Research and Decision Making, Cambridge AICE Global Perspectives and Research AS/A, and Cambridge AICE Thinking Skills AS/A. As Cambridge implemented, others may be added to enhance learner attributes or align with Cambridge focus.

Practical Arts: Course will provide students with practical knowledge and the industry skills required of technology-based careers and disciplines. Students will engage in hands on learning experiences and the manipulation of technology to create original, 21st Century pieces reflective of modern design, globalization, and digital and technology literacy. These courses may incorporate hands-on activities and consumption of art materials. Depending on student interest, graduation pathways, and teacher certification, courses that may be offered include Journalism 1, 3-D, and Animation Technology 1.

World Languages: The World Language program builds students' basic skills in reading, writing, speaking, and understanding the cultural roots of the language. Depending on student interest, graduation pathways, and teacher certification, courses that may be offered include Latin, Spanish 1-2, Spanish 3-4 Honors, AICE Spanish, American Sign Language 1-4, French 1-2, French 3-4 Honors.

Leadership Skills Development: The purpose of the Leadership courses is to teach leadership skills, parliamentary procedure, problem solving, decision making, communication skills, group dynamics, time and stress management, public speaking, human relations, public relations, team building, and other group processes. Depending on student interest, graduation pathways, and teacher certification, courses that may be offered include Leadership skills and Development, Leadership Techniques, Leadership Strategies, and Approaches to Leadership.

Physical/Health Education: Physical education courses are designed to address the needs of all students. Students must earn one credit of Physical Education with integration of Health, per high school graduation requirements. PCPA will recommend that students complete their Physical Education requirement in grades 9 or 10. The options for completing this requirement may include: HOPE Core Course, Sports Officiating, Weight Training, and Care and Prevention of Athletic Injuries.

F. Discuss the system and structures the school will implement for students at risk of not meeting academic requirements or of dropping out.

PCPA will utilize the following systems and structures for students at-risk of not meeting academic requirements and to support drop-out prevention efforts: Multi-Tier System of Supports (MTSS)/RTI, Progress Monitoring Plans (PMPs), Push-in / Pull-out Instruction, and Course Recovery.

Multi-tiered System of Supports

The school's MTSS framework will provide structure to the identification of student learning and behavior needs and ensure efforts follow RTI requirements and guidelines. The MTSS framework will initially be developed by the school's leadership team and additional team members as identified. Overall, the MTSS framework will:

- Include RTI for academics and behavior.
- Reflect alignment with the school's assessment plan in **Section 5** and the Reading Plan for reading interventions in **Attachment D.**
- Include detailed data tracking and consistent progress monitoring.
- Demonstrate coordination with the schoolwide behavior plan in **Section 8.**
- Ensure PMP compliance.

The MTSS framework will initially be developed by the school's leadership team. RTI coordination responsibilities will be assigned to a support staff member. As planning takes place, additional team members will be identified. The Deputy Director will coordinate assistance from CSUSA Florida support team members as needed.

Response to Intervention

PCPA will be unwavering in bringing its mission to life by supporting student academics and character development. To that end, the school's RTI model will reflect an inclusive, data-driven process and a system of support made up of teachers and parents intended to help struggling students. RTI is designed for making decisions with both general education and exceptional education students, creating a well-integrated system of instruction, and intervention guided by individual student data (RTI Action Network, 2021). Therefore, PCPA will ensure parents and teachers understand RTI is intended for all students in need of support, including those who participate in ESE, English for Second Language Learners (ESOL) programs, and 504 services.

The school's RTI model will include the following, in accordance with federal laws, to help students fulfil the necessary catch-up growth to be successful in grade level content and/or behavioral expectations:

- A school based Problem Solving Team (PST).
- Universal screeners and diagnostic assessments.
- Documented intervention plans.
- Evidence based interventions.
- Documented progress monitoring with graphs.
- Adherence to all state and federal requirements.

The PST will operationalize the RTI process and will be made up of members of the school's administrative team, select teachers, and other staff as appropriate. PST membership may evolve to best support the needs of students. As year one's RTI program for both academics and behavior is implemented, the members of the team may be adjusted to best reflect expertise and relevance to programming. PCPA will reflect a high level of transparency with families related to tiered interventions and student progress monitoring. Families

will be provided with communications related to RTI programming and student progress. The school's RTI model will be comprised of three tiers.

- **Tier 1 – Core Universal Instruction and Support:** General education instruction for all students and differentiated support provided by the teacher within the classroom. The CSUSA Florida support team is reviewing options for curricular tools for Tier 1 instruction in alignment with the FLDOE instructional materials adoption schedule
- **Tier 2 – Targeted Supplemental Intervention and Support:** Small-group or individualized instruction using targeted intervention for a specific skill deficiency when students are not making adequate progress with Tier 1 alone. The following are potential curricular tools to implement: i-Ready, Lexia Core5 Reading (K-5), and i-Ready, Lexia PowerUp Literacy (6-8), Achieve 3000 (6-12).
- **Tier 3 – Intensive Intervention and Support:** More individualized instruction, which might occur outside the classroom, using targeted inventions to improve academics and/or behaviors inside the classroom. The following are potential curricular tools to implement SPIRE (K-5), Intensive Reading Course, i-Ready (K-8), Edgenuity (6-12).

PCPA will utilize curriculum resources for ELA, math, writing, and science that include differentiated instructional strategies and assessments associated with each RTI tier. Increased instructional minutes for students receiving Tiers 2 and 3 interventions are illustrated in the sample provided in **Table 4.2** and demonstrate alignment with the Reading Plan in **Attachment D**.

The student identification process for academic RTI will begin with the implementation of high-quality instruction as described in **Sections 3 and 4**, and universal screening of all students in a general education classroom setting. Based on results of universal screening, diagnostic assessments will be administered as appropriate. Timely interventions will be provided to students in accordance with the level of need identified by the diagnostic assessment. These interventions will be provided *at increasing levels of intensity* for identified students which will be intended to accelerate student learning. Student progress will be closely monitored and used to assess the effectiveness of the intervention and the need for additional supports.

Table 4.2

Sample Intervention Instructional Minutes	
Grades K-5	
On-Grade-Level Instructional Plan	120-min. integrated reading and language arts
Supplemental Instructional Plan	**On-Grade-Level Instructional Plan** + 30 min. remediation/enrichment
Intensive Instructional Plan	**On-Grade-Level Instructional Plan** + **Supplemental Instructional Plan** + 30-min. intervention + 60-min. tutoring
Grades 6-12	
On-Grade-Level Instructional Plan	50-102 min. integrated ELA
Supplemental Instructional Plan	**On-Grade-Level Instructional Plan** +50-minute Intensive Reading course or intensive scaffolded support in a double block of ELA
Intensive Instructional Plan	***On-Grade-Level Instructional Plan + Strategic Instructional Plan*** + 30-min. intervention + 60-min. tutoring

Progress Monitoring Plans

As part of the RTI process, PCPA will utilize a PMP to provide students, parents, teachers, and administrators with detailed academic interventions for students demonstrating substantial deficiency in reading. To ensure written communication is in accordance with § 1008.25(5)(d), F.S. requirements, which includes providing parents with a reading-at-home plan and information on good cause promotion, the leadership team will track and maintain written communication and confirm receipt from parents. Additional information on PMPs can be found in **Section 5**.

Push-in / Pull-out Instruction

Teachers/co-teachers will be available to pull-out or push-in with students who are below grade level. The time periods during which push-in/pull out can be provided include Success Block, electives, and RTI for students receiving tiered interventions. Students who receive push-in/pull-out instruction may include students who are on the cusp of attaining proficiency, students scoring in the lowest 25% who do not qualify for RTI based on screening data, and students in subgroups who may require additional one-on-one or small group time to demonstrate growth. Additionally, ESE and ESOL staff will provide the required services, described in Sections 6 and 7 respectively, through push-in/pull-out support based on documented student need.

Course Recovery

The school's grading philosophy will emphasize mastery of academic benchmarks/standards. To ensure teachers understand this concept and grade accordingly, they will be supported in developing a deep understanding of state benchmarks/standards, lesson planning, assessments, and item misconception analysis among other areas that support effective grading.

PCPA will implement a course recovery program to support students in grades 6-12 who need a second chance to meet course requirements and earn necessary credits. This program will provide targeted support for students performing below proficiency, increasing their likelihood of passing courses. PCPA will identify a credit recovery platform, such as Edgenuity, which offers a blended learning approach, structured coursework, notetaking and summarizing strategies, and teacher support for content and technical assistance. A designated course recovery coordinator from the instructional leadership team will monitor student progress and provide guidance. The program's online platform will be accessible anywhere with internet access, while mastery assessments will be completed on school grounds under teacher supervision.

Students will have designated time to complete course recovery, which may include before or after school or during the school day without interfering with core instruction. Parents will receive clear communication on the grading philosophy, emphasizing mastery of academic benchmarks and explaining reassessment opportunities. This approach ensures that grades reflect subject-specific proficiency and promotes regular updates to keep parents informed about student progress and potential credit recovery needs. Additional details on course recovery are available in **Attachment E**.

Section 5: Student Performance

Performance Goals

A. Describe the expected incoming baseline of student academic achievement of students who will enroll in the school. Based upon the expected incoming baseline performance, describe the school's goals for academic growth and improvement that students are expected to show each year and the rationale for those goals. Describe how the school's academic goals and objectives for improving student learning will be revised if the actual incoming baseline is substantially different than the expected baseline. Describe how success will be evaluated, and the desired overall results to be attained through instruction.

The school's performance-based educational goals and objectives are designed to support student academic achievement and mission fulfillment. A continuous focus on improving student academic achievement will be grounded in rigorous academic goals, individual PLP student goal-setting, and parental support of academic growth. The goal-setting process described below is similar to the process used at other CSUSA-managed schools as part of annual strategic planning.

Goal-Setting

Kindergarten through Second Grade

Students in grades K–2 will be assessed using the Florida Assessment of Student Thinking (FAST) Progress Monitoring assessments in ELA and math.

The nationally normed NWEA Measures of Academic Progress (MAP) Growth assessment, or comparable assessment, may also be administered throughout the year for additional data collection. Details on this assessment are provided below. NWEA is one of the largest interim assessment providers in the United States. These computer-based assessments are adaptive and consistently measure student achievement and growth on the RIT scale (scale score).

Goal-setting in grades 3–8 will be aligned to the Florida School Performance Grades accountability system. Subsequent changes to the Florida School Performance Grade accountability calculation will prompt a revision to goals in the affected year(s). Per the current Florida School Grading system, each school evaluates individual student success and effectiveness of the curricula by their performance on State Assessments and State Alternative Assessments.

NWEA MAP Reading Fluency, or comparable approved assessment, will be administered to all students in grades K-2 at least twice annually to ensure data driven instruction aligned to the science of reading.

Goal: Collectively, students in grades K-2 will meet or exceed national growth norms.

Third through Eighth Grade

Students in grades 3–8 will be assessed using the Florida FAST Progress Monitoring assessments in ELA and math.

Goal-setting in grades 3–8 will be aligned to the Florida School Performance Grades accountability system. Subsequent changes to the Florida School Performance Grade accountability calculation will prompt a revision to goals in the affected year(s). Per the current Florida School Grading system, each school evaluates individual student success and effectiveness of the curricula by their performance on State Assessments and State Alternative Assessments.

Individual student academic performance data are combined to measure the school's progress over the prior year. Schools accumulate points for both achievement and growth on state assessments and state alternative assessments. The state then calculates the percentage of students meeting high standards in ELA, math, science, and social studies (when applicable); the percentage of students making annual learning gains in ELA and math; and the percentage of the lowest 25% of students making annual learning gains in ELA and math. The grade for Middle schools includes one additional component, when applicable: Middle School Acceleration—middle school student academic performance on high school assessments and/or technical certification exams. When a school has a graduating class, their grade will also include the four-year federal graduation rate and a measure of High School acceleration—the percentage of graduates earning at least one college credit or approved industry certification. These measures are both included with a one year lag. PCPA's first full K–12 Grade will be issued the year after their first graduating class. Once a school's points are totaled, the percentage of possible points earned are then calculated. This percentage corresponds to a final school letter grade.

On the assessment components of the school grade, students will demonstrate academic improvement and success by meeting high standards and making annual learning gains as defined by the State of Florida. Currently, the meeting of high standards is defined as those students who score an achievement level of three or higher on the Statewide Science Assessment or FAST. On the Florida Alternate Assessment (FAA), students must score a level 4 or higher to be classified as meeting high standards.

The data displayed below reflects the latest information provided by the FLDOE at the time of application submission. Students will demonstrate a year's worth of learning, or a "Learning Gain" on state ELA and math assessments, and End of Course (EOC) assessments as described in **Table 5.1a**, with adjustments to the table below taking place as updates are released by the FLDOE.

Table 5.1a

FAST to FAST and EOC to EOC Learning Gain Requirements	
FAST/EOC achievement level	Improve one or more achievement levels from one year to the next (e.g., from 1–2, 2–3, 3–4, 4–5).
Show significant growth within an achievement level	• Maintain a Level 3, Level 4, or Level 5 from one year to the next and the student's scores in Level 3 and Level 4 must have improved by at least one scale score point from previous year, this is also true for retained and accelerated students. • Remain within levels 1 or 2 but advance one **subcategory** in scale range. • Achievement Level 1 is comprised of three equal subcategories. • Achievement Level 2 is comprised of two equal subcategories.
FAST to EOC and EOC to FAST Learning Gain Requirements	
FAST/EOC achievement level	• Improve one or more achievement levels or subcategories from one year to the next (e.g., from 1–2, 2–3, 3–4, 4–5).
Maintain a Satisfactory or Above Achievement Level	• Maintain a Level 3, Level 4 or Level 5 from one year to the next, from FAST to EOC or EOC to FAST.

Students will demonstrate a year's worth of learning or a "Learning Gain" on the FAA in one of three ways as described below in **Table 5.1b for FSAA to FSAA.**

Table 5.1b

Current FSAA Learning Gain Requirements	
1. FSAA Achievement Level	Improve one or more levels or subcategories (e.g., from Low 3 to High 3, 3-4 etc.).
2. Maintain Proficiency	Maintain level 4.

Again, the data displayed in **Tables 5.1a** and **5.1b** are based on the latest information provided by the FLDOE at the time of application submission. Any changes made by the FLDOE after submission will be adjusted accordingly as needed.

In compliance with the Every Student Succeeds Act (ESSA), school proficiency and learning gain calculations include students with disabilities and ELLs with two or more years of English instruction.

School Goals The FAST, aligned to the Florida B.E.S.T. in ELA and math has been administered since the 2022-23 school year. PCPA will use the school grade calculus in place at the time of this application to detail ***an approach to goal setting*** that will be applied to any new assessments and published school grade calculations.

In its initial year, the school will aim to meet or exceed the performance of comparable local K–12 (K–5, 6–8, 9–12) schools on the elements of the Florida School Performance Grade. After establishing baseline student academic performance in Year 1, PCPA may revise and will document annual goals through an annual strategic planning process. Historically, a single scale was used across school types. In 23–24, the state evaluated non-Elementary schools on an adjusted scale. Therefore, to maintain a level of transparency with students, parents, and the community at large, goals will be aligned to publicly available data calculated schoolwide and published annually by the FLDOE. Also, in this application, final letter grade goals will be evaluated on the 23–24 adjusted scale for combination schools.

The school's anticipated demographics, described in **Section 2**, indicate attendance of approximately 53% of students receiving FRL and 52% minority students. The comparable schools selected to estimate the baseline include both district and charter schools within a 15-minute drive time. Estimations use the most current school grade release (23–24) for all components. In the most recent school grade release, these same schools' student populations are on average 55% minority and 63% Economically Disadvantaged. These schools include Barbara A Harvey Elementary School, Parrish Community High School, James Tillman Elementary Magnet School, Annie Lucy Williams Elementary School, Buffalo Creek Middle School, Manatee School for the Arts, Parrish Charter Academy, Virgil Mills Elementary School, Imagine Charter School at North Manatee, Palm View K–8 School, Palmetto High School, Blackburn Elementary School, and Lincoln Memorial Middle School.

The school's minimum goal requirements and the methodology to calculate these targets are detailed below for Proficiency, Growth, Closing the Achievement Gap, and the Florida School Performance Grade. These Specific, Measurable, Achievable, Relevant, and Time-Bound (S.M.A.R.T.) goals comply with the most recent federal accountability plan under Florida's ESSA State Plan. In 2024, 46% of schools were designated as needing Additional or Targeted Support and Improvement and 10% were designated as needing Comprehensive Support and Improvement. Therefore, it is acknowledged that these are rigorous goals and PCPA must effectively target instruction to meet these high expectations and achieve the student success

outlined below. Note, per the revised State of Florida ESSA plan, "given the implementation of new statewide assessments and the eventual adoption of new cut scores for performance on those assessments, Florida will need to re-establish its long-term goals and measures of interim progress for academic achievement."[2] Once long-term goals are re-established at the state level, the school will revise their goals and goal setting calculus accordingly.

Proficiency S.M.A.R.T. Goal

Specific: Each year on the state assessments, PCPA will see a significant increase in the percentage of "Satisfactory or Above" students (as defined currently by those scoring Level 3 or above in math, ELA, science, and social studies).

Measurable: Student math, ELA, science, and social studies scores will reflect at least a 10% reduction in the percentage of students who are NOT "Satisfactory or Above" relative to the previous year or meet or exceed the performance of demographically comparable district schools. The assessment scores in Year 1 of the charter will establish the baseline for measuring this goal. Assessment scores in Year 2 will be the initial comparison to the baseline. If proficiency is at or above 90% in any prior year, PCPA will increase said proficiency by 1% or meet or exceed the performance of comparable schools in Manatee County.

Attainable: This goal is attainable given that students will have appropriate resources and access to high-quality teachers.

Relevant: This goal is relevant to the school's mission to educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum.

Time Bound: The establishment of a baseline will occur at the completion of the first full year of the charter. After that time, goals will be evaluated and assessed annually, after the release of state assessment and accountability results.

Growth S.M.A.R.T. Goal

Specific: Each year on the state assessments, PCPA will see a significant increase in the percentage of students making learning gains in ELA and math.

Measurable: ELA and math scores for students in grades 4–10 and EOCs will reflect at least a 10% reduction in the percentage of students NOT making learning gains relative to the previous year's state assessment scores (if available) or meet or exceed the performance of demographically similar schools in Manatee County. Schoolwide learning gains in Year 1 of the charter will establish the baseline for measuring this goal. Learning gains in Year 2 will mark the initial comparison to the baseline.

Attainable: This goal is attainable with the programmatic, financial, and human resources that will be present at PCPA.

Relevant: This goal is relevant to the school's mission is to educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum.

Time Bound: The establishment of a baseline will occur at the completion of the first full year of the charter. After that time, goals will be assessed annually, after state assessment results are released.

[2] https://www.fldoe.org/core/fileparse.php/14196/urlt/fl-essa-stateplan080223.pdf

Closing the Achievement Gap S.M.A.R.T. Goal

Specific: Each year on the state assessments, PCPA will see a significant increase in the percentage of students in its lowest 25% making learning gains in ELA and math.
Measurable: Student ELA and math scores will reflect at least a 10% reduction in the percentage of the school's lowest 25% of students NOT making learning gains relative to the previous year or meet or exceed the performance of the demographically similar schools. Schoolwide learning gains for the lowest 25% in Year 1 of the charter will establish the baseline for measuring this goal. Learning gains among the lowest 25% in Year 2 will allow for the initial comparison to the baseline.
Attainable: This goal is attainable given the school's focus on rigorous academics.
Relevant: This goal is relevant to the school's vision of a dynamic K–12 learning environment that inspires scholarship and develop the skills, knowledge, and agency to navigate an ever-changing world with Strong Minds, Good Hearts™.
Time Bound: The establishment of a baseline will occur at the completion of the first full year of the charter. After that time, goals will be assessed annually after state assessment results are released.

Florida A+ School Grade S.M.A.R.T. Goal

Specific: PCPA will meet or exceed the demographically similar local schools' performance on all "Other" Florida A+ School Grade model components.
Measurable: PCPA will meet or exceed the demographically similar local schools' average performance on each "Other" element of the Florida School Grade—Middle School Acceleration, High School Acceleration (College and Career Readiness) and the 4-year Federal Graduation Rate.
Attainable: PCPA will have the academic, financial, and human resources necessary to meet or exceed the performance of its peer schools.
Relevant: As a school of choice, the school's comparative school performance is crucial to attracting and retaining students as well as maintaining parent confidence.
Time Bound: School grades are reported annually by the State of Florida.

The goal setting procedures described above represent a comprehensive list of academic performance targets aligned to the current Florida school grade calculation. Baseline values on each metric will be established at the end of the first academic year. **Table 5.2** below represents an **application** of the goal setting procedures to a ***sample*** baseline year of data. Goals in Year 2 and beyond will be based on meeting or exceeding the baseline achieved in Year 1 (or the year prior) with the goal of reducing the percent of students who are not proficient or not making gains by 10% each year of the charter. Year 2, 3, 4, and 5 goals are shown with baseline values from the average of a sample of the most recent School Performance Grade results for the comparable schools, published in July of 2024.[3] Since the actual student population of the school is unknown, the sample average performance among local schools is the best approximation of the anticipated student population's performance. The goal setting procedure, applied to the ***sample*** baseline of comparable schools, projects that the school will earn a "C" in its baseline year and reach an "A" by Year 3 on the current grading scale.

OBJ

Table 5.2

GOALS: Parrish Classical Preparatory Academy								
23-24 School Grade Results used as Baseline All values are percentages.								
Goal Area	**Assessment**	**Subject**	**23-24 Baseline Results**	**Year 2**	**Year 3**	**Year 4**	**Year 5**	**Year 6**
% Proficient	FAST Grades 3-8	**ELA 3rd Grade**	52	57	61	65	69	72
		ELA School Wide	51	56	61	65	68	71
	FAST Grades 3-8, Algebra and Geometry EOC	**Math**	57	61	65	68	72	74

	Assessment	Subject	Estimated Baseline	Year 2	Year 3	Year 4	Year 5	Year 6
School Grade	FAST, B.E.S.T., SSA and EOCs	**Total Points**	496	535	646	681	713	894
		% of Points Earned	**55%**	**59%**	**65%**	**68%**	**71%**	**74%**
			C	**B**	**A**	**A**	**A**	**A**

Each year reflects a 10% reduction in the number of students who are NOT Proficient, or did not make learning gains relative to the previous year.

Local schools included in the analysis: Barbara A Harvey Elementary School, Parrish Community High School, James Tillman Elementary Magnet School, Annie Lucy Williams Elementary School, Buffalo Creek Middle School, Manatee School For The Arts, Parrish Charter Academy, Virgil Mills Elementary School, Imagine Charter School At North Manatee, Palm View K-8 School, Palmetto High School, Blackburn Elementary School, Lincoln Memorial Middle School.

[2] https://www.fldoe.org/core/fileparse.php/18534/urlt/SchoolGradesCalcGuide24.pdf

B. Describe any mission-specific educational goals and targets for the school not captured by state accountability requirements. State goals clearly in terms of the measures or assessments the school plans to use.

PCPA will strive to achieve the following mission-specific initiatives by the end of the initial charter term:

- Scholars will participate in one recitation of poetry and prose at a formal oratorical event to cultivate orator skills (K–5).
- Scholars will participate in one formal debate to demonstrate logic and rhetoric capabilities (grades 6–12).
- Scholars will participate in a minimum of one community service project (K–12).

Placement and Progression

C. Describe the school's student grade level and course placement procedures.

PCPA will follow the grade level and course placement procedures as outlined in the CSUSA Florida Student Progression Plan (SPP) found in **Attachment E.**

D. State whether the applicant intends to use the local school district's pupil progression plan. If not, explain the policies and standards for promoting students from one grade level to the next or provide the pupil progression plan as Attachment E.

PCPA will adhere to the SPP found in **Attachment E**.

E. If the school will serve high school students, describe the methods used to determine if a student has satisfied the requirements specified in section 1003.428, F.S., and any proposed additional requirements.

PCPA will follow the general requirements for high school graduation established by FLDOE to develop course offerings and student schedules. State updates to graduation requirements will be monitored by the school counselor and CSUSA Florida support team members to ensure adherence to all statutory requirements related to high school graduation and progression. Currently, the requirements for the 24-Credit Standard Diploma are as follows for the listed below in **Table 5.3**. Students must meet the state assessment requirements unless a waiver of assessment results is granted by the IEP team for students with disabilities and earn a 2.0 Grade-Point Average (GPA) on a 4.0 scale. FLDOE approved assessments may also be used for students to achieve concordant scores needed for graduation. Students will complete the requirements for the 24-credit standard diploma option, career preparatory industry certification option, or the advanced academy diploma (AICE Diploma) as listed in § 1003.4282, Fla. Stat. Based on student interest and demand, a dual enrollment/AA degree option may be added at a future date.

Table 5.3

Diploma Pathway: Standard 24-Credit
4 Credits ELA
• ELA 1,2,3,4 • ELA honors, Advanced Placement (AP), AICE, International Baccalaureate and dual enrollment may satisfy this requirement
4 Credits Mathematics*
• One of which must be Algebra 1 and one of which must be Geometry • Industry Certifications that lead to college credit may substitute for up to two mathematics credits (except for Algebra 1 and Geometry) • An identified computer science** credit may substitute for up to one mathematics credit (except for Algebra 1 and Geometry)
3 Credits Science
• One of which must be Biology, two of which must be equally rigorous science courses • Two of the three required course credits must have a laboratory component • Industry Certifications that lead to college credit may substitute for up to one science credit (except for Biology) • An identified computer science** credit may substitute for up to one science credit (except for Biology)
3 Credits Social Studies
• 1 credit in World History • 1 credit in U.S. History • 0.5 credit in U.S. Government • 0.5 credit in Economics
1 Credit Fine and Performing Arts, Speech and Debate, or Practical Arts*
1 Credit Physical Education*
To include the integration of health
8 Elective Credits
1 Online Course
• Students must earn a 2.0 GPA on a 4.0 scale for all cohort years and pass statewide, standardized assessments unless a waiver of assessment results is granted by the IEP team for students with disabilities.

*Eligible courses are specified in the Florida Course Code Directory.
**A computer science credit may not be used to substitute for both a mathematics and science credit.

Florida Department of Education. (n.d.). Standard diploma requirements academic advisement – What students and parents need to know.

The school counselor will serve as course recovery coordinators to routinely audit student credits against the CSUSA SPP. This process will ensure that students are on track for meeting high school graduation requirements and credit recovery courses are offered as needed, as mentioned previously. The school counselor will communicate course requirements and credit recovery options to teachers, students, and parents and develop a plan for scheduling students into appropriate recovery courses, monitoring student progress, and ensuring timely completion of the course recovery program. Students in need of credits to move on to the next grade level or complete graduation requirements will be offered the appropriate program to recover course credit(s).

Advanced Diploma Pathways

High school students will have multiple diploma pathways to help prepare them for college enrollment or workforce employment. Offerings within each pathway will exemplify the school's vision fostering a dynamic K–12 learning environment where students develop the skills, knowledge, and agency to navigate an ever-changing world with Strong Minds, Good Hearts™.

PCPA will work toward offering multiple diploma pathways, including Cambridge AICE and AP courses. Cambridge AICE coursework combines the content of an honors curriculum with the content students must learn to write the Cambridge papers successfully. Courses are demanding and emphasize higher-order thinking, oral and written skills, problem-solving, teamwork, and investigative abilities. AP courses offer students an opportunity to engage in rigorous curricula and gain valuable college-level experience. Students who take and pass AP courses with a minimum of 3 on a 5-point scale may earn college credit at the university level. AP courses also offer students an opportunity to earn a higher GPA, which enables them to be more competitive when applying to colleges and universities. PCPA will establish criteria to help ensure student success in college-level coursework, such as high performing scores on the PSAT, Pre-ACT, or state assessments demonstrating students are in the 80th percentile or higher per subject.

Cambridge AICE & Advanced Placement

The Advanced Studies Diploma Pathway presents the opportunity to earn up to 45 college credits and obtain an AICE Diploma, Advanced Placement Capstone Diploma, and a Bright Futures Scholarship. The Cambridge AICE and (AP) Placement Capstone Diploma pathway is intended for students who seek the highest level of rigor. Students may complete the Cambridge AICE requirement/AICE Diploma requirements early in their high school career, so that completion of the AP Capstone Diploma is also earned by the end of senior year.

The Cambridge AICE Diploma is an international curriculum and examination system that emphasizes the value of a broad and balanced course of study. Alongside an in-depth understanding of a variety of subjects, students also need to master a broader range of skills critical for success in university study and employment. Students seeking an advanced academic pathway will select courses that satisfy AICE Diploma requirements, aligned to the four subject groups: (1) Mathematics and Sciences; (2) Languages; (3) Arts and Humanities; and (4) Interdisciplinary subjects (optional). Students must achieve at least one credit from each of Groups 1, 2 and 3. A maximum of two credits can count from Group 4, which is optional. This pathway offers motivated students the opportunity to qualify for the Florida Bright Futures Scholarship Program by the

end of their senior year. The Florida Bright Futures Scholarship Program rewards any Florida high school graduate who meets eligibility criteria and merits recognition of high academic achievement.

The AP Capstone Diploma emphasizes two, year-long AP courses (AP Seminar and AP Research) that are designed to complement other AP coursework that students may take. AP Seminar and AP Research are required courses that promote an interdisciplinary approach to developing the critical thinking, research, collaboration, time management, and presentation skills students need for college-level work. The College Board developed the AP Capstone Diploma program to provide a systematic way for high school students to begin mastering these skills before college.

Standard High School Diploma, Career and Technical Education Academy Pathway

This pathway pairs high school graduation requirements with Classical-focused Career and Technical Education (CTE) frameworks, allowing students to earn industry certification, work-based learning experiences, and articulated college credits. CTE options provide students with valuable skill development and career-oriented exploration. Based on local need, student interest, and teacher availability, course offerings will reflect high-quality strategic and sequenced instruction intended to build the skills necessary for students to receive an industry-recognized certification and develop essential competencies. Examples of potential CTE career clusters include:

- Government and Public Administration: Intended to provide students with opportunities within the seven pathways: Governance; National Security; Foreign Service; Planning; Revenue & Taxation; Regulation; and Public Management & Administration. Hundreds of Government & Public Administration educational opportunities in a variety of trades and programs are offered throughout the state in school districts, community colleges and state universities.
- Architecture and Construction: Intended to provide students with opportunities that prepare students for careers in design/pre-construction, construction and maintenance/operations. Examples of careers include carpenters, drafters, electricians, construction managers, HVAC technicians and plumbers.
- Arts/AV/Technology and Communication: Intended to provide students with opportunities that encompasses audio/video technology and film, journalism and broadcasting, performing arts, printing technology, telecommunications, and visual arts.

College and Career Center

PCPA will establish a College and Career Center (CCC) that provides students, teachers, and families with support in understanding and navigating post-secondary options. The school counselor will be tasked with fulfilling the responsibilities outlined below, in addition to continually identifying opportunities for students to further develop talents and passions:

- Providing guidance on college standards and applications
- Providing support in identifying and applying for scholarships and financial aid
- Organizing college tours
- Delivering a Rising Seniors College Camp
- Organizing test prep for ACT, SAT, AP, AICE, and industry certification exams
- Conducting Introductory Student Interviews

Introductory Student Interviews for High School

When students enter grades 9–12, a staff member will send each student's parent/guardian a letter informing them of the introductory interview process. The purpose of the interview is to gain information for proper

placement of students in classes and programs. The interview protocol includes a review of student academic records, collecting baseline information on student interests and preferred learning styles, and learning as much about each individual student as possible. This supports the initial phase of developing PLPs and determining faculty advisor assignments. **Table 3.1** below provides an example of interview questions and prompts across four domains.

Table 3.1

Introductory Interviews	
Academic Questions	**Career Questions**
• How *do you prefer to learn new information or skills? Do you like to read, listen, watch, or do something hands-on?* • *How do you demonstrate your understanding of what you have learned?* • *Do you like to write, speak, create, or perform?* • *How do you overcome challenges or difficulties in your learning process?* • *How do you balance your academic work with your personal life, hobbies, and extracurricular activities?* • *How do you apply what you have learned to real-world situations or problems?*	• *Have you considered a possible career/professional pathway? If so, what would that choice be as of today?* • *Have you completed or been involved in community service? If so what type and where?* • *What are some of the skills or competencies that you have developed or improved through your classical studies?* • *What are some of the careers that align with your interests, values, and strengths as a classical learner?*
Personal/Social Questions	**Parent/Student Reverse Role Interview**
• *Tell me a little bit about your family. How do you relate your classical education to your personal values and beliefs?* • *How do you communicate and collaborate with others who have different perspectives or backgrounds from you?* • *How do you cope with stress, frustration, or disappointment in your academic or personal life?* • *How do you express your emotions in healthy and appropriate ways?* • *How do you make ethical and moral decisions in various situations?*	• *Parents and students are provided with an opportunity to ask questions about academics, as well as other school, college, or career related questions.*

F. Discuss how and when promotion and graduation criteria will be communicated to parents and students.

Promotion criteria will be communicated to parents through a variety of methods to ensure clear visibility to academic requirements and academic supports available to meet those requirements at the beginning of the year or when a new student enrolls. All parents will be provided with the opportunity to understand their child's progression and learn about the school's support systems and strategies during annual curriculum nights or parent universities. Curriculum nights will focus on providing information on promotion criteria, course progression, and academic strategies that can be utilized at home. The purpose of parent universities is to teach parents how to use various tools, such as checking grades in the school information system (SIS) or reviewing instructional software usage and progress data.

Parents will be kept informed of their child's progress twice each quarter, once via a progress report at mid-quarter and then via a report card. Parents will also have online access to their child's grades through an SIS, such as PowerSchool, and may schedule conferences and contact teachers, as necessary. Additionally, students will be trained to track their progress toward benchmark/standards attainment and conduct student led conferences utilizing their PLPs after initial implementation years. This will allow teachers the time they need to build student capacity and ownership of academic progress. PCPA will follow the general requirements for high school graduation established by FLDOE as described above and promotion criteria listed in **Attachment E**.

Assessment and Evaluation

G. In addition to all mandatory assessments, identify the primary interim assessments the school will use to assess student learning needs and progress throughout the year (including baseline assessments) including a **proposed** assessment schedule as Attachment F. Provide the rationale for selecting these assessments, including an explanation of how these assessments align with the school's curriculum, performance goals, and state standards.

PCPA will use the measurement tools and state-mandated assessments listed below to establish a baseline to guide instruction and determine student progress in benchmarks/standards mastery and reaching proficiency level on state assessments. Please note that this list does not preclude PCPA from substituting these assessments with other comparable measurement tools that may be determined necessary. **Attachment F** provides the proposed balanced assessment plan.

NWEA MAP Growth Assessments: This includes at least two administrations in the areas of reading, math, and science. The MAP Growth assessments are nationally normed, aligned to the SAT and ACT as well as the Florida benchmarks/standards. MAP Growth is proven to be effective at targeting student achievement and determining skills students need to improve performance. NWEA uses a continuous scale score (RIT) from grades K–12, which enables us to monitor growth from one grade level to the next, as well as determine exactly how far above or how far below the national norm a student is compared to other students in their grade level nationwide. Results are used to set goals for students on specific skill gaps, as well as identify groupings and benchmarks/standards or skills to teach for small-group instruction. NWEA currently provides the MAP Growth assessments to students in grades K–12 at least two times a year in math, reading and science with Florida-aligned EOCs in Algebra, Geometry and Biology. These assessments are computer based, which helps students prepare for the format of the state assessment and enables teachers to see results immediately. NWEA MAP Reading Fluency, or comparable approved assessment, will be administered to all students in grades K–2 at least twice annually to ensure data driven instruction aligned to the science of reading.

The IFA's as described in **Section 3** will also be an integral part of data driven instruction at PCPA.

H. Describe how student assessment and performance data will be used to evaluate and inform instruction. Who will be responsible for managing the data, interpreting it for classroom teachers, and leading or coordinating professional development to improve student achievement?

PCPA will address the four components of data-driven instruction: culture, assessments, analysis, and action. The use of student assessment and performance data will be vital to the culture of PCPA, as evidenced by

the Education Model and continuous improvement process. Performance data will be used to improve student learning and achievement, as well as evaluate and inform instruction. The data-driven cycle of assessment, analysis, and action is indispensable for increasing student achievement. It will be deeply embedded in the school's school culture and will be a top priority for schoolwide improvement and ensuring equitable opportunities. The school's leadership team will use a simple but highly effective yearly data calendar, which will be displayed and referred to constantly so that everyone in the school community is aware of important steps in the data cycle. The school's leadership team will conduct assessment analysis and action planning during scheduled data chats with teachers and coordinate the PD teacher's need to succeed.

Teachers will use the data from NWEA assessments, FAST assessments and IFAs to differentiate instruction of specific skills through various instructional and regrouping strategies to ensure that individual student needs are addressed. To evaluate student learning and the effectiveness of instruction, teachers will give students formative assessments on those specific skills. After itemized analysis of each assessment, teachers will report feedback to students and parents verbally and via the SIS to update each student's PLP. Based on the results of the assessment, teachers will then decide whether to re-teach specific skills that have not been mastered or go back to baseline assessment to activate students' background knowledge on the new skill to be introduced.

Progress Monitoring Plan
Grades K–3

A student in grades K–3 who has a substantial reading deficiency will be covered by a federally required student plan, such as an IEP or an individualized progress monitoring plan, or both, as necessary pursuant to s. 1008.25(4)(c), F.S. Please see the Reading Plan for processes followed to identify students with substantial reading deficiencies.

The PMP, introduced in **Section 4**, lists students' areas of academic weakness, and describes interventions that can be implemented in the areas of writing, reading, math, and/or science. Each student performing below grade level will have a PMP. The PMP will also be reviewed by all stakeholders after at least 12 weeks of instruction to assess whether implemented strategies are increasing student achievement in the identified area.

Based on review of individual student state assessment scores, identification of students scoring in the lowest 25% is generated to assist teachers in targeting students who need remedial instruction. The first round of interim benchmark assessments will be given within the first two months of school so that individual student strengths and weaknesses can be quickly identified and a PMP can be generated. This will help ensure grade level community and classroom instruction is geared toward meeting the needs of every student. It will also allow students, parents, teachers, and administrators to re-evaluate individual students' academic achievement in a more efficient manner. Recognizing areas of strengths and weaknesses in a timely manner is vital to ensuring students have enough instructional time and practice to solidify their understanding before reassessment occurs. If a student needs multiple specialized plans, such as PMPs for reading intervention, individual ELL Student Plans, Educational Plans (EPs) for Gifted Students, or Individualized Education Plans (IEPs), members of committees will overlap so that communication and alignment of plans can be ensured.

Table 5.3

Progress Monitoring		
School Level	**Goal Setting** PCPA sets strategic goals to achieve overall success according to Florida School Improvement Plan and Florida School Grades. PCPA leaders set collaborative instructional and achievement goals annually as part of the culture of continuous improvement.	**Monitoring** Data chats are held quarterly to review areas of strength and opportunity based on NWEA results. Student data from NWEA and support the creation of school action plans.
Teacher Level	**Goal Setting** Proficiency and learning gain goals are broken down into grade level and classroom level targets.	**Monitoring** PCPA leadership holds bi-monthly data chats with teachers to analyze overall classroom strengths and opportunities, identify students or benchmarks/ standards in need of remediation, and develop classroom action plans.
Student Level	**Goal Setting** Student data from State Assessments, academic grades, NWEA and formative assessment data are compiled on the PLP. With guidance from teachers and parents, students generate goals for each academic area as well as conduct and effort. Teachers explain defined learning gain targets to support student goal setting for state assessments.	**Monitoring** In data chats with students, teachers analyze the data within the PLPs and set goals for each academic area as well as conduct and effort. Goals and progress monitoring data are visible to parents, students, and teachers through the student information system.

I. Explain the training and support that school leadership and teachers will receive in analyzing, interpreting, and using performance data to improve student learning.

PCPA will develop teacher capacity through a model of continuous improvement. All teachers will be provided with research-based PD based on school improvement goals. Instructional staff will meet in grade-levels/subject areas PLCs to analyze student data and design instructional units with accompanying lessons. Grade-level team leads will share in PLC facilitation responsibilities with the CRTs. Team leads will also participate in monthly leadership meetings with administrators. Based on administrative walk-throughs and student academic performance, teachers will be provided with specific, differentiated PD from CRTs, mentor teachers, administration, or a CSUSA Florida curriculum specialist. A sample PD plan is included in **Addendum FF**.

After NWEA MAP interim assessment periods, teachers will meet for data chats with CRTs, a curriculum specialist, or administrators to analyze student progress and develop an action plan for PD. The action plan may include steps for increasing levels of complex thinking, math intervention strategies, developing cross-curricular lessons, developing relevant experiential learning activities, teaching reading in content areas, and

many other grade-level-specific literacy development opportunities. Please see **Section 13** for additional information regarding PD.

Strategic Planning

Strategic planning will provide an opportunity for the school's instructional leaders to receive school-based professional learning and involves action planning for site-based goals for the school year. Strategic planning will be facilitated by the Deputy Director who will also conduct check-ins with the school's administrative team to provide support and monitor progress throughout the year. The purpose of strategic planning is to:

- Review goals for the year and design action plans for each.
- Prioritize short-term, mid-term, and long-term priorities.
- Assess and align instructional resources to meet each goal.
- Adjust PD plan to strengthen instructional capacity.

Quality Education for Students and Teachers

Instructional leadership development will be guided by student, classroom, and school-level data. The CSUSA Florida support team will facilitate a Quality Education for Students and Teachers (QuEST) session, a process designed to build school leadership capacity and ensure benchmarks and standards are taught with rigor and intent. Held annually, QuEST involves key CSUSA Florida support team members working alongside the principal to conduct targeted classroom walkthroughs and develop instructional action plans. This approach tailors leadership development to the needs of the administrative team and school community based on current data trends.

Master Schedule Analysis

The Master Schedule Analysis (MSA) will be conducted annually and is intended to support the administrative team in a review of the school's strategic plan and monitoring of schoolwide initiatives. The same team members listed above will conduct the session and make recommendations for mid-course corrections based on current data analysis. The MSA process involves:

- Reviewing formative assessment data to determine areas of focus.
- Identifying gaps in equity and access to courses.
- Areas of strength and weakness in course offerings.
- Evaluation of academic supports.

J. Describe the corrective actions the school would take if it falls short of student academic achievement expectations or goals at the school-wide, classroom, sub-group, or individual student level. Explain what would trigger such corrective actions and who would be responsible for implementing it.

The CSUSA Florida support team tracks the progress of each SWCF school towards meeting academic, operational, and financial goals. The team meets regularly throughout the academic year, as well as at the end of each school year to rate each SWCF school with a tier level (1–3) depending on its progress towards goal attainment throughout the previous year. In addition to academic progress, the team examines results from parent, student, and staff surveys, which provide insight into pertinent issues such as satisfaction and safety. Financial reports, enrollment and attendance figures, and other information needed to further monitor progress toward the mission are also reviewed and evaluated. Schools that are in danger of not meeting their goals (tier 3) are then assigned support team members dedicated to ensuring that the school gets the support needed to get back on track towards goal attainment.

Lastly, SWCF, the support team, and the school's administrative team will meet for strategic planning before the start of the school year to finalize the school's strategic plan and initiatives. This multi-tiered process ensures collaboration between the school, the governing board, and CSUSA in determining any corrective action needed for the school to make progress towards achieving its goals.

The school's administrative team will be supported in identifying the root cause of any school shortfalls and determine the initiatives and resources needed to correct them. Florida support team members will work collaboratively with PCPA and participate in budgetary meetings to pinpoint budget allocations needed to accomplish school initiatives. During SWCF's annual meeting, PCPA initiatives and budgetary allotments will be communicated for governing board approval. SWCF will ensure that initiatives remain in alignment with the school's mission, vision, and strategic plan and will decide whether to approve the budget.

K. Describe how student assessment and performance information will be shared with students and with parents.

Student assessment and performance information will be shared with students and parents in multiple ways. Teachers will update PLPs and/or PMPs and discuss student progress via student/teacher and teacher/parent data chats. State assessment and interim benchmark assessment results will be communicated to parents once available. Progress reports will be sent home mid-quarter for parents to monitor progress, and report cards will be issued quarterly. Also, parents can schedule conferences and communicate with teachers as often as necessary.

Parents will also have access to the SIS which will inform them—via a controlled access password—about their child's class work, test grades, and weekly progress towards meeting state-adopted benchmarks/standards. Parents will have information provided to them to schedule a conference, ask questions, or just be aware of their child's academic achievement. Interim benchmark assessments will take place up to three times a year. After administration of each assessment, that data, in conjunction with students' scores from state assessments, will be communicated to parents to keep them informed of student progress.

L. Describe the plan for protecting the privacy of individual student academic performance data and other student-related information.

Student records will be maintained in a fireproof and waterproof locked cabinets in a secure area of the school. Compliance with the Family Educational Rights and Privacy Act (FERPA) and state policies related to reading, inspecting, and copying a student's educational records will be maintained. All school employees will receive training, at least annually, related to the confidential nature of student records. Should areas of non-compliance be noted, the school's administrator will take necessary steps to correct them.

In addition to the above, all PCPA staff, students, and parents will be subject to CSUSA's Computer System and Internet Policy. This policy outlines access restrictions, acceptable use, the consequences of violating the policy, and is part of CSUSA's Employee Handbook. It will also be included in each student's registration packet and will be a requirement of employment or enrollment in a CSUSA-managed school.

Security is vital in a school environment for safety, privacy, and compliance. To accomplish these goals, the following hardware-, software- and procedural-based security will be employed:

- A closed TCP/IP-based network protected externally through a firewall.

- Virtual local access networks (VLANs) to separate network traffic and avoid service interruptions.
- Implementation of best practices to prevent unauthorized access to network equipment.
- SSL encryption on CSUSA-based Internet services.
- WPA2 encryption on all wireless access points.
- Anti-virus/anti-malware software on all computers.
- Children's Internet Protection Act (CIPA) compliant content filtering to protect against inappropriate access.
- Individual accounts with passwords.
- Network-based permissions assigned to individuals and/or groups.
- Computer- and network-based configurations to minimize alterations that could lead to security compromises and/or loss of functionality.
- Data sharing agreements with vendors prior to using their products for student use.
- Controls to restrict access to data to those that require it at the minimum required permission level.
- School device restrictions to reduce potential cybersecurity threats.
- Limited access to network equipment.
- Security cameras throughout the school with recording and search capabilities.
- Visitor screening services located in the front office.
- Documented processes for adjustments to content filtering, logs, security footage, etc.
- Annual cybersecurity awareness training for all staff
- Cybersecurity policies and triggers to protect against remote access, phishing attacks, malicious files, and scripts that can disrupt operations and/or steal personal and private information.

Section 6: Exceptional Students

A. Provide the school's projected population of students with disabilities and describe how the projection was made.

The school's anticipated enrollment of SWD will be approximately 16% of the total student population. This projection was made based on a review of the enrollment profiles of neighboring schools in the community. However, there will be no enrollment cap on the number of students with disabilities who may enroll at PCPA and staffing/resources will be adjusted based on actual student enrollment and need.

B. Describe how the school will ensure that students with disabilities will have an equal opportunity of being selected for enrollment in the charter school.

During the pre-enrollment process, marketing materials will reflect that PCPA is a tuition-free charter school that serves all students, including exceptional education students. This information will also be conveyed to prospective families during school information sessions when details on programs and services are presented.

All students who apply to PCPA will have an equal opportunity of being selected for enrollment in accordance with state statute. PCPA will not discriminate, or limit enrollment based on race, color, nationality and ethnic origin, disability status, religion, or gender. The enrollment application will not contain questions related to a student's disability status, and a student's disability will not be known until after the family accepts a seat and begins to submit registration documentation.

C. Describe how the school will work with the sponsor and through the Individual Education Plan (IEP) process when necessary to ensure students with disabilities receive a free appropriate education (FAPE) in the least restrictive environment (LRE).

PCPA will adhere to district, state, and federal policies to ensure that students with disabilities receive a free appropriate public education (FAPE). The school's Exceptional Student Education (ESE) staff will be trained to remain mindful of least restrictive environment (LRE) mandates to ensure that students are educated with their non-disabled peers to the greatest extent possible, based upon the student's individual circumstances. Educational placement for a student with a disability is determined through an IEP meeting after a review of the student's present levels of performance, accommodations, goals, and required services identified on a student's IEP. The district assigned ESE Program Specialist will be invited to participate in ESE meetings at the school for initial eligibility determination; when the team suspects that a discussion around change of placement may ensue; for meetings when parents will be accompanied by an advocate or attorney; and at other times as requested by the district. If the ESE team determines that a student requires services outside of the continuum of services offered by PCPA, the school will collaborate with SDMC on behalf of the student to determine the most appropriate placement to meet the student's needs. PCPA will work with the district to determine proper placement for students with disabilities within the full continuum of services offered by SDMC.

To ensure that PCPA remains abreast of all local ESE policies and procedures, the ESE lead will participate in SDMC ESE meetings and will work closely with the district.

D. Describe the methods the school will use to identify students with disabilities that have not yet been identified.

As part of the school's registration process, after accepting a seat, parents will submit a Special Programs Information form that requires parents to self-report information related to the student's disability status. The enrollment data specialist will cross-check parents' forms with data from the district's FOCUS system. PCPA will also request records from students' prior schools, including special education records.

PCPA will implement an MTSS to ensure that academic programs target the needs of all learners. Through this model of support, all students will receive instruction at the Tier 1 level. PCPA will hold regularly scheduled, collaborative, multi-disciplinary team meetings to systematically review academic performance/ behavioral data of all students and identify those in need of more targeted interventions at the higher tiers (Tier 2 or Tier 3). During the MTSS process, if a review of a student's progress monitoring/intervention data leads the team to suspect that the student may have a disability and require special education services or a 504 plan, the school will follow SDMC procedures for initiating the evaluation process (including obtaining parent/guardian consent as a required first step in the process).

If parents/guardians request an evaluation of their student before the general education intervention process is complete, PCPA will either obtain consent to conduct the evaluation while maintaining interventions concurrently or provide the parent/guardian with written notice of the school's refusal to conduct the evaluation. PCPA will work collaboratively with SDMC to ensure that initial evaluations of students suspected of having a disability are completed within 60 calendar days from the date PCPA received signed consent for evaluation.

Upon completion of the formal evaluation of the student, the district-assigned school psychologist and/or other service providers involved in the evaluation process will share the results with the ESE team responsible for determining student eligibility. This team will be made up of at least the following: the student's parent, ESE teacher/provider, general education teacher, evaluation specialist, an LEA representative/designee, and the student, if appropriate. The district ESE Program Specialist will also be invited to attend the initial eligibility meeting. All SDMC processes and procedures will be followed related to student eligibility determination, as well as IEP development and placement decisions.

E. Describe the programs, strategies, and supports the school will provide, including supplemental supports and services and modifications and accommodations to ensure the academic success of students with disabilities whose education needs can be met in a regular classroom environment with at least 80% of instruction occurring in a class with non-disabled peers.

A continuum of special education services will be offered to allow for the provision of services to students whose needs can be met 80% or more of the time in the regular education classroom setting. This continuum will include consultation, collaboration, and support facilitation. In addition, PCPA will contract with related services providers to allow for the provision of special education or related services in areas such as speech therapy, language therapy, and occupational therapy, if these services are deemed necessary by a student's IEP team.

Special education teachers/providers will deliver services based on the individual needs of each student to support the student's progress. These services will focus on addressing the student's IEP goals and, as an

example, may include pre-teaching, skill instruction, reteaching, or remediation. For some students, teacher-to-teacher consultation and/or collaboration might be sufficient. This allows the ESE teachers and general education teachers to work together on behalf of the ESE students, supporting the student's ability to continue to make progress within the regular education setting.

All teachers at PCPA will receive training on the differences between accommodations and modifications, as well as the requirements and procedures to ensure that both are provided to students in accordance with their IEPs. ESE teachers will also receive PD and participate in a dedicated PLC, both of which will specifically focus on topics relevant to working with an ESE student population.

F. Describe how the school will work with the sponsor and through the IEP process to determine whether a student with a disability whose education needs require a regular classroom and resource room combination (between 40-80% of instruction occurring with non-disabled peers) can be provided FAPE by the school.

PCPA will work closely with the district ESE Program Specialist, to ensure that FAPE is provided to all students. The school's continuum of services will fall within the full continuum of services provided by the district and staff will work with SDMC to determine and ensure proper placement for students with disabilities.

If a student provides a current IEP during the enrollment process that identifies the student as requiring services outside of the continuum offered by PCPA, the district ESE Program Specialist will be contacted. The IEP will then be reviewed in accordance with the district's procedures, and a timely decision will be made as to how the student's required services would be delivered to the student either by PCPA, if appropriate, or by a SDMC public school. A similar process will be followed if the student is already enrolled at PCPA, and the IEP team is considering a resource placement. If necessary, SDMC's ESE department will then be contacted to participate in the student's IEP meeting to assist with facilitating a smooth change of placement.

G. Describe how the school will work with the sponsor and through the IEP process to determine whether a student with a disability whose education needs require a separate classroom (less than 40% of instruction occurring with non-disabled peers) can be provided FAPE by the school.

As described above, PCPA will work closely with the SDMC's ESE personnel to ensure that FAPE is provided to all students. If a student has a current IEP that is provided during the enrollment process that identifies the student as requiring a separate placement (less than 40% of instruction occurring with non-disabled peers), or if the student is already enrolled and the IEP team is considering a separate classroom placement, the school's team will follow the process described in response to section 6F above to ensure that the student receives FAPE and is placed in an appropriate educational setting.

H. Describe the plans for monitoring and evaluating the progress and success of students with disabilities to ensure the attainment of each student's goals as set forth in the IEP or 504 plan, including plans for promoting graduation for students with disabilities (high schools only).

Students with IEPs require quarterly IEP annual goals progress reporting. Prior to the end of each quarter the students' progress monitoring data will be reviewed collaboratively by the special education provider and general education teacher(s) and used to complete the IEP annual goals progress report. In accordance with

SDMC policy, this information will be shared with the parent/guardian at the same time that grades are reported. PCPA will also monitor student progress by reviewing interim benchmark assessment performance results. Reviewing this indicator of student growth on a quarterly basis allows PCPA to target intervention and remediation efforts on behalf of students.

I. Identify the staffing plan, based on the above projection, for the school's special education program, including the number and qualifications of staff.

The school's staffing plan indicates that for the first year, 4 full-time ESE teachers will be hired. One of these positions will serve as ESE lead overseeing compliance and providing instructional support to some of the school's ESE students. However, if ESE student enrollment dictates that this number needs to be adjusted, staffing changes will be made in alignment with students' needs. In addition, PCPA will contract with related service providers (such as a speech-language pathologist or an occupational therapist) as needed. Instructional staff will also include at least one teacher who is gifted endorsed to ensure that guidelines and procedures established by SDMC related to meeting the needs of gifted students are implemented and followed.

J. Describe how the school's overall effectiveness in serving exceptional education students will be evaluated.

As described above in 6H, PCPA will review the individual progress of exceptional students, which will be part of the plan to evaluate the school's overall effectiveness in serving exceptional students. This will include a review of students' learning gains and levels of proficiency based on interim benchmark assessment data, as well as performance data from the annual state-mandated assessment program. Through the data analysis process, the team will review overall student academic performance on interim benchmark assessments by subgroups, including the ability to separate subgroups for students with IEPs, EPs, and 504 plans. Additionally, in alignment with § 1003.57(1)(f), F.S., every three years PCPA will complete a Best Practices in Inclusive Education (BPIE) assessment. Through this process, a team of stakeholders will be brought together to consider the school's effectiveness related to indicators of inclusive practices in the domains of Leadership and Decision Making, Instruction and Student Achievement, and Communication and Collaboration. This will allow PCPA to identify priority needs, develop goals, plan improvement strategies, and organize resources to support the ESE program.

K. Describe how the school will serve gifted and talented students.

PCPA will follow the SDMC policies and procedures related to referring students to the district school psychologist for gifted evaluations and identifying students in need of gifted services. Students will meet eligibility criteria for gifted services if they (1) demonstrate a majority of gifted student characteristics based on a standard scale or checklist, and (2) possess superior intellectual development as measured by an intelligence quotient of two standard deviations or more above the mean on an individually administered standardized test of intelligence. In addition, students from underrepresented groups as defined in Rule 6A-6.03019, F.A.C., who meet SDMC eligibility criteria for gifted services under Plan B, will also be served by PCPA. Students who qualify for a Gifted Education Program and whose parents have given consent will each have an Educational Plan (EP) written at least every three years, which includes a statement of the present levels of educational performance, a statement of goals (including measurable short-term objectives),

identified criteria, evaluation procedures and schedules for determining whether the goals are being achieved, and a statement of the specific services to be provided to the student.

The development of the EP is a process that builds parent-student relationships. It provides a forum for discussing student needs beyond the general curriculum, facilitating changes in instruction and classes, and determining appropriate service options. The EP will be reviewed during the year to determine if a goal has been met or should be rewritten. EPs are reviewed and rewritten as often as needed but no less than the frequency identified by the SDMC Gifted Student Education department. Participants at an EP meeting will include the student's parents, at least one teacher of the gifted, one general education teacher, an LEA representative, and an evaluation specialist if evaluation results are discussed. When appropriate, the student may attend the meeting as well.

PCPA will select a gifted service model in alignment with the models outlined in FLDOE's *Resource Guide for the Education of Gifted Students in Florida*. Gifted services will be regularly scheduled and provided by a gifted endorsed teacher. The gifted endorsed teacher will also collaborate with the student's general education teacher to support the student in the extension of the student's learning. All gifted students are responsible for mastering grade level benchmarks/standards and differentiated instruction will be provided to allow for more enrichment and curriculum compacting opportunities in areas of particular strength. The goal of the program is to further develop the student's cognitive, learning, research and reference, and metacognitive skills at each grade level.

Section 7: English Language Learners

A. Describe how the school will meet the needs of English Language Learners as required by state and federal law, including the procedures that will be utilized for identifying such students, ensuring that they have equitable access to the school's programming and communicating with their families.

The school's anticipated enrollment of ELL students will be approximately 8% of the total student population as detailed in **Section 2**. The goal of the ESOL program will be to prepare and successfully equip ELL students with different levels of English proficiency and with the academic and social skills needed to meet the same curriculum standards as non-ELLs. The school principal will name a staff member who will be responsible for implementing and monitoring the ESOL program. The school will also have a Parent Leadership Council which will be comprised of the parents/guardians of active ESOL students, teachers, a member of school leadership, and students. The Parent Leadership Council will be the voice and advocate for the ELL community. PCPA will follow all SDMC, state, and federal guidelines related to the identification, provision of service, assessment, monitoring, and exit of ELLs. The school will adhere to the SDMC ELL Plan with the exception of references to the student progression plan. PCPA will follow the CSUSA Student Progression Plan, included in Attachment E.

ELL Student Identification and Placement Procedures

ELL student identification and placement procedures include screening, placement assessments, and the development of student ELL plans.

Screening: ELLs will be identified through the registration process. At the time of registration, parents will be given a Home Language Survey (HLS) to identify potential ELLs. Students whose parents respond affirmatively to any of the questions on the HLS will be referred to the coordinator and given the Initial Placement Test (IPT) by Ballard & Tighe to measure language proficiency. Additionally, for parents of students who answer "Yes" to any questions on the HLS, the Date Entered United States School (DEUSS) will be obtained by the registration team, which includes the month, day, and year in which the student entered school in the United States (any of the 50 states and the District of Columbia, excluding U.S. territories and possessions).

Placement Assessments: The assessment instruments that will be used follow the established guidelines and procedures of SDMC. Students will be referred to the coordinator, who will use the IPT 1 (grades K–5) or IPT 2 (grades 6–12) oral/aural assessments within 20 days of the student's first day of attendance. All students who are not proficient on the oral/aural assessments qualify as ESOL students and are coded LY.

Students in grades K–2 who score as English proficient on the IPT 1 do not qualify for entry into the ESOL program, unless otherwise recommended by the ELL committee. The school's ELL committee will include a combination of four of the following: the ESOL designee/coordinator, mainstream teacher, ESOL-endorsed teacher, parent/guardian, administrator(s), and student services coordinator.

Students in grades 3–12 who score proficient on either the IPT 1 or IPT 2 oral/aural assessments, will be assessed using the reading and writing portions of the IPT. This will be completed as soon as possible, but no later than 30 days after the initial enrollment. If a student scores at or below 32% or are limited English on either reading or writing, they will be classified as ELLs.

The initial testing documents for students who do not qualify for ESOL services will be maintained in accordance with district requirements. Assessment information will be entered into the district system to indicate that the appropriate language assessment has been completed.

PCPA will advise parents that students will be given an aural/oral language assessment of English proficiency to determine eligibility and placement in the ESOL program. If ESOL program assessments are delayed beyond the 20-day period, the following documentation will be provided for each student on school letterhead: (1) Reason for the delay in assessing the student, (2) Evidence that the student is being provided ELL accommodations until the assessment is complete, (3) Timetable to complete the assessment, (4) Notification of the above documents to parent/guardian, preferably in their primary language.

Student ELL Plan: Students who do not score as English proficient will be classified as ELLs and placed in the ESOL program and managed using the district management system, Ellevation. The scores and classification status will be entered into the district system and all respective parties will be notified. Each student's ELL plan will be updated annually in accordance with the DEUSS date: before October 1 or within 30 days of the DEUSS date if it occurs after the first two weeks of the school year, and any other time updates need to be made (change in student schedule, ESOL level, instructional program, assessment data, etc.) to ensure documentation of the student's current services. ELLs will be assessed using WIDA's Assessing Comprehension and Communication in English State-to-State for English Language Learners (ACCESS) every spring to determine the student's level of English proficiency and appropriate services needed. ELL students will also participate in all required district and state assessments.

The ELL plan will include information on current services, language proficiency levels, assessment results, programmatic assessment forms, ELL committee documentation, testing accommodations and interventions, and other pertinent information that is applicable to the student's ELL Plan.

Family Communication: PCPA will ensure there is consistent communication to the parents/guardians of ESOL program students. The school will translate forms and communications into applicable heritage languages. PCPA will use the translation services made available by the district to aid in the dissemination of communication which is Language Line according to the district's current ELL Plan. Bilingual assistance will be provided by staff members who speak the parents'/students' heritage language when available.

Parents/guardians will receive the necessary formal notifications as required by statute, including student eligibility for ESOL services. The eligibility letter will include information regarding the student's ESOL level, ESOL program information, date tested, principal's signature, and contact information for any parent questions or concerns. Parents will also be notified of any school ELL committee meetings, official documentation of ACCESS testing, or any other appropriate documentation noted in SDMC's ELL plan.

The Parent Leadership Council will assist with communication to all stakeholders with the goal of keeping everyone apprised of the council's goals and initiatives, and volunteer opportunities, along with helping families with any concerns or students' educational rights.

Students Entering from Other School Districts

When students enter the school from another school district, PCPA will reach out to the prior school to request academic information as well as the original DEUSS date and other ESOL related documentation and ACCESS testing results. This will help us determine the student's ESOL status. Families with newly enrolled students will also be asked to provide this information as part of the enrollment process, when

available. Students will be placed in the ESOL program, accordingly, based on the documentation that the school is able to obtain. Students who do not provide any documentation regarding their current ESOL status will be assessed using the previously mentioned screenings.

Equitable Access for ELL Students

ELLs who present academic difficulties are included in the MTSS framework and RTI process previously described in Section 3. A team will meet to discuss interventions and strategies to support ELL students continued academic success. Interventions provided will include push-in/pull-out support, tutoring, and small group instruction. PMPs will be created for ELLs as appropriate to properly document types and frequency of interventions. The ELL committee will take part in monitoring the PMPs to ensure ELLs are making adequate progress based on the performance on class and benchmark assessments. Additional information regarding support for ELLs performing below grade level is provided below in response to question B.

Equitable instruction will be provided by trained ELL staff. Teachers will use the WIDA ELD Standards and Can Do Descriptors to provide comprehensible instruction to ELL students. Teachers will complete the professional development offered by the district and by the school ELL coordinator and CRT to learn how to do this. ELL students will not be retained if evidence of comprehensible instruction and monitoring cannot be found or documented.

Accommodations for State-wide Assessments

PCPA will adhere to the accommodations required by the state and district and ELLs will receive the necessary accommodations for all statewide assessments. Accommodations include, but are not limited to additional time for assessments, use of an English-to-heritage language dictionary, oral presentation of test directions, and small group testing.

B. Describe specific instructional programs, practices, and strategies the school will employ to ensure academic success and equitable access to the core academic program for these students, including those below, at, or above grade level.

To promote both literacy and proficiency, the school's ESOL program will provide students with English language development instruction that is age and grade appropriate and tailored to the student's English proficiency level. A nurturing climate that develops listening, speaking, reading, and writing skills will be provided. ELLs will receive comprehensible instruction of the core curriculum so they can make academic progress comparable to that of native English speakers as documented by individual and group data.

Instructional Model - Mainstream/Inclusion

PCPA will provide mainstream/inclusion instruction during the first year of operation; however, this may be revisited annually based on the needs of the enrolled student population. The school will offer ELLs equitable access to all instruction which will be provided in amounts, sequence, and scope equal to the instruction provided to non-ELLs at the same grade levels. Instruction will be supported through the use of differentiated ESOL instructional strategies, accommodations, and assessments, which will be monitored by the ELL committee and a school administrator and documented in lesson plans.

Instruction is supported by ESOL and Universal Design for Learning (UDL) instructional strategies that include, but not limited to:

- Seating the student close to the front of the room.

- Establishing a daily routine in the classroom and preparing students for any changes using as many of the senses (seeing, hearing, touching, smelling, and tasting) as possible to present information to students.
- Providing alternative instruction whenever the class lessons are extremely difficult for ELLs.
- Arranging small discussion and talking activities that permit students to practice verbal skills.
- Utilizing oral techniques, such as cueing, modeling elicitation, and chunking.
- Utilizing graphic organizers such as webbing and semantic maps.
- Modifying lesson objectives according to the language level of the ELLs.
- Using manipulatives to help students visualize math concepts.
- Teaching math concepts and computation procedures through games and kinesthetic activities.
- Giving practice in reading word problems by identifying the key words to determine the operation needed to solve the problem.

For ELL students that are performing below grade level, provisions of supplementary supports and services and/or modifications and accommodations will be provided to ensure that they benefit from the curriculum. Students who have been in the ESOL program for more than three years may need additional support and the ELL committee will convene to make necessary accommodations. Students will be provided with English instruction designed to develop integrated language skills using specific ESOL curriculum strategies and instructional delivery models for both ESOL and content subject areas such as math, science, social studies, and computer literacy. Instructional time and curriculum will be equal to instructional time and curriculum provided to non-ELLs in basic or categorical programs as established by SDMC, state, and/or federal guidelines appropriate to those courses. ELLs will receive extra instructional minutes and proper intervention programs as indicated on their PMP to support their growth and learning.

CSUSA Florida support team members will review and approve intervention and instructional programs for all students, including ELLs. PCPA will have the opportunity to choose programs based on student need. Several of these programs have embedded features which will help support students with language acquisition and comprehension.

C. Provide plans for monitoring and evaluating the progress and success of ELL students, including exiting students from ELL services.

The ELL committee will help implement ESOL programming and will also review files and conduct the following services:

- Review instructional programs and monitor progress.
- Review WIDA data and ESOL subgroup data from school interim benchmark assessments.
- Address parent/teacher concerns.
- Retention of ELLs.
- Review instructional program of former ELLs.
- Reclassification of former ELLs.
- Review academic progress for extension of ESOL services.
- Review all available data when exiting a student from the ESOL program.
- Request evaluations/support when needed.

As soon as an ELL meeting is scheduled, the parent/guardian will be notified and invited. During the meeting, recommendations will be made and recorded in the student's cumulative folder for documentation purposes. All members of the ELL committee will sign to acknowledge recommendations and a meeting log will be maintained annually.

Programmatic Assessment

Steps will be taken to determine the academic levels of incoming ELLs prior to placement into the ESOL program. PCPA will obtain all prior ELL plan and state assessment records from other schools to review and conduct parent/student interviews, classroom assessments, and teacher observations. This information will be documented in the student's ELL plan.

Extension of Services and Exiting ESOL

The school will utilize the state-mandated assessment, ACCESS, to measure the growth of students classified as ELLs on a yearly basis. ACCESS assesses students on four modalities: speaking, listening, reading, and writing. If the student does not show proficiency on ACCESS, the student will continue to receive ESOL services. A student will be considered for Extension of Instruction based on his/her third-year anniversary DEUSS date. The ELL committee will meet no earlier than 30 days prior to this anniversary date. Criteria for extension includes performance on ACCESS, state assessments, class grades, teacher input, progress monitoring data, social skills, and other information relevant to evaluate the child holistically. ELLs will be assessed annually at the end of the fourth, fifth, and sixth years of receiving extended services. In compliance with F.A.C.6A-6.0903, in grades K-2, ELLs who meet qualifying exit scores on the English Language Assessments will be exited from the ESOL program. In grades 3 and above ELLs who meet qualifying exit scores on the English Language Assessment including an achievement level of 3 or higher on FAST English Language Arts Assessment.

Exit criteria is based on assessment scores per 6A-6.0903. Students taking any administration of the Kindergarten ACCESS for ELLs 2.0, the English Language Proficiency level shall be a 4.0 composite score or greater and at least 4.0 in the Reading domain.

Students in grades 3-9, taking any administration of WIDA ACCESS for ELLs 2.0, the English Language Proficiency level shall be a 4.0 composite score or greater and at least 4.0 in the Reading domain and include and achievement level of a 3 or higher in the FAST ELA assessment.

Students in grades 10-12 taking any administration of WIDA ACCESS for ELLs 2.0, the English Language Proficiency level shall be a 4.0 composite score or greater and at least 4.0 in the Reading domain and include and achievement level of a 3 or higher in the FAST ELA assessment or passing concordant score on the SAT or ACT.

Post-Program Review and Re-entry of ELL Students

Students' academic progress will be monitored through the Post Program Review for a period of two years through the Post-Reclassification Monitoring Form. Documentation, which includes report cards, progress reports, test scores, classroom performance, and teacher/parent input, will be placed in the student's ELL plan. Each student plan will be reviewed after the first grading period, after the first semester, after the first year, and after the second year of exiting the program. At each point, the review will be noted in the student's ELL plan and entered into the electronic system. The ELA teacher will indicate if the student is making appropriate progress or not performing due to language deficiencies, at which time a required ELL committee

meeting will convene. During the ELL committee meeting, recommendations regarding the student's progress will be made, including whether the student should re-enter the ESOL program. During this two-year monitoring period students will be provided with extra time and dictionaries for state assessments.

Placement decisions for re-entry will be based on the ELL committee's review, the student's instructional needs and previous placement. Students may be provided additional support as appropriate and given diagnostic assessments (as described previously in this application) to determine areas of need. Students may only re-enter the ESOL program within their 2-year monitoring period after exiting the program.

D. Describe the staffing plan for the school's English Language Learner program, including the number of and proposed qualifications of staff.

In compliance with Florida law, META requirements, and the META Consent Decree, teachers will be required to participate in training when they have an ELL student assigned to their class. PCPA will provide adequate staffing of certified ESOL endorsed teachers based on the student population. If there are at least 15 students that speak the same native language, then the school will have at least one assistant or teacher proficient in that language and trained to assist in ESOL instruction.

Teachers of ELLs will be appropriately certified and ESOL endorsed, making use of instructional strategies in the delivery of the course or program curriculum. Teachers will include designated ESOL instructional strategies, such as small group instruction, use of graphic organizers, using manipulatives in math, along with using oral techniques cueing and modeling and accommodations such as visual aids and audio tools in lesson plans. Guidance and support on ESOL instructional strategies will be provided by the school's leadership team along with the CSUSA Florida support team members.

School administrators will keep track of all certification and PD to ensure teachers are taking the necessary courses to become ESOL endorsed. CSUSA's Human Resources department will also partner with the school administrative team to ensure that certifications are tracked and current. More information on certification monitoring is provided in **Section 11**.

The school principal will name a staff member to serve as the ESOL designee and be the direct liaison with the SDMC's ESOL department.

Section 8: School Culture and Discipline

A. Describe the culture or ethos of the proposed school. Explain how it will promote a positive academic environment and reinforce student intellectual and social development.

PCPA's school culture will aim to bring out the best in students, teachers, and parents and support the development of an environment in which rigorous academics, character, and a strong sense of community flourish. According to ASCD (2017) both school culture and climate contribute to students' ability to learn. School culture will be developed through participation in PLCs (Colligere), grade-level meetings, professional learning, mentoring, and participation in the Parent Teacher Committee. As key components of the school's daily operations, these aspects of CSUSA classical schools will encourage culture development, ownership of the school's mission and vision, life-long learning, and demonstrate the Beacons of Virtue. With this in mind, the principal will lead the development of a schoolwide culture that promotes a shared set of beliefs and values centered upon the Beacons of Virtue and reflective of the mission and vision. Most importantly, this ethos will permeate throughout the school building, allowing the development of healthy relationships with and among scholars.

The development of the school culture will incorporate the five areas of Marzano's research for achieving a safe, orderly, and positive academic environment:

1. Establish rules and procedures for behavioral problems that might be caused by the school's physical characteristics or routines.
    a. **Virtue Alignment: Prudence**
    Prudence calls for thoughtful discernment and sound judgment. In this context, prudence is applied as school leaders thoughtfully analyze the school's physical layout, transitions, and routines to anticipate challenges and proactively design procedures that promote safety and efficiency.
2. Establish clear schoolwide rules and procedures for general behavior.
    a. **Virtue Alignment: Justice**
    Justice involves fairness, consistency, and giving each individual their due. By implementing clear and consistent rules, the school ensures that all students are treated equitably and understand the shared expectations, creating a just and respectful environment.
3. Establish and enforce appropriate consequences for violations of rules and procedures.
    a. **Virtue Alignment: Justice and Temperance**
    Justice guides the fair and consistent application of consequences, while temperance supports self-control and the cultivation of appropriate responses. Together, they uphold a balanced approach to discipline that reinforces moral behavior and self-regulation.
4. Establish a program that teaches self-discipline and responsibility to students.
    a. **Virtue Alignment: Temperance and Fortitude**
    Temperance helps students develop self-restraint and moral discipline, while fortitude encourages the perseverance needed to practice these habits daily. A program that builds responsibility nurtures both virtues by helping students internalize values and act with integrity.
5. Establish a system that allows for the early detection of students who have high potential for violence and extreme behaviors.
    a. **Virtue Alignment: Prudence and Justice**
    Prudence ensures early intervention through careful observation and informed decision-

making. Justice guides the ethical and respectful treatment of all students, including those who may require additional support, ensuring that preventive measures are rooted in care and fairness.

To cultivate a culture deeply rooted in a commitment to equal access to high quality education for all students, positive interactions, academic success, and the healthy development of students, the school's leadership team will utilize the following:

- Schoolwide Behavior Plan – Expectations and Procedures
- Positive Behavioral Interventions and Supports (PBIS)
- Character Education
- Mental Health Plan

Schoolwide Behavior Plan – Expectations and Procedures

The schoolwide behavior plan will establish clear guidelines and expectations for appropriate behavior on campus and at school-sponsored events, fostering a safe and supportive learning environment. Rooted in proactive and restorative practices, the plan will equip students, teachers, and staff with the tools needed to maintain positive behavior, including strategies such as conscious discipline and trauma-informed approaches. By implementing clear, consistent, and positive behavior expectations, the school aims to reduce disciplinary incidents and support academic success.

The school leadership team will develop a structured behavior management framework, ensuring routines and procedures promote efficient, focused classrooms. PCPA will foster an environment that is physically safe and emotionally nurturing, empowering students to take ownership of their well-being and actively engage in their learning community. Strategies such as daily morning meetings and a common schoolwide language for behavior expectations will help reinforce positive conduct.

To prevent misconduct, PCPA will establish explicit procedures and routines for daily activities, teaching them until they become second nature to students. These expectations will be clearly posted in student-friendly language, continuously reinforced, and modeled by teachers. Educators will receive extensive training on behavior management, beginning with New Teacher Induction (NTI) and Returning Teacher Orientation (RTO) before the school year starts. The first two weeks of school will focus on teaching and practicing procedures within academic lessons. Teaching teams will collaboratively develop classroom routines to promote student independence and minimize misbehavior. Teachers will use positive reinforcement and logical consequences aligned with the student code of conduct.

School leaders and instructional coaches will conduct classroom walkthroughs to provide feedback on the implementation of expectations and procedures, ensuring accountability within the teacher evaluation framework. The behavior plan will be clearly communicated to all stakeholders, with ongoing opportunities for feedback. Parents, students, and teachers will complete biannual satisfaction surveys to assess the plan's effectiveness, and administrators will review these responses to make necessary adjustments.

The school's PD plan will address the development of daily professional habits and classroom management that begins prior to the school's opening. Described in **Section 13**, PD supports establishing collegiality and promoting a growth mindset among staff. PD sessions, which include reflective collaboration structures, will also serve to develop relationships among content-area teachers as well as with instructional support staff.

Positive Behavioral Interventions and Supports

PCPA may formalize its schoolwide behavior plan around a PBIS framework during the initial charter term and when a full understanding of the enrolled student population is attained. Though a comprehensive PBIS plan may not be rolled out in the first year, the school will provide behavior guidelines and discipline processes in alignment with PBIS expectations ready for roll out on day one. This will help emphasize prevention and improve student academic achievement and social development. A PBIS model will help ensure evidence-based practices and tiered behavioral interventions will be selected and implemented to address student behavioral needs in line with the MTSS framework.

Character Development

As mentioned in **Section 3**, character development education is core to positively impacting academic achievement as well as school culture. Developing student character development is critical to developing young, productive citizens, while character education is essential in the development of a healthy mindset. The development of character skills will help PCPA fulfill its mission to educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum. Through the Trivium—instruction in Grammar, Logic, Rhetoric and other disciplines—scholars will be empowered to make connections in school and life and encouraged to communicate ideas confidently. PD opportunities for teachers will be provided to help build capacity to teach character development education.

PCPA will develop five behavioral competencies as part of the school's commitment to a positive school culture and meeting individual student needs. The competencies listed below are defined by the Collaborative for Academic, Social, and Emotional Learning (CASEL, 2015):

1. **Self-Awareness:** The ability to accurately recognize one's emotions and thoughts and their influence on behavior. This includes accurately assessing one's strengths and limitations and possessing a well-grounded sense of confidence and optimism.
2. **Self-Management:** The ability to regulate one's emotions, thoughts, and behaviors effectively in different situations. This includes managing stress, controlling impulses, motivating oneself, and setting and working toward achieving personal and academic goals.
3. **Social Awareness:** The ability to take the perspective of and empathize with others from diverse backgrounds and cultures, to understand social and ethical norms for behavior, and to recognize family, school, and community resources and supports.
4. **Relationship Skills:** The ability to establish and maintain healthy and rewarding relationships with diverse individuals and groups. This includes communicating clearly, listening actively, cooperating, resisting inappropriate social pressure, negotiating conflict constructively, and seeking and offering help when needed.
5. **Responsible Decision-Making:** The ability to make constructive and respectful choices about personal behavior and social interactions based on consideration of ethical standards, safety concerns, social norms, the realistic evaluation of consequences of various actions, and the well-being of self and others.

PCPA may implement Attitude is Altitude (AIA) or a comparable character education program to empower students in achieving their goals and making a positive impact on the world. AIA is structured into instructional units that introduce and deepen students' understanding of five key behavioral competencies. Through project-based and experiential learning, students actively develop these skills. The AIA curriculum is flexible in delivery, offering three tiers of instructional activities that can be assigned by grade level or differentiated based on students' abilities, interests, or maturity levels.

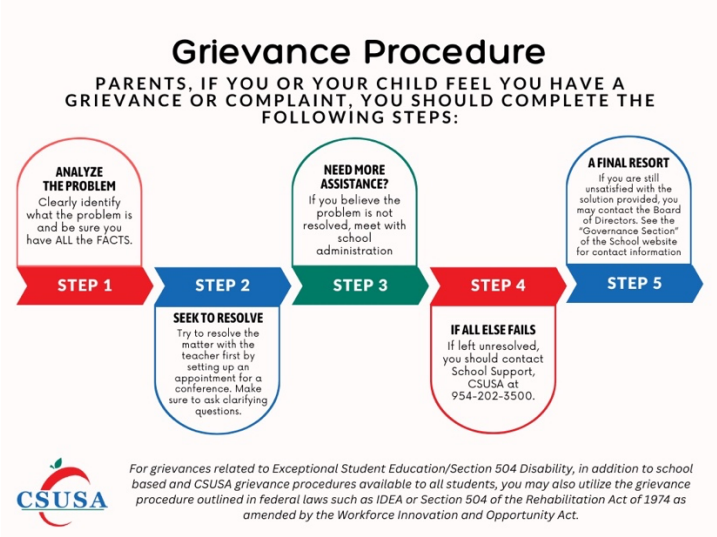
Mental Health Plan

Upon review of the district's Mental Health Assistance Allocation Plan (MHAAP), PCPA will determine whether to follow the district's plan or use its own MHAAP. This decision will be revisited annually.

PCPA may implement its own Mental Health Plan, in alignment with § 1006.041) F.S., utilizing the school's share of state appropriated MHAAP funding to help address student mental health needs. The school will provide mental health services at the school, using an evidence-based, multi-disciplinary approach to the treatment of youth with mental health/substance use challenges. The decision as to whether to use the school's Mental Health Plan or follow the district's plan will be revisited annually.

Building a Strong and Safe School Community

PCPA will comply with the legislative requirements for charter schools that are deemed a "persistently dangerous school," and any student who is a victim of a violent criminal offense (as defined by the FLDOE) has the option to transfer from PCPA since it is a school of choice.



Students who become violent or disruptive will be removed from other students when safety permits. If safety does not permit the removal of the student, staff will immediately remove the other students from the area and relocate them to a safe area. The disruptive student's parents/guardians shall be immediately notified, and the student will be counseled by the school's staff when possible. If a student becomes violent, law enforcement will be notified immediately, and appropriate disciplinary action taken.

With the assistance of parents, a strong bond will be created at PCPA that helps prevent bullying. Communication among parents, students, and teachers concerning incidents of bullying will be used to help prevent acts of violence and possible tragedies. Schools and parents must educate children about bullying behaviors to help create a safe and secure school environment. Children who bully need to be taught empathy for others' feelings in order to change their behaviors, and PCPA will enforce a zero-tolerance policy regarding bullying. The "Jeffrey Johnston Stand Up for All Students Act" (§ 1006.147, F.S.) prohibits the bullying and/or harassment, including cyber bullying, of any public K-12 student or employee. All employees are required to report allegations of bullying and/or harassment to the principal or the principal's designee. All other members of school community, including students, parents/legal guardians, volunteers, and visitors will be encouraged to report any act that constitutes bullying or harassment to the principal or principal's designee, anonymously or in-person. This required communication among stakeholders concerning incidents of bullying mitigates risk in this area. PCPA will follow district policy to meet these required standards.

B. State whether the applicant intends to use the local school district's code of conduct policy. If the applicant does not intend to use the local school district's code of conduct policy, describe in detail the school's approach to student discipline. If already developed, provide the proposed discipline policy or student code of conduct as. Taken together, the narrative and code of conduct (if provided) should:
    - Explain the practices the school will use to promote discipline, including both penalties for infractions and incentives for positive behavior;
    - List and define the offenses for which students must (non-discretionary) and may (discretionary) be suspended or recommended to the local school district for expulsion;
    - Describe the roles of administrators, teachers, staff, and the governing board regarding the discipline policy;

- Provide an explanation of how the school will take into account the rights of students with disabilities in disciplinary actions and proceedings;
- Describe procedures for due process when a student is suspended or recommended to the local school district for expulsion as a result of a violation, including a description of the appeals process that the school will employ for students facing recommended expulsion and a plan for providing services to students who are out of school for more than ten days; and
- Explain the process for informing students and parents about their rights and responsibilities under the code of conduct.

PCPA will utilize the district's code of student conduct and follow the mechanism outlined below for the expression and resolutions of grievances. **Attachment G** provides the 2024-2025 SDMC Code of Student Conduct.

PCPA will work collaboratively with the district on severe disciplinary matters to ensure that the correct discipline process is followed, as well as any referrals to alternative learning environments. The student code of conduct will be made available to families electronically. Additional school-specific procedures, aligned to the district, will be shared with families prior to the start of the school year.

PCPA will adhere to all federal laws regarding proper handling of disciplinary action of all students, including IDEA policies and students with a 504 plan.

Section 9: Supplemental Programming

A. Describe any extra- and co-curricular activities or programming the school will offer, if applicable; how often they will occur; and how they will be funded.

Supplemental programming offered will be determined by the interests and needs of the school community. The list below describes proposed programs, activities, and potential partnerships. The scheduling and frequency of activities will be contingent on the level of interest and engagement of students, teachers, and partnerships with community organizations. The funding for these programs may derive from different sources, such as allotments in the school's future budget, stipends to staff which are built into the operating budget, or student contributions.

Partnerships: Partnership opportunities will be cultivated to support the school's vision of developing lifelong learners who contribute positively to local and global communities. Local businesses, chambers of commerce and their members, and local and state governmental entities will be identified for outreach.

Clubs and Activities: Clubs and activities will be planned to nurture students' academic growth and character development. The interests of students and faculty advisors, as well as local resources into account when designing final program offerings. As a starting point, the following clubs and activities are being explored:

- National Elementary Honor Society, National Junior Honor Society, National Honor Society
- HOSA Club
- Scripts National Spelling Bee
- Beta Club
- Drama Club
- Photography Club
- Comic Book/Anime Club
- Chorus, and Band
- Safety Patrol
- Global Citizens Club
- Model United Nations
- Young Thespian's Club
- Young Poet's Society
- Scholar Chess Club
- Young Caritas Club
- Scholar Art Club
- Scholar Science Club

Interscholastic Competitions: Competitions may include participation in local or statewide contests to demonstrate skills in select academic areas, as well as competitions and showcases that highlight problem-solving and creativity skills. Possible classical interscholastic competitions may include the following:

- Association for Latin Teaching Reading Competition
- Fitzwilliam College Cambridge Essay Competition
- LSA Classical Association Ancient Worlds Competition
- Oxford Ancient Drama Competition
- Leeds Classics Reading Competition
- Cambridge School Classics Project Ovid Competition

Interscholastic Athletics: As identified by stakeholder opportunities and partnerships, athletic programs will be developed. Basketball, cheer, flag football, soccer, volleyball, and baseball are examples of team sports that may be offered. Additionally, per § 1006.15(d), F.S., PCPA students will be eligible to participate in interscholastic extracurricular activities at the public school to which they would be assigned according to the district school board attendance area policies.

II. ORGANIZATIONAL PLAN

Section 10: Governance

A. Describe the school's existing or planned legal status, including non-profit status and federal tax- exempt status.

Southwest Charter Foundation, Inc. is a Florida-based not-for-profit corporation with current IRS 501(c)(3) status and organized exclusively for the purpose of governing charter schools. Attachments H–J contain corporate documents including the IRS letter of determination, articles of incorporation, and bylaws. The current governing board members are:

- Ken Haiko, Chairman
- Thomas Wheeler, Vice Chairman/Secretary
- Paul Sallarulo, Treasurer
- Billie Miller, Director
- Dennis Clark, Director
- Pat Smith, Director

Governing board member information forms, resumes, and signed Attestations and Statements of Assurances are included as **Attachment L**.

B. Provide the following documents, if available, as attachments:
   - The articles of incorporation for the applicant organization (or copies of the filing form) – Attachment H
   - 501(c)(3) tax exempt status determination letter (or copy of the filing form) – Attachment I
   - Governing board by-laws – Attachment J
   - Governing board code of ethics and conflict of interest policy – Attachment K

SWCF's Articles of Incorporation can be found as **Attachment H**; tax exempt status letter as **Attachment I**; bylaws as **Attachment J**; and code of ethics and conflict of interest policy as **Attachment K**.

C. Describe the governance structure of the proposed school, including the primary roles, powers, and duties of the governing board; committee structure (if applicable); and how the board will interact with the principal/head of school and any advisory bodies.

SWCF is governed by the general philosophy that it is an organized group of volunteers who are collectively accountable to the community for the health, vitality, and effectiveness of its schools. As the charter holder, SWCF has ultimate authority and responsibility for school operations, including all responsibilities set forth in § 1002.33(9), F.S. This includes, but is not limited to, annual adoption of the budget; ensuring PCPA retains the services of a certified public accountant or auditor for the annual financial audit; reviewing the annual audit; reporting progress annually to the authorizer; and designating at least one administrative staff member to be responsible for instructional personnel and administrators' performance evaluations duties. SWCF will be responsible for continuing oversight of the operations of PCPA and will conduct itself in accordance with

all applicable laws and regulations. SWCF will contract with CSUSA to manage the day-to-day operations of PCPA and will oversee CSUSA via a performance-based management agreement. The principal will be an employee of CSUSA and will be responsible for managing all school staff and liaising with parent organizations and community partners.

SWCF will be responsible for developing appropriate policies to safeguard these fundamentals, while effectively and properly managing public funds. To ensure that PCPA achieves academic, operational, and financial success, the primary role of SWCF is to:

- Determine and preserve the organization's mission and vision.
- Create and oversee the organization's operational policies.
- Exercise continuing oversight over charter school operations.
- Ensure effective organizational planning.
- Ensure adequate resources, finances, and fiscal propriety.
- Manage resources effectively (adopt and monitor budget and financials).
- Determine, monitor, and strengthen programs and services.
- Assure programs and services are consistent with the mission.
- Assess the quality of programs and services.
- Ensure charter compliance.
- Enhance public standing.
- Ensure legal and ethical integrity and maintain academic and financial accountability.
- Understand laws applicable to charter school board members.
- Recruit and orient new board members and assess board performance.
- Monitor school academic performance and ensure adequate progress is made.
- Select the ESP.
- Perform operational oversight of the ESP.
- Attend training and conferences regularly.

SWCF will also be responsible for the legal and financial obligations of PCPA. SWCF is represented by the Law Offices of Levi Williams, P.A., which is separate and independent of CSUSA's legal counsel, Tripp Scott, P.A. SWCF will establish policy consistent with the school's mission to educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum and ensure that all programs and operations are faithful to the terms of the charter. This includes compliance with statutory and regulatory requirements. SWCF will have ultimate responsibility of ensuring that the school finances are managed properly. SWCF will annually adopt the school's budget and provide continuing oversight over charter school operations, including:

- Communicating the mission and vision to the school community.
- Holding CSUSA accountable for achieving results as outlined in the management agreement.
- Leading by example in their personal and professional endeavors.

By resolution, SWCF may establish standing committees and special committees of the governing board. Unless otherwise specified by resolution of the governing board or by SWCF bylaws, the Chairman will annually appoint the chair and members of standing committees and will fill vacancies on any standing committee. SWCF Bylaws allow the Chairman may appoint the members and chair of such special committees as the governing board may create, which members and chair may include persons who are not members of SWCF. All committee chair appointments must be approved by a vote of the governing board.

Meetings of any c-committee may be called by the chair of such committee or upon the written request of one-third of the committee members. Members of each committee will continue in office until the next annual meeting of the governing board . A member of any committee may resign at any time in writing to the SWCF Chairman. By vote, SWCF may remove, with or without cause, any member from a committee and specifically, but not by way of limitation, may remove any member from a committee for failing to attend three consecutive meetings of the committee. Currently, SWCF has finance, academic, community outreach, and membership committees that meet throughout the year as needed.

The relationship between SWCF and CSUSA provides clear accountability for the services provided by CSUSA. The governing board as a whole will be responsible for the school's performance, and CSUSA will be actively involved in managing school operations to ensure successful outcomes. A strong relationship will exist between PCPA and SWCF. During governing board meetings, SWCF will review the school status report and the principal, and CSUSA Florida support team leadership will respond to questions and maintain primary responsibility for reporting to SWCF and conducting follow-up action items. The Florida support team is led by the CSUSA Florida Superintendent and the Deputy Director who will oversee PCPA. SWCF will annually appoint a parent facilitator in accordance with F.S. 1002.33(9)(p)2. SWCF will hold the principal accountable primarily through the performance expectations defined in the management agreement between SWCF and CSUSA. A comprehensive and rigorous performance evaluation process has been developed by CSUSA, which aligns expectations to the Education Model and the governing board's mission.

D. State the frequency of board meetings and describe how the board will comply with open meetings and records laws.

Per § 1002.33(9)(p)3, F.S., SWCF will hold at least two meetings per school year in Manatee County with the school's principal and parent representative present and may hold additional meetings at its discretion. During meetings, SWCF will be presented with information regarding the school's financial expenditures, enrollment, personnel issues and changes, facility updates, and any additional school-related issues. Governing board meetings will be open to the public and held in accordance with Florida Sunshine Laws. Parents, community partners, and members of the public will be encouraged to attend such meetings and share any comments, questions, or concerns during that time. The tentative meeting schedule will be provided to the district as part of pre-opening compliance.

All meetings will be publicly noticed in advance on the school's website and will be physically posted at the school. SWCF will provide public notice of the date, time, place, and accessibility to meetings in accordance with FLDOE requirements and Florida Sunshine Laws. SWCF will also make meeting minutes available for public review on the school's website in accordance with Florida's Public Records Law, Chapter 119, and Florida Statutes. Regularly scheduled governing board meetings will include sufficient member attendance to constitute a quorum for the official conducting of school business.

E. Describe the current and desired size and composition of the governing board. Identify key skills, areas of expertise, and constituencies that are or will be represented on the governing board.

SWCF currently consists of six governing board members. In accordance with SWCF bylaws, the governing board may consist of up to nine members, but no less than three. Below is a description of each role on the board along with background information.

Chairman– Ken Haiko

The Chairman of SWCF presides at all meetings and performs other duties that may be assigned by the SWCF Board of Directors.

Ken Haiko currently serves as the SWCF Chairman and has been a fierce advocate of parental choice for over two decades. He is driven by a belief that parents are best equipped to determine their child's educational needs. A successful businessman in south Florida for over 37 years, Ken brings a wealth of business, finance, and operational experience to SWCF. His previous non-profit experience includes two governor appointments to state boards responsible for strengthening Florida's position as the global leader in aerospace research, investment, exploration, and commerce. Ken proudly served in board member and chairman roles for the Florida Space Authority and as a board member of Space Florida. Ken is diligent in his academic, financial, and strategic direction oversight responsibilities for each of the 38 schools in the SWCF portfolio.

Vice Chairman/Secretary – Tom Wheeler

Tom Wheeler serves as Vice Chairman/Secretary of SWCF. His board experience, combined with his leadership knowledge in law enforcement, are the key assets that he brings to the board. Tom earned his B.S. in Criminology from Florida State University and graduated from the FBI National Academy in 1988. A 33-year veteran of law enforcement, Tom most recently served as Chief of the Florida Department of Law Enforcement. He has also served as a Policy Director with the FLDOE, Colonel/Undersheriff for the Broward County Sheriff's Department, and was Executive Director of the Department of Professional Standards. Tom has a dedicated focus on promoting and serving the needs of the K–12 student population.

Treasurer - Paul Sallarulo

Paul Sallarulo is a Treasurer on the SWCF governing board. He has more than three decades of experience in banking, which allows him to assist the governing board with financial oversight, regulation, and compliance. Paul served as President and CEO of Nexera Medical Inc., which is the developer and distributor of antimicrobial textile products worldwide. He has an extensive financial career in capital markets and investment banking in senior positions with Wachovia Securities, Prudential, Raymond James, Meridian Capital Markets, and CoreStates Capital Markets. His service to the governing board is enhanced by his knowledge of finance and his experience as an accomplished business leader in healthcare and banking. He was appointed Commissioner of the North Broward Hospital District by Florida Governor Jeb Bush and served as Chairman of the Board of Commissioners and Chairman of the Executive Committee. He also serves on the Board of Directors of Foss Manufacturing Company, LLC, Board of Directors of REI Marketing, LLC, Co-Founder and Board of Director of Basinate Industries, and many other professional and charitable boards. He and his children, Patrick and Samantha, are the founders of the "Sallarulo Race for Champions" which has raised over 7 million dollars in the last decade for the Special Olympics.

Director – Billie Miller

Billie Miller is a Director on the SWCF Board. She formerly served as CSUSA Vice President of Education and Vice President of Talent & Acquisition, prior to retiring in June 2018. Billie earned a B.A. in English and Speech/Drama from Upper Iowa University, and she holds an MS in Educational Leadership from Nova Southeastern University. She began her teaching career in Wisconsin and Iowa and has been involved in Florida education for the past 45 years. She started her career in Florida teaching in alternative education programs at Coconut Creek High School, where she was named District Teacher of the Year. She also served as a District Program Specialist and as assistant principal at Pompano Beach High School. Billie "retired" after 31 years with Broward Public Schools in 2004, and after a brief retirement (one day), was appointed

principal of Coral Springs Charter School. During her six-year tenure, the school consistently received a grade of "A." She became Senior Director of Education for Charter Schools USA in 2010.

Director – Dennis P. Clark

Dennis Clark serves as a Director of SWCF. Dennis is a broadly experienced, results-oriented banking executive with strong leadership and critical thinking skills. He brings a wealth of knowledge and expertise to the board in the area of finance. Dennis studied banking at Broward College and at Louisiana State University, where he earned a B.S. from the Banking School of the South. A banking executive for many years, Dennis served as President and CEO of Southeast Bank-Galt Ocean Mile, Goodwill Industries, and Bank United FSB. He currently owns and operates Risk Assessment Solutions, a company that assists nonprofit organizations and small businesses in establishing stronger, control-oriented infrastructure. In addition to his professional experience, Dennis has served as a board member for Broward County Workforce Development, Florida Goodwill Association, and Kiwanis Club of Coral Ridge.

Director – Pat Smith

Pat Smith is a Director on the SWCF Board. She is a marketing and communications professional with extensive experience in forging community partnerships and establishing networking opportunities. Pat has been with the Florida Department of Children and Families (DCF) since 2007. For more than a decade, she has worked in various communications positions, including regional Communications Manager, Press Secretary, and currently serves as the Community Relations Director. In this capacity, Pat works statewide to facilitate partnerships among DCF leadership, faith-based and community partners, and families in need. She has been a board member for Florida Faith-Based and Community-Based Advisory Council. Pat has received significant recognition from many notable organizations, including the Tallahassee Democrat, Tallahassee Community College, Florida Public Relations Association, and the NAACP.

F. Describe how board members have been and will be selected including term limits and selection of officers.

The current SWCF members were elected through a nomination and vote of the governing board, and future members will be elected in the same manner. SWCF may have a Chair, President, Vice President, Secretary, and Treasurer, each of whom will be elected by the governing board. Other officers and assistant officers, as may be deemed necessary, may be elected by the governing board. Any two or more offices may be held by the same person. All officers will be elected by a vote of SWCF at the annual meeting of the governing board. A duly elected officer will hold office for a term of one year, commencing at the close of the annual meeting, and until their earlier death, resignation, or removal.

Vacancies occurring, however caused, will be filled as soon as practical by election. All positions are held for a 1-year term.

G. Explain how this structure and composition will ensure that the school will be an academic, operational, and financial success.

SWCF successfully operates seven charter schools in the state of Florida and has the expertise, knowledge, and experience to ensure that any new school they open attains academic, operational, and financial success. SWCF, in conjunction with CSUSA, will implement an education model and governance structure that have been successful for schools within the SWCF portfolio of schools. To ensure that PCPA is on track to meet its goals for success, SWCF will present an annual progress report to the district, which will include:

- The school's progress towards achieving the goals outlined in the charter contract.
- The information required in the Charter School Annual Accountability Report, pursuant to § 1002.33(9)(k), F.S.
- Financial records of PCPA, including revenues and expenditures.
- Salary and benefit levels of school employees.

Table 10.1 below illustrates SWCF organizational goals, which also ensures that PCPA attains academic, operational, and financial success.

Table 10.1

SWCF Organizational Goals	Measurable Objective
Properly Manage and Govern School	• Operational policies • Academic and financial accountability • Reporting the school's progress annually to FLDOE • Policies consistent with the school's mission • Ensuring the school's programs and operations are faithful to the terms of the charter, including compliance with statutory and regulatory requirements
Oversee Operational Policies	• Adhere to regularly scheduled governing board meetings in a manner compliant with Florida's Sunshine Law • Ensure the school's operations align with operational policies and procedures
Ensure Financial Accountability	• Annually adopt, maintain, and amend (if necessary) the annual operating budget • Create or adopt policies for internal controls • Review and approve financial statements on a consistent basis • Ensure that the school has contracted with a certified public accountant for the annual financial audit • Review and ratify the audit report, including audit findings and recommendations
Accountability for Performance	• Review performance reports from CSUSA on a periodic basis (monthly, quarterly, or annually as appropriate): • Financial reports • School report (enrollment, withdrawals, staffing, facility issues, and ongoing activities at PCPA • Satisfaction surveys • Strategic plan • Annual accountability report

H. Complete the table below (add lines as necessary) and for each individual identified here provide 1) a completed and signed Board Member Information Sheet (template provided), and 2) resume

Name	Current or Prospective Governing Board Member	Role on Board (e.g. Member, President, etc.)	Submission Requirements
Ken Haiko	Current	Chairman	x_ Information Sheet x__Resume
Thomas Wheeler	Current	Vice Chairman/Secretary	x_ Information Sheet x__Resume
Paul Sallarulo	Current	Treasurer	x_ Information Sheet x__Resume
Billie Miller	Current	Director	x_ Information Sheet x__Resume
Dennis Clark	Current	Treasurer	x_ Information Sheet x__Resume
Pat Smith	Current	Director	x_ Information Sheet x__Resume

I. Describe the plans for board member recruitment and development, including the orientation process for new members and ongoing professional development to increase the capacity of the board.

Board development and recruiting is an ongoing process. Therefore, SWCF actively searches for qualified candidates for consideration for governing board service. SWCF board members leverage relationships from their professional careers and charter school involvement when searching for new governing board members. Skill gaps in expertise are also identified when recruiting new members to maintain a well-rounded and experienced governing board. SWCF has developed a questionnaire that is used for both recruiting and screening potential board members, ensuring that only the most qualified candidates serve on the governing board. New governing board members are nominated by existing members through a nomination committee. SWCF may appoint a nomination committee to consist of no fewer than two board members. The nomination committee compiles and submits a slate of candidates to SWCF for the directorships and offices to be filled at the upcoming meeting. These submissions are deemed to be nominations for each person named. Positions on the governing board are contingent upon a favorable vote of governing board.

All SWCF members complete initial and ongoing governance training in accordance with Rule 6A-6.0784. Each board member completes a minimum of four hours of instruction focusing on the Government in the Sunshine Act, conflicts of interest, ethics, and financial responsibility as specified in § 1002.33(9)(g), F.S. After four hours of initial training, each member, within the subsequent three years and for each three-year period, thereafter, completes a two-hour refresher training on the four topics above in order to retain his or her position with SWCF. Any member who fails to obtain the two-hour refresher training within any three-year period will take the four hours of instruction again to remain eligible as a governing board member.

New governing board members complete the four-hour training within 90 days of their appointment. Covered topics, as specified in § 1002.33(9)(j)(b)4, F.S., include:

- Conflicts of Interest
- Models of Governance and Leadership
- Charter School Law in Florida

- Ethics
- Basic Understanding of Parliamentary Procedures
- Government in the Sunshine Law
- Financial Responsibility
- Guided Questions for Mission Statement and Strategic Planning
- Drafting Board Policies

Each governing board member also receives a comprehensive binder containing copies of SWCF bylaws, charter contract, management agreement, minutes from previous year's meetings, contact information, and other pertinent information.

J. Describe the board's ethical standards and procedures for identifying and addressing conflicts of interest.

The purpose of the conflict of interest policy is to protect the taxpayer and SWCF interests when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of SWCF, or might result in a possible excess benefit transaction. This policy is intended to supplement, but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations. Please reference **Attachment K** for the SWCF code of ethics/conflict of interest policy. SWCF is governed by and adheres to all applicable laws regarding conflict of interest, including subsections (2), (3), (7), and (12) of § 112.313, F.S.

SWCF board members do not receive compensation for services rendered in their capacities as directors/officers, and no loans are made to any board member. All SWCF members participate in governance training, as required pursuant to § 1002.33(9)(j)(b)4, F.S. which includes training on ethics. As required, all governing board members adhere to the following sections of the Florida Code of Ethics for Public Officers and Employees:

- § 112.313 (2) Solicitation of Gifts
- § 112.313 (3) Doing Business with Own Agency
- § 112.313 (7) Conflicting Contractual Relationship
- § 112.313 (12) Exceptions to Subparts (3) and (7)
- § 112.3143 (3) Voting Conflicts

K. Describe, if applicable, any school advisory bodies or councils that are in place or will be formed, including the roles and duties of each and the reporting structure of such entity relative to the school's governing board and leadership.

A Parent/Teacher Committee (PTC) will be established to provide an opportunity for parent and community input that can be used in the development of new programs. A PTC will be organized each school year at PCPA and will participate in and provide input for fundraising, volunteering, and operations (e.g., car loop). The PTC shall be comprised of parents of enrolled students, school leadership, and teachers.

L. Briefly explain the process that the school will follow should a parent or student have an objection to a governing board policy or decision, administrative procedure, or practice at the school. This includes the process for developing procedures for complaint resolution of parental concerns involving student welfare, including the student welfare provisions described in section 1001.42(8)(c)1.-6., F.S. The entire process or policy does not have to be developed; however, applicants should be able to articulate the primary steps.

Parents will be encouraged to attend governing board meetings, which are open to the public and offer an excellent opportunity for parents to address any issues or concerns they may have. In addition, all parents will have access to the SWCF website (which provides the SWCF email address) and may contact SWCF at any time to address any issues or concerns.

SWCF believes in just, fair, and equitable treatment of ALL students and in providing a learning environment that is free from unfair or discriminatory practices. Procedures for addressing grievances and complaints from students and parents, and resolution of discriminatory practices have been established. Below is a summary of the SWCF complaint/grievance policy, which will be in effect for parents/students who attend PCPA.

SWCF believes that school-based concerns and complaints are best handled at the school level. Although parents are encouraged to communicate with SWCF directly either at public governing board meetings or via SWCF's email address, there is a formal procedure in place for parents to file a grievance/complaint at the school level. In general, when a parent complaint or concern is received, SWCF will first ensure that the parent has contacted the appropriate school administrator about the concern, and that the issue had the opportunity of being addressed at PCPA. If this is not successful, SWCF will then generally refer them to CSUSA or address the issue directly. It is the governing board's responsibility to make every effort to address all such complaints and concerns and not that of the district.

Rights: Students/parents have the right to report and seek redress for unfair treatment, discriminatory practices, or harassment.

Responsibilities: Students/parents have a responsibility to know and follow procedures for filing complaints. In most cases, problems can be resolved if students/parents speak with the teacher or staff member involved. If the student/parent does not resolve the problem or feels uncomfortable addressing the issue directly to the teacher or staff member, the student or parent may request a conference with the principal or assistant principal. The student/parent may also request the presence of a third party, such as a student services coordinator (SSC) or counselor, teacher, or other staff person. A parent may also be present. If a student or his/her parents have a grievance, the steps below should be utilized:

1. Carefully analyze the problem and be sure they have all the facts.
2. Ascertain that they have a rational attitude about the problem.
3. Seek to resolve the problem with the teacher, if applicable, through appointment.
4. If a student and/or parent does not believe the problem has been resolved, meet with school administration.
5. If left unresolved, students and/or parents should contact the CSUSA support center.

If left unresolved, students and/or parents should contact SWCF directly or utilize the public comment policy during governing board meetings.

If the school is filing the application in conjunction with a college, university, museum, educational institution, another non-profit organization or any other partner, provide the following information:

M. Name of the partner organization.
N. Name of the contact person at the partner organization and that person's full contact information.
O. A description of the nature and purpose of the school's partnership with the organization.
P. An explanation of how the partner organization will be involved in the governance of the school.

This question is not applicable.

Section 11: Management and Staffing

A. Submit as Attachment M organization charts that show the school governance, management, and staffing structure in
   - The pre-operational year;
   - The first year of school operations;
   - At the end of the charter term; and
   - When the school reaches full capacity, if in a year beyond the first charter term.

   Each organization chart should clearly delineate the roles and responsibilities of and lines of authority and reporting among the governing board, staff, and any related bodies (such as advisory bodies or parent or teacher councils), and any external organizations that will play a role in managing the school. The organization charts should also specifically document lines of authority and reporting within the school.

The school's organization charts are included in **Attachment M.**

B. Identify the principal or head of school candidate and explain why this individual is well-qualified to lead the proposed school in achieving its mission. Summarize the proposed leader's academic and organizational leadership record. Provide specific evidence that demonstrates capacity to design, launch, and manage a high-performing charter school. If the proposed leader has never run a school, describe any leadership training programs that (s)he has completed or is currently participating in. Discuss the evidence of the leader's ability to effectively serve the anticipated population. Also provide, as Attachment N, the proposed job description and resume for this individual.

   --OR--

   If no candidate has been identified, discuss the process and timeline for recruiting, selecting, and hiring the school leader. Describe the criteria to be used in selecting this leader, and provide as Attachment O the position's qualification requirements. What are the key skills and competencies for the school leader? What qualities must the school leader have for this school to be successful?

The school's principal will be responsible for the administration of school staff. The principal selection criterion will include the following, at a minimum:

- Educational Leadership Certification.
- Educational Background—degree in education with appropriate school grade-level background; experience as an educational leader.
- Teaching experience.
- Knowledge of the needs of the school population.
- Knowledge of curriculum for appropriate grades of student body.
- Experience in working with school governing boards.
- Skills in using technology as a tool for learning and monitoring student progress.
- Ability to work with community organizations, agencies, and resources.
- Motivation to establish innovative and creative learning programs.
- Dedication to providing supplementary programs to enhance student learning.
- Commitment to PD programs for faculty and school concepts.

- Ability to implement staff development and training.
- Ability to promote a positive school climate.
- Commitment to enabling each student to reach his/her personal best.

Please see **Attachment N** for the school leader's job description which details job qualifications.

Process Used to Select the School Leaders

CSUSA will consult with SWCF, per the management agreement, regarding the hiring of the school leader. The goal will be to hire the school leader approximately six months prior to school opening. CSUSA uses a robust recruiting process called the Leadership Assessment Center (LAC). Before a candidate is invited to attend the LAC, they first go through a phone screen to identify their background and experience and determine if they will be a viable candidate for a school leadership position. This process is used to determine if a candidate would be a good building leader and is an important component of the interview process. All candidates for assistant principal and principal participate in the one-day event. The LAC activities are detailed below.

Data Analysis Performance Task

Candidates are provided a mock scenario in which they need to analyze school data as part of a charter contract renewal. Mock data regarding a school's historical academic performance, demographics, staff turnover, and staff survey questions are provided to the candidate. As part of the school's leadership team, the candidate must assist in summarizing the past three years of performance data and identifying areas of improvement, then help design an action plan to address the identified challenges. During this activity, the candidate will be required to:

1. Identify two or more areas that require attention and validate their selections.
2. Identify possible causes of the shortfalls that are identified.
3. Develop an action plan/school improvement plan that will address the identified shortfalls.

Candidates are then required to present the information to the mock leadership team via an oral presentation and supplemental handouts during the Phase 2 Interview.

Phase 1 Interview

The Phase 1 Interview is conducted by two to three high-performing CSUSA principals. The questions during this interview phase are focused on the candidate's background, vision, knowledge of data, and their potential fit for the school. Candidates are asked to develop career plans and goals, along with what they perceive as the potential advantages and disadvantages of working at CSUSA. Candidates are also asked to complete a character survey/essay. The survey is administered online by VIA Survey. Based on their survey results, candidates are then asked to answer a series of questions:

1. What are your top two strengths according to the survey?
    a. Do you agree with the results?
    b. If not, what character strengths do you believe to be your top two?
2. What are your bottom two strengths according to the survey?
    a. Do you agree with the results?
    b. If not, what do you believe to be your bottom two character strengths?
3. How have your top character strengths influenced your leadership style?
4. What challenges have you faced as a leader as a result of your bottom two character strengths?

Phase 2 Interview

The Phase 2 interview is conducted by the CSUSA Florida Superintendent or area Deputy Director and may also include two to three lead principals. During this interview phase, questions are focused on the candidate's leadership style as well as past challenges and results. During the Phase 2 interview, the candidate also presents the action plan they developed as part of the Data Analysis Performance Task.

Final Decision

Finalists then progress to a third and final interview with members of the CSUSA executive team, such as the Chief Executive Officer (CEO) or Chief of Schools. The third interview is conducted to allow leadership members that did not participate in the first two interviews the opportunity to assess the candidates, as well as to confirm that feedback received from the first two interview phases is consistent with the how the candidates present themselves in the final interview. The third interview is also conducted to ensure that the candidates' strengths align with the leadership team's vision for the school.

Final decisions regarding school leadership hiring are made collectively by CSUSA's CEO, Chief of Schools, Florida Superintendent, and area Deputy Director with input from the governing board. Candidates that participate in the event but do not get hired as a principal may be invited into the pool of approved candidates or be considered for a different administrative position, such as assistant principal or dean. As the organizational demand for talented leaders arises, candidates in the pre-approved pool may be offered positions within CSUSA's network of managed schools. Care is also given to match each school leader to the school environment that best matches his/her leadership strengths or their preferred regional areas. The governing board is consulted about leadership candidates to support a positive working relationship between the principal and the governing board. CSUSA will remove the principal if the governing board is reasonably dissatisfied with his/her performance.

C. Describe the management structure of the school. As Attachment P provide job descriptions for each administrative or leadership position that identifies key roles, responsibilities, and accountability.

SWCF will contract with CSUSA for the provision of certain management services, including personnel services. SWCF will govern PCPA and CSUSA will manage day-to-day operations of the school, including personnel management, with governing board oversight. All administrators, teachers, and staff at PCPA will be solely employed by CSUSA. The principal will report to both SWCF and CSUSA. The relationship between the governing board and CSUSA is codified with a performance-based management agreement in **Addendum EE**. The proposed management agreement outlines the duties and responsibilities of each party and the specific performance requirements of CSUSA. The governing board is responsible for overall policies regarding SWCF's governance, academic, personnel, discipline, and grievance procedures. It is the governing board's responsibility to hold CSUSA accountable for the successful operation of the school and its ability to deliver academic results.

Attachment P includes job descriptions for all leadership and administrative staff members listed in **Table 11.1** who are responsible for day-to-day management of the school. The job descriptions which outline key roles, responsibilities, and accountability for the school's leadership positions which include the Principal, Assistant Principal, Dean, School Operations Administrator (SOA), and School Enrollment and Marketing Administrator (SEMA) listed in **Table 11.1.** The job descriptions which outline key roles, responsibilities, and accountability.

D. Provide a staffing plan for each year of the charter term that includes all anticipated personnel and is aligned with the school's projected enrollment and with all other sections of the application. Provide as Attachment Q the proposed job description and qualification requirements for the school's teachers.

Attachment Q includes job descriptions for all instructional team members listed in **Table 11.2** which outline qualification requirements.

Table 11.1

Staffing Plan – Administration					
Administration Staff	Year 1	Year 2	Year 3	Year 4	Year 5
Principal	1	1	1	1	1
Assistant Principal	1	1	2	2	2
Dean		1	1	2	2
Administrative-Salaried: School Enrollment Administrator & School Operations Administrator	2	2	2	2	2
Administrative Assistant-Hourly	3	4	4	4	4
Student Services Coordinator & Counselor	1	3	3	5	5
Health Aide & Nurse	1	1	1	1	1
IT Support	1	1	1	1	1
Other Support	1	1	2	2	2
Plant Operations-Hourly	1	1	1	1	1
Before/Aftercare Director -Hourly	1	1	1	1	1
Before/Aftercare-Hourly	1	1	1	1	1
TOTAL Administrative Staff	**13**	**18**	**20**	**23**	**23**

Table 11.2

Staffing Plan- Instructional					
Instructional Staff	Year 1	Year 2	Year 3	Year 4	Year 5
Teachers (Includes Co-teachers and Electives Teachers)	35	49	62	69	74
Instructional Aides	1	1	2	2	2
ESE Coordinator and Teachers	2	3	3	4	4
Curriculum Resource Teachers (Includes reading interventionist and ELL Coordinator)	1	2	3	3	3
TOTAL Staffing	**39**	**55**	**70**	**78**	**83**

E. Explain the school's plan for recruitment, selection, and development of a highly qualified and appropriately certified instructional staff that is aligned with applicable federal laws and state requirements as well as the school's design.

Recruitment

All employees must be committed to the high academic benchmarks/standards that will be implemented at PCPA. Faculty must be able to work cooperatively and collaboratively with colleagues, parents, community organizations, and the business community. Quality teaching requires energetic, creative, and knowledgeable individuals who possess a desire to make education exciting and to make a difference in the educational experience of each student. If students are to reach their maximum potential, having a quality teacher working with every student is paramount. Both SWCF and CSUSA will be committed to recruiting, selecting, inducting, and retaining highly effective teachers. Hiring talented people who continue to develop skills and increase their value to students, is critical and educators will be the school's most important asset. The purpose of the employment procedures and policies is to recruit employees who will contribute to PCPA in a way that aligns with academic programming and conduct themselves in a professional manner. CSUSA provides procedural guidelines and support that enhances the likelihood of recruiting highly effective staff that fit these criteria. The comprehensive recruitment effort is focused on identifying certified teachers who come from diverse backgrounds and uses a system of intensive screening designed to hire the most qualified applicants.

PCPA will be an equal opportunity employer and will recruit quality staff throughout the year for job openings using a progressive and innovative recruiting plan. The school will value diversity and strive to maintain a work environment that welcomes individual perspectives and fosters equitable opportunities for employees to succeed. Recruitment will occur locally, state-wide, and nationally through various resources that include:

- The CSUSA website.
- The school's website.
- Online job posting boards and resume database searches such as Indeed, Career Builder, LinkedIn, ZipRecruiter, Handshake, K-12 Jobspot, Career Arc, and ADP applicant tracking systems.
- Social media recruitment platforms such as LinkedIn, X, Facebook, Instagram, and Handshake.
- Job fairs at the national, state, and local level, including the Great Florida Teach-in and hiring fairs.
- Ads in local papers and newspapers, as well as in other areas nationwide that have a surplus of teacher applicants compared to the number of available jobs locally.
- College recruiting (colleges and universities, both locally and nationally, are identified to attract and hire newly graduated teachers).
- Minority organizations (work in conjunction with minority referring organizations to help ensure that the work force is reflective of the diverse community served).
- The Employee Referral Program (which produces a high volume of quality candidates who have a better understanding of the corporate culture and position requirements resulting in lower turnover).

CSUSA will manage job advertising, conduct applicant screening, and refer qualified applicants to the school leadership team to ensure that the school's staffing needs are met. Implementing a consistent process of screening, interviewing, and selecting employees is essential to the school's ability to continuously recruit qualified staff. A consistent process also ensures that candidates have been provided an equal and fair opportunity to demonstrate and/or articulate their skills and abilities.

Selection and Retention of Highly Qualified Staff

Research-based data on interviewing and the qualities of effective teachers guide the teacher selection process, which is informed by factors identified in applied psychology, such as interview structure and the phrasing of question prompts. PCPA will employ a systematic approach to screen applicants that ensures final candidates meet the qualifications for the position. Screeners ask questions of applicants that focus on their abilities, skills, and experiences in an initial screening interview. As the applicant pool is narrowed, successful candidates will advance toward a more in-depth interview with the principal and/or interview team.

The utilization of research-based interview protocols support interviewers in distinguishing promising teachers from those with less potential to be effective. The interview process for hiring instructional staff uses a panel or team interview approach assembled by the principal. During the first phase, candidates will be interviewed by the school's lead teachers. In Year 1, these interviews will be led by teachers from schools in the same area. Final candidates progress to an interview with school leadership. Questions are consistent throughout each phase and align with the six Teacher Quality Indexes identified below in **Table 11.3**. Interviewers will ask a set of questions from a pre-constructed question bank and will vary their selections depending on candidates' varying levels of experience. These questions typically guide interviewers to ask teacher applicants about their past performance and experience using an anchored rubric to evaluate responses. According to research, six quality indexes of teacher effectiveness ultimately influence student achievement: Pre-requisites of effective teaching, the teacher as a person (i.e., personal attributes), classroom management and organization, planning for instruction, implementing instruction (i.e., instructional delivery), and monitoring student progress and potential (i.e., student assessment and student expectations).

The quality indexes in **Table 11.3** below are explicitly linked to core qualities of effective teachers and allow interviewers to use research-informed questions that relate to core qualities for selecting the best teacher applicants.

Table 11.3

Teacher Selection Process		
Prerequisites of Effective Teaching	• Verbal ability • Content knowledge • Education coursework	• Teacher certification • Teacher experience
Teacher as a Person	• Caring • Fairness and respect • Interaction with students • Enthusiasm	• Motivation • Dedication to teaching • Reflective practice
Classroom Management and Organization	• Classroom Management • Organization • Student Discipline	
Planning for Instruction	• Importance of instruction • Time allocation	• Teacher expectation • Instructional planning
Instructional Delivery	• Instructional strategies • Content and expectations • Complexity	• Questioning • Student engagement
Assessment	• Student engagement • Homework	• Monitoring of student progress • Response to student needs and abilities

Certification Monitoring

Certification status will be continually monitored at PCPA. The school will strive to have all teachers certified or working towards certification and will make every effort to assist teachers in obtaining certification. The SOA, in conjunction with the school's administrators, will oversee and monitor teacher certifications and maintain copies of current certifications for each teacher at the school. CSUSA's human resources department will also partner with the SOA and school leadership team to ensure that certifications remain current and the human resources system, currently ADP, reflects certification status. It is the responsibility of CSUSA to ensure teachers meet the requirements prior to employment and to ensure any conditional requirements are met by the educator within the required timeline. Temporary (non-renewable) certificates and 5-year renewable requirements will be actively monitored for compliance.

To maximize the number of certified teachers at the school and assist teachers in obtaining their certification, CSUSA has implemented the New Educator Prep Program and Florida Teachers of Tomorrow programs in its network of managed schools. Representatives from the programs visit each school and conduct an analysis of teachers who have not yet received their certification. The programs each provide teachers with general guidance regarding the certification process, develop and provide study guides to prepare for certification exams, as well as assist them in studying. CSUSA covers the cost for teachers who participate in either program and in return, participating teachers agree to remain employees of CSUSA for two years. Most PD will be conducted internally by lead teachers and Curriculum Resource Teachers in the form of PLCs and coaching. Please see **Section 13** for more information regarding PD.

Section 12: Human Resources and Employment

A. Explain the relationship that will exist between the school and its employees, including whether the employees will be at-will. Discuss the school's tentative plan regarding use of employment contracts. If the school will use contracts, explain the nature and purpose of the contracts. Use and nature of employment contracts may be finalized after application approval.

SWCF will contract with CSUSA for the provision of personnel services. All administrators, teachers, and staff at PCPA will be solely employed by CSUSA. As allowed in § 1002.33(12)(i), F.S., PCPA will operate as a private employer and will reflect an employment practice that seeks to mirror the diversity of the community and student population. The school will be an equal opportunity employer and will not unlawfully discriminate in its employment practices. Employees will be considered "at-will" and as such, will not enter into any type of employment contract.

B. Provide the performance evaluation or a general outline of the performance evaluation plan, consistent with the substantive requirements included in s. 1012.34, F.S. (the Student Success Act), for administrators and instructional personnel including who will conduct the evaluations, what instrument will be used, and how the results will be used to guide performance and professional development. A final, detailed outline will be required after application approval.

PCPA's proposed performance evaluation process for both teachers and administrators, including the school leader, is outlined below. Please note that these processes, the evaluation tools used, and the assessments on which student performance is measured, are subject to change as needed.

Instructional Evaluation System (IES)

The CSUSA Instructional Evaluation System (IES) is a comprehensive, multi-component assessment of a teacher's instructional practice and professional growth, and the academic growth of their students. The purpose of the IES is to increase student learning growth by improving the quality of instructional, administrative, and supervisory services. The IES is a comprehensive, multi-component assessment of a teacher's instructional practice and professional growth, and the academic growth of their students. Instructional practice and professional growth have the largest impact on a teacher's score (55%) with student academic performance (growth) accounting for 45% of the final evaluation. Pursuant to § 1012.34, F.S., at least one-third of the evaluation is based upon instructional practice. The instructional practice and professional growth component of the IES is comprised of two tools: (1) the Teacher Feedback and Evaluation Tool (TFET) (35%); and (2) a teacher's Deliberate Practice Plan (DPP) (20%). All teacher evaluations are conducted by the school leadership team (principal and assistant principal).

The Teacher Feedback Evaluation Tool

The TFET is first organized by nine domains that incorporate strategies and behaviors observed both inside and outside of the classroom. Additionally, it supports a continuous improvement framework, which balances both traditional educational priorities and the unique challenges of charter schools. Talent development is one of nine strategic priority areas that work cohesively to drive student success. These priority areas work in tandem to ensure that the energies, abilities, and specific knowledge of all employees throughout PCPA and the organization are focused on improving the quality of services required to increase student academic performance and foster student learning.

Deliberate Practice Plan

All teachers will identify three TFET indicators to focus on and develop throughout the year. Each selected element will become a goal in the teacher's DPP. The DPP will be created, reviewed, and monitored collaboratively with the school leadership team.

Student Performance Measures

For the 2024-25 school year and beyond Student Performance will be based on student learning gains on the Florida FAST and Renaissance STAR assessments.

PCPA will base 45% of teachers' overall performance rating on data and indicators of student academic performance and learning growth assessed annually by Learning Gains on the FAST and Renaissance STAR assessments. Growth for students with disabilities and ELLs will be incorporated per the specifications of Florida statute.

For all full-time staff members in instructional roles, including "newly hired" teachers, pursuant to § 1012.34, F.S., PCPA will utilize three years of nationally normed growth data in math and ELA. Growth ratings will be assigned according to a scale of performance aligned to state accountability categories. If FAST or STAR data are not available for a teacher, the school leader will determine the most appropriate measure of student achievement or growth relative to the teacher's curriculum, instruction and student roster.

Leader Evaluation System

The Leader Evaluation System (LES) is used for all school leaders and is based on sound educational principles and contemporary research in effective educational practices. The LES contains two components: (1) the Leadership Performance Evaluation (LPE) instrument (55%) and Student Performance Measures. (45%). Evaluations of administrators are conducted by the school leader, and the school leader is evaluated by the CSUSA Florida Superintendent.

Leader Performance Evaluation (LPE)

The LPE is based on the research of Robert J. Marzano and is aligned to the Florida Leadership Principal Standards. The LPE is designed to draw from and incorporate educational leadership practices, including the 21 responsibilities of a school leader, the precepts of continuous improvement, and others developed from Marzano's 35 years of research. These educational best practices are the foundation for the 119 elements within the LPE that measure administrator proficiency on the host of skills and tasks necessary to lead a school, its faculty, and its students. The LPE's domains are organized according to CSUSA's five strategic priorities. The LPE's evaluation criteria reflect the comprehensive range of instructional leadership practices expected of a school leader and a balanced approach to quality and continuous improvement based on Robert S. Kaplan and David P. Norton's *The Balanced Scorecard* (1996).

Performance of Students

Forty-five percent of an administrator's overall performance rating is based on data and indicators of student academic performance and learning growth assessed annually by Learning Gains on the FAST and Renaissance STAR assessments. Three years of ratings are used when available, with the most recent year carrying the most weight. Growth for students with disabilities and ELLs will be incorporated per the specifications outlined in the Florida statute.

C. Provide the compensation structure or a general outline of the compensation structure for all employees, including salary ranges and employment benefits as well as any incentives or reward structures, if applicable. How will compensation and other components factor into the staff retention plan?

Initial Compensation

SWCF establishes budget criteria, incentives, and other motivating factors that attract, reward, and retain the best employees. A salary worksheet is used to calculate starting salaries in a fair and consistent manner. Based on differentiated pay requirements of the Student Success Act, each teacher's actual compensation will vary based on experience, education, area(s) of expertise, and performance incentives. When determining an employee's starting salary, several factors are considered, including, but not limited to:

- Base pay
- Years of experience
- Higher education degree such as a master's degree
- Critical shortage area: science, math, etc. (as needed)

Once the starting salary is determined, the employee receives increases depending on how well he/she performs. Increases are assessed annually based on local market analysis, cost of living adjustments, and the school's budget. PCPA will also provide additional bonus opportunities for which employees may be eligible. The average teacher pay is $62,580. Starting salary does not reflect merit increases, extra allocations, and school/individual bonuses.

Performance-based Compensation

SWCF believes that it is in the best interest of both PCPA and its employees to fairly compensate its workforce for the value of the work provided, and the school's compensation system will be structured in a way that rewards high performers based on criteria linked to student achievement. Examples of these are student academic achievement and school enrollment metrics. Performance incentives will be provided to supplement base pay and reward high-performing staff. Each year, a percentage increase is built into the budget for merit increases as funding allows. The proposed budget includes a Performance Assessment Pool line item that will be utilized for merit increases.

Research supports that employees are motivated through achievement and growth. Research has also validated that school employees believe it is very important to be eligible for pay differentiation based on performance. Moreover, studies indicate that not only does this contribute to the retention of high-quality staff, but also positively impacts student achievement. The school's leader and teacher performance evaluations comply with Florida's Student Success Act. As such, PCPA will have a performance-based compensation plan that may include, but not be limited to, the following:

- Merit increases built into the budget and awarded based on performance on formal evaluations. Merit increases awarded in conjunction with CSUSA's annual performance evaluation period in August.
- Performance bonuses for administration based on pre-determined goals.
- Participation in various state-approved trainings or programs to provide incentive bonuses for teachers based on student achievement.
- Schoolwide performance incentive goal provided to faculty and staff that achieves predetermined schoolwide goals, such as student growth measures.

Employee benefits are outlined in **Attachment R**.

D. Outline the school's procedures for hiring and dismissing school personnel, including conducting criminal background checks.

CSUSA is an equal opportunity employer and will not unlawfully discriminate in its employment practices. CSUSA's hiring policy is designed to offer an equal employment opportunity to all qualified employees and complies with all federal and state laws including Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, Fair Labor Standards Act, Equal Pay for Equal Work Act of 1963, Age Discrimination Act of 1963, Title VI and VII of the Civil Rights Act of 1964, Age Discrimination Act of 1967, Occupation and Health Act of 1970, Patsy T. Mink Equal Opportunity in Education Act, Vietnam Era and Special Disabled Veterans Readjustment Assistance of 1974, Worker's Compensation and Unemployment Compensation, and any other applicable amendments to these laws.

A comprehensive criminal history background check is conducted for each applicant. CSUSA also asks legal questions on its employment application in relation to criminal convictions, probation, pleadings, and pending disciplinary actions. If a candidate misrepresents information, CSUSA reserves the right to end the hiring process or employment relationship.

Upon selection, education credentials are verified through a process that includes checking for clearance of disciplinary actions against an applicant's education credentials. All employees are fingerprinted and have background checks conducted as required by § 1012.56, F.S. PCPA will work with the district to process fingerprinting and background checks. All support staff will also be required to be fingerprinted and have background checks conducted prior to employment. The support staff may include but not be limited to cafeteria staff, custodians, paraprofessionals, administrative assistants, substitute teachers, and other individuals approved to support the school's programs.

Processes are in place to ensure hiring is consistent with all state and federal law and that it supports the school's budget. Approval processes that outline positional requirements, human resources consistency regarding equity in pay and experience requirements, and financial accountability will be followed. If the candidate successfully completes the pre-employment requirements and meets all the desired qualifications, an offer of employment will be extended. Upon acceptance of the offer, a New-Hire Packet is presented to the new employee. The packet includes the required human resources and payroll forms, such as I-9 (to be completed within three days of employment), W-2, Employee Handbook and acknowledgement page, and information related to company benefits.

Employees will participate in a mandatory human resource orientation to familiarize new employees with key areas of the Employee Handbook included in **Attachment R**, such as the code of ethics**.** The first 90 days of employment are considered an introductory period, and during this period new teachers participate in NTI. Since all employees will be considered "at-will," employees may resign without reason and/or notice and CSUSA may terminate employment without cause and without notice.

PCPA will comply with § 1002.33(9)(k)4, F.S. by providing descriptive information about the school's personnel to the district as part of its required annual school report, including salary and benefit levels of employees, the proportion of instructional personnel who hold professional or temporary certificates, and the proportion of instructional personnel teaching in-field or out-of-field. The minimum and preferred qualifications for each instructional and student service position applicable at PCPA will also be included in the report.

E. If personnel policies have been developed, include as Attachment R. If personnel policies and procedures have not been developed provide a clear plan, including timeline, for the development and approval by governing board.

The current CSUSA Employee Handbook (current personnel policies) is included as **Attachment R**.

F. Explain how the governing board and school leadership would handle unsatisfactory leadership, teacher, or staff performance, as well as leadership or teacher turnover.

SWCF will evaluate the school's academic and financial performance through reports presented at governing board meetings. Instructional and administrative staff will be held accountable to SWCF, which will collaborate with CSUSA to address any personnel issues if staff deficiencies are identified as contributing to performance shortfalls at PCPA.

In situations of unsatisfactory performance or violations of Employee Handbook policies, PCPA will utilize an Improvement Action Form (IAF) to address concerns in a timely manner and provide the employee with an opportunity to improve on their actions. Execution of an IAF is determined by the principal or assistant principal. Throughout the performance improvement process, the employee will receive coaching from the principal or another member of administration regarding specific directives and goals for improvement. The principal will receive coaching from the CSUSA Florida Deputy Director and/or their designated support center Human Resources Business Partner. The principal will receive coaching from the CSUSA Florida Deputy Director or designated support team leadership member. The goals and directives may include but are not limited to mentoring assistance, additional PD training focused on improving identified shortfalls, and classroom/building observations with corresponding constructive feedback. The employee will have regular check-ins to monitor their progress on achieving the established directives and goals. If the employee does not make adequate progress in achieving the goals outlined in their IAF, PCPA will have the option to take further corrective disciplinary action, up to and including termination. In addition, if the unsatisfactory performance results in a more serious issue such as safety concerns or misconduct, the sequential progressive discipline process may be bypassed and escalated to unpaid administrative leave pending investigation and/or separation of employment. If the governing board feels that the school's inability to meet financial, operational, or academic performance goals is directly related to inadequate school leadership, the governing board can advocate for the termination of the principal.

In instances of teacher turnover, daily or permanent substitute teachers will be hired to compensate for the loss of staff until permanent certified teachers are hired to fill the positions. In addition, CSUSA maintains a pool of approved teacher applicants to expedite the hiring process for cases of unexpected teacher turnover. In instances of leadership turnover, all attempts will be made to hire a replacement from within the CSUSA network. If a suitable replacement cannot be found internally, CSUSA can draw from a pool of approved candidates that have completed the LAC, the process used to select school leaders. Details regarding the LAC are included in **Section 11.**

Section 13: Professional Development

A. Describe the school's professional development expectations and opportunities for administrators and instructional personnel, including the following:
    1. Identify the person or position responsible for overseeing professional development activities.
    2. Discuss the core components of professional development and how these components will support effective implementation of the educational program. Discuss the extent to which professional development will be conducted internally or externally and will be individualized or uniform. Describe how the effectiveness of professional development will be evaluated.
    3. Describe any professional development that will take place prior to school opening. What will be covered during this induction period? How will instructional personnel be prepared to deliver any unique or particularly challenging aspects of the curriculum and instructional methods?
    4. Describe the expected number of days or hours for professional development throughout the school year, and explain how the school's calendar, daily schedule, and staffing structure accommodate this plan. Include time scheduled for common planning or collaboration and how such time will typically be used.

A model of continuous growth and improvement drives SWCF. To ensure the school's administrative and instructional staff have access to the most current research-based information and practices, members of the CSUSA Florida support team will help plan and deliver ongoing PD. All administrative team members and instructional staff will receive specific training on applying Classical education to each component of the Education Model. **Addendum FF** includes a sample PLC plan.

Professional Development Oversight

The school's PD will aid in implementation of the Education Model. In compliance with educator certification requirements, PD opportunities will be aligned with Florida's Educator Accomplished Practices. PD will be considered a strategic tool for the school's continued growth, productivity, and ability to retain valuable employees. The school leadership team will map PD goals to initiatives and ensure instructional coaching cycles are purposeful and ongoing. Differentiated PD opportunities will also be developed to ensure instructional staff are successful in using data effectively, maximizing intentional features of the learning space and supplemental classical materials, and designing impactful learning experiences that align with the school's mission, vision, and Beacons of virtue.

PD for the Administrative Team—Principals, Assistant Principals, Dean, Student Services Coordinator, Counselor

The school's assigned Deputy Director will oversee the PD plan for the principal, which will begin with a systematic onboarding period. This will help build understanding of the school's mission and vision, Education Model, state accountability goals, and academic programming.

The school's principal will oversee the assistant principal's PD plan, which will include systematic onboarding as described above. PD will be facilitated by the principal, CSUSA Florida support team members, and

contracted vendors. Examples of PD activities, coaching, and training to be provided are outlined in **Table 13.1**.

PD for Instructional Staff—Teachers, Interventionists, Curriculum Resource Teachers, Special populations staff

The school's principal will oversee instructional staff PD plans with the help of the assistant principal and members of the CSUSA Florida support team as needed. PCPA will be assigned a curriculum specialist who will collaborate with the principal on PD planning, participate in the delivery of the school's initial pre-opening training, and provide targeted support for CRTs and other instructional staff as needed. Through meeting facilitation, coaching support, and training guides/materials, instructional staff members will be provided with a variety of opportunities for professional growth. Additionally, support team members will provide targeted support for instructional staff implementing ESE, RTI, and ESOL programming.

The effectiveness of instructional PD will be evaluated through multiple measures, including teacher feedback, coaching cycle reflections, and use of the TFET and DPP described in **Section 12**. Instructional staff PD may be facilitated by the school's leadership team, members of the support team, external vendors, and sponsor mandated trainings for ESE and ESOL staff, among others. Examples of the school's planned PD for instructional staff are detailed in **Table 13.2**.

Table 13.1.

Professional Development Core Components
Administrators
Principal Leadership Academy (PLA): Every summer, all CSUSA Florida-based administrators participate in the Principal Leadership Academy. During the 3-day PLA, leaders experience a combination of in-person, mobile and flexible learning models and are provided strategies to bring back to their schools that would ensure all students receive a quality educational experience for the upcoming school year.
CSUSA's National Education Institute: An annual 2-day leadership conference for CSUSA-managed schools featuring keynotes and break-out sessions intended to improve student learning and academic achievement.
Coaching: One-on-one mentorship and problem-solving support provided to school leaders.
QuEST and MSA: Outlined in **Section 5**, these practices are intended to support implementation of schoolwide initiatives, strategic plan efforts, enhancing delivery of the Education Model, and maximizing instructional resources. All three are considered part of the administrative team's PD.

Table 13.2

Professional Development Core Components
Instructional Staff
IMPACT: A PD event that kicks off the new school year. Teachers come together for initial training to set them up for success in the new school year and network with colleagues.
New Teacher Induction (NTI): NTI serves as an annual introduction to the school community and programming for new staff members prior to school opening. In year one, an extended NTI/RTO (15-days) will be facilitated by curriculum specialists from the CSUSA Florida support team which will help calibrate understanding of the Education Model. Additionally, the extended NTI/RTO will provide teachers with team planning time and opportunities to develop a sense of school community. After year one, NTI will take place over 3-5 days prior to Returning Teacher Orientation, described below.
Returning Teacher Orientation (RTO): RTO is a 5-7 day annual event that includes training on new schoolwide initiatives, safety and procedural protocols, curriculum, and other pertinent information for the new school year. RTO will also mark the first day back for teachers in the new school year. In year one, as described above, RTO will be combined with NTI.

Instructional resources for core subjects (ELA, math, science, social studies): Faculty will receive ongoing training and support in the effective delivery of the instructional resources for core subjects. Instructional Strategies: Faculty will receive ongoing professional learning and support in the effective use of Marzano's High Probability Instructional Strategies, Blended Learning in Small Group Instruction, Cross-Curricular Instruction and Learning, and Cooperative Learning,
Designated PD Days: Full-day PD will be provided in accordance with the school calendar. Content for designated PD days will be based on school need and may include rotations, small-group differentiated activities to meet teacher/grade-level instructional needs, and blended learning. Topics may include current research-based practices aligned to the Education Model, key academic and character development, classroom behavior, and supporting the health and emotional needs of students.
Professional Learning Communities: PLCs, as described in **Section 3**, constitute a key supportive element of the Education Model. Teachers will meet regularly by grade-level or subject-area teams to analyze student data, design units, and create accompanying lessons. Based on administrative walk-throughs and student academic performance, teachers will be provided with specific, differentiated development opportunities. During PLCs, teachers will reflect on instructional units and benchmarks/standards pacing and discuss potential revisions.
CRT Cadre and Bootcamp: The CSUSA Florida support team will facilitates meetings with deans and CRTs to calibrate understanding of benchmarks/standards, instruction, accountability measures, and curriculum resources, as well as develop coaching and modeling skills. Additionally, CRTs will be trained in delivery of NTI and implementation of the instructional coaching cycle prior to the start of the school year.
Data Chats: Data chats, as described in Section 3, will take place regularly to ensure effectiveness in data-driven instruction. Data chats will initially be facilitated by the principal, assistant principal, or CRT until grade level teams develop the capacity to analyze data and develop targeted action plans. Data chats will take place at multiple levels, including within the classroom between teachers and students and by grade and subject level facilitated by school leadership. Additionally, on a schoolwide level, the CSUSA Florida Superintendent and Deputy Director will lead data chats with the school's leadership team.
Differentiated PD: Teachers are provided differentiated professional development based on pedagogical needs observed, current research, instructional strategies, etc. State team support members may facilitate specific content area training based on data trends across the area or state as well.

Professional Development Days/Hours

The daily schedule will be designed to accommodate common grade and subject-level collaborative planning periods. For example, grade-level teachers will have their special periods all occurring at the same block of time. The sample daily schedules and school calendar submitted as **Attachment B** identify the days throughout the school year that are anticipated for PD.

Section 14: Student Recruitment and Enrollment

A. Describe the plan for recruiting students that will result in the school meeting its projected enrollment. Include strategies for reaching the school's targeted populations and those that might otherwise not have easy access to information on available educational options including, but not limited to, families in poverty; academically low-achieving students; students with disabilities; and English Language Learners.

PCPA will operate as a "school of choice" and will be open to all eligible students in the state of Florida. This is in compliance with the Controlled Open Enrollment statute § 1002.31(2)(a), F.S., which allows a parent from any school district in the state whose child is not subject to a current expulsion or suspension to enroll his or her child in and transport his or her child to PCPA, as long as the school has not reached capacity. SWCF recognizes the importance of marketing and recruiting specifically to parents and students of Manatee County, and an enrollment preference will be given to Manatee County students.

Although students may enroll from any district in the state, marketing to residents in Manatee County will be the primary focus. To ensure strong demand and create a "wait-list" applicant pool, marketing will be done for all relevant population groups in terms of age and geographic location. Utilizing the school's SIS, applicants will be tracked and ordered appropriately. This provides an opportunity for all students applying to be admitted while ensuring orderly management of achieving enrollment projections across all grade levels.

PCPA will develop and execute a marketing campaign specifically for the local community with four stages in mind: 1) building understanding of families and developing a school Identity, 2) generating awareness of the school, 3) recruiting through lead and applicant conversion strategies and finally, 4) building relationships and advocacy for the school to retain students and families with a mindset of service to their needs.

Building understanding of families and developing a school identity
PCPA will use the anticipated target area outlined in **Section 2** to inform understanding of the local community. Additionally, feedback from community engagement efforts will also help inform recruitment efforts. Community engagement will include information sessions and attendance at local events, such as events hosted by the chamber of commerce, municipal governments, and community-based organizations. Community input will be considered when developing supplemental programming and activities at the school.

School identity and profile and other foundational marketing assets
Once student and community research are gathered, PCPA will solidify its identity within the community in alignment with the school's focus on rigorous academics and character education. PCPA will develop marketing assets that provide an overview of the school for the community and families in the target area. This will include web and social sites (Facebook) for the school, signage, and a School Profile/Fact Sheet. The School Profile/Fact Sheet will be developed as a hard and soft (digital) document and will include:

- The school's mission to educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum. Through the Trivium - instruction in grammar, logic, rhetoric - other disciplines, scholars will be empowered to make connections in school and life and encouraged to communicate ideas confidently.
- The Education Model and related programming.
- School leadership contact information.
- Extracurricular activities and schoolwide events.

Building Awareness & Consideration for Recruitment

Integrated Marketing Strategy

An integrated marketing awareness campaign will be executed to inform the public of the school's opening, encourage enrollment, and support the registration process. The intent of the campaign will be to generate leads and will include offline and online measures. Campaign content will include information on charter schools and programmatic highlights about PCPA. Initiatives and tactics may include but will not be limited to:

- Temporary office to welcome and meet with interested families.
- Local outreach in the community.
- Three-pronged approach to digital advertising that includes display ads, paid search, and social ads.
- Local print media.
- Periodically refreshed/updated information on the school website.
- Continuous updates on the school's Facebook page and Live Facebook events, including Q&A sessions with the leader.
- Distribution of PCPA brochures and flyers highlighting offered programs.
- Signage, such as billboards, displayed in high-traffic areas, and/or main highway exits, and other dense thoroughfares throughout the community.
- In-person and virtual information sessions.
- Local television public service announcements.
- Announcements in area businesses' human resources newsletters.
- Direct mailings and targeted cable television advertisements to the community.
- Partnerships with new construction/development firms and real estate offices to promote the school.
- Building relationships with day care centers.

Nurturing and Supporting Interested Families

Marketing and enrollment efforts will be ongoing with the objective of achieving full enrollment. As contact information from interested families and applications are received, the marketing strategy will shift to helping families feel confident in their choice and guiding them through the enrollment process. Efforts will include:

- Mailing interested families a postcard with additional PCPA information and reminders.
- Providing interested families that have visited the school site or provided contact information with additional messages about the school.
- Conducting follow up phone call and email campaigns at every stage from submission of the enrollment application through school opening.
- Continued distribution of PCPA brochures and flyers.
- Ongoing virtual and in-person presentations/information sessions to neighborhood clubs, libraries, and other local organizations.
- Display signs and flyers throughout the immediate and surrounding communities.
- Open houses and information sessions at PCPA or the temporary office.
- Participation in local events and maintaining an active presence in key community locations such as retail hotspots, restaurant blocks, and market squares.
- Appropriate sponsorships of community activities.
- Internal company email advertisements through local businesses.

Marketing strategies for "hard-to-reach" populations may include but will not be limited to:

- Digital advertising and radio in Spanish.

- Facilitating information sessions in a variety of locations and languages throughout the community.
- Application and registration forms in multiple languages.
- Advertising that the school may provide uniforms free of charge to families who qualify.
- Production of marketing materials and school applications in languages other than English, as needed to accommodate the needs of the community.
- Availability of bilingual staff to answer questions.
- Posting information in and developing partnerships with local public entities such as libraries, grocery stores, the local YMCA, and other youth clubs within the community.
- Advertising in magazines and newspapers, including free community publications.
- Distribution of information to local businesses' human resources department.

The school's administrative team will make every effort to allow those with limited technology or internet access to submit applications at the school. If families cannot travel to PCPA, they will have the option to call the school or temporary office and allow a staff member to complete an application on their behalf. In addition, students with disabilities and students served in ESOL programs will have an equal opportunity of being selected for enrollment in PCPA per § 1002.33(10)(f), F.S. The school's enrollment application will not request information regarding disability status or academic performance. Furthermore, the school's marketing materials will reflect that it is a tuition-free public charter school and that it serves students with exceptionalities, disabilities, and limited English proficiency.

B. Explain how the school will achieve a racial/ethnic balance reflective of the community it serves or within the racial/ethnic range of other local public schools in accordance with section 1002.33(7)(a)8., F.S.

PCPA will be an open enrollment school of choice and will welcome all students who apply. The school will be committed to enrolling a diverse student population and will abide by the provisions in the Florida Educational Equity Act, § 1000.05(2)(a), F.S., and Florida Statutes that forbid discrimination based on race, nationality, ethnic origin, religion, marital status, sexual orientation, disability, or gender. The lottery process, if necessary, will be completely random and nondiscriminatory.

In compliance with § 1002.33(7))(a)8, F.S., the school will endeavor to achieve racial/ethnic balance through a comprehensive marketing plan. In order for PCPA to achieve a racial/ethnic balance reflective of the community it will serve or within the racial/ethnic range of other public schools in the district, efforts will focus on recruiting students within a 5-mile radius of the school. This will include marketing to underrepresented populations with traditional and digital media both online and in hard-copy form. PCPA will also employ bilingual staff to communicate with parents and families as necessary in addition to the methods described above regarding marketing to "hard-to-reach" populations. However, the student population may include children that are from outside the local community due to the school's compliance with § 1002.31(2)(a), F.S., which states that students are eligible to attend any public school in the state of Florida subject to maximum class size requirements, capacity, and other specified provisions.

C. Describe the school's proposed enrollment policies and procedures, including an explanation of the enrollment timeline, any preferences for enrollment and lottery process. Provide proposed enrollment application as Attachment S.

PCPA will admit students of any race, nationality, ethnic origin, religion, marital status, sexual orientation, disability, or gender. Pursuant to § 1002.33(10)(b), F.S., The school will enroll an eligible student who submits a timely application unless the number of applications exceed the capacity of a program, class, grade level, or building. In such cases, all applicants who submit an application by the enrollment deadline will have an equal chance of being admitted through a random selection process. Enrollment also follows § 1002.33(7)(a)8, F.S., which includes enrolling students according to racial/ethnic balance provisions.

In accordance with § 1002.33(10)(d), F.S., PCPA will give enrollment preference to the following populations:

- Students who are siblings of a student enrolled in the school. If siblings apply together and one sibling receives an offer; the other sibling will be given preference on the waiting list. Siblings are defined as individuals who share both guardianship and residency.
- Students who reside in Manatee County.
- Students who are the children of a governing board member of PCPA or students who are the children of a CSUSA employee.
- Students who are the children of an active-duty member of any branch of the US Armed Forces.

All preference categories will be published prior to conducting the lottery, and applicants who are entitled to receive a placement preference will be identified prior to the lottery. Preferences granted are subject to review and verification, and PCPA may rescind acceptance offers if the preference status cannot be verified or validated. Siblings who are applying for the first time receive preference only after one of the siblings has been selected in the lottery and offered their seat.

Student applications will be made available online through the SIS which will be accessible on the school's website. The SIS will accept student applications and PCPA will monitor the number of applications submitted for each grade level. The SIS will manage all aspects of the enrollment process, including online applications, application verification, sibling applicant record linking, admission preference management, computerized lottery options, wait-list management, data exports, and statistical reporting. Parents with limited technology or internet access will be given the opportunity to use the resources available at the school to submit an application, as stated previously.

Upon submission of an application, sibling linking (if applicable), and preferences will be verified. At each phase of the admission process, the appropriate correspondence will be generated and communicated to each applicant via either email, phone, or mail if necessary. The data will be monitored, and reports will be created to determine the need for a lottery, waitlists, and letters of acceptance. If at the end of the open enrollment period there is an over subscription for any grade level, a lottery will be conducted. In compliance with § 1002.33(10)(b), F.S., the number of seats available will be determined by the capacity minus the number of students who recommit. The lottery is system generated and will be conducted for all grades in which the number of applicants exceeds the number of available seats.

Once all open seats have been randomly filled, the remaining applicants will be placed on a waitlist in order of the lottery results and in accordance with assigned preferences. All offers of enrollment will be made in the order of the lottery results and the established waitlist. No offer will be made to a student not properly entitled to the next available seat. Applicants who apply after the enrollment deadline will be placed on the waitlist in order of preference and submission date. Parents will be notified in writing of their child's acceptance once a seat becomes available and will be provided with a specific timeline in which to respond with their decision. If an offered applicant decides not to attend PCPA, the slot will be given to the first

applicant on the waiting list. All accepted applicants will be provided with the registration requirements, including all documentation required by the district for review and verification, and we will actively monitor updates to these requirements and adjust as necessary to ensure compliance. The registration requirements for Manatee County students currently published on the district website are listed below:

- Parent/Legal Guardian Photo Identification
- Proof of residency
- Physical Examination
- Proof of immunization
- Original birth certificate
- Social security card (if available)
- Proof of guardianship (if applicable)
- Academic records (for students previously enrolled in another school)
- Copy of IEP (if the child is in an Exceptional Student Education Program)

If an applicant is not included in the lottery but should have been, they may be offered an enrollment seat. If an applicant is offered a seat in the lottery and provided incorrect information that led to a selection, the applicant's offer will be rescinded, and the applicant will be placed back on the waitlist according to the lottery number. Applications will be accepted on an ongoing basis and maintained on a waiting list. Communications to applicants will be generated as appropriate. The tentative enrollment schedule shown below in **Table 14.1** will be used for registering and admitting students and includes a plan for the admission lottery, if necessary. A sample application can be found in **Attachment S.**

Table 14.1

Enrollment Schedule	
Open Enrollment	January – February
Application Verification	January
Notification of Lottery	January
Lottery	February
Student enrollment/Waitlist Notice Sent	February
Registration	February– ongoing

Section 15: Parent and Community Involvement

A. Briefly explain the general plan to engage parents in the life of the school (in addition to any proposed governance roles described in previous sections of this application, if applicable) as well as plans for regular communication with parents about school matters. This *could* include building family-school partnerships to strengthen support for learning, volunteer opportunities, or activities the school will seek from, or offer to parents. This *must* include the governing board's appointment of a representative to facilitate parental involvement, provide access to information, assist parents and others with questions and concerns, and resolve disputes, s. 1002.33(7)(d)1., F.S.

To further the school's mission to educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum, active parental participation will be essential. Providing families with meaningful opportunities to participate in their student's school life will play an important role in the delivery of the educational plan and attainment of school goals.

Parental will be fostered by:

- Attendance and participation in governing board and PTC meetings.
- Participation in school-wide initiatives and events to support classical integration and foster stakeholder relationships
- Parent/teacher conferences held to provide a forum for open discussion and to build parent/teacher understanding and support.
- Semi-annual surveys distributed to parents to receive input for school improvement and satisfaction.
- A parental obligation between PCPA, the parent, and student.

The FLDOE Memorandum Opinion Number 03-05 approves the use of parent volunteer contracts that are "consistent with the school's mission and purpose." As such, parents will be asked to volunteer a minimum of 20 hours per school year. When two or more children from the same family are enrolled, parents will be asked to volunteer a total of 30 hours per school year. The principal or other designee verifies the completion of the hours and credit is applied to the family's account. At the time of recommitment (usually January) for the following school year, parents will be sent a letter notifying them of their progress toward completion of their requested volunteer hours. Parents will be provided with numerous volunteer opportunities which can be completed at school or at home, thereby alleviating any possible hardship that may be created for parents that may not be able to complete volunteer hours at PCPA.

Parental involvement is a combination of commitment and active participation on the part of the parent to the school and to the student. PTCs will be established to provide an opportunity for parent and community input that can be used in the development of new school programs. PTCs will be organized each school year and will participate in and provide input for fundraising, volunteering, and operations. The PTC will be comprised of parents of enrolled students, administrators, and teachers. The PTC will be considered instrumental in planning and kicking off schoolwide events.

The SIS will support continual and meaningful parental involvement in each student's education. Progress reports and report cards will be distributed every quarter, and parents will be encouraged to schedule conferences to discuss student academic performance and progress toward mastery of grade-level

benchmarks/standards. PCPA will offer Curriculum Nights for parents to attend and learn about various educational topics, such as state assessment information or home-reading strategies. Parent involvement in a child's education is crucial for his or her success, so PCPA will make every effort to keep parents engaged and informed. Parents will be notified via routine postings regarding the time and place of governing board meetings and will be invited to attend and participate. The principal and CSUSA will be represented at the governing board meetings to discuss all issues pertaining to the management of PCPA. Issues to be discussed will include finance, student achievement, interim benchmark results, institutional focus, personnel matters, facility issues, and/or ancillary services issues.

PCPA will appoint a parent representative to facilitate parental involvement, provide access to information, assist parents and others with questions and concerns, and help resolve disputes. The parent representative will reside in Manatee County and their contact information will be provided to parents in addition to being posted on the school's website. SWCF will hold at least two meetings per school year in Manatee County with the parent representative present and may hold additional meetings at its discretion.

B. Discuss any established community resources that will be available to students and parents, if applicable. Describe any partnerships the school will have with community organizations, businesses, or other educational institutions. Specify the nature, purposes, terms, and scope of services of any such partnerships including any fee-based or in-kind commitments from community organizations or individuals that will enrich student learning.

Upon approval of this charter application, PCPA will work to develop community partnerships that are in the best interest of the school's programming, its students, and the local community. These community partnerships will enhance the integration of public entities that are charged with the welfare of children and increase the quality of services provided at PCPA. Examples of the type of partnerships expected to be developed include local colleges and universities, local businesses, law enforcement agencies and other public safety entities, health and human services agencies, and non-profit organizations with child focused missions.

C. Provide, as Attachment T, any existing evidence of demand for the school or support from intended community partners, if available (e.g. letters of intent/commitment, memoranda of understanding, or contracts).

Please see **Attachment T** for supporting demand analysis documentation.

D. Describe the process of appointing a representative to facilitate parental involvement, provide parents access to information, and resolve parental disputes. Include a description of how the dispute resolution procedures are designed to resolve and protect the rights of parents as enumerated in ss. 1001.42(8)(c)1.-6., 1002.20 and 1014.04, F.S.

Please see response to **Section 10, Question L**.

III. BUSINESS PLAN

Section 16: Facilities

If the site is acquired:

A. Describe the proposed facility, including location, size, and layout of space.
B. Describe the actions that will be taken to ensure the facility is in compliance with applicable laws, regulations, and policies and is ready for the school's opening.
C. Describe how the facility aligns with the proposed educational program and other requirements such as mandated class sizes.
D. Document the anticipated costs for the facility, including renovation, rent, utilities, and maintenance. Identify, if applicable, any funding sources (other than state and local funding) that will be applied to facilities-related costs and include evidence of such (e.g. letter, MOU) as Attachment U. If renting an existing facility, provide draft lease agreement as Attachment V.
E. Describe the back-up facilities plan. What is the alternate plan for facilities if the proposed facility is not available or is determined to be inappropriate for the school's opening?

If the site is not yet acquired:

F. Explain the school's facility needs, including desired location, size, and layout of space.

A potential site for SCHOOL has been identified in the vicinity of Parrish within Manatee County. However, at this time several sites are being evaluated, and the actual location of the school may change. The site plan will make every effort to accommodate existing neighborhoods and be considerate of local municipal and county planning efforts. The intended campus layout will accommodate a logical separation of grade levels across grades K–12. The facility will meet all applicable commercial and life safety codes and will comply with the Florida Building Code pursuant to chapter 553.

The plan is for a newly constructed building, built in two phases, that meets the needs of the school's educational plan, promotes a learner-centered culture, and facilitates innovative use of technology. The two-story building is planned to be a total of 97,400 square feet (sf) in size. Phases of construction are planned to align with the enrollment ramp provided in **Section 2**.

Phase one: The first phase will house 710 students in grades K–7

- First floor: Grades K–2 standard classrooms, and Innovations Lab (24,450 sf)
- Second floor: Grades 3–6 standard classrooms, a music room, art room, and science lab (23,650 sf) *includes 25 students in grade 7 in year 1 only

Phase two:

- First floor: Grades 7–8 standard classrooms, science lab, and music room (28,300 sf)
- Second floor: Grades 9–12 standard classrooms, art room, innovation lab, and locker rooms (21,000 sf)

The facility design will also include:

- A large multipurpose room that will function as a cafeteria and area for assemblies and other school gatherings. This space will include multiple forms of seating and will function as a large learning space when not being utilized as a cafeteria.

- Warming kitchen and pantry
- Storage spaces for grade levels, art, and science/innovation labs
- Restrooms on each level
- Gymnasium (9,900 sf)
- Clinic
- Teacher workrooms
- General office space
- Conference rooms
- Designated pick-up and drop off zones
- Parking lot for staff, students, and guests

G. Provide an estimate of the costs of the anticipated facility needs and describe how such estimates have been derived. Identify, if applicable, any funding sources (other than state and local funding) that will be applied to facilities-related costs and include evidence of such (e.g. letter, MOU) as Attachment U.

CSUSA has extensive experience acquiring and developing properties to operate charter schools and has been actively engaged in developing the cost model for PCPA. Estimates have been derived based on:

- Industry experience
- Historical projects
- Detailed spreadsheets/models defining cost factors
- Actual cost data, as applicable
- Cost estimates from proposed contractors, as applicable

Using the tools described above, the cost of this facility is estimated to be about $13–15 million, which includes the cost of due diligence and legal fees, land purchase, architectural and design fees, engineering, site work, and construction expenditures. Please note that these costs are subject to change during the actual facility development process.

Pending approval of this charter application, the school's proposed facility will be built using one of the following sources of financing: 1) Developer financing that has been bank approved based upon the developer's financial capability, anticipated full time equivalent (FTE) funding, and the success of the governing board's other charter schools. This is a traditional financing and development structure that has been used across the state of Florida and has been reviewed and vetted by several legal teams as well as by the attorneys for the developer/builder, and in their professional opinion, meets all applicable law; 2) Third-party private real estate investor financing; or 3) Tax-exempt bond financing.

H. Explain the strategy and schedule that will be employed to secure an adequate facility.

Pending approval of this charter application, the school's facility will begin development. It is anticipated that the facility will be owned and constructed by a private developer, who will then lease the facility to SWCF. PCPA will make rent payments for the facility. The facility lease will be developed and executed as a component of the school's development project plan. Prior to school opening, the district will be provided with documentation of the facility lease and certification that the building satisfies all requirements for fire, safety, health, and accessibility for the disabled as per § 1002.33(8), F.S. In addition, the facility will meet the requirements of the Florida Fire Prevention Code, pursuant to § 633.208, F.S. as adopted by the authority with jurisdiction. The facility will meet all applicable federal, state, and local building codes, including the Americans with Disabilities Accessibility Guidelines, for new building construction.

The facility project will be managed by CSUSA. CSUSA has opened charter schools ranging in size from 39,000 – 155,000 +/- square feet and is a leader in the design and development of charter schools in the state of Florida. CSUSA has developed schools in a variety of settings, including urban, suburban, rural, and commercial centers. CSUSA will assist SWCF in planning a superior learning environment through its extensive network of architectural firms experienced in designing schools that provide a safe learning environment and operate efficiently and effectively. The design process is accomplished by a team of experts, both in-house and contracted, whose disciplines include education, licensed general contracting, and project management.

Section 22 provides a schedule of the key milestones for the development of PCPA. Detailed project plans will be developed for each phase of the project. All construction and renovation projects undertaken prior to the opening of the school or during the term of the charter will be carried out by experienced and appropriately licensed and insured construction professionals who perform all work in accordance with the construction specifications, drawings, and other documents as directed by the design professional.

I. Describe the back-up facilities plan.

If development at the primary location becomes unavailable, then another site in the target area will be identified or an existing building available for conversion will be located.

Once construction begins on a site, it will be the long-term facility solution. In the rare event that issuance of the Certificate of Occupancy is not delivered in a timely fashion, SWCF will direct CSUSA to locate short-term alternative facilities options. Any such alternate facility shall be suitable for the school's use until the school is able to open. The temporary facility would fully meet the programmatic and educational needs of students and staff. In the unfortunate event that an adequate school facility or alternative short-term facility cannot be secured, SWCF will request that the approved application be deferred opening for up to three years to provide time for the facility plan to be carried out, fully ensuring safety and compliance in all areas.

Section 17: Transportation Service

Describe the school's plan for transportation to ensure that transportation is not a barrier to equal access for all students residing within a reasonable distance of the school, s. 1002.33(20)(c) F.S.

PCPA may provide transportation through an agreement or contract with a private provider or parents. If necessary, PCPA will contract with a licensed vendor to provide transportation. This agreement or contract will include qualified bus operators, personnel for bus monitoring, fuel, maintenance of the vehicles, and all required training/compliance.

The vendor will furnish proof that it meets or exceeds all applicable rules and regulations governing student transportation. This includes but is not limited to having buses in relatively new condition (typically less than 10 years old), vehicles equipped with GPS and video monitoring, and completion of all required training for bus operators.

If transportation is offered, PCPA agrees to provide transportation to students consistent with the requirements of § 1006.23, F.S. PCPA may provide transportation outside of the reasonable distance for students with disabilities as required by the student's IEP. PCPA will also provide transportation pursuant to the McKinney-Vento Homeless Assistance Act (42 U.S.C. Section 11431, et. seq.) for children and youth experiencing homelessness.

To start one bus has been included in the budget for transportation in Year 1 at a rate of $112,363. If necessary, the school will budget for additional buses to meet the needs of the enrolled student population.

Section 18: Food Service

Describe the school's plan for food services, including any plans for contracting services or plans to participate in the National School Lunch Program. Explain how the school's food service plan will ensure healthy, well-rounded meals for students.

PCPA will comply with the Healthy Hunger-Free Kids Act, which requires school cafeterias to meet federal nutrition standards for school lunches and breakfasts. The school's first preference is to partner with the school district and fall under their National School Lunch Program (NSLP) umbrella as an additional site. If that is not a possibility, then PCPA will pursue a contract for a Food Service Management Company through a formal procurement process. The Request for Proposal will require the selected vendor(s) to provide a quality meal program that includes all the required components of a fully reimbursable meal as per published guidelines. The price per meal quoted during the procurement process shall include the cost of the entrees, side dishes, fresh fruits, vegetables, fresh bread, condiments, plastic wear, trays, and liners. In addition to providing these items, the chosen vendor shall include in their quoted price per meal the cost of food service staffing, all necessary kitchen equipment (ovens, refrigeration, freezers, milk coolers, etc.), equipment maintenance, commodity utilization, food service training, marketing and promotions, delivery of all items to the school, menu planning, and nutritional analysis.

An amount of $255,203 for contracted food service has been allocated in the budget included as **Attachment X**. If the district does not provide meal service to the school thereby falling under the umbrella of the District's NSLP umbrella, then the governing board will appoint a person, usually the NSLP director, to be responsible for completing all necessary NSLP paperwork and/or applications on behalf of PCPA in advance of the school year. If the school's application for participation in this program is not accepted, then the operating budget will be amended to reflect the reduction in revenues associated with reimbursement from the NSLP.

The facility plan will include a multipurpose room, which will mainly be used as a spacious cafeteria and will include multiple serving lines. The serving lines will be set up with the point of service station at the end to ensure that the cafeteria personnel can verify that the students are receiving all the required components that make up a reimbursable meal. PCPA will utilize a computerized point of sale system that will track meals and provide a reporting function for accountability and NSLP claiming. We will distribute applications for FRL eligibility to parents, and FRL status will be determined by federal guidelines. All students will be assigned an account number at the beginning of the school year and can add funds to their account either at school or online.

Regardless of account balance, no child will ever be denied a meal. The school will ensure that all students receive meals each day, including students who receive either free or reduced-price meals. If a child does not have the funds to purchase a meal, he/she is given a meal which consists of that day's entree, a fruit, and milk. At the end of each month, the cafeteria staff will be responsible for sending the monthly historical edit check report to the NSLP director, which will be used in the submission of the NSLP reimbursement claim.

Section 19: School Safety and Security

Outline the plan for school safety and security for students, staff, the facility, and property, especially as it relates to the applicable provisions in the Marjory Stoneman Douglas High School Public Safety Act.
Specifically:

A. Describe what steps the school would take to assure there is a safe-school officer present while school is in session, pursuant to section 1006.12, F.S.

To comply with § 1006.12, F.S., PCPA will attempt to partner with the County Sheriff's Office and/or the local police department to arrange for a School Resource Officer (SRO) to be on campus during designated school hours. If the County Sheriff's Office and/or local police is unable to provide an SRO, PCPA may partner with Integrity, a security program that assists schools in staffing a Safe Schools Officer (SSO). The SSO will be a sworn officer of a state-designated law enforcement agency, such as the Florida Highway Patrol. If the school is unable to provide an SRO or SSO, then PCPA would utilize the Guardian Program to staff a properly trained Guardian or School Security Guard (SSG) through a company such as Dynamic Security Integrated. CSUSA presently contracts with Dynamic Security Integrated for SSG/Guardian primary and/or backfill coverage at several districts throughout the state. The SSO will:

1. Review policies and procedures for compliance with state rules and laws.
2. Provide the necessary training and resources to students and school staff in matters relating to youth mental health awareness and assistance; emergency procedures, including active shooter training; and school safety and security.
3. Serve as a liaison with local public safety agencies and national, state, and community agencies and organizations in matters of school safety and security.
4. Serve on the school's School Based Threat Management Team (SBTMT) if so requested and applicable after proper training and certification.
5. Provide a school security risk assessment/campus tour using the Florida Safe Schools Assessment Tool (FSSAT). Based on the assessment findings, the SSO will recommend strategies and activities to address the findings and improve school safety and security. Annually, SWCF will review the SSO's findings and recommendations at a publicly noticed governing board meeting. The SSO will report the findings and governing board action to the Office of Safe Schools within 30 days after the governing board meeting.
6. Coordinate with the appropriate public safety agencies, as defined in § 365.171, F.S., that are designated as first responders to a school's campus. This process will allow members of the agencies to conduct a tour of the campus once every three years and provide recommendations related to improving school safety. The SSO's recommendations by the public safety agencies must be considered as part of the recommendations.

In the event an SRO is unavailable for contract, the governing board may contract with a security agency as defined in § 493.6101(18), F.S. to employ as a school security guard an individual who holds a Class "D" and Class "G" license pursuant to chapter 493. SWCF will ensure compliance with §1006.12(4), F.S. requirements that SSGs be certified through the ARGUS training provided by a qualified Sheriff's Office in the school district.

PCPA will establish an Emergency Management Plan (EMP) which will detail procedures to be followed if an incident occurs at PCPA, or if an incident occurs outside the school that could impact school safety and

security. The protocols outlined will be used to respond to natural and human-caused hazards, threats, and emergencies. The EMP will be reviewed annually by PCPA and distributed to all the school staff. Annually, the facilities manager (or designee) will provide copies of site plans/ floor plans and maps to jurisdictional law enforcement agencies and fire departments pursuant to §1013.13, F.S. and the FSSAT. The SSO will ensure a campus tour is provided.

PCPA will annually review policies and procedures within the EMP and acknowledge responsibility for each based upon nationally recognized best practices.

Through CSUSA's partnership with CLPS Consultancy Group (CLPS), a security, protection, and emergency management consulting company, the school will be provided with access to the TAP App Emergency Communication Solution. The TAP App, which is Alyssa's Law compliant, is a multiplatform hazard and threat management crisis communication system. The app works across multiple platforms, including iOS, Android, and Windows. TAP App serves two main functions related to school safety:

1. TAP App Security: Designed to assist schools in responding to, mitigating, and managing emergency situations. This includes both natural and human-caused incidents. TAP App Security will be customized for PCPA and allow staff the ability to communicate in real-time during emergencies.
2. TAP App Student: Designed to provide students with an up-to-date means for reporting behavior that is deemed suspicious and/or threatening. This anonymous student reporting function will provide students with a voice, so PCPA can prevent tragedies and provide early intervention services to students in need.
3. TAP App operates through AT&T-Mutualink, one of the ten pre-approved state vendors selected pursuant to Alyssa's Law.

Pursuant to §1006.07(4), F.S. all Florida public schools, including charters, must implement a mobile panic alert system capable of connecting diverse emergency services technologies to ensure real-time coordination between multiple first responder agencies. This system, known as "Alyssa's Alert," must integrate with local public safety answering point infrastructure to transmit 911 calls and mobile activations. TAP App, which is utilized by all CSUSA-managed charter schools, uses AT&T-Mutualink as its preferred vendor. Separately, TAP App can be installed separately to any Real Time Crime Center (RTCC) and/or 911 dispatch center, and has been so installed in several sheriff's offices and/or local police dispatch as an added layer of security redundancy.

PCPA employees will be required to participate in the TAP App Security program and will be required to watch the TAP App Security training video by August 30th of each year to familiarize themselves with the app and its features. Newly hired staff will be required to watch the training video within 15 days of hire. Additional on-site refresher courses will be offered by CLPS annually at various locations throughout the state. Any school employee can initiate a lockdown through the TAP App system if there is an imminent threat, such as an active shooter/assailant or armed threat. School employees will be permitted to possess their mobile phones during the school day to be used during emergency situations. TAP App is also installed on classroom desktops throughout the school. Access to TAP App Student can be offered to students in 5th grade and above. PCPA administrators will determine the appropriateness for students accessing the anonymous reporting app on a student-by-student basis. As school administrators manage the program as administrator users, student devices with the app installed will be monitored for accountability and misuse.

Agreements are also being coordinated with various state law enforcement agencies to have Tap App installed at police dispatch and/or Real Time Crime Centers so as to immediately notify local law enforcement in the event of a lockdown.

B. Explain how the school will adopt an active assailant response plan and provide annual training on the plan, as required by section 1006.07(6), F.S.

The governing board has worked with CSUSA to ensure there are practical guidelines in place in all schools within the SWCF portfolio to protect students, staff, and visitors in the event of an active assailant/shooter on school grounds or in the school building. To minimize the negative impacts from such an event, SWCF has developed Standardized Operating Procedures (SOP) for an active assailant/shooter incident that are implemented in all its schools. To properly prepare schools for a possible active assailant/shooter incident, school staff and students are provided with response options applicable to age and/or disability levels that can be applied based on circumstances that exist at the time of an incident.

In accordance with the FLDOE memo dated August 1, 2019, all CSUSA-managed schools have adopted an Active Shooter Response Plan. CLPS has created the plan in accordance with best practices incorporated within the MSD Commission Report, Department of Homeland Security (DHS), Federal Bureau of Investigation (FBI) and other recognized law enforcement agencies. The Active Shooter Response Plan has been incorporated within every school's EMP as required by SB 7026 Public Safety Act. The plan also includes steps to better prepare faculty and staff for how to implement strategies that account for elementary students. The steps are presented, trained, and implemented in ways that are not fear-based but are developed to provide a better understanding of what needs to be done by students if they encounter such a situation. Said training also includes specific measures for response during evacuation and reunification, the latter includes a specific reunification plan within a school's Emergency Management Plan that is uploaded to the state Haystack portal and distributed to local law enforcement as requested.

For younger students, the National Center for Youth Issues, together with U.S. Department of Education and DHS, recommend guidelines that reflect universal standards yet recognize local conditions. These are not "one size fits all," but have objective applicability. As such, the Active Shooter Response Plan includes age-appropriate actions commensurate with school aged students. Prior to the start of each school year, all PCPA staff and faculty are required to complete several training modules that have been accredited and approved by CLPS. Among these is the Active Shooter Training module that incorporates best practices and is online. The Active Shooter Response Plan and training module includes the following measures:

Preparedness

Preparedness activities take place before an emergency occurs, including planning, training, drilling, and evaluating in an effort to prepare the school for an emergency, such as an active assailant/shooter.

- Control access points into buildings (i.e., CCTV, remote buzz-in, visitor screening).
- Classroom doors remain locked during the school day when classes are in session.
- Develop clear, concise, and easy-to-follow emergency procedures.
- Enhance safety by identifying (and marking) hard corners inside classrooms.
- Assure the school has multiple and reliable ways to communicate during emergencies.
- Practice active assailant/shooter procedures by performing drills and training.
- Coordinate drills and training with local police and emergency responders.

Recommended Procedures
If an administrator, teacher, or staff member becomes aware of an active assailant/shooter, they should take immediate steps to safeguard themselves. Once at a safe location, they should initiate a Code Red using all available means of communication. The TAP App system should be activated as soon as possible. School staff should look for the most viable way to create time, distance, and shielding between themselves (including nearby students) and the threat.

The school's EMP will have pre-designated evacuation staging areas (on and off campus) where students and staff can go during an active assailant/shooter incident. If at a location where escaping is not a safe option, other protocols will be followed.

Procedures Once Law Enforcement Arrives
During an active assailant/shooter incident, police resources will be dispatched to the school. Responding officers rapidly enter buildings and search for the threat, with the primary mission of neutralizing the active assailant(s).

Age-Appropriate Responses
These procedures will be presented, trained, and implemented in ways that are not fear-based, but rather developed to provide a better understanding of what needs to be done by staff and students if the school experiences an active assailant/shooter incident.

Evacuation & Reunification
In the event of an Active Shooter incident, PCPA will follow evacuation and reunification procedures created within the Emergency Management Plan. The school will have a clearly defined and detailed Reunification Plan operating within nationally recognized standards of the Standard Reunification Method (SRM) and I Luv U Guys Foundation and U.S. Department of Homeland Security. PCPA will also ensure adoption of policies and procedures of the Florida Department of Education's Model Reunification Plan released in August 2023 and created with CLPS consultation on DOE's Reunification Working Group. Copies of the school's Reunification Plan will be distributed to law enforcement and first responders and uploaded to the Assets Section of the FSSAT.

C. Explain how the school will establish a threat management team as required by section 1006.07(7), F.S.

CLPS will also provide online resources to train staff in responding to a wide variety of threats which will allow establishment of a threat assessment team as required in § 1006.07(7), F.S. The 2019 Senate Bill 7030 requires the FLDOE's Office of Safe Schools to "...develop a standardized, statewide behavioral threat assessment instrument for use by all public schools, including charter schools, which addresses early identification, evaluation, early intervention, and student support." The required behavioral threat assessment instrument is the Harm Prevention and Threat Management Model (HPTM or The Florida Model) . Faculty members and administrators at PCPA will be provided comprehensive training by CLPS which includes state certified instructors on HPTM and on how to conduct a threat assessment, associated interviews and coordinate with law enforcement as required by statute. The threat assessment training and software have been demonstrated to the FLDOE Office of Safe Schools, ensuring the statutory guidelines are met.

Members of the threat assessment team will be required to complete the digital threat assessment team training course by August 30th of each year. This training is in addition to the in-person training required by

the Florida Model and acts as an annual refresher for members of the School Based Threat Management team (SBTMT). Newly hired employees assigned to the team are required to complete the digital threat assessment team training course within 15 days of being hired. PCPA Chair or Vice-Chair will manage the threat assessment team and all policies and procedures related to threat assessment, which includes ensuring that members of the team complete the required training and annual DOE refresher training in accordance with established policies and procedures. In order to allow the threat assessment team to operate as efficiently as possible, the Threat Assessment Solution will be implemented, which is a multiplatform threat assessment and management system designed to assist the threat assessment team when investigating a student of concern. If mandated as a matter of policy, PCPA will use the district's threat management platform to conduct any new assessments. If the choice is provided by the district to opt out for the threat platform presently in use by CSUSA, namely the CLPS platform which adheres to all requirements of the Florida Model and has been vetted by the Office of Safe Schools, the school will employ the CLPS platform.

When a student or staff member becomes aware of implied or direct threats of violence by other students, he/she must report the threat immediately to the Chair, Vice-Chair or other school staff member who must then ensure the Chair or Vice-Chair is notified of any/all concerning behavior. The Chair or Vice-Chair will determine if it is necessary to convene the threat assessment team in order to make further inquiries about the threat or summarily close the assessment as Unfounded or Low with concurrence from the Principal and District Threat Management Coordinator (DTMC) PCPA will adopt a threat assessment process that will systematically investigate student-made threats to determine the risk level of the student of concern. Threat assessment investigations will be non-biased and conducted using standardized questionnaires. The purpose of a threat assessment investigation is to determine if a student poses a real danger to the school community or themselves after gathering information from multiple sources. The SBTMT will also determine whether the student of concern requires a Student Support Management Plan (SSMP) per the Florida Model requirements concurrent with the level of concern pursuant to statute and Rule 6A1.0019.

If the SBTMT is activated and performs a threat assessment investigation, the District Threat Management Team (DTMT) and DTMC will get involved to either concur or request further inquiry or investigation into the student of concern. If the level of concern in "HIGH", the DTMT must become involved with the school to coordinate, and manage the SSMP. At the conclusion of a threat assessment case, the SBTMT will determine if the assessment should be extended or closed following the management period. Disciplinary action, if any, will be in accordance with school policy. The principal and the threat assessment team will use the threat assessment software tool when conducting threat assessments. Reports of potentially violent incidents will be shared with local law enforcement as soon as possible, and if necessary, a School Environmental Safety Incident Reporting (SESIR) incident will be created. The following process may be used to create the threat assessment team and establish roles and responsibilities:

The principal will identify members of a threat assessment team that includes persons with expertise in counseling, instruction, school administration, and law enforcement in accordance with § 1006.07(7)(a), F.S. Members will be trained on the roles and responsibilities of each team member.

- Guardians, private security guards with guardian training, or other campus security staff will not serve in place of sworn law enforcement on threat assessment teams.
- If there is not an SRO or other sworn law enforcement officer assigned to the school, the governing board will work with local law enforcement entities to ensure the required law enforcement presence on the team. Having an active, sworn law enforcement officer on the threat assessment team is essential as officers have unique access to law enforcement databases and resources that inform the threat assessment process.

- All administrators and threat assessment team members will attend and complete mandatory threat assessment trainings annually as well as such training mandated by CLPS. Each mandatory team member will report their completion of this requirement to their principal or designee.
    - The team will provide annual training and guidance to students, staff, and parents on recognizing behaviors of concern, their roles and responsibilities in reporting the behavior, and the various options for submitting a report, including anonymous reporting.
- The principal will assign school-based staff members who can proactively monitor and respond to all incoming reports where safety is of concern.
- The Chair or Vice-Chair must complete the intake form and assess the concern for a factual basis as soon as possible but within ONE SCHOOL DAY of receiving the report of concerning behavior.
- If a factual basis of concern is determined, the Chair or Vice-Chair must next ascertain whether the report of concerning behavior constitutes self-harm, harm towards others or both. If self-harm is a component, a suicide/self-harm assessment must also be conducted.
- The threat assessment team will follow established procedures for referrals to school-based, community, and/or health care providers for mental health services, evaluation, or treatment.
- The Chair or Vice-Chair next determines if the concerning behavior should be referred to the SBTMT. If a referral is warranted, the School Based Threat Management Team (SBTMT) must meet no later than the next school day from the day the initial report was received by the Chair and assign a preliminary Level of Concern. If "Low", the SBTMT will determine if an interim Student Support Management Plan (SSMP) is warranted.
- The SBTMT will meet within TWO SCHOOL DAYS of its initial meeting to make a final determination of the Level of Concern.
- Once the Chair closes without SBTMT referral Principal reviews decision as soon as possible but within TWO SCHOOL DAYS of receiving notification of case closure and the District Threat Management Coordinator (DTMC) should review the case as soon as possible but within TWO SCHOOL DAYS after its review by the Principal.
- If a case is referred to the SBTMT, any decisions, preliminary or final will be reviewed by the Principal as soon as possible but within TWO SCHOOL DAYS of receiving notification of the SBTMT decision and the District Threat Management Coordinator (DTMC) should review the case as soon as possible but within TWO SCHOOL DAYS after its review by the Principal.
- Extensions MUST be approved by the school Principal or higher authority and the extension may be granted for a maximum of two school days. After the initial extension, one (1) day increments based upon exigent circumstances.
- SBTMT determines the threat level is High, the case must automatically be referred to the DTMT for review. DTMT must convene to consider the case within TWO SCHOOL DAYS of receiving the referral from the SBTMT.
- If an immediate mental health or substance abuse crisis is suspected, school personnel will follow policies to engage behavioral health crisis resources, including, but not limited to, mobile crisis teams and school resource officers, who have been trained in crisis intervention. These individuals shall provide emergency intervention and assessment, make recommendations, and refer the student for appropriate services.
- School employees, volunteers, and contractors are required to report to school administration any expressed threat(s) or behavior(s) that may present a threat to the community, school, or self.
- Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur as required by law and governing board policies.

- Upon a preliminary determination by the threat assessment team that an individual poses a threat, members of the threat assessment team may request and obtain criminal history record information.
- Threat assessment records are considered educational records and will be maintained and released in accordance with FERPA and state statute. The threat assessment, its determination, along with any interventions provided, will be recorded in the appropriate electronic data systems by the threat assessment team.
- The threat assessment team will meet regularly to discuss new and ongoing cases and/or any SSMPs created. All meetings will be documented within the CLPS Emergency Management Plan-Drills and Safety Meetings section and/or any corresponding district threat management platform if applicable. Per Rule 6A-1.0018 and 6A-1.0019, the SBTMT must meet at a minimum monthly. Detailed minutes must be kept, a list of attendees and any actions taken on students of concern, assessment conducted and/or SSMPs implemented.
- Threat assessment teams will identify all means of reporting threats, including FortifyFL (the statewide mobile suspicious activity reporting tool) and any similar reporting tools required by state law. Local hotlines, websites, or other community-based resources will also be identified.
- Threat assessment records will be transferred within five (5) school days when a student transfers school, pursuant to § 1003.25, F.S. and Rule 6A-1.0955, F.A.C. The records shall include, if applicable: (a) verified reports of serious or recurrent behavior patterns, including any threat assessment report, all corresponding documentation, and any other information required by the Florida-specific behavioral threat assessment instrument pursuant to 1010.212(12), F.S., which contains the evaluation, intervention, and management of the threat assessment evaluations and intervention services; (b) psychological evaluations, including therapeutic treatment plans and therapy or progress notes created or maintained by school district or charter school staff, as appropriate
- If a threat meets the definition requirements approved by the State Board of Education (Rule 6A-1.0017) for the School Environment Safety Incident Reporting (SESIR), a SESIR report will also be submitted through the state portal.
- HB543 requiring both the new instrument and new process was signed into law by the Governor on April 23, 2023. The implementation date for the new Florida threat management process will be January 1, 2024.
- CLPS will provide a certified instructor who served on the MSD Committee responsible for creating the new Florida Harm Prevention and Threat Management model (HPTM) that will train all PCPA personnel and certify their ability to serve on the School Based Threat Management Team.
- PCPA will ensure compliance with all threat management policies and procedures pursuant to Rule 6A-1.0019 that took effect July 1, 2023 and corresponding amendments that will take effect July 1, 2024.

D. Explain how the school will accurately and timely report incidents related to school safety and discipline as required by section 1006.07(9), F.S.

To ensure the safety and security of students and staff, each family will receive an electronic copy of the student code of conduct, which will clearly outline the behavior expectations of the students. Students who become violent or disruptive will, when safety permits, be removed from other students. If safety does not permit the removal of the student, staff will immediately remove the other students from the area and relocate them to a safe area. The student's parents/guardians will be immediately notified, and when possible, the student will be counseled by staff. If a student becomes violent, law enforcement will be notified immediately,

and appropriate disciplinary action will be taken. All incidents related to school safety and discipline, and all disciplinary action required to be reported, will be immediately reported in the SESIR system in a timely manner consistent with § 1006.07(9), F.S. This includes any potential threats made towards the school, its staff, or students. This process enables the FLDOE to monitor student incidents as those students move from school to school. Three staff members will be trained in SESIR reporting via Florida's online training program. Two of these individuals will serve as primary SESIR reports throughout the year, and one will serve as a backup.

State law mandates at least one individual at a school is SESIR certified and trained. CSUSA requires at least two persons at each school are so designated, a primary and alternate. The principal will ensure at least two staff members are SESIR trained and responsible for reporting required incidents as required by statute.

Digital mapping (HB 301): An act relating to emergency response mapping data; 3 amending s. 1013.13, F.S.; creating the School Mapping Data Grant Program within the Department of Education; authorizing each school district to apply for program funds to provide mapping data for public schools within the district; providing requirements for the use of such funds; providing requirements for specified entities and school mapping data; providing an effective date. In order to facilitate efficient emergency responses, the School Mapping Data Grant Program is created within the Department of Education. Each school district, in consultation with local law enforcement and public safety agencies, may apply to receive funds from the program to provide school mapping data for each public school, including charter schools, in the district. The school district shall use the funds to satisfy all or some of the requirements of this section, which may include procuring a vendor to provide such data. The entity producing the data is responsible for providing the data to the school district and local law enforcement and public safety agencies for use in response to emergencies and for conducting drills required under s. 1006.07(4). (a) School mapping data must be provided in an electronic or a digital format to assist first responders in responding to 34 emergencies at schools. PCPA will opt into the district solution and vendor selected pursuant to HB 301.

Section 20: Budget

A. Provide as Attachment X, an operating budget covering each year of the requested charter term that contains revenue projections (using the Florida charter school revenue estimate worksheet as Attachment W for at least the first year of operation), expenses, and anticipated fund balances. The budget should be based on the projected student enrollment indicated in Section 2 of the application. A template for the operating budget may be available from the sponsor upon request.

The operating budget has been provided as **Attachment X**, and the Florida charter school revenue estimate worksheet has been provided as **Attachment W**. In year one, the anticipated per pupil allocation is calculated at $8,650.

B. Provide a start-up budget as Attachment Y that contains a balance sheet, revenue projections, including source of revenues, expenses, and anticipated fund balance. The start-up budget must cover any period prior to the beginning of FTE payments in which the school will expend funds on activities necessary for the successful start-up of the school.

The startup budget has been provided as **Attachment Y** and includes expenditures related to administrative, advertising and marketing, supplies and equipment, and temporary facilities categories covering the period prior to the beginning of FTE payments.

C. If the budget is contingent upon sources of funding beyond those typically provided by local, state, and federal governments (such as funding from foundations, donors, grants), provide evidence of such funding (e.g. MOU, letters) as Attachment Z.

The budget is not contingent upon sources beyond typical funding.

D. Provide a detailed narrative description of the line-item revenue and expenditure assumptions on which the operating and start-up budget are based. The budget narrative should provide sufficient information to fully understand how budgetary figures were determined.

Revenue Assumptions

- Average FTE funding is assumed at $8,650 in Year 1. This is from the latest funding worksheet provided by FLDOE. Please note this figure represents the per-pupil average of total district funding in Year 1.
- In Years 2-5, inflation of 2% is assumed for revenue and expense.
- Capital outlay is assumed at an average rate of $2,108 per student in Year 1 and adjusted for inflation and enrollment increases in subsequent years.
- For the first year, PCPA will seek 5-year financing at prevailing interest rates.
- The amount financed is projected as $1.457,213M in Year 1. The financing will be used to cover computer hardware and IT infrastructure and FF&E.

Expense Assumptions

- In Years 2-5, inflation of 2% is assumed for revenue and expense.
- Average teacher salary is assumed at $62,580.
    - Per the 5-Year Income Statement Forecast included in **Attachment X**, the Total Payroll Taxes line item of $272,940 represents the sum of FICA, Medicare and state and federal unemployment taxes in Year 1.
    - Performance-based bonus is included in the budget based upon 0.46% of state funding in applicable years.
- CSUSA's total Support Center cost reimbursement expenses are calculated as a percentage of revenue beginning in Year 3 at 6.0%.

Transportation is assumed at 5% participation and assumed at $112,363 in Year 1.

E. Discuss the school's contingency approach and plan to meet financial needs if anticipated revenues are not received or are lower than estimated. This may include budgets for 75% and 50% of revenue projections or a budget for whatever percentage the applicant considers the minimum percentage at which they could operate the educational plan presented.

If revenue shortfalls occur due to lower-than-expected enrollment, a revised budget will be created and submitted to the district. Variable expenses will be adjusted to compensate for the revenue shortfall. For example, staff and associated expenses may be reduced as required comparable to the reduced enrollment. Budgets are revised as necessary to achieve balance and align costs with revenue in a manner that is least disruptive to the learning environment. CSUSA will stand behind PCPA to ensure its viability, up to and including reducing its fee for support center services to zero. In addition, **Attachment X** includes contingency budgets that are calculated using 90% and 75% of projected enrollment.

F. Explain in detail the year one cash flow contingency plan, in the event that revenue projections are not met (or not met on time).

Conservative assumptions have been made on the financial budget, especially during the first year, to ensure the financial health of operations. As part of the mitigation process, SWCF and CSUSA will closely monitor enrollment during the first year to spend appropriately on enrollment-based expenses, particularly compensation, which is the biggest expense in the budget. Alternative outcomes will be contemplated before opening the school to safeguard against potential shortfalls. If expectations are not met, PCPA will engage in a mitigation process entailing reduction of controllable expenses while maintaining the necessities for the education of the students. In rare, but possible cases, PCPA can turn to alternate sources of funding, such as the management company or construction partner, if necessary. As budget variances arise; new forecasts will be developed each month to ensure PCPA stays on track financially throughout the year. These forecasts will allow school leadership to make timely management decisions to ensure the financial health of the school and will be presented to SWCF on at least a quarterly basis.

G. Provide monthly cash flow projections for the school's start-up period (i.e. from the date on which the application is approved to the beginning of the first fiscal year of operation) through the first year of operation.

The school's start-up budget is included as **Attachment Y**.

Section 21: Financial Management and Oversight

A. Describe who will manage the school's finances and how the school will ensure strong internal controls over financial management and compliance with all financial reporting requirements.

The governing board will contract with CSUSA to provide financial management services to PCPA. SWCF will adopt the established processes and procedures of CSUSA to ensure fiscal responsibility and sound internal controls. SWCF will retain ultimate control of the school's finances. Policies and procedures are in place to ensure internal controls at the school level as well as CSUSA's support center. An accountant will be in charge of performing the monthly close, which will then be reviewed by either a senior accountant, supervisor, or assistant controller. Schedules for accountants will be staggered throughout the month based on district reporting deadlines to ensure timely submissions.

CSUSA will manage the day-to-day accounting and financial reporting function for PCPA. There will be several layers of internal oversight between employees performing finance-related tasks at the school and at CSUSA's support center. CSUSA's Finance Department, many of which are either CPAs or have extensive corporate auditing experience, include the Chief Financial Officer, Vice President of Finance, Controller, Assistant Controller, and Accounting Manager. This sets the tone for the control environment to ensure that financial resources are properly managed.

PCPA will employ a SOA who will act as a liaison to CSUSA for human resources, payroll, and financial matters relating to cash collection. The SOA will also work with the principal to ensure adherence to the governing board approved annual budget for the school. Below is a summary of the finance and accounting functions that the SOA performs:

- Deposit funds received from food service sales, aftercare programs, and fundraising into proper bank accounts according to governing board-adopted financial policy.
- Submit documentation for all receipts and disbursements made at the school level.
- Follow up and collect returned checks from parents.
- Prepare and submit instructional related purchase orders according to governing board-adopted financial policy.
- Prepare and submit check requests for certain invoices.
- Review and approve expenditure invoices with the principal.
- Maintain reconciliation of internal funds account.
- Provide support for grant reimbursement.

Financial management services include:

- Processing of accounts payable.
- Preparation of the monthly and quarterly financial statements.
- Preparation, maintenance, and forecasting of the budget.
- Financial reporting, including explanation of variances, to internal and external parties.
- Audit management.

The financial management team includes:

- Accounts Payable Coordinator: Pays the school's approved expenditures.
- Accountant: Prepares the school's monthly financial statements for internal review and quarterly financial statements.

- Accounting Supervisors (one of which is a CPA): Oversees the work of the staff and senior accountants.
- Assistant Controllers (one of which is a CPA): Oversees the work of the accounting supervisor and senior/ staff accountants.
- Controller: CPA; Oversees the accounting team.
- Vice President of Accounting & Financial Planning and Analysis: Oversees the financial planning and analysis team and accounting team.
- Financial Analyst: Prepares the school's annual budgets. reviews the school's financial performance on a monthly and quarterly basis, focusing on budget variances; conducts dashboard reviews with the school's leadership at least quarterly.
- Senior Financial Analyst: Oversees the work of the financial analyst; prepares the school's annual budgets and reviews the financial performance of the school on a monthly and quarterly basis, focusing on budget variances; conducts dashboard reviews with the school's leadership at least quarterly; presents financial statements to the governing board on a quarterly basis.
- State Financial Director: Oversees the work of the financial analyst and senior financial analyst; presents financial statements to the governing board on a quarterly basis.
- Senior Director of Financial Planning: Oversees the financial planning and analysis team.

B. Explain the mechanisms the governing board will use to monitor the school's financial health and compliance.

CSUSA maintains internal control policies which will be adopted by SWCF via the management agreement. These internal controls include general governmental accounting policies, financial reporting, budgeting, cash receipts and deposits, purchasing and cash disbursements, capital assets, and payroll. Internal controls are viewed as a means to reduce risk of asset loss and ensure reliability of financial statements as well as compliance with laws and regulations. There are several components to internal control, including control environment, risk assessment, control activities information and communication, and monitoring. These components are used to establish the internal control policies and procedures.

SWCF will approve the school's budget on an annual basis and conduct budget management throughout the year using a three-part process: (1) review and approval of financial statements, (2) review of budget vs. actual variances, (3) forecasting of future results, including budget amendments as required. The first part of the process is the preparation of the school's monthly financial statements. Financial statements will be prepared by CSUSA and distributed electronically to school leadership, SWCF, and the school district based on the required schedule (monthly or quarterly). Monthly financial statements are prepared using Generally Accepted Accounting Principles specific to governmental entities. PCPA will also follow the guidelines in the "Financial and Program Cost Accounting and Reporting for Florida Schools" (Red Book). Monthly financial statements include a comparison of actual results to the approved budget, which facilitates budget review, the second part of the process. Through forecasting, the third part of the process, SWCF will be able to make timely decisions to ensure the financial health of the school.

In addition to the process described above, PCPA will be provided with dashboard reports at least quarterly from CSUSA. The dashboard report summarizes the monthly activity of the school, compares the results to the budget, and identifies significant budget variances. As budget variances arise and are managed, new forecasts are developed each month to ensure PCPA stays on track financially throughout the year.

C. Describe the school's plans and procedures for conducting an annual audit of the financial operations of the school.

In compliance with § 1002.33(9), F.S., PCPA will obtain an annual financial audit performed by an independent certified public accounting firm. The governing board may appoint an audit committee to oversee the audit of the school. The governing board will use the auditor selection procedures as outlined in § 218.391, F.S. if an audit committee is utilized. The audit will be performed in accordance with Generally Accepted Auditing Standards; Government Auditing Standards, issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General, State of Florida. Audited statements will be submitted to sponsor in accordance with the terms defined in the charter contract.

Auditors will provide an engagement letter each school year that is presented to the governing board. Once approved by the governing board, the accounting department will arrange the timing of the audit after the close of the fiscal year. The team will provide the auditors with all requested items while they are on site and will request any additional school information from school administration.

D. Describe the method by which accounting records will be maintained.

All accounting records will be stored in Docuware, a paperless storage system. All files are maintained in a secured environment. Information system backups are completed daily to ensure data is secured and minimize risk of loss. CSUSA currently uses Oracle NetSuites, an efficient system that is better tailored towards the specific accounting needs of education operators. The accounting information system used for financial management is subject to change as needed.

E. Describe how the school will ensure financial transparency to the authorizer and the public, including its plans for public adoption of its budget and public dissemination of its annual audit and financial report.

CSUSA will provide SWCF with:

- The projected annual budget for governing board approval.
- Detailed statements of all revenues received, and detailed statements of all expenditures for services and expenses rendered or incurred to or on behalf of PCPA (includes expenses incurred on-site or offsite).
- Monthly financial statements including a balance sheet, statement of revenues, and expenditures.
- Other information on a periodic basis to enable SWCF to furnish reports and information which the school is required to provide pursuant to its charter contract and/or applicable laws (this information is also used to monitor CSUSA's performance and the efficiency of its operation of the school.

CSUSA and SWCF will keep accurate financial records pertaining to the operation of the school together with all financial records prepared by or in possession of CSUSA. All records will be retained for a period of time as required by the charter contract and/or applicable laws. The proper confidentiality of personnel, students, and other records as required by law will be maintained.

F. Describe any key back-office services to be outsourced via contract, such as business services, payroll, and auditing services. Include the anticipated costs of such services and criteria for selecting such services.

Financial audits will be outsourced, as they are conducted annually by an independent, certified public accountant. SWCF will determine the auditing firm. SWCF may also appoint an audit committee to oversee the audit. The five-year operating budget included as **Attachment X** outlines the costs for auditing services, which are estimated at $55,767 for Years 2-5.

G. Describe how the school will store financial records.

Financial records will be stored electronically in Docuware.

H. Describe the insurance coverage the school will obtain, including applicable health, workers compensation, general liability, property insurance, and directors' and officers' liability coverage.

Employees will be offered insurance benefits with various levels of coverage and premiums to meet their needs, including medical, dental, vision, life, disability, a 401(k) plan, and other miscellaneous benefits such as supplementary health insurance, flexible spending accounts, and identity theft insurance. Eligible employees (those working a minimum average of 30 hours/week) will be able to participate in the benefits plan on the first day of the month following their 60th day of employment. Once elected, changes cannot be made to employee benefits mid-year without a qualifying event (e.g., birth of child, marriage, divorce, or gain/loss of other coverage).

Table 21.1 outlines the liability insurance PCPA will maintain.

Table 21.1
Phase One:

Type of Coverage	Coverage Amount
PHASE 1: Property, Equipment Breakdown, & Terrorism (Building, Contents, Business Income & Outdoor Property) - Special Form including Named Wind, Replacement Cost	$20,190,000 Building & Business Income
Crime	$1,000,000
PHASE 1, Year 1: General Liability & SAM – **641 Students**	$1,000,000
Educators Legal Liability & Law Enforcement Legal Liability	$1,000,000
Hired & Non-Owned Auto Liability	$1,000,000
Workers' Compensation & Employers Liability	WC - Statutory EL - $1,000,000
Excess Liability	$75,000,000
Directors & Officers Liability	$1,000,000
Cyber Liability	$1,000,000
Pollution Liability	$25,000,000
Student Accident Base & CAT	$25,000 Base $5,000,000 CAT

Phase Two – Additional Costs:

Type of Coverage	Coverage Amount
PHASE 2: Property, Equipment Breakdown, & Terrorism (Building, Contents, Business Income & Outdoor Property) - Special Form including Named Wind, Replacement Cost	$21,250,000 Building & Business Income
PHASE 1, Year 2: General Liability & SAM - **273 Additional Students**	$1,000,000
Educators Legal Liability & Law Enforcement Legal Liability	$1,000,000
Excess Liability	$75,000,000
Pollution Liability – 2nd Building	$25,000,000
Student Accident Base & CAT	$25,000 Base $5,000,000 CAT

*Shared limit between Directors & Officers Liability and Employment Practices Liability

Section 22: Start-Up Plan

A. Present a projected timetable for the school's start-up, including but not limited to the following key activities:

- **i.** Applying for and securing appropriate legal status (e.g. status as a state corporation, federal non-profit)
- **ii.** Identifying and securing facility
- **iii.** Recruiting and hiring staff (leaders, teachers, and other staff)
- **iv.** Staff training
- **v.** Finalizing curriculum and other instructional materials
- **vi.** Governing board training
- **vii.** Policy adoption by Board (if necessary)
- **viii.** Recruiting students
- **ix.** Enrollment lottery, if necessary
- **x.** Establishing financial procedures
- **xi.** Securing contracted services
- **xii.** Fundraising, if applicable
- **xiii.** Finalizing transportation and food service plans
- **xiv.** Procuring furniture, fixtures and equipment
- **xv.** Procuring instructional materials

The activities included should align with the start-up budget described earlier in the application. If an activity will be paid for by a source of funding not included in the start-up budget, it should be clearly indicated. (This timetable is a projection and is not meant to be binding on the school or sponsor. A formal timeline may be negotiated in the charter agreement)

The construction of the PCPA facility will be managed by Charter Schools USA (CSUSA), which has experience developing schools in diverse settings, including urban, suburban, rural, and commercial areas. A dedicated project-management team will establish and oversee key milestones and benchmarks, using online tools to provide real-time updates. The team, led by a project manager, conducts regular meetings to identify issues, provide oversight, manage contractors, and control the budget. The project manager is responsible for planning, quality assurance, progress tracking, and reporting to department heads and CSUSA leadership.

CSUSA's Successful Opening of Schools (SOS) Team, which includes functional area representatives, Florida-based leadership, and the school's principal once hired, will lead the start-up process. The team ensures all required tasks are completed on time and accurately, guided by a proprietary checklist of over 1,000 items. Meetings—tailored to the project timeline—include updates from each team member and address any issues or delays. The SOS process begins when the project is approved, runs through October before the school's opening, and concludes with an after-action review the following October. Feedback from this review informs improvements for future projects.

Planning costs will be included in CSUSA's overall development plan and recovered through future support service fees. Detailed plans will be developed for each project phase to ensure a successful and safe school launch.

A model project timeline for the school's opening will include but will not be limited to the milestones/benchmarks outlined in **Table 22.1** below.

Table 22.1

Period	Projected Timetable for Key Project Tasks	
10/26-5/27	• Apply for General Building Permit • Land Development • Facility Construction • Open Enrollment Period • Enrollment – Finalize Budgets/Forecasts • General Community Awareness / Information Marketing	• Technology Planning • Identify Potential Leadership Candidates • Lottery, if Necessary • Hire School Leadership (principal hired 6 or more months prior to school opening) • Establish/Adopt Financial Procedures • Policy Adoption by Governing Board
5/27-8/27	• Finalize Curriculum and Other Instructional Materials • RFPs for Vendors • Services, FF&E, Technology, Instructional Materials • Contracted Special Education Services • Community Activities • Facility Lease Executed • Construction (Ongoing)	• Faculty Recruiting and Hiring • Faculty and Staff Training • Direct Marketing for Student Enrollment • Student Enrollment/Registration (Ongoing) • Complete Construction • Finalize Transportation and Food Service Plans • School Leadership PD
6/27-10/27	• Certificate of Occupancy • Governing Board Training • Installation of FF&E • Technology Installation • Staff Move-in • Teacher PD (NTI/RTO)	• "Open House" Sessions for Parents/Students • Student Enrollment/Registration (Ongoing) • First Day of School • Direct Marketing for Student Enrollment

Principal Onboarding – Education Plan (Mission & Vision and Education Model)
To ensure the principal understands the school's mission, vision, and CSUSA Education Model onboarding related to the education plan will be facilitated by the CSUSA State Superintendent and Deputy Director assigned to the school's area.

Addendum A: REPLICATIONS

A. Identify the existing school(s), including MSID number(s), to be replicated and provide evidence that the existing design has been effective in raising student achievement. The effectiveness of an existing school design should include evidence of the success of the academic program as well as organizational and financial viability. It should show a direct relationship between program elements and student achievement.

SWCF has chosen to partner with CSUSA as the EMO for PCPA due to CSUSA's proven performance and success in operating SWCF's current schools in Florida. SWCF will be replicating the CSUSA Education Model employed in all CSUSA schools, including all seven schools governed by SWCF.

B. Discuss the key components or non-negotiable elements of the educational program that make the school design what it is and that the operator will expect to remain consistent and essential to the successful replication of the model.

The CSUSA Education Model outlines key elements of a continuous improvement process that must be followed by all instructional staff with fidelity. Components are outlined in **Section 3**. Teachers have the ability to determine the best methods of instruction via various instructional strategies and teaching methods, but the core components of the Education Model and continuous improvement process must be followed with fidelity to ensure that PCPA's mission to educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum. Through the Trivium - instruction in grammar, logic, rhetoric - other disciplines, scholars will be empowered to make connections in school and life and encouraged to communicate ideas confidently.

C. Describe how the target population for the proposed school compares with the population(s) currently being served. Explain why the model will be effective and successful in raising student achievement with the applicant's target population.

The CSUSA network of managed schools, as of the 2023-2024 school year, includes 83 schools and over 75,000 students across 5 states. Sixty-four of these schools are in the state of Florida. Across the schools in Florida, 59% of students are considered economically disadvantaged and 77% of students are classified as minority populations. Of CSUSA's 64 schools in Florida, 12 are governed by SWCF for the 2023-24 school year. SWCF and CSUSA's network of schools serve a broad spectrum of student demographics, from schools with both low FRL and low minority rates to schools that serve both high FRL and minority communities. However, the average CSUSA (62% ED, 77% minority) and SWCF (school has a significantly higher minority student population than Manatee County schools (ED 67%, Minority 58%) and a comparable economically disadvantaged population. SWCF (52% ED, 61% minority) schools, on average, have a slightly higher rate of minority students compared to Manatee County as a whole. CSUSA's demographically similar schools' (to PCPA's anticipated student population and that of the previously identified schools) performance meets or exceeds the state of Florida, Manatee County Schools and/or the local schools in every school grade component. The Education Model's continuous improvement cycle will allow PCPA to tailor programming to meet individual student needs.

D. To the extent that the target population for the proposed school differs from the populations being served in existing schools, explain any anticipated modifications and adjustments to the educational program.

The diversity of SWCF and CSUSA's network of schools and their success with all student populations illustrates that regardless of student demographics, the CSUSA Education Model works. Since the Education Model embeds a continuous improvement process that allows teachers to tailor instruction towards the needs of each individual student, it is not expected that the model will be adjusted but personalized approaches may be enhanced.

E. Describe any other ways in which features of the proposed school's educational program will differ from that of the school(s) to be replicated. Explain the rationale for the change(s) and any new resources that the variation(s) will require.

The CSUSA Education Model with embedded continuous improvement process will emphasize key tenets of classical education: The Great Works, the Trivium, Latin, and Beacons of Virtue.

F. Discuss the plan for replication, including if the operator will need to acquire and allocate additional financial and human resources necessary to replicate the design successfully. If additional resources are necessary, describe the plan for securing.

In managing the replication and start-up plan, CSUSA's first step will be the mobilization of the NSOT, a team of professionals representing each functional area within the company (finance, education, human resources, technology, operations, facilities, marketing, enrollment, development, and governance) who are focused on ensuring all tasks that are required to open a brand new school are completed on time and correctly.

The NSOT takes responsibility for the full range of tasks required to open a new school. This includes recruiting, hiring, and training school staff; marketing; enrollment of students; facility planning, acquisition, and construction; school operations infrastructure (food service, uniforms, FF&E, etc.); establishing financial processes; managing governing board relations; and compliance with authorizer requirements.

As the team is completing the above tasks, CSUSA (with input from the NSOT and SWCF identifies the additional resources and staffing required in each functional department based on planned growth and acquires these resources with the expectation to be able to continually support a growing network of schools. Once the pre-opening tasks are complete and the staff is hired, the staff development process begins. CSUSA's staff development process significantly contributes to our ability to expand our model to new sites. CSUSA and SWCF have realigned the hiring timeline so that school leadership positions are hired and on- boarded three months prior to school opening. This enables the school leadership team to participate in the new school opening process. The school leadership team participates in professional development by working with their assigned mentors from other schools and attending functional meetings across the company to learn CSUSA's standard operating procedures and the CSUSA culture. All new teacher hires attend New Teacher Induction for approximately two weeks prior to the opening of a new school or a truncated version of NTI if hired during the school year.

G. Discuss the results of any past replication efforts, if applicable, and lessons learned – including particular challenges or troubles encountered; how you have addressed them; and how you will avoid or minimize such challenges for the proposed school.

CSUSA and SWCF have successfully replicated the proposed school model in seven schools throughout Florida. Experience, by way of growth and replication, has provided many important lessons. Each year after new schools have opened and are in progress, the governing board, Support Center New Schools Operating Team, CSUSA Florida support team members, and school leaders perform an "after action" analysis where strengths and weaknesses are evaluated throughout the most recent new school opening process. Areas for improvement are documented and incorporated into the project plan and Standard Operating Procedures are refined to better support effective operations. Three key lessons CSUSA has learned from past replication efforts are described below.

Key Lesson 1: Proactive approach to developing key supportive elements of the Education Model: MSA and QuEST, as described in **Section 5**, are intended to keep the focus on Education Model implementation. A special emphasis is placed on the continuous improvement process embedded in delivery of the model. The CSUSA Florida Superintendent, Deputy Directors, Curriculum Specialists, and other state support team members consistently provide on-site and virtual support to ensure a proactive approach.

Key Lesson 2: Reorganize support team members: CSUSA, once highly centralized, has adapted to growth by strengthening both field and headquarters operations. A recent corporate reorganization has expanded state and regional support across key areas including education, business operations, development, and human resources.

Key Lesson 3: Hire leadership teams earlier: CSUSA has addressed staffing challenges by accelerating hiring timelines for key school positions—such as principals, deans, and operations staff—so they can actively engage in the school opening process. A talent pipeline system supports early identification of strong candidates. The Department of Talent Acquisition and Development, in collaboration with state and regional teams, oversees recruitment, onboarding, professional development, and employee relations to ensure high-quality hires.

Addendum B: EDUCATION SERVICE PROVIDERS

An Education Service Provider (ESP) is an organization, either for-profit or nonprofit, that contracts with a charter school or a network of charter schools to provide comprehensive educational and business services. In addition to Addendum B, applicants must also complete Form IEPC-M1A if the governing board plans to contract with an ESP. The following section allows the applicant to demonstrate the ESP's track record of success and its ability to provide services for a new school(s).

ESP Selection

A. Explain why the applicant is seeking to contract with an ESP rather than operate the school(s) directly.

SWCF board members are experienced in the educational, financial, and operational components required to sustain a charter school. However, governing board members decided that collectively there was not enough manpower or resources to market and operate a school the size of PCPA independently. CSUSA's knowledge and proven experience in managing day-to-day charter school operations complements the governing board's expertise and will help deliver the best possible educational experience to students and their families. SWCF has chosen to partner with CSUSA as the ESP for PCPA to leverage CSUSA's proven performance and success in operating the governing board's current schools in Florida.

B. Explain how and why the ESP was selected. If this is the first time the applicant has contracted with this ESP, explain when and how the applicant learned of the ESP, what other ESPs were considered, and why the ESP was selected over other ESPs.

SWCF selected CSUSA due to their experience, success, capacity, Cognia accreditation, and Education Model, all of which aligns well with the governing board's mission to set high expectations, provide oversight, and advocate for a network of safe, academically high-performing, and financially sound K-12 charters schools – empowering parents with school choice. Additionally, CSUSA's mission, vision, and promise resonates deeply with the board's commitment to student success. CSUSA is one of the largest school management companies in the United States and has the ability to deliver a fully equipped, state-of-the-art facility by carrying the start-up costs and underwriting PCPA as necessary. This was a key factor in the SWCF's decision and it is why governing board members feel that CSUSA will be the best educational, financial, and operational management team for PCPA.

CSUSA has exceeded expectations in service delivery and is driven by a performance-based management agreement. SWCF works closely with legal counsel, the Law Offices of Levi Williams, P.A. (who is independent from CSUSA's legal counsel – Tripp Scott, P.A.), to review and negotiate the terms of the management agreement prior to execution. SWCF will provide oversight of CSUSA on compliance requirements through routine monitoring of the school's operations.

CSUSA maintains Cognia accreditation through North Central Association Commission on Accreditation and the School Improvement (NCA CASI), the Northwest Accreditation Commission (NWAC), and the Southern Association of Colleges and Schools Commission on Accreditation and School Improvement (SACS CASI). Cognia is a non-profit organization that conducts rigorous, on-site external reviews of Pre-K12 schools and school systems to ensure that all learners realize their full potential. The Cognia accreditation protocol is

rooted in a deep commitment to continuous improvement. As such, they provide tools and resources to schools and school systems that enable meaningful analysis of leadership, learning, and resource capacity, as well as provide tools and resources to support this level of analysis. One such tool is the Effective Learning Environments Observation Tool® (eleot® 2.0), which focuses on student engagement and the impact of classroom instruction. The Cognia accreditation process also includes surveys, student academic performance diagnostic tools, and stakeholder feedback diagnostic tools, which are available to accredited institutions. This assures that everyone from teachers and administrators to students and parents are involved in the process of continuous improvement. CSUSA received reaccreditation in 2021 for an additional 5-year term. Please see **Addendum FF** for CSUSA's Letter and Certificate of Accreditation.

C. For applicants working with an ESP for the first time, provide summary information from reference checks conducted by the applicant (regarding the ESP), identifying each reference.

This question is not applicable as SWCF has partnered with CSUSA as an ESP previously.

D. Describe whether and how the school's board has assessed the capacity of the ESP to successfully carry out the functions necessary to operate a high-quality charter school.

SWCF evaluates CSUSA's ability to open a new school and serve the needs of students, parents, and the governing board at each opportunity for a new charter. As the SWCF portfolio expands, it becomes increasingly important for us to work with CSUSA due to their proven ability to support growth and help the governing board scale its model to new sites and locations. CSUSA's disciplined, innovative culture and research-based Education Model is crucial as SWCF strives to expand while continuing to provide quality results. SWCF has evaluated CSUSA's effectiveness based on school performance relative to annual goals set by the governing board. Performance goals include, but are not limited to, timely submission of required reports outlined in management agreements, strict adherence to each school's approved annual budget, and meeting any performance goals contained within charter contracts.

ESP Background

A. Provide the mission of the ESP and an overview of the organization's strategic vision, including, if applicable, a five-year growth plan, and rationale for managing new schools.

CSUSA's mission is to remain focused on its student's greatness and best interests. CSUSA is committed to not only focusing on the success of our students in school but also the untapped potential they have in life. CSUSA values purpose, passion, integrity, and grit, fueled by a deep commitment to students, strong partnerships with parents, and to instill in students the resilience to pursue their goals and never quit on themselves or others. Strong minds and good hearts best represent its promise to every parent, student, and team member of CSUSA by providing a supportive and innovative learning environment. Today, CSUSA is one of the largest school management companies in the United States.

CSUSA plans to grow its network of managed schools incrementally over the next five years. CSUSA will support its governing boards with submitting approximately 2-3 charter applications in the state of Florida this year. Over the next five years, CSUSA expects to support governing boards in submitting a similar number of applications each year both in and outside the state of Florida. In addition, CSUSA is currently

scheduled to support the opening of two new schools in the state of Florida for the upcoming 2024-2025 school year, the expansion of two schools in Florida, and one new school in other states where they operate. Over the course of the next five years, CSUSA plans to support governing boards with opening of approximately ten new schools.

B. Identify the ESP's leadership team and their specific roles and responsibilities. Include as Attachment BB an organization chart for the ESP.

Jon Hage – Founder and CEO

Jon Hage is one of the nation's leading social entrepreneurs committed to improving education. He founded Charter Schools USA in 1997 and as CEO, built it into one of the fastest growing companies in the U.S. with 10,000 team members educating 81,000 students in nearly 100 schools throughout the United States. CSUSA-managed schools have produced some of the strongest gains in reading, writing, science and math in the nation, especially for minority and low-income students. Today, CSUSA has over 25,000 students on waiting lists with 96% attending college or technical schools and a 95% parent satisfaction rate. CSUSA was the first AdvancED/SACS accredited education service provider in the nation. With a commitment to putting students first, Jon was named the 2013 Floridian of the Year by Florida Trend magazine. An Army veteran, Mr. Hage served in the U.S. Special Forces/Green Berets and holds degrees from the University of Colorado and Georgetown University.

Richard Page – President

Mr. Page is an energetic, seasoned senior executive with a proven track record leading revenue growth and operations in multi-site, highly regulated, education services organizations. He held numerous C-Level titles with Charter Schools USA (CSUSA) over the past 20 years, as well as being a CEO and President for other education companies prior to rejoining CSUSA as President in 2024. Mr. Page oversees all aspects of the operations of CSUSA and is competent and experienced across all phases of business management (strategic planning, business development, P&L accountability, marketing & public relations, financial analysis/modeling, daily operations, project management, customer relationship management, human capital) and highly effective at public speaking. Mr. Page earned his bachelor's and master's degrees in economics from the Florida State University and has also been a Certified Public Accountant.

Dr. David Christiansen – Chief of Schools

David Christiansen, Chief of Schools for CSUSA, brings over 30 years of experience in education, having served as a teacher, principal, and district leader in large urban school systems in Florida and California. His work reflects a strong commitment to equity and excellence, with a focus on raising academic performance and closing achievement gaps. He has led initiatives that significantly improved outcomes for minority students, boosted graduation rates, and garnered national recognition from the College Board and state honors for EOC test performance. Dr. Christiansen is also an active contributor to education leadership organizations, including FOIL and AVID, and is a graduate of several leadership programs such as LPBC and NSA. He has served on the Junior Achievement board and the Glades Career Readiness Roundtable. His academic background includes degrees from UNC-Chapel Hill, Nova Southeastern University, and a doctorate from the University of Central Florida.

Myrna Laine-Hyppolite

Ms. Lainé-Hyppolite is a proven finance leader with experience in financial strategy and operational analysis who drives strategic decision-making. She oversees the school financial operations of CSUSA which manages $1+ billion of school revenues annually for schools around the country. Ms. Lainé-Hyppolite leads a large team focused on budgeting, forecasting and accounting operations. She has held numerous finance leadership positions with CSUSA over the past 11 years. Prior to her tenure at CSUSA, Ms. Lainé-Hyppolite held leadership positions in corporate financial planning, private equity and investment banking. She is competent and experienced across many phases of financial management (strategic planning, P&L accountability, budgeting, financial analysis/modeling, and relationship management). Ms. Lainé-Hyppolite is an ivy-league graduate who earned her bachelor's degree and master's degree in business administration from Dartmouth College.

Jennifer Foreman – Chief Human Resources Officer

Jennifer Foreman brings over 25 years of human resources leadership experience to CSUSA, with a strong track record of driving results across various sectors including health care and consulting. Before joining CSUSA, she served as Divisional HR Director at ChenMed, a senior healthcare provider across 13 states, and as Vice President of HR at Mount Sinai Medical Center, the largest private teaching hospital in South Florida. She also held leadership roles at Tyco, focusing on organizational effectiveness, and has worked globally in talent and change management. Her background includes both regional and international experience in HR strategy and consulting. Mrs. Foreman holds an M.S. in Development Studies and a B.S. in Economics from the University of the West Indies, and she is a certified Senior Professional in Human Resources (SPHR).

Dr. Eddie Ruiz – CSUSA Florida Superintendent

Dr. Ruiz served as assistant superintendent of the Division of Student Services, Equity and Access (SSEA) for the School District of Palm Beach County, the 11th largest district in the nation serving more than 193,000 students. Much of his career has been dedicated to creating and implementing initiatives aimed at closing the gap for underrepresented students, increasing graduation rates and ensuring students are college and career ready. Throughout his 18 year educational career, he has made meaningful contributions to the lives of students by serving as teacher, dean, assistant principal, principal, director, instructional leader, and mentor. He was named State Affiliate Latino Administrator of the Year in 2015 by the Association of Latino Administrators and Superintendents (ALAS) and earned the prestigious Order of Pegasus award from the University of Central Florida. Dr. Ruiz provides oversight of academics, school improvement, operations and leadership development for all schools managed by CSUSA in Florida.

Nirvani Ramnath – CSUSA Florida Deputy Director

Nirvani Ramnath is a Deputy Director for CSUSA serving schools in Hillsborough, Pasco and Manatee counties. With over 24 years of experience in education she has a strong background in educational leadership, curriculum development, and data-driven instruction. Prior to her role as Deputy Director, Ms. Ramnath served as Principal of Henderson Hammock Charter school where she successfully elevated the school rating to an A, facilitated accelerated courses for eighty percent of students and worked toward achieving AVID demonstration School status. Nirvani Ramnath earned a Master's in Educational Leadership from St. Thomas University in Miami, Florida.

CSUSA's organization chart is provided as **Addendum BB**.

ESP Track Record

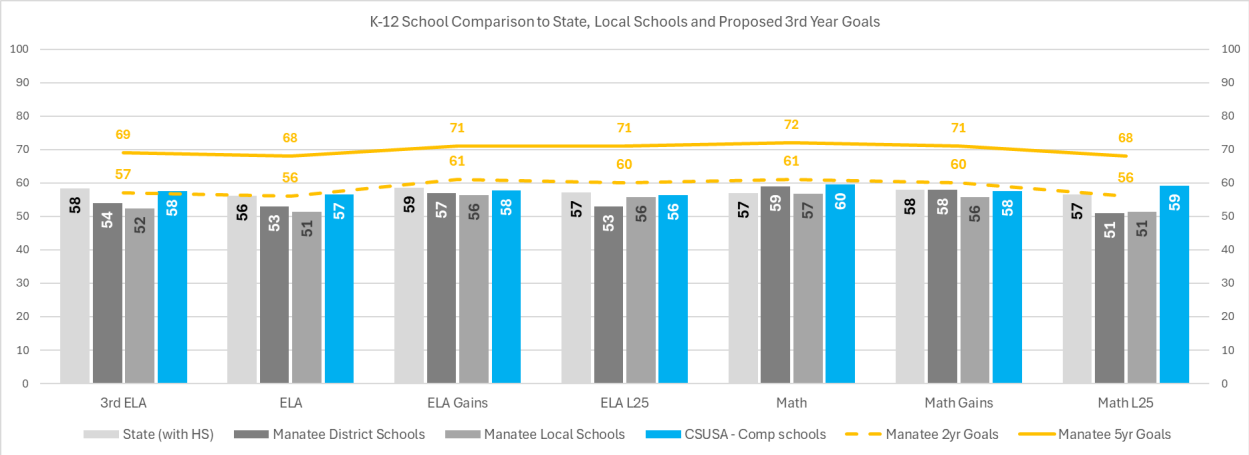
A. Provide evidence of organizational capacity to open and operate high-quality schools in Florida and, if applicable, elsewhere in accordance with the overall growth plan. Outline specific timelines for building or deploying organizational capacity to support the proposed school. If the ESP intends to build capacity and add positions during the term of this proposed charter school, include an organizational chart of the proposed growth within the ESP leadership structure as Attachment CC.

CSUSA has unparalleled experience and qualifications in charter school management, including team members with direct oversight to plan, design, develop, staff, operate, equip, and maintain the school facility and academic programs. For over 25 years, CSUSA has been a leader in education reform. Since its inception, CSUSA has reflected its commitment to putting students first, driven by its mission of relentless commitment to student greatness in school and in life™, guided by its core values of purpose, passion, integrity, and grit, and upheld by its promise to nurture Strong Minds, Good Hearts™. CSUSA is able to scale its model through an organized regional structure that creates smaller communities within CSUSA's network to provide support, foster collaboration, and maintain consistent accountability. This leads to consistent management at the school level and supports organizational growth from within. Internal leadership growth and the organizational knowledge that it builds is key in CSUSA's ability to implement its Education Model and other processes with fidelity throughout their managed schools.

B. Provide a comprehensive listing of ESP-operated charter schools (current and past) by completing form IEPC-M1A, which can be found at http://www.fldoe.org/schools/school-choice/charter- schools/charter-school-reference and attach as Attachment DD.

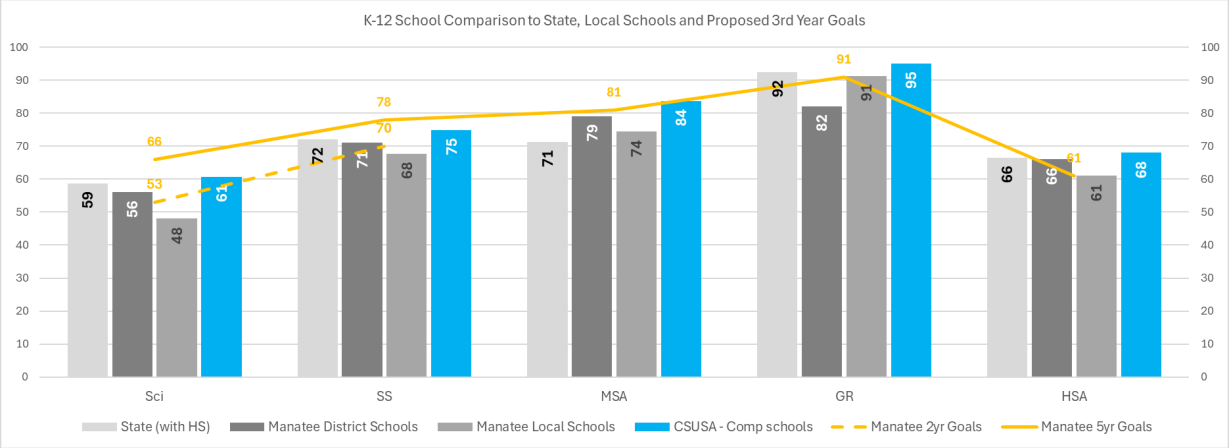
Form IEPC-M1A is included as **Addendum DD**.

C. Explain the ESP's success in serving student populations similar to the target population of the school. Describe the ESP's demonstrated academic track record (provide specific academic results on all schools using Form IEPC-M1A, attached as Attachment DD).



The CSUSA network of managed schools, as of the 2023-2024 school year, includes 83 schools and over 75,000 students across 5 states. Sixty-four of these schools are in the state of Florida. Across the schools in Florida, 59% of students are considered economically disadvantaged and 77% of students are classified as minority populations. Of CSUSA's 64 schools in Florida, 12 are governed by SWCF for the 2023-24 school year. SWCF and CSUSA's network of schools serve a broad spectrum of student demographics, from schools with both low FRL and low minority rates to schools that serve both high FRL and minority communities. However, the average CSUSA (62% ED, 77% minority) and SWCF (school has a significantly higher minority student population than Manatee County schools (ED 67%, Minority 58%) and a comparable economically disadvantaged population. SWCF (52% ED, 61% minority) schools, on average, have a slightly higher rate of minority students compared to Manatee County as a whole.

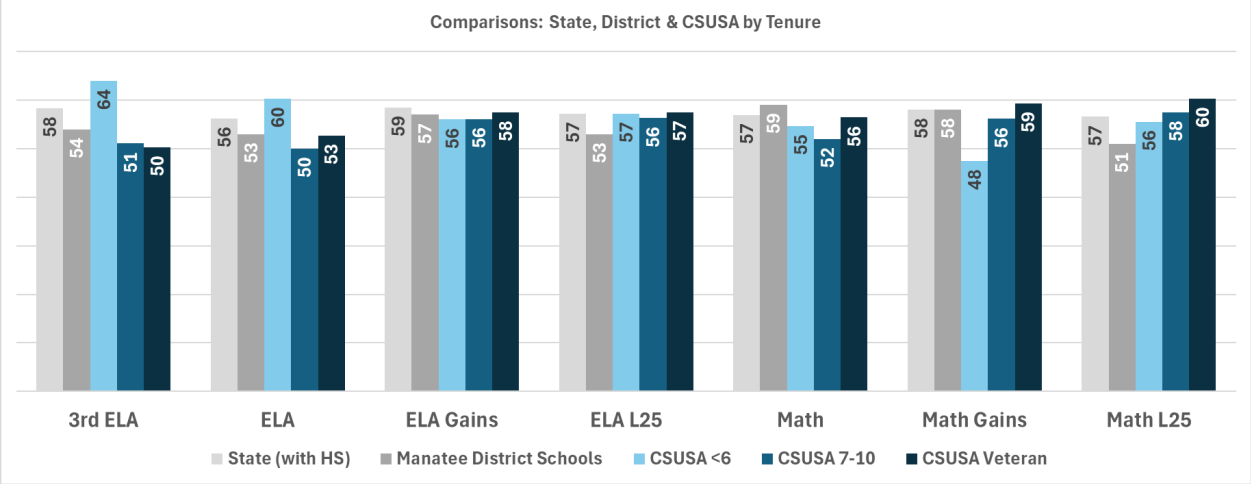
Graphs B.1 and B.2 below show Florida School Grade results (2024) for demographically similar CSUSA schools and CSUSA Schools categorized by tenure compared to that of the state, Manatee County Schools, and the local Manatee school average. PCPA's 2nd and 5th year goals detailed in the example above are



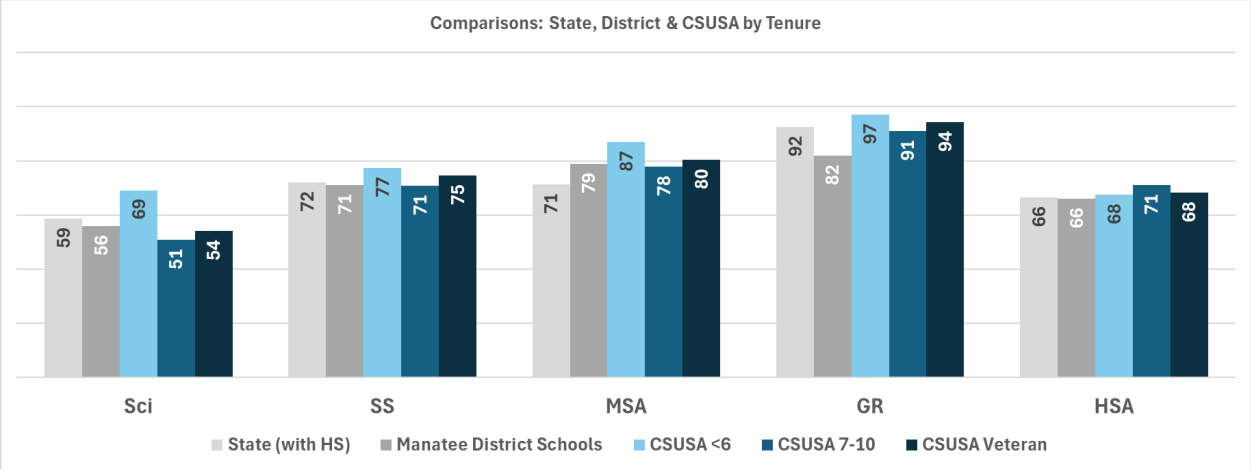
also provided for comparison. Overall, the data shows improvement trends the longer schools and students are part of the CSUSA network and anticipated performance that meets/exceeds local schools:

CSUSA's demographically similar schools' (to PCPA's anticipated student population and that of the previously identified schools) performance meets or exceeds the state of Florida, Manatee County Schools and/or the local schools in every school grade component. Veteran (open since at least 2014-15) CSUSA-managed schools met/exceeded Manatee County Schools' performance on all math and ELA learning gains components as well as Social Studies proficiency, Middle and High School Acceleration and Graduation Rate. CSUSA veteran schools also outperformed the state on all of the same categories, with the exception of ELA gains where they were within 1 point of state-wide performance.

Graph B.1 Component Performance



Graph B.1 Component Performance continued



Demographically Similar CSUSA schools were included when they were +/- 5% points on the percentage of Economically Disadvantaged students. The average minority rate among CSUSA schools with an Economically Disadvantaged population of (+/- 5) 53% is almost 70%, over 15% higher than the Local Polk Schools. CSUSA Schools included: Renaissance Charter School at Cooper City, Creekside Charter Academy, Duval Charter at Baymeadows, Duval Charter School at Coastal, Duval Charter School at Southside, Hollywood Academy of Arts & Science, Renaissance Charter School at Hunters Creek, Innovation Preparatory Academy, Tradition Preparatory High School, Winthrop College Prep Academy.

Middle School Acceleration would not factor into the school grade until year 3 of the charter term—the year 5 goals shown above is only 2 years after the baseline performance of local schools (70%). Year 5 of the Charter Term would be the first year Graduation Rate and High School Acceleration would factor into the school grade. They are shown above at the baseline value calculated from local schools—for comparison, CSUSA's class of 2024 graduated at a record high of 95% state-wide

Graph B.2 ESP Performance Relative to Charter Tenure

Please see Form IEPC-M1A in **Addendum DD** for CSUSA's network of schools' grades and FRL percentages.

D. List and explain any management contract terminations as well as any charter revocations, non- renewals, withdrawals or non-openings that the ESP has experienced in the past five (5) years.

N/A

Legal Relationships

A. Describe how the school's governing board is independent from the ESP and self-governing, including evidence of arm's-length negotiating.

SWCF is a not-for-profit 501(c)(3) tax-exempt organization, members of which are selected by and approved by the governing board and have no affiliation with CSUSA. SWCF already has appropriate ethics and conflict of interest polices in place (**Attachment K**) that are consistent with state statute. SWCF is represented by independent legal counsel and the governing board's counsel negotiates the management agreement and all other relevant agreements with CSUSA.

B. Explain whether the school has or will have any legal or contractual relationships with any subsidiaries or other entities or individuals that are affiliated[4] with or owned in whole or in part by the ESP. If so, identify the nature of those entities' business activities and describe how the governing board will ensure that any such relationships will not pose a conflict of interest or hinder the board's authority or ability to terminate the contract with the ESP.

SWCF already has appropriate ethics and conflict of interest policies in places that are consistent with state statute. When in its best interest, SWCF has and may decide to enter into contractual relationships it believes are required to accomplish its mission. All such contract relationships, including and especially those that are related entities of CSUSA, shall be dealt with in an arm's length manner, separate from the management agreement. Any such agreements will not hinder the ability of SWCF to terminate the management agreement or otherwise hold CSUSA accountable, by and through independent counsel and in compliance with the governing board's policy as well as state and federal law.

C. Explain the supervisory responsibilities of the ESP (if any), including which school employees the ESP will supervise, how the ESP will supervise these employees, and how the school's governing board will oversee the ESP's supervisory responsibilities.

SWCF will have ultimate authority over school operations pursuant to the charter contract. SWCF will contract with CSUSA to implement and manage employment policies and procedures for SWCF. This includes supervision of all staff. CSUSA has conducted extensive internal and external research to determine the most important elements in designing a work environment and culture to support employee performance, morale, and student achievement. As allowed in § 1002.33(12)(i), F.S., PCPA will operate as a private employer and will reflect an employment practice that will seek to mirror the diversity of the community and student population. SWCF oversees CSUSA's supervisory responsibilities through the adoption of formal policies and procedures that CSUSA is required to comply with, regular board meetings, evaluation of staff surveys, staff turnover and retention metrics, etc.

D. If the school's governing board intends to enter into a financing agreement (promissory notes, loans, leases, lease-purchase agreements, other negotiable instruments, or any other facility or financing relationships) with the ESP:
    - Ensure that such agreements are or will be separately documented and not part of or incorporated in the school management contract and do not hinder the governing board's authority and practical ability to terminate the management agreement and continue operation of the school.

- Provide evidence that the agreement was or will be reviewed by the governing board's independent legal counsel or attorney and subject to a fair market analysis.
- Describe how such agreements will be repaid. Repayments should be reflected in the budget.

SWCF will not be entering into a financing agreement with CSUSA for its facility. SWCF may enter into financing agreements for the acquisition of capital items (FF&E, technology, etc.) if the governing board determines it is in the best interest of PCPA to do so. Such agreements will be formally documented, reviewed by SWCF's independent counsel, and based on fair market value. The repayment schedule will be defined in the agreement and reflected in the school's budgets adopted by SWCF.

Organizational Structure

A. Provide a description of the roles and responsibilities of the ESP. This may include whether and how the specific roles and responsibilities set forth below may or may not be provided by the ESP, in order to summarize school- and ESP-level responsibilities. If some portions of a function are the responsibility of both the ESP and the governing board, please explain. The description should align with the management agreement with the ESP and provide a clear picture of what the ESP is responsible for.
Setting
Performance
Goals Selecting
Curriculum
Selecting Professional Development programs
Data Management & Selecting Interim
Assessments Determining Promotion
Criteria
Setting a School
Culture Student
Recruitment
School Staff Recruitment & Hiring
Providing Human Resources (HR) services (payroll, benefits, etc.) Fundraising
Managing Community Relations
Selecting and Providing Information Technology Managing Facilities
Procuring Vendors
Other Operational and Administrative Services, if Applicable

SWCF and CSUSA roles and responsibilities are detailed below.

Function	ESP Roles and Responsibilities	Governing Board Roles & Responsibilities
Setting Performance Goals	Provides both student-level and school-level goals designed to meet national, state, and local standards.	Implements required academic reporting policies for CSUSA and reviews performance reports from CSUSA on a periodic basis.

Selecting Curriculum	Provides a customized curriculum designed to meet national, state, and local standards, including continuous program evaluation, curriculum material selection, student data analysis, and student IEPs, assessments, records, etc.	Implements required academic reporting policies for CSUSA and reviews performance reports from CSUSA on a periodic basis.
Selecting PD Programs	Provides professional/school development and implements teacher instructional support, coaching, and mentoring. Ensures government compliance and reporting regarding teacher certifications.	Reviews the School Report, which includes detailed information regarding staffing and ensures that all required staffing certifications are current and in compliance with regulatory standards.
Data Management & Selecting Interim Assessments	Provides accountability standards and sustainable performance measures designed to meet national, state, and local benchmarks/standards.	Implements required academic reporting policies for CSUSA and review performance reports on a periodic basis. Sets policies to ensure the school's programs are faithful to the terms of the charter, including compliance with statutory and regulatory requirements.
Determining Promotion Criteria	Provides compensation planning & performance evaluations.	Annually adopts, maintains, and amends (if necessary) the annual operating budget. Reviews the School Report, which includes detailed information regarding staffing
Setting a School Culture	Implements the school's mission and vision via the curriculum and disciplinary policies and standards. Helps in coordinating parent, teacher, and student organizations.	Ensures that the school's mission and vision is being implemented with fidelity. Sets policies to ensure the school's programs and operations are faithful to the terms of the charter, including compliance with statutory and regulatory requirements
Student Recruitment	Assesses demographic and market needs and develops the enrollment marketing plan.	Reviews the School Report, which includes detailed information regarding student enrollment.
School Staff Recruitment & Hiring	Provides personnel administration: hire principals, teachers and other staff and implements personnel procedures and ongoing staffing assistance.	Sets policies to ensure the school's programs and operations are faithful to the terms of the Charter, including compliance with statutory and regulatory requirements. Reviews the School Report, which includes detailed information regarding staffing.
Providing Human Resources (HR) services (payroll, benefits, etc.)	Provides employee benefits, Worker's Compensation and 401(k) management services, and directly manages the school's payroll.	Annually adopts, maintains, and amends (if necessary) the annual operating budget. Implements required financial reporting policies for CSUSA and reviews performance reports from CSUSA on a periodic basis.

Managing Community Relations	Helps in coordinating parent, teacher, and student organizations and manages the school's community partnerships.	Adheres to regularly scheduled governing board meetings in a manner compliant with Open Meeting Laws. Communicates with parents and the community and resolves grievances not rectified at the school level.
Selecting and Providing Information Technology	Designs and develops technology labs and student stations. Provides local and wide area network installation; remote access and software integration; email hosting; and technology support. Maintains the SIS and school website.	Annually adopts, maintains, and amends (if necessary) the annual operating budget. Implements required financial reporting policies for CSUSA and reviews performance reports from CSUSA on a periodic basis.
Function	ESP Roles and Responsibilities	Governing Board Roles & Responsibilities
Managing Facilities	Provides strategic financing and construction partnerships. Assists in site acquisition and/or lease negotiations, and liaisons with building and/or renovation team to ensure quality and design standards are met. Provides operational design of classrooms and school space and programmatic input for functionality purposes. Procures furniture, fixtures, equipment, and supplies, and secures basic utility services (phone, water, electric, and disposal service).	Annually adopts, maintains, and amends (if necessary) the annual operating budget. Sets operational policies to ensure the school's operations are faithful to the terms of the Charter, including compliance with statutory and regulatory requirements. Reviews the School Report, which includes detailed information regarding the school's facility issues.
Procuring Vendors	Negotiate contracted services with vendors (food, transportation, security, custodial, etc.).	Annually adopts, maintains, and amends (if necessary) the annual operating budget. Sets operational policies to ensure the school's operations are faithful to the terms of the Charter, including compliance with statutory and regulatory requirements.

4 The term "affiliated" means and includes one or more corporations or entities under the same or substantially the same control of a group of business entities which are connected or associated so that one entity controls or has the power to control each of the other business entities. The term "affiliated" includes, but is not limited to, the officers, directors, executives, shareholders active in management, employees, and agents of the affiliated corporation. The ownership by one business entity of a controlling interest in another business entity or a pooling of equipment or income among business entities shall be prima facie evidence that one business is affiliated with the other.

B. Describe the oversight and evaluation methods that the board will use to oversee the ESP. What are the school-wide and student achievement results that the ESP is responsible for achieving? How often, and in what ways, will the board review and evaluate the ESP's progress toward achieving agreed-upon goals (e.g. external evaluator, surveys, or performance data analyses)? What are the conditions, standards, and procedures for board intervention, if the ESP's performance is deemed unsatisfactory?

SWCF will oversee CSUSA via a performance-based management agreement, a draft of which is included as **Addendum EE**. SWCF will also monitor and evaluate the progress of achieving the school's agreed upon goals using the school's financial, academic, and operational reports, which will be presented monthly at each governing board meeting. If there are any recurring shortfalls or perceived distresses in the school's financial, academic, or operational aspects; then SWCF, PCPA, and CSUSA will work collaboratively and proactively to correct the identified shortfalls and ensure the school is able to meet its goals in the future.

C. Describe the payment schedule, including all fees, bonuses, early termination penalties, and any other compensation to be paid to the ESP.

As is shown in the 5-year operating budget included as **Attachment X**, SWCF will pay the proposed fees for management services. Furthermore, SWCF will approve the school's budget on an annual basis, and the budget will include the fee for services percentage. CSUSA will not require any bonuses or early termination fees from the school or SWCF.

D. Describe the types of spending decisions the management organization can make without obtaining board approval? What reports must the ESP submit to the board on financial performance, and on what schedule? How will the school governing board provide financial oversight?

CSUSA cannot make financial decisions without the governing board's approval. The Southwest Charter Foundation (SWCF) approves the school's budget annually, and all expenditures must align with that budget. SWCF receives and submits financial reports to the district and ensures financial oversight through its finance committee or liaison. This liaison collaborates with CSUSA's finance team to monitor performance and proactively address any financial concerns.

E. What is the term (duration) of the management agreement? Explain the conditions and procedures (including time frames, notice, and decision-making procedures) for renewal and termination of the contract? Describe the conditions that both the ESP and the school must satisfy for the management agreement to be renewed. On what grounds may the ESP or the governing board terminate the management agreement for cause? List any indemnification provisions in the event of default or breach by either party. If these provisions are addressed in the management agreement, the applicant may cite the specific sections.

The term of the management agreement between SWCF and CSUSA will align with the term of PCPA's charter contract. Once CSUSA's performance reporting requirements in the school 's last contract year are submitted to SWCF and it is determined that the terms and conditions of the agreement were fulfilled, the management agreement will be renewed for the term of the renewed charter contract. If the terms and conditions of the management agreement are not being fulfilled and the school is not making progress towards the goals agreed upon by SWCF and CSUSA, the governing board may terminate the agreement. Please see Article VIII of the proposed management agreement included as **Addendum EE** for indemnification provisions.

F. Provide as Attachment EE, a draft of the proposed management agreement with the ESP.

Please see **Addendum EE** for a draft of the proposed management agreement.

Please tab or separate attachments as noted below

A. Evidence of teacher and parental support for conversion, if applicable. N/A
B. Sample daily school schedule and annual school calendar
C. Sample curriculum scope and sequence
D. Reading curriculum
E. Pupil Progression plan, if applicable
F. Assessment Schedule
G. Proposed discipline policy or student code of conduct, if applicable
H. Articles of incorporation
I. 501(c)(3) tax-exempt status determination letter (or copy of the filing form)
J. Governing board by-laws
K. Governing board code of ethics and conflict of interest policy
L. For each board member, a Board Member Information Sheet, resume, and Statement of Assurances (templates provided)
M. Organization charts that show the school governance, management, and staffing structure in 1) the pre-operational year; 2) the first year of operation; 3) at the end of the charter term; and 4) when the school reaches full capacity, if in a year beyond the first charter term
N. Job description for the school leader and, if this person is already identified, his or her resume
O. If the school leader is not yet identified, the qualifications the school will look for in a school leader
P. Job description(s) and qualification requirements for each administrative or leadership position other than the school leader
Q. Job description(s) and qualification requirements for the school's teachers
R. Personnel policies, if developed
S. Student enrollment application
T. Evidence of demand for the school (e.g. petitions or intent to apply forms) or support from intended community partners (e.g. letters of intent/commitment, memoranda of understanding, or contracts), if applicable
U. Evidence of facility funding sources, if applicable N/A
V. Draft rental agreement or lease for facility, if applicable N/A
W. Florida Charter School Revenue Estimating Worksheet
X. Proposed Operating Budget
Y. Proposed Startup Budget
Z. Evidence of external funding (e.g. foundations, donors, grants), if applicable. N/A

Addendum (as applicable)

AA. Commissioner's letter(s) of verification of high-performing status N/A
BB. ESP's organization chart
CC. ESP's organization chart after any anticipated growth N/A
DD. Applicant history worksheet (*Form IEPC-M1A,* found at: http://www.fldoe.org/schools/school-choice/charter-schools/charter-school-reference)
EE. Draft contract between school and ESP
FF. Applicant may attach up to an additional ten pages of supplemental material.

Kindergarten ELA CSUSA FL Curriculum Map

Kindergarten ELA Unit Map Unit 1.1		
Number of Days: 5	Benchmarks assessed after Unit 1.3	PLC Document for Targeted Instruction Link Here
Unit Essential Questions:	How do I describe main characters, setting, and important events in a story? How do I explain the roles of author and illustrator of a story?	
Benchmark(s)		
Foundations:	**ELA.K.F.1.1: Demonstrate knowledge of the basic concepts of print.** a. Locate a printed word on a page. b. Distinguish letters from words within sentences. c. Match print to speech to demonstrate that language is represented by print. f. Identify all upper- and lowercase letters of the alphabet. **ELA.K.F.1.2: Demonstrate phonological awareness.** d. Identify the initial, medial, and final sound of spoken words. **ELA.K.F.1.3: Use knowledge of grade-appropriate phonics and word-analysis skills to decode words accurately.** a. Demonstrate knowledge of the most frequent sound for each consonant. **ELA.K.F.1.4: Recognize and read with automaticity grade-level high frequency words.**	
Reading:	**ELA.K.R.1.1: Describe the main character(s), setting, and important events in a story.** **ELA.K.R.1.3: Explain the roles of author and illustrator of a story.**	
Communication:	**ELA.K.C.1.1: Print many upper- and lowercase letters.** **ELA.K.C.1.5: With guidance and support from adults, improve drawing and writing, as needed, by planning, revising, and editing.** **ELA.K.C.3.1: Follow the rules of standard English grammar, punctuation, capitalization, and spelling appropriate to grade level.** **ELA.K.C.4.1: Recall information to answer a question about a single topic.**	
Vocabulary:	**ELA.K.V.1.1: Recognize and appropriately use grade-level academic vocabulary in speaking and writing.**	
ELA Expectations:	**ELA.K12.EE.2.1: Read and comprehend grade-level complex texts proficiently.** **ELA.K12.EE.3.1: Make inferences to support comprehension.** **ELA.K12.EE.4.1: Use appropriate collaborative techniques and active listening skills when engaging in discussions in a variety of situations.**	

Vocabulary (Knows)		
Tier 2 (Academic)		**Tier 3 (Technical) *Unit vocabulary**

Kindergarten Math CSUSA FL Curriculum Map

Kindergarten Math Unit Map Unit 1		
Number of Days: 13	**Progress Learning Assessment:** K Math Unit 1 IFA	PLC Document for Targeted Instruction
Essential Question:	How can numbers from 0 to 5 be counted, read, and written?	
Topic:	Numbers 0 to 5	
Benchmarks:		
BEST Benchmarks:	**MA.K.NSO.1.1: Given a group of up to 20 objects, count the number of objects in that group and represent the number of objects with a written numeral. State the number of objects in a rearrangement of that group without recounting.** **MA.K.NSO.1.2: Given a number from 0 to 20, count out that many objects.** **MA.K.NSO.1.3: Identify positions of objects within a sequence using the words "first," "second," "third," "fourth" or "fifth."** **MA.K.NSO.2.1: Recite the number names to 100 by ones and by tens. Starting at a given number, count forward within 100 and backward within 20.** **MA.K.NSO.2.3: Locate, order and compare numbers from 0 to 20 using the number line and terms less than, equal to or greater than.**	
Mathematical Thinking and Reasoning:	**MA.K12.MTR.1.1: Participate in effortful learning both individually and with others.** **MA.K12.MTR.2.1: Demonstrate understanding by representing problems in multiple ways.** **MA.K12.MTR.3.1: Complete tasks with mathematical fluency.** **MA.K12.MTR.4.1: Engage in discussions that reflect on the mathematical thinking of self and others.** **MA.K12.MTR.5.1: Use patterns and structure to help understand and connect mathematical concepts.** **MA.K12.MTR.6.1: Assess the reasonableness of solutions.** **MA.K12.MTR.7.1: Apply mathematics to real-world contexts.**

Suggested Classical Dimensions Math Singapore Readings

Chapter 1:

- *Frog and Toad are Friends* by Arnold Lobel
- *The Button Box* by Margarette S. Reid
- *Wacky Wednesday* by Dr. Seuss
- *Nothing Like a Puffin* by Sue Soltis
- *Two Eggs, Please* by Sarah Weeks

Chapter 2

- *The Very Hungry Caterpillar* by Eric Carle
- *Five Little Monkeys Jumping on the Bed* by Eileen Christelow
- *Five Little Ducklings* by Sally Hopgood
- *The Five Chinese Brothers* by Claire Huchet Bishop
- *Pete the Cat and His Four Groovy Buttons* by James Dean and Eric Litwin
- *One Fish Two Fish Red Fish Blue Fish* by Dr. Seuss
- *The Five Senses* by Hervé Tullet

Chapter 3

- *Ten Black Dots* by Donald Crews
- *Fish Eyes: A Book You Can Count On* by Lois Ehlert
- *Zero Is the Leaves on the Tree* by Betsy Franco
- *My Little Sister Ate One Hare* by Bill Grossman
- *Ten Apples Up On Top!* by Theo LeSieg
- *Count the Ways, Little Brown Bear* by Jonathan London
- *Albert the Muffin-Maker* by Eleanor May
- *Museum 123* by The New York Metropolitan Museum Of Art
- *Mouse Count* by Ellen Stoll Walsh

Chapter 4

- *The Shape Of Things* by Dayle Ann Dodds
- *Cubes, Cones, Cylinders, & Spheres* by Tana Hoban
- *Shapes, Shapes, Shapes* by Tana Hoban
- *Three Pigs, One Wolf, and Seven Magic Shapes* by Grace Maccarone
- *Shape by Shape* by Suse MacDonald
- *I Spy Shapes in Art* by Lucy Micklethwait
- *Skippyjon Jones Shape Up* by Judy Schachner
- *Mouse Shapes* by Ellen Stoll Walsh
- *The Shape of Me and Other Stuff* by Dr. Seuss
- *Goldilocks and the Three Bears*

Chapter 5

- *Tall* by Jez Alborough
- *Who Sank the Boat?* by Pamela Allen
- *Actual Size* by Steve Jenkins
- *Guess How Much I Love You* by Sam McBratney
- *How Deep is the Sea?* by Anna Milbourne
- *How High is the Sky?* by Anna Milbourne
- *Mighty Maddie* by Stuart J. Murphy
- *How Big is a Foot?* by Rolf Myller
- *Yertle the Turtle and Other Stories* by Dr. Seuss
- *Drat That Fat Cat!* by Pat Thomson
- *Balancing Act* by Ellen Stoll Walsh
- *Goldilocks and the Three Bears*

Chapter 6

- *More, Fewer, Less* by Tana Hoban
- *Just Enough Carrots* by Stuart J. Murphy
- *Peg + Cat: The Race Car Problem* by Jennifer Oxley and Billy Aronson

Kindergarten Science CSUSA FL Curriculum Map

UNIT 4	Energy and Motion	Pacing: 35 Days
Unit Essential Question:	What happens if you push or pull and object?	PLC Document for Targeted Instruction Link Here

Florida State B.E.S.T English Language Arts Benchmarks

ELA.K.R.2.1: Use titles, headings, and illustrations to predict and confirm the topic of texts.
Benchmark Clarification 1: The step of confirming the prediction is essential to mastery of this benchmark.

ELA.K.R.2.2: Identify the topic of and multiple details in a text.
Benchmark Clarification 1: The topic is the general subject of the text, a word or a short phrase describing what the text is about. For example, the main topic of the book, Why Should I Recycle?, is recycling.

ELA.K.R.3.1: Identify and explain descriptive words in text(s).
Benchmark Clarification 1: Students will explain examples of descriptive words in text and how they add meaning.
Benchmark Clarification 2: Students will be introduced to the academic vocabulary word "adjective." However, students are not expected to use the word independently. Discussion should focus on how the descriptive words add meaning to the text.

ELA.K.R.3.2: Retell a text orally to enhance comprehension: **b**. Use topic and details for an informational text.
Benchmark Clarification 1: Most grade-level texts are appropriate for this benchmark.

Florida State Academic Standards (SAS)/Benchmark Alignment

SC.K.P.10.1 - Observe that things that make sound vibrate.
SC.K.P.12.1 - Investigate that things move in different ways, such as fast, slow, etc.
SC.K.P.13.1 - Observe that a push or a pull can change the way an object is moving.

SC.K.N.1.1 – Collaborate with a partner to collect information.
SC.K.N.1.2 – Make observations of the natural world and know that they are descriptors collected using the five senses.
SC.K.N.1.3 - Keep records as appropriate -- such as pictorial records -- of investigations conducted.
SC.K.N.1.5 - Recognize that learning can come from careful observation.

SSA Test Item Specification Assessment Limits

IFA = Instructional Focused Assessment **SSA** = State Science Assessment

Kindergarten Science CSUSA FL Curriculum Map

UNIT 4	Energy and Motion	Pacing: 35 Days
Lesson Essential Question(s)	**Vocabulary/Know**	**Do/Skill**
How do objects make sound?	• Sound • Vibrate • Energy • Loud • Soft	• Distinguish soft sounds from loud sounds (e.g., ringing a bell and sounding a fire alarm, dropping a cotton ball and dropping a wooden block). • Observe that sounds are made when parts of musical objects vibrate (e.g., guitar strings, drums, musical triangles, xylophones, cymbals, tambourines). • Investigate other ways vibrations can be seen and felt. • Keep records of sound investigations.
What causes objects to move and how do they move?	• Movement • Motion • Fast • Slow • Direction • Forward • Backward • Downward • Upward • Zigzag • Back and Forth • Push • Pull • On • In • Above • Below • After • Before • Speed • Between • Beside • Under • Over	• Demonstrate and describe the different ways their bodies and other objects move (e.g., roll, fly, crawl, swim, bounce, hop, run, waddle, wiggle, sway, tumble, pounce, walk, jump, skip). • Describe the speed at which things move (fast and slow). • Investigate different directions of motion. • Record predictions, observations and results of movement investigations in pictorial or written form. • Describe what has been learned after carefully observing the movement of objects and hearing the observations of others. • Describe the position of an object (e.g., on, in, above, below, under, between, before, after, beside). • Collaborate with a partner to discuss ways to change an object's motion. • Demonstrate ways to make an object change position/move. • Predict how a push and pull will change an object's speed and/or direction. • Investigate how push and pull can change the speed or direction of an object's movement (fast, slow, back and forth, up and down). • Record predictions, observations and results of push and pull investigations in pictorial or written form. • Describe what has been learned after carefully observing the change in an object's motion and hearing the observations of others.

IFA = Instructional Focused Assessment **SSA** = State Science Assessment

UNIT 4	Energy and Motion	Pacing: 35 of Days

RESOURCES

- Savvas Elevate, Discover Education, Science A to Z, STEMScopes
- CPALMS Offers activities by standard.

Teacher Instructional tip:

- **Research and data does not support front-loading vocabulary. The Nature of Science, referred to as the NOS Focus, are stated throughout the map to engage students in Activity Before Content (AbC) and Content Before Vocabulary (CbV).**
- Soft and loud sounds refer to the volume (loudness) of sound. High and low sounds refer to pitch. Students do not need to know the difference between volume and pitch be careful to avoid associating high and low sounds with volume (loudness).

Number of Weeks: 5	Progress Leaning Assessment 6th ELA Unit 1 IFA	PLC Document for Targeted Instruction Link Here
Unit Essential Questions: *Choose unit essential questions specific to weekly benchmarks/reading selections(s).	How do I describe the impact of various poetic forms on meaning and style? How do I explain how individual text sections and/or features convey meaning in texts? How do I analyze the central idea(s), implied or explicit, and its development throughout a text? How do I analyze authors' purpose(s) in multiple accounts of the same event or topic? How do I track the development of an argument, identifying the types of reasoning used? How do I explain how figurative language contributes to tone and meaning in text(s)? How do I paraphrase content from grade-level texts? How do I identify rhetorical appeals in a text?	
Benchmark(s):		
Reading:	**ELA.6.R 1.4: Describe the impact of various poetic forms on meaning and style. ELA.6.R.2.1: Explain how individual text sections and/or features convey meaning in texts. ELA.6.R.2.2: Analyze the central idea(s), implied or explicit, and its development throughout a text. ELA.6.R.2.3: Analyze authors' purpose(s) in multiple accounts of the same event or topic. ELA.6.R.2.4: Track the development of an argument, identifying the types of reasoning used. ELA.6.R.3.1: Explain how figurative language contributes to tone and meaning in text(s). ELA.6.R.3.2: Paraphrase content from grade-level texts. ELA.6.R.3.4: Identify rhetorical appeals in a text.**	
Communication:	**ELA.6.C.1.2: Write personal or fictional narratives using narrative techniques, precise words and phrases, and figurative language. ELA.6.C.1.3: Write and support a claim using logical reasoning, relevant evidence from sources, elaboration, and a logical organizational structure with varied transitions. ELA.6.C.1.5: Improve writing by planning, revising, and editing, considering feedback from adults and peers. ELA.6.C.2.1: Present information orally, in a logical sequence, using nonverbal cues, appropriate volume, clear pronunciation, and appropriate pacing. ELA.6.C.3.1: Follow the rules of standard English grammar, punctuation, capitalization, and spelling appropriate to grade level. ELA.6.C.4.1: Conduct research to answer a question, drawing on multiple reliable and valid sources, and refocusing the inquiry when appropriate. ELA.6.C.5.1: Integrate diverse digital media to enhance audience engagement in oral or written tasks. ELA.6.C.5.2: Use digital tools to produce writing.**	
Vocabulary:	**ELA.6.V.1.1: Integrate academic vocabulary appropriate to grade level in speaking and writing. ELA.6.V.1.2: Apply knowledge of Greek and Latin roots and affixes to determine meanings of words and phrases in grade-level content. ELA.6.V.1.3: Apply knowledge of context clues, figurative language, word relationships, reference materials, and/or background knowledge to determine the connotative and denotative meaning of words and phrases, appropriate to grade level.**	
ELA Expectations:	**ELA.K12.EE.1.1: Cite evidence to explain and justify reasoning. ELA.K12.EE.2.1: Read and comprehend grade-level complex texts proficiently. ELA.K12.EE.3.1: Make inferences to support comprehension. ELA.K12.EE.4.1: Use appropriate collaborative techniques and active listening skills when engaging in discussions in a variety of situations. ELA.K12.EE.5.1: Use the accepted rules governing a specific format to create quality work. ELA.K12.EE.6.1: Use the accepted rules governing a specific format to create quality work.**

Florida State Academic Standards (SAS)/Benchmark Alignment

(A) SC.6. E.7.1 - Differentiate among radiation, conduction, and convection, the three mechanisms by which heat is transferred through Earth's system.(CC Rating=2) (Assessed as SC.6.E.7.5)
(A) SC.6. E.7.2 - Investigate and apply how the cycling of water between the atmosphere and hydrosphere has an effect on weather patterns and climate. (CC Rating=3) (Assessed as SC.6.E.7.4)
(A) SC.6. E.7.3 - Describe how global patterns such as the jet stream and ocean currents influence local weather in measurable terms such as temperature, air pressure, wind direction and speed, and humidity and precipitation. (CC Rating=3) (Assessed as SC.6.E.7.4)
(A) SC.6. E.7.4 - Differentiate and show interactions among the geosphere, hydrosphere, cryosphere, atmosphere, and biosphere. (CC Rating=3) (Also assesses SC.6.E.7.2, SC.6.E.7.3, SC.6.E.7.6, and SC.6.E.7.9.)
(A) SC.6. E.7.5 - Explain how energy provided by the sun influences global patterns of atmospheric movement and the temperature differences between air, water, and land. (CC Rating=3) (Also assesses SC.6.E.7.1.)
(A) SC.6. E.7.6 - Differentiate between weather and climate. (CC Rating=2) (Assessed as SC.6.E.7.4)
SC.6. E.7.7 - Investigate how natural disasters have affected human life in Florida. (CC Rating=3) (Not assessed)
SC.6. E.7.8 - Describe ways human beings protect themselves from hazardous weather and sun exposure. (CC Rating=2) (Not assessed)
(A) SC.6.N.1.1 - Define a problem from the sixth grade curriculum, use appropriate reference materials to support scientific understanding, plan and carry out scientific investigation of various types, such as systematic observations or experiments, identify variables, collect and organize data, interpret data in charts, tables, and graphics, analyze information, make predictions, and defend conclusions. (CC Rating=3)
SC.6. N.3.4 - Identify the role of models in the context of the sixth-grade science benchmarks. (CC Rating = 2)
HE.6. C.1.3 - Identify environmental factors that affect personal health.

(ADV) SC.912. E.7.3 - Differentiate and describe the various interactions among Earth systems, including atmosphere, hydrosphere, cryosphere, geosphere, and biosphere. (CC Rating=3)
(ADV) SC.912. E.7.5 - Predict future weather conditions based on present observations and conceptual models and recognize limitations and uncertainties of such predictions. (CC Rating=3)
(ADV) SC.912. E.7.6 - Relate the formation of severe weather to various physical factors. (CC Rating=2)
(ADV) SC.912. P.10.4 – Describe heat as the energy transferred by convection, conduction, and radiation, and explain the connection of heat to change in temperature or states of matter. (CC Rating=3)

Review:
(A) SC.6.E.7.9 Describe how the composition and structure of the atmosphere protects life and insulates the planet. (Assessed As SC.6.E.7.4)

FSSA Test Item Specification Assessment Limits

- Items will not assess the atmospheres of planets other than Earth.
- Items may assess atmospheric conditions and their resulting weather phenomena, such as hurricanes, tornadoes, lightning, fronts, and precipitation.
- Items will not address auroras.
- Items will not assess the causes of global warming or the ozone hole but may assess their effects.
- Items may assess the layers of the atmosphere and/or the function of each.
- Items should not assess the water cycle in isolation.
- Items may assess causes of wind and wind patterns but will not assess knowledge of the Coriolis effect.
- Items assessing radiation, conduction, and/or convection should be in the context of the atmosphere, geosphere, and hydrosphere on Earth.

(A) = Assessed on the 8th Grade Florida State Standards Assessment. **(ADV)** = Advanced Standard that is not assessed on the FSSA but required for mastery of the Advanced Course
(IFA) = Instructional Focused Assessment

6th Grade Comprehensive Science 1 & Comprehensive Science 1, Advanced CSUSA FL Curriculum Map

UNIT 5	Weather and Climate	PACING: 20 Days
Lesson Essential Questions	**Vocabulary/Know**	**Do/Skill**
The Sun's Energy and Earth Interactions • ow does the energy from the sun influence the global patterns in atmospheric movement and between Earth's spheres? Resources available on SharePoint	• Conduction • Convection • Radiation • Wind • Understand density of atmospheric gases and how it affects global patterns. • High and low pressure • Jet stream • Global winds • Local winds • Wind direction • Wind speed • Thermal energy is transferred in the Earth's atmosphere and hydrosphere through convection currents. • Thermal energy is transferred on Earth from a warmer substance to a cooler substance from direct contact through conduction. • Energy is transferred from the Sun to the Earth through the atmosphere	• Differentiate the three mechanisms by which thermal energy is transferred through the Earth's systems (*Radiation, Conduction, Convection*) • Investigate radiation, conduction and convection in terms of their influence on Earth's systems (geosphere, hydrosphere, atmosphere) o *NOS Focus: Benefits and limitations of models.* • (ADV) Describe heat as the energy transferred by convection, conduction, and radiation • (ADV) Explain the connection of heat to change in temperature or states of matter • Explain how energy provided by the sun influences global patterns, including: o Atmospheric movement (wind) o Temperature differences between air (*atmosphere*), land (*geosphere*), and water (*hydrosphere*) • Create a model to investigate how the sun's energy causes changes in temperature of air, land and water o *NOS Focus: benefits and limitations of models*
Weather and Climate • How does water move through the five spheres?	• Air mass • Air pressure • Cold front • Warm front • Stationary front • Occluded front • Convection current • Know how weather is measured • Know how weather patterns form and interact • Know how local winds form (land, sea, mountain) • Weather • Climate • La Nina • El Nino • Surface currents Tropical storm • Hurricane • Thunderstorm • Tornado • Blizzard • Flooding (storm surge) • Warnings vs. Watch • Wildfire • Lightning • Water Cycle • Humidity • Salinity • Surface and deep density currents	• Differentiate between weather and climate • Explain how the cycling of water between the atmosphere and hydrosphere affects weather patterns and climate • Investigate how the water cycle affects local climate and weather • Explain how global patterns such as the jet stream and ocean currents influence local weather in measurable terms, like: o Air temperature and air pressure o Humidity and precipitation o Wind direction and speed • Analyze atmosphere conditions and their resulting weather phenomena such as hurricanes, tornadoes, lightning, fronts, and precipitation. • Investigate how natural disasters (*hurricanes, tornadoes, lightning, etc.*) have affected human life in Florida • Describe ways human beings protect themselves from hazardous weather and sun exposure • (ADV) Use models, weather maps and other tools to predict weather conditions and differentiate between accuracy of short-range and long-range weather forecasts • (ADV) Differentiate the physical factors that affect the formation of severe weather events (*e.g, hurricanes, tornadoes, flash floods, thunderstorms, and droughts*)

(A) = Assessed on the 8th Grade Florida State Standards Assessment. **(ADV)** = Advanced Standard that is not assessed on the FSSA but required for mastery of the Advanced Course
(IFA) = Instructional Focused Assessment

6th Grade Comprehensive Science 1 & Comprehensive Science 1, Advanced CSUSA FL Curriculum Map

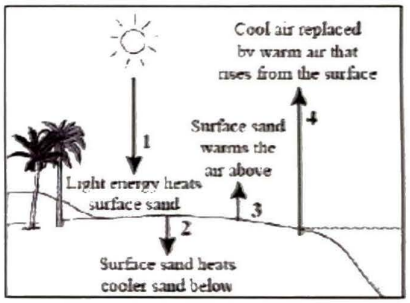
UNIT 5	Weather and Climate	PACING: 20 days

RESOURCES

- Miller & Levine Biology Elevate Science Course 1
- EOC Item Specs
- 8th Grade FSSA Test Prep Workbook (Consumable)
- CPALMS Offers activities by standard.
- Videos:
  - Cloud In a Jar Demonstration
  - Land and Sea Breeze
  - Earth: Climate and Weather
  - Weather vs. Climate (Crash Course Kids)
- Science4Inquiry: Fluid Streams Affecting Weather (Jet Streams, Ocean Currents, Weather)
- Study Jams: Weather and Climate
- NASA: Weather vs. Climate

Resources available on SharePoint

Teacher Instructional tip:



- **Research and data does not support front-loading vocabulary. The Nature of Science, referred to as the NOS Focus, are stated throughout the map to engage students in Activity Before Content (AbC) and Content Before Vocabulary (CbV).**
- Temperature will be shown in degrees Celsius with Fahrenheit in parenthesis.
- Items assessing radiation, conduction and convection should be done in the context of the atmosphere, geosphere and hydrosphere on Earth. Students need to identify convection, radiation and conduction on a diagram or picture.
- The water cycle shouldn't be taught or assessed in isolation but through application.
- Students will describe and/or explain how the cycling of water and global patterns influence local weather and climate.
- The climate of an area is determined by a minimum of 30 years of average weather data.
- Items assessing the jet stream, the Gulf Stream, or other winds and/or currents must include a map showing these patterns.

SAMPLE ASSESSMENT QUESTION

The climate of an area can be different from its weather. Which of the following statements describes the climate of an area?

A. There should be heavy rains tomorrow morning.
B. The rains next week are expected to cause some flooding.
*C. The average temperature from 1930–1996 was 23°C (74°F).
D. The high temperature on September 4, 2009, was 32°C (89°F).

The arrows in the picture below show several ways heat is transferred from the Sun as it strikes sand on the surface of a beach.

Which arrow shows
A. 1
B. 2
C. 3
*D. 4

(A) = Assessed on the 8th Grade Florida State Standards Assessment. (ADV) = Advanced Standard that is not assessed on the FSSA but required for mastery of the Advanced Course

• Miller & Levine Biology Elevate Science Course 1 • EOC Item Specs • 8th Grade FSSA Test Prep Workbook (Consumable) • CPALMS Offers activities by standard. • Videos: o Cloud In a Jar Demonstration o Land and Sea Breeze o Earth: Climate and Weather o Weather vs. Climate (Crash Course Kids)	The climate of an area can be different from its weather. Which of the following statements describes the climate of an area?	CKSci Online Science Resources

• Science4Inquiry: Fluid Streams Affecting Weather (Jet Streams, Ocean Currents, Weather) • Study Jams: Weather and Climate • NASA: Weather vs. Climate <u>Teacher Instructional tip:</u> **Research and data does not support front-loading vocabulary. The Nature of Science, referred to as the NOS Focus, are stated throughout the map to engage students in Activity Before Content (AbC) and Content Before Vocabulary (CbV).** • Temperature will be shown in degrees Celsius with Fahrenheit in parenthesis. • Items assessing radiation, conduction and convection should be done in the context of the atmosphere, geosphere and hydrosphere on Earth. Students need to identify convection, radiation and conduction on a diagram or picture. • The water cycle shouldn't be taught or assessed in isolation but through application. • Students will describe and/or explain how the cycling of water and global patterns influence local weather and climate. • The climate of an area is determined by a minimum of 30 years of average weather data. • Items assessing the jet stream, the Gulf Stream, or other winds and/or currents must include a map showing these patterns.	A. There should be heavy rains tomorrow morning. B. The rains next week are expected to cause some flooding. *C. The average temperature from 1930–1996 was 23°C (74°F). D. The high temperature on September 4, 2009, was 32°C (89°F). The arrows in the picture below show several ways heat is transferred from the Sun as it strikes sand on the surface of a beach. Which arrow shows convection? A. 1 B. 2 C. 3 *D. 4

6th Grade World History Unit Map Unit 8		
	Number of Days: 20	PLC Document for Targeted Instruction Link Here
Unit Essential Question:	How did the practice of democracy influence the ancient Greeks and founding fathers of the United States?	
Topic:	Greece	
NGSSS Standards	SS.6.CG.1.1 Analyze how democratic concepts developed in ancient Greece served as a foundation for the United States' constitutional republic. • Students will identify and explain the democratic principles of government in ancient Greece. • Students will compare and contrast the political systems of ancient Greece and modern-day United States. • Students will recognize the influence of ancient Greece on the American political process. SS.6.CG.1.3 Examine rule of law in the ancient world and its influence on the United States' constitutional republic. • Students will recognize origins of what to include, but not be limited to, the contributions of ancient Greek and ancient Roman civilizations. • Students will recognize that the rule of law is a foundational principle of the U.S. government. SS.6.CG.1.4 Examine examples of civic leadership and virtue in ancient Greece and ancient Rome. • Students will explain the influence of significant leaders (e.g., Marcus Tullius Cicero, Marcus Aurelius, Pericles, Solon, Cleisthenes) on civic participation and governance in the ancient world. SS.6.W.3.2: Explain the democratic concepts (polis, civic participation and voting rights, legislative bodies, written constitutions, rule of law) developed in ancient Greece. SS.6.E.3.2: Categorize products that were traded among civilizations, and give examples of barriers to trade of those products. SS.6.W.3.3: Compare life in Athens and Sparta (government and the status of citizens, women and children, foreigners, helots). SS.6.W.3.4: Explain the causes and effects of the Persian and Peloponnesian Wars. SS.6.E.3.4: Describe the relationship among civilizations that engage in trade, including the benefits and drawbacks of voluntary trade. SS.6.W.3.5: Summarize the important achievements and contributions of ancient Greek civilization. SS.6.W.3.6: Determine the impact of key figures from ancient Greece. SS.6.W.3.7: Summarize the key achievements, contributions, and figures associated with The Hellenistic Period. SS.6.E.3.3: Describe traditional economies (Egypt, Greece, Rome, Kush) and elements of those economies that led to the rise of a merchant class and trading partners.

9th Grade ELA CSUSA FL Curriculum Map

9th Grade Unit Map Unit 1		
Number of Weeks: 5	Progress Leaning Assessment 9th ELA Unit 1 IFA	PLC Document for Targeted Instruction Link Here
Unit Essential Questions: ***Choose unit essential questions specific to weekly benchmarks/reading selections(s).**	How do I explain how key elements enhance or add layers of meaning and/or style in a literary text? How do I analyze the influence of narrator perspective on a text, explaining how the author creates irony or satire? How do I analyze how multiple text structures and/or features convey a purpose and/or meaning in texts? How do I evaluate the support an author uses to develop the central idea(s) throughout a text? How do I analyze how an author establishes and achieves purpose(s) through rhetorical appeals and/or figurative language? How do I explain how figurative language creates mood in text(s)? How do I compare and contrast the ways in which authors have adapted mythical, classical, or religious literary texts?	
Benchmark(s):		
Reading:	**ELA.9.R.1.1: Explain how key elements enhance or add layers of meaning and/or style in a literary text.** **ELA.9.R.1.3: Analyze the influence of narrator perspective on a text, explaining how the author creates irony or satire.** **ELA.9.R.2.1: Analyze how multiple text structures and/or features convey a purpose and/or meaning in texts.** **ELA.9.R.2.2: Evaluate the support an author uses to develop the central idea(s) throughout a text.** **ELA.9.R.2.3: Analyze how an author establishes and achieves purpose(s) through rhetorical appeals and/or figurative language.** **ELA.9.R.3.1: Explain how figurative language creates mood in text(s).** **ELA.9.R.3.3: Compare and contrast the ways in which authors have adapted mythical, classical, or religious literary texts.**	
Communication:	**ELA.9.C.1.2: Write narratives using narrative techniques, varied transitions, and a clearly established point of view.** **ELA.9.C.1.3: Write to argue a position, supporting claims using logical reasoning and credible evidence from multiple sources, rebutting counterclaims with relevant evidence, using a logical organizational structure, elaboration, purposeful transitions, and a tone appropriate to the task.** **ELA.9.C.1.4: Write expository texts to explain and analyze information from multiple sources, using a logical organization, varied purposeful transitions, and a tone appropriate to the task.** **ELA.9.C.1.5: Improve writing by considering feedback from adults, peers, and/or online editing tools, revising for clarity and cohesiveness.** **ELA.9.C.2.1: Present information orally, with a logical organization and coherent focus, with credible evidence, creating a clear perspective.** **ELA.9.C.3.1: Follow the rules of standard English grammar, punctuation, capitalization, and spelling appropriate to grade level.** **ELA.9.C.4.1: Conduct research to answer a question, drawing on multiple reliable and valid sources, and refining the scope of the question to align with findings.** **ELA.9.C.5.1: Create digital presentations with coherent ideas and a clear perspective.**	
Vocabulary:	**ELA.9.V.1.1: Integrate academic vocabulary appropriate to grade level in speaking and writing.** **ELA.9.V.1.2: Apply knowledge of etymology and derivations to determine meanings of words and phrases in grade-level content.** **ELA.9.V.1.3: Apply knowledge of context clues, figurative language, word relationships, reference materials, and/or background knowledge to determine the connotative and denotative meaning of words and phrases, appropriate to grade level.**	
ELA Expectations:	**ELA.K12.EE.1.1: Cite evidence to explain and justify reasoning.** **ELA.K12.EE.2.1: Read and comprehend grade-level complex texts proficiently.** **ELA.K12.EE.3.1: Make inferences to support comprehension.** **ELA.K12.EE.4.1: Use appropriate collaborative techniques and active listening skills when engaging in discussions in a variety of situations.** **ELA.K12.EE.5.1: Use the accepted rules governing a specific format to create quality work.** **ELA.K12.EE.6.1: Use the accepted rules governing a specific format to create quality work.**	

Vocabulary (Knows)

Biology I & Biology I Honors CSUSA FL Curriculum Map

UNIT 1	Introduction to Biology/ Nature of Science	PACING: 5 days and integrated throughout the course
Unit Essential Question:	How is biology studied as a science?	**Progress Learning Assessment** IFA To be taken after Unit 2 will include unit 1 standards Students should take their Benchmark 1 assessment during Unit 1.
		PLC Document for Targeted Instruction Link Here

Florida State Academic Standards (SAS)/Benchmark Alignment

SC.912.N.1.1 - Define a problem based on a specific body of knowledge, for example: biology, chemistry, physics, and earth/space science, and do the following: (CC Rating= 3)

1. pose questions about the natural world,
2. conduct systematic observations,
3. examine books and other sources of information to see what is already known,
4. review what is known in light of empirical evidence,
5. plan investigations,
6. use tools to gather, analyze, and interpret data (this includes the use of measurement in metric and other systems, and also the generation and interpretation of graphical representations of data, including data tables and graphs),
7. pose answers, explanations, or descriptions of events,
8. generate explanations that explicate or describe natural phenomena (inferences),
9. use appropriate evidence and reasoning to justify these explanations to others, communicate results of scientific investigations, and evaluate the merits of the explanations produced by others.

SC.912.N.1.4 – Identify sources of information and assess their reliability according to the strict standards of scientific investigation. (CC Rating= 3)

SC.912.N.1.6 – Describe how scientific inferences are drawn from scientific observations and provide examples from the content being studied. (CC Rating= 2)

SC.912.N.2.1 – Identify what is science, what clearly is not science, and what superficially resembles science (but fails to meet the criteria for science). (CC Rating= 3)

SC.912.N.2.2 - Identify which questions can be answered through science and which questions are outside the boundaries of scientific investigation, such as questions addressed by other ways of knowing, such as art, philosophy, and religion. (CC Rating= 3) *(not assessed on EOC)*

(H) SC.912.N.2.4 - Explain that scientific knowledge is both durable and robust and open to change. Scientific knowledge can change because it is often examined and reexamined by new investigations and argumentation. Because of these frequent examinations, scientific knowledge becomes stronger, leading to its durability. (Not assessed on the EOC) (CC Rating= 3)

SC.912.N.3.1 - Explain that a scientific theory is the culmination of many scientific investigations drawing together all the current evidence concerning a substantial range of phenomena; thus, a scientific theory represents the most powerful explanation scientists have to offer. (CC Rating= 3)

EOC Test Item Specification Assessment Limits

None Specified

UNIT 1	Introduction to Biology/ Nature of Science	PACING: 5 days & Integrated throughout the course
Lesson Essential Questions	**Vocabulary/Know**	**Do/Skill**
The Science of Biology • What traits characterize living things? • How do you work safely in the lab? **Review Lab Safety** • **Safety Contract:** ○ https://www.flinnsci.com/resources/safety-reference/safety-contracts--exams/ • **Safety, Cleanup, and Laws:** ○ http://labsafety.flinnsci.com/Chapter.aspx?ChapterId=88&UnitId=1 ○ http://labsafety.flinnsci.com/CertificateCourseSelection.aspx?CourseCode=MS	• Characteristics of living things • Lab safety procedures • Homeostasis	• Demonstrate lab safety procedures. • Identify and explain the characteristics of living things
Scientific Thinking • What is science? • What processes are used to answer questions in science? • What are the differences between theories, laws, and hypotheses?	• hypothesis • theory • law • control • data • inference • empirical evidence • science • test (independent) variable • outcome (dependent) variable • bias	• Identify what is science and non-science. • Evaluate scientific claims and their sources. • Explain the difference between hypothesis, theory, and law. • Use good scientific practice to engage in student directed inquiry. • Plan and conduct a scientific investigation ○ Construct data tables, create and analyze graphs. ○ Write a lab report. ○ Research a scientific question using reliable sources of information; credit sources. ○ Make inferences from scientific observations. ○ Measure using SI units; calculate. ○ *NOS Focus: Hypothesis- writing, testing and analyzing.* ○ *NOS Focus: Data collection and organization.*

UNIT 1	Introduction to Biology/ Nature of Science	PACING: 5 days & Integrated throughout the course

RESOURCES

- Miller & Levine Biology
- EOC Item Specs
- Test Prep Workbook (Consumable)
- Explorer's Journal: Problem-Based Learning Workbook (Consumable)
- CPALMS Offers activities by standard.
- Online Simulations
- STEM Fair Project

Teacher Instructional tip:

- **Activity before Content (AbC) and Content before Vocabulary (CbV).**

SAMPLE ASSESSMENT QUESTION

An osmosis investigation was conducted using chicken eggs to represent cells with semipermeable membranes. The mass of each egg was measured to determine how much water diffused into or out of the eggs. The eggs were first soaked in vinegar to dissolve the shell. Each egg was then placed in one of three different solutions for 24 hours. The table below shows the results of the investigation.

OSMOSIS IN CELLS

Solution	Average Mass of Eggs Before Soaking (grams)	Average Mass of Eggs After Soaking (grams)	Difference in Average Mass (grams)	Percent Change in Average Mass
Vinegar (95% water)	71.2	98.6	27.4	+38.5
Corn syrup (5% water)	98.6	64.5	34.1	-34.6
Distilled water (100% water)	64.5	105.3	40.8	+63.3

Based on this experiment, which of the following should be inferred about cells with semipermeable membranes?

A. Substances other than water may also cross the cell membrane.
B. Substances other than water may block pores in the cell membrane.
* C. Water enters the cell when placed in environments of high water concentration.
D. Water leaves the cell when placed in environments with a low concentration of solutes.

Biology Standards Review *(Aligns to Miller Levine Biology)

Consumable Resource: Florida Test Prep Workbook, you should have one for each student. Can be found online in Teacher Resources.
Answers: Online in Teacher Resources (Do not put these on a public website due to copyright laws.)
What: Unit 1 & 2, Pgs. 1-29
When: Fit this in as you see fit in the 9 weeks. The Early Release days, after an assessment, a short week, an extremely busy week- just get it in during the 1st 9 weeks.
How: Use the consumable book so students can interact with the text. Change it up: partners, individual, competition between groups, keep it engaging. Do not simply give them the answers, see what they know, let them struggle and explain why they were right or wrong.
Why: The more students interact with content and these types of questions the better they will all perform on assessments.

Introduction

The reading curriculum for CSUSA Schools is based on a foundation of the FL BEST standards.[1] CSUSA applies a standards-based approach to reading instruction that focuses on mastery through the use of a Guaranteed and Viable Curriculum (GVC), the core of its education model. The GVC is based on the research of Robert Marzano as published in *What Works in Schools: Translating Research Into Action (2003) and The New Art and Science of Teaching (2017).* The GVC provides all students with equal opportunity to master the standards, and the time in which to reach mastery. The use of the GVC ensures that individual teachers do not have the option to disregard or replace assigned content. Teachers focus individualized reading instruction utilizing CSUSA created curriculum maps, which group and arrange the standards in a logical way to ensure all grade level standards can be taught within the school year. Instruction will incorporate a variety of authentic texts, with a blend of literary and informational texts in all grade levels. Along with other resources described further in this plan, CSUSA Schools will utilize a core reading resource, SAVVAS MyView Literacy (K-5) and Houghton Mifflin Into Literature (6-12). Core reading programs are augmented with diagnostic assessments, leveled texts, intervention and supplemental resources, as well as various other components to meet the needs of all students. The program provides support in building a strong foundation in reading and utilizing critical thinking skills within the reading activities.

The primary goal of the implementation of the reading curriculum is to teach children to understand what they read, and to become life-long readers through systematic, direct instruction of the Standards aligned to the six components of reading: phonological awareness, phonics, fluency, vocabulary, reading comprehension and oral language. CSUSA has incorporated the six components of reading into the GVC, providing curriculum maps with corresponding standards assessments and vocabulary that will assist teachers in systematic instruction of the standards aligned to the science of reading. In the curriculum maps, standards are logically grouped and sequenced, building from simple to more complex skills and taught to mastery, as monitored through Instructional Focus Assessments (IFAs) after each unit of instruction and other classroom formative assessments. Phonemic awareness and phonics skills are scaffolded in blending, segmenting, deleting, and other skills. Research has identified specific skills children must learn in order to read well. According to the Report of the National Reading Panel Teaching Children to Read, the best instructional reading programs include: use of the alphabet (phonemic awareness and phonics), fluency (guided oral reading and independent, silent reading), and comprehension (vocabulary and text comprehension).

Research from *Florida Center for Reading Research* and *Just Read Florida!* will be continually reviewed in order to formulate a research-based reading curriculum based on the needs of the students. CSUSA Schools will implement an ELA block that includes time for all BEST ELA Strands in kindergarten through fifth grades. The ELA block will include whole group instruction and small group instruction utilizing a research-based sequence of reading instruction, with differentiation for specific student learning needs, timely and specific feedback, and high-student engagement to ensure the greatest impact of a full instructional block. There will be instruction for communication/writing, and further vocabulary development, including integration of science and social studies within the ELA block. In addition to the ELA block, there will be an additional block of time dedicated to targeted intervention, remediation or enrichment based on student need, which is aligned with Response to Intervention (RtI), described further in this plan. Standards-aligned reading, writing, speaking and listening instruction will be systematically integrated throughout the day in all subject areas.

[1] A review of the CSUSA Reading Plan for K-12 and guidelines provided by Just Read, Florida! is conducted annually to ensure alignment with current Florida state statute.

No matter the grade level, students in need of additional support will be provided the extra minutes of support either in a push-in or pull-out setting, possibly within a non-required specials period. Middle and high school grades will follow a similar plan, dependent on course scheduling. If students qualify based on data and assessments, they will receive intervention in reading.

Research informs us that there is an instructional difference between annual growth for students who are on grade-level and catch-up growth for students that are below or significantly below grade-level (Fielding, Kerr and Rosier 2007). Addressing literacy and reading for those who are multiple years behind grade-level is not a single year process, in fact, it is only after 2-3 years of comprehensive reading instruction of more than 200 minutes per day that students begin to cross the threshold of grade- level performance (50th percentile). With this in mind CSUSA Schools intend to provide extended instructional minutes to students below grade level through extended-day learning opportunities, remediation, additional tutoring, and in-school interventions.

Table 1.1 below describes a sample progression plan to increase instructional minutes in reading in grades K-5.

Table 1.1

Sample Progression Plan of Instructional ELA Minutes Grades K-5		
On Grade Level Instructional Plan	**Strategic Instructional Plan**	**Intensive Instructional Plan**
90-minute uninterrupted ELA block	90-minute uninterrupted ELA block	90-minute uninterrupted ELA block
30-minute additional block for ELA instruction	30-minute additional block for ELA instruction	30-minute additional block for ELA instruction
30-minute remediation/enrichment block	30-minute remediation/enrichment block	30-minute remediation/enrichment block
	30-minute Intervention block	30-minute Intervention block
		Additional 30-minute intervention block

K-5 Remediation/Enrichment

Students receive targeted instruction in core reading classes during a specific time block. Students are grouped based on their various levels of performance on grade-level standards. The groups are adjusted accordingly based on formative assessment data to ensure students continuously receive personalized instruction. For example, students that are below grade level may receive remedial instruction focused on foundation or comprehension skills, while novel studies or vocabulary application may be the focus for students on grade level. Students above grade level may be participating in an enrichment block where they are incorporating critical thinking and project-based learning to enhance their levels of understanding.

K-5 Intervention

Students who have been identified as having substantial reading deficiencies, as defined by FL Rule 6A-6.053, receive targeted, intensive instruction during a specific intervention time block. They are grouped based on their various levels of performance within the domains of reading and are instructed based on those targeted skill gaps. The groups are adjusted accordingly based on screening, diagnostic and progress-monitoring data to ensure students continuously get the support they need.

The following table provides an example of an elementary schedule beginning with a remediation/enrichment block, a core integrated ELA block, and a separate block for intervention. See the school addendums for individual schools' schedules.

Table 1.2

Sample Elementary Schedule	
Time	**Monday – Friday Schedule**
8:00 am – 8:40 am	Remediation/Enrichment Block
8:40 am – 10:10 am	ELA Block – 90 Minutes Uninterrupted Reading Instruction
10:10 am – 10:40 am	Additional ELA Block - Integrated Social Studies and Science Content
10:40 am -11:10 am	Intervention Block
11:10 am – 11:40 am	Lunch
11:40 pm – 12:25 pm	Specials
12:25 pm – 12:55 pm	Guided PE
12:55 pm – 2:25 pm	Mathematics
2:25 pm – 3:00 pm	Science/Social Studies Experiential Block

6-12 Intervention

In middle and high school, students who need remediation as determined by their performance on state and/or interim assessments will receive intensive instruction through intensive reading support during a double ELA block, a push-in/pull out model or a separate intensive reading course, in addition to their scheduled English Language Arts course. Students are grouped based on their various levels of performance and targeted skill gaps. Throughout the class, groups are adjusted based on formative and progress monitoring data to ensure students continuously get the support they need. Small group instruction and research-based instructional strategies for intervention will be included.

Descriptions of the programs and resources used for intervention will be explained in detail further in Attachment A. Individual schools are not limited to the resources listed in this attachment. The resources used by the individual schools can be found in the school addendums.

Table 2.1 that follows, aligned with Response to Intervention (RtI) described further in this plan, describes the progression plan to increase reading instructional minutes in grades 6-12 to ensure that students achieve mastery of grade level expectations.

Table 2.1

Progression Plan of Instructional Reading Minutes 6-12		
On Grade Level Instructional Plan	**Strategic Instructional Plan**	**Intensive Instructional Plan**
50+ minute ELA block	50+ minute ELA block	50+ minute ELA block
	50-minute intensive reading class (OR) intensive scaffolded support in reading during a double block/remediation block (OR) intensive scaffolded support in reading during a push-in/pull-out model	50-minute intensive reading class (OR) intensive scaffolded support in reading during a double block/ remediation block (OR) intensive scaffolded support in reading during a push-in/pull-out model
		30-minute intervention sessions

Table 2.2 provides an example of a middle school schedule including intensive reading instruction through a push in/pull out method and a double block of ELA instruction.

Table 2.2

Sample Middle School Schedule		
Period	**Time**	**Subject**
	8:00 am – 8:24 am	Homeroom/Advisory
1	8:26 am – 9:16 am	ELA
2	9:18 am – 10:08 am	ELA (option for interventions)
3	10:10 am – 11:00 am	Math
4	11:02 am – 11:52 am	Musical Theatre (option for interventions)
5	11:54 am – 12:44 pm	Science
	12:46 pm – 1:16 pm	Lunch
6	1:18 pm – 2:08 pm	World History
7	2:10 pm – 3:00 pm	PE
	3:00 pm	Dismissal

The Comprehensive Core Reading Program (CCRP)

The Comprehensive Core Reading Plan (CCRP) is the basis of reading instruction provided to all students at all levels as a critical component of the GVC. SAVVAS MyView Literacy (K-5) is the state approved core-reading program for kindergarten through fifth grade. It is a comprehensive, research-based program, which provides for the implementation of an integrated approach, and supports the creation of a strong reading foundation required for the development of literacy skills needed for the success of 21st century learners. It correlates to the BEST standards across all grade levels and addresses the six areas of reading: phonological awareness, phonics, fluency, vocabulary, comprehension, and oral language. It also provides for explicit, systematic instruction, and ample practice opportunities which allow students to master necessary reading skills. This research-based instructional approach is provided during the uninterrupted 90-minute ELA block, and will incorporate a variety of authentic texts, with a blend of literary and informational texts in all grade levels. This combination of short stories, novels, non- fiction texts, poetry, and drama will prepare the student for real-life reading application. Text exemplars provide exposure to more complex text to challenge the students, allowing them to reach higher standards of success. The literature and non-fiction texts, supplemented with exemplar texts, suggested in the curriculum maps, are to be used for close, analytic reads.

A portion of the block will consist of teachers providing the designated reading lesson for the day, and the remainder of the time will be differentiated for students to receive targeted small-group instruction or complete independent activities tailored to practice necessary reading skills from the lesson. Small-group instruction and corrective feedback will be provided, and independent work will be monitored. Teachers will use texts and materials at the student's instructional level, and progress to more complex text as necessary.

HMH Into Literature, a comprehensive English Language Arts program with an integrated reading and writing approach, will be utilized in grades 6-12. The program correlates to the BEST standards for all grade levels and contains multiple resources that include a reading focus. For example, resources such as an interactive work text, The Close Reader, is provided for close reading as are digital tools to enhance students' ability to analyze and identify critical information within a variety of rigorous text structures. Into Literature can also be utilized to facilitate teacher-led small group instruction, which research shows to be an effective strategy for proficient reading. Additionally, Into Literature includes vast supplemental novels for the use of book studies and Literature Circles, a research- proven effective reading instructional strategy (Daniels, 2002; Langer, 2002; Marzano, Pickering & Pollack, 2001; Barone & Barone, 2012; Helgeson, 2017).

Supplemental Intervention Reading Program (SIRP)

Based on benchmark, interim and formative assessment data, students will receive additional instruction and practice on identified skills. Teachers will provide additional instruction outside of the 90- minute ELA block (K-5) in times such as the RtI block, through content area integration, during enrichment activities, and during any other opportunity to support student achievement of individual learning goals. Programs, resources and assessments used during SIRP are described in detail in Attachment A. Individual schools are not limited to the resources listed in Attachment A. The resources used by the individual schools can be found in the school addendums.

Comprehensive Intervention Reading Programs (CIRP)

CSUSA Schools will meet the individual needs of students who, based on diagnostic data, have been identified to have significant skill deficiencies and/or read one or more years below grade level. Students will receive additional instruction outside of the 90-minute ELA block and the SIRP interventions through the use of an evidence-based intervention program in a small-group setting. These students will receive more frequent progress monitoring to ensure accelerated progress toward grade level expectations. Students will not be pulled out of core subjects for this additional reading instruction. For example, the comprehensive reading instruction could occur during dedicated intervention times, an extension of an ELA block, or during non-required electives. Programs, resources, and assessments used during CIRP are described in Attachment A. Individual schools are not limited to the resources listed in the school addendums.

Response to Intervention

CSUSA Schools will use a Response to Intervention model based on a Multi-Tiered System of Supports (MTSS) to provide high quality instruction and interventions matched to the needs of each individual student. This model is aligned with all federal and state laws to ensure all students make appropriate learning gains. Each student's performance will drive future instructional decisions. This will be in place for all students in need of reading intervention, including students who have previously been identified as meeting Exceptional Student Education (ESE) eligibility requirements, students with 504 plans, and English Language Learners (ELL). Students with IEPs qualify for Tier 2 and Tier 3 services in the same manner as all other students, in addition to any services and accommodations that they are already receiving through their IEP. CSUSA Schools will follow the district's guidelines for 1011.62(9), F.S., and FL Rule 6A-6.053, where all students in grades kindergarten through 12 requiring Tier III intensive reading interventions will be taught by a teacher who is certified or endorsed in reading.

The RtI model includes:

- Tier 1 – Standards-Based Classroom Learning. All students participate in general education learning that includes: universal screenings to target groups in need of specific instructional and/or behavioral support and implementation of the Florida Standards (BEST). This is implemented through standards-based classroom structure, differentiation of instruction, flexible grouping, progress monitoring, formative assessments, and positive behavior supports.
- Tier 2 – Needs-Based Learning. In addition to Tier 1, targeted students participate in standard intervention protocol processes for identifying and providing evidence-based interventions based on student need, on- going progress monitoring to measure student response to intervention and guided decision-making. Instruction occurs in small-groups in addition to the time allotted for core instruction.
- Tier 3 – SST-Driven Learning. In addition to Tier 1 and Tier 2, targeted students participate in intensive, formalized problem solving to identify individual student needs; targeted evidence-based interventions tailored to individual needs; evidence-based curriculum resources; frequent progress monitoring; and analysis of student response to intervention(s). The time spent on instruction for Tier 3 students is in addition to the combined Tier 1 and Tier 2 amounts.

See Addendum for a draft of a Reading Intervention Process and Procedures Manual for CSUSA Schools.

CSUSA Schools ensure that behavior does not impact the reading acquisition process. Through a collaborative problem-solving model, the multi-disciplinary team, which may include school counselor, teacher, curriculum resource teacher, administrator will systematically review performance data of all students and identify interventions as needed to improve student performance. This team will work with teachers on implementation of these interventions with fidelity and progress monitoring. The team will meet regularly to discuss how to better enable learning for students at each of the three intervention tiers.

CSUSA Schools will offer ELL students instructional services through a Mainstream/Inclusion English Language Arts and Mainstream/Inclusion for Core/Basic subject areas model. Sheltered instruction may be offered to students in grades 6 –12 as needed via English Through ESOL and Developmental Language Arts Through ESOL. Mainstream/inclusion instruction provided to ELL students will be equal in amount, sequence, and scope to the instruction provided to the non-ELL students at the same grade levels. WIDA Can Do Descriptors will be used as a tool to help differentiate instruction, according to what the student should be able to do based on the student's stage of English language proficiency. Instruction will be supported through the use of differentiated ESOL instructional strategies, accommodations, materials, and assessments, which are monitored by the ELL committee and documented in lesson plans. The effectiveness of these ESOL strategies will be determined by the teachers' observations, administrative classroom walk-throughs, data chats, and site visits. In addition, the curriculum, textbooks, and other instructional materials used by ELL students will be comparable to those used by their non-ELL counterparts. Supplemental text and materials will also be provided as needed for language acquisition and reading instruction.

ESOL components are included within the SAVVAS MyView Literacy (K-5) reading program, such as leveled texts, to supplement the lesson and provide differentiated support to ELL students. All students, including ELL students, who are performing below grade level will be referred to the RtI process. Interventions that will be provided include push-in/pull-out support and small-group instruction. Progress Monitoring Plans (PMP) will be created for all students, including ELL students, to properly document types and frequency of interventions. The ESOL coordinator will take part in monitoring these PMPs to ensure ELLs are making adequate progress based on performance of class and benchmark assessments. The state required assessment, ACCESS for ELLs, will be administered as appropriate.

Students in CSUSA Schools who have been identified and qualify for a Gifted Education Program, each have an Educational Plan (EP). The schools' gifted teachers work collaboratively with the instructional team to support the students in the achievement of their EP goals. Strategies utilized will allow students to be academically challenged and will focus on higher-order thinking skills. The team works together to review student data and identify enrichment areas which may be targeted through differentiated instruction. Through differentiated activities, gifted students' studies may encompass holistic projects that include components such as the development of advanced research skills, complex creative thinking and problem-solving, communication skills for a variety of audiences, and use of technology to promote the desire for learning on self-selected and/or teacher-selected topics.

Between diagnostic and interim assessment periods, teachers will administer a variety of assessments to students in need of intervention, or to those who are not responding to interventions. The norm-based Northwest Education Association (NWEA) assessment or other comparable assessments are used as the universal screenings for all grade levels, K-10 to determine student need for intervention. For the complete breakdown of diagnostic tools used and frequency of assessment during the RtI process, see Assessment section beginning on page 15.

All elements of progress monitoring will be shared with parents through the report card and data conferences, conducted throughout the year. Parents will have the option to schedule conferences as needed with the teacher. This connection between home and school will enhance students' ability to achieve annual progress.

Reading Program Specifications

In order to make reading a "primary focus," all objectives from the *Just Read Florida!* Reading Program Specifications that follow will be implemented at CSUSA Schools.

Specification 1: Professional Development

- Comprehensive Initial Professional Development
- Professional Development for Everyone
- Frequent and Continuous Professional Development
- Professional Development to Impact Change
- Professional Development Led by School-site Expertise

CSUSA Schools will provide professional development for all teachers through the model of continuous improvement. All teachers will be provided evidence-based professional development targeted to school improvement goals and aligned to the science of reading. Literacy trainings will help teachers integrate phonemic awareness, phonics, word study and spelling, fluency, vocabulary and text comprehension strategies into an explicit, systematic and sequential approach to reading instruction, including multisensory intervention strategies. Teachers will meet in professional learning communities weekly by grade level teams, facilitated by their team leads, to analyze student data and design units and accompanying lessons that are aligned to state benchmarks. Additionally, team leads participate in monthly leadership meetings with administrators. Based on administrative/support walk-throughs, site visit feedback, and student performance, teachers will be provided specific, differentiated professional development from mentor teachers, administrators, curriculum specialists, or curriculum resource teachers (CRTs). At least one CRT will be on staff at all CSUSA Schools, and a regional curriculum specialist will be assigned for support.

Professional development will be provided at least monthly, in addition to weekly grade level meetings, and on designated teacher professional development days. Teachers will meet for data chats with mentor teachers and administrators, after benchmark assessment periods, to analyze student reading progress, and develop an action plan for professional development. These data chats can include reading intervention strategies, teaching reading in content areas, and many other literacy development opportunities. Professional development will have an emphasis on dyslexia, multisensory interventions and explicit instructional approaches. Florida's BEST Standards and scientifically based reading research and evidence-based practices will also be an area of focus for professional development and PLCs. Mentor teachers and model classrooms may be used as additional coaching strategies to supplement the traditional professional development already in place. A sample professional development agenda is shown in Table 3 that follows. In addition to the following network-wide plan, see the school addendums for individual schools' customized professional development plans.

Table 3

Professional Development Agenda		
Month	Topic	Facilitator

May	Cadre Webinar	Curriculum Specialist

Instructional personnel who have not yet earned a reading certification, endorsement or an advanced degree in scientifically researched and evidence-based reading instruction will be provided opportunities to obtain these through partnerships with higher education institutions and/or state approved Education Preparation Institutes.

In preparation for their highly supportive roles within CSUSA Schools, CRTs attend training workshops each year to further professional knowledge on how to best serve CSUSA Schools. In order to facilitate professional development to the teachers throughout the year, CRTs attend Curriculum Cadres and webinars provided by curriculum specialists.

Principals and Assistant Principals have their own professional development institutes over the summer to prepare for the coming year, with regard to best practices, new regulations, and any other expectation within their roles. Principals and Assistant Principals attend meetings to receive support within their positions.

CSUSA also has a professional development plan for New Teacher Induction (NTI) prior to orientation at the school level. Additional opportunities for NTI will be provided throughout the year as teachers are hired. Returning teachers receive at least one full week of professional development prior to the start of the new school year for Returning Teacher Orientation (RTO). These two-week trainings are provided by CSUSA, and are facilitated by Curriculum Specialists, site-based administrators, and Curriculum Resource Teachers. During the first days of NTI/RTO, all teachers new to the school will receive comprehensive training that ensures their understanding and implementation of the GVC. In subsequent days, all teachers will receive training based on the Marzano works, *What Works in Schools: Translating Research into Action (2003), and Classroom Instruction That Works: Research-Based Strategies for Increasing Student Achievement (2001).* This professional development will support all areas of reading instruction, including the use of targeted instruction, differentiated instruction, formative and summative assessments, tracking and monitoring progress, and working with special needs students such as ELL and students with disabilities.

Teachers have to complete required coursework to obtain proper ESOL endorsement, as well as follow state guidelines for professional certificate renewal. In addition, teachers and administrators are encouraged to exemplify the commitment to lifelong learning, by seeking professional development outside of the requirements of CSUSA Schools.

Professional development based on reading instructional software programs occurs throughout the year. Both CSUSA and the individual software companies provide these trainings. Training formats include face-to-face, train-the-trainer, network wide webinars and continuous follow up visits and support. Trainings are also provided by core textbook publishers throughout the year on appropriate, new uses of resources, including ways to best utilize provided materials to reach struggling readers.

The roles and responsibilities of instructional coaches can vary depending on the specific needs and goals of the school. However, some common roles and responsibilities include Coaching, Data, Curriculum, Professional Development, and Culture.

The table below explains in detail the coaching and professional development standards for Curriculum Resource Teachers (CRTs) and examples of responsibilities that fall within these standards. Instructional Coaches are not limited to the responsibilities listed and are differentiated based on school/teacher needs.

CSUSA Curriculum Resource Teacher (CRT) Standards	
CRT Standards	**Sample Responsibilities**
Standard 1: Coaching The CRT utilizes the coaching cycle tools to model, coach, and provide meaningful feedback to build capacity in instructional staff.	Tier teachers based on support needed. Walk-throughs Targeted observations Instructional Strategies and Resources Feedback Modeling Coaching Maintain documentation of coaching cycles
Standard 4: Professional Development The CRT facilitates meaningful, differentiated professional learning opportunities aligned to the school-wide strategic plan and State initiatives.	Differentiate Teacher Professional Days Establish follow up systems/implementation Provide assistance with DPP goals Collaborate on PD calendar Track PD Points PLC's NTI/RTO Instructional Action Planning

Tiering teachers is an essential part to coaching as one of the initial steps. When tiering teachers, the leadership team considers several factors, including but not limited to student growth, progress monitoring data, classroom observations, etc. Coaching support for teachers is differentiated and varies based on teacher need. Teachers identified as needing intensive support would then work with coaches to begin a coaching cycle based on the identified areas of opportunity.

Specification 2: Administrative Practices in Support of Reading

- 2.1 Reading as a School-wide Priority
- 2.2 In-service and Evaluation Processes Focused on Reading
- 2.3 Resource Focus on Reading Achievement

School leaders will set high expectations for student achievement in reading and will develop a culture of excellence with a focus on reading. The frequent administrative/support walk-throughs and site visit feedback will be targeted to track teachers' mastery of high-probability, research-based instructional strategies. These measures ensure that teachers implement the reading plan with fidelity and that resources are allocated and used to deliver the strongest impact on student achievement in reading.

High-quality reading programs and materials will continuously be chosen to meet the needs of students. Feedback from teachers can be gathered at each biweekly data chat, as well as from results from each interim assessment and benchmark assessment provided by the Northwest Evaluation Association (NWEA) or other comparable assessments to evaluate the effectiveness of each chosen instructional program. These assessments are described further in this plan. Core curriculum may be supplemented by the purchase of novels and other approved fiction and nonfiction texts for students to read within classroom instruction, as well as for personal reading pleasure, to increase motivation and foster a love for reading in students. The Curriculum Resource Teacher will collaborate with the reading and content area teachers to create text sets or collections of books around a topic of inquire at varying levels of complexity. If an individual school has received a Title I designation, there also could be additional resources and personnel, such as a reading coach, to assist with the selection of materials.

The principal will clearly articulate the vision, mission, and expectations that all children can read, and assist in establishing reading as a priority. Schools may support reading as a priority by spearheading a Reading Challenge in which all students will be expected to read a specific number of books at their independent level throughout the year.

Table 4 below provides CSUSA guidelines for the number of books that may be read by each student:

Table 4

Sample Reading Challenge Goals	
Grade Level	Number of Books
Kindergarten	100
1st - 5th Grade	50
6th – 12th Grade	30

Teachers can monitor students' independent reading, and check for comprehension in a variety of ways including, but not limited to, student created illustrations, summaries, and verbal explanations. Progress toward the school-wide goal will be tracked and celebrated on hallway or classroom displays. This challenge will also provide for a home-school connection with reading, in addition to their regular daily homework assignments from core courses. Parents will be required to sign a reading log or tracking system to monitor students' independent reading at home. Parents can facilitate deeper understanding of texts by being the "teacher" at home, asking their children questions about what they are reading and providing support for any book reports or projects that may need to be completed. Students may have the opportunity to use tablets or e-readers as well.

Staff members may also participate in a similar reading challenge. This can further promote CSUSA Schools' vision of creating the desire for students to be life-long learners as teachers will be role models, demonstrating their love for learning through reading.

CSUSA Schools will also have a Literacy Committee or Reading Leadership Team in order to develop programs and activities that will promote reading throughout the school.

Specification 3: High Quality Reading Instruction is a Dynamic System

- 3.1 Propels Student Learning in Essential Reading Components
- 3.2 Expends Efficient Use of Instructional Time
- 3.3 Contains Systematic Set of Assessment Practices
- 3.4 Differentiated Instruction

Essential Reading Components

The six components of reading will be taught explicitly with structured practice to ensure mastery. Speaking and listening skills is an essential component of literacy. Expressive and receptive oral language skills will be provided throughout the English Language Arts instructional block. Opportunities for students in all grades will be provided to engage in developmentally appropriate collaborative partner, small group and whole class discussions. These discussions will include vocabulary development, guided practice, demonstrating understanding by summarizing and retelling, reporting on topics and relating key details of stories in a logical fashion, presentations and picture chats.

Phonological awareness skills, such as phoneme blending and phoneme deletion, will be scaffolded beginning with simpler phonemes, and building to more complex phonemes. Phonics skills and decoding strategies will be taught systematically and sequentially so that students understand how letters represent sounds and sounds blend together to make words that contain meaning. The curriculum supports students enhancing their phonics skills within their writing. In addition to explicit whole group instruction, these skills are further mastered through small group instruction, centers, and cooperative learning activities.

Teachers will provide fluency instruction on three levels of text: high frequency word fluency, phrase fluency, and text fluency. Students will set individual goals for fluency, and teachers will track progress toward achievement through regular fluency assessments.

To build academic vocabulary, teachers will choose the most important vocabulary words to teach, and following a six-step process to teach new words so that students develop a deep understanding of the word (Marzano). Students are first provided a description or example of the word (verbally and in non-linguistic form). Students then restate this description in their own words, and also create a picture or symbol to represent the word. Students interact with this new word in various higher-order activities throughout the week, as well as with each other. They may also participate in games with the word for further motivation and connections.

Reading process and literary analysis skills will be taught through direct instruction of content cluster skills, and modeling of metacognitive, comprehension strategies (Keene and Harvey & Goudvis). This is supported through small group instruction with leveled texts. By providing direct, systematic instruction for all six components of reading, CSUSA Schools will ensure that all students achieve annual growth in reading.

Using an integrated approach, writing will be a part of all content areas. Included in this approach will be elements from direct skill instruction and the process-oriented methodology including frequent opportunities for students to engage in, and apply specific skills in a variety of communication activities. Additionally, writing skills will be strengthened across the curriculum through responding to text and the use of writing strategies such as, planning, revising, editing, peer review and collaboration. Furthermore,

text production and process writing approaches will be incorporated. Technology, such as word processing will be utilized as support.

Efficient Use of Instructional Time

In order to maximize instructional time, teachers are requested to map out their lessons minute-by-minute. This ensures for "bell-to-bell" instruction, with research-based strategies implemented to engage students within learning the entire time. These lesson plans are approved by administrators and implemented with fidelity throughout the year. With administrative approval, teachers may adjust their plans as the year progresses to best fit the needs of students. These minutes are posted in the classroom for all students, as well as visitors, to see. This makes all stakeholders aware of what is happening in the classroom and assists with appropriate instructional pacing.

Teachers are also expected to map out their lesson plans in a very structured, research-based manner, following the guidelines of using an introduction, modeling, guided practice, independent practice, and closure within every lesson and every subject.

Reading processes and literary analysis skills will be taught through direct instruction of content cluster skills and by modeling of metacognitive comprehension strategies (Keene and Harvey & Goudvis). This is supported through small group instruction. Students will have access to leveled readings and activities in targeted small groups and centers used for individualized instruction and practice. Highly qualified teachers will appropriately group students by level and differentiate instruction targeted to particular groups' needs through scaffolded, reading lessons. Additionally, instructional software, which adapts to student's individual needs will be used.

Students move into independent practice when they have proven they have understood the concept, and the purpose is to master the objective. During this time, teachers can work with small-groups, and focus on targeted instruction using research-based strategies through targeted small group instruction and implement differentiated and skill-specific centers. This allows teachers to provide extra assistance to those who are not ready to move on to the independent practice stage and hone in on particular deficiencies. Lastly, a closure activity is conducted, whether it is in the form of an exit-slip, or turn-and-talk response, in order to gauge final understanding of the concept taught within the lesson. This effective use of instructional time plan applies to all subject areas, not just reading. For those students who are in need of extra instructional time and support, see the sample schedules provided.

Assessment

At the beginning of every school year, teachers will analyze previous year's state assessment scores and identify each student's reading level through a variety of assessments. Examples of assessments that may be available for CSUSA Schools are shown in Table 5.1 below. See the school addendums for specific progress monitoring assessments used at individual schools and Attachments A and C for more information about CSUSA assessments.

Table 5.1

Grades K-2 Sample Reading Assessments		
Category	**Assessment**	**Frequency**
Screening	NWEA MAP Growth; STAR; iReady	Up to 3 times a year
Diagnostic	iReady Progress Monitoring; DIBELS; NWEA Reading Fluency	1-3 times a year
Progress Monitoring	STAR; Easy CBM; DIBELS; NWEA Reading Fluency; DAR; MyView	Minimum of every 3-4 sessions within a 6-8-week intervention cycle
Outcome Measures	NWEA MAP Growth; State Assessments, Instructional Focus Assessments	Range: by unit → 3 times a year

Table 5.2

Grades 3-5 Sample Reading Assessments		
Category	**Assessment**	**Frequency**
Screening	NWEA MAP Growth; FAST; iReady	Up to 3 times a year
Diagnostic	iReady Progress Monitoring; DIBELS; DAR; NWEA Reading Fluency	1- 3 times a year
Progress Monitoring	FAST/Cambium; Easy CBM; STAR; DIBELS; DAR; NWEA Reading Fluency; MyView	Minimum of every 3-4 sessions within a 6-8-week intervention cycle.
Outcome Measures	NWEA MAP Growth; State Assessments, Instructional Focus Assessments	Range: by unit → 3 times a year

Table 5.3

Grades 6-12 Sample Reading Assessments		
Category	**Assessment**	**Frequency**
Screening	NWEA MAP Growth; iReady (6th- 8th); FAST	Up to 3 times a year
Diagnostic	DIBELS; DAR; iReady Progress Monitoring (6th-8th)	1-3 times a year
Progress Monitoring	Easy CBM; FAST/Cambium (6-10); DIBELS, DAR	Minimum of every 3-4 sessions within a 6-8-week intervention cycle.
Outcome Measures	NWEA MAP Growth; State Assessments, Instructional Focus Assessments;	Range: by unit → 3 times a year

In addition to the assessments above, fluency assessments such as oral reading fluency checks using scaffolded discussion templates, will provide data regarding reading level progress. For those students with disabilities for whom participation in the regular state assessments has been deemed not appropriate per their Individualized Education Plans, alternative options will be provided per the Florida state guidelines. CSUSA Schools will be in compliance with all guidelines and requirements, including assessments for students with Individual Education Plans and English Language Learners. For those third grade students who do not meet standardized testing passing requirements, CSUSA Schools will utilize state approved alternative assessments for good cause promotion. Teachers will administer formative and summative standard based assessments that are designed to evaluate whether a student has mastered a specific standard at the lowest level that was taught. Each assessment will measure the academic performance of each student on a particular standard, based on content that has been introduced and practiced multiple times.

NWEA MAP Growth, or a comparable assessment, may be administered three times per year, as well as interim assessments will provide data regarding progress toward the state-mandated assessment, and are described as follows:

- NWEA Interim Formative Assessments - The Northwest Evaluation Association (NWEA) MAP Growth assessments are nationally normed, and proven to be effective at targeting student achievement and determining skills students need to improve performance. NWEA uses a scale score (RIT) that continues through each grade level, which enables us to monitor growth from one grade level to the next, as well as determine exactly how far above or how far below grade level a student is. NWEA currently provides the Measures of Academic Progress (MAP). These assessments are adaptive and computer-based, which help prepare students for the format of the state assessments as well. NWEA MAP tests students with engaging, ability-appropriate content. NWEA is an adaptive assessment; therefore, as a student responds to questions, the test difficulty adjusts to the level of the student.

Assessments are followed by a decision-making process to determine the next action to take to meet students' needs. Teachers use data from state assessments, NWEA MAP, interim assessments, and class assessments to drive the decision- making process with regard to differentiated instruction. This decision making includes re-teaching, changing the instructional strategies, or modifying the developed product to demonstrate understanding. Student groupings will change in classes periodically depending on the activity level and ability level. Teachers will integrate formative assessments throughout activities to make adjustments. Continuously assessing, reflecting, and adjusting content, process, and product enables teachers to best meet the needs of each individual student.

For students receiving targeted intervention, for example those receiving Tier 2 or Tier 3 support, the decision-making process will be more formal. After every 3-4 intervention sessions there will be an analysis of the progress monitoring to determine the success of the intervention. After 6-8-weeks there will be a meeting to analyze the data to determine if the student needs to continue with the intervention, if the intervention needs to be modified, or if the student has met their goals and no longer needs the intervention. Time frames may be adjusted based on LEA guidelines.

Differentiated Instruction

CSUSA Schools will follow the belief that differentiated instruction includes:

- A teacher's response to student needs
- The recognition of students' varying background knowledge and preferences
- Student-centered instruction that addresses students' differences
- A blend of whole-group and small-group instruction.

Research states that teachers can differentiate in various ways: with the content students are learning; the process or environment in which the material is being taught; and the product that is developed to demonstrate learning. Teachers will take into consideration the students' readiness for learning, their interest, and their learning profiles.

Research- based best practices with regard to differentiating include:

- For student readiness: focusing on the standard for the content being taught and the objective that must be mastered, but content may be at various levels (i.e. students may read higher-level text yet still master the same standard as students reading on- level text).
- For student interest: allowing students to choose from a list of options of how they will demonstrate mastery (i.e. some students may complete a project, whereas others might write an essay).
- For student learning profile: addressing various individual student differences in learning styles (i.e. students that are tactile learners can use manipulatives, whereas students who are visual learners can use pictures).

Using assessments describe previously in the plan, students will be assessed at the beginning of the school year to determine basic reading development and to detect the presence of any difficulty. Based on the instructional implications of the diagnostic screening, students will be provided instruction to meet their individual needs with an emphasis on cooperative learning and small group instruction. Cooperative groups are flexible based on progress monitoring of reading skills. The reading lesson segments can incorporate differentiated texts—for on-level, advanced, below- level, and ELL students. Teachers will utilize various rigorous and standards-based center resources to engage students in reading activities to deepen their understanding of reading skills through hands-on activities, the use of manipulatives (i.e. word sorts, letter tiles, and dry erase boards), and integration of technology (i.e. listening centers, Reading Plus).

To further enhance learning for those students who are higher-level, including gifted learners, CSUSA Schools will emphasize using higher-order thinking skills and higher-order tasks to challenge the students. These tasks are utilized as students master concepts and deepen their understanding, and ultimately will benefit all levels of learners. The activities are to enrich college-ready skills, such as problem-solving, critical thinking, synthesizing, analysis, connections, creativity, metacognition, evaluation of decision-making, and transferring knowledge. Not only can these be applied within the reading program, but also across all content areas. Examples of higher-order activities that can be utilized include, but are not limited to:

- Cooperative learning groups
- Student-created artifacts
- Cross-curricular projects
- Inductive learning
- Real-world application projects
- Circle of knowledge
- Evaluations and Critiques
- Research projects
- Debates
- Mock trials

Specification 4: Reading Text Materials and Resources

- 4.1 Materials Aligned with Student Reading Levels
- 4.2 Comprehensive Instructional Materials
- 4.3 Wide Assortment of Diverse Text
- 4.4 Flexible Use of Text
- 4.5 Appropriate Use of Technology

The Comprehensive Core Reading Plan (CCRP) Materials: CSUSA Schools will use SAVVAS MyView Literacy (K-5) and Houghton Mifflin Harcourt Into Literature (6-12). As all reading resources are consistently reviewed and evaluated, these choices may change in the future if new, more effective, research-based resources are determined. As stated previously, these proposed programs include a range of diverse print and media aligned with the Florida's BEST Standards. Within the programs there are diagnostic assessments, leveled texts, intervention and supplemental resources, as well as various other components to meet the needs of all students.

Accompanying instructional materials such as workshop kits and decodable books, will be used for differentiated instruction during the K-5 90-minute ELA block, and during the regularly scheduled double block of middle school ELA as illustrated on the sample student schedules in this document. This integrated reading and ELA block will infuse reading instruction for all students through the use of research-based strategies such as close reading experiences and novel studies with the use of exemplar texts. The increase in complexity will be accomplished by exposing students to authentic texts. Students will have the opportunity to utilize these resources at school and at home.

Supplemental Intervention Reading Program (SIRP) Materials

CSUSA Schools will meet the individual needs of students during the school day. The schedules outlined in this plan show additional minutes outside of the uninterrupted 90- minutes of core reading instruction through the Supplemental Intervention Reading Program. Based on classroom and benchmark data, students will receive additional instruction and practice on identified skills. Teachers will provide additional instruction outside of the 90-minute ELA block in times such as the RtI block, through content area integration, during enrichment activities, and any other opportunity, to support student achievement of individual learning goals. A comprehensive list of programs, materials and resources for SIRP is detailed in Attachment A. See the school addendums for the list of resources utilized by individual schools, along with descriptions of how the programs are implemented. Individual schools are not limited to the resources listed in Attachment A. CSUSA is dedicated to increase the resources and materials used to support SIRP at the 6-12 grade levels.

Comprehensive Intervention Reading Programs (CIRP) Materials: CSUSA Schools will meet the individual needs of students who, based on diagnostic data, have been identified to have significant skill deficiencies, and/or read one or more years below grade level, these students will be given additional instructional minutes using an evidence-based intervention program. In addition to SIRP intervention, students will receive this additional instruction outside of the regularly scheduled ELA block, in a small-group setting, with more frequent progress monitoring, to ensure accelerated progress toward grade level expectations. Various materials and strategies will be utilized to aid those students needing extra support in meeting and exceeding a year's worth of learning. A comprehensive list of programs, materials and resources for CIRP is detailed in Attachment A. See the school addendums for the list of resources utilized by individual schools, along with descriptions of how the programs are implemented. Individual schools are not limited to the resources listed in Attachment A. CSUSA is dedicated to increase the resources and materials used to support CIRP at the 6-12 grade levels.

Attachment C demonstrates a sample of the decision-making process through which students are identified for strategic or intensive support. For students who have not responded to a specific reading intervention delivered with fidelity and with the initial intensity (time and group size) provided, reading intervention instruction and/or materials will be changed based on student data. Also, reflected in Attachments A and B are examples of materials that may be utilized during the intervention process. Listed materials will be utilized as the resource, such as FCRR, for research-based reading acquisition strategies. When students are not responding to an intervention their supports are increased, and/or the intervention being used is changed. Assessment and progress monitoring is continued in order to determine and target the deficiency.

Use of Technology and Digital Materials

A primary focus of CSUSA Schools is utilizing technology as an effective way to increase student engagement and interaction with learning, as well as for real-world application. CSUSA Schools will do the same and leverage many digital curriculum assets to enhance the offerings for remediation, enrichment and direct classroom instruction. The goal of technology usage is to create an interactive classroom, taking technology out of the hands of the teachers and place it within the hands of students, for an optimal experiential learning environment. Teachers will be trained to integrate technology into the student-learning environment to increase academic achievement for each student.

With the integration of technology, all students will have targeted access to curricular resources, assessment, technology-based intervention, and enrichment enhancing differentiation. Teachers and students will have technology integrated in the classroom through a variety of modalities. For students, this may include:

- Flat screen televisions with interactive tablets
- SMART/Interactive Panel Boards
- Laptop computers
- Computer labs
- Tablets
- Document cameras
- Production room

CSUSA Schools will utilize digital texts and materials in addition to the traditional texts used in schools. All of the textbook programs used will have a digital book component for both school and home. CSUSA Schools will work to build a partnership with a local library as well to obtain more access to digital content. Materials will consistently be reviewed and updated based on impact on student achievement, with digital texts as a priority to meet student needs.

Evidence-Based Intervention Resources, Programs, and Materials

Examples of Evidence-Based Assessments

Additional evidence –based assessments may be used at the individual school level.

Name of Assessment	Type of Assessment	Frequency
NWEA MAP Growth (K-12)	Screening	up to 3 times per year
NWEA Reading Fluency (K-5)	Screening, Diagnostic and/or Progress Monitoring	up to 3 times per year
STAR Early Literacy/Reading State Assessments (K-2)	Screening	3 times per year
MyView, MyFocus (K-5)	Progress Monitoring	Ongoing, as needed
Read 180	Progress Monitoring	Ongoing, as needed
DIBELS (through 8th grade)	Diagnostic/Progress Monitoring	Ongoing, as needed
Easy CBM (K-12)	Diagnostic/Progress Monitoring	Ongoing, as needed
FAST Progress Monitoring (3-10)	Progress Monitoring	2 times per year, plus summative FAST
DAR (K-12)	Diagnostic/Progress Monitoring	Ongoing, as needed
i-Ready (K-8)	Screening/ Diagnostic	1 to 3 times per year

Examples of Evidence-Based Intervention Resources, Programs, and Materials

Additional evidence-based programs, resources and materials may be used at the individual school level.

Resources/ Program	Grade Level	Phonics	Phonemic Awareness	Fluency	Comprehension	Vocabulary	Oral Language
Lexia Core 5	K-5	x	x	x	x	x	x
Lexia Power Up	6-12		x	x	x	x	
i-Ready	K-8	x	x		x	x	
Reading Horizons	4-12			x	x	x	x
Read 180	3-12	x	x	x	x	x	
Phonics for Reading	2-6	x	x	x			
Intensive Reading Course	MS Course	x	x	x	x	x	x
Edgenuity MyPath	6-12				x	x	
STARI	6-8			x	x		
FCRR	K-12	x	x	x	x	x	x

Corrective Reading	3-12	x		x	x		
SIPPS	K-12	x	x	x		x	
*See school specific addendums for details.							

Attachment B

Reading Intervention Decision Tree

Reading Intervention Decision Tree Planning Tool for All Students*

Start Here:
Identify Students who demonstrate a substantial reading deficiency, according to the universal screener.

Screeners:
NWEA (K-12)
STAR Early Literacy (K-3)
i-Ready (K-8)

Has the student been given a diagnostic reading assessment to identify the specific reading deficiency?

No

Administer a diagnostic reading assessment to identify the specific reading deficiency.

Stand-alone Diagnostics:
NWEA Reading Fluency
DIBELS (through 8th grade)
DAR (K-12)
i-Ready (K-8)

Yes

Based on the diagnostic assessment analysis (determining the need in any of the following areas: Phonological awareness, phonics, fluency, vocabulary, or comprehension), provide immediate targeted intervention in small groups of students with the same deficiency.

Phonological Awareness

Interventions:
Lexia (Core5), i-Ready, Phonics for Reading, FCRR, Scholastic Reading Kits, Heggerty, Orton Gillingham, SIPPS, SPIRE, Magnetic Reading, Really Great Reading, Wilson

Progress Monitoring:**
Easy CBM; DIBELS, DAR, NWEA Skills Checklist; NWEA Reading Fluency, MyView/MyFocus, STAR

Phonics

Interventions:
Corrective Reading(SRA), Lexia (Core 5), Heggerty, i-Ready, Phonics for Reading, FCRR, Scholastic Reading Kits, Orton Gillingham, SIPPS, SPIRE, Magnetic Reading, Really Great Reading, Wilson

Progress Monitoring:**
Easy CBM; DIBELS, NWEA Skills Checklist; NWEA Reading Fluency, DAR, MyView/MyFocus, STAR

Fluency

Interventions:
Corrective Reading(SRA), Lexia (Core 5), Reading Horizons Phonics for Reading, STARI, FCRR, Scholastic Reading Kits, Dreambox Reading, Orton Gillingham, SIPPS, SPIRE, Magnetic Reading, Read 180, Really Great Reading, Wilson

Progress Monitoring:**
Easy CBM, DAR, DIBELS, NWEA Reading Fluency, MyView/MyFocus

Vocabulary

Interventions:
Lexia (Core 5), Lexia Power Up, FCRR, Scholastic Reading Kits, i-Ready, Edgenuity My Path, Reading Horizons, Orton Gillingham, SIPPS, SPIRE, Magnetic Reading, Read 180, Really Great Reading, Wilson

Progress Monitoring:**
Easy CBM; DAR, DIBELS, MyView/MyFocus, Read 180, STAR, FAST

Comprehension

Possible Interventions:
Corrective Reading (SRA), Lexia (Core 5), Lexia Power Up, Phonics for Reading, STARI, FCRR, Scholastic Reading Kits, i-Ready, Dreambox Reading , Edgenuity My Path, Orton Gillingham, Reading Horizons, SPIRE, Magnetic Reading, Read 180, Achieve 3000, Really Great Reading, Wilson

Progress Monitoring:**
Easy CBM; DAR, DIBELS, MyView/MyFocus, Read 180, STAR, FAST

**Response to Intervention (RtI) includes multilingual learners and students with disabilities*
***Additional progress monitoring tools may be used to align with intervention programs*

INTRODUCTION

The purpose of the Student Progression Plan is to inform parents, students, and other stakeholders regarding the comprehensive plan for student progression from one grade to another towards graduation. The plan will include criteria for promotion and retention, entry and attendance regulations, and other components relevant to the appropriate progression of the student population. References and language in this document will be continuously updated to align with statutory and legislative changes made by the Florida Department of Education.

ATTENDANCE AND ABSENTEEISM[1]

In accordance with Florida Statute 1003.24, school attendance is the direct responsibility of the parent(s) and child(ren). Each parent or legal guardian of a child within the compulsory attendance age is responsible for the child's school attendance as required by law. Except as provided in Florida Statute and State Board of Education Rule 6A-1.09513, all students are expected to attend school regularly and to be on time for classes in order to benefit from the instructional program and to develop habits of punctuality, self-discipline, and responsibility.

Attendance Policy and Procedures

The School's handbook outlines the attendance procedures, which align to the following requirements:

- Parent(s) should notify the school promptly to report any absences by submitting a written note or by telephone call. The date(s) of the absence and reason should be provided. When the child returns to school, a written note is required in order for the absence to be considered excused, as long as it meets one of the listed requirements below.
- School officials may require medical verification of absences. It is the responsibility of the student to make-up work missed because of absences.
- Please refer to the required Parent Obligation for attendance requirements when choosing our charter school.
- If an excused absence is required for more than 10 school days, the school will work with the family to consider hospital-homebound or other district alternatives.
- Students with excused absences will have 10 days to complete make up work. Please note, students must be in physical attendance at school to receive mastery assignments and mastery grades.

Excused Absences

The following situations/reasons qualify as excused absences:

- Student illness (if a student is continually sick and repeatedly absent from school, he/she must be under the supervision of a physician in order to receive an excuse from attendance);
- Medical appointment;
- An excused absence as defined by State Board of Education Rule 6A- 1.09515 to implement Florida Statute 1003.21(2)(b)2;
- Death in the family;
- Observance of a religious holiday or service
- Subpoena by a law enforcement agency or mandatory court appearance;
- Suspensions;
- Field trips which are authorized by the principal; and/or
- Other individual student absences beyond the control of the parent or student (as determined and approved by the principal/designee).

[1] Formal attendance will be taken daily for all students.

Unexcused Absences

An unexcused absence is any absence that does not fall into one (1) of the above excused absence categories.

Make-Up Work

For excused absences, the student will be afforded the opportunity to make-up work without academic penalty. Students with excused absences will have 10 days to complete make up work. Please note, students must be in physical attendance at school to receive mastery assignments and mastery grades.

Reporting Attendance Cases

When a student has accumulated at least 3 unexcused absences, or absences for which the reasons are unknown, within a calendar month or 15 unexcused absences or absences for which the reasons are unknown, within 90 calendar days, the case must be reported to administration or the student services coordinator. A meeting must then be convened to determine if a pattern of non- attendance is developing or exists. If deemed appropriate, interventions may be developed to support this student, which may include: frequent communication between school and family; mentoring; counseling; evaluation for alternative education program; attendance contracts; agency referral(s); or Truancy Petition. The School will adhere to all statutory requirements regarding a Truancy Petition.

Habitual Truants

Each public-school principal or the principal's designee shall notify the district school board of each minor student under its jurisdiction who accumulates 15 unexcused absences in a period of 90 calendar days. The district school superintendent must provide the Department of Highway Safety and Motor Vehicles the legal name, sex, date of birth, and social security number of each minor student who has been reported under this paragraph and who fails to otherwise satisfy the requirements of s. 322.091. The Department of Highway Safety and Motor Vehicles may not issue a driver's license or learner's driver's license to, and shall suspend any previously issued driver's license or learner's driver's license of, any such minor student, pursuant to the provisions of s. 322.091.

Students with Active Section 504 Accommodation Plans

When a student with an active 504 Accommodation Plan has excessive absences, the Multi-Disciplinary Team must meet to determine if the absences are caused by the disability of record. If the Multi-Disciplinary Team determines that the absences are caused by the student's disability, the student's placement must be reevaluated for appropriateness. [Section 504 of the Rehabilitation Act of 1973, 34 C.F.R. Part 104] The Section 504 Accommodation Plan must address any additional accommodations, strategies, and/or interventions needed to ensure that the student has an equal opportunity to demonstrate course mastery.

Exceptional Student Education (ESE)

In the case of an ESE-eligible student with excessive absences, an IEP Team meeting must be conducted to determine whether or not the absences are related to the student's disability. Attendance data shall be reviewed and used as one (1) indicator of a student's access to instruction. Refer to State Board of Education Rule 6A-6.0331(1)(c), and the *Exceptional Student Education Policies and Procedures (SP&P)*.

If the IEP Team determines that the excessive absences are related to the student's disability, the IEP Team must take appropriate action, which may include waiver of the attendance guidelines in determining grades, as well as a change of placement. To the maximum extent possible, the student will be educated in the least restrictive environment.

If the IEP Team determines that the student's excessive absences are not related to the student's disability, the student is treated the same as a General Education student.

Hospital/Homebound Services

If a student is confined to home or a hospital, but is able to participate in and benefit from an instructional program, the student may be eligible for Hospital/Homebound Services provided in collaboration with the LEA. Complete information regarding the criteria for a Hospital/Homebound Program can be found in State Board of Education Rule 6A-6.03020 and State Board of Education Rule 6A-6.03411.

Tardiness

A student is considered tardy if they are absent at the time attendance is taken provided the student is in attendance before the close of the day. A tardy will either be excused or unexcused. Acceptable documentation to excuse a tardy is the same as those for excused absences. Every 3rd unexcused tardy will convert to an unexcused absence and can be used to meet the criteria to file a truancy petition in circuit court. This does not apply for reporting for Full-Time Equivalent Enrollment (FTE) purposes. Complete information regarding tardiness can be found in Florida Statutes 1003.02(b) and 1003.26.

Early Pick-Up

Students in grades K – 5 who are picked up from school prior to the end of the day will be marked as tardy for the day. A tardy will either be excused or unexcused. The tardy will be excused if the parent provides written documentation that the need to leave school early was for the same reasons that an absence from school would be excused. The parent's notation in the school's early pick-up log may suffice as meeting the requirement to provide written documentation if the notation is sufficient. Every 3rd unexcused tardy will convert to an unexcused absence and can be used to meet the criteria to file a truancy petition in circuit court.

For all students in grades K-8, once the student has accumulated an excused tardy 3 times or absences due to leaving school early for medical/dental reasons within a semester, the parent may be asked to provide documentation from a physician that the student had a medical/dental appointment for subsequent class absences or tardies to be excused. Complete information regarding early pick-up can be found in Florida Statutes 1003.02(b) and 1003.26.

The school principal or designee may approve an early pick-up or release beyond these limits after taking into consideration the reason as well as the student's attendance history, both daily and by period, and the number of early releases.

Initial School Entry

In accordance with Florida Statute 1003.21, it is the responsibility of the parent(s) of students entering the School for the first time to present evidence of the child's age at the time of registration. Entering kindergarten students must attain the age of five (5) years on or before September 1 of the school year for which entry is sought.

Before admitting a child to kindergarten, the principal shall require evidence that the child has attained the age at which he/she should be admitted. The principal may require evidence of the age of any child whom he/she believes to be within the limits of compulsory attendance as provided for by law. If the first prescribed evidence is not available, the next evidence obtainable in the order set forth below shall be accepted:

- A duly attested transcript of the child's birth record filed according to law with a public officer charged with the duty of recording births;
- A duly attested transcript of a Certificate of Baptism showing the date of birth and place of baptism of the child, accompanied by an affidavit sworn to by the parent(s);
- An insurance policy on the child's life that has been in force for at least two (2) years;
- A bonafide contemporary religious record of the child's birth accompanied by an affidavit sworn to by the parent;
- A passport or Certificate of Arrival in the United States showing the age of the child;
- A transcript of record of age shown in the child's school record of at least (four) 4 years prior to application, stating the date of birth;
- If none of these evidences can be produced, an Affidavit of Age sworn to by the parent, accompanied by a Certificate of Age signed by a public health officer or by a public-school physician, or, if these are not available in the country, by a licensed practicing physician designated by the district school board, which states that the health officer of physician had examined the child and believes that the age as stated in the affidavit is substantially correct.

To register a student, the following types of documents are required[2]:

- Two proofs of residence (copy of legal guardian's photo ID, copy of a utilities bill, copy of lease agreement, etc.)
- Copy of birth certificate
- Proof of immunization
- Proof of physical exam (Within the last 12 months)
- Proof of guardianship (If student is not living with parents)
- Request for Transcripts/Cumulative Folder
- Parent Contract
- Internet Use and Promotion Form
- Dress Code Agreement
- Photograph and Video Release Permission Form
- Parent Volunteer Agreement
- Home Language Survey
- Special programs information (Copy of IEP, 504, or EP, ifapplicable.)
- Contact and Emergency Information Card
- Copy of most recent Report Card (Ifapplicable)
- Copy of any Standardized Testing (Ifapplicable)
- ESOL/ELL or Literacy Folder (Ifapplicable)

According to Florida Statute 1003.01(12) and State Board of Education Rule 6A-6.03411(1)(s), students who are without a fixed, regular, and adequate nighttime residence, are considered

[2] Additional documents and information may need to be presented at the time of registration.

as children and youths who are experiencing homelessness. Pursuant to the McKinney-Vento Homeless Education Assistance Improvements Act of 2001 (Section 725) 42 U.S.C.A. §11432(g)(3)(A)-(C), these children are to be enrolled immediately in the school that meets the best interest of the student. Arrangements are to be made for immunizations, transportation, and all other school services. Appropriate student school and grade level placement, as well as completion of required immunizations and physical examination, shall occur within thirty school days of enrollment. Refer to Florida Statute 1003.21(1)(f) for procedures relating to the enrollment of these students.

Exceptional Student Education (ESE) Students

An ESE student, who has a current Individual Education Plan/Education Plan (IEP/EP), as well as evaluation data necessary to determine that the student meets Florida's eligibility criteria for special programs, will be placed immediately in the appropriate educational program(s) without temporary assignment. The receiving school must review the current IEP/EP and may revise the document as necessary, following appropriate procedures.

Health Requirements – Physical Examination and Immunization Requirements

All pre-K, kindergarten, and new students seeking entrance into a public school are required by Florida Statute 1003.22 to present, at the time of entry, a valid health examination documented on State of Florida *School Entry Health Exam Form* (DH 3040) performed within one (1) year prior to enrollment. [State Board of Education Rule 6A-1.0985]

Physical Examination Requirements

STUDENTS	PHYSICAL EXAMINATION
All students	School Health Entry Exam on Form DH 3040 required for pre-K, kindergarten and 7th grade.
All transfer students within the State of Florida (including private schools)	Review of School Health Entry Exam on Form DH 3040 (original or copy) for at least kindergarten and/or 7th grade documentation.
All transfer students from another state or country	School Health Entry Exam Form DH 3040 (original or copy) required for all grades. Physicals presented on forms from another state are acceptable, if they include all components covered on Form DH 3040 and have the physician's signature and office stamp. Physicals must have been performed within one (1) year of enrollment, unless exempt based on a written request for religious reasons.

Immunization Requirements

All pre-K, kindergarten, and new students seeking entrance into a public school are required by Florida Statute 1003.22 to present, at the time of entry, a valid *Florida Certificate of Immunization Form* (DH 680). In accordance with State Board of Education Rule 6A-1.0985 and Fla. Admin. Code 64D-3.046, students will not be admitted into class without proof of immunization with the physician's signature and office stamp, absent a lawful exception. If a hardship exists for parent(s) of transferring students, according to statute, it is permissible to allow thirty (30) school days for the transfer of records.

NOTE: Homeless students without immunization and physical exam documentation must be enrolled and receive a thirty (30) school day exemption.

Kindergarten and First Grade Entry Requirements

Kindergarten
In accordance with Florida Statute 1003.21(1)(a)2, entering kindergarten students must attain the age of five (5) years on or before September 1 of the school year for which entry is sought.

First Grade
In accordance with Florida Statute 1003.21(1)(b), students entering first grade must attain the age of six (6) years on or before September 1 of the school year for which entry is sought.

Students who have been enrolled in a public kindergarten must progress according to the CSUSA Student Progression Plan. Students transferring from nonpublic kindergartens:

1. Must attain the age of 6 on or before September 1 of the school year for which entry is sought; and
2. Must have written verification of satisfactory completion of kindergarten requirements from the nonpublic school.

Students who meet the age requirement above may be administered kindergarten promotion assessments upon parent request. The assessment results may be used as criteria for first grade enrollment based on promotion charts within this document, as long as the student also meets the age requirement above. All other students who have not been promoted from kindergarten to first grade will be automatically enrolled into kindergarten.

General Student Transfer Information
A student who transfers to a Charter Schools USA school with documentation of completed coursework from a state or regionally accredited public or private school or institution is awarded equivalent credits. Grades earned and offered for acceptance shall be accepted at face value subject to validation. In accordance with State Board of Education Rule 6A-1.09941, if the student does not possess an official transcript or is a Home Education student, successful completion of courses shall be validated through performance during the first grading period. The principal makes appropriate placement decisions based on the academic performance (or age in accordance with Florida Statute), previous work or portfolios, interview with the student and parent, and other information deemed necessary to make the decision.

Kindergarten and First Grade Transfer Students
Dates for the legal public school minimum entry age by State and territory (provided by the Florida Department of Education) should be used in accepting kindergarten and first grade transfer students according to State Board of Education Rule 6A-1.0985. The following section addresses procedures relating to the acceptance of transfer work and credit for students, as specified in 6A-1.09941.

Entry into Kindergarten and First Grade by Out-of-State Transfer Students:

1. Any student who transfers from an **out-of-state public school** and who does not meet regular age requirements for admission to Florida public schools shall be admitted upon presentation of the data required.
2. Any student who transfers from an **out-of-state nonpublic school** and who does not meet regular age requirements for admission to Florida public schools may be admitted if the student meets age requirements for public schools within the state from which he or she is transferring and if the transfer of the student's academic credit is acceptable under rules of the School. Prior to admission, the parent or guardian must also provide the data required.
3. In order to be admitted to Florida schools, such a student transferring from an out-of-state school must **provide the following data**:
    a. Official documentation that the parent(s) or guardian(s) was a legal resident(s) of the state in which the child was previously enrolled in school;
    b. An official letter or transcript from proper school authority, which shows record of attendance, academic information and grade placement of the student;
    c. Evidence of immunization against communicable diseases as required in Section 1003.22, Florida Statutes; Evidence of date of birth in accordance with Section 1003.21, Florida Statutes; and
    d. Evidence of a medical examination completed within the last twelve (12) months in accordance with Section 1003.21, Florida Statutes.

Grades 2-5 Transfer Students

A student in grades 2-5 who transfers from any other public or private school in the United States or a foreign country is placed in comparable classes, and all records from the previous school are accepted.

Grade 3 students who transfer from any public or private school in the United States or a foreign country after the current year's Florida state-mandated, standardized ELA administration must show Good Cause for promotion prior to being promoted to fourth grade.

If the transfer occurs after the current school year, and there is proof of promotion (i.e., report card) from the previous school, the student may be promoted based on this information.

English Language Learner (ELL) Transfer Students

In accordance with State Board of Education Rule 6A-6.0905, ELLs are identified and assessed to determine eligibility for services, in accordance with State Board of Education Rule 6A-6.0902(1)(2).

The English for Speakers of Other Languages (ESOL) coordinator and the Student Services Coordinator/school counselor/administrator shall review the educational background of the transferring student to determine appropriate grade level, subject, and ESOL Program placement. See State Board Education Rule 6A-6-6.0902(3)(b). Parental input regarding educational background should be taken into consideration especially when transcripts, records, or report cards are not readily available. This information is documented and filed in the English Language Learners (ELL) folder. Families will be assisted when necessary for language translation in order to ensure proper communication of program/courseplacement.

An ELL Committee meeting must be conducted under the following circumstances: a student's placement is based on age, there is a lack of information about prior schooling (no transcript or report card), or prior schooling does not meet grade level requirements. An administrator must participate in the ELL Committee and placement process as outlined in the district ELL Plan.

Exceptional Student Education (ESE) and Gifted Transfer Students

The State Board of Education Rules 6A-6.0331, and the District's Exceptional Student Education Policies and Procedures (SP&P), address the requirements for Individual Educational Plans (IEPs) or Educational Plans (EPs), as well as the requirements for students who transfer to the School within Florida and students who transfer from outside of Florida.

ESE and Gifted Students Who Transfer Within Florida

If an Exceptional Education Student (ESE) or Gifted student, who had an IEP or EP that was in effect in a previous Florida school district, transfers and enrolls in a CSUSA managed school, the School and Local Education Agency (LEA) will ensure that a Free Appropriate Public Education (FAPE) is provided to the student, which includes services comparable to those described in the child's IEP/EP from the previous Florida school district or CSUSA school, until the School does either of the following:

- Adopts the child's IEP/EP from the previous School District or CSUSA school; or
- Develops, adopts, and implements a new IEP/EP, possibly in conjunction with the Local Education Agency, that meets the applicable requirements of State Board of Education Rule 6A-6.03028 or 6A- 6.03019(1).

ESE and Gifted Students Who Transfer from Outside Florida

If an Exceptional Student Education (ESE) student, who had an IEP or EP that was in effect in a previous school district in another state, transfers and enrolls in a new school within the same school year, the School and LEA will ensure students are provided with a FAPE, which includes services comparable to those described in the child's IEP/EP from the previous School, until the School does both of the following:

- Conducts an initial evaluation in accordance with State Board of Education Rule 6A-6.0331 (if determined to be necessary by the School); and
- Develops, adopts, and implements a new IEP/EP, if appropriate, possibly in conjunction with the Local Education Agency, that meets the applicable requirements of State Board of Education Education Rule 6A-6.0331 .

Students Who Transfer with Section 504 Accommodation Plans

A transferring student with an active Section 504 Accommodation Plan is a student who was previously enrolled in any other school or agency with an active Section 504 Accommodation Plan and who is enrolling in a Florida school district. Upon notification that a transferring student is one with an active Section 504 Accommodation Plan, the receiving school must review and revise, as necessary, the existing active Section 504 Accommodation Plan and supporting documentation. Until that review is complete, the receiving school must implement the student's current Section 504 Accommodation Plan to the maximum extent reasonable in the current placement. If, following the receiving school's review, it is determined that the Section 504 Accommodation Plan is not appropriate; the school must evaluate the student consistent with Section 504 procedures, and develop and implement an appropriate Section 504 Accommodation Plan.

WITHDRAWAL PROCEDURES

Student Withdrawal During the School Year

A student who leaves before the close of the school term shall receive grades on the report card covering the terms in attendance. A student will not meet promotion requirements unless he/she enrolls in another school to complete the academic year. The parent(s) of a student who leaves school during the last two (2) weeks of the school year must show evidence that the withdrawal is necessary and the student must successfully complete examinations as appropriate. Principals may have the authorization to make arrangements for the administration of any tests or examinations as appropriate, prior to withdrawal.

Principals may determine that the requirements for early withdrawal do not have to be met when unusual/extenuating circumstances arise. Student withdrawal must be approved by the school principal.

Withdrawals for Enrollment in Home Education Program

To withdraw a student for enrollment in a Home Education Program, the custodial parent(s) must initiate the withdrawal process at the school, complete the exit interview and report to the local school district to register the student in the new program.

CURRICULUM

The School's Guaranteed and Viable Curriculum (GVC) incorporates the performance standards as defined by the Florida Department of Education (FLDOE) Florida's Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards and Next Generation Sunshine State Standards (NGSSS), as applicable.

The curriculum includes standards/benchmarks for the following content areas:

- English Language Arts
- Mathematics
- Science
- Social Studies
- World Language
- Fine Arts (Music/Art)
- Physical/Health Education

These standards delineate the academic achievement for which the state will hold schools accountable. Research-based instructional materials are provided as tools to support instruction in elementary school classrooms.

Remediation and Intensive Instruction

The school has an established, comprehensive program for student progression which must include specific levels of performance in reading, writing, mathematics, and science for each grade level, including the levels of performance on statewide assessments which a student must receive remediation, or be retained and provided intensive instruction. This intensive instruction is different from the previous year's programming and takes into account the student's learning style. School personnel uses all available resources to achieve parent understanding and cooperation regarding the student's grade placement.

Remedial and supplemental (academic) instruction resources must be allocated to students based on student data and the needs of the school. A student's reading proficiency will be monitored, and the intensive instruction will continue until the student demonstrates grade level proficiency pursuant to Florida Statute 1008.25(5)(a).

Reading Remediation

The K-12 Comprehensive Reading Plan for the school outlines specific intervention programs, schedules, and strategies to address necessary instruction and remediation for students in all grade levels.

Any student in kindergarten through third grade who exhibits a substantial deficiency in reading based upon locally determined or statewide assessments, must be provided intensive, explicit, systematic, and multisensory reading interventions immediately following the identification of the reading deficiency. Pursuant to Florida Statutes 1002.20(11) and 1008.25, the parent(s) of any grade K-3 student who exhibits a substantial deficiency in reading, based upon school- determined or statewide assessments conducted in kindergarten, 1st grade, 2nd grade, 3rd grade, must be notified in writing.

Third Grade Intensive Instruction

Grade 3 students retained for reading must be provided intensive instructional services and supports to remediate the identified areas of reading deficiency, including participation in 3rd Grade Summer School. In accordance with Florida Statute 1008.25, these services and supports include a minimum of ninety (90) minutes of daily, uninterrupted, scientifically evidence-based reading instruction, an additional thirty (30) minutes of intensive intervention, and other strategies, which may include, but are not limited to the following:

- Small group instruction;
- Integration of science and social studies content within the ninety (90) minute block;
- Reduced teacher-student ratios;
- More frequent progress monitoring;
- Tutoring or mentoring;
- Transition classes containing 3rd grade and 4th grade students; and/or
- Extended school day, week, or year.

Third grade students retained for reading must have a highly effective teacher as determined by the teacher's performance evaluation in accordance with Florida Statute 1012.34, and provide students who are retained under Florida Statute 1008.25 (5)(b), including students participating in the school district's summer reading camp under subparagraph (a)2., with a highly effective teacher certified or endorsed in reading.

NOTE: Course recovery expectations for grades 6-12 are outlined later in this document.

Enrichment Opportunities

The School will provide multiple opportunities for advanced students to participate in enrichment activities. To accommodate learners that need enrichment, teachers can differentiate in three ways: with the content students are learning, the process in which the material is being taught, and the product that is developed to demonstrate learning. Specific strategies may include, and are not limited to:

- Marzano's High Probability instructional strategies
- Cross-curricular instruction and learning
- Multiple intelligences
- Project-based learning
- Cooperative learning
- Challenge-based learning
- Academy/Certification models
- High school programming

As a tool to support differentiation, the School may also utilize blended learning strategies that include:

- Opportunity to learn content that may not be offered in a traditional brick-and-mortar classroom (i.e. students can take a variety of world languages or electives to meet student interest)
- Remedial and credit recovery programs that provide opportunities for students to work at their grade level learning fundamental skills to make academic gains
- Unlimited access to work at the student's pace and time
- Pograms that accommodate "Flipped Learning," which allows students to learn the lesson at home and practice what is learned in the classroom
- Additional programs for advanced (enrichment) academics

ADVANCED COURSEWORK

High School Level Coursework in Middle school

Students in middle school who demonstrate readiness are eligible to take advanced courses in which they will earn high school credit. The possible courses offered include, but are not limited to, Algebra I, Geometry, Biology, Physical Science, and U.S. History. Entry of students into a high school level course is up to the discretion of the principal. The principal will take into consideration various factors to determine academic readiness, including student grades, performance on state assessments, and results from a screening exam. Students must be proficient in previous year's course, as well as perform in the upper quartile of the proficient levels on state assessments[3]. Students who wish to take Geometry must first take and pass the Algebra I course and EOC. Students who wish to take Algebra II must first take and pass the Geometry course and EOC. Students must maintain proficiency in the high school level course in order to maintain course enrollment.

College Credit Coursework in High School

Students in high school who demonstrate readiness are eligible to take advanced courses in which they may earn college credit.

SPECIAL PROGRAMS

English for Speakers of Other Languages (ESOL) Programs

In accordance with State Board of Education Rules 6A-6.0902, 6A-6.0903, 6A- 6.0904; 6A- 6.0908, students who are identified as English Language Learners (ELLs) must be given equal access to the general curriculum. ELLs are placed in courses based on need and eligibility. The student's Individual ELL Plan documents the instructional strategies required to ensure the student has an equal opportunity to master the General Education curriculum.

[3] Students who earned a 3, 4 or 5 on the state assessment are considered proficient or above proficiency.

Considerations for English Language Learners

In accordance with State Board of Education Rules 6A-6.0902, 6A-6.0903, and 6A-1.09432(6), students identified as ELL must meet the levels of performance indicated on the Student Progression Charts. Promotion for an ELL shall be based on the student's academic performance, regardless of the level of English Language proficiency. Retention of these ELL students requires the review and recommendation of the ELL Committee and may not be based solely on lack of English proficiency, demonstration of grade-level content knowledge in English, or on a score on any single assessment instrument. ELLs are required to meet student performance standards for the appropriate grade level. However, for ELLs whose Date Entered a United States School (DEUSS) falls within one (1) year prior to the assessment date may be exempt from participating in the English Language Arts component of the state assessment in accordance with 6A-1.09432. The Consent Decree and Title III requirement is to measure the student's ability toward attainment of the standards, regardless of whether that ability is demonstrated in English or the student's home language. The Consent Decree and Title III requirement is to measure the student's ability toward attainment of the standards, regardless of whether that ability is demonstrated in English or the student's home language.

An ELL Committee must meet to determine whether an ELL should be retained. Adequate progress, as defined in the ELL Plan and at least one (1) other criterion, shall be used by the Committee as grounds for promotion. An ELL may be retained, if the ELL Committee determines that the student has not progressed satisfactorily according to his/her ELL Plan.

Gifted Education Programs

Students enrolled in the Gifted Program have an opportunity to access a qualitatively differentiated curriculum, which consists of carefully planned, coordinated learning experiences that extend beyond the basic curriculum to meet the specific learning needs of the student.

Students identified as gifted, under State Board of Education Rule 6A-6.03019, have an Educational Plan (EP) that outlines goals, strengths, and weaknesses that provide direction for the instructional program. The Differentiated Instructional Program may include advanced-level content and enrichment that address the student's special abilities and interests.

Section 504 Accommodation Plans

A student is eligible for accommodations, under Section 504 of the Rehabilitation Act of 1973, if the student is determined to have a physical or mental impairment that substantially limits one (1) or more major life activities of such student. In addition, a student with either a record of impairment, or who is regarded as having impairment, is protected from discrimination under both Section 504 and the Americans with Disabilities Act (ADA), as amended by the ADA Amendments Act of 2008, effective January 1, 2009.

A student meets the requirement of being regarded as having impairment by establishing that the student has been subjected to a prohibited act because of an actual or perceived physical or mental impairment, whether or not the impairment limits or is perceived to limit a major life activity. This provision shall not apply to a student's impairments that are transitory and minor. A transitory impairment has an actual or expected duration of six (6) months or less. A 504 Team, consisting of knowledgeable individuals who are familiar with the student and who understand the evaluation data and special services options, must meet as necessary to determine if an otherwise qualified student's mental and/or physical impairment substantially limits one (1) or more of the student's major life activities.

Major life activities include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning,

reading, concentrating, thinking, communicating, and working. Major life activities also include the operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

An episodic or in remission impairment is a disability if it would substantially limit a major life activity when active. Impairment that substantially limits one (1) major life activity need not limit other major life activities in order to be considered a disability.

The determination of whether the impairment substantially limits a major life activity shall be made without regard to the ameliorative effects of mitigating measures such as:

- Medication, medical supplies, equipment or appliances, low-vision devices (which do not include ordinary eyeglasses or contact lenses), prosthetics including limbs and devices, hearing aids and cochlear implants or other implantable hearing devices, mobility devices, or oxygen therapy equipment and supplies;
- Use of assistive technology;
- Reasonable accommodations or auxiliary aids or services; or
- Learned behavioral or adaptive neurological modifications. However, the ameliorative effects of the mitigating measures of ordinary eyeglasses or contact lenses shall be considered in determining whether the impairment substantially limits a major life activity. To ensure compliance for all school decisions made under Section 504 and ADA, two (2) components are necessary. First, the parent(s) must always be notified of any meeting scheduled to determine eligibility or subsequent meetings to make changes to the Section 504 Accommodation Plan. Secondly, a 504 Team must make service, accommodation, and placement decisions. A Section 504 Accommodation Plan cannot be changed without proper parental notice and a 504 Team Meeting. The individual student's Section 504 Accommodation Plan documents the accommodations and/or modifications that are required to ensure that the student has an equal opportunity to access the General Education curriculum. [Section 504 of the Rehabilitation Act of 1973, 34 C. F. R. Part 104]

Considerations for Section 504 Accommodation Plans

As outlined in Section 504 of the Rehabilitation Act of 1973, 34 C. F. R. Part 104, a student's Section 504 Accommodation Plan documents each of the accommodations required to ensure the student receives a Free Appropriate Public Education (FAPE) and has an equal opportunity to access the General Education curriculum in the least restrictive environment. If a Section 504 Team decides to make any alteration to the delivery of instruction or student assignments for a student with an active Section 504 Accommodation Plan, such alteration must be documented in the student's 504 Accommodation Plan. A parent of a student with an active Section 504 Accommodation Plan must be notified of any proposed changes to the 504 Accommodation Plan. In addition, a parent must be given the opportunity to provide input on decisions made by the 504 Team.

A student with an active Section 504 Accommodation Plan must meet the School's levels of performance in order to be promoted. Parent(s) must be notified if a student with a 504 Accommodation Plan is being considered for retention. The Team must determine if the reason(s) for retention is/are caused by the disability of record on the active Section 504 Accommodation Plan. If the Team determines that the below grade level performance is caused by the disability, the student's placement must be re-evaluated.

The re-evaluation must include a review of the student's: records, the intellectual and academic abilities, and other pertinent information provided by the teachers. Comprehensive documentation regarding student placement must be provided each time re-evaluation occurs.

If the Section 504 Team determines that the below grade level performance is not caused by the disability, the student is treated in the same manner as any General Education student.

Exceptional Student Education (ESE) Programs

Pursuant to State Board of Education Rule 6A-6.03028, Individual Education Plans (IEPs) for students with disabilities enrolled in an Exceptional Student Education (ESE) Program must specify the specially designed instruction and related services that are necessary to meet each student's unique needs. Refer to Florida Statute 1003.57.

All students must be given access to the general curriculum, as is appropriate, in relation to their unique needs and abilities and as delineated on each student's IEP. For the majority of these students, the General Education standards should be the basis of their curriculum. For some students, modified standards and/or benchmarks in one (1) or more content areas may be more appropriate. Access Points are expectations for students with significant cognitive disabilities when accessing the General Education curriculum. Access Points reflect the core intent of the standards with reduced levels of complexity.

In all cases, the IEP Team, which must include the parent(s), makes special program placements and educational decisions. The IEP must include a statement of measurable annual goals, including benchmarks or short-term objectives, when appropriate, related to meeting the student's needs that result from the student's disability. During the IEP development process, the parent(s) and student, when appropriate, should be participants in the discussions around how the student will be involved/progress in the general curriculum, and how the student will participate in appropriate activities. The IEP shall also address how each of the student's other educational needs (that result from the student's disability) will be met. [State Board of Education Rule 6A-6.03028(3)(h)2]

The IEP will specify whether accommodations/modifications are necessary in the areas of curriculum, instruction, and assessment provided that the accommodations/modifications do not include modifications to the curriculum descriptions/frameworks or student performance standards. The IEP must be implemented as developed by the IEP Team. The IEP must contain an explanation of the extent, if any, to which the student will not participate with non-disabled students in the General Education class (Refer to the district's *Exceptional Student Education Policies and Procedures (SP&P)* for details). In compliance with the least restrictive environment mandate, a student with a disability may be removed from the General Education environment, only if the nature and/or severity of the disability is such that education in General Education classes, with the use of supplementary aids and services cannot be achieved satisfactorily [*Exceptional Student Education Policies and Procedures (SP&P)*].

The School shall establish procedures that provide the opportunity for one (1) or both of the student's parent(s) to participate in meetings and decisions concerning the student's IEP. A written notice of the meeting must be provided to the parents and must indicate the purpose, time, and location of the meeting, as well as whom, by title or position, will beattending.

Considerations for Exceptional Student Education (ESE) Students

In order to be promoted to the next grade level, a student with a disability who is enrolled in an ESE program must meet the School's performance indicators for the grade level in which he or she is enrolled. The primary responsibility for determining each student's level of performance is that of the General Education teacher, in collaboration with the Special Program teacher. The principal may (upon recommendation of the instructional staff and the IEP Team) determine that the promotion requirements have beensatisfied.

Other factors that may be considered to determine if promotion requirements have been met may include the following:

- Previous retention history;
- Current goals and objectives on the student's IEP;
- Social/emotional behavior;
- Attendance;
- Placement and a possible change in the current placement;
- Grades; and/or
- Current accommodations/modifications/services.

In accordance with Florida Statute 1008.25(1), it is the responsibility of the School to provide all students with effective instructional and remedial programs that monitor progress, promote continuous achievement, and make provisions for individual differences. Pursuant to the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), the IEP for each child with a disability must include a statement of measurable annual goals, including academic and functional goals. The IEP must meet the child's needs that result from the disability to enable the child to be involved in and make progress in the General Education curriculum. The IDEA requires the LEA to provide a Free Appropriate Public Education (FAPE) to any individual child with a disability who needs special education and related services, even though the child has not failed or been retained in a course or grade, and is advancing from grade-to- grade. Generally, a FAPE must be available to all children with disabilities residing in the State between the ages of three (3) and twenty-one (21), inclusive, including children with disabilities who have been suspended or expelled from school. [34 C.F.R. § 300.101(a)] State law requires that ESE students who are included in the General Education curriculum must meet the School's and/or State levels of performance for student progression; unless the student's IEP Team determined that the student should follow a modified curriculum aligned with ESE course requirements and benchmarks.

State law prohibits social promotion for any public-school student, including ESE students. Social promotion occurs when a student is promoted based on factors other than the student achieving School and state levels of performance for student progression. The law mandates that "No student may be assigned to a grade level based solely on age or other factors that constitute social promotion." [Florida Statute 1008.25(6)(a)]

This law includes specific Good Cause Exemptions to the state's promotion requirements. With specific reference to ESE students, the law exempts "Students with disabilities whose Individual Education Plan indicates that participation in the statewide assessment program is not appropriate, consistent with the requirements of State Board of Education rule." [Florida Statute 1008.25(6(b)(2)]

ESE students must participate in statewide assessments, unless their current IEP indicates that participation in statewide assessments is not appropriate, consistent with applicable State Board of Education requirements. (Refer to Florida Statute 1008.212 as to the extraordinary exemption that must be granted by the Education Commissioner to exempt the student from taking the assessment.)

Extended School Year (ESY) for Exceptional Student Education (ESE) Students

Extended School Year (ESY) services means specially designed instruction and related services that are provided to an ESE student beyond the normal school year of the School in accordance with the student's IEP. ESY services must meet State Educational Standards and are always at no cost to the parent.

In accordance with State Board of Education Rule 6A-6.03028(3)(g)(12) ,at least annually, an IEP Team for each ESE student must consider whether ESY services are necessary for the provision of a Free Appropriate Public Education (FAPE) to the student. ESY services must be provided if a student's IEP Team determines, on an individual basis, that the services are necessary for the provision of a FAPE to the student. The IEP Team will determine the goals and objectives using the current IEP and documentation of progress. ESY services may not be limited to particular categories of disability or unilaterally limit the type, amount, or duration of those services. An ESE student who fails a General Education course would follow the same guidelines for promotion and retention as stated further in this document under Performance Levels for Student Promotion.

ASSESSMENTS—STATEWIDE, SCHOOL & END-OF-COURSE ASSESSMENTS

Statewide Assessments

In accordance with Florida Statute § 1008.22, all eligible students in grades 3 and above must participate in all regular state-mandated assessments for accountability purposes, except as prescribed by the Commissioner of Education. Students must take the state assessment aligned to their course enrollment.

The Florida Assessment of Student Thinking (FAST) refers to the new Coordinated Screening Progress Monitoring (CSPM) System assessments, which are aligned to the Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards.

FAST VPK-2

The FAST VPK-2 assessments for Early Literacy, Reading and Math will be administered three times per year. PM1-PM3 will occur within the FLDOE state assessment windows. These computer-adaptive assessments are Renaissance's Star Early Literacy, Star Reading and Star Math.

English Language Learners (ELLs)

For ELLs, administration of FAST VPK-2 assessments should be conducted as close as possible to the conclusion of the 30-day administration period and after the English language proficiency test has been administered. A student identified as ELL should be screened, unless the student has arrived in the United States in the last thirty (30) days and has sufficient difficulty speaking, reading, writing or understanding the English language.

FAST 3-10 Reading and 3-8 Math

Each subject-area test will be administered in one session. PM1 and PM2 will be used for informational purposes only and will not be used for accountability. PM3 will be a summative assessment used for accountability purposes. Tests will be computer-adaptive through Cambium's Test Delivery System (TDS) secure browser.

Florida Statewide Science Assessment (SSA)

The statewide, standardized Science assessment shall be administered annually at least once at the elementary and middle grades levels. The SSA measures student achievement of the Next Generation Sunshine State Standards in science. Usually students in grades 5 and 8 participate in the statewide science assessment. Students enrolled in accelerated science pathways and courses may take these assessments in earlier grade levels in order to accelerate their learning.

End-of-Course Assessments

All middle school students enrolled in any of the courses that require an End-of-Course (EOC) Assessment shall participate in the EOC Assessment administration that is specific to that course. Students in middle grades who are enrolled in any other EOC courses must take the aligned EOC assessment.

The following tables list the statewide assessments administered for each grade level and subject area based on the FLDOE as of May 2024[4]:

Category	Assessment	Grade Level
Florida Assessment of Student Thinking (FAST)	Renaissance STAR Early Literacy, Reading and Math	VPK-2
Florida Assessment of Student Thinking (FAST)	FAST Reading	3-10
Florida Assessment of Student Thinking (FAST)	FAST Writing	4-10
Florida Assessment of Student Thinking (FAST)	FAST Mathematics	3-8*

Category	Assessment	Grade Level
BEST EOCs	Algebra 1 Geometry	Middle School/High School*
NGSSS EOCs	Civics	Middle School
	U.S. History Biology 1	Middle School/High School*

Category	Assessment	Grade Level
Next Generation Sunshine State Standards (NGSSS) Assessments	Statewide Science Assessment	5 & 8*
Re-takes	10th ELA Re-takes	High School

**See notation for acceleration opportunities above*

The Florida Standards Alternate Assessment (FSAA)

The FSAA provides options to those students for whom participation in the Florida Standards Assessment (FSA) is not appropriate, even with accommodations, as identified in the student's Individualized Education Plan (IEP). It is expected that only students with the most significant cognitive disabilities who are eligible under the Individuals with Disabilities Education Act (IDEA) will participate in the FSAA.

Subject Grade	Grade
Access ELA	3-10
Access Math	3-8
Access Science	5 & 8
Access Civics	7
Access Algebra 1 Access Biology 1 Access Geometry Access U.S. History	High School

[4] This chart is subject to change based on adjustments made by the FLDOE.

ACCESS for ELLs

ACCESS for ELLs must be administered to all K-12 students classified as ELL with a code of LY on the first day of the test administration window.

School Assessments

Listed below are measurement tools that will be used for assessment purposes to monitor progress throughout the year. These are all used to determine the progress of students with regard to mastery of the standards and reaching a level of proficiency on statewide assessments. The listed assessment tools do not preclude the School from incorporating other measures that may be determined necessary to support the mission of the School or may be required per Florida law.

- Interim Diagnostic Assessments, which include up to three administrations in the areas of English/language arts, mathematics, and science. The Northwest Evaluation Association (NWEA) currently provides the Measures of Academic Progress (MAP) Growth.
  - NWEA MAP Growth for Reading and Math: Aligned to the BEST Standards, MAP assesses students with engaging, ability-appropriate content. NWEA is an adaptive assessment; therefore, as a student responds to questions, the test difficulty adjusts to the student's zone of proximal development.
  - NWEA MAP Growth for Science: Aligned to state science standards, test items are helpful for assessing students up to and including 8th grade, prior to more specialized science curriculum in high school, and measures student mastery of science concepts within the three major domains of science: life sciences, earth and space sciences, and physical sciences. Administration of MAP for Science is required in grades 5 and 8, but the School will have the option of offering this assessment to other grade levels (including Biology) if desired.
- Benchmark Assessments and Instructional Focus Assessments (IFAs) will be used to gauge students' progress on mastery of the Guaranteed and Viable Curriculum (GVC). These assessments will be administered after standards are taught and will be scheduled in between diagnostic assessment periods.
- Standards-Based Classroom Assessments are formative assessments that are designed to evaluate whether a student has mastered (a) specific standard(s). Each assessment will measure the academic performance of each student on (a) particular standard(s), based on content that has been introduced and practiced.
- NWEA MAP Reading Fluency is an early literacy assessment that will be administered up to three times annually in grades K-2 to monitor progress of students' literacy skills aligned to the science of reading, and to provide formative assessment data to teachers.

Assessment Accommodations

Allowable accommodations will be provided to eligible students on school and state assessments in accordance with their IEP, 504 and/or ELL plan.

National and International Education Comparisons

Pursuant to Florida Statute 1008.22 (2), Florida school districts shall participate in the administration of the National Assessment of Educational Progress, or similar national or international assessments, both for the national sample and for any state-by-state comparison programs that may be initiated, as directed by the Commissioner. The administration of such assessments shall be in addition to, and separate from, the administration of the statewide, standardized assessments.

GRADING POLICY

Academic grades are a reflection of student mastery of the standards being taught and should not be skewed by non-academically related aspects. This grading approach provides teachers with a more accurate indicator of the proficiency level of the student as it relates to state standards. Students must be present in school to complete any mastery assignments or assessments. Therefore, student academic work will not be graded based on behavior and students will not be academically penalized for turning in late assignments or cheating. However, students will receive appropriate behavioral consequences for these actions, in addition to completing an alternative, standards-based assignment or assessment to measure mastery in instances of cheating or plagiarism.

Students will be given ample opportunity to practice the standards taught both in class and through home learning assignments, in order to demonstrate what they have learned. A child who does not complete class work during school hours may have to complete this work in addition to home learning assignments. The purpose of home learning assignments is to develop study habits in children early on in their academic lives and reinforce concepts that have been taught or to work on projects that have been assigned. If a student fails to turn in home learning, he/she should complete it for the following day. If a child consistently fails to complete home learning, there may be consequences in the classroom. It is important to note that home learning is the student's responsibility.

Parents will have real-time access to grades in the electronic grade book, and teachers will communicate with families before a report card with final grades is issued to address any concerns about students who are failing. Students enrolled in college level classes (i.e. AICE, IB, AP) may have differentiated grading policies.

Grading Scale

Academic Grades	
Kindergarten through First Grade Scale: E, S, N, U	**Second Grade through Twelfth Grade** Scale: A, B, C, D, F
E = Excellent (90-100)	A = 90-100
S = Satisfactory (75-90)	B = 80-89
N = Needs Improvement (65-74)	C = 70-79
U = Unacceptable (0-64)	D = 60-69
	F = 0-59

Citizenship Grades
The Citizenship Grade is comprised of three personal development skills: conduct, effort, and participation.
Scale: E, S, N, U
E = Excellent S = Satisfactory N = Needs Improvement U = Unacceptable

REPORTING STUDENT PROGRESS

The School will utilize a proprietary report card to keep parents informed of their child's academic growth. The report card will give parents a comprehensive overview of their child's current skill level and a measure of his/her progress toward attaining mastery of the standards, as it contains both a practice grade and a mastery grade. It also includes a component regarding citizenship, aligned with integrated character education, which measures student performance based on conduct, participation, and effort. Attendance reports will also be included, noting absences and tardies.

Parent Notification Requirements

Parent(s) must be notified in writing of the School's promotion requirements. Parent(s) of English Language Learners (ELLs) must be notified using the appropriate translated version of the School's promotion requirements.

All notifications to parent(s) who are not proficient in the English Language shall be in the language or other mode of communication commonly used by the parent(s) unless such communication is clearly not feasible.

School personnel will notify parent(s) in writing of student progression requirements within the first two (2) months of school. The requirements may be included in the parent/student handbook or sent home in some other written form. [Florida Statute 1008.25]

The parent(s) of a student who is not making adequate progress will be notified in writing each marking period in the comment section of the student's report card. As outlined in Florida Statute 1008.25(8)(a), an annual written report must be provided to the parent of each student on the student's progress toward achieving proficiency.

Frequency of Grade Reports/Progress Reports

All students will receive the Report Card at the end of each marking period. The Progress Report will be distributed to families at the mid-point of every marking period.

Based on guidelines from the LEA, parent(s) of students with disabilities enrolled in Exceptional Student Education (ESE) must also be informed of their child's progress toward his or her annual Individual Education Plan (IEP) goals at least as often as their non-disabled peers receive report cards.

STUDENT PROMOTION PERFORMANCE LEVELS

Reading, Writing, Mathematics, and Science

The School expects students to progress through specific levels of performance in ELA, mathematics, social studies and science for each grade level. Social studies and science standards and expectations are infused within ELA for K-5. These levels of performance will be used to identify students who must receive remediation and may be retained, as well as students who have mastered content and wish to move beyond the expectation for students in the same grade level. No student may be assigned to a grade level based solely on age or other factors that constitute social promotion or administrative placement, as referenced in Florida Statute 1008.25(6)(a). No student may be retained solely on the basis of standardized assessments. Students shall meet the appropriate performance levels for Next Generation Sunshine State Standards (NGSSS) or Florida BEST Standards, as set forth in State Board of Education Rule 6A-1.09401.

Promotion

If a student masters any of his or her current grade level benchmarks prior to the ending of the school year, that student will have the opportunity to work toward mastery on standards above his/her grade level. Any student who masters grade level material and is provided instruction and learning opportunities above their current grade level assignment will continue to participate in whole group activities and electives with their same aged peers.

Retention

Recommendation for Promotion/Retention

The school must provide compelling, verifiable evidence when student performance on appropriate grade level assessments is not indicative of daily classroom performance. Factors outside of state assessments may include, but are not limited to, the following:

- Previous retentions;
- Level of text at which student is independently successful;
- Observations and/or checklists;
- Interim benchmark assessment data;
- Student portfolios;
- Instructional focus assessments;
- Classroom assessments; and/or
- Current grades/marks.

The ultimate decision for promotion or retention is made by the Principal based on evaluation of verifiable evidence.

K-5 Student Progression Charts

At CSUSA, reading is a primary focus in compliance with Florida Statute 1002.33(7)(a)2. The Student Progression charts show identified performance levels as they relate to state assessments, as well as other assessments and indicators pursuant to Florida Statute 1008.25(2)(a). While progression from one grade to the next is based on mastery of standards in core subject areas – English language arts, Math, Science, and Social Studies – all grade levels can take into consideration multiple factors with regard to promotion and retention. This includes performance in all areas and social and emotional readiness. The following chart is a guide for teachers and administrators to appropriately target students who may be eligible for promotion or retention. The teacher, parent, Response to Intervention (RtI)/Multi-Tiered System of Support (MTSS) representative, and Principal will work together to ensure a plan is in place to support students. The ultimate decision for promotion or retention is made by the Principal.

K-2 Student Progression Chart
Promotion Criteria Guidance based on Spring/End-of-Year benchmark data

NOTE: In accordance with Florida Statute 6A-1.094221, students earning an NWEA MAP RIT score or iReady scale score in the 50th percentile or higher (197+ based on the NWEA MAP RIT Scale Norms Study and 534+ based on the iReady Percentile to Score Conversion) in the Spring testing window qualify for a good cause exemption for promotion to fourth grade based on an approved alternative standardized reading assessment if MAP/iReady was administered AFTER the third-grade FAST Reading assessment. MAP/iReady may be administered up to two times total (in the Spring window) if there are at least 30 days between administrations. See Third Grade Mandatory Retention section for more information.

Middle School Progression

The credit requirements prior to entry into high school are as follows:

Course	Credits	Requirements
English Language Arts	3	Can be middle or high school level courses.
Mathematics	3	Can be middle or high school level courses. EOC assessments count for 30% of the student's grade in that course, while S1 and S2 both count for 35% each.
Science	3	Can be middle or high school level courses. Students enrolled in Comprehensive Science 3 (or an equivalent course) will take the Statewide Science Assessment. The Biology EOC assessment counts for 30% of the student's grade in that course, while S1 and S2 both count for 35% each.
Social Studies	3	Can be middle or high school level courses. EOC assessments count for 30% of the student's grade in that course, while S1 and S2 both count for 35% each. One of these courses must be a civics education course (usually enrolled in 7th grade), which is accompanied by an EOC assessment. State requirements for career planning may be met through
Physical Education	1.5	Students must take physical education for one semester of each year, unless a qualifying waiver is in place.
Electives	4.5	Can be middle or high school level courses. Elective options will be determined based on student interest and school identity. Students that are participating in course recovery to meet promotion criteria may be required to waive their elective course.

Students must pass each semester with a grade of "D" or higher in the core subject areas to be promoted to 9th grade.[5] The school will implement proactive measures to avoid and address course recovery needs. Below are options that each student will be offered in order to recover their grades and pass each course.

- If a student fails the first two quarters, he or she may:
  - Participate in course recovery for the second semester and be assigned content from the entire first semester
  - Participate in course recovery over the summer and be assigned content from the entire first semester

[5] Some final grade calculations may be changed to align with district SIS calculations.

- If a child fails the second two quarters, he or she may:
  - Participate in course recovery over the summer and be assigned content from the entire second semester
- If a child fails the entire course, he or she may:
  - Participate in course recovery over the summer and be assigned content from the entire year
  - Participate in course recovery the following school year

A student may only have the option to participate in course recovery in the following school year for **one** course in either social studies or science. If a student fails ELA or Mathematics, then he or she must participate in course recovery during the current school year or over the summer.

The student is issued the failing grade until one of the above options is successfully completed.

In addition, the following options may be used as alternate documentation of successful completion of required courses:

- Student has successfully completed the course through the blended program offered at the School.
- Student has scored an acceptable level (3, 4, or 5 in ELA, Math, Science, Algebra I, Geometry, Biology or Civics) on subject related FAST, NGSSS Statewide Science Assessment or EOC.
- Student has successfully completed the course through a summer or tutorial program.
- Student is a transfer student with documentation showing successful completion of core content courses.
- Student has documented mastery of course requirements by receiving a grade of C or better on a final exam, semester exams, or an end-of- course exam.

Students completing eighth grade will be promoted to ninth grade following successful completion of the above requirements. Students will be retained in eighth grade if any of the above requirements are not met. If a student does not pass a required core semester class in sixth, seventh or eighth grade, and does not meet one of the alternate documentation methods, parents will be notified that the student will not be eligible for promotion to high school and will be retained in 8th grade unless the courses are successfully completed through credit recovery options. The final decision regarding grade placement is the responsibility of the principal.

Middle school students must have the equivalent of one class period per day of physical education for one semester of each year. Students in grade K-8 are eligible to waive the physical education requirement if they meet any of the following criteria:

- The student is enrolled or required to enroll in a remedial course.
- The student's parent indicates in writing to the school that the parent requests the student be enrolled in another course from among the courses offered as options by the School.
- The parent indicates in writing that the student is participating in physical activities outside the school day, which are equal to or in excess of the mandated requirement.

Credit Requirements for High School Graduation

Students entering grade nine as of 2021-2022 need to complete the requirements below from the Florida Department of Education in order to graduate. Students will be offered the 24-credit standard diploma option and may be offered either (or multiple combinations of) the Advanced International Certificate of Education (AICE) diploma, the International Baccalaureate (IB) diploma and/or the Advanced Placement (AP) diploma. Industry certification options may also be offered. Some requirements below are eligible for exemption for students obtaining an AICE Diploma.

CREDIT REQUIREMENTS	
English Language Arts (ELA) – 4 credits	ELA I, II, III, IV Honors, AICE, IB and/or AP courses may satisfy this requirement
Mathematics – 4 credits	Must Include Algebra 1 and Geometry Honors, AICE, IB and/or AP courses may satisfy this requirement
Social Studies – 3 credits	1 credit in World History 1 credit in U.S. History .5 credit in U.S. Government .5 credit in Economics with Financial Literacy *New financial literacy requirement of .5 credit for the 2023-2024 ninth grade cohort and beyond.* Honors, AICE, IB and/or AP courses may satisfy this requirement
Science – 3 credits	Must include Biology I, and two equally rigorous science courses Two of three required credits must have a laboratory component Honors, AICE, IB and/or AP courses may satisfy this requirement

OTHER REQUIREMENTS	
1 Credit	Fine/Performing Arts, Speech and Debate, or Practical Arts
1 Credit	Physical Education (to include the integration of health)
7.5 Credits	Electives
.5 Credits	Personal Financial Literacy
Students must earn a 2.0 unweighted grade point average on a 4.0 scale	

The School will offer courses made available by Florida Department of Education. The courses listed will be connected with course codes out of the Florida Department of Education course code directory as provided on their website at this link. Students earning AICE or AP Capstone Diplomas may receive a waiver for FLDOE approved graduation requirements.

Course/Credit Recovery

All available assessment results, including the results of statewide, standardized English Language Arts assessments and end-of-course assessments for Algebra I and Geometry, will be used to advise students in grades 9-12 of any identified deficiencies and to provide appropriate postsecondary preparatory instruction before high school graduation.

Students in grades 6-12 may validate mastery of the content standards in the failed courses through the following options:

- Retaking the course through course recovery offered by the School. The students may be required to waive an elective course.
- Coursework in the summer on school grounds.
- Repeating the course at the school during the elective period.

As stated in Middle School Progression, below are options that each student will be offered in order to recover their grades and pass each course.

- If a student fails the first two quarters, he or she may:
  - Participate in course recovery for the second semester and be assigned content from the entire first semester to re-take
  - Participate in course recovery over the summer and be assigned content from the entire first semester
- If a child fails the second two quarters, he or she may:
  - Participate in course recovery over the summer and be assigned content from the entire second semester
- If a child fails the entire course, he or she may:
  - Participate in course recovery over the summer and be assigned content from the entire year
  - Participate in course recovery the following school year

A student may only have the option to participate in course recovery in the following school year for **one** course in either social studies or science. If a student fails ELA or Mathematics, then he or she **must** participate in course recovery during the current school year or over the summer.

The student is issued the failing grade until one of the above options is completed. School administrators may reach out to their state team or their Edgenuity representative for more information on course recovery implementation.

THIRD GRADE MANDATORY RETENTION AND GOOD CAUSE EXEMPTIONS

Florida Statute 1008.25 addresses reading and requires remediation of deficiencies in grades K-3. If the student's reading deficiencies are not remedied by the end of 3rd grade, as demonstrated by scoring at Level 2 or higher on the statewide reading assessment for 3rd grade, the student must be retained. This statute specifies the conditions for granting exemptions for Good Cause. Good Cause Exemptions shall be limited to the following seven scenarios:

1. Limited English proficient students who have had less than 2 years of instruction in an English for Speakers of other Languages (ESOL) program based on the initial date of entry into a school in the United States.
2. Students with disabilities whose Individual Education Plan (IEP) indicates that participation in the statewide assessment program is not appropriate, consistent with the requirement of Section 1008.212, F.S.
3. Students who demonstrate an acceptable level of performance on an alternative standardized English Language Arts assessment approved by the State Board of Education, which includes NWEA MAP and iReady (see progression chart for grade 3 within this document).
4. Students who demonstrate, through a student portfolio, that he/she is performing at least at Level 2 on the statewide, standardized English Language Arts assessment. (See Good Cause Portfolio below.)
5. Students with disabilities who take the statewide, standardized English Language Arts assessment and who have an IEP or a Section 504 Accommodation Plan that reflects that the student has received intensive remediation in reading for more than two (2) years, but still demonstrates a deficiency and was previously retained in pre-K, kindergarten, grade 1, grade 2, or grade 3.
6. Students who have received intensive reading intervention (not remediation) for 2 or more years, but still demonstrate a deficiency in reading and who were previously retained in kindergarten, grade 1, grade 2, or grade 3, for a total of two years. A student may not be retained more than once in grade 3.

Third Grade Good Cause Exemption Documentation

The classroom teacher must provide the principal with documentation that indicates the student should be promoted based on one (1) of the Good Cause Exemption criteria listed above. This documentation should consist only of the existing Individual Education Plan (IEP), 504 Accommodation Plan and/or Progress Monitoring Plan (PMP), the report card, the student portfolio, or other qualifying assessment data. Documentation for Exemptions 3 and 4 shall be consistent with Florida Statute 1008.25(6)(c).

In the case of Good Cause Exemptions due to academic performance (mandatory retention at 3rd grade only), the teacher will complete all necessary documentation for the student portfolio results. Instructional Focus Assessments (IFAs), assessments from our core reading curriculum and CSUSA portfolio assignments may be used to track standard mastery for third grade portfolio purposes. The school principal and administrative team shall review and discuss such recommendation with the teacher and make the determination as to whether the student should be promoted or retained.

Students who are promoted to grade 4 with a good cause exemption will be provided with supports and interventions in accordance with Florida Statute 1008.25(5)(c).

Mid-Year Promotion of Retained Third Grade Students

In accordance with State Board of Education Rule 6A-1.094222, students retained in grade 3 that can demonstrate that he/she is a successful and independent reader and performing at or above grade level in reading and language arts may be promoted midyear. Midyear promotions should occur during the first semester of the academic year. Documentation for midyear promotion should include successful completion of portfolio elements that meet State criteria or satisfactory performance on a locally selected standardized assessment. Midyear promotion for third grade students is conducted in collaboration with the district. [Florida Statute § 1008.25(7)(b)3]

A student portfolio (described above) that is used to document during-the- school-year promotion to grade 4 must have evidence of the student's mastery of 3rd grade Language Arts Florida Standards and beginning mastery of the 4th grade standards.

Per Florida Statute 1008.25(7)(b)(3), students promoted during the school year after November 1 must demonstrate proficiency levels in reading equivalent to the level necessary for the beginning of grade 4 and provide a reasonable expectation that the student's progress is sufficient to master appropriate grade 4 level reading skills.

Summer Reading Academy

In accordance with Florida Statute 1008.25(7)(a)&(7)(b), the purpose of the Third Grade Summer Reading Academy, usually provided by the local school district, is to provide extended instructional services and support to students who score Level 1 on the Grade 3 statewide, standardized ELA/Reading assessment, by providing them with extended intensive interventions that must include effective instructional strategies, and appropriate teaching methodologies necessary to assist those students in becoming successful readers, able to read at or above grade level, and ready for promotion to the next grade.

Whole-Grade and Mid-Year Promotion

The school will adhere to all statutory requirements regarding mid-year promotion for retained third grade students according to State Board Rule 6A- 1.094222 Standards for Mid-Year Promotion of Retained Third Graders. In all other grade levels, students will progress according to the progression charts found earlier in this document and the School Principal will make all final decisions regarding whole-grade and mid-year promotions.

ACRONYMS LIST

504 – Section 504 of the Rehabilitation Act of 1973
ADA – Americans with Disabilities Act
AICE – Advanced International Certificate of Education
AP – Advance Placement
BEST – Benchmarks for Excellent Student Thinking

Student Code of Conduct

2024-2025

Code of STUDENT CONDUCT

NOTICE REGARDING CODE OF STUDENT CONDUCT

In order to conserve resources, schools will not distribute paper copies of the Student Code of Conduct to students. □ou can locate an electronic copy of the Student Code of Conduct on the District website at www.manateeschools.net or on your school's website. If you require a paper copy of the Student Code of Conduct, please check the appropriate box below□sign and return this sheet, and one will be provided to your child. This page will also exist as a form, which is available at your school's front office, if you are unable to print a copy for yourself.

This Student Code of Conduct has been developed so our students and families have a clear understanding of behavioral expectations and to inform all parties of important procedures related to our educational mission. It is helpful if parents are aware of school rules so they can help support them from home. Parents and students are encouraged to review the Student Code of Conduct together to gain a better understanding of their rights and responsibilities. Training on the Student Code of Conduct will be provided to all students, teachers and administration during the first month of school. **The rules and language contained within the Student Code of Conduct shall supersede any conflict that may arise with individual school handbooks.**

FAILURE TO REVIEW THE STUDENT CODE OF CONDUCT WILL NOT RELIEVE A STUDENT OR THE PARENT/ GUARDIAN OF THE RESPONSIBILIT□ FOR COMPLIANCE WITH THE CODE OR ACCOUNTABILIT□ FOR LOSS OR DAMAGE TO SCHOOL DISTRICT OF MANATEE COUNT□ PROPERT□.

Please check and submit, only if you require a printed copy of the 2024-2025 Code of Student Conduct. One (1) copy per household will be provided.

☐ I would like to have a printed copy of the Student Code of Conduct sent home with my child.

Parent Name	Parent Signature	Date

THE SCHOOL DISTRICT OF MANATEE COUNTY
CODE OF STUDENT CONDUCT
2024-2025

Dear Students and Parents,

It is a tremendous honor to serve as superintendent of the School District of Manatee County. My favorite part of working in education is witnessing first-hand the learning process taking place in classrooms led by talented teachers who inspire students. I look forward to meeting many of you in our schools as the year progresses.

A primary goal of the district is to provide a safe, caring, and focused learning environment for all students. To achieve this goal, the School Board has approved this comprehensive Code of Student Conduct. I encourage you to read and familiarize yourself with the Code of Student Conduct to make sure you understand what is expected from all students at school and school-related events.

I want to thank the students, school and district administrators, faculty and staff members, School Advisory Council members and representatives of our community for the time they devoted to developing this Code of Conduct. The Code of Student Conduct is reviewed annually for additions or deletions that may be necessary for clarification or required by new legislation. If you have any questions regarding the contents, please contact your school principal.

The information in this District Code of Student Conduct is being provided to all students and parents. Extra copies of this publication are available at school sites, or on the District website at www.manateeschools.net.

Thank you for your faithful support of our schools and district. I wish you all a safe and successful school year.

Sincerely,

Dr. Jason Wysong,
Superintendent

THE SCHOOL BOARD OF MANATEE COUNTY

BRADENTON, FLORIDA

SECTION 1: STUDENT RIGHTS AND RESPONSIBILITIES

SAFE, POSITIVE LEARNING ENVIRONMENT

The purpose of this document is to assist students, parents, and school personnel in establishing and maintaining a safe, nurturing and well-disciplined learning environment for all. To be fully effective, the Code of Student Conduct addresses not only the role of the parents, the students, and the school, but also specifies areas relative to the responsibilities and rights of students and parents□grounds for disciplinary action□and procedures to be followed for acts requiring disciplinary action.

In the event of a situation which significantly alters the standard process for delivering education, such as natural disasters, pandemics, etc., the School District of Manatee County reserves the right to amend policies and procedures to allow for the continued education, articulation, and graduation of students, as well as the safety and security of our school communities.

Students in the School District of Manatee County are subject to the Code of Student Conduct during the school day and regular school activities, while being transported on school buses or at public expense to and from school or other education facilities. Students are also subject at such time and places that include - but are not necessarily limited to - school sponsored events, field trips, athletic functions, and other activities where appropriate school personnel have jurisdiction over students. In addition, jurisdictional control over students may be extended as per Florida Statute Sections 1006.07, 1006.09, 1006.13, 1006.147, and 1003.31 whenever the conduct of a student is deemed to have a detrimental effect on the health, safety, and welfare of any member of the school community or the learning environment of the school. It is the intent of the Student Rights and Responsibilities section of this Code that students understand that individual rights involve associated responsibilities and that individual rights must be viewed in relationship to the health, safety, and welfare of the majority of students within each school. In each school, the principal is responsible for the orderly school administration, operation and instructional leadership under the supervision of the Superintendent, in accordance with rules and regulations of the School Board. **The Superintendent is authorized to assign or reassign a student to any program or school as deemed to be in the best interest of the student or School District, pursuant to** F.S. 1006.08**.**

If you are attending a charter school or a school out of your assigned area under the School Choice Program, you may be suspended, expelled or reassigned during the school year as provided in this Code. □our school choice may additionally be revoked for non-attendance, habitual tardiness, or disciplinary issues, upon the recommendation of the principal. The principal's recommendation is subject to review and approval by the District Administrative Appeals Committee.

First Amendment Freedom of Expression

In 1969, The United States Supreme Court ruled that public school students do not leave their constitutional right to freedom of expression at the schoolhouse gate. □ou have a right to freedom of expression□however, when you exercise that right, you must do so in a responsible manner that does not cause a disruption of the school or a school activity. A principal may

impose reasonable time, place and manner restrictions on your exercise of First Amendment freedom of expression rights. If possible, before imposing reasonable time, place and manner restrictions, the principal will consult with the School District General Counsel and will notify the Superintendent (or designee) in such cases. If it is not possible to consult the School District General Counsel beforehand, the principal will do so as soon as possible.

Principal's Authority

The principal of each school is responsible for the administration of the school and the enforcement of the District Code of Student Conduct. The principal has the authority to direct students and staff and can impose any reasonable requirements that are not inconsistent with the District Code of Student Conduct or School Board Policy.

In Loco Parentis

State and federal law recognizes that teachers and school administrators have a need to stand in the place of parents over children entrusted to them at school. This is a concept called *in loco parentis*. While this power is not equal to a parent's power over a child, it permits school personnel to exercise a degree of supervision and control over students that could not be exercised over free adults. This concept is responsible for the fact that school personnel can search without a warrant based on reasonable suspicion and are not held to the higher standard of "probable cause" by which law enforcement is bound. It is also responsible for the fact that school personnel can interrogate a student without providing him or her with Miranda warnings or allowing the student to call a parent or attorney.

Prohibition of Discrimination

No student shall, on the basis of race, color, national origin, sex, sexual orientation, gender identity, disability, marital status, age, religion, or any other basis prohibited by law, be excluded from participation in, be denied the benefits of, or be subjected to discrimination or harassment under any educational programs, activities, services, or in any policies or practices by the School District of Manatee County. Any student who believes he or she has been discriminated against or has been harassed by an employee, student, or other third party, who is subject to control of the School Board, is encouraged to use the appropriate grievance procedures set forth in policy.

Grades and Academic Honor Code

Grades

An academic grade should reflect the teacher's most objective assessment of your academic achievement. Academic grades should not be used as a means of maintaining order in a classroom, nor should your behavior be included in calculating academic grades.

1. □our Responsibilities
   a. To become informed of the grading criteria.
   b. To maintain standards of academic performance commensurate with your ability, and to make every effort to improve your performance upon receipt of notification of unsatisfactory progress.

2. □our Rights
   a. To receive a teacher's grading criteria at the beginning of each year or semester course.
   b. To receive a reasonable notification of failure or potential failure prior to the end of the

grading period with sufficient time, when possible, to take corrective action.

3. our Parents' Responsibilities

a. To meet with your teachers upon request and assist in helping take corrective action if you are experiencing academic difficulty.
b. To seek advice on before and after school programs that will assist you in succeeding in school.

Academic Honor Code

- I will take responsibility for my own work. I will not cheat, help others cheat, or allow anyone else to do my work for me.
- I will not plagiarize. I will use quotations and cite sources when I use someone else's words and ideas.
- I will not represent work generated by Artificial Intelligence (AI) as my own or submit such work in a way that is inconsistent with the expectations of my teachers.
- I will not forge the signature of others or knowingly falsify any records, information, or results.
- I will be honest about my work with teachers, peers, and parent(s)/guardian(s).
- I understand I will receive a zero on any assignment, as well as any other appropriate consequence for breaking the Honor Code.

Other Student Responsibilities

- To read and become familiar with the Code of Student Conduct
- To attend school daily, prepare for class, and complete class and homework assignments to the best of your ability
- To know and follow school rules and instructions given by the school administration, teachers, and other staff
- To report to school staff any dangerous behavior or bullying that occurs at school, on the way to and from school, or in the school community
- To bring to school only those materials that are allowed
- To treat everyone in the school community with respect
- To respect school property, community property, and the property of others.

IGNITING POSITIVE SCHOOL CLIMATES

A school's climate can be simply defined as the "quality and character of school life" (National School Climate Council, 2007). This simple definition is underpinned by an array of intentional activities that support integral structures, such as trusting student and adult relationships, teaching and learning, the physical environment, and the safety of all school community members.

At its core, a positive school climate includes:

- positive relationships among and between all stakeholders (students, parents, all school personnel, and community partners)
- engaging, relevant academic and extracurricular activities for all students that meets

their social, academic, and developmental needs
- meaningful family and community engagement
- training and resources to resolve conflicts peacefully and respectfully
- support for students who are experiencing an emotional crisis, trauma, or serious challenges in their homes and communities
- clean and well-maintained campuses that support a sense of school pride
- orderly learning environments, allowing all stakeholders to feel physically and emotionally safe.
-

These tenets of a positive school climate are reflected in several initiatives that are starting throughout the School District of Manatee County under the umbrella of what we call Project Spark.

SPARK
IGNITING POSITIVE SCHOOL CLIMATES

Project Spark combines prevention and early intervention through our Multi-Tiered Systems of Support (MTSS), and a focus on building environments for optimal engagement cultivating skills that build resiliency and supporting safe and welcoming learning communities. Through these efforts and other Tier One initiatives, Project Spark aims to build a more positive school experience and increase engagement for all students.

Multi-Tiered Systems of Support (MTSS)

MTSS refers to the instructional strategies, interventions, supports and resources that are used to help all students achieve academically and behaviorally. MTSS serves as the framework for organizing supports within a school and district so that the needs of the whole child are met. An effective system blends academic and behavior supports to create effective environments that address a range of student needs.

A three-tiered instruction and intervention framework is used to organize resources and supports to ensure student learning and educational success. The level of supports provided at each tier will match the needs of each student. Tier I is universal instruction and supports that is intended for all students. Tier II consists of targeted and supplemental supports, designed for the estimated 20% of students who require more than universal instruction and support. Tier III is the most intensive level and is intended for the 5-10% of students who may need more individualized support, in addition to their Tier I and II interventions.

MTSS is a proactive approach that has the following key elements:

- Leadership
- Building Capacity/Infrastructure for Implementation
- Communication and Collaboration
- Data-Based Problem Solving
- Three-Tiered Instructional/Intervention Model

- Data Evaluation

For more information on our MTSS, please visit the School District of Manatee County's website.

Building Environments for Optimal Engagement

Whether due to unclear expectations or learning goals, the impact of stress or trauma, or poor relationships with adults and peers, the optimal engagement of our students with their learning environment is challenged by numerous factors. To help address these barriers to student engagement, the SDMC actively promotes several initiatives.

CHAMPs is an evidence-based system of classroom management supported by over 30 years of research. Teachers use the CHAMPs model to clarify expectations for learning activities and transitions that occur throughout a class or school. The CHAMPS acronym stands for:

- **C**onversation: Can students talk to each other during this activity? At what level?
- **H**elp: How do students get the teacher's attention and their questions answered?
- **A**ctivity: What is the task/objective? What is the end product?
- **M**ovement: Can students move about during this activity?
- **P**articipation: How do students show they are fully participating? What does work behavior look/sound like?

To assist teachers and other school staff in better understanding developmentally appropriate teaching and learning, the SDMC has begun initial training using The Neurosequential Model in Education (NME). This training offers a way to educate school staff about brain development, developmental trauma, and how to apply that knowledge to support all students in and out of the classroom, especially those impacted by adverse childhood experiences.

The SDMC has also dedicated extensive time and resources in providing □outh Mental Health First Aid (□MHFA) training to most of our staff across all schools and support sites. □MHFA allows our staff to better understand and recognize the unique risk factors and warning signs of mental health problems in adolescents, including anxiety, depression, psychosis, eating disorders, substance use disorder, ADHD and other disruptive behavior disorders. □MHFA emphasizes the importance of early intervention and teaches our staff how to help an adolescent who is in crisis or experiencing a mental health challenge.

Quality relationships are perhaps the key element in building a positive school climate and are also critical for optimal student engagement. Our schools offer a wide range of activities and interests for our students to form social bonds and explore their personal interests with like-minded peers. In the classroom setting, relationships between students and adults can be strengthened through the use of practices such as community-building circles. Circles can be used proactively to help build trust, positive feelings, and a sense of belonging within the classroom community. Circles can also be used to discuss classroom expectations, problem-solve common issues, mentally prime students for learning, and create a culture of communication and empathy. With a strong sense of community, circles can also be used to restore relationships that may have been harmed. The SDMC has invested training and resources to bring the concept of circles to our schools. It represents an easy and effective way to foster better relationships and build the foundation for a more positive school climate.

Cultivate Skills that Build Resiliency

To ensure positive mental health for all students, the SDMC ensures all students have the necessary skills and resources to see them through life's successes and challenges. The new FL Resiliency Standards, centered around Character, Personal Responsibility, Mentoring and Citizenship, Critical Thinking and Problem Solving provide the foundation for schools to support and strengthen the characteristics that build the capacity for our students to thrive in the face of life's challenges.

The new Florida Resiliency Standards were implemented for the first time during the 2023-2024 school year. The standards help us connect several existing universal curricular efforts to include substance use education, health education, character education, and mental health education.

Supporting Safe and Welcoming Learning Communities

Along with elements such as our MTSS, community-building circles, and our district code of conduct, the SDMC undertakes several initiatives to help ensure a safe and welcoming environment for all students.

Several of our district schools partner with the Sandy Hook Promise Foundation and operate a SAVE (Students Against Violence Everywhere) Promise Club. SAVE promise clubs are led by a faculty sponsor and empower student leaders to develop and organize activities designed to create safe and welcoming environments for all students. SAVE Promise Clubs are supported by district staff who seek to increase the number of schools that operate these student leadership clubs. If you are interested in joining or starting a club on your campus, please contact your school's administration.

When threats of harm are made against the school or any member of our school community, each district school has a specially trained threat management team to assist in mitigating the threat of potential harm. The members of the threat management team are charged with investigating any threat of harm or concerning student behavior. They also develop appropriate safety plans to help ensure the threat cannot be carried out and that supports are provided to the students involved. Each school's threat management team includes school administrators, discipline personnel, counselors, and other staff, as well as local law enforcement. The SDMC, local law enforcement, and local community mental health providers work together to ensure our policies and procedures are in compliance with all legal requirements and that our schools provide the highest level of safety for all members of their community.

If you become aware of an explicit or implied threat of harm to a school or any member of our school community, please report the concern immediately. In nearly all mass casualty acts of violence in our schools, the perpetrator(s) announce their plans in advance through a phenomenon known as "leakage". Whether on social media or through face-to-face communication, too often these warning signs of impending violence are dismissed or go unreported. The state of Florida has established a reporting system called FortifyFL, which can be downloaded as an app for mobile devices and computers. FortifyFL is designed for suspicious behavior and serious threats that have been made against our schools and school community members. In addition to FortifyFL, the SDMC operates an anonymous reporting system for all acts of bullying, harassment, or other dangerous or unwelcome behaviors that target our students. Each district school has a link on the front page of their website for reporting

and there is also a link found on our district website. Together, these reporting systems are designed to help ensure that all concerning or suspicious behavior can be immediately reported and investigated.

SCHOOL DRESS CODE

The dress and grooming of District students shall be neat and clean, promoting a safe and positive educational environment. Apparel that disrupts educational activities and processes of the school may result in the removal of the student from the regular learning environment until acceptable apparel can be secured for the student. Failure to comply with the dress code may result in disciplinary consequences outlined in state statute and the district discipline matrix.

Pursuant to F.S. 1006.07, wearing clothing that exposes underwear or body parts in an indecent or vulgar manner or that disrupts the learning environment will have the following specific consequences. In addition to these consequences, the violation shall be corrected before the student is allowed back in the regular school environment:

a. For a first offense, a student shall be given a verbal warning and the school principal (or designee) shall call the student's parent or guardian.

b. For a second offense, the student may be ineligible to participate in any extracurricular activity for a period of time not to exceed 5 days and the school principal (or designee) shall meet with the student's parent or guardian.

c. For a third offense, the student will have lunch detention in a supervised area, not the cafeteria.

d. For a fourth offense, the student may be ineligible to participate in any extracurricular activity for a period not to exceed 30 days.

e. For a Fifth and subsequent offense, a student may receive an In-School Suspension pursuant to F.S. 1003.01(5) for a period not to exceed one (1) day and may be subject to any of the interventions listed above.

Requirements for student dress in all schools are listed below:

a. All shirts and blouses must cover the midriff, back, sides, and all undergarments including bra straps at all times. All shirts, tops, and dresses shall have sleeves and cover the shoulders.

b. Shorts, skirts, divided skirts, dresses, and culottes are allowed. They must be mid-thigh length or longer.

c. All trousers, pants, or shorts must completely cover undergarments, including boxer shorts.

d. All clothing, jewelry, or tattoos shall be free of the following: profanity violent images, wording or suggestion sexually suggestive phrases or images gang-related symbols alcohol, tobacco, drugs, or advertisements for such products.

e. Safe and appropriate footwear must be worn. Inappropriate footwear includes, but is not limited to, roller skates, skate shoes, and bedroom slippers.

Further Clarification/other requirements:

a. Form-fitting leotard/spandex type clothing is not allowed unless proper outer garments cover to mid-thigh length or longer.

b. See-through or mesh fabric clothing may only be worn over clothing meeting requirements.

c. Clothing must be appropriate in size, with the waist of the garment worn at the student's waist.

d. Clothing and footwear traditionally designed as undergarments or sleepwear shall not be worn as outer garments.

e. Sunglasses may not be worn inside unless a parent provides a doctor's note to the school. Field trips are exceptions.

f. Bandanas or sweatbands are not allowed to be visible on school grounds during regular school hours.

g. Hats or other head coverings may be worn during outside P.E. activities and may not be worn during any portion of the regular school day without the expressed permission of the principal.

h. If the school has a mandatory school uniform policy, the student must adhere to those requirements.

SCHOOL UNIFORMS POLICY

Manatee County elementary or secondary schools may implement a mandatory uniform policy, governing students enrolled at the school only if all conditions set forth in the following procedures are met:

Initiation

a. A favorable vote of at least 67 percent or more by the School Advisory Council (SAC) must occur to support mandatory use of uniforms for students.

b. The school or SAC conducts a survey of parents of all students in that school and at least 51 percent of the families completing the survey must indicate that they are in favor of establishing such a program. Ballots must be received from a majority of eligible families. Parents are to be surveyed every three years at any school implementing a uniform program.

c. The school must establish a uniform committee that adequately represents all segments of the school community. The uniform committee must follow guidelines promulgated by the Superintendent for selection of uniforms.

d. The school-selected uniforms must comply in all respects with the other provisions of the district rules concerning appropriate attire.

e. The uniforms selected may not be characterized as gender-specific (both boys and girls may wear slacks).

f. The school must make provisions for those students who, by reason of financial hardship, cannot comply with the uniform and must notify the students parents of these provisions.

Communication

Each school implementing a uniform policy must communicate to parents the following:

1. types and colors of uniform
2. requirements for jackets or outer garments
3. optional articles of attire, if any
4. compliance measures to be employed
5. the availability of financial support and the procedures for applying for assistance
6. methods to facilitate recycling of uniforms within the school community and

7. notice of uniform sales and lists of competitive prices from vendors of uniform articles.

The means by which this information is communicated shall include one or more of the following: school newsletters, parent forums, telephone hotline, PTA/PTO meetings and newsletters, school advisory council meetings, television, radio, newspaper announcements, posters displayed at school and in the community, and registration materials.

Compliance Measures

a. Each school shall develop incentives and positive reinforcement measures to encourage full compliance with the uniform policy. Each school should strive to achieve full compliance through use of incentives and positive reinforcement measures and should resort to disciplinary action only when positive measures fail to ensure compliance. In addition, schools shall communicate with parents so that expectations, rationale and benefits are fully understood by the student and the family.

b. If necessary, disciplinary action may be taken to encourage compliance with the policy. Since the intent of the policy is not to inhibit or prohibit any student who is not in uniform from receiving the education to which he or she is entitled, no student shall be suspended from class or from school, expelled from school, or receive a lowered academic grade as a result of not complying with the policy.

c. Prior to initiating any disciplinary action against a student not complying with the policy, a school administrator shall hold a conference with the parent or guardian to solicit cooperation and support.

d. Disciplinary action is initiated only after all other means to secure support and cooperation as mentioned above have not succeeded. A □progressive discipline□ approach is to be employed by the school support staff so as to encourage full and consistent compliance with the least amount of disciplinary action.

e. In order to ensure a smooth transition to a uniform policy, and in order to ensure that incentives and positive reinforcement measures are employed before resorting to disciplinary action, no school implementing a uniform policy shall take disciplinary action for the first two months of implementation unless those not in compliance materially or substantially interfere with the requirements of appropriate discipline.

f. Exceptions to wearing the uniform are permitted when:

   1. Uniforms of a nationally recognized youth organization such as JROTC, Civil Air Patrol, or the Boy Scouts or Girl Scouts are worn on regular meeting days.

   2. A student wears a button, arm band, or other accoutrement to exercise the right to freedom of speech as guaranteed by the First Amendment, unless the button, arm band, or other accouterment signifies or is related to gangs, gang membership or gang activity.

   3. The wearing of a school uniform violates a student□s sincerely held religious belief.

   4. A student□s parent or guardian has secured an exemption from the uniform policy by following the procedures set forth below.

g. Parents or guardians are permitted to exempt their children from the uniform program by the following procedure:

1. Parents should be notified of the exemption procedure.
2. A request is made by mail or in person by the parent or guardian for an Application for Exemption from the Uniform Program (□Application□). The parent or guardian may obtain an Application at the student□s school site.
3. The Application is completed in full and submitted to the school principal.
4. The school principal or other designated administrator meets with the parents to discuss the uniform policy and the nature of the objections to the policy. The purposes of this meeting include: (a) ensuring that the parents or guardians understand the reasons for, and goals of the uniform policy□(b) verifying the accuracy of the information on the Application□and (c) preventing fraud or misrepresentation.

ATHLETIC ELIGIBILITY

If you are in grades 6-12, you may be eligible to participate on athletic teams in interscholastic athletic contests as a representative of a school, provided you are a bona fide student of that school and meet the following requirements:

High School Eligibility Requirements

1. Must be regularly enrolled and in regular attendance at school. Charter school students, home education students (including FLVS Full-time) and private school students meeting criteria under F.S. 1006.15 may participate at their home zoned school or at another district school provided they have exercised school choice to that school through the district's controlled open enrollment process.
2. A student not currently suspended from interscholastic or intrascholastic extracurricular activities, or suspended or expelled from school, pursuant to a district school board's suspension or expulsion powers provided in law, including Florida Statute Sections 1006.07, 1006.08, and 1006.09, is eligible to participate in interscholastic and intrascholastic extracurricular activities.
3. A student may not participate in a sport if the student participated in that same sport at another school during that school year, unless the student meets the criteria in F.S. 1006.15(3)(h).
4. A student's eligibility to participate in any interscholastic or intrascholastic extracurricular activity may not be affected by any alleged recruiting violation until final disposition of the allegation, pursuant to F.S. 1006.20 (2)(b).
5. Any violation of school discipline policies or the District Code of Student Conduct may be considered for exclusion as eligibility standards to participate in extracurricular interscholastic or intrascholastic activities.
6. A student must have a cumulative 2.0 grade point average on a 4.0 unweighted scale, or its equivalent, at the conclusion of each semester to be academically eligible during the

next

semester (F.S. 1006.15(3)(a)1). Academic eligibility or ineligibility is determined on a semester basis. A student who is academically eligible at the beginning of a semester will continue to be academically eligible for that entire semester. Likewise, a student who is academically ineligible at the beginning of a semester will continue to be academically ineligible for that entire semester, except as provided in Bylaw 9.4.5.1.2.

Middle School Eligibility Requirements

1. Must be regularly enrolled and in regular attendance at school. Charter school students, home education students (including FLVS Full-time) and private school students meeting criteria under F.S. 1006.15 may participate at their home zoned school or at another district school provided they have exercised school choice to that school through the district's controlled open enrollment process.
2. Must carry a normal class load, maintain satisfactory classroom work (minimum 2.0 grade point average on previous quarter's report card) and maintain a satisfactory conduct record (no 4's in Citizenship on the previous quarter's report card). Sixth grade students are exempt for soccer only.
3. Must be less than 15 years 9 months of age. On the day a student reaches this age, regardless of when that day is, the student becomes ineligible to participate on the middle school level.
4. Must obtain signed permission from his/her parents or guardian on a form provided by the school.
5. Must have a school physical on file with the school.
6. Must be an amateur. This means that the student must not accept money, gift or donation for participating in a sport, or use a name other than his/her own when participating.
7. Must display good sportsmanship and follow the rules of competition before, during, and after every contest in which the student participates. If not, the student may be barred from participation for a period of time.
8. Must not provide false information to gain eligibility.
9. All non-traditional student eligibility will be determined on a semester-by-semester basis.
10. A student may not participate if serving an out of school suspension the day of competition.
11. A student must attend a minimum of one-half of a day of school to practice or participate in an athletic contest.
12. All participants must have appropriate paperwork (physical form and parent consent form) on file in the athletic director s office before the beginning of the All-Star Tournament.
13. A student transferring into a school must meet eligibility requirements. The student cannot take the spot of an existing team player on the roster.

Athletic Student Transfer Eligibility

A student who transfers is immediately eligible, as long as all other eligibility requirements are met. Students may not participate in the same sport in the same year at more than one school, unless one of the following exceptions are met:

1. Children of active-duty military whose move resulted from military orders.
2. Children relocated due to foster care placement or McKinney Vento Act.

3. Children who move due to a court-ordered change in custody due to separation, or serious illness or death of custodial parent.
4. Good cause policy in district or charter (district placement).

Per F.S. 1006.15, the School District of Manatee County has defined just cause for immediate eligibility as:

a) Special Assignment by Superintendent, or Office of Student Assignment.
b) Move to a new residence following the marriage of the student. The student immediately establishes a new residence that makes it necessary to attend a different school.
c) Reassignment by District School Board or Charter School Board.
d) Transfer of school within the first twenty days of a semester in acceptance of a seat (first opportunity to enroll) into a previously applied for magnet program.
e) Any other athletic eligibility appeal ruled upon by the Athletics Review Committee to intervene and make a decision on a case brought before the board by the Supervisor of Athletics. All decisions will be given within 10 school days from the date of the appeal.

Attendance

A student must be in attendance a minimum of one-half day on the day of competition or the day prior if the contest falls on a non-school day, unless documented (doctor's note, field trip, subpoena, etc.), to practice or participate in a contest on that day unless approved by the principal or designee.

HOMELESS STUDENT RIGHTS UNDER THE MCKINNEY-VENTO ACT

Under the McKinney-Vento Act, homeless students have the right to attend school, regardless of the location where they live or the length of time at that location. The student is to be enrolled immediately, regardless of whether the appropriate records required for enrollment are presented. The school will refer the parent/guardian to Project Heart, which will help in obtaining the required records. Students eligible under the McKinney-Vento Act have the right to continue in the same school they attended before their housing situation changed, or the school last attended, as well as receive assistance with transportation to that school of origin. Furthermore, the students are allowed to attend the school of origin for the rest of the school year, even if they obtain permanent housing during the school year.

If a student who is eligible under the McKinney-Vento Act is sent to a school other than the school of origin, a reason must be provided in writing, along with the process for appealing such a decision. The student may remain in the school of origin during the appeal. If it is proven the student was not eligible for McKinney-Vento Act rights and services, but the parent/guardian accepted goods, services or special rights, including free school lunches, school fraud rules will apply. The parent/guardian will be notified in writing and provided the process for disputing the charges of fraud.

Florida Law (Section 1003.21, Florida Statutes) states that all children who are either six years of age, who will be six years old by February 1 of any school year, or who are older than six years of age but who have not attained the age of 16 years, must attend school regularly during the entire school term. A student who attains the age of 16 years during the school year is not subject to compulsory attendance beyond the date of which the student attains that age if he/she files a formal declaration of intent to terminate school enrollment with the school district. Florida law defines "habitual truant" as a student who has 15 or more unexcused absences within 90 calendar days with or without the knowledge or consent of the student's parent or guardian, and who is subject to compulsory school attendance.

As a students enrolled in the School District of Manatee County you are required to abide by the following:

1. □ou are expected to be on time and in school for the entire student day, each school day.2. On the day of your absence, a parent or guardian should call the school to explain the absence. The absence will be excused if it meets the criteria outlined below. The parent or guardian must contact the school within 48 hours of the absence or appropriate documentation is required within 5 days. If this contact is not made, the absence will be recorded as unexcused.3. If you are continually sick and repeatedly absent from school, you must be under the supervision of a physician in order to be excused from attendance. Excessive absences will lead to a parent conference, referral to the District's Child Study Team, referral for social work services, referral to Truancy Court, and the involvement of the State Attorney. Parents who fail or refuse to cooperate with the school in the matter of regular school attendance for their child may be prosecuted for truancy by the State Attorney's Office.

FREQUENTLY ASKED QUESTIONS:

Q: What is an excused absence?

A: An absence can be excused for the following reasons:

a. □ou are ill or injured.
b. Major illness in your immediate family (this means parents, brothers, sisters, Grandparents, or others living in the home or who are close relatives).
c. Death in your immediate family
d. Religious instruction in your faith - requires note from your parent before the absence.
e. Subpoena or forced absence by any law enforcement agency. A copy of the subpoena or summons must be given to the principal or designee. This includes detention at a juvenile center in which you continue your education.
f. A major disaster as decided by the administration.
g. Any absences, including those for field trips, participation in another academic class or program, or other parental requests as judged appropriate by the principal, provided the request is submitted to the principal forty-eight (48) hours in advance of the absence. A principal may waive the requirement for advance notice if extenuating circumstances exist.
h. A documented appointment with a doctor, dentist, or other medical or legal professional.
i. An occurrence of head lice, with a maximum of two excused days.

Q: How many excused absences can I have?

A: □ou are allowed nine excused absences. □our parent may excuse nine absences per year. When you have reached your limit, official documentation is then required for every additional absence.

Q: What if I have used all of my excused absences and a family emergency occurs?

A: You must provide appropriate documentation to the school principal or designee for approval. These will be recorded as excused absences.

Q: How can I make up work when I am absent?

A: After an excused absence, you must arrange with your teacher for any make-up work. You have the same number of days you were absent to make up your work. This rule does not apply to some long-term assignments. (A long-term assignment is when a student has 10 or more days to complete the work.) These long-term assignments will be due on the specified date unless excused in writing by the teacher or principal. It is your responsibility to make these arrangements and to submit the make-up work within the deadlines set by the teacher(s). You do not have the right to make up work if your absence was unexcused.

Q. I am going to be absent for semester exams. May I take my exams early?

A: Semester exams may not be given early. You may take your semester exams upon your return to school.

Q: What is an unexcused absence?

A: Anything that does not meet the criteria of an excused absence is considered unexcused. (Please refer to Excused Absences Section.)

Q: How many unexcused absences can I have?

A. In Manatee County, state law requires the regular attendance of children between the ages of 6 and 18 and makes parents and legal guardians legally responsible for seeing that their children attend school. Family vacations during scheduled school time are considered unexcused absences. If you have accumulated a total of 5 unexcused absences in one month or 10 unexcused/unexplained absences in a 90-day period, your child's school will send a letter to the address listed on school records, in an attempt to ensure parent(s)/guardian(s) are aware of any developing attendance issues. Fifteen unexcused absences in a 90-day period may result in a referral for truancy court action. The District Truancy Department will send a 3-Day Demand Notice by U.S. Mail to the address listed on school records in the event of excessive consecutive unexcused/unexplained absences.

Q: What happens if I am late for school?

A: If you arrive at school late for any reason, you must report to the office and receive a tardy admit slip. The tardy will be deemed as excused or unexcused. You are expected to be in school at the start of the school day, every day.

Q: What is an excused tardy?

A: An excused tardy is when you are late for school due to sickness, injury, death in your family, medical or dental appointments with a note from the physician, school sponsored activities, court date, or other reason approved by the school principal. For elementary students, parents must accompany the student to the office when they are tardy.

Q: What is an unexcused tardy?

A: An unexcused tardy is when you are late to school due to, but not limited to, oversleeping, missing the school bus, shopping trips, pleasure trips, or excessive tardiness due to illness without a physician's verification that the medical condition justifies your tardiness. If an elementary student arrives late and comes into the office unaccompanied by an adult, he or she will receive an unexcused tardy.

Q: May I leave school early in the school day?

A: You are expected to be in school for the full day. However, if you must leave school early, you must go to the office and receive permission for early release. Parents of elementary and middle school students must report to the office to pick up their child. High school students aged 16 or older may sign themselves out early with parent permission, following the school sign-out procedures. You cannot leave your school campus for lunch or other unexcused personal reasons at any point during the school day.

Q: What are excused reasons for leaving school early?

A: Excused reasons for early dismissal follow the same guidelines as excused absences. They include: illness or injury, major illness or death in your immediate family, subpoena or forced absence by a law enforcement agency, a major disaster, a documented appointment with a doctor or dentist, discovery of head lice, participation in another academic class or program, or other parental requests as judged appropriate by the principal.

Q: What happens if I leave school early for unexcused reasons?

A: Numerous early dismissals are unacceptable and unfair to the other students whose instruction is interrupted each time a student leaves early. Individual schools may develop school-based consequences for unexcused early dismissal students.

Q: How does my school attendance affect my privilege to drive?

A: You will lose your driver's license, or privilege of applying for any driver's license, if you are not enrolled in or do not attend school regularly.

NOTE: Students who are withdrawn as dropouts or who have accumulated 15 unexcused absences in 90 calendar days will lose the privilege to apply for or hold a Florida Driver's License. Students who have lost the privilege must subsequently accumulate 30 consecutive SCHOOL days with no unexcused absences in order to receive a Reinstatement of Driving Privilege form. If you need further information regarding this issue, please contact the District Truancy Office at 751-6550, extension 43091.

Q. Does my attendance affect my participation in athletics or extracurricular activities?

A. If you are not present for more than half of the school day on the day of an event, due to any undocumented absence, you may not participate in the athletic or extracurricular event. If you are suspended from school, you may not participate in any school-related function.

SECTION 3 SCHOOL HEALTH

MEDICATION POLICY

Taking legal medications (prescription drugs prescribed for you or over-the-counter drugs) at school, on a school bus, at any school activity, or on any field trip must strictly comply with this Medication Policy. This policy requires the following:

a. □ou should make every effort to administer medications at home during non-school hours.

b. All medications (including over-the-counter medications, vitamins and supplements) must be prescribed by a licensed physician and must be retained in the school clinic, except as described in 1002.20, Florida Statutes.

c. For each medication to be administered, your parent/guardian must provide the principal or clinic staff with a written statement giving the principal or the principal's designee permission to assist in the administration of the medication. The written statement must explain the reason it is necessary for the medication to be provided during the school day.

d. The written statement shall be on a Medication Authorization Form which can be obtained from the school's office and must be signed by both a physician and a parent or guardian before medications can be administered at school.

e. □ou may not transport medications to school or be in possession of any medications while on school property, except as described in 1002.20, Florida Statutes.

f. An authorized adult must bring the medication to be administered to the school's office and deliver it along with a completed Medical Authorization Form, except as described in 1002.20, Florida Statutes.

g. Possessing medications prescribed to others is illegal and considered a Level 3 offense.

h. Students with any of the following medical conditions may carry and self-administer the medications or supplies listed below to attend to their conditions while at, or in transit to or from, school or school-sponsored activities, if the school has been provided written parental and physician authorization in advance:

Student's Medical Condition:	Student May Carry and Self-Administer:
Life-threatening Allergies or Asthma	An epinephrine auto-injector
Asthma	A metered dose inhaler
Pancreatic Insufficiency	A prescribed pancreatic enzyme supplement
Diabetes	Diabetic supplies, equipment, and specific food items identified in the written authorization along with a description of the activities the student is capable of performing without assistance, such as blood-glucose level checks, urine ketone testing, administering insulin, and treating hypo-or hyperglycemia.

Pursuant to Florida Statute 1002.20 – A student may possess and use a medication to relieve headaches while on school property or at a school-sponsored event or activity without a physician s note or prescription if the medication is regulated by the United States Food and Drug Administration for over-the-counter use to treat headaches.

In order for your child to carry and administer his/her own over-the-counter medication to relieve headaches, a Self-Carry Headache Medication form must be fully complete and on file in the school clinic. This form can be found on the SDMC website.

Suspected Overdose

District schools may maintain an on-site supply of the opioid antagonist Naloxone, following guidelines established in Board Policy 5780 and F.S. 499.003. Naloxone is a medication that is used to reverse an opioid overdose. If any student or staff are suspected of having an opioid-related overdose, Naloxone will be administered by a trained nurse as a life-saving measure.

CONTROLLING THE SPREAD OF COMMUNICABLE DISEASES

The School Board recognizes its responsibility relative to student, employee, and visitor health and safety. In order to protect the health and safety of the students, District personnel, and the community at large, the Board shall follow all State statutes and Health Department regulations which pertain to immunization under Policy 5320, and other means for controlling communicable disease spread through normal interaction in the school setting as set forth in Policy 8450.

SECTION 4: STUDENT DISCIPLINE

The School District of Manatee County recognizes that a safe, orderly, and supportive learning environment is the result of caring relationships and quality instruction. It is the responsibility of the district to help foster such environments by implementing clear, appropriate, fair, and consistent expectations and consequences for all schools and classroom teachers to construct and carry out their behavior support plans. For these plans to be optimally effective, schools and classrooms must in turn, have the latitude to work within established guidelines to create positive behavioral intervention systems which support the unique needs of their students, families, and communities. Our philosophy of discipline in the School District of Manatee County is rooted in the development of positive relationships with our students and families. We believe that students should have a chance to learn from their mistakes and the opportunity to restore any damaged relationships with peers and adults. Our discipline practices encompass preventative and early intervention measures that seek to strengthen relationships and build positive communities, so that misbehavior is less likely to occur or continue.

MISCONDUCT THAT REQUIRES SPECIFIC CONSEQUENCES

Acts that require specific consequences include the following:

- Possession or Use of Illegal Drugs or Alcoholic Beverages
- Possession or Use of Tobacco Products
- Bullying or Harassment

- Dating Violence and Abuse
- Threats Against Schools
- Chemical or Biological Attacks or Threats
- Possession of Guns, Weapons, or Dangerous Objects
- Gang Activity
- Violent Acts Resulting in Serious Injury
- Making False Accusations or Reports

Drugs and Alcoholic Beverages

Use of a drug authorized by a medical prescription from a registered physician for a specific student shall not be considered a violation of this rule. However, all procedures found in the School District of Manatee County's medication policy must be followed.

ou shall not knowingly possess, use, transmit or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, any other controlled or synthetic substance defined in F.S. 893.03, or substitute for such, hemp, Cannabidiol (CBD), alcoholic beverage (including powdered alcohol), inhalant or intoxicant, or over the counter drugs of any kind. This applies to you on the school grounds before, during, or after school hours, or off the school grounds on a school bus, bus stop, at a school activity, function, or event. Also, you shall not possess, have under your control, sell or deliver any device, or contrivance, instrument or paraphernalia containing the substance or substances described in this paragraph, or any residue of such substance, or devices intended for use or used in injecting, inhaling/huffing, smoking, administering, or using any of the foregoing prescribed drugs, narcotics or stimulants.

Possession, Use, Under the Influence

For substances that are not considered over-the-counter, the first offense for possession, use, or under the influence will result in up to a ten (10) day suspension. The principal or designee may offer to reduce your suspension to 5 days providing you and a parent or guardian attend and complete the district's SAFE (Substance Abuse and Family Education) Program. For a second offense of possession, use, or under the influence, you will be automatically suspended for up to 10 days and a recommendation for expulsion or reassignment to an alternative placement may be made to the Superintendent or designee.

Selling, Purchasing, Providing, Distributing, & Receiving

If you buy, sell, trade, provide, negotiate, receive, or engage in any drug or alcohol-related transaction at school, at a school activity, at a school bus stop or on a school bus - even if the sale or purchase does not actually take place - you will be suspended for up to 10 days and a recommendation for expulsion or reassignment to an alternative placement will be made to the Superintendent or designee. Providing or receiving Over The Counter drugs to other students may be considered a Level 2 infraction for endangerment, while providing others with medication prescribed to you (or others) may be considered a Level 4 offense that is subject to a suspension of up to 10 days.

Fake Drugs

If you are caught possessing or distributing a substance that is represented to be an illegal drug you may be suspended for up to 10 days or recommended for a disciplinary reassignment

to another school or program.

Possession or Use of Tobacco

Possession or use of tobacco by minors is illegal. If you are caught smoking or in possession of tobacco, the School Resource Officer or other law enforcement officer may give you a written citation. In addition to possible fines, if you are caught using or possessing any form of tobacco, including electronic cigarettes at school, at any school-sponsored activity, at a school bus stop or on the school bus, you will receive a disciplinary consequence. Tobacco or nicotine products include cigars, cigarettes, dip, snuff, dissolvable tobacco products (e.g. gum, mints, or dissolvable strips) and electronic smoking devices. **Additionally, any electronic smoking device is subject to field-testing for illicit substances and may be <u>permanently</u> confiscated.**

*** Student is automatically suspended for up to 10 days and reassigned to an alternative program**

† Student is offered the SAFE program to assist with any substance use issue.

Bullying and Harassment

Conduct that constitutes bullying or harassment, as defined below, is prohibited.

Bullying is the mistreatment of an individual or group characterized by a willful intent to cause harm and a perceived advantage in power. These acts can be socially, emotionally, or physically damaging in nature, to include, but not limited to: teasing, name calling, rumor spreading, exclusion, intimidation, threats, damaging personal property, stealing, public or private humiliation, stalking, pushing, shoving, or other physical attacks, and sexual, religious, or racial/ethnic harassment. Harassment involves any threatening, insulting, or dehumanizing act or gesture, which places an individual in reasonable fear of harm to his or her person or damage to his or her property has the effect of substantially interfering with an individual's educational performance, opportunities, or benefits or has the effect of substantially disrupting the orderly operation of a school or activity.

Both bullying and harassment are prohibited at school, during school-related activities (whether on or off campus), on the school bus, at school bus stops, and through the use of computers or other electronic devices, which is known as cyberbullying. Cyberbullying and harassment are also prohibited through off-campus Internet posting, phone calls, or text messaging - if such behavior disrupts the orderly environment of any district school or activity or interferes with the educational opportunities of others.

If you engage in bullying or harassment, the consequences and appropriate remedial action may range from positive behavioral interventions up to and including suspension, reassignment to an alternative program, and expulsion. More severe or persistent infractions will result in more intensive interventions and administrative actions. Additionally, the appropriate school administrator or designee will report to the victim's parents any incident of bullying or harassment once an investigation of an incident has been initiated. Bullying should be reported to the appropriate school administrator or through the School District of Manatee County's anonymous reporting system.

Hazing

Hazing is defined by F.S. 1006.135 as any action or situation that endangers the mental or physical health or safety of a student at a school with any of grades 6 through 12 for purposes of initiation or admission into or affiliation with any school-sanctioned organization. Hazing includes, but is not limited to:

(a) pressuring, coercing, or forcing a student to:
1. Violate state or federal law
2. Consume any food, liquor, drug, or other substance or
3. Participate in physical activity that could adversely affect the health or safety of the student.

(b) any brutality of a physical nature, such as whipping, beating, branding, or exposure to the elements.

Dating Violence or Abuse

Conduct that constitutes dating violence and abuse as defined below is prohibited. Dating violence is a pattern of verbal, physical, emotional, or sexual violence or abuse used by one person in a current or past relationship to exert power and control over the other person.

Abuse may include insults, coercion, social sabotage, sexual harassment, threats or acts of physical or sexual abuse. The abusive partner uses this pattern of violent or coercive behavior to gain power and maintain control over the other person.

School employees are required to report to the principal or designee suspected cases of dating violence or abuse. Students should report suspected cases of dating violence or abuse to the principal or designee and may do so anonymously. Student victims should report any incidents of dating violence or abuse to the principal or designee as soon after it occurs as possible.

The principal or designee will immediately conduct an investigation of the allegation and proceed under paragraph L. PROCEDURES FOR SUSPENSION AND E□PULSION. If the principal or designee determines a student is guilty of dating violence or abuse, the student will be suspended from school for up to 10 days and may, where appropriate, be recommended for assignment to another school or program as an accommodation for the victim. Suspected criminal conduct will be reported to law enforcement.

The District Health Education Curriculum for grades 7-12 will include a component on teen dating violence and abuse, with emphasis on prevention education.

Threats Against Schools and Persons

If you are involved in making a destructive device, fake destructive device, or planning the use of such a device, either at school, or at a school activity, or while you are at school or at a school activity, you will be suspended for up to 10 days, recommended for expulsion, and reported to law enforcement for prosecution. The same actions will be taken if you make a threat by any means against the school, school property, school personnel, or students, regardless of any disruption on campus or any school-related function. This includes direct, veiled, or implied threats communicated verbally, in writing, or through social media platforms. If you make any such threat, you will be referred to your school's threat management team. This team is charged with helping to ensure the safety of all persons in your school and will take steps that may include interviews with friends, teachers, staff, parents, or employers regarding any concerns they may have. The threat management team is also responsible for making referrals for mental health services and to law enforcement for continued investigation, if you pose a concern or threat to the school or any member of the school community. **You are subject to school-based consequences for any threats communicated online or through the use of technology, regardless of the time, day, or location where the threat was made.**

Reporting Threats or Suspicious Activity

Students, parents, staff, or any individual may report threats, or any concerning behaviors exhibited by a member of our school community. All persons are strongly encouraged to be vigilant of potential signals, warning signs, and threats and to not hesitate in reporting their concerns immediately. This is particularly true of online or social media posts. FortifyFL is an app specifically designed by the State of Florida to assist in reporting suspicious or concerning behavior, which may be downloaded to your mobile device for immediate reporting.

NOTE: If you make a threat or false report - to include a bomb threat, bomb threat hoax, or a knowingly false report - concerning the use of a destructive device or firearm in a violent manner, as defined by F.S. 790.162 and 790.163, involving a school or school personnel's property, school transportation, or a school-sponsored activity, you may be expelled (with or without continuing education services) from your regular school for a period of not less than one full year, as well as referred for criminal prosecution and mental health services identified by the

school district, pursuant to F.S. 1012.584(4) for evaluation or treatment, when appropriate (1006.07 (2) (l) F.S.). The Superintendent may consider the expulsion requirement on a case-by-case basis and request the School Board to modify the requirement by assigning you to a disciplinary program, if it is determined to be in the best interest of you and the school system. Commission of either of these offenses is a second-degree felony, punishable by up to 15 years imprisonment and a □10,000 fine. The School Board must maintain a policy for all threats to commit violence or harm. Even threats made in jest or in exaggeration must be treated as serious and may subject you to suspension, reassignment, or expulsion. This includes simulating realistic gunfire, explosions, or acts of violence using apps or other technology. If you make a threat of violence, the school administration will assess the situation and where appropriate, take administrative action.

Violent and Aggressive Acts

If you violently attack a School Board employee or any other person or act as a decoy in a violent attack at school, a school function, on the bus or at a bus stop, you will be suspended from school for up to 10 days and may face a recommendation for expulsion or reassignment to an alternative program. If you are charged with violently attacking another person somewhere else other than school, you may be removed from the general education program and administratively assigned to another program if your principal believes your presence on campus may be disruptive or pose a concern for the safety of students or staff.

If you commit two violent or aggressive acts (such as fighting, bullying, threats, or physical aggression) in the same school year and while under the jurisdictional control of the school, you may be placed on a district-level Behavior Assessment and Modification (BAM) contract. A third such offense in the same school year may result in your recommendation for reassignment to an alternative program.

Possession of Firearms and Weapons

According to Florida Statute 790.115(2)(a) students will not possess any firearm, destructive device, or other weapon as defined in F.S. 790.001(13) and/or listed under Category A (below). Federal and state laws require you be expelled from school, with or without continuing educational services, for a period of not less than one full year, referred to mental health services identified by the school district, pursuant to
F.S. 1012.584(4)and referred for criminal prosecution if you bring a firearm or a weapon to school, to any school function, or onto any school sponsored transportation, or if you possess a firearm or weapon at school. Expulsion is required, even if you brought the firearm or weapon for self-defense. The School Board may assign you to a disciplinary program for the purpose of continuing educational services during the period of expulsion. The Superintendent may consider the expulsion requirement on a case-by-case basis and request the School Board to modify the requirement by assigning you to a disciplinary program or other appropriate consequence, if it is determined to be in the best interest of you and the school system.

Evolv Firearms Detection Systems

Screening at SDMC Schools

The Safety of our staff and students at the School District of Manatee County is our number one priority. To enhance our security efforts at our schools, beginning on August 12, 2024, we will launch a new high-tech security scanner firearms detection system and a firearms detection canine to screen students and visitors for firearms.

Firearms are not permitted on School District of Manatee County (SDMC) Schools' property. All students and visitors entering District property may be required to submit to a weapon detector screening to ensure no weapons are brought onto the premises. Bags, purses, backpacks, etc. may also be screened using metal/weapon detecting wands and/or by hand. Refusal to cooperate with the screening procedure will result in the denial of entry and/or disciplinary action for the student. If a student activates the Evolv detector, a staff member will escort the student to a private secondary

screening location where we will conduct a search of the student and their belongings in alignment with School Board Policy 5771.

NOTE: Per F.S. 790.115, the School District of Manatee County strictly prohibits any firearms from being stored in student vehicles parked on any school grounds or at any school-sponsored event. our principal may give you written permission to possess a gun or weapon while on campus or at a school function when the gun or weapon is part of the curriculum of the school. An example of this is when a gun or rifle may be part of JROTC drill and firing ranges. If you bring weapon-like contraband to school, to any school function, or onto any school sponsored transportation, or if you use any non-weapon as a weapon to threaten or injure others, you may be suspended for up to 10 days and possibly recommended for alternative placement, expulsion, and referred for criminal prosecution.

WEAPONS AND FIREARMS
Category A
Mandatory Alternative Placement or Expulsion
F.S. 1006.13 and F.S. 790.001(6)(13)

a. Any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive
b. The frame or receiver of any such weapon described above
c. Any firearm muffler or firearm silencer
d. Any machine gun
e. Any destructive device as defined by F.S. 790.001(4) including but not limited to bomb, grenade, mine, rocket, missile, pipe bomb, or similar device containing an explosive, incendiary, or poison gas
f. Any type of weapon which will, is designed to, or may readily be converted to expel a projectile by the action of an explosive and which has a barrel with a bore of inch or more in diameter
g. Knife or dirk (excluding common pocket knife, plastic knife and blunt bladed table knife)
h. Metallic or other knuckles
i. Slungshot - a striking weapon consisting of weight or other hard object affixed on a flexible handle or strap
j. Billy club
k. Flare gun
l. Tear gas gun, except a self-defense chemical spray carried solely for the purpose of self- defense in a compact size and containing not more than 2 ounces of chemical.
m. Chemical weapon or device or any other deadly weapon.
n. Electric weapon or device.

WEAPON-LIKE CONTRABAND
Category B
Suspension or Alternative Placement or Expulsion
F.S. 1006.13 and F.S. 790.001(6)(13)

a. Slingshot
b. Fireworks
c. Razorblade/razor
d. Any knife or bladed instrument not covered in Category A
e. Non-weapons used as weapons: A student using as a weapon any article or substance not normally considered to be a weapon (including but not limited to rocks, pens, pencils, lasers, chains, lumber, screwdriver, etc.) or facsimile (toy or otherwise) but which is used by a student as a weapon to intimidate, threaten, coerce or injure another individual shall be suspended and may be recommended for expulsion.
f. Any replica or facsimile of any item listed in Categories A or B, including toys, souvenirs, antiques, broken, or inoperable weapons, including but not limited to bb guns, pellet guns, paint guns, squirt guns, regardless of how they are used or displayed.
g. Ammunition and any component thereof, including but not limited to bullets, shotgun shells, bullet casings, magazines, or clips.

In addition to the administrative actions listed in the Code of Student Conduct, possession of weapon-like contraband by any student while the student is on school property or in attendance at a school function may also result in criminal prosecution (F.S. 790.115).

Gang Activity

No student shall commit any act which promotes gangs or gang-related activities. A criminal street gang is a formal or informal organization or group that has as one of its primary activities the commission of criminal or delinquent acts and consists of three or more persons who have a common name or common identifying signs or symbols and have one or more members who engage in a pattern of criminal street gang activity. Conduct prohibited by this policy includes but is not limited to the following:

a. Wearing, possessing, using, distributing, displaying, or selling any clothing, jewelry, emblems, badges, symbols, signs or other items which may be evidence of membership or affiliation in any gang.
b. Communicating either verbally or non-verbally (gestures, handshakes, slogans, drawings, etc.) to convey membership or affiliation in a gang.
c. Soliciting others for gang membership.
d. Tagging, or otherwise defacing school or personal property with gang or gang-related symbols or slogans.
e. Requiring payment of protection, insurance, or otherwise intimidating or threatening any person related to gang activity.
f. Inciting other students to intimidate or to act with physical violence upon any other person related to gang activity.
g. If you commit any gang-related activity while at school, a school activity, school bus stop, or on a school bus, you will be suspended from school for up to 10 days. If you commit a second gang- related activity while under the jurisdiction of the school district that can be documented by law enforcement, you may be assigned to an alternative program or face expulsion.

"Sexting"

If while under the jurisdiction of the school district you post, send or forward to anyone else a nude or sexually revealing images of a person through the Internet or text message, or if you show such images to other people, you may be suspended from school and possibly be recommended for reassignment or expulsion. You may also be subject to arrest for violation of child pornography laws if the student in the photo is a minor. If you are found to have sent any such images or messages to other members of the school community regardless of time or location, you still may be subject to school-based consequences under Florida cyberbullying and harassment laws (F.S. 1006.147).

Making False Accusations

If you intentionally make false accusations that jeopardize the professional reputation, employment or professional certification of a teacher or other member of the school staff, you will be suspended for up to 10 days and may be recommended for assignment to an alternative school or for expulsion.

MISCONDUCT THAT MAY RESULT IN DISCIPLINE

You are expected to behave during the time you are at school, at school activities, at the school bus stop and on the school bus. You may be disciplined if you do anything during those times or attempt to do anything that violates a school rule or that may:

- Hurt, harass or threaten others,
- Damage property,
- Disrupt class, school or a school activity,
- Be dishonest or
- Violate a criminal law or state statute.

You may be subject to disciplinary action even if your conduct occurs off campus but is connected to activities or incidents that occurred on campus or at a school activity, or conduct that, regardless of where it occurs, is directed at a Board official or employee, or the property of such official or employee.

INVESTIGATIONS AT SCHOOL

Administrative

If you are suspected of violating the District Code of Student Conduct, school officials can question you without first contacting your parent. You do not have a right to have your parent present or a right to an attorney when you are questioned. If you refuse to answer questions asked by school officials, you may be disciplined.

Criminal

If you are a suspect in a criminal investigation that may result in your arrest or criminal charges, law enforcement will make a good faith effort to contact your parent before the law enforcement officers begin questioning you. If a parent cannot be located, law enforcement officers may proceed with questioning. If your parent is contacted, the law enforcement officers may allow your parent to be present during your questioning.

Victim or Witness

If you are a victim or a witness, law enforcement officers, Children and Family Services investigators, or administrative investigators are allowed to question you without first contacting your parent. If the investigation involves child abuse, the official conducting the

investigation will decide who can be present during your interview. If you refuse to answer questions asked by school officials, you may be disciplined.

Removal of a Student Under Arrest

If you are subject to arrest, with or without a warrant, the officer can remove you without your parents' consent or the consent of school officials. The administrator will try to notify your parent before you are removed or as soon as possible after your removal.

Removal for Involuntary Examinations

The school principal or the principal's designee shall make a reasonable attempt to notify your parent or guardian, if you are removed from school, school transportation, or a school-sponsored activity and taken to a receiving facility for a Baker, Marchman, or other evaluation, pursuant to
F.S. 394.463. The principal or the principal's designee may delay notification for no more than 24 hours after you are removed, if the principal or designee deems the delay to be in your best interest or if a report has been submitted to the central abuse hotline, pursuant to F.S. 39.201, based upon knowledge or suspicion of abuse, abandonment, or neglect.

Searches and Seizures

□ou, your locker, vehicle, purse, backpack and other personal possessions may be searched if there is a reasonable belief (suspicion) that any of them contain drugs, weapons, contraband or other items not permitted on campus. □ou are expected to cooperate fully with your school administration in all searches and investigations. The failure to fully cooperate may be grounds for your school administration to infer that you are in possession of contraband or illegal items and the matter will be referred to law enforcement as deemed necessary. Trained sniff-screening dogs are allowed in the schools to prevent drugs and weapons at school. Routine checks by the dogs are not considered a search□however, an alert by the dog gives reasonable suspicion for a search. Dogs may not check students themselves to determine probable cause for a search. The use of trained dogs is a safety precaution to provide you a safe school in which to learn.

Student Athletes

Dismissal / Quitting a Team

Any athlete or manager who is suspended from a team, voluntarily quits a team or is dismissed from a team for disciplinary reasons is not permitted to go out for another sport while the original sport is still in season. The season is officially over when the team plays the last game of the season. A season is defined as the first day of practice through the last play-off game.

Out of School Suspension

Students who are serving out of school suspension are not allowed to participate in any athletic activities until they have returned to regular class attendance for one full school day. Students who are suspended for a total of 10 or more days (cumulative or single incident) in a school year will be subject to an administrative review to determine eligibility to participate in any extracurricular activities. The administrative review will encompass the incident or infraction, discipline, academic, and attendance history, and conference with the student and others involved. The principal may revoke the student's privilege of participating in non-academic school activities, including but not limited to, extracurricular activities and/or athletics.

Criminal Offenses

1. Criminal Charges: After a hearing with the principal, a student charged with a criminal offense will be suspended from extracurricular or co-curricular activities by the school principal until the charge is adjudicated.
2. Adjudication Withheld: A student who has been suspended from extracurricular activities because of a criminal charge may be reinstated at the principal's discretion if adjudication is withheld.
3. Felony: A student's conviction in "adult" court or judgment of "delinquency" in a juvenile court for any act that would have been felonious in "adult" court will mandate loss of eligibility to participate in any student activity for the duration of the years enrolled in a Manatee County public high school from the time of conviction. After one calendar year following conviction, the student may request a review of his/her eligibili31ty by the principal.
4. Misdemeanors: A student's conviction in "adult" court or judgment of "delinquency" in a juvenile court for the following misdemeanors (assault or battery, possession of concealed weapons, lewdness or indecent exposure, theft, drug possession/sale) will mandate loss of eligibility to participate in any student activity for six months from the time of conviction. After three calendar months following conviction, the student may request a review of his/her eligibility by the principal.

Drug and Tobacco Use

1. No use of tobacco products. For the first offense a one game suspension will occur. The second offense will result in dismissal from the team.

Students who violate the SDMC alcohol and drug policies are subject to penalties as outlined in the Student Code of Conduct. In addition, the principal may revoke the student's privilege of participating in non-academic school activities, including but not limited to, extracurricular activities and/or athletics.

TITLE IX

Title I of the Education Amendments Act of 1972 is a federal law, enacted in 1972, which states: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.

The United States Department of Education requires school districts to follow a specific Title I Grievance Process while investigating allegations of sexual misconduct. The Office of Civil Rights of the United States Department of Education considers sexual misconduct (including sexual harassment, sexual violence, sexual assault and intimate partner violence) to be a form of sexual discrimination and requires the school districts to take immediate and effective steps to respond to sexual misconduct.

For a Title I investigation to apply, the incident must have occurred in an education program or activity in which the District has substantial control over both the respondent and the context in which the incident occurred.

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. Any School District of Manatee County employee conditioning the provision of an aid,

benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct;

2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity□or

3. "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34

U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

Responsibilities and Obligations
The School District of Manatee County takes its obligation to comply with Title I□ very seriously. Inquiries concerning the application of Title I□ and the Grievance Procedures may be referred to the District's Title IX Coordinators:

Schools & Educational Facilities
Office of Student Services - 2501 63rd Avenue East Bradenton,

CONDUCT ON SCHOOL BUSES
The School Board believes you and your fellow students, as well as the bus driver, should be able to ride safely on school buses. In addition to any bus-specific consequences, you may be disciplined for any action on the bus in the same manner as if the conduct had happened at school. □ou are also subject to disciplinary action while at the bus stop, if your behavior has a harmful effect on the health, safety, or welfare of any member of the school community. □ou should assume that you are being recorded any time you are riding a school bus.

Parent Responsibility
□our parents are responsible for your behavior at the bus stop prior to the arrival of the bus in the morning and after the departure of the bus at the end of the day. However, if you are at the bus stop and violate school rules, the school can still discipline you for your behavior if it has a harmful effect on the health, safety, or welfare of any member of the school community. Students are to be on time and stand off the roadway.

Damage to Bus
If you cause any damage to the bus or another vehicle, your parent will be required to pay for the damage.

Waiting for the Bus
Wait for the bus to come to a complete stop before you approach the bus. To cross in front of the bus, wait for the driver to signal you.

Items Not Allowed on a Bus
a. Any item prohibited elsewhere in the District Code of Student Conduct

b. Glass containers of any kind
c. Balls
d. Bats
e. Cologne/perfume
f. Cutting instruments of any kind
g. Any large or bulky item that interferes with proper seating of students (examples: large musical instruments or athletic equipment)
h. Any animal
i. Batons, drumsticks, tennis rackets (unless in proper carrying case)
j. Aerosol sprays may be possessed but use on buses or enclosed areas is expressly prohibited

Rules While on the Bus

The bus driver is in charge, and you must obey the driver at all times. □ou must tell the bus driver your correct name when asked. The bus driver and school will keep a seating chart. □ou must be on time□the bus cannot wait for you if you are tardy. □OU MA□ NOT RIDE AN□ BUS OTHER THAN □OUR ASSIGNED BUS. □ou can be disciplined if you do not follow all district and school rules and the following special rules: a. Sit in your assigned seat and use the seat belt if available.

b. Stay seated at all times while the bus is in motion. c. Do not place any part of your body outside the bus windows. d. Do not distract the driver with loud conversation or noises. e. Observe appropriate classroom conduct. f. Do not eat or drink on the bus. g. Maintain absolute silence at railroad crossings. h. Do not throw any items on the bus or out of the bus windows. i. Do not mark, cut or damage bus seats or the bus itself. j. Do not display signs from the bus. k. Do not use obscene language or gestures. l. Cell phones are to be turned off.

Discipline If You Do Not Follow the Bus Rules

a. If you commit minor infractions, the school bus driver has the authority to address your behavior. If you cause repeated problems on the bus, the bus driver will give the school a written discipline referral for what you did. School administrators can take any action contained in this Code against you for misbehaving at a bus stop or on a bus.

b. Discipline on school buses will be dealt with according to the following protocols□ however, severe infractions (for example, fighting, setting a fire on the bus) may result in immediate suspension or recommendation for expulsion based on the recommendation of the principal or designee.

Elementary Bus Discipline Protocol

1st Offense: Operator - student conference and parent contacted by Courtesy Notice prepared by Operator. Student re-assigned to the front of the bus for one week and closely monitored.

2nd Offense: Operator - student conference and parent contacted by Courtesy Notice prepared by Operator. Student re-assigned to the front of the bus for two weeks and closely monitored.

3rd Offense: Referral submitted, with recommended bus suspension up to 1 day. Upon return to bus, student assigned to front of the bus for one week and closely monitored.

4th Offense: Referral submitted, with recommended bus suspension up to 3 days. Upon return to bus, student assigned to front of the bus for two weeks and closely monitored.

5th Offense: Referral submitted, with recommended bus suspension up to 5 days. Conference with parent, student, school administrator and Transportation Staff. Upon return to bus, student assigned to front of the bus for two weeks and closely monitored.

6th Offense: Referral submitted, with recommended bus suspension up to 10 days. Letter from school to parent stating next referral may result in recommendation for removal from the bus for the remainder of the year.

Secondary Bus Discipline Protocol

1st Offense: Operator - student conference and parent contacted by Courtesy Notice prepared by Operator. Student re-assigned to the front of the bus for one week and closely monitored.

2nd Offense: Referral submitted, with recommended bus suspension up to 1 day. Upon return to bus, student re-assigned to front of the bus for two weeks and closely monitored.

3rd Offense: Referral submitted, with recommended bus suspension up to 3 days. Upon return to bus, student re-assigned to front of the bus for two weeks and closely monitored.

4th Offense: Referral submitted, with recommended bus suspension up to 5 days. Conference with parent, student, school administrator and Transportation Staff. Upon return to bus, student re-assigned to front of the bus for two weeks and closely monitored.

5th Offense: Referral submitted, with recommended bus suspension up to 10 days. Letter from school to parent stating next referral may result in removal from the bus for the remainder of the year.

c. Suspension from the school bus may be imposed only by the principal or designee by following the procedures for suspension from school. Bus suspensions may not be extended beyond the number of days originally prescribed by the principal or designee.
d. □ou can be removed from the school bus by the Superintendent or his designee for up to one calendar year for misconduct or a violation of the bus rules on a school bus or at a bus stop, based upon the recommendation of the principal and after the principal has suspended you from riding the bus for 10 days for an incident. Before the Superintendent or designee removes you from the bus, you and your parents will be informed in writing of the principal's recommendation and the basis for that recommendation. The Superintendent or designee will inform you and your parents in writing of any removal from

   the bus.
e. Even if you transfer to a new school, you will be held responsible for any previous incidents of bus misconduct from your previous school.

SECTION 5 IV DISCIPLINE MATRICES

Discipline Matrix for Schools

The discipline matrix is a tool that helps ensure a consistent and progressive response to discipline across all SDMC schools. The below incident codes and corresponding types of offenses represent the different types of infractions found in our FOCUS student information system. These larger infraction headings encompass the full range of student misconduct and include more specific behaviors (such as cutting in the lunch line or using profanity).

Once the type of offense is located on the left-hand side of the matrix, simply follow that row to the right to see which consequences and interventions are considered appropriate for the number of times that specific offense has been repeated. □ou may use the key below for proper identification of the specific types of administrative action found on the matrix. The term SESIR is found throughout the discipline matrix and is an acronym for School Environmental Safety Incident Reporting. These discipline incidents are defined by the state and reported to the Florida Department of Education on a monthly basis.

A school principal, or designee, may develop additional consequences for a particular behavior as long as these consequences do not violate school board policy of state statutes. The following behaviors and/or consequences framework were developed in accordance with SESIR reporting requirements.

Action Code	**Administrative Action Type**	Action Code	**Administrative Action Type**
ASD	After School Detention	LDT	Lunch Detention
ALT	Alternative Placement Referral	S	Other SESIR Defined
AOS	Alternative to OSS	OSS	Out of School Suspension
AWD	Assign Work Detail	PCN	Parent Conference
BSD	Before School Detention	PPH*	Parent(s) Phoned
BCM	Behavior Contract Made	PWR	Parent(s) Written
CUP	Clean Up – Vandalism	PMD	Peer Mediation
CMS	Community Service	RGU	Referred to Guidance
CFS	Confiscation	RLW	Referred to Law Enforcement
CFR	Conflict Resolution (includes NCO)	RTI	Response to Intervention (MTSS)
CAW	Counseled and Warned	RES	Restitution
DIS	Other District Defined (such as contracts, intervention courses)	SPH	Susp. Extended, Pending Hearing
E□S	Extra School	ISC	Susp. Until Parent Conf. – ISS
FIN	Fine Charged	OSC	Susp. Until Parent Conf. – OSS
ISS	In-School Suspension	SBS	Suspended from Bus
LOA	Letter of Apology	TMO	Time Out
LPP	Loss of Parking Privileges	□ero	Student receives no grade for work
LOP	Loss of Privileges		

+All Office Discipline Referrals are to be met with attempted telephone contact with the enrolling parent.
* Denotes a School Environmental Safety Incident Report (SESIR) infraction – defined by the state

SECTION 6 PROCEDURES RELATING TO DISCIPLINARY ACTIONS

Each school and classroom in the school District of Manatee County is required to develop their own behavior plans, which support the unique needs of their students, families, and communities. Common disciplinary actions at each school may include, but not be limited to the following:

Loss of Privilege
For a specified period of time, you may lose a privilege on campus. These privileges include, but are not limited to, parking, use of technology, extracurricular activities, and assemblies.

Disciplinary Probation/ Check-in/Check-out
For a specified period of time, you are assigned to report frequently to a staff member who will assist in monitoring your adjustment to the school situation.

Detention/Extra School
ou report to an assigned location at your school for a specified period of time before or after school for supervised study hall activities. Extra school is not intended to interfere with your regular class schedule.

Fine/Restitution
ou may be given a written citation by the School Resource Officer and required to pay a fine if you are caught smoking or in possession of tobacco. ou may be required to pay restitution for any damage you may have caused to School Board property.

Student Work Assignments
If your parent and a school administrator agree, the administrator can assign you to a work detail at the school. The principal will decide who will supervise your work.

Saturday School
ou may be required to attend Saturday School if an administrator has contacted your parent at least twenty-four (24) hours in advance.

In-School Suspension
ou may be assigned to a specific location at your school during the school day where you will be required to continue your regular academic coursework. This assignment may be for a single period (usually referred to as Time Out), all day, or for multiple days. Time Out may also be used in lieu of detentions when transportation or other issues prevent their assignment.

Classroom Removal
our teacher may require that you be removed from class if it has been documented that your behavior has seriously disrupted the teaching or learning in the classroom. If you are removed from a class, the principal may place you in another appropriate classroom, in-school suspension, an alternative education program, or the principal may recommend you for suspension or expulsion. ou cannot be returned to that teacher's classroom unless the teacher consents or a school-based placement review committee has determined that doing so is the best or only available alternative. A decision on whether to return you to the classroom must be made by the teacher or the committee within five days of the removal.

MAJOR DISCIPLINARY ACTIONS

In order to protect the rights of all students and staff, certain procedures are followed with regard to major disciplinary actions. These procedures are developed as suggested or required by law or regulation. School/classroom procedures for administering discipline in areas not covered by these specific procedures are encouraged.

School Bus Suspension

□ou can be denied the privilege of riding a school bus by the principal or designee for up to 10 school days. Suspension from the school bus may be imposed only by the principal or designee by following the procedures for suspension from school.

Out-of-School Suspension

□ou have the right to attend school and have an opportunity to learn. □ou may lose that right if you violate the District Code of Student Conduct or a school rule. □ou lose the right to attend school by being suspended or expelled. □ou can be suspended from school for up to ten (10) days at a time. If you are suspended you cannot be on school grounds or on any Manatee School District property, nor can you attend any school activities. □ou cannot be suspended for skipping class or school or for excessive tardiness. However, you may be suspended for failure to serve consequences assigned for skipping or tardiness.

OUT-OF-SCHOOL SUSPENSION Q & A

Q. Who can suspend you?

A. The principal or someone designated by the principal can suspend you.

Q. How long can you be suspended?

A. □ou can be suspended from school for one school day or up to ten (10) school days. School principals or designees may not impose suspensions of undefined lengths, pending a parent conference or other stipulations.

Q. What happens before a suspension?

A. When the principal or designee becomes aware that a student may have broken a rule in the District Code of Student Conduct or a school rule, he or she will investigate by talking to students, teachers or others who may know something about what happened. Even if you are not one of the students who may have broken the rule, the principal or designee may talk to you as part of the investigation. After talking to people who were involved or witnesses, the principal or designee will determine who he or she thinks broke a rule.

Q. What if the principal or designee determines you broke a rule?

A. As soon as possible, the principal or designee will talk to you and tell you that you are accused of breaking a rule in the District Code of Student Conduct or a school rule. □ou also will be given written notification, such as a disciplinary referral, which tells you the same thing. □ou will be told why it is believed that you have broken the rule. After this happens, you should know what you are accused of doing and what evidence there is that supports the accusations.

Q. What happens next?

A. □ou will then have an opportunity to tell the principal or designee your side of the story. □ou can ask that he or she talk to someone you think may know something about what

happened. You can give the principal or designee a written statement to read. After listening to you and reading anything you have provided, the principal or designee may talk to the people you named and anyone else who might have knowledge about the situation, as may be appropriate in the opinion of the principal or designee. After that, the principal or designee will decide if you have broken a rule in the District Code of Student Conduct or a school rule. If he or she decides you have broken a rule, the principal or designee will then determine whether you should be suspended from school, and if so, for how long. You will be told about this decision.

Q. Will my parents know?

A. Prior to the beginning of the suspension, the principal or designee will attempt to telephone your parents and let them know about the suspension. If your parents cannot be reached by telephone, then the principal or designee will record the dates and times contact was attempted. Also, within 24 hours of the decision, a letter will be mailed to your parents informing them of the suspension. If you or your parents claim you did not receive the letter, it will not change the suspension. You will be given another copy of the letter if you request one.

Q. Can you appeal a suspension?

A. You can request the principal reconsider the evidence and decision. However, the principal's decision to suspend a student is final.

Q. How do I make up my work while on suspension?

A. You are encouraged to remain current with all class assignments but are required to obtain your work. The following means are available: 1. Ask fellow students to obtain the class work for you. 2. Contact your teacher via email or phone. 3. Access teacher websites or weekly assignment sheets, if available.

All makeup work is due on the day of your return from suspension. In the case of in-class activities such as labs, tests, quizzes, class projects, etc., the teacher will determine a reasonable amount of time for assignments to be completed.

Disciplinary Reassignment

The School District of Manatee County offers an alternative program for students who struggle with behavioral issues in their current setting or create a concern for the safety of others. Pursuant to School Board policy, the Superintendent of Schools or designee may decide to reassign you, if it is determined to be in your best interest, or the best interest of the school. If your actions create a concern for the safety and welfare of any student or staff member or substantially interferes with the safe and orderly operation of a school, you are eligible for reassignment to an alternative program under the School Safety reassignment process, regardless of any current or past patterns of behavior. These acts would normally involve infractions such as battery on a school board employee, causing substantial injury or mental distress to others, threats to commit acts of violence, sexual misconduct, weapon or drug-related behaviors, or any variety of criminal acts committed on a school campus. Likewise, being charged with an off-campus criminal act by law enforcement, which creates a concern for the safety and welfare of students or staff, or which substantiates a pattern of unsafe behavior may result in a School Safety reassignment, per ss 1006.09, 1006.147, and 1006.13.

ou may also be referred for a School Safety Reassignment to the alternative program for persistent behaviors which substantially disrupt the learning environment and are not mitigated through school-based interventions. Such behaviors may include interfering with instruction the use of profane or offensive language or gestures disrespect towards school staff defiance of school staff theft, destruction, or improper use of school equipment possession of contraband or prohibited items or continually being out of area. ou may also be referred for reassignment for patterns of behavior which substantially interfere with the educational rights of other students. These behaviors may include acts such as bullying, harassment, extortion, threats, theft, fighting, or any conduct which is disruptive to the orderly educational process in the classroom.

If you are assigned to an alternative program for disciplinary reasons, you cannot be present on any other school grounds or on any Manatee School District property at any time. If you have been reassigned to an alternative program for disciplinary reasons, you may instead choose to attend another school outside the district. However, your academics, attendance, and behavior must be evaluated in a physical setting with peers in order to return to any Manatee County school. Virtual or purely online programs are not an acceptable alternative without specific review and authorization from the district office of Drop-Out Prevention and Alternative Programs.

Expulsion

ou can be expelled (excluded) from school by the School Board for the remainder of a school term or school year and one additional year of attendance. During the time you are expelled, you may or may not receive educational services. Students who commit violent acts that involve the use of a firearm as defined in the Code of Student Conduct will be expelled, with or without educational services. All other students will be evaluated on a case-by-case basis and where possible, recommendations for diversionary or intervention programs will be made in lieu of arrest or expulsion.

EXPULSION AND DISCIPLINARY REASSIGNMENT Q & A

If you are found to be guilty of a severe breach of conduct or are guilty of continuing misconduct, the principal or designee may suspend you for up to 10 days after following the suspension procedures and recommend to the Superintendent or designee that you should be expelled or reassigned to another school or program. All alternative placements and expulsion recommendations for students with disabilities are made by the appropriate IEP or 504 team.

Q. What happens if the principal recommends reassignment to another school or program?

A. The principal will refer the case to the Office of Drop-Out Prevention and Alternative Programs to determine whether it should move forward or be declined. If approved, you will either be directly assigned to another school or program or have your case go before the School Safety Reassignment Committee for deliberation. Any vote by the committee will be the recommendation made to the Superintendent or designee. Should you be reassigned, you will be provided information concerning the school or program and instructions on how to enroll.

Q. What is the School Safety Committee?

A. A group of district and school administrators which evaluate the facts of each case and the student's history to make recommendations for reassignment to an alternative program. The Committee is additionally charged with evaluating the interventions attempted by the school, prior to the reassignment referral being submitted.

Q. Can the recommendation of the committee be appealed?

A. You may appeal the decision to the Office of Alternative programs and Drop-out Prevention. Facts of the case must be appealed to the principal if the reassignment referral is being forwarded by the school for on-campus behavior.

Q. What happens if my principal recommends expulsion?

A. Your principal may recommend an expulsion to the Director of Student Services. The Director will in turn listen to the facts of the case and make a recommendation to the Superintendent. However, only the School Board can expel a student. If the Superintendent agrees with the recommendation, the District General Counsel or designee will inform your parents in writing about the recommendation and why expulsion is being recommended. The notice will additionally inform your parents they can request a hearing.

Q. What happens if my parents do not request a hearing?

A. The School Board will take final action on the recommendation for expulsion without a hearing. By not requesting a hearing, you are admitting that you did what you were accused of doing.

Q. What happens if I request an expulsion hearing?

A. The School District General Counsel will notify you when and where the hearing will be conducted. The Office of Dropout Prevention and Alternative Programs will inform your parents of the procedures involved and your procedural rights. At the hearing, the General Counsel, on behalf of the Superintendent, presents the evidence in support of the recommendation for expulsion. You, your parents, your attorney or other qualified representative will be permitted to cross examine witnesses and offer evidence on your behalf, including your testimony. The cost of your attorney will be your parent's responsibility. Your parents may elect to have the hearing open or closed to the public.

Q. What procedures govern the expulsion hearing?

A. The expulsion hearing is governed by sections 120.569 and 120.57(2), Florida Statutes. A copy of those sections will be provided to you upon request.

Q. What happens after the expulsion hearing?

A. The School District General Counsel will submit to the School Board a recommended order consisting of findings of fact, conclusions of law, and a recommendation on the expulsion. You, your parents, or your attorney will have an opportunity to submit written objections to the

recommended order. The School Board is limited on what it can do with respect to the recommended order by section 120.57 (1), Florida Statutes.

Q. Who makes the final decision to expel me?

A. The School Board will make the final decision on whether you should be expelled and if so, for how long. The School Board will also decide if you will receive educational services during your expulsion. □our parents may elect to have the School Board meeting open or closed to the public.

Q. How long can the School Board expel me?

A. □ou can be expelled for the remainder of the current school year and one additional school year. A student who is serving an expulsion during the last semester of his or her senior year may not participate in the graduation ceremony.

Q. Can I appeal the School Board's decision to expel?

A. □ou can appeal the School Board's decision to the Second District Court of Appeal in Tampa. □ou must do so within 30 days of the time you are expelled□you may or may not receive educational services.

Felony Arrests

Students are required to self-report any felony arrest to their principal within 48 hours of the arrest. An arrest that would be a felony if the student were an adult must also be self-reported. The principal will review information about the arrest to determine, after conferring with the Executive Director of School Management, whether the student should be suspended from all extracurricular activities and possibly suspended from school or reassigned to an alternative placement. Failure to self-report such an arrest may result in suspension from all extracurricular activities for a minimum of one calendar year and suspension from school or reassignment to an alternative placement.

Extension of Ten-Day Suspension

If the principal suspends you for 10 days, the Superintendent may extend your suspension until the outcome of the criminal charges that have been filed against you. During your suspension, pending the outcome of the criminal charges, you will be assigned to an alternative educational program.

Criminal Victimization

In accordance with F.S. 1006.13, students who are found to have committed certain felony offenses against another student are prohibited from attending the same school or riding on the same school bus with the victim or the victim's siblings. According to F.S. 1006.13(5)(d), "The offender, or the parents of the offender if the offender is a juvenile, shall arrange and pay for transportation associated with or required by the offender's attending another school or that would be required as a consequence of the prohibition against riding on a school bus on which the victim or a sibling of the victim is riding. However, the offender or the parents of the offender may not be charged for existing modes of transportation that can be used by the offender at no additional cost to the District School Board."

Corporal Punishment

The use of corporal punishment is prohibited. This prohibition extends to parents or guardians on school grounds.

REPORTS TO LAW ENFORCEMENT AGENCIES

The School Board views disruptive and criminal acts, and those which may affect the health, safety and welfare of, or pose a legitimate threat to those on a school campus, as extremely serious in nature. In addition to disciplinary action administered at the school level, certain acts are expected to be reported to law enforcement as required by the State Attorney Office. The actions of law enforcement do not dictate the corrective measure enforced by the school.

LIMITED ROLE OF LAW ENFORCEMENT

To help avoid the unnecessary criminalization of our students, law enforcement action should be limited to situations when it is necessary to protect the physical safety of students and staff or appropriate to address criminal activity. Law enforcement involvement should not be requested in a situation that can be safely and appropriately handled by a school's internal disciplinary procedures.

THE COACH AARON FEIS SCHOOL GUARDIAN PROGRAM

Like law enforcement, school guardians hired through the Coach Aaron Feis School Guardian program in Manatee County are in place to help ensure the physical safety of our students, staff, and school community. School guardians are not to be involved in student discipline matters unless it is a matter of safety. School guardians additionally have no authority to act in any law enforcement capacity, except to the extent necessary to prevent or abate an active assailant incident.

REPORTS TO DEPARTMENT OF CHILDREN AND FAMILIES (DCF)

All employees of the District have the responsibility to report all actual and suspected cases of child abuse, abandonment or neglect. They also have the responsibility to comply with child protective investigations and all other provisions of law related to child abuse, abandonment or neglect. All employees of the District shall have immunity from liability if they report such cases in good faith. Abuse is defined as "any willful act or threatened act that results in any physical, mental, or sexual injury or harm that causes or is likely to cause the child's physical, mental or emotional health to be significantly impaired."

REFERRALS TO MENTAL HEALTH AGENCIES

If you present a concern for the safety of others, due to your actions or words, as determined by your school or district administration, law enforcement, or a threat management team, you will be referred for mental health services, per F.S. 1012.584. These services may be provided on campus or through off-campus mental health providers that partner with our district. In the event you present an immediate concern for the safety of yourself or others, the Marchman or Baker Acts may be enacted (see Page 4) to ensure an appropriate mental health examination and intervention(s) occur. This may result in an involuntary examination and removal from campus, pursuant to F.S. 394.463. Such contact may be in person by a mental health professional or using telehealth as defined in F.S.456.47.

SELF-REPORTING UPON INITIAL REGISTRATION

Upon initial registration in any district school from another district, state, charter, home or private school, you are required per F.S. 1006.07 to self-report any previous school expulsions, prior arrests resulting in charges, Juvenile Justice actions, and referrals to mental health services. You are also required to report any placements in an alternative setting for disciplinary or safety reasons. Students found to have been expelled or placed in an alternative program in lieu of expulsion from another school or district may serve any remaining duration of the original

expulsion as outlined in F.S. 1006.07.

DISCIPLINE FOR STUDENTS WITH DISABILITIES (SECTION 504 AND IDEA)

If you are an IDEA or Section 504 eligible student and have an Individualized Education Plan (IEP) or Section 504 Plan, you are expected to comply with the District Code of Student Conduct and school rules just like any other student. If you violate the District Code of Student Conduct or school rules, you are subject to discipline just like any other student. There are, however, some special rules dealing with suspensions, assignments to alternative programs, and expulsions.

Q. How are In-School Suspensions handled?

A. If a student with a disability receives an in-school suspension, the student's IEP or Section 504 Plan will continue to be in force. An in-school suspension is not considered an out-of-school suspension if the IEP or Section 504 Plan is followed.

Q. Can a student with a disability receive an out-of-school suspension?

A. Yes. A student with a disability may be suspended from school just like any other student and will not receive any educational services during the suspension.

Q. Can a principal use other forms of discipline with a student who has a disability?

A. Yes. A principal or designee may use any other form of in-school discipline when dealing with a student with a disability who has violated the District Code of Student Conduct or a school rule, provided that non-disabled students are disciplined the same way. Such discipline actions may include detentions, in-school suspension, extra school, Saturday school, or exclusion from extracurricular activities or field trips.

Q. What happens when a student with a disability reaches ten days of Out-of-School Suspension?

A. School personnel familiar with the student and the student's IEP or Section 504 Plan will meet with the parents as a team. For both IDEA and Section 504 eligible students, this team will determine if the student's disability is causing the misconduct (Manifestation Determination) and whether changes to the IEP or Section 504 Plan are necessary. For the IDEA eligible student, this team will also ensure a current Functional Behavioral Assessment (FBA) and a Behavior Intervention Plan (BIP) are in place, or recommend changes to either document.

Q. Can a student with a disability be reassigned to another school?

A. Yes. A student with a disability may be reassigned to another school, provided certain conditions are met. Students with disabilities may be reassigned to an alternative program for persistent disruptive behavior, only if that behavior is determined to not be substantially related to or caused by their disability and a current FBA and BIP are in place. Students may be also reassigned to an alternative program for behavior which represents a concern for the safety of other students or staff or the orderly operation of a school. If committed on campus, these acts must also not be substantially related to or caused by the student's disability.

Q. If a student with a disability has a weapon, illegal drugs or causes serious bodily injury to someone, what disciplinary actions may be taken?

A. When a student with a disability commits one of these infractions at school or at a school-

related function, that student may be subject to the same administrative action and for the same length of time as a non-disabled peer - provided the behavior is determined to not be a manifestation of their disability. Even if the behavior is determined to be a manifestation of the student's behavior, he or she may be removed to an interim alternative educational setting for not more than forty-five (45) school days. Such placement does not require parent consent.

Q. Who determines the interim alternative educational setting (IAES)?

A. The IAES will be determined by the IEP or Section 504 Plan team.

Q. May a student with a disability be expelled?

A. Yes, but only if services are provided by the district.

Q. May a student with a disability be suspended from the bus?

A. Yes. Students with disabilities may be suspended from the bus just as any other student. Responsibility for transporting the student to school would then fall to the parent. However, any days missed during the bus suspension will be counted as an Out-of-School Suspension, unless the parent excuses or documents the absence.

Q. If transportation is a related service identified on the IEP or Section 504 Plan, may a student with a disability be suspended from the bus?

A. Yes. If transportation is a related service identified on the student's IEP or Section 504 Plan, and suspension or expulsion from the bus is recommended, then the bus suspension will be counted as an Out-of-School Suspension if the student is not in attendance.

Q. May a parent or guardian record an IEP meeting?

A. Yes. A parent, authorized representative of a parent, or IEP team member is permitted to record the meeting. He or she must use his or her own recording device and the District will obtain its own recording of the meeting. The District is under no obligation to provide the parent with a transcription of the recording the District obtains on its own equipment. If the District audio records an IEP Team meeting, the resulting recording shall become a part of the student's educational record and will be maintained in accordance with State and Federal law.

ENGLISH LANGUAGE LEARNERS

English Language Learners (ELLs) are not to be subjected to disciplinary action exclusively because of their use of a language other than English. However, all School District of Manatee County students, regardless of their ability to speak English, are governed by the Code of Student Conduct.

SECTION 7 MISCELLANEOUS

CRISIS PROTOCOL

Providing a safe and secure environment for our students to learn is the top priority of the School District of Manatee County. Measures have been taken to ensure our staff and students are prepared in the event a crisis situation occurs in one of our schools. A comprehensive Crisis Management Plan has been created to guide our staff through a wide variety of situations. Fire drills, tornado drills, lock-down drills, and shelter-in-place drills are practiced at each site to ensure

routines and safety procedures are well established and familiar to all.

In a shelter-in-place, all school doors will be locked and regular classroom instruction continues behind the locked doors. In a lock-down, all school doors are locked and all students and staff are out of view. Classroom instruction is discontinued.

What parents need to know during either crisis:

a. Please DO expect to be notified with a special parent advisory sent home from the school and/or with a telephone message from our telephone notification service when the school is able to provide accurate information and/or the incident is resolved.
b. Please DO cooperate with school and/or district directives.
c. Please DO consult local media for regular updates about the incident. Listen for information updates on local radio and television stations. □ou may be directed to an off-campus parent staging area for the latest information regarding a campus crisis.
d. Please DO NOT call the school because phone lines will be needed for emergency communication.
e. Please DO NOT call your child's cell phone because cell phones are not to be used during a crisis.
f. Please DO NOT go to the school if a crisis situation should occur. Roads are closed, doors are locked and campuses are off-limits to anyone other than authorized personnel.

Pursuant to F.S. 120.54, in the event of an emergency, the Superintendent or the School Board can enact additional rules governing student conduct which shall be enforced as included in this Code of Student Conduct.

Unannounced Lock-down Drills

The principal may conduct unannounced lockdown drills from time to time and will inform parents after the fact about the drill by way of automated telephone calls.

STUDENT AND FAMILY REUNIFICATION PLAN

In case of a school emergency or a natural disaster, you need to be aware of our school's plan for releasing your child. First and foremost, remain calm. Remember, it is our primary concern that students remain safe at all times, and there is a plan for an orderly dismissal and release of our students. When you learn your child's school is in a lockdown situation or any other emergency situation, do not call the school and do not come to the school. Staff will be very busy during an emergency and will not be able to attend to the safety of your children if they have to answer your phone calls. If you come to the school during an emergency, in all likelihood you will not be allowed into the school or even into the inner perimeter set up by emergency responders. The presence of hundreds of parents showing up on the scene will hinder the efforts of emergency responders, which in turn may jeopardize the safety of your child. Instead, if the situation warrants the release of students, direct notification to your listed emergency contact numbers as well as the use of local news media will provide instructions on when and where the release will take place. Students may be bused to an off-site location for their release to parents.

Once an "all clear" is given at the school, and if there is a need to release students for the day, the Student and Family Reunification Plan will be put into place. For the safety of every child, we must document to whom each child is released. Students will only be released to a parent, guardian, or childcare personnel as designated on your child's school *Contact, Medical, and Emergency Form*. When you arrive at the facility where students will be released, proceed to the designated area and plan to do the following:

- Fill out a Student Release Form.

- Present photo identification.
- Move to the Student release area and wait for your child.
- A runner will go to the assembly area, get your child, and bring him or her to the release area. Be prepared to show your ID again.
- Sign for the student and depart.

REMINDER: Your child will be released only to those listed on the *Contact, Medical, and Emergency Form*. It is therefore imperative you keep information on your child's *Contact, Medical, and Emergency Form* up to date, including your cell phone number or other emergency contact information. Please note that if for any reason your child is not picked up, he or she will be placed in an alternate place of safety. These procedures should be shared with everyone you list on the *Contact, Medical, and Emergency Form* so they are familiar with our plan and these concerns. If you have any questions about the Student and Family Reunification Plan, contact your child's school principal.

REGISTER YOUR EMERGENCY CONTACT INFORMATION TODAY!

The school district, in cooperation with TIFF (To Inform Families First) urges you and your family to register your emergency contact phone numbers TODA□. In the event of an emergency, families can be notified more quickly through this service. On the Internet, simply log onto the following website as follows:

www.hsmv.state.fl.us

Click ONLINE SERVICES - EMERGENC□ CONTACT INFORMATION

For more information on this important initiative click on:

www.toinformfamiliesfirst.org

ELECTRONIC EQUIPMENT

Students may possess cell phones and other non-district issued electronic items at school, on buses, and at school functions provided that during school hours cell phones are silenced and concealed. The devices shall not be used during the school day unless your school has adopted a process for further allowing or restricting the use of personally owned electronic devices. Pursuant to Section 1006.07, Florida Statutes, a student may not use a wireless communication device during instructional time, except when expressly directed by a teacher, solely for educational purposes. A teacher shall designate an area for wireless communications devices during instructional time." Absent such permission, teachers or other school staff may confiscate your electronic device, per
F.S. 1006.07. These electronic devices include, but are not limited to, the following:

- music playback or streaming devices
- camera
- cellular phone (including the camera that may be part of the phone)
- video or digital recorder
- video gaming devices

- computer or tablet (unless specifically authorized for academic purposes)
- Smartwatches or other smart devices when used as a cellular device
- Earbuds or headphones

Violations of the cell phone policy will be handled in accordance with the SCC and may results in confiscation of said device. Refusal to surrender the device will be considered defiance and will result in appropriate administrative action. If the item is not picked up by July 1 following the end of the school year, the item will be deemed abandoned. Each school will determine what to do with abandoned items. Neither the school nor school staff members are responsible for any such items if they are lost, stolen, broken or damaged.

A student may not electronically record any SDMC employee or facility without written or explicit permission. This does not apply to school-sanctioned events or activities that may warrant such recording. Additionally, students may not post to the Internet recordings of fighting, acts of bullying, assault, or battery, whether staged or real – regardless of time or location.

During any district, state, or federally required assessment administration, if you are found with an electronic device that reproduces, transmits, calculates, or records (e.g., a cell phone, camera, or calculator) in your pocket, at your desk, or within your reach during testing, your test will be invalidated. Additionally, the device will be confiscated, and you will be disciplined.

If school officials have reasonable suspicion that electronic items contain criminal activity, the device may be provided to law enforcement.

TECHNOLOGY AND INTERNET SAFETY POLICY

Technology is an integral part of your educational experience and must be used in a way that is consistent with the goals of the School District of Manatee County (SDMC). Technology includes, but is not limited to, computers, tablets, other electronic devices, software, email, the Internet, and other network resources. □our use of technology is a privilege and you are responsible for using it appropriately. This includes use of district technology while off school property. The following are improper uses of technology:

a. Photographing, recording, or using images of any person without their knowledge or consent.
b. Accessing pornographic or obscene images, language or materials, including screen savers.
c. Transmitting any material in violation of federal, state, local law, School Board policy, regulation, or the District Code of Student Conduct. This includes but is not limited to: copyrighted material□threatening, obscene or pornographic material□test questions or answers□student work products□trade secrets□and computer viruses or malware.
d. Using technology for commercial activities unless explicitly permitted by the School Board.
e. Modifying the original SDMC pre-set software image including, but not limited to: loading software applications not authorized by SDMC□changing the computer name□changing or removing operating system extensions□altering security/filtering software□altering the pre-loaded operating system or application□or taking apart the computer for access to internal parts.
f. Downloading music, games, or videos at any time on a district computer.
g. Using cellular phones or other wireless communication devices during unauthorized times

of the school day. Cellular phones, tablets, and other electronic devices may only be used on campus before or after school, unless your school has different policy restrictions, or you have permission from an administrator or designee.

h. Using email, instant messaging, texting, web pages or other technology operations to threaten, disrupt, or interfere with the safety and welfare of the school community, including engaging in cyber-bullying, harassment, or "sexting."
i. Gaining or attempting to gain unauthorized access to SDMC networks, computer servers, or data files.
j. Gaining or attempting to gain unauthorized access to non-SDMC networks, computer servers, or data files utilizing SDMC equipment.
k. Using profanity, obscenity, or other language which may be offensive to another person, or reposting personal communications without the author's prior consent, when using computer network access.
l. Downloading or printing any material that deemed inappropriate by the School District.
m. Attempting to log on to the SDMC network or other district-affiliated systems using another's identity or password.
n. Sharing of logins and passwords to the SDMC network.
o. Bypassing or attempting to bypass SDMC filtering software.
p. Unauthorized disclosure, use and dissemination of personal information regarding students, unauthorized online access by students, including hacking and other unlawful activities and access by students to inappropriate matter on the Internet is prohibited.

NOTE: There is no right or expectancy of privacy on District provided or owned technology. School officials may review any information or files on such technology at any time.

Use of Social Media

The School District of Manatee County allows schools, students, teachers and staff to use social media for enhancing classroom learning and communication among members of the SDMC community. our use of District-approved social media platforms must be consistent with all aspects of this Code of Student Conduct and must abide by Section 501.1736, Florida Statutes

For School Board Policies regarding student use of social media, please see Policy 7544 "Use of Social Media," as well as Policy 7540.03 "Student Technology Acceptable Use and Safety." Those policies can be found in the School Board Policy Manual on the School District website at https://www.manateeschools.net/Page/2186. For Student Social Media Guidelines, please visit the "Parents and Students" page of the School District website at www.manateeschools.net.

DISCLAIMER OF RESPONSIBILITY FOR PERSONAL PROPERTY

Although the school attempts to maintain a safe and secure environment, theft and loss do sometimes occur. All personal property in possession of the student should be identified with the student's name. The school disclaims responsibility for any lost, stolen, broken or confiscated property. Parents send and students bring such items to school at their own risk. Students are expected to turn in to the office any found items.

PARENTAL RIGHTS AND RESPONSIBILITIES

The role of parents, guardians, and families is critical to the healthy growth and development of

each of our students. Some of the basic parent rights include:

- To be actively involved in your child's education
- To be treated fairly and respectfully by the school administration, teachers, and other staff
- To access information about the Board's policies and procedures
- To be notified promptly if your child is disciplined for inappropriate or disruptive behavior and informed of the consequences assigned
- To appeal disciplinary actions taken
- To receive pertinent, accurate, and timely information about your child's academic progress, in addition to ways you can help your child succeed in school.

School staff and parents must work together to maximize a student's success at school. We are committed to working with and supporting families and we request parents work with and support us. As a parent you are expected to:

Sign in at the Office
Sign in through the Raptor System when you go to any school and before you go anywhere else on the campus. (You must present your driver's license or official picture identification to be scanned for student safety issues.)

Be Involved
Get to know the people at your child's school by participating in teacher conferences and school-parent activities such as Parent-Teacher Association (PTA)/Parent-Teacher Organization (PTO) meetings and School Advisory Council (SAC) meetings. Be actively involved in the learning process at home and in school, such as volunteering, collaborating with teachers on your child's performance in school, and fostering learning at home by providing your child appropriate assistance and monitoring of homework. Participate in your child's elementary report card conferences, which are scheduled following the first and third quarters of the school year.
School Board Policy 2111 Parent/Family Involvement may be accessed on the district website, or you may request a copy at the district office at 215 Manatee Avenue West, in Bradenton.

Provide Information
Each year provide your child's school your current telephone number, home address, work telephone number and emergency contact number. Parents must immediately notify the school of any changes in contact information.

Support School Rules
Understand and support the rules in this District Code of Student Conduct and talk to your child about them.

Support Dress Code
Teach your child to follow the dress code as outlined in this document. Because school is a place to work and learn, dressing neatly and appropriately for school is very important.

Promote Punctuality
Make sure your child arrives at school on time every day. Parents should be aware that if they live within two (2) miles of their child's school, School District transportation will not be provided unless required as a related service for a student with a disability.

Ensure Your Child's Safety
Ensure your child arrives at school no more than thirty minutes before the start of the school day

and leaves campus no more than thirty minutes after the school day or activity unless you have made special arrangements with a teacher, administrator or a before/after school care program. Supervision will not be provided beyond that time. Supervision for students attending school activities outside the regular school day such as clubs, dances, carnivals, practices and games will be provided 30 minutes before and after the activity. Be aware that school nursing services are not available at extracurricular activities or before or after the school day. It is the parents' responsibility to provide any medical needs for their children before or after the school day.

Comply with Safety Rules
Adhere to school developed, on-site traffic plans for vehicles when bringing students to school or picking them up after school. If your children are walkers or bicyclists, encourage them to follow safety rules and use pedestrian-safety features where available.

Notify School of Absences
Contact the school when your child is absent and explain the reason for the absence. It is recommended you call the day of the absence, but parents do have 48 hours to notify the school. In situations specified in the attendance section, written documentation will be required by the school.

Notify School When You Move
Notify the school principal in writing if you move from the last address you have provided the school. □ou must notify the principal within five days of your move. If you have not moved out of your school's attendance zone, your child may continue at that school and may be entitled to transportation. If you have moved out of your school's attendance zone, in many cases your child may remain in the current school through the rest of the school year, but district transportation will not be provided. If the school discovers you have moved and have not provided notification, your child could be assigned to an alternative school or considered to be "found out of that school's attendance area." This could mean an immediate change of school for your child, and your child could be deemed ineligible for athletics and other activities.

Support School Discipline
Work with school staff members to solve discipline or other problems. □ou should let the school know if something has happened at home that could affect how your child behaves in school.

Provide Correct Student Pickup Information
Be aware that only people whose names and contact information are listed on the Enrollment Form may pick up a student from school during the school day. The enrolling parent should complete the Health Information Card. Identification must be shown to the office staff when someone signs out a student from school.

Pay Damages
Be prepared to pay for any damage done to School Board property by your child. If payment is not made and the amount is substantial, the principal will refer the matter to the Superintendent.

Reimburse School
Pay for lost or damaged books or other teaching materials. Failure to pay may mean no other books or materials will be given to your child, your child will not be able to participate in extra-curricular activities or your child will be required to pay the debt through community service at the

school. The principal will make those decisions.

Per School Board policy, if you cannot afford to pay for instructional materials or a fee that your child has incurred at school, you may submit a letter to the Superintendent seeking a waiver. Please consult School Board policy for the information necessary to request such a waiver.

Know School's Delivery Policies
Contact the school before delivering items for your child. Allowing deliveries to students is at the discretion of each individual school.

Comply with Cell Phone Policy
If you need to reach your child in an emergency during the school day, contact the front office. Pursuant to Section 1006.07, Florida Statutes, "s student may not use a wireless communication device during instructional time, except when expressly directed by a teacher solely for educational purposes."

Know CHOICE Options
If you want your child to attend a different school, visit the Office of Student Assignment and follow the CHOICE Student Assignment Plan procedures or call them at (941) 708-4971.

Know Parental Rights
Be aware that when parents are divorced or separated, both parents have full rights to participate in the child's school activities and to know what is happening at school. The non-enrolling parent will not be allowed to remove the child from school without the permission of the enrolling parent. A non-enrolling parent has the right of access to student records and information unless a court order prohibits such access.

Curricula and Instructional Materials
In accordance with 1006.28(2)(a) and 1002.20(19)(b), F.S. and School Board Policy 2520, parents have the right to learn about their minor child s course of study, to include the source of any supplemental instructional materials. Parents may request a copy of instructional materials from their child's teacher or may purchase certain materials with a written request to the school's principal. For parents who are interested in learning more about the types and nature of extracurricular activities and club offerings, please visit your school's website.

Parents or Manatee County residents who object to the purchase of specific instructional materials on the basis of moral, sexual, religious, or other perceived harms may complete a form available on the district website. The form must be submitted to the Curriculum Department within 30 days of the district adoption of the specific materials. Parents who object to specific content based on sexuality may also withdraw their minor child from those portions of the school district s required comprehensive health education instruction, with a written request to the school principal.

Classroom Transfers
An enrolling parent has the right to request his or her child be transferred to another classroom teacher. **Parents must formally submit the request in writing** and the principal or designee shall approve or deny the transfer within 2 weeks after receiving such a request. If a request for transfer is denied, the principal or designee must notify the parent and specify the reasons for the denial. This provision does not give parents the right to choose a specific classroom teacher.

Classroom and Bus Removals

Per F.S. 1003.04, the parent of each public K-12 student must cooperate with the authority of the student's district school board, Superintendent, principal, teachers, and school bus drivers, according to F.S. 1003.31 and F.S. 1003.32, to remove the student from the classroom and the school bus and, when appropriate and available, to place the student in an alternative educational setting, if the student is disobedient, disrespectful, violent, abusive, uncontrollable, or disruptive.

Healthcare Services

Per Florida's parental bill of rights, at the beginning of each school year, parents will be notified of all healthcare services offered at their child's school and provided with the opportunity to individually consent to or decline each service. Please visit your child's school website for further information.

PUBLIC NOTICES

The Family Educational Rights and Privacy Act (FERPA), affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

The right to inspect and review the student's education records within 30 days of the day the School receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

The right to request amendment of the student's education records that the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff)□a person serving on the School Board□a person or company with whom the school has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist)□a parent or student serving on an official committee, such as a disciplinary or grievance committee□or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials

of another school in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with requirements of FERPA. The name and address of the Office that administers FERPA are:

FAMIL□ POLIC□ COMPLIANCE OFFICE
U.S. DEPARTMENT OF EDUCATION
400 Maryland Avenue,
SW Washington, DC 20202-8520

Annual Notice: Students with Disabilities

Parents have the right to:

a. Have your child take part in, and receive benefits from, public education programs without discrimination due to his/her disabling condition(s).
b. Receive prior notice with respect to identification, evaluation, or educational programming for your child.
c. Have your child receive a free appropriate education.
d. Have your child receive educational services in facilities which are comparable to those provided to non-handicapped students.
e. Examine your child's educational programming decisions made, based on a variety of information sources and by persons who know the student and who are knowledgeable about the evaluation data and placement options.
f. Have transportation provided to and from an alternative placement setting (if the setting is a program not operated by the district) at no greater cost to you than would be incurred if the student were placed in a program operated by the district.
g. Have your child be given an equal opportunity to participate in non-academic and extracurricular activities offered by the district.
h. File a local grievance with the local school district's grievance officer.
i. File a complaint with the Office for Civil Rights (OCR).
j. Take action through Civil Court.
k. Be represented by an attorney or legal counsel.
l. Request an impartial hearing regarding district decisions concerning the identification, evaluation, or educational programming for the students. The parent/guardian and their legal representative will have full opportunity for participation.
    - The hearing request must be made to the Superintendent of the District.
    - The hearing will be held by an impartial hearing officer qualified to hear 504 proceedings.

Notification of Student Social Security Number Collection and Usage

In compliance with Florida Statute 119.071(5), this statement provides notification of the purpose for the collection and usage of student social security numbers by the School District of Manatee County. According to F.S.1008.386, When a student enrolls in a public school in this state, the district school board shall request that the student provide his or her social security number and shall indicate whether the student identification number assigned to the student is a social security

number. However, a student is not required to provide his or her social security number as a condition for enrollment or graduation. A student satisfies this requirement by presenting to school enrollment officials his or her social security card or a copy of the card. The Department of Education shall establish a process for assigning a Florida student identification number to each student in the state, at which time a school district may not use social security numbers as student identification numbers in its management information systems. The Commissioner of Education shall assist school districts with the assignment of student identification numbers to avoid duplication of any student identification number.

Service Animals

Subject to specific guidelines, certification, and authorization by the School District of Manatee County, students with disabilities or other medical issues are permitted to have service animals accompany them during the school day. Service animals are individually trained to do work or perform tasks for people with disabilities. Examples of such work or tasks include guiding people who are blind, alerting people who are deaf, alerting people to the presence of potentially deadly food allergens, pulling a wheelchair, alerting and protecting a person who is having a seizure, reminding a person with mental illness to take prescribed medications, calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack, or performing other duties. Please contact your school administration for initiating the process of using a service animal in any Manatee County school.

Military Transfers

Priority is given to the dependent children of active duty military personnel transferring to the School District of Manatee County. Military transfer priority is granted only at the time of the initial military transfer to the district and does not apply to future county-wide program application periods. By state law, dependent children of active duty military personnel transferring into the district are given first priority for placement at the time of their initial transfer. Students who participated in special programs and extracurricular activities at their transferring schools will be given priority access to the same programs and extracurricular activities when available (Florida Statute 1003.05).

Notification of Availability of School Public Accountability Report

The annual school public accountability report is available online through the Florida Department of Education. Please visit the site and select Manatee County, then the appropriate school.

Video Surveillance on School District Property

In order to maintain a safe environment for students, staff and the public, and to control vandalism and criminal activity on School District property, the District has installed and will utilize video surveillance systems on School District property, including school buses. Any activities recorded on the video cameras may be used for school discipline or for law enforcement purposes. Federal and state law governs disclosure and use of video material, and such material could become part of a student's record. Requests for school videos are exempt under Florida Statute as well as FERPA -34 CFR s. 99.12, unless under a subpoena.

Student Identification

ou must have your student ID on you at all times when you are on a school campus or on any district bus. If your school requires you to wear or otherwise display your student ID, then you

must follow all procedures pursuant to that rule. You must also display your student ID and have it scanned, each time you board a district bus.

Pledge of Allegiance

F.S. 1003.44 requires the Pledge of Allegiance be recited at the beginning of each school day. When the national anthem is played or the pledge is recited, students and all civilians shall stand at attention, men removing the headdress, except when such headdress is worn for religious reasons. When the pledge is recited, students shall stand with the right hand over the heart. With a written request by a student's parent or guardian, a student will be excused from reciting the pledge, including standing and placing the right hand over his or her heart. When the pledge is given, unexcused students must show full respect to the flag by standing at attention. When the Junior Reserve Officer Training Corps (JROTC) Color Guard presents the colors for the national anthem or Pledge of Allegiance at a school or district function, the audience is asked to rise before the procession begins from the back of the room. The audience remains standing after the pledge or anthem and during the entire time the Color Guard walks to the back of the room. The audience remains standing until the Color Guard is dismissed.

Moment of Silence

Per FS 1003.45, the principal of each public school shall require teachers in first-period classrooms in all grades to set aside at least 1 minute, but not more than 2 minutes, daily for a moment of silence, during which students may not interfere with other students' participation. A teacher may not make suggestions as to the nature of any reflection that a student may engage in during the moment of silence. Each first-period classroom teacher shall encourage parents or guardians to discuss the moment of silence with their children and to make suggestions as to the best use of this time.

The Hope Scholarship Program

If you have been subjected to a range of violent incidents on campus, to include battery, harassment, hazing, bullying, kidnapping, physical attack, robbery, sexual offenses, assault, threat, intimidation, or fighting, your parents may choose to withdraw you from your zoned school and enroll you in another public school that has capacity, or to request a scholarship to attend an eligible private school. Requests for scholarships to participating private schools is on a first-come, first-serve basis and is subject to available funding and other restrictions, per F.S. 1002.40.

Entering Areas Intended for the Opposite Sex

Based upon legislative changes in the law, if you enter an area on campus designated for the opposite biological sex and refuse to immediately leave when asked, there may be a criminal penalty for students age 18 and above under F.S. 553.865. In addition, school discipline can be imposed for all students as outlined in the appropriate grade-level matrix for entering areas on campus designated for the opposite biological sex that will also include defiance. Schools will work with students who have privacy concerns for reasonable accommodations for an undesignated bathroom.

PUBLIC NOTICES WITH PARENTAL OPT-OUT PROVISIONS

Directory Information/Photographs/Publications

FERPA also requires that the School District, with certain exceptions, obtain written parental consent prior to the disclosure of personally identifiable information from a child's education

records. However, the School District may disclose appropriately designated "directory information" without written consent, unless the parent has advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the School District to include this type of information from a child's education records in certain school publications. Examples include:

- A playbill, showing a student's role in a drama production
- The annual yearbook
- Honor roll or other recognition lists
- Graduation programs and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks and law enforcement agencies. If parents do not want the School District to disclose directory information from their child's education records without prior written consent, they must notify the District in writing by September 15 of each year or within 30 days of receiving this annual notice. The School District has designated the following information as directory information:

- Student's name
- Electronic mail address
- Photograph or other likeness (with parental consent)
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level
- Participation in officially recognized activities and sports
- Weight and height of athletic team members
- Degrees, honors, and awards received
- The most recent school attended

NOTE: Objecting to the release of directory information may result in your name, photograph and other directory information being excluded from yearbooks, sports programs, and other school publications. Both parents have a right to see the school records of their child unless there is a certified copy of a court order on file at the school that specifically denies the right to access school records. Copies of school records are available for minimal copying charge. If you have any questions about these rights, please contact your school office.

Military Opt-Out Procedures

Under federal law, military recruiters are entitled, upon request, to a list of names, addresses, and telephone numbers of high school students unless you object to such release. **You or your parents must notify your principal in writing if you do not want your name, address and telephone number released to military recruiters without prior written parental consent. This written notification may be submitted at any time and the School District will honor**

the objection from that point forward unless you otherwise provide written notification to your principal. A military opt out form is available on the District web site: www.manateeschools.net. ou may also request a copy of the form at your school's main office.

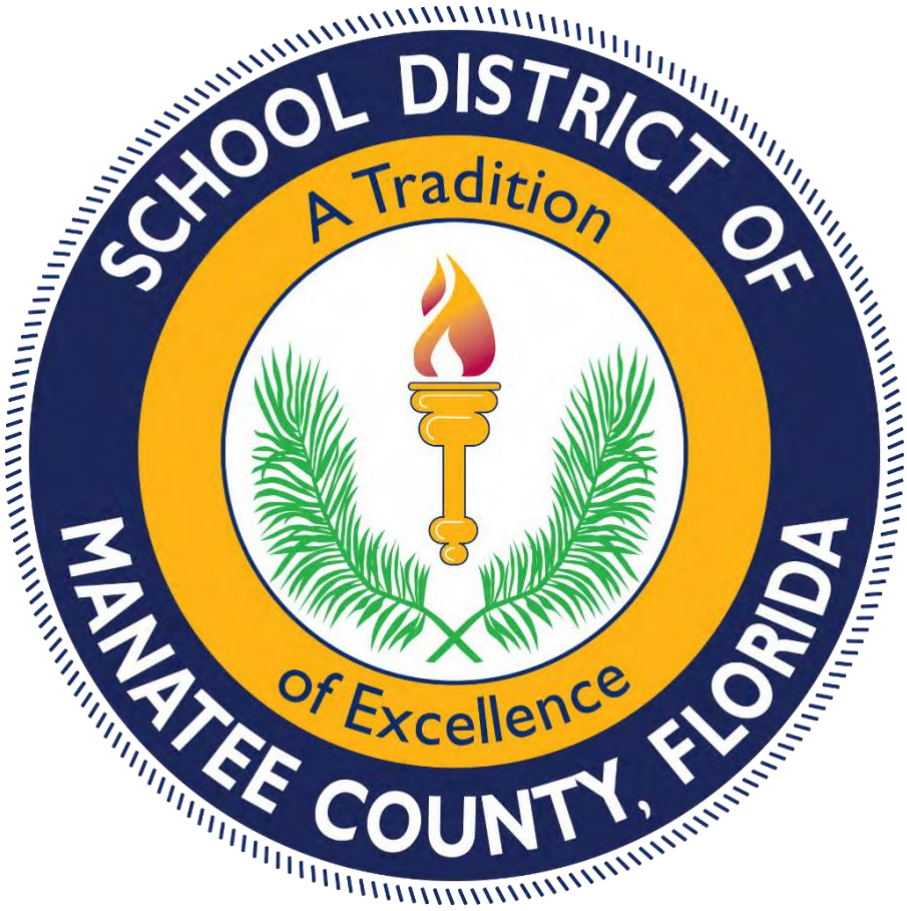
Higher Education Opt-Out Procedures

Under federal law, institutions of higher learning are entitled, upon request, to a list of names, addresses, and telephone numbers of high school students, unless you object to such release. ou or your parents must notify your principal in writing if you do not want your name, address, and telephone number released to institutions of higher learning without prior written parental consent. This written notification may be submitted at any time and the School District will honor the objection from that point forward unless you otherwise provide written notification to your principal.

Notification of Rights under the Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents certain rights regarding the District's conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

1. Consent before students are required to submit a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education: a. Political affiliations or beliefs of the student or student's parent b. Mental or psychological problems of the student or student's family c. Sexual behavior or attitudes d. Illegal, anti-social, self-incriminating, or demeaning behavior e. Critical appraisals of others with whom respondents have close family relationships



f. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers g. Religious practices, affiliations, or beliefs of the student or parents or h. Income, other than as required by law to determine program eligibility. 2. Receive notice and an opportunity to opt a student out of: a. Any other protected information survey, regardless of funding b. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law c. Activities involving collection, disclosure, or use of personal information that has been obtained to market or to sell or otherwise distribute the information to others and d. In accordance with s. 1002.222(1)(a), the right to opt out of any district-level data collection not required by law. 3. Inspect, upon request and before administration or use, the following: a. Protected information surveys of students b. Instruments used to collect personal information from students for any of the above for marketing, sales, or other distribution purposes and c. Instructional material used as part of the educational curriculum. These rights transfer from the parents to the student who is 18 years old or an emancipated minor under State law. Parents who believe their rights have been violated may file a complaint with: Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, D.C. 20202-5901

Code of Conduct Committee Members

We would like to recognize and thank the following members of the School District of Manatee County and our surrounding community for contributing to the development of the 2024-2025 Code of Student Conduct.

Articles of Amendment
to
Articles of Incorporation
of

THE LEE CHARTER FOUNDATION, INC.

(**Name of Corporation as currently filed with the Florida Dept. of State**)

N01000006915

(Document Number of Corporation (if known))

Pursuant to the provisions of section 617.1006, Florida Statutes, this ***Florida Not For Profit Corporation*** adopts the following amendment(s) to its Articles of Incorporation:

A. **If amending name, enter the new name of the corporation:**

SOUTHWEST CHARTER FOUNDATION, INC. *The new name must be distinguishable and contain the word "corporation" or "incorporated" or the abbreviation "Corp." or "Inc." "Company" or "Co." may not be used in the name.*

B. **Enter new principal office address, if applicable:**
(Principal office address MUST BE A STREET ADDRESS)

C. **Enter new mailing address, if applicable:**
(Mailing address MAY BE A POST OFFICE BOX)

D. **If amending the registered agent and/or registered office address in Florida, enter the name of the new registered agent and/or the new registered office address:**

Name of New Registered Agent:

(Florida street address)

New Registered Office Address:

(City), Florida *(Zip Code)*

New Registered Agent's Signature, if changing Registered Agent:
I hereby accept the appointment as registered agent. I am familiar with and accept the obligations of the position.

Signature of New Registered Agent, if changing

H15000075089

H15000075089

If amending the Officers and/or Directors, enter the title and name of each officer/director being removed and title, name, and address of each Officer and/or Director being added:
(Attach additional sheets, if necessary)
Please note the officer/director title by the first letter of the office title:
P = President; V= Vice President; T= Treasurer; S= Secretary; D= Director; TR= Trustee; C = Chairman or Clerk; CEO = Chief Executive Officer; CFO = Chief Financial Officer. If an officer/director holds more than one title, list the first letter of each office held. President, Treasurer, Director would be PTD.

Changes should be noted in the following manner. Currently John Doe is listed as the PST and Mike Jones is listed as the V. There is a change, Mike Jones leaves the corporation, Sally Smith is named the V and S. These should be noted as John Doe, PT as a Change, Mike Jones, V as Remove, and Sally Smith, SV as an Add.

Example:

X Change	PT	John Doe
X Remove	V	Mike Jones
X Add	SV	Sally Smith

Type of Action (Check One)	Title	Name	Address
1) ____ Change	_____	_____	_____
____ Add			_____
____ Remove			_____
2) ____ Change	_____	_____	_____
____ Add			_____
____ Remove			_____
3) ____ Change	_____	_____	_____
____ Add			_____
____ Remove			_____
4) ____ Change	_____	_____	_____
____ Add			_____
____ Remove			_____
5) ____ Change	_____	_____	_____
____ Add			_____
____ Remove			_____
6) ____ Change	_____	_____	_____
____ Add			_____
____ Remove			_____

TALLAHASSEE, FLORIDA

ARTICLES OF INCORPORATION
OF
THE LEE CHARTER FOUNDATION, INC.

THE UNDERSIGNED, as incorporator and on behalf of a not-for-profit, non-stock corporation under the laws of the State of Florida, hereby adopts the following Articles of Incorporation:

ARTICLE I
NAME

Section 1.1. The name of the corporation is **THE LEE CHARTER FOUNDATION, INC.,** (the "Corporation").

ARTICLE II
DURATION

Section 2.1. The Corporation shall have perpetual existence unless dissolved pursuant to law.

ARTICLE III
NON-STOCK CORPORATION

Section 3.1. The Corporation shall be organized on a non-stock basis under the Florida Not for Profit Corporation Act and may issue Certificates of Membership.

ARTICLE IV
PURPOSE

Section 4.1. The purposes for which the Corporation is organized is to assist with the establishment, development and administration of charter schools, and to make grants to further elementary, middle and high school educational programs and facilities and other capital needs for such schools providing elementary, middle and high school educational programs through charter schools, and other charitable activities and to distribute the whole or any part of the income therefrom and the principal thereof exclusively for such purposes, either directly or by contributions to organizations that qualify as exempt organizations under Section 501(c)(3) of the Internal Revenue Code and the Regulations issued pursuant thereto (the "Code"), as they now exist or as they may hereafter be amended.

Section 4.2. The Corporation shall have the power, either directly or indirectly, either alone or in conjunction or cooperation with others, to do any and all lawful acts and things and to engage in any and all lawful activities which may be necessary, useful, suitable, desirable or proper for the

(954) 525-7500

furtherance, accomplishment, fostering or attainment of any or all of the purposes for which a Corporation is organized, and to aid or assist other organizations whose activities are such as to further accomplish, foster or attain any of such purposes. Notwithstanding anything herein to the contrary, the Corporation shall exercise only such powers as are in furtherance of the exempt purposes of organizations set forth in Section 501(c)(3) of the Code as the same now exist or as they may be hereinafter amended from time to time.

Section 4.3. No part of the net earnings of the Corporation shall inure to the benefit of, or be distributable to, any Director or Officer of the Corporation or any other private individual (except that reasonable compensation may be paid for services rendered to or for the Corporation affecting one or more of its purposes); and no Director or Officer of the Corporation, or any private individual, shall be entitled to share in the distribution of any of the corporate assets on dissolution of the Corporation.

Section 4.4 No substantial part of the activities of the Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate or intervene in (including the publication or distribution of statements) any political campaign on behalf of or in opposition of any candidate for public office.

Section 4.5. The Corporation shall distribute its income for each taxable year at such time and in such manner as not to become subject to tax on undistributed income imposed by Section 4942 of the Code or corresponding provisions of any subsequent federal tax laws.

Section 4.6. The Corporation shall not engage in any act of self-dealing as defined in Section 4941(d) of the Code or corresponding provisions of any subsequent federal tax laws.

Section 4.7. The Corporation shall not retain any excess business holdings as defined in Section 4943(c) of the Code or corresponding provisions of any subsequent federal tax laws.

Section 4.8. The Corporation shall not make any investments in such manner as to subject it to tax under Section 4944 of the Code or corresponding provisions of any subsequent federal tax laws.

Section 4.9. The Corporation shall not make any taxable expenditures as defined in Section 4945(d) of the Code or corresponding provisions of any subsequent federal tax laws.

Section 4.10. Notwithstanding any other provision of these Articles of Incorporation, the Corporation shall not conduct or carry on any activities not permitted to be conducted or carried on by an organization exempt from taxation under Section 501(c)(3) of the Code or by an organization contributions to which are deductible under Section 170(c)(2) of the Code.

Section 4.11. Upon the dissolution of the Corporation, the Board of Directors shall, after paying or making provision for the payment of all of the liabilities of the Corporation, dispose of all of the assets of the Corporation, exclusively for the purposes of the Corporation in such manner, or

to such organization or organizations organized and operated exclusively for charitable, educational, religious or scientific purposes, as shall at the time qualify as an exempt organization or organizations under Section 501(c)(3) of the Code (or the corresponding provisions of any future United States Internal Revenue Law), as the Board of Directors shall determine. Any of such assets not so disposed of shall be disposed of by the court having proper jurisdiction in the county where the principal office of the Corporation is then located, exclusively for such purposes or to such organization or organizations, as said court shall determine, which are organized and operated exclusively for such purposes.

ARTICLE V
MEMBERS

Section 5.1. This Corporation shall have a membership consisting of the Board of Directors of the Corporation serving from time to time.

ARTICLE VI
DIRECTORS

Section 6.1. The affairs of the Corporation shall be governed by a Board of Directors (hereinafter referred to as the "Board"), subject to the restriction that, except as specifically set forth to the contrary in the Bylaws, the exercise of any powers or actions of the Board shall require the approval thereof by a majority vote of the Board present at a meeting at which a quorum of no less than three (3) Directors are present. The affirmative vote of any three (3) Directors shall be necessary for all corporate action requiring a vote of the Board, including, but not limited to the following:

6.1.1. Approval of grants, charitable gifts, transfers, and distributions by the Corporation to other entities.

6.1.2. Adoption of an amendment to the Articles of Incorporation or the Bylaws.

6.1.3. Organization of a subsidiary or affiliate by the Corporation.

6.1.4. Approval of any merger, consolidation or sale or other transfer of all or a substantial part of the assets of the Corporation.

Section 6.2. The initial Board of Directors shall consist of the following members elected in accordance with this Section and the Bylaws:

Name	Address
John A. Murphy, Ed.D.	6711 N. Ocean Boulevard Ocean Ridge, FL 33435
William A. Buzzett, Esq.	216 Forest Street Seagrove Beach, FL 32459
Frank Attkisson	323 Pleasant Street Kissimmee, FL 34741

The Board of Directors may be expanded from time to time by a vote of the Board of Directors in accordance with the Bylaws of the Corporation, provided however the Board of Directors shall not exceed five (5) members.

ARTICLE VII
ADDRESS

Section 7.1. The street address of the principal office of this corporation in the State of Florida is:

6711 N. Ocean Boulevard
Ocean Ridge, FL 33435
Attn: John A. Murphy, Ed.D.

The Board may, from time to time, move its principal office in the State of Florida to another place in this state.

ARTICLE VIII
REGISTERED AGENT AND REGISTERED OFFICE

Section 8.1. The registered agent and registered office of the Corporation shall be:

Name	Address
Edward J. Pozzuoli, Esq.	c/o Tripp Scott, P.A. 110 S.E. 6th Street, 15th Floor Fort Lauderdale, FL 33301

ARTICLE IX
AMENDMENT

Section 9.1. These Articles of Incorporation may be amended in the manner and with the vote provided by law.

ARTICLE X
BYLAWS

Section 10.1. The Board of Directors of this Corporation shall adopt Bylaws for the government of this Corporation which shall be subordinate only to the Articles of Incorporation and the laws of the United States and the State of Florida. The Bylaws may be amended from time to time by the Board of Directors.

ARTICLE XI
INCORPORATOR

Section 11.1. The name and address of the incorporator of this Corporation are as follows:

Name	Address
Edward J. Pozzuoli	110 S.E. 6th Street, 15th Floor Fort Lauderdale, FL 33301

IN WITNESS WHEREOF, the undersigned incorporator has executed these Articles of Incorporation this 28th day of September, 2001.

INCORPORATOR:

Edward J. Pozzuoli

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. We determined that you are a public charity under the Code section(s) listed in the heading of this letter.

Please see enclosed Information for Exempt Organizations Under Section 501(c)(3) for some helpful information about your responsibilities as an exempt organization.

Sincerely,

Lois G. Lerner

Bylaws

AMENDMENT TO BYLAWS
OF
THE LEE CHARTER FOUNDATION, INC.

THIS AMENDMENT TO BYLAWS (the "Amendment") of THE LEE CHARTER FOUNDATION, INC., a Florida not-for-profit corporation (the "Corporation") was adopted by resolutions in a written consent action of the Board of Directors of the Corporation dated as of March 13, 2015.

WHEREAS, the Bylaws of the Corporation, a copy of which is attached hereto as Exhibit A, were adopted by the Board of Directors of the Corporation as of September 28, 2001; and

WHEREAS, the Board of Directors of the Corporation desire to amend certain portions of the Bylaws; and

NOW THEREFORE, the Bylaws of the Corporation are amended as follows:

1. In the title of the Bylaws the name of the Corporation shall be changed to SOUTHWEST CHARTER FOUNDATION, INC.

2. **ARTICLE I, NAME, Section 1.1 Name.** of the Bylaws is deleted in its entirety and replaced with the following:

   "**Section 1.1 Name.** The name of the Corporation shall be Southwest Charter Foundation, Inc."

2. This Amendment is effective as of March 13, 2015.

BYLAWS OF
THE LEE CHARTER FOUNDATION, INC.
(A Not-For-Profit Florida Corporation)

ARTICLE I
NAME

Section 1.1. **Name.** The name of the Corporation shall be The Lee Charter foundation, Inc. (The "Corporation").

ARTICLE II
ORGANIZATION

Section 2.1. **Statement of Purposes.** The purpose of this Corporation, as expressed in its Articles of incorporation, shall be for the purpose of transacting any or all lawful business for which corporations may be incorporated under the Florida Not for Profit Corporation Act and to operate within the meaning of Section 501 (c) (3) of the Internal Revenue Code of 1986.

Section 2.2. **Dissolution**. In the event of the dissolution of the Corporation, the Board of Directors ("Board") shall, after paying or making provisions for the payment of all of the liabilities of the Corporation, dispose of all the remaining assets of the Corporation, exclusively for the purposes of the Corporation in such manner, or to such organization or organizations organized and operated exclusively for charitable, educational, religious or scientific purposes, as shall at the time qualify as an exempt organization or organizations under Section 501 (c) (3) of the Internal revenue Code of 1986 (or the corresponding provisions of any future United States Internal Revenue Law), as the Board shall determine. Any of such assets not so disposed of shall be disposed of by the court having proper jurisdiction in the country where the principal office of the Corporation is then located, exclusively for such purposes or to such organization or organizations, as said court shall determine, which are organized and operated exclusively for such purposes.

ARTICLE III
MEMBERSHIP

Section 3.2. **Members.** This Corporation is a non-profit, non-stock corporation, and shall have membership consisting of the Board of Directors of this Corporation serving from time to time.

ARTICLE IV
BOARD OF DIRECTORS

Section 4.1. **Management.** All powers of the Corporation shall be exercised by and under the authority of the Board, and the property, business and affairs of the Corporation shall be managed under the Board's direction. Except as specifically set forth to the contrary herein, the Board may not take any action, except upon the approval thereof by the affirmative vote of majority of the Board present at a meeting at which a quorum of no less than three (3) Directors

are present. The affirmative vote of not less than three (3) Directors shall be necessary for all actions by the Board relating to the following:

4.1.1. Approval of charitable gifts, transfers, distributions, and grants by the Corporation to other entities.

4.1.2. Adoption of an amendment to the Articles of Incorporation or the Bylaws;

4.1.3. Organization of a subsidiary or affiliate by the Corporation; and

4.1.4. Approval of any merger consolidation or sale or other transfer of all or a substantial part of the assets of the Corporation.

Section 4.2. **Number of Directors.** The initial Board shall consist of the Directors named in the Articles of Incorporation. The number of Directors may at any time be increased or decreased to no more than five (5) and no fewer than three (3) by a majority vote of the Board. In the event of an increase in the number of Directors, the additional directorships created shall be filled in a manner prescribed herein for the Election of Directors in accordance with Section 4.4.

Section 4.3. **Nomination of Directors.** Not less than one month prior to a regular meeting, the Board may appoint a nomination committee to consist of no fewer than (2) Board members. The nomination committee will submit to the Board at least one candidate for the directorships and offices to be filled. These submissions shall be deemed to be nominations of each person named.

Section 4.4. **Election of Directors.** The Board at any meeting shall elect directors, when there is a vacancy or expiring term, from the candidate(s) submitted by the nomination committee.

Section 4.5. **Term of Elected Directors.** Each elected Director shall hold office for a minimum term of three (3) years, commencing at the close of the meeting when such Director is elected and ending at the close of the meeting held three (3) years later.

Section 4.6. **Vacancies.** Vacancies occurring in an elected Directorship, however caused, shall be filled as soon as practicable by election in accordance with section 4.4 hereinabove. Except for a Director elected due to the natural expiration of his predecessor's one-year term, a director so elected to fill vacancy shall hold office of the remainder of his predecessor's term.

Section 4.7 **Resignation or Removal of Directors.** A Director of the Corporation may resign at any time by tendering his resignation in writing to the Corporation, which resignation shall become effective upon the date specified therein, or if no date is specified, upon receipt by the Corporation at its principal place of business. Any elected Director may be removed at any time, with or without cause, by majority vote of the other Directors.

Section 4.8. **Compensation of Directors.** Directors will not receive compensation for services rendered in their capacities as Directors. However, nothing herein contained shall

be construed to preclude any Director from receiving compensation from the Corporation for other services actually rendered or for expenses incurred for serving the Corporation as a Director or in any other capacity.

Section 4.9. **Annual Meeting of the Board.** The annual meeting of the Board shall be held without other notice than this Bylaw on February 1st of each year, unless the Chairman, or the Board by resolution, provide for a different time and place for the holding of such annual meetings. The annual meeting may be held at such other time and place, without other notice than such resolution

Section 4.10. **Special Meetings.** Special meetings of the Board may be called at any time by the Chairman of the Corporation. Further, special meetings of the Board must be called by the Chairman within fourteen (14) days of receipt of a written request of any two (2) or more Directors. Written notice of special meetings shall be given to each Director not than two (2) days prior to such meeting. The notice shall set forth the time, place and purpose of the meeting. The business to be transacted at any special meeting shall be limited to those items set forth in the notice or waiver thereof.

Section 4.11. **Regular meetings.** The Board shall meet at least four (4) times each year, including the annual meeting, each such meeting being approximately three (3) months from the date of the previous regular or annual meeting. The Secretary shall mail notice of all regular and annual meetings to each Director at the address on file with the Secretary at least fourteen (14) days prior to a meeting indicating the date, place and time of the meeting.

Section 4.12. **Quorum and Action of the Board.** Three (3) Directors must be present in person at a meeting to constitute a quorum for the transaction of business at such meeting. Except as otherwise provided by law, the Articles of Incorporation, or these Bylaws, the affirmative vote of at least three (3) Directors present at a meeting at which a quorum is present shall be necessary for an action of the Board. A majority of the Directors present, whether or not a quorum exists, may adjourn any meeting of the Board to another time and place. Notice of any such adjourned meeting shall be given to the Directors who were not present at the time of adjournment.

Section 4.13. **Voting Shares of Stock.** In the event the Corporation owns shares of stock in another corporation, such shares shall be voted by the Chairman, or his designee, as authorized by a vote of the Board as set forth in Section 4.1 hereinabove.

ARTICLE V
OFFICERS

Section 5.1. **Number.** The Corporation may have a Chairman, President, Vice President, Secretary and Treasurer, each of whom shall be elected by the Board. Such other officers and assistant officers as may be deemed necessary may be elected or appointed by the Board. Any two (2) or more offices may be held by the same person. Officers need not to be residents of the State of Florida or United States citizens. The failure to elect an officer shall not affect the existence of the Corporation.

Section 5.2. **Election and Term Office.** All officers of the Corporation shall be elected by a vote of the Board as set forth in Section 4.1 hereinabove at the annual meeting of

the Board. A duly elected officer shall hold office for a term of one (1) year, commencing at the close of the annual meeting, and until heir earlier death, resignation or removal.

Section 5.3. **Vacancies.** A Vacancy in any office because of death, resignation, removal disqualification or otherwise (including removal in the event an officer is not reelected during his term in office) shall be filled by an election by the Board as set forth in section 4.1 for the remaining unexpired term of such office.

Section 5.4. **Resignation or Removal of officers.** An officer of the Corporation may resign at any time by tendering his resignation in writing to the Chairman or the Secretary. Resignation shall become effective upon the date specified therein or, if no date is specified, upon receipt by the Corporation. An officer of the Corporation may be removed at any time, within or without cause, at any meeting of the Board by a vote of the Board as set forth in Section 4.1 hereinabove.

Section 5.5. **Chairman.** The Chairman of the Board shall preside at all meetings of the Board and shall perform such other duties as may be assigned to him by the Board.

Section 5.6. **President.** The President shall be the principal executive officer of the Corporation and, subject to the control of the Board, shall in general supervise and control all of the business affairs of the Corporation. He shall act as a duly authorized representative of the Board and the Corporation in all matters in which the Board has not formally designated some other person to act. He shall report as directed to the Board at each meeting. He may sign, with the Secretary or any other proper officer of the Corporation authorized by the Board, deeds, mortgages, bonds, contracts or other instruments which the Board has authority to execute, except in cases where the signing and execution thereof shall be expressly delegated by the Board or by these Bylaws to some other officer or agent of the Corporation, or shall be required by law to be otherwise signed or executed; and in general, shall perform all duties incident to the office of President and such other duties as may be prescribed by the board from time to time.

Section 5.7. **Vice-President.** The Vice-president shall act in the place and stead of the President in the event of the President's absence, inability or refusal to act, and shall exercise and discharge such other duties as may be required of him by the Board.

Section5.8. **Secretary.** The Secretary shall keep or cause to be kept all of the records of the Corporation, record or cause to be recorded the minutes of the meetings of the Board, send out or cause to be sent out all notices of meetings of the Board and all Committees, attest to the seal of the Corporation where necessary or required, and keep or cause to be kept a register of the names and addresses of each Director. The Secretary shall perform such other duties as may be prescribed by the Board.

Section 5.9. **Treasurer.** The Treasurer shall insure or cause to be insured that a true and accurate accounting of the financial transactions of the Corporate is made and that such accounting is presented to and made available to the Board. The treasurer shall perform such duties as may be prescribed by the Board.

Section 5.10. **Other Officers.** Other officers elected by the Board shall have such duties and responsibilities, as the Board deems advisable.

Section 5.11. **Succession of Officers.** Unless otherwise directed by a vote of the Board, in the event that an officer of the Corporation has not resigned or been removed but is unable to act in such position for a period of one (1) month or more, whether due to disability or other reason, then another officer of the Corporation shall serve in that office until such officer is either removed or is able to perform his service in the following order:

5.11.1. The Treasurer shall perform the services of the Chairman.

5.11.2. The Chairman shall perform the services of the Secretary and the President.

5.11.3. The Secretary shall perform the services of the Treasurer.

Section 5.12. **Salaries.** Officers will not receive compensation for services rendered as officers of the Corporation. However, nothing herein contained shall be construed to preclude any officer from receiving compensation from the Corporation for other services actually rendered or for expenses incurred for serving the Corporation as an officer or in any other capacity.

ARTICLE VI
COMMITTEES OF THE BOARD

Section 6.1. **Committees of the Board.** The Board may by resolution, establish standing committees and special committees of the Board. Unless otherwise specified by resolution of the Board or these Bylaws, the Chairman shall annually appoint the members and the chairmen of standing committees and shall fill vacancies on any standing committee. Appointments by the Chairman shall be made at the annual meeting of the Board. In addition, the Chairman may, if so authorized by the Board, appoint the members and chairmen of such special committees as the Board may create, which members and chairmen may include persons who are not members of the Board. All committee appointments and chairmen appointments must be approved by vote of the Board.

Section 6.2 **Standing Committees.** Standing committees shall be created as required by resolution of the Board. The purpose, duties, number of members and reporting requirements of each standing committee shall be specified in the resolution creating the committee.

Section 6.3. **Special Committees.** Special committees shall be created as required by resolution of the Board. The purpose, duties, number of members and reporting requirements of each special committee shall be specified in the resolution creating the committee.

Section 6.4. **Committee Member's Term of Office.** Unless otherwise specified by resolution of the Board, members of each committee shall continue in office until the next annual meeting of the Board and until their successors are appointed, unless the committee of which they are members shall be sooner terminated by resolution of the Board or until their earlier death, resignation or removal as committee members.

Section 6.5. **Committee Meetings.** Meetings of any committee may be called by the chairman of such committee or upon the written request of one-third (1/3) of the committee members. The call for any meeting shall be by giving notice of such meeting which sets forth its time and place and is delivered to the residence or place of business of the committee members

as listed in the Secretary's office at least two (2) days prior to such meeting. Unless otherwise provided in these Bylaws, a majority of the members of any committee shall constitute a quorum for the transaction of business. After a quorum has been established at a committee meeting, the subsequent withdrawal of committee members from the meeting so as to reduce the number of committee members present to fewer than the number requires for a quorum shall not affect the validity of any action taken at the meeting. Each committee shall keep minutes of its meetings and report to the Board as necessary with recommendations.

Section 6.6 **Resignation or Removal of Committee Member.** A member of any committee may resign at any time tendering his resignation in writing to the Chairman of the Board. The Board, by vote, may remove, with or without cause, any member from a committee and specifically, but not by way of limitation, may remove any member form a committee for failing to attend three (3) consecutive meetings of the committee.

ARTICLE VII
INDEMNIFICATION OF DIRECTORS AND OFFICERES

Section 7.1 **Indemnification.** The Corporation shall indemnify to the fullest extent permitted by law each of its officers, Directors, whether or not then in office (and his executors, administrator and/or heirs) or any person who may have served at its request as a director or officer, of another corporation, partnership, joint venture, trust or other enterprise as well as the executor, administrator and heirs of any of them against all reasonable expenses (including attorneys' fees), Judgments, fines and amounts paid in settlement actually and necessarily incurred by him in connection with any threatened, pending or completed action, suit, proceeding or arbitration, whether civil or criminal, administrative or investigative (including any appeal thereof), to which he is or is threatened to be made a party because he is or was a Director, officer, employee or agent of this Corporation, or such other corporation, partnership, joint venture, trust or other enterprise. He shall have no right to reimbursement, however, in relation to matters as to which he has been adjudged liable to he Corporation for gross negligence or willful misconduct in the performance of his duties to the Corporation. The foregoing right or indemnification shall be in addition to and not exclusive of all other rights to which such Director, officer; employee or agent may be entitled.

Section 7.2 **Insurance.** The Corporation may purchase and maintain insurance on behalf of any person who is or was a Director, officer, employee or agent of the Corporation or who is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity or arising out of his status as such, whether or not the Corporation would have the power to indemnify him against such liability under the provisions of this Article VII.

ARTICLE VII
CONTRACTS, CHECKS, DEPOSIT BOOKS AND RECORDS

Section 8.1. **Contracts.** The Board may authorize any officer or officers, agent or agents, to enter into any contract or execute and deliver any instrument in the name of and on behalf of the Corporation, and such authority may be general or confined to specific instances.

Section 8.2. **Loans.** No loans shall be contracted on behalf of the Corporation and no evidences of indebtedness shall be issued in its name unless authorized by a resolution of the Board which authority may be general or confined to specific instances.

Section 8.3. **Checks, Drafts, Etc.** All checks, drafts or other orders for the payment of money, notes or other evidences of indebtedness issued in the name of the Corporation shall be signed by such officer or officers, agent or agents of the Corporation and in such manner as shall form time to time be determined by resolution of the Board.

Section 8.4. **Deposits.** All funds of the Corporation not otherwise employed shall be deposited from time to time to the credit of the Corporation in such banks, trust companies or other depositories as the Board may select.

Section 8.5. **Gifts.** The Board may accept, on behalf of the Corporation, any contributions, gifts, bequests or devise.

Section 8.6. **Books and Records.** The Corporation shall keep correct and complete books and records of accounts and shall keep minutes of the proceedings of its board and committees of the Board. Any books, records and minutes may be in written form or in any other form capable of being converted into written form within a reasonable time.

Section 8.7. **Financial Statements.** NO later than two (2) months after the close of each fiscal year, the Corporation shall prepare a balance sheet showing in reasonable detail the financial condition of the Corporation as of the close of its fiscal year, a profit and loss statement showing the results of the operations of the Corporation during its fiscal year, and any other financial statements as may be required by resolution of the Board. The Balance sheets and profit and loss statements shall be filed in the principal office of the Corporation, shall be kept for at least five (5) years, and shall be subject to inspection during business hours by any Board member.

ARTICLE IX
CERTIFICATES FOR MEMEBERS AND TEHIR TRANSFER

Section 9.1. **Certificates for Members.** The Board shall not initially issue Certificates of Membership. The board may elect to provide for the issuance of certificates evidencing membership in the Corporation. The form of such certificates shall be determined by the Board. The certificates will be signed by the President or Vice President and by the Secretary or an Assistant Secretary. The certificates shall be sealed with the corporate seal and shall be separately numbered. The name and address of each member and the date of issuance of the certificates shall be recorded in the corporate records. If a certificate is lost, mutilated or destroyed, it may be reissued in the manner determined by the Board. The certificates shall be non-transferable.

ARTICLE X
FISCAL YEAR

Section 10.1. **Fiscal Year.** The fiscal year of the Corporation shall end on June 30 of each year.

ARTICLE XI
CORPORATE SEAL

Section 11.1. **Corporate Seal.** The Board shall provide a corporate seal, which shall be circular in form and shall have inscribed thereon the name of the Corporation and the state of incorporation and the words "Corporate Seal".

ARTICLE XII
NOTICE

Section 12.1. **General.** Whenever, under the provisions of any statute, the Articles of Incorporation or these Bylaws, notice is required to be given to any Director or officer, it shall not be construed to require personal notice; rather, such notice may be given, unless otherwise required by these Bylaws, either personally or by depositing the same in a post office box in a postpaid envelope or by delivering the same to a telegraph company for transmission by wire, the cost thereof being prepaid, in either case addressed to such Director or officer at his address as the same appears in the records of the Corporation; and three (3) days after the same shall be so mailed or delivered to the telegraph company shall be deemed to be the time of giving of such notice.

Section 12.2. **Waiver.** Whenever by the law, the articles of Incorporation or these Bylaws notice is required or permitted to be given to any Director or officer, a waiver thereof in writing signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be equivalent to the giving of such notice. Attendance of s person at a meeting shall constitute a waiver of notice of such meeting, except when the person attends a meeting for the express purpose of objecting at the beginning of the meeting to the transaction of any business because the meeting is not lawfully called or convened. The business to be transacted and the purpose of any special meeting of the Board shall be specified in any written waiver of notice thereof.

ARTICLE XII
AMENDMENTS

Section 13.1. **By Directors.** These Bylaws may be amended or repealed wholly or in part, consistent with any bylaws adopted by the Board, at any meeting at which a quorum is present by an election by the entire Board in accordance with Section 4.1 hereinabove.

Southwest Charter Foundation, Inc.

Code of Ethics and Conflict of Interest Policy

CONFLICT OF INTEREST POLICY FOR
Southwest Charter Foundation, Inc.

Article I - Purpose

Purpose. The purpose of this Conflict of Interest Policy is to define Member obligations and ensure Board compliance with the law**.** Members of the Board of Directors ("Members" or collectively the "Board") of Southwest Charter Foundation, Inc. ("School") shall be subject to the provisions of Florida law pertaining to the avoidance of conflicts of interest in holding public office, including, but not limited to, Part III of Chapter 112, Florida Statutes, Code of Ethics for Public Officers and Employees, and specifically sections 112.313(2)(3)(7)and (12) and 112.3143(3), F.S., as may be amended from time to time.

This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Article II - Prohibited Financial Interest

1. **Prohibited Financial Interest.** Prohibited Financial Interests are deemed a Conflict of Interest. Members shall not have a financial interest in the School either directly or indirectly, through business, employment, investment, or family. No Member shall receive compensation, directly or indirectly, from the School. Such prohibited financial interests include:

   a. An ownership interest or investment in any entity with which the School has a transaction or arrangement;

   b. A compensation arrangement with the School or with any entity or individual with which the School has a transaction or arrangement, or

   c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the School is negotiating a transaction or arrangement. Compensation includes direct and indirect remuneration as well as gifts or favors. Receiving and/or soliciting gifts or favors from vendors, entities or individuals seeking or who are in a position to seek business from or employment with the School is likewise prohibited.

Article III – Solicitation or Acceptance of Gifts

Solicitation or Acceptance of Gifts. No public Member shall solicit or accept anything of value based upon any understanding that the vote, official action, or judgment of the Member would be influenced thereby.

Article IV – Procedures Regarding Disclosure of Conflicts of Interest

1. **Duty to Disclose**. In connection with any conflict of interest, such as a matter that inures to the Board member's special gain or loss as set forth in Section 112.3143(3), F.S, with an item of Board action, a Member must disclose the existence of the conflict prior to any vote on such action

2. **Recusal.** A Member must recuse himself from involvement in any Board decision or discussion regarding any action in which the Member believes he has a conflict of interest.

3. Minutes shall be taken during every Board meeting and shall contain:

    a. The names of the persons who disclosed or otherwise were found to have a conflict of interest relating to a Board action.

    b. The names of the persons who were present for discussions and votes relating to the action, the content of the discussion, and a record of any votes taken in connection with the proceedings.

4. **Violations of the Conflict of Interest Policy**. The Board, upon investigation, shall take appropriate disciplinary and corrective action should a Member fail to disclose an actual or possible conflict of interest.

Article V - Annual Statements

Annual Statements. Each Member shall annually sign a statement which affirms that the Member has: received a copy of the conflict of interest policy; has read and understands the policy; and agrees to comply with the policy.

Article V - Enforcement

The Board shall regularly and consistently monitor and enforce compliance with this policy by reviewing annual statements and taking such other actions as are necessary for effective oversight.

Member Annual Conflict of Interest Statement

1. Name: _____ Date: _____

3. I affirm the following (please initial):

I have received a copy of the Organization's Conflict of Interest Policy. _____ (initial)

I have read and understand the policy. _____ (initial)

I agree to comply with the policy. _____ (initial)

_____ Date: _____

KEN HAIKO

4145 Cypress Reach Road, #505, Pompano Beach, FL 33069 | kenh618@aol.com

SUMMARY

Chairman of Southwest Charter Foundation, Inc. (SWCF), a non-profit board that governs over 38 schools in the state of Florida. A successful businessman in South Florida for over 37 years with extensive experience in business; finance; and charter school development, operations, and governance.

EXPERIENCE

Ken Haiko has worked in the packaging industry for most of his adult life. Mr. Haiko worked for Packing Corp. of America until opening his own packaging company, KenCo LLC., in 2006. Mr. Haiko currently serves as President and CEO of KenCo LLC.

EDUCATION

1964 High School Graduate

1964-1968 US Navy, USS Lynde McCormick

COMMUNITY INVOLVEMENT

2007 – 2012 Board Member, Board of Directors, *Space Florida*

- Appointed by Governor Crist to serve on the board of directors for Space Florida, the state's space agency. Space Florida is chaired by the governor and was created to strengthen Florida's position as the global leader in aerospace research, investment, exploration, and commerce. Mr. Haiko also chairs the Education, Research, and Development Committee.

2000 – 2005 Board Member and Chairman, *The Florida Space Authority*

- Helped speakers develop and attain success in speaking, training, and consulting, while providing an environment for members to share ideas, support one another, and encourage other speakers to become members of NSA-CF.

IV. Board Member Information Form

Background and Contact Information

1. Name of charter school on whose Board of Directors you intend to serve: Parrish Classical Preparatory Academy

2. Full name: Kenneth Haiko

   Home Address: 4145 Cypress Reach Court #505
   Pompano Beach, FL 33069

   Business Name and Address: Southwest Charter Foundation, Inc.
   6278 North Federal Highway #384
   Fort Lauderdale, FL 33308

   Phone Number: 954-562-1671

   E-mail address: Kenh618@aol.com

☒ Resume and professional bio are attached here.
☐ Resume and professional bio are attached elsewhere in the application (specify).

3. Indicate whether you currently or have previously served on a board of a school district, another charter school, a non-public school or any not-for-profit corporation. If yes, explain.
   ☒ Yes ☐ No

I am currently serving as Chairman on two governing boards. Renaissance Charter School, Inc. currently operates 38 charter schools. Southwest Charter Foundation, Inc. currently operates eight charter schools in Florida.

4. Indicate whether you currently or have previously served as the leader or on the leadership team of ANY school, regardless of type (charter/traditional/private, etc.). If you served at a charter school, include performance data on form IEPC-MI1. If you served in a position of leadership at a non-charter school, provide any relevant data related to academic performance of the school(s).
   ☐ Yes ☒ No

5. Why do you wish to serve on the board of the proposed charter school?

I am a strong believer in parental choice. Parents are the ones who are best equipped to determine their child's educational needs.

6. What is your understanding of the appropriate role of a public charter school board member?

The oversight of the overall academic, financial, and strategic direction of the schools that they serve.

7. Describe any previous experience you have that is relevant to serving on the charter school's board (e.g., other board service). If you have not had previous experience of this nature, explain why you have the capability to be an effective board member.

I serve as Chairman of the Board for both the Southwest Charter Foundation and Renaissance Charter School, Inc. I have been a strong advocate for charter schools for two decades. I have experience overseeing the finance and operational aspects of all these board's charter schools. I have also served on other non-profit boards, including my role as Chairman of Space Florida, and have been appointed to serve on boards by two separate governors.

8. Describe the specific knowledge and experience that you would bring to the board.

As a successful businessman in South Florida for over 35+ years, I bring a wealth of business, finance, and operational experience to the governing board.

School Mission and Program

1. What is your understanding of the school's mission and guiding beliefs?

Mission: Parrish Classical Preparatory Academy will educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum.

Vision: Parrish Classical Preparatory Academy will foster a dynamic K-12 learning environment that inspires lifelong scholarship and develops the skills, knowledge, and agency to navigate an ever-changing world.

2. What is your understanding of the school's proposed educational program?

The Education Model was developed based on Robert J. Marzano's 35 years of research, which is in use at all CSUSA-managed schools within our portfolio. The CSUSA Education Model is an instructional approach developed after extensive study of educational practice and is grounded in over 35 years of Dr. Robert J. Marzano's research. Its purpose is to ensure effective delivery of a Guaranteed and Viable Curriculum (GVC) that facilitates each student's mastery of the Florida Standards/Florida Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards and the Next Generation Sunshine State Standards (NGSSS). The GVC is comprised of a year-long plan outlining whole group, standards-based instruction at each grade level and subject area.

3. What do you believe to be the characteristics of a successful school?

We believe that the characteristics of a successful school include goal-setting on a school-wide, classroom, and individual student basis; implementation of PLPs for every student; on-going progress monitoring and assessment; use of innovative measurement tools to drive research-based instruction and data analysis; utilization of technology to drive student engagement; integrated character education programming; academic intervention and acceleration programs; supplemental/extracurricular programs; emphasis on post-secondary readiness; and meaningful parental involvement.

4. As a board member, how will you monitor progress toward annual academic and financial/operational goals and objectives?

During board meetings, each school provides monthly status reports, regarding their progress towards goals. These reports include Financial Reports; the School Report (enrollment, withdrawals, staffing, facility issues, and ongoing activities in the school); Satisfaction Surveys; Strategic Plans; and an Annual Accountability Report.

5. What do you see as your role regarding the school leaders?

During board meetings, each school provides monthly status reports, regarding their progress towards goals. These reports include Financial Reports; the School Report (enrollment, withdrawals, staffing, facility issues, and ongoing activities in the school); Satisfaction Surveys; Strategic Plans; and an Annual Accountability Report.

Governance

1. Describe the role that the board will play in the school's operation.

As the charter holder for the school, our primary role is to determine and preserve the school's mission and vision; create and oversee the school's operational policies; exercise continuing oversight over charter school operations; monitor school academic performance and ensure adequate progress is made; manage resources effectively (adopt and monitor budget and financials); determine, monitor, and strengthen school programs and services; ensure legal and ethical integrity; and maintain academic and financial accountability.

2. How will you know if the school is successful at the end of the first year of operation?

We receive, in addition to monthly reports, an annual report summarizing the school's operational, academic, and financial performance at the end of the school year. The year will be deemed successful if the report reflects that the year's academic goals were achieved, enrollment targets were met, and the fund balance projected in the year's budget was maintained.

3. How will you know at the end of four years of the school is successful?

We monitor the school's progress on a monthly, quarterly, and yearly basis. If at the end of four years, the school's enrollment targets were met, academic goals were achieved, and fund balances are maintained, the school's four-year progress will be deemed a success.

4. What specific steps do you think the charter school board will need to take to ensure that the school is successful?

We monitor the school's progress on a monthly, quarterly, and yearly basis. If at the end of four years, the school's enrollment targets were met, academic goals were achieved, and fund balances are maintained, the school's four-year progress will be deemed a success.

5. How would you handle a situation in which you believe one or more members of the school's board were acting unethically or not in the best interests of the school?

If any of our members has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, the member will be informed of the basis for such belief and be granted an opportunity to explain the alleged failure to disclose. If, after hearing the member's response and conducting further investigation as warranted by the circumstances, it is determined that the member failed to disclose an actual or possible conflict of interest, the governing board will take appropriate disciplinary and corrective action.

6. If your school intends to contract with a third-party ESP:
   a. Summarize your involvement in the selection process;
   b. Explain your understanding of the legal relationship between yourself as a board member and the ESP; and
   c. Indicate whether you have been involved in the review/negotiation of the management agreement.

The governing board has collectively chosen to continue the partnership with CSUSA due to their successful management of our current charter schools. Our schools have achieved outstanding academic success with strong student enrollment. The board will contract with CSUSA to manage the day-to-day operations of the school, and we will oversee CSUSA via a performance-based contract. This contract will be reviewed by our legal counsel to ensure that we are compliant.

Disclosure

1. Indicate whether you or your spouse is an employee of a charter management organization.
   ☐ Yes ☒ No

If yes, please indicate when you (or your spouse) will end the relationship that poses this prohibited conflict.

IV. Statement of Assurances

This form must be signed by a duly authorized representative of the applicant group and submitted with the application for a charter school.

As the authorized representative of the applicant group, I hereby certify that the information submitted in this application for a charter for PCPA is accurate and true to the best of my knowledge and belief; and further, I certify that, if awarded a charter, the school:

- Will be nonsectarian in its programs, admission policies, employment practices and operations.
- Will enroll any eligible student who submits a timely application, unless the school receives a greater number of applications than there are spaces for students, in which case students will be admitted through a random selection process.
- Will adhere to the antidiscrimination provisions of section 1000.05, F.S.
- Will adhere to all applicable provision of state and federal law relating to the education of students with disabilities, including the Individuals with Disabilities Education Act; section 504 of the Rehabilitation Act of 1974; and Title II of the Americans with Disabilities Act of 1990.
- Will adhere to all applicable provisions of federal law relating to students who are limited English proficient, including Title VI of the Civil Rights Act of 1964 and the Equal Educational Opportunities Act of 1974.
- Will participate in the statewide assessment program created under section 1008.22, F.S.
- Will comply with Florida statutes relating to public records and public meetings, including Chapter 119, Florida Statutes, and section 286.011, F.S., which are applicable to applicants even prior to being granted a charter.
- Will obtain and keep current all necessary permits, licenses, and certifications related to fire, health, and safety within the building and on school property.
- Will provide for an annual financial audit in accordance with section 218.39, F.S.

The governing board, at its discretion, allows Ken Haiko (name), Board Chair (title) to sign as the legal correspondent for the school.

Attestation

By signing this form, I hereby attest that I have read and understand the following provisions of Florida law relating to standards of conduct and financial disclosure and the restriction on the employment of relatives.

Standards of Conduct and Financial Disclosure (Section 1002.33(26), Florida Statutes)

(a) A member of a governing board of a charter school, including a charter school operated by a private entity, is subject to ss. 112.313(2), (3), (7), and (12) and 112.3143(3).

(b) A member of a governing board of a charter school operated by a municipality or other public entity is subject to s. 112.3145, which relates to the disclosure of financial interests.

(c) An employee of the charter school, or his or her spouse, or an employee of a charter management organization, or his or her spouse, may not be a member of the governing board of the charter school.

Restriction on Employment of Relatives (Section 1002.33(24), Florida Statutes)

(a) This subsection applies to charter school personnel in a charter school operated by a private entity. As used in this subsection, the term:

1. "Charter school personnel" means a charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decision making authority and in whom is vested the authority, or to whom the authority has been delegated, to appoint, employ, promote, or advance individuals or to recommend individuals for appointment, employment, promotion, or advancement in connection with employment in a charter school, including the authority as a member of a governing body of a charter school to vote on the appointment, employment, promotion, or advancement of individuals.

2. "Relative" means father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

(b) Charter school personnel may not appoint, employ, promote, or advance, or advocate for appointment, employment, promotion, or advancement, in or to a position in the charter school in which the personnel are serving or over which the personnel exercises jurisdiction or control any individual who is a relative. An individual may not be appointed, employed, promoted, or advanced in or to a position in a charter school if such appointment, employment, promotion, or advancement has been advocated by charter school personnel who serve in or exercise jurisdiction or control over the charter school and who is a relative of the individual or if such appointment, employment, promotion, or advancement is made by the governing board of which a relative of the individual is a member.

(c) The approval of budgets does not constitute "jurisdiction or control" for the purposes of this subsection.

Certification

I hereby certify that the information contained in this document is true and complete to the best of my knowledge and that my service on the charter school governing board does not pose a prohibited conflict of interest. I certify that if the proposed charter school is approved, I hereby agree to notify the chair of the board at the charter school at which I will serve of any change that may create a conflict of interest, and if the change results in a prohibited conflict of interest I will resign from the Board. I have attached all required documents.

EXPERIENCE

· Risk Assessment Solution, President and Owner

Provides consultation service and assistance to non-profit organizations and small business in establishing a stronger, control-oriented infrastructure.

· Bank United FSB, CEO

· Goodwill Industries, President and CEO

· Southeast Bank-Galt Ocean Mile, President and CEO

EDUCATION

1975 Broward College, Banking

1977 Banking School of the South, Louisiana State University, BS

COMMUNITY INVOLVEMENT

Board Member, *Broward County Workforce Development*

Board Member *Florida Association of Goodwill's*

President, *Kiwanis Club of Coral Ridge*

IV. Board Member Information Form

Background and Contact Information

1. Name of charter school on whose Board of Directors you intend to serve: Parrish Classical Preparatory Academy

2. Full name: Dennis P. Clark

Home Address	1905 N Ocean Blvd #8A Fort Lauderdale, FL 33305
Business Name and Address	Southwest Charter Foundation, Inc. 6278 North Federal Highway #384 Fort Lauderdale, FL 33308
Phone Number	954-260-2695
E-mail address	Clar1318@bellsouth.net

☒ Resume and professional bio are attached here.
☐ Resume and professional bio are attached elsewhere in the application (specify). _____

3. Indicate whether you currently or have previously served on a board of a school district, another charter school, a non-public school or any not-for-profit corporation. If yes, explain.
☒ Yes ☐ No

I currently serve on two governing boards. Renaissance Charter School, Inc. currently operates 38 charter schools. Southwest Charter Foundation, Inc. currently operates eight charter schools in Florida.

4. Indicate whether you currently or have previously served as the leader or on the leadership team of ANY school, regardless of type (charter/traditional/private, etc.). If you served at a charter school, include performance data on form IEPC-MI1. If you served in a position of leadership at a non-charter school, provide any relevant data related to academic performance of the school(s).
☐ Yes ☒ No

5. Why do you wish to serve on the board of the proposed charter school?

I have served on charter school boards for over 15 years. I can bring that experience to bear, even more broadly. I am retired and have the time to pursue this passion. My background includes strong financial and risk management experience. I also strongly support school choice!

6. What is your understanding of the appropriate role of a public charter school board member?

My role includes oversight of school operations in support of Florida taxpayers and parents. I have attended all the DOE's required trainings over my years of involvement. I am committed to seeing every student meet their highest potential.

7. Describe any previous experience you have that is relevant to serving on the charter school's board (e.g., other board service). If you have not had previous experience of this nature, explain why you have the capability to be an effective board member.

I currently serve as Vice-Chairman and Secretary for all charter schools operated by both the Southwest Charter Foundation and Renaissance Charter School, Inc. My background as a broadly experienced, results-oriented banking executive allows me to lend my financial expertise.

8. Describe the specific knowledge and experience that you would bring to the board.

I currently own and operate Risk Assessment Solutions, a company that provides assistance to nonprofit organizations and small businesses. This, combined with my experience as a banking executive for many years, makes me an expert in the area of finance and an invaluable asset to the governing board.

School Mission and Program

1. What is your understanding of the school's mission and guiding beliefs?

The mission of Parrish Classical Preparatory Academy is to educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum. The vision of Parrish Classical Preparatory Academy is to foster a dynamic K-12 learning environment that inspires lifelong scholarship and develops the skills, knowledge, and agency to navigate an ever-changing world.

The Education Model was developed based on Robert J. Marzano's 35 years of research, which is in use at all CSUSA-managed schools within our portfolio. The CSUSA Education Model is an instructional approach developed after extensive study of educational practice and is grounded in over 35 years of Dr. Robert J. Marzano's research. Its purpose is to ensure effective delivery of a Guaranteed and Viable Curriculum (GVC) that facilitates each student's mastery of the Florida Standards/Florida Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards and the Next Generation Sunshine State Standards (NGSSS). The GVC is comprised of a year-long plan outlining whole group, standards-based instruction at each grade level and subject area.

3. What do you believe to be the characteristics of a successful school?

We believe that the characteristics of a successful school include goal-setting on a school-wide, classroom, and individual student basis; implementation of PLPs for every student; on-going progress monitoring and assessment; use of innovative measurement tools to drive research-based instruction and data analysis; utilization of technology to drive student engagement; integrated character education programming; academic intervention and acceleration programs; supplemental/extracurricular programs; emphasis on post-secondary readiness; and meaningful parental involvement.

4. As a board member, how will you monitor progress toward annual academic and financial/operational goals and objectives?

During board meetings, each school provides monthly status reports, regarding their progress towards goals. These reports include Financial Reports; the School Report (enrollment, withdrawals, staffing, facility issues, and ongoing activities in the school); Satisfaction Surveys; Strategic Plans; and an Annual Accountability Report. The board also engages a major CPA/Auditing firm for Annual Audits at all of our schools, and CSUSA provides comprehensive controls.

5. What do you see as your role regarding the school leaders?

The relationship between the governing board and the ESP provides clear accountability for the services provided by the ESP. The governing board as a whole is responsible for school's performance, and CSUSA will be actively involved in managing school operations to ensure successful outcomes. A strong relationship will exist between the governing board and the principal.

Governance

1. Describe the role that the board will play in the school's operation.

As the charter holder for the school, our primary role is to determine and preserve the school's mission and vision; create and oversee the school's operational policies; exercise continuing oversight over charter school operations; monitor

school academic performance and ensure adequate progress is made; manage resources effectively (adopt and monitor budget and financials); determine, monitor, and strengthen school programs and services; ensure legal and ethical integrity; and maintain academic and financial accountability.

2. How will you know if the school is successful at the end of the first year of operation?

We receive, in addition to monthly reports, an annual report summarizing the school's operational, academic, and financial performance at the end of the school year. The year will be deemed successful if the report reflects that the year's academic goals were achieved, enrollment targets were met, and the fund balance projected in the year's budget was maintained.

3. How will you know at the end of four years of the school is successful?

We monitor the school's progress on a monthly, quarterly, and yearly basis. If at the end of four years, the school's enrollment targets were met, academic goals were achieved, and fund balances are maintained, the school's four-year progress will be deemed a success.

4. What specific steps do you think the charter school board will need to take to ensure that the school is successful?

We monitor the school's progress on a monthly, quarterly, and yearly basis. If at the end of four years, the school's enrollment targets were met, academic goals were achieved, and fund balances are maintained, the school's four-year progress will be deemed a success.

5. How would you handle a situation in which you believe one or more members of the school's board were acting unethically or not in the best interests of the school?

If any of our members has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, the member will be informed of the basis for such belief and be granted an opportunity to explain the alleged failure to disclose. If, after hearing the member's response and conducting further investigation as warranted by the circumstances, it is determined that the member failed to disclose an actual or possible conflict of interest, the governing board will take appropriate disciplinary and corrective action.

6. If your school intends to contract with a third-party ESP:
   a. Summarize your involvement in the selection process;
   b. Explain your understanding of the legal relationship between yourself as a board member and the ESP; and
   c. Indicate whether you have been involved in the review/negotiation of the management agreement.

The governing board has collectively chosen to continue the partnership with CSUSA due to their successful management of our current charter schools. Our schools have achieved outstanding academic success with strong student enrollment. The board will contract with CSUSA to manage the day-to-day operations of the school, and we will oversee CSUSA via a performance-based contract. This contract will be reviewed by our legal counsel to ensure that we are compliant.

Disclosure

1. Indicate whether you or your spouse is an employee of a charter management organization.
   ☐ Yes ☒ No

If yes, please indicate when you (or your spouse) will end the relationship that poses this prohibited conflict.

Attestation

By signing this form, I hereby attest that I have read and understand the following provisions of Florida law relating to standards of conduct and financial disclosure and the restriction on the employment of relatives.

Standards of Conduct and Financial Disclosure (Section 1002.33(26), Florida Statutes)

(a) A member of a governing board of a charter school, including a charter school operated by a private entity, is subject to ss. 112.313(2), (3), (7), and (12) and 112.3143(3).

(b) A member of a governing board of a charter school operated by a municipality or other public entity is subject to s. 112.3145, which relates to the disclosure of financial interests.

(c) An employee of the charter school, or his or her spouse, or an employee of a charter management organization, or his or her spouse, may not be a member of the governing board of the charter school.

Restriction on Employment of Relatives (Section 1002.33(24), Florida Statutes)

(a) This subsection applies to charter school personnel in a charter school operated by a private entity. As used in this subsection, the term:

1. "Charter school personnel" means a charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decisionmaking authority and in whom is vested the authority, or to whom the authority has been delegated, to appoint, employ, promote, or advance individuals or to recommend individuals for appointment, employment, promotion, or advancement in connection with employment in a charter school, including the authority as a member of a governing body of a charter school to vote on the appointment, employment, promotion, or advancement of individuals.

2. "Relative" means father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

(b) Charter school personnel may not appoint, employ, promote, or advance, or advocate for appointment, employment, promotion, or advancement, in or to a position in the charter school in which the personnel are serving or over which the personnel exercises jurisdiction or control any individual who is a relative. An individual may not be appointed, employed, promoted, or advanced in or to a position in a charter school if such appointment, employment, promotion, or advancement has been advocated by charter school personnel who serve in or exercise jurisdiction or control over the charter school and who is a relative of the individual or if such appointment, employment, promotion, or advancement is made by the governing board of which a relative of the individual is a member.

(c) The approval of budgets does not constitute "jurisdiction or control" for the purposes of this subsection.

Certification

I hereby certify that the information contained in this document is true and complete to the best of my knowledge and that my service on the charter school governing board does not pose a prohibited conflict of interest. I certify that if the proposed charter school is approved, I hereby agree to notify the chair of the board at the charter school at which I will serve of any change that may create a conflict of interest, and if the change results in a prohibited conflict of interest I will resign from the Board. I have attached all required documents.

IV. Statement of Assurances

This form must be signed by a duly authorized representative of the applicant group and submitted with the application for a charter school.

As the authorized representative of the applicant group, I hereby certify that the information submitted in this application for a charter for Parrish is accurate and true to the best of my knowledge and belief; and further, I certify that, if awarded a charter, the school:

- Will be nonsectarian in its programs, admission policies, employment practices and operations.
- Will enroll any eligible student who submits a timely application, unless the school receives a greater number of applications than there are spaces for students, in which case students will be admitted through a random selection process.
- Will adhere to the antidiscrimination provisions of section 1000.05, F.S.
- Will adhere to all applicable provision of state and federal law relating to the education of students with disabilities, including the Individuals with Disabilities Education Act; section 504 of the Rehabilitation Act of 1974; and Title II of the Americans with Disabilities Act of 1990.
- Will adhere to all applicable provisions of federal law relating to students who are limited English proficient, including Title VI of the Civil Rights Act of 1964 and the Equal Educational Opportunities Act of 1974.
- Will participate in the statewide assessment program created under section 1008.22, F.S.
- Will comply with Florida statutes relating to public records and public meetings, including Chapter 119, Florida Statutes, and section 286.011, F.S., which are applicable to applicants even prior to being granted a charter.
- Will obtain and keep current all necessary permits, licenses, and certifications related to fire, health, and safety within the building and on school property.
- Will provide for an annual financial audit in accordance with section 218.39, F.S.

The governing board, at its discretion, allows Van Haiko (name), Board Chair (title) to sign as the legal correspondent for the school.

President, *Kiwanis Club of Coral Ridge*

IV. Board Member Information Form

Background and Contact Information

1. Name of charter school on whose Board of Directors you intend to serve: Parrish Classical Preparatory Academy

2. Full name: Tom Wheeler

Home Address	5124 NW 84th Road Coral Springs, FL 33067
Business Name and Address	Southwest Charter Foundation, Inc. 6278 North Federal Highway #384 Fort Lauderdale, FL 33308
Phone Number	954-703-9044
E-mail address	twheel_2000@hotmail.com

☒ Resume and professional bio are attached here.
☐ Resume and professional bio are attached elsewhere in the application (specify). _____

3. Indicate whether you currently or have previously served on a board of a school district, another charter school, a non-public school or any not-for-profit corporation. If yes, explain.
☒ Yes ☐ No

I am currently on two governing boards. Renaissance Charter School, Inc. currently operates 38 charter schools. Southwest Charter Foundation, Inc. currently operates eight charter schools in Florida.

4. Indicate whether you currently or have previously served as the leader or on the leadership team of ANY school, regardless of type (charter/traditional/private, etc.). If you served at a charter school, include performance data on form IEPC-MI1. If you served in a position of leadership at a non-charter school, provide any relevant data related to academic performance of the school(s).
☐ Yes ☒ No

5. Why do you wish to serve on the board of the proposed charter school?

The governing board is dedicated to establishing and operating high-performing charter schools.

6. What is your understanding of the appropriate role of a public charter school board member?

The appropriate role of a public charter school board member will vary depending on their position on the board, but all board members are governed by the general philosophy that we are members of an organized group of volunteers who, collectively, are legally and morally accountable to the community for the health, vitality, and effectiveness of our charter schools.

7. Describe any previous experience you have that is relevant to serving on the charter school's board (e.g., other board service). If you have not had previous experience of this nature, explain why you have the capability to be an effective board member.

I currently serve as board member for both the Southwest Charter Foundation and the Renaissance Charter School, Inc. I serve on numerous boards and commissions both locally and statewide and have a high interest in promoting and changing the needs of the K-12 student population. In addition, I've also served as a Policy Director with the Florida Department of Education.

8. Describe the specific knowledge and experience that you would bring to the board.

I am a 33-year veteran of law enforcement, and most recently, served as Chief of the Florida Department of Law Enforcement. I also served as a Colonel/Undersheriff for the Broward County Sheriff's Department. My board experience combined with my leadership knowledge in law enforcement are they key assets that I bring to the board.

School Mission and Program

1. What is your understanding of the school's mission and guiding beliefs?

Mission: Parrish Classical Preparatory Academy will educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum.
Vision: Parrish Classical Preparatory Academy will foster a dynamic K-12 learning environment that inspires lifelong scholarship and develops the skills, knowledge, and agency to navigate an ever-changing world.

2. What is your understanding of the school's proposed educational program?

The Education Model was developed based on Robert J. Marzano's 35 years of research, which is in use at all CSUSA-managed schools within our portfolio. The CSUSA Education Model is an instructional approach developed after extensive study of educational practice and is grounded in over 35 years of Dr. Robert J. Marzano's research. Its purpose is to ensure effective delivery of a Guaranteed and Viable Curriculum (GVC) that facilitates each student's mastery of the Florida Standards/Florida Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards and the Next Generation Sunshine State Standards (NGSSS). The GVC is comprised of a year-long plan outlining whole group, standards-based instruction at each grade level and subject area.

3. What do you believe to be the characteristics of a successful school?

We believe that the characteristics of a successful school include goal-setting on a school-wide, classroom, and individual student basis; implementation of PLPs for every student; on-going progress monitoring and assessment; use of innovative measurement tools to drive research-based instruction and data analysis; utilization of technology to drive student engagement; integrated character education programming; academic intervention and acceleration programs; supplemental/extracurricular programs; emphasis on post-secondary readiness; and meaningful parental involvement.

4. As a board member, how will you monitor progress toward annual academic and financial/operational goals and objectives?

During board meetings, each school provides monthly status reports, regarding their progress towards goals. These reports include Financial Reports; the School Report (enrollment, withdrawals, staffing, facility issues, and ongoing activities in the school); Satisfaction Surveys; Strategic Plans; and an Annual Accountability Report.

5. What do you see as your role regarding the school leaders?
During board meetings, each school provides monthly status reports, regarding their progress towards goals. These reports include Financial Reports; the School Report (enrollment, withdrawals, staffing, facility issues, and ongoing activities in the school); Satisfaction Surveys; Strategic Plans; and an Annual Accountability Report.

Governance

1. Describe the role that the board will play in the school's operation.

As the charter holder for the school, our primary role is to determine and preserve the school's mission and vision; create and oversee the school's operational policies; exercise continuing oversight over charter school operations; monitor school academic performance and ensure adequate progress is made; manage resources effectively (adopt and monitor budget and financials); determine, monitor, and strengthen school programs and services; ensure legal and ethical integrity; and maintain academic and financial accountability.

2. How will you know if the school is successful at the end of the first year of operation?

We receive, in addition to monthly reports, an annual report summarizing the school's operational, academic, and financial performance at the end of the school year. The year will be deemed successful if the report reflects that the year's academic goals were achieved, enrollment targets were met, and the fund balance projected in the year's budget was maintained.

3. How will you know at the end of four years of the school is successful?

We monitor the school's progress on a monthly, quarterly, and yearly basis. If at the end of four years, the school's enrollment targets were met, academic goals were achieved, and fund balances are maintained, the school's four-year progress will be deemed a success.

4. What specific steps do you think the charter school board will need to take to ensure that the school is successful?

Attestation

By signing this form, I hereby attest that I have read and understand the following provisions of Florida law relating to standards of conduct and financial disclosure and the restriction on the employment of relatives.

Standards of Conduct and Financial Disclosure (Section 1002.33(26), Florida Statutes)

(a) A member of a governing board of a charter school, including a charter school operated by a private entity, is subject to ss. 112.313(2), (3), (7), and (12) and 112.3143(3).

(b) A member of a governing board of a charter school operated by a municipality or other public entity is subject to s. 112.3145, which relates to the disclosure of financial interests.

(c) An employee of the charter school, or his or her spouse, or an employee of a charter management organization, or his or her spouse, may not be a member of the governing board of the charter school.

Restriction on Employment of Relatives (Section 1002.33(24), Florida Statutes)

(a) This subsection applies to charter school personnel in a charter school operated by a private entity. As used in this subsection, the term:

1. "Charter school personnel" means a charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decision making authority and in whom is vested the authority, or to whom the authority has been delegated, to appoint, employ, promote, or advance individuals or to recommend individuals for appointment, employment, promotion, or advancement in connection with employment in a charter school, including the authority as a member of a governing body of a charter school to vote on the appointment, employment, promotion, or advancement of individuals.

2. "Relative" means father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

(b) Charter school personnel may not appoint, employ, promote, or advance, or advocate for appointment, employment, promotion, or advancement, in or to a position in the charter school in which the personnel are serving or over which the personnel exercises jurisdiction or control any individual who is a relative. An individual may not be appointed, employed, promoted, or advanced in or to a position in a charter school if such appointment, employment, promotion, or advancement has been advocated by charter school personnel who serve in or exercise jurisdiction or control over the charter school and who is a relative of the individual or if such appointment, employment, promotion, or advancement is made by the governing board of which a relative of the individual is a member.

(c) The approval of budgets does not constitute "jurisdiction or control" for the purposes of this subsection.

Certification

I hereby certify that the information contained in this document is true and complete to the best of my knowledge and that my service on the charter school governing board does not pose a prohibited conflict of interest. I certify that if the proposed charter school is approved, I hereby agree to notify the chair of the board at the charter school at which I will serve of any change that may create a conflict of interest, and if the change results in a prohibited conflict of interest I will resign from the Board. I have attached all required documents.

BILLIE MILLER

9500 S. Ocean Dr, Florida 34957 | mardo6725@aol.com

SUMMARY

Retired Education professional with 50 years of experience in all aspects of school operations and leadership.

EXPERIENCE

- Charter Schools USA, VP of Education, VP of Talent & Acquisition
- Coral Springs Charter School, PrincipaL
- Pompano Beach High School, Assistant Principal

EDUCATION

Bachelor of Arts in English and Speech/Drama, Upper Iowa University

Masters of Science in Education Leadership, Nova Southeastern University

IV. Board Member Information Form

Background and Contact Information

1. Name of charter school on whose Board of Directors you intend to serve: Parrish Classical Preparatory Academy

2. Full name: Billie Miller

Home Address: 9500 S. Ocean Drive #1903, Jensen Beach, FL 34957

Business Name and Address: Southwest Charter Foundation, Inc.
6278 North Federal Highway #384
Fort Lauderdale, FL 33308

Phone Number: 239-205-2630

E-mail address: Mardo6725@aol.com

☒ Resume and professional bio are attached here.
☐ Resume and professional bio are attached elsewhere in the application (specify). _____

3. Indicate whether you currently or have previously served on a board of a school district, another charter school, a non-public school or any not-for-profit corporation. If yes, explain.
☒ Yes ☐ No

I currently serve on two governing boards. Renaissance Charter School, Inc. currently operates 38 charter schools. Southwest Charter Foundation, Inc. currently operates eight charter schools in Florida. In addition, I have also served on my church's council board.

4. Indicate whether you currently or have previously served as the leader or on the leadership team of ANY school, regardless of type (charter/traditional/private, etc.). If you served at a charter school, include performance data on form IEPC-MI1. If you served in a position of leadership at a non-charter school, provide any relevant data related to academic performance of the school(s).
☒ Yes ☐ No

Coral Springs Charter School – Principal (2004 – 2010)

- Improved the school's letter grade to an A in my first year, and maintained an A in all years as principal.

Pompano Beach High School – Assistant Principal (2000 – 2004)

5. Why do you wish to serve on the board of the proposed charter school?

To add an education perspective to the board from my 50 years in education, both in traditional public schools and charter schools.

6. What is your understanding of the appropriate role of a public charter school board member?

To provide oversight and oversight of school policies and finances.

7. Describe any previous experience you have that is relevant to serving on the charter school's board (e.g., other board service). If you have not had previous experience of this nature, explain why you have the capability to be an effective board member.

I currently serve as board member for both the Southwest Charter Foundation and the Renaissance Charter School, Inc. I spent 50 years as an education professional, both as a teacher and in various positions of school leadership. In addition, I served several years on my church's board council.

8. Describe the specific knowledge and experience that you would bring to the board.

All aspects of academics and extensive experience in managing all facets of school operations.

School Mission and Program

1. What is your understanding of the school's mission and guiding beliefs?

Mission: Parrish Classical Preparatory Academy will educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum.

Vision: Parrish Classical Preparatory Academy will foster a dynamic K-12 learning environment that inspires lifelong scholarship and develops the skills, knowledge, and agency to navigate an ever-changing world.

2. What is your understanding of the school's proposed educational program?

The Education Model was developed based on Robert J. Marzano's 35 years of research, which is in use at all CSUSA-managed schools within our portfolio. The CSUSA Education Model is an instructional approach developed after extensive study of educational practice and is grounded in over 35 years of Dr. Robert J. Marzano's research. Its purpose is to ensure effective delivery of a Guaranteed and Viable Curriculum (GVC) that facilitates each student's mastery of the Florida Standards/Florida Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards and the Next Generation Sunshine State Standards (NGSSS). The GVC is comprised of a year-long plan outlining whole group, standards-based instruction at each grade level and subject area.

3. What do you believe to be the characteristics of a successful school?

We believe that the characteristics of a successful school include goal-setting on a school-wide, classroom, and individual student basis; implementation of PLPs for every student; on-going progress monitoring and assessment; use of innovative measurement tools to drive research-based instruction and data analysis; utilization of technology to drive student engagement; integrated character education programming; academic intervention and acceleration programs; supplemental/extracurricular programs; emphasis on post-secondary readiness; and meaningful parental involvement.

4. As a board member, how will you monitor progress toward annual academic and financial/operational goals and objectives?

During board meetings, each school provides monthly status reports, regarding their progress towards goals. These reports include Financial Reports; the School Report (enrollment, withdrawals, staffing, facility issues, and ongoing activities in the school); Satisfaction Surveys; Strategic Plans; and an Annual Accountability Report.

5. What do you see as your role regarding the school leaders?

During board meetings, each school provides monthly status reports, regarding their progress towards goals. These reports include Financial Reports; the School Report (enrollment, withdrawals, staffing, facility issues, and ongoing activities in the school); Satisfaction Surveys; Strategic Plans; and an Annual Accountability Report.

Governance

1. Describe the role that the board will play in the school's operation.

As the charter holder for the school, our primary role is to determine and preserve the school's mission and vision; create and oversee the school's operational policies; exercise continuing oversight over charter school operations; monitor school academic performance and ensure adequate progress is made; manage resources effectively (adopt and monitor budget and financials); determine, monitor, and strengthen school programs and services; ensure legal and ethical integrity; and maintain academic and financial accountability.

2. How will you know if the school is successful at the end of the first year of operation?

We receive, in addition to monthly reports, an annual report summarizing the school's operational, academic, and financial performance at the end of the school year. The year will be deemed successful if the report reflects that the year's academic goals were achieved, enrollment targets were met, and the fund balance projected in the year's budget was maintained.

3. How will you know at the end of four years of the school is successful?

We monitor the school's progress on a monthly, quarterly, and yearly basis. If at the end of four years, the school's enrollment targets were met, academic goals were achieved, and fund balances are maintained, the school's four-year progress will be deemed a success.

4. What specific steps do you think the charter school board will need to take to ensure that the school is successful?

We monitor the school's progress on a monthly, quarterly, and yearly basis. If at the end of four years, the school's enrollment targets were met, academic goals were achieved, and fund balances are maintained, the school's four-year progress will be deemed a success.

5. How would you handle a situation in which you believe one or more members of the school's board were acting unethically or not in the best interests of the school?

If any of our members has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, the member will be informed of the basis for such belief and be granted an opportunity to explain the alleged failure to disclose. If, after hearing the member's response and conducting further investigation as warranted by the circumstances, it is determined that the member failed to disclose an actual or possible conflict of interest, the governing board will take appropriate disciplinary and corrective action.

6. If your school intends to contract with a third-party ESP:
   a. Summarize your involvement in the selection process;
   b. Explain your understanding of the legal relationship between yourself as a board member and the ESP; and
   c. Indicate whether you have been involved in the review/negotiation of the management agreement.

The governing board has collectively chosen to continue the partnership with CSUSA due to their successful management of our current charter schools. Our schools have achieved outstanding academic success with strong student enrollment. The board will contract with CSUSA to manage the day-to-day operations of the school, and we will oversee CSUSA via a performance-based contract. This contract will be reviewed by our legal counsel to ensure that we are compliant.

Disclosure

1. Indicate whether you or your spouse is an employee of a charter management organization.
   ☐ Yes ☒ No

If yes, please indicate when you (or your spouse) will end the relationship that poses this prohibited conflict.

IV. Statement of Assurances

This form must be signed by a duly authorized representative of the applicant group and submitted with the application for a charter school.

As the authorized representative of the applicant group, I hereby certify that the information submitted in this application for a charter for PCPA is accurate and true to the best of my knowledge and belief; and further, I certify that, if awarded a charter, the school:

- Will be nonsectarian in its programs, admission policies, employment practices and operations.
- Will enroll any eligible student who submits a timely application, unless the school receives a greater number of applications than there are spaces for students, in which case students will be admitted through a random selection process.
- Will adhere to the antidiscrimination provisions of section 1000.05, F.S.
- Will adhere to all applicable provision of state and federal law relating to the education of students with disabilities, including the Individuals with Disabilities Education Act; section 504 of the Rehabilitation Act of 1974; and Title II of the Americans with Disabilities Act of 1990.
- Will adhere to all applicable provisions of federal law relating to students who are limited English proficient, including Title VI of the Civil Rights Act of 1964 and the Equal Educational Opportunities Act of 1974.
- Will participate in the statewide assessment program created under section 1008.22, F.S.
- Will comply with Florida statutes relating to public records and public meetings, including Chapter 119, Florida Statutes, and section 286.011, F.S., which are applicable to applicants even prior to being granted a charter.
- Will obtain and keep current all necessary permits, licenses, and certifications related to fire, health, and safety within the building and on school property.
- Will provide for an annual financial audit in accordance with section 218.39, F.S.

The governing board, at its discretion, allows Ken Haiko (name), Board Chair (title) to sign as the legal correspondent for the school.

Signature *Date* 2/12/25

Printed Name

Attestation

By signing this form, I hereby attest that I have read and understand the following provisions of Florida law relating to standards of conduct and financial disclosure and the restriction on the employment of relatives.

Standards of Conduct and Financial Disclosure (Section 1002.33(26), Florida Statutes)

(a) A member of a governing board of a charter school, including a charter school operated by a private entity, is subject to ss. 112.313(2), (3), (7), and (12) and 112.3143(3).

(b) A member of a governing board of a charter school operated by a municipality or other public entity is subject to s. 112.3145, which relates to the disclosure of financial interests.

(c) An employee of the charter school, or his or her spouse, or an employee of a charter management organization, or his or her spouse, may not be a member of the governing board of the charter school.

Restriction on Employment of Relatives (Section 1002.33(24), Florida Statutes)

(a) This subsection applies to charter school personnel in a charter school operated by a private entity. As used in this subsection, the term:

1. "Charter school personnel" means a charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decisionmaking authority and in whom is vested the authority, or to whom the authority has been delegated, to appoint, employ, promote, or advance individuals or to recommend individuals for appointment, employment, promotion, or advancement in connection with employment in a charter school, including the authority as a member of a governing body of a charter school to vote on the appointment, employment, promotion, or advancement of individuals.

2. "Relative" means father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

(b) Charter school personnel may not appoint, employ, promote, or advance, or advocate for appointment, employment, promotion, or advancement, in or to a position in the charter school in which the personnel are serving or over which the personnel exercises jurisdiction or control any individual who is a relative. An individual may not be appointed, employed, promoted, or advanced in or to a position in a charter school if such appointment, employment, promotion, or advancement has been advocated by charter school personnel who serve in or exercise jurisdiction or control over the charter school and who is a relative of the individual or if such appointment, employment, promotion, or advancement is made by the governing board of which a relative of the individual is a member.

(c) The approval of budgets does not constitute "jurisdiction or control" for the purposes of this subsection.

Certification

I hereby certify that the information contained in this document is true and complete to the best of my knowledge and that my service on the charter school governing board does not pose a prohibited conflict of interest. I certify that if the proposed charter school is approved, I hereby agree to notify the chair of the board at the charter school at which I will serve of any change that may create a conflict of interest, and if the change results in a prohibited conflict of interest I will resign from the Board. I have attached all required documents.

COMMUNITY INVOLVEMENT

Board Member, *Florida Faith-Based and Community-Based Advisory Council*

IV. Board Member Information Form

Background and Contact Information

1. Name of charter school: Parrish Classical Preparatory Academy

2. Full name: Patricia Smith

Home Address: 5427 Appledore Lane, Tallahassee, FL 32309

Business Name and Address: Southwest Charter Foundation, Inc.
6278 North Federal Highway #384
Fort Lauderdale, Florida 33308

Phone Number: 850-668-5583

E-mail address: Pat_smith@embarqmail.com

☒ Resume and professional bio are attached here.
☐ Resume and professional bio are attached elsewhere in the application (specify).

3. Indicate whether you currently or have previously served on a board of a school district, another charter school, a non-public school or any not-for-profit corporation. If yes, explain.
☒ Yes ☐ No

I currently serve on two governing boards. Renaissance Charter School, Inc. currently operates 38 charter schools. Southwest Charter Foundation, Inc. currently operates eight charter schools in Florida.

4. Indicate whether you currently or have previously served as the leader or on the leadership team of ANY school, regardless of type (charter/traditional/private, etc.). If you served at a charter school, include performance data on form IEPC-MI1. If you served in a position of leadership at a non-charter school, provide any relevant data related to academic performance of the school(s).
☐ Yes ☒ No

5. Why do you wish to serve on the board of the proposed charter school?

To further serve the communities in which I already work, in addition to all communities throughout the state of Florida.

6. What is your understanding of the appropriate role of a public charter school board member?

My role includes oversight of school operations in support of Florida taxpayers and parents.

7. Describe any previous experience you have that is relevant to serving on the charter school's board (e.g., other board service). If you have not had previous experience of this nature, explain why you have the capability to be an effective board member.

My background in serving various state and ln local boards, including my appointment by Governor Rick Scott to the Florida Faith-Based and Community-Based Advisory Council.

8. Describe the specific knowledge and experience that you would bring to the board.

I have worked in various communications positions with the Department of Children and Families (DCF), including regional Communications Manager, Press Secretary, and currently as the Community Relations Director. I facilitate statewide partnerships among DCF leadership, faith-based and community partners, and families in need. A pillar of these connections is the Florida Faith Symposium, which I have led for the past eight years to increase opportunities for faith and community partners for networking and exchanging best practices. I also represent DCF as a spokesperson at community events and initiatives.

School Mission and Program

1. What is your understanding of the school's mission and guiding beliefs?

Mission: Parrish Classical Preparatory Academy will educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum.

Vision: Parrish Classical Preparatory Academy will foster a dynamic K-12 learning environment that inspires lifelong scholarship and develops the skills, knowledge, and agency to navigate an ever-changing world.

2. What is your understanding of the school's proposed educational program?

The Education Model was developed based on Robert J. Marzano's 35 years of research, which is in use at all CSUSA-managed schools within our portfolio. The CSUSA Education Model is an instructional approach developed after extensive study of educational practice and is grounded in over 35 years of Dr. Robert J. Marzano's research. Its purpose is to ensure effective delivery of a Guaranteed and Viable Curriculum (GVC) that facilitates each student's mastery of the Florida Standards/Florida Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards and the Next Generation Sunshine State Standards (NGSSS). The GVC is comprised of a year-long plan outlining whole group, standards-based instruction at each grade level and subject area.

3. What do you believe to be the characteristics of a successful school?

We believe that the characteristics of a successful school include goal-setting on a school-wide, classroom, and individual student basis; implementation of PLPs for every student; on-going progress monitoring and assessment; use of innovative measurement tools to drive research-based instruction and data analysis; utilization of technology to drive student engagement; integrated character education programming; academic intervention and acceleration programs; supplemental/extracurricular programs; emphasis on post-secondary readiness; and meaningful parental involvement.

4. As a board member, how will you monitor progress toward annual academic and financial/operational goals and objectives?

During board meetings, each school provides monthly status reports, regarding their progress towards goals. These reports include Financial Reports; the School Report (enrollment, withdrawals, staffing, facility issues, and ongoing activities in the school); Satisfaction Surveys; Strategic Plans; and an Annual Accountability Report.

5. What do you see as your role regarding the school leaders?

During board meetings, each school provides monthly status reports, regarding their progress towards goals. These reports include Financial Reports; the School Report (enrollment, withdrawals, staffing, facility issues, and ongoing activities in the school); Satisfaction Surveys; Strategic Plans; and an Annual Accountability Report.

Governance

1. Describe the role that the board will play in the school's operation.

As the charter holder for the school, our primary role is to determine and preserve the school's mission and vision; create and oversee the school's operational policies; exercise continuing oversight over charter school operations; monitor school academic performance and ensure adequate progress is made; manage resources effectively (adopt and monitor budget and financials); determine, monitor, and strengthen school programs and services; ensure legal and ethical integrity; and maintain academic and financial accountability.

2. How will you know if the school is successful at the end of the first year of operation?

We receive, in addition to monthly reports, an annual report summarizing the school's operational, academic, and financial performance at the end of the school year. The year will be deemed successful if the report reflects that the year's academic goals were achieved, enrollment targets were met, and the fund balance projected in the year's budget was maintained.

3. How will you know at the end of four years of the school is successful?

We monitor the school's progress on a monthly, quarterly, and yearly basis. If at the end of four years, the school's

enrollment targets were met, academic goals were achieved, and fund balances are maintained, the school's four-year progress will be deemed a success.

4. What specific steps do you think the charter school board will need to take to ensure that the school is successful?

We monitor the school's progress on a monthly, quarterly, and yearly basis. If at the end of four years, the school's enrollment targets were met, academic goals were achieved, and fund balances are maintained, the school's four-year progress will be deemed a success.

5. How would you handle a situation in which you believe one or more members of the school's board were acting unethically or not in the best interests of the school?

If any of our members has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, the member will be informed of the basis for such belief and be granted an opportunity to explain the alleged failure to disclose. If, after hearing the member's response and conducting further investigation as warranted by the circumstances, it is determined that the member failed to disclose an actual or possible conflict of interest, the governing board will take appropriate disciplinary and corrective action.

6. If your school intends to contract with a third-party ESP:
   a. Summarize your involvement in the selection process;
   b. Explain your understanding of the legal relationship between yourself as a board member and the ESP; and
   c. Indicate whether you have been involved in the review/negotiation of the management agreement.

The governing board has collectively chosen to continue the partnership with CSUSA due to their successful management of our current charter schools. Our schools have achieved outstanding academic success with strong student enrollment. The board will contract with CSUSA to manage the day-to-day operations of the school, and we will oversee CSUSA via a performance-based contract. This contract will be reviewed by our legal counsel to ensure that we are compliant.

Disclosure

1. Indicate whether you or your spouse is an employee of a charter management organization.
   ☐ Yes ☒ No

If yes, please indicate when you (or your spouse) will end the relationship that poses this prohibited conflict.

IV. Statement of Assurances

This form must be signed by a duly authorized representative of the applicant group and submitted with the application for a charter school.

As the authorized representative of the applicant group, I hereby certify that the information submitted in this application for a charter for Renaissance accurate and true to the best of my knowledge and belief; and further, I certify that, if awarded a charter, the school:

- Will be nonsectarian in its programs, admission policies, employment practices and operations.
- Will enroll any eligible student who submits a timely application, unless the school receives a greater number of applications than there are spaces for students, in which case students will be admitted through a random selection process.
- Will adhere to the antidiscrimination provisions of section 1000.05, F.S.
- Will adhere to all applicable provision of state and federal law relating to the education of students with disabilities, including the Individuals with Disabilities Education Act; section 504 of the Rehabilitation Act of 1974; and Title II of the Americans with Disabilities Act of 1990.
- Will adhere to all applicable provisions of federal law relating to students who are limited English proficient, including Title VI of the Civil Rights Act of 1964 and the Equal Educational Opportunities Act of 1974.
- Will participate in the statewide assessment program created under section 1008.22, F.S.
- Will comply with Florida statutes relating to public records and public meetings, including Chapter 119, Florida Statutes, and section 286.011, F.S., which are applicable to applicants even prior to being granted a charter.
- Will obtain and keep current all necessary permits, licenses, and certifications related to fire, health, and safety within the building and on school property.
- Will provide for an annual financial audit in accordance with section 218.39, F.S.

Ken Haiko Board Chair

The governing board, at its discretion, allows Patricia Smith (name), Director (title) to sign as the legal correspondent for the school.

Attestation

By signing this form, I hereby attest that I have read and understand the following provisions of Florida law relating to standards of conduct and financial disclosure and the restriction on the employment of relatives.

Standards of Conduct and Financial Disclosure (Section 1002.33(26), Florida Statutes)

(a) A member of a governing board of a charter school, including a charter school operated by a private entity, is subject to ss. 112.313(2), (3), (7), and (12) and 112.3143(3).

(b) A member of a governing board of a charter school operated by a municipality or other public entity is subject to s. 112.3145, which relates to the disclosure of financial interests.

(c) An employee of the charter school, or his or her spouse, or an employee of a charter management organization, or his or her spouse, may not be a member of the governing board of the charter school.

Restriction on Employment of Relatives (Section 1002.33(24), Florida Statutes)

(a) This subsection applies to charter school personnel in a charter school operated by a private entity. As used in this subsection, the term:

1. "Charter school personnel" means a charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decisionmaking authority and in whom is vested the authority, or to whom the authority has been delegated, to appoint, employ, promote, or advance individuals or to recommend individuals for appointment, employment, promotion, or advancement in connection with employment in a charter school, including the authority as a member of a governing body of a charter school to vote on the appointment, employment, promotion, or advancement of individuals.

2. "Relative" means father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

(b) Charter school personnel may not appoint, employ, promote, or advance, or advocate for appointment, employment, promotion, or advancement, in or to a position in the charter school in which the personnel are serving or over which the personnel exercises jurisdiction or control any individual who is a relative. An individual may not be appointed, employed, promoted, or advanced in or to a position in a charter school if such appointment, employment, promotion, or advancement has been advocated by charter school personnel who serve in or exercise jurisdiction or control over the charter school and who is a relative of the individual or if such appointment, employment, promotion, or advancement is made by the governing board of which a relative of the individual is a member.

(c) The approval of budgets does not constitute "jurisdiction or control" for the purposes of this subsection.

Certification

I hereby certify that the information contained in this document is true and complete to the best of my knowledge and that my service on the charter school governing board does not pose a prohibited conflict of interest. I certify that if the proposed charter school is approved, I hereby agree to notify the chair of the board at the charter school at which I will serve of any change that may create a conflict of interest, and if the change results in a prohibited conflict of interest I will resign from the Board. I have attached all required documents.

Paul M. Sallarulo

Mr. Sallarulo served as President and CEO of Nexera Medical Inc. which is the developer, and distributor of antimicrobial textile products worldwide featuring our Spectra Shield tm Plus, the worlds only Reusable FFP3 Antimicrobial Respirator Mask that can be used in Europe. The Spectra Shield Plus is an antimicrobial mask that protects against infectious and contagious diseases, including the Avian Flu H5N1 Virus (commonly known as the bird flu), Tuberculosis, Streptococcus, staph infections, MRSA, SARS, and more. The Spectra Shield Plus mask is manufactured using Fosshield, a patented technology which embeds a non-toxic copper and silver agent into the fibers of the material. Unlike antimicrobial agents that are applied via topical chemical coatings or include actual metals, the patented, non-leaching, and ion-based antimicrobial technology in Fosshield is blended right into the fabric, polymer, or rubber. As the Company's principal government contact, Mr. Sallarulo was responsible for Nexera receiving the first certification in Europe for an antimicrobial mask, in addition to the first certification of a predicate device anti-bacterial respirator mask" issued by the FDA. His successful negotiations of outsourcing the Company's manufacturing in Asia allowed Nexera to have unlimited manufacturing capabilities for its products. Through his strategic direction and knowledge of the Health Care Industry and infection control, he selected the foremost pandemic impending viruses and bacteria for testing and certification.

Mr. Sallarulo has an extensive financial career in capital markets and investment banking in senior positions with Wachovia Securities, Prudential, Raymond James, Meridian Capital Markets and CoreStates Capital Markets.

Mr. Sallarulo was appointed Commissioner of the North Broward Hospital District by Florida Governor Jeb Bush for two four-year terms and served as Chairman of the Board of Commissioners, and Chairman of the Executive Committee. He overlooked four major hospitals, thirty-eight clinics, six thousand professionals, and a budget more than $2 Billion. He served as Chairman of the Audit Committee, Legal Review Committee, Joint Conference Committee, Broward Health Foundation, Community Relations Committee for Broward General Hospital, Community Relations Committee for Imperial Point Medical Center, and currently serves on the Liberty Health Foundation Board in Jersey City, New Jersey.

In January 2006, The Agency for Health Care Administration (AHCA) appointed Mr. Sallarulo to serve on the Medicaid reform Technical Advisory Panel. The Panel was created by the Florida Legislature in House Bill 3B and will advise AHCA on various implementation issues with Medicaid reform. The Panel is intended to be a source of advice for AHCA as the State moves forward to implement Florida's groundbreaking reform plan in Broward and Duval counties. In 2007, Governor Charlie Crist selected Mr. Sallarulo to join his transition team to serve on the The Citizens Review group for the Office of Financial Regulation.

Mr. Sallarulo also served on the Board of Directors of Basinate Industries, Board of Directors of Ubii Corporation, Board of Southwest Charter Foundation, Inc., and board of Renaissance Charter School, Inc., Board of Trustees of Nova Southeastern University, Chairman of the Board of Governors of Nova Southeastern University - Wayne Huizenga School of Business, President of the International Alumni Association of NSU, Nova Southeastern University College of Dental Medicine — Advisory Board, and was inducted as the first Honorary member into Sigma Beta Delta Society-International Honor Society in Business, Management and Administration, Board of Directors of the Symphony of the America's, Chairman of the Board of Governors of the Tower Club, and has served on the following Boards: Board of Directors of Foss manufacturing, Board of Directors and Executive Board of Winterfest, American Diabetes Leadership Council Board, National Advocacy Leadership Board — American Diabetes Association, Board of Directors of the Heart Center of Excellence Foundation, Leadership Circle of United Way, Chairman of the American Red Cross of Broward County, Board of Directors of the Museum of Discovery and Science, Board of Directors of Children Diagnostic Treatment

Center, Board of Directors of the Tower Forum, Member of the Planning and Zoning Board of Fort Lauderdale, Broward County Personal Advisory Board Fort Lauderdale, Fort Lauderdale Marine Advisory Board, Kids Voting USA — Florida State Board of Directors, and the Economic Development Advisory Board. He was C0-Chair of 100 Men Who Care that raises money for many charitable organizations. Mr. Sallarulo was also knighted in 2015 by St. John's of Jerusalem, Knights of Malta. He is a member of Knights of Columbus Fourth degree, and a member of the Order of Alhambra.

Mr. Sallarulo was Co-Founder of Broward Bank of Commerce and served on the Board of Directors. He was Chairman of the Budget Committee, Strategic Planning Committee and Nominating Committee. He also served on the Marketing Committee, Loan Committee, ALCO Committee, and Compensation Committee. Mr. Sallarulo assisted in the Sale of Broward Financial Holdings, the parent company of Broward Bank of Commerce for $33.96 million to Home BancShares, parent company of Centennial Bank in 2014. Mr. Sallarulo currently serves on the Regional Board of Directors of Centennial Bank and serves on the Loan Committee, and Strategic Planning Committee.

He is also the recipient of several prestigious awards including: Distinguished Alumni Achievement Award — Nova Southeastern University — 1996. He received The Outstanding Young Men of America Award in 1996, The "Hope Award" for 2002 from The Multiple Sclerosis Society, The 2002 "Valor Award" by The American Diabetes Society, The "Humanitarian of The Year Award" by The Caducean Society of Fort Lauderdale in 2002, The 2003 "Leadership Tribute Award" by The Elderly Interest Fund, The 2004 "Irishman of The Year Award" by The Emerald Society, The 2003 Alumnus of The year award by Nova Southeastern University, The award for "Outstanding Community Service in Raising Funds" in 2005 by the National American Diabetes Association, 2005 "Leading Men" award by the Cystic Fibrosis Foundation, 2006 "Tree of Life Award" by the Jewish National Fund, 2006 "Profiles in Leadership" award by The Leadership Broward Foundation, Gold Coast Magazine" 50 most powerful people in Broward County" in 2002, 2007 and 2009, Pinion - "Member of the Year 2007", 2008 "Founders Award" by The Children's Diagnostic and Treatment Center, 2010 "Advocates of Distinction" award by the Center for Independent Living of Broward in Honor of the 20th Anniversary of The Americans with Disabilities Act, "2011 Community Health Award" by The Hypoglycemia Support Foundation, 2011 'Community Champion' Award by Deliver The Dream Foundation, selected as The '2011 Outstanding Volunteer Fundraiser' by the Association of Fundraising Professionals, was inducted in to The "2012 Special Olympics Hall of Fame", and the "2014 Style and Substance" award by the Symphony of the America's. In 2018 the Broward Special Olympics created the Annual "Paul Sallarulo Honorary Board Member of the Year Award" to be awarded to an Honorary Board member for exemplary performance. In 2019 Mr. Sallarulo received the Florida State Volunteer Recognition Award by the Florida Knights of Columbus. Mr. Sallarulo was Chairman of The Special Olympics of Broward County, and has been an advocate for people with physical and mental challenges for more than 48 years. He has assisted in raising over 20 million dollars for Special Olympics and other charities. He and his children Patrick and Samantha are the founders of the "Sallarulo Race for Champions" which raised over 10 Million dollars in the last ten years for Special Olympics. Mr. Sallarulo served on The Board of Directors of the Mental Health Association of Broward County. He was presented with the "Volunteer of The Year" award by The Broward County Advisory Board for Persons with Disabilities and The Broward County Disability Affairs Section, and the "2006 Volunteer of The Year" award by The Broward Special Olympics. He was recognized for outstanding advocacy, contributions and achievements that bring increased awareness of disability-related issues. In 2011, The Broward County Board of County Commissioners appointed Mr. Sallarulo to The Advisory Board for Individuals with Disabilities. He served as chairman of the Children's Fund at the North Broward hospital District. He served on the advisory Board of Best Buddies. Mr. Sallarulo and his family received the "2016 Family of the Year Award" for their contribution to the Special Olympics. He also received the "2016 Jack Crutchfield Award" for Outstanding and Distinguished Service to Special Olympics by the Florida State Special Olympics.

In 2008, Governor Charlie Crist recognized Paul with the Point of Light Award for outstanding Volunteerism. “By choosing to devote his energy to the Special Olympics, Paul has helped brighten the lives of many persons with disabilities in Broward County” said Governor Crist. “I applaud his leadership and dedication to helping athletes and volunteers do their best and understand the importance of teamwork.”

Mr. Sallarulo graduated with an A.A.S. degree from SUNY Adirondack, a B.B.A. degree in Business Administration from Baruch College, Dean’s List, in New York City and an M.B.A. from Nova Southeastern University with honors (4.0 GPA) in Fort Lauderdale, Florida.

Mr. Sallarulo has co-authored and published the following articles:

- “Spread Creates Opportunity That’s Not Readily Apparent”, in Credit Union Times, February *11,* 1991;
- “How Your Investments Measure Up — Interest Rate Risk and ALM Strategies”, in Executive Journal, New York, October 1991;
- “Opportunities in FNMA “FLEX” ARMs and FHLMC “WAC” ARMs”, in Credit Union Times, New York, April 4, 1991;
- “Riding The Yield Curve” in Credit Union Times, July 5, 1995;
- “A Portfolio Strategy and Laddered Portfolios as A Passive Investment Strategy” in Credit Union Times, May 10, 1995.
- Contributing Author “Residential Mortgage Lending” 1995, Marshall Dennis
- Acknowledgement by Roberta Guigerio for her Book “The Do’s and Don’ts of Hypoglycemia” 2011

Mr. Sallarulo professional licenses have included: Series 7, Series 8 Supervisors, Series 24 - Principals, Series 63.

IV. Board Member Information Form

Background and Contact Information

1. Name of charter school: Parrish Classical Preparatory Academy

2. Full name: Paul M. Sallarulo

Home Address: 2521 NE 48th Street, Lighthouse Point, FL 33064

Business Name and Address: Southwest Charter Foundation
6278 North Federal Highway #384
Fort Lauderdale, Florida 33308

Phone Number: 954-495-2031

E-mail address: psallarulo1@gmail.com

☒ Resume and professional bio are attached here.
☐ Resume and professional bio are attached elsewhere in the application (specify).

3. Indicate whether you currently or have previously served on a board of a school district, another charter school, a non-public school or any not-for-profit corporation. If yes, explain.
☒ Yes ☐ No

I currently serve on two governing boards. Renaissance Charter School, Inc. currently operates 38 charter schools. Southwest Charter Foundation, Inc. currently operates eight charter schools in Florida.

4. Indicate whether you currently or have previously served as the leader or on the leadership team of ANY school, regardless of type (charter/traditional/private, etc.). If you served at a charter school, include performance data on form IEPC-MI1. If you served in a position of leadership at a non-charter school, provide any relevant data related to academic performance of the school(s).
☐ Yes ☒ No

5. Why do you wish to serve on the board of the proposed charter school?

I support school choice and this organization is dedicated to establishing and operating high-performing charter schools in Florida. My experience as an accomplished business leader in health care and banking combined with my knowledge of finance will assist the school.

6. What is your understanding of the appropriate role of a public charter school board member?

The appropriate role of a public charter school board member will vary depending on their position on the board, but all board members are governed by the general philosophy that we are members of an organized group of volunteers who, collectively, are legally and morally accountable to the community for the health, vitality, and effectiveness of our charter schools.

7. Describe any previous experience you have that is relevant to serving on the charter school's board (e.g., other board service). If you have not had previous experience of this nature, explain why you have the capability to be an effective board member.

I currently serve as a Director for all schools operated by Renaissance Charter School and Southwest Charter Foundation. My previous leadership experience and board of directors' service for many nonprofit organizations will enable me to provide the necessary oversight and guidance that is required to be an effective member.

8. Describe the specific knowledge and experience that you would bring to the board.

I have more than a three decades of experience in banking which will assist the school with financial oversight, regulation

and compliance. I am strong supporter of the Special Olympics and serving ESE students with exceptional opportunities.

School Mission and Program

1. What is your understanding of the school's mission and guiding beliefs?

The mission of Parrish Classical Preparatory Academy will educate scholars through key tenets of classical education grounded in a rigorous and data-driven curriculum. The vision of Parrish Classical Preparatory Academy is to foster a dynamic K-12 learning environment that inspires lifelong scholarship and develops the skills, knowledge, and agency to navigate an ever-changing world.

2. What is your understanding of the school's proposed educational program?

The Education Model was developed based on Robert J. Marzano's 35 years of research, which is in use at all CSUSA-managed schools within our portfolio. The CSUSA Education Model is an instructional approach developed after extensive study of educational practice and is grounded in over 35 years of Dr. Robert J. Marzano's research. Its purpose is to ensure effective delivery of a Guaranteed and Viable Curriculum (GVC) that facilitates each student's mastery of the Florida Standards/Florida Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards and the Next Generation Sunshine State Standards (NGSSS). The GVC is comprised of a year-long plan outlining whole group, standards-based instruction at each grade level and subject area.

3. What do you believe to be the characteristics of a successful school?

We believe that the characteristics of a successful school include goal-setting on a school-wide, classroom, and individual student basis; implementation of PLPs for every student; on-going progress monitoring and assessment; use of innovative measurement tools to drive research-based instruction and data analysis; utilization of technology to drive student engagement; integrated character education programming; academic intervention and acceleration programs; supplemental/extracurricular programs; emphasis on post-secondary readiness; and meaningful parental involvement.

4. As a board member, how will you monitor progress toward annual academic and financial/operational goals and objectives?

During board meetings, each school provides monthly status reports, regarding their progress towards goals. These reports include Financial Reports; the School Report (enrollment, withdrawals, staffing, facility issues, and ongoing activities in the school); Satisfaction Surveys; Strategic Plans; and an Annual Accountability Report.

5. What do you see as your role regarding the school leaders?

During board meetings, each school provides monthly status reports, regarding their progress towards goals. These reports include Financial Reports; the School Report (enrollment, withdrawals, staffing, facility issues, and ongoing activities in the school); Satisfaction Surveys; Strategic Plans; and an Annual Accountability Report.

Governance

1. Describe the role that the board will play in the school's operation.

As the charter holder for the school, our primary role is to determine and preserve the school's mission and vision; create and oversee the school's operational policies; exercise continuing oversight over charter school operations; monitor school academic performance and ensure adequate progress is made; manage resources effectively (adopt and monitor budget and financials); determine, monitor, and strengthen school programs and services; ensure legal and ethical integrity; and maintain academic and financial accountability.

2. How will you know if the school is successful at the end of the first year of operation?

We receive, in addition to monthly reports, an annual report summarizing the school's operational, academic, and financial performance at the end of the school year. The year will be deemed successful if the report reflects that the year's academic goals were achieved, enrollment targets were met, and the fund balance projected in the year's budget was maintained.

3. How will you know at the end of four years of the school is successful?

We monitor the school's progress on a monthly, quarterly, and yearly basis. If at the end of four years, the school's enrollment targets were met, academic goals were achieved, and fund balances are maintained, the school's four-year progress will be deemed a success.

4. What specific steps do you think the charter school board will need to take to ensure that the school is successful?

We monitor the school's progress on a monthly, quarterly, and yearly basis. If at the end of four years, the school's enrollment targets were met, academic goals were achieved, and fund balances are maintained, the school's four-year progress will be deemed a success.

5. How would you handle a situation in which you believe one or more members of the school's board were acting unethically or not in the best interests of the school?

If any of our members has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, the member will be informed of the basis for such belief and be granted an opportunity to explain the alleged failure to disclose. If, after hearing the member's response and conducting further investigation as warranted by the circumstances, it is determined that the member failed to disclose an actual or possible conflict of interest, the governing board will take appropriate disciplinary and corrective action.

6. If your school intends to contract with a third-party ESP:
   a. Summarize your involvement in the selection process;
   b. Explain your understanding of the legal relationship between yourself as a board member and the ESP; and
   c. Indicate whether you have been involved in the review/negotiation of the management agreement.

The governing board has collectively chosen to continue the partnership with CSUSA due to their successful management of our current charter schools. Our schools have achieved outstanding academic success with strong student enrollment. The board will contract with CSUSA to manage the day-to-day operations of the school, and we will oversee CSUSA via a performance-based contract. This contract will be reviewed by our legal counsel to ensure that we are compliant.

Disclosure

1. Indicate whether you or your spouse is an employee of a charter management organization.
   ☐ Yes ☒ No

If yes, please indicate when you (or your spouse) will end the relationship that poses this prohibited conflict.

IV. Statement of Assurances

This form must be signed by a duly authorized representative of the applicant group and submitted with the application for a charter school.

As the authorized representative of the applicant group, I hereby certify that the information submitted in this application for a charter for __PCPA_____ is accurate and true to the best of my knowledge and belief; and further, I certify that, if awarded a charter, the school:

- Will be nonsectarian in its programs, admission policies, employment practices and operations.
- Will enroll any eligible student who submits a timely application, unless the school receives a greater number of applications than there are spaces for students, in which case students will be admitted through a random selection process.
- Will adhere to the antidiscrimination provisions of section 1000.05, F.S.
- Will adhere to all applicable provision of state and federal law relating to the education of students with disabilities, including the Individuals with Disabilities Education Act; section 504 of the Rehabilitation Act of 1974; and Title II of the Americans with Disabilities Act of 1990.
- Will adhere to all applicable provisions of federal law relating to students who are limited English proficient, including Title VI of the Civil Rights Act of 1964 and the Equal Educational Opportunities Act of 1974.
- Will participate in the statewide assessment program created under section 1008.22, F.S.
- Will comply with Florida statutes relating to public records and public meetings, including Chapter 119, Florida Statutes, and section 286.011, F.S., which are applicable to applicants even prior to being granted a charter.
- Will obtain and keep current all necessary permits, licenses, and certifications related to fire, health, and safety within the building and on school property.
- Will provide for an annual financial audit in accordance with section 218.39, F.S.

The governing board, at its discretion, allows ____Ken Haiko___ (name), __BoardChair_____(title) to sign as the legal correspondent for the school.

Printed Name

Attestation

By signing this form, I hereby attest that I have read and understand the following provisions of Florida law relating to standards of conduct and financial disclosure and the restriction on the employment of relatives.

Standards of Conduct and Financial Disclosure (Section 1002.33(26), Florida Statutes)

(a) A member of a governing board of a charter school, including a charter school operated by a private entity, is subject to ss. 112.313(2), (3), (7), and (12) and 112.3143(3).
(b) A member of a governing board of a charter school operated by a municipality or other public entity is subject to s. 112.3145, which relates to the disclosure of financial interests.
(c) An employee of the charter school, or his or her spouse, or an employee of a charter management organization, or his or her spouse, may not be a member of the governing board of the charter school.

Restriction on Employment of Relatives (Section 1002.33(24), Florida Statutes)

(a) This subsection applies to charter school personnel in a charter school operated by a private entity. As used in this subsection, the term:
1. "Charter school personnel" means a charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decisionmaking authority and in whom is vested the authority, or to whom the authority has been delegated, to appoint, employ, promote, or advance individuals or to recommend individuals for appointment, employment, promotion, or advancement in connection with employment in a charter school, including the authority as a member of a governing body of a charter school to vote on the appointment, employment, promotion, or advancement of individuals.
2. "Relative" means father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.
(b) Charter school personnel may not appoint, employ, promote, or advance, or advocate for appointment, employment, promotion, or advancement, in or to a position in the charter school in which the personnel are serving or over which the personnel exercises jurisdiction or control any individual who is a relative. An individual may not be appointed, employed, promoted, or advanced in or to a position in a charter school if such appointment, employment, promotion, or advancement has been advocated by charter school personnel who serve in or exercise jurisdiction or control over the charter school and who is a relative of the individual or if such appointment, employment, promotion, or advancement is made by the governing board of which a relative of the individual is a member.
(c) The approval of budgets does not constitute "jurisdiction or control" for the purposes of this subsection.

Certification

I hereby certify that the information contained in this document is true and complete to the best of my knowledge and that my service on the charter school governing board does not pose a prohibited conflict of interest. I certify that if the proposed charter school is approved, I hereby agree to notify the chair of the board at the charter school at which I will serve of any change that may create a conflict of interest, and if the change results in a prohibited conflict of interest I will resign from the Board. I have attached all required documents.

Administrative Staff Job Descriptions

Job Description: Assistant Principal

Job Purpose
To join a team of people with the mission: Relentless Commitment to Student Greatness in School and in Life ™. If you love inspiring and motivating young learners and want to put students first in education, CSUSA is the right place for you. We deliver on our promise of Strong Minds, Good Hearts™ through an education model that gives every student the opportunity for success. As an Assistant Principal, you will assist the principal in providing school-wide leadership to promote the educational development of each student and to ensure the effective operation of the assigned school.

How You Will Impact Education
Instruction/Education Responsibilities
Educational Leadership

- Assists the principal in establishing and maintaining an effective learning climate in the school.
- Assists the principal in the overall administration of the school.
- Serves as principal in the absence of the regular principal.
- Assists the principal in the design and implementation of programs, based on current educational theory and research, to meet the specific needs of the school and its students.
- Facilitates and evaluates, in assigned departments, the CSUSA-approved instructional program in a manner designed to maximize the cognitive and affective progress of each student.
- Assists the principal in the acquisition and utilization of instructional supplies, equipment, and textbooks for the school.
- Assists the principal in facilitating services for all students in the school including, but not limited to, those with special needs.
- Participates, as requested, in school-level activities to design educational philosophy and goals which maximize student growth.
- Assists the principal in overseeing the facility and grounds of the assigned school and makes recommendations about short-range and long-range needs.
- Assists in the development of a schedule which maximizes the educational program for students and utilizes district resources to their greatest advantage.
- Assists the principal in conducting an on-going assessment of the educational program in the assigned school, including the strengths and areas in need of improvement; the analysis of test results, attendance records, discipline reports; feedback from students, staff, administrators, and parents; and other formal and informal data.

Serves as Administrator of School

- Evaluates performance in assigned departments in accordance with state law and regulation, and CSUSA policy and practices.
- Serves as acting Principal responsible for building operations when Principal is out of the building.
- Assists the principal in the orientation of new staff in accordance with state law and regulation as well as CSUSA policy and procedures.

- Generates and maintains personnel records, reports and documentation as required by state and federal law and regulation as well as by CSUSA policy and procedures.
- Works to achieve/sustain 100% of projected student enrollment capacity.

Student Management

- Maintains high standards of student conduct and enforces discipline as necessary, according to due process rights of the students.
- Establishes and publishes guidelines for proper student conduct in keeping with state law, CSUSA policy and school practices in cooperation with the principal.
- Attends school-related activities and events to oversee student behavior and achievements.
- Generates and maintains accurate discipline records.
- Works with students, staff, parents, law enforcement officials and others in the implementation of student behavior codes in cooperation with the principal.

Human Resources

- Assists the principal in the recruiting, screening, background check and reference checks and recommends and assigns school staff.
- Is familiar with hiring statutory laws and state regulations.
- Supports the new hire/recruiting process by properly completing job requisition form, offer letter request, and other items as needed, and secure all the required paperwork (applications and Release forms).
- Supports the Principal during the new employee-interview process, as needed.
- Assists Human Resources Department in maintaining compliance with certification guidelines.
- Ensures new hire paperwork is coordinated with the Business Administrator/Bookkeeper and on schedule with the payroll calendar.
- Maintains personnel files in a confidential manner.
- Conducts new employee orientation. Insures the signed Employee Handbook acknowledgement has been received.
- Supports the Principal in disciplinary actions, coach & counsels, exit interviews, etc... as requested.
- Assists the Principal and Human Resources Department in coordinating Performance Appraisal process, including maintaining data in SIS & HR on-line systems.

Communicates with Stakeholders

- Assists the principal in promoting on-going, two-way communications with relevant audiences (i.e., students, staff, parents, community residents) to enhance the educational program provided by the school.
- Assists the principal in utilizing the resources of the school and community to enhance the educational program.
- Serves as a member of such committees and attends such meetings as directed by the principal and/or Vice President of Education

Required Qualifications and Skills

- Demonstrates enthusiasm and commitment toward the job and the mission of the company.

- Supports the company's values in the strategic areas of academic excellence, operational performance, superior culture, and financial health and growth, as outlined in the Employee Handbook.
- Demonstrates the ability to lead people and get results through others.
- Establishes excellent interpersonal skills between all constituents: being courteous, professional, and helpful; demonstrates high level of interpersonal skills to handle sensitive and confidential situations. Position continually requires demonstrated poise, tact, and diplomacy.
- Works and interacts with individual at all levels of the organization.
- Thinks ahead and plan over a 1-2 year time span.
- Has the ability to organize and manage multiple priorities.
- Has the ability to consistently be at work, to arrive on time, to follow instructions, to respond to management direction and solicit feedback to improve performance.
- Looks for ways to improve and promote quality and demonstrates accuracy and thoroughness. Strives to research, evaluate, and implement best practices.
- Ability to work with large amounts of data, to interpret data, to detect errors, and prepare reports.
- Is able to coach and manage the performance of others.
- Possesses strong customer and student orientation.
- Is proactive and takes initiative. Thinks creatively. Drives projects to completion. Insists on highest level of quality.

Job Requirements

- Master's degree (MA) from an accredited college or university or equivalent.
- Professional Certification in Educational Leadership in Applicable State.
- Two to five years relevant experience (in school administration preferred) and/or training.
- Experience in student instruction.
- Equivalent combination of education and experience.
- Successful results of criminal and employment background check.
- Such alternatives to the above requirements as CSUSA may find appropriate and acceptable.
- May perform other duties as assigned.

Work Environment

- While performing the responsibilities of this position, the work environment characteristics listed below are representative of the environment the employee will encounter:
- Usual school working conditions.

Physical Demands

- The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
- Agility and ability to quickly move in a school environment where children are present.
- Travel within or outside of Florida.
