Data for Contra Costa County based on meteorological data collected from Chevron Refinery in 2005

Notes and References:

1. Emissions were developed using EMFAC2011 for fleet mix in 2014 assuming 10,000 AADT and includes impacts from diesel and gasoline vehicle exhaust, brake and tire wear, and resuspended dust.
2. Roadways were modeled using CALINE4 air dispersion model assuming a source length of one kilometer. Meteorological data used to estimate the screening values are noted at the bottom of the "Results" box.
3. Cancer risks were estimated for 70 year lifetime exposure starting in 2014 that includes sensitivity values for early life exposures and OEHHA toxicity values adopted in 2013.

MAP INFORMATION

The soil surveys that comprise your AOI were mapped at 1:24,000.

Warning: Soil Map may not be valid at this scale.

Enlargement of maps beyond the scale of mapping can cause misunderstanding of the detail of mapping and accuracy of soil line placement. The maps do not show the small areas of contrasting soils that could have been shown at a more detailed scale.

Please rely on the bar scale on each map sheet for map measurements.

Source of Map: Natural Resources Conservation Service
Web Soil Survey URL:
Coordinate System: Web Mercator (EPSG:3857)

Maps from the Web Soil Survey are based on the Web Mercator projection, which preserves direction and shape but distorts distance and area. A projection that preserves area, such as the Albers equal-area conic projection, should be used if more accurate calculations of distance or area are required.

This product is generated from the USDA-NRCS certified data as of the version date(s) listed below.

Soil Survey Area: Contra Costa County, California
Survey Area Data: Version 15, Sep 14, 2018

Soil map units are labeled (as space allows) for map scales 1:50,000 or larger.

Date(s) aerial images were photographed: Jun 2, 2015—Jun 3, 2015

The orthophoto or other base map on which the soil lines were compiled and digitized probably differs from the background imagery displayed on these maps. As a result, some minor shifting of map unit boundaries may be evident.

MANAGEMENT SUMMARY

FirstCarbon Solutions (FCS) conducted a Phase I Cultural Resources Assessment of the proposed project site located within the City of Oakley, Contra Costa County, California. The rectangular 9.87-acre project site is located on Oakley Road with Beldin Lane to the east, Live Oak Avenue to the west, and Holly Creek Park to the south. The project site is located on the Brentwood United States Geological Survey (USGS) 7.5-minute topographic quadrangle, Township 2 North, Range 2 East, Section 27.

The purpose of this assessment is to identify the presence or absence of potentially significant cultural resources within the project area and, if impacted by the proposed development, propose recommendations for mitigation. Completion of this investigation fulfills the requirements associated with the California Environmental Quality Act (CEQA). This report follows the California Office of Historic Preservation (OHP) procedures for cultural resource surveys and the OHP's Archaeological Resource Management Report (ARMR) format for archaeological reports.

On January 4, 2019, a records search for the project area and a 0.5-mile radius beyond the project boundaries was conducted at the Northwest Information Center (NWIC) located at California State University, Sonoma. To identify any historic properties or resources, the current inventories of the National Register of Historic Places (NRHP), the California Register of Historic Resources (CRHR), the California Historical Landmarks list, the California Points of Historical Interest list, and the California State Historic Resources Inventory were reviewed to determine the existence of previously documented local historical resources. Results from the NWIC indicate that one resource has been recorded within 0.5 mile of the project area. There are 27 area-specific survey reports on file with the NWIC for the search radius suggesting the project location has been previously surveyed for cultural resources.

On December 20, 2018, FCS sent a letter to the Native American Heritage Commission (NAHC) in an effort to determine whether any sacred sites are listed on its Sacred Lands File for the project area. A response was received on January 8, 2019, indicating that the Sacred Lands File failed to indicate the presence of Native American cultural resources in the immediate project area. The NAHC included a list of six tribal representatives available for consultation. To ensure that all Native American knowledge and concerns over potential Tribal Cultural Resources (TCRs) that may be affected by the project are addressed, a letter containing project information and requesting any additional information was sent to each tribal representative on February 21, 2019. No responses have been received to date.

FCS Senior Archaeologist, Dana DePietro, PhD, RPA, surveyed the project site on January 9, 2019. The project area consists of a single parcel of land that contains vineyards and a single residence. The site is bordered by Oakley Road and a residential neighborhood to the north, residential homes along Beldin Lane to the east, Holly Creek Park to the south, and residential homes along Stacy Lane to the west. The project site was surveyed using standard 15-meter transects moving north-south parallel to vine plantings across the site whenever possible. Visible soils consisted of light tan sandy soils interspersed with small water-worn stones (3 to 5 cm) composed of schist, quartz, and basalt.

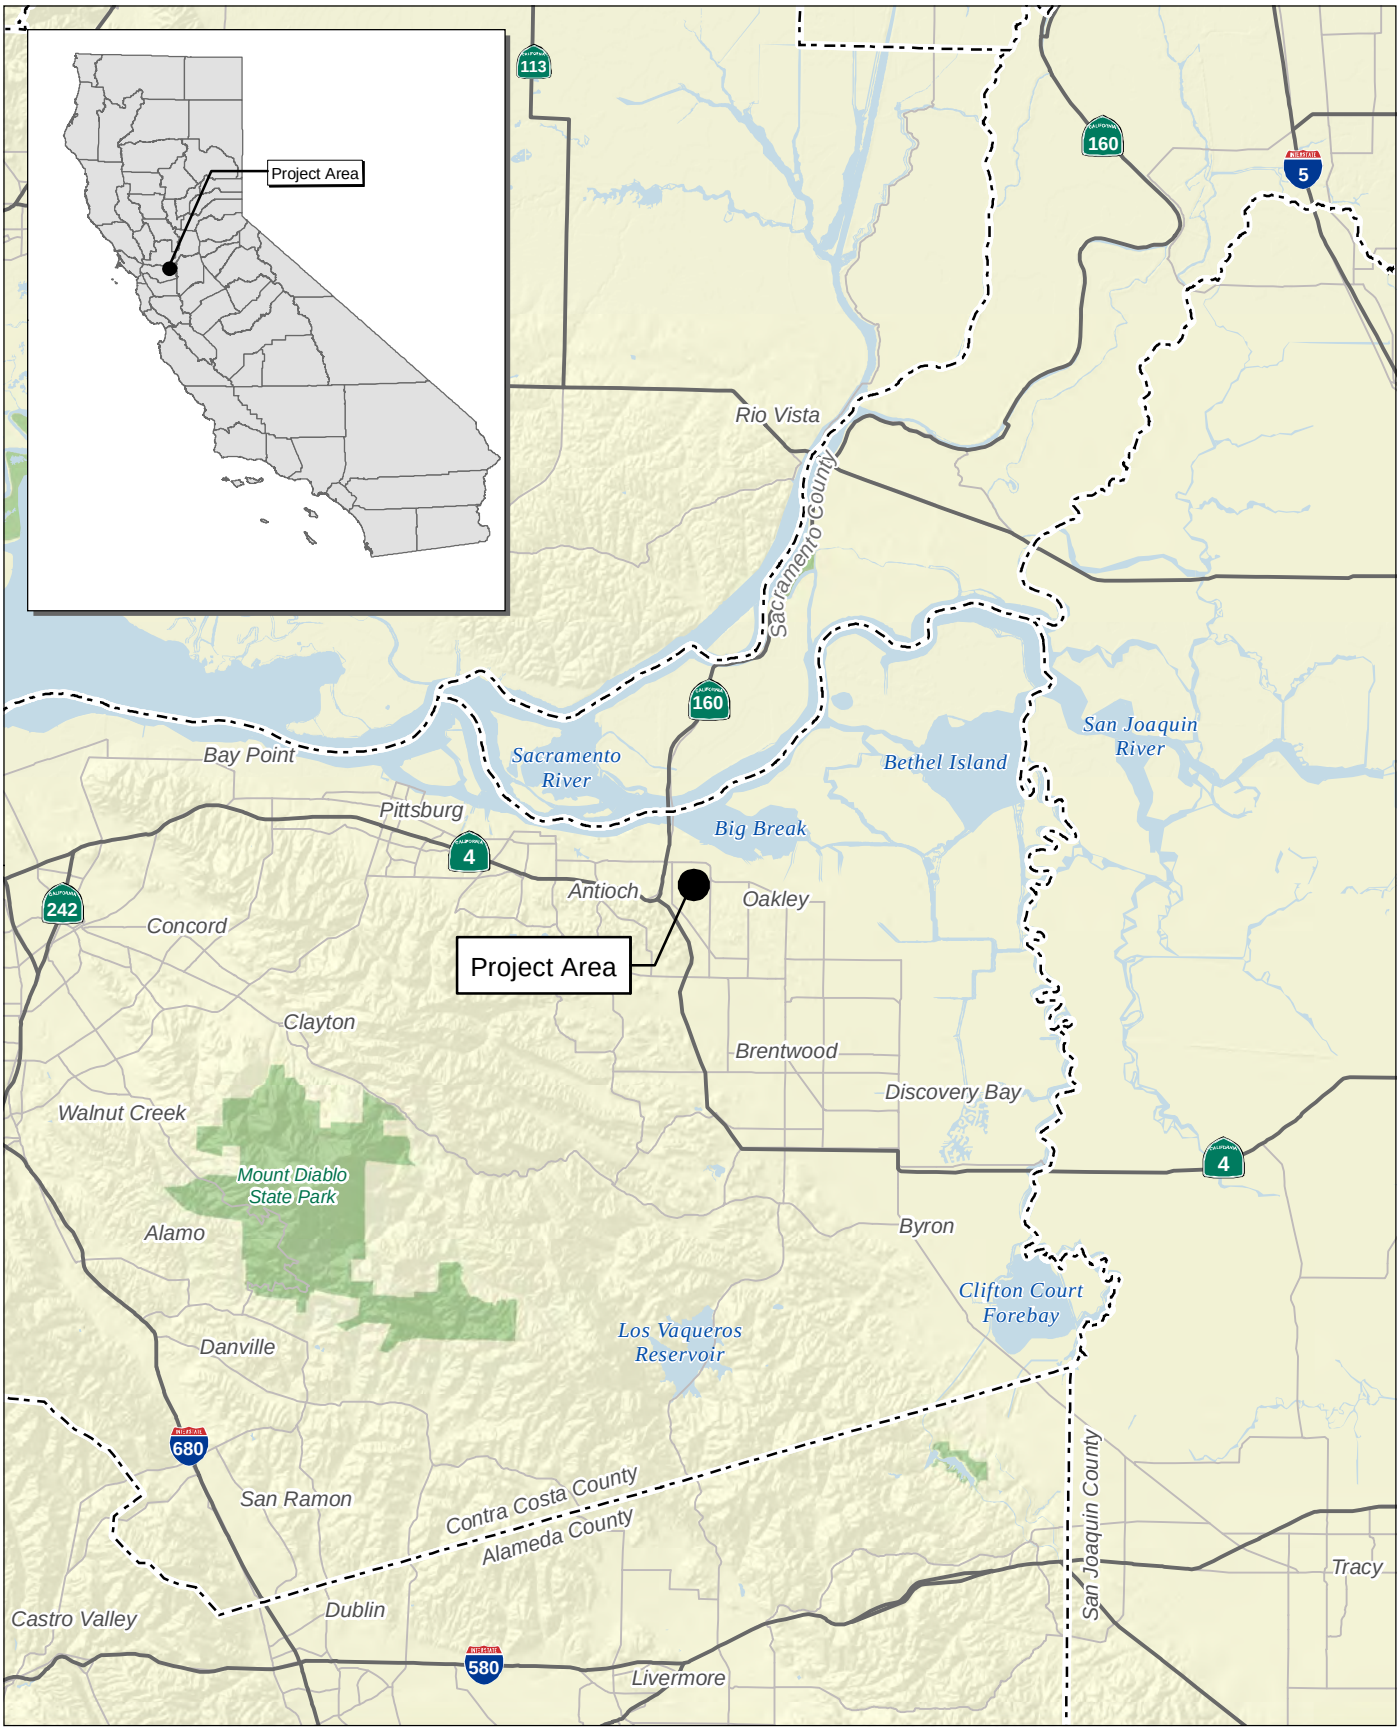
Overall ground visibility was fair, ranging from 70 to 80 percent across the site. Soils in sections of poor visibility were intermittently inspected using a hand trowel. No prehistoric resources or materials used in the production of said resources (e.g., obsidian, Franciscan chert) were observed during the course of the pedestrian survey. The single residence located in the north of the parcel was found to be over 45 years old and therefore required an assessment of its historic significance and eligibility for listing on the CRHR.

On January 4, 2019, Consulting Paleontologist Dr. Kenneth L. Finger performed a records search on the University of California Museum of Paleontology (UCMP) database for the project site in Contra Costa County. According to the geologic map by Helley and Graymer (1997), the surface of the area of the project site is located entirely on Holocene-Pleistocene dune deposits (Qds). Pleistocene deposits, if found, have the potential to yield significant paleontological resources. There are 9927 specimens (95 species) in the County and they are all assigned to the late Pleistocene Rancholabrean NALMS (North American Land Mammal Stage).

Based on the results of the records searches, Native American correspondence, and pedestrian survey, FCS considers the potential for the project to have an adverse effect on historic or prehistoric cultural resources to be low. Archaeological monitoring of construction activities is not recommended at this time. The paleontological potential of Quaternary (Holocene-Pleistocene) Dune Sand deposits is moderate in view of the fact that Pleistocene deposits have the potential to yield significant specimens. As such, a professional paleontologist should be present in areas where Pleistocene deposits may be disturbed. Should any vertebrate fossils be discovered on the site, all work in the vicinity of the find should be diverted until the monitor or paleontologist has evaluated the find and, if deemed appropriate, salvaged it for deposition in an appropriate repository such as the UCMP.

SECTION 1: INTRODUCTION

1.1 - Project Location and Description



The 9.87-acre project site is located in the City of Oakley, Contra Costa County, California (Exhibit 1). The project site is located on the Brentwood, California USGS 7.5-minute topographic quadrangle, Township 2 North, Range 2 East, Section 27 (Exhibit 2). The rectangular project site is located on Oakley Road with Beldin Lane to the east, Live Oak Avenue to the west, and Holly Creek Park to the south (Exhibit 3).

MLC Holdings proposes to subdivide and develop 68 residential lots, a bioretention basin, and 50 parking spaces.

1.2 - Assessment Team

FCS Senior Archaeologist Dana DePietro, PhD, RPA, conducted the pedestrian survey, and FCS Staff Archaeologist, Stefanie Griffin, MA, authored this report. Professional qualifications for Dr. DePietro and Ms. Griffin can be found in Appendix C.

SECTION 2: CULTURAL SETTING

The following is a brief overview of the prehistoric and historic background of the general area, which provides context to understand the relevance of resources found in the general project area. This section is not intended to be a comprehensive review of the current resources available; rather, it serves as a general overview.

Further details of the San Francisco Bay Area can be found in the ethnographic studies, mission records, and major published sources, including Bennyhoff (1950), Beardsley (1948), Kroeber (1925), Moratto (1984), Chartkoff (1984), and Jones and Klar (2007).

2.1 - Prehistoric Background

In general, archaeological research in the greater San Francisco Bay area has focused on coastal areas, where large shellmounds were relatively easily identified on the landscape. This research and its chronological framework, however, are relevant to and have a bearing on our understanding of prehistory in areas adjacent to the San Francisco Bay, including modern Contra Costa County.

The San Francisco Bay Area supported a dense population of hunter-gatherers over thousands of years, leaving a rich a varied archaeological record. The Bay Area was a place of incredible language diversity, with seven languages spoken at the time of Spanish settlement in 1776. The diverse ecosystem of the bay and surrounding lands supported an average of three to five persons per square mile, but reached 11 persons per square mile in the North Bay. At the time of Spanish contact, the people of the Bay Area were organized into local tribelets that defended fixed territories under independent leaders. Typically, individual Bay Area tribelets included 200 to 400 people distributed among three to five semi-permanent villages, within territories measuring approximately 10 to 12 miles in diameter (Milliken et al. 2007).

Native American occupation and use of the greater Bay Area including the regions comprising Concord and Oakley, extends over 5000-7000 years and may be longer. Early archaeological investigations in central California were conducted at sites located in the Sacramento-San Joaquin Delta region. The first published account documents investigations in the Lodi and Stockton area. The initial archaeological reports typically contained descriptive narratives with more systematic approaches sponsored by Sacramento Junior College in the 1930s. At the same time, University of California at Berkeley excavated several sites in the lower Sacramento Valley and Delta region, which resulted in recognizing archaeological site patterns based on a variation of intersite assemblages. Research during the 1930s identified temporal periods in central California prehistory and provided an initial chronological sequence. In 1939, researcher Jeremiah Lillard of Sacramento Junior College noted that each cultural period led directly to the next and that influences spread from the Delta region to their regions in central California (Lillard and Purves 1936). In the late 1940s and early 1950s, researcher Richard Beardsley of the University of California Berkeley documented similarities in artifacts among sites in the San Francisco Bay region and the Delta and refined his findings into a cultural model that ultimately became known as the Central California Taxonomic System (CCTS). This system proposed a uniform, linear sequence of cultural succession (Beardsley 1948).

To address some of the flaws in the CCTS system, D.A. Fredrickson (1973) introduced a revision that incorporated a system of spatial and cultural integrative units. Fredrickson separated cultural, temporal, and spatial units from each other and assigned them to six chronological periods: Paleo-Indian (10000 to 6000 before Common Era [BCE]; Lower, Middle and Upper Archaic (6000 BCE to 500 Common Era [CE]), and Emergent (Upper and Lower, 500 CE to 1800). The suggested temporal ranges are similar to earlier horizons, which are broad cultural units that can be arranged in a temporal sequence (Fredrickson 1973). In addition, Fredrickson defined several patterns—a general way of life shared within a specific geographical region. These patterns include:

- Windmiller Pattern or Early Horizon (3000 to 1000 BCE)
- Berkeley Pattern or Middle Horizon (1000 BCE to 500 CE)
- Augustine Pattern or Late Horizon (500 CE to historic period)

Brief descriptions of these temporal ranges and their unique characteristics follow.

2.1.1 - Windmiller Pattern or Early Horizon (3000 to 1000 BCE)

Characterized by the Windmiller Pattern, the Early Horizon was centered in the Cosumnes district of the Delta and emphasized hunting rather than gathering, as evidenced by the abundance of projectile points in relation to plant processing tools. Additionally, atlatl, dart, and spear technologies typically included stemmed projectile points of slate and chert but minimal obsidian. The large variety of projectile point types and faunal remains suggests exploitation of numerous types of terrestrial and aquatic species (Bennyhoff 1950). Burials occurred in cemeteries and intra-village graves. These burials typically were ventrally extended, although some dorsal extensions are known with a westerly orientation and a high number of grave goods. Trade networks focused on acquisition of ornamental and ceremonial objects in finished form rather than on raw material. The presence of artifacts made of exotic materials such as quartz, obsidian, and shell indicates an extensive trade network that may represent the arrival of Utian populations into Central California. Also indicative of this period are rectangular *Haliotis* and *Olivella* shell beads, and charmstones that usually were perforated (Ragir 1972).

2.1.2 - Berkeley Pattern or Middle Horizon (1000 BCE to 500 CE)

The Middle Horizon is characterized by the Berkeley Pattern, which displays considerable changes from the Early Horizon. This period exhibited a strong milling technology represented by minimally shaped cobble mortars and pestles, although metates and manos were still used. Dart and atlatl technologies during this period were characterized by non-stemmed projectile points made primarily of obsidian. Fredrickson (1973) suggests that the Berkeley Pattern marked the eastward expansion of Miwok groups from the San Francisco Bay Area. Compared with the Early Horizon, there is a higher proportion of grinding implements at this time, implying an emphasis on plant resources rather than on hunting. Typical burials occurred within the village with flexed positions, variable cardinal orientation, and some cremations. As noted by Lillard, Heizer, and Fenenga, the practice of spreading ground ochre over the burial was common at this time. Grave goods during this period are generally sparse and typically include only utilitarian items and a few ornamental objects. However, objects such as charmstones, quartz crystals, and bone whistles occasionally were present, which suggest the religious or ceremonial significance of the individual (Lillard et al. 1939). During this period, larger populations are suggested

by the number and depth of sites compared with the Windmiller Pattern. According to Fredrickson (1973), the Berkeley Pattern reflects gradual expansion or assimilation of different populations rather than sudden population replacement and a gradual shift in economic emphasis.

2.1.3 - Augustine Pattern or Late Horizon (500 CE to Historic Period)

The Late Horizon is characterized by the Augustine Pattern, which represents a shift in the general subsistence pattern. Changes include the introduction of bow and arrow technology; and most importantly, acorns became the predominant food resource. Trade systems expanded to include raw resources as well as finished products. There are more baked clay artifacts and extensive use of Haliotis ornaments of many elaborate shapes and forms. According to Moratto (1984), burial patterns retained the use of flexed burials with variable orientation, but there was a reduction in the use of ochre and widespread evidence of cremation. Judging from the number and types of grave goods associated with the two types of burials, cremation seems to have been reserved for individuals of higher status, whereas other individuals were buried in flexed positions. Johnson (1976) suggests that the Augustine Pattern represents expansion of the Wintuan population from the north, which resulted in combining new traits with those established during the Berkeley Pattern.

Central California research has expanded from an emphasis on defining chronological and cultural units to a more comprehensive look at settlement and subsistence systems. This shift is illustrated by the early use of burials to identify mortuary assemblages and more recent research using osteological data to determine the health of prehistoric populations. Although debate continues over a single model or sequence for Central California, the general framework consisting of three temporal/cultural units is generally accepted, although the identification of regional and local variation is a major goal of current archaeological research.

2.2 - Native American Background

Researchers differ on which Native American group or groups called the area comprising modern Oakley home. The project site may have been within the ethnographic and historic boundaries of a Native American group known as the *Karkin* (*Karquines* or *Tarquines*) of the Ohlone family or possibly the Bay Miwok, part of the Eastern Miwok, who extended to include present-day Walnut Creek.

The eastern Miwok belonged to five separate linguistic and cultural groups, each having a distinctive language and culture. The foremost political unit of the Miwok was the tribelet; an independent and sovereign nation with defined boundaries and control over the natural resources within the boundaries. As noted by Levy (1978), villages are described as headquarters of a localized patrilineage, and this social organization was further prescribed by individual lineage memberships in a moiety. With the notable exceptions of tobacco and dogs, the Eastern Miwok lacked cultivated plants and domesticated animals.

All plant foods were naturally occurring and gathered by hand, the most important of which were the seven varieties of acorn used by the Eastern Miwok people. Acorns were usually allowed to ripen and fall off the tree on their own where they would then be collected in large numbers in burden baskets. The acorns were then shelled, placed on an acorn anvil, and struck with a hammer stone to expose the meats within. These meats were ground into a fine meal using a bedrock mortar and

cobblestone pestle. The meal was then sifted into a tightly coiled basket, and several applications of water were run through the basket to leach the bitter tannin from the meal. Once dry, the meal could be used in the preparation of acorn soup, mush, biscuits, and bread. For this reason, access to acorns, clean moving water, and exposed bedrock was particularly important to the Eastern Miwok. These resources were available in the general project area.

The proposed project site is located to the south of the San Joaquin River and watercourses were often a focus of prehistoric occupation in Central California with Native American groups exploiting a variety of ecological niches. While this area was within an environmentally advantageous area for Native Americans located between the resources of the San Francisco Bay margin and the foothills and nearby creeks, no known ethnographic settlements are known to have been located within or adjacent to the project site.

2.3 - Historical Background

2.3.1 - Spanish Period

The Eastern Miwok were first contacted by the Spanish exploring expeditions of the Sacramento-San Joaquin Valley in the second part of the 18th century. The first Spanish expeditions through the study area were led by Captain Pedro Fages and Father Juan Crespi in 1772. Juan Bautista de Anza also led an expedition in 1776. Expedition campsites have been mapped in the vicinity of Interstate 680, State Route 242, and Willow Pass Road. According to Hart (1987), Spanish colonial policy from 1769-1821 was directed at the founding of presidios, missions, and secular towns, with the land held by the Crown. The depletion of the coastal populations resulted in Spanish missionaries shifting to conversion of the interior peoples. The Bay Miwok were the first of the Eastern Miwok to be missionized, and were generally not willing converts. Mission baptismal records show that Native Americans went to Mission San Francisco de Assisi, founded in 1776, and Mission San Jose, founded in 1797. Their traditional lifeways apparently disappeared by 1810 due to disruption by Euro American diseases, a declining birth rate, and the impact of the mission system. For the most part, the former hunters-gatherers were transformed into agricultural laborers and worked with former neighboring groups such as the Esselen, Yokuts, and Miwok. After secularization of the missions between 1834 and 1836, some Native Americans returned to traditional religious and subsistence practices while others labored on Mexican ranchos. Thus, multi-ethnic Indian communities grew up in and around the area and provided informant testimony to ethnologists from 1878 to 1933 (Hart 1987).

2.3.2 - Mexican Period

The Mexican Period, 1821 to 1848, was marked by secularization and division of mission lands among the *Californios* as land grants, termed ranchos. During this period, Mariano G. Vallejo assumed authority of Sonoma Mission and established a rapport with the Native Americans who were living there. In particular, Vallejo worked closely with Chief Solano, a Patwin who served as Vallejo's spokesperson when problems with Native American tribes arose. The large rancho lands often were worked by Native Americans who were used as forced labor.

Shoup and Milliken state that mission secularization removed the social protection and support on which Native Americans had come to rely. It exposed them to further exploitation by outside interests, often forcing them into a marginal existence as laborers for large ranchos (Shoup and Milliken 1999). Following mission secularization, the Mexican population grew as the Native American population continued to decline. Euro-American settlers began to arrive in California during this period and often married into Mexican families, becoming Mexican citizens, which made them eligible to receive land grants. In 1846, on the eve of the U.S.-Mexican War (1846 to 1848), the estimated population of California was 8,000 non-natives and 10,000 Native Americans. However, these estimates have been debated. Cook suggests the Native American population was 100,000 in 1850; the U.S. Census of 1880 reports the Native American population as 20,385 (Cook 1976).

2.3.3 - American Settlement Period (1848 to 1885)

In 1848, James W. Marshall discovered gold at Coloma in modern-day El Dorado County, which started the gold rush into the region that forever altered the course of California's history. The arrival of thousands of gold seekers in the territory contributed to the exploration and settlement of the entire state. By late 1848, approximately four out of five men in California were gold miners. The gold rush originated along the reaches of the American River and other tributaries to the Sacramento River, and Hangtown, present-day Placerville, became the closest town offering mining supplies and other necessities for the miners in El Dorado County. Gold subsequently was found in the tributaries to the San Joaquin River, which flowed north to join the Sacramento River in the great delta east of San Francisco Bay (Robinson 1948).

By 1864, California's gold rush had essentially ended. The rich surface and river placers were largely exhausted and the miners either returned to their homelands or stayed to start new lives in California. After the gold rush, people in towns such as Jackson, Placerville, and Sonora turned to other means of commerce, such as ranching, agriculture, and timber production. With the decline of gold mining, agriculture and ranching came to the forefront in the State's economy. California's natural resources and moderate climate proved well suited for cultivation of a variety of fruits, nuts, vegetables, and grains (Beck and Haase 1974).

2.3.4 - History of Contra Costa County and the City of Oakley

The east side of San Francisco Bay, directly across from the City of San Francisco, became known as the "opposite coast" (or contra costa) by the Spanish. The county was formed in December of 1849 and is one of the original 27 California counties, with the county seat at Martinez (Hoover et al. 2002). Contra Costa County, like much of California, was seen as a land of economic opportunity, not just for its mining resources but also for its productive land where farmers could cultivate a variety of crops. Agriculture became important in the California economy in the late 1850s, and through to the 1860s, homesteading became a means by which people could own and operate a family farm. The decidedly agricultural focus also underpins the historical significance of the Spanish colonial and Mexican era of land grants. As early as 1882, special interests advertised the County's virtues as a place to cultivate. Early settlers began to speak of beneficial soils that support a range of crops—pears, prunes, peaches, almonds, walnuts and grapes flourished—with seasonal rainfall, and favorable climates. In addition, Contra Costa County is strategically located at crossing of trade routes with a waterfront location and relative closeness to the San Francisco metropolis. Large-scale

commercial operations began to capitalize on mechanical innovations just as irrigation developed in the early 1880s. Consequently, competing economic interests caused land prices to increase and make family farming a less profitable enterprise.

During the 1960s and 1970s, the community of Oakley evolved from an agricultural based community to a suburban residential community east of San Francisco. The establishment of large population centers fostered the development of equally large shopping centers. To meet demand on infrastructure, the State modernized highways and roadways, and with the establishment of the Bay Area Rapid Transit (BART) system (west of the project site), cities like Oakley continued to grow at an exponential rate. Today, the City continues to expand and planned developments intended to provide housing and services for the ever-growing Bay Area tech economy.

SECTION 3: RESULTS

3.1 - Record Search

3.1.1 - Information Center Search

On January 4, 2019, a records search for the project area and a 0.5-mile radius beyond the project boundaries was conducted at the NWIC. To identify any historic properties or resources, the current inventories of the NRHP, the CRHR, the California Historical Landmarks list, the California Points of Historical Interest list, and the California State Historic Resources Inventory were reviewed to determine the existence of previously documented local historical resources. Results from the NWIC indicate that one resource has been recorded within 0.5 mile of the project area (Table 1). In addition, 27 area-specific survey reports are on file with the NWIC for the search radius suggesting the project location has been previously surveyed for cultural resources (Table 2).

3.1.2 - Historic Aerials

A review of 13 historic aerials depicting the project site from 1949 until 2014 indicate that from the earliest aerial in 1949 until 1993 the project site, as well as the surrounding general land area, has been used for agricultural purposes. Additionally, the 1949 image depicts one residential structure (2371 Oakley Road) in the northern portion of the project site. It is known that the residential property and the associated land belonged to the Gonsalves family. Sometime between 1979 and 1993 the area became more urbanized and residential development was prevalent throughout the area surrounding the project site. Aerials from 1993 to 2014 exhibit the progressive development of the area.

3.1.3 - Paleontological Record Search

On January 4, 2019, Consulting Paleontologist Dr. Kenneth L. Finger performed a records search on the UCMP database for the project site in Contra Costa County. According to the geologic map by Helley and Graymer (1997), the surface of the area of the project site is located entirely on Holocene-Pleistocene dune deposits (Qds). Pleistocene deposits, if found, have the potential to yield significant paleontological resources. The UCMP database concentrated on the Pleistocene of Contra Costa County. As a result, there are 63 localities of the Riverbank Formation and 114 vertebrate specimens, of which there are 14 in the Montezuma Formation and one in the Rodeo Formation. There are no plant localities and the other 48 localities are not assigned to a geologic unit. The locality V87047 Big Break, contains two specimens of pronghorn (*Antilocapra)* is northeast and 1 mile past the search radius of the project area. There are 9,927 specimens (95 species) in the County and they are all assigned to the late Pleistocene Rancholabrean NALMS. The 95 species identified comprises of jackrabbit (*Lepus)*, alligator lizard (*Elgaria)*, arboreal salamander (*Aneides lugubris)*, and pintail duck (*Anas acuta)*. A copy of Dr. Finger's report can be found in Appendix D.

3.1.4 - Native American Heritage Commission Record Search

On December 20, 2018, FCS sent a letter to the NAHC in an effort to determine whether any sacred sites are listed on its Sacred Lands File for the project area. A response was received on January 8, 2019, indicating that the Sacred Lands File failed to indicate the presence of Native American cultural resources in the immediate project area. The NAHC included a list of six tribal representatives available for consultation. To ensure that all Native American knowledge and concerns over potential

TCRs that may be affected by the project are addressed, a letter containing project information and requesting any additional information was sent to each tribal representative on February 21, 2019. No responses have been received to date.

3.2 - Pedestrian Survey

FCS Senior Archaeologist, Dana DePietro, PhD, RPA, surveyed the project site on January 9, 2019. The project area consists of a single parcel of land that contains vineyards and a single residence. The site is bordered by Oakley Road and a residential neighborhood the north, residential homes along Beldin Lane to the east, Holly Creek Park to the south, and residential homes along Stacy Lane to the west. The project site was surveyed using standard 15-meter transects moving north-south parallel to vine plantings across the site whenever possible. Visible soils consisted of light tan sandy soils interspersed with small water-worn stones (3 to 5 cm) composed of schist, quartz, and basalt. Overall ground visibility was fair, ranging from 70 to 80 percent across the site. Soils in sections of poor visibility were intermittently inspected using a hand trowel.

No prehistoric resources or materials used in the production of said resources (e.g., obsidian, Franciscan chert) were observed during the course of the pedestrian survey. The single residence located in the north of the parcel was found to be over 45 years old and therefore required an assessment of its historic significance and eligibility for listing on the CRHR.

3.2.1 - The Residence at 2371 Oakley Road

The residence located at 2371 Oakley Road lies within the project area, is over 45 years old, and has not previously been evaluated for historic significance. The building was evaluated relative to the four CRHR eligibility criteria:

- Criterion 1: Associated with events that have made a significant contribution to the broad patterns of local or regional history or the cultural heritage of California or the United States.
- Criterion 2: Associated with the lives of persons important to local, California, or national history.
- Criterion 3: Embodies the distinctive characteristics of a type, period, region, or method of construction, or represents the work of a master or possesses high artistic values.
- Criterion 4: Has yielded, or has the potential to yield, information important to the prehistory or history of the local area, California or the nation.

In brief, the residence does not appear to qualify for the CRHR under any of the above criteria. Therefore, the building should not be considered historic resource under CEQA, or eligible for any local listings.

Building Description and CRHR Evaluation

The subject property is a circa 1949, 1-story, symmetrical, rectangular-shaped, contemporary-style, single-family residence located in a rural residential neighborhood in the City of Oakley. The building, which appears to be in good condition, is accessed by a double-doored main entrance set on the northern facing façade of the residence. The western façade contains a second entrance flanked by

two small single-lite double-hung windows, along with three very large and distinctive aluminum framed 16-lite windows that run the length of the façade. A fourth 16-lite window is set into the north-facing façade of the building. The building appears to have a concrete foundation, cream painted exterior with dark red trim, and a low-pitched gabled roof with small eaves that wrap around the entire structure. The roof beams are exposed and wall cladding uses a combination of stucco and brick, consistent with the gabled sub-type of the contemporary style that was a common architectural style from 1940–1980. Additional windows on the building vary in size, shape, and placement, but are primarily aluminum framed, rectangular-shaped, and double-hung. The roof is clad in grey asphalt shingling, and a large brick chimney is set into the home's eastern-facing façade.

A detached garage clad in aluminum siding and topped with an aluminum roof is to the immediate south of the building and appears to be a recent addition. The property has limited landscaping in the form of a small front lawn with a concrete walkway, and an earthen driveway that runs along the western side of the residence and garage. Some of the original windows appear to have been replaced; however, no other major exterior alterations were noted aside from the addition of the garage (Appendix A: Photograph 6).

CRHR and Local Listing Eligibility Evaluation

The residence at 2371 Oakley Road is part of the overall agricultural development and increased urbanization of the area immediately following World War II. This was due in part to satisfy the enormous postwar demand for new housing, and the continuing development of Oakley's viticulture industry that began in the late 1800s. The subject property is therefore part of that process of postwar transition and growth in the area, but does not meet Criterion 1: Event, as it is one of many unremarkable examples of small-scale, residential buildings from the period.

The building is associated with Marion and Manuel Gonsalves, who immigrated to Oakley from the Madira Islands in 1938. The property is also associated with Ruth and Steven Gonsalves, and Marianne and Steven Harder. These individuals were thoroughly researched at the Contra Costa Records Office, archives at the Contra Costa Historical Society, and through a search of the California Digital Newspaper Collection. The relative absence of these individuals from published accounts of the history of the City of Oakley indicates that they did not achieve a level of historic importance for the property to be considered eligible under Criterion 2: Person.

The residence, built by unknown architects, displays many features of the gabled contemporary style: a low-pitched roof, close-cropped eaves with exposed rafters, modern elements such as the large 16-lite windows, and a combination of brick and stucco cladding (McAlester and McAlester 2004). The residence is a standard, undistinguished example of common construction design and techniques from the immediate postwar period, and appears to have been renovated in recent years with some minor modifications made to the original design including the addition of a garage. As such, the building does not appear to be eligible for listing on the CRHR under Criteria 3: Architecture.

Criterion 4: Information Potential, is most often used to evaluate archaeological sites or buildings that employ unusual building techniques. There is no evidence that the building in question exhibits any unusual construction features, or has the ability to contribute significant information to the overall history of Oakley.

Therefore, the residence at 2371 Oakley Road does not appear to meet any of the criteria for historic and/or architectural significance required for listing on the CRHR. As such, it should not be considered a historical resource under CEQA. The building also does not appear to possess sufficient artistic merit or historical association to meet a local standard for historical importance. No analysis of integrity is required where the property fails to meet all four criteria. California Department of Parks and Recreation (DPR) recordation forms were prepared for the residence and can be found in Appendix E.

SECTION 4: SUMMARY AND RECOMMENDATIONS

4.1 - Summary

In accordance with CEQA regulations, FCS assessed the effects of development for the proposed project site. Results from the NWIC indicate that one resource is on file for the search radius. In addition, 27 area-specific survey reports are on file with the NWIC for the search radius suggesting the project area has largely been previously surveyed for cultural resources. The results of the subsequent field survey were negative for additional cultural resources, as were the results of the NAHC Sacred Lands File search and subsequent correspondence with Native American representatives regarding potential TRCs that may be adversely affected by the proposed project.

The paleontological report identified the site as consisting entirely of Holocene-Pleistocene dune deposits (Qds). Pleistocene deposits, if found, have the potential to yield significant paleontological resources. The UCMP database records Pleistocene vertebrate localities in Contra Costa County: 63 localities of the Riverbank Formation and 114 vertebrate specimens, of which there are 14 in the Montezuma Formation and one in the Rodeo Formation, and 95 species and 9,927 specimens are assigned to the Late Pleistocene Rancholabrean NALMS.

4.2 - Recommendations

4.2.1 - Cultural and Paleontological Resource Recommendations

Based on the results of the records searches, Native American correspondence, and pedestrian survey, FCS considers the potential for the project to have an adverse effect on historic or prehistoric cultural resources to be low. One recorded historic-era resource has been recorded within a 0.5-mile radius of the project site, and one potentially eligible historic resource was observed within the site boundaries over the course of the pedestrian survey. However, the residential property did not meet the CRHR criteria and was determined ineligible for the listing at the State or local level. As a result, the site is considered to have low sensitivity for undiscovered cultural resources. Full-time archaeological monitoring is not recommended at this time.

The paleontological potential of Quaternary (Holocene-Pleistocene) Dune Sand deposits is moderate in view of the fact that Pleistocene deposits have the potential to yield significant specimens. A walkover survey is not recommended at this time due to surface being disturbed; Paleontological monitoring is recommended during project excavation in the event that Pleistocene or older deposits may be present in the subsurface of the project area. These deposits most commonly yield late Pleistocene vertebrates. Should any vertebrate fossils be discovered on the site, all work in the vicinity of the find should be diverted until the monitor or paleontologist has evaluated the find and, if deemed appropriate, salvage it for deposition in an appropriate repository such as the UCMP.

Additional procedures for the inadvertent discoveries of human remains and cultural resources are provided below.

4.3 - Inadvertent Discovery Procedures

4.3.1 - Accidental Discovery of Cultural Resources

It is always possible that ground-disturbing activities during construction may uncover previously unknown, buried cultural resources. In the event that buried cultural resources are discovered during construction, operations shall stop in the immediate vicinity of the find and a qualified archaeologist shall be consulted to determine whether the resource requires further study. The qualified archeologist and shall make recommendations to the lead agency on the measures that shall be implemented to protect the discovered resources, including but not limited to excavation of the finds and evaluation of the finds in accordance with Section 15064.5 of the CEQA Guidelines. Potentially significant cultural resources consist of but are not limited to stone, bone, fossils, wood, or shell artifacts or features, including hearths, structural remains, or historic dumpsites. Any previously undiscovered resources found during construction within the project area should be recorded on appropriate DPR forms and evaluated for significance in terms of CEQA criteria.

If the resources are determined to be unique historic resources as defined under Section 15064.5 of the CEQA Guidelines, mitigation measures shall be identified by the monitor and recommended to the lead agency. Appropriate mitigation measures for significant resources could include avoidance or capping, incorporation of the site in green space, parks, or open space, or data recovery excavations of the finds.

No further grading shall occur in the area of the discovery until the lead agency approves the measures to protect these resources. Any archaeological artifacts recovered as a result of mitigation shall be donated to a qualified scientific institution approved by the lead agency where they would be afforded long-term preservation to allow future scientific study.

> In the event a potentially significant cultural resource is encountered during subsurface earthwork activities, all construction activities within a 100-foot radius of the find shall cease and workers should avoid altering the materials until an archaeologist who meets the Secretary of Interior's Professional Qualification Standards for archaeology has evaluated the situation. The applicant shall include a standard inadvertent discovery clause in every construction contract to inform contractors of this requirement. Potentially significant cultural resources consist of but are not limited to stone, bone, glass, ceramics, fossils, wood, or shell artifacts, or features including hearths, structural remains, or historic dumpsites. The archaeologist shall make recommendations concerning appropriate measures that will be implemented to protect the resource, including but not limited to excavation and evaluation of the finds in accordance with Section 15064.5 of the CEQA Guidelines. Any previously undiscovered resources found during construction within the project Site shall be recorded on appropriate Department of Parks and Recreation (DPR) 523 forms and will be submitted to the City of Oakley, the Northwest Information Center, and the State Historic Preservation Office, as required.

722

4.3.2 - Accidental Discovery of Human Remains

In the event of the accidental discovery or recognition of any human remains, CEQA Guidelines Section 15064.5; Health and Safety Code Section 7050.5; Public Resources Code Section 5097.94, and Section 5097.98 must be followed. If during the course of project development there is accidental discovery or recognition of any human remains, the following steps shall be taken:

1. There shall be no further excavation or disturbance within 100 feet of the remains until the Contra Costa County Coroner is contacted to determine if the remains are Native American and if an investigation of the cause of death is required. If the coroner determines the remains to be Native American, the coroner shall contact the NAHC within 24 hours, and the NAHC shall identify the person or persons it believes to be the most likely descendant of the deceased Native American. The most likely descendant may make recommendations to the landowner or the person responsible for the excavation work within 48 hours, for means of treating or disposing of, with appropriate dignity, the human remains and any associated grave goods as provided in Public Resources Code Section 5097.98.
2. Where the following conditions occur, the landowner or his or her authorized representative shall rebury the Native American human remains and associated grave goods with appropriate dignity either in accordance with the recommendations of the most likely descendant or on the project site in a location not subject to further subsurface disturbance:
   - The NAHC is unable to identify a most likely descendent or the most likely descendent failed to make a recommendation within 48 hours after being notified by the commission.
   - The descendant identified fails to make a recommendation.
   - The landowner or his authorized representative rejects the recommendation of the descendant, and mediation by the NAHC fails to provide measures acceptable to the landowner.

Additionally, California Public Resources Code Section 15064.5 requires the following relative to Native American Remains:

- When an initial study identifies the existence of, or the probable likelihood of, Native American Remains within a project, a lead agency shall work with the appropriate Native Americans as identified by the Native American Heritage Commission as provided in Public Resources Code Section 5097.98. The applicant may develop a plan for treating or disposing of, with appropriate dignity, the human remains and any items associated with Native American Burials with the appropriate Native Americans as identified by the Native American Heritage Commission.

RE: Oakley II Gonsalves Project, Brentwood, Contra Costa County

Dear Mr. DePietro:

A record search of the Native American Heritage Commission (NAHC) Sacred Lands File (SLF) was completed for the information you have submitted for the above referenced project. **The results were negative. However, the absence of specific site information in the SLF does not indicate the absence of cultural resources in any project area**. Other sources of cultural resources should also be contacted for information regarding known and recorded sites.

Attached is a list of Native American tribes who may also have knowledge of cultural resources in the project area. This list should provide a starting place in locating areas of potential adverse impact within the proposed project area. I suggest you contact all of those indicated; if they cannot supply information, they might recommend others with specific knowledge. **By contacting all those listed, your organization will be better able to respond to claims of failure to consult with the appropriate tribe**. If a response has not been received within two weeks of notification, the Commission requests that you follow-up with a telephone call or email to ensure that the project information has been received.

If you receive notification of change of addresses and phone numbers from tribes, please notify the NAHC. With your assistance, we can assure that our lists contain current information. If you have any questions or need additional information, please contact me at my email address: Sharaya.Souza@NAHC.ca.gov.

Sincerely,

Sharaya Souza
Analyst

Woodside, CA 94062

Subject: Proposed 2371 Oakley Road Project

Dear Irenne Zwierlein:

FirstCarbon Solutions (FCS) is preparing a Phase I Cultural Resource Assessment for the proposed Oakley Project on behalf of the City of Oakley. As part of the environmental review process, we are conducting a cultural analysis.

The project applicant is proposing to develop a 68-unit subdivision located on a single parcel at 2371 Oakley Road, Oakley, CA. The site consists of the undeveloped land located in the City of Oakley, California. The site is surrounded by residential properties, Holy Creek Park to the south, and Beldin Lane to the east. The NWIC record search and pedestrian survey failed to identify any archaeological resources in the project site or within 0.5-mile search radius. A Records Search map of the site is enclosed for your reference. The surrounding area is characterized by a mix of residential and commercial uses.

As part of the cultural resources assessment, FCS conducted a Sacred Lands File search and a California Historical Resources Information System (CHRIS) search, neither of which produced results. FCS contacted the Native American Heritage Commission (NAHC), and they suggested you might be able to provide further information. If you have any additional information regarding potential historic or cultural resources in proximity or relation to the proposed project area, we would greatly appreciate your input.

Please note that this letter is a request for information pertaining to a cultural resources assessment and is not notification of a project under Senate Bill (SB) 18, Assembly Bill (AB) 52 or Section 106 of the National Historic Preservation Act. Project notification and consultation requirements are being handled by designated lead agencies under CEQA and NEPA. Please feel free to contact me at 925.357.2562 or via email at ddepietro@fcs-intl.com and thank you for your valuable assistance.

Sincerely,

Re: Paleontological Records Search: Oakley II Project (4940.0013), Oakley, Contra Costa County

Dear Dr. DePietro:

As per your request, I have performed a records search on the University of California Museum of Paleontology (UCMP) database for the Oakley II project in the City of Oakley. This site is the vineyard at 2371 Oakley Road. Its Public Land Survey (PLS) location is NW¼, NE¼, T2N, R2E, Sec. 27, Brentwood quadrangle (USGS 7.5-series topographic map). Google Earth imagery shows this flat terrain has been used for agriculture, and is therefore heavily disturbed.

Geologic Units

According to the part of the geologic map by Helley and Graymer (1997) shown here, the entire project site (red outline at center) and all of its surrounding half-mile search area (dashed black outline) are located on Holocene–Pleistocene dune sand deposits (Qds). If Pleistocene, it has the potential of significant paleontological resources.

Key to mapped units

Qds	Dune Sand deposits (Holocene & Pleistocene)
br	No bedrock units mapped

Paleontological Records Search

The paleontological record search for the Oakley project was performed on the UCMP (University of California Museum of Paleontology) database and focused on the Pleistocene of Contra

Costa County. The results are 114 vertebrate specimens from the Riverbank Formation at 63 localities: 14 in the Montezuma Formation and one in the Rodeo Formation, while no geologic unit is indicated for the other 48; there are not no plant localities. The County's composite Pleistocene vertebrate assemblage of 9927 specimens represents the late Pleistocene Rancholabrean North American Land Mammal Stage (NALMS). The 95 species identified are on the attached list. To the northeast and one mile beyond the search perimeter is locality V87047 (Big Break), which yielded two specimens of *Antilocapra* (pronghorn), including the holotype of *A. pacifica* (Richards and McCrossin, 1991).

Remarks and Recommendations

The Oakley project site is mapped solely undifferentiated Quaternary (Holocene–Pleistocene) Dune Sand deposits. A paleontological walkover survey of the site is not recommended due to its heavily disturbed surface. It would be prudent to have paleontological monitoring of all excavations into previously undisturbed Dune Sand deposits because an extremely high number of late Pleistocene vertebrate fossils have been collected in Contra Costa County, and one of their localities is one mile feet from the half-mile search area. Should any significant fossils (i.e., bones, teeth, or unusually abundant and well-preserved invertebrates or plants) be unearthed, the construction crew should not attempt to remove them**,** as they could be extremely fragile and therefore prone to crumbling; instead, all work in the immediate vicinity of the discovery should be diverted at least 15 feet from the find until a paleontological monitor or professional paleontologist has assessed the find and, if deemed significant, salvaged it in a timely manner. Recovered fossils should be deposited in an appropriate repository, such as the UCMP, where they will be properly curated and made accessible for future study.

Sincerely

Ken Finger

Take Oakley Rd. east from HW160, continue onto Oakley Rd. then 2371 Oakley Rd. is on the right.

***P3a. Description:** (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries)

The subject property is a c. 1949, one-story, symmetrical, rectangular-shaped, contemporary-style single-family residence located in a rural residential neighborhood in the City of Oakley. The building, which appears to be in good condition, is accessed by a double-doored main entrance set on the northern facing façade of the residence. The western facade contains a second entrance flanked by two small single-lite double-hung windows, along with three very large and distinctive aluminum framed 16-lite windows that run the length of the façade. A fourth 16-lite window is set into the buildings north facing façade. The building appears to have a concrete foundation, cream painted exterior with dark red trim, and a low-pitched gabled roof with small eaves that wrap around the entire structure. The roof beams are exposed and wall cladding uses a combination of stucco and brick, consistent with the gabled sub-type of the contemporary style, which was a common architectural style from 1940-1980. Additional windows on the building vary in size, shape, and placement, but are primarily aluminum framed, rectangular-shaped, and double-hung. The roof is clad in grey asphalt shingling, and a large brick chimney is set into the home's eastern facing façade. A detached garage lies to the immediate south of the building.

B9a. Architect: Unknown b. Builder: Unknown
***B10. Significance: Theme** Agriculture **Area** Oakley

Period of Significance 1940s **Property Type** Residence **Applicable Criteria** NA

The residence at 2371 Oakley Road is part of the overall agricultural development and increased urbanization of the area immediately following WWII. This was due in part to satisfy the enormous postwar demand for new housing, and the continuing development of Oakley's viticulture industry which began in the late 1800's. The subject property is therefore part of that process of postwar transition and growth in the area, but does not meet Criterion 1: Event, as it is one of many unremarkable examples of small-scale, residential buildings from the period. The building is associated with Marion and Manuel Gonsalves, who immigrated to Oakley from the Madira Islands in 1938. The property is also associated with Ruth and Steven Gonsalves, and Marianne and Steven Harder. These individuals were thoroughly researched at the Contra Costa Records Office, archives at the Contra Costa Historical Society, and a search of the California Digital Newspaper Collection. The relative absence of these individuals from published accounts of the History of the City of Oakley indicates that they did not achieve a level of historic importance for the property to be considered eligible under Criterion 2: Person. The residence, built by unknown architects, displays many features of the gabled contemporary style: a low-pitched roof, close cropped eaves with exposed rafters, modern elements such as the large 16-lite windows and a combination of brick and stucco cladding. (McAlester and McAlester 2004). The residence is a standard, undistinguished example of common construction design and techniques from the immediate postwar period, and appears to have been renovated in recent years with some minor modifications made to the original design including the addition of a garage. As such, the building does not appear to be eligible for listing on the CR under Criteria 3: Architecture. Criterion 4: Information Potential, is most often used to evaluate archaeological sites or buildings that employ unusual building techniques. There is no evidence that the building in question exhibits any unusual construction features, or has the ability to contribute significant information to the overall history of Oakley. Therefore, the residence at 2371 Oakley Road does not appear to meet any of the criteria for historic and/or architectural significance required for listing on the CR. As such, it should not be considered a historical resource under CEQA. The building also does not appear to possess sufficient artistic merit or historical association to meet a local standard for historical importance. No analysis of integrity is required where the property fails to meet all four criteria.

Appendix F:
Regulatory Framework

THIS PAGE INTENTIONALLY LEFT BLANK

REGULATORY FRAMEWORK

Local, state, and federal government agencies have developed laws and regulations designed to protect significant cultural resources that may be affected by projects regulated, funded, or undertaken by the agency. Federal and state laws that govern the preservation of historic and archaeological resources of national, state, regional, and local significance include the National Environmental Policy Act (NEPA), the National Historic Preservation Act (NHPA), and the California Environmental Quality Act (CEQA). In addition, laws specific to work conducted on federal lands include the Archaeological Resources Protection Act, the American Antiquities Act, and the Native American Graves Protection and Repatriation Act.

The following federal or CEQA criteria were used to evaluate the significance of potential impacts on cultural resources for the proposed project. An impact is considered significant if it would affect a resource eligible for listing in the National Register of Historic Places (NRHP) or the California Register of Historical Resources (CRHR), or if it is identified as a unique archaeological resource.

Federal-Level Evaluations

Federal agencies are required to consider the effects of their actions on historic properties and afford the Advisory Council on Historic Preservation (ACHP) a reasonable opportunity to comment on such undertakings under Section 106 of the NHPA regulations (36 CFR 800). Additionally, federal agencies are responsible for initiating NHPA Section 106 review and completing the steps outlined in these regulations. They must determine if NHPA Section 106 applies to a given project and, if so, initiate review in consultation with the State Historic Preservation Officer (SHPO) and/or the Tribal Historic Preservation Officer (THPO). Federal agencies are also responsible for involving the public and other interested parties. Furthermore, NHPA Section 106 requires that any federal or federally assisted undertaking, or any undertaking requiring federal licensing or permitting, consider the effect of the action on historic properties listed in or eligible for the NRHP. Under the Code of Federal Regulations (CFR), 36 CFR Part 800.8, federal agencies are specifically encouraged to coordinate compliance with NHPA Section 106 and the NEPA process. The implementing regulations "Protection of Historic Properties" are found in 36 CFR Part 800. Resource eligibility for listing on the NRHP is detailed in 36 CFR Part 63 and the criteria for resource evaluation are found in 36 CFR Part 60.4 [a–d].

The NHPA established the NRHP as the official federal list for cultural resources that are considered important for their historical significance at the local, state, or national level. To be determined eligible for listing in the NRHP, properties must meet specific criteria for historic significance and possess certain levels of integrity of form, location, and setting. The criteria for listing on the NRHP include—significance in American history, architecture, archaeology, engineering, and culture as present in districts, sites, buildings, structures, and objects that possess integrity of location, design, setting, materials, workmanship, feeling, and association, and:

a.) That are associated with events that have made significant contributions to the broad patterns of our history; or

b.) That are associated with the lives of persons significant in our past; or

c.) That embody the distinctive characteristics of a type, period, or method of construction, or that represent the work of a master, or that possess high artistic values, or that; represent a significant and distinguishable entity whose components may lack individual distinction; or

d.) That have yielded, or may be likely to yield, information important in prehistory or history.

Criterion D is usually reserved for archaeological resources. Eligible properties must meet at least one of the criteria and exhibit integrity, measured by the degree to which the resource retains its historical properties and conveys its historical character.

Criteria Considerations

Ordinarily, cemeteries, birthplaces, graves of historical figures, properties owned by religious institutions or used for religious purposes, buildings that have been moved from their original locations, reconstructed historic buildings, properties primarily commemorative in nature, and properties that have achieved significance within the past 50 years shall not be considered eligible for the NRHP. However, such properties will qualify if they are integral parts of districts that do meet the criteria or if they fall within the following categories:

a.) A religious property deriving primary significance from architectural or artistic distinction or historical importance.

b.) A building or structure removed from its original location but which is primarily significant for architectural value, or which is the surviving structure most importantly associated with a historic person or event.

c.) A birthplace or grave of a historical figure of outstanding importance if there is no appropriate site or building associated with his or her productive life.

d.) A cemetery that derives its primary importance from graves of persons of transcendent importance, from age, from distinctive design features, or from association with historic events.

e.) A reconstructed building when accurately executed in a suitable environment and presented in a dignified manner as part of a restoration master plan, and when no other building or structure with the same association has survived.

f.) A property primarily commemorative in intent if design, age, tradition, or symbolic value has invested it with its own exceptional significance.

g.) A property achieving significance within the past 50 years if it is of exceptional importance.

Thresholds of Significance

In consultation with the SHPO/THPO and other entities that attach religious and cultural significance to identified historic properties, the agency shall apply the criteria of adverse effect to historic

properties within the Area of Potential Effect (APE). The agency official shall consider the views of consulting parties and the public when considering adverse effects.

Federal Criteria of Adverse Effects

Under federal regulations, 36 CFR Part 800.5, an adverse effect is found when an undertaking alters, directly or indirectly, any of the characteristics of a historic property that qualifies the property for inclusion in the NRHP in a manner that diminishes the integrity of the property's location, design, setting, materials, workmanship, feeling, or association. Consideration will be given to all qualifying characteristics of a historic property, including those that may have been identified subsequent to the original evaluation of the property's eligibility for listing in the NRHP. Adverse effects may include reasonably foreseeable effects caused by the undertaking that may occur later in time, be farther removed in distance, or be cumulative.

According to 36 CFR Part 800.5, adverse effects on historic properties include, but are not limited to:

- Physical destruction of or damage to all or part of the property.
- Alteration of a property, including restoration, rehabilitation, repair, maintenance, stabilization, hazardous material remediation, and provision of handicapped access, that is not consistent with the U.S. Secretary of the Interior's Standards for the Treatment of Historic Properties per 36 CFR Part 68 and applicable guidelines.
- Removal of the property from its historic location.
- Change of the character of the property's use or of physical features within the property's setting that contribute to its historic significance.
- Introduction of visual, atmospheric, or audible elements that diminish the integrity of the property's significant historic features.
- Neglect of a property that causes its deterioration, except where such neglect and deterioration are recognized qualities of a property of religious and cultural significance to an Indian tribe or Native Hawaiian organization.
- Transfer, lease, or sale of property out of federal ownership or control without adequate and legally enforceable restrictions or conditions to ensure long term preservation of the property's historic significance.

If Adverse Effects Are Found

If adverse effects are found, the agency official shall continue consultation as stipulated in 36 CFR Part 800.6. The agency official shall consult with the SHPO/THPO and other consulting parties to develop alternatives to the undertaking that could avoid, minimize, or mitigate adverse effects to historic resources. According to 36 CFR Part 800.14(d), if adverse effects cannot be avoided then standard treatments established by the ACHP may be used as a basis for a Memorandum of Agreement (MOA).

According to 36 CFR Part 800.11(e), the filing of an approved MOA, and appropriate documentation, concludes the NHPA Section 106 process. The MOA must be signed by all consulting parties and approved by the ACHP prior to construction activities. If no adverse effects are found and the SHPO/THPO or the ACHP do not object within 30 days of receipt, the agencies' responsibilities under NHPA Section 106 will be satisfied upon completion of report and documentation as stipulated in 36 CFR Part 800.11. The information must be made available for public review upon request, excluding information covered by confidentiality provisions.

State-Level Evaluation Processes

An archaeological site may be considered a historical resource if it is significant in the architectural, engineering, scientific, economic, agricultural, educational, social, political, military, or cultural annals of California per Public Resources Code (PRC) Section 5020.1(j) or, if it meets the criteria for listing on the CRHR per the California Code of Regulations (CCR) at Title 14 CCR Section 4850.

The most recent amendments to the CEQA Guidelines direct lead agencies to first evaluate an archaeological site to determine if it meets the criteria for listing in the CRHR. If an archaeological site is a historical resource, in that it is listed or eligible for listing in the CRHR, potential adverse impacts to it must be considered as stated in PRC Sections 21084.1 and 21083.2(l). If an archaeological site is considered not to be a historical resource, but meets the definition of a "unique archeological resource" as defined in PRC Section 21083.2, then it would be treated in accordance with the provisions of that section.

With reference to PRC Section 21083.2, each site found within a project area will be evaluated to determine if it is a unique archaeological resource. A unique archaeological resource is described as an archaeological artifact, object, or site about which it can be clearly demonstrated that, without merely adding to the current body of knowledge, there is a high probability that it meets one or more of the following criteria:

1. Contains information needed to answer important scientific research questions and that there is a demonstrable public interest in that information.
2. Has a special and particular quality such as being the oldest of its type or the best available example of its type.
3. Is directly associated with a scientifically recognized important prehistoric or historic event or person.

As used in this report, a "non-unique archaeological resource" means an archaeological artifact, object, or site that does not meet the criteria for eligibility for listing on the CRHR, as noted in subdivision (g) of PRC Section 21083.2. A non-unique archaeological resource requires no further consideration, other than the simple recording of its components and features. Isolated artifacts are typically considered non-unique archaeological resources. Historic structures that have had their superstructures demolished or removed can be considered historic archaeological sites and are evaluated following the processes used for prehistoric sites. Finally, the California State Office of

Historic Preservation recognizes an age threshold of 45 years. Cultural resources built less than 45 years ago may qualify for consideration, but only under the most extraordinary circumstances.

Title 14 of the CCR, Chapter 3, Section 15064.5, is associated with determining the significance of impacts to archaeological and historical resources. Here, the term historical resource includes the following:

1. A resource listed in, or determined eligible by the State Historical Resources Commission, for listing in the CRHR (PRC § 5024.1; Title 14 CCR § 4850, et seq.).
2. A resource included in a local register of historical resources, as defined in PRC Section 5020.1(k) or identified as significant in a historical resource survey meeting the PRC Section 5024.1(g) requirements, shall be presumed to be historically or culturally significant. Public agencies must treat any such resource as significant unless the preponderance of evidence demonstrates that it is not historically or culturally significant.
3. Any object, building, structure, site, area, place, record, or manuscript, which a lead agency determines to be historically significant or significant in the architectural, engineering, scientific, economic, agricultural, educational, social, political, military, or cultural annals of California may be considered a historical resource, provided the lead agency's determination is supported by substantial evidence in light of the whole record. Generally, a resource shall be considered by the lead agency to be historically significant if the resource meets the criteria for listing on the CRHR (PRC § 5024.1; Title 14 CCR § 4852) including the following:
   A. Is associated with events that have made a significant contribution to the broad patterns of California's history and cultural heritage.
   B. Is associated with the lives of persons important in our past.
   C. Embodies the distinctive characteristics of a type, period, region, or method of construction, or represents the work of an important creative individual, or possesses high artistic values.
   D. Has yielded, or may be likely to yield, information important in prehistory or history.

Typically, archaeological sites exhibiting significant features qualify for the CRHR under Criterion D because such features have information important to the prehistory of California. A lead agency may determine that a resource may be a historical resource as defined in PRC Sections 5020.1(j) or 5024.1, even if it is:

- Not listed in or determined to be eligible for listing in the CRHR.
- Not included in a local register of historical resources pursuant to PRC Section 5020.1(k).
- Identified in a historical resources survey per PRC Section 5024.1(g).

Threshold of Significance

If a project will have a significant impact on a cultural resource, several steps must be taken to determine if the cultural resource is a "unique archaeological resource" under CEQA. If analysis

and/or testing determine that the resource is a unique archaeological resource and therefore subject to mitigation prior to development, a threshold of significance should be developed. The threshold of significance is a point where the qualities of significance are defined and the resource is determined to be unique under CEQA. A significant impact is regarded as the physical demolition, destruction, relocation, or alteration of the resource or its immediate surroundings such that the significance of the resource will be reduced to a point that it no longer meets the significance criteria. Should analysis indicate that project development will destroy the unique elements of a resource; CEQA regulations require that that the project implement appropriate and feasible mitigation measures. The preferred form of mitigation is to preserve the resource in place, in an undisturbed state. However, as that is not always possible or feasible, appropriate mitigation measures may include, but are not limited to:

1. Planning construction to avoid the resource.
2. Deeding conservation easements.
3. Capping the site prior to construction.

If a resource is determined to be a "non-unique archaeological resource," no further consideration of the resource by the lead agency is necessary.

Local Regulations

City of Oakley

The City of Oakley 2020 General Plan contains the following goals, policies, and actions that address cultural resources and are applicable to the proposed project:

General Plan Open Space and Conservation Element

Cultural Resources

- **Goal 6.4.** Encourage preservation of cultural resources within the Plan Area.
- **Policy 6.4.1.** Preserve areas that have identifiable and important archaeological or paleontological significance

Historical Resources

- **Goal 6.5.** Encourage preservation and enhancement of selected historic structures and features within the community.
- **Policy 6.5.1.** Promote the compatibility of new development located adjacent to existing structures of historic significance with the architecture and site development of the historic structure.
- **Policy 6.5.2.** Respect the character of the building and its setting during the remodeling and renovation of facades of historic buildings.
- **Policy 6.5.3.** Encourage the use of the State Historic Building Code for historic buildings and other structures that contribute to the City's historic character. Use flexibility when applying zoning regulations to historic sites and buildings.
- **Policy 6.5.4.** Recognize the value of Oakley's historic resources as an economic Development tool.

- **Policy 6.5.5.** Ensure that the integrity of historic structures and the parcels on which they are located are preserved through the implementation of applicable design, building, and fire codes.
- **Policy 6.5.6.** Work with property owners to preserve historic features within the community.

Tribal Consultation

The following serves as an overview of the procedures and timeframes for the Tribal Consultation process, for the complete Tribal Consultation Guidelines, please refer to the State of California Office of Planning and Research website.

Prior to the amendment or adoption of general or specific plans, local governments must notify the appropriate tribes of the opportunity to conduct consultation for the purpose of preserving or mitigating impacts to cultural places located on land within the local government's jurisdiction that is affected by the plan adoption or amendment. The tribal contacts for this list are maintained by the NAHC and are distinct from the Most Likely Descendent (MLD) list. It is suggested that local governments send written notice by certified mail with return receipt requested. The tribes have 90 days from the date they receive notification to request consultation. In addition, prior to adoption or amendment of a general or specific plan, local government must refer the proposed action to tribes on the NAHC list that have traditional lands located within the city or county's jurisdiction. Notice must be sent regardless of prior consultation. The referral must allow a 45-day comment period.

In brief, notices from the local government to the tribes should include:

- A clear statement of purpose.
- A description of the proposed general or specific plan, the reason for the proposal, and the specific geographic areas affected.
- Detailed maps to accompany the description.
- Deadline date for the tribes to respond.
- Government representative(s) contact information.
- Contact information for project proponent/applicant, if applicable.

The basic schedule for this process is:

- 30 days: time the NAHC has to provide tribal contact information to the local government; this is recommended, not mandatory.
- 90 days: time the tribe has to respond indicating whether or not they want to consult. Note: tribes can agree to a shorter timeframe. In addition, consultation does not begin until/unless requested by the tribe within 90 days of receiving notice of the opportunity to consult. The consultation period, if requested, is open-ended. The tribes and local governments can discuss issues for as long as necessary or productive, and need not result in agreement.

- 45 days: time the local government has to refer proposed action, such as adoption or amendment to a general or specific plan, to agencies, including the tribes. Referral is required even if there has been prior consultation. This opens the 45-day comment period.
- 10 days: time the local government has to provide the tribes with notice of a public hearing.

1. INTRODUCTION

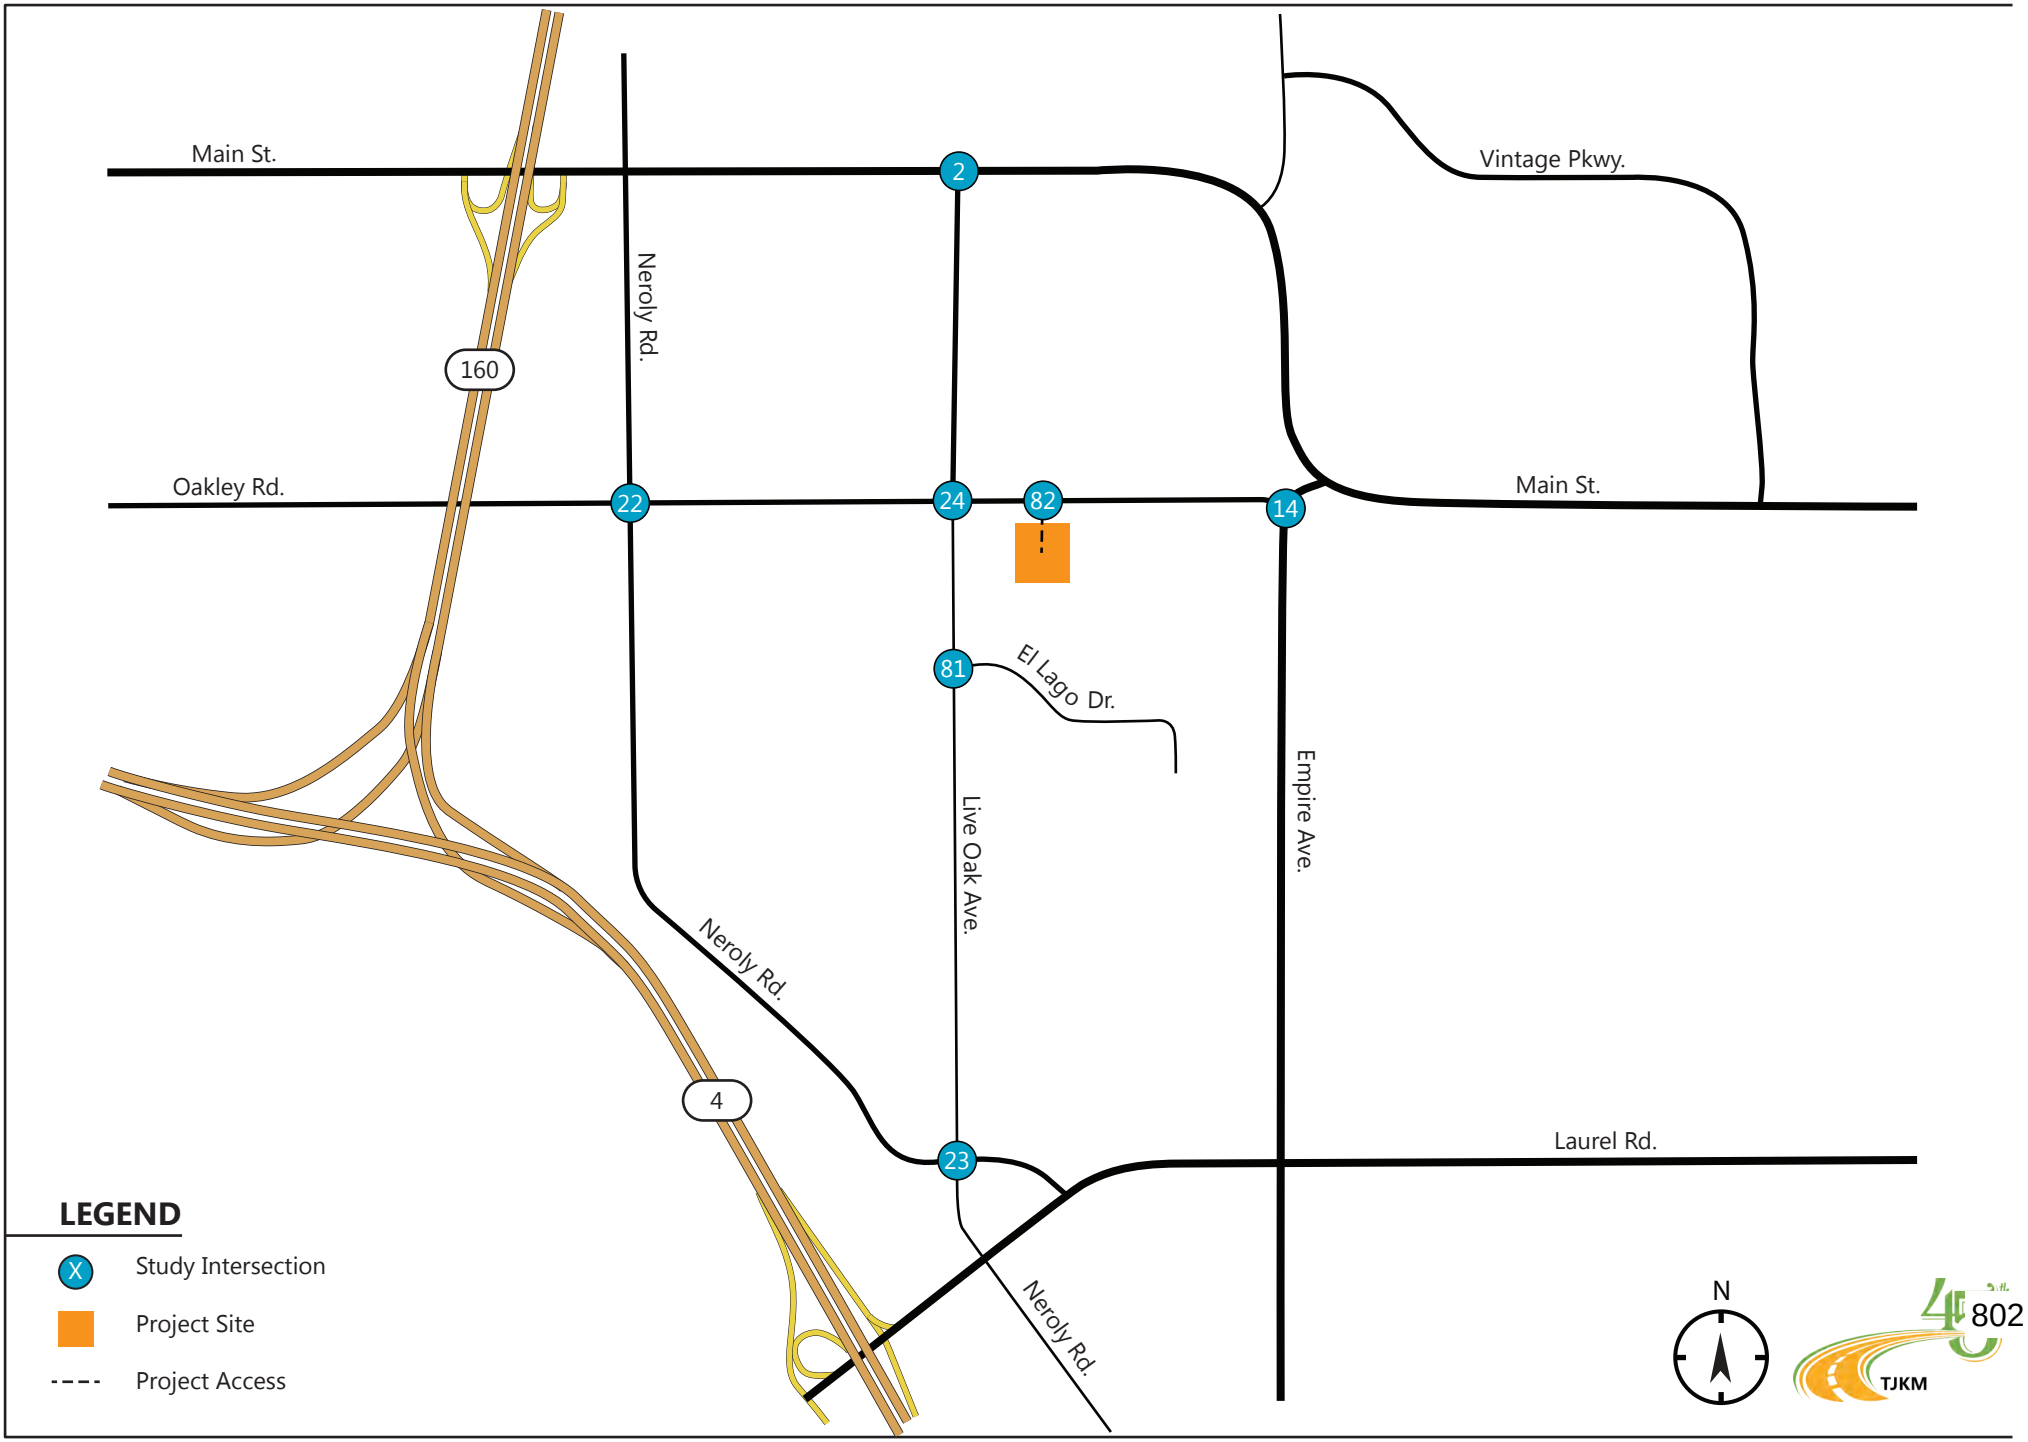
This report describes results of the Transportation Impact Assessment (TIA) for a proposed residential development (The Vines) on Oakley Road in the City of Oakley in Contra Costa County.

Study Purpose

The purpose of the TIA is to evaluate potential transportation impacts that could result from the proposed project, identify short- and long-term multi-modal circulation needs where relevant to site access and/or project impacts, identify potential mitigation measures for any significant transportation impacts, and evaluate the adequacy of the proposed site plan for accommodating multi-modal site access and meeting City of Oakley Guidelines.

Report Overview

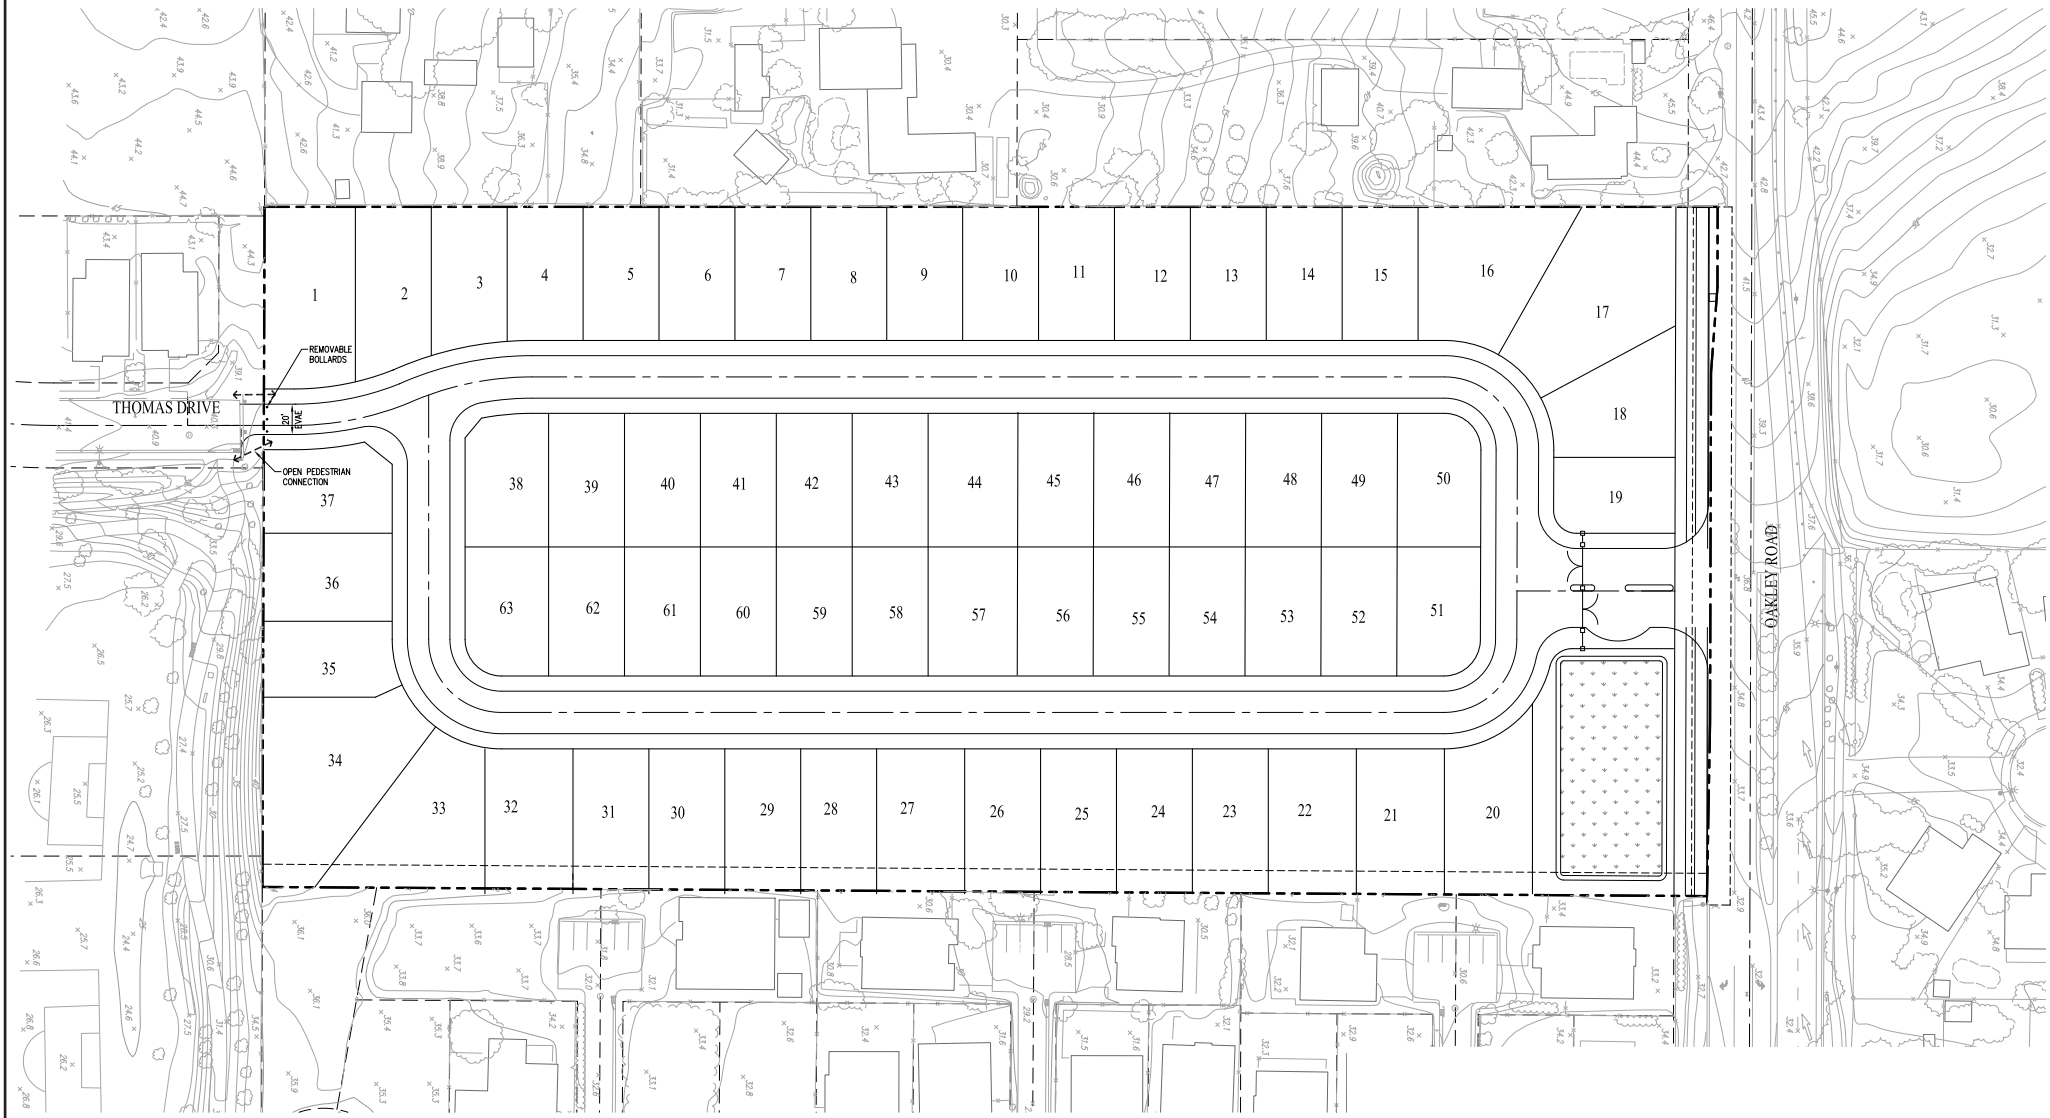
This report is organized into the following chapters:



- **Chapter 1 Introduction** describes the study methodology, impact significance criteria and regulatory setting.
- **Chapter 2 Existing Conditions** describes existing transportation conditions in the study area.
- **Chapter 3 Project Conditions** provides a forecast of traffic volumes that would be generated by the proposed project, and assesses the significance of impacts to the transportation network resulting from the project under Existing plus Project conditions. In addition, Chapter 3 provides general recommendations concerning site ingress and egress provisions.
- **Chapter 4 Cumulative Impacts** provides an assessment of potential cumulative traffic impacts, based on forecasted traffic growth under Background Conditions (without the proposed project) and Background plus Project Conditions (with the addition of project-generated traffic).
- **Chapter 5 Site Analysis & Recommendations** provides site distance analysis, site access and on-site circulation assessment and recommendations.

Project Overview

The location of the project site is shown in **Figure 1**. The project site is located at 2371 Oakley Road in northwest Oakley, on the south side of Oakley Road between Live Oak Avenue and Beldin Lane. The project would provide 63 residential lots on a 9.37-acre site currently used for agricultural uses. The proposed site plan is illustrated in **Figure 2**. Direct access to the site would be provided for all travel modes to/from Oakley Road. Bicycle, pedestrian and emergency vehicle (EV) access would also be provided via Thomas Drive. Thomas Drive is proposed to have removable bollards. Access from Oakley Road would be via a gated, bidirectional access road. Sidewalks would be provided on both sides of each internal street, and a sidewalk would be provided on the project frontage along Oakley Road.



Although not shown on the project site plan: an existing raised median on Oakley Road would need to be modified to accommodate left-turns inbound and outbound.

Figure 1: Vicinity Map

270-026

Figure 2: Site Plan

Analysis Scenarios and Study Area

Potential transportation impacts were assessed based on the following scenarios addressed in this study:

- ***Existing Conditions*** – This scenario describes existing transportation conditions in the study area based on the current roadway and sidewalk network characteristics, transit service, field observations and intersection counts conducted on April 4, 2019.
- ***Existing plus Project Conditions*** – This scenario is similar to Existing Conditions but with the net new trips that would generated by the project.
- ***Background Conditions*** –This scenario describes the projected peak hour traffic operations based on the net change to travel patterns anticipated from approved (but not yet constructed) or fully/partially occupied developments in the City at the time of the Existing Conditions assessment. This includes additional trips that would be generated if the proposed developments were to operate at full occupancy. The conditions in this scenario were developed using the Vistro Model.
- ***Background plus Project Conditions*** – This scenario is similar to Background Conditions but with the inclusion of vehicle trips that would be generated by the project. The Background plus Project Conditions analysis provides an assessment of project impacts that takes into account other projects that would be completed within a similar timeframe as the project.

Study Intersections

TJKM evaluated transportation conditions at six existing study intersections, and one proposed new intersection that would serve the project site. Five intersections were evaluated based on conditions provided from the citywide model, and the remaining two study intersections were evaluated during a.m. (7:00 a.m.-9:00 a.m.) and p.m. (4:00 p.m.-6:00 p.m.) peak periods for a typical weekday with clear weather. The following study intersections were selected in consultation with City staff based on the anticipated trip generation and travel pattern for project trips:

- Live Oak Avenue/Main Street
- Empire Avenue/Oakley Road
- Neroly Road/Live Oak Avenue
- Neroly Road/Oakley Road
- Live Oak Avenue/Oakley Road
- Live Oak Avenue/El Lago Drive*
- Proposed Project Access/Oakley Road*

* Indicates new count location (not in citywide model)

Level of Service Methodology

Level of Service (LOS) is a qualitative measure that describes operational conditions as they relate to the traffic stream and perceptions by motorists and passengers. The LOS generally describes these conditions in terms of speed and travel time, delays, freedom to maneuver, traffic interruptions, comfort, convenience, and safety. The operational levels of service are given letter designations from A to F, with A representing the best operating conditions (free-flow with little or no delay) and F representing the worst conditions (severely congested flow with high delays). Intersections are generally the capacity-controlling locations, with respect to traffic operations, on arterial and collector streets.

Signalized Intersections

The study intersections under traffic signal control were analyzed using Highway Capacity Manual 6th Edition (HCM 6) Operations Methodology for Signalized Intersections (Transportation Research Board, 2016), as described in Chapter 19. This methodology determines LOS based on overall average control delay per vehicle for the intersection during peak hour operating conditions. Control delay includes initial deceleration delay, queue move-up time, stopped delay, and final acceleration delay. The average control delay for signalized intersections was calculated using Vistro analysis software version 7.00-04 and correlated to a LOS designation. **Table 1** presents the HCM 6 delay and LOS definitions.

Unsignalized Intersections

Stop-Control study intersections were analyzed using HCM 6 Operations Methodology for Unsignalized Intersections, as described in Chapters 20 and 21. LOS ratings for Stop-Control intersections are based on average control delay expressed in seconds per vehicle. At the side street of one-way stop-controlled intersections or two-way stop sign intersections, the control delay is calculated for each movement, not for the intersection as a whole. For approaches composed of a single lane, the control delay is computed as the average of all movements in that lane. The weighted average delay for the entire intersections is presented for all-way stop-controlled (AWSC) intersections, while the worst-movement delay is presented for side-street stop-controlled intersections. The average control delay for unsignalized intersections was calculated using Vistro analysis software version (7.00-04) and correlated to a LOS designation. At an unsignalized intersection, most of the major street traffic is not delayed, and by definition has acceptable conditions. The major street left-turn movements and minor street movements are all susceptible to delay of varying degrees. Generally, higher major street traffic volumes are associated with higher delay for minor movements. HCM 6 definitions for delay and LOS at unsignalized intersections are presented in **Table 1**. The analysis methodology described above was used to measure a.m. and p.m. peak hour traffic operations for all study intersections.

Table 1 describes the LOS thresholds from HCM 6 for intersections. The intersection LOS thresholds differ between signalized and unsignalized intersections.

Table 1: Level of Service Thresholds Based on Intersection Control Delay

Level of Service	Description	Signalized Intersection Delay (D) (sec)	Unsignalized Intersection Delay (D) (sec)
A	Very low control delay, up to 10 seconds per vehicle. Progression is extremely favorable, and most vehicles arrive during the green phase. Many vehicles do not stop at all. Short cycle lengths may tend to contribute to low delay values.	0 ≤ D ≤ 10	0 ≤ D ≤ 10
B	Control delay greater than 10 and up to 20 seconds per vehicle. There is good progression or short cycle lengths or both. More vehicles stop causing higher levels of delay.	10 < D ≤ 20	10 < D ≤ 15
C	Control delay greater than 20 and up to 35 seconds per vehicle. Fair progression or longer cycle lengths, or both cause higher delays. Individual cycle failures may begin to appear. Cycle failure occurs when a given green phase does not serve queued vehicles and overflow occurs. The number of vehicles stopping is significant, though many still pass through the intersection without stopping.	20 < D ≤ 35	15 < D ≤ 25
D	Control delay greater than 35 and up to 55 seconds per vehicle. The influence of congestions becomes more noticeable. Longer delays may result from some combination of unfavorable progression, long cycle lengths, or high volumes. Many vehicles stop, the proportion of vehicles not stopping declines. Individual cycle failures are noticeable.	35 < D ≤ 55	25 < D ≤ 35
E	Control delay greater than 55 and up to 80 seconds per vehicle. The limit of acceptable delay. High delays usually indicate poor progression, long cycle lengths, and high volumes. Individual cycle failures are frequent.	55 < D ≤ 80	35 < D ≤ 50
F	Control delay in excess of 80 seconds per vehicle. Unacceptable to most drivers. Oversaturation, arrival flow rates exceed the capacity of the intersection. Many individual cycle failures. Poor progression and long cycle lengths may also be contributing factors to higher delay.	80 < D	50 < D

Source: HCM 6th Edition

Regulatory Setting

All Contra Costa jurisdictions, including the City of Oakley, participate in the *Measure J – Growth Management Program*. The overall goal of this program is to achieve a cooperative process for Growth Management on a countywide basis, while maintaining local authority over land use decisions and the establishment of performance standards. Using a formula based on road miles and population, Contra Costa County Transportation Authority (CCTA) allocates 18 percent of sales tax revenues to local jurisdictions that comply with Growth Management requirements. Oakley participates in the Measure C program as a member of the TRANSPLAN subregional transportation planning committee, which consists of the Cities of Antioch, Oakley, and Pittsburg, and Contra Costa County.

The Contra Costa Transportation Authority (CCTA) serves as the Congestion Management Agency (CMA) for Contra Costa County. CCTA adopted the most recent Congestion Management Program (CMP) in 2015. The 2015 CMP requires an analysis of any project that is expected to generate more than 100 peak hour vehicle trips.

Significant Impact/Level of Service Standards

Per the City of Oakley General Plan, LOS D or a volume-to-capacity (V/C) ratio of 0.90 are the thresholds of acceptability for signalized intersections. Any signalized intersection operating worse than LOS D would be considered inconsistent with this standard. For this study, the study intersections were analyzed using HCM 6th Edition Methodology as per the City's guidance. Average control delay is reported in seconds per vehicle for signalized and all-way-stop-control intersections and critical delay for minor approaches is reported for two-way-stop-control intersections. Signalized intersections or unsignalized intersection operating worse than LOS D are considered inconsistent with the City's standard.

Appendix G of the State CEQA Guidelines includes significance criteria for potential transportation impacts. These include whether a project would result in one of the following:

- Conflict with an applicable plan, ordinance or policy establishing measures of effectiveness for the performance of the circulation system, taking into account all modes of transportation including mass transit and non-motorized travel and relevant components of the circulation system, including but not limited to intersections, streets, highways and freeways, bicycle and pedestrian paths, and mass transit.
- Conflict with an applicable congestion management program, including, but not limited to LOS standards and travel demand measures, or other standards established by the county congestion management agency for designated roads or highways.
- Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks.
- Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment).
- Result in inadequate emergency access.
- Conflict with adopted policies, plans, or programs regarding public transit, bicycle, or pedestrian facilities, or otherwise decrease the performance or safety of such facilities.

2. EXISTING CONDITIONS

Roadway Network

Key roadways and freeways in the vicinity are discussed below.

State Route (SR) 4 – SR 4 is a major east-west freeway that connects Oakley with adjacent cities and regional freeways. SR 4 serves as a major route connecting Oakley to the greater Bay Area and providing connection between Contra Costa County and San Joaquin County. SR 4 typically has two to three travel lanes in each direction with the posted speed limit of 65 miles per hour (mph).

State Route (SR) 160 – SR 160 is a north-south freeway that connects SR 4 with Main Street and other destinations. This roadway serves as a major route connecting Oakley with Sacramento County to the north, and with SR 4 to the west. SR 160 typically has two lanes in each direction, narrowing to one lane per direction north of the Antioch Bridge toll plaza.

Oakley Road – Oakley Road is a two-lane, east-west minor arterial that connects the City of Oakley and the City of Antioch. It extends west of SR 160 in Antioch to its eastern terminus at Empire Avenue. Oakley Road provides access to residential, agricultural and commercial uses on both sides of the roadway. Posted speed limits on Oakley Road range from 30 mph to 45 mph, with a posted speed limit of 35 mph in the vicinity of the project.

Main Street – Main Street is a two to four lane major arterial roadway. Main Street is currently the major north-south transportation corridor in the City of Oakley. Mixed residential, commercial, and agricultural uses characterize the lands along both sides of Main Street between Rose Avenue and Laurel Avenue. Maximum speeds posted on Main Street are 35 miles per hour (mph) west of Rose Avenue, 45 mph between Rose Avenue and Bernard Road, and 40 mph south of Bernard Road.

Empire Avenue – Empire Avenue is a four-lane, north-south divided arterial roadway. Empire Avenue extends north of Oakley Street and travels beyond Shady Willow Lane to the south. It provides access to local residential and regional commercial areas. The posted speed limit is 40 mph in the southbound direction and 45 mph in the northbound direction.

Neroly/Bridgehead Road – Neroly Road/Bridgehead Road is a two-lane, north-south roadway connecting Oakley and Brentwood. This roadway provides local access to residential and commercial developments.

Live Oak Avenue – Live Oak Avenue is a two-lane roadway extending from Main Street to the north to Neroly Road to the south. In the project vicinity, Live Oak Avenue serves as a two-lane, bidirectional connection between Oakley Road and Main Street. The roadway has posted speed of 40 mph in the project area and is likely to serve vehicle and pedestrian traffic between the project site and Orchard Park School to the north. An extension of Live Oak Avenue, as a major arterial, is anticipated to be constructed by 2030 to proposed industrial areas in the north with grade-separated crossings at the railroad tracks.

El Lago Drive – El Lago Drive, is a two lane, east-west undivided roadway. El Lago Drive extends from Live Oak Avenue in the west and terminates at El Monte Drive in the east. The posted speed limit on El Lago Drive is 25 mph.

Pedestrian Facilities

Walkability is defined as the ability to travel easily and safely between various origins and destinations without having to rely on automobiles or other motorized travel. The ideal "walkable" community includes wide sidewalks, a mix of land uses providing residential, employment, and shopping opportunities, minimal conflict points with vehicle traffic, and access to transit facilities and services.

Pedestrian facilities are comprised of crosswalks, sidewalks, pedestrian signals, and off-street paths, which provide safe and convenient routes for pedestrians to access destinations such as institutions, businesses, public transportation, and recreation facilities.

Near the project site: intermittent sidewalks are provided on both sides of Oakley Road, with buffered sidewalks provided on the north side of Oakley Road connecting to Live Oak Avenue. Sidewalks are not yet provided on the project frontage bordering Oakley Road.

Bicycle Facilities

Bicycle facilities include the following:

- **Multi-Use Paths (Class I)** – A path physically separated from motor vehicle traffic by an open space or barrier, and either within a highway or an independent right-of-way (ROW), used by bicyclists, pedestrians, joggers, skaters, and other non-motorized travelers. Class I paths are the most popular type of facility. Because the availability of uninterrupted ROW is limited, this type of facility may be difficult to locate and expensive to build, relative to other types of bicycle facilities, but inexpensive compared to new roadways. Ideal locations for bike paths are areas such as powerline easements, utility easements, canal banks, river levees, drainage easements, railroad or highway ROW, or regional community parks.
- **Bike Lanes (Class II)** – A portion of a roadway designated by striping and pavement markings for the preferential or exclusive use of bicyclists. Bike lanes are intended to promote an orderly flow of bicycle and vehicle traffic. This type of facility is established by using the appropriate striping, pavement legends, and signs.
- **Bike Routes (Class III)** – Bike routes are shared facilities between bicycle and motor vehicle traffic. They provide for specific bicycle demand and may be used to connect discontinuous segments of bike lanes. In addition, bike routes are located on residential streets and rural roads. If the pavement width is sufficient, and traffic volume/speeds warrant, an edge line may be painted to further delineate the bike route. Bike routes are signed with the G-93 Bike Route marker but no striping or legends are required.

The City of Oakley General Plan (September 2002), City of Oakley Parks, Recreation, and Trails Master Plan (Summer 2007), and the Contra Costa County Bicycle and Pedestrian Plan (October 2009) propose that several new bicycle facilities be constructed in the future.

The existing striped shoulder on Oakley Road accommodates bicyclists under existing conditions.

Existing Transit Facilities

Tri-Delta Transit provides transit services in the City of Oakley, with three lines connecting Brentwood and the Pittsburg/Bay Point Bay Area Rapid Transit (BART) station.

- *Route 300,* the Pittsburg BART/Brentwood Park & Ride route, is a weekday express route connecting Brentwood to the Pittsburg/Bay Point BART station via Oakley and Antioch. This bus travels along Main Street, operating from 4:15 a.m. to approximately 10:00 p.m. with 15 to 30-minute headways.
- *Route 383,* the Oakley/Antioch/Freedom High School route, connects Oakley to Antioch and Freedom High School in Oakley. This route, in both clockwise and counterclockwise directions, provides only weekday service. The counterclockwise route runs with approximate one-hour headways, and the clockwise route runs twice during the a.m. peak hour period only.
- *Route 391,* the BART/Pittsburg/Antioch/Oakley/Brentwood route, provides weekday service to most East County Cities. The route operates from 4:00 a.m. to 1:15 a.m. with 30 to 60-minute headways.
- *Route 393*, the BART/Pittsburg/Antioch/Oakley/Brentwood route, provides weekend service to Route 391. The route operates from 5:20 a.m. to 2:00 a.m. with approximately 60-minute headways.

Table 2 summarizes the services and frequency during the weekday and on weekends for transit in the City of Oakley. **Figure 3** shows a map of transit routes operated by Tri-Delta Transit.

At the project site, the nearest bus stops are located at the intersections of Main Street/Empire Avenue (0.5 miles east of the project site) served by Routes 300, 383,391, and 393, and Empire Avenue/Gamay Drive (0.6 miles east and south of the project site) served by Route 383.

Table 2: Existing Transit Facilities

Route	From	To	Weekdays		Saturday		Sunday	
			Hours	Headway (min)	Hours	Headway (min)	Hours	Headway (min)

Existing Peak Hour Intersection Volumes

Turning movement volumes for vehicles, bicycles and pedestrians at most study intersections (with the exception of the two intersections at Live Oak Avenue/El Lago Drive and Proposed Project Access/Oakley Road) were provided by the City of Oakley Citywide Traffic Model for the a.m. and p.m. peak hours. To determine existing volumes at the remaining locations new counts were conducted during the a.m. (7:00 a.m.-9:00 a.m.) and p.m. (4:00 p.m.-6:00 p.m.) peak periods on Thursday, April 4, 2019. Existing lane geometry and intersection controls are illustrated in **Figure 4.** Existing turning movement volumes at each existing study intersection are illustrated on **Figure 5**. **Appendix A** includes all of the data sheets for the collected vehicle, bicycle and pedestrian counts.

Existing Conditions Traffic Level of Service Analysis

Table 3 summarizes peak hour levels of service at the six study intersections under Existing Conditions. Detailed LOS worksheets for this scenario are provided in **Appendix B**. Each of the study intersections operate at an acceptable LOS C or better under Existing Conditions.

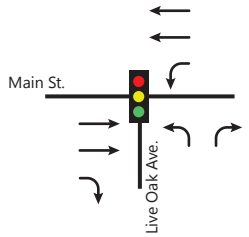

Table 3: Existing Conditions Traffic Level of Service Analysis Results

ID	Intersection	Control	Peak Hour	Existing Conditions	
				Average Delay[1]	LOS[2]
2	Live Oak Avenue / Main Street	Signalized	A.M.	18.8	B

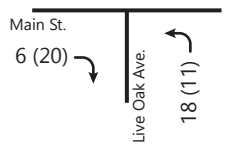
3. PROJECT CONDITIONS

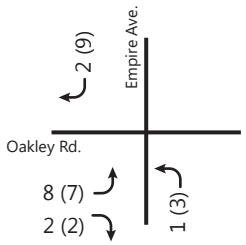
Project Trip Generation

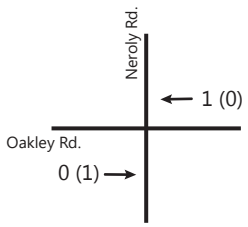
The project vehicle trip generation rates were obtained from the reference *Trip Generation, 10th Edition*, published by the Institute of Transportation Engineers (ITE). Based on the applicable rates single-family detached housing, the Project is forecasted to generate 595 daily vehicle trips, including 47 a.m. peak hour and 62 p.m. peak hour vehicle trips, as summarized in **Table 4**.

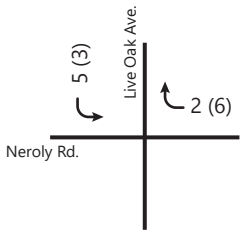
Table 4: Project Vehicle Trip Generation

Land Use (ITE Code)	Size	Daily Vehicle Trips		AM Peak Hour Vehicle Trips					PM Peak Hour Vehicle Trips				
		Rate	Trips	Rate	In/ Out (%)	In	Out	Total	Rate	In/ Out (%)	In	Out	Total
Single Family Detached Housing (210)	63 du[1]	9.44	**595**	0.74	25/ 75	12	35	**47**	0.99	63/ 37	39	23	**62**
Total			**595**					**47**					**62**

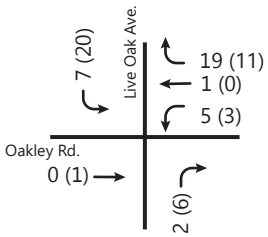


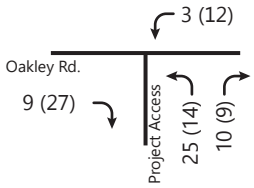




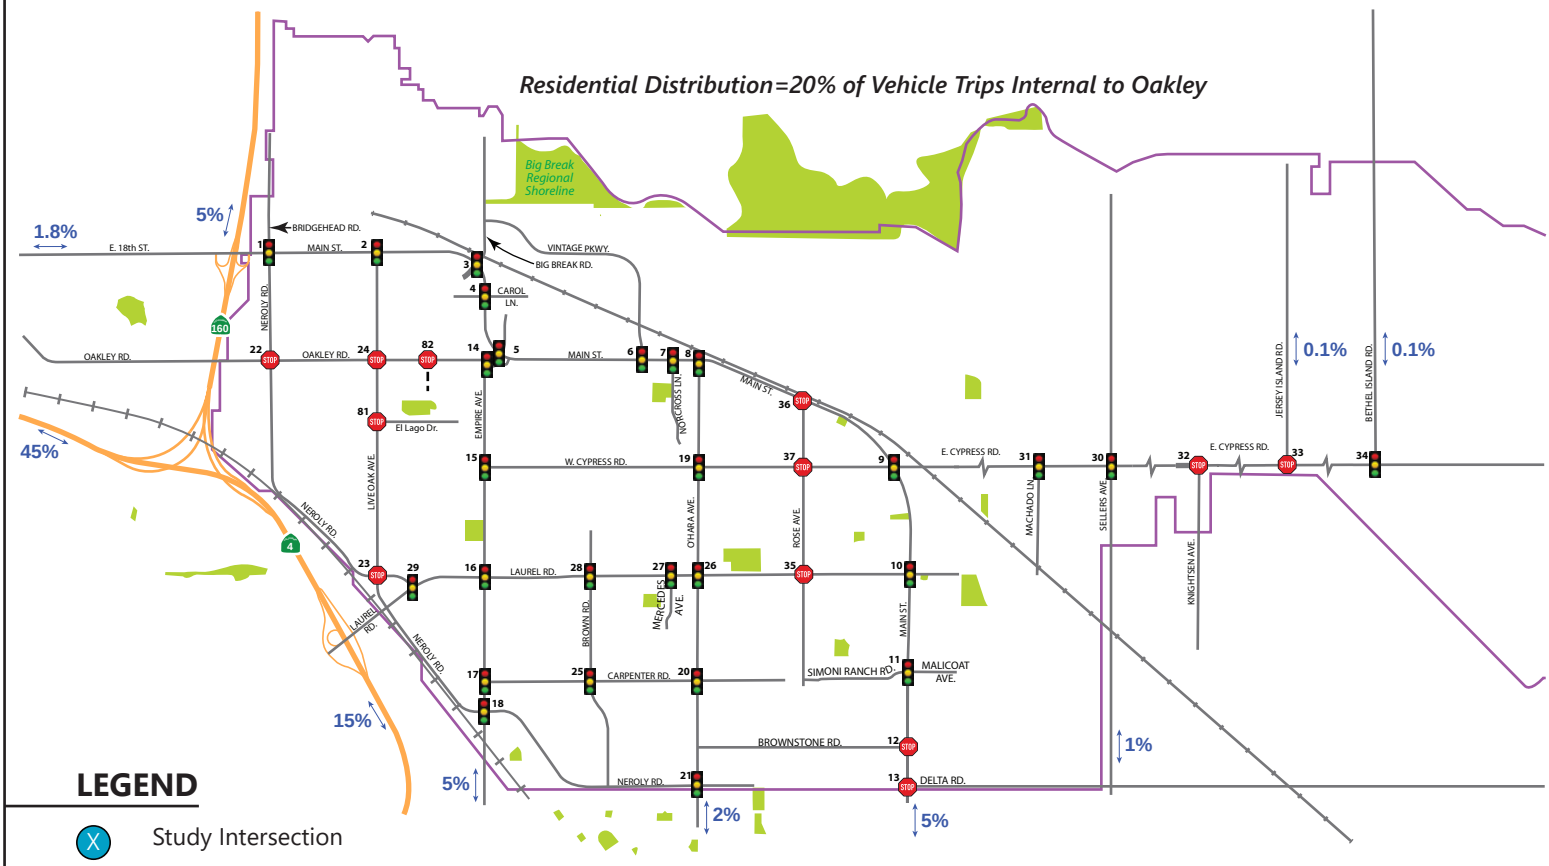


Note: [1] du= dwelling units.
Source: ITE *Trip Generation Manual*, 10th Edition





Vehicle Trip Distribution & Assignment



The distribution of peak-hour vehicle trips generated by the project was determined based on the methodology used for the Citywide Traffic Model. Based on that methodology: for residential developments, 45 percent of peak-hour trips are to/from origins and designations west of Oakley via SR 4; 15 percent are to/from origins and destinations south/east of Oakley via SR 4; five percent are to/from origins and destinations north of Oakley via California 160; 15 percent are to/from other destinations near Oakley via other routes; and 20 percent are internal to Oakley. Based on that distribution: peak-hour vehicle trips generated by the project were manually assigned to each study intersection.

Figure 6 illustrates the distribution of project trips to origins/destinations, and the assignment of project trips to study intersections based on the anticipated path(s) of travel.

Existing plus Project Conditions Traffic Analysis

Table 5 summarizes peak hour levels of service at the study intersections under Existing plus Project Conditions, based on the addition of project trips to each study intersection. Detailed LOS worksheets for this scenario are provided in **Appendix C**. Each of the study intersections operate at an acceptable LOS C or better under Existing plus Project Conditions. Based on the City of Oakley impact criteria, the project is expected to have a less-than-significant impact at all the study intersections.

Table 5: Existing plus Project Conditions Traffic Level of Service Analysis Results

ID	Intersection	Control	Peak Hour	Existing Conditions		Existing plus Project Conditions		
				Average Delay[1]	LOS[2]	Average Delay[1]	LOS[2]	Significant LOS Impact?
2	Live Oak Avenue / Main Street	Signalized	A.M.	18.8	B	19.6	B	No
			P.M.	7.2	A	7.5	A	No

			P.M.	N/A	---	11.4	B	No

Notes: [1]Delay: Average control delay in seconds per vehicle, reported values are overall for signalized and all-way-stop-control intersections; and critical minor approaches for two-way- stop-control intersections.
[2]LOS: Level of Service.

Pedestrian, Bicycle, and Transit Impacts

Impact findings relevant to the CEQA checklist are described below:

- *Would the project conflict with adopted policies, plans, or programs regarding public transit, bicycle, or pedestrian facilities, or otherwise decrease the performance or safety of such facilities.*

The proposed project does not conflict with existing and planned pedestrian or bicycle facilities, and will add relatively few trips to existing transit facilities, which can be accommodated by the existing transit capacity. Therefore, impacts to pedestrian, bicycle, and transit facilities are **less-than-significant**.

4. CUMULATIVE IMPACTS

This scenario evaluates the project's contribution to potential background traffic impacts.

Traffic Growth

Using the calibrated and validated Citywide Traffic Model, additional traffic projected to be generated from approved developments was forecasted for Background Conditions. The Background Conditions scenario includes additional traffic that would be generated by various specific plans and approved projects completed within the City of Oakley.

Figure 7 shows the forecasted volumes at each intersection under Background Conditions, based on the Oakley Citywide Traffic Model. **Table 6** summarizes peak hour levels of service at the study intersections under Background Conditions, without the proposed Project. Detailed LOS worksheets for this scenario are provided in **Appendix D**. Each of the study intersections operate at an acceptable LOS D or better under Background Conditions.

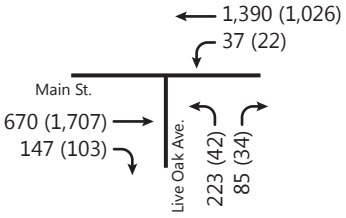

Table 6: Cumulative Traffic Level of Service – Background Conditions without Project

ID	Intersection	Control	Peak Hour	Background Conditions	
				Average Delay[1]	LOS[2]
2	Live Oak Avenue / Main Street	Signalized	A.M.	18.6	B
			P.M.	8.2	A
14	Empire Avenue / Oakley Road	Signalized	A.M.	24.2	C
			P.M.	33.5	C
22	Neroly Road / Oakley Road	All-way Stop	A.M.	11.5	B
			P.M.	11.8	B
23	Neroly Road / Live Oak Avenue	All-way Stop	A.M.	16.8	C

Background Level of Service with the Proposed Project

Table 7 summarizes peak hour levels of service at the study intersections under Background and Background plus Project Conditions, without and with the proposed Project. Detailed LOS worksheets for both scenarios scenario are provided in **Appendix D and E**. As shown, the project would contribute to increased delay at one study intersection that would operate unacceptably without the proposed project.

Table 7: Cumulative Traffic Level of Service – Background plus Project Conditions

ID	Intersection	Control	Peak Hour	Background Conditions		Background plus Project Conditions		
				Average Delay[1]	LOS[2]	Average Delay[1]	LOS[2]	Potentially Significant Cumulative LOS Impact?
2	Live Oak Avenue / Main Street	Signalized	A.M.	18.6	B	19.7	B	No
			P.M.	8.2	A	8.5	A	No
14	Empire Avenue / Oakley Road	Signalized	A.M.	24.2	C	24.6	C	No
			P.M.	33.5	C	34.0	C	No
22	Neroly Road / Oakley Road	All-way Stop	A.M.	11.5	B	11.5	B	No

23	Neroly Road / Live Oak Avenue	All-way Stop	A.M.	16.8	C	17.1	C	No
			P.M.	12.8	B	12.9	B	No
24	Live Oak Avenue / Oakley Road	All-way Stop	A.M.	31.6	D	**38.8**	**E**	**Yes[3]**
			P.M.	10.3	B	10.7	B	No
81	Live Oak Avenue / El Lago Drive	One-way Stop	A.M.	13.9	B	14.1	B	No
			P.M.	10.7	B	10.8	B	No
82	Proposed Project Access / Oakley Road	One-way Stop	A.M.	N/A	---	13.4	B	No
			P.M.	N/A	---	12.9	B	No

Notes: **Bold** text indicates unacceptable intersection operations.

[1]Delay: Average control delay in seconds per vehicle. [2]LOS: Level of Service.

[3]Recommended cumulative mitigation is for the project to contribute towards the cost of installing a future traffic signal at the Live Oak Avenue /Oakley Road intersection. With this mitigation, the intersection would operate at acceptable LOS D (11.4 seconds of average delay) under Background plus Project conditions (mitigated).

Cumulative Impact Findings

The project would result in increased delay at one study intersection forecasted to operate unacceptably due to cumulative traffic growth generated by background growth and the proposed project**.** ***The project contribution to cumulative impacts would be considered less than significant with mitigations, by contributing a "fair share" contribution towards the funding of future mitigations, based on the project share of forecasted traffic growth at each impacted intersection.***

The recommended cumulative mitigations are described below:

- The stop-sign controlled intersection of Live Oak Avenue/Oakley Road (study intersection #24) is forecasted to operate at LOS E during the a.m. peak hour under Background plus Project Conditions. The recommended cumulative mitigation is for the project to contribute towards the cost of installing a future traffic signal at the Live Oak Avenue/Oakley Road intersection. With this mitigation, the intersection would operate at acceptable LOS B (11.4 seconds of average delay) under Background plus Project conditions (mitigated). Detailed LOS worksheets for Background plus Project conditions (mitigated) are provided in **Appendix F**.

5. SITE ANALYSIS & RECOMMENDATIONS

Site Design Impact Findings

Based on review of the site plan, impact findings relevant to the CEQA checklist are described below:

- *Would the project substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?*

Project design could result in safety impacts due to an existing median on Oakley Road that would impede left-turn movements into the site and could result in sight obstructions to drivers on Oakley Road approaching the project entrance. As described below: modification of the median to accommodate left-turns inbound and outbound, while maintaining adequate site distance, would mitigate this potential impact.

Sight Distance Analysis

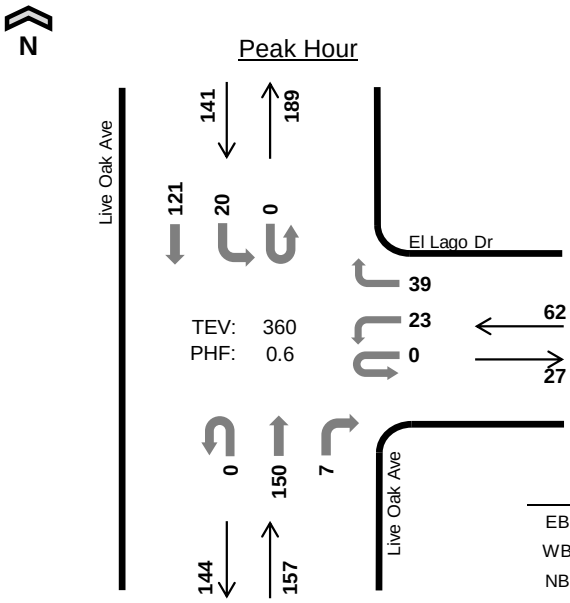
The proposed intersection at Proposed Project Access & Oakley Road would generate left and right turning traffic onto Oakley Road from the project site. The intersection is proposed to be one-way stop-sign controlled at the driveway with a posted speed limit of 15 mph into the project site.

Oakley Road has a posted speed limit of 35 miles per hour (mph) and requires at least 250 feet of stopping distance for oncoming vehicles from the point where they can see a vehicle exiting the driveway. Oncoming traffic travelling eastbound on Oakley Road have a clear line of sight to vehicles exiting the driveway well above the minimum stopping distance.

With schools and freeway access located west of the project driveway it is expected that heavy left turn movements onto Oakley Road will occur from the project driveway. Vehicles turning left from the project driveway and oncoming traffic travelling westbound on Oakley Road have a line of sight that could be obstructed by landscaping in the median.

Impacts due to project design would be less than significant with modification. Modification of the existing median on Oakley Road to accommodate left-turns inbound and outbound, while maintaining at least 250 feet of stopping sight distance for motorists traveling on Oakley Road, would mitigate this impact.

Site Access and On-Site Circulation



Vehicles will have access to/from the project site via a proposed gated driveway on Oakley Road. The driveway has separate gates for each direction and connects to an extension of Thomas Drive which circles around the project site. The extension of Thomas Drive will serve bidirectional travel by bicyclists, motorists and pedestrians and allow for parallel, on-street parking on one side of the internal street. The City of Oakley requires at least two covered, off-street automobile parking spaces for each single family dwelling unit (*City of Oakley Municipal Code, Article 14, Sec. 9.1.1402*), resulting in a total of 126 required parking spaces for the project site. Dwelling units in Oakley are required to have driveways of a minimum length of 25 feet (*City of Oakley Municipal Code, Article 4, Sec. 9.1.404*).

5/1/2019

Intersection Analysis Summary

ID	Intersection Name	Control Type	Method	Worst Mvmt	V/C	Delay (s/veh)	LOS
2	Live Oak Rd/Main St	Signalized	HCM 6th Edition	WB Left	0.462	18.8	B
14	Empire Ave/Oakley Rd	Signalized	HCM 6th Edition	SWB Left	0.306	21.6	C
22	Neroly Rd/Oakley Rd	All-way stop	HCM 6th Edition	SB Thru	0.323	10.2	B
23	Neroly Rd/Live Oak Ave	All-way stop	HCM 6th Edition	SB Thru	0.468	12.2	B
24	Live Oak Ave/Oakley Rd	All-way stop	HCM 6th Edition	EB Left	0.691	18.4	C
81	Live Oak Ave/El Lago Dr	Two-way stop	HCM 6th Edition	WB Left	0.083	13.2	B
82	Oakley Rd/Project Access	Two-way stop	HCM 6th Edition	WB Thru	0.003	0.0	A

V/C, Delay, LOS: For two-way stop, these values are taken from the movement with the worst (highest) delay value. For all other control types, they are taken for the whole intersection.

Intersection Level Of Service Report
Intersection 2: Live Oak Rd/Main St

Control Type:	Signalized	Delay (sec / veh):	18.8

Intersection Analysis Summary

ID	Intersection Name	Control Type	Method	Worst Mvmt	V/C	Delay (s/veh)	LOS
2	Live Oak Rd/Main St	Signalized	HCM 6th Edition	WB Left	0.370	7.2	A
14	Empire Ave/Oakley Rd	Signalized	HCM 6th Edition	SWB Left	0.311	27.7	C
22	Neroly Rd/Oakley Rd	All-way stop	HCM 6th Edition	SB Thru	0.385	9.6	A
23	Neroly Rd/Live Oak Ave	All-way stop	HCM 6th Edition	NB Thru	0.355	10.3	B
24	Live Oak Ave/Oakley Rd	All-way stop	HCM 6th Edition	EB Thru	0.256	9.0	A
81	Live Oak Ave/El Lago Dr	Two-way stop	HCM 6th Edition	WB Left	0.022	10.5	B
82	Oakley Rd/Project Access	Two-way stop	HCM 6th Edition	EB Thru	0.003	0.0	A

V/C, Delay, LOS: For two-way stop, these values are taken from the movement with the worst (highest) delay value. For all other control types, they are taken for the whole intersection.

Intersection Level Of Service Report
Intersection 2: Live Oak Rd/Main St

Intersection Analysis Summary

ID	Intersection Name	Control Type	Method	Worst Mvmt	V/C	Delay (s/veh)	LOS
2	Live Oak Rd/Main St	Signalized	HCM 6th Edition	WB Left	0.477	19.6	B
14	Empire Ave/Oakley Rd	Signalized	HCM 6th Edition	SWB Left	0.309	21.9	C
22	Neroly Rd/Oakley Rd	All-way stop	HCM 6th Edition	SB Thru	0.323	10.2	B
23	Neroly Rd/Live Oak Ave	All-way stop	HCM 6th Edition	SB Left	0.479	12.4	B
24	Live Oak Ave/Oakley Rd	All-way stop	HCM 6th Edition	EB Left	0.720	20.3	C
81	Live Oak Ave/El Lago Dr	Two-way stop	HCM 6th Edition	WB Left	0.084	13.3	B
82	Oakley Rd/Project Access	Two-way stop	HCM 6th Edition	NB Left	0.127	12.5	B

V/C, Delay, LOS: For two-way stop, these values are taken from the movement with the worst (highest) delay value. For all other control types, they are taken for the whole intersection.

Intersection Level Of Service Report

Intersection Analysis Summary

ID	Intersection Name	Control Type	Method	Worst Mvmt	V/C	Delay (s/veh)	LOS
2	Live Oak Rd/Main St	Signalized	HCM 6th Edition	WB Left	0.377	7.5	A
14	Empire Ave/Oakley Rd	Signalized	HCM 6th Edition	SWB Left	0.317	27.9	C
22	Neroly Rd/Oakley Rd	All-way stop	HCM 6th Edition	SB Thru	0.385	9.6	A
23	Neroly Rd/Live Oak Ave	All-way stop	HCM 6th Edition	NB Thru	0.357	10.3	B
24	Live Oak Ave/Oakley Rd	All-way stop	HCM 6th Edition	WB Thru	0.264	9.3	A
81	Live Oak Ave/El Lago Dr	Two-way stop	HCM 6th Edition	WB Left	0.022	10.6	B
82	Oakley Rd/Project Access	Two-way stop	HCM 6th Edition	NB Left	0.062	12.2	B

V/C, Delay, LOS: For two-way stop, these values are taken from the movement with the worst (highest) delay value. For all other control types, they are taken for the whole intersection.

Intersection Analysis Summary

ID	Intersection Name	Control Type	Method	Worst Mvmt	V/C	Delay (s/veh)	LOS
2	Live Oak Rd/Main St	Signalized	HCM 6th Edition	WB Left	0.661	18.6	B
14	Empire Ave/Oakley Rd	Signalized	HCM 6th Edition	SWB Left	0.385	24.2	C
22	Neroly Rd/Oakley Rd	All-way stop	HCM 6th Edition	NB Thru	0.389	11.5	B
23	Neroly Rd/Live Oak Ave	All-way stop	HCM 6th Edition	SB Thru	0.666	16.8	C
24	Live Oak Ave/Oakley Rd	All-way stop	HCM 6th Edition	EB Left	0.851	31.6	D
81	Live Oak Ave/El Iago Dr	Two-way stop	HCM 6th Edition	WB Left	0.109	16.2	C
82	Oakley Rd/Project Access	Two-way stop	HCM 6th Edition	WB Thru	0.004	0.0	A

V/C, Delay, LOS: For two-way stop, these values are taken from the movement with the worst (highest) delay value. For all other control types, they are taken for the whole intersection.

Intersection Level Of Service Report
Intersection 2: Live Oak Rd/Main St

Control Type:	Signalized	Delay (sec / veh):	18.6
Analysis Method:	HCM 6th Edition	Level Of Service:	B
Analysis Period:	15 minutes	Volume to Capacity (v/c):	0.661

Scenario 6 6 6 Background Conditions PM
5/1/2019

Intersection Analysis Summary

ID	Intersection Name	Control Type	Method	Worst Mvmt	V/C	Delay (s/veh)	LOS
2	Live Oak Rd/Main St	Signalized	HCM 6th Edition	WB Left	0.567	8.2	A
14	Empire Ave/Oakley Rd	Signalized	HCM 6th Edition	EB Right	0.398	33.5	C
22	Neroly Rd/Oakley Rd	All-way stop	HCM 6th Edition	SB Thru	0.559	11.8	B
23	Neroly Rd/Live Oak Ave	All-way stop	HCM 6th Edition	NB Thru	0.486	12.8	B
24	Live Oak Ave/Oakley Rd	All-way stop	HCM 6th Edition	WB Thru	0.337	10.3	B
81	Live Oak Ave/El Lago Dr	Two-way stop	HCM 6th Edition	WB Left	0.028	11.9	B
82	Oakley Rd/Project Access	Two-way stop	HCM 6th Edition	EB Thru	0.004	0.0	A

V/C, Delay, LOS: For two-way stop, these values are taken from the movement with the worst (highest) delay value. For all other control types, they are taken for the whole intersection.

Intersection Level Of Service Report
Intersection 2: Live Oak Rd/Main St

Control Type:	Signalized	Delay (sec / veh):	8.2

Intersection Analysis Summary

ID	Intersection Name	Control Type	Method	Worst Mvmt	V/C	Delay (s/veh)	LOS
2	Live Oak Rd/Main St	Signalized	HCM 6th Edition	WB Left	0.676	19.7	B
14	Empire Ave/Oakley Rd	Signalized	HCM 6th Edition	SWB Left	0.388	24.6	C
22	Neroly Rd/Oakley Rd	All-way stop	HCM 6th Edition	NB Thru	0.390	11.5	B
23	Neroly Rd/Live Oak Ave	All-way stop	HCM 6th Edition	SB Thru	0.679	17.1	C
24	Live Oak Ave/Oakley Rd	All-way stop	HCM 6th Edition	EB Left	0.900	38.8	E
81	Live Oak Ave/El Iago Dr	Two-way stop	HCM 6th Edition	WB Left	0.111	16.3	C
82	Oakley Rd/Project Access	Two-way stop	HCM 6th Edition	NB Left	0.154	14.4	B

V/C, Delay, LOS: For two-way stop, these values are taken from the movement with the worst (highest) delay value. For all other control types, they are taken for the whole intersection.

Intersection Level Of Service Report

Intersection Analysis Summary

ID	Intersection Name	Control Type	Method	Worst Mvmt	V/C	Delay (s/veh)	LOS
2	Live Oak Rd/Main St	Signalized	HCM 6th Edition	WB Left	0.574	8.5	A
14	Empire Ave/Oakley Rd	Signalized	HCM 6th Edition	EB Right	0.404	34.0	C
22	Neroly Rd/Oakley Rd	All-way stop	HCM 6th Edition	SB Thru	0.558	11.8	B
23	Neroly Rd/Live Oak Ave	All-way stop	HCM 6th Edition	NB Thru	0.488	12.9	B
24	Live Oak Ave/Oakley Rd	All-way stop	HCM 6th Edition	WB Thru	0.363	10.7	B
81	Live Oak Ave/El Lago Dr	Two-way stop	HCM 6th Edition	WB Left	0.028	12.0	B
82	Oakley Rd/Project Access	Two-way stop	HCM 6th Edition	NB Left	0.077	14.1	B

V/C, Delay, LOS: For two-way stop, these values are taken from the movement with the worst (highest) delay value. For all other control types, they are taken for the whole intersection.

Intersection Analysis Summary

ID	Intersection Name	Control Type	Method	Worst Mvmt	V/C	Delay (s/veh)	LOS
24	Live Oak Ave/Oakley Rd	Signalized	HCM 6th Edition	NB Thru	0.597	11.4	B

V/C, Delay, LOS: For two-way stop, these values are taken from the movement with the worst (highest) delay value. For all other control types, they are taken for the whole intersection.

Intersection Level Of Service Report
Intersection 24: Live Oak Ave/Oakley Rd

Control Type:	Signalized	Delay (sec / veh):	11.4
Analysis Method:	HCM 6th Edition	Level Of Service:	B
Analysis Period:	15 minutes	Volume to Capacity (v/c):	0.597

Intersection Setup

Name	Live Oak Ave			Live Oak Ave			Oakley Rd			Oakley Rd		
Approach	Northbound			Southbound			Eastbound			Westbound

Minutes of Oakley City Council/Oakley City Council Acting as the Successor Agency to the Oakley Redevelopment Agency and Special Meeting of the Oakley Public Financing Authority held September 25, 2018

1) OPENING MATTERS

1.1 Call to Order and Roll Call of the Oakley City Council/Oakley City Council Acting as the Successor Agency to the Oakley Redevelopment Agency/Oakley Public Financing Authority

Mayor Pope called the meeting to order at 6:30pm in the Oakley City Council Chambers located at 3231 Main Street, Oakley, California. In addition to Mayor Pope, Vice Mayor Claire Alaura and Councilmembers Doug Hardcastle, Kevin Romick and Sue Higgins were present.

1.2 Pledge of Allegiance to the Flag
(Dylan-Xavier Harris, Student at Vintage Parkway Elementary School)

Dylan-Xavier Harris, fourth grade student at Vintage Parkway Elementary School, led the Pledge of Allegiance.

The City Council thanked him.

1.3 Introduction and Swearing In Ceremony of Oakley Police Officer Tyler Horn
(Chris Thorsen, Chief of Police and Libby Vreonis, City Clerk)

Chief of Police Chris Thorsen introduced Officer Tyler Horn. He shared Officer Horn has served in the U.S. Marines, the Contra Costa Sheriff's Office and the City of Alameda Police Department.

City Clerk Libby Vreonis administered the Oath of Office to Officer Horn.

1.4 Proclamation Recognizing September 2018 as Suicide Prevention Month in Oakley
(Vanessa Perry)

On behalf of the City Council, Mayor Pope presented a proclamation recognizing September 2018 as Suicide Prevention Month in Oakley.

Members of the Out of the Darkness Walk, including former Councilmember Vanessa Perry, accepted the proclamation.

Mayor Pope mentioned the Out of the Darkness Walk will be held October 13, 2018, 9am-12pm (registration begins at 8am), at Cypress Grove Community Park in Oakley.

Not Applicable

ideas to share with staff. She also reported she attended the East Contra Costa Fire Protection District (ECCFPD) groundbreaking ceremony for the new fire station and questions regarding staffing being researched by ECCFPD. She also reported she attended the Freedom High School (FHS) homecoming parade and game; FHS won the game. She mentioned a player was injured and airlifted but she had heard by the next day the injury not very serious. She also reported she attended the freeway sign unveiling for Hayward Police Sergeant Scott Lunger who had ties to Oakley as a softball coach at FHS. She mentioned a portion of Highway 4 (from Laurel Road to Balfour Road) has been dedicated as a memorial in his memory.

Councilmember Hardcastle reported that the meeting he was supposed to attend was cancelled.

Councilmember Higgins reported that she attended almost all of the same events as Vice Mayor Alaura; however, she did not go to the ECCFPD groundbreaking ceremony due to work obligations. She mentioned she brought back a lapel pin from the League of California Cities' Annual Conference for the City Council.

Mayor Pope reported that he attended the ECCFPD groundbreaking, the honoring of fallen police Sergeant Scott Lunger, and the Heart of Oakley Festival.

(b) Requests for Future Agenda Items

Mayor Pope commented he would like to recognize a heroic act by a citizen at the next City Council meeting. He requested staff create a policy to recognize citizens. He also staff look into a CERT training program for Oakley residents only rather than a joint training with Brentwood.

Councilmember Higgins commented she requested a recognition program for citizens two months ago.

Councilmember Romick commented that there needs to be a set criteria for recognition of citizens. He suggested the Oakley Chamber of Commerce is more appropriate to identify people and businesses for Citizen of the Year as it is more involved with the business community; if the Chamber is interested in doing this as it has done in the past, the City could support it.

Councilmember Hardcastle commented that the new Oakley Recreation Center may provide a venue for a recognition event.

7) WORK SESSION

7.1 The Vines at Oakley Preliminary General Plan Amendment (PA 03-18) – Work Session to Discuss the Merits of a Potential Project to Amend the General Plan Land Use Designation on an approximately 9.74 acre site from SH to ML for the Purposes of a Single Family Residential Development (Kenneth Strelo, Principal Planner)

Principal Planner Ken Strelo presented the staff report.

Not Applicable

Applicant Chris Zaballos with MLC Holdings, Inc., shared his presentation. He mentioned they plan for 63 single-family homes on the 10-acre site. He mentioned they have another project in Oakley, Village at Main, in progress. He shared that Meritage Homes is MLC's parent company; the 7th largest homebuilder in the country and they have built other projects in Oakley and local surrounding cities. He thanked the City Council for allowing a preliminary review process before they spend any money. He mentioned they believe the single-story homes are marketable to first-time home buyers, first move-up home buyers or buyers looking to downsize. He shared they are proposing to build 20 parking stalls in a lot on site, connect a walking path to Holly Creek Park; provide a landscape buffer, and provide additional amenities at Holly Creek Park such as a restroom or other needed items. He mentioned they envision access to the homes from Oakley Road and Thomas Drive; the size of lots are 4,200 sq. ft. to 7,000 sq. ft., and the design will be 1,800 sq. ft. to 2,600 sq. ft. ranch or country style homes with 3 to 5 bedrooms.

Councilmember Higgins inquired if 10 homes would have to be lost to get to the lower density.

Mr. Strelo commented that 10 homes would have to be lost to get to the current density.

Councilmember Higgins inquired if the homes would have curb, gutter and sidewalk and if owners would park in their own driveways.

Mr. Zaballos responded that the homes will have a 2 car garage and driveway, with 4 dedicated parking spaces per home.

Councilmember Higgins requested clarification that 10 homes would be lost to stay in the current density and that the parking lot could be used by residents rather than Holly Creek Park because there will be access from both sides.

Mr. Zaballos confirmed that is correct.

Councilmember Hardcastle inquired if MLC has considered senior living homes.

Mr. Zaballos responded that MLC does construct 55+ senior home communities and although these homes are not dedicated for that purpose, they could work for seniors.

Councilmember Hardcastle commented it is something that might be considered since shopping is located nearby.

Vice Mayor Alaura thanked him for his presentation. She commented she is not a fan of changing the density; it is only 10 homes and 53 is a good number. She mentioned she is not sure why parking would be placed across the street as opposed to next to the park. She mentioned Oakley residents may wish to park RV's on their property which may place their vehicles on the street and the 20 proposed parking stalls might be used by residents to park their vehicles rather than park users, especially if the lot is not located next to the park. She also mentioned if the homes are kept at 53 that restrooms or a dog park would free up the area at Holly Creek Park right now. She expressed her preference is to keep the density where it is now.

Mr. Zaballos explained that the project has to work with the amount they have to pay the landowner and 63 lots is what works for that equation.

Vice Mayor Alaura commented that she is concerned this is not a final map and it would have potential to go to 94 dwelling units if transferred to the hands of another developer.

Mr. Zaballos commented he understands her concerns and although the map could indicate that, he understands it is not Oakley's desire.

Councilmember Romick commented that regardless if the City Council decides to change the density, it would still have to come back to the City Council for approval if the lots increased. He suggested with 63 units; maybe one unit is lost to shift parking to the east and place a restroom there which is much needed for the community and soccer leagues that play there now. He shared that the property has been owned by the family for 40 years; it would be great to save and reuse some of the vines and include them in the landscaping of some of the homes to remind residents what the land once was. He expressed concern with Thomas Drive to Oakley Road becoming a racetrack and would like to see traffic mitigation on both streets, especially Thomas Drive. He added that he does not have a problem with the rezone.

Mr. Zaballos mentioned there a number of traffic calming mechanisms they can put in place to pinch people to slow down.

Councilmember Romick commented he wants to keep traffic off of existing neighborhoods and keep it on Oakley Road.

Mayor Pope commented he has the same concerns his colleagues have raised and also regarding the loss of vines; he suggested if the vines can be saved, they could be replanted or new vines could planted symbolically. He suggested that traffic mitigation include a bottleneck design or environmental engineering instead of a straight shot through for the people who live there or who are going to the park, but not to use for a short cut. He mentioned the park has a trail system which leads up to where the parking lot is proposed; he suggested with development west of it, he would like to see the path continue so it interconnects. He mentioned he is not comfortable with multi-low. He expressed that allowing for additional units and smaller lots is an "ask" and the exchange for the City to make this sacrifice would be things to enhance the project, i.e., a restroom for the park or replanting vines in the landscape of the homes. He commented he would prefer an overlay to allow the project to move forward, but wouldn't allow another developer to go with multi-low or a project that the City Council really does not want. He inquired if the lots would be big enough for RV side access.

Mr. Zaballos responded that some lots will be big enough for RV side access.

Mayor Pope inquired if houses could be shifted to allow for RV side access.

Mr. Zaballos confirmed the lots could be shifted to accommodate RV side yard access.

Mayor Pope suggested that signage be included to indicate no storage of RVs in the parking lot. He mentioned he is willing to negotiate amenities in exchange for multi-low.

Mr. Zaballos inquired if they can come back with a more detailed plan for the City Council to review. He mentioned if they are at 53-54 units, it doesn't seem like to add 9 more would be a big deal, but 53 could be the number where the deal doesn't work; it is something they will need to examine.

Councilmember Higgins inquired if there will be a sound wall around the project.

Mr. Zaballos responded it will be a good neighbor fence.

Mayor Pope commented that Oakley Road provides a buffer of landscape.

Vice Mayor Alaura commented that there may be instances where a good neighbor fence needs to be enhanced for privacy or Frisbees going over the fence, for example, with houses facing the park.

Councilmember Romick commented that the trail is 5-6 feet below the fences facing the park; someone would have to deliberately throw something for it to go over a fence.

Mayor Pope commented that a resident may want the view by means of a lattice or wrought iron fence instead of a solid fence.

Councilmember Romick commented that on the other side of the park, houses back up to the park; there are no homes facing the fence. He mentioned a good neighbor fence with a cyclone fence on park side may more likely be what residents would want for privacy.

Mr. Zaballos commented there is a 12-foot grade difference.

Mayor Pope commented he would like to see more detail.

Public Comment

Mayor Pope apologized that some speaker cards had been overlooked. He called upon persons who submitted comment cards (below).

Item 7.1

Romano Marchetti inquired how many homes will be built for the project.

Mayor Pope responded 53-63 homes are proposed.

Mr. Marchetti commented that is too many homes; people have more cars than people living in homes now and this will result in too many cars. He inquired what happened to the plan less than two years ago to build seven houses per acre. He expressed his concern is traffic.

Item 5.3

CJ Sveen mentioned his comment was for item 5.3 regarding the eminent domain action and train station. He mentioned the realignment on Main Street has increased traffic and he has concern that the train station will further increase traffic. He shared that he

doesn't go through downtown any longer due to traffic and others may be doing same. He mentioned he attended meetings about the downtown and there was no mention of the train. He commented on the Scheer property, that if possible, if a counteroffer is proposed, the general public could approve the price. He mentioned he was concerned the property owner didn't have a say in the matter and is glad to hear they have due process.

Item 7.1

Scott Hobbs, property owner on Oakley Road, commented that his property will be impacted most by the project development; he has lived in his home for 30 years. He mentioned he is strongly opposed to more than 53 homes because someone else could develop condominiums or duplexes. He also mentioned he has a long, healthy relationship with the property owner and doesn't want to halt his plans, but he will have 9 neighbors that he doesn't have now if the project is approved; he doesn't want to lose the privacy he has now and a good neighbor fence would require him to maintain it jointly. He expressed concern with 4 vehicles per home and street parking, but shared his main concern is the fence; he wants to see a concrete structured fence. He commented that it was mentioned that the property is surrounded by high density properties which is inaccurate. He concluded if they want to transplant the vines, he will take all that they can give and transplant the vines on his 1.5 acres.

Councilmember Romick commented that they have successfully transplanted vines in Oakley and the sand is conducive to the vines.

Mayor Pope encouraged MLC to be good neighbors.

8) CLOSED SESSIONS

9) ADJOURN

There being no further business, the meeting was adjourned at 8:58 p.m.

Respectively Submitted,

The Vines at Oakley Subdivision 9507
Citizen Planning Advisors
Summary of Comments

- Is the 17 stall parking area accessible to visitors to Holly Park? Street A and B are indicated as private; will that hinder access to these designated parking spots?
- I like the variety of structure plans and the relatively even mix.
- Currently, traffic is onerous at the intersection of Oakley Road and Live Oak at the beginning and ending of school periods at Orchard Park School. This residential development has the potential to adversely affect this condition.
- This project looks like it meets all the design guidelines. I am also happy that there are also single story houses planned in this subdivision.
- My only comment on this one is that all the rear, left, and right elevations of the various plans lack any sort of architectural features, and are noticeably blank. Not a lot of aesthetic appeal. I don't think these are very in line with the 360 degree architecture I believe the city is trying to achieve.

CITY OF OAKLEY

RESOLUTION NO. XX-19

A RESOLUTION OF THE CITY OF OAKLEY CITY COUNCIL MAKING FINDINGS TO ADOPT A MITIGATED NEGATIVE DECLARATION AND APPROVE A GENERAL PLAN AMENDMENT TO RE-DESIGNATE THE NORTHERN MOST 2.20 ACRES OF ONE 9.87 ACRE PARCEL LOCATED AT 2371 OAKLEY ROAD (APN 041-100-035) FROM SINGLE FAMILY RESIDENTIAL, HIGH DENSITY (SH) TO MULTI FAMILY RESIDENTIAL, LOW DENSITY (ML) FOR THE PROJECT TITLED "THE VINES AT OAKLEY SUBDIVISION 9507 (GPA 05-18)"

FINDINGS

WHEREAS, on July 1, 1999, the incorporation of the City of Oakley took effect; and

WHEREAS, after incorporation, the City adopted the Contra Costa County General Plan for the Oakley Area as its general plan, the County's subdivision ordinance as its subdivision ordinance, and the County's zoning ordinance as its zoning ordinance (Ordinance Nos. 1-99, 17-99, 22-99). Since that time, the City has prepared its own general plan, as required by Government Code Section 65360; and

WHEREAS, in December 2002, the Oakley City Council adopted the Oakley 2020 General Plan; and

WHEREAS, on December 19, 2018, MLC Holdings, Inc. ("Applicant") filed an application requesting approval of the following four entitlements ("Project"):

1) a General Plan Amendment to re-designate 2.20 acres of the 9.87 acre site (gross acreage) from SH (Single Family Residential, High Density) to ML (Multi Family Residential, Low Density) (GPA 05-18);

2) a Rezone from Single Family Residential (R-6) District to Planned Unit Development (P-1) District (RZ 09-18);

3) a Vesting Tentative Map to subdivide approximately 9.87 acres into 63 single family residential lots, a storm water treatment bio-retention area, and right of way dedication and frontage improvements along Oakley Road (TM 06-18); and

4) Design Review for home designs consisting of three floor plans (one 1-story and two 2-stories) ranging from 1,631 sf. to 2,721 sf (DR 13-18).

The project site is located at 2371 Oakley Road and is zoned Single Family Residential (R-6) District. APN: 041-100-035; and

WHEREAS, the Applicant has initiated a project to change the General Plan Land Use Designation for the northern most 2.20 acres of the property from Single-Family Residential, High Density (SH) to Multi Family Residential, Low Density (ML); and

WHEREAS, pursuant to the requirements of the California Environmental Quality Act ("CEQA"), the City prepared a Draft Initial Study/Mitigated Negative Declaration ("IS/MND") dated July 16, 2019, which was circulated for public review and comment from July 17, 2019 to August 16 2019. The Notice of Intent to Adopt a Negative Declaration ("NOI") and Draft IS/MND were filed with the Governor's Office of Planning and Research State Clearinghouse and the County Clerk, on July 17, 2019; and

WHEREAS, on August 30, 2019, the Notice of Public Hearing for the Project was duly noticed in the Contra Costa Times, a newspaper of general distribution. On or before August 20, 2019, the Notice of Public Hearing was posted at Oakley City Hall located at 3231 Main Street, outside the gym at Delta Vista Middle School located at 4901 Frank Hengel Way, outside the library at Freedom High School located at 1050 Neroly Road, and the notice was mailed out to all owners of property within a 500-foot radius of the subject property's boundaries, to parties requesting such notice, and to outside agencies; and

WHEREAS, on August 30, 2019, the Final IS/MND, which includes the Draft IS/MND, the Response to Comments to the Draft IS/MND, and the Mitigation, Monitoring, and Reporting Program were posted on the City website and emailed electronically to all parties that submitted timely comments on the Draft IS/MND; and

WHEREAS, on September 10, 2019, the City Council opened the public hearing at which it received a report from City Staff, oral and written testimony from the public, and deliberated on the project. At the conclusion of its deliberations, the City Council took a vote and adopted this resolution to approve the project, as revised by the City Council during its deliberations; and

WHEREAS, these Findings are based on the City's General Plan and the City's Zoning Ordinance, and the information submitted to the City Council at its September 10, 2019 meeting, both written and oral, as reflected in the minutes of such meetings, together with the documents contained in the file for the Project (hereafter the "Record").

NOW, THEREFORE, on the basis of the above findings of fact and the entire Record, the City Council makes the following findings regarding the General Plan Amendment as shown in "Exhibit A" of this resolution in support of the recommended approvals:

A. The Draft Initial Study/Mitigated Negative Declaration and Notice of Intent to Adopt a Mitigated Negative Declaration ("MND") have been prepared and made available for public comment, pursuant to the California Environmental Quality Act (CEQA) Guidelines. Public comments received in a timely manner have been responded to as found in the Response to Comments portion of the Final IS/MND. The Initial Study found that the project will have a less than significant effect on the

environment, and the City Council hereby adopts the project MND (Attachment to the September 10, 2019 Staff Report).

B. The change in Land Use Designation will provide for the orderly, well planned and balanced growth within the City in that:

1. Only a 2.20 acre portion of the site would be re-designated to ML, which allows for single-family residential uses, such as the proposed project, and only re-designating a portion of the site ensure the maximum density would only allow up to 63 dwelling units when combined with the remaining portion of SH designated land, which is in line with the proposed project and associated Planned Unit Development (P-1) District and Final Development Plan; and

2. It would serve to result in an infill single family residential development project surrounded by other single family residential uses and a public park, and is located on a minor arterial road near several commercial uses, and in combination with the associated Design Review application will result in a balanced, attractive, and well-maintained (due to Home Owner's Association) development along Oakley Road.

BE IT FURTHER RESOLVED THAT, on the basis of the foregoing Findings and the entire Record, the City Council hereby approves the amendment to the General Plan as shown in "Exhibit A" of this resolution.

PASSED AND ADOPTED by the City Council of the City of Oakley at a meeting held on the 10th day of September, 2019 by the following vote:

The Vines at Oakley Subdivision 9507 General Plan Amendment (GPA 05-18)

Existing General Plan Land Use Designation: Single Family Residential, High Density (SH) - 9.87 Acres

Proposed General Plan Land Use Designation: Single Family Residential, High Density (SH) - 7.67 Acres; Multi Family Residential, Low Density (ML) – 2.20 Acres

CITY OF OAKLEY

ORDINANCE NO. XX-19

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF OAKLEY REZONING ONE PARCEL COMPRISED OF 9.87 ACRES LOCATED AT 2371 OAKLEY ROAD (APN 041-100-035) FROM SINGLE FAMILY RESIDENTIAL (R-6) DISTRICT TO PLANNED UNIT DEVELOPMENT (P-1) DISTRICT FOR THE PROJECT TITLED "THE VINES AT OAKLEY SUBDIVISION 9507" (RZ 09-18)

WHEREAS, on December 19, 2018, MLC Holdings, Inc. ("Applicant") filed an application requesting approval of the following four entitlements ("Project"):

1) a General Plan Amendment to re-designate 2.20 acres of the 9.87 acre site (gross acreage) from SH (Single Family Residential, High Density) to ML (Multi Family Residential, Low Density) (GPA 05-18);

2) a Rezone from Single Family Residential (R-6) District to Planned Unit Development (P-1) District (RZ 09-18);

3) a Vesting Tentative Map to subdivide approximately 9.87 acres into 63 single family residential lots, a storm water treatment bio-retention area, and right of way dedication and frontage improvements along Oakley Road (TM 06-18); and

4) Design Review for home designs consisting of three floor plans (one 1-story and two 2-stories) ranging from 1,631 sf. to 2,721 sf (DR 13-18).

The project site is located at 2371 Oakley Road and is zoned Single Family Residential (R-6) District. APN: 041-100-035; and

WHEREAS, the proposal complies with the requirements of the rezoning application requirements of Section 2.4.012 (a) of the Oakley Municipal Code; and

WHEREAS, the Applicant has initiated a project to change the zoning for the property from Single Family Residential (R-6) District to Planned Unit Development (P-1) District; and

WHEREAS, pursuant to the requirements of the California Environmental Quality Act ("CEQA"), the City prepared a Draft Initial Study/Mitigated Negative Declaration ("IS/MND") dated July 16, 2019, which was circulated for public review and comment from July 17, 2019 to August 16 2019. The Notice of Intent to Adopt a Negative Declaration ("NOI") and Draft IS/MND were filed with the Governor's Office of Planning and Research State Clearinghouse and the County Clerk, on July 17, 2019; and

WHEREAS, on August 30, 2019, the Notice of Public Hearing for the Project was duly noticed in the Contra Costa Times, a newspaper of general distribution. On or before August 20, 2019, the Notice of Public Hearing was posted at Oakley City Hall located at

3231 Main Street, outside the gym at Delta Vista Middle School located at 4901 Frank Hengel Way, outside the library at Freedom High School located at 1050 Neroly Road, and the notice was mailed out to all owners of property within a 500-foot radius of the subject property's boundaries, to parties requesting such notice, and to outside agencies; and

WHEREAS, on September 10, 2019, the City Council adopted Resolution XX-19 adopting the Negative Declaration and approving the associated General Plan Amendment; and

The City Council of the City of Oakley does ordain as follows:

SECTION 1. FINDINGS. Pursuant to Chapter 2.4.012 of the Oakley Municipal Code, the City Council of the City of Oakley hereby finds and determines as follows:

a. The change proposed will substantially comply with the General Plan:

The proposed rezone to the Planned Unit Development (P-1) District in conjunction with the approved General Plan Amendment where a 2.20 acre portion of the site was re-designated to Multi-Family, Low Density (ML) will provide for residentially zoned land with a combined maximum density of 6.38 dwelling units per gross acre, which will be adjacent to existing single family residential developments, which are zoned Agricultural Limited (AL) District, P-1 District, and R-6 District, and of which all are designated Single Family Residential, High Density (SH) in the General Plan. The P-1 District will allow the project to combine the SH and ML land use district and develop only to the combined allowable density as calculated per the respective acreage of each designation. In addition, the P-1 District will allow for private streets and no through traffic, which will alleviate maintenance responsibility from the City, and not result in additional traffic in the neighborhood to the south.

b. The uses authorized or proposed in the land use district are compatible within the district and to uses authorized in adjacent districts:

The proposed change in the Zoning from Single Family Residential (R-6) District to Planned Unit Development (P-1) District will not result in providing new uses not already permitted in the existing R-6 District, rather the proposed P-1 District is only permitting single family residential uses and auxiliary uses allowed in residential districts in the Oakley Municipal Code. Land to the west, south, and east is all single family residential, including a neighborhood park to the south, and the land to the north contains a single family residential neighborhood and some Light Industrial (LI) District zoned land, which consists of legal non-conforming single family residential uses and a vacant lot that has a current application to be re-designated to single family residential.

c. Community need, but not necessarily future financial success, has been demonstrated for the use proposed:

A community need has been demonstrated for the proposed use. The Project will result in the construction of additional housing units, which is necessary to meet demand in the community in that: The City of Oakley falls under the jurisdiction of the Association of Bay Area Governments (ABAG). ABAG uses a predominately demographic formula to allocate the regional housing needs among the incorporated cities and unincorporated county. This process results in a Regional Housing Needs Assessment (RHNA) and the number reflected in that assessment becomes part the City of Oakley's estimated housing needs. The development of this project will help the city meet its regional fair share housing goal.

SECTION 2. Property Defined and Rezoned.

Pursuant to Section 2.4.012 of the Oakley Municipal Code, the Oakley Zoning Map is amended to rezone the following property from Single Family Residential (R-6) District to Planned Unit Development (P-1) District:

A. Approximately 9.87 acres of real property located at 2371 Oakley Road, Oakley, CA 94561 (APN 041-100-035), as shown on the "Exhibit A" attached to this ordinance.

SECTION 3. Applicable Regulations and Standards.

A. Planned Unit Development (P-1) District – The P-1 District shall allow for Single Family Residential development consistent with The Vines at Oakley Subdivision 9507 project application consisting of 63 single family lots at a density of approximately 6.38 dwelling units per gross acre. The Development Standards of the P-1 District are contained within the Final Development Plan approved with the Project on September 10, 2019.

SECTION 4. California Environmental Quality Act (CEQA) Finding.

Pursuant to California State Law, an Initial Study was conducted by the Planning Division to evaluate the potential effects of this project upon the environment. The Initial Study analysis found there were no potentially significant impacts, and therefore a Mitigated Negative Declaration was prepared. Based upon the findings contained in the Initial Study it has been determined that this project will not have a significant impact upon the environment.

SECTION 5. Severability.

If any provision of this ordinance or the application thereof to any person or circumstance is held invalid, the remainder of the ordinance, including the application of such part or provision to other persons or circumstances shall not be affected thereby and shall continue in full force and effect. To this end, the provisions of this ordinance are

severable. The City Council hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases may be held unconstitutional, invalid or unenforceable.

SECTION 6. Effective Date and Posting.

This ordinance shall take effect and be in force thirty (30) days from and after the date of its passage. The City Clerk shall cause the ordinance to be published within fifteen (15) days after its passage in a newspaper of general circulation, or by publishing a summary of the proposed ordinance, posting a certified copy of the proposed office in the City Clerk's Office at least five (5) days prior to the City Council meeting at which the ordinance is to be adopted, and within fifteen (15) days after its adoption, publishing a summary of the ordinance with the names of the Council Members voting for and against the ordinance.

The foregoing ordinance was adopted with the reading waived at a regular meeting of the Oakley City Council on _____, 2019 by the following vote:

The Vines at Oakley Subdivision 9507 Rezone (RZ 09-18)

Existing Zoning District: Single Family Residential (R-6) District

Proposed Zoning District: Planned Unit Development (P-1) District

RESOLUTION NO. XX-19

A RESOLUTION OF THE CITY OF OAKLEY CITY COUNCIL MAKING FINDINGS AND APPROVING A VESTING TENTATIVE MAP (TM 06-18) AND DESIGN REVIEW (DR 13-18) ON A 9.87 ACRE SITE LOCATED AT 2371 OAKLEY ROAD (APN 041-100-035) FOR THE PROJECT KNOWN AS "THE VINES AT OAKLEY SUBDIVISION 9507"

WHEREAS, on December 19, 2018, MLC Holdings, Inc. ("Applicant") filed an application requesting approval of the following four entitlements ("Project"):

1) a General Plan Amendment to re-designate 2.20 acres of the 9.87 acre site (gross acreage) from SH (Single Family Residential, High Density) to ML (Multi Family Residential, Low Density) (GPA 05-18);

2) a Rezone from Single Family Residential (R-6) District to Planned Unit Development (P-1) District (RZ 09-18);

3) a Vesting Tentative Map to subdivide approximately 9.87 acres into 63 single family residential lots, a storm water treatment bio-retention area, and right of way dedication and frontage improvements along Oakley Road (TM 06-18); and

4) Design Review for home designs consisting of three floor plans (one 1-story and two 2-stories) ranging from 1,631 sf. to 2,721 sf (DR 13-18).

The project site is located at 2371 Oakley Road and is zoned Single Family Residential (R-6) District. APN: 041-100-035; and

WHEREAS, on April 8, 2019, the project application was deemed complete per Government Code section 65920 et. seq; and

WHEREAS, the project is designated as Multi-Family, Low Density (ML) (2.20 acres) and Single Family Residential, High Density (SH) (7.67 acres) in the Oakley 2020 General Plan per City Council Resolution No. ____ and zoned Planned Development (P-1) District per Ordinance No. ____; and

WHEREAS, pursuant to the requirements of the California Environmental Quality Act ("CEQA"), the City prepared a Draft Initial Study/Mitigated Negative Declaration ("IS/MND") dated July 16, 2019, which was circulated for public review and comment from July 17, 2019 to August 16 2019. The Notice of Intent to Adopt a Negative Declaration ("NOI") and Draft IS/MND were filed with the Governor's Office of Planning and Research State Clearinghouse and the County Clerk, on July 17, 2019; and

WHEREAS, on August 30, 2019, the Notice of Public Hearing for the Project was duly noticed in the Contra Costa Times, a newspaper of general distribution. On or before

August 20, 2019, the Notice of Public Hearing was posted at Oakley City Hall located at 3231 Main Street, outside the gym at Delta Vista Middle School located at 4901 Frank Hengel Way, outside the library at Freedom High School located at 1050 Neroly Road, and the notice was mailed out to all owners of property within a 500-foot radius of the subject property's boundaries, to parties requesting such notice, and to outside agencies; and

WHEREAS, on August 30, 2019, the Final IS/MND, which includes the Draft IS/MND, the Response to Comments to the Draft IS/MND, and the Mitigation, Monitoring, and Reporting Program were posted on the City website and emailed electronically to all parties that submitted timely comments on the Draft IS/MND; and

WHEREAS, on September 10, 2019, the City Council opened the public hearing at which it received a report from City Staff, oral and written testimony from the public, and deliberated on the project. At the conclusion of its deliberations, the City Council took a vote and adopted this resolution to approve the project, as revised by the City Council during its deliberations; and

WHEREAS, these Findings are based on the City's General Plan and the City's Zoning Ordinance, and the information submitted to the City Council at its September 10, 2019 meeting, both written and oral, as reflected in the minutes of such meetings, together with the documents contained in the file for the Project (hereafter the "Record").

NOW, THEREFORE, BE IT RESOLVED THAT, on the basis of the above findings of fact and the entire Record, the City Council makes the following additional findings in support of the approvals:

A. In regards to the application requesting approval of Vesting Tentative Map 9507 (TM 06-18) to subdivide the 9.87 acre site into 63 single family residential lots, a storm water treatment bio-retention area, and right of way dedication and frontage improvements along Oakley Road, the City Council finds that:

1. The proposed Vesting Tentative Map, together with the provisions of its design and improvements, is consistent with the Zoning Ordinance, and applicable portions of the ML and SH General Plan Land Use Designations, as approved by City Council for the Project, in that it allows for orderly residential development in a residential area and meets the maximum combined General Plan gross density allowance (proposed at 6.38; maximum allowable at 6.41 dwelling units per gross acre) and complies with the minimum lot size, lot width, and lot depth and all other applicable regulations set forth in the project's Planned Development (P-1) District; and

2. The site is physically suitable for the type of development in that the proposed Vesting Tentative Map meets all of the applicable development standards in the project's Planned Development (P-1) District and is compatible with surrounding residential land uses; and

3. The site is physically suitable for the proposed density and number of dwelling units; and

4. The Project's Final Initial Study and Mitigated Negative Declaration were prepared in accordance with CEQA Guidelines. The Mitigation and Monitoring Plan is attached hereto as Exhibit "A"; and

5. The design of the subdivision and type of improvements are not likely to cause serious public health problems in that the proposed subdivision consists of 63 single family residential lots. Construction and grading of the project are subject to building or grading permits, and violations of any such permits are subject to appropriate enforcement; and

6. The design of the subdivision includes the construction of improvements within public right-of-way that are consistent with major subdivisions and the City's design standards. The improvements consist of widening and improving the project frontage along Oakley Road, with additional roadway, sidewalks, curbs and gutters, improvements to the median, and landscaping adjacent to the projects frontage. The remainder of the subdivision will contain privately owned and maintained roadways; and

7. The design of the subdivision and the type of improvements will not conflict with easements, acquired by the public at large, for access through or use of, property within the proposed subdivision. In this connection, the governing body may approve a map if it finds that alternate easements, for access or for use, will be provided, and that these will be substantially equivalent to ones previously acquired by the public. This subsection shall apply only to easements of record or to easements established by judgment of a court of competent jurisdiction and no authority is hereby granted to a legislative body to determine that the public at large has acquired easements for access through or use of property within the proposed subdivision. The Vesting Tentative Map does not conflict with easements acquired by the public for access and utilities.

A. In regards to the application requesting Design Review approval for (DR 13-18) for The Vines at Oakley Subdivision 9507 project, the City Council finds that:

1. The proposed Design Review plans are substantially consistent with the applicable General Plan designations and approved Vesting Tentative Map. The proposed use is allowed for by the project's approved General Plan Amendment and Rezone applications; and

2. The proposed Design Review plans comply with all applicable Planned Development (P-1) District regulations as set forth in the approval of the projects Rezone application; and

3. The proposed design and materials of the single-family homes and the conceptual front yard landscaping are compatible with the applicable adopted City of Oakley Residential Design Guidelines standards, subject to the approved Final Development Plan.

C. The project complies with Measure J Growth Management requirements.

D. The Project's Final Initial Study/Mitigated Negative Declaration was adopted by the City Council in conjunction with the Project's General Plan Amendment (GPA 05-18) approval. Development of the project is subject to all adopted mitigation measures as included in the Final IS/MND's Mitigation, Monitoring, and Reporting Program unless modified pursuant CEQA Guidelines and adopted by the City Council.

BE IT FURTHER RESOLVED THAT, on the basis of the above Findings and the Record, the City Council approves of the Applicant's request for **Tentative Map (TM 06-18) and Design Review (DR 13-18)** subject to the following Conditions of Approval:

Conditions of Approval

Applicant shall comply with the requirements of the Oakley Municipal Code. Any exceptions must be stipulated in these Conditions of Approval. Conditions of Approval are based on the application received by the Planning Division dated **December 19, 2018**, as well as additional information acquired since that time and made part of the project file.

THE FOLLOWING CONDITIONS OF APPROVAL SHALL BE SATISFIED PRIOR TO THE CONSTRUCTION OF THE BUILDING'S ON EITHER PARCEL UNLESS OTHERWISE NOTED:

PLANNING DIVISION CONDITIONS OF APPROVAL

General:

1. This **Tentative Map (TM 06-18) and Design Review (DR 13-18)** application is approved, as shown on the plans, date stamped by the Planning Division on **July 18, 2019**, and as modified by the following conditions of approval, subject to final review and approval by the Community Development Director.

2. This approval for **Tentative Map (TM 06-18) and Design Review (DR 13-18)** shall be effectuated within a period of three (3) years from the effective date of this resolution by pulling a building permit and if not effectuated shall expire on **September 10, 2022**. Prior to said expiration date, the applicant may apply for an extension of time pursuant to the provisions of the Zoning Code.

3. All construction drawings submitted for plan check shall be in substantial compliance with the plans presented to and approved by the City Council on **September 10, 2019**.

4. All conditions of approval shall be satisfied by the owner/developer. All costs associated with compliance with the conditions shall be at the owner/developer's expense.

5. Noise generating construction activities, including such things as power generators, shall be limited to the hours of 7:30 a.m. to 5:30 p.m. Monday through Friday, and shall be prohibited on City, State and Federal Holidays. The restrictions on allowed working days and times may be modified on prior written approval by the Community Development Director.

6. Should archaeological materials be uncovered during grading, trenching or other on- site excavation(s), earthwork within 30 yards of these materials shall be stopped until a professional archaeologist who is certified by the Society of Professional Archaeology (SOPA) has had an opportunity to evaluate the significance of the find and suggest appropriate mitigation(s), if deemed necessary. If the remains are determined to be that of Native American origin, procedures will be guided by California PRC 5097 through California's Native American Heritage Commission.

7. The applicant shall defend, indemnify, and hold harmless the city or any of its boards, commissions, agents, officers, and employees from any claim, action or proceeding against the city, its boards, commissions, agents, officers, or employees to attack, set aside, void, or annul, the approval of the project. The city shall promptly notify the applicant of any such claim, action or proceeding. The city shall have the option of coordinating the defense. Nothing contained in this condition shall prohibit the city from participating in a defense of any claim, action, or proceeding if the city bears its own attorney's fees and costs, and the city defends the action in good faith.

Parks and Landscaping:

8. This project is not proposing to construct any parkland. The applicant will be required to pay in-lieu park impact fees on each lot based on the net acreage of the project after right of way dedication as indicated on the recorded Final Map.

9. The applicant shall submit final landscape plans for all portions of the project, including any improvements to public right of way, that are substantially consistent with the conceptual plans included with the approved project plans. Final approval of plant species selection and location shall be subject to the review and approval of the Community Development Director and/or Public Works Director or their designees.

10. A landscaping and irrigation plan for all front yard, right-of-way, parks, open space,

and trail landscaping shall conform to the Oakley Water Efficient Landscape Ordinance and the Guidelines for Implementation of the City of Oakley Water Efficient Landscape Ordinance and shall be installed prior to final occupancy. The plan shall be prepared by a licensed landscape architect and shall be certified to be in compliance with the City's Water Conservation Ordinance by adding a statement as to such with the preparer's signature.

11. California native drought tolerant plants shall be used as much as possible. All trees shall be a mix of fifteen-gallon and 24" box or larger if indicated on the approved plans; all shrubs shall be a minimum five-gallon size, except as otherwise noted.

12. All landscaped areas not covered by shrubs or groundcover shall be covered with a physical weed barrier underneath bark or acceptable alternative as reviewed and approved by the Community Development Director. On slopes greater than 3 to 1, the applicant shall use an alternative to bark per the review and approval of the Community Development Director. Areas covered with bark shall use a weed barrier.

13. Each residential lot shall include street and accent trees as indicated on he approved plans, unless otherwise modified due to comments receive from City Staff on the Final Landscape Plan review in relation to final locations of trees and utilities. All final decision are subject to the review and approval of the City Engineer and/or Community Development Director

14. The applicant shall maintain all private landscaping until occupancy.

15. A street tree plan shall be submitted for review prior to issuance of Building Permits. The street trees shall be inter-mixed throughout the subdivision, so there are a variety of trees on every street, per review of the Community Development Department.

16. A total of 16 mature trees are proposed to be removed in conjunction with the proposed project. There is at least one mature coast live oak tree near the existing home, which would require mitigation per the Oakley Municipal Code Tree Preservation Ordinance (OMC section 9.1.1114). The proposed tree planting plan includes 61 24" box coast live oaks, 17 24" box cork oaks, and 12 48" box valley oaks, for a total of 90 oak replacement trees. Tree replacement mitigation allows for replacement at a 3:1 ratio when replacement trees are 24" box or larger. The proposed tree planting plan satisfies the tree mitigation per OMC Section 9.1.1112(g)(11)(a).

17. The landscape plan shall detail the relocated grape vines that will be located along the projects Oakley Road frontage, including the number of vines and rows of vines, and the structures to which they will be attached, if any, to the satisfaction of the Community Development Director.

Fences and Walls:

18. Within the subdivision good neighbor fences shall be constructed as shown on the proposed landscape plans, but with metal posts surrounded by a wood exterior or acceptable alternative, rather than wooden posts, as reviewed and approved by the Community Development Director. Lots along Oakley Road may opt for a more vertical solid fence rather than the lattice option to ensure more privacy from the public right of way. Corner lots or any good neighbor fence facing a street shall provide a fence or wall constructed of a durable material such as, but not limited to, masonry, vinyl, enhanced wood, composite or other durable material as approved by the Community Development Director. All wood fencing visible from the street shall be stained or painted on both sides to prevent water damage to the satisfaction of the Community Development Director.

19. Anti-graffiti techniques shall be used on masonry walls.

Subdivision Design:

20. The neighborhood entry and EVA at the terminus of Thomas Drive (shall be identified by accent paving, project monument signage and accent planting per the review and approval of the Community Development Director.

21. Driveway openings shall be a maximum 18' in width or up to 25% of a lot's frontage (except on cul de sacs).

22. The street names shall be approved by the Community Development Department and the East Contra Costa Fire Protection District.

23. The project shall be constructed as a Home Owner Association ("HOA") governed community. The applicant shall submit preliminary information prior to forming the HOA that details what minimum standards the development will be held to in order to avoid conflict with any applicable City regulations.

Subdivision Disclosures:

24. The model home complex shall have a copy of the City of Oakley's General Plan land use map posted within the sales office or included with the informational material provided to prospective home buyers.

25. The following statement shall be recorded at the County Recorder's Office for each parcel to notify the future owners of the parcel that they are within the Antioch School District and shall be prominently displayed in sales office's for the public to view:

> "This document shall serve as notification that you have purchased land within the Antioch Unified School District. Properties located within Antioch Unified School District

boundaries may be subject to Mello Roos tax. Potential property owners should be fully aware of this at the time of purchase."

Design Review:

26. All windows and doors shall be trimmed on all four sides.

27. The use of stone or brick veneer shall be carried to the fence line or change in wall plane per the review of the Community Development Director.

28. All houses that side or back onto a road shall have additional architectural embellishments on the side and rear elevations.

29. Increase the front yard setback to the garage by at least two and a half feet (2.5') and up to five feet (5') on lots with rear yard setbacks that would allow this variation, subject to final review and approval by the Community Development Director.

Energy Efficiency:

30. Water heaters shall provide an energy efficiency factor of 0.62 or better.

31. Dual zone air conditioning shall be provided on all two-story residential units.

32. Air conditioning condenser units shall be located to take advantage of natural shade. Condensers should not be placed on the west or south elevation of a home, unless shade is provided. The location of the condenser shall be added to all plot plans for review and approval of the Community Development Director.

33. Design and site units so as to take advantage of natural heating and cooling, sin and wind exposure, and solar energy opportunities.

Mitigation Measures

34. All mitigation measures addressed in the project's Final Initial Study/Mitigated Negative Declaration (summarized in the Mitigation Monitoring and Reporting Program) dated **August 30, 2019** shall be complied with and addressed as outlined in the Mitigation Monitoring and Reporting Plan, per the review and approval of the Community Development Director.

35. All mitigation measures contained within the HCP Planning Survey Report received **December 18, 2018** shall be complied with, per the review and approval of the Community Development Director.

Waste Management Plan:

36. The applicant shall submit a Waste Management Plan that complies with the City of Oakley Construction and Demolition Debris Recycling Ordinance.

BUILDING DIVISION CONDITIONS OF APPROVAL

37. Plans shall meet the currently adopted Uniform Codes as well as the newest T-24 Energy Requirements per the State of California Energy Commission. To confirm the most recent adopted codes please contact the Building Division at (925) 625 – 7005.

38. An Automatic Life Safety Sprinkler System shall be required in all new construction pursuant to Ordinance 22-06. The Automatic Life Safety Sprinkler Systems in commercial and industrial buildings shall be designed and installed to the standards and requirements found in the most recent version of the NFPA (National Fire Protection Association). Automatic Life Safety Sprinkler Systems in hotels and apartments shall be installed to the stands and requirements found in the most recent version of the NFPA, Standard 13R.

39. Prior to requesting a Certificate of Occupancy from the Building Division all Conditions of Approval required to occupancy must be completed.

PUBLIC WORKS AND ENGINEERING CONDITIONS OF APPROVAL

THE FOLLOWING SHALL BE SATISFIED PRIOR TO THE ISSUANCE OF AN ENCROACHMENT AND/OR GRADING PERMIT:

40. GENERAL. All public improvements shall be made according to the latest adopted City Standard Drawings and Specifications. All work shall conform to the applicable City ordinances. The adjacent public right-of-way shall be kept clear of all job-related dirt and debris at the end of the day. Dirt and debris shall not be washed into storm drainage facilities. The storing of goods and materials on the sidewalk and/or the street will not be allowed unless a special permit is issued. The developer's representative in charge shall be at the job site during all working hours. Failure to maintain the public right-of-way according to this condition may result in the City performing the required maintenance at the developer's expense.

41. ENCROACHMENT PERMIT. All work in the public right-of-way, including any blockage or partial closure of sidewalks will require an Encroachment Permit. Special provisions such as limitations on works hours, protective enclosures, or other means to facilitate public access in a safe manner may be required.

42. GRADING PERMIT. All earthwork must comply with the City's Grading Ordinance. A Grading Permit must be issued by the public works department prior to site disturbance.

43. PUBLIC WORKS INSPECTIONS. The developer or their representative shall notify the Engineering Inspector at least forty-eight (48) hours before starting any work pertaining to on-site drainage facilities, grading or paving, and all improvements in approved plans. Failure to do so will result in rejection of work that was completed without inspection.

44. NEIGHBOR CONSENT. Letters of consent or construction agreements for right of entry to construct from the owners of impacted properties shall be provided prior to issuance of any permit. The letters shall address any impacts to property as well as potential utility relocations.

45. PRECONSTRUCTION MEETING. Prior to issuance of any permit or the commencement of any site work, the general contractor shall:

    A. Along with the project applicant, attend a pre-construction meeting with the City Engineer to discuss the project conditions of approval, working hours, site maintenance and other construction matters;

    B. Acknowledge in writing that they have read and understand the project conditions of approval and will make certain that all project sub-contractors have read and understand them prior to commencing work and that a copy of the project conditions of approval will be posted on site at all times during construction.

46. CONSTRUCTION STREET PARKING. No vehicle having a manufacturer's rated gross vehicle weight exceeding ten thousand (10,000) pounds shall be allowed to park on the portion of a street which abuts property in a residential zone without prior approval from the City Engineer.

47. EROSION CONTROL. Interim and final erosion control plans shall be prepared and submitted to the Public Works Department. A Notice of Intent (NOI) and Storm Water Pollution Prevention Plan (SWPPP) shall be submitted to the State SMARTS system for projects disturbing more than one acre and obtain a WDID number. A maximum of two weeks is allowed between clearing of an area and stabilizing/building on an area if grading is allowed during the rainy season. Interim erosion control measures, to be carried out during construction and before installation of the final landscaping shall be included. Interim erosion control method shall include, but are not limited to: silt fences, fiber rolls (with locations and details), erosion control blankets, City standard seeding specification, filter berms, check dams, retention basins, etc. Provide erosion control measures as needed to protect downstream water quality during winter months. The grading, drainage, erosion control plans and SWPPP shall be in compliance with applicable measures contained in the City of Oakley's NPDES Permit.

48. DUST CONTROL. Blowing dust shall be reduced by timing construction activities so that paving and building construction begin as soon as possible after completion of grading, and by landscaping disturbed soils as soon as possible. Further, water trucks shall be present and in use at the construction site. All portions of the site subject to blowing dust shall be watered as often as deemed necessary by the City, or a minimum of three times daily, or apply (non-toxic) soil stabilizers on all unpaved access roads, parking areas, and staging areas at construction sites in order to insure proper control of blowing dust for the duration of the project. Watering on public streets shall not occur. Streets will be cleaned by street sweepers or by hand as often as deemed necessary by the City Engineer, or at least once a day. Watering associated with on-site construction activity shall take place between the hours of 8 a.m. and 5 p.m. and shall include at least one late-afternoon watering to minimize the effects of blowing dust. All public streets soiled or littered due to this construction activity shall be cleaned and swept daily during the workweek to the satisfaction of the City. Demolition or earthwork activities shall be halted when wind speeds (instantaneous gusts) exceed 25 MPH. All trucks hauling soil, sand, or other loose debris shall be covered.

49. SILT AND MUD IN PUBLIC RIGHT-OF-WAY. It is the responsibility of contractor and homeowner to make sure that all dirt tracked into the public right-of-way is cleaned up daily. Mud, silt, concrete and other construction debris SHALL NOT be washed into the City's storm drains. Construction entrances must be in place per the Erosion Control Plan.

50. TRAFFIC CONTROL PLAN. The project sponsor will be required to work with the Public Works Department to develop a traffic control plan per the current California MUTCD. This plan will include, but not be limited to, the following measures:

    A. Construction activities shall be strategically timed and coordinated to minimize traffic disruption for schools, residents, businesses, and special events. The schools located on the haul route shall be contacted to help with the coordination of the trucking operation to minimize traffic disruption.

    B. Flag persons shall be placed at locations necessary to control one-way traffic flow, if required. All flag persons shall have the capability of communicating with each other to coordinate the operation.

    C. Prior to construction, advance notification of all affected residents and emergency services shall be made regarding one-way operation, specifying dates and hours of operation and lane closures on main arterial and collector streets and will be permitted only between the hours of 8:30AM to 2:30PM on M, T, TH & F. 8:30AM to 12:00PM on W.

    D. The traffic control plan shall be reviewed for compliance to the project's Haul Route, approved by the City of Oakley.

E. A full road closure will require a detour plan and a road closure permit issued by the Public Works Department.

51. CONSTRUCTION MANAGEMENT PLAN. The Applicant shall submit a construction management plan that shall incorporate at a minimum the Earth Movement Plan, Traffic Control Plan, Project Schedule, site security fencing, employee parking, construction staging area, construction trailer, and proposed outhouse locations.

52. RESTORATION OF PUBLIC IMPROVEMENTS. The developer shall repair or replace all existing improvements not designated for removal that are damaged or removed because of developer's operations. Improvements such as, but not limited to: curbs, gutters, sidewalks, driveways, signs, pavements, raised pavement markers, thermoplastic pavement markings, etc. shall be repaired and replaced to a condition equal to or better than the original condition. Existing improvement to be repaired or replaced shall be at the direction of the Public Works & Engineering Inspector and shall comply with all Title 24 Disabled Access provisions. Developer shall request a walk-through with the Engineering Construction Inspector before the start of construction to verify existing conditions.

53. SIDEWALK REPAIR. The developer shall repair and replace to existing City standards any sidewalk damaged now or during construction of this project. Sidewalk repair shall match existing color, texture and design, and shall be constructed per City Standard Details. The limits of sidewalk repair will be determined by the Public Works Inspector during the construction phase of the project.

54. CURB AND GUTTER. The developer shall repair and replace to existing City standards any curb and gutter damaged now or during construction of this project. New curb and gutter shall be constructed per City Standard Details. The limits of curb and gutter repair will be determined by the Public Works Inspector during the construction phase of the project.

55. CONSTRUCTION NOISE. Between the hours of 7:30 a.m. to 5:30 p.m., weekdays and 9:00 a.m. to 5:30 p.m. weekends and holidays, construction, alteration or repair activities shall be allowed. No individual piece of equipment shall produce a noise level exceeding eighty-five (85) dBA at twenty-five (25) feet. If the device is located within a structure on the property, the measurement shall be made at distances as close to twenty-five (25) feet from the device as possible. The noise level at any point outside of the property plane shall not exceed eighty-five (85) dBA. Pickup and delivery of materials and equipment is restricted to the hours listed above unless prior written approval is obtained by the Public Works Department.

56. GOOD HOUSEKEEPING. Good housekeeping practices shall be observed at all times during the course of construction. Superintendence of construction shall be

diligently performed by a person or persons authorized to do so at all times during working hours. The storing of goods and/or materials on the sidewalk and/or the street will not be allowed unless a special permit is issued by the Engineering Division. The adjacent public right-of-way shall be kept clear of all job-related dirt and debris at the end of the day. Dirt and debris shall not be washed into storm drainage facilities. The storing of goods and materials on the sidewalk and/or the street will not be allowed unless a special permit is issued. The developer's representative in charge shall be at the job site during all working hours. Failure to maintain the public right-of-way according to this condition may result in the City performing the required maintenance at the developer's expense.

THE FOLLOWING SHALL BE SATISFIED PRIOR TO THE APPROVAL OF THE GRADING PLAN:

57. GEOLOGY AND SOIL MITIGATION MEASURES. A geotechnical investigation shall be conducted for the project to determine the surface and sub-surface conditions at the site and to determine the potential for surface fault rupture on the site. The geotechnical study shall provide recommendations for site grading as well as the design of foundations, retaining walls, concrete slab-on-grade construction, excavation, drainage, on-site utility trenching and pavement sections. The soils report shall include specific criteria and standards governing site grading, drainage, pavement design, retaining wall design, and erosion control. All recommendations of the investigation shall be incorporated into project plans. One copy of the geologic report shall be submitted with the grading permit and public improvement application. Prior to issuance of any permit, the applicant's soils engineer shall review the final grading and drainage plans to ensure that designs for foundations, retaining walls, site grading, and site drainage are in accordance with their recommendations. The applicant's soils engineer's approval shall then be conveyed to the City either by letter or by signing the plans.

58. GRADING.

    A. Grade all pads so that they drain directly to the public street at a minimum of one percent without the use of private drainage systems through rear and side yards.

    B. Grade any slopes with a vertical height of four (4) feet or more at a slope of 3H to 1V. Retaining walls that may be installed to reduce the slope must be masonry and comply with the City's building code.

    C. At least one week prior to commencement of grading, the applicant shall post the site and mail to the owners of property within 300 feet to the exterior boundary of the project site notice that construction work will commence. The notice shall include a list of contact persons with the name, title, phone number and area of responsibility. The person responsible for maintaining the list shall be included. The list shall always be kept current and shall consist of persons

with authority to indicate and implement corrective action in their area of responsibility. The names of the individual responsible for noise and litter control shall be expressly identified in the notice. The notice shall be reissued with each phase of major grading activity. A copy of the notice shall be concurrently transmitted to the City Engineer. The notice shall be accompanied by a list of the names and addresses of the property owners noticed, and a map identifying the area noticed.

D. Submit a Haul Route Plan to the City Engineer for review and approval prior to importing or exporting any material from the site. The plan shall include the location of the borrow or fill area, the proposed haul routes, the estimated number and frequency of trips, and the proposed schedule of hauling. Based on this plan, the City Engineering shall determine whether pavement condition surveys must be conducted along the proposed haul routes to determine what impacts the trucking activities may have. The project proponents shall be responsible to repair to their pre-construction condition any roads along the utilized routes.

E. Prior to commencement of any site work that will be result in a land disturbance of one acre or more, the applicant shall provide evidence to the City Engineer that the requirements for obtaining a State General Construction Permit have been met. Such evidence may be a copy of the Notice of Intent Letter sent by the State Water Resources Control Board. The WDID Number shall be shown on the grading plan prior to approval by the City Engineer.

F. The burying of any construction debris is prohibited on construction sites

59. NPDES – NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM. Comply with all rules, regulations and procedures of the NPDES for municipal, construction and industrial activities as promulgated by the California State Water Resources Control Board, the Regional Water Quality Control Board (Central Valley – Region IV), including the Stormwater C.3 requirements as detailed in the Guidebook available at www.cccleanwater.org

Compliance shall include developing long-term best management practices (BMP's) for the reduction or elimination of storm water pollutants. The project design shall incorporate wherever feasible, the following long-term BMP's in accordance with the Contra Costa Clean Water Program for the site's storm water drainage.

- Offer pavers for household driveways and/or walkways as an option to buyers.
- Minimize the amount of directly connected impervious surface area.
- Delineate all storm drains with "No Dumping, Drains to the Delta" permanent metal markers per City Standards.

- Construct concrete driveway weakened plane joints at angles to assist in directing run-off to landscaped/pervious areas prior to entering the street curb and gutter.
- Distribute public information items regarding the Clean Water Program to buyers.
- Other alternatives as approved by the City Engineer.
- Prepare an Operations and Maintenance Manual for the project's storm water control measures.

THE FOLLOWING SHALL BE SATISFIED PRIOR TO THE APPROVAL OF THE IMPROVEMENT PLAN:

60. ROADWAY IMPROVEMENTS. Construct the project streets to City public road standards and as shown on the Tentative Map with the following exceptions:

    A. The minimum street grade may be lowered from the standard 1% to 0.75% provided that the project proponent demonstrates that the City's drainage standards can be achieved.

    B. Submit a turning radius exhibit to the City Engineer for review and approval to illustrate that the ninety-degree turns of project streets can accommodate the largest expected vehicle to use the streets without the inclusion of City standard elbows. If the exhibit illustrates that elbows are necessary to accommodate the expected traffic, then they shall be included in the improvement plans.

        1. The street end of the public street, Thomas Drive, shall be evaluated to meet Fire District requirements for a turn around that meets City of Oakley Standards for a street end layout.

    C. The following improvements shall be installed by the developer. Plans for those improvements shall be prepared by a California registered civil engineer, reviewed and approved by the City.

        1. Oakley Road frontage improvements within project limits shall include curb, gutter, sidewalk, street lights, hard median with landscaping, tie-in paving, signing, striping, and storm drainage as required. Roadway improvements shall meet taper requirements for the posted 35 miles per hour.

        2. Signalization of Oakley Road & Live Oak Avenue. Developer shall enter into a reimbursement agreement with the City of Oakley to construct the necessary improvements at this intersection.

61. DRAINAGE IMPROVEMENTS.

    A. Provide Disclosure of the existing 54" storm drain line and easement to the future homeowners of applicable lots. The disclosure shall clearly state that no

structures requiring a building permit are to be constructed within the existing easement. The Home Owner's Association shall be responsible for any costs required for the replacement of any private improvements such as fencing, landscaping, and irrigation system if this existing 54" storm drain system needed to be replaced or repaired.

B. Collect and convey all stormwater entering and /or originating on this property, without diversion and within an adequate storm drainage facility, to an adequate natural watercourse having definable bed and banks, or to an existing adequate public storm drainage facility that conveys the storm waters to an adequate natural watercourse consistent with the plans for Drainage Zone Area 29H as prepared by the Contra Costa County Flood Control and Water Conservation District.

C. Submit a final hydrology and hydraulic report including 10-year and 100-year frequency event calculations for the proposed drainage system and stormwater pond to the city Engineer for review and approval.

D. Design and construct all storm drainage facilities in compliance with the Municipal Code and City design standards.

E. Prevent storm drainage from draining across the sidewalk(s) and driveway(s) in a concentrated manner.

F. Dedicate a public drainage easement over the drainage system that conveys storm water run-off from public streets.

62. SIGHT DISTANCE EXHIBIT. For the project driveways' ingress and egress, provide an exhibit that will analyze the sight distance required for the appropriate speed limit on Oakley Road and other public streets identified with this project as required by the City Engineer.

63. DESIGN CHANGES. The Applicant's registered Engineer shall notify the City Engineer, in writing, at least 72 hours in advance of all differences between the proposed work and the design indicated on the plans. Any proposed changes shall be subject to the approval of the City before altered work is started. A plan revision must be submitted for approval by the City Engineer.

64. JOINT TRENCH PLANS. The applicant shall submit Joint Trench Plans to the City for review prior to approval of improvement plans or recordation of the final map. The developer shall provide joint trench composite plans for the underground electrical, gas, telephone, cable television and communication conduits and cables including the size, location and details of all trenches, locations of building utility service stubs and meters and placements or arrangements of junction structures as a part of the improvement Plan submittals for the project. The composite drawings and/or utility improvement plans shall be signed by a licensed civil

engineer. The joint trench plans shall include street and/or site lighting and associated photometrics. A letter shall be provided by PG&E stating that public streetlight billing will be per Rule LS2A, and that private lights shall be metered with billing to the HOA. Pole numbers, assigned by PG&E, shall be clearly delineated on the plans.

65. UTILITIES & UNDERGROUNDING.

    A. Underground all new and existing utility distribution facilities per City of Oakley code section Title 6 Chapter 8 Underground Utility Districts.

    B. All utility boxes shall be installed underground, and all wires and cables must be installed in conduits. Compliance with this condition shall be at the discretion of the City Engineer.

    C. Above ground utility boxes shall be camouflaged per the review and approval of the City Engineer.

    D. A written approval from Diablo Water District and Iron House Sanitary District must be provided that all underground utility improvements have passed all testing requirements prior to commencement of paving a street.

66. STREET LIGHTS. Install streetlights along all project streets and the project's main frontage along Oakley Road. The City Engineer shall determine the final number and location of the lights, and the lights shall be on an LS2-A rate service. The lights on the project streets shall be decorative per City Standards and the lights along Oakley shall be spun aluminum "cobra head" style as required by the City of Oakley Standard Plans.

67. LANDSCAPING.

    A. Install public right-of-way landscaping along the project's frontages concurrently with the construction of the sound wall. Public right of way landscaping along the project streets shall be installed prior to occupancy of homes adjacent to that street.

    B. Maintain all landscaping within the public right-of-way until such time that the adjacent roadway improvements have been accepted for maintenance. Frontage landscaping shall be maintained by the HOA.

    C. Prior to the issuance of certificate of occupancy, an inspection will be performed to verify the health and location of the street trees per lot. Trees in poor health or those without adequate clearance from utilities will require replacement or relocation.

D. As part of the Community Benefit Program initiated through City Council adoption of Resolution 129-15, the Applicant has offered to pay for a prefabricated restroom to be installed at the adjacent Holly Creek Park and the necessary utility connections from Beldin Lane. Applicant shall contact the City Engineer for the cost of these improvements.

68. FENCING. Fencing and soundwalls shall be located on private property and maintained by the property owner or HOA.

THE FOLLOWING PUBLIC WORKS AND ENGINEERING CONDITIONS OF APPROVAL SHALL BE SATISFIED PRIOR TO THE APPROVAL OF THE FINAL MAP:

69. BONDS. The applicant shall supply suitable securities for all improvements that are a part of the development in a form acceptable to the City in the amount of 100% (performance) and 50% (labor and material) prior to issuance of any permit.

70. DRAINAGE FEES. Applicant shall comply with the drainage fee requirements for the designated Drainage Area as adopted by the County Board of Supervisors. The applicant shall pay the fee in effect at the time of final map approval. Certain improvements required by the Conditions of Approval for this development or the Code may be eligible for credit or reimbursement against the drainage area fee. The developer should contact the City Engineer to personally determine the extent of any credit or reimbursement for which they might be eligible. Any credit or reimbursements shall be determined prior to filing the final map or as approved by the Flood Control District

71. FINAL MAP. Submit a Final Map prepared by a Licensed Land Surveyor. The final map shall be recorded, and the subdivision agreement must be executed before any building permits for production homes are issued.

72. DEDICATIONS. The following shall be dedicated on the final map. The dedication shall be recorded before any permits are issued.

A. Oakley Road: Dedicate the required right-of-way along the project frontage to achieve a 40’ face of curb to centerline half street section plus 22’ for landscaping and sidewalk.

B. Public Utility Easement (PUE): 5’ PUE beyond Parcel A, B & C and as required.

C. Ingress-egress, storm drainage easements, as required.

D. Emergency Access Easement: Twenty (20) feet wide connecting Oakley Road and Thomas Drive.

Any necessary rights of way, rights of entry, permits and/or easements for the construction of off-site, temporary or permanent, public and private road, utility and drainage improvements shall be furnished to the City.

73. PRIVATE EASEMENTS. Agreements detailing rights, limitations, and responsibilities of involved parties shall accompany each private easement. The easements and associated agreements shall be recorded simultaneously with the final map.

74. UTILITY SETBACKS. House foundations shall be set back from utility lines a sufficient distance to allow excavation of the utility without undermining the house foundation. The City Engineer shall determine the appropriate setback based on the depth of the utility, input from the project soils engineer, and the type of foundation.

75. UTILITY EASEMENTS. Deed restrictions shall be placed on lots containing utility easements. The deed restrictions shall specify that no trees, fences, or hardscape are allowed within the easement boundaries, and that maintenance access must be provided. The City will prepare the deed language and the Applicant's surveyor shall prepare the legal description and plat. The Applicant shall pay any recordation costs.

76. MAINTENANCE ACCESS. Maintenance access agreement and easement need to be in place for any public improvements located within private property/lot.

THE FOLLOWING SHALL BE SATISFIED PRIOR TO THE ISSUANCE OF THE BUILDING PERMIT:

77. PAD CERTIFICATION. A letter from a licensed land surveyor stating that the building pad was constructed in accordance with the approved plans shall be provided prior to the issuance of the building permit.

78. SOILS ENGINEER CONSTRUCTION OBSERVATION. During construction, all excavations and grading shall be inspected by the applicant’s soils engineer prior to placement of concrete and/or backfill so they can verify that the actual conditions are as anticipated in the design-level geotechnical report and recommend appropriate changes in the recommendations contained in the report, if necessary. The results of the construction observation and testing should be documented in an “as-built” letter/report prepared by the applicants’ soils engineer and submitted to the City before any building permit is granted.

79. AGREEMENT FOR STORMWATER BEST MANAGEMENT PRACTICES INSPECTION AND MAINTENANCE OBLIGATIONS. The property owner/HOA shall enter into an agreement with the City for maintenance of the stormwater filtration devices required to be installed on this project. The agreement will specify that certain routine maintenance shall be performed by the property owner/HOA

and will specify device maintenance reporting requirements. The agreement will also specify routine inspection requirements, permits and payment of fees. The agreement shall be recorded prior to release of any occupancy permits.

80. AS-BUILT PLANS. After completion of the construction of all work, the original plans shall have all changes (change orders and field changes) clearly marked. The "as-built" plans shall again be signed and "wet-stamped" by the civil engineer who prepared the plans, attesting to the changes. The original "as-built" plans shall be review and approved the Engineering Inspector. A Mylar and AutoCAD disk of the approved "as-built" plans shall be provided to the City before acceptance of improvements.

81. IMPACT FEES

Comply with the requirements of the development impact fees listed below, in addition to those noticed by the City Council in Resolution 85-00 and 08-03. The applicant shall pay the fees in the amounts in effect at the time each building permit is issued.

A. Traffic Impact Fee (authorized by Ordinance No. 14-00, adopted by Resolution 49-03);

B. Regional Transportation Development Impact Mitigation Fee or any future alternative regional fee adopted by the City (authorized by Ordinance No. 14-00, adopted by Resolution No. 73-05);

C. Park Land Dedication In-Lieu Fee (adopted by Ordinance No. 03-03);

D. Park Impact Fee (authorized by Ordinance No. 05-00, adopted by Resolution No. 19-03);

E. Public Facilities Fee (authorized by Ordinance No. 05-00, adopted by Resolution No. 18-03);

F. Fire Facilities Impact Fee (adopted by Resolution No. 09-01);

G. General Plan Fee (adopted by Resolution No. 53-03);

The applicant should contact the City Engineer prior to constructing any public improvements to determine if any of the required improvements are eligible for credits or reimbursements against the applicable traffic benefit fees or from future developments.

82. ANNEXATIONS

A. Annex the property to the City of Oakley Community Facilities District No. 2018-1 Fire Protection Services (CFD) for funding certain services within the boundaries of the City of Oakley including fire protection services. The applicant shall apply for annexation and provide all information and documents required by the City to process the annexation. All costs of the annexations shall be paid by the applicant. The assessment shall be the per parcel annual amount set by CFD at the time of the annexation. Annexation shall be completed prior to filing of the final map.

B. Participate in the provision of funding to maintain police services by voting to approve a special tax for the parcels created by the subdivision approval. The tax shall be the per parcel annual amount (with appropriate future cost of living adjustment) as established at the time of voting by the City Council. The election to provide for the tax shall be completed prior to filing of the final map. If the homes are occupied prior to the City receiving the first disbursement from the tax bill, the project proponent shall be responsible for paying the pro-rate share for the remainder of the tax year prior to the City conducting a final inspection.

C. Annex the property to the City of Oakley Community Facilities District No. 2015-2 (CFD) for funding the maintenance and operation costs associated with regional, community and neighborhood parks, public area landscaping, street lights and storm water facilities. The applicant shall apply for annexation and provide all information and documents required by the City to process the annexation. All costs of the annexations shall be paid by Applicant. The assessment shall be the per parcel annual amount set by CFD at the time of annexation. Annexation shall be completed prior to filing of the final map.

ADVISORY NOTES

The following Advisory Notes are provided to the applicant as a courtesy but are not a part of the conditions of approval. Advisory Notes are provided for the purpose of informing the applicant of additional ordinance requirements that must be met in order to proceed with development.

A. The applicant/owner should be aware of the expiration dates and renewing requirements prior to requesting building or grading permits.

B. The project will require a grading permit pursuant to the Ordinance Code.

C. Applicant shall comply with the requirements of Iron House Sanitary District.

D. The applicant shall comply with the requirements of the Diablo Water District.

E. Comply with the requirements of the East Contra Costa Fire Protection District.

F. Comply with the requirements of the Building Inspection Division. Building permits are required prior to the construction of most structures.

G. This project may be subject to the requirements of the Department of Fish and Game. It is the applicant's responsibility to notify the Department of Fish and Game, P.O. Box 47, Yountville, California 94599, of any proposed construction within this development that may affect any fish and wildlife resources, per the Fish and Game Code.

H. The applicant shall be responsible for paying the County Recorder's Fee for the Notice of Determination as well as the State Department of Fish and Game's Filing Fee.

I. East Contra Costa County Habitat Conservation Plan Fee (adopted by Resolution No. 112-07 & 124-07).

STAFF REPORT

DATE: September 10, 2019

TO: Bryan Montgomery, City Manager *Approved and Forwarded to the City Council*

FROM: Kenneth W. Strelo, Principal Planner

SUBJECT: **Subdivision 9015 Tentative Map Extension (TME 02-19) – Request for an additional three year extension to the expiration of Tentative Map 9015 (known as "Cosetti and Creson Subdivision") located at 4219 Machado Lane.**

Summary

This is an application by Doris Cosetti ("applicant") requesting to extend the approval of Tentative Map 9015 (known as "Cosetti and Creson Subdivision") for an additional three (3) years establishing a validity expiration date of September 11, 2022. The approved Tentative Map consists of approximately 28 acres subdivided into 98 detached single family residential lots, a 2.5 acre storm water pond, and a 1.3 acre park planned to be part of a future 2.6 acre park. The project site is zoned P-1 (Planned Unit Development) District. The project site is located at 4219 Machado Lane and zoned P-1 (Planned Unit Development) District. APNs 033-160-041, 033-190-003, and 033-190-004.

Staff Recommendation

Staff recommends the City Council adopt the resolution approving Subdivision 9015 Tentative Map Extension (TME 02-19), as conditioned.

Background and Project Description

General Plan and Zoning

The General Plan Land Use Designation for the project site is *Single Family Residential, Medium Density* ("SFM") as depicted in the Oakley 2020 General Plan Figure 2-2 (Land Use Diagram). The site is zoned P-1 (Planned Unit Development) District. The P-1 District was adopted in conjunction with the Tentative Map, and both the P-1 District and Tentative Map were found to be compatible with the SFM land use designation per City Council Ordinance 14-06.

Previous Entitlements and Subdivision Extensions

Oakley City Council adopted the project's California Environmental Quality Act ("CEQA") Negative Declaration, Vesting Tentative Map, Tree Permit, and Development Plan on September 11, 2006 through the adoption of City Council Resolution 114-06. In conjunction with the project entitlements, the City Council also rezoned the project site to P-1 District through adoption of Ordinance No. 14-06 on September 11, 2006. The Tentative Map received a three year approval period from its effective date, and therefore, was set to expire on September 11, 2009. However, through multiple state-wide automatic map extensions[1] the Tentative Map expiration date was extended for an additional seven years, or September 11, 2016. On September 27, 2016, the City Council adopted Resolution 150-16, which approved an additional three year extension to the Tentative Map setting the validity expiration date to September 11, 2019.

Environmental Review

It can be seen with certainty that the request for an extension to the Tentative Map will not result in any new physical impacts to the project, and therefore not result in any new significant environmental impacts. The project falls within the scope of the original California Environmental Quality Act ("CEQA") analysis and no further environmental analysis is required.

Analysis

The Subdivision Map Act (Government Code 66452.6 (e)) allows the governing body with authority to approve a tentative map to extend that approval for a period not to exceed six additional years from the original expiration date. That original expiration date would include any automatic extensions, such as the additional seven years that applied to this project. The City Council may grant multiple approvals on the same map, so long as requests for extensions are submitted prior to expiration of the map, pursuant to the Subdivision Map Act. Once a request for extension is filed, the tentative map is automatically extended for a period of 60 days or until an extension is granted, whichever occurs first. This application was filed on August 6, 2019. If this extension were approved for three additional years, under current legislation, zero years of discretionary extensions would remain.

The owners of the parcels have provided their reason for requesting the additional three year extension, which is that they are working with a land broker, who is still researching market value and seeking potential buyers/developers. Essentially, the owners need more time to sell the properties. This potential modification would not result in any physical changes to the parcel lines, parcel sizes, or any other physical element of the approved project. Approval of this extension would ensure the Tentative Map would still be valid for an additional three years allowing more time to

[1] SB 1185 (2008) – 12 months, AB 333 (2009) – 24 months, AB 208 (2011) – 24 months, and AB 116 (2013) – 24 months.

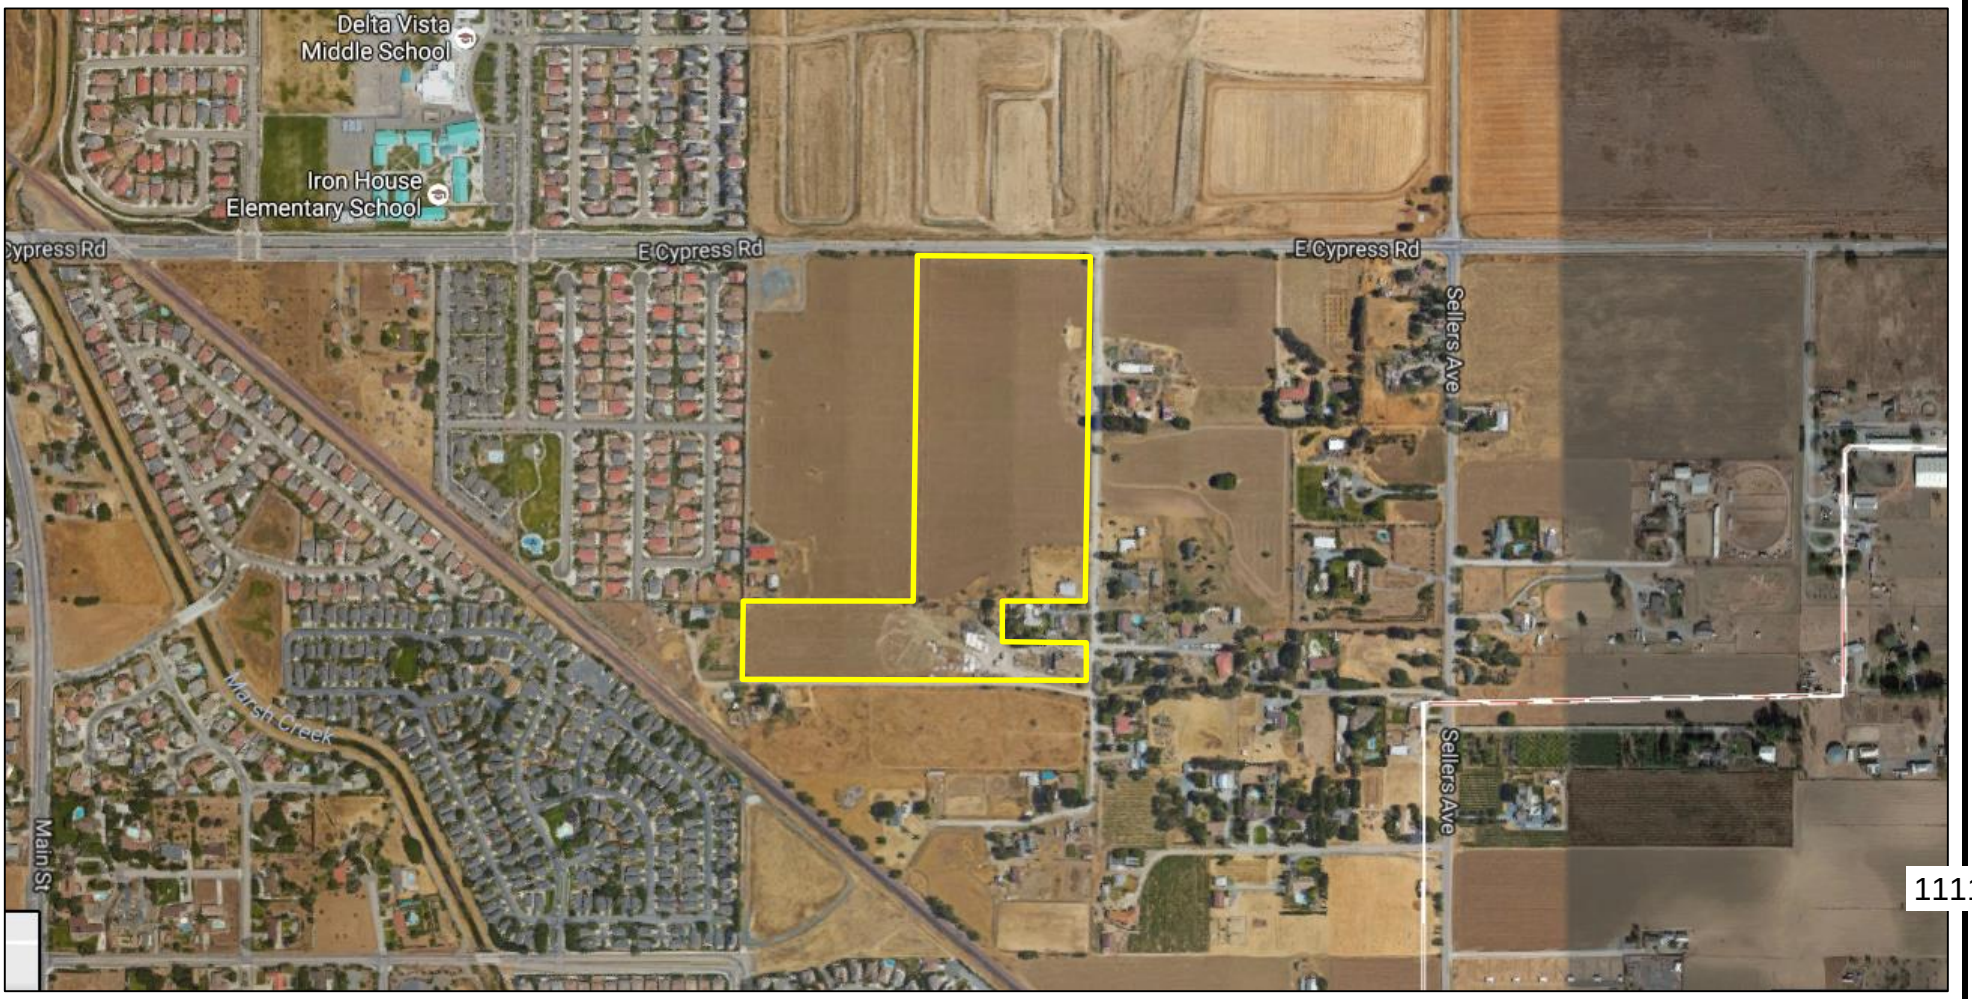
market the properties and eventually have them developed as approved by the Oakley City Council.

Both owners of the properties have agreed to annex the project into Community Facilities District No. 2018-1 (CFD 2018-1) in order to finance the costs of certain fire protection services. A condition of approval has been added to the proposed resolution.

Findings

Complete draft findings are included in the attached resolution.

Recommendation



Staff recommends the City Council adopt the resolution approving Subdivision 9015 Tentative Map Extension (TME 02-19), as conditioned.

NOTICE OF PUBLIC HEARING

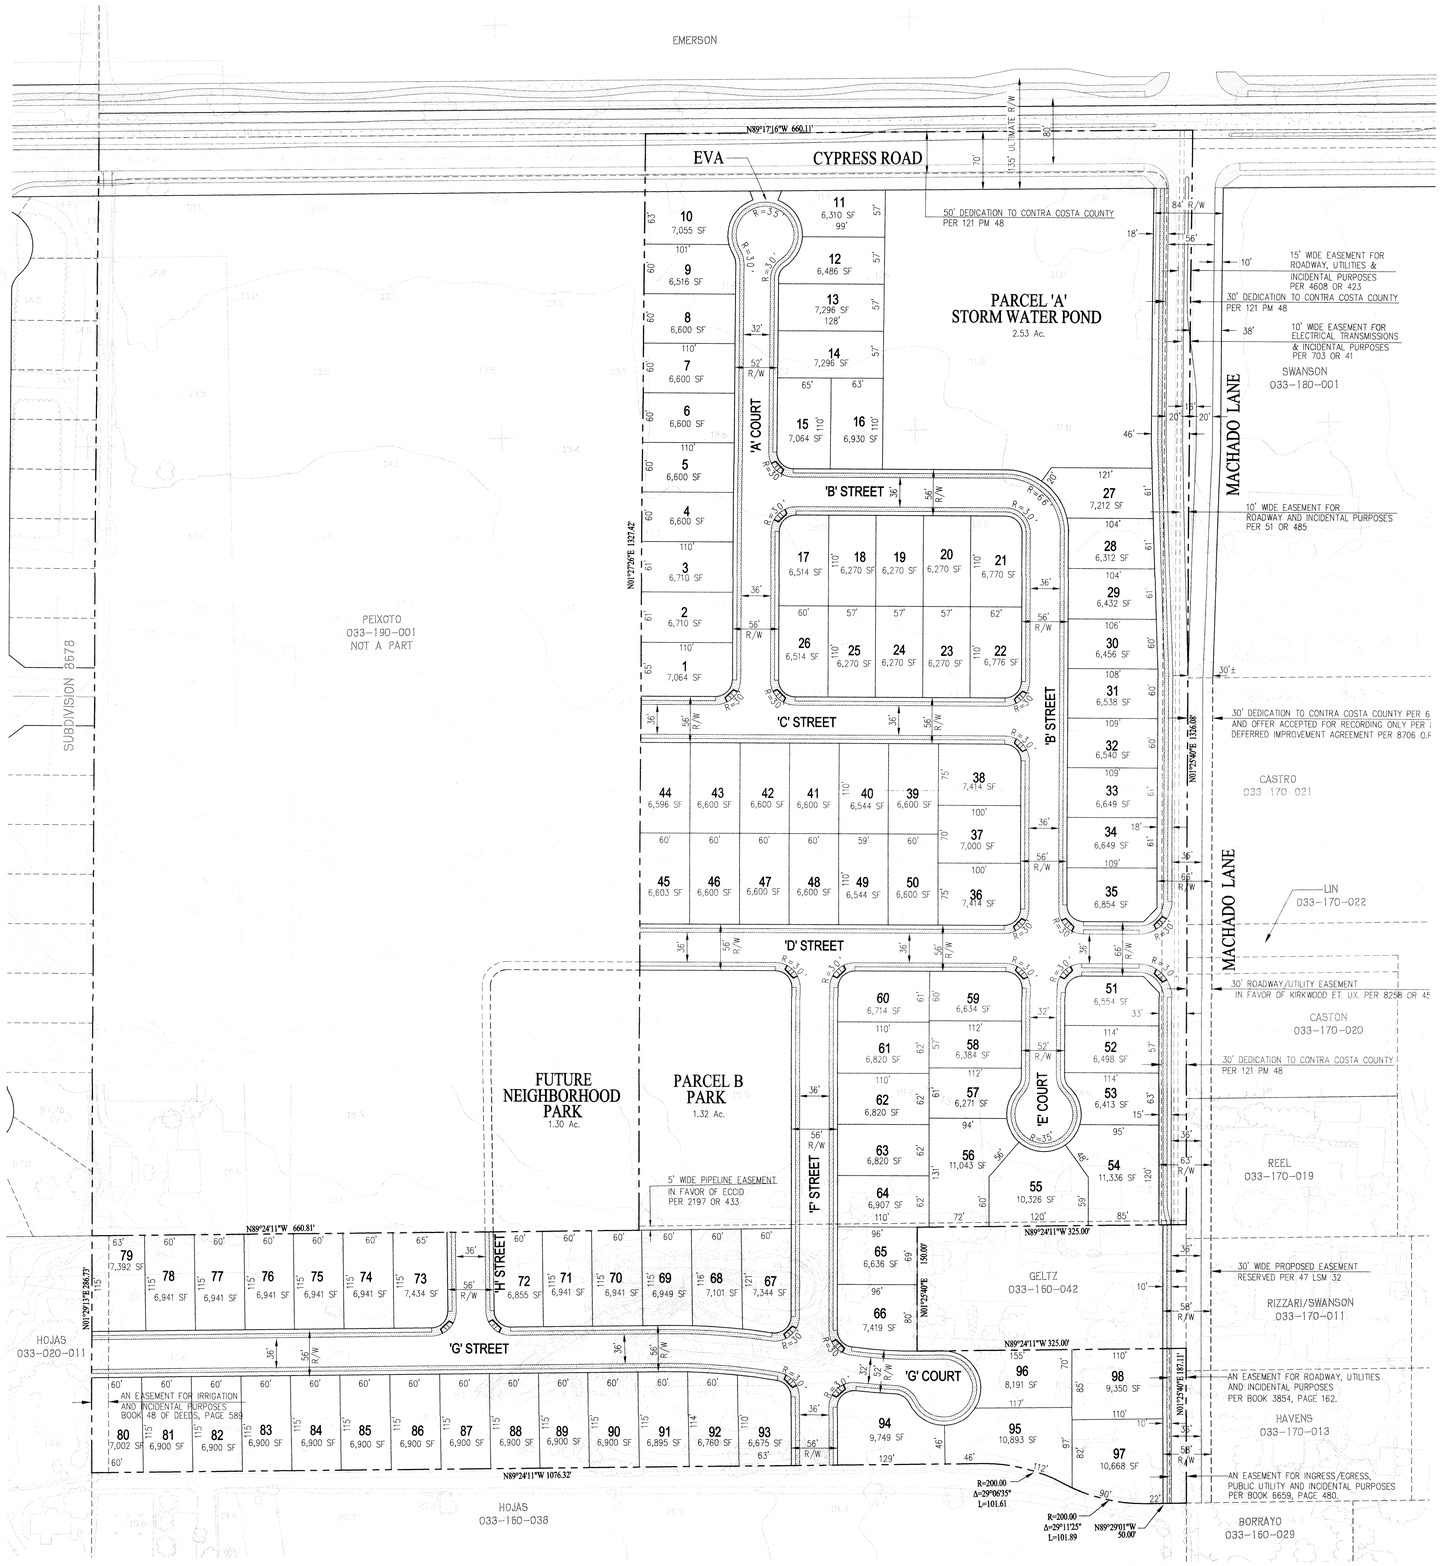
Notice is hereby given that on **September 10, 2019** at 6:30 p.m., or as soon thereafter as the matter may be heard, the City Council of the City of Oakley will hold a Public Hearing at the Council Chambers located at 3231 Main Street, Oakley, CA 94561 for the purposes of considering an application for a **Tentative Map Extension**.

Project Name: Subdivision 9015 Tentative Map Extension (TME 02-19).

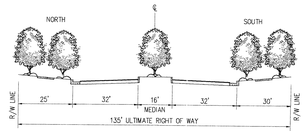
Project Location: 4219 Machado Lane, Oakley, CA 94561. APNs 033-160-041, 033-190-003, and 033-190-004.

Applicant: Doris Cosetti, private property owner.

Request: This is a public hearing on a request to extend the approval of Tentative Map 9015 (known as "Cosetti and Creson Subdivision") for an additional three (3) years establishing a validity expiration date of September 11, 2022. The approved Tentative Map consists of approximately 28 acres subdivided into 98 detached single family residential lots, a 2.5 acre storm water pond, and a 1.3 acre park planned to be part of a future 2.6 acre park. The project site is zoned P-1 (Planned Unit Development) District.



How to Review: The Staff Report and its attachments will be available for public review, on or before **September 5, 2019** at City Hall, 3231 Main Street, Oakley, CA 94561 or online at www.ci.oakley.ca.us/agendas-minutes-videos-archive/ by navigating to the **September 10, 2019** agenda and clicking the project title link. (Note: City Hall is closed on the 1st and 3rd Fridays of each month).



Interested persons are invited to submit written comments prior to and may testify at the public hearing. **Written comments may be submitted to Kenneth W. Strelo, Principal Planner at the City of Oakley, 3231 Main Street, Oakley, CA 94561 or by email to strelo@ci.oakley.ca.us.**

NOTICE IS ALSO GIVEN pursuant to Government Code Section 65009(b) that, if this matter is subsequently challenged in Court by you or others, you may be limited to raising only those issues you or someone else has raised at a Public Hearing described in this notice or in written correspondence delivered to the City of Oakley City Clerk at, or prior to, the Public Hearing.

RESOLUTION NO. XX-19

A RESOLUTION OF THE CITY OF OAKLEY CITY COUNCIL MAKING FINDINGS AND APPROVING A TENTATIVE MAP EXTENSION FOR SUBDIVISION 9015 TENTATIVE MAP EXTENSION (TME 02-19)

FINDINGS

WHEREAS, on August 6, 2019, Doris Cosetti ("applicant") filed an application requesting to extend the approval of Tentative Map 9015 (known as "Cosetti and Creson Subdivision") for an additional three (3) years establishing a validity expiration date of September 11, 2022. The approved Tentative Map consists of approximately 28 acres subdivided into 98 detached single family residential lots, a 2.5 acre storm water pond, and a 1.3 acre park planned to be part of a future 2.6 acre park. The project site is zoned P-1 (Planned Unit Development) District. The project site is located at 4219 Machado Lane and zoned P-1 (Planned Unit Development) District. APNs 033-160-041, 033-190-003, and 033-190-004; and

WHEREAS, the approved Tentative Map was set to expire on September 11, 2019; and

WHEREAS, the approved Tentative Map consists of approximately 28 acres subdivided into 98 detached single family residential lots, a 2.5 acre stormwater pond, and a 1.3 acre park planned to be part of a future 2.6 acre park; and

WHEREAS, the General Plan Land Use Designation for the project site is Single Family Residential, Medium Density ("SFM") as depicted in the Oakley 2020 General Plan Figure 2-2 (Land Use Diagram); and

WHEREAS, the Tentative Map was originally approved by the Oakley City Council on September 11, 2006 through adoption of Resolution 114-06. Approval of the rezone to P-1 District was also on September 11, 2006 adoption of Ordinance 14-06; and

WHEREAS, a three year Tentative Map Extension was approved by the Oakley City Council on September 27, 2016 through adoption of Resolution 150-16; and

WHEREAS, it can be seen with certainty that the request for an extension to the Tentative Map will not result in any new physical impacts to the project, and therefore not result in any new significant environmental impacts. The project falls within the scope of the original California Environmental Quality Act ("CEQA") analysis and no further environmental analysis is required; and

WHEREAS, on or before August 30, 2019, the Notice of Public Hearing for the project was published in the Contra Costa Times, posted at Oakley City Hall located at 3231 Main Street, outside the gym at Delta Vista Middle School located at 4901 Frank Hengel Way, and outside the library at Freedom High School located at 1050 Neroly

Road, and at the project location, and mailed out to all owners of property within 500 feet of the project boundaries, outside agencies, and parties requesting such notice; and

WHEREAS, on September 10, 2019, the City Council opened the public hearing and received a report from City Staff, oral and written testimony from the applicant and public, and deliberated on the project. At the conclusion of its deliberations, the City Council took a vote and adopted this resolution to approve the project, as revised by the City Council during its deliberations; and

WHEREAS, if any term, provision, or portion of these Findings or the application of these Findings to a particular situation is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of these Findings, or their application to other actions related to the Project, shall continue in full force and effect unless amended or modified by the City; and

WHEREAS, these Findings are based on the City's General Plan, the City's Zoning and Subdivision Ordinances, the Subdivision Map Act, Vesting Tentative Map 9015, the applicable P-1 District, and the information submitted to the City Council at its September 10, 2019 meeting, both written and oral, including oral information provided by the applicant, as reflected in the minutes of such meetings, together with the documents contained in the file for the Subdivision (hereafter the "Record").

NOW, THEREFORE, BE IT RESOLVED THAT, on the basis of the above Findings and the entire Record, the City Council makes the following additional findings in support of the recommended approvals:

A. Regarding the application requesting approval of Subdivision 9015 Tentative Map Extension (TME 02-19), the City Council finds that:

   1. The proposed Tentative Map Extension does not modify any of the original Tentative Map's design, and therefore, all of the findings made on the original Tentative Map (City Council Resolution 114-06) and original three year discretionary extension (City Council Resolution 150-16) are still valid and apply to this extension; and

   2. All conditions of approval in City Council Resolutions 114-06 and 150-16, not otherwise modified by this resolution, are still in effect.

B. The Project complies with Measure J Growth Management requirements.

BE IT FURTHER RESOLVED THAT, on the basis of the above Findings and the Record, the City Council approves the applicant's request for Subdivision 9015 Tentative Map Extension (TME 02-19), subject to the following conditions:

THE FOLLOWING CONDITIONS OF APPROVAL SHALL BE SATISFIED PRIOR TO THE ISSUANCE OF A BUILDING PERMIT UNLESS OTHERWISE NOTED (BOLD CONDITIONS ADDED OR AMENDED AT PUBLIC HEARING):

Conditions of Approval

1. Applicant shall comply with the requirements of the Oakley Municipal Code and applicable Conditions of Approval from City Council Resolutions 114-06 and 150-16, and City Council Ordinance No. 14-06. Any exceptions must be stipulated in these Conditions of Approval.

2. This approval shall extend the period of the Tentative Map and related approvals for a period of three (3) additional years, resulting in Subdivision 9015 expiring on September 11, 2022, unless it is further extended pursuant to the Subdivision Map Act or other automatic extensions. In combination with the previous three year extension, this extension shall constitute six (6) years of the maximum six (6) years of discretionary extension(s) allowed under Government Code section 66452.6(e). (Replaces Condition No. 2 of City Council Resolution 150-16).

3. All conditions of approval shall be satisfied by the owner/developer. All costs associated with compliance with the conditions shall be at the owner/developer's expense.

4. The applicant shall indemnify, defend, and hold harmless the City of Oakley, the City Approving Authorities, and the officers, agents, and employees of the City from any and all claims, damages and liability (including, but not limited to, damages, attorney fees, expenses of litigation, costs of court).

Public Works and Engineering Conditions

5. Annex the property to the City of Oakley Community Facilities District No. 2018-1 (CFD 2018-1) in order to finance the costs of certain fire protection services. The applicant shall apply for annexation and provide all information and documents required by the City to process the annexation. All costs of the annexations shall be paid by Applicant. The assessment shall be the per parcel annual amount set by CFD at the time of annexation. Annexation shall be completed prior to filing of the final map.

Advisory Notes:

The following Advisory Notes are provided to the applicant as a courtesy but are not a part of the conditions of approval. Advisory Notes are provided for the purpose of informing the applicant of additional ordinance requirements that must be met in order to proceed with development.

A. The applicant/owner should be aware of the expiration dates and renewing requirements prior to requesting building or grading permits.
B. The project will require a grading permit pursuant to the Ordinance Code.
C. Applicant shall comply with the requirements of Ironhouse Sanitary District.
D. The applicant shall comply with the requirements of the Diablo Water District.

E. Comply with the requirements of the East Contra Costa Fire Protection District.
F. Comply with the requirements of the Building Inspection Division. Building permits are required prior to the construction of most structures.
G. This project may be subject to the requirements of the Department of Fish and Wildlife. It is the applicant's responsibility to notify the Department of Fish and Wildlife, P.O. Box 47, Yountville, California 94599, of any proposed construction within this development that may affect any fish and wildlife resources, per the Fish and Game Code.
H. This project may be subject to the requirements of the Army Corps of Engineers. It is the applicant's responsibility to notify the appropriate district of the Corps of Engineers to determine if a permit is required, and if it can be obtained.
I. The applicant shall obtain an encroachment permit for construction within existing City rights of way.

STAFF REPORT

DATE: September 10, 2019

TO: Bryan Montgomery, City Manager *Approved and Forwarded to the City Council*

FROM: Joshua McMurray, Community Development Director

SUBJECT: **Oakley General Plan Update Work Session – Update on public input and next steps**

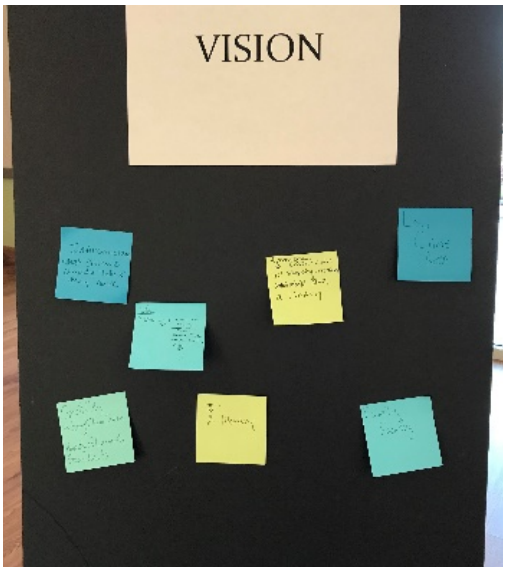
Background and Recommendation

The City of Oakley has initiated a targeted update to its existing General Plan. The City Council awarded the contract to De Novo Planning Group to assist in the preparation of the update. Over the past few months, the City and De Novo conducted two Visioning Workshops and hosted a web based community survey to gather information. The Visioning Workshops provided an opportunity for the public to offer their thoughts on what they value about their community and the City, and what important issues should be addressed in the focused update of the General Plan.

The focus of the City Council Work Session is to: 1) present the City Council with the results of the visioning process, 2) identify elements of the General Plan that we anticipate revising to address the priorities/concerns identified by the community, and 3) ask the City Council for their input and priorities for the General Plan Update.

Included with this Staff Report is the Visioning White Paper that discusses in detail the two Visioning Work Shops and the community input received thus far.

Recommendation



Staff recommends the City Council review the information provided, through the Staff Report and Power Point presentation, and provide Staff and De Novo Planning Group with comments and direction.

Attachment B – Community Survey Results

1121

This page is intentionally left blank.

OVERVIEW

In June 2019, the City began an outreach program to engage community members in the General Plan Update. The General Plan Update team held two community-wide Visioning Workshops and gathered information via an online community survey. The outreach effort garnered input from City residents, members of the business community, property owners, and stakeholders. The outreach program for this project is designed to facilitate a meaningful conversation with the Oakley community about the issues and opportunities that are most important to them.

The Visioning Workshops provided an opportunity for the public to offer their thoughts on what they value about their community and the City, and what important issues should be addressed in the focused update of the General Plan. The survey was made available on-line and also encouraged input from community members that may not attend City meetings. The Visioning Workshops and the on-line survey were advertised on the City website (https://www.ci.oakley.ca.us/general-plan-update/), the City's social media platforms, including Twitter and Facebook, and at City Council meetings.

The General Plan update effort will continue to involve numerous opportunities for the community to learn about the project and provide their input, including traditional in-person workshops, open houses, and online surveys.

This Visioning White Paper memorializes what was discussed at two Visioning Workshops and the results from the June/July 2019 online survey.

This Visioning White Paper includes the following components:

Overview: This section describes the community outreach efforts and goals, as well as the approach to advertising the visioning events.

Core Values: This section summarizes the core values for the General Plan Update based on input from participants at the Visioning Workshops and the on-line survey.

Visioning Workshops: This section summarizes the input provided at each of the two Visioning Workshops.

On-Line Survey Results: This section summarizes the feedback provided via the on-line survey.

CORE VALUES

The feedback provided by the community provides the City with a broad overarching vision for the development of the General Plan Update, and identifies key community values and priorities that should be carefully considered in the General Plan Update process. As a result of the workshops and on-line survey, the following key themes have been identified:

Community Character: Residents value Oakley's small-town feel, family-oriented community, parks, schools, and its agricultural heritage. Oakley's distinctive and growing downtown area, the Delta and waterfront, and the rural and open space feel of the area are key assets that contribute to Oakley's character.

Mobility: Cars have traditionally been, and will continue to be a vital part of Oakley's transportation network. Addressing traffic continue to be a priority. However, as the city continues to grow, additional emphasis needs to be placed on alternative ways of getting around, including walking, bicycling, and public transit. Increasing the safety and functionality of the entire circulation system is a high priority for the City.

Economy: The community expressed the need for more local jobs and continuing to improve the City's economic/employment base, indicating that industrial uses, particularly in the technology-related sector, business parks, and commercial uses that provide high-quality, well-paid jobs for the City's workforce are a priority.

Shopping and Services: A desire for more shopping, particularly grocery and community-serving stores, restaurants, and social venues that provide entertainment and family-oriented recreation opportunities, grocery stores, was identified by community members.

Parks, Recreation, and Entertainment: The community's desire for healthy and active lifestyle options was demonstrated by the stated need for parks and continued improvements to parks, access to the waterfront, family-friendly events, and recreation and activity programs for all ages.

Community Services and Resources: Community safety and community-oriented facilities and services, including a local library, improvements to schools, and family- and youth-oriented activities, were key concerns identified during the Visioning process. An on-going commitment to a responsive police department and fire department and to proactive management of safety, homelessness, and crime is needed for residents to continue to feel safe.

Growth: Services and infrastructure must be planned to keep pace with growth, particularly housing, and new development should reflect the desired character of the community and respect the rural, open space, and agricultural nature of the area.

Attachment A summarizes how the core values expressed through the Visioning process will be addressed in the General Plan Update.

VISIONING WORKSHOPS

The City hosted two General Plan Update Visioning Workshops in June 2019. Each Workshop focused on addressing a different topic. Each Workshop included a brief overview of the General Plan, including why it's important and why the City is updating its Plan, some background information on the evening's topic, and a series of facilitated activities to solicit input on key topics or ideas. The topics explored in each Workshop along with summaries of what we heard from the community are provided in the following pages. The intent of this section of the Visioning White Paper is to present the information we received without making assumptions or recommendations. The feedback we received has been recorded here in order to memorialize the key themes and ideas, and it will be used to help inform future work tasks associated with the General Plan Update, including evaluation of opportunities and challenges, development of land use alternatives, and creation of new goals and policies.

Workshop 2

Mobility & Environmental Justice

June 13, 2019

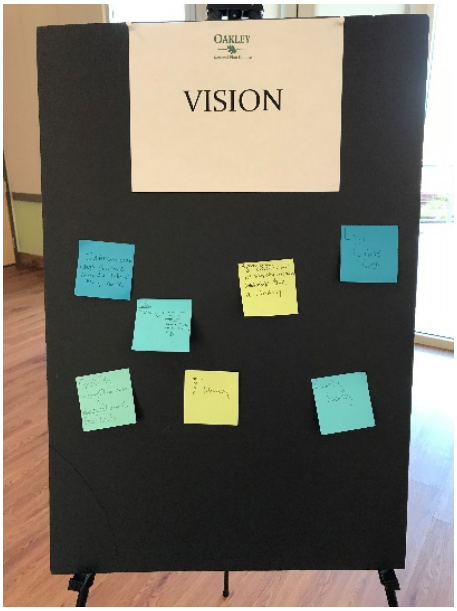
1125

Workshop #1: Vision, Values, and Focus Areas

This initial Visioning Workshop was the community kick off for the General Plan Update project. This Workshop provided an overview of the General Plan process and focused on identifying the overall vision and guiding principles for the General Plan Update. Four Oakley residents and other stakeholders attended the Workshop.

Following a brief presentation on the General Plan Update, the consultant team facilitated two activities to help open a dialogue with the community regarding the vision for the future and priority areas to be addressed. Each activity and the feedback provided by workshop attendees are summarized on the following pages.

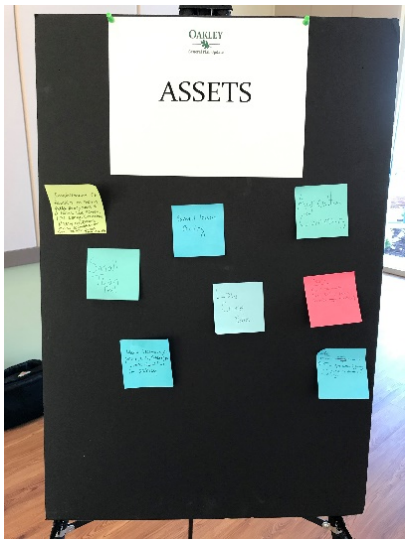
Activity #1 – Vision, Assets, and Challenges Post-Its



The first activity during Visioning Workshop #1 was a Post-It activity. Meeting attendees were provided stacks of blank Post-it notes and asked to write down what they think are Oakley's primary assets and challenges, along with their vision for the future of the City. Questions posed to the group for consideration included:

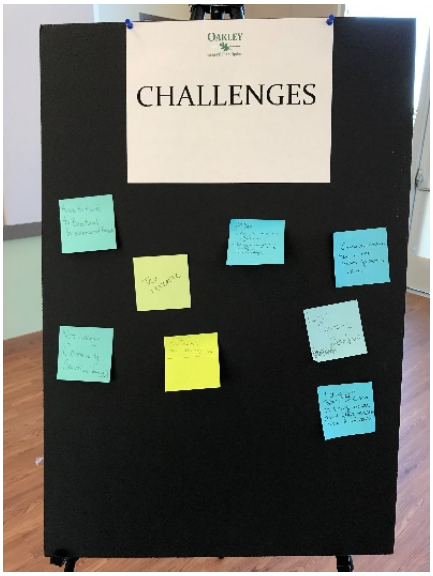
- What do you value most about Oakley?
- What are important aspects of the community's culture and traditions?
- What issues are facing the City?
- What obstacles or concerns are facing your neighborhood or community?
- What ideal or dream City look and feel like?
- What would you like to see accomplished by 2040?

The feedback from the meeting attendees for Activity #1 is listed below.



Vision

- Low crime rate
- Family friendly
- A library
- A walkable downtown with shopping, restaurants, and a library
- Dream city: active voiced community, festivals, creative Tiesto activities hosted in City
- Small City with small town charm and plenty of community spaces/events
- Infrastructure that citizens already "believe" they have
- Infrastructure – I realize the need for property tax revenue but we need to make sure that additional housing is actually accessible. Case in point – the new KB home development at Main and Simoni Ranch will only add to the terrible traffic jams caused by parents dropping their kids off at school. Has anyone from the city spent time parked at the side of the road and seen the horrible traffic?
- Oakley – "a place for families." Perhaps the younger generation doesn't want big yards and if that's the case, I'll not say anything else. However, I think most young families with children want a backyard. I think the City Council and Staff need to actually check out properties in addition to looking at plot layouts – I think folks would be surprised at the lack of yard space in new subdivisions. I suspect that most of us old-timers actually have some property and don't realize how small the plots are for these new houses. Check out the new houses on Laurel before Rose.
- Enough with the storage units and gas stations! Enough said on that one. Oakley shouldn't be known as the place to ditch your junk.



Assets

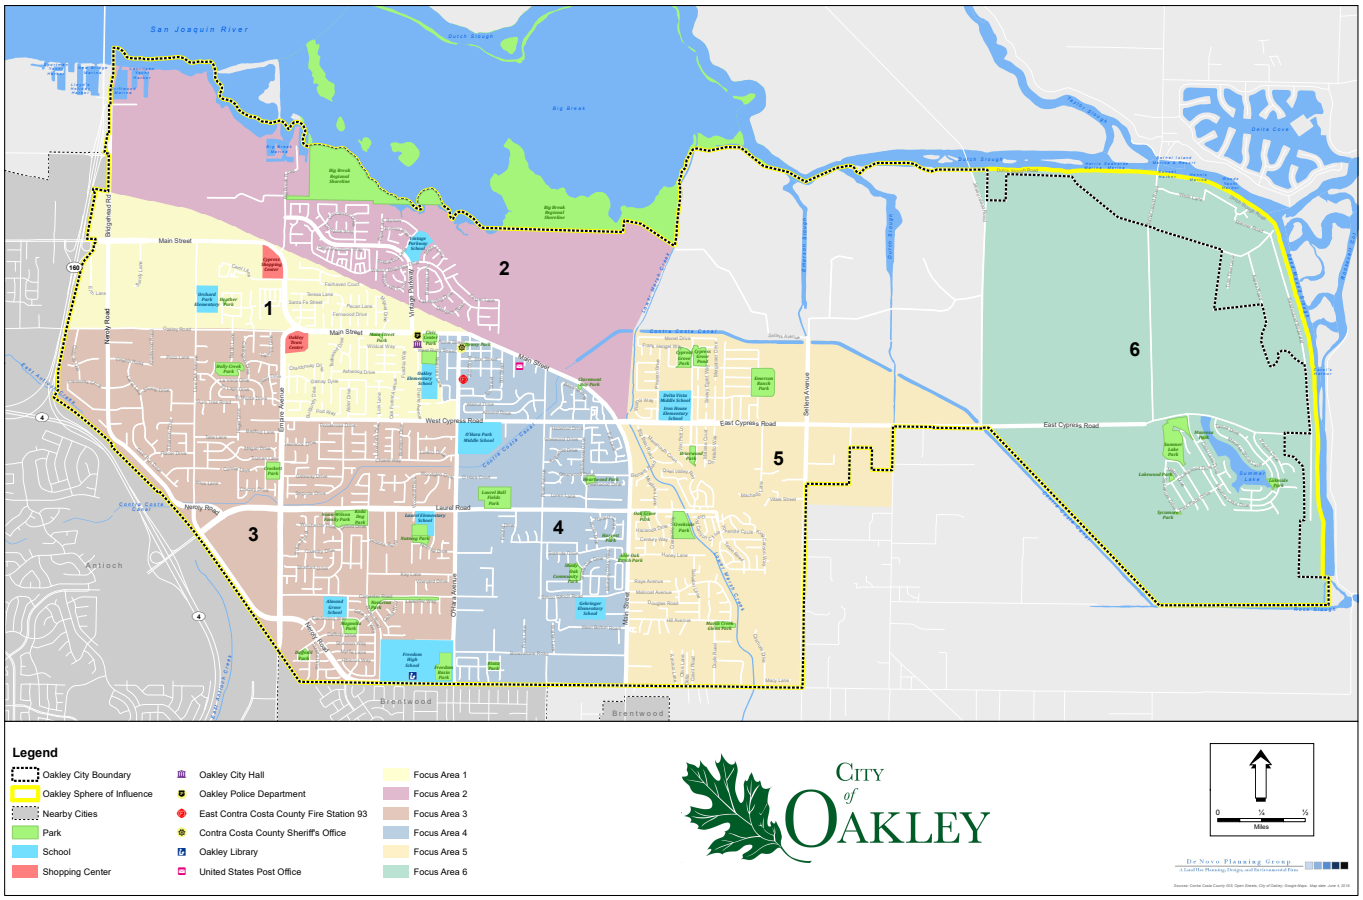
- Many teachers, police, fire, City staff, etc work and live in Oakley
- I value Council's involvement
- The community culture is growing constantly and it's nice to see visual progress
- Low crime rate
- Good community
- Low crime area
- Streets are maintained
- Agriculture community
- Small town feel
- Small town feeling
- Involvement of families in many programs and activities like schools, Little League, churches – many neighbors know each other or someone who knows someone else

Challenges

- Tax revenue
- Not enough community spaces (i.e., Library too small)
- Infrastructure
- More stores/plaza
- Empty plots without plans/delayed plans
- Not enough voicing out on what's happening around (not informative enough)
- Low economic development
- Lack of space/place in City to bring people and ideas together like a library
- Infrastructure not in line with growth rate
- Have to travel to Brentwood for entertainment, food, etc

Activity #2 – Focus Areas

The second activity during Visioning Workshop #1 was a mapping activity. Community members formed two groups of two people. Each group was provided one large map of the City of Oakley, an instruction sheet with nine various icon stickers (shown below), and worksheets in order to complete this activity. The large map included pre-designated focus areas (1 through 6). The community members were provided the following instructions in order to identify various concerns for each focus area on the City of Oakley map:



- Identify the top three concerns for each area:
  - Lack of services
  - Housing affordability
  - Pollution
  - Food access
  - Noise
  - Cultural/language barriers
- Identify the top four solutions and amenities needed for each area using the following stickers:

Solutions and Amenities	
	***Safe & Affordable Housing:*** *Housing affordable to the workforce and lower income groups and/or housing that addresses special needs (seniors, disabled, homeless) is needed in this area.*
	***Community Services:*** *Retail and service uses that are used by residents on a regular basis are needed in this area.*
	***Parks & Recreation:*** *More parks and recreation opportunities are needed in this area.*
	***Pedestrian & Bicycle Access:*** *Safe and well-connected pedestrian and/or bicycle routes are needed to connect this community to parks, community services, Downtown, and other destinations in the area.*
	***Nutritious & Fresh Foods:*** *Grocery stores, markets, restaurants, and farmers markets that have nutritious and fresh food options are needed.*
	***Maintenance & Renovation:*** *The uses in this area are appropriate, but buildings, landscaping, and facilities need to be renovated and/or improved to be safe and aesthetically pleasing.*
	***Public Facility:*** *Public facilities, such as schools, parks, recreation, and/or community centers, are needed in this area.*
	***Cultural & Language Access:*** *Opportunities for community involvement need to address more languages and cultures than traditional meeting and outreach approaches.*
	***Public Safety:*** *More attention is needed to public safety, including an increased law enforcement presence, ensuring parks and schools are safe, and providing safe streets and community areas.*

1129

- Each group filled out a worksheet or annotated their map to address the following questions for each focus area:
    - What are the top three concerns for this area?
    - What does this area need more of?

The six focus areas are shown in the figure below. The results of the Focus Areas Mapping Activity are summarized on the following pages.

Group #1 Map

Focus Area 2:

Top concerns for this area:

- Too many liquor and tobacco stores catering to promote alcohol and substances

Top needs for this area:

- Public safety
- Public facility
- Nutritious and fresh foods
- Community services

Additional input:

- More activity groups for teens (art groups, martial art classes, entertainment in general
- Beautification towards spread apart streets, more plants

Focus Area 4:

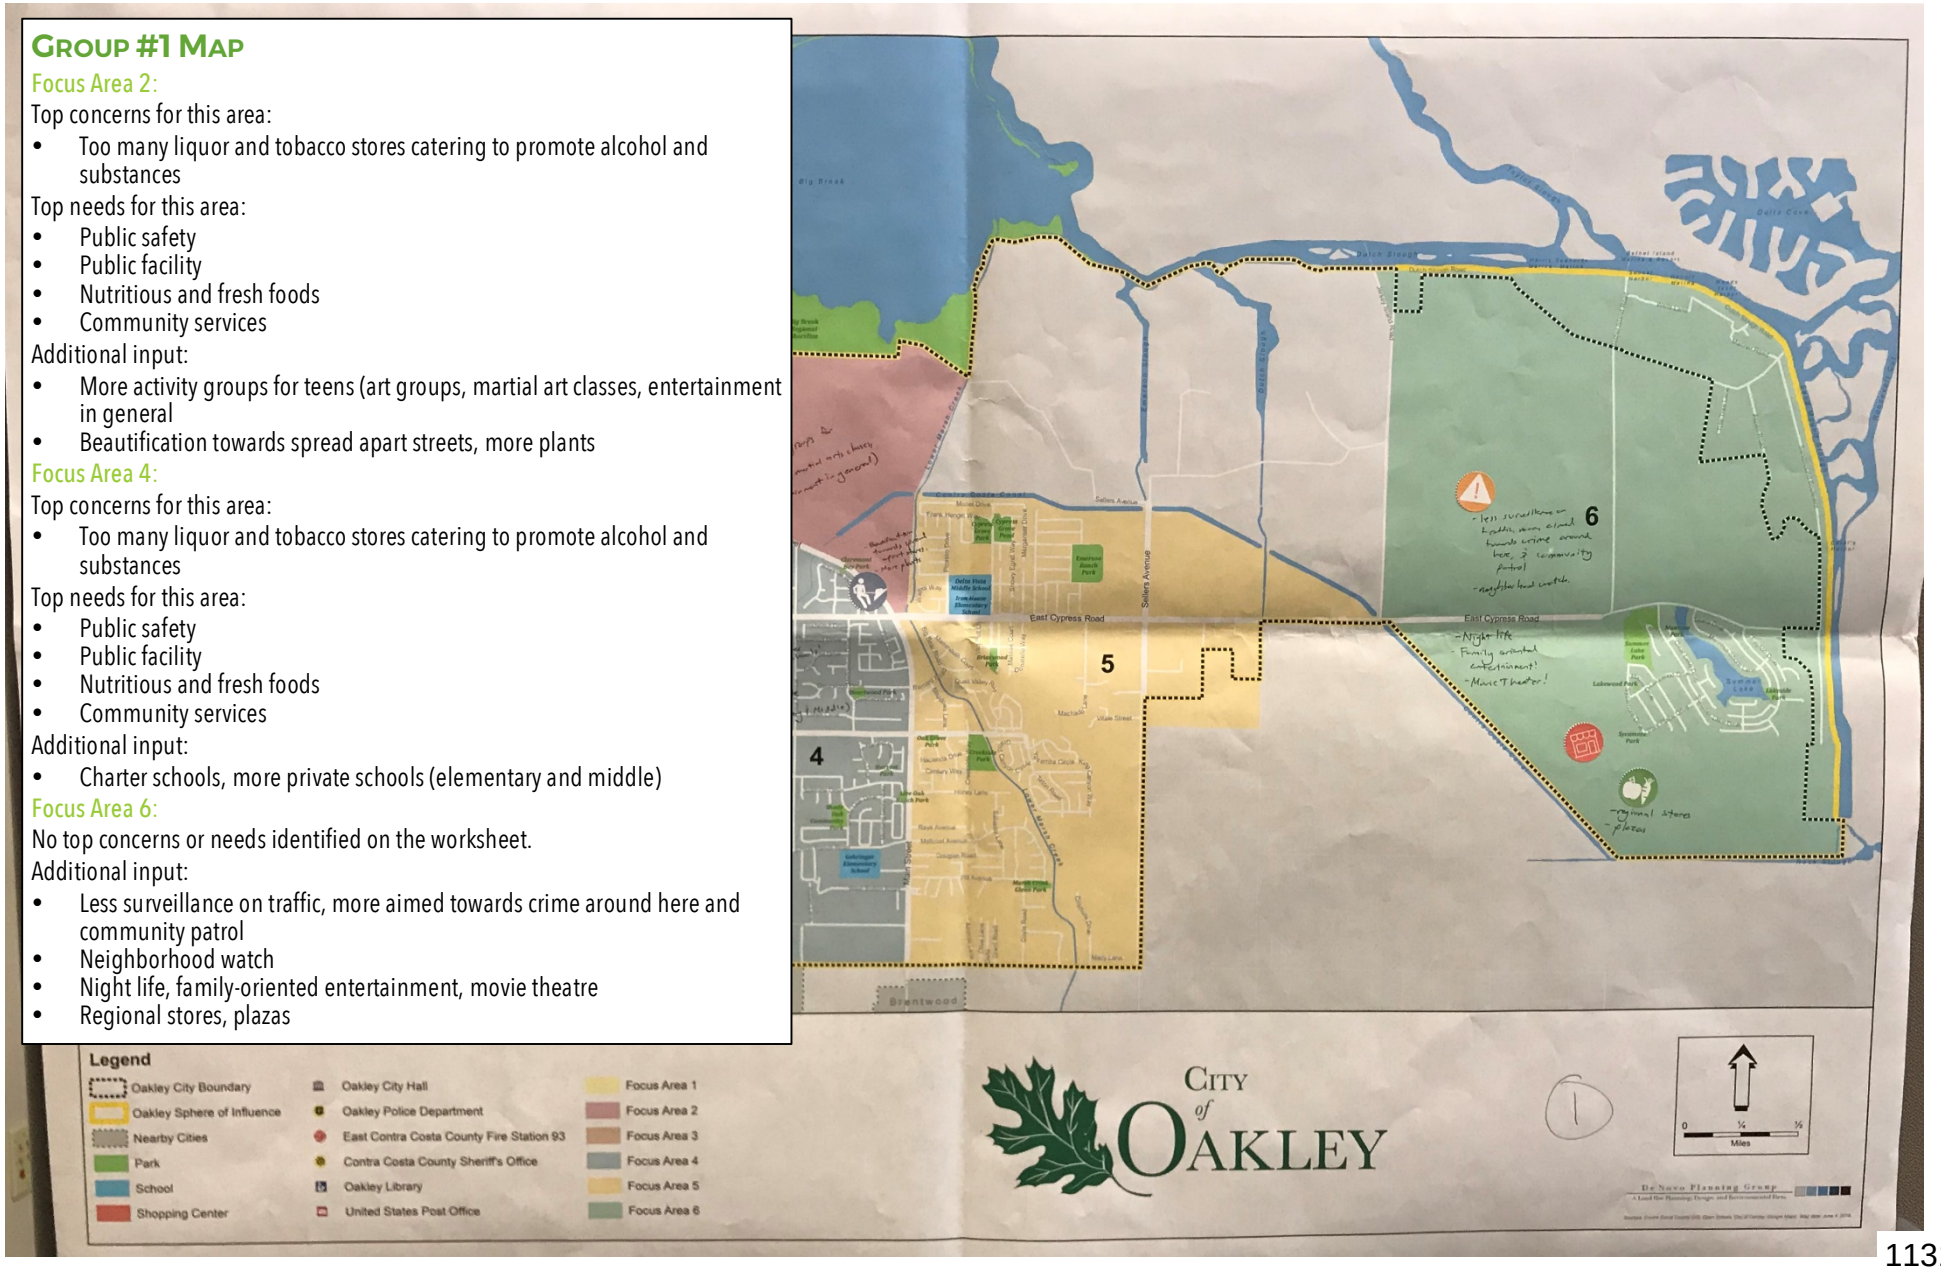
Top concerns for this area:

- Too many liquor and tobacco stores catering to promote alcohol and substances

Top needs for this area:

- Public safety
- Public facility
- Nutritious and fresh foods
- Community services

Additional input:



- Charter schools, more private schools (elementary and middle)

Focus Area 6:

No top concerns or needs identified on the worksheet.

Additional input:

- Less surveillance on traffic, more aimed towards crime around here and community patrol
- Neighborhood watch
- Night life, family-oriented entertainment, movie theatre
- Regional stores, plazas

Group #2 Map

Focus Area 1:

Top concerns for this area:

- Need of aesthetic improvements
- Lack of safe and affordable housing
- Disparity between one area of Empire and the other

Top needs for this area:

- Public facilities
- Parks and recreation
- Safe and affordable housing
- Maintenance and renovation

Focus Area 2:

Top concerns for this area:

- Lack of services
- Air pollution/bug problem – residents don't open doors at times because bugs are so bad
- Road access in and out of area

Top needs for this area:

- Public safety
- Maintenance and renovation
- Public facilities
- Safe and affordable housing

Focus Area 3:

Top concerns for this area:

- Lack services
- Poor roads/unsafe roads
- Food access

Top needs for this area:

- Community services
- Maintenance and renovation
- Nutritious and fresh foods
- Pedestrian/bicycle access

Focus Area 4:

Top concerns for this area:

- Lack of services
- Need of aesthetic improvements along Main St.
- Food access

Top needs for this area:

- Public facilities
- Community services
- Maintenance and renovation
- Nutritious and fresh foods

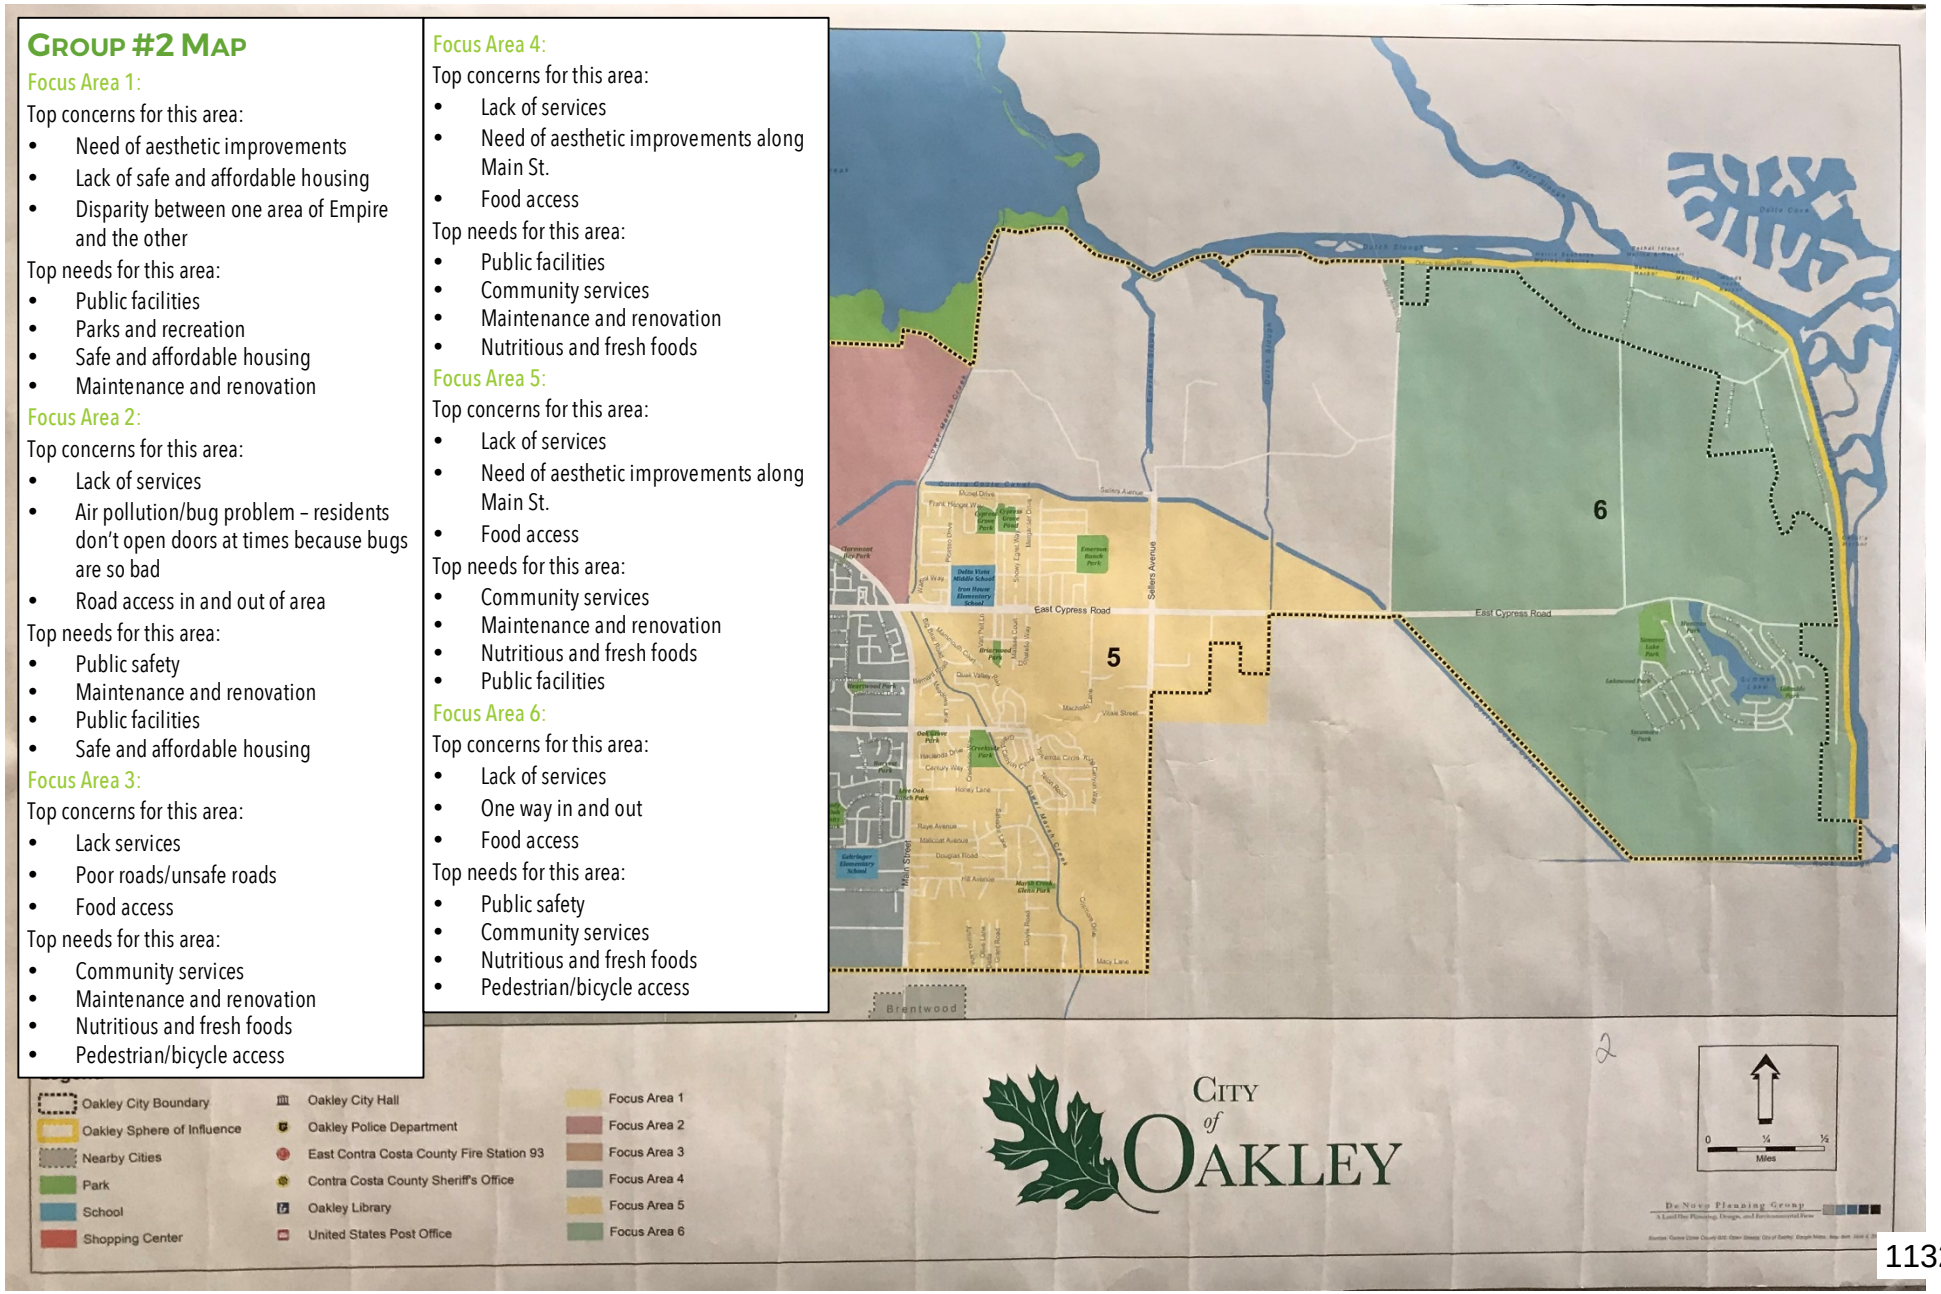
Focus Area 5:

Top concerns for this area:

- Lack of services
- Need of aesthetic improvements along Main St.
- Food access

Top needs for this area:

- Community services
- Maintenance and renovation
- Nutritious and fresh foods
- Public facilities



Focus Area 6:

Top concerns for this area:

- Lack of services
- One way in and out
- Food access

Top needs for this area:

- Public safety
- Community services
- Nutritious and fresh foods
- Pedestrian/bicycle access

1132

Workshop #2: Mobility

This second Visioning Workshop provided an overview of the General Plan process and focused on identifying the transportation and mobility issues and concerns in Oakley. Four Oakley residents, property owners, and other stakeholders attended the Workshop.

Visioning Workshop #2 included three activities: Mobility Barriers Mapping activity, a Mobility Vision activity, and a Prioritization activity. The feedback that was provided during the activities is summarized below.

Activity #1 – Mobility Barriers

The first activity during Visioning Workshop #2 was a mapping activity. Community members formed four groups of one to two people. Each group was provided one large map of the City of Oakley and a sheet with five various icons (shown below) in order to complete this activity. The community members were asked to identify barriers to mobility and access on the City of Oakley map using stickers and markers. The following stickers and topic areas were identified:

Automobile
e.g. constraints to motor vehicle circulation, such as traffic congestion, delays to motor vehicles, limited parking, site access restrictions, etc.

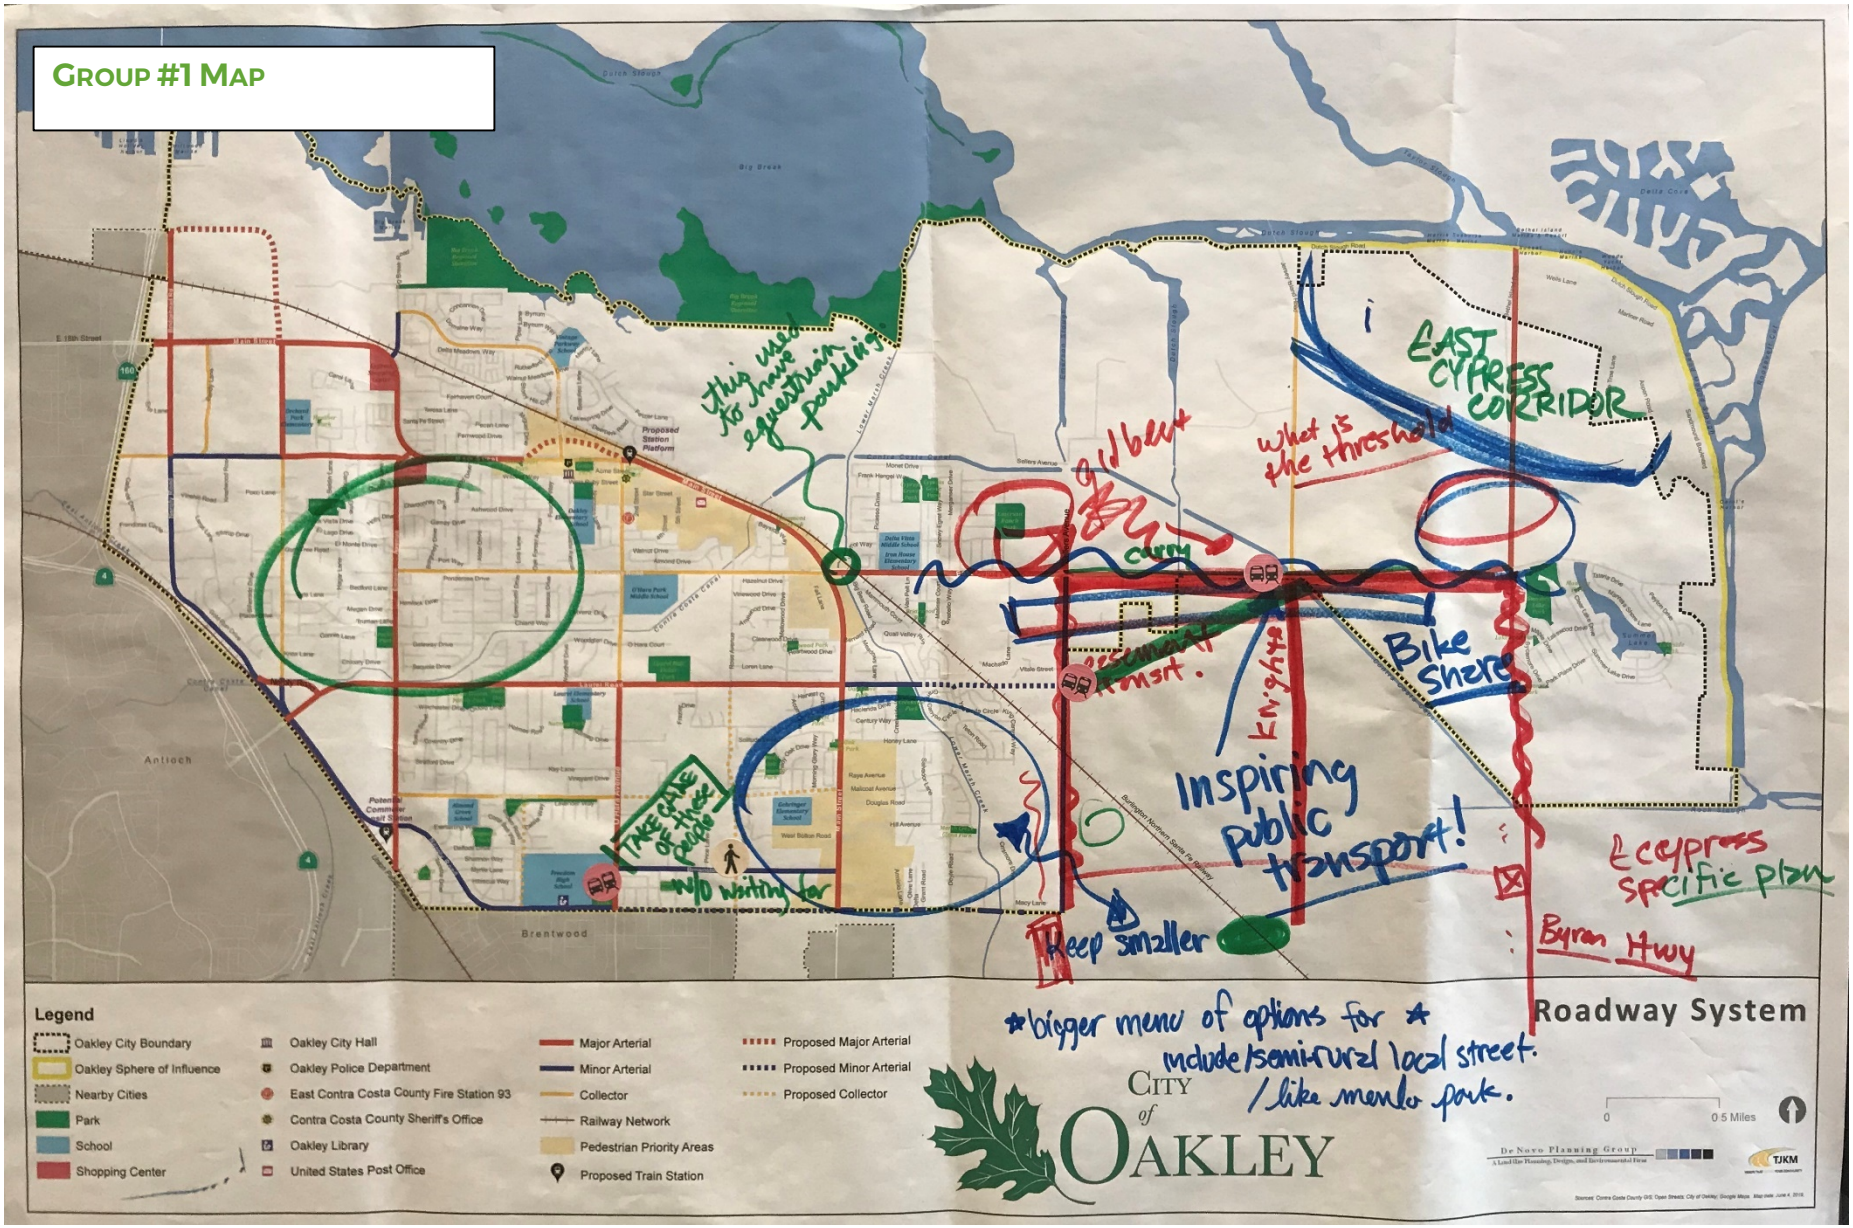
Bicycling
e.g. constraints to bicycle transportation, such as lack of bicycle lanes, paths or bicycle parking, and/or uncomfortable existing bike facilities, etc.

Walking
e.g. constraints to walking, such as difficult crossings, sidewalk gaps, uncomfortable walking environment, barriers limiting pedestrian access to specific destinations, etc.

Transit
e.g. constraints to transit use, such as destinations lacking transit service, barriers to accessing transit stops, service frequencies, , delays to buses, etc.

Safety-Related
e.g. safety concerns for motorists, bicyclists, pedestrians and transit riders; concerns about speeding or cut-through traffic, etc.

The results of the Barriers to Mobility and Access Mapping activity are summarized below.



1133

Group #1 Map

Mobility Barriers

- **Bicycling**:
  - Bike share in eastern portion of City
- **Walking**:
  - Pedestrian opportunity at Brownstone/Rose
- **Transit**:
  - Inspiring public transport in eastern portion of City along Contra Costa Canal
  - Transit easement between Sellers Avenue and Contra Costa Canal
  - Transit opportunities at Freedom High School and eastern portion of City

Group #1 Map

1135

Group #2 Map

Mobility Barriers

- **Automobile**:
  - Widen East Cypress Road
  - Improve automobile circulation at Main Street / Laurel Road
  - Congestion downtown
  - Automobile access in western portion of City connecting to Antioch
  - Improve crossing at railroad near potential commuter transit station
- **Bicycling**:
  - Bike lane visibility improvements needed at East Cypress Road / Main Street
  - Consider separated bicycle network in eastern portion of City
  - Bike lane widening at O'Hara Avenue / Laurel Road
- **Walking**:
  - Consider separated trail network in eastern portion of City
  - Improve crossing at railroad near potential commuter transit station
  - Pedestrian mobility downtown
  - Add pedestrian access to Big Break
  - Pedestrians on west side of Empire Road
- **Transit**:
  - Improve bus service to downtown
  - Bus service to library near Freedom High School
- **Safety-Related**:
  - Provide alternative route to eastern side of City
  - Safety updated needed at East Cypress Road / Laurel Road
  - Repave at Empire Avenue / Laurel Road

Mobility Barriers

- **Automobile**:
  - Add a new road from the proposed station platform to Claremont Bay Park / Main Street in north-central portion of City
- **Bicycling**:
  - One way in, one way out in eastern portion of City at East Cypress – not safe
- **Walking**:
  - Unsafe/limited walkways for students to walk to and from school near Laurel Elementary
  - One way in, one way out in eastern portion of City at East Cypress – not safe
- **Transit**:
  - No transportation from Freedom High School and library on weekends and limited during the week – families cannot attend cultural and educational events
  - One way in, one way out in eastern portion of City at East Cypress – not safe
- **Safety-Related**:
  - One way in, one way out in eastern portion of City at East Cypress – not safe
  - Only two ways in and out at Vintage Parkway
  - Only one way in and one way out near Creekside Park

GROUP #3 MAP
Only 2 ways in/out Not safe
Road
Not safe only one way in one way out
One way in one way out – Not safe Evacuation
No transportation on weekend to Library. Families can't attend cultural and educational events.

Mobility Barriers

- **Automobile**:
  - Auto congestion on Main Street
  - Automobile opportunities at Laurel Road / Empire Avenue
  - Automobile opportunities at East Cypress Road in eastern portion of City
  - Automobile opportunities near Vintage Parkway School
  - Live Oak Avenue is too small and cannot accommodate all modes of transport
- **Bicycling**:
  - Need bike lanes near Almond Grove School
  - Opportunities for improvements near Gehringer Elementary School
- **Walking**:
  - No pedestrian access to Summer Lake
  - Old area near Vintage Parkway – how is the lighting for walkability?
  - Opportunities for improvements near Gehringer Elementary School
- **Transit**:
  - No transit access to Summer Lake
  - Move proposed station platform to Contra Costa Canal / Main Street near Claremont Bay Park
- **Safety-Related**:
  - Opportunities for improvements near Gehringer Elementary School
  - Safety concerns near Gehringer Elementary School
  - Safety concerns near Creekside Park

Activity #2 – Vision for Transportation and Mobility

The second activity during Visioning Workshop #2 was a Transportation and Mobility Vision activity. The workshop attendees were asked to identify their vision and priorities for the City's future transportation system.

The following transportation- and mobility-related visions and priorities were described by the workshop participants:

- Provide improved access to BART (along Grant in Brentwood to Bethel Island Road crossing through City), shuttle system, or eBART to have access, ride share
- Build network of bike/ped trails to target destinations (downtown, library, Big Break, delta, to schools)
- Improved access for all (in all parts of Oakley)
- Inspiring public transit endeavor
    - East Cypress to Freedom
    - Freedom/East Cypress to downtown
- Bigger menu of options for new streetscape
    - Menlo Park encourages "semi-rural" local streetscapes → not for all of Oakley but available for folks like Brownstone, Oakley Road, and Live Oak Avenue
- Complete streets should include equestrian access trails (work/communicate with neighboring communities) where applicable
- Walkability to downtown destinations – restaurants, library, shopping, post office
- Safe bike paths- walking from schools and parks. Areas for people to walk ride bikes and enjoy the outdoors
- Major transportation – train/BART trolley/bus system to schools
- Trolley system downtown, catch to elementary schools
- Bike lanes, all streets, golf carts

Activity #3 –Transportation Improvements Priorities

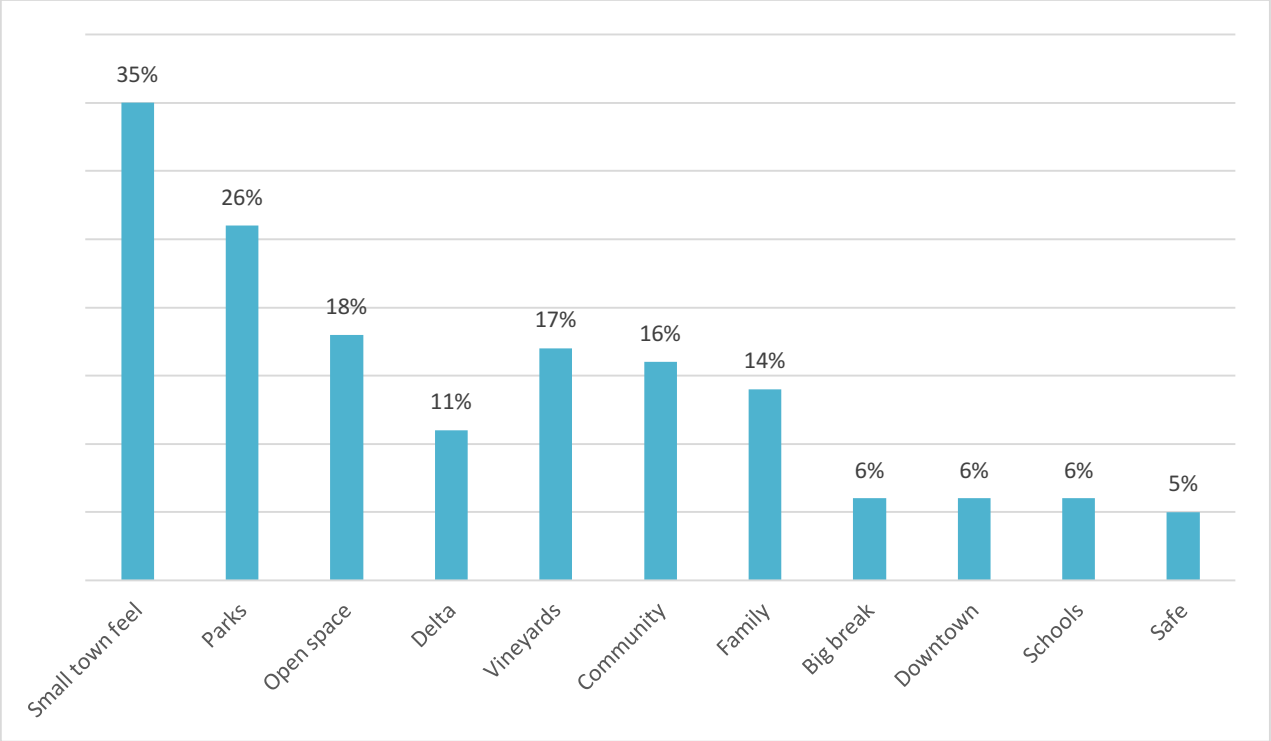
The third activity during Visioning Workshop #2 was a prioritization activity. Each group was asked to prioritize the following transportation-related issues that their group thought should be addressed in order of importance from 1 to 5 (with 1 being the top priority):

- **Automobile Improvements:** reduce traffic delays and congestion, continue to increase motor vehicle traffic capacity, etc.
- **Bicycle Improvements:** expand/ improve the citywide bikeway network and supply of bicycle parking; attract bike share providers, etc.
- **Pedestrian Improvements:** provide new and/or improved pedestrian crossings, sidewalks and paths.
- **Transit Improvements:** enhance access to transit stops and stations; provide measures to reduce bus delay; and/or support the provision of new or enhanced transit service.
- **Safety Improvements:** measures to address safety issues and reduce collisions for all travel modes, etc.

As shown below, safety improvements were the top priority receiving most of the #1 priority votes, as highlighted below, followed by pedestrian improvements. The lowest priority area was automobile improvements.

	Votes by Priority				
Priority	**#1**	**#2**	**#3**	**#4**	**#5**
Automobile	0	0	1	0	2
Bicycle	0	1	1	1	0
Pedestrian	0	2	1	0	0
Transit	1	0	0	1	1
Safety	2	0	0	1	0

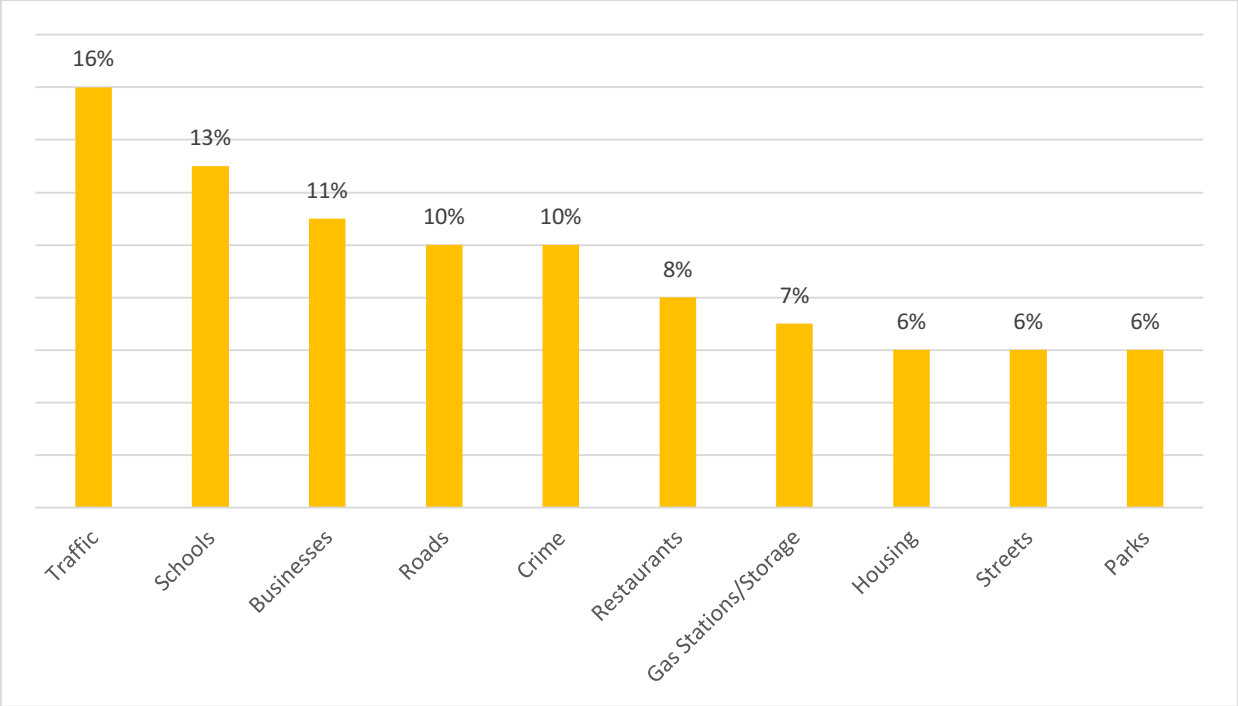
COMMUNITY SURVEY



During the Visioning process, an on-line survey was distributed via the City's website, with links also advertised via an email blast, Twitter, and Facebook pages, to encourage additional community input. The survey received 204 responses. It included questions regarding residency, place of work, the overall vision for the community, and issues of concern and solutions for each focus area. The survey also had a series of questions to help identify what people love most about Oakley; their satisfaction with Oakley over a range of topic areas; and their priorities for the General Plan Update. The full survey report, including each survey question and responses to each question, is provided as Attachment B.

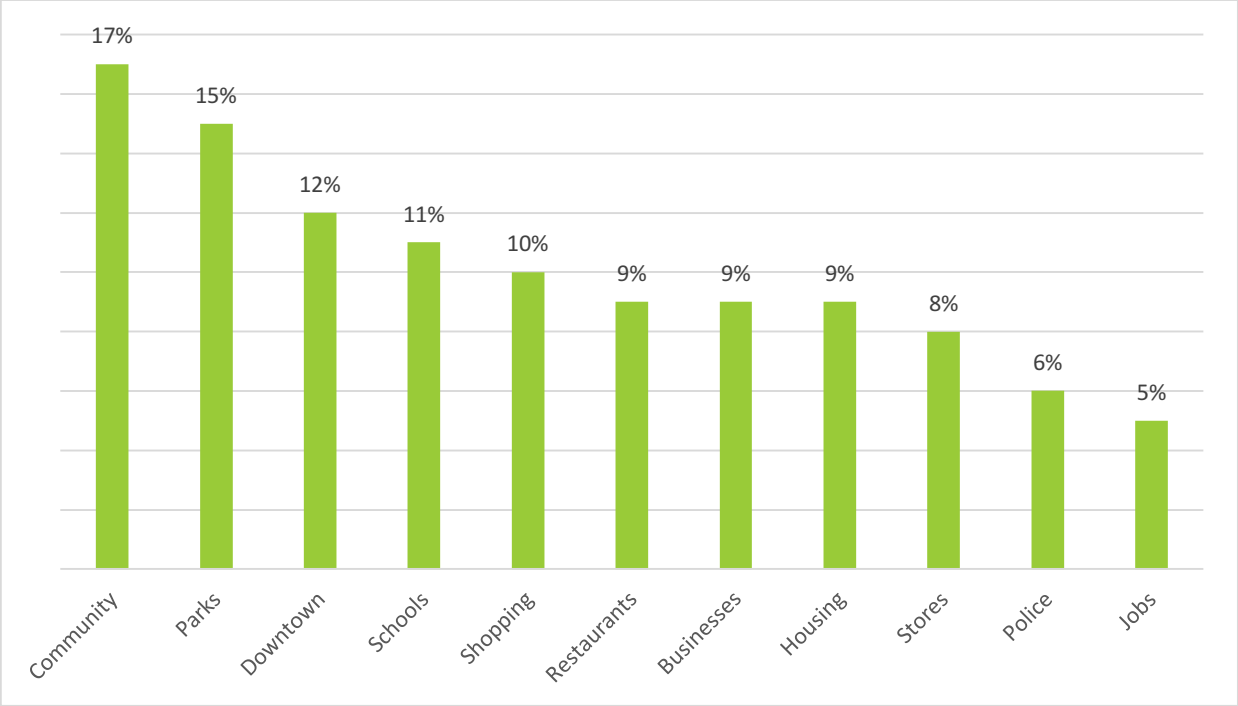
Most survey respondents:

- Live in Oakley - 99%
- Do not work in Oakley - 83%
- Are 30 to 44 years old - 43%
- Live in Focus Areas 3 and 5 - 50%



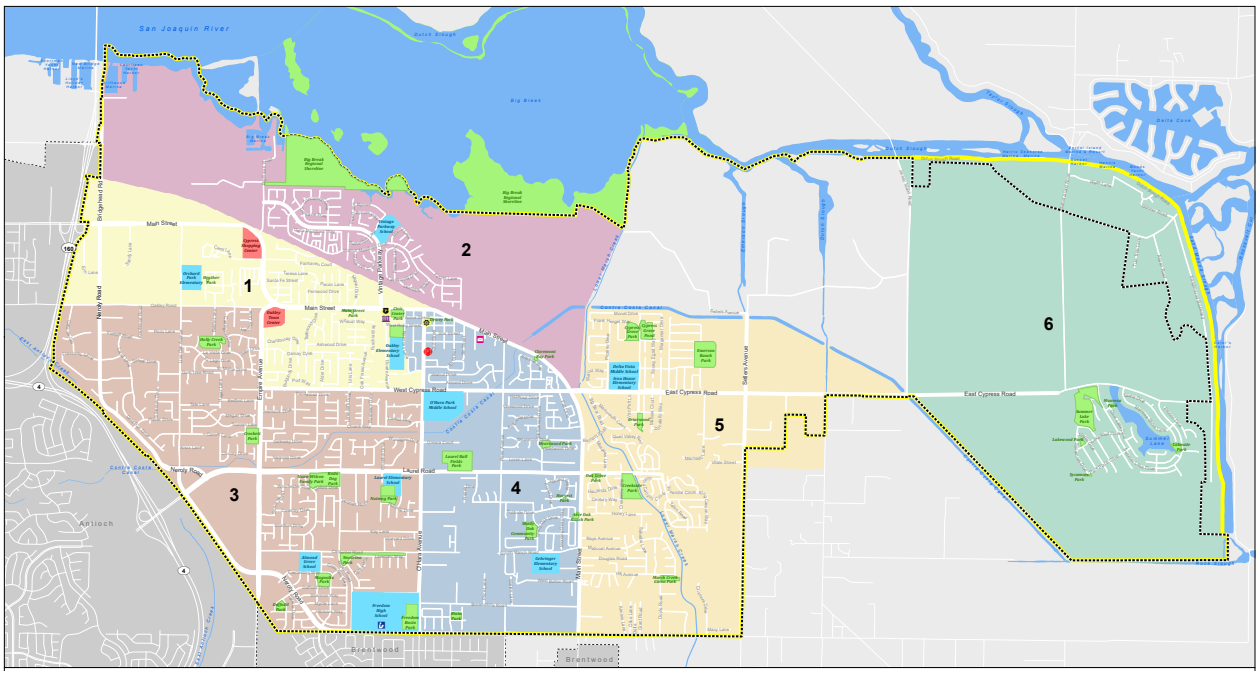
ASSETS

In response to the question "What do you value most about Oakley, and what community assets and features should be preserved and protected over the next 20 years?", many of the written responses included the following:



CHALLENGES

In response to the question "What issues are facing the city that need to be addressed in the General Plan?", many of the written responses included the following:



CHALLENGES

In response to the question "What three things would you like to see accomplished by 2040 in order to improve your community?", many of the written responses included the following:

Focus Area Concerns and Solutions

Survey respondents were asked to identify specific concerns and desired solutions for the six focus areas shown in the figure below.

The top three issues that are of most concern or the highest important for each Focus Area include:

- Focus Area 1: Lack of community services (51%), noise (35%), access to affordable and nutritious food (26%)
- Focus Area 2: Lack of community services (43%), noise (41%), and pollution (29%)
- Focus Area 3: Lack of community services (41%), housing affordability (37%), and noise (30%)
- Focus Area 4: Lack of community services (38%), access to affordable and nutritious food (34%), and noise (33%)
- Focus Area 5: Lack of community services (50%), access to affordable and nutritious food (36%), and housing affordability (34%)
- Focus Area 6: Lack of community services (61%), access to affordable and nutritious food (45%), and housing affordability (32%)

The top three solutions and amenities needed in each Focus Area include:

- Focus Area 1: Public safety (65%), maintenance and renovation (61%), and parks and recreation (47%)
- Focus Area 2: Public safety (61%), maintenance and renovation (50%), and parks and recreation (43%)
- Focus Area 3: Public safety (57%), maintenance and renovation (39%), and parks and recreation (38%)
- Focus Area 4: Public safety (60%), maintenance and renovation (48%), and parks and recreation (47%)
- Focus Area 5: Public safety (62%), community services (44%), and pedestrian/bicycle access (43%)
- Focus Area 6: Public safety (62%), community services (44%), and a tie between parks and recreation and pedestrian/bicycle access (both 38%)

Transportation Improvements

The top ranked transportation improvements that the General Plan Update should address in order of importance include:

- Automobile: reduce traffic delays and congestion, continue to increase motor vehicle traffic capacity, etc. (70% ranked as #1 or #2 priority)
- Safety: address safety issues and reduce collisions for all travel modes, etc. (50% ranged as #1 or #2 priority)
- Pedestrian: provide new and/or improved pedestrian crossings, sidewalks and paths (35% ranked as #1 or #2 priority)
- Bicycle: expand/improve the citywide bikeway network and supply of bicycle parking; attract bike share providers, etc. (33% ranked as #1 or #2 priority)
- Transit: enhance access to transit stops and stations; provide measures to reduce bus delay; and/or support the provision of new or enhanced transit service (15% ranked as #1 or #2 priority)

This page is intentionally left blank.

Attachment A
Review of General Plan Elements to Address Core Values

General Plan Element to be Reviewed/Updated	Community-Identified Priorities and Issues to be Addressed
Land Use	• Review and revise land use designations as necessary in order to increase the amount of desirable retail and entertainment uses (i.e., grocery stores, restaurants, higher-quality and community-serving stores and brands, etc.) and to manage the amount of undesirable uses (i.e., storage facilities, liquor stores, etc.). • Review and revise land use designations as necessary in order to encourage and attract needed community services. *Note: The General Plan Update will not include increases to land use intensities or densities, but can refine the land use designation descriptions and associated policies to better reflect desires uses in the community..*
Circulation	• Review circulation plan to identify opportunities for road and street connections to improve vehicle travel and ensure neighborhoods and community areas are served by complete streets • Review circulation goals and priorities to ensure that alternative transportation facilities (for walking, biking, and transit use) are improved and developed in needed areas, such as downtown.
Growth Management	• Review to ensure that approach to infrastructure and mobility improvements and provision of community services keeps pace with pending and future development projects. • Address public safety and crime rates by reviewing goals and policies related to police services.
Economic Development	• Review and revise as necessary in order to attract desirable retail and entertainment uses (i.e., grocery stores, restaurants, social venues, family-oriented entertainment, etc.) • Review provisions for industries to ensure that the City is attracting high-quality businesses and industries that provide well-paid and high-quality jobs, serve an educated workforce, and reflect new and emerging technologies • Encourage economic development within the City so residents and workers do not have to travel to nearby cities for retail and entertainment opportunities.
Open Space and Conservation	• Review to ensure that the open space, rural feel of the area is conserved and managed as development occurs. • Review to ensure that agricultural uses are encouraged and appropriate locations for agriculture are maintained in the long-run. • Ensure existing open space areas, including waterfront, are planned and managed to be accessible for recreation and for community gathering and events, where allowed.

General Plan Element to be Reviewed/Updated	Community-Identified Priorities and Issues to be Addressed
Parks and Recreation	• Ensure that the goals and policies address existing parks and community spaces (i.e., library), as well as future recreation needs (i.e., waterfront access).
Noise	• Review and revise as necessary in order to address noise concerns within Focus Areas 1 and 2.

ATTACHMENT B

COMMUNITY SURVEY RESULTS

Q1 Community AssetsWhat do you value most about Oakley, and what community assets and features should be preserved and protected over the next 20 years? (Please identify 3 assets)

Answered: 179 Skipped: 25

#	RESPONSES	DATE
1	1) smaller town charm and personality 2) access to the delta, especially via Big Break Park	8/5/2019 1:13 AM
2	Sense of community More open space than other overcrowded towns Lots of parks	8/4/2019 9:50 AM
3	The delta near Bethel Island (no tunnels), Big Break, city parks	8/1/2019 2:12 PM
4	small town feel, limited number of residential housing, farming area	7/29/2019 10:05 PM
5	Vineyards, green spaces, wholesome safe environment	7/29/2019 2:14 PM
6	Open space, rural feel, affordability	7/28/2019 2:20 PM
7	The smaller town feel Sense of community Delta/ farm town	7/28/2019 1:49 PM
8	Our downtown, our small town appeal, our police department	7/28/2019 12:57 PM
9	Low crime, nice community events, good schools	7/28/2019 8:33 AM
10	How clean it is Lack of crime Quietness	7/28/2019 7:22 AM
11	Most of what I value about Oakley is gone. Small town feel with open fields, orchards and large lots. Preserve our history.	7/28/2019 6:23 AM
12	Small town feel, support for small business, schools	7/28/2019 5:57 AM
13	Farm land is disappearing. Almond trees are gone. No almond festival. This is no longer the Oakley I knew. It's just a city now letting trash move in and building endless houses and crap.	7/28/2019 4:03 AM
14	Safety, adorableness, schools	7/28/2019 2:32 AM
15	I value the small town feel of Oakley. I value the small family owned businesses that operate in Oakley. We should preserve the city to be welcoming to families with functional parks and activities for kids.	7/28/2019 2:18 AM
16	Open space Affordable housing	7/28/2019 2:15 AM
17	waterfront small town feel	7/28/2019 2:01 AM
18	Value the small town feel. Big Break and the nature areas should be preserved and protected.	7/27/2019 5:23 PM
19	Stop building so many houses and leave the open space. You are not bringing any jobs in so we don't need any more people	7/27/2019 4:15 PM
20	Small town Farming land Dog parks	7/27/2019 4:09 PM
21	Space Small town feel	7/27/2019 3:49 PM
22	Parks. Open spaces. Small town feel	7/27/2019 3:20 PM
23	The open farm land feel. It should remain that country feel	7/27/2019 3:07 PM
24	Vineyards, Trees, Farms	7/27/2019 5:58 AM
25	The many family run businesses and restaurants still operating are great. I love the feeling that Oakley is still a small town, even though it is rapidly growing.	7/27/2019 2:18 AM
26	Trees and the beautifying of the city of Oakley Accessibility to city information Small town feel	7/27/2019 1:44 AM
27	I value a small town feel. We should preserve that. I like how many parks we have. I wish we had more. I like how close we are to the water, and how easy the access is.	7/27/2019 1:12 AM
28	I've valued the agricultural aspects/ orchards/ vineyards, the nature and the small community feel. I believe that all of these have dwindled away since Oakley became a city.	7/26/2019 4:40 PM
29	I would like to see something fun for people of all ages like go karts, arcades and rock climbing and laser tag and bowling maybe life size board games like chess and Exedra and mini golf and a bar and dance club for adults I have this all in one building would be cool if something similar to this like in San Jose I think it is they combined all the stuff in one building and what's cool about this place has everything for everyone	7/26/2019 3:41 PM
30	Still seeing grapevines growing here Parks Open land	7/26/2019 3:13 PM
31	Please continue to build and protect all of the parks. I really hope we preserve the vines that are left.	7/26/2019 12:00 PM
32	I used to value the small town vibe. Nice parks Schools used to be good	7/26/2019 10:21 AM
33	Viticulture Small town feel Open space	7/26/2019 8:56 AM
34	1) Parks - preserve and expand 2) Police and Fire - don't skimp or cut the budgets 3) Traffic Flow - traffic to East Cypress will become steadily worse and worse	7/26/2019 6:36 AM
35	The small twin feel!! No more houses or 7-11's or MOSQUE!!!!!	7/26/2019 5:41 AM
36	Family lifestyle Parks Walking Trails	7/26/2019 5:12 AM
37	Parks Library	7/26/2019 3:50 AM
38	1. Family 2. Retail 3. Safety	7/26/2019 3:14 AM

39	I value the upscale feeling that parts of this area are beginning to have, especially East of Cypress and Main, from Emerson Ranch toward the new Delta Coves. I also value how communicative city leadership and the police are with the residents. I also value how family friendly this city is.	7/26/2019 2:56 AM
40	Agricultural Community (vines, farms) Access to Natural Resources (parks, Big Break)	7/26/2019 2:02 AM
41	Small town aspect, family centered, safety	7/26/2019 1:23 AM
42	Love that it still has that small town community feel. It should stay that way. Preserve - Community, Schools, and the landscape.	7/26/2019 1:16 AM
43	Small town feel. Assets that should be preserved: some farms and vineyards	7/26/2019 12:40 AM
44	Small town feeling Parks Wide open spaces, farm land	7/25/2019 2:22 PM
45	I value how helpful and friendly the Oakley staff are. -Main street Down Town -The huge Oak tree at city hall -Big Break park and trail	7/25/2019 2:09 PM
46	1.Small town atmosphere with family values and delta recreation. 2.Would like to see growth, more business including retail and restaurants would be nice. Hopefully we don't have to sacrifice the earlier values for the growth. No overzealous regulations on people just living their lives. 3. Lastly I would love to see some of the heritage of Oakley preserved, from old buildings with a history behind them to some of the long standing vineyards.	7/25/2019 12:48 PM
47	protect the small town feel - can grow at a SLOW pace, no more gas stations, fast food and storage units	7/25/2019 12:45 PM
48	Safety/Security, Quality High Schools, Lack of Congestion	7/25/2019 12:17 PM
49	The small town feel, as far as assets and features I don’t see much as all open spaces are being filled with Gas Stations, more houses, and storage units.	7/25/2019 11:22 AM
50	Big Break. not much else, it's suburbia	7/25/2019 10:00 AM
51	I value the low crime and small town feel.	7/25/2019 9:36 AM
52	Sense of community. Small town feel. Cleanliness. Parks/recreation and open space.	7/25/2019 9:29 AM
53	1.) Small Town Feel: We are a small town and this is why residents have moved here. One of our principle objectives should be to maintain this small town feel. 2.) Delta Location/Lifestyle: Plan should include delta preservation and promote and encourage the outdoor activities; Codes should align with this. 3.) Commercial Business: Put a stop to convenience stores and storage unit growth. Future Commercial / Retail space should be located only on the outer edges of city lines; this will reduce traffic while still generating revenue and creating jobs	7/25/2019 8:50 AM
54	Open spaces Urban agriculture Rent stability for fixed income residents	7/25/2019 8:16 AM
55	Our large trees, the delta, open land	7/25/2019 8:14 AM
56	Parks, schools, “small town” vibe.	7/25/2019 7:58 AM
57	City Hall and small and larger parks around town.	7/25/2019 6:21 AM
58	1) The parks and open spaces. 2) Better, healthier foods made available. 3)More bike lanes.	7/25/2019 1:50 AM
59	Value: Oakley old town/ rural feel,ancient vineyards. Asset: River access and recreation Protect: Open Space	7/25/2019 1:28 AM
60	My wife and I just moved to Oakley and we love all of the parks in Oakley. Those should Be preserved.	7/25/2019 1:03 AM
61	Small town feel, we need to control housing development. Soon there will be another housing crash... we don't want to experience same fate as Antioch -huge increase in section 8 housing as investors grab up foreclosures.	7/25/2019 1:03 AM
62	History (already being ignored and bulldozed!) Agricultural/rural feeling (ditto above) Quiet, friendly community (going away rapidly with the two above issues)	7/24/2019 1:02 PM
63	It’s small towns....it’s clean....keep it small	7/24/2019 12:38 PM
64	Small town feel, safe environment & parks	7/24/2019 11:11 AM
65	Not an over-glut of housing that totally snarls traffic. Provide generously for the police and fire depts.	7/24/2019 9:47 AM
66	Agricultural heritage - specifically grape vines Delta area Historical buildings	7/24/2019 9:10 AM
67	Quiet Neighborhood and lack of traffic.	7/24/2019 5:39 AM
68	The area I live in have some very beautiful Gardens and trees. I value these a lot because they give our area not only a charm and homelyness but declares to people who want to part of our community that we are and shall take pride in how we upkeep our locality (a bit like how Danville residents take pride in their community & are so careful as well as strict regarding many of their town planning). However, in our area recently I am seeing a rise in homeless people in some of the gardens and they urinate on the trees or defecate in the bush area of the walking trails leading to not only unsightly appearances but definitely unpleasant experience overall + giving a feeling of unsecure locales. Additionally we need to build more assets by getting commercial shops/offices to invest into our area that will sustain well. Otherwise revenue opportunities for Oakley and incentives for people to consider Oakley for living does not seem appealing.	7/24/2019 5:08 AM
69	The small town feel. What’s left of the small town feeling.	7/24/2019 4:31 AM
70	The parks are trails are great community assets We need to keep our Police and fire departments Keeping agriculture in the community we need to keep some land that has grape vines or apple trees we should have an are of land that is for the community where they can pick these items for free	7/24/2019 3:12 AM
71	Small town feel Delta town feel safety	7/24/2019 2:46 AM
72	The small town feel. The parks/ball fields should definitely be preserved. I believe the new recreation center and downtown City Hall area are assets as well.	7/24/2019 2:05 AM

73	Open land Small town feel Not overly crowded yet	7/24/2019 1:57 AM
74	Parks and open space agricultural	7/24/2019 1:43 AM
75	Small town feel, create a nice, walkable “Main Street” downtown, conservative and family driven.	7/24/2019 1:30 AM
76	The farm and crops that Oakley has always been known for. NO more homes, storage units or gas stations. Stop trying to make Oakley a city that isn't but about the small town feel.	7/24/2019 1:07 AM
77	Community enrichment, schooling, kids programs	7/24/2019 12:24 AM
78	The low crime rate and feeling safe in our own home.	7/24/2019 12:12 AM
79	1) Beautification - update the aging dingy neighborhood’s retaining walls on main streets with high visibility with layers of schrubs, high bushes, etc. An example, all neighborhoods on Empire road between Laurel and Main. 2). Increase Police Force to maintain secure and safe presence to keep up with growing population and 3). Property maintenance enforcement-homeowners should be held accountable for their front yard appearance eliminating hoarding and junkyard objects which could be dangerous for the environment, animals and kids	7/23/2019 11:15 PM
80	Parks and trails.	7/23/2019 10:44 PM
81	Safe communities here in Oakley Family oriented, rural feel Cleanliness of city, neighborhoods and parks	7/23/2019 10:03 PM
82	Small town feel. No more homes!!	7/23/2019 9:08 PM
83	Preserve Open Land Protect the Delta Protect the farm land	7/23/2019 5:18 PM
84	Family orientation. Parks, schools, kid friendly. Small town feel and country feeling. Vineyards, farms and open space	7/23/2019 4:29 PM
85	(1) Small town feel. Building is out of hand. (2) delta lifestyle (boating, etc.); open space	7/23/2019 4:01 PM
86	Farm land, farm stands and ponds in the parks! Need more!	7/23/2019 3:33 PM
87	Small town feel Low crime	7/23/2019 2:31 PM
88	Parks Schools Access to the Delta	7/23/2019 2:01 PM
89	Playgrounds	7/23/2019 1:27 PM
90	Some of the land and grape Vines growing	7/23/2019 12:36 PM
91	Less residential More Commercial	7/23/2019 12:19 PM
92	The quiet, nature and open space	7/23/2019 12:15 PM
93	The vineyards & fruit trees and farms	7/23/2019 12:07 PM
94	More fishing shorelines and less boat lunch marinas. Nicer attractive shorelines along our beautiful Delta. I recommend more small shops such as coffee shops and seating areas along the delta. We live on the delta but it is almost impossible to enjoy it because most of the areas are either restricted or private!!!	7/23/2019 12:06 PM
95	Low crime Small town feel Near the Delta, farms and orchards	7/23/2019 11:15 AM
96	Big Break Science Center area The trail Small town feel (not so crowded)	7/23/2019 10:19 AM
97	Safe, affordable, family friendly	7/23/2019 10:05 AM
98	Separation from “Big” city issues. 2)Excellent police force. 3) Good schools	7/23/2019 9:03 AM
99	1.)Small town vibe 2.)keeping big break clean and preserved 3.)keep crime to a minimum	7/23/2019 9:01 AM
100	The delta, wildlife, farms, and open space.	7/23/2019 8:58 AM
101	I value the community feel. I value the family aspects such as kid parks and dog parks I value the farm life	7/23/2019 8:34 AM
102	The small town feel. I would love to see more grapevines preserved. They are a beautiful part of the town’s history and should be protected	7/23/2019 7:40 AM
103	Safety Small town atmosphere Large Recreational vehicle users	7/23/2019 7:20 AM
104	Vineyards, open space, and our great city hall and staff.	7/23/2019 7:08 AM
105	Small town feeling, vineyards and farmland	7/23/2019 7:05 AM
106	I value the small town feeling most. Farm land should be protected as well as the shoreline and the borders of Oakley.	7/23/2019 6:58 AM
107	Parks, trails. Big break marina	7/23/2019 6:53 AM
108	We like the small town feel. The sense of family and we enjoy the parks	7/23/2019 6:45 AM
109	Small town feel, safety, and community centered	7/23/2019 6:26 AM
110	Love the rural feel and the open spaces around town. Love driving by the grape vines around town. Really enjoy the small town feel. Stick to what Oakley started out as, a place for hard working families and small farms.	7/23/2019 5:49 AM
111	Small community.. More small business for the Oakley residents Improving k-12 school More research out programs More local jobs	7/23/2019 5:45 AM
112	The biggest assets for me and my family are the parks,trails,splash pads. I would love if Oakley keeps as many vineyards around as possible. They are beautiful and green and give the town a laid back feel. The third would be access to the delta, fishing spots things like that we love.	7/23/2019 5:44 AM
113	Small town feel, outdoor accessibility and safety	7/23/2019 5:35 AM
114	Peace, quiet, low traffic	7/23/2019 5:29 AM

115	No nightlife/bars, only brings problems. I value that Oakley maintains its small town feel. I value the fact that Oakley is a safe town, and they value their police and first responders	7/23/2019 5:27 AM
116	I value the open space Oakley has, specifically the grape vineyards. I also value the small town feel, with smaller more local shops and restaurants. I also value Oakley's parks, keeping them clean and maintained and safe for the residents.	7/23/2019 5:23 AM
117	Parking in my second driveway. The very reason why I purchased a home in Oakley. Now suddenly I can't park there because newcomers don't like it. This affects the resale value of my home. I'm very disappointed in the council. I will be voting all out and will encourage others to do so. In the mean time, everyone in my neighborhood has permanently parked trailers and even a bus on the street.	7/23/2019 5:14 AM
118	Schools, parks, community events	7/23/2019 5:11 AM
119	The small close knit community The community activities (events etc) Lower crime compared to surrounding cities	7/23/2019 5:02 AM
120	Oakley City Parks Oakley Schools Oakley children education and health	7/23/2019 5:02 AM
121	1. Big Break Regional Shoreline and access to the Delta. 2. Walkability. 3. Trees	7/23/2019 5:02 AM
122	The Delta Farm community Small town	7/23/2019 4:58 AM
123	Family areas, safety, parks	7/23/2019 4:54 AM
124	safety	7/23/2019 4:50 AM
125	Vineyards	7/23/2019 4:37 AM
126	quiet, crime-free community	7/19/2019 2:28 PM
127	Small town atmosphere Rural /farm lands protected Delta/ water	7/19/2019 1:58 PM
128	Being a safe and clean community. Convenient access to parks, trails, and recreation.	7/19/2019 6:00 AM
129	Big break and the idea of downtown	7/18/2019 2:57 PM
130	Well was the small town feel, but now I wish they would stop the gas stations and storage facilities.	7/14/2019 11:46 AM
131	Nothing.	7/14/2019 3:42 AM
132	I used to value the convenience of the hiway thru downtown oakley. But now it takes extra time due to the narrowing of lanes and no turn lane into Vintage Parkway coming from Brentwood.	7/13/2019 2:06 PM
133	Small town appeal Fire protection Avoiding urban decay	7/13/2019 8:25 AM
134	1. small town attributes, 2. good civic center area including park, outdoor auditorium/theatre, 3. weekly email	7/13/2019 7:27 AM
135	Parks Waterfront Transportation infrastructure	7/13/2019 6:12 AM
136	Delta!! Clean. Access. Small town, big yards. Horses. Grapes. Trains. Open space! Fire protection- WE NEED IT	7/12/2019 3:34 PM
137	Downtown	7/12/2019 1:43 PM
138	1. We need to maintain our small town feel 2. Our downtown area should be maintained and improved. 3. We should preserve our parks.	7/12/2019 11:24 AM
139	It's delta access, downtown is nice now, open space	7/12/2019 11:09 AM
140	Police, roads, fire dept	7/12/2019 9:29 AM
141	Big break rec area, Koda Dog park, cityhood celebration with fireworks and laurel ball fields.	7/12/2019 8:28 AM
142	The Delta, all the wildlife and the farms!	7/12/2019 7:01 AM
143	-Small town community feel -Low crime rate -Great relationship between law enforcement & public	7/12/2019 7:00 AM
144	Please stop over developing this city. The citizens unanimously do not want over development and want to preserve open spaces (east cypress)	7/12/2019 5:58 AM
145	Open/Farm Land, Rural Feel, Small Town environment	7/12/2019 4:46 AM
146	Open spaces Recreation areas Low cost of housing	7/12/2019 3:59 AM
147	1) Wide, open spaces! Yes, Oakley can, and should, grow but please plan for as much open space as possible. That is the charm of exiting the freeway in Oakley, instead of Antioch before it or Brentwood after it. 2) The adorable downtown. You have done a good job (despite what others may say) of building up the newer area and making it a nice place to be, but please focus on bringing in coffee shops, breweries, small restaurants and boutique shops in the old downtown - without changing too much!! And of course you must accommodate for parking beforeeee it is a problem. And, please, NO Amtrak station/homeless central — at least without a SERIOUS permanent plan in place for not allowing the downtown to become "home" (& toilet) for anyone. 3) The walking trail is an asset but covered in poop and weeds. Could we get those baggy stations with garbage cans? (I don't have a dog, but maybe it would help those who do) I like the ones where you can also work on your bike - that might be an idea. And clear out the brush a bit - it looks like a jungle in between the trail and the creek. I'm actually afraid someone could be easily hiding a few feet from where women (& men) are walking alone :(	7/12/2019 2:47 AM
148	The location and homey vibe are two things I cherish about Oakley. Some features that need to be preserved and protected over the years: the delta shoreline, all of the baseball fields, and our history with almonds.	7/12/2019 2:41 AM
149	Preserve the small town feel. Build up downtown, look at other cities (Pleasanton, Livermore) and see what they did right. Then look at the cities who did it wrong. Keep our agriculture areas alive, we don't need housing tracts on every square foot of city land.	7/12/2019 2:41 AM
150	Protect the agriculture and worship centers. Agriculture is what gave birth to Oakley, freedom of worship is what kept the community strong.	7/12/2019 2:38 AM

151	Clean/safe living for ALL, parks, community services for elderly/poor	7/12/2019 2:24 AM
152	Land, land land!!!	7/12/2019 2:13 AM
153	Our schools. Our parks. Senior center	7/12/2019 2:12 AM
154	Open space City grounds maintenance Neighborhood preservation programs	7/12/2019 2:02 AM
155	We need to preserve the open space , you're allowing too much building going on too many homes are being built this city is getting way too crowded and too much traffic and crime is on uprise	7/12/2019 1:43 AM
156	1. the small 1+ acre piece of properties RURAL lifestyle 2.	7/12/2019 1:40 AM
157	Not much, been here for 20 years and in comparison to Brentwood,Livermore,phill you're a disaster and a disgrace	7/12/2019 1:38 AM
158	Fire protection. Everything else should stop u til that's at a sufficient level	7/12/2019 1:34 AM
159	Delta, parks and agriculture	7/11/2019 2:55 PM
160	Waterfront- capitalizing on the waterfront locality by creating pedestrian friendly, easy access to the water Family friendly neighborhoods- Oakley really needs to keep neighborhoods safe and family friendly, by being selective about which types of businesses to attract and approve! Just because an investor wants to propose a particular business does not mean it has to be approved. Keep streets and neighborhoods near schools as decongested as possible. Open space- there are not nearly enough trailways (clean/landscaped) or parks. This needs to be priority over GAS STATIONS!	7/11/2019 2:30 PM
161	Oakley Police Parks Residential nature of the city rather than commercial	7/11/2019 12:16 PM
162	Small town feel, parks, city's events	7/11/2019 11:25 AM
163	Parks, open spaces, veterans center	7/11/2019 9:39 AM
164	*Open space, parks *Slower pace, quiet *East County Little League, other LOCAL sports/events	7/11/2019 9:04 AM
165	Vineyards (historic and visual assets we must preserve), proximity to Delta and open space (recreational and lifestyle assets), the people!	7/11/2019 8:13 AM
166	1. Preserve Big Break 2. Keep Open space 3. Library	7/11/2019 8:07 AM
167	less populated , near the water, parks	7/11/2019 7:50 AM
168	We love the closeness of the community that we feel. Citywide events should continue to be a priority to keep city officials and city residents close. The amount of parks for children here are wonderful. Yet there are a couple that could be updated (specifically, Oakley school Park). We love the downtown area and the improvements that are being added. But worry about too much growth that would cause traffic and parking issues for us right off main street. I feel more should be invested in revamping older existing structures before adding in any new buildings.	7/4/2019 2:01 AM
169	Small community feel, I value (and miss) the small town feel Oakley had. It seems to be loosing this as more homes, gas station and storage units are built. I value the parks and nature areas available, big break especially. The community events have been so much fun and my family has built traditions based around these events. The farmers market was awesome, but needs to be on a different day than the Brentwood one so it's not competing.	7/3/2019 11:55 PM
170	I value the small town feel. Protect land at end of Laurel.	7/3/2019 6:11 PM
171	Rural farmlands, open spaces, historical downtown buildings	7/3/2019 10:03 AM
172	I value the small town feel. We should preserve and protect the vineyards and farm land.	7/3/2019 8:38 AM
173	Low crime rate Cute downtown Upkeep of parks and neighborhoods	7/3/2019 7:47 AM
174	I value the Small town family oriented community. We need to not be overpopulated with homes and keep the country town feeling. I love driving and looking at the vineyards and open land. We don't want the town to be overcrowded and have crime increased like our sister city Antioch. I grew up there and now, I would not want to raise my child there.	7/3/2019 6:49 AM
175	Our vinyards/orchards Mom/Pop business	7/3/2019 6:25 AM
176	The fact that there are still grapevines and agriculture throughout the city. The parks are gorgeous and clean. The bike,walking trails are safe and free from transients.	7/3/2019 6:04 AM
177	Vineyards, agriculture areas, small town feel.	7/3/2019 5:56 AM
178	Small town feel Downtown area Open farm land	7/3/2019 5:55 AM
179	Value most - diverse intimacy. Preserve & protect - agricultural heritage, cultural diversity, and public safety	7/3/2019 5:43 AM

Q2 Community ChallengesWhat issues are facing the city that need to be addressed in the General Plan? (Please identify 3 challenges)

Answered: 188 Skipped: 16

#	RESPONSES	DATE
1	1) traffic caused by huge housing expansion 2) lack of industrial opportunity. Manufacturing JOBS. 3) Over paying on staff, specifically city manager position.	8/5/2019 1:13 AM
2	Too many houses are being built with no local jobs and not enough schools Too much traffic Too many gas stations are being built but we would benefit more from business parks for local jobs or even grocery stores	8/4/2019 9:50 AM
3	We need a new library, Cypress needs to be widened, Sellers needs to be widened, fire stations need to be staffed	8/1/2019 2:12 PM
4	Dangers of 5G, traffic on highway 4, good ole boy network that still persists	7/29/2019 10:05 PM
5	Traffic always becomes a problem with growth, Crime prevention, destruction of oakley charm with overgrowth	7/29/2019 2:14 PM
6	Lack of retail, LOUD trains, too many 7-11's	7/28/2019 2:20 PM
7	Housing- I don't want it to be overcrowded Business- too many storage facilities not enough restaurants, grocery stores ect School- what is the plan if Oakley continues to grow like it is?	7/28/2019 1:49 PM
8	Clean up Main Street at the 160 hwy end of town.	7/28/2019 1:49 PM
9	Too many gas stations Not enough good restaurants City council needs to listen more and act on our behalf!	7/28/2019 12:57 PM
10	Overpopulation, increased traffic, nowhere to work locally	7/28/2019 8:33 AM
11	Lack of dog hygiene in communities (poop, noise, aggression) Lack of amenities like public swimming pools Lack of curbside cleaning from the council	7/28/2019 7:22 AM
12	No more houses! Oakley needs to preserve what's left of its open space to retain the small town, rural life. Improve existing roadways, and minimize traffic blocks (downtown and laurel rd bottlenecks)	7/28/2019 6:23 AM
13	Over population, too many houses being built with not enough schools, or big enough roads to support the people.	7/28/2019 5:57 AM
14	Small town feeling is gone. Too many houses are being built. But there is no going back now. Oakley is ruined.	7/28/2019 4:03 AM
15	Traffic flow/ congestion, lack of fire departments, more retail Options that bring in more revenue.	7/28/2019 2:32 AM
16	Too many gas stations! Building a gas station directly across from Laurel Elementary is a big problem and puts our children at risk. The parks are riddled with homeless people. Every time I try to go to the park with my kids there are homeless people sleeping on the bench or the play structures. We do not have any activities for children. There are too many homes being built and not enough emergency response (fire and medical) to keep up. The roads are falling apart. Laurel Rd at Main Street is terrible, it's liken off roading with all of the pot holes and terrible patch work.	7/28/2019 2:18 AM
17	Failure to draw large stores/businesses Road improvements and traffic flow	7/28/2019 2:15 AM
18	too many storage and gas stations downtown area renovation expanded less dead end neighborhoods	7/28/2019 2:01 AM
19	Homelessness. Traffic. Blight of gas stations and storage units.	7/27/2019 5:23 PM
20	Over growth ,no jobs less low housing	7/27/2019 4:15 PM
21	No more gas stations, storage facilities	7/27/2019 4:09 PM
22	Speeding on rose ave need bumps Red light runners	7/27/2019 3:49 PM
23	We need more police. We need more sidewalks. Stop building apartments	7/27/2019 3:20 PM
24	The increased traffic in Oakley.	7/27/2019 3:07 PM
25	More stores, Movie theater, and less storage units	7/27/2019 5:58 AM
26	No more storage facilities! My side of town needs a grocery store closer. Stop building these villages with homes stacked on top of each other on tiny lots.	7/27/2019 2:18 AM
27	Schooling and overcrowding plans of action needs a smoother running policy All neighborhoods should have a clean and structured appearance Older roads need to be updated especially the frequently used	7/27/2019 1:44 AM
28	The city needs to stop trying so hard to grow. We need to concentrate on what we have, and how to preserve that. We already have a small police force, yet we are building more houses, which will increase the population and effectively make our police force even smaller. Our fire fighters are also spread thin, yet we are building more houses, before a new fire station. Traffic on Laurel. All 3 of my children cross Laurel every day to go to school, with the "New Downtown" all the traffic was moved from Main St to Laurel, because the children's safety isn't as important as parking at La Costa??? Make Oakley safe for kids to walk to school again!	7/27/2019 1:12 AM
29	Increasing vagrancy No grocery stores between Winco and Lucky, but plenty of liquor stores. Housing construction outpaces street/road access.	7/27/2019 12:57 AM
30	Fill the empty houses or stop building, stop building gas stations and stop building storage businesses.	7/26/2019 4:40 PM

31	I would like to see something fun for people of all ages like go karts, arcades and rock climbing and laser tag and bowling maybe life size board games like chess and Exedra and mini golf and a bar and dance club for adults I have this all in one building would be cool if something similar to this like in San Jose I think it is they combined all the stuff in one building and what's cool about this place has everything for everyone	7/26/2019 3:41 PM
32	No more gas stations or storage units Awful traffic noise on laurel Too many houses being built	7/26/2019 3:13 PM
33	Traffic, easy access to Bart location for the shopping center	7/26/2019 12:02 PM
34	1. Homeless / drug addicts outside of so many stores 2. No good restaurants 3. Excess storage units and gas stations.	7/26/2019 12:00 PM
35	Too much traffic Too many new houses Not enough shopping!	7/26/2019 10:21 AM
36	City council doesn't listen to constituents, does what they want No more storage places or 7-11/AM PM gas stations No Muslim center in Oakley	7/26/2019 8:56 AM
37	Homelessness, lack of pedestrian walkways and cycling paths, good paying jobs. People are moving to Oakley and surrounding areas, but still commuting to the Bay and those surrounding areas.	7/26/2019 7:11 AM
38	1) More areas designated for parks/open space to maintain the rural flavor of Oakley 2) Traffic to and from East Cypress (Emerson Ranch, etc) will need an alternate corridor to the overwhelmed Laurel and downtown routes 3) Advocate aggressively for the e-BART station at Laurel. Lone Tree is already a traffic nightmare. and Laurel can be connected to Antioch at the Laurel off-ramp.	7/26/2019 6:36 AM
39	The Mosque on Neroly road	7/26/2019 5:41 AM
40	Homelessness More local business (Safeway) Oakley Farmers Market	7/26/2019 5:12 AM
41	Too strict of rules for aesthetic value only. I purposely moved into my home because there were no CC&R's. Not enough business to shop locally. We used to have several little gift stores/specialty stores, but they are all gone. Equality for all neighborhoods not just those that the city council live in.(streets that only residents can drive through)	7/26/2019 3:50 AM
42	Gang violence and presence. Additional restaurants and other places for families to spend quality time together. Places for juveniles to have fun in a healthy environment.	7/26/2019 3:14 AM
43	1) How to enable and educate our police force to deal with increasing crime, as the population of Oakley expands and as we open the connecting part of Laurel Road to Antioch. Also, there are too many people speeding on our residential streets. We need speed bumps and other deterrents to keep the speeding to a minimum, especially in Emerson Ranch. We also need more aggressive code enforcement for code violations. 2) The need for a large & beautiful public library (having it at Freedom High is unacceptable - something modeled after the Livermore one would be nice). Also, a public swimming pool like the one in San Ramon would be great. 3) Residents (like me) paying high taxes (mello roos). We do not like these taxes and they are excessive. The city should bring in more retail opportunities to enhance the tax base and work hard to either reduce or eliminate these awful taxes. A lot of people will likely lose their new homes to foreclosure or sell and move out because of them. We do not want to be like Lathrop with these taxes.	7/26/2019 2:56 AM
44	Climate Change Carbon Sequestering Opportunities where available Increase in pollinator habitat	7/26/2019 2:02 AM
45	Too many gas stations, not enough variety in restaurants and grocery stores, too many new homes being built	7/26/2019 1:23 AM
46	Homeless encampments Lack of emergency services (fire) Public awareness of community	7/26/2019 1:16 AM
47	We need to attract different types of businesses. Technology is very important. As we build more homes, please think of making the City attractive for entrepreneurs to start up businesses.	7/26/2019 12:40 AM
48	Overcrowding, too many 7-11	7/25/2019 3:23 PM
49	Too many new housing developments Congested roadways Not enough grocery options Too many storage units and gas stations	7/25/2019 2:22 PM
50	-Developing sidewalks on Rose and Main street -Improving Oakley schools -Improving the Oakley Libary	7/25/2019 2:09 PM
51	1. Bringing business and job opportunity to Oakley. 2. Development planning so Oakley does not end up a patchwork quilt with clusters of like businesses. 3.Homelessness, I realize this is not a popular stance, but this needs to be controlled to a degree, getting these people into the system where they can get help, but their dis-shelved encampments and looming presence at establishments is unsightly and intimidating. I have left a business and gone home because I didn't want to deal with the begging and pushy behaviors exhibited by many. I prefer the signs that discourage pan handling and give donations to foundations that help, rather than enable.	7/25/2019 12:48 PM
52	Crime Blight	7/25/2019 12:45 PM
53	Limited commercial options	7/25/2019 12:17 PM
54	Crime/Speeding on Roadways Fixing Main St in front of city offices. The parking spaces are useless. They don’t work! If you didn’t have the median down the middle then maybe it would. Check out why downtown Livermore’s works. No median. City leadership more interested in their agenda than what people actually want.	7/25/2019 11:22 AM
55	Affordable housing, affordable housing, build more schools	7/25/2019 10:00 AM
56	Homelessness. Loitering. Panhandling outside of business.	7/25/2019 9:29 AM
57	1.) City Council: Actions should reflect the will of the residents; we currently suffer from lack of representation. Mayor position should be by resident vote and not council appointment 2.) Safety: Crime is on the rise; homelessness and related issues have increased tremendously. 3.) Roads/Sidewalks: The majority of our roads cannot support the increased auto and pedestrian traffic; this is a hazard. Also, do not complete expansion of Laurel to Antioch as this will increase traffic along Laurel and provide a unneeded third conduit into Oakley from Antioch. Money can be better spent improving infrastructure	7/25/2019 8:50 AM

58	Uncontrolled building and growth Living wage jobs Adequate transportation infrastructure	7/25/2019 8:16 AM
59	Too many storage places are being built, we have an influx of homeless, I heard the city counsel plays favoritism	7/25/2019 8:14 AM
60	Lack of infrastructure (Roads, Schools, Fire), Stores such as Safeway, target, etc. (NO MORE STORAGE UNITS or 7-11's!!!)	7/25/2019 7:58 AM
61	Lack shopping for consumer goods, lack of dining establishments and lack of entertainment, i.e. movie theatres.	7/25/2019 6:21 AM
62	1) High speed drivers through neighborhoods and school areas. 2) More sidewalks. 3) Eliminate or hide multiple RV's, car collections, and boats, in single home properties.	7/25/2019 1:50 AM
63	Short sighted GREED & lack of environmental sustainability into the future. Promoting Gas Stations when trend is hybrid /electric. ....Who puts Petroleum company next to drinking water canal?? Fast food/convenience stores mean more trash.	7/25/2019 1:28 AM
64	Improved roads to ha DLS growong population. More stores/retail added. More restaurants. There are so many houses being built right now but currently Oakley doesn't have the roads, shopping, dining to support it	7/25/2019 1:03 AM
65	Crime/police presence; poor planning ie placing gas stations at the busiest intersection-difficult to exit during daytime hours. Additionally, need 2 lanes on both sides of main street to at least past O'Hara to the East.	7/25/2019 1:03 AM
66	Respecting heritage Respecting history Respecting CITIZENS' WISHES, and not kow-towing to the delusions of granduer foisted upon us by the city manager!	7/24/2019 1:02 PM
67	Speed on roadways.....the roads have potholes .....some roads need to be widened....more local employment	7/24/2019 12:38 PM
68	Fire stations built and maned w/o taxes More big business Affordable housing (not low income)	7/24/2019 11:11 AM
69	The upcoming train station will be a problem. The street is single lane and already clogged.	7/24/2019 9:47 AM
70	Lack of an independent Oakley Public Library facility Excess service stations/convenience stores/Self Storage Unattractive buildings on Main Street	7/24/2019 9:10 AM
71	Traffic Congestion	7/24/2019 5:39 AM
72	1) Safety challenges! To be able to offer incentives for commercial as well as offices to invest into our community, we need to offer better safety. Parking lots areas (for example, such as the Diamond Hill Spa & club) unfortunately become easy targets for youngsters/people to do wheelies and other nefarious activities like excessive drinking, smoking marijuana etc during after hours. And the Police response to complains from neighboring communities have not been as quick or strong as it should be. Such situations can also be curtailed if proper public area cameras in parking lots of commercial lots are INSISTED upon being installed by the Oakley county. It should be made mandatory so that a sense of safety can be put in place to limit such after hour vandalism and misbehavior! 2) Dealing with the issue of a slowly growing homeless population coming into Oakley, is definitely a point of contention because no matter what the discussion will be regarding it, there is enough evidence pointing to rise in criminal activities because of it. 3) More trash/bags for cleaning up after the dogs etc facility strategically located for people who walk their dogs in gardens, trails and even near residences where small gardens may be located.	7/24/2019 5:08 AM
73	Stop only building gas stations, storage facilities and convenience stores! Parking downtown is so poorly planned	7/24/2019 4:31 AM
74	Having to many storage units need to be addressed We need to have a new grocery store on Laurel not another 7-11 and gas station. Creating jobs for the people of Oakley	7/24/2019 3:12 AM
75	local government over reach local government representatives (honesty?) existing infrastructure vs. future infrastructure	7/24/2019 2:46 AM
76	No opportunities for shopping, need more restaurants, rise in crime.	7/24/2019 2:05 AM
77	Too many homes being built Homelessness How to preserve open land	7/24/2019 1:57 AM
78	A downtown area crime and infrastructure	7/24/2019 1:43 AM
79	Transients, crime and traffic.	7/24/2019 1:30 AM
80	The city council, mayor and manager	7/24/2019 1:07 AM
81	Jobs, careers, infrastructure (NOT HOUSING)	7/24/2019 12:24 AM
82	Need businesses to bring in revenue besides gas stations and storage facilities. I'd love to eat and shop in the city.	7/24/2019 12:20 AM
83	Too many new housing developments going up too quickly and losing the low-key suburban feel. We have no desire to live in another Antioch or Brentwood. Too many cars being parked on neighborhood streets, especially in the newer developments. Can barely drive one car down the streets, let alone the two that are supposed to be able to drive past each other.	7/24/2019 12:12 AM
84	1) protect kids and families from the Increase in homeless individuals who roam downtown and surrounding neighborhood streets, 2) Property Code enforcement patrol neighborhoods to ensure proper maintenance is enforced, and 3) Crime prevention plan upgrade to address potential problems when Amtrak is installed near neighborhoods, schools and businesses	7/23/2019 11:15 PM
85	To many gas stations and storage sites. The 3rd would be only one way in/out due to the narrowing of main street. This is causing too much traffic on Laural. Main needs taken back to 4 lanes to accommodate the housing going in on Cypress.	7/23/2019 10:44 PM
86	Traffic control Homelessness and vagrancy Downtown growth and beautification	7/23/2019 10:03 PM
87	Too much traffic, not enough main roads, stop building homes.	7/23/2019 9:08 PM
88	Protecting the open land The Delta Wild life	7/23/2019 5:18 PM

89	No more gas stations! No more storage units! Keeps our street safe and neighborhoods. Do not open laurel to Antioch.	7/23/2019 4:29 PM
90	Over expansion; insufficient resources (school capacity vs new building)(school fees are collected for this reason), fire dept/emergency response times; need a new grocery store closer to E. Cypress.	7/23/2019 4:01 PM
91	East Cypress road. Only one road into and out of Summer Lake community	7/23/2019 3:36 PM
92	Need more schools. New post office. Homeless. Need more traffic officers!!! (To catch the excessive speeds on residential streets!!) Fire Station!!	7/23/2019 3:33 PM
93	Infrastructure Fire protection	7/23/2019 2:31 PM
94	Schools Staffing the fire station on East Cypress Lack of shopping. (Safeway/ Starbucks)	7/23/2019 2:01 PM
95	More professional jobs	7/23/2019 1:27 PM
96	Homeless, too many storage and 711s, low income housing all centered in 1 area	7/23/2019 12:52 PM
97	Panhandling.. Homeless camps More police officers	7/23/2019 12:36 PM
98	Less Development (No More Walled Developments) Less Traffic More Small Town Feel	7/23/2019 12:19 PM
99	Parking of commercial vehicles in residential areas, one way in and one way out to Downtown, long dusty construction	7/23/2019 12:15 PM
100	The streets are full of potholes. Too many gas stations and storage places. Need big box stores so we don't give Brentwood & Antioch our gard earned tax dollars.	7/23/2019 12:07 PM
101	More people moving to Oakley but the street are getting super congested with the traffic especially around iron house. It is so frustrating to drive on cypress coming from summer lake in the morning due to all the extra drivers moved in and less access to the freeway.	7/23/2019 12:06 PM
102	Need more retail, restaurants Need more access to the Delta Need more culture, jazz/classical concerts, theater, etc.	7/23/2019 11:15 AM
103	We need RESTAURANTS. Have to leave town for a night out. Oakleys middle schools have terrible ratings. We are considering moving or home schooling because of this. A big beautiful city library in downtown area, with a park. We soend A LOT of time at Brentwood's library and community center and park. They attract the RIGHT KIND of activity.	7/23/2019 10:19 AM
104	Develope the downtown, increase local jobs and investment, and expand retail and commercial options.	7/23/2019 10:05 AM
105	Fire protection Police protection Road improvements	7/23/2019 9:49 AM
106	Growth and maintaining a proper, appropriate budget to pay for law enforcement and fire. 2) Crowding. 3) Loss of open space	7/23/2019 9:03 AM
107	Far too many gas stations and storage facilities there should be more options for places to eat out as families and options for the youth such as movie theatre/miniature golf course /arcade etc. this town needs to address homeless population and lack of desirable businesses. Too many storage facilities and low in come apartment complex's. We have the highest property taxes and have no decent places to go in this town and the city looses revenue to surrounding cities that have better options Get it together Oakley you can do better bring us a Safeway and some better places to shop and eat . If our children had a place that was fun to go they may not get into so much trouble.	7/23/2019 9:01 AM
108	Schools need to be better in education and teacher support, safer more efficient pick up and drop off for schools, crime and homelessness.	7/23/2019 8:58 AM
109	Homeless community on Main Street is progressively appearing worse. Drugs down O'Hara close to Main Street is bad can't walk from woodglen to Main without coming across a drug deal now.	7/23/2019 8:34 AM
110	We need more entertainment especially for teens, a bit of a nightlife would be nice too. I spend so much money in other towns to enjoy an evening out, it'd be nice to keep the money local. I am also concerned with the number of convenience stores popping up- within close proximity to schools. Research shows when these stores are nearby schools children consume more junk food and are in poorer health, not to mention the presence of alcohol and tobacco/vape products. The environment is an important contributor to a healthy life.	7/23/2019 7:40 AM
111	Road usage for too many new Oakley residence Not enough retail stores City office employees need better public servicing skills.	7/23/2019 7:20 AM
112	Please make sure the General Plan describes the need for a balance of land use types. This allowed Milpitas to deny gas stations when they had too many in the precedent set by Van Sicklen v. Browne (1971).	7/23/2019 7:08 AM
113	Homelessness, low income housing	7/23/2019 7:05 AM
114	The city is being overrun by storage facilities and gas stations. With the size of Oakley, we are already overwhelmed by the number of storage facilities and gas stations. Also, the "downtown" area is a disaster. It's too difficult to get down Main Street through the area because of the single lanes between O'Hara and Vintage Pkwy.	7/23/2019 6:58 AM
115	Fire protection, less home building, less storage units and gas station.	7/23/2019 6:53 AM
116	The ability to work where we live, access to grocery stores like Safeway, and more accessible competitive swim pool options.	7/23/2019 6:45 AM
117	We desperately need more services, more family activities, improved infrastructure	7/23/2019 6:26 AM
118	1. Too many new convenience stores and gas stations being built. Oakley is a small town and that's family oriented, bringing in these stores and gas stations increases traffic from the highway that brings complications that will chance away families. 2. Preservation of the land that's left, creat more open spaces and trails, places for wildlife. 3. Redesign down town. The traffic that is created by one lane each way causes traffic that keeps people from wanting to go downtown. Open it back up to two lanes each way.	7/23/2019 5:49 AM

119	Making sure general plan is for the residence. Not the look of Oakley for other communities. Keeping historical monuments Not allowing anymore storage units. More local jobs The whole city going solar	7/23/2019 5:45 AM
120	No real complaints, increase in school ratings would be great.	7/23/2019 5:44 AM
121	Fire Department and ability to have the manpower to provide best in class response time, improved dinning and entertaining facilities. Maintain the small town feel	7/23/2019 5:35 AM
122	Getting too busy, don't like gas stations and storage in residential areas	7/23/2019 5:29 AM
123	Infrastructure such as traffic mitigation Too much low income housing that isn't managed properly Not enough amenities such as grocery stores, especially for summer lake and Emerson ranch. Too many storage facilities and gas stations makes Oakley feel like a "pass through" town and not a destination.	7/23/2019 5:27 AM
124	Issues facing the city include removing beautiful vineyards to build useless buildings like storage/car washes. Oakley does not need more gas stations nor storage factories, and car washes are useless when preexisitng car washes at gas stations are already available.	7/23/2019 5:23 AM
125	Not enough shops or restaurants, too many gas stations, no attractions for families	7/23/2019 5:11 AM
126	Need more business growth so locals can support their own city(instead of shopping in Brentwood or Antioch) The growth in crime in the last few years Downtown needs to be more inviting to those that will actually spend and support businesses. No more thrift and junky businesses. How about businesses that draws more than just the local gang bangers	7/23/2019 5:02 AM
127	We need a mayor full time on the job City Plan for climate challenges Reducing use of chemicals proven toxic to citizens especially children.	7/23/2019 5:02 AM
128	Things to do for families and working families.	7/23/2019 5:02 AM
129	Building to many homes not enough schools. Creating more traffic with all the home building. Main streets are getting too congested. No grocery stores near the new homes.	7/23/2019 4:58 AM
130	Traffic, crowded schools	7/23/2019 4:54 AM
131	1. Section 8 is not good for the area look at antioch 2. Education for the kids 3. Safety	7/23/2019 4:50 AM
132	Lack of shopping, lack of sit down quality restaurants. Lack of grocery stores	7/23/2019 4:37 AM
133	1. rising crime in once safe neighborhoods 2. increasingly insane drivers and not enough traffic enforcement 3. spending money on non-essentials instead of infrastructure.	7/19/2019 2:28 PM
134	Crime Traffic Ridiculous high taxes	7/19/2019 1:58 PM
135	Transitioning away from a bedroom community into a community that is more self sufficient (e.g. has its own jobs, retail, etc). Balanced commercialization and growth that benefits the community. Ensure sufficient capacity for roads, schools, public safety, etc.	7/19/2019 6:00 AM
136	Downtown would be great if it had more to it so it was more inviting	7/18/2019 2:57 PM
137	Stop building stupid business mo more gas stations or storage, need good jobs and food restaurants.	7/14/2019 11:46 AM
138	Traffic, parking along Main Street	7/14/2019 3:42 AM
139	Fire Department funding, downtown congestion, lack of extra garbage pickup like most cities do.	7/13/2019 2:06 PM
140	Safety and fire services Assistance for homeless keeping them off the streets More employment opportunities	7/13/2019 8:25 AM
141	1. Too much growth, i.e. too many new storage facilities, 2. keeping out big box stores 3. continue good schools	7/13/2019 7:27 AM
142	Lack of amenities, social spots. Better connections for transit. Oakley is a commuter city. Electric car charging, again Oakley is a commuter city.	7/13/2019 6:12 AM
143	Fire protection x 3 Too much housing packed in...	7/12/2019 3:34 PM
144	More dog parks	7/12/2019 1:43 PM
145	1. We need to improve our schools. 2. We need speedbumps near schools. 3. We need to do more to protect against theft/crime.	7/12/2019 11:24 AM
146	too many residences, not enough jobs available to provide for a family, more shopping	7/12/2019 11:09 AM
147	Building more homes without proper room in schools for the young families occupying these homes. Lack of job opportunities. The fact that most of our residents give money to Brentwood Safeway's and avoid the congested remain st to get to Luckys or Raleys.	7/12/2019 9:34 AM
148	A city wide HOA (city government), leaders who dont listen and lack of support for the fire dept get rid if the city sponsored	7/12/2019 9:29 AM
149	More of a balance with bringing in restaurants and shopping within walking distance.	7/12/2019 8:28 AM
150	Stop building homes, not enough roads to accommodate all these new folks, and Bart can't accommodate the additional volume from parking or Ebart standpoint. Also add a Safeway and Bank of America near area 5. We could also use a decent restaurant like Texas Roadhouse!	7/12/2019 7:01 AM
151	-Keeping crime rate low -commercial and retail business within Oakley proper -infrastructure to handle growth	7/12/2019 7:00 AM
152	Over development Greed Lack of infrastructure	7/12/2019 5:58 AM
153	Fire Services, Too much housing growth, More police presence on roads to reduce speeding/reckless driving	7/12/2019 4:46 AM
154	Local businesses that hire local people Housing with larger yards Restaurants	7/12/2019 3:59 AM

155	1) Rentals!! I was the (very present) owner of one of them so I know about the fee and the inspection and the rules. However there are several rentals in my neighborhood that seem to go completely unchecked and are severely pulling down home values and quality of daily life for the rest of us. Yards un-maintained in any way, blankets hanging in windows instead of curtains or blinds, side yards filled with old furniture and mattresses, broken down cars with flat tires and expired registration sitting in driveways (& on streets) while their daily drivers clutter up and hog all the street parking — and many of the daily drivers are expired too or have illegal paper dealer plates. Of course these are the same people that are fighting with each other, lighting off fireworks, littering trash all over their yard which blows into the street and other yards. You do not appear to be doing much to enforce compliance with your rental inspection program! I think there should be a portal on the website where we can upload photos and descriptions of problem houses so you can DO something about it. 2) Hire more police! MUCH more traffic enforcement please. I saw you did a little blitz on Laurel yesterday - we need much more of that. I often see drivers being sooo wild and reckless 3) Functioning cameras at every intersection! Let's catch these people who are racing (I can hear them from my house at night ALL the time) Lets use them to catch other types of criminals too! — robbery etc	7/12/2019 2:47 AM
156	The downtown area (or lack thereof) needs an ALARMING amount of attention. I mean, what is going on?! There is PLENTY of space on the railroad track's side of Main for downtown-style buildings for RESTAURANTS/BARS and shops to occupy. I think it's safe to say we've had enough of the storage facilities. Lack of restaurants. Lack of communal pride.	7/12/2019 2:41 AM
157	Traffic. Too many new housing tracts	7/12/2019 2:41 AM
158	Nothing for teens to do. Teens are left unattended when parents commute and thus they can easily become misguided.	7/12/2019 2:38 AM
159	traffic control, annexation of land, housing developers	7/12/2019 2:24 AM
160	The trash that is moving in, homeless people need to go and no more gas stations.	7/12/2019 2:13 AM
161	Lack of another exit/traffic control/speed control/noise control on Laurel Road EAST of Marsh Creek for the HUGE number of residences in this area. More retail businesses for shopping/commerce. More police to enforce safety, noise, and violators on our roads.	7/12/2019 2:12 AM
162	There are many dumpy, dirty, run down parts of Oakley. Before building new areas, run down areas should get some attention. More attention should be paid to residential areas. Especially older ones. Residents of Oakley, whether renters or owners, should not be permitted to trash or junk up our city.	7/12/2019 2:02 AM
163	Crime needs to be addressed ...people going through the neighborhoods at night going through our mailboxes and stealing our packages , taking things off our front porch ..breaking our car windows ..this really needs to stop	7/12/2019 1:43 AM
164	too many homes-out of control growth fire protection no retail/sales tax base	7/12/2019 1:40 AM
165	Traffic, no good retail, no good bar and grill but plenty of useless storage facilities	7/12/2019 1:38 AM
166	Fire protection or lack of.	7/12/2019 1:34 AM
167	Homeless, meth problem and mental health abuse	7/11/2019 2:55 PM
168	Crime/blight- keeping businesses and housing known to attract blight and crime need to be placed at the periphery of city limits, near freeways, not in school zones or adjacent to established neighborhoods. Traffic- directing through traffic onto less populated streets, and streets with consistent speed limits will provide safer travel. Also, being sure lights are timed. Jobs- we need more living wage jobs in Oakley, enough GAS STATIONS that will not only pay minimum wage, but will ensure only more minimum wage jobs, as those are the only other businesses that will be willing to locate on those properties	7/11/2019 2:30 PM
169	Finish the 'hourglass' roads Finish Laurel to Sellers before the Cypress corridor is built out. Reallocate funds to the Fire District in the same percentage Antioch and Pitsburg do theirs.	7/11/2019 12:16 PM
170	Traffic, need closer jobs/shopping, crime	7/11/2019 11:25 AM
171	Lack of local careers, lack of adequate fire protection, deteriorating transportation infrastructure	7/11/2019 9:39 AM
172	*Traffic on Laurel *Lack of shopping IN Oakley *Stand alone Library For a city our size it is very sad that we do not have a stand alone library.	7/11/2019 9:04 AM
173	Need to preserve what is good about Oakley while bringing in projects that enhance the community. Must embrace sustainable growth. Need to weigh projects against a vision for a better Oakley.	7/11/2019 8:13 AM
174	Homeless Crime New Library	7/11/2019 8:07 AM
175	We need more commercial stores, grocery, retail and pharmacy type general stores and restaurants. My BIGGEST complaint for Oakley and its challenges are also the lack of care to the roads (improvement in paving potholes) and the lack of landscaped sidewalks and upkeep of the paths, bridges etc. Laurel road at the end of Main St./Teton is so bad with potholes, no through , clean sidewalks and the bridge over the creek is so unsafe and unkept. It needs better crossing for safety of pedestrians. (flashing lights at crosswalks) We need better roads! And also the crime with and help for the homelessness. would love to see that new large park go in at the sellers location	7/11/2019 7:50 AM
176	The poor attention to growth with regards to roads/traffic into our city of Oakley. Many of us have purchased homes here in Oakley because of the affordability. In turn causing a jump in city growing pains. 1. Traffic flow - faster ways to and from the freeway ways. 2. Better Shopping Centers to East Cypress 3. School traffic design (Iron House Elementary- Needs to mirror Pioneer Elementary in Brentwood Drop off/Pick-Up 4. Downtown - near city hall traffic is a poor design PERIOD! As a homeowner whom travels M-F 4-5 Hours commuting a day. All I want to do is to get home, not be bothered by a badly designed city, traffic and lack of healthy and convenient shopping stores near my home. Please consider thinking more clean air, and green with our city. It can be beautiful with the proper ideas put into place to afford all involved. Low Income, Mature Adults, Veterans, Mid Class, etc. United we can all live together.	7/6/2019 9:03 AM

1162

177	Keeping traffic down and accessability open with the additional homes being built. Environmental concerns as far as keeping clean air and water and low emissions.	7/4/2019 2:01 AM
178	Traffic. The downtown area is trying, and it has the potential to be a big draw for our community. But the traffic is horrendous.the layout is not inviting to pedestrians, foot traffic needs to be increased for this area to thrive. Homelessness, I don't know if the numbers have truly increased or they are just more visible, but with an Amtrak station planned for downtown it will only get worse. Fire/EMS , building fire stations won't solve the funding problem. We need to be able to staff the stations so the community has the emergency services it desperately needs. The thousands of homes down Cypress, summer lakes and Emerson ranch means more emergencies. My husband is in EMS. Response times have increased. Without more people to respond to these calls, our community, your families will suffer when time can mean life of death.	7/3/2019 11:55 PM
179	Congested roads but continuous housing developments; crime brought in by low income housing	7/3/2019 6:11 PM
180	Converting of farms and open land into housing developments, oversized and overpriced housing leaves those employed in our community hurting while only catering to wealthy folks working in the big city, the destruction and alteration of historical downtown into a tacky space that is hard to navigate through leading to increased traffic congestion in neighborhoods	7/3/2019 10:03 AM
181	Too many homes, gas stations and storage facilities.	7/3/2019 8:38 AM
182	Homelessness School traffic Waterfront recreation	7/3/2019 7:47 AM
183	Increase in crime from low income apartments on Carol Lane. Increase in homeless, I see too many homeless roaming our streets. Not enough schools for the homes they are building. We need to make sure the town does not get to big to have the proper amount of officers to protect our city. Too many cars and too many accidents and people speeding! We need more traffic control.	7/3/2019 6:49 AM
184	Not enough basic infrastructure (Fire/Police/Schools) Not enough grocery stores TOO MUCH TRAFFIC (TOO MANY HOMES)	7/3/2019 6:25 AM
185	The influx in new housing is out of control and the roadways are not adequate to accommodate the traffic. The police presence is too small. The lack of another fire station is extremely concerning for the deteriment of safety in the community.	7/3/2019 6:04 AM
186	Not enough fire services for the amount of housing that keeps going up. Too many gas stations and storage facilities and not enough businesses we could use. Too many houses taking up open farmland, the one reason I moved to Oakley.	7/3/2019 5:56 AM
187	Adding more homes but the roadways aren’t wide enough. Also, schools are already over crowded. Too many storage facilities & gas stations.	7/3/2019 5:55 AM
188	attract more jobs; affordable housing; slower residential growth	7/3/2019 5:43 AM

Q3 Community VisionWhat three things would you like to see accomplished by 2040 in order to improve your community?

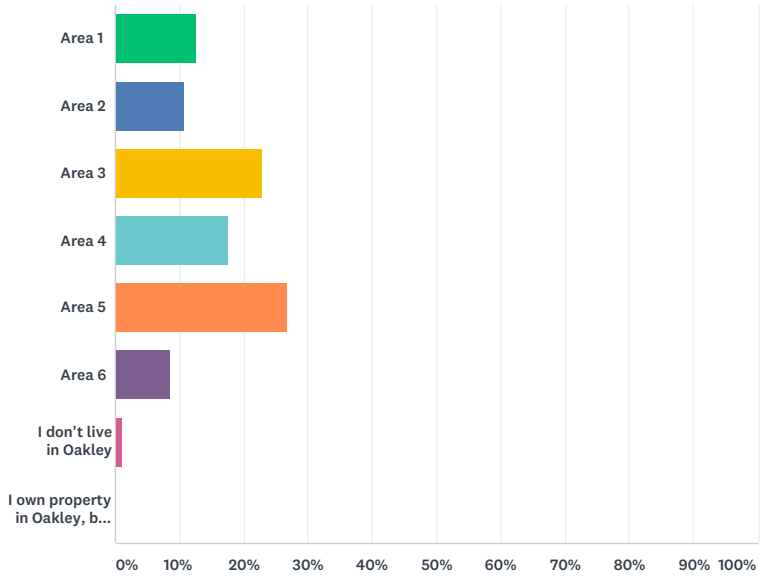
Answered: 181 Skipped: 23

#	RESPONSES	DATE
1	1) Industrial park. 1, 2, and 3 story sites attracting high quality jobs and corporate income taxes. 2) Parks are expensive to maintain - Quit adding them already!	8/5/2019 1:13 AM
2	More schools so our kids could get a better education instead of being so many kids to a class and school! More jobs for business professionals out here so not so many need to commute for 2+ hours each day.	8/4/2019 9:50 AM
3	A stand alone library!!!!!!	8/1/2019 2:19 PM
4	Public library, a downtown you can walk to and from shops to, and Cypress and Sellers widened	8/1/2019 2:12 PM
5	stop 5 g from being implemented without study of impact on humans, do not sell out the community to the cellular companies	7/29/2019 10:05 PM
6	Protect usuable green space, traffic control, foster small businesses particularly in the downtown Main Street area.	7/29/2019 2:14 PM
7	A promenade with storefronts, restaurants, fire pits, and outdoor seating.	7/29/2019 6:52 AM
8	Improve downtown, create train quiet zone, stop massive building projects that bring more people and traffic	7/28/2019 2:20 PM
9	Everything stayed above	7/28/2019 1:49 PM
10	Another large grocery store. A new bigger Post Office.	7/28/2019 1:49 PM
11	A library No more houses Road improvements	7/28/2019 12:57 PM
12	More retail and jobs, improved infrastructure to accommodate all the growth, no more storage and gas stations	7/28/2019 8:33 AM
13	Swimming pools Trader Joes More Parks Investment into Main Street, have a bakery, an art shop, florist, fishmonger, beauty boutiques	7/28/2019 7:22 AM
14	A nice safeway grocery store, improved police and fire coverage, and the horse trails promised in the plan for the upcoming park project.	7/28/2019 6:23 AM
15	All new local government officials, no more houses, or storage units, focus on the residents that live here now, not the residents you hope to bring in.	7/28/2019 5:57 AM
16	revenue from big box stores, more grocery store, better road conditions	7/28/2019 2:32 AM
17	A pool or swimming park for the community. Activities such as an ice rink for kids to enjoy. Roads need to be maintained! We pay way too much to drive on these roads and they are not maintained adequately.	7/28/2019 2:18 AM
18	Large stores/businesses (no more gas stations and storage facilities) Improvements and traffic flow	7/28/2019 2:15 AM
19	more restaurants bigger, accessible grocery stores more retail stores	7/28/2019 2:01 AM
20	More police.	7/27/2019 5:23 PM
21	Drive in movie theatre Skate parks Police & community activities	7/27/2019 4:09 PM
22	More shopping No more storage units No more gas stations	7/27/2019 3:49 PM
23	More community events. Develop the Main Street to mirror Walnut Creek. Develop the waterfront with walking paths	7/27/2019 3:20 PM
24	More parks or recreation centers. Less of those stupid storage units	7/27/2019 3:07 PM
25	More stores and restaurants, job growth, better school ratings	7/27/2019 5:58 AM
26	Another grocery store closer to main/laurel	7/27/2019 2:18 AM
27	Homeless population decreased More police on patrol More entertainment	7/27/2019 1:44 AM
28	Fire station fully staffed at the end of Cypress (should be done this year!) Police force with adequate staffing to keep our community safe. .78 officers per 1000 residents is not adequate. Less fast food/liquor store/gas stations. More family restaurants, quality businesses.	7/27/2019 1:12 AM
29	Reinvestment in old town Oakley. Discontinue the building of storage facilities and liquor stores. Increase neighborhood security	7/27/2019 12:57 AM
30	As much as I personally don't like populated areas, try to make it so the city can withstand the amount of people attempting to live here. This is a big enough issue to fit all three criteria. Roads, school parking lots etc. are all very busy during times in use (commute, school getting out etc.). I live close to Laurel and the roads can't even be used because of the too-tiny parking lot.	7/26/2019 4:40 PM
31	No more houses or make the houses on huge lots, don't cram 50 houses on a tiny property More parks Keep open land	7/26/2019 3:13 PM
32	More transportation for senior lower tax for senior	7/26/2019 12:02 PM
33	1. Restaurants! 2. Things to do (wine bar, continue community activities, etc) 3. Improve our schools, I don't even have kids, but the scores overall aren't great. 4. Build the preservation/recreation area across from Emerson Ranch 5. Safety - please do something about the homeless walking the streets all of the time.	7/26/2019 12:00 PM

34	Less people Less traffic Better shopping available	7/26/2019 10:21 AM
35	Develop the home town feel to truly feel like a small town... Increase amenities, add a waterfront boat launch/park. We have a lot of waterfront that simply isn't developed for recreation. Big Break park is a joke...you can't swim, no shade anywhere, spiders attack you on the dock...just look up. Stop building homes (rezone the land back to agricultural), we don't need to be a larger bedroom community	7/26/2019 8:56 AM
36	More walkways/bike paths, and shorter commute because of better employment opportunities	7/26/2019 7:11 AM
37	1) Well funded programs for recreation, police, fire and open space. 2) A council that doesn't simply give in to the desires of developers because they "can't make a profit" if their proposed plan is revised in any way, Every resident along Neroly was opposed to Seeno's plan, and they were blatantly ignored. 3) Less public storage/gas station facilities and a better regional shopping area. Perhaps to serve the ever-expanding East Cypress developments, which continue to expand without any services.	7/26/2019 6:36 AM
38	No more building of homes, storage sheds or 7-11's!!!!	7/26/2019 5:41 AM
39	Oakley Farmers Market More walking bicycle trails Incentives for more local restaurants	7/26/2019 5:12 AM
40	A library centrally located. No more storage or gas stations except maybe out along the cypress corridor. Costco	7/26/2019 3:50 AM
41	Add quality restaurants, increase safety though policy and increased police presence.	7/26/2019 3:14 AM
42	1) Besides the library mentioned above, I would like to see a large (modern) family fun center with miniature golf, laser tag, and other activities. Having a company come in to do affordable boat rentals for those of us who cannot afford to purchase them would be great, especially if this were done at the new park off Sellers Avenue. 2) Grocery stores, a nice gym, and some light retail on the Cypress corridor in Emerson Ranch and East of there. No self-storage, cigarette stores, barber shops, dollar stores, but quality retail. I would also like to see something similar to first street alehouse in downtown livermore and maybe a community theater similar to the bankhead theatre. 3) It would be nice if the community park could be constructed long before 2040. I would like Downtown Oakley to adopt a more upscale feel to it and I would also like the same for the area East of cypress and main. I'm not sure how this could be accomplished, but Main Street needs to be widened near downtown and I feel that the area just North of Main St. and Cypress could have better lighting and pedestrian pathways.	7/26/2019 2:56 AM
43	Downtown Revitalization along Main St. Cleaner, litter free neighborhoods Maintenance of Natural Resources	7/26/2019 2:02 AM
44	a Safeway, more variety In shops and restaurants, and our streets need major improvement.	7/26/2019 1:23 AM
45	I'd like more hang out places to take my kid (climbing gyms, tech-savvy science STEM facility that encourages learning, playgrounds for all kids' ages, and even to have adult time (meaning restaurants, a good bar, brewery, wine tasting place).	7/26/2019 12:40 AM
46	Restaurants, shops and a Safeway	7/25/2019 3:23 PM
47	Better roadways (wider)	7/25/2019 2:22 PM
48	-Oakley Down Town -Walking/ Biking trails connecting all of the Oakley parks -Creation of a Oakley phone app	7/25/2019 2:09 PM
49	I feel like there is a lot of division within the community. I have only been here about 4 years but it seems more and more people are very vocally opposed to everything "city council." 1. I believe this rift must be healed for any positive direction can be made. Enforcing things that have been ignored for years and not enforcing things that are a true issue, (parties too loud and too late, package theft, car break in's, trespassing) these kind of things are causing discontent. I realize only part of this rests on the city councils shoulders but as a whole the inconsistency is harming Oakley. 2. Would once again would be the homeless issue. I would like to see businesses cleaned up and free of panhandlers (some) intimidating customers with their behaviors. I know this isn't an easy "fix" and that it would require research, funding and effort, but it doesn't look good for Oakley to have its businesses and street corners littered in trash and with people pressuring drivers and passerby's for money. 3. I would like to see a businesses and infrastructure (police & fire as well) here in Oakley. Businesses would keep Oakley money in Oakley's hands and makes the citizens of this community feel like they live in an up and coming community not just the step child to Brentwood. Infrastructure give the area safety, security, stability and a plan for growth.	7/25/2019 12:48 PM
50	more places in the community for entertainment, socialization.	7/25/2019 12:45 PM
51	Retail, such as a Safeway, book store Medical offices besides a dentist and chiropractor. Some sort of entertainment area like Boomers, water park.	7/25/2019 11:22 AM
52	Build more housing that is accessible to normal people, not half a million dollar houses, and increase community policing.	7/25/2019 10:00 AM
53	Community safety. Less low income housing and more upscale housing/business. Emphasis on community unity and nature/recreation. More trees for shade and beautification.	7/25/2019 9:29 AM
54	1.) Delta Location/Lifestyle: General Plan should include delta preservation and promote and encourage the outdoor activities; Codes should align with this. 2.) Commercial Business: Put a stop to convenience stores and storage unit growth. Future Commercial / Retail space should be located only on the outer edges of city lines; this will reduce traffic while still generating revenue and creating jobs. Current plan has random 'pockets' of commercial/retail zones which make no sense 3.) Laurel Road: Stop the extension of Laurel road to Antioch as there is no need for a third point of direct access from Antioch to Oakley	7/25/2019 8:50 AM
55	Fully funded fire district to support 9 stations with plan for growth Urban agriculture plan Rent stability	7/25/2019 8:16 AM
56	No more 7-11's, gas stations or storage units!! I'd like infrastructure to match and support new home development. Strategically plan where new businesses and low income housing are located.	7/25/2019 7:58 AM
57	I'll be dead by 2040, so why bother responding.	7/25/2019 6:21 AM

58	1)Eliminate storage buildings and 7/11's. 2)Bring back the local farms. 3)Promote home grown fruits and vegetables.	7/25/2019 1:50 AM
59	Sustainability Sustainability Sustainability	7/25/2019 1:28 AM
60	Safeway build a store on laurel/Ohara. Laurel plaza expanding with a restaurant or two.	7/25/2019 1:03 AM
61	Alternative route to freeway. Empire between laurel and west cypress very busy, lots of speeding traffic. Difficult to get onto Empire from tangential neighborhoods. Also, crosswalk difficult to see as evidenced by multiple pedestrian injuries.	7/25/2019 1:03 AM
62	Replace the city manager with someone who respects Oakley's heritage Slowing of growth--particularly--we have MORE THAN ENOUGH gas stations and storage lockers already! Develop the DuPont property into a light industrial/business area to ease the tax burden on homeowners	7/24/2019 1:02 PM
63	More local employment.....better roads...cut back on housing	7/24/2019 12:38 PM
64	Big box store in town Finish downtown redevelopment Complete 55 acre community park	7/24/2019 11:11 AM
65	1. Maintain a SAFE city to live in. 2. Trees and more trees (this one from my dog) 3. Limit home construction.	7/24/2019 9:47 AM
66	Oakley Community Swimming Pool Improved walking/bike trails with landscaping Oakley Library - soon	7/24/2019 9:10 AM
67	Putting a stop sign for southbound traffic on Big Break at the Big Break and Vintage Parkway. Amtrak stop in Oakley.	7/24/2019 5:39 AM
68	1) Having a proper community center with a well sourced library to grow arts & cultural exchanges. A place that can attract performances for the growing diverse Oakley population. 2) Bring more offices/companies to invest in our area by taking a survey of the kind of job Oakley residents do. For example, if survey shows many people going to Dublin/Livermore area for Tech jobs, perhaps Oakley township can give incentives for these Tech companies to open smaller offices where people can go to work rather than go to Dublin/Livermore. 3) Create a new road route via Vasco (in collaboration with Brentwood and Antioch) for people to easily connect to the fast growing Tech companies/Hospitals in Livermore/Dublin area. This will definitely give a lot more incentive for people to buy homes in our area, more shops/stores to open and also get builders to invest better in building good homes in Oakley area.	7/24/2019 5:08 AM
69	Totally new city council who really understands and cares about the residents and city not for themselves to make a buck.	7/24/2019 4:31 AM
70	Right now we are lagging behind Brentwood in the since of bringing in viable businesses. If you need help luring these places like a Safeway or another Grocery store I can do better than who ever your negotiator is. A grocery store will also bring in more jobs for the community than a 7-11 or gas station or public storage. We have a new shopping center opening up and I haven't seen any stores that are committed to coming in yet. A wine bar is an excellent idea but that is only one idea that should have been in the works for 5 years now.	7/24/2019 3:12 AM
71	New City Manager (long before 2040) Decision to not move ahead with train station Address existing infrastructure	7/24/2019 2:46 AM
72	More shops/stores, more restaurants, improvements to the existing schools.	7/24/2019 2:05 AM
73	Slow down of growth Stabilization of housing construction Problem of homelessness	7/24/2019 1:57 AM
74	Keep agriculture and open spaces it provides	7/24/2019 1:43 AM
75	Recreation and aquatic center, keep Marijuana shops out of Oakley don’t allow infrastructure and developments that do not represent the population of Oakley.	7/24/2019 1:30 AM
76	No more homes as fire and PD and schools cannot handle this nor can the freeway. We need something for children and teens like a bowling alley, arcade, pool hall,etc.	7/24/2019 1:07 AM
77	Jobs, careers, infrastructure (NOT HOUSING)	7/24/2019 12:24 AM
78	More police officers. Access to public transportation 1 Activites for kids and teenagers.	7/24/2019 12:20 AM
79	Increased neighborhood code enforcement, slow down on the new developments and add some speed bumps/tables in the newer developments.	7/24/2019 12:12 AM
80	1) Upgrade all aging neighborhoods exterior and business (e.g. Raleys and Lucky complexes) walls facing main streets that are obviously in need of paint at a minimum, 2) add speed bumps to help control speeders throughout Oakley, and 3) increase Oakley police department and budget to equip officers to help keep up with growing population to ensure law and order is maintained keeping Oakley once of the safest cities.	7/23/2019 11:15 PM
81	Fix the 3 challenges above. Also get all of Oakley zoned for Oakley schools. No more east of Empire in Antioch school district.	7/23/2019 10:44 PM
82	Cease New home developments Improved roads/traffic Expand police force	7/23/2019 10:03 PM
83	Stop the building of homes, ease of traffic congestion, shopping	7/23/2019 9:08 PM
84	Protect your land and the delta water and wild life. Once they are gone then we are like everyone else that strips our land of preservation. Money is not everything. Limit our City from overbuilding And construction. Don’t over sale ourselves. Prosperity will come.	7/23/2019 5:18 PM
85	More restaurants, movie theater, businesses that are kid friendly. Keep gas stations away from schools and neighborhoods Stop building more homes	7/23/2019 4:29 PM
86	(1) get some more local jobs to the area so less people are commuting; (2) I like the park idea but not sure if that is the best use for City money - maybe alternatives should be looked at or maybe scale down the project? It could benefit the City for money elsewhere; less taxes - we pay 2.1% taxes and will likely need to move to a neighborhood without those extra taxes	7/23/2019 4:01 PM
87	Schools. Library. Fire stations.	7/23/2019 3:33 PM
88	Infrastructure Fire protection Schools	7/23/2019 2:31 PM

1166



89	Funding for roads-widening, adding turning lanes and updating old roads Staff fire station on East Cypress	7/23/2019 2:01 PM
90	Bring more professional jobs into town	7/23/2019 1:27 PM
91	Stores like trader joes, sprouts or Safeway. Street paving/pothole repair. More improvements on city parks	7/23/2019 12:52 PM
92	Better shopping stores.. more fast food.. less tax..	7/23/2019 12:36 PM
93	More Open Areas (Parks, Orchards, Vineyards Etc.. No Section 8 Rentals More Commercial Less Housing	7/23/2019 12:19 PM
94	New City Council, new Mayor. More big box stores and less gas stations & storage places.	7/23/2019 12:07 PM
95	More wider streets More grocery markets Big box stores like Home Depot, wall Mart, target, ...etc	7/23/2019 12:06 PM
96	Development of Cline Cellars vineyard into a winery Expansion of community center into a performing arts theater Development of downtown with shops, restaurants, art galleries, book stores, etc.	7/23/2019 11:15 AM
97	Library Better schools Restaurants (Cheesecake Factory?!)	7/23/2019 10:19 AM
98	Increase the downtown, use Livermore or Lafayette as a guide. Improve transit options to reduce congestion. Maintain green spaces.	7/23/2019 10:05 AM
99	Fire protection Police protection Road improvements/sidewalks	7/23/2019 9:49 AM
100	Street/ roadways free of trash. Grow the Volunteering in police organization. More schools. Developers footing the bill.	7/23/2019 9:03 AM
101	1) shopping mall 2) grocery store (Safeway /trader Joes) 3) lower property taxes 4) decline of section eight in homes valued over 450,000 5) clean up low income neighborhoods eg. stricter enforcement of front yards and driveway and maintenance of yards 6) clean up schools and build another middle school and high school in city limits to lower tax payers cost for two districts 7) more bike friendly roads 8) better options at parks for middle aged children 9) build a sports complex & community pool 10) better location for post office and nicer people working there that accommodate all people 11) get the police on violators for loud cars doing donuts 12) do fireworks on 4th of July 13) do something to sustain the awful marijuana smell that constantly consumes this area	7/23/2019 9:01 AM
102	More recreational activity available and accessible, teen centers so they have a place to go and be kids, more art, outdoor community gardens and theaters in open lots. Connections to elderly who need our help and support.	7/23/2019 8:58 AM
103	Community cultivated through new building plans.	7/23/2019 8:34 AM
104	No more storage facilities. More entertainment options for a variety of ages. Cap on convenience stores with regulations on minimum distance from schools and parks.	7/23/2019 7:40 AM
105	Schools should be better equipped if city is allowing more housing developments.	7/23/2019 7:20 AM
106	Denial of Gas stations or storage units using previously established methods in case law. Traffic solutions for East Cypress so the new housing does not create a new Clayton situation where residents commute to the freeway before they commute to work. Keep up the good work,	7/23/2019 7:08 AM
107	Homelessness addressed	7/23/2019 7:05 AM
108	More family oriented activities more shopping, fire protectionq	7/23/2019 6:53 AM
109	A Safeway put in A competitive 25 yard pool or swim complex More business opportunities	7/23/2019 6:45 AM
110	Improved fire protection, better roads, more schools	7/23/2019 6:26 AM
111	Open spaces for wildlife Lower the amount of low income housing Better downtown design	7/23/2019 5:49 AM
112	I would like to see a small substantial community.. the whole city with zero waste and emissions	7/23/2019 5:45 AM
113	More parks, keeping up with the beautiful landscape like Brentwood does. And add some tasting rooms or restaurants things like that.	7/23/2019 5:44 AM
114	Push county for better school ratings, access to the delta, recruit best in class restaurants.	7/23/2019 5:35 AM
115	Stop the gauntlet downtown, stop building, keep vineyards.	7/23/2019 5:29 AM
116	New commerce downtown New infrastructure and roadway improvement	7/23/2019 5:27 AM
117	Maintain the beauty of Oakley by preserving the grape vineyards, it's a beautiful and standout feature of Oakley.	7/23/2019 5:23 AM
118	More family friendly attractions, dining and shopping that will go back into the city, clean ups around all neighborhoods	7/23/2019 5:11 AM
119	Better more impressive downtown. One to be proud of and invite outside communities to patronize. Maintain strong police presence to keep the quickly moving in riff raff. Ease up on over building and populating.	7/23/2019 5:02 AM
120	I would like to see the City move away from herbicides and pesticides use. Create a healthier more sustainable agriculture and landscaping.	7/23/2019 5:02 AM
121	Pedestrian safety along Main St (install sidewalk at least on one side); Improvements to children's play areas (shade sails, trees, etc); Enforce dog leash laws and animal restraints in the backyards (I walk frequently and see a lot of dogs on the loose)	7/23/2019 5:02 AM
122	The street planing needs to improve streets are torn with potholes and cracks everywhere! Repair and repair streets every other year. The main streets to get out of OAKLEY are only 1 lane roads causing traffic. The street planning needs to look at renovating streets and convert them to 2 lanes not 1 lane roads to cause traffic in the city of OAKLEY!' Houses should be built like old style ranch house with side yards to accommodate boats and RV parking. Since our Oakley is known for the delta and closed to camp grounds!	7/23/2019 4:58 AM

123	More schools, parks Less traffic congestion retail stores	7/23/2019 4:54 AM
124	More Police Officer More stores in Oakley less Code Enforcement Officer because they are pick old people just because there grass is dead!!!!!	7/23/2019 4:50 AM
125	More shopping / high end retail, fine dining	7/23/2019 4:37 AM
126	Restore sanity to the traffic on our streets. Spend our money on fire and police services not parks and downtown beautification. Get a city council that listens.	7/19/2019 2:28 PM
127	Businesses other than storage facilities, gas stations and mini marts. This is a fishing community... how about a Bass Pro/ Cabelas store?	7/19/2019 1:58 PM
128	More local jobs. More retail (SAFEWAY), restaurants, medical, and other local services. Better access to transit.	7/19/2019 6:00 AM
129	A more inviting downtown, but you guys are doing a great job slowly improving it. I understand this won't happen overnight. I'm	7/18/2019 2:57 PM
130	Better planning, roads suck houses everywhere.	7/14/2019 11:46 AM
131	Different type of parking along Main Street	7/14/2019 3:42 AM
132	Fire Department funding, open downtown road, do fee excess garbage pickup ever 3 months instead of making it so expensive for residents to get rid of their stuff.	7/13/2019 2:06 PM
133	Keeping the small community charm Not becoming a city HOA!!! Maintaining police and fire services	7/13/2019 8:25 AM
134	1. possible addition of a public swimming pool 2. increased Senior citizen activities and education 3. On call public transportation, small buses or vans	7/13/2019 7:27 AM
135	Nightlife. Rail connections.	7/13/2019 6:12 AM
136	Bypass around downtown. More sporting opportunities. Grocery, retail, restaurants out towards Bethel Island. Less storage units! WTF	7/12/2019 3:34 PM
137	More dog parks More upscale vendors Community fairs	7/12/2019 1:43 PM
138	1. Improve school ratings 2. Decreased crime 3. More downtown facilities	7/12/2019 11:24 AM
139	delta family fun water zone, tennis center, commerce	7/12/2019 11:09 AM
140	Big box stores. Downtown completely redone and accessible. A nice establishment like a winery or local pub to enjoy with outdoor area	7/12/2019 9:34 AM
141	Get rid of the city sponsored HOA, more support for the fire dept, better roads	7/12/2019 9:29 AM
142	Restaurants and shopping for clothes and food in walking distance of my home.	7/12/2019 8:28 AM
143	Stop building homes, add a Safeway and Bank of America near area 5	7/12/2019 7:01 AM
144	-Keeping crime rate low -commercial and retail business within Oakley proper -infrastructure to handle growth	7/12/2019 7:00 AM
145	Growth limits, New Community Park completed with preferences towards a Rural feel (Farm/Animal type of features), Fire Service funding	7/12/2019 4:46 AM
146	Fix intersection of Empire with both Main and Oakley Road. Water Park or similar near E Cypress Bike lanes clearly marked and separated by double yellow line and "thumpers" on Empire, Laurel, O'Hara, Main	7/12/2019 3:59 AM
147	1) Revitalized, thriving downtown (a destination place) 2) SAFE streets (main roadways AND neighborhoods) 3) Clean, well-maintained neighborhoods. PLEASE don't let us go the way of Antioch!!!!	7/12/2019 2:47 AM
148	A development of a downtown. More parks and recreation. More places to eat and drink.	7/12/2019 2:41 AM
149	Make Oakley a destination and not just a pass through town. A vibrant downtown with shops and activities	7/12/2019 2:41 AM
150	Spend less on aesthetics and more on infrastructure.	7/12/2019 2:38 AM
151	increase police, increase fire dept staff, increase community outreach services such as domestic violence shelters, Meals on Wheels	7/12/2019 2:24 AM
152	More police officers, no low income homes, no gas stations	7/12/2019 2:13 AM
153	Traffic control on Laurel Road east of Marsh Creek for safety, speed, noise. So many houses and only one exit. A larger police force with more visibility and presence. Better roads.	7/12/2019 2:12 AM
154	Follow through with neighborhood preservation, stop building new homes and worry about the residents and areas that are already here. We deserve to be priority. The more and more people that are attracted to open the more and more crime we will have, the more and more blight we will have. But I guess city government is only concerned about the revenue it will bring :(	7/12/2019 2:02 AM
155	Are you kidding I won't be alive by 2040.. what a stupid question	7/12/2019 1:43 AM
156	less subdivisions larger lots allowing rural lifestyle (limit ag) retail built along Main Street	7/12/2019 1:40 AM
157	Won't be here past 2024. I am selling and leaving this mismanaged joke of a city	7/12/2019 1:38 AM
158	Appropriate levels of fire protection.	7/12/2019 1:34 AM
159	Better shopping centers, bigger community events and cleaner landscape	7/11/2019 2:55 PM
160	1. Clean up the streets. Landscaping and communal fences are in very poor shape 2. Establishing some solid business centers where people can earn a living wage. Capitalize on the proximity to the Delta, by creating areas for leisure with restaurants and entertainment. 3. Prohibiting any cannabis related businesses! They will only bring more crime and blight to the area! Oakley could easily stand out as one community committed to keeping our youth safe and providing a desirable area to live.	7/11/2019 2:30 PM

161	Rebuild the Main street corridor to four lanes Permanently fund the Fire district Stronger more forceful code enforcement department	7/11/2019 12:16 PM
162	Traffic, jobs/shops, crime	7/11/2019 11:25 AM
163	Urban agriculture, improved roadways, local career opportunities	7/11/2019 9:39 AM
164	*More shopping centers *New library *More dedicated open space. As more developers build up on the farm space, our open land disappears and we will become just another suburb. To combat that we need open space put in a trust so it cant be over developed.	7/11/2019 9:04 AM
165	Tech industry jobs. Quality shopping and dining options. Cohesive community spirit and vision.	7/11/2019 8:13 AM
166	Community park Curb development Sidewalks all the way down main street to Lone Tree Way	7/11/2019 8:07 AM
167	Not so many homes but more things to do in Oakley. Better retail, better shops, restaurants, and things for kids/families to do. A community pool/waterpark maybe?? More jobs here.. and keep some of the open land.. not just homes everywhere like Brentwood did.	7/11/2019 7:50 AM
168	2040???? Stop □ You need to improve sooner than later. Better pay for teachers. So, we attack and retain great staff for our future generations. Schools Youth center a Community Enrichment	7/6/2019 9:03 AM
169	Revitalizing some of the older and historical businesses and neighborhoods to keep the older charm we have over places like brentwood. Less developments to keep the community small and tight knit. Continued upkeep of public parks and schools. Additional recreational areas for all abilities.	7/4/2019 2:01 AM
170	Local family entertainment. Not movie theater but something for families to do to keep our community spending money locally. More variety of restaurants. More natural trails/parks.	7/3/2019 11:55 PM
171	I would like roads widened, housing to stop being built, and low income housing to be limited more.	7/3/2019 6:11 PM
172	Better road conditions and grocery store near east cypress more affordable housing	7/3/2019 11:01 AM
173	Halt approval for any new housing developments unless they are medium to low density, 3 or less bedrooms, and affordable for families that work in our local community. Cease the destruction of our valuable farmland that is being used to build massive, tacky, predatory storage facilities. The establishment of a shelter, resource center, and space for use by homeless folks that can also accommodate tents and RVs and has availability of park-style barbecues, dumpsters, and clean running water.	7/3/2019 10:03 AM
174	No more gas stations, AM PM or 7/11 type stores. Widen Main Street downtown so traffic can flow. Get rid of any type of train station.	7/3/2019 8:38 AM
175	Waterfront recreation Ferry to SF Unique shops and restaurants	7/3/2019 7:47 AM
176	Keeping the city clean and safe and a proud place where people want to live. More schools and less homes. Stronger traffic control. A park with a community pool or maybe a water park. Also put money into the schools, upgrade Oakley Elementry.	7/3/2019 6:49 AM
177	LESS NEW HOMES More Bar & Grill type restaurants More entertainment opportunities (food trucks more often, etc)	7/3/2019 6:25 AM
178	New wider roads with lighted crosswalks. More police. More sanctioned land for schools.	7/3/2019 6:04 AM
179	Fire stations. Road improvements. Vineyards and open space	7/3/2019 5:56 AM
180	Widen roads, re-pave roads, add sidewalks to Cypress, stop building storage facilities, stop building gas stations, keep open farm land.	7/3/2019 5:55 AM
181	Commercial growth without compromising community cohesion; continued priority on public safety; and more affordable housing.	7/3/2019 5:43 AM

Q11 Is there anything else you want to share related to the General Plan Update?

Answered: 103 Skipped: 101

#	RESPONSES	DATE
1	I would like a public library not connected to the high school. The library is valuable part of the community. It needs a bigger Space!	8/1/2019 2:19 PM
2	We need safer roads- more stoplights!	8/1/2019 2:12 PM
3	look into 5 g and ask questions to the people implementing this in the community. what will the impact be on humans. do not sell out the community	7/29/2019 10:05 PM
4	Poor or no sidewalks from orchard park elementary into the neighborhoods for children to safely walk to and from school.	7/29/2019 2:14 PM
5	New to the area and I would hate to see this beautiful community become another carbon copy of other cities. Think outside of the box.	7/29/2019 6:52 AM
6	Had to move because we didn't want to deal with a train station close to our home, too many convenience stores being built, against allowing large mosque/housing complex/school to be built in Oakley.	7/28/2019 2:20 PM
7	Please stop building houses!!! Oakley used to be a wonderful small, rural town try to retain that feel. A new grocery store, adequate police and fire for the current population, and finish the planned schools are all we need! Keep Oakley small.	7/28/2019 6:23 AM
8	Don’t waste money on a huge park use the money to update our current neighborhoods, speed bumps, stop signs etc.	7/28/2019 5:57 AM
9	The Antioch trash is moving in and soon Oakley will be just like Antioch with all the theft and unsafe areas.	7/28/2019 4:03 AM
10	The community is not happy with the way this city is going and the leaders should be more transparent and take into consideration what the people who reside in Oakley want.	7/28/2019 2:18 AM
11	Stop putting in gas stations and storage units. Make more valuable business and small business residents would attend.	7/28/2019 2:13 AM
12	Jobs Jobs Jobs Jobs Jobs	7/27/2019 4:15 PM
13	Who ever designed designed the on street parking downtown should lose their job. It is on the edge of dangerous.	7/27/2019 1:12 AM
14	I would like to see something fun for people of all ages like go karts, arcades and rock climbing and laser tag and bowling maybe life size board games like chess and Exedra and mini golf and a bar and dance club for adults I have this all in one building would be cool if something similar to this like in San Jose I think it is they combined all the stuff in one building and what's cool about this place has everything for everyone	7/26/2019 3:41 PM
15	Stop building more house, traffic going down laurel is loud all hours of the night. It used to be quiet and peaceful and now sounds like a racetrack. Disappointing that this town I have lived in for almost 20 years is loud when I open my back door. Don’t need more gas stations or storage units either	7/26/2019 3:13 PM
16	Please consider senior citizens inyour plans. How about a public pool?	7/26/2019 10:21 AM
17	Attract more businesses to Oakley and nearby cities. Tech, retail, real estate, good jobs...	7/26/2019 7:11 AM
18	Take a look at everything east of Main Street along East Cypress. Take a look at all the housing approved in that area. Now take a look at their commute path to Highway 4. It doesn't take a traffic engineer to see that this is a huge traffic problem right NOW, let alone in 20 years. There needs to be (at least) a 3rd route that does not require going through the downtown (one lane, really?) or speeding down Laurel while kids are headed to/from school.	7/26/2019 6:36 AM
19	I would like to see the downtown area be an enclave of specialty stores with plenty of parking that is not on Main Street. It is too difficult to back out of those diagonal spaces especially when school gets out.	7/26/2019 3:50 AM
20	We really need to stick to moving Oakley more toward becoming an upscale community, but at the same time we need basic services like a library, community pool, and safer streets, sidewalks, and pedestrian crossings, both on the main roads and in the neighborhoods. We need more long-range city planning, especially on Laurel Road and we definitely do not need more gas stations there or self-storage facilities anywhere in the city. We would prefer a nice grocery store in Emerson Ranch, and do not want the city to compromise and re-zone the commercial land in the event finding an anchor is difficult. Please be patient when long-term planning and think of the consequences of short-term actions. Thank you.	7/26/2019 2:56 AM
21	I have lived here over 30 years. I would like to see sidewalks to all schools and parks!! People especially children should not be on the roadways or berms to go to school; Or when they are going to the park. Area 2 and 6 are in need of infrastructure. Children need Sidewalks from there homes to get to school. Build the roads and if there isn’t money for that at least put the sidewalks in place. I couldn’t let my children walk to school because it wasn’t safe at the time. Public safety is a real problem! I have been approached every time I enter the grocery store! Creekside park has drug dealers and prostitution. Kids are getting robbed at the parks. I think our parks need better security.	7/26/2019 2:28 AM
22	I would just like to see more access to high quality grocery stores and more of a variety in healthy food. I’d also like to see our roads improved there are too many pot holes and possibly improve or update some of the shopping areas already in town.	7/26/2019 1:23 AM

23	I chose to live in Oakley because of its proximity to my workplace. Now that I am here, my neighborhood does feel secure and quiet mainly bec we are a “no outlet” street. I do observe and read the others’ posts on Nextdoor that some hoods do not feel as secure. If you can fo something to target safety in those hoods please. Also, if you can, build or design a technology ready building to attract offices, maybe even a startup. Mountain House is doing this already. And they are a new city. Oakley can be soo much more. I know we need money in the city coffers. So i sort of see why you keep adding storage places. Are there other businesses who apply to atart up in Oakley? May they be given a chance? Maybe a subsidy? I don’t know. Also, not sure how popular this will be.....will you allow or consider please the use of a tiny home on wheels as an ADU? Maybe we can adopt the same by-laws sa San Luis Obispo. They recently ok’d THOWs as permanent residences. This will mean an increase in residents, a bit of a bump in city funds too. Thank you for your time reading my comments.	7/26/2019 12:40 AM
24	Stop with the gas stations. Laurel does NOT need 3 within walking distance of each other. Stop with building houses. We need retail, medical facilities, better restaurants. I’m tired of having to go to Antioch or Brentwood to spend my money.	7/25/2019 11:22 AM
25	Please determine updates based on actual desire and needs of your residents and not by personal agendas, de-coupled and ill-suited vision	7/25/2019 8:50 AM
26	Make above market offers for those to be displaced by eminent domain	7/25/2019 8:16 AM
27	No more storage units or gas stations	7/25/2019 8:14 AM
28	No more gas stations/convenience stores or storage units!!! Please!!!	7/25/2019 7:58 AM
29	Area 6 needs improved roads and bike lanes. Summer Lake community is unable to drive or bike safely to Main Street / Oakley. More places of business need to be added on Cypress. Access to grocery stores/ restaurants/ etc	7/25/2019 6:32 AM
30	I'm sure Oakley will be a highly desirable place to live, work and shop 50 years from now when all the currently City leadership and residents are gone and there are leaders who are very forward-thinking.	7/25/2019 6:21 AM
31	We need LOCAL jobs so people don't NEED to commute out of the area! Commuting is not conducive to a "place for families" nor environment sustainability.	7/25/2019 1:28 AM
32	The entire "downtown" concept is a boondoggle, and it was ill-advised and poorly designed from the get-go. Forcing traffic down to one lane, with DIAGONAL parking is an accident waiting to happen; plus, emergency vehicles cannot get through. At commute hours, particularly in the evening, it back traffic all the way to Rose Ave. This is unacceptable. This should never have been done the way it was. It does NOT encourage pedestrian usage; it simply makes people detour around the area to avoid the traffic messes!	7/24/2019 1:02 PM
33	Would love to see more natural food cafes, shops selling nutritious foods, and parks. Wider variety of classes through recreation, such as adult dance classes - swing, ballroom, country.	7/24/2019 9:10 AM
34	Expand cross city lanes on Laurel and Main St. Build Amtrak train station at Main St.	7/24/2019 5:39 AM
35	The Oakley community is slowly growing a lot more diverse than it has been before. It is vital that people who work in public services such as Police and Parks & recreation keep this in mind. They will need to be trained accordingly regarding general cultural habits of a diverse population so that they are better equipped to help out and create far less tension during managing stressful issues. This way, Oakley can create an environment that is more inclusive and cohesive in how it adjust to a growing community.	7/24/2019 5:08 AM
36	Please NO more storage facilities, gas stations or 7-11’s Bring real stores or activities to our city.	7/24/2019 4:31 AM
37	My job hours have changed so I will be able to attend the General Plan Update workshops but I did sign up for the emails and I still haven't seen one come in yet.	7/24/2019 3:12 AM
38	stop harassing citizens for storing boats and RVs on their own property.	7/24/2019 2:46 AM
39	Can we please cut down on the building of homes, gas stations, convenience stores, and storage facilities and start to look at other options that will preserve our open land or add facilities that are family friendly.	7/24/2019 1:57 AM
40	Keep property owners rights and agriculture	7/24/2019 1:43 AM
41	No more growth. The council seems to forget what Oakley is about. We who have moved here and lived here our whole life did so for the small farm town feel.	7/24/2019 1:07 AM
42	We need local Jobs, careers, infrastructure (NOT MORE HOUSING)	7/24/2019 12:24 AM
43	No	7/24/2019 12:20 AM
44	Please know that the maintenance and appearance and safety of what we currently have in the city of Oakley is what draws good families who want to live and raise their children. Safety should be above all and will allow the homes prices to rise and individuals will want to help and participate in keeping their communities safe. Thank you for this survey it is a sign that you care about Oakley residents.	7/23/2019 11:15 PM
45	Everywhere I look, new homes are being crammed into the smallest parcels of land in Oakley. We will soon have the same high crime rate as in Antioch!	7/23/2019 10:03 PM
46	With this survey you do not address many issues in this town. It guided for only what you want or think the city needs. And not giving the citzens to choose their own priorities or importance. We dont need nore affordable homes or shitty restaurants. We dont want more homes, gas stations, storage units, or more people in this town. We have too much traffic that has contested housing developments where people speed and have no respect for others. Enough of allowing people to build just to build. Enough homes! We do not have proper fire services for our area-no a tax bond will not help!!!!	7/23/2019 9:08 PM
47	Don’t sale yourself out. Preserve our land. Limit the growth and open land. You will never get it back. Oakley is starting to out grow itself into just another city and then won’t mean a thing.	7/23/2019 5:18 PM
48	Lots of theft and stealing of mail ...people's cars at night time.. lots of crooks going through the neighborhood at night.. we're rated one of the safest cities but it needs to stay that way.	7/23/2019 12:36 PM

49	I don't want to see a major street behind Emerson Ranch into the proposed park.	7/23/2019 12:15 PM
50	Make Oakley great again. Everyine is moving out.	7/23/2019 12:07 PM
51	Thank you for giving us the opportunity to take the survey. I hope you at least read it and give it a thought.	7/23/2019 12:06 PM
52	Do not allow the Cline vineyard at the entrance to Oakley on Main Street to be turned into another ugly strip mall. Develop it instead into a winery/performing arts center.	7/23/2019 11:15 AM
53	A library would create a feeling of being an actual town. It attracts families, gives tweenagers a good place to be, attracts activities (readings, exhibits, shows), gives senior citizens a place to meet up, makes a town start to really feel like SOMEPLACE. Just check out Brentwoods beautiful new library. It's awesome. The city should push it through, nevermind waiting for the vote.	7/23/2019 10:19 AM
54	Fire & police protection are a major issue & we have been told by each dept that they will respond but by the time they arrive it will be too late.This is an unacceptable response	7/23/2019 9:49 AM
55	I'm concerned with our police force and schools being able to keep up with the massive amount of homes being built.	7/23/2019 9:03 AM
56	For those us that work away from our homes please provide more transparency on our cities progression.	7/23/2019 9:01 AM
57	Mailing the updated plan to those of us who can't make it or didn't know about it would be nice. Thank you for the garbage cans on the trail.	7/23/2019 8:58 AM
58	Thank you for your work on it.	7/23/2019 7:08 AM
59	Listen to the citizens.	7/23/2019 6:53 AM
60	Get rid of the guys driving around doing doughnuts in their cars.	7/23/2019 6:45 AM
61	I will be there 8/13/19	7/23/2019 5:45 AM
62	No	7/23/2019 5:27 AM
63	Keep Oakley beautiful and safe. Maintain its beauty or it'll become another city that has become generic and doesn't have any standout features.	7/23/2019 5:23 AM
64	The community needs more family attractions and things to do within Oakley to give back to our city and not to all surrounding cities	7/23/2019 5:11 AM
65	Calif SB 1069. Enforce it.	7/23/2019 5:02 AM
66	Stop allowing builders to take Oakley's land.. let's keep it that small farm community. Build grocery stores/schools near the new communities so they can have better access and not drive far. So that the current schools don't get overcrowded.	7/23/2019 4:58 AM
67	Please focus on up scaling oakley. Attract educated crowds with household incomes of 250000 or higher. Let's turn oakley into Danville by the water	7/23/2019 4:37 AM
68	Moved to Oakley in 1989 and thought we would retire here but that will not happen. Taxes and crime will be the end for us. Sad to say but once I retire in a few more years, we are leaving the area.	7/19/2019 1:58 PM
69	Knock it off with the stupid ass parking design	7/14/2019 3:42 AM
70	Stop building storage units do not make Oakley the intersection between Antioch and Brentwood! Create meaningful businesses and small town participation!	7/13/2019 8:25 AM
71	Thank you for this opportunity to contribute.	7/13/2019 7:27 AM
72	I'm sorry not to have participated. Just found out today. Thanks.	7/13/2019 6:12 AM
73	Please stop cramming in housing, building fast food joints, and storage... Build parks that make money, bring adult teams. Year round ice rink. Winery . Golf course as planned at Summer Lake. FUN.	7/12/2019 3:34 PM
74	Stop building houses without places for these people to work	7/12/2019 11:09 AM
75	What is going in at the north west side of cypress & sellers rd	7/12/2019 9:42 AM
76	Let's get a committee, more community input to be heard	7/12/2019 9:34 AM
77	No more storage facilities and hire more officers using K9s and special details to focus on the growing homeless population draining police and fire	7/12/2019 8:28 AM
78	Stop allowing builders to build these homes that are arm lengths apart and about 4 feet from my back fence. I moved to Oakley for the the small town feel and all these homes going up have taking away the farms and farmland that make Oakley the quaint little town that it is.	7/12/2019 7:01 AM
79	Thank you for allowing public input	7/12/2019 7:00 AM
80	STP BUILDING HOUSE!!!!!	7/12/2019 5:58 AM
81	Affordable and Nutritious Food AND Cultural and/or Language Barriers - Really !??! This isn't a third world country or back country area - waste of time issues to ask residents about.	7/12/2019 4:46 AM
82	Bring back the Almond Fest. Also, a disc golf course or two would be nice, as well as more bocce courts and softball fields.	7/12/2019 2:41 AM
83	Put the people first NOT $$$	7/12/2019 2:41 AM
84	Focus more on your people and less on your vision. Go where the people are, don't expect them to come to you. Have meetings for youth, get them involved, THEY ARE the future. And APPEECIATE the old timers, we feel forgotten.	7/12/2019 2:38 AM
85	Oakley has to understand that the community has a plethora of cultures colliding; everyone must have equal access to public transportation, public libraries, fire protection, police protection. As Oakley expands, be careful how much land you annex, it will run you, the city council, instead of the other way around.	7/12/2019 2:24 AM

86	Stop building so many houses!! Keep us rural.	7/12/2019 2:12 AM
87	Would love to see more restaurants, shopping, improvements made to the park at vintage parkway. There is a serious lack of up keep and ownership of this park. Also, traffic along Main Street, between cypress and vintage parkway can be very congested.	7/12/2019 2:10 AM
88	STOP LETTING DEVELOPERS CRAM OUR CITY WITH MORE HOUSES. ITS NOTHING BUT GREED.	7/12/2019 2:02 AM
89	Pull heads out of ass. Drive thru Oakley's Main Street? WTH. Drive east cypress dragstrip wth No movie theater, no bar and grills, endless traffic, Sorry Oakley after 20 years is a joke	7/12/2019 1:38 AM
90	Stop the nonsense going on and focus on a solution for fire services. Even if it means creating an additional station managed and run by Oakley.	7/12/2019 1:34 AM
91	Please add more shopping centers! I don't feel safe going to Lucky's and Raleys is overpriced for the lack of grocery they have. I usually have to travel to Brentwood to do most of my grocery shopping.	7/11/2019 2:55 PM
92	FINISH LAUREL TO SELLERS AS 4 LANES. The only two ways out of the Cypress corridor are Cypress and Delta Rd. CONVERT MAIN STREET TO FOUR LANES. The 2005 plan had a bypass or 4 lanes and we got neither.	7/11/2019 12:16 PM
93	Bring more jobs/shops, work with corporate companies for our residents to offer incentives for telecommutes	7/11/2019 11:25 AM
94	Require first home size to be more than 1400ft2 to accommodate a 3 bedroom format. Otherwise no more than 2 bedrooms under 1400 ft2. Require all high density senior housing to cap rent increases at 3% without a rent review committee exemption.	7/11/2019 9:39 AM
95	Please! We need another way to exit the east Vintage Parkway area. Consider our entryways into the city as more than a place for carwashes and storage buildings. This should be our first impressive impression as people enter the city. We need a library!	7/11/2019 8:13 AM
96	Please no more storage lots. and PLEASE improve our roads!	7/11/2019 7:50 AM
97	No more storage facilities. Stop destroying downtown to line your pocketbooks. Stop destroying farmland to build half-million-dollar homes for folks that will never work here and are afraid of horses shitting while riding past their pristine little cul-de-sacs. Oakley has always been a small farming community and does not deserve to be damaged as it already has by leaders hoping to make more money for themselves. How about we finish that shopping center on the north-west corner of O'hara and Laurel before we approve yet another storage facility or housing development if you all are so deadset on expanding commerce locally!	7/3/2019 10:03 AM
98	Bring back the Planning Commission and put a stop to the City Manager and his staff being in charge with no checks and balances from Council.	7/3/2019 8:38 AM
99	Map did not come up	7/3/2019 7:47 AM
100	Keep Oakley Clean and Safe. Stop building homes! Don't make the mistakes Antioch has done!	7/3/2019 6:49 AM
101	NO MORE STORAGE UNITS OR AM/PM or 7/11 type places and NO MORE NEW HOUSES	7/3/2019 6:25 AM
102	Summer sessions for input during the first week the kids are out of school for the summer was a poor choice. We don't have childcare during the summer. Please schedule more input meetings during school session.	7/3/2019 6:04 AM
103	Please preserve the vineyards and the open farmland.	7/3/2019 5:56 AM
