Subject: Formal Request for Project Extension - MCDC Stock Island Stucco Repairs

Dear Matthew Howard,

We are writing to formally request an extension for the final completion of the **MCDC Stock Island Stucco Repairs** project. As per the original agreement, the project commenced on **October 15, 2024**, with final completion set for **January 13, 2025**. Please know that our team is committed to delivering an outstanding result, and we are dedicated to upholding the highest standards of quality throughout the duration of the project. We appreciate your understanding and support as we work to ensure the successful and meticulous completion of this important work.

We look forward to your approval and continued collaboration on this project.

Tony,

I asked our supplier for the traffic rated and galvanized grates (see attached). These have a lead time of 4-5 weeks. I also asked about pricing, and these are around $1,700 each. They will provide an official quote shortly.

Let me know if this is what the county is looking for.

Thanks,

Thanks for your response and I agree with you that galvanizing is not required because Alt. G grates are not specified.

However, many of the grates arrived to the site in an already advanced corrosive state and these cannot be accepted as is. The shop drawing does state, “STEEL PAINTED TO FDOT SPECIFICATIONS” (see below). The FDOT applicable specs 504, 460, 560, and 561 regarding “steel painting” would therefore apply for the steel coating requirements.

Please discuss with your supplier as to the coating that was applied (QC, SSPC, additives, procedures, etc.). Sections 560-561 are attached.

Good morning Tony,

The plans or specifications do not call for galvanized grates on this project. The following are some comments justifying the grates used in the project:

1. The plans on sheets # SD-1A and SD-2A call for “INLETS AND MANHOLES TO BE PER F.D.O.T INDEX NO. 425-001 & 425-010.”. The plans call for "INLETS, DT BOT, TYPE D, <10'". This type of inlet is described on spec 425-052. I am attaching the plans sheet spec for your reference.
2. The specification 425-3.2 from the specifications package we received for this project describes the gratings, covers, and frames. It mentions that WHEN “Alt. G” grates are specified in the plans the grates should be galvanized; however, the plans do NOT call for “Alt. G” grates.
3. In your email, you attached specifications 962-8.9 and 962-9 which are not part of the specifications package that we received for this project.
4. The approved shop drawing of the grates clearly specifies that this is a painted grate, not galvanized. See highlighted below.

Let me know if you have any questions or comments.

Thank you,

Andres C Perez

Good afternoon. Can you look into the issue we have with some of the inlet grates on Twin Lakes (pics attached). Seems like some were sent to site already with corrosion and rusting. Maybe a supplier issue with the galvanizing. I've attached the specs and shop drawings for the review.

425-3.2 Gratings, Covers, and Frames: Use gratings and frames fabricated from structural steel or cast iron as designated in the appropriate Standard Plans Index. When "Alt. G" grates are specified in the Plans, provide structural steel grates that are galvanized in accordance with the requirements of ASTM A123 and hardware galvanized in accordance with the requirements of ASTM A153.

962-8.9 Steel Grates: Provide Grade 50 steel per ASTM A242/A242 M, A572/A572 M or A588/A588 M for grates. Galvanize grates in accordance with 962-9 when "Alt. G" grates are specified in the Plans.

Andres:

As previously discussed, the change requested to the installed structure S-50 is to raise it from elev. 0.56 a total of 7” to elev. 1.14. This would result in the top elevation being 3” lower than the edge of pavement per the calculation below.

Please confirm the above calculation when we perform the raising of the structure top.

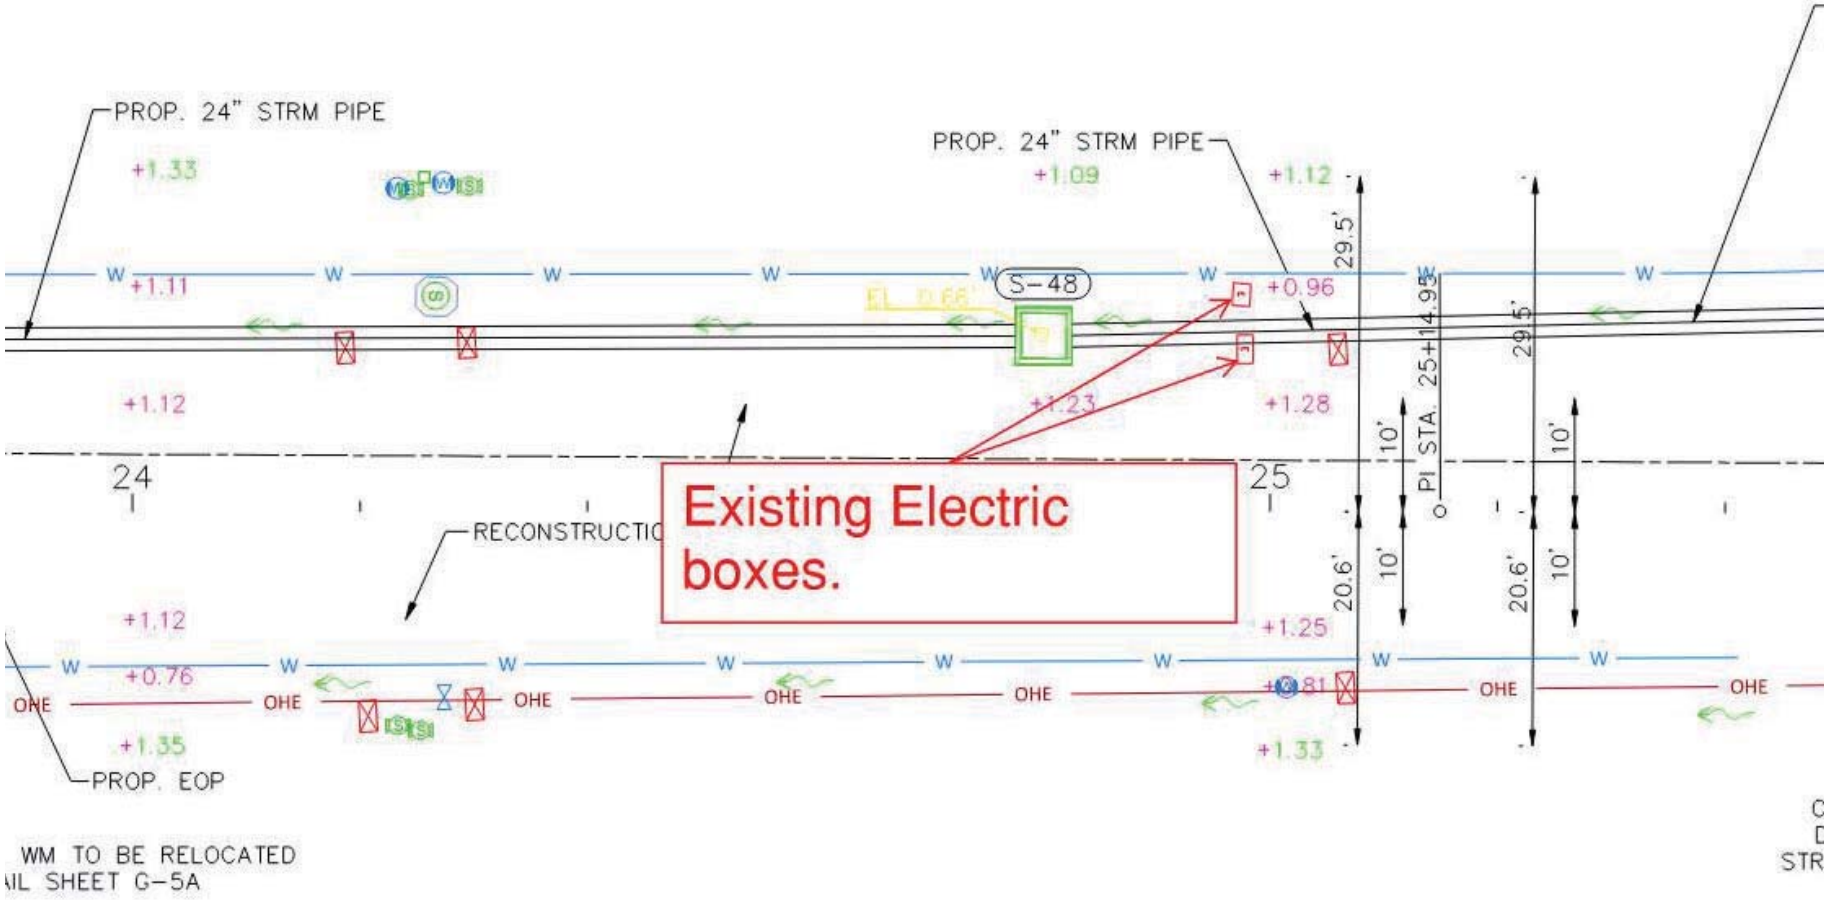
Subject: Conflict with existing Electric boxes at Sta 24+95 on Adams Dr.

Problem & suggested solution:

During the excavation for the installation of the 24" drainage pipe by Sta 24+95 on Adams Dr., it was noticed that there is an existing electric box that is in conflict with the proposed drainage pipe.

The existing electric box is within the alignment of the proposed 24" drainage pipe. This existing electric box is not shown in the plans, and it is marked by the 811 locators as active.



Please provide directions on how to proceed.

Engineering Dept. Review

Solution:

As per our field meetings and your coordination with FKEC, the underground electrical services can be de-energized and line/pull box supported so that the 24' drainage pipe can be installed.

AGENDA ITEM WORDING: Report on status of Sugarloaf Fire Station and Layton Fire Station projects.

ITEM BACKGROUND:
Sugarloaf Fire Station
The County entered into a Comprehensive Agreement with Fortress/Summit in July 2024 for construction of a new fire station on Sugarloaf Key. Fortress/Summit is responsible for all design, permitting, and construction and they have been actively working with the County Planning and Environmental Resources as well as the Building Department in pursuit of variances and permits for the project. Attached is a detailed report on the status of the design, permits, and other moving parts of the project. The current schedule milestones are:

- Permits (County building, SFWMD, FDOT, FDEP): July 2025
- Temporary fire station ready for move-in: August 2025
- Demolition of existing station: August - September 2025
- Construction of new station starting September 2025
- Completion of the new station (move-in) October 2026

Layton Fire Station
Monroe County has staffed and maintained the fire station in the City of Layton for many years. The fire station is aging and in need of replacement. The County is looking into pursuing federal funding through a grant program for the replacement. Attached is a detailed report on the status of the future of this project.

SUBJECT: Status Report for the New Sugarloaf Fire Station

In March 2022, Monroe County received an unsolicited proposal from Fortress Secured, LLC, in partnership with Summit Construction Management Group, to construct a new Sugarloaf Fire Station, on the site of the existing Fire Station, using a Public Private Partnership model. In conformance with Florida's statewide law authorizing public-private partnerships ("P3"), section 255.065, Florida Statutes), the County advertised for competing proposals and, receiving none, commenced negotiations with Fortress / Summit.

Originally, the proposal included a financing component that included building a commercial wireless network antenna through which the debt for construction of the fire station would be financed via a lease agreement. Eventually, the County decided to finance the construction of the fire station through its own means. A comprehensive agreement between the County and Fortress / Summit was negotiated and approved by the BOCC on 7/17/2024. Sufficient space would be provided for the future construction of a wireless network antenna, subject to a separate agreement between the County and the wireless provider.

Fortress / Summit, acting as the County's developer, is responsible for all design, permits, and construction, including providing a temporary fire station to allow for demolition of the old fire station and construction of the new station. Fortress / Summit has been meeting with the County Planning and Environmental team as well as with the Building Department in pursuit of possible variances and of course permits for the project. The following is a summary of the current project status as recently reported by Summit:

- **Building Plans and Building Permit**: plans have been finalized and are ready to be submitted to Monroe County for review and permitting.

- **Civil Plans**: The water management district had comments on the plan that substantially impacts the stormwater design. Essentially the new rules do not allow our Storm Tec underground stormwater facility to be used, due to new regulations. We have been in the process of switching to a different style of vaulted storm retention. Revised civil plans are due April 1, 2025.

- **Water Management District Permit**: Aside from the stormwater comments above, we have addressed several other comments from the district with native plants and groundcover. Applications will be submitted after acceptable civil plans are received, anticipated to occur in the first week of April.

- **FDOT Permit**: Because of the County's screening and landscaping requirements, and the limited available space of the site we have proposed to install some plantings inside the DOT ROW area along the frontage. FDOT has agreed to allow the plantings there, but we are changing some plant species to be in-line with FDOT near-road guidelines. We have also updated FDOT with the latest survey on the acquisition parcel documents. Applications will be submitted after acceptable civil plans are received, anticipated to occur in the first week of April 2025. **Note**: The County has completed all transfers of surplus rights-of-way (ROW) adjacent to the US-1 ROW in front of the fire station.

- **Variance Request**: The above-mentioned landscaping is a large component of the variance request, meeting the Monroe County landscape buffer requirements along the property's frontage. Now that we have a path with FDOT for an alternative to meeting those requirements by planting in the ROW, we have one additional variance item remaining- driveway spacing. Because Monroe County does not have official guidance on parking requirements for a fire station, we remain hopeful the County will accept our limited proposed parking and justification, based on the size constraints of the parcel and fire station

staffing, in lieu of a variance request. A revised variance application and supporting documents are being prepared and will be submitted to Monroe County for review and Planning Commission public hearing scheduling. This is also pending the completion of the civil plans.

- **Temporary Fire Station**: We have a tentative agreement from a nearby landowner to lease several cottages in the vicinity of the fire station site for the duration of the demolition and construction of the permanent facility. These cottage units are to be provided fully furnished. The units are near the fire station site and have plenty of parking for fire equipment. In summary, the rental cottages provide 3 separated units, totaling approximately 1,500 SF of living space including 3 kitchens, restrooms and up to 6 beds. We pivoted to the rental cottage solution because the due diligence on the parcel originally anticipated for the temporary fire station site was prohibitively low in elevation, requiring many feet of fill for a modular unit to be placed. **Note**: This change will accelerate the schedule by several months since it eliminates the permitting and building of a temporary fire station using modular units as originally planned.

- **Timing Summary**: We anticipate finalizing the design and permitting efforts in the next 120 days.
  Note: The following are the latest updates to the schedule milestones:

  - Permits (County building, SFWMD, FDOT, FDEP): July 2025
  - Temporary fire station ready for move-in: August 2025
  - Demolition of existing station: August - September 2025
  - Construction of new station starting September 2025
  - Completion of the new station (move-in) October 2026

SUBJECT: Status Report for the New Layton Fire Station

Monroe County has staffed, equipped and maintained, the fire station in the City of Layton for several years. Via a separate project, the County is using an HMGP grant to provide a new backup power generator for the Layton fire station. There are six contiguous lots at this location, three owned by the City, containing the existing City Hall and the existing fire station and three lots owned by Monroe County, one of which is vacant. The fire station building, owned by the city, is aging and in need of replacement.

In January 2023 the County's developer for the Sugarloaf Fire Station, Fortress Secured was approached by the City of Layton to develop a conceptual site plan for the City Fire Station and City Hall. The attached exhibit presents a master plan for the proposed 2-story / 3 bay Layton Fire Station and a proposed 2-story City Hall. The concept was not pursued by the city at that time, due to the lack of funding.

The opportunity to pursue federal funding through a grant program offered by the US Department of Housing and Urban Development, Community Development Block Grant (HUD / CDBG) arose during discussions with Hale Innovation, a grant writing and management consultant that the County has used successfully for CDBG grants in the past. The specific grant category that looks promising is the CDBG Small Cities program.

After discussing this opportunity with Hale Innovations, the following is a summary of the opportunity and associated issues:

- This project can be a 100% funded project. With a fire station cost of around $10M, it would be a large request.
    - CDBG used to have a $750k limit, but that restriction has been removed.
    - Since the project will not likely succeed without the full $10M, it is recommended we go for the full request.
- The project is great fit. It appears there is enough data available to make sure the coverage area and Low – Moderate Income (LMI) benefit is 51% or higher. According to the Florida Commerce / HUD tables, the LMI for Layton specifically is 76%. Also, the Layton Fire Station serves a larger area than just the city, providing backup fire rescue services up and down the US-1 corridor from Marathon to Islamorada; expanding the service area brings the LMI to around 70%, still a strong application.
- The project itself will have to be phased. We can build the two projects (Fire Station and City Hall) simultaneously, but it'll have to be two separate projects and two separate procurements. Our approach here would require significant coordination the City of Layton.
- The rational for upgrading the Fire Station from 2-bays to 3-bays would require some justification.
- Hale Innovation will lead the grant application and has proposed $10,655 for this effort.
- There will be a NEPA compliance requirement as part of the grant. This would cost about $30,000 out of pocket, only if the grant is awarded.
- The DCP (Design Criteria Package) would probably be around $25,000 and is not required until after award.
- The CDBG Small Cities is limited competition. Not all jurisdictions are allowed to go after this money. There is approximately $40M in Small Cities funding available for Florida, so we would be asking for 25% of that. There is a chance they might reach out and ask if you'll take less money to do the project and partially fund it, then you'd have a decision to make.

Timeline / Requirements for the Grant Application:

- Application due May 02, 2025
- 2 Public Hearings / Meeting Minutes advertised for 5 days each prior to submitting application.
- Grant Writing Task Order to Hale Innovation
- Develop the DCP This would also be led by Hale Innovation
- Updated Concept Plan / Coordination with City of Layton (use agreement).

** Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 ($17.75) or 13658 ($13.30). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to any contract or subcontract to which the states of Texas, Louisiana, or Mississippi, including their agencies, are a party.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at https://www.dol.gov/agencies/whd/government-contracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular

rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

Union Rate Identifiers

A four-letter identifier beginning with characters other than ""SU"", ""UAVG"", ?SA?, or ?SC? denotes that a union rate was prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2024. PLUM is an identifier of the union whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated rate.

Union prevailing wage rates are updated to reflect all changes over time that are reported to WHD in the rates in the collective bargaining agreement (CBA) governing the classification.

Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for the classifications reflected union rates. EXAMPLE: UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

Survey Rate Identifiers

The ""SU"" identifier indicates that either a single non-union rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007 6/27/2024. SU indicates the rate is a single non-union prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

?SU? wage rates typically remain in effect until a new survey is conducted. However, the Wage and Hour Division (WHD) has the discretion to update such rates under 29 CFR 1.6(c)(1).

State Adopted Rate Identifiers

The ""SA"" identifier indicates that the classifications and

prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the ?SA? identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical

order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

* an existing published wage determination
* a survey underlying a wage determination
* a Wage and Hour Division letter setting forth a position on a wage determination matter
* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

** Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 ($17.20) or 13658 ($12.90). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to any contract or subcontract to which the states of Texas, Louisiana, or Mississippi, including their agencies, are a party.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at https://www.dol.gov/agencies/whd/government-contracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local),

a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

* an existing published wage determination
* a survey underlying a wage determination
* a Wage and Hour Division letter setting forth a position on a wage determination matter
* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

WHEREAS, CONTRACTOR desires to and is able to perform the work or services described in the attached Exhibit "A"; and

WHEREAS, it serves a legitimate public purpose for CONTRACTOR to perform the work or services described in attached Exhibit "A" for Monroe County;

NOW, THEREFORE, IN CONSIDERATION of the mutual promises and covenants contained herein, it is agreed as follows:

1. THE AGREEMENT

The Agreement consists of this document, the Request for Proposals ("RFP") documents, exhibits, and any addenda only.

2. SCOPE OF WORK

The Scope of Work shall include, but not be limited to, all work and / or services shown and listed in **Exhibit "A",** which is attached hereto and made a part hereof. The Contractor is required to provide a complete job as contemplated by this Scope of Work. The Contractor shall furnish all labor, supervision, materials, power, tools, equipment, supplies, permits, if any are necessary, and any other means of construction or work necessary or proper for performing and completing the Scope of Work, unless otherwise specifically stated, or as amended throughout the term of this Agreement. The Contractor shall be responsible for the scheduling of services required per the Scope of Work, so as each task is satisfactorily completed.

3. PERSONNEL

Communication between the County Representative and the Contractor's personnel is very important. Therefore, the Contractor must assure that at least one (1) of its personnel per site and/or location can communicate well in the English language with the County Representative. Any employee hired by the Contractor will be the Contractor's employee and in no way has any association with the County. The Contractor shall insure that its employees are trained in all appropriate safety regulations, including but not limited to, OSHA regulations, DEP regulations, and all other applicable local, State, and Federal regulations.

The Contractor shall be available twenty-four (24) hours per day, three hundred sixty-five (365) days per year. The Contractor shall be at the site of an alarm malfunction within four (4) hours of verbal, email, or text notification by the County. The Contractor shall provide an after-hours contact person and phone number. The County, upon award of the contract, shall provide a contact person and phone number for building and equipment access.

Uniforms are preferred for Contractor's personnel; however, photo identification cards are required, which shall clearly identify personnel as employees of the Contractor. This requirement shall apply upon entering County property and at all times while on duty.

4. BACKGROUND CHECKS / FINGERPRINTING

Contractor employees must consent to Level One background checks and the results are to be provided to the County within thirty (30) days of award of the contract. The County reserves the right to refuse personnel based on results of the background check. The County reserves the right to demand of the Contractor replacement of an employee for the Contractor if a conflict or problem with that employee should arise. The County's Facilities Maintenance Director or his designee shall have the right to require any employee(s) of the Contractor to be permanently removed from any County facility serviced by the Contractor whenever it appears to be in the best interest of the County. It is the responsibility of the Contractor to inform the Facilities Maintenance Director or his designee of all new hires and the results of the background check. The Contractor will be responsible for the supervision, hiring and firing of their own employees, and shall be solely responsible for the pay, worker's compensation insurance, and benefits.

Some work will be conducted at secure facilities, including, but not limited to law enforcement and fire rescue. Background checks, including at a minimum:

A. Warrants check;
B. Fingerprints;
C. Local Records check;
D. Prior employment check; and
E. Criminal History check

are required of Contractor's personnel that will enter Monroe County Sheriff's Office ("MCSO") facilities. Background checks on such personnel will be conducted by the MCSO.

MCSO may prohibit entry to, or remove from, any secure facility any Contractor employee who, in the judgment of MCSO, poses a risk to the security or good order of the facility. Thereafter, MCSO and the Contractor will immediately discuss resolution of the problem. If the problem is not resolved to the satisfaction of the MCSO, the employee shall not be permitted to return to any facility operated by the MCSO. Contractor will promptly replace the employee at no additional cost to County.

Contractor further agrees to notify County immediately upon becoming aware that one of its employees or subcontractor's employees, who previously completed the background check is subsequently arrested or convicted of any crime. Failure by Contractor to notify County of such arrest or conviction within forty-eight (48) hours of being put on notice by the employee/subcontractor and/or within five (5) days of its occurrence shall constitute grounds for immediate termination of this contract by County. The parties further agree that failure by Contractor to perform any of the duties described in this paragraph shall constitute a material breach of the contract entitling County to terminate this contract immediately with no further responsibility to make payment or perform any other duties described herein.

5. CONTRACT SUM AND PAYMENTS TO CONTRACTOR

A. Monroe County's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Board of County Commissioners ("BOCC"). County shall pay in accordance with the Florida Local Government Prompt Payment Act and Monroe County Code; payment will be made after delivery and inspection by County and upon submission of a proper invoice by Contractor.

Contractor shall submit to the County repair invoices with supporting documentation acceptable to the Clerk, at completion by the Contractor of the repair and said work approved by an appropriate County representative, to be paid at the earliest date possible following completion of the repair. Monroe County's Fiscal Year is October 1st through September 30th. ** Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 ($15.00) or 13658 ($11.25). Please see the Note at the top of the wage determination for more information.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their

own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at https://www.dol.gov/agencies/whd/government-contracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all

rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is

based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

* an existing published wage determination
* a survey underlying a wage determination
* a Wage and Hour Division letter setting forth a position on a wage determination matter
* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations

Wage and Hour Division

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

ITEM BACKGROUND:
Staff placed an item on the March 25, 2025 BOCC agenda seeking approval of the renewal of the Microtransit Service Provider Agreement (March Agenda Item C24, 2023-3645). The back-up documentation included the original agreement approved at the May 15, 2024 Board meeting, the Notice of Grant Award dated November 22, 2024 and the first amendment to the original agreement approved at the February 19, 2025 BOCC meeting. However, the renewal agreement was not included in the backup documentation. In addition, the renewal period previously approved by the board was the period of May 15, 2025 to May 15, 2026 however the first amendment extended the termination date of the original agreement to June 30, 2025. Staff has now supplemented the backup documentation to include the renewal agreement and, as reflected in the renewal agreement, the 1-year renewal period will actually commence on July 1, 2025 and terminate on June 30, 2026.

PREVIOUS RELEVANT BOCC ACTION:
The first amendment to the original contract was approved on at the February 19th , 2025 BOCC meeting. The renewal was approved by the BOCC at the March 25th, 2025 meeting.

INSURANCE REQUIRED:
Yes

CONTRACT/AGREEMENT CHANGES:
The first amendment to the original contract was approved on at the February 19th, 2025 BOCC meeting. No further changes have been made.

STAFF RECOMMENDATION: Approve the renewal contract for the period between July 1, 2025 to June 30th, 2026 with Freebee to provide micro-transit service (Conch Connect).

The County and Contractor shall allow and permit reasonable access to, and inspection of, all documents, records, papers, letters or other "public record" materials in its possession or under its control

subject to the provisions of Chapter 119, Florida Statutes, and made or received by the County and Contractor in conjunction with this contract and related to contract performance. The County shall have the right to unilaterally cancel this contract upon violation of this provision by the Contractor. Failure of the Contractor to abide by the terms of this provision shall be deemed a material breach of this contract and the County may enforce the terms of this provision in the form of a court proceeding and shall, as a prevailing party, be entitled to reimbursement of all attorney's fees and costs associated with that proceeding. This provision shall survive any termination or expiration of the contract.

The Contractor is encouraged to consult with its advisors about Florida Public Records Law in order to comply with this provision.

Pursuant to Fla. Stat., Sec. 119.0701 and the terms and conditions of this contract, the Contractor is required to:

(1) Keep and maintain public records that would be required by the County to perform the service.

(2) Upon receipt from the County's custodian of records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.

(3) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the County.

(4) Upon completion or termination of the contract, transfer, at no cost, to the County all public records in possession of the Contractor or keep and maintain public records that would be required by the County to perform the service. If the Contractor transfers all public records to the County upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of records, in a format that is compatible with the information technology systems of the County.

If the Contractor does not comply with the County's request for records, the County shall enforce the public records contract provisions in accordance with the contract,

notwithstanding the County's option and right to unilaterally cancel this contract upon violation of this provision by the Contractor. A Contractor who fails to provide the public records to the County or pursuant to a valid public records request within a reasonable time may be subject to penalties under Section 119.10, Florida Statutes.

The Contractor shall not transfer custody, release, alter, destroy or otherwise dispose of any public records unless or otherwise provided in this provision or as otherwise provided by law.

The monetary limitation of liability under this Agreement shall be equal to the dollar value of the contract and not less than $1 million per occurrence pursuant to Section 725.06, Florida Statutes. claim is made, or is pending, the Proposer may, at its option and expense, procure for the County the right to use, replace or modify the item to render it non-infringing. If none of the alternatives are reasonably available, the County agrees to return the article on request to the Proposer and receive reimbursement. If the Proposer used any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood, without exception, that the bid prices shall include all royalties or cost arising from the use of such design, device, or materials in any way involved in the work.

Insofar as the claims, actions, causes of action, litigation, proceedings, costs or expenses relate to events or circumstances that occur during the term of this Agreement, this section will survive the expiration of the term of this Agreement or any earlier termination of this Agreement.

In the event that the completion of the project (to include the work of others) is delayed or suspended as a result of the Contractor s failure to purchase or maintain the required insurance, the Contractor shall indemnify the County from any and all increased expenses resulting from such delay. Should any claims be asserted against the County by virtue of any deficiency or ambiguity in the plans and specifications provided by the Contractor, the Contractor agrees and warrants that the Contractor shall hold the County harmless and shall indemnify it from all losses occurring thereby and shall further defend any claim or action on the County's behalf.

The extent of liability is in no way limited to, reduced, or lessened by the insurance requirements contained elsewhere within this agreement. Failure of Contractor to comply with the requirements of this section shall be cause for immediate termination of this Agreement.

Nothing in this Agreement is intended to, or should be construed, to create in the public or any member thereof, a third-party beneficiary under this Agreement, or to authorize anyone not a party to this Agreement to maintain a suit pursuant to the terms or provisions of this Agreement.

When required by Federal program legislation, which includes Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program and Transit Security Grant Program, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must comply with the Davis-Bacon Act (40 U.S.C. §§3141-3144, and §§3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. If applicable, the COUNTY must place a current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The COUNTY must report all suspected or reported violations to the Federal awarding agency.

When required by Federal program legislation, which includes Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program and Transit Security Grant Program (it does not apply to other FEMA grant and cooperative agreement programs, including the Public Assistance Program), the contractors, in contracts for construction or repair work above $2,000 in situations where the Davis-Bacon also applies, must also comply with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). As required by the Act, each

contractor or subrecipient is prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The COUNTY must report all suspected or reported violations to the Federal awarding agency.

SCOPE OF WORK

REQUIREMENTS FOR

MONROE COUNTY MICROTRANSIT SERVICE PROVIDER

General

The selected contracted service provider will provide project management, implementation and simulation guidance, software technology, and trip data for Monroe County's new On-Demand service. The micro transit technology will allow riders to manage their transportation on this service and provide Monroe County access to all trip data to evaluate the services.

In its response, the proposer is encouraged to detail its approach to each of the requirements below. For example, clear and transparent communication is critical to making its micro transit service attractive to riders. Therefore, the proposer should describe not only the types of notifications that are built into the software but also how feasible it would be to expand the types of notifications should an additional need materialize.

Monroe County seeks to build a trusting relationship with the selected vendor as a partner. If the proposer does not have a particular required capability in a fully tested and deployed version of the technology, the proposer should be transparent and state specifically as such; the proposer should not state that it is in development. Not having a specific required capability may not eliminate the proposer from contention, but falsehoods or exaggerations will.

On-Demand Transit Service Parameters

To implement an on-demand transit service for Monroe County, it is necessary to establish a number of key parameters. Based on the findings from preliminary analysis, the anticipated factors have been developed. Once the contracted service provider is selected, additional assessment will be conducted. These preliminary parameters have been developed to outline the new service and include:

- Service Hours
- Vehicle Type(s)
- Pickup & Drop-Off Points
- Fare
- Qualification to Ride
- Average Wait Time

Service Parameter	Preliminary Estimate	Note
Service Hours	5 am – 9 pm	This service span is intended to allow employees to access their early (6 am) shifts, and evening employees to return home.
Vehicle Type	Auto + WAV	An automobile typically provides seats for three passengers, easily accommodating the great majority of expected ride requests of one or two people. A wheelchair accessible vehicle (WAV) is required to meet ADA demands; a minivan is typical which also could meet the demand of a party of up to six passengers.
Pickup & Drop-Off points	Curb to curb	The vehicle picks up on the public street nearest to the pickup request location; it will usually not circulate within private properties such as resorts. To avoid excessive delays in traffic, the passenger may be requested to walk to or from a pickup point in areas of extreme congestion. These change by time of day and for special events.
Fare	$2 (TBD)	Equivalent to the fare charged by Key West Transit.
Qualification to ride	No qualification	Available to the general public
Average wait time	20 minutes	This is less than average for public on-demand transit, and somewhat longer than may be expected for private on-demand transit.

Data Access and Ownership

Monroe County requires full access to, and ownership of all data associated with the micro transit service. Data collected must readily-available to the County for the minimum requirements outlined in the **Data Collection and Reporting** section of this scope.

Trip Requests

In general, riders must have the ability to book their trip themselves via smartphone and via any computer or mobile device with internet access. Trip booking must be available via standard web browsers and from any commonly used internet-enabled device. Riders must also have the ability to book their trip by calling the contracted service provider's customer service. Also, the technology should enable a rider to request and cancel subscription (regularly recurring) trips, advance trips (day before and earlier), same-day trips (on the day of service but not immediate response), and immediate response trips (come as soon as possible).
At a minimum, the technology should:

- Provide a smartphone app for iOS and Android, available as a free download, to reserve, cancel or update/modify trip requests. The app should be able to incorporate custom branding of Monroe County and potentially any partnering funding sponsors. The app must be developed on an open protocol platform to allow for data integration with additional County systems now and in the future.
- Allow for riders to register for the service and reserve, cancel and modify/update trip requests via desktop/laptop computers. Proposers should describe the registering and on-boarding process.
- Accommodate advance-request and other same-day rides requested up to 48 hours in advance; for advance trip requests, allow the rider to define a range of acceptable pick-up times, e.g., 10:00 to 11:00 am, for the date of travel. While it is expected that most riders will request a trip "in real time" (that is, for immediate fulfillment), the system should accommodate other same-day trips, advance trips, and subscription trips (see below). Also, please indicate whether a user is able to schedule all booking legs simultaneously, or whether the rider must schedule each leg one by one.
- Also accommodate "subscription" or "standing order" requests, such as a weekday commuting trip, made at the same time and taken between the same origin and destination. Proposers should indicate whether or not the technology has the ability for a rider to enter a start and end date for the subscription trip. In addition, if such a subscription trip exists, it should be easy for the rider to put that trip "on hold" in case of sickness or vacation.
- Have the ability to choose from a list of favorite/past locations (including "home") and location names for which the address is unknown to the rider. Describe how the rider designates pick-up and drop-off locations.
- Have the ability to use a rider's current location as the origin of a trip.
- Have the ability to "push" a requested pick-up location. It is anticipated that the micro transit service will provide curb to curb service for pick-up and drop-off points identified by the rider. For some locations, however, it may be problematic for the vehicle to park safely to pick-up or discharge a passenger. For such locations, the system must inform the rider that a nearby alternative location has been identified by the system.
- Allow riders with mobility devices to enter the mobility device or service animal as part of their request. Riders who require a wheelchair accessible vehicle should be able to request one. The driver must be notified of this information as well as any accessibility equipment that will be needed for that trip.
- Provide a trip ID to the rider upon trip confirmation, and for immediate trips, notify the rider as to the expected ETA. Proposers should describe what other information is provided to the rider upon trip confirmation.
- For all trips, provide the rider with vehicle tracking within a minimum of two (2) minutes of vehicle arrival and notify the rider when the vehicle assigned to the trip is in the vicinity and traveling toward the rider's desired location (imminent arrival), and notify the rider when the vehicle has arrived at the requested location. The technology should also provide vehicle tracking while the rider is on-board.
- Accommodate "walk-on" riders.
- Notify riders of an emergency / service suspension.
- The proposer's technology that interfaces with riders must meet or exceed WCAG level AA accessibility standards for web content. The proposer's app must be designed in accordance with app development standards published by Apple for its iOS platform and by Google for the Android platform, allowing riders with disabilities, including those who are blind or visually impaired who use screen readers and other assistive technology to access the proposer's technology.

- Allow riders to share both real-time and post-trip feedback and rate various aspects of the trip just taken. While not essential, proposer should describe any additional survey capabilities to obtain general feedback from riders. All feedback, positive an must be available to the County at all times.
- Accommodate in-app marketing capabilities.

Driver Information and Driver/Dispatcher Interface

The Proposer's technology must:

- Provide driving instructions in list, map, and turn-by-turn voice instructions.
- Provide additional information that will help the driver at pick-up. How does the driver know when and where to stop? How does the technology help the driver identify the rider?
- How does the driver confirm that the rider is not at the agreed-upon location? What happens if the rider is not at the agreed upon location if the driver is on-time (and if late)? How does a driver indicate a no-show request to the dispatcher? What happens if the rider shows up with an unconfirmed service animal and companion(s) and there is insufficient room?
- Provide for drivers to accommodate "walk-up" riders?
- Provide features that prevents/minimizes distracted driving.
- Provide ways for dispatcher-driver communication.
- Provide dispatchers with ways to add or move trips to another vehicle, should the need arise, e.g., in response to a vehicle running late or service anomalies such a route deviation, unexpected traffic, vehicle breakdowns, accidents, or a re-merging no-show.
- Provide dispatchers the ability to list/view all vehicle runs (and detailed information about each run) and all unscheduled/unassigned trips or will-call trips on the day of service.

Software Scheduling/Dispatching Algorithms

The proposer's technology must have a proven way of automatically assigning a trip to a micro transit vehicle in an effective manner to accomplish the service quality standards established by Monroe County such as achieving a 95% on-time performance for all trip types. Please describe how the software works by including answers to the following questions in the proposal.

- What factors does the proposer's technology consider when assigning a trip to a specific vehicle? Can the algorithms be adjusted to reflect Monroe County's desired balance between cost efficiency and service quality?
- What factors does the proposer's technology consider in routing a vehicle?
- Does the technology allow for setting speed factors by time of day and by area?
- Does the technology allow for the setting of service quality standards, e.g., for immediate trips, a standard for maximum response time? For other trips, a pick-up window and an on-time performance standard? What other parameters does the algorithm consider? How are violations indicated?
- Does the technology incorporate predictive logic to identify and address potential problems before they occur?
- Does the technology have automated and dynamic "self-healing" capabilities that adjust or re-assigns trips in order to address violations or increases efficiencies without dispatcher involvement, and how does that work?
- Is the vehicle routing capability native to the proposer's technology or does the system rely on a third-party navigation technology vendor? (If the latter, please identify the vendor and the license of cost.)

- How does the technology automate the dispatch process to reduce the need for dispatcher intervention?
- Does the technology allow for and track dispatcher adjustments to allow for better optimization or shared rides?
- Does the technology have the ability to automatically or manually insert a driver break?

Administrative Interface

In its proposal, the proposer should describe the control center/operational management tools of its technology. The administrative interface should also:

- Allow for the establishment of commonly frequented locations, service area polygons and travel restriction polygons.
- Allow for real-time monitoring of vehicle locations, driver performance, and trip request fulfillment response times and on-time performance for other trips.
- Allow Monroe to make changes, create or amend zones, create and categorize stops within zones and modify service times.
- Provide options to generate reports and to extract (and export) operational data for analysis and in a format suitable for extraction of NTD datasets.
- Provide a way to auto-archive and store "old" data.
- Provide custom report building tools.

Fares

Monroe County's micro transit service will collect a fare per trip – TDB. Therefore, the proposer's technology will need to accommodate fare collection. In its response, Monroe County would like the proposer to describe the technology's capabilities for fare collection, tracking and associated policies.

Data Collection and Reporting

The technology must be able to report ridership data, analytics, and KPIs that provide information that not only meets NTD reporting requirements but is also useful in evaluating the service and in future service planning. The technology should provide for and collect the following data:

Integration with TNCs

Monroe County is interested in whether or not the proposer's technology has the flexibility to integrate with other applications including Transportation Network Companies.

Simulation Capabilities

Monroe County requests that the proposer's technology includes simulation capabilities. That is, Monroe County desires that the technology have the capability to analyze new areas and times for the micro transit service. It is anticipated that the technology will be used to refine and service and utilized in future planning efforts.

Proposers should detail how the simulation technology works, what inputs it requires, and the resulting outputs and metrics from the simulation.

Functional Design

5. **Time.** Unless specified otherwise, all references to "days" within this Agreement refer to calendar days.

6. **Term of Agreement.** This Agreement shall commence upon full execution by both Parties ("Effective Date") and continue through June 30, 2025. If the Agency does not complete the Project within this time period, this Agreement will expire unless an extension of the time period is requested by the Agency and granted in writing by the Department prior to the expiration of this Agreement. Expiration of this Agreement will be considered termination of the Project. The cost of any work performed prior to the Effective Date or after the expiration date of this Agreement will not be reimbursed by the Department.

   a. __ If this box is checked the following provision applies:

   Unless terminated earlier, work on the Project shall commence no later than the __ day of __, or within __ days of the issuance of the Notice to Proceed for the construction phase of the Project (if the Project involves construction), whichever date is earlier. The Department shall have the option to immediately terminate this Agreement should the Agency fail to meet the above-required dates.

7. **Amendments, Extensions, and Assignment.** This Agreement may be amended or extended upon mutual written agreement of the Parties. This Agreement shall not be renewed. This Agreement shall not be assigned, transferred, or otherwise encumbered by the Agency under any circumstances without the prior written consent of the Department.

8. **Termination or Suspension of Project.** The Department may, by written notice to the Agency, suspend any or all of the Department's obligations under this Agreement for the Agency's failure to comply with applicable law or the terms of this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected.

   a. Notwithstanding any other provision of this Agreement, if the Department intends to terminate the Agreement, the Department shall notify the Agency of such termination in writing at least thirty (30) days prior to the termination of the Agreement, with instructions to the effective date of termination or specify the stage of work at which the Agreement is to be terminated.

   b. The Parties to this Agreement may terminate this Agreement when its continuation would not produce beneficial results commensurate with the further expenditure of funds. In this event, the Parties shall agree upon the termination conditions.

   c. If the Agreement is terminated before performance is completed, the Agency shall be paid only for that work satisfactorily performed for which costs can be substantiated. Such payment, however, may not exceed the equivalent percentage of the Department's maximum financial assistance. If any portion of the Project is located on the Department's right-of-way, then all work in progress on the Department right-of-way will become the property of the Department and will be turned over promptly by the Agency.

   d. In the event the Agency fails to perform or honor the requirements and provisions of this Agreement, the Agency shall promptly refund in full to the Department within thirty (30) days of the termination of the Agreement any funds that were determined by the Department to have been expended in violation of the Agreement.

   e. The Department reserves the right to unilaterally cancel this Agreement for failure by the Agency to comply with the Public Records provisions of Chapter 119, Florida Statutes.

9. Project Cost:

a. The estimated total cost of the Project is $852,000. This amount is based upon **Exhibit "B", Schedule of Financial Assistance**. The timeline for deliverables and distribution of estimated amounts between deliverables within a grant phase, as outlined in **Exhibit "B", Schedule of Financial Assistance**, may be modified by mutual written agreement of the Parties and does not require execution of an **Amendment to the Public Transportation Grant Agreement**. The timeline for deliverables and distribution of estimated amounts between grant phases requires an amendment executed by both Parties in the same form as this Agreement.

b. The Department agrees to participate in the Project cost up to the maximum amount of $426,000 and, the Department's participation in the Project shall not exceed 50.00% of the total eligible cost of the Project, and as more fully described in **Exhibit "B", Schedule of Financial Assistance**. The Agency agrees to bear all expenses in excess of the amount of the Department's participation and any cost overruns or deficits involved.

10. Compensation and Payment:

a. Eligible Cost. The Department shall reimburse the Agency for allowable costs incurred as described in **Exhibit "A"**, **Project Description and Responsibilities**, and as set forth in **Exhibit "B", Schedule of Financial Assistance**.

b. Deliverables. The Agency shall provide quantifiable, measurable, and verifiable units of deliverables. Each deliverable must specify the required minimum level of service to be performed and the criteria for evaluating successful completion. The Project and the quantifiable, measurable, and verifiable units of deliverables are described more fully in **Exhibit "A", Project Description and Responsibilities**. Modifications to the deliverables in **Exhibit "A", Project Description and Responsibilities** requires a formal written amendment.

c. Invoicing. Invoices shall be submitted no more often than monthly by the Agency in detail sufficient for a proper pre-audit and post-audit, based on the quantifiable, measurable, and verifiable deliverables as established in **Exhibit "A", Project Description and Responsibilities**. Deliverables and costs incurred must be received and approved by the Department prior to reimbursement. Requests for reimbursement by the Agency shall include an invoice, progress report, and supporting documentation for the deliverables being billed that are acceptable to the Department. The Agency shall use the format for the invoice and progress report that is approved by the Department.

d. Supporting Documentation. Supporting documentation must establish that the deliverables were received and accepted in writing by the Agency and must also establish that the required minimum standards or level of service to be performed based on the criteria for evaluating successful completion as specified in **Exhibit "A", Project Description and Responsibilities** has been met. All costs invoiced shall be supported by properly executed payrolls, time records, invoices, contracts, or vouchers evidencing in proper detail the nature and propriety of charges as described in **Exhibit "F", Contract Payment Requirements**.

e. Travel Expenses. The selected provision below is controlling regarding travel expenses:

X Travel expenses are NOT eligible for reimbursement under this Agreement.

__ Travel expenses ARE eligible for reimbursement under this Agreement. Bills for travel expenses specifically authorized in this Agreement shall be submitted on the Department's Contractor Travel Form No. 300-000-06 and will be paid in accordance with Section 112.061,

DocuSign Envelope ID: A9EFD22A-B4C1-4FD0-A1C7-255C84FDAD16

Florida Statutes, and the most current version of the Department's Disbursement Handbook for Employees and Managers.

f. **Financial Consequences.** Payment shall be made only after receipt and approval of deliverables and costs incurred unless advance payments are authorized by the Chief Financial Officer of the State of Florida under Chapters 215 and 216, Florida Statutes, or the Department's Comptroller under Section 334.044(29), Florida Statutes. If the Department determines that the performance of the Agency is unsatisfactory, the Department shall notify the Agency of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the Department. The Agency shall, within thirty (30) days after notice from the Department, provide the Department with a corrective action plan describing how the Agency will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Department, the Agency will not be reimbursed. If the deficiency is subsequently resolved, the Agency may bill the Department for the amount that was previously not reimbursed during the next billing period. If the Agency is unable to resolve the deficiency, the funds shall be forfeited at the end of the Agreement's term.

g. **Invoice Processing**. An Agency receiving financial assistance from the Department should be aware of the following time frames. Inspection or verification and approval of deliverables shall take no longer than 20 days from the Department's receipt of the invoice. The Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days are measured from the latter of the date the invoice is received or the deliverables are received, inspected or verified, and approved.

If a payment is not available within 40 days, a separate interest penalty at a rate as established pursuant to Section 55.03(1), Florida Statutes, will be due and payable, in addition to the invoice amount, to the Agency. Interest penalties of less than one (1) dollar will not be enforced unless the Agency requests payment. Invoices that have to be returned to an Agency because of Agency preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Agency who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516.

h. **Records Retention.** The Agency shall maintain an accounting system or separate accounts to ensure funds and projects are tracked separately. Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for five years after final payment is made. Copies of these records shall be furnished to the Department upon request. Records of costs incurred include the Agency's general accounting records and the Project records, together with supporting documents and records, of the Contractor and all subcontractors performing work on the Project, and all other records of the Contractor and subcontractors considered necessary by the Department for a proper audit of costs.

i. **Progress Reports.** Upon request, the Agency agrees to provide progress reports to the Department in the standard format used by the Department and at intervals established by the Department. The Department will be entitled at all times to be advised, at its request, as to the status of the Project and of details thereof.

j. **Submission of Other Documents.** The Agency shall submit to the Department such data, reports, records, contracts, and other documents relating to the Project as the Department

DocuSign Envelope ID: A9EFD22A-B4C1-4FD0-A1C7-255C84FDAD16

may require as listed in **Exhibit "E", Program Specific Terms and Conditions** attached to and incorporated into this Agreement.

k. **Offsets for Claims.** If, after Project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset such amount from payments due for work or services done under any agreement that it has with the Agency owing such amount if, upon written demand, payment of the amount is not made within 60 days to the Department. Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department.

l. **Final Invoice.** The Agency must submit the final invoice on the Project to the Department within 120 days after the completion of the Project. Invoices submitted after the 120-day time period may not be paid.

m. **Department's Performance and Payment Contingent Upon Annual Appropriation by the Legislature.** The Department's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. If the Department's funding for this Project is in multiple fiscal years, a notice of availability of funds from the Department's project manager must be received prior to costs being incurred by the Agency. See **Exhibit "B", Schedule of Financial Assistance** for funding levels by fiscal year. Project costs utilizing any fiscal year funds are not eligible for reimbursement if incurred prior to funds approval being received. The Department will notify the Agency, in writing, when funds are available.

n. **Limits on Contracts Exceeding $25,000 and Term more than 1 Year.** In the event this Agreement is in excess of $25,000 and has a term for a period of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

> "The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years; and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of $25,000 and which have a term for a period of more than 1 year."

o. **Agency Obligation to Refund Department.** Any Project funds made available by the Department pursuant to this Agreement that are determined by the Department to have been expended by the Agency in violation of this Agreement or any other applicable law or regulation shall be promptly refunded in full to the Department. Acceptance by the Department of any documentation or certifications, mandatory or otherwise permitted, that the Agency files shall not constitute a waiver of the Department's rights as the funding agency to verify all information at a later date by audit or investigation.

p. **Non-Eligible Costs.** In determining the amount of the payment, the Department will exclude all Project costs incurred by the Agency prior to the execution of this Agreement, costs incurred after the expiration of the Agreement, costs that are not provided for in **Exhibit "A"**, **Project Description and Responsibilities**, and as set forth in **Exhibit "B", Schedule of Financial Assistance**, costs agreed to be borne by the Agency or its contractors and subcontractors for

DocuSign Envelope ID: A9EFD22A-B4C1-4FD0-A1C7-255C84FDAD16

not meeting the Project commencement and final invoice time lines, and costs attributable to goods or services received under a contract or other arrangement that has not been approved in writing by the Department. Specific unallowable costs may be listed in **Exhibit "A"**, **Project Description and Responsibilities.**

11. **General Requirements.** The Agency shall complete the Project with all practical dispatch in a sound, economical, and efficient manner, and in accordance with the provisions in this Agreement and all applicable laws.

    a. **Necessary Permits Certification.** The Agency shall certify to the Department that the Agency's design consultant and/or construction contractor has secured the necessary permits.

    b. **Right-of-Way Certification.** If the Project involves construction, then the Agency shall provide to the Department certification and a copy of appropriate documentation substantiating that all required right-of-way necessary for the Project has been obtained. Certification is required prior to authorization for advertisement for or solicitation of bids for construction of the Project, even if no right-of-way is required.

    c. **Notification Requirements When Performing Construction on Department's Right-of-Way.** In the event the cost of the Project is greater than $250,000.00, and the Project involves construction on the Department's right-of-way, the Agency shall provide the Department with written notification of either its intent to:

        i. Require the construction work of the Project that is on the Department's right-of-way to be performed by a Department prequalified contractor, or

        ii. Construct the Project utilizing existing Agency employees, if the Agency can complete said Project within the time frame set forth in this Agreement.

    d. __ If this box is checked, then the Agency is permitted to utilize its own forces and the following provision applies: **Use of Agency Workforce.** In the event the Agency proceeds with any phase of the Project utilizing its own forces, the Agency will only be reimbursed for direct costs (this excludes general overhead).

    e. __ If this box is checked, then the Agency is permitted to utilize **Indirect Costs: Reimbursement for Indirect Program Expenses** (select one):

        i. __ Agency has selected to seek reimbursement from the Department for actual indirect expenses (no rate).

        ii. __ Agency has selected to apply a de minimus rate of 10% to modified total direct costs. Note: The de minimus rate is available only to entities that have never had a negotiated indirect cost rate. When selected, the de minimus rate must be used consistently for all federal awards until such time the agency chooses to negotiate a rate. A cost policy statement and de minimis certification form must be submitted to the Department for review and approval.

        iii. __ Agency has selected to apply a state or federally approved indirect cost rate. A federally approved rate agreement or indirect cost allocation plan (ICAP) must be submitted annually.

    f. **Agency Compliance with Laws, Rules, and Regulations, Guidelines, and Standards.** The Agency shall comply and require its contractors and subcontractors to comply with all terms and conditions of this Agreement and all federal, state, and local laws and regulations applicable to this Project.

g. **Claims and Requests for Additional Work.** The Agency shall have the sole responsibility for resolving claims and requests for additional work for the Project. The Agency will make best efforts to obtain the Department's input in its decisions. The Department is not obligated to reimburse for claims or requests for additional work.

12. Contracts of the Agency:

a. **Approval of Third Party Contracts.** The Department specifically reserves the right to review and approve any and all third party contracts with respect to the Project before the Agency executes or obligates itself in any manner requiring the disbursement of Department funds, including consultant and purchase of commodities contracts, or amendments thereto. If the Department chooses to review and approve third party contracts for this Project and the Agency fails to obtain such approval, that shall be sufficient cause for nonpayment by the Department. The Department specifically reserves unto itself the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of the same. If Federal Transit Administration (FTA) funds are used in the Project, the Department must exercise the right to third party contract review.

b. **Procurement of Commodities or Contractual Services.** It is understood and agreed by the Parties hereto that participation by the Department in a project with the Agency, where said project involves the purchase of commodities or contractual services where purchases or costs exceed the Threshold Amount for CATEGORY TWO per Section 287.017, Florida Statutes, is contingent on the Agency complying in full with the provisions of Section 287.057, Florida Statutes. The Agency's Authorized Official shall certify to the Department that the Agency's purchase of commodities or contractual services has been accomplished in compliance with Section 287.057, Florida Statutes. It shall be the sole responsibility of the Agency to ensure that any obligations made in accordance with this Section comply with the current threshold limits. Contracts, purchase orders, task orders, construction change orders, or any other agreement that would result in exceeding the current budget contained in **Exhibit "B", Schedule of Financial Assistance**, or that is not consistent with the Project description and scope of services contained in **Exhibit "A", Project Description and Responsibilities** must be approved by the Department prior to Agency execution. Failure to obtain such approval, and subsequent execution of an amendment to the Agreement if required, shall be sufficient cause for nonpayment by the Department, in accordance with this Agreement.

c. **Consultants' Competitive Negotiation Act.** It is understood and agreed by the Parties to this Agreement that participation by the Department in a project with the Agency, where said project involves a consultant contract for professional services, is contingent on the Agency's full compliance with provisions of Section 287.055, Florida Statutes, Consultants' Competitive Negotiation Act. In all cases, the Agency's Authorized Official shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act.

d. **Disadvantaged Business Enterprise (DBE) Policy and Obligation.** It is the policy of the Department that DBEs, as defined in 49 C.F.R. Part 26, as amended, shall have the opportunity to participate in the performance of contracts financed in whole or in part with Department funds under this Agreement. The DBE requirements of applicable federal and state laws and regulations apply to this Agreement. The Agency and its contractors agree to ensure that DBEs have the opportunity to participate in the performance of this Agreement. In this regard, all recipients and contractors shall take all necessary and reasonable steps in accordance with applicable federal and state laws and regulations to ensure that the DBEs have the opportunity to compete for and perform contracts. The Agency and its contractors and subcontractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts, entered pursuant to this Agreement.

13. **Maintenance Obligations.** In the event the Project includes construction or the acquisition of commodities then the following provisions are incorporated into this Agreement:

    a. The Agency agrees to accept all future maintenance and other attendant costs occurring after completion of the Project for all improvements constructed or commodities acquired as part of the Project. The terms of this provision shall survive the termination of this Agreement.

14. **Sale, Transfer, or Disposal of Department-funded Property:**

    a. The Agency will not sell or otherwise transfer or dispose of any part of its title or other interests in real property, facilities, or equipment funded in any part by the Department under this Agreement without prior written approval by the Department.

    b. If a sale, transfer, or disposal by the Agency of all or a portion of Department-funded real property, facilities, or equipment is approved by the Department, the following provisions will apply:

        i. The Agency shall reimburse the Department a proportional amount of the proceeds of the sale of any Department-funded property.

        ii. The proportional amount shall be determined on the basis of the ratio of the Department funding of the development or acquisition of the property multiplied against the sale amount, and shall be remitted to the Department within ninety (90) days of closing of sale.

        iii. Sale of property developed or acquired with Department funds shall be at market value as determined by appraisal or public bidding process, and the contract and process for sale must be approved in advance by the Department.

        iv. If any portion of the proceeds from the sale to the Agency are non-cash considerations, reimbursement to the Department shall include a proportional amount based on the value of the non-cash considerations.

    c. The terms of provisions “a” and “b” above shall survive the termination of this Agreement.

        i. The terms shall remain in full force and effect throughout the useful life of facilities developed, equipment acquired, or Project items installed within a facility, but shall not exceed twenty (20) years from the effective date of this Agreement.

        ii. There shall be no limit on the duration of the terms with respect to real property acquired with Department funds.

15. **Single Audit.** The administration of Federal or State resources awarded through the Department to the Agency by this Agreement may be subject to audits and/or monitoring by the Department. The following requirements do not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of Federal awards or State financial assistance or limit the authority of any state agency inspector general, the State of Florida Auditor General, or any other state official. The Agency shall comply with all audit and audit reporting requirements as specified below.

    Federal Funded:

    a. In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, monitoring procedures may include but not be limited to on-site visits by Department staff and/or other procedures, including reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to Federal awards provided

DocuSign Envelope ID: A9EFD22A-B4C1-4FD0-A1C7-255C84FDAD16

through the Department by this Agreement. By entering into this Agreement, the Agency agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. The Agency further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department, State of Florida Chief Financial Officer (CFO), or State of Florida Auditor General.

b. The Agency, a non-Federal entity as defined by 2 CFR Part 200, Subpart F – Audit Requirements, as a subrecipient of a Federal award awarded by the Department through this Agreement, is subject to the following requirements:

i. In the event the Agency expends a total amount of Federal awards equal to or in excess of the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, the Agency must have a Federal single or program-specific audit conducted for such fiscal year in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements. **Exhibit "H", Audit Requirements for Awards of Federal Financial Assistance**, to this Agreement provides the required Federal award identification information needed by the Agency to further comply with the requirements of 2 CFR Part 200, Subpart F – Audit Requirements. In determining Federal awards expended in a fiscal year, the Agency must consider all sources of Federal awards based on when the activity related to the Federal award occurs, including the Federal award provided through the Department by this Agreement. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by 2 CFR Part 200, Subpart F – Audit Requirements. An audit conducted by the State of Florida Auditor General in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, will meet the requirements of this part.

ii. In connection with the audit requirements, the Agency shall fulfill the requirements relative to the auditee responsibilities as provided in 2 CFR Part 200, Subpart F – Audit Requirements.

iii. In the event the Agency expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards, the Agency is exempt from Federal audit requirements for that fiscal year. However, the Agency must provide a single audit exemption statement to the Department at FDOTSingleAudit@dot.state.fl.us no later than nine months after the end of the Agency's audit period for each applicable audit year. In the event the Agency expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards in a fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, the cost of the audit must be paid from non-Federal resources (*i.e.*, the cost of such an audit must be paid from the Agency's resources obtained from other than Federal entities).

iv. The Agency must electronically submit to the Federal Audit Clearinghouse (FAC) at https://harvester.census.gov/facweb/ the audit reporting package as required by 2 CFR Part 200, Subpart F – Audit Requirements, within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period. The FAC is the repository of record for audits required by 2 CFR Part 200, Subpart F – Audit Requirements. However, the Department requires a copy of the audit reporting package also be submitted to FDOTSingleAudit@dot.state.fl.us within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period as required by 2 CFR Part 200, Subpart F – Audit Requirements.

v. Within six months of acceptance of the audit report by the FAC, the Department will review the Agency's audit reporting package, including corrective action plans and

DocuSign Envelope ID: A9EFD22A-B4C1-4FD0-A1C7-255C84FDAD16

management letters, to the extent necessary to determine whether timely and appropriate action on all deficiencies has been taken pertaining to the Federal award provided through the Department by this Agreement. If the Agency fails to have an audit conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, the Department may impose additional conditions to remedy noncompliance. If the Department determines that noncompliance cannot be remedied by imposing additional conditions, the Department may take appropriate actions to enforce compliance, which actions may include but not be limited to the following:

1. Temporarily withhold cash payments pending correction of the deficiency by the Agency or more severe enforcement action by the Department;
2. Disallow (deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
3. Wholly or partly suspend or terminate the Federal award;
4. Initiate suspension or debarment proceedings as authorized under 2 C.F.R. Part 180 and Federal awarding agency regulations (or in the case of the Department, recommend such a proceeding be initiated by the Federal awarding agency);
5. Withhold further Federal awards for the Project or program;
6. Take other remedies that may be legally available.

vi. As a condition of receiving this Federal award, the Agency shall permit the Department or its designee, the CFO, or State of Florida Auditor General access to the Agency's records, including financial statements, the independent auditor's working papers, and project records as necessary. Records related to unresolved audit findings, appeals, or litigation shall be retained until the action is complete or the dispute is resolved.

vii. The Department's contact information for requirements under this part is as follows:

Office of Comptroller, MS 24
605 Suwannee Street
Tallahassee, Florida 32399-0450
FDOTSingleAudit@dot.state.fl.us

State Funded:

a. In addition to reviews of audits conducted in accordance with Section 215.97, Florida Statutes, monitoring procedures to monitor the Agency's use of state financial assistance may include but not be limited to on-site visits by Department staff and/or other procedures, including reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to state financial assistance awarded through the Department by this Agreement. By entering into this Agreement, the Agency agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. The Agency further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department, the Department of Financial Services (DFS), or State of Florida Auditor General.

b. The Agency, a "nonstate entity" as defined by Section 215.97, Florida Statutes, as a recipient of state financial assistance awarded by the Department through this Agreement, is subject to the following requirements:

i. In the event the Agency meets the audit threshold requirements established by Section 215.97, Florida Statutes, the Agency must have a State single or project-specific audit conducted for such fiscal year in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services; and

DocuSign Envelope ID: A9EFD22A-B4C1-4FD0-A1C7-255C84FDAD16

Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. **Exhibit "G", Audit Requirements for Awards of State Financial Assistance,** to this Agreement indicates state financial assistance awarded through the Department by this Agreement needed by the Agency to further comply with the requirements of Section 215.97, Florida Statutes. In determining the state financial assistance expended in a fiscal year, the Agency shall consider all sources of state financial assistance, including state financial assistance received from the Department by this Agreement, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.

ii. In connection with the audit requirements, the Agency shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2)(e), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

iii. In the event the Agency does not meet the audit threshold requirements established by Section 215.97, Florida Statutes, the Agency is exempt for such fiscal year from the state single audit requirements of Section 215.97, Florida Statutes. However, the Agency must provide a single audit exemption statement to the Department at FDOTSingleAudit@dot.state.fl.us no later than nine months after the end of the Agency's audit period for each applicable audit year. In the event the Agency does not meet the audit threshold requirements established by Section 215.97, Florida Statutes, in a fiscal year and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the Agency's resources (*i.e.*, the cost of such an audit must be paid from the Agency's resources obtained from other than State entities).

iv. In accordance with Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, copies of financial reporting packages required by this Agreement shall be submitted to:

Florida Department of Transportation

c. If the Agency elects to self-perform the Project, then the Agency may self-insure. If the Agency elects to hire a contractor or consultant to perform the Project, then the Agency shall carry, or cause its contractor or consultant to carry, Commercial General Liability insurance providing continuous coverage for all work or operations performed under this Agreement. Such insurance shall be no more restrictive than that provided by the latest occurrence form edition of the standard Commercial General Liability Coverage Form (ISO Form CG 00 01) as filed for use in the State of Florida. The Agency shall cause, or cause its contractor or consultant to cause, the Department to be made an Additional Insured as to such insurance. The limits of coverage described herein shall apply fully to the work or operations performed under the Agreement, and may not be shared with or diminished by claims unrelated to the Agreement. The policy/ies and coverage described herein may be subject to a deductible and such deductibles shall be paid by the Named Insured. No policy/ies or coverage described herein may contain or be subject to a Retention or a Self-Insured Retention unless the Agency is a state agency or subdivision of the State of Florida that elects to self-perform the Project. Prior to the execution of the Agreement, and at all renewal periods which occur prior to final acceptance of the work, the Department shall be provided with an ACORD Certificate of Liability Insurance reflecting the coverage described herein. The Department shall be notified in writing within ten days of any cancellation, notice of cancellation, lapse, renewal, or proposed change to any policy or coverage described herein. The Department's approval or failure to disapprove any policy/ies,

DocuSign Envelope ID: A9EFD22A-B4C1-4FD0-A1C7-255C84FDAD16

coverage, or ACORD Certificates shall not relieve or excuse any obligation to procure and maintain the insurance required herein, nor serve as a waiver of any rights or defenses the Department may have.

d. When the Agreement includes the construction of a railroad grade crossing, railroad overpass or underpass structure, or any other work or operations within the limits of the railroad right-of-way, including any encroachments thereon from work or operations in the vicinity of the railroad right-of-way, the Agency shall, or cause its contractor to, in addition to the insurance coverage required above, procure and maintain Railroad Protective Liability Coverage (ISO Form CG 00 35) where the railroad is the Named Insured and where the limits are not less than $2,000,000 combined single limit for bodily injury and/or property damage per occurrence, and with an annual aggregate limit of not less than $6,000,000. Prior to the execution of the Agreement, and at all renewal periods which occur prior to final acceptance of the work, both the Department and the railroad shall be provided with an ACORD Certificate of Liability Insurance reflecting the coverage described herein. The insurance described herein shall be maintained through final acceptance of the work. Both the Department and the railroad shall be notified in writing within ten days of any cancellation, notice of cancellation, renewal, or proposed change to any policy or coverage described herein. The Department's approval or failure to disapprove any policy/ies, coverage, or ACORD Certificates shall not relieve or excuse any obligation to procure and maintain the insurance required herein, nor serve as a waiver of any rights the Department may have.

e. When the Agreement involves work on or in the vicinity of utility-owned property or facilities, the utility shall be added along with the Department as an Additional Insured on the Commercial General Liability policy/ies procured above.

19. Miscellaneous:

a. Environmental Regulations. The Agency will be solely responsible for compliance with all applicable environmental regulations and for any liability arising from non-compliance with these regulations, and will reimburse the Department for any loss incurred in connection therewith.

b. Non-Admission of Liability. In no event shall the making by the Department of any payment to the Agency constitute or be construed as a waiver by the Department of any breach of covenant or any default which may then exist on the part of the Agency and the making of such payment by the Department, while any such breach or default shall exist, shall in no way impair or prejudice any right or remedy available to the Department with respect to such breach or default.

c. Severability. If any provision of this Agreement is held invalid, the remainder of this Agreement shall not be affected. In such an instance, the remainder would then continue to conform to the terms and requirements of applicable law.

d. Agency not an agent of Department. The Agency and the Department agree that the Agency, its employees, contractors, subcontractors, consultants, and subconsultants are not agents of the Department as a result of this Agreement.

e. Bonus or Commission. By execution of the Agreement, the Agency represents that it has not paid and, also agrees not to pay, any bonus or commission for the purpose of obtaining an approval of its application for the financing hereunder.

f. Non-Contravention of State Law. Nothing in the Agreement shall require the Agency to observe or enforce compliance with any provision or perform any act or do any other thing in

DocuSign Envelope ID: A9EFD22A-B4C1-4FD0-A1C7-255C84FDAD16

contravention of any applicable state law. If any of the provisions of the Agreement violate any applicable state law, the Agency will at once notify the Department in writing so that appropriate changes and modifications may be made by the Department and the Agency to the end that the Agency may proceed as soon as possible with the Project.

g. **Execution of Agreement.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which shall constitute the same Agreement. A facsimile or electronic transmission of this Agreement with a signature on behalf of a party will be legal and binding on such party.

h. **Federal Award Identification Number (FAIN).** If the FAIN is not available prior to execution of the Agreement, the Department may unilaterally add the FAIN to the Agreement without approval of the Agency and without an amendment to the Agreement. If this occurs, an updated Agreement that includes the FAIN will be provided to the Agency and uploaded to the Department of Financial Services' Florida Accountability Contract Tracking System (FACTS).

i. **Inspector General Cooperation.** The Agency agrees to comply with Section 20.055(5), Florida Statutes, and to incorporate in all subcontracts the obligation to comply with Section 20.055(5), Florida Statutes.

j. **Law, Forum, and Venue.** This Agreement shall be governed by and construed in accordance with the laws of the State of Florida. In the event of a conflict between any portion of the contract and Florida law, the laws of Florida shall prevail. The Agency agrees to waive forum and venue and that the Department shall determine the forum and venue in which any dispute under this Agreement is decided.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year written above.

A. Project Description (description of Agency's project to provide context, description of project components funded via this Agreement (if not the entire project)): Monroe County Transit will be working with a transit provider to provide on-demand service for the residents of Stock Island. This project will help connect Stock Island residents with existing public transit opportunities established by Key West Transit within Stock Island and Key West to safely and effectively travel. It will also complement the Key West Transit system in an effort to reduce the overall number of vehicular trips on US1.

B. Project Location (limits, city, county, map): Monroe County Board of County Commissioners/Key West, FL/Monroe

C. Project Scope (allowable costs: describe project components, improvement type/service type, approximate timeline, project schedule, project size): "Service Development Projects specifically include projects involving the use of new technologies, services, routes, or vehicle frequencies; the purchase of special transportation services, and other such techniques for increasing service to the riding public as are applicable to specific localities and transit user groups. Projects involving the application of new technologies or methods for improving operations, maintenance, and marketing in public transit systems can be funded through the Service Development program. Eligible capital costs are any costs that would be defined as capital costs by the Federal Transit Administration. Examples would include, but not be limited to: the acquisition of buses for fleet and service expansions; transfer facilities; intermodal terminals and park and ride facilities; and passenger amenities, such as passenger shelters and bus stop signs. Eligible net operating costs are all operating costs of a project; less any federal funds, fares, or other sources of income to the project."

D. Deliverable(s): Monroe County Transit will be working with a transit provider to provide on-demand service for the residents of Stock Island.

The project scope identifies the ultimate project deliverables. Deliverables for requisition, payment and invoice purposes will be the incremental progress made toward completion of project scope elements. Supporting documentation will be quantifiable, measurable, and verifiable, to allow for a determination of the amount of incremental progress that has been made, and provide evidence that the payment requested is commensurate with the accomplished incremental progress and costs incurred by the Agency.

E. Unallowable Costs (including but not limited to): N/A

F. Transit Operating Grant Requirements (Transit Only):

Transit Operating Grants billed as an operational subsidy will require an expenditure detail report from the Agency that matches the invoice period. The expenditure detail, along with the progress report, will be the required deliverables for Transit Operating Grants. Operating grants may be issued for a term not to exceed three years from execution. The original grant agreement will include funding for year one. Funding for years two and three will be added by amendment as long as the grantee has submitted all invoices on schedule and the project deliverables for the year have been met.

Contract Payment Requirements
Florida Department of Financial Services, Reference Guide for State Expenditures
Cost Reimbursement Contracts

Invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation shall be submitted for each amount for which reimbursement is being claimed indicating that the item has been paid. Documentation for each amount for which reimbursement is being claimed must indicate that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved agreement budget may be reimbursed. These expenditures must be allowable (pursuant to law) and directly related to the services being provided.

Listed below are types and examples of supporting documentation for cost reimbursement agreements:

(1) Salaries: A payroll register or similar documentation should be submitted. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.

(2) Fringe Benefits: Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown.

Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.

(3) Travel: Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, which includes submission of the claim on the approved State travel voucher or electronic means.

(4) Other direct costs: Reimbursement will be made based on paid invoices/receipts. If nonexpendable property is purchased using State funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with Department of Management Services Rule 60A-1.017, Florida Administrative Code, regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in Section 273.02, Florida Statutes, for subsequent transfer to the State.

(5) In-house charges: Charges which may be of an internal nature (e.g., postage, copies, etc.) may be reimbursed on a usage log which shows the units times the rate being charged. The rates must be reasonable.

(6) Indirect costs: If the contract specifies that indirect costs will be paid based on a specified rate, then the calculation should be shown.

Contracts between state agencies, and/or contracts between universities may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports.

PRIVILEGES AND IMMUNITIES All of the privileges and immunities from liability, exemptions from laws, ordinances, and rules and pensions and relief, disability, workers' compensation, and other benefits which apply to the activity of officers, agents, or employees of any public agents or employees of the County, when performing their respective functions under this Agreement within the territorial limits of the County shall apply to the same degree and extent to the performance of such functions and duties of such officers, agents, volunteers, or employees outside the territorial limits of the County.

31. LEGAL OBLIGATIONS AND RESPONSIBILITIES: Non-Delegation of Constitutional or Statutory Duties. This Agreement is not intended to, nor shall it be construed as, relieving any

participating entity from any obligation or responsibility imposed upon the entity by law except to the extent of actual and timely performance thereof by any participating entity, in which case the performance may be offered in satisfaction of the obligation or responsibility. Further, this Agreement is not intended to, nor shall it be construed as, authorizing the delegation of the constitutional or statutory duties of the County, except to the extent permitted by the Florida constitution, state statute, and case law.

32. 38. UNCONTROLLABLE CIRCUMSTANCES Any delay or failure of either Party to perform its obligations under this Agreement will be excused to the extent that the delay or failure was caused directly by an event beyond such Party's control, without such Party's fault or negligence and that by its nature could not have been foreseen by such Party or, if it could have been foreseen, was unavoidable: (a) acts of God; (b) flood, fire, earthquake, explosion, tropical storm, hurricane or other declared emergency in the geographic area of the Scope of Services; (c) war, invasion, hostilities (whether war is declared or not), terrorist threats or acts, riot, or other civil unrest in the geographic area of the Scope of Services; (d) government order or law in the geographic area of the Scope of Services; (e) actions, embargoes, or blockades in effect on or after the date of this Agreement; (f) action by any governmental authority prohibiting work in the geographic area of the Scope of Services;(each, a "Uncontrollable Circumstance"). Contractor shall use all diligent efforts to end the Uncontrollable Circumstance, ensure that the effects of any Uncontrollable Circumstance are minimized and resume full performance under this Agreement. The County will not pay additional cost as a result of an Uncontrollable Circumstance. Parties:

This Agreement (the "Agreement") is effective as of May 1, 2025 (the "Effective Date"), between **3406 N Roosevelt Blvd Corporation d/b/a Visit Florida Keys** ("Client"), located in the state of Florida, and Ripe, Inc. ("Ripe"), a corporation based in Utah. The Client and Ripe are collectively referred to as the "Parties."

Purpose:

The Client manages the website fla-keys.com.com ("Client Website") and has engaged Ripe, which specializes in lodging booking software, to provide booking services for visitors to the Client Website.

Now, therefore, in consideration of the mutual agreements and promises contained herein, the Parties hereto agree as follows:

Definitions:

A. **Ripe ITA Platform** – The Ripe In-market Travel Agency white-label reservation platform.
B. **Affiliate Booking Platform** – A custom event micro-site powered by the Ripe ITA Booking Platform.
C. **Lodging Supplier** – Any hotel, vacation rental, or accommodation provider listed in the system.
D. **Initial Term –** The term of the contract after signatures from both parties have been executed.
E. **Delivery Date –** The date on which Ripe provides the Client with the customized ITA booking platform.

1. **TERM:**
    a. **Initial Term:** This Agreement's Initial Term shall be from May 1, 2025, to September 30, 2025**.** At this point, the Client may submit new lodging supplier listings to be added to the existing ITA booking platform. Estimated time to add new supplier listings is 20 per week.

b. **Renewal:** This Agreement will renew for successive one-year terms on October 1, 2025, unless either Party provides written notice of non-renewal at least 30 days before the end of the current term.

c. **Termination for Convenience:** After the Initial Term, the Client may terminate this Agreement for any reason by providing at least 60 days' written notice to Ripe.

d. **Termination for Breach:** Either Party may terminate this Agreement if the other Party materially breaches any provision of this Agreement and fails to cure such breach within 30 days after receiving written notice specifying the breach. Termination shall be effective on the date specified in the written notice provided by the terminating Party.

2. **FEES:**
   a. **One-Time Setup Fees:**
      i. **Ripe ITA Platform Build:** Already completed. There will be no added cost to migrate to the updated Ripe ITA platform.
      ii. **Lodging Supplier Listings Setup Fees:** A one-time fee of **$50** per supplier will be charged for each lodging supplier listing, up to a maximum of **200 listings**. This covers the creation of the full lodging supplier listing, connection to distribution partners, website integration, and supplier onboarding. This fee is invoiced on the Effective Date and due within 30 days upon receipt of a proper invoice in accordance with the Local Government Prompt Payment Act, F.S. 218.70.

   b. **Monthly Service Fee: $2000** per month for the current 74 lodging suppliers listings, beginning May 1, 2025. The monthly service fee will increase by **$10** per property per month as new lodging suppliers are added. This will only apply to the first 100 new lodging supplier listings added. The increase of $10 per property per month will only apply to properties added from 75-100. There will be no additional increase in the monthly service fee for any new properties added, from 101 to 200 in total. 3. LODGING SUPPLIER COMMISSIONS: (Supplier Growth)

a. **Client Booking Engine Commission: 0%.** By default, and as a core principle, reservations made directly through the Client's booking engine will be processed with a 0% commission to lodging suppliers. However, provided the Client approves, Ripe may source inventory from a third-party commissionable channel if a lodging supplier is only available through such a channel due to connectivity limitations or if that channel offers a lower rate than direct supplier connections. Lodging suppliers remain responsible for any fees imposed by their inventory and rate distribution systems.

b. **Affiliate Engines Commission: 0%:** Reservations made through an Affiliate engine—custom event micro-sites powered by the Client Booking Engine—will be processed with a 0% commission to lodging suppliers unless the Client opts for a commissionable structure to support the affiliate or specific needs of the instance. With Client approval, Ripe may source inventory from a third-party commissionable channel if a lodging supplier is only available through such a channel due to connectivity limitations or if that channel offers a lower rate than direct supplier connections. Lodging suppliers remain responsible for any fees imposed by their inventory and rate distribution systems.

4. PAYMENT & REVENUE DISBURSEMENT:

a. **Payment Methods:** Payments may be made via certified check, ACH, or bank wire. Credit card payments will incur a 3% processing fee.

b. **Late Payment:** If the Client fails to pay any amount due by the invoice due date, a late payment fee of 2% per month will accrue on the overdue balance from the due date until full payment is received, or as allowed under the Local Government Prompt Payment Act, whichever is lower.

c. **Suspension Policy:** If Client payment is not received within 90 days of the due date, Ripe reserves the right to suspend the Client's access to the services.

d. **Revenue Sharing of Commissions, if applicable: (Supplier Growth)** If the Client opts for a commissionable structure to support an affiliate or specific needs of the instance, bookings made on that Affiliate engine will be subject to a distribution commission charged to lodging suppliers. All revenue shares will be paid quarterly, within 45 days after the close of each

quarter, based on commissions collected during the prior period.

Ripe will retain **50%** of collected affiliate commissions to cover essential services, including accounts receivable and payable management, guest servicing, and operational support.

e. **Reservation Fee:** To support platform sustainability and cover potential transaction costs associated with third-party connectivity and service enhancements, Ripe reserves the right to apply a nominal reservation fee to travelers when applicable. Any such fees will be structured to ensure a seamless booking experience.

5. RIPE OBLIGATIONS:

a. **Booking Engine:** Ripe will design, code, and host a white-label booking engine on the Client's subdomain, ensuring PCI and GDPR compliance.

b. **Lodging Listings:** Ripe will provide live, bookable inventory. Non-supported channels may be represented by a referral instance, subject to Client approval.

- Ripe Central Reservation System Extranet: Commissions, if applicable, will be applied as outlined in Section 3. No additional supplier fees are required to use this service.
- Referral Listings - These listings will link to the supplier's booking site for the completion of the transaction and will only be used if the ability to connect through the methods mentioned above is not possible due to limitations on Ripes' or the lodging suppliers' end.

6. ONGOING SERVICES PROVIDED BY RIPE:

a. **Client Success Manager (CSM):** Ripe will assign a dedicated Client Success Manager to advise through onboarding, conduct regular success meetings, and review performance.

Attachment A- Canadian Public Relations Proposal 2025

Toronto-based LMA Communications, will continue efforts to strengthen market awareness of the Florida Keys & Key West's sustainability and uniqueness while highlighting the inclusivity and openness.

Domestic research showed that 2024 is shaping up to be the year of intentional travel, where Canadians are expected to seek meaningful experiences that align with their values and aspirations. Of note, recent surveys show that the top three travel preferences Canadians are interested in are diversity (combining urban and culture to satisfy various exploration interest), nature and food explorations. Travel agent research supports this as bookings are picking up for destinations offering a unique voice, culture, and experiences.

With Canadians having to deal with cold and winter temperatures for half of the year, warmer destinations continue to be in strong demand, particularly Florida having the largest Canadian visitations and the most accessible flights.

LMA's focus will be key feeder markets that represent the most populated Canadian regions (over 60 percent), namely the Greater Toronto Area, Ontario; Montreal, Quebec; and the East Coast market (with increasing flights to the U.S.). The agency's strategies include showcasing what makes the Florida Keys stand out from the rest of Florida for Canadian consumers who seek unique travel experiences.

Proactive media outreach with traditional and new journalists and outlets will take place throughout the year through a frequent course of news release updates, media outreach, press trips invitations and marketplace meetings. However, many of the initiatives and awareness push will happen in advance of the winter booking and travel season by way of a concentrated specialty audience radio remote campaign, a travel and culinary magazine takeover, social media experiential promotions and media missions.

Media Market Overview

The Canadian media landscape continues to find a balance between traditional media and digital outlets, although there is a constant increase in influencers, travel web sites and radio podcasts.

Broadcast television and radio continues to be held by the top stations such as Global, CHCH, CTV and CBC, which allow their morning shows news programs to have a more dedicated viewership and reach. Of particular interest is the fact that Canada is recognized for having a high social media penetration rate compared to the rest of the world at 91.3 percent.

Also recognized as one of the most multi-cultural countries in the world, Canada remains focused on welcoming new permanent residents to the country at a rate of roughly 500,000 annually from different cultural backgrounds to support required sustainable skills. This has allowed for growth of ethnic language specialty outlets and will allow the agency to highlight unique cultural aspects of the Florida Keys that will appeal to these different communities in their mother tongue.

As a further result of the growth of new residents is the shift in niche subject publications as they have a dedicated community that seek like-minded groups such as culinary, environmental, and gender orientation.

Travel trade outlets also serve as reliable sources for the thousands of registered Canadian travel agents and tour operators that cater to locals, as they look to find the latest news about different destinations to recommend.

Major Canadian Public Relations Tactics/Initiatives

The following are new media opportunities that we can look at executing from May 1, 2025 to September 30, 2025.

Television Show Editorial Spotlight and Viewer Contest Integration (Ontario) Estimate: $26,000 USD

To attract a broader scale of viewers throughout the Greater Toronto Area, LMA will organize a proactive campaign with an Ontario television show broadcast. The campaign and accompanying contest will be used to raise awareness of the inclusiveness and distinctiveness of the Florida Keys.

Following an arranged visit to pre-record interviews, the campaign will include morning show segments airing over a one-week period during the fall with a viewer contest to win a free visit to the Florida Keys (flights and hotel only for four nights). The benefit of hosting the segments and contest within one week is to create an urgency to tune in and enter.

To differentiate this campaign, creative segments with the weatherman will further promote the Florida Keys by having iconic background images while delivering the local weather and then highlighting the warm temperature in the Florida Keys. The weather additions will take place the same time as the remote airings to give the feeling of a morning show takeover.

The contest will be housed as a landing page on the morning show's web site and will feature introductory text and images from the Florida Keys, the contest details, and rules. Additional discussions will be held to determine the placement of a banner on the home page to easily direct visitors to the contest page.

Additional coverage will be given in the form of social media video posts for the station's followers across Facebook, Twitter, and Instagram channels, with a call to action and tagging the corresponding Florida Keys social accounts.

All production, copywriting and posting will be handled by the morning show team, with itineraries and interview details provided by the Visit Florida Keys team.

Group Media Press Excursion (Canadawide) Estimate: $19,000 USD

Throughout the year, LMA will pitch and work with freelancers and writers that have a confirmed assignments to visit the Florida Keys.

The agency will select between 4 to six media members to take part in an annual Escape to the Keys Canadian group press trip, which will be considered for early 2025. The themed group trip will combine traditional print and online travel outlets from across Canada.

Finally, the agency will offer Canadian media for any available spots on future U.S. group press trips, with recommendations to be made according to the theme.

Influencer Generated Keys Social Sharing Experiences (Canadawide) Estimate: $10,000 USD

To raise social coverage within the Canadian market, the agency will select and sponsor key influencers for a personalized visit to share their Florida Keys experience through their lens in the form of video and/or image social posts. By using experienced influencers, this allows the Florida Keys to appeal to a digital savvy audience while also increasing the number of Canadian followers.

The expectation from the selected influencers will be to supply a combination of blog and social posts across a variety of channels over a specific period to highlight unique experiences. Where possible, posts will tag the Florida Keys social media accounts and link to the fla-keys.com or other designated web site.

The agency will recommend influencers from across Canada that have a strong engagement with followers and are willing to offer multi-channel coverage, such as Davey and Skylar with @DaveyandSky or Oksana and Max with @DrinkTeaTravel.

As the influencers are confirmed, a timeline schedule will be organized for all the posts so that there will be continuous awareness spread out. To further elevate the coverage and reach, the Florida Keys' social channel moderators can share and engage with the influencer-generated content as it is posted.

Further Individual Media Press Visit Support (Canadawide) Estimate: $6,000 USD

Understanding that certain media may be more interested in individual visits given editorial opportunities that arise throughout the year, the agency will support those freelancers and writers that have a confirmed assignment to feature the Florida Keys & Key West.

Depending on the story topic, customized itineraries will be organized in conjunction with VFK. The agency is aware that factors such as high-season visitation and annual events that draw large numbers of overnight visitors may limit availability.

Beyond individual press trips, the agency will also seek to include select Canadian media members for any open spots that may exist within future themed U.S. group press trips. Recommendations will be made according to the itinerary and theme.

Travel Media Association Media Marketplace Participation (Canadawide) Estimate: $3,000 USD

The agency will continue to represent the Florida Keys & Key West within various travel associations to ensure top of mind awareness and discover new editorial opportunities.

The following make up the four travel-focused associations within Canada: The Travel Media Association of Canada (TMAC), Canada's premiere and longest running association for travel media and industry experts; the Toronto Blogger Collective, a community of influencers focused out of Ontario; the Canadian Chapter of the Society of American Travel Writers; and the Ontario chapter of the global Toronto Travel Massive influencer group.

From time-to-time, each association will host networking events which the agency will actively participate in to connect with media and influencers.

Visit Florida Canadian Partner Media Program (Toronto) Estimate: $4,000 USD

Visit Florida continues to host in-market awareness events and LMA recommends partnering in this local media initiative as further details are tentative for September 2025. The Visit Florida events tend to be limited to select destination partners and will be based on the number of entrants.

The agency will share the latest developments and highlight any relevant Canadian connections to have a better chance of being selected as a participating partner.

East Coast Canada Media Awareness Missions (Nova Scotia) Estimate: $4,000 USD

Further to our November Toronto and Montreal Media Missions that were completed in late 2024, the agency will continue to host the successful media missions to meet with freelancers and outlets. The missions can take place in mid-2025.

The markets that the agency will focus on include the Halifax, Nova Scotia, which is the East Coast Canada airport hub for international connecting and represents over 7.5 million Canadians.

The media missions and one-on-one interviews will highlight what is new and upcoming while confirming future editorial features and press visit interest.

To help personalize the meeting and thank the media for their time, a Florida Keys & Key West giveaway bag containing promotional items and the latest newsletter will be distributed.

Further Editorial Pitching and News Releases Distribution (Canadawide)

To continue building media relationships, the agency will distribute Florida Keys related news releases and pitch editorial topics. Over the last year, several features were arranged by maintaining frequent media contact and offering story ideas.

Aside from the regular news releases, a seasonal What's New eBlast will also be shared, rounding up newsworthy developments from each of the Keys' five districts. For a particular news release that would require a wider media reach, a newswire distribution will be recommended.

To enhance the news release distributions, the agency will leverage the release topics to pitch exclusive interviews to media contacts. Where possible, imagery and video footage would be included.

Crisis Communications Support (Canadawide)

Should any situations arise, LMA will assist with executing local communications support to effectively manage any negative impact and share breaking news to mitigate the situation.

As part of the process, the agency will maintain constant communication with VFK to determine the best course of action through a phased plan that incorporates media alerts and interviews with key spokespeople to update media on the recovery process.

Industry Monitoring and Emerging Opportunities

As the Canadian market affiliate agency, LMA will provide any updates related to local travel trends, market reports and emerging partnership prospects.

As additional promotional opportunities arise, the agency will share the ideas with VFK and the Sales and Marketing team individually to confirm further interest.

WHEREAS, the Fishing Advisory Committee (FAC) has recommended to the Monroe County Tourist Development Council (TDC), which has endorsed the recommendation, that certain monies be allocated for promotion of an event, which has as one of its main purposes the attraction of tourists, by Event Contractor; and

WHEREAS, Event Contractor has represented and agreed that it desires and is able to conduct the event; and

WHEREAS, the FAC recommends allocation of funds for the **Marathon Premier Sailfish Tournament** (Event) in **April 2025**.

NOW, THEREFORE; in consideration of the mutual promises contained herein, the parties agree as follows:

1. Amount: County shall pay a sum not to exceed **$30,000** (Thirty Thousand Dollars – TDC District **III** Funding Allocation) effective **October 1, 2024** for promotion and related expenditures, as described in the event budget, attached hereto as Exhibit D, for production of the Marathon Premier Sailfish Tournament in April 2025. **Of this amount, at least 30% or $9,000 of the total allocated funds must be placed in advertising and production cost line item and be attributable to out of county placement. No amendments shall be made to the Budget as set forth in Exhibit D after approval of contract.** Payment will be made only after Event Contractor submits invoices and supporting documentation, in accordance with generally accepted accounting principles, acceptable to the County Clerk. The general non-allocated section of an event budget shall not exceed 15% of the total budget and may be utilized for unforeseen permissible expenditures and for those budget lines that may require additional funds. Monroe County's performance and obligation to pay under this agreement is contingent upon an annual appropriation by the Board of County Commissioners.

In a situation where the Event has to be postponed due to a named storm or hurricane for which the County orders a visitor and/or resident evacuation order, the Event Contractor shall have thirty (30) days to provide to the TDC administrative office notice of a new date for the Event and shall produce the re-scheduled Event within ninety (90) days of the original date of Event. The rescheduled date shall be authorized, in writing, by the TDC Director. If the Event Contractor is unable to reschedule the Event, the Event Contractor shall provide proof of the cancellation being caused by a named storm or hurricane, and a written statement as to why the Event cannot be rescheduled.

If the Event is cancelled or rescheduled due to a named storm or hurricane for which the County orders a visitor and/or resident evacuation order, the County shall pay for promotion or related expenditures of any combination of invoices for the original event date, and/or the rescheduled date up to the amount, but not to exceed the amount of funds allocated as described in the budget, attached hereto as Exhibit D.

2. Duties of Event Contractor: Event Contractor shall provide promotion and related services as described in the Schedule of Events, Exhibit C, attached hereto.

3. AGENDA ITEM WORDING: Approval of a Resolution to authorize the payment of expenses and invoices related to trade shows as set forth in the approved 2024-2025 Marketing Plan and approval to provide additional advance registration, booth related expenses and travel related expenses for trade shows for fiscal year 2025 to be paid from TDC funds in fiscal year 2024.

ITEM BACKGROUND:
The Monroe County Board of County Commissioners approves the Monroe County Tourist Development Council (TDC) Marketing Plan each year, which list various Trade Shows that are attended during the current fiscal year by the TDC Sales Team as part of their sales, promotional and marketing efforts. The TDC Sales Team also identifies trade shows that will occur in the next fiscal year and seeks approval each year from the Board to pay for advance registration, booth related expenses and travel for those trade shows which are paid from the current fiscal year. The TDC often needs to quickly register and pay for registration and booth related cost, which are often not known in advance whereby preauthorization for the request to purchase cannot be obtained.

The Resolution authorizes the payment of trade show related expenses, waives the purchasing policy requirement for preauthorization when there is insufficient time, and authorizes the payment of expenses for trade shows occurring in fiscal year 2026 to be paid from fiscal year 2025 TDC funds.

AGENDA ITEM WORDING: Approval of Amendment No. 26 to State Lands Management Lease No. 4549 between Monroe County and the State of Florida for the Management of Certain State-owned Conservation Lands.

ITEM BACKGROUND:
In 2005, at Monroe County's request, the State of Florida ("State") expanded the Florida Forever land acquisition project to include most Tier 1 lands. In 2007, the County entered into a land management lease (Lease No. 4549) with the State for the initial group of parcels purchased by the State pursuant to the boundary amendment. Since 2007, the County has approved Amendment Nos. 1 - 25 to the Lease to include additional parcels purchased by the State. The proposed amendment (Amendment No. 26) adds additional State-owned parcels to the existing management lease. Funding for any potential land management activities (invasive exotic plant removal, trash cleanup, etc.) will come from State exotic plant removal funding and County permitting fees paid into the Environmental Land Management and Restoration Fund.

LESSEE shall provide LESSOR with an opportunity to participate in all phases of preparing and developing the Management Plan for the leased premises. The Management Plan shall be submitted to LESSOR in draft form for review and comments within ten months of the effective date of this lease. LESSEE shall give LESSOR reasonable notice of the application for and receipt of any state, federal or local permits as well as any public hearings or meetings relating to the development or use of the leased premises. LESSEE shall not proceed with development of said leased premises including, but not limited to, funding, permit applications, design or building contracts until the Management Plan required herein has been submitted and approved. Further, no trees, other than non-native species, shall be removed or major land alterations done without the prior written approval of LESSOR. Removable equipment and removable improvements placed on the leased premises by LESSEE which do not become a permanent part of the leased premises will remain the property of LESSEE and may be removed by LESSEE before or upon termination of this lease.

13. INSURANCE REQUIREMENTS: During the term of this lease LESSEE shall procure and maintain policies of fire, extended risk, and liability insurance coverage. The extended risk and fire insurance coverage shall be in an amount equal to the full insurable replacement value of any improvements or fixtures located on the leased premises. The liability insurance coverage shall be in amounts not less than $100,000 per person and $200,000 per incident or occurrence for personal injury, death, and property damage on the leased premises. Such policies of insurance shall name LESSOR, the State of Florida

LESSEE shall submit written evidence of having procured all insurance policies required herein prior to the effective date of this lease and shall submit annually thereafter, written evidence of maintaining such insurance to the Bureau of Public Land Administration, Division of State Lands, State of Florida Department of Environmental Protection, Mail Station 130, 3800 Commonwealth Boulevard, Tallahassee, Florida 32399-3000. 15. PAYMENT OF TAXES AND ASSESSMENTS: LESSEE shall assume full responsibility for and shall pay all taxes, assessments, liens or other similar liabilities that accrue to the leased premises or to the improvements thereon arising after this lease commences including any and all ad valorem taxes and drainage and special assessments or personal property taxes of every kind and all construction or materialman's liens which may be hereafter lawfully assessed and levied against the leased premises subsequent to the effective date of this lease. In no event shall the LESSEE be held liable for such liabilities which arose prior to the effective date of this lease.

16. NO WAIVER OF BREACH: The failure of LESSOR to insist in any one or more instances upon strict performance of any one or more of the covenants, terms and conditions of this lease shall not be construed as a waiver of such covenants, terms or conditions, but the same shall continue in full force and effect, and no waiver of LESSOR of any of the provisions hereof shall in any event be deemed to have been made unless the waiver is set forth in writing, signed by LESSOR.

17. TIME: Time is expressly declared to be of the essence of this lease.

18. NON-DISCRIMINATION: LESSEE shall not discriminate against any individual because of that individual's race, color, religion, sex, national origin, age, handicap, or marital status with respect to any activity occurring within the leased premises or upon lands adjacent to and used as an adjunct of the leased premises.

19. UTILITY FEES: LESSEE shall be responsible for the payment of all charges for the furnishing of gas, electricity, water and other public utilities to the leased premises and for having the utilities turned off when the leased premises are surrendered.

20. MINERAL RIGHTS: This lease does not cover petroleum or petroleum products or minerals and does not give the right to LESSEE to drill for or develop the same.

21. RIGHT OF AUDIT: LESSEE shall make available to LESSOR all financial and other records relating to this lease, and LESSOR shall have the right to audit such records at any reasonable time during the term of this lease. This right shall be continuous until this lease expires or is terminated. This lease may be terminated by LESSOR should LESSEE fail to allow public access to all documents, papers, letters or other materials made or received in conjunction with this lease, pursuant to the provisions of Chapter 119, Florida Statutes.

22. CONDITION OF PREMISES: LESSOR assumes no liability or obligation to LESSEE with reference to the conditions of the leased premises. The leased premises herein are leased by LESSOR to LESSEE in an "as is" condition, with LESSOR assuming no responsibility for the care, repair, maintenance or improvement of the leased premises for the benefit of LESSEE.

23. COMPLIANCE WITH LAWS: LESSEE agrees that this lease is contingent upon and subject to LESSEE obtaining all applicable permits and complying with all applicable permits, regulations, ordinances, rules, and laws of the State of Florida or the United States or of any political subdivision or agency of either.

24. NOTICE: All notices given under this lease shall be in writing and shall be served by certified mail including, but not limited to, notice of any violation served pursuant to Section 253.04, Florida Statutes, to the last address of the party to whom notice is to be given, as designated by such party in writing. LESSOR and LESSEE hereby designate their address as follows:

LESSOR: State of Florida Department of Environmental Protection

Bureau of Public Land Administration, M. S. 130
3800 Commonwealth Boulevard,
Tallahassee, Florida 32399-3000

LESSEE: Monroe County Growth Management Director
2798 Overseas Highway, Suite 400
Marathon, Florida 33050

Monroe County Administrator
1100 Simonton Street
Key West, Florida 33040

25. BREACH OF COVENANTS, TERMS, OR CONDITIONS: Should LESSEE breach any of the covenants, terms, or conditions of this lease, LESSOR shall give written notice to LESSEE to remedy such breach within sixty days of such notice. In the event LESSEE fails to remedy the breach to the satisfaction of LESSOR within sixty days of receipt of written notice, LESSOR may either terminate this lease and recover from LESSEE all damages LESSOR may incur by reason of the breach including, but not limited to, the cost of recovering the leased premises and attorneys' fees or maintain this lease in full force and effect and exercise all rights and remedies herein conferred upon LESSOR.

26. DAMAGE TO THE PREMISES: (a) LESSEE shall not do, or suffer to be done, in, on or upon the leased premises or as affecting said leased premises or adjacent properties, any act which may result in damage or depreciation of value to the leased premises or adjacent properties, or any part thereof. (b) LESSEE shall not generate, store, produce, place, treat, release or discharge

any contaminants, pollutants, or pollution, including, but not limited to, hazardous or toxic substances, chemicals or other agents on, into, or from the leased premises or any adjacent lands or waters in any manner not permitted by law. For the purposes of this lease, "hazardous substances" shall mean and include those elements or compounds defined in 42 USC Section 9601 or which are contained in the list of hazardous substances adopted by the United States Environmental Protection Agency (EPA) and the list of toxic pollutants designated by the United States Congress or the EPA or defined by any other federal, state or local statute, law, ordinance, code, rule, regulation, order or decree regulating, relating to, or imposing liability or standards of conduct concerning any hazardous, toxic or dangerous waste, substance, material, pollutant or contaminant. "Pollutants" and "pollution" shall mean those products or substances defined in Chapters 376 and 403, Florida Statutes, and the rules promulgated thereunder, all as amended or updated from time to time. In the event of LESSEE's failure to comply with this paragraph, LESSEE shall, at its sole cost and expense, promptly commence and diligently pursue any legally required closure, investigation, assessment, cleanup, decontamination, remediation, restoration and monitoring of (1) the leased premises, and (2) all off-site ground and surface waters and lands affected by LESSEE's such failure to comply, as may be necessary to bring the leased premises and affected off-site waters and lands into full compliance with all applicable federal, state or local statutes, laws, ordinances, codes, rules, regulations, orders and decrees, and to restore the damaged property to the condition existing immediately prior to the occurrence which caused the damage. LESSEE'S obligations set forth in this paragraph shall survive the termination or expiration of this lease. This paragraph shall not be construed as a limitation upon LESSEE'S obligations as set forth in paragraph 14 of this lease, nor upon any other obligations or responsibilities of LESSEE as set forth herein. Nothing herein shall relieve LESSEE of any responsibility or liability prescribed by law for fines, penalties and damages levied by governmental agencies, and the cost of cleaning up any contamination caused directly or indirectly by LESSEE'S activities or facilities. Upon discovery of a release of a hazardous substance or pollutant, or any other

violation of local, state or federal law, ordinance, code, rule, regulation, order or decree relating to the generation, storage, production, placement, treatment, release or discharge of any contaminant, LESSEE shall report such violation to all applicable governmental agencies having jurisdiction, and to LESSOR, all within the reporting periods of the applicable governmental agencies. This paragraph shall not be deemed to apply to any conditions existing prior to the effective date of this lease.

27. ENVIRONMENTAL AUDIT: At LESSOR'S discretion, LESSEE shall provide LESSOR with a current Phase I environmental site assessment conducted in accordance with the State of Florida Department of Environmental Protection, Division of State Lands' standards prior to termination of this lease, and if necessary a Phase II environmental site assessment.

28. SURRENDER OF PREMISES: Upon termination or expiration of this lease, LESSEE shall surrender the leased premises to LESSOR. In the event no further use of the leased premises or any part thereof is needed, LESSEE shall give written notification to the Bureau of Public Land Administration, Division of State Lands, State of Florida Department of Environmental Protection, Mail Station 130, 3800 Commonwealth Boulevard, Tallahassee, Florida 32399-3000, at least six months prior to the release of any or all of the leased premises. Notification shall include a legal description, this lease number, and an explanation of the release. The release shall only be valid if approved by LESSOR through the execution of a release of lease instrument with the same formality as this lease. Upon release of all or any part of the leased premises or upon termination or expiration of this lease, all permanent/capital improvements, including both physical structures and modifications to the leased premises, shall become the property of LESSOR, unless LESSOR gives written notice to LESSEE to remove any or all such improvements at the expense of LESSEE. The decision to retain any improvements upon termination of this lease shall be at LESSOR'S sole discretion. Prior to surrender of all or any part of the leased premises a representative of the Division of State Lands, State of Florida Department of Environmental Protection, shall perform an on-site inspection and the keys to any building on the leased premises shall be turned over to the division.

29. BEST MANAGEMENT PRACTICES: LESSEE shall implement applicable Best Management Practices for all activities conducted under this lease in compliance with paragraph 18-2.018(2)(h), Florida Administrative Code, which have been selected, developed, or approved by LESSOR, LESSEE or other land managing agencies for the protection and enhancement of the leased premises.

30. PUBLIC LANDS ARTHROPOD CONTROL PLAN: LESSEE shall identify and subsequently designate to the respective arthropod control district or districts within one year of the effective date of this lease all of the environmentally sensitive and biologically highly productive lands contained within the leased premises, in accordance with Section 388.4111, Florida Statutes and Chapter 5E-13, Florida Administrative Code, for the purpose of obtaining a public lands arthropod control plan for such lands.

31. PROHIBITIONS AGAINST LIENS OR OTHER ENCUMBRANCES: Fee title to the leased premises is held by LESSOR. LESSEE shall not do or permit anything to be done which purports to create a lien or encumbrance of any nature against the real property contained in the leased premises including, but not limited to, mortgages or construction liens against the leased premises or against any interest of LESSOR therein.

32. PARTIAL INVALIDITY: If any term, covenant, condition or provision of this lease shall be ruled by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions shall remain in full force and effect and shall in no way be affected, impaired or invalidated.

33. ARCHAEOLOGICAL AND HISTORIC SITES: Execution of this lease in no way affects any of the parties' obligations pursuant to Chapter 267, Florida Statutes. The collection of artifacts or the disturbance of archaeological and historic sites on state-owned lands is prohibited unless prior authorization has been obtained from the State of Florida Department of State, Division of Historical Resources. The Management Plan prepared pursuant to Chapter 18-2 Florida Administrative Code, shall be reviewed by the Division of Historical Resources to insure that adequate measures have been planned to locate, identify, protect and preserve the archaeological and historic sites and properties on the leased premises.

34. SOVEREIGNTY SUBMERGED LANDS: This lease does not authorize the use of

any lands located waterward of the mean or ordinary high water line of any lake, river, stream, creek, bay, estuary, or other water body or the waters or the air space thereabove.

35. ENTIRE UNDERSTANDING: This lease sets forth the entire understanding between the parties and shall only be amended with the prior written approval of LESSOR.

36. MAINTENANCE OF IMPROVEMENTS: LESSEE shall maintain the real property contained within the leased premises and the improvements located thereon, in a state of good condition, working order and repair including, but not limited to, keeping the leased premises free of trash or litter, meeting all building and safety codes for the location situated, maintaining the planned improvements as set forth in the approved Management Plan and maintaining any and all existing roads, canals, ditches, culverts, risers and the like in as good condition as the same may be on the effective date of this lease, reasonable wear and tear excepted; provided, however, that any removal, closure, etc, of the above improvements shall be acceptable when the proposed activity is consistent with the goals of conservation, protection, enhancement, or safety of the natural and historical resources within the leased premises and with the approved Management Plan.

37 GOVERNING LAW: This lease shall be governed by and interpreted according to the laws of the State of Florida.

38. SIGNS: LESSEE shall ensure that the area is identified as being publicly owned and operated as a public facility in all signs, literature and advertising. If federal grants or funds are used by LESSEE for any project on the leased premises LESSEE shall erect signs identifying the leased premises as a federally assisted project.

39. SECTION CAPTIONS: Articles, subsections and other captions contained in this lease are for reference purposes only and are in no way intended to describe, interpret, define or limit the scope, extent or intent of this lease or any provisions thereof.

40. ADMINISTRATIVE FEE: LESSEE shall pay TRUSTEES an annual administrative fee of $300 pursuant to subsection 18-2.021(8), Florida Administrative Code. The initial annual administrative fee shall be payable within thirty days from

the date of execution of this lease agreement and shall be prorated based on the number of months or fraction thereof remaining in the fiscal year of execution. For purposes of this lease agreement, the fiscal year shall be the period extending from July 1 to June 30. Each annual payment thereafter shall be due and payable on July 1 of each subsequent year.

IN WITNESS WHEREOF, the parties have caused this lease to be executed on the day and year first above written.

Office of Monroe County Land Authority

Executive Director

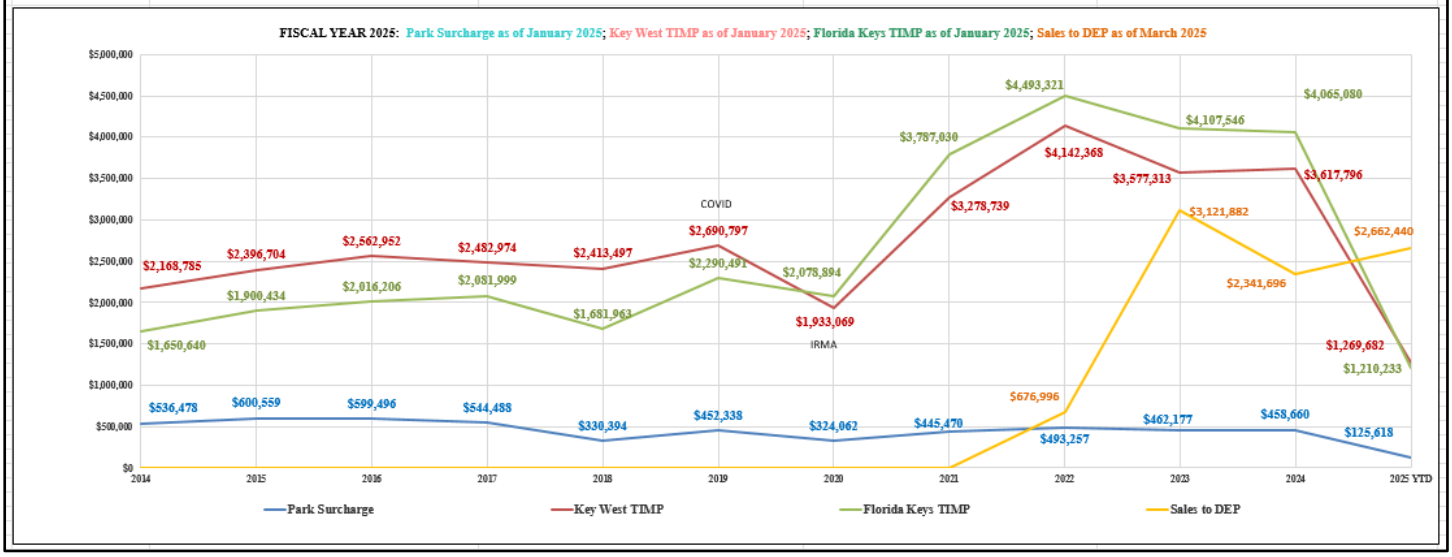
DATE: April 16, 2025

SUBJECT: Monroe County Land Authority & County Monthly Acquisition/Disposition Report ending – March 31, 2025*
*Certain programs may not be reporting as of this date because of the way their revenues are collected

---

MONTHLY ACTIVITY REPORT

The Monroe County Land Authority (MCLA) receives recurring revenue for property acquisitions from two primary sources. Pursuant to section 380.0685, Florida Statutes, the Land Authority receives a **park surcharge** on admission and overnight occupancy at state parks within the unincorporated area of Monroe County and pursuant to section 125.0108, Florida Statutes, and sections 23-178 and 23-179, Monroe County Code, the Land Authority receives a 50% share of the 1% **tourist impact tax** charged on lodging in the Keys.



In addition to these recurring revenues, the Land Authority has received land acquisition grants from the State of Florida and the US Army Corps of Engineers in the past.

Beginning in FY22, MCLA has successfully worked with the Florida Department of Environmental Protection (FDEP) to allow MCLA to pre-acquire lands within Florida Forever and then resell the parcels to the State of Florida. The chart demonstrates the "revenue" MCLA is receiving as FDEP purchases the land from MCLA. The goal is for MCLA to sell $5 Million of land per year to FDEP, based on the Stewardship Bill. This is explained in more detail in the report.

The following chart demonstrates the previous 11 years of park surcharge and tourist impact tax revenue for the MCLA with the addition of the **FDEP resales**.

MCLA Acquisitions – City of Marathon Contact: Cynthia Guerra 305-295-5180

The City of Marathon adopted Resolution 2016-48 requesting the purchase of 432 parcels as conservation land. Most of these parcels are inside the Florida Forever project boundary. The City has agreed to manage any of the parcels MCLA acquires that are not ultimately conveyed to the State of Florida. To assist in the acquisition process, the City has provided habitat, density, and Transfer of Development Rights information for the 432 parcels. On December 12, 2023, the Marathon City Council approved an Interlocal Agreement between the City and MCLA to allow the City to contribute funds toward MCLA purchases if the price is above appraised value or to allow the City to fully fund the purchase if the City is acquiring the property and MCLA's staff is acting as the City's agent. The MCLA Governing Board approved the agreement on December 13, 2023. In FY 24, MCLA purchased 6 parcels of conservation land in Marathon. Of these acquisitions, 5 parcels were inside the Florida Forever project in Marathon, so MCLA resold those parcels to the State. The remaining parcel was outside Florida Forever, so MCLA conveyed that parcel to the City. To date for FY 25, no parcels have been acquired in the City of Marathon.

MCLA Acquisitions – Village of Islamorada Contact: Cynthia Guerra 305-295-5180

The Village of Islamorada passed Resolution 23-02-11 which requested the purchase of 68 parcels within the Village of Islamorada, wholly within the Florida Forever list. Islamorada has agreed to maintain any purchase made by the MCLA within the Village of Islamorada if MCLA purchases them and the State of Florida does not purchase them after they are pre-acquired. The resolution also provides acreage, assessed values, zoning, development rights, and habitat information useful to appraisers. Islamorada also passed Resolution 23-07-59 adding additional land to their acquisition priorities. On December 12, 2023, Islamorada Council reviewed a proposed Interlocal Agreement between Islamorada and MCLA to allow them to fund purchases over and above appraised value or outright purchases, with Land Authority staff acting as agents. The MCLA Governing Board approved the agreement on December 13, 2023. Land Authority staff worked on several purchases with Islamorada in FY24, but there were no acquisitions. To date, no parcels have been acquired in the Village of Islamorada in FY25. In early 2025, Village staff conducted outreach to vacant property owners, and MCLA is working with the Village on that effort.

Density Reduction Acquisition Program Contact: Paunece Scull 305-295-5180

The Density Reduction Program goal is to purchase lands that do not consist of significant habitat for the purpose of retiring the associated density (Transferable Development Rights or TDRs).

Since 2016 through the end of FY 24, the BOCC purchased 27 density reduction properties at a cost of $2,032,724.

FY 25 Progress: As of March 31, 2025, the BOCC has purchased 2 density reduction properties at a cost of $812,045. Additionally, the BOCC has received 1 density reduction property as a transfer from the Land Authority.

Less Than Fee Acquisition Program Contact: Paunece Scull 305-295-5180

The Less than Fee Program's goal is to purchase Development Rights from owners of lots zoned IS, IS-M and URM adjacent to the seller's primary residence. Property owners can continue to use the land for accessory, non-habitable space structures permitted by county land use regulations, such as a pool, open yard, or garage.

Since 2018 through March 31, 2025, the County acquired 104 Less than Fee Development Rights from 104 lots and spent a total of $5,438,631.

ROGO Administrative Relief Program Contact: Mark Rosch 305-295-5180

Monroe County has a ROGO administrative relief program. Applicants who have been unsuccessful in obtaining a ROGO allocation after competing in the ROGO system for four years may apply to the County for administrative relief. Prior to processing an Administrative Relief purchase, County staff ask MCLA staff whether the site is a priority purchase. If MCLA responds affirmatively, then County staff request the BOCC to review the administrative relief application and if the BOCC determines the appropriate form of administrative relief is a purchase offer, MCLA offers to purchase the property. Acquisitions of this type are funded from the ROGO Reserve Fund in the MCLA budget. Applicants who decline MCLA's purchase offer may remain in the ROGO system and continue to compete for an allocation.

In FY 24 the BOCC referred a total of 5 properties (with requests for 6 allocations) to MCLA for purchase offers. Of this total, 2 properties were purchased by MCLA, 2 properties are currently under contract for purchase, and 1 applicant (1 property with a request for 2 allocations) declined MCLA's purchase offer. In FY 25 to date the BOCC has not referred any ROGO administrative relief properties to MCLA for purchase.

Code Compliance Foreclosure Properties Reuse Contact: Cynthia Guerra 305-295-5180

The Monroe County Code Compliance Department forecloses on long-term code liens through a process designated by the County Commission. After foreclosure, the land may be suitable for multiple uses within County Departments or may also be useful for conservation purposes or density reduction. It could also be eligible for the resale program. Because the Land Authority manages several of these programs on behalf of the County, the County Commission agreed through interlocal agreement to have the Land Authority coordinate the review and use of these sites.

Affordable Housing Contact: Cynthia Guerra 305-295-5180

Key West

Peary Court – MCLA assisted in this project by providing $12.5 million to maintain affordable housing. In 2022, KWHA provided a report indicating that some of the units did not meet the MCLA affordability criteria. In other words, the family income exceeds the maximum allowed income. MCLA staff, working with legal counsel, wrote a memorandum to Key West staff explaining non-compliance issue and correspondingly wrote a letter to the owner notifying him of the 4 non-compliant units and explaining that the leases of those 4 units should not be renewed unless the families occupying the units meet the income requirements found in the Statues. MCLA staff met with Peary Court owners and their attorney, and they proposed a revision to the deed restriction that would allow them to use three new code provisions the City of Key West adopted into their most recent Land Development Code, since the original deed restrictions were put in place in 2016. MCLA staff requested the property owners seek a resolution of support from the City of Key West Commission related to this request, prior to it being brought to the MCLA Governing Board. Key West staff have indicated they expect this to be reviewed by the Key West Commission, but it hasn't happened to date.

In summary, generally, the proposed changes allow:

- Income to be qualified by counting individual income (in the case of roommates), with a caveat that the grand total of all income must still be below the Land Authority maximum income of 160% of area median.
- Units to be rented to Monroe County residents (either already as residents or those moving into the County for work) as evidenced by driver's license, voter registration, and an employer verification as opposed to proving 70% of income is earned through employment within Monroe County
- Units to be rented to income qualified workers within Monroe but allow them to remain tenants if they retire or become disabled.

On December 4, 2023, Key House Housing Authority issued a memo that Peary Court is in compliance with the 2016 deed restrictions. MCLA is still awaiting information from the City as to whether they want to amend the deed restrictions.

KWHA Poinciana Housing Project (aka Poinciana Plaza 45-54 units) – The Key West Housing Authority (KWHA) is developing between 45 and 54 new units at Poinciana Plaza in the City of Key West. The number of units depends on variances for setbacks or other required approvals. The City of Key West requested $10,000,000 through Resolution 24-137 of construction funding from the Land Authority Key West fund.

MCLA will disburse $2,000,000 when KWHA receives and provides to the MCLA a written loan commitment from a lender for the entire project cost and a proforma showing the entire project cost, certified by a licensed design engineer or architect. MCLA will disburse the remaining $8,000,000 when KWHA provides MCLA with written confirmation from the City of Key West indicating permits are ready for issuance for between 45 and 54 new units. Upon acceptance of $2,000,000, the KWHA shall sign and record a Land Use Restriction Agreement

(LURA) restricting use of the subject property to affordable housing in accordance with section 380.0666(3)(a), Florida Statutes in perpetuity.

The City Commission's request for $10,000,000 is within the MCLA FY25 budgeted amount. The Advisory Committee voted to recommend approval in September and the Governing Board approved Resolution 01-2025 authorizing the funding on October 16, 2024.

KW Poinciana Plaza (Poinciana Housing Complex-Permanent Homeless Housing aka Continuum of Care) – The City of Key West through their Continuum of Care partner is developing a 20-bedroom, affordable rental project with a common area and kitchen for every 4 bedrooms, at Poinciana Plaza in the City of Key West. They requested $2,800,000 of funding from the Land Authority Key West fund. The City of Key West adopted Resolution 24-137 requesting $2,800,000 for construction funding, which will be disbursed to the City when the City provides written confirmation that permits for the 20 supportive housing units, comprised of 20-bedroom development are ready for issuance.

Upon acceptance of funds, the City shall sign and record a Land Use Restriction Agreement (LURA) shown in Exhibit A, restricting use of the subject property to affordable housing in accordance with section 380.0666(3)(a), Florida Statutes in perpetuity. The City Commission's request for $2,800,000 is within the proposed MCLA FY26 Budget, pending funding availability. The Advisory Committee voted to recommend approval in September and the Governing Board approved Resolution 02-2025 authorizing the funding on October 16, 2024.

TOTAL $6,170,457

Funds will be disbursed to the City of Key West upon recordation of the condominium documents. Units are deed restricted in perpetuity at income limits less than 160% of Area Median Income. Key West may deed restrict the units further, based on the income levels they wish to serve as shown above in the table. Subsidy amounts are assumable by a future purchaser of a condominium unit, upon proof of income eligibility. The Advisory Committee voted to recommend approval in September and the Governing Board approved Resolution 03-2025 authorizing the funding on October 16, 2024.

Monroe County

Scattered Sites/MC Employee Housing – BOCC funded $1 Million for construction in FY23 to build 4 housing units. On 1/18/23, MCLA Governing Board approved conveyance of 4 lots on Big Pine Key: (RE# 00300180-000100, 190 Sands Road; RE# 00300180-000200, 180 Sands Road; RE# 00300180-001700, 170 Sands Road; and RE# 00300180-001800, 160 Sands Road) to the County and 1 ROGO exemption from Suarez property to Monroe County for use in this program. County planning staff submitted a minor conditional use application to transfer the market rate ROGO exemptions from their current location to the 4 lots on Big Pine referenced above. This application was heard by the Development Review Committee on March 28, 2023. The ROGO exemptions were transferred to the Sands Road lots, the lots have been conveyed to the County and are awaiting a plan for funding the residential development.

The Landings at Sugarloaf – A development firm acquired the parcel for development of a large housing development. The neighborhood objected and was able to settle with the developer on development of a project subject to a Settlement Agreement. MCLA was solicited to assist and it was determined that construction funding was an appropriate option to support the project, rather than the more typical land purchase and lease, because the land is encumbered by the settlement agreement that would create unwanted liabilities for the County and Land Authority. On January 31, 2024, the BOCC approved Resolution 037-2024 nominating the project for construction funding and the Governing Board approved Resolution 03-2024 for up to $2,240,000 in construction funding for 56 affordable housing units. The Governing Board also approved hiring Hana Eskra to assist in review of the development proforma and Dirst Housing Development Corporation to conduct a Subsidy Layering Report. Approval of the proforma and the report will be required for the Land Authority to get Governing Board approval of a final determined amount of construction funding needed. The BOCC approved Resolution 114-2025 on February 19, 2025 which extended the reservation of 56 affordable housing ROGO allocations (55 low income and 1 moderate income) until December 31, 2025. Land Authority is still awaiting the proforma and Subsidy Layering Report.

Habitat for Humanity (Cudjoe Shores 4 plex, Lower Keys) – MCLA provided a $400,000 loan to Habitat for them to purchase a site to construct 4 affordable housing units. Habitat has selected families for the homes and received Certificate of Occupancy #1145178 on November 20, 2024. Habitat conveyed the property to Monroe County and has entered into a 99-year lease subject to a Land Use Restriction Agreement ensures compliance with affordable housing requirements. With the transfer of the land to the County, execution of the lease, and receipt of the Certificate of Occupancy, Habitat for Humanity has completed all the requirements to be released from the mortgage. The Satisfaction of Mortgage was completed on November 4, 2023. Families were able to enjoy the 2024 holiday season in their new homes. This project is completed.

Habitat for Humanity (Lower Keys) (Conch Republic 4 sites) – MCLA purchased 4 sites for $468,000 with 4 ROGO exemptions and conveyed them to the County. These sites were approved on the 12/13/23 BOCC agenda to lease to Habitat. Habitat has purchased 4 modular homes. Site preparation for the modular homes has either begun or will begin before June. Families have been selected for all of the sites, which include:

- Site 6: RE # 00308490-000000; 31530 Avenue D, (corner of 5th Street and Avenue D); bay side of Big Pine Key near MM 31; Block 22, Lot 11, Big Pine Cove (PB 3-131). Variance application was submitted in September 2024 and is undergoing review.

- Site 7: RE #00300250-000000; 30936 Nathalie Street; bayside of Big Pine Key, MM 31; Block 3, Lot 5, Sam-N-Joe Subdivision (PB 3-76). County building permit issued 12/9/24, and site preparation began in March.
- Site 9: RE #00222830-000000; 28269 Julia Avenue; MM 28, bay side of Little Torch Key; Block 1, Lot 8, Amended Plat of Ladies Acre. County building permit issued 12/9/24 and the modular is onsite. The new owners should be in residence in April.
- Site 10: RE #00222830-000100; 28249 Julia Avenue; MM 28, bay side of Little Torch Key; Block 1, Lot 9, Amended Plat of Ladies Acre. County building permit issued 10/21/24 and the modular is onsite. The new owners should be in residence in May.

The following sites were also acquired by MCLA and then conveyed to BOCC for Habitat development. Site preparation for the modular homes has begun or will begin before July. Families have been selected for all of these sites, which were on the 12/13/23 BOCC agenda to lease to Habitat:

- RE# 00305070-000000, 31142 Avenue F, bayside of Big Pine Key near mile marker 31, Lot 13, Block 36, Sands Subd. (PB 1-65). County building permit issued 9/13/24 and site preparation started in February.

Habitat for Humanity (Middle Keys): Habitat for Humanity Middle Keys requested MCLA purchase a duplex lot for future affordable housing development. MCLA staff obtained a contract from seller Lam and the property purchase was on the April 17, 2024 agenda. The Marathon City Council approved Resolution 2024-45 approving a long-term lease between the City and Habitat for Humanity of the Middle Keys for the development of 2 affordable housing units on the property. The parcel was conveyed to Marathon, and the warranty deed and LURA were recorded on August 23, 2024.

Habitat for Humanity (Upper Keys): In June 2023, the Board of County Commissioners reserved 10 low income category affordable ROGO allocations for Habitat for Humanity Upper Keys. Upper Keys Habitat then requested MCLA purchase 10 lots for affordable housing development. In 2024, the Governing Board approved purchases which be leased to Upper Keys Habitat to redevelop with 9 affordable housing units. MCLA will convey sites to BOCC and then BOCC will lease to Habitat. One more parcel is being sought to complete the inventory.

Tourism-Based Sector Employee Housing Program Contact: Cynthia Guerra 305-295-5180

Monroe County has successfully identified $35M of surplus Tourist and Development Council (TDC) funds that can be used to purchase or develop housing units to provide affordable housing for employees of tourism-related businesses. The law that allows these funds to be used for this purpose require a maximum income of 120% of the area median income. The Interlocal Agreement between Monroe County and MCLA was modified in November 2024 to allow the MCLA to assist the County in the implementation of the program. MCLA's primary role will be to assist in the acquisition of land and residential structures. MCLA is working with the County Administrator and the Monroe County Housing Authority to identify parcels to acquire.

Community Development Block Grant / Disaster Recovery (CDBG-DR) Voluntary Home Buyout Program Contact: Cynthia Guerra 305-295-5180

The Voluntary Home Buyout Program (VHBP) goal is to purchase property damaged by Hurricane Irma using a $15 million grant from the State of Florida after Hurricane Irma, to eliminate future flood risk and assist vulnerable populations in low-moderate income areas.

In total, 87 VHBP applications were received by staff and the County's consultants, Tetra Tech. Of the 87 applicants, 21 eligible applicants sold their parcels to the County through VHBP closings, and the remaining 66 either voluntarily withdrew or were deemed ineligible. The acquisitions expended just over $12.4 million of the $15 million grant with the remaining moneys being used for surveys, appraisals, demolition, environmental reviews, title reviews, closings and grant administration. In May 2024, a 1-year extension to the grant agreement was executed between DEO (now Florida Commerce) and the County to assure there is time to complete the demolitions and close out all necessary grant administrative requirements. The new grant agreement termination date is June 3, 2025. The final demolition began in March and grant activities should be completed on time.

Twenty-one VHBP purchase contracts were approved by BOCC. All these transactions have closed, expending a total of $12,438,105.31 for VHBP acquisitions. The 21 transactions have retired 22.49 development rights (21 market rate ROGO Exemptions and 1.49 Transferable Development Right). All of the market rate ROGO Exemptions available from VHBP transactions are being moved to the Administrative Relief Pool for market rate allocations.

Florida Forever Program Contact: Mark Rosch 305-295-5180

The State of Florida has made substantial investments in the Florida Keys purchasing conservation land pursuant to the Florida Forever Program. This program is administered by the Florida Department of Environmental Protection (DEP). The State has established three Florida Forever projects in the Keys:

- North Key Largo Hammocks
- Coupon Bight / Key Deer
- Florida Keys Ecosystem

As the end of ROGO approaches, the State's long-standing acquisition efforts are essential to reduce future liability. DEP should aggressively pursue land acquisition in the Keys because over 3,500 privately-owned vacant, undeveloped parcels lie within the Florida Forever project boundaries.

The Land Authority is assisting in this effort by serving as a local partner with DEP, pursuant to a memorandum of agreement between DEP and the County. In this role, the Land Authority helps locate suitable properties with willing sellers for DEP, obtains due diligence products for DEP, and pre-acquires conservation land for resale to the State. Since July 1, 2016, with the passage of the Florida Keys Stewardship Bill, DEP has spent approximately $14,216,222 and retired 177.2 development rights as of March 31, 2025.

The goal is for DEP to spend $5 million annually on acquisition in the Florida Forever boundary.

The table below demonstrates the annual expenditures by DEP, since passage of the Florida Keys Stewardship Bill through March 31, 2025:

STATE FISCAL YEAR	STATE PURCHASES FROM PRIVATE SELLERS*	STATE PURCHASES OF PRE-ACQUIRED LAND FROM MCLA*	TOTAL STATE PURCHASES*
2017	$0	$0	$0
2018	$709,246	$0	$709,246
2019	$2,037,381	$0	$2,037,381
2020	$1,177,841	$0	$1,177,841
2021	$695,492	$0	$695,492
2022	$89,732	$607,323	$697,055
2023	$210,828	$2,924,856	$3,135,684
2024	$0	$2,338,813	$2,338,813
2025 YTD	$1,045,998	$2,378,712	$3,424,710
TOTAL	$5,966,518	$8,249,704	$14,216,222

*Includes soft costs such as Appraisals, surveying, etc.

Since the goal of DEP spending $5 million annually under the Stewardship Bill has not been achieved by the State making direct purchases from private sellers, Land Authority and DEP staff established a system during 2022 where MCLA pre-acquires land in Florida Forever projects for resale to the State. As of March 31, 2025, this system has successfully resulted in the State purchasing $8,249,704 of pre-acquired property from MCLA since July 1, 2016 and $5,966,518 in direct purchases since July 1, 2016 for a total of $14,216,222. Density Reduction Resale Program Contact: Paunece Scull 305-295-5180

The Monroe County Land Authority manages the County's density reduction efforts. When buildable lots are acquired under the Density Reduction Program, they may be resold to homeowners of contiguous properties or to Property Owner Associations, without the ability of the purchaser to ask for a Rate of Growth Ordinance (ROGO) allocation to build a residential unit with all density stripped from the land.

The County Commission adopted an ordinance establishing a "Resale Program" on January 21, 2022.

Duck Key

To date, 12 parcels have been resold on Duck Key. They were originally acquired for $940,853 with development rights. The County successfully resold them without development rights for $486,992, an average of $40,583 per Transferrable Development Right (TDR).

Tropical Bay Estates

Following the ordinance, the BOCC adopted a resolution authorizing resale of 9 lots in Tropical Bay Estates under this program. Of the 9 lots, staff only received bids on 2 lots. These lots were originally acquired for $95,051 with development rights. Both bids were approved by the BOCC on May 18, 2022, and closed in June and July 2022 for a total of $60,100, an average of $30,050 per Transferrable Development Right (TDR).

Conservation Land Stewardship Program Contact: Beth Bergh 305-289-6313

The Monroe County Conservation Land Stewardship Program manages conservation properties owned by the Monroe County Land Authority as well as those conservation properties owned by the Board of County Commissioners (like lots dedicated to the County for conservation). Additionally, the program manages state-owned conservation properties where the County is the designated land manager, via lease agreements. Currently, the Land Stewardship staff manages approximately 3,955 County parcels (MCLA & BOCC combined) and 709 state-owned parcels.

Management activities on the conservation properties include invasive exotic plant removal, habitat restoration, native planting projects, cleanup of solid waste, and hazard tree trimming.

The following table shows updated land management statistics for the month of December 2024:

2. The Seller(s) agree that they have full right, power and authority to convey, and that they will convey to the LAND AUTHORITY the fee simple title together with legal and practical access thereto clear, free and unencumbered, except subject to the following easements or reservations:

   Existing easements for canals, ditches, flumes, pipelines, railroads, public highways and roads, telephone, telegraph, power transmission lines and public utilities.

   The LAND AUTHORITY, at the LAND AUTHORITY’S expense, within the time allowed to deliver evidence of title and to examine same, may have the real property surveyed and certified by a registered Florida surveyor. If the survey discloses encroachments on the real property or that improvements located thereon encroach on setback lines, easements, lands of others, or violate any restrictions, contract covenants, or applicable governmental regulations, the same shall constitute a title defect.

   Seller(s) shall convey a marketable title subject only to the aforementioned liens, encumbrances, exceptions or qualification set forth herein. Marketable title shall be determined according to applicable title standards adopted by authority of the Florida Bar and in accordance with law. The LAND AUTHORITY shall have sixty (60) days from the Effective Date in which to examine title. 3. The Seller(s) further agree not to do, or suffer others to do, any act by which the value or title to said lands may be diminished or encumbered while this Agreement is pending. It is further agreed that any loss or damage occurring prior to the vesting of satisfactory title in the LAND AUTHORITY by

4. The Seller(s) further agree that during the period covered by this instrument officers and accredited agents of the LAND AUTHORITY shall have at all reasonable times the unrestricted right and privilege to enter upon said lands for all proper and lawful purposes, including examination of said lands and the resources upon them. The Seller(s) hereby waive their rights to any and all claims against the LAND AUTHORITY, Monroe County, or the State of Florida associated with, or arising from ownership of, said lands and this waiver shall survive closing.

5. The Seller(s) will execute and deliver upon demand of the proper officials and agents of the LAND AUTHORITY a good and sufficient deed of warranty conveying to the LAND AUTHORITY a marketable title to the said lands of such character as to be satisfactory to the legal counsel of the LAND AUTHORITY and said deed shall provide that the use, occupation and operation of the rights-of-way, easements and reservations retained therein, shall be subordinate to and subject to such rules and regulations as may be prescribed by the LAND AUTHORITY governing the use, occupation, protection and administration of lands.

6. In consideration whereof the LAND AUTHORITY agrees that it will purchase all of said lands and other interests at the price of **$110,000.00**. The LAND AUTHORITY further agrees that, after the preparation, execution, and delivery of the deed, and after the legal counsel of the LAND AUTHORITY shall have approved the title thus vested in the LAND AUTHORITY, it will cause to be paid to the Seller(s) the purchase price. The LAND AUTHORITY shall pay the following expenses associated with the conveyance of the property: deed recording fees, settlement fees, abstract fees, title examination fees, the Buyer's attorney's fees, and title insurance, as well as the prorata share of prepaid real property taxes allocable to the period subsequent to the vesting of title in the LAND AUTHORITY, or the effective date of possession of such real property by the same, whichever is earlier. The Seller(s) shall pay the expenses of documentary stamps to be affixed to the deed and the removal of trash, debris, and structures from the property, if any, and real estate commissions, if any. Full possession of the premises shall pass to the LAND AUTHORITY as of the date payment is made to the Seller(s) subject only to the reservations stated in Section 2 above.

7. It is mutually agreed that an abstract, title insurance policy or other evidence of title to the property herein contracted to be sold, satisfactory to the legal counsel of the LAND AUTHORITY will be obtained by the LAND AUTHORITY at its expense. The Seller(s) expressly agree herein to furnish to the LAND AUTHORITY any documents in Seller(s)'s possession establishing evidence of title including, but not limited to, abstracts, title commitments, title policies and opinions of title.

8. It shall be the obligation of the Seller(s) to pay all taxes and assessments outstanding as liens at the date title vests of record in the LAND AUTHORITY, whether or not such taxes and assessments are then due and payable.

9. It is mutually understood and agreed that notice of acceptance of this Agreement shall be given to the Seller(s) by email to the address provided by the Seller(s) or by mail addressed to the Seller(s) at the following address:

11906 Eileen

IN WITNESS WHEREOF, the Seller(s) have hereunto signed their names and affixed their respective seals on the day first above written and therefore the Seller(s) for and in consideration of the Ten Dollars ($10.00) hereinabove acknowledge as received, have and do hereby grant unto the LAND AUTHORITY or its authorized representative, or any other office or agent of the LAND AUTHORITY authorized to purchase said lands, the option and right to enter into this Agreement for Purchase within sixty (60) days from the execution thereof by the Seller(s).

   Existing easements for canals, ditches, flumes, pipelines, railroads, public highways and roads, telephone, telegraph, power transmission lines and public utilities.

   The LAND AUTHORITY, at the LAND AUTHORITY’S expense, within the time allowed to deliver evidence of title and to examine same, may have the real property surveyed and certified by a registered Florida surveyor. If the survey discloses encroachments on the real property or that improvements located thereon encroach on setback lines, easements, lands of others, or violate any restrictions, contract covenants, or applicable governmental regulations, the same shall constitute a title defect.

   Seller(s) shall convey a marketable title subject only to the aforementioned liens, encumbrances, exceptions or qualification set forth herein. Marketable title shall be determined according to applicable title standards adopted by authority of the Florida Bar and in accordance with law. The LAND AUTHORITY shall have sixty (60) days from the Effective Date in which to examine title. 3. The Seller(s) further agree not to do, or suffer others to do, any act by which the value or title to said lands may be diminished or encumbered while this Agreement is pending. It is further agreed that any loss or damage occurring prior to the vesting of satisfactory title in the LAND AUTHORITY by

reasons of the unauthorized cutting or removal of products therefrom, or because of fire, shall be borne by the Seller(s); and that, in the event any such loss or damage occurs, the LAND AUTHORITY may, without liability, refuse to accept conveyance of said lands.

4. The Seller(s) further agree that during the period covered by this instrument officers and accredited agents of the LAND AUTHORITY shall have at all reasonable times the unrestricted right and privilege to enter upon said lands for all proper and lawful purposes, including examination of said lands and the resources upon them. The Seller(s) hereby waive their rights to any and all claims against the LAND AUTHORITY, Monroe County, or the State of Florida associated with, or arising from ownership of, said lands and this waiver shall survive closing.

5. The Seller(s) will execute and deliver upon demand of the proper officials and agents of the LAND AUTHORITY a good and sufficient deed of warranty conveying to the LAND AUTHORITY a marketable title to the said lands of such character as to be satisfactory to the legal counsel of the LAND AUTHORITY and said deed shall provide that the use, occupation and operation of the rights-of-way, easements and reservations retained therein, shall be subordinate to and subject to such rules and regulations as may be prescribed by the LAND AUTHORITY governing the use, occupation, protection and administration of lands.

6. In consideration whereof the LAND AUTHORITY agrees that it will purchase all of said lands and other interests at the price of **$135,000.00**. The LAND AUTHORITY further agrees that, after the preparation, execution, and delivery of the deed, and after the legal counsel of the LAND AUTHORITY shall have approved the title thus vested in the LAND AUTHORITY, it will cause to be paid to the Seller(s) the purchase price. The LAND AUTHORITY shall pay the following expenses associated with the conveyance of the property: deed recording fees, settlement fees, abstract fees, title examination fees, the Buyer's attorney's fees, and title insurance, as well as the prorata share of prepaid real property taxes allocable to the period subsequent to the vesting of title in the LAND AUTHORITY, or the effective date of possession of such real property by the same, whichever is earlier. The Seller(s) shall pay the expenses of documentary stamps to be affixed to the deed and the removal of trash, debris, and structures from the property, if any, and real estate commissions, if any. Full possession of the premises shall pass to the LAND AUTHORITY as of the date payment is made to the Seller(s) subject only to the reservations stated in Section 2 above.

7. It is mutually agreed that an abstract, title insurance policy or other evidence of title to the property herein contracted to be sold, satisfactory to the legal counsel of the LAND AUTHORITY will be obtained by the LAND AUTHORITY at its expense. The Seller(s) expressly agree herein to furnish to the LAND AUTHORITY any documents in Seller(s)'s possession establishing evidence of title including, but not limited to, abstracts, title commitments, title policies and opinions of title.

8. It shall be the obligation of the Seller(s) to pay all taxes and assessments outstanding as liens at the date title vests of record in the LAND AUTHORITY, whether or not such taxes and assessments are then due and payable.

9. It is mutually understood and agreed that notice of acceptance of this Agreement shall be given to the Seller(s) by email to the address provided by the Seller(s) or by mail addressed to the Seller(s) at the following address:

55 Bass Avenue

and shall be effective upon date of mailing and shall be binding upon all of the Seller(s) without sending a separate notice to each, except as such obligation may be affected by the provisions of paragraph 6 hereof.

10. The property shall be delivered at closing free of any tenant or occupancy whatsoever.

11. The Seller(s) shall close any open building permits or code enforcement proceedings prior to closing. The Seller(s) is not required to close Monroe County Permit Number 22301666.

12. The effective date of this Agreement (hereinafter "Effective Date") shall be that date when the last one of the Seller(s) and the LAND AUTHORITY has signed this Agreement.

13. If the Seller(s) wish to proceed with this transaction, the Seller(s) have until **March 14, 2025**, to sign and return this Agreement to the LAND AUTHORITY. This Agreement may be executed in counterparts. Notwithstanding any provision of this Agreement to the contrary, the closing of this transaction is contingent upon approval by the Advisory Committee and Governing Board of the LAND AUTHORITY, failing which the parties acknowledge that each shall be released of all further obligations under this Agreement. In the event this transaction has not closed within one hundred eighty (180) days from the Effective Date, then either party may terminate this Agreement at any time thereafter by providing written notice, in which case the parties acknowledge that each shall be released of all further obligations under this Agreement.

IN WITNESS WHEREOF, the Seller(s) have hereunto signed their names and affixed their respective seals on the day first above written and therefore the Seller(s) for and in consideration of the Ten Dollars ($10.00) hereinabove acknowledge as received, have and do hereby grant unto the LAND AUTHORITY or its authorized representative, or any other office or agent of the LAND AUTHORITY authorized to purchase said lands, the option and right to enter into this Agreement for Purchase within sixty (60) days from the execution thereof by the Seller(s).

Agenda Item Number: H1
2023-3915

BULK ITEM: Yes **DEPARTMENT:** Fire Rescue

TIME APPROXIMATE: **STAFF CONTACT:** R. L. Colina

AGENDA ITEM WORDING: Approval by BOG of Amendment No. 1 to the Agreement between Monroe County and ESO Solutions, Inc. for EMS Enterprise Software Solutions and Support, in the amount of $61,902.53 for the first year, and clarifying ongoing services and locked-in pricing through the initial term ending on September 30, 2026. Additionally, Amendment No. 1 replaces "Exhibit D" of the Agreement with "Exhibit D-1" and clarifies the products and pricing across all renewal terms, for a potential of six (6) years.

ITEM BACKGROUND:
This Amendment No. 1 replaces "Exhibit D" of the Agreement with "Exhibit D-1" attached and incorporated within Amendment No. 1. The Amendment No. 1 clarifies the products and pricing across all renewal terms, for a potential of six (6) years. It reduces the current subscription software services cost by $1,156.85 for this year and incorporates the inclusion of the "Insurance Discovery" product for $795.00 and the "ESO Electronic Health Record (EHR) Suite iOS module" at no cost this year by adjusting and locking in the annual increase rate of 3% for all extensions (renewals) under the Agreement, as well as removing the "ESO Activities Module" from the software listing. The "Insurance Discovery" product will provide the department's medical billing team with a more efficient way to identify and verify patient data information through the software's secured system and the "EHR Suite iOS module" will enable the department to use iPad products instead of the Toughbook laptops which will save approximately $45,000 in the long term (the estimated expense for replacing the Toughbook laptops at end of life).

In 2020, Monroe County Fire Rescue purchased an ongoing subscription based software as a service to provide National Fire Incident Reporting System (NFIRS) compliant records management and reporting for fire incidents, hydrants, property inspections from ESO Solutions, Inc. The software includes an automated transfer of data from the Monroe County Sheriff's Office Computer Aided Dispatch (CAD) system with patient care reporting, and automatic transfers of report data to the state Department of Health. The electronic record management and reporting functions are critical to the department’s fire and emergency services operations.

ESO Solutions Inc. has executed the Amendment No. 1 to the Agreement and the department requests

that the BOG approve this Amendment No. 1 to update its subscription software services to the reduced amount of $61,902.53.

PREVIOUS RELEVANT BOCC ACTION:
On December 11, 2024, the BOG approved a new/restated agreement superseding and replacing prior agreements/amendments for an initial term of two (2) years retroactive to October 1, 2024 until September 30, 2029, in the amount of $63,059.38 for the first year. (AIN 2023-3406; H2)

between
MONROE COUNTY, FL
and
ESO SOLUTIONS, INC.
for
EMS Enterprise Software Solutions and Support

THIS AGREEMENT is made and entered into this 11th day of December, 2024, by and by and between Monroe County, a political subdivision of the State of Florida, through its Board of County Commissioners, with principal offices located at 1100 Simonton Street, Key West, FL 33040 (the "County"), the Board of Governors of the Fire and Ambulance District 1 of Monroe County, Florida, a municipal services taxing unit established under Florida law and codified in Section 22-129, Monroe County Code of Ordinances, with a principal address being the same as the County ("BOG"), and ESO Solutions, Inc., a Texas corporation with principal offices located at 11500 Alterra Pkwy, Ste. 100, Austin, TX 78758 (the "Contractor") to provide EMS enterprise software solutions and support as more specifically described in the "Contracted Services and Licensed Software/Subscription Schedule" attached as "Exhibit D."

Now therefore, in exchange for good and sufficient consideration, the parties hereby agree to the following terms and conditions:

1) **The Contract Documents.** This Agreement supersedes and replaces, in all respects, all prior agreements including, but not limited to, the electronically signed agreement in April 2020 and the First Amendment thereto signed in November 2023. This Agreement is the current and effectual understanding of the parties, and the contract documents consist of: this Agreement, the "ESO Subscription Agreement" attached as "Exhibit A," the "Support Services" attached as "Exhibit B," the "HIPAA Business Associate Agreement" attached as "Exhibit C," and "Contracted Services and Licensed Software Schedule" attached as "Exhibit D." All exhibits referenced herein are incorporated by reference. In the event of a conflict between the aforementioned documents, this Agreement will control, then "Exhibit D," then "Exhibit C," and then "Exhibit B," and then "Exhibit A," in that order.

2) **The Work/Services.** The Contractor must perform all work and provide all services to the County required by this Agreement, and as set forth below:
   a) County agrees to purchase and Contractor agrees to furnish all software and services as indicated in "Exhibit D."
   b) Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. Contractor shall maintain throughout the term of this Agreement, appropriate licenses.

3) **Contract Amount.** Contractor will perform contract requirements with pricing as listed in "Exhibit D" and invoicing via Contractor order(s) are allowable hereunder so long as they are acceptable to the Monroe County Office of Clerk and Comptroller (County Clerk). Acceptability to the County Clerk is based upon generally accepted accounting principles and such laws, rules and regulations as may govern the disbursal of funds by the County Clerk. To the extent that any renewal hereof exceeds the total value of $100,000, prior written approval of the Board of County Commissioners shall be obtained. As used herein, the total value of renewal(s) is calculated by adding the value of each renewal or amendment

after the Board of County Commissioners' most recent approval. County is exempt from payment of Florida State Sales and Use taxes.

4) **Agreement Subject to Funding.** The County's performance and obligation to pay under this contract is contingent upon an annual appropriation by the Board of County Commissioners. In the event that the County funds on which this Agreement is dependent are withdrawn, this Agreement is terminated, and the County has no further obligation under the terms of this Agreement to the Contractor beyond that already incurred by the termination date.

5) **Contract Term.** The initial contract period is for two (2) years commencing on October 1, 2024 (retroactively effective), with the option to renew for two (2), mutually agreed upon, two (2)-year extensions (renewals). An extension or renewal may be accomplished by written consent of all parties subject to Section 3, "Contract Amount," herein. Annual invoices must be consistent with the pricing provided herein, and in accordance with any annual increase expressly authorized in the exhibits. All renewals are subject to the same terms and conditions as provided herein. Additional services and products above and beyond what is authorized in the exhibits may only be purchased through a duly executed amendment to this Agreement.

6) **Contract Extension Beyond the Term.** In the event services are scheduled to end because of the expiration of this contract, and the Contractor must continue the service upon the request of the County's Contract Administrator on an emergency or continuity of services basis, an administrative extension period may be exercised and will not extend for more than ninety (90) days beyond the expiration date of the existing contract. The Contractor will be compensated for the service at the prorated rate(s) in effect when the County invokes this extension clause.

7) **Independent Contractor.** This Agreement does not create an employee/employer relationship between the Parties. It is the intent of the Parties that the Contractor is an independent contractor under this Agreement and not the County's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with County, State, or United States policies, rules or regulations relating to the use of Contractor's funds provided for herein. The Contractor agrees that it is a separate and independent enterprise from the County, that it had full opportunity to find other business, that it has made its own investment in its business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the County and the County will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

8) **Assignment and Subcontracting.** Contractor and County must not transfer or assign the performance required by this Agreement without the prior written consent of the other party.

9) **Termination**

a) Termination for Cause and Remedies: In the event that Contractor is found to be negligent in any aspect of service or Contractor is in breach of any contract terms, the County retains the right to terminate this Agreement. The County reserves all rights available to it for monies paid under this Agreement, without limitation thereby, and reserves the right to sue for breach of contract and including the right to pursue a claim for violation of the County's False Claims Ordinance, located at Section 2-721 et al. of the Monroe County Code.

b) Termination for Convenience: The County may terminate this Agreement for convenience, at any time, upon ninety (90) days' written notice to Contractor provided that in no event shall Contractor provide County a refund for pre-paid Fees in the event of a Termination under this section.

All insurance requirements provided for in this Agreement shall be subject to annual review. Depending on the extent of contractual obligations incurred by the Contractor, the below insurances will be required. Insurances can be altered via written waiver by County's Risk Manager, if required. If the insurance policies originally purchased that meet the requirements are canceled, terminated, or reduced in coverage, then the Contractor must immediately substitute complying policies so that no gap in coverage occurs. If requested by the County Administrator, the insurance coverage shall be primary insurance with respect to the County, its officials, employees, agents, and volunteers. c) Ensure that public records that are exempt, or confidential and exempt, from public records disclosure are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement if the Contractor does not transfer the records to the County.

Examples of "Force Majeure" include, but are not limited to, acts of God, natural disasters, or emergency governmental action. To invoke this paragraph, immediate written notice, consistent with the "Notice" provisions of this Agreement, must be sent by the non-performing party describing the circumstances constituting force majeure and proof that the non-performance or delay of performance is a direct and reasonable result of such event(s). Any claim for extension of time by Contractor pursuant to this paragraph will be made not more than Seventy-two (72) hours after the commencement of the delay. Otherwise, it shall be waived. The Contractor shall immediately report the termination of the cause for the delay within seventy-two (72) hours after such termination. The County reserves its right to challenge the invocation by the Contractor within five (5) calendar days of receipt of said notice, in such case uninterrupted performance in required. work; it may not submit bids on leases of real property to a public entity; it may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and, it may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for Category TWO ($35,000), as may be amended, for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

25) **Foreign Gifts and Contracts.** The Contractor must comply with any applicable disclosure requirements in Section 286.101, Florida Statutes. Pursuant to Section 286.101(7)(b), Florida Statutes: "In addition to any fine assessed under [§ 286.101(7)(a), Florida Statutes], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision must automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission [Governor and Cabinet per §14.202, Florida Statutes] for good cause."

26) **Scrutinized Companies and Countries of Concern per Sections 287.135, 215.473, & 287.138, Florida Statutes.** Contractor hereby certifies that it: a) has not been placed on the Scrutinized Companies that Boycott Israel List, nor is engaged in a boycott of Israel; b) has not been placed on the Scrutinized Companies with Activities in Sudan List nor the Scrutinized Companies with Activities in the Iran Terrorism Sectors List (formerly the Iran Petroleum Energy Sector List); and c) has not been engaged in business operations in Cuba or Syria. The County reserves all rights to waive certain requirements of this paragraph on a case-by-case exception basis pursuant to Section 287.135, Florida Statutes, as amended. Beginning January 1, 2024, the County must not enter into a contract that grants access to an individual's personal identifying information to any Foreign Country of Concern such as: People's Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People's Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, unless the Contractor provides the County with an affidavit signed by an authorized representative of the Contractor, under penalty of perjury, attesting that the Contractor does not meet any of the criteria in subparagraphs (2)(a)-(c) of Section 287.138, Florida Statutes, as may be amended. Beginning January 1, 2025, the County must not extend or renew any contract that grants access to an individual's personal identifying information unless the Contractor provides the County with an affidavit signed by an authorized representative of the Contractor, under penalty of perjury, attesting that the Contractor does not meet any of the criteria in subparagraphs (2)(a)-(c) of Section 287.138, Florida Statutes, as may be amended. 29) **E-Verify Requirements.** Effective January 1, 2021, public and private employers, contractors and subcontractors must require registration with, and use of the E-verify system in order to verify the work authorization status of all newly hired employees. Contractor acknowledges and agrees to utilize the U.S. Department of Homeland Security's E-Verify System to verify the employment eligibility of:

By executing this Agreement, Contractor represents and certifies that Contractor and its applicable subcontractors must not provide or use such covered telecommunications equipment, system, or services for any scope of work performed for the County for the entire duration of this Agreement. If Contractor is notified of any use or provisions of such covered telecommunications equipment, system, or services by a subcontractor at any tier or by any other source, Contractor must promptly report the information in 40 CFR § 52.204-25(d)(2) to County.

The titles and headings contained in this Agreement are for reference purposes only and will not in any way affect the meaning or interpretation of this Agreement. It is acknowledged that each party to this Agreement had the opportunity to be represented by counsel in the preparation of this Agreement and accordingly the rule that a contract will be interpreted strictly against the party preparing same does not apply herein due to the joint contributions of both parties.

33) **Severability; Waiver of Provisions.** Any provision in this Agreement that is prohibited or unenforceable in any jurisdiction will, as to that jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof or affecting the validity or enforceability of such provisions in any other jurisdiction. The non-enforcement of any provision by either party will not constitute a waiver of that provision nor will it affect the enforceability of that provision or of the remainder of this Agreement.

34) **Signatory Authority; Counterparts and Multiple Originals.** Upon request, the Contractor must provide the County with copies of requisite documentation evidencing that the signatory for Contractor has the authority to enter into this Agreement. This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is hereby deemed to be an original, but all of which, taken together, constitutes one and the same agreement.

"De-identified Data" means Customer Data which (i) if PHI, has been deidentified in accordance with HIPAA, or (ii) if not PHI, which has had all personally identifiable information removed, as well as the names and addresses of Customer and any of its Users and/or Customer's clients, and in each case as a consequence is neither PHI nor identifiable to or by Customer.

"Deliverable" means software, report, or other work product created pursuant to a Statement of Work.

"Documentation" means the Software's user guides and operating manuals.

An Order may be (a) an ESO sales form or "Quote", (b) a Statement of Work, or (c) an addendum or other writing which is attached or which the parties intend to be incorporated by reference into this Agreement. For the avoidance of doubt, unilateral purchase orders and other similar documents do not constitute an Ordering Document.

"Outage" means Customer is unable to access SaaS, or such access is materially delayed, impaired or disrupted, in each case as caused or controlled by ESO.

3. **LICENSE/SUBSCRIPTION TO SOFTWARE**

3.1. Grant of Subscription: SaaS. For SaaS, during the Term Customer may access and use the SaaS and Reporting Services, with the access and volume limitations set forth on the applicable Order, subject to Customer's compliance with the Use Restrictions and other limitations contained in this Agreement.

3.2. Grant of License: Licensed Software. For Licensed Software, during the Term ESO hereby grants Customer a limited, non-exclusive, non-transferable, non-assignable, non-sublicensable, revocable license to copy and use the Licensed Software, in such quantities as are set forth on the applicable Order and as necessary for Customer's internal business purposes, in each case subject to Customer's compliance with the Use Restrictions and other limitations and obligations contained in this Agreement.

3.3. Use Restrictions. Except as provided in this Agreement or as otherwise authorized by ESO, Customer has no right to, and shall not: (a) decompile, reverse engineer, disassemble, print, copy or display the Software or otherwise reduce the Software to a human-perceivable form in whole or in part; (b) publish, release, rent, lease, loan, sell, distribute or transfer the Software to another person or entity; (c) reproduce the Software for the use or benefit of anyone other than Customer; (d) alter, modify or create derivative works based upon the Software either in whole or in part; or (e) use or permit the use of the Software for commercial time-sharing arrangements or providing service bureau, data processing, rental, or other services to any third party (including any affiliate not specifically listed in the applicable Order).

3.4. Ownership. The rights granted under the provisions of this Agreement do not constitute a sale of the Software. ESO retains all right, title, and interest in and to the Software, including without limitation all software used to provide the Software and all graphics, user interfaces, logos and trademarks reproduced through the Software, and Feedback, except to the limited extent set forth in this Agreement. This Agreement does not grant Customer any intellectual property rights in the Software or any of its components, except to the limited extent that this Agreement specifically sets forth Customer's rights to access, use, or copy the Software during the Term. Customer acknowledges that the Software and its components are protected by copyright and other laws.

3.5. Third-Party Software and Services. This Section 3.5 applies to Third-Party Software and Services offered by ESO. Refer to the product table following the Agreement for applicability.

3.5.1. ESO neither accepts liability for, nor warrants the functionality, utility, availability, reliability or accuracy of, Third-Party Software or Third-Party Services. The Third-Party Software "EMS1 Academy" and/or "FireRescue1 Academy" and/or "EMS1 & FireRescue1 Academy – Implementation and Configuration" and/or "Learning Management System" and/or "EVALS Implementation" (collectively, "**Education**") is offered by ESO in collaboration with Lexipol, f/k/a The Praetorian Group. If Customer subscribes to Education, Customer acknowledges and agrees to the terms and conditions of the Praetorian license agreement, located at https://www.lexipol.com/terms-and-conditions/, which shall supersede this Agreement as it applies to Customer's use of Education and any Customer Data stored therein.

3.5.2. Third-Party Data. If Customer (as indicated on an Order) elects to license Third-Party Data (*e.g.*, fire codes), then subject to the terms hereof, ESO hereby grants Customer a non-exclusive, non-sublicensable, and non-transferable license during the Term to use such Third-Party Data via the Software solely for Customer's internal purposes. Customer will not (i) allow greater access than that set forth in the applicable Order, (ii) disclose, release, distribute, or deliver Third-Party Data, or any

portion thereof, to any third party (iii) copy, modify, or create derivative works of Third-Party Data, (iv) rent, lease, lend, sell, sublicense, assign, distribute, publish, transfer, or otherwise make available Third-Party Data, (v) attempt to output in any form more than 10% of the Third-Party Data or otherwise circumvent the usage limitations included in the Software, (vi) remove any proprietary notices included within Third-Party Data or Software, or (vii) use Third-Party Data in any manner or for any purpose that infringes or otherwise violates any proprietary right of a person, or that violates applicable law. ESO does not warrant the functionality, reliability, accuracy, completeness or utility of, Third-Party Data, or accept any liability therefor. Additional terms and limitations applicable to Third-Party Data may be provided on the applicable Order.

3.6. Integrated Services. Customer is responsible for securing the right for ESO to receive, transmit, process, display, and store all data ("Integrated Data") from and to any Integrated Service to the extent required for ESO to perform its obligations and exercise its rights under this Agreement. ESO's obligation to support Integrated Services is contingent upon Customer securing such rights. Customer's failure to secure such rights does not terminate or suspend Customer's obligation to pay Fees. Customer bears (and shall hold ESO harmless from) all risks associated with access to and use of Integrated Services and Integrated Data. Any Integrated Data made accessible by ESO in or through the Integrated Service is provided on an "as-is" and "as available" basis without any warranty of any kind. Customer acknowledges that ESO is not responsible for and under no obligation to control, monitor or correct Integrated Data; provided, however, ESO reserves the right to take remedial action if any such data violates applicable law or this Agreement, including without limitation and after prompt notice to Customer, the removal of, or disablement of access to, such data and the Integrated Service. Customer acknowledges that ESO's ability to deliver each Service is contingent upon Customer or User's compliance with this Agreement and any applicable third party's terms of use. Accordingly, if ESO's performance under this Agreement is prevented or delayed by any act or omission of Customer or its agents, subcontractors, or third party vendors (other than ESO) ("Customer Delay"), ESO shall not be deemed in breach of its obligations under this Agreement or otherwise be liable for any costs or losses of Customer (in each case, to the extent arising directly or indirectly from Customer Delay).

3.7. Third Party APIs. Customer acknowledges that: (i) the nature, type, quality and availability of Integrated Data and Integrated Services may change at any time during the Term, and (ii) features of the Integrated Service that integrate or interoperate with third parties and Integrated Data depend on the continuing availability of such third parties' respective application programming interfaces ("APIs") for use with the Integrated Service. ESO may update, change or modify the Integrated Services under this Agreement because of a change in, or unavailability of, such Integrated Data or APIs. If any third-party ceases to make its Integrated Data or APIs available on reasonable terms for the Integrated Services, as determined by ESO in its sole discretion, ESO may cease providing access to or support for the affected Integrated Data or Integrated Service without any liability to Customer, provided that prompt notice to Customer is given and existing public records are preserved by ESO. Any changes to Integrated Data or APIs, including their availability or unavailability, during the Term does not affect Customer's obligations under this Agreement or the applicable Order, and Customer will not be entitled to any reduction in fees, refund, credit or other compensation due to any such changes.

4. HOSTING, SLA & SUPPORT SERVICES

4.1. Hosting & Management. Customer shall be responsible for hosting and managing any Licensed Software on systems meeting the requirements specified by ESO. ESO shall be responsible for hosting and managing any SaaS.

4.2. Service Level Agreement. If an Outage, excluding Scheduled Downtime (as defined below), results in the service level uptime falling below 99% for any three-month period (the ***"Uptime Commitment"***), then Customer may immediately terminate this Agreement, in which case ESO will refund any prepaid, unearned Fees to Customer. This is Customer's sole remedy for ESO's breach of the Uptime Commitment.

4.3. Scheduled Downtime. ESO will endeavor to provide reasonable (72 hour) notice of Scheduled Downtime to Customer's Users. Notice of Scheduled Downtime may be provided from within the Software or via email. Scheduled Downtime shall never constitute a failure of performance or Outage by ESO. Notification timelines and the frequency of Scheduled Downtime are subject to the emergence of security concerns outside of ESO's control.

4.4. Support and Updates. During the Term, ESO shall provide to Customer the Support Services, in accordance with Exhibit B, which is incorporated herein by reference. ESO may update and revise its Software, providing reasonable notice in the case of any material diminishment.

5. FEES

5.1. Fees. In consideration of the rights granted hereunder, Customer agrees to pay ESO the fees for the Software and Professional Services as set forth in the Order(s)) (collectively, ***"Fees"***). The Fees are non-cancelable and non-refundable, except as expressly provided herein. Customer (or Third-Party Payer, if applicable) shall pay all undisputed invoices within 30 days of receipt.

5.2. Third-Party Payer. If Customer desires to use a third-party to pay some or all of the Fees on behalf of Customer (a ***"Third-Party Payer"***), then (i) each applicable Order will identify such arrangement, (ii) the Third-Party Payer will enter into a written

agreement with ESO regarding such arrangement, (iii) Customer may replace the Third-Party Payer by written notice to ESO (provided that no such change shall be made until the then-current Term's renewal), (iv) references within this Section 5 to Customer's responsibility for Fees shall be understood to refer to the Third-Party Payer when applicable, and (v) Customer shall remain responsible for payment if the Third-Party Payer does not pay the Fees.

5.3. Uplift on Renewal. Fees for Software, which recur annually, shall increase by the percentage assigned to each product provided in "Exhibit D" each year this Agreement is in effect.

5.4. Taxes and Fees. The Fees are exclusive of all taxes and credit card processing fees, if applicable. Unless and until Customer provides ESO a tax exemption certificate, Customer will be responsible for and will remit (or will promptly reimburse ESO for) all taxes of any kind, including sales, use, duty, customs, withholding, property, value-added, and other similar federal, state or local taxes (other than taxes based on ESO's income) related to this Agreement.

5.5. Appropriation of Funds. If Customer is a city, county or other government entity, Customer may terminate the Agreement at the end of the Customer's fiscal term if Customer provides evidence that its governing body did not appropriate sufficient funds for the next fiscal year. Notwithstanding the foregoing, this provision shall not excuse Customer from past payment obligations or other Fees earned and unpaid.

5.6. Usage Monitoring. Customer is solely responsible for its own adherence to volume and use limitations indicated on the applicable Order. ESO may monitor Customer's use of the Software, and if Customer's usage exceeds the level indicated in the applicable Order (an ***"Overage"***), Customer shall owe ESO the Fee corresponding to such usage level at a rate no higher than ESO's then-standard pricing for new customers at an equivalent usage level. ESO may invoice for Overages immediately, but only after prompt written notice to Customer and opportunity to cure.

6. TERM AND TERMINATION

6.1. Term. The term of this Agreement (the ***"Term"***) commences on the Effective Date and continues for a period of one year (or any longer period provided in an Order).

6.2. Termination for Cause. Either party may terminate this Agreement or any individual Order for the other party's uncured material breach by providing written notice. The breaching party shall have 30 days from receipt to cure such breach to the reasonable satisfaction of the non-breaching party.

6.3. Effect of Termination. If Customer terminates this Agreement or any Order as a result of ESO's material breach, then to the extent Customer prepaid any Fees, ESO shall refund to Customer those prepaid Fees on a pro-rata basis from the date Customer actually ceases use of the Software. Upon termination of this Agreement or any Order, Customer shall cease all use of the Software and delete, destroy or return all copies of the Documentation and Licensed Software in its possession or control, except as required by law. Customer shall remain obligated to pay appropriate Fees at ESO's then-current rates if Customer continues to use or access Software after the termination or expiration of this Agreement. Termination of this Agreement is without prejudice to any other right or remedy and shall not release a party from any liability.

6.4. Delivery of Data. ESO will provide Customer its Customer Data in a searchable .pdf format upon request made within 60 days of the expiration or termination of this Agreement. Customer acknowledges that ESO has no obligation to retain Customer Data more than 60 days after expiration or termination of this Agreement.

7. REPRESENTATIONS AND WARRANTIES

7.1. Material Performance of Software. After it is fully implemented (and subject to Customer's adherence to Sections 3.3, 4.1 and 13.4), ESO warrants that the Software will reliably collect, transmit, store and/or permit access to data in compliance with applicable law and industry standards.

7.2. Due Authority. Each party's execution, delivery and performance of this Agreement and each agreement or instrument contemplated by this Agreement is duly authorized by all necessary corporate or government action.

7.3. Customer Cooperation. Customer agrees to use current operating systems and reasonably and timely cooperate with ESO, including providing ESO reasonable access to its equipment, software and data as necessary for the implementation and operation of the Software.

8. **DISCLAIMER OF WARRANTIES**. EXCEPT AS OTHERWISE PROVIDED IN SECTION 7, ESO DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, PERFORMANCE, SUITABILITY, TITLE, OR ANY IMPLIED WARRANTY ARISING FROM STATUTE, COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE OF TRADE. EXCEPT AS EXPRESSLY PROVIDED IN SECTION 7, CUSTOMER ACCEPTS THE SOFTWARE "AS-IS" AND "AS AVAILABLE."

9. CONFIDENTIALITY

9.1. ***"Confidential Information"*** refers to the following items: (a) any document marked "Confidential"; (b) any information orally

designated as "Confidential" at the time of disclosure, provided the disclosing party confirms such designation in writing within five business days; (c) the Software and Documentation, whether or not designated confidential; (d) ESO's security controls, policies, procedures, audits, or other information concerning ESO's internal security posture; (e) any other nonpublic, sensitive information reasonably treated as trade secret or otherwise confidential; and (f) Customer Data which does comprise PHI . Notwithstanding the foregoing, Confidential Information does not include information that: (i) is in the other party's possession at the time of disclosure free of duty of non-disclosure; (ii) is independently developed without use of or reference to Confidential Information; (iii) becomes known publicly, before or after disclosure, other than as a result of the receiving party's improper action or inaction; (iv) is approved for release in writing by the disclosing party; (v) as to ESO, Customer's Feedback; or (vi) is PHI (*which shall be governed by the Business Associate Agreement rather than this Section*). Notwithstanding the above, confidential information may only be classified as such if it is determined "confidential and exempt" in accordance with relevant Florida Laws (including but not limited to Chapter 119, Fla. Stat.) and existing case law.

9.2. Nondisclosure. Each party shall use Confidential Information of the other party solely to fulfill the terms of this Agreement (the "***Purpose***"). Each party shall (a) ensure that its employees or contractors are bound by confidentiality obligations no less restrictive than those contained herein, and (b) not disclose Confidential Information to any other third party without prior written consent from the disclosing party. Without limiting the generality of the foregoing, the receiving party shall protect Confidential Information with the same degree of care it uses to protect its own confidential information of similar nature and importance, but with no less than reasonable care. A receiving party shall promptly notify the disclosing party of any misuse or misappropriation of Confidential Information of which it is aware.

9.3. Termination & Return. With respect to each item of Confidential Information, the obligations of nondisclosure will terminate three years after the date of disclosure; provided that, such obligations related to Confidential Information constituting ESO's trade secrets shall continue so long as such information remains subject to trade secret protection pursuant to applicable law. Upon termination of this Agreement, a party shall return all copies of Confidential Information to the other or certify the destruction thereof.

9.4. Retention of Rights. This Agreement does not transfer ownership of Confidential Information or grant a license thereto.

9.5. Open Records and Other Laws. Notwithstanding anything in this Section to the contrary, the parties expressly acknowledge that Confidential Information may be disclosed if such Confidential Information is required to be disclosed by law, a lawful public records request, or judicial order, provided that prior to such disclosure, written notice of such required disclosure shall be given promptly and without unreasonable delay by the receiving party in order to give the disclosing party the opportunity to object to the disclosure and/or to seek a protective order. The receiving party shall reasonably cooperate in this effort. In addition, Customer may disclose the contents of this Agreement solely for the purpose of completing its review and approval processes under its local rules, if applicable.

10. **INSURANCE.** Throughout the Term (and for a period of at least three years thereafter for any insurance written on a claims-made form) ESO shall maintain in effect the insurance coverage described below:

10.1. Commercial general liability insurance with a minimum of $1 million per occurrence and $1 million aggregate;

10.2. Commercial automobile liability insurance covering use of all non-owned and hired automobiles with a minimum limit of $1 million for bodily injury and property damage liability;

10.3. Worker's compensation insurance and employer's liability insurance or any alternative plan or coverage as permitted or required by applicable law, with a minimum employer's liability limit of $1 million each accident or disease; and

10.4. Computer processor/computer professional liability insurance (a/k/a technology errors and omissions) covering the liability for financial loss due to error, omission or negligence of ESO, and privacy and network security insurance ("cyber coverage") covering losses arising from a disclosure of confidential information (including PHI) with a combined aggregate amount of $1 million.

11. **INDEMNIFICATION**

11.1. IP Infringement. Subject to the limitations in Section 12, ESO shall defend and indemnify Customer from any damages, costs, liabilities, expenses (including reasonable attorney's fees) (***"Damages"***) actually incurred or finally adjudicated as to any third-party claim or action alleging that the Software delivered pursuant to this Agreement infringe or misappropriate any third party's patent, copyright, trade secret, or other intellectual property rights enforceable in the applicable jurisdiction (each, an ***"Indemnified Claim"***). If Customer makes an Indemnified Claim under this Section or if ESO determines that an Indemnified Claim may occur, ESO may at its option: (a) obtain a right for Customer to continue using such Software; (b) modify such Software to make it a non-infringing equivalent or (c) replace such Software with a non-infringing equivalent. If (a), (b), or (c) above are not reasonably practicable, either party may, at its option, terminate the relevant Order, in which case ESO will refund any pre-paid Fees on a pro-rata basis for such Order. Notwithstanding the foregoing, ESO shall have no obligation hereunder for any claim resulting or arising from (x) Customer's breach of this Agreement; (y) modifications made to the Software not performed or provided by or on behalf of ESO or (z) the combination, operation or use by Customer (and/or

anyone acting on Customer's behalf) of the Software in connection with any other product or service (the combination or joint use of which causes the alleged infringement). This Section 11 states ESO's sole obligation and liability, and Customer's sole remedy, for potential or actual intellectual property infringement by the Software.

11.2. Indemnification Procedures. Upon becoming aware of any matter which is subject to the provisions of Sections 11.1 (a "Claim"), Customer must give prompt written notice of such Claim to ESO, accompanied by copies of any written documentation regarding the Claim received by the Customer. ESO shall compromise or defend, at its own expense and with its own counsel, any such Claim. Customer will have the right, at its option, to participate in the settlement or defense of any such Claim, with its own counsel and at its own expense; provided, however, that ESO will have the right to control such settlement or defense. ESO will not enter into any settlement that imposes any liability or obligation on Customer without the Customer's prior written consent. The parties will cooperate in any such settlement or defense and give each other full access to all relevant information, at ESO's expense.

12. LIMITATION OF LIABILITY

12.1. **LIMITATION OF DAMAGES**. NEITHER ESO NOR CUSTOMER SHALL BE LIABLE TO THE OTHER FOR ANY CONSEQUENTIAL, INDIRECT, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES, INCLUDING CLAIMS FOR DAMAGES FOR LOST PROFITS, GOODWILL, USE OF MONEY, STOPPAGE OF WORK OR IMPAIRMENT OF OTHER ASSETS RELATING TO THIS AGREEMENT.

12.2. **SPECIFIC LIABILITY**. LIABILITY SHALL BE LIMITED AS FOLLOWS:

(a) ESO'S OBLIGATIONS UNDER SECTION 11 SHALL BE LIMITED TO $1,000,000.

(b) DAMAGES ARISING FROM A PARTY'S BREACH OF CONFIDENTIALITY OBLIGATIONS (INCLUDING A BREACH OF OBLIGATIONS REGARDING PROTECTED HEALTH INFORMATION), SHALL BE LIMITED TO $1,000,000.

(c) DAMAGES ARISING FROM A PARTY'S WILLFUL MISCONDUCT OR CRIMINAL CONDUCT SHALL NOT BE LIMITED.

12.3. **GENERAL LIABILITY**. EXCEPT AS EXPRESSLY PROVIDED "SPECIFIC LIABILITY," ESO'S MAXIMUM AGGREGATE LIABILITY FOR ALL CLAIMS OF LIABILITY ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT SHALL NOT EXCEED THE FEES PAID BY (OR ON BEHALF OF) CUSTOMER WITHIN THE PRECEDING 12-MONTH PERIOD UNDER THE APPLICABLE ORDER OR EXHIBIT GIVING RISE TO THE CLAIM.

12.4. THE FOREGOING LIMITATIONS, EXCLUSIONS, DISCLAIMERS SHALL APPLY REGARDLESS OF WHETHER THE CLAIM FOR SUCH DAMAGES IS BASED IN CONTRACT, WARRANTY, STRICT LIABILITY, NEGLIGENCE, TORT OR OTHERWISE. INSOFAR AS APPLICABLE LAW PROHIBITS ANY LIMITATION HEREIN, THE PARTIES AGREE THAT SUCH LIMITATION SHALL BE AUTOMATICALLY MODIFIED, BUT ONLY TO THE EXTENT SO AS TO MAKE THE LIMITATION PERMITTED TO THE FULLEST EXTENT POSSIBLE UNDER SUCH LAW. THE PARTIES AGREE THAT THE LIMITATIONS SET FORTH HEREIN ARE AGREED ALLOCATIONS OF RISK CONSTITUTING IN PART THE CONSIDERATION FOR ESO'S SOFTWARE AND SERVICES TO CUSTOMER, AND SUCH LIMITATIONS WILL APPLY NOTWITHSTANDING THE FAILURE OF THE ESSENTIAL PURPOSES OF ANY LIMITED REMEDY AND EVEN IF A PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LIABILITIES.

12.5. THIS SECTION 12 SHALL SURVIVE EXPIRATION OR TERMINATION OF THE AGREEMENT.

13. CUSTOMER DATA & PRIVACY

13.1. Ownership of Data. As between ESO and Customer, all Customer Data shall be owned by Customer.

13.2. Use of Customer Data. Unless it receives Customer's prior written consent, ESO shall not grant any third-party access to Customer Data, except (a) subcontractors that are subject to a reasonable nondisclosure agreement or (b) authorized participants in the case of Software designed to permit Customer to transmit Customer Data. ESO may only use and disclose Customer Data to fulfill its obligations under this Agreement or as required by applicable law or legal or governmental authority. ESO shall give Customer prompt notice of any such legal or governmental demand and reasonably cooperate with Customer in any effort to seek a protective order or otherwise contest such required disclosure, at Customer's expense.

13.3. De-identified Data. CUSTOMER ACKNOWLEDGES AND AGREES THAT, NOTWITHSTANDING ANY OTHER PROVISION HEREIN, ESO MAY USE DE-IDENTIFIED DATA FOR INTERNAL AND EXTERNAL PURPOSES (INCLUDING BENCHMARKING AND RESEARCH), PROVIDED THAT ESO WILL NOT SELL DE-IDENTIFIED DATA TO THIRD PARTIES FOR COMMERCIAL USE. Without limiting the foregoing, ESO will own all right, title and interest in all Intellectual Property of any aggregated and de-identified reports, summaries, compilations, analysis, statistics or other information derived therefrom.

13.4. Internet Access. Customer is solely responsible for obtaining, maintaining, and securing its network connections, and acknowledges such connections are essential to the effective operation of the Software. ESO makes no representations to Customer regarding the reliability, performance or security of any network or service provider not provided or managed by ESO.

14. **WORK PRODUCT**

14.1. Work Product Ownership. In the event Customer hires ESO to perform Professional Services, ESO alone shall hold all right, title, and interest to all proprietary and intellectual property rights of the Deliverables (including, without limitation, patents, trade secrets, copyrights, and trademarks), as well as title to any copy of software made by or for Customer (if applicable). Customer hereby explicitly acknowledges and agrees that nothing in this Agreement or a separate Order gives the Customer any right, title, or interest to the intellectual property or proprietary know-how of the Deliverables.

15. **GOVERNMENT PROVISIONS**

15.1. Compliance with Laws. Both parties shall comply with and give all notices required by all applicable federal, state and local laws, ordinances, rules, regulations and lawful orders of any public authority bearing on use of the Software and the performance of this Agreement (provided that Customer shall be solely responsible for any such notice required to be given to its employees, agents or patients). Customer acknowledges and agrees that it must fully and accurately report discounts or other incentives under this Agreement on any cost reports or other applicable claims for payment submitted under any federal health care program, including but not limited to Medicare and Medicaid, as required by federal law.

15.2. Business Associate Agreement. The parties agree to the terms of the Business Associate Agreement attached as Exhibit C and incorporated herein by reference.

15.3. Equal Opportunity. The parties shall abide by the requirements of 41 CFR 60-1.4(a), 60-300.5(a) and 60-741.5(a), and the posting requirements of 29 CFR Part 471, appendix A to subpart A, if applicable (prohibiting discrimination on the basis of protected veteran status, disability, race, color, religion, sex, sexual orientation, gender identity or national origin).

15.4. Excluded Parties List. ESO agrees to report to Customer if an employee or contractor is listed by a federal agency as debarred, excluded or otherwise ineligible for participation in federally funded health care programs.

16. **PHI ACCURACY & COMPLETENESS**

16.1. Customer Responsibilities. The Software allows Customer and its Users to enter, document, and disclose Customer Data, and as such, ESO gives no representations or guarantees about the accuracy or completeness of Customer Data (including PHI) entered, uploaded or disclosed through the Software. Customer is solely responsible for any decisions or actions taken involving patient care or patient care management, whether those decisions or actions were made or taken using information received through the Software.

16.2. HDE Customer Certifications. In the interest of furthering community health through the power of data, ESO encourages Customers subscribing to ESO's Health Data Exchange ("HDE") Software to empower joint healthcare providers by incorporating relevant, HIPAA-compliant data elements in Customer's outgoing patient care records delivered through HDE. ESO shall annually accredit qualifying customers with Gold, Silver, or Bronze level certifications in accordance with Exhibit C, and Customer may reference such certification in marketing materials.

17. **MISCELLANEOUS**

17.1. Independent Contractors. The parties are independent contractors. Neither party is the agent of the other, and neither may make commitments on the other's behalf. The parties agree that no ESO employee or contractor is or will be considered an employee of Customer.

17.2. Notices. Notices provided under this Agreement must be in writing and delivered by (a) certified mail, return receipt requested to a party's principal place of business as forth in the recitals on page 1 of this Agreement, (b) hand delivered, (c) facsimile with receipt of a "Transmission Confirmed" acknowledgment, (d) e-mail to a person designated in writing by the receiving party, or (e) delivery by a reputable overnight carrier service. In the case of delivery by facsimile or e-mail, the notice must be followed by a copy of the notice being delivered by a means provided in (a), (b) or (e). The notice will be deemed given on the day the notice is received.

17.3. Merger Clause. In entering into this Agreement, neither party is relying upon any representations or statements of the other that are not fully expressed in this Agreement; rather, each party is relying on its own judgment and due diligence and expressly disclaims reliance upon any representations or statement not expressly set forth in this Agreement. In the event the Customer issues a purchase order, letter or any other document addressing the Software or Services to be provided and performed pursuant to this Agreement, it is hereby specifically agreed and understood that any such writing is for the Customer's internal purposes only, and that any terms, provisions, and conditions contained therein shall in no way modify this Agreement.

17.4. Severability. To the extent permitted by applicable law, the parties hereby waive any provision of law that would render any clause of this Agreement invalid or otherwise unenforceable in any respect. If a provision of this Agreement is held to be invalid or otherwise unenforceable, such provision will be interpreted to fulfill its intended purpose to the maximum extent permitted by applicable law, and the remaining provisions of this Agreement will continue in full force and effect.

17.5. Subcontracting. Except for Support Services, and training and implementation services related to the Software, neither party may

subcontract or delegate its obligations to each other hereunder, nor may it contract with third parties to perform any of its obligations hereunder except as contemplated in this Agreement, without the other party's prior written consent.

17.6. Modifications and Amendments. This Agreement may not be amended except through a written agreement signed by authorized representatives of each party, provided that the Customer agrees that ESO may rely on informal writings (including emails) of Customer's authorized representatives to terminate Software products and services.

17.7. Force Majeure. No delay, failure, or default will constitute a breach of this Agreement to the extent caused by acts of war, terrorism, hurricanes, earthquakes, other acts of God or of nature, strikes or other labor disputes, riots or other acts of civil disorder, embargoes, or other causes beyond the performing party's reasonable control (collectively, "Force Majeure"). In such event, however, the delayed party must promptly provide the other party notice of the Force Majeure. The delayed party's time for performance will be excused for the duration of the Force Majeure, but if the event last longer than 30 days, the other party may immediately terminate the applicable Order.

17.8. Marketing. If requested by ESO, Customer agrees to reasonably cooperate with ESO's preparation and issuance of a public announcement regarding the relationship of the parties.

17.9. Waiver & Breach. Neither party will be deemed to waive any rights under this Agreement except through an explicit written waiver made by an authorized representative. No waiver of a breach of this Agreement will constitute a waiver of any other breach hereof.

17.10. Survival of Terms. Unless otherwise stated, all of ESO's and Customer's respective obligations, representations and warranties under this Agreement which are not, by the expressed terms of this Agreement, fully to be performed while this Agreement is in effect shall survive the termination of this Agreement.

17.11. Ambiguous Terms. This Agreement will not be construed against any party by reason of its preparation.

17.12. Governing Law. This Agreement, any claim dispute or controversy hereunder (a ***"Dispute"***) will be governed by (i) the laws of the State of Florida and the United Stated of America, or (ii) if Customer is a city, county, municipality or other governmental entity, the law of state where Customer is located, in each case foregoing without regard to its conflicts of law. The UN Convention for the International Sale of Goods and the Uniform Computer Information Transactions Act will not apply. In any Dispute, each party will bear its own attorneys' fees and costs and expressly waives any statutory right to attorneys' fees. Venue for state matters is exclusively in the Sixteenth Judicial Circuit in and for Monroe County, FL; and venue for federal matters is exclusively in the U.S. District Court in and for the Southern District of Florida.

17.13. New Versions & Sunset. If ESO releases a New Version of Licensed Software (*i.e.*, not SaaS), Customer may elect to receive such New Version, subject to a relicense fee of 75% of the standard price for such new version; and same must be memorialized via a formal amendment to the agreement, and specifically the products and services listings of the Customer outlined in "Exhibit D." All New Versions provided under this Agreement will constitute Licensed Software and be subject to the terms and conditions of this Agreement. ESO may discontinue Support Services for Licensed Software upon 12 months' notice to Customer.

17.14. No Class Actions. NEITHER PARTY SHALL BE ENTITLED TO JOIN OR CONSOLIDATE CLAIMS BY OR AGAINST OTHER ESO CUSTOMERS, OR PURSUE ANY CLAIM AS A REPRESENTATIVE OR CLASS ACTION OR IN A PRIVATE ATTORNEY GENERAL CAPACITY.

17.15. Dispute Resolution. Customer and ESO will attempt to resolve any Dispute through negotiation or by utilizing a mediator agreed to by the parties, rather than through litigation. Negotiations and mediations will be treated as confidential. If the parties are unable to reach a resolution within 30 days of notice of the Dispute to the other party, the parties may pursue all other courses of action available at law or in equity.

17.16. Technology Export. Customer shall not: (a) permit any third party to access or use the Software in violation of any U.S. law or regulation; or (b) export any software provided by ESO or otherwise remove it from the United States except in compliance with all applicable U.S. laws and regulations. Without limiting the generality of the foregoing, Customer shall not permit any third party to access or use the Software in, or export such software to, a country subject to a United States embargo (as of the Effective Date - Cuba, Iran, North Korea, Sudan, and Syria).

17.17. Reserved.

17.18. Counterparts. This Agreement may be executed in one or more counterparts. Each counterpart will be an original, and all such counterparts will constitute a single instrument.

17.19. Reserved.

2. **SUPPORT SERVICES.**

   2.1. Customer will provide at least one administrative employee (the "Administrator" or "Administrators") who will handle all requests for first-level support from Customer's employees with respect to the Software. Such support is intended to be the "front line" for support and information about the Software to Customer's Users. ESO will provide training, documentation, and materials to the Administrator to enable the Administrator to provide technical support to Customer's Users. The Administrator will notify a Support Representative of any Errors that the Administrator cannot resolve and assist ESO in information gathering.

   2.2. ESO will provide Support Services consisting of (a) Error Correction(s); (b) Enhancements, Updates and Upgrades that ESO, in its discretion, makes generally available to its customers without additional charge; and (c) E-mail Support, telephone support, and Online Support. ESO may use multiple forms of communication for purposes of submitting periodic status reports

to Customer, including but not limited to, messages in the Software, messages appearing upon login to the Software or other means of broadcasting Status Update(s) to multiple customers affected by the same Error, such as a customer portal.

2.3. ESO's support desk will be staffed with competent technical consultants who are trained in and thoroughly familiar with the Software and with Customer's applicable configuration. Telephone support and all communications will be delivered in intelligible English.

2.4. Normal business hours for ESO's support desk are Monday through Friday 7:00 am to 7:00 pm CT. Customer will receive a call back from a Support Representative after-hours for a Severity 1 Error.

2.5. ESO will provide responses to a technology and/or security assessment of reasonable detail (a "Tech Assessment") upon request prior to (or in connection with) implementation. ESO will provide responses to any subsequent Tech Assessments provided that Customer compensates ESO at its then-current and standard consulting rates for all work performed in connection with such Tech Assessments.

ERROR PRIORITY LEVELS. Customer will report all Errors to ESO via ESO's Support Request Form link (New Case Form - ESO) or by telephone (866-766-9471, option #3). ESO shall exercise commercially reasonable efforts to correct any Error reported by Customer in accordance with the priority level reasonably assigned to such Error by ESO.

2.6. Severity 1 Error. ESO shall (i) commence Error Correction promptly; (ii) provide an Initial Response within four hours; (iii) initiate Management Escalation promptly; and (iv) provide Customer with a Status Update within four hours if ESO cannot resolve the Error within four hours.

EXHIBIT C
HIPAA BUSINESS ASSOCIATE AGREEMENT

Customer and ESO Solutions, Inc. ("Business Associate") agree that this HIPAA Business Associate Agreement is entered into for the benefit of Customer, which is a covered entity under the Privacy Standards ("Covered Entity"). Pursuant to the ESO Subscription Agreement (the "Agreement") into which this HIPAA Business Associate Agreement (this "BAA") has been incorporated, Business Associate may perform functions or activities involving the use and/or disclosure of PHI on behalf of the Covered Entity, and therefore, Business Associate may function as a business associate. Business Associate, therefore, agrees to the following terms and conditions.

1. Scope. This BAA applies to and is hereby automatically incorporated into all present and future agreements and relationships, whether written, oral or implied, between Covered Entity and Business Associate, pursuant to which PHI is created, maintained, received or transmitted by Business Associate from or on behalf of Covered Entity in any form or medium whatsoever.

2. Definitions. For purposes of this BAA, the terms used herein, unless otherwise defined, shall have the same meanings as used in the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), or the Health Information Technology for Economic and Clinical Health Act ("HITECH"), and any amendments or implementing regulations, (collectively "HIPAA Rules").

3. Compliance with Applicable Law. The parties acknowledge and agree that, beginning with the relevant effective date, Business Associate shall comply with its obligations under this BAA and with all obligations of a business associate under HIPAA, HITECH, the HIPAA Rules, and other applicable laws and regulations, as they exist at the time this BAA is executed and as they are amended, for so long as this BAA is in place.

4. Permissible Use and Disclosure of PHI. Business Associate may use and disclose PHI as necessary to carry out its duties to a Covered Entity pursuant to the terms of the Agreement, as required by law, or as permitted by the Agreement. Business Associate may also use and disclose PHI (i) for its own proper management and administration, and (ii) to carry out its legal responsibilities. If Business Associate discloses Protected Health Information to a third party for either above reason, prior to making any such disclosure, Business Associate must obtain: (i) reasonable assurances from the receiving party that such PHI will be held confidential and be disclosed only as required by law or for the purposes for which it was disclosed to such receiving party; and (ii) an agreement from such receiving party to immediately notify Business Associate of any known breaches of the confidentiality of the PHI.

5. Limitations on Use and Disclosure of PHI. Business Associate shall not, and shall ensure that its directors, officers, employees, subcontractors, and agents do not, use or disclose PHI in any manner that is not permitted by the Agreement or that would violate Subpart E of 45 C.F.R. 164 ("Privacy Rule") if done by a Covered Entity. All uses and disclosures of, and requests by, Business Associate for PHI are subject to the minimum necessary rule of the Privacy Rule.

6. Required Safeguards to Protect PHI. Business Associate shall use appropriate safeguards, and comply with Subpart C of 45 C.F.R. Part 164 ("Security Rule") with respect to electronic PHI, to prevent the use or disclosure of PHI other than pursuant to the terms and conditions of this BAA.

7. Reporting to Covered Entity. Business Associate shall report to the affected Covered Entity without unreasonable delay: (a) any use or disclosure of PHI not provided for by the Agreement of which it becomes aware; (b) any breach of unsecured PHI in accordance with 45 C.F.R. Subpart D of 45 C.F.R. 164 ("Breach Notification Rule"); and (c) any security incident of which it becomes aware. With regard to Security Incidents caused by or occurring to Business Associate, Business Associate shall cooperate with the Covered Entity's investigation, analysis, notification and mitigation activities, and except for Security Incidents caused by Covered Entity, shall be responsible for reasonable costs incurred by the Covered Entity for those activities. Notwithstanding the foregoing, Covered Entity acknowledges and shall be deemed to have received advanced notice from Business Associate that there are routine occurrences of: (i) unsuccessful attempts to penetrate computer networks or services maintained by Business Associate; and (ii) immaterial incidents such as "pinging" or "denial of services" attacks.

8. Mitigation of Harmful Effects. Business Associate agrees to mitigate, to the extent practicable, any harmful effect of a use or disclosure of PHI by Business Associate in violation of the requirements of the Agreement, including, but not limited to, compliance with any state law or contractual data breach requirements.

9. Agreements by Third Parties. Business Associate shall enter into an agreement with any subcontractor of Business Associate that creates, receives, maintains or transmits PHI on behalf of Business Associate. Pursuant to such agreement, the subcontractor shall agree to be bound by the same or greater restrictions, conditions, and requirements that apply to Business Associate under this BAA with respect to such PHI.

10. Access to PHI. Within five business days of a request by a Covered Entity for access to PHI about an individual contained in a Designated Record Set, Business Associate shall make available to the Covered Entity such PHI for so long as such information is maintained by Business Associate in the Designated Record Set, as required by 45 C.F.R. 164.524. In the event any individual delivers directly to Business Associate a request for access to PHI, Business Associate shall within five (5) business days forward such request to the Covered Entity.

11. Amendment of PHI. Within five business days of receipt of a request from a Covered Entity for the amendment of an individual's PHI or a record regarding an individual contained in a Designated Record Set (for so long as the PHI is maintained in the Designated Record Set), Business Associate shall provide such information to the Covered Entity for amendment and incorporate any such amendments in the PHI as required by 45 C.F.R. 164.526. In the event any individual delivers directly to Business Associate a request for amendment to PHI, Business Associate shall within five business days forward such request to the Covered Entity.

12. Documentation of Disclosures. Business Associate agrees to document disclosures of PHI and information related to such disclosures as would be required for a Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 C.F.R. 164.528 and HITECH.

13. Accounting of Disclosures. Within five business days of notice by a Covered Entity to Business Associate that it has received a request for an accounting of disclosures of PHI, Business Associate shall make available to a Covered Entity information to permit the Covered Entity to respond to the request for an accounting of disclosures of PHI, as required by 45 C.F.R. 164.528 and HITECH.

14. Other Obligations. To the extent that Business Associate is to carry out one or more of a Covered Entity's obligations under the Privacy Rule, Business Associate shall comply with such requirements that apply to the Covered Entity in the performance of such obligations.

15. Judicial and Administrative Proceedings. In the event Business Associate receives a subpoena, court or administrative order or other discovery request or mandate for release of PHI, the affected Covered Entity shall have the right to control Business Associate's response to such request, provided that, such control does not have an adverse impact on Business Associate's compliance with existing laws. Business Associate shall notify the Covered Entity of the request as soon as reasonably practicable, but in any event within seven business days of receipt of such request.

16. Availability of Books and Records. Business Associate hereby agrees to make its internal practices, books, and records available to the Secretary of the Department of Health and Human Services for purposes of determining compliance with the HIPAA Rules.

17. Breach of Contract by Business Associate. In addition to any other rights a party may have in the Agreement, this BAA or by operation of law or in equity, either party may: i) immediately terminate the Agreement if the other party has violated a material term of this BAA; or ii) at the non-breaching party's option, permit the breaching party to cure or end any such violation within the time specified by the non-breaching party. The non-breaching party's option to have cured a breach of this BAA shall not be construed as a waiver of any other rights the non-breaching party has in the Agreement, this BAA or by operation of law or in equity.

18. Effect of Termination of Agreement. Upon the termination of the Agreement or this BAA for any reason, Business Associate shall return to a Covered Entity or, at the Covered Entity's direction, destroy all PHI received from the Covered Entity that Business Associate maintains in any form, recorded on any medium, or stored in any storage system. This provision shall apply to PHI that is in the possession of Business Associate, subcontractors, and agents of Business Associate. Business Associate shall retain no copies of the PHI. Business Associate shall remain bound by the provisions of this BAA, even after termination of the Agreement or BAA, until such time as all PHI has been returned or otherwise destroyed as provided in this Section. For the avoidance of doubt, de-identified Customer Data shall not be subject to this provision.

19. Injunctive Relief. Business Associate stipulates that its unauthorized use or disclosure of PHI while performing services pursuant to this BAA would cause irreparable harm to a Covered Entity, and in such event, the Covered Entity shall be entitled to institute proceedings in any court of competent jurisdiction to obtain damages and injunctive relief.

20. Owner of PHI. Under no circumstances shall Business Associate be deemed in any respect to be the owner of any PHI created or received by Business Associate on behalf of a Covered Entity.

21. Safeguards and Appropriate Use of Protected Health Information. Covered Entity is responsible for implementing appropriate privacy and security safeguards to protect its PHI in compliance with HIPAA. Without limitation, it is Covered Entity's obligation to:

    21.1. Not include PHI in information Covered Entity submits to technical support personnel through a technical support request or to community support forums. In addition, Business Associate does not act as, or have the obligations of a Business Associate under the HIPAA Rules with respect to Customer Data once it is sent to or from Covered Entity outside ESO's Software over the internet; and

    21.2. Implement privacy and security safeguards in the systems, applications, and software Covered Entity controls, configures and connects to ESO's Software.

22. Third Party Rights. The terms of this BAA do not grant any rights to any parties other than Business Associate and the Covered Entity.

23. Signatures. The signatures to the Agreement (or the document evidencing the parties' adoption thereof) indicate agreement hereto and shall be deemed signatures hereof, whether manual, electronic or facsimile.

ABB INC. GENERAL TERMS AND CONDITIONS OF SALE

(2024-01 U.S.)

1. General.
The terms and conditions contained herein, together with any additional or different terms contained in ABB's proposal, quotation and/or invoice ("Proposal"), if any, submitted to Purchaser (which Proposal, Policies, Addendum(s), if any, submitted to Purchaser shall control over any conflicting terms), constitute the entire agreement (the "Agreement") between the parties with respect to the purchase order and supersede all prior communications and agreements regarding the purchase order. Acceptance by ABB of the purchase order, or Purchaser's acceptance of ABB's Proposal, is expressly limited to and conditioned upon Purchaser's acceptance of these terms and conditions, payment for or acceptance of any performance by ABB being acceptance. These terms and conditions may not be changed or superseded by any different or additional terms and conditions proposed by Purchaser to which terms ABB hereby objects. Unless the context otherwise requires, the term "Equipment" as used herein means all of the equipment, parts, accessories sold, and all software and software documentation, if any, licensed to Purchaser by ABB ("Software") under the purchase order. Unless the context otherwise requires, the term "Services" as used herein means all labor, supervisory, technical and engineering, installation, repair, consulting or other services provided by ABB under the purchase order. As used herein, the term "Purchaser" shall also include the initial end user of the Equipment and/or services; provided, however, that Article 14(a) shall apply exclusively to the initial end user.

2. Prices.
(a) Unless otherwise specified in writing, all Proposals expire thirty (30) days from the date thereof and may be modified or withdrawn by ABB before receipt of Purchaser's conforming acceptance. All quoted prices are subject to revision at any time in the event of any increase in raw material, energy costs or governmental actions such as tariffs.
(b) Unless otherwise stated herein, Services prices are based on normal business hours (8 a.m. to 5 p.m. Monday through Friday). Overtime and Saturday hours will be billed at one and one-half (1 1/2) times the hourly rate; and Sunday hours will be billed at two (2) times the hourly rate; holiday hours will be billed at three (3) times the hourly rate. If a Services rate sheet is attached hereto, the applicable Services rates shall be those set forth in the rate sheet. Rates are subject to change without notice.
(c) The price does not include any federal, state or local property, license, privilege, sales, use, excise, gross receipts, or other like taxes which may now or hereafter be applicable. Purchaser agrees to pay or reimburse any such taxes which ABB or its suppliers are required to pay or collect. If Purchaser is exempt from the payment of any tax or holds a direct payment permit, Purchaser shall, upon purchase order placement, provide ABB a copy, acceptable to the relevant governmental authorities of any such certificate or permit.
(d) The price includes customs duties and other importation or exportation fees, if any, at the rates in effect on the date of ABB's Proposal. Any change after that date in such duties, fees, or rates, shall increase the price by ABB's additional cost.

3. Payment.
(a) Unless specified to the contrary in writing by ABB, payment terms are net cash, payable without offset, in United States Dollars, 30 days from date of invoice by wire transfer to the account designated by ABB in the Proposal. ABB is not required to commence or continue its performance unless and until invoiced payments have been received in a timely fashion. For each day of delay in receiving required payments, ABB shall be entitled to a matching extension of the schedule.
(b) If in the judgment of ABB, the financial condition of Purchaser at any time prior to delivery does not justify the terms of payment specified, ABB may require payment in advance, payment security satisfactory to ABB and suspend its performance until said advance payment or payment security is received or may terminate the purchase order, whereupon ABB shall be entitled to receive reasonable cancellation charges. If delivery is delayed by Purchaser, payment shall be due on the date ABB is prepared to make delivery. Delays in delivery or nonconformities in any installments delivered shall not relieve Purchaser of its obligation to accept and pay for remaining installments.
(c) Purchaser shall pay, in addition to the overdue payment, a late charge equal to the lesser of 1 1/2% per month or any part thereof or the highest applicable rate allowed by law on all such overdue amounts plus ABB's attorneys' fees and court costs incurred in connection with collection. If Purchaser fails to make payment of any amounts due under any purchase order and fails to cure such default within ten (10) days after receiving written notice specifying such default, then ABB may by written notice, at its option, suspend its performance under the purchase order until such time as the full balance is paid or terminate the purchase order, as of a date specified in such notice. In the event of suspension, cancellation or termination hereunder, ABB will be entitled to recover all costs for work performed to date, costs associated with suspension, cancellation or termination of the work and all other costs recoverable at law.

4. Changes.
(a) Any changes requested by Purchaser affecting the ordered scope of work must first be reviewed by ABB and any resulting adjustments to affected provisions, including price, schedule, and guarantees mutually agreed in writing prior to implementation of the change.
(b) ABB may, at its expense, make such changes in the Equipment or Services as it deems necessary, in its sole discretion, to conform the Equipment or Services to the applicable specifications. If Purchaser objects to any such changes, ABB shall be relieved of its obligation to conform to the applicable specifications to the extent that conformance may be affected by such objection.

5. Delivery.
(a) All Equipment manufactured, assembled or warehoused in the continental United States is delivered FCA ABB point of shipment, Incoterms® 2020 unless otherwise mutually agreed in writing. Equipment shipped outside the continental United States is delivered FCA Incoterms® 2020 United States port of export unless otherwise mutually agreed in writing. Purchaser shall be responsible for any and all demurrage or detention charges.
(b) If the scheduled delivery of Equipment is delayed by Purchaser or by Force Majeure, ABB may move the Equipment to storage for the account of and at the risk of Purchaser whereupon it shall be deemed to be delivered.
(c) Shipping and delivery dates are contingent upon Purchaser's timely approvals and delivery by Purchaser of any documentation required for ABB's performance hereunder.
(d) Claims for shortages or other errors in delivery must be made in writing to ABB within ten (10) days of delivery. Equipment may not be returned except with the prior written consent of and subject to terms specified by ABB. Claims for damage after delivery shall be made directly by Purchaser with the common carrier.

6. Title & Risk of Loss.
Except with respect to Software (for which title shall not pass, use being licensed) title to Equipment shall transfer to Purchaser upon delivery according to the applicable freight term. Notwithstanding any agreement with respect to delivery terms or payment of transportation charges, risk of loss or damage with respect to the sale of Equipment shall pass from ABB to Purchaser at delivery as defined in this Agreement. With respect to a purchase order that obligates ABB to complete the installation of purchased Equipment, risk of loss for the Equipment shall pass from ABB to Purchaser at the earlier of the time Purchaser puts the installation to its specified purpose or until the completion of the installation pursuant to this Agreement.

7. Inspection, Testing and Acceptance.
(a) Any inspection by Purchaser of Equipment on ABB's premises shall be scheduled in advance to be performed during normal working hours and subject to rules and regulations in place at the ABB premises.
(b) If the purchase order provides for factory acceptance testing, ABB shall notify Purchaser when ABB will conduct such testing prior to shipment. Unless Purchaser states specific objections in writing within ten (10) days after completion of factory acceptance testing, completion of the acceptance test constitutes Purchaser's factory acceptance of the Equipment and its authorization for shipment.
(c) If the purchase order provides for site acceptance testing, testing will be performed by ABB personnel to verify that the Equipment has arrived at site complete, without physical damage, and in good operating condition. Completion of site acceptance testing constitutes full and final acceptance of the Equipment. If, through no fault of ABB, acceptance testing is not completed within thirty (30) days after arrival of the Equipment at the site, the site acceptance test shall be deemed completed and the Equipment shall be deemed accepted.

8. Warranties and Remedies.
(a) Equipment and Services Warranty. ABB warrants that Equipment (excluding Software, which is warranted as specified in paragraph (d) below) shall be delivered free of defects in material and workmanship and that

Services shall be free of defects in workmanship. The Warranty Remedy Period for Equipment (excluding Software and Spare Parts) shall end twelve (12) months after installation or eighteen (18) months after date of shipment, whichever first occurs. The Warranty Remedy Period for new spare parts shall end twelve (12) months after date of shipment. If the purchase order includes the sale of refurbished or repaired parts, the Warranty Remedy Period for such parts shall end ninety (90) days after date of shipment. The Warranty Remedy Period for Services shall end ninety (90) days after the date of completion of Services.
(b) Equipment and Services Remedy. If a nonconformity to the foregoing warranty is discovered in the Equipment or Services during the applicable Warranty Remedy Period, as specified above, under normal and proper use and provided the Equipment has been properly stored, installed, operated and maintained and written notice of such nonconformity is provided to ABB promptly after such discovery and within the applicable Warranty Remedy Period, ABB shall, at its option, either (i) repair or replace the nonconforming portion of the Equipment or re-perform the nonconforming Services or (ii) refund the portion of the price applicable to the nonconforming portion of Equipment or Services. If any portion of the Equipment or Services so repaired, replaced or re-performed fails to conform to the foregoing warranty, and written notice of such nonconformity is provided to ABB promptly after discovery and within the original Warranty Remedy Period applicable to such Equipment or Services or thirty (30) days from completion of such repair, replacement or re-performance, whichever is later, ABB will repair or replace such nonconforming Equipment or re-perform the nonconforming Services. The original Warranty Remedy Period shall not otherwise be extended.
(c) Exceptions. ABB shall not be responsible for providing temporary power, removal, installation, reimbursement for labor costs or working access to the nonconforming Equipment, including disassembly and re-assembly of non-ABB supplied equipment, or for providing transportation to or from any repair facility, or for any other expenses incurred in connection with the repair or replacement, all of which shall be at Purchaser's risk and expense. ABB shall have no obligation hereunder with respect to any Equipment which (i) has been improperly repaired or altered; (ii) has been subjected to misuse, negligence or accident; (iii) has been used in a manner contrary to ABB's instructions; (iv) is comprised of materials provided by or a design specified by Purchaser; or (v) has failed as a result of ordinary wear and tear. Equipment supplied by ABB but manufactured by others is warranted only to the extent of the manufacturer's warranty, and only the remedies, if any, provided by the manufacturer will be allowed.
(d) Software Warranty and Remedies. ABB warrants that, except as specified below, the Software will, when properly installed, execute in accordance with ABB's published specification. If a nonconformity to the foregoing warranty is discovered during the period ending one (1) year after the date of shipment and written notice of such nonconformity is provided to ABB promptly after such discovery and within that period, including a description of the nonconformity and complete information about the manner of its discovery, ABB shall correct the nonconformity by, at its option, either (i) modifying or making available to the Purchaser instructions for modifying the Software; or (ii) making available at ABB's facility necessary corrected or replacement programs. ABB shall have no obligation with respect to any nonconformities resulting from (i) unauthorized modification of the Software or (ii) Purchaser-supplied software or interfacing. ABB does not warrant that the functions contained in the software will operate in combinations which may be selected for use by the Purchaser, or that the software products are free from errors in the nature of what is commonly categorized by the computer industry as "bugs".
(e) THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES OF QUALITY AND PERFORMANCE, WHETHER WRITTEN, ORAL OR IMPLIED, AND ALL OTHER WARRANTIES INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USAGE OF TRADE ARE HEREBY DISCLAIMED. THE REMEDIES STATED HEREIN CONSTITUTE PURCHASER'S EXCLUSIVE REMEDIES AND ABB'S ENTIRE LIABILITY FOR ANY BREACH OF WARRANTY.

9. Intellectual Property Infringement.
(a) ABB shall defend at its own expense any action brought against Purchaser alleging that the Equipment or the use of the Equipment to practice any process for which such Equipment is specified by ABB (a "Process") directly infringes a patent in effect in the United States, an European Union member state or the country of the Site (provided there is a corresponding patent issued by the U.S., UK or an EU member state), or any copyright or trademark registered in the country of the Site and to pay all damages and costs finally awarded in any such action, provided that Purchaser has given ABB prompt written notice of such action, all necessary assistance in the defense thereof and the right to control all aspects of the defense thereof including the right to settle or otherwise terminate such action in behalf of Purchaser.

(b) ABB shall have no obligation hereunder and this provision shall not apply to: (i) any other equipment or processes, including Equipment or Processes which have been modified or combined with other equipment or process not supplied by ABB; (ii) any Equipment or Process supplied according to a design, other than an ABB design, required by Purchaser; (iii) any products manufactured by the Equipment or Process; (iv) any use of the Equipment or Process contrary to ABB instructions; (v) any patent issued after the date hereof; or (vi) any action settled or otherwise terminated without the prior written consent of ABB.

(c) If, in any such action, the Equipment is held to constitute an infringement, or the practice of any Process using the Equipment is finally enjoined, ABB shall, at its option and its own expense, procure for Purchaser the right to continue using said Equipment; or modify or replace it with non-infringing equipment or, with Purchaser's assistance, modify the Process so that it becomes non-infringing; or remove it and refund the portion of the price allocable to the infringing Equipment. THE FOREGOING PARAGRAPHS STATE THE EXCLUSIVE LIABILITY OF ABB AND EQUIPMENT MANUFACTURER FOR ANY INTELLECTUAL PROPERTY INFRINGEMENT.
(d) To the extent that said Equipment or any part thereof is modified by Purchaser, or combined by Purchaser with equipment or processes not furnished hereunder (except to the extent that ABB is a contributory infringer) or said Equipment or any part thereof is used by Purchaser to perform a process not furnished hereunder by ABB or to produce an article, and by reason of said modification, combination, performance or production, an action is brought against ABB, Purchaser shall defend and indemnify ABB in the same manner and to the same extent that ABB would be obligated to indemnify Purchaser under this "Intellectual Property Indemnification" provision.

10. Waiver of Consequential Damages.
In no event shall ABB, its suppliers or subcontractors be liable for special, indirect, incidental or consequential damages, whether in contract, warranty, tort, negligence, strict liability or otherwise, including, but not limited to, loss of profits or revenue, loss of data, loss of use, loss of use of any of the Equipment or any associated equipment, cost of capital, cost of substitute equipment, facilities or services, downtime costs, delays, and claims of customers of the Purchaser or other third parties for any damages.

11. Limitation of Liability.
(a) ABB's aggregate liability for all claims whether in contract, warranty, tort, negligence, strict liability, or otherwise for any loss or damage arising out of, connected with, or resulting from this Agreement or the performance or breach thereof, or from the design, manufacture, sale, delivery, resale, repair, replacement, installation, technical direction of installation, inspection, operation or use of any equipment covered by or furnished under this Agreement, or from any services rendered in connection therewith, shall in no case (except as provided in the section entitled "Intellectual Property Indemnification") exceed the purchase order price.
(b) All causes of action against ABB arising out of or relating to this Agreement or the performance or breach hereof shall expire unless brought within one (1) year of the time of accrual thereof.
(c) In no event, regardless of cause, shall ABB be liable for penalties or penalty clauses of any description or for indemnification of Purchaser or others for costs, damages, or expenses arising out of or related to the Equipment and/Services.
(d) The rights and remedies of the parties contained under these terms and conditions shall be sole and exclusive.

12. Laws and Regulations.
ABB does not assume any responsibility for compliance with federal, state or local laws and regulations, except as expressly set forth herein, and compliance with any laws and regulations relating to the operation or use of the Equipment or Software is the sole responsibility of the Purchaser. All laws and regulations referenced herein shall be those in effect as of the Proposal date. In the event of any subsequent revisions or changes thereto, ABB assumes no responsibility for compliance therewith. If Purchaser desires a modification as a result of any such change or revision, it shall be treated as a change per Article 4. Nothing contained herein shall be construed as imposing responsibility or liability upon ABB for obtaining any permits, licenses or approvals from any agency required in connection with the supply, erection or operation of the Equipment. This Agreement shall in all respects be governed by, and construed, interpreted and enforced in accordance with the laws of the State of New York, USA, excluding its conflicts of laws rules and the provisions of the United Nations Convention on Contracts for the International Sale of Goods, and both parties hereby agree that any litigation concerning, arising out of, or related to this Agreement, whether claims are based on contract, tort, equity or otherwise, shall be conducted only in the state or federal courts functioning in the State of New York, Manhattan County and waive the defense of an inconvenient forum in respect to any such litigation. If any provision hereof, partly or completely, shall be held invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision or portion hereof and these terms shall be construed as if such invalid or unenforceable provision or portion thereof had never existed.

13. OSHA.
ABB warrants that the Equipment will comply with the relevant standards of the Occupational Safety and Health Act of 1970 ("OSHA") and the regulations promulgated thereunder as of the date of the Proposal. Upon prompt written notice from the Purchaser of a breach of this warranty, ABB will replace the affected part or modify it so that it conforms to such standard or regulation. ABB's obligation shall be limited to such replacement or modification. In no event shall ABB be responsible for liability arising out of the violation of any OSHA standards relating to or caused by Purchaser's design, location, operation, or maintenance of the Equipment, its use in association with other equipment of Purchaser, or the alteration of the Equipment by any party other than ABB.

14. Software License. (a) ABB owns all rights in or has the right to sublicense all of the Software, if any, to be delivered to Purchaser under this Agreement. As part of the sale made hereunder Purchaser hereby obtains a limited license to use the Software, subject to the following: (i) the Software may be used only in conjunction with equipment specified by ABB;(ii) the Software shall be kept strictly confidential; (iii) the Software shall not be copied, reverse engineered, or modified; (iv) the Purchaser's right to use the Software shall terminate immediately when the specified equipment is no longer used by the Purchaser or when otherwise terminated, e.g. for breach, hereunder; and (v) the rights to use the Software are non-exclusive and non-transferable, except with ABB's prior written consent.
(b) Nothing in this Agreement shall be deemed to convey to Purchaser any title to or ownership in the Software or the intellectual property contained therein in whole or in part, nor to designate the Software a "work made for hire" under the Copyright Act, nor to confer upon any person who is not a named party to this Agreement any right or remedy under or by reason of this Agreement. In the event of termination of this License, Purchaser shall immediately cease using the Software and, without retaining any copies, notes or excerpts thereof, return to ABB the Software and all copies thereof and shall remove all machine-readable Software from all of Purchaser's storage media.

15. Intellectual Property, Inventions and Information.
(a) "Intellectual Property Rights" means all current and future rights in copyrights, trade secrets, trademarks, mask works, patents, design rights, trade dress, and any other intellectual property rights that may exist anywhere in the world, including, in each case whether unregistered, registered or comprising an application for registration, and all rights and forms of protection of a similar nature or having equivalent or similar effect to any of the foregoing. "Technology" means all inventions, discoveries, ideas, concepts, methods, code, executables, manufacturing processes, unique compositions, mask works, designs, marks, and works of authorship fixed in the medium of expression, and materials pertaining to any of the preceding; whether or not patentable, copyrightable or subject to other forms of protection.

(b) ABB shall maintain all right, title and interest in any Technology and Intellectual Property Rights that ABB owned, created, conceived or discovered prior to entering into this Agreement, or owns, creates or discovers separately from the activities contemplated by this Agreement. Unless otherwise agreed in writing by ABB and Purchaser, ABB shall have all right, title and interest in any Technology and Intellectual Property Rights that ABB creates, conceives or discovers in furtherance of this Agreement, and ABB shall have all right, title and interest in any Technology and Intellectual Property Rights embodied in the Equipment and Services. Any design, manufacturing drawings or other information submitted to the Purchaser remains the exclusive property of ABB. Purchaser shall not, without ABB's prior written consent, copy or disclose such information to a third party, unless required by a public information request from a governmental body. Such information shall be used solely for the operation or maintenance of the Equipment and not for any other purpose, including the duplication thereof in whole or in part.

16. Force Majeure.
ABB shall neither be liable for loss, damage, detention or delay nor be deemed to be in default for failure to perform when prevented from doing so by causes beyond its reasonable control including but not limited to acts of war (declared or undeclared), delays attributable to outbreaks, epidemics and pandemics (including any variations),

Acts of God, fire, strike, labor difficulties, acts or omissions of any governmental authority or of Purchaser, compliance with government regulations, insurrection or riot, embargo, delays or shortages in transportation or inability to obtain necessary labor, materials, or manufacturing facilities from usual sources or from defects or delays in the performance of its suppliers or subcontractors due to any of the foregoing enumerated causes. In the event of delay due to any such cause, the date of delivery will be extended by period equal to the delay plus a reasonable time to resume production, and the price will be adjusted to compensate ABB for such delay.

17. Cancellation.
Special order, custom designed, and made-to-order Equipment are non-cancelable and non-returnable. Any other purchase order may be cancelled by Purchaser only upon prior written notice and payment of termination charges as set forth in the cancellation schedule included in the Proposal or payment of, including but not limited to, the purchase price of the work performed prior to the effective date of notice of termination, the costs identified to the purchase order incurred by ABB for work not completed, and all expenses incurred by ABB attributable to the termination, plus a fixed sum of ten (10) percent of the final total price to compensate for disruption in scheduling, planned production and other indirect costs.

18. Termination.
(a) No termination by Purchaser for material default shall be effective unless, within fifteen (15) days after receipt by ABB of Purchaser's written notice specifying such default, ABB shall have failed to initiate and pursue with due diligence correction of such specified default.
(b) If the event of termination for a material default, ABB shall reimburse Purchaser the difference between that portion of the Agreement price allocable to the terminated scope and the actual amounts reasonably incurred by Purchaser to complete that scope, and Purchaser shall pay to ABB the portion of the Agreement price allocable to Equipment completed and any amounts due for Services performed before the effective date of termination.
(c) ABB may terminate the Agreement (or any affected portion thereof) immediately for cause if Purchaser becomes insolvent/bankrupt, or materially breaches the Agreement, including, but not limited to, failure or delay in Purchaser making any payment when due, or fulfilling any payment conditions.

(a) The following definitions apply to this Article19:
"Trade Control Laws" means all applicable trade and economic sanctions laws and regulations, specifically including but not limited to the U.S. International Traffic in Arms Regulations ("ITAR"), 22 C.F.R. 120 et seq.; the Export Administration Regulations ("EAR"), 15 C.F.R. 730-774; the Foreign Assets Control Regulations ("FACR"), 31 C.F.R. 500-598; the Foreign Trade Regulations ("FTR"), 15 C.F.R. 30-199; and, any administrative or regulatory decisions or guidelines adopted pursuant to Trade Control Laws.
"Purchaser Entities" means Purchaser's officers, directors, employees, parent company, subsidiaries and other affiliates, and if f the Equipment, Software and/or Services are subject to resale or other distribution, Purchaser's customers and end-users of the same.
(b) Purchaser shall comply in all respects with Trade Control laws and shall not export, re-export, transfer, disclose or otherwise provide or make accessible the Equipment, Software, data or other information provided to Purchaser by ABB hereunder, to any non-U.S. person or entity (including Purchaser's dual and/or third-country national employees or third party contractors) without first complying with all requirements of the applicable Trade Control Laws. If Purchaser is a U.S. entity and is engaged in the business of either exporting or manufacturing (whether exporting or not) Defense Articles or furnishing Defense Services as defined in the ITAR, Purchaser represents that it shall maintain an active registration with the U.S. Department of State's Directorate of Defense Trade Controls ("DDTC"), as required by the ITAR, throughout the performance of this Contract, and that it maintains an effective export and import compliance program in accordance with the ITAR. If Purchaser is a U.S. entity and will export ABB's Equipment, Software, and/or data, Purchaser will be considered an exporter within the meaning of the U.S. export regulations. Therefore, ABB should not be listed as the exporter or U.S. Principal Party in Interest ("USPPI") on any documentation or filings relating to any export. Purchaser acknowledges it's acting on its own behalf and not as ABB's agent for export or any other purposes.
(c) Purchaser represents and warrants that the Equipment, Software and Services provided hereunder, and the ""direct product"" thereof are intended for civil use only and will not be used, directly or indirectly, for the production of chemical or biological weapons or of precursor chemicals for such weapons, or for any direct or indirect nuclear end use or any other end use prohibited by Trade Control Laws.
(d) Purchaser represents and warrants that: (1) neither Purchaser nor any Purchaser Entity is included on any of the restricted party lists maintained by the U.S. Government, including the Specially Designated Nationals List administered by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC"), Denied Parties List, Unverified List or Entity List maintained by the U.S. Commerce Department's Bureau of Industry and Security ("BIS"), or the List of Statutorily Debarred Parties maintained by the U.S. State Department's Directorate of Defense Trade Controls, listed, the ITAR §126.1 Restricted Parties List, or the consolidated list of asset freeze targets designated by the United Nations, European Union, and United States or any similar list maintained by the European Union or

European member state (collectively "Restricted Parties List"); and (2) no entity or person listed on the Restricted Parties List (or owned directly or indirectly, in whole or in part, by an entity or person on the Restricted Parties List) has any property, financial or other interest in the Equipment, Software or Services, and that the same shall not be transferred, reexported, disclosed to or otherwise provided to an entity or person on the Restricted Parties List. Purchaser shall notify ABB immediately if Purchaser or a Purchaser Entity becomes listed on the Restricted Party List.
(e) Purchaser shall notify ABB immediately upon awareness of any breach or suspected breach of this Article 19. Any violation of Purchaser's obligations under this Article 19 is a material breach of this Agreement and ABB reserves the right to terminate the Agreement immediately upon written notice for Purchaser's default. Purchaser shall indemnify, defend and hold harmless ABB, its officers, directors, employees, agents, affiliates, successors, and permitted assigns from and against all claims, causes of action, damages, liabilities, and expenses, including attorney's fees arising from Purchaser's breach of this Article 19 and any resulting termination of this Agreement.
(f) If agreed to by the Parties pursuant to a written statement of work or elsewhere in this Agreement, ABB shall file for a U.S. export license, but only after appropriate documentation for the license application has been provided by Purchaser. Purchaser shall furnish such documentation within a reasonable time after purchase order acceptance. Any delay in obtaining such license shall suspend performance of this Agreement by ABB. If an export license is not granted or, if once granted, is thereafter revoked or modified by the appropriate authorities, this Agreement may be canceled by ABB without liability for damages of any kind resulting from such cancellation. At ABB's request, Purchaser shall provide to ABB a Letter of Assurance and End-User Statement in a form reasonably satisfactory to ABB.
(g) When applicable, the party considered the exporter of the Equipment, Software, Services and/or data, will apply for the export license in compliance with all applicable Trade Control Laws. If ABB is the applicant of the export license, the Purchaser agrees to immediately provide all the necessary information and documentation (i.e. End-User/End-Use Certificate and Letter of Assurance) required to apply for the license. If an export license is denied or revoked, the applicant must notify the other party immediately and this Agreement may be terminated by ABB without liability for damages of any kind resulting from such termination.

20. Bribery and Corruption.
(a) Purchaser hereby warrants that it will not, directly or indirectly, and it has no knowledge that other persons will, directly or indirectly, make any payment, gift or other commitment to its customers, to government officials or to agents, directors and employees of Seller or any other party in a manner contrary to applicable laws (including but not limited to the Corruption of Foreign Public Officials Act (Canada), the Foreign Corrupt Practices Act (United States) and, where applicable, legislation enacted by member States and signatories implementing the OECD Convention Combating Bribery of Foreign Officials) and shall comply with all relevant laws, regulations, ordinances and rules regarding bribery and corruption.
(b) Nothing hereunder shall render Seller liable to reimburse Purchaser for any such consideration given or promised.
(c) Purchaser's material violation of any of the obligations contained in Article 20(a) above may be considered by Seller to be a material breach hereunder and shall entitle Seller to terminate this agreement with immediate effect and without prejudice to any further right or remedies on the part of Seller hereunder or applicable law. Purchaser shall indemnify Seller for all liabilities, damages, costs or expenses incurred as a result of any such violation of the above-mentioned obligations and termination of this agreement.
(d) Purchaser understands that Seller's Code of Conduct is available for consultation online at http://www.abb.com/integrity. Purchaser agrees to perform its contractual obligations hereunder with substantially similar standards of ethical behavior as those found in Supplier's Code of Conduct.
(e) Seller has established the following reporting channels where Purchaser and its employees may report suspected violations of applicable laws, policies or standards of conduct:
Web portal: www.abb.com/integrity
Telephone: number specified on the above Web portal
Mail: address specified on the above Web portal

21. Assignment.
Any assignment of this Agreement or of any rights or obligations under the Agreement without prior written consent of ABB shall be void.

22. Nuclear.
Equipment and Services sold hereunder are not intended for use in connection with any nuclear facility or activity, and Purchaser warrants that it shall not use or permit others to use Equipment or Services for such purposes, without the advance written consent of ABB. If, in breach of this, any such use occurs, ABB (and its parent, affiliates, suppliers and subcontractors) disclaims all liability for any nuclear or other damage, injury or contamination, including without limitation any physical damage to a nuclear facility itself, resulting from a nuclear incident and, in addition to any other rights of ABB, Purchaser shall indemnify and hold ABB (and its parent, affiliates, suppliers and subcontractors) harmless against all such liability including, but not limited to, any physical damage to the nuclear facility or surrounding properties, if any. Consent of ABB to any such use, if any, will be conditioned upon additional terms and conditions that ABB determines to be acceptable for protection against nuclear liability including but not limited to the requirement that the Purchaser and/or its end user customer shall have complete insurance protection against liability and property damage including without limitation physical damage to a nuclear facility itself or any surrounding properties, if any, resulting from a nuclear incident and shall indemnify ABB, its subcontractors, suppliers and vendors against all claims resulting from a nuclear incident including, but not limited to, any physical damage to the nuclear facility.

23. Resale.
If Purchaser resells any of the Equipment or Services, the sale terms shall limit ABB's liability to the buyer to the same extent that ABB's liability to Purchaser is limited hereunder. Additionally, if the end-user intends to use the Equipment or Services in connection with any nuclear facility or activity, the Purchaser shall require the end-user comply with the financial requirements under Price-Anderson Act (PAA) and secure a written release of liability which flows from the end-user to the benefit of ABB.

24. Environmental, Health and Safety Matters.
(a) Purchaser shall be obligated to maintain safe working conditions at its facility or location (the "Site"), including the implementing of appropriate procedures regarding Hazardous Materials, confined space entry, and energization and de-energization of power systems (electrical, mechanical and hydraulic) using safe and effective lock- out/tag-out ("LOTO") procedures including physical LOTO or a mutually agreed upon alternative method.
(b) Purchaser shall immediately advise ABB in writing of all applicable Site-specific health, safety, security and environmental requirements and procedures. Without limiting Purchaser's responsibilities hereunder, ABB has the right but not the obligation to, from time to time, review, audit and inspect applicable health, safety, security and environmental documentation, procedures and conditions at the Site.
(c) If, in ABB's reasonable opinion, the health, safety, or security of personnel or the Site is, or is likely to be, imperiled by security risks, the presence of or threat of exposure to Hazardous Materials, or unsafe working conditions, ABB may, in addition to other rights or remedies available to it, remove some or all of its personnel from Site, suspend performance of all or any part of the purchase order, and/or remotely perform or supervise work. Any such occurrence shall be considered a Force Majeure event. Purchaser shall reasonably assist in ensuring the safe departure of personnel from the Site.
(d) Purchaser shall not require or permit ABB's personnel to operate Purchaser's equipment at Site.
(e) Purchaser will make its Site medical facilities and resources reasonably available to ABB personnel who need medical attention.
(f) ABB has no responsibility or liability for the pre-existing condition of Purchaser's equipment or the Site, which is the sole responsibility of Purchaser. Prior to ABB starting any work at Site, Purchaser will provide documentation that identifies the presence and condition of any Hazardous Materials existing in or about Purchaser's equipment or the Site that ABB may encounter while performing under this Agreement. The provision of such documentation shall in no way release Purchaser from its responsibility for said conditions. Purchaser shall disclose to ABB industrial hygiene and environmental monitoring data regarding conditions that may affect ABB's work or personnel at the Site. Purchaser shall keep ABB informed of changes in any such conditions.
(g) ABB shall promptly notify Purchaser if ABB becomes aware of: (i) conditions at the Site differing materially from those disclosed by Purchaser, or (ii) previously unknown physical conditions at Site differing materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the Agreement. If any such conditions cause an increase in ABB's cost of, or the time required for, performance of any part of the work under the Agreement, an equitable adjustment in price and schedule shall be made.
(h) If ABB encounters Hazardous Materials in Purchaser's equipment or at the Site that require special handling or disposal, ABB is not obligated to continue work affected by the hazardous conditions. In such an event, Purchaser shall at its sole cost and expense eliminate the hazardous conditions in accordance with applicable laws and regulations so that ABB's work under the Agreement may safely proceed, and ABB shall be entitled to an equitable adjustment of the price and schedule to compensate for any increase in ABB's cost of, or time required for, performance of any part of the work. Purchaser shall properly store, transport and dispose of all Hazardous Materials introduced, produced or generated in the course of ABB's work at the Site.
(i) Purchaser shall indemnify ABB for any and all claims, damages, losses, and expenses arising out of or relating to any Hazardous Materials which are or were (i) present in or about Purchaser's equipment or the Site prior to the commencement of ABB's work, (ii) improperly handled or disposed of by Purchaser or Purchaser's employees, agents, contractors or subcontractors, or (iii) brought, generated, produced or released on Site by parties other than ABB.

25. Confidentiality.
a) ABB and Purchaser (as to information disclosed, the "Disclosing Party") may each provide the other party (as to information received, the "Receiving Party") with Confidential Information in connection with this Agreement. "Confidential Information" means (a) information that is designated in writing as "confidential" or "proprietary" by Disclosing Party at the time of written disclosure, and (b) information that is orally designated as "confidential" or "proprietary" by Disclosing Party at the time of oral or visual disclosure and is confirmed to be "confidential" or "proprietary" in writing within fifteen (15) days after the oral or visual disclosure. In addition, prices for Products and Services shall be considered ABB's Confidential Information.
(b) Receiving Party agrees: (i) to use the Confidential Information only in connection with the Agreement and use of Products and Services, (ii) to take reasonable measures to prevent disclosure of the Confidential Information to third parties, and (iii) not to disclose the Confidential Information to a competitor of Disclosing Party. Notwithstanding these restrictions, each party shall permit access to the other's Confidential Information only to its employees who: (i) reasonably require access to Confidential Information for purposes approved by this Agreement, and (ii) have undertaken a binding obligation of confidentiality with respect to the confidential information of others entrusted to him or her, and (iii) have been apprised of the confidentiality obligations hereunder. ABB may disclose Confidential Information to its affiliates and subcontractors in connection with performance of the purchase order. A Receiving Party may only disclose Confidential Information to any other third party with the prior written permission of Disclosing Party, and in each case, only so long as the Receiving Party obtains a non-disclosure commitment from any such third party that prohibits disclosure of the Confidential Information and provided further that the Receiving Party remains responsible for any unauthorized use or disclosure of the Confidential Information. Receiving Party shall upon request return to Disclosing Party or destroy all copies of Confidential Information except to the extent that a specific provision of the Agreement entitles Receiving Party to retain an item of Confidential Information. ABB may also retain one archive copy of Purchaser's Confidential Information.
(c) The obligations under this Article 25 shall not apply to any portion of the Confidential Information that: (i) is or becomes generally available to the public other than as a result of disclosure by Receiving Party, its representatives or its affiliates; (ii) is or becomes available to Receiving Party on a non-confidential basis from a source other than Disclosing Party when the source is not, to the best of Receiving Party's knowledge, subject to a confidentiality obligation to Disclosing Party; (iii) is independently developed by Receiving Party, its representatives or affiliates, without reference to the Confidential Information; (iv) is required to be disclosed by law or valid legal process provided that the Receiving Party intending to make disclosure in response to such requirements or process shall promptly notify the Disclosing Party in advance of such disclosure and reasonably cooperate in attempts to maintain the confidentiality of the Confidential Information.
(d) As to any individual item of Confidential Information, the restrictions under this Article 25 shall expire five (5) years after the date of disclosure. This Article 25 does not supersede any separate confidentiality or nondisclosure agreement signed by the parties.

26. Non-Survival.
The following Articles shall not survive termination or cancellation of this Agreement: 5, 7, 8, 17 and 18. All other Articles shall survive the termination or cancellation of the Agreement.

27. Entire Agreement.
This Agreement constitutes the entire agreement between ABB and Purchaser. There are no agreements, understandings, restrictions, warranties, or representations between ABB and Purchaser other than those set forth herein or herein provided. As stated in Article 1 of this Agreement, ABB's Proposal, Policies, Addendum(s), if any, submitted to Purchaser, shall control over any conflicting terms. ABB specifically rejects any exceptions to this Agreement, Proposals, Polices, and/or Addendum(s) on the face of any purchase order. Purchaser shall advise ABB in writing of all conflicts, errors, omissions, or discrepancies among the Proposal, Policies, Addendum(s) and this Agreement immediately upon discovery. This Agreement shall supersede any standard, preprinted terms and conditions that are automatically attached to purchase orders issued by Purchaser.

28. US Government Contracts.
This Article 28 applies only if the Agreement is for the direct or indirect sale, or is funded in whole or in part by, an agency of the U.S.federal government, or a state government, or any other U.S.government instrumentality or political subdivision (collectively "U.S.government entity"). Unless otherwise expressly stated and specifically agreed in ABB's Proposal:
(a) Purchaser agrees that:
(i) all Equipment, Software, and Services provided by ABB meet the definition of "commercial-off-the-shelf" ("COTS") or "commercial product" or "commercial service" or "commercial computer software" as those terms are defined in Federal Acquisition Regulation ("FAR") 2.101.
(ii) ABB technical data and computer software are developed at ABB's private expense and not in performance of the Agreement. ABB retains ownership and proprietary rights in all technical data and computer software provided to Purchaser under the Agreement and under a U.S.Government contract or subcontract. Neither the Purchaser, the U.S.Government nor any higher-tier contractor under a U.S.Government contract will obtain any rights in ABB technical data or computer software beyond the rights provided under ABB's standard commercial licenses consistent with FAR 12.211 and 12.212.
(iii) to the extent the Buy American Act (41 U.S.C. §§ 8301 –8305, as amended), Trade Agreements Act (19 U.S.C. §§ 2501 – 2581, as amended), Build America, Buy America(Pub. L. 117-58, December 29, 2022, as amended) or other domestic preference requirements are applicable to this Agreement, the country of origin of Equipment or Software is unknown.
(iv) the version of any applicable FAR clause listed in this Article 28 shall be the one in effect on the effective date of this Agreement.
(b) If Purchaser is an agency of the U.S. Government, then as permitted by FAR 12.302, Purchaser agrees that:
(i) all paragraphs of FAR 52.212-4 (except those listed in 12.302(b)) are replaced with these Terms and Conditions.
(ii) only the clauses identified in FAR 52.212-5 apply and only to the extent applicable for sale of COTS and/or commercial products and/or commercial services and as appropriate for the purchase order price.
(iii) any Services offered by ABB are exempt from the Service Contract Act of 1965 (41 U.S.C. §§ 6701 - 6707, as amended).
(iv) all other U.S. Government agency contract provisions are rejected.
(c) If Purchaser is procuring as a contractor, or subcontractor at any tier, on behalf of an agency of a U.S. government entity, then Purchaser agrees that:
(i) only the clauses identified in FAR 52.212-5(e)(1) or 52.244-6(c)(1) (whichever is applicable) apply and only to the extent applicable for sale of COTS and/or commercial products and/or services and as appropriate for the purchase order price.
(ii) Purchaser shall notify ABB prior to transmitting any Controlled Unclassified Information ("CUI") to ABB, and only upon written authorization by ABB may Purchaser transmit CUI to ABB. Purchaser shall transmit CUI to ABB in accordance with applicable CUI safeguarding and/or dissemination authority requirements.
(iii) prevailing wage and related public works labor and employment laws or regulations are not applicable to ABB's services offered in the Proposal.
(iv) Purchaser is solely responsible for its obligations to its customer(s), including validating that ABB's Proposal fulfills Purchaser's U.S. Government contracting obligations, if any. To the extent the terms and conditions of Purchaser's customer contract(s) are different from the terms and conditions of this Agreement, Purchaser shall defend, indemnify and hold ABB harmless from and against all losses, liabilities, cost, expense (including attorney's fees and expenses of litigation and/or settlement), damages, allegations, claims, causes of action and judgments resulting from such difference. In no event will Purchaser withhold payment due to ABB for any dispute or liability incurred between Purchaser and its customer(s).

29. Data Protection.
(a) The parties agree that the protection of Personal Data is very important. If Purchaser discloses Personal Data to ABB, ABB shall comply with all applicable data protection laws and regulations. Purchaser shall comply with all applicable data protection laws and regulations in respect of any Personal Data it receives from ABB in the course of receiving the Equipment or Services.
(b) The parties agree that neither will withhold or delay its consent to any changes to this clause which are required to be made in order to comply with applicable data protection laws and regulations and/or with guidelines and order from any competent supervisory authority, and their application to the Equipment or Services from time to time, and agrees to implement any such changes at no additional cost to the other party.
(c) The parties acknowledge that the processing of Personal Data in accordance with this purchase order may require the conclusion of additional data processing agreements or additional data protection agreements. If and to the extent such additional data processing agreements or additional data protection agreements are not initially concluded as part of the purchase order, the parties shall, and shall ensure that their relevant affiliates or subcontractors shall, upon the other's request promptly enter into any such agreement with an affiliate, as designated by the other party and as required by mandatory law or a competent data protection or other competent authority.

Funding is used for transportation planning staff position(s) and for a transportation engineering consultant. The county uses this contract for transportation concurrency review, traffic engineering support, the biennial US 1 Arterial Travel Time and Delay Study, and to perform miscellaneous transportation planning studies. 	Federal Award Identification Number (FAIN):		Org. Code:	55062010630
	Federal Award Date:		Vendor Number:	F596000749054
Contract Number:	Recipient Unique Entity ID (SAM) Number:	QKLSCT2LM7M9		
County Number: 90				
Catalog of Federal Domestic Assistance (CFDA): 20.205				

THIS SUBRECIPIENT GRANT AGREEMENT ("Agreement") is entered into this _____ day of _____, 20__ (the "Effective Date"), between the State of Florida, Department of Transportation, an agency of the State of Florida (the "Department"), and Monroe County (the "Recipient") (each a "Party" and collectively, the "Parties").

The Parties agree as follows:

1. Authority: The Department is authorized to enter into this Agreement pursuant to Section 339.12, Florida Statutes. The Recipient by Resolution or other form of official authorization, a copy of which is attached as **Exhibit D, Recipient Resolution** and made a part of this Agreement, has authorized its officers to execute this Agreement on its behalf.

2. Purpose of Agreement. The purpose of this Agreement is to provide a subaward of Federal Highway Administration ("FHWA") SA grant funds to the Recipient for Monroe County Long Range Transportation Plan (the "Project"). The Project is more particularly described in **Exhibit A, Project Description and Responsibilities** to this Agreement.

3. The Project. The Recipient agrees to perform and complete the Project in a satisfactory, timely and proper manner in accordance with all applicable laws and the terms and conditions of this Agreement. **Exhibit A** describes the scope of work to be performed by the Recipient and provides a proposed schedule for the completion of the Project. The Project scope in **Exhibit A** identifies the ultimate project deliverables. Deliverables for requisition, payment and invoice purposes will be the incremental progress made toward completion of Project scope elements. All Project activities must be consistent with the scope described in **Exhibit A**. An amendment to this Agreement is required for any proposed change in the scope of work. Execution of this Agreement by both Parties shall be deemed a Notice to Proceed to the Recipient for the design phase or other non-construction phases of the Project. If the Project involves a construction phase, the Recipient shall not begin the construction phase of the Project until the Department issues a written Notice to Proceed for the construction phase. Prior to commencing the construction work described in this Agreement, the Recipient shall request a Notice to Proceed from the Department.

4. Term of Agreement. The term of this Agreement and the period for performance of the Project under this Agreement extends from the Effective Date through 06/30/2027 (the "Completion Date"). If the Recipient does not complete the Project on or before the Completion Date, this Agreement will expire, unless the Completion Date is extended by an executed amendment to this Agreement. Expiration of this Agreement will be considered termination of the Project.

5. Project Funding and Budget.

a. Project Cost. The estimated cost of the Project is $600,000.00 (the "Project Estimate"), and is allocated among the Project activities in **Exhibit B, Schedule of Financial Assistance**. An amendment to the grant agreement is required for any re-budgeting of Project funds provided under this Agreement. Re-budgeting of Project funds between operating (if any) and capital line items may not be allowable due to grant limitations and potentially different match requirements.

b. Department Subaward. Under this Agreement, the Recipient, a non-federal entity, is the subrecipient of FHWA SA grant funds awarded under Section 339.08(e) and 339.12. Florida Statutes (F.S). The Department will provide financial assistance for the Project up to the maximum amount of the federally funded

subaward made under this Agreement, $525,000.00 (the "Maximum Federal Financial Assistance"), as more specifically detailed in **Exhibit B**, in accordance with the terms and conditions of this Agreement. Any terms and conditions that are specific to this subaward are attached as **Exhibit A**, and shall control over any inconsistent provisions in the body of this Agreement or the other exhibits attached to this Agreement.

c. Matching Funds. The Recipient agrees to provide all matching funds required under the terms of the federal grant. The eligibility and use of matching funds shall be governed by applicable federal law, regulations and guidance. The Recipient is also responsible for all costs required to complete the Project that exceed the Project Estimate. The Recipient shall take all actions required for the Recipient to provide the necessary funds for the Project. The Department will have no responsibility for any Project costs in excess of the Maximum Federal Financial Assistance.

d. Eligible Costs. Financial assistance provided by the Department under this Agreement will only be available for Project costs incurred after the Effective Date of this Agreement and prior to termination or expiration of this Agreement.

e. Ineligible Costs. In determining the amount of any payment, the Department will exclude all Project costs incurred by the Recipient prior to the Department's issuance of a Notice to Proceed for the Project phase for which the costs were incurred, costs incurred after the expiration of the Agreement, costs which are not provided for in the latest approved schedule of financial assistance in **Exhibit B** for the Project, costs agreed to be borne by the Recipient or its contractors and subcontractors for not meeting the Project commencement and final invoice time lines, and costs attributable to goods or services received under a contract or other arrangements which have not been approved in writing by the Department. The federal funds awarded under this Agreement will not be provided for any cost not incurred in accordance with applicable federal and state laws, regulations and grant program requirements. If FHWA or the Department determines that any cost claimed is not eligible, the Department will notify the Recipient. The notification will identify the items and amounts are not eligible for reimbursement with federal financial assistance and the reason the items and amount are not eligible. If the Recipient is not in compliance with requirements of this Agreement, but such non-compliance is correctable during the term of this Agreement, financial assistance may be withheld by the Department until the non-compliance is corrected. If the Recipient's non-compliance is not correctable during the term of this Agreement, FHWA or the Department may deny use of federal funds, in whole or in part. If as a result of the Recipient's failure to comply with the terms of this Agreement FHWA determines that federal financial assistance will no longer be available for the Project: (i) the Department is authorized to discontinue federal financial assistance for the Project under this Agreement; (ii) the Recipient will be solely responsible to provide all funds necessary to complete the Project; and (iii) the Department is not required to provide any additional state financial assistance for the Project. A determination by FHWA that federal financial assistance is no longer available for the Project is final. The Recipient waives any right to contest a discontinuance of financial assistance under this Agreement if FHWA determines federal financial assistance is no longer available.

f. No Federal Obligation. This Agreement is financed by federal funds. However, payments to the Recipient will be made by the Department. The United States is not a party to this Agreement and no reference in this Agreement, to the United States, USDOT, FHWA, or any representatives of the federal government makes the United States a party to this Agreement.

g. Subaward Contingent on Federal Funding. The Recipient acknowledges and agrees that the Department's payment of funds under this Agreement is contingent on the Department receiving the funds from the FHWA. If, for any reason, the FHWA reduces the amount of federal funds available for this subaward, or otherwise fails to pay part of the cost or expense of the Project in this Agreement, only outstanding incurred costs within the limits of FHWA provided financial assistance shall be eligible for reimbursement.

h. Repayment of Grant Funds. Upon a finding by FHWA, or the Department in lieu of FHWA, that the Recipient has made an unauthorized or undocumented use of grant funds, or that any Project costs are ineligible for federal reimbursement, and upon a written demand for repayment issued by the Department, the Recipient shall repay such amounts to the Department within 40 days of written demand. The Recipient shall also repay any other

grant funds received by the Recipient under this Agreement in excess of the amount to which the Recipient is entitled. Such funds shall be repaid to the Department within 40 days of written demand.

i. Reversion of Unexpended Grant Funds. All funds granted by the Department under this Agreement that have not been expended for Project activities during the term of this Agreement shall revert to the Department.

6. Invoices.

a. Requests for Reimbursement. In order to obtain any of the federal funds available from the Department under this Agreement, the Recipient shall file with the Department Grant Manager its request for reimbursement and any other information regarding to the Project and the Project Accounts (defined below) required to justify and support the payment request. Payment requests must include a certification, signed by an official who is authorized to legally bind the Recipient, which reads as follows:

> "By signing this report, I certify to the best of my knowledge and belief that the report is true, complete, and accurate, and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of the Federal award. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729–3730 and 3801–3812)."

The Recipient shall submit requests for reimbursement to the Department no less than once every 90 days (quarterly). If the Recipient fails to submit quarterly invoices to the Department, and in the event the failure to timely submit invoices to the Department results in FHWA removing any unbilled financial assistance or the loss of state appropriation authority, the Recipient will be solely responsible to provide all funds necessary to complete the Project and the Department will not be obligated to provide any additional financial assistance for the Project.

b. Deliverables and Supporting Documentation. Requests for reimbursement by the Recipient shall include an invoice, progress report and supporting documentation for the period of work being billed that are acceptable to the Department. All costs invoiced shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of charges as described in **Exhibit F, Contract Payment Requirements**. The Recipient shall use the format for the invoice and progress report that is approved by the Department. Approved formats are found in FDOT Topic No. 525-010-300 Local Agency Program Manual. Invoices shall be submitted by the Recipient in detail sufficient for a proper pre-audit and post-audit based on the quantifiable, measurable and verifiable units of deliverables identified in **Exhibit A**. Supporting documentation must substantiate the amount of progress made on the Project in a quantifiable, measurable, and verifiable manner, and provide evidence that the payment requested is commensurate with the accomplished incremental progress and costs incurred by the Recipient. Supporting documentation must also establish to the Department Grant Manager's satisfaction that deliverables were received and accepted in writing by the Recipient and must also establish that the required minimum level of service to be performed and criteria for evaluating successful completion have been met.

c. Travel Expenses.

☒ Travel expenses are NOT eligible for reimbursement under this Agreement.

☐ Travel expenses ARE eligible for reimbursement under this Agreement.

Bills for travel expenses specifically authorized in this Agreement shall be submitted on the Department's Contractor Travel Form No. 300-000-06 and will be paid in accordance with Section 112.061, Florida Statutes and the most current version of the Disbursement Handbook for Employees and Managers.

d. Final Invoice. The Recipient must submit its final invoice and request for reimbursement for the Project to the Department within 120 days after the Completion Date, or completion of the Project if earlier. Invoices submitted after the 120-day time period may not be paid.

7. Provision of Subaward Funds.

a. Payments and Withholding. Subject to other provisions of this Agreement, the Department will reimburse the Recipient for eligible Project costs, up to the amount of the Maximum Federal Financial Assistance. Notwithstanding any other provision of this Agreement, the Department may elect by written notice not to make a payment if:

i. The Department determines that the Recipient has misrepresented a material fact in any documents submitted to obtain the subaward of federal funds made under this Agreement, or any document or data furnished with its application or pursuant to this Agreement;

ii. There is any pending litigation with respect to the performance by the Recipient of any of its duties or obligations which may jeopardize or adversely affect the Project, the Agreement or payments for the Project;

iii. The Recipient takes any action on the Project which, under this Agreement, requires the approval of the Department or makes a related expenditure or incurs related obligations without Department approval when required;

iv. There has been any violation of the conflict of interest provisions contained in this Agreement; or

v. The Department determines the Recipient is otherwise in default under any provisions of this Agreement.

b. Reimbursement Basis. Payment shall be made only after receipt and approval of deliverables and costs incurred unless advance payments are authorized by the Chief Financial Officer of the State of Florida under Chapters 215 and 216, Florida Statutes or the Department's Comptroller under Section 334.044(29), Florida Statutes.

☐ If this box is selected, advance payment is authorized for this Agreement and **Exhibit H, Alternative Advance Payment Financial Provisions** is attached and incorporated into this Agreement.

c. Financial Consequences for Unsatisfactory Performance. If the Department determines that the performance of the Recipient is unsatisfactory, the Department shall notify the Recipient of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the Department. The Recipient shall, within five (5) days after notice from the Department, provide the Department with a corrective action plan describing how the Recipient will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Department, the Recipient will not be reimbursed to the extent of the non-performance. The Recipient will not be reimbursed until the Recipient resolves the deficiency. If the deficiency is subsequently resolved, the Recipient may bill the Department for the unpaid reimbursement request(s) during the next billing period. If the Recipient is unable to resolve the deficiency, the funds shall be forfeited at the end of the term of this Agreement.

d. Florida Prompt Payment Law. The Recipient should be aware of the following time frames.

i. The Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days are measured from the later of the date the invoice is received or the

date the goods or services are received, inspected, and approved. Approval and inspection of goods or services shall take no longer than 20 days following the receipt of a complete and accurate invoice.

ii. If a payment is not available within 40 days, then a separate interest penalty at a rate established pursuant to Section 55.03(1), Florida Statutes, will be due and payable, in addition to the invoice amount, to the Recipient. The 40 days are measured from the later of the date the invoice is received or the date the goods or services are received, inspected, and approved. Interest penalties of less than one (1) dollar will not be enforced unless the Recipient requests payment. Invoices that have to be returned to the Recipient because of Recipient preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department. A Vendor Ombudsman has been established within Department of Financial Services. The duties of this individual include acting as an advocate for Agencies who may be experiencing problems in obtaining timely payment(s) from the Department. The Vendor Ombudsman may be contacted at (850) 413-5516.

e. Offsets. If, after Project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset the amount claimed from payments due for work or services under any other agreement it has with the Recipient if, upon demand, payment of the claimed amount is not made within 60 days to the Department. Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department.

f. Appropriation Contingency. The Department's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature and the availability of the federal financial assistance awarded to the Recipient under this Agreement.

g. Multi-year Contracts. In the event this Agreement is in excess of $25,000 and has a term for a period of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

"The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of $25,000 and which have a term for a period of more than 1 year."

8. Records.

a. Project Records. The Recipient shall establish for the Project, consistent with the Department's program guidelines/procedures and "Principles for State and Local Governments", 2 Code of Federal Regulations ("CFR") Part 225, separate accounts to be maintained within its existing accounting system or separate independent accounts ("Project Accounts"). The Recipient shall charge to the Project Accounts all eligible costs of the Project except costs agreed to be borne by the Recipient or its contractors and subcontractors. All costs recorded in the Project Accounts shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of charges as described in **Exhibit F**.

b. Project Costs. Records of costs incurred under terms of this Agreement shall be maintained in the Project Accounts and made available upon request to the Department at all times during the period of this Agreement and for five (5) years after final payment is made for the applicable state fiscal year, or such longer period as may be required by applicable law. Copies of these documents and records shall be furnished to the Department and FHWA upon request. Records of costs incurred include the Recipient's general accounting records and the Project records, together with supporting documents and records of the Recipient and all

contractors and subcontractors performing work on the Project. If any litigation, claim, or audit is started before the expiration of the required retention period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved.

c. Reports. The Recipient shall submit to the Department such data, reports, records, contracts and other documents relating to the Project as the Department or FHWA may require, including those documents listed in **Exhibit A** to this Agreement. The Department may, at its discretion, require a progress report on a monthly basis. The progress report will include details of the progress of the Project towards meeting the requirements of the Agreement.

d. Federal Requirements. The Recipient agrees to maintain property records, conduct physical inventories and develop control systems as required by 2 CFR Part 200, when applicable. In addition to the requirements of section 8, the Recipient shall comply with the record retention requirements of 2 CFR 200.333, as amended or replaced from time to time.

e. Right-of-Way. For any project requiring additional right-of-way, the Recipient must submit to the Department an annual report of its real property acquisition and relocation assistance activities on the project. Activities shall be reported on a federal fiscal year basis, from October 1 through September 30. The report must be prepared using the format prescribed in 49 CFR Part 24, Appendix B, and be submitted to the Department no later than October 15 of each year. Upon completion of right-of-way activities on the Project, the Recipient must certify compliance with all applicable federal and state requirements. Certification is required prior to advertisement for or solicitation of bids for construction of the Project.

9. Audits. The administration of resources awarded through the Department to the Recipient by this Agreement may be subject to audits and/or monitoring by the Department. The following requirements do not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of Federal awards or limit the authority of any State agency inspector general, the State of Florida Auditor General or any other State official. The Recipient shall comply with all audit and audit reporting requirements as specified below:

a. In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, and section 215.97 Florida Statutes, monitoring procedures may include but not be limited to on-site visits by Department staff, limited scope audits as defined by 2 CFR 200.425, and/or other procedures including, reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to Federal awards provided through the Department by this Agreement. By entering into this Agreement, the Recipient agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. In the event the Department determines that a limited scope audit of the Recipient is appropriate, the Recipient agrees to comply with any additional instructions provided by Department staff to the Recipient regarding such audit. The Recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department, State of Florida Chief Financial Officer (CFO) or State of Florida Auditor General.

b. The Recipient, a non-Federal entity as defined by 2 CFR Part 200, Subpart F – Audit Requirements as a subrecipient of a Federal award awarded by the Department through this Agreement is subject to the following requirements:

i. In the event the Recipient expends a total amount of Federal awards equal to or in excess of the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, the Recipient must have a Federal single or program-specific audit for such fiscal year conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements. **Exhibit E, Federal Financial Assistance (Single Audit Act)** to this Agreement identifies the Federal resources awarded through the Department by this Agreement. In determining Federal awards expended in a fiscal year, the Recipient must consider all sources of Federal awards, including Federal award resources received from the Department. The determination of amounts of Federal awards expended should be in accordance with the guidelines established in 2 CFR §§200.502-503, as amended. An audit of the Recipient conducted by the State of

Florida Auditor General in accordance with the provisions of 2 CFR §200.514, will meet the requirements of this part.

ii. In connection with the audit requirements, the Recipient shall fulfill the requirements relative to the auditee responsibilities as provided in 2 CFR §§200.508-512, as amended.

iii. In the event the Recipient expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards, the Recipient is exempt from Federal audit requirements for that fiscal year. However, the Recipient must provide a single audit exemption statement to the Department at FDOTSingleAudit@dot.state.fl.us no later than nine months after the end of the Recipient's audit period for each applicable audit year. In the event the Recipient expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards in a fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such an audit must be paid from the Recipient's resources obtained from other than Federal entities).

iv. Copies of reporting packages for audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, and required by this section, shall be submitted, when required by 2 CFR §200.512, by or on behalf of the Recipient directly to the Federal Audit Clearinghouse (FAC) as provided in 2 CFR §200.36 and §200.512. The FAC's website provides a data entry system and required forms for submitting the single audit reporting package. Updates to the location of the FAC and data entry system may be found at the OMB website. The FAC is the repository of record for audits required by 2 CFR Part 200, Subpart F – Audit Requirements, and this Agreement. However, the Department requires a copy of the audit reporting package also be submitted to FDOTSingleAudit@dot.state.fl.us within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period as required by 2 CFR Part 200, Subpart F – Audit Requirements.

v. Within six months of acceptance of the audit report by the FAC, the Department will review the Recipient's audit reporting package, including corrective action plans and management letters, to the extent necessary to determine whether timely and appropriate action on all deficiencies has been taken pertaining to the Federal award provided through the Department by this Agreement. If the Recipient fails to have an audit conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, the Department may impose additional conditions to remedy noncompliance. If the Department determines that noncompliance cannot be remedied by imposing additional conditions, the Department may take appropriate actions to enforce compliance , which actions may include, but are not limited to, the following:

(a) Temporarily withhold cash payments pending correction of the deficiency by the Recipient or more severe enforcement action by the Department;
(b) Disallow (deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
(c) Wholly or partly suspend or terminate the Federal award;
(d) Initiate suspension or debarment proceedings as authorized under 2 CFR Part 180 and Federal awarding agency regulations (or in the case of the Department, recommend such a proceeding be initiated by the Federal awarding agency);
(e) Withhold further Federal awards for the Project or program;
(f) Take other remedies that may be legally available.

vi. As a condition of receiving this Federal award, the Recipient shall permit the Department, or its designee, the CFO or State of Florida Auditor General access to the Recipient's records including financial statements, the independent auditor's working papers and project records as necessary. Records related to unresolved audit findings, appeals or litigation shall be retained until the action is complete or the dispute is resolved.

vii. Copies of financial reporting packages required by this section shall be submitted by or on behalf of the Recipient directly to each of the following:

The Department at the following address:

Office of Comptroller, MS 24
605 Suwannee Street
Tallahassee, Florida 32399-0450
FDOTSingleAudit@dot.state.fl.us

The Auditor General's Office at the following address:

Auditor General
Local Government Audits/342
Claude Pepper Building, Room 401
111 West Madison Street
Tallahassee, Florida 32399-1450

The Auditor General's website (https://flauditor.gov/) provides instructions for filing an electronic copy of a financial reporting package.

viii. Any reports or other information required to be submitted to the Department pursuant to this Agreement shall be submitted timely in accordance with 2 CFR §200.512, section 215.97, Florida Statutes, and Chapters 10.550 (local government entities) and 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, as applicable.

ix. The Recipient, when submitted financial reporting packages to the Department for audits done in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, or Chapters 10.550 (local government entities) and 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, should indicate the date that the reporting package was delivered to the recipient in correspondence accompanying the reporting package.

c. The Recipient shall retain sufficient records demonstrating its compliance with the terms of the award and this Agreement for a period of five years from the date the audit report is issued and shall allow the Department, or its designee, the CFO or State of Florida Auditor General access to such records upon request. The Recipient shall ensure that the audit working papers are made available to the Department, or its designee, the CFO, or State of Florida Auditor General upon request for a period of five years from the date the audit report is issued unless extended in writing by the Department. The Recipient shall further permit access to all Project records by the Secretary and Inspector General of the United States Department of Transportation and the Comptroller General of the United States, or their designees.

d. The Recipient shall permit, and shall require its contractors to permit, the Department's and FHWA's authorized representatives to access the Project site; inspect all work, materials, payrolls, and records; and to audit the books, records and accounts pertaining to the financing and development of the Project.

10. Termination and Suspension.

a. Generally. If: (i) the Recipient abandons or, before the end of the state fiscal year for which financial assistance for the Project is provided under this Agreement, finally discontinues the Project; (ii) the Recipient fails to comply with applicable law or the terms of this Agreement; or (iii) for any other reason, the commencement, prosecution, or timely completion of the Project by the Recipient is rendered improbable, infeasible, impossible, or illegal, the Department may, by written notice to the Recipient, suspend any or all of its obligations under this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected, or the Department may terminate any or all of its obligations under this Agreement. Termination of this Agreement shall be governed by the provisions of 2 CFR Part 200.

b. Actions Upon Termination or Suspension. Upon receipt of any final termination or suspension notice from the Department, the Recipient shall proceed promptly to carry out the actions required in such notice, which may include any or all of the following: (1) necessary action to terminate or suspend, as the case may be, Project activities and contracts and such other action as may be required or desirable to keep to the minimum the costs upon the basis of which the financing is to be computed; (2) furnish a statement of the Project activities and contracts, and other undertakings the cost of which are otherwise includable as Project costs; and, (3) remit to the Department such portion of the financing and any advance payment previously received as is determined by the Department to be due under the provisions of the Agreement. The termination or suspension shall be carried out in conformity with the latest schedule, plan, and budget as approved by the Department or upon the basis of terms and conditions imposed by the Department upon the failure of the Recipient to furnish the schedule, plan, and budget within a reasonable time. The approval of a remittance by the Recipient shall not constitute a waiver of any claim which the Department may otherwise have arising out of this Agreement.

11. Contracts of the Recipient.

a. Approval Required. Except as otherwise authorized in writing by the Department, the Recipient shall not execute any contract or obligate itself in any manner requiring the disbursement of Department funds, including consultant or construction contracts or amendments thereto, with any third party with respect to the Project without the written approval of the Department. Failure to obtain such approval shall be sufficient cause for nonpayment by the Department. The Department specifically reserves the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of such consultant or contractor.

b. Consultant Services. The Recipient acknowledges and agrees that any Project consultant contract for engineering, architecture or surveying services must be procured in compliance with the provisions of Chapter 287.055, Florida Statutes, Consultants' Competitive Negotiation Act, and the federal Brooks Act, 23 CFR 172, and 23 U.S.C. 112. At the discretion of the Department, the Recipient will involve the Department in the consultant selection process for all applicable project agreements funded under this Agreement. In all cases, the Recipient's attorney shall certify to the Department that selection has been accomplished in compliance with Chapter 287.055, Florida Statutes, the Consultants' Competitive Negotiation Act and the federal Brooks Act.

c. Compliance with Federal Requirements. The Recipient shall comply with, and require its consultants and contractors to comply with applicable federal law pertaining to the use of federal-aid funds. The Recipient shall comply with and include the applicable provisions described in Appendix II to 2 CFR Part 200 — Contract Provisions for non-Federal Entity Contracts Under Federal Awards — in each contract it enters into for the Project.

d. Preference for State Residents. If the Project is procured pursuant to Chapter 255, Florida Statutes, for construction services to be paid from state-appropriated funds, then the Recipient must comply with the requirements of Sections 255.099(1) and 255.0991, Florida Statutes. However, for all Project work eligible for reimbursement with the federally funded subaward under this Agreement, this paragraph may not be enforced in such a manner as to conflict with or be contrary to federal law prescribing a labor preference to honorably discharged soldiers, sailors, or marines, or prohibiting as unlawful any other preference or discrimination among the citizens of the United States.

e. Force Account Work, Indirect Costs.

☒ If this box is checked, the Recipient is permitted to utilize its own forces in performing the Project. If the Recipient proceeds with any phase of the Project utilizing its own forces, the Recipient will only be reimbursed for direct costs (this excludes general overhead).

☐ If this box is checked, the Recipient will seek reimbursement for indirect program expenses allowable under 2 CFR Par 200(select one):

- ☐ The Recipient has elected to seek reimbursement from the Department for actual indirect expenses (no rate).

☐ The Recipient has elected to apply a de minimis rate of 10% of modified total direct costs in the manner described in 2 CFR 200.414. [The de minimis rate is available only to entities that have never had a negotiated indirect cost rate. When selected, the de minimis rate must be used consistently for all federal awards until such time the Recipient chooses to negotiate a rate. A cost policy statement and de minimis certification form must be submitted to the Department for review and approval.]

☐ The Recipient has elected to apply a federally approved indirect cost rate based on a federally approved rate agreement.

f. Claims and Requests for Additional Work. The Recipient shall have sole responsibility for resolving claims and requests for additional work for the Project. The Recipient will make best efforts to obtain the Department's input in its decisions. The Department is not obligated to reimburse for claims or requests for additional work.

g. The Recipient shall require its consultants and contractors to take emergency steps to close any public road whenever there is a risk to life, health and safety of the travelling public. The safety of the travelling public is the Department's first priority for the Recipient. If lane or road closures are required by the Recipient to ensure the life, health, and safety of the travelling public, the Recipient must notify the District Construction Engineer and District Traffic Operations Engineer immediately once the travelling public are not at imminent risk. The Department expects professional engineering judgment be applied in all aspects of locally delivered projects. Defect management and supervision of the Project's structures components must be proactively managed, monitored, and inspected by department prequalified structures engineer(s). The District Construction Engineer must be notified immediately of defect monitoring that occurs in Recipient's project construction, whether or not the defects are considered an imminent risk to life, health, or safety of the travelling public. When defects, including but not limited to, structural cracks, are initially detected during bridge construction, the engineer of record, construction engineering inspector, design-build firm, or local agency that owns or is responsible for the bridge construction has the authority to immediately close the bridge to construction personnel and close the road underneath. The Recipient shall also ensure compliance with the CPAM, Section 9.1.8 regarding actions for maintenance of traffic and safety concerns.

12. Disadvantaged Business Enterprise (DBE) Policy and Obligation. It is the policy of the Department that DBE's, as defined in 49 CFR Part 26, as amended, shall have the opportunity to participate in the performance of contracts financed in whole or in part under this Agreement. The DBE requirements of applicable federal and state laws and regulations apply to this Agreement. The Recipient and its contractors agree to ensure that DBE's have the opportunity to participate in the performance of this Agreement. The Recipient and its contractors shall take all necessary and reasonable steps in accordance with applicable federal and state laws and regulations to ensure that the DBE's have the opportunity to compete for and perform contracts. The Recipient and its contractors and subcontractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts, entered pursuant to this Agreement.

13. Design and Construction Standards; Required Approvals. If the Project includes construction the provisions of this section are incorporated into this Agreement. If any portion of the Project will be located on, under, or over any Department-owned right-of-way, the provisions of **Exhibit O, Terms and Conditions of Construction**, are incorporated into this Agreement and shall control over any inconsistent provisions in the body of this Agreement.

a. Permits. The Recipient is responsible for obtaining all permits necessary for the Project.

b. Qualified Contractors. The Recipient shall hire a qualified contractor using the Recipient's normal competitive bid procedures, modified as necessary to comply with the requirements of this Agreement, to perform the construction work for the Project. For projects that are not located on the Department's right-of-way, the Recipient is not required to hire a contractor prequalified by the Department unless the Department notifies the Recipient prior to letting that they are required to hire a contractor prequalified by the Department. For projects

located on the Department's right-of-way, the Recipient shall award the contract for construction of the Project to a Department prequalified contractor which is the lowest and best bidder in accordance with applicable state and federal law, rules, and regulations. The Recipient shall submit a copy of the bid tally sheet(s) and awarded bid contract to the Department.

c. CEI. The Recipient is responsible for provision of Construction Engineering Inspection (CEI) services. The Department reserves the right to require the Recipient to hire a Department pre-qualified consultant firm that includes one individual that has completed the Advanced Maintenance of Traffic Level Training. Administration of the CEI staff shall be under the responsible charge of a State of Florida Licensed Professional Engineer who shall provide the certification that all design and construction for the Project meets the minimum construction standards established by Department. The Department shall have the right to approve the CEI firm. The Department shall have the right, but not the obligation, to perform independent assurance testing during the course of construction of the Project. Subject to the approval of the Department, the Recipient may choose to satisfy the requirements set forth in this paragraph by either hiring a Department prequalified consultant firm or utilizing Recipient staff that meet the requirements of this paragraph, or a combination thereof.

d. Design. The Recipient is responsible for the preparation of all design plans for the Project. The Department reserves the right to require the Recipient to hire a Department pre-qualified consultant for the design phase of the Project. Notwithstanding any provision of law to the contrary, design services and CEI services may not be performed by the same entity. All design work on the Project shall be performed in accordance with the requirements of all applicable laws and governmental rules and regulations and federal and state accepted design standards for the type of construction contemplated by the Project, including, as applicable, but not limited to, the applicable provisions of the Manual of Uniform Traffic Control Devices and the AASHTO Policy on Geometric Design of Streets and Highways.

f. Department Plans Review. If any portion of the Project will be located on, under, or over any Department-owned right-of-way, the Department shall review the Project's design plans for compliance with all applicable standards of the Department, as provided in **Exhibit O**. In its sole discretion, the Department may reject designs which it determines do not meet Department standards.

g. Final Plans. The Recipient will provide copies of the final design plans and specifications and final bid documents to the Department's Grant Manager prior to commencing construction of the Project. The Department will specify the number of copies required and the required format.

h. Bonds. The Recipient shall require the Recipient's contractor to post a payment and performance bond in accordance with applicable law.

i. Performance of Construction Work. The Recipient shall be responsible to ensure that the construction work under this Agreement is performed in accordance with the approved construction documents, and that it will meet all applicable Recipient and Department standards.

j. Public Safety. The Recipient is responsible for ensuring the safety of the public during all phases of Project construction. The Recipient and its contractors shall request authority to and take appropriate action to restrict or prohibit travel on any public road when required to protect the traveling public. If the Project is on the State Highway System, the Recipient shall follow Department procedures for road closures. Notwithstanding anything to the contrary in any Department or other governmental procedure, if the Recipient, or its contractors, become aware of circumstances related to the Project that could present an imminent risk of harm to the travelling public, the Recipient shall, and shall require its contractors to, immediately take all appropriate steps to protect the public, including requesting immediate closure of any transportation facility.

k. Completion of Construction. Upon completion of the work authorized by this Agreement, the Recipient shall certify to the Department in writing, that construction of the Project has been completed, or for all Project work that originally required certification by a professional engineer, this notification shall be signed and sealed by a professional engineer, the form of which is attached as **Exhibit I, Final Inspection and Acceptance of Federal Aid Project**. If any deviations are found from the approved plans, the certification shall include a list of all deviations and the justification for each deviation.

l. As-Built Plans. The Recipient shall provide the Department with as-built plans of any portions of the Project funded through the Agreement prior to final inspection.

14. Use and Maintenance Obligations.

a. Public Use. The Recipient shall use the Project facilities and equipment to provide or support public transportation for the period of the useful life of such facilities and equipment as determined in accordance with general accounting principles and applicable federal requirements.

b. Maintenance. If the Project includes construction, the provisions of this paragraph are part of this Agreement. The Recipient agrees to maintain any portion of the Project not located on the State Highway System constructed under this Agreement for its useful life and in accordance with all federal requirements applicable to the subaward of federal funds under this Agreement. If the Recipient constructs any improvement on Department right-of-way, the Recipient

☐ shall

☐ shall not

maintain the improvements located on the Department right-of-way made for their useful life. If the Recipient is required to maintain Project improvements located on the Department right-of-way beyond final acceptance, the Recipient shall, prior to any payment under this Agreement, also execute a Maintenance Memorandum of Agreement in a form that is acceptable to the Department. This provision will survive termination or expiration of this Agreement.

15. Project Property.

a. Federal Requirements. The title, acquisition, use, management, and disposition of all property acquired or constructed with grant funds under this Agreement shall be governed by applicable federal law, rule, and guidance including without limitation, the provisions of 2 CFR Part 200.

b. Tangible Personal Property.

☒ This Agreement does not involve the purchase of Tangible Personal Property, as defined in Chapter 273, Florida Statutes.

c. Disposal. If the Recipient disposes of any Project facility or equipment, acquired in whole or in part with the federal financial assistance provided under this Agreement, during its useful life for any purpose except its replacement with like facility or equipment for public transportation use, the Recipient will comply with the terms of 2 CFR Part 200 relating to property management standards. Except as otherwise provided in 2 CFR Part 200, the Recipient agrees to remit to the Department a proportional amount of the proceeds from the disposal of such facility or equipment. Such proportional amount shall be determined on the basis of the ratio of the Department financing of the facility or equipment provided under this Agreement to the total cost of such facility or equipment. Sale of Project property developed or acquired with Department funds shall be at market value as determined by appraisal or public bidding process, and the contract and process for sale must be approved in advance by the Department. If any portion of the proceeds from the sale to the Recipient are non-cash consideration, reimbursement to the Department shall include a proportional amount based on the value of the non-cash consideration. The Recipient must remit such proportional amount to the Department within ninety (90) days after the official date of disposal. The terms of this

paragraph shall remain in full force and effect throughout the useful life of facilities developed, equipment acquired, or Project items acquired, construed or installed with the proceeds of the subaward provided under this Agreement, except that the terms of this paragraph shall have unlimited duration with respect to real property acquired with the proceeds of the subaward provided under this Agreement.

16. Restrictions, Prohibitions, Controls, and Labor Provisions. During the performance of this Agreement, the Recipient agrees as follows, and shall require the following provisions to be included in each contract and subcontract entered into pursuant to this Agreement:

d. Code of Conduct. The Recipient has established, and will maintain, a written code or standard of conduct applicable to its officers, employees, board members or agents, and those individuals' relatives, that prohibits their involvement in the selection, award, or administration of any contract in connection with the Project if they have a present or potential financial or other significant interest therein and prohibits the acceptance of any gratuity, favor, or other thing of monetary value from any person interested or involved in the performance of work on the Project.

e. Debarment and Suspension. The Recipient must comply with the provisions in 2 CFR Part 180 OMB Guidelines to Agencies on Government Debarment and Suspension (Non-procurement) and 2 CFR Part 1200 DOT Non-procurement Suspension and Debarment. These provisions restrict federal awards, subaward and contracts with certain parties that are debarred, suspended or otherwise excluded from or ineligible for participation in federal programs or activities. The Recipient shall not enter into any arrangement to participate in the development or implementation of the Project with any person or entity that is debarred or suspended except as authorized by applicable Federal law and regulations. If required by applicable federal law and regulations, the Recipient will review the U.S. GSA System of Award Management at https://www.sam.gov. The Recipient shall include the requirements of this paragraph in each of its contracts related to the Project and shall require its contractors and consultants to include similar requirements in each of their contracts related to the Project. Execution of this Agreement constitutes a certification that the Recipient is in compliance with, and will require its contractors and subcontractors to comply with, all requirements imposed by applicable federal, state, and local laws and regulations, including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions," in 49 CFR Part 29, and 2 CFR Part 200 when applicable.

f. Human Trafficking. The Recipient shall include a provision in each contract it enters into with a private entity in connection with the Project by which the Recipient's contractor agrees that it and its employees that

perform any work on the Project shall not, during the term of this Agreement, engage in trafficking in persons, procure a commercial sex act, or use forced labor in the performance of work on the Project.

g. Unauthorized Aliens. The Department shall consider the employment by the Recipient of unauthorized aliens a violation of Section 274A(e) of the Immigration and Nationality Act. If the Recipient knowingly employs unauthorized aliens, such violation will be cause for unilateral cancellation of this Agreement.

h. Contract Work Hours and Safety Standards. Where applicable, all contracts funded under this Agreement in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

i. E-Verify. The Recipient shall:

i. Utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Recipient during the term of the Agreement; and

ii. Expressly require any contractors and subcontractors performing work or providing services pursuant to the Agreement to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the contractor or subcontractor during the Agreement term; and

iii. Adhere to requirements in section 448.095, Florida Statutes.

17. Indemnification and Insurance.

a. Indemnification. It is specifically agreed between the Parties executing this Agreement that it is not intended by any of the provisions of any part of this Agreement to create in the public or any member thereof, a third-party beneficiary under this Agreement, or to authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement. The Recipient guarantees the payment of all just claims for materials, supplies, tools, or labor and other just claims against the Recipient or any subcontractor, in connection with this Agreement. Additionally, to the extent permitted by law and as limited by and pursuant to the provisions of Section 768.28, Florida Statutes, the Recipient shall indemnify and hold harmless the Department, including the Department's officers and employees, from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Recipient and persons employed or utilized by the Recipient in the performance of this Agreement. Nothing contained in this paragraph is intended to nor shall it constitute a waiver of the Department's or Recipient's sovereign immunity, nor shall the same be construed to constitute agreement by Recipient to indemnify the Department for the negligent acts or omissions of the Department, its officers, agents, or employees, or for the acts of third parties. This indemnification shall survive the termination of this Agreement.

b. Recipient Contracts. Recipient agrees to include the following indemnification clause in all contracts with contractors, subcontractors, consultants, or subconsultants who perform work in connection with this Agreement (modified to appropriately identify the parties):

"To the fullest extent permitted by law, the Recipient's contractor/consultant shall indemnify, defend, and hold harmless the Recipient and the State of Florida, Department of Transportation, including the Department's officers

and employees, from liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness or intentional wrongful misconduct of the contractor/consultant and persons employed or utilized by the contractor/consultant in the performance of this Agreement.

The foregoing indemnification shall not constitute a waiver of the Department's or the Recipient's sovereign immunity. Nor shall the same be construed to constitute agreement by Recipient's contractor/subconsultant to indemnify the Recipient for the negligent acts or omissions of the Recipient, its officers, agents, or employees, or for the acts of third parties. Nor shall the same be construed to constitute agreement by Recipient's contractor/subconsultant to indemnify the Department for the negligent acts or omissions of the Department, its officers, agents, or employees, or for the acts of third parties

This indemnification shall survive the termination of this Agreement."

c. Workers' Compensation. The Recipient shall provide Workers' Compensation Insurance in accordance with Florida's Workers' Compensation law for all employees. If contracting for any of the work, the Recipient shall ensure that its contractors have Workers' Compensation Insurance for their employees in accordance with Florida's Workers' Compensation law. If using "leased employees" or employees obtained through professional employer organizations ("PEO's"), the Recipient shall ensure that such employees are covered by Workers' Compensation insurance through the PEO's or other leasing entities. Ensure that any equipment rental agreements that include operators or other personnel who are employees of independent contractors, sole proprietorships or partners are covered by insurance required under Florida's Workers' Compensation law.

d. General Liability. If the Recipient elects to self-perform the Project, and such self-performance is approved by the Department in accordance with the terms of this Agreement, the Recipient may self-insure and proof of self-insurance shall be provided to the Department. If the Recipient elects to hire a contractor or consultant to perform the Project, then the Recipient shall, or cause its contractor or consultant to carry Commercial General Liability insurance providing continuous coverage for all work or operations performed under the Agreement. Such insurance shall be no more restrictive than that provided by the latest occurrence form edition of the standard Commercial General Liability Coverage Form (ISO Form CG 00 01) as filed for use in the State of Florida. Recipient shall, or cause its contractor to cause the Department to be made an Additional Insured as to such insurance. Such coverage shall be on an "occurrence" basis and shall include Products/Completed Operations coverage. The coverage afforded to the Department as an Additional Insured shall be primary as to any other available insurance and shall not be more restrictive than the coverage afforded to the Named Insured. The limits of coverage shall not be less than $1,000,000 for each occurrence and not less than a $5,000,000 annual general aggregate, inclusive of amounts provided by an umbrella or excess policy. The limits of coverage described herein shall apply fully to the work or operations performed under the Agreement, and may not be shared with or diminished by claims unrelated to the Agreement. The policy/ies and coverage described herein may be subject to a deductible and such deductibles shall be paid by the Named Insured. No policy/ies or coverage described herein may contain or be subject to a Retention or a Self-Insured Retention unless the Recipient is a state agency or subdivision of the State of Florida that elects to self-perform the Project. Prior to the execution of the Agreement, and at all renewal periods which occur prior to final acceptance of the work, the Department shall be provided with an ACORD Certificate of Liability Insurance reflecting the coverage described herein. The Department shall be notified in writing within ten days of any cancellation, notice of cancellation, lapse, renewal, or proposed change to any policy or coverage described herein. The Department's approval or failure to disapprove any policy/ies, coverage, or ACORD Certificates shall not relieve or excuse any obligation to procure and maintain the insurance required herein, nor serve as a waiver of any rights or defenses the Department may have.

e. Railroad Protective Liability. When the Agreement includes the construction of a railroad grade crossing, railroad overpass or underpass structure, or any other work or operations within the limits of the railroad right-of-way, including any encroachments thereon from work or operations in the vicinity of the railroad right-of-way, the Recipient shall, or cause its contractor to, in addition to the insurance coverage required above, procure and maintain Railroad Protective Liability Coverage (ISO Form CG 00 35) where the railroad is the Named Insured and where the limits are not less than $2,000,000 combined single limit for bodily injury and/or property damage per occurrence, and with an annual aggregate limit of not less than $6,000,000. The railroad shall also be added along with the Department as an Additional Insured on the policy/ies procured pursuant to the paragraph above.

Prior to the execution of the Agreement, and at all renewal periods which occur prior to final acceptance of the work, both the Department and the railroad shall be provided with an ACORD Certificate of Liability Insurance reflecting the coverage described herein. Salaries: Timesheets that support the hours worked on the project or activity must be kept. A payroll register, or similar documentation should be maintained. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.

Fringe benefits: Fringe benefits should be supported by invoices showing the amount paid on behalf of the employee, e.g., insurance premiums paid. If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown. Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.

Travel: Reimbursement for travel must be in accordance with s. 112.061, F.S., which includes submission of the claim on the approved state travel voucher along with supporting receipts and invoices.

Other direct costs: Reimbursement will be made based on paid invoices/receipts and proof of payment processing (cancelled/processed checks and bank statements). If nonexpendable property is purchased using state funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with DMS Rule 60A-1.017, F.A.C., regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in s. 273.02, F.S., for subsequent transfer to the State.

Indirect costs: If the contract stipulates that indirect costs will be paid based on a specified rate, then the calculation should be shown. Indirect costs must be in the approved agreement budget and the entity must be able to demonstrate that the costs are not duplicated elsewhere as direct costs. All indirect cost rates must be evaluated for reasonableness and for allowability and must be allocated consistently.

Contracts between state agencies may submit alternative documentation to substantiate the reimbursement request, which may be in the form of FLAIR reports or other detailed reports.

Board of County Commissioners Meeting
April 16, 2025
Agenda Item Number: J2
2023-3829

BULK ITEM: Yes **DEPARTMENT:** Building and Permitting

TIME APPROXIMATE: **STAFF CONTACT:** Kelly Dugan

AGENDA ITEM WORDING: Approval to advertise a Public Hearing to consider adoption of an Ordinance adopting amendments to Chapter 6 - Buildings and Construction, Article III - Construction Industry, to update the membership requirements and duties of the Contractors Examining Board, to update the procedure for disciplinary proceedings, to update the legal representation to the Contractors Examining Board, and to update penalties and establish a schedule of penalties on May 21, 2025, at 9 am or as soon thereafter as may be heard.

ITEM BACKGROUND:

The Board of County Commissioners (BOCC) has designated the Contractors Examining Board (CEB) as the local enforcement body for licensed and unlicensed contractors, as authorized by Sections 489.131 and 489.531, Florida Statutes. The CEB has reviewed the current penalties and has issued a recommendation to increase the maximum penalty for unlicensed contracting as permitted under state law. The CEB has also recommended eliminating the requirement for two alternate members who have previously served as regular members due to the difficulty in filling those positions.

Monroe County Code (MCC) Chapter 6, Article III also requires updates to ensure that language and regulations are consistent throughout the article, and to clarify that the County shall provide an independent outside counsel to the CEB.

The CEB conducts disciplinary proceedings pursuant to MCC Section 6-201. This ordinance will establish that certain violations of Monroe County Code will require a disciplinary proceeding pursuant to Section 6-201 and authorize the designated code enforcement inspectors to issue a Notice to Appear for a disciplinary proceeding before the CEB.

Section 489.127(5), Florida Statutes, grants local governments the authority to enact an ordinance establishing a schedule of penalties against unlicensed contractors to be assessed by a designated code

enforcement officer, with a maximum civil penalty of $2,000. Monroe County Code currently allows a maximum civil penalty of $500, and does not contain a schedule of penalties specific to enforcement of the provisions of Chapter 6, Article III. This ordinance will establish a schedule of penalties for violations of Chapter 6, Article III, including increased penalties for unlicensed contracting.

ITEM BACKGROUND:

Abit Holdings LLC ("the Applicant") has requested an extension of the reservation of ten (10) moderate income affordable ROGO allocations pursuant to Monroe County Land Development Code ("LDC") Section 138-24(b)(2), for property located at 103925, 103935, 103945, 103955, and 103965 Overseas Highway, Key Largo, Monroe County, Florida, Currently Having Property Identification Numbers 00475240-000000, 00475250-000000, 00475260-000000, 00475270-000000, and 00475280-000000 until February 13, 2026. The Applicant would be required to obtain all necessary development approvals from Monroe County and all applicable state and federal regulatory and other governmental requirements by this date.

On December 13, 2023, the BOCC approved Resolution No. 644-2023, which reserved ten (10) affordable housing allocations on the subject property for one year (through December 13, 2024). On May 20, 2024, the BOCC adopted ordinances amending the Future Land Use Map and Land Use District map for the subject property to Mixed Use/Commercial and Suburban Commercial, respectively.

Abit Holdings, LLC, submitted applications for a Planning Commission Variance and for a Minor Conditional Use Permit on May 31, 2024. On September 18, 2024, revised plans to the applications were submitted. Both applications are under currently under review and pending public

meetings/hearings necessary for consideration of approval. The Applicant is requesting an extension of the reservation of ten (10) moderate income affordable ROGO allocations in order to complete the process for development approval and obtain building permits.

On October 16, 2024, the BOCC approved Resolution No. 431-2024, which extended reservation of ten (10) affordable housing allocations on the subject property through May 13, 2025.

Per Section 138-24(b)(2), the BOCC may reserve affordable ROGO allocations for s*pecific affordable or employee housing projects...receiving some form of direct financial assistance from the county upon written request from the project sponsor and approved by resolution of the BOCC.*

Per the Application: *The basis of the reservation request would be under section 138-24 b(2), by receiving direct financial assistance from the county. Specifically, in the form of a request to waive the fees for the application of a minor conditional use permit to allow ten affordable housing units on the project parcel.*

The proposed development would also qualify for financial assistance from the County through a waiver of impact fees, and would be eligible to request a waiver of building permit fees as well.

Monroe County Land Development Code Section 138-24:
(b) Reservation of affordable housing allocations. Notwithstanding the provisions of Section 138-26 for awarding of affordable housing allocations, the BOCC may reserve by resolution some or all of the available affordable housing allocations for award to certain sponsoring agencies or specific housing programs consistent with all other requirements of this chapter. Building permits for these reserved allocations shall be picked up within six months of the effective reservation date, unless otherwise authorized by the BOCC in its resolution. The BOCC may, at its discretion, place conditions on any reservation as it deems appropriate. These reservations may be authorized by the BOCC for:
(1) The county housing authority, nonprofit community development organizations, pursuant to Section 139-1(e), and other public entities established to provide affordable housing by entering into a memorandum of understanding with one or more of these agencies;
(2) Specific affordable or employee housing projects participating in a federal/state housing financial assistance or tax credit program or receiving some form of direct financial assistance from the county upon written request from the project sponsor and approved by resolution of the BOCC;
(3) Specific affordable or employee housing projects sponsored by nongovernmental not-for-profit organizations above upon written request from the project sponsor and approved by resolution of the BOCC;
(4) Specific affordable or employee housing programs sponsored by the county pursuant to procedures and guidelines as may be established from time to time by the BOCC;

(6) Rental employee housing projects situated on the same parcel of land as the nonresidential workplace for the tenants of these projects, upon written request from the property owner and approved by resolution of the BOCC.

Dear Emily,

I am requesting an extension of the reservation RESOLUTION NO. 431-2024 of ten (10) moderate affordable housing allocations for a development project located at mile marker 103.9, specifically, lots 9-13 block 7, Largo Sound Village. RE Numbers; 00475240-000000,00475250-000000,00475260-000000,00475270-000000,00475280-000000.

Previously an extension was granted through May 13, 2025, however the variance approvals necessary to develop the site were not fully approved at the January 22, 2025 Planning Commission hearing.

At this time, I am reconfiguring the site plan and am requesting a separate waiver approval. This process is expected to take an additional six (6) months.

I am requesting an additional nine (9) months extension from May 13, 2025, in order to receive full approval and building permits.

It is my full intention to begin construction in earnest on the affordable housing as soon as the permits can be picked up, hopefully in the fourth quarter of 2025.

Thank you for your consideration. Please feel free to contact me with any questions.

Sincerely,

David Thompson on behalf of ABIT Holdings, LLC

AGENDA ITEM WORDING: Approval of Amendment One to Agreement for Updates Of 2009 Geospatial Land Cover Dataset and Tier Overlay District Maps for The Florida Keys between Monroe County and Terramar Environmental Services Inc., providing for a retroactive extension to complete the final report and waiver of an outstanding deliverable which is unable to be completed, stemming from delays beyond the parties' control.

ITEM BACKGROUND:
Monroe County 2030 Comprehensive Plan Policy 106.1.1 required Monroe County to update habitat data and the Land Development Code Tier (Zoning) Overlay District Maps, while Policy 106.1.2 requires Monroe County to establish a Tier Designation Review Committee (TDRC) Work Group to consist of representatives selected by the Florida Department of Commerce (formerly Florida Department of Economic Opportunity (DEO)) from Monroe County, Florida Fish & Wildlife Conservation Commission, United States Fish & Wildlife Service, Department of Environmental Protection and environmental and other relevant interests. The TDRC shall be tasked with the responsibility of tier designation review utilizing the criteria for tier placement and best available data to recommend amendments to ensure implementation of and adherence to the Florida Keys Carrying Capacity Study.

Monroe County entered into the Agreement for Updates Of 2009 Geospatial Land Cover Dataset and Tier Overlay District Maps for The Florida Keys ("Agreement") with Terramar Environmental Services, Inc., on November 15, 2022, to provide services assisting Planning & Environmental Resources staff in meeting the requirements of these Policies. Pursuant to the Scope of Services (Exhibit A), Terramar has completed subtasks 1.3.1 through 1.3.6 and has been paid for those deliverables pursuant to the Agreement. Paragraph E4 / Subtask 1.3.7 of the Scope of Services required Terramar to provide technical support for up to six (6) TDRC meetings over a six month period.

The original Term of the Agreement was November 23, 2022 through April 30, 2024. The Florida Department of Commerce has not selected the representatives for the TDRC, thereby causing delays outside of the control of the County and Terramar. Due to these delays, Terramar has been unable to complete Subtasks 1.3.7 (technical support for TDRC meetings) and 1.3.8 (Final Report).

Amendment One would waive the deliverable in Paragraph E4 and Task 1.3.7 of the Scope of Services, to provide technical support for the TDRC meetings. Since the TDRC representatives have not been selected, the County cannot know when the TDRC meetings will be held at this time.

Amendment One would also provide a retroactive extension from April 30, 2024, to April 30, 2025, in order for Terramar to complete the final report pursuant to Paragraph E2 and Task 1.3.8 of the Scope of Services.

Amendment One also updates the standard terms to reflect changes in state and federal law.

PREVIOUS RELEVANT BOCC ACTION:
The BOCC approved the original agreement on November 15, 2022.

31.1 General Insurance Requirements for Other Consultants and SubConsultants.
As a pre-requisite of the work governed, the CONSULTANT shall obtain, at his/her own expense, insurance as specified in any attached schedules, which are made part of this contract. The CONSULTANT will ensure that the insurance obtained will extend protection to all SubConsultants engaged by the CONSULTANT. As an alternative, the CONSULTANT may require all SubConsultants to obtain insurance consistent with the attached schedules; however CONSULTANT is solely responsible to ensure that said insurance is obtained and shall submit proof of insurance to COUNTY. Failure to provide proof of insurance shall be grounds for termination of this Agreement.

The CONSULTANT will not be permitted to commence work governed by this contract until satisfactory evidence of the required insurance has been furnished to the COUNTY as specified below. Delays in the commencement of work, resulting from the failure of the CONSULTANT to provide satisfactory evidence of the required insurance, shall not extend deadlines specified in this contract and any penalties and failure to perform assessments shall be imposed as if the work commenced on the specified date and time, except for the CONSULTANT's failure to provide satisfactory evidence.

The CONSULTANT shall maintain the required insurance throughout the entire term of this contract and any extensions specified herein. Failure to comply with this provision may result in the immediate suspension of all work until the required insurance has been reinstated or replaced and/or termination of this Agreement and for damages to the COUNTY. Delays in the completion of work resulting from the failure of the CONSULTANT to maintain the required insurance shall not extend deadlines specified in this contract and any penalties and failure to perform assessments shall be imposed as if the work had not been suspended, except for the CONSULTANT's failure to maintain the required insurance.

The CONSULTANT shall provide, to the COUNTY, as satisfactory evidence of the required insurance, either:

- Certificate of Insurance, or

The County, at its sole option, has the right to request a certified copy of any or all insurance policies required by this contract. All insurance policies must specify that they are not subject to cancellation, non-renewal, material change, or reduction in coverage unless a minimum of thirty (30) days prior notification is given to the County by the insurer.

The acceptance and/or approval of the Consultant's insurance shall not be construed as relieving the Consultant from any liability or obligation assumed under this contract or imposed by law.

The Monroe County Board of County Commissioners, its employees and officials will be included as "Additional Insured" on all policies, except for Workers' Compensation.

31.2 **Insurance Requirements** *(Note: amounts of coverage are subject to change in final contract)*

The amount and type of insurance coverage requirements set forth hereunder shall in no way be construed as limiting the scope of indemnity set forth in this paragraph. Further the CONSULTANT agrees to defend and pay all legal costs attendant to acts attributable to the sole negligent act of the CONSULTANT.

Section 34 INDEPENDENT CONSULTANT. At all times and for all purposes hereunder, the CONSULTANT is an independent Consultant and not an employee of the Board of County Commissioners. No statement contained in this agreement shall be construed so as to find the CONSULTANT or any of his/her employees, Consultants, servants or agents to be employees of the Board of County Commissioners for Monroe County. As an independent Consultant the CONSULTANT shall provide independent, professional judgment and comply with all federal, state, and local statutes, ordinances, rules and regulations applicable to the services to be provided.

Section 35 COMPLETENESS OF WORK. The CONSULTANT shall be responsible for the completeness and accuracy of its work, plan, supporting data, and other documents prepared or compiled under its obligation for this project, and shall correct at its expense all significant errors or omissions therein which may be disclosed. The cost of the work necessary to correct those errors attributable to the CONSULTANT and any damage incurred by the COUNTY as a result of additional costs caused by such errors shall be chargeable to the CONSULTANT. This provision shall not apply to any maps, official records, contracts, or other data that may be provided by the COUNTY or other public or semi-public agencies.

The CONSULTANT agrees that no charges or claims for damages shall be made by it for any delays or hindrances attributable to the COUNTY during the progress of any portion of the services specified in this contract. Such delays or hindrances, if any, shall be compensated for by the COUNTY by an extension of time for a reasonable period for the CONSULTANT to complete the work schedule. Such an agreement shall be made between the parties.

(Ed. 08/22)

I. In the **General Provisions** section of the policy the following changes are made:

A. Under **Definitions Used Throughout The Policy**, the following definition is added:

- **Personal Vehicle Sharing Program** means an association or legal entity engaged in the business or activity of facilitating the sharing of vehicles for personal transportation use by individuals.

B. The **Where Lawsuits May Be Brought** provision is replaced by the following:

Where Lawsuits May Be Brought
Subject to the following three paragraphs, any and all lawsuits in any way related to this policy shall be brought, heard, and decided only in a state or federal court located in Florida. Any and all lawsuits against persons not parties to this policy but involved in the sale, administration, performance, or alleged breach of this policy or involved in any other way with this policy, shall be brought, heard, and decided only in a state or federal court located in Florida, provided that such persons are subject to or consent to suit in the courts specified in this paragraph.

If a covered loss to property **we** insure under this policy, a covered motor vehicle accident, or any other occurrence for which coverage applies under this policy happens outside Florida, lawsuits regarding that covered loss to property, covered motor vehicle accident, or other covered occurrence may also be brought in the judicial district where that covered loss to property, covered motor vehicle accident, or other covered occurrence happened.

Unless **we** agree otherwise, any legal action against **us** must be brought in a court of competent jurisdiction in the county where **your** covered auto is principally garaged.

Nothing in this provision, **Where Lawsuits May Be Brought**, shall impair any party's right to remove a state court lawsuit to a federal court.

II. **Part 1—Automobile Liability Insurance**, **Bodily Injury Liability and Property Damage Liability Coverages AA and BB** is amended as follows:

A. Under **Additional Payments We Will Make**, item 2 is replaced by the following:

In cases involving more than one **insured person**, the total amount of the offers of judgment or proposal for settlement must not exceed **our** limits of liability. This means that under no circumstances will **we** pay attorney fees, costs or sanctions awarded where the amount for offers of judgment or proposals for settlement exceeds **our** limit of liability.

B. Under **Additional Definitions For Part I**, the definition of **insured person** is replaced by the following:

3. **Insured Person** means:

Florida Personal Injury Protection Coverage -VA - ACR209-1

(Ed. 08/22)

In accordance with the Florida Motor Vehicle No-Fault Law, **we** will pay to or on behalf of the **injured person** the following benefits. Payments will be made only when **bodily injury** is caused by an accident arising from the ownership, maintenance or use of a **motor vehicle**.

1. Medical Expenses
   Pursuant to the requirements of Section 627.736 (1)(a) of the Florida Statutes: eighty percent of reasonable expenses; for medical, surgical, X-ray, dental, and rehabilitative services, including prosthetic devices, and ambulance, hospital and nursing services; which are **medically necessary**; only if the **injured person** receives initial services and care within 14 days after the **motor vehicle** accident. The methodology for determining the amount **we** will pay for such expenses shall, pursuant to the fee schedule limitations under Section 627.736(5)(a)1. of the Florida Statutes, or any other limitations established by Section 627.736 of the Florida Statutes, or any other provisions of the Florida Motor Vehicle No-Fault Law, as enacted, amended or otherwise continued in the law, be limited to eighty percent of the following schedule of maximum charges (or any other fee schedule limitation which may be enacted, amended or otherwise continued in the law):
   a) for emergency transport and treatment by providers licensed under chapter 401 of the Florida Statutes, 200 percent of Medicare;
   b) for emergency services and care provided by a hospital licensed under chapter 395 of the Florida Statutes, 75 percent of the hospital's usual and customary charges;
   c) for emergency services and care as defined by Section 395.002 of the Florida Statutes, provided in a facility licensed under chapter 395 rendered by a physician or dentist, and related hospital inpatient services rendered by a physician or dentist, the usual and customary charges in the community;
   d) for hospital inpatient services, other than emergency services and care, 200 percent of the Medicare Part A prospective payment applicable to the specific hospital providing the inpatient services;
   e) for hospital outpatient services, other than emergency services and care, 200 percent of the Medicare Part A Ambulatory Payment Classification for the specific hospital providing the outpatient services; and
   f) for all other medical services, supplies and care, 200 percent of the allowable amount under:
      i) the participating physicians fee schedule of Medicare Part B, except as provided in subparagraphs (ii) and (iii) below.
      ii) Medicare Part B, in the case of services, supplies and care provided by ambulatory surgical centers and clinical laboratories.
      iii) the Durable Medical Equipment Prosthetics/Orthotics and Supplies fee schedule of Medicare Part B, in the case of durable medical equipment.

   If a provider submits a charge for an amount less than the amount determined by the fee schedule or other limitations established by Section 627.736 of the Florida Statutes, or any other provisions of the Florida Motor Vehicle No-Fault Law as described above, **we** will pay eighty percent of the charge that was submitted.

   However, if such services, supplies or care is not reimbursable under Medicare Part B, as provided above, **we** will limit reimbursement to 80 percent of the maximum reimbursable allowance under workers' compensation, as determined under Section 440.13 of the Florida Statutes, and rules adopted thereunder which are in effect at the time such services, supplies or care is provided. Services, supplies or care that is not reimbursable under Medicare or workers' compensation will not be reimbursed by **us**.

The applicable fee schedule or payment limitation under Medicare is the fee schedule or payment limitation in effect on March 1 of the service year in which the services, supplies or care is rendered and for the area in which such services, supplies or care is rendered, and the applicable fee schedule or payment limitation applies to services, supplies, or care rendered during that service year, notwithstanding any subsequent change made to the fee schedule or payment limitation, except that it may not be less than the allowable amount under the applicable schedule of Medicare Part B for 2007 for medical services, supplies and care subject to Medicare Part B. For purposes of this subparagraph, the term "service year" means the period from March 1 through the end of February of the following year.

Notwithstanding the foregoing, where:

a) a medical provider has contracted with an organization or network to accept payment for services in an amount that is less than the fee schedule or other limitations established by Section 627.736 of the Florida Statutes, or any other provisions of the Florida Motor Vehicle No-Fault Law as described above; and
b) **we** contracted with that organization or network or one of its affiliates, either directly or through one or more medical bill review companies or third-party administrators, to apply and accept such contractually agreed amounts;

then **we** will pay that provider's bills at eighty percent (80%) of the contractually agreed rate.

    v) an advanced registered nurse practitioner licensed under Florida Statutes chapter 464, to the extent permitted by law and under the supervision of a provider listed in d.i), d.ii) or d.iii) above; or
e) a health care clinic licensed under part X of Florida Statutes chapter 400 which is accredited by the Joint Commission on Accreditation of Healthcare Organizations, the American Osteopathic Association, the Commission on Accreditation of Rehabilitation Facilities, or the Accreditation Association for Ambulatory Health Care, Inc., or:

Licensed massage therapists or licensed acupuncturists will not be reimbursed for medical expense benefits.

We will not pay for medical services, supplies or care that is not reimbursable under Medicare or under Florida workers' compensation law. 8. to **bodily injury** arising out of the use of **your insured motor vehicle** while it is being used as part of a **Personal Vehicle Sharing Program**.

   This exclusion does not apply to an **insured person** using a non-owned **motor vehicle** with the permission of the vehicle's owner.

Limits Of Liability

The applicable **Personal Injury Protection** limit(s) shown on the Policy Declarations for Medical Expenses, Income Loss, Loss of Services and Death Benefits is the maximum **we** will pay per **injured person** for any one **motor vehicle** accident, regardless of the number of vehicles insured under this or other policies. A $10,000 aggregate per **injured person** limit applies to Medical Expenses, Income Loss, and Loss of Services.

SUBJECT TO THAT $10,000 AGGREGATE LIMIT, MEDICAL EXPENSES PER INJURED PERSON FOR ONE ACCIDENT are **ALSO** subject to **EITHER** a $10,000 or a $2,500 per **injured person** limit determined as follows:

A $10,000 coverage limit for Medical Expenses applies to an **injured person** if:

1. a physician licensed under Florida Statutes chapter 458 or 459;
2. a dentist licensed under Florida Statutes chapter 466;
3. a physician assistant licensed under Florida Statutes chapter 458 or 459; or
4. an advanced registered nurse practitioner licensed under Florida Statutes chapter 464;

has determined that the **injured person** had an **emergency medical condition**.

However, a $2,500 coverage limit for Medical Expenses applies to an **injured person** if:

1. a physician licensed under Florida Statutes chapter 458 or 459;
2. a dentist licensed under Florida Statutes chapter 466;
3. a chiropractic physician licensed under Florida Statutes chapter 460;
4. a person or entity licensed under part III of Florida Statutes chapter 401 which provides emergency transportation and treatment;
5. a physician assistant licensed under Florida Statutes chapter 458 or 459;
6. an advanced registered nurse practitioner licensed under Florida Statutes chapter 464; or
7. a physical therapist licensed under Florida Statutes chapter 486, based upon a referral by a provider described in (1), (2), (3), (5) or (6) above;

has determined that the **injured person** did not have an **emergency medical condition**.

Expenses and losses will be reduced by:

1. amounts paid or payable for the same items of loss and expense under any workers' compensation law.
2. amounts received from any insurer for the same items of loss and expense for which benefits are available under this policy. This reduction applies only to amounts that are a duplication of payment for the same loss or expense. The insurer paying these benefits, however, will be entitled to recover from **us** an equitable pro rata share of the benefit paid and expenses incurred in processing the claim.

3. the amount of any deductible stated on the Policy Declarations. This will not apply to Death Benefits.

In the event any benefits are paid to the **injured person** under the Medicaid program **we** will repay the full amount to Medicaid within 30 days after receiving notice that Medicaid paid the benefits.

Claims will be paid in the order received except: (1) where otherwise provided by the Florida Motor Vehicle No-Fault Law; or (2) where the injury is investigated or disputed by **us** as not being related to the loss, or treatment is investigated or disputed by **us** as not being reasonable or **medically necessary**. **We** can proceed to pay other claims that are later received without incurring any liability for the prior disputed or investigated claim amounts if limits are exhausted after paying later received claims.

Any amounts payable under this coverage shall be subject to any and all limitations, authorized by Section 627.736 of the Florida Statutes, or any other provisions of the Florida Motor Vehicle No-Fault Law, as enacted, amended or otherwise continued in the law, including, but not limited to, all fee schedules.

If **we** pay a portion of a claim or reject a claim due to an alleged error in the claim, **we** shall provide an itemized specification or explanation of benefits due to the specified error at the time of the partial payment or rejection. Upon receiving the specification or explanation, the person making the claim, at his or her option and without waiving any other legal remedy for payment, has 15 days to submit a revised claim, which shall be considered a timely submission of written notice of claim.

In the event of a dispute between **you** and **us**, or **your** assignee and **us**, upon **your** or **your** assignee's request, **we** must notify **you** or **your** assignee that **your Personal Injury Protection** policy limits have been reached within 15 days after the policy limits have been reached.

Once aggregate payments for Medical Expenses, Income Loss and Loss of Services benefits equal to the limit of liability have been made, no further obligation to pay benefits remains, regardless of when claims for such benefits were submitted or received.

Unreasonable Or Unnecessary Medical Expenses
If an **injured person** incurs medical expenses which **we** deem to be unreasonable or unnecessary, **we** may refuse to pay for those medical expenses and contest them.

If the **injured person** is sued by a medical services provider because **we** refuse to pay medical expenses which **we** deem to be unreasonable or unnecessary, **we** will pay resulting defense costs and any resulting judgment against the insured person. **We** will choose the counsel. The insured person must cooperate with **us** in the defense of any claim or lawsuit. If **we** ask an **injured person** to attend hearings or trials, **we** will pay up to $100 per day for loss of wages or salary. **We** will pay other reasonable expenses incurred at **our** request.

Action Against Us
No one may sue **us** under this coverage unless:
1. there is full compliance with all the terms of this policy;
2. a demand letter has been provided pursuant to Florida Statutes Section 627.736 (10); and
3. such action is commenced within the time limits prescribed by Florida law.

Proof Of Claim; Medical Reports
As soon as possible, **you** or any other person making claim must give **us** written proof of claim including all details reasonably required by **us** to determine the amounts payable.

If the mental or physical condition of an **injured person** is material to any claim under this coverage, that person may be required to submit to mental or physical examinations by physicians **we** choose, as often as **we** reasonably require. The person making the claim or that person's representative must authorize **us** to obtain medical reports and copies of medical and other records related to the claim. If an **injured person** unreasonably refuses to submit to an examination or fails to appear at an examination, **we** are not required to pay any subsequent **Personal Injury Protection** benefits. Under Florida law, an insured's refusal to submit to or failure to appear at two examinations raises a rebuttable presumption that the refusal or failure was unreasonable. **We** will pay the expense of any examinations **we** request.

Such examination shall be conducted within the municipality of residence of the **injured person** or in the municipality where the **injured person** is receiving treatment. If there is no qualified physician to conduct the examination within such municipality, then such examination shall be conducted in an area of the closest proximity to the **injured person's** residence.

If **we** have a reasonable belief that a fraudulent insurance act, for the purposes of s. 626.989 of the Florida Statutes or s. 817.234 of the Florida Statutes, has been committed, **we** will notify the claimant, in writing, within 30 days after submission of the claim that the claim is being investigated for suspected fraud. No later than 90 days after the submission of the claim, **we** will deny or pay the claim.

Notwithstanding the foregoing, if **we** make a written request for documentation or information in accordance with s. 627.736(6)(b) of the Florida Statutes within 30 days after having received notice of the amount of a covered loss under s. 627.736(4)(a) of the Florida Statutes, the amount or the partial amount that is the subject of **our** inquiry shall become overdue if **we** do not pay in accordance with s. 627.736(4)(b) of the Florida Statutes or within 10 days after **our** receipt of the requested documentation or information, whichever occurs later.

Assistance And Cooperation
We will require **you** and any **injured person** making a claim to cooperate with **us** in the investigation, settlement or defense of any claim or suit. This includes, but is not limited to; assisting **us** in making settlements,

securing evidence, obtaining evidence, and in conducting suits; disclosing all facts; attending hearings and trials; helping **us** recover from anyone who may be jointly responsible; giving **us** a recorded statement, a written statement, a video-recorded statement, records and/or documents; when requested by **us**, as often as **we** reasonably require. **You** and any **injured person** making a claim shall be required, at **our** option, to submit to an examination under oath, separately and apart from others, and to sign the transcript. The person submitting to the examination under oath may be represented by counsel at their own expense. The scope of questioning during the examination under oath is limited to relevant information or information that could reasonably be expected to lead to relevant information. Compliance with a request for examination under oath is a condition precedent to receiving benefits under this coverage. If **you** or any **injured person** making a claim does not comply with the terms of this provision **we** are not required to pay any benefits under this coverage.

Reimbursement And Subrogation
Unless prohibited by the Florida Motor Vehicle No-Fault Law, as amended, and in the event of payment to or for the benefit of any **injured person** under this insurance:

1. If the accident occurs outside the state of Florida, **we** are subrogated to the rights of the person to whom or for whose benefit such payments were made to the extent of such payments. Such person shall execute and deliver the instruments and papers and do whatever else is necessary to secure such rights. Such person shall do nothing after loss to prejudice such rights; and

2. **We** shall be entitled to reimbursement to the extent of the payment of **Personal Injury Protection** benefits made under this insurance from the owner or insurer of the owner of a commercial **motor vehicle**, other than a taxi cab, as defined by the Florida Motor Vehicle No-Fault Law, if such **injured person** sustained the injury while in, on, getting into or out of, or while a pedestrian through being struck by, such commercial **motor vehicle**.

All other policy terms and conditions apply.

1. significant and permanent loss of an important bodily function;
2. permanent injury within a reasonable degree of medical probability, other than scarring or disfigurement;
3. significant and permanent scarring or disfigurement; or
4. death.

The **bodily injury** must be caused by accident and arise out of the ownership, maintenance or use of an **uninsured auto**. **We** will not pay any punitive or exemplary damages.

If an **insured person** sues a person believed to be responsible for the accident without **our** written consent, **we** are not bound by any resulting judgment.

Additional Definitions For Uninsured Motorists Insurance

1. **Bodily injury** means bodily harm, sickness, disease or death, but does not include:
   a) any venereal disease;
   b) herpes;
   or any resulting symptom, effect, condition, disease or illness related to a) or b) listed above unless there is a causal connection or relation between an accident arising from the ownership, maintenance or use of a **motor vehicle** and the transmission of the venereal disease or herpes.

2. **Insured Auto** means an **auto you** own which is described on the Policy Declarations and for which a premium is shown for **Uninsured Motorists Insurance**. This also includes:
   a) its **replacement auto**;
   b) an **additional auto**;
   c) a **substitute auto**; or
   d) a **non-owned auto**; or
   e) a **trailer** or **travel-trailer**.

3. **Insured Person(s)** means:
   a) **you** and any **resident** relative.
   b) any person while in, on, getting into or out of, or getting on or off of, an **insured auto** with **your** permission.
   c) any other person who is legally entitled to recover because of **bodily injury** to **you**, a **resident** relative, or an occupant of **your insured auto** with **your** permission.

4. **Motor vehicle** means a land motor vehicle, **trailer** or **travel-trailer** other than
   a) a vehicle or other equipment designed for use principally off public roads, while not upon public roads;
   b) a vehicle operated on rails or crawler-treads; or
   c) a vehicle when used as a residence or premises.

5. **Uninsured auto** means:
   a) a **motor vehicle** which has no bodily injury liability bond or insurance policy in effect at the time of the accident;

b) a **motor vehicle**, other than a **motor vehicle** insured under the liability portion of this policy, for which the insurer denies coverage;
c) a **motor vehicle** for which the insurer becomes insolvent within four years from the date of the accident. This coverage will be excess over any obligations assumed by the Florida Insurance Guaranty Association to pay claims, but not contingent upon payment of such obligations;
d) a hit-and-run **motor vehicle** which causes **bodily injury** to an **insured person** as the result of a **motor vehicle** accident. The identity of either the operator or owner of the vehicle must be unknown. The accident must be reported within 24 hours, or as soon as practicable, to the police. **We** must be notified within 30 days, or as soon as practicable. If the hit-and-run **motor vehicle** caused the injury without physical contact with the **insured person** or the vehicle the **insured person** was occupying, the facts of the accident must be proved. If the **insured person** was occupying the **insured auto** at the time of the accident, **we** have a right to inspect it;
e) a **motor vehicle** insured under the liability portion of this motor vehicle insurance policy which causes **bodily injury** to **you** or a **resident** relative while being operated by a person other than **you** or a **resident** relative and which is excluded under the liability portion of this policy; or
f) an underinsured **motor vehicle**. An underinsured **motor vehicle** is one which has liability protection in effect and applicable at the time of the accident but in an amount less than the damages the **insured person** is legally entitled to recover.

An **uninsured auto** is not a vehicle insured under the liability portion of this motor vehicle insurance policy, unless that **auto** causes **bodily injury** to **you** or a **resident** relative while being operated by a person other than **you** or a **resident** relative and which is excluded under the liability portion of this policy.

Exclusions—What Is Not Covered

Regardless of the type of coverage under **Uninsured Motorists Insurance**, this coverage does not apply to:

1. any person who makes a settlement without **our** written consent and that settlement is prejudicial to **our** company. However this does not apply if an injured person or, in the case of death, the personal representative of such person agrees to settle a claim with a liability insurer and its insured, and such settlement does not fully satisfy the claim so as to create an underinsured motorist claim. Written notice of the proposed settlement must be submitted to us by certified or registered mail. **We** shall then have thirty (30) days after receipt thereof to consider authorization of the settlement or retention of our subrogation rights. If **we** choose to preserve **our** subrogation rights, **we** shall refuse permission to settle the claim and shall then, within thirty (30) days after receipt of notice of the proposed settlement, pay to the injured person(s) the amount of the written offer from the liability insurer and/or insured. **We** shall then, upon final resolution of the underinsured motorist claim, be entitled to seek subrogation against the underinsured motorist and the liability insurer for the amounts paid to the injured person.
2. the direct or indirect benefit of workers' compensation or disability benefits insurer, including a self-insurer.
3. any person arising out of the **insured person's** active participation in any prearranged, organized, or spontaneous:
   a) racing contest;
   b) speed contest; or
   c) use of an **auto** at a track or course designed or used for racing or high performance driving;

   or in practice or preparation for any contest or use of this type.
4. **bodily injury** arising out of the use of an **insured auto** while used by an **insured person** to carry persons, products or property for any form of compensation, including but not limited to fees, delivery charges or wages generally.
   This exclusion does not apply to **shared-expense car pools**.
5. **bodily injury** arising out of the use of **your insured auto** while it is being used as part of a **Personal Vehicle Sharing Program**.

   This exclusion does not apply to an **insured person** using a non-owned **motor vehicle** with the permission of the vehicle's owner.

If the Policy Declarations indicates that under the **Uninsured Motorists Insurance** provision, the limits of two or more **insured autos** may not be stacked together, the following **Exclusions** also apply:

6. any person while in, on, getting into or out of a vehicle **you** own which is insured for this coverage under another policy.
7. **you** or a **resident** relative while in, on, getting into or out of a vehicle owned by **you** or a relative who **resides** in **your** household which is not insured for this coverage under this policy.

Limits Of Liability

1. **When limits of two or more insured autos may be stacked:**
   If the Policy Declarations indicates that, under the **Uninsured Motorist Insurance** provision, the limits of two or more **insured autos** may be stacked together, the **Uninsured Motorists Insurance** limit shown on the Policy Declarations for:
   a) "each person" is the maximum that **we** will pay for all damages arising out of **bodily injury** to one person in any one **motor vehicle** accident, including damages sustained by anyone else as a result of that **bodily injury**.

      When the limits of two or more **insured autos** are stacked, **our** maximum limit of liability for all damages to **you** or a **resident** relative in any one accident is the sum of the "each person" limits for each **insured auto** shown on the Policy Declarations.

   b) "each accident" is the maximum that **we** will pay for all damages arising out of **bodily injury** to two or more persons in any one **motor**

vehicle accident. This "each accident" limit is subject to the "each person" limit.

When the limits of two or more **insured autos** are stacked, subject to the limit for "each person," **our** maximum limit of liability for all damages to two or more persons in any one accident is the sum of the "each accident" limits for each **insured auto** shown on the Policy Declarations.

2. **When limits of two or more insured autos may not be stacked:**
If the Policy Declarations indicates that, under the **Uninsured Motorists Insurance** coverage, the limits of two or more **insured autos** may not be stacked together, the Uninsured Motorists Insurance limit shown on the Policy Declarations for:
   a) "each person" is the maximum that **we** will pay for all damages arising out of **bodily injury** to one person in any one **motor vehicle** accident, including damages sustained by anyone else as a result of that **bodily injury**.
   b) "each accident" is the maximum that **we** will pay for all damages arising out of **bodily injury** to two or more persons in any one **motor vehicle** accident. This "each accident" limit is subject to the "each person" limit.

   These limits are the maximum **we** will pay for any one **motor vehicle** accident regardless of the number of:
   a) claims made;
   b) **insured persons**;
   c) vehicles stated on the Policy Declarations; or
   d) vehicles involved in the accident.

   The **Uninsured Motorists Insurance** limits apply to each insured **motor vehicle** as stated on the Policy Declarations. If **you** are struck as a pedestrian or are a passenger in a **non-owned auto**, **you** are entitled to select the highest limits of **Uninsured Motorists Insurance** available on any one **motor vehicle** for **you** or a **resident** relative.

3. Regardless of whether the Policy Declarations indicates that the limits of two or more **insured autos** may be stacked, or may not be stacked together for **Uninsured Motorists Insurance**, if **bodily injury** is sustained in a **motor vehicle** accident by any person other than **you** or a **resident** relative, **our** maximum limit of liability for all damages arising out of **bodily injury** to any person other than **you** or a **resident** relative is the limit of liability shown on the Policy Declarations applicable to the vehicle the **insured person** was occupying at the time of the **motor vehicle** accident. This is the most **we** will pay regardless of the number of:
   a) claims made;
   b) vehicles or persons stated on the Policy Declarations; or
   c) vehicles involved in the accident.

4. Damages payable will be reduced by:
   a) all amounts paid by the owner or operator of the **uninsured auto** or anyone else responsible, including all sums paid or payable under the **bodily injury** liability coverage of this or any other **auto** policy; and
   b) all amounts payable under any workers' compensation law, disability benefits law, or similar law, **Automobile Medical Payments**, or any similar automobile medical payments coverage, **Personal Injury Protection** benefits provided under this policy or any no-fault benefits provided under any other **auto** policy.

If There Is Other Insurance

1. **When limits of two or more insured autos may be stacked:**
If the injured person was struck as a pedestrian or in, on, getting into or out of a vehicle which is insured for this coverage under another policy, this coverage will be excess.

   If more than one policy applies to the accident on a primary basis, **we** will bear **our** proportionate share of the damages payable.

2. **When limits of two or more insured autos may not be stacked:**
If the injured person was struck as a pedestrian or in, on, getting into or out of a vehicle **you** do not own which is insured for this coverage under another policy, this coverage will be excess. This means that when the injured person is legally entitled to recover damages in excess of the other policy limit, **we** will pay up to **your** policy limit, except that **we** will not pay for damages consisting of pain, suffering, mental anguish, or inconvenience unless the injury or disease consists in whole or in part of:
   a) significant and permanent loss of an important bodily function;
   b) permanent injury within a reasonable degree of medical probability, other than scarring or disfigurement;
   c) significant and permanent scarring or disfigurement; or
   d) death.

   This applies only after all other collectible insurance has been exhausted.

   If more than one policy applies to the accident on a primary basis, the total benefits payable to any one person will not exceed the maximum benefits payable by the policy with the highest limit for uninsured motorists benefits. **We** will bear **our** proportionate share. This applies no matter how many **autos** or auto policies may be involved whether written by **us** or another company.

Assistance And Cooperation: Additional Duties

We will require **you** and any **insured person** making a claim to cooperate with **us** in the investigation, settlement or defense of any claim or suit. This includes, but is not limited to; assisting **us** in making settlements, securing evidence, obtaining evidence, and in conducting suits; disclosing all facts; attending hearings and trials; helping **us** recover from anyone who may be jointly responsible; giving **us** a recorded statement, a written statement, a video-recorded statement, records and/or documents; when requested by **us**, as often as **we** reasonably require. **You** and any **insured person** making a claim shall be required, at **our** option, to submit to an examination under oath, separately and apart from others, and to sign the transcript. The person submitting to examination under oath may be represented by counsel at their own expense. **We** may require **you** and any **insured person** to take appropriate action to preserve all rights to recover damages from anyone responsible for the **bodily injury**. If **you** or any **insured person** making a claim does not comply

with the terms of this provision **we** are not required to pay any benefits under this coverage.

Proof Of Claim; Medical Reports
If the mental or physical condition of an **insured person** is material to any claim under this coverage, that person may be required to submit to mental or physical examinations by physicians **we** choose, as often as **we** reasonably require. The person making the claim or that person's representative must authorize **us** to obtain medical reports and copies of medical and other records related to the claim. If an **insured person** unreasonably refuses to submit to an examination or fails to appear at an examination, **we** are not required to pay any subsequent **Uninsured Motorists Insurance** benefits. **We** will pay the expense of any examinations **we** request.

Such examination shall be conducted within the municipality of residence of the **insured person** or in the municipality where the **insured person** is receiving treatment. If there is no qualified physician to conduct the examination within such municipality, then such examination shall be conducted in an area of the closest proximity to the **insured person's** residence.

Action Against Us
No one may bring an action against **us** in any way related to the existence or amount of coverage, or the amount of loss for which coverage is sought, under **Uninsured Motorists Insurance**, unless there is full compliance with all policy terms and the action is commenced within 5 years or the time limits prescribed by Florida law.

If any **insured person** sues a person believed responsible for the accident without **our** written consent, **we** aren't bound by any resulting judgment.

Trust Agreement
When **we** pay any person under this coverage:

1. **We** are entitled to repayment of amounts paid by **us** and related collection expenses out of the proceeds of any settlement or judgment that person recovers from any responsible party or insurer. **We** are not entitled to repayment until after the person **we** have paid under this coverage has been compensated for all damages that person was legally entitled to recover.
2. All rights of recovery against any responsible party or insurer must be maintained and preserved for **our** benefit.
3. If **we** ask, **insured person(s)** must take appropriate action in their name to recover damages from any responsible party or insurer. **We** will select the attorney and **we** will pay all related costs and fees. **We** will not ask the **insured person** to sue the insured of an insolvent insurer.

Payment Of Loss By Us
Any amount due is payable to the **insured person**, to the parent or guardian of an injured minor, or to the spouse of any **insured person** who dies. However, **we** may pay any person lawfully entitled to recover the damages.

If We Cannot Agree
If the **insured person** and **we** do not agree on that person's right to receive any damages or the amount of that person's damages, then the disagreement will be resolved in a court of competent jurisdiction.

Notwithstanding this provision, should the **insured person** and **we** mutually agree to arbitrate the disagreement, the Florida Arbitration Code will not apply unless the **insured person** and **we** mutually agree to apply that code.

All other policy terms and conditions apply.

Important Information Concerning Your Personal Injury Protection Insurance

For personal injury protection insurance, the named insured may elect a deductible and to exclude coverage for loss of gross income and loss of earning capacity ("lost wages"). These elections apply to the named insured alone or to the named insured and all dependent resident relatives. A premium reduction will result from these elections. The named insured is hereby advised not to elect the lost wage exclusion if the named insured or dependent resident relatives are employed, since lost wages will not be payable in the event of an accident.

Automobile Liability Insurance Bodily Injury–Coverage AA, and Property Damage–Coverage BB

These coverages pay for all damages that an insured person is legally obligated to pay because of bodily injury or property damage. Your policy also protects an insured person from claims for accidents arising out of the ownership, maintenance, use, loading or unloading of an insured auto. Bodily Injury Liability–Coverage AA is an optional coverage that can be added to your policy for an additional premium.

This coverage is subject to the exclusions, terms and conditions described in the policy.

- Under **Exclusions—What Is Not Covered**, we have made several changes. In some cases, we have revised exclusions that were already a part of your policy; in other cases, we have renumbered exclusions and added new exclusions. All item numbers below refer to the items as reflected in the revised policy forms:
- Item 1 is added. It excludes coverage while the insured auto is used by any person as an employee of the United States government. This exclusion applies only if the provisions of the Federal Tort Claims Act, as amended, require the Attorney General of the United States to defend that person in any civil action or proceeding.
- Item 2 - we revised this exclusion to state that we do not cover loss arising out of the use of an insured auto to carry persons or property for any form of compensation. This item now uses the defined term "shared-expense car pool."
- Item 3 - we added an exclusion which specifically excludes coverage for bodily injury or property damage arising out of the use of your insured auto while it is rented to, leased to, or loaned for a charge to, any person or organization by or with the permission of an insured person, with some exceptions.
- Item 4 - we added "leasing" to the list of examples of excluded motor vehicle business operations.
- Item 6 - with this item, we exclude coverage for bodily injury or property damage arising out of the ownership, maintenance or use of a motor vehicle with less than four wheels.
- Item 11 has been revised this exclusion to more broadly state that loss which would also be covered under nuclear energy liability insurance is excluded.
- Item 13 - we added a new exclusion which specifically excludes coverage for bodily injury or property damage arising out of the use of a trailer or travel-trailer that is not attached to an auto which is an insured auto. Note: The exclusion does not apply if the trailer or travel-trailer suddenly and accidentally becomes detached from the auto immediately before the accident.
- Item 14 - we added a new exclusion which specifically excludes coverage for any liability an insured person assumes arising out of any contract or agreement other than a rental or leasing agreement.
- Item 15 - we added a new exclusion which specifically excludes coverage for bodily injury or property damage arising out of the use of a trailer or travel-trailer while it is parked for use as a residence, or as an office, display space, or storage space.

Automobile Medical Payments–Coverage CC

If a premium is shown on the Policy Declarations for Automobile Medical Payments–Coverage CC, Allstate will pay to or on behalf of an insured person for medically necessary treatment actually provided to the insured person within 3 years of a covered auto accident because of bodily injury. Payments will be made only: when bodily injury is caused by a motor vehicle accident; for medical, surgical, X ray, dental, and rehabilitative services, including prosthetic devices, and ambulance, hospital and nursing services; which are medically necessary; only if the insured person receives initial services and care within 14 days after the motor vehicle accident. The

methodology for determining the amount we will pay for such expenses shall be pursuant to the fee schedule limitations under the Florida Motor Vehicle No-Fault Law, and shall be limited to the schedule of maximum charges set forth in the policy.

Where a medical provider has contracted with an organization or network to accept payment for services in an amount that is less than the fee schedule or other limitations established by the Florida Motor Vehicle No-Fault Law; and Allstate contracted with that organization or network or one of its affiliates, either directly or through one or more medical bill review companies or third-party administrators, to apply and accept such contractually agreed amounts; then Allstate will pay that provider's bills at the contractually agreed rate.

Automobile Medical Payments provides reimbursement only for initial services and care: (i) that are lawfully provided, ordered or prescribed by a licensed physician, dentist or chiropractic physician; or (ii) that are provided in a hospital or in a facility that owns, or is wholly owned by, a hospital; or (iii) provided by a licensed person or entity which provides emergency transportation and treatment.

Upon referral from a provider described in (i) through (iii) above, follow up services and care consistent with the underlying medical diagnosis rendered may be provided, supervised, ordered or prescribed only by a licensed physician, chiropractic physician or dentist, or to the extent permitted by applicable law and under the supervision of such physician, osteopathic physician, chiropractic physician or dentist, by a licensed physician assistant or a licensed advanced registered nurse practitioner.

Follow up services and care may also be provided by any of the following:

1. a licensed hospital or ambulatory surgical center;
2. an entity wholly owned by one or more licensed physicians, chiropractic physicians, or dentists; or by such practitioners and the spouse, parent, child, or sibling of such practitioners;
3. an entity that owns or is wholly owned, directly or indirectly, by a hospital or hospitals;
4. a licensed physical therapist, but only upon referral from: a licensed physician, dentist, or chiropractic physician; a licensed physician assistant, to the extent permitted by law and under the supervision of a licensed physician, dentist, or chiropractic physician; a licensed advanced registered nurse practitioner, to the extent permitted by law and under the supervision of a licensed physician, dentist, or chiropractic physician; or
5. a licensed health care clinic which is accredited by the Joint Commission on Accreditation of Healthcare Organizations, the American Osteopathic Association, the Commission on Accreditation of Rehabilitation Facilities, or the Accreditation Association for Ambulatory Health Care, Inc., or:
   a) has a licensed medical director;
   b) has been continuously licensed for more than 3 years or is a publicly traded corporation; and
   c) provides at least four of the following medical specialties: general medicine; radiography; orthopedic medicine; physical medicine; physical therapy; physical rehabilitation; prescribing or dispensing outpatient prescription medication; or laboratory services.

Automobile Medical Payments coverage does not include massage or acupuncture.

We will not pay for medical services, supplies or care that is not reimbursable under Medicare or workers' compensation law. If a healthcare provider takes action against the insured person to recover for services billed and not paid, we will defend and, if necessary, indemnify them up to the policy limits.

Notwithstanding the above limitation, we will pay: expenses not paid under Part III of the policy because of the eighty percent limitation for medical expense benefits; expenses not paid under Part III of the policy or under any no-fault benefits in any other motor vehicle policy because all available medical expense benefits have been exhausted; or expenses for bodily injury sustained outside the state of Florida through being struck while in, on, getting into or out of, or struck while a pedestrian by a motor vehicle.

There is no coverage under Automobile Medical Payments for mileage costs for use of a personal vehicle.

This coverage is subject to the exclusions, terms and conditions described in the policy.

- Under **Exclusions—What Is Not Covered**, we have made several changes. In some cases, we have revised exclusions that were already a part of your policy; in other cases, we have renumbered exclusions and added new exclusions. All item numbers below refer to the items as reflected in the revised policy forms:
  - Item 2 - we added wording to indicate that the exclusion applies to you or a resident relative while in, on, getting into or out of, or getting on or off of, an auto available or furnished for the regular use of you or a resident relative, which is not insured for this coverage.
  - Item 4 - we revised this exclusion to state that we do not cover bodily injury to any person arising out of the

use of an insured auto while used by an insured person to carry persons or property for any form of compensation, or the use of any auto an insured person is driving while available for hire by the public. The exclusion does not apply to shared-expense car pools.

- Item 5 is added. It excludes coverage for bodily injury to any person arising out of the use of your insured auto while it is rented to, leased to, or loaned for a charge to, any person or organization by or with the permission of an insured person, with some exceptions.
- Item 6 is added. It excludes coverage for bodily injury to any person arising out of the ownership, maintenance, or use of a motor vehicle with less than four wheels.
- Item 7 - we added "leasing" to the list of examples of motor vehicle business operations. We have also eliminated certain language in light of the changes we made to item 4 (see above) and revised language pertaining to private chauffeurs and domestic servants while using an insured auto.
- Item 8 - we revised the exclusion pertaining to loss resulting from acts of war, insurrection, rebellion or revolution, providing an expanded list of excluded causes of loss.
- Item 10 - we revised this exclusion to provide that we will reimburse the U.S. government when an insured receives medical treatment for the same cause of loss through a facility of the uniformed services.
- Item 11 - we added a new exclusion which specifically excludes coverage for bodily injury to any person while in, on, getting into or out of, or getting on or off of, a trailer or travel-trailer while it is parked for use as a residence, or as an office, display space, or storage space.
- Item 12 - we added a new exclusion which specifically excludes coverage for bodily injury to any person while in, on, getting into or out of, or getting on or off of, a trailer or travel-trailer that is not attached to an auto which is an insured auto. Note: The exclusion does not apply if the trailer or travel-trailer suddenly and accidentally becomes detached from the auto immediately before the accident.

Personal Injury Protection-Coverage VA

Personal Injury Protection pays for certain medical expenses, income loss, loss of services and death benefits for bodily harm, sickness, disease or death if it is the result of an accident arising from the ownership, maintenance or use of a "motor vehicle" (as defined under this coverage).

For medical expenses, Allstate will pay eighty percent of reasonable expenses; for medical, surgical, X-ray, dental, and rehabilitative services, including prosthetic devices, and ambulance, hospital and nursing services; which are medically necessary; only if the injured person receives initial services and care within 14 days after the motor vehicle accident. The methodology for determining the amount we will pay for such expenses shall, pursuant to the Florida Motor Vehicle No-Fault Law, be limited to eighty percent of the schedule of maximum charges set forth in the policy AND SHALL BE SUBJECT TO ANY AND ALL LIMITATIONS, AUTHORIZED BY SECTION 627.736 OF THE FLORIDA STATUTES, OR ANY OTHER PROVISIONS OF THE FLORIDA MOTOR VEHICLE NO-FAULT LAW, AS ENACTED, AMENDED OR OTHERWISE CONTINUED IN THE LAW, INCLUDING, BUT NOT LIMITED TO, ALL FEE SCHEDULES.

Where a medical provider has contracted with an organization or network to accept payment for services in an amount that is less than the fee schedule or other limitations established by the Florida Motor Vehicle No-Fault Law; and Allstate contracted with that organization or network or one of its affiliates, either directly or through one or more medical bill review companies or third-party administrators, to apply and accept such contractually agreed amounts; then Allstate will pay that provider's bills at eighty percent (80%) of the contractually agreed rate.

Medical expense benefits provides reimbursement only for initial services and care: (i) that are lawfully provided, ordered or prescribed by a licensed physician, dentist or chiropractic physician; or (ii) that are provided in a hospital or in a facility that owns, or is wholly owned by, a hospital; or (iii) provided by a licensed person or entity which provides emergency transportation and treatment.

Upon referral from a provider described in (i) through (iii) above, follow up services and care consistent with the underlying medical diagnosis rendered may be provided, supervised, ordered or prescribed only by a licensed physician, chiropractic physician or dentist, or to the extent permitted by applicable law and under the supervision of such physician, osteopathic physician, chiropractic physician or dentist, by a licensed physician assistant or a licensed advanced registered nurse practitioner.

Follow up services and care may also be provided by any of the following:

1. a licensed hospital or ambulatory surgical center;

2. an entity wholly owned by one or more licensed physicians, chiropractic physicians, or dentists; or by such practitioners and the spouse, parent, child, or sibling of such practitioners;
3. an entity that owns or is wholly owned, directly or indirectly, by a hospital or hospitals;
4. a licensed physical therapist, but only upon referral from: a licensed physician, dentist, or chiropractic physician; a licensed physician assistant, to the extent permitted by law and under the supervision of a licensed physician, dentist, or chiropractic physician; a licensed advanced registered nurse practitioner, to the extent permitted by law and under the supervision of a licensed physician, dentist, or chiropractic physician; or

If you make an initial premium payment on your original policy that is dishonored upon presentation, or honored and later reversed or dishonored for any reason, we may deny any claim and we may void this entire policy, including any and all coverages hereunder. If we void the policy from its inception we will not be liable for any claims or damages that would have otherwise been covered in the absence of the non-payment of premium.
