COMBINED MEETING OF THE TOWNSHIP COUNCIL OF THE TOWNSHIP OF OLD BRIDGE
August 18, 2026

A Combined Meeting of the Township Council of the Township of Old Bridge was held on Tuesday, April 28, 2026. The meeting was called to order by Council President Sohor who asked all present to participate in the salute to the flag.

Council President Sohor asked all to remain standing to honor those protecting our freedoms both here and abroad, our first responders, those who have made the ultimate sacrifice, and for people suffering all over the world.

Council President Sohor asked Councilman Paskitti for our prayer. Councilman Paskitti administered the prayer.

Township Clerk, Kathryn Hutchinson announced that this meeting was being held in conformance with the Open Public Meetings Act. Notice has been given to the newspaper and notice of the meeting has been posted in public places. Next open public meeting of the Council will be held on Tuesday, September 15, 2026, at 7:30 p.m.

Roll call showed the following answering present: Council Persons Accettulli, Desai, Merwin, Paskitti, Razzoli, Von Stetten, Council Vice President Dr. Greenberg-Belli and Council President Sohor
Absent: Councilman DePalma

PROCLAMATIONS/PRESENTATIONS
Police Department Promotions & Awards
Captain McCauley introduced the officers that were honored at the Old Bridge Police Department Awards Ceramony which was held prior to the council meeting.

Chief Montagna stated these officers represent what we ask of every member of this department. They show up every day, answer the calls, and when a situation becomes dangerous, they do not hesitate to step forward and help. Being a police officer in today's world is not an easy job. Our officers are often dealing with people on the worst day of their lives. Sometimes they are asked to put themselves in harm's way to protect someone they don't even know. These officers demonstrate courage, professionalism, compassion, and a commitment to the people of Old Bridge. Chief Montagna congratulated the officers and thanked them for representing the Old Bridge Police Department and their community.

Township Clerk, Kathryn Hutchinson swore in two newly promoted officers, Sergeant Brian Brady, and Lieutenant Michael Machan.

Presentation of Certificates To First Responders
Mayor Walker stated on April 22, 2026, South Old Bridge Fire Department reported to a brush fire on Marlboro Road. Shortly after arriving on the scene, one of their members suffered a medical emergency, and EMS was immediately requested. Members of the Old Bridge Police Department, Old Bridge Township EMS, and our firefighters quickly stepped up and provided exceptional care to our down firefighter.

Fire Chief Joseph Frizalone introduced and thanked the members from the South Old Bridge Fire Department, the Police Department, and Old Bridge Township EMS. Their rapid response, professionalism, teamwork, and dedication made a difference when it mattered most. Because of the swift actions taken by everybody on scene, a life was saved. Some may say they were just doing their job, but when one of our own needed help, everyone stepped up without hesitation. The compassion, urgency, and dedication shown that evening will never be forgotten.

Assemblyman Alex Sauickie
Assemblyman Sauickie thanked Mayor Walker and the Council for inviting him to give an update on school funding. He stated this issue is something that's been happening across much of the State. The S2 funding formula was a bill that was sponsored back in 2018 by then Senate President Steve Sweeney. It was billed as a fair funding formula, and it's been disastrous for suburban and rural school districts and their municipalities. Old Bridge residents contribute about $90 million in state income tax. The Old Bridge School district receives only $25 million back in state school aid. If you break it down on a per pupil basis based on enrollment, it's only about $3,100 per student. This is not a problem the Township or the Old Bridge Board of Education created, it was created by the State. State funding decisions have shifted resources away from certain suburban school districts with the local taxpayers making up the difference. Assemblyman Sauickie stated a new funding formula was needed, and he will be introducing a per pupil-based funding formula next month.

DISCUSSION ITEMS
Discussion Regarding The Redevelopment Plan For Portions (Lots 9.11 and 11.11) Of Amended Mannino Park Tract Redevelopment Area
Laurence Sachs, Esq., appeared on behalf of the property owner Serr Associates, and gave a brief presentation about what is being proposed to amend the Manino Park Tract Redevelopment Area. The property is at the intersection of Jake Brown Road and Route 516. The zone is in the EDO zone, which is an overlay zone, and the property is about 12.26 acres. There were previous discussions about developing this property for residential use. Based upon some concerns the administration had with the site, it was determined that a residential use would be too much of a high intensity use. Now an amendment to the plan being requested. The property is in the Economic Development Opportunity Zone. We are proposing a very light industrial flex space which could be utilized by contractors, small commercial businesses, and possible recreation uses as well. Initially one building was proposed on the site, but based on discussions with the planning staff, the new plan will include two very modest-sized flex buildings. One building would be approximately 46,000 ft, and the other one would be about 65,000 ft. Roughly 51% of this property will remain as green space which is more than the lot coverage requirements. There will be access from Jake Brown Road and Route 516. A meeting with Middlesex County required the project to have a right turn only in and out on Route 516. The property is surrounded by a larger industrial use and warehouse project on Route 9 and Jake Brown Road. DCA approval for the expansion of the redevelopment area was received. Mr. Sachs concluded by stating we have been appointed as the designated conditional redeveloper of this site by the Old Bridge Redevelopment Agency. In 2025 the Township Council referred this site to the Planning Board as an area in need of

redevelopment. The Planning Board agreed that the location was area in need of redevelopment after conducting a hearing. The Council accepted the findings of the Planning Board.

Mark Remsa, Professional Planner for the project, gave a PowerPoint presentation. He stated this property is in the EDO1 Zone, where the minimum required lot size is one acre. The property is mostly wooded and there is an existing cellular tower located on the property. The proposed changes under this redevelopment plan are permitted. This property is 12.26 acres, which is unusual for the EDO1 Zone as lots in this zone are around one acre. EDO1 zone properties are meant to have good visibility from the roadways. The most developable area is on lot 9.11, which has very poor visibility, and makes it more difficult to develop. Since this lot has such unique characteristics, the property is more suitable for a flexible light industrial facility or a standard warehouse. The changes proposed to the redevelopment plan include a 5 acre minimum lot, as well as a front yard requirement of 50 feet. The building height allowed in the EDO1 Zone is 30 feet high, and the height proposed is 40 feet with the building being set much farther back on the property. All buffers and loading & parking requirements will have to comply with ordinance provisions. Sidewalks are required in the EDO1 zone area, and we plan to avoid solid monotonous walls. Windows are proposed in the upper portion of the walls, the colors of the building will be attractive, and bicycle racks and decorative lighting will be provided. Mr. Remsa stated these changes are not significant but are tailored to this property because of its unique property characteristics.

Discussion Regarding Creating A Resolution To Send To Governor Sherill In Reference To School Funding (Merwin)
Councilman Merwin stated along with Councilman Desai, and the Chairwoman of the Democratic Party, a letter was drafted and sent to Governor Sherrill in reference to reviewing the School Funding Reform Act. Old Bridge has experienced significant reductions in state aid as costs for special education, transportation, healthcare, school security, and other mandated services have risen with taxpayers making up the difference. This is not just an Old Bridge issue but happening all over the State. It is important that we as a Township all come together regardless of political party and reach out to the governor and our legislators and let them know that this is not acceptable or sustainable.

Discussion Regarding Speed Bumps (Razzoli)
Councilman Razzoli stated New Jersey does permit speed bumps on two lane and one lane residential streets with a posted speed limit of 30 mph or less under local jurisdiction. Jersey City used a program called the Vision Zero Action Plan. The goal of that plan was to eliminate traffic related fatalities and severe injuries. Jersey City has installed hundreds of speed bumps throughout the city. This is a city with specialized fire apparatus and police vehicles, EMS, E-Bikes, regular bicycles, and taxi cabs on the roads. Councilman Razzoli stated he does not believe there is any reason why Old Bridge cannot install speed bumps in certain areas where they're needed to slow people down. If emergency vehicles are unable to go over a speed bump, then we should address that issue.

Township Attorney Mark Roselli stated there was a discussion about traffic calming devices a few years back. Even though there's a state statute in place, the fire code is drafted to give the fire official in the municipality the final say whether speed bumps would be permitted.

Business Administrator Ana Feltz, referring to the minutes from October 11, 2022, stated the previous Business Administrator had Fire Marshall Tom Miller and Tom Hart before council to explain the reasoning on traffic calming devices. They felt there would be an impact on emergency response times, which was also echoed by the director of EMS, as well as the Police Department.

It was agreed by Council to have these individuals come back before Council at a future meeting and reiterate their stance on why not allowing speed bumps is the best decision for the town.

PUBLIC COMMENT
On a motion by Councilman Accettulli, seconded by Councilman Von Stetten, with everyone present in favor, the public comment portion was opened.

Sally, an Old Bridge resident, requested that a town hall meeting be held in October with the Council, Planning Board, and Zoning Board members along with the appropriate township officials. Many residents come to these meetings with questions and concerns but too often leave feeling dismissed and unheard. As taxpayers, homeowners and families who care deeply about what is happening with our town we deserve clear answers. The continued development is becoming overwhelming. Many of us choose Old Bridge because of the open land and the sense of community. We would like the opportunity for residents to ask questions and receive answers about development, open space, taxes, traffic, infrastructure, schools, and the future of our township.

Beatrice Quist, an Old Bridge resident, requested a town hall meeting to be held in October for residents to have their questions answered.

Teresa Burns, an Old Bridge resident, requested a town hall meeting.

Janeice Romans, an Old Bridge resident, raised concerns regarding the Manino Park Tract Redevelopment Area, and believes there should not be access from White Oak Lane. There has been flooding in her development Whispering Pines for several years because of construction in the area. The truck traffic on Route 516 has made the area very unsafe, with trucks constantly speeding.

Jeff Volvovsky, an Old Bridge resident, stated over the past few years many residents have been trying to better understand how decisions around taxes, spending, pilot agreements, school budgets, and the upcoming 2027 reassessment will affect the community. These are important topics, and the people want clarity so they can be informed. Mr. Volvovsky stated there should be a town hall meetings to give residents the opportunity to be able to ask questions openly, and build a stronger, more transparent relationship with our local government.

Lisa Pascarello, an Old Bridge resident, thanked the Council for inviting Assemblyman Sauickie to the meeting, it was a great learning experience listening to him speak regarding school funding. She requested a town hall meeting and believes it would be extremely beneficial for all residents.

Peter Hunt, an Old Bridge resident, spoke about having a town hall meeting so residents have the opportunity to ask questions directly to Mayor and Council.

Ron Varrial, an Old Bridge resident, stated he usually watches the meetings online, but it was nice to be in the room tonight because it felt like everyone came together as one Old Bridge. It was not this side versus that side. Bipartisanship should be the rule, not the exception.

Kevin Ahern, an Old Bridge resident, felt that a town hall meeting with the Council and the Board of Ed would be a fantastic idea. It would be a great opportunity for the residents to hear information directly and dispel any misconceptions, and work on an action plan to get the school funding issue settled.

Paul Moravek, an Old Bridge resident, thanked the Council for passing the data center resolution. He expressed his appreciation to the police department, fire department, and EMS for what they do every day never knowing what to expect whenever they knock on somebody's door. He enjoyed Assemblyman Sauickie's presentation explaining how much money we get back versus how much money we contribute. Mr. Moravek closed with making people more aware of how little funding our schools receive is important.

Kelly Gonzalez, an Old Bridge resident, requested a town hall meeting. She is concerned about the construction that's happening around the township. She lives next door to the project on Spring Hill Road. Ms. Gonzalez stated there has been significant flooding in the area, and she never had water problems on her property. She believes a town hall meeting would allow for discussion of issues like flooding to be addressed.

Carolyn Smoljan, an Old Bridge resident, spoke about the water issues from the construction on Spring Hill Road, and the noise disturbance of construction equipment early in the morning from the warehouse construction going on at Route 9 and Schulmeister Road. She respectfully requested a direct question and answer period with elected officials in an open and public forum. She feels that the Mayor and Council should agree to a date in October giving residents the opportunity to ask questions, hear directly from our leaders, and participate in respectful community dialogue.

Joe Milo Russo spoke about the town disappearing with one warehouse after another being built. He stated the HB Warehouse project is a 518,522 ft structure behind the brand-new Oaks at Glenwood development. Residents from the Oaks pleaded to have this project stopped and this land be rezoned as environmentally sensitive. This plot of land sits as close as 600 ft to the back of some of these homes. On the other side of Bordontown Avenue, adjacent to this land, Sayreville transformed their polluted property into a nature preserve. He urged the Township and the Planning Board to stop HB Warehouse and to seriously consider a moratorium on all warehouses in Old Bridge. He concluded by requesting a town hall meeting.

Nina Jochnowitz, an Old Bridge resident, stated it important that a town hall meeting be held in October with opportunity for real dialogue between the residents and the Council. Ms. Jochnowitz also asked for an update on the township's long-pending energy consortium contract, stating that residents voted to pursue the program and deserve a clear timeline for completion.

Seeing no one else from the public wishing to be heard, on a motion by Councilman Merwin, seconded by Councilman Accettulli, with everyone present in favor, the public comment portion was closed.

COUNCIL COMMENTS

Councilman Accettulli

Councilman Accettulli stated over the last decade, Old Bridge's municipal tax levy has grown at an average of a compounded rate of about 1.8% per year, below the State's 2% levy cap benchmark. During that period, we have continued funding public safety, maintaining infrastructure, providing essential municipal services, and serving a community of nearly 70,000 residents. That is something the administration should be very proud of. Residents have every right to know how their government operates and where their money is going. We don't just talk about transparency that information is

	made available because residents deserve the opportunity to see it, question it, and hold us all accountable.

Councilman Desai **Councilman Merwin**	Councilman Merwin commended the first responders who received awards during the presentation. He reminded residents that schools will be opening soon to slow down and be cautious when driving.
Councilman Paskitti	Councilman Paskitti thanked everyone for coming to the meeting. He supports free speech and thought a town hall meeting sounds great.
Councilman Razzoli	Councilman Razzoli agreed to a meeting with residents in his ward or participating in a town hall discussion. He congratulated the Police, Fire, and EMS, and the newly promoted officers.
Councilman Von Stetten	Councilman Von Stetten stated he is in favor of a town hall meeting. He congratulated all the police officers receiving awards, and thanked the Police Department and Administration for addressing the pick up and drop off issues at Voorhees Elementary School. Councilman Von Stetten concluded by stating he and Councilman Accettulli will be holding a question and answer session in the future. The meeting particulars will be posted on social media.
Council Vice President Dr. Greenberg-Belli	Council Vice President Dr. Greenberg-Belli spoke about the state mandate for affordable housing which is changing the whole landscape for the area. Council Vice President Dr. Greenberg-Belli stated it is unfair to be told how many units to build. Every resident who wants open space should get in touch with the State to say this is unfair and ask for the fair share housing policy to be changed. She congratulated Police Officer Steven Connolly and Lieutenant Robert Mazalewski on their retirement. Council Vice President Dr. Greenberg-Belli wished everyone a happy end to summer.
Council President Sohor	Council President Sohor stated she thinks that this meeting was positive. The residents and Council came together to show that we are one town. Council President Sohor stated she was very proud when all those officers and first responders came in tonight filling the whole room. Their only goal is to keep us safe and make sure that our families are happy, healthy, and unafraid. She concluded by wishing everybody a great rest of the summer
