CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Engineering Prepared By: David Zurita Staff Member Presenting: Scott Murphy, Executive Director Community Development Reviewed By: Raymond Lee, Khoi Do Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 4

SUBJECT: **A RESOLUTION APPROVING AN IMPROVEMENT AGREEMENT AND IMPROVEMENT SECURITY FOR PROJECT NO. PDEV20-008 LOCATED AT THE NORTHEAST CORNER OF HAVEN AVENUE AND AIRPORT DRIVE**

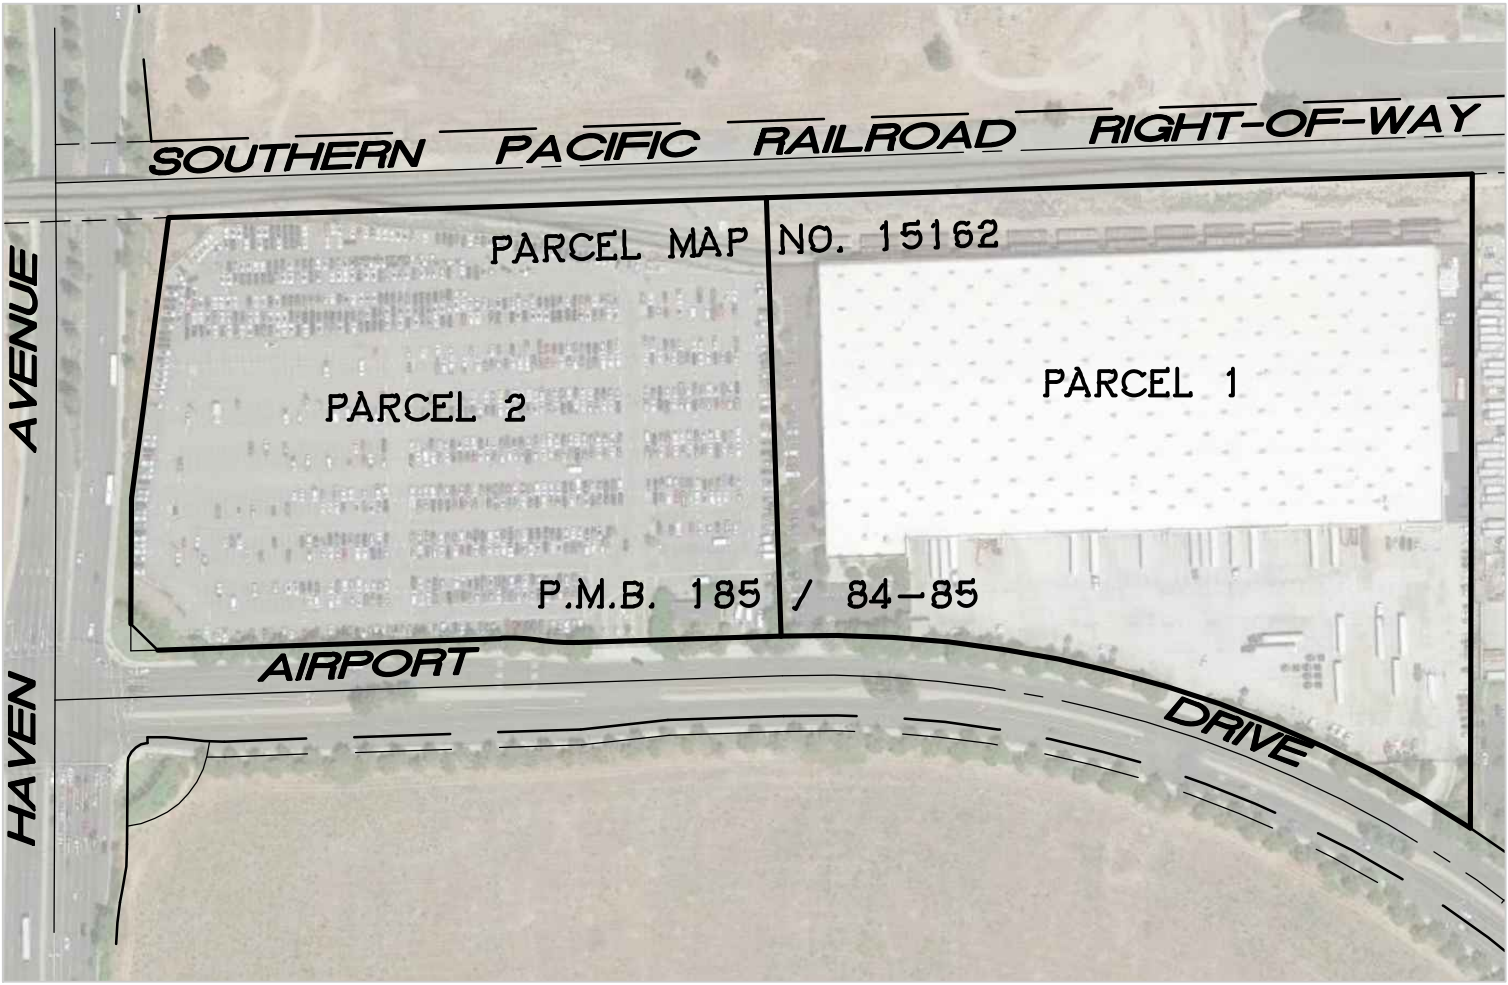
RECOMMENDATION: That the City Council adopt a Resolution approving an Improvement Agreement and Improvement Security for Project No. PDEV20-008 located at the northeast corner of Haven Avenue and Airport Drive.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: There is not a direct fiscal impact associated with this action. All public infrastructure improvements required for this project will be constructed by the Developer at its sole cost.

BACKGROUND & ANALYSIS: Project No. PDEV20-008, consisting of the construction of an approximately 200,000 square foot industrial building on 11 acres of land, as shown on Exhibit A, has been submitted by the developer, VP Airport, LLC. This project was approved by the Planning Commission on June 22, 2021.

Improvements will include streets, water service, sewer lateral, fiber optic conduits, streetlights, and parkway landscaping with irrigation. All landscape improvements will be consistent with current City approved drought measures.



The Developer has entered into an Improvement Agreement with the City for this project and has posted adequate security to ensure construction of the required improvements. This project meets all conditions of the Ontario Municipal Code and has been reviewed and approved by the City Engineer.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING AN IMPROVEMENT AGREEMENT AND IMPROVEMENT SECURITY FOR PROJECT NO. PDEV20-008 LOCATED AT THE NORTHEAST CORNER OF HAVEN AVENUE AND AIRPORT DRIVE.

WHEREAS, Project No. PDEV20-008 submitted for approval by VP Airport, LLC, was approved by the Planning Commission of the City of Ontario on June 22, 2021; and

WHEREAS, Project No. PDEV20-008, a development plan to construct a 237,398 square feet industrial building on 10.64 acres of land being Parcel 1 and Parcel 2 of Parcel Map No. 15162, recorded in the County of San Bernardino, State of California; and

WHEREAS, to meet the requirements established as prerequisite to final approval of Project No. PDEV20-008, VP Airport, LLC, has offered the Improvement Agreement together with good and sufficient improvement security, in conformance with the City Attorney's approved format, for approval and execution by the City; and

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Ontario, California, as follows:

1. That said Improvement Agreement be, and the same is, approved and the City Manager is authorized to execute same on behalf of said City, and the City Clerk is authorized to attest thereto; and

2. That said Improvement Security is accepted as good and sufficient, subject to approval as to form and content thereof by the City Attorney.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

SHEILA MAUTZ, CITY CLERK

(SEAL)

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Police Department Prepared By: Lizceth Zazueta Staff Member Presenting: Mike Lorenz, Chief of Police Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 5

SUBJECT: AN AMENDMENT TO THE PROFESSIONAL SERVICES AGREEMENT WITH SECURITAS SECURITY SERVICES USA, INC.

RECOMMENDATION: That City Council authorize the City Manager or his designee to execute Amendment No. 1 to the Professional Services Agreement (on file in the Records Management Department) with Securitas Security Services USA, Inc. (Securitas) of Ontario, California, to extend the current funding threshold and add additional work and funding to accommodate the acquisition of the Ontario Access Center, previously known as Mercy House, and additional security services at the City Annex building and University of La Verne during construction, for a total not-to-exceed contract amount of $8,691,522.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Maintain the Current High Level of Public Safety
Operate in a Businesslike Manner
Pursue City's Goals and Objectives by Working with Other Governmental Agencies

FISCAL IMPACT: The recommended Amendment increases the authorized contract of $5,418,006 by $3,273,516 over the remaining four years including an optional two-year extension. This brings the total not-to-exceed contract amount to $8,691,522. General Fund appropriations for Fiscal Year 2023-24 will be made on the next available quarterly adjustment as needed for Community Life and Culture and Ontario Police Department. Appropriations for future fiscal years will be included in the respective fiscal years' budgets for City Council consideration and approval. A request for an additional budget appropriation will occur should the department(s) experience an increase in unarmed security services far more than anticipated. The yearly threshold in the contract mitigates the need for a contract revision due to any increases in the City's need of unarmed security services.

BACKGROUND & ANALYSIS: On November 4th, 2022 the City of Ontario and Securitas entered into a Professional Services Agreement for unarmed security services at various city locations.

Effective July 1st, 2023, the City of Ontario has transitioned from Mercy House to the Ontario Access Center, in the City's effort to maintain their commitment to the Continuum of Care (COC) Program. In addition, the Ontario Police Department is adding two (2) additional compensations and terms to

accommodate the future build of the new City Building.

Since 2006, the City of Ontario has contracted security services through Securitas. Securitas has developed security plans that are designed to focus on the unique needs of each City location. Securitas provides City locations with either an on-site guard, remote guard, or mobile guard option. This three-dimensional approach to security provides the most efficient, cost-effective solution for the City's unarmed security requirements. Supplying unarmed security services has proven to serve as a deterrence against crimes at City locations. This has allowed for the Ontario Police Department to utilize their Police Officers and resources to better serve the citizens of Ontario. To address all unarmed security needs required, the City has utilized a coordinated contracting approach with responsibility for contract management residing with the Ontario Police Department.

City Staff recommends entering into Amendment No. 1 to support the City's unarmed security services at various City locations.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Engineering Prepared By: Raymond Lee Staff Member Presenting: Scott Murphy, Executive Director Community Development Reviewed By: Bryan Lirley, Khoi Do Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 6

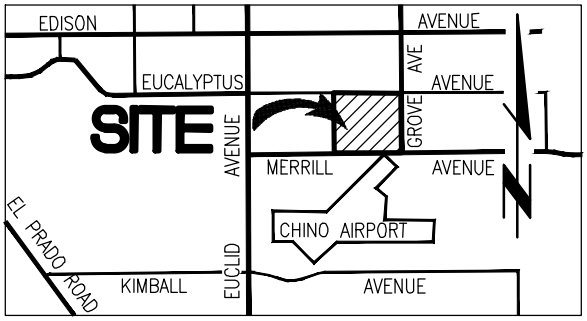
SUBJECT: **A RESOLUTION APPROVING AN IMPROVEMENT AGREEMENT, IMPROVEMENT SECURITY AND FINAL PARCEL MAP NO. 20161 LOCATED AT THE NORTHEAST CORNER OF BON VIEW AVENUE AND MERRILL AVENUE**

RECOMMENDATION: That the City Council adopt a Resolution approving an Improvement Agreement, Improvement Security and Final Parcel Map No. 20161 located at the northeast corner of Bon View Avenue and Merrill Avenue.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: There is not a direct fiscal impact associated with this action. All public infrastructure improvements required for this project will be constructed by the Developer at its sole cost.

BACKGROUND & ANALYSIS: Final Parcel Map No. 20161, consisting of 10 parcels on approximately 148 acres of land, as shown on Exhibit A, has been submitted by the Developer, Grove Land Venture, LLC, a Delaware Limited Liability Company. Tentative Parcel Map No. 20161 was approved by the Planning Commission on April 25, 2023.



Improvements will include streets, storm drain, domestic water main, recycled water main, sewer main, fiber optic conduits, streetlights, raised landscape median and parkway landscaping with irrigation. All landscape improvements will be consistent with current City approved drought measures.

The Developer has entered into an Improvement Agreement with the City for Final Parcel Map No. 20161 and has posted adequate security to ensure construction of the required improvements. This project meets all conditions of the Ontario Municipal Code and has been reviewed and approved by the City Engineer.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING AN IMPROVEMENT AGREEMENT, IMPROVEMENT SECURITY AND FINAL PARCEL MAP NO. 20161 LOCATED AT THE NORTHEAST CORNER OF BON VIEW AVENUE AND MERRILL AVENUE.

WHEREAS, Tentative Parcel Map No. 20161 submitted for approval by Grove Land Venture, LLC, a Delaware Limited Liability Company, was approved by the Planning Commission of the City of Ontario on April 25, 2023; and

WHEREAS, Tentative Parcel Map No. 20161 consists of 10 parcels, being a subdivision of Lots 1, 2, 3, 16, 17, 18, 19, 20, 21, 31, 32, 34, 35 and 36 in Section 19, Township 2 South, Range 7 West, San Bernardino Base and Meridian, according to Map of subdivision of part of the Rancho Santa Ana Del Chino, recorded in Book 6 of Maps, Page 15, records of said County; and

WHEREAS, to meet the requirements established as prerequisite to final approval of Parcel Map No. 20161, Grove Land Venture, LLC, a Delaware Limited Liability Company, has offered the Improvement Agreement together with good and sufficient improvement security, in conformance with the City Attorney's approved format, for approval and execution by the City; and

WHEREAS, the requirement for the preparation of Covenants, Conditions and Restriction (CC&R's), approved by the City Attorney's Office, to ensure the right to mutual ingress and egress and continued maintenance of common facilities by the commonly affected property owners has been deferred to a date that coincides with the recordation of the subject Tract Map; and

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Ontario, California, as follows:

1. That said Improvement Agreement be, and the same is, approved and the City Manager is authorized to execute same on behalf of said City, and the City Clerk is authorized to attest thereto; and

2. That said Improvement Security is accepted as good and sufficient, subject to approval as to form and content thereof by the City Attorney.

3. That Final Parcel Map No. 20161 be approved and that the City Clerk be authorized to execute the statement thereon on behalf of said City.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Engineering Prepared By: Yesenia Lopez Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 8

SUBJECT: **A CONSTRUCTION CONTRACT WITH AMERICAN ASPHALT SOUTH, INC. FOR THE 2023 STREET MAINTENANCE SLURRY SEAL, CAPE SEAL & CDBG PAVEMENT MANAGEMENT REHABILITATION PROJECT**

RECOMMENDATION: That the City Council award a Construction Contract (on file in the Records Management Department) with American Asphalt South, Inc., of Riverside, California, for the 2023 Street Maintenance Slurry Seal, Cape Seal & CDBG Pavement Rehabilitation Project (Project) in the amount of $2,036,130; and authorize the City Manager, or his designee, to execute said contract and all related documents, and file a notice of completion at the conclusion of all construction activities.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The Fiscal Year 2023-24 Adopted Budget includes appropriations for the construction of the Project in the amount of $1,887,000 from Measure I, Community Development Block Grant (CDBG), Road Maintenance and Rehabilitation Account (RMRA-SB1), and Gas Tax. The total recommended expenditure authorization for American Asphalt South, Inc., consists of $1,851,027 plus a ten percent (10%) contingency of $185,103, for a total of $2,036,130. The additional $149,130 will be funded from the RMRA-SB1 fund balance. Upon approval, the additional appropriations from RMRA-SB1 will be included in the Fiscal Year 2023-24 First Quarter Budget Update.

BACKGROUND & ANALYSIS: The general scope of work to be performed under this construction contract consists of, but is not limited to, Type II polymer modified slurry application, reclaimed asphalt pavement (RAP) cape seal application, Portland concrete cement curb ramp construction, thermoplastic striping and marking removal and replacement, weed abatement application, crack sealing, crack repair, asphalt concrete skin patching, and other tasks appurtenant to this project. This project will extend the lifespan of the streets by ten (10) years and will prevent more costly

future repairs. A project location map is provided for reference as Exhibit A. On May 2023, the City solicited bids for the project and four bids were received. The following is a summary of the bid results:

COMPANY	LOCATION	AMOUNT
American Asphalt South, Inc.	Riverside, CA	$1,851,027
Pavement Coatings Co.	Jurupa Valley, CA	$1,909,877
Roy Allan Slurry Seal	Santa Fe Springs, CA	$2,026,993
All American Asphalt	Corona, CA	$2,693,030

American Asphalt South, Inc. submitted the lowest responsive bid and has previously performed similar work for the City of Ontario in a satisfactory manner.

ENVIRONMENTAL REVIEW: The environmental impacts of this project were reviewed and Staff determined that the Project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to Section 15301 (Class 1, Existing Facilities) of CEQA, whereas the project consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of lead agency's determination.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Community Improvement Prepared By: Douglas J Sorel Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 9

SUBJECT: A RESOLUTION FOR PLACEMENT OF SPECIAL ASSESSMENTS ON THE SAN BERNARDINO COUNTY TAX ROLLS

RECOMMENDATION: That the City Council adopt a Resolution for recovery of fees and costs incurred in abating property and dangerous building violations, as well as administrative citations and civil penalties associated with property maintenance violations and placing assessments on the San Bernardino County Tax Rolls.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods

FISCAL IMPACT: The levy of special assessments will result in the recovery of $549,145.86 in costs that the City has expended for inspection or abatement of property violations, as well as the collection of $47,550.00 associated with civil penalties and/or fines for continued violations, for a total of $596,695.86 related to 981 parcels. When received, these reimbursements will be deposited into the General Fund. The special assessment revenue is included in the Fiscal Year 2023-24 Adopted Budget.

BACKGROUND & ANALYSIS: As a result of Community Improvement activities, the costs for abatement of property and dangerous building violations are included in the FY 2023-24 Adopted Budget. Additionally, the City has established administrative citations and fines for property maintenance violations and fees and penalties associated with the Systematic Health and Safety Inspection Program, Abandoned and Distressed Property Program, and Weed and Refuse Abatement Program. These costs, fines, fees, and penalties are recovered through placement of special tax assessments upon the properties. The placement of special assessments and collection of revenue is done under Ordinance 3046, Property Appearance (Title 5, Chapter 22 of the Ontario Municipal Code); Chapter 9 of the Uniform Code for the Abatement of Dangerous Buildings; and Ordinance 2920 for civil penalties for continued violations of the Ontario Municipal Code and fines associated with administrative citations (Title 1, Chapters 2 and 5 of the Ontario Municipal Code). The City and County currently have a contractual agreement regarding implementation of special assessments; however, a Resolution authorizing the placement of the specific assessments is

required. During this assessment cycle, the Community Improvement Department has billed property owners for: the abatement of violations; the issuance of fines associated with administrative citation; the issuance of fees and penalties associated with the Systematic Health and Safety Inspection Program; the issuance of registration fees and civil penalties associated with the Abandoned and Distressed Property Program; the issuance of notice and re-inspection fees; and, civil penalties for the Weed and Refuse Abatement Program on 4,692 parcels. Of these, there are remaining amounts due on 981 parcels. Attached are itemized accounts of: 1) costs associated with inspection or abatement as shown in Exhibit A of the Resolution; 2) civil penalties and/or fines for continued violations as shown in Exhibit B of the Resolution; and 3) total amounts per parcel as shown in Exhibit C of the Resolution. The expenditure list, including all corrections, adjustments, and payments received prior to August 7, 2023, will be submitted to the County prior to the August 10, 2023, deadline for its 2023-2024 tax rolls. All affected property owners were given notice of the imposition of special assessments via certified mail as provided in Ontario Municipal Code Section 1-4.05(a) and have either not requested an appeal or have exhausted the appellate procedure in Ontario Municipal Code Section 1-4.05(b).

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, ADOPTING A REPORT REQUESTING THE PLACEMENT OF SPECIAL ASSESSMENTS ON PROPERTY TAX BILLS FOR CIVIL PENALTIES OR RECOVERY OF COSTS INCURRED FOR ABATEMENT OF VIOLATIONS OF CITY CODES AND ORDINANCES.

WHEREAS, Ordinance No. 3046, Property Appearance (Title 5, Chapter 22, of the Ontario Municipal Code) and Chapter 9 of the Uniform Code for the Abatement of Dangerous Buildings provide for the abatement of property nuisances by repair, rehabilitation, demolition or removal; and

WHEREAS, under Resolution 94-112, Resolution ORA-499, and the Cooperation and Reimbursement Agreement entered into on the 15th day of November, 1994, by the City of Ontario and the Ontario Redevelopment Agency, the Ontario Redevelopment Agency made a one-time advance to the City of One Hundred Fifty Thousand Dollars ($150,000) to repair or abate dangerous buildings and properties throughout the City; and

WHEREAS, under a first amendment to the Cooperation and Reimbursement Agreement entered into on the 16th day of July 1996, by the City of Ontario and the Ontario Redevelopment Agency, the Ontario Redevelopment Agency made an additional advance to the City of One Hundred Thousand Dollars ($100,000) to continue to repair or abate dangerous buildings and properties throughout the City; and

WHEREAS, under Resolution 94-113, Resolution ORA-500, and the Cooperation and Reimbursement Agreement entered into on the 15th day of November 1994, by the City of Ontario and the Ontario Redevelopment Agency, the Ontario Redevelopment Agency made a one-time advance to the City of Thirty Thousand Dollars ($30,000) to repair or abate dangerous buildings and properties in the 6th and Grove area; and

WHEREAS, under Resolution 94-12, Resolution ORA-464, and the Cooperation and Reimbursement Agreement entered into on the 22nd day of February 1994, by the City of Ontario and the Ontario Redevelopment Agency, the Ontario Redevelopment Agency made a one-time advance to the City of One Hundred Fifty Thousand Dollars ($150,000) to repair or demolish dangerous buildings throughout the City; and

WHEREAS, Ordinance No. 2894, Systematic Health and Safety Inspection Program (Title 8, Chapter 17, of the Ontario Municipal Code), provides for the collection of unpaid service fees, plus any penalties and accrued interest by Special Assessment; and

WHEREAS, Ordinance No. 2920, provides for the assessment of civil penalties for continued violations of the Ontario Municipal Code (Title 1, Chapter 2 of the Ontario Municipal Code), and for fines associated with administrative citations to be collected by Special Assessment (Title 1, Chapter 5 of the Ontario Municipal Code), and establishes a uniform procedure before imposing such Special Assessments (Title 1, Chapter 4 of the Ontario Municipal Code); and

WHEREAS, the above said ordinances, resolutions and agreements provide for recovery of costs incurred in the abatement of violations by means of a Special Assessment placed on the tax rolls; and

WHEREAS, the City has incurred costs involved in the abatement of violations under the Ontario Municipal Code and Uniform Code for the Abatement of Dangerous Buildings, issuing Notices of Violation, and administering the Systematic Health and Safety Program and wishes to recover said costs; and

WHEREAS, the owners of all parcels listed in Exhibit A, B, and C were given notice of imposition of such Special Assessment as provided in Ontario Municipal Code Section 1-4.05(a), and either have not requested an appeal, or have exhausted the appellate procedure provided in Ontario Municipal Code Section 1-4.05(b); and

WHEREAS, the City has an executed contract with the San Bernardino County Board of Supervisors for collection of said assessments;

NOW, THEREFORE, BE IT RESOLVED that the City Council:

1. Confirmed the costs associated with inspection or abatement on the properties as set forth in the report in Exhibit A; and

2. Confirmed the civil penalties and/or fines for continued violations on the properties as set forth in the report in Exhibit B; and

3. Confirmed that Exhibit C contains the total amount assessed for both confirmed costs and confirmed civil penalties and/or fines for each of the properties; and

4. Found and determined that the report, and Exhibits contained therein are true and accurate; and

5. Adopts the above said report and finds that the costs of inspection or abatement on the properties listed are the costs set forth in Exhibit A, the civil penalties and/or fines for continued violations are the penalties and/or fines as set forth in Exhibit B, and the same are hereby charged and placed as special assessments upon the respective properties; and

6. Directs Exhibit C shall be sent to the Auditor-Controller of San Bernardino County and shall be collected on the County tax roll.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Engineering Prepared By: Leonard Lui Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 10

SUBJECT: **A CONSTRUCTION CONTRACT WITH ALL AMERICAN ASPHALT AND A REIMBURSEMENT AGREEMENT WITH THE CITY OF JURUPA VALLEY FOR THE 2023 FALL PAVEMENT REHABILITATION PROJECT**

RECOMMENDATION: That the City Council take the following actions:

A. Award a construction contract (on file in the Records Management Department) with All American Asphalt of Corona, California, for the 2023 Fall Pavement Rehabilitation Project (Project) in the amount of $5,026,144;
B. Authorize the City Manager, or his designee, to execute said contract and all related documents;
C. File a notice of completion at the conclusion of all construction activities; and
D. Authorize the City Manager, or his designee, to execute the 2023 Fall Pavement Rehabilitation Reimbursement Agreement with the City of Jurupa Valley (on file in the Records Management Department) estimated to be $930,840.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Pursue City's Goals and Objectives by Working with Other Governmental Agencies

FISCAL IMPACT: The Fiscal Year 2023-24 Adopted Budget includes appropriations for the construction of the Project in the amount of $5,240,000 from Measure I. The total recommended expenditure authorization for All American Asphalt consists of $4,569,222 plus a ten percent (10%) contingency of $456,922, for a total of $5,026,144. The City of Jurupa Valley will reimburse the City of Ontario for Jurupa Valley's portion of actual costs incurred for the construction of Philadelphia Street improvements for the 2023 Fall Pavement Rehabilitation Project. The maximum reimbursement amount is $930,840.

BACKGROUND & ANALYSIS: The general scope of work to be performed under this contract consists of header & slot grinding existing pavement; removal of asphalt concrete pavement; removal and replacement of existing Portland cement concrete curb & gutter, local depressions, and drive approach spandrels; placement of asphalt concrete base pavement; placement of an asphalt level course; placement of an asphalt rubberized hot mix overlay; adjustment of water valves & covers; adjustment of manhole rings & covers; installation of truncated domes; installation of monument wells; replacement of irrigation in-like and kind; installation of video detection systems; and, other appurtenances necessary to complete the improvements as described in the Plans and Standard Specifications. This project will extend the lifespan of the streets by fifteen to twenty years.

The project locations include Inland Empire Boulevard from Mercedes Lane to Milliken Avenue (Project No. ST2408); Brickell Street from Dupont Avenue to Milliken Avenue (Project No. ST2408); Vintage Avenue from Jurupa Street to Santa Ana Street (Project No. ST2411); Vintage Avenue from Philadelphia Street to Francis Street (Project No. ST2410); Philadelphia Street from Rochester Avenue to Etiwanda Avenue (Project No. ST2412); Greystone Drive from Doubleday Avenue to Milliken Avenue (Project No. ST2406); Dupont Avenue from Greystone Drive to End (Project No. ST2404); Chino Avenue from Ontario Avenue to Cucamonga Creek Channel (Project No. ST2403); Chino Avenue from Euclid Avenue to Bon View Avenue (Project No. ST 2402); and, Bon View Avenue from Edison Avenue to Chino Avenue (Project No. ST2401). A project location map is provided for reference as Exhibit "A".

In May 2023, the City solicited bids for the project and two bids were received. The following is a summary of the bid results:

CONTRACTOR	LOCATION	AMOUNT
All American Asphalt	Corona, CA	$4,569,222.00
Hardy & Harper	Lake Forest, CA	$6,315,724.00

All American Asphalt submitted the lowest responsive bid and has previously performed similar work for the City of Ontario in a satisfactory manner.

A portion of the Philadelphia Street pavement rehabilitation lies within the City of Jurupa Valley (See Exhibit "B"); and in order for the entire street to be rehabilitated, Staff has reached a reimbursement agreement with the City of Jurupa Valley. This project includes pavement rehabilitation, curb and gutter replacement, local depression replacement, adjustment of water valves and covers, and adjustment of manhole rings & covers. The City of Jurupa Valley agrees to reimburse the City of Ontario for the construction costs related to the Fiscal Year 2023-24 pavement rehabilitation on the southerly portion of Philadelphia Street from Rochester Avenue to Etiwanda Avenue within the City of Jurupa Valley Right of Way, plus 10% for engineering, project management and inspection, not to exceed $930,840. The reimbursement agreement has been reviewed and approved by the City Attorney.

ENVIRONMENTAL REVIEW: The environmental impacts of this project were reviewed and Staff determined that the Project is categorically exempt from the requirements of the California Environmental Quality Act pursuant to Section 15301 (Class 1, Existing Facilities) of the California

Environmental Quality Act, whereas the project consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of lead agency's determination.

Department: Municipal Services Prepared By: Manuel Rebolledo Staff Member Presenting: Tito Haes, Executive Director Public Works Reviewed By: Bonnie Tam Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 11

SUBJECT: **AN AMENDMENT TO THE MAINTENANCE SERVICES AGREEMENT WITH CLEAN ENERGY FOR MAINTENANCE OF THE COMPRESSED NATURAL GAS FUELING STATION**

RECOMMENDATION: That the City Council approve and authorize the City Manager or his designee to execute Amendment No. 2 (on file with the Records Management Department) to the Maintenance Services Agreement with Clean Energy, of Newport Beach, California, in the amount of $150,000, increasing the not-to-exceed amount to $325,000; with the option to extend the Agreement for up to two (2) one-year periods, for maintenance and repairs of the City's compressed natural gas (CNG) fueling station.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Maintain the Current High Level of Public Safety
Operate in a Businesslike Manner

FISCAL IMPACT: The Fiscal Year 2023-24 Adopted Budget includes appropriations in the Equipment Services Fund for maintenance and repairs of the City's CNG fueling station. The recommended Amendment increases the authorized contract amount for option year two by $75,000 for Fiscal Year 2023-24 and option year three by $75,000 for Fiscal Year 2024-25, for a new total not-to-exceed contract amount of $325,000. The total compensation paid by the City will be contingent upon actual services provided at the contracted rates set forth in the agreement and shall not exceed $325,000 over the five-year term.

BACKGROUND & ANALYSIS: The City has owned and operated the CNG fueling facility since 1995. Over the years this facility has reduced the community's collective carbon footprint, improved air quality, lowered dependency on fossil fuels and foreign oil, and enabled compliance with the South Coast Air Quality Management District Rule 1193, Clean On-Road Residential and Commercial Refuse Collection Vehicles. The facility provides CNG for over 100 City vehicles and Ontario-Montclair School District (OMSD) buses.

On July 1, 2020, the City entered into a two-year Maintenance Services Agreement with Clean Energy for the maintenance and repairs of the City's CNG fueling station. Since then, Clean Energy

has provided excellent service to the Fleet Services Department for the maintenance and repairs of the City's CNG fueling station. Staff recommends increasing the total authorized compensation, and extending the term of the Maintenance Services Agreement to June 30, 2025 to ensure the Fleet Services Department can continue to maintain and repair the CNG fueling station quickly and keep it operational, providing a cleaner burning alternative fuel to the City's vehicle fleet and the OMSD bus fleet.

Department: Human Resources Prepared By: Reed Sigler Staff Member Presenting: Angela C. Lopez, Executive Director Human Resources Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 12

SUBJECT:

APPROVAL OF A FOUR-YEAR MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF ONTARIO AND THE ONTARIO POLICE OFFICERS ASSOCIATION; A FOUR-YEAR MEMORANDUM OF UNDERSTANDING WITH TEAMSTERS LOCAL 1932; A FOUR-YEAR MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF ONTARIO AND THE ONTARO FIRE MANAGEMENT GROUP; APPROVAL OF ONE-TIME BONUSES FOR EMPLOYEEES IN THE ONTARIO POLICE OFFICERS ASSOCIATION, AND TEAMSTERS LOCAL 1932 EMPLOYEE GROUPS; APPROVAL OF REVISIONS MADE TO THE COMPENSATION AND BENEFITS PROFILE FOR THE DEPARTMENT HEAD GROUP; AND AUTHORIZE THE CITY MANAGER TO MAKE ANY NON-SUBSTANTIVE CHANGES WHICH MAY BE NECESSARY FOR IMPLEMENTATION.

RECOMMENDATION: That the City Council approve the Memorandum of Understandings (MOUs) between the City of Ontario; and

1. Approve a four-year MOU regarding wages, hours, and other terms and conditions of employment with the Ontario Police Officers Association from July 1, 2023 through June 30, 2027;
2. Approve a four-year MOU regarding wages, hours, and other terms and conditions of employment with Teamsters Local 1932 from July 1, 2023 to June 30, 2027;
3. Approve a four-year MOU regarding wages, hours, and other terms and conditions of employee with the Ontario Fire Management Group from July 1, 2023 to June 30, 2027;
4. Approve a one-time signing bonus of $2,000 for active employees represented by Teamsters Local 1932 effective July 19, 2023. Approve a one-time signing bonus of $2,500 for active employees represented by Ontario Police Officers Association effective July 19, 2023;
5. Approve additional amendments to the previously approved Compensation and Benefits Profile for the Department Head Group effective July 1, 2023.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Maintain the Current High Level of Public Safety

FISCAL IMPACT: The estimated additional annual cost of the compensation changes across all funds during the renewals is $12,074,693 for Fiscal Year 2023-24 and $15,416,016 or Fiscal Year 2024-25. The estimated General Fund portion is $13,148,035 for Fiscal Year 2023-24, and $12,339,537 for the following fiscal year. Appropriations for the first year of the Agreement have been included in the Adopted Fiscal Year 2023-24 Operating Budget.

BACKGROUND & ANALYSIS: Pursuant to the Meyers-Milias-Brown Act, the City has met and conferred in good faith concerning wages, hours, benefits, and working conditions with the Ontario Police Officers Association ("OPOA"), Teamsters Local 1932 ("Teamsters"), and Ontario Fire Management Group ("OPMG") for successor MOU's which expired on June 30, 2023. The meet and confer process included total compensation surveys that were conducted using Ontario's survey market for each group and designated benchmark classifications as a method to remain competitive in the market and as a component of being the employer of choice. Each of these respective employee associations have agreed to multi-year agreements with the following salary and benefit terms:

Ontario Police Officers Association (OPOA): A four-year term with a 13% general salary increase effective July 2, 2023, a 3% general salary increase on July 14, 2024, a general salary increase that is the lesser of 3% and the results of an updated total compensation survey on July 13, 2025, and a general salary increase that is the greater of 5% or the results of an updated total compensation survey on July 12, 2026. Additional revisions to employee compensation include:

- Remove cap for employees who are simultaneously assigned to the Officer Involved Shooting and Homicide Investigation teams to receive the full combined total additional compensation for both assignments.
- Provide Field Training Officer pay for employees in the Police Officer classification that possess a POST Field Training Officer Certification and are assigned to train a trainee for a shift.
- Increase the total combined percentage of Educational Incentive Program pay from 7% to 8.5% over a three-year period commencing on July 14, 2024.

As well as minor technical and operational revisions to the current Memorandum of Understanding that do not create a cost increase.

Teamsters: A four-year term with a 9.5% general salary increase effective July 2, 2023, a 9.5% general salary increase on July 14, 2024, a 9.5% general salary increase on July 13, 2025, and a general salary increase the greater of 4.23% or the results of an updated total compensation survey on July 12, 2026. Additional revisions to employee compensation include:

- Structural amendment to expand on-call compensation to employees in the Water Production Operator classification; and

- Structural amendment to the holiday hours paid that is equivalent to an employee's regularly scheduled workday.

As well as minor technical revisions to the current Memorandum of Understanding that do not create a cost increase.

OFMG: A four-year term with a 9% general salary increase for employees in the Battalion Chief classification and 5% general salary increase for employees in the Deputy Chief and Senior Deputy Chief classification effective July 2, 2023, a 3% general salary increase on July 14, 2024, a general salary increase that is the lesser of 3% and the results of an updated total compensation survey on July 13, 2025, and a general salary increase that is the greater of 5% or the results of an updated total compensation survey on July 12, 2026. Additional revisions to employee compensation include:

- Provide Emergency Medical Technician Pay to qualified Battalion Chiefs;
- Provide education incentive pay for the possession of post-secondary degrees;
- Expand Chief Officer Certification pay to the Battalion Chief classification; and
- Provide holiday credit each pay period for Deputy Chief and Senior Deputy Chief in lieu of issuing on the holiday with the understanding that most holidays are regular workdays.

Additionally, as part of being the employer of choice, it is recommended that eligible employees in each of these groups receive a 40-hour paid maternity/paternity leave benefit for the birth or adoption of a child.

Department Head: The Compensation and Benefits Profile for the Department Head group was previously approved on June 15, 2023. Additional amendments include Pay for Performance Bonus designed to recognize significant achievement during the course of the evaluation year or superlative overall achievement; revisions to the salary range table effective July 2, 2023 and the addition of a salary range table that will go in to effect on July 14, 2024.

Lastly, it is recommended that the City Manager be authorized to grant a one-time signing bonus of $2,000 for active employees represented by Teamsters Local 1932 effective July 19, 2023. As well as a one-time signing bonus of $2,500 for active employees represented by the Ontario Police Officers Association effective July 19, 2023. These signing bonuses are based on the relative speed in which the employee groups reached a comprehensive employment agreement with the City.

The City and the identified bargaining groups recognize the importance of balancing of the City's compensation philosophy and fiscal responsibility. The proposed agreements, including amendments, represent fair and equitable contracts for employees while ensuring that the City continues to attract and retain a highly qualified and productive workforce committed to serving our community.

Section 1.01 Parties to the Memorandum of Understanding

This Memorandum of Understanding (hereinafter known as MOU) is made and entered into by and between the City of Ontario (hereinafter known as the City) and the Teamsters Local 1932 (hereinafter known as the Union).

Section 1.02 Recognition

The City hereby formally recognizes the Teamsters Local 1932 as the Representative for those employees employed by the City and defined in Rule I, Section 26 of the Personnel Rules and Regulations, in the following classifications:

Administrative Specialist	Administrative Technician	Asset Forfeiture Fiscal Coordinator
Assistant Curator	Assistant Engineer	Assistant Planner
Associate Civil Engineer	Associate Engineer	Associate Landscape Planner
Associate Planner	Broadband Analyst	Building Inspector
Building Plans Examiner	Building Plans Specialist	Business License Specialist
Buyer	Central Services Specialist	Combination Building Inspector
Community Improvement Officer	Community Service Officer	Continuum of Care Social Worker
Crime Analyst	Crime Prevention Specialist	Cross-Connection Control Specialist
Cross-Connection Control Supervisor	Custodial Services Supervisor	Customer Services Representative
DIF Analyst	Digital Forensic Specialist	Emergency Management Coordinator
Engineering Aide	Engineering Assistant	Engineering Assistant/GIS
Environmental Technician	Evidence Technician	Facilities Maintenance Supervisor
Fire Dispatch Supervisor	Fire Dispatcher	Fire Dispatcher Trainee
Fire Safety Specialist	Fire Safety Technician	Fleet Services Coordinator
Fleet Services Supervisor	Forensic Field Supervisor	Forensic Specialist
Forensic Specialist Trainee	Graphic and Marketing Specialist	Integrated Waste Dispatcher
Integrated Waste Route Specialist	Integrated Waste Supervisor	Irrigation Conservation Specialist
Landscape Planner	Librarian	Library Assistant
Library Clerk	Management Analyst	Management Assistant
Museum Curator	Office Assistant	Office Specialist
Parking Enforcement Officer	Parks and Maintenance Supervisor	Permit Technician
Plan Checker	Police Dispatch Supervisor	Police Dispatcher
Police Dispatcher Trainee	Police Records Specialist	Police Records Specialist Trainee
Police Records Supervisor	Project Coordinator	Public Works Inspector
Purchasing Assistant	Recreation/Community Services Coordinator	Recreation/Community Services Supervisor
Senior Combo Building Inspector	Senior Community Improvement Officer	Senior Environmental Technician
Senior Evidence Technician	Senior Fire Dispatcher	Senior Fire Safety Specialist
Senior Forensic Specialist	Senior Landscape Planner	Senior Librarian
Senior Library Assistant	Senior Library Clerk	Senior Permit Technician
Senior Police Dispatcher	Senior Police Records Specialist	Senior Public Works Inspector
Senior Recreation/Community Services Supervisor	Street Maintenance Supervisor	Supervising Librarian
Supervising Library Clerk	Survey Party Chief	Survey Technician
Transportation Driver	Transportation Driver Trainee	Utilities Customer Services Specialist

Recognition is granted for the purpose of meeting and conferring on wages, hours, working conditions and general representation of employees defined within this section.

This MOU does not cover administrative clerical personnel or any other position which has been classified as Confidential Personnel in accordance with the Resolution on Employer-Employee Relations.

Section 1.03 City Personnel Rules

It is understood and agreed that there exists within the City, in written or unwritten form, certain personnel rules, policies, practices and benefits, generally contained in the "City of Ontario Personnel Rules and Regulations" and the “Employment Policies” in the City’s Online Policy Center, which shall continue in effect, except for those provisions modified by this MOU, unless and until modified in accordance with state laws, orders, regulations, official instructions or policies.

Section 1.04 Effect of MOU

A. The parties acknowledge that during the negotiations which resulted in this MOU, each had the unlimited right and opportunity to make demands with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this MOU.

B. This MOU supersedes all previous agreements, understandings, and prior practices related to matters included within this MOU.

Section 1.05 Definitions

A. **Bargaining Unit**
The employees defined in Section 1.02, Recognition.

B. **Calendar Day**
A 24-hour day beginning at 12:00 midnight and ending the following 12:00 midnight.

C. **Calendar Year**
The period of 12 consecutive months commencing on January 1st and ending on December 31st.

D. **Fiscal Year**
The period of 12 consecutive months commencing on July 1st and ending on June 30th.

E. **Emergency**
A circumstance requiring immediate action; a sudden, unexpected happening; an unforeseen occurrence or condition.

F. **Employee**

1. Regular Status Employee - An employee in a full-time, regular position who has completed the probationary period.

2. Probationary Employee - An employee in a full-time, regular position who has not completed the probationary period.

G. **Week**
Seven consecutive calendar days beginning on Sunday and continuing through Saturday.

H. **Working Day**
A daily work period an employee is regularly scheduled to work each day. For example, an employee working a 5/8 schedule would have an eight-hour working day; an employee working a 9/80 schedule would generally have eight 9-hour working days, one 8-hour working day, and one flex day in a two week period; and an employee on a 4/10 work schedule would have a ten-hour working day; an employee working a 11½-hour schedule would generally have six 11½-hour working days and one 11-hour working day in a two week period.

I. **FLSA Workweek**

DRAFT

The workweek for all schedules shall begin on Sunday and end on Saturday. The City may adjust the work week definition for alternative work schedules and designate a fixed beginning and end time based on the employee's regularly assigned work schedule in compliance with the Fair Labor Standards Act. The most common example of an alternative work schedule, not using the Sunday through Saturday workweek is a 9/80 schedule, four (4), nine-hour days per workweek and one alternating eight-hour day (flex day worked)/regular day off (flex day off). Employees assigned a 9/80 schedule have a FLSA workweek designated as beginning four (4) hours into their alternating regular day off or eight-hour day.

J. **Official Personnel File**

The term "official personnel file" as used in the Agreement refers to the file maintained by the City Human Resources Department which contains personnel records concerning an employee.

Section 1.06 Management Rights

A. There are no provisions in the MOU that shall be deemed to limit or curtail the City in any way in the exercise of the rights, powers, and authority which the City had prior to entering into this MOU unless and only to the extent that the provisions of this MOU specifically curtail or limit such rights, powers and authority.

B. The rights of the City include, but are not limited to:

1. The exclusive right to determine the mission of its constituent departments, commissions, and boards.
2. Set standards of service.
3. Determine the procedure and standards of selection for employment and promotion.
4. Direct its employees.
5. Relieve its employees from duty because of lack of work, or for other legitimate reasons.
6. Maintain efficiency of government operations.
7. Determine the methods, means and personnel by which government operations are to be conducted.
8. Determine the content of job classifications.
9. Take all necessary actions to carry out its mission in emergencies.
10. Exercise complete control and discretion over its organization and the technology of performing its work.
11. Discharge, suspend, demote, reprimand, and withhold salary increases and benefits, or otherwise discipline employees for cause.
12. Establish reasonable employee performance standards, including, but not limited to, quality and quantity standards, and require compliance herewith.

DRAFT

C. Where required by law, the City agrees, prior to implementation, to meet and confer with the Union to discuss the impact of the exercise of a City right upon wages and hours and other terms and conditions of employment of bargaining unit members unless the impact consequences of the exercise of a management right upon the bargaining unit members are provided for in this MOU, Personnel Rules and Regulations or Departmental Rules and Regulations.

Section 1.07 Employee Rights

A. The City shall afford regular employees the procedural due process safeguards as set out in the published decisions of the California courts.

B. An employee shall have right of Union representation when the employee reasonably anticipates that such a meeting is for the purpose of disciplining the employee, or is to obtain facts to support disciplinary action that is probable, or that is being seriously considered. The employer shall tell the employee and the Union Business agent representing the said employee being investigated prior to any administrative investigative interview, the reason said employee is being investigated.

Article II. EMPLOYMENT PROVISIONS

Section 2.01 Probationary Period

A. **Objective**

The probationary period is to be regarded as an integral part of the testing procedures and shall be utilized for closely observing an employee's work and adjustment within the organization. During the probationary period, the City shall coach and provide direction to the employee to assess the employee's adaptability to the City's work environment and if they are fully qualified for employment in the classification. Upon extension of a probationary period the City will continue to provide direction to the employee in an effort to assist the employee in meeting the probationary requirements.

B. **Length**

1. An original appointment is defined as an appointment of a new hire, rehire, or temporary/part-time employee being appointed to a regular position. All original appointments to the Police Dispatcher Trainee classification shall be subject to a probationary period of 18 months. All other original appointments shall be subject to a probationary period of 12 months.

2. A promotional appointment is defined as the appointment of a current full-time employee who is promoted into another full-time position. Promotional appointments into the classifications of Fire Dispatch Supervisor, Senior Fire Dispatcher, Fire Dispatcher, Fire Dispatcher Trainee, Police Dispatch Supervisor, Senior Police Dispatcher, and Police Dispatcher, shall be subject to a probationary period of 12 months. A promotional appointment into the Police Dispatcher Trainee classification shall be subject to a probationary period of 18 months. All other promotional appointments for employees who have attained regular status in a prior classification shall be subject to a probationary period of 6 months. Promotional appointments for employees who have not attained regular status in a prior

classification shall be subject to a probationary period of 12 months. Time served during a temporary promotion does not count toward the probationary period in the higher classification.

3. If a probationary employee is on leave for more than 30 consecutive calendar days during the probationary period, that employee's probationary period shall be extended by the duration of the employee's consecutive leave. The Department Head may also extend an employee's probation by up to a total of six months upon written notice delivered to the employee prior to the completion of their probationary period.

C. **Probationary Release**

During the probationary period, an employee may be terminated by the Department Head without cause and without right of appeal. Notification shall be in writing to the employee and may be given without advance notice.

An employee who is released while serving a probationary period after promotion shall be returned to their previous classification provided the employee had regular status in that classification.

Section 2.02 Hours of Work

A. **Mealtime**

Employees with the exception of those indicated below, assigned to work the forty (40) hour work week schedule shall be entitled to one (1) mealtime for eight (8) or more consecutive hours worked.

All mealtime taken is considered non-work time and to be without pay. The schedule for meal breaks shall be determined by management, taking into consideration the continuity of services provided to the public, and the convenience of the employee.

In no case will meal breaks be permitted to exceed one (1) hour, or can they be taken at the beginning or end of a work schedule.

Employees in the Community Service Officer, Forensic Specialist Trainee, Forensic Specialist, Senior Forensic Specialist, Forensic Field Supervisor classifications ~~s~~ will be provided a paid meal period and may be recalled during their meal period due to a work emergency.

B. **Breaks - Rest Periods**

Employees assigned to the forty (40) hour work week schedule may receive two (2) break-rest periods for each eight (8) hour day actually worked, and a break-rest period of fifteen (15) minutes for each four (4) consecutive hours of overtime worked. Break-rest periods are a benefit and not a right, and time must be earned as any other benefit and is computed at the rate of fifteen (15) minutes per four (4) hours worked, or major fraction thereof. The procedures to be followed in providing rest periods, sometimes referred to as "coffee breaks" shall include the following:

DRAFT

1. Rest periods are scheduled or rescheduled by management as job requirements dictate.

2. The rest period shall consist of fifteen (15) minutes cessation of work and will include time involved in going to and coming from a rest area.

3. Rest periods are not accumulative and shall not be added to any lunch hours, vacation, or any other form of authorized absence from work.

Section 2.03 Transfers and Job Changes

A. A transfer is the movement of an individual from one department to another while remaining in the same classification with similar duties and responsibilities. A transfer may be initiated at any time by the City Manager upon the recommendations of the Department Heads concerned, or to meet the service needs of the department. All transfers must be within comparable classes, and no person shall be transferred to a position for which the employee does not possess the minimum qualifications. A transfer shall not be used to circumvent the regulations surrounding promotion, demotion, advancement or reduction. If the employee being transferred has attained regular status in their classification, a new probationary period shall not be required. If a probationary employee is being transferred, the employee will be required to complete the probationary period based on the original end-of-probation date.

B. Vacant positions within a classification may be filled by transfers on the basis of seniority by other employees within that classification provided that such a transfer shall not be detrimental to the mission of that department. In the event an employee requests a transfer and such transfer is not approved, the employee and the affected employee's organization shall be notified of the reason therefore in writing within 10 working days.

C. A job change is an employee's voluntary movement into another classification at the same salary range or within 1%. A downward movement to a salary range within 1% will not be considered a demotion as defined in the Personnel Rules and Regulations. A job change may be affected at any time by the City Manager upon request of the employee and recommendations of the Department Heads concerned or to meet the needs of City service. An employee changing jobs must possess the minimum qualifications for the new classification. The probationary period requirement and return rights for job changes shall be the same as for promotions.

Section 2.04 Promotions/Appointments From Within

The City shall consider offering vacant positions on a promotional basis to employees who meet the minimum requirements of the vacant positions.

DRAFT

Section 2.05 Layoff Procedures

A. The City Manager may layoff regular and probationary employee(s), at any time for lack of work or other changes that have taken place. The City shall provide the Union with 30-day notice to begin employee impact discussions. The employee(s) will be given two weeks' notice before such a layoff is to take place. The City shall meet and consult with the concerned employee organization on such matters as the timing of the layoff and the number and identity of the employee(s) affected by the layoff during the two-week period prior to the proper layoff action.

B. A demotion or transfer to another department with the City Manager's approval may be made to prevent a layoff provided the employee is qualified by education and/or experience and is capable of performing the duties of the classification.

C. In the event of a layoff, those employees with the least service in the classification affected shall be laid off first and be placed on a "Recall List" and shall be eligible for recall for one year from the date of placement on the list; if a recall begins, the most senior employees laid off in the classifications required shall be recalled first. Strict application of seniority shall prevail unless exceptional circumstances occur of which the concerned employee organization shall be fully apprised in advance. The order of layoff shall be:

   1. Temporary employees in the affected classification shall be removed first.

   2. Probationary employees in the affected classification shall be removed next.

   3. Exceptional circumstances may include the desirability of maintaining a balanced department or work unit and retaining employees in the classification, department, or section who have the ability to perform the work available.

D. The employee scheduled to be laid off shall be entitled to displace to a position in a classification occupied by an employee with less overall City (displacement seniority) seniority provided it is in a position in which the employee formerly held a regular appointment, and is qualified by education and/or experience, and is capable of performing the duties of the classification. The employee with the least displacement seniority shall be displaced by the employee scheduled for layoff. The employee displaced shall be considered as laid off for the same reason as the employee who displaced them, and shall in the same manner, be eligible to displace to a position in a classification in which the employee formerly held a regular appointment and is qualified by education and/or experience, and is capable of performing the duties of the classification.

E. Failure to return to work from layoff within 15 calendar days after notice to return by certified or registered mail to the employee at their last known address on file with the City Human Resources Office or by personal delivery shall constitute the employee's waiver to return to work and eliminates any future re-employment responsibilities placed on the City. The employee will also be notified by personal email if such has been provided to the City.

Article III. CLASSIFICATIONS

Section 3.01 New Classifications

DRAFT

The City agrees to meet and confer with the Union on any new classification approved, which appropriately should be added to the unit covered by this MOU. Substantive changes to existing class specifications are subject to the meet and confer process. Changes to the document formatting or other minor revisions to content may be implemented without meeting and conferring.

Section 3.02 Higher Classification Work

A. Any employee who temporarily performs the duties of a position in a higher classification for 80 ~~consecutive~~ cumulative hours shall continue to receive their base rate of pay. The Department Head or designee shall determine and specifically assign, in writing, an employee to perform all of the significant duties of the higher classification which is vacant due to sick leave, injury leave, vacation, separation or another circumstance as pre-approved by the Human Resources Agency. Any subsequent work (81 ~~consecutive~~ cumulative hours or greater) performed by the employee in the higher classification shall entitle the employee to be paid at the base rate of pay for that classification, consistent with Section C below, while performing such duties with two exceptions:

1. If more than 12 months has elapsed since the employee has last performed the work of the higher classification, the supervisor may require a performance test, not to exceed a normal working day at the employee's base rate of pay.

2. In the instances where new equipment or new operational procedures are involved, the supervisor may require a training period not to exceed 16 hours at the employee's base rate of pay.

B. In those instances where training is not involved, and if, in the supervisor's opinion, an employee is proficient in the higher classification, management has the authority to pay that employee at a higher classification pay rate prior to 80 ~~consecutive~~ cumulative hours as pre-approved by the Human Resources Agency

C. The higher salary rate payable shall commence on the 81st working hour following the temporary reassignment to the performance of duties of the higher classification. The higher rate of pay shall be defined as a five percent increase in pay or step one of the higher classification, whichever is greater.

D. Employees temporarily assigned to perform duties of the higher classification must meet the minimum qualifications of the higher classification and must be capable of handling major duties of the higher classification without any more supervision then another would in the same job.

E. This assignment shall continue until the City no longer requires the employee to perform the duties of such assignment, to the extent legally permissible, pursuant to Government Code Section 20480.

F. At the end of such assignment the employee performing the temporary assignment shall be returned to their original position and salary range.

DRAFT

G. Nothing contained herein shall apply to an employee who is being trained by the City to qualify for a higher classification.

Section 3.03 Certifications/Licensing

When the City determines that a reclassification of a position requires an employee to obtain a specialized license or certificate, or if such a requirement is established for the position by a federal or state agency and/or county or special district during an employee's employment in the position, the City agrees to assume the cost for such certification or license. The City may pay directly or reimburse the employee if the employee presents proof of payment. This provision shall not apply if the classification is identified as part of the City's Educational Incentive Program as outlined in Article XV of the City's Personnel Rules and Regulations.

Section 3.04 Classification Review

A. The City commits to review and develop job descriptions for all classifications without a job description in the bargaining unit within 12 months of ratification of this agreement by the parties.

B. Employee(s) or the Union may request a classification review of their position. Such request shall be forwarded through the line of supervision ~~to the Human Resources Director~~with a copy sent to the Human Resources / Risk Management Director.

C. Employee(s) or the ~~shall~~Union shall not submit a subsequent request prior to 18 months after completion of any previous classification review unless the employee's position has undergone a considerable change in duties and responsibilities.

D. Employee(s) and the ~~shall~~Union shall be notified in writing by the Human Resources Director of the classification review decision within 120 day of the receipt of the request.

Section 3.05 Classification Review Appeal

A. An employee or the Union may appeal the decision of a classification review no later than 10 working days after such results have been provided to the employee. Such an appeal shall be filed with the Human Resources Department. Such an appeal shall include a detailed statement by the employee indicating their reasons for disagreement with the classification review decision.

B. An authorized representative from the Human Resources Department shall hold a meeting with the employee no later than 14 working days after the classification review appeal filing. The authorized representative shall not be the same person who conducted the initial classification review. This individual shall respond in writing to the employee no later than 21 working days after the meeting with the employee.

C. If the employee is not satisfied with the decision from Human Resources the employee may appeal the decision to the City Manager within 10 working days from Human Resource's response. The City Manager shall review and respond in writing to the appeal within 10 working days of such appeal. The City Manager's response shall be final.

D. Provisions within this section shall not be subject to the grievance procedures of this MOU.

DRAFT

Article IV. COMPENSATION

Section 4.01 Salary

A. Effective July ~~2~~4, 202~~3~~1, employees within the unit will receive a 9.5~~2~~% increase in base salary.

B. Effective July ~~3~~14, ~~2022~~2024, employees within the unit will receive a ~~2~~9.5% increase in base salary.

C. Effective July 13, 2025, employees within the unit will receive a 9.5% increase in base salary.

~~B.~~D. Effective July 12, 2026, employees with the unit will receive the greater of a 4.23% increase in base salary or the percentage increase in base salary required to maintain the leading total compensation position amongst comparable agencies. Total Compensation is based on a weighted average calculation of benchmarked classifications which shall be used to determine the percentage of base salary increase for all classifications.

Section 4.02 Salary Schedule

Wages for the various classifications are set forth in Appendix "A."

Section 4.03 Overtime

A. The City reserves the right to schedule overtime work as required in a manner most advantageous to the City and consistent with the public interest and the requirement of municipal employment. The City further reserves the right to determine appropriate classification for overtime assignment, and those qualified for assignment, and the ability to utilize employees within appropriate classifications from departments other than that requiring the overtime.

B. Overtime shall be paid for over 40 hours in any one week or over the employee's regularly scheduled hours within the day at the rate of one and one-half (1½) times the normal hourly rate. Those employees eligible to receive overtime compensation may receive pay or may elect to receive compensatory time off at a rate equivalent to overtime pay. If required by the terms of a grant, overtime must be compensated as pay.

C. Every effort shall be made to allow the compensatory time to be utilized in conjunction with the employee's regularly scheduled days off.

D. Working overtime shall require prior authorization or approval. In emergency situations that necessitate working overtime, the employee must notify a supervisor as soon as possible, and in no event later than the end of that day upon which the emergency occurred.

Section 4.04 Conversion of Compensatory Time

A. All compensatory time shall be recorded in the employee's compensatory time bank.

DRAFT

B. All employees may retain a balance of all unused compensatory time not to exceed 240 hours at any given time, except for Fire Dispatch Supervisors, Senior Fire Dispatchers, Fire Dispatchers, Fire Dispatcher Trainees, Police Dispatch Supervisors, Senior Police Dispatchers, Police Dispatchers and Police Dispatcher Trainees who may retain up to 480 hours.

C. Upon separation from the City, the employee shall be paid for any unused compensatory time.

D. Employees may also convert accrued compensatory time to salary as provided for in Section 5.02(C).

E. When an employee has accumulated the maximum allowable hours of compensatory time for their classification, no further compensatory time shall be accumulated, and the employee shall only be eligible for overtime pay in accordance with this MOU.

Section 4.05 Court Appearance Standby

A. Employees required to be on standby while off duty for City-related possible court appearances, but not requiring actual court appearances, shall be entitled to accrue four hours of straight compensatory time except as modified by Item 4.05(B) below.

B. If the employee, on morning court session standby, is not excused and is notified of a requirement for afternoon court session standby, the employee shall be entitled to an additional four hours of compensatory time for the afternoon session except as modified by Item 4.05(A)(3) below.

C. If an employee has been on standby and subsequently is required to appear in court, the employee shall be entitled to receive only the pay for court appearance as provided under current policy for court appearance.

~~**Section 4.06 Standby for Water Production Operator**~~

~~**Section 4.07 Employees in the Water Production Operator classification shall be assigned to be in a stand-by rotation on a continuous basis. Employees in the Water Production Operator classification shall not receive additional stand-by compensation.**~~

~~**Section 4.08 Employees shall receive compensation as provided for in Section 4.06 Call Back.**~~

~~Section 4.09~~Section 4.06 Call Back

A. Any employee, except for an employee in the Forensic Specialist series assigned to on-call duty pursuant to Section 4.07, who is called back to work outside of their regular working hours, shall be compensated for time as follows:

B. When required to respond without physically returning to work, an employee shall be paid for actual time worked.

C. When required to physically return to work, an employee shall be guaranteed a minimum of two hours pay at time and one-half the employee's regular hourly rate.

DRAFT

~~Section 4.10~~Section 4.07 On-Call Duty

A. Unit employees in the classifications of Forensic Specialist Supervisor, Lead Forensic Specialist, Forensic Specialist, ~~and~~ Forensic Specialist Trainee, and Water Production Operator shall be eligible to receive compensatory time as compensation for on-call duty. Employees who are assigned to be on-call for a seven consecutive calendar day period shall receive 16 hours of compensatory time for each week of such duty, at straight time.

B. The Department Head shall determine if a Fire Dispatcher or Senior Fire Dispatcher and Police Dispatcher or Senior Police Dispatcher has sufficient knowledge to perform the on-call duties and is eligible to participate in the on-call program provided they are qualified to do so.

C. Employees on-call are required to respond to call-outs within a reasonable period of time, depending on the nature of any particular call-out problem. In order to assure a reasonable response time, employees on-call are required to either carry a City-provided "~~beeper~~communication device " or leave word with the Police Department Watch Commander where they can be reached by telephone when not at their place of residence. An employee on-call may exchange on-call duties with another employee receiving on-call pay, subject to the approval of the immediate supervisor.

D. The Department Head shall establish a seniority-based list of all employees qualified to perform on-call duty. Each employee on the list shall have the opportunity to accept or decline on-call duty. In the event the senior employee at the top of the list declines the on-call duty, their names shall be placed at the bottom of the list and the next senior employee shall be given the opportunity to accept or decline the assignment. This process shall be repeated until one individual per assignment has accepted the assignment for that rotation. In the event no employee on the list accepts the assignment, the Department head, or authorized representative, may appoint employees from the list in order of the least senior employee first.

E. The employees selected to serve on-call duty through the process set forth above shall continue in their assignment for a period not to exceed six consecutive months unless such employees are reselected utilizing the procedures set forth above.

~~Section 4.11~~Section 4.08 Court Appearances Compensation

Employees who are required to appear in court on behalf of the City during off-duty time shall be reimbursed for the actual time in court starting from the time they are scheduled to appear in court at the rate of time and one-half. The employee shall receive a minimum of two hours at the rate of time and one-half for a morning appearance and two hours at the rate of time and one-half for an afternoon appearance.

DRAFT

~~Section 4.12~~Section 4.09 Shift Differential

A. The City shall pay a shift differential of $1.00 per hour for all hours worked by an employee when a majority of their regularly scheduled shift hours occur before 7:00 A.M. or after 5:30 P.M.

B. Employees who are entitled to shift differential pursuant to Section 4.09(A) shall receive shift differential for any overtime worked, regardless of the hours of the day the overtime is worked.

C. Employees who are not entitled to shift differential pursuant to Section 4.09(A) shall not receive shift differential for any overtime worked, regardless of the hours of the day the overtime is worked.

D. Shift differential shall be paid for compensatory time used for those employees eligible to receive shift differential. Shift differential shall not be paid on other leave time, including but not limited to vacation, sick, holiday, jury duty, or military leave. Shift differential shall not be paid on leave cashed out.

~~Section 4.13~~Section 4.10 Matron Duty

Unit employees in the classification of Senior Police Records Specialist, Police Records Specialist and Police Records Specialist Trainee assigned by the Police Chief to perform Matron Duty shall receive an additional 1½% of the employee's base salary. The Police Department shall make such assignment in writing.

~~Section 4.14~~Section 4.11 Training and Lead Duties Differential

Employees classified as Fire Dispatcher or Senior Fire Dispatcher and Police Dispatcher or Senior Police Dispatcher and Police Records Specialist, shall receive an additional five percent of their base salary, when assigned training duties or lead duties by their respective Department. The Department shall make such assignment in writing.

~~Section 4.15~~Section 4.12 Skills and Certifications

A. **Bi-Lingual**

1. Employees who are routinely and consistently –assigned to positions requiring communication skills in languages other than English by the Department Head to perform bilingual translation as part of their regular duties, shall be entitled to bilingual differential pay. The Department shall make such assignment in writing. Such differential shall apply regardless of the total time required for such translation. Employees in such positions must be certified as competent in translation skills by the Human Resources / Risk Management Agency ~~Department~~ to be eligible for compensation.

2. Employees eligible for bilingual pay shall receive $100 per pay period.

B. Notary

1. Clerical or administrative support e~~E~~mployees assigned by the Department Head to

perform notary duties as part of their regular duties and obtain and maintain a notary public certificate from the State of California shall receive additional compensation. Each full-time unit employee who meets the eligibility requirements and is designated by the applicable Department Head and Human Resources ~~Department~~ / Risk Management to receive notary pay shall be compensated at the rate of $25 per pay period.

1. Unit employees receiving notary pay shall also maintain their commission from the California Secretary of State. The City shall also pay for the cost of necessary stamps, journals, supplies, and fees associated with State and/or County requirements, as applicable.

C. Combination Building Inspector Classification

1. Effective July 11, 2004, the City converted from the Uniform Building Code (UBC) certification program to the International Code Council (ICC) program. In accordance with the ICC Legacy Certification Program, the City will recognize the following UBC certifications as equivalent to the ICC certifications.

UBC Certification	ICC Certification
Combination Building Inspector	Combination Inspector
Combination Dwelling Inspector	Residential Combination Inspector
Building Inspector	Building Inspector
Electrical Inspector	Electrical Inspector
Mechanical Inspector	Mechanical Inspector
Plumbing Inspector	Plumbing Inspector
Building Plan Examiner	Building Plans Examiner

2. The new ICC certification requirements below only apply to new employees hired on or after July 11, 2004.

The certification requirements for specified Building Inspector classifications are defined as follows:

a. Combination Building Inspector – 2 certifications
Residential Building Inspector (RBI) and
Commercial Building Inspector (CBI)

b. Senior Combination Building Inspector – 6 certifications
RBI and CBI plus any 4 of the following:
Residential Electrical Inspector
Residential Mechanical Inspector
Residential Plumbing Inspector
Commercial Electrical Inspector
Commercial Mechanical Inspector
Commercial Plumbing Inspector

DRAFT

3. Employees in the Combination Building Inspector classification will be promoted to the Senior Combination Building Inspector classification upon attainment of required ICC certifications defined in 4.12(C)(2). The employee must provide proof of the required ICC or UCB equivalent certifications prior to promotion.

4. The City will continue to provide for job-related training such as CALBO and other code administration courses, subject to approval of management as described in Article 6.07 Employee Training.

5. Upon expiration of the employee's UBC certifications, employees will be required to recertify under the ICC program requirements.

6. The City and Teamsters Local 1932 agree to delete City of Ontario Personnel Rules and Regulations Rule XV, Section 4.A.8.

   a. A 2.5 percent of base pay salary increase will be provided to employees in the following classifications who hold a valid UBC or ICC Residential Building Inspector certification:

      Code Enforcement Officer
      Senior Code Enforcement Officer
      Supervising Code Enforcement Officer

   b. A 7.5 percent of base pay salary increase will be provided to employees in the Senior Combination Building Inspector and Senior Combination Building Inspector/Plan Checker classifications who hold a valid ICC Combination Inspector certification or the UBC equivalent.

   c. A 2.5 percent of base pay salary increase will be provided to employees in the classifications of Senior Combination Building Inspector for each of the following ICC or UBC equivalent certifications: Building Plans Examiner, Electrical Plans Examiner, Mechanical Plans Examiner, and Plumbing Plans Examiner. The maximum total increase for the plans examiner certifications will not exceed 10 percent of base salary.

   d. Any employee formerly in the Senior Building Inspector (currently Senior Combination Building Inspector) classification receiving the 2.5% incentive described in City of Ontario Personnel Rules and Regulations Rule XV, Section 4.A.8 as of July 11, 2004 and who does not qualify for the 7.5% ICC Combination Inspector certification incentive described in Section 4.12(C)(6)(b) will continue to receive the 2.5% incentive for the duration of their employment in the Senior Combination Building Inspector classification. This provision will only apply to employees in the Senior Combination Building Inspector classification as of July 11, 2004 and not to any newly hired or newly promoted employee.

D. **Forensic Certification Pay**

Forensic Specialist/Trainee, Senior Forensic Specialist and Forensic Field Supervisor shall receive additional salary compensation of 2.5% of base pay for possession of a Latent Print or Crime Scene I, II, or III certificate from the International Association of Identification (IAI). Eligible employees can receive a maximum of 2.5% additional compensation regardless of the number of certifications they possess. Eligible employees shall be responsible for all costs and time associated with the educational

DRAFT

or training requirements to obtain such certificates and shall submit proof of certificate of completion within 90 days from completion. The additional compensation shall be effective the beginning of the following pay period in which the certificate of completion is received by the Police Department's designated timekeeper.

~~Section 4.16~~Section 4.13 City Personnel Rules – Salary Adjustments

Merit increases are administered in accordance with the City Personnel Rule XI, as repeated below.

Section 1. Application of Rates

Employees occupying a position in the City service shall be paid at the rate established for their position. All original appointments shall be made at the minimum wage for the position, except when in the opinion of the City Manager circumstances warrant appointment at a higher step.

Section 2. Anniversary Date

Each employee's anniversary date will coincide with their appointment to a new position in a different classification. All employees will retain their current anniversary dates until appointed to a new classification provided, however, that no employee shall receive more than one merit increase within any six month period. Any employee who is within ninety (90) days of achieving a merit raise at the time of promotion shall be entitled to an increase for the promotion and an increase for the merit step. All future increases while in that classification shall be in accordance with Section 3 below. The date of appointment shall be used to compute vacation, sick leave, and retirement benefits.

The anniversary date of employees who take a leave of absence without pay for more than sixty (60) continuous calendar days will be extended by the length of the absence from work over sixty (60) days adjusted to the start of the nearest pay period.

Section 3. Advancements

The advancement of an employee is not automatic, but the result of increased service value to the City. Service value shall be determined by recommendation of the Department Head, length of service, personal performance record, special training, and any other evidence that illustrates the desire of the employee to do a better job.

The five levels of advancement for each full-time and part-time position are granted according to the conditions outlined in Section 1 and 2 and the preceding paragraph. The merit increase effective date is the closest payroll period to the employee's anniversary date.

Step 1 - Entrance Level
Step 2 - After six months service
Step 3 - After one year at Step 2
Step 4 - After one year at Step 3
Step 5 - After one year at Step 4

Section 4. Salary on Promotion

Effective the first full-pay period upon ratification of this agreement.

An employee who is promoted shall be assigned to the lowest step of the new salary

range which allows an increase of approximately five percent (5%) over the employee's current salary at the time of promotion. The Agency Head may recommend assignment to a higher salary step based on special circumstances to the Executive Director Human Resources. The date of promotion will establish a new salary review date and the employee shall be eligible for the next merit increase in accordance with Section 3. Advancements. The promotion date will be effective at the beginning of an established pay period.

~~Section 4.17 Section 4.14 American Rescue Plan Act Premium Pay~~

~~The American Rescue Plan Act (ARPA) provided federal relief funds to local government agencies for certain uses. Among those uses include premium pay for employees who perform essential work during the COVID-19 pandemic. In recognition of Ontario employees' contributions and their continued diligence in providing essential services through the COVID-19 pandemic, active employees (with a probability of continued employment) as of January 28, 2022 will receive a one-time lump-sum payment as follows:~~

~~Assigned Agency (as of January 28, 2022)~~	~~American Rescue Plan Act Payment Amount~~
~~Ontario Fire Department; Ontario Police Department~~	~~$10,000~~
~~All other Agencies~~	~~$7,500~~

~~The ARPA Premium Payment is not pensionable and is taxed in accordance with IRS regulations. The ARPA Premium Payment will be issued in a separate paper check on or before February 25, 2022.~~

Article V. LEAVES – PAID AND UNPAID

Section 5.01 Holidays

A. The following paid holidays, except as provided in provision 5.01 (B) below, shall be observed on the day specified.

New Year's Day	January 1st
Martin Luther King's Birthday	3rd Monday in January
Presidents' Day	3rd Monday in February
Memorial Day	Last Monday in May
Independence Day	July 4th
Labor Day	1st Monday in September
Columbus Day	2nd Monday in October
Veteran's Day	November 11th
Thanksgiving Day	4th Thursday in November
Day After Thanksgiving Day	Day after the 4th Thursday in November
Christmas Eve	December 24th
Christmas Day	December 25th

New Year's Eve	December 31st

B. For non-shift employees, any holiday listed in provision 5.01(A) which falls on Sunday shall be observed on the following Monday.

~~1.~~ Any holiday which falls on an employee's regular day off shall be compensated either as straight compensatory time or pay at the employee's option. The employee shall receive straight compensatory time or pay equal to their regularly scheduled workday, not to exceed ~~10~~ 12 hours per holiday. ~~, as follows:~~ For employees on a 9/80 work schedule, ~~Employees on an 8-hour per day work schedule shall receive 8 hours of compensation.~~

~~C. Employees on a 4/10 work schedule shall receive 10 hours of compensation.~~

~~D. Employees on an 11.5 hour schedule shall receive 10 hours of compensation.~~

~~E. Employees on a 9/80 work schedule shall receive compensation in accordance with their scheduled work day, as follows:~~

~~F. Employees shall receive the number of hours they were scheduled to work the day the holiday is observed (e.g. 9 or 8 hours).~~

~~G.~~C. ~~If~~ if the holiday falls on the employee's regularly scheduled or "flex" day off, the employee shall receive 9 hours of compensation.

~~H.~~D. Employees shall not be eligible for holiday pay for any pay period for which the employee either:

1. has an unapproved leave of absence during the pay period, or
2. is on a leave of absence without pay for the entire pay period.

~~I.~~E. Any employee who is required to work on a holiday shall receive 1½ times the normal hourly rate.

~~J.~~F. The parties agree that at the City Manager's discretion, City Hall may be closed between and including Christmas Eve through New Years. During this time, employees shall use applicable accrued time to cover the period of closure.

Section 5.02 Vacation

A. **Vacation Accrual Rates**

1. Beginning with their date of hire, employees shall accrue vacation hours evenly over 26 pay periods each year as follows:

YEARS OF SERVICE	HOURS/YEAR
0 - 1	80
2	88
3	96
4	104

5	112
6	120
7	128
8	136
9	144
10 - 11	152
12	160
13	168
14	176
15 & More	184

2. Vacation shall be accrued based on paid hours on a pro-rated basis. For example, if an employee is paid for 40 hours in an 80-hour pay period, the employee shall earn one-half of the normal accrual. Paid hours include regular work time, compensatory, holiday, vacation, bereavement, sick, personal, jury duty, military, and disciplinary leaves. It excludes amounts paid by any disability benefits, including short-term disability and workers' compensation.

B. **Maximum Vacation Accrual**

The maximum vacation accrual balance shall be 500 hours. Once the employee has a vacation accrual balance of 500 hours, no vacation hours will be accrued until the balance drops below 500 hours.

C. **Vacation and Compensatory Time Conversion to Salary**

1. Unit employees may convert a minimum of 8 hours and a maximum of 200 hours of vacation and/or compensatory time each calendar year. Employees will have two conversion request opportunities each calendar year as specified in Section 5.02(C)(2). The total number of hours converted per calendar year shall not exceed 200. Such conversion shall be at the unit employee's base rate of pay that is in effect at the time of such conversion. Employees cannot convert balances below 40 vacation hours.

2. Conversion requests shall be submitted on City forms to Payroll. The deadlines for conversion requests are as follows:

Request Due Date	Payment
2nd Friday in May	1st payday in June
2nd Friday in November	1st payday in December

3. In accordance with 26 CFR 1.451-2 effective January 1, 2025, and continuing thereafter, unit employees must submit an irrevocable election form, by no later than December 15th of the proceeding calendar year to convert the following hours to cash:

Vacation - An amount which may not exceed the number of vacation hours the individual employee may accrue in the following calendar year.

Compensatory Time – An amount which may not exceed the projected number of compensatory time hours the individual employee may receive in the following calendar year.

4. The cash-out election is for hours to be accrued or received in the calendar year following submission of the irrevocable election form.

5. The total combined number of vacation and compensatory time hours converted per calendar year shall not exceed 200 hours.

6. The payment shall be made via payroll and employees may elect to receive the cash out in the first payday in June and/or the first payday in December, but the request must be submitted by December 15th of the year prior.

7. Employees who do not submit an irrevocable election form by December 15th will be deemed as foregoing participation in the optional vacation and/or compensatory time conversion salary program for the following calendar year.

8. In the event an employee has less hours in their vacation and compensatory time bank at the time the cash-out is to be paid than they had previously elected to cash-out, the employee shall only be paid for up to the amount remaining in their vacation leave and compensatory time bank at the time of the actual cash-out.

9. If an employee makes an irrevocable election to cash-out vacation and/or compensatory time in the following calendar year and uses such in that subsequent calendar year, the vacation and compensatory time used will come from the vacation or compensatory time the employee had earned (if any) prior to January 1st of the calendar year the employee has elected to cash-out. The employee's use of earned, but unused vacation and/or compensatory time accumulated from previous calendar years shall not result in a reduction in the amount of vacation and/or compensatory time hours the employee is eligible to cash-out.

10. Any conversion of vacation hours to cash shall not cause the employee's total amount of accrued vacation in their vacation bank to fall below a forty (40) hour minimum balance. Cash-out of accumulated time shall be at the employee's option. Requests for cash-out are to be submitted in a manner prescribed by the City.

11. An employee who experiences an unforeseen emergency may be permitted to make a new irrevocable election and/or to increase the amount of a previous election, subject to the same value that was permitted at the time the annual irrevocable election forms were due.

12. For these purposes, an "unforeseen emergency" means a financial hardship to the employee resulting from any of the following:

- Accident, illness, injury or death of the employee or an immediate family member. For this purpose, an "immediate family member" is restricted to a spouse, registered domestic partner, child/legal dependent, or parent; or
- Loss or extensive damage to the employee's property due to casualty; or
- Other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the employee.

DRAFT

13. Whether an occurrence is an unforeseeable emergency shall be solely determined by the Executive Director Human Resources / Risk Management or designee.

Section 5.03 Sick Leave

A. Employees are entitled to sick leave for:

1. Any bona fide illness or injury

2. Quarantine due to exposure to contagious disease.

3. Any treatment or examination including, but not limited to, medical, dental, or ocular.

4. Death in the immediate family.

5. Sickness of immediate family as provided for in Section 5.03(B).

6. Resolution of issues related to the employee being a victim of domestic violence, sexual assault, or stalking.

B. Employees may use up to 48 hours of sick leave per calendar year for sickness within the employee's immediate family in accordance with California Labor Code Section 233 (KinCare).

1. Immediate family for this provision shall be consisted with the definition of "family member" in California labor code section 245.5 (4)(c). This definition includes the following relationships relative to the employee: child, including biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands in loco parentis; biological, adoptive, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse or registered domestic partner, or a person who stood in loco parentis when the employee was a minor child; spouse; registered domestic partner; grandparent; grandchild; sibling.

2. If applicable, leave taken pursuant to this provision will be counted concurrently with other family leaves.

3. Employees must inform their supervisor when requesting the leave that the leave is being taken pursuant to this provision ("KinCare" leave).

4. This provision may be changed if any changes are made to Labor Code Section 233.

DRAFT

C. Employees are not entitled to sick leave for illness or injury arising out of employment, other than employment for the City, for monetary gain or other compensations, or by reason of engaging in business or activity for monetary gain or other compensation.

D. Employees accrue sick leave at the rate of 96 hours per calendar year accrued evenly over 26 pay periods on a pro-rated basis based on paid hours as defined in Section 5.02(A)(2).

E. There shall be no limit on the amount of sick leave that may be accrued by an employee.

F. Sick Leave shall not be taken as vacation or compensated for in money at any time.

G. When an employee has been on sick leave, the City reserves the right to make any investigation of the illness it deems necessary, even to the requiring of a doctor's certificate. On the first day of illness, the employee must notify the department before the end of the first hour after the shift begins if the employee is to receive sick leave credit.

H. All determinations of sick leave shall be made by the Department Head concerned, subject to the approval of the Human Resources Director.

Section 5.04 Personal Leave

A. Employees may use any compensatory time they have accrued, but no more than three working days of sick leave per calendar year, as paid personal leave, provided an emergency or other urgent and justifiable cause is presented at the time the request is made for:

1. Bereavement leave for other than members of the employee's immediate family (immediate family is defined in Section 5.05(A) below);

2. Court appearances when required to be present;

3. Any other personal need requiring a leave during working hours when approved by the Department Head or their authorized representative.

B. Employees must provide no less than two days written notice. Failure to provide such notice shall result in such leave to be taken without pay. The supervisor shall waive the two-day notice required provided the employee can demonstrate an urgent and justifiable reason for not providing the required notice.

C. Personal leave shall be charged against any unused sick leave, vacation, or compensatory time the employee has accumulated provided there is no conflict with the conditions outlined above. Additional leave may be authorized by the City Manager from any leave accrued, or without pay.

Section 5.05 Bereavement Leave

A. In the event of a death in the employee's immediate family, the employee shall be granted three (3) working days of paid bereavement leave. Such bereavement leave shall not be charged against the employee's sick leave, vacation or accrued compensatory time. Employees shall be granted an additional two (2) working days of unpaid bereavement leave in the event of a death in the employee's immediate family member. The employee may elect to use accrued time off including sick leave, vacation or accrued compensatory time to cover all or a portion of the unpaid portion of their bereavement leave.

B. A total of five (5) working days of paid bereavement leave shall be granted if there is a death in the immediate family outside the State boundaries or in excess of 250 miles from the employee's home. Such bereavement leave shall not be charged against the employee's sick leave, vacation or accrued compensatory time.

C. Bereavement leave shall be completed within three (3) months of the date of death of the immediate family member. The days of bereavement leave need not be consecutive.

D. Immediate family for this provision shall be consisted with the definition of "family member" in California labor code section 245.5 (4)(c) or successor legislation unless stipulated by law. This definition includes the following relationships relative to the employee: child, including biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands in loco parentis; biological, adoptive, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse or registered domestic partner, or a person who stood in loco parentis when the employee was a minor child (i.e. parent, stepparent, mother-in-law, father-in-law); spouse; registered domestic partner; grandparent; grandchild; sibling.

~~A. n the event of a death in an employee's immediate family, the employee shall be granted three working days paid bereavement leave (or five working days if death is outside the State boundaries or in excess of 250 miles from the employee's home). Immediate family for this provision shall be consisted with the definition of "family member" in California labor code section 245.5 (4)(c) or successor legislation unless stipulated by law. This definition includes the following relationships relative to the employee: child, including biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands in loco parentis; biological, adoptive, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse or registered domestic partner, or a person who stood in loco parentis when the employee was a minor child (i.e. parent, stepparent, mother-in-law, father-in-law); spouse; registered domestic partner; grandparent; grandchild; sibling. Such bereavement leave shall not be charged against the employee's sick leave, vacation or accrued compensatory time.~~

~~B.~~E. Employees shall be granted one working day paid personal leave to attend the funeral of an aunt, uncle, cousin, niece or nephew.

~~C.~~F. Employees may be excused by Department Heads to attend the funeral of deceased City employees without loss of pay.

~~D.~~G. Employees may be required to furnish evidence satisfactory to the City of the family member's death and the employee's relationship to the deceased family member.

Section 5.06 Family Medical Leaves

A. Family Leave shall be granted in accordance with the California Family Rights Act (CFRA) of 1991 and the Family and Medical Leave Act (FMLA) of 1993, and any modified provisions and interpreted regulations for those respective statutes. For information concerning FMLA or CFRA, contact the Human Resources Department.

B. Maternity, Paternity and Family Medical Care Leave of up to 12 weeks shall be granted in accordance with FMLA and CFRA statutes.

C. Employees may utilize up to six weeks of accrued sick leave for leave of absences for care of family members that fall under the provisions of the FMLA and CFRA. This sick leave shall be used prior to the unpaid provisions of FMLA or CFRA. Both paid and

unpaid time during an approved FMLA/CFRA leave of absence shall run concurrently with FMLA/CFRA leave..

D. Employees are required to use up to 80 hours per pay period of all eligible leave accruals, or the number of hours for full integration if integrating with disability programs, up to 80 hours per pay period. Employees are not permitted to take time off without pay if eligible leave accruals are available. Eligible leave accruals include, but are not limited to, vacation and compensatory time for any purpose, and sick leave accruals if used for qualified medical, bereavement, or personal reasons as defined in this Article.

Section 5.07 Catastrophic Leave

A. The City agrees to permit employees to contribute a portion of their accrued leave credit to another employee when such employee is on an approved leave of absence due to a verifiable illness or injury, caused by either physical or mental impairment.

B. The City also agrees to permit employees to contribute a portion of their accrued vacation and/or compensatory time to another employee when such employee is on an approved leave of absence due to the verifiable illness or injury of the employee's spouse, domestic partner, parent or child. Sick leave may not be donated under this provision.

C. All Catastrophic Leaves are subject to the following conditions:

1. The Human Resources Department shall review all requests from the receiving employee to determine eligibility for catastrophic leave prior to the receiving employee or their Department requesting donations.

2. Catastrophic illness or injury is defined as an unforeseen or sudden, unexpected illness or injury requiring immediate attention. Pregnancy is excluded from this provision; however, injuries or illnesses resulting from a pregnancy may be covered under this provision with a statement from the employees treating physician as the final authority.

3. The receiving employee shall be on an approved continuous leave of absence for over 40 hours due to the illness or injury. A statement from the employee's or family member's treating physician is required.

4. The receiving employee has exhausted all accrued leave and is therefore facing financial hardship.

5. The total number of hours that can be donated to the receiving employee from all contributing employees combined shall not exceed 520 hours within 26 consecutive pay periods.

6. The donating employee must have at least 96 hours sick leave remaining after such donation and the leave application rate shall be based on the donating employee's dollar value, which shall be adjusted proportionally to the receiving employee's rate.

7. The donations must be in whole hour increments. The amount of the donation credited each pay period shall be in accordance with the receiving employee's needs.

DRAFT

8. The donations are irrevocable, and shall be indistinguishable from other sick leave credits belonging to the receiving employee. Donations shall be subject to all taxes required by law.

9. Donations shall be made on a Catastrophic Leave form prescribed by the Human Resources Department.

Section 5.08 Jury/Witness Duty

A. In the event any full-time employee is duly summoned to any court during their scheduled working hours for the purpose of performing jury service or serving as a witness, except in cases where the employee is a plaintiff, petitioner, defendant, respondent, or appellant; the employee shall be released from their regular duties with pay. The employee must notify their supervisor of their summons upon receipt and provide the date summoned. If the employee is selected to serve on a jury, the employee must notify their supervisor of the approximate time frame that will be served. Any fees for the performance of such service, excepting mileage or subsistence allowances, shall be remitted to the City.

B. Employees required to serve jury duty must report to work before and after jury duty provided there is at least two (2) hours of work or when the commute time from court to the work location is greater than two (2) hours, the work time shall be equal to or greater than the commute time. With prior approval from the employee's supervisor and if operational necessity permits, employees who would otherwise be required to return to work, may elect to use vacation or compensatory leave from the employee's accrued "leave bank."

C. Any employee called for jury duty in Rancho Cucamonga must return to work if dismissed before 3:00 pm. If the employee is called to serve at a different location within a 30-mile radius, the employee must return to work if dismissed by 2:00 pm. Upon return from jury duty, the employee shall present a certificate of service to their department.

D. This section shall not apply when an employee is summoned or otherwise required to appear in court in the course of City business.

E. The City shall convert a shift employee's regularly scheduled shift to a day shift during the period of jury duty.

Section 5.09 Paid Parental Leave

A. Each employee shall be granted a paid parental leave of absence not to exceed forty (40) hours per calendar year upon the birth or adoption of the employee's child or children. Any such leave must be taken within six (6) weeks before or after the estimated birth or adoption date and is subject to the department's established time off or leave of absence approval procedures. Such paid parental leave shall not be charged against the employee's sick leave, vacation leave, or accrued compensatory time.

B. The employee may be required to furnish evidence satisfactory to the City of the birth or adoption of the employee's child or children and/or the employee's relationship to the child or children.

C. Paid Parental Leave will be considered as qualifying leave under the California Family Rights Act (CFRA) and the Family Medical Leave Act (FMLA) and shall run concurrently

with an entitled unpaid Family Leave (provided that the employee is deemed eligible for CFRA and/or FMLA). Unpaid Family Leave shall be granted in accordance with CFRA and FMLA and the interpreted regulations for those respective statues.

D. Individuals subject to their initial probation period with the City of Ontario shall be required to complete a full duty on-the job probationary period as outlined in Section 2.01.

Article VI. BENEFITS

Section 6.01 Health Insurance Contribution

The City shall contribute up to a maximum of $204.67 per month toward health insurance premiums for active and retired employees. This amount is inclusive of the minimum statutory employer contribution under CalPERS medical (PEMHCA) for active employees who choose to enroll in the City's medical plan.

Section 6.02 City Contributions to Cafeteria Plan Benefits

A. **Medical, Dental, and Vision Contributions**

1. The City will maintain an IRS Code Section 125 qualifying Cafeteria Plan to allow employees to pay for pre-tax medical, dental, and vision benefits.

2. **Enrollment:** An eligible employee must enroll in City medical insurance plan unless the employee satisfies the conditions to be eligible for the opt out provision below. The City's lowest cost employee-only plan satisfies the Federal Poverty Line Safe Harbor under the Patient Protection and Affordable Care Act.

3. **City Contribution:** For eligible active employees who enroll in coverage, the City Contribution, inclusive of the Health Insurance Contribution set forth in Section 6.01(A), shall be tiered. Employees who enroll in the City's medical plan shall receive a Health Flex Contribution depending on the level of coverage selected by the employee as follows:

Single Coverage	$745
Two-party Coverage	$1,100
Family Coverage	$1,435

4. Beginning January 1, 2018 and each January thereafter, the City Contributions listed above will adjust each year based on the percent change in Kaiser rates for the CalPERS Los Angeles area. This yearly adjustment will be equal to the change in Kaiser rates and apply for use on all plans and levels of coverage selected, inclusive of waived coverage. An employee who chooses medical insurance for which the actual monthly premium amount exceeds the maximum monthly employee benefit contribution shall be required to pay the difference in premiums.

5. For purposes of the Affordable Care Act's employer mandate, the amount of the lowest cost plan offered to the Eligible Employee is considered a Health Flex

DRAFT

Contribution. A Health Flex Contribution cannot be cashed out or applied to other benefits.

6. After enrolling in the selected coverage, an Eligible Employee may take the remainder of the City's Contribution in cash.

7. **Cash-in-Lieu Option**: An eligible employee will be eligible to receive cash-in-lieu of instead of enrolling in a City offered medical insurance plan only if the following conditions are satisfied.

   a. The employee signs a form attesting that the employee and the employee's Tax Family have the Alternative Required Coverage for the Opt-Out Period.

      i. Tax Family means all individuals for whom the employee intends to claim a personal exemption deduction for the taxable year or years that begin or end in or with the City's plan year to which the opt out applies.

      ii. Alternative Required Coverage required means minimum essential coverage through another source (other than coverage in the individual market, whether or not obtained through Covered California).

      iii. Opt-Out Period means the plan year to which the opt out arrangement applies.

   b. An employee must provide the attestation every plan year at open enrollment or within 30 days after the start of the plan year for each plan year the employee would like to receive cash-in-lieu.

   c. The cash-in-lieu payment cannot be made and the City will not in fact make payment if the City knows or has reason to know that the employee or a Tax Family member does not have such alternative coverage, or if the conditions in this Section. are not otherwise satisfied.

   d. If the above conditions are satisfied:

      i. Eligible Employees hired on or before November 30, 2001 are eligible to receive $450 per month cash-in-lieu.

      ii. Eligible Employees hired on or after December 1, 2001 are eligible to receive $390 per month cash-in-lieu.

      iii. Employees hired on or after September 10, 2017 are not eligible to receive cash-in-lieu.

   e. Beginning January 1, 2018 and each January thereafter, the cash-in-lieu amounts listed above will adjust each year based on the percent change in Kaiser rates for the CalPERS Los Angeles area. This yearly adjustment will be equal to the change in Kaiser rates.

8. **Dental Insurance:** Employees who enroll in the City's dental plan shall receive an employer contribution of $45 per month. Employees who enroll in a City dental plan that costs less than the City's $45 employer contribution may receive the excess

DRAFT

amount in cash. Employees who do not enroll in the City's dental plan will not receive the $45 employer contribution for dental premiums or cash.

9. **Vision Insurance:** Employees who enroll in the City's vision plan shall receive an employer contribution equal to the actual single level plan premium, which shall be applied to employee coverage only.

B. **Eligibility Requirements**

1. Employees must be full-time (i.e. scheduled for a minimum of 40 hours per week) and be in a paid status for a minimum of 15 hours per pay period to be eligible for the benefits of Section 6.02 unless the employee is receiving disability benefits. Paid status includes hours paid for: regular work time, compensatory time off, vacation leave, bereavement leave, sick leave, jury duty leave, personal leave, paid military leave, disciplinary leave, and paid holidays. It does not include amounts paid by any other disability benefits.

   a. Leaves of Absence: The City will continue its cafeteria plan and health insurance contributions toward employee fringe benefit contributions for a leave of absence due to the employees own illness or injury not to exceed a total of 26 consecutive pay periods.

   b. If the leave of absence is not consecutive, the continuation of the contributions toward cafeteria plan benefits shall not exceed 26 pay periods total in an 18-month period.

   c. The employee is responsible for payment of any benefit cost above the applicable City Contributions s and any voluntary supplemental benefit plans during their leave period. If the employee fails to make timely payments, their benefits will be discontinued.

2. Employees who have leave balances must use all leave accruals available each pay period up to 80 hours, or up to the amount needed to reach 80 hours when combined with disability and workers' compensation payments.

C. **Excess Cafeteria Plan Contributions**

Any Cafeteria Plan contributions not required to pay toward premiums after an employee has enrolled in coverage shall be paid to the employee in cash.

D. **Disability**

The City shall pay 100% of the premium toward the City's Disability Insurance Program for employees.

E. **Life**

The City shall provide $50,000 basic term life insurance and $50,000 accidental death and dismemberment insurance and shall pay the applicable premium amounts.

F. **Retirement Health Savings Plan**

DRAFT

The Union and the City have agreed to explore options for implementing a tax deferred Retirement Health Savings Plan to assist employees saving for their post-employment health care needs.

Section 6.03 Insurance Committee

The City agrees to continue the insurance committee, which shall have a representative, designated by the Union as one of its members. This committee shall have the responsibility to review the coverages in the appropriate insurance program; to represent an employee who has a question to the company; and assist in the drafting of specifications.

The committee shall be composed of one representative from the recognized employee units and one representative appointed by the City Manager. The Assistant City Manager shall be an ex-officio member of the committee and entitled to attend all meetings. The committee or any of its members may invite other individuals to participate as resource people whenever the need arises, and prior notification is provided the committee chair. Where applicable, meet and confer may be reopened to discuss any proposal of the Insurance Committee approved by the majority of the Committee.

Section 6.04 Retirement

A. **Classic Member**

1. A classic member is defined as an employee who meets the definition of a “classic” member for purposes of retirement pension benefits in accordance with the Public Employees’ Pension Reform Act of 2013. Generally, this includes employees that were hired before January 1, 2013 in the California Public Employees Retirement System (CalPERS) or a reciprocal retirement system with no break in service longer than six months. CalPERS ultimately determines who is a classic member in compliance with the law.

2. Classic members shall be eligible for the 2.5% @ 55 Full and Modified Formula for Local Miscellaneous Members including integration with Social Security. This also includes the optional benefit of Government Code Section 20042, Highest Single Year.

3. All classic members shall pay the employee contribution of eight (8%) percent as a pre-tax deduction to CalPERS.

DRAFT

B. **New Member (PEPRA)**

1. A new member is defined as an employee who meets the definition of a "new" member for purposes of retirement pension benefits pursuant to the Public Employees Pension Reform Act (PEPRA) of 2013. Generally, this includes employees that were hired into a regular position on or after January 1, 2013 or former members who have more than a six-month break in service. CalPERS ultimately determines who is a new member in compliance with the law.

2. New members shall be eligible for the 2% @ 62 Formula for Local Miscellaneous Members including integration with Social Security.

3. The employee contribution for new members shall be one-half the normal cost, as determined by CalPERS. The required employee contribution for new members is 6.25%. This amount will be adjusted periodically by CalPERS.

C. **Optional Benefits for Classic and New Members**

The City's contract with the Public Employees' Retirement System includes the following optional benefits for both classic and new members:

a) Section 20903 – Two Years Additional Service Credit
b) Section 20965 – Sick Leave Credit
c) Section 21024 – Military Service Credit
d) Section 21037 – Cancel Payment for Optional Service Credit upon Retirement for Disability
e) Section 21548 – Pre-Retirement Optional Settlement Death Benefit

Section 6.05 Uniforms

A. The City shall pay each Unit employee in the following classifications a uniform allowance of $400 per year the first paycheck in July for the maintenance, cleaning and normal repair of uniforms worn by the employee in the course of their employment:

1. Code Enforcement series, including Code Enforcement Officer, Senior Code Enforcement Officer, and Supervising Code Enforcement Officer;

2. Fire Safety Specialist, Senior Fire Safety Specialist;

3. Forensic Specialist series, including Forensic Specialist Trainee, Forensic Specialist, Lead Forensic Specialist, and Forensic Supervisor;

4. Plan Checker (Fire Department);

5. Police Records series, including Police Records Specialist Trainee, Police Records Specialist, Senior Police Records Specialist, and Police Records Supervisor;

6. Fire Dispatcher and Police Dispatcher series, including Fire Dispatcher Trainee, Fire Dispatcher, Senior Fire Safety Dispatcher and Fire Dispatch Supervisor or Police Dispatcher Trainee, Police Dispatcher, Senior Police Dispatcher, and Police Dispatch Supervisor; and

7. The following additional non-sworn classifications in the Police Department that are required to wear a uniform: Crime Prevention Specialist, Evidence Technician,

DRAFT

Office Assistant, Office Specialist, and Community Service Officer.

B. The City shall provide eligible Unit employees listed in Section 6.05(A) with an initial set of uniforms as follows:

1. If an employee works a 5/8 or 9/80 schedule, they receive 5 shirts, 5 pants, 1 pair of shoes, 1 belt, 1 jacket, 1 badge, 1 badge holder and 1 business card holder.

2. If an employee works an 11½ hour or 4/10 schedule, they receive 4 shirts, 4 pants, 1 pair of shoes, 1 belt, 1 jacket, 1 badge, 1 badge holder and 1 business card holder.

C. Employees in the classifications of Building Inspector, Combination Building Inspector, ~~and~~ Senior Combination Building Inspector, Public Works Inspector, Senior Public Works Inspector shall receive and wear uniform polo shirts with City logo, as designated by the department. Such employees shall not be eligible to receive $400 per year for the maintenance, cleaning and normal repair of such polo shirts.

D. Uniforms damaged in the line of duty shall be replaced by the City. Each year the Department Head shall inspect employee uniforms and replace accordingly.

E. Employees who are required to wear safety shoes shall be reimbursed up to $125 per fiscal year for such shoes. The shoes shall meet requirements appropriate for the employee's work assignment and classification, as determined by the Agency/Department Head.

F. The City shall provide uniforms for employees in the classification of Water Production Operator. Water Production Operators are not eligible to receive the $400 uniform allowance.

G. In accordance with CalPERS regulations, effective July 1, 2012, any "classic" employee required to wear a full uniform that is rented and maintained by a uniform vendor through a contract with the City shall have the monetary value of the City-provided uniforms reported to CalPERS as special compensation on a bi-weekly basis. The monetary value reported to CalPERS will be reviewed annually by the City based on the pricing for the rental and cleaning of uniforms in the contract between the City and the uniform vendor will be adjusted accordingly when a change in the monetary value occurs. This provision currently applies to a limited number of operational positions in the Municipal Utilities Company and the Parks and Maintenance Department and may include, but is not necessarily limited to, the classifications of Custodial Services Supervisor, Fleet Services Supervisor, Irrigation Conservation Specialist, and Water Production Operator.

Section 6.06 Employee Assistance Program

The City agrees to continue an Employee Assistance Program (EAP) for all employees. The parties agree that the EAP cannot be successful without absolute confidentiality regarding employee/family utilization of the program. Confidentiality shall be maintained in full compliance with State and Federal regulations.

Section 6.07 Employee Training

Any training or educational class approved by management, that provides both the employee and the City with value shall be considered as time worked. Value is defined as course material that is directly related to the employee's job if it aids the employee in handling their present job

DRAFT

better. This would include any class scheduled on an employee's regular day off.

Section 6.08 Tuition Reimbursement

A. To provide encouragement for all unit employees to continue educational development, specified employees shall be eligible for reimbursement of tuition expenses. The City shall reimburse an eligible employee for the cost of tuition for academic courses that are determined to be job-related and subject to the following conditions:

1. Regular, full-time, employees that have successfully completed their initial probationary period with the City are eligible.

2. The determination that the course is job related shall be made by the employee's Department Head.

3. The course shall provide college-level credit from an accredited educational institution.

4. The employee is not eligible for assistance from any other source.

5. Submission and approval of the request for reimbursement must be completed at least 30 calendar days prior to the start date of the course.

6. Tuition is the only expense that shall be reimbursable. No reimbursement shall be made for lab fees, books, travel costs, etc.

7. Classes shall not interfere with the employee's normal work hours.

8. Certification of completion of the course with a passing grade must be obtained and submitted to the Human Resources Department within 60 calendar days after completion of the course.

9. The maximum reimbursement amount paid to an eligible employee shall not exceed $700 per calendar year.

B. Tuition reimbursement requests shall be submitted to the employee's Department Head for a determination that the course is job-related. After such determination is made, the Department Head shall forward the request to the Human Resources Department for processing. The Human Resources Department shall be responsible for notifying the employee of the disposition of the request prior to the start date of the course. Proof of payment and proof of completion shall be submitted to the Human Resources Department. Reimbursement shall be made within 30 calendar days following the receipt of proof of payment amount and proof of completion.

Section 6.09 Flexible Spending Accounts

The City will offer to all Unit employees the opportunity to participate in Flexible Spending Accounts (FSA). An FSA allows an employee to make pre-tax deductions for qualifying medical, dental and vision expenses, and dependent care expenses. The plan is established and administered in accordance with Section 125 of the Internal Revenue Service code.

DRAFT

Section 6.10 Deferred Compensation

A. The City will establish a separate Section 401(a) money purchase plan for City (Employer) deferred compensation contributions. Upon ratification of this agreement, the City will contribute $25 per month to the Section 401(a) money purchase plan for all unit employees. The principal amount of each employee's contribution will be deposited into their account upon approval and establishment of the plan. The City's contribution will increase to $45 per month effective July 8, 2018.

B. Employees may continue to voluntarily participate in and contribute to the Section 457(b) deferred compensation plan in accordance with the plan provisions.

Section 6.11 Retiree Medical Subsidy Fund

Teamsters Local 1932 will conduct a thorough analysis of the potential impacts to employees, and the City (inclusive of an analysis of any related costs to the City) of a voluntary deduction to the Teamsters Local 1932 Retiree Medical Subsidy Fund. Provided that there no impacts to either the City or employees, and that there are no costs to the City, the City and Teamsters agree to allow employees to voluntarily divert a percentage of their salary Teamsters Local 1932 Retiree Medical Subsidy Fund.

Such voluntary deductions may commence upon ratification and a majority vote of the membership of the unit. The notice of diversion of wage increases will be executed so it may be administratively feasible for the City to implement.

Article VII. DISCIPLINARY PROCEDURE

Section 7.01 Due Process and Employee Representation

An employee shall have right of Union representation when the employee reasonably anticipates that such a meeting is for the purpose of disciplining the employee, or is to obtain facts to support disciplinary action that is probable, or that is being seriously considered.

The City shall keep an employee who is the subject of an ongoing investigation reasonably informed regarding the status of the investigation every 90 days provided that such information does not interfere with the nature of the investigation.

Section 7.02 Disciplinary Procedure

A. The disciplinary procedure provides that:

1. The employee shall receive advance notice of the proposed disciplinary action 10 working days before the action is to be implemented. The notification time frame shall begin the day after the notice of the proposed disciplinary action is served. The notice shall include:

    a. The specific grounds particular facts, reason and the charges upon which the proposed action is based;

    b. Any materials, reports, or documents upon which the action is based.

2. The employee and/or Business Agent shall receive notice of the reason for administrative leave no later than eighty (80) hours after being placed on

administrative leave, unless the employee is involved in an administrative investigation. If the employee is placed on administrative leave pending an administrative investigation, the employee will receive notice regarding the nature of the investigation prior to the administrative interview. The administrative interview will be conducted within a reasonable amount of time.

3. The employee shall have the right to respond to the proposed disciplinary action, orally or in writing, and shall have such responses considered by an independent reviewer of the proposed action. Such review shall be conducted by the Agency Head for the employee's department prior to the imposition of the disciplinary action. If the Agency Head is proposing the disciplinary action, an alternate City Agency Head shall conduct the review.

4. Following the review of the proposed action, the Human Resources Director shall serve on the employee, by the employee's personal email (if available), registered mail or personal delivery, a statement informing the employee of the results of the review. This statement shall inform the employee of the grounds for the decision and the acts or omissions, which support the grounds. This statement shall also include the employee's appeal rights.

5. The employee shall have 14 calendar days to file an appeal with the Human Resources Director.

6. Appeal Hearings:

    a. Within 14 calendar days after a serious disciplinary action is imposed, the employee shall have the right to appeal the disciplinary action. An independent Hearing Officer shall hear the appeal. Such appeal shall be conducted as an evidentiary hearing.

    b. The Hearing Officer shall be selected from a list of names provided by the American Arbitration Association or the California State Mediation and Conciliation Service. The City and the appellant shall alternately delete names; the remaining name shall be selected as the Hearing Officer. As an alternative, the City and the appellant may mutually agree on the selection of a Hearing Officer. The Hearing Officer shall be selected within 15 days after receiving the list of potential Hearing Officers.

    c. The City and the appellant shall present written summaries of the issues to be considered, witnesses to be called, and any other materials to be considered by the Hearing Officer prior to the hearing. The City or the appellant may request that the hearing be recorded. The Hearing Officer shall schedule the hearing within 30 days after receiving the written materials. The Hearing Officer shall notify the City and the appellant of the date, time, location and estimated length of the hearing, at least 10 calendar days prior to the hearing date. The Hearing Officer may require the submission of written closing statements at the close of the hearing and prior to the issuance of a decision. Such closing statements must be submitted within 15 calendar days after completion of the hearing. The time periods in this Section may be extended by mutual agreement of the City and the appellant.

DRAFT

d. After the hearing is completed, the Hearing Officer shall issue findings and a decision to overturn, modify, or uphold the disciplinary action. The Hearing Officer's decision shall be issued within 30 days after the completion of the hearing and the submission of closing statements, if required. The City or the appellant may request that the Hearing Officer's decision be submitted to the City Council for review. Such a request to review must be made in writing to the Human Resources Director within 30 calendar days after receipt of the Hearing Officer's decision. If submitted to the City Council for review, the City Council may overturn, modify or uphold the Hearing Officer's decision. The City Council's decision shall be final.

e. The cost of the Hearing Officer's services shall be shared equally between the City and the Union. Recording costs shall be borne by the requesting party or shared equally, if both parties request recording of the hearing. The City and the Union shall each be responsible for their own representation costs, witness expenses, or any other costs associated with the hearing.

f. If the appellant fails to attend a scheduled hearing or fails to submit their portion of the costs of the hearing, prior to the hearing, the appeal shall be considered abandoned. If the appeal is abandoned, there shall be no further administrative review or City Council review.

g. In the event that either party requests that the Hearing Officer's decision be submitted to the City Council for review, the requesting party shall be responsible for the full cost of the Hearing Officer's services as well as any recording costs. The City and the appellant shall each be responsible for their own representation costs, witness expenses, or any other costs associated with the City Council review.

7. This disciplinary procedure should be used for all serious disciplinary actions which are normally considered (1) demotions, (2) discharges, (3) reductions in pay, and (4) suspensions.

Section 7.03 Exceptions

The above procedure may be deviated from in circumstances where there is a need for immediate action. In such cases, an employee may be ordered off the job if their conduct imperils the safety or welfare of the public, other employees, or said employee (e.g. drunkenness, violence, gross insubordination).

Section 7.04 Progressive Discipline

The City shall use the principles of progressive discipline, except in cases that are referred to in Section 7.03 of this Article.

Article VIII. GRIEVANCE PROCEDURE

Section 8.01 Definitions

A. Complaint - A concern of an employee, which arises from the application of a term of this

DRAFT

MOU, existing City Rule(s), Regulation(s) or Policy(ies) regarding working conditions.

B. Grievance - A written allegation by an employee that there has been a violation, misapplication, or misinterpretation of a specific term(s) of this MOU, existing City Rule(s), Regulation(s) or Policy(ies) regarding working conditions.

C. “Grievant - A regular or probationary employee who alleges in a grievance that the employee has been directly wronged by a violation of a specific term of this MOU, existing City Rule(s), Regulation(s) or written Policy(ies) regarding hours, wages and terms and conditions of employment. The term "grievant" as used in this Article may refer to the Union when alleging a violation of Article XII, as provided for in this Agreement.

D. Immediate Supervisor - The appropriate supervisor or manager to whom the employee is accountable.

E. Representative - An employee or representative of the Union who, at the grievant's request, may be present at Levels I through IV. Representation of the employee at Level V shall be by a Union designated representative.

F. Respond and File – Employee’s personal email (if available), personal delivery or deposit in the U.S. mail, postage prepaid. If mail delivery is used, it shall be by certified, return receipt requested mail and the certified receipt date shall establish the date of response or filing. If personal delivery is used, the calendar date of delivery shall establish the date of response or filing.

Section 8.02 Level I – Informal Review

A. An employee shall have the right to present a complaint and to have the complaint considered by the immediate supervisor no later than 15 working days after the event giving rise to the complaint, or no later than 15 working days after the employee knew or reasonably should have known of the event giving rise to the complaint.

G. The employee, whenever possible, shall attempt to resolve the complaint informally with their immediate supervisor.

H. The immediate supervisor shall provide an answer to the employee no later than 14 working days after the Level I meeting. Such response shall be provided orally.

I. A resolution of the complaint at the informal level shall not be precedent setting.

Section 8.03 Level II – Formal

A. If the complaint is not resolved through Level I informal discussions, the employee may file a Level II grievance with the Department Head no later than ten working days after the response from the immediate supervisor at Level I. The grievant shall state the following clearly and concisely on a grievance form provided by the City: (Appendix B)

1. The specific term(s) of the MOU, City Rule(s), Regulation(s) or Policy(ies) regarding working conditions, which have been violated;

2. The action grieved, including names, dates, places and times and how it violated a specific term(s) of this MOU, City Rule(s), Regulation(s) or Policy(ies) regarding working conditions;

3. The remedy sought;

4. The name and classification of the grievant and their signature;

5. The name of the representative, if any; and

6. The date of submission.

J. The Department Head shall hold a meeting with the grievant at a mutually acceptable time and location no later than 10 working days after the receipt of the grievance. The Department Head shall respond in writing to the grievant within 10 working days of the Level II meeting.

Section 8.04 Level III

A. In the event the grievance is not settled at Level II, the grievant may file a Level III grievance with the Agency Head no later than 10 working days after the Level II response. The grievant shall include in the grievance a written statement indicating the reason that the proposed settlement at Level II was unsatisfactory. The Agency Head may hold a meeting with the grievant at a mutually acceptable time and location. The Agency Head shall respond to the grievant no later than 10 working days after the receipt of the Level III grievance.

B. The grievant shall present at Level III all issues and written evidence known or which could have been reasonably known. No additional issues may be presented by the grievant after Level III.

C. Amendments and/or modifications to the grievance shall not be made by the grievant after the Level III filing date, accept by mutual agreement. This provision does not preclude either party from presenting new evidence should either party discover it at a later date. Each party shall make an effort to share evidence with each other upon discovery.

Section 8.05 Level IV

DRAFT

A. In the event the grievance is not settled at Level III, the grievant may file a Level IV grievance with the City Manager no later than 10 working days after the receipt of the Level III response.

B. The City Manager may hold a meeting with the grievant at a mutually acceptable time and location. The City Manager shall respond to the grievant in writing no later than 10 working days after the Level IV grievance meeting.

C. If the grievance has not been settled at Level IV, then within 10 working days after receipt of the Level IV written decision or the expiration of the time limits for making such decision, upon the request of the grievant, the Union may request arbitration by giving notice to that effect, by the employee's personal email (if available) or certified mail, return receipt requested, directed to the Human Resources Director.

Section 8.06 Level V – Arbitration

A. Unless the specific language of the MOU is in conflict, the arbitration procedure shall be conducted in accordance with the rules of the American Arbitration Association.

B. The arbitrator shall be selected by mutual agreement of both parties from a list of arbitrators submitted by the American Arbitration Association or the State Mediation Conciliation Service.

C. The cost of any arbitration proceeding shall be divided equally between the City and the Union.

D. Failure on the part of the City representative or grievant to appear in any case before an arbitrator, without good cause, shall result in the forfeiture of the case and responsibility for payment of all costs of arbitration. "Good Cause" shall be defined as a circumstance(s) beyond control of the party failing to appear. Any cancellation or postponement fee shall be borne by the responsible party.

E. A final decision of award by the arbitrator shall be made within 30 calendar days after the close of the hearing. Such decision or award shall be subject to the approval of the City Council. Either party shall be given the opportunity to submit their arguments before the City Council with regard to the Arbitrator's "Findings of Facts," prior to such approval.

F. In the event that either party seeks to submit their arguments before the City Council with regard to the Arbitrator's "Findings of Facts," the party requesting such argument shall bear the full cost of the arbitrator and recording fees.

G. Expenses for witnesses shall be borne by the party who calls them.

H. The standard of review for the arbitrator is whether the City violated a specific term(s) of this MOU, City Rule(s), Regulation(s) or policy(ies) regarding working conditions.

I. If an arbitrability question exists, the arbitrator shall determine the arbitrability question prior to hearing the formal presentations of the parties on the merits of the grievance.

Section 8.07 General Provisions

A. Failure of the grievant to comply with the time limitations of this Article shall render the grievance null and void. Failure by the City representative to timely respond under this Article shall permit the grievance to be filed at the next level.

DRAFT

B. Time limits set forth in this Article may be extended by mutual agreement.

C. No punitive action shall be assessed against an employee for utilizing the grievance procedure.

D. Employees shall be granted release time not to exceed one hour for the purpose of discussing a potential grievance with their representative or preparing for a grievance which has been filed at Level II. Such release time for pre-grievance consultation or grievance preparation is applicable per grievance and its scheduling shall not interfere with departmental operations.

E. The parties may consolidate at any level grievances on similar issues.

F. Grievance records shall be filed separately from an employee's personnel file and shall be considered confidential.

G. A grievant may withdraw a grievance at any time. The grievant shall not file any subsequent grievance on the same alleged incident.

H. A decision by the Union to submit a grievance to arbitration shall automatically be a waiver of all other remedies except as provided otherwise by statute.

I. No individual City Council member may be approached concerning the grievance at any time the grievance is being processed.

J. In the event a grievant elects to represent themselves or is represented by other than may be provided by the Union, the Union shall be notified of the nature and resolution of the grievance; provided however, that the names of employees and confidential information shall not be disclosed. Notification of the employee's Union shall be made within a reasonable time following the resolution of the grievance.

K. Organizational channels shall be utilized at all times and participation in the grievance and the discussion of information related thereto shall be limited to the parties to the grievance except when such other persons are identified and/or called as witnesses.

L. In the event of a disciplinary action involving a suspension, reduction in pay or demotion or termination where a pre-disciplinary meeting has already been held, Levels I through III of the grievance procedure shall be eliminated and Levels IV and above shall be utilized.

M. A group of employees may file one grievance rather than individual grievances as long as the following conditions are met:

1. Each employee in the "group" grievance is individually named.

2. The grievable matter is exactly the same for each employee cited in the grievance.

3. The City is not obligated to conduct grievance hearings or provide grievance responses to each individual, but only to one of the employees involved who represents the group filing the grievance.

Section 8.08 Authority of Third Party

Each issue decided by a third party neutral shall stand on its own merits and shall not be used

DRAFT

as a precedent by any other third party neutral in deciding any issue before the third party.

Article IX. REPRESENTATION

Section 9.01 Union and Membership Activity

A. Current employees in the Bargaining Unit who are now Teamsters Local 1932 members shall remain Teamsters Local 1932 members for the period of this MOU. Employees who are hired after this MOU is approved by the City Council and who are in a job classification within the representation unit of Teamsters Local 1932 covered by this MOU, may elect to become a member of Teamsters Local 1932 or voluntarily elect to pay to Teamsters Local 1932 a fee in an amount equal to, Teamsters Local 1932's bi-weekly dues. The effective date of the Union dues or other authorized deductions shall begin no later than the first full pay period following the City's receipt of written documentation stating that a dues deduction should commence.

B. All newly eligible employees who become members of the Union shall remain members for the duration of this MOU, except one week prior to the expiration of this MOU and provided that they have been members for at least six months, at which time a member may request, in writing to both the City and Union, to withdraw their authorization for dues deduction which shall become effective in the first payroll period of the following month.

C. Dues withheld by the City shall be transmitted to the Teamsters Local 1932 Officer designated in writing by Teamsters Local 1932 as the person authorized to receive such funds at the address specified.

D. The City shall not be obligated to put into effect any new, changed or discontinued deduction until a payroll deduction card is submitted to Human Resources in sufficient time to permit normal processing of the change or deduction.

E. Teamsters Local 1932 shall be fully responsible for expending funds received under this Article consistent with all legal requirements for expenditures of employee dues, which are applicable to public sector labor organizations.

F. The City shall not deduct monies specifically earmarked for a Political Action Committee or other political activities.

G. Teamsters Local 1932 shall keep an adequate itemized record of its financial transactions. Teamsters Local 1932 shall make available annually to the City and upon request to employees who are members of Teamsters Local 1932, within 60 calendar days after the end of its fiscal year, a detailed written financial report thereof in the form of a balance sheet and an operating statement, certified as to its accuracy by its President and Treasurer or corresponding Principal Officer or by a Certified Public Accountant. A copy of financial reports required under or referred to in the Labor-Management Disclosure Act of 1959 or Government Code Section 3546.5 shall satisfy this requirement.

H. This organizational security arrangement shall be null and void if rescinded by a vote of employees in the unit pursuant to Government Code Section 3502.5(b). Teamsters Local 1932 hereby agrees to defend, indemnify and hold harmless the City of Ontario and its officers and employees from any claim, loss, liability or cause of action of any nature whatsoever arising out of the operation of this Article.

I. Teamsters Local 1932 shall defend, indemnify and hold harmless the City of Ontario and its Officers and employees from any claim, loss, liability, cause of action or administrative proceeding, arising out of the operation of this Article. Upon commencement of such legal action, administrative proceeding, or claim, Teamsters Local 1932 shall have the right to decide and determine whether any claim, administrative proceeding, liability, suit or judgment made or brought against the City or its Officers and employees because of any application of this Article shall not be compromised, resisted, defended, tried or appealed. Any such decision on the part of Teamsters Local 1932 shall not diminish Teamsters Local 1932's defense and/or indemnification obligations under this MOU.

J. The City, immediately upon receipt of notice of such claim, proceeding or legal action shall inform Teamsters Local 1932 of such action and shall provide Teamsters Local 1932 with all information, documents and assistance necessary for Teamsters Local 1932 defense or settlement of such action and fully cooperate with Teamsters Local 1932 in providing all necessary employee witnesses and assistance necessary for said defense. The cost of any such assistance shall be paid by Teamsters Local 1932.

K. Teamsters Local 1932 upon its compromise or settlement of such action or matter shall immediately pay the parties to such action all sums due under such settlement or compromise. Teamsters Local 1932, upon final order and judgment of a Court of competent jurisdiction awarding damages or costs to any employee, shall pay all sums owing under such order and judgment.

L. The City shall provide via email to the Union a monthly list of all employees in the bargaining unit, including the employees' classification title, work location, hire date, base hourly rate, and current home address, personal email address (if available), personal cell phone (if available) and home phone number.

DRAFT

Section 9.02 Dues Deduction

A. During the term of this MOU the City agrees to deduct from the pay of each employee who signs an authorized payroll deduction card a monthly sum certified to them by the Secretary of the Union as the regular monthly dues of the Union. The City shall not deduct any pay for initiation fee fines or other special assessments. The Union shall advise the City, in writing, of the dues amount to be deducted for each member no more than once a quarter. Any change in the amount of dues to be deducted for each member will be submitted to the City, in writing, thirty (30) days prior to the effective date of such change.

B. The employee's earnings must be regularly sufficient, after other legal and required deductions are made, to cover the amount of the dues check off authorized. When a member in good standing of the Union is in a non-pay status for an entire pay period, no dues withholding shall be made to cover that period from future earnings, nor shall the member deposit the amount with the City which would have been withheld if the member had been in a pay status during that period. In the case of an employee who is in non-pay status during only a part of the pay period and the salary is not sufficient to cover the full withholding, no deduction shall be made. In this connection, all other legal and required deductions have priority over employee organization dues.

C. The Union shall indemnify, defend, and hold the City of Ontario harmless against any claims made, and against any suit instituted against the City of Ontario, on account of check off of employee organization dues. In addition, the Union shall refund to the City of Ontario any amounts paid to it in error, upon presentation of supporting evidence.

Section 9.03 Union Stewards

A. Employees selected by the Union to act as Union representatives shall be known as "Stewards" Or "Alternate Stewards." The name of employees selected as Stewards or Alternate Stewards, and the names of other Union representatives who may represent employees, shall be certified in writing to the employer by the Union.

B. A maximum of one Steward for each department shall be selected with the exception of the Community Improvement, Fire, Library, Recreation and Utilities which shall have one steward and one Alternate Steward; the Police Department, which shall have one Steward position specifically for the Communications Division, and one Steward for the remainder of the Police Department, and two Alternate Stewards.

C. Stewards who work shifts shall be allowed to flex their regular shift to attend the monthly stewards' meetings.

Section 9.04 Release Time

One Union Steward or Alternate Steward ("Steward") per Department employed by the City of Ontario shall be entitled to devote a reasonable amount of time to Union business without loss of pay. Prior to participating in such business, the Steward shall first obtain authorization from their immediate supervisor. The immediate supervisor may deny such request if it is deemed that such a request would unduly interfere with the efficiency, safety, or security of City operations. If the request is denied, the immediate supervisor shall establish an alternate time convenient to the parties when the representative can be released from their work assignment.

DRAFT

Section 9.05 Bulletin Boards

A. The City agrees to provide reasonable space to Teamsters 1932 where there are existing bulletin boards designated for general communications for employees in the unit and where adequate bulletin board space has not been made available, with the exception of the City's Community Development Department, Police Department Headquarters, Public Works Facility, and Utilities Customer Services Department. The City will purchase and install bulletin boards for Teamsters 1932 use in the following locations: at the City's Community Development Department, Police Headquarters, Public Works Facility (front office area, solid waste, parks and maintenance), and Utilities Customer Services Department. Bulletin board space will be visible and accessible.

B. No City equipment shall be used to reproduce materials posted on the bulletin boards. Posting shall not cover or obscure any postings already on the bulletin boards. Union representatives may only remove postings by Teamsters 1932.

C. It is agreed and understood that space provided on the bulletin boards shall be only for the posting of formal notices of Teamsters 1932 news bulletins, meetings, agenda and minutes, information concerning Teamsters 1932 elections or the results thereof; Teamsters 1932 recreational, social and related Teamsters 1932; names of representatives and officers of the Union.

D. The bulletin boards shall not be used for posting or distributing literature concerning candidates for public office.

E. Any other written materials posted by the Union shall be identified as Union material and must be signed by an authorized Union representative. A copy shall be sent to the Human Resources Department prior to the posting.

Section 9.06 New Employee Orientation

Providing there are new employees, the City typically conducts employee orientation weekly. The City will notify Teamsters 1932 if a unit member will be attending the employee orientation or within ten (10) days of an orientation. The City shall release one steward for up to one (1) hour to meet with new Unit members during orientation for the sole purpose of providing employees information regarding Teamsters Local 1932 membership.

DRAFT

Article X. GENERAL PROVISIONS

Section 10.01 Personnel Files

A. The official personnel files shall be located in and/or maintained by the Human Resources Department. The official personnel file shall consist of a physical file as well as a digital file within the City's Human Resources Information System. Personnel actions (e.g. discipline, promotions) shall be based on documentation within such files.

B. Employees, during City Hall business hours, with advance notice to Human Resources and with release time granted by their supervisor, have the right to have access to and copies of any document in the physical version of their official personnel file. Employees may be charged for cost of duplication of any materials in the personnel file for which they request copies.

C. The City shall provide employees with secured online access to the digital version of their personnel file, which includes the ability to view and print records within the file. The ability to access the digital version of the personnel file is subject to internet availability and may be restricted by the software provider during reasonable periods for maintenance and/or required updates. An employee shall be provided with a copy or online access of any document that shall be placed in the official personnel file. An employee shall have the right to respond in writing or personal interview to any information contained in their personnel file. Such a reply shall be filed with the original document and will remain in the personnel file so long as the referenced document is in the file.

Section 10.02 Separability

If any article or section of this MOU shall be found to be in conflict with any statute or regulation of the United States or the State of California by a court of competent jurisdiction, such article or section shall be deemed null and void and of no further effect. However, such articles and sections shall be severable from the remainder of this MOU, and all other provisions hereof shall continue in full force and effect.

Section 10.03 Peaceful Performance of City Services

A. The Union, its officers, agents, representatives and /or members agree they shall not cause, condone, or participate in any strike, walk out, work stoppage, job action, slow down, speed up, sick out, refusal or failure to faithfully perform assigned duties and responsibilities, withholding of services or other interference with City operations, including compliance with the request of other labor organizations to engage in any or all of the preceding activities.

B. In the event of such activities, the Union shall immediately instruct any persons engaging in such conduct that they are violating this MOU, and that they are engaging in unlawful conduct, and that they should immediately cease engaging in such conduct and resume full and faithful performance of their job duties.

C. In addition to any other lawful remedies for the disciplinary action available to the City, the City may, in addition to the above, invoke any and all remedies available to it under its Employer-Employee Relations Section of the Personnel Rules and Regulations.

D. In addition, the City agrees that it shall not participate in any unlawful labor practices.

DRAFT

Section 10.04 Duration and Implementation

A. This MOU shall upon ratification by both parties, become effective and remain in full force and effect up to and including June 30, ~~2023~~2027.

B. Each party shall exercise its right to present bargaining proposals for a successor MOU no earlier than 120 calendar days prior to the expiration of this MOU and no later than 90 calendar days prior to the expiration of this MOU.

~~**Section 10.02 During the period in which this MOU is in full force and effect, should any recognized miscellaneous or sworn bargaining unit reach a signed agreement that results in that group receiving a general salary increase or other net compensation increase greater than what was negotiated as to members of the Teamsters unit, then the members of the Teamsters unit shall receive an equivalent general salary increase or a net compensation increase of a similar value. The City and Union shall meet and confer regarding the nature and applicability of a net compensation increase of a similar value. The parties agree and understand that there are differences in existing economic terms, and this provision only covers the overall economic value of the negotiated package in the 2021-2022 successor MOU negotiations for the miscellaneous groups and the 2021-2022 reopener negotiations for the safety groups, with all groups negotiation agreements that expire June 30, 2023.**~~

~~**Section 10.03 The COVID-19 pandemic continues to have significant impacts on our community, and our employees. By working collaboratively, the City and the Union can ensure that we continue to provide effective and safe, services to our community. The City and the Union will continue to meet and confer regarding the impacts of COVID-19 consistent with Section 1.06 (C). This will include but not be limited to discussing the impacts of new legislation as well as the staffing impacts where specific and previously defined metrics are met regarding COVID-19 infection in the workplace.**~~

~~Section 10.04~~Section 10.02 Section 10.05 Workplace Safety

The City shall make every effort to ensure a safe work environment for all employees. The City will enforce its policies including but not limited to the following: City Policy Regarding Acts of Retaliation, Policy Against Violence in the Workplace, Discrimination/Harassment Prevention.

Section 10.06 Direct Deposit and Electronic Pay Advice

A. All Employees must make and maintain arrangements for direct deposit of their net paychecks into the financial institution of their choice via electronic fund transfer. Such arrangements shall be made within one month.

B. In an extraordinary circumstances/events that an employee is unable to make arrangements for electronic fund transfer, the employee shall submit a request in writing to the Human Resources Agency to be considered for an exception. Human Resources shall review the request for the Direct Deposit Special Exemption and may request supporting documentation; and the employee will be notified of the determination.

C. Any Direct Deposit Special Exemption granted may be reviewed periodically for

DRAFT

continuation, subject to the approval of Human Resources Agency.

D. The electronic pay advice will be available for employees to view, save and print in the City's Human Resources information system on the employee's pay day.

Section 10.7 Overpayment, Recovery and Underpayments

In situations involving overpayment to an employee by the City, the employee shall be obliged to repay by payroll deduction the amount of overpayment. ~~The repayment shall occur within the same time frame the overpayment was received by the employee or sooner at the employee's discretion.~~

Either Human Resources / Risk Management, or the Payroll Department shall provide written documentation showing the calculations of the overpayment to the employee. A meeting may be requested by the employee or the Union with the Payroll Department to review the documentation and to discuss the recovery schedule. The repayment schedule, biweekly repayment amount or alternative repayment method (including repayment from personal funds) will be documented in writing.

If the amount due is $100 or less, the City will make notification to the employee. Following the notification, the City will deduce the entire amount in the next pay period.

If the amount due is over $100, the employee will have the right to select one of the three following options for repayment of the funds:

a) Lump sum payment with the date mutually, established by the employee and the department, or

b) Biweekly installment payments through payroll deductions and repayment must be completed within the same time frame the overpayment was received by the employee or within 26 pay periods (whichever is greater). The minimum bi-weekly deduction will be $50, or

c) Any other repayment arrangement mutually agreed upon between the City and employee and approved the Executive Director of Human Resources / Risk Management.

~~Extensions to the period for repayment of the overage or an alternative repayment method may be requested by the employee and are subject to the approval of the Executive Director of Finance or their designee. Extensions will be approved only in the case of extreme hardship, and the extended period for repayment will not be longer than one and one-half times as long as the overpayment period.~~

If the employee leaves employment prior to repayment of overage, the City shall recover the amount owed from the employee's final pay. If the amount owed is greater than the employee's final pay, the City shall initiate a collections process against the employee.

~~In situations involving overpayment to an employee by the City, the employee shall be obliged to repay by payroll deduction the amount of overpayment. The repayment shall occur within the same time frame the overpayment was received by the employee or sooner at the employee's discretion.~~

Section 1.01 ~~—~~Terms and Conditions of Employment

A. The Department Head Compensation and Benefits Profile is a summary of benefits and compensation practices approved by the City Council to be applied on an ongoing basis. The provisions of this document apply to all employees appointed to the Department Head classifications listed in Section 1.01.

B. This document sets forth policies and procedures to follow in implementing and administering this Department Head Compensation and Benefit program. The various sections and provisions of the Government Code, Municipal Code, Personnel Rules and Regulations, and

"Employment Policies" in the City's Online Policy Center in effect and applicable to the above-mentioned classifications will remain in effect unless expressly superseded by provisions within this document.

C. The terms and conditions of employment for Department Head employees may also be addressed in individual employment contracts. Such contracts are considered to be supplemental to this document to address terms and conditions of employment that may not be addressed in this document. However, if an individual's employment contract is in conflict with this document, then the provisions of the contract will supersede the provisions of this document.

D. Employees in Department Head classifications are considered to serve at the will and pleasure of the City Manager. The appointment of a person to a Department Head position will be made by the City Manager with the recommendation of the appropriate Executive (hereinafter known as employee) Agency Head.

E. Employees in listed Department Head classifications are not represented by an employee organization. The terms and conditions of employment for these Department Head employees are provided in this Profile and/or employment contracts between the City and Department Head employees.

F. The various forms of compensation and benefits described in this comprehensive document recognize that individuals in Department Head classifications should be compensated appropriately for exhibiting accountability, cost effectiveness, application of new technologies and maximizing the utilization of human, physical and fiscal resources to enhance the mission and future of the City; and for stimulating the development of people and methods which will facilitate the meeting of program goals and objectives.

G. The Profile may be amended on a periodic basis by the City Manager. The impacts of amendments to the Profile shall not exceed the budget authorizations provided by the City Council.

Article II. COMPENSATION

Section 2.01 Pay Plan and Benefits Review

Salary and benefit levels will be reviewed on a periodic basis. Such review will contain comparisons with other similar agencies within the appropriate job market. Such comparisons will be one of the factors utilized to recommend competitive salary and benefit levels. Salary and benefit levels for individual positions may be adjusted from time to time, within the budget appropriation levels authorized by the City Council.

Section 2.02 Compensation Adjustments

A. Progression in the salary range for Department Head employees shall be based on the employee's performance. The employee's Agency Head shall be responsible for evaluating the employee's work performance and recommending any salary increases based on the employee's performance. Department Head employees will be evaluated annually.

B. Effective July 1, 2023, the City adopted a compensation grade table for Department Head classifications. This table includes a subsection for Department Head – Safety (Deputy Police Chief and Chief Deputy) classifications. This compensation grade table represents the complete range of base compensation for Department Head as well as Department Head –

Safety classifications. Each classification is associated with a specific compensation grade as identified in Appendix A.

C. The City Manager shall assign each Department Head / Department Head - Safety classification to a compensation grade consistent with Section 2.01.

~~A. The salary ranges shall be increased for Department Head classifications (with the exception of Deputy Police Chief as follows:~~

~~B.~~

~~1. Effective July 4, 2021, base salary ranges shall increase by 2%.~~

~~Effective J~~

~~C.~~D. ~~uly 3, 2022, base salary ranges shall increase by 2%.~~

~~The salary range for the classification of Deputy Police Chief shall be adjusted by same percentage and with the same effective date of any general salary increase provided to the Police Captain classification.~~

~~D. The Salary Range Table (Appendix A) is established to provide the minimum and maximum salary levels.~~

Section 2.03 Pay for Performance Bonus

Employees in the Department Head Group shall be eligible for Pay for Performance Bonus designed, as part of the annual evaluation process, to reward either singular achievement during the course of the evaluation year or superlative overall achievement. Examples include but are not limited to the completion of a major assigned project on time or under budget; enabling significant cost savings to the City; or making significant improvements to the efficiency of established practices.

Employees whose base salary compensation is below the maximum of their classification's assigned compensation range will be eligible for a combination of a merit increase (up to the range's maximum) and one-time non-PERSable bonuses that do not exceed an amount that is five (5) percent above the annual maximum base compensation for their classification. Employees whose base salary compensation is at the maximum of their classification's assigned compensation range will be eligible for one-time non-PERSable bonuses that do not exceed an amount that is five (5) percent above the annual maximum base compensation for their classification.

Any bonus granted under this program shall be requested in writing by the employee's Agency Head and approved at the sole discretion of the City Manager. Any bonus awarded under this program, is one time and is not considered part of base salary, nor is there any intention that any bonus serve as the basis for any future compensation.

DRAFT

~~Section 2.03 American Rescue Plan Act Premium~~

~~The American Rescue Plan Act (ARPA) provided federal relief funds to local government agencies for certain uses. Among those uses include premium pay for employees who perform essential work during the COVID-19 pandemic.~~

~~In recognition of Ontario employees' contributions and their continued diligence in providing essential services through the COVID-19 pandemic, active employees (with a probability of continued employment) as of 1/28/2022 will receive a one-time lump-sum payment as follows:~~

~~Assigned Agency (as of 01/28/2022)~~	~~American Rescue Plan Act Payment Amount~~
~~Ontario Fire Department; Ontario Police Department~~	~~$10,000~~
~~All other Agencies~~	~~$7,500~~

~~The ARPA Premium Payment is not pensionable and is taxed in accordance with IRS regulations. The ARPA Premium Payment will be issued in a separate paper check on or before 2/11/2022.~~

Section 2.04 Management Incentive Pay

Employees in the Deputy Police Chief classification shall receive Police Management Incentive credit at the rate of (8.08) hours per pay period, for a total of two hundred and ten hours (210) each calendar year, in recognition for their on-call availability as needed by the department. Such credit shall not be available for use as time off and shall be paid as salary compensation at the employee's regular rate of pay.

Employees in the Chief Deputy classification shall receive management incentive pay at the rate of five (5) hours per pay period, for a total of one hundred and thirty hours (130) hours per calendar year, in recognition of full-time duties performed during normal working hours that pertain to the unique nature of the job. Such hours shall not be used as time off and shall be paid as salary compensation at the employee's base rate of pay.

Article III. LEAVES – PAID AND UNPAID

It is understood that there exists a variety of different circumstances and situations, which require the employee's absence from work. The following is a compilation of leaves for Department Head employees:

Section 3.01 Holidays

A. The following paid holidays will be observed on the day specified.

New Year's Day	January 1st
Martin Luther King's Birthday	3rd Monday in January
Presidents' Day	3rd Monday in February

DRAFT

Memorial Day	Last Monday in May
Independence Day	July 4th
Labor Day	1st Monday in September
Columbus Day	2nd Monday in October
Veteran's Day	November 11th
Thanksgiving Day	4th Thursday in November
Day After Thanksgiving Day	Day After 4th Thursday in November
Christmas Eve	December 24th
Christmas Day	December 25th
New Year's Eve	December 31st

B. Any holiday listed in provision 3.01 which falls on Sunday will be observed on the following Monday.

C. Any holiday which falls on an employee's regular day off shall be accrued as annual leave. The employee shall receive annual leave equal to their scheduled workday, not to exceed 10 hours per holiday, as follows:

1. Employees on an 8-hour per day work schedule shall receive 8 hours of annual leave.

2. Employees on a 4/10 work schedule shall receive 10 hours of annual leave.

3. Employees on a 9/80 work schedule shall receive compensation in accordance with their scheduled ~~work day~~workday, as follows:

4. Employees shall receive the number of hours they were scheduled to work the day the holiday is observed (e.g. 9 or 8 hours).

5. If the holiday falls on the employee's regularly scheduled or "flex" day off, the employee shall receive 9 hours of annual leave.

D. At the City Manager's discretion, City Hall may be closed between and including Christmas Eve through New Year's Day. During this time, employees shall use accrued annual leave or management leave to cover this period of closure.

Section 3.02 Annual Leave

A. The purpose of annual leave is to provide employees in the Department Head group the ability to accrue time for use in vacation, sick leave and personal leave situations.

DRAFT

Department Head employees do not accrue separate vacation or sick leave hours. Annual leave shall not be used:

1. to extend retirement or separation date;

2. for illness or injury arising from outside employment, for which the employee is receiving workers' compensation or disability payments from another employer.

B. Department Head employees, exclusive of the Deputy Police Chief and Chief Deputy ~~accumulate~~classifications, accumulate the following annual leave hours in accordance with City service time. Employees accrue annual leave evenly over 26 pay period each year as follows:

Year of Service	Annual Leave Hours Earned Per Year
1 – 3	192
4	200
5 – 8	216
9 – 10	224
11	232
12	240
13	248
14	256
15	264
16+	272

1. Annual leave shall be accrued based on paid hours on a pro-rated basis. For example, if an employee is paid for 40 hours in an 80-hour pay period, the employee shall earn one-half of the normal accrual. Paid hours include regular work time, holiday, annual, management, bereavement, sick, personal, jury duty, military, and disciplinary leaves. It excludes amounts paid by any disability benefits, including short-term disability and workers' compensation.

2. The maximum annual leave balance shall be 800 hours. Employees shall not accrue annual leave above 800 hours.

3. Upon initial hire with the City, the City Manager may authorize a higher leave accrual rate.

4. Employees in the Deputy Police Chief classification shall accrue annual leave as provided for the Police Captain classification in the Memorandum of Understanding for the Ontario Police Management Group.

5. Employees in the Chief Deputy classification shall accrue annual leave as provided for the Deputy Fire Chief classification in the Memorandum of Understanding for the Ontario Fire Management Group.

DRAFT

C. **Conversion of Accumulated Vacation and Sick Leave to Annual Leave**

1. If an employee with accumulated vacation leave hours is promoted to a Department Head classification, all accumulated vacation leave hours shall be converted to annual leave hours.

2. If an employee with accumulated sick leave hours is promoted to a Department Head classification, the employee may, at the employee's option, convert up to 100 hours of sick leave to annual leave hours. Remaining accumulated sick leave hours will be retained only for use as leave for purposes described in Section 3.03.

3. Employees cannot convert "retained sick leave" to annual leave at any other time.

4. Upon promotion into the Department Head group, if the combination of converted sick and vacation leave hours results in an annual leave balance of more than 750 hours, any leave hours over 750 hours will be converted to compensation at the rate prior to promotion.

D. **Conversion of Annual Leave to Compensation**

1. Employees may convert a minimum of 8 hours and a maximum of 200 hours of annual leave hours to salary compensation twice each calendar year. The total number of hours converted per calendar year shall not exceed 200. Employees may not convert accumulated annual leave below a balance of 40 hours.

2. Conversion requests shall be submitted on City forms to Payroll. The deadlines for conversion requests are as follows:

Request Due Date	Payment
2nd Friday in May	1st payday in June
2nd Friday in November	1st payday in December

E. **Revised Conversion of Annual Leave to Compensation Procedure**

1. In accordance with 26 CFR 1.451-2 effective January 1, 2025, and continuing thereafter, unit employees must submit an irrevocable election form, by no later than December 15th of the proceeding calendar year to convert the following hours to cash:

   a. Accrued Annual Leave - An amount which may not exceed the number of annual leave hours the individual employee may accrue in the following calendar year.

   b. Compensatory Time – An amount which may not exceed the projected number of compensatory time hours the individual employee may receive in the following calendar year.

2. The cash-out election is for hours to be accrued or received in the calendar year following submission of the irrevocable election form. The total combined number of

annual and compensatory hours converted per calendar year shall not exceed 300 hours.

3. The payment shall be made via payroll and employees may elect to receive the cash out on the first payday in June and/or the first payday in December, but the request must be submitted by December 15th of the year prior.

4. Employees who do not submit an irrevocable election form by December 15th will be deemed as foregoing participation in the optional annual leave and/or compensatory time conversion salary program for the following calendar year.

5. In the event an employee has less hours in their annual leave and compensatory bank at the time the cash-out is to be paid than they had previously elected to cash-out, the employee shall only be paid for up to the amount remaining in their annual leave and compensatory bank at the time of the actual cash-out.

6. If an employee makes an irrevocable election to cash-out annual leave and/or compensatory time in the following calendar year and uses such leave in that subsequent calendar year, the annual and compensatory leave used will come from the annual or compensatory leave the employee had earned (if any) prior to January 1st of the calendar year the employee has elected to cash-out. The employee's use of earned, but unused annual and/or compensatory leave accumulated from previous calendar years shall not result in a reduction in the number of annual and/or compensatory hours the employee is eligible to cash-out.

7. An employee who experiences an unforeseen emergency may be permitted to make a new irrevocable election and/or to increase the amount of a previous election, subject to the same value that was permitted at the time the annual irrevocable election forms were due.

   For these purposes, an "unforeseen emergency" means a financial hardship to the employee resulting from any of the following:

   - Accident, illness, injury or death of the employee or an immediate family member. For this purpose, an "immediate family member" is restricted to a spouse, registered domestic partner, child/legal dependent, or parent; or
   - Loss or extensive damage to the employee's property due to casualty; or
   - Other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the employee.

   Whether an occurrence is an unforeseeable emergency shall be solely determined by the Executive Director Human Resources / Risk Management or designee.

8. Any conversion of annual leave hours to cash shall not cause the employee's total amount of accrued annual leave in their annual leave bank to fall below a forty (40) hour minimum balance. Cash-out of accumulated time shall be at the employee's option. Requests for cash-out are to be submitted in a manner prescribed by the City.

Section 3.03 Use of Retained Sick Leave

A. Employees may utilize any retained sick leave balance for use as paid leave for:

DRAFT

1. Any bona fide illness or injury;
2. Quarantine due to exposure to contagious disease;
3. Any treatment or examination including, but not limited to, medical, dental or ocular;
4. Death in the immediate family;
5. Time off to resolve issues related to the employee being a victim of domestic violence, sexual assault or stalking as defined in California Labor Code Section 230.
6. Personal Leave as defined in Section 3.05
7. Conversion to PERS Service Credit pursuant to CalPERS regulations

B. A City employee is not entitled to use retained sick leave for illness or injury arising out of employment, other than employment for the City, for monetary gain or other compensation, or by reason of engaging in business or activity for monetary gain or other compensation.

C. Employees are not eligible to use retained sick leave for donations to catastrophic leave programs.

D. All determinations of retained sick leave usage will be made by the Agency Head concerned, subject to the approval of the Human Resources Director.

Section 3.04 Management Leave

Employees accrue 40 hours of management leave with the first pay period ending in January. Effective January 1, 2024, employees shall accrue 50 hours of management leave with the firs pay period ending in January. Employees hired or promoted after that date shall receive a prorated amount of such leave. Such leave may only be utilized as time off during the calendar year. Any remaining hours will not carry over to the succeeding calendar year. Such leave will not convert to compensation upon separation from employment. Employees will not use management leave to extend retirement or separation date.

Section 3.05 Personal Leave

An employee may use up to three working days of retained sick leave per calendar year as paid personal leave, provided an emergency or other urgent and justifiable cause is presented at the time the request is made. Additional leave may be authorized by the City Manager from any leave accrued, or without pay.

Section 3.06 Bereavement Leave

A. In the event of a death in the employee's immediate family, the employee shall be granted three (3) working days of paid bereavement leave. Such bereavement leave shall not be charged against any accrued annual leave or management leave. Employees shall be granted an additional two (2) working days of unpaid bereavement leave in the event of a death in the employee's immediate family member. The employee may elect to use accrued time off including annual leave or management leave to cover the unpaid portion of their bereavement leave.

DRAFT

B. A total of five (5) working days of paid bereavement leave shall be granted if there is a death in the immediate family outside the State boundaries or more than 250 miles from the employee's home. Such bereavement leave shall not be charged against the employee's annual leave or management leave.

C. Bereavement leave shall be completed within three (3) months of the date of death of the immediate family member. The days of bereavement leave need not be consecutive.

D. Immediate family for this provision is defined as the following relationships relative to the employee: child, including biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands in loco parentis; biological, adoptive, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse or registered domestic partner, or a person who stood in loco parentis when the employee was a minor child; spouse; registered domestic partner; grandparent; grandchild; sibling; or any other relationship included in the definition of "family member" in California labor code section 245.5 (4)(c) or successor legislation.

~~Employees receive three working days of paid leave for bereavement purposes upon the death of a member of the employee's immediate family. Immediate family for this provision is defined as the following relationships relative to the employee: child, including biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands in loco parentis; biological, adoptive, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse or registered domestic partner, or a person who stood in loco parentis when the employee was a minor child; spouse; registered domestic partner; grandparent; grandchild; sibling; or any other relationship included in the definition of "family member" in California labor code section 245.5 (4)(c) or successor legislation. Employees may receive an additional two working days of paid leave if the deceased family member resided outside the state boundaries or in excess of 250 miles from the employee's home at time of death.~~

~~Section 3.06~~Section 3.07 Compensatory Leave

Department Head employees are not eligible to accrue compensatory time. Any employee who is promoted to the Department Head Group will be required to convert any accrued balance of compensatory time to compensation at the rate of pay prior to the promotion.

~~Section 3.07~~Section 3.08 Family Medical Care Leaves

A. Family Leave shall be granted in accordance with the California Rights Act of 1993 and the Family and Medical Leave Act of 1993, and any modified provisions and interpreted regulations for those respective statutes.

B. Employees may utilize up to six weeks of retained sick leave for leaves of absence for care of family members that fall under the provisions of the FMLA and CFRA. This sick leave may be in addition to any other paid or unpaid leave, which may be granted under the provisions of FMLA and CFRA. This sick leave shall be used prior to the unpaid leave provisions of FMLA and CFRA. Both paid and unpaid time during an approved FMLA/CFRA leave or Pregnancy Disability Leave (PDL) of absence shall run concurrently with FMLA/CFRA leave.

C. Employees on any type of leave are required to use all eligible leave accruals, or the number of hours for full integration if integrating with disability programs, up to 80 hours per pay period. Employees are not permitted to take time off without pay if eligible leave accruals are

available. Eligible leave accruals include, but are not limited to, annual leave and management leave for any purpose, and retained sick leave accruals if used for qualified medical, bereavement, or personal reasons as defined in this Article.

Section 3.09 Paid Parental Leave

Each employee shall be granted a paid parental leave of absence not to exceed forty (40) hours per calendar year upon the birth or adoption of the employee's child or children. Any such leave must be taken within six (6) weeks before or after the estimated birth or adoption date and is subject to the department's established time off or leave of absence approval procedures. Such paid parental leave shall not be charged against the employee's sick leave, vacation leave, annual leave, or accrued compensatory time.

The employee may be required to furnish evidence satisfactory to the City of the birth or adoption of the employee's child or children and/or the employee's relationship to the child or children.

Paid Parental Leave will be considered as qualifying leave under the California Family Rights Act (CFRA) and the Family Medical Leave Act (FMLA) and shall run concurrently with an entitled unpaid Family Leave (provided that the employee is deemed eligible for CFRA and/or FMLA). Unpaid Family Leave shall be granted in accordance with CFRA and FMLA and the interpreted regulations for those respective statues.

~~Section 3.08~~Section 3.10 Catastrophic Leave

A. The City agrees to permit employees within the Department Head Group to contribute a portion of their accrued annual leave to another employee when such employee has suffered a catastrophic injury or illness. Employees may receive donations from other employees.

B. The City also agrees to permit employees to contribute a portion of their accrued annual leave to another employee when such an employee is on an approved leave of absence due to the verifiable illness or injury of the employee's spouse, domestic partner, parent or child. Retained sick leave may not be donated.

C. All Catastrophic Leave transfers are subject to the following conditions:

DRAFT

1. The Human Resources Department shall review all requests from the receiving employee to determine eligibility for catastrophic leave prior to the receiving employee or their Department requesting donations.

2. Catastrophic injury or illness as used in this provision is defined as an unforeseen or sudden unexpected illness or injury requiring immediate attention.

3. The receiving employee shall be on an approved continuous leave of absence at least 40 hours due to the catastrophic injury or illness. A statement from the employee's or family member's treating physician is required.

4. The employee has exhausted all accrued leave ~~time, and~~time and is therefore facing financial hardship.

5. The receiving employee must participate in any City disability benefits for which the employee is eligible (e.g. short-term disability, long-term disability, or workers' compensation).

6. The total number of hours that can be donated to the receiving employee from all contributing employees combined shall not exceed 520 hours within 26 consecutive pay periods.

7. The contributing employee must have at least 96 hours of annual leave remaining after such contribution. The leave application rate shall be based on the contributing employee's dollar value, which shall be adjusted proportionally to the receiving employee's rate.

8. The transfers must be in whole hour increments. Donations shall be transferred in accordance with the recipient's needs. Department Head Unit employees may not donate retained sick leave.

9. Once the leave has been transferred from the donating employee to the receiving employee, the transfer is irrevocable. Transfers shall be subject to all taxes required by law.

10. Requests and transfers shall be made on a form prescribed by the Human Resources Department.

~~Section 3.09~~Section 3.11 Jury Duty

A. In the event any full-time employee is duly summoned to any court during the employee's scheduled working hours for the purpose of performing jury service or serving as a witness, except in cases where the employee is a plaintiff, petitioner, defendant, respondent, or appellant; the employee shall be released from the employee's regular duties with pay. Any fees for the performance of such service, excepting mileage or subsistence allowances, shall be remitted to the City.

B. Any employee called for jury duty in Rancho Cucamonga must return to work if dismissed before 3:00 pm. If the employee is called to San Bernardino, he or she must return to work

DRAFT

if dismissed by 2:00 pm. Upon return from jury duty, the employee shall present a certificate of service to the employee's Agency Head.

C. This section shall not apply when an employee is summoned or otherwise required to appear in court in the course of City business.

Article IV. BENEFITS

Section 4.01 Health Insurance Contribution

The City will contribute up to a maximum of $300 per month toward health insurance premiums for active and retired employees. This amount is inclusive of the minimum statutory employer contribution under CalPERS medical (PEMHCA) for active employees who choose to enroll in the City's medical plan.

Section 4.02 Insurance

A. City Contributions to Cafeteria Plan Benefits

The City will maintain an IRS Code Section 125 qualifying Cafeteria Plan to allow employees to pay for pre-tax medical, dental and vision benefits.

Enrollment: An Eligible Employee must enroll in the City medical insurance plan unless the employee satisfies the conditions to be eligible for the opt-out provision below. The City's lowest cost employee-only plan satisfies the Federal Poverty Line Safe Harbor under the Patient Protection and Affordable Care Act.

City Contribution: For eligible active employees, excluding those in the Deputy Police Chief and Chief Deputy classifications, who enroll in coverage, the City Contribution, inclusive of the Health Insurance Contribution set forth in Section 6.01(A), shall be tiered. Employees who enroll in the City's medical plan shall receive a Health Flex Contribution depending on the level of coverage selected by the employee as follows:

Single Coverage	$765
Two-party Coverage	$1,090
Family Coverage	$1,380

~~Beginning January 1, 2018, for E~~eligible active employees who enroll in coverage, the monthly City Contribution, inclusive of the Health Insurance Contribution set forth in Section 4.01(A), shall be based on the level of coverage selected by the employee, and equal to the corresponding Kaiser premium for the region in which the employee is enrolled and as reflected on the CalPERS monthly billing statement. Employees hired on or before December 31, 2017, selecting single party coverage shall receive a contribution of no less than $765 per month, or the applicable Kaiser premium for single party coverage, whichever is greater. Employees hired on or after January 1, 2018, selecting single party coverage shall receive a monthly contribution up to the Kaiser premium for single party coverage for the region in which the employee is enrolled.

For purposes of the Affordable Care Act's employer mandate, the amount of the lowest cost plan offered to the Eligible Employees is considered a Health Flex Contribution. A Health Flex Contribution cannot be cashed out or applied to other benefits.

After enrolling in the selected coverage, an Eligible Employee may take the remainder of the City's Contribution in cash. ~~Effective, January 1, 2018, o~~Only those Eligible Employees hired on or before December 31, 2017 enrolled in single level coverage may take the remainder of the City's contribution in cash as taxable compensation.

For employees in the Deputy Police Chief classification, the health insurance contributions rate shall not be less than the contribution provided for Police Captains in the Ontario Police Management Group Memorandum of Understanding.

For employees in the Chief Deputy classification, the health insurance contributions rate shall not be less than the contribution provided for Deputy Fire Chiefs in the Ontario Fire Management Group Memorandum of Understanding.

Cash-in-Lieu Option: An Eligible Employee will be eligible to receive cash-in-lieu of instead of enrolling in a City offered medical insurance plan only if the following conditions are satisfied.

1. The employee signs a form attesting that the employee and the employee's Tax Family have the Alternative Required Coverage for the Opt-Out Period.

    a. Tax Family means all individuals for whom the employee intends to claim a personal exemption deduction for the taxable year or years that begin or end in or with the City's plan year to which the opt-out applies.

    b. Alternative Required Coverage means minimum essential coverage through another source (other than coverage in the individual market, whether or not obtained through Covered California).

    c. Opt-Out Period means the plan year to which the opt-out arrangement applies.

2. An employee must provide the attestation every plan year at open enrollment or within 30 days after the start of the plan year for each plan year the employee would like to receive cash in lieu.

3. The cash in lieu payment cannot be made and the City will not in fact make payment if the City knows or has reason to know that the employee or a Tax Family member does not have such alternative coverage, or if the conditions in this Section are not otherwise satisfied.

4. If the above conditions are satisfied:

    a. Eligible Employees who waive coverage on or after September 1, 2004 are eligible to receive $420 per month cash-in-lieu.

    b. Eligible Employees who waived coverage on or before September 1, 2004 are eligible to receive $485 per month cash-in-lieu.

5. **Dental Insurance:** Employees who enroll in the City's dental plan shall receive an employer contribution up to the DPO basic plan premium for employee and dependents (in addition to the City Contribution described in Section 4.02).

DRAFT

Employees who do not enroll in the City dental plan will not receive employer contribution for dental premiums.

For employees in the Deputy Police Chief classification, the dental insurance contributions rate shall not be less than the contribution provided for Police Captains in the Ontario Police Management Group Memorandum of Understanding.

For employees in the Chief Deputy classification, the dental insurance contributions rate shall not be less than the contribution provided for Deputy Fire Chiefs in the Ontario Fire Management Group Memorandum of Understanding.

6. **Vision Insurance:** Employees who enroll in the City's vision plan shall receive an employer contribution up to the basic vision plan premium for employee and dependent coverage (in addition to the City Contribution described in this Section 4.02). Employees who do not enroll in the City vision plan will not receive employer contribution for dental premiums.

For employees in the Deputy Police Chief classification, the health insurance contributions rate shall not be less than the contribution provided for Police Captains in the Ontario Police Management Group Memorandum of Understanding.

For employees in the Chief Deputy classification, the health insurance contributions rate shall not be less than the contribution provided for Deputy Fire Chiefs in the Ontario Fire Management Group Memorandum of Understanding.

B. **Eligible Employee Requirements**

1. Employees must be full-time (i.e. scheduled for a minimum of 40 hours per week) and be in a paid status for a minimum of 15 hours per pay period to be eligible for the benefits of Section 4.02, unless the employee is receiving disability benefits. Paid status includes hours paid for: regular work time, annual leave, management leave, bereavement leave, retained sick leave, jury duty leave, personal leave, paid military leave, disciplinary leave and paid holidays.

2. The City Manager may authorize, at their sole discretion, continuation of benefits for employees that do not have 15 hours of pay for a limited period of time. As defined under the Family Medical Leave Act of 1993 (FMLA), the City may determine that some unit employees may fall under the criteria of a "key" employee. If not a key

DRAFT

employee, health benefits shall be continued as required by law for leave taken pursuant to FMLA.

3. Employees who have leave balances must use all leave accruals available each pay period up to 80 hours, or up to the amount needed to reach 80 hours when combined with disability and workers' compensation payments.

C. **Disability**

~~**Article I.**~~ The City assumes the full premium cost for the employee in the City-designated short and long-term disability programs ~~The City shall pay the premium for the City's Disability Insurance Program.~~

D. **Life and Accidental Death & Dismemberment Insurance**

Except for employees in the Deputy Police Chief and Chief Deputy classifications, e~~E~~mployees shall be covered by the City's group term life insurance and accidental death and dismemberment (AD & D) insurance plan. The City will pay the premiums for life insurance coverage amounts of $~~51,000~~75,000 for basic life and $~~54,~~75,000 for accidental death and dismemberment policies (AD & D). ~~Effective January 1, 2018, the level of coverage for each Department Head employee will increase to $75,000 for basic life insurance and $75,000 for accidental death and dismemberment insurance (AD&D).~~

For employees in the Chief Deputy classification, the City will pay a monthly life and accidental death and dismemberment insurance premium providing $300,000 basic life insurance or $300,000 accidental death and dismemberment insurance and not less than that of the Deputy Fire Chiefs in the Ontario Fire Management Group Memorandum of Understanding.

E. **Retiree Health, Medicare, and Dental Contributions**

For employees in the Deputy Police Chief classification, the retiree health, Medicare and dental insurance contributions shall be no less than the same contribution provided for Police Captains in the Ontario Police Management Group Memorandum of Understanding.

For employees in the Chief Deputy classification, the health, Medicare and dental insurance contributions shall be no less than the contribution provided for Deputy Fire Chiefs in the Ontario Fire Management Group Memorandum of Understanding.

Section 4.03 Flexible Spending Accounts

The City will offer Flexible Spending Accounts (FSA) to all unit employees. An FSA allows an employee to make pre-tax deductions for qualifying medical, dental, vision expenses, and dependent care expenses. The plan is established and administered in accordance with Section 125 of the Internal Revenue Service code.

Section 4.04 Deferred Compensation

A. The City has established a Section 401(a) money purchase plan for employer deferred compensation contributions. Effective July 2, 2023, t~~T~~he City will

DRAFT

contribute ~~$225~~3% of the employee's base salary ~~per month~~ to the Section 401(a) plan up to the maximum amount established by the relevant sections of the tax codes.

B. ~~.~~For employees in the Deputy Police Chief classification, the deferred compensation contribution shall not be less than the contribution provided for Police Captains in the Ontario Police Management Group Memorandum of Understanding.

~~A.~~C. For employees in the Chief Deputy classification, the deferred compensation contribution shall not be less than the contribution provided for Deputy Fire Chiefs in the Ontario Fire Management Group Memorandum of Understanding.

~~1.~~

~~B.~~D. Employees are eligible to voluntarily participate in a Section 457(b) deferred compensation plan as provided for in State and Federal Tax codes. Employees may contribute additional deferred compensation to the plan in accordance with plan provisions and subject to plan maximums.

Section 4.05 Employee Assistance Program

The City offers an employee assistance program for all members of this group. Confidentiality regarding employee use of this program will be maintained in full compliance with State and Federal Regulations.

Section 4.06 Tuition Reimbursement

To provide encouragement for all unit employees to continue educational development, specified employees shall be eligible for reimbursement of tuition expenses. The City shall reimburse an eligible employee for the cost of tuition for academic and continuing education courses that are determined to be job-related and subject to the following conditions:

A. Full-time employees are eligible.

B. The determination that the course is job related shall be made by the employee's Agency Head.

C. The course shall provide college-level or professional continuing education credit from an accredited educational institution.

D. The employee is not eligible for assistance from any other source.

E. Submission and approval of the request for reimbursement must be completed at least 30 calendar days prior to the start date of the course.

F. Tuition is the only expense that shall be reimbursable. No reimbursement shall be made for lab fees, books, travel costs, etc.

G. Classes shall not interfere with the employee's normal work hours. Any exceptions must be approved by the employee's Agency Head.

H. Certification of completion of the course with a passing grade must be obtained and submitted

within 60 calendar days after completion of the course.

I. The maximum reimbursement amount paid to an eligible employee shall not exceed $1,000 per calendar year.

Tuition reimbursement requests shall be submitted to the employee's Agency Head for a determination that the course is job-related. After such determination is made, the Agency Head shall forward the request to the Human Resources Department for processing. The Human Resources Department shall be responsible for notifying the employee of the disposition of the request prior to the start date of the course. Proof of payment and proof of completion shall be submitted to the Human Resources Department. Reimbursement shall be made within 30 calendar days following the receipt of proof of payment amount and proof of completion.

Section 4.07 Auto Allowance

The City may assign a City-owned vehicle to an employee for use on City business or the City may provide a monthly allowance of up to a maximum $~~217~~ 350 for an employee that is regularly required to use the employee's private vehicle on City business. The City Manager may adjust such stipend in accordance with levels of activity and operational necessity.

If assigned, a City-owned vehicle may be used by employee for City business and for commuting to and from the employee's residence. City shall incur all costs related to the provision of the vehicle, including maintenance and insurance. Employee shall be responsible for ensuring that City's vehicle is appropriately secured when parked at the employee's residence. Employee acknowledges that City is required to report the value of the provided vehicle as income as required by applicable Internal Revenue Service regulations and tax laws.

Section 4.08 Meal Reimbursement

An employee may request reimbursement for meals consumed after regular work hours when such employee is required by the Agency Head to attend City Council meetings and city commission meetings that are in addition to those regularly scheduled. The limit for reimbursement shall be $12 and only actual expenses will be reimbursed. Requests will be submitted on the City's reimbursement form through established channels and must include receipts verifying the expense.

Section 4.09 Health and Wellness Reimbursement

Effective July 1, 2024, employees shall be reimbursed up to $1,000 each fiscal year for eligible health and wellness related expenses that are not otherwise covered by the City's group plans incurred for themselves and their eligible dependents. Such expenses may include: health plan premiums; health plan deductibles; gym/fitness club membership fees; sports activities or fees; sports clothing (footwear, equipment, training and wearable fitness devices); outdoor/indoor equipment fees and rentals; subscriptions and fees for virtual/online home fitness classes or fitness / health related applications; medical testing (biometric testing, fitness, BMI assessment); holistic healing and acupuncture; massage therapy; lessons or personal training; state or national park passes; art supplies; musical instruments; hobby and craft supplies; learning tools (applications, software or online subscriptions), or any other health and wellness related expense as determined by the Executive Director Human Resources / Risk Management. Reimbursements shall be made at designated times twice each year pursuant to the program provisions.

Article V. RETIREMENT – END OF SERVICE

DRAFT

Section 5.01 CalPERS Contribution

A. Classic Member

1. A classic member is defined as an employee who meets the definition of a "classic" member for purposes of retirement pension benefits in accordance with the Public Employees Pension Reform Act of 2013. Generally, this includes employees that were hired before January 1, 2013 in the California Public Employees Retirement System (CalPERS) or a reciprocal retirement system with no break in service longer than six months. CalPERS ultimately determines who is a classic member in compliance with the law.

2. Classic CalPERS members shall be eligible for the 2.5% @ 55 Full and Modified Formula for Local Miscellaneous Members including integration with Social Security. This also includes the optional benefit of Government Code Section 20042, Highest Single Year.

3. ~~All~~ Cclassic members, except those ~~in~~ in the Deputy Police Chief and Chief Deputy classifications shall pay the employee's contribution of eight (8%) percent as a pre-tax deduction to CalPERS. Employees in the Deputy Police Chief classification shall pay the same CalPERS contributions as employees in the Ontario Police Management Group. Employees in the Chief Deputy classification shall pay the same CalPERS contributions as employees in the Ontario Fire Management Group.

~~3.~~4.

B. New Member

1. A new member is defined as an employee who meets the definition of a "new" member for purposes of retirement pension benefits pursuant to the Public Employees Pension Reform Act of 2013. Generally, this includes employees that were hired into a regular position on or after January 1, 2013 or former members who have more than a six-month break in service. CalPERS ultimately determines who is a new member in compliance with the law.

1. New Members shall be eligible for the 2% @ 62 Formula for Local Miscellaneous Members including integration with Social Security.

2. The employee contribution for new members shall be one-half the normal cost, as determined by CalPERS. As of July 2013, the required employee contribution for new members is 6.25%, except for those in the Deputy Police Chief and Chief Deputy classifications. This amount will be adjusted periodically by CalPERS. Employees in the Deputy Police Chief classification shall pay the same CalPERS contributions as employees in the Ontario Police Management Group. Employees in the Chief Deputy classification shall pay the same CalPERS contributions as employees in the Ontario Fire Management Group.

~~2.~~3.

C. Optional Benefits for Classic and New Members

The City's contract with the Public Employees' Retirement System includes the

DRAFT

following optional benefits for both classic and new members:

1. Section 20903 – Two Years Additional Service Credit
2. Section 20965 – Sick Leave Credit
3. Section 21024 – Military Service Credit
4. Section 21037 – Cancel Payment for Optional Service Credit upon Retirement for Disability
5. Section 21548 – Pre-Retirement Optional Settlement Death Benefit

Section 5.02 Employee Severance Compensation

In recognition that employees serve at the will and pleasure of the City Manager, the City Manager may offer employment severance pay to terminating employees. The period of such severance compensation shall be determined by the City Manager and may be included in the terms of a contractual agreement between the employee and the City made at the time the individual is hired or promoted.

ARTICLE VI. GENERAL PROVISIONS

~~Section 5.03~~Section 6.01 Overpayments, Recovery and Underpayments

In situations involving overpayment to an employee by the City, the employee shall be obliged to repay by payroll deduction the amount of overpayment. The repayment shall ideally occur within the same time frame the overpayment was received by the employee or sooner at the employee's discretion. For overpayments in excess of $100.00, the minimum repayment amount shall be $50.00 per pay period.

Either Human Resources, or the Payroll Department shall provide written documentation showing the calculations of the overpayment to the employee. A meeting may be requested by the employee with the Payroll Department to review the documentation and to discuss the recovery schedule. The repayment schedule, biweekly repayment amount or alternative repayment method (including repayment from personal funds) will be documented in writing.

Extensions to the period for repayment of the overage or an alternative repayment method may be requested by the employee and are subject to the approval of the Executive Director ~~of Finance~~ Human Resources / Risk Management or their designee. ~~Extensions will be approved only in the case of extreme hardship, and the extended period for repayment will not be longer than one and one-half times as long as the overpayment period.~~

If the employee leaves employment prior to repayment of overage, the City shall recover the amount owed from the employee's final pay. If the amount owed is greater than the employee's final pay, the City shall initiate a collections process against the employee.

In situations involving underpayment to an employee by the City, the employee shall receive the balance due within the next pay period for which the adjustment can be made, following timely submission of appropriate documentation and necessary approval of the compensation change.

~~Section 5.04~~Section 6.02 Direct Deposit and Electronic Pay Advice

A. Employees must make and maintain arrangements for direct deposit of their net paychecks into the financial institution of their choice via electronic fund transfer. Such arrangements shall be made within one month.

B. In an ~~extraordinary circumstances/events~~extraordinary circumstances/event that an employee is unable to make arrangements for electronic fund transfer, the employee shall submit a request in writing to the Human Resources Agency to be considered for an exception. Human Resources shall review the request for the Direct Deposit Special Exemption and may request supporting documentation; and the employee will be notified of the determination.

C. Any Direct Deposit Special Exemption granted may be reviewed periodically for continuation, subject to the approval of Human Resources Agency.

D. The electronic pay advice will be available for employees to view, save and print in the City's human resources information system on the employee's pay day.

ARTICLE VII. FINAL SIGNATURE

All provisions set forth in this Profile are hereby effective the 1st day of July ~~2021~~2023.

City of Ontario
Scott Ochoa **City Manager**

Article I. MEMORANDUM

Section 1.01 PARTIES TO MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter known as MOU or Agreement) is made and entered into by and between the City of Ontario (hereinafter known as the City) and the Ontario Police Officers Association (hereinafter known as the Association).

Section 1.02 RECOGNITION

The City hereby formally recognizes the Ontario Police Officers Association as the Representative for those employees employed by the City and defined in Rule I, Section 26 of the Personnel Rules and Regulations, in the following classifications:

Police Detective	Police Officer
Police Corporal	Police Recruit

Recognition is granted for the purpose of meeting and conferring on wages, hours, working conditions and general representation of employees defined within this section.

Section 1.03 AGENCY PERSONNEL RULES

It is understood and agreed that there exists within the City, in written or unwritten form, certain personnel rules, policies and practices generally contained in the "City of Ontario Personnel Rules and Regulations," "Resolution No. 6836, Employer-Employee Rules and Regulations," and the ”Employment Policies” in the City’s Online Policy Center which will continue in effect, except for those provisions modified by this Agreement, unless and until modified by mutual agreement of the parties and enacted by the City Council in accordance with state laws, orders, regulations, official instructions or policies.

Except as provided herein all wages, hours, and other terms and conditions of employment presently enjoyed by affected employees shall remain in full force and effect during the term of the Agreement, unless changed by mutual agreement. The City shall have the right to update and improve said personnel rules, policies, and practices that do not affect wages, hours and other terms and conditions of employment with the understanding that prior to such changes the City will meet and confer with authorized representatives of the Association.

Section 1.04 MOU DISTRIBUTION

The City agrees to provide all new employees, covered by this Agreement, a copy of the MOU. Both the City and the Association will equally share in the cost of printing the MOU.

Section 1.05 EFFECT OF AGREEMENT

A. The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement.

B. This Agreement supersedes all previous agreements, understandings, and prior practices related to matters included within this Agreement.

Article II. DEFINITIONS

A. BARGAINING UNIT - The term "bargaining unit" as used in this Agreement refers to the bargaining unit of the employees defined in Article 1, Recognition.

B. CALENDAR YEAR - The term "calendar year" as used in this Agreement refers to the period of 12 consecutive months commencing on January 1st and ending on December 31st.

C. DAY - The term "day" as used in this Agreement refers to a calendar day unless otherwise stated in this Agreement.

D. EMERGENCY - The term "emergency" as used in this Agreement means a circumstance requiring immediate action; a sudden, unexpected happening; an unforeseen occurrence or condition.

E. EMPLOYEE - The term "employee" as used in this Agreement refers to a full-time:

1. Regular Status Employee - The term "regular status employee" as used in this Agreement refers to an employee who has completed the probationary period.

2. Probationary Employee - The term "probationary employee" as used in this Agreement refers to an employee who has not completed their probationary period.

F. IMMEDIATE FAMILY - The term “immediate family” as used in this Agreement refers to an employee’s spouse, a registered domestic partner, child (which means a biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands in local parentis, and is applicable regardless of age or dependency status), parents (which means biological, adoptive, or foster parent, stepparent, or legal guardian of an employee or the employee spouse or registered domestic partner, or a person who stood in local parentis when the employee was a minor minor child), brother, sister, grandfather, grandmother, mother-in-law, father-in-law and grandchildren~~children, parents, brother, sister, grandfather, grandmother, mother-in-law, father-in-law, step-father, step-mother, step-children and grandchildren.~~

G. WEEK - The term week as used in this Agreement refers to seven consecutive days beginning on Sunday and going through Saturday.

H. WORK PERIOD – The term work period refers to the 28 consecutive days between Sunday and Saturday incorporating two (2) bi-weekly pay periods in accordance with Section 7(k) of the Fair Labor Standards Act.

Article III. MANAGEMENT RIGHTS

Section 3.01

There are no provisions in the Memorandum of Understanding that shall be deemed to limit or curtail the City in any way in the exercise of the rights, powers, and authority which the City had prior to entering into this understanding unless and only to the extent that the provisions of this Memorandum of Understanding specifically curtail or limit such rights, powers and authority.

Section 3.02

The rights of the City include, but are not limited to:

A. The exclusive right to determine the mission of its constituent departments, commissions, and boards.

B. Set standards of service.

C. Determine the procedure and standards of selection for employment and promotion.

D. Direct its employees.

E. Relieve its employees from duty because of lack of work, or for other legitimate reasons.

F. Maintain efficiency of government operations.

G. Determine the methods, means, and personnel by which government operations are to be conducted.

H. Determine the content of job classifications.

I. Take all necessary actions to carry out its mission in emergencies.

J. Exercise complete control and discretion over its organization and the technology of performing its work.

K. To discharge, suspend, demote, reprimand, withhold salary increases and benefits, or otherwise discipline employees for cause.

L. To establish reasonable employee performance standards, including, but not limited to, quality and quantity standards, and to require compliance herewith.

Section 3.03

Where required by law, the City agrees, prior to implementation, to meet and confer with the Association over the impact of the exercise of a City right upon wages, hours, and other terms and conditions of employment of its members unless the impact consequences of the exercise of a management right upon the Association members is provided for in this Memorandum of Understanding, Personnel Rules and Regulations or Departmental Rules and Regulations.

Article IV. EMPLOYEE RIGHTS

Section 4.01

The City shall afford regular employees the procedural due process safeguards set by statute and by the published decisions of the California courts.

Section 4.02

An employee shall have the right of Association representation when the employee reasonably anticipates that such a meeting is for the purpose of disciplining the employee, or is to obtain facts to support disciplinary action that is probable, or that is being seriously considered. No employee shall be

discriminated against because of the exercise of the employee's rights to Association representation or because of the employee's lawful activities as part of the Association.

Article V. EMPLOYMENT STATUS

Section 5.01 PROBATIONARY PERIOD

A. **OBJECTIVE**

The probationary period is to be regarded as an integral part of the testing procedures and shall be utilized for closely observing the employee's work and adjustment within the organization.

B. **LENGTH**

All original and promotional appointments shall be tentative and subject to a probationary period of 12 months.

If a probationary employee is on leave for more than 30 consecutive calendar days during the probationary period, that employee's probationary period shall be extended by the duration of the employee's consecutive leave. The department head may extend an employee's probation by up to six months upon written notice delivered to the employee prior to the completion of the employee's original probation period.

C. **REJECTION**

During the probationary period, the department head may terminate a probationary employee without cause and without right of appeal. Notification of rejection in writing shall be served on the probationary employee two weeks before the effective date of the rejection.

An employee who is rejected while serving probationary period after promotion shall be returned to the employee's former classification.

Section 5.02 TRANSFERS

A transfer may be affected at any time by the City Manager upon the recommendations of the department heads concerned, or to meet the needs of the service. All transfers must be within comparable classes, and no person shall be transferred to a position for which the employee does not possess the minimum qualifications. A transfer shall not be used to circumvent the regulations surrounding promotion, demotion, advancement or reduction.

Section 5.03 POLICE SERGEANT PROMOTIONAL STANDARD MODIFICATION

A. The City and the Association agree to modify the promotional standards for the classification of Police Sergeant as follows:

1. A Police Detective, regardless of probationary status, will be eligible to apply for promotion to the Police Sergeant classification.

2. A Police Corporal who meets the following minimum qualifications may apply for promotion to the Police Sergeant classification:

   a. Must have a minimum of twelve (12) years of experience as a Peace Officer in the

state of California,

b. Must have been employed by the Ontario Police Department full- time as a sworn employee for a minimum of six (6) years,

c. Must have held the classification of Police Corporal with the Ontario Police Department for a minimum of three (3) years.

~~2.~~**a.** A ~~Police Corporal with a minimum of four (4) years of work experience in the classification of Police Corporal may apply for promotion to the Police Sergeant classification.~~

B. The following provisions will apply to selection off of the eligible list established for the classification of Police Sergeant:

1. A Police Detective, regardless of probationary status, may be promoted to the Police Sergeant classification.

2. If a Detective who is still on probation gets promoted to the classification of Sergeant, and fails to make Sergeant probation, the Detective will go back to the classification of Detective, at which time he/she will have to complete the Detective probationary time he/she had left prior to being promoted to the classification of Sergeant.

3. A Police Corporal who meets the minimum qualifications in Section A.2. may be promoted to the Police Sergeant classification.

4. If a Corporal gets promoted to the classification of Police Sergeant, and fails to make Sergeant probation, he/she will go back to the classification of Corporal.

~~1. A Police Detective **may** not be promoted to Police Sergeant prior to the successful completion of the probationary period as a Police Detective.~~

~~2. No employees in the Police Corporal classification may be promoted to Police Sergeant until there are two (2) or less employees in the Detective classification remaining on the eligibility list, regardless of placement on the list.~~

C. The following provisions will apply to the selection off the eligible list established for the classification of Police Sergeant to fill Police Sergeant vacancies in the Air Support Unit.

1. When a vacancy for Police Sergeant exists within the Air Support Unit, the Department will have the discretion to consider only the applicants on the eligibility list who meet the additional requirements identified for Air Support.

2. Police Corporals who meet the additional qualifications, regardless if currently assigned to the Air Support Unit, may be considered and selected for the Air Support Unit even if more than two Detectives remain on the eligibility list.

Section 5.04 POLICE DETECTIVE STAFFING

A. The City and the Association agree to modify the minimum number of employees with the classification of Police Detective:

1. Beginning on March 9, 2023, the Ontario Police Department will have a minimum of 25 employees with the classification of Police Detective.

2. Beginning on March 9, 2023, the Ontario Police Department will have a minimum of 20 employees with the classification of Police Detective assigned full time to the Detective Bureau.

Article VI. PERSONNEL FILES

Section 6.01

Personnel files shall be maintained at both the Human Resources Department and at the Police Department. All performance evaluations and disciplinary actions shall be maintained in both files.

Section 6.02

Employees, during normal working hours with reasonable notice and with their supervisor's approval, have the right to have access to and copies of any document in their official personnel file. Employees may be charged for cost of excessive duplication of any materials in the personnel file for which they request copies.

Section 6.03

An employee will be provided with an initial copy of any document, which will be placed in the official personnel file. An employee shall have the right to respond in writing or personal interview to any information contained in the employee's personnel file. Such a reply will remain in the personnel file so long as the referenced document is in the file.

Section 6.04

Documentation of a disciplinary action of 2 working day suspension or less shall be removed from an employee's official personnel file(s) if 5-years has passed since the effective date of the action and there have been no further disciplinary actions of a similar nature during the 5 year period. The employee must request removal of such documentation, in writing, to the Chief of Police, who shall make the final determination as to whether there have been no further disciplinary actions of a similar nature. Documentation of disciplinary actions in excess of a two working day suspension may be removed from an officer's file after five years, at the sole discretion of the Chief of Police.

Article VII. DISCIPLINARY PROCEDURE

Section 7.01

The following disciplinary procedure must be used for all serious disciplinary actions involving regular/full time employees BEFORE the actions go into effect. Basically, the disciplinary procedure provides that:

A. The employee shall receive advance notice of the proposed disciplinary action. Normally, such advance notice will be ten calendar days.

B. The notice must contain the reasons and the charges upon which the proposed action is based.

C. The notice must also contain a statement of the events or circumstances upon which the action is based.

D. The employee must be given the materials, if any, upon which the action is based.

E. The employee must be given the right, either orally or in writing, to respond to the department head or the City Manager (in the case of a discharge) proposing the action. This procedure will be consistent with Provision 13.08(M) of the grievance procedure.

F. This disciplinary procedure should be used for all serious disciplinary actions which are normally considered (1) demotions, (2) discharges, (3) reductions in pay, and (4) suspensions.

Section 7.02

The above procedure may be deviated from in circumstances where there is a need for immediate action. In such cases, an employee may be ordered off the job if the employee's conduct imperils the safety or welfare of the public, other employees, or said employee.

Article VIII. CLASSIFICATIONS

Section 8.01 NEW CLASSIFICATIONS

The City agrees to meet and confer with the Association on any new classifications approved, which appropriately should be added to the unit covered by this Agreement.

Section 8.02 HIGHER CLASSIFICATION WORK

Any bargaining unit employee who is assigned to temporarily perform the preponderance of duties of a position in a higher classification for more than 40 consecutive hours shall receive the rate of pay equivalent to the higher classification worked while the employee continues to work in the higher classification, with three exceptions:

A. If substantial time has elapsed since the employee has last performed the work of the higher classification, the supervisor may require a performance test, not to exceed a normal day's work at the employee's normal rate of pay.

B. In the instances where new equipment or new operational procedures are involved, the supervisor may require a training period not to exceed 16 hours at the employee's normal rate of pay.

C. In those instances where training is not involved, and if, in the supervisor's opinion, an employee is proficient in the higher classification, management shall pay that employee at a higher classification pay rate.

Section 8.03

The higher salary rate payable shall commence on the 41st working hour following the temporary reassignment to the performance of duties of the higher classification. The higher rate of pay shall be defined as a 5% special salary adjustment or Step "1" of the classification, whichever is higher.

Section 8.04

This assignment will continue until the City no longer requires the incumbent to perform the duties of such assignment.

Section 8.05

At the end of such assignment the employee performing the temporary assignment shall be returned to the employee's original position and salary range.

Article IX. HOURS OF WORK

Section 9.01 OVERTIME

A. The City reserves the right to schedule overtime work as required in a manner most advantageous to the City and consistent with the public interest and the requirement of municipal employment.

B. The City has an established a regularly recurring work period of twenty-eight (28) consecutive days for its law enforcement personnel, pursuant to 29 U.S.C. 207(k) of the Fair Labor Standards Act (FLSA). The FLSA overtime threshold for the 28-day 207(k) work period is 171 hours.

C. Each employee, covered by this Agreement, shall receive overtime compensation, at the rate of 1½ times the employee's regular rate of pay in cash or compensatory time off:

1. ~~,~~ F~~f~~o~~o~~r all time worked, or deemed to have been worked (including all paid leaves of absences), in excess of the employee's regularly scheduled daily shift, and ;

2. For employees in a 4/10 schedule, when the number of hours worked (including all paid leaves of absence) exceeds 40 hours per week, or

3. For Employees on a 3/12.5 hour shift schedule, when the number of hours worked (including all paid leaves of absences) exceeds 75 hours or 85 hours in the respective pay period as follows:

a. For employees assigned to the 3/12.5 hour shift schedule, the 28 day work period will be divided into two 14-calendar day pay periods; one pay period shall include 75 scheduled hours and the other 14-calendar day pay period shall include 85 scheduled hours. Overtime shall be paid to the employees assigned to the 3/12.5 hour shift schedule when the number of hours worked (including all paid leaves of absence) exceeds 75 hours or 85 hours in the respective pay period.

4. For Employees on a 3/13 hour shift schedule, when the number of hours worked (including all paid leaves of absences), exceeds 78 hours or 86 hours in the respective pay period, as follows:

a. For employees assigned to the 3/13 hour shift schedule, the employeewill be assigned 78 scheduled hours for three (3) consecutive 14-calendar day pay

periods and then one (1) 14-day calendar pay period which shall include 86 scheduled hours. Overtime shall be paid to the employees assigned to the 3/13 shift schedule when the numbers of hours worked, or deemed to have been worked (including all paid leaves of absences), exceeds 78 hours or 86 hours in the respective pay period.

~~B.~~5. ~~or 40 hours per week for employees on a 4/10 shift schedule, or 160 hours in a 28 day work period for employees on a 3/12.5 hour shift schedule. For employees assigned to the 3/12.5 hour shift schedule, the 28 day work period will be divided into two 14-calendar day pay periods; one pay period shall include 75 scheduled hours and the other 14-calendar day pay period shall include 85 hours. Overtime shall be paid to the employees assigned to the 3/12.5 hour shift schedule when the number of hours worked (including all paid leaves of absences) exceeds 75 hours or 85 hours in the respective pay period.~~ Overtime worked pursuant to grant funding must be compensated for in cash.

~~C.~~D. An employee may retain a balance of unused compensatory time not to exceed 480 hours at any given time. This includes all accumulated compensatory time off regardless of the reason the compensatory time off was earned.

~~D.~~E. Upon separation or retirement from the City, the employee will receive credit for any unused compensatory time that has been accrued. It will be paid out at the employee's regular rate of pay.

~~E.~~F. Employees in this bargaining group may also convert accrued compensatory time to salary compensation at the employees' regular rate of pay in accordance with the provisions in Section 16.03.

~~F.~~G. When a Unit employee has accumulated 480 hours of compensatory time, no further compensatory time shall be accumulated, and the employee shall only be eligible for overtime pay in accordance with this MOU.

Section 9.02 WORK SCHEDULE CHANGES

A. Whenever possible employees will be provided reasonable advance notice regarding changes or tentative changes in their work schedule which are not the result of emergency situations necessitating immediate action. As a general rule, 48 hours would be considered reasonable advance notice.

B. The parties have agreed to implement one or more of the following schedules ~~a "blended schedule"~~ for employees assigned to patrol, whereby ~~some~~ employees will work a 3/12.5 weekly work schedule, ~~and other employees will work~~ a 4/10 weekly work schedule, a 3/13 weekly worked schedule, or a combination thereof.

1. Employees in Patrol assigned to the 3/12.5 schedule will work 3 consecutive workdays of 12.5 consecutive hours each, inclusive of a paid 30-minute meal period and breaks. During a 28-day work period employees assigned to the 3/12.5 work schedule will also be scheduled to work one additional 10-hour work shift, inclusive of a paid 30-minute meal period and breaks. The 10-hour shift will generally be adjacent to an employee's "Monday" or "Friday", but exceptions may occur to accomplish department-wide training or other

special details. T~~he employees assigned to the 3/12.5 schedule shall have regularly assigned work days of Friday, Saturday and Sunday.~~ The parties will mutually develop rules to address the interaction between the 3/12.5 work schedule and extended training of 3 days or more, jury duty and other implementation issues that arise.

~~2.~~ Employees in Patrol assigned to the 4/10 work schedule will work 4 consecutive work days of 10 consecutive hours each, inclusive a paid 30-minute meal period and breaks. ~~Employees assigned to the 4/10 schedule will have regularly assigned work days of Monday, Tuesday, Wednesday and Thursday.~~

3. Employees in Patrol assigned to the 3/13 schedule will work 3 consecutive workdays of 13 consecutive hours each for 3 consecutive 14-day pay periods, inclusive of a paid 30-minute meal period and breaks. During the 4th 14-day pay period, employees assigned to the 3/13 work schedule will also be scheduled to work one additional 8-hour work shift, inclusive of a paid 30-minute meal period and breaks. The 8-hour shift will generally be adjacent to an employee's "Monday" or "Friday", but exceptions may occur to accomplish department-wide training or other special details. The parties will mutually develop rules to address the interaction between the 3/13 work schedule and extended training of 3 days or more, jury duty and other implementation issues that arise.

C. Effective April 1, 2008 the parties agree that employees required to don and doff uniforms and/or protective equipment will be provided 15 minutes paid time at the start of each work shift for donning and doffing of uniforms and equipment.

Section 9.03 MANDATORY MEETINGS

Whenever an off-duty employee is required by the Department to attend a meeting the employee shall be compensated one and one-half times the employee's regular rate of pay, with a minimum of two hours.

Section 9.04 COMPENSATORY TIME-OFF

A. The process for granting or denying requests for compensatory time off set forth in the April 2006 negotiated policy shall be replaced by the process specified herein.

B. For the purpose of this Section, "minimum staffing" on all patrol shifts is fourteen (14) Officers/Corporals, with the exception of the 3/12.5 Mid Shift and the 3/12 Mid Shift where "minimum staffing" is eight (8) Officers/Corporals.

C. If a compensatory time off request is submitted five (5) or more days in advance of the requested day off and there are ten (10) or more Officers/Corporals listed as working (including those in their normal schedule and/or those assigned to overtime) on the requested day off at the time the request is submitted, then the request shall be approved, and it shall be the Police Department's responsibility to find replacement Officer(s) according to the overtime protocol, so that there are a minimum of fourteen (14) Officers/Corporals working each shift (except 3/12.5 Mid Shift and 3/13 mid shift).

1. 3/12, 3/12.5, 3/13 and 4/10 Mid Shift
   If a compensatory time off request is submitted five (5) or more days in advance of the requested day off and there are five (5) or more Officers/Corporals listed as working (including those in their normal schedule and/or those assigned to overtime) on the requested day off at the time the request is submitted, then the request shall be approved, and it shall be the Police Department's responsibility to find replacement Officer(s)

according to the overtime protocol, so that there are a minimum of eight (8) Officers/Corporals working each shift.

D. In the event the compensatory time off request is submitted less than (5) days in advance of the requested day off (i.e., submitted Monday for Saturday), the supervisor receiving the request shall attempt to fill that vacancy according to the overtime protocol, and if not filled, the compensatory time off request will be denied, unless the employee can find a replacement for their shift~~.~~

E. The above process will be in effect for every calendar day of the year except for the following:

1. The provisions of Sections 9.04(C) and 9.04(C)(1) shall be modified on "Super Bowl Sunday," Memorial Day, Labor Day, the Annual Dinner, Christmas Eve, Christmas Day, and New Year's Eve (December 31st). Compensatory and holiday time off requests may be denied when there are ten ~~hirteen~~ (10~~3~~) or less Officers/Corporals scheduled to work, or eight (8) or less on any of the shift deemed to be a ~~the 3/12.5~~ Mid Shift, on the requested day off, and the supervisor receiving the request was unsuccessful in securing a replacement Officer according to the overtime protocol.

2. Independence Day (July 4th)
Patrol Officers/Corporals who are regularly scheduled to work on the Fourth of July and who wish to use compensatory or holiday time off for that day will be required to submit a request to a shift supervisor. The supervisor shall attempt to find a replacement Officer/Corporal according to the overtime protocol regardless of shift staffing minimums (i.e. if there are fifteen (15) Officers scheduled, fifteen (15) Officers will be the minimum for that day). If the supervisor receiving the request was unsuccessful in securing a replacement Officer according to the overtime protocol, the request will be denied.

3. If a supervisor is unsuccessful in securing a replacement Officer according to the overtime protocol in instances described in Sections 9.04(E)(1) and 9.04(E)(2), and it is 24-hours or less before the requested day off, the Officer/Corporal requesting the day off has the option of securing a replacement Officer (e.g. an Officer, Corporal, or Detective who is not on the overtime protocol list for that shift; or an Officer to "hold over" from the previous shift combined with another Officer to come "in early" from the following shift to each work a partial shift).

4. Because shifts overlap to maximize staffing during certain periods, "hold over" and "in early" replacement Officers shall be limited to no more than three (3) replacement Officers on a given shift.

Section 9.05 SPECIAL EVENTS

Employees assigned to work special events overtime will be provided 15 minutes paid time at the start of the shift for donning and doffing of uniforms and equipment, as well as be paid for reasonable travel time to and from the police station and the special event venue.

Article X. COMPENSATION

Section 10.01 SALARY

A. Effective ~~January 7~~July 2, 202~~3~~18, employees within the unit will receive a 1~~3~~5% increase in

base salary.

B. Effective ~~January 6, 2019~~July 14, 2024, employees within the unit will receive a ~~5~~3% increase in base salary.

C. Effective ~~January 5,~~July 13, 2025~~0~~, employees within the unit will receive the lesser of a ~~a~~ ~~3~~5% increase in base salary~~.~~ or the percentage increase in base salary required to maintain the leading total compensation position amongst comparable agencies. A total compensation survey as identified in Section 10.14 shall be used to determine the percentage of base salary increases for all classifications.

D. Effective ~~January 3~~July 12, 2026~~1~~, employees within the unit will receive the greater of a 5%~~a 4%~~ increase in base salary or the percentage increase in base salary required to maintain the leading total compensation position amongst comparable agencies. A total compensation survey as identified in Section 10.14 shall be used to determine the percentage of base salary increases for all classifications.

~~D.~~ ~~.~~

E. Salary ranges for the various classifications shall be set forth in Appendix "B" attached to this MOU.

Section 10.02 SKILL COMPENSATION

BILINGUAL PAY

Employees, who are routinely and consistently assigned to positions requiring communication skills in languages other than English ~~speak Spanish or any other language designated~~ by the Police Chief to perform bilingual translation as part of their regular duties, shall receive bilingual pay~~. provided they pass~~ Employees in such positions must be certified as competent in their translation skills by passing an examination administered by the Human Resources Department that tests their oral translation competency in job-related situations.

Eligible employees shall receive b~~B~~ilingual pay at the rate of ~~shall be~~ 6% above the employee's ~~an officer's~~ base salary. ~~In the event there are more than 50 employees who receive bilingual pay, the City may require the Association to meet and confer on a fair manner to limit the number of personnel who receive such premium compensation.~~

Section 10.03 MOTORCYCLE PAY

A. Employees assigned to motorcycle duty, will receive a stipend of 5% above base pay.

In addition to the compensation set forth above, an employee assigned to Motorcycle Duty shall receive compensated time of four hours per pay period for motorcycle cleaning and maintenance. The City and the Association agree that four hours per pay period represents a reasonable estimate of the time spent by the employee maintaining and cleaning the motorcycle. Employees assigned full-time to motorcycle duty shall receive four hours of straight compensatory time each pay period. Employees shall not be eligible for such compensatory time if they are on an extended

illness or other leave of absence and not actually performing any cleaning or maintenance. Employees may be scheduled to take 8 hours off each month at a time mutually agreed upon between the supervisor and the employee. It is not the intent of this provision to allow employees to accumulate the 4 hours each pay period without taking time off each month.

B. Eligible department employees may be assigned in a uniformed motorcycle officer capacity, operating out of the Ontario Mills Station on a part time basis not to exceed 25 hours per week. For the duration of the assignment, employees in these assignments:

1. Shall receive Motorcycle Pay at the rate of 5% above base pay.

2. Shall participate in training as needed or required by the Traffic Division.

3. Shall work hours set, monitored and/or adjusted by Ontario Mills Station Supervision.

4. Shall be responsible for monthly maintenance of the assigned motorcycle. This maintenance shall be performed while on duty if scheduling permits. If the employee cannot perform the maintenance while on duty, the employee, with the approval of the supervisor, may perform the maintenance off duty and be compensated at the rate of two hours of straight compensatory time per pay period. The City and the Association agree that two hours per pay period represents a reasonable estimate of the time spent by the employee maintaining and cleaning the motorcycle for a part-time assignment.

5. Shall house the assigned motorcycle at the designated station.

6. Shall not take the motorcycle home.

7. Shall not use the motorcycle for any other purpose outside the assigned duties unless pre-authorized in writing by the appropriate supervisor in suitable situations.

This assignment may be eliminated at any time without cause by the Police Chief or his/her designee.

Section 10.04 HELICOPTER OBSERVER PAY

Employees assigned to helicopter duty will receive a stipend of 5% above base pay.

Section 10.05 PILOT PAY

Employees assigned to perform pilot duties will receive assignment pay of 8% above base pay.

Section 10.06 CANINE PAY

The City and the Association agree that a reasonable estimate of the time spent in the off-duty care and maintenance of the dog is 45 minutes per day. Time spent commuting from a canine officer's home to work at the beginning or end or a regularly assigned shift shall not be considered as time worked for purposes of compensation.

A. On regularly scheduled workdays, canine officers will be permitted to arrive to work 45 minutes late per day as compensation for off-duty time maintaining the dog. On those regularly assigned work days when a canine handler is absent or on paid leave (i.e., compensatory time off,

vacation day, etc.), the employee will be required to utilize nine hours and 15 minutes from the appropriate paid leave account.

B. In addition, on regularly scheduled days off, canine handlers shall be paid for 45 minutes at one and one-half times the officer's regular rate of pay, as compensation for maintaining the dog. Therefore, each week, canine handlers shall receive two hours and 15 minutes of premium overtime in cash or compensatory time off, at the employee's option.

C. In the event that the canine handler is required to spend an extraordinary amount of time in the care and maintenance of the employee's animal, the handler shall obtain supervisor approval and shall be compensated for those additional maintenance activities above and beyond the normal care and maintenance of the animal.

D. Employees assigned as canine handlers shall receive assignment pay of 5% above base pay.

E. Whenever a canine is retired from active duty, the canine handler last having the dog shall have the option to purchase the dog for $1 pursuant to the applicable canine policy and purchasing agreement.

Section 10.07 AIRPORT OPERATIONS BUREAU

Employees who have completed required training and are regularly assigned to the Airport Operations Bureau (AOB) will receive assignment premium of 5.12% above base pay.

Section 10.08 POLICE DETECTIVE INVESTIGATION TEAM ASSIGNMENTS

A. Police Detectives assigned to the Officer Involved Shooting (OIS) Investigation Team will receive assignment pay of 3% above base pay.

B. Police Detectives assigned to the Homicide Investigation Team will receive assignment pay of 3% above base pay.

C. Police Detectives assigned to both the Officer Involved Shooting ~~and~~ AND Homicide Investigation Teams ~~will receive a total of 5% above base pay instead of the 3% for each assignment.~~ are eligible to receive both pays in their entirety.

Section 10.09 COURT APPEARANCE AND STANDBY COMPENSATION

A. An employee who makes a court appearance on their off-duty time shall be compensated for the actual time in court with a minimum of three hours of compensation at the time and one half rate for a morning appearance and three hours of compensation at the time and one half rate for an afternoon appearance.

B. An off-duty employee who is required to be on standby for court shall be compensated with four hours of pay at straight time rates or four hours of compensatory time off, at the employee's option, for each morning court session and four hours of pay at straight time rates or four hours of compensatory time off, at the employee's option, for each afternoon court session. In order for the employee to be eligible to receive standby compensation for the afternoon session, the employee may be required to provide the employee's supervisor with the name of the deputy district attorney requiring the afternoon standby.

C. If the employee who has been required to be on standby is subsequently required to appear in court, the employee shall be paid for the actual number of hours on standby (at straight time) and the actual time spent in court (at time and one half the employee's regular rate of pay) or four hours at time and one half the employee's regular rate of pay, whichever is greater.

D. Court appearance and standby compensation is intended only for staff who are off-duty. Such compensation will not be added to or replace compensation for work time. There will be no overlapping payment for court appearance or standby hours and work time or other paid time, regardless of the minimum hours for court appearance and court standby compensation.

E. An employee assigned to patrol duties who works a night shift and is required to make a morning court appearance on the same day shall receive overtime pay when the time between the end of the shift and the court appearance is less than two hours. Court appearance compensation shall begin when the officer leaves for court.

F. For any court appearance outside the City of Ontario where an officer is required to remain over the lunch hours, the employee shall be entitled to one meal not to exceed $5.00 in cost.

G. For any court appearance originating from the Police Department, outside a radius of ten miles, a City vehicle will be made available whenever possible and shall be utilized by the officer. If the officer must utilize a private vehicle, the officer will be reimbursed for the actual mileage according to the business standard mileage rate established and maintained by the Internal Revenue Service (IRS) for the use of private vehicles.

Section 10.10 OUT-OF-CITY DUTY COMPENSATION

When an officer is assigned out of the City on mutual aid the employee shall be entitled to a minimum of eight hours pay or up to a maximum of 12 hours pay for every 24 hours the employee is required to be absent from the City. The amount of time earned shall be dependent upon the actual amount of time the officer is on duty and not in a standby status. Such time shall be computed from the time the officer leaves Ontario Police Headquarters until the employee returns to Ontario Police Headquarters. All meals and lodging will be furnished.

When the officer returns, the officer in charge shall submit a detailed report of all activities and how the officer's time was allocated; i.e., travel, standby duty, or other status.

Section 10.11 ON-CALL DUTY

Employees who are assigned to be on-call by their supervisor for any period of time during a seven consecutive calendar day period shall receive 20 hours of compensation at straight time. For example, an employee who is on-call from Friday at 5 pm until the following Friday at 4:59 pm shall be paid 20 hours. Also, an employee who is on call for less than a full week (i.e., from Friday at 5 pm until Saturday at noon) shall similarly be entitled to 20 hours compensation.

Section 10.12 SHIFT DIFFERENTIAL

A. Shift differential shall be 3% above base pay.

B. Employees assigned to the 4/10 work schedule whose regular work shift begins prior to 5 a.m. or ends at 8 p.m. or later, shall receive shift differential compensation.

C. Employees assigned to the 3/12.5 work schedule whose work shift begins between noon and 5 a.m. shall receive shift differential compensation. Employees assigned to the 3/12 work

schedule at the Mills mall whose shifts end at 10 p.m. or later shall also be eligible for shift differential.

D. All employees on work assignments that require that their shift start and end times are subject to modification periodically by supervision shall likewise be entitled to shift differential. Shift differential shall not apply to employees assigned to Mills mall whose work shift times are temporarily modified for the duration of the December Holiday shopping period. Employees assigned to School Resource Officer (SRO) duties shall not be eligible for shift differential.

E. Shift differential shall not be paid for any hours worked as overtime by employees not assigned to these identified shifts/assignments.

Section 10.13 FIELD TRAINING OFFICER (FTO) PAY

Employees in the Police Officer classification who have a current POST Field Training Officer (FTO) certification may serve as an FTO. An FTO shall receive an additional five percent (5%) of their base pay for all shifts where a trainee is assigned to him/her. The Police Chief or their designee shall determine and specifically assign, in writing, an employee to perform FTO duties. An employee shall not be eligible for Higher Classification Work compensation when assigned as an FTO.

Section 10.14 TOTAL COMPENSATION SURVEY

The City is committed to providing a total compensation package that is number one in Ontario's survey market going forward. The number one total compensation package shall be determined based on the results of the total compensation survey (hereinafter "survey") conducted by the City.

For purposes for conducting future surveys, beginning in February of 2024, the City and the Association will meet and confer over the details of an updated survey for the benchmark classification of Police Officer, including, but not limited to: cities to be included in the survey, elements to be included in the calculation of total compensation, and mathematical formulas used to calculate each element. If the City and the Association are able to reach mutual agreement on details of an updated survey, said survey will be conducted no later than May of 2025. Representatives of both the City and Association shall jointly certify the results of the survey.

For the term of this contract, the percentage increase for the rank of Police Officer shall also be applied to Police Corporal and Police Detective.

Article XI. BENEFITS

Section 11.01 HEALTH INSURANCE CONTRIBUTION FOR EMPLOYEES

The City agrees to make a Health Insurance Contribution of no more than the minimum statutory employer contribution under CalPERS medical (PEMHCA) for active employees who choose to enroll in the City's medical plan. This shall be the same contribution provided to annuitants as described in Sections 11.04(D) and 11.05(C). Employees who opt out of enrollment in the City's medical plan will not receive the City's Health Insurance Contribution; and if an employee in this status subsequently elects to be covered by the City's medical plan, the employee may enter the plan subject to enrollment criteria established by the City's insurance administrator.

Section 11.02 CITY CONTRIBUTIONS TO CAFETERIA PLAN BENEFITS

A. The City will maintain an IRS Code Section 125 qualifying Cafeteria Plan which shall provide for the following menu of benefits:

- Medical insurance
- Dental insurance
- Vision insurance
- Cash

A benefit under the Cafeteria Plan is contingent upon an understanding that the benefit qualifies as a pre-tax benefit pursuant to State and Federal tax laws. If for any reason State or Federal law precludes one or more of the above listed benefits from the protection of a Section 125 Cafeteria Plan, the City may remove that benefit from the Plan without impacting the other benefits offered in order to maintain the City's Cafeteria Plan as a Section 125 qualifying plan.

B. Employees must enroll in a City medical plan unless they provide proof of other group insurance coverage and meet any other requirements established by the City's insurance administrator.

C. The City will contribute a flexible benefit allowance to all employees eligible to participate in the Cafeteria Plan. The flexible benefit allowance amounts described below shall be inclusive of the City's Health Insurance Contribution that is provided towards the employee's premiums for the City's medical plan as stated in Section 11.01.

1. The employee shall receive $390 per month OR the combination of the components described below, whichever is greater, as follows:

   a. Employees who enroll in the City's medical plan shall receive a Cafeteria Plan Benefit equal to the plan and coverage level they choose but not to exceed the Southern California Kaiser plan rate for the level of coverage for the premium region that includes the employee's home address (or the rate applicable to Ontario if the employee lives outside of the Southern California area); employees who waive participation in City medical coverage shall receive $390; AND

   b. Employees who enroll in the City's dental plan shall receive a Cafeteria Plan Benefit equal to the City's basic dental plan premium for the coverage level they choose; AND

   c. Employees who enroll in the City's vision plan shall receive a Cafeteria Plan Benefit equal to the City's basic vision plan premium for the coverage level they choose.

Section 11.03 ELIGIBILITY

To be eligible in any particular pay period to receive the benefits of Sections 11.01 and 11.02, employees must code at least 15 hours of paid time in the pay period. Paid time includes regular time and all types of paid leave, including 4850 time, sick, vacation, compensatory time, holiday, bereavement, jury duty, personal, military, catastrophic and administrative leave. Paid time excludes disability payments (including Total Temporary Disability, Short-Term and Long-Term Disability) and periodic special pays such as uniform allowance. If employees are not eligible to receive the contributions pursuant to Sections 11.01 and 11.02, they may still maintain benefit coverages at their own expense.

Section 11.04 RETIREE HEALTH INSURANCE FOR EMPLOYEES APPOINTED TO A REGULAR SWORN POSITION PRIOR TO JULY 1, 2012 (TIER 1)

A. **Definition of Retiree**. All unit employees who retire from the City and qualify as an "annuitant" under Government Code Section 22760 shall be eligible for retiree health insurance under the terms and conditions set forth herein. The terms retiree and annuitant shall mean the same thing pursuant to this section.

B. **Definition of Tier 1**. Tier 1 is the Retiree Health Insurance provision for active and retired employees appointed to a regular sworn position prior to July 1, 2012. Employees originally hired prior to July 1, 2012 who then leave City employment and are subsequently re-hired are eligible for Tier 1 benefits provided their re-hire date is within 12 months of the date they separated from the City. Employees re-hired after the 12 month period will receive Tier 2 retiree health insurance benefits even if they are eligible to retain the CalPERS 3% @ 50 retirement formula. A "Tier 1 retiree or employee" is a retiree or employee who is eligible for Tier 1 benefits because they were appointed to a regular sworn position prior to July 1, 2012.

C. **Vested Benefits for Tier 1**. In exchange for the Association agreeing to changes in retiree medical and pension formulas for new employees hired on or after July 1, 2012, the City agrees that Tier 1 employees and retirees have a vested benefit to retiree medical contributions. Specifically, the vested benefit as a Tier 1 retiree is the value of the actual premium cost up to the Kaiser premium rate applicable to the region including the City of Ontario for the coverage level selected and not to exceed the two-party Kaiser premium rate for the City-provided insurance applicable to active employees.

D. **Retiree Health Insurance Contribution**. The City agrees to make a Retiree Health Insurance Contribution of no more than the CalPERS medical minimum statutory employer contribution for eligible annuitants who choose to enroll in the City's medical plan. Retirees who opt out of enrollment in the City medical plan will not receive the City's Retiree Health Insurance Contribution.

E. **Retiree Tier 1 Reimbursement**. Tier 1 retirees who enroll in the City's medical plan in retirement shall be eligible to receive an additional reimbursement from the City to off-set the cost of the medical premium consistent with the value of their vested benefit to retiree medical costs as described in Section 11.04(C). To the extent permitted by the IRS, the reimbursement shall be made on a pre-tax basis.

The reimbursement amount shall be for the plan and coverage level selected, not to exceed the following amounts:

Coverage Level	Maximum Amount of Reimbursement (Minimum contribution from Section 11.04(D) to be deducted from rates below)
Single	Kaiser single rate for premium region including City of Ontario
Two-party or Family	Kaiser two-party rate for premium region including City of Ontario

F. **Medicare Reimbursement**.

1. A retiree who is eligible for Medicare coverage must enroll in Medicare Parts A and B and select a supplemental health benefits program to receive the City's Retiree Health Insurance Contribution and Retiree Tier 1 Reimbursement.

2. For Tier 1 retirees who select a supplemental benefits program that costs less than the City's Contribution plus Reimbursement, the City will pay to the retiree the monthly cost of the Standard Part B Premium, but not to include any penalties assessed for the retirees' failure to timely enroll in Medicare, not to exceed the City's savings as compared to the total of the maximum monthly Retiree Health Insurance Contribution in Section 11.04(D) and the Retiree Tier 1 Reimbursement in Section 11.04(E) combined.

3. The Medicare Reimbursement shall be paid to all retirees who are enrolled in Medicare effective January of that year.

4. Examples of how the Medicare Reimbursement is calculated are as follows:

Example A: Reimbursement amount is less than retiree Medicare Part B premium for a Tier 1 retiree.

Description	Monthly Amount
Retiree Health Insurance Contribution	**$112**
Retiree Tier 1 Reimbursement	**$819**
Total City Contribution	**$931**
Supplemental Plan	**$878**
Difference	**$53**
Standard Medicare Part B Premium	**$99.99**
City's Medicare Reimbursement to Retiree	**$53**

The City will pay the full cost of the supplemental plan, plus reimburse to the retiree an annual payment of $636 ($53/mo x 12).

Example B: Reimbursement amount is same as retiree Medicare Part B premium for a Tier 1 retiree.

Description	Monthly Amount
Retiree Health Insurance Contribution	**$112**
Retiree Tier 1 Reimbursement	**$819**
Total City Contribution	**$931**
Supplemental Plan	**$800**
Difference	**$131**
Standard Medicare Part B Premium	**$99.99**
City's Medicare Reimbursement to Retiree	**$99.99**

The City will pay the full cost of the supplemental plan, plus reimburse to the retiree an annual payment of $1,199.88 ($99.99/mo x 12).

Section 11.05 RETIREE HEALTH INSURANCE CONTRIBUTION FOR EMPLOYEES APPOINTED TO A REGULAR SWORN POSITION ON OR AFTER JULY 1, 2012 (TIER 2)

A. **Definition of Retiree**. All unit employees who retire from the City and qualify as an "annuitant" under Government Code Section 22760 shall be eligible for retiree health insurance under the terms and conditions set forth herein. The terms retiree and annuitant shall mean the same thing pursuant to this section.

B. **Definition of Tier 2**. Tier 2 is the Retiree Health Insurance provisions for employees appointed

to a regular sworn position on or after July 1, 2012. A "Tier 2 retiree or employee" is a retiree or employee who is eligible for Tier 2 benefits because they were appointed to a regular sworn or Police Recruit position on or after July 1, 2012.

C. **Retiree Health Insurance Contribution**. The City agrees to make a Retiree Health Insurance Contribution of no more than the CalPERS medical minimum statutory employer contribution for eligible annuitants who choose to enroll in the City's medical plan. Retirees who opt out of enrollment in the City medical plan will not receive the City's Retiree Health Insurance Contribution.

D. **Retiree Medical Trust**.

1. For Tier 2 employees, the City shall contribute $750 per month to a retiree medical trust (hereinafter "Trust") for the purpose of providing a savings plan for each employee to purchase medical insurance upon retirement.

2. The $750 monthly payment shall be made while the employee is in active status and will be paid over 24 pay periods (excluding "free" pay periods) per year. To be eligible to receive the payment in any particular pay period, the employee must code at least 15 hours of paid time in the pay period. Paid time includes regular time and all types of paid leave, including 4850 time, sick, vacation, compensatory time, holiday, bereavement, jury duty, personal, military, catastrophic and administrative leave. Paid time excludes disability payments (including Total Temporary Disability, Short-Term and Long-Term Disability) and periodic special pays such as uniform allowance.

3. The Trust will be administered by the Association. The Trust must meet Internal Revenue Service (IRS) requirements. The Association will be solely responsible for contracting with a trust program or administrator for the maintenance of the Trust. If any of the provisions of the Trust documents or contract between the Association and the Trust program or administrator are inconsistent with the terms of this MOU or any future MOU, the terms of the MOU will prevail.

4. The Association shall assume all responsibility and liability for the Trust for all active and retired Tier 2 employees of the City and their dependents, survivors, heirs, and beneficiaries. The Association shall defend, indemnify and hold the City harmless from any legal action or claims arising from any breach of this MOU or breach of the Trust by the Trustee, Trust Administrator or the Association, or failure by the Trustee, Trust Administrator or Association to fulfill its fiduciary responsibilities.

E. **Medicare**.

1. A retiree who is eligible for Medicare coverage must enroll in Medicare Parts A and B and select a supplemental health benefits program to receive the City's Retiree Health Insurance Contribution.

2. The City shall contribute the actual cost of the selected supplemental benefits program for the level of coverage selected up to the maximum of the City's Retiree Health Insurance Contribution in Section 11.05(C).

3. The retiree may, if available and permitted under the terms of the Retiree Medical Trust, use contributions made to the Trust to cover any additional costs not covered by the Retiree Health Insurance Contribution.

Section 11.06 RETIREE DENTAL INSURANCE

All unit employees who during the term of this MOU retiree from the City and qualify as an "annuitant" under Government Code Section 22760, shall be eligible to purchase dental insurance at their own expense.

Section 11.07 INSURANCE COMMITTEE

The City agrees to continue the Insurance Committee which will have a representative designated by the Association as one of its members. This Committee shall have the responsibility to review the changes in the insurance programs. Insurance programs include auxiliary benefits provided by the City, such as dental insurance, vision insurance, and life insurance.

Additional auxiliary insurance programs may be recommended by the Committee for review and shall be subject to approval by the Executive Director Human Resources/Risk Management.

The Insurance Committee may also assist in the ongoing review of the City's workers' compensation program which may include reviewing the performance of the City's third-party administrator.

Recommendations provided by the Committee shall be reported to the Executive Director Human Resources/Risk Management for consideration.

The Committee shall be composed of one representative from each recognized employee unit and one representative appointed by the ~~City Manager~~Executive Director Human Resources / Risk Management.~~.~~ The Assistant City Manager or ~~Deputy City Manager~~ their designee shall be an ex-officio member of the Committee and entitled to attend all meetings.

Section 11.08 LIFE INSURANCE

The City shall contribute on behalf of all active employees, a monthly life insurance contribution amount equal to the cost of life insurance and accidental death and dismemberment insurance providing $200,000 in basic life insurance benefits and $200,000 in accidental death and dismemberment insurance benefits for each employee. Employees assigned to the Air Support Unit shall be provided an additional $100,000 in basic life insurance benefits and $100,000 in accidental death and dismemberment insurance benefits. The cost of the additional insurance benefits shall be paid by the City.

Section 11.09 UNIFORM MAINTENANCE ALLOWANCE

Effective the first paycheck in November, each sworn employee represented by the Association will receive the sum of $950 per annum as an annual uniform maintenance allowance for maintenance, cleaning and normal repair of clothing worn by the employees in the course of their employment.

Section 11.10 EDUCATIONAL INCENTIVE PROGRAM

The following educational incentive compensation program will apply for unit employees in the Police Officer, Police Corporal and Police Detective classifications:

A. The following educational incentive compensation will be paid in addition to base pay:

Education Completed	Additional Compensation
Intermediate POST	2%
Advanced POST	4%
AA Degree	3%
BA Degree	6%
~~AA Degree and Intermediate POST~~	~~5%~~
~~AA Degree and Advanced POST~~	~~7%~~
~~BA Degree and Intermediate POST~~	~~7%~~
~~BA Degree and Advanced POST~~	~~7%~~

Section 11.11

No employee shall be eligible for education incentive compensation in excess of 7% of base pay, except as indicated below. ~~.~~ Beginning July 14, 2024, the maximum education incentive compensation for the possession of both a POST certification and an advanced degree will increase as follows:

Effective Date	Maximum Combined Educational Incentive Pay
July 14, 2024	7.5% of base pay
July 13, 2025	8% of base pay
July 12, 2026	8.5% of base pay

Section 11.12 RETIREMENT

A. Classic Member

1. A classic member is defined as an employee who meets the definition of a “classic” member for purposes of retirement pension benefits in accordance with the Public Employees’ Pension Reform Act of 2013. Generally, this includes employees that were hired before January 1, 2013 in the California Public Employees Retirement System (CalPERS) or a reciprocal retirement system with no break in service longer than six months. CalPERS ultimately determines who is a classic member in compliance with the law.

2. Classic members entering membership for the first time in a Police safety classification with the City of Ontario before July 1, 2012 shall be eligible for the 3% at 50 retirement formula for Local Safety members. Classic members entering membership for the first time in a Police safety classification with the City of Ontario on or after July 1, 2012 shall be eligible for the 3% at 55 retirement formula for Local Safety members. Classic members in the classification of Police Recruit shall be eligible for the 2.5% at 55 retirement formula for Local Miscellaneous members and the optional retirement benefits provided by CalPERS

under the City's contract for Local Miscellaneous members. Classic members are eligible for the optional benefit of Government Code Section 20042, Highest Single Year.

3. The City shall pay on behalf of the employee a portion of the employee's required contribution as follows:

Effective Date	City's Contribution toward Employee's Share*	Employee's Contribution toward Employee's Share
July 10, 2016	3%	6%
January 7, 2018	2%	7%
January 6, 2019	1%	8%
January 5, 2020	0%	9%

*The required contribution for Police Recruit with a CalPERS classic status is 9%.

B. New Member

1. A new member is defined as an employee who meets the definition of a "new" member for purposes of retirement pension benefits pursuant to the Public Employees' Pension Reform Act of 2013. Generally, this includes employees that were hired into a regular position on or after January 1, 2013 or former members who have more than a six-month break in service. CalPERS ultimately determines who is a new member in compliance with the law.

2. New members entering membership for the first time in a Police safety classification shall be eligible for the 2.7% at 57 retirement formula for Local Safety members. New members entering membership for the first time in the classification of Police Recruit shall be eligible for the 2% at 62 retirement formula for Local Miscellaneous members and the optional benefits provided by CalPERS under the City's contract for Local Miscellaneous members.

3. The employee contribution for new members shall be one-half the normal cost, as determined by CalPERS. As of July 2013, the required employee contribution for new members is 12.75%. This amount will be adjusted periodically by CalPERS.

C. Optional Benefits for Classic and New Members

The City's contract with CalPERS includes the following optional benefits for both classic and new Local Safety members:

1. 50% Post Retirement Survivor Allowance – Government Code Sections 21624 and 21626
2. Sick Leave Credit – Government Code Section 20965
3. Military Service Credit (Stats 76) – Government Code Section 21024
4. Retiree Death Benefit $500 – Government Code Section 21620
5. 2% Cost of Living Adjustment – Government Code Section 21329
6. Two Years Additional Service Credit (only within specified window period) – Government Code Section 20903
7. Cancellation of Election upon Industrial Disability Retirement/Special Death – Government Code Section 21037
8. Post Retirement Survivor Allowance Continuance – Government Code Section 21635

9. Pre-Retirement Option 2W – Government Code Section 21548
10. Death Benefit Continuance – Government Code Section 21551
11. Fourth level of the 1959 Survivor Benefits – Government Code Section 21574

Section 11.13 LONGEVITY PAY

Employees shall receive additional compensation for Longevity as follows:

Completed Years of Sworn Service with Ontario Police Department	Base Salary Adjustment
8	4%
10	5%
12	6%
14	7%
16	8%
18	9%
20	10%
21	10.5%
22	11.0%
23	11.5%
24	12.0%
25	12.5%
26	13.0%
27	13.5%
28	14.0%
29	14.5%

Section 11.14 DEFERRED COMPENSATION

The City shall contribute $351 per month, $175.50 per pay period for 24 pay periods, to deferred compensation on behalf of each employee covered by this MOU.

Effective no later than the first paycheck in July 2018, the City's contribution to the 457(b) plan will be made to the City's 401(a) money purchase plan instead of the 457(b) plan. Employee may contribute voluntarily in the Section 457(b) plan.

Section 11.15 FLEXIBLE SPENDING ACCOUNT

Effective January 1, 2024, the City will offer to all unit employees the opportunity to participate in Flexible Spending Accounts (FSA). An FSA allows an employee to make pre-tax deductions for qualifying medical, dental and vision expenses, and dependent care expenses. The plan is established and administered in accordance with Section 125 of the Internal Revenue Service code.

Article XII. ASSOCIATION MEMBERSHIP AND ACTIVITY

Section 12.01 ASSOCIATION MEMBERSHIP

All bargaining unit employees who are currently members of the Association or become members during the life of this Agreement shall remain as members in good standing of said Association for the duration of this Agreement except as provided for in section 12.02.

Section 12.02 DUES DEDUCTION

A. The City agrees to deduct from the pay of each employee who signs an authorized payroll deduction card a monthly sum certified to the employee by the Secretary of the Association as the regular monthly dues of the Association. The City will not deduct any pay for initiation fees, fines or other special assessments. Dues deduction shall be a specified uniform amount for each employee in the Association. The dues deduction may be terminated at any time by the employee by written notice to the Secretary of the Association. Any change in the amount of the dues deducted shall be by written authorization of each member of the Association. The request for a change shall be submitted at least 30 days prior to the effective date of the change.

B. The employee's earnings must be regularly sufficient, after other legal and required deductions are made, to cover the amount of the dues check-off authorized. When a member in good standing of the Association is in a non-pay status for an entire pay period, no dues withholding will be made to cover that period from future earnings, nor will the member deposit the amount with the City which would have been withheld if the member had been in a pay status during that period. In the case of an employee who is in a non-pay status during only a part of the pay period and the salary is not sufficient to cover the full withholding, no deduction shall be made. In this connection, all other legal and required deductions have priority over employee organization dues.

C. Dues withheld by the City shall be transmitted to the officer designated by the Executive Board of the Association in writing, at the address specified in the letter of authorization.

D. The Association shall indemnify, defend, and hold the City of Ontario harmless against any claims made, and against any suit instituted against the City of Ontario on account of check-off of employee organization dues. In addition, the Association shall refund to the City of Ontario any amounts paid to it in error, upon presentation of supporting evidence.

Section 12.03 RELEASE TIME

A. Association board members shall be entitled to devote a reasonable amount of time to Association business without loss of compensation or benefits. Prior to participating in such business the board member(s) or designee(s) shall obtain authorization from their immediate supervisor. Denial of such request shall not be arbitrary, capricious or otherwise contrary to the spirit and intent of this Agreement. If the request is denied, the immediate supervisor shall establish an alternative time convenient to the parties when the representative can be released from his work assignment.

B. Association Vacation Leave

1. The City agrees to provide release time in addition to Section 12.03(A) for Association members for the purpose of conducting authorized Association business through leave deductions of employees. The amount of Association Vacation Leave shall be 2 hours per

year times the number of contributing employees.

2. To fund this program, the Vacation Leave accruals for each employee shall be reduced each year by 2 hours the first full pay period in February. The City will notify the Association regarding how many hours were deducted. If an employee does not have Vacation Leave to deduct, the Association will not receive credit for those hours.~~.~~ If the Association Vacation Leave balance at the beginning of the first full pay period in February is 750~~500~~ hours or greater, then the vacation leave accruals will not be reduced for any employee for that year.

3. Employees authorized to utilize hours of Association Vacation Leave are members of the Executive Board to perform Association business. Employees using Association Vacation Leave are subject to the departmental leave procedures. This time shall be used in a manner that does not disrupt the operations of the Department as determined by the Police Chief or designee.

4. Association Vacation Leave shall not be used for any actions in conflict with Article XIX, Peaceful Performance of City Services.

5. Any time used shall be documented and tracked using procedures determined by the City.

6. The Association will provide the names of the Association's Board members to the Human Resources Department in writing any time there is a change in the Board members.

Section 12.04 MANAGEMENT-EMPLOYEE RELATIONS PROGRAM

A. The City and the Association agree to continue the program including meetings which shall not be unreasonably denied to strengthen and otherwise improve the working relationships between management and supervisory personnel and the employees. The objectives of the program shall include, but are not limited to, the clarification to rules, regulations, and policies of the City; to improve communication between representatives and officers of the Association and management and supervisory personnel; to curb, if not eliminate, rumors and pressures which are detrimental to employee morale and the employee-employer relationship to encourage joint solutions to problems of mutual concern; and to strengthen and improve the use of existing and agreed upon procedures which serve to protect the interest of the employee and the employer.

B. The City and the Association agree that monthly meetings will be initiated between the Police Chief and the Association President for the purpose of establishing a schedule for the President that will allow the Association President to engage in Association business while on duty. If this method of authorization and scheduling of release time for Association President does not meet the needs of the Association or the Department, the City and Association agree to meet and confer in an effort to reach agreement on a method whereby the Association President will be provided with reasonable release time for Association business.

Article XIII. GRIEVANCE PROCEDURE

Section 13.01 DEFINITIONS

A. **Informal Grievance** - The term "informal grievance" as used in this Article shall refer to a concern of an employee which arises from the application of a term of this Agreement, existing City Rule(s), Regulation(s) or policies.

B. **Formal Grievance** - The term "formal grievance" as used in this Article refers to a written allegation by an employee that there has been a violation, misapplication, or misinterpretation of a specific term(s) of this Agreement, existing City Rule, Regulation or policy.

C. **Grievant** - The term "grievant" as used in this Article refers to a:

1. regular employee(s);

2. probationary employee(s);

who allege(s) in a grievance that the employee has been directly wronged by a violation of a specific term(s) of this Agreement, existing City Rule, Regulation or written policy.

The term "grievant" as used in this Article may refer to the Association when a grievable issue affects or could affect a number of unit members then the Association President may file said grievance on behalf of the Association. All such grievances filed by the Association shall be filed directly in writing with the Human Resources Director. The Human Resources Director shall respond within 30 calendar days after receipt of the grievance from the Association. If the response from the Human Resources Director is not accepted or if no response is received from the Human Resources Director, then the Association may file a Level IV grievance for review by the City Manager. The Association's Level IV grievance shall be filed within 14 calendar days after receipt of the response from the Human Resources Director or expiration of the 30 calendar day response period. The procedures for Level IV and Level V grievance reviews shall apply to grievances filed by the Association.

D. **Immediate Supervisor** - The term "immediate supervisor" as used in this Article refers to the appropriate non-bargaining unit supervisory or management person to whom the employee is accountable.

E. **Representative** - The term "representative" as used in this Article shall be an employee or representative of the Association who at the grievant's request may be present at Levels I through IV.

F. **Respond and File** - The terms "respond" and "file" as used in this Agreement refer to personal delivery or deposit in the U.S. mail, postage prepaid. If mail delivery is used, it shall be by certified, return receipt requested mail and the certified receipt date shall establish the date of response or filing. If personal delivery is used, the calendar date of delivery shall establish the date of response or filing.

Section 13.02 LEVEL I - INFORMAL GRIEVANCE

A. An employee shall have the right to present an informal grievance and to have the informal grievance considered with the immediate supervisor no later than 15 working days after the event giving rise to the complaint, or no later than 15 working days after the employee knew or reasonably should have known of the event giving rise to the informal grievance.

B. The employee, whenever possible, shall attempt to resolve the informal grievance informally with the immediate supervisor.

C. The immediate supervisor shall provide an answer to the employee no later than 14 working days after the Level I meeting.

D. A resolution of the informal grievance at the informal level shall not be precedent setting.

Section 13.03 LEVEL II - FORMAL GRIEVANCE

If the informal grievance is not resolved through Level I informal discussions, the employee may file a Level II grievance form with the appropriate Bureau Commander no later than 10 working days after the response of the immediate supervisor at Level I. The grievant may utilize the grievance form provided in Appendix A of this MOU or may submit another document. In either case, the written grievance shall include a clear and concise description of the following:

A. which specific term(s) of the Agreement, City Rule, Regulation or policy have been violated;

B. the action grieved, including names, dates, places and times and how it violated a specific term(s) of this Agreement, City Rule, Regulation or policy;

C. the remedy sought;

D. the name and classification of the grievant and their signature or that of their representative;

E. the name of the representative, if any; and

F. the date of submission.

Section 13.04

The Bureau Commander shall hold a meeting with the grievant at a mutually acceptable time and location no later than 14 working days after the receipt of the grievance. The Bureau Commander shall respond in writing to the grievant within ten working days of the Level II meeting.

Section 13.05 LEVEL III

In the event the grievance is not settled at Level II, the grievant may appeal the grievance for Level III review with the Police Chief no later than 10 working days after receipt of the Level II response. The grievant shall include in the Level III grievance review request, a written statement indicating the reason that the proposed settlement at Level II was unsatisfactory. The Police Chief shall hold a meeting with the grievant at a mutually acceptable time and location within 10 working days after the receipt of the Level III grievance. The Police Chief shall respond to the grievant no later than 10 working days after meeting with the grievant.

A. The grievant shall present at Level III all issues and written evidence known or which could have been reasonably known.

B. Amendments and/or modifications to the grievance shall not be made by the grievant after the Level III filing date, except by mutual agreement.

Section 13.06 LEVEL IV

A. In the event the formal grievance is not settled at Level III, the grievant may file a Level IV grievance form with the City Manager no later than 10 working days after the receipt of the Level III response.

B. The City Manager may meet with the grievant at a mutually acceptable time and location within 10 working days of receipt of the written grievance. The City Manager shall respond to the grievant no later than 10 working days after the meeting.

C. If the grievance has not been settled at Level IV, then within 21 days after receipt of the Level IV written decision or the expiration of the time limits for making such decision, upon the request of the grievant, the Association may request arbitration by giving notice to that effect, by certified mail, return receipt requested, directed to the Human Resources Director.

Section 13.07 LEVEL V - ARBITRATION

A. Unless the specific language of the Agreement is in conflict, the arbitration procedure shall be conducted in accordance with the rules of the American Arbitration Association.

B. The arbitrator shall be selected by mutual agreement of both parties.

C. The cost of the arbitrator's services and reporting services shall be divided equally between the parties. Costs for transcripts of the proceedings, any cancellation fees, or postponement costs shall be the responsibility of the requesting party. Expenses for witnesses, other than City employees, however, shall be the responsibility of the party who calls them. Each party shall be responsible for their own cost of representation.

D. Failure on the part of the City representative or grievant to appear in any case before an arbitrator, without good cause, shall result in the forfeiture of the case and responsibility for payment of all costs of arbitration.

E. A final decision of award of the arbitrator shall be made within 30 calendar days after the close of the hearing. Such decision or award shall be subject to the approval of the City Council.

F. The standard of review for the arbitrator is whether the City violated a specific term(s) of this Agreement, City Rule, Regulation or policy.

G. If an arbitrability question exists, the arbitrator shall determine the arbitrability question prior to hearing the formal presentations of the parties on the merits of the grievance.

Section 13.08 GENERAL PROVISIONS

A. Failure of the grievant to comply with the time limitations of this Article shall render the grievance null and void. Failure by the City Representative to timely respond under this Article shall permit the grievance to be filed at the next level.

B. Time limits set forth in this Article may be extended by mutual agreement.

C. The processing of grievances filed and unresolved prior to the effective date of this Agreement may continue under the grievance procedure in effect at the time of the initial filing.

D. No punitive action will be assessed against an employee for utilizing the grievance procedure.

E. The preparation of grievances shall be on the employee's personal time and not during working hours.

F. The City may consolidate at any level grievances on similar issues.

G. Grievance records shall be filed separately from an employee's personnel file and shall be considered confidential.

H. A grievant may withdraw a grievance at any time. The grievant shall not file any subsequent grievance on the same alleged incident.

I. A decision by the Association to submit a grievance to arbitration shall automatically be a waiver of all other remedies except as provided otherwise by statute.

J. No individual City Council member may be approached regarding the grievance at any time the grievance is being processed.

K. In the event a grievant elects to represent them self or is represented by other than may be provided by the Association, the Association shall be notified of the nature and resolution of the grievance provided, however, the names of employees and confidential information shall not be disclosed. Notification of the employee's Association shall be made within a reasonable time following the resolution of the grievance.

L. Organizational channels shall be utilized at all times and participation in the grievance and the discussion of information related thereto shall be limited to the parties to the grievance except when such other persons are identified and/or called as witnesses.

M. In the event of a disciplinary action involving a suspension, reduction-in-pay or demotion or termination where a pre-disciplinary hearing has already been held, levels I through III of the grievance procedure will be eliminated and Levels IV and above will be utilized..

N. The City agrees to permit an employee and the immediate Association Steward to consult concerning a potential grievance subject to obtaining approval from the employee's first line supervisor. The Association agrees that this privilege shall not be utilized to prepare formal grievances during working hours, but to simply consult with an employee and/or supervisor in order to avoid the necessity of processing a formal grievance; or to set an appointment between the Association Steward and the employee after working hours for the preparation of a legitimate grievance. The City agrees to encourage cooperation with the Association Representative and employees in this regard, provided that the City will not permit the effective and/or efficient operation of the City to be interfered with. The City retains the right to revoke this privilege at any time, provided that prior to taking any such action, the City agrees to consult with the Association in order to avoid the necessity of exercising this right.

O. A group of employees may file one grievance rather than individual grievances as long as the following conditions are met:

1. Each employee in the "group" grievance is individually named.

2. The grievable matter is exactly the same for each employee cited in the grievance.

3. The City is not obligated to conduct grievance hearings or provide grievance responses to each individual, but only to one of the employees involved who represents the group filing the grievance.

Section 13.09 AUTHORITY OF THIRD PARTY

Each issue decided by a third party neutral will stand on its own merits and will not be used as a precedent by any other third party neutral in deciding any issue before them.

Article XIV. LAYOFF PROCEDURE

Section 14.01

The City Manager may layoff regular and probationary workers at any time for lack of work or other changes that have taken place. The employee and the employee's organization are to be given two weeks notice before such a layoff is to take place. The City shall meet and consult with the concerned employee organization on such matters as the timing of the layoff and the number and identity of the employee affected by the layoff during the two week period prior to the proper layoff action.

Section 14.02

A demotion or transfer to another department may be made to prevent a layoff provided the employee is qualified by education and/or experience and is capable of performing the duties of the classification.

Section 14.03

In the event of a layoff, those employees with the least service in the classification affected shall be laid off first; if a recall begins, the most senior employees laid off in the classifications required shall be recalled first. Strict application of seniority shall prevail unless exceptional circumstances occur of which the concerned employee organization shall be fully apprised in advance. The order of layoff shall be:

A. Temporary employees in the affected classification shall be removed first.

B. Probationary employees in the affected classification shall be removed next.

C. Exceptional circumstances may include the desirability of maintaining a balanced department or work unit and maintaining employees in the classification, department, or section who have the ability to perform the work available.

Section 14.04

The employee scheduled to be laid off shall be entitled to displace to a position in a classification occupied by an incumbent with less overall City (displacement seniority) seniority provided it is in a position in which the employee formerly held a regular appointment, or is qualified by education and/or experience, and is capable of performing the duties of the classification. The employee with the least displacement seniority

shall be displaced by the person scheduled for layoff. The employee displaced shall be considered as laid off for the same reason as the person who displaced the employee, and shall in the same manner, be eligible to displace to a position in a classification in which the employee formerly held a regular appointment or is qualified by education and/or experience, and is capable of performing the duties of the classification.

Section 14.05

Failure to return to work from layoff within 15 calendar days after notice to return by certified or registered mail to the employee at his last known address on file with the City Human Resources Department or by personal delivery shall constitute the employee's waiver to return to work and eliminates any future re-employment responsibilities placed on the City.

Article XV. HOLIDAYS

Section 15.01 PAID HOLIDAYS

The following paid holidays shall be observed on the day specified.

New Year's Day	January 1st
Martin Luther King's Birthday	3rd Monday in January
Lincoln's Birthday	February 12th
Washington's Birthday	3rd Monday in February
Memorial Day	Last Monday in May
Independence Day	July 4th
Labor Day	1st Monday in September
Admission Day	September 9th
Columbus Day	2nd Monday in October
Veteran's Day	November 11th
Thanksgiving Day	4th Thursday in November
Day After Thanksgiving Day	4th Friday in November
Christmas Eve (½ day)	December 24th
Christmas Day	December 25th
New Year's Eve (½ day)	December 31st

Section 15.02 HOLIDAY WORK COMPENSATION

1. An employee who must work on a recognized City holiday shall receive holiday pay equal to the number of hours the employee is regularly scheduled to work on said holiday. In addition, the employee shall be paid for the actual hours the employee works, at the rate of time and one half the employee's regular rate of pay or receive compensatory time off.

2. Regardless of work schedule, an employee shall receive compensatory time off based on the number of hours in the employee's normal work day up to a maximum of ~~10~~ thirteen (13) hours when a holiday falls on the employee's regularly scheduled day off.

3. In no event can an employee accrue in excess of 480 hours of compensatory time off. All hours in excess of 480 shall be paid to the employee at the employee's regular rate of pay.

Section 15.03 VACATION/SICK LEAVE ON HOLIDAYS

Whenever an employee who is scheduled to work on a holiday as part of the employee's normal duty schedule becomes sick on a holiday, the officer shall be charged with using sick leave and shall be credited with compensatory time, equal to the employee's regularly assigned hours on that day.

Section 15.04 HOLIDAY ASSIGNMENT FOR DETECTIVE BUREAU DETECTIVES

With the exception of Independence Day (July 4th) and New Year's Eve (December 31st), a~~A~~ minimum of five slots or a maximum of 25% of the Bureau Detectives will be available in the Detective Bureau for Bureau Detectives to work each recognized holiday. Employees will be selected on a rotational basis from a seniority list. Seniority for this purpose is defined as time served in the Detective classification. Such opportunity will be available until the five slots are filled for that particular holiday, or no volunteers remain, whichever comes first. Should an employee decline the opportunity to work a holiday when the employee's name is selected, the employee's name will go to the bottom of the list until such time when all employees have been given the opportunity to work. On Independence Day (July 4th) and New Year's Eve (December 31st), there shall be no maximum number of available spots.

The Police Chief or their designee may increase the number of available slots for Bureau Detectives to work on any recognized holiday based on forecasted operational needs.

Article XVI. VACATION LEAVE

Section 16.01 VACATION ACCRUALS

Employees shall accrue vacation as follows:

Year of Service	Vacation Earned
1-5	96 hours
6	104 hours
7	112 hours
8	120 hours
9	128 hours
10	136 hours
11	144 hours
12	152 hours
13	160 hours
14	168 hours
15	176 hours
16+	184 hours

Section 16.02 MAXIMUM VACATION LEAVE ACCRUAL

The maximum Vacation Leave accrual balance shall be the number of hours that is two-times the employee's annual accrual rate. The determination and application of the maximum Vacation Leave accrual amount shall be made at the completion of the pay period ending closest to December 31st.

Section 16.03 LEAVE CONVERSIONS

A. Employees in this unit may convert up to a total of ~~200~~ 300 hours of accrued Vacation Leave and/or Compensatory Time to salary compensation each calendar year. Employees shall have two conversion opportunities each calendar year as specified in Section 16.03(B). The total number of hours converted per calendar year shall not exceed ~~200~~300. Such conversion shall be at the employee's ~~base~~ regular rate of pay that is in effect at the time of such conversion.

B. The deadlines for conversion requests are as follows:

Request Due Date	Payment
2nd Friday in May	1st Payday in June
2nd Friday in November	1st Payday in December

C. In addition, unit employees may convert once per calendar year up to 60 hours of sick leave to vacation leave. Employees must have a minimum of 250 hours of sick leave remaining after such conversion. Conversion requests shall be due the second Friday in May and leave will be converted no later than the first payday in June.

~~D. **ANNUAL REVIEW OF VACATION LEAVE**~~

~~On an annual basis, at a date established by the Department, each unit employee that has reached the maximum accrual of Vacation Leave shall request to schedule Vacation Leave usage equal to or greater than their annual Vacation Leave accrual rate. If the Department is unable to allow Vacation Leave usage requests based on operational needs of the Department, the Department shall attempt to schedule alternate Vacation Leave of an equal number of hours. Such alternate schedule shall consider the operational needs of the Department and the employee's needs for vacation usage. If the Department and the employee are unable to agree on an alternative vacation schedule and the Police Chief certifies and the City Manager approves such certification, that the employee was denied the ability to use Vacation Leave that was accumulated over the employee's maximum accrual amount, the excess Vacation Leave shall be converted to salary compensation at the employee's normal pay rate.~~

D. In accordance with 26 CFR 1.451-2 effective January 1, 2025, and continuing thereafter, unit employees must submit an irrevocable election form, by no later than December 15th of the proceeding calendar year to convert the following hours to cash:

1. Vacation - An amount which may not exceed the number of vacation hours the individual employee may accrue in the following calendar year.

2. Compensatory Time – An amount which may not exceed the projected number of compensatory time hours the individual employee may receive in the following calendar year.

The cash-out election is for hours to be accrued or received in the calendar year following submission of the irrevocable election form.

E. The total combined number of vacation and compensatory time hours converted per calendar year shall not exceed 300 hours.

F. The payment shall be made via payroll and employees may elect to receive the cash out in the

first payday in June and/or the first payday in December, but the request must be submitted by December 15th of the year prior.

G. Employees who do not submit an irrevocable election form by December 15th will be deemed as foregoing participation in the optional vacation and/or compensatory time conversion salary program for the following calendar year.

H. In the event an employee has less hours in their vacation and compensatory time bank at the time the cash-out is to be paid than they had previously elected to cash-out, the employee shall only be paid for up to the amount remaining in their vacation leave and compensatory time bank at the time of the actual cash-out.

I. If an employee makes an irrevocable election to cash-out vacation and/or compensatory time in the following calendar year and uses such in that subsequent calendar year, the vacation and compensatory time used will come from the vacation or compensatory time the employee had earned (if any) prior to January 1st of the calendar year the employee has elected to cash-out. The employee's use of earned, but unused vacation and/or compensatory time accumulated from previous calendar years shall not result in a reduction in the amount of vacation and/or compensatory time hours the employee is eligible to cash-out.

Section 16.04 VACATION TIME OFF

A. For the purpose of this Section, "minimum staffing" on all patrol shifts is fourteen (14) Officers/Corporals, with the exception of the 3/12.5 Mid Shift and the 3/13 Mid Shift where "minimum staffing" is eight (8) Officers/Corporals.

B. If a vacation time off request is submitted ten (10) or more days in advance of the requested day off and there are ten (10) or more Officers/Corporals listed as working (including those in their normal schedule and/or those assigned to overtime) on the requested day off at the time the request is submitted, then the request shall be approved, and it shall be the Police Department's responsibility to find replacement Officer(s) according to the overtime protocol, so that there are a minimum of fourteen (14) Officers/Corporals working each shift (except 3/12.5 Mid Shift and 3/13 Mid Shift).

1. 3/12, 3/12.5, 3/13, 4/10 Mid Shift

If a vacation time off request is submitted ten (10) or more days in advance of the requested day off and there are five (5) or more Officers/Corporals listed as working (including those in their normal schedule and/or those assigned to overtime) on the requested day off at the time the request is submitted, then the request shall be approved, and it shall be the Police Department's responsibility to find replacement Officers(s) according to the overtime protocol, so that there are a minimum of eight (8) Officers/Corporals working each shift.

C. In the event the vacation time off request is submitted less than ten (10) days in advance of the requested day off, the supervisor receiving the request shall attempt to fill that vacancy according to the overtime protocol, and if not filled, the vacation time off request will be denied unless the employee can find a replacement for their shift.

D. The above process will be in effect for every calendar day of the year except for the following:

FOR REVIEW

1. The provisions of Sections 16.04(8) and 16.04(8)(1) shall be modified on "Super Bowl Sunday," Memorial Day, Labor Day, the Annual Dinner, Christmas Eve, Christmas Day, and New Year's Eve (December 31st).

2. Vacation and holiday time off requests may be denied when there are ten (10) or less Officers/Corporals scheduled to work, or eight (8) or less on any of the shifts deemed to be a Mid Shift, on the requested day off. and the supervisor receiving the request was unsuccessful in securing a replacement Officer according to ~~theovertime~~the overtime protocol.

3. Independence Day (July 4th)
Patrol Officers/Corporals who are regularly scheduled to work on the Forth of July and who wish to use vacation or holiday time off for that day will be required to submit a request to a shift supervisor. The supervisor shall attempt to find a replacement Officer/Corporal according to the overtime protocol regardless of shift staffing minimums (i.e. if there are fifteen (15) Officers scheduled, fifteen (15) Officers will be the minimum for that day). If the supervisor receiving the request was unsuccessful in securing a replacement Officer according to the ove1time protocol, the request will be denied.

4. If a supervisor is unsuccessful in securing a replacement Officer according to the overtime protocol in instances described in Sections 16.04(D)(I) and 16.04(D)(2). and it is 24-hours or less before the requested day off. the Officer/Corporal requesting the day off has the option of securing a replacement Officer (e.g. an Officer, Corporal, or Detective to "hold over" from the previous shift combined with another Officer to come "in early" from the following shift to each work a partial shift).

5. Because shifts overlap to maximize staffing during certain periods, "hold over" and "in early" replacement Officers shall be limited to no more than three (3) sets of replacement Officers on a given shift.

Article XVII. LEAVES OF ABSENCE WITH PAY

Section 17.01 SICK LEAVE

A. City employees are entitled to sick leave for:

1. Any bona fide illness or injury.

2. Quarantine due to exposure to contagious disease.

3. Any treatment or examination including, but not limited to, medical, dental, ocular.

4. Death in the immediate family.

5. Resolution of issues related to the employee being a victim of domestic violence, sexual assault, or stalking.

6. Sickness of immediate family as provided for in Section 17.01(B)

B. Employees may use up to 48 hours of sick leave per calendar year for sickness within the

employee's immediate family in accordance with California Labor Code Section 233 (KinCare).

1. Immediate family for this provision shall be consisted with the definition of "family member" in California labor code section 245.5 (4)(c). This definition includes the following relationships relative to the employee: child, including biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands in loco parentis; biological, adoptive, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse or registered domestic partner, or a person who stood in loco parentis when the employee was a minor child; spouse; registered domestic partner; grandparent; grandchild; sibling.

2. If applicable, leave taken pursuant to this provision will be counted concurrently with other family leaves.

3. Employees must inform their supervisor when requesting the leave that the leave is being taken pursuant to this provision ("KinCare" leave).

4. This provision may be changed if any changes are made to Labor Code Section 233.

C. A City employee is not entitled to sick leave for illness or injury arising out of employment, other than employment for the City, for monetary gain or other compensations, or by reason of engaging in business or activity for monetary gain or other compensation.

D. Employees accrue sick leave in the amount of 96 hours per calendar year. The annual sick leave will be accrued evenly over 26 pay periods.

E. During the first six months of service, sick leave and vacation time may be used for bona fide personal injury or illness.

F. There shall be no limit on the amount of sick leave that may be accrued by a regular employee.

G. Employees may convert up to 60 hours of sick leave to vacation leave once per calendar year in accordance with Section 16.03, Leave Conversions.

H. When an employee has been on sick leave, the City reserves the right to make any investigation of the illness it deems necessary, including requiring a doctor's certificate if the employee is off for 40 or more consecutive hours. On the first day of illness, the employee must notify the department a minimum of 30 minutes prior to the shift start time if the employee is to receive sick leave credit.

I. All determinations of sick leave shall be made by the department head concerned subject to the approval of the Director of Human Resources.

Section 17.02 BEREAVEMENT LEAVE

A. In the event of a death in the employee's immediate family, the employee shall be granted 3 working days of paid bereavement leave. Such bereavement leave shall not be charged against the employee's sick leave, vacation nor accrued compensatory time. Employee shall be granted an additional two (2) working days of unpaid bereavement leave if there is a death of the employee's immediate family member. The employee may elected to use accrued time off including sick leave, vacation or accrued compensatory time to cover all or a portion of the two day of unpaid bereavement leave.

B. A total of five (5) working days of paid bereavement leave shall be granted if there is a death in the immediate family outside the State boundaries or if the deceased family member's residence is a driving distance greater than 200 miles from the employee's home. ~~-~~ Such bereavement leave shall not be charged against the employee's sick leave, vacation or accrued compensatory time.

C. The employee shall be granted one working day of paid personal leave to attend the funeral of a close relative not in the employee's immediate family.

D. City employees may be excused by department heads to attend the funeral of deceased City employees without loss of pay.

E. The employee may be required to furnish evidence satisfactory to the City of the family member's death and the employee's relationship to the deceased family member.

F. ~~F.~~ As used in this section, a "working day" shall equal the number of hours an employee is scheduled to work on the day in which bereavement leave is used.

G. Bereavement leave shall be completed withing three (3) months of the date of the death of the immediate family member. The days of bereavement leave need not be consecutive.

H. The term "immediate family" is defined in Article II of this agreement.

Section 17.03 PERSONAL LEAVE

A. As an employee may use any compensatory time they have accrued, but no more than three days of sick leave per calendar year, as paid personal leave, provided an emergency or other urgent and justifiable cause is presented at the time the request is made for:

1. sickness within the employee's immediate family,
2. bereavement leave for other than members of the employee's immediate family,
3. court appearances when required to be present,
4. observance of one recognized annual religious service, and
5. any other personal need requiring a leave during working hours when approved by the City Manager upon the recommendation of the department head or his authorized representative.

B. Court appearances, observances of a recognized annual religious service, and other personal needs requiring an appointment during working hours are purposes for which the employee must provide no less than two days written notice. Failure to provide such notice shall result in such leave to be taken without pay. The supervisor shall waive the two day notice required provided the employee can demonstrate an urgent and justifiable reason for not providing the required notice.

C. Personal leave shall be used in accordance with the rules set forth in the Personnel Rules and Regulations Manual and shall be charged at the employee's discretion against any unused sick

leave, vacation, or compensatory time the employee has accumulated provided there is no conflict with the conditions outlined above. Additional leave may be authorized by the City Manager from any leave accrued, or without pay.

Section 17.04 COMPENSATORY TIME-OFF

After the vacation list is established for the calendar year, subsequent vacation requests will be granted on a "first-come-first-served" basis. This provision does not preclude the cancellation of such scheduled time-off should an emergency occur (i.e. employee illnesses or family emergencies) which creates a situation of low staffing levels.

Section 17.05 CATASTROPHIC LEAVE PROGRAM

A. The City agrees to permit employees within the bargaining unit to contribute a portion of their accrued leave credit to another employee when such employee is on an approved leave of absence due to a verifiable illness or injury caused by a physical or mental impairment. Catastrophic as used in this provision refers to an unforeseen or sudden unexpected illness or injury requiring immediate attention.

B. The City also agrees to permit employees to contribute a portion of their accrued vacation and/or compensatory time to another employee when such employee is on an approved leave of absence due to the verifiable illness or injury of the employee's spouse, domestic partner, parent or child. Sick leave may not be donated when the catastrophic leave fall under this provision (17.05 B).

For such transfer to take place the following conditions shall apply:

1. The Human Resources Department shall review all requests from the receiving employee to determine eligibility for catastrophic leave prior to the receiving employee or the employee's Department requesting donations.

2. Such illness or injury is defined as an unforeseen or sudden, unexpected illness or injury requiring immediate attention. Pregnancy is excluded from this provision; however, injuries or illnesses resulting from a pregnancy may be covered under this provision with a statement from the employees treating physician as the final authority.

3. The receiving employee has exhausted all accrued leave and is therefore facing financial hardship.

4. Pregnancy is excluded from this provision; however, injuries or illnesses resulting from a pregnancy may be covered under this provision with a statement from the employee's treating physician.

5. The receiving employee must be on an approved continuous leave of absence for over 40 hours due to the illness or injury. A statement from the employee's or family members treating physician is required.

6. Contributing employee must have at least 96 hours remaining after such contribution and the leave application rate will be based on the contributing employee's dollar value which will be adjusted proportionally to the receiving employee's rate.

7. The transfer must be in whole hour increments. The amount of the donations credited each pay period shall be in accordance to the receiving employee's needs.

8. The transfers are irrevocable, and will be indistinguishable from other leave credits belonging to the receiving employee. Transfers will be subject to all taxes required by law.

9. Donations shall be made on a form prescribed by the Human Resources Department.

10. Eligibility to be a receiving employee in this program is not subject to the Grievance Procedure of this Agreement.

Section 17.06 MATERNITY, PATERNITY AND FAMILY CARE LEAVE

A. Each employee shall be granted a paid parental leave of absence not to exceed forty (40) hours per year upon the birth or adoption of an employee's child or children. Any such leave must be taken within six (6) weeks before or after the estimated birth or adoption date and is subject to the department's established time off or leave of absence approval procedures. Such paid parental leave shall not be charged against the employee's sick leave, vacation, or accrued compensatory time.

B. The employee may be required to furnish evidence satisfactory to the City of the birth or adoption of the employee's child or children and/or the employee's relationship to the child or children. The employee shall apply for CFRA/FMLA for each potentially qualifying event.

C. Unpaid Family Leave shall be granted in accordance with the California Family Rights Act (CFRA) and the Family and Medical Leave Act (FMLA) and interpreted regulations for those respective statutes. Paid Parental Leave will be considered as qualifying leave under CFRA/FMLA and shall run concurrently with any entitled unpaid Family Leave (provided that the employee is deemed eligible for CFRA and/or FMLA.

D. Individuals will still be required to complete a 12-month active, full duty, on the job observation period.

~~Family Leave shall be granted in accordance with the California Family Rights Act of 1991 and the Family and Medical Leave Act of 1993 and interpreted regulations for those respective statutes.~~

Article XVIII. SAFETY EQUIPMENT

Section 18.01 EQUIPMENT USED

The parties to this Agreement recognize that under Sections of the California Labor Code, there are mutual obligations, direct and implied to assure that the spirit and intent of the Code is observed and otherwise complied with, to wit:

A. The City recognizes that it has an obligation to provide, among other things, a safe place of employment for all employees, including a duty to provide and use safety devices and safeguards which are reasonably necessary and adequate to render the place of employment and the employment itself reasonably safe.

B. The Association recognizes that in order to fulfill such obligations the City has the right as well as the obligation to establish and enforce such reasonable rules concerning the place of employment, safety devices and safeguards as may be necessary to render the place of employment and the employment itself reasonably safe.

C. The Association further recognizes that it is the obligation and duty of each employee to observe and otherwise comply with all such reasonable rules and regulations established by the City to render the place of employment and the employment itself reasonably safe.

Section 18.02 EQUIPMENT PROVIDED

The following items are currently provided by the City to each of the affected unit employees in the amount or number set forth below, and shall continue to be so provided.

A. Rain Gear, one set of coat & pants and one pair boots

B. One helmet and face shield

C. One set of body armor, which shall be a Level II or Level IIIA, at the sole discretion of the officer, Any Level IIIA body armor provided shall meet or exceed the following standards:

- Areal Density 1.04 lbs/ft^2
- New V50 - .357 Sig 1858 ft/s
- New V50 - .44 Mag 1720 ft/s
- Backface Average - .357 Sig 27.44 mm
- Backface Average - .44 Mag 36.35 mm

Any Level II body armor provided shall meet or exceed the following standards:

- Areal Density .78 lbs/ft^2
- New V50 - .9 mm 1868 ft/s
- New V50 - .357 Mag 1847 ft/s
- Backface Average - .9 mm 31.7 mm
- Backface Average - .357 Mag 36.35 mm

D. Service ammunition, in the amounts and at the times prescribed pursuant to current departmental regulations.

E. Leather Gear (Basket Weave): belt, holsters, handcuff case, ammunition carrier, rings and keepers, mace holder - one set each

F. Two sets of handcuffs, pursuant to departmental specifications

G. One wooden baton and holder

H. One department designated service weapon, revolver or automatic, at the employee's option.

I. One heavy duty flashlight

J. One car-coat jacket

K. Two sets of uniform pants and shirts

L. New employees may, as an option, choose to receive the equivalent value of the wooden baton and holder towards the purchase of another authorized form of baton and holder.

Section 18.03 CARE AND MAINTENANCE OF EQUIPMENT

A. All items set forth in Section 18.02 shall conform to current departmental specifications unless provided otherwise by this Agreement.

B. All items of safety equipment described in this Article and provided to the affected employees shall be the property of the City and shall be so identified. Such equipment shall not be modified, altered or otherwise maintained other than in its original condition unless written authorization for any such modification or alteration, is obtained from the Chief of Police or his authorized representative.

C. Upon receipt of any such equipment by an affected employee, such employee shall be provided with and shall execute a receipt specifying those items of safety equipment issued to the employee. Such receipt shall specify whether the equipment is new or used and shall describe the condition of the equipment provided to the employee.

D. It shall be the responsibility of the employee receiving such equipment to maintain such equipment in good order and/or working condition subject to the provisions set forth below.

E. The City shall be responsible for and shall bear the full expense of all repairs or replacement of such safety equipment, provided that such repairs or replacements are not necessitated as a result of negligence on the part of the employee to whom such equipment is issued.

F. In the event that repairs to, or replacement of, any item of safety equipment are necessitated by negligence on the part of the employee to whom such equipment was issued, said employee shall be responsible for the expense, if any, involved in the repair or replacement of the item of equipment in question.

G. The parties recognize the City is legally required to maintain all such safety equipment in reasonable safe working order and condition. The parties further recognize that the City may legally delegate the duty to perform such routine maintenance of such safety equipment to its employees in order to maintain such safety equipment in reasonably safe working order and condition.

H. The Association understands and agrees that the City will require such affected employee to perform normal preventive maintenance and to exercise reasonable care in the use of such safety equipment described herein and provided to the affected employees.

I. All items of safety equipment described herein and provided to the affected employees shall be repaired or replaced by the City whenever such repair or replacement is necessary to maintain such equipment. The Chief of Police, or his authorized representative, shall determine whether repair or replacement is necessary.

J. Body armor (safety vest) will be reviewed at least every five years after its issue to determine if replacement is required.

K. The decision whether any instance of repair or replacement of any safety equipment described herein and provided to any affected employee has been necessitated by

negligence on the part of such affected employee shall be made by the Chief of Police or his authorized representative. Disputes regarding any such decision shall be resolved pursuant to the grievance procedures applicable to other employer-employee disputes within the Police Department.

Section 18.04 USE OF EQUIPMENT

A. All safety equipment described herein and provided to any affected employee shall be used by such employee in the performance of the employee's duty for the City or as may be provided in the Rules and Regulations of the Police Department of the City, or as otherwise authorized and/or required by the Chief of Police or his authorized representative. Any such action to the contrary must have the express written authorization from the Chief of Police.

B. Any affected employee may elect to provide their own equipment in lieu of the safety equipment described herein. However, any such individually provided safety equipment must be approved as to make, model and/or condition and authorized for use in writing by the Chief of Police or his authorized representative prior to actual use of such equipment. Any employee electing to provide their own safety equipment shall return to the Police Department the comparable item of safety equipment previously issued by the City.

C. Any affected employee electing to provide their own equipment in lieu of the safety equipment described herein shall be solely responsible for the loss, damage, care and maintenance of any such equipment except as may otherwise be provided by current Police Department rules and policies.

Section 18.05 UNIFORM WEAR REPLACEMENT

The City will provide for a uniform pants and shirt replacement policy to be established based on the normal use of the uniforms. Replacement will be determined on an "as-needed" basis and will depend upon Command staff recommendation for the City Manager's approval.

Section 18.06 EQUIPMENT REPLACEMENT DUE TO DAMAGE, THEFT, LOSS OR DESTRUCTION

A. As part of establishing an equitable reimbursement standard relative to the damage, theft, loss or destruction of uniforms/clothing/accessories of officers performing in the line of duty and without fault of their own, the City agrees to pay all reasonable costs for repairing or replacing uniforms, clothing, and accessories not otherwise issued by the City, but required by the Police Department to be worn, carried or available to the officer in the course of the officer's duties.

B. To comply with the foregoing, the officer concerned must be acting in good faith and without fault.

C. When applying for reimbursement, consideration shall be given to repairing the item as opposed to having it replaced. In this regard, the extent of the damage, age and depreciation shall be considered. If repair is not practicable, replacement shall be based on reasonable depreciation scale.

D. Once reimbursement has been made, it is implied that the officer relinquishes any subrogative rights to the City for collection purposes.

Section 18.07 DEFINITION OF TERMS

A. **Police Officers:** Full-time or part-time Police Officers employed by the City of Ontario, including the Ontario Police Reserves.

B. **Uniforms:** Any uniform considered to be the uniform of the day as provided for in departmental manuals.

C. **Clothing:** Any clothing normally called for or referred to as "plainclothes" as the required attire while on duty or in performance of off-duty services.

D. **Accessories:** Property normally available, carried, or worn by a Police Officer to satisfactorily perform their duties, including but not limited to wrist watches, eye glasses and prostheses.

E. **Reimbursement:** The reasonable repair cost of an item that is repairable, or the total value of a non-repairable item on a depreciation basis.

Section 18.08 PROCEDURE

A. Fill out one copy of the claim demand form as soon as possible after the occurrence. Under items, include description, actual purchase price, estimate for repair or replacement, and any other information that will substantiate the claim.

B. Attach to the claim demand form any and all reports pertaining to the incident.

C. Forward the claim demand form and accompanying reports to your immediate supervisor.

D. As soon as practicable, the immediate supervisor of the claimant shall perform a complete investigation of the incident and verify the information submitted by the claimant. Any changes or additions shall be made in report form with the concurrence of the claimant. If there are no changes or additions, the immediate supervisor shall date and initial the claim demand form and, in turn, forward the form and all accompanying reports to the Bureau Commander.

E. The Bureau Commander shall review the submitted form and reports, and if satisfied, shall date and initial the claim demand form. If the Bureau Commander is not satisfied, he shall arrange for further investigation, and in any event, there shall be a concurrence between the claimant and the Bureau Commander prior to submitting the claim demand form and reports to the Police Chief.

F. The Police Chief shall review the claim demand form and accompanying reports, and if satisfied, shall date and initial the claim demand form, prior to forwarding same to the office of the City Manager for appropriate City Council action. In the event the Chief of Police is not satisfied with the results, he shall return the claim demand form and accompanying reports to the Bureau Commander for further follow-up.

G. It shall be the responsibility of the City Attorney to initiate any action concerning subrogative rights against any person, City, County, State, board, corporation or otherwise for the incurred damage, destruction, loss or theft of the reimbursed item.

Section 18.09 DISPOSITION OF SERVICE WEAPON

A. Upon retirement (whether for disability or service) or honorable resignation after ten years of service, each sworn employee shall be given the option to purchase the service weapon described herein and previously issued to the employee by the City.

B. The purchase price to such employee shall be the following percentage or the original cost of the weapon based upon the successful completion of the following number of years of service to the City.

Years of Service	Percentage of Original Cost
10	50%
11	45%
12	40%
13	35%
14	30%
15	25%
16	20%
17	15%
18	10%
19	5%
20 or more	$1.00

C. Purchasing the service weapon at the time of retirement is subject to the approval of the Police Chief and could be denied for legitimate reasons; i.e. psychological or stress related disability retirement, etc.

Article XIX. PEACEFUL PERFORMANCE OF CITY SERVICES

Section 19.01

During the term of this Agreement, the Association, its officers, agents, representatives and/or members agree they will not cause, condone or participate in any strike, walk-out, work stoppage, job action, slow down, speed up, sick-out, refusal or failure to faithfully perform assigned duties and responsibilities, withholding of services or other interference with City operations, including compliance with the request of other labor organizations within the City to engage in any or all of the preceding activities.

Section 19.02

In the event of such activities, the Association shall immediately instruct any persons engaging in such conduct that they are violating this Agreement, and that they are engaging in unlawful conduct, and that they should immediately cease engaging in such conduct and resume full and faithful performance of their job duties.

Section 19.03

In addition to any other lawful remedies for the disciplinary action available to the City, the City may, in addition to the above, invoke any and all remedies available to it under its Employer-Employee Relations Section of the Personnel Rules and Regulations.

Article XX. SEPARABILITY

Section 20.01

If any article or section of this Agreement shall be found to be in conflict with any statute or regulation of the United States or the State of California by a court of competent jurisdiction, such article or section shall be deemed null and void and of no further effect. However, such articles and sections shall be severable from the remainder of this Agreement, and all other provisions hereof shall continue in full force and effect.

Article XXI. DURATION AND IMPLEMENTATION

Section 21.01

This Agreement shall, upon ratification by both parties, cover the period from ~~January~~ July 1, 201~~3~~8 to and including June 30, 202~~7~~2.

Section 21.02

On or before January 31, 2025, the Association has the option to opt out of the final 2 years of the contract (July 1, 2025, through June 30, 2027). Notification of the Association's desire to exercise this opt-out clause must be in writing. Should the opt out clause be exercised, the City and the Association agree to begin collective bargaining negotiations in February 2025 for a successor MOU.

~~**Section 21.02**~~**Section 21.03**

Each party shall exercise its right to present bargaining proposals for a successor Agreement no earlier than 120 days prior to the expiration of this Agreement and no later than 90 days prior to the expiration of this Agreement.

~~**Section 21.03**~~**Section 21.04**

In anticipation of the end of this agreement on June 30, 2027, the parties agree to meet and confer in the Fall of 2026 to discuss the sole subject of potential salary increases for January of 2027. ~~During the term of this MOU, the parties agree to reopen negotiations limited only to salary increases for January 2022. Parties shall begin meeting between 120 and 90 days prior to January 1, 2022.~~

Article XXII. OVERPAYMENTS, RECOVERY AND UNDERPAYMENTS

Section 22.01 OVERPAYMENTS

In situations involving overpayment to an employee by the City, the employee shall be obliged to repay the amount of overpayment. Either Human Resources, or the Payroll Department shall provide written documentation showing the calculations of the overpayment to the employee. A meeting may be requested by the employee with the Payroll Department to review the

documentation and to discuss recovery schedule. The total repayment amount, repayment schedule, biweekly payment amount or other method of repayment will be documented in writing.

Section 22.02 RECOVERY

If the amount due is $100 or less, the City will make notification to the employee. Following notification, the City will deduct the entire amount in the next pay period.

If the amount due is over $100, the employee will have the right to select one of the three following options for repayment of the funds:

a) Lump sum payment with the date mutually established by the employee and the department, or
b) Biweekly installment payments through payroll deduction and repayment must be completed within the same time frame the overpayment was received by the employee or within 26 pay periods (whichever is greater). The minimum bi-weekly deduction will be $50. Or
c) Any other repayment arrangement mutually agreed upon between the City and employee.

If the employee leaves employment prior to repayment of overage, the City may recover the amount owed from the employee's final pay. If the amount owed is greater than the employee's final pay, the City may initiate a collections process against the employee.

Section 22.03 Underpayments

In situations involving underpayment to an employee by the City, the employee shall receive the balance due within the next pay period for which the adjustment can be made, following timely submission of appropriate documentation and necessary approval of the compensation change.

DRAFT

All terms and conditions set forth in this Agreement are hereby ratified by the unit members and approved by the City Council on the 20th day of ~~February, 2022.~~July 2023.

Appendix A: Salary Grade Table

Article I. Administration of Memorandum of Understanding

Section 1.01 Parties to Memorandum of Understanding

This Memorandum of Understanding (hereinafter known as MOU) is made and entered into by and between the City of Ontario (hereinafter known as City) and the Ontario Fire Management Group (hereinafter known as the Group).

Section 1.02 Recognition

The City hereby formally recognizes the Group as the Representative for those employees employed by the City and defined in Rule I, Section 9 of the Personnel Rules and Regulations, in the following classifications:

Deputy Fire Chief

Fire Battalion Chief

Senior Deputy Fire Chief

Recognition is granted for the purpose of meeting and conferring on wages, hours, working conditions, and general representation of employees defined within this section.

Section 1.03 Agency Personnel Rules

It is understood and agreed that there exists within the City, in written or unwritten form, certain personnel rules, policies, practices, and benefits generally contained in the "City of Ontario Personnel Rules and Regulations," and the "Employment Policies" in the City's Online Policy Center which shall continue in effect, except for those provisions modified by this MOU, unless and until modified in accordance with State laws, orders, regulations, official instructions, or policies. This section shall conform within the scope of MMBA.

Section 1.04 Effect of MOU

A. The parties acknowledge that during the negotiations which resulted in this MOU, each had the unlimited right and opportunity to make demands with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this MOU.

B. This MOU supersedes all previous MOUs, understandings, agreements, and prior practices related to matters included within this MOU.

C. The adoption of this MOU shall not affect rights established under Labor Code Sections 1960 – 1963, and Government Code Sections 3500 – 3510 (MMBA).

Article II. Definitions

A. Bargaining Unit - The bargaining unit of the employees defined in Article 1, Section 1.02 - Recognition.

B. Calendar Year - The period of 12 consecutive months commencing on January 1st and ending on December 31st.

C. Day - A calendar day, unless otherwise stated in this MOU.

D. Emergency – A circumstance requiring immediate action; a sudden, unexpected happening; an unforeseen occurrence or condition.

E. Employee – A full- time:

1. Regular Status Employee – An employee in a full-time regular position who has completed the probationary period.

2. Probationary Employee – An employee in a full-time regular position who has not completed his/her probationary period.

3. At-Will Employee – An employee who is appointed in an At-Will status and serves at the will and pleasure of the City Manager.

F. Week – Seven consecutive days beginning on Sunday and going through the following Saturday.

G. Working Day - A daily work period an employee is regularly scheduled to work each day. For example, an employee on a 4/10 work schedule would have a ten-hour working day.

~~G.~~H. Regular Rate of Pay - The regular rate used to calculate the Fair Labor Standards Act ("FLSA") premiums pay reported to CalPERS, inclusive of an employee's base hourly rate, eligible items of special compensation that an employee receives at the time FLSA is calculated (Longevity Pay, Educational Incentive, and all compensation items under Section 10.03), and all other items of compensation that are included in the FLSA calculation.

Article III. Management Rights

A. There are no provisions in the MOU that shall be deemed to limit or curtail the City in any way in the exercise of the rights, powers, and authority which the City had prior to entering into this MOU, as defined in the Employer-Employee Relations rules, unless and only to the extent that the provisions of this MOU specifically curtail or limit such rights, powers, and authority.

B. Where required by law, the City agrees, prior to implementation, to meet and confer with the Group over the impact of the exercise of a City right upon wages, hours, and other terms and conditions of employment of its members unless the impact consequences of the exercise of a management right upon the Group members is provided for in this MOU, Personnel Rules and Regulations, or Departmental Rules and Regulations.

Article IV. Employee Rights

A. The City shall afford regular employees the procedural due process safeguards as set out in the published decisions of the California courts.

B. An employee shall have the right of representation by a designated Group representative when the employee reasonably anticipates that such a meeting is for the purpose of disciplining the employee, or is to obtain facts to support disciplinary action that is probable, or that is being seriously considered.

Article V. Employment Status

Section 5.01 Probationary Period

A. Objective – The probationary period is to be regarded as an integral part of the testing process and shall be utilized for closely observing the employee's work and the employee's adjustment within the organization.

B. Length

1. All original and promotional appointments shall be subject to a probationary period of actual service for not less than 12 months.

2. If a probationary employee is on leave for more than 30 consecutive calendar days during the probationary period, that employee's probationary period shall be extended by the duration of the employee's consecutive leave.

3. The Fire Chief may extend an employee's probation by up to six months upon written notice delivered to the employee prior to the completion of his/her original probationary period.

C. Rejection

1. An employee may be terminated by the Fire Chief without cause and without right of appeal during the employee's initial probationary period. Notification of probationary rejection shall be in writing to the employee and may be given without advance notice with two-weeks' severance pay.

2. An employee who is rejected while serving a probationary period after promotion shall be returned to his/her previous classification provided the employee had regular status in that classification.

Section 5.02 At-Will Status

A. Employees appointed to the classification of Deputy Fire Chief or Senior Deputy Fire Chief shall be in an "At-Will" employment status.

B. Employees appointed to the classification of Deputy Fire Chief or Senior Deputy Fire Chief from a prior classification within the City, without a break in service, will have the right, at

their option, to revert to that classification should they be removed from the Deputy Fire Chief or Senior Deputy Fire Chief classifications for any reason other than "for cause." Such reversion will follow the procedures established in Article 14, Layoff Procedures. Employees who are appointed to these classifications from outside City employment do not have reversionary rights.

C. "At-Will" employees serve at the will and pleasure of the City Manager.

Section 5.03 Transfer Request

A. Purpose: To provide a fair and equitable means for employees to voluntarily change their work locations, and to establish the policy within which administrative transfers shall be accomplished.

B. Policy:

1. Transfers will be considered with the employee's and the Department's best interests in mind.

2. The Fire Chief maintains the authority to assign personnel in the best interest of the Fire Department.

3. Chief Officer seniority will be the major criteria considered.

4. All transfer requests shall be maintained by the Department's Fire Administration Office in the Master File Book, unless no qualified personnel have submitted a transfer for the vacancy.

5. Regular, full-time employees who are temporarily transferred in order to facilitate probationary or administrative transfers shall have the opportunity to return to their previous assignment when the affected employee is transferred again, or within one year.

C. Procedure:

1. Employees who wish to request a transfer shall complete an Employee Transfer Form. The employee will retain a copy and submit one copy of the form to the Department's Fire Administration Office.

2. Upon receipt and filing of the transfer request in the Master File Book, the Department's Fire Administration Office shall return a copy of the request to the employee, indicating that the request is on file.

3. Employees wishing to cancel a previous transfer request shall do so by memorandum, through channels, to the Department's Fire Administration Office.

4. The memorandum shall be applied to the appropriate Transfer Request Form in the Master File Book.

5. When a vacancy occurs, a notice shall be sent to all management personnel, announcing the opening and declaring the vacancy either open for bid or closed,

including cause if closed. Such notice shall be for a period of 30 days, after which time the bidding will close and the most senior qualified member, subject to the stated administrative requirements, will be selected for transfer.

6. The notice of transfer of this member shall be sent to all management personnel within no less than 15 days nor more than 30 days, and the transfer of the member shall take place during this period. This notice of transfer of a member may include a position for bid or announce the closing of the position and the cause of the closing.

7. If notice of an opening has been sent to all management personnel for 30 days and no member has filed a request for transfer to the position, the first request received, thereafter, may be honored. Or, the position may be filled administratively without further notice other than the routing of the transfer notice.

8. In the event it becomes necessary to bypass the most senior person requesting any vacancy, that person shall be provided a written explanation for the decision.

9. Employees may submit a transfer request for any authorized position.

10. If more than one request is filed by an employee, it shall be the responsibility of that employee to prioritize his/her choices in the space provided on the transfer request form for each request filed.

11. Transfer requests will be honored only after the employee has served at least one year since his/her last bid award or transfer. This requirement shall not apply to those who have been transferred by administrative direction rather than as a result of a transfer request.

12. All transfer requests for non-currently posted positions will expire December 31st of each year and will be purged from the Master File book the first working day in January. Transfer requests on file for currently posted positions will remain in the Master File Book into the New Year and will not be purged until the posting(s) have closed and the positions have been awarded.

Article VI. Personnel Files

A. The official personnel files shall be located in the Human Resources Department. Personnel actions (e.g. discipline, promotions) will be based on documentation within such file.

B. Employees have the right to have access to and copies of any document in their official personnel file. Employees may be charged for cost of duplication of any materials in the personnel file for which they request copies.

C. An employee will be provided with an initial copy of any document which will be placed in the official personnel file. An employee shall have the right to respond in writing or personal interview to any information contained in his/her personnel file. Such a reply will remain in the personnel file so long as the referenced document is in the file.

Article VII. Disciplinary Procedure

A. The following disciplinary procedure must be used for all serious disciplinary actions involving regular full-time employees **BEFORE** the actions go into effect. The disciplinary procedure provides that:

1. The employee shall receive advance notice of the proposed disciplinary action. Normally, one week for a one to three day suspension, and two weeks for all other disciplinary actions will be considered the minimum time necessary to give notice.

2. The notice must contain the reasons and the charges upon which the proposed action is based.

3. The notice must also contain a statement of the events or circumstances upon which the action is based.

4. The employee must be given the materials, if any, upon which the action is based.

5. The employee must be given the right, either orally or in writing, to respond to the department head or the City Manager (in the case of discharge) proposing the action. This procedure will be consistent with Sections 13.04 through 13.07 of the grievance procedure.

6. This disciplinary procedure shall be used for all serious disciplinary actions which are normally considered (1) demotions, (2) discharges, (3) reductions in pay, and (4) suspensions.

B. The above procedure may be deviated from in circumstances where there is a need for immediate disciplinary action. In such cases, an employee may be ordered off the job without pay if his/her conduct imperils the safety or welfare of the public, other employees, or said employee (e.g., drunkenness, violence, gross insubordination).

C. Article 13, Section 13.07(L), describes the appeals procedure available for all serious disciplinary actions.

Article VIII. Classifications

Section 8.01 New Classifications

The City agrees to meet and confer with the Group representatives on any new classifications approved, which appropriately should be added to the unit covered by this MOU.

Section 8.02 Fire Chief/Fire Management Group Cooperative Team

The Fire Chief and the Human Resources Department agree to consult with Fire Management Group to develop and review the testing procedures for the position of Battalion Chief prior to the recruitment process.

The Fire Chief will inform the Fire Management Group of the recruitment process for Deputy Chief and Senior Deputy Chief classifications.

Article IX. Hours of Work

Section 9.01 Work Schedules

Both parties agree that work will be scheduled as required in a manner most advantageous to the City and consistent with the public interest and the requirements of municipal government. It is understood that as members of management, employees within the unit may be called upon to provide services beyond prescribed hours and compensation.

Section 9.02 24-Hour Shift Personnel

A. The compensation formula used to calculate rate of pay for Battalion Chiefs assigned to a 24-hour work shift schedule shall be that which is used for the majority of Fire Department 24-hour shift safety employees. This shall apply to regular scheduled hours and hours worked in excess of the regular scheduled hours. This provision will apply only to those employees who are assigned and work a 24-hour shift schedule.

B. The average work period for shift employees is 53 56 hours per week for the purpose of calculating compensation (without loss of current compensation). Unit employees assigned to work the 24-hour work shift schedule shall begin at 0700 hours and terminate work at 0700 hours the following day. The City shall maintain the 56-hour shift schedule as it relates to days on/days off.

Section 9.03 Management Incentive Pay

Group employees assigned to non-shift administrative positions shall receive Management Incentive Pay at the rate of (7.42) hours per pay period, for a total of one hundred and ninety-three hours (193) each calendar year. Such time shall be paid at the employee' regular rate of pay. Upon implementation, eligible unit employees shall receive a prorated amount of Management Incentive pay for the period of January 1, 2023, up to the effective date of implementation. receive 193 hours of management incentive credit each calendar year. Such credit shall not be available for use as time off and shall be paid as salary compensation at the employee's regular rate of pay in the second paycheck in November of each year. Group employees appointed or promoted to a Group non-shift assignment during the year shall receive a pro-rated amount of management incentive hours based on the portion of the calendar year that the employee serves in that non-shift assignment.

Article X. Compensation

Section 10.01 Salary

A. Effective January 7, 2018July 2, 2023, employees within the unit in the Battalion Chief classification will receive a 59% increase in base salary.

A.B. Effective July 2, 2023, employees within the unit in the Deputy Chief and Senior Deputy Chief classifications will receive a 5% increase in base salary.

C. Effective ~~January 6, 2019~~July 14, 2024, employees within the unit will receive a ~~5~~3% increase in base salary.

~~B.~~D. Effective July 13, 2025, employees within the unit shall receive the lesser of a 3% increase in base salary or the percentage increase in base salary required to maintain the leading total compensation position amongst comparable agencies.

~~C.~~ Effective July 12, 2026, employees within the unit will receive a shall receive the greater of a 5% increase in base salary or the percentage increase in base salary required to maintain the leading total compensation position amongst comparable agencies. ~~Effective January 5, 2020, employees within the unit will receive a 5% increase in base salary.~~

~~D. Effective January 3, 2021, employees within the unit will receive a 4% increase in base salary.~~

~~E. The salary range for the Deputy Chief and Senior Deputy Chief classifications shall be increased by 10% effective January 7, 2018. The increase shall be calculated prior to the increase referenced in 10.01A.~~

~~F.~~E. Salaries for the classifications covered in this MOU shall be set forth in Appendix A.

~~0.~~1. The City agrees to continue to maintain the relationship between the Fire Battalion Chief and Fire Captain at top step receiving paramedic skill compensation, plus any additional skill compensations or incentives, for the purpose of maintaining current base pay relationship between positions. The salary differential between classifications within the unit shall be maintained within the structure as of ~~January 2018~~July, 2023. ~~In January 20222025~~, a review will be conducted to determine the relationship. The review will not obligate the City to any adjustment.

Section 10.02 Professional Development Incentive

A. Emergency Medical Technician Pay – Battalion Chiefs may qualify for additional compensation to recognize their professional development under subsection 10.02A(1) below.

1. Battalion Chiefs who have in their possession or who obtain in the future an EMT-1 Certification will receive $450 per month in addition to their base pay.

~~A.~~B. Educational Incentive – All Group employees may qualify for additional compensation to recognize their professional development under one of the subsections 10.02B~~A~~(1) or 10.~~02A~~02B(2) below.

1. Group employees who continue their professional development and successfully complete an acceptable number of courses from the National Fire Academy and/or the California Fire Service Academy, and/or the California Specialized Training Institute and/or the California State Fire Marshall shall receive $425 per month in addition to their base pay.

2. Group employees who have in their possession or who later obtain the following ~~an advanced BA/BS Degree~~ degrees (from an accredited college or university) shall

receive ~~$425 per month in addition to their base pay; or,~~monthly compensation in addition to their base pay as follows:

Degree	Incentive Amount
Bachelor of Arts or Bachelor of Science (BA/BS)	$500/month
Master of Arts or Master of Science (MA/MS)	$750/month

Employees will be eligible for the incentive amount consistent with the highest degree obtained (i.e., no "stacking" degree incentive). The allowance will be effective the later of the first full pay period in July 2023, or the first full pay period following the date on which the required documentation has been submitted. Application for the educational incentive for employees newly eligible or those who become eligible for a higher level of educational incentive must be accompanied by an official transcript issued by a college or university accredited by the Council for Higher Education Accreditation, International Association of Universities, or National Association of Credential Evaluation Services.

~~1. Group employees who continue their professional development and successfully complete an acceptable number of courses from the National Fire Academy and/or the California Fire Service Academy, and/or the California Specialized Training Institute shall receive $425 per month in addition to their base pay.~~

~~B.~~C. Professional Development Incentive - Deputy Fire Chief or Senior Deputy Fire Chief may also qualify for additional compensation to recognize their professional development under subsections 10.02C~~B~~(1) and/or 10.02C~~B~~(2) below.

1. ~~A Deputy Fire Chief or Senior Deputy Fire Chief~~ Group employees who ~~has~~ have obtained the California State Fire Marshal Chief Officer/Chief Fire Officer certification shall receive $250 per month in addition to their base pay.

2. A Deputy Fire Chief or Senior Deputy Fire Chief who has obtained a California State Fire Marshal Executive Chief Fire Officer certification shall receive $250 per month in addition to their base pay.

D. ~~No employee shall be eligible for education incentive compensation in excess of $925 per month.~~

E. No Employee shall be eligible for education incentive compensation in excess of the Deputy Chief or $1,250 per month~~.~~

~~C.~~F. Educational Incentive reported to CalPERS is calculated using an employee's base pay plus holiday worked compensation as defined in Sections 15.02 and Management Incentive Pay as defined in Section 9.03.

Section 10.03 Longevity Pay

A. Employees who begin the designated year of service, as a professional firefighter shall receive the corresponding longevity pay percentage calculated on their base pay.

Effective Date	Years of Service	Longevity Pay Percentage
January 2006	20	7.5%
	25	15%

Both parties agree that this benefit is not considered a vested right by current or future employees.

Section 10.04 Promotion to Deputy Fire Chief

Base salary compensation for employees promoting to Deputy Fire Chief shall be established at the applicable salary step that will result in a one-step increase of approximately 5% or the first step of the salary range, whichever is greater. The step placement will consider the employee's previous base rate of pay, including the FPI of 6 hour per pay period (3 hour per week) and the FLSA Premium (valued at 6.25 hours per month) and excluding any and all other additional salary compensations prior to the promotional appointment.

Section 10.05 Employer of Choice

The City of Ontario desires to identify, attract, develop, and retain the most talented individuals to field an expert and resourceful workforce, capable of delivering Exceptional Customer Service to the Premier Community of the Inland Empire. The City's commitment as an Employer of Choice is to provide:

-High-quality facilities and equipment;

-Comprehensive training and professional development opportunities; and

-A total compensation package that is #1 in our survey market.

Committing to being the top-compensated agency, in addition to demanding the highest level of service and professionalism from employees, requires both financial sustainability and defensibility of the unique policy choice. Thus, although Ontario will strive to be #1 in the market, it is essential that we adhere to that market. The #1 total compensation package shall be determined each contract term and the rank differentials from Battalion Chief to Fire Chief will also a consideration in creating an appropriate differential between the ranks.

On or before November 2024, the City and FMG agree to meet and discuss the details of an

updated survey to include, but not limited to: comparable survey agencies to be included in the survey, elements to be included in the survey, considerations for the survey, and timelines for compiling and reviewing the results.

Article XI. Benefits

Section 11.01 Active Employee Health Benefits

A. For active employees, the City agrees to continue its Cafeteria Plan for medical, dental and vision insurance. The contribution rates are as follows:

1. Up to a maximum of 100% of the CalPERS medical average premium toward medical insurance premiums; and

2. Up to a maximum of 100% of the employee and eligible dependent coverage for basic dental insurance premiums; and

3. Up to a maximum of 100% of the employee and eligible dependent coverage for basic vision insurance premiums.

B. The contribution rate is contingent upon the category of employee/dependent coverage. The rates will be adjusted the first paycheck in January of each year.

C. The City agrees that at no time will the contribution, toward the medical premium rates in Section 11.01(A)(1) ("Employee Medical Benefit"), drop below the contribution that was in effect January 1, 2012. That contribution was $544.69 for employee, $1,079.24 for two-party, and $1,398.68 for family coverage.

D. The City shall increase or decrease the maximum monthly Employee Medical Benefit amounts for active employees to the average of the monthly premium amounts for the CalPERS (PEMHCA) Health Plans for the region that includes the City of Ontario. The current Employee Medical Benefit is as follows:

Medical Coverage	2023**2018**
Employee	$766.14$626.04
Two-party	$1528.94$1,258.63
Family	$1989.29$1,633.31

The above amounts are the maximum monthly Employee Medical Benefit amounts toward medical insurance premiums for active employees for each coverage level.

Active employees that select medical insurance plans for which the actual premium amounts are less than the maximum contributions shall not receive any remaining contribution amounts. Active employees who select medical insurance plans for which the actual monthly premium amount exceeds the maximum monthly employee medical benefit shall be required to contribute, through payroll deductions, the remaining premium amount due.

E. The CalPERS (PEMHCA) minimum employer contribution is designated toward the medical premium portion of the Cafeteria Plan and shall be equal for active and retired employees. The maximum monthly Employee Medical Benefit Contribution includes the CalPERS (PEMHCA) minimum employer contribution.

F. Employees must enroll in a City medical plan unless they provide proof of other group insurance coverage and meet any other requirements established by the insurance plan. Effective the first paycheck in January 2014, employees who waive medical coverage shall receive $390 per month contributed to the Cafeteria Plan. The $390 per month may be taken in cash and/or used to purchase other benefits in the Cafeteria Plan, including the "buy-up" plans for dental or vision insurance.

Section 11.02 Eligibility

To be eligible in any particular pay period to receive the benefits of Section 11.01, employees must code at least 15 hours of paid time in the pay period. Paid time includes regular time and all types of paid leave, including 4850–time, sick, annual leave, compensatory time, holiday, bereavement, jury duty, personal, military, catastrophic and administrative leave. Paid time excludes disability payments (including Total Temporary Disability, Short-Term and Long-Term Disability) and periodic special pays such as uniform allowance. If employees are not eligible to receive the contributions pursuant to Section 11.01, they may still maintain benefit coverages at their own expense.

Section 11.03 Retiree Medical Benefit for Employees Appointed to a Regular Sworn Position prior to July 1, 2012 (Tier 1)

A. **Definition of Retiree.** All unit employees who retire from the City and qualify as an "annuitant" under Government Code Section 22760 shall be eligible for retiree medical benefits under the terms and conditions set forth herein. The terms retiree and annuitant shall mean the same thing pursuant to this section.

B. **Definition of Tier 1.** Tier 1 is the Retiree Medical Benefit for active and retired employees appointed to a regular sworn position prior to July 1, 2012. Employees originally hired prior to July 1, 2012 who then leave City employment and are subsequently re-hired are eligible for Tier 1 benefits provided their re-hire date is within 12 months of the date they separated from the City. Employees re-hired after the 12 month period will receive Tier 2 retiree medical benefits even if they are eligible to retain the CalPERS 3% at 50 retirement formula.

C. **Vested Benefits for Tier 1.** The City agrees that Tier 1 employees and retirees have a vested benefit to retiree medical contributions. These Retiree Medical Benefits herein set forth are permanently and irrevocably vested for Tier 1 employees. Specifically, the vested benefit is the value of the actual premium cost for the plan and coverage level selected, up to a maximum of 100% of the medical average premium rates for the CalPERS (PEMHCA)

Health Plans for the region that includes the City of Ontario. The current Retiree Medical Benefit for Tier 1 employees is listed in Section 11.01.

D. **Tier 1 Retiree Medical Benefits**

1. Tier 1 retirees who enroll in the CalPERS (PEMHCA) Health Plans shall be eligible to receive the CalPERS (PEMHCA) minimum employer contribution toward their medical plan. Retirees who opt out of enrollment will not receive the CalPERS (PEMHCA) minimum employer contribution.

2. For Tier 1 retirees who enroll in the CalPERS (PEMHCA) Health Plans, the City will also contribute directly to the retiree the balance of the cost of the Retiree Medical Benefit consistent with the value of the vested benefit for Tier 1 employees. The vested benefit is the value of the actual premium cost for the plan and coverage level selected, up to a maximum of 100% of the medical average premium rates for the CalPERS (PEMHCA) Health Plans for the region that includes the City of Ontario. The maximum monthly Retiree Medical Benefit Contribution includes the CalPERS (PEMHCA) minimum employer contribution. To the extent permitted by the IRS, this contribution shall be made on a pre-tax basis.

E. **Medicare Reimbursement**

1. A retiree who is eligible for Medicare coverage must enroll in Medicare Parts A and B and select a supplemental health benefits program to receive the Tier 1 Retiree Medical Benefits.

2. The Tier 1 Retiree Medical Benefit shall equal the actual cost of the selected supplemental benefits program (for the retiree plus dependents) up to the maximum of the Tier 1 Retiree Medical Benefit in Section 11.03. For retirees who select a supplemental benefits program that costs less than the maximum monthly Tier 1 Retiree Medical Benefit, the City will pay to the retiree the monthly cost of enrolling in Medicare Parts A and B, not to exceed the maximum monthly Tier 1 Retiree Medical Benefit.

3. The Medicare Reimbursement shall be paid to all retirees who are enrolled in Medicare effective January of that year. To the extent permitted by the IRS, the contribution shall be made on a pre-tax basis.

4. Examples of how the Medicare Reimbursement is calculated are as follows:

Example A: Reimbursement amount is less than retiree Medicare premiums for a Tier 1 retiree.

Description	Monthly Amount
CalPERS (PEMHCA) minimum employer contribution	$112

Balance of the Tier 1 Retiree Medical Benefit	$1286
Total Tier 1 Retiree Medical Benefit	$1398
Supplemental Plan	$1323
Difference	$75
Medicare Premiums	$99.99
City's Medicare Reimbursement to Retiree	$75

The City will pay the full cost of the supplemental plan, plus reimburse to the retiree an annual payment of $900 ($75/mo x 12) to be applied to the Medicare premiums.

Example B: Reimbursement amount is same as retiree Medicare premiums for a Tier 1 retiree.

Description	Monthly Amount
CalPERS (PEMHCA) minimum employer contribution	$112
Balance of the Tier 1 Retiree Medical Benefit	$1286
Total Tier 1 Retiree Medical Benefit	$1398
Supplemental Plan	$1210
Difference	$188
Medicare Premiums	$99.99
City's Medicare Reimbursement to Retiree	$99.99

The City will pay the full cost of the supplemental plan, plus reimburse to the retiree an annual payment of $1,199.88 ($99.99/mo x 12) to be applied to the Medicare Premiums.

Section 11.04 Retiree Medical Employee Benefit for Employees

Appointed to a Regular Sworn Position On or After July 1, 2012 (Tier 2)

A. **Definition of Retiree.** All unit employees who retire from the City and qualify as an "annuitant" under Government Code Section 22760 shall be eligible for retiree health insurance under the terms and conditions set forth herein. The terms retiree and annuitant shall mean the same thing pursuant to this section.

B. **Definition of Tier 2.** Tier 2 is the Retiree Medical Benefit provision for employees appointed to a regular sworn position on or after July 1, 2012.

C. **Tier 2 Retiree Medical Benefits.** Tier 2 retirees who enroll in the CalPERS (PEMHCA) Health Plans shall be eligible to receive the CalPERS (PEMHCA) minimum employer contribution toward their medical premium. Retirees who opt out of enrollment in the CalPERS (PEMHCA) Health Plans will not receive the CalPERS (PEMHCA) minimum employer contribution.

D. **Tier 2 Retiree Medical Savings Plan**

1. For Tier 2 employees, the City shall contribute $750 per month (pre-tax) to a Retiree Medical Savings Plan (specifics to be determined at a later date) for the purpose of providing a savings plan for each employee to purchase medical insurance upon retirement. The City agrees that at no time will the contribution, toward the Retiree Medical Savings Plan for Tier 2 employees, drop below the contribution that was in effect July 1, 2012.

2. The $750 monthly payment shall be made while the employee is in active status and will be paid over 24 pay periods (excluding "free" pay periods) per year. To be eligible to receive the payment in any particular pay period, the employee must code at least 15 hours of paid time in the pay period. Paid time includes regular time and all types of paid leave, including 4850 time, sick, annual leave, compensatory time, holiday, bereavement, jury duty, personal, military, catastrophic and administrative leave. Paid time excludes disability payments (including Total Temporary Disability, Short-Term and Long-Term Disability) and periodic special pays such as uniform allowance.

3. The administration of the Retiree Medical Savings Plan will be decided upon and agreed to in a separate agreement. If the Association administers the Retiree Medical Savings Plan, the Association and its employees shall enter into an agreement with the City that releases the City from liability and indemnifies the City from any claims resulting from the administration of the Retiree Medical Savings Plan.

E. **Medicare**

1. A retiree who is eligible for Medicare coverage must enroll in Medicare Parts A and B and select a supplemental health benefits program to receive the CalPERS (PEMHCA) minimum employer contribution.

2. The City shall contribute the actual cost of the selected supplemental benefits program for the level of coverage selected up to the maximum of the CalPERS (PEMHCA) minimum employer contribution.

F. **Transition**

1. The parties acknowledge that it will take some administrative actions to implement the retiree medical provisions agreed to in this Article.

2. If the Retiree Medical Savings Plan is not established by the date a Tier 2 employee is hired, the contributions owed to the employee will be held for the employee. When the Retiree Medical Savings Plan is established, all contributions owed will be deposited into the account on a pre-tax basis to the extent permitted by the IRS. If the employee separates employment prior to the Retiree Medical Savings Plan being established, any accumulated contributions shall be paid to the employee in taxable cash.

3. If for some reason all necessary actions have not been completed prior to the date a Tier 2 employee retires, which could result in the employee receiving the Tier 1 retiree medical amount instead of the CalPERS (PEMHCA) minimum employer contribution, the necessary actions will be completed as soon as possible and the employee will then begin receiving the CalPERS (PEMHCA) minimum employer contribution.

Section 11.05 Insurance Committee

The City agrees to continue the Insurance Committee which will have a representative designated by the Group as one of its members. This Committee shall have the responsibility to review the Dental and Vision insurance programs and to represent an employee who has a question to the company. The Committee shall be composed of one representative from each of the recognized employee units and one representative appointed by the City Manager. The Assistant and/or Deputy City Manager shall be an ex-officio member of this committee and entitled to attend all meetings. The Committee or any of its members may invite other individuals to participate as resource people whenever the need arises and prior notification is provided to the committee chair.

Section 11.06 Life Insurance

The City will provide life and accidental death and dismemberment insurance providing $135,000 for Fire Battalion Chiefs and $140,000 for Deputy Fire Chiefs and Senior Deputy Fire Chiefs. Employees currently certified as a Bomb Technician and assigned to the Bomb Squad shall be provided an additional $50,000 in accidental death and dismemberment insurance benefits. The cost of the additional insurance benefits shall be paid by the City.

Section 11.07 Deferred Compensation

A. The City has established a Section 401(a) money purchase plan for employer deferred

compensation contributions. The City shall contribute the following amounts to each employee's Section 401(a) plan account: $350 per month for employees in Senior Deputy Fire Chief & Deputy Fire Chief classifications, and $325 per month for employees in the Fire Battalion Chief classification The contribution will be paid in equal bi-weekly installments during the first and second pay periods of the month.

Employees are eligible to participate in a 457(b) deferred compensation plan as provided for in State and Federal Tax codes. Employees may voluntarily contribute to the plan in accordance with plan provisions and subject to plan maximums.

Section 11.08 Uniform Allowance

A. The annual uniform allowance amount for employees assigned to the 24-hour shift schedule shall be $1,200 payable at a rate of $46.16 per pay period for 26 pay periodsthe second paycheck in July.

B. The annual uniform allowance amount for employees assigned to non-shift assignments shall be $2,600 payable at a rate of $100.00 per pay period for 26 pay periods.the second paycheck in July.

Section 11.09 Vehicles

It is mutually agreed that upon the approval of the Fire Chief, vehicles assigned to the non-shift employees may be garaged at their residence.

Section 11.10 Retirement

A. Classic Member

1. A classic member is defined as an employee who meets the definition of a "classic" member for purposes of retirement pension benefits in accordance with the Public Employees Pension Reform Act of 2013. Generally, this includes employees that were hired before January 1, 2013 in the California Public Employees Retirement System (CalPERS) or a reciprocal retirement system with no break in service longer than six months. CalPERS ultimately determines who is a classic member in compliance with the law.

2. Classic members entering membership for the first time in a Fire safety classification with the City of Ontario before July 1, 2012 shall be eligible for the 3% at 50 retirement formula for Local Safety members. Classic members entering membership for the first time in a Fire safety classification with the City of Ontario on or after July 1, 2012 shall be eligible for the 3% at 55 retirement formula for Local Safety members.

3. Classic members are eligible for the optional benefit of Government Code Section 20042, Highest Single Year.

4. The City shall pay on behalf of the employee a portion of the employee's required pension contribution as follows:

Effective Date	City's Contribution toward Employee's Share	Employee's Contribution toward Employee's Share
Current	3%	6%
January 7, 2018	2%	7%
January 6, 2019	1%	8%
January 5, 2020	0%	9%

5. To the extent permitted by the IRS, pension contributions shall be made on a pre-tax basis.

B. New Member

1. A new member is defined as an employee who meets the definition of a "new" member for purposes of retirement pension benefits pursuant to the Public Employees Pension Reform Act of 2013. Generally, this includes employees that were hired into a regular position on or after January 1, 2013 or former members who have more than a six-month break in service. CalPERS ultimately determines who is a new member in compliance with the law.

2. New members entering membership for the first time in a Fire safety classification shall be eligible for the 2.7% at 57 retirement formula for Local Safety members.

3. The employee contribution for new members shall be one-half the normal cost, as determined by CalPERS. As of July 2013, the required employee contribution for new members is 11.25%. This amount will be adjusted periodically by CalPERS

4. To the extent permitted by the IRS, pension contributions shall be made on a pre-tax basis.

C. Optional Benefits for Classic and New Members

The City's contract with CalPERS includes the following optional benefits for both classic and new Local Safety members:

1. 50% Post Retirement Survivor Allowance – Government Code Sections 21624 and 21626

2. Sick Leave Credit – Government Code Section 20965

3. Military Service Credit (Stats 74) – Government Code Section 21024

4. Retiree Death Benefit $500 – Government Code Section 21620

5. 2% Cost of Living Adjustment – Government Code Section 21329

6. 2 Years Additional Service Credit (only within specified window period) – Government Code Section 20903

7. Cancellation of Election upon Industrial Disability Retirement/Special Death – Government Code Section 21037

8. Post Retirement Survivor Allowance Continuance – Government Code Section 21635

9. 1959 Survivor Benefits Level 4 – Government Code Section 21574

10. Pre-Retirement Option 2w – Government Code Section 21548

11. Death Benefit Continuance – Government Code Section 21551

Section 11.11 Employee Assistance Program

A. The City agrees to continue the employee assistance program (EAP), for all employees within this bargaining unit.

B. The parties agree that the EAP cannot be successful without absolute confidentiality regarding employee/family utilization of the program. Confidentiality will be maintained in full compliance with State and Federal Regulations.

Section 11.12 Long-Term Disability

The City shall reimburse to each unit employee $24.50 per month for long-term disability insurance obtained from and maintained through the Group. The Group will provide at least annually and upon request by the City a list of employees enrolled in the plan.

Article XII. Group Membership and Activity

Section 12.01 Release Time

A designated member of the Group may receive reasonable release time to represent another unit member in matters relative to potential discipline or grievances. Such release time shall be accommodated only after operational needs of the releasing department are met.

Section 12.02 Dues Deduction

A. The City agrees to deduct from the pay of each employee who signs an authorized payroll deduction card a monthly sum certified to him by the Secretary of the Group as the regular monthly dues of the Group. The City will not deduct any pay for initiation fee fines or other special assessments. Dues deduction shall be a specified uniform amount for each

employee in the Group. The dues deduction may be terminated at any time by the employee by written notice to the City Manager and the Secretary of the Group. Any change in the amount of the dues deducted shall be by written authorization of each member of the Group. The request for a change shall be submitted at least 30 days prior to the effective date of the change.

B. The employee's earnings must be regularly sufficient, after other legal and required deductions are made, to cover the amount of the dues check off authorized. When a member in good standing of the Group is in a non-pay status for an entire pay period, no dues withholding will be made to cover that period from future earnings, nor will the member deposit the amount with the City which would have been withheld if the member had been in a pay status during that period. In the case of an employee who is in a non-pay status during only a part of the pay period and the salary is not sufficient to cover the full withholding, no deduction shall be made. In this connection, all other legal and required deductions have priority over employee organization dues.

C. Dues withheld by the City shall be transmitted to the officer designated by the Group in writing, at the address specified in the letter of authorization.

D. The Group shall indemnify, defend, and hold the City of Ontario harmless against any claims made, and against any suit instituted against the City of Ontario on account of check off of employee Group. In addition, the Group shall refund to the City of Ontario any amounts paid to it in error, upon presentation of supporting evidence.

Article XIII. Grievance Procedure

Section 13.01 Definitions

A. Complaint – A concern of an employee, which arises from the application of this MOU, existing City Rule(s), Regulation(s) or written policy (policies).

B. Grievance – A written allegation by an employee that there has been a violation, misapplication, or misinterpretation of a specific term(s) of this MOU, existing City Rule, Regulation or written policy.

C. Grievant –

A(n):

1. Regular employee(s);
2. Probationary employee(s); or
3. At-Will employee(s);

who allege(s) in a grievance that he/she has been directly wronged by a violation of

a specific term(s) of this MOU, existing City Rule, Regulation or written policy. The term "grievant" as used in this Article may refer to the Group when alleging a violation of Article 12, as provided for in this MOU.

D. Immediate Supervisor – The appropriate non-bargaining unit supervisory or management person to whom the employee is accountable.

E. Representative – An employee or representative of the Group who at the grievant's request may be present at Levels I through IV. Representation of the employee at Level V shall be by a Group-designated representative.

F. Respond and File – Personal delivery or deposit in the U.S. mail, postage prepaid. If mail delivery is used, it shall be by certified, return receipt requested mail and the certified receipt date shall establish the date of response or filing. If personal delivery is used, the calendar date of delivery shall establish the date of response or filing.

Section 13.02 Level I – Informal Review

A. An employee shall have the right to present a complaint and to have the complaint considered with the immediate supervisor no later than seven working days after the event giving rise to the complaint, or no later than seven working days after the employee knew or reasonably should have known of the event giving rise to the complaint.

B. The employee, whenever possible, shall attempt to resolve the complaint informally with the immediate supervisor.

C. The immediate supervisor shall provide an answer to the employee no later than seven working days after the Level I meeting.

D. A resolution of the complaint at the informal level shall not be precedent setting.

Section 13.03 Level II – Formal

A. If the complaint is not resolved through Level I informal discussions, the employee may file a Level II grievance with a Deputy Fire Chief no later than seven working days after the response of the immediate supervisor at Level I. The grievant shall state clearly and concisely on a grievance form provided by the City:

1. The specific term(s) of the MOU, City Rule, Regulation or written policy which have been violated;

2. The action grieved, including names, dates, places and times and how it violated a specific term(s) of this MOU, City Rule, Regulation or written policy;

3. The remedy sought;

4. The name and classification of the grievant and his/her signature;

5. The name of the representative, if any; and

6. The date of submission.

B. A Deputy Fire Chief shall hold a meeting with the grievant at a mutually acceptable time and location no later than seven working days after the receipt of the grievance. The Deputy Fire Chief shall then respond in writing to the grievant within seven working days of the Level II meeting.

Section 13.04 Level III

A. In the event the grievance is not settled at Level II, the grievant may file the Level III grievance with the Fire Chief no later than five working days after the Level II response. The grievant shall include in the grievance a written statement indicating the reason that the proposed settlement at Level II was unsatisfactory. The Fire Chief may hold a meeting with the grievant at a mutually acceptable time and location. The Fire Chief shall respond to the grievant no later than five working days after the receipt of the Level III grievance. Should additional time be required for investigation purposes, the response time may be extended to meet this need.

B. The grievant shall present at Level III all issues and written evidence known or which could have been reasonably known.

C. Amendments and/or modifications to the grievance shall not be made by the grievant after the Level III filing date, except by mutual agreement.

Section 13.05 Level IV

A. In the event the grievance is not settled at Level III, the grievant may file a level IV grievance with the City Manager or designee no later than ten working days after the receipt of the Level III response.

B. The grievant or the City Manager or designee may request to meet with the other party at a mutually acceptable time and location within ten working days of receipt of the written grievance. The City Manager or designee shall respond to the grievant no later than ten working days after the meeting or 20 working days after receipt of the grievance at Level IV.

C. If the grievance has not been settled at Level IV, then within 21 days after receipt of the Level IV written decision or the expiration of the time limits for making such decision, upon the request of the grievant, the Group may request arbitration by giving notice to that effect, by giving notice to that effect, by certified mail, return receipt requested, directed to the Human Resources Director. If the Group wishes to proceed to binding arbitration, it shall so state in this request. Such request will be submitted to the City Council for determination. The City Council may, if it so desires, order the grievance submitted to binding arbitration.

Section 13.06 Level V – Arbitration

A. Unless the specific language of the MOU is in conflict, the arbitration procedure shall be

conducted in accordance with the rules of the American Arbitration Group.

B. The arbitrator shall be selected by mutual agreement in both parties.

C. The cost of any arbitration proceeding shall be divided equally between the City and the employee or the employee organization to which the employee may belong.

D. Failure on the part of the City representative or grievant to appear in any case before the arbitrator, without good cause, shall result in the forfeiture of the case and responsibility for payment of all costs of arbitration.

E. A final decision of award of the arbitrator shall be made within 30 calendar days after the close of the hearing. Such decision or award shall be subject to the approval of the City Council.

F. The cost of the arbitration, including advocate, court reporter, unilateral withdrawal, postponement, or cancellation fees, shall be borne equally by the parties. Expenses for witnesses, other than City employees, however, shall be borne by the party who calls them.

G. If an arbitrability question exists, the arbitrator shall determine the arbitrability question prior to hearing the formal presentations of the parties on the merits of the grievance.

Section 13.07 General Provisions

A. Failure of the grievant to comply with the time limitations of this Article shall render the grievance null and void. Failure by the City Representative to timely respond under this Article shall permit the grievance to be filed at the next level.

B. Time limits set forth in this Article may be extended by mutual agreement.

C. The processing of grievances filed and unresolved prior to the effective date of this Agreement may continue under the grievance procedure in effect at the time of the initial filing.

D. No punitive action will be assessed against an employee for utilizing the grievance procedure.

E. The preparation of grievances shall not interfere with the operation of the department.

F. The City may consolidate at any level grievances on similar issues.

G. Grievance records shall be filed separately from an employee's personnel file and shall be considered confidential.

H. A grievant may withdraw a grievance at any time. The grievant shall not file any subsequent grievance on the same alleged incident.

I. No individual City Council member may be approached regarding the grievance at any time the grievance is being processed.

J. In the event a grievant elects to represent themselves or is represented by someone other than who may be provided by the Group, the Group shall be notified of the nature and resolution of the grievance; provided, however, that the names of employees and

confidential information shall not be disclosed. Notification of the employee's Group shall be made within a reasonable time following the resolution of the grievance.

K. Organizational channels shall be utilized at all times and participation in the grievance and the discussion of information related thereto shall be limited to the parties to the grievance except when such other persons are identified and/or called as witnesses.

L. In the event of a disciplinary action involving a suspension, reduction in pay, demotion, or termination where a pre-disciplinary hearing has already been held, Levels I through III of the grievance procedure will be eliminated and Levels IV and above will be utilized.

M. The City agrees to permit an employee and the immediate Group Representative to consult during work hours concerning a potential grievance subject to obtaining approval from his/her first line supervisor. The Group agrees that this privilege shall not be utilized to prepare formal grievances during working hours, but to simply consult with an employee and/or supervisor in order to avoid the necessity of processing a formal grievance; or to set an appointment between the Group Representative and the employee after working hours for the preparation of a legitimate grievance. The City agrees to encourage cooperation with the Group Representative and employees in this regard, provided that the City will not permit the effective and/or efficient operation of the City to be interfered with. The City retains the right to revoke this privilege at any time, provided that prior to taking any such action, the City agrees to meet and confer with the Group in order to avoid the necessity of exercising this right.

N. A group of employees may file one grievance rather than individual grievances as long as the following conditions are met:

1. Each employee in the "group" grievance is individually named.

2. The grievable matter is exactly the same for each employee cited in the grievance.

3. The City is not obligated to conduct grievance hearings or provide grievance responses to each individual, but only to one of the employees involved who represents the group filing the grievance.

Article XIV. Layoff Procedure

A. The City Manager may layoff regular and probationary workers at any time for lack of work or other changes that have taken place. The City will provide the employees' Group with a 14-day notice to begin employee impact discussion. The employee will be given two weeks' notice before such a layoff is to take place. The City shall meet and consult with the concerned employee organization on such matters as the timing of the layoff and the number and identity of the employees affected by the layoff during the two-week period prior to the layoff action.

B. A demotion or transfer to another department with the City Manager's approval may be made to prevent a layoff provided the employee is qualified by education and/or experience and is capable of performing the duties of the classification.

C. In the event of a layoff, those employees with the least service in the classification affected shall be laid off first and be placed on a "Recall List" and shall be eligible for recall for one

year from the date of placement on the list; if a recall begins, the most senior employees laid off in the classifications required shall be recalled first. Strict application of seniority shall prevail unless exceptional circumstances occur of which the concerned employee organization shall be fully apprised in advance. The order of layoff shall be:

1. Temporary employees in the affected classification shall be removed first.

2. Probationary employees in the affected classification shall be removed next.

3. Exceptional circumstances may include the desirability of maintaining a balanced department or work unit and maintaining employees in the classification, department, or section who have the ability to perform the work available.

D. The employee scheduled to be laid off shall be entitled to displace to a position in a classification occupied by an incumbent with less overall City seniority (displacement seniority) provided it is in a position in which the employee formerly held a regular appointment, and is qualified by education and experience, and is capable of performing the duties of the classification. The employee with the least displacement seniority shall be displaced by the person scheduled for layoff. The employee displaced shall be considered as laid off for the same reason as the person who displaced them, and shall in the same manner, be eligible to displace to a position in a classification in which they formerly held a regular appointment and is qualified by education and experience, and is capable of performing the duties of the classification.

E. Failure to return to work from layoff within 14 calendar days, after notice to return by certified or registered mail to the employee at their last known address on file with the City Human Resources Department or by personal delivery shall constitute the employee's waiver to return to work and eliminates any future re-employment responsibilities placed on the City. The employee must notify the City regarding their intent to return within seven calendar days from notice to return.

Article XV. Holidays

Section 15.01 Paid Holidays

The following paid holidays, except as provided in Section 15.02 below, shall be observed on the day specified.

New Year's Day	January 1st
Martin Luther King's Birthday	3rd Monday in January
Lincoln's Birthday	February 12th

Washington's Birthday	3rd Monday in February
Memorial Day	Last Monday in May
Independence Day	July 4th
Labor Day	1st Monday in September
Admission Day	September 9th
Columbus Day	2nd Monday in October
All Statewide Election Days	
Veteran's Day	November 11th
Thanksgiving Day	4th Thursday in November
Day After Thanksgiving	The day after the 4th Thursday in November
Christmas Eve	December 24th
Christmas Day	December 25th
New Year's Eve	December 31st
Every day designated by the President of the United States or by the Governor of the State of California. Any special holiday called by the President or Governor of the State of California. Any special holiday or Designated day called by the President or Governor shall be paid on a one-time only basis.	

Section 15.02 Holiday Work Compensation (Holiday Pay) – Shift Employees

A. **ACCRUAL OF HOLIDAY HOURS CREDIT** - Group employees assigned to shifts will receive 12 hours credit for each of the above holidays regardless of whether the employee is on or off duty when the holiday occurs.

B. **ADJUSTMENTS TO HOLIDAY HOURS CREDIT BASED ON ACTUAL SHIFTS** - Holiday hours credit shall be adjusted according to each employee's actual shifts during the year.

C. The City agrees to pay for holiday credit in the first "full" pay period in November for that calendar year. This check will be subject to the regular deductions. Any employee whose employment terminates between when the holiday credit payment is issued and December

31 of that year shall have any overpayments deducted from the employee's final paycheck.

Section 15.03 For Non-Shift Employees

Employees in the classification of Deputy Fire Chief or Sr. Deputy Fire Chief shall be paid as salary compensation for working holidays in accordance with the holiday schedule regardless of whether the employee is on or off duty when the holiday occurs. Regardless of work schedule, an employee shall receive credit for each holiday at a rate of 10-hour per holiday, at regular rate of pay for a maximum of 150 hours of holiday credit each calendar year. Employees shall be compensated for this holiday credit at the rate of (5.77) hours per pay period, for a total of one hundred and fifty (150) hours holiday pay per annum. (5.77 is calculated at 26 pay periods).

For non-shift employees, all Statewide Election Days, every day designated by the President of the United States or by the Governor of the State of California, any special holiday called by the President or Governor of the State of California, any special holiday or Designated day called by the President or Governor shall receive 10 hours credit for each designated holiday regardless of whether the employee is on or off duty when the holiday occurs. The City agrees to pay special holiday in the pay period in which the holiday falls.

~~For Group employees assigned to a non-shift position, any holiday listed in Section 15.01 which falls on Sunday will be observed on the following Monday. Any holiday occurring on Saturday or on the employee's regular day off will be added to the employee's Annual Leave accrual.~~

~~If a non-shift employee is required to work on any of the days listed in Section 15.01, that employee will receive holiday credit in the form of additional Annual Leave accrual.~~

Article XVI. Annual Leave

Section 16.01 Annual Leave Program

A. Group employees shall accrue Annual Leave at the following rates:

Shift Employees	
Year of Service	**Annual Leave Hours Earned**
1-4	312
5-9	360

10-14	408
15-19	432
20-24	456
25-29	480
30+	504

Non-Shift Employees	
Year of Service	**Annual Leave Hours Earned**
1-3	250
4	258
5-9	266
10-14	306
15-19	314
20-24	322
25-29	330
30+	338

B. Shift Group employees may convert up to 120 hours of annual leave each year. Employees must designate the number of hours to be converted by the second Friday in November for payment by the first paycheck in December. Additional notification of this conversion opportunity will be provided in October.

C. Non-shift Group employees may convert up to 240 hours of Annual Leave to salary compensation each calendar year as follows:

Request Due Date	Payment Date
2nd Friday in May	1st Payday in June
2nd Friday in November	1st Payday in December

Non-shift employees may convert up to 240 hours at each opportunity, but the total number of hours converted per calendar year shall not exceed 240 total hours.

D. Employees' retained Sick Leave balances shall be converted to salary at the rate of 300 hours per year until all of an employee's retained Sick Leave balances are exhausted. Converted Sick Leave shall be paid by the first paycheck in December, along with any optional Annual Leave conversions.

E. Subject to the limitations of the City's Deferred Compensation Plan and tax laws, Annual Leave or Sick Leave balances converted to salary compensation may be directed to the Deferred Compensation Plan.

F. Employees promoted into the Group shall accrue Annual Leave as described in Section 16.01(A), and will not earn Vacation, Sick, or Administrative Leave. Upon promotion, all Vacation Leave accruals shall be converted to Annual Leave. In addition, employees will have the option of converting up to 500 hours of Sick Leave to Annual Leave. Employees cannot exceed the maximum Annual Leave accrual limits specified in Section 16.01(H) as a result of the optional Sick Leave conversion. Any remaining Sick Leave balances will be retained. Retained Sick Leave is subject to the same conversion and use restrictions as specified in Sections 16.01(D), 16.01(G), and 17.01.

G. Any unused Annual Leave balances and any retained Sick Leave balances shall be converted to salary compensation at separation. Employees may not use Annual Leave or retained Sick Leave to extend their retirement or separation dates.

H. The maximum amount of Annual Leave that can be "carried over" from year to year shall be 800 hours for Deputy Chief and Senior Deputy Chief and 1,500 hours for Battalion Chiefs. This maximum limit can be extended for a specified period upon recommendation of the Fire Chief and/or the approval of the City Manager if an employee is unable to take Annual Leave due to operational needs.

I. The City will review and discuss the following with the group to determine compliance of implementation and said agreement may be reach after a tentative agreement is reached to one of the following:

1. Employee's annual leave accumulated in excess of eight hundred (800) hours for non-shift employees and fifteen hundred (1500) hours for shift employees shall be converted to compensation on the first pay period following each accumulation

providing that such conversion complies with IRS Constructive Receipt requirements; or if method is not compliant; and if not compliant.

2. The City will allow an additional 60 hours annually, for a total of 300 hours to be converted annually. This will also require an update in this section changing the allowable converted annual amount from 240 to 300.

~~H. The maximum Annual Leave accrual limit is 800 hours for non-shift employees and 1,500 hours for shift employees. When the maximum limit is reached, the employee receives no further accruals. Exceptions will be provided if the Department denies Annual Leave use due to operational needs.~~

J. In accordance with 26 CFR 1.451-2 effective January 1, 2025, and continuing thereafter, unit employees must submit an irrevocable election form, by no later than December 15th of the proceeding calendar year to convert the following hours to cash:

1. Annual Leave - An amount which may not exceed the number of annual leave hours the individual employee may accrue in the following calendar year.

2. Compensatory Time – An amount which may not exceed the projected number of compensatory time hours the individual employee may receive in the following calendar year.

K. The cash-out election is for hours to be accrued or received in the calendar year following submission of the irrevocable election form.

L. The total combined number of annual leave and compensatory time hours converted per calendar year shall not exceed 240 hours.

M. The payment shall be made via payroll and employees may elect to receive the cash out in the first payday in June and/or the first payday in December, but the request must be submitted by December 15th of the year prior.

N. Employees who do not submit an irrevocable election form by December 15th will be deemed as foregoing participation in the optional vacation and/or compensatory time conversion salary program for the following calendar year.

O. In the event an employee has less hours in their vacation and compensatory time bank at the time the cash-out is to be paid than they had previously elected to cash-out, the employee shall only be paid for up to the amount remaining in their vacation leave and compensatory time bank at the time of the actual cash-out.

P. If an employee makes an irrevocable election to cash-out annual leave and/or compensatory time in the following calendar year and uses such in that subsequent calendar year, the vacation and compensatory time used will come from the annual leave or compensatory time the employee had earned (if any) prior to January 1st of the calendar year the employee has elected to cash-out. The employee's use of earned, but unused annual leave and/or compensatory time accumulated from previous calendar years shall not result in a reduction in the amount of annual leave and/or compensatory time hours the employee is eligible to cash-out.

Q. Any conversion of annual leave hours to cash shall not cause the employee's total amount of accrued annual leave in their annual leave bank to fall below a forty (40) hour minimum

balance. Cash-out of accumulated time shall be at the employee's option. Requests for cash-out are to be submitted in a manner prescribed by the City.

R. An employee who experiences an unforeseen emergency may be permitted to make a new irrevocable election and/or to increase the amount of a previous election, subject to the same value that was permitted at the time the annual irrevocable election forms were due.

S. For these purposes, an "unforeseen emergency" means a financial hardship to the employee resulting from any of the following:

1. Accident, illness, injury or death of the employee or an immediate family member. For this purpose, an "immediate family member" is restricted to a spouse, registered domestic partner, child/legal dependent, or parent; or

2. Loss or extensive damage to the employee's property due to casualty; or

3. Other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the employee.

T. Whether an occurrence is an unforeseeable emergency shall be solely determined by the Executive Director Human Resources / Risk Management or designee.

Article XVII. Other Leaves of Absence With Pay

Section 17.01 Retained Sick Leave

A. Retained Sick Leave balances shall only be used as follows: paid leave during prolonged illnesses or disabilities due to injury; conversion to CalPERS Service Credit, absences from work to resolve issues related to the employee being a victim of domestic violence, sexual assault, or stalking; or for Family Medical Care Leave as outlined in Section 17.04.

B. The City reserves the right to make any investigation of such prolonged illness or disability it deems necessary.

Section 17.02 Bereavement Leave

A. Immediate family for purposes of Section 17.02 is defined as spouse, domestic partner, children, parents, brother, sister, grandfather, grandmother, grandchild, and the employee's mother-in-law, father-in-law, stepfather, stepmother and stepchildren or any person who the employee has been assigned legal custody, or others required by Family Code Section 297 or successor legislation.

B. In the event of a death in the employee's immediate family, non-shift employees shall be granted three (3) working days paid bereavement leave. Shift employees will be granted two (2) shifts paid bereavement leave. Such bereavement leave shall not be charged against the employee's Annual Leave. Shift and non-shift employees shall be granted additional working days of unpaid bereavement leave in the event of a death in the employee's immediate family member, not to exceed a total of five (5) working days of paid or unpaid bereavement leave. The employee may elect to use accrued annual leave time

or retained sick leave to cover all or a portion of the unpaid portion of their bereavement leave.

C. A maximum of five (5) working days paid bereavement leave shall be granted to non-shift employees if there is a death in the immediate family outside the State boundaries. Shift employees will be granted two (2) shifts paid bereavement leave with a maximum of three (3) shifts if the death in the immediate family is outside the State boundaries. Such leave will not be charged against Annual Leave. Shift employees shall be granted additional working days of unpaid bereavement leave in the event of a death in the employee's immediate family member, not to exceed a total of five (5) working days of paid or unpaid bereavement leave. The employee may elect to use accrued annual leave time or retained sick leave to cover all or a portion of the unpaid portion of their bereavement leave.

D. Bereavement leave shall be completed within three (3) months of the date of death of the immediate family member. The days of bereavement leave need not be consecutive.

E. Employees may be excused by the Department Head to attend the funeral of deceased City employees without loss of pay.

F. Employees may be required to furnish evidence satisfactory to the City of the family member's death and the employee's relationship to the deceased family member.

~~A. Immediate family for purposes of Section 17.02 is defined as spouse, children, parents, brother, sister, grandfather, grandmother, grandchild, and the employee's mother-in-law, father-in-law, stepfather, stepmother and stepchildren or any person who the employee has been assigned legal custody, or others required by Family Code Section 297 or successor legislation.~~

~~B. In the event of a death in the employee's immediate family, non-shift employees shall be granted three working days paid bereavement leave. Shift employees will be granted two shifts paid bereavement leave. Such bereavement leave shall not be charged against the employee's Annual Leave.~~

~~C. A maximum of five working days paid bereavement leave shall be granted to nonshift employees if there is a death in the immediate family outside the State boundaries. Shift employees will be granted two shifts paid bereavement leave with a maximum of three shifts if the death in the immediate family is outside the State boundaries. Such leave will not be charged against Annual Leave.~~

~~D. Employees may be excused by the Department Head to attend the funeral of deceased City employees without loss of pay.~~

~~E. Employees may be required to furnish evidence satisfactory to the City of the family member's death and the employee's relationship to the deceased family member.~~

Section 17.03 ~~Paternity Leave~~Paid Parental Leave

A. Each employee shall be granted a paid parental leave of absence upon the birth or adoption of the employee's child or children. Any such leave may be taken within six (6) weeks before or after the estimated birth or adoption date at the employee's discretion. Employees assigned to a 40-hour shift will be entitled to 40 hours of paid parental leave. Employees assigned to a 24-hour shift will be entitled to three (3) 24-hour shifts. Such paid parental

leave shall not be charged against the employee's annual leave. Each employee will be entitled to two days paternity leave if working a 40-hour shift and 2-24 hour shifts if working a 24 hour shift in the event the employee's wife/partner gives birth to the employee's child. Such leave may be taken at the employee's discretion within 6 weeks before or after the estimated due date. These days will be taken without charge to the employee's Annual Leave.

B. Notice of such leave must be provided by the employee in advance so that the operational needs of the department are met.

C. The employee may be required to furnish evidence satisfactory to the City of the birth or adoption of the employee's child or children and/or the employee's relationship to the child or children.

The employee may be required to furnish evidence satisfactory to the City of the birth.

B.D. Paid Parental Leave will be considered as qualifying leave under the California Family Rights Act (CFRA) and the Family Medical Leave Act (FMLA) and shall run concurrently with an entitled unpaid Family Leave (provided that the employee is deemed eligible for CFRA and/or FMLA). Unpaid Family Leave shall be granted in accordance with CFRA and FMLA and the interpreted regulations for those respective statues.

Section 17.04 Family Medical Care Leave

A. Family Leave shall be granted in accordance with the California Family Rights Act (CFRA) of 1991 and the Family and Medical Leave Act (FMLA) of 1993, and any modified provisions and interpreted regulations for those respective statutes. For information concerning FMLA or CFRA, contact the Human Resources Department.

B. Maternity, Paternity, and Family Medical Care Leave of up to 12 weeks shall be granted in accordance with FMLA and CFRA statutes.

C. The employee may utilize up to six weeks of retained sick leave for leaves of absence that fall under the provisions of the FMLA and CFRA. This sick leave shall be used prior to the unpaid leave provisions of FMLA and CFRA.

Section 17.05 Catastrophic Leave

A. The City agrees to permit employees to contribute a portion of their accrued leave credit to another employee when such employee is on an approved leave of absence due to a verifiable illness or injury caused by either physical or mental impairment or other unforeseen catastrophic event as determined by the Fire Chief and approved by the City Manager.

B. The City also agrees to permit employees to contribute a portion of their accrued annual leave to another employee when such employee is on an approved leave of absence due to the verifiable illness or injury of the employee's spouse, domestic partner, parent or child. Sick leave or retained sick leave may not be donated.

C. For such transfer to take place, the following conditions shall apply:

1. The Human Resources Department shall review all requests from the receiving employee to determine eligibility for catastrophic leave prior to the receiving employee or the employee's Department requesting donations.

2. Such illness or injury is defined as an unforeseen or sudden, unexpected illness or injury requiring immediate attention. A statement from the employee's or employee family member's treating physician is required.

3. The receiving employee has been absent from work due to injury or prolonged illness as defined above and has exhausted all accrued leave and is therefore facing financial hardship.

4. Pregnancy is excluded from this provision. Injuries or illness resulting from a pregnancy may be covered under this provision with a statement from the employee's treating physician as the final authority.

5. The employee will be on a medical leave of absence for over 40 hours for non-shift personnel and two shifts for shift personnel due to the illness or injury.

6. Contributing employee must have at least 96 hours annual leave remaining after such contribution and the leave application rate will be based on the contributing employee's dollar value, which will be adjusted proportionally to the receiving employee's rate.

7. The transfers must be in whole hour increments. The amount or the donation will be made in accordance with the recipient's need by the Human Resources Department.

8. The transfers are irrevocable, and will be indistinguishable from other leave credits belonging to the receiving employee. Transfers will be subject to all taxes required by law.

9. Transfers shall be made on a form prescribed by the Human Resources Department.

10. The types of accrual time which may be donated shall be as follows:

    a. Retained Sick Leave to employees in all bargaining units for verifiable illness or injury caused by either physical or mental impairment.

    b. Annual Leave to employees in all bargaining units and for instances as defined in Section 17.05 as, "…other unforeseen catastrophic event as determined by the Fire Chief and approved by the City Manager" As well as for the is on an approved leave of absence due to the verifiable illness or injury of the employee's spouse, domestic partner, parent or child.

Article XVIII. Separability

If any article or section of this MOU shall be found to be in conflict with any statute or regulation of the United States or the State of California by a court of competent jurisdiction, such article or section shall be deemed null and void and of no further effect. However, such articles and sections shall be severable from the remainder of this MOU, and all other provisions hereof shall continue

in full force and effect.

Article XIX. Overpayment, Recovery, Underpayment

A. OVERPAYMENTS

In situations involving overpayment to an employee by the City, the employee shall be obliged to repay the amount of overpayment. Either Human Resources, or the Payroll Department shall provide written documentation showing the calculations of the overpayment to the employee. A meeting may be requested by the employee with the Payroll Department to review the documentation and to discuss recovery schedule. The total repayment amount, repayment schedule, biweekly payment amount or other method of repayment will be documented in writing.

B. RECOVERY

If the amount due is $100 or less, the City will make notification to the employee. Following notification, the City will deduct the entire amount in the next pay period.

If the amount due is over $100, the employee will have the right to select one of the three following options for repayment of the funds:

a) Lump sum payment with the date mutually established by the employee and the department, or
b) Biweekly installment payments through payroll deduction and repayment must be completed within the same time frame the overpayment was received by the employee or within 26 pay periods (whichever is greater). The minimum bi-weekly deduction will be $50. Or
c) Any other repayment arrangement mutually agreed upon between the City and employee.

If the employee leaves employment prior to repayment of overage, the City may recover the amount owed from the employee's final pay. If the amount owed is greater than the employee's final pay, the City may initiate a collections process against the employee.

C. Underpayments

In situations involving underpayment to an employee by the City, the employee shall receive the balance due within the next pay period for which the adjustment can be made, following timely submission of appropriate documentation and necessary approval of the compensation change.

~~Article XIX.~~Article XX. Duration and Implementation

A. This MOU shall upon ratification by both parties, become effective ~~January 1~~July 1, 2013~~8~~ and remain in full force and effect up to and including June 30, 2027~~2~~.

B. Each party shall exercise its right to present bargaining proposals for a successor MOU no earlier than 120 days prior to the expiration of this MOU and no later than 90 days prior to the expiration of this MOU.

All terms and conditions set forth in this MOU are hereby ratified by the unit members and approved by the City Council on the 3rd 18th day of January 2018July 2023.

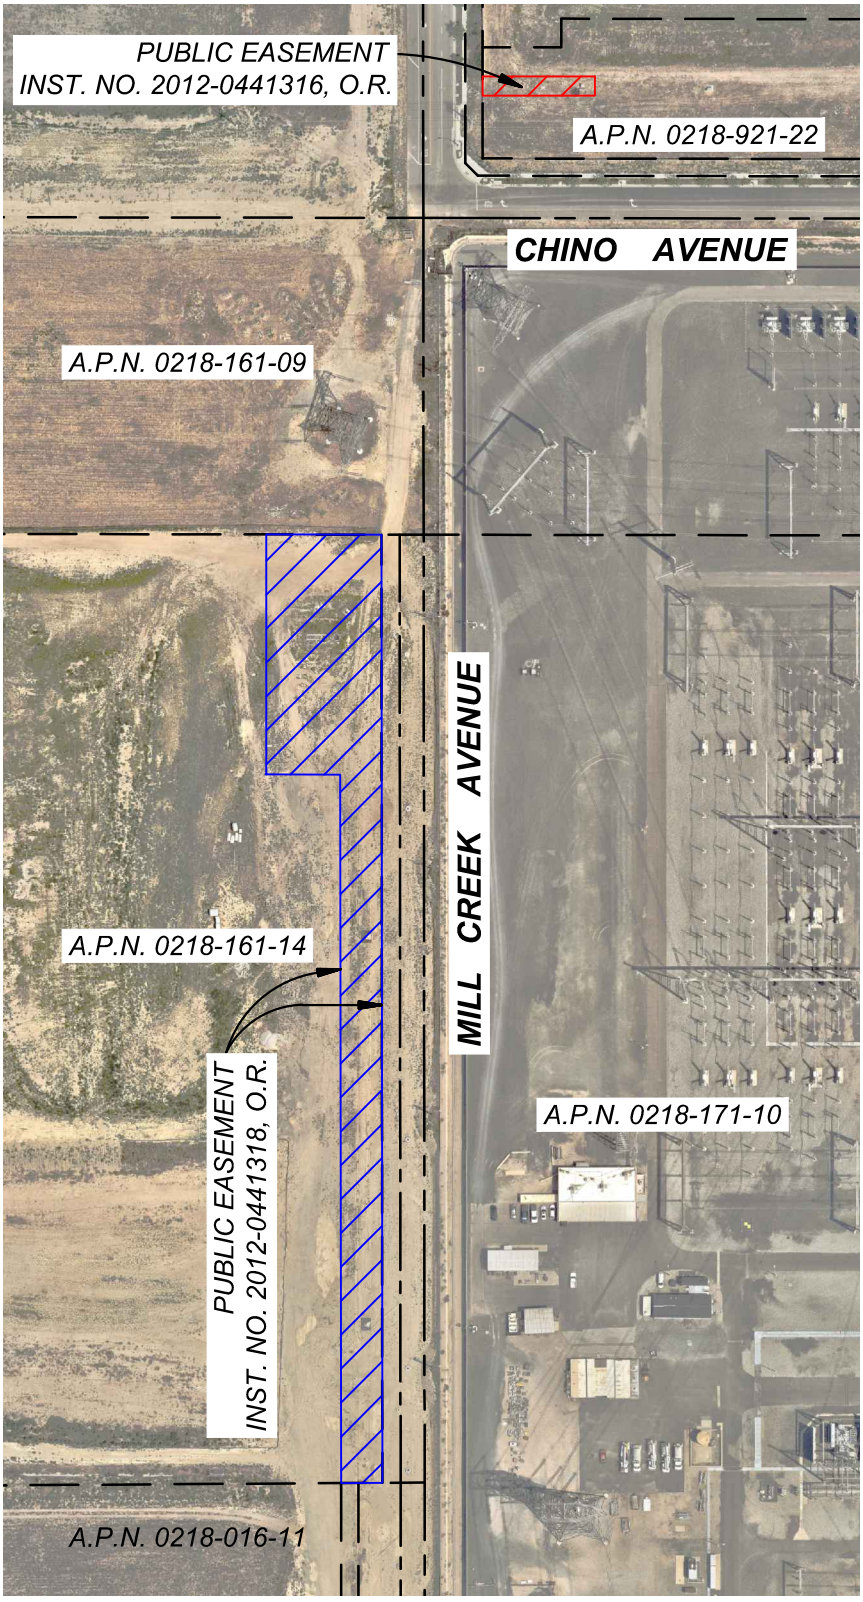
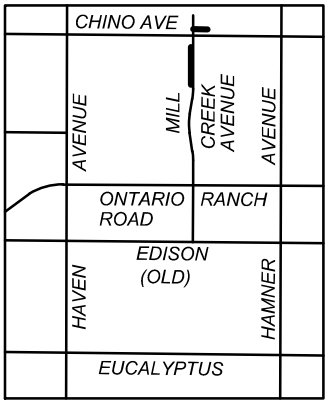
CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Engineering Prepared By: Jeffrey Tang Staff Member Presenting: Scott Murphy, Executive Director Community Development Reviewed By: Raymond Lee, Khoi Do Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 13

SUBJECT: A RESOLUTION OF INTENT TO VACATE TWO EASEMENTS FOR STORM DRAIN AND PUBLIC UTILITY PURPOSES



RECOMMENDATION: That the City Council adopt a Resolution declaring the intent to vacate two easements for storm drain and public utility purposes located at the northeast corner of Mill Creek Avenue and Chino Avenue and on Mill Creek Avenue approximately 330 feet south of Chino Avenue and to set the date, time and place for a public hearing to consider the matter.



THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: There is not a direct fiscal impact associated with this action. The City did not pay to acquire the subject easements. The Developer has paid the applicable processing fees to defray any City cost to process this request.

BACKGROUND & ANALYSIS: The applicant, BrookCal Ontario, LLC, has requested that the City vacate two existing easements for storm drain and public utility purposes, as shown on Exhibit A, to facilitate the development of the area. The northerly easement is currently used for a storm drain pump but will not be needed in the future with installation of the public storm drain system. The southerly easement is presently not needed for storm drain or public utility purposes. With the elimination of the storm drain pump, the easements are determined to be excess. Since these easements have been in use for more than five consecutive years immediately preceding the proposed vacation, California Streets and Highways Code requires the City Council to hold a public hearing prior to taking action on the proposed vacation.

If approved by the City Council, the date and time for a public hearing shall be fixed as Tuesday, August 15, 2023, at 6:30 p.m. in the City Council Chambers, to consider this request.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, PERTAINING TO THE VACATION OF TWO EASEMENTS FOR STORM DRAIN AND PUBLIC UTILITY PURPOSES LOCATED AT THE NORTHEAST CORNER OF MILL CREEK AVENUE AND CHINO AVENUE AND ON MILL CREEK AVENUE APPROXIMATELY 330 FEET SOUTH OF CHINO AVENUE AND TO SET THE DATE, TIME AND PLACE FOR A PUBLIC HEARING.

WHEREAS, the City Council of the City of Ontario, California, declares its intention to vacate two easements for storm drain and public utility purposes; and

WHEREAS, an easement for storm drain and public utility purposes located at the northeast corner of Mill Creek Avenue and Chino Avenue, as shown on Document No. 2012-0441316, in the City of Ontario, County of San Bernardino, State of California, is not needed for any present or future public utility or other municipal purposes and is determined to be excess; and

WHEREAS, an easement for storm drain and public utility purposes located on Mill Creek Avenue approximately 330 feet south of Chino Avenue, as shown on Document No. 2012-0441318, in the City of Ontario, County of San Bernardino, State of California, is not needed for any present or future public utility or other municipal purposes and is determined to be excess; and

WHEREAS, the vacation herein proposed shall be carried through pursuant to the "Public Streets, Highways and Service Easements Vacation Law," being Part 3 of Division 9 of the Streets and Highways Code of the State of California; and

WHEREAS, notice is hereby given that on Tuesday, the 15th day of August, 2023, at the hour of 6:30 p.m., in the City Council Chambers of the City Hall of the City of Ontario, California, is the time and place fixed for hearing all persons interested in, or objecting to, the proposed vacation; and

WHEREAS, the City Engineer of said City of Ontario shall cause to be conspicuously posted, along the lines of the proposed vacations, notices of the passage of this Resolution of Intention, in the time, form and manner provided by said Code; and

WHEREAS, the City Clerk shall certify to the passage of this Resolution of Intention, and shall cause the same to be published after its adoption for at least two successive weeks in a newspaper of general circulation, published and circulated in said City of Ontario.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Parks & Maintenance Prepared By: Alfredo Banuelos Staff Member Presenting: Tito Haes, Executive Director Public Works Reviewed By: Bonnie Tam, Gina Gomez Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 14

SUBJECT: **A GOODS AND EQUIPMENT PURCHASE AGREEMENTS WITH ALL AMERICAN ASPHALT AND VULCAN MATERIALS CO. FOR THE PROCUREMENT OF ASPHALT MATERIALS**

RECOMMENDATION: That the City Council approve and authorize the procurement of asphalt materials by the City Manager or his designee, for a one-year period at the set pricing per Bid No.1625 with All American Asphalt of Corona, California, for a not-to-exceed contract amount of $965,970 and Vulcan Materials Co., of Irwindale, California, for a not-to-exceed amount of $55,000, for a total not-to-exceed contract amount of $1,020,970 for Fiscal Year 2023-24.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: The total not-to-exceed contract amount for All American Asphalt is $965,970. The total not-to-exceed contract amount for Vulcan Materials Co., is $55,000, with the Parks and Maintenance Department utilizing $35,000 and the Utilities Department utilizing $20,000. The Fiscal Year 2023-24 Adopted Budget includes appropriations in the Gas Tax Fund and Water Administration Fund for the procurement of asphalt materials for street overlay and maintenance work.

BACKGROUND & ANALYSIS: The City routinely purchases asphalt and other materials from suppliers on an as-needed basis for on-going maintenance and repairs. The suppliers will be compensated for materials based on the fee structures and material billing rate set forth in the respective one-year purchasing Agreements.

On April 11, 2023, the City solicited bids for the purchase of asphalt materials. On April 27, 2023, two bids were received ranging from $697.60 and $1,008.09 per ton. The unit cost includes the additional costs of sales tax and delivery. After reviewing the bids, and based on credentials, pricing, favorable product availability and service, it was determined that All American Asphalt was the lowest responsible bidder.

Bid results are listed below:

Vendor	Location	Price Per Ton
All American Asphalt	Corona, California	$697.60
Vulcan Materials Co.	Irwindale, California	$1,008.09

Purchasing from multiple suppliers is recommended in order to give the City the flexibility required to ensure the quality and timeliness of materials. Therefore, Staff will order from All American Asphalt for the residential overlay program and Vulcan Materials Co. for pothole and other materials. The selected suppliers possess the knowledge, qualifications, and experience needed to meet all Federal and State requirements.

Department: Engineering Prepared By: Jeffrey Tang Staff Member Presenting: Scott Murphy, Executive Director Community Development Reviewed By: Raymond Lee, Khoi Do Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 15

SUBJECT: A LANDSCAPE MAINTENANCE SERVICES AGREEMENT WITH NATURES IMAGE FOR THE MILL CREEK WETLANDS FACILITY

RECOMMENDATION: That the City Council approve and authorize the City Manager or his designee to execute a one-year Maintenance Services Agreement (on file with the Records Management Department) with Natures Image, of Lake Forest, California, to provide landscape maintenance services for the Mill Creek Wetlands facility for a contract cost of $363,300 plus a 10% contingency of $36,330 for an authorized expenditure of $399,630; and authorize the City Manager or his designee to extend the Agreement for up to four additional one year periods with any required future amendments consistent with City Council approved budgets.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: The Fiscal Year 2023-24 Adopted Operating Budget includes appropriations of $572,000 for maintenance services for the Mill Creek Wetlands facility. The total recommended expenditure authorization of $399,630 includes the contract amount of $363,300 plus a 10% contingency of $36,330. At the discretion of the City, the contract may be extended for up to four additional one-year periods with any increase to billing rates to be negotiated for each year, consistent with the City Council approved budget.

BACKGROUND & ANALYSIS: The Mill Creek Wetlands facility project was partially funded by a State Proposition 40 grant. The Operations and Maintenance Program for the wetlands was developed based on the grant requirements and was approved by the State Water Resources Control Board. This program includes specific landscape maintenance requirements to achieve adequate water quality performance objectives.

A request for proposal for landscape maintenance services for the Mill Creek Wetlands was issued

in June 2023. The City received five proposals from the following companies and has evaluated them based on their qualifications, resources, past experiences with similar projects, staff qualifications and references.

Company	Location
BrightView	Upland, CA
Orozco Landscape	Pomona, CA
Mariposa Landscape, Inc	Irwindale, CA
Natures Image	Lake Forest, CA
Nova Landscape Group	Fontana, CA

Staff recommends the approval of a Maintenance Service Agreement with Natures Image as the most qualified company for the specified scope of work.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Information Technology Prepared By: Samantha Robles Staff Member Presenting: Colin Fernandes, Executive Director Information Technology Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 16

SUBJECT: A RENEWAL AGREEMENT WITH CENTRALSQUARE TECHNOLOGIES, LLC., FOR 911 DISPATCH SYSTEM

RECOMMENDATION: That the City Council authorizes the City Manager or his designee to execute a Solutions Agreement (on file with the Records Management Department) with CentralSquare Technologies, LLC., of Lake Mary, Florida, for the use of Computer-Aided Dispatch (CAD) and Records Management Systems (RMS), used by the Police and Fire Department in the amount not-to-exceed $642,065.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner

FISCAL IMPACT: The Fiscal Year 2023-24 Adopted Budget includes appropriations from the Information Technology Fund for annual licensing and support for CentralSquare Technologies, Inc. The proposed Solutions Agreement term will be for one (1) year, with an optional renewal period for one (1) year. The annual licensing and support cost will be $313,202 for year one. The cost of year two increases by $15,661 for a total not-to-exceed $328,863. This brings the total not-to-exceed contract amount to $642,065. The fixed billing rates specified in the current Agreement will determine the amount charged for services and reflect the actual services provided. If approved, appropriations will be added to the future years' budgets consistent with the annual budget adoption process.

BACKGROUND & ANALYSIS:

The Computer-Aided Dispatch (CAD) from CentralSquare has been in use by the City's Police and Fire Departments to receive 911 calls and coordinate responses since 2004. This system provides the software tools for the City's dispatchers and the software used in the City's Police vehicles. The Police Department also uses CentralSquare's Records Management System (RMS) to capture law enforcement reports, manage cases, and report crime statistics to state and federal authorities. Staff requests City Council approval for a one-year Agreement with an optional one additional year extension for a not-to-exceed amount of $642,065.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Municipal Services Prepared By: Manuel Rebolledo Staff Member Presenting: Tito Haes, Executive Director Public Works Reviewed By: Bonnie Tam, Andrea Ampig Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 17

SUBJECT: A CHANGE ORDER TO THE CONSTRUCTION CONTRACT WITH BCM GROUP, INC. FOR THE POLICE DEPARTMENT FLEET SHOP

RECOMMENDATION: That the City Council take the following actions:

A. Authorize the City Manager or his designee to execute Change Order No. 4 to the Construction Contract (on file in the Records Management Department) with BCM Group, Inc., of Rancho Cucamonga, California, in the amount of $128,196 plus a contingency of $77,820 for a total amount not-to-exceed $206,016 for the Police Department Fleet Shop; and
B. Authorize the City Manager or his designee to execute said contract and authorize the filing of the notice of completion at the conclusion of all construction activities related to the project.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The original contract amount with BCM Group, Inc. for the Police Department Fleet Shop was $649,999 plus a 10% contingency of $64,999 for a total amount of $714,998. Previously, Change Orders No. 1, No. 2, and No. 3 were approved for $10,809, $19,306, and $27,483, respectively. The proposed Change Order No. 4 in the amount of $128,196 plus a contingency of $77,820 will increase the current not-to-exceed authorization for the Construction Contract to an amount of $921,014. If approved, the remaining balance of $198,615 will be requested at a future quarterly budget update to the Facilities and Parks Maintenance Fund as needed.

BACKGROUND & ANALYSIS: The Police Department Fleet Shop will allow the Fleet Department Staff to repair and service Police Department Vehicles in a more timely and efficient manner.

On April 19, 2022, the City Council awarded a Construction Contract to BCM Group, Inc. for the construction of the Police Department Fleet Shop in the amount of $649,999 plus a 10% contingency of $64,999 for a total amount of $714,998. As the work progressed, several unforeseen conditions arose and three Change Orders were approved to address the issues. Change Order No.

1 was issued to add an air dryer to the compressed air system and purchase equipment for fluid containment and dispensing. Change Order No. 2 was issued to temporarily cut and cap the fire sprinkler lines in order to install the Glulam beam, install a new conduit for data cable routing, and jet existing sewer lines to prepare for demolition. Change Order No. 3 was issued to remove and replace the Glulam beam, demolish drywall to frame new exhaust fans, and test concrete samples.

Staff is proposing to execute Change Order No. 4 to complete additional work including drywall repairs caused by water damage and roof maintenance to mitigate further water damage. The relocation of floor drains, gas lines and water lines, and framing for light installation are also included in this Change Order. The proposed Change Order No. 4 will exceed the previously approved contingency amount by $198,615 and will allow the funding needed to complete the construction of the Police Department Fleet Shop. The estimated completion date for this project is August 2023, following the completion of the tasks in Change Order No. 4.

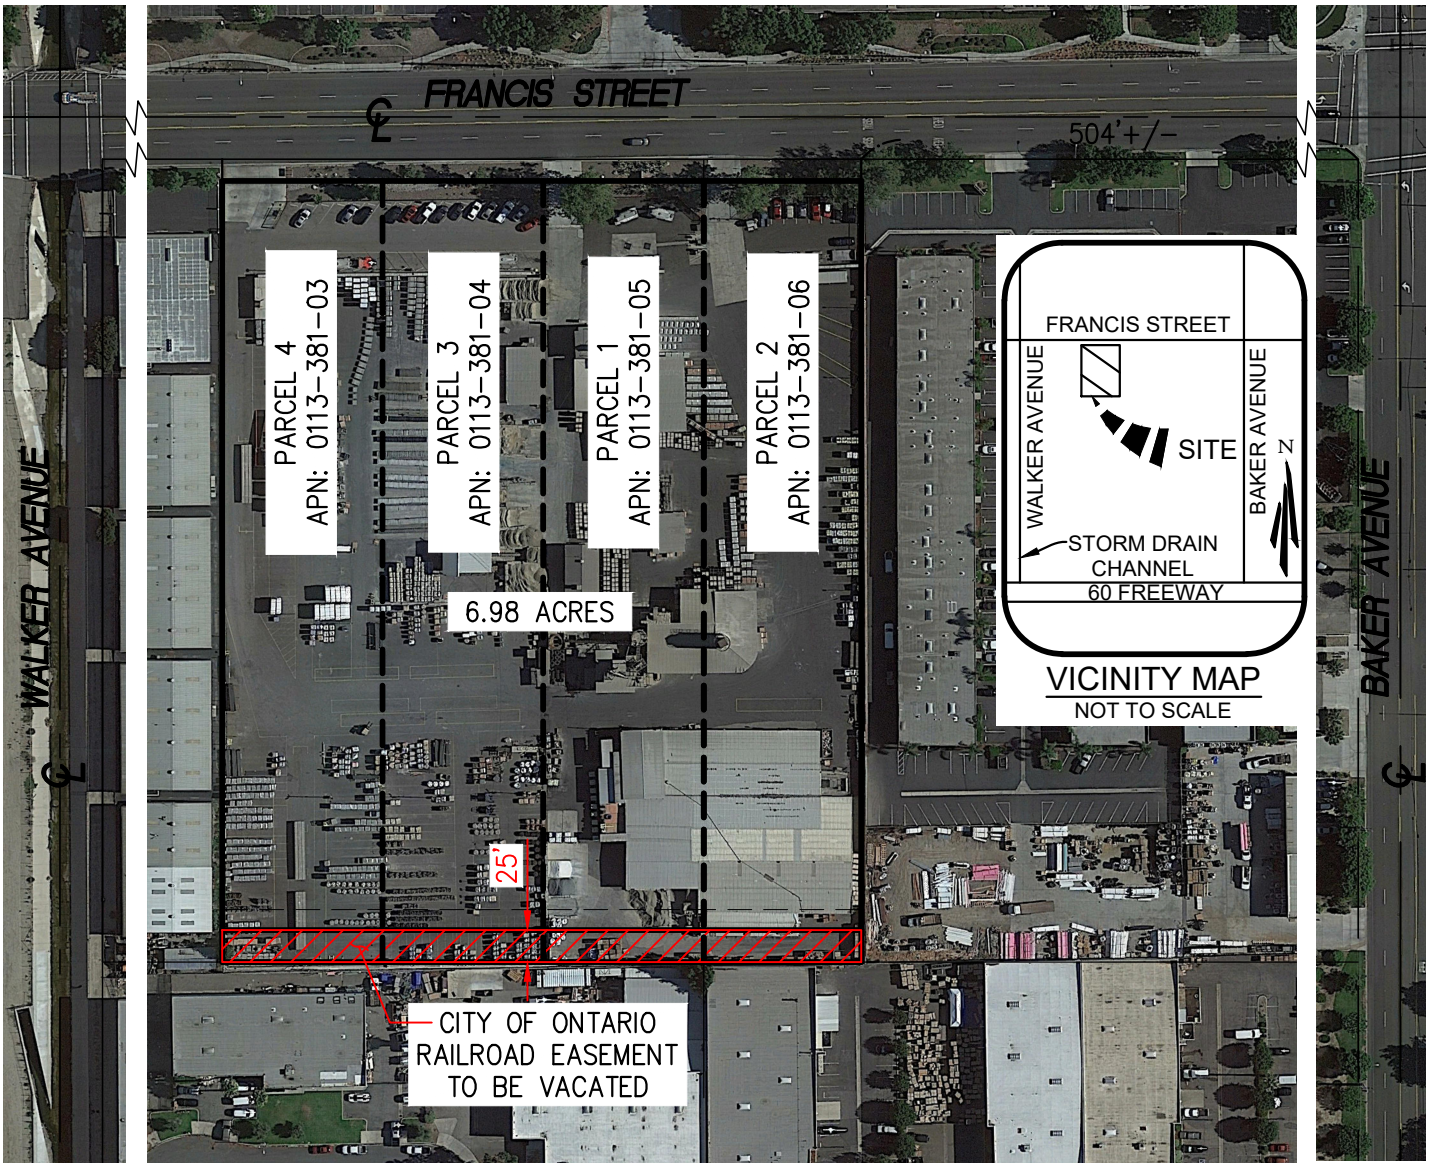
Item No: 18

SUBJECT: A RESOLUTION ORDERING THE SUMMARY VACATION OF AN EASEMENT FOR RAILROAD PURPOSES

RECOMMENDATION: That the City Council adopt a Resolution ordering the summary vacation of an easement for railroad purposes located south of Francis Street and west of Baker Avenue.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: There is not a direct fiscal impact associated with this action. The City did not pay to acquire the subject easement. The Developer has paid the applicable processing fees to defray any City cost to process this request.



BACKGROUND & ANALYSIS: The applicant, EPD Solutions, has requested that the City vacate an existing easement for railroad purposes, as shown on Exhibit 1, to facilitate the development of the area. The easement is not needed for any present or future public railroad purposes. There is currently no existing railroad improvements within the easement and the easement is determined to be excess.

Section 8333(c) of the California Streets and Highways Code authorizes the City to summarily vacate (by Resolution with no public hearing) a public service easement that has been superseded by relocation or determined to be excess, and there are no public facilities located within the easement.

This summary vacation meets the California Government Code, Streets and Highways Code, Ontario Municipal Code, and has been reviewed and approved by the City Engineer.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, ORDERING THE SUMMARY VACATION OF AN EASEMENT FOR RAILROAD PURPOSES LOCATED SOUTH OF FRANCIS STREET AND WEST OF BAKER AVENUE.

WHEREAS, the City Council of the City of Ontario, California, pursuant to Division 9, Part 3, Chapter 4, of the Streets and Highways Code, may summarily vacate an easement under certain conditions specified therein; and

WHEREAS, an easement for Railroad purposes located approximately 570 feet south of East Francis Street. and approximately 565 feet west of South Baker Avenue, described in the documents recorded on July 20,1959 as book 4879, page 426; July 20 1959 as book 4879, page 427; August 24, 1959 as book 4910, page 455; August 24,1959 as book 4910, page 456; all of official records, in the City of Ontario, County of San Bernadino, is not needed for any present or future railroad purpose purposes and is determined to be excess; and

WHEREAS, Section 8333(c) of the California Streets and Highways Code authorizes the City to summarily vacate (by Resolution with no public hearing) a public service easement that has been superseded by relocation or determined to be excess and there are no other public utilities located within the easement;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Ontario, California:

1. That the above recitals are true and correct.

2. That title to the above-described said properties, more specifically described in Exhibit “A” and depicted on Exhibit “B” attached hereto, shall be vacated.

3. That the City Clerk of the City of Ontario, California, shall cause a copy of this Resolution to be recorded in the office of the County Recorder of San Bernardino County, California.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Engineering Prepared By: Craig Cruz Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 19

SUBJECT: A DESIGN SERVICES AGREEMENT WITH MARK THOMAS & COMPANY, INC. FOR THE CAMPUS AVENUE AT-GRADE RAILWAY CROSSING SAFETY IMPROVEMENTS

RECOMMENDATION: That the City Council approve a Design Services Agreement (on file in the Records Management Department) with Mark Thomas & Company, Inc., of Irvine, California, to provide engineering design services for the Campus Avenue At-Grade Railway Crossing Safety Improvements in the amount of $449,734; and authorize the City Manager, or his designee, to execute said Agreement and future amendments within the authorization limits.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Maintain the Current High Level of Public Safety
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The Fiscal Year 2023-2024 Adopted Budget included $500,000 in Grant Funds for the design phase of the project (GR2319). The total recommended expenditure authorization for Mark Thomas & Company, Inc. consists of $449,734 plus a ten percent (10%) contingency of $44,974, for a total of $494,708. The City will be reimbursed 100% of the design costs up to the grant allocation of $500,000 from the Federal Highway Administration.

BACKGROUND & ANALYSIS: The California Public Utilities Commission (CPUC) identified Campus Avenue at the Union Pacific Railroad (UPRR) at-grade crossing a candidate location for Section 130 funding via a data driven methodology which includes, but is not limited to, train and vehicle volumes, geometric factors, pedestrians, buses and hazmat vehicles, and incident history. The City has been awarded Section 130 grant funding for a safety improvement project at Campus Avenue and the UPPR at-grade crossing. The Section 130 program is a federally funded program, administered by the State, for the elimination of hazards at highway rail at-grade crossings. The Agreement will provide for engineering design services for preparation of plans, specifications, estimates (PS&E), permit and utility coordination, and design support during construction for the at-grade railway crossing safety improvements.

In April 2023, the City solicited proposals for the project. The following is a list of consultants that submitted a proposal:

COMPANY	LOCATION
JMD, Inc.	City of Industry, CA
Mark Thomas & Company, Inc.	Irvine, CA
Moffatt & Nichol	Ontario, CA
Proactive Engineering Consultants, Inc.	Corona, CA
TKDA	San Bernardino, CA

The City accepted Mark Thomas & Company, Inc.'s proposal based upon the quality of their proposal, past performance on similar projects, and favorable references. Mark Thomas & Company, Inc. agreed to a base fee of $449,734, which is deemed a fair and reasonable fee for the specified scope of work.

Department: Parks & Maintenance Prepared By: Alfredo Banuelos Staff Member Presenting: Tito Haes, Executive Director Public Works Reviewed By: Bonnie Tam, Gina Gomez Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 20

SUBJECT: **A CONSTRUCTION CONTRACT WITH CT&T CONCRETE PAVING, INC. FOR AMERICANS WITH DISABILITIES ACT (ADA) CONCRETE RAMP CONSTRUCTION SERVICES**

RECOMMENDATION: That the City Council take the following actions:

A. Reject KNC Construction, Inc.'s bid protest against CT&T Concrete Paving, Inc. for ADA Concrete Ramp Construction Services;
B. Authorize the City Manager or his designee to execute a one-year Construction Contract with CT&T Concrete Paving, Inc., of Diamond Bar, California, for ADA Concrete Ramp Construction Services for a total not-to-exceed contract amount of $175,000; and
C. Authorize the City Manager or his designee to execute all documents required for the completion of the project including, but not limited to, contracts, agreements, assessments, reductions of retention accounts, and filing a notice of completion at the conclusion of all construction related activities.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The Fiscal Year 2023-24 Adopted Budget includes appropriations of $175,000 in the Community Development Block Grant (CDBG) Fund for ADA Concrete Ramp Construction Services.

BACKGROUND & ANALYSIS: The Public Works Agency is responsible for the maintenance and installation of ADA ramps citywide. On average, every year, 35 new ADA ramps are installed throughout the City using a construction contract vendor. On June 1, 2023, the City solicited bids for ADA Concrete Ramps Construction Services. Three bids were received and CT&T Concrete Paving, Inc., located in Diamond Bar, California, was the apparent low bidder. On June 15, 2023, the Public Works Agency received an email from KNC Construction, Inc. stating that it is protesting the decision for this bid. The City 's bid instruction requires bidders to submit a protest to the City

Clerk's Office, in writing or in person, and identify all relevant supporting documentation with the protest. KNC Construction, Inc. submitted only an email to the Public Works Agency, not the City Clerk's Office. Since the bid protest was not submitted pursuant to the proper procedures outlined in the bid instructions, the City may disregard and reject the protest without further review. CT&T Concrete Paving, Inc. remains the lowest responsive bidder. A summary of the bid results are as follows:

Vendor	**Location**	**Bid Unit Price (Per Ramp)**	**Total Bid Unit Price**
CT&T Concrete Paving, Inc.	Diamond Bar, California	$5,705	$13,885
High Point Concrete Construction	Victorville, California	$6,000	$14,501
KNC Construction, Inc.	Apple Valley, California	$9,600	$147,000

CT&T Concrete Paving, Inc., of Diamond Bar, California, submitted the lowest responsible bid that met all the local and federal required specifications for a unit price of $5,705 per ramp and a total unit price of $13,885.10 per ramp with different types of additional services. Additional services would be charged per ramp only when rock curb, Portland Cement Concrete (PCC) curb, or drive approach is removed and replaced. A one-time mobilization cost of $7,500 will be charged for the establishment of construction sites. Based on their credentials, pricing, and favorable reference checks, Staff recommends awarding the Construction Contract to CT&T Concrete Paving, Inc.

Department: Utilities Prepared By: Andy Marquez Staff Member Presenting: Scott Burton, Utilities General Manager Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 21

SUBJECT: PURCHASE OF WATER METERS AND REPAIR PARTS FROM HYDROPRO SOLUTIONS

RECOMMENDATION: That the City Council approve and authorize the sole source purchase of new water meters and repair parts for a total not-to-exceed amount of $2,900,000 from HydroPro Solutions of Ontario, California, and authorize the City Manager or designee to execute a Goods and Equipment Agreement.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Focus Resources in Ontario's Commercial and Residential Neighborhoods

FISCAL IMPACT: The actual cost of meters to be purchased will be determined based on unit pricing for the various sizes of meters and actual meter repair, replacement, and new installation needs. The Fiscal Year 2023-24 Water Operating and Capital Improvement Program Budgets include $2,900,000 for the purchase of new and replacement meters and repair parts. Development projects pay for new meter installations, while the cost of the meter testing, repair and replacement is included in the City's water rates. There is no impact to the General Fund.

BACKGROUND & ANALYSIS: There are over 44,000 water meters Citywide, which serve residential, industrial and commercial businesses as well as a landscape areas; this includes recycled water connections. The accuracy of meters has a direct relationship to accounting and billing for water service. To maintain accuracy and functionality, meters need to be replaced approximately every twelve years, and they are repaired as needed. In Fiscal Year 2022-23, approximately 2,700 residential meters were replaced, and 700 new meters were installed.

The meters are set-up for Automated Meter Infrastructure (AMI). This allows for Customer Service Staff to connect remotely and have access to meter data in real time without drive-by meter reading. This real time data retrieval process will assist OMUC in the effort to maintain up to date meter data, identify water waste, and aid in the early detection process of potential leaks or breaks in consumers on-site lines.

The Master Meter Radio Read Meter was selected as the City standard specification for all new and replacement meter installations as a result of a public bid process and product evaluation that took place in 2001, when six different vendors and product lines were evaluated.

To maintain consistency with our standardized meters that are already in place throughout the City, the purchase of these new meters can only be made directly through the manufacturer. Section 2-6.11 (b) (2) of the Ontario Municipal Code states that sole source purchases are authorized if there is only one procurement source. HydroPro Solutions is the exclusive distributor in California for Master Meter Radio Read Meters and generally has uniform pricing for water utilizing its products, and Staff has reviewed pricing and recommends this sole-source award to HydroPro Solutions upon the completion of a negotiated Agreement.

Department: Utilities Prepared By: Dennice Raygoza Staff Member Presenting: Scott Burton, Utilities General Manager Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 22

SUBJECT: **AN AMENDMENT TO A MAINTENANCE SERVICE AGREEMENT WITH BAY ALARM COMPANY FOR THE ONTARIO MUNICIPAL SERVICES CENTER FIRE ALARM SYSTEM**

RECOMMENDATION: That the City Council approve and authorize the City Manager, or designee, to execute Amendment No. 6 to the Maintenance Service Agreement (on file in the Records Management Department) with Bay Alarm Company, of Concord, California, for a total not-to-exceed amount of $96,590, for the fire alarm system upgrade, and a term to June 30, 2025.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The proposed Amendment No. 6 to Bay Alarm Company increases the existing agreement by $96,590, for a total revised agreement amount of $1,010,347. The Fiscal Year 2023-24 Adopted Capital Improvement Program includes appropriations from the Water and Sewer Capital Fund to cover the cost of these services. There is no impact to the General Fund.

BACKGROUND & ANALYSIS: The Ontario Municipal Services Center (OMSC) building located at 1425 S. Bon View Avenue houses the Ontario Municipal Utilities Company (OMUC) and the Public Works Agency.

The current fire alarm system in the building is due for an upgrade based on its age, range of coverage, and communication portals. An upgrade to the current system will provide an updated fire sprinkler system including upgraded and added water flows (piping), new strobes and lighting, updated alarm system, automatic smoke/heat detection system, and full notification and manual pull stations.

On April 7, 2020, City Council approved a pre-authorized list of vendors to provide services and parts for City facilities and structures. Bay Alarm Company (formerly known as Mijac Alarm) was authorized as the City's Sole Source Vendor for burglar alarms, fire alarms and access controls.

Department: Financial Services Prepared By: Cruz Torres Staff Member Presenting: Armen Harkalyan, Executive Director of Finance Reviewed By: Cecilia House Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 23

SUBJECT: **AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, LEVYING SPECIAL TAXES WITHIN CITY OF ONTARIO COMMUNITY FACILITIES DISTRICT NO. 61 (MERRILL COMMERCE CENTER)**

RECOMMENDATION: That the City Council consider and adopt an Ordinance authorizing the levy of special taxes within City of Ontario Community Facilities District No. 61 (Merrill Commerce Center).

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: The use of Mello-Roos financing in the Merrill Commerce Center Services development is projected to generate approximately $986,000 to fund Administrative Fees and Municipal Services. The use of Mello-Roos financing to fund City services is critical in achieving the City Council's goal to "Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch". The use of Mello-Roos financing for the Merrill Commerce Center will not generate funds for facilities, and bonds will not be issued for this formation. The General Fund will be reimbursed approximately $940,000 for Municipal Services after the administrative expenses are deducted. City Council approval will be required to process annual special tax levies in future years.

BACKGROUND & ANALYSIS: The Mello-Roos Community Facilities Act of 1982 (the Act) provides local government, with the consent from a majority of the property owners, the authority to establish community facilities districts for the purpose of levying special taxes to fund governmental services.

At a public hearing conducted by the City Council on June 20, 2023, the City Council adopted a Resolution that established Community Facilities District 61 (Merrill Commerce Center); authorized the levy of a special tax within the Community Facilities District and called an election within the

Community Facilities District authorizing levying a special tax within the Community Facilities District. On that date, an election was held in which the qualified electors of the Community Facilities District approved said proposition by more than the two-thirds vote required by the Act. Adoption of the proposed ordinance to authorize the levy of special taxes within the Community Facilities District will conclude the formation process for City of Ontario Community Facilities District No. 61 (Merrill Commerce Center).

The Merrill Commerce Center project addresses the development of approximately 385.61 gross acres located generally west of Carpenter Avenue, east of Grove Avenue, south of Eucalyptus Avenue, and north of Merrill Avenue. At build-out, the project is expected to include 7,341,068 square feet of business park/industrial space.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, LEVYING A SPECIAL TAX WITHIN THE CITY OF ONTARIO COMMUNITY FACILITIES DISTRICT NO. 61 (MERRILL COMMERCE CENTER SERVICES).

WHEREAS, on May 16, 2023, the City Council (the "City Council") of the City of Ontario (the "City"), pursuant to the Mello-Roos Community Facilities Act of 1982 (the "Act"), adopted a resolution entitled "A Resolution of the City Council of the City of Ontario, California, of Intention to Establish a Community Facilities District Proposed to be Named City of Ontario Community Facilities District No. 61 (Merrill Commerce Center Services) and to Authorize the Levy of a Special Tax" stating its intention to establish City of Ontario Community Facilities District No. 61 (Merrill Commerce Center Services) (the "Community Facilities District"), to authorize the levy of a special tax (the "Special Tax") within the Community Facilities District and to finance certain services (the "Services"); and

WHEREAS, on June 20, 2023, the City Council held a noticed public hearing on the establishment of the Community Facilities District, as required by the Act; and

WHEREAS, subsequent to the close of said hearing, the City Council adopted resolutions entitled "A Resolution of the City Council of the City of Ontario, California, of Formation of the City of Ontario Community Facilities District No. 61 (Merrill Commerce Center Services), Authorizing the Levy of a Special Tax within the Community Facilities District and Establishing an Appropriations Limit for the Community Facilities District" (the "Resolution of Formation") and "A Resolution of the City Council of the City of Ontario, California, Calling Special Election for City of Ontario Community Facilities District No. 61 (Merrill Commerce Center Services)," which resolutions established the Community Facilities District, authorized the levy of the Special Tax within the Community Facilities District and called an election within the Community Facilities District on the proposition of levying the Special Tax within the Community Facilities District and establishing an appropriations limit of the Community Facilities District, respectively; and

WHEREAS, on June 20, 2023, an election was held in which the qualified electors of the Community Facilities District approved said proposition by more than the two-thirds vote required by the Act.

THE CITY COUNCIL OF THE CITY OF ONTARIO DOES ORDAIN AS FOLLOWS:

SECTION 1. The City Council hereby authorizes and levies the Special Tax within the Community Facilities District pursuant to Sections 53328 and 53340 of the Act, at the rate and in accordance with the method of apportionment set forth in Exhibit B to the Resolution of Formation (the "Rate and Method of Apportionment"). The Special Tax is hereby levied commencing in fiscal year 2023-24 and in each fiscal year thereafter until the last fiscal year in which such Special Tax is authorized to be levied pursuant to the Rate and Method of Apportionment.

SECTION 2. The City Council may, in accordance with subdivision (b) of Section 53340 of the Act, provide, by resolution, for the levy of the Special Tax in future tax years at the same rate or at a lower rate than the rate provided by this Ordinance. In no event shall the Special Tax be levied on any parcel within the Community Facilities District in excess of the maximum tax specified therefor in the Rate and Method of Apportionment.

SECTION 3. The Special Tax shall be levied on all of the parcels in the Community Facilities District, unless exempted by law or by the Rate and Method of Apportionment.

SECTION 4. The proceeds of the Special Tax shall only be used to pay, in whole or in part, the cost of providing the Services and incidental expenses pursuant to the Act.

SECTION 5. The Special Tax shall be collected in the same manner as ordinary *ad valorem* property taxes are collected and shall be subject to the same penalties and the same procedure, sale and lien priority in the case of delinquency as is provided for *ad valorem* taxes, unless another procedure is adopted by the City Council.

SECTION 6. If for any reason any portion of this Ordinance is found to be invalid, or if the Special Tax is found inapplicable to any particular parcel within the Community Facilities District, by a court of competent jurisdiction, the balance of this Ordinance and the application of the Special Tax to the remaining parcels within the Community Facilities District shall not be affected.

SECTION 7. The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within fifteen (15) days of the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

Department: Development Administration Prepared By: Derrick E Womble Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 24

SUBJECT: AN ORDINANCE MODIFYING THE PROCESSING AND ADMINISTRATION FEE FOR THE DEVELOPMENT IMPACT FEE (DIF) DEFERRAL PROGRAM

RECOMMENDATION: That the City Council consider and adopt an Ordinance modifying the processing and administration fee for the Development Impact Fee (DIF) Deferral Program.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Operate in a Businesslike Manner
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The Development Impact Fee (DIF) Deferral Program requires a processing and administration fee of $7,500 for deferral agreements. A review of the cost to process and administer the individual deferral agreements between the City of Ontario and the participating developers has occurred and concluded that a reduction in the fee to $4,000 is appropriate. The reduced fee will continue to cover the City's costs for initiating and administering the deferral agreements. The DIF Deferral Program will continue to address the City Council' s long-standing direction that new development generates enough revenue to fund required City infrastructure without reliance on financial resources of the City's General Fund.

BACKGROUND & ANALYSIS: On June 20, 2023, the City Council held a public hearing to introduce and waive further reading of an Ordinance modifying the processing and administration fee for the Development Impact Fee (DIF) Deferral Program.

On February 18, 2020, the City Council adopted Ordinance No. 3156, establishing a permanent DIF Deferral Program city-wide for residential and non-residential development, allowing developers the option to defer certain DIF from building permit issuance to final inspection. Ordinance No. 3156 set a processing and administration fee of $7,500 (estimated fee).

With a number of deferral agreements having been completed, Staff has conducted a review of the actual time and cost associated with individual agreements and concluded that a reduction in the

processing and administration fee to $4,000 is appropriate. The revised fee will continue to cover the City's costs for administering the fee deferral agreements.

The proposed Ordinance shall not modify or change any other terms or provisions previously established by Ordinance No. 3156, which shall remain in full force and effect. Any subsequent changes to the processing and administration fee shall be modified as part of the Citywide Fee Schedule update, approved by resolution of the City Council.

ORDINANCE NO. 3253

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, MODIFYING THE PROCESSING AND ADMINISTRATION FEE FOR THE DEVELOPMENT IMPACT FEE ("DIF") DEFERRAL PROGRAM.

WHEREAS, on June 23, 2003, the City Council of the City of Ontario (the "City Council") adopted Resolution No. 2003-039 to establish policies for the implementation of the new and modified Development Impact Fees ("DIF"). Resolution No. 2003-039 requires the payment of DIF no more than five (5) days prior to the issuance of building permits; and

WHEREAS, on July 1, 2003, the City Council adopted Ordinance Nos. 2779 and 2780 to implement new and modified DIF in recognition of the need to finance adequate infrastructure and other public improvements and facilities made necessary by new development in the City of Ontario (the "City"); and

WHEREAS, on February 18, 2020, the City Council adopted Ordinance No. 3156, establishing a permanent DIF Deferral Program city-wide for residential and non-residential development, allowing developers the option to defer certain DIF; and

WHEREAS, Ordinance No. 3156 established an Administrative Processing Fee of seven thousand five hundred dollars ($7,500); and

WHEREAS, a review of the estimated costs to process and administer the individual agreements between the City and the participating developers has occurred and concluded a modification to the Administrative Processing Fee is necessary; and

WHEREAS, the City Council, as the City's governing body, has the authority to establish and modify policies and fees for the implementation of the City's DIF Deferral Program; and

WHEREAS, City of Ontario Development Code Division 2.03 (Public Hearings) prescribes the manner in which public notification shall be provided and hearing procedures to be followed, and all such notifications and procedures have been completed; and

WHEREAS, on June 20, 2023, the City Council of the City of Ontario conducted a hearing and concluded said hearing on that date; and

WHEREAS, all legal prerequisites to the adoption of this Ordinance have occurred.

NOW, THEREFORE, IT IS HEREBY FOUND, DETERMINED, AND ORDAINED by the City Council of the City of Ontario, as follows:

SECTION 1: Section 7 of Ordinance No. 3156 is hereby amended to read as follows:

Processing and Administration Fee. A processing and administration fee is hereby authorized to be collected at the time the agreement is executed. The amount of the fee shall be specified in the City Fee Schedule, which may only be revised by a duly adopted resolution of the City Council. The fee is based upon the City's estimated costs to process and administer the individual agreements between the City and the participating developer and the costs of tracking and eventual collection of the deferred fees.

SECTION 2. The adoption of this Ordinance shall not modify or change any other terms or provisions previously established by Ordinance No. 3156, which shall remain in full force and effect.

SECTION 3. ***Effective Date.*** This Ordinance shall become effective 30 days following its adoption.

SECTION 4. ***Publication and Posting.*** The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within 15 days following the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Development Administration Prepared By: Derrick E Womble Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 25

SUBJECT: **AN ORDINANCE APPROVING A DEVELOPMENT AGREEMENT (FILE NO. PDA21-006) BETWEEN THE CITY OF ONTARIO AND EUCLID LAND VENTURE 2 LLC**

RECOMMENDATION: That the City Council consider and adopt an Ordinance approving a Development Agreement (File No. PDA21-006) between the City of Ontario and Euclid Land Venture 2 LLC, to establish the terms and conditions associated with Tentative Parcel Map No. 20517 (File No. PMTT22-005), an 80-acre property bordered by Eucalyptus, Campus, Merrill, and Sultana Avenues, within the Business Park and Industrial General land use district of the Ontario Ranch Business Park Specific Plan.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Operate in a Businesslike Manner
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: The proposed Development Agreement (File No. PDA21-006) will not have a direct impact on the City's General Fund. The Development Agreement will provide funding from the formation of a Community Facilities District (CFD) for City services and facilities required to support the Ontario Ranch Business Park Specific Plan (Specific Plan) development, thereby mitigating the increased costs associated with such services. In addition, the City will receive public service funding fees plus development impact, compliance processing, licensing, and permitting fees. No General Fund revenue will be used to support the Ontario Ranch development.

BACKGROUND & ANALYSIS: On June 20, 2023, the City Council held a public hearing to introduce and waive further reading of an Ordinance approving the Development Agreement (File No. PDA21-006).

The Ontario Ranch financial commitments required for construction of properties within a specific plan are substantial. Therefore, in order to adequately forecast these costs and gain assurance that

the project may proceed under the existing policies, rules, and regulations, Euclid Land Venture 2 LLC (Owner), has requested that the City enter into negotiations to create a Development Agreement (Agreement).

The Agreement is proposed outside of the NMC Builders' Construction Agreement development area and was established in coordination between the City Attorney and the Owner's legal counsel. The provisions of the Agreement are consistent with the commitments to assure adequate public infrastructure improvements are constructed or funded by the Owner.

The Agreement proposes to include 80 acres of land within the Industrial and Business Park land use districts of the Specific Plan, as shown on the attached Exhibit A. The Agreement grants the Owner a vested right to develop Tentative Parcel Map 20517 (the Map), provided the Owner complies with the terms and conditions of the Specific Plan and related Environmental Impact Report (EIR).

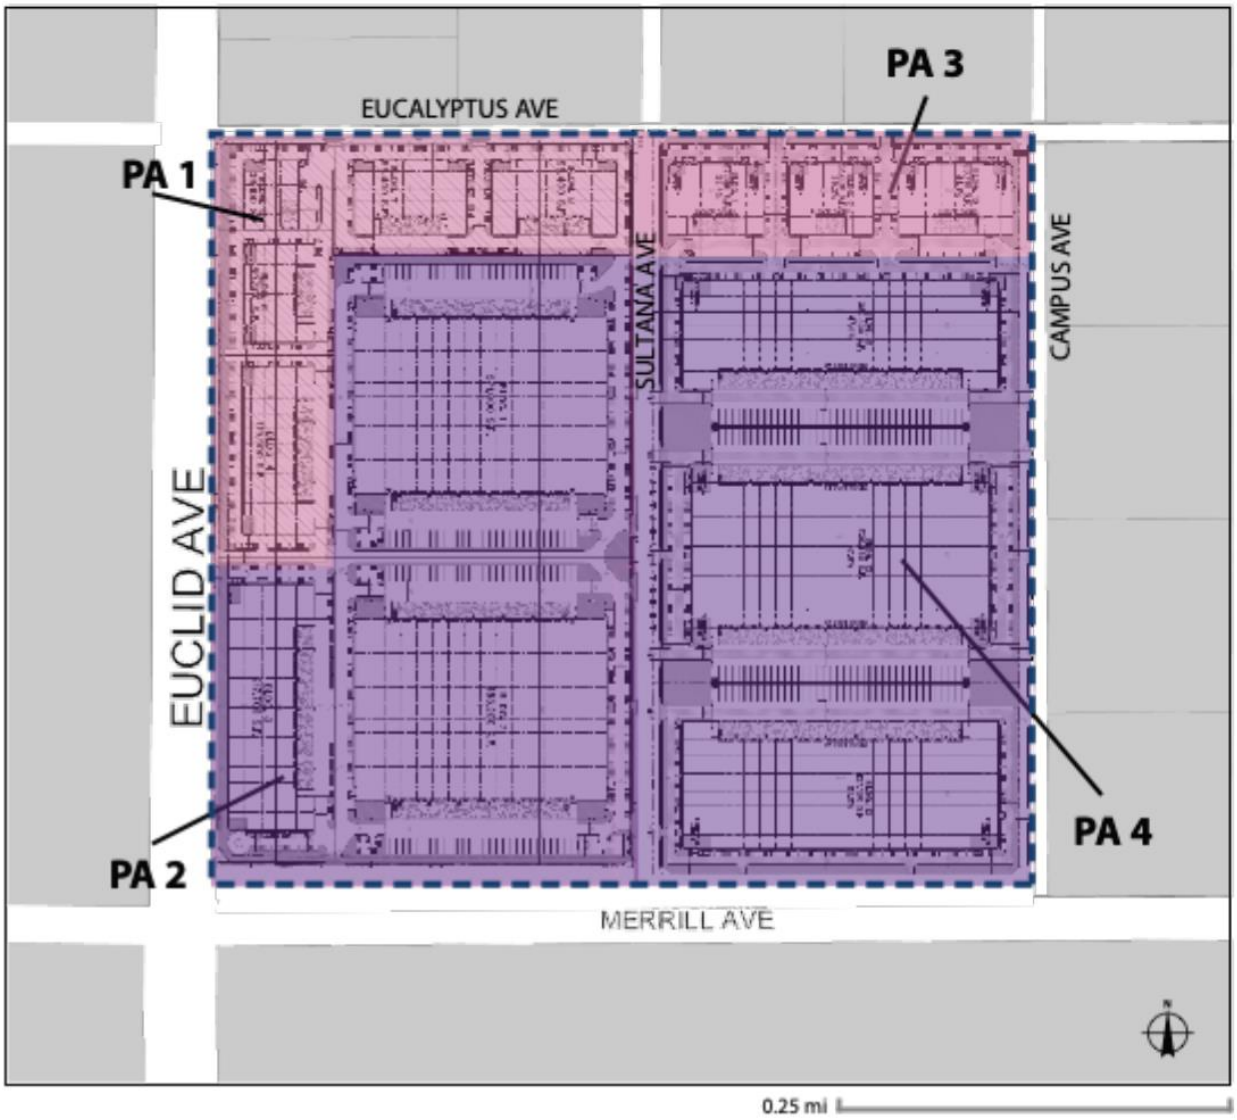
The Map (see attached Exhibit B) is bordered by Eucalyptus, Campus, Merrill, and Sultana Avenues, and proposes to subdivide 80 acres of land into six (6) parcels, for the potential development of six (6) industrial buildings totaling 1,559,204 square feet for business park and industrial uses.

The term of the Agreement is for 10 years, with a 5-year option to renew. The main points of the Agreement address funding for all new City expenses created by the project, which includes: Development Impact Fees (DIF) for construction of public improvements (i.e. streets and bridges, sewer, water, storm drain and fiber); Public Service Funding to ensure adequate provisions of public services (police, fire and other public services); and the creation of a Community Facilities District (CFD) for the maintenance of public facilities. Additionally, the Owner shall pay in lieu-fees to the City for the future construction and completion of Ontario Ranch Regional Water and Storm Drain improvements.

In considering the Agreement at their meeting on May 23, 2023, the Planning Commission found the Agreement to be consistent with State law, The Ontario Plan, and the City's Development Agreement policies. As a result, the Planning Commission adopted Resolution No. PC23-037 with a 4 to 0 vote, recommending City Council approval of the Agreement.

ENVIRONMENTAL REVIEW: The environmental impacts of this project were previously reviewed in conjunction with the Ontario Ranch Business Park Specific Plan Amendment (File No. PSPA21-002), for which a Final Subsequent Environmental Impact Report (State Clearinghouse No. 2019050018) was certified by the City Council on October 18, 2022. This application introduces no new significant environmental impacts. All previously adopted mitigation measures are a condition of Project approval and are incorporated herein by this reference.

Exhibit A— ONTARIO RANCH BUSINESS PARK SPECIFIC PLAN LAND USE MAP



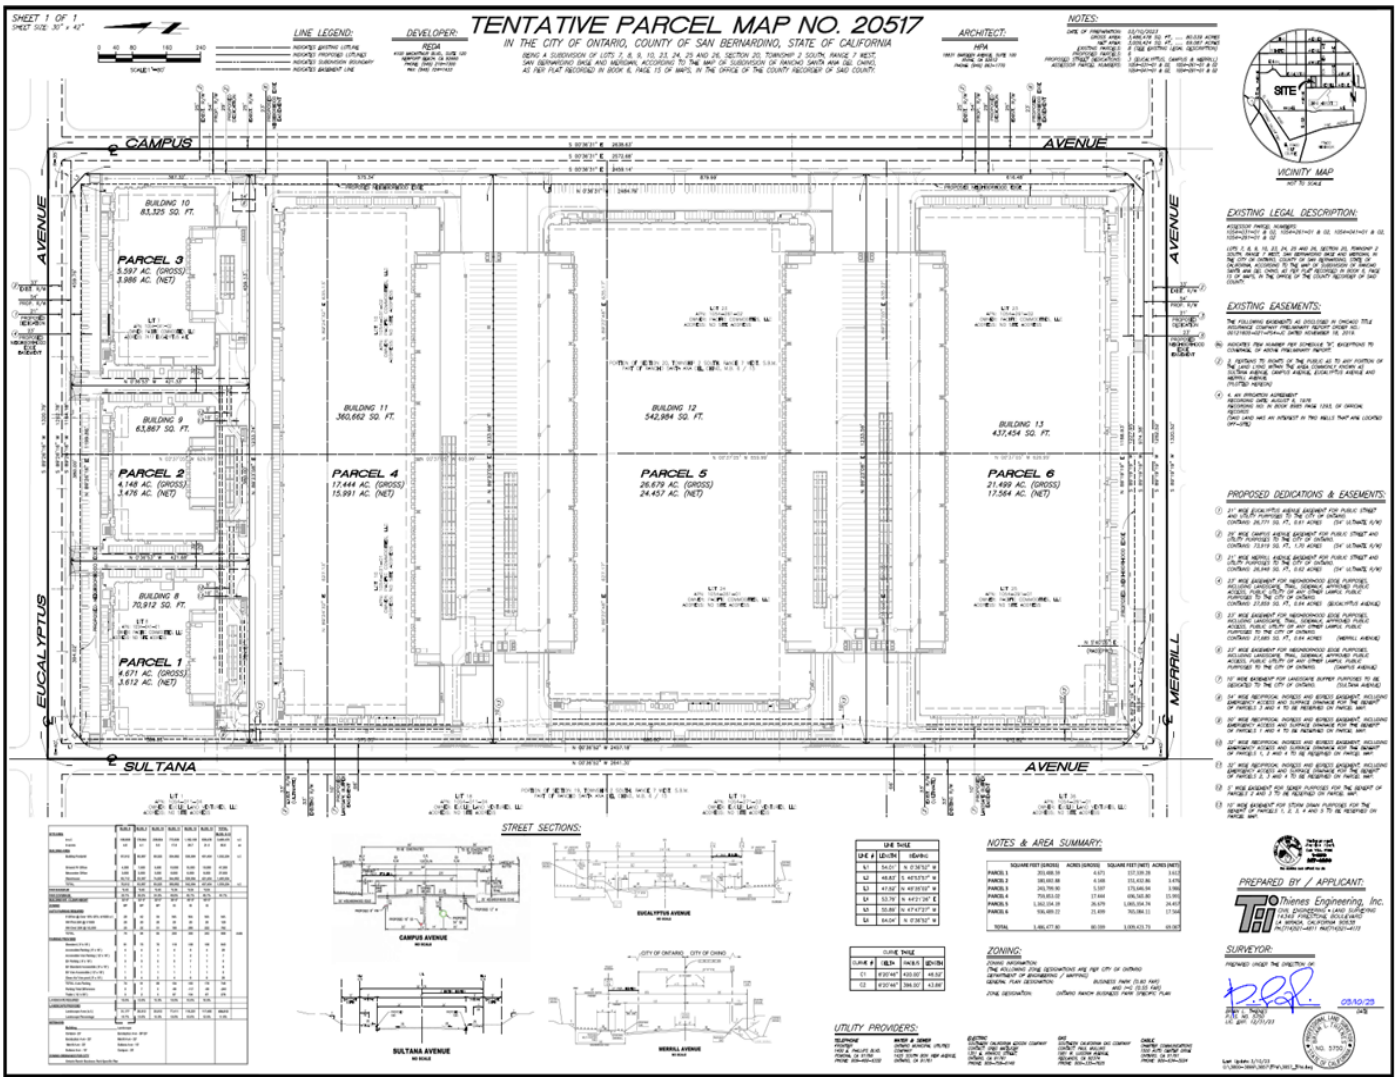


Exhibit B— TENTATIVE PARCEL MAP 20517

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING FILE NO. PDA21-006, A DEVELOPMENT AGREEMENT BETWEEN THE CITY OF ONTARIO AND EUCLID LAND VENTURE 2 LLC, TO ESTABLISH THE TERMS AND CONDITIONS ASSOCIATED WITH TENTATIVE PARCEL MAP NO. 20517 (FILE NO. PMTT22-005), AN 80 ACRE PROPERTY BORDERED BY EUCALYPTUS, CAMPUS, MERRILL, AND SULTANA AVENUES, LOCATED WITHIN THE BUSINESS PARK AND INDUSTRIAL GENERAL LAND USE DISTRICTS OF THE ONTARIO RANCH BUSINESS PARK SPECIFIC PLAN AND MAKING FINDINGS IN SUPPORT THEREOF—APNS: 1054-041-01, 1054-041-02, 1054-031-01, 1054-031-02, 1054-261-01, 1054-261-02, 1054-291-01, AND 1054-291-02.

WHEREAS, Euclid Land Venture 2 LLC ("Applicant") has filed an Application for the approval of a Development Agreement, File No. PDA21-006, as described in the title of this Resolution (hereinafter referred to as "Application" or "Project"); and

WHEREAS, the Application applies to 80 acres of land generally bordered by Eucalyptus, Campus, Merrill, and Sultana Avenues, located within the Business Park and Industrial General land use districts of the Ontario Ranch Business Park Specific Plan; and

WHEREAS, the Applicant has submitted a Tentative Parcel Map 20517 (File No. PMTT22-005) to subdivide 80 acres of land into six (6) parcels, to facilitate the potential development of 1,559,204 square feet of business park and industrial uses; and

WHEREAS, the environmental impacts of this project were previously reviewed in conjunction with the Ontario Ranch Business Park Specific Plan Amendment (File No. PSPA21-002), for which an Environmental Impact Report — State Clearinghouse No. 2019050018 — (hereinafter referred to as "Certified EIR") was adopted by the City Council on October 18, 2022, and this Application introduces no new significant environmental impacts; and

WHEREAS, Ontario Development Code Table 2.02-1 (Review Matrix) grants the City Council the responsibility and authority to review and act on the subject Application; and

WHEREAS, the Project is located within the Airport Influence Area of Ontario International Airport ("ONT"), which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties, and is subject to, and must be consistent with, the policies and criteria set forth in the Ontario International Airport Land Use Compatibility Plan (ALUCP), which applies only to jurisdictions within San Bernardino County, and addresses the noise, safety, airspace protection, and overflight impacts of current and future airport activity; and

WHEREAS, City of Ontario Development Code Division 2.03 (Public Hearings) prescribes the manner in which public notification shall be provided and hearing procedures to be followed, and all such notifications and procedures have been completed; and

WHEREAS, the Project has been reviewed for consistency with the Housing Element of the Policy Plan component of The Ontario Plan, as State Housing Element law (as prescribed in Government Code Sections 65580 through 65589.8) requires that development projects must be consistent with the Housing Element, if upon consideration of all its aspects, it is found to further the purposes, principals, goals, and policies of the Housing Element; and

WHEREAS, on May 23, 2023, the Planning Commission of the City of Ontario conducted a hearing to consider the Project, and concluded said hearing on that date, voting to issue Resolution No. PC23-037 recommending the City Council approve the Application; and

WHEREAS, on June 20, 2023, the City Council of the City of Ontario conducted a hearing to consider the Project, and concluded said hearing on that date; and

WHEREAS, all legal prerequisites to the adoption of this Resolution have occurred.

NOW, THEREFORE, IT IS HEREBY FOUND, DETERMINED, AND ORDAINED by the City Council of the City of Ontario, as follows:

SECTION 1. ***Environmental Determination and Findings.*** As the decision-making body for the Project, the City Council has reviewed and considered the information contained in the administrative record for the Project. Based upon the facts and information contained in the administrative record, including all written and oral evidence presented to the City Council, the City Council finds as follows:

(1) The environmental impacts of this project were previously reviewed in conjunction with the Ontario Ranch Business Park Specific Plan Amendment (File No. PSPA21-002), for which a Certified EIR was adopted by the City Council on October 18, 2022; and

(2) The previous Certified EIR contains a complete and accurate reporting of the environmental impacts associated with the Project; and

(3) The previous Certified EIR was completed in compliance with CEQA and the Guidelines promulgated thereunder; and

(4) The previous Certified EIR reflects the independent judgment of the Planning Commission; and

(5) The proposed project will introduce no new significant environmental impacts beyond those previously analyzed in the previous Certified EIR, and all mitigation measures previously adopted with the Certified EIR, are incorporated herein by this reference.

SECTION 2. ***Subsequent or Supplemental Environmental Review Not Required.*** Based on the information presented to the City Council and the specific findings set forth in Section 1, above, the City Council finds that the preparation of a subsequent or supplemental Certified EIR is not required for the Project, as the Project:

(1) Does not constitute substantial changes to the Certified EIR that will require major revisions to the Certified EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; and

(2) Does not constitute substantial changes with respect to the circumstances under which the Certified EIR was prepared, that will require major revisions to the Certified EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of the previously identified significant effects; and

(3) Does not contain new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence at the time the Certified EIR was certified/adopted, that shows any of the following:

(a) The project will have one or more significant effects not discussed in the Certified EIR; or

(b) Significant effects previously examined will be substantially more severe than shown in the Certified EIR; or

(c) Mitigation measures or alternatives previously found not to be feasible would in fact be feasible and would substantially reduce one or more significant effects of the Project, but the City declined to adopt such measures; or

(d) Mitigation measures or alternatives considerably different from those analyzed in the Certified EIR would substantially reduce one or more significant effects on the environment, but which the City declined to adopt.

SECTION 3. ***Housing Element Compliance.*** Pursuant to the requirements of California Government Code Chapter 3, Article 10.6, commencing with Section 65580, as the decision making body for the Project, the City Council finds that based on the facts and information contained in the Application and supporting documentation, at the time of Project implementation, the project is consistent with the Housing Element of the Policy Plan (General Plan) component of The Ontario Plan, as the project site is not one of the properties in the Housing Element Sites Inventory contained in Tables B-1 and B-2 of the Housing Element Technical Report.

SECTION 4. ***Airport Land Use Compatibility Plan ("ALUCP") Compliance.*** The California State Aeronautics Act (Public Utilities Code Section 21670 et seq.) requires that an Airport Land Use Compatibility Plan be prepared for all public use airports in the State; and requires that local land use plans and individual development proposals must be consistent with the policies set forth in the adopted Airport Land Use Compatibility Plan.

(1) On April 19, 2011, the City Council of the City of Ontario approved and adopted the Ontario International Airport Land use Compatibility Plan, establishing the Airport Influence Area for Ontario International Airport, which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties, and limits future land uses and development within the Airport Influence Area, as they relate to noise, safety, airspace protection, and overflight impacts of current and future airport activity. As the decision-making body for the Project, the City Council has reviewed and considered the facts and information contained in the Application and supporting documentation against the ONT ALUCP compatibility factors, including [1] Safety Criteria (ONT ALUCP Table 2-2) and Safety Zones (ONT ALUCP Map 2-2), [2] Noise Criteria (ONT ALUCP Table 2-3) and Noise Impact Zones (ONT ALUCP Map 2-3), [3] Airspace protection Zones (ONT ALUCP Map 2-4), and [4] Overflight Notification Zones (ONT ALUCP Map 2-5). As a result, the City Council, therefore, finds and determines that the Project, when implemented in conjunction with the conditions of approval, will be consistent with the policies and criteria set forth within the ONT ALUCP; and

(2) On August 2, 2022, the City Council of the City of Ontario approved and adopted a Development Code Amendment to establish the Chino Airport ("CNO") Overlay Zoning District ("OZD") and Reference I, Chino Airport Land Use Compatibility Plan ("CNO ALUCP"). The CNO OZD and CNO ALUCP established the Airport Influence Area for Chino Airport, solely within the City of Ontario, and limits future land uses and development within the Airport Influence Area, as they relate to safety, airspace protection, and overflight impacts of current and future airport activity. The CNO ALUCP is consistent with policies and criteria set forth within the Caltrans 2011 California Airport Land Use Planning Handbook. The proposed Project is located within the Airport Influence Area of Chino Airport and was evaluated and found to be consistent with the California Airport Land Use Planning Handbook and the CNO ALUCP. As the decision-making body for the Project, the City Council has reviewed and considered the facts and information contained in the Application and supporting documentation against the CNO ALUCP compatibility factors, including Safety, Airspace Protection, Overflight. As a result, the City Council, therefore, finds and determines that the Project, when implemented in conjunction with the conditions of approval, will be consistent with the policies and criteria set forth within the California Airport Land Use Planning Handbook and the Chino ALUCP.

SECTION 5. ***Concluding Facts and Reasons.*** Based upon the substantial evidence presented to the City Council during the above-referenced hearing, and upon the specific findings set forth in Section 1 through 4, above, the City Council hereby concludes as follows:

(1) The Development Agreement applies to approximately 80 acres of land bordered by Eucalyptus, Campus, Merrill, and Sultana Avenues, located within the Business Park and Industrial General land use districts of the Ontario Ranch Business Park Specific Plan Amendment (File No. PSPA21-002); and

(2) The Development Agreement establishes parameters for the development of land within the Ontario Ranch Business Park Specific Plan. The Development Agreement also grants the Applicant, the right to develop, the ability to quantify the fees;

and establish the terms and conditions that apply to those projects. These terms and conditions are consistent with The Ontario Plan Policy Plan (General Plan), design guidelines and development standards for the Ontario Ranch Business Park Specific Plan; and

(3) The Development Agreement grants the Owner a vested right to develop Tentative Parcel Map 20517 (File No. PMTT22-005) as long as the Owner complies with the terms and conditions of the Ontario Ranch Business Park Specific Plan and EIR. Tentative Parcel Map 20517 is bordered by Eucalyptus, Campus, Merrill, and Sultana Avenues, and proposes to subdivide 80 acres of land into six (6) parcels, to facilitate the potential development of 1,559,204 square feet of business park and industrial uses; and

(4) The Development Agreement has been prepared in conformance with the goals and policies of The Ontario Plan Policy Plan (General Plan); and

(5) The Development Agreement does not conflict with the Land Use Policies of The Ontario Plan Policy Plan (General Plan) and will provide for development, within the district, in a manner consistent with the Policy Plan and with related development; and

(6) This Development Agreement will promote the goals and objectives of the Land Use Element of the Policy Plan; and

(7) This Development Agreement will not be materially injurious or detrimental to the adjacent properties and will not have a significant impact on the environment or the surrounding properties. The environmental impacts of this project were previously reviewed in conjunction with the Ontario Ranch Business Park Specific Plan Amendment (File No. PSPA21-002), for which a Final Subsequent Environmental Impact Report (State Clearinghouse No. 2019050018) was certified by City Council on October 18, 2022; and

(8) This Application introduces no new significant environmental impacts. All previously adopted mitigation measures are a condition of project approval and are incorporated herein by this reference.

SECTION 6. ***City Council Action.*** Based upon the findings and conclusions set forth in Sections 1 through 5, above, the City Council hereby APPROVES the herein described Development Agreement (File No. PDA21-006), attached hereto as "Attachment A," and incorporated herein by this reference.

SECTION 7. ***Indemnification.*** The Applicant shall agree to defend, indemnify and hold harmless, the City of Ontario or its agents, officers, and employees from any claim, action or proceeding against the City of Ontario or its agents, officers or employees to attack, set aside, void, or annul this approval. The City of Ontario shall promptly notify the applicant of any such claim, action, or proceeding, and the City of Ontario shall cooperate fully in the defense.

SECTION 8. ***Custodian of Records.*** The documents and materials that constitute the record of proceedings on which these findings have been based are located at the City of Ontario City Hall, 303 East "B" Street, Ontario, California 91764. The custodian for these records is the City Clerk of the City of Ontario.

SECTION 9. ***Severability.*** If any section, sentence, clause or phrase of this Ordinance or the application thereof to any entity, person or circumstance is held for any reason to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect other provisions or applications of this Ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this Ordinance are severable. The People of the City of Ontario hereby declare that they would have adopted this Ordinance and each section, sentence, clause or phrase thereof, irrespective of the fact that any one or more section, subsections, sentences, clauses or phrases be declared invalid or unconstitutional.

SECTION 10. ***Effective Date.*** This Ordinance shall become effective 30 days following its adoption.

SECTION 11. ***Publication and Posting.*** The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within 15 days following the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

DEVELOPMENT AGREEMENT NO. PDA21-006

This Development Agreement (hereinafter "Agreement") is dated for reference purposes only as of the ____ day of _____, 2023 by and among the City of Ontario, a California municipal corporation (hereinafter "CITY"), and Euclid Land Venture 2, LLC, a Delaware limited liability company (hereinafter "OWNER"):

RECITALS

WHEREAS, CITY is authorized to enter into binding development agreements with persons having legal or equitable interests in real property for the development of such property, pursuant to Section 65864, et seq. of the Government Code and Section 4.01.015 of the Ontario Development Code; and

WHEREAS, OWNER has requested CITY to enter into a development agreement and proceedings have been taken in accordance with the rules and regulations of CITY; and

WHEREAS, by electing to enter into this Agreement, CITY shall bind future City Councils of CITY by the obligations specified herein and limit the future exercise of certain governmental and proprietary powers of CITY; and

WHEREAS, the terms and conditions of this Agreement have undergone extensive review by CITY and the City Council and have been found to be fair, just and reasonable; and

WHEREAS, the best interests of the citizens of the CITY and the public health, safety and welfare will be served by entering into this Agreement; and

WHEREAS, all of the procedures of the California Environmental Quality Act, Pub. Res. Code § 21000, et seq. ("CEQA") have been met with respect to the Project and the Agreement in that certain Ontario Ranch Business Park Specific Plan Amendment Subsequent Environmental Impact Report (State Clearinghouse No. 2019050018) (the "FEIR"); and

WHEREAS, on October 18, 2022, the City Council found and determined that the FEIR was prepared in accordance with the requirements of CEQA and adequately describes the impacts of the Project described in the FEIR, which included consideration of this Agreement; and

WHEREAS, this Agreement and the Project are consistent with the CITY's Comprehensive General Plan and the Ontario Ranch Business Park Specific Plan; and

WHEREAS, all actions taken and approvals given by CITY have been duly taken or approved in accordance with all applicable legal requirements for notice, public hearings, findings, votes, and other procedural matters; and

WHEREAS, development of the Project Site, as more particularly described and depicted in **Exhibits A** and **B**, respectively (the "Property") in accordance with this Agreement will provide substantial benefits to CITY and will further important policies and goals of CITY; and

WHEREAS, this Agreement will eliminate uncertainty in planning and provide for the orderly development of the Property, ensure progressive installation of necessary improvements, provide for public services appropriate to the development of the Project, and generally serve the purposes for which development agreements under Section 65864 et seq. of the Government Code are intended; and

WHEREAS, OWNER has incurred and will in the future incur substantial costs in order to assure development of the Property in accordance with this Agreement; and

WHEREAS, OWNER has incurred and will in the future incur substantial costs in excess of the generally applicable requirements in order to assure vesting of legal rights to develop the Property in accordance with this Agreement.

COVENANTS

NOW, THEREFORE, in consideration of the above recitals and of the mutual covenants hereinafter contained and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. DEFINITIONS AND EXHIBITS.

1.1 Definitions. The following terms when used in this Agreement shall be defined as follows:

1.1.1 "Agreement" means this Development Agreement.

1.1.2 "CITY" means the City of Ontario, California, a California municipal corporation.

1.1.3 "Development" means the improvement of the Property for the purposes of completing the structures, improvements and facilities comprising the Project including, but not limited to: grading; the construction of public infrastructure and public facilities related to the Project whether located within or outside the Property; the construction of buildings and structures; and the installation of landscaping. "Development" does not include the maintenance, repair, reconstruction or redevelopment of any building, structure, improvement or facility after the construction and completion thereof.

1.1.4 "Development Approvals" means all permits and other entitlements for use subject to approval or issuance by CITY in connection with development of the Property including, but not limited to:

(a) general plans and general plan amendments; and specific plans and specific plan amendments;

(b) tentative and final subdivision and parcel maps;

(c) development plan review.

1.1.5 "Development Exaction" means any requirement of CITY in connection with or pursuant to any Land Use Regulation or Development Approval for the dedication of land, the construction of improvements or public facilities, or the payment of fees in order to lessen, offset, mitigate or compensate for the impacts of development on the environment or other public interests.

1.1.6 "Development Impact Fee" means a monetary exaction, other than a tax or special assessment, whether characterized as a fee or a tax and whether established for a broad class of projects by legislation of general applicability or imposed on a specific project on an ad hoc basis, that is charged by a local agency to the applicant in connection with approval of a development project for the purpose of defraying all or a portion of the cost of public facilities related to the development project, and, for purposes of this Agreement only, includes fees collected under development agreements adopted pursuant to Article 2.5 of the Government Code (commencing with Section 65864) of Chapter 4. For purposes of this Agreement only, "Development Impact Fee" shall not include processing fees and charges imposed by CITY to cover the estimated actual costs to CITY of processing applications for Development Approvals or for monitoring compliance with any Development Approvals granted or issued, including, without limitation, fees for zoning variances; zoning changes; use permits; building inspections; building permits; filing and processing applications and petitions filed with the local agency formation commission or conducting preliminary proceedings or proceedings under the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, Division 3 (commencing with Section 56000) of Title 5 of the Government Code; the processing of maps under the provisions of the Subdivision Map Act, Division 2 (commencing with Section 66410) of Title 7 of the Government Code; or planning services under the authority of Chapter 3 (commencing with Section 65100) of Division 1 of Title 7 of the Government Code, fees and charges as described in Sections 51287, 56383, 57004, 65104, 65456, 65863.7, 65909.5, 66013, 66014, and 66451.2 of the Government Code, Sections 17951, 19132.3, and 19852 of the Health and Safety Code, Section 41901 of the Public Resources Code, and Section 21671.5 of the Public Utilities Code, as such codes may be amended or superseded, including by amendment or replacement.

1.1.7 "Development Plan" means the Existing Development Approvals and the Existing Land Use Regulations applicable to development of the Property.

1.1.8 "Effective Date" means the date that the ordinance approving this Agreement goes into effect.

1.1.9 "Existing Development Approvals" means all Development Approvals approved or issued on or prior to the Effective Date. Existing Development Approvals includes the Approvals incorporated herein as Exhibit "C" and all other Approvals which are a matter of public record on the Effective Date.

1.1.10 "Existing Land Use Regulations" means all Land Use Regulations in effect on the date of the first reading of the ordinance adopting and approving this Agreement. Existing Land Use Regulations includes the Regulations incorporated herein as Exhibit "D" and all other Land Use Regulations that are in effect and a matter of public record on such date.

1.1.11 "General Plan" means The Ontario Plan adopted on August 16, 2022, as amended up to the date of the first reading of the ordinance adopting and approving this Agreement.

1.1.12 "Improvement" or "Improvements" means those public improvements required to support the development of the Project as described in the Parcel Map conditions for Parcel Map No. 20517 ("Parcel Map") as further described in Exhibit "E" and depicted in Exhibit “F”(together, the "Infrastructure Improvements Exhibit").

1.1.13 "Land Use Regulations" means all ordinances, resolutions, codes, rules, regulations and official policies of CITY governing the development and use of land, including, without limitation, the permitted use of land, the density or intensity of use, subdivision requirements, timing and phasing of development, the maximum height and size of buildings, the provisions for reservation or dedication of land for public purposes, and the design, improvement and construction standards and specifications applicable to the development of the Property. "Land Use Regulations" does not include any CITY ordinance, resolution, code, rule, regulation or official policy, governing:

(a) the conduct of businesses, professions, and occupations;

(b) taxes and assessments;

(c) the control and abatement of nuisances;

(d) the granting of encroachment permits and the conveyance of similar rights and interests that provide for the use of or the entry upon public property;

(e) the exercise of the power of eminent domain.

1.1.14 "Mortgagee" means a mortgagee of a mortgage, a beneficiary under a deed of trust or any other security-device lender, and their successors and assigns.

1.1.15 "OWNER" means the persons and entities listed as owner on page 1 of this Agreement and their permitted successors in interest to all or any part of the Property.

1.1.16 "Owner Affiliate" shall mean, (i) any entity that directly or indirectly controls, is controlled by, or is under common control with OWNER, or (ii) an entity at least a majority of whose economic interest is owned by OWNER. For purposes of this definition, the term “control” means the power to direct the management of such entity through voting rights, ownership or contractual obligations.

1.1.17 “Phase” means the development area described in the Infrastructure Improvements Exhibit to this Agreement.

1.1.18 “Phase 2 Water Participation Fee” means the fee paid to the CITY for the Project, to fund the Property’s respective share of the project costs of the design and construction of the Phase 2 Water Improvements by the CITY. The Phase 2 Water Participation Fee shall be the calculated amount of the Regional Water DIF for the Project based upon the number of square feet, acreage, and land use category for non-residential square footage of the Project.

1.1.19 "Project" means the development of the Property contemplated by the Development Plan, as such Plan may be further defined, enhanced or modified pursuant to the provisions of this Agreement.

1.1.20 "Property" means the real property described on Exhibit "A" and shown on Exhibit "B" to this Agreement.

1.1.21 "Reservations of Authority" means the rights and authority excepted from the assurances and rights provided to OWNER under this Agreement and reserved to CITY under Section 3.4 of this Agreement.

1.1.22 "Specific Plan" means that certain specific plan adopted by the City Council, and entitled, "Ontario Ranch Business Park Specific Plan”.

1.1.23 "Subsequent Development Approvals" means all discretionary Development Approvals required subsequent to the Effective Date in connection with development of the Property. Subsequent Development Approvals shall be deemed to be subject to the provisions of this Agreement, without any further action needed on the part of either the CITY or OWNER.

1.1.24 "Subsequent Land Use Regulations" means any discretionary Land Use Regulations adopted and effective after the Effective Date of this Agreement.

1.2 Exhibits. The following documents are attached to, and by this reference made a part of, this Agreement:

Exhibit "A" — Legal Description of the Property.

Exhibit "B" — Map showing Property and its location.

Exhibit "C" — Existing Development Approvals.

Exhibit "D" — Existing Land Use Regulations.

Exhibit "E" — Description of Required Infrastructure Improvements

Exhibit "F" — Depiction of Infrastructure Improvements Exhibits

Exhibit "G" – Form of Certificate of DIF Credit to be issued by CITY

2. GENERAL PROVISIONS.

2.1 Binding Effect of Agreement. The Property is hereby made subject to this Agreement. Development of the Property is hereby authorized and shall be carried out only in accordance with the terms of this Agreement.

2.2 Ownership of Property. OWNER represents and covenants that it is the owner of fee simple title or the lessee or an optionee of the Property or a portion(s) thereof. To the extent applicable, OWNER has obtained written consent from the current fee owner of the Property agreeing to the terms of this Agreement and the recordation thereof.

2.3 Term. The term of this Agreement shall commence on the Effective Date and shall continue for an initial term of ten (10) years thereafter unless this term is modified or extended pursuant to the provisions of this Agreement. Upon approval by the City Manager, without the need for City Council approval, the term of this Agreement may be extended for an additional five (5) years following expiration of the initial ten (10) year term, provided the following have occurred:

(a) OWNER provides at least 180 days written notice to CITY prior to expiration of the initial term; and

(b) OWNER is not then in uncured default of this Agreement.

2.4 Assignment.

2.4.1 Right to Assign. OWNER shall have the right to sell, transfer or assign the Property in whole or in part (provided that no such partial transfer shall violate the Subdivision Map Act, Government Code Section 66410, et seq.), to any person, partnership, limited liability company, joint venture, firm or corporation at any time during the term of this Agreement; provided, however, that any such sale, transfer or assignment shall include the assignment and assumption of the rights, duties and obligations arising under or from this Agreement with respect to the portion of the Property sold and be made in strict compliance with the following:

(a) Except as expressly provided for herein, no sale, transfer or assignment of any right or interest under this Agreement shall be made unless made together with the sale, transfer or assignment of all or a part of the Property.

(b) Concurrent with any such sale, transfer or assignment, or within fifteen (15) business days thereafter, OWNER shall notify CITY's City Manager, in writing, of such sale, transfer or assignment and shall provide CITY with: (1) an executed agreement, in a form reasonably acceptable to CITY, by the purchaser, transferee or assignee and providing therein that the purchaser, transferee or assignee expressly and unconditionally assumes all the duties and obligations of OWNER under this Agreement with respect to the portion of the Property so sold, transferred or assigned.

(c) Any sale, transfer or assignment not made in strict compliance with the foregoing conditions shall constitute a default by OWNER under this Agreement. Notwithstanding the failure of any purchaser, transferee or assignee to execute the agreement required by Paragraph (b) of this Subsection 2.4.1, the burdens of this Agreement shall be binding upon such purchaser, transferee or assignee, but the benefits of this Agreement shall not inure to such purchaser, transferee or assignee until and unless such agreement is executed. The City Manager shall have the authority to review, consider and either approve, conditionally approve, or deny any proposed sale, transfer or assignment that is not made in compliance with this section 2.4.

(d) Notwithstanding the foregoing, OWNER shall have the right to assign this Agreement to an Owner Affiliate subject to the notice requirements to CITY as described in Paragraph (b) of this Section 2.4.1, above.

2.4.2 Release of Transferring Owner. Notwithstanding any sale, transfer or assignment, a transferring OWNER shall continue to be obligated under this Agreement unless such transferring owner is given a release in writing by CITY, which release shall be provided by CITY upon the full satisfaction by such transferring owner of the following conditions:

(a) OWNER no longer has a legal or equitable interest in all or any part of the portion of the Property sold, transferred or assigned.

(b) OWNER is not then in default under this Agreement.

(c) OWNER has provided CITY with the notice and executed an agreement as required under Paragraph (b) of Subsection 2.4.1 above.

(d) The purchaser, transferee or assignee provides CITY with security equivalent to any security previously provided by OWNER (if any) to secure performance of its obligations hereunder which are to be performed upon portion of the Property sold, transferred or assigned.

2.4.3 Effect of Assignment and Release of Obligations. In the event of a sale, transfer or assignment pursuant to the provisions of Section 2.4.1 and notwithstanding the release provisions of Section 2.4.2 above:

(a) The assignee shall be liable for the performance of all obligations of OWNER with respect to transferred property, but shall have no obligations with respect to the portions of the Property, if any, not transferred (the "Retained Property").

(b) The owner of the Retained Property shall be liable for the performance of all obligations of OWNER with respect to Retained Property, but shall have no further obligations with respect to the transferred property.

(c) The assignee's exercise, use and enjoyment of the Property or portion thereof shall be subject to the terms of this Agreement to the same extent as if the assignee were the OWNER.

2.4.4 Subsequent Assignment. Any subsequent sale, transfer or assignment after an initial sale, transfer or assignment shall be made only in accordance with and subject to the terms and conditions of this Section 2.4.

2.4.5 Termination of Agreement With Respect to Individual Lots Upon Sale to Public and Completion of Construction. The provisions of Subsection 2.4.1 shall not apply to the sale or lease (for a period longer than one (1) year) of any parcel which has been finally subdivided and is individually (and not in "bulk") sold or leased to a member of the public or other ultimate user of the parcel. Notwithstanding any other provisions of this Agreement, this Agreement shall terminate with respect to any lot and such lot shall be released and no longer be subject to this Agreement without the execution or recordation of any further document upon satisfaction of both of the following conditions:

(a) The lot has been finally subdivided and individually (and not in "bulk") sold or leased (for a period longer than one (1) year) to a member of the public or other ultimate user; and,

(b) A certificate of occupancy has been issued for a building on the parcel, and the fees set forth under Section 4 of this Agreement have been paid.

2.4.6 Partial Assignment and Assumption. CITY and OWNER agree OWNER may partially assign its obligations and rights under this Agreement, and all amendments hereto, to a purchaser, transferee or assignee of a lot, which has been subdivided subject to provisions of a partial assignment and assumption agreement in a form approved by CITY. Any such complete and executed partial assignment and assumption of this Agreement shall be submitted to CITY for approval pursuant to Section 2.4.1 of this Agreement. Within thirty (30) days following such complete submittal, CITY shall review, and if the above conditions are satisfied, may approve the partial assignment and release and notify the purchasor, transferee or assignee in writing thereof. No such release approved pursuant to this Subsection 2.4.6 shall cause, or otherwise affect, a release of OWNER from the duties and obligations under this Agreement that are retained by OWNER and excluded from the transfer or assignment.

2.5 Amendment or Cancellation of Agreement. This Agreement may be amended or cancelled in whole or in part only in the manner provided for in Government Code Section 65868.1. Any amendment of this Agreement, which amendment has been requested by OWNER, shall be considered by the CITY only upon the payment of the applicable processing charge. This provision shall not limit any remedy of CITY or OWNER as provided by this Agreement. Either party or successor in interest, may propose an amendment to or cancellation, in whole or in part, of this Agreement. Any amendment or cancellation shall be by mutual consent of the parties or their successors in interest except as provided otherwise in this Agreement or in Government Code Section 65865.1. For purposes of this section, the term "successor in interest" shall mean any person having a legal or equitable interest in the whole of the Property, or any portion thereof as to which such person wishes to amend or cancel this Agreement. The procedure for proposing and adopting an amendment to, or cancellation of, in whole or in part, this Agreement shall be the same as the procedure for adopting and entering into this Agreement in the

first instance. Notwithstanding the foregoing sentence, if the CITY initiates the proposed amendment to, or cancellation of, in whole or in part, this Agreement, CITY shall first give notice to the OWNER of its intention to initiate such proceedings at least sixty (60) days in advance of the giving the public notice of intention to consider the amendment or cancellation.

2.6 Minor Modification. Upon the written application of OWNER, minor modifications and changes to the Development Plan including modifications to building design or footprint (not affecting minimum setbacks), parking layout and design, and landscape area design may be approved by the Director of the Planning Department without the need to amend this Development Agreement. Other changes in the Development Plan shall be processed pursuant to the City Zoning Ordinance. It is also contemplated by CITY and OWNER that OWNER may, from time to time, seek amendments to one or more of the Development Approvals. Any such amendments are contemplated by CITY and OWNER as being within the scope of this Agreement as long as they are consistent with the Land Use Regulations and shall, upon approval by CITY, continue to constitute the Development Approvals as referenced herein. The parties agree that any such modifications or amendments shall not constitute an amendment to this Agreement nor require an amendment to this Agreement.

2.7 Termination. This Agreement shall be deemed terminated and of no further effect upon the occurrence of any of the following events:

(a) Expiration of the stated term of this Agreement as set forth in Section 2.3.

(b) Entry of a final judgment setting aside, voiding or annulling the adoption of the ordinance approving this Agreement.

(c) The adoption of a referendum measure overriding or repealing the ordinance approving this Agreement.

(d) Completion of the Project in accordance with the terms of this Agreement including issuance of all required occupancy permits and acceptance by CITY or applicable public agency of all required dedications.

Termination of this Agreement shall not constitute termination of any other land use entitlements approved for the Property. Upon the termination of this Agreement, no party shall have any further right or obligation hereunder except with respect to any obligation to have been performed prior to such termination or with respect to any default in the performance of the provisions of this Agreement which has occurred prior to such termination or with respect to any obligations which are specifically set forth as surviving this Agreement. Upon such termination, any public facilities and service mitigation fees paid pursuant to Section 4.2 of this Agreement by OWNER to CITY on which construction has not yet begun shall be refunded to OWNER by CITY within ten (10) business days.

2.8 Notices.

(a) As used in this Agreement, "notice" includes, but is not limited to, the communication of notice, request, demand, approval, statement, report, acceptance, consent, waiver, appointment or other communication required or permitted hereunder.

(b) All notices shall be in writing and shall be considered given either: (i) when delivered in person, including, without limitation, by courier, to the recipient named below; or (ii) on the date of delivery shown on the return receipt, after deposit in the United States mail in a sealed envelope as either registered or certified mail with return receipt requested, and postage and postal charges prepaid, and addressed to the recipient named below. All notices shall be addressed as follows:

If to CITY:
Scott Ochoa, City Manager
City of Ontario
303 East "B" Street
Ontario, CA 91764

If to OWNER:
Jeff Johnston
Euclid Land Venture 2, LLC
c/o Real Estate Development Associates
4450 MacArthur Blvd., Suite 100
Newport Beach, CA 92660
jjohnston@redallc.com

With a copy to:
Ruben Duran, City Attorney
Best Best & Krieger, LLP
2855 E Guasti Road
Ontario, CA 91761

With a copy to:
Matt Fogt, Esq.
Allen Matkins Leck Gamble Mallory& Natsis, LLP
2010 Main Street, 8th Floor
Irvine, CA 92614

Either party may, by notice given at any time, require subsequent notices to be given to another person or entity, whether a party or an officer or representative of a party, or to a different address, or both. Notices given before actual receipt of notice of change shall not be invalidated by the change.

3. DEVELOPMENT OF THE PROPERTY.

3.1 Rights to Develop. Subject to the terms of this Agreement including the Reservations of Authority in Section 3.4, OWNER shall have a vested right to develop the Property in accordance with, and to the extent of, the Development Plan. The Project shall remain subject to all Subsequent Development Approvals required to complete the Project as contemplated by the Development Plan. Except as otherwise provided in this Agreement, the permitted uses of the Property, the density and intensity of use, the maximum height and size of proposed buildings, and provisions for reservation and dedication of land for public purposes shall be those set forth in the Development Plan.

3.2 Effect of Agreement on Land Use Regulations. Except as otherwise provided under the terms of this Agreement including the Reservations of Authority in Section 3.4,

the rules, regulations and official policies governing permitted uses of the Property, the density and intensity of use of the Property, the maximum height and size of proposed buildings, and the design, improvement and construction standards and specifications applicable to development of the Property shall be the Existing Land Use Regulations. In connection with any Subsequent Development Approval, CITY shall exercise discretion in accordance with the same manner as it exercises its discretion under its police powers, including the Reservations of Authority set forth herein; provided however, that such discretion shall not prevent development of the Property for the uses and to the density or intensity of development set forth in this Agreement.

3.3 Timing of Development. The parties acknowledge that OWNER cannot at this time predict when or the rate at which phases of the Property will be developed. Such decisions depend upon numerous factors which are not within the control of OWNER, such as market orientation and demand, interest rates, absorption, completion and other similar factors. Since the California Supreme Court held in Pardee Construction Co. v. City of Camarillo (1984) 37 Cal. 3d 465, that the failure of the parties therein to provide for the timing of development resulted in a later adopted initiative restricting the timing of development to prevail over such parties' agreement, it is the parties' intent to cure that deficiency by acknowledging and providing that OWNER shall have the right to develop the Property in such order and at such rate and at such times as OWNER deems appropriate within the exercise of its subjective business judgment.

3.3.1 Infrastructure Improvement Exhibit. Attached hereto as Exhibits “E” and "F" are a description and depiction, respectively, of the Improvements needed for the development of the Property. In the event of any discrepancy between Exhibit E and Exhibit F, Exhibit F shall control.

3.4 Reservations of Authority.

3.4.1 Limitations, Reservations and Exceptions. Notwithstanding any other provision of this Agreement, the CITY shall not be prevented from applying new rules, regulations and policies upon the OWNER, nor shall a development agreement prevent the CITY from denying or conditionally approving any subsequent development project application on the basis of such new rules, regulations and policies where the new rules, regulations and policies consist of the following:

(a) Processing fees by CITY to cover costs of processing applications for development approvals or for monitoring compliance with any development approvals;

(b) Procedural regulations relating to hearing bodies, petitions, applications, notices, findings, records and any other matter of procedure;

(c) Regulations, policies and rules governing engineering and construction standards and specifications applicable to public and private improvements, including all uniform codes adopted by the CITY and any local amendments to those codes adopted by the CITY; provided however that, OWNER shall have a vested right to develop the Property in accordance with, and to the extent of, the standards and specifications that

are expressly identified in the Specific Plan and the building codes in effect as of the Effective Date;

(d) Regulations that may conflict with this Agreement and the Development Plan but that are reasonably necessary to protect the occupants of the Project and/or of the immediate community from a condition perilous to their health or safety;

(e) Regulations that do not conflict with those rules, regulations and policies set forth in this Agreement or the Development Plan and which do not impose additional obligations, costs, and expenses on OWNER or the Project;

(f) Regulations that may conflict with this Agreement but to which the OWNER consents.

3.4.2 Subsequent Development Approvals. This Agreement shall not prevent CITY, in acting on Subsequent Development Approvals, from applying Subsequent Land Use Regulations that do not conflict with the Development Plan and/or the Existing Development Approvals, nor shall this Agreement prevent CITY from denying or conditionally approving any Subsequent Development Approval on the basis of the Existing Land Use Regulations or any Subsequent Land Use Regulation not in conflict with the Development Plan and/or the Existing Development Approvals.

3.4.3 Modification or Suspension by State or Federal Law. In the event that State or Federal laws or regulations, enacted after the Effective Date of this Agreement, prevent or preclude compliance with one or more of the provisions of this Agreement, such provisions of this Agreement shall be modified or suspended as may be necessary to comply with such State or Federal laws or regulations, provided, however, that this Agreement shall remain in full force and effect to the extent it is not inconsistent with such laws or regulations and to the extent such laws or regulations do not render such remaining provisions impractical to enforce. In the event OWNER alleges that such State or Federal laws or regulations preclude or prevent compliance with one or more provisions of this Agreement, and the CITY does not agree, the OWNER may, at its sole cost and expense, seek declaratory relief (or other similar non-monetary remedies); provided however, that nothing contained in this Section 3.4.3 shall impose on CITY any monetary liability for contesting such declaratory relief (or other similar non-monetary relief).

3.4.4 Intent. The parties acknowledge and agree that CITY is restricted in its authority to limit its police power by contract and that the foregoing limitations, reservations and exceptions are intended to reserve to CITY all of its police power which cannot be so limited. This Agreement shall be construed, contrary to its stated terms if necessary, to reserve to CITY all such power and authority which cannot be restricted by contract.

3.5 Public Works; Utilities. If OWNER is required by this Agreement or a condition of Project approval to construct any public works facilities which will be dedicated to CITY or any other public agency upon completion, and if required by applicable laws to do so,

OWNER shall perform such work in the same manner and subject to the same standards as would be applicable to CITY or such other public agency should it have undertaken such construction. As a condition of development approval, OWNER shall connect the Project to all utilities necessary to provide adequate water, recycled water, sewer, gas, electric, and other utility services necessary for the Project, as further described and depicted in the Infrastructure Improvements Exhibit. As a further condition of development approval, OWNER shall to the extent possible contract with the CITY for CITY-owned or operated utilities for this purpose, for such price and on such terms as may be available to similarly situated customers in the CITY. As a further condition of development approval, to the extent OWNER does not own the Property in fee simple, OWNER will provide to CITY the written consent from the current fee owner of the Property agreeing to the terms of this Agreement and the recordation thereof, pursuant to Section 2.2.

3.5.1 OWNER agrees that development of the Project shall require the construction of storm drain Improvements from the Property described in Exhibit E and depicted in Exhibit F. OWNER shall be responsible for payment of a fee in-lieu (the "Euclid Avenue Storm Drain In-Lieu Fee) of actual construction of the ultimate Euclid Avenue storm drain Improvements, south of Merrill Avenue, depicted in Exhibit F. OWNER shall pay the CITY, prior to the request for occupancy of any building on the Property, Two Million Eight Hundred Eighty Thousand Four Hundred Fifty Dollars ($2,880,450). Upon OWNER'S complete payment of the Euclid Avenue Storm Drain In-Lieu Fee, the CITY shall issue a Certificate of DIF Credit in the Regional Storm Drain category equal to the amount paid to the CITY. Such Regional Storm Drain DIF Certificate shall be issued by CITY within thirty (30) business days of the receipt of such required payment. OWNER and CITY agree that CITY may issue grading, building and other required permits for OWNER to initiate construction of structures for the Property according to plans approved by CITY, and OWNER agrees that OWNER shall not request and CITY shall not issue a final occupancy permit for any buildings prior to payment of the Euclid Avenue Storm Drain In-Lieu Fee and construction of the storm drain Improvements described in Exhibit E and depicted in Exhibit F. CITY and OWNER mutually acknowledge and agree, that upon OWNER's complete payment of the Euclid Avenue Storm Drain In-Lieu Fee, such obligation shall be deemed satisfied and CITY shall not hold up a request for final occupancy permit for any buildings on the Property, based on the actual construction and completion of the ultimate Euclid Avenue storm drain Improvements. CITY agrees that OWNER may request that CITY issue temporary certificates of occupancy on a building-by-building basis prior to completion of the storm drain improvements.

3.5.2 OWNER agrees that development of the Project shall require the construction of street Improvements as described in Exhibit E and depicted in Exhibit F. OWNER and CITY agree that CITY may issue grading, building and other required permits for OWNER to initiate construction of structures for the Property according to plans approved by CITY, and OWNER agrees that OWNER shall not request, and CITY shall not issue a final occupancy permit for any buildings on the Property prior to Substantial Completion of the street Improvements as described in Exhibit E and depicted in Exhibit F. For purposes of the foregoing, street Improvements shall be deemed

"Substantially Complete" even if the final lift of pavement has not been completed (i.e., OWNER may install the final lift after completion of all other construction). CITY agrees that OWNER may request that CITY issue temporary certificates of occupancy on a building-by-building basis prior to completion and subject to final acceptance by CITY of the street Improvements. OWNER agrees that the street improvements shall be completed and subject to final acceptance by CITY prior to the release of any security for the construction of the street improvements. OWNER and CITY agree that a portion of the street Improvements described in Exhibit E and depicted in Exhibit F may be constructed by others, or pursuant to a cooperative agreement with others. If such street Improvements are constructed by others, or in cooperation with others, and are completed and accepted by CITY prior to OWNER's request to CITY of the required grading, building or other required permits for OWNER to initiate construction of structures for the Property, then OWNER shall not be required to construct those street Improvements constructed and completed by others and accepted by CITY.

3.5.3 OWNER agrees that development of the Property shall require the construction of water utility Improvements as described in Exhibit E and depicted in Exhibit F consisting generally of the construction of the potable water Improvements to serve the Property as described in Exhibit E and depicted in Exhibit F. OWNER and CITY agree that CITY may issue grading, building and other required permits for OWNER to initiate construction of structures for the Property according to plans approved by CITY upon completion of sufficient water improvements to serve the Property from at least one point of connection. OWNER and CITY agree that OWNER may, in-lieu of utilizing recycled water during grading and construction, utilize water from existing agricultural wells on the Property subject to the terms of a separate Well Use Agreement between the CITY and OWNER. OWNER agrees that OWNER shall not request and CITY shall not issue a final occupancy permit for any buildings on the Property until the completion of the potable water improvements described in Exhibit E and depicted in Exhibit F. City agrees that OWNER may request that CITY issue temporary certificates of occupancy on a building-by-building basis prior to completion of the water improvements if there is available permanent water service from a minimum of two (2) points of connection and sufficient water is available for fire protection purposes for any buildings while under construction. OWNER and CITY agree that a portion of the water Improvements described in Exhibit E and depicted in Exhibit F may be constructed by others, or pursuant to a cooperative agreement with others. If such water Improvements are constructed by others, or in cooperation with others, and are completed and accepted by CITY prior to OWNER's request to CITY of the required grading, building or other required permits for OWNER to initiate construction of structures for the Property, then OWNER shall not be required to construct those water Improvements constructed and completed by others and accepted by CITY.

3.5.4 OWNER agrees that development of the Property shall require the construction of sewer Improvements as described in Exhibit E and depicted in Exhibit F. OWNER and CITY agree that CITY may issue grading, building and other required permits for OWNER to initiate construction of structures for the Property according to plans approved by CITY, and OWNER agrees that OWNER shall not request and CITY shall not issue a final occupancy permit for any buildings prior to completion of the sewer

improvements described in Exhibit E and depicted in Exhibit F. CITY agrees that OWNER may request that CITY issue temporary certificates of occupancy on a building-by-building basis prior to the completion of the sewer improvements described in Exhibit E and depicted in Exhibit F. OWNER and CITY agree that a portion of the sewer Improvements described in Exhibit E and depicted in Exhibit F may be constructed by others, or pursuant to a cooperative agreement with others. If such sewer Improvements are constructed by others, or in cooperation with others, and are completed and accepted by CITY prior to OWNER's request to CITY of the required grading, building or other required permits for OWNER to initiate construction of structures for the Property, then OWNER shall not be required to construct those sewer Improvements constructed and completed by others and accepted by CITY.

3.5.5 OWNER agrees that development of the Property shall require the construction of recycled water utility improvements to serve the Property, consisting generally of the construction of recycled water utility Improvements as described in Exhibit E and depicted in Exhibit F. OWNER and CITY agree that the CITY may issue grading, building and other required permits for OWNER to initiate construction of structures for the Property according to plans approved by CITY upon completion of sufficient water and recycled water improvements to serve the Property from at least one point of connection and OWNER agrees that OWNER shall not request and CITY shall not issue any occupancy permit for any buildings on the Property until the completion of the water improvements described in Exhibit E and depicted in Exhibit F. CITY agrees that OWNER may request a temporary occupancy permit for a building and, if OWNER requests that a temporary certificate of occupancy be issued for a building prior to the completion of the extension of permanent master planned recycled water utility Improvements to serve the Property that CITY may consider such request and may issue temporary certificates of occupancy on a building-by-building basis prior to completion of recycled water improvements if there is available permanent recycled water service connection and sufficient recycled water is available. OWNER and CITY agree that all, or a portion of, the permanent master planned recycled water utility Improvements described in Exhibit E and depicted in Exhibit F may be constructed by others. If such recycled water utility Improvements are constructed by others and completed and accepted by CITY prior to OWNER'S request to CITY of the required grading, building, or other required permits for OWNER to initiate construction of structures for the Property, then OWNER shall not be required to construct those permanent master planned recycled water utility Improvements.

3.5.6 OWNER agrees that development of the Property shall require the construction of fiber optic communications infrastructure, at OWNER's sole cost and expense, as described in the attached Exhibit E and depicted in Exhibit F consisting generally of the construction of fiber optic communications infrastructure to serve the Property. OWNER and CITY agree that CITY may issue grading, building and other required permits for OWNER to initiate construction of structures for the Property according to plans approved by CITY and OWNER agrees that OWNER shall not request and CITY shall not issue a final occupancy permit for any buildings prior to completion of the fiber optic communications infrastructure, as described in Exhibit E and depicted in Exhibit F. CITY agrees that OWNER may request that CITY issue temporary certificates

of occupancy on a building-by-building basis prior to the completion of the fiber optic communications infrastructure, as described in Exhibit E and depicted in Exhibit F.

3.6 Acquisition of Offsite Provision of Real Property Interests. In any instance where OWNER is required by any Development Approval or Land Use Regulation to construct any public improvement on land not owned by OWNER ("Offsite Improvements"), the CITY and OWNER shall cooperate in acquiring the necessary legal interest ("Offsite Property") as described below in Section 3.7. This Section 3.6 is not intended by the parties to impose upon the OWNER an enforceable duty to acquire land or construct any public improvements on land not owned by OWNER, except to the extent that the OWNER elects to proceed with the development of the Project, and then only in accordance with valid conditions imposed by the CITY upon the development of the Project under the Subdivision Map Act or other legal authority.

3.7 Real Property Interests.

3.7.1 CITY Acquisition of Offsite Property. In the event OWNER is required to construct any public improvements on land not owned by OWNER, Sections 3.7.1 and 3.7.2 shall control the acquisition of the Offsite Property. If the OWNER is unable to acquire such Offsite Property, and following the written request from the OWNER to CITY, CITY agrees to use reasonable and diligent good faith efforts to acquire the Offsite Property from the owner or owners of record by negotiation to the extent permitted by law and consistent with this Agreement. If CITY is unable to acquire the Offsite Property by negotiation within thirty (30) days after OWNER'S written request, CITY may, initiate proceedings utilizing its power of eminent domain to acquire the Offsite Property at a public hearing noticed and conducted in accordance with California Code of Civil Procedure Section 1245.235 for the purpose of considering the adoption of a resolution of necessity concerning the Offsite Property, subject to the conditions set forth in this Section 3.7.1 The CITY and OWNER acknowledge that the timelines set forth in this Section 3.7.1 represent the maximum time periods which CITY and OWNER reasonably believe will be necessary to complete the acquisition of any Offsite Property. CITY agrees to use reasonable good faith efforts to complete the actions described within lesser time periods, to the extent that it is reasonably able to do so, consistent with the legal constraints imposed upon CITY.

3.7.2 Owner's Option to Terminate Proceedings. CITY shall provide written notice to OWNER no later than fifteen (15) days prior to making an offer to the owner of the Offsite Property. At any time within that fifteen (15) day period, OWNER may, at its option, notify CITY that it wants CITY to cease all acquisition proceedings with respect to that Offsite Property, whereupon CITY shall cease such proceedings. CITY may provide written notice to OWNER no later than fifteen (15) days prior to the date of the hearing on CITY's intent to consider the adoption of a resolution of necessity as to any Offsite Property. At any time within that fifteen (15) day period, OWNER may, at its option, notify CITY that it wants CITY to cease condemnation proceedings, whereupon CITY shall cease such proceedings. If OWNER does not notify CITY to cease condemnation proceedings within said fifteen (15) day period, then the CITY may proceed to consider and act upon the Offsite Property resolution of necessity. If CITY adopts such resolution

of necessity, then CITY may institute condemnation proceedings and file a complaint in condemnation and seek an order of immediate possession with respect to the Offsite Property.

3.8 Regulation by Other Public Agencies. It is acknowledged by the parties that other public agencies not within the control of CITY possess authority to regulate aspects of the development of the Property separately from or jointly with CITY and this Agreement does not limit the authority of such other public agencies. CITY agrees to cooperate fully, at no cost to CITY, with OWNER in obtaining any required permits or compliance with the regulations of other public agencies provided such cooperation is not in conflict with any laws, regulations or policies of the CITY.

3.9 Tentative Parcel Maps. With respect to applications by OWNER for tentative parcel maps for portions of the Property, CITY agrees that OWNER may file and process tentative maps in accordance with Chapter 4.5 (commencing with Section 66498.1) of Division 2 of Title 7 of the California Government Code and the applicable provisions of CITY's subdivision ordinance, as the same may be amended from time to time. In accordance with the provisions of Section 66452.6 of the Government Code, each tentative subdivision map or tentative parcel map, heretofore or hereafter approved in connection with development of the Property, shall be deemed to have been granted an extension of time to and until the expiration, cancellation, or termination of this Agreement.

3.10 Specific Plan Charge. Pursuant to Government Code section 65456, the City Council may consider adopting a specific plan charge upon persons seeking CITY approvals that are required to be consistent with the Specific Plan. Any such charges shall, in the aggregate, defray, but not exceed, the estimated cost of preparation, adoption, and administration of the Specific Plan, including costs incurred pursuant to the California Environmental Quality Act (Pub. Resources Code, §§ 21000 et seq.). As nearly as can be estimated, the charges shall be a prorated amount in accordance with the applicant's relative benefit derived from the Specific Plan. If such charges are adopted, the CITY shall use such charges to reimburse the OWNER who originally paid the cost of preparing the Specific Plan, including costs incurred pursuant to the California Environmental Quality Act (Pub. Resources Code, §§ 21000 et seq.) to the extent the OWNER paid more than its relative benefit from the Specific Plan. Such charges, if adopted, shall be imposed on persons seeking CITY approvals that are required to be consistent with the Specific Plan, to the extent such person(s) has/have not entered into a reimbursement agreement with, and satisfactory to, the person(s) originally responsible for the cost of preparing the Specific Plan, including costs incurred pursuant to CEQA.

4. PUBLIC BENEFITS.

4.1 Intent. The parties acknowledge and agree that development of the Property will result in substantial public needs that will not be fully met by the Development Plan and further acknowledge and agree that this Agreement confers substantial private benefits on OWNER that should be balanced by commensurate public benefits. Accordingly, the parties intend to provide consideration to the public to balance the private benefits

conferred on OWNER by providing more fully for the satisfaction of the public needs resulting from the Project.

4.2 Development Impact Fees.

4.2.1 Amount of Development Impact Fee. Development Impact Fees (DIF) shall be paid by OWNER. The Development Impact Fee amounts to be paid by OWNER shall be the amounts that are in effect at the time such amounts are due. Nothing contained in this Agreement shall affect the ability of the CITY to impose new Development Impact Fees or amend the amounts of existing Development Impact Fees. Additionally, nothing contained in this Agreement shall affect the ability of other public agencies that are not controlled by CITY to impose and amend, from time to time, Development Impact Fees established or imposed by such other public agencies, even though such Development Impact Fees may be collected by CITY.

4.2.2 Time of Payment. The Development Impact Fees required pursuant to Section 4.2.1 shall be paid to CITY prior to the issuance of building permit for each applicable building (subject to the application/use of available fee deferrals or credits), except for the Species, Habitat Conservation, and Open Space Mitigation Development Impact Fee, which shall be paid by OWNER to CITY prior to the issuance of a grading permit.

4.3 Responsibility for Construction of Public Improvements.

4.3.1 Timely Construction of Public Infrastructure. The phasing of the area wide infrastructure construction within the vicinity of the Project shall be as approved by the CITY. OWNER shall be responsible for the timely construction and completion of all public infrastructure required for the Project as described and depicted in the Infrastructure Improvements Exhibit and any and all parcel map conditions. Unless otherwise specified in the Parcel Map conditions, and subject to the provisions of Section 3.5 and 3.6, all other required Improvements for the parcel map, shall be substantially completed and operational prior to, and as a condition precedent to, OWNER requesting and CITY's granting of a final occupancy permit for any buildings to be constructed on the Property within the applicable parcel map. All Infrastructure and Improvements shall be completed as required by the Subdivision Agreement/Parcel Map conditions for Parcel Map No. 20517.

4.3.3 Construction of Public Infrastructure by Third Parties. CITY and OWNER acknowledge that a portion of the Improvements described in Exhibit E and depicted in Exhibit F are necessary for the development of surrounding properties within the Ontario Ranch and the other property owners are also obligated to construct the Improvements or portions thereof. As such, CITY agrees that OWNER's obligation to construct the Improvements may be satisfied by third party owners pursuant to separate written agreements between OWNER and said third party undertaking the construction of the Improvements. Nothing in this Agreement shall be construed to prohibit the coordination of the construction of the Improvements between private parties, including the allocation of costs for the construction of the Improvements. Notwithstanding anything to the

contrary herein, any applicable DIF Credits may be transferred and assigned from one (1) party to another with respect to the construction of the Improvements and such transfer or assignment shall not require the conveyance of any real property.

4.3.4 Availability and Use of Recycled Water. OWNER agrees that recycled water shall be available and utilized by OWNER for all construction-related water uses including prior to, and during, any grading of the Property. OWNER and CITY agree that OWNER may, in-lieu of utilizing recycled water during grading and construction, utilize water from existing agricultural wells on the Property subject to the terms of a separate Well Use Agreement between the CITY and OWNER.

4.3.5 Construction of DIF Program Infrastructure. To the extent OWNER is required to construct and completes construction of public improvements that are included in CITY's Development Impact Fee Program, CITY agrees that CITY shall issue DIF Credit in accordance with the provisions of a separate Fee Credit Agreement between CITY and OWNER. Limitations on the use of DIF Credit issued to OWNER to offset OWNER's DIF payment obligations shall also be subject to the provisions of a separate Fee Credit Agreement. OWNER may be eligible to receive DIF Credit from OWNER's construction of DIF Program Infrastructure. Any such DIF Credit shall be subject to a Fee Credit Agreement between CITY and OWNER. CITY and OWNER agree that the Fee Credit Agreement between CITY and OWNER shall comply with CITY's adopted policies applicable to such agreements.

4.4 Public Services Funding Fee.

4.4.1 Requirement for Payment of Public Services Funding Fee. In order to ensure that the adequate provision of public services, including without limitation, police, fire and other public safety services, are available to each Project in a timely manner, OWNER shall pay to CITY a "Public Services Funding Fee." The Public Services Funding Fee shall apply to residential and non-residential uses as set forth below.

4.4.2 Public Services Funding Fee Amount. OWNER shall pay a Public Services Funding fee in a single installment payment in the amount of Seventy-Five Cents ($.75) per square foot of each non-residential building. The single installment for non-residential uses shall be due and payable on a building-by-building basis prior to the issuance of the building permit for a non-residential building. The amount of the Single Installment for non-residential uses shall automatically increase by percentage increase (but no decrease) in the Consumer Price Index (Riverside – San Bernardino – Ontario, CA), (December 2017=100) over the preceding year on January 1st of each year, beginning on January 1, 2024. OWNER may exercise the option to pay any single installment amounts for the remainder of the non-residential square footage within the Project on or before December 31st, before the Single Installment amount is automatically increased.

4.5 Water Availability.

4.5.1 Water Availability. The Property requires the completion of the Phase 2 Water Improvements (Phase 2A and 2B) for permanent water system capacity and supply. Until the Phase 2 Water Improvements are fully constructed and completed, OWNER acknowledges that the Project shall have sufficient water capacity and supply on an interim basis made available through the construction of the Potable Water Improvements (as described in Exhibit E), the Phase 2A Water Improvements, and the Interim Chino Avenue Loop depicted in Exhibit F. OWNER acknowledges and agrees that the CITY shall not issue final certificates of occupancy for the Project until the completion of the Potable Water Improvements (as described in Exhibit E), the Phase 2A Water Improvements and the Interim Chino Avenue Loop, as depicted in Exhibit F. OWNER further acknowledges and agrees the Property requires the Phase 2 Water Improvements as depicted in Exhibit F.

4.5.2 Phase 2 Water Construction Fee. Prior to CITY's issuance of a grading permit for any parcel of the Property (each, a "Grading Permit"), OWNER shall pay to CITY the applicable Phase 2 Water Construction Fee. The Phase 2 Water Construction Fee shall be calculated based on the following formula: (a) the regional water development impact fee, based on the square footage of developable property and the approved land use category for each Phase of the Project (the "Base Regional Water DIF"), PLUS (b) OWNER's pro rata share of the difference between the total projected cost of construction of the Phase 2 Water Improvements (the "Pro Rata Share") and the Base Regional Water DIF. To determine the Pro Rata Share, which may fluctuate over time, CITY shall, at the time OWNER applies for a Grading Permit, calculate the total projected cost of construction of the Phase 2 Water Improvements and subtract from that amount (y) all Phase 2 Water Construction Fees previously collected and (z) the aggregate Base Regional Water DIF to be paid by OWNER and all developers then at that time obligated to pay a Base Regional Water DIF specifically for use of the Phase 2 Water Improvements (together, the "Phase 2 Water Developers"). If the difference is zero or a number less than zero, then there is no Pro Rata Share and the Phase 2 Water Construction Fee shall equal the sum of all Base Regional Water DIF to be paid by all Phase 2 Water Developers. If the difference results in a positive number, the funding gap (the "Funding Gap") shall be divided by the total acreage of land to be developed by the Phase 2 Water Developers to obtain a Funding Gap "per acre" amount (the "Funding Gap Per Acre Amount"). Each Phase 2 Water Developer's respective total acreage to be developed shall then be multiplied by the Funding Gap Per Acre Amount to obtain each Phase 2 Water Developer's Pro Rata Share, which will then be added to each Phase 2 Water Developer's Base Regional Water DIF to obtain the Phase 2 Water Construction Fee due and payable at the time of issuance of the applicable Grading Permit.

4.5.3 DIF Credit for Phase 2 Water Construction Fees. Within thirty (30) days of OWNER's payment of each Phase 2 Water Construction Fee, CITY shall issue a certificate of DIF Credit which may be used to offset OWNER's DIF obligations in the Regional Water DIF Category. The form of the Certificate of DIF Credit shall be as described in Exhibit G, attached hereto and incorporated herein. OWNER acknowledges that any Regional Water DIF Credit issued to OWNER shall not be used to satisfy Phase 2 Water Construction Fees and may only be used to offset OWNER's DIF obligations in the Regional Water DIF Category.

4.5.4 Additional Contributions for Phase 2 Water Improvements. OWNER acknowledges and agrees that, as of the Effective Date of this Agreement, the CITY does not have sufficient funding to construct and complete the Phase 2 Water Improvements. OWNER agrees to provide the CITY with additional contributions for the Phase 2 Water Improvements prior to the issuance of a Grading Permit for any Phase within the Project, pursuant to the Pro Rata Share calculation as set forth in Section 4.5.2 above. OWNER acknowledges and agrees that the CITY has the right to conduct subsequent reviews of the available funding for the construction of, or continuation of the construction of, the Phase 2 Water Improvements. If at any time outside of OWNER's submission of a request for a Grading Permit the CITY determines that there is not sufficient funding for the construction of, or continuation of the construction of, the Phase 2 Water Improvements necessary to support current and anticipated future development within the Ontario Ranch area served by the Phase 2 Water Improvements, OWNER agrees to pay such subsequent additional contribution payment necessary from the OWNER (on a pro rata basis with other Phase 2 Water Developers then existing at the time) to the CITY to initiate construction of, or continue construction of, the Phase 2 Water Improvements. The CITY shall determine OWNER's additional contribution amount (above and beyond OWNER's Pro Rata Share) and such amount shall be due and payable to the CITY within thirty (30) days of written notice from the CITY to OWNER.

4.5.5 Future Reimbursement of Pro Rata Share of Phase 2 Water Construction Fees. OWNER agrees that the CITY will be responsible for the construction and completion of the Phase 2 Water Improvements, as depicted in Exhibit F. Subject to the successful completion of the Phase 2 Water Improvements, CITY and OWNER shall meet periodically and/or as needed from the date of completion of the Phase 2 Water Improvements, to jointly develop a plan and mutually enter into an agreement for the reimbursement of OWNER's Pro Rata Share of Phase 2 Water Construction Fees that may be reimbursed from future development in the 925 Zone as depicted in the City's Domestic Water Master Plan, following any reallocation of each Phase 2 Water Developer's Pro Rata Share, CITY's collection of additional Regional Water DIF in connection with construction of the Phase 2 Water Improvements, and after the completion of the Phase 2 Water Improvements. Such agreement shall be approved at the sole discretion of the Ontario City Council.

4.6 Compliance with Public Benefits Requirements.

4.6.1 Failure to Provide Public Benefits. In the event OWNER fails or refuses to comply with any condition referenced in Section 4.1 through 4.5, or challenges (whether administratively or through legal proceedings) the imposition of such conditions, OWNER shall be deemed in default of this Agreement, thereby entitling CITY to any and all remedies available to it, including, without limitation, the right of CITY to withhold OWNER's Project-related building permits, certificates of occupancy, or discretionary approvals, without liability. Nothing herein shall waive OWNER's right to assert a default (or failure to perform) by CITY has excused OWNER's performance under this Agreement.

5. FINANCING OF PUBLIC IMPROVEMENTS.

5.1 Financing Mechanism(s). OWNER agrees that, prior to the recordation of any Parcel Map, the property subject to such Parcel Map shall be included in a CFD to finance CITY services through annual special taxes that will initially be Twenty-Seven Cents ($.27) per square foot for non-residential buildings. These amounts shall be subject to an automatic increase at a rate not to exceed four (4%) percent per year. Depending on the fiscal year that the CFD is formed and the CFD tax is levied, the annual special taxes may be higher. CITY shall be the sole and exclusive lead agency in the formation of any CFD, assessment district or other public financing mechanism within the Property; provided however, that the proceeds of any such CFD, assessment district, or financing mechanism may be used, subject to restrictions that may be imposed by applicable law, for the purposes of acquiring, constructing or maintaining public facilities to be owned or operated by other public agencies, including, without limitation those facilities owned or operated by a school district. In addition to the rights of the CITY pursuant to section 5.1 hereof, CITY shall have the right, but not the obligation, to condition the formation of any CFD, assessment district or other public financing mechanism within the Property on the OWNER mitigating all Project-related impacts to the applicable school district(s) as required by such school district(s). Written evidence by such school district(s) may be required by the CITY as the condition to the formation of any CFD, assessment district or other public financing mechanism within the Property, or any steps preliminary thereto, including, without limitation, the adoption of any resolution of intention to form such CFD, assessment district or other public financing mechanism within the Property. It is not the intent of the parties hereto, by this provision, to prohibit or otherwise limit CITY's ability to take any and all necessary steps requisite to the formation of the CFD to finance CITY services through annual special taxes as set forth in this Section 5.1. Formation of any CFD, assessment district or other public financing mechanism within the Property, shall be subject to CITY's ability to make all findings required by applicable law and complying with all applicable legal procedures and requirements including, without limitation, CITY's public financing district policies as such policies may be amended from time to time. Notwithstanding the foregoing, it is acknowledged and agreed by the parties that nothing contained in this Agreement shall be construed as requiring CITY or the City Council to form any such district.

6. [OMITTED]

7. REVIEW FOR COMPLIANCE.

7.1 Periodic and Special Reviews.

7.1.1 Time for and Initiation of Periodic Review. The CITY shall review this Agreement every twelve (12) months from the Effective Date in order to ascertain the good faith compliance by the OWNER with the terms of this Agreement. The OWNER shall submit an Annual Monitoring Report to CITY, in a form acceptable to the City Manager, along with any applicable processing charge within ten (10) days after each anniversary date of the Effective Date of this Agreement. Within fifteen (15) days after the receipt of the Annual Monitoring Report, CITY shall review the Annual Monitoring

Report. Prior to the expiration of the fifteen (15) day review period, CITY shall either issue a notice of continuing compliance or a notice of non-compliance and a notice of CITY's intent to conduct a Special Review pursuant to Sections 7.1.2 through 7.1.6. Issuance of a notice of continuing compliance may be issued by the City Manager or his designee.

7.1.2 Initiation of Special Review. A special review may be called either by agreement between the parties or by initiation in one or more of the following ways:

(a) Recommendation of the Planning staff;

(b) Affirmative vote of at least four (4) members of the Planning Commission; or

(c) Affirmative vote of at least three (3) members of the City Council.

7.1.3 Notice of Special Review. The City Manager shall begin the special review proceeding by giving notice that the CITY intends to undertake a special review of this Agreement to the OWNER. Such notice shall be given at least ten (10) days in advance of the time at which the matter will be considered by the Planning Commission.

7.1.4 Public Hearing. The Planning Commission shall conduct a hearing at which the OWNER must demonstrate good faith compliance with the terms of this Agreement. The burden of proof on this issue is upon the OWNER.

7.1.5 Findings Upon Public Hearing. The Planning Commission shall determine upon the basis of substantial evidence whether or not the OWNER has, for the period under review, complied in good faith with the terms and conditions of this Agreement.

7.1.6 Procedure Upon Findings.

(a) If the Planning Commission finds and determines on the basis of substantial evidence that the OWNER has complied in good faith with the terms and conditions of this Agreement during the period under review, the review for that period is concluded.

(b) If the Planning Commission finds and determines on the basis of substantial evidence that the OWNER has not complied in good faith with the terms and conditions of this Agreement during the period under review, the Planning Commission may recommend to the City Council to modify or terminate this Agreement.

(c) The OWNER may appeal a determination pursuant to paragraph (b) to the City Council in accordance with the CITY's rule for consideration of appeals in zoning matters generally.

7.2 Proceedings Upon Modification or Termination. If, upon a finding under Section 7.1.6(b), the CITY determines to proceed with modification or termination of this Agreement, the CITY shall give notice to the property OWNER of its intention so to do. The notice shall contain:

(a) The time and place of the hearing;

(b) A statement as to whether or not the CITY proposes to terminate or to modify this Agreement; and

(c) Other information that the CITY considers necessary to inform the OWNER of the nature of the proceeding.

7.3 Hearing on Modification or Termination. At the time and place set for the hearing on modification or termination, the OWNER shall be given an opportunity to be heard. The OWNER shall be required to demonstrate good faith compliance with the terms and conditions of this Agreement. The burden of proof on this issue shall be on the OWNER. If the City Council finds, based upon substantial evidence in the administrative record, that the OWNER has not complied in good faith with the terms and conditions of the agreement, the City Council may terminate this Agreement or modify this Agreement and impose those conditions to the action it takes as it considers necessary to protect the interests of the CITY. The decision of the City Council shall be final, subject only to judicial review pursuant to Section 1094.5 of the Code of Civil Procedure.

7.4 Certificate of Agreement Compliance. If, at the conclusion of a Periodic or Special Review, OWNER is found to be in compliance with this Agreement, CITY shall, upon written request by OWNER, issue a Certificate of Agreement Compliance ("Certificate") to OWNER stating that after the most recent Periodic or Special Review and based upon the information known or made known to the Planning Director and City Council that (1) this Agreement remains in effect and (2) OWNER is not in default. The Certificate shall be in recordable form, shall contain information necessary to communicate constructive record notice of the finding of compliance, shall state whether the Certificate is issued after a Periodic or Special Review and shall state the anticipated date of commencement of the next Periodic Review. OWNER may record the Certificate with the County Recorder. Whether or not the Certificate is relied upon by assignees or other transferees or OWNER, CITY shall not be bound by a Certificate if a default existed at the time of the Periodic or Special Review, but was concealed from or otherwise not known to the Planning Director or City Council.

8. [OMITTED]

9. DEFAULT AND REMEDIES.

9.1 Remedies in General. It is acknowledged by the parties that CITY would not have entered into this Agreement if it were to be liable in damages under this Agreement, or with respect to this Agreement or the application thereof. In general, each of the parties hereto may pursue any remedy at law or equity available for the breach of any provision of this Agreement, except that (i) CITY shall not be liable in damages to OWNER, or to any successor in interest of OWNER, or to any other person, and OWNER covenants not to sue for damages or claim any damages and (ii) OWNER shall not be liable in damages to CITY, or to any other person, and CITY covenants not to sue for damages or claim any damages:

(a) For any breach of this Agreement or for any cause of action which arises out of this Agreement; or

(b) For the taking, impairment or restriction of any right or interest conveyed or provided under or pursuant to this Agreement; or

(c) Arising out of or connected with any dispute, controversy or issue regarding the application or interpretation or effect of the provisions of this Agreement.

9.2 Specific Performance. The parties acknowledge that money damages and remedies at law generally are inadequate and specific performance and other non-monetary relief are particularly appropriate remedies for the enforcement of this Agreement and should be available to all parties for the following reasons:

(a) Money damages are unavailable against CITY and OWNER as provided in Section 9.1 above.

(b) Due to the size, nature and scope of the Project, it may not be practical or possible to restore the Property to its natural condition once implementation of this Agreement has begun. After such implementation, OWNER may be foreclosed from other choices it may have had to utilize the Property or portions thereof. OWNER has invested significant time and resources and performed extensive planning and processing of the Project in agreeing to the terms of this Agreement and will be investing even more significant time and resources in implementing the Project in reliance upon the terms of this Agreement, and it is not possible to determine the sum of money which would adequately compensate OWNER for such efforts.

9.3 Release. Except for non-damage remedies, including the remedies of judicial review and of specific performance as provided for in Sections 7.3 and 9.2, respectively,, OWNER, for itself, its successors and assignees, hereby releases the CITY, its officers, agents and employees from any and all claims, demands, actions, or suits of any kind or nature arising out of any liability, known or unknown, present or future, including, but not limited to, any claim or liability, based or asserted, pursuant to Article I, Section 19 of the California Constitution, the Fifth Amendment of the United States Constitution, or any other law or ordinance which seeks to impose any other liability or damage, whatsoever, upon the CITY because it entered into this Agreement or because of the terms of this Agreement.

9.4 Termination or Modification of Agreement for Default of OWNER. Subject to the provisions contained in Sections 7.2 and 7.3 herein, CITY may terminate or modify this Agreement for any failure of OWNER to perform any material duty or obligation of OWNER under this Agreement, or to comply in good faith with the terms of this Agreement (hereinafter referred to as "default"); provided, however, CITY may terminate or modify this Agreement pursuant to this Section only after providing written notice to OWNER of default setting forth the nature of the default and the actions, if any, required by OWNER to cure such default and, where the default can be cured, OWNER has failed to take such

actions and cure such default within 60 days after the effective date of such notice or, in the event that such default cannot be cured within such 60 day period but can be cured within a longer time, has failed to commence the actions necessary to cure such default within such 60 day period and to diligently proceed to complete such actions and cure such default.

9.5 Termination of Agreement for Default of CITY. OWNER may terminate this Agreement only in the event of a default by CITY in the performance of a material term of this Agreement and only after providing written notice to CITY of default setting forth the nature of the default and the actions, if any, required by CITY to cure such default and, where the default can be cured, CITY has failed to take such actions and cure such default within 60 days after the effective date of such notice or, in the event that such default cannot be cured within such 60 day period but can be cured within a longer time, has failed to commence the actions necessary to cure such default within such 60 day period and to diligently proceed to complete such actions and cure such default.

10. THIRD PARTY LITIGATION.

10.1 General Plan Litigation. CITY has determined that this Agreement is consistent with the General Plan, as such General Plan exists as of the Effective Date ("General Plan"), and that the General Plan meets all requirements of law. OWNER has reviewed the General Plan and concurs with CITY's determination. CITY shall have no liability in damages under this Agreement for any failure of CITY to perform under this Agreement or the inability of OWNER to develop the Property as contemplated by the Development Plan or this Agreement as the result of a judicial determination that on the Effective Date, or at any time thereafter, the General Plan, or portions thereof, are invalid or inadequate or not in compliance with law.

10.2 Third Party Litigation Concerning Agreement. OWNER shall defend, at its expense, including attorneys' fees, indemnify, and hold harmless CITY, its agents, officers and employees from any claim, action or proceeding against CITY, its agents, officers, or employees to attack, set aside, void, or annul the approval of this Agreement or the approval of any permit granted pursuant to this Agreement. CITY shall promptly notify OWNER of any such claim, action or proceeding, and CITY shall cooperate in the defense. If CITY fails to promptly notify OWNER of any such claim, action or proceeding, or if CITY fails to cooperate in the defense, OWNER shall not thereafter be responsible to defend, indemnify, or hold harmless CITY. CITY may in its discretion participate in the defense of any such claim, action or proceeding.

10.3 Indemnity. In addition to the provisions of Section 10.2 above, OWNER shall indemnify and hold CITY, its officers, agents, employees and independent contractors free and harmless from any liability whatsoever, based or asserted upon any act or omission of OWNER, its officers, agents, employees, subcontractors and independent contractors, for property damage, bodily injury, or death (OWNER's employees included) or any other element of damage of any kind or nature, to the extent relating to or in any way connected with or arising from the activities contemplated hereunder, including, but not limited to, the study, design, engineering, construction, completion, failure and

conveyance of the public improvements, save and except claims for damages arising through the sole active negligence or sole willful misconduct of CITY. OWNER shall defend, at its expense, including attorneys' fees, CITY, its officers, agents, employees and independent contractors in any legal action based upon such alleged acts or omissions. CITY may in its discretion participate in the defense of any such legal action. OWNER's indemnity obligation shall terminate following CITY's legal acceptance of (i.e. taking of title to) the Improvements.

10.4 Environment Assurances. OWNER shall indemnify and hold CITY, its officers, agents, and employees free and harmless from any liability, to the extent based or asserted, upon any act or omission of OWNER, its officers, agents, employees, subcontractors, predecessors in interest, successors, assigns and independent contractors for any violation of any federal, state or local law, ordinance or regulation relating to industrial hygiene or to environmental conditions on, under or about the Property during OWNER'S period of ownership of the Property, including, but not limited to, soil and groundwater conditions caused by OWNER, and OWNER shall defend, at its expense, including attorneys' fees, CITY, its officers, agents and employees in any action based or asserted upon any such alleged act or omission. CITY may in its discretion participate in the defense of any such action.

10.5 Reservation of Rights. With respect to Sections 10.2, 10.3 and 10.4 herein, CITY reserves the right to either (1) approve the attorney(s) which OWNER selects, hires or otherwise engages to defend CITY hereunder, which approval shall not be unreasonably withheld, or (2) conduct its own defense, provided, however, that OWNER shall reimburse CITY forthwith for any and all reasonable expenses incurred for such defense, including attorneys' fees, upon billing and accounting therefor.

10.6 Survival. The provisions of this Sections 10.1 through 10.6, inclusive, shall survive the termination of this Agreement.

11. MORTGAGEE PROTECTION.

11.1 Mortgagee Protection. The parties hereto agree that this Agreement shall not prevent or limit OWNER, in any manner, at OWNER's sole discretion, from encumbering the Property or any portion thereof or any improvement thereon by any mortgage, deed of trust or other security device securing financing with respect to the Property. CITY acknowledges that the lenders providing such financing may require certain Agreement interpretations and modifications and agrees upon request, from time to time, to meet with OWNER and representatives of such lenders to negotiate in good faith any such request for interpretation or modification. CITY will not unreasonably withhold its consent to any such requested interpretation or modification provided such interpretation or modification is consistent with the intent and purposes of this Agreement. Any Mortgagee of the Property shall be entitled to the following rights and privileges:

(a) Neither entering into this Agreement nor a breach of this Agreement shall defeat, render invalid, diminish or impair the lien of any mortgage on the Property made in good faith and for value, unless otherwise required by law.

(b) The Mortgagee of any mortgage or deed of trust encumbering the Property, or any part thereof, which Mortgagee, has submitted a request in writing to the CITY in the manner specified herein for giving notices, shall be entitled to receive written notification from CITY of any default by OWNER in the performance of OWNER's obligations under this Agreement.

(c) If CITY timely receives a request from a Mortgagee requesting a copy of any notice of default given to OWNER under the terms of this Agreement, CITY shall provide a copy of that notice to the Mortgagee within ten (10) days of sending the notice of default to OWNER. The Mortgagee shall have the right, but not the obligation, to cure the default during the remaining cure period allowed such party under this Agreement.

(d) Any Mortgagee who comes into possession of the Property, or any part thereof, pursuant to foreclosure of the mortgage or deed of trust, or deed in lieu of such foreclosure, shall take the Property, or part thereof, subject to the terms of this Agreement. Notwithstanding any other provision of this Agreement to the contrary, no Mortgagee shall have an obligation or duty under this Agreement to perform any of OWNER's obligations or other affirmative covenants of OWNER hereunder, or to guarantee such performance; provided, however, that to the extent that any covenant to be performed by OWNER is a condition precedent to the performance of a covenant by CITY, the performance thereof shall continue to be a condition precedent to CITY's performance hereunder, and further provided that any sale, transfer or assignment by any Mortgagee in possession shall be subject to the provisions of Section 2.4 of this Agreement

(e) In the event of a default by OWNER, any Mortgagee shall have the right to remedy, or cause to be remedied, such default within sixty (60) days following the later to occur of (i) the date of Mortgagee's receipt of the notice referred to in Section 9.4 above, or (ii) the expiration of the period provided herein for OWNER to remedy or cure such default, and CITY shall accept such performance by or at the insistence of the Mortgagee as if the same had been timely made by OWNER; provided, however, that (i) if such default is not capable of being cured within the timeframes set forth in this Section and Mortgagee commences to cure the default within such timeframes, then Mortgagee shall have such additional time as is required to cure the default so long as Mortgagee diligently prosecutes the cure to completion and (ii) if possession of the Property (or portion thereof) is required to effectuate such cure or remedy, the Mortgagee shall be deemed to have timely cured or remedied if it commences the proceedings necessary to obtain possession thereof within sixty (60) days after receipt of the copy of the notice, diligently pursues such proceedings to completion, and, after obtaining possession, diligently completes such cure or remedy.

12. MISCELLANEOUS PROVISIONS.

12.1 Recordation of Agreement. This Agreement and any amendment or cancellation thereof shall be recorded with the San Bernardino County Recorder by the City Clerk within ten (10) days after the CITY executes this Agreement, as required by Section 65868.5 of the Government Code. If the parties to this Agreement or their successors in interest amend or cancel this Agreement as provided for herein and in Government Code

Section 65868, or if the CITY terminates or modifies the agreement as provided for herein and in Government Code Section 65865.1 for failure of the applicant to comply in good faith with the terms or conditions of this Agreement, the City Clerk shall have notice of such action recorded with the San Bernardino County Recorder.

12.2 Entire Agreement. This Agreement sets forth and contains the entire understanding and agreement of the parties, and there are no oral or written representations, understandings or ancillary covenants, undertakings or agreements which are not contained or expressly referred to herein. No testimony or evidence of any such representations, understandings or covenants shall be admissible in any proceeding of any kind or nature to interpret or determine the terms or conditions of this Agreement.

12.3 Severability. If any term, provision, covenant or condition of this Agreement shall be determined invalid, void or unenforceable, the remainder of this Agreement shall not be affected thereby to the extent such remaining provisions are not rendered impractical to perform taking into consideration the purposes of this Agreement. Notwithstanding the foregoing, the provision of the Public Benefits set forth in Section 4 of this Agreement, including the payment of the fees set forth therein, are essential elements of this Agreement and CITY would not have entered into this Agreement but for such provisions, and therefore in the event such provisions are determined to be invalid, void or unenforceable, this entire Agreement shall be null and void and of no force and effect whatsoever.

12.4 Interpretation and Governing Law. This Agreement and any dispute arising hereunder shall be governed and interpreted in accordance with the laws of the State of California. This Agreement shall be construed as a whole according to its fair language and common meaning to achieve the objectives and purposes of the parties hereto, and the rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be employed in interpreting this Agreement, all parties having been represented by counsel in the negotiation and preparation hereof.

12.5 Section Headings. All section headings and subheadings are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

12.6 Singular and Plural. As used herein, the singular of any word includes the plural.

12.7 Joint and Several Obligations. Pursuant to Section 2.4, if at any time during the term of this Agreement the Property is subsequently owned, in whole or in part, by more than one owner, all obligations of such owners under this Agreement shall be joint and several, and the default of any such owner shall be the default of all such owners. Notwithstanding the foregoing, no owner of a single lot which has been finally subdivided and sold to such owner as a member of the general public or otherwise as an ultimate user shall have any obligation under this Agreement except as provided under Section 4 hereof.

12.8 Time of Essence. Time is of the essence in the performance of the provisions of this Agreement as to which time is an element.

12.9 Waiver. Failure by a party to insist upon the strict performance of any of the provisions of this Agreement by the other party, or the failure by a party to exercise its rights upon the default of the other party, shall not constitute a waiver of such party's right to insist and demand strict compliance by the other party with the terms of this Agreement thereafter.

12.10 No Third-Party Beneficiaries. This Agreement is made and entered into for the sole protection and benefit of the parties and their successors and assigns. No other person shall have any right of action based upon any provision of this Agreement.

12.11 Force Majeure. Neither party shall be deemed to be in default where failure or delay in performance of any of its obligations under this Agreement is caused by floods, earthquakes, other Acts of God, fires, wars, riots or similar hostilities, strikes and other labor difficulties beyond the party's control, (including the party's employment force), government regulations, governmental orders related to statewide or national pandemics, any third party court actions challenging the Project (including but not limited to writs of mandate, restraining orders or injunctions), or other causes beyond the party's control. If any such events shall occur, the term of this Agreement and the time for performance by either party of any of its obligations hereunder may be extended by the written agreement of the parties for the period of time that such events prevented such performance, provided that the term of this Agreement shall not be extended under any circumstances for more than five (5) years.

12.12 Mutual Covenants. The covenants contained herein are mutual covenants and also constitute conditions to the concurrent or subsequent performance by the party benefited thereby of the covenants to be performed hereunder by such benefited party.

12.13 Successors in Interest. The burdens of this Agreement shall be binding upon, and the benefits of this Agreement shall inure to, all successors in interest to the parties to this Agreement. All provisions of this Agreement shall be enforceable as equitable servitudes and constitute covenants running with the land. Each covenant to do or refrain from doing some act hereunder with regard to development of the Property: (a) is for the benefit of and is a burden upon every portion of the Property; (b) runs with the Property and each portion thereof; and, (c) is binding upon each party and each successor in interest during ownership of the Property or any portion thereof.

12.14 Counterparts. This Agreement may be executed by the parties in counterparts, which counterparts shall be construed together and have the same effect as if all of the parties had executed the same instrument.

12.15 Jurisdiction and Venue. Any action at law or in equity arising under this Agreement or brought by a party hereto for the purpose of enforcing, construing or determining the validity of any provision of this Agreement shall be filed and tried in the Superior Court of the County of San Bernardino, State of California, and the parties hereto waive all provisions of law providing for the filing, removal or change of venue to any other court.

12.16 Project as a Private Undertaking. It is specifically understood and agreed by and between the parties hereto that the development of the Project is a private development, that neither party is acting as the agent of the other in any respect hereunder, and that each party is an independent contracting entity with respect to the terms, covenants and conditions contained in this Agreement. No partnership, joint venture or other association of any kind is formed by this Agreement. The only relationship between CITY and OWNER is that of a government entity regulating the development of private property and the owner of such property.

12.17 Further Actions and Instruments. Each of the parties shall cooperate with and provide reasonable assistance to the other to the extent contemplated hereunder in the performance of all obligations under this Agreement and the satisfaction of the conditions of this Agreement. Upon the request of either party at any time, the other party shall promptly execute, with acknowledgment or affidavit if reasonably required, and file or record such required instruments and writings and take any actions as may be reasonably necessary under the terms of this Agreement to carry out the intent and to fulfill the provisions of this Agreement or to evidence or consummate the transactions contemplated by this Agreement. The City Manager may delegate his powers and duties under this Agreement to an Assistant City Manager or other management level employee of the CITY.

12.18 Eminent Domain. No provision of this Agreement shall be construed to limit or restrict the exercise by CITY of its power of eminent domain.

12.19 Agent for Service of Process. In the event OWNER is not a resident of the State of California or it is an association, partnership or joint venture without a member, partner or joint venturer resident of the State of California, or it is a foreign corporation, then in any such event, OWNER shall file with the Planning Director, upon its execution of this Agreement, a designation of a natural person residing in the State of California, giving his or her name, residence and business addresses, as its agent for the purpose of service of process in any court action arising out of or based upon this Agreement, and the delivery to such agent of a copy of any process in any such action shall constitute valid service upon OWNER. If for any reason service of such process upon such agent is not feasible, then in such event OWNER may be personally served with such process out of this County and such service shall constitute valid service upon OWNER. OWNER is amenable to the process so served, submits to the jurisdiction of the Court so obtained and waives any and all objections and protests thereto.

12.20 Estoppel Certificate. Within thirty (30) business days following a written request by any of the parties, the other party shall execute and deliver to the requesting party a statement certifying that (i) either this Agreement is unmodified and in full force and effect or there have been specified (date and nature) modifications to the Agreement, but it remains in full force and effect as modified; and (ii) either there are no known current uncured defaults under this Agreement or that the responding party alleges that specified (date and nature) defaults exist. The statement shall also provide any other reasonable information requested. The failure to timely deliver this statement shall constitute a conclusive presumption that this Agreement is in full force and effect without modification

except as may be represented by the requesting party and that there are no uncured defaults in the performance of the requesting party, except as may be represented by the requesting party. OWNER shall pay to CITY all costs incurred by CITY in connection with the issuance of estoppel certificates requested by OWNER under this Section 12.20 prior to CITY's issuance of such certificates.

12.21 Authority to Execute. The person or persons executing this Agreement on behalf of OWNER warrants and represents that he or she/they have the authority to execute this Agreement on behalf of his or her/their corporation, partnership or business entity and warrants and represents that he or she/they has/have the authority to bind OWNER to the performance of its obligations hereunder.

12.22 Prevailing Wage. OWNER, for itself, its successors, and assigns, agrees, covenants, and warrants that the development of the Property, if any, shall comply with all applicable federal and state labor laws (including, without limitation, the requirement under California law to pay prevailing wages and hire apprentices), and all obligations as set forth herein.12.22.1 CITY makes no representations concerning prevailing wages in compliance with California Labor Code Section 1770 et seq.

12.22.2 OWNER acknowledges and agrees that it shall be independently responsible for reviewing the applicable laws and regulations with respect to the payment of prevailing wages and complying therewith. OWNER shall bear all risks of payment or non-payment of prevailing wages under California law and/or the implementation of Labor Code Section 1781, as the same may be amended from time to time, and/or any other similar law.

12.22.3 The foregoing indemnity shall survive termination of this Agreement and shall continue after completion of the construction and development of the Property by OWNER, its successors or assigns. OWNER shall be solely responsible for determining and effectuating compliance with such laws.

12.22.4 OWNER, ON BEHALF OF ITSELF, ITS SUCCESSORS, AND ASSIGNS, WAIVES AND RELEASES CITY FROM ANY RIGHT OF ACTION THAT MAY BE AVAILABLE TO OWNER PURSUANT TO LABOR CODE SECTION 1781 OR THE DAVIS BACON ACT. RELATIVE TO THE WAIVER AND RELEASE CONTAINED IN THIS SECTION 12.22, OWNER ACKNOWLEDGES THE PROTECTIONS OF CIVIL CODE SECTION 1542, WHICH READS AS FOLLOWS: A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

INITIALS. BY INITIALING BELOW, OWNER KNOWINGLY AND VOLUNTARILY WAIVES THE PROVISIONS OF SECTION 1542 SOLELY WITH THE MATTERS WHICH ARE THE SUBJECT OF THE FOREGOING WAIVERS AND RELEASES:

Existing Development Approvals

On July 28, 2020, the Planning Commission:

a) Approved Resolution No. PC20-048, recommending the City Council certify the Environmental Impact Report (SCH #2019050018) for the Ontario Ranch Business Park Specific Plan (File No. PSP18-002).

b) Approved Resolution No. PC20-049, recommending the City Council approve the General Plan Amendment (File No. PGPA18-008).

c) Approved Resolution No. PC20-050, recommending the City Council approve the Ontario Ranch Business Park Specific Plan (File No. PSP18-002).

On September 15, 2020, the City Council:

a) Adopted Resolution No. 2020-159, certifying the Environmental Impact Report (SCH #2019050018) for the Ontario Ranch Business Park Specific Plan (File No. PSP18-002).

b) Adopted Resolution No. 2020-160, approving the General Plan Amendment (File No. PGPA18-008).

On October 6, 2020, the City Council:

a) Adopted Ordinance No. 3168, approving the Ontario Ranch Business Park Specific Plan.

On August 30, 2022, the Planning Commission:

a) Approved Resolution No. PC22-053, recommending the City Council certify the project Subsequent Environmental Impact Report (SCH#2019050018) for the Ontario Ranch Business Park Specific Plan Amendment (PSPA21-002).

b) Approved Resolution No. PC22-054, recommending the City Council approve File No. PSPA21-002, an amendment to the Ontario Ranch Business Park Specific Plan.

DESCRIPTION OF REQUIRED IMPROVEMENTS

OWNER shall design, construct, and complete the following Street, Sewer, Storm Drain, Potable Water, Recycled Water, and Fiber Optic improvements, prior to OWNER's request for any final certificate of occupancy permit for any building within the Property.

1. OWNER shall design, construct, and complete the following Improvements, Potable Water (WT), Storm Drain (SD), Streets (ST), Sewer (SW), Recycled Water (RW), and Fiber Optics (FO), as described, prior to OWNER's request for final occupancy of the first building:

    a. WT on Sultana Avenue between Eucalyptus Avenue and Merrill Avenue.

    b. WT on Campus Avenue between Eucalyptus Avenue and Merrill Avenue.

    c. WT on Eucalyptus Avenue between Sultana Avenue and Grove Avenue (Local Water DIF Project WT-011).

    d. WT on Eucalyptus Avenue between Grove Avenue and Carpenter Avenue (*Regional Water DIF Project, portion of Phase 2A Water*).

    e. WT on Merrill Avenue between Sultana Avenue and Carpenter Avenue (Local Water DIF Project WT-011).

    f. SW (Western Trunk Sewer) on Euclid Avenue between Kimball Avenue and Merrill Avenue (Regional Sewer DIF Project SW-002).

    g. SW (Western Trunk Sewer) on Merrill Avenue between Euclid Avenue and Campus Avenue (Regional Sewer DIF Project SW-002).

    h. SW on Sultana Avenue between Merrill Avenue and Eucalyptus Avenue.

    i. SW on Campus Avenue between Merrill Avenue and Eucalyptus Avenue.

    j. RW on Sultana Avenue between Eucalyptus Avenue and Merrill Avenue.

k. RW on Merrill Avenue between Sultana Avenue and Campus Avenue (Local Water DIF Project WT-016).

l. RW on Campus Avenue between Merrill Avenue and Eucalyptus Avenue.

m. SD onsite detention shall be designed, constructed, and completed by ONWER prior to issuance of the first building permit. However, OWNER is eligible to request from CITY a grading permit prior to completion of the SD onsite detention.

n. SD on Sultana Avenue between Eucalyptus Avenue and Merrill Avenue.

o. SD on Merrill Avenue between Euclid Avenue and Sultana Avenue.

p. SD on Merrill Avenue between Sultana Avenue and Campus Avenue.

q. SD on Campus Avenue between Eucalyptus Avenue and Merrill Avenue.

r. SD bleeder line or alternative interim connection at the discretion of the City Engineer, on Euclid Avenue south of Merrill Avenue. This shall connect to the SD on Merrill Avenue between Euclid Avenue and Campus Avenue.

s. Two (2) Debris Separation Baffle Boxes at the intersections of Euclid Avenue and Merrill Avenue.

t. Full half ST improvements on the south half and circulation land improvements on the north half of Eucalyptus Avenue, from Sultana Avenue to Campus Avenue.

u. Full half ST improvements on both sides of Merrill Avenue, between Euclid Avenue and Carpenter Avenue.

v. Full half ST improvements on the west side and circulation lane improvements on the east side of Campus Avenue, between Eucalyptus Avenue and Merrill Avenue.

w. Full half ST improvements on the east side and circulation lane improvements on the west side of Sultana Avenue, between Eucalyptus Avenue and Merrill Avenue.

x. Traffic Signals at Sultana Avenue and Eucalyptus Avenue, Sultana Avenue and Merrill Avenue, Campus Avenue and Eucalyptus Avenue, and Campus and Merrill Avenues.

y. Traffic Signal modifications at Euclid Avenue and Eucalyptus Avenue, and Euclid Avenue and Merrill Avenue.

z. FO on Eucalyptus Avenue between Sultana Avenue and Campus Avenue.

aa. FO on Merrill Avenue between Sultana Avenue and Campus Avenue.

bb. FO on Sultana Avenue between Eucalyptus Avenue and Merrill Avenue.

cc. FO on Campus Avenue between Eucalyptus Avenue and Merrill Avenue.

2. CITY shall design, construct, and complete the Phase 2 Water (WT) Improvements and Interim Chino Avenue Loop. The Phase 2 Water Improvements will be constructed by the CITY in phases, with the initial improvements, designated as Phase 2A Water Improvements, Interim Chino Avenue Loop, and Phase 2B Water Improvements as described below.

    a. Phase 2A Water Improvements shall consist of the following:

        i. WT on Grove Avenue between Eucalyptus Avenue and Chino Avenue (Regional Water DIF Project WT-010).

    b. Interim Chino Avenue Loop shall consist of the following:

        i. WT on Chino Avenue between Cucamonga Channel and Grove Avenue, which will provide the second point of connection from the 1010 Pressure Zone (Local Water DIF Project WT-009).

        ii. Pressure Reducing Station at Grove Avenue and Chino Avenue, which will provide the second point of connection from 1010 Pressure Zone (Future Local Water DIF Project WT-009).

OWNER shall pay one hundred percent (100%) of the costs to construct the Phase 2A Improvements and the Interim Chino Avenue Loop, within forty-five (45) days from the Effective Date of this Agreement, and such payment shall be the "Phase 2A Water Payment". The costs in the foregoing sentence shall equal the actual bid amount of the awarded contracts for the work, plus fifteen percent (15%). Upon OWNER's full and complete payment to CITY, the CITY shall issue a Certificate of DIF Credit in the Regional Water Category and/or the Local Adjacent Water Category, as appropriate. Each DIF Water Certificate shall be issued by CITY within thirty (30) days of the receipt of such required payment. CITY shall not issue any building permits until receipt of the full Phase 2A Water Payment.

c. Phase 2B Water Improvements shall consist of the following:

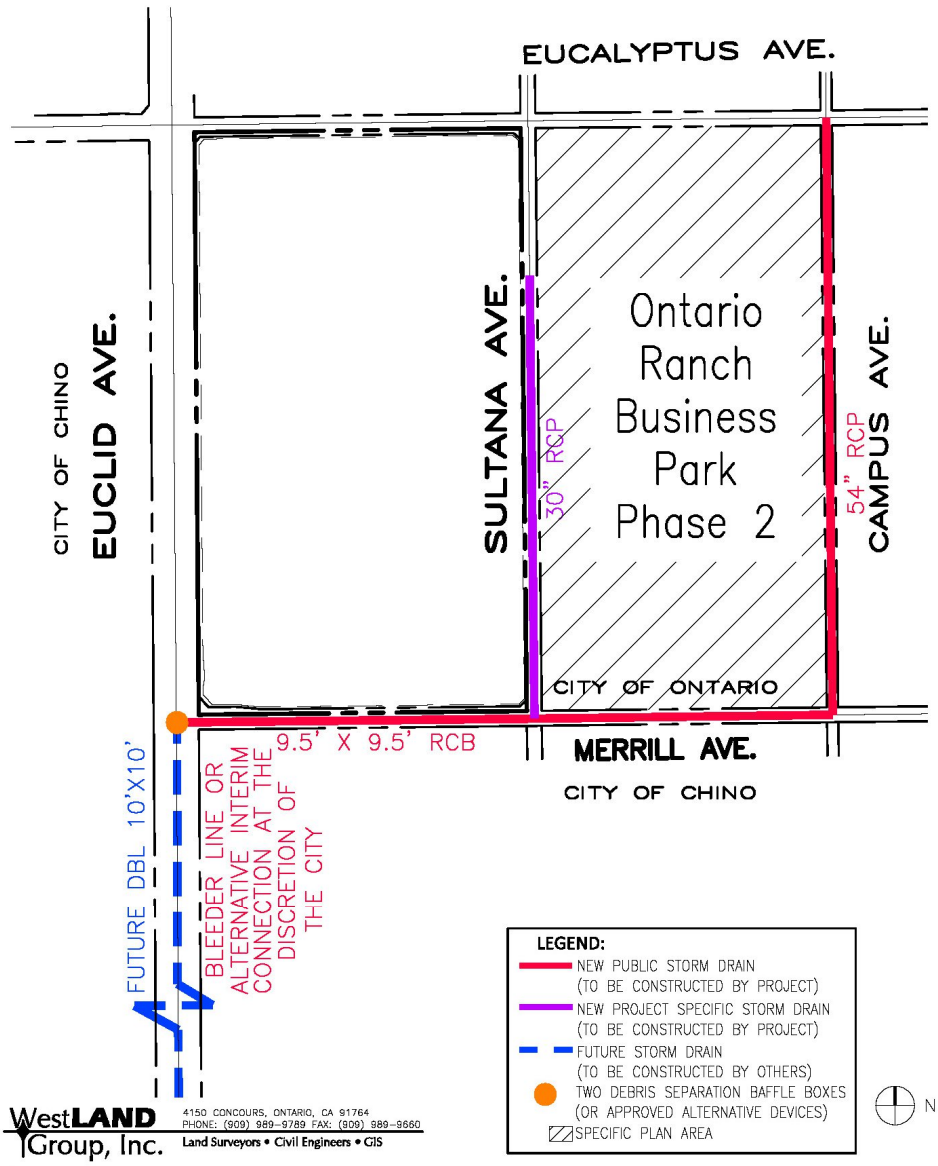
   i. WT on Francis Street between Grove Avenue and Bon View Avenue (Regional Water DIF Project WT-010).

   ii. WT on Bon View Avenue between Francis Street and the Bon View Reservoir Site (Regional Water DIF Project WT-010).

   iii. WT – Nine (9) Million Gallon reservoir at Bon View Reservoir Site (Regional Water DIF Project WT-014).

   iv. WT – Two (2) Groundwater Production Wells in vicinity of Bon View Reservoir Site (Regional Water DIF Project WT-007).

   v. WT on Grove Avenue between Chino Avenue and Francis Street (Regional Water DIF Project WT-010). The final design and alignment north of Riverside Drive is subject to change at the reasonable discretion of the CITY.



The Phase 2B Water Improvements will be constructed by the CITY and funded by OWNER, pursuant to Section 4.5 of this Agreement. CITY and OWNER mutually agree and understand, that with completion of Phase 2A and the Interim Chino Avenue Loop, the project will be utilizing interim water supply and storage capacity from the 1010' Pressure Zone and OWNER will be required to participate in the funding of future Phase 2 Water Improvements to support the permanent water supply and storage needs of future development within Ontario Ranch.

FORM OF CERTIFICATE OF REGIONAL DIF CREDIT

Pursuant to Section 4.5.3 of this Agreement by and between the City of Ontario and _____, dated _____, 20__, the terms and definitions of which are hereby incorporated herein by this reference and hereinafter called the "Development Agreement', the City of Ontario hereby certifies that OWNER is entitled to the following amount and nature of DIF Credits in the Regional Water DIF Infrastructure Category:

Amount of Credit: $_____

_____
Scott Ochoa, City Manager

Dated:_____

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Development Administration Prepared By: Derrick E Womble Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 26

SUBJECT: **AN ORDINANCE APPROVING A DEVELOPMENT AGREEMENT (FILE NO. PDA22-005) BETWEEN THE CITY OF ONTARIO AND RB ONTARIO LLC**

RECOMMENDATION: That the City Council consider and adopt an Ordinance approving a Development Agreement (File No. PDA22-005) between the City of Ontario and RB Ontario LLC, to establish the terms and conditions associated with Tentative Tract Map 20536 (File No. PMTT22-021), a 23.2-acre property located approximately 875 feet south of the intersection of Riverside Drive and Archibald Avenue, within Planning Area 1 (Neighborhood 2) land use district of the Countryside Specific Plan.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: The proposed Development Agreement (File No. PDA22-005) will not have a direct impact on the City's General Fund. The Development Agreement will provide funding from the formation of a Community Facilities District (CFD) for City services and facilities required to support the Countryside Specific Plan development, thereby mitigating the increased costs associated with such services. In addition, the City will receive public service funding fees plus development impact, compliance processing, licensing, and permitting fees. No General Fund revenue will be used to support the Ontario Ranch development.

BACKGROUND & ANALYSIS: On June 20, 2023, the City Council held a public hearing to introduce and waive further reading of an Ordinance Approving the Development Agreement (File No. PDA22-005).

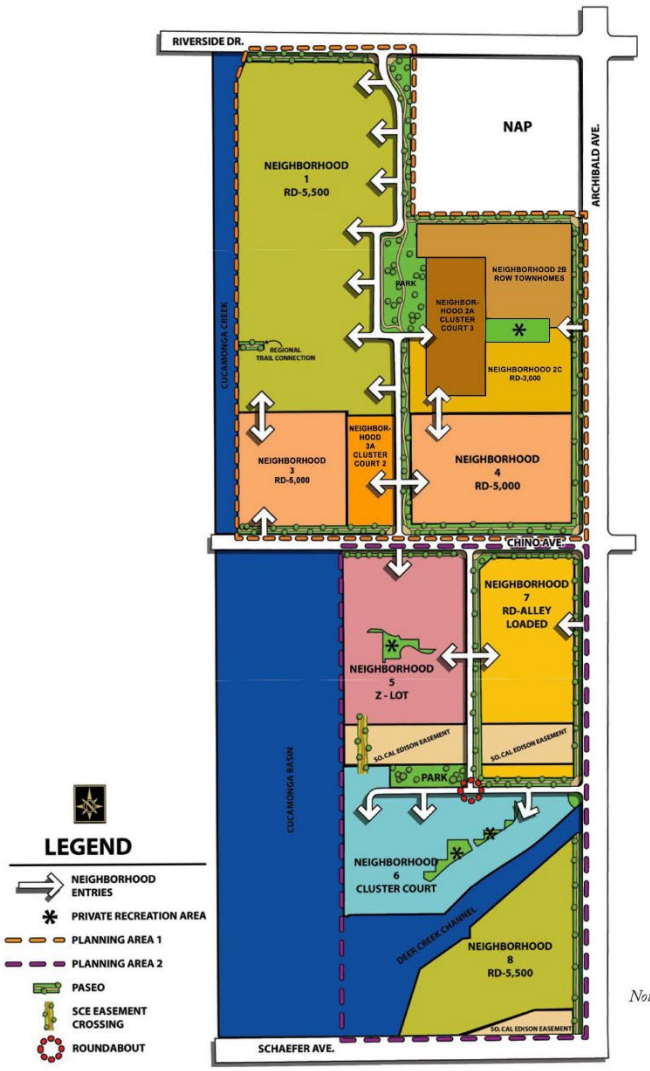
The Ontario Ranch financial commitments required for construction of properties within a specific plan are substantial. Therefore, in order to adequately forecast these costs and gain assurance that the project may proceed under the existing policies, rules, and regulations, RB Ontario LLC (Applicant), has requested that the City enter into negotiations to create a Development Agreement (Agreement).

The Agreement proposes to include 23.2 acres of land within the Planning Area 1 (Neighborhood 2) land use district of the Specific Plan, as shown on the attached Exhibit A. The Agreement grants the Applicant a vested right to develop Tentative Tract Map 20536 (the Map), provided the Applicant complies with the terms and conditions of the Specific Plan and related EIR.

The Map (see attached Exhibit B) is located 875 feet south of the intersection of Riverside Drive and Archibald Avenue and proposes to subdivide 23.2 acres of land for condominium purposes, into 141 numbered lots and 27 lettered lots, to facilitate the development of 265 dwelling units, park land, private recreation area, private drives, and private alleys.

The term of the Agreement is for 10 years, with a 5-year option to extend. The main points of the Agreement address funding for all new City expenses created by the project, which includes: Development Impact Fees (DIF) for construction of public improvements (i.e. streets and bridges, sewer, water, storm drain and fiber); Public Service Funding to ensure adequate provisions of public services (police, fire and other public services); and the creation of a Community Facilities District (CFD) for the maintenance of public facilities.

It is important to note the Applicant is currently in negotiations with the current Owners to purchase the property. The Agreement shall be executed and recorded upon the acquisition of the property by the Applicant. In the event the Applicant is unable to acquire the property, the Agreement and Ordinance shall become null and void and of no further force and effect.



In considering the Agreement at their meeting on May 23, 2023, the Planning Commission found the Agreement to be consistent with State law, The Ontario Plan, and the City's Development Agreement policies. As a result, the Planning Commission adopted Resolution No. PC23-041 with a 4 to 0 vote, recommending City Council approval of the Agreement.

ENVIRONMENTAL REVIEW: An Addendum to the Countryside Specific Plan Environmental Impact Report (State Clearinghouse No. 2004071001), which was certified by the City Council on April 18, 2006, was prepared to be consistent with The Ontario Plan 2050 and associated Supplemental Environmental Impact Report (SEIR) (State Clearinghouse No. 2021070364), which was certified by the City Council on August 16, 2022. This application introduces no new significant environmental impacts. All previously adopted mitigation measures are a condition of Project approval and are incorporated herein by this reference.

Exhibit B— TENTATIVE TRACT MAP 20536

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING FILE NO. PDA22-005, A DEVELOPMENT AGREEMENT BETWEEN THE CITY OF ONTARIO AND RB ONTARIO LLC, TO ESTABLISH THE TERMS AND CONDITIONS ASSOCIATED WITH TENTATIVE TRACT MAP NO. 20536 (FILE NO. PMTT22-021), A 23.2 ACRE PROPERTY LOCATED APPROXIMATELY 875 FEET SOUTH OF THE INTERSECTION OF RIVERSIDE DRIVE AND ARCHIBALD AVENUE, WITHIN PLANNING AREA 1 (NEIGHBORHOOD 2) LAND USE DISTRICT OF THE COUNTRYSIDE SPECIFIC PLAN (FILE NO. PSP04-001); AND MAKING FINDINGS IN SUPPORT THEREOF - APNS: 0218-111-60 AND 0218-111-61.

WHEREAS, RB Ontario LLC ("Applicant") has filed an Application for the approval of a Development Agreement, File No. PDA22-005, as described in the title of this Resolution (hereinafter referred to as "Application" or "Project"); and

WHEREAS, the Application applies to 23.2 acres of land located approximately 875 south of the intersection of Riverside Drive and Archibald Avenue, within Planning Area 1 (Neighborhood 2) land use district of the Countryside Specific Plan; and

WHEREAS, the Applicant has submitted a Tentative Tract Map 20536 (File No. PMTT22-021) to subdivide 23.2 acres of land into 141 numbered lots and 27 lettered lots, to facilitate the potential development of 265 dwelling units, parkland, private recreation area, private drives, and private alleys; and

WHEREAS, an Addendum to the Countryside Specific Plan Environmental Impact Report (State Clearinghouse No. 2004071001), which was certified by the City Council on April 18, 2006, was prepared to be consistent with The Ontario Plan 2050 and associated Supplemental Environmental Impact Report (SEIR) (State Clearinghouse No. 2021070364), which was certified by the City Council on August 16, 2022. This application introduces no new significant environmental; and

WHEREAS, Ontario Development Code Table 2.02-1 (Review Matrix) grants the Planning Commission the responsibility and authority to review and make recommendations to the City Council on the subject Application; and

WHEREAS, the Project has been reviewed for consistency with the Housing Element of the Policy Plan component of The Ontario Plan, as State Housing Element law (as prescribed in Government Code Sections 65580 through 65589.8) requires that development projects must be consistent with the Housing Element, if upon consideration of all its aspects, it is found to further the purposes, principals, goals, and policies of the Housing Element; and

WHEREAS, the Project is located within the Airport Influence Area of Ontario International Airport, which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties, and is subject to, and must be consistent with, the policies and criteria set forth in the Ontario International Airport Land Use Compatibility Plan (hereinafter referred to as "ALUCP"), which applies only to jurisdictions within San Bernardino County, and addresses the noise, safety, airspace protection, and overflight impacts of current and future airport activity; and

WHEREAS, City of Ontario Development Code Division 2.03 (Public Hearings) prescribes the manner in which public notification shall be provided and hearing procedures to be followed, and all such notifications and procedures have been completed; and

WHEREAS, City of Ontario Development Code Division 2.03 (Public Hearings) prescribes the manner in which public notification shall be provided and hearing procedures to be followed, and all such notifications and procedures have been completed; and

WHEREAS, on May 23, 2023, the Planning Commission of the City of Ontario conducted a hearing to consider the Project, and concluded said hearing on that date, voting to issue Resolution No. PC23-041 recommending the City Council approve the Application; and

WHEREAS, on June 20, 2023, the City Council of the City of Ontario conducted a hearing to consider the Project, and concluded said hearing on that date; and

WHEREAS, all legal prerequisites to the adoption of this Ordinance have occurred.

NOW, THEREFORE, IT IS HEREBY FOUND, DETERMINED, AND ORDAINED by the City Council of the City of Ontario, as follows:

SECTION 1. ***Environmental Determination and Findings.*** As the decision-making body for the Project, the City Council has reviewed and considered the information contained in the administrative record for the Project. Based upon the facts and information contained in the administrative record, including all written and oral evidence presented to the City Council, the City Council finds as follows:

(1) The environmental impacts of the Project were reviewed in conjunction with an Addendum to Countryside Specific Plan Environmental Impact Report (State Clearinghouse No. 200407100; certified by the Ontario City Council on April 16, 2006 in conjunction with File No. PSP04-001), was prepared to be consistent with The Ontario Plan 2050 and associated Supplemental Environmental Impact Report (SEIR) (State Clearinghouse No. 2021070364), which was certified by the City Council on August 16, 2022; and

(2) The EIR Addendum and administrative record have been completed in compliance with CEQA, the State CEQA Guidelines, and the City of Ontario Local CEQA Guidelines; and

(3) The City's "Guidelines for the Implementation of the California Environmental Quality Act (CEQA)" provide for the use of a single environmental assessment in situations where the impacts of subsequent projects are adequately analyzed. This Application introduces no new significant environmental impacts; and

(4) All previously adopted mitigation measures shall be a condition of project approval, as they are applicable to the Project, and are incorporated herein by this reference; and

(5) The EIR Addendum contains a complete and accurate reporting of the environmental impacts associated with the Project, and reflects the independent judgment of the Planning Commission; and

(6) There is no substantial evidence in the administrative record supporting a fair argument that the project may result in significant environmental impacts

SECTION 2. ***Subsequent or Supplemental Environmental Review Not Required.*** Based on the EIR Addendum, all related information presented to the City Council, and the specific findings set forth in Section 1, above, the City Council finds that the preparation of a subsequent or supplemental Certified EIR is not required for the Project, as the Project:

(1) Does not constitute substantial changes to the Certified EIR that will require major revisions to the Certified EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; and

(2) Does not constitute substantial changes with respect to the circumstances under which the Certified EIR was prepared, that will require major revisions to the Certified EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of the previously identified significant effects; and

(3) Does not contain new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence at the time the Certified EIR was certified/adopted, that shows any of the following:

(a) The Project will have one or more significant effects not discussed in the Certified EIR; or

(b) Significant effects previously examined will be substantially more severe than shown in the Certified EIR; or

(c) Mitigation measures or alternatives previously found not to be feasible would in fact be feasible and would substantially reduce one or more significant effects of the Project, but the City declined to adopt such measures; or

(d) Mitigation measures or alternatives considerably different from those analyzed in the Certified EIR would substantially reduce one or more significant effects on the environment, but which the City declined to adopt.

SECTION 3. ***Housing Element Compliance.*** Pursuant to the requirements of California Government Code Chapter 3, Article 10.6, commencing with Section 65580, as the decision-making body for the Project, the City Council finds that based upon the facts and information contained in the Application and supporting documentation, at the time of Project implementation, the project is consistent with the Housing Element of the Policy Plan (General Plan) component of The Ontario Plan, as the project site is not one of the properties in the Housing Element Sites Inventory contained in Tables B-1 and B-2 of the Housing Element Technical Report.

SECTION 4. ***Airport Land Use Compatibility Plan ("ALUCP") Compliance.*** The California State Aeronautics Act (Public Utilities Code Section 21670 et seq.) requires that an Airport Land Use Compatibility Plan be prepared for all public use airports in the State; and requires that local land use plans and individual development proposals must be consistent with the policies set forth in the adopted Airport Land Use Compatibility Plan.

(1) On April 19, 2011, the City Council of the City of Ontario approved and adopted the Ontario International Airport Land use Compatibility Plan, establishing the Airport Influence Area for Ontario International Airport, which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties, and limits future land uses and development within the Airport Influence Area, as they relate to noise, safety, airspace protection, and overflight impacts of current and future airport activity. As the decision-making body for the Project, the City Council has reviewed and considered the facts and information contained in the Application and supporting documentation against the ONT ALUCP compatibility factors, including [1] Safety Criteria (ONT ALUCP Table 2-2) and Safety Zones (ONT ALUCP Map 2-2), [2] Noise Criteria (ONT ALUCP Table 2-3) and Noise Impact Zones (ONT ALUCP Map 2-3), [3] Airspace protection Zones (ONT ALUCP Map 2-4), and [4] Overflight Notification Zones (ONT ALUCP Map 2-5). As a result, the City Council, therefore, finds and determines that the Project, when implemented in conjunction with the conditions of approval, will be consistent with the policies and criteria set forth within the ONT ALUCP; and

SECTION 5. ***Concluding Facts and Reasons.*** Based upon the substantial evidence presented to the City Council during the above-referenced hearing, and upon the specific findings set forth in Section 1 through 4, above, the City Council hereby concludes as follows:

(1) The Development Agreement applies to approximately 23.2 acres of land located approximately 875 feet south of the intersection of Riverside Drive and Archibald Avenue, within Planning Area 1 (Neighborhood 2) land use district of the Countryside Specific Plan (File No. PSP04-001); and

(2) The Development Agreement establishes parameters for the development of land within the Countryside Specific Plan. The Development Agreement also grants the Applicant, the right to develop, the ability to quantify the fees; and establish the terms and conditions that apply to those projects. These terms and conditions are consistent with The Ontario Plan Policy Plan (General Plan), design guidelines and development standards for the Countryside Specific Plan; and

(3) The Development Agreement grants the Applicant a vested right to develop Tentative Parcel Map 20536 (File No. PMTT22-021) as long as the Applicant complies with the terms and conditions of the Countryside Specific Plan and EIR. Tentative Tract Map 20536 is located approximately 875 feet south of the intersection of Riverside Drive and Archibald Avenue, within Planning Area 1 (Neighborhood 2) land use district of the Countryside Specific Plan, and proposes to subdivide 23.2 acres of land into 141 numbered lots and 27 lettered lots, to facilitate the development of 265 dwelling units, parkland, private recreation area, private drives, and private alleys; and

(4) The Development Agreement has been prepared in conformance with the goals and policies of The Ontario Plan Policy Plan (General Plan); and

(5) The Development Agreement does not conflict with the Land Use Policies of The Ontario Plan Policy Plan (General Plan) and will provide for development, within the district, in a manner consistent with the Policy Plan and with related development; and

(6) This Development Agreement will promote the goals and objectives of the Land Use Element of the Policy Plan; and

(7) This Development Agreement will not be materially injurious or detrimental to the adjacent properties and will not have a significant impact on the environment or the surrounding properties. An Addendum to the Countryside Specific Plan Environmental Impact Report (State Clearinghouse No. 2004071001), which was certified by the City Council on April 18, 2006, was prepared to be consistent with The Ontario Plan 2050 and associated Supplemental Environmental Impact Report (SEIR) (State Clearinghouse No. 2021070364), which was certified by the City Council on August 16, 2022; and

(8) This Application introduces no new significant environmental impacts. All previously adopted mitigation measures are a condition of project approval and are incorporated herein by this reference.

SECTION 6. ***City Council Action.*** Based upon the findings and conclusions set forth in Sections 1 through 5, above, the City Council hereby APPROVES the herein described Development Agreement (File No. PDA22-005), attached hereto as "Attachment A," and incorporated herein by this reference. City Council's approval of the Development Agreement is contingent upon the approval of the following:

(a) Countryside Specific Plan Amendment (File No. PSPA22-002);
(b) EIR Addendum to the Countryside Specific Plan (File No. PSP04-001); and
(c) Applicant's acquisition of the Property.

If the City Council does not approve the Specific Plan Amendment (File No. PSPA22-002), EIR Addendum to the Countryside Specific Plan (File No. PSP04-001), and/or the Applicant does not acquire the Property, this Ordinance shall become null and void and of no further force and effect.

SECTION 7. **City Manager Administrative Authority**. The City Manager, with the approval of the City Attorney, shall be authorized to make any minor clarifying and conforming changes to the Development Agreement, including but not limited to modifying the owner's name upon its acquisition of the Property.

SECTION 8. ***Indemnification.*** The Applicant shall agree to defend, indemnify and hold harmless, the City of Ontario or its agents, officers, and employees from any claim, action or proceeding against the City of Ontario or its agents, officers or employees to attack, set aside, void, or annul this approval. The City of Ontario shall promptly notify the applicant of any such claim, action, or proceeding, and the City of Ontario shall cooperate fully in the defense.

SECTION 9. ***Custodian of Records.*** The documents and materials that constitute the record of proceedings on which these findings have been based are located at the City of Ontario City Hall, 303 East "B" Street, Ontario, California 91764. The custodian for these records is the City Clerk of the City of Ontario.

SECTION 10. ***Severability.*** If any section, sentence, clause or phrase of this Ordinance or the application thereof to any entity, person or circumstance is held for any reason to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect other provisions or applications of this Ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this Ordinance are severable. The People of the City of Ontario hereby declare that they would have adopted this Ordinance and each section, sentence, clause or phrase thereof, irrespective of the fact that any one or more section, subsections, sentences, clauses or phrases be declared invalid or unconstitutional.

SECTION 11. ***Effective Date.*** This Ordinance shall become effective 30 days following its adoption.

SECTION 12. ***Publication and Posting.*** The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within 15 days following the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

PASSED, APPROVED, AND ADOPTED this ____ day of _____ 2023.

DEVELOPMENT AGREEMENT NO. PDA22-005

This Development Agreement (hereinafter "Agreement") is entered into effective as of the ____ day of _____, 2023 by and among the City of Ontario, a California municipal corporation (hereinafter "CITY"), and RB Ontario LLC, a Delaware limited liability company (hereinafter "OWNER"):

RECITALS

WHEREAS, CITY is authorized to enter into binding development agreements with persons having legal or equitable interests in real property for the development of such property, pursuant to Section 65864, et seq. of the Government Code; and

WHEREAS, OWNER has requested CITY to enter into a development agreement and proceedings have been taken in accordance with the rules and regulations of CITY; and

WHEREAS, by electing to enter into this Agreement, CITY shall bind future City Councils of CITY by the obligations specified herein and limit the future exercise of certain governmental and proprietary powers of CITY; and

WHEREAS, the terms and conditions of this Agreement have undergone extensive review by CITY and the City Council and have been found to be fair, just and reasonable; and

WHEREAS, the best interests of the citizens of the CITY and the public health, safety and welfare will be served by entering into this Agreement; and

WHEREAS, all of the procedures of the California Environmental Quality Act have been met with respect to the Project and the Agreement in that Countryside Specific Plan (State Clearinghouse No. 2006051081 (the "FEIR"). The City Council found and determined that the FEIR was prepared in accordance with the requirements of the California Environmental Quality Act and adequately describes the impacts of the project described in the FEIR, which included consideration of this Agreement; and

WHEREAS, this Agreement and the Project are consistent with the CITY's Comprehensive General Plan and the Countryside Specific Plan; and

WHEREAS, all actions taken and approvals given by CITY have been duly taken or approved in accordance with all applicable legal requirements for notice, public hearings, findings, votes, and other procedural matters; and

WHEREAS, development of the Property in accordance with this Agreement will provide substantial benefits to CITY and will further important policies and goals of CITY; and

WHEREAS, this Agreement will eliminate uncertainty in planning and provide for the orderly development of the Property, ensure progressive installation of necessary

improvements, provide for public services appropriate to the development of the Project, and generally serve the purposes for which development agreements under Sections 65864 et seq. of the Government Code are intended; and

WHEREAS, OWNER has incurred and will in the future incur substantial costs in excess of the generally applicable requirements in order to assure vesting of legal rights to develop the Property in accordance with this Agreement; and

WHEREAS, the Property is located in an area of the City of Ontario that has been known as the "New Model Colony" area and the New Model Colony area has now been renamed as "Ontario Ranch."; and

WHEREAS, the property developer/owners are made aware of the South Archibald Trichloroethylene (TCE) Plume Disclosure Letter (Exhibit "G"). Property owner may wish to provide the attached Letter as part of the Real Estate Transfer Disclosure requirements under California Civil Code Section 1102 et seq. This may include notifications in the Covenants, Conditions and Restrictions (CC&Rs) or other documents related to property transfer and disclosures. Additional information on the plume is available from the Santa Ana Regional Water Quality Control Board at http://geotracker.waterboards.ca.gov/profile_report.asp?global_id=T10000004658.

COVENANTS

NOW, THEREFORE, in consideration of the above recitals and of the mutual covenants hereinafter contained and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. DEFINITIONS AND EXHIBITS.

1.1 Definitions. The following terms when used in this Agreement shall be defined as follows:

1.1.1 "Agreement" means this Development Agreement.

1.1.2 "CITY" means the City of Ontario, California, a California municipal corporation.

1.1.3 "Construction Agreement" means that certain Agreement for the Financing and Construction of Phases I and II Infrastructure Improvements to Serve an Easterly Portion of the New Model Colony, entered into between the CITY and NMC Builders as of the 4th day of October, 2005, and all amendments thereto and "Construction Agreement Amendment" means that First Amended and Restated Agreement for the Financing and Construction of Limited Infrastructure Improvements to Serve and Easterly Portion of the New Model Colony entered into between the CITY and NMC Builders as of the 21st day of August 2012.

1.1.4 “Development” means the improvement of the Property for the purposes of completing the structures, improvements and facilities comprising the Project including, but not limited to: grading; the construction of public infrastructure and public facilities related to the Project whether located within or outside the Property; the construction of buildings and structures; and the installation of landscaping. “Development” does not include the maintenance, repair, reconstruction or redevelopment of any building, structure, improvement or facility after the construction and completion thereof.

1.1.5 “Development Approvals” means all permits and other entitlements for use subject to approval or issuance by CITY in connection with development of the Property including, but not limited to:

(a) specific plans and specific plan amendments;

(b) tentative and final subdivision and parcel maps;

(c) development plan review;

(d) conditional use permits (including model home use permits), public use permits and plot plans;

(e) zoning;

(f) grading and building permits.

1.1.6 “Development Exaction” means any requirement of CITY in connection with or pursuant to any Land Use Regulation or Development Approval for the dedication of land, the construction of improvements or public facilities, or the payment of fees in order to lessen, offset, mitigate or compensate for the impacts of development on the environment or other public interests.

1.1.7 “Development Impact Fee” means a monetary exaction, other than a tax or special assessment, whether characterized as a fee or a tax and whether established for a broad class of projects by legislation of general applicability or imposed on a specific project on an ad hoc basis, that is charged by a local agency to the applicant in connection with approval of a development project for the purpose of defraying all or a portion of the cost of public facilities related to the development project, and, for purposes of this Agreement only, includes fees collected under development agreements adopted pursuant to Article 2.5 of the Government Code (commencing with Section 65864) of Chapter 4, For purposes of this Agreement only, "Development Impact Fee" shall not include processing fees and charges imposed by CITY to cover the estimated actual costs to CITY of processing applications for Development Approvals or for monitoring compliance with any Development Approvals granted or issued, including, without limitation, fees for zoning variances; zoning changes; use permits; building inspections; building permits; filing and processing applications and petitions filed with the local agency formation commission or conducting preliminary proceedings or proceedings under the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000,

Division 3 (commencing with Section 56000) of Title 5 of the Government Code; the processing of maps under the provisions of the Subdivision Map Act, Division 2 (commencing with Section 66410) of Title 7 of the Government Code; or planning services under the authority of Chapter 3 (commencing with Section 65100) of Division 1 of Title 7 of the Government Code, fees and charges as described in Sections 51287, 56383, 57004, 65104, 65456, 65863.7, 65909.5, 66013, 66014, and 66451.2 of the Government Code, Sections 17951, 19132.3, and 19852 of the Health and Safety Code, Section 41901 of the Public Resources Code, and Section 21671.5 of the Public Utilities Code, as such codes may be amended or superceded, including by amendment or replacement.

1.1.8 "Development Plan" means the Existing Development Approvals and the Existing Land Use Regulations applicable to development of the Property.

1.1.9 "Effective Date" means the date that the ordinance approving this Agreement goes into effect.

1.1.10 "Existing Development Approvals" means all Development Approvals approved or issued prior to the Effective Date. Existing Development Approvals includes the Approvals incorporated herein as Exhibit "C" and all other Approvals which are a matter of public record on the Effective Date.

1.1.11 "Existing Land Use Regulations" means all Land Use Regulations in effect on the Effective Date. Existing Land Use Regulations includes the Regulations incorporated herein as Exhibit "D" and all other Land Use Regulations that are in effect and a matter of public record on the Effective Date.

1.1.12 "General Plan" means the General Plan adopted on August 16, 2022.

1.1.13 "Improvement" or "Improvements" means those public improvements required to support the development of the Project as described in the Tract Map conditions for Tract No. 20536 as further described in Exhibit "E" and depicted in Exhibit "F" (the "Infrastructure Improvements Exhibit").

1.1.14 "Land Use Regulations" means all ordinances, resolutions, codes, rules, regulations and official policies of CITY governing the development and use of land, including, without limitation, the permitted use of land, the density or intensity of use, subdivision requirements, timing and phasing of development, the maximum height and size of buildings, the provisions for reservation or dedication of land for public purposes, and the design, improvement and construction standards and specifications applicable to the development of the Property. "Land Use Regulations" does not include any CITY ordinance, resolution, code, rule, regulation or official policy, governing:

(a) the conduct of businesses, professions, and occupations;

(b) taxes and assessments;

(c) the control and abatement of nuisances;

(d) the granting of encroachment permits and the conveyance of similar rights and interests that provide for the use of or the entry upon public property;

(e) the exercise of the power of eminent domain.

1.1.15 "Mortgagee" means a mortgagee of a mortgage, a beneficiary under a deed of trust or any other security-device lender, and their successors and assigns.

1.1.16 "Net MDD" means net maximum daily water demand.

1.1.17 "NMC Builders" means the consortium of investors and developers responsible for the construction of infrastructure within the New Model Colony incorporated as NMC Builders, LLC.

1.1.18 "Model Units" means a maximum of ten (10) model units, private common recreation facilities and sales facilities constructed by OWNER prior to the construction of any Production units and not offered for sale and occupancy for a period of time after the issuance of permits for Production Units.

1.1.19 "OWNER" means the persons and entities listed as owner on page 1 of this Agreement and their permitted successors in interest to all or any part of the Property.

1.1.20 "Phase 2 Water EDUs" means the number of equivalent dwelling units or non-residential square footage assigned to OWERN upon payment to CITY of the Phase 2 Water Participation Fee for the Project and evidenced by the issuance by CITY of a Certificate of Phase 2 Net MDD Availability in the form attached as Exhibit "G". 1.1.21 "Phase 2 Water Improvements" means the future water infrastructure Improvements required for the issuance by CITY of the "Water Availability Equivalents" (WAE) for the Project.

1.1.21 "Phase 2 Water Participation Fee" means the fee paid to City upon City approval of the first Development Entitlement for the Project, to fund the Property's respective share of the projected costs of the design and construction of the Phase 2 Water Improvements by City. The Phase 2 Water Participation Fee shall be the calculated amount of the Regional Water DIF for the Project based upon the number of units, and land use category for residential units or the number of square feet, and land use category for non-residential square footage of the Project.

1.1.22 "Production Unit(s)" means all units constructed for sale and occupancy by OWNER and excludes the specified number of Model Units constructed by OWNER for promotion of sales.

1.1. 23 "Project" means the development of the Property contemplated by the Development Plan, as such Plan may be further defined, enhanced or modified pursuant to the provisions of this Agreement.

1.1.24 "Property" means the real property described on Exhibit "A" and shown on Exhibit "B" to this Agreement.

1.1.25 “Reservations of Authority” means the rights and authority excepted from the assurances and rights provided to OWNER under this Agreement and reserved to CITY under Section 3.6 of this Agreement.

1.1.26 “Specific Plan” means that certain specific plan adopted by the City Council, and entitled, “Countryside Specific Plan.”

1.1.27 "Storm Water Treatment Capacity Availability” means a designated portion of the total Storm Water Treatment Capacity Availability made available through the completion of construction of a Phase of regional storm water treatment facilities by the NMC Builders LLC as described in the Construction Agreement Amendment. The amount, in acres, of Storm Water Treatment Capacity Availability required for the issuance of a grading permit shall be based upon the factors and assumptions listed in the Construction Agreement Amendment.

1.1.28 “Subsequent Development Approvals” means all Development Approvals required subsequent to the Effective Date in connection with development of the Property.

1.1.29 “Subsequent Land Use Regulations” means any Land Use Regulations adopted and effective after the Effective Date of this Agreement.

1.1.30 “Water Availability Equivalent (WAE)” means a designated portion of the total Net MDD made available through the construction of each Phase described in the Water Phasing Plan of the Construction Agreement. The number of Water Availability Equivalents (of portions thereof) required for the issuance of each building permit shall be based upon water demand factors and assumptions listed in the Construction Agreement and Construction Agreement Amendment as “Water Availability Equivalents by Land Use” for each land use category.

1.1.31 “Amendment to the Construction Agreement” means the amendment to the Construction Agreement modifying the boundaries of the property in Exhibit A of such Construction Agreement to include the Property covered by this Agreement and to provide for the additional funds required for CITY’s future construction of the “Phase 2 Water Improvements” described in a modification to Exhibit C-3 of the Construction Agreement.

1.2 Exhibits. The following documents are attached to, and by this reference made a part of, this Agreement:

Exhibit “A” — Legal Description of the Property.

Exhibit “B” — Map showing Property and its location.

Exhibit “C” — Existing Development Approvals.

Exhibit “D” — Existing Land Use Regulations.

Exhibit “E” — Description of Required Infrastructure Improvements

Exhibit “F” — Depiction of Required Infrastructure Improvements Exhibit

Exhibit “G” - Form of Certificate of Net MDD to be issued by CITY

Exhibit “H” – Form of Certificate of DIF Credit to be issued by CITY

Exhibit “I-1” – Ontario Ranch Water Supply Phasing Plan

Exhibit “I-2” - Water Demand Equivalents by Land Use

Exhibit “J” - Form of Plume Disclosure Letter

2. GENERAL PROVISIONS.

2.1 Binding Effect of Agreement. The Property is hereby made subject to this Agreement. Development of the Property is hereby authorized and shall be carried out only in accordance with the terms of this Agreement.

2.2 Ownership of Property. OWNER represents and covenants that it is the owner of the fee simple title to the Property or a portion thereof, or has the right to acquire fee simple title to the Property or a portion thereof from the current owner(s) thereof. To the extent OWNER does not own fee simple title to the Property, OWNER shall obtain written consent from the current fee owner of the Property agreeing to the terms of this Agreement and the recordation thereof.

2.3 Term. The term of this Agreement shall commence on the Effective Date and shall continue for an initial term of ten (10) years thereafter unless this term is modified or extended pursuant to the provisions of this Agreement. The term of this Agreement may be extended for an additional five (5) years following expiration of the initial ten (10) year term, provided the following have occurred:

(a) OWNER provides at least 180 days written notice to CITY prior to expiration of the initial term; and

(b) In non-mixed use and residential use only projects, the OWNER shall have obtained, as applicable, building permits for at least seventy percent (70%) of the actual number of residential units permitted under this Agreement; and

(c) OWNER is not then in uncured default of this Agreement.

2.4 Assignment.

2.4.1 Right to Assign. OWNER shall have the right to sell, transfer or assign the Property in whole or in part (provided that no such partial transfer shall violate the Subdivision Map Act, Government Code Section 66410, et seq.), to any person, partnership, limited liability company, joint venture, firm or corporation at any time during the term of this Agreement; provided, however, that any such sale, transfer or assignment

shall include the assignment and assumption of the rights, duties and obligations arising under or from this Agreement and be made in strict compliance with the following:

(a) No sale, transfer or assignment of any right or interest under this Agreement shall be made unless made together with the sale, transfer or assignment of all or a part of the Property. OWNER may be required to provide disclosure that the Property is within the South Archibald Trichloroethylene (TCE) Plume. OWNER may wish to provide the attached Disclosure Letter (Exhibit G) as part of the Real Estate Transfer Disclosure requirements under California Civil Code Section 1102 et seq.

(b) Concurrent with any such sale, transfer or assignment, or within fifteen (15) business days thereafter, OWNER shall notify CITY's City Manager, in writing, of such sale, transfer or assignment and shall provide CITY with: (1) an executed agreement, in a form reasonably acceptable to CITY, by the purchaser, transferee or assignee and providing therein that the purchaser, transferee or assignee expressly and unconditionally assumes all the duties and obligations of OWNER under this Agreement with respect to the portion of the Property so sold, transferred or assigned; and (2) the payment of the applicable processing charge to cover the CITY's review and consideration of such sale, transfer or assignment.

(c) Any sale, transfer or assignment not made in strict compliance with the foregoing conditions shall constitute a default by OWNER under this Agreement. Notwithstanding the failure of any purchaser, transferee or assignee to execute the agreement required by Paragraph (b) of this Subsection 2.4.1, the burdens of this Agreement shall be binding upon such purchaser, transferee or assignee, but the benefits of this Agreement shall not inure to such purchaser, transferee or assignee until and unless such agreement is executed. The City Manager shall have the authority to review, consider and either approve, conditionally approve, or deny any proposed sale, transfer or assignment that is not made in compliance with this section 2.4.

2.4.2 Release of Transferring Owner. Notwithstanding any sale, transfer or assignment, a transferring OWNER shall continue to be obligated under this Agreement unless such transferring owner is given a release in writing by CITY, which release shall be provided by CITY upon the full satisfaction by such transferring owner of the following conditions:

(a) OWNER no longer has a legal or equitable interest in all or any part of the portion of the Property sold, transferred or assigned.

(b) OWNER is not then in default under this Agreement.

(c) OWNER has provided CITY with the notice and executed agreement required under Paragraph (b) of Subsection 2.4.1 above.

(d) The purchaser, transferee or assignee provides CITY with security equivalent to any security previously provided by OWNER to secure performance of its obligations hereunder.

2.4.3 Effect of Assignment and Release of Obligations. In the event of a sale, transfer or assignment pursuant to the provisions of Section 2.4.2 above:

(a) The assignee shall be liable for the performance of all obligations of OWNER with respect to transferred property, but shall have no obligations with respect to the portions of the Property, if any, not transferred (the "Retained Property").

(b) The owner of the Retained Property shall be liable for the performance of all obligations of OWNER with respect to Retained Property, but shall have no further obligations with respect to the transferred property.

(c) The assignee's exercise, use and enjoyment of the Property or portion thereof shall be subject to the terms of this Agreement to the same extent as if the assignee were the OWNER.

2.4.4 Subsequent Assignment. Any subsequent sale, transfer or assignment after an initial sale, transfer or assignment shall be made only in accordance with and subject to the terms and conditions of this Section 2.4.

2.4.5 Termination of Agreement with Respect to Individual Lots Upon Sale to Public and Completion of Construction. The provisions of Subsection 2.4.1 shall not apply to the sale or lease (for a period longer than one year) of any lot which has been finally subdivided and is individually (and not in "bulk" meaning more than one) sold or leased to a member of the public or other ultimate user. Notwithstanding any other provisions of this Agreement, this Agreement shall terminate with respect to any lot and such lot shall be released and no longer be subject to this Agreement without the execution or recordation of any further document upon satisfaction of both of the following conditions:

(a) The lot has been finally subdivided and individually (and not in "bulk") sold or leased (for a period longer than one year) to a member of the public or other ultimate user; and,

(b) A certificate of occupancy has been issued for a building on the lot, and the fees set forth under Section 4 of this Agreement have been paid.

2.5 Amendment or Cancellation of Agreement. This Agreement may be amended or cancelled in whole or in part only in the manner provided for in Government Code Section 65868.1. Any amendment of this Agreement, which amendment has been requested by OWNER, shall be considered by the CITY only upon the payment of the applicable processing charge. This provision shall not limit any remedy of CITY or OWNER as provided by this Agreement. Either Party or successor in interest, may propose an amendment to or cancellation, in whole or in part, of this Agreement. Any amendment or cancellation shall be by mutual consent of the parties or their successors in interest except as provided otherwise in this Agreement or in Government Code Section 65865.1. For purposes of this section, the term "successor in interest" shall mean any person having a legal or equitable interest in the whole of the Property, or any portion

thereof as to which such person wishes to amend or cancel this Agreement. The procedure for proposing and adopting an amendment to, or cancellation of, in whole or in part, this Agreement shall be the same as the procedure for adopting and entering into this Agreement in the first instance. Notwithstanding the foregoing sentence, if the CITY initiates the proposed amendment to, or cancellation of, in whole or in part, this Agreement, CITY shall first give notice to the OWNER of its intention to initiate such proceedings at least sixty (60) days in advance of the giving the public notice of intention to consider the amendment or cancellation.

2.5.1 Amendment to Reflect Consistency With Future Amendments to the Construction Agreement. To the extent any future amendment to the Construction Agreement provides for modifications to rights or obligations that differ from or alter the same or similar rights or obligations contained in this Development Agreement, OWNER reserves the right to request an amendment to the Development Agreement to reflect any or all of such modifications.

2.6 Termination. This Agreement shall be deemed terminated and of no further effect upon the occurrence of any of the following events:

(a) Expiration of the stated term of this Agreement as set forth in Section 2.3.

(b) Entry of a final judgment setting aside, voiding or annulling the adoption of the ordinance approving this Agreement.

(c) The adoption of a referendum measure overriding or repealing the ordinance approving this Agreement.

(d) Completion of the Project in accordance with the terms of this Agreement including issuance of all required occupancy permits and acceptance by CITY or applicable public agency of all required dedications.

Termination of this Agreement shall not constitute termination of any other land use entitlements approved for the Property. Upon the termination of this Agreement, no party shall have any further right or obligation hereunder except with respect to any obligation to have been performed prior to such termination or with respect to any default in the performance of the provisions of this Agreement which has occurred prior to such termination or with respect to any obligations which are specifically set forth as surviving this Agreement. Upon such termination, any public facilities and services mitigation fees paid pursuant to Section 4.2 of this Agreement by OWNER to CITY for residential units on which construction has not yet begun shall be refunded to OWNER by CITY.

2.7 Notices.

(a) As used in this Agreement, “notice” includes, but is not limited to, the communication of notice, request, demand, approval, statement, report, acceptance, consent, waiver, appointment or other communication required or permitted hereunder.

(b) All notices shall be in writing and shall be considered given either: (i) when delivered in person, including, without limitation, by courier, to the recipient named below; or (ii) on the date of delivery shown on the return receipt, after deposit in the United States mail in a sealed envelope as either registered or certified mail with return receipt requested, and postage and postal charges prepaid, and addressed to the recipient named below. All notices shall be addressed as follows:

If to CITY:
Scott Ochoa, City Manager
City of Ontario
303 East "B" Street
Ontario, CA 91764

with a copy to:
Ruben Duran, City Attorney
Best Best & Krieger, LLP
2855 E Guasti Road
Ontario, CA 91761

If to OWNER:
RB Ontario LLC
Attn: Jeff Ragland
11766 Wilshire Blvd., Suite 820
Los Angeles, CA 90025

with a copy to:
Cox Castle
Attn: Kenneth Bley
2029 Century Park East, Suite 2100
Los Angeles, CA 90067
kbley@coxcastle.com

(c) Either party may, by notice given at any time, require subsequent notices to be given to another person or entity, whether a party or an officer or representative of a party, or to a different address, or both. Notices given before actual receipt of notice of change shall not be invalidated by the change.

3. DEVELOPMENT OF THE PROPERTY.

3.1 Rights to Develop. Subject to the terms of this Agreement including the Reservations of Authority, OWNER shall have a vested right to develop the Property in accordance with, and to the extent of, the Development Plan. The Project shall remain subject to all Subsequent Development Approvals required to complete the Project as contemplated by the Development Plan. Except as otherwise provided in this Agreement, the permitted uses of the Property, the density and intensity of use, the maximum height and size of proposed buildings, and provisions for reservation and dedication of land for public purposes shall be those set forth in the Development Plan.

3.2 Effect of Agreement on Land Use Regulations. Except as otherwise provided under the terms of this Agreement including the Reservations of Authority, the rules, regulations and official policies governing permitted uses of the Property, the density and intensity of use of the Property, the maximum height and size of proposed buildings, and the design, improvement and construction standards and specifications applicable to development of the Property shall be the Existing Land Use Regulations. In connection with any Subsequent Development Approval, CITY shall exercise discretion in accordance with the same manner as it exercises its discretion under its police powers, including the Reservations of Authority set forth herein; provided however, that such

discretion shall not prevent development of the Property for the uses and to the density or intensity of development set forth in this Agreement.

3.3 Timing of Development. The parties acknowledge that OWNER cannot at this time predict when or the rate at which phases of the Property will be developed. Such decisions depend upon numerous factors which are not within the control of OWNER, such as market orientation and demand, interest rates, absorption, completion and other similar factors. Since the California Supreme Court held in Pardee Construction Co. v. City of Camarillo (1984) 37 Ca1. 3d 465, that the failure of the parties therein to provide for the timing of development resulted in a later adopted initiative restricting the timing of development to prevail over such parties' agreement, it is the parties' intent to cure that deficiency by acknowledging and providing that OWNER shall have the right to develop the Property in such order and at such rate and at such times as OWNER deems appropriate within the exercise of its subjective business judgment.

3.3.1 Infrastructure Improvement Exhibit. Attached hereto as Exhibits "E" and "F" are a description and depiction, respectively, of the improvements needed for the development of the Property. In the event of any discrepancy between Exhibit E and Exhibit F, Exhibit F shall control.

3.4 Requirement for Public Infrastructure Improvements. Development of the Property is contingent in part on the phasing of area-wide infrastructure improvements over which the OWNER has control. The issuance of building permits by CITY for Model Units and Production Units is, in general, contingent on OWNER's completion of needed infrastructure improvements and the availability of improvements and services to serve the Property.

3.4.1 Attached hereto as Exhibit "E" and Exhibit "F" are the description and depiction of the infrastructure improvements needed for the development of the Property ("the Infrastructure Improvement Exhibit").

3.4.2 Subject to the prior submittal by OWNER and approval by CITY of a plan to provide sufficient public infrastructure for the construction of a maximum number of ten (10) Model Units, private common recreation facilities and sales facilities. CITY may issue a maximum of ten (10) building permits for Model Units, private common recreation facilities and sales facilities. The plan to be submitted by OWNER for CITY approval shall describe the utilities and other infrastructure necessary to provide sufficient fire protection and other public health and safety requirements for the Model Units and other facilities.

3.5 Changes and Amendments. The parties acknowledge that refinement and further development of the Project will require Subsequent Development Approvals and may demonstrate that changes are appropriate and mutually desirable in the Existing Development Approvals. In the event OWNER finds that a change in the Existing Development Approvals is necessary or appropriate, OWNER shall apply for a Subsequent Development Approval to effectuate such change and CITY shall process and act on such application in accordance with the Existing Land Use Regulations, except

as otherwise provided by this Agreement including the Reservations of Authority. If approved, any such change in the Existing Development Approvals shall be incorporated herein as an addendum to Exhibit "C", and may be further changed from time to time as provided in this Section. Unless otherwise required by law, as determined in CITY's reasonable discretion, a change to the Existing Development Approvals shall be deemed "minor" and not require an amendment to this Agreement provided such change does not:

(a) Alter the permitted uses of the Property as a whole; or,

(b) Increase the density or intensity of use of the Property as a whole; or,

(c) Increase the maximum height and size of permitted buildings; or,

(d) Delete a requirement for the reservation or dedication of land for public purposes within the Property as a whole; or,

(e) Constitute a project requiring a subsequent or supplemental environmental impact report pursuant to Section 21166 of the Public Resources Code.

3.6 Reservations of Authority.

3.6.1 Limitations, Reservations and Exceptions. Notwithstanding any other provision of this Agreement, the CITY shall not be prevented from applying new rules, regulations and policies upon the OWNER, nor shall a development agreement prevent the CITY from denying or conditionally approving any subsequent development project application on the basis of such new rules, regulations and policies where the new rules, regulations and policies consist of the following:

(a) Processing fees by CITY to cover costs of processing applications for development approvals or for monitoring compliance with any development approvals;

(b) Procedural regulations relating to hearing bodies, petitions, applications, notices, findings, records and any other matter of procedure;

(c) Regulations, policies and rules governing engineering and construction standards and specifications applicable to public and private improvements, including all uniform codes adopted by the CITY and any local amendments to those codes adopted by the CITY; provided however that, OWNER shall have a vested right to develop the Property in accordance with, and to the extent of, the standards and specifications that are expressly identified in the Specific Plan;

(d) Regulations that may conflict with this Agreement and the Development Plan but that are reasonably necessary to protect the residents of the project and/or of the immediate community from a condition perilous to their health or safety;

(e) Regulations that do not conflict with those rules, regulations and policies set forth in this Agreement or the Development Plan;

(f) Regulations that may conflict but to which the OWNER consents.

3.6.2 Subsequent Development Approvals. This Agreement shall not prevent CITY, in acting on Subsequent Development Approvals, from applying Subsequent Land Use Regulations that do not conflict with the Development Plan, nor shall this Agreement prevent CITY from denying or conditionally approving any Subsequent Development Approval on the basis of the Existing Land Use Regulations or any Subsequent Land Use Regulation not in conflict with the Development Plan.

3.6.3 Modification or Suspension by State or Federal Law. In the event that State or Federal laws or regulations, enacted after the Effective Date of this Agreement, prevent or preclude compliance with one or more of the provisions of this Agreement, such provisions of this Agreement shall be modified or suspended as may be necessary to comply with such State or Federal laws or regulations, provided, however, that this Agreement shall remain in full force and effect to the extent it is not inconsistent with such laws or regulations and to the extent such laws or regulations do not render such remaining provisions impractical to enforce. In the event OWNER alleges that such State or Federal laws or regulations preclude or prevent compliance with one or more provisions of this Agreement, and the CITY does not agree, the OWNER may, at its sole cost and expense, seek declaratory relief (or other similar non-monetary remedies); provided however, that nothing contained in this Section 3.6.3 shall impose on CITY any monetary liability for contesting such declaratory relief (or other similar non-monetary relief) and OWNER shall comply with Section 9 of this Agreement and cover any reasonable CITY costs and expenses involved with the declaratory relief.

3.6.4 Intent. The parties acknowledge and agree that CITY is restricted in its authority to limit its police power by contract and that the foregoing limitations, reservations and exceptions are intended to reserve to CITY all of its police power which cannot be so limited. This Agreement shall be construed, contrary to its stated terms if necessary, to reserve to CITY all such power and authority which cannot be restricted by contract.

3.7 Public Works; Utilities. If OWNER is required by this Agreement to construct any public works facilities which will be dedicated to CITY or any other public agency upon completion, and if required by applicable laws to do so, OWNER shall perform such work in the same manner and subject to the same requirements as would

be applicable to CITY or such other public agency should it have undertaken such construction. As a condition of development approval, OWNER shall connect the Project to all utilities necessary to provide adequate water, recycled water, sewer, gas, electric, and other utility service to the Project. As a further condition of development approval, OWNER shall contract with the CITY for CITY-owned or operated utilities for this purpose, for such price and on such terms as may be available to similarly situated customers in the CITY.

3.7.1 OWNER agrees that development of the Project shall require the construction of storm drain improvements as described in Exhibit E and depicted in Exhibit F. OWNER agrees that no building permits shall be issued by CITY for Production Units prior to completion of the storm drain improvements, as described in Exhibit E and depicted in Exhibit F.

3.7.2 OWNER agrees that development of the Project shall require the construction of street improvements as described in Exhibit E and depicted in Exhibit F. OWNER agrees that no building permits shall be issued by CITY for Production Units prior to completion of the street improvements, as described in Exhibit E and depicted in Exhibit F.

3.7.3 OWNER agrees that development of the Property shall require the construction of water and recycled water improvements as described in Exhibit E and depicted in Exhibit F. OWNER agrees that no building permits shall be issued by CITY for Production Units prior to completion of the water and recycled water improvements as described in Exhibit E and depicted in Exhibit F. OWNER also agrees that recycled water shall be available and utilized by OWNER for all construction-related water uses including prior to, and during, any grading of the Property.

3.7.4 OWNER agrees that development of the Property shall require the construction of sewer improvements, as described in the attached Exhibit E and depicted in Exhibit F. OWNER agrees that no building permits shall be issued by CITY for Production Units prior to completion of the sewer improvements, as described in Exhibit E and depicted in Exhibit F.

3.7.5 OWNER agrees that development of the Property shall require the extension of fiber optic communications improvements as described in the attached Exhibit E and depicted in Exhibit F. OWNER agrees that no building permits shall be issued by CITY for Production Units prior to completion of the fiber optic communication improvements, as described in Exhibit E and depicted in Exhibit F.

3.8 Acquisition of Offsite Provision of Real Property Interests. In any instance where OWNER is required by any Development Approval or Land Use Regulation and the Construction Agreement to construct any public improvement on land not owned by OWNER ("Offsite Improvements"), the CITY and OWNER shall cooperate in acquiring the necessary legal interest ("Offsite Property") in accordance with the procedures set

forth in Section 2.4 of the Construction Agreement. This section 3.8 is not intended by the parties to impose upon the OWNER an enforceable duty to acquire land or construct any public improvements on land not owned by OWNER, except to the extent that the OWNER elects to proceed with the development of the Project, and then only in accordance with valid conditions imposed by the CITY upon the development of the Project under the Subdivision Map Act or other legal authority.

3.8.1 CITY Acquisition of Non-Construction Agreement Offsite Property. In the event OWNER is required to construct any public improvements on land not owned by OWNER, but such requirement is not based upon the Construction Agreement, Sections 3.8.1 and 3.8.2 shall control the acquisition of the necessary property interest(s) ("Non-Construction Agreement Offsite Property"). If the OWNER is unable to acquire such Non-Construction Agreement Offsite Property, and following the written request from the OWNER to CITY, CITY agrees to use reasonable and diligent good faith efforts to acquire the Non-Construction Agreement Offsite Property from the owner or owners of record by negotiation to the extent permitted by law and consistent with this Agreement. If CITY is unable to acquire the Non-Construction Agreement Offsite Property by negotiation within thirty (30) days after OWNER'S written request, CITY shall, initiate proceedings utilizing its power of eminent domain to acquire that Non-Construction Agreement Subject Property at a public hearing noticed and conducted in accordance with California Code of Civil Procedure Section 1245.235 for the purpose of considering the adoption of a resolution of necessity concerning the Non-Construction Agreement Offsite Property, subject to the conditions set forth in this Section 3.8. The CITY and OWNER acknowledge that the timelines set forth in this Section 3.8.1 represent the maximum time periods which CITY and OWNER reasonably believe will be necessary to complete the acquisition of any Non-Construction Agreement Offsite Property. CITY agrees to use reasonable good faith efforts to complete the actions described within lesser time periods, to the extent that it is reasonably able to do so, consistent with the legal constraints imposed upon CITY.

3.8.2 Owner's Option to Terminate Proceedings. CITY shall provide written notice to OWNER no later than fifteen (15) days prior to making an offer to the owner of the Non-Construction Agreement Offsite Property. At any time within that fifteen (15) day period, OWNER may, at its option, notify CITY that it wants CITY to cease all acquisition proceedings with respect to that Non-Construction Agreement Offsite Property, whereupon CITY shall cease such proceedings. CITY shall provide written notice to OWNER no later than fifteen (15) days prior to the date of the hearing on CITY'S intent to consider the adoption of a resolution of necessity as to any Non-Construction Agreement Offsite Property. At any time within that fifteen (15) day period, OWNER may, at its option, notify CITY that it wants CITY to cease condemnation proceedings, whereupon CITY shall cease such proceedings. If OWNER does not notify CITY to cease condemnation proceedings within said fifteen (15) day period, then the CITY may proceed to consider and act upon the Non-Construction Agreement Offsite Property resolution of necessity. If CITY adopts such resolution of necessity, then CITY shall diligently

institute condemnation proceedings and file a complaint in condemnation and seek an order of immediate possession with respect to the Non-Construction Agreement Offsite Property.

3.9 Regulation by Other Public Agencies. It is acknowledged by the parties that other public agencies not within the control of CITY possess authority to regulate aspects of the development of the Property separately from or jointly with CITY and this Agreement does not limit the authority of such other public agencies. CITY agrees to cooperate fully, at no cost to CITY, with OWNER in obtaining any required permits or compliance with the regulations of other public agencies provided such cooperation is not in conflict with any laws, regulations or policies of the CITY.

3.10 Tentative Tract Maps; Extension. With respect to applications by OWNER for tentative subdivision maps for portions of the Property, CITY agrees that OWNER may file and process tentative maps in accordance with Chapter 4.5 (commencing with Section 66498.1) of Division 2 of Title 7 of the California Government Code and the applicable provisions of CITY's subdivision ordinance, as the same may be amended from time to time. In accordance with the provisions of Section 66452.6 of the Government Code, each tentative subdivision map or tentative parcel map, heretofore or hereafter approved in connection with development of the Property, shall be deemed to have been granted an extension of time to and until the date that is five (5) years following the Effective Date of this Agreement.; The CITY's City Council may, in its discretion, extend any such map for an additional period of up to five (5) years beyond its original term, so long as the subdivider files a written request for an extension with the City prior to the expiration of the initial five (5) year term.

4. PUBLIC BENEFITS.

4.1 Intent. The parties acknowledge and agree that development of the Property will result in substantial public needs that will not be fully met by the Development Plan and further acknowledge and agree that this Agreement confers substantial private benefits on OWNER that should be balanced by commensurate public benefits. Accordingly, the parties intend to provide consideration to the public to balance the private benefits conferred on OWNER by providing more fully for the satisfaction of the public needs resulting from the Project.

4.2 Development Impact Fees.

4.2.1 Amount of Development Impact Fee. Development Impact Fees (DIF) shall be paid by OWNER. The Development Impact Fee amounts to be paid by OWNER shall be the amounts that are in effect at the time such amounts are due. Nothing contained in this Agreement shall affect the ability of the CITY to impose new Development Impact Fees or amend the amounts of existing Development Impact Fees. Additionally, nothing contained in this Agreement shall affect the ability of other public agencies that are not controlled by CITY to impose and amend, from time to time, Development Impact Fees established or imposed by such other

public agencies, even though such Development Impact Fees may be collected by CITY.

4.2.2 Time of Payment. The Development Impact Fees required pursuant to Subsection 4.2.1 shall be paid to CITY prior to the issuance of building permit for each applicable residential or other unit, except for the Open Space and Habitat Acquisition Development Impact fee, which shall be paid by OWNER to CITY prior to the issuance of a grading permit. Deferral of the payment of Development Impact Fees may be granted pursuant to a separate agreement approved by City pursuant to City policy.

4.2.3 Parkland and Quimby Act Fees. Pursuant to the General Plan (Ontario Plan) Goal PR1, Policy PR1-5 (achievement of a park standard of 5 acres of parkland per 1,000 residents) OWNER shall provide improved parks, developed in accordance with the City's park standards in an amount equal to two (2) acres per 1,000 of projected population without credit, reimbursement, offset or consideration from City. Such areas shall either be dedicated to the City or transferred to a homeowners' association. If approved by the City Manager, OWNER may satisfy this requirement through the development of non-public recreation facilities such as private recreational clubhouses or pool facilities. Credit for such private recreational facilities areas shall be limited to a maximum of 50% of the foregoing park development requirement. If OWNER's Project does not provide dedicated and developed park acreage equal to two (2) acres per 1,000 projected population, OWNER shall pay a fee in-lieu equal to the per acre estimated costs of acquisition and development of parkland in the City's Development Impact Fee for the calculated park acreage deficiency, at the time the fee becomes due and payable to the City. Such in-lieu fee shall be due and payable prior to the issuance of the first building permit for Production Units issued to OWNER. Any park dedication and/or improvements in excess of such two (2) acres per thousand standard, provided such park has been developed in accordance with the City's park standards and is open to the public generally, shall entitle OWNER to a credit toward its obligations under the Quimby Act (Gov. Code, § 64477) and the City's implementing ordinance and/or resolution (collectively "**Quimby Act Obligations**"), and to the extent OWNER's Quimby Act Obligations are satisfied, OWNER shall be entitled to have the City acquire such developed and publicly available parks as Non-Program Interests in accordance with Section 4.3.3 below.

4.3 Responsibility for Construction of Public Improvements.

4.3.1 Timely Construction of Public Infrastructure. The phasing of the areawide infrastructure construction within the New Model Colony will be as approved by the CITY. OWNER shall be responsible for the timely construction and completion of all public infrastructure required for the Project as shown on the attached Exhibit "F" and any and all tentative tract map conditions. Unless otherwise specified in the Subdivision Agreement/Tract Map conditions, all other required Improvements for each Tract Map, shall be completed and operational

prior to, and as a condition precedent to, OWNER requesting and CITY's granting of the first building permit for Production Units for each such Tract Map. All Infrastructure and Improvements shall be completed as required by the Subdivision Agreement/Tract Map conditions for Tract Map No. 20536.

4.3.2 Construction of DIF Program Infrastructure (Construction Agreement). To the extent OWNER is required to construct and completes construction of public improvements that are included in CITY's Development Impact Fee Program and the Construction Agreement between CITY and NMC Builders LLC, CITY agrees that CITY shall issue DIF Credit in accordance with the provisions of the Construction Agreement and any amendments thereto. Use of DIF Credit issued to OWNER as a member of NMC Builders LLC to offset OWNER's DIF payment obligations shall also be subject to the provisions of the Construction Agreement and any amendments thereto.

4.3.3 Construction of DIF Program Infrastructure (Non-Construction Agreement). To the extent OWNER is required to construct and completes construction of public improvements that are included in CITY's Development Impact Fee Program and such public improvements are not included the Construction Agreement between CITY and NMC Builders LLC, CITY agrees that CITY shall issue DIF Credit in accordance with the provisions of a separate Fee Credit Agreement between CITY and OWNER. Limitation on the use of DIF Credit issued to OWNER to offset OWNER's DIF payment obligations shall also be subject to the provisions of a separate Fee Credit Agreement. CITY and OWNER agree that the Fee Credit Agreement between CITY and OWNER shall comply with CITY's adopted policies applicable to such agreements.

4.3.4 Construction of Public Infrastructure by Third Parties. CITY and OWNER acknowledge the Improvements described in Exhibit E and depicted in Exhibit F are required for the development of the Property, surrounding properties within the Ontario Ranch and the other property owners are also obligated to construct the Improvements or portions thereof. As such, CITY agrees that OWNER's obligation to construct the Improvements may be satisfied by third party owners pursuant to separate written agreements between OWNER and said third party undertaking the construction of the Improvements. Nothing in this Agreement shall be construed to prohibit the coordination of the construction of the Improvements between private parties, including the allocation of costs for the construction of the Improvements. Notwithstanding anything to the contrary herein, any applicable DIF Credits may be transferred and assigned from one (1) party to another with respect to the construction of the Improvements and such transfer or assignment shall not require the conveyance of any real property.

4.4 Affordable Housing Requirement.

4.4.1 Affordable Housing- Number of Units. OWNER shall provide a minimum number of affordable housing units, equivalent to 10% of the OWNER's total approved residential units within the Project, that are affordable to very low, low

and moderate income households. Such requirement for affordable housing shall be met through one, or a combination of one or more, of the options provided in the following Sections 4.4.2.1 through 4.4.2.5. For the purposes of this Section, any term not defined in this Agreement shall be as defined by California Community Redevelopment Law (California Health and Safety Code Section 33000 et seq.).

4.4.2 Affordability Spread. Of the total number of residential dwelling units specified in Section 4.4.1, to be constructed or rehabilitated pursuant to Sections 4.4.2.1 or 4.4.2.2 respectively, thirty percent (30%) shall be available to very low income, thirty percent (30%) shall be available to low income and forty percent (40%) shall be available to moderate income households. "**Households**" shall be as defined by California Health and Safety Code Section 50053.

4.4.2.1 New Construction. If OWNER elects to fully or partially satisfy the affordable housing requirement by the construction of new residential units, it shall construct and restrict the affordability of residential dwelling units within its Project or, at OWNER's option and with the approval of the City, within another project elsewhere within the City. The affordable units constructed shall be intermingled with other units as part of the Project, and shall be built to the same construction, design and aesthetic standards, as well as number of rooms, as other units constructed as part of that OWNER's Project. In addition, the percentage ratio of affordable units offered for sale versus those offered for rent shall equal the percentage ratio of other units offered for sale versus for rent within OWNER's Project. Such construction shall be completed no later than the date that is five (5) years following the issuance of the first building permit for OWNER's Project; provided however that to the extent OWNER has not constructed the required percentage of units, based on the number of building permits for non-restricted units, OWNER shall, prior to the issuance of such building permits, provide security (in the form and substance approved by the City Manager and City Attorney) to City in order to ensure the faithful completion of such required percentage of construction of affordable units. If OWNER elects the option of constructing new affordable units, a detailed Affordable Housing Agreement specifying terms for the allowable monthly housing costs or rents (as applicable) and maintenance and occupancy standards shall be prepared, executed and recorded against such units as a condition to the issuance of a building permit. The Affordable Housing Agreement shall hold a recorded priority position senior to any other non-statutory lien or encumbrance affecting the unit.

4.4.2.2 Rehabilitation. If OWNER elects to fully or partially satisfy the affordable housing requirement by the substantial rehabilitation of existing residential units in the City, it shall substantially rehabilitate and restrict the affordability of, the number of residential units specified in Section 4.4.1, provided that such units shall be provided elsewhere within the City. The rehabilitation work shall be substantial and of high quality and shall also

address any deferred property maintenance issues on the property. "**Substantial rehabilitation**" shall mean rehabilitated multi-family rented dwelling units with three or more units and the value of the rehabilitation constitutes 25 percent of the after rehabilitation value of the dwelling, inclusive of land value pursuant to Health and Safety Code Section 33413(b)(2)(A)(iii-iv) as such section exists as of the Effective Date of this Agreement. If OWNER chooses the option of rehabilitation of existing housing units within the City, a detailed Affordable Housing Agreement specifying the terms for the allowable month housing costs or rents (as applicable) and maintenance and occupancy standards shall be prepared, executed and recorded against such units as a condition to the issuance of a building permit. Such rehabilitation shall be completed no later than the date that is five (5) years following the issuance of the first building permit for OWNER's Project; provided however that to the extent OWNER has not rehabilitated the required percentage of units, based on the number of building permits, OWNER shall, prior to the issuance of such building permits, provide security (in the form and substance approved by the City Manager and City Attorney) to the City in order to ensure the faithful completion of such required percentage of rehabilitation.

4.4.2.3 In-Lieu Fee. If OWNER has not fully complied with the requirements of Section 4.4.1 by providing the minimum number of affordable units through the construction of new affordable units or by the substantial rehabilitation of existing units, shall pay an "**Affordability In-Lieu Fee**". If OWNER has not provided any affordable residential units by construction or rehabilitation, the Affordability In-Lieu fee shall be equal to Three Dollars Twelve Cents ($3.12) per square foot of residential development within OWNER's Project or, if pre-paid as set forth below, Two Dollars Seventy Four Cents ($2.74) per square foot of residential development within OWNER's Project. If OWNER has partially complied with the requirements of Section 4.4.1 by construction or rehabilitation of less than the minimum number of units, then the Affordability In-lieu Fee shall be recalculated and reduced in consideration of the number and type of affordable units provided. The Affordability In-Lieu Fee shall be paid by OWNER to City no later than prior to the issuance of each building permit within OWNER's Project based on the square footage of the residential unit for which such building permit is sought; provided however that OWNER may, at OWNER's election, pre-pay such Affordability In-Lieu Fee by paying such Affordability In-Lieu Fee within thirty (30) days following the earliest discretionary approval by the City for OWNER's Project, including, but not limited to, any general plan amendment, specific plan adoption, development agreement, tentative map approval, variance, conditional use permit, or resolution of intention to form any public financing mechanism. The Three Dollars Twelve Cents ($3.12) and the Two Dollars Seventy Four Cents ($2.74) per square foot amounts shall automatically be increased annually, commencing on July 1, 2023, and automatically each July 1 thereafter. Such

adjustment shall be based on the percentage increase (but no decrease) in the Consumer Price Index (Riverside - San Bernardino - Ontario, CA), (December 2017=100) over the preceding year. The pre-paid Affordability In-Lieu Fee shall be calculated based on the maximum floor area ratio (FAR) permitted within the General Plan and any applicable FAR contained within the applicable specific plan, whichever is greater, and the Maximum Development Density. For purposes of this Agreement, "**Maximum Development Density**" shall be determined by multiplying the OWNER's Project's density for residential development potential as set forth in the General Plan or the applicable Specific Plan, whichever is less, by the net acreage of land within OWNER's Project. All "Affordability In-Lieu Fees" collected by the City shall be used to promote the construction of affordable housing within the City.

4.4.2.4 Affordability Covenants. Prior to the issuance of the first building permit for any affordable unit, the City and OWNER shall enter into an Affordable Housing Agreement Affordability shall be assured for a period of forty-five (45) years for for-sale units and fifty-five (55) years for rentals. For rental units, base rents shall be established by the City and rental adjustments required by the City shall be performed on an annual basis. In addition, the Affordable Housing Agreement shall impose maximum occupancy limits of 2 occupants per bedroom plus 1 additional occupant per dwelling unit, and a requirement for the owner or tenant to properly maintain each dwelling unit.

4.4.2.5 Transfer of Affordable Project. No transfer of title to any affordable housing project shall occur without the prior written consent of the City. In the event OWNER transfers title to any affordable housing project required to be constructed pursuant to this Agreement to a non-profit entity, or other entity, that receives an exemption from ad valorem real property taxes, the City shall be required to assure payment of an annual in lieu fee to the City on July 1 of each year equal to one-tenth of one percent (0.1%) of the assessed value of such project. The City may permit OWNER to satisfy this obligation by recorded covenants against the property and enforceable against said entity by the City. Any such covenants shall be approved by the Planning Director and the City Attorney.

4.5 Schools Obligations.

4.5.1 Written Evidence of Compliance with Schools Obligations.
OWNER shall, either through joint or individual agreements between OWNER and the applicable school district(s), shall satisfy its new school obligations. The new school obligations for the Mountain View School District in the Ontario Ranch area have been projected to include the acquisition or dedication of school sites for, and construction of, up to eight (8) schools. Of these eight (8) schools, six (6) are to be elementary (K-5) grade schools and two (2) are to be middle grade schools. The new school obligations for the Chaffey Joint Union High School

District in the Ontario Ranch area have been projected to include the dedication of a school site for, and construction of, an additional high school. The new school obligations for the applicable school district shall be met by a combination of the following: (1) designating and dedicating school site(s) within the Property as set forth in the General Plan, and/or (2) paying school impact fees, (3) entering into a joint mitigation agreement or individual mitigation agreements, or (4) any combination of the foregoing. Written evidence of approval by the applicable school district that OWNER has met their school obligations may be required by the City as the condition to the issuance by the City of any entitlements for OWNER's Project. In the event OWNER is unable to provide such written evidence from the applicable school district(s), the City shall have the right to decline to honor any DIF Credit, Certificates of MDD Availability, Certificates of Storm Water Treatment Capacity Availability, or any combination thereof, presented by such OWNER, without liability to the City. To the extent that a joint mitigation agreement is approved by the applicable school district(s), and OWNER is a participant in good standing in such mitigation agreement, OWNER shall be deemed to have mitigated its new school obligations under this Section 4.4.1.

4.6 Public Services Funding Fee.

4.6.1 Requirement for Payment of Public Services Funding Fee. In order to ensure that the adequate provision of public services, including without limitation, police, fire and other public safety services, are available to the residents of each Project in a timely manner, OWNER shall pay to CITY a "**Public Services Funding Fee**." The Public Services Funding Fee shall apply to residential and non-residential uses as set forth below.

4.6.2 Public Services Funding Fee Amount. OWNER shall pay a Public Services Funding fee in the total amount of Two Thousand Four Hundred Ninety dollars and Seventy Eight Cents ($2,490.78) per residential dwelling unit. The Public Services Funding Fee shall be paid in one (1) installment within one hundred eighty (180) calendar days after the effective date of the Development Agreement or in two (2) installments, at OWNER's option, as follows:

4.6.2.1 First Installment (Residential uses). The First Installment of the Public Services Funding Fee shall be One Thousand Two Hundred Forty Five dollars and Thirty Nine Cents ($1,245.39) per residential dwelling unit. The First Installment shall be based upon the "**Maximum Development Density**" of the OWNER Project, as defined in Section 3.7.2.3 of the First Amended and Restated Construction Agreement. The First Installment shall be due and payable 30 days following the effective date of the Development Agreement.

If the First installment amount is not paid for all residential dwelling units within the Project (based on the Maximum Development Density, or the number of units described on "B Maps" if approved) by January 1, 2024, the amount of the First Installment shall be increased. Such increase shall be

based on the percentage increase (but no decrease) in the Consumer Price Index (Riverside - San Bernardino - Ontario, CA) (December 2017=100) over the preceding year. Additionally, the amount shall be further increased automatically by the percentage increase in the Consumer Price Index (Riverside - San Bernardino - Ontario, CA) (December 2017=100) on each January 1 thereafter.

4.6.2.2 Second Installment (Residential Uses). The Second Installment of the Public Services Funding Fee shall be One Thousand Two Hundred Forty Five dollars and Thirty Nine Cents ($1,245.39) per residential unit. The Second Installment shall be paid at the time of the issuance of each building permit for the Project. The amount of the Second Installment shall increase automatically by percentage increase (but no decrease) in the Consumer Price Index (Riverside - San Bernardino - Ontario, CA) (December 2017=100) over the preceding year on January 1st of each year, beginning on January 1, 2024. OWNER may exercise the option to pay the Second Installment amount for all residential units, a portion of the residential units, or for the remainder of the residential units within OWNER's Project on or before each December 31st, before the Second Installment amount is automatically increased.

4.6.2.3 Single Installment (Non-residential Uses). A single installment payment of the Public Services Funding Fee shall be required in the amount of Seventy Five Cents ($.75) per square foot of non-residential buildings. The single installment for non-residential uses shall be due and payable prior to the issuance of the building permit for a non-residential building. The amount of the Single Installment for non-residential uses shall automatically increase by percentage increase (but no decrease) in the Consumer Price Index (Riverside - San Bernardino - Ontario, CA), (December 2017=100) over the preceding year on January 1st of each year, beginning on January 1, 2024. OWNER may exercise the option to pay any single installment amounts for the remainder of the non-residential square footage within the Project on or before December 31st, before the Single Installment amount is automatically increased.

4.7 Net MDD/Water Availability Equivalents.

4.7.1 Effectiveness of Agreement. Notwithstanding anything else set forth in this Agreement, CITY and OWNER each acknowledge, confirm, and agree, that (i) the City approval of this Agreement and (ii) the effectiveness of this Agreement, in each case, is conditioned upon OWNER's admission to NMC Builders as a "Member" thereof pursuant to the terms and conditions of the operating agreement of NMC Builders. OWNER and CITY agree that OWNER shall become a Member of NMC Builders within 30 days of the effective date of this Agreement.

4.7.1 Assigned Net MDD/Water Availability Equivalents. The City has agreed with NMC Builders LLC to reserve exclusively for Members of NMC Builders,

including OWNER, Net MDD made available through the construction of water system improvements funded by NMC Builders LLC. NMC Builders has assigned to OWNER its allocable share of the Net MDD issued by City. The provisions of the Construction Agreement Amendment requires that the City shall not approval a final tract map or issue building permits or certificates of occupancy for the area of development within the New Model Colony served by the water system improvements funded by NMC Builders LLC, except to the bearer of an Assignment of Net MDD Water Availability.

4.7.2 Requirement of NMC Builders, LLC Membership as a Phase 2 Water Member. OWNER and CITY agree that OWNER's' payment to CITY required by Section 4.7.3 below represents OWNER's contribution to the funding required for the future construction of the Phase 2 Water Improvements and the availability of additional Net MDD Water Availability required for the development of the Property described in Exhibit A of this Agreement.

4.7.3 CITY issuance of Water Availability Equivalents. Within 30 days after the effectiveness of this Development Agreement OWNER shall pay or have paid to City the applicable Phase 2 Water Participation Fee. The Phase 2 Water Participation Fee shall be the calculated based on the amount of the Regional Water DIF for the applicable land use category and the square footage of the applicable buildings. The calculated amount of the Phase 2 Water Participation Fee shall be paid to City within 30 days after the effective date of this Agreement or, at OWNER's option, the Phase 2 Water Participation Fee may be paid to City in two (2) installments. The first installment shall be fifty percent (50%) of the total Phase 2 Water Participation Fee and such first installment shall be due and payable to City within 30 days after the effective date of this Development Agreement. The second installment shall be the remaining amount of the Phase 2 Water Participation Fee and such second installment shall be due and payable to City within one (1) year after the payment of the first installment, or prior to, and as a condition precedent to, the recording of any final Parcel Map for the Project, whichever occurs first. Upon OWNER's complete payment to CITY of the Phase 2 Water Participation Fee CITY shall issue a Certificate of Water Availability Equivalents in the form attached hereto as Exhibit G. Such Water Availability Equivalents Certificate shall be issued by CITY within thirty (30) days of the receipt of such required payment. CITY and OWNER agree that the amount of Water Availability Equivalents issued to OWNER shall be based on the maximum projected need for Water Availability Equivalents required for the Property based upon water demand factors and assumptions listed in Exhibit C-2R of the Phase 2 Water Amendment to the Construction Agreement "Water Demand Equivalents by Land Use" for each land use category. Additionally, within five (5) business days of CITY's receipt of OWNER's payment as required under this Section 4.5.2, CITY shall issue a certificate of DIF Credit against OWNER's DIF obligations in the Regional Water DIF Category.

4.7.2 Use of Assigned Net MDD Water Availability. OWNER shall provide evidence of sufficient Net MDD Water Availability Equivalents (or portions thereof)

prior to and as a condition precedent to, the City's approval of any and all tract maps for the Property. The amount of Net MDD Water Availability Equivalents required for City's approval of a tract map shall be based upon water demand factors and assumptions listed in Exhibit C-2R of the Construction Agreement Amendment as "Water Demand Equivalents by Land Use" for each land use category.

4.7.3 Requirement for other Water System Improvements. A Certificate of Net MDD Availability is evidence only of available water capacity and does not satisfy any other conditions applicable to an OWNER's Project, including those relating to design and construction of master-planned potable water and recycled water transmission and distribution system for the respective pressure zone and other public infrastructure requirements.

4.8 Storm Water Capacity Availability.

4.8.1 Requirement for Storm Water Treatment Capacity Availability. OWNER shall provide evidence of sufficient Storm Water Treatment Capacity Availability as reserved in a Certificate of Storm Water Treatment Capacity Availability the same manner and subject to the same limitations as provided for the assignment of Certificates of Net MDD Availability in Section 4.7 of this Agreement.

4.8.2 Use of Storm Water Treatment Capacity Availability. The amount of Storm Water Treatment Capacity Availability required for the issuance of a grading permit to OWNER shall be based upon the Net Residential Acreage of the area to be graded regardless of the corresponding use.

4.8.3 Requirement for other Storm Water Improvements. The Certificate of Storm Water Treatment Capacity Availability is evidence only of available storm water treatment capacity and does not satisfy any other conditions applicable to a particular development project, including those relating to on-site water treatment, water quality, connection to the storm water collection system, or other public infrastructure requirements.

4.9 Maintenance of Open Space. OWNER shall provide for the ongoing maintenance of all park, common areas and open space areas within the Project as more particularly set forth in the Specific Plan, through a homeowners' association as approved by the CITY. Covenants, conditions and restrictions establishing any homeowners' association shall be approved by the Planning Director and City Attorney.

4.10 Compliance with Public Benefits Requirements.

4.10.1 Failure to Provide Public Benefits. In the event OWNER fails or refuses to comply with any condition referenced in Section 4.1 through 4.10, or challenges (whether administratively or through legal proceedings) the imposition of such conditions, OWNER shall be deemed in default of this Agreement pursuant to Section 8.4 hereof, thereby entitling the City to any and all remedies available to

it, including, without limitation, the right of the City to withhold OWNER's Project-related building permits, certificates of occupancy, or discretionary approvals, without liability.

5. FINANCING OF PUBLIC IMPROVEMENTS.

5.1 Financing Mechanism(s). In accordance with the Memorandum of Agreement between the CITY and NMC Builders, CITY will cooperate with OWNER in the formation of a CFD, or CFDs, to include all of the Project, to provide a financing mechanism to reimburse the OWNER for funds paid to NMC Builders LLC for OWNER's share of the costs of public infrastructure pursuant to the Construction Agreement and to acquire other public facilities constructed by OWNER subject to the provisions of the Memorandum of Agreement between CITY and NMC Builders LLC. Notwithstanding such reimbursements and acquisitions, OWNER shall remain entitled to DIF Credits as provided for in Article 3 of the Construction Agreement and/or as provided for in a separate Fee Credit Agreement between CITY and OWNER. OWNER agrees that, prior to the recordation of any Tract Map for the Property, the Property shall be included in a CFD to finance City services through annual special taxes that will initially be $1,443.71 per Single Family Detached Dwelling Unit, $1,251.15 per Multiple-Family Dwelling Unit, $1,048.96 per Gated Apartment Community Dwelling Unit, and $0.27 per square foot for Non-Residential buildings. These amounts shall be subject to an automatic increase at a rate not to exceed four (4%) percent per year, unless otherwise modified by the CITY. CITY shall be the sole and exclusive lead agency in the formation of any CFD, assessment district or other public financing mechanism within the Property; provided however, that the proceeds of any such CFD, assessment district, or financing mechanism may be used, subject to restrictions that may be imposed by applicable law, for the purposes of acquiring, constructing or maintaining public facilities to be owned or operated by other public agencies, including, without limitation those facilities owned or operated by a school district. In addition to the rights of the CITY pursuant to section 5.2 hereof, CITY shall have the right, but not the obligation, to condition the formation of any CFD, assessment district or other public financing mechanism within the Property on the OWNER mitigating all Project-related impacts to the applicable school district(s) as required by such school district(s). Written evidence by such school district(s) may be required by the CITY as the condition to the formation of any CFD, assessment district or other public financing mechanism within the Property, or any steps preliminary thereto, including, without limitation, the adoption of any resolution of intention to form such CFD, assessment district or other public financing mechanism within the Property. It is not the intent of the parties hereto, by this provision, to prohibit or otherwise limit the City's ability to take any and all necessary steps requisite to the formation of the CFD to finance City services through annual special taxes as set forth in this Section 5.1. Formation of any CFD, assessment district or other public financing mechanism within the Property, shall be subject to CITY's ability to make all findings required by applicable law and complying with all applicable legal procedures and requirements including, without limitation, CITY's public financing district policies as such policies may be amended from time to time. Notwithstanding the foregoing, it is acknowledged and agreed by the parties that nothing

contained in this Agreement shall be construed as requiring CITY or the City Council to form any such district or to issue and sell bonds.

6. REVIEW FOR COMPLIANCE.

6.1 Periodic and Special Reviews.

6.1.1 Time for and Initiation of Periodic Review. The CITY shall review this Agreement every twelve (12) months from the Effective Date in order to ascertain the good faith compliance by the OWNER with the terms of this Agreement. The OWNER shall submit an Annual Monitoring Report to CITY, in a form acceptable to the City Manager, along with any applicable processing charge within ten (10) days after each anniversary date of the Effective Date of this Agreement. Within fifteen (15) days after the receipt of the Annual Monitoring Report, CITY shall review the Annual Monitoring Report. Prior to the expiration of the fifteen (15) day review period, CITY shall either issue a notice of continuing compliance or a notice of non-compliance and a notice of CITY's intent to conduct a Special Review pursuant to Sections 6.1.2 through 6.1.6. Issuance of a notice of continuing compliance may be issued by the City Manager or his designee.

6.1.2 Initiation of Special Review. A special review may be called either by agreement between the parties or by initiation in one or more of the following ways:

(1) Recommendation of the Planning staff;

(2) Affirmative vote of at least four (4) members of the Planning Commission; or

(3) Affirmative vote of at least three (3) members of the City Council.

6.1.3 Notice of Special Review. The City Manager shall begin the special review proceeding by giving notice that the CITY intends to undertake a special review of this Agreement to the OWNER. Such notice shall be given at least ten (10) days in advance of the time at which the matter will be considered by the Planning Commission.

6.1.4 Public Hearing. The Planning Commission shall conduct a hearing at which the OWNER must demonstrate good faith compliance with the terms of this Agreement. The burden of proof on this issue is upon the OWNER.

6.1.5 Findings Upon Public Hearing. The Planning Commission shall determine upon the basis of substantial evidence whether or not the OWNER has, for the period under review, complied in good faith with the terms and conditions of this Agreement.

6.1.6 Procedure Upon Findings.

(a) If the Planning Commission finds and determines on the basis of substantial evidence that the OWNER has complied in good faith with the terms and conditions of this Agreement during the period under review, the review for that period is concluded.

(b) If the Planning Commission finds and determines on the basis of substantial evidence that the OWNER has not complied in good faith with the terms and conditions of this Agreement during the period under review, the Planning Commission may recommend to the City Council to modify or terminate this Agreement.

(c) The OWNER may appeal a determination pursuant to paragraph (b) to the City Council in accordance with the CITY's rule for consideration of appeals in zoning matters generally.

6.2 Proceedings Upon Modification or Termination. If, upon a finding under Section 6.1.6(b), the CITY determines to proceed with modification or termination of this Agreement, the CITY shall give notice to the property OWNER of its intention so to do. The notice shall contain:

(a) The time and place of the hearing;

(b) A statement as to whether or not the CITY proposes to terminate or to modify this Agreement; and

(c) Other information that the CITY considers necessary to inform the OWNER of the nature of the proceeding.

6.3 Hearing on Modification or Termination. At the time and place set for the hearing on modification or termination, the OWNER shall be given an opportunity to be heard. The OWNER shall be required to demonstrate good faith compliance with the terms and conditions of this Agreement. The burden of proof on this issue shall be on the OWNER. If the City Council finds, based upon substantial evidence in the administrative record, that the OWNER has not complied in good faith with the terms and conditions of the agreement, the City Council may terminate or modify this Agreement and impose those conditions to the action it takes as it considers necessary to protect the interests of the CITY. The decision of the City Council shall be final, subject only to judicial review pursuant to Section 1094.5 of the Code of Civil Procedure.

6.4 Certificate of Agreement Compliance. If, at the conclusion of a Periodic or Special Review, OWNER is found to be in compliance with this Agreement, CITY shall, upon written request by OWNER, issue a Certificate of Agreement Compliance ("Certificate") to OWNER stating that after the most recent Periodic or Special Review and based upon the information known or made known to the Planning Director and City Council that (1) this Agreement remains in effect and (2) OWNER is not in default. The

Certificate shall be in recordable form, shall contain information necessary to communicate constructive record notice of the finding of compliance, shall state whether the Certificate is issued after a Periodic or Special Review and shall state the anticipated date of commencement of the next Periodic Review. OWNER may record the Certificate with the County Recorder. Whether or not the Certificate is relied upon by assignees or other transferees or OWNER, CITY shall not be bound by a Certificate if a default existed at the time of the Periodic or Special Review, but was concealed from or otherwise not known to the Planning Director or City Council.

7. [RESERVED]

8. DEFAULT AND REMEDIES.

8.1 Remedies in General. It is acknowledged by the parties that CITY would not have entered into this Agreement if it were to be liable in damages under this Agreement, or with respect to this Agreement or the application thereof.

In general, each of the parties hereto may pursue any remedy at law or equity available for the breach of any provision of this Agreement, except that CITY shall not be liable in damages to OWNER, or to any successor in interest of OWNER, or to any other person, and OWNER covenants not to sue for damages or claim any damages:

(a) For any breach of this Agreement or for any cause of action which arises out of this Agreement; or

(b) For the taking, impairment or restriction of any right or interest conveyed or provided under or pursuant to this Agreement; or

(c) Arising out of or connected with any dispute, controversy or issue regarding the application or interpretation or effect of the provisions of this Agreement.

8.2 Specific Performance. The parties acknowledge that money damages and remedies at law generally are inadequate and specific performance and other non-monetary relief are particularly appropriate remedies for the enforcement of this Agreement and should be available to all parties for the following reasons:

(a) Money damages are unavailable against CITY as provided in Section 8.1 above.

(b) Due to the size, nature and scope of the project, it may not be practical or possible to restore the Property to its natural condition once implementation of this Agreement has begun. After such implementation, OWNER may be foreclosed from other choices it may have had to utilize the Property or portions thereof. OWNER has invested significant time and resources and performed extensive planning and processing of the Project in agreeing to the terms of this Agreement and will be investing even more significant time and resources in implementing the Project in reliance upon the terms of

this Agreement, and it is not possible to determine the sum of money which would adequately compensate OWNER for such efforts.

8.3 Release. Except for nondamage remedies, including the remedy of specific performance and judicial review as provided for in Section 6.5, OWNER, for itself, its successors and assignees, hereby releases the CITY, its officers, agents and employees from any and all claims, demands, actions, or suits of any kind or nature arising out of any liability, known or unknown, present or future, including, but not limited to, any claim or liability, based or asserted, pursuant to Article I, Section 19 of the California Constitution, the Fifth Amendment of the United States Constitution, or any other law or ordinance which seeks to impose any other liability or damage, whatsoever, upon the CITY because it entered into this Agreement or because of the terms of this Agreement.

8.4 Termination or Modification of Agreement for Default of OWNER. Subject to the provisions contained in Subsections 6.2 and 6.3 herein, CITY may terminate or modify this Agreement for any failure of OWNER to perform any material duty or obligation of OWNER under this Agreement, or to comply in good faith with the terms of this Agreement (hereinafter referred to as "default"); provided, however, CITY may terminate or modify this Agreement pursuant to this Section only after providing written notice to OWNER of default setting forth the nature of the default and the actions, if any, required by OWNER to cure such default and, where the default can be cured, OWNER has failed to take such actions and cure such default within 60 days after the effective date of such notice or, in the event that such default cannot be cured within such 60 day period but can be cured within a longer time, has failed to commence the actions necessary to cure such default within such 60 day period and to diligently proceed to complete such actions and cure such default.

8.5 Termination of Agreement for Default of CITY. OWNER may terminate this Agreement only in the event of a default by CITY in the performance of a material term of this Agreement and only after providing written notice to CITY of default setting forth the nature of the default and the actions, if any, required by CITY to cure such default and, where the default can be cured, CITY has failed to take such actions and cure such default within 60 days after the effective date of such notice or, in the event that such default cannot be cured within such 60 day period but can be cured within a longer time, has failed to commence the actions necessary to cure such default within such 60 day period and to diligently proceed to complete such actions and cure such default.

9. THIRD PARTY LITIGATION.

9.1 General Plan Litigation. CITY has determined that this Agreement is consistent with its Comprehensive General Plan, as such General Plan exists as of the Effective Date ("General Plan"), and that the General Plan meets all requirements of law. OWNER has reviewed the General Plan and concurs with CITY's determination. CITY shall have no liability in damages under this Agreement for any failure of CITY to perform under this Agreement or the inability of OWNER to develop the Property as contemplated by the Development Plan of this Agreement as the result of a judicial determination that

on the Effective Date, or at any time thereafter, the General Plan, or portions thereof, are invalid or inadequate or not in compliance with law.

9.2 Third Party Litigation Concerning Agreement. OWNER shall defend, at its expense, including attorneys' fees, indemnify, and hold harmless CITY, its agents, officers and employees from any claim, action or proceeding against CITY, its agents, officers, or employees to attack, set aside, void, or annul the approval of this Agreement or the approval of any permit granted pursuant to this Agreement. CITY shall promptly notify OWNER of any such claim, action or proceeding, and CITY shall cooperate in the defense. If CITY fails to promptly notify OWNER of any such claim, action or proceeding, or if CITY fails to cooperate in the defense, OWNER shall not thereafter be responsible to defend, indemnify, or hold harmless CITY. CITY may in its discretion participate in the defense of any such claim, action or proceeding.

9.3 Indemnity. In addition to the provisions of 9.2 above, OWNER shall indemnify and hold CITY, its officers, agents, employees and independent contractors free and harmless from any liability whatsoever, based or asserted upon any act or omission of OWNER, its officers, agents, employees, subcontractors and independent contractors, for property damage, bodily injury, or death (OWNER's employees included) or any other element of damage of any kind or nature, relating to or in any way connected with or arising from the activities contemplated hereunder, including, but not limited to, the study, design, engineering, construction, completion, failure and conveyance of the public improvements, save and except claims for damages arising through the sole active negligence or sole willful misconduct of CITY. OWNER shall defend, at its expense, including attorneys' fees, CITY, its officers, agents, employees and independent contractors in any legal action based upon such alleged acts or omissions. CITY may in its discretion participate in the defense of any such legal action.

9.4 Environment Assurances. OWNER shall indemnify and hold CITY, its officers, agents, and employees free and harmless from any liability, based or asserted, upon any act or omission of OWNER, its officers, agents, employees, subcontractors, predecessors in interest, successors, assigns and independent contractors for any violation of any federal, state or local law, ordinance or regulation relating to industrial hygiene or to environmental conditions on, under or about the Property, including, but not limited to, soil and groundwater conditions, and OWNER shall defend, at its expense, including attorneys' fees, CITY, its officers, agents and employees in any action based or asserted upon any such alleged act or omission. CITY may in its discretion participate in the defense of any such action.

9.5 Reservation of Rights. With respect to Sections 9.2, 9.3 and 9.4 herein, CITY reserves the right to either (1) approve the attorney(s) which OWNER selects, hires or otherwise engages to defend CITY hereunder, which approval shall not be unreasonably withheld, or (2) conduct its own defense, provided, however, that OWNER shall reimburse CITY forthwith for any and all reasonable expenses incurred for such defense, including attorneys' fees, upon billing and accounting therefor.

9.6 Survival. The provisions of this Sections 9.1 through 9.6, inclusive, shall survive the termination of this Agreement.

10. MORTGAGEE PROTECTION.

The parties hereto agree that this Agreement shall not prevent or limit OWNER, in any manner, at OWNER's sole discretion, from encumbering the Property or any portion thereof or any improvement thereon by any mortgage, deed of trust or other security device securing financing with respect to the Property. CITY acknowledges that the lenders providing such financing may require certain Agreement interpretations and modifications and agrees upon request, from time to time, to meet with OWNER and representatives of such lenders to negotiate in good faith any such request for interpretation or modification. CITY will not unreasonably withhold its consent to any such requested interpretation or modification provided such interpretation or modification is consistent with the intent and purposes of this Agreement. Any Mortgagee of the Property shall be entitled to the following rights and privileges:

(a) Neither entering into this Agreement nor a breach of this Agreement shall defeat, render invalid, diminish or impair the lien of any mortgage on the Property made in good faith and for value, unless otherwise required by law.

(b) The Mortgagee of any mortgage or deed of trust encumbering the Property, or any part thereof, which Mortgagee, has submitted a request in writing to the CITY in the manner specified herein for giving notices, shall be entitled to receive written notification from CITY of any default by OWNER in the performance of OWNER's obligations under this Agreement.

(c) If CITY timely receives a request from a Mortgagee requesting a copy of any notice of default given to OWNER under the terms of this Agreement, CITY shall provide a copy of that notice to the Mortgagee within ten (10) days of sending the notice of default to OWNER. The Mortgagee shall have the right, but not the obligation, to cure the default during the remaining cure period allowed such party under this Agreement.

(d) Any Mortgagee who comes into possession of the Property, or any part thereof, pursuant to foreclosure of the mortgage or deed of trust, or deed in lieu of such foreclosure, shall take the Property, or part thereof, subject to the terms of this Agreement. Notwithstanding any other provision of this Agreement to the contrary, no Mortgagee shall have an obligation or duty under this Agreement to perform any of OWNER's obligations or other affirmative covenants of OWNER hereunder, or to guarantee such performance; provided, however, that to the extent that any covenant to be performed by OWNER is a condition precedent to the performance of a covenant by CITY, the performance thereof shall continue to be a condition precedent to CITY's performance hereunder, and further provided that any sale, transfer or assignment by any Mortgagee in possession shall be subject to the provisions of Section 2.4 of this Agreement.

11. MISCELLANEOUS PROVISIONS.

11.1 Recordation of Agreement. This Agreement and any amendment or cancellation thereof shall be recorded with the San Bernardino County Recorder by the City Clerk within the ten (10) days after the CITY executes this Agreement, as required by Section 65868.5 of the Government Code. If the parties to this Agreement or their successors in interest amend or cancel this Agreement as provided for herein and in Government Code Section 65868, or if the CITY terminates or modifies the agreement as provided for herein and in Government Code Section 65865.1 for failure of the applicant to comply in good faith with the terms or conditions of this Agreement, the City Clerk shall have notice of such action recorded with the San Bernardino County Recorder.

11.2 Entire Agreement. This Agreement sets forth and contains the entire understanding and agreement of the parties, and there are no oral or written representations, understandings or ancillary covenants, undertakings or agreements which are not contained or expressly referred to herein. No testimony or evidence of any such representations, understandings or covenants shall be admissible in any proceeding of any kind or nature to interpret or determine the terms or conditions of this Agreement.

11.3 Severability. If any term, provision, covenant or condition of this Agreement shall be determined invalid, void or unenforceable, the remainder of this Agreement shall not be affected thereby to the extent such remaining provisions are not rendered impractical to perform taking into consideration the purposes of this Agreement. Notwithstanding the foregoing, the provision of the Public Benefits set forth in Section 4 of this Agreement, including the payment of the fees set forth therein, are essential elements of this Agreement and CITY would not have entered into this Agreement but for such provisions, and therefore in the event such provisions are determined to be invalid, void or unenforceable, this entire Agreement shall be null and void and of no force and effect whatsoever.

11.4 Interpretation and Governing Law. This Agreement and any dispute arising hereunder shall be governed and interpreted in accordance with the laws of the State of California. This Agreement shall be construed as a whole according to its fair language and common meaning to achieve the objectives and purposes of the parties hereto, and the rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be employed in interpreting this Agreement, all parties having been represented by counsel in the negotiation and preparation hereof.

11.5 Section Headings. All section headings and subheadings are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

11.6 Singular and Plural. As used herein, the singular of any word includes the plural.

11.7 Joint and Several Obligations. Subject to section 2.4, if at any time during the term of this Agreement the Property is owned, in whole or in part, by more than one owner, all obligations of such owners under this Agreement shall be joint and several, and the default of any such owner shall be the default of all such owners. Notwithstanding the foregoing, no owner of a single lot which has been finally subdivided and sold to such

owner as a member of the general public or otherwise as an ultimate user shall have any obligation under this Agreement except as provided under Section 4 hereof.

11.8 Time of Essence. Time is of the essence in the performance of the provisions of this Agreement as to which time is an element.

11.9 Waiver. Failure by a party to insist upon the strict performance of any of the provisions of this Agreement by the other party, or the failure by a party to exercise its rights upon the default of the other party, shall not constitute a waiver of such party's right to insist and demand strict compliance by the other party with the terms of this Agreement thereafter.

11.10 No Third Party Beneficiaries. This Agreement is made and entered into for the sole protection and benefit of the parties and their successors and assigns. No other person shall have any right of action based upon any provision of this Agreement.

11.11 Force Majeure. Neither party shall be deemed to be in default where failure or delay in performance of any of its obligations under this Agreement is caused by floods, earthquakes, other Acts of God, fires, wars, riots or similar hostilities, strikes and other labor difficulties beyond the party's control, (including the party's employment force), government regulations, court actions (such as restraining orders or injunctions), or other causes beyond the party's control. If any such events shall occur, the term of this Agreement and the time for performance by either party of any of its obligations hereunder may be extended by the written agreement of the parties for the period of time that such events prevented such performance, provided that the term of this Agreement shall not be extended under any circumstances for more than five (5) years.

11.12 Mutual Covenants. The covenants contained herein are mutual covenants and also constitute conditions to the concurrent or subsequent performance by the party benefited thereby of the covenants to be performed hereunder by such benefited party.

11.13 Successors in Interest. The burdens of this Agreement shall be binding upon, and the benefits of this Agreement shall inure to, all successors in interest to the parties to this Agreement. All provisions of this Agreement shall be enforceable as equitable servitudes and constitute covenants running with the land. Each covenant to do or refrain from doing some act hereunder with regard to development of the Property: (a) is for the benefit of and is a burden upon every portion of the Property; (b) runs with the Property and each portion thereof; and, (c) is binding upon each party and each successor in interest during ownership of the Property or any portion thereof.

11.14 Counterparts. This Agreement may be executed by the parties in counterparts, which counterparts shall be construed together and have the same effect as if all of the parties had executed the same instrument.

11.15 Jurisdiction and Venue. Any action at law or in equity arising under this Agreement or brought by a party hereto for the purpose of enforcing, construing or determining the validity of any provision of this Agreement shall be filed and tried in the

Superior Court of the County of San Bernardino, State of California, and the parties hereto waive all provisions of law providing for the filing, removal or change of venue to any other court.

11.16 Project as a Private Undertaking. It is specifically understood and agreed by and between the parties hereto that the development of the Project is a private development, that neither party is acting as the agent of the other in any respect hereunder, and that each party is an independent contracting entity with respect to the terms, covenants and conditions contained in this Agreement. No partnership, joint venture or other association of any kind is formed by this Agreement. The only relationship between CITY and OWNER is that of a government entity regulating the development of private property and the owner of such property.

11.17 Further Actions and Instruments. Each of the parties shall cooperate with and provide reasonable assistance to the other to the extent contemplated hereunder in the performance of all obligations under this Agreement and the satisfaction of the conditions of this Agreement. Upon the request of either party at any time, the other party shall promptly execute, with acknowledgment or affidavit if reasonably required, and file or record such required instruments and writings and take any actions as may be reasonably necessary under the terms of this Agreement to carry out the intent and to fulfill the provisions of this Agreement or to evidence or consummate the transactions contemplated by this Agreement. The City Manager may delegate his powers and duties under this Agreement to an Assistant City Manager or other management level employee of the CITY.

11.18 Eminent Domain. No provision of this Agreement shall be construed to limit or restrict the exercise by CITY of its power of eminent domain.

11.19 Agent for Service of Process. In the event OWNER is not a resident of the State of California or it is an association, partnership or joint venture without a member, partner or joint venturer resident of the State of California, or it is a foreign corporation, then in any such event, OWNER shall file with the Planning Director, upon its execution of this Agreement, a designation of a natural person residing in the State of California, giving his or her name, residence and business addresses, as its agent for the purpose of service of process in any court action arising out of or based upon this Agreement, and the delivery to such agent of a copy of any process in any such action shall constitute valid service upon OWNER. If for any reason service of such process upon such agent is not feasible, then in such event OWNER may be personally served with such process out of this County and such service shall constitute valid service upon OWNER. OWNER is amenable to the process so served, submits to the jurisdiction of the Court so obtained and waives any and all objections and protests thereto. OWNER for itself, assigns and successors hereby waives the provisions of the Hague Convention (Convention on the Service Abroad of Judicial and Extra Judicial Documents in Civil or Commercial Matters, 20 U.S.T. 361, T.I.A.S. No. 6638).

11.20 Estoppel Certificate. Within thirty (30) business days following a written request by any of the parties, the other party shall execute and deliver to the requesting

party a statement certifying that (i) either this Agreement is unmodified and in full force and effect or there have been specified (date and nature) modifications to the Agreement, but it remains in full force and effect as modified; and (ii) either there are no known current uncured defaults under this Agreement or that the responding party alleges that specified (date and nature) defaults exist. The statement shall also provide any other reasonable information requested. The failure to timely deliver this statement shall constitute a conclusive presumption that this Agreement is in full force and effect without modification except as may be represented by the requesting party and that there are no uncured defaults in the performance of the requesting party, except as may be represented by the requesting party. OWNER shall pay to CITY all costs incurred by CITY in connection with the issuance of estoppel certificates under this Section 11.20 prior to CITY's issuance of such certificates.

11.21 Authority to Execute. The person or persons executing this Agreement on behalf of OWNER warrants and represents that he or she/they have the authority to execute this Agreement on behalf of his or her/their corporation, partnership or business entity and warrants and represents that he or she/they has/have the authority to bind OWNER to the performance of its obligations hereunder.

11.22 Prevailing Wage. OWNER, for itself, its successors, and assigns, agrees, covenants, and warrants that the development of the Property, if any, shall comply with all applicable federal and state labor laws (including, without limitation, the requirement under California law to pay prevailing wages and hire apprentices), and all obligations as set forth herein.

11.22.1 CITY makes no representations concerning prevailing wages in compliance with California Labor Code Section 1770 et seq.

11.22.2. OWNER acknowledges and agrees that it shall be independently responsible for reviewing the applicable laws and regulations with respect to the payment of prevailing wages and complying therewith. OWNER shall bear all risks of payment or non-payment of prevailing wages under California law and/or the implementation of Labor Code Section 1781, as the same may be amended from time to time, and/or any other similar law.

11.22.3 The foregoing indemnity shall survive termination of this Agreement and shall continue after completion of the construction and development of the Property by OWNER, its successors or assigns. OWNER shall be solely responsible for determining and effectuating compliance with such laws.

11.22.4 OWNER, ON BEHALF OF ITSELF, ITS SUCCESSORS, AND ASSIGNS, WAIVES AND RELEASES CITY FROM ANY RIGHT OF ACTION THAT MAY BE AVAILABLE TO OWNER PURSUANT TO LABOR CODE SECTION 1781 OR THE DAVIS BACON ACT. RELATIVE TO THE WAIVER AND RELEASE CONTAINED IN THIS SECTION 11.22, OWNER ACKNOWLEDGES THE PROTECTIONS OF CIVIL CODE SECTION 1542, WHICH READS AS FOLLOWS: A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT

KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

INITIALS. BY INITIALING BELOW, OWNER KNOWINGLY AND VOLUNTARILY WAIVES THE PROVISIONS OF SECTION 1542 SOLELY WITH THE MATTERS WHICH ARE THE SUBJECT OF THE FOREGOING WAIVERS AND RELEASES:

Existing Development Approvals

On March 28, 2006, the Planning Commission:

a) Issued Resolution No. PC06-020 recommending City Council adopt and certify the Countryside Specific Plan Environmental Impact Report (SCH #2004071001).

b) Issued Resolution No. PC06-021 recommending City Council approval of the Countryside Specific Plan (PSP04-001).

On April 18, 2006, the City Council:

a) Issued Resolution No. 2006-013 certifying the Countryside Specific Plan Environmental Impact Report.

On April 25, 2006, the Planning Commission:

a) Issued Resolution No. PC06-031, recommending the City Council approval of an amendment (File No. PSPA06-003) to the Countryside Specific Plan.

On May 2, 2006, the City Council:

a) Issued Ordinance No. 2828 approving the Countryside Specific Plan (PSP04-001).

On June 20, 2006 the City Council:

a) Issued Ordinance No. 2830 approving an amendment to the Countryside Specific Plan (File No. PSPA06-063).

Pursuant to Section 4.5.2 of this Agreement by and between the City of Ontario and _____, dated _____, 201_, the terms and definitions of which are hereby incorporated herein by this reference and hereinafter called the "Development Agreement', the City of Ontario hereby certifies that OWNER is entitled to the following amount and nature of DIF Credits in the Regional Water DIF Infrastructure Category:

Amount of Credit: $_____

_____
Scott Ochoa, City Manager

Dated:_____

Exhibit "I-1"

ONTARIO RANCH
WATER SUPPLY PHASING PLAN

Phase 2	Water Availability Equivalency	Estimated Net MDD Available[1]
Phase 2 A		
Supply & Storage		
1. 1 - Additional Ground Water Well and Collection lines - Design and Construction	8,250 gpm[2]	**7,750 gpm**[2]
Pipelines (Transmission & Distribution)[2]		
2. 925 Zone Transmission lines – Design and Construction		
3. Temporary Pressure Reducing Station[3] – Design and Construction		
Phase 2B		
Supply & Storage		
4. 1 – Additional Ground Water Well and Collection lines – Design and Construction	10,500 gpm[2]	**9,860 gpm[2]**
5. 1 – 6 million gallon Reservoir – 925 Zone – Design and Construction		

(1) Upon Completion of the construction of all of the improvements described for each Phase a Certificate of Net MDD Availability shall be issued to Developer for the corresponding amount of Net MDD. Net MDD means the maximum daily demand on the potable water supply, net of the water requirements for public schools and parks. The Water Availability Equivalency includes the estimated requirements for public schools and parks. The amount of Net MDD specified is the cumulative amount for which building permits may be issued upon funding of the corresponding and all preceding Phases of improvements.

(2) The ability of a particular development to utilize Net MDD assigned to it by the Developer will require the completion of design and construction of Master-planned potable and recycled water transmission and distribution pipelines for the respective pressure zone. Other factors may include its location, the particular land use and Water Availability Equivalents assigned to it as specified in Exhibit C-2.

(3) Pressure reducing stations are a component of the pipeline transmission and distribution system.

EXHIBIT "I-2"

Available Water Supply - See Exhibit C-1R for Net MDD Available

Table A - Water Demand Equivalents By Land Use

The Ontario Plan	Potable Water			Recycled Water	
Land Use	Water Demand Factor (ADD)		Water Demand Equivalents (WDE)[2]	Recycled Water Demand Factor[1] (ADD)	Recycled Water Demand Of Total Water Demand
	(gpd/du)	(gpd/ac)	(gpm/unit)	(gpd/ac)	(%)
Detached Dwellings (less than 5 units per acre)	544		0.57	900	28%
Detached or Attached Dwellings (between 5 and 11 units per acre)	464		0.48	1,000	21%
Attached Dwellings (between 11 and 25 units per acre)	323		0.34	1,500	18%
High Density Dwellings (25+ units per acre)	152		0.16	1,500	27%
Commercial Lodging	150		0.16	1,700	50%
Retail/Services Uses		2,200	2.29	2,300	51%
Office Uses		3,400	3.54	2,300	40%
Business Park Uses		2,200	2.29	2,200	50%
Industrial Uses		2,000	2.08	2,200	52%
Institutional Use		2,200	2.29	1,600	42%
Parks		1,000	1.04	1,400	58%
Schools		3,500	3.65	1,600	31%

[1]Recycled Water Demands include irrigation for right-of-way (medians and parkways), neighborhood edge, pocket parks, and common areas.

[2] The WDE is based on the Maximum Day Demand (MDD) with a peaking factor of 1.5 in the NMC for all land use categories.

Table B - Example Water Supply Calculation

Land Use	Acres[1] (gross)	Residential Units	WDE Factor (gpm)	Potable MDD (gpm)	Recycled Water ADD (gpm)
Development					
Detached Dwellings (less than 5 units per acre)	1,284	5,061	0.57	2,868	803
Detached or Attached Dwellings (between 5 and 11 units per acre)	369	2,530	0.48	1,223	256
Attached Dwellings (between 11 and 25 units per acre)	194	3,410	0.34	1,147	202
Retail/Services Uses (per acre)[2]	104		2.29	239	166
TOTAL	**1,950**	**11,001**		**5,477**	**1,428**

Three (3) Wells Are required to Support this example, assuming each well produces 2,000 gpm and connection to the Recycled Water System maximizing Recycled Water Use.

[1] Residential Acres are estimated based on the weighted average derived from the average number of units per land use category.

[2] Commercial acreage is calculated from a total square footage of 1,361,000 SF with an average Floor to Area Ratio (FAR) of 0.30 for commercial services in The Ontario Plan.

DISCLOSURE NOTICE
SOUTH ARCHIBALD TRICHLOROETHYLENE PLUME

Dear Property Owner/Developer/Applicant:

The City of Ontario ("City") has approved or will be approving development in the Ontario Ranch area in the next few years, subject to the appropriate and required statutory process. This letter is intended to serve as notice to all potential property owners of the existence of a groundwater plume, known as the South Archibald Trichloroethylene (TCE) Plume which may exist in, under or near owner's property.

The groundwater plume is in an area in the central Chino Basin south of the Pomona Freeway, west of Turner Avenue, east of Grove Avenue, and north of Kimball Avenue. The plume primarily consists of TCE, a discontinued industrial solvent, and is subject to a clean-up under the oversight and direction of the Santa Ana Regional Water Quality Control Board ("Regional Board").

The Regional Board's approved clean-up procedure involves the removal and treatment of groundwater containing TCE via groundwater wells to reduce the plume concentrations and control its migration. In addition, the City is providing potable water supplies for domestic purposes to residences with private domestic wells affected by the plume. Finally, the Regional Board will continue to monitor all impacted areas and private domestic wells to ensure that residents' health and the environment are properly safeguarded. These remedial actions are documented in a Remedial Action Plan approved by the Regional Board in September 2016.

Further and current information may be found on the Regional Board's Geotracker website at https://geotracker.waterboards.ca.gov/profile_report?global_id=T10000004658.

Property owners may wish to include this letter as a part of a Real Estate Transfer Disclosure under California Civil Code Section 1102 et seq.

Department: Economic Development Prepared By: Karla Tavera Staff Member Presenting: Jennifer McLain Hiramoto, Economic Development Director Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 27

SUBJECT: A LEASE AGREEMENT WITH MARK CHRISTOPHER AUTO CENTER

RECOMMENDATION: That the City Council authorize City Manager or his designee to execute a Lease Agreement between the City and Mark Christopher Auto Center related to upgrades to their existing LED sign.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods

FISCAL IMPACT: The City will pay Mark Christopher Auto Center 50% of the total cost of sign upgrades, which will be a not-to-exceed amount of $518,590. The General Fund appropriations for this will be included in Economic Development Agency's first quarter budget update.

BACKGROUND & ANALYSIS: Mark Christopher Auto Center, located at 2131 E. Convention Center Way, CA 91764, is seeking to upgrade its existing LED Digital Sign. The upgrades will include higher resolution displays, refurbishment of all identification display lighting, and repainting. Staff recommends that the City of Ontario (City) participate in covering half of the cost of the sign upgrade by executing a Lease Agreement (Agreement). In return, the City will have the right to use 15% of the sign's operating time each hour for City messaging and content, such as events and announcements, and 20% during times of emergency. The Agreement will be valid for 10 years, and the total cost to the City would amount to no more than $519,590.

The City's participation in this Agreement may result in increased auto sales, an important element to the City's general fund, as well as provide a public service by granting the City the right to advertise on the sign along the I-10 Freeway, which sees 270,000 vehicles daily.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Recreation & Community Services Prepared By: Danielle Guevara Staff Member Presenting: Helen McAlary, Executive Director Community Life and Culture Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 28

SUBJECT: A MANAGEMENT AGREEMENT WITH GAKHAL GOLF MANAGEMENT LLC FOR THE OPERATION OF WHISPERING LAKES GOLF COURSE

RECOMMENDATION: That the City Council take the following actions:

A. Authorize the City Manager or designee to execute a five-year Management Agreement (on file with the Records Management Department) with Gakhal Golf Management LLC, DBA GGM, of Watsonville, California, for the management and operation of the Whispering Lakes Golf Course.
B. Authorize the extension of the agreement for one five-year term at the City's sole discretion.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Encourage, Provide or Support Enhanced Recreational, Educational, Cultural and Healthy City Programs, Policies and Activities

FISCAL IMPACT: GGM will be responsible for all costs related to operating the golf course and will not receive a management fee from the City. The City will receive an annual payment of $100,000 from GGM if net profits exceed $100,000. If profits are less than $100,000, the amount will be reinvested into the golf course for further improvements. GGM has also committed to investing $543,000 toward capital improvements at the golf course, in addition to meeting regular operational standards.

BACKGROUND & ANALYSIS: Whispering Lakes Golf Course is an 18-hole, par-72 public golf course adjacent to Westwind Park. In June 2023, the City and the previous operator, Donovan Bros. Golf, LLC, mutually agreed to end the Management Agreement for the management and operations of Whispering Lakes Golf Course.

Whispering Lakes is an important contributor to the local economy. It hosts various events, tournaments and serves the local community. Improvements to the golf course will further establish the City as the premier community in the Inland Empire and complement the

development of the Ontario Sports Complex.

City Staff has recently engaged Gakhal Golf Management LLC, dba GGM. GGM is interested in investing in the property and has presented a proposal to the City. The proposal includes immediately investing funds into the property, management and operation of the golf course and plans to work with the City to provide a new clubhouse, banquet hall/restaurant, and hotel. To ensure a seamless transition and uninterrupted service, the City requested that GGM provide documentation of their golf course management experience, a business plan, a marketing plan, an operations plan, and financial projections before entering into a new management agreement with the City.

The Management Agreement between GGM and the City outlines GGM's responsibility to operate and manage Whispering Lakes Golf Course, including bookings to play golf, and coordinating tournaments, events, programs, and other golfing activities. GGM will be responsible for all costs related to operating the golf course, such as administration, accounting, marketing, employee training, payroll and benefits administration, agronomy, merchandising, and web management.

An additional responsibility of GGM is to promote Whispering Lakes Golf Course and entice local golfers through customized campaigns that are thoughtful and impactful. These include creating a new website, social media outreach, print advertising, organizing tournaments and local community events, developing a new membership program, and initiating a new junior golf camp.

Additionally, GGM will manage the entire facility, including maintenance, driving range, golf shop, and food and beverage operations. GGM states that it is committed to creating a warm and pleasant guest experience. GGM has guaranteed to create an online tee-time reservation system; upgrade amenities including new rental clubs, new electric golf carts, new golf balls, and a new range dispenser; increase food and beverage sales including establishing a new onsite restaurant and acquiring a food cart; developing new Whispering Lakes Golf Course merchandise; and work with the City and a new golf course architect to make strategic upgrades to the golf course.

The five-year Management Agreement allows GGM to operate Whispering Lakes Golf Course through September 2028. Under the contract terms, GGM will provide an immediate investment of $543,000 for capital improvements at Whispering Lakes Golf Course, which includes a new website, new logo, new merchandise, rental clubs, range ball dispenser, golf course management software, new golf courts, enhancements to the food and beverage system, and enhancements to the driving range.

Staff recommends that the City Council approve the recommended Management Agreement.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Recreation & Community Services Prepared By: Danielle Guevara Staff Member Presenting: Helen McAlary, Executive Director Community Life and Culture Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 29

SUBJECT: STUDENT REPRESENTATIVE AND ALTERNATE APPOINTMENTS TO THE RECREATION & PARKS COMMISSION FOR FY 2023-24

RECOMMENDATION: That the City Council confirm Angel Huerta, Ontario resident and student at Sierra Vista High School as the Student Representative and Isabella Seibel, Ontario resident and student at Chaffey District Online High School as the Alternate Student Representative to the Recreation & Parks Commission for the term set to expire on June 30, 2024.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Encourage, Provide or Support Enhanced Recreational, Educational, Cultural and Healthy City Programs, Policies and Activities

FISCAL IMPACT: There is no direct fiscal impact associated with this action.

BACKGROUND & ANALYSIS: The City Council approved the Student Representative Program to the Recreation & Parks Commission on March 5, 2002. The Student Representative is a non-voting member of the Recreation & Parks Commission. Since its inception, thirty-five (35) students have participated in the program.

The City conducted a recruitment through local high schools, city-wide teen programs and multiple social media platforms. Candidates interviewed with the Recreation & Community Services Department and were recommended to the Recreation & Parks Commission where they presented to the Commission on June 26, 2023. The Recreation & Parks Commission recommends the City Council ratify the appointments of Angel Huerta and Isabella Seibel as non-voting members of the Recreation & Parks Commission for FY 2023-24 with a vote of 6-0.

CANDIDATES INFORMATION:

Angel Huerta - Angel is an Ontario resident and Sierra Vista High School student entering her junior year. She is a De Anza Community & Teen Center Teen Action Committee member, where she began volunteering in 2023. She has also volunteered for the Recreation & Community Services Department, assisting their tiny tot program and library. Angel is eager to represent and voice the

concerns of the teen community. Upon graduation from high school, Angel plans to attend college to obtain a bachelor's degree. Her goal is to become a child psychologist.

Isabella Seibel - Isabella is an Ontario resident, a Chaffey District Online High School student entering her senior year, and a dual enrollment student at Chaffey College. She has also been accepted to volunteer for the summer at Casa Colina Hospital in Pomona and Providence St. Jude Medical Center in Fullerton, California. Isabella is extremely passionate about helping others and is eager to be a voice and advocate for her peers. Upon graduation, Isabella plans to attend cosmetology school and fulfill her goal of owning a cosmetology business to follow her passion for serving the community.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Recreation & Community Services Prepared By: Danielle Guevara Staff Member Presenting: Helen McAlary, Executive Director Community Life and Culture Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 30

SUBJECT: TRANSFER OWNERSHIP OF A 2017 STARCRAFT SHUTTLE BUS FROM THE WEST END YMCA TO THE CITY OF ONTARIO

RECOMMENDATION: That the City Council approve the transfer of ownership for a 2017 Starcraft Shuttle Bus from the West End YMCA to the City of Ontario.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Encourage, Provide or Support Enhanced Recreational, Educational, Cultural and Healthy City Programs, Policies and Activities

FISCAL IMPACT: Minor expenses related to the transfer fee and registration with the Department of Motor Vehicles are associated with the transfer. Future ongoing operating and maintenance-related expenses will be absorbed in the Recreation & Community Services Department's operating budget.

BACKGROUND & ANALYSIS: For several years, the West End YMCA senior transportation program provided transportation to the Ontario Senior Center for City residents on behalf of the City of Ontario. However, the program was discontinued on June 30, 2023. To ensure that the senior population within the City of Ontario continues to receive transportation services, the Recreation & Community Services Department secured a grant through OmniTrans to take over and operate the senior transportation program.

The West End YMCA recently secured the 2017 Starcraft Shuttle Bus through a grant with support from the City of Ontario. Since the West End YMCA is no longer operating the senior transportation program on behalf of the City, it was negotiated to transfer the shuttle bus to the City of Ontario. The shuttle bus was obtained through a grant with the California Department of Transportation and the value of the shuttle had not depreciated enough to be sold.

The City of Ontario and West End YMCA received all documentation from the California Department of Transportation approving the transfer to the City.

Staff recommends that City Council approve the transfer of the Startcraft Shuttle bus.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Police Department Prepared By: Nicole Alvarez Staff Member Presenting: Mike Lorenz, Chief of Police Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 31

SUBJECT: **AN AMENDMENT TO THE PROFESSIONAL SERVICES AND EQUIPMENT PURCHASE AGREEMENT WITH AXON ENTERPISE, INC. FOR THE ACQUISITION OF ADDITIONAL POLICE DEPARTMENT FRONTLINE PATROL EQUIPMENT**

RECOMMENDATION: That the City Council approve and authorize the City Manager or his designee to execute an amendment to the Professional Services and Equipment Purchase Agreement (on file with Records Management) to increase the contracted dollar amount with Axon Enterprise, Inc., of Scottsdale, Arizona, for the purchase of an additional 30 user licenses for Axon body-worn cameras and 8 DJI Mini Pro Drones in the amount of $105,051 for the duration of the contract, for a total not-to-exceed contract amount of $9,359,811.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Maintain the Current High Level of Public Safety
Operate in a Businesslike Manner

FISCAL IMPACT: The recommended Amendment increases the authorized contract of $9,254,760 by $105,051 for a total not-to-exceed contract amount of $9,359,811. If approved, General Fund appropriations for Fiscal Year 2023-24 will be made on the next available quarterly adjustment as needed for Ontario Police Department. Appropriations will be added to Information Technology's fund for future years' budgets consistent with the annual adoption process.

BACKGROUND & ANALYSIS: The Police Department currently has an agreement with Axon Enterprise, Inc. (formerly known as TASER International, Inc.) for body-worn cameras, maintenance and data management services for Police field and Airport personnel which expires April 2, 2026. All equipment will utilize Axon' s Evidence.com data storage and management feature which protects the integrity of video and data files captured using tasers, body-worn cameras and interview rooms to provide security, tracking and redaction assistance of file viewing, and integrates with a proposed County-wide initiative under the San Bernardino County District Attorney' s Office.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Recreation & Community Services Prepared By: Danielle Guevara Staff Member Presenting: Helen McAlary, Executive Director Community Life and Culture Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 32

SUBJECT: A RESOLUTION APPROVING THE FILING OF AN APPLICATION FOR GRANT FUNDS FOR LAND AND WATER CONSERVATION FUND 2023 FOR GEORGE GIBBS PARK

RECOMMENDATION: That the City Council take the following actions:

A. Adopt the resolution approving the filing of an application for grant funds through the Land and Water Conservation Fund 2023 for the George Gibbs Park development project;
B. Authorize the City Manager, or his designee, to execute any documents or agreements needed to complete the application and implement the grant; and
C. If awarded, accept funding of $2,486,688 provided by the Land and Water Conservation Fund 2023.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Pursue City's Goals and Objectives by Working with Other Governmental Agencies
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Encourage, Provide or Support Enhanced Recreational, Educational, Cultural and Healthy City Programs, Policies and Activities

FISCAL IMPACT: The grant award will be announced by December 31, 2023. The total project cost is estimated to be $4,973,377. The grant funding will cover 50% of the project's eligible costs and its reimbursement is $2,486,688. The project is expected to start between late 2024 and late 2025. The City will have a three-year timeframe to complete the project. If the grant is awarded, the approval amount will be included as revenue in a subsequent budget report to City Council, along with any associated expenditure adjustments.

BACKGROUND & ANALYSIS: The California Department of Parks and Recreation - Land and Water Conservation Fund (LWCF) Grant is a competitive grant. The grant provides funding for the acquisition or development of land to create new outdoor recreation opportunities for the health and wellness of California. Since its inception in 1965, over 1,000 parks throughout California have been created or improved with LWCF assistance. The application deadline for the Land and Water

Conservation Fund application for 2023 was June 1, 2023.

According to the 2021 Recreation & Parks Master Plan, George Gibbs Park has been deemed an opportunity area. The park currently has a sizeable grassy space, a few picnic tables, and a ball field that residents cannot use due to its proximity to a school parking lot. The Master Plan suggests that the park has the potential to accommodate several recreational amenities for its medium-sized space. Additionally, the Master Plan recommended that the City conduct additional community engagement to determine what amenities the community would like to see in the park.

In May 2023, the City's consultant that completed the Master Plan (KTU&A), and Recreation & Community Services Staff conducted in-person and online surveys within the community to gather feedback on potential amenities for George Gibbs Park. Based on the community's response, KTU&A developed a conceptual design and cost estimate for the park.

The George Gibbs Park Development project is consistent with the grant criteria, which includes opportunities for new development in the park. Potential new amenities include playground equipment, exercise equipment, splash pad area, dog park, tennis/pickleball courts, walking path, picnic area, open field, and restrooms. The new recreation elements will enhance the park and create a welcoming gathering space for the community. The recommended resolution of the City Council is a requirement of the grant application.

The project is categorically exempt from the California Environmental Quality Act (CEQA) requirements, Class 3: Section 1503 - New Construction or Conversion of Small Structures, of the CEQA guidelines. Staff will file a Notice of Exemption with the Clerk of the Board of Supervisors, County of San Bernardino. The project will also be filed with the State Clearinghouse, as the grant requires.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING THE APPLICATION FOR THE LAND AND WATER CONSERVATION FUND GEORGE GIBBS PARK DEVELOPMENT PROJECT.

WHEREAS, the Congress under Public Law 88-578 has authorized the establishment of a federal Land and Water Conservation Fund Grant-In-Aid program, providing matching funds to the State of California and its political subdivisions for acquiring lands and developing Facilities for public outdoor recreation purposes; and

WHEREAS, the California Department of Parks and Recreation is responsible for administration of the program in the State, setting up necessary rules and procedures governing applications by local agencies under the program; and

WHEREAS, the applicant certifies by resolution the approval of the application and the availability of eligible matching funds prior to submission of the application to the State.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. Approves the filing of an application for Land and Water Conservation Fund assistance for the proposed; George Gibbs Park Development Project; and

SECTION 2. Certifies that the applicant has reviewed, understands, and agrees to the General Provisions contained in the contract shown in the Grant Administration Guide; and

SECTION 3. Agrees to abide by 54 U.S.C. §200305(f)(3) which requires, “No property acquired or developed with assistance under this section shall, without the approval of the National Secretary of the Interior, be converted to other than public outdoor recreation uses. The Secretary shall approve such conversion only if he finds it to be in accord with the then existing comprehensive statewide outdoor recreation plan and only upon such conditions as he deems necessary to assure the substitution of other recreation properties of at least equal fair market value and of reasonably equivalent usefulness and location.”

SECTION 4. Certifies that said agency has matching funds from eligible source(s) and can finance 100 percent of the project, which up to half may be reimbursed; and

SECTION 5. Agrees to comply with all applicable federal, state and local laws, ordinances, rules, regulations and guidelines.

SECTION 6. Appoints the City Manager or a designee as agent of the applicant to conduct all negotiations and execute and submit all documents, including, but not limited to, applications, contracts, amendments, payment requests, and compliance with all applicable current state and federal laws which may be necessary for the completion of the aforementioned project.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **CONSENT CALENDAR**
Department: Community Life & Culture Prepared By: Lacey A Rightmer Staff Member Presenting: Helen McAlary, Executive Director Community Life and Culture Approved By: 	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 33

SUBJECT: A RESOLUTION APPROVING THE FILING OF AN APPLICATION FOR FUNDS FOR AN OUTDOOR FITNESS COURT AT HOMER F. BRIGGS MEMORIAL PARK

RECOMMENDATION: That the City Council take the following actions:

A. Adopt a Resolution approving the filing of an application for grant funds from the National Fitness Campaign for the purchase of an Outdoor Fitness Court at Homer F. Briggs Memorial Park;
B. Authorize the City Manager or designee to execute any documents or agreements needed to complete the application and implement the grant; and
C. Accept the $30,000 funding provided by the National Fitness Campaign for an Outdoor Fitness Court.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Encourage, Provide or Support Enhanced Recreational, Educational, Cultural and Healthy City Programs, Policies and Activities

FISCAL IMPACT: The grant funds provided by the National Fitness Campaign is $30,000, making the total cost of the Outdoor Fitness Court (including installation) $286,000. The Recreation & Community Services Department's Fiscal Year 2023-24 Capital Improvement Project budget includes allocations of $300,000 for an Outdoor Fitness Court at Homer F. Briggs Memorial Park. No further budget allocations will be requested for this project.

BACKGROUND & ANALYSIS: The Outdoor Fitness Court is a state-of-the-art facility that provides free, accessible fitness equipment to the public. It is designed for users of all ages and fitness levels. The Outdoor Fitness Court includes a variety of exercise stations that can be used for strength training, cardio workouts, and more. The equipment is easy to use and does not require special training, making it accessible to everyone in the community. It is a fun and exciting way to exercise and fosters a sense of community around fitness and wellness.

The 2021 Recreation & Parks Master Plan identified two areas for opportunity within Homer F. Briggs Memorial Park. The open, grassy areas provide passive and active recreation opportunities. Due to the open-space areas, Staff and representatives from the National Fitness Campaign have identified Homer F. Briggs Memorial Park as the location for the Outdoor Fitness Court. Homer F. Briggs is easily accessible and provides enough space to accommodate the equipment and users.

In addition to the fitness court, the National Fitness Campaign initiative includes a public art component. Local and regional artists will have the chance to participate in a Call for Artists conducted by the Museum, Arts & Culture Department. Artists will submit proposals for a mural that will be featured on the Outdoor Fitness Court. After selection, the artist will collaborate with City Staff and the National Fitness Campaign to develop high-resolution artwork to be included on the Outdoor Fitness Court. The artwork is created using durable anti-graffiti vinyl. The National Fitness Campaign will award the artist $5,000 and provide an artist recognition on the wall and artist biography on the side panel.

The National Fitness Campaign offers a comprehensive program to support the implementation and installation of the Outdoor Fitness Court, including marketing and promotional materials, maintenance support, and ongoing training and education for residents. The program encourages physical activity, promotes healthy living, and builds community spirit. Once installed, the Recreation & Community Services Department will utilize the Outdoor Fitness Court as programable space to offer wellness activities to a neighborhood located over 2 miles from the nearest community center.

The Community Life & Culture Agency requests that City Council authorize the acceptance of the grant funds and purchase of the Outdoor Fitness Court.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, TO ADOPT AND ALLOCATE FUNDS FOR AN OUTDOOR FITNESS COURT® AS PART OF THE 2023 NATIONAL FITNESS CAMPAIGN

WHEREAS, the City of Ontario has submitted a Grant Application to National Fitness Campaign (NFC) for participation in their 2023 initiative to install and activate outdoor Fitness Courts® in 200 cities and schools across the country, and;

WHEREAS, the City of Ontario will accept a $30,000 National Grant from our NFC Grant Committee and Statewide Partners, and provide a local match in the amount of $201,188 to promote and implement a free-to-the-public outdoor Fitness Court®, and;

WHEREAS, the City of Ontario will secure supplemental funding as needed through community sponsors, which will be made available and committed to this program for the purchase of the outdoor Fitness Court®, and;

WHEREAS, the City of Ontario will commit to construction and launch of the outdoor Fitness Court® by the end of the 2023 calendar year, and;

WHEREAS, the City of Ontario believes the outdoor Fitness Court is an important wellness ecosystem that supports healthier communities, commits to funding/fundraising to participate in NFC's 2023 Campaign, and will earn local and national recognition as a leader in providing affordable health and wellness.

NOW THEREFORE, BE IT RESOLVED, that the City Council of the City of Ontario, California hereby:

1. Approves the filing of project application(s) for Per Capita program grant project(s); and

2. Will collaborate with NFC to implement the outdoor Fitness Court and make fitness free to community residents and visitors.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

Department: Public Works Prepared By: Blaine M Ishii Staff Member Presenting: Tito Haes, Executive Director Public Works Reviewed By: Bonnie Tam, Andrea Ampig Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 34

SUBJECT: AN AGREEMENT WITH WEST VALLEY MRF, LLC FOR SOLID WASTE PROCESSING SERVICES

RECOMMENDATION: That the City Council approve and authorize the City Manager or his designee to execute an Agreement for solid waste processing services (on file with the Records Management Department) subject to non-substantive changes as mutually agreed to by the parties with West Valley MRF, LLC (West Valley), a limited liability company duly formed and operating under the laws of the State of California and owned in whole or in part by Burrtec Waste Industries, Inc. (Burrtec), a California corporation duly formed and operating under the laws of the State of California.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner

FISCAL IMPACT: The Fiscal Year 2023-24 Adopted Budget includes appropriations in the Integrated Waste Fund for this Agreement. The total amount spent on this contract varies based on the amount and type of waste processed. The proposed Agreement with West Valley for recycling and organics (green waste) processing services include pricing and revenue sharing terms that are consistent with the current agreements. The proposed agreement contains annual inflation factors and adjustment dates that are generally consistent with the existing agreements, and the terms could reach up to 10 years based on optional extensions.

BACKGROUND & ANALYSIS: The City can extend the proposed solid waste handling services agreements with West Valley through June 30, 2028. The Agreement may be extended at the parties' mutual option for one (1) additional five (5) year term. The Ontario Municipal Code Section 6-3.105 and Sections 40059 and 49300 of the California Public Resources Code et seq. provides that the City may enter into solid waste handling and recycling service contracts with independent contractors without utilizing the formal bidding process, since there are limited numbers of solid waste, green waste or organics composting, and recyclable materials processors proximal to the City.

Under the existing Agreement, City refuse is delivered to the West Valley Material Recovery Facility (MRF), located in Fontana, California, where it is then transferred to the El Sobrante landfill via

subcontract between Waste Management and Burrtec. Burrtec has provided the City's recycling processing services since 1999 and has provided the City's green waste processing since 2009 at the West Valley MRF. The West Valley MRF maintains the appropriate permits and has the capacity required to meet the City's current and future projected refuse disposal, recyclable, and organics materials handling needs.

The current proposal would remain the same in the proposed Agreements initially but could change due to emerging State requirements or if the City were to develop its own transfer or handling facility in the future. Per the proposed agreement, West Valley shall have the right of first refusal, which is a right to be the first to make an offer in a transaction before offers are solicited from any third parties. The City is not obligated to enter into a transaction with anyone. It can simply operate the facility on its own and never offer joint ownership or operation of the facility to anyone. If, however, the City does want to enter into an agreement for joint ownership/operation of the facility, it must allow West Valley to consider the opportunity first. The City is not obligated to meet West Valley's terms; if the City determines that West Valley's proposed terms are not acceptable, and West Valley will not further negotiate, it may then seek to contract with others.

In order to achieve the goal of having 75% of California's solid waste source-reduced, recycled, or composted required by Assembly Bill 341, Assembly Bill 1826, and Senate Bill 1383, the State continues to increase restrictions on landfill materials like green waste and organics, and legislate new programs like mandatory commercial recycling, and construction and demolition recycling. Whether source-separated by the customer or recovered at a material recovery facility like West Valley MRF, these efforts play an integral role in the City's ability to meet these mandates. As more commodities are mandated to be diverted from the waste stream, and as new recycling programs and infrastructure emerge, the combined efforts and partnerships of the City, its solid waste customers, and Burrtec are essential to manage the City's solid waste and recycling service.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **PUBLIC HEARINGS**
Department: Investments & Revenue Resources Prepared By: Nathaniel Gibson Staff Member Presenting: Armen Harkalyan, Executive Director of Finance Reviewed By: Cecilia House, . . Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 35

SUBJECT: ANNUAL LEVY OF ASSESSMENTS WITHIN ONTARIO PARKWAY MAINTENANCE ASSESSMENT DISTRICT NOS. 1, 2, 3 AND 4 FOR FISCAL YEAR 2023-24

RECOMMENDATION: That the City Council conduct a combined public hearing for the districts and take the following actions pertaining to the levy of assessments within Ontario Parkway Maintenance Assessment Districts (OPMAD) Nos. 1, 2, 3 and 4 and:

A. Adopt a Resolution approving the Engineer's Reports relating to the levy of assessments for each district;
B. Adopt a Resolution confirming the diagrams and assessments and providing for the assessment levy within Ontario Parkway Maintenance Assessment Districts Nos. 1, 2, & 3; and
C. Adopt a Resolution confirming the diagram and assessment and providing for the assessment levy within Ontario Parkway Maintenance Assessment District No. 4.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods

FISCAL IMPACT: As proposed, special assessment revenue will be generated in the amount of $287,360 from Ontario Parkway Maintenance Assessment District (OPMAD) Nos. 1, 2 and 3, and $367,087 from OPMAD No. 4 during Fiscal Year 2023-24. The total cost of $474,714 for operation and maintenance within OPMAD Nos. 1, 2 and 3 will exceed the assessment revenues by $187,354, of which $186,980 will be funded from the General Fund and the remaining $374 will be provided from the OPMAD No. 3 available fund balance. The General Fund portion is included in the City's Fiscal Year 2023-24 Adopted Operating Budget. The special assessment for OPMAD No. 4 is sufficient to fund all expenditures within this service area.

BACKGROUND & ANALYSIS: The first of these districts was formed in 1976 pursuant to the Landscaping and Lighting Act of 1972 (the 1972 Act). Additional territories are annexed to the districts from time to time as development proceeds. The districts were formed to help minimize the continually increasing cost of maintaining and operating the landscaping along public streets

where the property owners do not have direct access to the landscaping. A special assessment is levied annually on benefiting properties for the cost of operation and maintenance of certain parkway landscaping facilities within the districts. The City's Public Works Agency establishes the annual operation and maintenance costs and administers the maintenance of the landscaping. As required by the 1972 Act, an Engineer's Report for each district is prepared annually by the City's consultant, Harris & Associates, which apportions these costs to each parcel within the districts. The locations of the districts are shown on the maps attached to this report.

OPMAD Nos. 1, 2, and 3 are comprised of single-family residential developments. Due to varying characteristics, the districts are organized into benefit zones and/or maintenance areas. Each zone or maintenance area is assessed for only the operation and maintenance of the facilities from which it receives special direct benefit. The total assessment for each maintenance area is then apportioned to its constituent parcels.

Special assessment revenue will be generated in the combined amount of $287,360 from OPMAD Nos. 1, 2 and 3. The assessed tax rates for Fiscal Year 2022-23 and the maximum and proposed tax rates for Fiscal Year 2023-24 are shown in Exhibit A.

OPMAD No. 4 is comprised of single-family residential tracts and the Ontario Mills development area. The district is organized into 6 maintenance areas. Each maintenance area is assessed for only the operation and maintenance of the facilities from which it receives direct special benefit. The total assessment for each maintenance area is then apportioned to its constituent parcels.

The assessments for OPMAD No. 4 will generate a total of $367,087. OPMAD No. 4 will generate sufficient revenue to pay all expenses within the service area. The assessed tax rates for Fiscal Year 2022-23, and the maximum and proposed tax rates for Fiscal Year 2023-24, are shown in Exhibit A.

On June 20, 2023, the City Council adopted Resolutions which ordered the preparation of Engineer's Reports for the annual levy of assessments within each district, preliminarily approved the Engineer's Reports, declared Council's intention to levy and collect assessments within the districts for the referenced fiscal year, and set July 18, 2023, as the date for the public hearing for each district. Notices of the public hearings have been published, and proof of publication is on file in the Records Management Department.

The Engineer's Reports, which have been prepared for each district pursuant to the 1972 Act, are on file in the Records Management Department. Each report includes plans and specifications for the improvements and maintenance, an estimate of costs, a diagram of the area proposed to be assessed, and an assessment of the costs to the various parcels within each District.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING THE ENGINEER'S REPORTS FOR THE ANNUAL LEVY OF ASSESSMENTS WITHIN ONTARIO PARKWAY MAINTENANCE ASSESSMENT DISTRICTS NO. 1, 2, 3 AND 4 FOR FISCAL YEAR 2023-24.

WHEREAS, the City Council of the City of Ontario, California, pursuant to the provisions of the "Landscaping and Lighting Act of 1972," being Division 15, Part 2, of the Streets and Highways Code of the State of California, did, by previous Resolution, order the preparation of Engineer's Reports for the annual levy of assessments, consisting of plans and specifications, cost estimates, diagrams of the districts, and the assessment relating to what are now known and designated as

CITY OF ONTARIO
PARKWAY MAINTENANCE ASSESSMENT DISTRICTS NO. 1, 2, 3 and 4

(hereinafter referred to as the Districts); and

WHEREAS, there have now been presented to this City Council the Reports as required by said Division 15 of the Streets and Highways Code and as previously directed by Resolution; and

WHEREAS, this City Council has approved on a preliminary basis the Reports by a previous Resolution, and ordered the Reports to be filed in the Records Management Department to be open to public inspection; and

WHEREAS, this City Council has now examined and reviewed the Reports as presented, and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the assessments have been spread in accordance with the benefits received from the maintenance to be performed as set forth in said Reports.

NOW, THEREFORE, IT IS HEREBY RESOLVED AS FOLLOWS:

SECTION 1. That the above recitals are all true and correct.

SECTION 2. That the Reports as presented, consisting of the following:

A. Plans and Specifications,
B. Estimates of cost,
C. Diagrams of the Districts, and
D. Assessment of the estimated cost

Are hereby approved and are ordered to be filed in the Records Management Department, as a permanent record and to remain open to public inspection.

SECTION 3. That the City Clerk shall certify the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of the Engineer's Reports.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, CONFIRMING THE DIAGRAMS AND ASSESSMENTS, AND PROVIDING FOR THE ANNUAL ASSESSMENT LEVY WITHIN ONTARIO PARKWAY MAINTENANCE ASSESSMENT DISTRICTS NO. 1, 2 AND 3 FOR FISCAL YEAR 2023-24.

WHEREAS, the City Council of the City of Ontario, California, has initiated proceedings for the annual levy of assessments in special maintenance districts pursuant to the terms and provisions of the "Landscaping and Lighting Act of 1972," being Division 15, Part 2, of the Streets and Highways Code of the State of California in what is known and designated as

CITY OF ONTARIO
PARKWAY MAINTENANCE ASSESSMENT DISTRICTS NO. 1, 2 AND 3

(hereinafter referred to as the Districts); and

WHEREAS, the City Council has ordered the preparation of the Engineer's Reports, and the Engineer's Reports have been prepared and filed with this City Council pursuant to law for its consideration, and subsequently thereto this City Council did adopt its Resolution of Intention to levy and collect assessments for the referenced fiscal year relating to the above referenced Districts, and further did proceed to give notice of the time and place for a Public Hearing on all matters relating to said annual levy of the proposed assessments; and

WHEREAS, at this time this City Council has heard all testimony and evidence and is desirous of proceeding with said annual levy of assessments.

NOW, THEREFORE, IT IS HEREBY RESOLVED AS FOLLOWS:

SECTION 1. That the above recitals are all true and correct.

SECTION 2. That upon the conclusion of the Public Hearing, written protests filed and not withdrawn are hereby overruled and denied.

SECTION 3. That the estimates of costs, the assessment diagrams, the assessments and all other matters, as set forth in the Engineer's Reports pursuant to said "Landscaping and Lighting Act of 1972," as submitted, are hereby approved, adopted by this City Council, and hereby confirmed.

SECTION 4. That this City Council hereby confirms and orders the annual levy of the assessments for the referenced fiscal year in the amounts as set forth in the Engineer's Reports, and as referred to in the Resolution of Intention as previously adopted relating to said annual assessment levy.

SECTION 5. That the adoption of this Resolution constitutes the levy of the assessments for the referenced fiscal year.

SECTION 6. That the maintenance work of improvements contemplated by the Resolution of Intention shall be performed pursuant to law.

SECTION 7. That the County Auditor shall enter on the County Assessment Roll the amount of the Assessment and said Assessment shall then be collected at the same time and in the same manner as the County taxes are collected. After collection by said County, the net amount of the assessment shall be paid to the City Treasurer of said City.

SECTION 8. That the City Treasurer has previously established a special fund into which the City Treasurer shall place all monies collected by the Tax Collector pursuant to the provisions of the Resolution and the law, and said transfer shall be made and accomplished as soon as said monies have been made available to said City Treasurer.

SECTION 9. That the City Manager is hereby ordered and directed to file, or cause to be filed, the assessment roll with the County Auditor, together with a certified copy of this Resolution upon its adoption.

SECTION 10. That a certified copy of the assessments and diagrams shall be filed in the Office of the City Manager, with a duplicate copy on file in the Records Management Department and open for public inspection.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, CONFIRMING THE DIAGRAM AND ASSESSMENT AND PROVIDING FOR THE ANNUAL ASSESSMENT LEVY WITHIN ONTARIO PARKWAY MAINTENANCE ASSESSMENT DISTRICT NO. 4 FOR FISCAL YEAR 2023-24.

WHEREAS, the City Council of the City of Ontario, California, has initiated proceedings for the levy of the annual assessment in a special maintenance district created pursuant to the terms of the "Landscaping and Lighting Act of 1972", being Division 15, Part 2 of the Streets and Highways Code of the State of California (the "Landscaping Act"), Article XIIID of the Constitution of the State of California ("Article XIIID") and the Proposition 218 Omnibus Implementation Act (Government Code Section 53750 and following) (the "Implementation Act") (the Landscaping Act, Article XIIID and the Implementation Act may be referred to collectively herein as the "Assessment Law"), in a special maintenance district known and designated as

CITY OF ONTARIO
PARKWAY MAINTENANCE ASSESSMENT DISTRICT NO. 4

(hereinafter referred to as the "District"); and

WHEREAS, the City Council has ordered the preparation of an Engineer's Report, and such a report (the "Assessment Engineer's Report") has been prepared and filed with this City Council for its consideration pursuant to Assessment Law, and subsequently thereto this City Council did adopt its Resolution of Intention to levy and collect assessments for the referenced fiscal year relating to the above-referenced District, and further did proceed to give notice of the time and place for the Public Hearing on all matters relating to said annual levy of the proposed assessment; and

WHEREAS, at this time this City Council has heard all testimony and evidence and is desirous of proceeding with said annual levy of assessments.

NOW, THEREFORE, IT IS HEREBY RESOLVED AS FOLLOWS:

SECTION 1. That the above recitals are all true and correct.

SECTION 2. That upon the conclusion of the Public Hearing, written protests filed and not withdrawn are hereby overruled and denied.

SECTION 3. That based upon the Assessment Engineer's Report and the testimony and other evidence presented at the public hearing, the City Council hereby makes the following determinations regarding the assessments proposed to be imposed for the referenced Fiscal Year:

A. The proportionate special benefit derived by each individual parcel assessed has been determined in relationship to the entirety of the cost of the operations and maintenance expenses.

B. The assessments do not exceed the reasonable cost of the proportional special benefit conferred on each parcel.

C. Only the special benefits have been assessed.

D. There are no publicly owned parcels within the District.

E. The assessments do not exceed the maximum annual assessments previously authorized to be levied pursuant to the Assessment Law.

The estimates of costs, the assessment diagram, the assessments and all other matters, as set forth in the Assessment Engineer's Report pursuant to the Assessment Law as submitted, are hereby approved, adopted by this City Council, and hereby confirmed.

SECTION 4. That this City Council hereby confirms and orders the annual levy of the assessments for the referenced fiscal year in the amounts as set forth in the Assessment Engineer's Report, and as referred to in the Resolution of Intention as previously adopted relating to said annual assessment levy.

SECTION 5. That the adoption of this Resolution constitutes the levy of the assessments for the fiscal year.

SECTION 6. That the maintenance work of improvements contemplated by the Resolution of Intention shall be performed pursuant to law.

SECTION 7. That the County Auditor shall enter on the County Assessment Roll the amount of the Assessment and said Assessment shall then be collected at the same time and in the same manner as the County taxes are collected. After collection by said County, the net amount of the assessment shall be paid to the City Treasurer of said City.

SECTION 8. That the City Treasurer has previously established a special fund into which the City Treasurer shall place all monies collected by the Tax Collector pursuant to the provisions of the Resolution and the law, and said transfer shall be made and accomplished as soon as said monies have been made available to said City Treasurer.

SECTION 9. That the City Manager is hereby ordered and directed to file, or cause to be filed, the assessment roll with the County Auditor, together with a certified copy of this Resolution upon its adoption.

SECTION 10. That a certified copy of the assessment and diagram shall be filed in the Office of the City Manager, with a duplicate copy on file in the Records Management Department and open for public inspection.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **PUBLIC HEARINGS**
Department: Investments & Revenue Resources Prepared By: Nathaniel Gibson Staff Member Presenting: Armen Harkalyan, Executive Director of Finance Reviewed By: Cecilia House, . . Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 36

SUBJECT: ANNUAL LEVY OF ASSESSMENTS WITHIN STREET LIGHTING MAINTENANCE DISTRICT NOS. 1 AND 2 FOR FISCAL YEAR 2023-24.

RECOMMENDATION: That the City Council conduct a combined public hearing for the districts and take the following actions pertaining to the levy of assessments within Street Lighting Maintenance Districts (SLMD) Nos. 1 and 2 and:

A. Adopt a Resolution approving the Engineer's Reports relating to the levy of assessments for each district;
B. Adopt a Resolution confirming the diagram and assessment and providing for the assessment levy within Street Lighting Maintenance District 1; and
C. Adopt a Resolution confirming the diagram and assessment and providing for the assessment levy within Street Lighting Maintenance District 2.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods

FISCAL IMPACT: As proposed, special assessment revenue will be generated in the amount of $339,815 from the Street Light Maintenance (SLMD) No. 1 and $102,417 from SLMD No. 2 during Fiscal Year 2023-24. A portion of the facilities within SLMD No. 1 provides a general benefit to the public at large and cannot be funded with the assessment. The general benefit amount of $7,972 will be funded by the General Fund and is included in the City's Fiscal Year 2023-24 Adopted Operating Budget. Excluding the General Benefit portion located in SLMD No. 1, both districts will have sufficient revenue to cover expenditures without additional funding being needed from the General Fund.

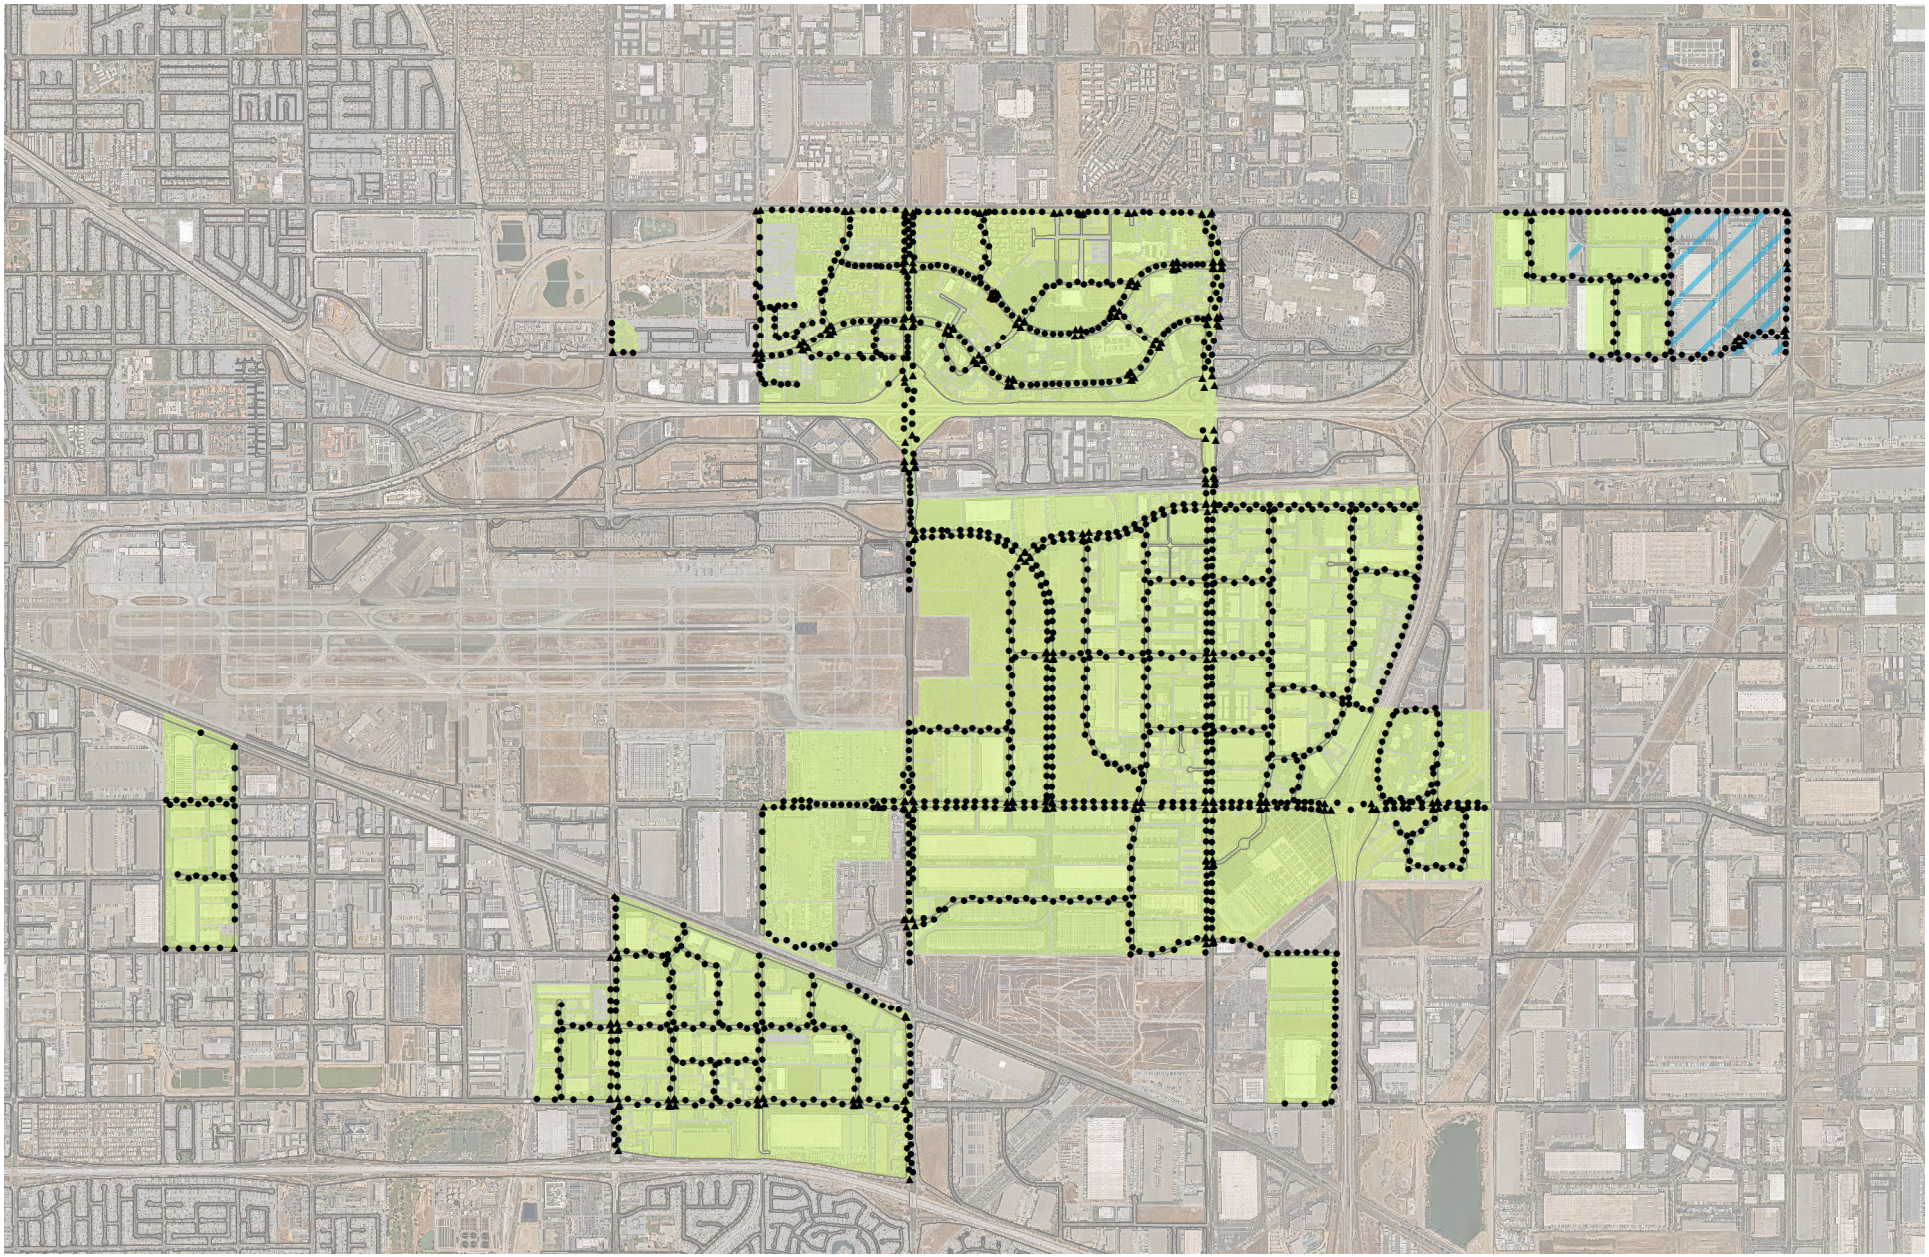
BACKGROUND & ANALYSIS: Street Lighting Maintenance District No. 1 was formed in 1984, and Street Lighting Maintenance District No. 2 was formed in 1999, pursuant to the Landscaping and Lighting Act of 1972 (the 1972 Act), to help minimize the continually increasing cost for maintaining and operating the City's street lighting system. A special assessment is levied annually on

benefiting properties for the cost of maintenance and operation of certain street lighting facilities within the districts. The locations of the districts are shown on the provided maps.

The City's Public Works Agency establishes the annual maintenance costs and maintains the street lighting system. As required by the 1972 Act, an Engineer's Report for each district is prepared annually by the City's consultant, Harris & Associates, apportioning the costs to each parcel within the districts. The districts are comprised of commercial, industrial and some multi-family residential properties. Due to varying characteristics, the districts are organized into benefit zones and/or maintenance areas. Each zone/maintenance area is assessed for only the operation and maintenance of the facilities from which it receives direct special benefit. The total assessment for each zone/maintenance area is then apportioned to its constituent parcels. Therefore, the assessments are unique and specific to each individual parcel of property.

The total assessment during tax year 2022-23 was $315,643 in SLMD No. 1, and $95,480 in SL MD No. 2. The City's proposed Fiscal Year 2023-24 levy for the two street light maintenance districts is based on the previous year's actual expenses. The proposed total assessments for tax year 2023-24 are $339,815 in SLMD No. 1, and $ 102,417 in SLMD No. 2. A portion of the facilities within SLMD No. 1 provide general benefit to the public at large and cannot be funded with the assessment. The general benefit amount of $7,972 will be funded by the General Fund and is included in the City's Adopted Fiscal Year 2023-24 Operating Budget. The assessed tax rates for Fiscal Year 2022-23, and the maximum and proposed tax rates for Fiscal Year 2023-24, are shown in Exhibit A.

On June 20, 2023, the City Council adopted Resolutions which ordered the preparation of Engineer's Reports for the annual levy of assessments within each district, preliminarily approved the Engineer's Reports, declared City Council's intention to levy and collect assessments within the districts for the referenced fiscal year, and set July 18, 2023, as the date for the public hearing for each district. Notices of the public hearings have been published, and proof of publication is on file in the Records Management Department.



The Engineer's Reports, which have been prepared for each district pursuant to the 1972 Act, are on file in the Records Management Department. Each district's report is on file in the Records Management Department. Each report includes plans and specifications for the improvements being operated and maintained, an estimate of costs, a diagram of the area proposed to be assessed, and an assessment of the costs to the various parcels within the districts.

EXHIBIT A

Street Lighting Maintenance Districts Proposed Levy Rates FY 23-24

		Prior Year 2022-23	Maximum 2023-24	Proposed 2023-24
SLMD No. 1, Zone 2000-1	per AU	$ 108.00	$ 185.00	$ 116.00
SLMD No. 1, Zone 2000-2	per AU	$ 63.00	$ 152.00	$ 67.00
SLMD No. 2, MA# 99-1		$ 4,358.00	$ 13,191.00	$ 4,677.00
SLMD No. 2, MA# 99-2		$ 2,333.00	$ 6,559.00	$ 2,503.00
SLMD No. 2, MA# 99-3		$ 4,666.00	$ 10,931.00	$ 5,006.00
SLMD No. 2, MA# 99-4		$ 1,554.00	$ 4,378.00	$ 1,642.00
SLMD No. 2, MA# 99-5		$ 1,282.00	$ 4,104.00	$ 1,376.00
SLMD No. 2, MA# 99-6		$ 12,565.00	$ 38,307.00	$ 13,483.00
SLMD No. 2, MA# 99-7		$ 422.00	$ 1,185.00	$ 453.00
SLMD No. 2, MA# 99-8		$ 3,111.00	$ 8,745.00	$ 3,338.00
SLMD No. 2, MA# 00-1		$ 2,839.00	$ 4,024.00	$ 3,046.00
SLMD No. 2, MA# 00-2		$ 1,555.00	$ 2,685.00	$ 1,668.00
SLMD No. 2, MA# 00-3		$ 8,552.00	$ 14,756.00	$ 9,174.00
SLMD No. 2, MA# 00-4		$ 52,240.00	$ 84,497.00	$ 56,053.00

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING THE ENGINEER'S REPORTS FOR THE ANNUAL LEVY OF ASSESSMENTS WITHIN STREET LIGHTING MAINTENANCE DISTRICTS NO. 1 AND 2 FOR FISCAL YEAR 2023-24.

WHEREAS, the City Council of the City of Ontario, California, pursuant to the provisions of the "Landscaping and Lighting Act of 1972," being Division 15, Part 2, of the Streets and Highways Code of the State of California, did, by previous Resolution, order the preparation of Engineer's Reports for the annual levy of assessments, consisting of plans and specifications, cost estimates, diagrams of the districts, and the assessments relating to what are now known and designated as

CITY OF ONTARIO
STREET LIGHTING MAINTENANCE DISTRICTS NO. 1 AND 2

(hereinafter referred to as the Districts); and

WHEREAS, there have now been presented to this City Council the Reports as required by said Division 15 of the Streets and Highways Code and as previously directed by Resolution; and

WHEREAS, this City Council has approved on a preliminary basis the Reports by a previous Resolution, and ordered the Reports to be filed in the Records Management Department to be open to public inspection; and

WHEREAS, this City Council has now examined and reviewed the Reports as presented, and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the assessments have been spread in accordance with the benefits received from the maintenance to be performed as set forth in said Reports.

NOW, THEREFORE, IT IS HEREBY RESOLVED AS FOLLOWS:

SECTION 1. That the above recitals are all true and correct.

SECTION 2. That the Reports as presented, consisting of the following:

A. Plans and Specifications,
B. Estimates of cost,
C. Diagrams of the Districts, and
D. Assessment of the estimated costs

are hereby approved, and are ordered to be filed in the Records Management Department, as a permanent record and to remain open to public inspection.

SECTION 3. That the City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of the Engineer's Reports.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, CONFIRMING THE DIAGRAM AND ASSESSMENT AND PROVIDING FOR THE ANNUAL ASSESSMENT LEVY WITHIN STREET LIGHTING MAINTENANCE DISTRICT NO. 1 FOR FISCAL YEAR 2023-24.

WHEREAS, the City Council of the City of Ontario, California, has initiated proceedings for the levy of the annual assessment in a street lighting maintenance district created pursuant to the terms of the "Landscaping and Lighting Act of 1972", being Division 15, Part 2 of the Streets and Highways Code of the State of California (the "Lighting Act"), Article XIIID of the Constitution of the State of California ("Article XIIID") and the Proposition 218 Omnibus Implementation Act (Government Code Section 53750 and following) (the "Implementation Act") (the Lighting Act, Article XIIID and the Implementation Act may be referred to collectively herein as the "Assessment Law"), in a special maintenance district known and designated as

CITY OF ONTARIO
STREET LIGHTING MAINTENANCE DISTRICT NO. 1

(hereinafter referred to as the "District"); and

WHEREAS, the City Council has ordered the preparation of an Engineer's Report, and such report (the "Assessment Engineer's Report") has been prepared pursuant to the Assessment Law and filed with this City Council for its consideration, and subsequently thereto this City Council did adopt its Resolution of Intention to levy and collect assessments for the referenced fiscal year relating to the above-referenced District, and further did proceed to give notice of the time and place for the Public Hearing on all matters relating to said annual levy of the proposed assessment; and

WHEREAS, at this time this City Council has heard all testimony and evidence and is desirous of proceeding with said annual levy of assessments.

NOW, THEREFORE, IT IS HEREBY RESOLVED AS FOLLOWS:

SECTION 1. That the above recitals are all true and correct.

SECTION 2. That upon the conclusion of the Public Hearing, written protests filed and not withdrawn are hereby overruled and denied.

SECTION 3. That based upon the Assessment Engineer's Report and the testimony and other evidence presented at the public hearing, the City Council hereby makes the following determinations regarding the assessments proposed to be imposed for the referenced fiscal year:

A. The proportionate special benefit derived by each individual parcel assessed has been determined in relationship to the entirety of the cost of the operations and maintenance expenses.

B. The assessments do not exceed the reasonable cost of the proportional special benefit conferred on each parcel.

C. Only the special benefits have been assessed.

D. All parcels within the District that are owned or used either by a local government, the State of California or the United States and which specially benefit from the improvements to be maintained are being assessed.

E. The assessments do not exceed the maximum annual assessments previously authorized to be levied pursuant to the Assessment Law.

The estimate of costs, the assessment diagram, the assessments and all other matters, as set forth in the Assessment Engineer's Report pursuant to the Assessment Law as submitted, are hereby approved, adopted by this City Council, and hereby confirmed.

SECTION 4. That this City Council hereby confirms and orders the annual levy of the assessments for the referenced fiscal year in the amounts as set forth in the Assessment Engineer's Report, and as referred to in the Resolution of Intention as previously adopted relating to said annual assessment levy.

SECTION 5. That the adoption of this Resolution constitutes the levy of the assessments for the fiscal year.

SECTION 6. That the maintenance work of improvements contemplated by the Resolution of Intention shall be performed pursuant to law.

SECTION 7. That the County Auditor shall enter on the County Assessment Roll the amount of the Assessment and said Assessment shall then be collected at the same time and in the same manner as the County taxes are collected. After collection by said County, the net amount of the assessment shall be paid to the City Treasurer of said City.

SECTION 8. That the City Treasurer has previously established a special fund into which the City Treasurer shall place all monies collected by the Tax Collector pursuant to the provisions of the Resolution and the law, and said transfer shall be made and accomplished as soon as said monies have been made available to said City Treasurer.

SECTION 9. That the City Manager is hereby ordered and directed to file, or cause to be filed, the assessment roll with the County Auditor, together with a certified copy of this Resolution upon its adoption.

SECTION 10. That a certified copy of the assessment and diagram shall be filed in the Office of the City Manager, with a duplicate copy on file in the Records Management Department and open for public inspection.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

(SEAL)

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **PUBLIC HEARINGS**
Department: Community Life and Culture Prepared By: Lacey A Rightmer Staff Member Presenting: Helen McAlary, Executive Director Community Life and Culture Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 37

SUBJECT: **A PUBLIC HEARING TO CONSIDER ADOPTION OF AN ORDINANCE AMENDING CHAPTER 33 OF TITLE 5 OF VOLUME I TO THE ONTARIO MUNICIPAL CODE, AMENDING THE PUBLIC ART PROGRAM, RENAMING THE PUBLIC ART ADVISORY COMMITTEE TO THE PUBLIC ART ADVISORY COMMISSION, ADDING REGULATIONS FOR PUBLIC ART FUNDED BY CITY FUNDS ON CITY PROJECTS, AND FINDING THE ACTION EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA).**

RECOMMENDATION: That the City Council introduce and waive further reading of an Ordinance amending the public art program, renaming the Public Art Advisory Committee to the Public Art Advisory Commission, adding regulations for the public art funded by City funds on City projects, and finding the action exempt from CEQA.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Operate in a Businesslike Manner

FISCAL IMPACT: If approved, the City Council will set aside one percent (1%) of the approved budget of new vertical construction projects with a construction budget of $1,000,000 or more for the commission, acquisition, and/or development of public art or artworks of City-funded Capital Improvement Projects. Projects funded by Bonds, Enterprise funds, and some Special Revenue funds are not subject to the one percent (1%) public art fee.

BACKGROUND & ANALYSIS: In May 2022, there were first and second readings of a proposed Ordinance that established a Public Art Program, Committee, and development fee. On May 17, 2022, the City Council adopted the Ordinance. This is a proposed amendment to the Ordinance. There will be a Public Hearing held to consider this draft amendment.

This Amendment recommends the addition of Section 5-33.07 (Public Art Funded by City Funds on City Projects). The section adds City-funded Capital Improvement Projects with a construction budget of $1,000,000 or more and with significant public access to the list of eligible projects for the

Public Art Program. If the project qualifies, the City Council will set aside one percent (1%) of the approved budget for development costs of the project for the commission, acquisition, and/or development of public art or artworks on-site. For projects with a construction budget of $100,000,000 the City Council will have the discretion to designate the use of funds towards public art projects off-site. The calculation for one percent (1%) of the approved budget for development costs is based off of development construction costs and exclude property acquisition, demolition, financing, or any salaries and benefits of public employees supporting the project.

Projects by the Ontario Municipal Utilities Company may not use any ratepayer money for public art, however, non-ratepayer funds may be used for Ontario Municipal Utilities Company projects such as the construction of a new building.

In all cases, the percentage of public funds set aside for public art as part of City-funded Capital Improvement Projects are at the discretion of the City Council given budget constraints. The public funds will only be used for new vertical construction projects. Park development, or improvements to existing facilities will not qualify. There is not a requirement for an artist to be involved in the commission, acquisition, and/or development of such public art or artworks.

The Public Art Advisory Committee will be renamed the Public Art Commission. This conforms to best practices of other City Council appointed Boards and Commissions. Additionally, this eliminates any confusion with any other arts committees.

For private projects that go through the City's normal development process, City Staff will provide input on proposed art or artworks not the Public Art Commission. For public art projects not tied to a City capital improvement project, the Public Art Commission will review such proposals and make determinations to allow or not allow such art or artworks. For public art projects tied to a City capital improvement project, the Public Art Commission will make a recommendation to the City Council regarding any proposed art or artworks.

ENVIRONMENTAL REVIEW: This project is categorically exempt from the requirements of CEQA pursuant to Section 15061(b)(3) in that the activity is covered by the general rule that CEQA applies only to project which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AMENDING CHAPTER 33 TO TITLE 5 OF VOLUME I TO THE ONTARIO MUNICIPAL CODE, AMENDING THE PUBLIC ART PROGRAM, RENAMING THE PUBLIC ART ADVISORY COMMITTEE TO THE PUBLIC ART ADVISORY COMMISSION, ADDING REGULATIONS FOR PUBLIC ART FUNDED BY CITY FUNDS ON CITY PROJECTS AND FINDING THE ACTION EXEMPT FROM CEQA.

WHEREAS, the City of Ontario ("City") desires to introduce art and artworks into the community; and

WHEREAS, public art enriches the lives of City residents and visitors by exposure to art in various forms; and

WHEREAS, the City encourages public dialogue and interaction through a public art program; and

WHEREAS, the City desires embracing a broad range of artworks, which are reflective of the overall diversity of the City's residents and visitors; and

WHEREAS, the City desires to establish a public art program that would allow and regulate a variety of artworks, including murals, that are either developed on City-owned public property or on private property as part of a development project; and

WHEREAS, the City desires to rename the Public Art Program Advisory Committee to a Commission to be more consistent with industry standard terms; and

WHEREAS, the City desires to use City funds for various capital improvement projects; and

WHEREAS, the City desires to expend an amount equal to one percent (1%) of City capital improvement projects, with some exceptions, in order to commission and/or acquire public art.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO DOES ORDAIN AS FOLLOWS:

SECTION 1. The recitals above are true and correct and are hereby incorporated herein by this reference.

SECTION 2. Chapter 33 of Title 5 of Volume I of the Ontario Municipal Code is hereby amended to state as follows (new language in underline and deleted language in ~~strikethrough~~):

“Chapter 33: Public Art Program

5-33.01 Purpose
5-33.02 Public Artworks: Definitions
5-33.03 Public Art Program Advisory Commission ~~Committee~~
5-33.04 Policy for the Gift or Long Term Loan of Public Art
5-33.05 Public Art in Commercial and Industrial Development Projects
5-33.06 Murals
5-33.07 Public Art Funded by City Funds on City Projects

Sec. 5-33.01 Purpose.

This Chapter may be known and cited as the “Ontario Public Art Program.” It is the goal of the City's Public Art Program to promote public art and art in public places, as a cultural resource for the community, and act as a mechanism to enhance the City's commercial vitality and economic stability. Furthermore, it is intended that the Ontario Public Art Program will serve to enrich the community aesthetic and built urban environment, by making available to the public a diverse collection of artworks throughout the City. The aforementioned goals will be realized through bringing contemporary art into the environment and life of Ontario, enriching the lives of City residents and visitors by the exposure to art in various forms, encouraging both emerging and established artists living in Ontario and the Ontario region by supporting and purchasing their work, acquiring a distinguished collection of art representing varying genres, styles, scales, mediums, forms, and intent, and reflective of trends and disciplines in art on a local, regional, national, and international level, integrating artists into the City's design process, encouraging public dialogue and interaction through a public art program; embracing a broad range of artworks, which are reflective of the overall diversity of current works in the field of visual arts, enriching the quality of life and economic vitality of Ontario, and further defining distinct characteristics of neighborhoods.

Sec. 5-33.02. Public Artworks: Definitions.

As used in this Chapter, the words, terms, and phrases listed below in correct alphabetical order, shall have the following meanings:

(a) “Artist” means a practitioner in the arts, recognized by his or her critics and peers as a professional who possesses serious artistic intent and ability.
~~(a)~~(b) “Artworks” means original pieces of art, including limited editions, not limited by medium used. It may include paintings, sculptures, murals, mosaics, and fountains. These categories may be realized through such media as steel, bronze, stained glass, concrete, wood, ceramic tile, stone, and other suitable materials. Artworks may also include earthworks, performing arts, literary arts, special events, festivals, and other arts and culture programming and/or visual arts not specifically outlined herein, as may be deemed appropriate by the Public Art Program Advisory Committee. Artworks include both temporary and permanent projects. Artworks does not include objects that are mass produced.
~~(b)~~(c) “Commercial message” means any message that advertises a business conducted, services rendered, or goods produced or sold.

~~(c)~~(d) “Commercial project” means any site, structure, facility, or land use allowed pursuant to Table 5.02-1 (Land Use Matrix) of the City of Ontario Development Code, within any of the commercial zoning districts established under Section 5.01.005.B (Commercial Zoning Districts) of the Development Code, or within the commercial portion of any residential mixed-use development.
~~(d)~~(e) “Industrial project” means any site, structure, facility, or land use allowed pursuant to Table 5.02-1 (Land Use Matrix) of the City of Ontario Development Code, within any of the industrial zoning districts established under Section 5.01.005.D (Industrial Zoning Districts) of the Development Code, or within the industrial portion of any nonresidential mixed-use development.
~~(e)~~(f) “Original art mural” means a unique, hand-painted, hand-tiled, or digitally printed image on the exterior wall of a building that does not contain any commercial message.
(g) “Public Art Collection” means publicly accessible artwork that is acquired or commissioned by the City pursuant to the public art program.
(h) “Public Art Handbook” means a document that guides the Public Art Program on the many aspects of having a Public Art Collection, including but not limited to the acquisition, commission, gift, loan, maintenance and deaccession of public art.
(i) Public Art Program” means the program established for the selection, acquisition, creation, installation, conservation, restoration, management, planning, decommission, community education and publicity of public art in the City of Ontario.
~~(f)~~(j) “Public place” means any area on public property, either interior or exterior, which must be accessible and visible to the general public.
~~(g)~~(k) “Project applicant” means the property owner, developer or other responsible party proposing a project requiring an art component.
~~(h)~~(l) “Project improvement valuation” means the value of the tenant improvements as determined by the then-current City total valuation methodology.
~~(i)~~(m) “Project valuation” means the value of the project as determined by the then-current City total valuation methodology.
~~(j)~~(n) “Project site” means the location of the improvements being developed.
~~(k)~~(o) “Public art on City property” means original works of art located on, affixed to, or applied on City-owned property.
~~(l)~~(p) “Private art for public enjoyment” means original works of art located on, affixed to, or applied on private property that are accessible and/or visible to the general public.
~~(m)~~(q) “Public Art Program Advisory Commission ~~Committee~~” means the five-member advisory commission ~~committee~~ appointed by the City Council that is responsible for ensuring that the criteria established by this Public Art Program have been met.
~~(n)~~(r) “Vintage original art mural” means an original art mural that existed prior to the enactment of this Chapter.

Sec. 5-33.03. Public Art Program Advisory Commission ~~Committee~~.

(a) There is hereby created and established a Public Art Program Advisory Commission ~~Committee~~. The Public Art Program Advisory Commission ~~Committee~~ shall be comprised of five members who shall be appointed by the City Council.

(b) Members of the Public Art Advisory Commission ~~Committee~~ shall be comprised as follows:

(1) Three (3) of the five (5) members shall be given priority consideration from each of the following organizations, provided that the City has received an application from at least one representative from each organization.

(A) A representative from the Chaffey Community Museum of Art;

(B) A representative from Ontario Heritage;

(C) A representative from the Ontario Museum of History & Art Associates;

(2) The remaining two (2) members, or more if the City has not received an application from each of the three (3) organizations listed in Section 5-33.03(b)(1)(A)-(C), may be selected from the following:

(A) Local non-profit historic preservation advocacy organization;

(B) Local arts educators;

(C) Local artists;

(D) Local performers;

(E) Arts professionals;

(F) College-level arts students; and

(G) Architects, landscape architects, and other design professionals.

(3) Notwithstanding any contrary provision in the Ontario Municipal Code, members of the Public Art Advisory Commission ~~Committee~~ may be non-residents of the City, subject to the limitation that no more than two (2) of the five (5) members may be non-residents of the City.

(4) The City Councilmember Liaison to the Ontario Museum of History & Art, shall serve as an ex officio, non-voting member.

(c) The process for appointment to the Public Art Advisory Commission ~~Committee~~ shall be as follows. A call for applications will be sent out for interested appointees. Community Life & Culture staff will review the applications received and determine whether the applicants meet the basic requirement from this Section. Community Life & Culture staff will then present the qualified candidates to the City Council for their review and nomination. The Mayor shall appoint the members of the Commission ~~Committee~~, subject to ratification by a vote of the entire City Council. Each Councilmember may suggest one member from the list of qualified candidates for the Mayor to appoint to the Commission ~~Committee~~.

(d) Members of the Public Art Program Advisory Commission ~~Committee~~ shall serve a term of four (4) years. A person may serve multiple terms.

(e) Powers and Duties. The Public Art Program Advisory Commission ~~Committee~~ shall ensure that all criteria established by this Public Art Program have been complied with. The Advisory Commission ~~Committee~~ shall review all requests for the installation of public art, examining proposals for public safety, weather resistance, balance with the program, public response, proper lighting, public accessibility, installation methods, proportion, composition, the artist's previous experience, art training, and exhibition record. Advisory Commission ~~Committee~~ support shall be provided by the Museum, Arts & Culture Director or designee. The Advisory Commission may establish, and amend from time to time, a Public Art Handbook. Proposed commission, acquisition, and/or development of public art or artworks shall go to the Commission for review even if an artist is not involved. For public art funded by City funds on City projects, the Advisory Commission shall provide the City Council a recommendation regarding any proposed on-site public art.

(1) Construction and Installation of Public Artworks (Permanent). The following procedure is to be followed in the construction of on-site permanent public artworks:

(A) The composition of the proposed artwork shall be of a permanent type of material in order to be a durable against vandalism, theft, and weather, and require a low level of ongoing maintenance.

(B) The artwork shall be related in terms of scale, material, form and content to immediate and adjacent buildings and landscaping so that it complements the site and surrounding environment. A Certificate of Appropriateness pursuant to Ontario Development Code Section 4.02.050 may be required to ensure that the artwork does not cause an adverse impact to historic resources.

(C) The artwork shall be constructed by persons experienced in the production and installation of such artwork.

(D) The artwork shall be permanently affixed to the property unless it is designated a temporary exhibit in the scope of the project when commissioned.

(E) Installation of the artwork shall be planned and implemented to enhance the piece and allow for unobstructed viewing from as many angles as possible.

(F) The City shall obtain from the artist, complete maintenance instructions, including methods to maintain the piece and the frequency of maintenance.

(G) Each piece of artwork shall be identified by a plaque at the site of an appropriate size and scale to the piece. The plaque shall be made of cast metal and then placed in a location near the art piece listing the title of the piece, the artist, and the date as well as the city and the art in public places program.

(2) Construction and Installation of Public Artworks (Temporary). The following procedure is to be followed in the construction of on-site temporary public artworks:

(A) The composition of the proposed artwork shall be of a type of material in order to be a durable against vandalism, theft, and weather, and require a low level of maintenance.

(B) The artwork shall be related in terms of scale, material, form and content to immediate and adjacent buildings and landscaping so that it complements the site and surrounding environment.

(C) The artworks shall be constructed by persons experienced in the production and installation of such artwork.

(D) The method of attachment or securing the artwork shall be identified.

(E) Installation of the artwork shall be planned and implemented to enhance the piece and allow for unobstructed viewing from as many angles as possible.

(F) The City shall obtain from the artist, complete maintenance instructions, including methods to maintain the piece and the frequency of maintenance.

(G) Each piece of artwork shall be identified by a plaque at the site of an appropriate size and scale to the piece. The plaque shall be made of cast metal and then placed in a location near the art piece listing the title of the piece, the artist, and the date as well as the city and the art in public places program.

(H) Any security measures needed to secure the artwork, the estimated cost of the security, and a source of funding for the security shall be identified.

(I) Any temporary artwork must include a deinstallation plan that clearly identifies which parts of the artwork (if any) need to be returned to the artist and which may be disposed of after the term of the installation.

Sec. 5-33.04 Policy for the Gift or Long Term Loan of Public Art.

(a) Purpose. Unsolicited gifts or long term loans to the City can be an important part of the City's art collection. The purpose of this Section is to ensure that proposed gifts of public art undergo a review process to ensure that acceptance of such gifts takes place in a fair and uniform manner. Furthermore, it is the intent of this Section to ensure that potential gifts of public artworks are evaluated as carefully as artworks that are commissioned, and that such artworks undergo a careful review process that evaluates a gift based upon acceptance criteria established according to the purposes, guidelines, goals, and selection process that guides artworks that are commissioned.

(b) Applicability. This Section applies to all unsolicited offers of donation or long term loans of public artworks to the City of Ontario. Unsolicited offers of donation or long term loans of artworks for display in interior spaces of City owned or leased buildings shall not be subject to the procedures in this Section; however, the City Manager may choose to opt-in to the procedures in this Section for review and consideration of such artworks.

(c) Procedures for Gifts or Long Term Loans. For each proposed gift or long term loan of public art, a written proposal or letter of intent shall be submitted to the City Manager. The City Manager shall refer the proposal to the Public Art Advisory Commission Committee for review and recommendation. The City Council's decision shall be final and conclusive. The proposal shall consist of the following items:

(1) Completed application form;

(2) Photographs, drawings, models, or designs of proposed artwork;

(3) Description and samples (if available) of materials and colors;

(4) Appraisal by a professional art appraiser (for long term loans);

(5) A site plan, to include photographs of site and neighborhood, drawings of the proposed site with the project to scale. If located within a historic district or on any other historic resource, a Certificate of Appropriateness may be required pursuant to Ontario Development Code Section 4.02.050;

(6) Proposed transportation/delivery schedule, and request of City responsibility for transport of the artwork to the City, if applicable;

(7) Proposed installation schedule;

(8) Maintenance manual, including the long-term intent of artist for the preservation and maintenance of artwork;

(9) Maintenance schedule prepared by professional art curator;

(10) Estimated budget for installation and maintenance;

(11) Resume and examples of artist's previous work;

(12) Duration of the loan (if applicable)

(13) Proof of insurance sufficient to meet the requirements of the City's Risk Manager, if necessary; and

(14) Building permits, if necessary.

(d) Criteria for the Evaluation of Proposed Gifts or Long Term Loans of Public Art. The following criteria shall be used in evaluating proposed gifts of long term loans of public art for review and acceptance by the City:

(1) Artworks may be existing or proposed works of art;

(2) Artworks must be one-of-a-kind or part of an original series. Reproductions of originals are not considered eligible for acceptance;

(3) Gifts must maintain high artistic standards and are appropriate in relationship or historical relevance to the City;

(4) The proposed location (if specified) is available and is appropriate to the artwork's content, scale, and material. Factors to be considered in selecting an appropriate site include type of artwork, relationship to architectural and natural features, visibility and public access, traffic patterns, future development plans for the area (if known), and public use patterns of the site and surrounding area. If a location is on a historic building, site, landscape or within a district issuance of a Certificate of Appropriateness may be required pursuant to Ontario Development Code Section 4.02.050;

(5) Restrictions from the donor, if any;

(6) Artwork proposals must demonstrate how the surrounding community has been involved and consulted in the process;

(7) Costs of installation and maintenance and repair over the expected life of the artwork shall be defined;

(8) Artistic quality (vision, originality and craftsmanship);

(9) Context (architectural, historical, geographical and socio-cultural context of the site);

(10) Quality and permanency of materials (if ephemeral material: is appropriate documentation included?);

(11) Safety;

(12) Diversity of artists (gender, race, culture) representation in the existing collection of publicly-accessible artworks; and

(13) Diversity of artworks (media, scale, style, intention) in the existing collection of publicly accessible artworks.

(e) Long Term Loans of Artwork. Upon recommendation by the Public Art Program Advisory Commission ~~Committee~~ and acceptance by the City Council, long term loans of artwork may be displayed upon execution of a contract between the City and the artist clearly identifying the terms and conditions of the loan and the rights and responsibilities of all parties. Donations to the Ontario Museum of History & Art ("Museum") are subject to a different approval process established by the Museum and/or subject to the City's Donation Policy.

(f) Acceptance of Gifts of Public Art. Upon recommendation by the Public Art Program Advisory Commission ~~Committee~~ and acceptance by the City Council, gifts of artworks will be deemed part of the permanent collection of the City, and registered with the City's

Department of Museum Arts & Culture, once the donor has fulfilled the requirements as stated in the Public Art Handbook, which shall include the following:~~supplied the City with the following:~~

(1) Written certification of the installation of the artwork, if completed by artist;

(2) An executed contract between the City and the artist transferring title of the artwork and clearly defining the rights and responsibilities of all parties;

(3) Written instructions for the care, maintenance, preservation, and handling of the artwork, prepared with the assistance of a professional art conservator to be provided by the artist;

(4) A sworn statement of no liens, claims, or other encumbrances associated with the artwork;

(5) A written assignment of any and all warranties for materials used, or labor performed by subcontractors or other persons; and

(6) A written assignment conveying, at a minimum, a perpetual license for the City to reproduce the artwork in digital or print medium for City purposes. The written assignment may include, should it be the artist's desire, the conveying of all rights, including copyrights and waiver of all rights under the Visual Artist's Rights Act of 1990, and its amendments (Section 106A of the United States Copyright Act; Pub. L. No. 101-650).

Donations to the Museum shall be subject to a different approval process established by the Museum and/or subject to the City's Donation Policy.

(g) Title and Ownership. Permanent gifts of artwork to the City shall become the property of the City once an Agreement for Acceptance Donated Artwork has been fully executed and the Donor has delivered the Bill of Sale/Transfer of Title. At such time, all rights of title and ownership shall be conveyed to the City, and all future decisions regarding the use and continued ownership of the artwork shall be under the sole discretion of the City. As owner of the artwork, the City may exercise any and all legal rights of ownership, including, but not limited to, sale, relocation, or removal of the artwork.

(h) Maintenance. When artwork gifts are situated at or on City owned or occupied properties or facilities, the City shall assume its continued maintenance.

(i) Removal, Relocation, or Deaccession of an Artwork. Artworks gifted to the City may be relocated, removed, or deaccessioned from the City's public art collection if the artwork becomes a hazard or liability, if the approved terms of acceptance are not fulfilled, or for any other reason as determined by the City Council, upon recommendation by the Public Art Program Advisory Commission ~~Committee~~.

(j) Exemption. Gifts of state presented to the City by foreign governments or by other political jurisdictions of the United States that may be accepted by the City Council or City

Manager on behalf of the City. Permanent placement of any such artworks will be determined jointly by the City Manager and the Public Art Program Advisory Commission ~~Committee~~. If not provided by the donor, maintenance of the art will be the responsibility of the host City department.

Sec. 5-33.05 Private Art for Public Enjoyment in Commercial and Industrial Development Projects.

(a) Purpose.

(1) The purpose of this Section is to establish a program for private art for public enjoyment in which private developers shall be required to integrate artworks throughout the commercial and industrial sectors of the City, for the benefit of the general public. The goals of this program are as follows:

(A) Differentiate the City of Ontario as a special place to live, work, play, visit, and invest;

(B) Strengthen cultural awareness, creativity, and innovative thinking in the community;

(C) Integrate the vision of artists with the perspective of other design professionals into the planning and design of the urban landscape;

(D) Ensure public artworks are visually accessible to every member of the community;

(E) Provide an acceptable counterbalance to what many consider to be the undesirable effects of commercial and industrial development (e.g. construction noise, traffic, congestion, and pollution); and

(F) Build a diverse collection of outdoor artworks by qualified artists and ensure the collection is continually maintained.

(2) The public art in commercial and industrial development projects program provides developers a way to make a lasting and visible contribution to the community and alleviate the undesirable effects that may be associated with commercial and industrial development.

(b) Applicability.

(1) All new commercial and industrial development projects, and new tenant improvements constructed in or on new or existing commercial and industrial buildings, having a total project building valuation of $500,000 or more, shall be subject to the requirements of this Section. This Section does not apply to the residential portion of mixed-use projects.

(2) All residential projects and public facilities projects constructed by the City or by nonprofit organizations shall be exempt from the requirements of this Section.

(c) Minimum Public Art Allocation.

(1) The required minimum public art allocation fees shall be as follows, and may be amended from time to time by Resolution:

Eligibility	On-Site Fee Option	City Fee Option
New commercial/industrial development $5,000,000 or more.	Developer installs On-Site public art display valuated at 1% of the total final project valuation as determined by the building official or designee.	Developer provides the City $10,000 for City to deposit into the Public Art Fund to be used for the installation of a new public art display or maintain, upgrade, or expand an existing display.
Tenant Improvement on commercial/industrial development $500K or more.	Developer installs On-Site public art display valuated at 1% of the total final project improvement valuation as determined by the building official or designee.	Developer provides the City $5,000 for City to deposit into the Public Art Fund to be used for the installation of a new public art display or maintain, upgrade, or expand an existing display.

(2) All projects created through the On-Site Fee Option must be reviewed and approved by the City and shall be installed in compliance with all federal, state, and local applicable laws and regulations.

(3) All projects installed through the On-Site Fee Option must be maintained by the developer during the life of the buildings and structures.

(4) If the artwork installed pursuant to this Section is altered, removed, is not maintained in good condition, or is not provided as required, the City may exercise any and all available legal and/or equitable remedies.

(d) Penalties. Violations of this Section may be subject to the penalties set forth in Chapter 2 of Title 1 of Volume I of the Ontario Municipal Code and/or subject to revocation of the entitlements for the development project.

Sec. 5-33.06 Murals.

(a) Murals commissioned by the City may only be installed and maintained if they have been approved by the Public Art Program Advisory Commission ~~Committee~~. Other murals not commissioned by the City will be subject to an objective design checklist established, and amended from time to time, by Resolution, and subject to ministerial City review. Murals may only be located in commercial, industrial, C~~c~~ity-owned public property, and private property. The Advisory Commission ~~Committee~~ shall have the authority to review and approve City commissioned murals in accordance with the procedures and standards outlined in this Chapter.

(b) Standards. The Public Art Program Advisory Commission ~~Committee~~ shall ensure that City commissioned murals are consistent with the following standards:

(1) Murals shall be an original art mural, a work of art, that is hand-painted, hand-tiled or digitally printed image or digital display system on the exterior surfaces of a building or site designed as a work of art. The image cannot be advertising or other commercial message with brand name, product name, abbreviation thereof, company or business name or logo, trademark, brand imagery or products and services for sale. The Public Art Program Advisory Commission ~~Committee~~ will determine if an image, painting pattern, or other element on the exterior of a building or site is a work of art. If the Public Art Program Advisory Commission ~~Committee~~ determines that the image, painting pattern, or other element is not a work of art, then other applicable law may be applied such as sign or building design guidelines by other City departments.

(2) Murals must be durable and capable of being well-maintained.

(3) Murals shall not compromise the proper function of any building or use or diminish public safety.

(4) Murals shall not incorporate recognized signs of hatred or discrimination against any race, color, sex, age, national origin, disability, religion, ancestry, marital status, familial status, gender identity or expression, or sexual orientation.

(5) Murals shall not be obscene or harmful to minors as defined by law.

(6) A Certificate of Appropriateness shall be required if the mural is on a historic building or site pursuant to Ontario Development Code Section 4.02.050.

(c) Application fee. There shall be an application fee of $100 per non-City-commissioned mural application, which may be amended from time to time by Resolution.

(d) An Original Art Mural is not considered a sign as defined in the Ontario Development Code. However, nothing contained in this Chapter is intended to change the rules governing the determination of whether a mural may be placed on a historic building.

(e) A City commissioned mural shall remain in place, without alteration, for a minimum of six (6) months.

(f) Removal. A City commissioned mural may be removed after six (6) months from the date of registration, so long as it is not a registered historic landmark itself or associated with a registered historic landmark property, under any the following circumstances as determined by the Executive Director of the Community Life & Culture Agency:

(1) The property is sold;

(2) The structure or property is substantially remodeled or altered in a way that precludes continuance of the mural;

(3) The property undergoes a change of use authorized.

Sec. 5-33.07 Public Art Funded by City Funds on City Projects.

(a) For the purposes of this Section, “capital improvement project” means new vertical City construction projects with a construction budget of $1,000,000 or more that provide significant general public access. Examples include, but are not limited to, new libraries, fire stations, police stations, department campuses/headquarters, community centers, bridges, plazas, bus shelters, shade structures, and structures within parks such as but not limited to barns. A “capital improvement project” does not include park improvements, new park development, or improvements to existing facilities.

(b) For the purposes of this Section, “development costs” means the total development costs of the capital improvement project. Development costs may include, but are not limited to, any and all construction costs, and site work expenses. Development costs shall not include property acquisition, demolition, financing, or any salaries and benefits of public employees supporting the capital improvement project.

(c) For all City capital improvement projects that are funded through City funds, with the exception of capital improvement projects funded through bond proceeds or development impact fees as described in subsection (d) and/or (e) herein below, the City shall, at the discretion of the City Council, set aside an amount equal to one (1) percent of the City Council approved budget for development costs of such capital improvement projects for the commission, acquisition, and/or development of public art or artworks on site. Projects by the Ontario Municipal Utility Company shall not use any ratepayer money for public art but non-ratepayer funds may be used for such Ontario Municipal Utility Company projects such as constructing a new building. There shall be no requirement that an artist be involved in the commission, acquisition, and/or development of such public art or artworks. For the purposes of this Section, City funds means any funds held in City accounts, including but not limited to the general fund, special funds, and bond revenues, excluding any enterprise and ratepayer funds and any funds limited by federal, state, and/or local statue, regulation, or funding source. Applicable capital improvement projects may apply the one (1) percent of funds towards public art on the same project site. However, the City Council shall have the discretion to designate the use of such funds towards public art projects other than on the site from which the funds were budgeted for projects valued at $100,000,000.00 or more.

(d) Bond proceeds may be utilized for the commission and/or acquisition of Artwork on a case by case basis and upon review and approval by City Finance staff and City's Bond Counsel. If City Finance staff and City's Bond Counsel approve the use of bond proceeds for the commission and/or acquisition of a specific Artwork, then the Public Art Commission shall request that the specific amount needed to commission and/or acquire that Artwork be distributed to cover expenses, up to one (1) percent of the approved budget for development costs of such capital improvement project. Bond proceeds shall not be directly transferred to the Public Art Fund upon issuance of bonds but will only be distributed on a case by case basis with approval by City Finance staff and City's Bond Counsel.

(e) Development Impact Fees may be utilized for the commission and/or acquisition of Artwork on a case by case basis and upon review and approval by City Finance staff and City's legal counsel. If City Finance staff and City's legal counsel approve the use of Development Impact Fees proceeds for the commission and/or acquisition of a specific Artwork, then the Public Art Commission shall request that the specific amount needed to commission and/or acquire that Artwork be distributed to cover expenses, up to one (1) percent of the approved budget for development costs of such capital improvement project."

SECTION 3. If any section, subsection, subdivision, sentence, clause, or phrase in this Ordinance or any part thereof is for any reason held to be unconstitutional, invalid or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this ordinance or any part thereof. The City Council hereby declares that it would have adopted each section irrespective of the fact that any one or more subsections, subdivisions, sentences, clauses, or phrases be declared unconstitutional, invalid or ineffective.

SECTION 4. This Ordinance shall become effective thirty (30) days after its adoption by the City Council.

SECTION 5. CEQA. The City Council finds that adoption of this Ordinance is exempt from the California Environmental Quality Act ("CEQA") pursuant to Section 15358 (the activity will not result in a direct or reasonably foreseeable indirect physical change in the environment) of the CEQA Guidelines, California Code of Regulations, Title 14, Chapter 3, because it has no potential for resulting in physical change to the environment, directly or indirectly. Moreover, the City Council finds that this Ordinance is also exempt under CEQA pursuant to Guidelines Section 15061(b)(3) (there exists no possibility that the activity will have a significant adverse effect on the environment).

SECTION 6. The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within fifteen (15) days of the adoption. The City Clerk shall post a certified copy of this Ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

PASSED, APPROVED, AND ADOPTED this __th day of _____ 2023.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **PUBLIC HEARINGS**
Department: Planning Prepared By: Diane Ayala Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 38

SUBJECT: **A PUBLIC HEARING TO CONSIDER FILE NO. PUD22-002, A PLANNED UNIT DEVELOPMENT FOR A 0.79-ACRE PARCEL OF LAND LOCATED AT THE NORTHEAST CORNER OF LAUREL AVENUE AND D STREET**

RECOMMENDATION: That the City Council introduce and waive further reading of an Ordinance approving File No. PUD22-002, the Laurel Avenue Townhomes Planned Unit Development, establishing development standards and design guidelines to facilitate a residential development located at the northeast corner of Laurel Avenue and D Street.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods

FISCAL IMPACT: There is no direct fiscal impact associated with this action. Implementation of the Planned Unit Development (PUD) would result in an increase in property taxes from future development and the one-time payment to the City for plan check fees and development impact fees.

BACKGROUND & ANALYSIS:

On April 27, 2022, Tipping Development filed a PUD application, File No. PUD22-002, in conjunction with a Tentative Tract Map, File No. PMTT22-014 (TTM 20534), and a Development Plan, File No. PDEV22-023, to facilitate construction of 28 townhomes.

The Project site is comprised of 0.79 acres of land located within the historic downtown at the northeast corner of D Street and Laurel Avenue. The Project site is developed with a paved public parking lot. On the same block, north of the Project site, are medical offices and a surface parking lot and east of the Project site is a mixture of retail, commercial, office, and a restaurant that fronts onto Euclid Avenue. The block west of the Project site is partially developed with multiple-family residential uses and a parking lot, with the remainder of the block undeveloped. South of the Project site is developed with a vacant commercial building, paved surface parking lot, and

undeveloped land. Other surrounding land uses include office, multiple-family residential and paved surface parking lots.

The Ontario Plan Policy Plan (General Plan) specifies that the Downtown Mixed-Use Area is to be implemented through the approval of an Area Plan or Planned Unit Development prior to the development of properties. In compliance with this requirement, the Applicant has submitted the Laurel Townhomes Planned Unit Development (included as Attachment A to the Ordinance), which is consistent with the vision, goals, and policies of the Policy Plan. A Planned Unit Development is comparable to a Specific Plan in that it establishes development regulations that are unique to a specific area. However, unlike a Specific Plan, a Planned Unit Development is typically intended to apply to a single development project or several interrelated development projects that function together as a single, comprehensive project.

Key components of the Laurel Avenue Townhomes Planned Unit Development include the following:

- Land Use and Development Regulations — The MU-1 (Downtown Mixed Use) zoning district allows for residential development at a density of 25.1 to 75 dwelling units per acre. Consistent with the MU-1 zoning district and TOP Downtown District Place Type, the PUD allows for development of 19 to 59 dwelling units, with a maximum building height of 38 feet (3 stories) and up to 45 feet for architectural projections.
- Landscaping — The landscaping concept is centered around the use of sustainable and low water use plant materials. As an example, varying species of evergreen and deciduous trees with interest in form and foliage color may be integrated in the landscape design. Pattern and planting should accentuate the common open space areas and create a visible connection to pedestrian pathways and sidewalks. The PUD also requires the landscaping and irrigation be drought tolerant and meet the current Water Use Classifications of Landscape Species requirements.
- Parking and Circulation — In order to achieve the preferred density and building intensities, the PUD allows for a combination of on-site and on-street parking to provide an adequate parking supply to meet the anticipated parking demand for the Project. All resident parking will be provided on site, while guest parking spaces will be provided on-street. The Project site is located within a mixed-use area where on-street parking is available along the Project frontage and on surrounding blocks.
- Access to Mass Transit — An existing bus stop is located on the northeast corner of Euclid Avenue and D Street for Omnitrans Route 83. Additionally, located near Euclid Avenue on Holt Boulevard is Omnitrans Route 61 which has been identified as the future West Valley Connector Bus Rapid Transit (BRT).
- Architectural Character — The PUD includes architectural design guidelines specific to the downtown location and residential building type and establishes the following design principles: 1) create an architectural character that reflects the various styles within the historic downtown by using similar proportions, building details and building material; 2) new buildings should appear to fit in contextually with existing historic buildings by using similar proportions, articulation, building details and building material; 3) the overall character should feel like a modern interpretation of a traditional American small town; and, 4) create compatibility between the mixed-use architecture and the residential architecture within the

downtown area. The introduction of unifying elements such as similar materials and colors should be considered. However, "sameness" is discouraged.

On June 27, 2023, the Planning Commission conducted a public hearing to consider the Project and concluded the hearing on that date. After considering all public testimony on the application, the Planning Commission voted (5-0) to approve Resolution PC23-045, recommending that the City Council approve the Laurel Avenue Townhomes Planned Unit Development. At the same meeting, the Planning Commission approved the related Tentative Tract Map and Development Plan contingent upon City Council approval of the PUD.

HOUSING ELEMENT COMPLIANCE: The Project is consistent with the Housing Element of the Policy Plan (General Plan) component of The Ontario Plan as the Project site is not one of the properties in the Housing Element Sites contained in Tables B-1 and B-2 (Housing Element Sites Inventory) of the Housing Element Technical Report.

AIRPORT LAND USE COMPATIBILITY PLAN (ALUCP) COMPLIANCE: The California State Aeronautics Act (Public Utilities Code Section 21670 et seq.) requires that an Airport Land Use Compatibility Plan be prepared for all public use airports in the State; and requires that local land use plans and individual development proposals must be consistent with the policies set forth in the adopted Airport Land Use Compatibility Plan. On April 19, 2011, the City Council approved and adopted the ONT ALUCP, establishing the Airport Influence Area for Ontario International Airport, which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties, and limits future land uses and development within the Airport Influence Area, as they relate to noise, safety, airspace protection, and overflight impacts of current and future airport activity. As the decision-making body for the Project, the City Council has reviewed and considered the facts and information contained in the Application and supporting documentation against the ONT ALUCP compatibility factors, including [1] Safety Criteria (ONT ALUCP Table 2-2) and Safety Zones (ONT ALUCP Map 2-2), [2] Noise Criteria (ONT ALUCP Table 2-3) and Noise Impact Zones (ONT ALUCP Map 2-3), [3] Airspace protection Zones (ONT ALUCP Map 2-4), and [4] Overflight Notification Zones (ONT ALUCP Map 2-5). As a result, the City Council, therefore, finds and determines that the Project, when implemented in conjunction with the conditions of approval, will be consistent with the policies and criteria set forth within the ONT ALUCP.

ENVIRONMENTAL REVIEW: The Project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to Section 15332 (Class 32, In-fill Development Projects) of the CEQA Guidelines, and meets all of the following conditions:

- The proposed Project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations. The proposed Project is located within the Downtown Mixed-Use land use designation of the Policy Plan (general plan) Land Use Map, and the MU-1/LUA-1 (Downtown Mixed Use/Euclid Avenue Entertainment) zoning district. The proposed Project is consistent with all applicable Policy Plan policies, as well as with the requirements of the MU-1/LUA-1 (Downtown Mixed Use/Euclid Avenue Entertainment) zoning district and the related proposed Planned Unit Development, which, at the Project location, intends to accommodate housing units at a density of 25 to 75 du/ac.

- The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses. The Project is proposed within the established boundaries of the City of Ontario, on a project site totaling 0.79-acres of land, which is surrounded by established development on all sides and consists of a mix of multiple-family, retail, and commercial land uses.
- The Project site has no value as habitat for endangered, rare, or threatened species. The site is located in an urbanized area that has been fully developed with a paved surface for vehicular parking, and as such is not suitable habitat for any endangered, rare, or threatened species. Additionally, the site has not been identified on federal or state designation map.
- Approval of the Project would not result in any significant effects relating to traffic, noise, air quality, or water quality. The residential development is similar to, and of no greater impact than other allowed uses and development projects within the MU-1/LUA-1 (Downtown Mixed Use/Euclid Avenue Entertainment) zoning district. The Project would not result in any significant impacts through implementation of required state, regional, and local development and performance standards, and as demonstrated in the Air Quality and GHG and Traffic analysis and the Preliminary Water Quality Management Plan ("PWQMP") prepared for the Project.
- The site is adequately served by all required utilities and public services. All necessary wet and dry utilities are within the public street and are readily available for connection; and
- The application of the categorical exemption is not barred by one of the exceptions set forth in CEQA Guidelines Section 15300.2.

ORDINANCE NO.

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING FILE NO. PUD22-002, A PLANNED UNIT DEVELOPMENT TO ESTABLISH DEVELOPMENT AND PERFORMANCE STANDARDS AND DESIGN GUIDELINES FOR 0.79-ACRES OF LAND LOCATED AT THE NORTHEAST CORNER OF LAUREL AVENUE AND D STREET WITHIN THE LUA-1 (EUCLID AVENUE ENTERTAINMENT) OF THE MU-1 (DOWNTOWN MIXED USE) ZONING DISTRICT, AND MAKING FINDINGS IN SUPPORT THEREOF—APNS: 1048-354-12 AND 1048-354-13

WHEREAS, Tipping Development ("Applicant") has filed an Application for the approval of a Planned Unit Development ("PUD"), File No. PUD22-002, as described in the title of this Ordinance (hereinafter referred to as "Application" or "Project"); and

WHEREAS, the Application applies to 0.79 acres of land located at the northeast corner of Laurel Avenue and D Street, at 420 West D Street, within the LUA-1 (Euclid Avenue Entertainment) of the MU-1 (Downtown Mixed Use) zoning district, and is presently improved with a paved public parking lot; and

WHEREAS, on the same block, north and east of the Project site are located within the MU-1 (Mixed Use Downtown) zoning district and is developed, with medical offices and a surface parking lot to the north, and a mixture of retail, commercial, office and a restaurant that fronts onto Euclid Avenue to the east. The block west of the Project Site is located within the HDR-45 (High Density Residential) zoning district and is developed with multiple-family residential and a parking lot and the remainder of the block is undeveloped. South of the Project site, within the MU-1 (Mixed Use Downtown) zoning district, is developed with a vacant commercial building, paved surface parking lot, and undeveloped land; and

WHEREAS, an existing bus stop is located on the northeast corner of Euclid Avenue and D Street for Omnitrans Route 83. Additionally, located near Euclid Avenue on Holt Boulevard is Omnitrans Route 61 which has been identified as the future West Valley Connector Bus Rapid Transit (BRT); and

WHEREAS, the MU-1 (Downtown Mixed Use) zoning district allows for residential development at a density of 25.1 to 75 dwelling units per acre. Consistent with the MU-1 zoning district and TOP Downtown District Place Type, the Laurel Avenue Townhome PUD allows for residential development of 19 to 59 dwelling units, with a maximum building height of 38 feet (3 stories) and up to 45 feet for architectural projections; and

WHEREAS, the PUD requires a minimum of 1 resident parking space per bedroom and 0.20 guest parking per dwelling unit; and

WHEREAS, in order to achieve the preferred density and building intensities, the PUD allows for a combination of on-site and on-street parking to provide an adequate parking supply to meet the anticipated parking demand for the Project. All resident parking is provided on site, while guest parking is allowed on-street; and

WHEREAS, the PUD includes architectural design guidelines, specific to the downtown location and mixed-use building type, and establishes the following design principles:

(a) Create an architectural character that reflects the various styles within the historic downtown by using similar proportions, building details and building material.

(b) New buildings should appear to fit in contextually with existing historic buildings by using similar proportions, articulation, building details and building material.

(c) The overall character should feel like a modern interpretation of a traditional American small town; and

(d) Create compatibility between the mixed-use architecture and the residential architecture within the downtown area; the introduction of unifying elements such as similar materials and colors should be considered; however, “sameness” is discouraged; and

WHEREAS, the Application is a project pursuant to the California Environmental Quality Act (Public Resources Code Section 21000 et seq.) ("CEQA"); and

WHEREAS, the Project is exempt from CEQA pursuant to a categorical exemption (listed in CEQA Guidelines Article 19, commencing with Section 15300) and the application of that categorical exemption is not barred by one of the exceptions set forth in CEQA Guidelines Section 15300.2; and

WHEREAS, Ontario Development Code Table 2.02-1 (Review Matrix) grants the City Council the responsibility and authority to review and act on the subject Application; and

WHEREAS, the Project is located within the Airport Influence Area of Ontario International Airport ("ONT"), which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties, and is subject to, and must be consistent with, the policies and criteria set forth in the Ontario International Airport Land Use Compatibility Plan (ALUCP), which applies only to jurisdictions within San Bernardino County, and addresses the noise, safety, airspace protection, and overflight impacts of current and future airport activity; and

WHEREAS, City of Ontario Development Code Division 2.03 (Public Hearings) prescribes the manner in which public notification shall be provided and hearing procedures to be followed, and all such notifications and procedures have been completed; and

WHEREAS, on June 27, 2023, the Planning Commission of the City of Ontario conducted a hearing to consider the Project, and concluded said hearing on that date, voting to issue Resolution No. PC23-045, recommending the City Council approve the Application; and

WHEREAS, on July 18, 2023, the City Council of the City of Ontario conducted a hearing to consider the Project, and concluded said hearing on that date; and

WHEREAS, all legal prerequisites to the adoption of this Ordinance have occurred.

NOW, THEREFORE, IT IS HEREBY FOUND, DETERMINED, AND ORDAINED by the City Council of the City of Ontario, as follows:

SECTION 1: ***Environmental Determination and Findings.*** As the decision-making body for the Project, the City Council has reviewed and considered the information contained in the administrative record for the Project. Based upon the facts and information contained in the administrative record, including all written and oral evidence presented to the City Council, the City Council finds as follows:

(1) The administrative record have been completed in compliance with CEQA, the State CEQA Guidelines, and the City of Ontario Local CEQA Guidelines; and

(2) The Project is categorically exempt from environmental review pursuant to Section 15332 (Class 32, In-fill Development Projects) of the CEQA Guidelines, and meets all of the following conditions:

(a) The proposed Project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations. The proposed Project is located within the Downtown Mixed Use land use designation of the Policy Plan (general plan) Land Use Map, and the MU-1/LUA-1 (Downtown Mixed Use/Euclid Avenue Entertainment) zoning district. The proposed Project is consistent with all applicable Policy Plan policies, as well as with the requirements of the MU-1/LUA-1 (Downtown Mixed Use/Euclid Avenue Entertainment) zoning district and the related proposed Laurel Avenue Townhome Planned Unit Development, which, at the Project location, intends to accommodate housing units at a density of 25 to 75 du/ac.

(b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses. The Project is proposed within the established boundaries of the City of Ontario, on a project site totaling 0.79-

acres of land, which is surrounded by established development on all sides and consists of a mix of multiple-family, retail, and commercial land uses.

(c) The Project site has no value as habitat for endangered, rare, or threatened species. The site is located in an urbanized area that has been fully developed with a paved surface for vehicular parking, and as such is not suitable habitat for any endangered, rare, or threatened species. Additionally, the site is not identified on federal or state designation map.

(d) Approval of the Project would not result in any significant effects relating to traffic, noise, air quality, or water quality. The proposed residential development is similar to, and of no greater impact than other allowed uses and development projects within the MU-1/LUA-1 (Downtown Mixed Use/Euclid Avenue Entertainment) zoning district. The Project would not result in any significant impacts through implementation of required state, regional, and local development and performance standards, and as demonstrated in the Air Quality and GHG, Traffic analysis, and Parking Studies, and the Preliminary Water Quality Management Plan ("PWQMP") prepared for the Project; and

(e) The site is adequately served by all required utilities and public services. All necessary wet and dry utilities are within the public street and are readily available for connection; and

(3) The application of the categorical exemption is not barred by one of the exceptions set forth in CEQA Guidelines Section 15300.2; and

(4) The determination of CEQA exemption reflects the independent judgment of the City Council.

SECTION 2: ***Airport Land Use Compatibility Plan ("ALUCP") Compliance.*** The California State Aeronautics Act (Public Utilities Code Section 21670 et seq.) requires that an Airport Land Use Compatibility Plan be prepared for all public use airports in the State; and requires that local land use plans and individual development proposals must be consistent with the policies set forth in the adopted Airport Land Use Compatibility Plan.

(1) On April 19, 2011, the City Council of the City of Ontario approved and adopted the Ontario International Airport Land use Compatibility Plan, establishing the Airport Influence Area for Ontario International Airport, which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties, and limits future land uses and development within the Airport Influence Area, as they relate to noise, safety, airspace protection, and overflight impacts of current and future airport activity. As the decision-making body for the Project, the City Council has reviewed and considered the facts and information contained in the Application and supporting documentation against the ONT ALUCP compatibility factors, including [1] Safety Criteria (ONT ALUCP Table 2-2) and Safety Zones (ONT ALUCP Map 2-2), [2] Noise Criteria (ONT ALUCP Table 2-3) and Noise Impact Zones (ONT ALUCP Map 2-3), [3] Airspace protection Zones (ONT

ALUCP Map 2-4), and [4] Overflight Notification Zones (ONT ALUCP Map 2-5). As a result, the City Council, therefore, finds and determines that the Project, when implemented in conjunction with the conditions of approval, will be consistent with the policies and criteria set forth within the ONT ALUCP; and

SECTION 3: ***Concluding Facts and Reasons.*** Based upon the substantial evidence presented to the City Council during the above-referenced hearing, and upon the specific findings set forth in Section 1 and 2, above, the City Council hereby concludes as follows:

(1) ***The proposed PUD, or amendment thereto, is consistent with the goals, policies, plans and exhibits of the Vision, Policy Plan (General Plan), and City Council Priorities components of The Ontario Plan.*** The Project is consistent with Vision, Policy Plan (General Plan), and City Council Priorities components of The Ontario Plan. Section 1.1, The Ontario Plan Objectives of the Laurel Avenue Townhomes PUD, describes the manner in which the PUD complies with the Policy Plan goals and policies.

(2) ***The proposed PUD, or amendment thereto, would not be detrimental to the public interest, health, safety, convenience, or general welfare of the City.*** The City Council has required certain safeguards through conditions of approval, which have been established to ensure that: [i] the purposes of the Planned Unit Development are maintained; [ii] the project will not endanger the public health, safety or general welfare; [iii] the project will not result in any significant environmental impacts; [iv] the project will be in harmony with the area in which it is located; and [v] the project will be in full conformity with the Vision, City Council Priorities and Policy Plan components of The Ontario Plan.

(3) ***In the case of an application affecting specific property(ies), the proposed PUD, or amendment thereto, will not adversely affect the harmonious relationship with adjacent properties and land uses.*** The Laurel Avenue Townhomes PUD area is situated in the heart of Ontario's downtown and is adjacent to residential and commercial land uses and development. The surrounding development supports the objective of the Laurel Avenue Townhomes PUD further residential development. The Project does not affect the harmonious relationship with adjacent properties and land use.

(4) ***In the case of an application affecting specific property(ies), the subject site is physically suitable, including, but not limited to, parcel size, shape, access, and availability of utilities, for the request and anticipated development.*** In preparing the proposed Laurel Avenue Townhomes PUD, a thorough review and analysis of the proposed Project and the subject site's physical suitability for the Project was completed, including analysis of the project size, shape, intensity of development, building height, building setbacks, site access, site landscaping and drainage, fences and walls, vehicle circulation, pedestrian connections, availability of mass transit, necessary street dedication and easements, public right-of-way improvements, availability of utilities and other infrastructure needs, off-street parking and circulation, building orientation and streetscapes, architectural character, building materials and color, and site signage.

Based upon this review and analysis, the subject site has been deemed physically suitable, including but not limited to parcel size, shape, access, and availability of utilities, for the proposed Planned Unit Development and the proposed development.

(5) ***The proposed PUD is superior to that which could be obtained through the application of the Development Code or a specific plan.*** The Laurel Avenue Townhomes PUD will establish minimum building setbacks, parking and open space requirements, allow on-street parking, and establish a planting palette. These standards will facilitate the residential development of 28 townhomes, parking facilities and private and common open space areas. The proposed Laurel Avenue Townhomes PUD will allow for subsequent development that is superior to that which could be obtained through the application of the Development Code by itself.

SECTION 4: ***City Council Action.*** Based upon the findings and conclusions set forth in Sections 1 through 3, above, the City Council hereby APPROVES the herein described Application, attached hereto as "Attachment A," and incorporated herein by this reference.

SECTION 5: ***Indemnification.*** The Applicant shall agree to defend, indemnify and hold harmless, the City of Ontario or its agents, officers, and employees from any claim, action or proceeding against the City of Ontario or its agents, officers or employees to attack, set aside, void, or annul this approval. The City of Ontario shall promptly notify the applicant of any such claim, action, or proceeding, and the City of Ontario shall cooperate fully in the defense.

SECTION 6: ***Custodian of Records.*** The documents and materials that constitute the record of proceedings on which these findings have been based are located at the City of Ontario City Hall, 303 East "B" Street, Ontario, California 91764. The custodian for these records is the City Clerk of the City of Ontario.

SECTION 7: ***Severability.*** If any section, sentence, clause or phrase of this Ordinance or the application thereof to any entity, person or circumstance is held for any reason to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect other provisions or applications of this Ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this Ordinance are severable. The People of the City of Ontario hereby declare that they would have adopted this Ordinance and each section, sentence, clause or phrase thereof, irrespective of the fact that any one or more section, subsections, sentences, clauses or phrases be declared invalid or unconstitutional.

SECTION 8: ***Effective Date.*** This Ordinance shall become effective 30 days following its adoption.

SECTION 9: ***Publication and Posting.*** The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within 15 days following the adoption. The City Clerk shall post a certified copy

of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

PASSED, APPROVED, AND ADOPTED this ____ day of _____ 20___.

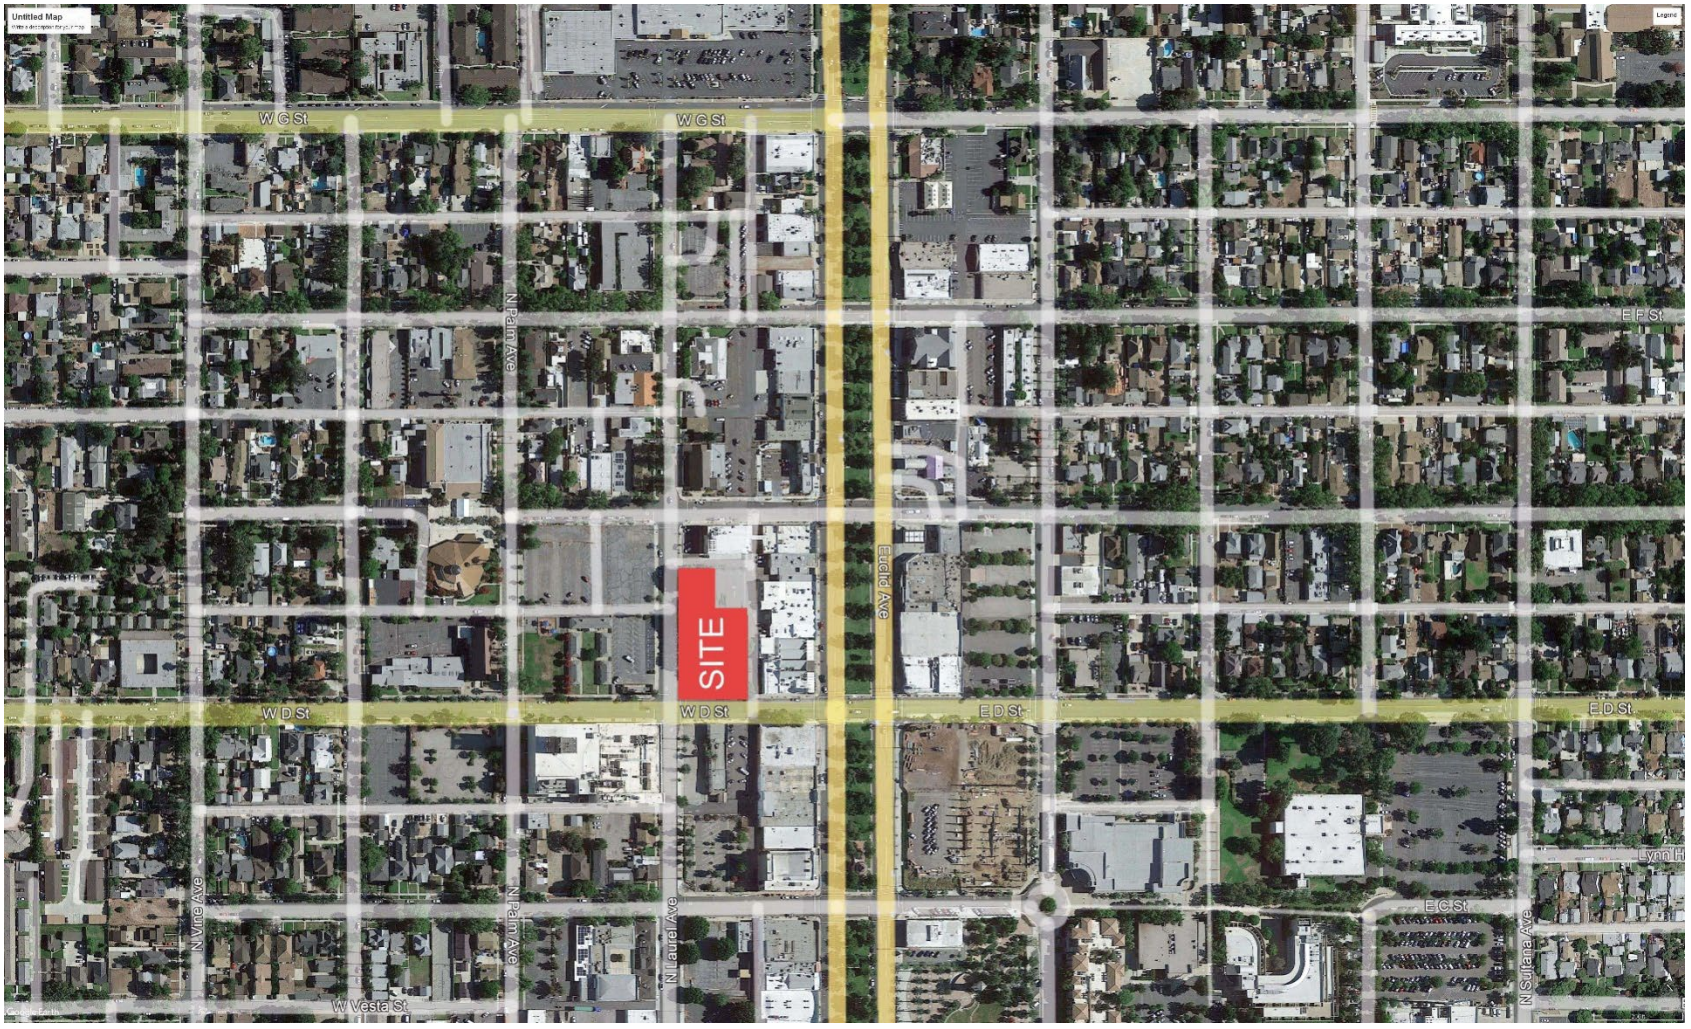
1. INTRODUCTION

This document is intended to function as a set of planning and design principles, development regulations and performance standards to guide and govern the development of an infill area of approximately 0.79-acres of land which currently serves as a surface public parking lot within a developed area. The development is comprised of 2 adjoining properties and an alley that runs west east. The site is located at the northeast corner of N. Laurel Avenue and W. D Street. (see Figure 1.1 Project Location Map).

The project site is located within The Ontario Plan Downtown Mixed Use Land Use District and the MU-1 (Mixed Use Downtown) zoning district which requires the establishment of a Planned Unit Development (PUD) prior to development. The Planned Unit Development (PUD) is set forth in the Ontario Development Code Section 4.01.030 (Planned Unit Development (PUD) and Amendments). The Laurel at D Townhomes Planned Unit Development (PUD) will provide development standards unless otherwise defined herein, definitions and interpretations contained in the Development Code shall apply.

City staff and private developers shall rely on this PUD to determine whether precise plans for Development will be adequate and will meet the City's land use and design objectives.

Figure1-1: Project Location Map



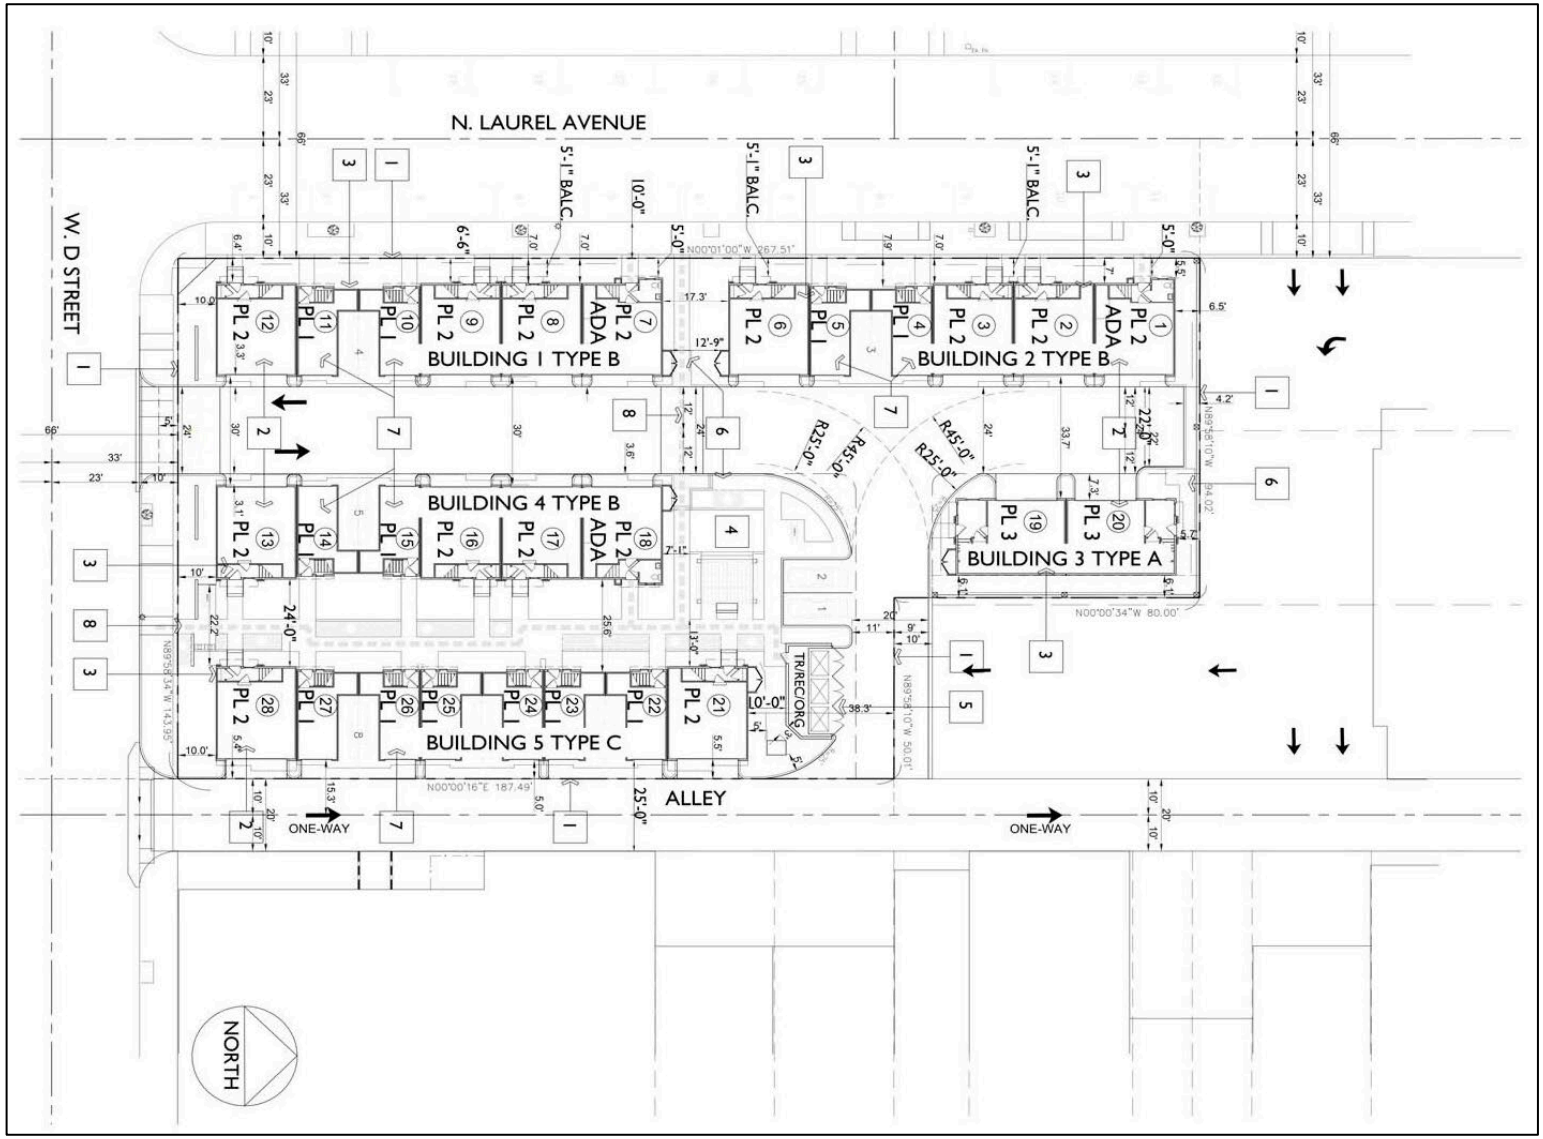


Figure 1-2: Site Plan

2. POLICY OBJECTIVES

The Ontario Plan, which includes the City's General Plan (Policy Plan), designates the project area as part of the Downtown Mixed Use District (see Figure 2-1: Downtown Land Use District Map). The Downtown Mixed Use District designation requires approval of a Planned Unit Development (PUD) to develop the property. Additionally, the designation specifies a residential density range of 25.1-75 units per acre and a maximum floor area ratio (FAR) of 2.0 for office and retail uses.

The Ontario Plan goals and policies furthered by this Planned Unit Development are as follows:

2.1. Land Use Element Goals and Policies

a. LU1–Balance. A community that has a spectrum of housing types and price ranges that match the jobs in the city and that make it possible for people to live and work in Ontario and maintain a quality of life.

    a. LU1-1 Strategic Growth. We concentrate growth in strategic locations that help create place and identity, maximize available and planned infrastructure, and foster the development of transit.

        - The PUD supports the goal by providing housing in the downtown core to maximize existing infrastructure, promote walkability to services, and support transit.

b. LU2–Compatibility. Compatibility between a wide range of uses.

    a. LU2-2 Buffers. We require new uses to provide mitigation or buffers between existing uses where potential adverse impacts could occur.

        - The PUD takes into consideration the existing uses on the surrounding properties and provides privacy buffers with decorative masonry walls, landscaping and setbacks.

c. LU3 – Flexibility. Staff, regulations and processes that support and allow flexible response to conditions and circumstances in order to achieve the Vision.

    a. LU3-1 Development Standards. We maintain clear development standards which allow flexibility to achieve our Vision.

        - The PUD implements the flexibility anticipated by city development standards.

2.2. Housing Use Element Goals and Policies

a. H1– Neighborhoods and Housing. Stable neighborhoods of quality housing, ample community services and public facilities, well-maintained infrastructure, and public safety that foster a positive sense of identity.

a. H1-4 Historical Preservation. We support the preservation and enhancement of residential structures, properties, street designs, lot configurations, and other reminders of Ontario's past that are considered to be local historical or cultural resources.

- The PUD will ensure the architectural design and elements complement the existing historic structures surrounding the project.

b. H2 – Housing Supply and Diversity. Diversity of types of quality housing that are affordable to a range of household income levels, accommodate changing demographics, and support and reinforce the economic sustainability of Ontario.

a. H2-5 Housing Design. We require architectural excellence through adherence to City design guidelines, thoughtful site planning, environmentally sustainable practices and other best practices.

- The PUD will ensure the architectural enhancements complement the existing historic setting of the project location.

b. H2-6 Infill Development. We support the revitalization of neighborhoods through the construction of higher-density residential developments on underutilized residential and commercial sites.

- The PUD implements higher density residential use within the downtown core to support nearby businesses and assist in area revitalization.

2.3. Community Design Element Goals and Policies

a. CD1 – Image and Identity. A dynamic, progressive city containing distinct neighborhoods and commercial districts that foster a positive sense of identity and belonging among residents, visitors, and businesses.

a. CD1-1 City Identity. We take actions that are consistent with the City being a leading urban center in Southern California while recognizing the diverse character of our existing viable neighborhoods.

- The PUD supports the policy goal by incorporating a diverse urban housing type into the downtown core.

b. CD1-2 Growth Areas. We require development in growth areas to be distinctive and unique places within which there are cohesive design themes.

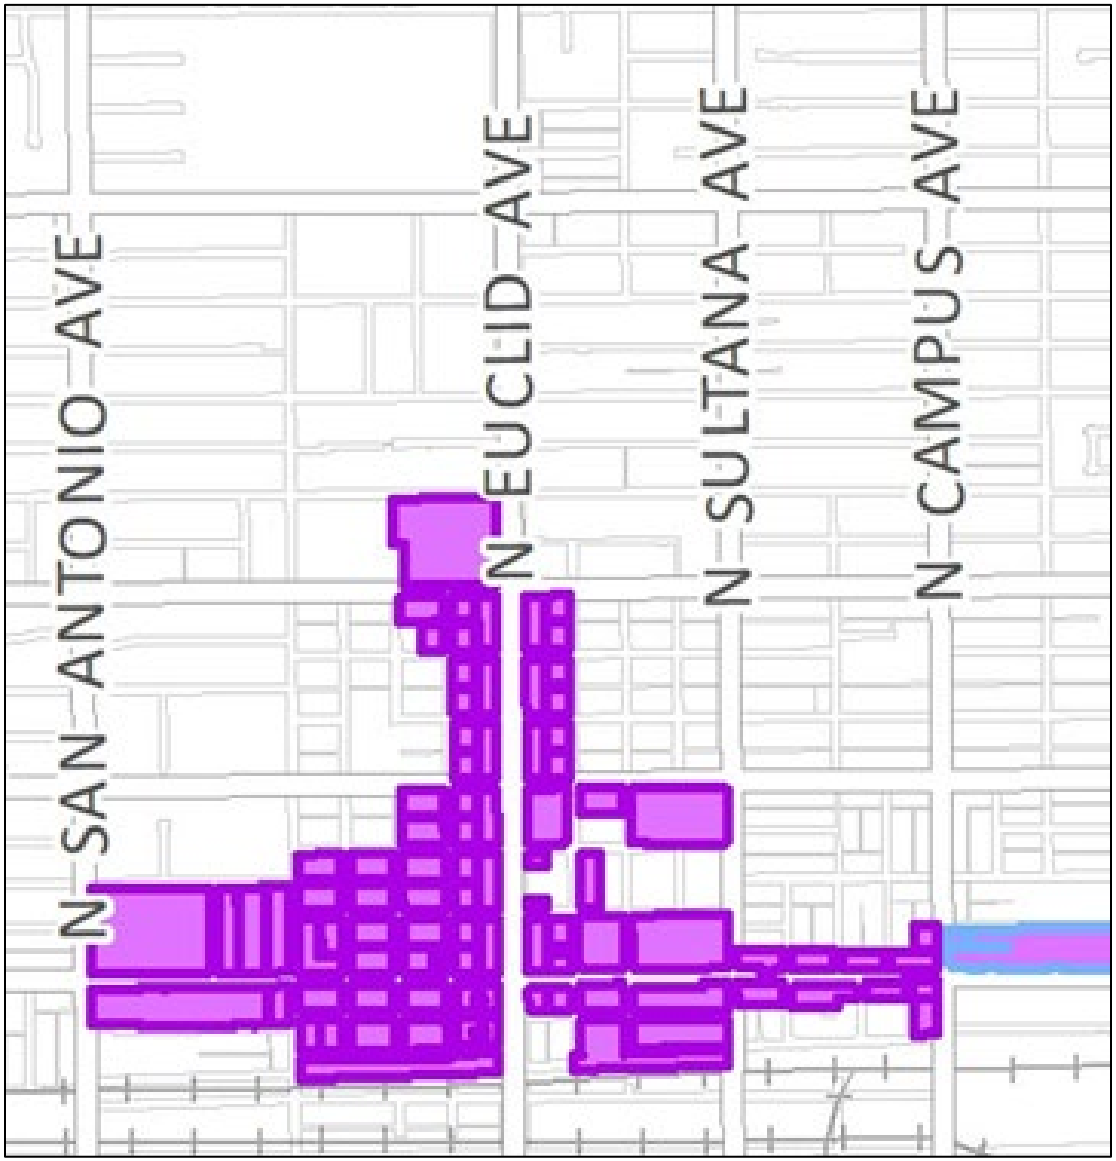
- The PUD will ensure the architectural enhancements complement the existing historic setting of the project location.

b. CD2 – Design Quality. A high level of design quality resulting in public spaces, streetscapes, and developments that are attractive, safe, functional and distinct.

    a. CD2-1 Quality Architecture. We encourage all development projects to convey visual interest and character through:

        - building volume, massing, and height to provide appropriate scale and proportion;
        - a true architectural style which is carried out in plan, section and elevation through all aspects of the building and site design and appropriate for its setting; and
        - Exterior building materials that are visually interesting, high quality, durable, and appropriate for the architectural style.
        - The PUD will ensure that architectural features and finishes which convey a particular style will be implemented to complement the existing historic setting of the project location.

2.4. Laurel Avenue Townhomes Project Objectives



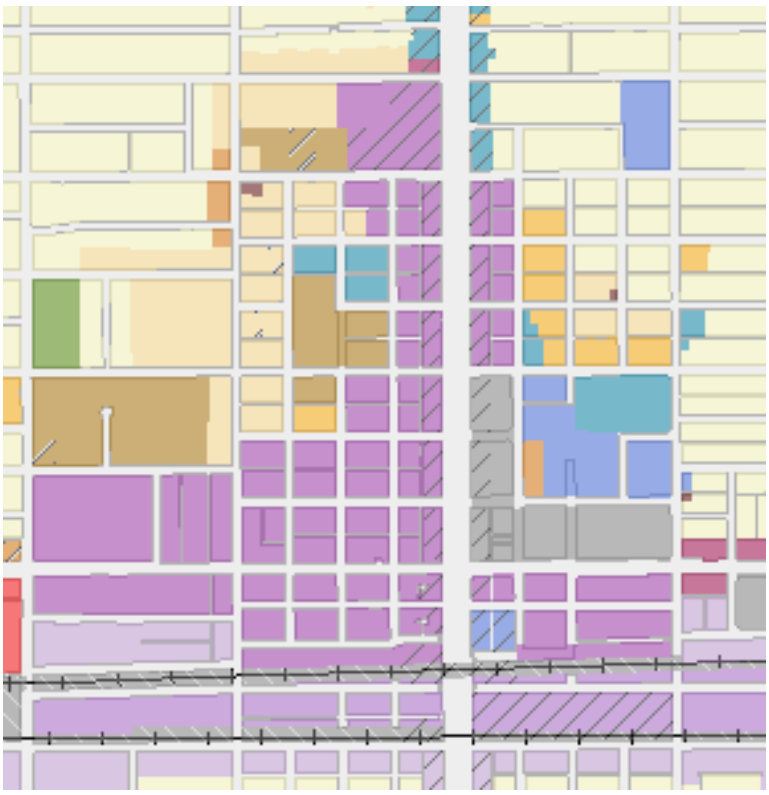
This Planned Unit Development provides guidelines for development of the project area. The following objectives are intended to provide a general framework for establishing development standards to ensure proper development of the project area.

a. Develop high quality housing

b. Establish appropriate relationships among new residential neighborhoods as well as with adjacent land use

c. Provide area of private and passive open space with each unit to include private balconies and roof decks.

Figure2-1: Downtown Growth Area Map



3. LAND USE PLAN

3.1. Land Use Plan/Allowable Uses

The Project site is located within the Downtown Mixed Use Area Policy Plan (General Plan) land use district, and the LUA-1 (Euclid Avenue Entertainment District) land use of the MU-1 (Downtown Mixed-Use) zoning district, which implements the Downtown Mixed Use growth area. The MU-1 zoning district was established to accommodate, and intensive mixture of vertical and horizontal retail and office uses at a development intensity of up to 2.0 FAR, and residential uses at a density of 25.1 to 75 dwelling units per acre. Development projects within the MU-1 zoning district are intended to maintain a pedestrian friendly atmosphere, while at the same time enhancing the historic character of the area.

Consistent with the intent of the Downtown Mixed Use Area and the MU-1 zoning district, the project site is suitable for multiple family residential development. Exhibit 3.1 MU-1 (Mixed Use Downtown) depicts the zoning designation.

Figure 3-1:MU-1 (Mixed Use Downtown) Zoning District Map

3.2. Residential Use

The project site is envisioned to be developed with attached walk-up row town townhomes units and may have multiple buildings consisting of two to eight units each. All units will be three story in height and have private garages on ground floor with direct access to the upper living areas on the second and third floor levels. All units will have private open space provided by a balcony and the 2-bedroom units will have private roof top decks.

3.3. Permitted Uses List

The Permitted Land uses within the Laurel Avenue Townhomes Planned Unit Development (PUD) are as follows:

a. Multiple family residential dwellings

b. Temporary uses as permitted within the residential districts of the City of Ontario Development Code subject to an Administrative Permit.

c. Other land use compatible with multiple family residential development projects, as determined by the Zoning Administrator.

Uses may be prohibited through rental contracts and agreements as provided by the owner and project management, unless prohibited by Federal, State or local laws.

4. DEVELOPMENT REGULATIONS

4.1. Residential Density

Residential density range shall be 25.1 to 75 dwelling units per acre. The project area consists of 0.79 acres of land which requires a minimum of 19 dwelling units and a maximum of 59 dwelling units

4.2. Building Height

No structure shall exceed 38 feet in height, except that the maximum height may be exceeded by roof mounted equipment, architectural projections, chimneys, elevator towers, parapet walls and any other rooftop structures up to 45 feet. No roof top equipment shall be visible from anywhere on the project site, public streets or adjacent properties, and shall be fully screened with appropriate architectural parapet walls or appropriate roof treatments. Roof mounted equipment shall not exceed the height of the structures and appurtenances used to screen the equipment.

Roof mounted AC equipment shall be located on roof decks and screened from views from surrounding units and properties.

4.3. Building Setbacks

Table4-1: Minimum Building Setbacks

Minimum Street Setbacks:	Distance
▪ Laurel Avenue	5 FT
▪ D Street	5 FT
▪ Alley	3 FT
Interior Side Setback	5 FT
Rear Setback	5 FT
Porches, Patio Covers, and Similar Architectural Projections**	4 FT
Minimum Building Separation (garage to garage)	30 FT
Minimum Building Separation (side to side/ front to front)	10 FT/22 FT

**No projection may encroach into any required easements

All setbacks shall be measured from the ultimate property lines. Placement of buildings, structures, fences, walls, utility facilities, yards etc. will be based on the streets right-of-way and the property line dimensions.

4.4. Access

Project access is allowed from D Street and the easterly alley. The D Street entrance should be considered the primary access and shall be enhanced with landscape, decorative pony walls, lighting, and with signage.

4.5. Open Space

Open space shall be provided for the passive and the active recreation opportunities within the project site. Two types of open space are required, private and common open space. Open space areas are for the use of the on-site residents and their guests. Required street setback areas are not counted towards the common open space requirements. Total open space per unit including private and common areas shall be a minimum of 345 square feet.

Private Open Space

Private open space shall be provided for each residential unit in order to provide private outdoor areas which can be enjoyed for the exclusive use by the occupant of the residential unit and their guests. Private open space can include balconies, patios, and roof decks or in any combination thereof.

Private open space shall be provided for all residential units and shall have direct access from each residential unit. Residential units shall have a minimum balcony or usable patio size of 45 square feet with a 6-foot minimum dimension for one bedroom units and 60 square feet minimum for 2-

bedroom units. If roof decks are designed as part of the project, the minimum size of shall be 140 square feet. The minimum private open space per unit shall be 150 square feet over the project average.

Common Open Space

Common Open Space shall be provided to allow for both passive and active types of recreation, along with the site landscape amenities. These areas are for use by project residents and their guests. A minimum of one recreation area is required and can be provided by an outdoor lounge area covered under a wood pergola equipped with barbeque and granite counter tops, table, chairs, and sofa. Required common open space is 195 square feet per unit.

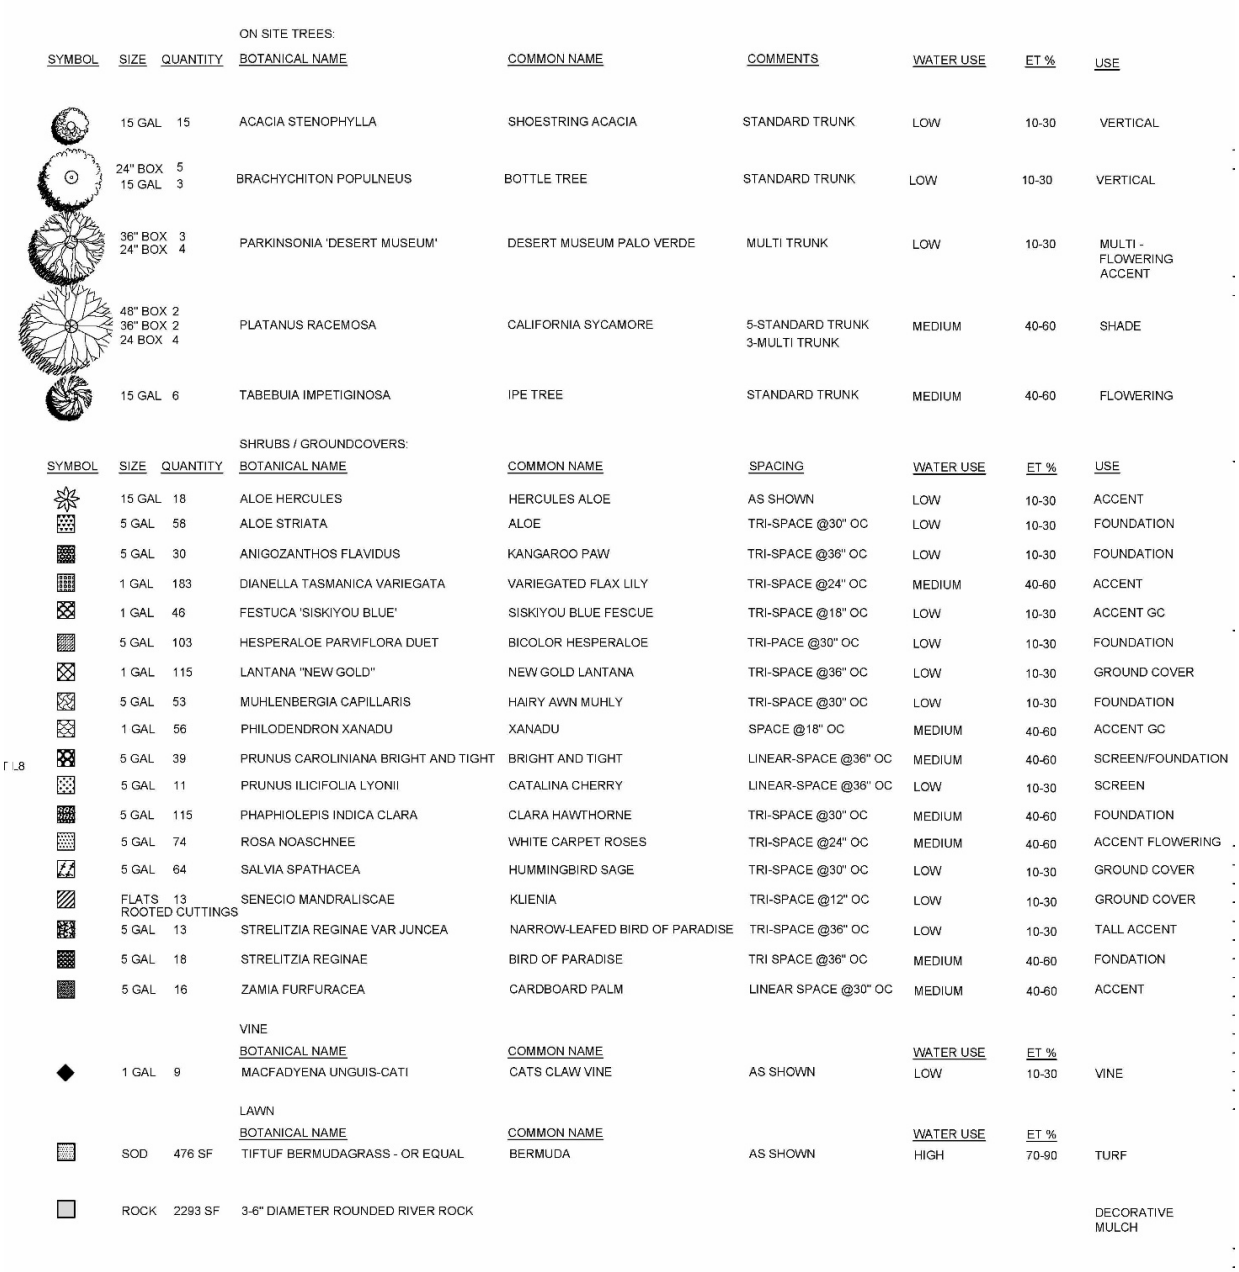
Areas not considered in common open space include (1) driveway and parking areas; (2) parking area landscaping; (3) street setback areas; and (5) other areas less than 10' in dimension not intended for active or passive recreation.

4.6. Landscaping

A conceptual landscape plan shall be submitted with each Development Plan within the Laurel Avenue Townhomes PUD area. The plan shall specify all landscape and hardscape elements for the development plan site. Detailed Landscape and Irrigation plans shall be required prior to the issuance of building permits. The detailed plans shall show location of ground mounted utility boxes and equipment, along with the methods of screening for these items from the public right-of-way and adjacent residences where possible (see Figure 4-1: Conceptual Landscape Planting Legend).

The Landscape and irrigation plan shall be designed with water conservation in mind, utilizing "California friendly" species and drought tolerant planting materials and meet the minimum requirement of 15 percent of site coverage. The landscaping and irrigation shall comply with the Water Conservation in Landscaping Act of 2006 (AB 1881), commencing with the California Government Code Section 65591.

4.7. Screening



General Requirements

a. All roof and ground mounted mechanical equipment shall be screened pursuant to the requirements of the Ontario Development Code.
b. Screening shall include plant and building materials compatible with the project design so it is well integrated and hidden within the project area.
c. Building and plant materials used for screening shall be compatible with the architectural style and planting palette used on the project area.
d. All ground level screening shall comply with the requirements of the Ontario Development Code Section 6.02.030 (Protection of Intersection Visibility).

Fences, Walls, and Hedges

Fences, walls and hedges shall comply with Section 6.02.030 (Protection of Intersection visibility) of the Ontario Development Code, Engineering Department corner sight distance standards, and all other applicable city standards. Fences and wall shall be made of decorative materials that are compatible with and enhance the overall architectural character of the project. All fences, walls and hedges shall be in scale with the development, and shall be used for screening, site enhancement, and creating a safer living environment for residents and their guests. All decorative walls, monuments, and/or other similar features shall not encroach into the public street right of way.

4.8. Site Accessibility

The site shall be designed to promote safety for residents by only allowing limited vehicular and pedestrian access into and across the site. This can be achieved through building orientation and placement and use of proper fences and gates to limit access to residents and their guests.

4.9. Vehicle Circulation

The project site shall be designed to accommodate parking access to private garages to ensure accessibility. Vehicular circulation shall be designed in a manner that promotes pedestrian safety and proper vehicular access through the site.

4.10. Pedestrian Circulation

Site design must provide for safe pedestrian circulation across the project site by separating the pedestrian areas from the vehicular access. This includes, but is not limited to, accessibility from unit entries to site amenities, and perimeter sidewalk areas through use of paseos and dedicated pedestrian pathways. Fencing and gates maybe used to limit public access to resident-only areas. Pedestrian circulation to designated dwelling units and amenity areas shall be in conformance with applicable state and local accessibility requirements.

4.11. Access to Mass Transit

Proposed Development Project within the PUD area should encourage the use of the existing bus stops by providing pedestrian connections to westbound line Omnitrans Route 83 with a bus stop located on the northwest corner of Euclid Avenue and D Street.

4.12. Public Right-of-Way Improvements

The public right-of-way shall be improved with the development of the site as required by the City. The public right-of-way improvements required are to include, but are not limited to the following: street pavement, curb & gutter, parkway landscaping, parkway irrigation, public sidewalk, traffic signing and striping, streetlights, bus stop, bus shelter and amenities. The extent of the required improvements shall be determined with development plan or tentative map approval.

4.13. Infrastructure

There are existing water mains in D Street. Laurel Avenue, and the alley, all fronting this project. The alley water main will be upsized from E Street to D Street. The water main in D Street will be upsized from Laurel Avenue to Euclid Avenue. There is currently an existing sewer main in the alley between E Street and D Street. Said sewer main will be abandoned and a new sewer main will be installed in Laurel Avenue, connecting to an existing main in the alley between D Street and C Street. A new sewer main will be installed in D Street from Laurel Avenue to the point of connection required for this project. The existing sewer main traversing the project will be abandoned.

4.14. Parking Requirements

All parking space size and location requirements shall conform to the standards set forth in Section 6.03.045 (Off-Street Parking Standards) of the Ontario Development Code.

On-site Parking Requirements

The number of parking spaces provided is based on the number of bedrooms contained within each of the dwelling units proposed, and is subject to the following requirements.

a. All required resident parking spaces shall be provided on-site, except fractional spaces may be provided off-site;

b. Resident parking shall be provided in enclosed garages.

c. Each dwelling unit is intended for occupancy by one family only, regardless of bedroom size(s) provided in a particular unit. Parking for dwellings shall be provided on-site and guest parking may be provided on-street and off-site.

Table5-1: Minimum Parking Requirements

Use	Parking Spaces Required
Multi-Family Dwellings:	
• Residential units	1 parking spaces per bedroom (in a garage)
• Visitor	0.2 parking spaces per unit

Off-site Parking Requirements

On-street or off-site parking may be utilized to satisfy guest parking requirements, subject to the following conditions:

a. On-street parking shall not be used for required resident parking.

b. On-street parking shall only be counted along the public streets surrounding the project site, on the side of the public streets adjoining the project, excluding the alley to the east of the site, and in nearby public parking lots.

c. On-street parallel parking spaces shall be calculated by the length of unobstructed curb adjacent to the project site.

2. DESIGN GUIDELINES

Specific to the downtown location and residential building type this PUD establishes the following design principles:

a. Create an architectural character that reflects the various styles within the historic downtown by using similar proportions, building details and building material.

b. New buildings should appear to fit in contextually with existing historic buildings by using similar proportions, articulation, building details and building material.

c. The overall character should feel like a modern interpretation of a traditional American small town.

d. Create compatibility between the mixed-use architecture and the residential architecture within the downtown area; the introduction of unifying elements such as similar materials and colors should be considered; however, "sameness" is discouraged.

2.1. Building Orientation and Streetscapes

Building orientation shall be designed to minimize noise impacts, aide in providing site safety, create proper accessibility to unit entries and parking garages. Design should enhance views from residential units while prioritizing privacy for all tenants. Parkways should be landscaped and buildings frontages should be orientated towards the street and public sidewalk and feature should have raised stoops and enclosed at-grade patio entries.

2.2. Architectural Character

The architectural style and design can be a "modern" interpretation of a traditional or contemporary style. The design may have pitched or flat roofs to accommodate roof decks for private outdoor space. New buildings should appear to fit in contextually with existing historic downtown by using similar proportion, articulation, building details and building material.

2.3. Architectural Details

Architectural details should complement and enhance openings, and accentuate overall design of the buildings. Detailing can be achieved through the use of projections, articulation, and fenestration to create interesting exterior elevations. Windows at prominent locations should be recessed to create shadow line. Careful detailing is appropriate at the base of buildings, along cornices, eaves, parapets or ridge tops and around entries and windows.

2.4. Materials and Color

Materials and color scheme shall be compatible with, and complementary to the overall style of the development project and surrounding area. Buildings on the site may utilize a combination of light and dark colors or color blocking to provide articulation of the building planes. Materials should be a combination of 20/30 stucco, plaster, brick or stone veneer at the first floor, metal railings, and

exterior awnings or other decorative projections. Features should appear to be an integral part of the building and not simply "tacked-on." Introduction of new or "modern" materials such as stack stone should be avoided.

2.5. On-Site Lighting

Decorative light fixtures attached to the buildings shall be compatible with the architectural style of the buildings, shall be provided for this development. All other on-site lighting shall meet development standard of the Ontario Development Code.

2.6. Signage

Signs within the project area shall comply with the Division 8.01 (Sign Regulations) of the Ontario Development Code.

2.7. Off Site Improvements

All off-site improvements shall be installed in accordance with the City standards, and to the satisfaction of the City Engineering department.

3. ADMINISTRATION

3.1. Items Not Addressed in PUD

Any terms, requirements, or regulations not addressed within this PLANNED UNIT DEVELOPMENT document shall be governed by the City of Ontario Development Code, and City Standards.

3.2. Development Applications

Development Plan approval, pursuant to the requirements of Ontario Development Code Section 4.02.025 (Development Plans), shall be required for the physical alteration of a lot, the construction of a building, or the addition or significant alteration of an existing building. A Development Plan application shall be submitted to the Planning Department on a City application form pursuant to the requirements of Ontario Development Code Division 2.02 (Application Filing and Processing), commencing with Subsection B (Discretionary Permits and Actions) of Section 2.02.015 (Application Processing Procedures).

3.3. Administrative Exceptions

Deviation from the development standards set forth in this document may be granted up to a maximum of 10 percent by the Zoning Administrator. Any deviation that is greater than 10 percent shall require an amendment to this PUD.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **PUBLIC HEARINGS**
Department: Development Administration Prepared By: Derrick E Womble Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 39

SUBJECT: **A PUBLIC HEARING TO CONSIDER THE ADOPTION OF AN ORDINANCE APPROVING A DEVELOPMENT AGREEMENT (FILE NO. PDA21-008) BETWEEN THE CITY OF ONTARIO AND JH BRAY, LLC, AND HCW LATHROP INVESTORS, LLC**

RECOMMENDATION: That the City Council introduce and waive further reading of an Ordinance approving a Development Agreement (File No. PDA21-008) between the City of Ontario and JH Bray, LLC, and HCW Lathrop Investors, LLC.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: The proposed Development Agreement (File No. PDA21-008) will not have a direct impact on the City's General Fund. The Development Agreement will provide funding from the formation of a Community Facilities District (CFD) for City services and facilities required to support the West Haven Specific Plan (Specific Plan) development, thereby mitigating the increased costs associated with such services. In addition, the City will receive public service funding fees plus development impact, compliance processing, licensing, and permitting fees. No General Fund revenue will be used to support the Ontario Ranch development.

BACKGROUND & ANALYSIS: The Ontario Ranch financial commitments required for construction of properties within a specific plan are substantial. Therefore, in order to adequately forecast these costs and gain assurance that the project may proceed under the existing policies, rules, and regulations, JH Bray, LLC, and HCW Lathrop Investors, LLC, (collectively the "Applicant" or "Owner"), has requested that the City enter into negotiations to create a Development Agreement (Agreement).

The Agreement proposes to include 19.1 acres of land within the Planning Area 3 land use districts of the West Haven Specific Plan, as shown on the attached Exhibit "A." The Agreement grants the Applicant a vested right to develop Tentative Tract Map 20452 (Map), provided the Owner complies with the terms and conditions of the Specific Plan and related EIR.

The Map, as shown on the attached Exhibit "B," is located approximately 1,300 south of the intersection of Riverside Drive and Haven Avenue and proposes to subdivide 19.1 acres into 111 numbered lots and 33 lettered lots for residential purposes, public/private streets, landscape neighborhood edges, and common open space purposes.

The term of the Agreement is for 10 years, with a 5-year option to renew. The main points of the Agreement address funding for all new City expenses created by the project, which includes: Development Impact Fees (DIF) for construction of public improvements (i.e. streets and bridges, sewer, water, storm drain and fiber); Public Service Funding to ensure adequate provisions of public services (police, fire and other public services); and the creation of a Community Facilities District (CFD) for the maintenance of public facilities.

In considering the Agreement at their meeting on June 27, 2023, the Planning Commission found the Agreement to be consistent with State law, The Ontario Plan, and the City's Development Agreement policies. As a result, the Planning Commission adopted Resolution No. PC23-050 with a 5 to 0 vote, recommending City Council approval of the Agreement.

ENVIRONMENTAL REVIEW: An Addendum to West Haven Specific Plan Environmental Impact Report (State Clearinghouse No. 200471095), which was certified by the City Council on July 7, 2007, was prepared. This application introduces no new significant environmental impacts. All previously adopted mitigation measures are a condition of Project approval and are incorporated herein by this reference.

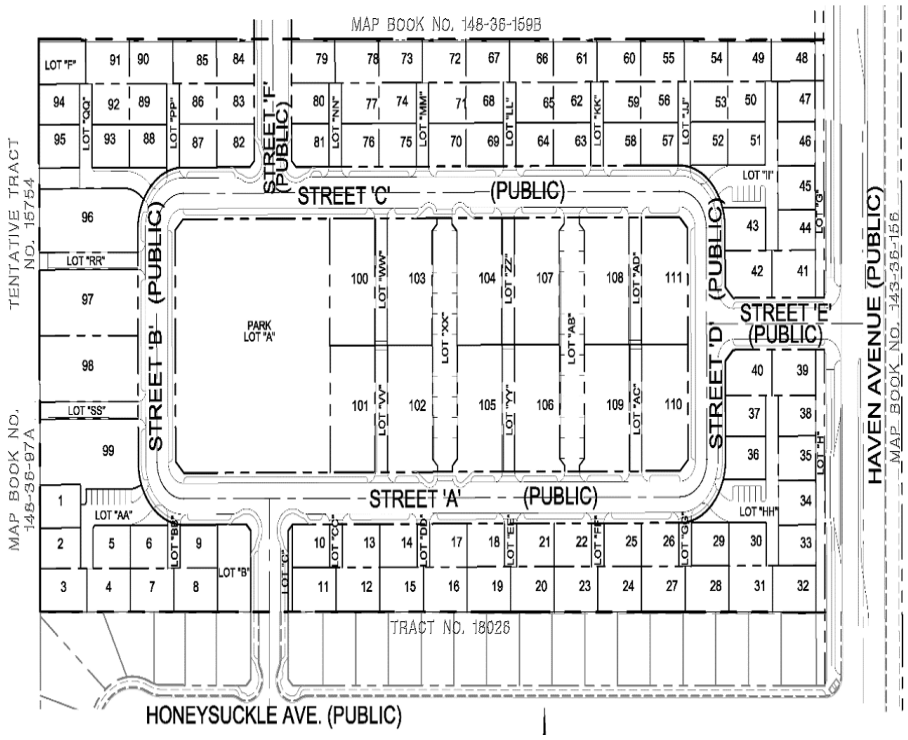

Exhibit A— WEST HAVEN SPECIFIC PLAN LAND USE MAP AMENDMENT
(File No. PSPA21-004)

Exhibit B— TENTATIVE TRACT MAP 20452

TENTATIVE TRACT MAP FOR CONDOMINUM PURPOSES NO. 20452

IN THE CITY OF ONTARIO, COUNTY OF SAN BERNARDINO
STATE OF CALIFORNIA

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING FILE NO. PDA21-008, A DEVELOPMENT AGREEMENT BETWEEN THE CITY OF ONTARIO AND JB BRAY LLC AND HCW LATHROP INVESTORS LLC, TO ESTABLISH THE TERMS AND CONDITIONS ASSOCIATED WITH TENTATIVE TRACT MAP 20452 (FILE NO. PMTT21-017), A 19.1 ACRE PROPERTY LOCATED APPROXIMATELY 1,300 SOUTH OF THE INTERSECTION OF RIVERSIDE DRIVE AND HAVEN AVENUE, WITHIN THE PLANNING AREA 3 LAND USE DISTRICT OF THE WEST HAVEN SPECIFIC PLAN (FILE NO. PSP03-006), AND MAKING FINDINGS IN SUPPORT THEREOF—APN: 0218-151-10.

WHEREAS, JB Bray LLC and HCW Lathrop Investors LLC ("Applicant") has filed an Application for the approval of a Development Agreement, File No. PDA21-008, as described in the title of this Resolution (hereinafter referred to as "Application" or "Project"); and

WHEREAS, the Application applies to 19.1 acres of land located approximately 1,300 south of Riverside Drive and Haven Avenue, within Planning Area 3 land use district of the West Haven Specific Plan (File No. PSP03-006); and

WHEREAS, the Applicant has submitted applications for a Specific Plan Amendment (File No. PSPA21-004) and Tentative Tract Map No. 20452 (File No. PMTT21-017) for condominium purposes, to facilitate the potential development of 111 numbered lots and 33 lettered lots for residential purposes, public/private streets, landscape neighborhood edges, and common open space purposes; and

WHEREAS, an Addendum to West Haven Specific Plan Environmental Impact Report (State Clearinghouse No. 200471095), which was certified by the City Council on July 7, 2007, was prepared. This application introduces no new significant environmental impacts. All previously adopted mitigation measures are a condition of Project approval and are incorporated herein by this reference; and

WHEREAS, Ontario Development Code Table 2.02-1 (Review Matrix) grants the Planning Commission the responsibility and authority to review and make recommendations to the City Council on the subject Application; and

WHEREAS, the Project has been reviewed for consistency with the Housing Element of the Policy Plan component of The Ontario Plan, as State Housing Element law (as prescribed in Government Code Sections 65580 through 65589.8) requires that development projects must be consistent with the Housing Element, if upon consideration of all its aspects, it is found to further the purposes, principals, goals, and policies of the Housing Element; and

WHEREAS, the Project is located within the Airport Influence Area of Ontario International Airport, which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties, and is subject to, and must be consistent with, the policies and criteria set forth in the Ontario International Airport Land Use Compatibility Plan (hereinafter referred to as "ALUCP"), which applies only to jurisdictions within San Bernardino County, and addresses the noise, safety, airspace protection, and overflight impacts of current and future airport activity; and

WHEREAS, on June 27, 2023, the Planning Commission of the City of Ontario conducted a hearing to consider the Project, and concluded said hearing on that date, voting to issue Resolution No. PC23-050 recommending the City Council approve the Application; and

WHEREAS, on July 18, 2023, the City Council of the City of Ontario conducted a hearing to consider the Project, and concluded said hearing on that date; and

WHEREAS, all legal prerequisites to the adoption of this Ordinance have occurred.

NOW, THEREFORE, IT IS HEREBY FOUND, DETERMINED, AND ORDAINED by the City Council of the City of Ontario, as follows:

SECTION 1. ***Environmental Determination and Findings.*** As the decision-making body for the Project, the City Council has reviewed and considered the information contained in the administrative record for the Project. Based upon the facts and information contained in the administrative record, including all written and oral evidence presented to the City Council, the City Council finds as follows:

(1) The environmental impacts of this project were previously reviewed in an Addendum to West Haven Specific Plan Environmental Impact Report (State Clearinghouse No. 200471095), for which a Certified EIR was adopted the City Council on July 7, 2007, was prepared. This application introduces no new significant environmental impacts; and

(2) The previous Certified EIR contains a complete and accurate reporting of the environmental impacts associated with the Project; and

(3) The previous Certified EIR was completed in compliance with CEQA and the Guidelines promulgated thereunder; and

(4) The previous Certified EIR reflects the independent judgment of the Planning Commission; and

(5) The proposed project will introduce no new significant environmental impacts beyond those previously analyzed in the previous Certified EIR, and all mitigation measures previously adopted with the Certified EIR, are incorporated herein by this reference.

SECTION 2. ***Subsequent or Supplemental Environmental Review Not Required.*** Based on the information presented to the City Council, and the specific findings set forth in Section 1, above, the City Council finds that the preparation of a subsequent or supplemental Certified EIR is not required for the Project, as the Project:

(1) Does not constitute substantial changes to the Certified EIR that will require major revisions to the Certified EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; and

(2) Does not constitute substantial changes with respect to the circumstances under which the Certified EIR was prepared, that will require major revisions to the Certified EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of the previously identified significant effects; and

(3) Does not contain new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence at the time the Certified EIR was certified/adopted, that shows any of the following:

(a) The project will have one or more significant effects not discussed in the Certified EIR; or

(b) Significant effects previously examined will be substantially more severe than shown in the Certified EIR; or

(c) Mitigation measures or alternatives previously found not to be feasible would in fact be feasible and would substantially reduce one or more significant effects of the Project, but the City declined to adopt such measures; or

(d) Mitigation measures or alternatives considerably different from those analyzed in the Certified EIR would substantially reduce one or more significant effects on the environment, but which the City declined to adopt.

SECTION 3. ***Housing Element Compliance.*** Pursuant to the requirements of California Government Code Chapter 3, Article 10.6, commencing with Section 65580, as the recommending authority for the Project, the Planning Commission finds that based on the facts and information contained in the Application and supporting documentation, at the time of Project implementation, the project is consistent with the Housing Element of the Policy Plan (General Plan) component of The Ontario Plan. The project site is not one of the properties in the Housing Element Sites contained in Tables B-1 and B-2 (Housing Element Sites Inventory) of the Housing Element Technical Report.

SECTION 4. ***Airport Land Use Compatibility Plan ("ALUCP") Compliance.*** The California State Aeronautics Act (Public Utilities Code Section 21670 et seq.) requires that an Airport Land Use Compatibility Plan be prepared for all public use airports in the State; and requires that local land use plans and individual development proposals must be consistent with the policies set forth in the adopted Airport Land Use Compatibility Plan.

(1) On April 19, 2011, the City Council of the City of Ontario approved and adopted the Ontario International Airport Land use Compatibility Plan, establishing the Airport Influence Area for Ontario International Airport, which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties, and limits future land uses and development within the Airport Influence Area, as they relate to noise, safety, airspace protection, and overflight impacts of current and future airport activity. As the decision-making body for the Project, the City Council has reviewed and considered the facts and information contained in the Application and supporting documentation against the ONT ALUCP compatibility factors, including [1] Safety Criteria (ONT ALUCP Table 2-2) and Safety Zones (ONT ALUCP Map 2-2), [2] Noise Criteria (ONT ALUCP Table 2-3) and Noise Impact Zones (ONT ALUCP Map 2-3), [3] Airspace protection Zones (ONT ALUCP Map 2-4), and [4] Overflight Notification Zones (ONT ALUCP Map 2-5). As a result, the DAB, therefore, finds and determines that the Project, when implemented in conjunction with the conditions of approval, will be consistent with the policies and criteria set forth within the ONT ALUCP; and

SECTION 5. ***Concluding Facts and Reasons.*** Based upon the substantial evidence presented to the City Council during the above-referenced hearing, and upon the specific findings set forth in Section 1 through 4, above, the City Council hereby concludes as follows:

(1) The Development Agreement applies to approximately 19.1 acres of land located approximately 1,300 feet south of the intersection of Riverside Drive and Haven Avenue, within Planning Area 3 land use district of the West Haven Specific Plan (File No. PSP03-006); and

(2) The Development Agreement establishes parameters for the development of land within the West Haven Specific Plan. The Development Agreement also grants the Applicant, the right to develop, the ability to quantify the fees; and establish the terms and conditions that apply to those projects. These terms and conditions are consistent with The Ontario Plan Policy Plan (General Plan), design guidelines and development standards for the Countryside Specific Plan; and

(3) The Development Agreement grants the Applicant a vested right to develop Tentative Parcel Map 20452 (File No. PMTT21-017) as long as the Applicant complies with the terms and conditions of the West Haven Specific Plan and EIR. Tentative Tract Map 20452 is located approximately 1,300 feet south of the intersection of Riverside Drive and Haven Avenue, within Planning Area 3 land use district of the West Haven Specific Plan, and proposes to subdivide 19.1 acres of land into 111 numbered lots and 33 lettered lots for residential purposes, public/private streets, landscape neighborhood edges, and common open space purposes; and

(4) The Development Agreement has been prepared in conformance with the goals and policies of The Ontario Plan Policy Plan (General Plan); and

(5) The Development Agreement does not conflict with the Land Use Policies of The Ontario Plan Policy Plan (General Plan) and will provide for development, within the district, in a manner consistent with the Policy Plan and with related development; and

(6) This Development Agreement will promote the goals and objectives of the Land Use Element of the Policy Plan; and

(7) This Development Agreement will not be materially injurious or detrimental to the adjacent properties and will not have a significant impact on the environment or the surrounding properties. An Addendum to West Haven Specific Plan Environmental Impact Report (State Clearinghouse No. 200471095), which was certified by the City Council on July 7, 2007, was prepared; and

(8) This Application introduces no new significant environmental impacts. All previously adopted mitigation measures are a condition of project approval and are incorporated herein by this reference.

SECTION 6. ***City Council Action.*** Based upon the findings and conclusions set forth in Sections 1 through 5, above, the City Council hereby APPROVES the herein described Development Agreement (File No. PDA21-008), attached hereto as "Attachment A," and incorporated herein by this reference. Approval of this Development Agreement is contingent upon City Council approving the following:

(1) West Haven Specific Plan Amendment (File No. PSPA21-004); and
(2) EIR Addendum to the West Haven Specific Plan EIR (File No. PSP03-006).

If the City Council does not approve the West Haven Specific Plan Amendment (File No. PSPA21-004) and EIR Addendum to the West Haven Specific Plan EIR (File No. PSP03-006), this Ordinance shall become null and void and of no further force and effect.

SECTION 7. ***City Manager Administrative Authority***. The City Council acknowledges that refinements and further development of the Ontario Ranch development area may demonstrate that changes are appropriate with respect to the details and performance of the parties under the Development Agreement. The City Council desires to retain a certain degree of flexibility with respect to the details of the Ontario Ranch developments, and with respect to those items covered in general terms under the Development Agreement. If and when the City Manager (or designee) and the Developer mutually find that changes, adjustments, or clarifications are appropriate to further the intended purposes of the Development Agreement, and such are not materially inconsistent with the Development Agreement, they may, unless otherwise required by law, effectuate such changes, adjustments, or clarifications by written amendment to this Agreement, or through one or more memoranda which are mutually approved by the City Manager on behalf of the City and by the Developer, and, after execution, shall be attached to the Development Agreement and become a part thereof. Unless otherwise required by law, no such changes, adjustments, or clarifications shall require prior notice or hearing before the City Council. The City Manager, with the approval of the City Attorney, shall have the authority but not the obligation to execute amendments, memoranda or other documents, and may take any action necessary to implement the Development Agreement.

SECTION 8. ***Indemnification.*** The Applicant shall agree to defend, indemnify and hold harmless, the City of Ontario or its agents, officers, and employees from any claim, action or proceeding against the City of Ontario or its agents, officers or employees to attack, set aside, void, or annul this approval. The City of Ontario shall promptly notify the applicant of any such claim, action, or proceeding, and the City of Ontario shall cooperate fully in the defense.

SECTION 9. ***Custodian of Records.*** The documents and materials that constitute the record of proceedings on which these findings have been based are located at the City of Ontario City Hall, 303 East "B" Street, Ontario, California 91764. The custodian for these records is the City Clerk of the City of Ontario.

SECTION 10. ***Severability.*** If any section, sentence, clause or phrase of this Ordinance or the application thereof to any entity, person or circumstance is held for any reason to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect other provisions or applications of this Ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this Ordinance are severable. The People of the City of Ontario hereby declare that they would have adopted this Ordinance and each section, sentence, clause or phrase thereof, irrespective of the fact that any one or more section, subsections, sentences, clauses or phrases be declared invalid or unconstitutional.

SECTION 11. ***Effective Date.*** This Ordinance shall become effective 30 days following its adoption.

SECTION 12. ***Publication and Posting.*** The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within 15 days following the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

DEVELOPMENT AGREEMENT NO. PDA21-008

This Development Agreement (hereinafter "Agreement") is entered into effective as of the ____ day of _____, 2023 by and among the City of Ontario, a California municipal corporation (hereinafter "CITY"), and JH Bray LLC, a Delaware limited liability company, and HCW Lathrop Investors LLC, a Delaware limited liability company (collectively hereinafter "OWNER"):

RECITALS

WHEREAS, CITY is authorized to enter into binding development agreements with persons having legal or equitable interests in real property for the development of such property, pursuant to Section 65864, et seq. of the Government Code; and

WHEREAS, OWNER has requested CITY to enter into a development agreement and proceedings have been taken in accordance with the rules and regulations of CITY; and

WHEREAS, by electing to enter into this Agreement, CITY shall bind future City Councils of CITY by the obligations specified herein and limit the future exercise of certain governmental and proprietary powers of CITY; and

WHEREAS, the terms and conditions of this Agreement have undergone extensive review by CITY and the City Council and have been found to be fair, just and reasonable; and

WHEREAS, the best interests of the citizens of the CITY and the public health, safety and welfare will be served by entering into this Agreement; and

WHEREAS, all of the procedures of the California Environmental Quality Act have been met with respect to the Project and the Agreement in that West Haven Specific Plan (State Clearinghouse No. 2004071095 (the "FEIR"). The City Council found and determined that the FEIR was prepared in accordance with the requirements of the California Environmental Quality Act and adequately describes the impacts of the project described in the FEIR, which included consideration of this Agreement; and

WHEREAS, this Agreement and the Project are consistent with the CITY's Comprehensive General Plan and the West Haven Specific Plan; and

WHEREAS, all actions taken and approvals given by CITY have been duly taken or approved in accordance with all applicable legal requirements for notice, public hearings, findings, votes, and other procedural matters; and

WHEREAS, development of the Property in accordance with this Agreement will provide substantial benefits to CITY and will further important policies and goals of CITY; and

WHEREAS, this Agreement will eliminate uncertainty in planning and provide for the orderly development of the Property, ensure progressive installation of necessary improvements, provide for public services appropriate to the development of the Project, and generally serve the purposes for which development agreements under Sections 65864 et seq. of the Government Code are intended; and

WHEREAS, OWNER has incurred and will in the future incur substantial costs in excess of the generally applicable requirements in order to assure vesting of legal rights to develop the Property in accordance with this Agreement.

WHEREAS, the Property is located in an area of the City of Ontario that has been known as the "New Model Colony" area and the New Model Colony area has now been renamed as "Ontario Ranch."

WHEREAS, the property developer/owners are made aware of the South Archibald Trichloroethylene (TCE) Plume Disclosure Letter (Exhibit "G"). Property owner may wish to provide the attached Letter as part of the Real Estate Transfer Disclosure requirements under California Civil Code Section 1102 et seq. This may include notifications in the Covenants, Conditions and Restrictions (CC&Rs) or other documents related to property transfer and disclosures. Additional information on the plume is available from the Santa Ana Regional Water Quality Control Board at http://geotracker.waterboards.ca.gov/profile_report.asp?global_id=T10000004658.

COVENANTS

NOW, THEREFORE, in consideration of the above recitals and of the mutual covenants hereinafter contained and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. DEFINITIONS AND EXHIBITS.

1.1 Definitions. The following terms when used in this Agreement shall be defined as follows:

1.1.1 "Agreement" means this Development Agreement.

1.1.2 "CITY" means the City of Ontario, California, a California municipal corporation.

1.1.3 "Construction Agreement" means that certain Agreement for the Financing and Construction of Phases I and II Infrastructure Improvements to Serve an Easterly Portion of the New Model Colony, entered into between the CITY and NMC Builders as of the 4th day of October, 2005, and all amendments thereto and "Construction Agreement Amendment" means that First Amended and Restated Agreement for the Financing and Construction of Limited Infrastructure Improvements to Serve and

Easterly Portion of the New Model Colony entered into between the CITY and NMC Builders as of the 21st day of August 2012.

1.1.4 "Development" means the improvement of the Property for the purposes of completing the structures, improvements and facilities comprising the Project including, but not limited to: grading; the construction of public infrastructure and public facilities related to the Project whether located within or outside the Property; the construction of buildings and structures; and the installation of landscaping. "Development" does not include the maintenance, repair, reconstruction or redevelopment of any building, structure, improvement or facility after the construction and completion thereof.

1.1.5 "Development Approvals" means all permits and other entitlements for use subject to approval or issuance by CITY in connection with development of the Property including, but not limited to:

(a) specific plans and specific plan amendments;

(b) tentative and final subdivision and parcel maps;

(c) development plan review;

(d) conditional use permits (including model home use permits), public use permits and plot plans;

(e) zoning;

(f) grading and building permits.

1.1.6 "Development Exaction" means any requirement of CITY in connection with or pursuant to any Land Use Regulation or Development Approval for the dedication of land, the construction of improvements or public facilities, or the payment of fees in order to lessen, offset, mitigate or compensate for the impacts of development on the environment or other public interests.

1.1.7 "Development Impact Fee" means a monetary exaction, other than a tax or special assessment, whether characterized as a fee or a tax and whether established for a broad class of projects by legislation of general applicability or imposed on a specific project on an ad hoc basis, that is charged by a local agency to the applicant in connection with approval of a development project for the purpose of defraying all or a portion of the cost of public facilities related to the development project, and, for purposes of this Agreement only, includes fees collected under development agreements adopted pursuant to Article 2.5 of the Government Code (commencing with Section 65864) of Chapter 4, For purposes of this Agreement only, "Development Impact Fee" shall not include processing fees and charges imposed by CITY to cover the estimated actual costs to CITY of processing applications for Development Approvals or for monitoring compliance with any Development Approvals granted or issued, including, without limitation, fees for zoning variances; zoning changes; use

permits; building inspections; building permits; filing and processing applications and petitions filed with the local agency formation commission or conducting preliminary proceedings or proceedings under the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, Division 3 (commencing with Section 56000) of Title 5 of the Government Code; the processing of maps under the provisions of the Subdivision Map Act, Division 2 (commencing with Section 66410) of Title 7 of the Government Code; or planning services under the authority of Chapter 3 (commencing with Section 65100) of Division 1 of Title 7 of the Government Code, fees and charges as described in Sections 51287, 56383, 57004, 65104, 65456, 65863.7, 65909.5, 66013, 66014, and 66451.2 of the Government Code, Sections 17951, 19132.3, and 19852 of the Health and Safety Code, Section 41901 of the Public Resources Code, and Section 21671.5 of the Public Utilities Code, as such codes may be amended or superceded, including by amendment or replacement.

1.1.8 "Development Plan" means the Existing Development Approvals and the Existing Land Use Regulations applicable to development of the Property.

1.1.9 "Effective Date" means the date that the ordinance approving this Agreement goes into effect.

1.1.10 "Existing Development Approvals" means all Development Approvals approved or issued prior to the Effective Date. Existing Development Approvals includes the Approvals incorporated herein as Exhibit "C" and all other Approvals which are a matter of public record on the Effective Date.

1.1.11 "Existing Land Use Regulations" means all Land Use Regulations in effect on the Effective Date. Existing Land Use Regulations includes the Regulations incorporated herein as Exhibit "D" and all other Land Use Regulations that are in effect and a matter of public record on the Effective Date.

1.1.12 "General Plan" means the General Plan adopted on August 16, 2022.

1.1.13 "Improvement" or "Improvements" means those public improvements required to support the development of the Project as described in the Tract Map conditions for Tract No. 20452 as further described in Exhibit "E" and depicted in Exhibit "F" (the "Infrastructure Improvements Exhibit").

1.1.14 "Land Use Regulations" means all ordinances, resolutions, codes, rules, regulations and official policies of CITY governing the development and use of land, including, without limitation, the permitted use of land, the density or intensity of use, subdivision requirements, timing and phasing of development, the maximum height and size of buildings, the provisions for reservation or dedication of land for public purposes, and the design, improvement and construction standards and specifications applicable to the development of the Property. "Land Use Regulations" does not include any CITY ordinance, resolution, code, rule, regulation or official policy, governing:

(a) the conduct of businesses, professions, and occupations;

(b) taxes and assessments;

(c) the control and abatement of nuisances;

(d) the granting of encroachment permits and the conveyance of similar rights and interests that provide for the use of or the entry upon public property;

(e) the exercise of the power of eminent domain.

1.1.15 "Mortgagee" means a mortgagee of a mortgage, a beneficiary under a deed of trust or any other security-device lender, and their successors and assigns.

1.1.16 "Net MDD" means net maximum daily water demand.

1.1.17 "NMC Builders" means the consortium of investors and developers responsible for the construction of infrastructure within the New Model Colony incorporated as NMC Builders, LLC.

1.1.18 "Model Units" means a maximum of fifteen (15) model units, private common recreation facilities and sales facilities constructed by OWNER prior to the construction of any Production units and not offered for sale and occupancy for a period of time after the issuance of permits for Production Units.

1.1.19 "OWNER" means the persons and entities listed as owner on page 1 of this Agreement and their permitted successors in interest to all or any part of the Property.

1.1.20 "Production Unit(s)" means all units constructed for sale or lease and occupancy by OWNER and excludes the specified number of Model Units constructed by OWNER for promotion of sales.

1.1.21 "Project" means the development of the Property contemplated by the Development Plan, as such Plan may be further defined, enhanced or modified pursuant to the provisions of this Agreement.

1.1.22 "Property" means the real property described on Exhibit "A" and shown on Exhibit "B" to this Agreement.

1.1.23 "Reservations of Authority" means the rights and authority excepted from the assurances and rights provided to OWNER under this Agreement and reserved to CITY under Section 3.6 of this Agreement.

1.1.24 "Specific Plan" means that certain specific plan adopted by the City Council, and entitled, "West Haven Specific Plan."

1.1.25 "Storm Water Treatment Capacity Availability" means a designated portion of the total Storm Water Treatment Capacity Availability made available through the completion of construction of a Phase of regional storm water treatment facilities by the

NMC Builders LLC as described in the Construction Agreement Amendment. The amount, in acres, of Storm Water Treatment Capacity Availability required for the issuance of a grading permit shall be based upon the factors and assumptions listed in the Construction Agreement Amendment.

1.1.26 "Subsequent Development Approvals" means all Development Approvals required subsequent to the Effective Date in connection with development of the Property.

1.1.27 "Subsequent Land Use Regulations" means any Land Use Regulations adopted and effective after the Effective Date of this Agreement.

1.1.28 "Water Availability Equivalent (WAE)" means a designated portion of the total Net MDD made available through the construction of each Phase described in the Water Phasing Plan of the Construction Agreement. The number of Water Availability Equivalents (of portions thereof) required for the issuance of each building permit shall be based upon water demand factors and assumptions listed in the Construction Agreement and Construction Agreement Amendment as "Water Availability Equivalents by Land Use" for each land use category.

1.2 Exhibits. The following documents are attached to, and by this reference made a part of, this Agreement:

Exhibit "A" — Legal Description of the Property.

Exhibit "B" — Map showing Property and its location.

Exhibit "C" — Existing Development Approvals.

Exhibit "D" — Existing Land Use Regulations.

Exhibit "E" — Description of Required Infrastructure Improvements

Exhibit "F" — Depiction of Required Infrastructure Improvements Exhibit

Exhibit "G" - Form of Plume Disclosure Letter

2. GENERAL PROVISIONS.

2.1 Binding Effect of Agreement. The Property is hereby made subject to this Agreement. Development of the Property is hereby authorized and shall be carried out only in accordance with the terms of this Agreement.

2.2 Ownership of Property. OWNER represents and covenants that it is the owner of the fee simple title to the Property or a portion thereof, or has the right to acquire fee simple title to the Property or a portion thereof from the current owner(s) thereof. To the extent OWNER does not own fee simple title to the Property, OWNER

shall obtain written consent from the current fee owner of the Property agreeing to the terms of this Agreement and the recordation thereof.

2.3 Term. The term of this Agreement shall commence on the Effective Date and shall continue for an initial term of ten (10) years thereafter unless this term is modified or extended pursuant to the provisions of this Agreement. The term of this Agreement may be extended for an additional five (5) years following expiration of the initial ten (10) year term, provided the following have occurred:

(a) OWNER provides at least 180 days written notice to CITY prior to expiration of the initial term; and

(b) In non-mixed use and residential use only projects, the OWNER shall have obtained, as applicable, building permits for at least seventy percent (70%) of the actual number of residential units permitted under this Agreement; and

(c) OWNER is not then in uncured default of this Agreement.

2.4 Assignment.

2.4.1 Right to Assign. OWNER shall have the right to sell, transfer or assign the Property in whole or in part (provided that no such partial transfer shall violate the Subdivision Map Act, Government Code Section 66410, et seq.), to any person, partnership, limited liability company, joint venture, firm or corporation at any time during the term of this Agreement; provided, however, that any such sale, transfer or assignment shall include the assignment and assumption of the rights, duties and obligations arising under or from this Agreement and be made in strict compliance with the following:

(a) No sale, transfer or assignment of any right or interest under this Agreement shall be made unless made together with the sale, transfer or assignment of all or a part of the Property. OWNER may be required to provide disclosure that the Property is within the South Archibald Trichloroethylene (TCE) Plume. OWNER may wish to provide the attached Disclosure Letter (Exhibit G) as part of the Real Estate Transfer Disclosure requirements under California Civil Code Section 1102 et seq.

(b) Concurrent with any such sale, transfer or assignment, or within fifteen (15) business days thereafter, OWNER shall notify CITY's City Manager, in writing, of such sale, transfer or assignment and shall provide CITY with: (1) an executed agreement, in a form reasonably acceptable to CITY, by the purchaser, transferee or assignee and providing therein that the purchaser, transferee or assignee expressly and unconditionally assumes all the duties and obligations of OWNER under this Agreement with respect to the portion of the Property so sold, transferred or assigned; and (2) the payment of the applicable processing charge to cover the CITY's review and consideration of such sale, transfer or assignment.

(c) Any sale, transfer or assignment not made in strict compliance with the foregoing conditions shall constitute a default by OWNER under this Agreement.

Notwithstanding the failure of any purchaser, transferee or assignee to execute the agreement required by Paragraph (b) of this Subsection 2.4.1, the burdens of this Agreement shall be binding upon such purchaser, transferee or assignee, but the benefits of this Agreement shall not inure to such purchaser, transferee or assignee until and unless such agreement is executed. The City Manager shall have the authority to review, consider and either approve, conditionally approve, or deny any proposed sale, transfer or assignment that is not made in compliance with this section 2.4.

2.4.2 Release of Transferring Owner. Notwithstanding any sale, transfer or assignment, a transferring OWNER shall continue to be obligated under this Agreement unless such transferring owner is given a release in writing by CITY, which release shall be provided by CITY upon the full satisfaction by such transferring owner of the following conditions:

(a) OWNER no longer has a legal or equitable interest in all or any part of the portion of the Property sold, transferred or assigned.

(b) OWNER is not then in default under this Agreement.

(c) OWNER has provided CITY with the notice and executed agreement required under Paragraph (b) of Subsection 2.4.1 above.

(d) The purchaser, transferee or assignee provides CITY with security equivalent to any security previously provided by OWNER to secure performance of its obligations hereunder.

2.4.3 Effect of Assignment and Release of Obligations. In the event of a sale, transfer or assignment pursuant to the provisions of Section 2.4.2 above:

(a) The assignee shall be liable for the performance of all obligations of OWNER with respect to transferred property, but shall have no obligations with respect to the portions of the Property, if any, not transferred (the "Retained Property").

(b) The owner of the Retained Property shall be liable for the performance of all obligations of OWNER with respect to Retained Property, but shall have no further obligations with respect to the transferred property.

(c) The assignee's exercise, use and enjoyment of the Property or portion thereof shall be subject to the terms of this Agreement to the same extent as if the assignee were the OWNER.

2.4.4 Subsequent Assignment. Any subsequent sale, transfer or assignment after an initial sale, transfer or assignment shall be made only in accordance with and subject to the terms and conditions of this Section 2.4.

2.4.5 Termination of Agreement with Respect to Individual Lots Upon Sale to Public and Completion of Construction. The provisions of Subsection 2.4.1 shall not apply to the sale or lease (for a period longer than one year) of any lot which has

been finally subdivided and is individually (and not in "bulk") sold or leased to a member of the public or other ultimate user. Notwithstanding any other provisions of this Agreement, this Agreement shall terminate with respect to any lot and such lot shall be released and no longer be subject to this Agreement without the execution or recordation of any further document upon satisfaction of both of the following conditions:

(a) The lot has been finally subdivided and individually (and not in "bulk") sold or leased (for a period longer than one year) to a member of the public or other ultimate user; and,

(b) A certificate of occupancy has been issued for a building on the lot, and the fees set forth under Section 4 of this Agreement have been paid.

2.5 Amendment or Cancellation of Agreement. This Agreement may be amended or cancelled in whole or in part only in the manner provided for in Government Code Section 65868.1. Any amendment of this Agreement, which amendment has been requested by OWNER, shall be considered by the CITY only upon the payment of the applicable processing charge. This provision shall not limit any remedy of CITY or OWNER as provided by this Agreement. Either Party or successor in interest, may propose an amendment to or cancellation, in whole or in part, of this Agreement. Any amendment or cancellation shall be by mutual consent of the parties or their successors in interest except as provided otherwise in this Agreement or in Government Code Section 65865.1. For purposes of this section, the term "successor in interest" shall mean any person having a legal or equitable interest in the whole of the Property, or any portion thereof as to which such person wishes to amend or cancel this Agreement. The procedure for proposing and adopting an amendment to, or cancellation of, in whole or in part, this Agreement shall be the same as the procedure for adopting and entering into this Agreement in the first instance. Notwithstanding the foregoing sentence, if the CITY initiates the proposed amendment to, or cancellation of, in whole or in part, this Agreement, CITY shall first give notice to the OWNER of its intention to initiate such proceedings at least sixty (60) days in advance of the giving the public notice of intention to consider the amendment or cancellation.

2.5.1 Amendment to Reflect Consistency With Future Amendments to the Construction Agreement. To the extent any future amendment to the Construction Agreement provides for modifications to rights or obligations that differ from or alter the same or similar rights or obligations contained in this Development Agreement, OWNER reserves the right to request an amendment to the Development Agreement to reflect any or all of such modifications.

2.5.2 Minor Modification. Upon the written application of OWNER, minor modifications and changes to the Development Plan including modifications to building design or footprint (not affecting minimum setbacks), park and landscape area design may be approved by the Director of the Planning Department without the need to amend this Development Agreement. Other changes in the Development Plan shall be processed pursuant to the City Zoning Ordinance. It is also contemplated by City and OWNER that OWNER may, from time to time, seek amendments to one or more of the

Development Approvals. Any such amendments are contemplated by City and OWNER as being within the scope of this Agreement as long as they are consistent with the Land Use Regulations and shall, upon approval by City, continue to constitute the Development Approvals as referenced herein. The parties agree that any such modifications or amendments shall not constitute an amendment to this Agreement nor require an amendment to this Agreement.

2.6 Termination. This Agreement shall be deemed terminated and of no further effect upon the occurrence of any of the following events:

(a) Expiration of the stated term of this Agreement as set forth in Section 2.3.

(b) Entry of a final judgment setting aside, voiding or annulling the adoption of the ordinance approving this Agreement.

(c) The adoption of a referendum measure overriding or repealing the ordinance approving this Agreement.

(d) Completion of the Project in accordance with the terms of this Agreement including issuance of all required occupancy permits and acceptance by CITY or applicable public agency of all required dedications.

Termination of this Agreement shall not constitute termination of any other land use entitlements approved for the Property. Upon the termination of this Agreement, no party shall have any further right or obligation hereunder except with respect to any obligation to have been performed prior to such termination or with respect to any default in the performance of the provisions of this Agreement which has occurred prior to such termination or with respect to any obligations which are specifically set forth as surviving this Agreement. Upon such termination, any public facilities and services mitigation fees paid pursuant to Section 4.2 of this Agreement by OWNER to CITY for residential units on which construction has not yet begun shall be refunded to OWNER by CITY.

2.7 Notices.

(a) As used in this Agreement, “notice” includes, but is not limited to, the communication of notice, request, demand, approval, statement, report, acceptance, consent, waiver, appointment or other communication required or permitted hereunder.

(b) All notices shall be in writing and shall be considered given either: (i) when delivered in person, including, without limitation, by courier, to the recipient named below; or (ii) on the date of delivery shown on the return receipt, after deposit in the United States mail in a sealed envelope as either registered or certified mail with return receipt requested, and postage and postal charges prepaid, and addressed to the recipient named below. All notices shall be addressed as follows:

If to CITY:
Scott Ochoa, City Manager
City of Ontario
303 East "B" Street
Ontario, CA 91764

If to OWNER:
Derek Barbour
Richland Communities
3161 Michelson, Suite 425
Irvine, CA 92612
dbarbour@richlandcommunities.com

with a copy to:
Ruben Duran, City Attorney
Best Best & Krieger, LLP
2855 E Guasti Road
Ontario, CA 91761

with a copy to:
Richland Legal Dept.
c/o John Troutman
3161 Michelson, Suite 425
Irvine, CA 92612
jtroutman@richlandinvestments.com

(c) Either party may, by notice given at any time, require subsequent notices to be given to another person or entity, whether a party or an officer or representative of a party, or to a different address, or both. Notices given before actual receipt of notice of change shall not be invalidated by the change.

3. DEVELOPMENT OF THE PROPERTY.

3.1 Rights to Develop. Subject to the terms of this Agreement including the Reservations of Authority, OWNER shall have a vested right to develop the Property in accordance with, and to the extent of, the Development Plan. The Project shall remain subject to all Subsequent Development Approvals required to complete the Project as contemplated by the Development Plan. Except as otherwise provided in this Agreement, the permitted uses of the Property, the density and intensity of use, the maximum height and size of proposed buildings, and provisions for reservation and dedication of land for public purposes shall be those set forth in the Development Plan.

3.2 Effect of Agreement on Land Use Regulations. Except as otherwise provided under the terms of this Agreement including the Reservations of Authority, the rules, regulations and official policies governing permitted uses of the Property, the density and intensity of use of the Property, the maximum height and size of proposed buildings, and the design, improvement and construction standards and specifications applicable to development of the Property shall be the Existing Land Use Regulations. In connection with any Subsequent Development Approval, CITY shall exercise discretion in accordance with the same manner as it exercises its discretion under its police powers, including the Reservations of Authority set forth herein; provided however, that such discretion shall not prevent development of the Property for the uses and to the density or intensity of development set forth in this Agreement.

3.3 Timing of Development. The parties acknowledge that OWNER cannot at this time predict when or the rate at which phases of the Property will be developed. Such decisions depend upon numerous factors which are not within the control of OWNER, such as market orientation and demand, interest rates, absorption, completion

and other similar factors. Since the California Supreme Court held in Pardee Construction Co. v. City of Camarillo (1984) 37 Ca1. 3d 465, that the failure of the parties therein to provide for the timing of development resulted in a later adopted initiative restricting the timing of development to prevail over such parties' agreement, it is the parties' intent to cure that deficiency by acknowledging and providing that OWNER shall have the right to develop the Property in such order and at such rate and at such times as OWNER deems appropriate within the exercise of its subjective business judgment.

3.3.1 Infrastructure Improvement Exhibit. Attached hereto as Exhibits "E" and "F" are a description and depiction, respectively, of the improvements needed for the development of the Property. In the event of any discrepancy between Exhibit E and Exhibit F, Exhibit F shall control.

3.4 Requirement for Public Infrastructure Improvements. Development of the Property is contingent in part on the phasing of area-wide infrastructure improvements over which the OWNER has control. The issuance of building permits by CITY for Model Units and Production Units is, in general, contingent on OWNER's completion of needed infrastructure improvements and the availability of improvements and services to serve the Property.

3.4.1 Attached hereto as Exhibit "E" and Exhibit "F" are the description and depiction of the infrastructure improvements needed for the development of the Property ("the Infrastructure Improvement Exhibit").

3.4.2 Subject to the prior submittal by OWNER and approval by CITY of a plan to provide sufficient public infrastructure for the construction of a maximum number of fifteen (15) Model Units, private common recreation facilities and sales facilities. CITY may issue a maximum of fifteen (15) building permits for Model Units, private common recreation facilities and sales facilities. The plan to be submitted by OWNER for CITY approval shall describe the utilities and other infrastructure necessary to provide sufficient fire protection and other public health and safety requirements for the Model Units and other facilities.

3.5 Changes and Amendments. The parties acknowledge that refinement and further development of the Project will require Subsequent Development Approvals and may demonstrate that changes are appropriate and mutually desirable in the Existing Development Approvals. In the event OWNER finds that a change in the Existing Development Approvals is necessary or appropriate, OWNER shall apply for a Subsequent Development Approval to effectuate such change and CITY shall process and act on such application in accordance with the Existing Land Use Regulations, except as otherwise provided by this Agreement including the Reservations of Authority. If approved, any such change in the Existing Development Approvals shall be incorporated herein as an addendum to Exhibit "C" and may be further changed from time to time as provided in this Section. Unless otherwise required by law, as determined in CITY's reasonable discretion, a change to the Existing Development

Approvals shall be deemed "minor" and not require an amendment to this Agreement provided such change does not:

(a) Alter the permitted uses of the Property as a whole; or,

(b) Increase the density or intensity of use of the Property as a whole; or,

(c) Increase the maximum height and size of permitted buildings; or,

(d) Delete a requirement for the reservation or dedication of land for public purposes within the Property as a whole; or,

(e) Constitute a project requiring a subsequent or supplemental environmental impact report pursuant to Section 21166 of the Public Resources Code.

3.6 Reservations of Authority.

3.6.1 Limitations, Reservations and Exceptions. Notwithstanding any other provision of this Agreement, the CITY shall not be prevented from applying new rules, regulations and policies upon the OWNER, nor shall a development agreement prevent the CITY from denying or conditionally approving any subsequent development project application on the basis of such new rules, regulations and policies where the new rules, regulations and policies consist of the following:

(a) Processing fees by CITY to cover costs of processing applications for development approvals or for monitoring compliance with any development approvals;

(b) Procedural regulations relating to hearing bodies, petitions, applications, notices, findings, records and any other matter of procedure;

(c) Regulations, policies and rules governing engineering and construction standards and specifications applicable to public and private improvements, including all uniform codes adopted by the CITY and any local amendments to those codes adopted by the CITY; provided however that, OWNER shall have a vested right to develop the Property in accordance with, and to the extent of, the standards and specifications that are expressly identified in the Specific Plan;

(d) Regulations that may conflict with this Agreement and the Development Plan but that are reasonably necessary to protect the residents of the project and/or of the immediate community from a condition perilous to their health or safety;

(e) Regulations that do not conflict with those rules, regulations and policies set forth in this Agreement or the Development Plan;

(f) Regulations that may conflict with this Agreement but to which the OWNER consents.

3.6.2 Subsequent Development Approvals. This Agreement shall not prevent CITY, in acting on Subsequent Development Approvals, from applying Subsequent Land Use Regulations that do not conflict with the Development Plan, nor shall this Agreement prevent CITY from denying or conditionally approving any Subsequent Development Approval on the basis of the Existing Land Use Regulations or any Subsequent Land Use Regulation not in conflict with the Development Plan.

3.6.3 Modification or Suspension by State or Federal Law. In the event that State or Federal laws or regulations, enacted after the Effective Date of this Agreement, prevent or preclude compliance with one or more of the provisions of this Agreement, such provisions of this Agreement shall be modified or suspended as may be necessary to comply with such State or Federal laws or regulations, provided, however, that this Agreement shall remain in full force and effect to the extent it is not inconsistent with such laws or regulations and to the extent such laws or regulations do not render such remaining provisions impractical to enforce. In the event OWNER alleges that such State or Federal laws or regulations preclude or prevent compliance with one or more provisions of this Agreement, and the CITY does not agree, the OWNER may, at its sole cost and expense, seek declaratory relief (or other similar non-monetary remedies); provided however, that nothing contained in this Section 3.6.3 shall impose on CITY any monetary liability for contesting such declaratory relief (or other similar non-monetary relief).

3.6.4 Intent. The parties acknowledge and agree that CITY is restricted in its authority to limit its police power by contract and that the foregoing limitations, reservations and exceptions are intended to reserve to CITY all of its police power which cannot be so limited. This Agreement shall be construed, contrary to its stated terms if necessary, to reserve to CITY all such power and authority which cannot be restricted by contract.

3.7 Public Works; Utilities. If OWNER is required by this Agreement to construct any public works facilities which will be dedicated to CITY or any other public agency upon completion, and if required by applicable laws to do so, OWNER shall perform such work in the same manner and subject to the same requirements as would be applicable to CITY or such other public agency should it have undertaken such construction. As a condition of development approval, OWNER shall connect the Project to all utilities necessary to provide adequate water, recycled water, sewer, gas, electric, and other utility service to the Project. As a further condition of development approval, OWNER shall contract with the CITY for CITY-owned or operated utilities for

this purpose, for such price and on such terms as may be available to similarly situated customers in the CITY.

3.7.1 OWNER agrees that development of the Project shall require the construction of storm drain improvements as described in Exhibit E and depicted in Exhibit F. OWNER agrees that no building permits shall be issued by CITY for Production Units prior to completion of the storm drain improvements, as described in Exhibit E and depicted in Exhibit F.

3.7.2 OWNER agrees that development of the Project shall require the construction of street improvements and traffic signal(s), as described in Exhibit E and depicted in Exhibit F. OWNER agrees that no building permits shall be issued by CITY for Production Units prior to completion of the street improvements and traffic signal(s), as described in Exhibit E and depicted in Exhibit F.

3.7.3 OWNER agrees that development of the Property shall require the construction of water and recycled water improvements as described in Exhibit E and depicted in Exhibit F. OWNER agrees that no building permits shall be issued by CITY for Production Units prior to completion of the water and recycled water improvements as described in Exhibit E and depicted in Exhibit F. OWNER also agrees that recycled water shall be available and utilized by OWNER for all construction-related water uses including prior to, and during, any grading of the Property.

3.7.4 OWNER agrees that development of the Property shall require the construction of sewer improvements, as described in the attached Exhibit E and depicted in Exhibit F. OWNER agrees that no building permits shall be issued by CITY for Production Units prior to completion of the sewer improvements, as described in Exhibit E and depicted in Exhibit F.

3.7.5 OWNER agrees that development of the Property shall require the extension of fiber optic communications improvements as described in the attached Exhibit E and depicted in Exhibit F. OWNER agrees that no building permits shall be issued by CITY for Production Units prior to completion of the fiber optic communication improvements, as described in Exhibit E and depicted in Exhibit F.

3.7.6 OWNER agrees that development of the Property shall require the construction of the Southern California Edison (SCE) trail described in the attached Exhibit E and depicted in Exhibit F. OWNER agrees that the occupancy of the last Production Unit with the property will not be released prior to completion of the trail improvements, as described in Exhibit E and depicted in Exhibit F. OWNER shall make their best reasonable efforts to receive right-of-way approvals or licenses from SCE and/or other agencies to complete the SCE trail improvements. OWNER shall provide periodic updates to CITY every ninety (90) days, or upon written request from the CITY.

3.8 Acquisition of Offsite Provision of Real Property Interests. In any instance where OWNER is required by any Development Approval or Land Use Regulation and the Construction Agreement to construct any public improvement on land not owned by OWNER ("Offsite Improvements"), the CITY and OWNER shall cooperate in acquiring the necessary legal interest ("Offsite Property") in accordance with the procedures set forth in Section 2.4 of the Construction Agreement. This section 3.8 is not intended by the parties to impose upon the OWNER an enforceable duty to acquire land or construct any public improvements on land not owned by OWNER, except to the extent that the OWNER elects to proceed with the development of the Project, and then only in accordance with valid conditions imposed by the CITY upon the development of the Project under the Subdivision Map Act or other legal authority.

3.8.1 CITY Acquisition of Non-Construction Agreement Offsite Property. In the event OWNER is required to construct any public improvements on land not owned by OWNER, but such requirement is not based upon the Construction Agreement, Sections 3.8.1 and 3.8.2 shall control the acquisition of the necessary property interest(s) ("Non-Construction Agreement Offsite Property"). If the OWNER is unable to acquire such Non-Construction Agreement Offsite Property, and following the written request from the OWNER to CITY, CITY agrees to use reasonable and diligent good faith efforts to acquire the Non-Construction Agreement Offsite Property from the owner or owners of record by negotiation to the extent permitted by law and consistent with this Agreement. If CITY is unable to acquire the Non-Construction Agreement Offsite Property by negotiation within thirty (30) days after OWNER'S written request, CITY shall, initiate proceedings utilizing its power of eminent domain to acquire that Non-Construction Agreement Subject Property at a public hearing noticed and conducted in accordance with California Code of Civil Procedure Section 1245.235 for the purpose of considering the adoption of a resolution of necessity concerning the Non-Construction Agreement Offsite Property, subject to the conditions set forth in this Section 3.8. The CITY and OWNER acknowledge that the timelines set forth in this Section 3.8.1 represent the maximum time periods which CITY and OWNER reasonably believe will be necessary to complete the acquisition of any Non-Construction Agreement Offsite Property. CITY agrees to use reasonable good faith efforts to complete the actions described within lesser time periods, to the extent that it is reasonably able to do so, consistent with the legal constraints imposed upon CITY.

3.8.2 Owner's Option to Terminate Proceedings. CITY shall provide written notice to OWNER no later than fifteen (15) days prior to making an offer to the owner of the Non-Construction Agreement Offsite Property. At any time within that fifteen (15) day period, OWNER may, at its option, notify CITY that it wants CITY to cease all acquisition proceedings with respect to that Non-Construction Agreement Offsite Property, whereupon CITY shall cease such proceedings. CITY shall provide written notice to OWNER no later than fifteen (15) days prior to the date of the hearing on CITY'S intent to consider the adoption of a resolution of necessity as to any Non-Construction Agreement Offsite Property.

At any time within that fifteen (15) day period, OWNER may, at its option, notify CITY that it wants CITY to cease condemnation proceedings, whereupon CITY shall cease such proceedings. If OWNER does not notify CITY to cease condemnation proceedings within said fifteen (15) day period, then the CITY may proceed to consider and act upon the Non-Construction Agreement Offsite Property resolution of necessity. If CITY adopts such resolution of necessity, then CITY shall diligently institute condemnation proceedings and file a complaint in condemnation and seek an order of immediate possession with respect to the Non-Construction Agreement Offsite Property.

3.9 Regulation by Other Public Agencies. It is acknowledged by the parties that other public agencies not within the control of CITY possess authority to regulate aspects of the development of the Property separately from or jointly with CITY and this Agreement does not limit the authority of such other public agencies. CITY agrees to cooperate fully, at no cost to CITY, with OWNER in obtaining any required permits or compliance with the regulations of other public agencies provided such cooperation is not in conflict with any laws, regulations or policies of the CITY.

3.10 Tentative Tract Maps; Extension. With respect to applications by OWNER for tentative subdivision maps for portions of the Property, CITY agrees that OWNER may file and process tentative maps in accordance with Chapter 4.5 (commencing with Section 66498.1) of Division 2 of Title 7 of the California Government Code and the applicable provisions of CITY's subdivision ordinance, as the same may be amended from time to time. In accordance with the provisions of Section 66452.6 of the Government Code, each tentative subdivision map or tentative parcel map, heretofore or hereafter approved in connection with development of the Property, shall be deemed to have been granted an extension of time to and until the date that is five (5) years following the Effective Date of this Agreement. The CITY's City Council may, in its discretion, extend any such map for an additional period of up to five (5) years beyond its original term, so long as the subdivider files a written request for an extension with the City prior to the expiration of the initial five (5) year term.

4. PUBLIC BENEFITS.

4.1 Intent. The parties acknowledge and agree that development of the Property will result in substantial public needs that will not be fully met by the Development Plan and further acknowledge and agree that this Agreement confers substantial private benefits on OWNER that should be balanced by commensurate public benefits. Accordingly, the parties intend to provide consideration to the public to balance the private benefits conferred on OWNER by providing more fully for the satisfaction of the public needs resulting from the Project.

4.2 Development Impact Fees.

4.2.1 Amount of Development Impact Fee. Development Impact Fees (DIF) shall be paid by OWNER. The Development Impact Fee amounts to be paid by OWNER shall be the amounts that are in effect at the time such amounts are

due. Nothing contained in this Agreement shall affect the ability of the CITY to impose new Development Impact Fees or amend the amounts of existing Development Impact Fees. Additionally, nothing contained in this Agreement shall affect the ability of other public agencies that are not controlled by CITY to impose and amend, from time to time, Development Impact Fees established or imposed by such other public agencies, even though such Development Impact Fees may be collected by CITY.

4.2.2 Time of Payment. The Development Impact Fees required pursuant to Subsection 4.2.1 shall be paid to CITY prior to the issuance of building permit for each applicable residential or other unit, except for the Open Space and Habitat Acquisition Development Impact fee, which shall be paid by OWNER to CITY prior to the issuance of a grading permit. Deferral of the payment of Development Impact Fees may be granted pursuant to a separate agreement approved by City pursuant to City policy.

4.2.3 Parkland and Quimby Act Fees. Pursuant to the General Plan (Ontario Plan) Goal PR1, Policy PR1-5 (achievement of a park standard of 5 acres of parkland per 1,000 residents) OWNER shall provide improved parks, developed in accordance with the City's park standards in an amount equal to two (2) acres per 1,000 of projected population without credit, reimbursement, offset or consideration from City. Such areas shall either be dedicated to the City or transferred to a homeowners' association. If approved by the City Manager, OWNER may satisfy this requirement through the development of non-public recreation facilities such as private recreational clubhouses or pool facilities. Credit for such private recreational facilities areas shall be limited to a maximum of 50% of the foregoing park development requirement. If OWNER's Project does not provide dedicated and developed park acreage equal to two (2) acres per 1,000 projected population, OWNER shall pay a fee in-lieu equal to the per acre estimated costs of acquisition and development of parkland in the City's Development Impact Fee for the calculated park acreage deficiency, at the time the fee becomes due and payable to the City. Such in-lieu fee shall be due and payable prior to the issuance of the first building permit for Production Units issued to OWNER. Any park dedication and/or improvements in excess of such two (2) acres per thousand standard, provided such park has been developed in accordance with the City's park standards and is open to the public generally, shall entitle OWNER to a credit toward its obligations under the Quimby Act (Gov. Code, § 64477) and the City's implementing ordinance and/or resolution (collectively "**Quimby Act Obligations**"), and to the extent OWNER's Quimby Act Obligations are satisfied, OWNER shall be entitled to have the City acquire such developed and publicly available parks as Non-Program Interests in accordance with Section 4.3.3 below.

4.2.4 Parkland Required and Provided. Tract Map No. 20452 includes ninety-five (95) single-family detached units and ninety-six (96) single-family attached units requiring 1.37 acres of improved park per Section 4.2.3 above. Tract Map No.

20452 provides 1.79 acres of improved park satisfying the CITY's park standards.

4.3 Responsibility for Construction of Public Improvements.

4.3.1 Timely Construction of Public Infrastructure. The phasing of the areawide infrastructure construction within the New Model Colony will be as approved by the CITY. OWNER shall be responsible for the timely construction and completion of all public infrastructure required for the Project as shown on the attached Exhibit "F" and any and all tentative tract map conditions. Unless otherwise specified in the Subdivision Agreement/Tract Map conditions, all other required Improvements for each Tract Map, shall be completed and operational prior to, and as a condition precedent to, OWNER requesting and CITY's granting of the first building permit for Production Units for each such Tract Map. All Infrastructure and Improvements shall be completed as required by the Subdivision Agreement/Tract Map conditions for Tract Map No. 20452.

4.3.1.1 SCE Trail. Per the Conditions of Approval for Tract Map No. 20452, OWNER is responsible for design and construction of a multipurpose trail within the Southern California Edison (SCE) Corridor, from the northern boundary of the of the Tract Map to the southern boundary, prior to completion of the last Production Unit within the Property. OWNER shall make their best reasonable efforts to receive right-of-way approvals or licenses from SCE and/or other agencies to complete the SCE trail improvements. OWNER shall provide periodic updates to CITY every ninety (90) days, or upon written request from the CITY.

4.3.2 Construction of DIF Program Infrastructure (Construction Agreement). To the extent OWNER is required to construct and completes construction of public improvements that are included in CITY's Development Impact Fee Program and the Construction Agreement between CITY and NMC Builders LLC, CITY agrees that CITY shall issue DIF Credit in accordance with the provisions of the Construction Agreement and any amendments thereto. Use of DIF Credit issued to OWNER as a member of NMC Builders LLC to offset OWNER's DIF payment obligations shall also be subject to the provisions of the Construction Agreement and any amendments thereto.

4.3.3 Construction of DIF Program Infrastructure (Non-Construction Agreement). To the extent OWNER is required to construct and completes construction of public improvements that are included in CITY's Development Impact Fee Program and such public improvements are not included the Construction Agreement between CITY and NMC Builders LLC, CITY agrees that CITY shall issue DIF Credit in accordance with the provisions of a separate Fee Credit Agreement between CITY and OWNER. Limitation on the use of DIF Credit issued to OWNER to offset OWNER's DIF payment obligations shall also be subject to the provisions of a separate Fee Credit Agreement. CITY and

OWNER agree that the Fee Credit Agreement between CITY and OWNER shall comply with CITY's adopted policies applicable to such agreements.

4.3.4 Construction of Public Infrastructure by Third Parties. CITY and OWNER acknowledge the Improvements described in Exhibit E and depicted in Exhibit F are required for the development of the Property, surrounding properties within the Ontario Ranch and the other property owners are also obligated to construct the Improvements or portions thereof. As such, CITY agrees that OWNER's obligation to construct the Improvements may be satisfied by third party owners pursuant to separate written agreements between OWNER and said third party undertaking the construction of the Improvements. Nothing in this Agreement shall be construed to prohibit the coordination of the construction of the Improvements between private parties, including the allocation of costs for the construction of the Improvements. Notwithstanding anything to the contrary herein, any applicable DIF Credits may be transferred and assigned from one (1) party to another with respect to the construction of the Improvements and such transfer or assignment shall not require the conveyance of any real property. Additionally, OWNER and CITY agree that a portion of the improvements described in Exhibit E and depicted in Exhibit F, may be constructed by others. If such improvements are constructed by others and are completed and accepted by CITY prior to OWNER's request to CITY of the required grading, building or other required permits for OWNER to initiate construction of structures for the Property, then OWNER shall not be required to construct or pay for those Improvements constructed and completed by others and accepted by CITY.

4.4 Affordable Housing Requirement.

4.4.1 Affordable Housing- Number of Units. OWNER shall provide a minimum number of affordable housing units, equivalent to 10% of the OWNER's total approved residential units within the Project, that are affordable to very low, low and moderate income households. Such requirement for affordable housing shall be met through one, or a combination of one or more, of the options provided in the following Sections 4.4.2.1 through 4.4.2.5. For the purposes of this Section, any term not defined in this Agreement shall be as defined by California Community Redevelopment Law (California Health and Safety Code Section 33000 et seq.).

4.4.2 Affordability Spread. Of the total number of residential dwelling units specified in Section 4.4.1, to be constructed or rehabilitated pursuant to Sections 4.4.2.1 or 4.4.2.2 respectively, thirty percent (30%) shall be available to very low income, thirty percent (30%) shall be available to low income and forty percent (40%) shall be available to moderate income households. "**Households**" shall be as defined by California Health and Safety Code Section 50053.

4.4.2.1 New Construction. If OWNER elects to fully or partially satisfy the affordable housing requirement by the construction of new residential units, it shall construct and restrict the affordability of residential dwelling units within its Project or, at OWNER's option and with the approval of the City,

within another project elsewhere within the City. The affordable units constructed shall be intermingled with other units as part of the Project, and shall be built to the same construction, design and aesthetic standards, as well as number of rooms, as other units constructed as part of that OWNER's Project. In addition, the percentage ratio of affordable units offered for sale versus those offered for rent shall equal the percentage ratio of other units offered for sale versus for rent within OWNER's Project. Such construction shall be completed no later than the date that is five (5) years following the issuance of the first building permit for OWNER's Project; provided however that to the extent OWNER has not constructed the required percentage of units, based on the number of building permits for non-restricted units, OWNER shall, prior to the issuance of such building permits, provide security (in the form and substance approved by the City Manager and City Attorney) to City in order to ensure the faithful completion of such required percentage of construction of affordable units. If OWNER elects the option of constructing new affordable units, a detailed Affordable Housing Agreement specifying terms for the allowable monthly housing costs or rents (as applicable) and maintenance and occupancy standards shall be prepared, executed and recorded against such units as a condition to the issuance of a building permit. The Affordable Housing Agreement shall hold a recorded priority position senior to any other non-statutory lien or encumbrance affecting the unit.

4.4.2.2 Rehabilitation. If OWNER elects to fully or partially satisfy the affordable housing requirement by the substantial rehabilitation of existing residential units in the City, it shall substantially rehabilitate and restrict the affordability of, the number of residential units specified in Section 4.4.1, provided that such units shall be provided elsewhere within the City. The rehabilitation work shall be substantial and of high quality and shall also address any deferred property maintenance issues on the property. "**Substantial rehabilitation**" shall mean rehabilitated multi-family rented dwelling units with three or more units and the value of the rehabilitation constitutes 25 percent of the after rehabilitation value of the dwelling, inclusive of land value pursuant to Health and Safety Code Section 33413(b)(2)(A)(iii-iv) as such section exists as of the Effective Date of this Agreement. If OWNER chooses the option of rehabilitation of existing housing units within the City, a detailed Affordable Housing Agreement specifying the terms for the allowable month housing costs or rents (as applicable) and maintenance and occupancy standards shall be prepared, executed and recorded against such units as a condition to the issuance of a building permit. Such rehabilitation shall be completed no later than the date that is five (5) years following the issuance of the first building permit for OWNER's Project; provided however that to the extent OWNER has not rehabilitated the required percentage of units, based on the number of building permits, OWNER shall, prior to the issuance of such building permits, provide security (in the form and substance approved by the City Manager and City Attorney) to the City in order to ensure the faithful

completion of such required percentage of rehabilitation.

4.4.2.3 In-Lieu Fee. If OWNER has not fully complied with the requirements of Section 4.4.1 by providing the minimum number of affordable units through the construction of new affordable units or by the substantial rehabilitation of existing units, shall pay an "**Affordability In-Lieu Fee**". If OWNER has not provided any affordable residential units by construction or rehabilitation, the Affordability In-Lieu fee shall be equal to Three Dollars Twelve Cents ($3.12) per square foot of residential development within OWNER's Project or, if pre-paid as set forth below, Two Dollars Seventy Four Cents ($2.74) per square foot of residential development within OWNER's Project. If OWNER has partially complied with the requirements of Section 4.4.1 by construction or rehabilitation of less than the minimum number of units, then the Affordability In-lieu Fee shall be recalculated and reduced in consideration of the number and type of affordable units provided. The Affordability In-Lieu Fee shall be paid by OWNER to City no later than prior to the issuance of each building permit within OWNER's Project based on the square footage of the residential unit for which such building permit is sought; provided however that OWNER may, at OWNER's election, pre-pay such Affordability In-Lieu Fee by paying such Affordability In-Lieu Fee within thirty (30) days following the earliest discretionary approval by the City for OWNER's Project, including, but not limited to, any general plan amendment, specific plan adoption, development agreement, tentative map approval, variance, conditional use permit, or resolution of intention to form any public financing mechanism. The Three Dollars, Twelve Cents ($3.12) and the Two Dollars Seventy Four Cents ($2.74) per square foot amounts shall automatically be increased annually, commencing on July 1, 2023, and automatically each July 1 thereafter. Such adjustment shall be based on the percentage increase (but no decrease) in the Consumer Price Index (Riverside - San Bernardino - Ontario, CA), (December 2017=100) over the preceding year. The pre-paid Affordability In-Lieu Fee shall be calculated based on the maximum floor area ratio (FAR) permitted within the General Plan and any applicable FAR contained within the applicable specific plan, whichever is greater, and the Maximum Development Density. For purposes of this Agreement, "**Maximum Development Density**" shall be determined by multiplying the OWNER's Project's density for residential development potential as set forth in the General Plan or the applicable Specific Plan, whichever is less, by the net acreage of land within OWNER's Project. All "Affordability In-Lieu Fees" collected by the City shall be used to promote the construction of affordable housing within the City.

4.4.2.4 Affordability Covenants. Prior to the issuance of the first building permit for any affordable unit, the City and OWNER shall enter into an Affordable Housing Agreement Affordability shall be assured for a period of forty-five (45) years for for-sale units and fifty-five (55) years for rentals. For rental units, base rents shall be established by the City and rental

adjustments required by the City shall be performed on an annual basis. In addition, the Affordable Housing Agreement shall impose maximum occupancy limits of 2 occupants per bedroom plus 1 additional occupant per dwelling unit, and a requirement for the owner or tenant to properly maintain each dwelling unit.

4.4.2.5 Transfer of Affordable Project. No transfer of title to any affordable housing project shall occur without the prior written consent of the City. In the event OWNER transfers title to any affordable housing project required to be constructed pursuant to this Agreement to a non-profit entity, or other entity, that receives an exemption from ad valorem real property taxes, the City shall be required to assure payment of an annual in lieu fee to the City on July 1 of each year equal to one-tenth of one percent (0.1%) of the assessed value of such project. The City may permit OWNER to satisfy this obligation by recorded covenants against the property and enforceable against said entity by the City. Any such covenants shall be approved by the Planning Director and the City Attorney.

4.5 Schools Obligations.

4.5.1 Written Evidence of Compliance with Schools Obligations.
OWNER shall, either through joint or individual agreements between OWNER and the applicable school district(s), shall satisfy its new school obligations. The new school obligations for the Mountain View School District in the Ontario Ranch area have been projected to include the acquisition or dedication of school sites for, and construction of, up to eight (8) schools. Of these eight (8) schools, seven (7) are to be elementary (TK-6) grade schools and one (1) are to be middle grade schools. The new school obligations for the Chaffey Joint Union High School District in the Ontario Ranch area have been projected to include the dedication of a school site for, and construction of, an additional high school. The new school obligations for the applicable school district shall be met by a combination of the following: (1) designating and dedicating school site(s) within the Property as set forth in the General Plan, and/or (2) paying school impact fees, (3) entering into a joint mitigation agreement or individual mitigation agreements, or (4) any combination of the foregoing. Written evidence of approval by the applicable school district that OWNER has met their school obligations may be required by the City as the condition to the issuance by the City of any entitlements for OWNER's Project. In the event OWNER is unable to provide such written evidence from the applicable school district(s), the City shall have the right to decline to honor any DIF Credit, Certificates of MDD Availability, Certificates of Storm Water Treatment Capacity Availability, or any combination thereof, presented by such OWNER, without liability to the City. To the extent that a joint mitigation agreement is approved by the applicable school district(s), and OWNER is a participant in good standing in such mitigation agreement, OWNER shall be deemed to have mitigated its new school obligations under this Section 4.4.1.

4.6 Public Services Funding Fee.

4.6.1 Requirement for Payment of Public Services Funding Fee. In order to ensure that the adequate provision of public services, including without limitation, police, fire and other public safety services, are available to the residents of each Project in a timely manner, OWNER shall pay to CITY a "**Public Services Funding Fee**." The Public Services Funding Fee shall apply to residential and non-residential uses as set forth below.

4.6.2 Public Services Funding Fee Amount. OWNER shall pay a Public Services Funding fee in the total amount of Two Thousand Four Hundred Ninety dollars and Seventy Eight Cents ($2,490.78) per residential dwelling unit. The Public Services Funding Fee shall be paid in one (1) installment within one hundred eighty (180) calendar days after the effective date of the Development Agreement or in two (2) installments, at OWNER's option, as follows:

4.6.2.1 First Installment (Residential uses). The First Installment of the Public Services Funding Fee shall be One Thousand Two Hundred Forty Five Dollars and Thirty Nine Cents ($1,245.39) per residential dwelling unit. The First Installment shall be based upon the "**Maximum Development Density**" of the OWNER Project, as defined in Section 3.7.2.3 of the First Amended and Restated Construction Agreement. The First Installment shall be due and payable 30 days following the effective date of the Development Agreement.

If the First installment amount is not paid for all residential dwelling units within the Project (based on the Maximum Development Density, or the number of units described on "B Maps" if approved) by January 1, 2024, the amount of the First Installment shall be increased. Such increase shall be based on the percentage increase (but no decrease) in the Consumer Price Index (Riverside - San Bernardino - Ontario, CA) (December 2017=100) over the preceding year. Additionally, the amount shall be further increased automatically by the percentage increase in the Consumer Price Index (Riverside - San Bernardino - Ontario, CA) (December 2017=100) on each January 1 thereafter.

4.6.2.2 Second Installment (Residential Uses). The Second Installment of the Public Services Funding Fee shall be One Thousand Two Hundred Forty Five dollars and thirty nine cents ($1,245.39) per residential unit. The Second Installment shall be paid at the time of the issuance of each building permit for the Project. The amount of the Second Installment shall increase automatically by percentage increase (but no decrease) in the Consumer Price Index (Riverside - San Bernardino - Ontario, CA) (December 2017=100) over the preceding year on January 1st of each year, beginning on January 1, 2024. OWNER may exercise the option to pay the Second Installment amount for all residential units, a portion of the residential units, or for the remainder of the residential units within

OWNER's Project on or before each December 31st, before the Second Installment amount is automatically increased.

4.6.2.3 Single Installment (Non-residential Uses). A single installment payment of the Public Services Funding Fee shall be required in the amount of Seventy Five Cents ($.75) per square foot of non-residential buildings. The single installment for non-residential uses shall be due and payable prior to the issuance of the building permit for a non-residential building. The amount of the Single Installment for non-residential uses shall automatically increase by percentage increase (but no decrease) in the Consumer Price Index (Riverside - San Bernardino - Ontario, CA), (December 2017=100) over the preceding year on January 1st of each year, beginning on January 1, 2024. OWNER may exercise the option to pay any single installment amounts for the remainder of the non-residential square footage within the Project on or before December 31st, before the Single Installment amount is automatically increased.

4.7 Net MDD/Water Availability Equivalents.

4.7.1 Assigned Net MDD/Water Availability Equivalents. The City has agreed with NMC Builders LLC to reserve exclusively for Members of NMC Builders, including OWNER, Net MDD made available through the construction of water system improvements funded by NMC Builders LLC. NMC Builders has assigned to OWNER its allocable share of the Net MDD issued by City. The provisions of the Construction Agreement Amendment requires that the City shall not approve a final tract map or issue building permits or certificates of occupancy for the area of development within the New Model Colony served by the water system improvements funded by NMC Builders LLC, except to the bearer of an Assignment of Net MDD Water Availability.

4.7.2 Use of Assigned Net MDD Water Availability. OWNER shall provide evidence of sufficient Net MDD Water Availability Equivalents (or portions thereof) prior to and as a condition precedent to, the City's approval of any and all tract maps for the Property. The amount of Net MDD Water Availability Equivalents required for City's approval of a tract map shall be based upon water demand factors and assumptions listed in Exhibit C-2R of the Construction Agreement Amendment as "Water Demand Equivalents by Land Use" for each land use category.

4.7.3 Requirement for other Water System Improvements. A Certificate of Net MDD Availability is evidence only of available water capacity and does not satisfy any other conditions applicable to an OWNER's Project, including those relating to design and construction of master-planned potable water and recycled water transmission and distribution system for the respective pressure zone and other public infrastructure requirements.

4.7.4 Effectiveness of Agreement. CITY acknowledges that the OWNER is a current "Member" of NMC Builders LLC. OWNER's assignees shall not be required to become a member of NMC. Notwithstanding anything set forth in this Agreement, CITY and OWNER each acknowledge, confirm, and agree that (i) the CITY approval of this Agreement and (ii) the effectiveness of this Agreement, in each case, are conditioned upon OWNER's admission to NMC Builders as a "Member" (if not already a Member) thereof pursuant to the terms and conditions of the operating agreement of NMC Builders within thirty (30) days following the Effective Date of this Agreement. OWNER'S failure to maintain membership in NMC Builders LLC is and shall be a Default under this Agreement.

4.8 Storm Water Capacity Availability.

4.8.1 Requirement for Storm Water Treatment Capacity Availability. OWNER shall provide evidence of sufficient Storm Water Treatment Capacity Availability as reserved in a Certificate of Storm Water Treatment Capacity Availability the same manner and subject to the same limitations as provided for the assignment of Certificates of Net MDD Availability in Section 4.6 of this Agreement.

4.8.2 Use of Storm Water Treatment Capacity Availability. The amount of Storm Water Treatment Capacity Availability required for the issuance of a grading permit to OWNER shall be based upon the Net Residential Acreage of the area to be graded regardless of the corresponding use.

4.8.3 Requirement for other Storm Water Improvements. The Certificate of Storm Water Treatment Capacity Availability is evidence only of available storm water treatment capacity and does not satisfy any other conditions applicable to a particular development project, including those relating to on-site water treatment, water quality, connection to the storm water collection system, or other public infrastructure requirements.

4.9 Maintenance of Open Space. OWNER shall provide for the ongoing maintenance of all park, common areas and open space areas within the Project as more particularly set forth in the Specific Plan, through a homeowners' association as approved by the CITY. Covenants, conditions and restrictions establishing any homeowners' association shall be approved by the Planning Director and City Attorney.

4.10 Compliance with Public Benefits Requirements.

4.10.1 Failure to Provide Public Benefits. In the event OWNER fails or refuses to comply with any condition referenced in Section 4.1 through 4.9, or challenges (whether administratively or through legal proceedings) the imposition of such conditions, OWNER shall be deemed in default of this Agreement pursuant to Section 8.4 hereof, thereby entitling the City to any and all remedies available to it, including, without limitation, the right of the City to withhold OWNER's Project-

related building permits, certificates of occupancy, or discretionary approvals, without liability.

5. FINANCING OF PUBLIC IMPROVEMENTS.

5.1 Financing Mechanism(s). In accordance with the Memorandum of Agreement between the CITY and NMC Builders, CITY will cooperate with OWNER in the formation of a CFD, or CFDs, to include all of the Project, to provide a financing mechanism to reimburse the OWNER for funds paid to NMC Builders LLC for OWNER's share of the costs of public infrastructure pursuant to the Construction Agreement and to acquire other public facilities constructed by OWNER subject to the provisions of the Memorandum of Agreement between CITY and NMC Builders LLC. Notwithstanding such reimbursements and acquisitions, OWNER shall remain entitled to DIF Credits as provided for in Article 3 of the Construction Agreement and/or as provided for in a separate Fee Credit Agreement between CITY and OWNER. OWNER agrees that, prior to the recordation of any Tract Map for the Property, the Property shall be included in a CFD to finance City services through annual special taxes that will initially be $1,443.71 per Single Family Detached Dwelling Unit, $1,251.15 per Multiple-Family Dwelling Unit, $1,048.96 per Gated Apartment Community Dwelling Unit, and $0.27 per square foot for Non-Residential buildings. The special tax amount shall be subject to change based on the services tax rate that is in effect at the time such CFD is formed. These amounts shall be subject to an automatic increase at a rate not to exceed four (4%) percent per year, unless otherwise modified by the CITY. CITY shall be the sole and exclusive lead agency in the formation of any CFD, assessment district or other public financing mechanism within the Property; provided however, that the proceeds of any such CFD, assessment district, or financing mechanism may be used, subject to restrictions that may be imposed by applicable law, for the purposes of acquiring, constructing or maintaining public facilities to be owned or operated by other public agencies, including, without limitation those facilities owned or operated by a school district. In addition to the rights of the CITY pursuant to section 5.2 hereof, CITY shall have the right, but not the obligation, to condition the formation of any CFD, assessment district or other public financing mechanism within the Property on the OWNER mitigating all Project-related impacts to the applicable school district(s) as required by such school district(s). Written evidence by such school district(s) may be required by the CITY as the condition to the formation of any CFD, assessment district or other public financing mechanism within the Property, or any steps preliminary thereto, including, without limitation, the adoption of any resolution of intention to form such CFD, assessment district or other public financing mechanism within the Property. It is not the intent of the parties hereto, by this provision, to prohibit or otherwise limit the City's ability to take any and all necessary steps requisite to the formation of the CFD to finance City services through annual special taxes as set forth in this Section 5.1. Formation of any CFD, assessment district or other public financing mechanism within the Property, shall be subject to CITY's ability to make all findings required by applicable law and complying with all applicable legal procedures and requirements including, without limitation, CITY's public financing district policies as such policies may be amended from time to time. Notwithstanding the foregoing, it is acknowledged and

agreed by the parties that nothing contained in this Agreement shall be construed as requiring CITY or the City Council to form any such district or to issue and sell bonds.

6. REVIEW FOR COMPLIANCE.

6.1 Periodic and Special Reviews.

6.1.1 Time for and Initiation of Periodic Review. The CITY shall review this Agreement every twelve (12) months from the Effective Date in order to ascertain the good faith compliance by the OWNER with the terms of this Agreement. The OWNER shall submit an Annual Monitoring Report to CITY, in a form acceptable to the City Manager, along with any applicable processing charge within ten (10) days after each anniversary date of the Effective Date of this Agreement. Within fifteen (15) days after the receipt of the Annual Monitoring Report, CITY shall review the Annual Monitoring Report. Prior to the expiration of the fifteen (15) day review period, CITY shall either issue a notice of continuing compliance or a notice of non-compliance and a notice of CITY's intent to conduct a Special Review pursuant to Sections 6.1.2 through 6.1.6. Issuance of a notice of continuing compliance may be issued by the City Manager or his designee.

6.1.2 Initiation of Special Review. A special review may be called either by agreement between the parties or by initiation in one or more of the following ways:

(1) Recommendation of the Planning staff;

(2) Affirmative vote of at least four (4) members of the Planning Commission; or

(3) Affirmative vote of at least three (3) members of the City Council.

6.1.3 Notice of Special Review. The City Manager shall begin the special review proceeding by giving notice that the CITY intends to undertake a special review of this Agreement to the OWNER. Such notice shall be given at least ten (10) days in advance of the time at which the matter will be considered by the Planning Commission.

6.1.4 Public Hearing. The Planning Commission shall conduct a hearing at which the OWNER must demonstrate good faith compliance with the terms of this Agreement. The burden of proof on this issue is upon the OWNER.

6.1.5 Findings Upon Public Hearing. The Planning Commission shall determine upon the basis of substantial evidence whether or not the OWNER has, for the period under review, complied in good faith with the terms and conditions of this Agreement.

6.1.6 Procedure Upon Findings.

(a) If the Planning Commission finds and determines on the basis of substantial evidence that the OWNER has complied in good faith with the terms and conditions of this Agreement during the period under review, the review for that period is concluded.

(b) If the Planning Commission finds and determines on the basis of substantial evidence that the OWNER has not complied in good faith with the terms and conditions of this Agreement during the period under review, the Planning Commission may recommend to the City Council to modify or terminate this Agreement.

(c) The OWNER may appeal a determination pursuant to paragraph (b) to the City Council in accordance with the CITY's rule for consideration of appeals in zoning matters generally.

6.2 Proceedings Upon Modification or Termination. If, upon a finding under Section 6.1.6(b), the CITY determines to proceed with modification or termination of this Agreement, the CITY shall give notice to the property OWNER of its intention so to do. The notice shall contain:

(a) The time and place of the hearing;

(b) A statement as to whether or not the CITY proposes to terminate or to modify this Agreement; and

(c) Other information that the CITY considers necessary to inform the OWNER of the nature of the proceeding.

6.3 Hearing on Modification or Termination. At the time and place set for the hearing on modification or termination, the OWNER shall be given an opportunity to be heard. The OWNER shall be required to demonstrate good faith compliance with the terms and conditions of this Agreement. The burden of proof on this issue shall be on the OWNER. If the City Council finds, based upon substantial evidence in the administrative record, that the OWNER has not complied in good faith with the terms and conditions of the agreement, the City Council may terminate or modify this Agreement and impose those conditions to the action it takes as it considers necessary to protect the interests of the CITY. The decision of the City Council shall be final, subject only to judicial review pursuant to Section 1094.5 of the Code of Civil Procedure.

6.4 Certificate of Agreement Compliance. If, at the conclusion of a Periodic or Special Review, OWNER is found to be in compliance with this Agreement, CITY shall, upon written request by OWNER, issue a Certificate of Agreement Compliance ("Certificate") to OWNER stating that after the most recent Periodic or Special Review and based upon the information known or made known to the Planning Director and

City Council that (1) this Agreement remains in effect and (2) OWNER is not in default. The Certificate shall be in recordable form, shall contain information necessary to communicate constructive record notice of the finding of compliance, shall state whether the Certificate is issued after a Periodic or Special Review and shall state the anticipated date of commencement of the next Periodic Review. OWNER may record the Certificate with the County Recorder. Whether or not the Certificate is relied upon by assignees or other transferees or OWNER, CITY shall not be bound by a Certificate if a default existed at the time of the Periodic or Special Review, but was concealed from or otherwise not known to the Planning Director or City Council.

7. [RESERVED]

8. DEFAULT AND REMEDIES.

8.1 Remedies in General. It is acknowledged by the parties that CITY would not have entered into this Agreement if it were to be liable in damages under this Agreement, or with respect to this Agreement or the application thereof.

In general, each of the parties hereto may pursue any remedy at law or equity available for the breach of any provision of this Agreement, except that CITY shall not be liable in damages to OWNER, or to any successor in interest of OWNER, or to any other person, and OWNER covenants not to sue for damages or claim any damages:

(a) For any breach of this Agreement or for any cause of action which arises out of this Agreement; or

(b) For the taking, impairment or restriction of any right or interest conveyed or provided under or pursuant to this Agreement; or

(c) Arising out of or connected with any dispute, controversy or issue regarding the application or interpretation or effect of the provisions of this Agreement.

8.2 Specific Performance. The parties acknowledge that money damages and remedies at law generally are inadequate and specific performance and other non-monetary relief are particularly appropriate remedies for the enforcement of this Agreement and should be available to all parties for the following reasons:

(a) Money damages are unavailable against CITY as provided in Section 8.1 above.

(b) Due to the size, nature and scope of the project, it may not be practical or possible to restore the Property to its natural condition once implementation of this Agreement has begun. After such implementation, OWNER may be foreclosed from other choices it may have had to utilize the Property or portions thereof. OWNER has invested significant time and resources and performed extensive planning and processing of the Project in agreeing to the terms of this Agreement and will be investing even more significant time and resources in implementing the Project in

reliance upon the terms of this Agreement, and it is not possible to determine the sum of money which would adequately compensate OWNER for such efforts.

8.3 Release. Except for nondamage remedies, including the remedy of specific performance and judicial review as provided for in Section 6.5, OWNER, for itself, its successors and assignees, hereby releases the CITY, its officers, agents and employees from any and all claims, demands, actions, or suits of any kind or nature arising out of any liability, known or unknown, present or future, including, but not limited to, any claim or liability, based or asserted, pursuant to Article I, Section 19 of the California Constitution, the Fifth Amendment of the United States Constitution, or any other law or ordinance which seeks to impose any other liability or damage, whatsoever, upon the CITY because it entered into this Agreement or because of the terms of this Agreement.

8.4 Termination or Modification of Agreement for Default of OWNER. Subject to the provisions contained in Subsections 6.2 and 6.3 herein, CITY may terminate or modify this Agreement for any failure of OWNER to perform any material duty or obligation of OWNER under this Agreement, or to comply in good faith with the terms of this Agreement (hereinafter referred to as "default"); provided, however, CITY may terminate or modify this Agreement pursuant to this Section only after providing written notice to OWNER of default setting forth the nature of the default and the actions, if any, required by OWNER to cure such default and, where the default can be cured, OWNER has failed to take such actions and cure such default within 60 days after the effective date of such notice or, in the event that such default cannot be cured within such 60 day period but can be cured within a longer time, has failed to commence the actions necessary to cure such default within such 60 day period and to diligently proceed to complete such actions and cure such default.

8.5 Termination of Agreement for Default of CITY. OWNER may terminate this Agreement only in the event of a default by CITY in the performance of a material term of this Agreement and only after providing written notice to CITY of default setting forth the nature of the default and the actions, if any, required by CITY to cure such default and, where the default can be cured, CITY has failed to take such actions and cure such default within 60 days after the effective date of such notice or, in the event that such default cannot be cured within such 60 day period but can be cured within a longer time, has failed to commence the actions necessary to cure such default within such 60 day period and to diligently proceed to complete such actions and cure such default.

9. THIRD PARTY LITIGATION.

9.1 General Plan Litigation. CITY has determined that this Agreement is consistent with its Comprehensive General Plan, as such General Plan exists as of the Effective Date ("General Plan"), and that the General Plan meets all requirements of law. OWNER has reviewed the General Plan and concurs with CITY's determination. CITY shall have no liability in damages under this Agreement for any failure of CITY to perform under this Agreement or the inability of OWNER to develop the Property as contemplated by the Development Plan of this Agreement as the result of a judicial

determination that on the Effective Date, or at any time thereafter, the General Plan, or portions thereof, are invalid or inadequate or not in compliance with law.

9.2 Third Party Litigation Concerning Agreement. OWNER shall defend, at its expense, including attorneys' fees, indemnify, and hold harmless CITY, its agents, officers and employees from any claim, action or proceeding against CITY, its agents, officers, or employees to attack, set aside, void, or annul the approval of this Agreement or the approval of any permit granted pursuant to this Agreement. CITY shall promptly notify OWNER of any such claim, action or proceeding, and CITY shall cooperate in the defense. If CITY fails to promptly notify OWNER of any such claim, action or proceeding, or if CITY fails to cooperate in the defense, OWNER shall not thereafter be responsible to defend, indemnify, or hold harmless CITY. CITY may in its discretion participate in the defense of any such claim, action or proceeding.

9.3 Indemnity. In addition to the provisions of 9.2 above, OWNER shall indemnify and hold CITY, its officers, agents, employees and independent contractors free and harmless from any liability whatsoever, based or asserted upon any act or omission of OWNER, its officers, agents, employees, subcontractors and independent contractors, for property damage, bodily injury, or death (OWNER's employees included) or any other element of damage of any kind or nature, relating to or in any way connected with or arising from the activities contemplated hereunder, including, but not limited to, the study, design, engineering, construction, completion, failure and conveyance of the public improvements, save and except claims for damages arising through the sole active negligence or sole willful misconduct of CITY. OWNER shall defend, at its expense, including attorneys' fees, CITY, its officers, agents, employees and independent contractors in any legal action based upon such alleged acts or omissions. CITY may in its discretion participate in the defense of any such legal action.

9.4 Environment Assurances. OWNER shall indemnify and hold CITY, its officers, agents, and employees free and harmless from any liability, based or asserted, upon any act or omission of OWNER, its officers, agents, employees, subcontractors, predecessors in interest, successors, assigns and independent contractors for any violation of any federal, state or local law, ordinance or regulation relating to industrial hygiene or to environmental conditions on, under or about the Property, including, but not limited to, soil and groundwater conditions, and OWNER shall defend, at its expense, including attorneys' fees, CITY, its officers, agents and employees in any action based or asserted upon any such alleged act or omission. CITY may in its discretion participate in the defense of any such action.

9.5 Reservation of Rights. With respect to Sections 9.2, 9.3 and 9.4 herein, CITY reserves the right to either (1) approve the attorney(s) which OWNER selects, hires or otherwise engages to defend CITY hereunder, which approval shall not be unreasonably withheld, or (2) conduct its own defense, provided, however, that OWNER shall reimburse CITY forthwith for any and all reasonable expenses incurred for such defense, including attorneys' fees, upon billing and accounting therefor.

9.6 Survival. The provisions of this Sections 9.1 through 9.6, inclusive, shall survive the termination of this Agreement.

10. MORTGAGEE PROTECTION.

The parties hereto agree that this Agreement shall not prevent or limit OWNER, in any manner, at OWNER's sole discretion, from encumbering the Property or any portion thereof or any improvement thereon by any mortgage, deed of trust or other security device securing financing with respect to the Property. CITY acknowledges that the lenders providing such financing may require certain Agreement interpretations and modifications and agrees upon request, from time to time, to meet with OWNER and representatives of such lenders to negotiate in good faith any such request for interpretation or modification. CITY will not unreasonably withhold its consent to any such requested interpretation or modification provided such interpretation or modification is consistent with the intent and purposes of this Agreement. Any Mortgagee of the Property shall be entitled to the following rights and privileges:

(a) Neither entering into this Agreement nor a breach of this Agreement shall defeat, render invalid, diminish or impair the lien of any mortgage on the Property made in good faith and for value, unless otherwise required by law.

(b) The Mortgagee of any mortgage or deed of trust encumbering the Property, or any part thereof, which Mortgagee, has submitted a request in writing to the CITY in the manner specified herein for giving notices, shall be entitled to receive written notification from CITY of any default by OWNER in the performance of OWNER's obligations under this Agreement.

(c) If CITY timely receives a request from a Mortgagee requesting a copy of any notice of default given to OWNER under the terms of this Agreement, CITY shall provide a copy of that notice to the Mortgagee within ten (10) days of sending the notice of default to OWNER. The Mortgagee shall have the right, but not the obligation, to cure the default during the remaining cure period allowed such party under this Agreement.

(d) Any Mortgagee who comes into possession of the Property, or any part thereof, pursuant to foreclosure of the mortgage or deed of trust, or deed in lieu of such foreclosure, shall take the Property, or part thereof, subject to the terms of this Agreement. Notwithstanding any other provision of this Agreement to the contrary, no Mortgagee shall have an obligation or duty under this Agreement to perform any of OWNER's obligations or other affirmative covenants of OWNER hereunder, or to guarantee such performance; provided, however, that to the extent that any covenant to be performed by OWNER is a condition precedent to the performance of a covenant by CITY, the performance thereof shall continue to be a condition precedent to CITY's performance hereunder, and further provided that any sale, transfer or assignment by any Mortgagee in possession shall be subject to the provisions of Section 2.4 of this Agreement.

11. MISCELLANEOUS PROVISIONS.

11.1 Recordation of Agreement. This Agreement and any amendment or cancellation thereof shall be recorded with the San Bernardino County Recorder by the City Clerk within the ten (10) days after the CITY executes this Agreement, as required by Section 65868.5 of the Government Code. If the parties to this Agreement or their successors in interest amend or cancel this Agreement as provided for herein and in Government Code Section 65868, or if the CITY terminates or modifies the agreement as provided for herein and in Government Code Section 65865.1 for failure of the applicant to comply in good faith with the terms or conditions of this Agreement, the City Clerk shall have notice of such action recorded with the San Bernardino County Recorder.

11.2 Entire Agreement. This Agreement sets forth and contains the entire understanding and agreement of the parties, and there are no oral or written representations, understandings or ancillary covenants, undertakings or agreements which are not contained or expressly referred to herein. No testimony or evidence of any such representations, understandings or covenants shall be admissible in any proceeding of any kind or nature to interpret or determine the terms or conditions of this Agreement.

11.3 Severability. If any term, provision, covenant or condition of this Agreement shall be determined invalid, void or unenforceable, the remainder of this Agreement shall not be affected thereby to the extent such remaining provisions are not rendered impractical to perform taking into consideration the purposes of this Agreement. Notwithstanding the foregoing, the provision of the Public Benefits set forth in Section 4 of this Agreement, including the payment of the fees set forth therein, are essential elements of this Agreement and CITY would not have entered into this Agreement but for such provisions, and therefore in the event such provisions are determined to be invalid, void or unenforceable, this entire Agreement shall be null and void and of no force and effect whatsoever.

11.4 Interpretation and Governing Law. This Agreement and any dispute arising hereunder shall be governed and interpreted in accordance with the laws of the State of California. This Agreement shall be construed as a whole according to its fair language and common meaning to achieve the objectives and purposes of the parties hereto, and the rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be employed in interpreting this Agreement, all parties having been represented by counsel in the negotiation and preparation hereof.

11.5 Section Headings. All section headings and subheadings are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

11.6 Singular and Plural. As used herein, the singular of any word includes the plural.

11.7 Joint and Several Obligations. Subject to section 2.4, if at any time during the term of this Agreement the Property is owned, in whole or in part, by more than one

owner, all obligations of such owners under this Agreement shall be joint and several, and the default of any such owner shall be the default of all such owners. Notwithstanding the foregoing, no owner of a single lot which has been finally subdivided and sold to such owner as a member of the general public or otherwise as an ultimate user shall have any obligation under this Agreement except as provided under Section 4 hereof.

11.8 Time of Essence. Time is of the essence in the performance of the provisions of this Agreement as to which time is an element.

11.9 Waiver. Failure by a party to insist upon the strict performance of any of the provisions of this Agreement by the other party, or the failure by a party to exercise its rights upon the default of the other party, shall not constitute a waiver of such party's right to insist and demand strict compliance by the other party with the terms of this Agreement thereafter.

11.10 No Third Party Beneficiaries. This Agreement is made and entered into for the sole protection and benefit of the parties and their successors and assigns. No other person shall have any right of action based upon any provision of this Agreement.

11.11 Force Majeure. Neither party shall be deemed to be in default where failure or delay in performance of any of its obligations under this Agreement is caused by floods, earthquakes, other Acts of God, fires, wars, riots or similar hostilities, pandemics, strikes and other labor difficulties beyond the party's control, (including the party's employment force), government regulations, court actions (such as restraining orders or injunctions), or other causes beyond the party's control. If any such events shall occur, the term of this Agreement and the time for performance by either party of any of its obligations hereunder may be extended by the written agreement of the parties for the period of time that such events prevented such performance, provided that the term of this Agreement shall not be extended under any circumstances for more than five (5) years.

11.12 Mutual Covenants. The covenants contained herein are mutual covenants and also constitute conditions to the concurrent or subsequent performance by the party benefited thereby of the covenants to be performed hereunder by such benefited party.

11.13 Successors in Interest. The burdens of this Agreement shall be binding upon, and the benefits of this Agreement shall inure to, all successors in interest to the parties to this Agreement. All provisions of this Agreement shall be enforceable as equitable servitudes and constitute covenants running with the land. Each covenant to do or refrain from doing some act hereunder with regard to development of the Property: (a) is for the benefit of and is a burden upon every portion of the Property; (b) runs with the Property and each portion thereof; and, (c) is binding upon each party and each successor in interest during ownership of the Property or any portion thereof.

11.14 Counterparts. This Agreement may be executed by the parties in counterparts, which counterparts shall be construed together and have the same effect as if all of the parties had executed the same instrument.

11.15 Jurisdiction and Venue. Any action at law or in equity arising under this Agreement or brought by a party hereto for the purpose of enforcing, construing or determining the validity of any provision of this Agreement shall be filed and tried in the Superior Court of the County of San Bernardino, State of California, and the parties hereto waive all provisions of law providing for the filing, removal or change of venue to any other court.

11.16 Project as a Private Undertaking. It is specifically understood and agreed by and between the parties hereto that the development of the Project is a private development, that neither party is acting as the agent of the other in any respect hereunder, and that each party is an independent contracting entity with respect to the terms, covenants and conditions contained in this Agreement. No partnership, joint venture or other association of any kind is formed by this Agreement. The only relationship between CITY and OWNER is that of a government entity regulating the development of private property and the owner of such property.

11.17 Further Actions and Instruments. Each of the parties shall cooperate with and provide reasonable assistance to the other to the extent contemplated hereunder in the performance of all obligations under this Agreement and the satisfaction of the conditions of this Agreement. Upon the request of either party at any time, the other party shall promptly execute, with acknowledgment or affidavit if reasonably required, and file or record such required instruments and writings and take any actions as may be reasonably necessary under the terms of this Agreement to carry out the intent and to fulfill the provisions of this Agreement or to evidence or consummate the transactions contemplated by this Agreement. The City Manager may delegate his powers and duties under this Agreement to an Assistant City Manager or other management level employee of the CITY.

11.18 Eminent Domain. No provision of this Agreement shall be construed to limit or restrict the exercise by CITY of its power of eminent domain.

11.19 Agent for Service of Process. In the event OWNER is not a resident of the State of California or it is an association, partnership or joint venture without a member, partner or joint venturer resident of the State of California, or it is a foreign corporation, then in any such event, OWNER shall file with the Planning Director, upon its execution of this Agreement, a designation of a natural person residing in the State of California, giving his or her name, residence and business addresses, as its agent for the purpose of service of process in any court action arising out of or based upon this Agreement, and the delivery to such agent of a copy of any process in any such action shall constitute valid service upon OWNER. If for any reason service of such process upon such agent is not feasible, then in such event OWNER may be personally served with such process out of this County and such service shall constitute valid service upon OWNER. OWNER is amenable to the process so served, submits to the jurisdiction of

the Court so obtained and waives any and all objections and protests thereto. OWNER for itself, assigns and successors hereby waives the provisions of the Hague Convention (Convention on the Service Abroad of Judicial and Extra Judicial Documents in Civil or Commercial Matters, 20 U.S.T. 361, T.I.A.S. No. 6638).

11.20 Estoppel Certificate. Within thirty (30) business days following a written request by any of the parties, the other party shall execute and deliver to the requesting party a statement certifying that (i) either this Agreement is unmodified and in full force and effect or there have been specified (date and nature) modifications to the Agreement, but it remains in full force and effect as modified; and (ii) either there are no known current uncured defaults under this Agreement or that the responding party alleges that specified (date and nature) defaults exist. The statement shall also provide any other reasonable information requested. The failure to timely deliver this statement shall constitute a conclusive presumption that this Agreement is in full force and effect without modification except as may be represented by the requesting party and that there are no uncured defaults in the performance of the requesting party, except as may be represented by the requesting party. OWNER shall pay to CITY all costs incurred by CITY in connection with the issuance of estoppel certificates under this Section 11.20 prior to CITY's issuance of such certificates.

11.21 Authority to Execute. The person or persons executing this Agreement on behalf of OWNER warrants and represents that he or she/they have the authority to execute this Agreement on behalf of his or her/their corporation, partnership or business entity and warrants and represents that he or she/they has/have the authority to bind OWNER to the performance of its obligations hereunder.

11.22 Prevailing Wage. OWNER, for itself, its successors, and assigns, agrees, covenants, and warrants that the development of the Property, if any, shall comply with all applicable federal and state labor laws (including, without limitation, the requirement under California law to pay prevailing wages and hire apprentices), and all obligations as set forth herein.

11.22.1 CITY makes no representations concerning prevailing wages in compliance with California Labor Code Section 1770 et seq.

11.22.2 OWNER acknowledges and agrees that it shall be independently responsible for reviewing the applicable laws and regulations with respect to the payment of prevailing wages and complying therewith. OWNER shall bear all risks of payment or non-payment of prevailing wages under California law and/or the implementation of Labor Code Section 1781, as the same may be amended from time to time, and/or any other similar law.

11.22.3 The foregoing indemnity shall survive termination of this Agreement and shall continue after completion of the construction and development of the Property by OWNER, its successors or assigns. OWNER shall be solely responsible for determining and effectuating compliance with such laws.

11.22.4 OWNER, ON BEHALF OF ITSELF, ITS SUCCESSORS, AND ASSIGNS, WAIVES AND RELEASES CITY FROM ANY RIGHT OF ACTION THAT MAY BE AVAILABLE TO OWNER PURSUANT TO LABOR CODE SECTION 1781 OR THE DAVIS BACON ACT. RELATIVE TO THE WAIVER AND RELEASE CONTAINED IN THIS SECTION 11.22, OWNER ACKNOWLEDGES THE PROTECTIONS OF CIVIL CODE SECTION 1542, WHICH READS AS FOLLOWS: A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

INITIALS. BY INITIALING BELOW, OWNER KNOWINGLY AND VOLUNTARILY WAIVES THE PROVISIONS OF SECTION 1542 SOLELY WITH THE MATTERS WHICH ARE THE SUBJECT OF THE FOREGOING WAIVERS AND RELEASES:

Description of Required Improvements

OWNER shall design, construct, and complete all improvements including but not limited to sewer, water, recycled water, storm drain, fiber, and street improvements necessary to serve the Property, prior to the request of any Production Units.

Street (ST) Improvements

a. ST improvements along Haven Avenue from the northern tract boundary to the southern tract boundary.

b. Full signalized intersection improvements at the intersection of Street “E” and Haven Avenue.

Fiber Optic (FO) Improvements

a. FO improvements along Haven Avenue from the northern tract boundary to the southern tract boundary.

Trail Improvements (within SCE ROW)

a. Trial improvements from the northern boundary of the of the Tract Map to the southern boundary, pursuant to Section 3.7.6.

DISCLOSURE NOTICE
SOUTH ARCHIBALD TRICHLOROETHYLENE PLUME

Dear Property Owner/Developer/Applicant:

The City of Ontario ("City") has approved or will be approving development in the Ontario Ranch area in the next few years, subject to the appropriate and required statutory process. This letter is intended to serve as notice to all potential property owners of the existence of a groundwater plume, known as the South Archibald Trichloroethylene (TCE) Plume which may exist in, under or near owner's property.

The groundwater plume is in an area in the central Chino Basin south of the Pomona Freeway, west of Turner Avenue, east of Grove Avenue, and north of Kimball Avenue. The plume primarily consists of TCE, a discontinued industrial solvent, and is subject to a clean-up under the oversight and direction of the Santa Ana Regional Water Quality Control Board ("Regional Board").

The Regional Board's approved clean-up procedure involves the removal and treatment of groundwater containing TCE via groundwater wells to reduce the plume concentrations and control its migration. In addition, the City is providing potable water supplies for domestic purposes to residences with private domestic wells affected by the plume. Finally, the Regional Board will continue to monitor all impacted areas and private domestic wells to ensure that residents' health and the environment are properly safeguarded. These remedial actions are documented in a Remedial Action Plan approved by the Regional Board in September 2016.

Further and current information may be found on the Regional Board's Geotracker website at https://geotracker.waterboards.ca.gov/profile_report?global_id=T10000004658.

Property owners may wish to include this letter as a part of a Real Estate Transfer Disclosure under California Civil Code Section 1102 et seq.

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **PUBLIC HEARINGS**
Department: Planning Prepared By: Thomas Grahn Staff Member Presenting: Scott Murphy, Executive Director Community Development Reviewed By: Kimberly Ruddins, Rudy Zeledon, Scott Murphy Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 40

SUBJECT: **A PUBLIC HEARING TO CONSIDER AN AMENDMENT (FILE NO. PSPA21-004) TO THE WEST HAVEN SPECIFIC PLAN, TO BRING THE SPECIFIC PLAN INTO COMPLIANCE WITH THE ONTARIO PLAN POLICY PLAN (GENERAL PLAN) LAND USE PLAN FOR PROPERTY BOUNDED BY RIVERSIDE DRIVE TO THE NORTH, SCHAEFER AVENUE TO THE SOUTH, HAVEN AVENUE TO THE EAST, AND TURNER AVENUE TO THE WEST**

RECOMMENDATION: That the City Council consider and adopt the following:

A. A Resolution approving an Addendum to the West Haven Specific Plan Environmental Impact Report (State Clearinghouse No. 200471095); and
B. A Resolution approving an Amendment to the West Haven Specific Plan (File No. PSPA21-004) bringing the Specific Plan into conformance with the Policy Plan (General Plan).

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: Adoption of the West Haven Specific Plan Amendment would result in both short and long-term fiscal impacts to the City. Short-term impacts include infrastructure improvements to serve future residential developments. The cost of these improvements is included in the Nexus Study and Development Impact Fees previously adopted by the City Council. The developer will be required to install improvements or pay the Development Impact Fees associated with the various improvements. Long-term fiscal impacts include the ongoing operations and maintenance services (police, fire, maintenance, etc.) necessary to serve the future developments. To address this impact,

the developer will be required to form and/or join a Community Facilities District to cover the additional public service costs. No Original Model Colony dollars will be used to fund the future Ontario Ranch development.

BACKGROUND & ANALYSIS: On January 16, 2007, the City Council certified the West Haven Specific Plan Environmental Impact Report (SCH 200471095). The related West Haven Specific Plan (File No. PSP03-006) was approved by City Council on July 17, 2007. The Specific Plan established the land use designations, development standards, and design guidelines for approximately 202 acres of land bounded by Riverside Drive to the north, Schafer Avenue to the south, Haven Avenue to the east, and the SCE Utility corridor and Turner Avenue to the west. The Specific Plan included the potential development of 753 residential dwelling units and 87,000 square feet of commercial/office land uses.

On August 16, 2022, the City Council certified The Ontario Plan 2050 Update Supplemental Environmental Impact Report (SEIR) in conjunction with The Ontario Plan 2050 (TOP 2050) (File No. PGPA20-002) General Plan update.

The TOP 2050 and SEIR, included the following land use changes within the West Haven Specific Plan boundary: 1) changing 28.5 acres of land (Planning Area 1) from Low Density Residential (LDR) (2.1 to 5.0 du/ac) to Medium Density Residential (MDR)(11.1 to 25.0 du/ac); and 2) changing 19.1 acres of land (Planning Area 3) from Low Density Residential (LDR)(2.1 to 5.0 du/ac) to Low Medium Density Residential (LMDR)(5.1 to 11.0 du/ac).

Specific Plan Amendment - The proposed Specific Plan Amendment (SPA) will bring the Specific Plan into compliance with The Ontario Plan Policy Plan (General Plan) land use plan. As part of TOP 2050 Update, the land use designation for the Project site was changed from Low Density Residential (2.1 to 5.0 du/ac) to Low Medium Density Residential (5.1 to 11 du/ac) and Medium Density Residential (11.1 to 25.0 du/ac). The SPA proposes to amend the West Haven Specific Plan Planning Areas 1 and 3 to increase the overall residential density from 4.43 to 7.52 dwelling units per net acre with the overall dwelling unit count increasing from 753 to 1,142 dwelling units. Currently, Planning Area 1 regulations allow the development of 173 dwelling units and Planning Area 3 regulations allow for the development of 92 dwelling units.

The SPA proposes the following changes:

- Revise Planning Area 1 to include:
    - Change land use to Medium Density Residential (MDR) consistent with The Ontario Plan 2050 (TOP) Policy Plan (General Plan) Land Use Map;
    - Increase the number of allowed units from 173 dwelling units to 451 dwelling units;
    - Increase the density range from 6.07 du/ac to 15.08 du/ac; and
    - Revise the allowed land uses from Detached Courtyard and 4,000 square foot lots to Detached Courtyard and Attached Homes.
- Revise Planning Area 3 to include:
    - Change land use to Low-Medium Density Residential (LMDR) consistent with TOP 2050 Policy Plan Land Use Map;

    - Increase the number of allowed units from 92 dwelling units to 203 dwelling units;
    - Increase the density range from 4.57 du/ac to 10.1 du/ac;
    - Revise the allowed land uses from 4,950 square foot lots to Detached and Attached Homes; and
    - Decrease the Planning Area 3 acreage from 20.12 acres to 19.17 acres.
- Various changes to the Specific Plan land use map (Planning Areas) development standards, exhibits, and text modification, to reflect the proposed land use changes.

On June 27, 2023, the Planning Commission conducted a public hearing on Tentative Tract Map No. 20452 and the SPA. After receiving all public testimony on the application, the Planning Commission approved Tentative Tract Map No. 20452 and recommended that the City Council approve the SPA.

AIRPORT LAND USE COMPATIBILITY PLAN COMPLIANCE: The California State Aeronautics Act (Public Utilities Code Section 21670 et seq.) requires that an Airport Land Use Compatibility Plan be prepared for all public use airports in the State; and requires that local land use plans and individual development proposals must be consistent with the policies set forth in the adopted Airport Land Use Compatibility Plan. On April 19, 2011, the City Council approved and adopted the Ontario International Airport Land Use Compatibility Plan, establishing the Airport Influence Area for Ontario International Airport, which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties, and limits future land uses and development within the Airport Influence Area, as they relate to noise, safety, airspace protection, and overflight impacts of current and future airport activity. As the decision-making body for the Project, the City Council has reviewed and considered the facts and information contained in the Application and supporting documentation against the Ontario International Airport Land Use Compatibility Plan compatibility factors, including [1] Safety Criteria (Ontario International Airport Land Use Compatibility Plan Table 2-2) and Safety Zones (Ontario International Airport Land Use Compatibility Plan Map 2-2), [2] Noise Criteria (Ontario International Airport Land Use Compatibility Plan Table 2-3) and Noise Impact Zones (Ontario International Airport Land Use Compatibility Plan Map 2-3), [3] Airspace protection Zones (Ontario International Airport Land Use Compatibility Plan Map 2-4), and [4] Overflight Notification Zones (Ontario International Airport Land Use Compatibility Plan Map 2-5). As a result, the City Council finds and determines that the Project, when implemented in conjunction with the conditions of approval, will be consistent with the policies and criteria set forth within the Ontario International Airport Land Use Compatibility Plan.

HOUSING ELEMENT COMPLIANCE: The Project is consistent with the Housing Element of the Policy Plan (General Plan) component of The Ontario Plan, as the Project site is not one of the properties in the Housing Element Sites contained in Tables B-1 and B-2 (Housing Element Sites Inventory) of the Housing Element Technical Report.

ENVIRONMENTAL REVIEW: The Project analyzed under the Addendum to West Haven Specific Plan Environmental Impact Report (State Clearinghouse No. 200471095, certified by the City Council on January 16, 2007) (Certified Environmental Impact Report) consists of amending the West Haven Specific Plan, Planning Areas 1 and 3, to increase the overall residential density from 4.43 to 7.52 dwelling units per net acre with the overall dwelling unit count increasing from 753 to 1,142 dwelling units, and subdividing Planning Area 3 for condominium purposes and includes 111

numbered lots, 32 lettered lots, onsite and offsite improvements such as private streets, private drives, sidewalks, landscaping, utilities infrastructure, and utilities connections.

The Application is a project pursuant to the California Environmental Quality Act (Public Resources Code Section 21000 et seq.) and an Addendum has been prepared to determine possible environmental impacts. Although the proposed Project could have a significant effect on the environment, because all potentially significant effects have been analyzed adequately in an earlier Certified Environmental Impact Report and have been avoided or mitigated pursuant to that earlier Certified Environmental Impact Report, including revisions or mitigation measures that are imposed on the proposed Project, nothing further is required. The Project will introduce no new significant environmental impacts beyond those previously analyzed in the Certified Environmental Impact Report, and all mitigation measures previously adopted by the Environmental Impact Report, are a condition of project approval and are incorporated in the Addendum.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING AN ADDENDUM TO THE WEST HAVEN SPECIFIC PLAN ENVIRONMENTAL IMPACT REPORT, PURSUANT TO THE REQUIREMENTS OF THE CALIFORNIA ENVIRONMENTAL QUALITY ACT, AS AMENDED, FOR FILE NO. PSPA21-004.

WHEREAS, LEWIS MANAGEMENT CORP. (hereinafter referred to as "Applicant") has filed Applications for the approval of a Specific Plan Amendment, File No. PSPA21-004, which amends the West Haven Specific Plan to increase the number of allowable dwellings in Planning Area 1 and Planning Area 3 to include detached and attached dwelling units, and update associated text and exhibits, to facilitate development of single- and multiple-family residential units located south of Riverside Drive, north of Schafer Avenue, west of Haven Avenue, and east of Turner Avenue in the City of Ontario, California (hereinafter referred to as "Application" or "Project"); and

WHEREAS, the West Haven Specific Plan Environmental Impact Report (State Clearinghouse No. 2004071095) was certified on January 16, 2007 (hereinafter referred to as "Certified EIR"), in which development and use of the Project site was discussed; and

WHEREAS, the Planning Director of the City of Ontario has prepared and approved for attachment to the certified Environmental Impact Report, an Addendum to the Certified EIR (hereinafter referred to as "EIR Addendum") in accordance with the requirements of the California Environmental Quality Act of 1970, together with State and local guidelines implementing said Act, all as amended to date (collectively referred to as "CEQA"); and

WHEREAS, the EIR Addendum concluded that implementation of the Project could result in a number of significant effects on the environment that were previously analyzed in the Certified EIR, and that the Certified EIR identified mitigation measures that would reduce each of those significant effects to a less-than-significant level; and

WHEREAS, pursuant to State CEQA Guidelines Section 15164(a), a lead agency shall prepare an addendum to a previously certified EIR if some changes or additions are necessary to a project, but the preparation of a subsequent or supplemental EIR is not required; and

WHEREAS, the City determined that none of the conditions requiring preparation of a subsequent or supplemental EIR would occur from the Project, and that preparation of an Addendum to the Certified EIR was appropriate; and

WHEREAS, on June 27, 2023, the Planning Commission of the City of Ontario conducted a hearing to consider the Addendum and concluded said hearing on that date, voting to issue Resolution No. PC23-048 recommending that the City Council conclude that none of the conditions requiring preparation of a subsequent or supplemental EIR have occurred, and further recommending that the City Council take actions on the Project in compliance with CEQA and state and local guidelines implementing CEQA; and

WHEREAS, the City of Ontario is the lead agency on the Project, and the City Council is the decision-making authority for the requested approval to construct and otherwise undertake the Project; and

WHEREAS, the City Council has reviewed and considered the EIR Addendum for the Project, has concluded that none of the conditions requiring preparation of a subsequent or supplemental EIR have occurred, and intends to take actions on the Project in compliance with CEQA and state and local guidelines implementing CEQA; and

WHEREAS, the EIR Addendum for the Project are on file in the Planning Department, located at 303 East B Street, Ontario, CA 91764, are available for inspection by any interested person at that location and are, by this reference, incorporated into this Resolution as if fully set forth herein; and

WHEREAS, all legal prerequisites to the adoption of this Resolution have occurred.

NOW, THEREFORE, IT IS HEREBY FOUND, DETERMINED, AND RESOLVED by the City Council of the City of Ontario, as follows:

SECTION 1. ***Environmental Determination and Findings.*** As the decision-making authority for the Project, the City Council has reviewed and considered the information contained in the administrative record for the Project. Based upon the facts and information contained in the administrative record, including all written and oral evidence presented to the City Council, the City Council finds as follows:

(1) The environmental impacts of this project were reviewed in conjunction with an Addendum to West Haven Specific Plan Environmental Impact Report (State Clearinghouse No. 2004071095; certified by the Ontario City Council on January 16, 2007, in conjunction with File No. PSP03-006); and

(2) The EIR Addendum and administrative record have been completed in compliance with CEQA, the State CEQA Guidelines, and the City of Ontario Local CEQA Guidelines; and

(3) The City's "Guidelines for the Implementation of the California Environmental Quality Act (CEQA)" provide for the use of a single environmental assessment in situations where the impacts of subsequent projects are adequately analyzed. This Application introduces no new significant environmental impacts; and

(4) All previously adopted mitigation measures shall be a condition of project approval, as they are applicable to the Project, and are incorporated herein by this reference; and

(5) The EIR Addendum contains a complete and accurate reporting of the environmental impacts associated with the Project, and reflects the independent judgment of the City Council; and

(6) There is no substantial evidence in the administrative record supporting a fair argument that the project may result in significant environmental impacts.

SECTION 2. ***Additional Environmental Review Not Required.*** Based on the Addendum, all related information presented to the City Council, and the specific findings set forth in Section 1, above, the City Council finds that the preparation of a subsequent or supplemental Environmental Impact Report is not required for the Project, as the Project:

(1) Does not constitute substantial changes to the Certified EIR that will require major revisions to the Certified EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; and

(2) Does not constitute substantial changes with respect to the circumstances under which the Certified EIR was prepared, that will require major revisions to the Certified EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of the previously identified significant effects; and

(3) Does not contain new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence at the time the Certified EIR was certified/adopted, that shows any of the following:

(a) The project will have one or more significant effects not discussed in the Certified EIR; or

(b) Significant effects previously examined will be substantially more severe than shown in the Certified EIR; or

(c) Mitigation measures or alternatives previously found not to be feasible would in fact be feasible and would substantially reduce one or more significant effects of the Project, but the City declined to adopt such measures; or

(d) Mitigation measures or alternatives considerably different from those analyzed in the Certified EIR would substantially reduce one or more significant effects on the environment, but which the City declined to adopt.

SECTION 3. ***City Council Action.*** Based upon the findings and conclusions set forth in Sections 1 and 2, above, the City Council hereby finds that based upon the entire record of proceedings before it, and all information received, that there is no substantial evidence that the Project will constitute substantial changes to the Certified EIR, and does hereby approve the EIR Addendum, attached hereto as "Attachment A," and incorporated herein by this reference.

SECTION 4. ***Indemnification.*** The Applicant shall agree to defend, indemnify and hold harmless, the City of Ontario or its agents, officers, and employees from any claim, action or proceeding against the City of Ontario or its agents, officers or employees to attack, set aside, void, or annul this approval. The City of Ontario shall promptly notify the applicant of any such claim, action, or proceeding, and the City of Ontario shall cooperate fully in the defense.

SECTION 5. ***Custodian of Records.*** The documents and materials that constitute the record of proceedings on which these findings have been based are located at the City of Ontario City Hall, 303 East "B" Street, Ontario, California 91764. The custodian for these records is the City Clerk of the City of Ontario.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

Addendum to West Haven Specific Plan Environmental Impact Report

(Addendum to follow this page)

City of Ontario
Planning Department
303 East "B" Street
Ontario, California
Phone: (909) 395-2036
Fax: (909) 395-2420

California Environmental Quality Act
Environmental Checklist Form

Project Title/File No(s).: West Haven Specific Plan Amendment No. 1 – PSPA21-004

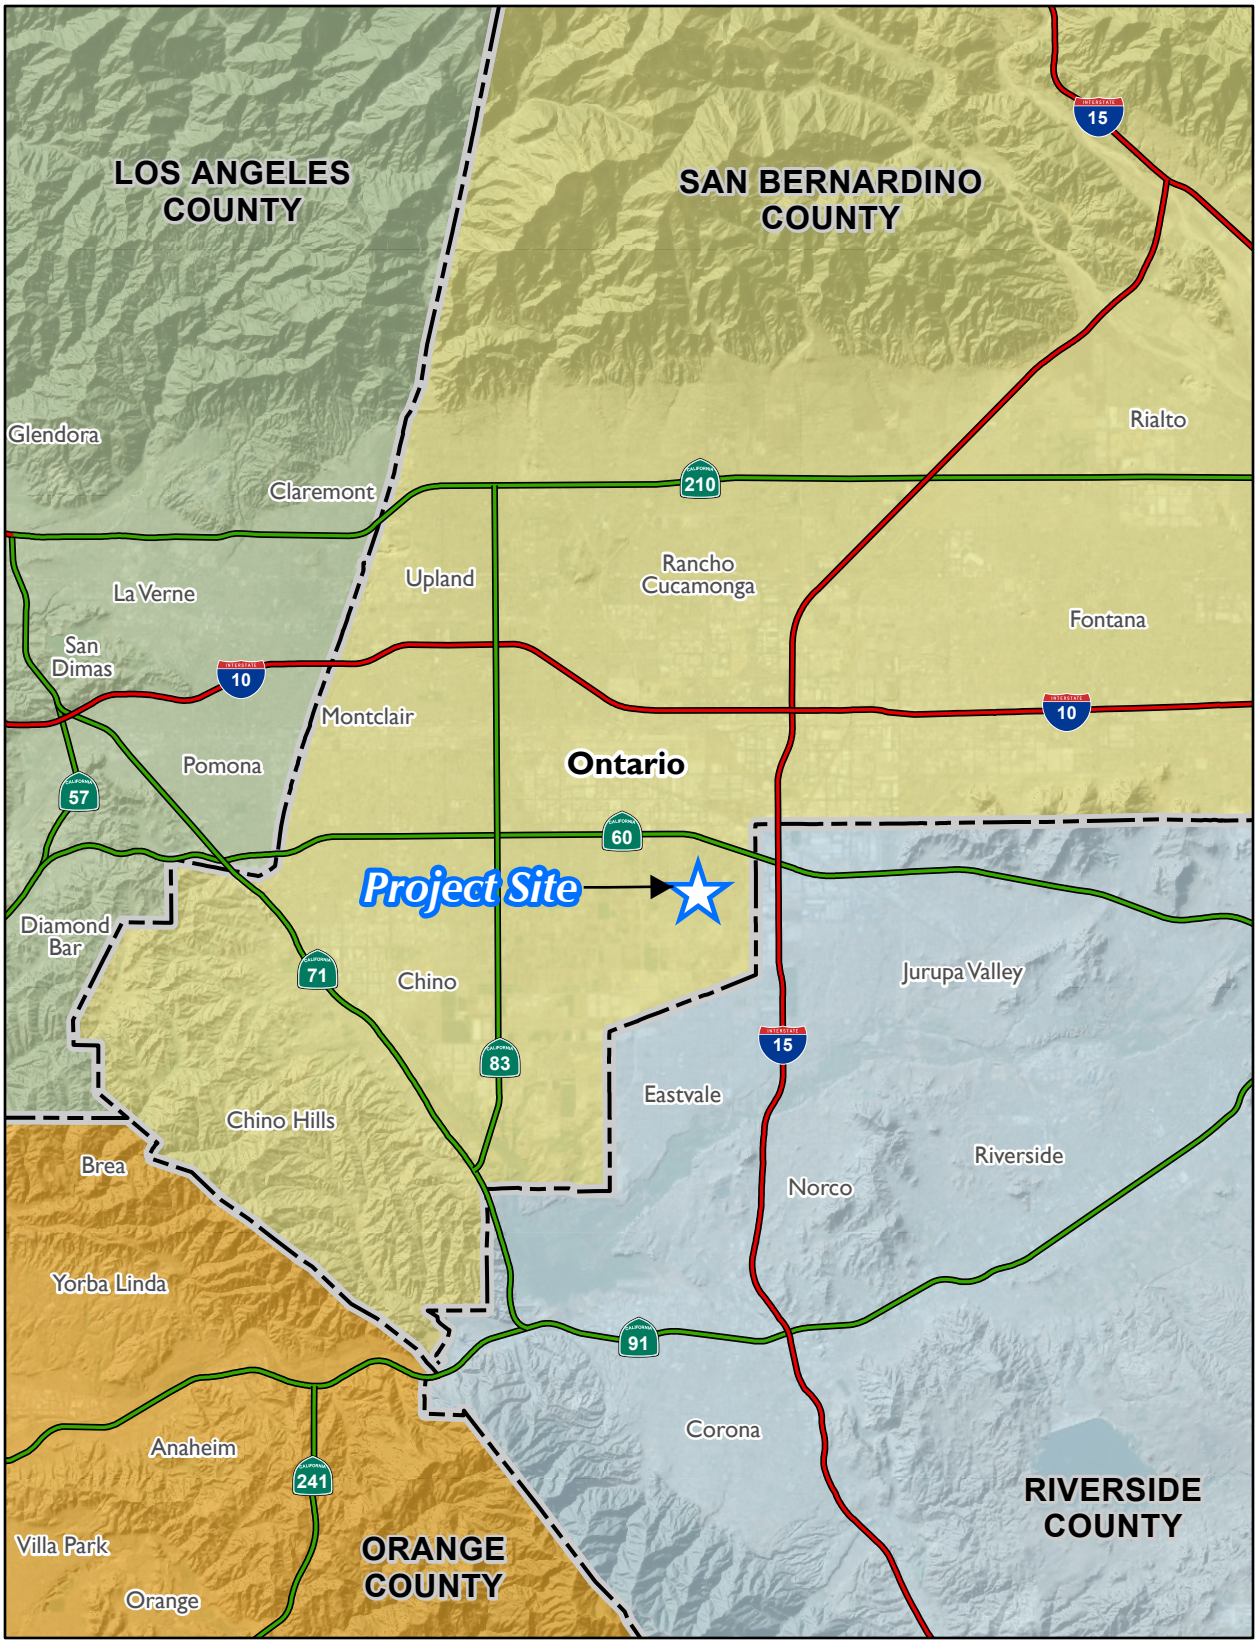
Lead Agency: City of Ontario, 303 East "B" Street, Ontario, California 91764, (909) 395-2036

Contact Person: Thomas Grahn, Senior Planner

Project Sponsor: West Haven 27, LLC

Project Location and Setting: The 184.6-gross-acre West Haven Specific Plan area is located in southwestern San Bernardino County, within the Ontario Ranch area of the City of Ontario. The City of Ontario is located approximately 40 miles from downtown Los Angeles, 20 miles from downtown San Bernardino, and 30 miles from Orange County (refer to Figure 1, Regional Location Map, and Figure 2, Vicinity Map). The 47.69-gross-acre Project site includes Planning Areas (PAs) 1 and 3 of the West Haven Specific Plan. As illustrated on the aerial photograph presented on Figure 3, the Project site is located south of Riverside Drive, west of Haven Avenue, and north of Chino Avenue.

The Project site was previously occupied by agricultural uses, including dairy farm and nursery uses; however, these uses have been removed and the site is vacant. The areas surrounding the Project site to the north and south are developed with single-family residential uses; the area to the south is PA 4 of the West Haven Specific Plan area. The area to the west includes a Southern California Edison (SCE) easement and single-family residential uses, and the area to the east includes vacant land previously occupied by a dairy farm.



General Plan Designation: Low Medium Density Residential (5.1-11 du/ac), Medium Density Residential (11.1 to 25.0 du/ac), Open Space-Recreation

Zoning: SP – West Haven Specific Plan (PSP03-006)

Description of Project: The proposed Project involves amendments to the West Haven Specific Plan (File No. PSPA21-004) to: (1) designate PA 1 with Medium Density Residential land uses consistent with The Ontario Plan 2050 (TOP) Policy Plan (General Plan) Land Use Map, increase the number of allowed units within PA 1 from 173 dwelling units to 451 dwelling units (an increase of 278 dwelling units), and change the allowed use from Detached Courtyard and 4,000 square foot (sf) lots to Detached Courtyard and Attached Homes; (2) designate PA 3 with Low Medium Density Residential land uses consistent with the Policy Plan Land Use Map, increase the number of allowed units within PA 3 from 92 dwelling units to 203 dwelling units (an increase of 111 dwelling units), change the allowed use from 4,950 square foot lots to Detached and Attached Homes, and decrease the PA 3 acreage from 20.12 acres to 19.17 acres. The proposed development would be implemented in compliance with Development and Subdivision Regulations contained in the West Haven Specific Plan as proposed to be amended, and Ontario Development Code. With the increase in units, the number of allowed units in the West Haven Specific Plan area would increase from 753 to 1,142 dwelling units (an increase of 389 dwelling units). The overall density in the Specific Plan area would increase from 4.96 dwelling units per gross acre to 7.52 dwelling units per gross acre for the residential PAs.

The Project would also include amendments to the West Haven Specific Plan to modify Development Standards and Design Guidelines, text, tables and graphics, as needed, to reflect the changes above. This includes the addition of new housing typologies to the Development Standards for the attached residential uses, and revisions to statistical information (e.g., acreage and density). The modified Specific Plan Land Use Summary Table and Land Use Plan, and new housing typologies are provided in Attachment A of this document.[1]

[1] The proposed West Haven Specific Plan Amendment also includes revisions to reflect previous approvals by the City including, but not limited to, the transfer of 4 units from PA 4 to PA 7 and removal of the 5-acre park from previous PA 6. These previously approved amendments are not evaluated in this Addendum.

Background: In July 2007, the City of Ontario approved the 202.0-gross-acre West Haven Specific Plan (File No. PSP03-006) located south of Riverside Drive, west of Haven Avenue, east of Turner Avenue, and north of an unimproved portion of Chino Avenue. The originally approved West Haven Specific Plan allowed for the development of up to 753 residential units in PAs 1, 3, 4, 5, 8 and 9 (170.12 acres); a neighborhood commercial center in PA 2 (11.74 acres); a neighborhood park in PA 6 (5 acres); and a school in PA 7 (12.45 acres). The remaining Specific Plan area included master planned roadways, neighborhood edge buffers, SCE and Southern California Gas (SCG easements), SCE fee-owned property, and roadway right-of-way to be abandoned (Old Schaefer Road). The West Haven Specific Plan establishes the land use plan, the circulation plan, infrastructure and public services plan, open space and recreation plan, grading plan, development standards, and design guidelines for the West Haven Specific Plan area.

The *West Haven Specific Plan Final Environmental Impact Report* (West Haven Specific Plan Final EIR) (State Clearinghouse [SCH] No. 2004071095) was prepared for the West Haven Specific Plan and was certified by the City Council in January 2007. The West Haven Specific Plan Final EIR analysis concluded that implementation of the West Haven Specific Plan would result in significant and unavoidable impacts related to loss of Farmland (project and cumulative), construction-related and operational air quality impacts (project and cumulative), and operational cumulative traffic impacts. A Statement of Overriding Considerations was adopted by the City for these impacts. Mitigation measures were adopted to reduce impacts to less than significant impacts to the extent feasible, and those mitigation measures will continue to apply to development in the West Haven Specific Plan area, including the proposed Project.

In August 2022, TOP 2050, including the Policy Plan (General Plan) was adopted, and updated the TOP approved in 2010. The Project site is shown as “Area of Change” in TOP 2050, which changed the land use designations for the Project site from Low Density Residential and Open Space-Recreation to Low Medium Density Residential [5.1-11.0 dwelling units per/acre (du/ac)], Medium Density Residential (11.1-25.0 du/ac), and Open Space-Recreation. The associated *The Ontario Plan 2050 Final Supplemental Environmental Impact Report* (SCH No. 2021070364) (TOP Final SEIR) was also certified in August 2022, and is incorporated by reference in this Addendum. The TOP Final SEIR analyzes the environmental impacts that would result from implementation of the TOP, focusing on changes to land use associated with the buildout of the Policy Plan Land Use Plan and impacts resultant of population and employment growth in the City. TOP 2050 and TOP Final SEIR anticipate development of 789 residential units within PAs 1 and 3 of the West Haven Specific Plan area. The proposed Project includes the development of 654 units in PAs 1 and 3, which is 135 fewer units than what is anticipated in the TOP and evaluated in the TOP Final SEIR for these PAs. At buildout of the proposed West Haven Specific Plan, as amended, there would be a maximum of 1,142 residential units, which is 142 fewer units than 1,284 units for the Specific Plan area anticipated in TOP 2050 Policy Plan Land Use Plan and evaluated in the TOP Final SEIR. The significant unavoidable adverse impacts that were identified in the TOP Final SEIR include: air quality (consistency with the Air Quality Management Plan [AQMP], construction and operational emissions, and cumulative contribution to health risk due to exposure of sensitive receptors to toxic air contaminants [TACs]); cultural (historic) resources; noise (project and cumulative construction noise, project and cumulative vibration impacts, and exposure of sensitive receptors to airport noise); and transportation (vehicle miles traveled [VMT] impacts).

CEQA REQUIREMENTS FOR AN ADDENDUM:

Section 15164(a) of the CEQA Guidelines outlines when an Addendum to an EIR is required, and states: “The lead agency or responsible agency shall prepare an addendum to a previously certified EIR if some changes or additions are necessary but none of the conditions described in Section 15162 calling for preparation of a subsequent EIR have occurred.”

Section 15162 of the CEQA Guidelines states:

A. When an EIR has been certified or a negative declaration adopted for a project, no subsequent EIR shall be prepared for that project unless the lead agency determines, on the basis of substantial evidence in the light of the whole record, one or more of the following:

   (1) Substantial changes are proposed in the project which will require major revisions of the

previous EIR or negative declaration due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects;

(2) Substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the previous EIR or negative declaration due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or

(3) New information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified as complete or the negative declaration was adopted, shows any of the following:

(a) The project will have one or more significant effects not discussed in the previous EIR or negative declaration;

(b) Significant effects previously examined will be substantially more severe than shown in the previous EIR;

(c) Mitigation measures or alternatives previously found not to be feasible would in fact be feasible, and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative; or

(d) Mitigation measures or alternatives which are considerably different from those analyzed in the previous EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative."

Thus, if the proposed Project does not result in any of the circumstances listed in section 15162 (i.e., no new or substantially greater significant impacts), the City may adopt an addendum to the West Haven Specific Plan Final EIR.

Section 15164(e) of the CEQA Guidelines require that a brief explanation be provided to support the findings that no subsequent EIR is needed for further discretionary approval. These findings are described below, and are based on the analysis presented in this document:

1. *Required Finding: Substantial changes are not proposed for the project that will require major revisions of the previous EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects*. Substantial changes are not proposed with the Project and the proposed Project will not require revisions to the West Haven Specific Plan Final EIR or TOP Final SEIR. The West Haven Specific Plan Final EIR evaluated the impacts associated with the development of 753 dwelling units, commercial uses, a neighborhood park, and a school within the Specific Plan Area. As previously described, the proposed Project involves a Specific Plan Amendment to increase the residential unit count in PA 1 of the West Haven Specific Plan by 278 dwelling units (from 173 dwelling units to 451 dwelling units) and PA 3 by 111 dwelling units (from 92 dwelling units to 203 dwelling units). This would increase the total number of allowed residential units in the Specific Plan area from 753 dwelling units to 1,142 dwelling units (an increase of 389 units). The proposed Specific Plan Amendment would also include the elimination of the 5-acre park previously identified as PA 6, and would involve other amendments to the text, tables and graphics included in the West Haven Specific Plan updating statistical information, Development Standards, and Design Guidelines.

   On August 16, 2022, the City of Ontario adopted TOP 2050 Policy Plan. The proposed Project would allow for a maximum of 1,142 residential units to be developed within the West Haven Specific Plan area (up to 789 units in PAs 1 and 3), which is less than the 1,284 residential unit development capacity established by the Policy Plan for the West Haven Specific Plan area (654 units in PAs 1 and 3). The proposed density for PA 1 (15.81 dwelling units per acre [du/ac]) is consistent with the Policy Plan density for Medium Density Residential uses (11.1 to 25.0 du/ac), and the proposed density for PA 3 (10.01 du/ac) is consistent with the Policy Plan density for Low Medium Density Residential uses (5.1-11 du/ac). Additionally, the City's water, recycled water, and

sewer infrastructure would have sufficient capacity to serve the additional units with the proposed Project. There are no new significant impacts or a substantial increase in the severity of previously identified significant impacts due to the proposed Project. Therefore, no proposed changes or revisions to the EIR are required.

2. *Required Finding: Substantial changes have not occurred with respect to the circumstances under which the project is undertaken, which would require major revisions of the previous EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects*. As shown on the aerial photograph provided in Figure 3, the Project site (PAs 1 and 3) is currently vacant and disturbed by previous agricultural uses, and the areas surrounding the Project site are developed or have been previously disturbed by previous dairy farm/agricultural activities. Grading activities and other site disturbance would be conducted in accordance with the mitigation requirements outlined in the West Haven Specific Plan Final EIR, including measures required for the protection of biological, cultural, and paleontological resources. No proposed changes or revisions to the EIR are required.

3. *Required Finding*. *No new information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified as complete, has been provided that would indicate: the proposed project would result in one or more significant effects not discussed in the previous EIR; significant effects previously examined would be substantially more severe than shown in the previous EIR; mitigation measures or alternatives previously found not to be feasible would in fact be feasible, and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative; or, mitigation measures or alternatives which are considerably different from those analyzed in the previous EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternatives*. The West Haven Specific Plan Final EIR did not directly address greenhouse gas (GHG) impacts or transportation impacts resulting from vehicle miles traveled since the requirements for these analyses pursuant to CEQA became effective after the West Haven Specific Plan Final EIR was prepared. However, the impact of buildout of TOP on the environment due to GHG emissions and VMT, as well as other traffic-related impacts (air pollutant emissions and off-site traffic noise) were analyzed in TOP Final SEIR. According to TOP Final SEIR, GHG and off-site traffic-related noise impacts would be less than significant, and operational air quality impacts would be significant and unavoidable.

   The Ontario International Airport (ONT) Land Use Compatibility Plan (ALUCP) was adopted by the City of Ontario in 2011. As determined by the analysis presented in this Addendum, the proposed Project would not result in any new impacts related to the ONT that were not addressed in TOP Final SEIR. There are no significant impacts associated with the ONT.

   Lastly, Appendix G of the CEQA Guidelines was modified as part of the CEQA Guidelines updates that were approved in December 2018. New checklist topics related to Energy, Tribal Cultural Resources and Wildfire were added and some checklist questions for other environmental topics were revised; however, these are not new topical issues and were evaluated in the Final EIR. The Initial Study presented in this Addendum uses the updated checklist in Appendix G of the CEQA Guidelines. As identified through the analysis presented in this Addendum, there would be no new significant impacts resulting from the proposed Project related to the changes in Appendix G of the CEQA Guidelines.

Conclusion:

Accordingly, and based on the findings and information contained in the previously certified the West Haven Specific Plan Final EIR, the analysis above, the attached Initial Study, and the CEQA statute and CEQA Guidelines, including Sections 15164 and 15162, the proposed Project would not result in any new, increased or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR and the TOP Final SEIR, as appropriate. No changes or additions to the West Haven Specific Plan Final EIR or TOP Final SEIR analyses are necessary, nor is there a need for

any additional mitigation measures.

The attached Initial Study provides an analysis of the proposed Project and verification that the proposed Project will not cause environmental impacts such that any of the circumstances identified in CEQA Guidelines section 15162 are present.

Surrounding Land Uses (Surrounding PAs 1 and 3):

	Existing Land Use	TOP 2050 Policy Plan/ General Plan Designation	Zoning Designation
North	Single-family Residential and Recreation	Open Space-Recreation and Low Density Residential (2.1 – 5 du/ac)	SP – Creekside Specific Plan/Single Family Residential
West	Single-family Residential and SCE Corridor	Low Density Residential (2.1 – 5 du/ac), and Open Space-Non-Recreational	LDR-5 Low Density Residential and UC Utilities Corridor
South	Single-family Residential	Low Density Residential (2.1 – 5 du/ac)	SP – West Haven Specific Plan/3,825 SF Lots
East	Vacant	Low Density Residential (2.1 – 5 du/ac); Low Medium Density Residential (5.1 – 11.0 du/ac); and Medium Density Residential (11.1 to 25.0 du/ac)	SP – Rich-Haven Specific Plan/0 – 5 du/ac; 5.1-12 du/ac; 12.1-25 du/ac

du/ac – dwelling units per acre

Other public agencies whose approval is required (e.g., permits, financing approval or participation agreement): None.

ENVIRONMENTAL FACTORS POTENTIALLY AFFECTED:

The environmental factors checked below would be potentially affected by this project, involving at least one impact that is a "Potentially Significant Impact" as indicated by the checklist on the following pages.

- ☐ Aesthetics
- ☐ Air Quality
- ☐ Cultural Resources
- ☐ Geology / Soils
- ☐ Hazards & Hazardous Materials
- ☐ Land Use / Planning
- ☐ Noise
- ☐ Public Services
- ☐ Transportation
- ☐ Utilities / Service Systems
- ☐ Mandatory Findings of Significance
- ☐ Agriculture and Forestry Resources
- ☐ Biological Resources
- ☐ Energy
- ☐ Greenhouse Gas Emissions
- ☐ Hydrology / Water Quality
- ☐ Mineral Resources
- ☐ Population / Housing
- ☐ Recreation
- ☐ Tribal Cultural Resources
- ☐ Wildfire

DETERMINATION (To be completed by the Lead Agency):

On the basis of this initial evaluation:

☐ I find that the proposed project COULD NOT have a significant effect on the environment, and a NEGATIVE DECLARATION will be prepared.

☐ I find that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because revisions in the project have been made by or agreed to by the project proponent. A MITIGATED NEGATIVE DECLARATION will be prepared.

☐ I find that the proposed project MAY have a significant effect on the environment, and an ENVIRONMENTAL IMPACT REPORT is required.

☐ I find that the proposed project MAY have a "potentially significant" or "potentially significant unless mitigated" impact on the environment, but at least one effect 1) has been adequately analyzed in an earlier document pursuant to applicable legal standards, and 2) has been addressed by mitigation measures based on the earlier analysis as described on attached sheets. An ENVIRONMENTAL IMPACT REPORT is required, but it must analyze only the effects that remain to be addressed.

☒ I find that although the proposed Project could have a significant effect on the environment, because all potentially significant effects (a) have been analyzed adequately in an earlier certified West Haven Specific Plan Final EIR pursuant to applicable standards, (b) The certified TOP Final SEIR, and (c) have been avoided or mitigated pursuant to the earlier certified environmental documents, including revisions or mitigation measures that are imposed upon the proposed Project, the analysis from the certified West Haven Specific Plan Final EIR and the certified TOP Final SEIR was used as a basis for this Addendum, and nothing further is required.

EVALUATION OF ENVIRONMENTAL IMPACTS:

1) A brief explanation is required for all answers except "No Impact" answers that are adequately supported by the information sources a lead agency cites in the parentheses following each question. A "No Impact" answer is adequately supported if the referenced information sources show that the impact simply does not apply to projects like the one involved (e.g., the project falls outside a fault rupture zone). A "No Impact" answer should be explained where it is based on project-specific factors as well as general standards (e.g., the project will not expose sensitive receptors to pollutants, based on a project-specific screening analysis).

2) All answers must take account of the whole action involved, including off-site as well as on-site, cumulative as well as project-level, indirect as well as direct, and construction as well as operational impacts.

3) Once the lead agency has determined that a particular physical impact may occur, then the checklist answers must indicate whether the impact is potentially significant, less than significant with mitigation, or less than significant. "Potentially Significant Impact" is appropriate if there is substantial evidence that an effect is significant. If there are one or more "Potentially Significant Impact" entries when the determination is made, an EIR is required.

4) "Negative Declaration: Less Than Significant With Mitigation Incorporated" applies where the incorporation of mitigation measures has reduced an effect from "Potentially Significant Impact" to a "Less than Significant Impact." The lead agency must describe the mitigation measures, and briefly explain how they reduce the effect to a less than significant level (mitigation measures from the "Earlier Analyses" Section may be cross-referenced).

5) Earlier analyses may be used where, pursuant to the tiering, program EIR, or other CEQA process, an effect has been adequately analyzed in an earlier EIR or negative declaration. Section 15063(c)(3)(D). In this case, a brief discussion should identify the following:

   a) Earlier Analyses Used. Identify and state where they are available for review.

   b) Impacts Adequately Addressed. Identify which effects from the above checklist were within the scope of and adequately analyzed in an earlier document pursuant to applicable legal standards, and state whether such effects were addressed by mitigation measures based on the earlier analysis.

   c) Mitigation Measures. For effects that are "Less than Significant with Mitigation Measures Incorporated," describe the mitigation measures which were incorporated or refined from the earlier document and the extent to which they address site-specific conditions for the project.

6) Lead agencies are encouraged to incorporate into the checklist references to information sources for potential impacts (e.g., general plans, zoning ordinances). Reference to a previously prepared or outside document should, where appropriate, include a reference to the page or pages where the statement is substantiated.

7) Supporting Information Sources. A source list should be attached, and other sources used or individuals contacted should be cited in the discussion.

8) This is only a suggested form, and lead agencies are free to use different formats; however, lead agencies should normally address the questions from this checklist that are relevant to a project's environmental effects in whatever format is selected.

9) The explanation of each issue should identify:

   a) The significance criteria or threshold, if any, used to evaluate each question; and

   b) The mitigation measure identified, if any, to reduce the impact to less than significance.

Issues	*Potentially Significant Impact*	*Less Than Significant With Mitigation*	*No Impact or Less Than Significant Impact*	*Impacts Analyzed in Previous EIR*
1. AESTHETICS. Would the project:				
a. Have a substantial adverse effect on a scenic vista?	☐	☐	☐	☒
b. Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings within a state scenic highway?	☐	☐	☐	☒
c. In non-urbanized areas, substantially degrade the existing visual character or quality of public views of the site and its surroundings? (Public views are those that are experienced from publicly accessible vantage point). If the project is in an urbanized area, would the project conflict with applicable zoning and other regulations governing scenic quality?	☐	☐	☐	☒
d. Create a new source of substantial light or glare which would adversely affect day or nighttime views in the area?	☐	☐	☐	☒
2. AGRICULTURE AND FOREST RESOURCES. In determining whether impacts to agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Department of Conservation as an optional model to use in assessing impacts on agriculture and farmland. In determining whether impacts to forest resources, including timberland, are significant environmental effects, lead agencies may refer to information compiled by the California Department of Forestry and Fire Protection regarding the state's inventory of forest land, including the Forest and Range Assessment Project and the Forest Legacy Assessment project; and forest carbon measurement methodology provided in Forest protocols adopted by the California Air Resources Board. Would the project:				
a. Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?	☐	☐	☐	☒
b. Conflict with existing zoning for agricultural use, or a Williamson Act contract?	☐	☐	☐	☒
c. Conflict with existing zoning for, or cause rezoning of, forest land (as defined in Public Resources Code section 12220(g)), timberland (as defined by Public Resources Code section 4526), or timberland zoned Timberland Production (as defined by Government Code section 51104(g))?	☐	☐	☐	☒
d. Result in the loss of forest land or conversion of forest land to non-forest use?	☐	☐	☒	☐

Issues	*Potentially Significant Impact*	*Less Than Significant With Mitigation*	*No Impact or Less Than Significant Impact*	*Impacts Analyzed in Previous EIR*
e. Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use or conversion of forest land to non-forest use?	☐	☐	☐	☒
3. AIR QUALITY. Where available, the significance criteria established by the applicable air quality management or air pollution control district may be relied upon to make the following determinations. Would the project:				
a. Conflict with or obstruct implementation of the applicable air quality plan?	☐	☐	☐	☒
b. Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard?	☐	☐	☐	☒
c. Expose sensitive receptors to substantial pollutant concentrations?	☐	☐	☐	☒
d. Result in other emissions (such as those leading to odors adversely affecting a substantial number of people?	☐	☐	☐	☒
4. BIOLOGICAL RESOURCES. Would the project:				
a. Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife Service?	☐	☐	☐	☒
b. Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations, or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife Service?	☐	☐	☐	☒
c. Have a substantial adverse effect on state or federally protected wetlands (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means?	☐	☐	☐	☒
d. Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?	☐	☐	☐	☒
e. Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?	☐	☐	☐	☒
f. Conflict with the provisions of an adopted Habitat Conservation Plan, Natural Community Conservation Plan, or other approved local, regional, or state habitat conservation plan?	☐	☐	☐	☒

Issues	*Potentially Significant Impact*	*Less Than Significant With Mitigation*	*No Impact or Less Than Significant Impact*	*Impacts Analyzed in Previous EIR*
5. CULTURAL RESOURCES. Would the project:				
a. Cause a substantial adverse change in the significance of a historical resource as defined in Section 15064.5?	☐	☐	☐	☒
b. Cause a substantial adverse change in the significance of an archaeological resource pursuant to Section 15064.5?	☐	☐	☐	☒
c. Disturb any human remains, including those interred outside of dedicated cemeteries?	☐	☐	☐	☒
6. ENERGY. Would the project:				
a. Result in potentially significant environmental impact due to wasteful, inefficient, or unnecessary consumption of energy resources, during project construction or operation?	☐	☐	☐	☒
b. Conflict with or obstruct a state or local plan for renewable energy or energy efficiency?	☐	☐	☒	☐
7. GEOLOGY AND SOILS. Would the project:				
a. Directly or indirectly cause potential substantial adverse effects, including the risk of loss, injury, or death involving:	☐	☐	☐	☒
i) Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42.	☐	☐	☐	☒
ii) Strong seismic ground shaking?	☐	☐	☐	☒
iii) Seismic-related ground failure, including liquefaction?	☐	☐	☐	☒
iv) Landslides?	☐	☐	☐	☒
b. Result in substantial soil erosion or the loss of topsoil?	☐	☐	☐	☒
c. Be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in on- or off-site landslide, lateral spreading, subsidence, liquefaction or collapse?	☐	☐	☐	☒
d. Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial direct or indirect risks to life or property?	☐	☐	☐	☒
e. Have soils incapable of adequately supporting the use of septic tanks or alternative waste water disposal systems where sewers are not available for the disposal of waste water?	☐	☐	☐	☒

Issues	*Potentially Significant Impact*	*Less Than Significant With Mitigation*	*No Impact or Less Than Significant Impact*	*Impacts Analyzed in Previous EIR*
f. Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?	☐	☐	☐	☒
8. GREENHOUSE GAS EMISSIONS. Would the project:				
a. Generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment?	☐	☐	☐	☒
b. Conflict with an applicable plan, policy or regulation adopted for the purpose of reducing the emission of greenhouse gases?	☐	☐	☐	☒
9. HAZARDS AND HAZARDOUS MATERIALS. Would the project:				
a. Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?	☐	☐	☐	☒
b. Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment?	☐	☐	☐	☒
c. Emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?	☐	☐	☐	☒
d. Be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?	☐	☐	☐	☒
e. For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard or excessive noise for people residing or working in the project area?	☐	☐	☐	☒
f. Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?	☐	☐	☐	☒
g. Expose people or structures, either directly or indirectly, to a significant risk of loss, injury or death involving wildland fires?	☐	☐	☐	☒
10. HYDROLOGY AND WATER QUALITY. Would the project:				
a. Violate any water quality standards or waste discharge requirements or otherwise substantially degrade surface or groundwater quality?	☐	☐	☐	☒
b. Substantially decrease groundwater supplies or interfere substantially with groundwater recharge such that the project may impede sustainable groundwater management of the basin?	☐	☐	☐	☒

Issues	*Potentially Significant Impact*	*Less Than Significant With Mitigation*	*No Impact or Less Than Significant Impact*	*Impacts Analyzed in Previous EIR*
c. Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river or through the addition of impervious surfaces, in a manner which would:	☐	☐	☐	☒
i) result in substantial erosion or siltation on- or off-site;	☐	☐	☐	☒
ii) substantially increase the rate or amount of surface runoff in a manner which would result in flooding on- or offsite;	☐	☐	☐	☒
iii) create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff; or	☐	☐	☐	☒
iv) impede or redirect flood flows?	☐	☐	☐	☒
d. In flood hazard, tsunami, or seiche zones, risk release of pollutants due to project inundation?	☐	☐	☐	☒
e. Conflict with or obstruct implementation of a water quality control plan or sustainable groundwater management plan?	☐	☐	☐	☒
11. LAND USE AND PLANNING. Would the project:				
a. Physically divide an established community?	☐	☐	☐	☒
b. Cause a significant environmental impact due to a conflict with any land use plan, policy, or regulation adopted for the purpose of avoiding or mitigating an environmental effect?	☐	☐	☐	☒
12. MINERAL RESOURCES. Would the project:				
a. Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?	☐	☐	☐	☒
b. Result in the loss of availability of a locally-important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan?	☐	☐	☐	☒
13. NOISE. Would the project result in:				
a. Generation of a substantial temporary or permanent increase in ambient noise levels in the vicinity of the project in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?	☐	☐	☐	☒
b. Generation of excessive groundborne vibration or groundborne noise levels?	☐	☐	☐	☒
c. For a project located within the vicinity of a private airstrip or an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project expose people residing or working in the project area to excessive noise levels?	☐	☐	☐	☒

Issues	*Potentially Significant Impact*	*Less Than Significant With Mitigation*	*No Impact or Less Than Significant Impact*	*Impacts Analyzed in Previous EIR*
14. POPULATION AND HOUSING. Would the project:				
a. Induce substantial unplanned population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of road or other infrastructure)?	☐	☐	☐	☒
b. Displace substantial numbers of existing people or housing, necessitating the construction of replacement housing elsewhere?	☐	☐	☐	☒
15. PUBLIC SERVICES. Would the project:				
a. Result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities, need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times or other performance objectives for any of the public services:				
i) Fire protection?	☐	☐	☐	☒
ii) Police protection?	☐	☐	☐	☒
iii) Schools?	☐	☐	☐	☒
iv) Parks?	☐	☐	☐	☒
v) Other public facilities?	☐	☐	☐	☒
16. RECREATION. Would the project:				
a. Increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?	☐	☐	☐	☒
b. Does the project include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment?	☐	☐	☐	☒
17. TRANSPORTATION/TRAFFIC. Would the project:				
a. Conflict with a program, plan, ordinance or policy addressing the circulation system, including transit, roadway, bicycle and pedestrian facilities?	☐	☐	☐	☒
b. Conflict or be inconsistent with CEQA Guidelines section 15064.3, subdivision (b)?	☐	☐	☐	☒
c. Substantially increase hazards due to a geometric design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?	☐	☐	☐	☒
d. Result in inadequate emergency access?	☐	☐	☐	☒

Issues	*Potentially Significant Impact*	*Less Than Significant With Mitigation*	*No Impact or Less Than Significant Impact*	*Impacts Analyzed in Previous EIR*
18. TRIBAL CULTURAL RESOURCES. Would the project cause a substantial adverse change in the significance of a tribal cultural resource, defined in Public Resources Code section 21074 as either a site, feature, place, cultural landscape that is geographically defined in terms of the size and scope of the landscape, sacred place, or object with cultural value to a California Native American tribe, and that is:				
a. Listed or eligible for listing in the California Register of Historical Resources, or in a local register of historical resources as defined in Public Resources Code section 5020.1(k)?	☐	☐	☐	☒
b. A resource determined by the lead agency, in its discretion and supported by substantial evidence, to be significant pursuant to criteria set forth in subdivision (c) of Public Resources Code section 5024.1? In applying the criteria set forth in subdivision (c) of Public Resources Code section 5024.1, the lead agency shall consider the significance of the resource to a California Native American tribe.	☐	☐	☐	☒
19. UTILITIES AND SERVICE SYSTEMS. Would the project:				
a. Require or result in the relocation or construction of new or expanded water, wastewater treatment or storm water drainage, electric power, natural gas, or telecommunications facilities, the construction or relocation of which could cause significant environmental effects?	☐	☐	☐	☒
b. Have sufficient water supplies available to serve the project and reasonably foreseeable future development during normal, dry and multiple dry years?	☐	☐	☐	☒
c. Result in a determination by the wastewater treatment provider which serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?	☐	☐	☐	☒
d. Generate solid waste in excess of State or local standards, or in excess of the capacity of local infrastructure, or otherwise impair the attainment of solid waste reduction goals?	☐	☐	☐	☒
e. Comply with federal, state, and local management and reduction statutes and regulations related to solid waste?	☐	☐	☐	☒
20. WILDFIRE. If located in or near state responsibility areas or lands classified as very high fire hazard severity zones, would the project:				
a. Substantially impair an adopted emergency response plan or emergency evacuation plan?	☐	☐	☐	☒

Issues	*Potentially Significant Impact*	*Less Than Significant With Mitigation*	*No Impact or Less Than Significant Impact*	*Impacts Analyzed in Previous EIR*
b. Due to slope, prevailing winds, and other factors, exacerbate wildfire risks, and thereby expose project occupants to, pollutant concentrations from a wildfire or the uncontrolled spread of a wildfire?	☐	☐	☐	☒
c. Require the installation or maintenance of associated infrastructure (such as roads, fuel breaks, emergency water sources, power lines or other utilities) that may exacerbate fire risk or that may result in temporary or ongoing impacts to the environment?	☐	☐	☐	☒
d. Expose people or structures to significant risks, including downslope or downstream flooding or landslides, as a result of runoff, post-fire slope instability, or drainage changes?	☐	☐	☐	☒
21. MANDATORY FINDINGS OF SIGNIFICANCE.				
a. Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, substantially reduce the number or restrict the range of a rare or endangered plant or animal or eliminate important examples of the major periods of California history or prehistory?	☐	☐	☐	☒
b. Does the project have impacts that are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current project, and the effects of probable future projects.)	☐	☐	☐	☒
c. Does the project have environmental effects which will cause substantial adverse effects on human beings, either directly or indirectly?	☐	☐	☐	☒

EXPLANATION OF ISSUES

The West Haven Specific Plan Final EIR, certified in January 2007, was prepared as a Program EIR in accordance with CEQA, the CEQA Guidelines, and the City's Rules for the Implementation of CEQA. As required, the EIR considered the direct physical changes and reasonably foreseeable indirect physical changes in the environment that would be caused by implementation of the West Haven Specific Plan. The Final EIR focused on impacts from the proposed land uses associated with buildout of the Specific Plan Land Use Plan, and impacts from the resultant population and employment growth from the Specific Plan.

Once a Program EIR has been prepared, subsequent activities within the program must be evaluated to determine whether an additional CEQA document needs to be prepared. However, if the Program EIR addresses the program's effects as specifically and comprehensively as possible, many subsequent activities could be found to be within the Program EIR scope and additional environmental documents may not be required (CEQA Guidelines Section 15168[c]). When a Program EIR is relied on for a subsequent activity, the lead agency must incorporate feasible mitigation measures and alternatives developed in the Program EIR into the subsequent activities (Guidelines Section 15168[c][3]). If a later activity would have effects that were not examined in the Program EIR, a new Initial Study would need to be prepared leading to either an EIR or a Negative Declaration.

Here, an Initial Study has been prepared to determine if the proposed Project is within the scope of the West Haven Specific Plan Final EIR such that additional environmental review is not required. As discussed below, the City has concluded that no additional environmental review in a Subsequent EIR or Supplemental EIR is required, such that this Initial Study can serve as an Addendum to the West Haven Specific Plan Final EIR pursuant to Section 15164 of the CEQA Guidelines. Substantial changes are not proposed to the West Haven Specific Plan Project and will not require revisions to the West Haven Specific Plan Final EIR. The West Haven Specific Plan Final EIR evaluated the impacts associated with the development capacity of 753 units. As previously addressed, the currently proposed Project would increase the allowed number of dwelling units in PA 1 of the West Haven Specific Plan by 278 dwelling units (from 173 dwelling units to 451 dwelling units) and PA 3 of the West Haven Specific Plan by 111 dwelling units (from 92 dwelling units to 203 dwelling units). This would increase the total number of allowed residential units in the Specific Plan area from 753 dwelling units to 1,142 dwelling units (an increase of 389 units). The proposed Specific Plan Amendment would also allow for the development of attached homes in PAs 1 and 3, would eliminate the 5-acre neighborhood park in previous PA 6, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan. Applicable mitigation measures from the West Haven Specific Plan Final EIR are incorporated by reference in each impact area discussion and are listed at the conclusion of this Addendum under the "Earlier Analysis" section.

On August 16, 2022, the City of Ontario adopted TOP 2050 Policy Plan. The proposed Project would allow for a maximum of 1,142 residential units to be developed within the West Haven Specific Plan area (up to 789 units in PAs 1 and 3), which is less than the 1,284 residential unit development capacity established by the Policy Plan Land Use Plan for the West Haven Specific Plan area (654 units in PAs 1 and 3). The proposed density for PA 1 (15.81 du/ac) is consistent with the Policy Plan density for Medium Density Residential uses (11.1 to 25.0 du/ac), and the proposed density for PA 3 (10.01 du/ac) is consistent with the Policy Plan density for Low Medium Density Residential uses (5.1-11 du/ac). Additionally, the City's water, recycled water, and sewer infrastructure would have sufficient capacity to serve the additional units with the proposed Project. Therefore, no proposed changes or revisions to the West Haven Final EIR are required. The proposed Project would not result in any additional impacts beyond those previously analyzed in the West Haven Specific Plan Final EIR or the TOP Final SEIR.

1. AESTHETICS. Would the project:

a. Have a substantial adverse effect on a scenic vista?

Discussion of Effects: The West Haven Specific Plan Final EIR concluded that no impact on a scenic vista would result from implementation of the proposed development. The Policy Plan does not identify scenic vistas within the City; however, the TOP Final SEIR identifies the Euclid Corridor and the Mission Boulevard Corridor as the primary scenic corridors in Ontario. Additionally, the Policy Plan (Policy CD-1.5) of TOP requires all major north-south streets be designed and

redeveloped to feature views of the San Gabriel Mountains, which are part of the City's visual identity and a key to geographic orientation. North-south streets should be clear of visual clutter, including billboards, and be enhanced appropriately by framing corridors with trees. The Project site is not visible from the Euclid Corridor or Mission Boulevard Corridor; however, Haven Avenue, which is a Principal Arterial extending in a north-south direction, forms the eastern boundary of the Project site. Pursuant to the West Haven Specific Plan Design Guidelines, Haven Avenue would have a tree lined streetscape with landscape parkway adjacent to the proposed residential uses. Therefore, no adverse impacts related to scenic vistas would result from the proposed Project.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

b. Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings and historic buildings within a state scenic highway?

Discussion of Effects: The West Haven Specific Plan Final EIR concluded that no impacts to state scenic highways would result from implementation of the proposed development. The City of Ontario is served by three freeways: I-10, I-15, and SR-60. I-10 and SR-60 traverse the northern and central portion of the City, respectively, in an east–west direction. I-15 traverses the northeastern portion of the City in a north–south direction. These segments of I-10, I-15, and SR-60 are not designated as scenic highways by the California Department of Transportation. There are no historic buildings or any scenic resources identified on the Project site. Therefore, no scenic resources within a state scenic highway would be impacted by the proposed Project.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

c. In non-urbanized areas, substantially degrade the existing visual character or quality of public views of the site and its surroundings? (Public views are those that are experienced from publicly accessible vantage point). If the project is in an urbanized area, would the project conflict with applicable zoning and other regulations governing scenic quality?

Discussion of Effects: The West Haven Specific Plan Final EIR concluded that impacts to visual character of the Specific Plan area would not be degraded with the introduction of a well-planned and landscaped new residential community, resulting in a less than significant impact. The Project site is currently vacant and disturbed by previous agricultural operations. The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3, would allow for the development of attached homes in PAs 1 and 3, would add new housing typologies for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. The previously approved and proposed residential units in PAs 1 and 3 would be designed and constructed consistent with the Design Guidelines and Development Standards included in the West Haven Specific Plan Amendment, applicable provisions of the Ontario Development Code, and the applicable policies of the Community Design Element of the TOP 2050 Policy Plan. As with the previously approved residential development, the proposed Project would not conflict with applicable zoning and other regulations governing scenic quality. Therefore, no adverse impacts related to the degradation of the existing visual character or quality would result from the proposed Project.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

d. Create a new source of substantial light or glare that would adversely affect day or nighttime views in the area?

Discussion of Effects: The West Haven Specific Plan Final EIR concluded that new sources of light and glare associated with proposed development would be typical of urban development and potential impacts would be less than significant with adherence to applicable regulations addressing light and glare. The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3, would allow for the development of attached homes in PAs 1 and 3, would add new housing typologies for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. Development of the Project would not introduce new sources of light and glare beyond that anticipated in the previous environmental analysis. Pursuant to the requirements of the City's Development Code, on-site lighting would be shielded, diffused or indirect, to avoid glare to pedestrians or motorists. In addition, lighting fixtures would be selected and located to confine the area of illumination to within the Project site and minimize light spillage.

Site lighting plans would be subject to review by the Planning Department and Police Department prior to issuance of building permits (pursuant to the City's Building Security Ordinance). Therefore, no adverse impacts are anticipated.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

2. AGRICULTURE AND FOREST RESOURCES. In determining whether impacts to agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Department of Conservation as an optional model to use in assessing impacts on agriculture and farmland. In determining whether impacts to forest resources, including timberland, are significant environmental effects, lead agencies may refer to information compiled by the California Department of Forestry and Fire Protection regarding the state's inventory of forest land, including the Forest and Range Assessment Project and the Forest Legacy Assessment project; and forest carbon measurement methodology provided in Forest protocols adopted by the California Air Resources Board. Would the project:

a. Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?

Discussion of Effects: The West Haven Specific Plan Final EIR concluded that implementation of development allowed by the Specific Plan would result in the conversion of Prime Farmland to nonagricultural uses. This is consistent with the TOP 2010 EIR determination that Citywide agricultural impacts were significant and unavoidable. It should be noted that TOP 2050 EIR determined that the implementation of TOP 2050 would not result in any new or more significant impacts related to the direct conversion of Farmland than what was identified in TOP 2010 EIR.

According to the 2018 California Department of Conservation's (CDC) California Important Farmland Finder (the latest information available), the majority of the Project site is classified as Unique Farmland and a small portion in the central western portion of the Project site is classified Other Land (CDC, 2018). The Project site is currently vacant and disturbed by former agricultural and dairy farm uses that have been removed. Therefore, the conversion of Farmland to non-agricultural uses anticipated in the West Haven Specific Plan Final EIR and TOP Final SEIR has already been initiated. The proposed Project includes a Specific Plan Amendment addressing the amount and type of residential uses within PAs 1 and 3. The physical impact area for the proposed Project is completely within the impact area evaluated in the West Haven Specific Plan Final EIR and the conversion of Farmland to non-agricultural uses would remain as a significant and unavoidable impact. The City adopted a Statement of Overriding Considerations for this impact.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in

the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

b. Conflict with existing zoning for agricultural use, or a Williamson Act contract?

Discussion of Effects: The West Haven Specific Plan Final EIR concluded that there would be no impacts related to conflict with existing Williamson Act contracts because there were no areas within the Specific Plan area under a Williamson Act contract. As identified in the West Haven Specific Plan Final EIR, there are currently no areas under a Williamson Act contract within the Project site. Further, the Project site is zoned "West Haven Specific Plan." The proposed Project includes a Specific Plan Amendment addressing the amount and type of residential uses within PAs 1 and 3. There would be no change to the physical impact area evaluated in the West Haven Specific Plan Final EIR and no changes to the impact conclusions presented in the Final EIR related to zoning for agricultural uses or Williamson Act contracts.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

c. Conflict with existing zoning for, or cause rezoning of, forest land (as defined in Public Resources Code section 12220(g)), timberland (as defined by Public Resources Code section 4526), or timberland zoned Timberland Production (as defined by Government Code section 51104(g)?

d. Result in the loss of forest land or conversion of forest land to non-forest use?

Discussion of Effects: There is currently no land in the City of Ontario that qualifies as forest land as defined in Public Resources Code section 12220(g). Neither TOP nor the City's Zoning Code provide designations for forest land, timberland, or timberland production. The proposed Project would not result in any conflict with zoning for forest land, timberland, or timberland production, and would not result in the loss of forest land or the conversion of forest land to non-forest uses.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

e. Involve other changes in the existing environment, which, due to their location or nature, could result in the conversion of Farmland to non-agricultural use or conversion of forest land to non-forest use?

Discussion of Effects: As previously discussed, the West Haven Specific Plan Final EIR concluded that implementation of development in the Specific Plan area would convert Farmland to non-agricultural use resulting in a significant and unavoidable Project-level and cumulative impact. The Project site is vacant and disturbed by previous agricultural uses, which have been removed. Therefore, the conversion of Farmland to non-agricultural use has already been initiated. The proposed Project would not change the physical impact area evaluated in the West Haven Specific Plan Final EIR and the conversion of Farmland to non-agricultural use would remain as a significant and unavoidable impact. The areas surrounding the Project site have been developed, or planned for urban development as identified in previously approved Specific Plans and/or the Policy Plan Land Use Plan and Zoning Ordinance. Therefore, the Project would not result in the conversion of off-site Farmland to non-agricultural uses. There is no forest land at or near the Project site so no conversion of forest land to non-forest use would occur.

In order to minimize conflicts between urban and agricultural land uses, MM A-1 from the West Haven Specific Plan Final EIR requires that all residential units in the West Haven Specific Plan be provided with a deed disclosure, or similar notice, approved by the City Attorney, regarding the proximity and nature, including odors, of neighboring agricultural uses. This requirement remains

applicable to proposed development in PA 1 and 3 and is presented under the discussion of "Earlier Analysis" at the end of this document.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

3. **AIR QUALITY**. Where available, the significance criteria established by the applicable air quality management or air pollution control district may be relied upon to make the following determinations. Would the project:

a. Conflict with or obstruct implementation of the applicable air quality plan?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the implementation of the West Haven Specific Plan would not impair implementation of the Air Quality Management Plan (AQMP) and would result in less than significant impacts. Since certification of the West Haven Specific Plan Final EIR, the South Coast Air Quality Management District (SCAQMD) has updated the AQMP. The TOP Final SEIR, which anticipates development pursuant to the currently proposed Specific Plan Amendment, concludes that additional population growth forecast with buildout of TOP would not conflict with the 2016 AQMP assumptions because the overall VMT per service population would be reduced. However, buildout of the proposed land use plan associated with TOP 2050 could contribute to an increase in frequency or severity of air quality violations and delay attainment of the ambient air quality standards (AAQS) or interim emission reductions in the AQMP, and emissions generated from buildout would result in a significant air quality impact. Therefore, the TOP Final SEIR concluded that buildout of TOP 2050 would be inconsistent with the AQMP. As such, the TOP Final SEIR identifies a significant and unavoidable impact due to conflict with the AQMP.

It should be noted that the draft 2022 AQMP has been prepared by SCAQMD to address the United States Environmental Protection Agency's (EPA) strengthened ozone standard. The draft 2022 AQMP was released in August 2022 and public comment closed on October 18, 2022. The SCAQMD Governing Board adopted the draft 2022 AQMP at its December 2, 2022, meeting, following certification of the TOP Final SEIR. The draft 2022 AQMP requires CARB's adoption before submittal for EPA's final approval, which is expected to occur sometime in 2023. Notwithstanding, the Project's consistency finding with respect to the 2022 AQMP once it is final, is anticipated to be the same as the consistency finding with respect to the 2016 AQMP. The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389units), would allow for the development of attached homes in PAs 1 and 3, would add new housing typologies for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. The proposed Project includes the development of 654 units in PAs 1 and 3, which is 135 fewer units than what is anticipated in the TOP and evaluated in the TOP Final SEIR for these PAs. Although the proposed Project would decrease the number of units to be developed compared to that evaluated in the TOP Final SEIR, the proposed Project would contribute to the significant air quality impacts associated with buildout of the TOP 2050 and the significant and unavoidable impact due to conflict with the AQMP. The proposed Project would not result in any new or substantially more severe impacts beyond that previously analyzed in the TOP Final SEIR. However, this would remain as a significant and unavoidable impact. The City adopted a Statement of Overriding Considerations for this impact.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures.

b. Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that construction of development allowed by the West Haven Specific Plan would result in significant and unavoidable project-level and cumulative impacts associated with emissions of nitrogen oxides (NO_x) and particulates 10 microns or less in diameter (PM_{10}). NO_x is a precursor to ozone (O_3) for which the region (South Coast Air Basin [SCAB]) is in non-attainment. The City adopted a Statement of Overriding Considerations for this impact.

The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389units), would allow for the development of attached homes in PAs 1 and 3, would add new housing typologies for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes.

With respect to Project-generated construction emissions, the proposed Project is entirely within the physical impact area evaluated within the West Haven Specific Plan Final EIR. However, as shown on the aerial photograph provided on Figure 3, previously approved land uses in the West Haven Specific Plan area have been constructed or are currently under construction. Therefore, the construction impact area for PAs 1 and 3 would be less than anticipated in the West Haven Specific Plan Final EIR, which anticipated the entire Specific Plan area would be under construction at the same time. The types of construction activities associated with the proposed Project (e.g.; grading, building construction, architectural coatings, and asphalt) would be the same as those evaluated in the West Haven Specific Plan Final EIR; therefore, the types of construction equipment would be similar. Federal and State requirements for cleaner diesel engines would further reduce construction emissions compared to estimates in the West Haven Specific Plan Final EIR. Therefore, criteria pollutant emissions from construction activities associated with the proposed Project, including NO_x emissions, would not exceed what was anticipated for a peak construction day as analyzed in the West Haven Specific Plan Final EIR. Additionally, MM AQ-1 though MM AQ-2, which identify requirements to reduce construction emissions, would be implemented during construction of the proposed Project. These mitigation measures are presented under the discussion of "Earlier Analysis" at the end of this document. The proposed Project would not result in any new or substantially more severe construction-related air quality impacts beyond that previously analyzed in the West Haven Specific Plan Final EIR. The City adopted a Statement of Overriding Considerations for this previously identified significant and unavoidable impact.

TOP 2010 EIR identified significant and unavoidable operational impacts associated with volatile organic compounds (VOC), NO_x, carbon monoxide (CO), sulfur dioxide (SO_2), PM_{10}, and particulates 2.5 microns or less in diameter ($PM_{2.5}$). Despite the additional policies in TOP 2050, because VOC emissions would be substantially greater that TOP 2010, TOP 2050 is considered to result in an increase in magnitude of impacts for VOC compared to TOP 2010. Therefore, the TOP Final SEIR concluded that any project that contributes emissions to the SCAB would have a significant and air quality impact related to criteria pollutant emissions, including pollutants for which the SCAB is in nonattainment. The City adopted a Statement of Overriding Considerations for this impact. The sources of operational air pollutant emissions from residential uses includes energy consumption (natural gas and electricity), area sources (such as use of consumer products), and mobile source emissions. As identified in the West Haven Specific Plan Final EIR, mobile emissions are the primary factor associated with operational emissions. Based on the *West Haven Specific Plan Traffic Analysis* prepared by Urban Crossroads (February 2023) (Urban Crossroads, 2023c), buildout of the PAs 1 and 3 with 654 single family attached units pursuant to the proposed Specific Plan Amendment would generate 4,710 daily trips. However, the total number of units and associated vehicular trip generation for PAs 1 and 3 would be less than anticipated in TOP 2050 and evaluated in TOP Final SEIR for the PAs 1 and 3 of the Specific Plan area (789 dwelling units are anticipated in the TOP, compared to 654 dwelling units with the proposed Specific Plan Amendment). Additionally, because the proposed Project would involve the development of fewer units compared to that evaluated in the TOP Final SEIR the associated area source and energy source emissions would also be reduced. Notwithstanding, as required by TOP Final SEIR

mitigation measure MM AQ 1, an Air Quality Assessment was prepared by Urban Crossroads for the Project to evaluate the operational emissions that would result from the net increase in residential units in PAs 1 and 3 with the proposed Project compared to the approved West Haven Specific Plan (an increase of 389 units and approximately 2,800 daily trips), and is included in Attachment B of this Addendum (Urban Crossroads, 2023a). The estimated net increase in operation-source emissions resulting from the proposed Project is summarized in Table 2 of the Air Quality Assessment. As shown in Table 2 of the Air Quality Analysis Assessment included in Attachment B, the net increase in operational emissions resulting from the proposed Project would not exceed the SCAQMD thresholds of significance (Urban Crossroads, 2023a).The proposed Project would not result in any new or substantially more severe operational air quality impacts beyond that previously analyzed in TOP Final SEIR. However, because the Project would contribute to the operational emissions generated by buildout of TOP 2050, this would remain as a significant and unavoidable impact. The City adopted a Statement of Overriding Considerations for this impact.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR and TOP Final SEIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project construction activities.

c. Expose sensitive receptors to substantial pollutant concentrations?

Discussion of Effects: As identified in TOP Final SEIR, land uses that are considered more sensitive to air pollution than others due to the types of population groups or activities involved. These land uses include residential, retirement facilities, hospitals, and schools. The nearest sensitive receptors identified in the West Haven Specific Plan Final EIR were residential uses to the north, east and west of West Haven Specific Plan area, which remain the nearest sensitive receptors outside of the Specific Plan area. As identified above, the Project would not increase the type or amount of construction activities occurring at the Project site, and therefore would not expose these sensitive receptors to substantial pollutant concentrations during construction beyond that anticipated and evaluated in the West Haven Specific Plan Final EIR.

The proposed Project, which includes the development of residential uses consistent with the approved West Haven Specific Plan, would not result in toxic air contaminants (TACs) during operation. The TOP Final SEIR, which evaluated regional emissions from mobile sources resulting from implementation of TOP 2050, concluded that the implementation of 2050 would not produce the volume of traffic required to generate a CO hotspot, and CO hotspots impacts would be less than significant. As identified above, the proposed Project would generate fewer vehicular trips than anticipated for PAs 1 and 3 and evaluated in the TOP Final SEIR. Therefore, the proposed Project would not expose sensitive receptors to substantial localized CO concentrations, consistent with the conclusion of the TOP Final SEIR. Therefore, sensitive receptors would not be exposed to substantial pollutant concentrations as the result of Project operations.

The Project would not result in a substantial increase in the amount of pollutant concentrations resulting from implementation of development in the West Haven Specific Plan area.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR and TOP Final SEIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures.

d. Result in other emissions (such as those leading to odors) adversely affecting a substantial number of people?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that potential odor impacts resulting from implementation of the Specific Plan with residential, commercial, school and park uses would be less than significant. The proposed Project would not change the type of

uses allowed to be development in PAs 1 and 3 (residential). As with the previously approved residential development, the Project would not create objectionable odors resulting in a less than significant impact.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures.

4. BIOLOGICAL RESOURCES. Would the project:

a. Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife Service?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that implementation of the West Haven Specific Plan would have the potential to impact migratory and wintering birds, as well as numerous raptor, waterfowl, wading birds, and shore bird species that use the area and Project site's open water, wet fields, and windrows, including migrating birds considered sensitive by the California Department of Fish and Wildlife (CDFW). Furthermore, the West Haven Specific Plan Final EIR concluding that nesting birds may occur within the trees of the Project site, and impacts to these birds during construction would violate the Migratory Bird Treaty Act (MBTA). With implementation of mitigation, impacts were determined to be less than significant. Specifically, MM B-1 and MM B-2 require payment of fees for habitat land for waterfowl and raptor species, and MM B-3 and MM B-4 require pre-construction surveys for nesting birds and raptors.

The Project site is currently vacant, was previously disturbed by agricultural uses that have been removed, and is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. Based on the *Burrowing Owl Breeding Season Survey Report and Biological Update for West Haven Specific Plan Amendment Project (Planning Areas 1 and 3); City of Ontario, County of San Bernardino, California* (Biological Assessment) (VCS, 2023), included in Attachment C.1 of this Addendum, the Project site supports the following vegetation communities/land cover types: disturbed/developed, nursery row crops, herbaceous non-native forbs and grasses, and ruderal vegetation. A few trees in the southern portion of the Project site could potentially provide habitat for raptors. There are no sensitive plant species located within PAs 1 and 3, and the Costa's hummingbird (*Calypte costae*), a United States Fish and Wildlife Service (USFWS) Bird of Conservation Concern was the only sensitive bird species documented. Based on the results of burrowing owl (*Athene cunicularia*) focused surveys conducted, no burrowing owls or evidence of burrowing activity (e.g., active burrows, whitewash, pellets, etc.) were detected during the surveys. As a result, the Project site is not considered to be occupied by burrowing owl; however, the Project site includes burrows suitable for burrowing owl and suitable burrowing owl foraging habitat. Therefore, the Project would be required to comply with MM B-4, which requires a pre-construction survey be conducted 30 days prior to any ground disturbance activities to avoid direct take of burrowing owls in compliance with CDFW protocol. (VCS, 2023).

The fee payment required by MM B-2, and pre-construction surveys required by MM B-3 and MM B-4 would continue to be required and would reduce impacts to sensitive species to a less than significant level, consistent with the conclusion of the West Haven Specific Plan EIR. These MMs are presented under the discussion of "Earlier Analysis" at the end of this document.

The West Haven Specific Plan EIR concluded that the federally listed Delhi Sands Flower-Loving Fly (DSFLF) (*Rhaphiomidas terminatus abdominalis*) did not occupy the Specific Plan area due to the lack of suitable habitat. In October 2022, EnviroPlus Consulting, Inc. (EPC) conducted a habitat suitability evaluation for the DSFLF, which concluded that because suitable Delhi series soils were not found, the Project site does not meet the baseline criterion to be considered for focused surveys as per the USFWS protocol (1996), and does not appear suitable for DSFLF occupation. Therefore, the proposed Project would not impact the DSFLF. (EPC, 2022)

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

b. Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife Service?

c. Have a substantial adverse effect on state or federally protected wetlands (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that there was no riparian habitat, sensitive natural communities, or wetlands within the Specific Plan area and no impacts to these resources would occur with implementation of the West Haven Specific Plan. Based on the updated Biological Resources Assessment included in Attachment C.1 of this Addendum, the Project site, which is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR, still does not support riparian habitat, sensitive natural communities, or wetlands, and no impact to such resources would occur with implementation of the proposed Project (VCS, 2023).

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

d. Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the implementation of the Specific Plan would not interfere with migratory movement and no impacts would occur. No wildlife corridors were identified within the Specific Plan area, including the Project site. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR, is surrounded by existing development and agricultural uses, and does not serve as a wildlife movement corridor, consistent with the conclusion of the West Haven Specific Plan Final EIR. Additionally, the Project site is not within or near any native wildlife nursery sites. Construction activities would be conducted in compliance with the MBTA and CDFW requirements (refer to MM B-4, which is presented under the discussion of “Earlier Analysis” at the end of this document). Therefore, the proposed Project would not interfere with the movement of any species, with migratory wildlife corridors, or impede the use of a native wildlife nursery site, and impacts would be less than significant.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

e. Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that there are no specific local policies or ordinances established to protect biological resources that would relate

to the Project site and no impact relative to this issue would occur. The City of Ontario does not have any municipal ordinances for the protection of trees on private property; however, Municipal Code Sections 10-1.25 and 10-2.05 prohibit the damaging or destruction of trees on City property, except under conditions specified in the Municipal Code. There are no existing trees planted in the public right-of-way adjacent to the Project site and the proposed Project would not conflict with any policies or ordinances protecting biological resources.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

f. Conflict with the provisions of an adopted Habitat Conservation Plan (HCP), Natural Community Conservation Plan (NCCP), or other approved local, regional, or state habitat conservation plan?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the Specific Plan area is not part of an adopted HCP, NCCP, or other approved habitat conservation plan and that no significant impacts would result. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR, and is not within an adopted HCP, NCCP, or another approved habitat conservation plan, consistent with the conclusion of the West Haven Specific Plan Final EIR. However, it is within the Ontario Recovery Unit for the DSFLF; refer to the discussion above related to potential impacts to this species. As identified, impacts would be less than significant.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

5. CULTURAL RESOURCES. Would the project:

a. Cause a substantial adverse change in the significance of a historical resource as defined in Section 15064.5?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the implementation of the Specific Plan would impact potential historical resources. The Specific Plan Final EIR analysis identified two potentially historic structures within the northeast portion of Specific Plan area; however, these historic resources are not located within the current Project site area and the proposed Project would not impact the structures. The Specific Plan Final EIR analysis also identified the Juan Batista D'Anza Trail crossing the northern portion of the Specific Plan area, including the Project site. However, the Specific Plan Final EIR concluded that the Specific Plan area has been extensively disturbed and no vestiges of the trail are intact and no impact to the trail would result. Impacts were determined to be less than significant. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR, and is currently vacant. City records do not reflect the presence of a historic resource as defined in CEQA Guidelines Section 15064.5 at the Project site, consistent with the conclusion of the West Haven Specific Plan Final EIR. No impacts to historical resources would result from implementation of the Project.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

b. Cause a substantial adverse change in the significance of an archaeological resource pursuant to Section 15064.5?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that while no known archeological resources were located within the Specific Plan area, there is a potential for adverse environmental impacts to undiscovered unique archaeological resources. The Final EIR

included mitigation measures outlining actions to take in the event unknown resources were discovered during grading (MM CR-1 and MM CR-2). The Project site is vacant, was previously disturbed by agricultural uses that have been removed and is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. As identified in the West Haven Specific Plan Final EIR, in the unlikely event archaeological resources are encountered during construction, the requirements outlined in MM CR-1 and MM CR-2, which are presented under the discussion of "Earlier Analysis" at the end of this document, would be followed and impacts would remain less than significant.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

c. Disturb any human remains, including those interred outside of formal cemeteries?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded there is low potential for adverse environmental impacts to human remains, including those interred outside of a formal cemetery, and impacts were determined to be less than significant. However, the Final EIR indicated that in the unlikely event human remains were discovered during grading, state laws would be followed (Section 7050.5 of the Health and Safety Code, Section 5097.98 of the Public Resources Code), and the Final EIR outlined actions that would be taken. The Project site is vacant, was previously disturbed by agricultural uses that have been removed and is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. As identified in the Final EIR, in the unlikely event human remains are encountered, compliance with applicable laws and regulations would ensure that impacts remain less than significant.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures.

6. ENERGY. Would the project:

a. Result in potentially significant environmental impact due to wasteful, inefficient, or unnecessary consumption of energy resources, during project construction or operation?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that development in the Specific Plan area would have less than significant impacts related to energy consumption (natural gas and electric consumption). The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3, would allow for the development of attached homes in PAs 1 and 3, would add new housing typologies for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. The proposed Project would not change the type of land uses anticipated for PAs 1 and 3 (residential) and would not change the anticipated construction and operational characteristics of the proposed development. Therefore, the associated energy demand for these activities would be similar to development pursuant to the approved West Haven Specific Plan.

Construction-related energy demand includes energy and fuel used by construction equipment, construction worker vehicles, and construction vendor / hauling vehicles, coupled with construction energy efficiency / conservation measures. The construction equipment, use of electricity, and fuel for the proposed Project would be typical for the type of construction proposed because there are no aspects of the proposed construction process that are unusual or energy-intensive, and construction equipment would conform to applicable CARB emissions standards, which promote equipment fuel efficiencies. It should also be noted that fuel efficiencies are improving for on- and off-road vehicle engines due to more stringent government requirements. Electrical energy would be available for use during construction from existing power lines and connections, precluding the

use of less-efficient generators. Thus, construction energy consumption would not be considered inefficient, wasteful, or otherwise unnecessary.

With respect to operations, as with the approved residential development, the additional residential units that would be allowed by the proposed Project would use electricity for uses including heating, cooling, and ventilation of buildings; water heating; operation of electrical systems; lighting; and appliances. Title 24 energy standards have become more stringent since 2007. These regulations are regularly updated. The 2022 version of Title 24 was adopted by the CEC and became effective on January 1, 2023. The 2022 Title 24 regulations are applicable to building permit applications submitted on or after January 1, 2023. Further, the California Green Building Standards (CALGreen) Code, which contains mandatory and voluntary requirements for new residential and nonresidential buildings, became effective in August 2009, following certification of the West Haven Specific Plan Final EIR. The proposed residential buildings would be constructed to achieve the building energy standards set forth in the Title 24 requirements in effect at the time of building permit issuance. Therefore, there would be additional reductions in energy consumption pursuant to the new and updated codes compared to those anticipated in the West Haven Specific Plan Final EIR. Further, the types of trips and vehicle mix generated by the proposed Project would be consistent with other residential development of similar scale and configuration, including other development in the West Haven Specific Plan area. The proposed Project does not propose uses or operations that would inherently result in excessive and wasteful vehicle trips and vehicle miles traveled, nor associated excess and wasteful vehicle energy consumption.

Therefore, the proposed Project would not result in wasteful, inefficient, or unnecessary consumption of energy resources during construction or operation and the impact would remain less than significant, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

b. Conflict with or obstruct a state or local plan for renewable energy or energy efficiency?

Discussion of Effects: The potential for development within the West Haven Specific Plan area to conflict with or obstruct a state or local plan for renewable energy or energy efficiency was not specifically addressed in the West Haven Final EIR. However, federal and state agencies regulated energy use and consumption through various means and programs when the 2007 EIR was prepared and continue to do so. On the state level, the California Public Utilities Commission (CPUC) and the California Energy Commission (CEC) are two agencies with authority over different aspects of energy. In additional to Title 24 energy standards and the CALGreen Code addressed above, relevant state energy-related laws and plans are summarized below.

- **Integrated Energy Policy Report**. Senate Bill (SB) 1389 (Bowen, Chapter 568, Statutes of 2002) requires the CEC to prepare a biennial integrated energy policy report that assesses major energy trends and issues facing California's electricity, natural gas, and transportation fuel sectors and provides policy recommendations to conserve resources; protect the environment; ensure reliable, secure, and diverse energy supplies; enhance the state's economy; and protect public health and safety. The 2022 IEPR was adopted in February 2023, and continues to work towards improving electricity, natural gas, and transportation fuel energy use in California. As with the uses allowed by the previously approved West Haven Specific Plan, the additional residential uses proposed in PAs 1 and 3 would be required to adhere to applicable Title 24 energy standards and CALGreen, which would reduce energy consumption, as described previously. The proposed Project would not involve any uses or activities that would conflict with or otherwise hinder or obstruct implementation of the goals presented in the 2022 IEPR.
- **State of California Energy Plan**. The CEC is responsible for preparing the State of California Energy Plan (State Energy Plan), which identifies emerging trends related to energy supply, demand, conservation, public health and safety, and the maintenance of a

healthy economy. The State Energy Plan calls for the state to assist in the transformation of the transportation system to improve air quality, reduce congestion, and increase the efficient use of fuel supplies with the least environmental and energy costs. To further this policy, the State Energy Plan identifies a number of strategies, including assistance to public agencies and fleet operators encouraging urban designs that reduce vehicle miles traveled and accommodate pedestrian and bicycle access. The proposed Project takes advantage of existing infrastructure systems, and promotes land use compatibilities through the development of residential uses on a site designated for such uses in the TOP and the West Haven Specific Plan. Further, Haven Avenue extends along the eastern boundary of the Project site and would provide a multi-purpose trail to promote non-vehicular travel, and a Class I bicycle path is proposed along the western boundary of the Project site within a planned paseo. The previously approved West Haven Specific Plan and the proposed Project would support urban design and planning processes identified under the State Energy Plan, and would not otherwise interfere with or obstruct implementation of the State Energy Plan.

The Project would also comply with the requirements of the City's Community Climate Action Plan (CCAP), which is addressed under the Greenhouse Gas Emissions section of this document.

Therefore, the proposed Project would not conflict with or obstruct a state or local plan for renewable energy or energy efficiency, and this impact would be less than significant.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

7. GEOLOGY & SOILS. Would the project:

a. Directly or indirectly cause potential substantial adverse effects, including the risk of loss, injury, or death involving:

i) Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42.

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the Specific Plan area, including the Project site, is located outside the Fault Rupture Hazard Zone (formerly Alquist-Priolo Zone) and there would be no impacts related to rupture of a known earthquake fault. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. Therefore, no impacts associated with rupture of a known earthquake fault would result, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

ii) Strong seismic ground shaking?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the implementation of the Specific Plan could expose people or structures to seismic hazards; however, with implementation of mitigation this impact would be less than significant. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR and the underlying geologic conditions at the Project site remain the same. As identified in the Final EIR, all construction would be conducted in compliance with the City's building codes, the Uniform Building Code (UBC), the Ontario Municipal Code, TOP and all other ordinances adopted by the City related to construction and safety. This impact would

remain less than significant, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

iii) Seismic-related ground failure, including liquefaction?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that due to the consistency of the underlying soils and the deep groundwater levels, the potential for seismic-induced liquefaction was less than significant. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR and the potential for seismic-induced liquefaction remains the same (less significant).

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

iv) Landslides?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the topography of the Specific Plan area is virtually flat, and the potential for landslides is considered not significant. The terrain of the Project site remains the same (virtually flat). No impacts related to seismically induced landslides would result, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

b. Result in substantial soil erosion or the loss of topsoil?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the implementation of the Specific Plan could alter site topography, which could affect the rate or extent of erosion; however, with implementation of mitigation measures this impact would be less than significant. The Project site is vacant and was disturbed by previous agricultural uses that have been removed. There is currently exposed soil within the Project site, which is susceptible to wind and water erosion. Compliance with applicable regulations, including implementation of erosion control and dust reduction measures required by the Stormwater Pollution Prevention Plan (SWPPP) (refer to MM G-2, which is presented under the discussion of “Earlier Analysis” at the end of this document), review of grading plans by the City Engineer, review of a landscape plan by the City Planning Department (refer to MM G-4) and obtaining required permits, ensure that erosion impacts are less than significant. Under the developed condition, and with adherence to applicable regulations, including requirements of the National Pollutant Discharge Elimination System (NPDES) requirements and the Environmental Resource Element of the Policy Plan strategies, and compliance with the UBC and Ontario Municipal Code, the potential for erosion would remain less than significant, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

c. Be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in on- or off-site landslide, lateral spreading, subsidence, liquefaction or collapse?

d. Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the implementation of the Specific Plan would locate structures on soils that are considered potentially unstable. Notably, subsurface cow manure deposits with the potential to generate methane gas may be found in the Specific Plan area due to past dairy farm operations, and soils are characterized as having "Low to Very Low" expansion potential. However, with implementation of mitigation measures impacts related to unstable and/or expansive soils were determined to be less than significant. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR and the underlying geologic conditions at the Project site remain the same. Further, implementation of TOP strategies, adherence to requirements outlined in the City's building codes, the UBC, and Ontario Municipal Code, and implementation of MM G-1, MM G-3, and MM G-5 (which require measures to address methane gas, removal of surficial slumps, and incorporation of geotechnical recommendations, respectively), would ensure that impacts remain less than significant, consistent with the conclusions of the West Haven Specific Plan Final EIR. The applicable MMs are presented under the discussion of "Earlier Analysis" at the end of this document.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

e. Have soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems where sewers are not available for the disposal of wastewater?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that proposed development within the Specific Plan area would be served by domestic sewer systems and would not require the use of septic tanks. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR, and the additional residential units in PAs 1 and 3 would also be connected to the domestic system. Consistent with the conclusion of the West Haven Specific Plan Final EIR, there would be no use of septic systems or alternative wastewater treatment systems, and analysis of the ability of the soils to support such systems is not necessary. No impact would result.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

f. Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that earth-disturbing activities associated with the implementation of the Specific Plan could potentially disturb or damage undocumented paleontological resources located 15 feet below the ground surface; however, with implementation of MM CR-2, this impact would be less than significant. The Project site is vacant, was previously disturbed by agricultural uses that have been removed and is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. In the event grading activities extend 15 feet below the ground surface, construction monitoring by a qualified paleontological resource specialist would be conducted as required by MM CR-2 and impacts would remain less than significant, consistent with the conclusion of the West Haven Specific Plan

Final EIR. MM CR-2 is presented under the discussion of "Earlier Analysis" at the end of this document.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

8. GREENHOUSE GAS EMISSIONS.

The State of California enacted Assembly Bill (AB) 32, the California Global Warming Solutions Act of 2006, after certification of the West Haven Specific Plan Final EIR, and as a result, increased attention has been paid to the impact of GHG emissions. The California Natural Resources Agency (CNRA) in 2010, adopted amendments to the CEQA Guidelines in a new Section 15064.4 entitled "Determining the Significance of Impacts from Greenhouse Gas Emissions", which require evaluation of GHG emissions. Therefore, GHG emissions were not specifically identified as such in the West Haven Specific Plan Final EIR analyses. However, as described in the following paragraphs, courts have ruled that there is no requirement to address GHG emissions in an Addendum to an EIR that was completed prior to the adopted CEQA amendments. "Information on the effect of greenhouse gas emissions on climate change" does not constitute "new information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the IS / MND was adopted." (See *Citizens for Responsible Equitable Environmental Development v. City of San Diego* (2011) 196 Cal. App. 4th 515, 531–532 (rejecting claim that such information triggered the need for a supplemental EIR, and explaining that such information was known "long before the City approved the 1994 EIR" at issue)). Further, the impact of buildout of TOP on the environment due to GHG emissions was analyzed in the TOP Final SEIR. As previously discussed, the proposed buildout of the West Haven Specific Plan was previously analyzed in TOP Final SEIR, which was certified by the City.

Would the project:

a. Generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment?

b. Conflict with an applicable plan, policy or regulation adopted for the purpose of reducing the emissions of greenhouse gases?

Discussion of Effects: Limiting GHG emissions to combat climate change has been a governmental goal since the late 1970s. As explained by the United States Supreme Court in *Massachusetts v. EPA (2007)* 549 U.S. 497: "In the late 1970s, the Federal Government began devoting serious attention to the possibility that carbon dioxide emissions associated with human activity could provoke climate change. In 1978, Congress enacted the National Climate Program Act, 92 Stat. 601, which required the President to establish a program to "assist the Nation and the world to understand and respond to natural and man-induced climate processes and their implications". In 1987, Congress enacted the Global Climate Protection Act for the purpose of "establish[ing] a national climate program that will assist the Nation and the world to understand and respond to natural and man-induced climate processes and their implications" (15 *United States Code* [USC] 2902). The act required the establishment of various programs to further climate change research (15 USC 2904[d]).

In 1988, the United Nations created the Intergovernmental Panel on Climate Change (IPCC) to provide scientific information regarding climate change to policymakers. In 1992, 154 nations, including the United States, entered into the United Nations Framework Convention on Climate Change (UNFCCC), a nonbinding agreement under which industrialized countries pledged to work to reduce GHG emissions. Five years later, in 1997, the parties to the UNFCCC adopted the Kyoto Protocol, which set binding GHG reduction targets for 37 industrialized countries and the European Community, with the objective of reducing their collective emissions by 5% below 1990 levels during the "commitment period" of 2008–2012.

As noted by the court in *Citizens for Responsible Equitable Environmental Development v. City of*

San Diego (supra, 196 Cal. App. 4th 515), by 1990, the potential impacts of GHG emissions were already the subject of litigation, with the "Natural Resources Defense Council (NRDC) argu[ing that an] "increase in fossil fuel combustion … will … lead to a global increase in temperatures, causing a rise in sea level and a decrease in snow cover that would damage the shoreline, forests, and agriculture of California." (Id. at 531, quoting *City of Los Angeles v. National Highway Traffic Safety Administration* [D.C. Cir. 1990] 286 U.S. App.D.C. 78.)

Thus, by the 1990s, California's local governmental agencies were well aware of the importance of monitoring and limiting GHG emissions when approving projects. Since GHG impacts were known at the time that the West Haven Specific Plan Final EIR was conducted, information regarding the proposed Project's potential to impact climate change does not constitute "new information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time . . . the IS / MND was adopted." Accordingly, the inclusion of GHG impacts as a requirement of CEQA analysis does not trigger the need for any further environmental review. (See Citizens for *Responsible Equitable Environmental Development v. City of San Diego* (supra, 196 Cal. App. 4th at 531–532)). Notwithstanding this conclusion, the discussion below provides an analysis of the proposed Project related to GHG emissions.

TOP 2050 includes an update to the City's 2014 Community Climate Action Plan (CCAP Update). The CCAP is a plan to reduce GHG emissions and improve community resilience to hazardous conditions associated with climate change. The CCAP Update includes updated emissions inventories; updated emissions forecasts; identifies GHG emissions reduction targets to achieve the GHG reduction goals of the City of Ontario consistent with Senate Bill 32, Executive Order S-03-05, and substantial progress toward the State's carbon neutrality goals of Executive Order B-55-18; and measures, that when quantified, achieve the GHG reduction targets for the City. The CCAP Update is intended to meet the CEQA Guidelines Section 15183.5 plan requirements for CEQA streamlining for development projects consistent with TOP 2050. The CCAP Update includes per capita targets for Ontario for year 2030 and year 2050 to be consistent with the GHG reduction goals of SB 32 and EO S-03-05, and substantial progress toward the State's carbon neutrality goals under EO B-55-18. The CCAP Update underwent CEQA review (TOP Final SEIR) and was adopted after public hearings. Thus, the City's CCAP is a qualified CAP that projects can tier off of for CEQA review. According to TOP Final SEIR, with implementation of the Ontario CCAP implementation of TOP 2050 would result in less than significant impacts related to GHG emissions. GHG emissions associated with development projects would be less than significant if the project is consistent with the CCAP. The Project would comply with the City's CCAP. Therefore, consistent with the CEQA Guidelines, the Project would have a less than significant individual and cumulative impact for GHG emissions.

Further, the proposed Project includes the development of 654 units in PAs 1 and 3, which is 135 fewer units than what is anticipated in the TOP and evaluated in the TOP Final SEIR for these PAs. Therefore, implementation of the proposed Project was previously analyzed by the TOP Final SEIR. Pursuant to Public Resources Code Section 21083.3, this impact need not be analyzed further, because (1) the proposed Project would result in an impact that was previously analyzed in the certified TOP Final SEIR; (2) the proposed Project would not result in any greenhouse gas impacts that were not addressed in the certified TOP Final SEIR; and (3) the proposed Project is consistent with TOP 2050. Impacts would be less than significant.

Mitigation: None required. The proposed Project would not result in any new, increased or substantially different impacts, other than those previously considered and addressed in the TOP Final SEIR. No changes or additions to Certified TOP Final SEIR analyses are necessary, nor is there a need for any additional mitigation measures.

9. HAZARDS & HAZARDOUS MATERIALS. Would the project:

a. Create a significant hazard to the public or the environment through the routine transport, use or disposal of hazardous materials?

b. Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the

environment?

Discussion of Effects: The West Haven Specific Plan Final EIR concluded that there would be an incremental increase in the use of household and commercial chemicals by the new residents, commercial center, park, and school. However, the use, transport and disposal of hazardous materials, if required, would be conducted in accordance with applicable regulations (refer to MM HA-4) and impacts would be less than significant. Additionally, any asbestos containing materials or lead-based paint present, and hazardous materials used or encountered during construction would be handled and disposed of in accordance with applicable regulations (refer to MM HA-1, MM HA-2, MM HA-3, and MM HA-4).

The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3, would allow for the development of attached homes in PAs 1 and 3, would add new housing typologies for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. There would be no change in types of land uses proposed (residential), and the Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. Additionally, the site is currently vacant and structures associated with previous agricultural uses have been removed. With the exception of the potential for exposure to asbestos containing materials and lead based paint (which is not applicable to the Project given that the Project site is currently vacant and there are no structures to be removed), potential impacts associated with construction and operation of residential uses within PAs 1 and 3 would be the same as those identified in the Final EIR, and MM HA-2, MM HA-3, and MM HA-4 presented under the discussion of "Earlier Analysis" at the end of this document would apply. Development of the proposed additional residential units in PAs 1 and 3 would not create a significant hazard to the public or the environment through the routine transport, use or disposal of hazardous, and would not expose the public or the environment to a significant hazard through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment. Consistent with the conclusion of the West Haven Specific Plan Final EIR, impacts would be less than significant.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

c. Emit hazardous emissions or handle hazardous or acutely hazardous materials, substances or waste within one-quarter mile of an existing or proposed school?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the Specific Plan area would be within ¼ mile of a school (Grace Yokley School); however, the proposed uses would not emit sources of hazardous air toxins that could adversely affect students or staff, and this impact was determined to be less than significant.

The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3, would allow for the development of attached homes in PAs 1 and 3, would add new housing typologies for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. There would be no change in the type of land uses developed, and the Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. The Project site is approximately 0.08 mile southeast of Grace Yokley School, and approximately 0.25 mile west of Colony High School. However, there are no new uses proposed and as with the previously approved residential uses, development of the proposed additional residential units in PAs 1 and 3 would not involve hazardous emissions or handling of acutely hazardous materials. This impact would be less than significant, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental

documents are necessary, nor is there a need for any additional mitigation measures.

d. Be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that Specific Plan area was not included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 (Cortese List), and none of the sites identified in the Phase I Environmental Site Assessment conducted during preparation of the Final EIR represent an environmental concern for proposed uses. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. Based on review of the current California Department of Toxic Substances Control (DTSC) current Cortese List, the Project site is not listed on the hazardous materials sites compiled pursuant to Government Code Section 65962.5 (DTSC, 2023). Therefore, no impact would occur.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

e. For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard or excessive noise for people residing or working in the project area?

Discussion of Effects: The West Haven Specific Plan Final EIR concluded that the Specific Plan area was not within an Airport Influence Area (AIA); however, following certification of the West Haven Specific Plan EIR in April 2011, the Ontario City Council adopted the Ontario International Airport Land Use Compatibility Plan (ALUCP) (ONT ALUCP) (Ontario, 2018). The basic function of the ONT ALUCP is to promote compatibility between Ontario International Airport and the land uses that surround it. The geographic scope for the ONT ALUCP is the AIA, the area in which current or future airport-related noise, safety, airspace protection, and/or overflight factors may affect land uses or impose restrictions on those uses. Based on review of ONT ALUCP Map 2-1, Compatibility Policy Map: Airport Influence Area, the Project site, which is approximately 2.4 miles south of the ONT, is within the AIA established by the ONT ALUCP. Policy Map 2-2: Safety Zones of the ONT ALUCP identifies the geographic locations of Safety Zones; the Project site is located outside the established Safety Zones and would not result in safety hazards for people residing at the Project. The proposed Project was also evaluated for hazards to aircraft in flight utilizing by Policy Map 2-4: Airspace Obstruction Zones of the ONT ALUCP, which identifies height restrictions of proposed structures or buildings. The northern portion of the West Haven Specific Plan area is subject to height restrictions (greater than 200 feet). The Project would be subject to the development regulations of the West Haven Specific Plan which do not allow structures greater than 200 feet; thus, the Project would comply and would not result in a safety hazard. Additionally, as further discussed in the Noise section of this Addendum, the Project site is not within a noise impact zone for ONT. Therefore, development within the West Haven Specific Plan area, including the Project site, would not result in a safety hazard or excessive noise for people residing or working at the Project site. No impact would result.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

f. Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that development pursuant to the Specific Plan would not impair implementation of or interfere with an emergency response or evacuation plan, and streets used for emergency access would not be impacted during construction. The City's Safety Element, as contained within the TOP Policy Plan,

includes policies and procedures to be administered in the event of a disaster. TOP seeks interdepartmental and inter-jurisdictional coordination and collaboration to be prepared for, respond to, and recover from every day and disaster emergencies. As with the approved uses within the Specific Plan area, including residential uses in PAs 1 and 3, the proposed Project, which does not change the type of allowed uses in PAs 1 and 3 (residential), would comply with the requirements of the Ontario Fire Department and all City requirements for fire and other emergency access. No impact would result, consistent with the conclusion in the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

g. Expose people or structures to a significant risk of loss, either directly or indirectly, to a significant risk of loss, injury or death involving wildland fires?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the Specific Plan area is not within wildland area, and wildland fires do not pose a threat to people or structures in the Specific Plan area. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan EIR and is not located in or near a wildland area. Therefore, no impact would occur, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

10. HYDROLOGY & WATER QUALITY. Would the project:

a. Violate any water quality standards or waste discharge requirements or otherwise substantially degrade surface or groundwater quality?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the implementation of the Specific Plan could violate quality standards and/or waste discharge requirements during construction and operation; however, with implementation of mitigation measures and adherence to statewide NPDES General Industrial Activities Stormwater Permit, the San Bernardino County Area-Wide Urban Runoff Permit (MS4 permit) and the Ontario Municipal Code (Section 6, Title 6), potential impacts to surface water quality would be less than significant.

The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3, would allow for the development of attached homes in PAs 1 and 3, would add new housing typologies for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. The construction activities within PAs 1 and 3 would be similar to those evaluated in the West Haven Specific Plan Final EIR and would result in similar temporary water quality impacts during construction. It should be noted that construction related water quality regulations are more stringent than when the West Haven Specific Plan Final EIR was prepared. Consistent with the conclusion of the Final EIR, with adherence to MM H/WQ-1 and MM H/WQ-3, which outline requirements to protect water quality during construction and require compliance with regulatory requirements, water quality impacts during construction would be less than significant. MM H/WQ-1 and MM H/WQ-3 are presented under the discussion of “Earlier Analysis” at the end of this document.

As required by MM H/WQ-2, a WQMP would be prepared for projects implementing the West Haven Specific Plan, including development within PAs 1 and 3. The proposed Project would not change the types of land uses to be developed (residential) and the types of urban pollutants that would be generated would be the same; therefore, the post-development best management practices (BMPs) would also be the same. Storm Water Quality Credits would be used, meaning that the BMP used for water treatment would be handled by the existing Natural Treatment System (Mill Creek Wetlands). The gross pollutants from PAs 1 and 3 would be treated by the existing

Turner Storm Drain CDS Unit, an off-line CDS unit, located just north of Merrill Avenue. Additionally, as required by MM H/WQ-4, landscaping would retain and percolate both applied irrigation water and stormwater (LD King, 2022a). As required by MM H/WQ-5, in order to reduce pollutants in post construction run-off the individual Project owners and operators (e.g., homeowner associations) would be required to ensure that all pest control, herbicide, insecticide and other similar substances used as part of maintenance of Project features are handled, stored, applied and disposed of by those conducting facility maintenance in a manner consistent with all applicable federal, state and local regulations. MM H/WQ-1 through MM H/WQ-5 are presented under the discussion of "Earlier Analysis" at the end of this document. Consistent with the conclusion of the West Haven Specific Plan Final EIR, with adherence to the identified mitigation measures potential water quality impacts during operation would be less than significant.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

b. Substantially decrease groundwater supplies or interfere substantially with groundwater recharge such that the project may impede sustainable groundwater management of the basin?

Discussion of Effects: The West Haven Specific Plan Final EIR identified that regionally there are known contamination problems linked to the historical dairy farm use, including nitrate and total dissolved solids in elevated concentrations in both the subgrade soils and groundwater. However, the Final EIR concluded that development of the Specific Plan area and other areas in the City with non-agricultural uses would result in a decrease in the amount of these pollutants providing a beneficial impact to groundwater quality.

The proposed Project would be served by domestic water provided by the City, and direct additions or withdrawals of groundwater are not proposed. The Project site is entirely within the physical impact area evaluated in West Haven Specific Plan Final EIR, and the proposed Project would not change the types of land uses to be developed within PAs 1 and 3 (residential). There may be a slight increase in the amount of impervious surface with the increase in units and development of attached units which could reduce the potential for groundwater recharge; however, the Project site is not located in a designated groundwater recharge area (CBWCD, 2023). The potential for the proposed Project to substantially decrease groundwater supplies or interfere substantially with groundwater recharge such that the proposed Project may impede sustainable groundwater management of the basin is considered less than significant. Notwithstanding, as discussed above, MM H/WQ-4 is applicable to the proposed Project and requires that landscaping retain and percolate both applied irrigation water and stormwater.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

c. Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river or through the addition of impervious surfaces, in a manner which would:

i) result in substantial erosion or siltation on- or off-site;

ii) substantially increase the rate or amount of surface runoff in a manner which would result in flooding on- or off-site;

iii) create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of

polluted runoff; or

iv) impede or redirect flood flows?

Discussion of Effects: The West Haven Specific Plan Final EIR identifies that no streams or streambeds are present within the Specific Plan area. The EIR concluded that implementation of the Specific Plan could alter the drainage patterns of the site and in a manner that could create substantial flooding, erosion, or siltation on or off-site. However, with implementation of the on-site storm drain system, and required West Haven Specific Plan EIR mitigation measures, which include requirements to adhere to applicable regulations, as discussed above, impacts would be less than significant.

The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3, would allow for the development of attached homes in PAs 1 and 3, would add new housing typologies for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR and would not involve any construction activities or new land use types beyond that anticipated in the West Haven Specific Plan Final EIR. PAs 1 and 3 are tributary to the Master Plan Turner Storm Drain. Pursuant to MM H/WQ-1, the Master Plan Turner Storm Drain has been fully designed from the outlet into the County Line Channel to the southern boundary of PA 1, and partially constructed from the outlet into the County Line Channel to the southern boundary of PA 3. Due to a potential increase in impervious surface, the proposed density increases within PAs 1 and 3 may increase the amount of storm flow tributary to the Turner Storm Drain. Consistent with MM H/WQ-2, onsite detention basins would be constructed to prevent uncontrolled runoff and to accommodate the increase in storm flows. As with the approved residential development in PAs 1 and 3, there would be a less than significant impact related to potential flooding and storm drain capacity. MM H/WQ-2 is presented under the discussion of "Earlier Analysis" at the end of this document.

As discussed under Threshold "a" above, the proposed Project would be constructed in compliance with applicable regulations to minimize water quality impacts during construction and potential development, including from erosion, and impacts related to erosion and polluted runoff would be less than significant.

As discussed under Threshold "d" below, the West Haven Specific Plan area is not within a flood hazard area; therefore, the proposed Project would not redirect flood flows.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

d. In flood hazard, tsunami, or seiche zones, risk release of pollutants due to project inundation?

Discussion of Effects: The West Haven Specific Plan Final EIR concluded that no structures within the Specific Plan area would be placed within a 100-year flood, and the Specific Plan area is not in proximity to a large body of water or the ocean, so the threat of an earthquake-induced seiche or tsunami would not occur.

Figure 5.10-3, Dam Inundation Zones, of TOP Final SEIR indicates that the Specific Plan area is within the eastern portion of San Antonio Creek dam failure inundation area; however, TOP Final SEIR concludes that because the likelihood of catastrophic failure of the San Antonio Dam is very low and because the City is prepared in the event of such failure, impacts are considered less than significant. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR and TOP Final SEIR and would also have no impacts or less than significant impacts related to the risk of pollutant release from inundation of the Project site from seiche, tsunami or dam failure. Based on review of the Federal Emergency Management Agency (FEMA)

National Flood Hazard Layer (NFHL) Viewer, the Project site is not located within a 100-year flood hazard area; the Project site is located within FEMA Zone X, a minimal flood hazard area (FEMA, 2016). Therefore, the Project would also have a less than significant impact related to the risk of pollutant release from flood inundation, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

e. Conflict with or obstruct implementation of a water quality control plan or sustainable groundwater management plan?

Discussion of Effects: As identified in the West Haven Specific Plan Final EIR, the Specific Plan area is located within the purview of the Santa Ana Regional Water Quality Control Board (RWQCB; Region 8) and must comply with applicable elements of the region's Basin Plan. As previously discussed, the West Haven Specific Plan Final EIR analysis concluded that with adherence to applicable water quality regulations, as required by mitigation measures in the West Haven Specific Plan Final EIR, water quality and groundwater impacts would be less than significant, and the Project would not conflict with the Basin Plan.

The proposed Project includes a Specific Plan Amendment addressing the amount and type of residential uses within PAs 1 and 3. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. The proposed Project would not involve any change in the type of construction activities or type of uses to be developed in PAs 1 and 3, and as discussed under Threshold "a" above, would be required to comply with applicable regulations addressing the protection of water quality. Therefore, the Project would comply with the Basin Plan, consistent with the conclusion of the West Haven Specific Plan Final EIR.

On September 16, 2014, subsequent to certification of the West Haven Specific Plan Final EIR, Governor Brown signed into law the Sustainable Groundwater Management Act (SGMA). The 2014 SGMA requires local public agencies and Groundwater Sustainability Agencies (GSAs) in "high-" and "medium"-priority basins to develop and implement Groundwater Sustainability Plans (GSPs) or Alternatives to GSPs. The California Department of Water Resources (DWR) currently categorizes the Chino Groundwater Basins as "very low" priority. Therefore, the Chino Groundwater Basins is not subject to the requirements of the SGMA (DWR, 2023). Accordingly, development within the West Haven Specific Plan area, including the Project site, would not conflict with or obstruct implementation of a sustainable groundwater management plan and no impact would occur.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

11. LAND USE & PLANNING. Would the project:

a. Physically divide an established community?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that implementation of the Specific Plan would represent a continuation of the existing and planned development pattern and would not physically divide an established community. The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3, would allow for the development of attached homes in PAs 1 and 3, would add new product types for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan

Final EIR, and is surrounded by existing residential development, or areas planned for future development pursuant to approved specific plans or the TOP 2050 Policy Plan. Consistent with the conclusion of the West Haven Specific Plan Final EIR, the proposed Project would not divide an established community and no impact would result.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

b. Cause a significant environmental impact due to a conflict with any land use plan, policy, or regulation adopted for the purpose of avoiding or mitigating an environmental effect?

Discussion of Effects: The West Haven Specific Plan Final EIR concluded that proposed development would conflict with applicable land use plan, policy, or regulation of an agency with jurisdiction over the Project, adopted for the purpose of avoiding or mitigating an environmental effect. However, development would adhere to requirements outlined in the West Haven Specific Plan, TOP and Ontario Municipal Code, and with implementation of mitigation measures outlined in the West Haven Specific Plan Final EIR for the respective environmental issue areas (i.e., air quality, hydrology and water quality, noise, public services, transportation/traffic, and utilities), impacts related to land use policies would be less than significant.

The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3, would allow for the development of attached homes in PAs 1 and 3, would add new product types for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. The proposed Project would not require a change in the TOP land use designation (Low Medium Density Residential (5.1-11.0 du/ac), Medium Density Residential (11.1-25.0 du/ac), and Open Space-Recreation), and would not change the type of land uses allowed in the Specific Plan area. Further, the proposed Project would be designed to be consistent with the Development Standards and Design Guidelines outlined in the West Haven Specific Plan, as amended. The proposed increase in residential units within PAs 1 and 3, which is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR and TOP Final SEIR, would not conflict with any land use plan, policy, or regulation adopted for the purpose of avoiding or mitigating an environmental effect, and this impact would be less than significant.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

12. MINERAL RESOURCES. Would the project:

a. Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?

b. Result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan?

Discussion of Effects: The West Haven Specific Plan Final EIR concluded that implementation of the Specific Plan would not result in impacts related to mineral resources because the Specific Plan area is not located in a mineral rich area, does not involve any mining practices, and does not include any known locally important mineral resources. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR, does not contain any mineral resources, and is not located within an area that has been classified or designated as a mineral resource recovery site in TOP, West Haven Specific Plan or other land use plan. Therefore, no impacts would result, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental

documents are necessary, nor is there a need for any additional mitigation measures.

13. NOISE. Would the project result in:

a. Generation of a substantial temporary or permanent increase in ambient noise levels in the vicinity of the project in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that implementation of the West Haven Specific Plan would result in project-level noise impacts during construction; however, these impacts would be reduced to less than significant levels with implementation of identified mitigation measures.

The Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389 units), would allow for the development of attached homes in PAs 1 and 3, would add new housing typologies for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes.

With respect to construction noise, the Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. Grading and building construction would be conducted as part of the proposed Project. The types of construction activities and construction equipment that would be used for construction in PAs 1 and 3 would be the same as that evaluated in the West Haven Specific Plan Final EIR, and the noise-sensitive receptors are the same as those evaluated. Construction activities would be subject to the mitigation measures outlined in the West Haven Specific Plan Final EIR, which require that a construction noise control plan be prepared (MM N-2), construction activities comply with the City of Ontario noise ordinance that restricts the days and hours of construction activities (MM N-3), that noise-producing construction equipment be fitted with properly operating and maintained mufflers (MM N-4), and construction best management practices related to noise be implemented (MM N-5). Therefore, construction-related noise impacts from the proposed Project would be less than significant consistent with the conclusion of the West Haven Specific Plan Final EIR. MM N-2 through MM N-5 are presented under the discussion of “Earlier Analysis” at the end of this document.

With respect to noise resulting from onsite operations, the West Haven Specific Plan Final EIR analysis also concluded that noise impacts from onsite operations would be less than significant and would primarily be associated with operation of the elementary school, park and neighborhood commercial center. The proposed Project includes a Specific Plan Amendment that would increase the allowed number of residential units in PA 1 and PA 3 (an increase of 389 units), would allow for the development of attached homes in PAs 1 and 3, would add new housing typologies for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. The noise sources associated with proposed onsite residential uses would be the same as that anticipated and evaluated in the West Haven Specific Plan Final EIR. Onsite operational Nosie impacts would be less than significant, consistent with the conclusion of the West Haven Specific Plan Final EIR.

The TOP Final SEIR evaluated traffic-related noise impacts that would result from buildout of TOP 2050, which includes development in the West Haven Specific Plan area. The TOP Final SEIR concluded that buildout of the uses anticipated by TOP would result in less than significant traffic-related noise impacts. As previously identified, the proposed Project would result in 135 fewer residential units compared to that evaluated for PAs 1 and 3 in the TOP Final SEIR (654 units compared to 789 units). Additionally, the circulation system for the West Haven Specific Plan and anticipated in the TOP Final SEIR traffic-related noise analysis would not change with the proposed Project. With a reduction in units compared and associated trip generation compared to that evaluated in the TOP Final SEIR, the proposed Project would reduce traffic-related noise impacts, which were determined to be less than significant. The proposed Project would not result in a significant noise impact or substantial increase in traffic-related noise impacts compared to that evaluated in the TOP Final SEIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR and TOP Final SEIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures. Applicable construction related mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

b. Generation of excessive groundborne vibration or groundborne noise levels?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that implementation of the West Haven Specific Plan would result in vibration impacts during construction; however, these impacts would be reduced to less than significant levels with implementation of identified mitigation measures related to construction noise.

The Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389 units), would allow for the development of attached homes in PAs 1 and 3, would add new housing typologies for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes.

The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. Grading and building construction would be conducted as part of the proposed Project. The types of construction activities and construction equipment that would be used for construction in PAs 1 and 3 would be the same as that evaluated in the West Haven Specific Plan Final EIR; therefore, potential sources of vibration during construction would also be the same. Construction activities would be subject to the mitigation measures MM N-2 through MM N-5 outlined in the West Haven Specific Plan Final EIR discussed above, which would also serve to reduce potential vibration impacts during construction. Therefore, construction-related vibration impacts from the proposed Project would be less than significant consistent with the conclusion of the West Haven Specific Plan Final EIR. MM N-2 through MM N-5 are presented under the discussion of “Earlier Analysis” at the end of this document.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures. Applicable construction related mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

c. For a project located within the vicinity of a private airstrip or an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project expose people residing or working in the project area to excessive noise levels?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the Specific Plan area is not located within an airport land use plan, within 2 miles of a public airport, or in the vicinity of private airstrip and people residing and working in the Specific Plan area would not be exposed to excessive noise levels from airport operations.

The Project site (PAs 1 and 3) is within the Specific Plan area evaluated in the West Haven Specific Plan Final EIR. The Project site is not within the vicinity of a private airstrip. Based on review of Policy Map 2-3: Noise Impact Zones, of the ONT ALUCP, the Project site, which is approximately 2.4 miles south of ONT, is not located within a noise impact zone for the ONT; therefore, the Project would not expose people residing at the Project site to excessive noise levels from airport operations and this impact would be less than significant, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

14. POPULATION & HOUSING. Would the project:

a. Induce substantial unplanned population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of road or other infrastructure)?

Discussion of Effects: The West Haven Specific Plan Final EIR concluded that growth associated with implementation of the West Haven Specific Plan is consistent with the growth forecasts for the City included in the General Plan and associated EIR, and impacts would be less than significant. Additionally, the TOP Final SEIR concluded that although the increase in population, housing, and employment under TOP 2050 would exceed SCAG's regional forecasts for the City, TOP 2050 would improve the job-housing balance. Furthermore, TOP 2050 accommodates future growth by providing for infrastructure and associated public services to accommodate the projected growth of the City and is consistent with SCAG's Connect SoCal. Consequently, while buildout of TOP 2050 Policy Plan Land Use Plan would substantially increase both population and employment in the City, TOP Final SEIR concluded that impacts would be less than significant.

The proposed Project includes a Specific Plan Amendment that would increase the maximum number of allowed units in PAs 1 and 3 by 389 units; however, the proposed Specific Plan Amendment would allow for a maximum of 1,142 residential units to be developed within the West Haven Specific Plan area (up to 789 units in PAs 1 and 3), which is less than the 1,284 residential unit development capacity established by TOP Policy Plan for the West Haven Specific Plan area (654 units in PAs 1 and 3). Therefore, the proposed Project would not exceed the number of units or associated increase in population anticipated in TOP for the Specific Plan area, and would continue to assist the City in improving its jobs-housing balance. Additionally, the Project would not involve the development of any roadways or infrastructure beyond that already planned to accommodate the previously approved Specific Plan. Therefore, the proposed Project would not induce substantial unplanned population growth in the City, either directly or indirectly, resulting in a less than significant impact, consistent with the conclusions of the West Haven Specific Plan Final EIR and TOP Final SEIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

b. Displace substantial numbers of existing people or housing, necessitating the construction of replacement housing elsewhere?

Discussion of Effects: The West Haven Specific Plan Final EIR concluded that implementation of the Specific Plan would not involve the displacement of any existing housing because the 6 residences within the Specific Plan area associated with previous farms had been sold for development purposes, and no impact would occur. The Project site is vacant and the proposed Project would not result in the displacement of people or housing. No impact would occur, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

15. PUBLIC SERVICES. Would the project:

a. Result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities, need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times or other performance objectives for any of the public services:

i) Fire protection?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the

implementation of the Specific Plan would add residential uses to the area and would increase demands upon fire protection; however, with implementation of mitigation measures, adherence to applicable regulations, and increased revenue generated by the Project to offset costs for fire protection services, impacts would be reduced to a less than significant level. MM PS-7, which requires approval of a plan to finance a new fire station in the Ontario Ranch (formerly referred to as the "New Model Colony") has been completed.

The Ontario Fire Department provides fire and Emergency Medical Services to the Specific Plan area, including the Project site, from Fire Station No. 6 located northwest of the Project site, at 2931 E. Philadelphia Street and Fire Station No. 9 located southwest of the Project site, at 2661 East Grand Park. The proposed Project would increase the number of residential units to be constructed at the Project site (an increase of 389 units) and would have an associated increase in the population within the Specific Plan area. Therefore, the proposed Project would increase the demand for fire protection services. However, the payment of required Development Impact Fees (which would contribute to funding for additional staffing, facilities, and equipment), and adherence to applicable codes, ordinances, and standard conditions, including the current edition of the California Fire Code (CFC), as adopted by the Ontario Municipal Code (Section 4-4.01) would ensure that impacts from the proposed Project remain less than significant. MM PS-4 and MM PS-5 require adherence to regulations for access, building materials, fire flow, etc., and MM PS-6 requires the Ontario Fire Department to ensure that sufficient staffing and equipment is provided. MM PS-3 through MM PS-6 are presented under the discussion of "Earlier Analysis" at the end of this document. The proposed Project would not result in the need for new or physically altered fire protection facilities that would cause a physical environmental impact. Impacts related to fire protection services would be less than significant, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

ii) Police protection?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the implementation of the Specific Plan would add residential uses to the area and would increase demands upon police protection; however, the impacts would be less than significant. MM PS-7, which required approval of a plan to provide funding for police personnel, has been completed.

Police services would be provided by the Ontario Police Department. Since police services are based upon per capita service levels, the proposed Project, which would increase the residential population at the Project site, would require an incremental increase in police services to maintain required service levels. The City's development review process and building permit plan check processes include review by the City's Police Department (as required by MM PS-8 and MM PS-9) to ensure incorporation of defensible space concepts and site access in site design and construction. MM PS-8 and MM PS-9 are presented under the discussion of "Earlier Analysis" at the end of this document. Property taxes and City fees, including payment of required Development Impact Fees, support the general fund to help offset the cost of additional personnel. The proposed Project would not result in the need for new or physically altered police protection facilities that would cause a physical environmental impact. Impacts related to police protection services would be less than significant, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR

will continue to apply to Project activities.

iii) Schools?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that with adherence to regulations requiring payment of school fees (MM PS-1), and coordination with the Mountain View School District (MVSD) (Kindergarten through 8th grade) and the Chaffey Joint Union High School District (CJUHSD) (grades 9 through 12) to allow for effective school planning (MM PS-2), impacts to school services would be less than significant. The proposed Project would increase the number of dwelling units at the Project site; however, the payment of required school fees would reduce this impact to a less than significant level (refer to MM PS-1). Additionally, coordination with the school districts regarding buildout of the proposed uses (refer to MM PS-2) would further reduce potential impacts. MM PS-1 and MM PS-2 are presented under the discussion of "Earlier Analysis" at the end of this document. The proposed Project would not result in the need for new or physically altered school facilities that would cause a physical environmental impact. Impacts related to school services would be less than significant, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

iv) Parks?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that with the provision of parkland or payment of in-lieu park fees, impacts to related to park services would be less than significant. The Quimby Act requires local jurisdictions with parks responsibilities to provide parks and recreation opportunities through the receipt of fees or the acceptance of facilities/land. Each tract within the Specific Plan area could either provide adequate local park facilities or pay fees to the City in lieu thereof or some combination of both approaches. With adherence to park requirements for the additional residential units associated with the proposed Project, impacts related to park services would be less than significant consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

v) Other public facilities?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that impacts to other existing public facilities (i.e., libraries) would be less than significant with payment of the City's library Development Impact Fee. The increased demand for library services associated with the increase in population resulting from the proposed Project would be addressed through payment of the required Development Impact Fees. Because libraries need enough people within a geographic area to warrant their construction, the fees are considered adequate mitigation and the construction of new library facilities is not required. Impacts to library services would be less than significant consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

16. RECREATION. Would the project:

a. Increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that potential impacts related to increase use of existing parks would be less than significant with adherence to the City's parkland requirements, which can be met through the provision of parkland, the payment of in-lieu fees, or a combination thereof. The West Haven Specific Plan includes a network of paseos, recreational facilities, and bicycle trails. The increase in population generated by the Project would increase the demand for park facilities. As with the previously approved residential uses, the park requirements for the increased residential units and associated population would be met through a combination of payment of in-lieu park fees in accordance with Ontario Development Code Chapter 6.080.30, and construction of onsite recreational facilities. Additionally, the Project site is in proximity to existing and planned large City and regional recreational areas, which would be built out over time. With adherence to the City's requirements for the provision of parkland, no additional new or expanded park facilities would be required beyond the onsite recreational facilities, and there would not be an accelerated physical deterioration of local or regional parks, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

b. Include recreational facilities or require the construction or expansion of recreational facilities that have an adverse physical effect on the environment?

Discussion of Effects: The West Haven Specific Plan Final EIR included evaluation of the physical environmental impacts resulting from implementation of park and recreational facilities within the Specific Plan Area and mitigation measures were identified to reduce these impacts, as feasible. The Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR, and would include Open Space-Recreation uses within PAs 1 and 3 as identified on the West Haven Land Use Plan included in Attachment A of this Addendum. No physical environmental impacts associated with construction of park and recreational facilities would occur beyond that already addressed in the West Haven Specific Plan Final EIR and this Addendum.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

17. TRANSPORTATION/TRAFFIC.

As discussed under Threshold "b" below, pursuant to Senate Bill (SB) 743, the requirement for analyzing congestion impacts for CEQA purposes has been eliminated. Notwithstanding, off-site mitigation measures included in the West Haven Specific Plan Final EIR requiring the completion of intersection improvements or fair share payments to address operational deficiencies (refer to MM T-7 through MM T-17) remain applicable unless determined to no longer be necessary based on the *West Haven Specific Plan Traffic Analysis* prepared for the proposed Project (Urban Crossroads, 2023c). The requirements for off-site traffic improvements would be included as conditions of approval for the Project.

Would the project:

a. Conflict with a program, plan, ordinance or policy addressing the circulation system, including transit, roadway, bicycle and pedestrian facilities?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the implementation of the Specific Plan would not conflict with a plan, ordinance, or policy addressing circulation system resulting in a less than significant impact. The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389 units), would allow for the development of attached homes in PAs 1 and 3, would

add new product types for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. The proposed Project does not involve any changes to the Specific Plan related to the circulation system, and mitigation measures from the West Haven Specific Plan Final EIR requiring onsite or site-adjacent transportation improvements would be implemented: MM T-1, MM T-2, and MM T-3 (address the provision of right-of-way, easements, and improvements along the west side of Haven Avenue); MM T-4 (addresses improvements along the south side of Riverside Avenue); and MM T-18 (pay fair-share amount or construction transit/bus system improvements in the vicinity of the Project site). These mitigation measures are presented under the discussion of "Earlier Analysis" at the end of this document. MM T-5 and MM T-6 address roadways improvements along Turner Avenue and Chino Avenue, which have already been completed or are not applicable to the Project as these roadways are not adjacent to the Project site.

There are existing bus stops located along Haven Avenue near Aspen Street south of the Project site. These bus stops are within walking distance to the Project site and would facilitate use of transit. Additionally, the proposed Project would include the construction of required pedestrian facilities and bikeways, which would connect to existing and planned facilities in the vicinity of the Project site, and existing transit facilities. Therefore, the proposed Project would not conflict with a program, plan, ordinance or policy addressing the circulation system, including transit, roadway, bicycle and pedestrian facilities, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

b. Conflict with or be inconsistent with CEQA Guidelines Section 15064.3, subdivision (b)?

Discussion of Effects: SB 743, approved in 2013 and codified in Public Resources Code Section 21099, changes the way transportation impacts are determined according to CEQA. The Governor's Office of Planning and Research (OPR) recommended the use of VMT as the replacement for automobile delay-based level of service for the purposes of determining a significant transportation impact under CEQA. On December 28, 2018, the State approved updates to the CEQA Guidelines, which entailed changes to the thresholds of significance for the evaluation of impacts to transportation. Updates to the CEQA Guidelines included the addition of CEQA Guidelines Section 15064.3, of which Subdivision b establishes criteria for evaluating a project's transportation impacts based on project type and using automobile VMT as the metric. Beginning July 1, 2020, the provisions of CEQA Guidelines Section 15064.3 apply statewide. As identified in Section 15064.3(b)(4) of the CEQA Guidelines, a lead agency has the discretion to choose the most appropriate methodology to evaluate a project's VMT. Based on the Office of Planning and Research (OPR) released a *Technical Advisory on Evaluating Transportation Impacts in CEQA* (December of 2018), the City of Ontario has developed and adopted its own VMT methodologies and thresholds (Resolution No. 2020-071), which were adopted by City Council in June 2020.

Consistent with the CEQA Guidelines, this Addendum does not expand into new areas of analysis. See CEQA Guidelines, Sections 15064.3(b)(1) and 15007 (new guidelines apply prospectively); see also *Concerned Dublin Citizens v. City of Dublin* (2013) 214 Cal.App.4th 1301, 1320 (adoption of new guidelines for GHG evaluation was not significant new information requiring further CEQA review because GHG emissions were known information and could have been addressed in the original EIR); *Fort Mojave Indian Tribe v. Dept. of Health Servs.* (1995) 38 Cal.App.4th 1574, 1605 (new critical habitat regulation was not significant new information because impacts to the species had already been addressed in original EIR). Further, VMT associated with the proposed Project does not constitute new significant information requiring additional environmental analysis. The adoption of VMT as a metric for analyzing transportation impacts (and corresponding GHG impacts) pursuant to SB 743 is not new information, as VMT-related impacts were knowable and known when the West Haven Specific Plan EIR was prepared. Therefore, no further analysis of the

Project's VMT for analyzing transportation impacts is required in this Addendum.

Notwithstanding, the *West Haven Specific Plan Amendment Vehicles Miles Traveled (VMT) Analysis* (January 4, 2023) (VMT Analysis) (Urban Crossroads, 2023b) was prepared to compare the VMT generated by the proposed Project to the approved West Haven Specific Plan, using methodologies established by the City in Resolution No. 2020-071. The VMT Analysis is included in Attachment D of this Addendum.

As previously discussed, the Project would increase residential density by 389 dwelling units as compared to the approved West Haven Specific Plan, which would result in an increase in vehicular trips and an associated increase in total Origin/Destination (OD) VMT. However, as shown in Table 3 of the VMT Analysis, total OD VMT divided by the proposed Project's service population (SP) results in a lower OD VMT/SP for the proposed Project as compared to the approved West Haven Specific Plan (29.01 compared to 32.39). Similarly, the Boundary VMT/SP in the both the City of Ontario boundary and 10-mile radii boundary of the Project location is lower with the proposed Project compared to the West Haven Specific Plan. Specifically, the City Boundary VMT/SP with the proposed Project would be 13.56 compared to 13.59 with the approved Specific Plan and the 10-Mile Boundary VMT/SP with the proposed Project would be 22.32 compared to 22.34 with the approved Specific Plan. These results indicate a more efficient land use plan when incorporated with the complementary land uses in the surrounding area. This is consistent with the *Handbook for Analyzing Greenhouse Gas Emission Reductions, Assessing Climate Vulnerabilities, and Advancing Health and Equity*, which indicates that "[i]ncreasing residential densities affect the distance people travel and provide greater options for the mode of travel they choose. Increasing residential density results in shorter and fewer trips by single-occupancy vehicles and thus a reduction in GHG emissions." This analysis indicates that the Project is more efficient from a VMT perspective as compared to the approved Specific Plan.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures.

c. Substantially increase hazards due to a geometric design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis identifies potentially significant impacts related to hazards due to geometric design features. However, as identified above, site-adjacent roadway improvements would be constructed in accordance with City standards (refer to MM T-1 through MM T-4), which would ensure impacts are less than significant.

The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389 units), would allow for the development of attached homes in PAs 1 and 3, would add new product types for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. The proposed Project does not involve any changes to the Specific Plan related to the circulation system, including the required site-adjacent roadway improvement. Access to PAs 1 and 3 would be provided from Riverside Drive and Haven Avenue as anticipated in the Specific Plan, and internal roadways, access driveways, and sight distance would comply with the City design requirements, and roadway standards outlined in the Specific Plan (refer to MM T-1 through MM T-4 presented under the discussion of "Earlier Analysis" at the end of this document). This impact would be less than significant.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

d. Result in inadequate emergency access?

Discussion of Effects: The West Haven Specific Plan Final EIR did not identify any significant impacts related to emergency access, and MM PS-4 and MM PS-9 in the Public Services section of the Final EIR require Project review to ensure adherence with Ontario Fire Department and Police Department requirements, which include emergency access. Implementation of the Specific Plan would improve emergency access by completing road segments in the Specific Plan area, and development would adhere to City of Ontario standard conditions of approval, and permits related to emergency access. The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389 units), would allow for the development of attached homes in PAs 1 and 3, would add new product types for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. The proposed Project does not involve any changes to the West Haven Specific Plan related to the circulation system or emergency access. Access to the Project site would be provided from Riverside Drive and Haven Avenue as anticipated in the Specific Plan and would comply with applicable requirements for emergency access. This impact would be less than significant.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

18. **Tribal Cultural Resources**. The provisions of Assembly Bill (AB) 52 are not applicable to the proposed Project. AB 52 applies "…only to a project that has a notice of preparation or a notice of negative declaration or mitigated negative declaration filed on or after July 1, 2015." AB 52, which became effective on July 1, 2015, established a consultation process with California Native American tribes, and established Tribal Cultural Resources as a new class of resources to be considered in the determination of project impacts and mitigation under CEQA. AB 52 requires lead agencies to provide notice to tribes that are traditionally and culturally affiliated with the geographic area of a proposed project, if they have requested such notice in writing. The project notification is required prior to the lead agency's release of a Notice of Preparation (NOP) of an EIR or notice of intent to adopt an MND or ND, and is not required for Addendums. However, the analysis of impacts to cultural resources, including prehistoric archaeological sites, resulting from implementation of the West Haven Specific Plan is provided in the Cultural Resources section of the West Haven Specific Plan Final EIR, as summarized previously in the Cultural Resources section of this Addendum. The West Haven Specific Plan Final EIR found that implementation of the Specific Plan would result in less than significant impact to archaeological resources with implementation of mitigation measures.

    Senate Bill 18 (SB 18) requires local (city and county) governments to consult with California Native American tribes to aid in the protection of traditional tribal cultural places ("cultural places") through local land use planning. The consultation and notice requirements apply to adoption and amendment of both general plans (defined in Government Code Section 65300 et seq.) and specific plans (defined in Government Code 65450 et seq.), and not the CEQA process. The City is completing required Native American consultation pursuant to SB 18. To date, none of the 22 tribes contacted by the City have requested consultation and no information has been provided indicating that tribal cultural resources are present within the Project site.

    Would the project cause a substantial adverse change in the significance of a tribal cultural resource, defined in Public Resources Code section 21074 as either a site, feature, place, cultural landscape that is geographically defined in terms of the size and scope of the landscape, sacred place, or object with cultural value to a California Native American tribe, and that is:

    a. Listed or eligible for listing in the California Register of Historical Resources, or in a local register of historical resources as defined in Public Resources Code section 5020.1(k)?

    Discussion of Effects: As discussed in the Cultural Resources section of this Addendum, the West Haven Specific Plan Final EIR analysis concluded that the implementation of the Specific Plan would not result in the destruction of historical resources and considered the impact less than significant. The Project site is vacant and disturbed by previous agricultural uses that have been removed, and is entirely within the physical impact area evaluated in the West Haven Specific Plan

Final EIR. There are no historic resources as defined in CEQA Guideline Section 15064.5 at, or in the vicinity of the Project site and no impacts to tribal cultural resources listed or eligible for listing in the California Register of Historical Resources, or in a local register of historical resources as defined in Public Resources Code section 5020.1(k) would result from implementation of the proposed Project.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

b. A resource determined by the lead agency, in its discretion and supported by substantial evidence, to be significant pursuant to criteria set forth in subdivision (c) of Public Resources Code section 5024.1? In applying the criteria set forth in subdivision (c) of Public Resources Code section 5024.1, the lead agency shall consider the significance of the resource to a California Native American tribe?

Discussion of Effects: The Project site is vacant, was previously disturbed by agricultural uses that have been removed and is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. There are no known tribal cultural resources within the West Haven Specific Plan Area, including the Project site. Consistent with the analysis conclusions for archaeological resources presented in the Cultural Resources section of this Addendum, there is a low potential for adverse environmental impacts to previously undiscovered resources. The Final EIR included mitigation measures outlining actions to take in the event unknown resources were discovered during grading (MM CR-1 and MM CR-2). In the unlikely event tribal cultural resources are encountered during construction, the requirements outlined in MM CR-1 and MM CR-2, which are presented under the discussion of "Earlier Analysis" at the end of this document, would be followed and impacts would be less than significant.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

19. UTILITIES AND SERVICE SYSTEMS. Would the project:

a. Require or result in the relocation or construction of new or expanded water, wastewater treatment or storm water drainage, electric power, natural gas, or telecommunications facilities, the construction or relocation of which could cause significant environmental effects?

Discussion of Effects: The West Haven Specific Plan EIR identifies the required infrastructure systems necessary to serve the proposed development within the Specific Plan area, and the West Haven Specific Plan Final EIR addressed the utility demands associated with proposed development and potential environmental impacts associated with installation of the required infrastructure. Utility and service system impacts were determined to be less than significant with mitigation. The required mitigation focuses on requirements for design and review of utility infrastructure requirements.

The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389 units), would allow for the development of attached homes in PAs 1 and 3, would add new product types for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. There would be an associated increase in demand for water, electricity, natural gas, etc. and wastewater generation; however, the proposed Project does not involve any changes that would require new or expanded utility infrastructure beyond that already anticipated in the West Haven Specific Plan and evaluated in the associated Final EIR, and on-site utility infrastructure that would serve the Project. With respect to storm drain facilities, as discussed in the Hydrology and Water Quality section of this Addendum, the increase in residential units would not substantially alter the post-development drainage characteristics of the Project site; therefore, the existing off-site storm drain system has sufficient capacity to accommodate runoff from the

Project site and the onsite storm drain system would connect to the existing drainage system. Further, MM WS-2 through MM WS-8 requires that utility infrastructure be constructed and funded to the satisfaction of the City, and requires coordination with utilities agencies. MM WS-2, MM WS-3, and MM WS-5 through MM WS-8 were previously completed. MM WS-4 is presented under the discussion of "Earlier Analysis" at the end of this document. Impacts related to the installation of utility infrastructure necessary to serve the proposed Project would be less than significant, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

b. Have sufficient water supplies available to serve the project and reasonably foreseeable future development during normal, dry and multiple dry years?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that the implementation of the Specific Plan would generate an additional demand for water; however, sufficient water supply exists to meet the City's existing and planned future uses, resulting in a less than significant impact. The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389 units). Pursuant to Senate Bill (SB) 610 and SB 221, a Project-specific *Water Supply Assessment and Written Verification of Sufficient Water Supply, West Haven Specific Plan Amendment, City of Ontario* (WSA) (Webb, 2022), was prepared for the proposed Project, and is included in Attachment E of this Addendum. The WSA identifies that the City of Ontario Municipal Utilities Company (OMUC) is the water supplier for the proposed Project. The estimated potable water demand for the additional dwelling units proposed by the Project is 109-acre feet per year (AFY) and the recycled water demand is 4 AFY for a total demand of 113 AFY. Full buildout of the West Haven Specific Plan, as amended, would have a potable water demand of 477 AFY and recycled water demand of 190 AFY for a total of 667 AFY. The increased water demand resulting from the proposed Project was not accounted for by the 2020 Urban Water Management Plan (UWMP) adopted by the Ontario City Council in June 15, 2021. However, the total projected potable and recycled water supplies available to the OMUC during normal, single dry, and multiple dry water years over a 20-year projection would be sufficient to meet the projected water demand associated with the additional units of the proposed Project in addition to the water supplier's existing and planned future uses, including agricultural and manufacturing uses. State mandated conservation efforts would reduce demand in the future. Furthermore, future development within PAs 1 and 3 were previously required to comply with MM WS-2, which required a letter from the water purveyor(s) demonstrating that sufficient water resources would be provided consistent with the demand for those resources. Impacts to water supplies are considered less than significant consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

c. Result in a determination by the wastewater treatment provider which serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that there would be sufficient capacity in the City and Inland Empire Utility Agency's (IEUA) sewage system, including Regional Plant No. 5 (RP-5) to handle the flows discharging from the Project, and impacts would be less than significant. Additionally, the TOP Final SEIR also identified that sufficient capacity would be available in the City and IEUA sewage system.

The Specific Plan area, including the Project site, is served by the City of Ontario sewer system, which has wastewater treated by the IEUA at the Regional Water Recycling Plant No. 1 (RP)-1 or RP-5. The Specific Plan area is serviced by RP-5, which is located in the City of Chino at 6063 Kimball Avenue, and serves the cities of Chino, Chino Hills, and Ontario. RP-5 has a current capacity of 16.3 mgd, which will increase to 22.5 mgd with its planned expansion project that is currently under construction. According to IEUA, during FY 2020/21, RP-5 treated 8.2 MGD and had an excess capacity of 7.8 MGD (IEUA, 2023). The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389 units). The additional wastewater generated by an increase of 389 dwelling units, which are anticipated in TOP Policy Plan, would not exceed the capacity of RP-5 and this impact would be less than significant.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures.

d. Generate solid waste in excess of State or local standards, or in excess of the capacity of local infrastructure, or otherwise impair the attainment of solid waste reduction goals?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that although the solid waste from buildout of the Specific Plan would decrease the capacity of the El Sobrante landfill, the quantity of waste to be generated by the Specific Plan uses would result in less than significant impacts. Notwithstanding, MM SW-2 requires the submittal of a construction waste recycling plan for each implementing development.

Since the certification of the West Haven Specific Plan Final EIR, the El Sobrante Landfill has increased its maximum permitted capacity from 6,000 tons per day (tpd) to 16,054 tpd (as of 2022) and the Badlands Landfill also receives solid waste from the City. The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389 units). The proposed Project includes the development of 654 units in PAs 1 and 3, which is 135 fewer units than what is anticipated in the TOP and evaluated in the TOP Final SEIR for these PAs. At buildout of the proposed West Haven Specific Plan, as amended, there would be a maximum of 1,142 residential units, which is 142 fewer units than 1,284 units for the Specific Plan area anticipated in TOP Policy Plan and evaluated in the TOP Final SEIR. There would be no change in the type of land use allowed in the Specific Plan area (residential) or the sources of solid waste generation. The TOP Final SEIR concluded that build out of the TOP Policy Plan, which includes the proposed increase in units in PAs 1 and 3, would result in less than significant impacts related to landfill capacity. Further, considering the proposed Project's future residents' participation in the source reduction and household hazardous waste programs offered by the City, and which are more stringent then when the West Haven Specific Plan Final EIR was prepared, the solid waste stream generated by the additional residential uses may be reduced over time. MM SW-2 would also remain applicable to the Project to reduce solid waste generation during construction. MM SW-2 is presented under the discussion of "Earlier Analysis" at the end of this document. Therefore, the proposed Project would not result in the generation of solid waste in excess of the capacity of local infrastructure, or otherwise impair the attainment of solid waste reduction goals and this impact would be less than significant consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures. Applicable mitigation measures included in the West Haven Specific Plan Final EIR will continue to apply to Project activities.

e. Comply with federal, state, and local statutes and regulations related to solid waste?

Discussion of Effects: The West Haven Specific Plan Final EIR analysis concluded that construction and operation of proposed uses in the Specific Plan area would comply with regulations associated with solid waste and impacts would be less than significant. As with all development in the City and the Specific Plan area, the proposed additional uses within PAs 1 and 3 would also be required to comply with applicable regulations related to solid waste management, disposal, recycling, etc., and this impact would be less than significant.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental document is necessary, nor is there a need for any additional mitigation measures.

20. WILDFIRE. If located in or near state responsibility areas or lands classified as very high fire hazard severity zones, would the project:

a. Substantially impair an adopted emergency response plan or emergency evacuation plan?

b. Due to slope, prevailing winds, and other factors, exacerbate wildfire risks, and thereby expose project occupants to, pollutant concentrations from a wildfire or the uncontrolled spread of a wildfire?

c. Require the installation or maintenance of associated infrastructure (such as roads, fuel breaks, emergency water sources, power lines or other utilities) that may exacerbate fire risk or that may result in temporary or ongoing impacts to the environment?

d. Expose people or structures to significant risks, including downslope or downstream flooding or landslides, as a result of runoff, post-fire slope instability, or drainage changes?

Discussion of Effects: As discussed in the Hazards and Hazardous Materials section of this Addendum, the West Haven Specific Plan area is not subject to wildfires. The State Responsibility Area (SRA) is the land where the State of California is financially responsible for the prevention and suppression of wildfires. The SRA does not include lands within City boundaries or in federal ownership; therefore, the Project site is not within an SRA. According to the California Department of Forestry and Fire Protection (CalFire), the City of Ontario, including the Project site, is not located within a very high fire hazard severity zone (VHFHSZ) (CalFire, 2008). As such, no impacts related to wildfires would occur.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

21. MANDATORY FINDINGS OF SIGNIFICANCE

a. Does the project have the potential to substantially degrade the quality of the environment, substantially reduce the habitat or a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, substantially reduce the number or restrict the range of a rare or endangered plant or animal or eliminate important examples of the major periods of California history or prehistory?

Discussion of Effects: The Project site is vacant, disturbed by previous agricultural uses that have been disturbed, and is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. As discussed in the Biological Resources, Cultural Resources, Geology and Soils, and Tribal Cultural Resources sections of this Addendum, impacts to biological resources, archaeological resources, paleontological resources, and tribal cultural resources would be less than significant with mitigation, consistent with the conclusion of the West Haven Specific Plan Final EIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in

the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

b. Does the project have impacts that are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current project, and the effects of probable future projects.)

Discussion of Effects: The potential cumulative impacts identified in the West Haven Specific Plan Final EIR include: loss of Farmland, air quality impacts, surface water quality (due to impaired receiving waters), and operational traffic impacts. Substantial changes are not proposed with the Project and the proposed Project would not require revisions to the West Haven Specific Plan Final EIR. The West Haven Specific Plan Final EIR evaluated the impacts associated with the development of up to 265 single family units within PAs 1 and 3. Further, the TOP 2050 Policy Plan anticipates up to 1,284 units within PAs 1 and 3, which was evaluated in the TOP Final SEIR. The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389 units), would allow for the development of attached homes in PAs 1 and 3, would add new product types for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. There would be no change in the type of land use allowed (residential), and the Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR and TOP Final SEIR. As evaluated throughout this Addendum, the Project would not result in any new, substantially more severe, or substantially different impacts than previously evaluated in the West Haven Specific Plan Final EIR and TOP Final SEIR. Therefore, the Project's contribution to significant cumulative impacts would also be the same.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

c. Does the project have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly?

Discussion of Effects: Substantial changes are not proposed with the proposed Project and the proposed Project would not require revisions to the West Haven Specific Plan Final EIR. The West Haven Specific Plan Final EIR evaluated the impacts associated with the development capacity of 265 single family units within PAs 1 and 3. Further, the TOP 2050 Policy Plan anticipates up to 1,284 units within PAs 1 and 3, which was evaluated in the TOP Final SEIR. The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389 units), would allow for the development of attached homes in PAs 1 and 3, would add new product types for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. There would be no change in the type of land use allowed (residential), and the Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. Therefore, the proposed Project would not result in any adverse effects to human beings directly or indirectly that were not considered in the West Haven Specific Plan Final EIR and TOP Final SEIR.

Mitigation: None required. The proposed Project would not result in any new, substantially more severe, or substantially different impacts, other than those previously considered and addressed in the West Haven Specific Plan Final EIR. No changes or additions to the previous environmental documents are necessary, nor is there a need for any additional mitigation measures.

EARLIER ANALYSIS

(Earlier analyses may be used where, pursuant to the tiering, program EIR, or other CEQA process, one or more effects have been adequately analyzed in an earlier EIR or Negative Declaration. Section 15063(c)(3)(D)):

1) **Earlier analyzes used.** Identify earlier analyzes used and state where they are available for review.

   a) The Ontario Plan 2050 Final SEIR

   b) The Ontario Plan 2050

   c) The West Haven Specific Plan Final EIR

   d) The West Haven Specific Plan EIR Mitigation Monitoring and Reporting Program

   e) The West Haven Specific Plan

   All documents listed above are on file with the City of Ontario Planning Department, 303 East "B" Street, Ontario, California 91764, (909) 395-2036. Other references used to prepare this Addendum are listed below.

2) **Impacts adequately addressed.** Identify which effects from the above checklist were within the scope of and adequately analyzed in an earlier document pursuant to applicable legal standards.

   Most of the checklist items were analyzed in the West Haven Specific Plan Final EIR. The West Haven Specific Plan Final EIR evaluated the impacts associated with the development capacity of 265 single family units within PAs 1 and 3. Further, the TOP 2050 Policy Plan anticipates up to 1,284 units within PAs 1 and 3, which was evaluated in the TOP Final SEIR. The proposed Project includes a Specific Plan Amendment that would increase the allowed number of units in PA 1 and PA 3 (an increase of 389 units), would allow for the development of attached homes in PAs 1 and 3, would add new product types for the residential uses in PAs 1 and 3, and would involve other minor changes to the text, graphics and tables in the West Haven Specific Plan associated with these changes. There would be no change in the type of land use allowed (residential), and the Project site is entirely within the physical impact area evaluated in the West Haven Specific Plan Final EIR. Additionally, the City's infrastructure systems would have sufficient capacity to serve the proposed Specific Plan Amendment. Therefore, the proposed Project would not introduce any impacts beyond those previously analyzed in the West Haven Specific Plan Final EIR or TOP Final SEIR.

MITIGATION MEASURES *(For effects that are "Less than Significant with Mitigation Incorporated," describe the mitigation measures, which were incorporated or refined from the earlier document and the extent to which they address site-specific conditions for the project)*:

As the proposed Project does not have any adverse environmental impacts beyond those identified in the previous environmental document, no mitigation beyond that previously imposed is required. The West Haven Specific Plan Final EIR mitigation measures applicable to the proposed Project are listed below.

Agricultural Resources

MM A-1: In order to minimize conflicts between urban and agricultural land uses, all residential units in the West Haven Specific Plan shall be provided with a deed disclosure, or similar notice, approved by the City Attorney, regarding the proximity and nature, including odors, of neighboring agricultural uses.

Air Quality

MM AQ-1: Prior to Project site construction activities, and prior to issuance of grading permits for each phase of the Project, a Dust Control Plan (DCP) shall be submitted to, and verified by, the City Building and Engineering Department(s). The DCP shall identify actions that Project applicant(s) and the Project contractor(s) shall utilize to reduce on- and off-site dust production consistent with SCAQMD guidelines. Dust Control mitigation measures for the Project shall include:

- After final grades have been established, disturbed areas shall be vegetated and mulched immediately.
- Maintain all disturbed portions of the construction site, in a damp condition, including all material excavated, filled or graded. When required, such disturbed areas shall be sufficiently watered to maintain a damp condition, no less than twice daily, at midday and the end of the work day, and more frequently if necessary, to prevent excessive amounts of dust.
- Identification of disturbed portions of the Project's construction site expected to remain inactive for longer than a period of one month. These portions shall have non-toxic soil stabilizers applied according to manufacturers' specifications or be seeded and watered until grass cover is grown.
- Retain the Project site's natural vegetation to the extent feasible on all areas that will not be disturbed for grading, except areas that must be cleared and revegetated as part of a fuel modification program.
- All clearing, grading, earth moving, or excavation activities shall cease during periods of high winds (winds greater than 15 mph until winds are less than 25 mph and averaged over 20 minutes), or during Stage 1 or Stage 2 air quality episodes.
- Specification of the timing of grading and construction to minimize soil exposure to winter rain period experienced in Southern California.
- On-site vehicle speeds on unpaved roads shall be limited to 15 miles per hour.
- All trucks hauling dirt, sand, soil, or other loose materials shall be covered or shall maintain at least two feet of freeboard (the distance between the top of the load and the top of the trailer), and shall drive through a wheel washer before entering paved right-of–way.
- Pavement of all on-site roads shall occur as soon as feasible. In the interim they shall be watered periodically or chemically stabilized. Additionally, all adjacent public streets shall be cleared using SCAQMD Rule 1186 certified street sweepers or roadway washing trucks (i.e., based on lead agency supply availability recommend street sweepers use reclaimed water).
- An inspection and maintenance program shall be included in the DCP to ensure that any erosion, which does occur, either on- or off-site as a result of the Project, shall be corrected through a remediation or restoration program within a time frame specified by City Building Department.
- If feasible, install wheel washers where vehicles enter and exit the construction site onto public paved roads or wash off trucks and any equipment leaving the site each trip.
- If feasible, appoint a construction relations officer to act as a community liaison concerning on-site construction activity including resolution of issues related to PM10 generation.

MM AQ-2: During grading and construction activities, the Project applicant(s) shall submit a signed report once every three months to the City Building and Engineering Department(s). To mitigate impacts to air quality, this report shall document the past three months' performance, the planned performance for the next three months, and, certify Project applicant(s) and Project contractor(s) compliance with the following:

- Construction materials shall be received during off-peak travel periods, between 8:30 a.m. and 4:00 p.m. A written explanation for any non-compliance shall be submitted by the offending party to the City Building and Engineering Department(s).
- Lane closures and detours shall be limited to off-peak travel periods and be coordinated with the City's Traffic Division.
- Verification by the Project applicant(s) of the construction equipment that has been on the Project site during the preceding three months, that is currently on the site, and that is anticipated to be on the site during the next three months. The Project applicant(s) shall certify that all such equipment has been and shall be selected for use based on low-emission and high-energy efficiency factors, including that such equipment has received a tune-up (or equivalent work) to assure low NOx

emissions within six months preceding delivery to the Project site, and at least once a year thereafter.

- Documentation of the estimated number of all workers anticipated to be on the Project site, the estimated number of these that plan to carpool, and an approximate number of those that did carpool in the last three months.
- If feasible and practicable, the applicant shall use high-pressure-low-volume (HPLV) paint applicators with a minimum transfer efficiency of at least 50%; use required coatings and solvents with a VOC content lower than required under Rule 1113; construct/ build with materials that do not require painting; and use pre-painted construction materials.
- It is highly recommended that all diesel trucks be prohibited from idling in excess of five minutes, both on- and off-site;
- It is highly recommended that all vehicles and equipment will be properly tuned and maintained according to manufacturer's specifications;
- It is highly recommended to include a configure construction parking to minimize traffic interference;
- It is highly recommended to provide temporary traffic controls such as a flag person, during all phases of construction to maintain smooth traffic flow;
- It is highly recommended to reroute construction trucks away from congested streets or sensitive receptor areas;
- It is highly recommended to provide dedicated turn lanes for movement of construction trucks and equipment on- and off-site;
- It is highly recommended to use clean construction equipment; emulsified diesel fuels; construction equipment that uses low sulfur diesel and is equipped with oxidation catalysts, particulate traps, or other retrofit technologies, etc.

Biological Resources

MM B-1: Prior to issuance of grading permit(s), Project applicant(s) shall pay their fair share towards the $22.7 million for the habitat land acquisition within the Chino/El Prado Basin Area that shall serve as the designated Waterfowl and Raptor Conservation Area (WRCA). The fee shall be paid in accordance with the September 10, 2002 modification to NMC GPA Policy 18.1.12 and Implementation Measure I-6, that state a 145-acre WRCA shall be provided through either a mitigation land bank, or by purchasing a property through development mitigation/impact fees. The habitat land acquisition shall be managed by Land Conservancy, a non-profit organization selected by the City and The Endangered Habitat's League and the Sierra Club.

MM B-2: Prior to issuance of building permit(s), a habitat land acquisition fee of $4,320 per acre shall be paid by Project applicant(s); and placed into a trust account for use upon Project development and construction activities, for the restoration and rehabilitation of the WRCA agreed to be provided at the 145-acres within the El Prado/Chino Basin. The fee shall be paid in accordance with the September 10, 2002 modification to NMC GPA Policy 18.1.12 and Implementation Measure I-6, that states a 145-acre WRCA shall be provided through either a mitigation land bank, or by purchasing a property through development mitigation/impact fees.

MM B-3: Prior to clearing the Project site of vegetation during nesting season, a qualified biologist shall conduct a site survey and mark (to protect) all active nests. Additionally, to avoid nesting bird impacts, the Project site shall not be cleared between March 1 and September 15. Prior to clearing any vegetation from around active nests, or the clearing of any nests, a USFS Permit to Reduce Nesting Birds if Present, from the USFWS shall be secured.

MM B-4: Thirty days prior to any Project construction, an ornithologist shall survey for raptor nests according to CDFG requirements. If active nests are detected, the nests shall be flagged and all Project construction activities shall be kept 300 feet of nesting raptors and 500 feet of nesting migratory birds, until the young birds have safely fledged, as determined by the ornithologist. Active raptor nests shall

be avoided per CDFG requirements.

Cultural Resources

MM CR-1: Prior to the issuance of grading permit(s), the Project applicant(s) shall retain a qualified cultural resource specialist, to the satisfaction of the City, to monitor the Project's subsurface areas occupied by the large manure piles, dairy farms, and the tree and plant nursery during grubbing and land disturbance from construction activities that previously were not surveyed. The cultural resource specialist shall examine, evaluate, and determine the most appropriate disposition of any potential artifact and shall have the authority to temporarily halt work until any identified artifacts can be recovered, handled, and/or surveyed in the appropriate manner.

MM CR-2: Prior to issuance of grading permit(s) and prior to excavation to a depth of more than 15 feet below the modern ground surface, the Project applicant(s) shall retain an archaeological and paleontological resource specialist, to the satisfaction of the City Planning Department, to conduct archaeological, and paleontological resource monitoring.

Geology and Soils

MM G-1: Prior to issuance of grading permit(s) the Project applicant(s) shall submit to the satisfaction of City Building and Engineering Department(s) a Project-specific grading plan. The Project- specific grading plan shall be in compliance with the Uniform Building Code and current professional engineering standards, including those for seismic safety. Additionally, the grading plan shall specify grading is not to occur on the Project site's natural open space areas.

MM G-2: Prior to issuance of building permits, the Project applicant(s) shall submit a SWPPP for the City's Building and Engineering Department's approval. In compliance with City standards and the State General Storm Water Permit for Construction Related Activities, the SWPPP shall identify (1) specific Project methods and (2) site locations for permanent drainage control that shall be incorporated into the Project design to adequately control erosion and sediment. Additionally, the SWPPP shall identify temporary erosion and sediment control methods and locations, such as sand bags, hay bales, and soil covers that shall be utilized at the Project site.

MM G-3: During construction activities surficial slumps shall be removed by Project contractor(s) and replaced as compacted fill in graded areas to the satisfaction of the City Building Department.

MM G-4: Prior to issuance of building permit(s) the City Planning Department shall approve a landscaping plan. Native plant species shall be used wherever feasible to reduce the potential for erosion, although slopes shall be landscaped with both native and non-native drought-tolerant, low-maintenance plants (L.D. King, 2004).

MM G-5: Prior to the issuance of grading permit(s) and during Project development, the Project applicant(s) shall ensure Project contractor's compliance with the following to the satisfaction of City Building and Engineering Department(s):

- Graded slopes will be designed at a 2:1 horizontal to vertical gradient. Soil compaction will be performed in accordance with the recommendations outlined in the geotechnical assessment (refer to Appendix E: Geology/Soils Supporting Documentation), unless otherwise recommended by the City Building and Engineering Department(s).

- Slope stabilization methods, such as construction of engineered replacement fills to buttress the weak planes and/or reduce the slope gradient to a flatter angle, shall be designed into the Project.

Hazardous Materials

MM HA-2: During site preparation and during construction activities Project contractor(s) shall:

- Dispose of all tires found on-site at a disposal/recycling facility that accepts automobile tires in accordance with local and state regulations to the satisfaction of the City Building Department.

- Remove on-site animal waste creating methane gas, if encountered, and dispose of at an accepting Class III Landfill in accordance with local and state regulations to the satisfaction of the City Building Department.

MM HA-3: During Project construction activities, Project applicant(s) and Project contractor(s) shall properly handle all hazards and hazardous substances to minimize their potential environmental impact to the Project site in accordance with applicable local, state, and federal regulations to the satisfaction of the City Building Department.

MM HA-4: During Project construction, implementation, and use Project contractor(s), employees, caretakers, and residents, shall:

- Handle, store, transport, and dispose of all chemicals, including herbicides and pesticides, runoff, hazardous materials and waste used on, or at, the Project site, in accordance with applicable local, state, and federal regulations to the satisfaction of the City Building Department.

- Properly dispose of all trash and debris found on, or at, the Project site, as appropriate, at a Class III landfill in accordance with local regulations to the satisfaction of the City Building Department.

- Comply with the requirements of the County of San Bernardino's Household Hazardous Waste Program to the satisfaction of the City Building Department

Hydrology and Water Quality

MM H/WQ-2: In order to provide long term mitigation measures (BMPs) for the Project, prior to Tract Map approval, the Project applicant(s) shall demonstrate to the satisfaction of the City Engineering Department (or NPDES/Storm water Coordinator) its compliance with the requirements of the SBC MS4 Permit as follows:

a) The Project applicant(s) shall prepare and submit a WQMP to the City Engineering Department (or NPDES Coordinator) for review and approval. The WQMP shall recommend permanent post-development improvements to existing drainage features to prevent uncontrolled runoff and to accommodate the increase in runoff associated with the development for the life of the Project. The San Bernardino County WQMP Guidance document requirements must be met.

b) Compliance shall be demonstrated by obtaining an approval for the WQMP from the City.

MM H/WQ-3: Prior to issuance of grading permits, the Project applicant(s) shall demonstrate to the satisfaction of City Building, Engineering, and Public Works Departments compliance with the requirements of the State Water Resources Control Board for the Project as follows:

a) The Project applicant(s) shall prepare and submit a SWPPP to the satisfaction of City, Building and Engineering Departments for review and approval. The SWPPP shall recommend interim and permanent improvements to existing drainage features to prevent uncontrolled runoff during construction, and to accommodate any temporary increase in runoff associated with construction activities.

   Compliance shall be demonstrated by obtaining a NPDES construction permit for all construction activities including clearing, grading, or excavation that results in the disturbance of at least one

acre of total land area or activity which is part of a larger common plan of development of one acre or greater. Copies of said NPDES permit(s) and related SWPPP shall be available for inspection at the City Engineering Department and at the construction site prior to land disturbing activity. Prior to the issuance of building permits for residential construction, the Project applicant(s) shall complete the following on- and off-site drainage system improvements to the satisfaction of the City Public Works Department:

- Storm drains
- Culverts
- Detention basins
- Channels
- Other improvements as may be required by the City

Noise

MM N-2: Prior to issuance of building permits, the Project applicant(s) shall develop a construction noise control plan for the City Planning Department's approval, prior to commencement of construction activity.

MM N-3: Prior to the issuance of each grading and building permit, the Project applicant(s) shall submit an affidavit to the satisfaction of City Building and Engineering Department(s) documenting Project construction operations shall not occur between 7:00 p.m. and 7:00 a.m. Monday through Saturday, or at any time on Sunday or federal holidays. The hours of construction including noisy maintenance activities and all spoils and material transport are restricted to the periods and days permitted by the local noise or other applicable ordinance. Noise-producing Project activity shall comply with local noise control regulations affecting construction activity or obtain exemptions therefrom.

MM N-4: Prior to recordation of a subdivision map or issuance of a grading permit, whichever is first, the Project applicant(s) shall require as part of the site development plan and to the satisfaction of the City, that all noise-producing Project equipment and vehicles using internal combustion engines (including haul trucks) be professionally fitted with mufflers, air-inlet silencers where appropriate, and any other shrouds, shields, or other noise-reducing features. These devices shall be maintained in good operating condition so as to meet or exceed original factory specification. Mobile or fixed "package" equipment (e.g., arc-welders, air compressors) shall be equipped with shrouds and noise control features that are readily available for that type of equipment.

MM N-5: During construction activities, Project applicant(s) and/or Project contractor(s) shall, in accordance with the City Planning Department:

- Locate material stockpiles and equipment staging, parking, and maintenance areas, as far as practicable from noise-sensitive receptors so as to minimize construction noise impacts to neighboring residences.
- Use electrically powered equipment instead of pneumatic or internal combustion powered equipment, where feasible.
- Not utilize a Project-related public address or music system audible at any adjacent receptor.
- Use noise-producing signals, including horns, whistles, alarms, and bells only for safety warning purposes.
- Enforce construction site and access road speed limits, not to exceed 15 miles per hour.
- Strictly adhere to, and enforce in coordination with the City, haul route speed limits.
- Provide all Project workers exposed to noise levels above 80 dBA with personal protective equipment for hearing protection (i.e., earplugs and/or earmuffs); and, in areas where noise levels are routinely expected to exceed 80 dBA clearly post signs stating "Hearing Protection Required in this Area."

Public Services

PS–1: Prior to issuance of Project building permits, the Project applicant(s) shall provide the City with evidence of the payment of school fees in the amount required by the Mountain View School District (MVSD) and Chaffey Joint Union High School District (CJUHSD). These fees shall be based on the fee schedule in effect at the time the building permit applications are filed.

PS-2: Prior to issuance of Project building permits, the Project applicant(s) shall notify the MVSD and CJUHSD of the expected buildout of the Project to allow the two Districts to plan in advance for new students.

PS–4: Prior to issuance of building permits, building plans shall be submitted to and approved by the City of Ontario Fire Department. The plans and specifications for structures shall be reviewed by the City of Ontario Fire Department for compliance with the Uniform Fire Code and stipulations on minimum fire flows and duration of flows for residential and commercial development types.

PS–5: Prior to the issuance of grading permits, grading plans and specifications providing for adequate public and private fire hydrants in accordance with the City of Ontario Fire Department criteria. Additionally, the design and location of the street system and gates shall be to the satisfaction of the City Building and Engineering Department.

PS–6: Prior to Project implementation and use, additional fire personnel and equipment shall be assigned to the local fire station serving the Project.

PS-8: During the preliminary stages of the Project design, and prior to issuance of building permits, the City of Ontario Police Department shall provide consultation to review safety features, evaluate adequacy, and suggest improvements to the Project design.

PS-9: Prior to Project construction and prior to issuance of the first certificate of occupancy, Project applicant(s) shall provide Project site plans depicting access and emergency vehicle entry requirements for review and approved by the City of Ontario Police Department. Additionally, addresses shall be well marked to facilitate response by police officers.

Transportation

T-1: Prior to Project construction, in coordination with City staff, the Project applicant(s) shall submit for approval to the City Building and Engineering Department(s) site plan(s) and tentative map(s) presenting the adequate right-of-way and easements on the west side from centerline of Haven Avenue to its ultimate General Plan standard width. Incorporate in the design elements of the communities the flexibility to accommodate necessary amenities for transit/bus system access.

T-2: Prior to Project construction, in coordination with City staff, the Project applicant(s) shall submit for approval to the City Building and Engineering Department(s) site plan(s) and tentative maps(s) presenting proof of adequate parkways, curbs and gutters on the western half of Haven Avenue fronting the Project site and half of the cost of median improvements along Haven Avenue fronting the Project site.

T-3: Prior to Project construction, in coordination with City staff, the Project applicant(s) shall submit for approval to the City Building and Engineering Department(s) site plan(s) and tentative maps(s) to construct West Haven Proposed Interim Street Cross Sections consistent with New Model Colony and City standards.

T-4: Prior to Project construction, in coordination with City staff, the Project applicant(s) shall submit for approval to the City Building and Engineering Department(s) site plan(s) and tentative maps(s) for the improvement of the southern half of Riverside Drive along the Project site’s frontage.

T-18: The applicant shall pay their proportionate share (prior to building permit issuance) for or install prior to occupancy of any structure) the following transportation improvements needed to serve the project. The determination of whether the payment of proportionate share or installation of the improvements is required shall be made by the City Engineer at the time of Tentative Tract Map approval. Project applicant(s) shall contribute and provide the necessary support for the needed infrastructure and applicable Transit/Bus System Improvements within the immediate vicinity of the project site to the satisfaction of the City Engineering Department. The applicable improvements identified by others and in the Project Traffic Analysis shall include:

- Provide needed right-of-way for bus pads and turnouts along roadway segments adjacent to the project site.
- Coordinate with City and transit providers to determine the most effective location for transit/bus stops with adequate accessibility for the handicapped

Utilities and Service Systems

WS-1: Prior to the approval of the first final subdivision map, the Project applicant(s) shall submit a detailed water study for the purpose of accurately quantifying the precise domestic and recycled water supply and storage requirements of the Project to the satisfaction of the City Building and Engineering Department.

WS-4: Prior to recordation of the Master Tentative Tract Map, the Project applicant(s) shall submit a detailed water study to the satisfaction of City Building and Engineering Department(s) for the purpose of accurately quantifying the precise wastewater services required for the Project.

Solid Waste

SW–2: Prior to approval of the first building permit for each development phase, the Project applicant(s) shall submit to the satisfaction of City Building, Public Works and Engineering Department(s) a plan for recycling waste materials from construction operations.

MEMORANDUM

URBAN | CROSSROADS

DATE: June 8, 2023
TO: Sage McCleve, West Haven 27 c/o Lewis Management Corp.
Derek Barbour, Richland Developers, Inc, "West Haven" c/o Richland Communities
FROM: Haseeb Qureshi
Ali Dadabhoy
JOB NO: 14574-06 AQ Assessment

WEST HAVEN SPECIFIC PLAN AMENDMENT OPERATIONAL AIR QUALITY ASSESSMENT

As required by *The Ontario Plan 2050 Final Supplemental Environmental Impact Report* (SCH No. 2021070364) (TOP Final SEIR) mitigation measure MM AQ-1, Urban Crossroads, Inc. is pleased to provide the following Operational Air Quality Assessment for the West Haven Specific Plan Amendment (**Project**), located in the City of Ontario.

PROJECT OVERVIEW

The Project would designate Planning Areas 1 (PA-1) and 3 (PA-3) with medium density residential and low-medium density residential land use designations, respectively, consistent with The Ontario Plan (TOP) 2050 Policy Plan. The allowed uses in PA-1 would change from Detached Courtyard and 4,000 square foot (sf) lots to Detached Courtyard and Attached Homes, and the allowed uses in PA-3 would change from 4,950 square foot lots to Detached and Attached Homes. This would permit PA-1 to increase from 173 dwelling units to 451 dwelling units and PA-3 to increase from 92 dwelling units to 203 dwelling units. PA-1 and PA-3 in total would include 654 dwelling units (for analytical purposes, PA-1 is evaluated assuming 451 Attached Homes and PA-3 is evaluated assuming 108 Attached Homes and 95 Detached Homes), which represents an increase of 389 dwelling units compared to the currently allowed 265 units in these PAs. The West Haven Specific Plan currently permits 753 dwelling units. With the Project, the permitted units would equate to 1,142 dwelling units.

It should also be noted that TOP 2050 anticipates development of 789 residential units within PAs 1 and 3 of the West Haven Specific Plan area; therefore, the Project would allow 135 fewer units than what is anticipated in TOP 2050. At buildout of the proposed West Haven Specific Plan Amendment, there would be 142 fewer units than 1,284 units for the Specific Plan area anticipated in TOP 2050.

PROJECT AIR QUALITY EMISSIONS

METHODOLOGY

In May 2022, the California Air Pollution Control Officers Association (CAPCOA) in conjunction with other California air districts, including SCAQMD, released the latest version of the CalEEMod Version 2022.1. The purpose of this model is to calculate construction-source and operational-source criteria pollutant (VOCs, NO_X, SO_X, CO, PM_{10}, and $PM_{2.5}$) and GHG emissions from direct and indirect sources; and quantify applicable air quality and GHG reductions achieved from mitigation measures (1). Accordingly, the latest version of CalEEMod has been used for this Project to determine operational air quality emissions.

AIR QUALITY REGIONAL EMISSIONS THRESHOLDS

The SCAQMD has developed regional operational significance thresholds for criteria pollutants, as summarized at Table 1 (2). The SCAQMD's CEQA Air Quality Significance Thresholds (April 2019) indicate that any projects in the South Coast Air Basin (SCAB) with daily emissions that exceed any of the indicated thresholds should be considered as having an individually and cumulatively significant air quality impact.

TABLE 1: MAXIMUM DAILY REGIONAL EMISSIONS THRESHOLDS

Pollutant	Operations
NO_X	55 lbs/day
VOC	55 lbs/day
PM_{10}	150 lbs/day
$PM_{2.5}$	55 lbs/day
SO_X	150 lbs/day
CO	550 lbs/day

lbs/day – Pounds Per Day

REGIONAL OPERATIONAL EMISSIONS

Operational activities associated with the Project would result in emissions of CO, VOCs, NO_X, SO_X, PM_{10}, and $PM_{2.5}$. Operational related emissions are expected from the following primary sources: area source emissions, energy source emissions, and mobile source emissions,

The Project related operational air quality impacts derive primarily from vehicle trips generated by buildout associated with the net increase in residential units for PA-1 and PA-3 (389 dwelling units; 2,800 trips). Trip characteristics available from the *West Haven Specific Plan Amendment Traffic Analysis* were utilized in this analysis (3).

The estimated operation-source emissions associated with the net increase of 389 dwelling units in PA-1 and PA-3, are summarized on Table 4. As shown on Table 2, operational-source emissions would not exceed the applicable SCAQMD regional thresholds for emissions of any criteria pollutant and no mitigation is required.

TABLE 2: 389 DU INCREASE IN PA-1 AND PA-3

PROJECT REGIONAL OPERATIONAL EMISSIONS

Source	Emissions (lbs/day)					
	VOC	NO_X	CO	SO_X	PM_{10}	$PM_{2.5}$
Summer						
Mobile Source	9.78	8.25	85.90	0.24	9.33	1.76
Area Source	18.10	9.76	4.15	0.06	0.79	0.79
Energy Source	0.18	3.07	1.31	0.02	0.25	0.25
Total Maximum Daily Emissions	**28.10**	**21.10**	**91.30**	**0.32**	**10.40**	**2.80**
SCAQMD Regional Threshold	55	55	550	150	150	55
Threshold Exceeded?	NO	NO	NO	NO	NO	NO
Winter						
Mobile Source	9.24	8.85	72.20	0.23	9.33	1.76
Area Source	18.10	9.76	4.15	0.06	0.79	0.79
Energy Source	0.18	3.07	1.31	0.02	0.25	0.25
Total Maximum Daily Emissions	**27.50**	**21.70**	**77.70**	**0.31**	**10.40**	**2.80**
SCAQMD Regional Threshold	55	55	550	150	150	55
Threshold Exceeded?	NO	NO	NO	NO	NO	NO

CALEEMOD PROPOSED PROJECT EMISSIONS MODEL OUTPUTS

14574 - West Haven (389 SFH Operations) Detailed Report

Table of Contents

1. Basic Project Information

1.1. Basic Project Information

1.2. Land Use Types

1.3. User-Selected Emission Reduction Measures by Emissions Sector

2. Emissions Summary

2.4. Operations Emissions Compared Against Thresholds

2.5. Operations Emissions by Sector, Unmitigated

4. Operations Emissions Details

4.1. Mobile Emissions by Land Use

4.1.1. Unmitigated

4.2. Energy

4.2.1. Electricity Emissions By Land Use - Unmitigated

4.2.3. Natural Gas Emissions By Land Use - Unmitigated

4.3. Area Emissions by Source

4.3.2. Unmitigated

4.4. Water Emissions by Land Use

4.4.2. Unmitigated

4.5. Waste Emissions by Land Use

4.5.2. Unmitigated

4.6. Refrigerant Emissions by Land Use

4.6.1. Unmitigated

4.7. Offroad Emissions By Equipment Type

4.7.1. Unmitigated

4.8. Stationary Emissions By Equipment Type

4.8.1. Unmitigated

4.9. User Defined Emissions By Equipment Type

4.9.1. Unmitigated

4.10. Soil Carbon Accumulation By Vegetation Type

4.10.1. Soil Carbon Accumulation By Vegetation Type - Unmitigated

4.10.2. Above and Belowground Carbon Accumulation by Land Use Type - Unmitigated

4.10.3. Avoided and Sequestered Emissions by Species - Unmitigated

1583

5. Activity Data

5.9. Operational Mobile Sources

5.9.1. Unmitigated

5.10. Operational Area Sources

5.10.1. Hearths

5.10.1.1. Unmitigated

5.10.2. Architectural Coatings

5.10.3. Landscape Equipment

5.11. Operational Energy Consumption

5.11.1. Unmitigated

5.12. Operational Water and Wastewater Consumption

5.12.1. Unmitigated

5.13. Operational Waste Generation

5.13.1. Unmitigated

5.14. Operational Refrigeration and Air Conditioning Equipment

5.14.1. Unmitigated

5.15. Operational Off-Road Equipment

5.15.1. Unmitigated

5.16. Stationary Sources

5.16.1. Emergency Generators and Fire Pumps

5.16.2. Process Boilers

5.17. User Defined

5.18. Vegetation

5.18.1. Land Use Change

5.18.1.1. Unmitigated

5.18.1. Biomass Cover Type

5.18.1.1. Unmitigated

5.18.2. Sequestration

5.18.2.1. Unmitigated

6.1. Climate Risk Summary

6.2. Initial Climate Risk Scores

6.3. Adjusted Climate Risk Scores

6.4. Climate Risk Reduction Measures

1585

7. Health and Equity Details

7.1. CalEnviroScreen 4.0 Scores

7.2. Healthy Places Index Scores

7.3. Overall Health & Equity Scores

7.4. Health & Equity Measures

7.5. Evaluation Scorecard

7.6. Health & Equity Custom Measures

8. User Changes to Default Data

1. Basic Project Information

1.1. Basic Project Information

Data Field	Value
Project Name	14574 - West Haven (389 SFH Operations)
Operational Year	2032
Lead Agency	—
Land Use Scale	Project/site
Analysis Level for Defaults	County
Windspeed (m/s)	2.80
Precipitation (days)	20.8
Location	34.01408959023665, -117.5786114751958
County	San Bernardino-South Coast
City	Ontario
Air District	South Coast AQMD
Air Basin	South Coast
TAZ	5261
EDFZ	10
Electric Utility	Southern California Edison
Gas Utility	Southern California Gas
App Version	2022.1.1.13

1.2. Land Use Types

Land Use Subtype	Size	Unit	Lot Acreage	Building Area (sq ft)	Landscape Area (sq ft)	Special Landscape Area (sq ft)	Population	Description
Single Family Housing	389	Dwelling Unit	47.7	758,550	4,556,301	—	1,288	—

1.3. User-Selected Emission Reduction Measures by Emissions Sector

No measures selected

6. Climate Risk Detailed Report

6.1. Climate Risk Summary

Cal-Adapt midcentury 2040–2059 average projections for four hazards are reported below for your project location. These are under Representation Concentration Pathway (RCP) 8.5 which assumes GHG emissions will continue to rise strongly through 2050 and then plateau around 2100.

Climate Hazard	Result for Project Location	Unit
Temperature and Extreme Heat	20.0	annual days of extreme heat
Extreme Precipitation	3.95	annual days with precipitation above 20 mm
Sea Level Rise	0.00	meters of inundation depth

Wildfire	0.00	annual hectares burned

Temperature and Extreme Heat data are for grid cell in which your project are located. The projection is based on the 98th historical percentile of daily maximum/minimum temperatures from observed historical data (32 climate model ensemble from Cal-Adapt, 2040–2059 average under RCP 8.5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Extreme Precipitation data are for the grid cell in which your project are located. The threshold of 20 mm is equivalent to about ¾ an inch of rain, which would be light to moderate rainfall if received over a full day or heavy rain if received over a period of 2 to 4 hours. Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Sea Level Rise data are for the grid cell in which your project are located. The projections are from Radke et al. (2017), as reported in Cal-Adapt (2040–2059 average under RCP 8.5), and consider different increments of sea level rise coupled with extreme storm events. Users may select from four model simulations to view the range in potential inundation depth for the grid cell. The four simulations make different assumptions about expected rainfall and temperature are: Warmer/drier (HadGEM2-ES), Cooler/wetter (CNRM-CM5), Average conditions (CanESM2), Range of different rainfall and temperature possibilities (MIROC5). Each grid cell is 50 meters (m) by 50 m, or about 164 feet (ft) by 164 ft.
Wildfire data are for the grid cell in which your project are located. The projections are from UC Davis, as reported in Cal-Adapt (2040–2059 average under RCP 8.5), and consider historical data of climate, vegetation, population density, and large (> 400 ha) fire history. Users may select from four model simulations to view the range in potential wildfire probabilities for the grid cell. The four simulations make different assumptions about expected rainfall and temperature are: Warmer/drier (HadGEM2-ES), Cooler/wetter (CNRM-CM5), Average conditions (CanESM2), Range of different rainfall and temperature possibilities (MIROC5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.

6.2. Initial Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	2	0	0	N/A
Extreme Precipitation	N/A	N/A	N/A	N/A
Sea Level Rise	1	0	0	N/A
Wildfire	1	0	0	N/A
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	0	0	0	N/A

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores do not include implementation of climate risk reduction measures.

6.3. Adjusted Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	2	1	1	3

Extreme Precipitation	N/A	N/A	N/A	N/A
Sea Level Rise	1	1	1	2
Wildfire	1	1	1	2
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	1	1	1	2

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores include implementation of climate risk reduction measures.

6.4. Climate Risk Reduction Measures

7. Health and Equity Details

7.1. CalEnviroScreen 4.0 Scores

The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Exposure Indicators	—
AQ-Ozone	84.6
AQ-PM	95.6
AQ-DPM	57.0
Drinking Water	93.3
Lead Risk Housing	7.89
Pesticides	64.8
Toxic Releases	71.4
Traffic	14.2

Effect Indicators	—
CleanUp Sites	7.71
Groundwater	81.4
Haz Waste Facilities/Generators	81.9
Impaired Water Bodies	43.8
Solid Waste	35.7
Sensitive Population	—

7.3. Overall Health & Equity Scores

Metric	Result for Project Census Tract
CalEnviroScreen 4.0 Score for Project Location (a)	76.0
Healthy Places Index Score for Project Location (b)	53.0
Project Located in a Designated Disadvantaged Community (Senate Bill 535)	Yes
Project Located in a Low-Income Community (Assembly Bill 1550)	No
Project Located in a Community Air Protection Program Community (Assembly Bill 617)	No

a: The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.
b: The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

7.4. Health & Equity Measures

No Health & Equity Measures selected.

7.5. Evaluation Scorecard

Health & Equity Evaluation Scorecard not completed.

7.6. Health & Equity Custom Measures

No Health & Equity Custom Measures created.

Subject: Burrowing Owl Breeding Season Survey Report and Biological Update for West Haven Specific Plan Amendment Project (Planning Areas 1 and 3); City of Ontario, County of San Bernardino, California.

Dear Sage and Derek,

This letter report provides a summary of existing conditions and provides the results of four burrowing owl (*Athene cunicularia*) [BUOW] surveys conducted in Spring and Summer 2022 within the Planning Areas 1 and 3 ("Project") of the West Haven Specific Plan located in the City of Ontario, San Bernardino County (Figure 1; Regional Site Location Map). The Burrowing Owl Study Area includes the Project limits (Figure 2; Aerial Map), and a 500-foot surrounding buffer as depicted on Figure 3; *Burrowing Owl Study Area* where direct or indirect impacts could potentially occur.

The surveys were conducted pursuant to the CDFW survey guidelines described in the Staff Report on Burrowing Owl Mitigation (CDFW 2012) [Staff Report], to determine the presence or absence of this species within the Project site. The results of these surveys will be used to determine whether this species would be affected by Project development.

Four breeding season BUOW surveys were conducted beginning on March 22, 2022, followed by surveys conducted three weeks apart on May 9, June 1, and June 21, 2022, led by Molly Burdick-Whipp, Chris Ejlenholm, and Stephanie Fan of VCS Environmental (VCS). The biologists focused

on identifying presence or absence of BUOW, suitable burrows and/or burrow surrogates for BUOW, and any other sign of BUOW within the Study Area as shown on the attached Figure 3. No BUOW or signs thereof were observed within the Study Area during the surveys. Based on the lack of any direct or indirect evidence of BUOW presence, the survey results indicate that the Study Area was not occupied by BUOW at the time of the surveys.

Project Information

The Project is located in the City of Ontario, County of San Bernardino and consists of two Assessor Parcel Numbers (APNs): 021-815-148 and 021-815-110 ("Project site") totaling approximately 47.69 acres, including offsite improvements in the surrounding right-of-way ("Project Footprint"). The Study Area includes an additional 500-foot buffer zone surrounding the Project site. The Project site is regionally accessible from State Route 60 (SR-60) and Haven Avenue to the north, and from Interstate 15 (I-15) and Ontario Ranch Road to the southeast [Figures 1 and 2; Regional Location and Aerial Map, respectively].

The Project Footprint is generally flat with elevations ranging from approximately 770 to 790 feet (234 to 241 meters) above mean sea level (MSL) (Google Earth 2021).

Past Biological Survey Efforts

The West Haven Specific Plan (2006) described the previous onsite biological resources as follows:

> *The Program EIR prepared for the City's NMC General Plan Amendment states that the Sphere of Influence is currently dominated by agricultural fields, dairy operations, pastures and croplands. Remnants of native vegetation are virtually absent. According to Küchler's (1977) map of the potential natural vegetation of California, the Sphere of Influence area was historically dominated by coastal sage scrub vegetation. Windrows are prevalent along the internal roadways. Areas of intensive agricultural industry such as feedlots and permanent cattle holding pens are generally devoid of vegetation. The Program EIR further states that the Ontario Sphere of Influence area has been greatly altered from natural conditions, under the influence of intensive agriculture and dairy industry. Despite these continuing land use practices, the Sphere of Influence area supports a diversity of wildlife, especially that of birds. This is due, in part, to the relatively level topography that*

contributes to the accumulation of standing water that attracts numerous migratory birds.

Due to the presence onsite of Dehli sands, Dehli Sands Flower-Loving Fly (DSF) focus surveys were conducted within the West Haven Specific Plan area (URS, 2006) in 2002, 2003, 2005, 2007, and 2022 (Larry Munsey International, 2002 & 2003; Goodlett, 2005, 2007, & 2022). All of the surveys conclude that DSF did not occupy the site due to a lack of suitable habitat.

Site-specific surveys were not conducted for PAs 1 and 3, as their unsuitable habitat did not warrant focused surveys. Concurrence with this conclusion was received from the US Fish and Wildlife Service (Goodlett, 2005).

Survey Methods

Prior to the field survey, available literature and databases, including the California Natural Diversity Database (CNDDB), were reviewed to identify sensitive habitats and special status wildlife species, specifically BUOW, in the vicinity of the study area.

VCS biologists conducted four protocol BUOW surveys. Table 1 provides the survey dates and environmental conditions for each of the surveys conducted within the study area.

Table 1: Survey Dates and Conditions

Survey #	Date	Start	End	Temperature/Weather Conditions	Surveyors
1	3/22/2022	7:15 am	9:30 am	65˚F - 70° F; sunny and clear; 14-20 mph wind*	MBW, CE
2	5/9/2022	8:15 am	10:00 am	57˚F - 62°F; mostly cloudy; 0-2 mph wind	MBW, SF
3	6/1/2022	7:45 am	9:35 am	62˚F-72˚F, sunny and clear; 0-2 mph wind	MBW, SF
4	6/21/2022	7:55 am	10:00 am	72˚F-81˚F, sunny and clear; 0-2 mph wind	MBW, SF

MBW: Molly Burdick-Whipp CE: Chris Eljenholm SF: Stephanie Fan

**Wind did not detract from ability to detect BUOW or BUOW signs.*

The surveys were not conducted during rain, high winds (>12 miles per hour (mph) (20 kilometers) that impeded detection of BUOW or sign, dense fog, cloud cover >75%, or temperatures above 90°F (32°C).

The BUOW surveys consisted of four surveys in accordance with the Staff Report guidelines, with the last three surveys being generally three weeks apart. The surveys involved walking through suitable habitat within the study area. The pedestrian survey transects were spaced at an appropriate distance to allow 100 percent visual coverage of the ground surface, adjusting for vegetation height and density. Parcels of land that could not be accessed (e.g., private property) were viewed using binoculars from suitable vantage points to survey for BUOW activity or signs thereof. The only inaccessible lands were within the 500-foot surrounding survey buffer.

During the surveys, VCS paid special attention to those habitat areas that appeared to provide suitable habitat for BUOW. The methods used to detect and identify BUOW included direct sighting of BUOW and observation of key signs such as scat, tracks, burrows, nests, and calls. All encountered burrows or structure entrances were checked for the presence of BUOWs, molted feathers, cast pellets, prey remains, eggshell fragments, tracks, or excrement at or near a burrow entrance. Natural or man-made structures and debris piles that could support BUOWs were also surveyed. All burrows were monitored at a short distance from the entrance, and at a location that would not interfere with owl behavior.

Onsite soil conditions, topography, vegetative communities, and habitat quality were documented during the field surveys. All wildlife species encountered visually or audibly during the field survey were identified and recorded in field notes. Binoculars were used to aid in the identification of observed wildlife. Photographs were taken to document existing conditions within the study area; photopages are attached (Exhibit A).

Results - Existing Conditions

The Project Footprint is surrounded by agricultural lands such as dairies, stockyards, row crops, and nurseries to the north. A few trees in the southern portion of the site could potentially provide habitat for raptors. Portions of the site are not suitable for BUOW due to active plant nursery operations. As shown on Figure 3, the northern and westerns portions are no longer used for nursery operations and contain suitable habitat and burrows. Suitable habitat was also found within western buffer area. The buffer area to the north is predominantly developed with residential uses, the buffer area to the south is under construction, and the buffer area to the east is comprised of active dairy farms. As shown on Figure 4 (Vegetation Map) the Project

Footprint supports the following vegetation communities/land cover types: Disturbed/Developed, Nursery Row Crops, Herbaceous Non-native Forbs and Grasses, and Ruderal Vegetation. Within the Ruderal vegetation community, London rocket (*Sisymbrium irio*) and cheeseweed (*Malva parviflora*) are dominant. Other species include great brome (*Bromus diandrus*), pinweed (*Erodium cicutarium*), and common fiddleneck (*Amsinckia menziesii*).

No jurisdictional waters were present onsite.

Results-Wildlife

During the surveys, the following birds were observed/detected:

- American crow (*Corvus brachyrhynchos*)
- American kestrel (*Falco sparverius*)
- Anna's hummingbird (*Calypte anna*)
- barn swallow (*Hirundo rustica*)
- bushtit (*Psaltriparus minimus*)
- Costa's hummingbird (*Calypte costae*) †
- great egret (*Ardea alba*)
- hooded oriole (*Icterus cucullatus*)
- house finch (*Haemorhous mexicanus*)
- house sparrow (*Passer domesticus*)
- mourning dove (*Zenaida macroura*)
- northern mockingbird (*Mimus polyglottos*)
- red-tailed hawk (*Buteo jamaicensis*)
- rock pigeon (*Columba livia*)
- savannah sparrow (*Passerculus sandwichensis*)
- turkey vulture (*Cathartes aura*)
- white-crowned sparrow (*Zonotrichia leucophrys*)
- yellow-rumped warbler (*Setophaga coronata*)

† denotes sensitive species

Sensitive bird species documented within the study area included Costa's hummingbird (*Calypte costae*), a USFWS Bird of Conservation Concern. The following mammals were detected during

the survey within the study area: California ground squirrels (*Otospermophilus beecheyi*) and Audubon's cottontail (*Sylvilagus audubonii*).

Results - BUOW

During the four BUOW surveys, no BUOW or evidence of BUOW was observed within the study area. Potentially suitable burrows were found within the study area (Figure 3); however, the burrows did not display any sign of BUOW use around the burrow entrances. Potential BUOW foraging and nesting habitat was observed within the study area and in the vicinity. Due to the lack of presence of BUOW and lack of occupied burrows the study area is considered not to be occupied by BUOW.

Conclusion

Based on the results of the burrowing owl focused surveys, no burrowing owls or evidence of BUOW activity (e.g., active burrows, whitewash, pellets, etc.) were detected during the surveys. As a result, the Study Area was not considered to be occupied by BUOW. Because the Study Area contains burrows suitable for burrowing owl and suitable burrowing owl foraging habitat, surveying for BUOW, which is also a raptor, will be addressed through the 30-day pre-construction clearance survey (MM B-4) prior to any ground disturbing activities to avoid direct take of burrowing owls in compliance with the CDFW protocol.

The results of the latest Delhi Sands Flower-loving Fly focused survey (2022) concluded that:

> *Since suitable Delhi series soils were not found, the site does not meet the baseline criterion to be considered for focused surveys as per the USFWS protocol (1996) and does not appear suitable for DSFLF occupation.*

Additionally, no other sensitive resources were incidentally observed by the surveyors. For example, no hydrological features that could be viewed as a jurisdictional water of the United States or State of California were observed. Vegetation was sparse, and land cover was dominated by disturbed / developed areas and ruderal vegetation communities, therefore, no sensitive plant communities were observed. The prior DSF surveys concluded that the DSF did not occupy the site due to a lack of suitable habitat. The biological measures from the 2006 West Haven Specific Plan EIR are excerpted below:

B-2 *Prior to issuance of grading permit(s), a habitat land acquisition fee of $4,320 per acre shall be paid by Project applicant(s); and placed into a trust account for use upon Project development and construction activities, for the restoration and rehabilitation of the WRCA agreed to be provided at the 145-acres within the El Prado/Chino Basin. The fee shall be paid in accordance with the September 10, 2002 modification to NMC GPA Policy 18.1.12 and Implementation Measure I-6, that states a 145-acre WRCA shall be provided through either a mitigation land bank, or by purchasing a property through development mitigation/impact fees.*

Agency: *City Planning Department, The Endangered Habitat's League and the Sierra Club*
Timing: *Prior to issuance of Grading Permits for the Project*

B-3 *Prior to clearing the Project site of vegetation during nesting season, a qualified biologist shall conduct a site survey and mark (to protect) all active nests. Additionally, to avoid nesting bird impacts, the Project site shall not be cleared between March 1 and September 15. Prior to clearing any vegetation from around active nests, or the clearing of any nests, a USFS Permit to Reduce Nesting Birds if Present, from the USFWS shall be secured. Not clearing/grubbing the site between March and September reduces the possibility of a disturbance to or take of nesting birds, their young, or causing the adults to abandon their nests. This increases the potential for successful breeding and propagation of the species.*

Agency: *City Building Department and the USFWS*
Timing: *Prior to Project clearing and/or construction activities*

B-4 *Thirty days prior to any Project construction, an ornithologist shall survey for raptor nests according to CDFG requirements. If active nests are detected, the nests shall be flagged and all Project construction activities shall be kept 300 feet of nesting raptors and 500 feet of nesting migratory birds, until the young birds have safely fledged, as determined by the ornithologist. Active raptor nests shall be avoided per CDFG requirements. The 300 and/or 500 foot exclusion buffers between construction and nesting birds reduces the chances of accidental take or nest abandonment due to construction activities and noise. This increases the potential for successful breeding and the propagation of the species.*

Agency: *City Building Department and the CDFG*
Timing: *Thirty days prior to any Project construction activities*

Please contact me at wcaffrey@vcsenvironmental.com or 949.489.2700 x213 should you have any questions or comments.

Sincerely,

Wade Caffrey
Vice President

Habitat Suitability Evaluation

To: Derek Barbour, Richland Developers

From: Gilbert Goodlet and Guy Bruyea

Date: October 13, 2022

Re: Habitat suitability evaluation for Delhi Sands Flower-loving Fly for two properties within the West Haven Specific Plan in Ontario, California

---

Executive Summary

Guy Bruyea, a biologist permitted by the U.S. Fish and Wildlife Service (Section 10 (a) (1) (A) permit number TE-837439-8 expiring 6/24/2024) to survey for the federally endangered Delhi Sands Flower-loving Fly (DSFLF; *Rhaphiomidas terminatus abdominalis*), conducted a habitat suitability evaluation on October 3, 2022 at two sites within the West Haven Specific Plan, a northern site consisting of PA 1 and PA 2 totaling 46.5 acres and a northern site consisting of PA 5 and PA 7 totaling 46.3. acres. It was concluded that both sites are highly unsuitable for DSFLF occupation and, more importantly DSFLF reproduction, based on long-term historical land use and current site conditions.

Purpose of Study

The Delhi Sands Flower-loving Fly was listed as an endangered species by the U.S. Fish and Wildlife Service (Service) on September 23, 1993 (58 Federal Register 49881) and is protected under the provisions of the Endangered Species Act of 1973, as amended (ESA). The ESA prohibits anyone from "taking" a listed species. Take includes, but is not limited to, harming, harassing, or killing individuals of a listed species as well as destruction of habitat occupied by listed species.

DSFLF habitat is limited to areas that include Delhi series soils, an aeolian (wind-deposited) soil type. The Service has identified the presence of Delhi series soils as the baseline criterion for the determination of suitable or potentially suitable habitat for this species (USFWS, 1996). Fine unconsolidated soil is required for oviposition (egg laying) as females must insert their abdomens

deep into the sand during this process (Rogers and Mattoni, 1993). The larval portion of the DSFLF's life cycle is largely unknown. Larval development apparently takes place in the sand and is presumed to take either one or two years.

The project proponent proposes to develop the properties (Figure 1). This habitat suitability evaluation is focused on determining the suitability of the site for DSFLF habitation.

Site Description

PA 1 (Assessor Parcel Number (APN) 0218-151-48) and PA 3 (APN 0218-151-10) lie adjacent to one another and are a combined 46.5-acres located within the City of Ontario, California (Figure 1, Photograph 1). The site is situated near two high traffic roads, with Riverside Boulevard along its northern boundary and Haven Avenue along its eastern boundary. A high-density residential subdivision (associated with East Sweetbay Way) is located along its southern site boundary. A chain-link fence with privacy tarping is present on the southern portion of the PA 1 and PA 3 site, and various other types of fencing are present for the remainder of the site. Site access was from an active landscape nursery located at the southwest corner of Riverside Boulevard and Haven Avenue, and two locked gates situated along Haven Avenue to the south. Landscape nursery operations appear to have been significantly reduced in the last two years (based on historical Google Earth imagery). Active landscape nursery operations are now only present on a 10-acre adjacent parcel to the northeast of the PA 1 and PA 3 site.

The 46.3-acres combined PA 5 and PA-7 site includes three APNs: 0218-151-37, 0218-151-39, and 0218-151-40. The center of the PA 5 and PA 7 site is located approximately 0.5 mile south of the PA 1 and PA 3 site (Figure 1, Photograph 2). It is also situated near two high traffic roads, with Chino Avenue along its northern boundary and Haven Avenue along its eastern boundary. A chain-link fence with privacy tarping is currently present along the eastern and northern portions of the PA 5 and PA 7 site. Other plastic privacy fencing is present along its southern boundary, and no fencing is present along its western boundary. A residential subdivision (Aspen Street) is located near its southern boundary. Site access by vehicle was from an open gate along Haven Avenue utilized by site workers. Additional access (on foot) was achieved at the southwest site corner where Klassen Street and Oakville Avenue intersect.

The PA 1 and PA 3 site is mostly flat with a slight decrease in elevation towards its southwest corner, and lies at an elevation of 795 feet (northeast corner) to 771 feet (southwest corner) above mean sea level (AMSL). The PA 5 and PA 7 site is mostly flat with a slight decrease in elevation towards its southwest corner, and lies at an elevation of 763 feet (northeast corner) to 749 feet (southwest corner) AMSL.

In general, mostly residential subdivisions surround both sites to the north, west and south. A mixture of disturbed open space, sites undergoing development, and various commercial and industrial areas lie to the east. These surrounding developments have likely disrupted natural aeolian processes for an extended period of time, which is in part evidenced by the presence of compacted soils and the absence of high quality Delhi series soils and dunes inhabited with native vegetation.

Although unconsolidated soils are present on some areas of the PA 1 and PA 3 site, much of the site contains a gravely surface layer associated with ongoing and past nursery operations. Historically, possibly going back decades, the site was likely used for dairy farming and various

agricultural operations as well. Although much of the site consists of compacted soils, some areas are subject to off-road vehicle use and regular disking, which exposes some of the softer unconsolidated soils underneath. However, these exposed soils are heavily infiltrated with organic matter based on their coloration, which was tan to brown. Soils are not white or off white like undisturbed Delhi series soils observed on DSFLF occupied sites.

Away from current nursery operations northeast of PA 1 and PA 3, evidence of past landscape nursery use is present throughout the PA 1 and PA 3 site, especially in its southern area. Various ornamental non-native trees and shrubs have become established there. One large area contains a surface layer made up of mulch. Various pipes, irrigation lines, plastic pots and other debris associated with past nursery operations are also present. Very few native plants were observed on the PA 1 and PA 3 site during the survey. In addition to ornamental species associated with past nursery operations, conspicuous weedy species found in abundance include (but are not limited to) golden crownbeard (*Verbesina encelioides*), small horseweed (*Erigeron bonariensis*), prickly-lettuce (*Lactuca serriola*), fireweed (*Kochia scoparia*), Russian thistle (Salsola tragus), tumble pigweed (*Amaranthus albus*), lamb's quarters (*Chenopodium album*), London rocket (*Sisymbrium irio*), and puncture vine (*Tribulus terrestris*).

At the time of the PA 5 and PA 7 survey, several dump trucks (4-5), skip-loaders (4-5), a water truck (1) and workers were actively working on the site. For safety reasons, only the perimeter of the site and other areas not actively subject to dump truck and skip-loader traffic was surveyed on foot. Imported soils (appeared to be a mixture of manure and dirt) were being moved/dumped throughout the site. Several large dirt/manure piles were present on the southeastern quadrant of the site. The site appeared to have been graded recently given its near total lack of vegetation. No native or non-native plants were observed on most of the site (a few plants were present along southern and southwestern boundaries). Historically, the PA 5 and PA 7site was likely used for dairy farming and various agricultural operations. Although much of the site contains unconsolidated soils, soils are heavily infiltrated with organic matter based on their coloration, which was tan to dark brown. Odor associated with manure was also detected.

Methods

The site was surveyed on October 3, 2022 by Guy Bruyea (TE-837439-8). Meandering transects were walked throughout the site to document vegetation, physiographic features, vertebrate and invertebrate species, and to search for the occurrence of Delhi series soils. Access was more limited at the PA 5 and PA 7 site where equipment operations were underway but parts of the interior and the perimeter were reviewed. Photographs were taken of representative features at the site.

The survey was conducted under hazy skies with temperatures ranging from 72 to 81 °F. Winds were light.

Results

Although Delhi series soils are historically mapped for the site and surrounding areas, anthropogenic disturbances over decades have altered the natural topography, aeolian processes, vegetation (mostly non-native weeds on PA 1 and PA 3 and virtually no plants on PA 5 and PA 7) and soil characteristics of both sites such that the sites do not now meet the USFWS baseline requirement for conducting focused surveys, the presence of Delhi series soils. Further, surrounding areas are highly disturbed and/or developed as well, so the likelihood of a dispersing

DSFLF utilizing the site for foraging or reproduction would be very low. In addition, because nearly all areas of the site contain either a gravelly, compacted, or contaminated surface layer, the site would not be conducive to successful oviposition by dispersing DSFLF females.

Little or no fossorial insect or small mammal activity was observed on either site. In berm areas along some site edges (especially the western perimeter), holes associated with California ground squirrels were observed. These holes could be utilized by burrowing owls, but no burrowing owl or sign (scat, feathers, rodent bones, etc.) indicating recent activity was observed.

Twelve bird species were observed on the PA 1 and PA 3 site during the survey: Turkey vulture, common raven, house finch, mourning dove, rock dove (pigeon), white-crowned sparrow, northern mockingbird, western kingbird, Say's phoebe, American kestrel, American crow, and red-tail hawk (fly over). California ground squirrel was observed on the PA 1 and PA 3 site. Insect activity was poor on the PA 1 and PA 3 site.

Five bird species were observed on the PA 5 and PA 7 site during the survey: Turkey vulture, common raven, house finch, mourning dove, and rock dove (pigeon). Most birds were observed flying over the PA 5 and PA 7 site or perched on site fencing. California ground squirrel holes were observed at the southwest corner of the PA 5 and PA 7 site, but no California ground squirrels were observed at that location. No insect activity was observed on the PA 5 and PA 7 site.

Plants that are often found on DSFLF-occupied sites, including California buckwheat (*Eriogonum. fasciculatum*), California croton (*Croton californicus*) telegraph weed (*Heterotheca grandiflora),* and annual bursage (*Ambrosia acanthicarpa*) were not observed during this assessment.

Conclusion

Since suitable Delhi series soils were not found, the site does not meet the baseline criterion to be considered for focused surveys as per the USFWS protocol (1996) and does not appear suitable for DSFLF occupation.

WEST HAVEN SPECIFIC PLAN AMENDMENT VEHICLE MILES TRAVELED (VMT) ANALYSIS

Mr. Sage McCleve and Mr. Derek Barbour,

Urban Crossroads, Inc. is pleased to provide the following Vehicle Miles Traveled (VMT) Analysis for the West Haven Specific Plan Amendment (**Proposed Specific Plan**). The West Haven Specific Plan is bounded by Riverside Drive to the north, Turner Avenue to the west, Schaefer Avenue to the south, and Haven Avenue to the east the City of Ontario.

PROJECT OVERVIEW

The currently approved West Haven Specific Plan (**Approved Specific Plan**) allows the following land uses and development intensities:

- 753 Total Dwelling units
  - 488 Detached Dwelling Units
  - 265 Attached Dwelling Units
- 87,000 square feet of Retail Uses
- 9.8-acre Elementary School Site

The Project would designate Planning Areas 1 (PA-1) and 3 (PA-3) with medium density residential and low-medium density residential land use designations, respectively, consistent with The Ontario Plan (TOP) 2050 Policy Plan (See Attachment A). The allowed uses in PA-1 would change from Detached Courtyard and 4,000 square foot (sf) lots to Detached Courtyard and Attached Homes, and the allowed uses in PA-3 would change from 4,950 square foot lots to Detached and Attached Homes. This would permit Planning Area 1 to increase from 173 dwelling units to 451 dwelling units and Planning Area 3 to increase from 92 dwelling units to 203 dwelling units, which represents an increase of 389 dwelling units compared to the currently allowed 265 units in these PAs. In total, the permitted units would equate 1,142 dwelling units, details of these changes can be found in Table 1.

- 1,142 Total Dwelling Units
  - 488 Detached Dwelling Units
  - 654 Attached Dwelling Units
- 87,000 square feet of Retail Uses
- 9.8-acre Elementary School Site

TABLE 1: PROPOSED AND APPROVED SPECIFIC PLAN LAND USE SUMMARY

PA	Product Type	Approved Quantity	Unit[1]	Proposed Quantity	Unit[1]	Net Change	Unit[1]
1	Detached Courtyard and Attached Homes	173	DU	451	DU	278	DU
3	Detached and Attached Homes	92	DU	203	DU	111	DU
4	3,825 SF Lots	106	DU	102	DU	-4	DU
5	2,800 SF "Lane Loaded" & 5,100 SF Lots	149	DU	149	DU	0	DU
7	4,250 SF Lots	90	DU	94	DU	4	DU
8	5,220 SF & 6,300 SF Lots	143	DU	143	DU	0	DU
	Total	**753**	**DU**	**1142**	**DU**	**389**	**DU**
2	Neighborhood Center Commercial	9.25	AC	9.25	AC	0	AC
6	School	9.8	AC	9.8	AC	0	AC
	Total	**19.05**	**AC**	**19.05**	**AC**	**0**	**AC**

[1] DU = dwelling unit/AC = acres

BACKGROUND

Changes to California Environmental Quality Act (CEQA) Guidelines were adopted in December 2018, which require all lead agencies to adopt VMT as a replacement for automobile delay-based level of service (LOS) as the measure for identifying transportation impacts for land use projects. This statewide mandate went into effect July 1, 2020. To aid in this transition, the Governor's Office of Planning and Research (OPR) released a Technical Advisory on Evaluating Transportation Impacts in CEQA (December of 2018) (**Technical Advisory**) (1). Based on the Technical Advisory, the City of Ontario has developed and adopted their own VMT methodologies and thresholds (Resolution No. 2020-071), which were adopted by City Council in June 2020 (**City Guidelines**) (2). This VMT analysis has been developed based on the adopted City Guidelines.

VMT ANALYSIS

ANALYSIS APPROACH

As noted previously, the Proposed Specific Plan is an amendment to an approved Specific Plan. Therefore, this VMT analysis compares the VMT generated by the Proposed Specific Plan to the Approved Specific Plan.

VMT MODELING

The City Guidelines identifies San Bernardino Traffic Analysis Model (**SBTAM**) as the appropriate tool for conducting VMT analysis for land use projects in the City of Ontario, as it considers interaction between different land uses based on socio-economic data, such as population, households, and employment. The calculation of VMT for land use projects is based on the total number of trips generated and the average trip length of each vehicle. The City of Ontario has recently updated travel demand model also known as The Ontario Plan (**TOP 2050**) model, which is a modified version of SBTAM. Urban Crossroads has obtained the TOP 2050 model from the City of Ontario. The TOP 2050 model is also consistent with the model used to develop the City's VMT impact thresholds described by the City Guidelines. Therefore, the vehicle trips and average daily trip length for the currently Approved Specific Plan and Proposed Specific Plan are model derived from the TOP 2050 model.

PROJECT LAND USE CONVERSION

In order to evaluate VMT, standard land use information must first be converted into a SBTAM compatible dataset. The SBTAM model utilizes socio-economic data (**SED**) (e.g., population, households, employment, etc.) instead of land use information for the purposes of vehicle trip estimation. Project land use information such as dwelling units and building square footage must first be converted to SED for input into SBTAM. Adjustments in SED have been made to the appropriate Project TAZ within the SBTAM model to reflect the Project's proposed land use changes. Table 2 summarizes the SED inputs used to reflect the proposed Project.

TABLE 2: POPULATION & EMPLOYMENT ESTIMATES

	Approved Specific Plan	Proposed Specific Plan
Households	753	1,142
Population	2,643	4,008
Employment	253	253
Service Population	2,896	4,261

MODELING METHODOLOGIES

Origin/Destination VMT Method

Consistent with City Guidelines, project level VMT analysis should evaluate total VMT divided by a project's service population (i.e., population and employment). Total VMT is calculated from SBTAM's Origin/Destination (**OD**) trip matrices and then divided by a project's service population to derive the VMT efficiency metric VMT per service population (**SP**) (i.e., population and employment). The OD method for calculating VMT sums all weekday VMT generated by trips with at least one trip end in the study area (i.e., Project TAZ or City Boundary). The OD method accounts for all trips (i.e., both passenger cars and trucks) and trip purposes (i.e., total VMT) and therefore provides a more complete estimate of VMT.

Boundary VMT Method

City Guidelines also acknowledge that a VMT analysis should also contain an evaluation of a project's effect on VMT, which can be performed using the boundary method of calculating VMT. The boundary method is the sum of all weekday VMT on the roadway network within a designated boundary (i.e., City boundary or other designated geographic area). The boundary method estimates VMT by multiplying vehicle trips on each roadway segment within the boundary by that segment's length. This approach consists of all trips, including those trips that do not begin or end in the designated boundary. Consistent with City Guidelines, the City of Ontario was used as the boundary for this assessment. In addition, as the Project is located near the southern portion of the City of Ontario, an additional assessment of a ten-mile boundary area surrounding the Project site has also been conducted to ensure trips associated with the Project are not omitted.

VMT COMPARISONS AND FINDINGS

Table 3 presents the VMT calculated for both the currently Approved Specific Plan and the Proposed Specific Plan.

TABLE 3: VMT COMPARISON

	Approved Specific Plan	Proposed Specific Plan
Population	2,643	4,008
Employment	253	253
Service Population	2,896	4,261
Total OD VMT	93,811	123,631
OD VMT/SP	32.39	29.01
City Boundary VMT	9,602,250	9,600,169
City Boundary VMT/SP	13.59	13.56
10-Mile Boundary VMT	35,736,771	35,735,624
10-Mile Boundary VMT/SP	22.34	22.32

Origin/Destination VMT Findings

The Proposed Specific Plan includes 389 additional dwelling units as compared to the Approved Specific Plan, which results in additional trips and consequently an increase in Total OD VMT. However, Total OD VMT divided by the Project's SP results in a lower OD VMT/SP for the Proposed Specific Plan as compared to the Approved Specific Plan, which indicates a more efficient land use plan when incorporated with the complementary land uses in the surrounding area as compared to the Approved Specific Plan.

Boundary Method VMT Findings

Boundary VMT is higher under the Proposed Specific Plan conditions in both the City of Ontario boundary and 10-mile radii boundary of the Project location, but similarly to the OD VMT/SP results, the Boundary VMT/SP is lower under the Proposed Specific Plan, which also indicates a more efficient land use plan when incorporated with the complementary land uses in the surrounding area as compared to the Approved Specific Plan.

SUMMARY

The Proposed Specific Plan would increase residential density by 389 dwelling units as compared to the Approved Specific Plan and result in a reduction in VMT per SP as compared to the Approved Specific Plan. As noted in the Handbook for Analyzing Greenhouse Gas Emission Reductions, Assessing Climate Vulnerabilities, and Advancing Health and Equity (CAPCOA, 2021) (3) (**2021 Handbook**) "Increasing residential densities affect the distance people travel and provide greater options for the mode of travel they choose. Increasing residential density results in shorter and fewer trips by single-occupancy vehicles and thus a reduction in GHG emissions."[1] This analysis indicates that the Proposed Specific Plan is more efficient from a VMT perspective as compared to the Approved Specific Plan and results in a less than significant impact.

Re: Water Supply Assessment and Written Verification of Sufficient Water Supply for West Haven Specific Plan Amendment

Dear Mr. Quach,

Pursuant to our agreement and notice to proceed received on March 28, 2022, transmitted herewith is the Water Supply Assessment (WSA) and Written Verification (WV) for the subject project prepared pursuant to Senate Bill 610 and Senate Bill 221.

Sincerely,

SB 610 WATER SUPPLY ASSESSMENT

SECTION 1 - INTRODUCTION

Senate Bill 610 (SB 610) was signed into California state law with an effective date of January 1, 2002. SB 610 amended existing legal requirements for confirmation of water supply sufficiency as a condition of approval for development projects. The confirmation of water supply sufficiency is achieved through an assessment of the water supplier's existing and future water sources, and existing and projected water demand in relation to a "project" as defined by California Water Code (CWC) section 10912, resulting in the production of a project-specific Water Supply Assessment ("WSA" or "Assessment"). Additional analysis is required in the WSA if any portion of the water supply includes groundwater. The WSA is prepared and adopted by the water supplier and included in the California Environmental Quality Act (CEQA) analysis for the project. The CEQA Lead Agency must then independently determine, based on the entire record, whether water supplies will be sufficient to satisfy the demands of the project, in addition to existing and planned future uses (CWC section 10911). The WSA is not a commitment to serve the proposed project.

Law

CWC section 10910:

> *(a) Any city or county that determines that a project, as defined in Section 10912, is subject to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) under Section 21080 of the Public Resources Code shall comply with this part.*

CWC section 10912:

For the purpose of this part, the following terms have the following meanings:

> *(a) "Project" means any of the following:*

(1) A proposed residential development of more than 500 dwelling units.

(2) A proposed shopping center or business establishment employing more than 1,000 persons or having more than 500,000 square feet of floor space.

(3) A proposed commercial office building employing more than 1,000 persons or having more than 250,000 square feet of floor space.

(4) A proposed hotel or motel, or both, having more than 500 rooms.

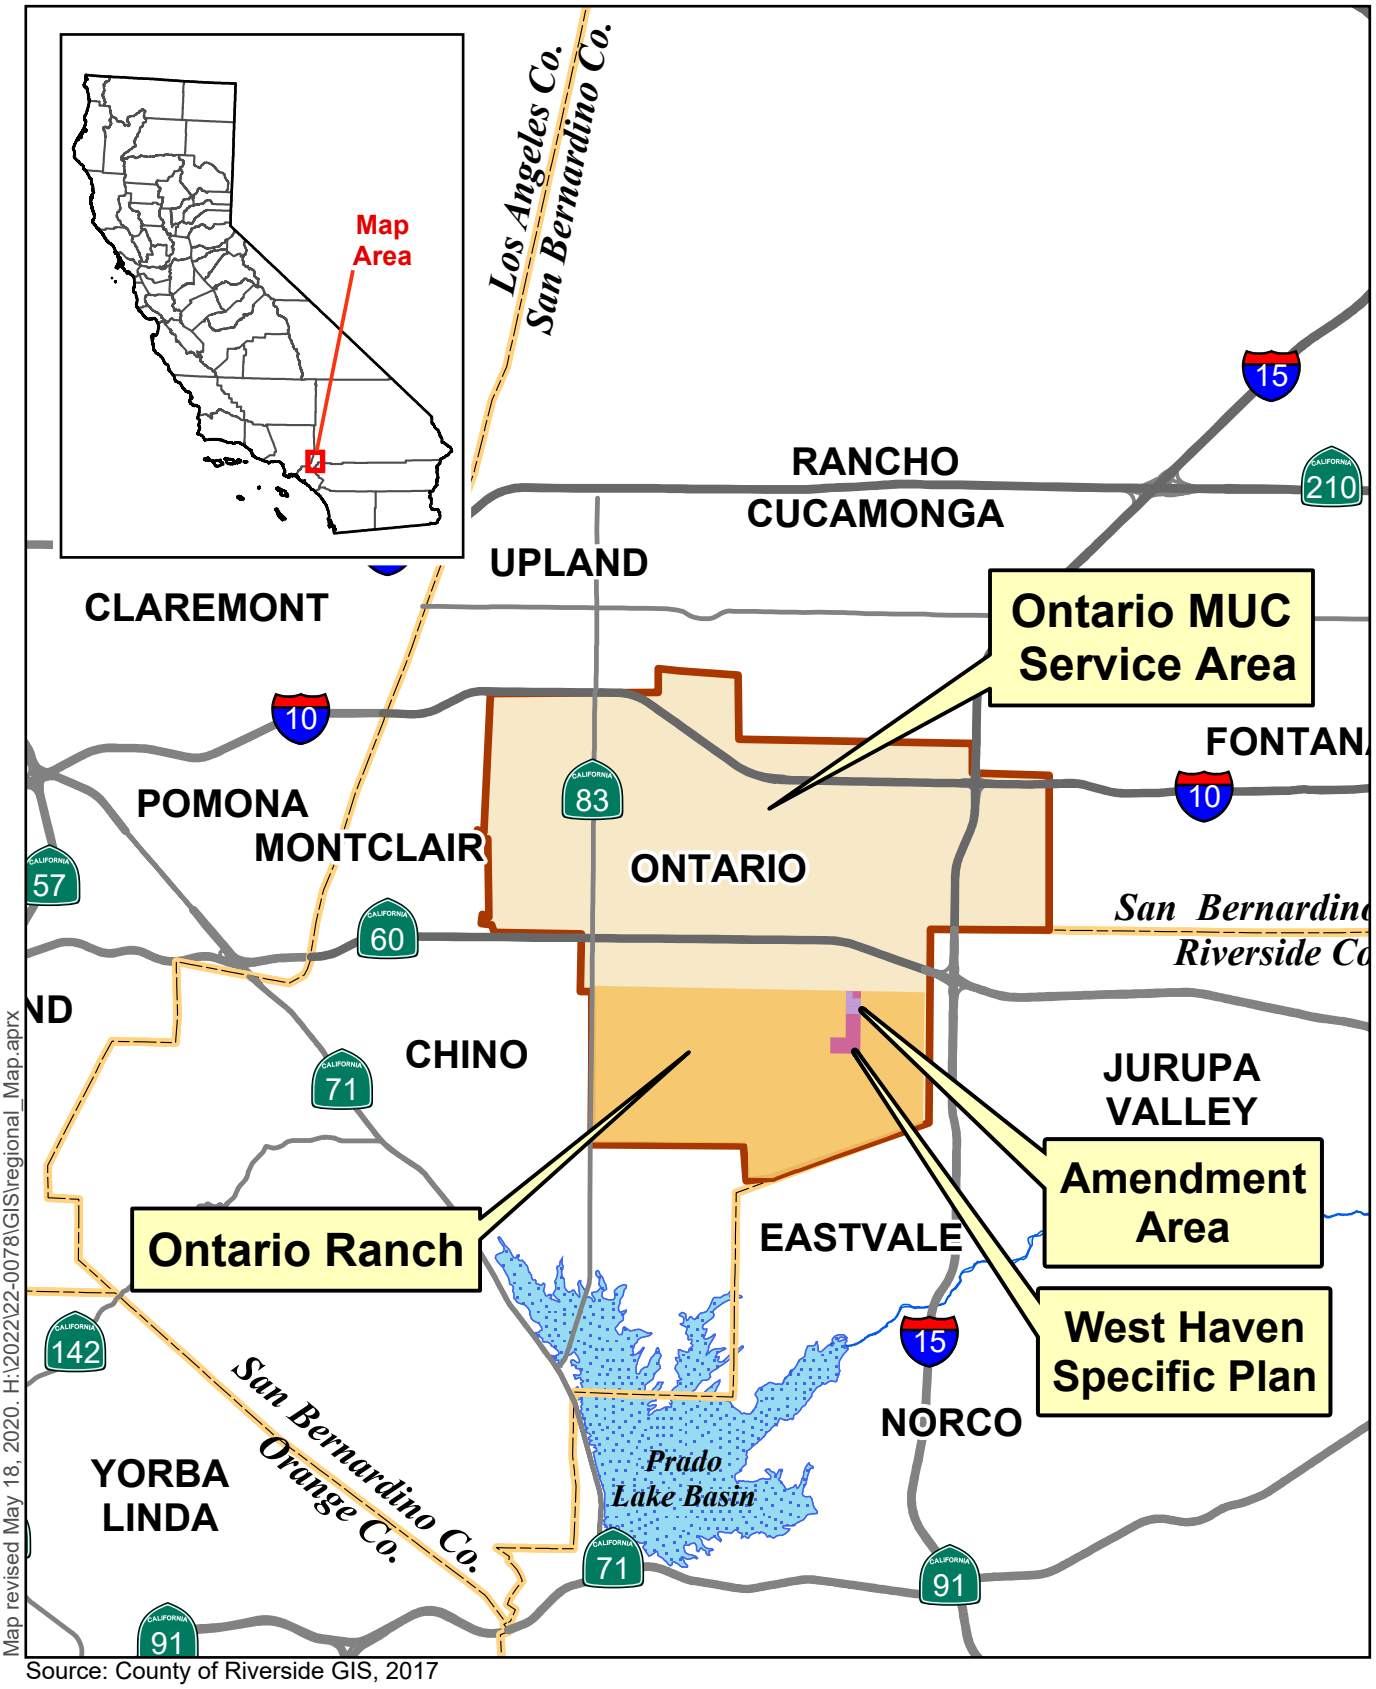
(5) A proposed industrial, manufacturing, or processing plant, or industrial park planned to house more than 1,000 persons, occupying more than 40 acres of land, or having more than 650,000 square feet of floor area.

(6) A mixed-use project that includes one or more of the projects specified in this subdivision.

(7) A project that would demand an amount of water equivalent to, or greater than, the amount of water required by a 500-dwelling unit project.

1.1 Purpose

The Ontario Municipal Utilities Company (OMUC) is a department of the City of Ontario (City) and the water supplier to the City. OMUC commissioned this Assessment from Albert A. Webb Associates (WEBB) on March 28, 2022, to answer the following key question pursuant to SB 610: whether the projected supply for the next 20 years, based on normal, single dry and multiple dry years, will meet the demand projected for the project plus existing and planned future uses, including agricultural and manufacturing uses.



1.2 Background

The West Haven Specific Plan was adopted by Ontario City Council on July 17, 2007. The West Haven Specific Plan is located in the City of Ontario's 8,200-acre Ontario

Ranch (formerly, New Model Colony (NMC)), and located south of the 60 Freeway, east of Turner Avenue, west of Haven Avenue between Riverside Drive to the north and Old Schaefer to the south (see **Figure 1 - Regional Map and Figure 2 – Aerial View**). The approved 2007 West Haven Specific Plan allowed up to 753 dwelling units on 146.9 acres, Neighborhood Center on 11.7 gross acres, an elementary school site on approximately 10 net acres, a five net acre Neighborhood Park and approximately 10 acres of paseos and pocket parks of former dairy and agricultural lands (SPA, p. 1-3).

On June 15, 2021, the City adopted its *2020 Urban Water Management Plan* (UWMP) by Resolution No. 2021-059, a copy of which is located in Appendix A.[1] The City recently prepared updates to its *Water Master Plan* and *Recycled Water Master Plan* in June 2020, which include the current unit water demand factors for potable and recycled water as well as ultimate buildout water demand projections (AKM and Stantec, respectively) .The projected water demands of the 2020 UWMP are based on the City's 2020 master plan updates (pertinent excerpts of the master plans are located in Appendix E and K of the 2020 UWMP). The Specific Plan Land Use Plan that was used in the master plan updates and 2020 UWMP is shown in **Figure 3 – Land Use Plan Used for 2020 UWMP Projections.** Copies of the master plans are located in Appendix B and Appendix C.

[1] The City Council also passed on June 15, 2021, Resolution No. 2021-061 to amend the 2015 UWMP to reflect consistency with the Delta Plan, and Resolution No. 2021-060 to adopt the 2020 Water Shortage Contingency Plan.

1.3 Proposed Project

The City is preparing an amendment to the West Haven Specific Plan to increase the maximum allowable number of dwelling units and densities in two residential Planning Areas (PA): PA 1 and PA 3 ("West Haven Specific Plan Amendment, or "Project'). The Project would increase the number of allowable units by 278 units in PA 1 and the corresponding net density would increase from 6.78 du/acre to 17.68 du/acre (see **Figure 4 – Proposed Land Use Plan**). The total number of allowable units would increase by 111 units in PA 3 and the corresponding net density would increase from 4.86 du/acre to 10.72 du/acre. With these changes, the total number of allowable units in the West Haven Specific Plan would increase from 753 units to 1,142 units (SPA, p. 3-3). For CEQA compliance, the City is preparing an addendum to the City General Plan Environmental Impact Report (EIR); therefore, this Project is considered to be "subject to CEQA" pursuant to CWC section 10910. The Project is considered a "project" under SB 610 pursuant to the following CWC section 10912 definition:

(1) A proposed residential development of more than 500 dwelling units.

As shown in Figure 4, PA 4, PA6, PA 8, and PA 9 have been developed. The Project does not propose any changes to PA 2, PA 5, or PA 7, nor changes to "Other Uses" (i.e., Master Planned Roadways, Neighborhood Edge Buffers SCE & SCG Easements, SCE Fee Owned Parcel, Old Schaefer Road R/W (to be abandoned)).

Planning Areas 1 and 3 are affected by this amendment.

Planning Areas 4, 6, 8, and 9 have been developed.

Planning Areas 2, 5, and 7 are undeveloped and are not changing as part of this amendment.

H:\2022\22-0078\GIS\proposed_LUP\proposed_LUP.aprx Map created 10 May 2022

Exhibit 3-1 West Haven Land Use Plan

NTS

Fig 4 - Proposed Land Use Plan

West Haven Specific Plan Amendment - Water Supply Assessment

ALBERT A. WEBB ASSOCIATES

The Project will have potable and recycled water provided by OMUC. City Ordinance No. 2689 requires all new development to connect to, and use recycled water for all approved uses, including but not limited to landscape irrigation (codified in City Municipal Code Sections 6-8.7 to 6-8.279). As stated in the proposed Specific Plan Amendment, "The West Haven Specific Plan shall comply with City Ordinance 2689 and make use of recycled water for all approved uses, including but not limited to irrigation of parks, schools, street landscaping, recreational trails, HOA maintained on-site common areas, and commercial/ industrial landscaping" (SPA, p. 5-8). In the event recycled water supply is inadequate, potable water will be used in the recycled water system until recycled water service can resume (*ibid*).

1.4 Prior Water Supply Assessment

A WSA and Written Verification of Sufficient Water Supply (WV) dated October 27, 2004, were prepared for the 8,200-acre Ontario Ranch by WEBB on behalf of the City. The 2004 WSA/WV was used for demonstrating water supply sufficiency for the original 2007 West Haven Specific Plan (URS, p. 3-129). Because the Project increases the expected water demand from prior assumptions for two planning areas and proposes some different land uses not previously included in the land use plan, and the City has updated its water use and water supply information since 2004, a new WSA is prepared herein consistent with CWC section 10910(3). This WSA addresses the additional units proposed for PA-1 and PA-3. Per request of OMUC, additional calculations that address the other PA's are included herein.

Law

CWC Section 10910:

> *(h) Notwithstanding any other provision of this part, if a project has been the subject of a water supply assessment that complies with the requirements of this part, no additional water supply assessment shall be required for subsequent projects that were part of a larger project for which a water supply assessment was completed*

and that has complied with the requirements of this part and for which the public water system, or the city or county if either is required to comply with this part pursuant to subdivision (b), has concluded that its water supplies are sufficient to meet the projected water demand associated with the proposed project, in addition to the existing and planned future uses, including, but not limited to, agricultural and industrial uses, unless one or more of the following changes occurs:

(1) Changes in the project that result in a substantial increase in water demand for the project.

(2) Changes in the circumstances or conditions substantially affecting the ability of the public water system, or the city or county if either is required to comply with this part pursuant to subdivision (b), to provide a sufficient supply of water for the project.

(3) Significant new information becomes available which was not known and could not have been known at the time when the assessment was prepared.

1.5 Project Relation to the Urban Water Management Plan

The City of Ontario/OMUC is the water supplier for the Project and has adopted a 2020 UWMP, a copy of which is provided in Appendix A. This WSA will rely on the 2020 UWMP and updated information from OMUC for 2021 data has been added where possible. The assumptions on ultimate (buildout) water demand in the 2020 UWMP for Ontario Ranch were derived from land use-based water demand factors according to the City's 2020 Water Master Plan (AKM). Specifically, all approved Specific Plans and other current planning information were utilized in the 2020 Water Master Plan for the Ontario Ranch area, which includes the West Haven Specific Plan (AKM, p. 4-12). The land use designations that are assumed in the 2020 UWMP water demand projections are based on the approved West Haven Specific Plan land use plan (Figure 3).

As stated in the 2020 Water Master Plan, "For future developments, water unit demand factors were used to estimate future water use. Potable water unit demand factors are generally based on the factors that were developed as a part of a study completed in May 2016 entitled "Ultimate Citywide Water Demand Estimate" (AKM, p. 4-9). Further, "The residential unit demand factors were first developed in terms of gpd/person. Then the maximum densities (people/du and du/ac) were applied to determine the factors in other units. The resulting unit factors in terms of gpd/du and gpd/ac represent the maximum expected demand factors" (*ibid*). Lastly, the unit water demand factors used for the 2020 UWMP, 2020 Water Master Plan, and herein use recent actual projections of residential densities that are more than those included in the TOP (General Plan) at the time the plans were written (*ibid*).

According to the Water Code, if a project's water demand has been accounted for in the water supplier's most recent UWMP, then the WSA may use the UWMP as the source of the information required in the WSA. The determination as to whether the Project's water demand has been accounted for in the most recent UWMP is located in Section 2 – Water Demand Analysis.

Relation of Water Supplier to other Urban Water Management Plans

The City is a member agency of several water suppliers: Inland Empire Utilities Agency (IEUA), Water Facilities Authority (WFA), Chino Basin Desalter Authority (CDA), and San Antonio Water Company (SAWCo). IEUA obtains water from The Metropolitan Water District of Southern California (MWD). In addition, WFA obtains MWD water through IEUA. Each of these water suppliers has adopted individual 2020 UWMPs (copies of said plans are provided in Appendix D through Appendix H). Further, each of these agencies documented coordination with the City for preparation of said UWMP's and included the City's projected water demands into their individual UWMPs (MWD (p. 1-9), IEUA (p. 2-7), SAWCO (p. 4-6), WFA (p. 4-10), and CDA (p. 4-8)).

Law

CWC Section 10910:

> *(c) (1) The city or county, at the time it makes the determination required under Section 21080.1 of the Public Resources Code* [CEQA]*, shall request each public water system identified pursuant to subdivision (b) to determine whether the projected water demand associated with a proposed project was included as part of the most recently adopted urban water management plan adopted pursuant to Part 2.6 (commencing with Section 10610).*
>
> *(2) If the projected water demand associated with the proposed project was accounted for in the most recently adopted urban water management plan, the public water system may incorporate the requested information from the urban water management plan in preparing the elements of the assessment required to comply with subdivisions (d), (e), (f), and (g).*
>
> *(3) If the projected water demand associated with the proposed project was not accounted for in the most recently adopted urban water management plan, or the public water system has no urban water management plan, the water supply assessment for the project shall include a discussion with regard to whether the public water system's total projected water supplies available during normal, single dry, and multiple dry water years during a 20-year projection will meet the projected water demand associated with the proposed project, in addition to the public water system's existing and planned future uses, including agricultural and manufacturing uses.*
>
> *(4) If the city or county is required to comply with this part pursuant to subdivision (b), the water supply assessment for the project shall include a discussion with regard to whether the total projected water supplies, determined to be available by the city or county for the project during normal, single dry, and multiple dry water years during a 20-year projection, will meet the projected water demand associated*

with the proposed project, in addition to existing and planned future uses, including agricultural and manufacturing uses.

1.6 Statewide and Local Water Conservation Efforts

The Ontario City Council adopted Ordinance No. 3027 on September 1, 2015, in response to the statewide Emergency Conservation Regulations mandated at that time by the State Water Resources Control Board. Ordinance 3027 updated the City's Water Conservation Plan that is codified in Chapter 8A, Title 6 of the City's Municipal Code ("Water Conservation Plan").

The City Council adopted its 2020 Water Shortage Contingency Plan in June 2021, which describes the methods to achieve and the implications of reducing water supplies to at least 50 percent (the plan is located in Chapter 8 of the 2020 UWMP). The City and OMUC implement various programs to reduce customer water consumption, including stringent use restrictions, actions, and penalties, as well as public outreach, education, and communication programs. As of April 2022, the City is in Stage 2 of the Water Conservation Plan. Stage 2 addresses a water supply shortage of up to 20 percent (WSCP, p. 8-7) and includes the restrictions activated in Stage 1, which are shown below.

Water Shortage Contingency Plan Levels

Shortage Level	Percent Shortage Range	Shortage Response Actions (*Narrative description*)
1	Up to 10%	Washing of motor vehicles, trailers, boats or other types of mobile equipment shall be done only with a hand-held bucket or a hose equipped with a positive shutoff nozzle for quick rinses, except that washing may be done at the immediate premises of a commercial car wash or with reclaimed wastewater. No person shall sprinkle, water, or irrigate any landscaped or vegetated areas between the hours of 9:00 a.m. and 4:00 p.m.
2	Up to 20%	In addition to Shortage Level 1, operators of hotels and motels must provide the option of choosing not to have towels and linens laundered daily. Irrigation is prohibited during and within 48 hours of rainfall.

Excerpt from 2020 City of Ontario Water Shortage Contingency Plan, p. 8-7.

With the signing of Assembly Bill (AB) 1668 and SB 606, the state has set an Indoor Residential Standard of 55 gallons per capita per day (GPCD) beginning January 1, 2025, which will decrease to 50 GPCD beginning January 1, 2030 (CWC section 10609.4(a)). The per person unit water use factors used by the City in the 2020 UWMP for water demand planning purposes are based on a minimum of 60 gpd/person for high density residential with recycled water, up to 172 gpd/person for rural residential (UWMP, p. 4-10). In regard to landscaping guidelines for the Project, "All landscaping shall meet the City of Ontario Development Standards, Codes and Regulations, unless otherwise specified within the West Haven Specific Plan document." (SPA, p. 8-35).

1.7 Methodology of Analysis

This Assessment follows the DWR *Guidebook for Implementation of Senate Bill 610 and Senate Bill 221 of 2001* (DWR 2003). CWC citations contained herein are current as of January 1, 2022. Section 1 of this Assessment describes the existing and proposed land use designations of the Project site, the proposed Project's relation to a previous WSA and the water supplier's most recent UWMP. Section 2 provides the water demand analysis of the Project; Section 3 reviews the projected water supplies for the Project; Section 4 contains the required discussion of the water supplier's groundwater supplies; and Section 5 concludes the Assessment by answering the primary question at hand.

Remainder of Page Intentionally Left Blank

SECTION 2 - WATER DEMAND ANALYSIS

The purpose of this section is to evaluate whether the proposed Project was considered in the water supplier's planning for water demand. This section will: 1) identify the various water use sectors, 2) identify water demand by those sectors for the next twenty years, and 3) compare the calculated water demand of the proposed Project to the water demand assumed in the most recent UWMP for the same property.

Law

CWC Section 10910:

> *(c)(2) If the projected water demand associated with the proposed project was accounted for in the most recently adopted urban water management plan, the public water system may incorporate the requested information from the urban water management plan in preparing the elements of the assessment required to comply with subdivisions (d), (e), (f), and (g).*
>
> *(3) If the projected water demand associated with the proposed project was not accounted for in the most recently adopted urban water management plan, or the public water system has no urban water management plan, the water supply assessment for the project shall include a discussion with regard to whether the public water system's total projected water supplies available during normal, single dry, and multiple dry water years during a 20-year projection will meet the projected water demand associated with the proposed project, in addition to the public water system's existing and planned future uses, including agricultural and manufacturing uses.*

2.1 Citywide Demographic Factors

A variety of demographic factors may affect water use. The UWMP Act lists several demographic factors to be detailed in UWMP's including climate, current and projected

population, density, and the mix of customer types (CWC sections 10631(e)(1)-(2)). As suggested by DWR, these data are provided herein and are taken generally from City's 2020 UWMP (Appendix A).

Climate

The climate of the City including the Project site can be described as generally mild temperatures and virtually no days below freezing. Summers are dry with average maximum daily temperatures in the high 80s to low 90s. The average annual rainfall is roughly 10.68 inches. (UWMP, p. 3-5)

Population

The City is divided into two distinct areas: Old Model Colony (OMC) and Ontario Ranch, which is where the Project is located. The OMC mostly consists of residential, commercial, and industrial developments including the Ontario Airport. Ontario Ranch is currently in the process of a planned conversion from agriculture to residential, commercial, industrial, and public uses.

The OMUC water service area population as of 2020, including both OMC and Ontario Ranch, is estimated at 178,409 persons (UWMP, p. 3-6). Based on the City General Plan ("TOP") and anticipated development patterns, population at citywide buildout in 2040 is estimated at 362,903 persons as shown in **Table 2-1**, which is an increase of more than 103 percent over 20 years. Most of the anticipated growth will occur through infill, densification in the OMC, and development in Ontario Ranch.

Table 2-1 OMUC Service Area Population Estimates, 2010-2040

Population Served[a]	2010	2015	2020	2025	2030	2035	2040[b]
	163,924	168,777	178,409	232,583	266,339	300,095	362,903

Source: UWMP, p. 3-7.
(a) Does not include the portion of the City that receives water service from Cucamonga Valley Water District.
(b) The City estimates buildout by 2040.

The City has considered certain demographic factors in its water management planning, including special housing needs (e.g., low-income earners, single-parent families, large families, seniors, people with disabilities, and homeless persons) (UWMP, p. 3-7).

2.2 City of Ontario's Current and Future Water Demand

OMUC serves at least 36,514 customer connections as part of its potable and non-potable water distribution systems (UWMP, p. 2-4). OMUC reports on a fiscal year (FY) basis (July 1, 2020 through June 30, 2021) unless required to do otherwise. In FY 20/21, the total potable water demand in the OMUC service area was 33,968 acre-feet (AF) and the recycled water demand was 8,556.74 AF (OMUC(b)). The recorded water demands by customer type for the OMUC water service area are provided in **Table 2-2** (next page).

Table 2-2 Recorded Citywide Water Demand (AFY)

Customer Type	2005[a]		2010[a]		2015[b]		FY 19/20[d]		2021[e]	
	Volume	No. of Connections	Volume	No. of Connections	Volume	No. of Connections[c]	Volume	No. of Connections	Volume	No. of Connections
Single-Family Residential	16,421	28,932	13,253	29,473	10,941	26,838	12,502	31,626	12,883.96	31,626
Multi-Family Residential	6,147	2,244	5,425	2,069	4,839	1,968-	5,068	2,164	4,968.58	2,164
Commercial	8,369	3,095	6,692	3,285	6,584	3,201-	5,359	3,255	5,150.44	3,255

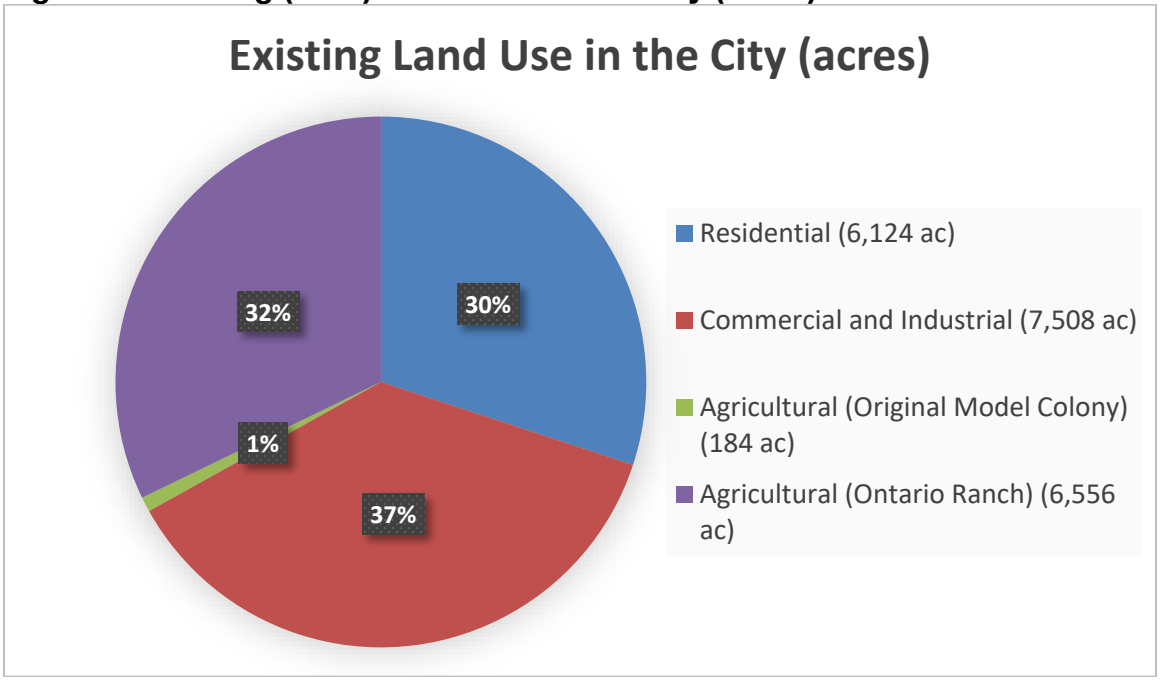
(d) 2020 UWMP, pp. 4-3 and 4-5.
(e) OMUC 2020 Annual Report to Division of Drinking Water, which is reported on Calendar Year basis. Recycled water from (OMUC(b)).

The projected citywide water demands from 2025 to 2045 are shown in **Table 2-3** (next page), which are based on the same proportions of use by sector as those observed in FY 19/20 (UWMP, p. 4-3).

Table 2-3 Future Citywide Water Demand (AFY)

Customer Type	2025	2030	2035	2040	2045
Single Family Residential	15,723	17,540	19,109	22,431	22,431
Multifamily Residential	6,374	7,110	7,746	9,093	9,093
Commercial	6,740	7,519	8,191	9,615	9,615
Industrial	2,613	2,915	3,176	3,728	3,728
Institutional / Governmental	677	755	822	965	965
Landscape	5,824	6,497	7,078	8,309	8,309
Losses	1,968	2,196	2,392	2,808	2,808
Other	463	5156	562	660	660
Subtotal Potable Demand[(a)]	40,382	45,048	49,076	57,609	57,609
Recycled Water Demand[(b)]	12,168	13,465	14,762	16,059	16,059
Total Water Demand	52,550	58,513	63,838	73,668	73,668

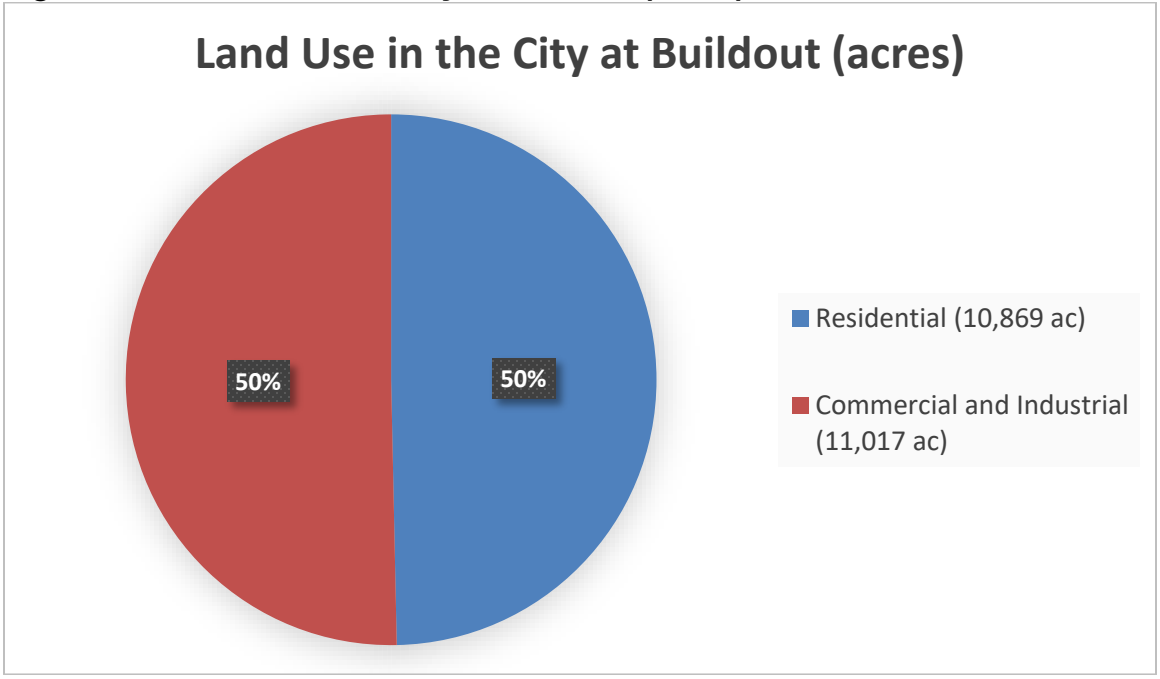
Notes: AFY = acre-feet per year; Does not include areas within the City that are not served by OMUC. Buildout assumed for 2040.



(a) 2020 UWMP, p. 4-4.

(b) 2020 UWMP, p. 4-5. Agricultural water demands are included in recycled water retail demands.

Water use patterns change during dry years. The expected changes to water demand and water supply during dry years are provided in Section 3 – Water Supply Analysis.



The City's 2020 UWMP and 2020 Water Master Plan assume the same trend in future land use changes within the City. Namely, the City land uses are currently a nearly-equal balance of residential, commercial / industrial, and agricultural as shown in **Figure 5**. However, agricultural use is projected to be completely replaced with residential, commercial, and industrial by buildout (2040) as shown in **Figure 6**.

Figure 5– Existing (2017) Land Uses in the City (acres)

Source: 2020 UWMP, p. 3-8.

Figure 6– Land Use in the City at Buildout (acres)

Source: 2020 UWMP, p. 3-8.

2.3 Project Site Land Use Assumed in the UWMP

The City's 2020 Water Master Plan and 2020 UWMP used the approved land use plans for each Specific Plan, including West Haven, to calculate projected water demands. Where there was no approved land use plan, the current (current as of May 2017) General Plan land use plan was used (AKM 2020). These assumptions can be found in a spreadsheet and exhibits in Appendix 4-1 of the 2020 Water Master Plan and the land use plan reproduced on Figure 3, herein. Using the City's current unit water demand factors, the estimated potable and recycled water demands for the Project PA's and the rest of the Specific Plan that was accounted for in the 2020 UWMP is shown in **Table 2-4**. Refer to **Spreadsheet 1** at the end of the report for calculations.

Table 2-4 Water Demand of the Project Site Land Use Assumed in the UWMP

West Haven Specific Plan Planning Area[a]	Potable Water Demand (AFY)[b]	Recycled Water Demand (AFY)[c]	Total Water Demand (AFY)
PA 1 (173 units)	70	22	92
PA 3 (92 units)	39	14	53
Subtotal	109	36	145
All of the other planning areas	263	150	413
Total	372	186	558

Notes: AFY = acre feet per year. Refer to Spreadsheet 1.

(a) Based on the land use designations, acreages, and dwelling unit counts in Appendix 4-1 of the 2020 Water Master Plan Update (AKM, 2020) for Project planning areas 1 and 3, which total 173 at Low Medium Density Residential and 92 units at Low Density Residential, respectively.

(b) Potable unit water demand factors from AKM 2020, p. 4-10.

(c) Recycled water demand factors from Stantec 2020, p. 5.26.

2.4 Proposed Project Water Demand

The potable and recycled water demands of the proposed Project as shown in Figure 4 using the City's current unit water demand factors for potable and recycled water is detailed in **Spreadsheet 2** and summarized in **Table 2-5**.

Table 2-5 Proposed Project Water Demand

West Haven Specific Plan Planning Area	Potable Water Demand (AFY)	Recycled Water Demand (AFY)	Total Water Demand (AFY)
PA-1 Additional Units[(a)] (278 units)	66	2	67
PA-3 Additional Units[(a)] (111 units)	43	2	45
Subtotal	109	4	113
PA-1 and PA-3 approved units and all of the other planning areas	368	186	554
Total	477	190	667

Notes: AFY = acre feet per year. Refer to Figure 4 and Spreadsheet 2.
(a) The subtotal water demand shown here represents only the additional potential units created by the Project (278 units at Medium Density Residential and 111 units at Low Medium Density Residential, respectively).

The following assumptions were made to estimate water demand for the Project:

- Potable water demand was calculated on a per-dwelling-unit basis.
- Recycled water demand was calculated on a per-gross-acre basis, to be consistent with the master plans which used gross acres for the Specific Plans.
- The potable and recycled water demands of just the additional units were calculated as the difference between the proposed total number of dwelling units and the approved dwelling units. The unit water demand factors changed to match the corresponding land use designations based on maximum densities for each PA. The gross acreages did not change.
- **Spreadsheet 3** calculates the potable and recycled water demands of the entire Specific Plan including the approved units and proposed additional units of the Project.
- **Spreadsheet 4** calculates the potable and recycled water demands of the Specific Plan as currently approved, before the proposed Project.

Conclusion

The estimated total water demand for the Project site that was assumed in the 2020 UWMP is approximately 145 AFY (Table 2-4). The additional total water demand for the proposed Project's additional units is 113 AFY (Table 2-5). Because the City's water demand projections in the 2020 UWMP were based on a lower development density for the same piece of land than that which is proposed by the Project, it can be deduced that the water demand for the proposed Project's additional units was not accounted for in the most recently adopted 2020 UWMP.

Remainder of Page Intentionally Left Blank

SECTION 3 - WATER SUPPLY ANALYSIS

This section identifies the sources of potable water utilized and available to the water supplier of the proposed Project. The purpose of this section is to evaluate the water supplies that could be utilized by the proposed Project during normal, single-dry, and multiple-dry water years during a 20-year projection.

OMUC is the water supplier to the City and the proposed Project. OMUC has the following sources of water supply: City wells in the Chino Groundwater Basin; treated groundwater from the Chino Desalter Authority (CDA); recycled water from Inland Empire Utilities Agency (IEUA); purchased water from San Antonio Water Company (SAWCo); and imported wholesale water from the Water Facilities Authority (WFA).

Law

CWC Section 10910(d)(1)*:*

> *The assessment required by this section shall include an identification of any existing water supply entitlements, water rights, or water service contracts relevant to the identified water supply for the proposed project, and a description of quantities of water received in prior years by the public water system, or the city or county if either is required to comply with this part pursuant to subdivision (b), under the existing water supply entitlements, water rights, or water service contracts.*
>
> *(2) An identification of existing water supply entitlements, water rights, or water service contracts held by the public water system, or the city or county if either is required to comply with this part pursuant to subdivision (b), shall be demonstrated by providing information related to all of the following:*
>
> *(A) Written contracts or other proof of entitlement to an identified water supply.*
>
> *(B) Copies of a capital outlay program for financing the delivery of a water supply that has been adopted by the public water system.*

(C) Federal, state, and local permits for construction of necessary infrastructure associated with delivering the water supply.

(D) Any necessary regulatory approvals that are required in order to be able to convey or deliver the water supply.

3.1. Documenting Wholesale Water Supplies

Many retail water suppliers in California, including OMUC, receive supplies from one or more water wholesalers. SB 610 requires the WSA to document wholesale supplies received by: 1) describing the quantities of water received from each wholesaler in prior years; 2) identifying existing entitlements, water rights, and/or water service contracts held by the City for the wholesale supply; 3) provide proof of entitlements, water rights, service contracts, relevant capital outlay programs, and construction permits for necessary infrastructure to deliver wholesale supplies, if any; and 4) regulatory approvals required to convey or deliver the wholesale supply.

Wholesale Supplies Received

OMUC receives wholesale water from the WFA who purchases untreated imported water from IEUA, who in turn obtains it from The Metropolitan Water District of Southern California (MWD). WFA and IEUA are both wholesale water suppliers and IEUA is a member agency of MWD. MWD is a wholesaler and contractor for State Water Project water imported from northern California. State Water Project water is available as stipulated by DWR in response to the hydrology and environmental regulations that can change available supply.[2] Therefore, imported water supplies to southern California can be highly variable; in January 2014 for example, the allocation of State Water Project water to all contractors was temporarily reduced to 0 percent due to persistent drought conditions. Nonetheless, MWD has projected in its 2020 UWMP, 100 percent water supply reliability over the next 20 years (2025-2045) during average, single-dry, and multiple-dry years (MWD UWMP, pp. ES-6 and ES-7).

[2] DWR, *State Water Project Delivery Capability Report*, published every 2 years, as well as "Notice to State Water Project Contractors" issued as often as needed.

The amount of imported water purchased by IEUA from MWD is limited by a purchase order agreement that allows IEUA to purchase up to 93,283 acre-feet per year (AFY) at its lowest rate (Tier I) through Dec. 31, 2024 (IEUA Resolution no. 2014-12-1 located in Appendix I). The purchase order agreement includes an annual minimum purchase commitment of 39,835 AFY, which is slightly less than the minimum operational need of the region's water treatment facilities (i.e., 40,000 AFY; WFA's Agua de Lajos Treatment Plan (81 mgd capacity), Fontana Water Company's Sandhill Surface Water Treatment Plant 29 mgd capacity), CVWD's Lloyd W. Michael Water Treatment Plant (60 mgd capacity, and CVWD's Royer-Nesbit Water Treatment Plant (11 mgd capacity)) (IEUA 2016 IWRP, p. 36). Resolution 2014-12-1 also establishes how much water WFA, Cucamonga Valley Water District, and Fontana Water Company may purchase from IEUA, up to 69,572 AFY (IEUA 2020 UWMP, p. 2-6).

The WFA was formed in 1980 as a Joint Powers Authority by the cities of Chino, Chino Hills, Ontario, Upland, and the Monte Vista Water District in order to construct and operate water treatment facilities for providing supplemental potable water to the member agencies. In 1985, the City established an agreement to purchase capacity in the WFA water treatment plant; a copy of which is located in Appendix J. Then, in 1988 the WFA finished construction of the Agua de Lejos Water Treatment Plant (WTP) in Upland to treat the imported water from IEUA and MWD to meet drinking water standards.

Currently, the Agua de Lejos WTP has the capacity to treat and disinfect 81 million gallons per day (mgd). Recorded flows through the Agua de Lejos WTP have ranged from 40 to 50 mgd during the peak summer months and can be as low as 9-12 mgd during winter months (http://www.wfajpa.org/#Facilities). As documented in WFA Ordinance No. 99-07-02 (located in Appendix K), the City owns 31.4 percent of the plant capacity of the Agua de Lejos WTP. As of 2020, that proportion is equivalent to approximately 25 mgd (28,004 AFY) (AKM 2020, p. 3-2). OMUC can purchase up to 9,915 AFY (8.9 mgd) of imported supply through WFA at Tier 1 rates. Beyond that amount, OMUC could continue to purchase at Tier 2 rates. As of FY 20/21, OMUC

purchased 5,851 AF (5.22 mgd) of wholesale water from the WFA (OMUC(a)). The actual and projected wholesale water supplies that are projected to be available to WFA through 2045 are shown in **Table 3-1**.

Table 3-1 Wholesale Water Supplies Available to WFA (AFY)

Wholesale Water	2015[a]	2020[b]	2025	2030	2035	2040	2045
	Actual		Projected[b]				
WFA (potable)	14,864	25,492	30,651	31,997	33,435	34,829	36,280

Note: WFA = Water Facilities Authority; AFY = acre feet per year.
(a) Data for 2015 Actual from *IEUA and WFA 2015 UWMP*, pp. 3-9 – 3-10.
(b) Data for 2020 Actual and 2025 through 2045 Projected from *WFA 2020 UWMP* (p. 6-18, (Appendix F)).

To reduce dependence on imported water supplies, OMUC joined the "Dry Year Yield Storage Program," which is described below.

Dry Year Yield Storage Program

The Dry Year Yield (DYY) storage program is a cooperative Conjunctive Use Program Agreement between MWD, IEUA, Chino Basin Watermaster, Three Valleys Municipal Water District, and the Chino Basin groundwater producers (Agreement No. 49960 [DYY 2014]). Under the DYY Program, MWD can store up to 100,000 AFY of water in the Chino Groundwater Basin during wet years when surplus water is available, and to reduce imported water deliveries up to 33,000 AFY in dry, drought, or emergency periods, but not to exceed the amount of water in the MWD storage account (OMUC 2020 UWMP, p. 6-18).

The City executed an agreement with IEUA to participate in the DYY program in 2003. The DYY Agreement was amended in September 2014 to clarify storage measurement and extraction from the MWD storage account, define baseline conditions in calculations of performance targets, define procedures for variances in performance targets, revise administrative milestones, and make miscellaneous updates (refer herein to for original agreement and amendments). The 2014 DYY amendments also

provided for a minimum imported water delivery of 40,000 AFY during "call" years, establishing minimum needs for direct deliveries from MWD. As of June 30, 2020, the storage balance in the DYY account is 45,961 AF (OMUC 2020 UWMP, p. 6-18).

Participation in the DYY program obligates OMUC to reduce its use of imported water from WFA by a fixed amount, known as the "shift obligation" when MWD makes a "call" for their water stored in the Chino Basin. OMUC's shift obligation is 8,076 AFY, which is the amount OMUC purchases from WFA during a baseline year (OMUC 2020 UWMP, p. 6-33). OMUC purchases an additional 2,000 AFY from WFA that is then sold to neighboring water supplier Jurupa Community Services District (JCSD) who does not have an imported water connection. In 2014, JCSD entered into an agreement with the City to participate in the DYY program (a copy of which is located in Appendix L). During years when MWD makes a "call" for the water in their storage account, OMUC will decrease its purchase of WFA imported water by a combined total of 10,076 AF (8,076 AF plus 2,000 AF) compared to the previous year. To meet its obligation in the DYY program during a "call" year, JCSD will deliver 2,000 AF to OMUC from the Chino Basin Desalter Authority (CDA).[3]

DYY funds from DWR local assistance grants were used for the construction of three OMUC groundwater wells (Wells 45, 46, and 47) and an ion-exchange facility located at John Galvin Park to treat water extracted from Wells 44 and 52. When MWD makes a "call" for its stored water, OMUC can operate these facilities to meet its shift obligation. MWD will then pay for the cost of operations and OMUC would pay MWD (through IEUA) the full-service water rate. OMUC can use the DYY facilities to meet its normal water demands during other periods, but OMUC is responsible for the well operation and maintenance costs (OMUC 2020 UWMP, p. 6-33).

[3] Assuming JCSD's imported water baseline is 2,000 AFY (JCSD 2014).

The additional groundwater capacity provided by this program allows OMUC to increase the percentage supply used to meet peak demands and allow OMUC to be less reliant upon imported water supplies (OMUC 2020 UWMP, p. 6-33).

3.2. Documenting Water Supplies

As of the 2020 UWMP, approximately 46 percent of OMUC's water supply came from groundwater, 34 percent from imported water, and 20 percent of supply was recycled water (OMUC 2020 UWMP, p. 6-37).

The recorded water supplies available to OMUC from 2000 to FY 20/21 are provided in **Table 3-2** (next page) and the projected water supplies available to OMUC from 2025-2045 are provided in **Table 3-3.** In addition, each water supply source is identified as a water supply entitlement, water right, or water service contract per SB 610 guidance. Appropriative rights to groundwater are discussed in Chapter 4 – Groundwater Analysis.

Total Supply	52,550	58,513	63,838	73,668	73,668	--	--

Note: AFY = acre feet per year; FY = fiscal year; mgd = million gallons per day.
Source: OMUC 2020 UWMP, Table 6-9, p. 6-38.
(a) According to SAWCo's 2020 UWMP, the estimated projected annual water demands for OMUC for 2025 through 2045 is 601 AFY.

OMUC anticipates increasing its total water supply by pursuing: 1) full utilization of OMUC's groundwater rights in the Chino Basin allowed under the Chino Basin Groundwater Adjudication Judgment (including increased groundwater recharge with stormwater and recycled water described in Section 4); 2) expanding use of recycled water; and 3) expanding use of desalter water (OMUC 2020 UWMP, p. 6-38).

Water Supply Capacities

The capacity of each source of supply available to OMUC is provided in the 2020 Ontario Water Master Plan (AKM 2020), which is provided in Appendix B. The capacity of the supply system refers to the maximum production rate based on the pumps and infrastructure. For example, the capacity of groundwater wells refers to a pumping rate based on running the pumps at full utilization, 24-hours a day, 7 days a week. Although this maximum rate of pumping is assumed in terms of comparing capacities, pumps are rarely used at more than two-thirds capacity. Knowing the system capacity is

important to ensure OMUC can meet all demands imposed upon the system, specifically meeting "average day demand" and "maximum day demand." Demand can be met with multiple supply sources, storage, or a combination of both. OMUC's reservoirs are not discussed in this Assessment, however, according to the master plan they are used to regulate hourly fluctuations in demand, provide fire flow, and supplement supply during an extended outage of a source (AKM 2020, p. 7-3).

According to the 2020 Water Master Plan, OMUC is required to meet the following water supply criterion from the California Code of Regulations Related to Drinking Water: "a minimum source of supply equal of one maximum day demand of the service area (AKM 2020, p. 10-1). Further, OMUC has set a design criterion in its 2020 Water Master Plan that "requires a source of supply equal to one average day demand (19,280 gpm) from local sources" (AKM 2020, p. 10-1). As the land uses and population changes in OMUC service area, so does the average and maximum day demands. The existing (2020) maximum capacities of existing sources of supply available to OMUC are provided in **Table 3-4**.

Table 3-4 Existing (2020) Supply Capacities

Source	AFY	mgd	gpm
Existing Wells[(a)]	62,269	55.6	38,604
WFA at Aqua de Lejos WTP	17,259	15.4	10,700
CDA from Chino I & II Desalter	8,533	7.62	5,290
Total Existing Capacity[(a)]	88,061	78.62	54,594

Note: AFY = acre-feet per year; mgd = million gallons per day; gpm = gallons per minute.

Source: Table 10-2 of AKM 2020 (Appendix B). OMUC confirmed for this Assessment that as of 5/2/2022, these capacities have not changed.

(a) Assuming wells operate 24 hours per day for 365 days per year.

The maximum capacities of the 'ultimate' sources of supply available to OMUC according to the City's 2020 Water Master Plan, are provided in **Table 3-5**.

Table 3-5 Ultimate Supply Capacities

Source	AFY	mgd	gpm
Existing Wells	62,269	55.6	38,604
Future Wells	48,068	42.9	29,800
Subtotal[(a)]	110,337	99	68,404
WFA at Aqua de Lejos WTP	17,259	15.4	10,700
CDA from Chino I & II Desalter	5,833	7.62	5,291
Total	133,426	121.52	84,395

Note: AFY = acre-feet per year; mgd = million gallons per day; gpm = gallons per minute.
Source: Table 12-2 of AKM, 2020 (Appendix B).
(a) Assuming wells operate 24 hours per day for 365 days per year.

As described in the 2020 Ontario Water Master Plan, the combined ultimate capacity of existing and future wells is approximately 68,404 gpm (Table 3-5), which is about 192% of the future average day demand (35,716 gpm) and therefore meets the City and state supply criterion for average day demand coming from local sources (p. 12-1). OMUC confirmed for this Assessment that the capacities shown in Tables 3-4 and 3-5 have not changed since the 2020 Water Master Plan.

In addition, the ultimate supply capacity is equivalent to 84,395 gpm, which is about 154% of the City's future maximum day demand (54,778 gpm); therefore, the City is capable of providing the full projected maximum day demand (AKM 2020, p. 12-1). However, under ultimate conditions the supply capacity will require additional future wells, as shown in Table 3-5 to meet the water supply criterion for maximum day demand.

3.3. Descriptions of All Water Supply Projects

City Well Production

OMUC currently owns 17 active groundwater wells in the Chino Basin (AKM 2020, p. 6-1). The Chino Basin is one of the largest groundwater basins in southern California,

with an estimated 5 million AF,[4] with another 1 million AF in additional storage capacity. OMUC is planning seven new wells in the 925 Pressure Zone serving Ontario Ranch with a combined additional supply capacity of 48,068 AFY (Table 3-5) (AKM 2020, p. 12-1).

In FY 20/21, OMUC pumped 17,171.1 AF from the Chino Basin (CBWM 2021, p. 9.1). OMUC's existing (2020) well capacity is approximately 62,269 AFY (Table 3-4).[5] The recorded extractions from OMUC wells between 2016 and 2021 are shown in **Table 3-6.**

Table 3-6 Recorded Groundwater Production, 2016-2021 (AFY)

Supply	2016	2017	2018	2019	2020	2021[(a)]
City wells in Chino Basin	22,751	24,672	26,109	19,604	18,395	17,171.1

Note: AFY = acre feet per year. Data shown are Fiscal Years.
Source: OMUC 2020 UWMP, p. 6-19, Table 6-1 (Appendix A).
(a) CBWM 2021, p. 9.1.

As of 2020, approximately 46 percent of OMUC water supply came from groundwater pumped by OMUC wells in the Chino Basin. OMUC strives to maximize local water supplies and minimize the need for imported water from other regions (OMUC 2020 UWMP, p. 1-5). A thorough description of the City's groundwater rights pursuant to SB 610 guidance is provided in Section 4 – Groundwater Analysis.

Chino Basin Desalter Authority (CDA) Groundwater Production

OMUC is a member of the CDA, a joint exercise of powers agency created on September 25, 2001, along with JCSD, Santa Ana River Water Company, IEUA and the

[4] The *2020 Safe Yield Recalculation Final Report* (May 15, 2020) indicates the estimated total volume of water in storage was 12.6 million AF in July 2018 (WEI 2020, p. 6-15).
[5] Assuming wells operate 24 hours per day for 365 days per year.

cities of Chino, Chino Hills, and Norco. Western Municipal Water District joined CDA on April 2, 2009. The goals of the CDA are:

- Achieve hydraulic control of the Chino Basin to prevent contaminated Chino Basin groundwater from entering Santa Ana River;
- Remove contamination (primarily nitrates, as well as TCE, PCE, and TCP) from groundwater in the southern portion of the Chino Basin; and
- Deliver the treated water to member agencies to offset the need for imported water.

CDA provides high-quality drinking water to CDA members through "take or pay" contracts. CDA operates 30 wells and two desalters (salt removers) that treated approximately 35,003 AF of Chino Basin groundwater in 2020 (CDA 2020 UWMP, p. 6-27). In the future, "CDA will pump up to 40,000 AFY of contaminated groundwater from the Chino Basin for water quality management purposes, groundwater cleanup, and hydraulic control required by the Regional Water Quality Control Board. CDA will provide up to 35,200 AFY of treated water to its member agencies" (CDA 2020 UWMP, p. 6-27).

The Chino I Desalter, located at 6905 Kimball Avenue in Chino, was completed in 2000 and expanded in August 2005 to its current rated capacity of 14.2 mgd (CDA 2020 UWMP p. 6-8). However, the Chino I Desalter cannot provide this rated capacity due to the high total dissolved solids (TDS) in the raw groundwater supply. The Chino II Desalter was completed in 2006 and is located at 11202 Harrel Street in the City of Jurupa Valley. The current rated capacity of Chino II Desalter is 33 mgd (CDA 2020 UWMP, p. 6-8).

Although Chino Desalter I capacity will not be increased, additional raw water capacity is provided by five new CDA wells in the Chino Creek Well Field. All five wells have been drilled and equipped.

According to the 2020 UWMP, in FY 19/20 OMUC purchased approximately 6,636 AF from CDA. OMUC purchased approximately 7,337 AF from CDA in FY 20/21 (Table 3-2). As shown in Table 3-3, the water supply from CDA to OMUC is projected to stabilize at 8,533 AFY by 2025, which would be roughly 16 percent of the total water supply portfolio for OMUC in 2025. The City's capacity rights to CDA are described in Section 4 – Groundwater Analysis.

Inland Empire Utilities Agency (IEUA) Recycled Water Supply

OMUC purchases recycled water supplies from IEUA, which treats the City's wastewater at its four regional wastewater reclamation plants. IEUA provides wastewater treatment services to seven Contracting Agencies, including the City of Ontario. OMUC has been using recycled water produced by IEUA since 1972. Currently, recycled water is used in the City for agricultural irrigation, landscape irrigation, golf course irrigation and industrial purposes.

"Pursuant to the Chino Basin Regional Sewage Service Contract, each Contracting Agency has the right of first purchase of their Base Entitlement. Base Entitlement is defined as the total quantity of sewage delivered into the Regional Sewerage System by the Contracting Agency less normal processing losses resulting from the treatment of sewage" (OMUC 2020 UWMP, p. 6-21). In FY 19/20, this amount was 12,645 AF (OMUC 2020 UWMP, p. 6-24) and in FY 20/21 this amount was 12,854 AF (OMUC(a)). In FY 19/20, 7,812 AF of recycled water was purchased by OMUC for direct use (Table 3-2) and then 8,556.74 AF in FY 20/21 (OMUC(b)). This represents about 67 percent utilization of recycled water supply available to OMUC in FY 20/21, which is an increase from roughly 62 percent utilization in FY 19/20. Recorded and projected supplies of recycled water available to OMUC are listed in **Table 3-7**.

Table 3-7 Recorded and Future Recycled Water Supply (AFY)

Beneficial Use Type	2020	2025	2030	2035	2040	2045
Agricultural irrigation	2,905	1,704	1,136	568	0	0
Landscape irrigation	3,290	7,088	8,612	10,136	11,659	11,659
Golf course irrigation	631	660	680	700	720	720
Industrial use	986	2,716	3,037	3,358	3,680	3,680
Total	7,812	12,168	13,465	14,762	16,059	16,059

Note: AFY = acre feet per year

Source: OMUC 2020 UWMP, p. 6-28 (Appendix A). Ontario reports in Fiscal Years. Buildout estimated for 2040.

Over the next 20 years, landscape irrigation is projected to have the greatest increase in demand for recycled water followed by industrial use within the OMUC service area. Agricultural properties are expected to convert to more urban land uses, while supplies to golf courses are expected to remain relatively stable. (OMUC 2020 UWMP, p. 6-28).

IEUA has prepared recycled water studies, plans, and strategy documents to bring a regional recycled water delivery system to fruition. OMUC updated their Recycled Water Master Plan in 2020 (located in Appendix C) to fully coordinate with IEUA's recycled water planning efforts.

San Antonio Water Company (SAWCo) Potable Water Supply

SAWCo is a mutual water company and corporation located in Upland. SAWCo has provided water service to its active shareholders for over 135 years. Although SAWCo does not technically meet the threshold as a retailer or wholesale water agency that needs to prepare an UWMP, they have done so nonetheless in 2020.

SAWCo supplies water based on entitlement only, which is based on the number of shares held. The number of shares is finite and considered a commodity that can be divided or sold. The "entire water of the company" and the current entitlement for

2020 is equivalent to 12,570 AFY, which distributed among the 6,178 shares. The volume per share is subject to change (OMUC 2020 UWMP, p. 6-8).

The City owns 295 shares of SAWCo, which equates to a current entitlement of 600 AFY of potable water to OMUC (OMUC 2020 UWMP, p. 6-8). In FY 19/20, OMUC received an actual volume of 600 AF (Table 3-2). In FY 20/21, OMUC received 500 AF from SAWCo (OMUC(a) 2022). OMUC has forecasted that future available supplies will be 600 AFY from 2025 to 2045 (Table 3-3). The City receives water from SAWCo indirectly through a connection made in 2015 from SAWCo to the WFA.

SAWCo water supplies are a mixture of potable and non-potable water from San Antonio Creek, the San Antonio Tunnel and three groundwater basins: Chino Basin, Cucamonga Basin and Six Basins (OMUC 2020 UWMP, p. 6-9). No new sources of supply are anticipated to be developed by SAWCo over the planning horizon. Actual supply available to SAWCo in 2020 totaled 2,584 AF of potable supply and 13,762 AF of non-potable supply. In their 2020 UWMP, SAWCo estimates for 2025 and 2030 that total reasonably available supplies will be 15,260 AFY (SAWCo 2020 UWMP, p. 5-10).

In terms of future reliability, SAWCo has stated the following in its 2020 UWMP (p. 6-4): "SAWCo expects to meet demands under all water year scenarios with existing supply sources." In addition, SAWCo has future transfer and exchange projects planned to mutually benefit certain shareholders during an emergency, including OMUC. SAWCo is currently constructing several projects to increase storage and capture all raw water released through the Frankish Tunnel. Both projects are anticipated to be completed in early 2021 (SAWCo 2020 UWMP, p. 5-7).

3.4 Documenting Normal Year Water Supply and Demand

OMUC has assumed in its 2020 UWMP that customer water demand and available water supply are equal during "normal" precipitation years. The normal year water supplies available to OMUC, as well as the normal year water demand projections are compared in **Table 3-8,** which are based on the City's 2020 Water Use Target of 196

GPCD for potable water demands (OMUC 2020 UWMP, p. 7-9). OMUC has estimated that sufficient supply will be available during any normal year occurring between 2025 and 2045.

Table 3-8 OMUC Projected Normal Year Supply and Demand (AFY)

	2025	2030	2035	2040	2045
Supply	52,550	58,513	63,838	73,668	73,668
Demand	52,550	58,513	63,838	73,668	73,668
Difference	0	0	0	0	0

Note: AFY = acre feet per year
From OMUC 2020 UWMP, p. 7-10 (Appendix A).

3.5 Documenting Dry Year Water Supply and Demand

The following assumptions are made in OMUC's 2020 UWMP to estimate future water supplies and demands during a single dry year:

- *The ratio of total water supplies (including potable and recycled water supplies) available to the City during a historical normal year in FY 19/20 (39,921 AF) and during a historical single dry year in FY 17/18 (43,346 AF) were used to estimate the City's projected water demands during single dry years (p. 7-9).*
- *Water losses have been included in the potable water demands as 7 percent of the annual demand.*

OMUC has determined that the water demands during single dry years over the next 25 years will be met, as shown in **Table 3-9**.

Table 3-9 OMUC Projected Single Dry Year Supply and Demand (AFY)

	2025	2030	2035	2040	2045
Supply	57,058	63,534	68,847	79,989	79,989
Demand	57,058	63,534	68,847	79,989	79,989
Difference	0	0	0	0	0

Note: AFY = acre feet per year
From OMUC 2020 UWMP, p. 7-10 (Appendix A).

3.6 Documenting Multiple Dry Year Supply and Demand

OMUC has projected that the City can meet water demands during future five consecutive year drought periods, as shown in **Table 3-10** (next page).

Remainder of Page Intentionally Left Blank

Table 3-10 OMUC Projected Multiple Dry Year Supply and Demand (AFY)

		2025	2030	2035	2040	2045
First Year	Supply	56,080	62,445	67,667	78,618	78,618
	Demand	56,080	62,445	67,667	78,618	78,618
	Difference	0	0	0	0	0
Second Year	Supply	56,248	62,632	67,870	78,853	78,853
	Demand	56,248	62,632	67,870	78,853	78,853
	Difference	0	0	0	0	0
Third Year	Supply	59,493	66,246	71,786	83,403	83,403
	Demand	59,493	66,246	71,786	83,403	83,403
	Difference	0	0	0	0	0
Fourth Year	Supply	54,268	60,428	65,481	76,078	76,078
	Demand	54,268	60,428	65,481	76,078	76,078
	Difference	0	0	0	0	0
Fifth Year	Supply	47,436	52,820	57,237	66,500	66,500
	Demand	47,436	52,820	57,237	66,500	66,500
	Difference	0	0	0	0	0

Note: AFY = acre-feet per year
From OMUC 2020 UWMP, p. 7-11, Table 7-4 (Appendix A).

3.7 Comparison of Available Water Supply and Demand

CWC section 10910 (c)(3) states: *If the projected water demand associated with the proposed project was not accounted for in the most recently adopted UWMP…the water assessment for the project shall include a discussion with regard to whether the public water system's total projected water supplies available during normal, single dry, and multiple dry water years during a 20-year projection will meet the projected water*

demand associated with the proposed project, in addition to the public water system's existing and planned future uses, including agricultural and manufacturing uses.

As described in Section 2, the annual potable plus recycled water demand for the proposed Project's additional units is estimated at 113 AFY; combined with the estimated water demand of the already-approved units in the same PA's, the total water demand for PA-1 and PA-3 is 258 AFY. In comparison, the total water demand estimated by the previously planned land use of the same area is 145 AFY (Tables 2-4 and 2-5). This net increase of 113 AFY reflects an increase in potable demand of 109 AFY and an increase in recycled water demand of 4 AFY.

As shown in Table 3-3 and Table 3-9, the future water supplies available to OMUC are projected to meet the projected water demands for the service area. Further, the future water demands in the 2020 UWMP did not consider the increase in potable water demand from the proposed Project. However, the increased potable water demand of the Project is just 0.19 percent of the citywide ultimate 2045 water demand/water supply as estimated by the 2020 UWMP (i.e., 57,609 AFY). Likewise, the Project's additional recycled water demand is 0.02 percent of the citywide ultimate 2045 demand/supply of recycled water (i.e., 16,059 AFY).

As of 2020 OMUC can purchase up to 9,915 AFY (8.9 mgd) of imported supply through WFA at Tier 1 rates. Beyond that amount, OMUC could continue to purchase at Tier 2 rates (ultimate capacity for WFA supply is 15.4 mgd [Table 3-5]). In 2020, OMUC purchased about 6,513 AF from the WFA plant (Agua de Lejos WTP), which is well within their conveyance capacity of 15.4 mgd and within their rights of approximately 25 mgd. There is ample availability for OMUC to purchase additional imported water from the WFA that is within their rights to meet the needs of the proposed Project.

With the signing of AB 1668 and SB 606, the state has set an Indoor Residential Standard of 55 gallons per capita per day (GPCD) which will decrease to 50 GPCD by 2030 (CWC section 10609.4(a)). The per person unit water use factors used by the City are based on a minimum of 60 gpd/person; therefore, a per-person savings of at least

5 gallons per day of indoor residential potable water use would be achieved. Assuming an ultimate citywide residential population of 362,903 persons (OMUC 2020 UWMP, p. 3-1) and water conservation efforts of at least 5 GPCD over the entire City, approximately 2,033 AFY of water could be conserved. This savings would more than cover the increased and unplanned potable water demand of the proposed Project.

In regard to future agricultural water needs, agricultural properties within the OMUC service area are expected to convert to urban land uses, which is consistent with the City's General Plan Land Use Plan. Many agricultural operations in the City are on private wells and/or use recycled water. As shown in Table 3-7, recycled water deliveries for agricultural irrigation are projected to decrease to zero in 20 years. In regard to future industrial water needs, industrial land uses (which may include some manufacturing uses) are the third most common type in the City (Table 3-7) and they are planned by the City General Plan to increase (Table 2-3).

Table 3-9 and Table 3-10 show that OMUC projects water supplies during single-dry and multiple-dry years in volumes sufficient enough to meet the demand of the service area over the next 20 years. Section 4 will describe the supply available to OMUC through rights held to Chino Basin groundwater that are greater than the amount currently extracted. OMUC can also bank water and pump in excess of their rights in the Chino Basin with payment of a replenishment fee.

Section 4 will discuss the City's water rights in light of this water supply and capacity analysis.

SECTION 4 - GROUNDWATER ANALYSIS

SB 610 requires specific groundwater information to be included in the WSA if groundwater will be a source of water for the proposed project. As discussed in Section 3, groundwater is one of the sources of supply for OMUC and therefore part of the water supply for the proposed Project.

Law

CWC Section 10910 (f):

> *If a water supply for a proposed project includes groundwater, the following additional information shall be included in the water supply assessment:*
>
> *(1) A review of any information contained in the urban water management plan relevant to the identified water supply for the proposed project.*
>
> *(2)(A) A description of any groundwater basin or basins from which the proposed project will be supplied. (B) For those basins for which a court or the board has adjudicated the rights to pump groundwater, a copy of the order or decree adopted by the court or the board and a description of the amount of groundwater in the public water system, or the city or county if either is required to comply with this part pursuant to subdivision (b), has the legal right to pump under the order or decree. (C) For a basin that has not been adjudicated that is a basin designated as a high- or medium- priority pursuant to Section 10722.4, information regarding the following: (i) Whether the department has identified the basin as being subject to critical conditions of overdraft pursuant to Section 12924. (ii) If a groundwater sustainability agency has adopted a groundwater sustainability plan or has an approved alternative, a copy of that alternative or plan. (D) For a basin that has not been adjudicated that is a basin designated as low- or very low priority pursuant to Section 10722.4, information as to whether the department has identified the basin or basins as overdrafted or has projected that the basin will become*

overdrafted if present management conditions continue, in the most current bulletin of the department that characterizes the condition of the groundwater basin, and a detailed description by the public water system, or the city or county if either is required to comply with this part pursuant to subdivision (b), of the efforts being undertaken in the basin or basins to eliminate the long-term overdraft condition.

(3) A detailed description and analysis of the amount and location of groundwater pumped by the public water system, or the city or county if either is required to comply with this part pursuant to subdivision (b), for the past five years from any groundwater basin from which the proposed project will be supplied. The description and analysis shall be based on information that is reasonably available, including, but not limited to, historic use records.

(4) A detailed description and analysis of the amount and location of groundwater that is projected to be pumped by the public water system, or the city or county if either is required to comply with this part pursuant to subdivision (b), from any basin from which the proposed project will be supplied. The description and analysis shall be based on information that is reasonably available, including, but not limited to, historic use records.

(5) An analysis of the sufficiency of the groundwater from the basin or basins from which the proposed project will be supplied to meet the projected water demand associated with the proposed project. A water supply assessment shall not be required to include the information required by this paragraph if the public water system determines, as part of the review required by paragraph (1), that the sufficiency of groundwater necessary to meet the initial and projected water demand associated with the project was addressed in the description and analysis required by subparagraph D, paragraph (4) of subdivision (b) of Section 10631.

4.1 Review of Urban Water Management Plan (CWC Section 10910(f)(1))

The City's 2020 UWMP, prepared by AKM on behalf of the City of Ontario (OMUC) was adopted by City Council Resolution 2021-036 and 2021-037 on June 1, 2021 (located in Appendix A). The UWMP includes information relevant to the identified water supply for the proposed Project and is incorporated herein. Relevant information includes: 1) current and projected water demands (*Water Use Characterization*) through year 2045; 2) a description of the Chino Groundwater Basin (*Water Supply Characterization*); 3) the reliability of the water supply, projected supply and demand comparisons, and water shortage plans (*Water Service Reliability and Drought Risk Assessment and Water Shortage Contingency Plan*); and 4) water demand management efforts (*Demand Management Measures*).[6] The ultimate water demand projections of the 2020 UWMP are based on the findings of the City's 2020 Water Master Plan (AKM 2020) and 2020 Recycled Water Master Plan (Stantec 2020).

4.2 Groundwater Basin Descriptions (CWC Section 10910(f)(2))

The Chino Groundwater Basin is the direct source of groundwater for OMUC. Although water supplied to OMUC from SAWCo may include a combination of groundwater from other basins (i.e., San Antonio Tunnel, Cucamonga Basin, and Six Basins), the amount is minimal, and the basins are described in the 2020 SAWCo UWMP (located in Appendix H).

Chino Groundwater Basin Description

The Chino Basin covers approximately 240 square miles in the upper Santa Ana River Watershed, and underlies parts of Los Angeles, San Bernardino, and Riverside Counties. The state Department of Water Resources (DWR) identifies the Chino Basin as Basin No. 8-002.01, which is a sub-basin of the Upper Santa Ana Valley (Bulletin 118).[7] It is estimated the Chino Basin has approximately 5 million AF of water in

[6] Words and phrases italicized in parentheses are in reference to chapters so titled in the 2015 UWMP.
[7] DWR collects, summarizes, and evaluates groundwater data in the "Bulletin 118" series, which present the results of basin evaluations and defines the boundaries of California's 515 alluvial groundwater basins. An update was provided in 2016. In Bulletin 118, DWR identifies each basin and sub-basin with a number code.

storage, and an estimated 1 million AF of additional unused storage capacity.[8] While still considered a single basin for hydrologic purposes, the Chino Basin is divided into five management zones by the California Regional Water Quality Control Board , Santa Ana Region based on similar hydrologic conditions. Geographically speaking, the City is located in the approximate center of the Chino Basin. DWR Bulletin 118 (2016 update, p. 1) describes the Chino Basin as follows:

> *The subbasin* [Chino Basin] *is bound on the northwest by the San Jose fault, on the north by the Cucamonga fault and impermeable rocks of the San Gabriel Mountains, and on the east by the Rialto-Colton fault. The basin is bound on the southeast by the Jurupa Mountains, Pedley Hills, La Sierra Hills, and the approximate location of the Santa Ana River. The Chino fault and impermeable rocks of the Chino Hills and Puente Hills bound the southwest side of the basin. In some areas, the basin boundary coincides with the Chino Basin (1978) groundwater adjudication boundary.*

The Chino Basin is an adjudicated basin and has been extensively studied by the court-appointed Chino Basin Watermaster (CBWM), with reports available at www.cbwm.org. The following is an excerpt that describes the Chino Basin geology from the Chino Basin Watermaster's management plan called the "Optimum Basin Management Program" or "OBMP" (1999, p. 2-2):

> *Chino Basin was formed when eroded sediments from the San Gabriel Mountains, the Chino Hills, Puente Hills, and the San Bernardino Mountains filled a structural depression…The bottom of the Basin – the effective base of the freshwater aquifer – consists of impermeable sedimentary and igneous rocks. The base of the aquifer is overlain by older alluvium of the Pleistocene period followed by younger alluvium of the Holocene period.*

[8] The *2020 Safe Yield Recalculation Final Report* (May 15, 2020) indicates the estimated total volume of water in storage was 12.6 million AF in July 2018 (WEI 2020, p. 6-15).

> *The younger alluvium varies in thickness from over 100 feet near the mountains to a just few feet, south of Interstate 10 and generally covers most of the north half of the Basin in undisturbed areas. The younger alluvium is not saturated and thus does not yield water directly to wells. Water percolates readily in the younger alluvium and most of the large spreading basins are located in the younger alluvium.*
>
> *The older alluvium varies in thickness from about 200 feet thick near the southwestern end of the Basin to over 1,100 feet thick southwest of Fontana, and averages about 500 feet throughout the Basin.*

Legal Right to Pump from the Chino Basin

Water rights to the Chino Basin were adjudicated by the Superior Court of the State of California for the County of San Bernardino in 1978 (a copy of the Judgment and amendments thereto are provided in Appendix M). The court's Judgment declared the Safe Yield of the Chino Basin at 140,000 acre-feet per year (AFY).[9] Withdrawal in excess of Safe Yield is termed Overdraft. The Chino Basin Watermaster may determine that the Operating Safe Yield (OSY) can be higher from year-to-year depending on factors including favorable precipitation and management efforts that maximize the beneficial use of the groundwater Basin.[10] The Chino Basin Watermaster has undertaken a safe yield redetermination. In July 2020, the court ordered that the safe yield be reduced by 3% and reset to 131,000 AFY for the period of July 1, 2020, to June 30, 2030. The court previously reset the safe yield from its initial 140,000 AFY to 135,000 AFY in 2017 for the period of 2010 to 2020.

The Chino Basin Watermaster is comprised of three stakeholder groups (or "pools"): Overlying Agricultural Pool Committee (representing dairymen, farmers, and the State

[9] Judgment (1978) defines Safe Yield as, "The long-term average annual quantity of groundwater (excluding replenishment or stored water but including return flow to the Basin from use of replenishment or stored water), which can be produced from the basin under cultural conditions of a particular year without causing an undesirable result."
[10] Judgment (1978) defines Operating Safe Yield (OSY) as, "The annual amount of groundwater which Watermaster shall determine, pursuant to criteria specified in Exhibit "I", can be produced from Chino Basin by the Appropriative Pool parties free of replenishment obligation under the physical solution herein."

of California); the Overlying Non-Agricultural Pool Committee (representing businesses and industries); and the Appropriative Pool Committee (representing local cities, public water districts and private water companies). The Chino Basin Watermaster carries out the provisions of the Judgment including monitoring of the Chino Basin and files an annual report on pumping and replenishment.

The City is a member of both the Overlying Non-Agricultural Pool and the Appropriative Pool. The Judgment allocates a portion of the Safe Yield to the Overlying Non-Agricultural Pool and a portion of the OSY to the Appropriative Pool. Pursuant to the Judgment, the City has appropriative rights to 20.742 percent of the OSY allocated to the Appropriative Pool. The City has gained 53.338 percent of the Safe Yield assigned to the Overlying Non-Agricultural Pool (CBWM 44th Annual Report, p. N-8). The assigned share of the Safe Yield and OSY change depending on the Safe Yield set by the court.

The Judgment allocates the Safe Yield of the Chino Basin according to the three pools as described above (Appendix M, Paragraph 13). The members of each pool are then enjoined from producing water from the Chino Basin in excess of such allocated amount "except pursuant to the provisions of the Physical Solution" (Appendix M, Paragraph 13(a)-(c)).

The Physical Solution of the Judgment is described in broad terms by Paragraphs 39 through 57 of the Judgment. Paragraph 45 provides the Chino Basin Watermaster with the authority to levy and collect assessments for the purchase of water necessary to balance the production by any party in excess of that party's allocated share of Safe Yield of the Chino Basin. Paragraphs 49 and 50 then describe the sources of water which are authorized to function as sources of replenishment water and methods by which water can be replenished to the Chino Basin. Exhibit H, Paragraph 7, of the Judgment describes the way in which costs for replenishment water will spread among the members of the Appropriative Pool.

The afore-cited paragraphs of the Judgment evince a clear expectation that parties, including the City/OMUC, would produce water in excess of their adjudicated production rights. The injunction in Paragraph 13 of the Judgment should thus be interpreted to mean that parties are enjoined from producing water in excess of their adjudicated rights except to the extent that they will pay a replenishment assessment.

The ability to produce water from the Chino Basin is accordingly not a matter of availability, as contemplated and sanctioned by the Judgment for the reasons discussed above, but rather a matter of cost. Water produced in excess of production rights will cost more than water produced within a party's production rights. Thus, the quantity and reliability of groundwater supplies under the Judgment for purposes of this Assessment is a matter of cost of the water produced from the Chino Basin rather than limitations on production which may otherwise operate to reduce the sufficiency of the groundwater supply.

In addition to the water supplies described in Section 3, OMUC has rights to groundwater held in the Chino Basin as described below (from Chino Basin Watermaster's (CBWM) *Approved 2021/2022 Assessment Package for Production year 2020/2021*, dated Nov. 18, 2021) and in **Table 4-1**:

- **Appropriative Right.** The City has appropriative rights to 20.742 percent of the OSY allocated to the Appropriative Pool. As of FY 20/21, the OSY is 40,834 AF; therefore, the City's assigned share is 8,469.8 AF (CBWM 2021, p. 10.1). To supplement the 2017 decrease in safe yield, the City currently receives an additional 1,866.8 AFY transferred from unproduced Agricultural Pool rights ("Safe Yield Reduction") (CBWM 2021, p. 16.1).

- **Overlying Non-Agricultural Right.** The City has purchased and has rights to 53.338 percent of the Safe Yield assigned to the Overlying Non-Agricultural Pool, which is currently 7,350.3 AFY. As of FY 20/21, the City's assigned share is 3,920.6 AF (CBWM 2021, p. 4.1).

- **Land Use Conversions.** The City gains rights to additional Chino Basin groundwater as a result of land use conversions from agricultural to non-agricultural uses. This is expected to increase from development of Ontario Ranch; the total of which is adjusted annually by the Watermaster. As of FY 20/21, the City received 4,668.3 AF from land use conversions (CBWM 2021, p. 15.1).

- **Annual Early Transfers.** The Chino Basin Watermaster can approve an "Early Transfer" of water to the Appropriative Pool equal to the quantity of water not produced by the Overlying Agricultural Pool that is remaining after all land use conversions are satisfied, pursuant to the Peace Agreement.[11] The Early Transfer Water is annually allocated among the Appropriative Pool members in accordance with their pro-rata share of the initial Safe Yield. For the City, this is 20.742 percent of the "early transfer" water that the Watermaster may transfer from the Overlying Agricultural Pool (OMUC 2020 UWMP, p. 6-10). The amount available for transfer changes from year to year but is projected to increase. In FY 20/21, the City received 4,272.6 AFY as its share of Early Transfer (CBWM 2021, p. 16.1).

- **Groundwater Recharge Credits.** The City is entitled to water rights due to groundwater recharge with stormwater and recycled water in the Chino Basin. The credited amount is based on the volume recharged and therefore varies annually but is projected to increase over time. In FY 2018/2019, 2,544 AF of recycled water was recharged for the City. In FY 19/20 and FY 20/21, no

[11] In 2007, the parties to the Chino Basin Judgement approved the "Peace Agreement" which is a set of measures proposed by Chino Basin Watermaster to supplement the OBMP Implementation Plan. Focus for the measures were placed on achieving hydraulic control (reduction of groundwater discharge from the Chino North Management Zone to the Santa Ana River). To achieve hydraulic control, re-operation (controlled overdraft) of the groundwater basin is proposed. Strategically placed wells would be constructed in the basin and the groundwater would be pumped to the Desalter to improve the long-term reliability of the basin.

recharge was credited to the City (OMUC 2020 UWMP, p. 6-11; CBWM 2021, p. 12.1).

- **Fontana Recycled Water Rights.** The City has a long-term contract to purchase up to 3,000 AFY of recharged recycled water rights from the City of Fontana (a copy of which is in Appendix N). The City of Fontana does not operate a water system. The amount purchased by OMUC each year will vary. In FY 2018/2019, the City purchased 2,157 AF of Fontana's recycled water entitlement. In FY 19/20 and FY 20/21, no recharged water rights were purchased (OMUC 2020 UWMP p. 6-12; CBWM 2021, p. 12.1).

- **Groundwater Storage Accounts.** The City has rights to store water in the Chino Basin (Appropriative and Overlying Non-Agricultural) and has been increasing its various storage accounts in recent years. The City holds water in both local storage accounts and supplemental accounts. Local storage accounts hold un-pumped OSY groundwater rights and stormwater that has been recharged into the Chino Basin. Supplemental accounts hold both imported water and recycled water that has been recharged into the Chino Basin. As of June 30, 2021, the City has 96,992.4 AF in storage pursuant to Appropriative rights (CBWM 2021, pp. 11.1, 12.1). In addition, there is 1,918.0 AF in storage pursuant to Overlying Non-Agricultural rights (CBWM 2021, p. 5.1).

Table 4-1 Ontario Groundwater Rights Summary

Right	Current FY 2020-2021 (AFY)	Future (AFY)	Notes
Carryover Beginning Balance	9,299.5	Varies	Varies annually.
Assigned Share of OSY[a]	8,469.8 (20.742% of OSY)	8,470 (20.742% of OSY)	OSY determined by Watermaster.
Safe Yield Reduction	1,866.8	Varies	Part of New Ag Pool Reallocation.
Land Use Conversions	4,668.3	16,602	Varies annually. Part of New Ag Pool Reallocation.
Annual Early Transfer	4,272.6	20.742% of Early Transfer	Subject to change. Part of New Ag Pool Reallocation.
Groundwater Recharge Credits	0	9,600 (in 2035)	Based on volume of stormwater and/or recycled water recharged.
Fontana Recycled Water Rights	0	At least 3,000	Contract to purchase.
Annual Production Right for Appropriative Pool Subtotal (AFY)	28,576.9	±37,672	
Annual Production Right for Overlying Non-Agricultural Pool	7,449.1	At least 3,920.6 (53.338% of SY)	Assigned share of safe yield is 3,920.6 AF (53.338% of SY). Actual production in FY19/20 was 1,552.7 AF.
SAWCo [(a)]	600 (295 shares)	At least 600	Entitlement. Volume per share subject to change.
Total (AFY)	36,626	±42,193	
Groundwater Storage Accounts	42,169.2 (Excess Carry Over)	Varies (Excess Carry Over)	Dependent on annual availability of un-pumped OSY water, stormwater, imported water, and recycled water.
	54,823.2 (Local Supplemental)	Varies (Local Supplemental)	
Total Storage (AF)	96,992.4	±85,000	

Note: AF = acre-feet; AFY = acre-feet per year; OSY = operating safe yield; SY = safe yield.

Source: Chino Basin Watermaster's Approved 2021/2022 Assessment Package for Production year 2020/2021, dated Nov. 18, 2021, pp. 4.1, 10.1,11.1, 15.1, 16.1, 20.1, 21.1 [CBWM 2021].

4.3. Recorded Use of Groundwater by City of Ontario (CWC Section 10910 (f)(3))

The City's groundwater supply currently comes from 17 active groundwater wells located throughout the OMUC service area within the Chino Basin. As of FY 19/20, OMUC produced 18,395.3 AF from the basin (OMUC 2020 UWMP, p. 6-3) and in FY 20/21, 17,171.1 AF was produced (CBWM, p. 8.1). The recorded groundwater production has generally decreased from 36,842 AFY in 2000, as shown in **Chart 4-1.**

Chart 4-1 - Annual OMUC Groundwater Production, 2000 - 2021, (AFY)

(Sources: 2000-2009 from the 2012 Ontario Water Master Plan; 2010 from OMUC 2010 UWMP; 2011-2020 from OMUC 2020 UWMP, p. 6-3; 2021 from CBWM 2021, p. 8.1.)

4.4. Projected Use of Groundwater by the City of Ontario (CWC Section 10910(f)(4))

The proposed Project will receive water from a combination of the City's supply sources including groundwater wells, imported water from WFA, treated groundwater from CDA, and recycled water from IEUA.

Projected groundwater use by OMUC will continue as noted in Table 3-3. The use of groundwater will continue to be dependent upon the cost of extracting, treating, and

transporting the water to customers. Groundwater from the Chino Basin will be utilized by OMUC either directly by pumping into its distribution system or by treating the groundwater (Wells 44 and 52) at the John Galvin Ion Exchange Plant and then pumping the treated groundwater into the City distribution system. The current and ultimate production capacity of OMUC wells is sufficient to meet current and ultimate demand (Table 3-4).

As shown in Table 4-1, the amount of water that OMUC expects to withdraw from the Chino Basin is well within appropriate right pursuant to the Chino Basin Adjudication of 1978 (Appendix M). In addition to its well production, OMUC will also purchase treated Chino Basin groundwater from CDA. OMUC has 1,500 AFY capacity rights in the Chino I Desalter and 7,033 AFY capacity rights in the Chino II Desalter. Projected use of groundwater via CDA is projected to remain at no more than 8,533 AFY (OMUC 2020 UWMP, p. 6-6).

4.5. Sufficiency of Groundwater Basin (CWC Section 10910(f)(5))

The City's legal right to pump water in an amount necessary to meet all demands as sanctioned and protected by the Judgment as discussed above, is buttressed by several programs and projects directed at ensuring the sufficiency of groundwater supplies from the Chino Basin, particularly during dry years. An adjudicated water right has perhaps the most substantial indicia of reliability of any water right that currently exists in California. An adjudicated right is based upon long-term studies whose purpose it is to protect the long-term functionality of the water source. These rights are coordinated in an established and binding manner with all the other users of the Chino Basin and are overseen by Chino Basin Watermaster which has the authority to mandate and proscribe activities whose purpose is to protect the water source and maximize its long-term beneficial use.

All Chino Basin Watermaster processes are governed by Rules and Regulations and receive active oversight from the Court which, as noted above, retains continuing jurisdiction over the administration of the Judgment. Consequently, the sufficiency of

the groundwater is not only directed by rigorous Chino Basin Watermaster management processes but validated and ensured by continuing Court oversight.

The OBMP for the Chino Basin has guided the Chino Basin Watermaster's activities since its adoption in 1998. Chino Basin Watermaster-led basin management activities to ensure the maximization of safe yield and OSY of the Chino Basin include objectives, projects, and programs identified in the Peace Agreement and the OBMP. Progress is reported in annual reports, biennial, and triennial reports. The key programs include:

1) a comprehensive monitoring program.
2) a comprehensive recharge program.
3) development and implementation of a water supply plan for impaired areas of the Chino Basin.
4) development and implementation of a comprehensive groundwater management plan for Management Zone 1.
5) development and implementation of a regional supplemental water program.
6) development and implementation of cooperative programs with the California Regional Water Quality Control Board – Santa Ana Region and other agencies to improve Basin management.
7) development and implementation of a salt management program.
8) development and implementation of a groundwater storage program; and
9) development and implementation of storage and recovery programs.

As stated, the referenced elements of the OBMP collectively comprise a comprehensive regimen directed to ensuring and maximizing the long-term beneficial use of water in the Chino Basin. In particular, and specific to the location of current and future groundwater production facilities upon which the City relies or will rely to provide water to meet water demands within its service area, OBMP Program Element No. 3, "Develop and Implement Water Supply Plan for the Impaired Areas of the Chino Basin" and Program Element No. 5, "Develop and Implement Regional Supplemental Water

Program", address the sufficiency of groundwater from the Chino Basin. Fundamentally, the goal of Program Elements 3 and 5 is to (2020 OBMP, p. 6):

> *To maintain and enhance Safe Yield with a groundwater desalting program that is designed to replace declining agricultural groundwater pumping in the southern part of the basin with new pumping to meet increasing municipal water demands in the same area, to minimize groundwater outflow to the Santa River, and to increase Santa Ana River recharge into the basin.*
>
> *To improve the regional conveyance and availability of imported water and recycled waters throughout the basin.*

The achievements from the implementation of the 2000 OBMP for Elements 3 and 5 are summarized below (2020 OBMP, Appendix A, pp. 5 – 6).

> *Program Element 3 Develop and Implement Water Supply Plan for Impaired Areas (Groundwater Desalting): The objectives of this Program Element are to maintain and enhance the Safe Yield of the basin. The groundwater desalting program was designed to replace declining agricultural groundwater pumping in the southern part of the basin with new groundwater pumping to meet increasing municipal water demands in the same area. The new wells used in the groundwater desalting program were constructed in strategic locations to minimize groundwater outflow to the Santa Ana River and to increase the Santa Ana River recharge into the basin. In 2000, the groundwater desalting program included a 6,000 AFY treatment plant and a series of wells constructed in the southern part of the Chino Basin near the Chino Airport. Under the OBMP, as of 2018, the desalting program has grown to two treatment plants and additional wells that in aggregate pump and treat about 30,000 AFY degraded groundwater, and the program will reach the OBMP objective of 40,000 AFY in 2019. The groundwater desalting program facilities are owned by the Chino Basin Desalter Authority (CDA).*

> *Program Element 5: Develop and Implement Regional Supplemental Water Program (Recycled Water Reuse): The objective of this Program Element is to improve the regional conveyance and availability of imported and recycled waters throughout the basin. Since 2000, the IEUA has constructed and operated a recycled water conveyance system throughout the basin enabling it to provide recycled water to its member agencies. Recycled water deliveries grew from about 3,400 AFY in 2000 to about 34,000 AFY in 2017. The recycled water provided by the IEUA has replaced a like amount of groundwater and imported water that would have been otherwise been used for non-potable purposes. Much of the post-2000 increase in supplemental water storage in the Chino Basin is attributable to the increased availability of recycled water. Recycled water is more reliable than imported water, and thus using it in lieu of imported water has improved the sustainability of the Chino Basin and water supply reliability. Improvements in the regional conveyance and availability of imported water were not achieved.*

As indicated in the foregoing OBMP text, the City overlies groundwater supplies in the southern part of the Chino Basin which must be pumped for purposes of meeting new demands, maintaining safe yield, and to protect water quality in the Santa Ana River. As agricultural production in the southern part of the Chino Basin has declined, it is necessary for these reasons to increase production for municipal uses. This is being achieved through CDA's Chino I and Chino II Desalters, of which the City has a contractual right to purchase 8,533 AFY pursuant to the 2001 "Joint Exercise of Powers Agreement Creating the Chino Basin Desalter Authority" and subsequent agreements. Thus, not only was increased Chino Basin water production by the City foreseen in the OBMP but sanctioned and encouraged for purposes of achieving OBMP objectives.

The sufficiency of the groundwater supply that is available to OMUC is assured due to the abundance of groundwater in the central and southern portion of the Chino Basin, OBMP objectives that prioritize and assure production from the southern Chino Basin,

coupled with desalting and ion-exchange treatment facilities that enable the use of this abundant supply for municipal (potable) purposes. As indicated in the quoted text of the OBMP, southern basin production, where the City is partially located, is the linchpin of several critical OBMP objectives. Thus, the sufficiency of groundwater is heightened and prioritized by the necessity of continued pumping from the southern Chino Basin under the OBMP which is administered by the Chino Basin Watermaster and ultimately enforced by continuing court jurisdiction over the Judgment.

The other referenced OBMP Program Elements are collectively directed to ensuring the sufficiency of Chino Basin groundwater supplies, particularly during dry years, and comprehensively address water quality and quantity, thus maximizing beneficial use over the long-term. Sufficiency of groundwater from the Chino Basin is further assured for the following reasons:

- IEUA is a member agency of MWD, which provides imported water from the State Water Project for direct use by parties to the Judgment in the Chino Basin and for Chino Basin recharge purposes (when supplies are available). IEUA has also reviewed the sufficiency of supplies for its service territory that includes the Chino Basin in connection with its 2020 UWMP.

- IEUA's UWMP is consistent with, and reiterative of, OBMP projects and programs (see Section 4 of IEUA 2020 UWMP in Appendix E). IEUA anticipates increased limitations for imported water for direct and recharge use while noting reductions during dry years (due to increased reliance on groundwater from the Chino Basin) and in the higher amount otherwise required in the absence of OBMP projects and programs. The UWMP also analyzes the sufficiency of water supplies for single and multiple year drought scenarios and concludes the region is expected to meet 100 percent of its dry year demand under every scenario. Key assumptions included:

- Reliance on assurances provided by MWD in its 2020 UWMP that it could meet 100 percent of projected supplemental full-service water supply demands through 2040;
- Implementation of MWD's Chino Basin DYY Storage Program consistent with the contractual shift obligations of the participating agencies of up to 33,000 AF in a twelve-month period; and
- Sustain per capita water use reductions of 20 percent.

IEUA concluded in its 2020 UWMP that the projected available water supply will meet projected water demand due to diversified water supply and water conservation measures. Based on IEUA water supply projections, there are sufficient water supplies to meet normal year water demands, single dry year and multiple dry year demands (IEUA 2020 UWMP, p. 7-7).

CWC section 10631(j) provides that urban water suppliers that rely upon a wholesale agency for a source of water, such as IEUA, may rely upon water supply information provided by the wholesale agency in fulfilling UWMP informational requirements.

IEUA's independent analysis of contemporary regional water conditions in conjunction with MWD's most recent report, provide additional and reliable assurances concerning the sufficiency of imported water supplies that comprise a portion of overall Chino Basin supply sufficiency.

The City's participation in the DYY Storage Program described in Section 3, along with future water storage and recovery projects will drought-proof the Chino Basin and all other appropriative pool members from imported water shortages. This program is consistent with OBMP Program Element No. 9, "Develop and Implement Storage and Recovery Program." Benefits to the Chino Basin associated with this program include the construction of facilities to enhance imported water deliveries and the production of water from the Chino Basin. Further demonstrating the sufficiency of Chino Basin groundwater is MWD's DYY program to use the Chino Basin for dry year supply purposes, thus underscoring that sufficient Chino Basin groundwater is available during

dry years not only for local use by agencies such as the City but also in connection with MWD's regional reliability programs.

The sufficiency of groundwater supplies available to OMUC is assured because of the OBMP programs overseen by the Chino Basin Watermaster and conducted under the auspices of continuing Court jurisdiction that specifically direct and assure the long-term production of water pursuant to the City's legal rights to produce such water necessary to meet ultimate water demands.

Conclusion

The City's total annual groundwater production has held relatively stable over the past 10 years at roughly 20,000 AFY (OMUC 2020 UWMP, p. 6-3). Production capacity meets current demands and is projected to increase to meet ultimate demand. The current (FY 20/21) water supply utilized by the City totals approximately 33,969 AFY (potable) and 8,556.74 AFY (recycled water) (Table 3-2). Currently, the City's water rights in the Chino Basin as recorded by the Chino Basin Watermaster total approximately 36,026 AF (Annual Production Rights for Non-Ag Pool plus Appropriative Pool), with an additional 96,992.4 AF in storage (Table 4-1). Although annual fluctuations will occur, the City's rights are projected to increase over the next 20 years due to more land use conversions and credits from recharge.

The water supplies available to OMUC currently meet and exceed citywide water demands. Groundwater production by OMUC is currently less than their existing rights and within their production capacity. Regardless, OMUC has the means and right to exceed their groundwater allocation in the Chino Basin when required to meet demand pursuant to the Judgment. Further, OMUC has rights to water held in storage that would supply all City demands for more than two years. In addition to groundwater, OMUC can supply water to the Project purchased from the WFA that is within their existing entitlements and capacities.

SECTION 5 - PRIMARY ISSUE FOR ASSESSMENT

The lead agency for a proposed project …shall determine, based on the entire record, whether projected water supplies will be sufficient to satisfy demands of the project, in addition to existing and planned future uses (CWC section 10911). The lead agency is expected to approve or disapprove the project based on several factors, including but not limited to the WSA.

Law

CWC Section 10910(g)(1):

> *Subject to paragraph (2), the governing body of each public water system shall submit the assessment to the city or county not later than 90 days from the date on which the request was received. The governing body of each public water system, or the city or county if either is required to comply with this act pursuant to subdivision (b), shall approve the assessment prepared pursuant to this section at a regular or special meeting.*

CWC Section 10911(b):

> *The city or county shall include the water assessment provided pursuant to Section 10910, and any information provided pursuant to subdivision (a), in any environmental document prepared for the project pursuant to Division 13 (commencing with Section 21000) of the Public Resources Code.*
>
> *(c) The city or county may include in any environmental document an evaluation of any information included in that environmental document provided pursuant to subdivision (b). The city or county shall determine, based on the entire record, whether projected water supplies will be sufficient to satisfy the demands of the project, in addition to existing and planned future uses. If the city or county determines that water supplies will not be sufficient, the city or county shall include that determination in its findings for the project.*

The lead agency is expected to review the WSA and decide whether additional water supply information is needed for its consideration of the proposed Project.

5.1 Findings

Whereas:

1. The City of Ontario Municipal Utilities Company (OMUC) has been identified as the water supplier for the proposed *West Haven Specific Plan Amendment* (Project). The proposed Project will change the maximum allowable density of two existing planning areas to allow up to 389 additional units.
2. A previous WSA/WV was prepared in 2004 for the 8,200-acre New Model Colony (now called Ontario Ranch) that includes the Project site; however, it is no longer valid.
3. The estimated potable water demand for the additional dwelling units proposed by the Project is 109 AFY and the recycled water demand is 4 AFY for a total demand of 113 AFY.
4. The estimated water demand for the entire West Haven Specific Plan as currently proposed with the Project has a potable water demand of 477 AFY and recycled water demand of 190 AFY for a total of 667 AFY.
5. The City's 2020 Water Master Plan included in its projections the water demand of the currently approved West Haven Specific Plan which this report estimates as 372 AFY of potable water and 186 AFY of recycled water for a total demand of 558 AFY. The water demand projections in the 2020 UWMP are based on the water demand projections in the 2020 Water Master Plan.
6. The increased water demand resulting from the additional units proposed by the Project was not accounted for by the 2020 UWMP dated July 2021 and adopted by the Ontario City Council by Resolution 2021-059 on June 15, 2021 (Appendix A).

7. OMUC has an Annual Production Right of 28,576.9 AF currently in the Chino Groundwater Basin as a member of the Appropriative Pool, as well as groundwater storage accounts that total 96,992.4 AF (Table 4-1). The water supply production capacity from City wells is currently 62,269 AFY,[12] which is projected to increase to 110,337 AFY to meet demand (Table 3-4 and 3-5). OMUC produced 17,171.1 AF of groundwater in FY 20/21 (Table 3-2).
8. In addition to Chino Basin production rights, OMUC holds shareholder entitlements to potable water from SAWCo in the amount of 600 AFY, and capacity rights to imported water from the WFA in the amount of approximately 28,000 AFY. OMUC also has capacity rights to potable water from the CDA in the amount of 8,533 AFY (Table 3-2 and 3-4). In FY 20/21, OMUC purchased 500 AF from SAWCo, 5,851 AF from WFA, and 7,337 AF from CDA (Table 3-2).
9. OMUC is entitled to the recycled water generated by IEUA from the City's annual share of sewer flows. In FY 20/21, the City delivered 12,854 AF to IEUA wastewater treatment plants, of which 8,556.74 AF was put to non-potable direct recycled water use (Table 3-2).
10. As of FY 20/21, citywide potable and recycled water demands were 33,969 AF and 8,556.74 AF, respectively (Table 2-2); ultimate potable and recycled water demands are projected to be 57,609 AFY and 16,059 AFY, respectively (Table 2-3).
11. The current production capacities are greater than needed to meet the average day demands under citywide buildout conditions. Additional wells are planned to supply the anticipated ultimate maximum day demand.
12. OMUC has forecasted excess water supplies will be available to meet citywide demand during single-dry and multiple dry water years over the next 20 years (Table 3-9 and Table 3-10).

[12] Assuming wells operate 24 hours per day for 365 days per year.

13. Water demands for agricultural land uses in Ontario Ranch are planned to reduce to zero by 2040 with land use conversions and water demands for industrial uses in Ontario Ranch, which may include some manufacturing are expected to increase and partly replace former agricultural uses.

14. Based on the evidence provided herein, the total projected potable and recycled water supplies available to the OMUC during normal, single dry, and multiple dry water years over a 20-year projection will be sufficient to meet the projected water demand associated with the additional units of the proposed Project in addition to the water supplier's existing and planned future uses, including agricultural and manufacturing uses. State mandated conservation efforts will reduce demand in the future.

2 Sources of factors are Appendix E and Appendix K of 2020 Ontario UWMP ("City of Ontario Water Master Plan Update" (AKM), June 2020, pp. 4-10-4-11; "Recycled Water Master Plan Update" (Stantec), June 22, 2020, p. 5.26.)

3. Net Acres for Planning Areas exclude all applicable items as listed under the Other Uses Category (i.e., Master Planned Roadways, Neighborhood Edge Buffers, SCE & SCG Easements, SCE Fee Owned Parcel, Old Schaefer R/W (To Be Abandoned).

4. GPD/DU factor is used for all residential planning areas. GPD/AC and Gross Acres is used for all non-residential planning areas. Gross acres is used for consistency with the 2020 Water Master Plan approach to calculating water demand for this Specific PLan which was based on gross acres. No potable water demand is expected for Other Uses.

5. Based on gross acres.

SB 221 Written Verification of Sufficient Water Supply

1.1 Introduction

Senate Bill 221 (SB 221) was enacted in 2001 and became effective as of January 1, 2002. SB 221 establishes the relationship between the Water Supply Assessment (WSA) prepared for a project pursuant to Senate Bill 610 (SB 610), and the project approval under the Subdivision Map Act. SB 221 amends Section 11010 of the Business and Professional Code, and amends Section 65867.5 to add Sections 66455.3 and 66473.7 to the California Government Code.

Pursuant to Government Code Section 66473.7, the public water supplier must provide a written verification of sufficient water supply (WV) prior to the approval of a tentative subdivision map, or a parcel map for which a tentative map was not required, or a development agreement for a subdivision of property of more than 500 dwelling units, except as specified, including the design of the subdivision or similar type of improvement.

1.2 Purpose

The purpose of the WV is to provide the legislative body of a city, county, or the designated advisory agency with written verification from the applicable public water supplier that a sufficient water supply is available, or, in addition, a specified finding is made by the local agency that sufficient water supplies are, or will be, available prior to completion of the project.

The WV shall be supported by substantial evidence, which may include relevant portions of an applicable Urban Water Management Plan (UWMP) or a WSA prepared per SB 610. Many of the requirements for SB 610 compliance will satisfy the requirements of SB 221. There are four factors to be considered in a WV which are not

required in a WSA as specified by Government Code Section 66473.7. Those four factors, which are specifically addressed in this WV are as follows:

1. Historical water supplies for at least 20 years;

2. Urban Water Shortage Contingency Analysis prepared for the water supplier's UWMP;

3. Supply reduction for "specific water use sector" per water supplier's resolution, ordinance, or contract; and

4. Amount of water that can be reasonably relied upon from specific supply projects, subject to the determinations outlined in Government Code Section 66473.7.

1.3 Project Description and Water Demand

This WV has been prepared in conjunction with a WSA for *West Haven Specific Plan Amendment* ("Project"). The West Haven Specific Plan encompasses 202 gross acres within the City of Ontario's 8,200-acre Ontario Ranch. *Annexed in 1999, the presently agricultural Ontario Ranch is planned to be developed into residential, commercial, industrial, and public uses* (UWMP, p. 3-1). The proposed Project will increase the maximum allowable number of dwelling units (du) and densities in two residential Planning Areas (PA): PA 1 and PA 3. The Project would increase the number of allowable units by 278 units in PA 1 and the corresponding net density would increase from 6.78 du/acre to 17.68 du/acre (see WSA Figure 4 – Proposed Land Use Plan). The total number of allowable units would increase by 111 units in PA 3 and the corresponding net density would increase from 4.86 du/acre to 10.72 du/acre. With these changes, the total number of allowable units in the West Haven Specific Plan would increase from 753 units to 1,142 units (SPA, p. 3-3).

The City of Ontario Municipal Utilities Company (OMUC)[1] is the water supplier for the Project and for the City. OMUC commissioned a WSA and WV from Albert A. Webb Associates (WEBB) on March 23, 2022. The purpose of preparing this WV for the Project is to preclude the need for individual "Written Verification" letters being prepared for the individual residential development projects that will qualify for a WV within the Project area. SB 221 applies to the Project because there will be residential subdivisions that may have more than 500 units which exceed the criteria set in section 66473.7(a) of 500 units.

The key question for this WV to address per SB 221 is whether the water supplier is able to provide a sufficient water supply based upon an analysis as to whether water supplies available during normal, single-dry, and multiple-dry years within a 20-year projection will meet the projected demand associated with the proposed subdivision(s), in addition to existing and planned future uses, including, but not limited to, agriculture and industrial uses (DWR 2003).

1.4 Verification of Sufficient Water Supply

A detailed evaluation of OMUC's water supply was performed under the attached WSA for the Project. Attached to the WSA is the adopted City of Ontario 2020 UWMP which addresses normal, single dry, and multiple dry year conditions over the 20-year period from 2020 through 2040 (WSA Appendix A). The 2020 UWMP determined that sufficient water supply exists to support the demands of the OMUC service area. The WSA determined that the water demand of the Project is greater than the water demand for the same site that was assumed in the 2020 UWMP; therefore, the increased demand was not accounted for in the 2020 UWMP. However, the WSA concludes that sufficient water supply exists to support the Project.

[1] OMUC is a department of the City of Ontario and the terms may be used interchangeably herein.

20-Year Water Supply Availability

OMUC has been able to meet all water demands with its available water supplies for the past 20 years. Table 3-2 of the attached WSA shows the recorded water supplies from 2000-2020 that were utilized to meet the demand within OMUC's service area. A supply source that is available to OMUC that is not included in Table 3-2 are the groundwater storage accounts to which OMUC has rights to store water in the Chino Basin. As of FY 20/21, the City has approximately 96,992.4 AF held in storage (CBWM, pp. 11.1, 12.1).

Urban Water Shortage Contingency Analysis (Plan)

The urban water shortage contingency analysis (Water Shortage Contingency Plan [WSCP]) prepared for the most recent UWMP is contained within Chapter 8 of Ontario's 2020 UWMP (Appendix A). The WSCP is based on a draft Water Conservation Plan located in Appendix N of the 2020 UWMP that is an update of the City's Ordinance No. 3027. The WSCP includes stages of action, prohibitions on end uses, penalties and enforcement measures, determination of water shortage reductions, revenue and expenditure impacts, and catastrophic supply interruption.

The 2020 WSCP and draft Water Conservation Plan are consistent with the stringent emergency conservation regulations mandated by the State Water Resources Control Board in response to statewide drought conditions. The purpose of the ordinance and the Water Conservation Plan are to minimize the potential for a water shortage through the practice of water conservation, and to minimize the effect of a shortage of water supplies on the water customers of the City. In addition, it is the intent of the ordinance and the Water Conservation Plan to adopt provisions that will significantly reduce the inefficient consumption of water, thereby extending the available water resources necessary for domestic, sanitation, and fire protection of the community to the greatest extent possible (Municipal Code Sec. 6-8.21).

The 2020 WSCP and draft Water Conservation Plan describe the methods to respond to a water supply shortage of more than 50 percent. Six stages of conservation are

described (Stages 1-6) with increasing conservation requirements and penalties depending on the severity of the shortage (UWMP, p. 8-8).

Supply Reduction for Specific Water Use Sector

OMUC's 2020 WSCP and draft Water Conservation Plan establish voluntary and mandatory water conservation requirements which shall take effect upon implementation. During a water shortage crisis, certain mandatory restrictions on water use will be imposed on the public. The voluntary water use prohibitions apply at all times. Stage 1 to 6 prohibitions will be progressively implemented according to the severity of the water crisis (OMUC 2020 UWMP, Appendix N). The restrictions and prohibitions on end users that correspond to Stages 1 to 6 are outlined in Table 8-2 of the City's 2020 UWMP (p. 8-3). OMUC does not have a water supply allocation plan. No single water use sector is identified in the 2020 WSCP or draft Water Conservation Plan for supply reductions in the event of a water shortage crisis.

Amount of Water That Can Be Reasonably Relied Upon from Specific Supply Project(s)

This requirement of the WV pertains to projected water supplies that the water supplier can reasonably rely on that are not currently available to the public water system. All projected water supplies are currently available to OMUC but may not be fully utilized to date. Descriptions of the supplies available to OMUC are in Section 3 of the attached WSA.

1.5 Substantial Evidence of Verification of Sufficient Water Supply

This WV does not rely on projected water supplies that are not currently available to OMUC. The water supplies that OMUC will continue to rely on that are projected to be sufficient to meet current and future needs are described in Section 3 of the attached WSA. Because projected supply sources are currently available to OMUC, supporting information pursuant to Gov. Code section 66473.7 is not provided herein. This would include written contracts or other proof of valid rights to supplies under development, an adopted capital outlay program to finance delivery of supplies under development,

permits to construct supply infrastructure for supplies under development, and regulatory approvals for conveyance or delivery of supplies under development. Copies of the rights, contracts, and other entitlements to water supplies available to OMUC are provided in the appendices to the attached WSA.

1.6 Impacts to Agricultural and Industrial Users

Gov. Code section 66473.7 requires this WV to contain a description of reasonably foreseeable impacts of the proposed subdivision on the availability of water resources for agricultural and industrial uses within the water supplier's service area that are not currently receiving water from the water supplier but are utilizing the same sources of water. Water used by industrial and agricultural users that is not provided to them by OMUC would come from their private wells to access the Chino Groundwater Basin, which OMUC also utilizes. Adverse impacts to such entities as a result of the Project is not anticipated because the Chino Basin is an adjudicated basin with a court appointed Watermaster who monitors and enforces the provisions of the 1978 Judgment and subsequent orders of the court. As discussed in Section 4 of the attached WSA, the Watermaster develops and implements an Optimum Basin Management Program to sustainably manage the basin for all users.

In regard to agricultural use, the original (2007) West Haven Specific Plan Draft EIR states: "The Project site lies within the NMC area commonly referred to as the "Ag Preserve." The Ag Preserve was the last significant underdeveloped area in the San Bernardino Valley. In 1993, the County of San Bernardino Board of Supervisors voted to consider dissolving the Ag Preserve status, allowing the transition of the site's historically agricultural land use practices to other locations and, ultimately the development of this area in an urban setting. (URS, p. 2-1)

"Following the City's January 7, 1998 NMC GPA adoption, the Project site was designated in the General Plan as Low Density Residential and Commercial Neighborhood Center, and was zoned Specific Plan. Historically, the Project site and

surrounding area primarily functioned agriculturally, consisting of dairy farm operations, row crops production and some vineyard use." (URS, p. 3-2)

The *Ontario General Plan Amendment for the New Model Colony* [Ontario Ranch] (1998) projects a nearly 100 percent conversion of existing agricultural land to non-agricultural uses, except for approximately 200 acres of land that are owned by the County of San Bernardino and managed by the Southern California Land Foundation. This does not include the West Haven Specific Plan. As planned for by the City and discussed in the attached WSA, agricultural properties are projected to decrease with the conversion of Ontario Ranch to non-agricultural activities (WSA Figures 5 and 6). Table 3-7 of the attached WSA also forecasts declines in recycled water use by agriculture, reaching zero use by 2040. As of 2020, there are 20 agricultural recycled water irrigation sites (2020 Annual Report to DDW). The proposed subdivision is not anticipated to have adverse impacts on the shared water supply source because the 2020 UWMP has incorporated planned future declines in agricultural use in the water demand projections, which includes declines in private wells and conversion to OMUC supplies.

In regard to industrial uses, they are currently (2020) the third most common land use type in the City (after Agricultural, Multi-Use at 21.2 percent, and Residential at 19.3 percent), making up approximately 5,498 acres or 17.3 percent of the total (AKM 2020, p. 2-5). The ultimate citywide land use plan (*The Ontario Plan 2010)* plans for an increase of business parks and industrial uses to cover about 7,818 acres or 24.6 percent at buildout (AKM 2020, p. 2-7). Further, the 2020 UWMP citywide projections in the attached WSA show potable water use by industrial uses increasing from 2,078 AFY in 2020 (WSA Table 2-2) to 3,728 AFY in 2040 (WSA Table 2-3) and industrial use of recycled water is projected to increase from 986 AFY in 2020 to 3,680 AFY in 2045 (WSA Table 3-7). As of 2020, there are three industrial recycled water sites (2020 Annual Report to DDW). The proposed subdivision is not anticipated to have adverse impacts on the shared water supply source because the 2020 UWMP water demand

projections have accounted for future increases in potable and recycled water use by industrial uses, in addition to other uses.

For each acre of agricultural land that converts to urban use, the initial Safe Yield of the appropriative pool member serving the converted land is increased by 2 acre-feet. In addition, properties that were on private wells are expected to connect to OMUC infrastructure. Therefore, OMUC's share of the Safe Yield will continue to increase as Ontario Ranch develops, concurrent with a decline in private wells in the Chino Basin.

1.7 Priority to Proposed Lower Income Housing Projects

Pursuant to Gov. Code section 65589.7, the determinations made by the WV shall be consistent with the obligation of a public water system to grant a priority for the provision of available and future water resources or services to proposed housing developments that help meet the City's (or County's) share of the regional housing needs for lower income households.

The 2020 UWMP states that the City has considered the demographic factors of severely low-income earners, single-parent families, large families, seniors, people with disabilities, and homeless persons "which can affect the City's water management planning" (p. 3-7). Further, the 2020 UWMP indicates that lower income residential demands are included in water use projections (*ibid,* p. 4-12).

The following excerpt from the "City of Ontario New Model Colony Specific Plan Policy Matrix" located in the *Draft West Haven Specific Plan Amendment* describes the Project's consistency with applicable policies from the City General Plan Housing Element (p. A-35):

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
3.6 & 3.7 Affordable Housing					
3.6.1	Designate sufficient vacant land with maximum densities high enough to facilitate the development of housing affordable to lower-income households.	X			
Comments:	*Specific Plan will comply with applicable affordable housing policies and implementation ordinances.*				
3.7.1	The Plan includes the provisions for affordable to very low, low, and moderate income households.		X		
Comments:	*The Plan will accommodate housing needs of moderate income households*				
3.7.2	The Plan implements housing programs that comply with the State of California Housing and Community Development requirements, and ensures compliance and attainment of the regional housing need assessment "affordable" unit target.	X			
Comments:	*Specific Plan will comply with the State of California Housing and Community Development requirements.*				

Excerpt from West Haven Specific Plan Amendment (pp. A-35, A-36)

1.8 Verification That Relies on Groundwater

Law

Gov. Code Sec. 66473.7 (h)

> *Where a water supply for a proposed subdivision includes groundwater, the public water system serving the proposed subdivision shall evaluate, based on substantial evidence, the extent to which it or the landowner has the right to extract the additional groundwater needed to supply the proposed subdivision. Nothing in this subdivision is intended to modify state law with regard to groundwater rights.*

Section 4 of the attached WSA describes OMUC's legal right to extract groundwater from the Chino Basin.

1.9 Finding of Sufficient Water Supply

As depicted in Table 3-2 and Table 3-3 of the attached WSA, the City's 2020 and ultimate total water supply (39,921 AFY in FY 19/20 and 73,668 AFY in 2045, respectively) are sufficient to meet the existing and anticipated water demands from its

service area including the proposed Project's additional combined potable and recycled water demand of 113 AFY (WSA Table 2-5). Based on the analysis herein and the attached WSA, OMUC finds that "sufficient water supply" is available to support the projected subdivisions within the West Haven Specific Plan Amendment area as it is currently described herein.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING FILE NO. PSPA21-004, A SPECIFIC PLAN AMENDMENT FOR THE FOLLOWING CHANGES: [I] DESIGNATE PLANNING AREA 1 WITH MEDIUM DENSITY RESIDENTIAL LAND USES CONSISTENT WITH THE ONTARIO PLAN 2050 (TOP) POLICY PLAN (GENERAL PLAN) LAND USE MAP; [II] INCREASE THE NUMBER OF ALLOWED UNITS WITHIN PLANNING AREA 1 FROM 173 DWELLING UNITS TO 451 DWELLING UNITS; [III] INCREASE THE PLANNING AREA 1 DENSITY RANGE FROM 6.07 DU/AC TO 15.08 DU/AC; [IV] REVISE THE ALLOWED LAND USES WITHIN PLANNING AREA 1 FROM DETACHED COURTYARD AND 4,000 SQUARE FOOT LOTS TO DETACHED COURTYARD AND ATTACHED HOMES; [V] DESIGNATE PLANNING AREA 3 WITH LOW MEDIUM DENSITY RESIDENTIAL LAND USES CONSISTENT WITH TOP 2050 POLICY PLAN LAND USE MAP; [VI] INCREASE THE NUMBER OF ALLOWED UNITS WITHIN PLANNING AREA 3 FROM 92 DWELLING UNITS TO 203 DWELLING UNITS; [VII] INCREASE THE PLANNING AREA 3 DENSITY RANGE FROM 4.57 DU/AC TO 10.1 DU/AC; [VIII] REVISE THE ALLOWED LAND USES WITHIN PLANNING AREA 3 FROM 4,950 SQUARE FOOT LOTS TO DETACHED AND ATTACHED HOMES; [IX] DECREASE THE PLANNING AREA 3 ACREAGE FROM 20.12 ACRES TO 19.17 ACRES; AND [X] VARIOUS CHANGES TO THE SPECIFIC PLAN LAND USE MAP (PLANNING AREAS) DEVELOPMENT STANDARDS, EXHIBITS, AND TEXT MODIFICATION, TO REFLECT THE PROPOSED LAND USE CHANGES TO BE CONSISTENT WITH THE ONTARIO PLAN 2050 POLICY PLAN, AND MAKING FINDINGS IN SUPPORT THEREOF—APNS: 0218-151-48 AND 0218-151-10.

WHEREAS, LEWIS MANAGEMENGT CORP. (hereinafter referred to as "Applicant") has filed an Application for the approval of a Specific Plan Amendment, File No. PSPA21-004, as described in the title of this Resolution (hereinafter referred to as "Application" or "Project"); and

WHEREAS, the Application applies to 202 acres of land within the West Haven Specific Plan bounded by Riverside Drive to the north, Schafer Avenue to the south, Haven Avenue to the east, and the SCE Utility corridor and Turner Avenue to the west, within the West Haven Specific Plan, and presently contains vacant, agricultural, and residential land uses; and

WHEREAS, the properties to the north are zoned Creekside Specific Plan and Low Density Residential (2.1 to 5.0 du.ac) and are developed with single-family homes. The properties to the south are zoned Low Density Residential (2.1 to 5.0 du/ac) and Medium Density Residential (11.1 to 25.0 du/ac) under The Avenue Specific Plan and are developed with single-family and multi-family homes. The property to the east is zoned Low Density Residential (0 to 5 du/ac), Low Medium Density Residential (5.1 to 12 du/ac),

Medium Density Residential (12.1 to 25 du/ac), Open Space – Non-Recreation, and Public Park under the Rich Haven Specific Plan and include vacant and multi-family developed properties. The property to the west is zoned Utility Corridor and Low Density Residential (2.1 to 5.0 du/ac) and is developed with single family homes; and

WHEREAS, on July 17, 2007, the City Council adopted Ordinance No. 2870, approving the West Haven Specific Plan (File No. PSP03-006), establishing a master plan for the development of 202 acres of land, inclusive of the Project site; and

WHEREAS, the Application was submitted to amend the land use designation and development standards of Planning Area 1 and Planning Area 3 of the West Haven Specific Plan; and

WHEREAS, the Application request consists of designating Planning Area 1 with Medium Density Residential land uses consistent with The Ontario Plan 2050 ("TOP") Policy Plan (General Plan) Land Use Map; increasing the number of allowed units within Planning Area 1 from 173 dwelling units to 451 dwelling units; increasing the Planning Area 1 density range from 6.07 du/ac to 15.08 du/ac; revising the allowed uses within Planning Area 1 from Detached Courtyard and 4,000 square foot lots to Detached Courtyard and Attached Homes; designating Planning Area 3 with Low Medium Density Residential land uses consistent with TOP 2050 Policy Plan Land Use Map; increasing the number of allowed units within Planning Area 3 from 92 dwelling units to 203 dwelling units; increasing the Planning Area 3 density range from 4.57 du/ac to 10.1 du/ac; revising the allowed uses within Planning Area 3 from 4,950 square foot lots to Detached and Attached Homes; decreasing the Planning Area 3 acreage from 20.12 acres to 19.17 acres; and various changes to the Specific Plan land use map (Planning Areas), development standards, exhibits, and text modification, to reflect the proposed land use changes to be consistent with The Ontario Plan 2050 Policy Plan; and

WHEREAS, the West Haven Specific Plan Environmental Impact Report (State Clearinghouse No. 2004071095) was certified on January 16, 2007 (hereinafter referred to as "Certified EIR"), in which development and use of the Project site was discussed; and

WHEREAS, the Planning Director of the City of Ontario prepared and approved for attachment to the certified Environmental Impact Report, an Addendum to the Certified EIR (hereinafter referred to as "EIR Addendum") in accordance with the requirements of the California Environmental Quality Act of 1970, together with State and local guidelines implementing said Act, all as amended to date (collectively referred to as "CEQA"); and

WHEREAS, the environmental impacts of this project were thoroughly analyzed in the EIR Addendum, which concluded that implementation of the Project could result in a number of significant effects on the environment that were previously analyzed in the Certified EIR, and that the Certified EIR identified mitigation measures that would reduce each of those significant effects to a less-than-significant level; and

WHEREAS, the City's "Local Guidelines for the Implementation of the California Environmental Quality Act (CEQA)" provide for the use of a single environmental assessment in situations where the impacts of subsequent projects are adequately analyzed; and

WHEREAS, the Application is a project pursuant to the California Environmental Quality Act — Public Resources Code Section 21000 et seq. — (hereinafter referred to as "CEQA") and an EIR Addendum has been prepared to determine possible environmental impacts; and

WHEREAS, Ontario Development Code Table 2.02-1 (Review Matrix) grants the City Council the responsibility and authority to review and act on the subject Application; and

WHEREAS, the Project has been reviewed for consistency with the Housing Element of the Policy Plan component of The Ontario Plan 2050, as State Housing Element law (as prescribed in Government Code Sections 65580 through 65589.8) requires that development projects must be consistent with the Housing Element, if upon consideration of all its aspects, it is found to further the purposes, principals, goals, and policies of the Housing Element; and

WHEREAS, the Project is located within the Airport Influence Area of Ontario International Airport, which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties, and is subject to, and must be consistent with, the policies and criteria set forth in the Ontario International Airport Land Use Compatibility Plan (hereinafter referred to as "ALUCP"), which applies only to jurisdictions within San Bernardino County, and addresses the noise, safety, airspace protection, and overflight impacts of current and future airport activity; and

WHEREAS, City of Ontario Development Code Division 2.03 (Public Hearings) prescribes the manner in which public notification shall be provided and hearing procedures to be followed, and all such notifications and procedures have been completed; and

WHEREAS, on June 27, 2023, the Planning Commission of the City of Ontario conducted a hearing to consider the EIR Addendum and the Project, and concluded said hearing on that date, voting to issue Resolution No. PC23-048, recommending the City Council adopt the EIR Addendum, and voting to issue Resolution No. PC23-049, recommending the City Council approve the Application; and

WHEREAS, as the first action on the Project, on July 18, 2023, the City Council issued a Resolution adopting the EIR Addendum, finding that the proposed Project introduces no new significant environmental impacts and applying all previously adopted mitigation measures to the Project, which were incorporated by reference; and

WHEREAS, on July 18, 2023, the City Council of the City of Ontario conducted a hearing to consider the Project, and concluded said hearing on that date; and

WHEREAS, all legal prerequisites to the adoption of this Resolution have occurred.

NOW, THEREFORE, IT IS HEREBY FOUND, DETERMINED, AND RESOLVED by the City Council of the City of Ontario, as follows:

SECTION 1. ***Housing Element Compliance.*** Pursuant to the requirements of California Government Code Chapter 3, Article 10.6, commencing with Section 65580, as the decision-making body for the Project, the City Council finds that based upon the facts and information contained in the Application and supporting documentation, at the time of Project implementation, the project is consistent with the Housing Element of the Policy Plan (General Plan) component of The Ontario Plan, as the project site is not one of the properties in the Housing Element Sites Inventory contained in Tables B-1 and B-2 of the Housing Element Technical Report.

SECTION 2. ***Airport Land Use Compatibility Plan ("ALUCP") Compliance.*** The California State Aeronautics Act (Public Utilities Code Section 21670 et seq.) requires that an Airport Land Use Compatibility Plan be prepared for all public use airports in the State; and requires that local land use plans and individual development proposals must be consistent with the policies set forth in the adopted Airport Land Use Compatibility Plan.

On April 19, 2011, the City Council of the City of Ontario approved and adopted the Ontario International Airport Land use Compatibility Plan, establishing the Airport Influence Area for Ontario International Airport, which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties, and limits future land uses and development within the Airport Influence Area, as they relate to noise, safety, airspace protection, and overflight impacts of current and future airport activity. As the decision-making body for the Project, the City Council has reviewed and considered the facts and information contained in the Application and supporting documentation against the ONT ALUCP compatibility factors, including [1] Safety Criteria (ONT ALUCP Table 2-2) and Safety Zones (ONT ALUCP Map 2-2), [2] Noise Criteria (ONT ALUCP Table 2-3) and Noise Impact Zones (ONT ALUCP Map 2-3), [3] Airspace protection Zones (ONT ALUCP Map 2-4), and [4] Overflight Notification Zones (ONT ALUCP Map 2-5). As a result, the City Council, therefore, finds and determines that the Project, when implemented in conjunction with the conditions of approval, will be consistent with the policies and criteria set forth within the ONT ALUCP; and

SECTION 3. ***Concluding Facts and Reasons.*** Based upon the substantial evidence presented to the City Council during the above-referenced hearing, and upon the specific findings set forth in Sections 1 and 2, above, the City Council hereby concludes as follows:

(1) ***The proposed Specific Plan, or amendment thereto, is consistent with the goals, policies, plans and exhibits of the Vision, Policy Plan (General Plan), and City Council Priorities components of The Ontario Plan.*** The proposed Specific Plan Amendment is consistent with the Vision, Policy Plan (General Plan), and City Council Priorities components of The Ontario Plan 2050, in that the Specific Plan Amendment contributes towards the legislative framework for the implementation of The Ontario Plan components, guiding growth and development within the Project area to achieve optimum results from the City's physical, economic, environmental, and human resources.

(2) ***The proposed Specific Plan, or amendment thereto, would not be detrimental to the public interest, health, safety, convenience, or general welfare of the City.*** The development standards and guidelines established by the proposed Specific Plan Amendment have been created with the intent to safeguard and further the public interest, health, safety, convenience, and/or general welfare, and to ensure that the purposes of The Ontario Plan 2050 and the proposed Specific Plan Amendment, are maintained.

(3) ***In the case of an application affecting specific properties, the proposed Specific Plan, or amendment thereto, will not adversely affect the harmonious relationship with adjacent properties and land uses.*** The location of the proposed Specific Plan Amendment, and the proposed conditions under which future developments will be constructed and maintained, is consistent with the Policy Plan component of The Ontario Plan 2050 and the City's Development Plan, and, therefore, will not adversely affect the harmonious relationship with adjacent properties and land uses.

(4) ***In the case of an application affecting specific properties, the subject site is physically suitable, including, but not limited to, parcel size, shape, access, and availability of utilities, for the request and anticipated development.*** The proposed Specific Plan Amendment has been reviewed by all City departments, which have established that the project site is physically suitable for the anticipated development in terms of parcel size, shape, and availability of utilities.

SECTION 4. ***City Council Action.*** Based upon the findings and conclusions set forth in Sections 1 through 3, above, the City Council hereby APPROVES the herein described Application.

SECTION 5. ***Indemnification.*** The Applicant shall agree to defend, indemnify and hold harmless, the City of Ontario or its agents, officers, and employees from any claim, action or proceeding against the City of Ontario or its agents, officers or employees to attack, set aside, void, or annul this approval. The City of Ontario shall promptly notify the applicant of any such claim, action, or proceeding, and the City of Ontario shall cooperate fully in the defense.

SECTION 6. ***Custodian of Records.*** The documents and materials that constitute the record of proceedings on which these findings have been based are located at the City of Ontario City Hall, 303 East "B" Street, Ontario, California 91764. The custodian for these records is the City Clerk of the City of Ontario.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

SECTION 1
INTRODUCTION

1.1 Specific Plan Purpose

The West Haven Specific Plan (Project, Project Site) provides land use concept, design guidelines, and development regulations for an integrated mixed use project that includes residential neighborhoods, a neighborhood center commercial use area, open space and recreational uses. The West Haven Specific Plan document defines the methods and requirements for development of the project to ensure that The Ontario Plan (TOP) ~~City of Ontario, New Model Colony (NMC) Ontario Ranch General Plan Amendment (GPA)~~ requirements are implemented.

The West Haven Specific Plan, when adopted, will serve as a legal document, which defines and implements the Land Use Designations of:

- Residential Medium Density
- Residential Low Medium Density
- Residential Low Density
- Neighborhood Center
- Elementary School
- ~~Neighborhood Park~~

It will serve as the zoning for the Project Site. The West Haven Specific Plan serves as a "blueprint" for development by establishing the distribution of land use and the criteria for development of each land use as set forth herein. The West Haven Specific Plan establishes the development requirements and guidelines to be applied to each land use contained within the Project Site area.

Tentative Tract(s) / Parcel Map(s) and/or Development Plans (C.U.P., Plot Plans, etc.) will be prepared and submitted to the City pursuant to the applicable provisions of the State of California Subdivision Map Act (Government Code Section 66410 through 66499), the City of Ontario Subdivision Ordinance and be consistent with the applicable provisions contained within the West Haven Specific Plan. The Subdivision Maps/Development Plans will be submitted for City review and approval prior to development of the Project Site.

1.2 Authority for the Specific Plan

State of California Code, Title 7, Division 1, Chapter 3, Article 8, Section 65450-57 grants authority to cities to adopt Specific Plans for purposes of implementing the goals and policies of their General Plans. The Government Code states that Specific Plans may be adopted either by resolution or by ordinance and may be amended as often as deemed necessary by the legislative body. No Specific Plan may be adopted or amended unless the proposed plan or amendment is consistent with the General Plan. The Government Code sets forth the minimum requirements and review procedures for Specific Plans, including provisions of a Land Use Plan, Infrastructure and Public Services Plan, criteria and standards for development and implementation measures. The Government Code also states that Specific Plans may address any other subjects which, in the judgment of the City, are necessary or desirable for implementation of the TOP ~~General Plan~~.

Following adoption by the City of Ontario of the ~~New Model Colony (NMC)~~ Ontario Ranch General Plan Amendment (GPA), the Project Site was pre-zoned as SP/AG (Specific Plan/ Agricultural Preserve). The zoning designation of "SP" requires the project area to be developed with a Specific Plan to carry out the objectives of the ~~New Model Colony~~ Ontario Ranch General Plan land uses.

The West Haven Specific Plan is designed to meet the requirements of the ~~State of~~ California Government Code and The ~~City of Ontario's NMC~~ Ontario Ranch General Plan. The City of Ontario will adopt the West Haven Specific Plan by resolution thereby establishing the zoning regulations for the development of the Project Site. The requirements of the Specific Plan shall take precedence over the City of Ontario Development Code. In instances where the West Haven Specific Plan does not address specific zoning requirements, development standards or guidelines, the City of Ontario Development Code shall prevail.

The West Haven Specific Plan is the major component in the City's entitlement process that will result in the future development of the master planned community. The components of the development entitlement process for the Project are discussed within the West Haven Specific Plan document.

1.3 Background

The West Haven Specific Plan mixed residential and commercial community is located in the City of Ontario, in what was formerly the ~~approximate 8,200-acre~~ City of Ontario Sphere of Influence (SOI). Refer to ***Exhibit 1-1, "Regional Context Map"*** and ***Exhibit 1-2, "Vicinity Map."*** ~~On January 7, 1998, the City of Ontario adopted the New Model Colony General Plan Amendment (GPA) setting forth a comprehensive strategy for the future development of the SOI. The SOI was annexed into the City of Ontario in November 1999, and is now was referred to as the New Model Colony (NMC), but since has been renamed Ontario Ranch. The regional location of the West Haven Specific Plan area is illustrated in~~

~~The West Haven Specific Plan is proposed as a master planned, single-family detached and attached residential and Neighborhood Center Commercial development with approximately 202 total gross acres.~~

~~The project area consists of ten (10) parcels with six (6) separate ownerships, and is being developed by four (4) separate developers at this time, Armada LLC, Richland Communities, SC Ontario Development Corporation and Stratham Properties, Inc. Approximately 11.7 gross acres will be developed in the future as Neighborhood Center Commercial. Exhibit 1-3, "Existing Assessor's Parcels, Developers and Property Ownership" illustrates this information.~~

On January 7,1998, the Ontario City Council adopted the Sphere of Influence General Plan Amendment for the 8,069-acre area known as the "The New Model Colony" (NMC). On November 30, 1999, the area was annexed into the City of Ontario. The New Model Colony General Plan provided the framework to create a high-quality environment where residents will live, work and play. The area was divided into 30 subareas,

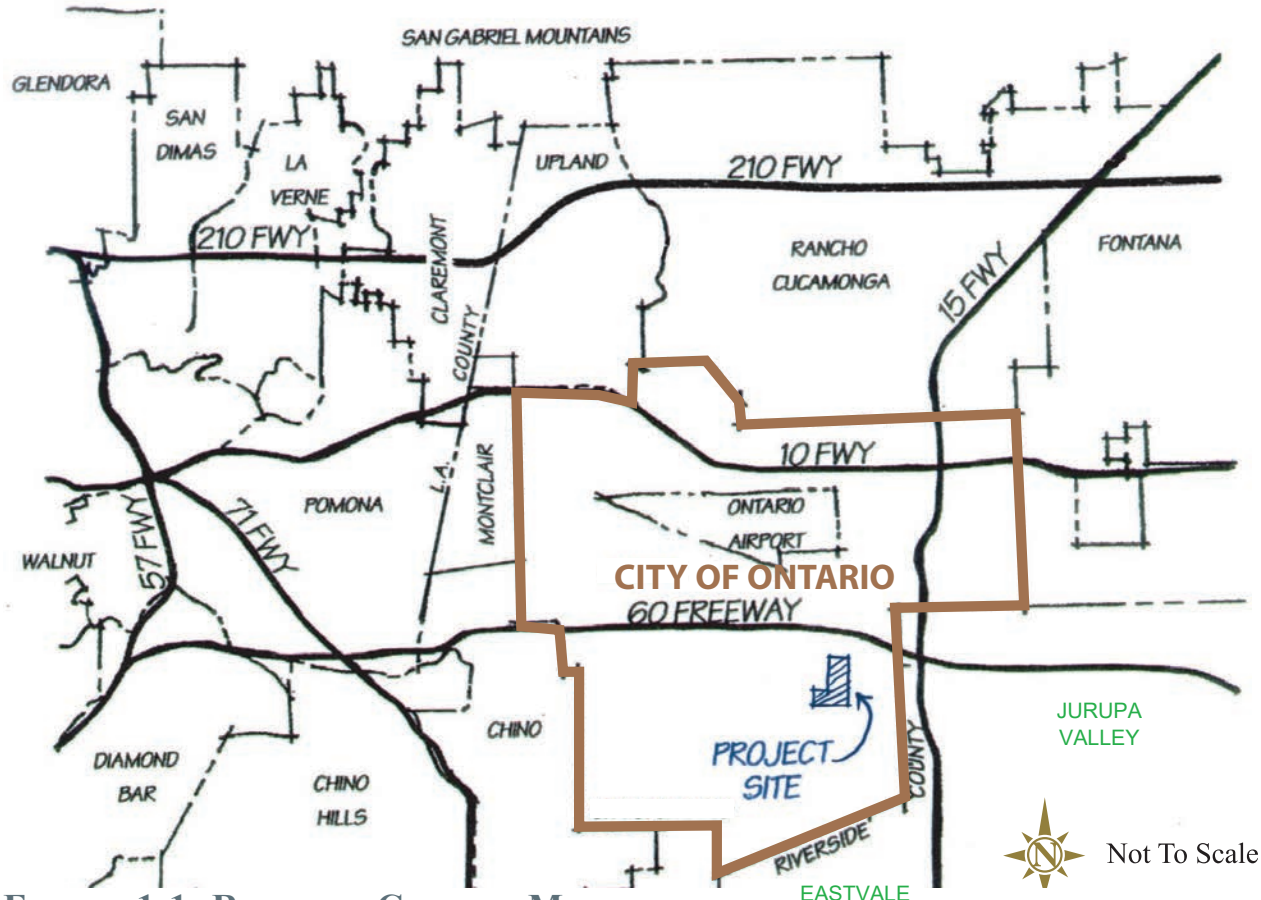

EXHIBIT 1-1: REGIONAL CONTEXT MAP

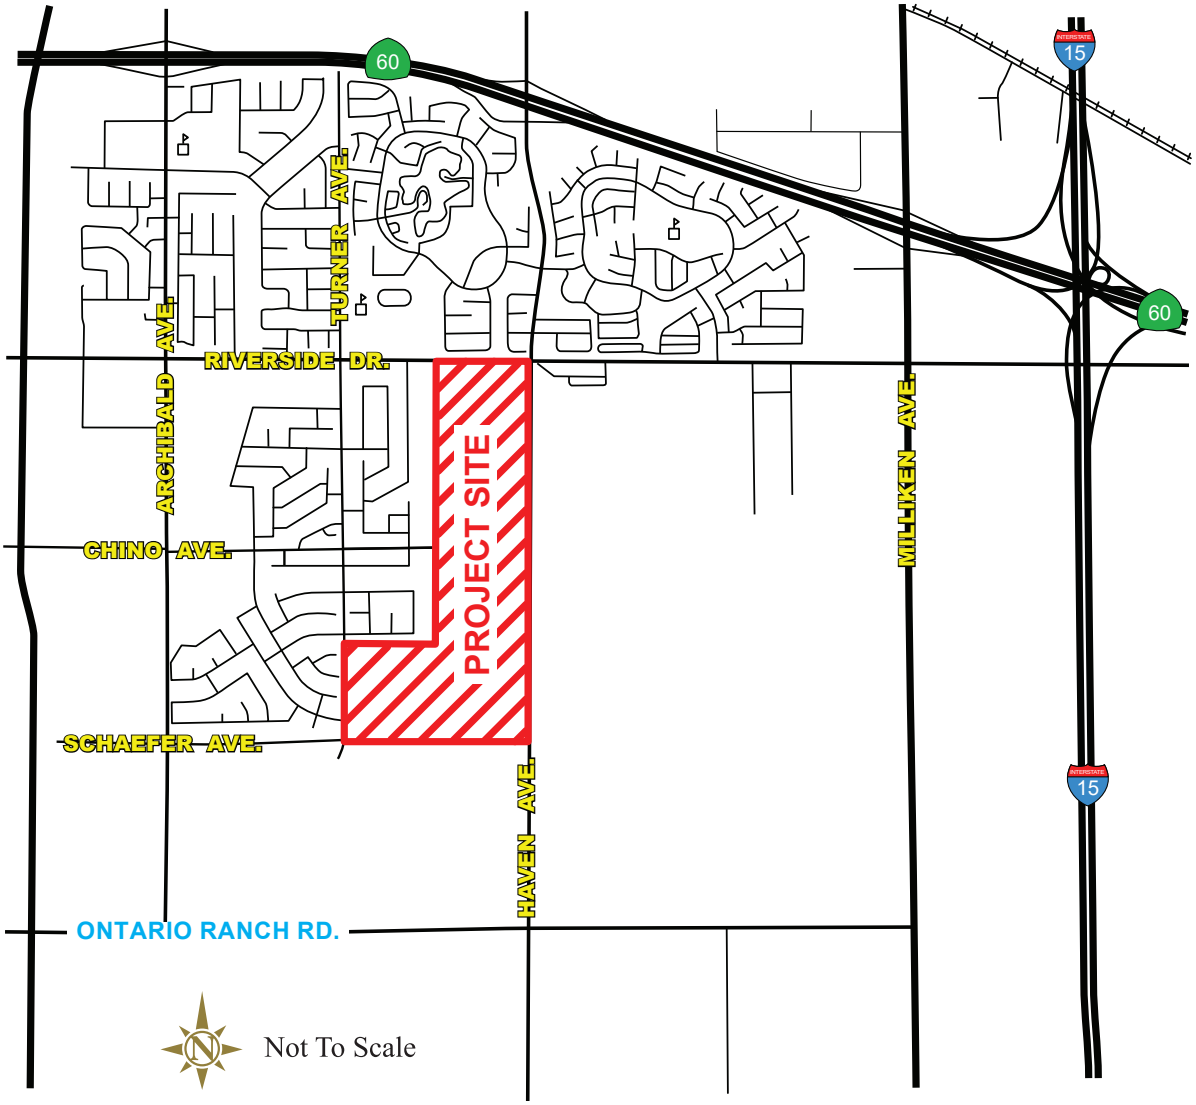

EXHIBIT 1-2: VICINITY MAP

each requiring the preparation of a specific plan reflecting the unique goals and qualities of each area. In this way, each subarea could be part of the overall New Model Colony but retain a sense of individuality.

Following the adoption of the New Model Colony General Plan, the Project Site was pre-zoned as SP/AG (Specific Plan/Agricultural Preserve). The zoning designation of "SP" requires the project area to be developed with a Specific Plan to carry out the objectives of the New Model Colony General Plan land uses.

On January 26th, 2010, the City of Ontario adopted The Ontario Plan (TOP) which serves as the City's new business plan and includes a long-term Vision and a principle based Policy Plan (General Plan). The City's Policy Plan, which acts as the City's General Plan, designates (Policy Plan Exhibit LU-1 - Land Use Plan) the project site for development of Low Density Residential (2.1-5.0 dwelling units per acre), Low Medium Residential (5.1-11.0 dwelling units per acre), Medium Density Residential (11.1-25.0 dwelling units per acre), Neighborhood Commercial, Public Schools, and Open Space- Parkland, as illustrated on Exhibit 1-4, "Policy Plan Land Use Map."

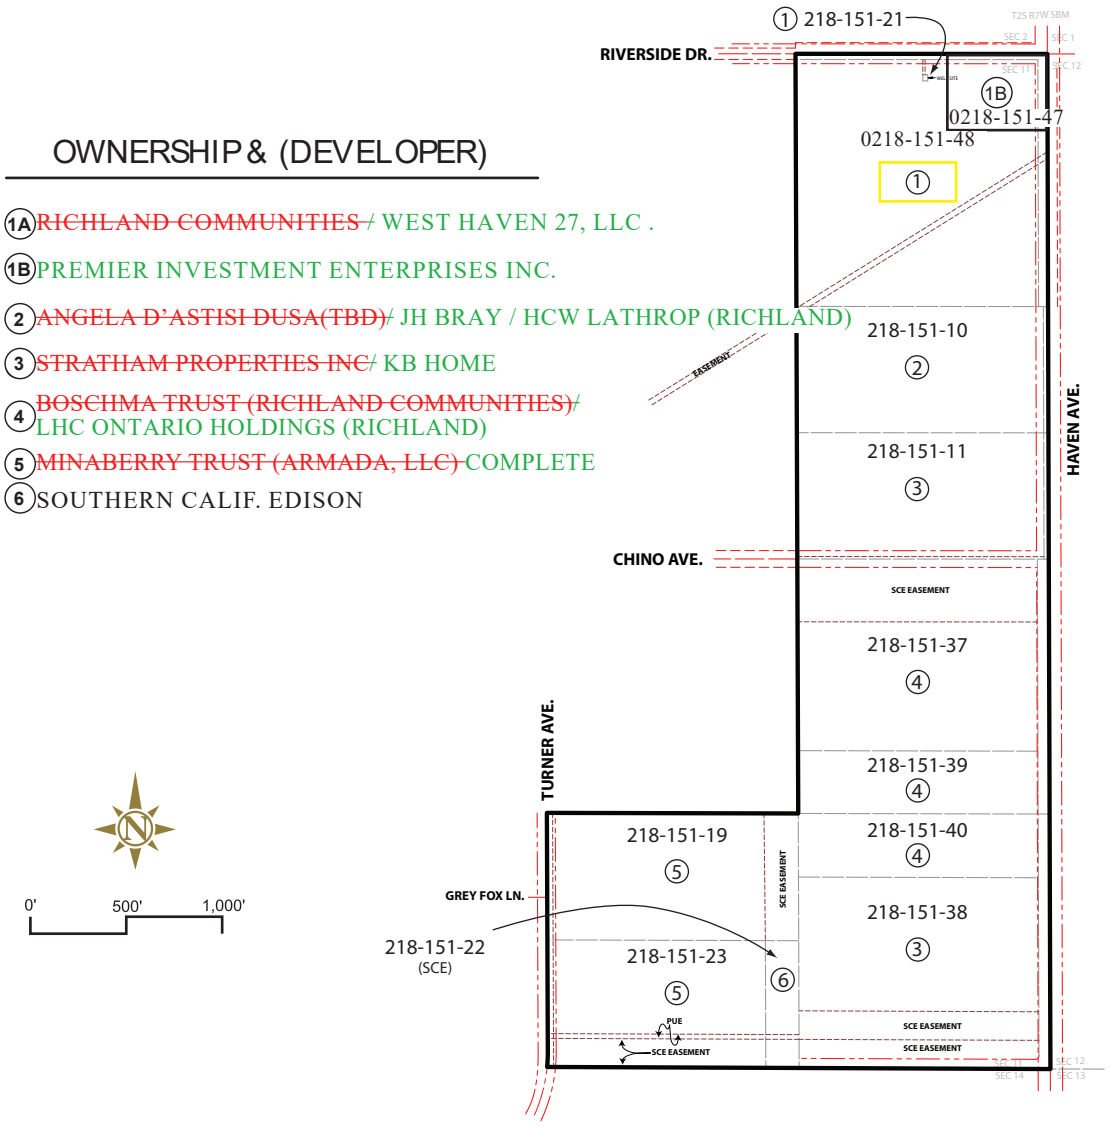

EXHIBIT 1-3: EXISTING ASSESSOR'S PARCELS, DEVELOPERS, AND PROPERTY OWNERSHIP

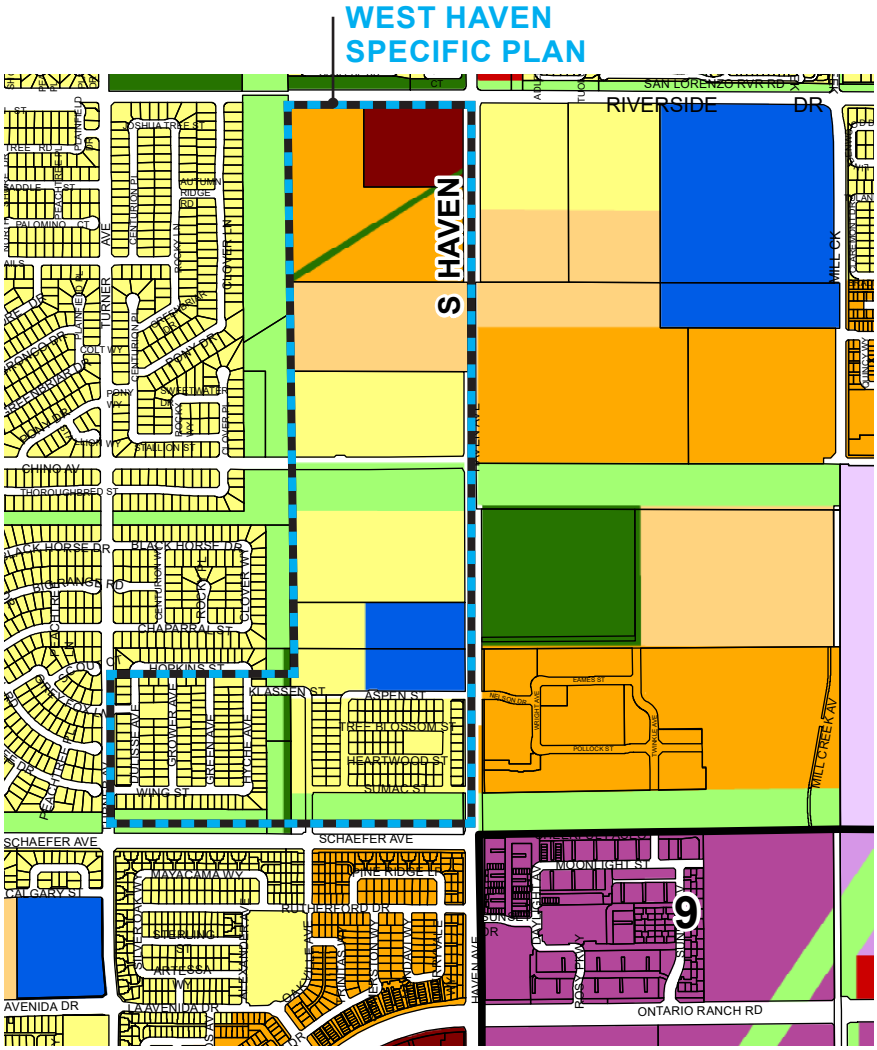
~~The West Haven Specific Plan consists of portions of the New Model Colony Subareas 6 and 12 Ontario Plan, west of Haven Avenue. The City of Ontario has indicated that the NMC The Ontario Ranch Land Use Plan designations within Subareas 6 and 12 for the area west of Haven Avenue would allow for a total of 753 dwelling units as illustrated on~~

Refer to ***Exhibit 1-4, "~~Subareas 6 and 12 Residential Allocation Exhibit~~ Policy Plan Land Use Plan"*** and ***Table 1-1, "Residential Density."*** Please refer to ***Section 2.2.6, "Existing General Plan Land Use and Zoning"*** for more detailed information.

1.4 Project Description



The West Haven Specific Plan is a comprehensive plan for the development of a mixed-use community with Planned Residential Sites that will accommodate ~~753~~ ~~1,322~~ 1,284 dwelling units on approximately ~~146.9~~ 157.72 residential acres; Neighborhood Center on approximately 11.7 gross acres, an elementary school site on 10 net acres~~, a five (5) net acre Neighborhood Park~~, and approximately 10 acres of paseos and pocket parks within the Specific Plan community and the adjacent utility easements. The combination of these master planned uses truly makes this a mixed-use development.

Original Breakdown – Subarea 6			
	D.U. Acreage[2]	Total Acreage	D.U. Allowed
East of Haven	98	60.0%	495

Total		**~~151.87~~ 157.72 AC**	**~~753 DU~~ 1,142 DU**	**~~4.96~~ 7.52 DU/AC**

Notes:

* *Residential Gross Acres = Gross Acres less Southern California Edison Easements (Master Planned Street R/W and Neighborhood Edge uses within the Southern California Edison Easements are included within the Residential Gross Acreages).*

~~** *PA 1 Low and Medium Density Residential AC's are approximate (as calculated by 80 DU / 12.0 DU/AC = 6.67 AC; Low Density Residential AC = 28.52 Gross AC - 6.67 AC = 21.85 AC).*~~

*** *As indicated by the City, the 5 AC Neighborhood Park Acreage is to be included as Low Density AC*

DU: Dwelling Units

Table 1-1 **RESIDENTIAL DENSITY** (As Amended 2022)

The ~~City of Ontario NMC General Plan Amendment~~ Ontario Plan establishes a bike route system connecting the West Haven Specific Plan to planned bike routes within the remainder of ~~the New Model Colony~~ Ontario Ranch. A Class I Bike Path is designated to be included within the improved right-of-way of Haven Avenue and within the north-south Edison Easement and fee owned property that are within and adjacent to the westerly boundary of the Project Site. The bike paths will eventually connect to the planned City of Ontario bike route system consistent with the ~~NMC General Plan~~ The Ontario Plan.

A primary landscape entry monumentation area is to be constructed at the intersection of Riverside Drive and Haven Avenue (southwesterly corner).

Secondary landscaped entry monumentation will be constructed at the intersection of Haven and Chino Avenues at both northwesterly and southwesterly corners.

1.5 West Haven Specific Plan Goals and Objectives

The West Haven Specific Plan proposes to meet the following objectives and addresses the following issues.

- To provide an integrated quality mixed-use Planned Residential and Neighborhood Center community of appropriate density and lot sizes, supported by landscaped open spaces, landscaped pedestrian and bike paseos, elementary school, Neighborhood Park and recreational uses.

- To provide six (6) distinct yet blended residential neighborhoods with a variety of housing types, including single-family detached, courtyard, and attached/detached alley loaded residences, on lot sizes ranging from 2,800 square feet to 6,000 square feet.
- To provide for adequate planning, financing and implementation mechanisms for infrastructure and community facilities to serve the master planned community.
- To establish appropriate relationships with existing adjacent commercial and residential land uses.
- To integrate existing and proposed commercial areas into the community fabric via pedestrian links and walkways.
- To provide for a circulation network which promotes pedestrian walkways and bicycle activity as alternative modes of travel while also providing for safe and efficient movement of automobile travel through the Project Site. This includes:
  a. A major paseo linking all areas of the site and connecting recreation spaces within the community. The paseo network will also link to the ~~NMC's~~ Ontario Ranch master planned residential paseo system and to regional destinations.
  b. Creation of a formal primary entry, at the intersection of Haven Avenue and Riverside Drive.
  c. Creation of formal secondary entries at the intersection of Haven and Chino Avenues.
- To incorporate, active recreation sites for both residential and commercial communities linked by the paseo system.
- To provide a well-integrated retail area at the corner of Riverside Drive and Haven Avenue allowing community residents' convenient pedestrian access to employment opportunities and day-to-day shopping and service establishments.
- To locate surface parking areas within the proposed Neighborhood Center and to screen them from adjacent residential uses by a landscaped pedestrian paseo or suitable landscaped setback buffer.• To include well-landscaped streetscape and sidewalk connections to provide alternative and/or secondary pedestrian connections parallel to Riverside Drive, Haven, Turner and Chino Avenues.
- To ensure that the development of the project addresses pertinent ~~City of Ontario NMC~~ The

Ontario ~~General~~ Plan policies and objectives.

- To establish a unique character for the West Haven Specific Plan community area through the implementation of Design Guidelines and Development Standards specifically prepared for the West Haven development.
- To establish neighborhood linkages to connected portions of the West Haven Specific Plan.

1.6 Relationship of the Specific Plan to the City of Ontario General Plan

Please refer to ***Appendix I, "General Plan Consistency"***.

1.7 CEQA Compliance

Prior to the adoption of the ~~GPA for the NMC~~ TOP, the City of Ontario certified a program level Environmental Impact Report identifying environmental impacts associated with the activities proposed for ~~the NMC~~ Ontario Ranch and established mitigation measures for future activities. A project level Environmental Impact Report (EIR), prepared by the City of Ontario for the West Haven Specific Plan, in accordance with the California Environmental Quality Act (CEQA) and City requirements, will provide a more detailed analysis of potential environmental impacts associated with the specific development project proposed for the Project Site. The EIR prepared for the West Haven Specific Plan should address the potential environmental factors associated with the project and recommend mitigation measures to reduce impacts to a less than significant level. The EIR will be prepared to fulfill the requirement for environmental determinations for all subsequent discretionary and ministerial applications for development within the West Haven Specific Plan. The City of Ontario will prepare a Fiscal Impact Analysis to accompany the EIR for the Specific Plan to determine the project's fiscal impact.

1.8 Severance

If any regulation, condition, program or portion of the West Haven Specific Plan is held invalid or unenforceable, such portions shall be deemed separate, distinct and independent provisions and the invalidity of such portions or provisions shall not affect the validity and enforceability of the remaining portions and provisions therein.

SECTION 2
EXISTING PROJECT SITE CONDITIONS

2.1 Site History

The Project Site is part of an 8,200 acre area annexed into the City of Ontario on November 30, 1999. The approximate 202 acre West Haven Specific Plan area has historically been used for agricultural purposes. Agricultural activities have included dairy farming, vineyards and row crop production.

2.2 Existing Project Site Conditions

The Project Site is gently sloping approximately 2% to the southwest with approximately 50 feet of fall diagonally from the northeasterly corner to the southwesterly corner. Refer to ***Exhibit 2-1, "Existing West Haven Topography,"*** which details the terrain. Detention basins are found throughout the Project Site. These are used to detain dairy rinse wastewater and rain runoff.

2.2.1 Existing Land Use

Dairy farm operations are found throughout the Project Site. Ancillary uses such as feed lots, feed storage, dairy cattle pens, feed crop growing areas and residences associated with dairy operations are found within the area. The portion adjacent to Turner Avenue was utilized for vineyard use but is now vacant. There is an existing horticulture nursery located approximately 1,245 feet south of the intersection of Haven Avenue and Riverside Drive.

Surrounding land uses are as follows:

North:	Single Family Residential and Par 3 Golf Course
South:	Dairy Farming and Residences
East:	Dairy Farming, Crops, Nursery and Residences
West:	Residences, Utility Corridor and Nursery

North: Single Family Residential ~~and Par 3 Golf Course~~

South: ~~Dairy Farming and~~ Single Family Residences

East: ~~Dairy Farming, Crops, Nursery and Residences~~ Undeveloped Land and Residential

West: Single Family Residences, and Utility Corridor ~~and Nursery.~~

Existing on-site and surrounding land uses are depicted on ***Exhibit 2-2, "Existing On-site and Surrounding Land Uses."***

2.2.2 Existing Environmental Conditions

2.2.2(a) Geology and Soils

The Program EIR prepared for the City's GPA for the ~~NMC~~ Ontario Ranch identifies the approximately 8,200 acre ~~NMC~~ Ontario Ranch area, including the Project Site, as underlain by Pleisocene age (older than 12,000 years) and Holocene age (less than 12,000 years old) alluvial deposits. The youngest superficial deposit is eolian sands (Qhs), comprising wind-blown sands having fine to medium-sized grains. These loose sands form sheets and low-dune deposits that have been stabilized by vegetation. These deposits are exposed in the eastern portion of the NMC area, including the Project Site, and extend westward to an area defined generally by a diagonal line extending from Harrison Avenue, within Riverside County, on the south to Vineyard Avenue on the north.

It is expected that most of these materials will be uncemented and subject to consolidation when saturated under structural loads. Erosion potential is considered high. Foundation and backfill suitability should be satisfactory with proper over-excavation, mixing with a finer-grained binder material and compaction.
Soils reports were prepared for several properties within the West Haven Specific Plan confirming soils types. These reports are in the Appendix as follows: ***Appendix II***, under separate cover, ***"Engineering Geologic and Soils Foundations Investigation;" Appendix III***, under separate cover, ***"Due-Diligence Geotechnical Study;" Appendix IV***, under separate cover, ***"Phase I Environmental Site Assessment;"*** and ***Appendix V***, under separate cover, ***"Due Diligence Review of Geotechnical Data."***

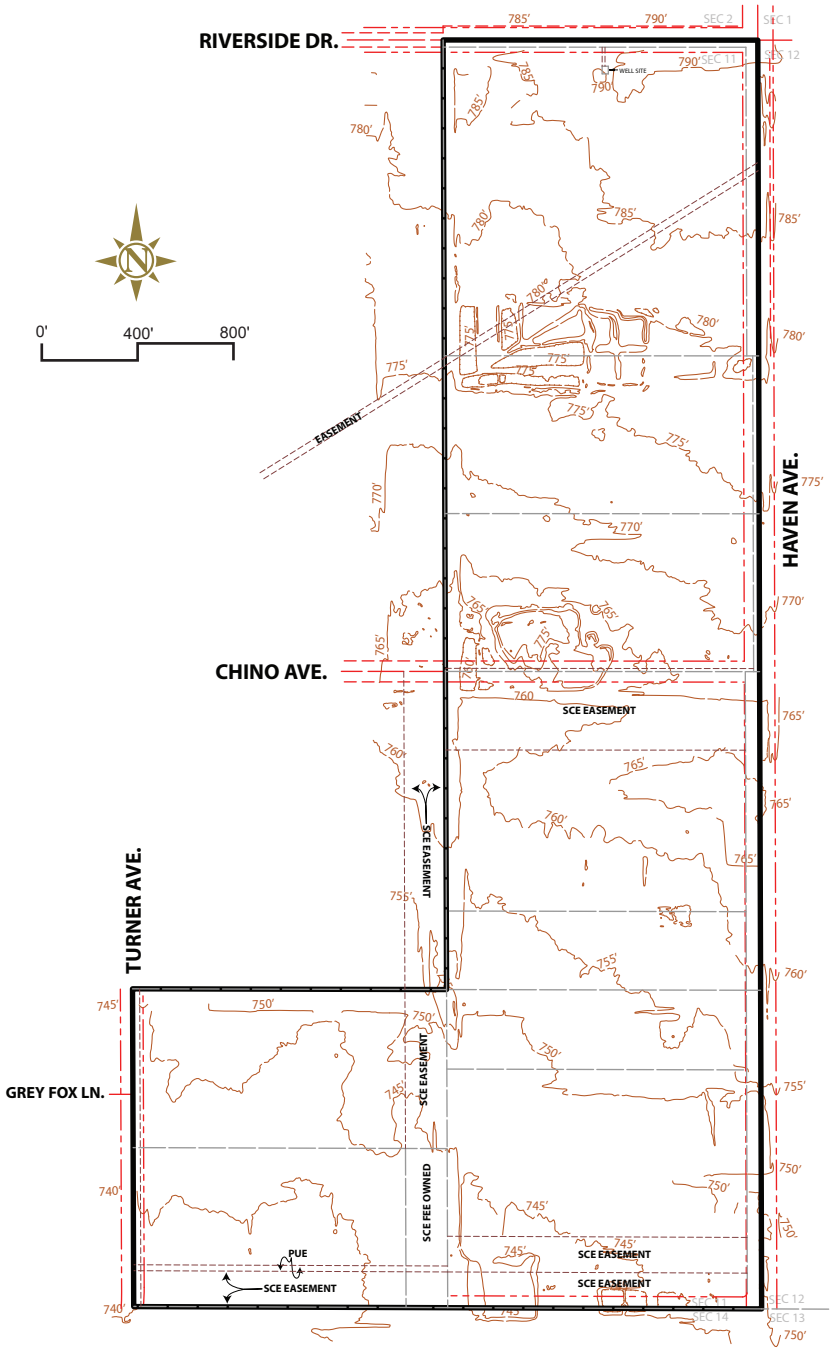

Exhibit 2-1: **EXISTING WEST HAVEN TOPOGRAPHY**

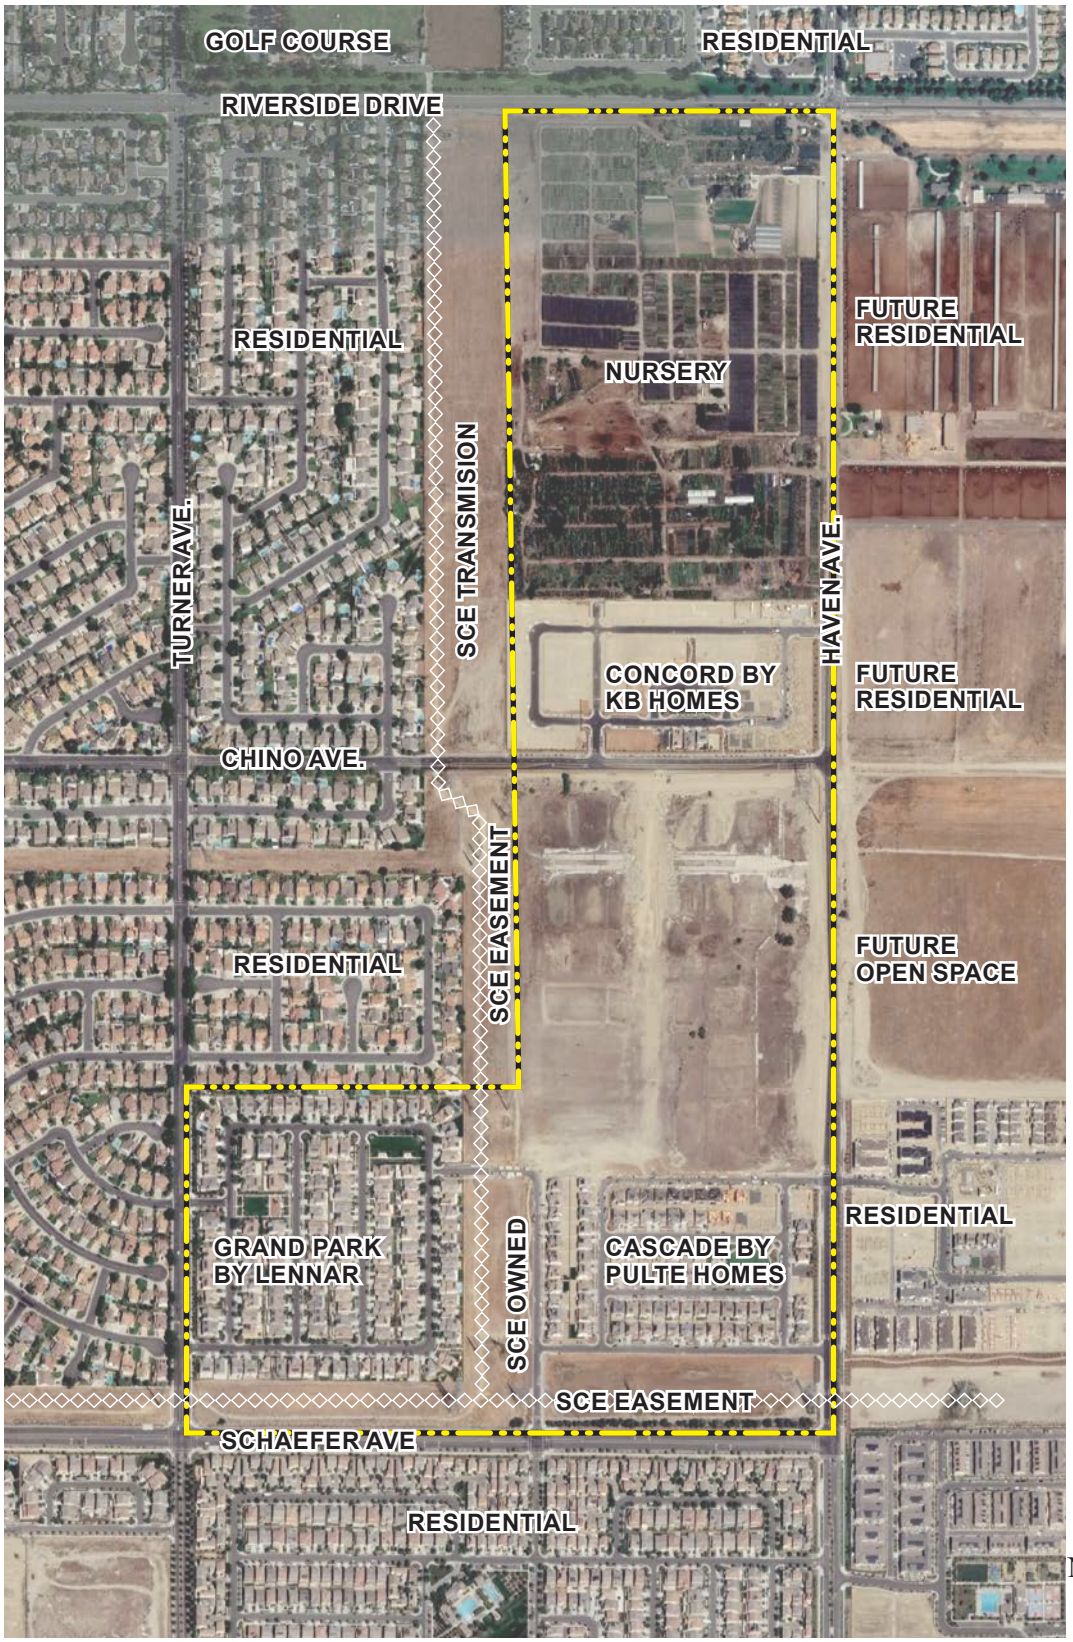

Exhibit 2-2 EXISTING ON-SITE AND SURROUNDING LAND USES

Please see the Environmental Impact Report, as prepared for the West Haven Specific Plan, for further details.

2.2.2(b) Seismicity

The Program EIR prepared for the City's GPA for the NMC identified numerous earthquake faults within a 50 mile radius of the Project Site. Major mapped faults include, but are not limited to, the Chino, Whittier-North Elsinore and Cucamonga Faults. For the "Maximum Probable Earthquake" (MPE), defined as the 100-year event normally considered in the design of non-critical structures, the values range from about 0.13 to 0.20 g (i.e., the unit force of gravity). In the design of certain critical or important facilities such as hospitals and dams, the "Maximum Credible Earthquake" (MCE) event is considered. For the three faults, the MCE should yield an estimated peak horizontal acceleration in the range of 0.33 to 0.52 g.

A zone of concentrated, relatively low-magnitude seismicity extends to the southwest from the San Jacinto fault zone (Rialto-Colton branch) along what is referred to as an "inferred fault near Fontana." Where the "inferred fault" (Fontana trend) stops, this zone of micro-seismicity continues in a southwesterly to westerly direction, terminating in the ~~NMC~~ Ontario Ranch area. It is expected that the MPE for this fault structure could produce horizontal accelerations in the range of 0.3 to 0.5g. More distant faults are capable of larger earthquakes with a higher probability of occurrence. The San Andreas Fault is expected to generate a MCE event every 150 to 200 years, yielding a peak horizontal ground acceleration of approximately 0.21 to 0.26 g.

In accordance with the "Uniform Building Code" (UBC), the West Have Specific Plan area is located within Seismic Zone No. 4. UBC procedures have been designed to ensure that all subsequent development occurs in a safe manner relative to those known hazards.

Leighton and Associates, Inc. prepared a ***"Due-Diligence Geotechnical Study"*** for Centex Homes on November 15, 2002 (See ***Appendix III***, under separate cover). The study states; *"The principle seismic hazard that could affect the site is ground shaking resulting from an earthquake occurring along several major active or potentially active faults in Southern California."*Associated Soils Engineering, Inc. prepared a ***"Due Diligence Review of Geotechnical Data"*** for Centex Homes on April 21, 2004 (See ***Appendix V***, under separate cover). The study states; *"the subject project is not located within an Alquist-Priolo Earthquake Fault Zone."*

Additional seismicity information for the Project Site is identified as part of the West Haven EIR.

2.2.2(c) Hydrology

Since most of the West Haven Specific Plan area has been in agricultural use, only a limited portion of the Project Site is now covered with impervious surfaces. Normal rainfall to the area is able to percolate through on-site soils and does not result in high volumes of surface runoff, as typically associated with urban areas. During periods of heavy rainfall, when ground surfaces are saturated, surface runoff sheet flows in a south to southwesterly direction.

With the exception of major flood control channels such as the Cucamonga Channel, intended primarily to carry urban runoff, the existing storm drain system throughout the ~~NMC~~ Ontario Ranch area is generally unimproved and consists primarily of open earthen swales along area roadways or curbed roadway surfaces.

Ground waters within the ~~NMC~~ Ontario Ranch, as a whole, contain high concentrations of salt attributable to historic agricultural activities such as dairy farming. The high organic content of on-site soils has contributed incrementally to the degradation of surface and ground water quality. Removal of the organic materials that constitute by-products of those dairy operations, and compliance with National Pollution Discharge Elimination System (NPDES) and other storm water permit requirements; will beneficially impact regional water quality.

Leighton and Associates, Inc. prepared a ***"Due-Diligence Geotechnical Study"*** (See ***Appendix III***, under separate cover). The study states, regarding groundwater; *"Groundwater was not encountered during our field investigation to a maximum depth of*

10 feet below the ground surface."
LOR Geotechnical Group, Inc. prepared the ***"Engineering Geologic and Soils Foundations Investigation"*** (See ***Appendix II***, under separate cover). The study states; *"Groundwater was not encountered in any of our exploratory trenches or borings which ranged in depth from 15 feet to 50."*

LOR Geotechnical Group, Inc. prepared the ***"Phase I Environmental Site Assessment"*** for JMS Properties (See ***Appendix IV***, under separate cover) and states that; *"The site lies within the Chino Groundwater Basin. Significant portions of the basin have been affected by elevated concentrations of nitrate and total dissolved solids as a result of the long-term agricultural and dairy activities in the area. Pesticides are not a contaminant in the groundwater."*

Please see the Environmental Impact Report, as prepared for the West Haven Specific Plan, for further details.

2.2.2(d) Historic and Archeological

The Program EIR prepared for the City's GPA for the ~~NMC~~ Ontario Ranch identifies the approximately 8,200 acre ~~NMC~~ Ontario Ranch area as associated with the northern extent of the Prado Basin and includes portions of the historic Rancho Santa Ana del Chino. The majority of known resources identified within the ~~NMC~~ Ontario Ranch area can be associated with the post-rancho period and the development of the area as a late 19th century and early 20th century rural community.

Only a small portion of the overall study area has been systematically investigated for cultural resources. Therefore, virtually nothing is known with respect to the extent of prehistoric remains within the area. No cultural resources have been specifically identified with the study area. Therefore, there are no cumulative impacts identified at this time.

The Program EIR further states that the majority of the study area (90%) has not been formally investigated for the presence/absence of cultural resources. It is known that at least two pending historic archeological sites and another twenty historic structural locations may be located within the study area. Until proven otherwise, it must be presumed that the overall area is moderately sensitive for cultural resources.

Michael Brandman Associates prepared an ***"Archeological Resource Evaluation and Paleontological Records Search for the West Haven Specific Plan Project, Sub area 6 (West of Haven) and Subarea 12 (West of Haven), City of Ontario, San Bernardino County, California"*** for the Stratham Group, dated March 29, 2004 (refer to ***Appendix VI***, under separate cover). The study states; *"Because of the degradation of the topsoil after the dairies had been built, the potential for impacts to cultural resources is considered 'low'. Cultural mitigation-monitoring is not recommended."*

Please see the Environmental Impact Report, as prepared for the West Haven Specific Plan, for further details.

2.2.2(e) Biological

The Program EIR prepared for the City's ~~NMC~~ TOP ~~General Plan Amendment~~ states that the Sphere of Influence is currently dominated by agricultural fields, dairy operations, pastures and croplands. Remnants of native vegetation are virtually absent. According to Küchler's (1977) map of the potential natural vegetation of California, the Sphere of Influence area was historically dominated by coastal sage scrub vegetation. Windrows are prevalent along the internal roadways. Areas of intensive agricultural industry such as feedlots and permanent cattle holding pens are generally devoid of vegetation.

The Program EIR further states that the Ontario Sphere of Influence area has been greatly altered from natural conditions, under the influence of intensive agriculture and dairy industry. Despite these continuing land use practices, the Sphere of Influence area supports a diversity of wildlife, especially that of birds. This is due, in part, to the relatively level topography that contributes to the accumulation of standing water that attracts numerous migratory birds.

Larry Munsey International was retained by JMS Homes, LLC to conduct a presence/absence survey for the Delhi Sands Flower-Loving Fly (DSF) on Assessor's Parcel 218-151-11, 19, 20, 21, 23 and 38

(Survey Site), Ontario, California (see ***Appendix VII***, under separate cover, ***"Report of Year 2003 Focused Survey for Delhi Sands Flower-Loving Fly at West Haven Specific Plan Component 6 Site San Bernardino County, California;"*** see ***Appendix VIII***, under separate cover, ***"Report of Year 2003 Focused Survey for Delhi Sands Flower-Loving Fly at West Haven Specific Plan Component 1 Site San Bernardino County, California."*** Stratham Properties retained Larry Munsey International to conduct a presence/absence survey for the Delhi Sands FlowerLoving Fly (DSF) on Stratham's two parcels (the referenced Components 4 and 7 are now reclassified as Planning Areas 4 and 8). The reports have been done every year since 2002. See ***Appendix IX***, under separate cover, ***"Report of Year 2002 Focused Survey for Delhi Sands Flower-Loving Fly Components 4 and 7"*** and see ***Appendix X***, under separate cover, ***"Report of Year 2003 Focused Survey for Delhi Sands Flower-Loving Fly Components 4 and 7"***). The results and discussion of the four reports states:

> *"No DSF or DSF sign (i.e., discarded pupal cases) were observed on the Survey Site during the current survey, nor was the DSF detected on the site during the prior years survey (LMI 2002). Based upon the following factors it may be concluded that the Survey Site is not occupied by the DSF in any suitable habitat for the species present. The results of this and the former year's survey as reported herein satisfy the federal requirement to demonstrate the absence of the DSF on the Survey Site."*

2.2.2(f) Paleontological

The ***"Archeological Resource Evaluation and Paleontological Records Search"*** prepared for the Stratham Group, dated March 12, 2004, ***Appendix VI*** states;

> *"The results of the paleontological review showed that the entire project area rests on surface exposures of Quaternary younger fan deposits (Qyf) dating the late Holocene Epoch.*
> *This rock unit has low paleontological sensitivity. It is possible that older Pleistocene sedimentary rock units will be encountered at a depth of 15 feet below the modern ground surface. Paleontological resource monitoring is recommended if and only if excavations take place more than 15 feet below the modern ground surface."* Please see the Environmental Impact Report, as prepared for the West Haven Specific Plan, for further details.

2.2.3 Property Ownership

The approximate 202 acre Project Site is currently owned by six separate property owners as illustrated on ***Exhibit 1-3, "Existing Assessor's Parcels, Developers and Property Ownership"*** in ***Section 1*** of the ***West Haven Specific Plan***. Armada LLC, The Stratham Group, SC Ontario Development Corporation and Richland Communities, Inc. propose to immediately develop approximately 150 gross residential acres of the Project Site. The remaining approximate 20.1 gross residential acres and the 11.7 acre Neighborhood Center will be developed in the future.

2.2.4 Existing Circulation

State Route 60 (SR-60) is located approximately two-thirds of a mile north of the Project Site. Currently, access to SR-60 is north, via Haven Avenue. In addition, the Project Site is approximately 1.5 miles west of Interstate 15 (I-15). Current, direct access to I-15 is north, via Haven Avenue, then east on SR-60, approximately 1.5 miles. The two freeways provide regional access to the West Haven Specific Plan area.
The Project Site is bordered on the north by Riverside Drive, Master Planned as a "Standard Arterial" street in the City's ~~NMC General Plan~~ TOP. The north one-half of Riverside Drive has been improved by the development occurring to the north. The Project Site is bordered on the east by partially improved Haven

Avenue, designated in TOP ~~NMC General Plan~~ as a "Divided Arterial Parkway 2-2," and bordered partially on the west by Turner Avenue, which is designated as a "Collector Street" in TOP ~~NMC General Plan~~. Future Chino Avenue, master planned as a "Collector Street," is proposed to bisect the Project Site, east/west, approximately 0.5 mile south of the Riverside Drive and Haven Avenue intersection.

2.2.5 Existing Infrastructure and Utilities

2.2.5(a) Existing Water

Per the City of Ontario Water Master Plan, the West Haven Specific Plan area is within two pressure zones. That portion of the Specific Plan area, north of Chino Avenue, is within the 1010 Zone and that portion south of Chino Avenue is within the 925 Zone. Per the Water Master Plan, new facilities will be required to service the Specific Plan area.

There is an existing 10-inch water line and a 12-inch water line in Riverside Drive, an existing 12-inch water line in Turner Avenue and an existing 8-inch water line in Chino Avenue which terminates at the westerly boundary line of the Southern California Edison Company (SCE) easement lying on the west side of the West Haven Specific Plan boundary. These waterlines are included in the 1010 Pressure Zone.

On-site residential and agricultural uses within the Specific Plan Area are served by private wells. There are four existing wells on the Specific Plan Area as illustrated on ***Exhibit 2-3, "Existing Wells, Electricity, Natural Gas and Communication Systems."*** A well use/destruction plan and schedule for all existing private/agricultural wells shall be submitted for prior to issuance of permits for any construction activity. If a private well is actively used for water supply, the Developer shall submit a plan to abandon such well and connect users to the City's water system (residential to the domestic water system and agricultural to the recycled water system) when available. Well destruction requires permitting from County Health Department. A copy of such permit shall be provided to the Engineering and Public Works Agency prior to issuance of grading and/or building permits. If the Developer proposes temporary use of an existing agricultural well for purposes other than agriculture, such as grading, dust control, etc., the developer shall make a formal request to the City of Ontario for such use prior to issuance of permits for any construction activity. Upon approval, the Developer shall enter into an agreement with the City of Ontario and pay any applicable fees as set forth by the agreement.

2.2.5(b) Existing Sewer

Wastewater disposal within the Specific Plan Area is currently being provided through septic tanks. When the septic tanks are taken out of commission, they will be destroyed per Department of Health Services (DHS) requirements. There are two existing sewer lines in Riverside Drive. Both sewer lines are at capacity and discharge to the Whispering Lakes pump station which is also at capacity. There is an existing sewer system within the Archibald Ranch development, located westerly of the West Haven Specific Plan. The existing sewer system connects to a lift station on the east side of Archibald Avenue. A force main from the lift station extends northerly along Archibald Avenue to the Whispering Lakes Pump Station. The Archibald Ranch lift station is at capacity and cannot accept any additional sewer flows. Upon completion of the Eastern Trunk Sewer (Archibald Avenue), the lift station will be eliminated and the sewer system will discharge into the Eastern Trunk Sewer. Per the City of Ontario Sewer Master Plan, new facilities will be required to service the Specific Plan area.

2.2.5(c) Existing Storm Drain

There is an existing storm drain system adjacent to the Project Site, serving the Archibald Ranch Projects. This storm drain system outlets into Chris Basin which outlets into the Cucamonga Creek Channel. Approximately 15 acres of the Specific Plan area, adjacent to Turner Avenue, was tabled to drain to the existing Archibald Ranch storm drain. Upon further study of the capacity of the Archibald Ranch storm drain, it was determined that the storm drain is at ca-

pacity and cannot accept additional flows. When the Archibald Ranch storm drain was designed, the Rational Method from the old San Bernardino County Hydrology Manual was in use. The Rational Method has since been revised, which when used, results in a higher calculated runoff, (Q). There are no other permanent storm drainage facilities near the project which may be used for on-site storm flows.

The construction of the County Line Channel is a joint project of the City of Ontario and County of Riverside Flood Control District which began construction in May 2004. The channel will begin near the intersection of I-15 and Bellegrave Avenue, constructed within Bellegrave and will follow the Riverside/San Bernardino County line terminating in the Cucamonga Creek Channel.

The West Haven Specific Plan Project Site is protected from off-site flows from the north by a combination drainage swale and storm drain line constructed on the north side of Riverside Drive.

Per the City of Ontario Storm Drain Master Plan, new facilities will be required to service the Specific Plan area.

2.2.5(d) Existing Electricity

Southern California Edison Company (SCE) provides electricity to the Project Site. SCE has some overhead facilities in the area servicing the farms and dairies. The development of the West Haven Specific Plan area will increase electrical power requirements and SCE will develop the required distribution system. Existing overhead utilities—34.5 kV and lower—will be undergrounded when development occurs in compliance with City ordinance. Existing electrical lines are illustrated on ***Exhibit 2-3, "Existing Wells, Electricity, Natural Gas and Communication Systems."***

2.2.5(e) Existing Natural Gas

The Southern California Gas Company (SCG) provides natural gas service within the Project area. Facilities in the area include existing 3-inch and 6inch mains in Haven Avenue and a 6-inch line in Riverside Drive. It should be noted that a 30-foot gas easement runs diagonally across the Project Site, approximately 500 linear feet south of the intersection of Riverside Drive and Haven Avenue and exits the Project Site's westerly boundary, approximately 1,290 linear feet south of Riverside Drive. Existing natural gas lines are illustrated on ***Exhibit 2-3, "Existing Wells, Electricity, Natural Gas and Communication Systems."***

2.2.5(f) Existing Communication Systems

Verizon provides telephone service within the project area. Currently, telephone service is provided to the residences, dairies and farms in the area, as illustrated on ***Exhibit 2-3, "Existing Wells, Electricity, Natural Gas and Communication Systems."***

2.2.5(g) Existing Solid Waste

The City of Ontario Public Works Agency currently, by request, provides solid waste collection and disposal to the ~~NMC~~ Ontario Ranch.

~~2.2.6 Existing General Plan Land Use and Zoning~~

~~As previously noted, the City of Ontario adopted the New Model Colony GPA on January 7, 1998, which established General Plan Land Use Designations for the West Haven Specific Plan area consisting of Residential-Low Density, Residential-Medium Density, Elementary School, Neighborhood Center, Greenbelts, Parks and Neighborhood Park.~~

~~Following the adoption of the City of Ontario GPA for the NMC, the Project Site was pre-zoned as SP/AG (Specific Plan/Agricultural Preserve). The zoning designation of "SP" requires the project area to be developed with a Specific Plan to carry out the objectives of the New Model Colony General Plan land uses.~~

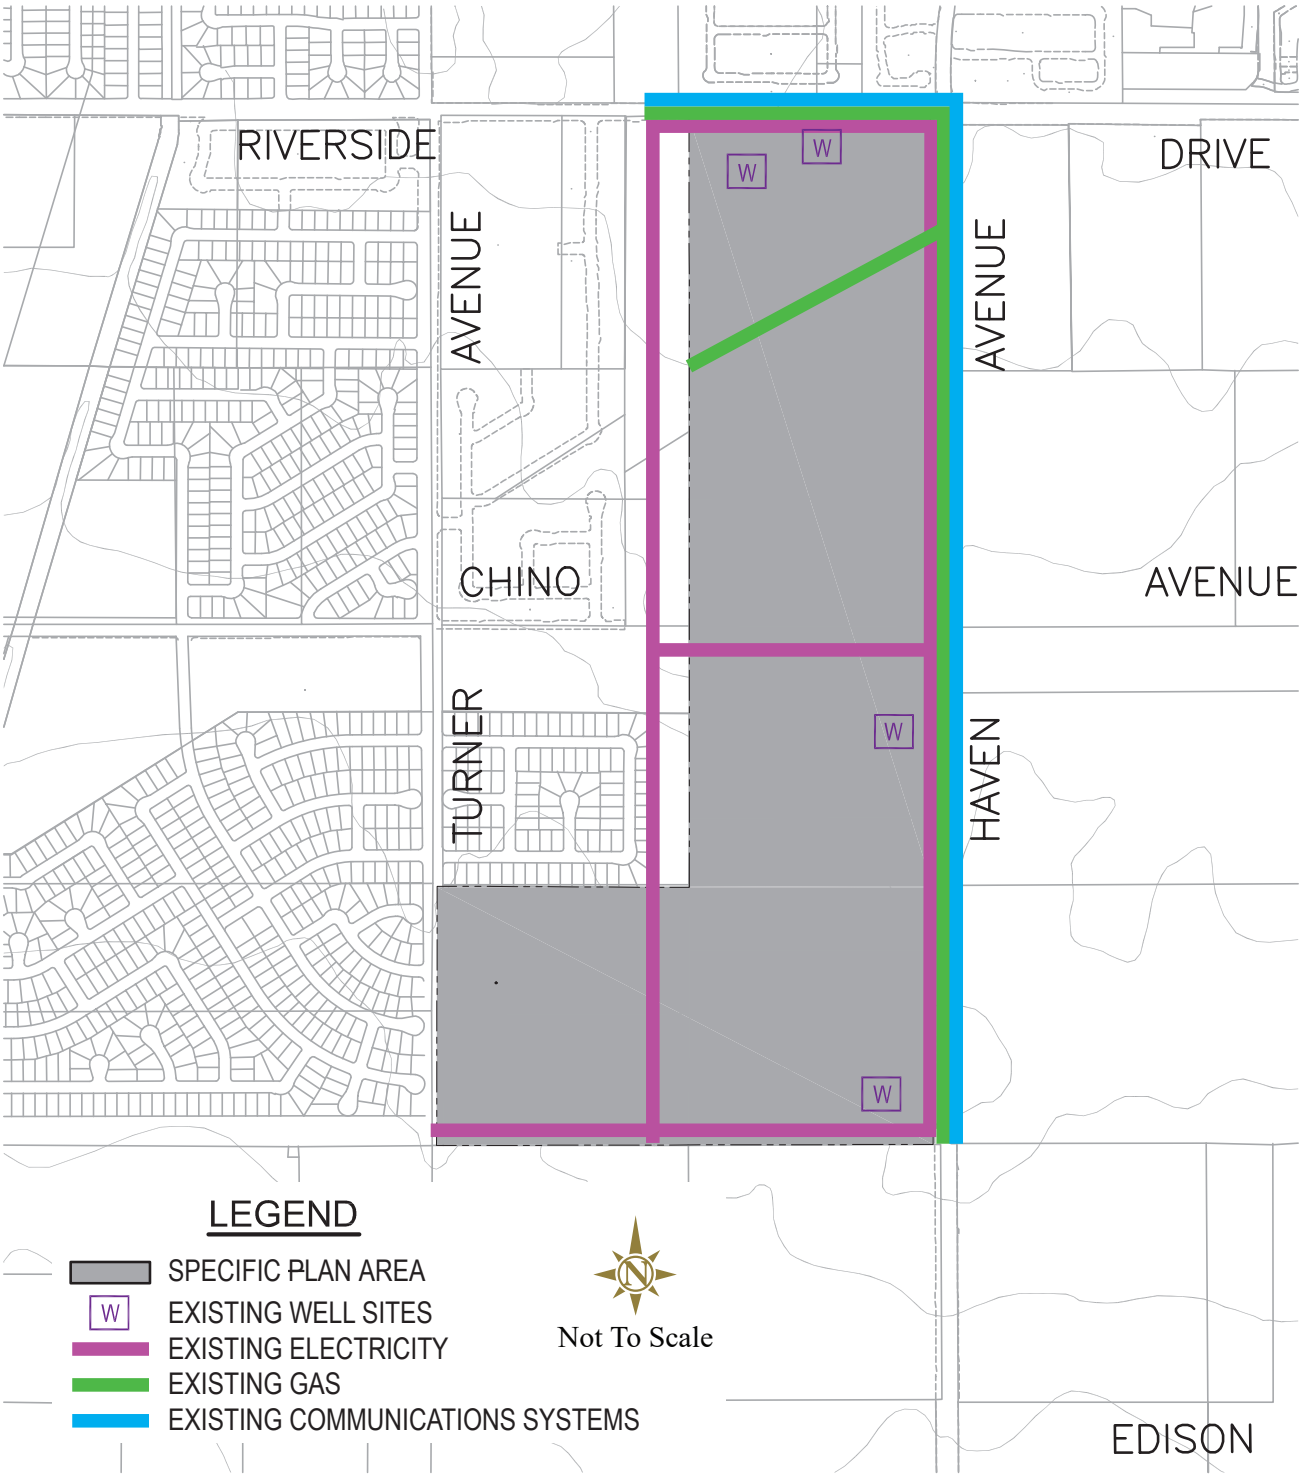

Exhibit 2-3: **EXISTING WELLS, ELECTRICITY, NATURAL GAS AND COMMUNICATION SYSTEMS**

SECTION 3
LAND USE PLAN

3.1 Land Use Plan Description

The West Haven Specific Plan is designed as a high quality, master-planned community. Through strong cohesive community design, the West Haven Specific Plan will offer a diverse, convenient living environment for its residents. The West Haven community amenities include expanded landscaped parkways and Neighborhood Edges, which will accommodate pedestrian and bicycle paths, as appropriate. In addition, a paseo system will provide recreational opportunities and alternative modes of transportation (pedestrian and bicycle) through the site, within the Southern California Gas and the Southern California Edison Easements, both on-site and offsite and within the various Planning Areas. ~~An elementary school and a five-acre Neighborhood Park will provide facilities for various forms of recreation.~~ Another significant feature of the proposed plan is the Neighborhood Center. Located at the southwest corner of Haven Avenue and Riverside Drive, designated as Planning Area 2, the Neighborhood Center provides service and retail shopping amenities for local residents. The Neighborhood Center is proposed to include approximately 87,000 square feet of commercial, public and quasi-public uses.

The West Haven community will be identified and unified through design elements, which includes architecture, signage, landscaping, color, walls, fencing and entry treatments. Variability of design will be allowed so individual neighborhoods, within the overall community, can establish individual design character, yet maintain compatibility with the West Haven master plan.

The ***"West Haven Land Use Plan"*** is illustrated in ***Exhibit 3-1***. The Project Site has been divided into ~~nine (9)~~ eight (8) Planning Areas. The boundaries of the Planning Areas were dictated by current property ownerships combined with different and distinctive types of land uses and residential densities to be developed within the West Haven Specific Plan. For specific information regarding development within each of the ~~nine (9)~~ eight (8) individual Planning Areas, please refer to ***Section 8, "Design Guidelines"*** and ***Section 9, "Development Standards."*** The proposed land uses are outlined in the following subsections:

3.1.1 Residential

The West Haven Specific Plan residential densities range from ~~4.86~~ Dwelling Units (DU)/Net Acre to 6.78 DU/Net Acre as depicted on ***Table 3-1, "Land Use Summary."*** Currently, ~~753~~ 1,142 dwelling units re proposed on approximately ~~146.9~~ 157.72 residential allocation acres of land located within Planning Areas 1, 3, 4, 5, 7, and 8~~, and 9~~. It is anticipated that the detached residential homes will be located on lots between 2,800 and 6,300 square feet in addition to a variety of attached configurations. ~~will be targeted for a variety of single-family detached and attached products~~. The architectural products include American Colonial, Italianate, American Farmhouse, Craftsman, East Coast Traditional, French Country, Monterey, Spanish, Plantation, and West Coast Traditional. ***Refer to Section 8.2.3, "West Haven Architectural Styles"*** for more details.

3.1.2 Neighborhood Center

The West Haven community will contain a "Neighborhood Center" on approximately 11.7 gross acres.

The Neighborhood Center is proposed to include an approximate 87,000 square feet of gross leaseable area which will support a supermarket, restaurants, retail shops, personal, professional and financial services and community and cultural facilities.

3.1.3 Greenbelt/Paseos and Landscaped Neighborhood Edges

The proposed Project Site will include a system of greenbelt/paseos, Neighborhood Edges and internal paseos containing pedestrian links. The paseos and edges link the West Haven community's neighborhoods to each other while providing alternative modes of travel (pedestrian, bicycle, etc.) to major destination points (schools, recreation facilities and the Neighborhood Center) within the community. The paseos generally follow existing easement corridors. Major roadways, shown on the West Haven Specific Plan, will also have Neighborhood Edges (expanded

(1) Gross Acres as calculated to street centerlines, including all easements.

~~(2) Net Acres for Planning Areas exclude all applicable items as listed under the Other Uses category.~~

Note: Refer to Table 1-1, "Residential Density," for City defined Residential Gross Density.

***Table 3-1:* LAND USE SUMMARY** (As Amended 2022)

parkways), as described in ***Section 4, "Circulation Plan."*** The greenbelt/paseo and Neighborhood Edge system will provide a major aesthetic and unifying amenity for the entire project. Multi-use trails will be provided along Haven Avenue and within the paseo system.

3.1.4 School Facility

Ten (10) net acres will be set aside for an elementary school site. The elementary school site is designated as Planning Area 7. Local streets, as well as the proposed paseo system, will provide access. Mountain View School District selected this site as their primary location for the elementary school.

~~3.1.5 Neighborhood Park~~

~~A five (5) net acre Neighborhood Park is designated as Planning Area 6, which is centrally located to serve residents of the West Haven community and surrounding areas. This park will include recreational facilities and related uses, such as a children's play area, a sports field and walkways/jogging trails.~~

~~The park shall contain amenities which may include play equipment, public restrooms, drinking fountains, benches and trash receptacles.~~

~~A portion of the park may serve as an interim detention basin until the ultimate facilities are completed.~~

3.1.6 Streets

Master planned streets will be constructed or improved in conjunction with the development of the proposed Project Site. On-site traffic will be directed to a hierarchical backbone master planned roadway system consisting of Divided Arterial Parkway 2-2 (Haven Avenue), Standard Arterial (Riverside Drive) and Collector streets (Turner and Chino Avenues) per the City of Ontario's *New Model Colony General Plan* exhibit, *"Circulation Plan and Roadway Classifications" (Figure 4-14).*

3.2 Specific Plan Design Objectives

Throughout the planning of the West Haven Specific Plan, the underlying design philosophy has been to create a community character and quality that reflects the characteristics of the region, the goals of the ~~New Model Colony General Plan Amendment~~ TOP and its surrounding community. The integration of site planning, architecture and landscape principles into neighborhood design is a fundamental goal for the West Haven community. ***Section 8, "Design Guidelines"*** and ***Section 9, "Development Standards"*** of this document includes a detailed discussion of the Design Criteria for the West Haven Specific Plan. Neighborhood Design Objectives include the following:

1. To ensure that the development of the project addresses pertinent ~~City of Ontario New Model Colony General Plan~~ TOP policies and objectives.
2. To establish a unique character for the West Haven Specific Plan area through the implementation of Design Guidelines and Development Standards specifically prepared for the development.
3. Create a high standard in neighborhood design and implement the standards consistently over the entire neighborhood.
4. To provide an integrated, quality Single-Family Planned Residential community of appropriate density and lot size within the Project Site, supported by open space, landscaped paseos and recreational uses.
5. To provide six (6) distinct yet blended residential neighborhoods with a variety of single-family and attached housing types, architectural styles and quality materials.
6. Provide small-scale intimate neighborhoods.
7. To create sub-neighborhoods within each community through varying distinguished housing themes.
8. Create attractive and comfortable streetscenes and streetscape.
9. To provide for a circulation network which promotes pedestrian walkways and bicycle activity as alternative modes of travel while also providing for safe and efficient movement of automobile travel through the Project Site. This includes:

a. A major community paseo linking all areas of the site and connecting recreation spaces within the community.

b. Creation of a primary entry at the intersection of Haven Avenue and Riverside Drive.

c. Formal secondary entries will be constructed at the intersection of Haven and Chino Avenues.

10. To include enhanced landscaped streetscape and sidewalk connections, via Neighborhood Edges. This will provide alternative pedestrian connections parallel with Riverside Drive, Haven, Turner and Chino Avenues.
11. Provide "local" open space (pocket parks) where neighbors can meet and children can play.
12. To incorporate active recreation sites for residential and communities linked by the community paseo system.
13. Reduce the appearance of "mass production" and "urban sprawl" in housing.
14. Create neighborhood designs that integrate architecture, site planning and landscape.
15. To provide for adequate planning, financing and implementation mechanisms for infrastructure and community facilities to serve the master planned community.
16. To establish appropriate relationships with future, adjacent commercial and residential land uses as illustrated on the ***SOI GPA Figure 3-5, "Land Use Concept Plan.***"
17. The project will comply with the requirements of the San Bernardino County Regional Water Quality Management plan through Site Design principles, Source Control measures and Treatment Control technology.
18. To integrate proposed retail commercial areas into the community fabric via pedestrian paseos and shared walkways.19. To provide well-integrated retail and commercial areas, adjacent to the intersection of Riverside Drive and Haven Avenue within the Project Site, allowing community residents' convenient pedestrian access to employment opportunities and day-to-day shopping and service establishments.
20. To locate the surface parking areas within the proposed Neighborhood Center and to screen them from adjacent residential uses by a landscaped pedestrian paseo or suitable landscaped setback buffer.

3.3 General Development Standards for Specific Plan Land Uses

The West Haven Specific Plan project is a combination of residential, commercial, open space and community uses and an extension of existing and planned development occurring in the ~~New Model Colony~~ Ontario Ranch area of Ontario. The specific land uses described will require infrastructure, public services and facilities and special techniques in each Planning Area to accommodate the uses proposed and to provide adequate circulation to neighboring uses.

Project-wide Development Standards have been prepared to manage implementation of general or unique conditions in each Planning Area. General standards are listed below. Specific Planning Area standards are detailed in ***Section 9, "Development Standards."***

1. Generally, the uses permitted shall include residential, commercial, recreation, school, open space and circulation.
2. The West Haven Specific Plan shall be developed to a maximum of ~~753~~ 1,142 dwelling units on approximately 151.9 residential Gross Acres (as depicted on ***Table 1-1, "Residential Density"***) and approximately 11.7 gross acres of Neighborhood Center.
3. Future uses shall be defined by the Development Standards established for this Specific Plan and will be entitled by tentative maps, development plans and use permits, as appropriate.4. The development of the property shall be in accordance with the mandatory requirements of all City of Ontario and state laws and shall conform substantially with the approved West Haven Specific Plan as filed in the office of the City of Ontario Planning Department, unless otherwise amended.
5. Any development standard not addressed in the West Haven Specific Plan shall be subject to the City of Ontario Development Code.

6. An environmental assessment, pursuant to the California Environmental Quality Act (CEQA), may be required for each tentative map, development plan, Specific Plan Amendment or any other discretionary permit required to implement the West Haven Specific Plan. At a minimum, the environmental assessment shall utilize the evaluation of impacts addressed in the EIR prepared for this Specific Plan.
7. Tentative maps shall be prepared in conformance with the Development Standards and Design Guidelines contained in this Specific Plan.
8. A Specific Plan Amendment may be required, as determined by the City of Ontario Planning Department, with a subsequent development application, if the proposed use varies substantially from the uses provided for by the Development Standards and Design Guidelines established by the West Haven Specific Plan.
9. Design features, such as special architectural treatments, perimeter and interior landscaping and walls and buffering of parking lot/loading zone areas shall be incorporated into project design to minimize any potential conflict between commercial uses and abutting residential development.
10. The proposed elementary school site location has been reviewed and conceptually approved through meetings with the Mountain View School District as the lead agency. Final approval, however, must be obtained from the state.11. Final development densities for each Planning Area shall be determined through the appropriate development application based upon, but not limited to the following:
    a. Adequate availability of utility services.
    b. Adequate access and circulation.
    c. Innovation in housing types, design or opportunities.
    d. Sensitivity to neighborhood design through appropriate lot and street layouts.
    e. Compliance with Development Standards and Design Guidelines.
12. All plans for proposed Public Park facilities shall be reviewed and approved by the City of Ontario Planning Director and Public Works Director or his designee prior to approval of the respective final map.
13. For the security and safety of future residents and users, any subsequent application for development within the West Haven Specific Plan, shall incorporate the following design concepts into site plans for individual planning areas:
    a. Adequate circulation for emergency and safety personnel and vehicles.
    b. Lighting of streets, walkways, bikeways, commercial areas and safety lighting within the various park facilities.
    c. Visibility of doors and windows from the street.
    d. Fencing heights and materials, including landscaping, that address security needs.
14. Overall project density shall not be exceeded.
15. The project shall comply with all City of Ontario curb-side recycling programs.
16. A preliminary noise study shall be included in the EIR, identifying potential mitigation measures. A final study shall be done at Final Map phase to identify those noise attenuation devices, such as fence types and construction materials, to mitigate noise from the surrounding roads to ensure the development is in compliance with the ~~NMC General Plan Amendment~~ TOP residential noise standards at buildout conditions.

SECTION 4
CIRCULATION PLAN

4.1 Circulation Plan Description

The main objective of the Circulation Plan is to provide direct and convenient access to individual residential planning areas, employment and service land uses through a safe and efficient transportation network including Divided Arterial Parkway 2-2, Standard Arterial, Collector and Interior Streets and a pedestrian, bicycle paseo/sidewalk system.

4.2 Vehicular Circulation

Existing roadways, which will provide access to and from the Project Site, include Riverside Drive (Standard Arterial Street) serving as the northerly boundary of the Project Site; Haven Avenue (Divided Arterial Parkway 2-2) serving as the easterly boundary of the West Haven community; Turner Avenue (Collector Street) serving as a partial westerly boundary and Chino Avenue (Collector Street) providing east/west access through the Project Site. Additionally, off-site regional access to and from the SR-60 Freeway will be from Archibald Avenue, located to the west, and Haven Avenue, serving as the eastern boundary of the West Haven Specific Plan. The design speed for each street is as follows:

Haven Avenue and Riverside Drive	45 mph
Chino Avenue and Turner Avenue	40 mph

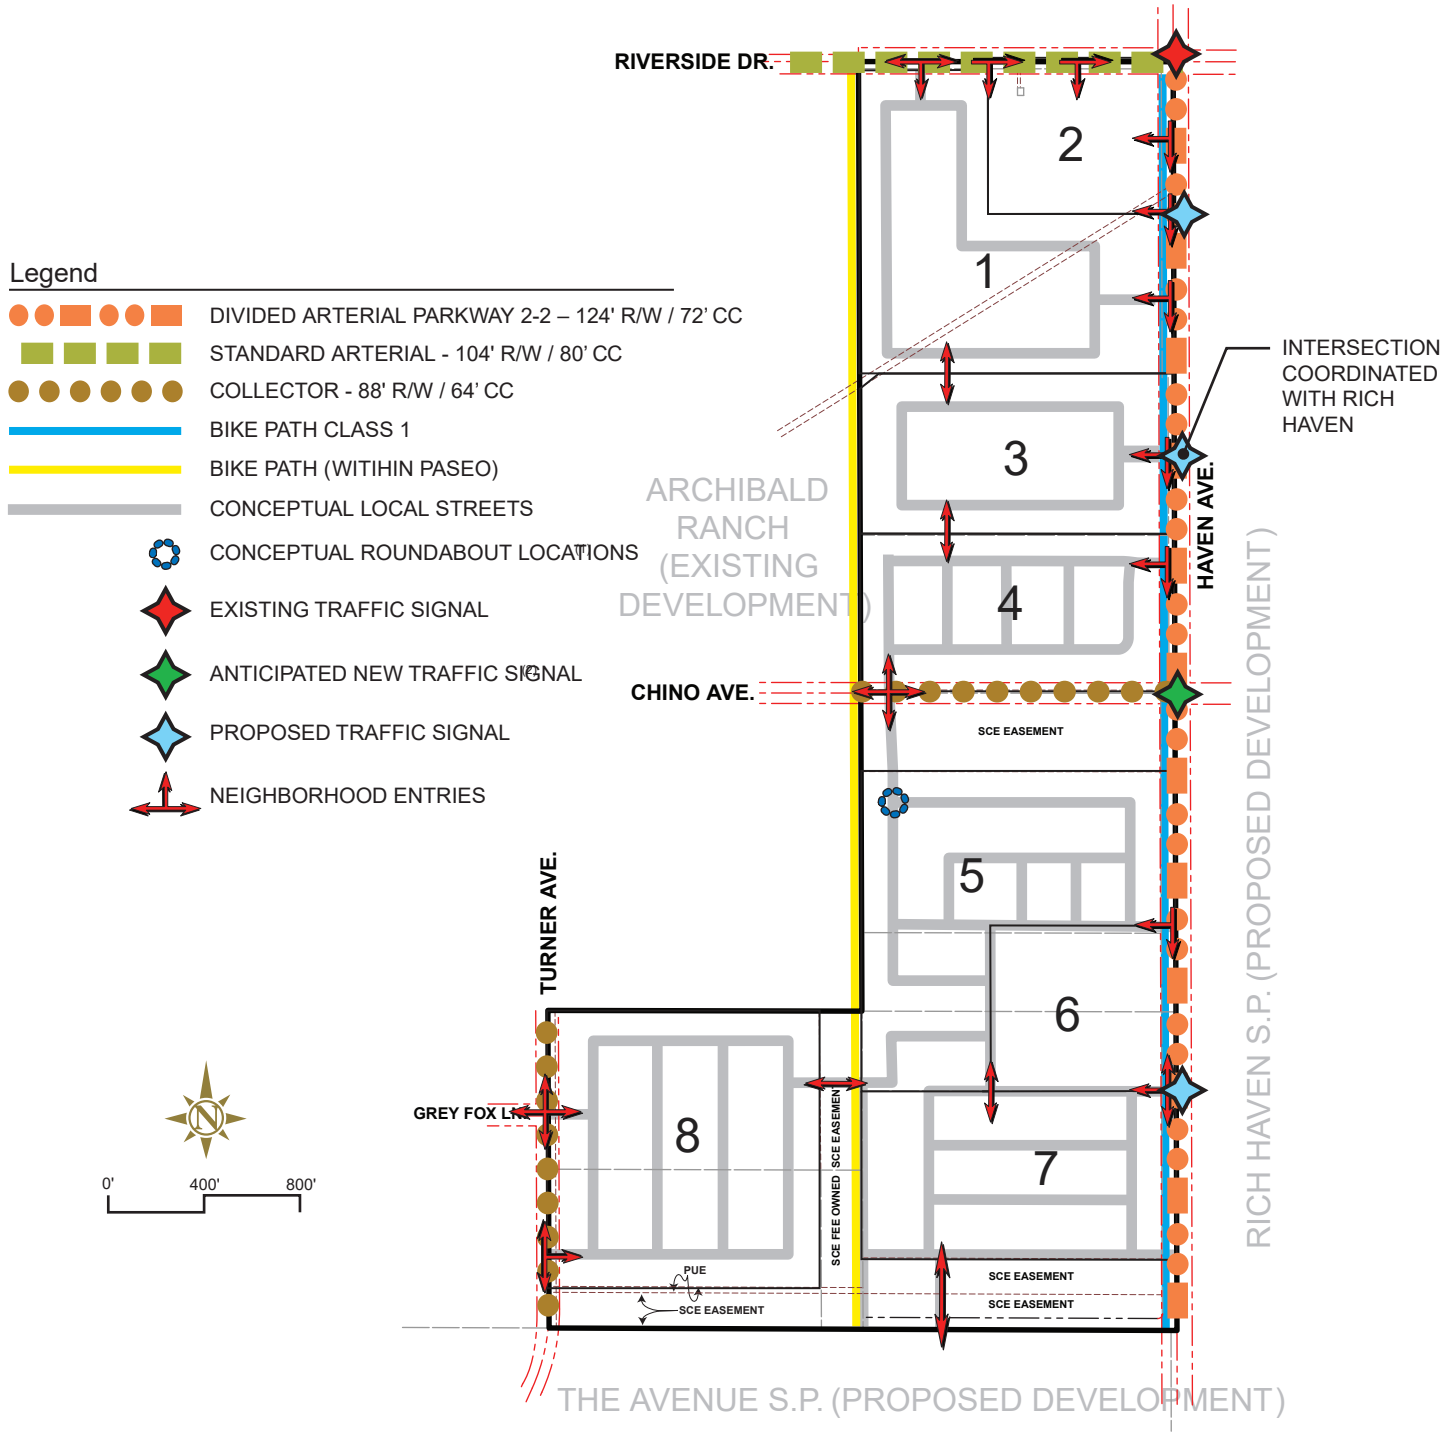
On-site circulation within the West Haven Specific Plan will be provided through a system of local streets to be constructed internal to the project. All interior neighborhoods will have a minimum of two (2) points of access. Riverside Drive and Chino Avenues will connect east/west traffic and Haven and Turner Avenues will connect north/south traffic flow. The elementary school site will have driveway access limitations (right turns in and out) and all student dropoffs and pick-ups, either by bus or private automobile, shall be accommodated on the school property. Further information regarding traffic reports, impacts and mitigation measures will be presented in the West Haven Specific Plan's Project EIR.

The backbone circulation system proposed as part of the West Haven Specific Plan is illustrated on ***Exhibit 4-1, "Circulation Plan."***

The developer(s) of the West Haven Specific Plan area will be responsible for all off-site improvements for the entire project frontage or as otherwise indicated. Phasing of the improvements will be implemented as required by the City Engineer and pursuant to the mitigation measures identified in the EIR and/or the Conditions of Approval established on the approved tentative maps for the project. Additionally, bus turnouts within the project site may be required to be constructed to the reasonable satisfaction of the City of Ontario and Omnitrans.

In addition to the typical street section described and depicted, additional right-of-way and geometric enhancements such as additional left turn and right turn lanes at intersections, may be required to adequately mitigate impacts identified in the Traffic Impact analysis/Specific Plan EIR.

What follows is a more detailed description of roadway circulation for the West Haven Specific Plan.

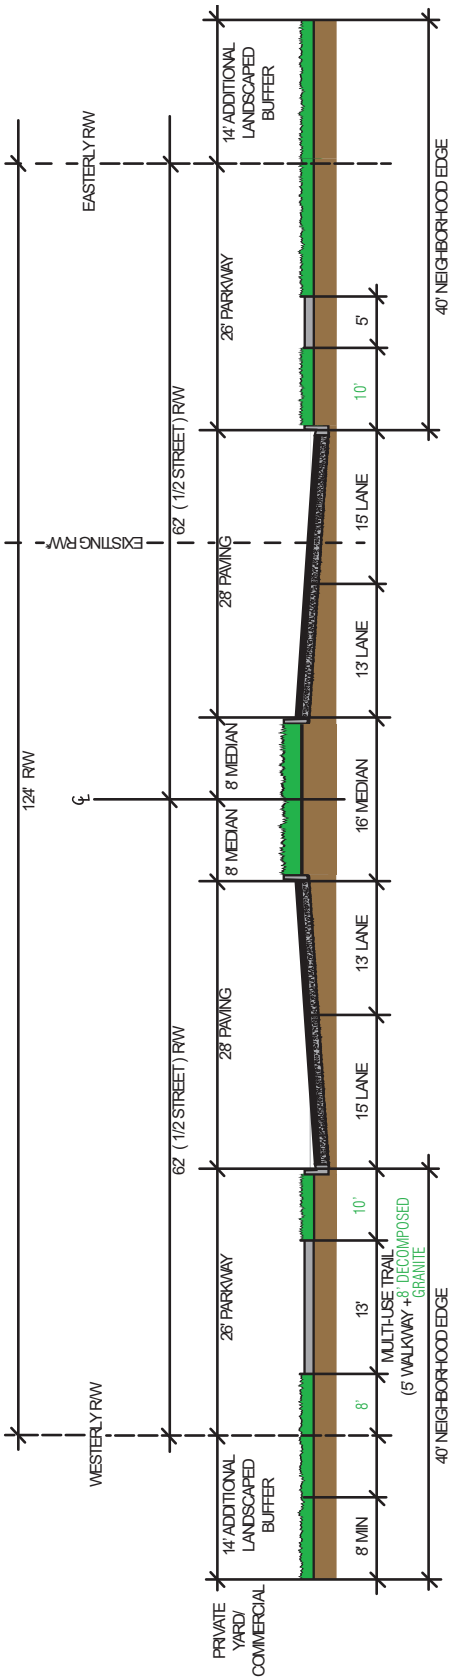


4.2.1 Divided Arterial Parkway 2-2 – Haven Avenue

The Divided Arterial Parkway 2-2, Haven Avenue, is designed to carry regionally oriented traffic safely and efficiently between the various points of ingress/egress of the West Haven Specific Plan area. The improvements will be based on a minimum design speed of 45 m.p.h. Parking along, and access to this street via driveways from residential units, will be prohibited.

Exhibit 4-2, "Divided Arterial 2-2 (Haven Avenue – West Side)," illustrates the proposed improved Haven Avenue (West Side).

To accommodate school related traffic, Haven Avenue shall have an additional southbound right turn lane along the southern portion of the elementary school frontage (additional rights-of-way shall be dedicated).



The developer will be responsible for those improvements to Haven Avenue as determined by the

(1) *Proposed roundabouts within internal streets must be approved as to location and design by the City of Ontario Engineering Department.*

(2) *Anticipated new traffic signal per New Model Colony Access Guidelines and Traffic Indices (June 2005)*

Exhibit 4-1: Circulation Plan

***Exhibit 4-2:* DIVIDED ARTERIAL 2-2 (HAVEN AVENUE – WEST SIDE)**

City Engineer and pursuant to the mitigation measure identified in the EIR and/or the Conditions of Approval established on the approved tentative maps

for the project. Bus turnouts will be required to the satisfaction of the City of Ontario and Omnitrans.

4.2.2 Standard Arterial – Riverside Drive

The Standard Arterial street, Riverside Drive, is designed to carry traffic safely and efficiently between destinations within the ~~New Model Colony~~ Ontario Ranch. Improvements to the north side of Riverside Drive exist. Riverside Drive will be improved based on a 45 m.p.h. minimum design speed along the Project Site's northern boundary. Parking along and access to this street via driveways from residential units will be prohibited. ***Exhibit 4-3, "Standard Arterial (Riverside Drive)"*** illustrates the Riverside Avenue (South Side) proposed improvements.

The developer will be responsible for those improvements to Riverside Drive as determined by the City Engineer and pursuant to the mitigation measure identified in the EIR and/or the Conditions of Approval established on the approved tentative maps for the project. Bus turnouts will be required to the satisfaction of the City of Ontario and Omnitrans.

4.2.3 Collector Street – Turner Avenue

Turner Avenue, a Collector street along the Project Site's most westerly boundary, will be improved with a minimum design speed of 40 m.p.h. The west side street improvements for Turner Avenue currently exist. Access to this street, via driveways from residential units, will be prohibited.

Exhibit 4-4, "Collector Street (Turner Avenue and Chino Avenue)" illustrates the Turner Avenue proposed improvements.

The developer will be responsible for those improvements to Turner Avenue as determined by the City Engineer and pursuant to the mitigation measure identified in the EIR and/or the Conditions of Approval established on the approved tentative maps for the project. Bus turnouts will be required to the satisfaction of the City of Ontario and Omnitrans.

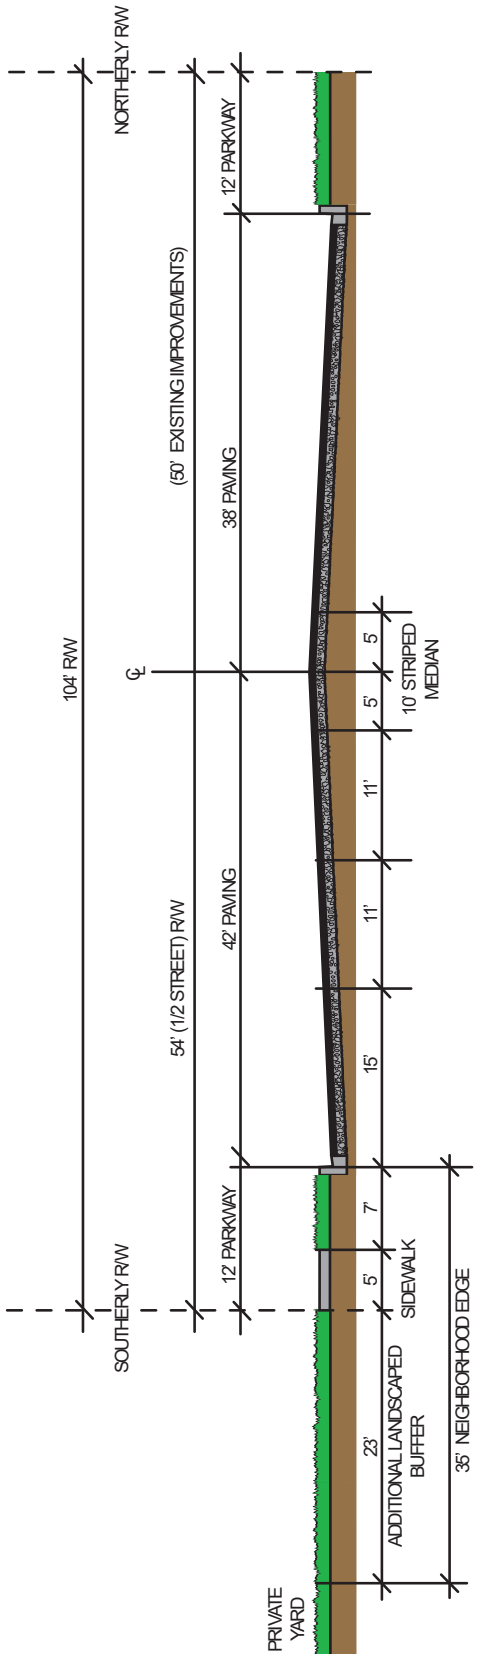
4.2.4 Collector Street – Chino Avenue

Chino Avenue, a Collector street, which bisects the Project Site at approximately the north/south midpoint, will be improved with a minimum design speed of 40 m.p.h. Access to this street via driveways from residential units will be prohibited.

Exhibit 4-4, "Collector Street (Turner Avenue and Chino Avenue)" illustrates the Chino Avenue proposed improvements.

The developer will be responsible for those improvements to Chino Avenue as determined by the City Engineer and pursuant to the mitigation measure identified in the EIR and/or the Conditions of Approval established on the approved tentative maps for the project. Bus turnouts will be required to the satisfaction of the City of Ontario and Omnitrans.

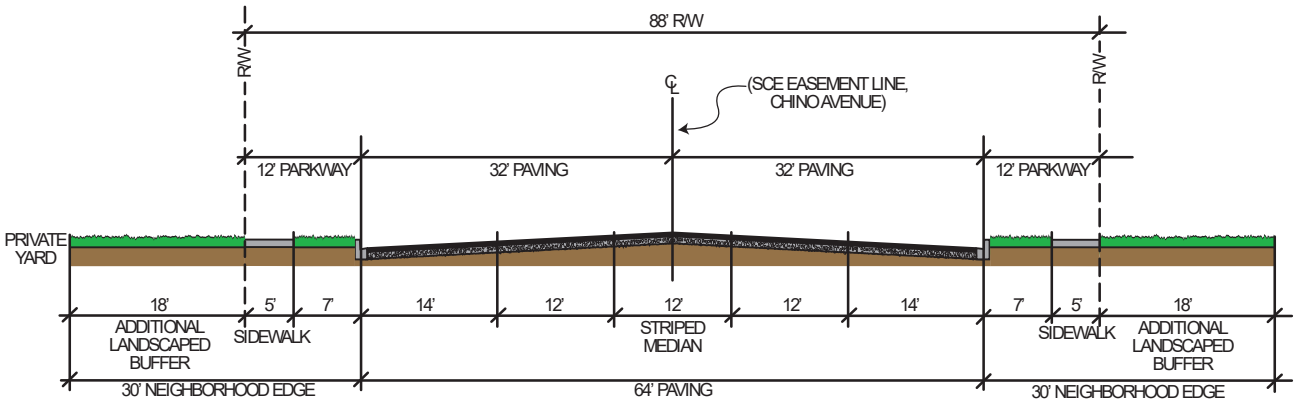
4.2.5 Primary Residential Entry Streets



Each Primary Residential Entry Street will include 36-feet of paving (60-foot Right-of-Way) with 8 feet of additional Neighborhood Edge (20-feet total) landscaping. The entry street improvement will extend from the master planned street right–of-way to the first internal street intersection. Parking along the entry streets will be prohibited.

The Primary Residential Entry Street section is shown on ***Exhibit 4-5, "Primary Residential Entry Streets."***

4.2.6 Interior Streets, Alleys and Cul-De-Sac Streets



Interior Streets will be constructed with a 60-foot wide right-of-way. The interior streets and cul-desac streets section is shown on ***Exhibit 4-6, "Interior Streets."***

Private alleys are to be utilized within the residential development. Alleys will be private, but will offer a public utility easement (as needed by the City) along the paved section. Where private alleys are utilized for non-emergency access, a 20-foot minimum paved

section with five-foot (5') minimum landscaping on each side will be used. Where emergency access alleys are to be used within the residential development, a 24-foot minimum paved section with four foot (4') minimum landscaping on each side will be utilized. ***Exhibit 4-7, "Alleys"***, depicts the typical emergency and non-emergency lane sections.

4.2.7 Traffic Calming

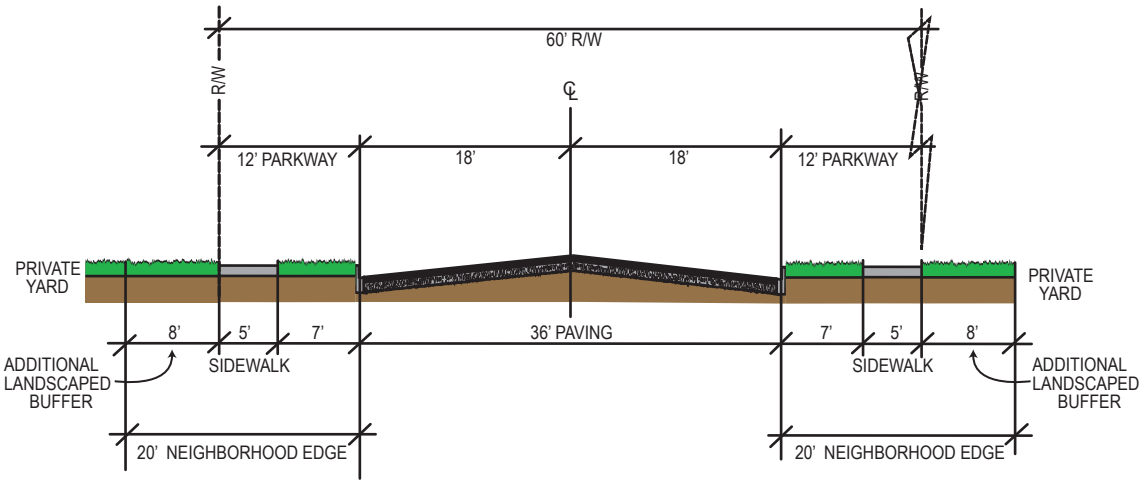
The West Haven Specific Plan includes design features within residential neighborhoods to encourage drivers to proceed slowly and reduce traffic noise on streets contributing to safe and livable neighborhoods in which to walk, bike, and drive.

Traffic calming within the West Haven Specific Plan is designed to address the following goals:

- Reduction in traffic speeds
- Reduction in traffic related noise
- A safe and pedestrian friendly circulation system to encourage walking

The following design features will be implemented in the roadways within West Haven.

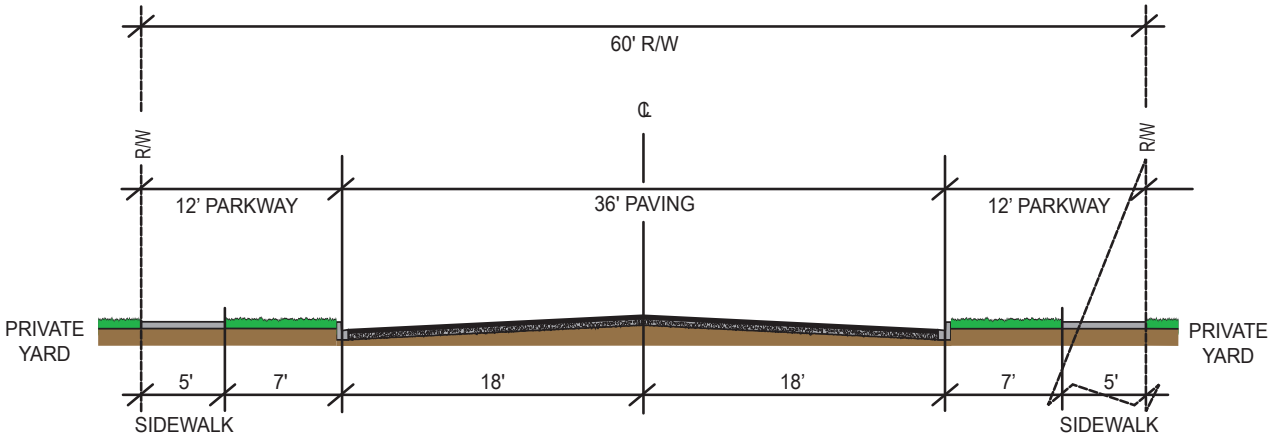
Local Neighborhood Street Design



Neighborhood Streets within the West Haven Specific Plan are designed in a "modified grid" with landscaping on either side within parkways to add interest in the street encouraging drivers to slow their travel speed and observe their surroundings. Incorporating intersection chokers as well as roundabouts, as illustrated on ***Exhibit 4-8 "Traffic Calming Measures,"*** may reduce traffic speeds on local residential streets.

Landscaping

Landscaping adjacent to streets within the West Haven Specific Plan will combine the use of shade trees, shrubs, and groundcover adjacent to sidewalks to create a more intimate streetscape encouraging drivers to reduce driving speeds. The landscape concept for West Haven is designed to contribute to a sense of the street system as a pedestrian protected area to promote slower traffic speeds.



4.3 Bicycle Plan

Exhibit 4-1, "Circulation Plan" of the West Haven Specific Plan illustrates the Project Site's two (2) bike paths, as proposed by the TOP ~~NMC General Plan Amendment~~ on Figure 5-5, "Bike Paths." Class 1 bike paths are proposed along the west side of Haven Avenue and through the West Haven Specific Plan's proposed paseo system, located within SCE Easements/Parcels.

Section 5
Infrastructure and Public Services Plan

To accommodate the development envisioned in the West Haven Specific Plan, infrastructure and public facility improvements will be constructed to tie into existing and proposed City and private utility agency facilities.

5.1 Electricity

Electrical service is currently provided in the area by Southern California Edison Company (SCE). All new lines in the New Model Colony as well as all existing lines within the Specific Plan area, less than 34.5 kV, shall be placed underground. SCE does not anticipate any significant problems in providing the Project Site with electrical power and stands ready to install distribution facilities for the Project Site.

5.2 Natural Gas

Southern California Gas Company (SCG) currently provides natural gas service. Facilities in the area include existing 3-inch and 6-inch mains on Haven Avenue and a 6-inch line on Riverside Drive. It should be noted that a 30-foot gas line easement runs diagonally across the Project Site at approximately 500-feet, south of the intersection of Riverside Drive and Haven Avenue and exits the Project Site's westerly boundary at approximately 1,290 feet south of Riverside Drive.

5.3 Communication Systems

A fiber optic system will provide phone, cable, and internet access to all homes within the ~~NMC~~ Ontario Ranch. The City will provide a fiber optic network to the home, accommodating voice mail data, cable and video on demand. Proposed on-site facilities will be placed underground within a duct and structure system that will be installed by the developer, as shown in ***Exhibit 5-1, "Fiber Optics Plan."*** Maintenance of installed system will be the responsibility of the City and/or Special District fiber optic entity and not the developer(s), private homeowners association or private homeowners. Developer(s) of the Specific Plan will need to provide all fiber optic infrastructure necessary to service their site as a stand-alone development.

5.4 Public Utilities

Water, recycled water and sewer utilities may be designated as "public utilities" if located within public or private streets. All public utilities within private streets shall be designed per City standards and contained within acceptable easements. The CC&Rs shall contain language that requires all proposed work by the HOA within said easements to be plan checked and inspected by the City, including applicable fees. Generally, utilities will not be accepted as public within alleys, parking areas or driveways. Utilities

Exhibit 5-1: Fiber Optics Plan

within commercial and industrial parking lots and loading areas will be designated as private. The extent to which said utilities will be accepted as public utilities shall be determined, at the full discretion of the City, during final design plan review.

5.5 Potable Water

Domestic water will be provided by the City of Ontario. The ~~New Model Colony~~ Water Master Plan identifies new water facilities to include two reservoirs, three groundwater wells, and potable and recycled water lines. Construction of the on-site and offsite Master Plan water service improvements shall be the responsibility of the developer(s) and is required prior to issuance of building permits for West Haven.

The Specific Plan area is located in two pressure zones. The project area north of Chino Avenue lies within the 1010 Zone. The project area south of Chino Avenue lies within the 925 Zone.

1010 Zone

Off-site improvements for the 1010 Zone include the construction of the 1010'(2A) Reservoir, a 9.0 MG reservoir to be located at the southeast corner of Milliken Avenue and the I-10 Freeway; a ground water well; a 24-inch transmission main in Milliken Avenue from the 1010' (2A) Reservoir to Riverside Drive; and an 18-inch water main in Riverside Drive from Milliken Avenue to Mill Creek Avenue, in Mill Creek from Riverside Drive to Chino Avenue, and in Chino Avenue from Mill Creek Avenue to Turner Avenue.

925 Zone

Off-site improvements for the 925 Zone include the construction of the 925 Reservoir, a 6.0 MG reservoir to be located on Jurupa Street; two ground water wells; two pressure reducing stations; a 42-inch transmission main in Milliken Avenue from the 925 Zone Reservoir to Riverside Drive; a 30-inch transmission main reducing to a 24-inch main in Milliken Avenue from Riverside Drive to Merrill Avenue; a 24-inch main in Merrill Avenue from Milliken Avenue to Archibald Avenue; and a 24-inch main reducing to a 12-inch main in Archibald Avenue from Merrill Avenue to Schaeffer Avenue.

To provide a loop water system, the West Haven Specific Plan project developer(s) will be responsible for a 16-inch water main in Chino Avenue from Milliken Avenue to Haven Avenue, as well as a 12inch main in Haven Avenue from Chino Avenue to Edison Avenue, in Edison Avenue from Haven Avenue to Schaefer Avenue, and in Schaefer Avenue from Edison Avenue to Archibald Avenue. All water mains, internal to the West Haven Specific Plan project, will be provided by the Project Site Developer. Within the Project Site, 8-inch water mains are proposed to serve the residential and commercial developments.

The master plan for domestic water for West Haven is illustrated on ***Exhibit 5-2, "Master Plan Water Improvements."*** The conceptual on-site water system is illustrated on ***Exhibit 5-3, "Conceptual On-Site Water System."***

5.6 Sewer

Sewer Service for West Haven will be provided by the City of Ontario. The New Model Colony Sewer Master Plan identifies sewer service to the Project Site by the Eastern Trunk Sewer. The Eastern Trunk Sewer is a joint use sewer shared by the City of Ontario and Inland Empire Utilities Agency (IEUA). Off-site sewer improvements include a proposed 15-inch sewer main beginning at the southwest corner of the Project Site and extending southerly in Turner Avenue to Edison Avenue and a 24-inch main in Edison Avenue to Archibald Avenue to the Eastern Trunk Sewer. Within West Haven, 8-inch, 10 inch and 12 inch sewer mains are proposed to serve the residential and commercial developments. Construction of the on-site and off-site Master Plan sewer improvements shall be the responsibility of the developer(s) and is required prior to issuance of building permits for West Haven.The master plan for sewer for West Haven is illustrated on ***Exhibit 5-4, "Conceptual Sewer System Improvements."***

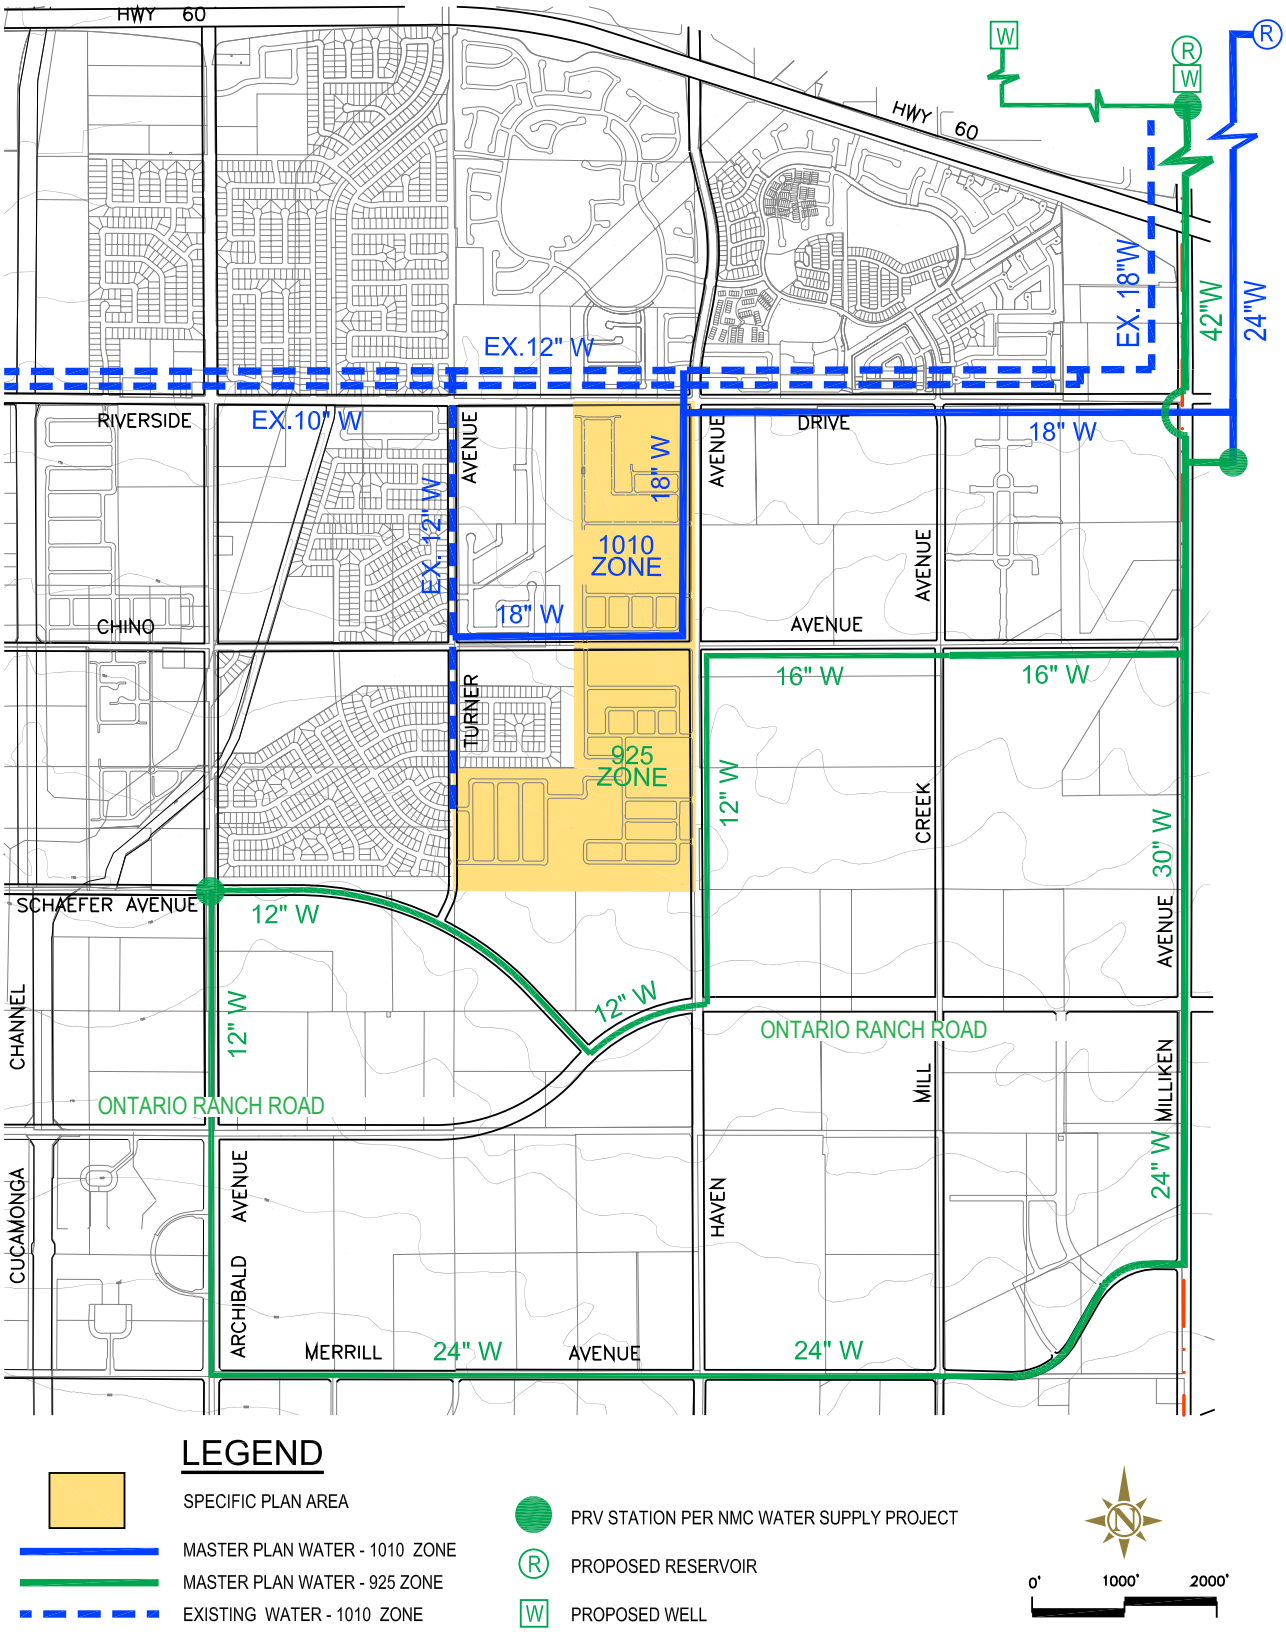

Exhibit 5-2: Master Plan Water Improvements

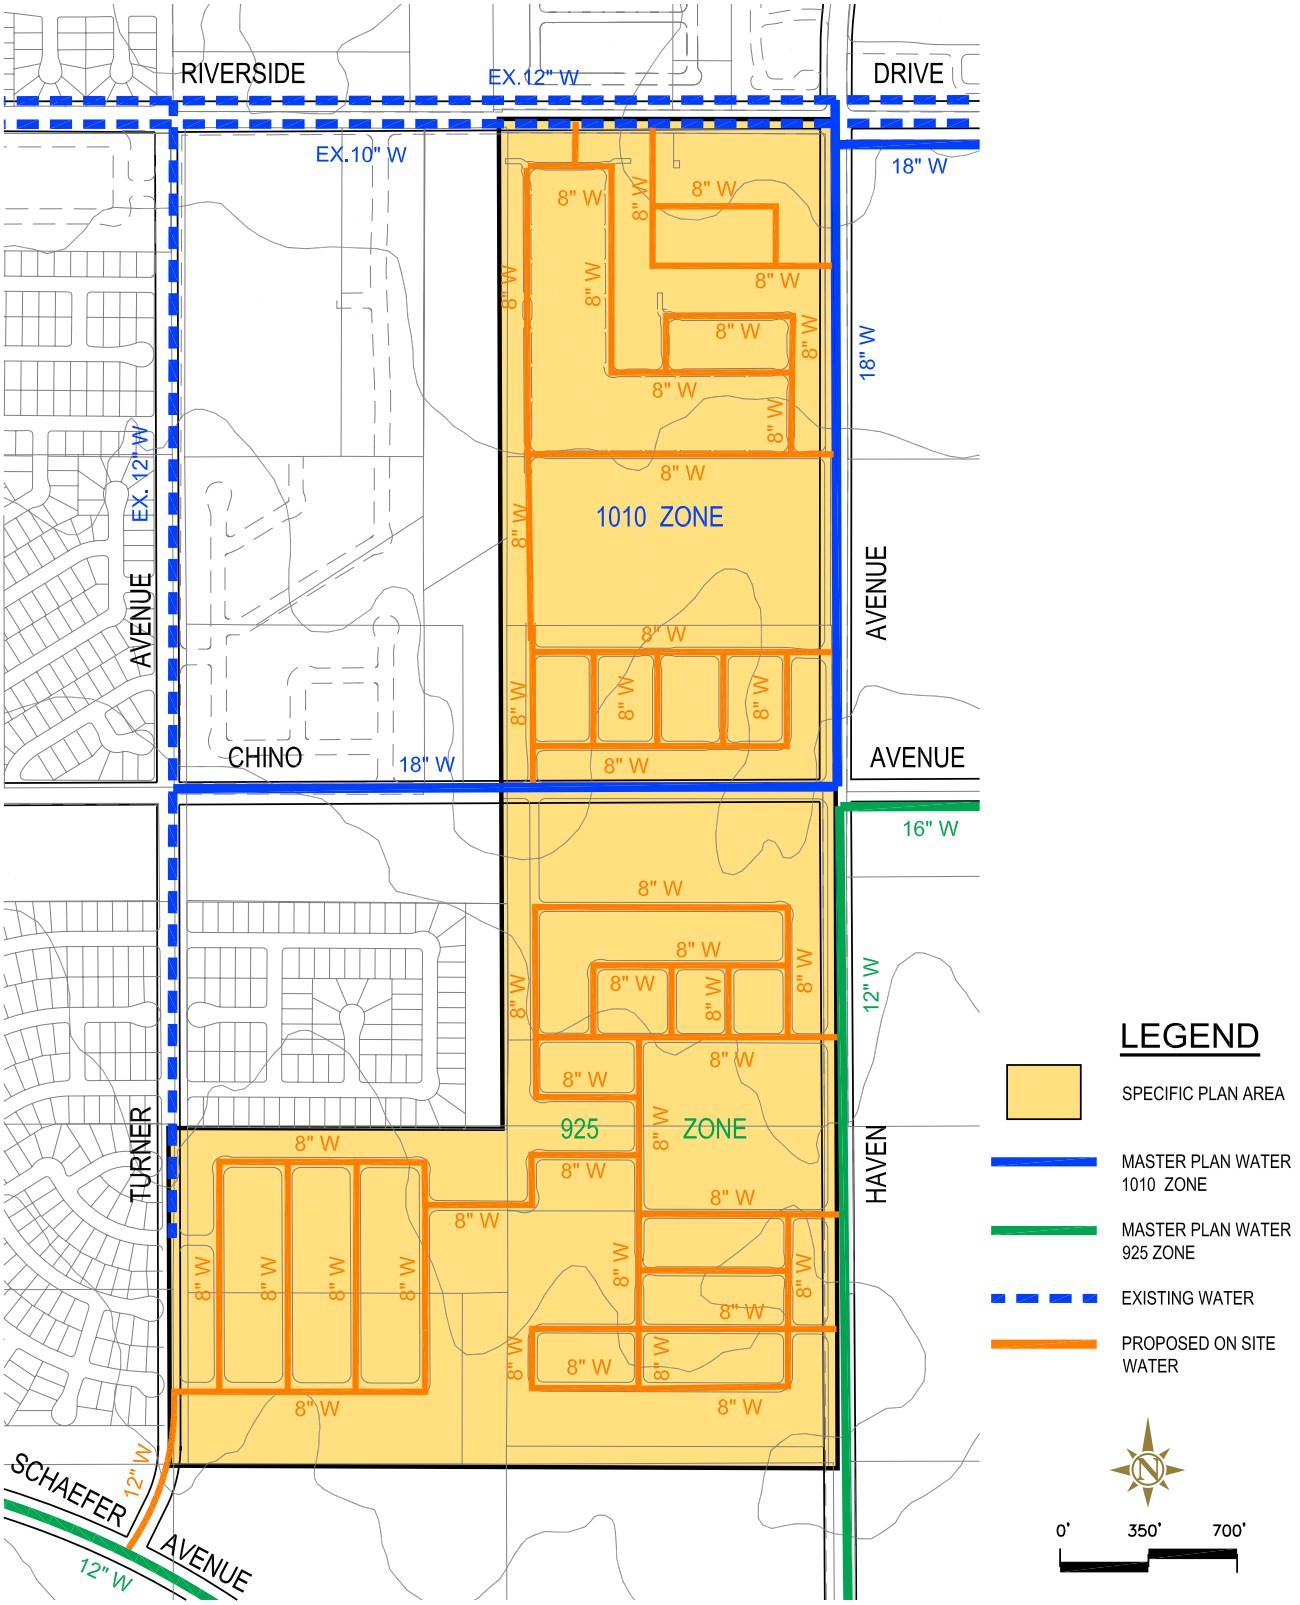

Exhibit 5-3: Conceptual On-Site Water System

5.7 Storm Drain

The City's Storm Drain Master Plan identifies new storm drain facilities to serve the Project Site. Off Site master plan storm facilities include the Turner Avenue Storm Drain extending northerly from the County Line Channel within Turner Avenue to the Southwesterly corner of the Project Site. On Site master plan facilities include extending the Turner Avenue Storm Drain from the southwest corner of the Project Site extending it easterly across Planning Area 9 to approximately 120 feet east of the SCE Corridor, then northerly along a proposed north/south local street to the southerly line of Planning Area 1. The alignment of the on-site Turner Avenue Master Plan Storm Drain extends across all of the residential planning areas, the concept park, an SCE Easement and the SCE Fee Parcel. A public utility easement will be required across the concept park, SCE Easement and SCE Fee Parcel. The developer(s) of West Haven will construct all required Master Planned Storm Drain required to serve the Specific Plan Area.

If the Storm Drain Master Plan is revised or updated by the City those updates will be incorporated into the West Haven Storm Drain System Improvements.

Local storm drain system improvements to serve the proposed planning areas within the Project Site will be connected to the proposed Turner Avenue Master Plan Storm Drain and will be the responsibility of the planning area developer.

The master plan storm drain improvements are illustrated in ***Exhibit 5-5, "Master Plan Storm Drain Improvements."***

Interim facilities like on-site detention basins of adequate size(s) will be required to be constructed if no outlet storm drain system is built or existing at the time of development of this project.

5.7.1 NPDES Compliance

The grading and drainage of the West Haven Specific Plan area shall be designed to detain, filter and treat surface runoff, in a manner and combination which is practical, to comply with the most recent requirements of the San Bernardino County NPDES Storm Water Program's Quality Management (WQMP) for significant new development projects. The objective of the WQMP for this project is to minimize the detrimental effects of urbanization on the beneficial uses of receiving waters, including effects caused by increased pollutants and changes in hydrology. These effects may be minimized through the implementation of site designs that reduce runoff and pollutant transport by minimizing impervious surfaces and maximizing on-site infiltration, Source Control Best Management Practices (BMP's) and/or either on-site Structural Treatment Control BMP's, or participation in regional or watershed-based Treatment Control BMP's.

Prior to the issuance of a grading or construction permit, a Storm Water Pollution Prevention Plan (SWPPP) will also be prepared. The SWPPP will be prepared to comply with the California State Water Resources Control Board's (State Water Board) current "General Permit to Discharge Storm Water Associated With Construction Activity" and the current Area Wide Urban Storm Water Runoff (Regional NPDES Permit). The SWPPP will identify and detail all appropriate Best Management Practices (BMP's) to be implemented or installed during construction of the project.

In addition to the preparation of a SWPPP for construction-related activities, and as part of the approval of any grading plans within the Specific Plan Area, the applicant will be required to submit a Water Quality Management Plan (WQMP) on the regional model form provided by the City. The WQMP shall identify and detail all Site Design BMP's, Source Control BMP's and Treatment Control BMP's to be implemented or installed at this site in order to reduce storm water pollutants and site runoff.

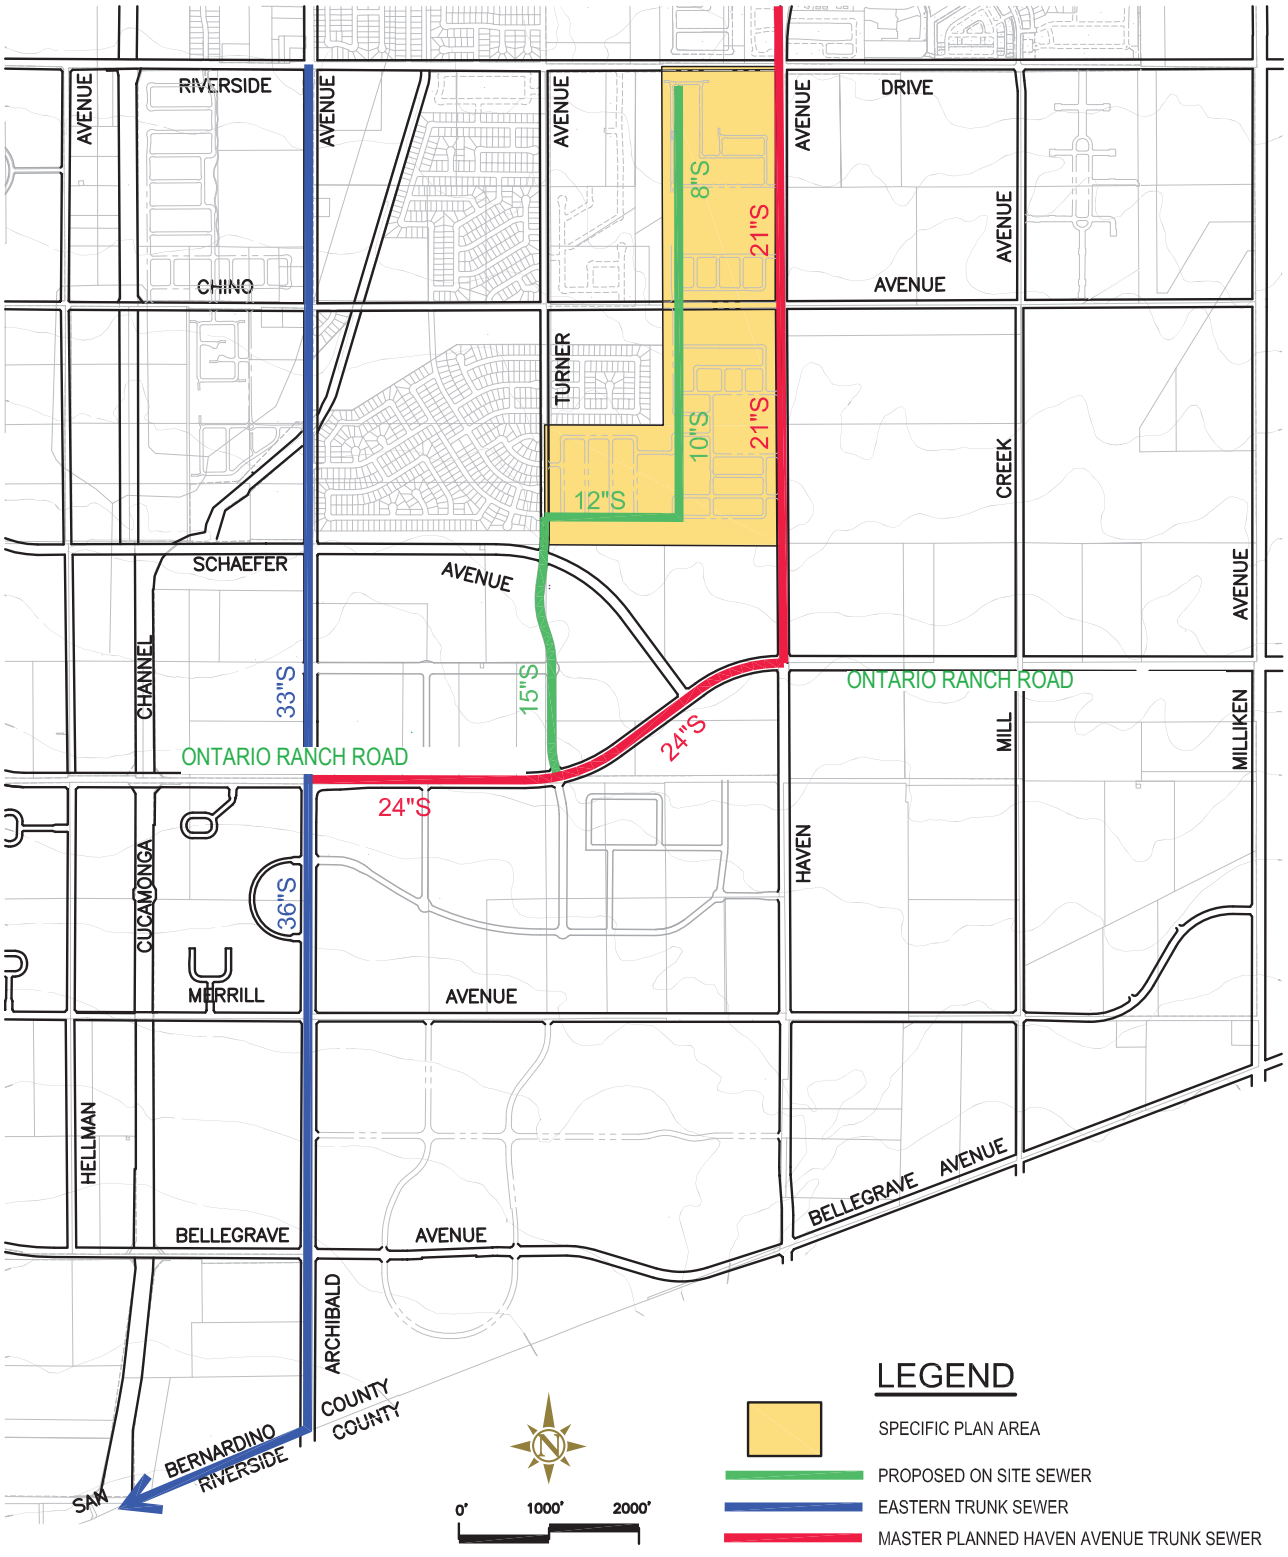

EXHIBIT 5-4: Conceptual Sewer System Improvements

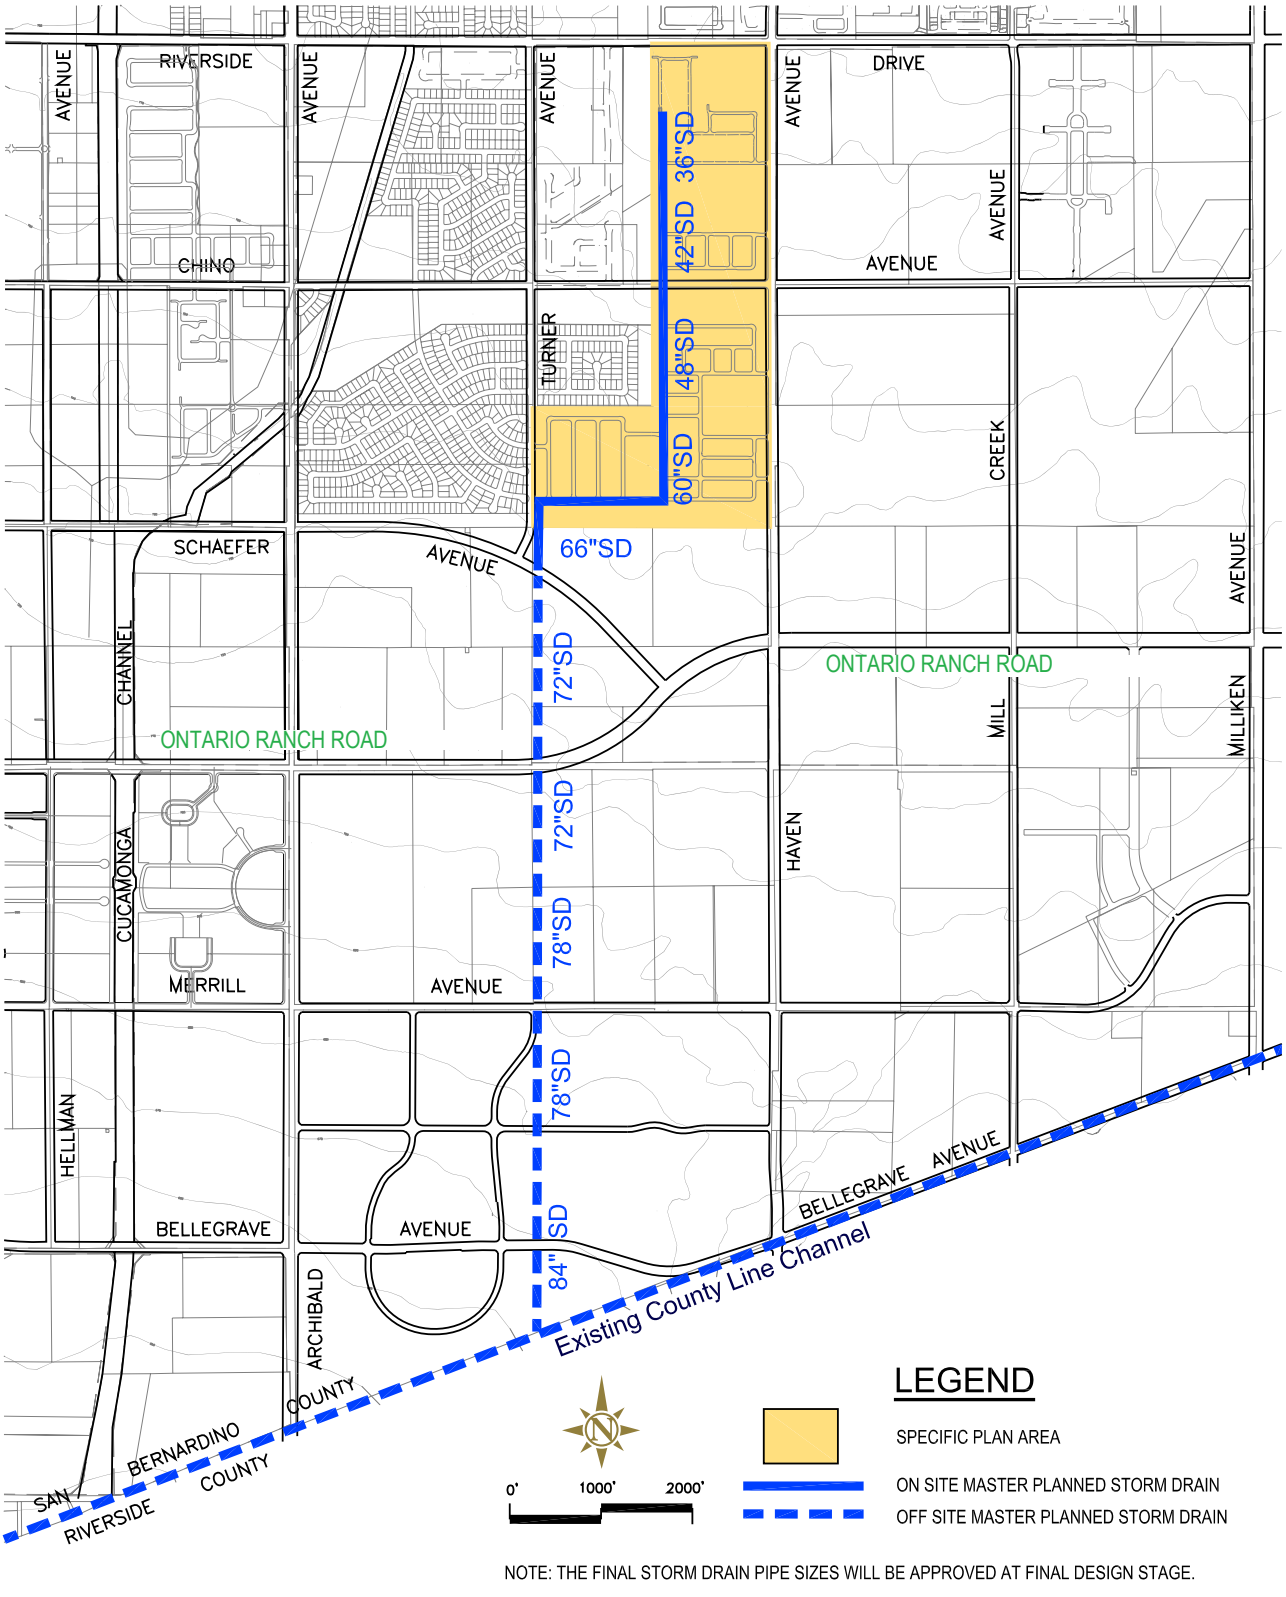

EXHIBIT 5-5: Conceptual Storm Drain Improvements

~~A proposed~~ Mill Creek Wetlands is a regional runoff treatment facility for the sub-watershed area that this project lies within is being considered for construction. This regional treatment facility would be part of an overall solution for storm water treatment. If an approved regional storm water treatment facility is constructed, it may serve as an alternative to complete on-site treatment of all pollutants of concern. If the regional storm water treatment facility is not completed and operational prior to construction of this project, all necessary on-site treatment control BMP's and/or temporary water control devices will be installed pursuant to the requirements of the current regional NPDES Permit and the approved Water Quality Management Plan for this project.

All Priority Land Use (PLU) areas within the Specific Plan Area is in compliance with the statewide Trash Provisions adopted by the State Water Resources Control Board (SWRCB) and trash requirements in the most current San Bernardino County Area-Wide MMS4 Permit. Drainage from the PLU will conveyance to a certified full trash capture device along Turner Avenue.

5.8 Recycled Water

Recycled water will ultimately be provided by Inland Empire Utility Agency (IEUA) via City of Ontario recycled water mains as presented in the ~~Recycled~~ Water Master Plan prepared. ~~for the New Model Colony~~. The Specific Plan area is located in two pressure zones. The project area north of Chino Avenue lies within the 1050 Zone. The project area south of Chino Avenue lies within the 930 Zone. The master planned facilities required to serve West Haven for the 1050 Zone include a 30-inch recycled water main from the IEUA facility adjacent to Westwind Park southerly to Riverside Drive, a 16-inch recycled water main in Riverside Drive to Haven Avenue, a 12inch main in Haven Avenue from Riverside Drive to Chino Avenue, and an 8-inch main in Chino Avenue from Haven Avenue to Turner Avenue. The master planned facilities required to serve West Haven for the 930 Zone include installing a 24-inch recycled water main in Archibald Avenue from Chino Avenue to Schaefer Avenue, a 30-inch recycled main in Chino Avenue from Archibald Avenue to Haven Avenue, a 16-inch recycled water main in Haven Avenue from Chino Avenue to Edison Avenue, a 16-inch main in Edison Avenue from Haven Avenue to Schaefer Avenue, and a 16-inch main in Schaefer Avenue from Edison Avenue to Archibald Avenue. Initially, the recycled water from the 1050 Pressure Zone will be conveyed to the 930 Pressure Zone via two (2) master planned pressure reducing stations located in Archibald Avenue and Haven Avenue north of Chino Avenue. The ultimate source of recycled water to the Specific Plan within the 930 Pressure Zone is IEUA's RP-1 via the future 30-inch RP-1 Outfall Parallel located west of the Cucamonga Channel and delivered through master planned lines that connect to RP-1 Outfall at Chino Avenue, Schaefer Avenue, and other major intersections. The Project Site developers will be responsible for these new distribution lines. All recycled water lines required to serve the project, will be provided by the West Haven Specific Plan developer.

Within the project site, 8-inch recycled water mains are proposed to serve the site. The West Haven Specific Plan shall comply with City Ordinance 2689 and make use of recycled water for all approved uses, including but not limited to the irrigation of parks, schools, street landscaping, recreational trails, HOA maintained common areas and commercial/industrial landscaping. The developer shall prepare and secure approval of an Engineering Report from the City of Ontario and the Department of Health Services prior to the use of recycled water. The proposed on-site recycled water system shall be constructed and cross any and all SCE easements within streets. Sizing of on-site system is subject to the approval of the hydraulic analysis and minimum requirements from the City.

There may be an interim period where recycled water supply does not have adequate pressure depending on the timing of development and construction of a regional booster station. If this is the case, the recycled water system will connect to the potable system initially, until such point that recycled water service is available.

The recycled water system improvements are illustrated in ***Exhibit 5-6, "Master Plan Recycled Water Improvements."*** The conceptual on-site recycled water system is illustrated on ***Exhibit 5-7, "Conceptual On-Site Recycled Water System."***

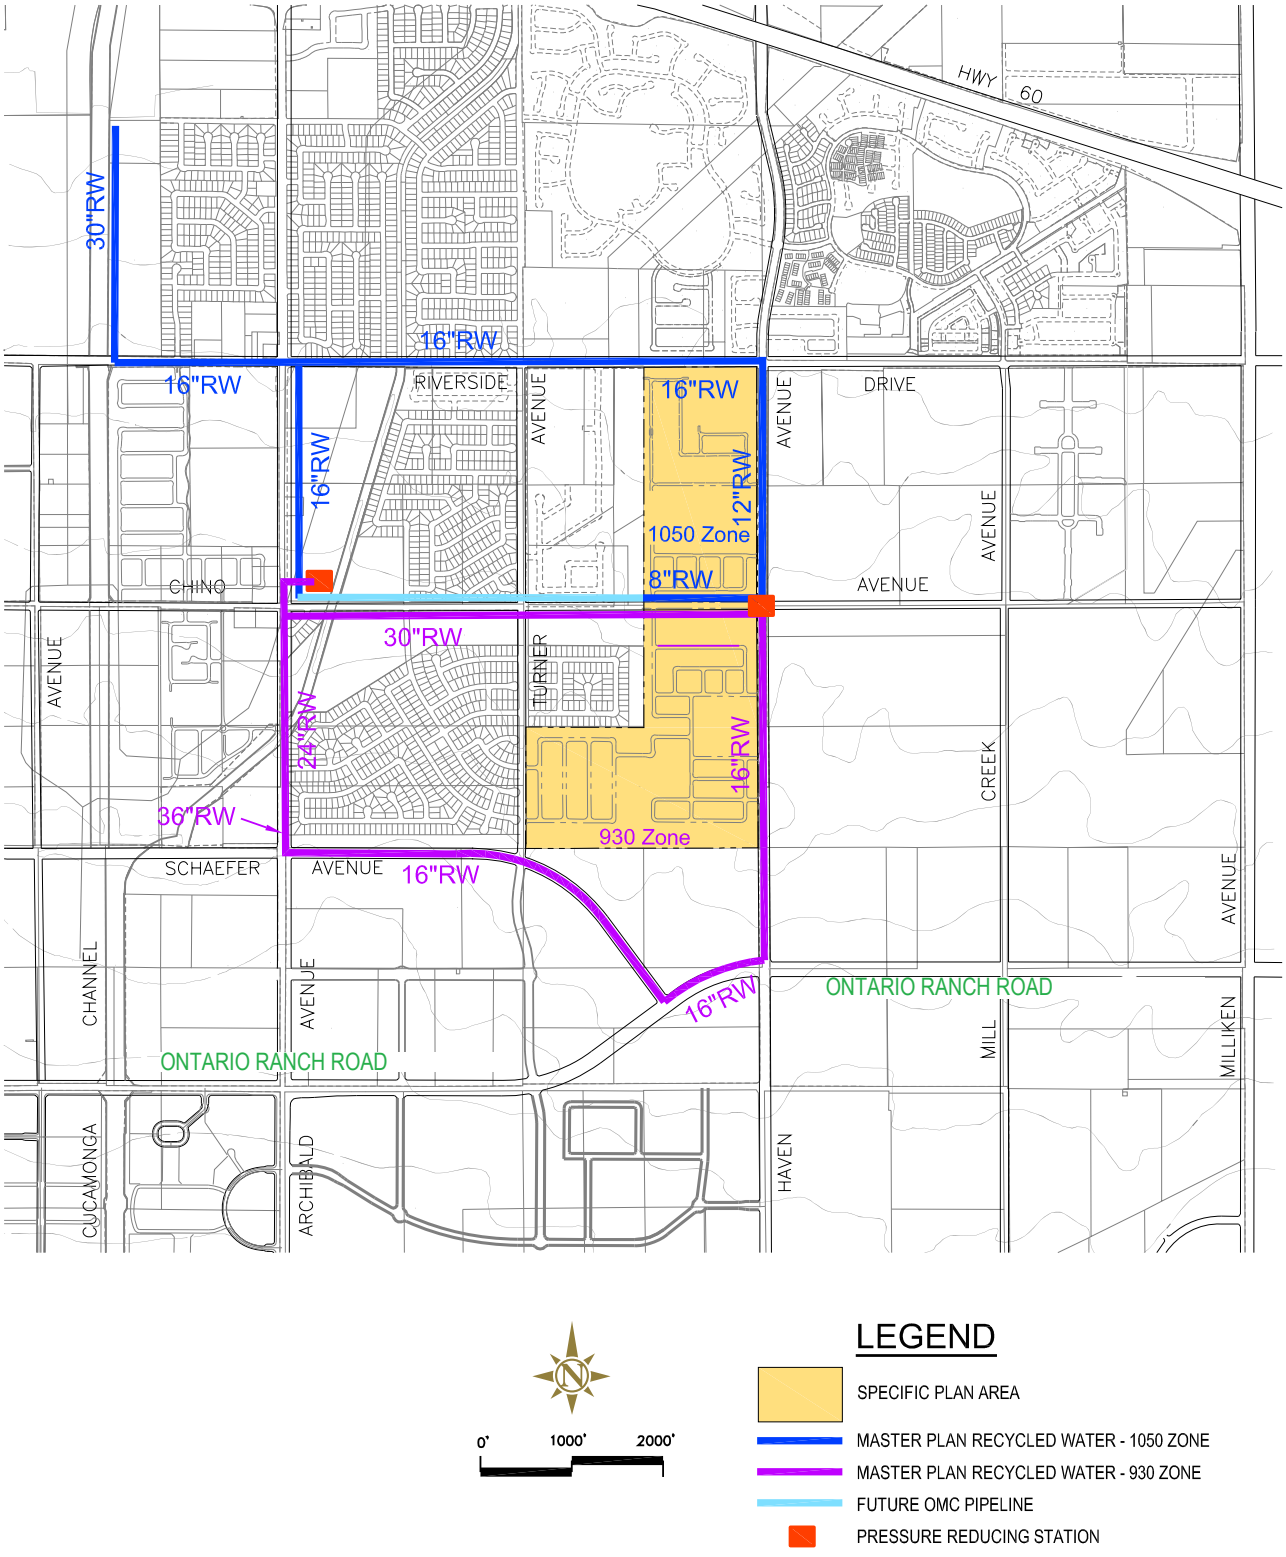

EXHIBIT 5-6: Master Plan Recycled Water Improvements

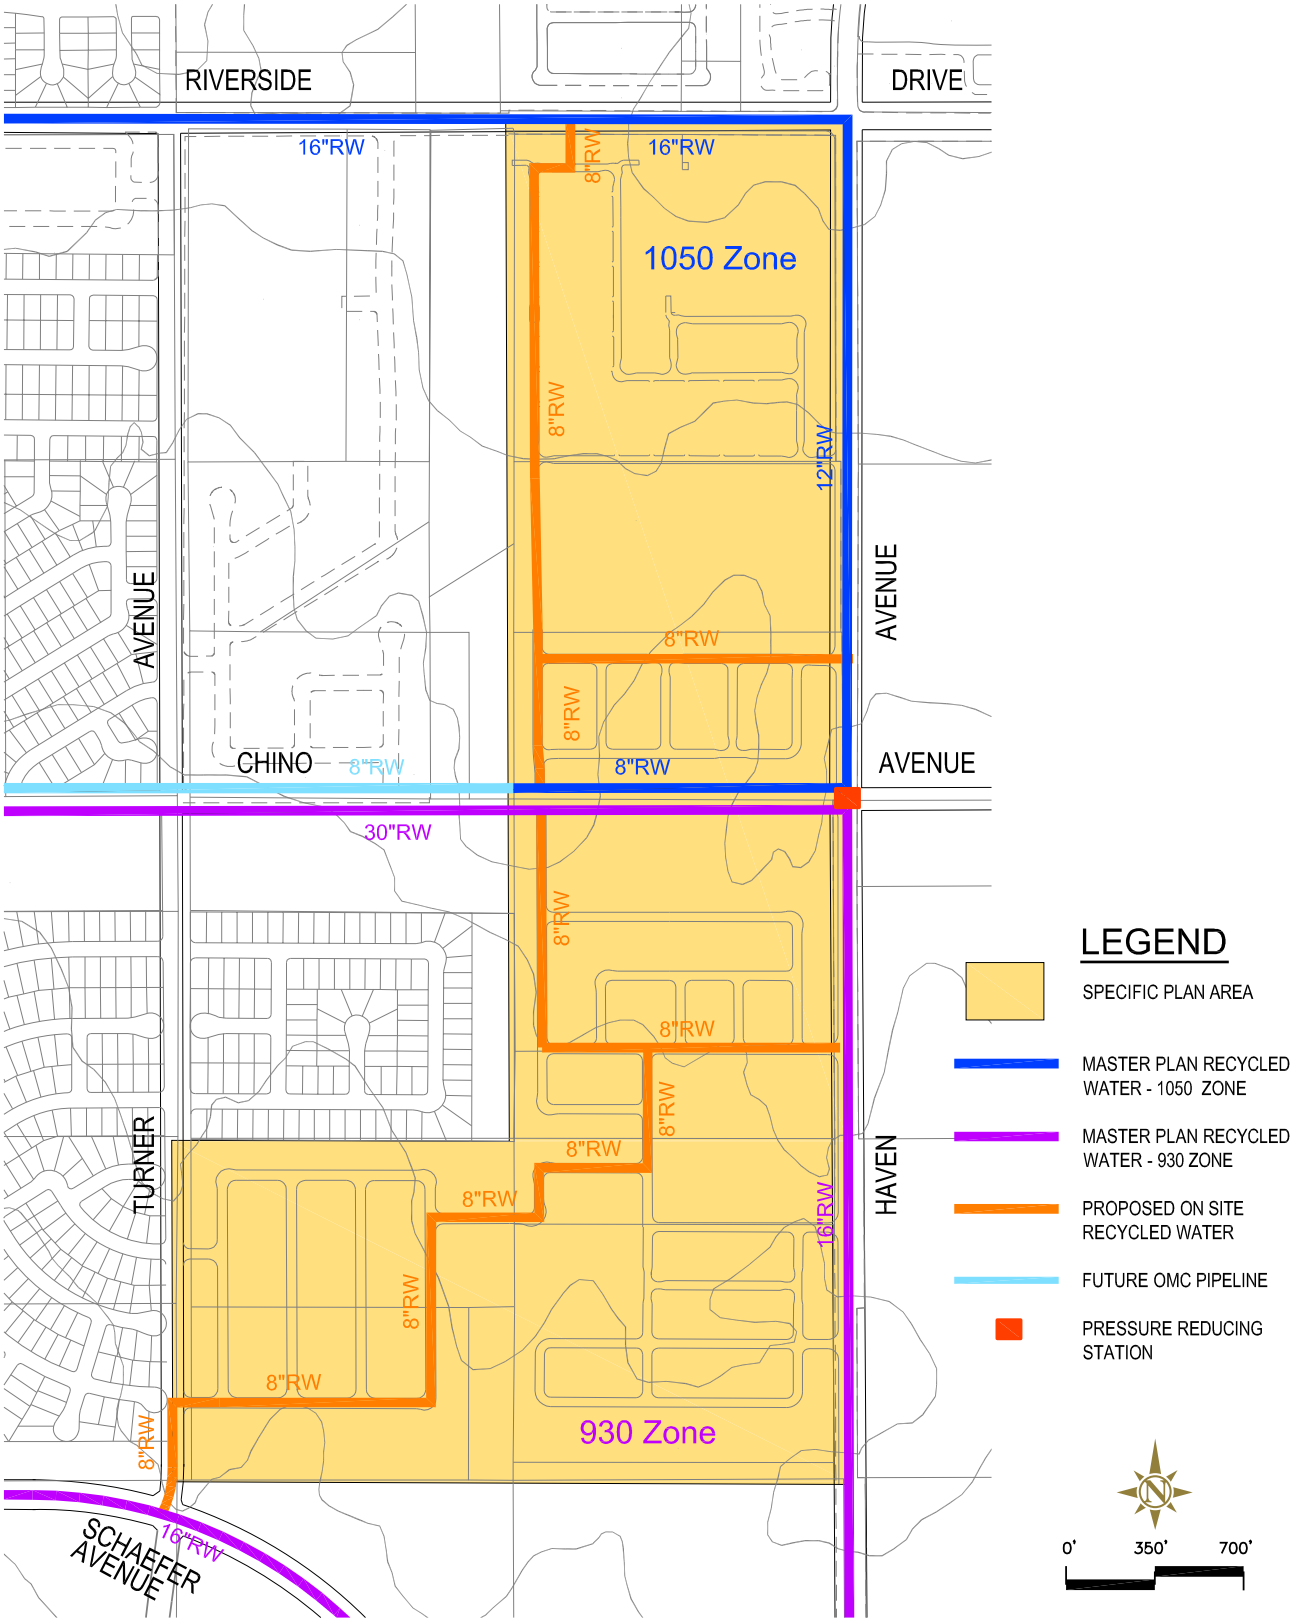

Exhibit 5-7: Conceptual On-Site Recycled Water System

5.9 Solid Waste

Solid waste collection and disposal will be accomplished by City crews through the City of Ontario Public Works Agency. The West Haven project anticipates utilizing a 3-bin system to accommodate recyclables and green waste and supports any Citysponsored recycle program and diversion of special wastes such as tires, construction material, etc.

Provisions for solid waste and recycling are as follows:

- Commercial – Developer shall comply with Municipal Code Section 6-3.314 Commercial Storage Standards, and Section 6-3.601 Business Recycling Plan.
- Apartment – For apartments using commercial bin service, the developer shall comply with Municipal Code Section 6-3.314 Commercial Storage Standards and Section 6-3.601 Business Recycling Plan.
- Residential – For curbside automated container service, developer shall comply with Municipal Code Section 6-3.308.9(a) and (d), Residential Receptacles, Placement.
- Recycling Requirements – Developer shall comply with Municipal Code Article 6 Recycling Requirements for Special Business Activity, Section 6-3.601 Business Recycling Plan, and Section 6-3.602 Construction and Demolition Recycling Plan.
- Site Improvement Plans shall follow the City of Ontario refuse collection standards.

5.10 Fire Department Services

The City of Ontario provides fire protection for the Project Site. The nearest fire station *(2931 East Philadelphia Street)* is approximately 1.1 miles northwesterly of the Project Site. Response time varies due to availability of units, according to Fire Department statements. The ~~NMC GPA~~ Ontario Plan calls for the construction of 4-5 fire stations to serve the ~~NMC~~ Ontario Ranch. The location of a permanent fire station, within the vicinity of the Project Site, will be predicated by an acceptable Fire Department response goal. A fire station will be needed with Phase I occupancy.

5.11 Police Department Services

The City of Ontario provides police protection for the West Haven community. The police station *(2500 South Archibald Avenue)* is located approximately 1.7 miles northwesterly of the Project Site. Response time varies based on location of police units and type of calls according to Police Department statements.

5.12 School Facilities

The Project Site is located within the Mountain View School District, which serves the needs for K-8, and the Chaffey Joint Union High School District, which serves the needs for grades 9-12. A 10-acre elementary school is proposed in Planning Area ~~7~~ 6 and will serve the Project Site for the elementary grades. A middle school has been Master Planned on the east side of Haven Avenue and will ultimately serve the Project Site. Colony High School *(3850 East Riverside Drive)* will serve the Project Site for grades 9-12. Development of the West Haven

Grades	Generation Factor	Estimated Student Population
K-5	0~~.38~~ .1073/D.U. to .1215/D.U.	~~0.38 x 753 = 287~~ .1073 x 1,142 = 123 to .1215 x 1,142 = 139
6-8	0~~.22~~ .0407/D.U. to .0442/D.U.	~~0.22 x 753 = 166~~ .0407 x 1,142 = 47 to .0442 x 1,142 = 51
9-12	0~~.20~~/ .1132/D.U. to .1937/D.U.	~~0.20 x 753 = 151~~ .1132 x 1,142 = 130 to .1937 x 1,142 = 222

(As Amended 2022)

Specific Plan area will generate an estimated student population as follows *(based on student generation numbers supplied by the City of Ontario, "School Generation for ~~NMC Subareas~~ Ontario Ranch", ~~July 2, 2004~~ March 15, 2022) and "Chaffey Joint Union High School District Fee Justification Report", April 2020.*

5.13 Libraries

The City of Ontario provides library service. There are two library locations within the City of Ontario. The main library is located within the vicinity of the Civic Center *(215 East "D" Street)*. The Colony Branch Library is located east of the Project Site, approximately one-quarter of a mile from the intersection of Riverside Drive and Haven Avenue, within Colony High School *(3850 East Riverside Drive)*. Both libraries will serve the Project Site. There will be a need for additional facilities over time. Currently, the City of Ontario has not planned for a library within the West Haven Specific Plan.

5.14 Public Transportation

Omnitrans currently provides fixed-route bus and "Access" services to the Project Site. Omnitrans' Fixed Bus Route 70 currently operates along Riverside Drive, between Vineyard and Milliken Avenues. The Project Site is also served by the "Access" demand-response service for qualified persons with disabilities.

Omnitrans Route 70 uses three (3), forty-four (44) passenger buses operating from 6:30 a.m. to 6:50 p.m., Monday through Friday, and from 6:50 a.m. to 6:40 p.m. on Saturday and Sunday. "Access" uses 16 and 20 passenger mini-buses, which operate during the same hours as Route 70 and accepts telephone reservations from 8:00 a.m. to 5:00 p.m., Sunday through Saturday. Operating figures were received through statements by Omnitrans.

The proposed project is anticipated to result in an increased demand for extended service to cover the Project Site. Bus turnouts and shelters, to serve future Specific Plan residents, shall be provided by the West Haven Specific Plan as required by Omnitrans and approved by the City of Ontario.

SECTION 6 OPEN SPACE AND RECREATION PLAN

6.1 Open Space and Recreation Plan Description

A major feature of the West Haven Specific Plan is the system of expanded landscaped parkways (neighborhood edges) and paseos, which link various facilities within the community. The proposed facilities provide an array of recreational opportunities in which all members of the community can participate. Further, these facilities incorporate a cohesive plan that interrelates with and links the various neighborhoods of the West Haven community with each other and to destination points, such as the proposed Neighborhood Park, the proposed Neighborhood Center and the regional trail system master planned within the ~~New Model Colony~~ Ontario Ranch area. Recreational opportunities vary from active, with potentially structured recreational programs, to passive.

The various recreational facilities are linked to each other and to other elements of the community with an extensive neighborhood edge and paseo/greenbelt system, which will be landscaped as discussed in ***Section 8.8, "Landscape Design Guidelines."*** The neighborhood edge/paseos will, at a minimum, contain one or more pedestrian paths that are oversized. Bicycle paths (Class I) will be provided as shown on ***Exhibit 4-1, "Circulation Plan"*** and discussed in ***Section 4.3, "Bicycle Plan"*** of this document.

The project proposes a total of approximately ~~14.6~~ 9.6 acres of parks/open space/recreation. This is based on:

- 7.0 +/- acres of proposed pocket parks and the 30-foot wide paseo to be developed within the Project Site Boundary.
- ~~5.0 acre Neighborhood Park.~~
- 2.6 acres of 30-foot wide paseo to be developed by West Haven within the SCE Easement, adjacent to the project boundary.

6.1.1 Park and Recreational Opportunities

Recreational opportunities are those opportunities which are available for the use and enjoyment of residents of the West Haven community and the general public. They are discussed as follows:

~~Neighborhood Park~~

~~A five (5) acre Neighborhood Park is proposed in Planning Area 6. The park facility amenities may include the following:~~

- ~~Children's Play Areas~~
- ~~Sports Field~~
- ~~Family Picnic~~
- ~~Public Restrooms~~
- ~~Parking Lot~~
- ~~Walkways/Jogging Trail~~
- ~~Open Turf Areas~~
- ~~Drinking Fountain~~
- ~~Benches~~
- ~~Trash Receptacles~~
- ~~Bicycle Parking Area~~
- ~~Shade Trees~~

~~A detailed discussion of the Five Acre Neighborhood Park is provided in ***Section 8.9.3, "Community Connections and Recreation."***~~

Elementary School

An elementary school will be located on 10 net acres in Planning Area 7. Associated with and on the school grounds will be recreational equipment and fields for school children. Typical elementary school level recreational equipment and sports fields will include playground equipment, basketball courts and multi-purpose fields. The West Haven community and the ~~City of Ontario New Model Colony~~ Ontario Ranch may have access to these facilities during off school hours, subject to approval and agreement of the Mountain View School District.

Parkway / Paseo System

An expanded parkway system (neighborhood edge [N.E.]) will be located adjacent to backbone and higher volume roadways. The neighborhood edge system will be landscaped with turf, trees and various additional plant materials. Community "theme" signage will be located adjacent to the edges. Sidewalks will be provided within the neighborhood edge as well as a Class 1 Bike Path along Haven Avenue.

The landscaped paseos will be 30-feet in width and will incorporate existing Southern California Edison Company (SCE) property and easements (both onsite and off-site) and the Southern California Gas Company easement to provide a comprehensive paseo network. This network runs from the Project Site's southern boundary, within the SCE parcel, north to Riverside Drive, within the adjacent off-site SCE easements/property.

This parkway/paseo system will provide approximately 7.6 acres of additional open space / park amenities. ***Exhibit 3-1, "West Haven Land Use Plan,"*** depicts the conceptual locations of the paseos.

6.2 Open Space And Recreation Plan General Development Standards

1. General Development Standards to the Neighborhood Park will include the following:
   - ~~The Neighborhood Park boundaries and configurations are approximate and subject to adjustment with more detailed site planning and design. The boundaries may be modified or relocated entirely within the same general area, subject to the approval of the City of Ontario, without requiring an amendment to the West Haven Specific Plan. However, at no time will the park total less than five acres net, exclusive of street paving.~~
   - ~~All Neighborhood Park improvements shall provide for pedestrian circulation and handicap accessibility.~~
   - The City shall approve all lighting design, fixture location(s) and lighting types within the park. The pathway and parking area lights shall be controlled by a timing system, programmed from dusk to dawn.
   - ~~All lighting within the Neighborhood Park shall be provided with glare screens as may be needed to direct light away from the adjacent residential areas and to reduce the impact of the lighting on these residential areas. Where appropriate, every effort shall be made to reduce the amount of light that is not directly needed for the safe use of the facilities. This is to be accomplished by the height of the fixtures, the placement of the fixtures away from residential areas, and the type and design of fixtures.~~
   - ~~The Neighborhood Park project will be granted credit toward the park component of the City's Park Fee Reimbursement.~~
2. All recreational and open space areas shall be landscaped and contain permanent, recycled water irrigation systems.
3. All recreational facilities shall provide parking in accordance with the City of Ontario's Parking Ordinance.
4. Landscaping within recreation and open space areas shall be further governed by ***Section 8.7.2, "Landscape General Development Standards,"*** and ***Section 8.8, "Landscape Design Guidelines"*** of the West Haven Specific Plan.
5. ~~The design of the Neighborhood Park will require approval of the City of Ontario.~~
6. Pocket park acreage calculations for residential development shall be based upon a minimum of two (2) acres per 250 dwelling units. Based on ~~753~~ 1,142 total units, the pocket park requirement would total ~~6.0~~ 9.1 acres.

SECTION 7
GRADING PLAN

7.1 Grading Plan Description

The existing ground has a uniform slope of approximately 2% trending towards the southwest. The grading operation will generally consist of the removal of any manure left over from the dairy operations, clearing and grubbing, demolition of existing structures and moving surface soils to construct residential and commercial building pads and streets. Manure left over from dairy operations can be recycled into compost at a much reduced cost than removal to a landfill. This process, Residuals Composting, can take several weeks to a few months depending on the amount of material to be removed. A local contact providing this service is Ed Needham at Synagro and can be reached at (800) 661-7922 or eneedham@synagro.com.

Where slope conditions are present, the property line shall be located at the top of a slope. See ***Exhibit 7-1, "Conceptual Pad Placement in Slope Conditions"***.

In areas adjacent to a ridgeline or in moderate slope areas, dwelling units and structures should be sited to:

- Use the natural ridgeline as a backdrop for structures;
- Use landscape plant materials as a backdrop; and
- Use structure to maximize concealment of cut slope.

If retaining walls are required, the following criteria shall be used:

- Exposed walls and fences facing roadways shall be no greater than 3-feet retaining (9-foot total wall) in height, except as necessary for acoustical purposes to satisfy the intent of the noise ordinance.
- Where retaining walls or fences face roadways, they shall be built, when feasible, of decorative materials consistent with the wall theme of the neighborhood.

The amount of removals and depth of overall excavation will vary within the properties in the West Haven Specific Plan depending on prior use of the land.

The Conceptual Grading Plan is included as ***Exhibit 7-2, "Conceptual Grading Plan"***.

7.2 Grading Plan General Development Standards

Grading plans for each tract in the West Haven Specific Plan area will be prepared by a Registered Civil Engineer and reviewed and approved by the City of Ontario Building, Planning and Engineering Departments prior to the issuance of grading permits. All grading plans and activities will conform to the City Grading Ordinance dust control and erosion control requirements, as well as those outlined in the approved SWPPP.

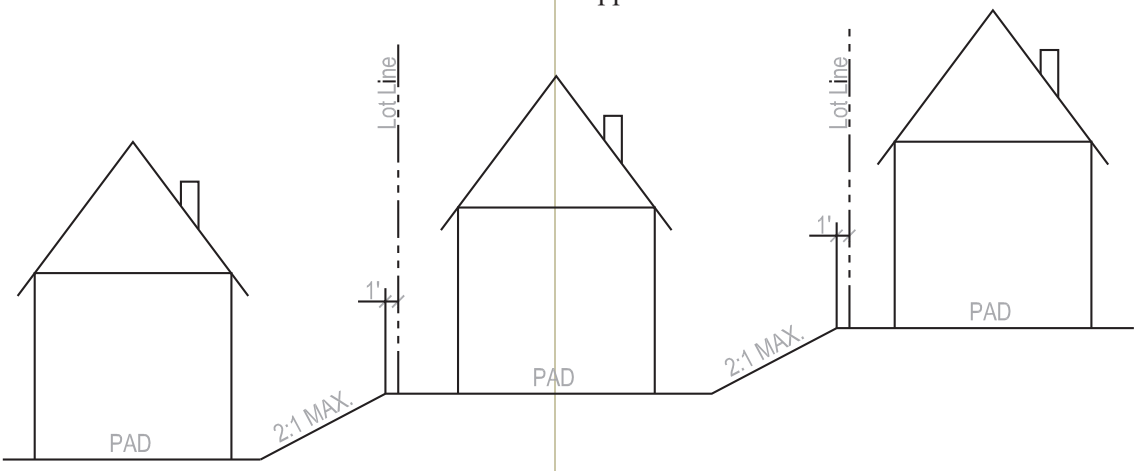

EXHIBIT 7-1: CONCEPTUAL PAD PLACEMENT IN SLOPE CONDITIONS

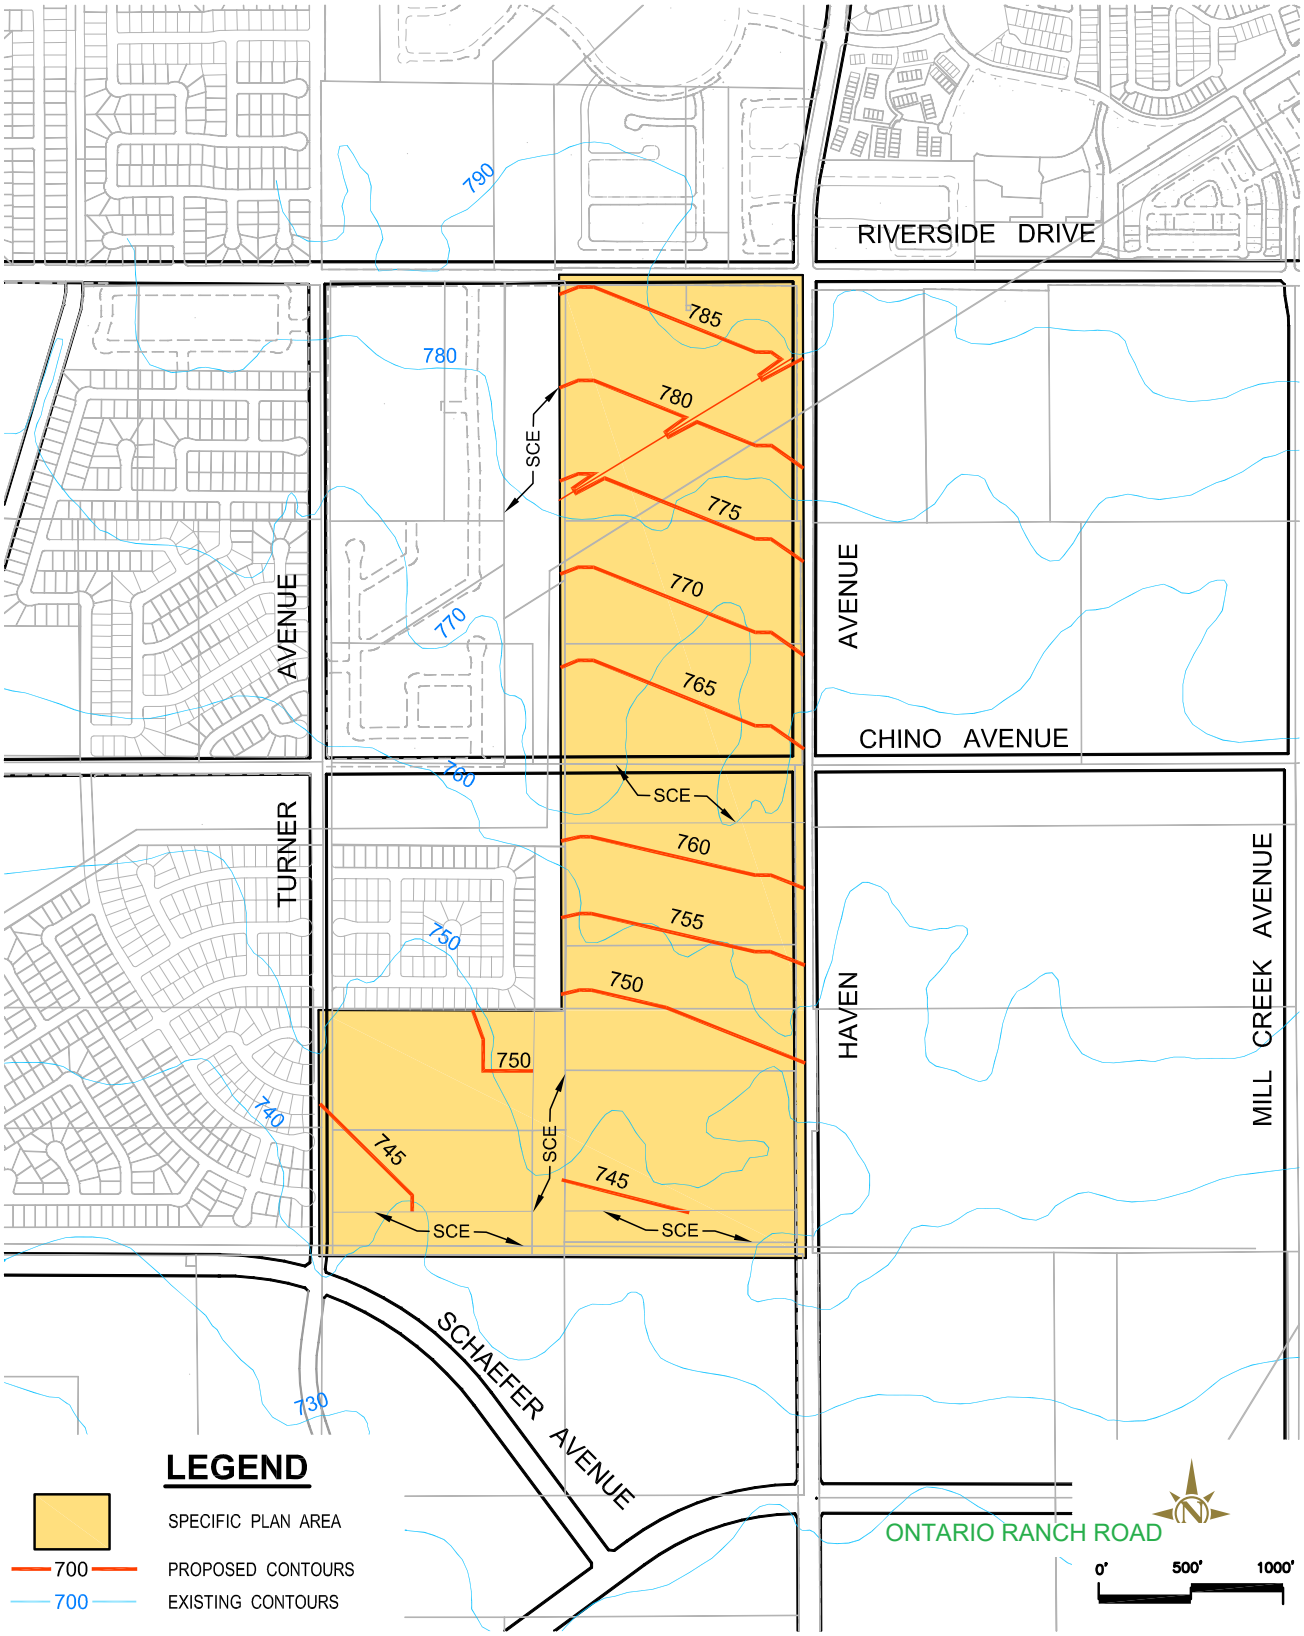

EXHIBIT 7-2: CONCEPTUAL Grading Plan

SECTION 8
DESIGN GUIDELINES

8.1 Introduction

Building upon Ontario founder George Chaffey, Jr.'s vision of a walkable, traditional residential community, the West Haven community design is rooted in the hospitable small town ethos of Ontario's early 1900s era past while also adapting to the recreational requirements of today's active Southern California family lifestyles. West Haven will be a place where children and their parents can walk along shady tree lined sidewalks to school or to the store, or explore the wide open spaces along paseos and neighborhood parks, and neighbors join together to celebrate the Fourth of July with bicycle parades and block parties. Pedestrian friendly streets feature attractive landscaping, architecture-forward and rear access site planning with streetscenes and parks activated by authentic architecture with ample front porches and patios.

To realize West Haven's vision as both a nurturing and welcoming place to live, the development team has produced the West Haven Design Guidelines. Design guidelines create an identity and cohesiveness for West Haven. They ensure a unifying theme for the entire Specific Plan area, while accommodating the individual neighborhood design considerations as required by each of the Project site's uses which include Residential, Neighborhood Center Commercial, Educational and Recreational activities.

This section provides a general yet flexible standard set of concepts, goals and criteria for planning, architectural and landscaping encouraged in the design of homes and facilities of West Haven. The appropriate selection of architectural styles, materials, landscaping and massing are important to creating a quality living environment.

8.1.1 Purpose

The purpose of the Design Guidelines is to provide advisory and supplemental guidance to implement the West Haven vision in order to direct its desired development outcome. This information is important to future project development because it describes the basic design and planning principles upon which more specific design standards are based. Observing these guidelines will help assure that the promise of the vision for West Haven will be fulfilled.

8.1.2 Intent

The overriding design intent is the creation of a warm and friendly community environment that encourages walking, socializing, an appreciation of both nature and local culture, and an economically vitalized destination. The overall character is intended to convey an environment that is cognizant of the historical significance of West Haven while also relating to adjacent districts and the broader City of Ontario. Therefore, the designers of West Haven are encouraged to be mindful of the area's natural and cultural histories, local climate, and terrain. Each aspect of every project is viewed as a significant element in reinforcing the West Haven community concepts, and its expression of quality is highly influential on the overall essence and integrity of the whole.

The goal of the design guidelines is to create a unique community within the ~~New Model Colony~~ Ontario Ranch, yet reminiscent of Ontario's heritage. The guidelines express "intent" rather than "absolutes," thereby allowing certain flexibility in fulfilling the intended design goals and objectives. The principal design criteria and architectural styles are not intended to be restrictive, but are meant to assist in the design, processing, and implementation of a high level of design direction and quality. The goal is to promote both visual compatibility and variety in a community setting achieved by utilizing a number of compatible styles, and allow for quality architectural innovation. Great neighborhoods result from the synthesis of innovative architecture and successful site and landscape design techniques.

Successful site design techniques will include: variable lot setbacks, pedestrian connections, shortened streets, curb separated sidewalks, street trees program, and a limited number of homes per neighborhood.

The graphic representations contained herein are for conceptual purposes only and are to be used as general visual aids in understanding the basic intent of the guidelines; they are not meant to depict any actual lot or building design.

These design guidelines, and the criteria they contain, will be implemented and enforced through the review of plans submitted by developers and official design review by the City of Ontario.

These guidelines are organized into the following sections:

- Residential Architectural Design
- Massing, Plotting and General Neighborhood Design Criteria
- Materials & Details
- Home Types
- Nonresidential Architectural Design
- Landscape Design
- Implementation

8.2 Residential Architectural Design

8.2.1 Introduction & Guiding Principles

Introduction

The residential architectural design intent for West Haven is to emphasize a diversity of styles, floor plans, garage placements, materials and colors. In keeping with the overall community theme, the homes will be of high quality and contribute positively to the character of both the West Haven community and the City of Ontario. Overall, the design concept is to blend the traditional architectural styles found in Ontario and Southern California with contemporary lifestyles, current building methods and emergent technologies. Additionally, these styles incorporate detailing appropriate to the setting. Diversity is a fundamental guiding principle at West Haven. This ensures that neighborhoods are varied and that blanket uniformity is avoided.

Conceptual emphasis is on specific interpretation of styles within the constraints and consistency of site planning, landscape and architecture, as well as on specific use and selection of details that correlate well with the designed floor plan, emphasizing such architectural concepts as:

- "Architecture forward" to support a pedestrian friendly environment,
- Varied garage placement and orientation to add richness and variety to the neighborhood,
- Variety of compatible architectural styles as well as a mix of detached and attached housing types and sizes,
- Wrap around architectural detailing, where appropriate; buildings may be viewed from all public areas, both inside and outside each neighborhood, including common open space areas, sidewalks, alleys and streets,
- Varied roof heights and pitches to create a feeling of richness, and
- Color palettes shall be selected per styles, using consistent materials and colors as a "unifying theme" to connect the varying residential products and nearby commercial and educational buildings.

The following characteristics in concept designs shall be avoided:

- Inappropriate scale,
- Poor selection and execution of details,
- Plotting of the same design adjacent to one another,
- Extreme interpretations of the characteristics for each style, and
- Lack of window treatments, which result in flat, blank walls, specifically on side and rear elevations facing streets or other public spaces.

Guiding Principles

Guiding Principles of residential architectural design for West Haven:

Buildings should contribute to a qualitative nature of neighborhood.

- Appropriate scale and proportions should be used in massing and details.
- Transitional spaces between public and private spaces (courtyards, porches, low walls, etc.) should be implemented.
- Building setbacks at front and rear should be varied.
- Massing and articulation should be varied.
- Garage placement should vary from lot to lot.

Buildings should have an enduring quality.

- Design should draw inspiration from the rich and diverse Southern California architectural heritage.
- Native materials and colors should be used.
- Authentic details and ornamentation should be emphasized.

Buildings should be designed with architectural sensitivity to human scale.

- Doors, windows, indoor and outdoor spaces should be intimate and secure.
- Designs should not overpower the overall streetscape.

Buildings should be appropriate to the climate and context.

- Shading and shaded areas should be provided to protect from intense summer sun
- Protection from adverse weather should be considered using a variety of techniques in designs.
- Buildings should compliment and reflect the surrounding environment.
- Design should encourage outdoor interaction with the temperate Southern California climate.

Buildings should be designed of materials and techniques appropriate to achieving realistic hard cost objectives (see Simple Home Design section).

- Efficient structural systems should be considered.
- Consistent window and door sizes are encouraged.
- Use of standard modules and sizes is encouraged.

8.2.2 Residential Architectural Philosophy

Southern California has a rich legacy of early agriculturally based towns, such as Ontario, that have fostered a variety of traditional architectural styles. As these towns were being established, architectural styles were often imported from the Midwest and East Coast in the form of pattern books from which the builders chose the style and massing of their homes. Placed in the setting of "sunny" Southern California, the styles were then often modified to meet specific climatic influences of the region. Outdoor spaces became more prominent and useful year-round, colors were light earth tones and materials included a blend of plaster, stucco and siding.

Additionally, the Spanish history of Southern California also influenced the architecture of the region. Brought to the region by Spanish settlers and missionaries, these homes were well suited for the temperate climate of Southern California.

Therefore the theme of West Haven's residential architecture is based on these architectural styles historically found in Ontario. West Haven's homes shall age gracefully over time, contributing to the sustainability and vitality of the neighborhoods. All architectural styles have been chosen for their traditional forms and timeless character that reinforces the charming nature of the neighborhoods and historic Ontario.

All architectural styles outlined in these guidelines shall be interpreted with authenticity. Simple yet detailed forms are crucial to the success of the community. All architectural styles must be detailed with elements that represent the best interpretations.

Homes shall be designed with a few particular styles in mind prior to the beginning of the design process. A home designed to a particular set of compatible styles is always stronger than a home that has a style applied after the floor plan has been designed.
Additionally, each home is expected to provide a "gift to the street" – a positive contribution to the public realm. Specific elements may include, but are not limited to, architecture forward, porches, recessed garages, covered terraces, enhanced elevations, and landscape. The resulting architectural expression should be sensible in its approach and unique in its outcome.

Builders are required to conform to the following variety of differing Floor Plans and Elevations:

Number of Dwelling Units	Number of Differing Floor Plans and Elevations
5-10	As required by Planning Commission
11-25	2
26-50	3
51-75	3
76-100	4
Over 100	4; +1 additional floor plan with 4 elevations for each additional 50 units exceeding 100

Residential Architectural Design Objectives:

- Emphasize styles of architecture that are compatible, yet vary enough to create interest and diversity.
- Focus on traditional, more timeless styles of architecture.
- Interpretations of styles that are authentic to the extent feasible.
- Create a dynamic streetscape through variation in floor plan and elevation plotting.
- Emphasize articulated building massing.
- Emphasize front elevations that relate strongly to the street and contribute to the livability of that realm.
- Design certain homes specifically for corner conditions.
- Utilize authentic materials and colors that reinforce the overall design theme.

8.2.3 West Haven Architectural Styles

The architectural character of West Haven's neighborhoods shall consist of complementary traditional architectural styles. As an architectural pedigree, they reinforce West Haven's connection to Ontario's early beginnings, building upon a rich heritage of traditional neighborhood design. Additionally, the chosen styles complement one another through overall scale, massing, proportions, details, and the ability to establish a charming architectural backdrop that will age gracefully over time. The materials and colors of these home styles shall complement the overall landscape design of the neighborhoods. Each style shall be developed appropriate to the region, addressing the needs and lifestyles of the residents.

Acceptable residential architectural styles:

- American Colonial
- Italianate
- American Farmhouse
- Monterey
- Craftsman
- Plantation
- East Coast Traditional
- Spanish
- French Country
- West Coast Traditional

Note: Builders may submit home designs using alternative architectural styles to those listed above, provided they are appropriate to the region, environment and setting and subject to the Planning Department's review and approval.

The styles selected for West Haven share similar design attributes. Specifically, these styles:

- Are compatible and complimentary, as well as support the community theme reflective of Ontar io's historic development pattern.
- Address the needs and lifestyles of Ontario's residents, and are generally accepted by the market.
- Can be implemented using current building methodologies and techniques.

- Can be creatively and diversely interpreted in a number of ways.
- Have an historic and/or stylistic relevance to the region, and therefore are timeless in nature.
- Can be interpreted in contemporary and/or regional adaptations.

It should be noted that Architectural Styles illustrated on ***Exhibits 8-1*** through ***8-10***, are representative of architectural styles envisioned for the West Haven Specific Plan. The intention is to incorporate many of these design features into the proposed West Haven community. However, it must be acknowledged that these styles may be subject to future refinements based upon buyer preference, detailed engineering, and other factors. Therefore, the photographs shown are not intended to be exact duplicates of the future product types for West Haven, but samples of quality design elements.

The following examples for each of the ten architectural styles proposed are strongly encouraged and appropriate for the various West Haven neighborhoods.

8.2.3.1 American Colonial

History and Character

This classical style descends from the first saltbox homes built in the New England colonies in the 17th century and later evolved into more neoclassical forms with America's increasing prosperity. There are many smaller American Colonial and Neoclassical Revival Bungalow homes in Ontario, mostly in and around the Downtown area. ***Exhibit 8-1, "American Colonial Architectural Style"*** illustrates the following:

General Attributes

Massing:

- Simple plan form & massing
- Symmetrical front façade, often with small centered porch

Roofs:

- Gable roof at medium to moderately steep pitch
- Architectural quality asphalt shingles or concrete roof tile with shingle look

Windows and Doors:

- Vertical gridded windows at front elevations and in high visibility areas, single-light windows on sides and rear elevations
- Windows are symmetrically balanced, typically rectangular double- or single-hung windows with wood or vinyl frames
- Doors are simple and typically stained or painted

EXHIBIT 8-1: AMERICAN COLONIAL ARCHITECTURAL STYLE

Details, Finishes & Colors:

- Simple porch columns and projecting pediment: either round or square Doric, Ionic,or Corinthian porch columns are required on 33% of homes in style per neighborhood
- Fine to light sand finish or light lace finish stucco, clapboard siding or blended clapboard siding and stucco in pastels to cool colors
- White trims/fascias, dentils or modillions and a wide frieze band with optional dentils or modil lions
- Minimum 2x4 wood window and door trim
- Darker color shutters
- Garage door patterns complimentary to style
- Optional 2x6 wood window and door trim, stone and/or brick foundations and accents
- Simple colonnaded entry centered porch

8.2.3.2 American Farmhouse

History and Character

With roots traceable to both Midwestern and Colonial styles appearing in the mid-to-late-19th century during America's westward expansion, the American Farmhouse style represents a practical adaptation of balloon framing techniques of earlier rural American architectural types. New England variations tend toward more symmetrical elevations with dormers and two-story massing, whereas the more picturesque and decorated asymmetrical facades are typical of the Midwestern variety. This Victorian-era style is included as a tribute to West Haven's dairy past. ***Exhibit 8-2, "American Farmhouse Architectural Style"*** illustrates the following:

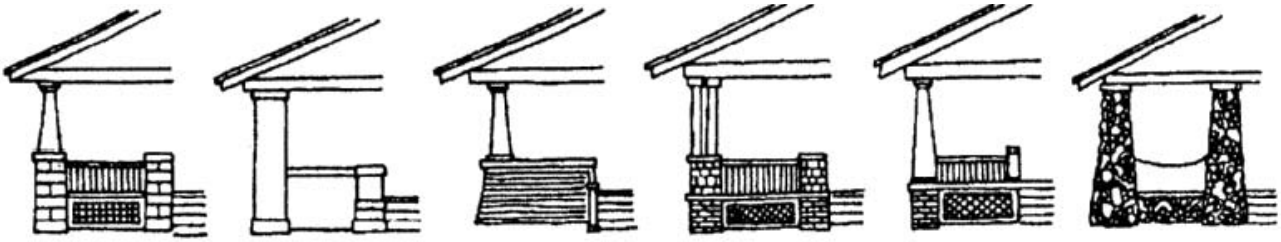
General Attributes

Massing:

- Simple plan form, asymmetrical massing

Roofs:

- Medium to moderately steep roof pitch, often with front to back main gable roof
- Shallow to modest overhangs with open eaves
- Architectural quality asphalt shingles or smooth flat concrete roof tiles



Windows and Doors:

- Vertical gridded windows at front elevations and in high visibility public view areas
- Single-light windows on sides and rear elevations
- Minimum 2x4 white trimmed doors and windows (may be white vinyl or aluminum frame windows)
- Bay windows and single-hung windows with built up header trim at front

EXHIBIT 8-2: AMERICAN FARMHOUSE ARCHITECTURAL STYLE

SOME TYPICAL PORCH SUPPORTS AND PORCH RAILINGS. LOW PIERS WITHOUT COLUMNS ABOVE ARE COMMON

EXHIBIT 8-3: CRAFTSMAN ARCHITECTURAL STYLE, PORCH SUPPORTS AND RAILINGS

Details, Finishes & Colors:

- Light or medium sand finish stucco or blended siding and stucco
- White, light tinted or dark stucco wall colors: light earth tone bodies with contrasting cool or warm trims; white, light or dark complimentary color accent trims
- Porches with simple square wood columns and/or wood railings
- Stucco finish or horizontal siding wrapped chimney, garage door and shutter patterns complimentary to style
- Louvered attic vents
- Garage door patterns complimentary to style
- Optional roof ornamentation may include dormers, cupolas, weathervanes and dovecotes
- Optional wood pot shelves
- Optional tapered or shaped wood columns

8.2.3.3 Craftsman

History and Character

Developed as a contradiction to the Victorian era that preceded it, the Craftsman style evolved from the Arts and Crafts movement that originated in England in the late 1800s. It was the first style that emphasized natural materials and functionality; the details were simple, contradicting the gingerbread visage of the Victorian home. The wood is stained, instead of painted, and the homes feature built-in cabinets, buffets and benches. The moldings and

other trim work are simple shapes, which can create complex designs.

There are several excellent examples of the Craftsman style in Ontario, along with an abundance of Craftsman Bungalows, which is the dominant home style in Ontario's historic neighborhoods. ***Exhibit 83, "Craftsman Architectural Style, Porch Supports & Railings"*** illustrates the following:

General Attributes

Massing:

- Asymmetrical massing with horizontal proportions

Roofs:

- Horizontal gable roofs (or variations of the gable roof, i.e., cross gable, etc.), with dormers
- Low to medium roof pitch with moderate to generous overhang and exposed rafter tails
- Architectural quality asphalt shingles or shingles texture flat concrete roof tiles

Windows and Doors:

- Windows are typically individual casement, vertically double or single-hung wood box with white vinyl frames
- Divided upper mullioned lights as grids at front elevation and in high visibility areas
- Doors are typically simple and can be stained. (Three-light colonial door beveled glass panels and sidelights with either stained or beveled glass to match front door are also used on larger homes.)

Details, Finishes & Colors:

- Large, either full or partial entry porches under roof supported by tapered square columns or by posts on piers
- Stone, brick, stucco or clapboard piers, columns and balustrades (often in combination)
- Blended wood clapboard siding (or shingles) and stucco of light to medium sand finish.
- Garage door patterns complimentary to style
- Decorative beams and knee braces
- Shaped wood header trim at windows and doors
- Arts and Crafts style lighting fixtures
- Optional stone or brick foundations, bases and chimneys
- Large, simple exposed attic vents
- Exposed wood beams and posts on porch structure
- Stained glass windows as an accent to an interior or exterior feature
- Painted color schemes typically consist of three (3) to five (5) colors
- Base colors are typically dark earth tones, usually browns or greens
- Trim colors are typically in contrast to the base color; darker homes use lighter color earth tones such as beiges and tans, with lighter homes using darker trim colors

EXHIBIT 8-4: EAST COAST TRADITIONAL ARCHITECTURAL STYLE

- Window frames and end rafters use a third accent color, closer in shade to the base color
- An alternative to the above color scheme would be mixing color palettes, for example, a maroon base, an olive green trim and a dark brown window frame
- Exposed roof and porch beams typically painted dark brown

8.2.3.4 East Coast Traditional

History and Character

One of the many Colonial Period Revival styles that became popular during the 1920s, the East Coast Traditional style took elements from America's colonial past, including Cape Cod, Georgian, and Federal styles. The style is simple and symmetrical, yet has a variety of different roof forms. This style is also adapted as a variation of the Bungalow style. There are very few East Coast Traditional homes in Ontario, but there are many examples of the Colonial Revival Bungalow. ***Exhibit 8-4, "East Coast Traditional Architectural Style,"*** illustrates the following:

General Attributes

Massing:

- Symmetrical plan form massing with a vertical and a horizontal break

Roofs:

- Moderately pitched gabled or hipped roofs, often with a prominent central dormer
- Roof pitch over the porch breaking to a shallower pitch
- Roof overhangs vary per interpretation
- Boxed eaves with moulding
- Architectural quality asphalt shingles or smooth flat concrete roof tiles resembling slate and ranging in color from light brown to light gray
- Round attic vents
- Bungalow Variation: the Colonial Revival Bungalow has the elements of the East Coast Traditional style with one modification: Colonial Bungalows typically use a hipped gable roof, rather than just the straight gable or hipped roof

Windows and Doors:

- Typically individual single or double-hung wood frame or vinyl windows with 2x6 trim and shutters
- Vertical gridded windows at front elevations and in high visibility areas, single-pane windows at sides and rears
- Typically decorative solid and painted doors, often with glass sidelights

Details, Finishes & Colors:

- Entry colonnade porch that is either the entire or partial width of the house
- Blended wood clapboard (brick is also used, although not typical in Ontario) and stucco siding

EXHIBIT 8-5: FRENCH COUNTRY ARCHITECTURAL STYLE

- Cornice trim at gable ends
- Base color of the building is typically lighter shades of blues, yellows and greens (typical colors were blue gray and sea foam green), trim and accent colors are typically white
- Darker color shutters
- Garage door patterns complimentary to style
- Optional decorative accent windows
- Balconies, roofed with simple wood or metal railings

8.2.3.5 French Country

History and Character

One of the many period revival styles that began in the 1920s and became popular in the late 1920s to early 1930s, the French Eclectic style replicated the cottages that dotted the French countryside, and were popular in fairy tales. Noted for its substantial use of rusticated stone, this asymmetrical, informal style should not be confused with the more decorative "Beaux-Arts" style. There are many examples of French Eclectic country homes in Ontario, primarily in the Rosewood Court Historic District. ***Exhibit 8-5, "French Country Architectural Style,"*** illustrates the following;

General Attributes

Massing:

- Asymmetrical massing with vertical proportions and either small or no porches

Roofs:

- Steep pitched gable roof (or variations of the gable roof, i.e., cross gable, etc.) often with subtly flared curves at the eaves
- Concrete tile roof to mimic wood shake

Windows and Doors:

- Windows are typically individual casement, double or single-hung gridded windows of either wood or vinyl frames
- Stained glass windows may be used to accent an interior or exterior feature
- Doors are typically simple, often with stained wood finish, and can include stained or beveled glass panels

Details, Finishes & Colors:

- Stucco exterior walls combined with a variety of exterior surface materials, often with stone or brick

EXHIBIT 8-6: ITALIANATE ARCHITECTURAL STYLE

- Large, often central chimneys
- Homes typically painted in color schemes consisting of three (3) colors
- Base colors are typically light earth tones; trim colors are typically in contrast to the base color
- Window frames tend to be dark colors
- Round silo type towers required on 33% of homes in style per neighborhood
- Optional curved roof ridge to simulate thatched roof or wood shake roof with wavy pattern

8.2.3.6 Italianate

History and Character

Like many Victorian-era styles, Italianate emphasized vertical proportions and richly decorative detailing on residential structures in America from about 1870 up until the turn of the century. Italianate is characterized by a low pitched hip roof, wide overhangs, bracketed cornice, a variety of fenestration, molded window surrounds, and occasionally a cupola or balustrade balcony. Simple Italianate structures have a hip roof, bracketed eaves, and molded window surrounds; Italianate townhomes feature wide projecting cornices that conceal a flat or low pitched roof behind.

Some of Ontario's commercial buildings were originally designed with Italianate elements. While not typically built in Ontario, the Italianate style is easily compatible with Ontario's historic neighborhoods. ***Exhibit 8-6, "Italianate Architectural Style"*** illustrates the following:

General Attributes

Massing:

- Simple plan form symmetrical massing and façade with emphasis on rectangular vertical proportions (two to four stories)
- Either small or no porches

Roofs:

- Low-pitched or flat roof with wide overhanging eaves
- Alternatively architectural quality asphalt shingles or concrete rooftile with shingle look as well as terra cotta styles

Windows and Doors:

- Full or segmented arched windows and doors
- Windows are typically very tall and narrow, double or single-hung one-over-one windows with wood frames and hood moldings
- Doors are often double, and heavily molded stained wood

EXHIBIT 8-7: MONTEREY ARCHITECTURAL STYLE

Details, Finishes & Colors:

- Light sand finish stucco massing, often with stone elements and either stone or cast concrete corner quoins
- Homes are typically painted a light, often earthtone, color with a second trim color; sometimes a third color is used on the window frames
- Optional square cupola, side bay window, tower(s), or decorative paired brackets and cornices
- Optional arcade porch topped with balustraded balcony

8.2.3.7 Monterey

History and Character

The Monterey style is a cross between the adobe architecture of the Mission period in California and the New England Colonial architecture prevalent in the mid 1800s. The homes are a basic colonial house, typical of New England, with a second floor porch added to it. The home then took the common features in adobe architecture, including stucco walls, and incorporated them into the design. The Monterey style is rare in Ontario, with only a handful of examples. ***Exhibit 8-7, "Monterey Architectural Style,"*** illustrates the following:

General Attributes

Massing:

- Simple, straightforward volumes sometimes with a gable wing facing the street and opposing cantilevered balcony from second story floor

Roofs:

- Low to moderately-pitched red "mission" tile gable roof with a low pitched shed roof break over the balcony
- Alternatively, flat concrete tile roof to mimic wood shake
- Tight rake and extended eaves with exposed rafter tails

Windows and Doors:

- Windows are typically individual single-hung with wood or vinyl frames with simplified white window trim
- Simplified colonial style window shutters and door trim
- Doors are typically simple, painted or stained wood finish
- Enhanced front door surrounds with pediment trim above

EXHIBIT 8-8: PLANTATION ARCHITECTURAL STYLE

Details, Finishes & Colors:

- Wood or wrought iron balcony
- Round tile attic vents
- Ornate chimney top trim
- Vertical siding accents at gable ends
- Garage door patterns complimentary to style
- Plastered or stuccoed walls with sand to California Monterey stucco finish
- White painted brick
- Homes are typically painted either white or other light color with second trim color

8.2.3.8 Plantation

History and Character

Similar to the traditional rural East Coast styles to the north, the Plantation style draws it inspiration from the sun-drenched American Southeastern landscape with its emphasis on outdoor living areas and verandas. Both the New Acadian Greek revival estates and the Spanish Colonial porous limestone coquina of St. Augustine indicate the 18th and 19th century historical roots of the Plantation style; however, whimsical Victorian decorative elements found throughout the Caribbean islands are often blended into this Creole hybrid style. While not typically built in Ontario, the Plantation style is easily compatible with Ontario's historic neighborhoods and is included, along with American Farmhouse, as a tribute to Ontario's rural past. ***Exhibit 8-8, "Plantation Architectural Style,"*** illustrates the following:

General Attributes

Massing:

- Simple plan form massing and simple roof design

Roofs:

- Gable or hipped roof, often hipped gable or "Dutch" broken-pitch hip, at medium to moderate-pitch with wide overhanging eaves and decorative vents
- Architectural quality asphalt shingles or smooth flat concrete roof tiles

Windows and Doors:

- Gridded vertical windows in high visibility public view areas, with minimum 2x4 trim and contrasting shutters, with single-light windows as accents and on side and rear elevations
- Typically decorative, solid and painted doors, with minimum 2x4 trim

Details, Finishes & Colors:

- Wood details may include "Plantation" shutters, balustrade basket patterns, and cornice trim at gable ends balcony and railing

- Garage door patterns complimentary to style
- Light or medium sand finish stucco or blended clapboard siding and stucco
- Colors range between naturals to pastels, plus one or two complimentary colors for siding and shutters; trim is typically white
- Optional full and two-story wood porches (with projecting pediment)
- Optional side lights at front doors
- Optional whimsical Victorian porch brackets

8.2.3.9 Spanish

History and Character

The Spanish style was developed as a direct result of the California Mission style and is a loose adaptation of features found in detailing from various influences, yet unified by the order of arches, strong form and mass, plain wall surfaces, and tile roofs. Most formal designs were influenced more by Italian architecture, and most informal designs were influenced by Spanish and Portuguese architecture. The style's close relation to outdoors is expressed through use of terraces, arcade porches, courtyards, colonnades and patios. The most famous example of the style is the Adamson House in Malibu.

There are only two known examples of the style in Ontario. The first is on Princeton Street, within the College Park Historic District. The second is the Old Post Office, which was designed by Paul Williams. ***Exhibit 8-9, "Spanish Architectural Style with Window, Chimney, and Vent Details,"*** illustrates the following:

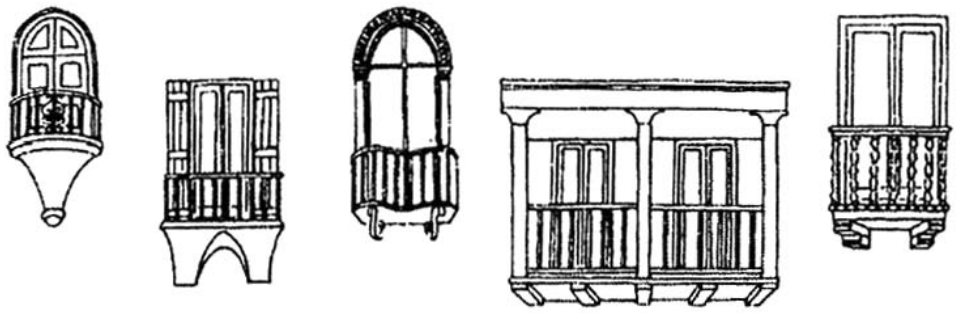
General Attributes

Massing:

- Asymmetrical massing

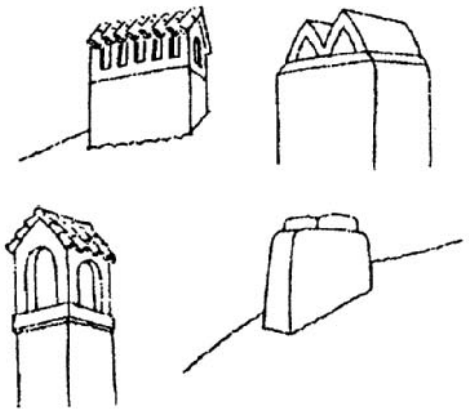
Roofs:

- Low- to moderately-pitched terra cotta or concrete barrel or "S" shape tile roofs with modest to generous overhang
- Simple tile rakes and occasional eaves



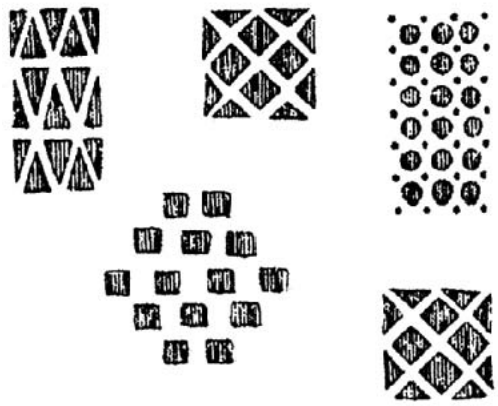
Windows and Doors:

- Deeply recessed openings at major openings, which are often arched, or with occasional raised or molded pediments
- Typically individual casement windows with wood or white vinyl frames
- Vertically hung 9 and 12 paned windows on front façade
- Either wood or black wrought iron are used for window grates and balconies, which may also feature awnings designed for sun control
- Typically carved wood front doors, or other ornate wood (or fiberglass) doors of painted or stained finish; French doors



Details, Finishes & Colors:

- Frequent use of pergolas, arched stucco column porches, and formal axial garden design
- Decorative metalwork on window grills, doors, balconies, and roof supports
- Garage door patterns complimentary to style



SPANISH WINDOW DETAILS

SPANISH CHIMNEY DETAILS

SPANISH VENT DETAILS

Exhibit 8-9: **SPANISH ARCHITECTURAL STYLE WITH WINDOW, CHIMNEY AND VENT DETAILS**

EXHIBIT 8-10: WEST COAST TRADITIONAL ARCHITECTURAL STYLE

• Light sand finish or light lace finish stucco massing with simple vent holes in walls

- Stucco over foam window and door trim
- Typical wall material is smooth or lightly textured stucco ranging in color from off-

  white to beige with a second trim color; sometime a third color is used on the window frames
- Dark brown trims; typical accent colors are blue, dark green, ochre or red

8.2.3.10 West Coast Traditional

History and Character

The West Coast Traditional style is the late 20th century refinement of the Minimal Traditional style, which was a transition between the revival styles of the 1920s and 30s and the post-war Tract homes. The Minimal Traditional style referenced traditional styles without actually achieving them, incorporating elements common to many styles, but belonging exclusively to none, including columns, gables, chimneys, and shutters. Houses of this style may be built of virtually any traditional material; brick and stucco are common. Roofs always lack the eaves or overhangs found on more assertive styles. Earliest existing examples in Ontario are one or 1-½ stories in height. ***Exhibit 8-10, "West Coast Traditional Architectural Style,"*** illustrates the following:

General Attributes

Massing:

- Asymmetrical massing with single story wings and small front porch

Roofs:

- Gable roof with dormered windows, or occasionally saltbox roof forms
- Medium to moderately high roof pitch
- Flat concrete roof tile or shake appearance and moderate overhangs
- Front gable ends with cornice trim

Windows and Doors:

- Windows are typically vinyl or aluminum, double-hung with gridded panes in high visibility areas
- Round top accent or bay windows
- Doors are typically painted and may include glass panels

Details, Finishes & Colors:

- Garage door patterns complimentary to style
- Decorative details on windows, typically shutters
- Variety of exterior surface materials, often with siding or brick combined with stucco, changes occurring at inside corners

- Wrapped horizontal siding elements on sides and/or rear elevations
- Brick veneer chimney wrap
- Roof ornamentation may include cupolas, weather vanes or dovecotes
- Occasionally, wood window pot shelves, round or square Doric or Ionic columns with trim
- Light color or off-white body with a contrasting trim and often white, light or dark accent colors

8.3 Massing, Plotting & General Neighborhood Criteria

8.3.1 Introduction

The following sections describe plotting and massing, garage placement and building elevation techniques that will assist in designing a successful streetscene for either detached or attached multifamily residential products. Appropriate use of these methods shall ensure the achievement of the desired results.

This section of the guidelines is intended to provide suggestions for creating neighborhoods and streetscenes that have a variety of building forms that are more proportionate to a human scale and more welcoming to the pedestrian. An important goal of these guidelines is to compose a street scene possessing both functional and visual variety. The plotting and massing, garage placement and building elevation criteria are intended to provide this desired variety as well as a sense of uniqueness for each home. Exterior massing of the home should reflect the general uses inside and be organized to create a positive street environment.

The required characteristics listed below describe the desired community setting and streetscene objectives for the neighborhoods of West Haven:

Objectives:

- Limit the numbers of homes per neighborhood.
- Integrate small open spaces into neighborhood entries.
- Provide linkages to the community paseo system.
- Shorten streets and provide curb-separated sidewalks.
- Vary lot sizes where appropriate.
- Minimize visual impact of garages.
- Give attention to composition of building mass.
- Provide innovative plans and avoid repetitious plans and footprints.
- Incorporate single-story elements in two-story buildings.
- Vary setbacks at porches, living and garage areas.
- Incorporate single story elements in two story buildings to minimize two-story dominance on streetscene, sidewalks and open spaces.
- Step back second stories and vary roof planes.
- Design with sensitivity to corner lot conditions, opening corner lots through selective plan form and single story elements.
- Use appropriate transition of scale.
- Use four-sided elevation design.

The Director of Planning may administratively approve modifications to the following standards up to 15% for innovative and quality designs that meet the intent of the provisions for this Specific Plan.

The following development standards shall apply in all residential categories in the West Haven Specific Plan area. Unless modified by the following development standards, criteria contained in Sec. 9-1.1410 of the City of Ontario Development Code shall apply.

8.3.2 General Elements

The general elements of building massing & plotting include:

- Front Articulation
- Roof Form
- Garage Placement
- Balconies & Projections
- Rear Articulation
- Variable Setbacks & Lot Sizes
- Corner Lots & Critical Edge Conditions

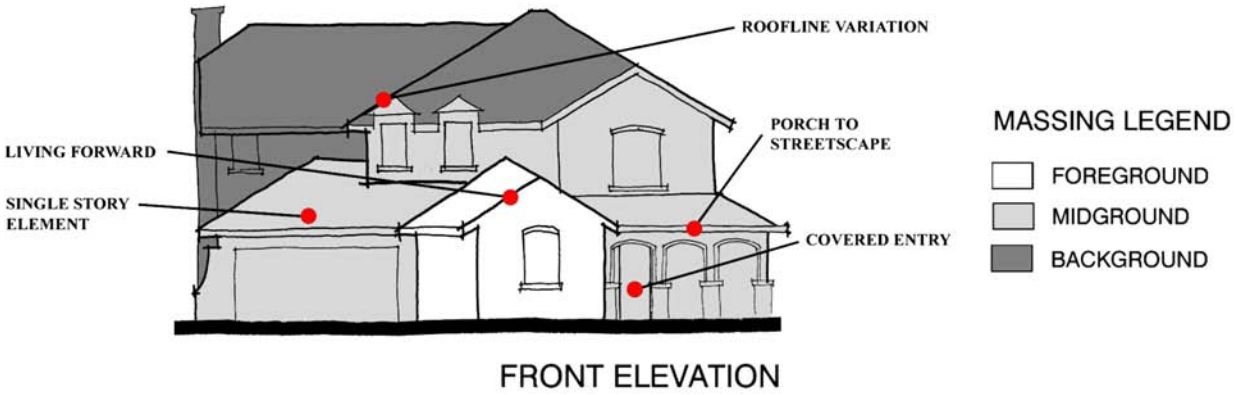


EXHIBIT 8-11: FRONT FAÇADE MASSING

8.3.2(a) Front Articulation and Scale

Intent:

The front elevation of the home is an important element in creating a quality community at West Haven. Special attention will be placed on these elevations and how they address the public realm. Emphasis on location and design of entries, living areas and garages will be to provide a special element or "gift" to the street. Placing an emphasis on variety of building massing creates a diverse streetscene. Please refer to ***Exhibit 8-11, "Front Façade Massing."***

Criteria:

- Building massing should be appropriate to architectural style.
- Building details such as doors and windows should be in proportion the overall building massing.
- All homes except American Colonial, Italianate and Plantation style homes should have at least three planes of variation in front elevation massing; American Colonial, Italianate and Plantation style homes should have at least two planes of variation in front elevation massing.
- Porches and loggias shall be 4' minimum in cluster lots and attached homes, 6' in depth is preferred. Porches intended to meet usable outdoor space requirements shall be a minimum 7' depth, porch elements intended only as an architectural enhancement may be less than 7'. ~~7' minimum in depth and have an 8' plate height~~.
- Massing elements should project enough to avoid elevations that appear to be "pasted on."
- Building form is encouraged to reflect the interior uses of the home.
- When appropriate to style, "recessed" two-story elements are encouraged to create human scale buildings.
- Front elevations with a single-story element for two-story homes are encouraged.
- Front elevations are encouraged to emphasize the placement of living areas, porches, covered terraces, entries, and windows to address the neighborhood street and other areas exposed to public view.

8.3.2(b) Roof Form

Intent:

Roof form is an important design element as it relates to the character of the community, observed from both the external edges and inside the neighborhood. Variety of roof form along streets creates a positive visual edge to these public ways. Appropriate massing of roof forms help to create human scale architecture to the street.

Criteria:

- Roof forms shall reinforce the architectural style of the home and shall be composed of a series of simple roof forms.
- Roofs shall vary in massing along the streetscene and open spaces.
- No more than three of the same main span roof configurations (front to back or side to side framing) shall be adjacent to one another for variation in massing along the streetscene.

- Flat roof elements are encouraged only if appropriate to style.
- Mainspan roof directional changes at narrower lots are encouraged.
- Articulate the rear elevation and roof plane to minimize the visual impact of repetitious flat planes, similar building silhouettes and similar ridge heights.
- Provide varied rear elevation roof forms when those forms are exposed to public view.
- Gable end wall planes shall be a minimum of 12' wide for lot sizes 50' and wider.

8.3.2(c) Garage Placement

Intent:
The location, configuration and orientation of the garage on its lot are important design elements, both for the composition of the dwelling and its contribution to the streetscape.
De-emphasizing the garage is an important community design element. The goal is to design homesites to pull living portions of the house toward the front of the lot to allow active, articulated architecture to address the streetscene.
Most plan variations should place entries, windows, front porches and living areas directly adjacent to the street. Placing living areas forward encourages "eyes on the street" for neighborhood safety and security while establishing neighborhood orientation to the pedestrian as opposed to the automobile.
To mitigate the negative impact of garages on the fronts of homes, each planning area is encouraged to incorporate a variety of the alternative garage placement configurations described below. (Where higher density neighborhoods are incapable of achieving these standards they shall incorporate those aspects that are practical and applicable.)

- Garage Forward
- Shallow Recessed Garage
- Mid-Recessed Garage
- Deep Recessed Garage
- Offset Garage
- Tandem Garage
- Swing-in Garage
- Rear-Loaded Garage
- Mansion Corner Lot Garages

Criteria:
- At least 75% of front accessed homes shall have "architecture forward" standards; no more than 25% of homes in any neighborhood area shall have street facing garages set back closer to the street than the living area (side loaded garages exempted from this ratio). To qualify as "architecture forward" the garage door plane must be set back from the forwardmost living area façade at least 5'.
- Garage door plane will vary at least 2' from the adjacent living area façade.
- Minimum interior garage dimensions for two-car side-by-side configuration is 20' x 20' clear, one step may encroach, but water heaters may not encroach into this area.
- Garage door patterns are encouraged to vary among elevation types and to reinforce the architectural theme of the dwelling.
- A minimum 2' offset is required where garages are adjacent on common property lines.
- 3-car side-by-side garage configurations are discouraged and are limited to a maximum of 25% of homes in any neighborhood; at least one garage door must be offset from the others 2' minimum.
- Garage door recess is encouraged to be a minimum of 8" from parallel walls.
- In front loaded garage homes, minimum driveway length from garage door shall be 18' from back of sidewalk.

EXHIBIT 8-12: GARAGE PLACEMENT ALTERNATIVES

- Deep recessed garages and patio covers shall maintain a 5' rear yard setback.
- For garages on rear access lots, the minimum alley setback shall be 3' with a 5' average setback for second story elements over the garage.
- Alleys serving as access ways to residential parking facilities shall be designed in accordance with the following standards. At minimum, the alleys shall provide 30 feet of back up area as measured from the garage face.
- A minimum 24' clearance is required at all times along the length of the alley; on both sides of the alley, between each garage (approximately every 30 feet), a landscaped planter shall be installed and shall project 3' beyond the face of the garage toward the alley.

Examples of Garage Orientation Types

(Please refer to ***Exhibit 8-12, "Garage Placement Alternatives"***):

Garage Forward

When garages are forward of the porch or front facing building elevation, a minimum driveway length of 20-feet shall be maintained from back of sidewalk (property line) to face of garage door. Garage forward configuration shall be limited to no more than 25% of the total number of units in a builder's plan package.

Shallow Recessed Garage

Set the garage back a minimum of 2' from the adjacent living space façade of the house (excluding porches). This setback strives to reduce the overall visual mass of the garage.

Mid-Recessed Garage

Set the garage back at the mid-point of the home to exposes more highly articulated, habitable architecture toward the street while the garage remains attached to the house is achievable in lower density neighborhoods.

Deep Recessed Garage with Porte-Cochere

Set the garage back to the rear of the lot. This

setback achieves more usable living space toward the street and created additional usable side yard outdoor space.

Offset Garage

This garage layout breaks up the massing of the two-car garage by offsetting two one-car garages from each other.

Garage with Casita

This garage layout breaks up the massing of the two-car garage by offsetting two one-car garages from each other.

Tandem Garage

This garage layout de-emphasizes a third garage space by concealing it behind a standard two car side-by-side garage condition, permitting the tandem space to option into living space while still only showing the original two car garage to the street. This garage configuration can be shallow, mid-recessed or deep recessed garage design, however it is typically either shallow or mid recessed into the lot so as to be incorporated into the architecture of the home.

Swing-in Garage

A single or two-car swing in garage may be used on a lot with a minimum width of 50' to break the continuous view of garage doors along a streetscene, allowing a more formal motorcourt entrance. Although not mandatory, a 60' wide lot provides for optimal configuration. Side entry garage conditions also allow a reduction in the required front setback as well as greater variation in the streetscene. The elevation facing the street shall have an architectural detail such as a window, reveal or pop-out.

A minimum 24' back up space is required; note that lots providing less than 24' feet of backup maneuvering room are subject to City approval of the alternative design standards.

Rear Accessed Garage

Garages may be concealed by detaching and locating them to the rear of the lot. Garage accessways may be relocated off neighborhood streets to promote a more traditional, pedestrianfriendly streetscene. Garages accessed from an alley create a more traditional streetscene, without garages visible at the front side of the home. Recess garage door a minimum of 8" on alleyloaded garages.

Mansion Corner Lot Garages

Having entry doors on the front elevation while the garage doors are located on a side elevation, mansion corner lot garages are plan forms that allow architectural enhancements to wrap around the home from front to side elevations. Corner lot garages may be addressed two ways; plans may be designed for corner orientation or interior lot plans may be adjusted to address corner conditions. The purpose of either solution should be to create substantial streetscene variation while the architecture wraps the exterior lot frontage. When a garage faces onto the street side, it shall be setback a minimum of 18 feet as measured from property line.

8.3.2(d) Balconies & Projections

Intent:

As part of the overall composition of a two-story dwelling, balconies or projections provide relief and interest at the second story. Additionally, these elements create ideal outdoor rooms.

Criteria:

- Balconies shall be roofed when they exceed 4' in depth.
- Balconies and projections shall proportionally complement and be integrated into the overall massing of the home.
- Balconies shall not be located at outside edges of homes where they can overlook private spaces of adjacent homes.
- Balcony railings are encouraged to be consistent with the architectural style.

- Architectural projections such as media niches and chimneys are encouraged to be a maximum of 3'.
- Covered balconies and living area cantilevers are encouraged to be appropriate to the architectural style.
- Opportunities for creating shaded areas and usable outdoor spaces are encouraged.
- Multiple balcony options should be considered based of effective solar orientation.
- Metal awnings are prohibited. Fabric awnings of solid accent colors are permitted in moderation.

8.3.2(e) Rear Articulation

Intent:
Particular attention will be placed on the design of those dwellings adjacent to or in close proximity of major community roadways, open spaces, or entry features. Whether viewed from distant or close range, massing requirements will be implemented to ensure positive community character in these locations. Generally, repetitious elements such as continuous gable ends and similar building silhouettes shall be avoided.
Criteria:

- Plans shall utilize projections and/or offsets that extend from the main wall plane.
- The stepping or use of projections on rear facades is encouraged to create the articulated massing important to the character of the community.
- Homes directly adjacent to arterial roadways, collector roads, entry drives, and open spaces are encouraged to be given particular attention in their rear articulation, contributing positively to these edges.
- Building forms that are assemblies of interlocking masses are encouraged.
- Architectural massing and articulation appropriate to style is encouraged.
- Vertical and horizontal plane breaks are encouraged.

8.3.2(f) Variable Setbacks & Lot Sizes

Intent:
The key to quality neighborhood design is the emphasis on the "living" areas of the home orienting toward the street. To encourage this, reduced setbacks are allowed for living areas as measured from the back of walk. Additionally, variable front and rear setbacks for both living and garages are encouraged (and mandated through entitlement) to create diversity in streetscenes. Finally, vary lot sizes to increase buyer selection and variety in house and house and lot size combinations, where appropriate.

Criteria:

- Setbacks shall be appropriate and proportionate to the housing type and lot size.
- Variable rear setbacks are encouraged to create variety for edge conditions such as homes backing to collector roads and back-to-back homes on alleys.
- Monotonous repetition resulting from strict

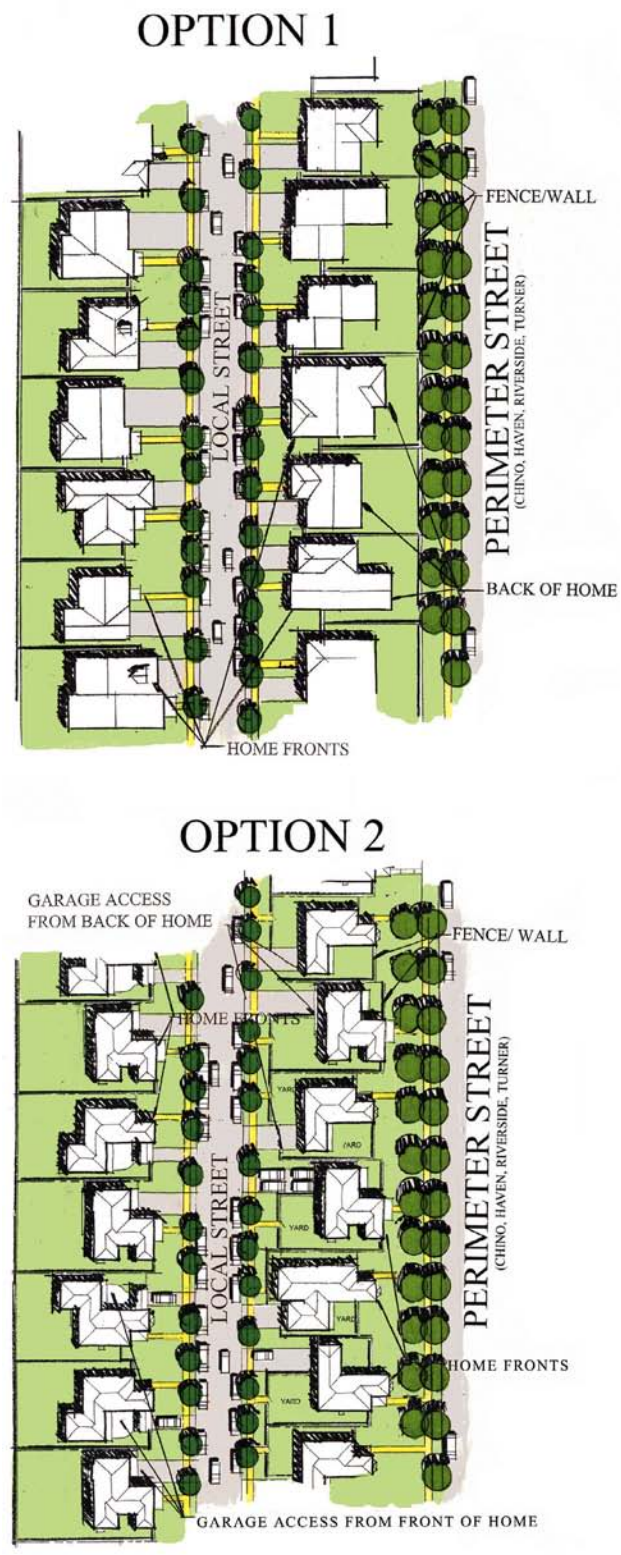

EXHIBIT 8-13: NEIGHBORHOOD EDGE TREATMENTS

compliance to the minimum garage setbacks should be avoided.

- Variations in lot widths may be matched to floor plans so long as the average lot size specified for the product type is maintained.
- The minimum lot width for a flag lot, cul-de-sac, or knuckle at front property line may be reduced five feet (5') from standards. Lots at the end of cul-de-sacs and knuckles may vary from the minimum depth requirement provided a lot provides an adequate area for development.

8.3.2(g) Corner Lots & Critical Neighborhood Edge Conditions

Intent:

Single-story elements at corner conditions should be considered in West Haven. Creating a "human scale" edge utilizing single-story elements and other architectural details provide optimal massing forms oriented to pedestrians. Porches that wrap around two sides of the house provide a transition from the public realm of the street to the private home.

The continuous overly "walled" appearance along neighborhood perimeter streets may be avoided through special treatments in selected locations. Please refer to ***Exhibit 8-13, "Neighborhood Edge Treatments."*** Possible treatments may include incorporation of hedges and neighborhood street tree programs in a conventional format (Option 1), and side on courtyards with open cul-de-sacs and trail connections (Option 2), view fencing, etc. These treatments will be consistent with ***Exhibit 8-31, "Community Walls & Fences - Locations"*** and ***8-32, "Community Walls & Fences - Details."***

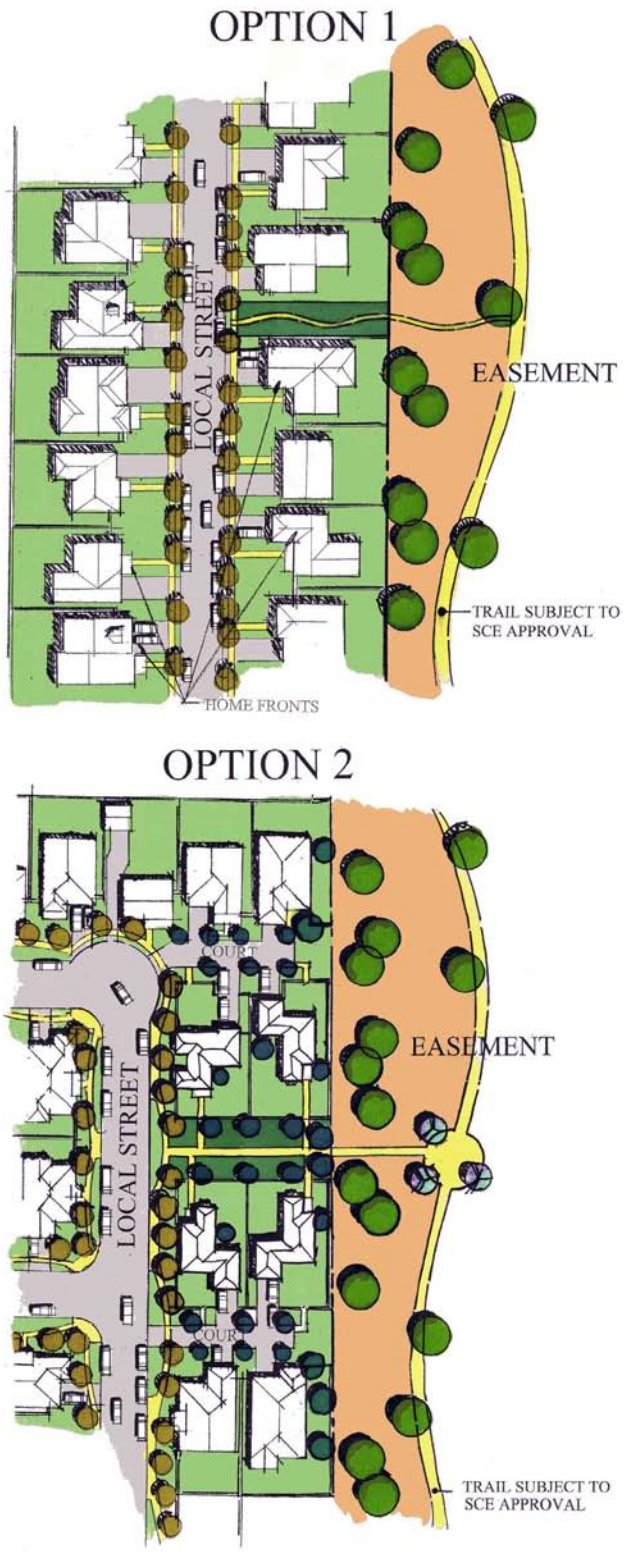

EXHIBIT 8-14: OPEN SPACE WALKWAYS

Criteria:

- Provide plans that when plotted on corner lots have the flexibility to reposition the entry and garage to the exterior side. At least one plan type should be designed for corner lot plotting in order to be flexible.
- Similar massing and detailing utilized on the front elevations shall be incorporated on the side elevations facing the street.
- Homes on corner lots are encouraged to be designed for two-sided corner exposure.
- Corner homes shall have single story elements at corner edges.

8.3.3 Fronting on Parks, Paseos & Parkways

Homes fronting onto parks and greenbelts activate the open spaces as well as add a sense of security.

Intent:

Neighborhood layouts shall provide connections into the community paseo system to encourage pedestrian flow through the project.

Please refer to ***Exhibit 8-14, "Open Space Walkways."***

Criteria:

- Encourage integrating small open spaces into neighborhood entries.
- Possible linkage treatments may include dedicated walkways (Option 1) or shared walkways with access to front doors (Option 2).

8.4 Residential Building Materials & Details

Strong architectural detailing is a key element to creating quality communities. During the design of West Haven, special attention has been given to the details of the homes. Appropriated focus should also be given to the design of the secondary elements of the architecture.

8.4.1 General Elements

The following elements are primary:

- Wall Finish
- Accent Materials
- Doors
- Windows
- Exterior Lighting
- Roofing Materials
- Eaves & Rakes
- Color
- Other Elements

8.4.2 Wall Finishes

Allowed Finishes:

- Stucco
- Exposed masonry walls (brick, slump block, etc.) •

Stone, brick, adobe, brick veneers (accent materials)

- Fiber-cement plank siding
- Board and batten siding

Criteria:

- Footings shall be exposed no higher than 6" above finished grade
- The proposed stucco finishes must be approved by the Design Review Committee

8.4.3 Accent Materials

Intent:

Accent materials reinforce the architectural theme of the home and ensure diversity in character within the neighborhood.

Criteria:

- Accent materials shall be wrapped to coincide with an architectural element, and terminate at inside corners. Note: Accent materials may terminate at privacy wall conditions
- Natural stone, approved manufactured or cultured stone, painted or natural brick, precast concrete, ceramic tile, wrought iron, slump block, and horizontal or vertical wood siding (or approved manufactured siding, i.e. cementious board) are encouraged
- Accent materials complementing the overall color and style of the home are encouraged.
- Architectural trim applied to all elevations is encouraged to be consistent with front elevation and the architectural style.

8.4.4 Doors

Criteria:

- Front entry doors shall be wood, composite fiberglass or MDF.
- Design of doors shall be consistent with the architectural style of the home.
- Doors shall be protected by deep recess or porch elements.
- Recessed doors are encouraged at two-story massing.
- Entry and garage doors expressing a level of detail appropriate to the style of the dwelling is encouraged.
- Maximum garage door height shall be 8'-0"
- Garage doors shall be recessed a minimum of 12"
- Garage door windows shall be consistent with the architectural style of the home.
- Setbacks in attached garages should be staggered in multi-family planning areas.
- Detailed garage door headers are encouraged.

8.4.5 Windows

Criteria:

- Proportions and alignment shall be appropriate to style.
- No highly reflective glazing shall be used.
- Windows shall be aluminum or wood
- Grates, shutters and tile surrounds are encouraged as style dictates
- Inset windows are encouraged to be a minimum of 18" in depth.
- Full window trim is encouraged on all elevations (front, side, rear).
- Shutters shall be sized to match window width and have appropriate hardware.

8.4.6 Exterior Lighting

Criteria:

- Lighting used on walls and walkways shall focus light down and provide appropriate downcasting hardware to minimize glare.
- Surface mounted lights shall not be permitted in garage door soffits. Lighting fixtures shall be appropriate to the selected style of the home.
- Ambient light shall be cast downward to reduce impact.
- Light design shall be included as part of the architecture review package.

8.4.7 Roofing Materials & Skylights

Criteria:

- Particular attention shall be given to avoid repetition in continuous gable-ends and similar ridge heights.
- Concrete clay flat or S-tiles shall be used depending upon home style.
- Skylights are not allowed on sloped roofs facing public streets. Skylights shall be designed as an integral part of the roof. The glazing shall be clear or solar bronze; white glazing is prohibited. The framing materials shall be colored to blend with the roof.
- Standing seam metal roofs painted in nonreflective neutral colors are allowed in appropriate architectural styles.
- All flashing, sheet metal, vent stacks and pipes shall be colored to match the adjacent building surface.

8.4.8 Eaves and Rakes

Criteria:

- Rafter tails, when exposed, shall be a minimum of 4", painted or stained.
- Attention related to the rake return detail is encouraged.
- Eaves are encouraged to be constructed of simple built-up stucco cornices (wrapped eaves).
- Appropriate to the home's style, larger eave overhangs are encouraged to provide opportunities for shading.
- Proportions of eaves and rakes shall be appropriate to the home style.

8.4.9 Color

Intent:

Colors chosen for the homes of West Haven are important to establishing a community that blends continuously, yet leaves the impression that each home was designed on its own. Appropriate color selections will make each home unique but still look naturally and not out of place in the neighborhood.

Criteria:

- Color shall contribute to distinguishing the overall architectural character of the dwelling.
- Colors should reflect the natural hues found in Southern California while embracing the diversity and intensity of color found in this environment.
- Generally, the main body of the dwelling shall emphasize hues that are warm in character and

saturated intensity.
- Hue variation in adjacent homes shall be provided to create diversity within the neighborhood.
- Soft earthen tones are encouraged at the stuccofinished portions of the dwelling.
- Diversity of color is encouraged.
- Saturated regional earth tone colors are encouraged.
- The exterior color character for the residences at West Haven shall draw from the site itself and the influences of Southern California.
- Roof tile colors are encouraged to be consistent with architectural styles.

8.4.10 Other Elements Criteria

Antennas and Dishes:

- Antennas are generally restricted to the attic or interior of the residences.
- Dishes should be screened from public or adjacent homeowner views.

Chimneys and Decorative Accents:

- Use of chimneys and chimney caps as an architectural accent is encouraged.
- Clay pipe wall vents, decorative wall tile, floor pavers (concrete, clay or stone), fountains, benches, and flower pots are all elements that can enhance the overall appearance.

Residential Identification:

- Each residential unit is required to have illuminated address numerals at the front door and the garage door if the garage faces an alley.
- Each single family home will be required to have its address numerals painted on the curb with white reflective paint on a black background. Each homeowner will be responsible for the maintenance of these numerals.

Mailboxes:

- The type of box shall be integrated into the architecture and approved by the U.S. Postmaster.

Mechanical Equipment:

- Rooftop mechanical equipment is strictly prohibited
- Air conditioning/heating equipment shall be screened from the street and neighboring views.
- Pool, spa, water softening equipment and electric self-timer boxes for sprinklers or exterior lighting shall be screened from the street and neighboring views. Sound attenuation is encouraged.
- Television satellite dishes shall be prohibited.

Meters:

- Both gas and electric meters, and cable panels shall be screened from public view to the extent possible.

Gutters and Downspouts:

- Exposed gutters shall match roof or wall color.
- Faux copper patina is acceptable.

Patios & Accessory Structures:

- Patio structures, trellises, pergolas, and other exterior structures shall be constructed of a complimentary material and color, and integrated into the building form to add articulation to otherwise large unbroken wall masses. Today there are many new innovations that often make metal accessory structures acceptable.
- Any detached living structure, such as casitas, associated with the single-family lot shall be designed to match the style, massing and detail criteria of the primary building

Stairs and Steps:

- The design of exterior stairs providing access to second story living areas shall be incorporated into the theme of the home. Railings should be integral and should have detail.

Trash Containers:

- Space shall be provided in an adjacent side yard or interior portion of the garage to accommodate the size of at least three waste containers.

8.5 Simple Home Design

Introduction

As a guide to designers and home builders, the following section has been developed to aid in the implementation of the aforementioned design criteria. As stated, the primary goal of the community developer is to balance the desire to create quality neighborhoods and homes within the realities of construction methodologies and target costs. By emphasizing the simple massing and structural forms of the home, costs may be reallocated to more authentic detailing and finishes. These elements of simple home design are intended to be used as tools to achieve hard cost budgets.

Elements of Simple Home Design

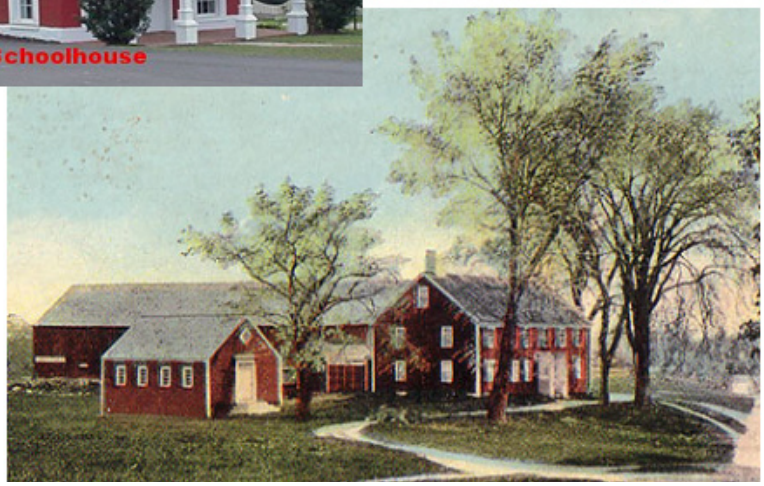
- Create a simple series of small span boxes when designing the floor plan.
- Reduce the number of truss spans for a given project by utilizing the same truss span in a number of locations throughout the project. This reduces the cost for the truss package on the project.
- Use ½ truss spans for the porches rather than using a new span and truss type.
- Use "shell construction" in one-story houses and eliminate three-point bearing trusses and interior bearing walls and trusses.
- Use girder trusses instead of interior bearing walls and footings.
- Eliminate "scissor" trusses and use flat ceilings instead. (Scissor profiles in short span trusses are economically inefficient.)
- Reduce window schedules to fewer sizes than usual. Utilize same window sizes in multiple locations. Traditional architectural vernaculars are best designed with a simple methodology in selecting window sizes and proportions.
- Keep windowsills a minimum of 18" from finish floor, eliminating the need for tempered glass.
- All ceiling heights should conform to Gypsum board Modules (8'-1", 9'-1", 10'-1", 12'-1").
- Show schedules for substitute beams at all locations so that paralam, Glulam, MicroLam, or dimensional lumber can be used.
- Design stair plans with straight legs, rather than curved forms.
- Develop a methodology utilizing a concise variety of modular pieces in kitchens, baths, and utility rooms with standardized cabinet modules.

8.6 Nonresidential Architectural Design Guidelines

8.6.1 Introduction

Situated at the intersection of Haven Avenue and Riverside Drive, West Haven's primary entry point, the Neighborhood Center commercial land use area presents a unique opportunity to establish an appropriate and unifying theme to reinforce district identity. Likewise, the visibility and scale of the Elementary School located on Haven Avenue, south of Chino Avenue, will establish West Haven's district identity as well as dominate the district's architectural hierarchy. Thoughtful planning and design coordination of these two important community components will assure the goal of high design quality for West Haven will be achieved.

Neighborhood Commercial center and Elementary School developments present certain architectural opportunities and limitations due to building massing, parking requirements, pedestrian and service access, lighting, etc., that require master planning prior to any land subdivision or development in order to ensure the integrated development of Planning Areas 2 and 7 within the West Haven community. Therefore, this section provides a standard set of concepts, goals and criteria for Nonresidential architectural design that builders will use to achieve the goal of quality design. The objective is to create attractive Neighborhood



NEIGHBORHOOD CENTER COMMERCIAL CONCEPTS

ELEMENTARY SCHOOL CONCEPTS

Exhibit 8-15: **NEIGHBORHOOD COMMERCIAL CENTER AND ELEMENTARY SCHOOL CONCEPTS**

Commercial center and Elementary School environments that are related in scale and aesthetic to the entire West Haven development.

Please refer to ***Exhibit 8-15, "Neighborhood Commercial Center and Elementary School Concepts."***

The following is a list of additional criteria, which apply to this land use area. It should be noted that site design and architectural standards not specified within this section shall be subject to the City's Design Guidelines and Performance Standards (City of Ontario Development Code Article 16: Commercial and Professional Districts) and the Uniform Building Code. The West Haven Specific Plan takes precedence over regulations in the Development Code.

8.6.2 Siting and Orientation

Intent:

- Buildings shall be designed using simple local historic forms integrated with public spaces and landscape elements that reinforce their functions as a community gathering places and architectural focal points for the West Haven community.
- All design shall incorporate the combination of compatible architecture and landscape forms to ensure that these developments achieve an image that is positively differentiated as distinctive, clearly understandable and unified.
- All designs shall appear as an integrated part of an overall design concept as well as including logical connections to adjacent uses.
- To unify the site, use common site design elements such as lighting and signage, enriched paving, and landscape treatments.
- Site design shall incorporate variations in elevations.
- Buildings shall be arranged, where possible, to create a variety of outdoor spaces (courts, eating areas, usable open space, etc.) large enough to be usable but not so large as to appear empty.
- Building units shall vary in orientation and be dispersed throughout the site to reduce the impact of development on neighboring residential areas.

8.6.3 Access and Parking Facilities

Criteria:

- On-site parking facilities should be shared to minimize curb cuts.
- Use enhanced paving to announce vehicular entries; their treatment and color should complement the building architecture and overall site design. Enhanced paving is to remain on private property.
- Vehicular and pedestrian circulation routes shall be well separated and defined by landscape and site design elements.
- Visitor parking shall be located in close proximity to main entrances. Employee parking and loading zones shall be located to the side or rear of the buildings and attractively screened from public streets with landscaping or other site design elements.
- Screen on-site parking facilities from the street and adjacent residential uses. A combination of extensive plantings and decorative boundary walls should block views from and buffer adjacent residential properties; shrubs, earth berming, and/or low, decorative screen walls are recommended to screen views of parking facilities from the street.
- Mitigate the expansiveness of surface parking lots; shade trees and other plants should be provided within parking areas to enhance their appearance, reduce heat build-up, and help regulate storm water runoff.
- Illuminate parking areas for added security; however, security lighting should be consistent with the design character of the site, and directed and shielded to avoid impacts and minimize glare on neighboring residential uses.

8.6.4 Service Facilities

Intent:

- Locate service, loading and storage facilities away from public streets and outdoor spaces. As far as is feasible, these facilities should be unobtrusive and not sited as an afterthought.
- Screen impacts and views of service, loading and

storage facilities from streets, outdoor spaces, and adjacent residential uses; appropriate screening strategies include compatible architectural treatment or decorative walls with complementary landscape. As far as feasible, these facilities should also be attractively screened from direct views from parking areas. Similarly screen utility transformer boxes placed within yard areas adjacent to a street and/or the public right-of-way.

- Introduce refuse enclosures and equipment as an integral part of the site design, including provisions for easy access by service vehicles. These facilities should be located within a screened enclosure built of high quality materials that reflect the architectural style of the building. Enclosures shall be constructed to comply with all requirements as set forth by the City's Water Quality Division.

8.6.5 Form, Scale and Massing

Intent:

- Buildings shall be designed with well-articulated elevations and with openings and entries that are clearly defined.
- Scale (particularly for a supermarket if provided in the Neighborhood Commercial center) should be given careful consideration. Long, uninterrupted expanses of walls shall not be allowed.
- Employ simple, yet varied massing, with deep wall openings that create shadow lines and provide visual relief.
- Interconnection and lapping of building forms and heights, to break up long expanses of blank walls, help relieve monotony and are desirable.

Criteria:

- All building sides should be considered equally; the architectural concept must be consistent on all sides. Buildings may not have a special treatment only on the façade facing the street.
- Development of special design character at building entrances is required.
- Use fenestration, as well as changes in wall plane, material, texture, color, etc., to create shadow lines and articulate building walls.
- Extensive blank wall surfaces are not allowed, especially along sidewalks, outdoor spaces, and heavily trafficked areas.
- Used brick or used brick appearance is not acceptable. Exposed standard concrete block is not permitted as a finish material.
- Corrugated metal siding and metal panel wall systems are not acceptable.
- Exposed plywood sheathing is not acceptable.

8.6.6 Architectural Styles and Features

Intent.

- Promote architectural design that fits with and enhances its surroundings, emphasizing visually attractive buildings that bring interest to the street and add richness and variety to the community.
- Encourage compatibility between commercial, institutional and residential architecture within the Specific Plan area; the introduction of unifying elements such as common materials and colors should be considered.
- Building facades shall be based upon a pleasing set of proportions and a clear pattern of building openings.
- Fixtures and finishes should be selected for their contribution to the overall theme of the development.
- Require a high degree of street level transparency, especially along sidewalks, important outdoor spaces, and heavily trafficked areas.

Criteria:

- All buildings and structures shall comply with the applicable provisions of the City-wide Design Guidelines.
- American Farmhouse and Spanish architectural styles are designated styles for Planning Area 2 buildings, and American Farmhouse or Craftsman architectural styles are designated alternative thematic styles for Planning Area 7 buildings. (Refer to ***Section 8.2.3, "West Haven Architectural Styles"*** for American Farmhouse, Craftsman, and Spanish style descriptions.)
- Differentiate between the base, middle and top levels of a building; for instance, street oriented shops may feature 1) a bulkhead, 2) display windows, and 3) transom and detailed cornice.
- Use architectural details to enhance a building's appearance; careful detailing is especially appropriate at the base of buildings, along cornices, eaves, parapets or ridgetops, and around entries and windows.
- Glass shall not be mirrored.
- Use of opaque and darkly tinted glass should be restricted.
- Pre-engineered metal buildings from any public view shall be prohibited.

8.6.7 Exterior Materials and Colors

Criteria:

- Materials are to be durable, relatively maintenance free, and sympathetic in scale and aesthetic to the overall Neighborhood Center commercial environment.
- Promote visual interest, using at least two different building materials; for instance, materials may be used to highlight a building entrance or distinguish the building base.
- Stucco textures are limited to machine spraying and light hand-trowel / float finishes.
- Finishes shall be non-reflective.
- Finishes should match or coordinate with stucco or masonry wall finishes. Textured surfaces applied to vertical walls should not be applied to exterior surfaces where roofing materials are normally applied.
- "Tacked-on" appearance of canopies or awnings and details that are not designed as an integral part of the building architecture is inappropriate and prohibited.

8.6.8 Roof Forms and Materials

Intent:

Express roofs in a visually interesting manner that complements the composition of the building and the surrounding area.

Criteria:

The following are appropriate to West Haven:

- Sculpted roof forms or a strong and attractively detailed cornice.
- Clay or concrete tile.
- Colored or prefinished standing seam metal roofs.
- Flat roof designs, when visible from adjacent properties, shall be crushed rock or mineral surfaced cap sheet resulting in a familiar uniform coverage treatment. Roof surfacing is to be an earthtone color.
- Flat roofs shall make-up no more than 75% of total roof area for any single unit or building composite.
- Skylights shall be designed as an integral part of the roof. The glazing shall be clear or solar bronze; white glazing is prohibited. The framing materials shall be colored to blend with the roof.

Inappropriate / Prohibited:

- False facades and mansard roofs when unrelated to the style of the building.

8.6.9 Walls and Fences

Intent:

Decorative walls and/or walls screening yards, parking lot or enclosures are encouraged to provide security, privacy, and landscape definition, and they shall be designed to integrate with the architecture of

the building, as well as the landscape design. This can be accomplished by gradually building up the massing of the walls as they attach to a building or creating openings for entry gates.

Criteria:

The following are appropriate to West Haven:

- Wall treatments will be consistent with ***Exhibit 8-31, "Community Walls & Fences - Locations"*** and ***8-32, "Community Walls & Fences - Details."***

Inappropriate / Prohibited:

- Wood, vinyl or other non-masonry fencing, framed (non-solid) stucco fencing, hollow nongrouted masonry less than four inches thick.

8.6.10 Accessory Structures and Services

Criteria:

The following are appropriate to West Haven:

- Any accessory building and/or enclosures, whether attached to the main building or not, shall be of similar design.
- Patio structures, trellises, pergolas, and other exterior structures shall be constructed of a compli-mentary material and color, and integrated into the building form to add articulation to otherwise large unbroken wall masses.

Inappropriate / Prohibited:

- Metal or other prefabricated structures.

8.6.11 Street/Plaza Furniture & Bus Shelters

Street/plaza furniture and bus shelters within the West Haven Specific Plan shall be designed to coordinate in design, style and color with the principal architectural themes and/or architectural details of the primary structure and building in the development. Bus shelters shall be as approved by the City of Ontario and Omnitrans.

8.6.12 Signage and Outdoor Lighting

Intent:

- Orient signs away from neighboring residences.
- Establish a hierarchy of illumination levels based on design intent; for example, the illumination of entry monumentation is highly encouraged.
- Require signs that are in balance and scaled to the building, site and surrounding area; avoid repetitive signage and visual clutter on a building frontage.
- Design monument signs to complement the building architecture and the streetscape; colors and materials should be consistent with the structures on site and enhance landscape elements.
- Design tenant identification signs to fit comfortably with the storefront architecture; wall signs and pedestrian-oriented signage should not obscure architectural features and should be incorporated as an integral part of the building façade.
- Establish a coordinated sign program to accommodate multiple tenants; a commercial development's signs, including tenant identification signs, should complement, but not necessarily replicate the style of one another.
- Offer a clear, simple message; the number of lettering styles should be limited, and the use of identifiable symbols and logos is encouraged.
- Encourage external sign illumination using unobtrusive, yet attractive fixtures; this often permits better integration of wall sign and façade, although fixtures should not obscure the graphic of the sign.
- Provide sufficient lighting to ensure the safety and well being of the community; in addition, outdoor lighting should visually enhance the project by highlighting and accentuating architectural or landscape features.

Criteria:

The following are appropriate to West Haven:

- Orient signs away from neighboring residences.
- Construct high quality signs with durable materials; individual channel letters are encouraged for wall signs.

- Require a comprehensive program for outdoor lighting associated with all new developments, including security lighting within parking areas; the Planning and Police Departments shall approve all proposed lighting programs.
- Utilize attractive light fixtures and standards that complement the site and building architecture; in general, lighting standards and fixtures should be consistent in style, color and materials, maintaining uniformity throughout the project.
- Locate and direct outdoor lighting (including security lighting) to avoid unwanted glare and minimize impacts on neighboring residential uses.
- Encourage subtle lighting that provides a soft wash of light over illuminated objects.
- Encourage low, shielded walkway lighting.
- Screen site lighting from direct view by adjacent residential neighborhoods.

Inappropriate / Prohibited:

- Intensely bright or "hot" lighting of architectural and landscape features is discouraged.
- High-mast type fixtures should be avoided.
- Internally illuminated cabinet signs, painted signs, as well as paper and cloth signs are not al-lowed, although temporary signs (i.e., "grand opening" signs, etc.) are permitted subject to the restrictions of the City's Sign Ordinance.
- Blinking and flashing signs are prohibited.
- The illumination of outdoor lighting shall not spill over and adversely affect adjacent properties.

8.6.13 Mechanical Equipment

Criteria:

The following are appropriate to West Haven:

- Parapets or other architectural elements that are fully integrated into the overall building design and massing are encouraged.
- All roof mounted mechanical equipment shall be screened from ground level view to a minimum sight distance of 1,320 feet and shall not be visible from public view. If the architectural parapets do not screen the roof mounted equipment additional screening shall be incorporated.
- No exposed electrical, mechanical or service equipment of any type shall be allowed.
- Downspouts or roof access ladders are not to be visible from any street.
- Use screening materials, which are similar or complementary to the external materials, used in the building architecture.

Inappropriate / Prohibited:

- The final surface of screening materials shall not include plywood and/or open trellis or precision block.

8.7 Landscape Architecture

8.7.1 Landscape Description

This Section is general in scope. More detailed landscape concepts will be illustrated in the Landscape Design Guidelines section of this document, ***Section 8.8 "Landscape Design Guidelines."***

Landscaping will be used to identify the hierarchy of the street system, distinguishing perimeter master planned roads and residential streets. Landscaping will be successfully implemented through the use of varying landscape materials, texture and color, to enhance the image of the West Haven Community. Entry monument features at major intersections will provide the initial impression of the West Haven development, when approached via Haven Avenue and Riverside Drive. The project's entry monumentation will be developed in a hierarchy format to include Major Community Entries, Secondary Community Entries, and Neighborhood Entries, which will identify each residential planning area.

8.7.2 Landscape General Development Standards

1. All detailed landscaping programs for Planning Areas and roadways will be prepared by a licensed Landscape Architect for review and approval by City of Ontario ~~Public Facilities Development Department~~ Planning Landscape Division.
2. Project entry statements will be designed with landscaping and architectural treatments that project a high quality image for the entire development. Please refer to ***Section 8.9 "Community Elements."***

3. Walls and fences along a public street shall be properly screened with plantings consis

   tent with the streetscene sections contained in ***Section 8.8.2 "Community and Neighborhood Streetscenes."***

4. West Haven Specific Plan shall comply with the infiltration program required by the City of Ontario Engineering Department.

5. Final Improvement Plans for all Landscape Maintenance District or Homeowner Association landscaped areas shall be submitted to the City of Ontario Public Facilities Development Department for approval. The improvement plans shall include, but not be limited to:

   a. *Final Grading Plan* – prepared by a registered Civil Engineer. Approved grading plans are required by the Department of Public Facilities Development Department prior to the review of landscape construction documents.

   b. *Site Construction Plans* – showing all hardscape, walls and fences. Approved grading plans are required by the Department of Public Facilities Development Department prior to the review of landscape construction documents.

   c. *Site Irrigation Plans* – Approved grad

   ing plans are required by the Department of Public Facilities Development Department prior to the review of landscape construction documents.

   d. *Site Planting Plans* – Approved grading plans are required by the Department of Public Facilities Development Department prior to the review of landscape construction documents.

   e. *Site Details and Specifications* – Approved grading plans are required by the Department

   of Public Facilities Development Department prior to the review of landscape construction documents.

6. At the time of recordation of any final subdivision map, which may contain common greenbelts or open space areas, the subdivision shall have those common areas conveyed to a Homeowner's Association or appropriate public maintenance agency (~~LMD~~ CFD) (either in fee title or as an easement).

7. See ***Section 8.9.5 "Maintenance Responsibility"*** for maintenance of all common and private landscaped areas.

8. All landscaping shall meet the City of Ontario Development Standards, Codes and Regulations, unless otherwise specified within the West Haven Specific Plan document.

9. All loading/service and/or parking areas shall be screened with appropriate landscaping as approved by the City of Ontario.

10. The applicant and/or Builder shall be responsible for the bonding of all landscape improvements to the satisfaction of the City of Ontario Planning and Public Facilities Development Departments.

11. The minimum sizes for trees, shrubs and groundcover shall meet City Code requirements.

12. All parking lot landscaping shall be consistent with the City of Ontario Development Code requirements, unless otherwise specified within the West Haven Specific Plan document.

13. All utilities shall be screened with appropriate green walls and/or shrubs at the discretion of the City of Ontario.

14. Graded/disturbed areas not to be developed within six months shall be temporarily planted and irrigated to provide dust and erosion control.

15. Builders of each property shall ensure that mature plantings will not interfere with utility lines and traffic lines of sight.

16. Street trees on interior streets shall be maintained by the HOA.
17. New Model Colony Streetscape Master Plan, and the New Model Colony General Plan Amendment dated January 7, 1998 shall be a part of these Landscape Design Guidelines.

8.8 Landscape Design Guidelines

8.8.1 Introduction

8.8.1(a) Landscape Concept

The West Haven community is a part of the overall ~~New Model Colony~~ Ontario Ranch Master Planned Community in the City of Ontario. The planning concepts for the West Haven Specific Plan are implemented in several ways; implementing the ~~New Model Colony~~ Ontario Ranch vision for perimeter streets, creating a walkable pedestrian friendly environment and creating community spaces that allow people to gather and circulate through the community on one of the near by pedestrian paseos. Implementing the features of the West Haven Landscape Plan is the primary means of translating landscape themes and ideas into the community. See ***Exhibit 8-16, "Conceptual Landscape Plan"*** for further details.

8.8.1(b) Pedestrian Environment

The West Haven Specific Plan creates pedestrian connections through paseos and safe, pleasant streetscapes. Residents of West Haven may walk from home to adjoining neighborhoods, to scattered community pocket parks, and to the Neighborhood Park, frequently without crossing a street. This paseo system enables those who do not drive to have access to homes of friends and those community facilities they use most. Benches located at key intersections and along paseos provide rest stops and places for neighbors to visit.

8.8.1(c) Recreation

~~A five (5) acre net Neighborhood Park will be built in Planning Area 8 and will include activities for children as well as adults. This park will be located adjacent to the SCE Easement and is surrounded by streets on two (2) sides and a pedestrian paseo on one (1) side.~~
Pocket parks are programmed to include passive uses as well as child and adult active uses. Some pocket parks are planned within the neighborhood, while others are located in Planning Area 1 are within or adjacent to the Gas Company easement. Please refer to ***Section 8.9.3 "Community Connections and Recreation"*** which further describes community connections and recreation. The pocket park requirement for West Haven is 2 acres/250 units, with a minimum size of 10,890 square feet (1/4 acre).

8.8.1(d)Design Elements

Landscape design elements, are included in both landscape and structural features and occur at both community and neighborhood levels. They serve to establish and reinforce the design theme for West Haven. These elements include community monuments at entry points, community walls and fences, creation of streetscenes through street design, median and neighborhood edge parkway landscapes and the relationship of the paseo and paseo system to recreational elements and homes. The ~~community neighborhood park,~~ pocket parks and paseos will be accessible to the public and will be maintained by a Homeowners Association, the SCE Easement paseo and linear park will also be accessible to the public and will be City (~~LMD~~ CFD) maintained. The Landscape Guidelines compliment the Architectural Guidelines, and together they define the ambiance of the West Haven Community.

8.8.2 Community and Neighborhood Streetscenes

The community streetscenes implement the planting and hardscape theme for each backbone street as described in the ~~New Model Colony~~ Streetscene Master Plan document, and as adopted by the City of Ontario.

The landscape treatment, referred to as Neighborhood Edges, for master planned roadways are designed

Monument Features

to create an open, expansive feel with the use of generous streetscene panels on all backbone streets surrounding the West Haven Specific Plan.
The landscaped Neighborhood Edges vary in width from 30 feet to 45 feet, depending on the street, as described in the following streetscene sections.

8.8.2(a) Riverside Drive – Neighborhood Center Commercial Edge

Riverside Drive is adjacent to both Residential and Commercial (neighborhood center) land uses. The landscape development associated with the Commercial (neighborhood center) is illustrated in ***Exhibit 8-17, "Riverside Drive Streetscene at Neighborhood Center Commercial,"*** which is consistent with the ~~New Model Colony~~ Streetscape Master Plan, or as adopted by the City of Ontario. This streetscene consists of:

- 7' wide curbside landscaping planted with shrubs and groundcover or turf, as adopted by the City of Ontario.
- 5' wide sidewalk parallel with the street within the 12' wide street parkway
- 23' wide shrub zone between the sidewalk and the commercial development
- 35' wide overall streetscene Neighborhood Edge
- Standard form street trees, 36" box minimum size, planted at 30' on center spacing (formal spacing), centered in the 7' wide curb side planting area. Select street trees from ***Table 8-1 "Community Plant Matrix."***
- Understory flowering trees 24" box minimum size, planted in the 23' wide additional landscaped tree/shrub zone behind sidewalk or selected from the ***Table 8-1 "Community Plant Matrix."***
- A 3' high parking headlight hedge row planted along the back edge of the neighborhood edge. Select from ***Table 8-1 "Community Plant Matrix."***
- Skinned hybrid Washingtonia ~~robusta~~ filifera (~~Mexican~~ Californian Fan Palm) with lighting are located at the intersection of Riverside Drive and Haven Avenue and shall be spaced at 20' on center.
- All shrubs and trees to be selected from ***Table 8 1 "Community Plant Matrix"*** or as adopted by the City of Ontario.
- City approved linear root barriers shall be installed per the streetscene section – Exhibit 8-26, "Riverside Drive Streetscene at Neighborhood Center Commercial".
- Standard form street trees, 36" box minimum, planted at 30' ± spacing. Select from ***Table 8-1 "Community Plant Matrix."***
- Understory trees, 24" box minimum or flowering trees planted in the shrub zone behind bikeway and sidewalk. Select trees from ***Table 8-1, "Community Plant Matrix."***
- A 3' high parking headlight hedge row planted along the back edge of the Neighborhood Edge. Select from ***Table 8-1 "Community Plant Matrix."***
- Skinned hybrid Washingtonia ~~robusta~~ filifera (~~Mexican~~ Californian Fan Palm) at intersection of Haven and Riverside, spaced at 20' on center, and shall be lighted.

- All landscape materials shall be per NMC Streetscene Master Plan.
- All shrubs and trees to be selected from ***Table 81, "Community Plant Matrix"*** or as adopted by the City of Ontario.
- Bikeway and walkway to transition to the curb at the intersection.
- Scored concrete at the intersection.
- All trees within 200' of the intersection shall be formally spaced.
- A 16' wide median island planted with trees, shrubs and groundcover.
- Parkway tree patterns shall extend into the median island.
- Permanent automatic irrigation system using recycled water.
- Commercial Neighborhood Edge to be planted by the Neighborhood Center Commercial Owner and shall be maintained by the City of Ontario (~~LMD~~ CFD).
- City approved linear root barriers shall be installed per the streetscene section ***Exhibit 8-19, "Haven Avenue Streetscene at Neighborhood Center Commercial."***

8.8.2(b) Riverside Drive – Residential Edge

The landscape development associated with the Riverside Drive Residential edge is illustrated in ***Exhibit 8-18***, "Riverside Drive Streetscene at Residential" and is consistent with the New Model Colony Streetscape Master Plan, or as adopted by the City of Ontario. This streetscene consists of:

- 7' wide street parkway landscaping planted with shrubs and groundcovers or turf, as adopted by the City of Ontario.
- 5' wide sidewalk parallel with the street within the street parkway.
- 23' wide additional landscaped tree/shrub zone between the sidewalk and the property line wall.
- 35' wide overall streetscene Neighborhood Edge.
- Standard form street trees, 36" box minimum, centered in the 7' wide street parkway landscaping at 30' on center spacing. Select street trees from ***Table 8-1 "Community Plant Matrix."***
- Randomly spaced street tree back up tree, 24" box minimum, or as adopted by the City of Ontario.
- Randomly spaced understory trees, 24" box minimum, in groupings, with 250' minimum between groupings. Select street trees from ***Table 8-1"Community Plant Matrix."***
- The primary and secondary understory shrubs consistent with the commercial section above, or as adopted by the City of Ontario.
- All shrubs and trees to be selected from Table 8-1 "Community Plant Matrix" or as adopted by the City of Ontario
- Community solid wall at back of the Neighborhood Edge, shall be located on the Residential side of the Property Line – Pilasters shall not be allowed to encroach onto City right-of-way along Neighborhood Edges.
- Permanent automatic irrigation using recycled water.
- Streetscene Neighborhood Edge to be planted by the builder and maintained by the City of Ontario (~~LMD~~ CFD).
- City approved linear root barriers shall be installed per the streetscene section – ***Exhibit 8-18, "Riverside Drive Streetscene at Residential."***

8.8.2(c) Haven Avenue – Neighborhood Center Commercial Edge

Haven Avenue streetscene within the West Haven Specific Plan is adjacent to both residential and Neighborhood Center Commercial land uses. The landscape development associated with the

5. ALL STREET TREES, UNDERSTORY TREES AND PRIMARY AND SECONDARY STREETSCENE SHRUBS SHALL BE AS SHOWN ON THIS EXHIBIT, OR AS ADOPTED BY THE CITY OF ONTARIO.
6. STREETSCENE PARKWAYS MAY BE SHRUBS OR TURF, AS ADOPTED BY THE CITY OF ONTARIO.
7. ALL LANDSCAPE MATERIALS SHALL BE PER THE NMC STREETSCENE MASTER PLAN.

Exhibit 8-19: Haven Avenue Streetscene At Neighborhood Center Commercial

Neighborhood Center is illustrated in ***Exhibit 8-19, "Haven Avenue Streetscene at Neighborhood Center Commercial***" and is consistent with the New Model Colony Streetscape Master Plan or as adopted by the City of Ontario. This streetscene consists of:

- ~~Seven~~ Ten foot (~~7~~10') wide curbside landscaping planted with shrubs and groundcover, or turf, as adopted by the City of Ontario.
- Thirteen foot (13') wide multi-use trail, parallel with the street with a five foot (5') concrete sidewalk and an eight foot (8') decomposed granite trail, ~~seven~~ ten feet (~~7~~10') from curb.
- 40' wide overall streetscene Neighborhood Edge.
- Standard form street trees, 36" box minimum, planted at 30' ± spacing. Select from ***Table 8-1 "Community Plant Matrix."***
- Understory trees, 24" box minimum or flowering trees planted in the shrub zone behind bike-way and sidewalk. Select trees from Table 8-1, "Community Plant Matrix."
- A 3' high parking headlight hedge row plant-ed along the back edge of the Neighborhood Edge. Select from Table 8-1 "Community Plant Matrix."
- Skinned hybrid Washingtonia ~~robusta~~ filifera (~~Mexican~~ Californian Fan Palm) at intersection of Haven and Riverside, spaced at 20' on center, and shall be lighted.
- All landscape materials shall be per NMC Streetscene Master Plan.
- All shrubs and trees to be selected from Table 8-1, "Community Plant Matrix" or as adopted by the City of Ontario.
- Bikeway and walkway to transition to the curb at the intersection.
- Scored concrete at the intersection.
- All trees within 200' of the intersection shall be formally spaced.
- A 16' wide median island planted with trees, shrubs and groundcover.
- Parkway tree patterns shall extend into the median island.
- Permanent automatic irrigation system using recycled water.
- Commercial Neighborhood Edge to be planted by the Neighborhood Center Commercial Owner and shall be maintained by the City of Ontario (~~LMD~~ CFD).
- City approved linear root barriers shall be installed per the streetscene section ***Exhibit 8-19, "Haven Avenue Streetscene at Neighborhood Center Commercial."***

8.8.2(d) Haven Avenue – Residential Edge

The landscape development for the residential edge on Haven Avenue is illustrated in ***Exhibit 8-20, "Haven Avenue Streetscene at Residential"*** and is consistent with the ~~New Model Colony~~ Streetscape Master Plan, or as adopted by the City of Ontario. This streetscene panel consists of:

- ~~Seven~~ Ten foot (~~7~~10') wide curbside landscaping planted with shrubs and groundcovers, or turf, as adopted by the City of Ontario.
- Thirteen foot (13') wide multi-use trail, parallel with the street with a five foot (5') concrete sidewalk and an eight foot (8') decomposed granite multipurpose trail, seven feet (7') from curb.
- 40' wide overall streetscene Neighborhood Edge.

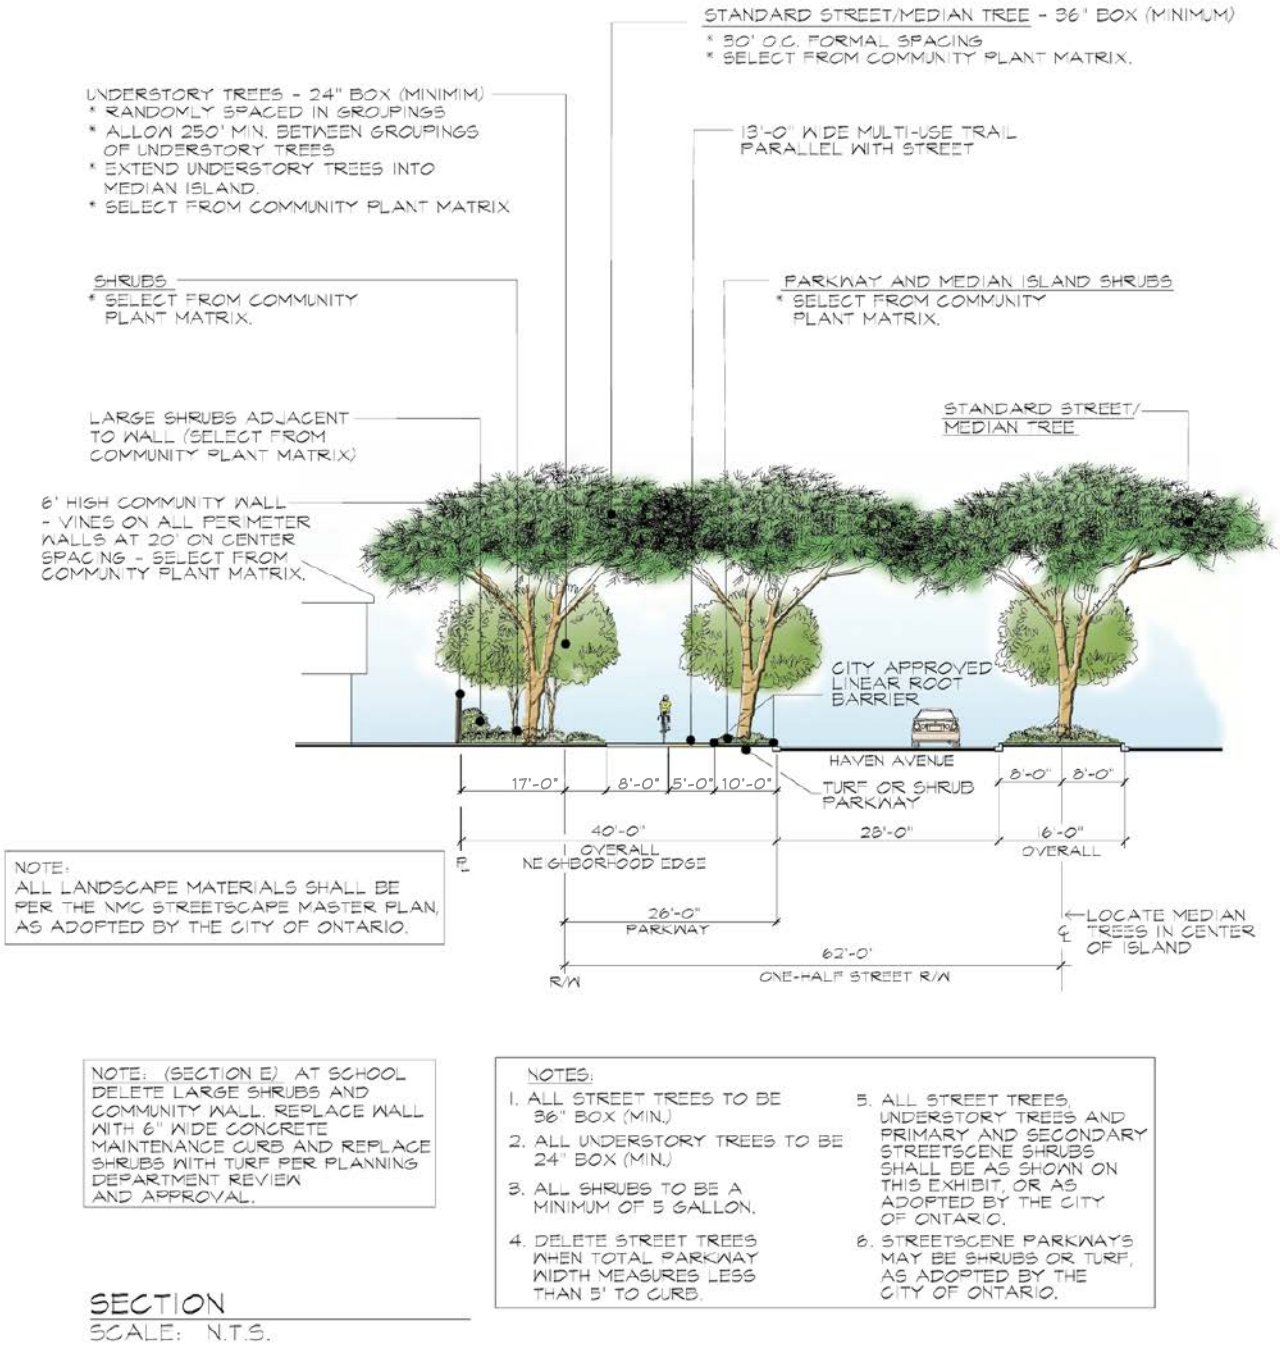

Exhibit 8-20: **HAVEN AVENUE STREETSCENE AT RESIDENTIAL**

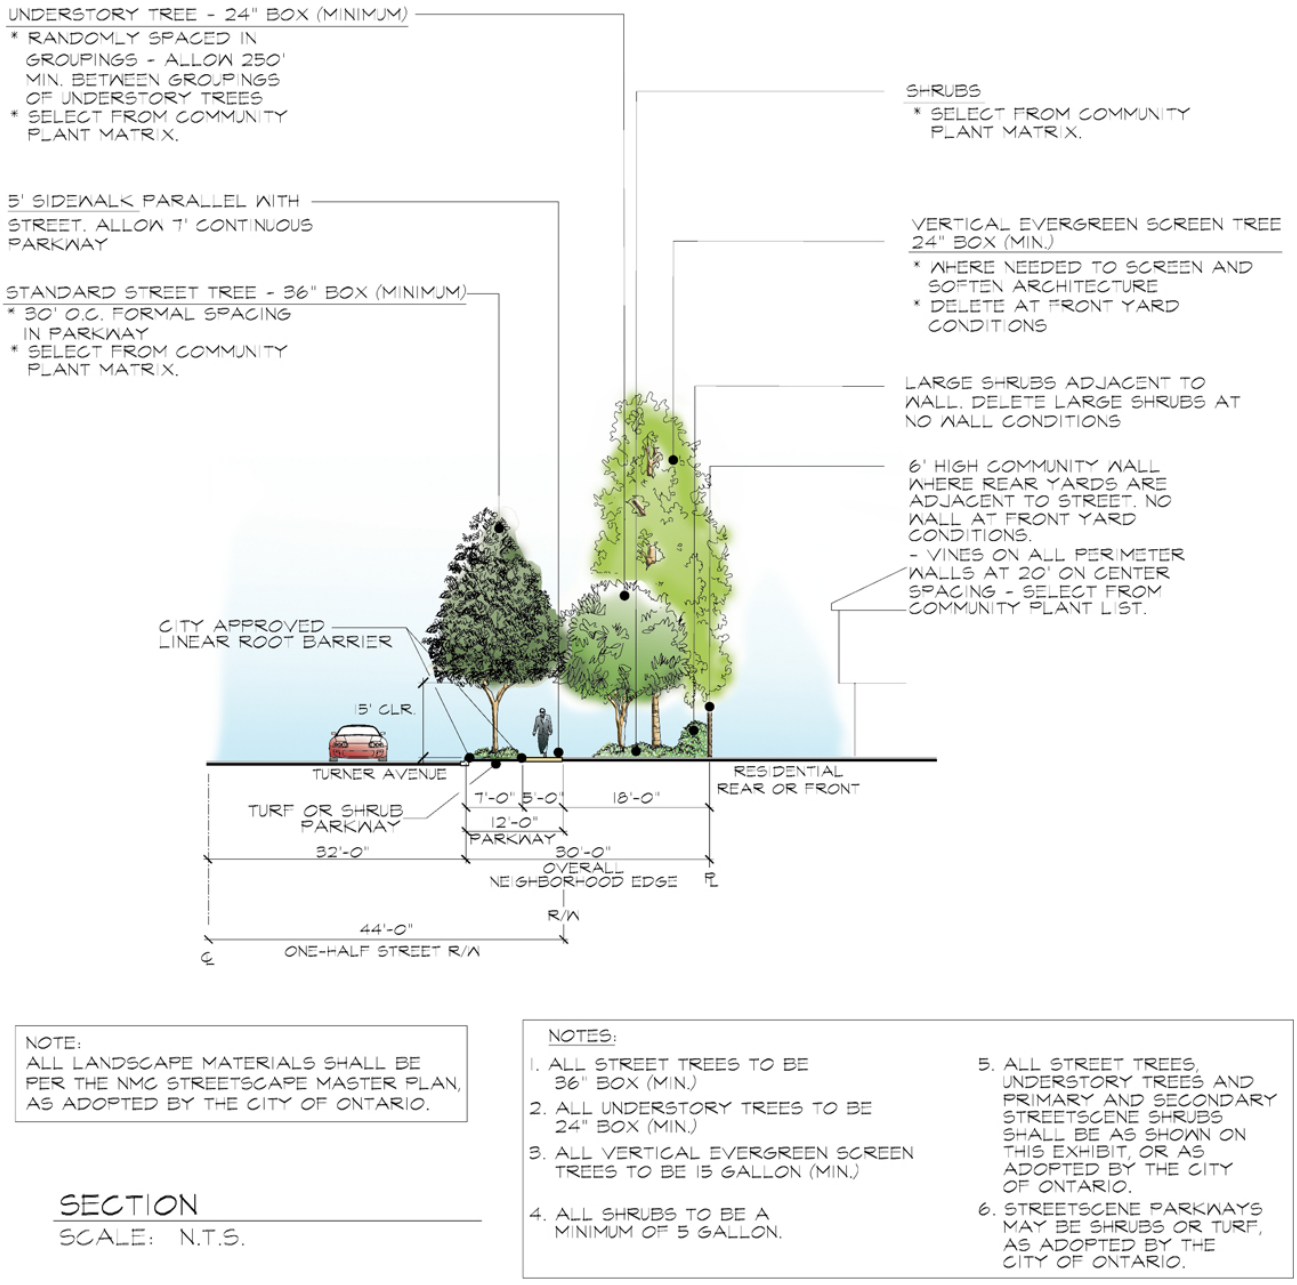
- Standard form street trees, 36" box minimum, planted at 30' on center spacing. Select from ***Table 8-1 "Community Plant Matrix."***
- Randomly spaced street tree back up tree, 24" box minimum. Select from ***Table 8-1 "Community Plant Matrix."***
- Randomly spaced understory trees, 24" box minimum in groupings, allow 250' minimum between groupings. Select from ***Table 8-1 "Community Plant Matrix."***
- All shrubs and trees to be selected from ***Table 81, "Community Plant Matrix"*** or as adopted by the City of Ontario.
- Community solid wall at back of the Neighborhood Edge on the Residential property line (wall located out of neighborhood edge).
- Permanent automatic irrigation using recycled water.
- Streetscene Neighborhood Edge to be planted by the Builder and maintained by the City of Ontario (~~LMD~~ CFD).
- City approved linear root barriers shall be installed per the streetscene section – ***Exhibit 8-20, "Haven Avenue Streetscene at Residential."***

8.8.2(e) Turner Avenue – Residential Edge (East Side)



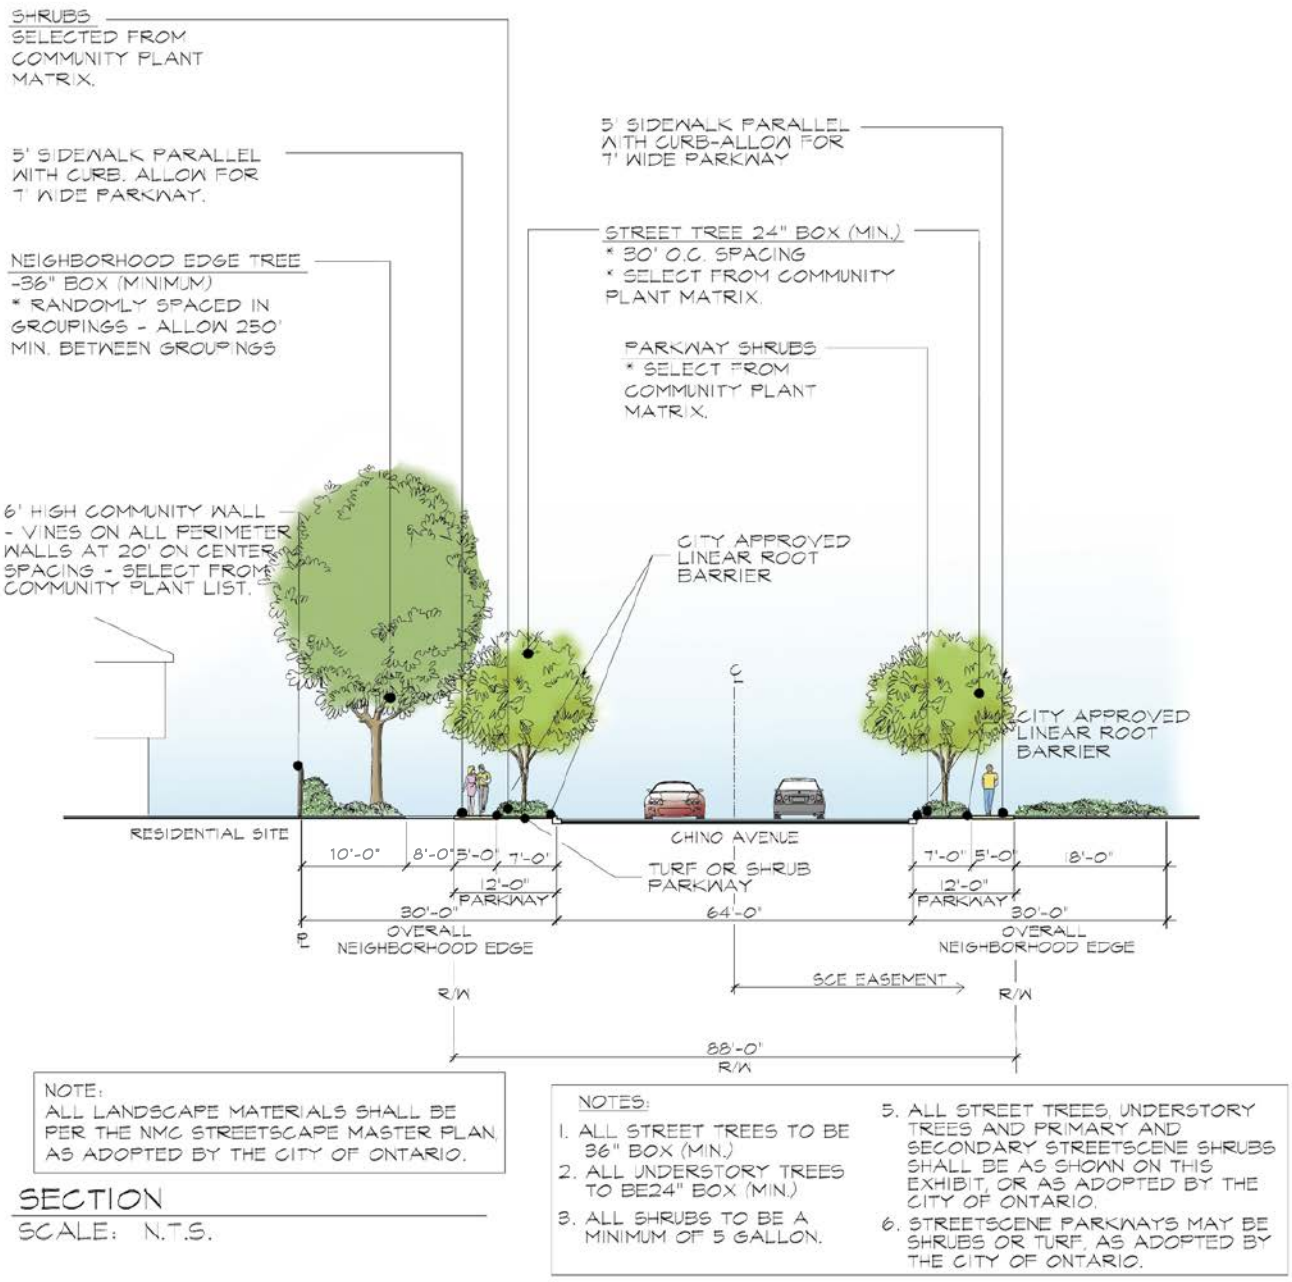
Turner Avenue landscape development along the residential edge is illustrated in ***Exhibit 8-21 "Turner Avenue Streetscene at Residential (East Side),"*** and is consistent with the ~~New Model Colony~~ Streetscene Master Plan, or as adopted by the City of Ontario. This streetscene consists of:

- 7' wide curb side landscaping planted with shrubs, groundcover or turf, within the 12' wide street parkway as adopted by the City of Ontario.
- 5' sidewalk parallel with street, within the parkway.
- 18' wide additional landscaped tree/shrub zone between sidewalk and the property line wall or residential front yard.
- 30' wide overall streetscene Neighborhood Edge.
- Standard form street trees, 36" box minimum, centered in the 7' wide curb side landscaping area at 30' on center spacing.
- Vertical evergreen screen tree, 24" box minimum, randomly spaced behind sidewalk to screen and soften rear architectural elevations. Delete evergreen screen trees when front yards face the street.
- Randomly spaced understory trees, 24" box minimum, in groupings behind sidewalk, with 250' minimum between groupings.
- All shrubs and trees to be selected from ***Table 81, "Community Plant Matrix"*** or as adopted by the City of Ontario.
- Community solid wall at back of the Neighborhood Edge, where rear yards face the street. Locate wall out of the Neighborhood Edge. Delete wall when front yards are facing the street.
- Permanent automatic irrigation using recycled water.
- Streetscene Neighborhood Edge to be planted by the Builder and maintained by the City of Ontario (~~LMD~~ CFD).
- City approved linear root barriers shall be installed per the streetscene section ***Exhibit 8-21, "Turner Avenue Streetscene at Residential."***

8.8.2(f) Chino Avenue – Residential Edge

Chino Avenue landscape development along the residential edge is illustrated in ***Exhibit 8-22, "Chino Avenue Streetscene at Residential and SCE Easement"*** and is consistent with the ~~New Model~~ Streetscene Master Plan, or as adopted by the City of Ontario. This streetscene consists of:

- 7' wide curb side landscaping within the 12 foot parkway planted with shrubs, groundcovers or turf, as adopted by the City of Ontario.
- 5' wide sidewalk parallel with the street.
- 8' wide decomposed granite multipurpose trail along the north side of Chino Avenue.
- ~~18'~~ 10' wide additional landscaped tree/shrub zone between the sidewalk and the property line wall.



NOTE:
ALL LANDSCAPE MATERIALS SHALL BE PER THE NMC STREETSCAPE MASTER PLAN, AS ADOPTED BY THE CITY OF ONTARIO.

SECTION
SCALE: N.T.S.

NOTES:

1. ALL STREET TREES TO BE 36" BOX (MIN.)
2. ALL UNDERSTORY TREES TO BE 24" BOX (MIN.)
3. ALL VERTICAL EVERGREEN SCREEN TREES TO BE 15 GALLON (MIN.)
4. ALL SHRUBS TO BE A MINIMUM OF 5 GALLON.
5. ALL STREET TREES, UNDERSTORY TREES AND PRIMARY AND SECONDARY STREETSCENE SHRUBS SHALL BE AS SHOWN ON THIS EXHIBIT, OR AS ADOPTED BY THE CITY OF ONTARIO.
6. STREETSCENE PARKWAYS MAY BE SHRUBS OR TURF, AS ADOPTED BY THE CITY OF ONTARIO.

Exhibit 8-21: Turner Avenue Streetscene at Residential (East Side)

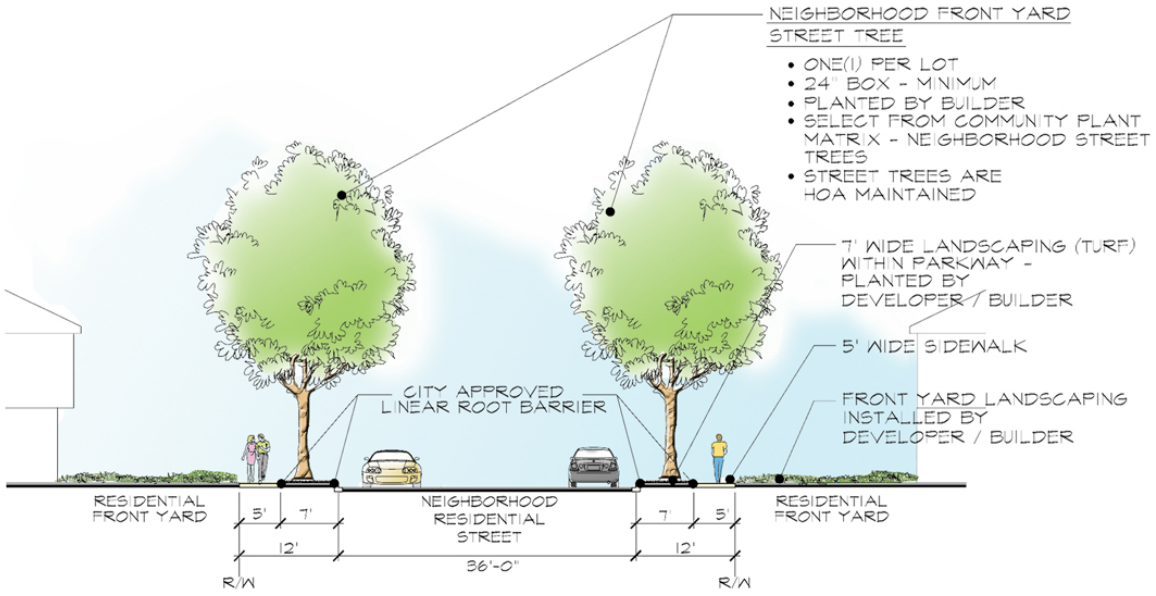
Exhibit 8-22: **CHINO AVENUE STREETSCENE AT RESIDENTIAL AND SCE EASEMENT**

- 30’ wide overall streetscene Neighborhood Edge
- Standard form street tree centered in the 7’ wide parkway spaced at 30’ on center spacing.
- Street tree back up tree randomly spaced at 30’ minimum on center spacing.
- Randomly spaced understory trees planted in groupings with 250’ minimum between groupings.
- All shrubs and trees to be selected from ***Table 81, “Community Plant Matrix”*** or as adopted by the City of Ontario.
- Community solid wall at back of the Neighborhood Edge on the Residential Property Line. (Locate wall out of Neighborhood Edge, on the residential lot).
- Neighborhood Edge to be planted by the Builder and maintained by the City of Ontario (~~LMD~~ CFD).
- Permanent automatic irrigation, using recycled water.
- City approved linear root barrier shall be installed per the streetscene section – ***Exhibit 8-22, “Chino Avenue Streetscene at Residential and SCE Easement.”***

8.8.2(g) Chino Avenue – SCE Easement Edge

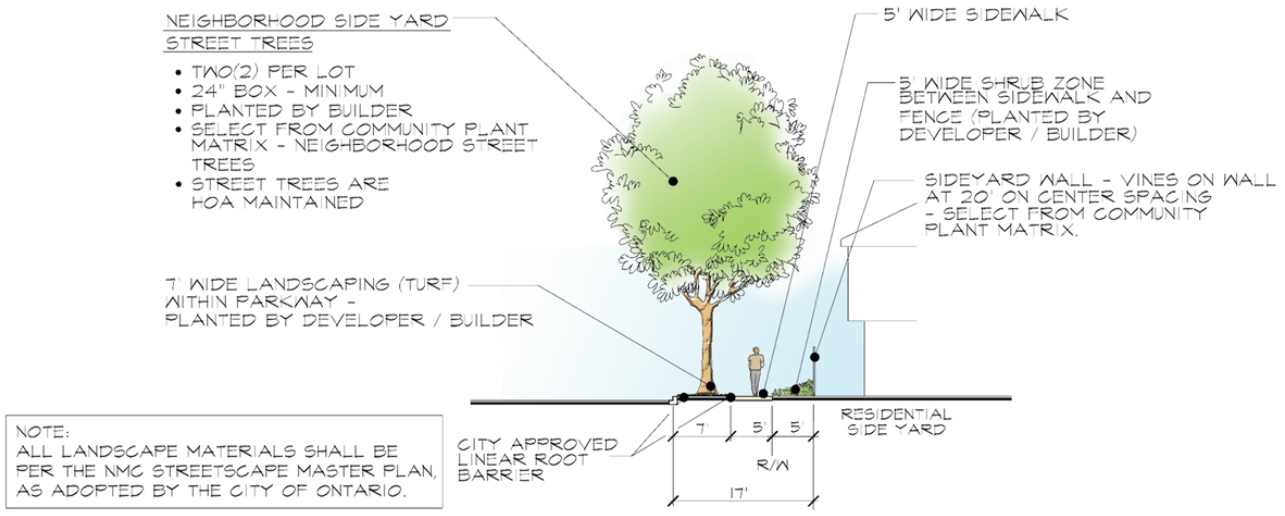
Chino Avenue along the SCE Easement edge is illustrated in ***Exhibit 8-22, “Chino Avenue Streetscene at Residential and SCE Easement”*** and consists of:



- 7’ wide curb side landscaping within the 12 foot parkway planted with shrubs, groundcovers, or turf as adopted by the City of Ontario.
- 5’ wide sidewalk parallel with street.
- 8’ wide decomposed granite multipurpose trail along the north side of Chino Avenue.
- 18’ wide shrub zone behind sidewalk.
- 30’ wide overall streetscene Neighborhood Edge.
- Standard form street tree, 36” box minimum cen tered in the 7’ wide parkway, spaced at 30’ on center spacing.
- All trees within the SCE Easement require Southern California Edison approval.
- All shrubs and trees shall match residential side of the street and shall be selected from ***Table 8-1, “Community Plant Matrix”*** or as adopted by the City of Ontario.
- The Neighborhood Edge is planted by the Builder and maintained by the City of Ontario (~~LMD~~ CFD).
- Permanent automatic irrigation, using recycled water.
- City approved linear root barrier shall be installed per the streetscene section – ***Exhibit 8-22, “Chino Avenue Streetscene at Residential and SCE Easement.”***
- All SCE Easement area beyond the 30’ wide Neighborhood Edge is to be maintained by the Homeowners Association (HOA).

8.8.2(h) Interior Residential Streets

Neighborhood streetscenes are characterized as a traditional streetscene, with generous parkways, large enough to accommodate a variety of tree sizes, per ***Exhibit 8-23, “Typical Interior Neighborhood Streetscene.”***



A distinct character for each neighborhood street will be created using different trees on each street. Neighborhood streetscenes consist of:

- 7’ wide curbside landscaping planted with turf within a 12 foot wide parkway.
- 5’ wide sidewalk.
- Where residential side yards are adjacent to a neighborhood street, an additional 5’ wide shrub zone is planned between the sidewalk and the side yard wall.
- Street trees 24” box minimum are planted by the Builder and maintained by Homeowners Association (HOA).
- Turf parkway and side yards additional landscape areas are planted by the Builder and Homeowner maintained.
- Resident’s may not remove street trees.
- Permanent automatic irrigation.
- City approved linear root barriers shall be installed per the streetscene section illustrated in ***Exhibit 8-23, “Typical Interior Neighborhood Streetscene.”***

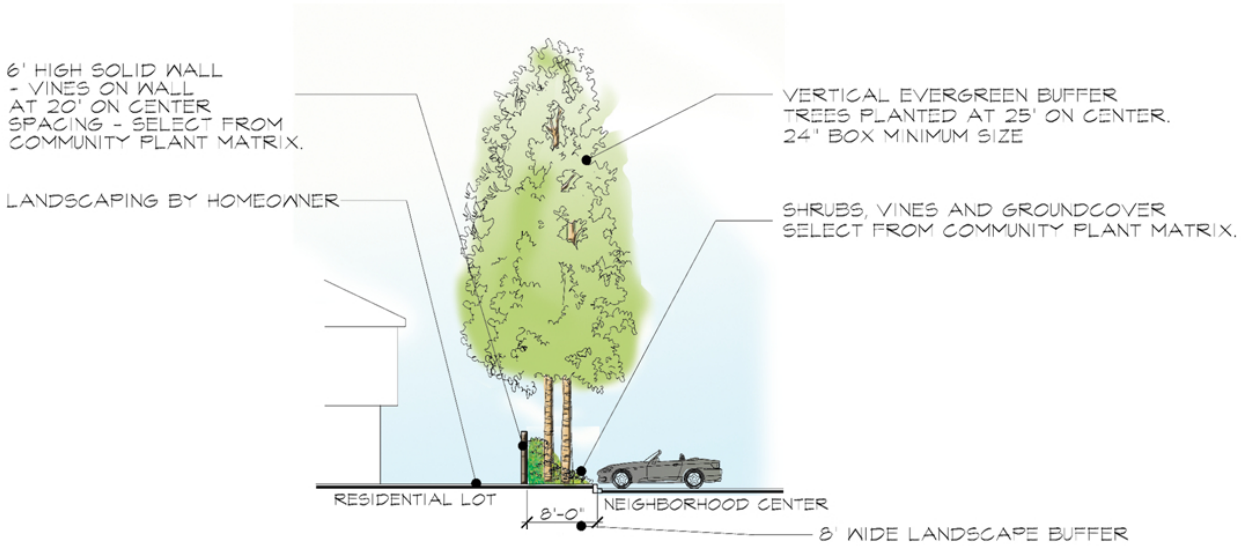
- Front yard landscaping installed by the Builder and Homeowner maintained.
- All shrubs and trees shall be selected from ***Table 8-1, "Community Plant Matrix"*** or as adopted by the City of Ontario.

8.8.2(i) Primary Residential Entry Street

Residential entries occur when neighborhood street (refer to ***Exhibit 8-24, "Residential Entry Streetscene"***) join to a master planned street, and is also described in ***Section 8.9.1(c) "Typical Primary Neighborhood Entry."*** Neighborhood Entry streets consist of:

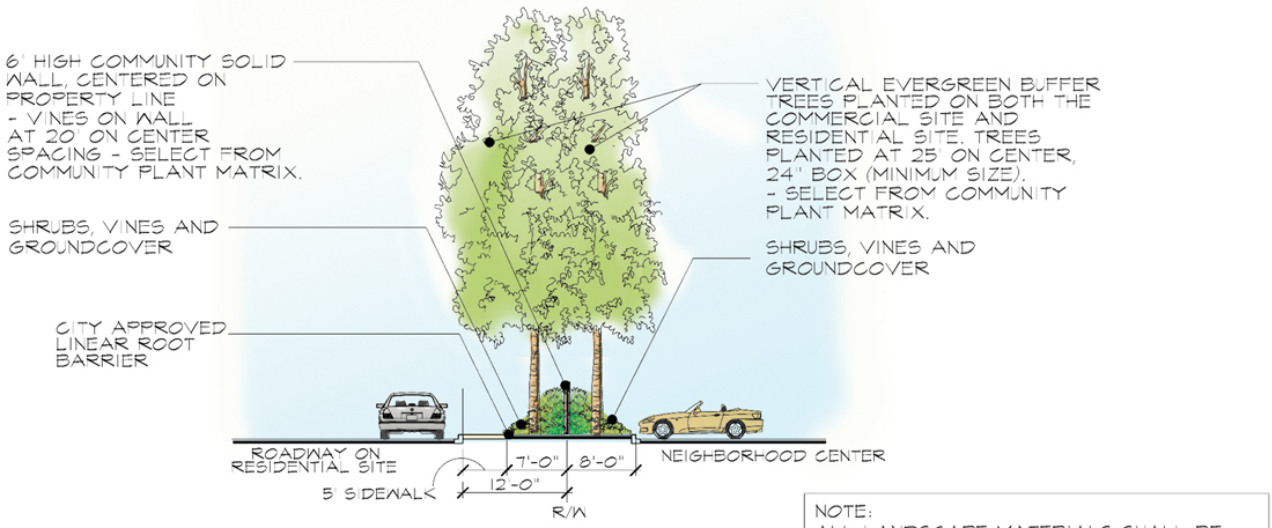
- 7' wide parkway planted with turf – each side.
- 5' wide sidewalk – each side.
- 12' wide shrub zone between sidewalk and Residential property line wall.
- Neighborhood Entry Road Street tree – 36" box minimum selected from ***Table 8-1, "Community Plant Matrix."***
- Vertical screen trees (Back up trees to Entry Road Street tree) – 24" box minimum select from ***Table 8-1, "Community Plant Matrix."***
- Permanent automatic irrigation, using recycled water.
- Solid community wall at Homeowner property line locate wall on residential lot.
- Landscaping is planted by the Builder and maintained by the local Homeowners Association (HOA).
- All shrubs and trees shall be selected from ***Table 8-1, "Community Plant Matrix"*** or as adotped by the City of Ontario.

8.8.3 Community Edge Conditions and Boundaries



8.8.3(a) Neighborhood Center to Residential Edge

Neighborhood Center development adjacent to a Residential Edge consists of two (2) conditions, a residential yard or a neighborhood street adjacent to the commercial property. See ***Exhibit 8-25, "Neighborhood Center at Residential Edge."***



Where residential yards are adjacent to a commercial land use, the following applies:

- 6' high community solid wall on property line.
- 8' wide landscape buffer on commercial property (planted and maintained by Commercial Builder).
- Landscape buffer planted with trees, shrubs, groundcover and vines.
- Landscape buffer permanently irrigated and watered using recycled water.
- Vertical evergreen buffer trees, 24" box minimum, planted at twenty-five (25') on center spacing, centered in landscape buffer.
- Shrubs, groundcovers, vines and trees shall be selected from ***Table 8-1, "Community Plant Matrix"*** or as adotped by the City of Ontario.
- Landscape buffer planted and maintained by the Commercial Owner/Builder.

Where neighborhood streets are adjacent to a commercial land use, the following applies:

LANDSCAPE BUFFER-NEIGHBORHOOD CENTER/RESIDENTIAL REAR YARD EDGE
SCALE: N.T.S.

LANDSCAPE BUFFER-NEIGHBORHOOD CENTER/RESIDENTIAL ROADWAY EDGE
SCALE: N.T.S.

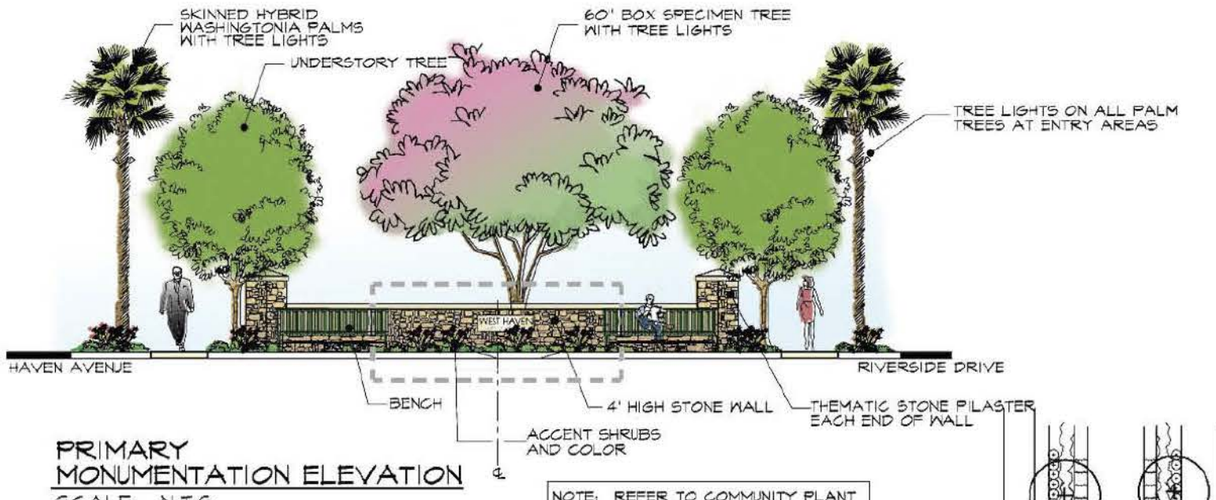
Exhibit 8-25: **NEIGHBORHOOD CENTER AT RESIDENTIAL EDGE**

- 6' foot high community solid wall on property line.
- 8' foot wide landscape buffer on the commercial side and a 7 foot wide landscape buffer on the residential side of the property line, a fifteen foot (15') total distance.
- Landscape buffers planted with trees, shrubs, groundcover and vines.
- Landscape buffers permanently irrigated and watered using recycled water.
- Vertical evergreen buffer trees, 24" minimum, planted at twenty-five (25') on center spacing centered in each landscape buffer.
- Landscape buffer on residential side planted by residential builder and HOA maintained.
- Landscape buffer on commercial side planted and maintained by Commercial Builder.

8.9 Community Elements

8.9.1 Community Entry Monumentation

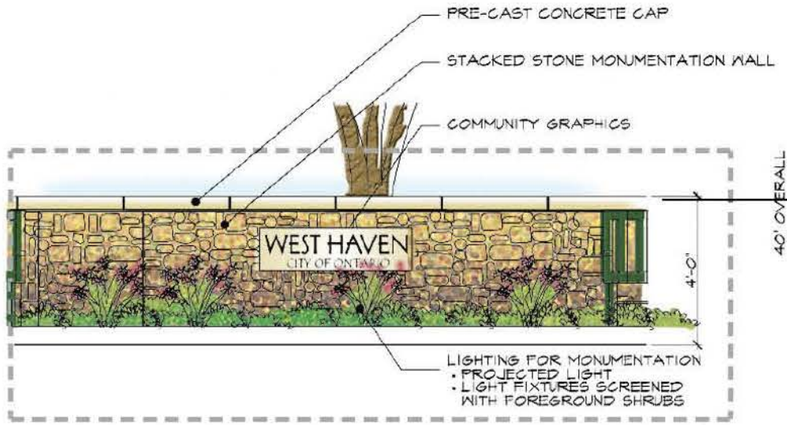
- Introduction



The Major Community Monumentation is established at the intersection of Haven Avenue and Riverside Drive. This entry provides a sense of arrival and establishes the unique identity of the West Haven Community. Monumentation materials, colors and theming are repeated at secondary, neighborhood and commercial entries, serving to reinforce the identity of West Haven as a distinct community within the overall ~~New Model Colony~~ Ontario Ranch Master Planned Community.

8.9.1(a) Major Community Monumentation at Haven Avenue and Riverside Drive (Neighborhood Center Commercial Corner)

The Major Community Monumentation at the intersection of Haven Avenue and Riverside Drive incorporates enriched scored concrete paving at the corner, a low stone planter wall, with community graphics and benches, which frame a specimen tree. Thematic stone pilasters flank the intersection and repeat the use of stone. The planter wall at this corner is four feet (4') high to allow visibility into the commercial center. (See ***Exhibit 8-26, "Major Community Monumentation at Haven Avenue and Riverside Drive (Neighborhood Center Commercial Corner)."***



Skinned hybrid Washingtonia Palms with lighting are used on both streets near the intersection to create a framework around the entry. This Major Community Monumentation features the following:

- A fifty-five (55') minimum corner cut – off (expanded landscape zone at corner) as measured from face of curb to the back of the neighborhood edge.
- Enriched scored concrete paving at corner.
- 4'-0" high stone monumentation wall with lighted graphics.
- Gateway stone pilasters flanking the intersection (one (1) on each street)
- Benches – One (1) on each street. (See Section 8.10.6 "Site Furniture").
- Trash receptacle. (See Section 8.10.6 "Site Furniture").
- Specimen tree with lighting – 60 inch box minimum.
- Skinned hybrid Washingtonia ~~robusta~~ filifera (~~Mexican~~ Californian Fan Palm) with lighting, a minimum of 18' brown trunk (matched), planted at twenty feet (20') on center spacing, on both Riverside Drive and Haven Avenue near the intersection.
- Formally spaced street trees, 36" box minimum (beyond intersection) at 30' on center spacing. (See streetscene section).
- Formally spaced understory trees or flowering trees, 24" box minimum at 30' on center spacing, behind sidewalk. (See streetscene section).
- 3' high hedge row (head light wall) at back of streetscene Neighborhood Edge.
- Permanent automatic irrigation, using recycled water.
- City approved linear root barriers shall be installed per ***Exhibit 8-26, "Major Community Monumentation at Haven Avenue and Riverside Drive (Neighborhood Center Commercial Corner)."***
- The streetscene Neighborhood Edge adjacent to a commercial land use is installed by the Commer cial Builder and maintained by the City of Ontar io (~~LMD~~ CFD).
- Refer to ***Table 8-1 "Community Plant Matrix"*** for major community monumentation shrub and tree list.

SECONDARY MONUMENTATION ELEVATION
SCALE: N.T.S.

Exhibit 8-27: Typical Secondary Community Monumentation

8.9.1(b) Typical Secondary Community Monumentation

Secondary community monumentation occur at the intersection of Haven and Chino Avenues (both northwesterly and southwesterly corners). (See ***Exhibit 8-27, "Typical Secondary Community Monumentation"***). The secondary community monumentation incorporates some of the major community design elements and features, including a specimen tree, three foot (3') high stone wall and stone pilasters. The secondary community monumentation features the following:

- Three foot (3') high stone monumentation wall with lighted graphics. – 28' minimum setback from intersection.
- Gateway stone pilasters (match major community monumentation).
- Accent scored concrete at intersection (match major community monumentation).
- Specimen trees with lighting at each corner – 48" box minimum.
- Permanent automatic irrigation using recycled water.
- The streetscene neighborhood edge and monumentation are installed by the Builder and are maintained by the City of Ontario (~~LMD~~ CFD).
- Refer to ***Table 8-1, "Community Plant Matrix"*** for secondary community monumentation shrub and tree list.

8.9.1(c) Typical Neighborhood Residential Entry

Neighborhood Entry Monuments are the final residential iteration of the community monument theme. (See ***Exhibits 8-28(a), "Typical Neighborhood Residential Entry"*** and ***8-28(b), "Typical Neighborhood Residential Entry—Elevation"***). The Neighborhood Entry Monuments are similar in design to the larger community monuments, and are located at the entry to each neighborhood, where the neighborhood streets join to backbone streets. A shortened version of the community theme wall, stone pilasters on either side of the entry road and accent trees impart the sense that each neighborhood is connected to the larger community. The typical neighborhood entry monumentation features the following:

- Gateway stone pilasters each side of the entry road. (See ***Exhibits 8-28(a), "Typical Neighborhood Residential Entry"*** and ***8-28(b), "Typical Neighborhood Residential Entry—Elevation"***).
- Upgrade full height slump block wall at lots directly adjacent to the neighborhood entry road
- Specimen tree with lighting at each corner – 48" box minimum.
- Special neighborhood entry road trees along both sides of the street, 36" box minimum.
- Permanent automatic irrigation using recycled water.
- The neighborhood entry panel is installed by the Builder and HOA maintained.
- Refer to ***Table 8-1, "Community Plant Matrix"*** for neighborhood monument shrub and tree list.

8.9.1(d) Neighborhood Center Entry Feature

Entries into the Neighborhood Center site are designed and built by the Commercial builder. All commercial entry monumentation and signage are to be placed outside the public right-of-way. All commercial entries shall conform to the City of Ontario standards for commercial/retail. (See ***Exhibits 829(a), "Neighborhood Center Entry – Haven Avenue," 8-29(b) "Neighborhood Center Entry – Riverside Drive,"*** and ***8-30, "Neighborhood Center Entry—Elevation."***)

The incorporation of community theming elements, such as the use of stone accents and stone pilasters on entry sign features is encouraged.

Neighborhood Center entries feature the following:

- Four foot (4') high stone monumentation wall with lighted graphics (both sides of entry drive).
- Three foot (3') high stone gateway pilasters.
- Pedestrian walkway connection from streetscene sidewalk.
- Specimen entry tree, lighted. (Both sides of entry drive) 48" box minimum.
- Skinned hybrid Washingtonia filifera Palm trees in groupings may replace the above entry tree. All Palm trees used at the entry area are to be lighted.
- Shrubs and trees selected from ***Table 8-1, "Community Plant Matrix"*** or as adopted by the City of Ontario.
- Three foot (3') high hedge row at parking areas.

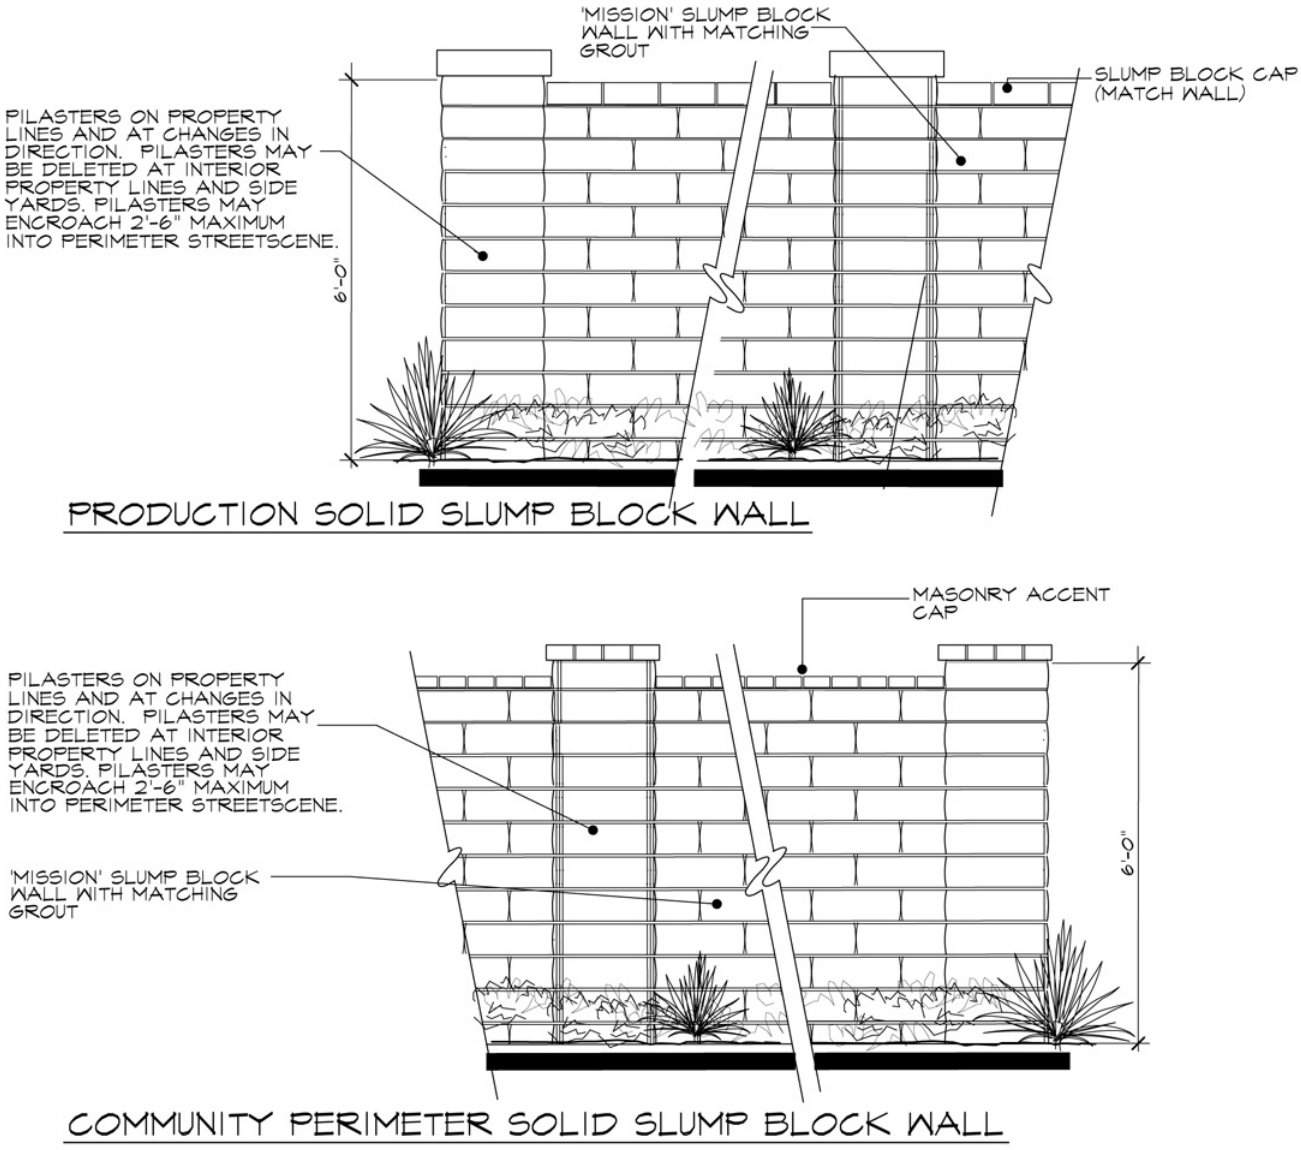

Exhibit 8-32: **COMMUNITY WALLS AND FENCES – DETAILS**

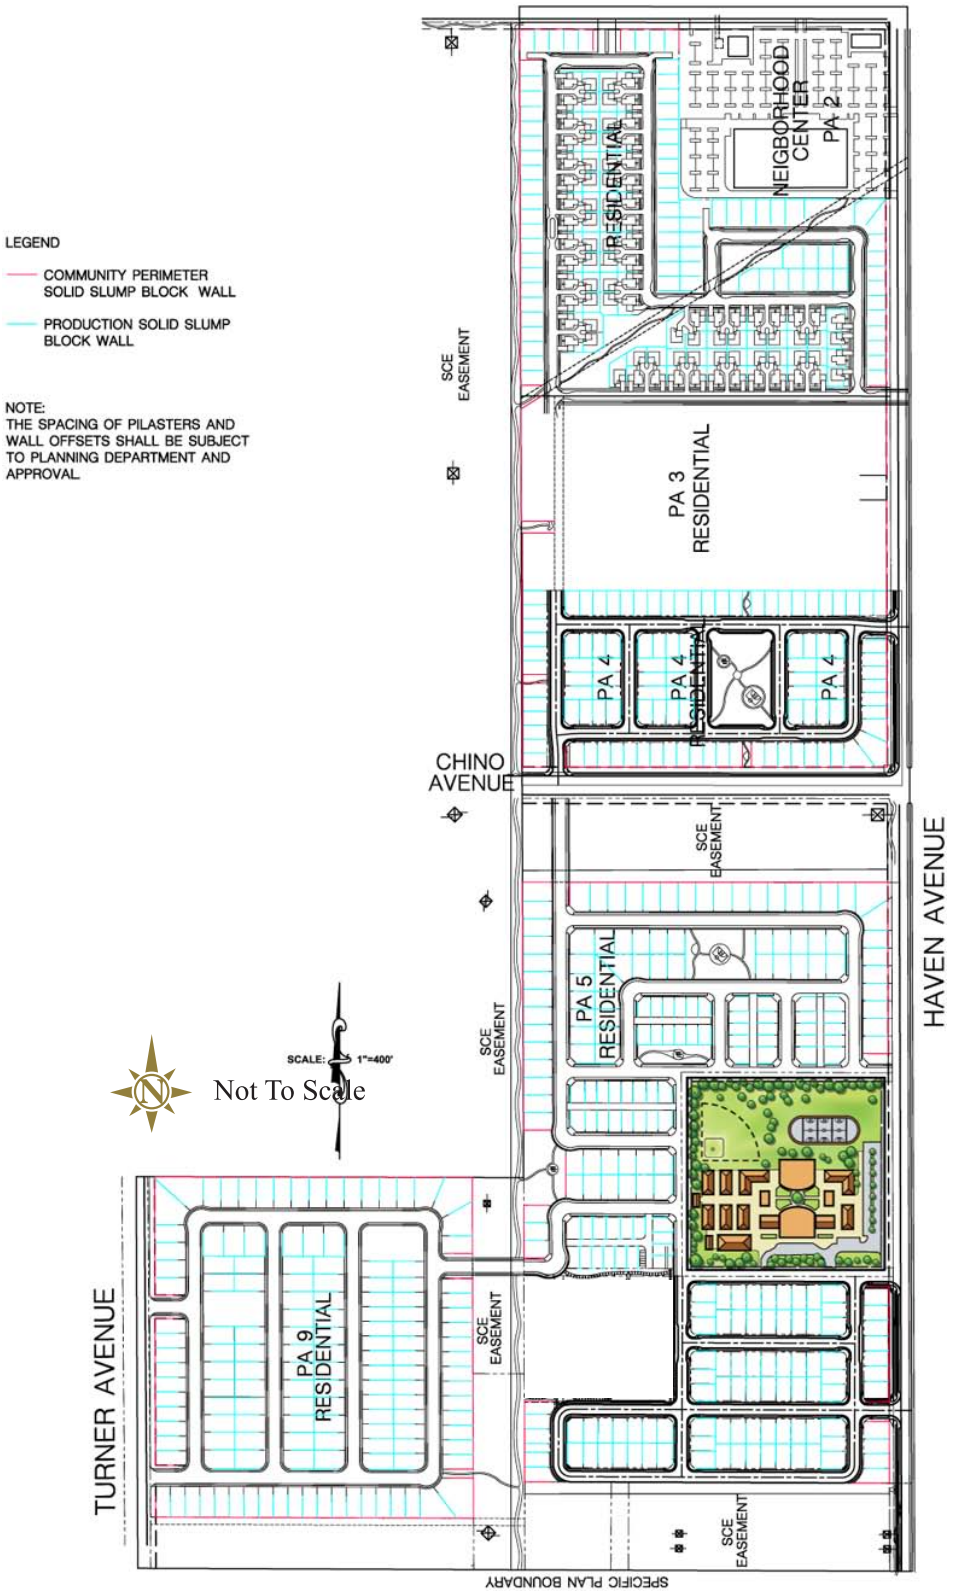

Exhibit 8-33: **CONCEPTUAL COMMUNITY WALL PLAN**
(ILLUSTRATIVE ONLY, SUBJECT TO CHANGE DURING TTM APPROVAL)

8.9.2 Walls and Fences - Introduction

Walls and fences that are used throughout West Haven Specific Plan provide streetscene theming and delineate property boundaries. (See ***Exhibit 831, "Community Walls and Fences—Locations," Exhibit 8-32, "Community Walls and Fences—Details"*** and ***Exhibit 8-33 Community Wall Plan.***)

8.9.2(a) Residential Fencing

General guidelines for use of residential walls and fences are provided below:

- 6' high walls are used to provide privacy for all homes.
- Since West Haven is a flat site, there is not opportunity for the use of any view fencing.
- The block wall along all perimeter edges and between residential units shall be constructed of 'Mission' slump block (or other decorative block) with solid masonry cap. Wall grout shall match block color. (See ***Exhibit 8-32, "Community Walls and Fences—Details"*** and ***Exhibit 8-33 "Community Wall Plan."***)
- A 6' high block wall or wrought iron fence shall be used at all residential side yards, rear yards and front yard between house fencing.
- Front yard fencing higher than thirty inches (30") high shall not extend into the front yard beyond the front elevations of the house. No walls or fences may be erected within the street right-of-way.
- All walls and fencing shall conform to applicable State of California and City of Ontario pool codes, whichever is more stringent.

8.9.2(b) Neighborhood Center Fencing

General guidelines for walls and screening of service areas are provided below:

- Trash deposit areas shall be enclosed by a 6' minimum height solid wall with service gate. All trash enclosures are to be located out of public view.
- Perimeter walls are allowed on the side and rear of the commercial site and shall match the community solid wall. The wall shall be constructed of 'mission' slump block with solid masonry cap.
- No walls are permitted beyond the front elevation of the commercial building.
- No wood fence, chain link fence, wire fences, plain concrete block walls or grapestake fence is allowed.

8.9.3 Community Connections and Recreation

Exhibit 8-16, "West Haven Conceptual Landscape Plan" illustrates the location of the ~~5-acre Neighborhood Park,~~ pocket parks and paseos.

~~8.9.3(a) Five-Acre Neighborhood Park~~

~~Typically, 5 acre net Neighborhood Parks are located adjacent to elementary schools, however, many school districts today, for security purposes, do not favor this arrangement. Most School Districts prefer that the park not be located directly adjacent to the school, and if they are, typically there would be a fence or wall between the two. For these reasons, the Five-Acre Neighborhood Park is located across the street, but within close proximity to the school in Planning Area 8. The park and the elementary do not share play fields or other facilities. (See ***Exhibit 8-34, "Five-Acre Neighborhood Park Concept Plan."***)~~

~~The Neighborhood Park which shall be accessible to the public, is located with two (2) streets adjacent to the park and also located next to the SCE Easement paseo system and a pedestrian paseo within Planning Area 8 on the other two (2) sides. The park design shall include entry points from each street as well as from the Planning Area 8 paseo, the SCE Easement Linear Park. The neighborhood park shall include the following:~~

- ~~80% level (minimum).~~
- ~~Sports field shall consist of hybrid Bermuda seed mixture.~~

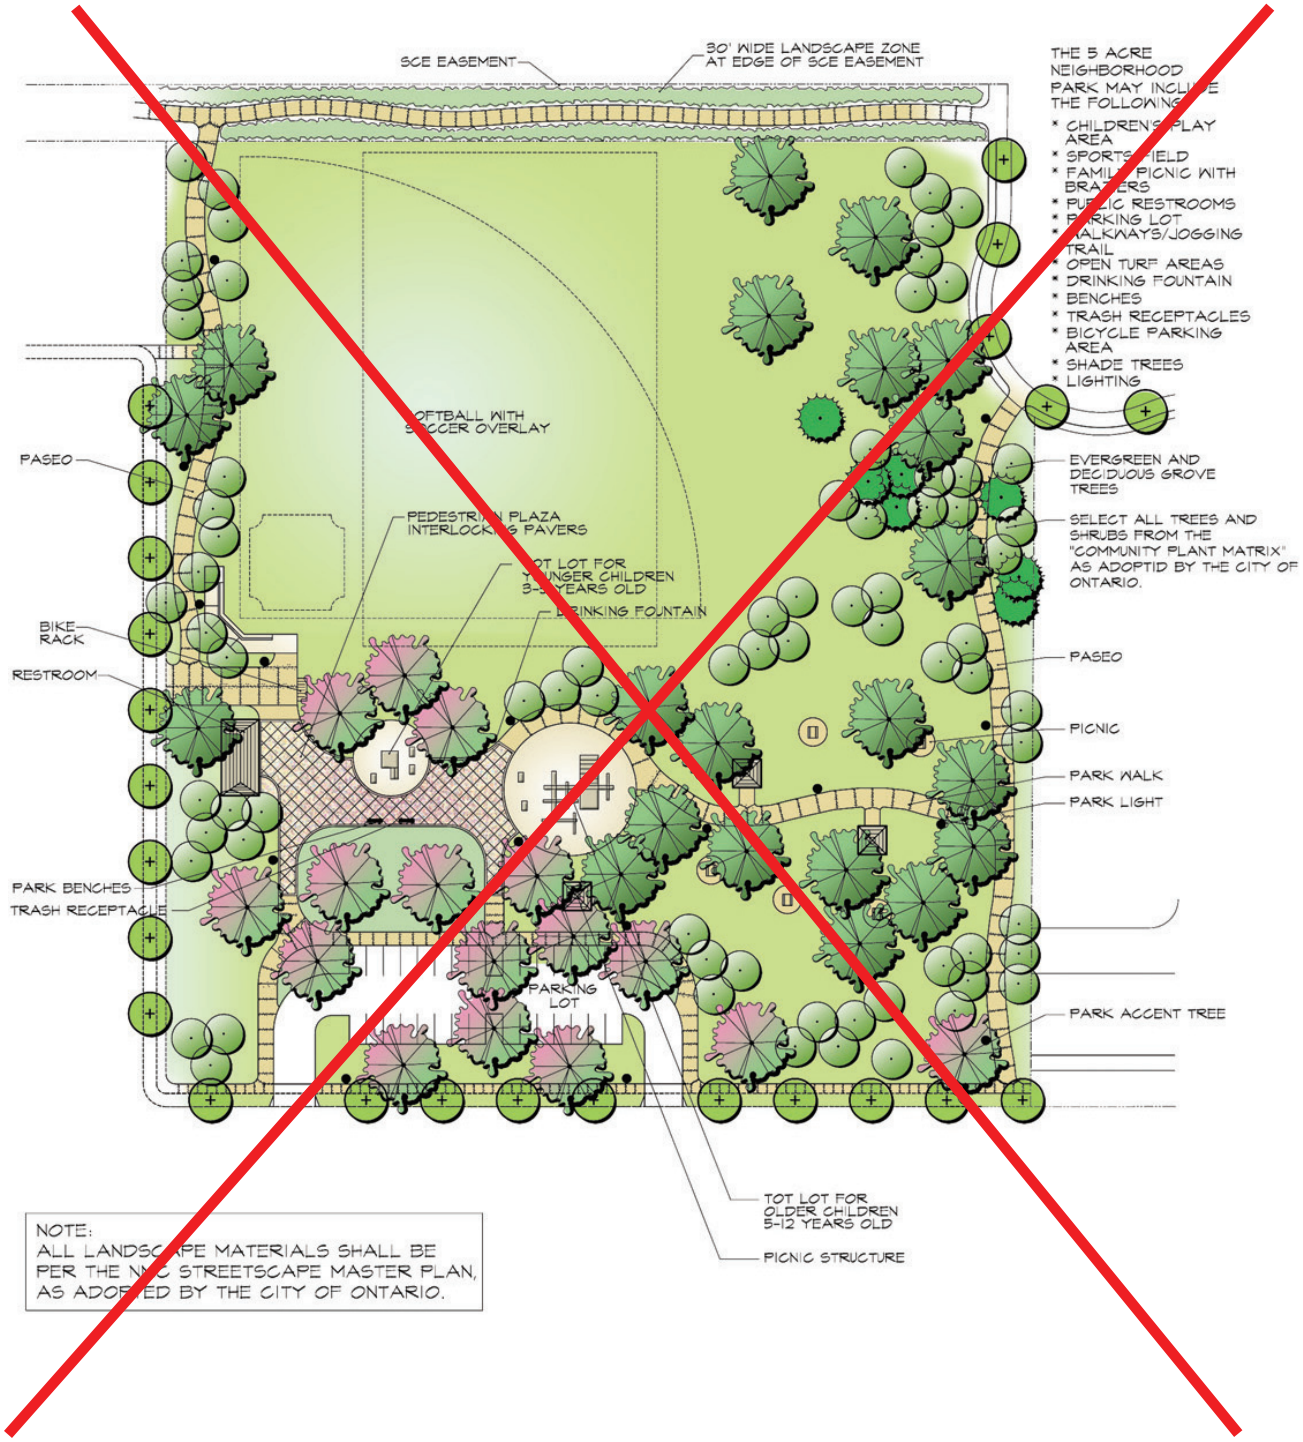

***Exhibit 8-34:* FIVE-ACRE NEIGHBORHOOD PARK CONCEPT PLAN**

- ~~Irrigated with reclaimed water, per City Standard Specifications.~~
- ~~Tot lot area shall be constructed using a majority of synthetic safety surface per ADA, with wood fiber used in some areas.~~
- ~~Tot lot shall contain separate play areas for younger children (2 to 5 years old) and an area for older children (5 to 12 years old).~~
- ~~All trees and shrubs to be selected from ***Table 81 "Community Plant Matrix"*** or as adopted by the City of Ontario.~~
- ~~Large deciduous canopy trees to be used immediately adjacent (south and west sides) to benches, seating areas and play equipment areas to provide shade in the summer.~~

~~The park features shall include the following:~~

- ~~Children's Play Area (Tot Lot)~~
- ~~Sports Field~~
- ~~Family Picnic with Braziers~~
- ~~Drinking Fountain~~
- ~~Public Restrooms~~
- ~~Parking Lot~~
- ~~Concrete Walkways/Jogging Trail~~
- ~~Open Turf Areas~~
- ~~Drinking Fountain~~
- ~~Benches~~
- ~~Trash Receptacles~~
- ~~Bicycle Parking Area~~
- ~~Shade (Picnic Shelter)~~
- ~~Lighting~~
- ~~The Neighborhood Park is installed by West Haven Builders and shall be HOA maintained.~~

8.9.3(b) Community Connections

One primary design element demonstrated in the West Haven Specific Plan is the principle that communities should support pedestrian movement. This goal is achieved in several ways. First, all streets include a sidewalk or paseo system that is separated from the street by a parkway. Second, greenbelts and pedestrian paseos meander through the Southern California Edison (SCE) easement and the gas company easement serve to connect neighborhoods to each other and to other community elements.

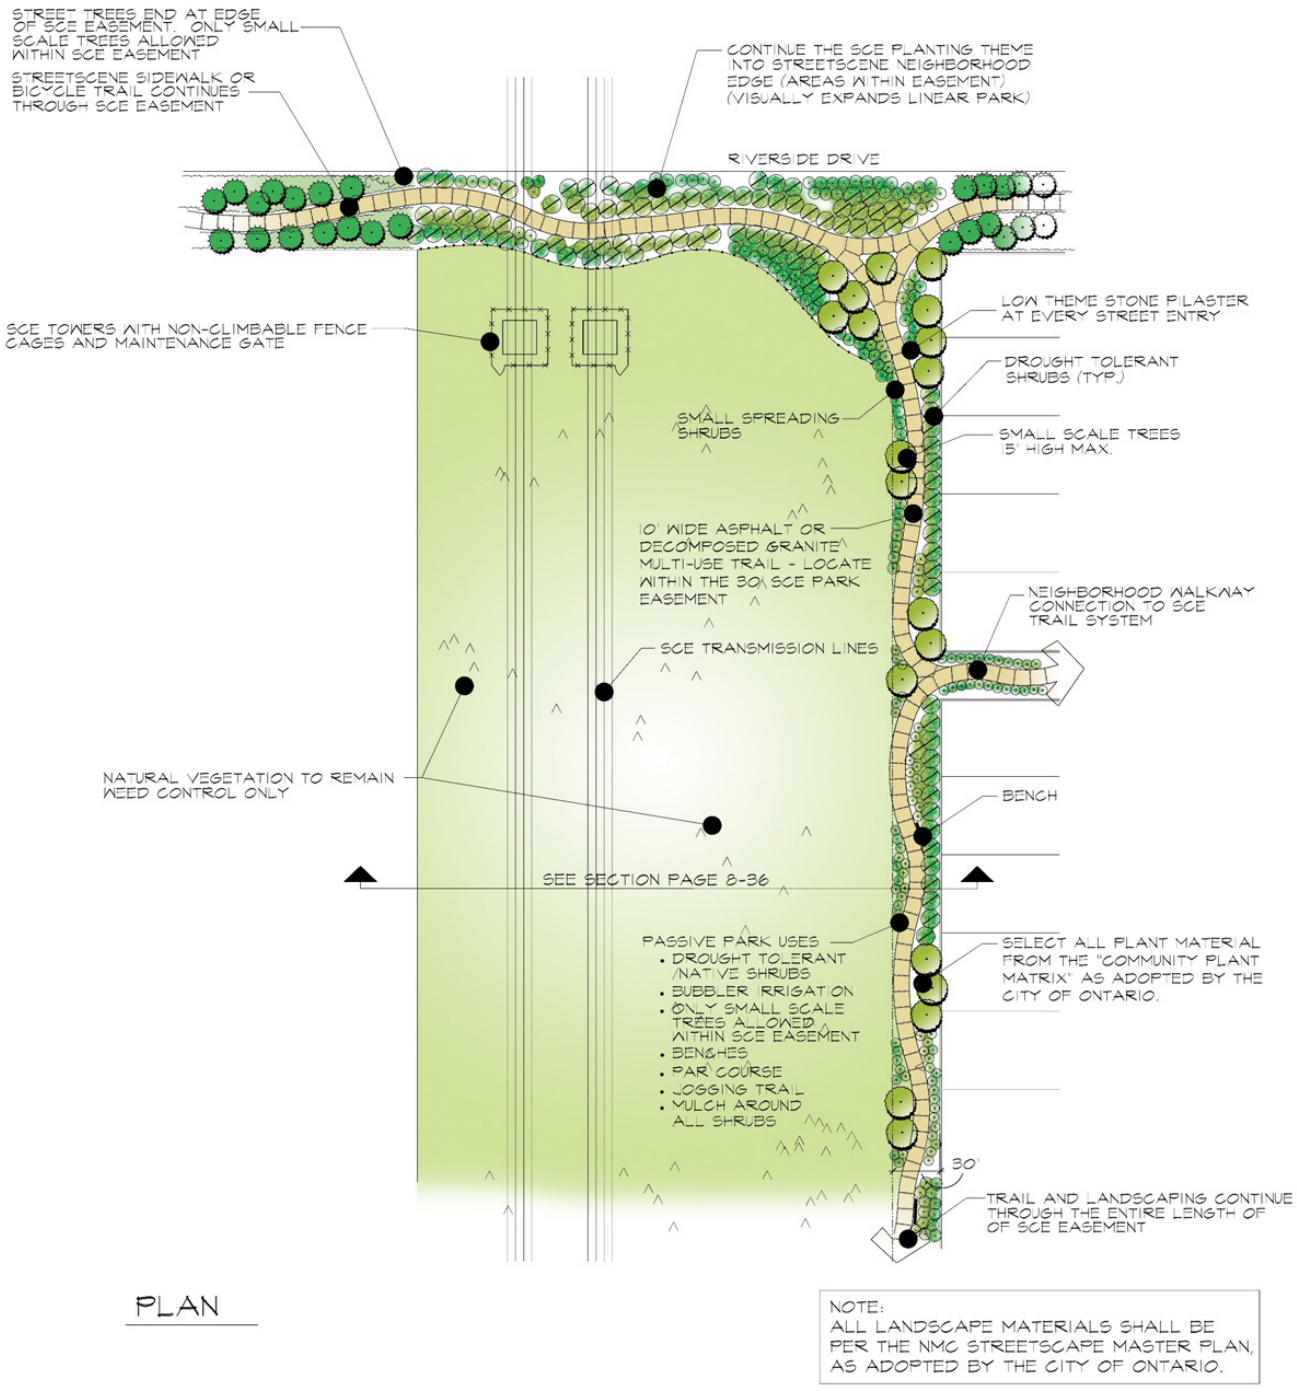
Sidewalks along the community's backbone streets are separated from vehicular travel by a landscaped parkway. The sidewalks along local neighborhood streets are 5' feet wide with a 7' foot wide curbside landscaping zone. These parkway widths have been planned to accommodate appropriate street tree planting with concern for or taking into account the health of trees or destruction of the sidewalk by tree roots. Linear tree root barriers shall be installed adjacent to the edge of sidewalks and curbs when a tree is planted closer than five feet (5') to a curb or sidewalk.

To further encourage walking in the community a series of greenbelt paseos are planned and continue throughout the community.

8.9.3(c) SCE Easement Paseo and Linear Parks

Paseos within the SCE easement shall be accessible to the public, and serve as the primary pedestrian circulation system throughout the West Haven community. The developer shall be responsible for the construction of paseo and linear park usage on their property for the area on which they have underlying ownership. Paseo connections to neighborhoods are planned to allow residents easy access to the paseo system. Additionally, park uses are planned within the easement to allow those utilizing the SCE paseo system opportunities to better utilize the space. Trees, with a maximum height of fifteen feet (15') are allowed within the SCE easement, as well as drought tolerant and native shrubs. The SCE Easement paseo and linear parks within the easement feature the following: (Refer to ***Exhibit 8-35, "SCE Easement Paseo and Linear Park Plan View"*** and ***Exhibit 8-36, "SCE Easement Paseo and Linear Park Section."***)

- A total of a 30' wide paseo and linear park development zone within the SCE Easement.
- 10' wide meandering asphalt or decomposed granite paseo (meanders within the 30' wide development zone).
- Benches.



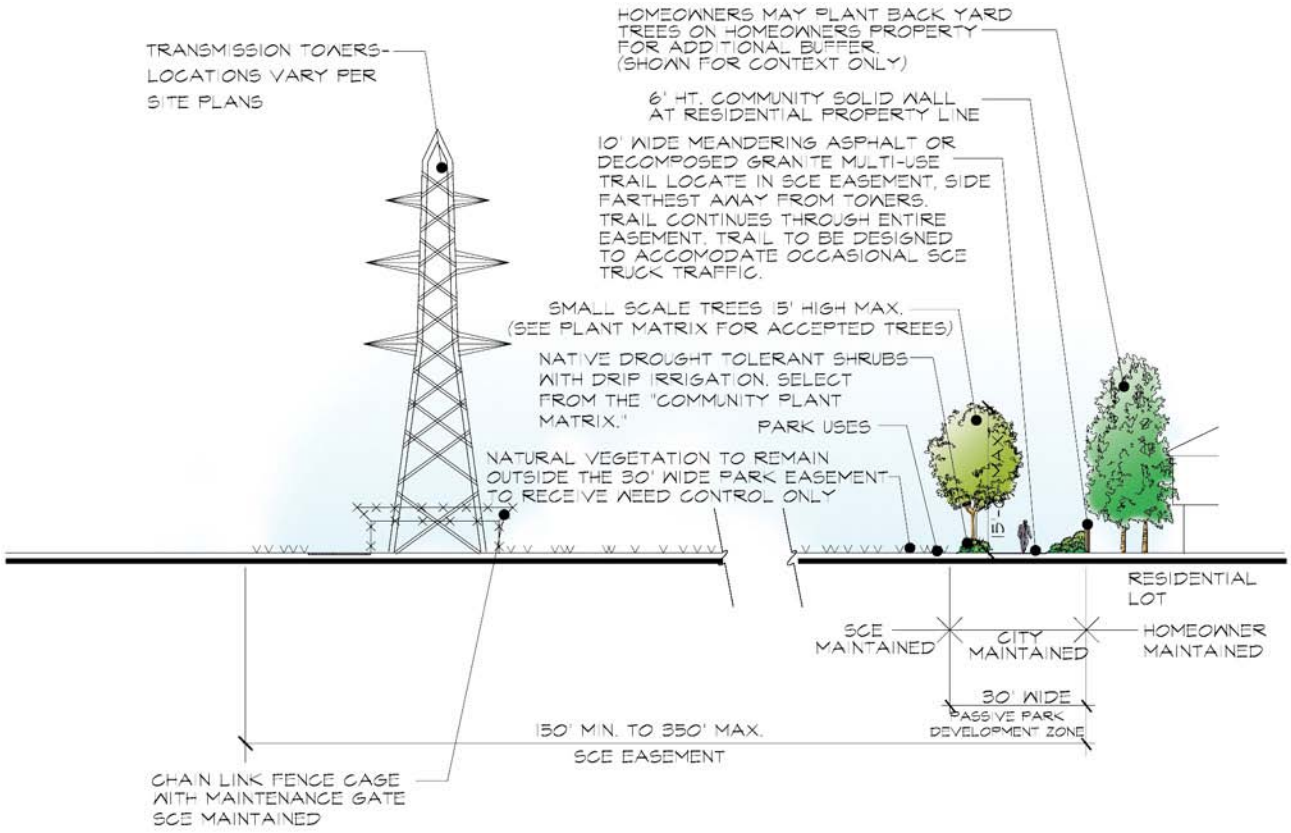


Exhibit 8-35: **SCE EASEMENT PASEO AND LINEAR PARK PLAN VIEW**

SECTION

SCALE: N.T.S.

NOTE:
ALL LANDSCAPE MATERIALS SHALL BE PER THE NMC STREETSCAPE MASTER PLAN, AS ADOPTED BY THE CITY OF ONTARIO.

Exhibit 8-36: **SCE EASEMENT PASEO AND LINEAR PARK SECTION**

- Drought tolerant, native shrubs and trees to be selected from select from ***Table 8-1, "Community Plant Matrix"*** or as adopted by the City of Ontario.
- Bubbler irrigation. (No drip or spray irrigation allowed in the SCE Easement).
- Par stations along the paseo.
- Neighborhood connections to the SCE Easement paseo system.
- All remaining areas within the SCE Easement not within the 30' wide Park Development Zone shall receive 'weed control' as part of on-going Southern California Edison maintenance.
- All improvements within the SCE easement are to be implemented by the Builder and are City (~~LMD~~ CFD) maintained.
- Final Development Plans within the easement require Southern California Edison approval.
- Trees, 15' feet in height (maximum) are allowed within the SCE Easement.
- Notes:

  1) No lighting is allowed within the SCE Easement.

  2) No irrigation controllers or main line allowed within the SCE Easement.

  3) Irrigation lateral lines and bubbler irrigation heads are the irrigation equipment allowed with the easement.

  4) No trees over fifteen feet (15') in height are allowed within the easement.

8.9.3(d) Gas Company Easement/Pocket Parks

A 30' wide existing gas company easement lies within Residential Planning Area 1. Pocket parks are a gas company approved use within their easement. Six foot (6') high community walls (except at wall returns) will be utilized at the edge of the easement at residential rear and side yards that are adjacent to the easement. Final lot plotting and wall locations will be further refined during the preparation of the Tentative Map. A ten foot (10') wide service road/pedestrian walkway meanders through the easement with pedestrian walkway connections at neighborhood streets. Pedestrian connections to the SCE easement trail, as well as a pedestrian walkway connection to adjacent neighborhood center will be accommodated. The pocket parks within and adjacent to the gas company easement shall be accessible to the public, and feature the following: (Refer to ***Exhibit 8-37, "Typical Pocket Park within Gas Company Easement"*** and ***Exhibit 8-38, "Gas Easement/Pocket Park Edge"***).

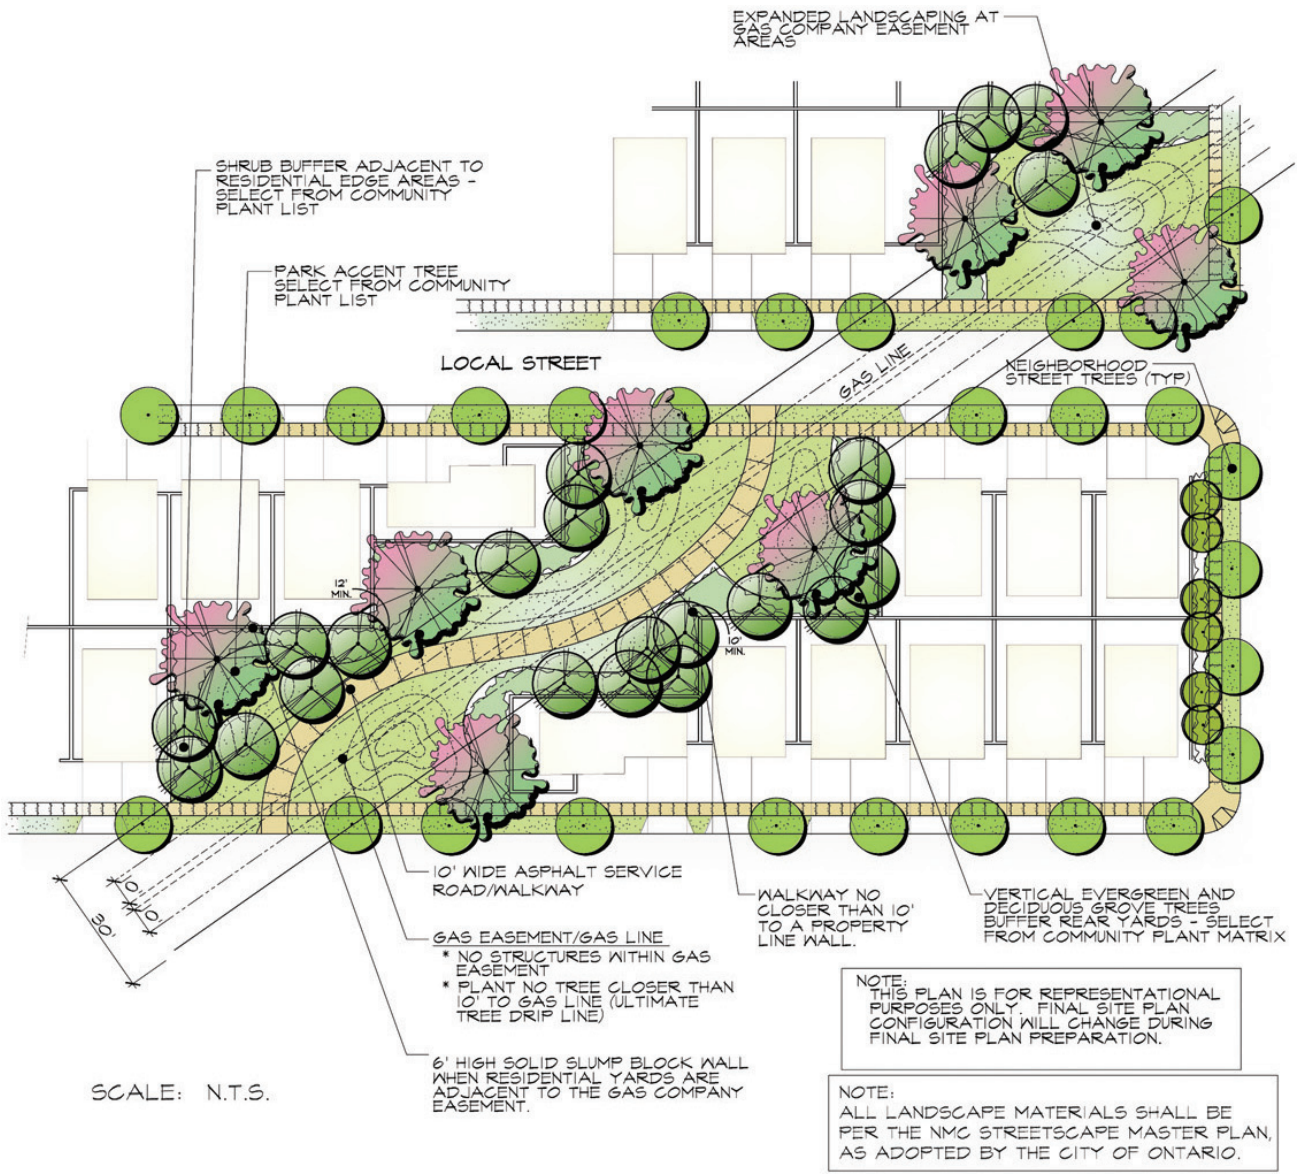
- 30' wide easement.
- 10' wide asphalt meandering service road/ pedestrian walkway and jogging trail. Walkway no closer than 10' to a residential rear or side yard wall.
- Passive park uses.
- Benches
- Turf open play areas.
- 6' high community wall at residential property lines.
- Shrub buffer along residential property lines.
- No deep rooted trees, select from ***Table 8-1, "Community Plant Matrix"*** or as adopted by the City of Ontario.
- Walkway connections to SCE easement trail system.
- Walkway connection to the neighborhood center planned for Planning Area 2.
- No tree (ultimate drip line) shall be any closer than 10' to the gas line.
- All improvements within the gas company easement shall be made by the Planning Area build

er in which they fall, and shall be professionally maintained by the HOA.

- Final development plans within the gas company easement require gas company approval.
- Gas Company easement pocket parks shall count towards required pocket park acreage.

8.9.3(e) Pocket Parks

As indicated in the City of Ontario New Model Colony General Plan Amendment, the formula for determining acreage for Pocket Parks indicates for every 250 dwelling units, 2 acres of pocket parks are required. The size and location of the neighborhood pocket parks vary depending on the location and acreage required. As each residential neighborhood is designed, the final acreage, configuration and final



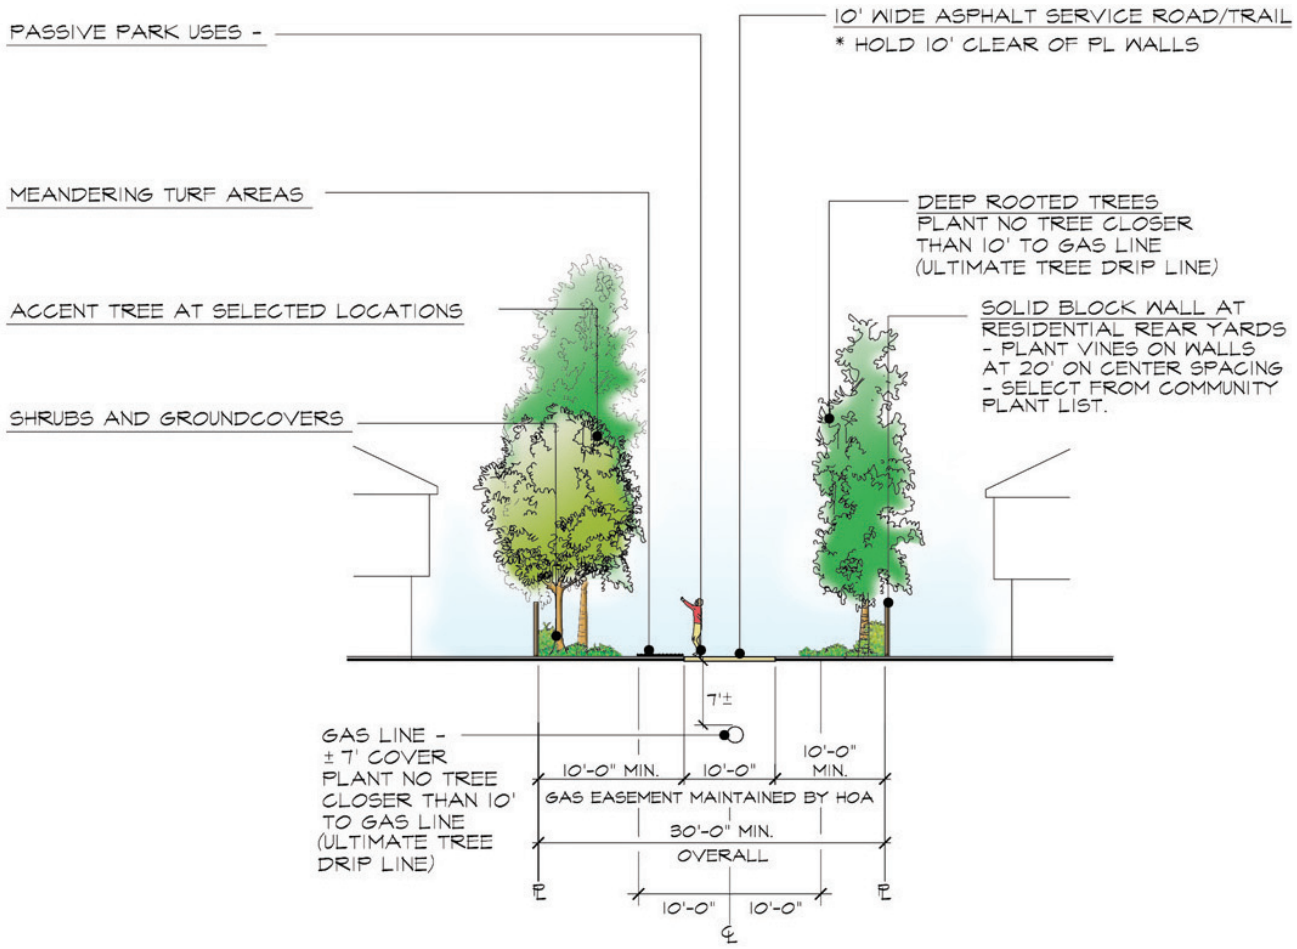


Exhibit 8-37: **TYPICAL POCKET PARK WITHIN GAS COMPANY EASEMENT**

SCALE: N.T.S.

NOTE:
1. SELECT ALL PLANT MATERIAL FROM COMMUNITY PLANT MATRIX AS ADOPTED BY THE CITY OF ONTARIO.
2. ALL LANDSCAPE MATERIALS SHALL BE PER THE NMC STREETSCAPE MASTER PLAN, AS ADOPTED BY THE CITY OF ONTARIO.

Exhibit 8-38 : Gas Easement/Pocket Park Edge

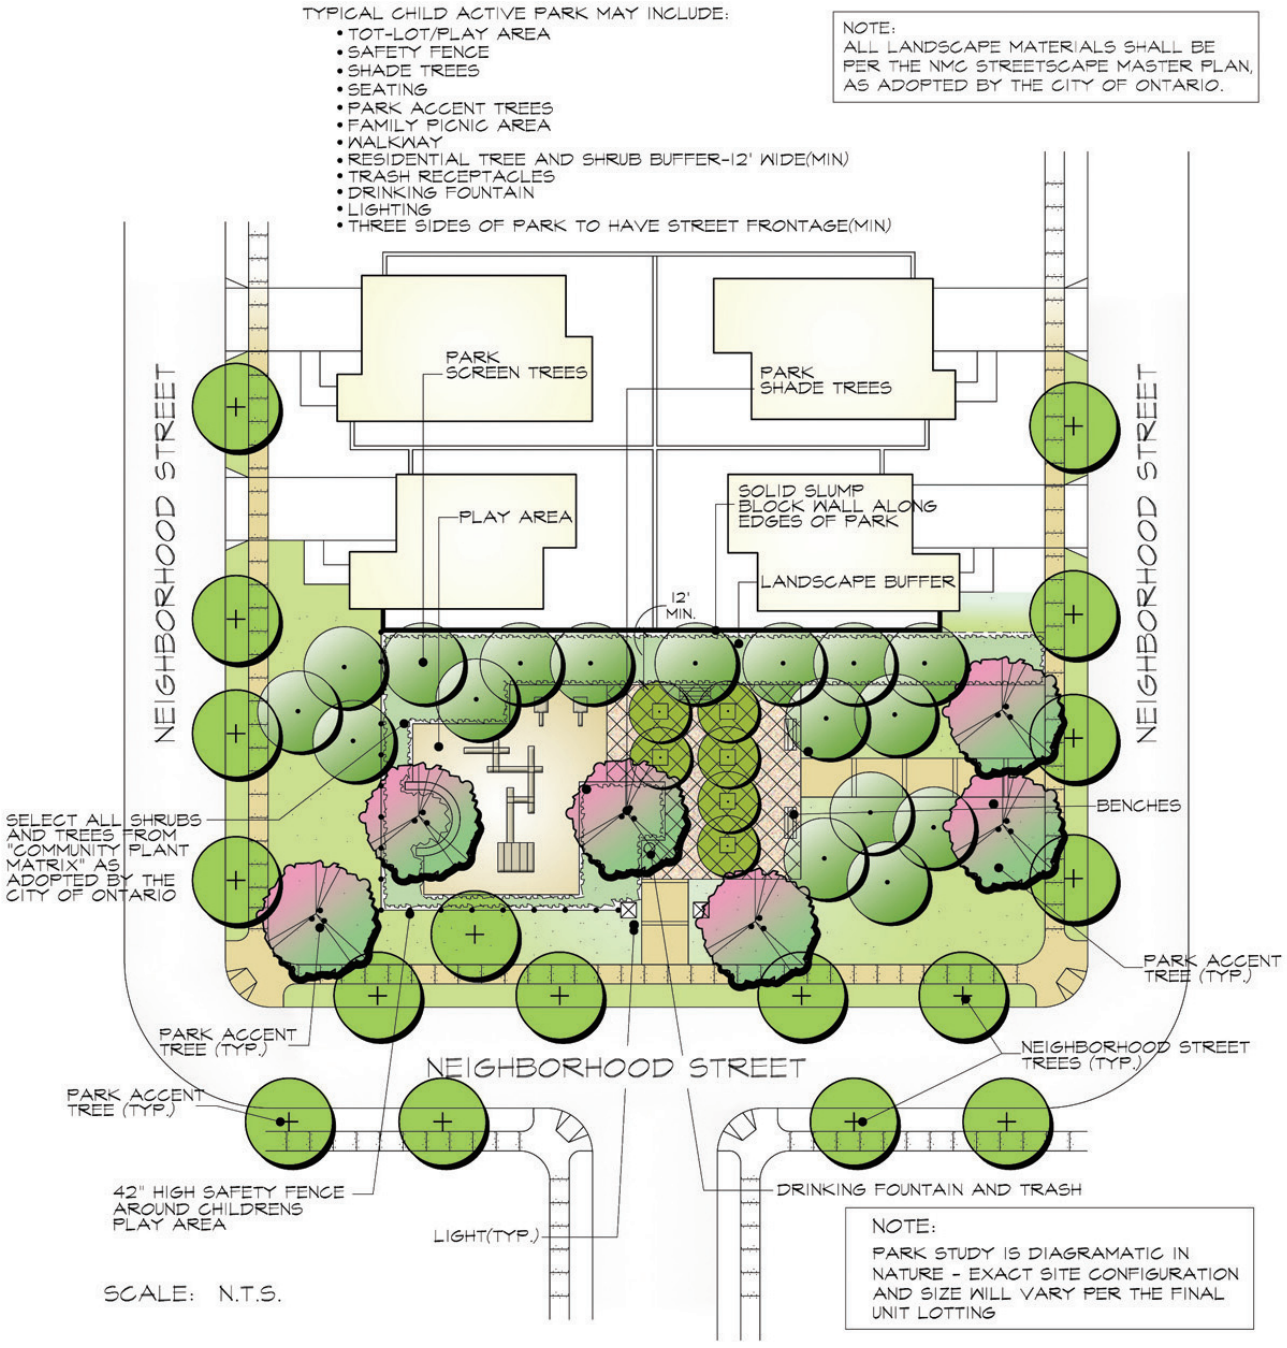

Exhibit 8-39: TYPICAL CHILD ACTIVE POCKET PARK

locations of pocket parks will be determined. The pocket parks shall be accessible to the public, and shall be built by the West Haven Builders and shall be maintained by the HOA.

These pocket parks create open spaces where neighbors can visit near their homes. Depending on the intended use, the design of these parks will vary. Some may include tot lot and open play spaces for young children. Some may include facilities designed for more active adults, such as a multi-purpose sports park. Others may contain more passive spaces with gardens, seating areas, walkways and open turf areas. Generally, parks planned within a residential parcel should be designed to front on three (3) neighborhood streets. Three possible examples are illustrated in ***Exhibit 8-39, "Typical Child Active Pocket Park," Exhibit 8-40, "Typical Passive Pocket Park"*** and ***Exhibit 8-41, "Typical Adult Active Pocket Park."*** These are very general in nature and should not be interpreted as design plans.

Some pocket parks, at City discretion, may be located within the Gas Company easement within Planning Area 1. This park counts toward, and more than satisfies, the pocket park acreage required for that planning area. The total acreage for the Gas Company easement and all pocket park totals approximately 6.3 acres, which satisfies the 6.02 acre pocket park requirement, as calculated below. Also note the pocket park requirement in Planning Area 8 will be satisfied in Planning Area 4 due to the proximity of the Neighborhood Park adjacent to Planning Area 8.

What follows is the calculated pocket park acreage required for each Planning Area:

Planning Area 1:
~~173~~ 451 Dwelling Units (~~173~~ 451 / 250 du x 2.0 ac = 1.38 3.61 acres of pocket parks)

Planning Area 2:
Neighborhood Center Commercial (no park requirements)

Planning Area 3:
~~92~~ 203 Dwelling Units (~~92~~ 203 / 250 du x 2 ac = ~~.74~~ 1.6 acres of pocket parks)

Planning Area 4:
106 Dwelling Units (106 / 250 du x 2 ac = .85 acres of pocket parks)

Planning Area 5:
149 Dwelling Units (149 / 250 du x 2.0 ac = 1.2 acres of pocket parks)

~~Planning Area 6:~~

~~5 Acre Neighborhood Park~~

Planning Area ~~7~~ 6:

10 Acre School Site (no park requirements).

Planning Area ~~8~~ 6:
90 Dwelling Units (90 / 250 du x 2 ac = .72 acres of pocket parks)

Planning Area ~~9~~ 8:

143 Dwelling Units (143 / 250 du x 2 ac = 1.14 acres of pocket parks)

Total acreage of Pocket Park Requirement:

~~6.02~~ 9.13 Acres

The two pocket parks within Planning Area ~~9~~ 8 shall be named "Arnaud Minnaberry Park" and "James D. Fahs, Jr. Park" as illustrated on ***Exhibit 9-6, "Planning Area 9 – Conceptual Lotting."***

8.9.4 Landscape Requirements

8.9.4(a) Residential

The ~~Ontario New Model Colony~~ Streetscape Master Plan indicates tree varieties, sizes and spacing for backbone streets. All plant material selected from the above Master Plan and as shown in this Specific Plan are subject to change, as adopted by the City of Ontario.

Each Planning Area residential lot shall receive a minimum of one (1), twenty-four inch (24") box size street tree planted in the right-of-way, (centered in the parkway). Corner lots shall receive a minimum of two (2) twenty-four inch (24") box Street trees also planted in the side yard right-of-way parkway. (See ***Exhibit 8-42, "Typical Neighborhood Landscape Plan"***).

Note: Homeowners may not remove street trees. One (1) species of tree shall be selected for

SCALE: N.T.S.

Exhibit 8-42: TYPICAL NEIGHBORHOOD LANDSCAPE PLAN

each residential street to enforce the individual neighborhood streetscene identity. All neighborhood street trees shall be selected from ***Table 8-1 "Community Plant Matrix."***

8.9.4(b) Neighborhood Center

- All on-site trees shall be placed so as to integrate the Neighborhood Center site into the overall community setting. No on site trees shall be planted within the streetscene Neighborhood Edge.
- Groupings of Palm trees shall be integrated into the Neighborhood Center site. At a minimum, Palm tree groupings shall be located at corners of the parcel and at focal points within the site. Palm tree groupings may also be used at the entry areas.
- Refer to ***Section 8.9.2(b), "Neighborhood Center Fencing"*** for wall design criteria.
- All Neighborhood Center entry drives shall incorporate a pedestrian sidewalk. The use of community entry thematic elements such as specimen trees, Palm trees, stone walls and pilasters serve to tie the Neighborhood Center site into the overall community.
- All areas not occupied by buildings or parking lot shall be landscaped using a combination of turf, shrubs and trees, in accordance with the City of Ontario Standards. All plant material to be selected from ***Table 8-1, "Community Plant Matrix"*** or as adopted by the City of Ontario.
- The driveway and the entry planters shall be installed and maintained by the parcel owner. The driveway paving, walk, entry monument wall, lighting equipment, and landscaping shall also be maintained by the parcel owner.
- Visual impact of parking areas shall be minimized by location and arrangement of parking spaces. The use of landscape screening plant materials and berms is encouraged.
- Parking requirements shall conform to regulations and ordinances of the City of Ontario.
- Truck and service vehicle parking must be provided in a designated area separate from the auto parking. It is to be located at the side or rear of the building and visually screened.
- All off-street parking spaces shall be a minimum of nine (9') feet in width and nineteen feet (19') in depth.
- Parking stalls with a side abutting a wall, shall be two (2') feet wider than the standard required width.
- All parking areas and drives shall be separated from landscaped areas by concrete curbs, which serve as automobile wheel stops, unless 0" curb to comply with DMPs, NPDES, etc, in which case separate wheel stops will be provided.
- Parking area landscaping is required for the screening of large parking areas to limit their visual impact. Landscaped islands shall be provided at the ends of stall rows to break up parking areas. These islands shall be a minimum of five feet (5') in width (excluding curbs) to allow for planting of trees, as well as fingers within the parking area.
- At a minimum one (1) fifteen (15) gallon tree shall be planted within the parking lot for every ten (10) parking stalls.

8.9.5 Maintenance Responsibility

Maintenance and installation responsibility is shared between the Homeowners, the Builder, Homeowner Association, the City of Ontario (~~LMD~~ CFD) and the Neighborhood Center Parcel Owner. (See ***"Maintenance Responsibility Matrix", Section 10, Table 10-2.***)

8.9.5(a) General Maintenance Procedures

In general the landscape maintenance shall be performed on a daily basis by a Licensed Landscape Contractor under contract with the Homeowner Association (HOA). All work shall be performed based on an annual maintenance calendar of monthly and weekly maintenance tasks.

Landscape maintenance shall include, but not be limited to the following:

- Irrigation System Maintenance

a. Water Management

b. Submittal of monthly water usage records

c. Repair irrigation systems on a daily basis

d. Monitor the irrigation for clogged heads or malfunctions.

• Annual horticultural soil test to confirm seasonal fertilizer recommendations.

- Work Near Utilities

  a. Notify the appropriate utility company/ "Underground Service Alert" before performing maintenance work around utilities.

- Weeding/Mulching

  a. Weeding shall be performed on a weekly basis. Utilize mulch, proper watering and pre-emergents as necessary to control weeds.

- Mowing

  a. All lawns shall be mowed weekly during the growing season and as needed throughout the non-growing season. Dispose of all clippings in a approved recycling site.

- Trimming Trees and Shrubs

  a. Trim all trees annually to shape trees, and prevent heavy limbs from damage in the wind. Perform safety pruning of low hanging limbs immediately when noticed.

  b. Street tree canopies shall be trimmed to 7'-0" clear.

  c. All shrubs in public view areas shall be trimmed to grow no higher than 3'-0".

- Rodent/Insect Control

  a. Treat the site and plant material for rodents and insects whenever noticed.

- Hardscape

  a. Keep all walks clear of debris at all times.

- Trash Collection

  a. Collect and remove trash from the site on an as needed basis.

- Drainage Facilities

  a. Maintain all landscape drainage facilities on a on-going basis.

- Safety Procedures

  a. Review all safety procedures with the maintenance staff on a weekly basis. Steps shall be taken at all times to protect the public from all equipment used on the site. Set up protected work areas as necessary when performing landscape maintenance.

- Monthly Maintenance Review

  a. Perform a monthly maintenance review of all areas with the HOA, and generate a list of items to be completed during the next month.

- Grading and Drainage

The following grading and drainage guidelines shall apply to all Landscape areas, as approved by the City of Ontario.

a. All Landscape areas shall have a positive surface flow from high points at 2% minimum.

b. Maximum grade for turf – 5:1.

8.9.6 Landscape Lighting

All perimeter and neighborhood streets shall receive uniform lighting standards to insure project consistency. All street lights shall be per the City of Ontario Standards and Regulations, and shall be in conformance with Southern California Edison Company. All other site lighting shall be uniform and unobtrusive and shall comply with City and Police Department Standards. To also aid in project consistency, no neon or low-pressure sodium lighting will be permitted. All lighting shall comply to the following:

- The following areas are to be illuminated

  a. Entry Monumentation

  b. Streetscenes

c. Pocket Parks

d. Neighborhood Park

e. Paseos not within the SCE Easement

- Per Southern California Edison (SCE) restrictions, no lighting will be allowed within the SCE Easement.
- Outdoor lighting shall comply with any and all applicable requirements and policies of the City of Ontario. Energy conservation, safety, and security should be emphasized when designating any lighting system.
- All lighting plans shall be prepared by a State of California Licensed Electrical Engineer, or as approved by the City of Ontario.
- All outdoor lighting, including spotlights, floodlights, electrical reflectors and other means of illumination for signs, structures, landscaping, parking, loading, unloading, and similar areas shall be focused, directed, and arranged to prevent glare and illumination on streets or adjoining property.
- All exterior lights should be shielded and focused to minimize spill light into adjacent properties.
- Light globes shall be of unbreakable plastic, recessed, or otherwise designed to reduce the problems associated with damage and replacement of fixtures. Fixtures shall be vandal resistant, yet should not look institutional. All light fixtures shall meet all City of Ontario Public Works requirements and standards for light fixtures used in public spaces.
- The following shall receive area lighting as follows:
  a. *Community Monumentation Walls Graphics* – Lighted with flood lights (wash wall with light), illuminating graphics. Lights shall be screened with low shrubbery, as approved by the City of Ontario
  b. *Palm Trees at Monumentation Corners* – Washingtonia Palms at entry monumentation areas shall be lighted using spot lights (two (2) per tree), attached to Palm trunk, threequarter (3/4) up the trunk – as approved by the City of Ontario.
  d. *Specimen Tree at Major, Secondary and Neighborhood Entries* – Lighted with tree up-lights (two (2) per tree). Lights shall be screened with low shrubbery – as approved by the City of Ontario.
  e. *Neighborhood Park and Pocket Park Walkways* – Lighted by either a decorative pole light (15' high maximum) or a decorative bollard type light fixture – as approved by the City of Ontario (also see ***Section 8.10.6 "Site Furniture"***).
  f. *Parking Lots* – lighted by a decorative pole light (25' minimum height) – as approved by the City of Ontario (also see ***Section 8.10.6 "Site Furniture"***).
  g. *Street Lights* – Lighted using a Southern California Edison approved street light – as approved by the City of Ontario. (also see ***Section 8.10.6 "Site Furniture"***).
  h. *Alleys* – Exterior wall mounted lights with a photo cell – as approved by the City of Ontario.
- All exterior lighting design should develop a sense of hierarchy by varying fixtures and illumination levels. Proper lighting helps to define the organization of public spaces. Entry areas (both pedestrian and vehicular), public plazas, community facilities, and highly used recreation areas shall be creatively lit to develop a sense of place and arrival.
- All exterior lighting designs shall address the issue of security. Parking lots, alleys, pedestrian walkways, and building entrances shall be well lighted for security reasons.
- No freestanding residential lighting fixtures shall exceed fifteen feet (15') in height; parking lot light standards shall not exceed twenty-five feet (25'). In no case shall overwash occur beyond the property lines.
- Service area lighting shall be contained within the service yard boundaries and enclosure walls. No light spillover should occur outside the service area. The light source is not to be visible from the street. The use of wall packs shall be avoided.
- All electrical meter pedestals and light switch/ control equipment shall be located with minimum public visibility or shall be screened with appropriate plant materials.

8.10 Plant Material Guidelines

8.10.1 Introduction

It is the intent of these guidelines to provide flexibility and diversity in plant material selection, while maintaining a limited palette in order to give greater unity and thematic identity to West Haven. The plant material lists have been selected for their appropriateness to the project theme, climatic conditions, soil conditions and concern for maintenance. Wherever possible, overall plant material selection for given project areas, shall have compatible drought resistant characteristics. Irrigation programming can then be designed to minimize water application for the entire landscape setting.

8.10.2 Planting Constraints

There are several planting and hardscape restrictions, constraints and considerations that occur with the West Haven Community as follows:

- No tree planted closer than 4' to a hardscape element – trees closer than 5' require a linear type root barrier adjacent to sidewalk and curb, as approved by the City of Ontario.
- Walkways within the greenbelt and SCE Easement are to be no closer than 10 feet (10') to a property line wall, to allow for adequate screening.
- Walkways within the Gas Company Easement are to be no closer than ten feet (10') to a property line wall to allow for adequate screening.
- Trees within the Gas Company Easement shall be deep rooted trees. The ultimate drip line of all trees shall be held 10' clear of the existing gas line.
- Trees within the Linear Park area in the SCE Easement shall be small drought tolerant trees, not higher than fifteen feet (15') high.

8.10.3 Planting Schedule

Installation of plant materials during the coldest winder months (December through February) and the hottest summer months (July through September) can be difficult. Container plant material not acclimated to the area can easily suffer from frost damage or sun/heat exposure resulting in partial or entire foliage loss even though such materials are perfectly suited to the temperature ranges once established. If planting is done during these difficult periods, plant establishment may be difficult, and may require a prolonged period of time.

8.10.4 Horticultural Soils Test Requirements

Soil characteristics within the West Haven project will vary due to the current dairy operations. The owners of parcels shall procure a horticultural soils report prior to landscaping to determine the proper soil preparation, planting amendments and maintenance required for all plant material. In addition to agricultural suitability, testing shall also be performed to establish the percolation rate of the soil to determine its suitability for retention and infiltration of storm water runoff from paved areas of the site. The horticultural soils testing shall be performed by a qualified soils testing laboratory and shall include soil fertility, agricultural suitability analysis and preplanting and post-planting recommendations.

8.10.5 Irrigation

All irrigation systems installed in any commonly irrigated lots, and which are maintained by the Homeowner Association or a Landscape Maintenance District shall be designed to conform to the states Water Conservation Assembly Bill 325 and any City of Ontario Water Conservation Guidelines currently in effect. All irrigation systems shall be installed in conformance with all City of Ontario Standards.

All landscaped areas to include neighborhood parkways and residential front yards shall be watered with a permanent underground irrigation system, and shall be designed with head to head 100 percent double coverage. Landscape areas within the SCE Easement shall be watered using 'point irrigation' bubbler systems. Spray irrigation heads and drip irrigation shall not be used in the SCE Easement area. No irrigation controllers or irrigation main line are allowed within the SCE Easement.

All HOA or City ~~LMD~~ CFD maintained areas shall be designed using treated recycled water.

Water saving irrigation equipment shall be used, including flow sensors, moisture sensors, and using

CIMIS irrigation management system.

The following shall be incorporated into all irrigation designs and installations:

- Water Meter – per City of Ontario requirements.
- Electrical Meters – per City of Ontario requirements.
- Basket Strainer – for Reclaimed Irrigation Systems.
- Backflow Device – for Domestic Irrigation Systems.
- Irrigation Pumps – if required (no plastic).
- Remote Control Master Irrigation Valves
- Pressure Regulators – if required, based on pressure.
- Quick Coupler Valves – 100' on center.
- Remote Irrigation Control Valves
- Flow Sensors
- Gate Valves
- Irrigation Controllers – shall be Central Control Irrigation System, per the City of Ontario.
- Communication Conduit/Cable – provide conduit and pull boxes and cable.
- Irrigation PVC Mainline – provide purple pipe reclaimed mainline for all reclaimed irrigation systems.
- Irrigation Lateral Lines – purple pipe.
- Irrigation Sleeves – provide irrigation wire and pipe sleeves under all streets and hardscape.
- Irrigation common and control wires per City of Ontario.
- Irrigation Turf Heads – provide 6" pop up heads for all turf areas.
- Shrub Heads – provide 12" pop up heads for all shrub areas.
- Pressure Compensating Screens – provide pressure compensating screens to adjust to all spray heads.

8.10.6 Site Furniture

Site furniture in addition to landscape materials, color, texture and theming create the overall identity of the West Haven specific Plan Area, making it different from other communities within the ~~New Model Colony Master~~ Ontario Ranch Planned Community.

Some examples of the West Haven site furniture imagery are as follows (*all the following are pending following final adoption by the City of Ontario*):

8.10.6(a) Overall Site Furniture at Community Level Imagery

(See ***Exhibits 8-43(a)*** through ***(d) "Community Site Furniture Imagery."***)

- Benches at the major community monumentation
- Trash receptacles
- Stone at monumentation walls with lighting
- Stone pilasters
- Street light
- Bus stop shelter
- Mail boxes

8.10.6(b) Overall Site Furniture at Parks and Paseo Areas Imagery

(See ***Exhibits 8-44(a)*** through ***(f) "Park and Paseo Site Furniture Imagery."***)

- Benches
- Trash receptacles
- Picnic tables
- Brazier
- Bike rack
- Drinking fountain
- Picnic shelter (Polygon shelter with slatted roof)
- Tot-lot
- Walkway and area lighting.

SECTION 9
DEVELOPMENT STANDARDS

9.1 Introduction

The following is a general description of planning objectives, which pertain to the West Haven Specific Plan development. Development standards specific to each of the 9 Planning Areas are addressed in ***Section 9.3, "Planning Area Development Standards."*** Residential development standards pertaining to minimum lots sizes are presented in Section 9.4, "Residential Development Standards." Commercial development standards are presented in ***Section 9.5 "Neighborhood Center Commercial Development Standards."***

9.2 Planning Objectives

The West Haven Specific Plan is being prepared within the framework of a detailed and comprehensive multi-disciplinary planning program. In addition to considering issues such as engineering feasibility, market acceptance, economic viability, city General Plan goals and objectives, development phasing and local community goals, additional planning objectives were identified to assure the environmental compatibility, aesthetic satisfaction and functional integrity of the Specific Plan as a whole. With these planning objectives in mind, the West Haven Specific Plan:

- Considers topographic, prior land uses, geologic and hydrologic environmental opportunities and constraints to create a design that conforms

  to the character of the land. The project will require minimal alteration of existing landforms, since the West Haven site is uniformly and gently sloping.

- Reflects anticipated marketing needs and public demand by providing a range of architectural styles, which will be marketable within the developing economic profile of the City of Ontario.
- Provides residential development, adequate support facilities (Neighborhood Center/ commercial, parks, paseos, schools, open space and recreation) and circulation in a convenient and efficient manner.
- Provides planning provisions for a safe and efficient circulation system composed of a network of planned local roadways designed for appropriate traffic and user needs.
- Establishes a unique open space environment utilizing a greenbelt/paseo system, neighborhood edges and expanded parkways to link the Neighborhood Park, recreation areas, school and Neighborhood Center.
- Constructs the required on-site and off-site infrastructure improvements in order to provide a coordinated development schedule consistent with surrounding land uses and in accordance with requirements and needs of the City's local utility and service districts.
- Encourages architectural forward residential building design, incorporating innovative architectural styles along with successful site planning techniques, which together bring about unique streetscenes.
- Allows transfer of residential units within the Specific Plan area.

9.2.1 Residential Unit Transfer Between Planning Areas

Exhibit 3-1, "West Haven Land Use Plan" and ***Table 3-1, "Residential Summary"*** set forth the planning area identification, total residential acreage, density and total dwelling units planned for each residential Planning Area. Residential unit transfer allows for the redistribution of residential units from one Planning Area to another. For example, if the number of units developed within a Planning Area is below the designated units, then the remainder of those units may be transferred to another Planning Area. The City of Ontario shall approve a change in the designated units for a Planning Area upon a determination that the transfer meets all of the following conditions:

a. The total number of approved residential units and the total number of projected future residential units, when combined, shall not exceed the allowed maximum of ~~753~~ 1,142 dwelling units.

b. A developer may transfer unused residential units from a previously approved Planning Area (or Planning Areas) to a proposed Planning Area(s) as unused residential units, eligible for residential unit transfer. When a development application is submitted to the City for a Planning Area(s), the developer must submit, concurrently with the application, a project residential unit reconciliation summary that identifies units previously declared eligible for residential unit transfer and the total number of projected future residential units remaining to be developed in the balance of the project.

c. The number of excess residential units identified for transfer to a Planning Area(s) may not exceed 10% of the total residential units in the receiving Planning Area, as identified in ***Table 3-1, "Residential Summary."***

d. There would be no significant adverse effect on projected demands on parks, schools, infrastructure and community facilities.

e. Grading and landform alteration would substantially comply with that previously approved for the Specific Plan.

f. No new significant environmental issues would result.

9.3 Planning Area Development Standards

9.3.1 Introduction

For specific Residential Development Standards, please refer to ***Section 9.4, "Residential Development Standards."***

Likewise, refer to the following sections for additional general development standards that apply site-wide:

- ***Section 3, "Land Use Plan"***
- ***Section 4, "Circulation Plan"***
- ***Section 5, "Infrastructure and Public Services Plan"***
- ***Section 6, "Open Space and Recreation Plan"***
- ***Section 7, "Grading Plan"***
- ***Section 8, "Design Guidelines"***

What follows is a description of standards for Planning Areas within the West Haven Project.

9.3.1(a) Planning Area 1: Residential Description

Planning Area 1, as depicted in Exhibit 9-1, "Planning Area 1 – Conceptual Lotting," provides for 28.52 gross acres (25.51 net acres) of single-family detached (SFD), and attached homes. A total of ~~173~~ 451 dwelling units (DU), consisting

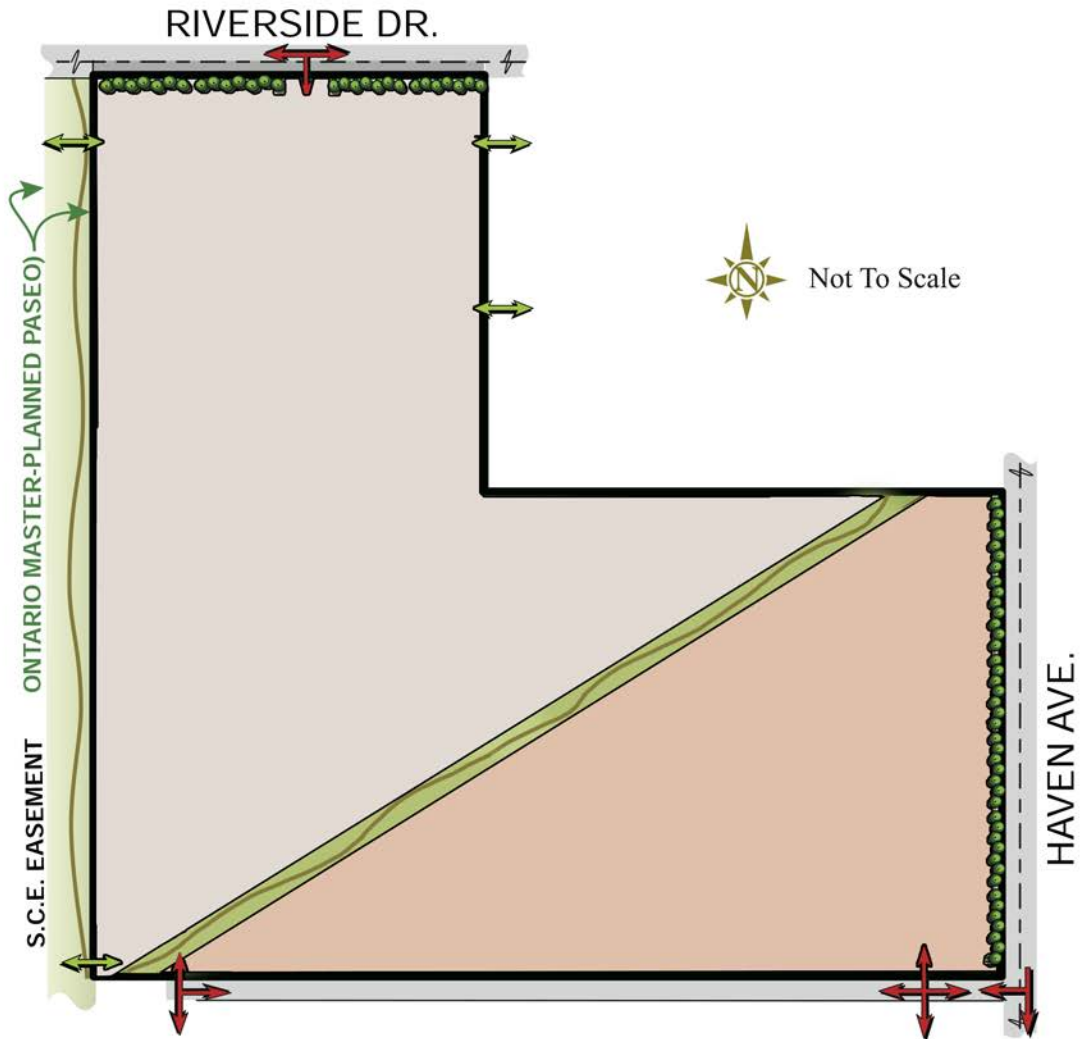

EXHIBIT 9-1: PLANNING AREA 1 – CONCEPTUAL LOTTING

of diverse product types ~~detached courtyard units and 4,000 square foot minimum lots~~, are planned at a density of ~~6.78~~ ~~17.68~~ 15.81 DU/ Net AC. ~~Single-family detached product types are proposed for development~~. Pocket parks, at various configurations, are provided along the SCG Easement. Specific lot and street configurations shall be determined at the Tentative Map stage.

Planning Area 1: Planning Standards

1. Access into Planning Area 1 shall be provided from Riverside Drive and Haven Avenue with internal access through Planning Area 3. Specific location of the access points shall be determined at the Tentative Map stage.
2. Please refer to ***Section 8, "Design Guidelines"*** for specific residential architectural and landscaping guidelines.
3. Neighborhood edge landscape treatments shall be provided along Riverside Drive and Haven Avenue. Refer to ***Exhibit 8-18, "Riverside Drive Streetscene at Residential"*** and ***Exhibit 8-20, "Haven Avenue Streetscene at Residential."***
4. A 30-foot paseo is provided within the SCE easement along the western boundary of the Planning Area and within the SCG easement, which runs diagonally through the Planning Area with multiple pedestrian connections. A minimum of one (1) connection to the westerly SCE easement paseos will be provided.

EXHIBIT 9-2: PLANNING AREA 2 – CONCEPTUAL NEIGHBORHOOD CENTER SITE PLAN

9.3.1(b) Planning Area 2: Neighborhood Center Description

Planning Area 2 provides for approximately 9.3 net acres (approximately 11.7 acres gross), including 87,000 square feet of building area and a parking lot(s).

Planning Area 2: Planning Standards

1. Access into Planning Area 2 shall be provided from Riverside Drive and Haven Avenue. Specific location of these access points shall be determined at the Entitlement stage.
2. Please refer to ***Section 8, "Design Guidelines"*** for specific commercial architectural and landscaping guidelines.
3. A major community monumentation and landscaping is provided at the corner of Riverside Drive and Haven Avenue. Refer to ***Exhibit 8-26, "Major Community Monumentation at Haven Avenue and Riverside Drive (Neighborhood Center Commercial Corner)."***
4. Neighborhood edge landscape treatments shall be provided along Riverside Drive and Haven Avenue. Refer to ***Exhibit 8-17, "Riverside Drive Streetscene at Neighborhood Center Commercial"*** and ***Exhibit 8-19, "Haven Avenue Streetscene at Neighborhood Center Commercial."***

Please refer to ***Exhibit 9-2, "Planning Area 2 – Conceptual Neighborhood Center Site Plan."*** Please note that specific building and parking configurations shall be determined at the Entitlement stage.

9.3.1(c) Planning Area 3: Residential Description

Planning Area 3 provides for ~~20.12~~ 19.17 gross acres (18.93 net acres) of Residential ~~Low~~ Medium Density uses. A total of ~~92~~ 203 dwelling units (DU)

are planned at a density of ~~4.86~~ ~~10.72~~ 10.01 DU/ Net AC. Single-family detached, and attached product types ~~on 4,950 square feet minimum lots~~ are proposed for future development.

Planning Area 3: Planning Standards

1. Access into Planning Area 3 shall be provided from Haven Avenue, with internal access through Planning Areas 1 and 4. Specific location of the access point shall be determined at the Tentative Map stage.
2. Please refer to ***Section 8, "Design Guidelines"*** for specific residential architectural and landscaping guidelines.
3. Neighborhood edge landscape treatments shall be provided along Haven Avenue. Refer to ***Exhibit 8-20, "Haven Avenue Streetscene at Residential."***
4. A 30-foot paseo shall be provided within the SCE easement along the western boundary of the Planning Area. A minimum of one (1) connection to the paseo will be provided.
5. A westerly local street right-of-way will be provided to connect with Planning Areas 1 and 4 to provide for circulation and utility connections.

Specific lot sizes, lotting, and street configurations shall be determined at the Tentative Map stage.

9.3.1(d) Planning Area 4: Residential Description

Planning Area 4 provides for 20.11 gross acres (17.18 net acres) of residential use. A total of 106 dwelling units (DU), at 3,825 square foot minimum lot size, are planned at a density of 6.17 DU/Net AC. Single family detached product types are proposed for development.

Planning Area 4: Planning Standards

1. Access into Planning Area 4 shall be provided from Haven and Chino Avenues, with internal access through Planning Area 3. Specific location of the access points shall be determined at the Tentative Map stage.
2. Please refer to ***Section 8, "Design Guidelines"*** for specific residential architectural and

Not To Scale

EXHIBIT 9-3: PLANNING AREA 4 – ~~CONCEPTUAL~~ APPROVED LOTTING (Tract Maps 18026 and 18027)

landscaping guidelines.

3. A Secondary Community Entry Monumentation and landscaping is provided at the northwesterly corner of Haven and Chino Avenues. Refer to ***Exhibit 8-27, "Typical Secondary Community Monumentation."***
4. Neighborhood edge landscape treatments shall be provided along Haven and Chino Avenues. Refer to ***Exhibit 8-20, "Haven Avenue Streetscene at Residential"*** and ***Exhibit 8-22, "Chino Avenue Streetscene at Residential and SCE Easement."***
5. A 30-foot paseo shall be provided within the SCE easement along the western boundary of the Planning Area. Access will be provided along the neighborhood edge along Chino Avenue.

Please refer to ***Exhibit 9-3 "Planning Area 4 – Conceptual Lotting."*** Specific lot and street configurations shall be determined at the entitlement stage.

9.3.1(e) Planning Area 5: Residential Description

Planning Area 5 provides for 38.21 gross acres (27.08 net acres) of residential use. A total of 149 dwelling units (DU), with minimum lot sizes of 2,800 and 5,100 square feet, are planned at a density of 5.50 DU/Net AC. Higher density detached or attached product types may be provided in the area around the Neighborhood Park.

Planning Area 5: Planning Standards

1. Access into Planning Area 5 is provided from Haven Avenue, with possible internal access through Planning Area 8. Specific location of these access points shall be determined at the Tentative Map stage.

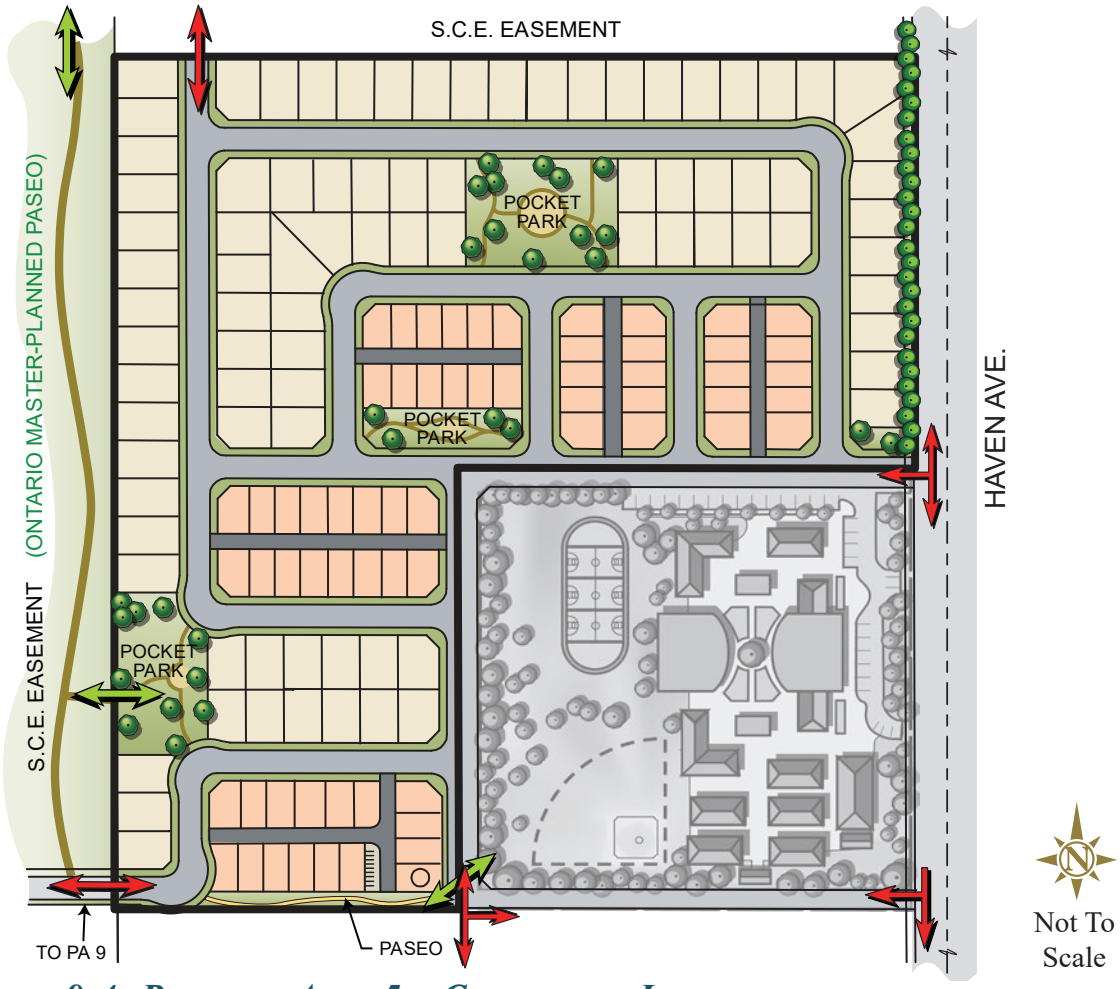

EXHIBIT 9-4: PLANNING AREA 5 – CONCEPTUAL LOTTING

2. Please refer to ***Section 8, "Design Guidelines"*** for specific residential architectural and landscaping guidelines.
3. A Secondary Community Entry Monumentation and landscaping is provided at the southwesterly corner of Haven and Chino Avenues. Refer to ***Exhibit 8-27, "Typical Secondary Community Monumentation."***
4. Neighborhood edge landscape treatments shall be provided along Haven and Chino Avenues and along the Planning Area 7. Refer to ***Exhibit 820, "Haven Avenue Streetscene at Residential"*** and ***Exhibit 8-22, "Chino Avenue Streetscene at Residential and SCE Easement."***
5. A 30-foot paseo shall be provided within the SCE easement, along the western boundary of the Planning Area, Access to the western paseos shall be provided.
6. The Planning Area will provide access to both the five (5) acre Neighborhood Park and ten (10) acre elementary school along the access street from Haven Avenue.
7. A westerly local street right-of-way will be provided to connect with Planning Area 8 to provide for circulation and utility connections.

Please refer to ***Exhibit 9-4, "Planning Area 5 – Conceptual Lotting."***

~~**9.3.1(f) Planning Area 6: Neighborhood Park Description**~~

~~Planning Area 6 provides for 5.0 net acres of Neighborhood Park recreational uses.~~

~~***Planning Area 6: Planning Standards***~~

~~1. Access into Planning Area 6 shall be provided by a local street system.~~
~~2. Please refer to ***Section 8, "Design Guidelines"*** for specific landscaping guidelines.~~
~~3. A 30-foot paseo shall be provided along the western boundary of Planning Area 6, within the SCE Easement.~~

~~Please refer to ***Section 8.9.3(a), "Five Acre Neighborhood Park," Exhibit 8-34, "Five Acre Neighborhood Park Concept Plan."*** Please note that specific building, parking and park amenity configurations shall be determined at the Entitlement stage.~~

9.3.1(g) Planning Area ~~7~~ 6: Elementary School Description

Planning Area ~~7~~ 6 provides 10.0 net acres for elementary school uses. This elementary school site is within the Mountain View School District and the school district will determine the final configuration of parking, buildings and other relevant school uses.

Planning Area ~~7~~ 6: Planning Standards

1. Access into Planning Area ~~7~~ 6 is provided from Haven Avenue, via a local street. Specific location of these access points shall be determined at the Entitlement stage.
2. The elementary school Design Guidelines will be determined at the time of build-out and coordinated with Mountain View School District.
3. Neighborhood edge landscape treatments shall be provided along Haven Avenue and along Planning Area 5. Refer to ***Exhibit 8-20, "Haven Avenue Streetscene at Residential."***

9.3.1(h) Planning Area ~~8~~ 7: Residential Description

Planning Area ~~8~~ 7 provides for ~~25.39~~ ~~30.39~~ 29.00 gross acres (15.07 net acres) of residential use. A total of ~~90~~ 94 dwelling units (DU), at 4,150 square foot minimum lot size, are planned at a density of ~~5.97~~ 3.24 DU/Net AC.

Planning Area ~~8~~ 7: Planning Standards

1. Access into Planning Area ~~8~~ 7 shall be provided from Haven Avenue, with possible internal access through Planning Area 5. Specific location of the

EXHIBIT 9-5: PLANNING AREA 8 7 – CONCEPTUAL ~~ONCEPTUAL~~ APPROVED LOTTING (Tract Maps 18026 and 18027)

Not To Scale

access points shall be determined at the Tentative Map stage.

2. Please refer to ***Section 8, "Design Guidelines"*** for specific residential architectural and landscaping guidelines.

3. Neighborhood edge landscape treatments shall be provided along Haven Avenue. Refer to ***Exhibit 8-20, "Haven Avenue Streetscene at Residential."***

4. A 30-foot paseo shall be provided within the SCE easement/property, along the western boundary of the Planning Area, and within the SCE easement, along the southern boundary of the Planning Area. Connections to these paseos are provided along the western and southern boundaries of this Planning Area.

Please see ***Exhibit 9-5, "Planning Area 8 7 – Conceptual Lotting."***

9.3.1(i) Planning Area 9 8: Residential Description

Planning Area 9 8 provides for ~~37.8~~ 30.74 gross acres (28.84 net acres) of residential use. A total of 143 dwelling units (DU), with minimum lot sizes of 5,250 and 6,300 square feet, are planned at a density of ~~4.96~~ 4.65 DU/Net AC. Single-family detached product types are proposed for development.

Planning Area 9 8: Planning Standards

1. Access into Planning Area 9 8 shall be provided by two (2) points along Turner Avenue. Specific location of the access points shall be determined at the Tentative Map stage.
2. Please refer to ***Section 8, "Design Guidelines"*** for specific residential architectural and landscaping Guidelines.
3. Neighborhood edge landscape treatments shall be provided along Turner Avenue Refer to ***Exhibit 8-21, "Turner Avenue Streetscene at Residential (East Side)."***
4. A 30-foot paseo shall be provided within the SCE easement, along the easterly boundary of the Planning Area. Paseo connections will be provided in these paseos.
5. The two pocket parks within Planning Area 9 shall be named "Arnaud Minaberry Park" and

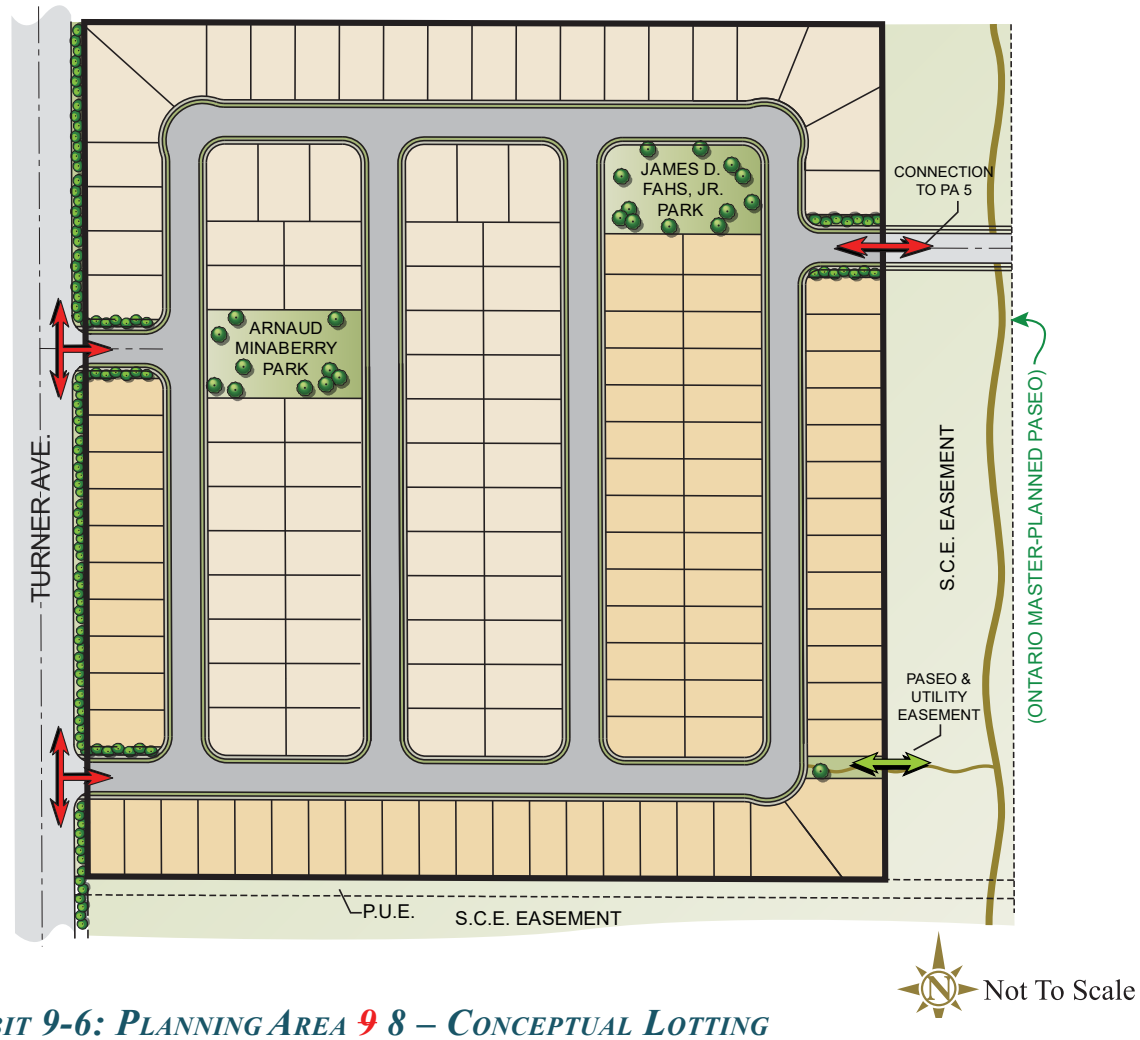

EXHIBIT 9-6: PLANNING AREA 9 8 – CONCEPTUAL LOTTING

James D. Fahs, Jr. Park" as illustrated on ***Exhibit 9-6, "Planning Area 9 8 – Conceptual Lotting."***

Please refer to ***Exhibit 9-6, "Planning Area 9 8 – Conceptual Lotting."*** Also note that specific building and parking configurations shall be determined at the entitlement stage.

9.4 Residential Development Standards

9.4.1 Introduction

A variety of housing types are offered at West Haven utilizing an architectural program composed of detached and attached housing. This diversity in housing types ensures a range of choices and a mix of homes within each neighborhood. Residences including detached courtyard homes, alley-loaded duplexes and triplexes, as well as conventional detached homes are articulated in traditional architectural styles. Providing a multitude of various housing programs will allow for a diverse array of family types and the opportunity for families to move-up within the community as their lifestyles and needs change through time.

The siting of the various housing types included consideration of orientation to edge conditions and internal open space areas (including the elementary school and neighborhood park), streets and pathway types.

The following pages reference the location of defined parcels, their appropriate housing type allocation, and a vignette showing a conceptual image of house orientation on a lot as well as its relationship to other homes.

Unless modified by the following criteria, the criteria contained in Sec. 9-1.1410 of the City of Ontario Development Code shall apply.

9.4.2 Single Family Detached Courtyard Development Standards

Planning Area 1 - Detached Condominium Clusters	
Lot Criteria	
Maximum Number of Units per Cluster	4
Minimum Lot Square Feet	18,000 Sq. Ft.
Minimum Lot Width at Front Setback Line for Standard Lot	132’
Minimum Lot Width on Corner	139’
Minimum Lot Depth	130’
Garage Access	Front Access
Minimum Building Setbacks, Forward of Cluster	
Front Setbacks (1)

Planning Area 3 - Cluster Homes

Lot Criteria

Minimum Lot Square Feet	~~3,950~~ 2,800 Sq. Ft.
Minimum Lot Width at Front Setback Line for Standard Lot (1)	~~58'~~ 46'
Minimum Lot Width on Corner	~~50'~~ 49'
Minimum Lot Depth	58'
Garage Access[4,5]	Common Drive Access
Minimum Building Separation	8'
Minimum Building Setbacks, Forward of Cluster	
Front Setbacks (1)	
To Porch or Balcony	5'
To Livable, 1st/ 2nd Story	~~10'~~ 5'
Side Setbacks [1,2]	
Interior to Livable	~~10'~~ 5'
Corner to Livable	10'
Rear Setbacks[1,2,3]	
To Livable	~~10'~~ 5'
To Garage	N/A

Notes:

(1) All Setbacks are measured from property lines.

(2) Side yard slopes may not encroach more than 40% into side yard setback areas.

(3) A minimum 150 S.F. private open space area is required.

~~*(4) Garages shall be set back a minimum of 5-feet behind the main living area.*~~

~~*(5)Private driveways within 18' of cluster shall be a minimum of 16-feet in width and 19-feet in length.*~~

Please refer to Exhibit 9-25 "Cluster Homes Plotting" for further details.

Building Separation (Minimum)	
Living to living	15’
Front Setbacks Street Facing	
Living space	10’
Porch/balcony	5’
Side Setbacks	
To living	~~10’~~ 5’
Corner to porch or balcony	5’
Corner to living	~~10’~~ 5’

Notes:

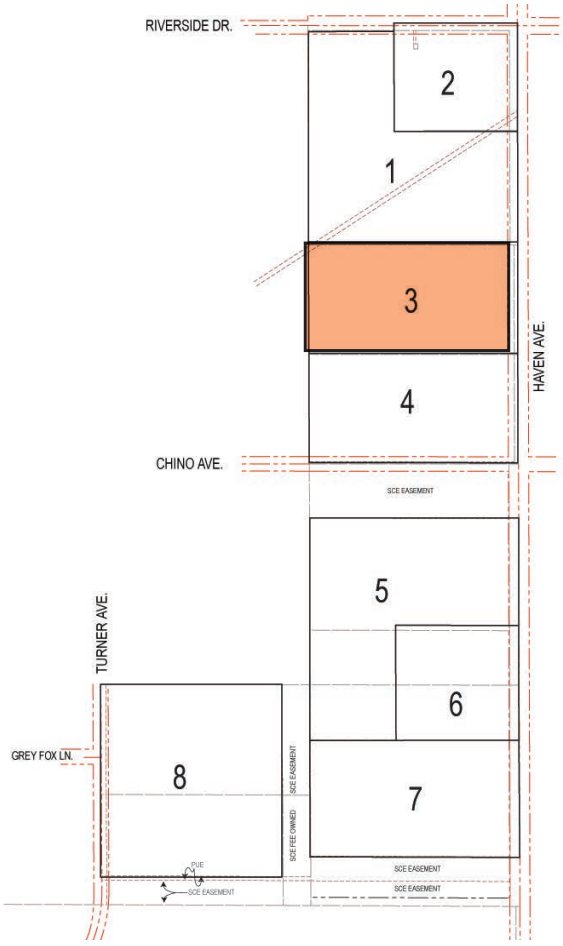
(1) Architectural projections may project a maximum of 3 feet into a required setback; however in no projection shall be closer than 3 feet to any property line. A projection is defined as an element that articulates the building elevation such as eaves, window and door pop-out surrounds, media niches, bay windows, pot shelves, chimneys, enhanced window sills, shutter details, window trim, balconies and entry gates, and other similar elements.

(2) All front and corner side setbacks are measured from back of sidewalks. All other setbacks are measure from Property Line unless noted otherwise.

(3) Minimum 7 foot deep porch, may be reduced to 5 feet where appropriate and subject to Planning Department review and approval.

(4) Solid walls and fencing materials are subject to a 3 foot minimum setback from sidewalk. Fences, walls, hedges or similar view obstructing structures or plants that reduce safe ingress or egress of vehicles or pedestrians shall not exceed three feet in hight in any front yard.

(5)Walls my exceed six feet in height and pilasters may exceed six feet six inches in height on for noise attenuation purposes subject to an Acoustical Study and Planning Department Approval. Up to two feet retaining wall may be incorporated with the 6 feet maximum wall. Maximum exposed wall shall not exceed 8 feet.



(6) All parking spaces to be within an enclosed garage with a minimum clear dimension of 20’x20’ for two spaces or 10’x20’ for single for tandem spaces. Resident parking may be tandem.

Please refer to Exhibit 9-25 “Rowtowns Plotting” for further details.

Minimum Building Separation	
Front to font	25’
Side to side	10’
Rear to Rear	30’/25’ at Upper Levels
Front to Side	20’
Between Covered porches front to front[3]	15’
Between Garden Walls 3’ max height	10’
Minimum Building Setback to Shared Driveway	3’
Private Open Space	
Ground floor units (8’ Min)	150 SF
Upper Levels (5’ Min)	50 SF
Walls, Fences and Hedges	
Max height at front of building[4]	3’
Max height at side or rear	6’
Lot Coverage	60% Max

Parking[6]

Per Development Code

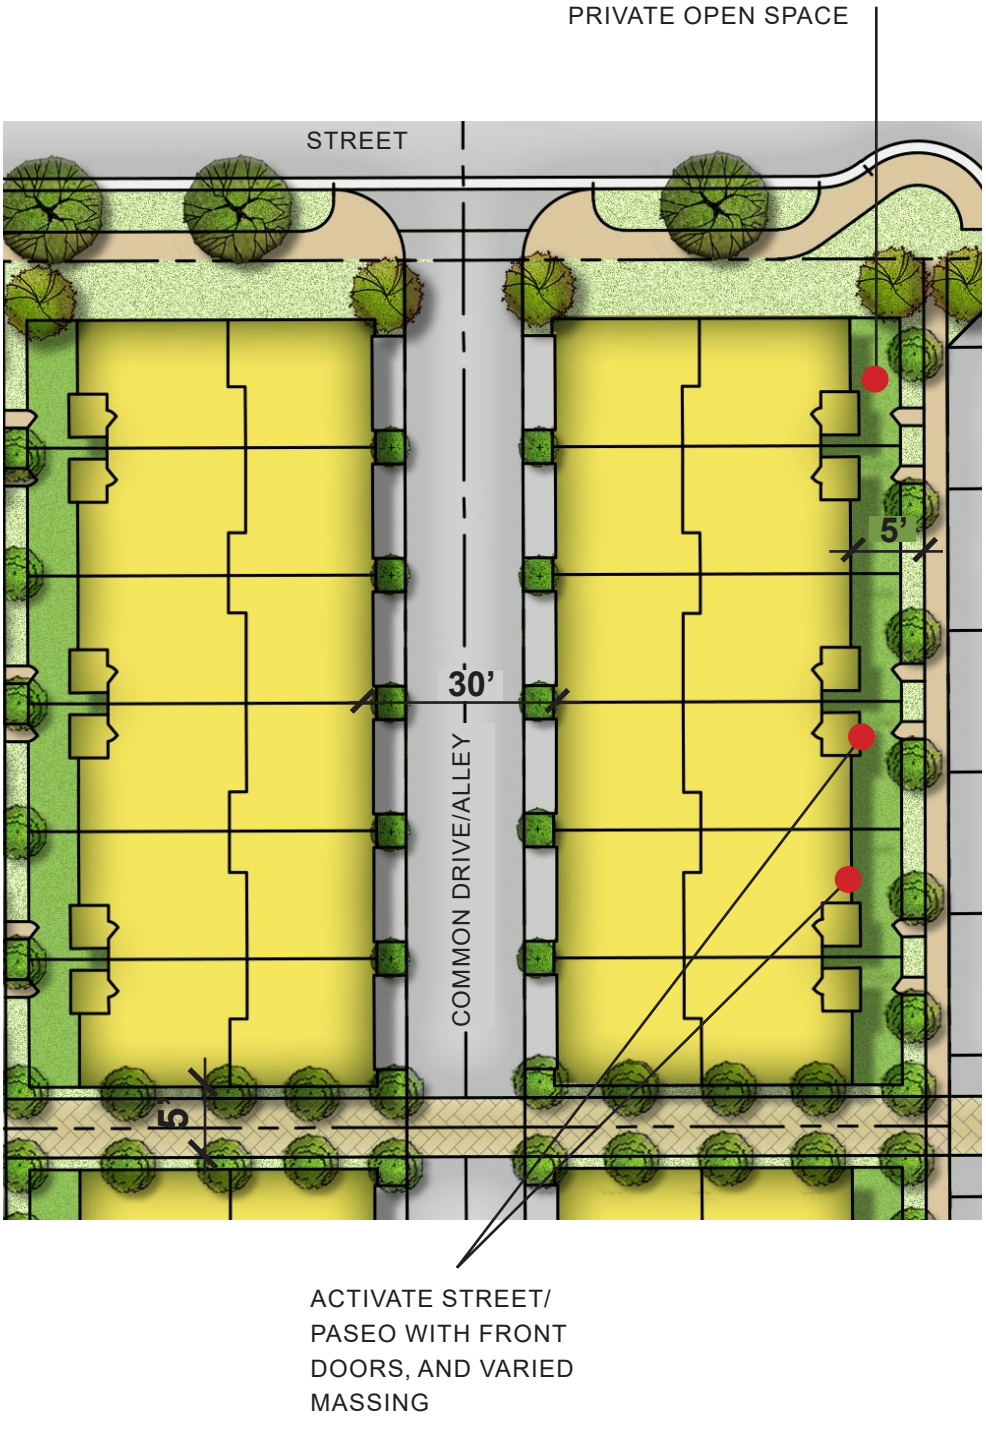


Exhibit 9-~~25~~26: Rowtowns Plotting

9.4.~~12~~ ~~23~~24 Permitted Uses

1. Single family attached or detached dwelling units.
2. Child daycare facilities serving up to 7 children (Per State guidelines).
3. Home occupation shall be in compliance with ~~Article 13 (pages 13-35) of the Development Code~~ Section 5.030240 of the Development Code.
4. Accessory uses to include the following: garages, swimming pools, spas, sports courts, and similar outdoor recreational amenities.
5. Patios and patio covers.
6. Monument Signage (per standards within ***Section 9.5.3(h)*** of this Specific Plan).
7. ~~7~~. Model Homes and subdivision sales' trailers; temporary construction parking, offices and facilities; real estate signs, signage indicating future development and directional signage shall be in accordance with the City's Development Code.
8. Second story additions to existing single story dwelling units.

9.4.~~13~~ ~~24~~25 Conditional Permitted Uses

1. Child daycare facilities serving up to 8 to 14 children (Per State guidelines).
2. Places of worship including but not limited to churches and synagogues.

9.4.~~14~~ ~~25~~26 Additional Regulations to be Incorporated

1. Temporary and Interim Land Uses shall be consistent with ~~the Development Code requirements of Article 13 (pages 13-46)~~ Section 5.03.395 of the Development Code.
2. Accessory Uses should consider guest homes or ~~second~~ accessory dwelling units.
3. ~~Freestanding satellite dish antennas shall be in compliance with Article 32, Section 9.1.3289 of the Development Code.~~
4. ~~4.~~ 3. No recreational vehicle storage (RV's) in front or corner side yards. No RV street parking for more than 72 hours.

9.4.~~15~~ ~~26~~27 Dairy Separation Requirement for Residential District Development Regulation

The following separation requirements from existing dairies/feed lots shall apply to new residential development or structures used for public assembly purposes from existing dairies/feed lots.

A minimum 100-foot separation shall be required between a new residential, commercial or industrial development structure used for public assembly and an existing animal feed trough, corral/pen or an existing dairy/feed lot including manure stockpiles and related wastewater detention basins. The 100-foot separation requirement may be satisfied by an offsite easement acceptable to the Planning Director with adjacent properties, submitted with the initial final map and recorded prior to or concurrent with the final map.

9.4.~~16~~ ~~27~~28 Residential Architectural Development Standards

The following development standards shall apply in all residential categories in the West Haven Specific Plan area:

1. No more than 25% of homes in any neighborhood area shall have street facing garages set back closer to the street than the living area (side loaded garages exempted from this ratio.)
2. A minimum of 75% of dwelling units in any neighborhood shall incorporate architecture forward designs.
3. Porches shall be a minimum of 7', 70 square feet in area.
4. Minimum interior garage dimensions to be 20' x 20' clear, one step may encroach, but water heaters may not encroach into this area.
5. Garage door plane will vary at least 5-feet (5') from the adjacent living area façade.
6. Garage doors shall be recessed a minimum of 12-inches (12") from adjacent walls.
7. Deep recessed garages and patio covers shall maintain a five-foot (5') rear yard setback.

8. For garages on rear access lots, the minimum alley setback shall be three-feet (3') with a five foot (5') average setback for second story elements over the garage.
9. Alleys serving as access ways to residential parking facilities shall be designed in accordance with the following standards. The alleys shall provide a minimum of 26-feet of back up area, as measured from the garage face (a minimum of 30-feet of back up area where emergency access applies). On both sides of the alley, between each garage (approximately every 30feet), a landscaped planter shall be installed and shall project a minimum of five feet (5') beyond the face of the garage toward the alley (a minimum of four feet (4') of planter projection where emergency access applies). A minimum 20-foot clearance (24-foot clearance where emergency access applies) is required at all times along the length of the alley.
10. The Director of Planning or Planning Commission may approve modifications to these standards up to 15% (Administrative Exception) for innovative and quality designs that meet the intent of the provisions for this Specific Plan.
11. ~~Unless modified by ***Section 9.4***, criteria contained in Sec. 9-1.149 of the City of Ontario Development Code shall apply.~~

9.5 Neighborhood Center Commercial Development Standards

9.5.1 Neighborhood Center Commercial Designation Intent and Purpose

The Neighborhood Center Commercial Land Use Designation is intended to provide necessary retail, office and service uses in close proximity to residents within the West Haven Specific Plan area as well as surrounding neighborhoods and developments. It accommodates proposed small-scale commercial centers that introduce minimal impacts on residential neighborhoods, and as far as feasible are integrated with adjacent uses. More specifically, the purpose of this designation is as follows:

1. Development within the Neighborhood Center Commercial Land Use Designation should conveniently meet day-to-day service and shopping needs of local residents.
2. Development within the Neighborhood Center Commercial Land Use Designation should complement and not degrade the nearby residential neighborhoods.
3. Development within the Neighborhood Center Commercial Land Use Designation should promote pedestrian linkages with adjacent residential uses, including an enhanced street environment.
4. Development within the Neighborhood Center Commercial Land Use Designation should incorporate modestly scaled outdoor spaces that support informal gatherings.

9.5.2 Neighborhood Center Commercial: Permitted and Conditional Uses

Table 9-1, "Neighborhood Center Commercial: Permitted and Conditional Uses" shows permitted (P) and conditional (C) or temporary (T) uses within the Neighborhood Center Commercial Area. The term "permitted" means that the use is allowed, provided all other requirements are met. The terms "conditional" and "temporary" mean that the Zoning Administrator (within existing buildings) or the Planning Commission (for new construction) must first grant a Conditional or Temporary Use Permit.

9.5.3 Neighborhood Center Commercial Development Standards

The following standards are applicable to all development projects within the Neighborhood Center Commercial Land Use Designation of the West Haven Specific Plan. Unless otherwise specified below, development projects shall meet the standards and requirements of the City of Ontario Development Code for Neighborhood Commercial projects.

Exhibit 9-16, "Neighborhood Center Commercial Site Planning Concept" presents a concept site plan

Commercial Uses	Permit Type
Bars and cocktail lounges	C
Eating Establishments and restaurants:	
With outdoor seating	P
With alcohol sales	C
With drive-thru	C
Finance services including banks, savings and loans, credit services	P
With drive-thru	C
Finance, insurance and real estate services, including security and commodity brokers and dealers, insurance and real estate agents and brokers, not including banks, savings and loans and credit services	P
Food stores, including supermarkets, meat and fish, fruit and vegetable stores, candy stores, health food stores, catering establishments and similar establishments, specialty food such as coffee houses, delicatessens and similar establishments	P
Food stores, convenience	P
With alcoholic beverage sales	C
Furniture and home furnishing retail sales, including household appliances, electronic equipment and office furniture	P
General merchandise retail including variety stores, dry goods stores, but excluding discount stores, vending machine operators and direct selling organizations	P
Health clubs and gymnasiums (use in excess of 5,000 square feet requires CUP)	P/C
Indoor recreation including ice and roller skating rinks and bowling alleys	C
Personal services including clothes laundering, photographic services, barber and beauty services, dry cleaning and shoe repairs, but excluding industrial laundering, sanitariums and rest homes	P
Retail sales (miscellaneaous trade, including newspapers and magazines, books, gifts, stationary, florists, camera and photo supplies, optical goods and similar establishments	P
Public and Quasi-Public Uses	**Permit Type**
Churches and other religious institutions	C
Community-serving centers and facilities, including daycare and senior, recreation and teen centers	C
Cultural facilities including libraries and art galleries	P
Semi-public facilities and institutions not providing sleeping accomidations including:	
Non-profit social service organizations	P
Philanthropic and charitable institutions	P
Private clubs and lodges	C
University, college, community college and professional schools (except truck driving schools)	C

Table 9-1: **NEIGHBORHOOD CENTER COMMERCIAL: PERMITTED AND CONDITIONAL USES**

Temporary Uses (subject to the "Temporary Use Provisions" of the City of Ontario Development Code)	Permit Type
Outdoor display and sales of merchandise, subject to temporary use provisions (TUP) of City of Ontario Development Code (Article 13)	TUP
Other Uses	**Permit Type**
Other uses which, in the judgement of the Zoning Administrator as evidenced by resolution in writing, are similar to and no more objectionable than any of the uses set forth in this section.	

Notes: Permitted Uses: (P); Conditional Uses: (C); Temporary Uses: (T)

TABLE 9-1 (CONTINUED)
NEIGHBORHOOD CENTER COMMERCIAL: PERMITTED AND CONDITIONAL USES

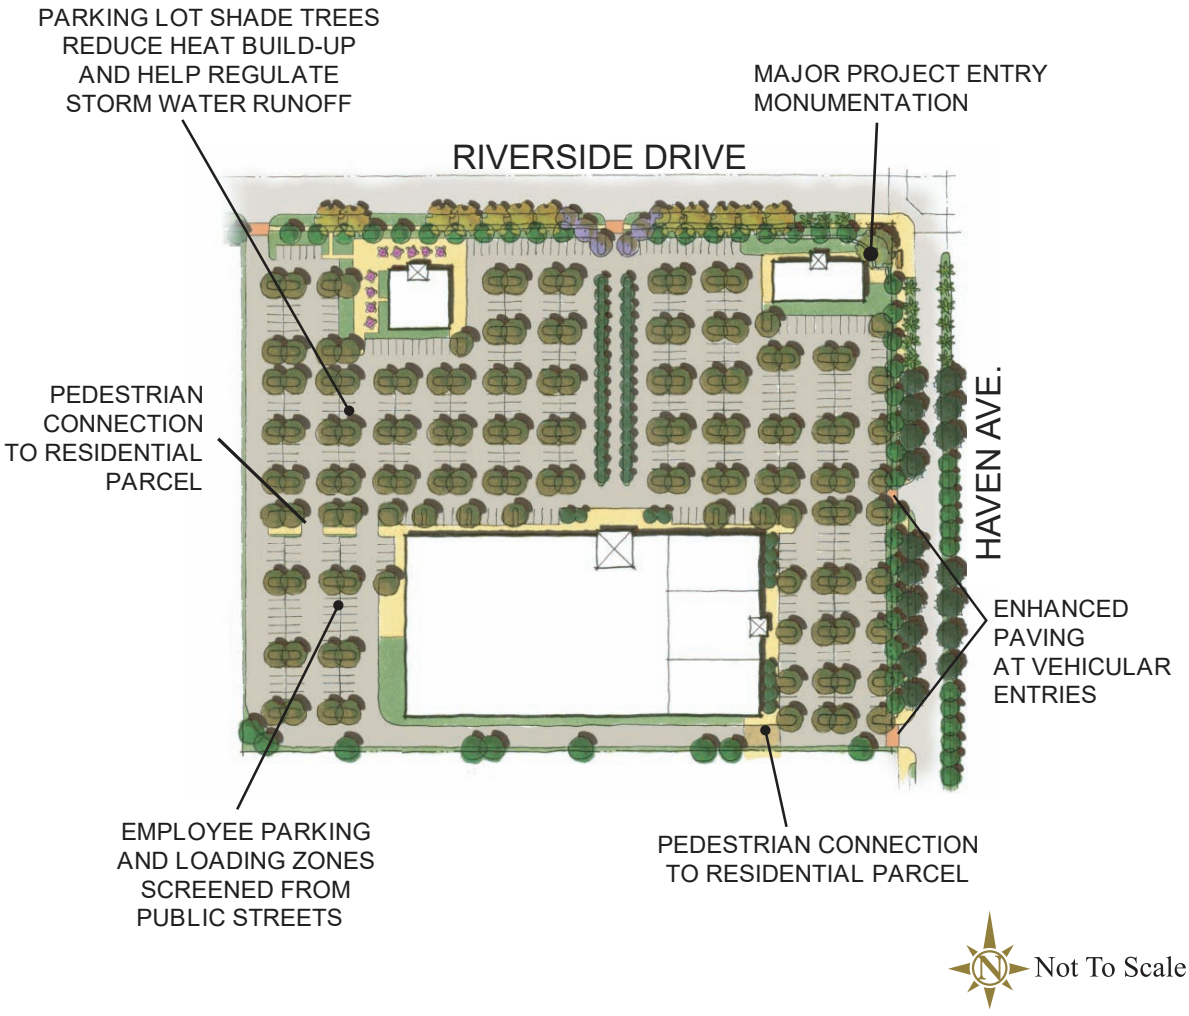

Exhibit 9-~~16~~27: **NEIGHBORHOOD CENTER COMMERCIAL SITE PLANNING CONCEPT**

for Neighborhood Center Commercial development. Please note that final site plans must meet the development standards and design guidelines contained herein.

9.5.3(a) Development Standards

1. Building setbacks shall be as follows (note: all setback areas are to be landscaped):

From Riverside Drive Right-Of-Way:	23 feet
From Haven Avenue Right-Of-Way:	14 feet
From Private or Local Street:	15 feet
From Interior Property Line:	0 feet
From Interior Property Line Adjacent to Residential District:	25 feet

2. Floor Area Ratio (FAR) shall be 0.40.
3. Maximum height shall be 35 feet, with architectural projections and focal elements such as towers, cupolas, and other appurtenances (1story). These architectural projections may exceed the allowable height by a maximum of 9 additional feet, provided that these features do not exceed 15% of the total building footprint and are not located within 50 feet of residential property.
   a. Building Separation: The minimum distance between structures shall be 9 feet.
4. Permitted Encroachments: Canopies, awnings and similar features may encroach a maximum of 4 feet upon a required setback. Cornices, eaves, and similar architectural features may encroach a maximum of 30 inches upon a required setback and/or required plaza space, but not upon a public right-of-way.
5. All loading areas shall be screened from adjacent public streets, residential, and open space use through the use of landscaping, earthen berms, and/or decorative walls or fencing.
6. All storage including cartons, containers, materials, or trash shall be shielded from view within a building or area enclosed by a solid fence or wall not less than six feet in height.

9.5.3(b) Access & Parking Facilities

1. Parking setbacks shall be as follows (note: all setback areas are to be landscaped):

From Riverside Drive Right-Of-Way:	23 feet
From Haven Avenue Right-Of-Way:	14 feet
From Private or Local Street:	10 feet
From Interior Property Line:	5 feet
From Interior Property Line Adjacent to Residential District:	5 feet

2. Parking facilities, including drive aisles, shall be setback a minimum of 9 feet from the building. The intervening space shall consist of attractive landscape treatment; this may include connecting paths and walkways, as well as decorative paving and hardscape associated with appropriately sited and useable outdoor spaces.
3. Parking areas shall be substantially screened to a height of 36 inches, so that their visibility from streets and residential areas is minimized. Screening may utilize plants, low screen walls, or a combination of these screening techniques.
4. Access and parking facilities shall otherwise comply with the requirements of the City of Ontario Development Code, including requirements for parking stall and aisle dimensions.

9.5.3(c) Parking Ratios

The required number of parking spaces shall be in accordance with the City of Ontario Development Code. However, the Planning Commission may approve the following exceptions, based on the findings of a parking study:

1. A 20 percent reduction in the minimum number of required parking spaces so as to accommodate otherwise permitted uses, such as restaurants and eating establishments; this recognizes the opportunity for residents and employees within and adjacent to the West Haven Specific Plan area to conveniently walk to these establishments.

2. Shared parking between adjacent lots and uses may be permissible, subject to a shared parking study and approval of the Planning Commission.

9.5.3(d) Service Facilities

Service facilities shall be setback a minimum of 15 feet from a property line adjacent to a local street and an interior lot line shared with a residential use. Service facilities shall also maintain required neighborhood edges for collectors, arterials, etc.

1. Service and loading facilities, including refuse collection facilities, shall be setback a minimum of 15 feet from a property line adjacent a local street and 25 feet from an interior lot line shared with a residential use. The intervening space between a residential use and service or loading facilities shall be landscaped, including plant materials that will buffer the residential use. Neighborhood edges shall be maintained.
2. Service and loading facilities, including refuse and collection facilities, shall be screened so that they are not visible from streets and residential uses.
3. Service and loading areas shall otherwise comply with the requirements of the City of Ontario Development Code and the intent of the applicable Design Guidelines within this Specific Plan, including the design and construction of exterior trash enclosures and cart storage areas within parking lots and adjacent to buildings.

9.5.3(e) Walls & Fences

1. Adjacent the street: No wall or fence may be placed between the building and the street; walls are otherwise permitted along the street, provided that they do not exceed three feet in height and are setback a minimum of five feet with intervening landscape treatment. This shall not apply to walls integral to the building architecture that are used for screening service and loading facilities.
2. Adjacent an interior lot line: A wall or fence may be placed along an interior lot line, provided it does not exceed six feet in height (or three feet in height within a required setback from the street). Decorative wrought iron, or simi lar decorative fencing may be substituted for block wall at locations where greater visibility is desired.
3. The materials and construction of walls and fences shall otherwise comply with the requirements of the City's Development Code, and the intent of the applicable Design Guidelines within this Specific Plan. Walls and fences shall not interfere with fire department operation. Access gates shall be provided, where necessary, and are subject to fire department approval.
4. When a non-residential use adjoins a residential district, a 6-foot high decorative masonry wall shall be required at the interior side or rear property line.

9.5.3(f) Open Space

1. The area devoted to plazas and/or similar outdoor gathering spaces shall measure at least one (1) square foot for every 90 square feet of gross floor area, provided that each space measures a minimum of 250 square feet with a minimum 15-foot dimension.
2. Plazas and similar outdoor gathering spaces shall allow for direct and/or convenient access from the sidewalk and shall be open to the sky, excepting landscape features, such as trellises and canopies.
3. Shared open space configurations will be considered in accordance with an approved master plan for the Neighborhood Center commercial development area, provided that the arrangement allows for a logical distribution of useable outdoor spaces that better fulfills the intent of the design guidelines.
4. The design of plazas and similar outdoor spaces shall be in accordance with the intent of the Design Guidelines within this Specific Plan. Accordingly, plazas and similar outdoor spaces shall incorporate decorative landscape treatment, including but not limited to enhanced paving, and site accessories such as seating,

potted plants and/or planters. Landscape features shall be compatible with the scale and architectural design of the building.

9.5.3(g) Landscape

1. Neighborhood Center commercial development shall provide minimum landscape coverage of 15%, exclusive of neighborhood edges.
2. Minimum required setbacks (including building setbacks, and setbacks for parking and service facilities) shall be permanently landscaped in an attractive manner. Landscape within required setbacks shall consist of trees, shrubs, groundcover and/or other appropriate materials; this may include connecting paths and walkways, as well as decorative paving and hardscape associated with appropriately sited and useable outdoor spaces.
3. Parking lot trees shall be provided within "finger" planters measuring at least six feet in width, excluding curbs. One finger planter shall be provided for every 9 parking spaces.
4. All irrigation systems shall use recycled or reclaimed water and have automatic controllers designed to properly water plant materials in accordance with the soil conditions. In addition, spray systems shall feature low gallonage, matched precipitation heads.
5. Property owners are responsible for continual maintenance of all landscape areas; dead or damaged plant material shall be removed from the site within 30 days of the date of damage.
6. On-site landscaping shall otherwise comply with the requirements of the City's Development Code, and the intent of the applicable Design Guidelines detailed within this Specific Plan.

9.5.3(h) Signage

The Neighborhood Center commercial signage will reflect the commercial architectural style envisioned by the City of Ontario for the ~~New Model Colony~~ Ontario Ranch as well as coordinating with the West Haven Specific Plan's residential signage. The following sign standards are applicable to the Neighborhood Center commercial development projects within the West Haven Specific Plan area. *(Standards not addressed below are subject to the requirements of ~~Article 31 of the City's Development Code, see Table 31-4, "Permitted Signs in the NC Commercial Zone."~~ Development Code Chapter 8.0, Table 8.01-1.C for Commercial Zoning District permanent signage)* It should be noted that the photographs illustrated on ***Exhibit 9-17, "Neighborhood Center Commercial Architectural Signage"*** are respective of Neighborhood Center commercial signage alternatives envisioned for the West Haven Specific Plan.

Project Identification Signs:

The Neighborhood Center commercial development shall be permitted two (2) project identification signs (one per street frontage) subject to the following standards:

1. Sign Type: Monument
2. Maximum Total Sign Face Area: 28 square feet
3. Maximum Height: 6 feet

Tenant Identification Signs:

Each tenant shall be permitted one (1) tenant identification sign per elevation, not to exceed three (3) tenant identification signs, subject to the following standards:

1. Sign Type: wall sign; individual channel letters required. Internally illuminated cabinet signs, painted signs, as well as paper and cloth signs are not permitted.
2. Maximum Sign Face Area: each applicable tenant frontage shall be permitted one sign up to 65% of the store's linear frontage, not to exceed 25 square feet.
3. Maximum Letter Height: 24" for major tenant; 18" for minor tenants.

Spanish Colonial Neighborhood Center Alternative

American Farmhouse Signage Alternative

Monument Signage Alternative

Wall Signage Alternative

Wall and Pedestrian Signage Alternatives

Exhibit 9-~~17~~28: **NEIGHBORHOOD CENTER COMMERCIAL ARCHITECTURAL SIGNAGE**

Pedestrian-oriented Signs:
In addition to the tenant identification sign described above, each tenant shall be permitted one (1) pedestrian-oriented sign (also identifying the tenant) in the form of a hanging, projecting, awning or window sign along a sidewalk or pedestrian walkway; the pedestrian-oriented sign shall not exceed 5 square feet.

Design Guidelines:

All commercial signage shall substantially comply with the applicable Design Guidelines provided with this Specific Plan.

Sign Program:

A sign program (3 copies) for the Neighborhood Commercial Center shall be submitted to the Planning Department for review and approval. The sign program shall be approved prior to the approval of any individual (i.e. tenant) signs.

9.5.3(i) Lighting

Exterior light standards placed in planters located within or adjacent to parking areas shall be spaced so that there is no conflict with parking lot trees.

1. Exterior light fixtures placed in planters located within or adjacent parking areas shall be set back from the face of the curb to allow for car overhang distances.
2. Lighting equipment (i.e., transformers, bal
last boxes) shall be located in planter areas and screened from public view.

9.5.3(j) Streetscapes and Pedestrian Walkways

1. Decorative paving treatments shall be incorporated where vehicular drive aisles and concentrated pedestrian circulation meet. Vehicular points of ingress and egress shall clearly designate pedestrian crossings, and the design of medians shall not restrict or impede pedestrian circulation. All decorative pavement shall be kept on private property.
2. Reference ***Exhibit 8-16, "Conceptual Landscape Plan"*** for cross section locations

applicable to streets and pedestrian walkways within the Neighborhood Center Commercial development area.

SECTION 10
IMPLEMENTATION

10.1 Introduction

The provisions contained herein are intended to regulate development within the West Haven Specific Plan community. These regulations provide for the development of uses described in the West Haven Specific Plan.

10.2 Phasing Concept

Phasing of the West Haven Specific Plan will meet the following objectives:

- The orderly build-out of the mixed-use community based upon market and economic conditions.
- The provision of adequate infrastructure and public facilities concurrent with development of each phase.
- The protection of public health, safety and welfare.

Development phasing within the West Haven Specific Plan will be determined by the various developers based upon real estate market conditions. Phasing will occur as appropriate levels of infrastructure, community facilities and open space dedications are provided. Phasing sequencing is subject to change over time to respond to these various factors and individual phases may overlap or develop concurrently. Development will be implemented through the approval, by the City, of Tentative Tract / parcel maps, conditional and permitted development plan permits.

The concept phasing is intended to provide flexibility to address the multiple ownerships, which to this date have not been organized into a single development entity. There is the possibility that all land use areas, within the Specific Plan Project site, will not be developed concurrently. The phasing concept addresses the lack of control over these properties by incorporating the uncontrolled properties into the last phase of development and creating an interim street and permanent utility improvements to serve the Planning Areas, which are developed first.

Contingent upon backbone utility availability, development of the current developer controlled Land Use Areas (1, 2, 4, 5, 8 and 9) shall not be dependent on the acquisition of, or concurrent development of the uncontrolled properties. If a Residential Planning Area cannot be developed, the development that is permitted will provide viable, future utility and circulation connections to the undeveloped properties, as necessary. This same consideration shall apply to the development of the Neighborhood Center Commercial Planning Area and the school site. By designing areas to be initially developed to accommodate future development, compliance with the goals and objectives of the Specific Plan will be assured.

It is likely that all or a portion of the off-site and project adjacent utilities will comprise the initial phase of development. Appropriate levels of infrastructure and community facilities will be installed, as required by the City, and public services will be available to serve each phase of residential and commercial development as it occurs. The developers of the Specific Plan will be responsible for the construction of these facilities.

10.2.1 Concept Phasing Schedule

The Concept Phasing is based on the ***"West Haven Land Use Plan," Exhibit 3-1,*** and ***Table 10-1, "Concept Phasing Schedule."*** The phasing could change, based on refinement during the tentative approval stage. Additional off-site improvements and/ or on-site improvements may be required by the City as determined during the development review process. If major deviations from the proposed Concept Phasing Schedule are identified as a result of market changes or other unexpected circumstances, an amended phasing plan for that portion of the Specific Plan to be developed will be prepared and approved before tentative maps or entitlement plans are filed. See ***Table 10-1, "Concept Phasing Schedule"*** for projected timing and estimated build-out of each Planning Area by Phase, as submitted by the developers of each planning area.

Table 10-1: CONCEPT PHASING SCHEDULE

Planning Area 5 (*)	(Phasing not determined at this time)																		
~~Planning Area 6~~	(Development Fees will be in place for park buildout)																		
Planning Area ~~7~~ 6 (*)																			
Planning Area ~~8~~ 7	Phase I (20 D.U.) (*)			Phase II (18 D.U.)			Phase III (18 D.U.)			Phase IV (18 D.U.)			Phase V (18 D.U.)						
Planning Area ~~9~~ 8	Phase I (6 D.U.) (*)					Phase II (29 D.U.)		Phase III (30 D.U.)		Phase IV (30 D.U.)		Phase V (31 D.U.)		Phase VI (17 D.U.)					

Notes:

(*) Buildout is undetermined at this time

(**) Assumes month 1 as being the date anticipated when all Master Planned backbone utilities to serve West Haven will be installed.

(+) The following will be constructed during Phase 1 Development:

1. ***Planning Area 1***: Full 1/2 Street Improvements on Riverside Drive and on Haven Avenue to the north boundary of Planning Area 3.
2. ***Planning Area 4***: Full 1/2 Street Improvements on Riverside Drive and Chino Avenue, along Planning Area 4 boundary.
3. ***Planning Area 8***: Full 1/2 Street Improvements on Haven Avenue along Planning Area 8 boundary.
4. ***Planning Area 9***: Full 1/2 Street Improvements on Turner Avenue along Planning Area 9 boundary.
5. ***Planning Areas 1, 4, 8 and 9***: All interior circulation and in-tract utility lines will be constructed during each Phase.

10.2.2 Community Facilities and Services

The timing for installation of community facilities and payment of impact fees for public services for the Specific Plan will be determined as part of the City's approval process in accordance with the provisions of the existing City fee ordinances. Community facilities, such as the bike route will be developed in conjunction with construction of the public street improvements. Those portions of the Neighborhood Park, paseos and open space areas, adjacent to individual development within each neighborhood, will be constructed to provide the amenity as development progresses. Build-out of the Neighborhood Park will be in accordance with the direction of the City of Ontario's unit limit, which is currently at a 250 dwelling unit build out.

10.3 Definition of Terms

The meaning and construction of words, phrases, titles and terms shall be the same as provided in the City of Ontario Development Code, except as otherwise specifically provided within the West Haven Specific Plan text.

10.4 Applicability

The development regulations contained herein provide specific standards for land use development within the West Haven Specific Plan area. The adoption of the Specific Plan by ordinance, supersedes otherwise applicable City of Ontario Development Regulations unless stated herein to the contrary. Whenever the provisions and development standards contained herein conflict with those contained in the City of Ontario Development Code, the provisions of the West Haven Specific Plan shall take precedence. Where the Specific Plan is silent, City codes shall apply.

10.5 Administration

The West Haven Specific Plan is adopted by resolution and will serve as the implementation tool for the General Plan as well as the zoning for the Project Site. The Specific Plan addresses general provisions, permitted uses, development standards and design guidelines.

10.6 Methods of Interpretation

Development within the West Haven Specific Plan area shall be implemented through the approval of parcel maps and Tentative Tract maps by the City of Ontario. The administration process described below provides for the mechanisms for review and approval of development projects within the Specific Plan consistent with the Specific Plan objectives.

Unless otherwise provided, any ambiguity concerning the content or application of the West Haven Specific Plan shall be resolved by the Planning Director or his/her designee, hereinafter referred to as Director, in a manner consistent with the goals, policies, purpose and intent established in this Specific Plan.

10.7 Implementation

All development proposals within the West Haven Specific Plan shall be subject to the implementation procedures established herein. Whenever the provisions contained herein conflict with those contained in the City of Ontario Development Code, the provisions of the Specific Plan shall take precedence.

10.7.1 Development Agreement Required

Unless done in a coordinated matter and with adequate fiscal planning, development projects within the ~~New Model Colony~~ Ontario Ranch are likely to present a challenge in their implementation because of the lack of existing public facilities, including streets, sewerage, transportation, drinking water, school and utility facilities. California law has established a mechanism for ensuring the adequate provision of such facilities, while at the same time providing assurances to applicants that, upon approval of the project, the applicants can proceed with their projects. Approval of the Specific Plan without a development agree-

ment may result in a waste of resources, escalate the cost of housing to the consumer, and discourage investment in and commitment to comprehensive planning, as envisioned by the City, which seeks to make maximum efficient utilization of resources at the least economic cost to the public. Therefore, a statutory development agreement, authorized pursuant to California Government Code sections 65864 *et seq.*, shall be required as part of the approval of this Specific Plan. For the above-mentioned reasons, the development agreement for this Specific Plan shall include, among other things, methods for financing acquisition and construction of infrastructure, acquisition and development of adequate levels of parkland and schools, as well as the provision of adequate housing opportunities for various segments of the community consistent with the regional housing needs assessment. Such a development agreement shall have been fully approved before the issuance of the first building permit for this project.

10.7.2 Specific Plan Revisions

Revisions to the Specific Plan may be requested by the applicant or by the City at any time pursuant to Section 65453(a) of the Government Code. Revisions shall be processed pursuant to the provisions of the Government Code for the Specific Plan and the City of Ontario Development Code. In the event the proposed revision requires supplemental environmental analysis pursuant to the California Environmental Quality Act (CEQA), the applicant(s) are responsible for preparing the necessary CEQA documentation.

10.7.3 Minor Adjustments in Substantial Conformance with the Specific Plan

The purpose of the substantial conformance process is to provide a mechanism to allow flexibility in development of the Project Site by permitting minor modifications to the land use plan, project phasing, design guidelines and development regulations, with the exception of permitted uses. This procedure is intended to provide a simplified means of considering minor adjustments from certain development standards and guidelines set forth in the West Haven Specific Plan which are found to be in substantial conformance with the general intent of this Specific Plan and which are not detrimental to the public health, safety or welfare.

The following constitute minor adjustments to the Specific Plan, not requiring a Specific Plan Revision and are subject to review and approval by the Director. The Director shall have the discretion to refer any such request for modification to the Planning Commission or the City Council.

a. Change in utility and/or public service provider.
b. Roadway alignment when the changes results in a centerline shift of less than 40 feet.
c. An increase of more than ten percent (10%) to the number of units within an individual phase provided the total number of units for the entire Specific Plan area does not exceed that established in the Specific Plan.
d. Adjustment of architectural style, product type and lot sizes in any neighborhood, assuming the new architectural style, product type and lot sizes meet the policy goals of ~~the New Model Colony~~ Ontario Ranch , ***Design Guidelines*** in ***Section 8*** and ***Development Standards*** in ***Section 9***.
e. Adjustment of a phase boundary provided the total acreage of the affected phase area does not increase or decrease by more than 20% of the total stated in the approved Specific Plan.
f. Minor changes to landscape materials, wall materials, wall alignment, entry design and streetscape design which are consistent with the conceptual design set forth in the design guidelines contained with the Specific Plan.
g. Other modifications of a similar nature to those listed above, which are deemed minor by the Planning Director, which are in keeping with the purpose and intent of the approved Specific Plan and which are in conformance with the General Plan.

See ***Exhibit 10-1*** for the ***"Project Review and Approval Process Chart."***

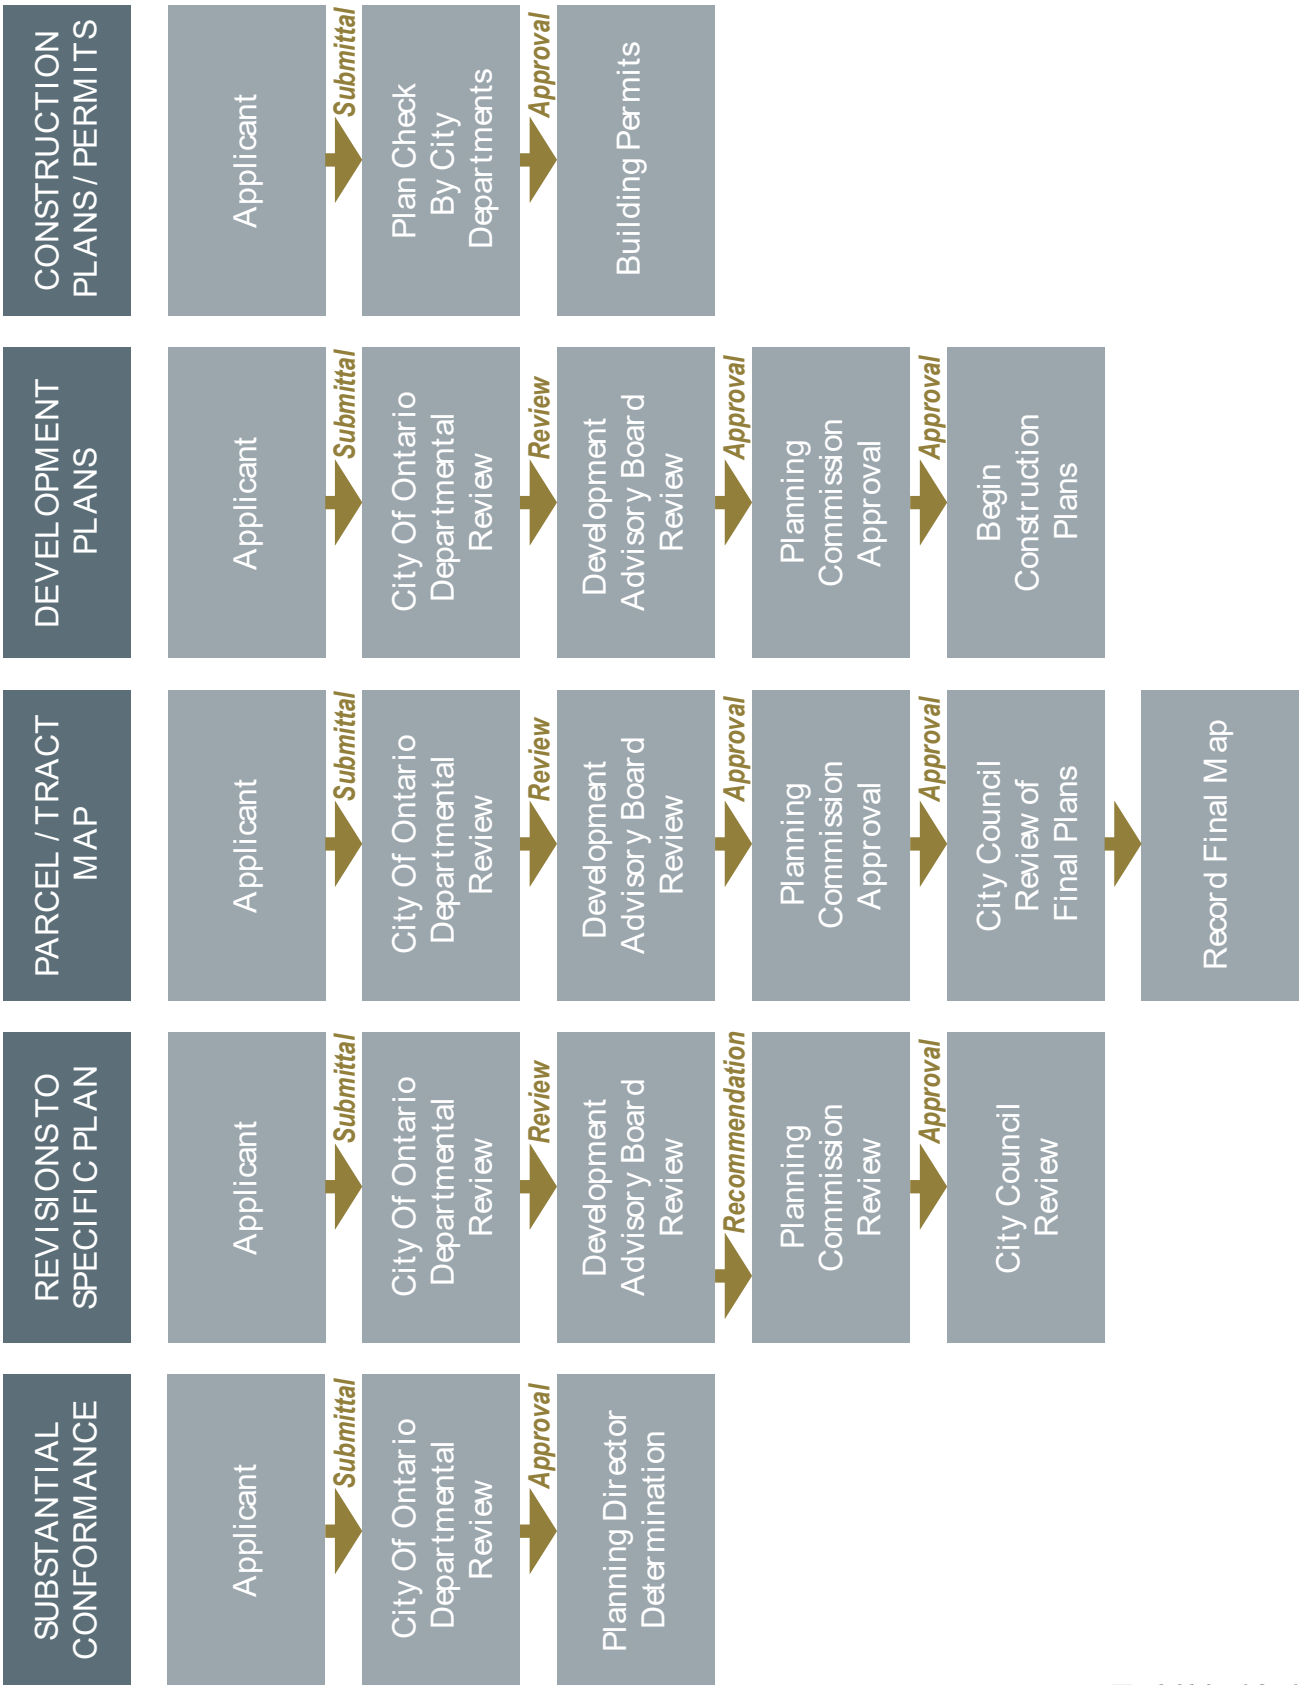

Exhibit 10-1: **PROJECT REVIEW AND APPROVAL PROCESS CHART**

10.7.4 Appeals

Appeals shall be processed consistent with the provisions of the City of Ontario Development Code.~~; Article 5, "Appeals."~~

10.7.5 Development Permits

All development within the Project Site shall be subject to the Development Plan Review Process ~~as~~ established ~~in Article 8 of~~ by the City of Ontario Development Code. Adoption of the West Haven Specific Plan by the City includes adoption of the design guidelines contained herein, which shall provide direction for the design of development projects within the Project Site. Where the Specific Plan design guidelines are silent, the applicable design guidelines contained within the City's Development Code shall apply. The design guidelines are intended to be flexible in nature while establishing basic evaluation criteria for the review by the City of developer projects during design review.

10.7.6 Subdivision Maps

Approval of one or more subdivision maps will occur concurrently with or subsequent to the adoption of the West Haven Specific Plan creating parcels for development. All future subdivision maps will be reviewed and approved pursuant to applicable provisions of the Subdivision Map Act, the City of Ontario Development Code and Subdivision Ordinance and consistent with the applicable provisions contained within the Specific Plan.

10.8 Maintenance Responsibilities

Improvements constructed within the West Haven Specific Plan will be maintained through a combination of City, Master Homeowners Association, Private Homeowners Association, Private (Homeowners/ Commercial Business Property Owners) and Utility Entities (SCE, SCG and Verizon) as listed on ***Table 10-2, "Maintenance Responsibility Matrix."***

A Master Home Owners Association (Master HOA), including all residential property owners, will be formed within the West Haven Specific Plan. ~~This Master HOA will be responsible for the maintenance of the Five (5) Acre Neighborhood Park (Planning Area 6).~~

During the course of maintenance of public utilities within private streets, the City will restore the streets per current City standards for trench backfill, pavement repair, and hardscaping or landscaping, as applicable. Restoration of any enhancements above and beyond City standards, including but not limited to architectural paving, hardscaping and landscaping enhancements shall be the responsibility of the HOA or other entity maintaining those enhancements. This applies to all areas where public utilities are located including but not limited to public and private streets, gated communities, alleys, etc.

10.9 Project Financing

The financing of construction, operation and maintenance of public improvements and facilities [the "facilities"], and public services will include funding through a combination of financing mechanisms. Final determination as to the facilities to be constructed and as to maintenance responsibilities – whether publicly or privately maintained, will be made prior to recordation of final maps. In order for the project to be fiscally self-sufficient, the following financing options can be considered for implementation:

Facilities and Services

- Private capital investment for the construction of the facilities
- Communities Facilities District (CFD) established pursuant to the Mello-Roos Community Facilities Act of 1982, or other special district, to provide funding for the construction of a variety of public facilities and the provision of public services.

Operation and Maintenance

- By individual private property owner.
- By private, Property Owners or Home Owners Associations.

- By *Community Facilities District* (CFD) established pursuant to the Mello-Roos Community Facilities District Act of 1982, or other special district.

City Council approval is a prerequisite for the implementation of any and all special district financing mechanisms. The use of the Mello-Roos Communities Facilities District Act of 1982 [the "Act"] to finance public facilities and services will be at the City's sole discretion. Moreover, the use of the Act must be consistent with the City's adopted goals and policies concerning the use of the Act.

	City CFD	Master Homeowners Association	Private Homeowners Association	Private Homeowners	Utility Entity
Master Plan Roadways (Riverside Drive, Chino Avenue, Haven Avenue, Turner Avenue)	X

GP Consistency Analysis to be updated with TOP Update

Appendix I
General Plan Consistency

California Government Code (Title 7, Division 1, Chapter 3, Article 8, Section 65450-65457) permits the adoption and administration of specific plans as an implementation tool for elements contained in the local general plan. Specific plans must demonstrate consistency in regulations, guidelines, and programs with the goals and policies set forth in the general plan.

The West Haven Specific Plan has been prepared in conformance with the goals and policies of the City of Ontario General Plan. The ***"City of Ontario New Model Colony Specific Plan Policy Matrix"*** which follows, describes the manner in which the Specific Plan complies with the General Plan.

Ontario Sphere of Influence
Specific Plan Policy Matrix

Following are policies from the Ontario SOI General Plan; they are intended to achieve the "vision" for the Sphere of Influence planning area as outlined in Chapter 2 of the SOI General Plan. The policy matrix is divided into five (5) parts, consisting of the five (5) elements of the SOI General Plan Amendment: I. Community Development; II Infrastructure; III Aesthetic, Cultural, Open Space, and Recreational Resources; IV Natural Resources and V Hazards. The following matrix is intended to determine the adequacy of the proposed Specific Plan in meeting the policies of the SOI General Plan. The checklist shall be completed and submitted with the Specific Plan application. Check if the Specific Plan fully complies or partially complies with each respective policy, or if not applicable. A complete explanation is required in instances whereby the proposed plan does not fully comply with a policy or if not applicable.

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
PART I: COMMUNITY DEVELOPMENT					
1.1 Role of Sphere of Influence General Plan					
1.1.1, 1.1.5	The proposed Specific Plan reflects the types, organization and distribution of land uses depicted on the Sphere of Influence General Plan Land Use Plan (Figure 3-5) and Development Capacity Table (Table 3-3). The Plan incorporates the minimum and does not exceed the maximum amount of development prescribed in Table 3-4 of the SOI General Plan, where applicable, including other uses such as greenways that are specified by the SOI General Plan policies, but not tabulated in Table 3-4	X		1 and 3	
Comments:					
1.1.4	The Proposed Specific Plan encompasses sub area boundaries designated on Figure 3-6 of the Sphere of Influence General Plan and sufficient land to constitute a significant portion of a distinct and cohesive neighborhood or district, as depicted on Figure 3-7 of the Sphere of Influence General Plan.	X		1 and 3	
Comments:					

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
Sub area boundaries may be modified on the basis of the following conditions (check all that apply if sub area boundaries are not entirely reflected by proposed Specific Plan): *Note adjustments to sub area boundaries shall be accompanied by an equivalent adjustment of the development capacity, maintaining the overall coverage densities depicted on the SOI General Plan Land Use Plan.*				
• to achieve unified districts and neighborhoods;	X	1		
• to account for defined market demands regarding the types and scale/acreage of development that should be accommodated;	X	1		
• to reflect the location of major roads, utility corridors and easements, flood control improvements, natural resource areas, and public properties;				X
• to reflect property subdivisions and ownerships; and	X	1		
• to consider appropriate infrastructure and public service phasing.	X	1		
Comments: *The West Haven boundary was not due to a reflection of the above item.*				
1.2 Structure and Organization of Land Use:				
1.2.1 The proposed Plan provides for integrated development of distinct residential neighborhoods and major regional serving activity centers and corridors that are differentiated by their functional role, uses, and character. Each is conceived as a uniquely identifiable place, rather than a fragment of a continuous/undifferentiated urban area.	X		1 and 3	
Comments:				
1.2.2 The Plan provides for a balance of land uses within each neighborhood and district in accordance with phasing policies of the SOI General Plan.	X		1 and 3	
Comments:				
1.2.3 The Plan links neighborhoods, centers, and corridors by transportation, utility, and greenways/open space networks. These may also be used to establish clear boundaries between distinct neighborhoods and/or centers.	X		1, 3, and 4	

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:				
1.2.4 The Plan includes major amenities that provide identity and enhances character including a large scale park ("Village Green"), lake / streams, and golf courses.				X
Comments: *The General Plan does not designate an area within the West Haven Specific Plan for a Village Green, lake/streams, or golf course.*				
1.2.5 The Plan includes an educational campus as the "centerpiece" of community identity and organization.				X
Comments: *The General Plan does not designate an area within the West Haven Specific Plan for an educational campus..*				
1.2.6 The Plan includes elements that provide linkages and continuity with uses abutting the Sphere of Influence, including:				
• continuity and linkage of transportation and utility infrastructure	X		3 and 4	
• continuity of street trees and landscaped median along Euclid Avenue				X
• Pedestrian linkages to residential areas north of Riverside Drive	X		3 and 4	
• continuity of commercial centers at the Riverside Drive/ Euclid Avenue and Riverside Drive/Milliken Avenue intersections; and	X		3 and 4	X
• relationship to existing and planned land uses on the west side of Euclid Avenue (City of Chino), north side of Riverside Drive (City of Ontario), and east side of Milliken Avenue (Riverside County)--by the use of complementary and/or transitional land uses and densities and streetscape improvements.	X		3 and 4	
Comments: *The West haven Specific Plan does not include Euclid Avenue or Milliken Avenue*				
1.2.7 The Specific Plan establishes clearly defined "edges" for the Sphere of Influence, including landscape setbacks, transitional densities, and other suitable techniques that avoid the use of walls and creation of "walled" enclave.	X		3 and 4	
Comments:				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.2.8	The Specific Plan includes measures to minimize potential impacts of environmental hazards including flooding, and noise. The Plan provides for the use of electrical, transmission corridors, flood channels, and similar elements to form "edges" for residential neighborhoods and centers and/ or accommodates public greenways / corridors.	X		3 and 4	
Comments:					
1.3	***Residential Neighborhoods***				
1.3.1	The Specific Plan accommodates single and multi-family housing, local serving commercial services (e.g., grocery stores, barber and beauty shops, small dining establishments, etc.), community and religious facilities, schools, parks, open spaces, and similar uses within "Residential Neighborhoods."	X		1 and 3	
Comments:					
1.3.2	The Specific Plan includes priority areas for executive housing as provided for in the SOI General Plan (refer to Figure 3-8, SOI General Plan). Of the target 500 acres of executive housing provided in the General Plan, 20% or 100 acres shall be provided in the areas north of Schaefer Avenue. The following standards must be met in establishing an area large enough to achieve a distinctive identity and critical mass for executive housing (check all that apply): • *Development with lots of 10,000 square feet or greater:* 80 contiguous acres minimum • *Development adjacent to a golf course:* 50 contiguous acres minimum • *Developments adjacent to a large open space, lake, park, or Village Green:* 20 contiguous acres minimum				*X*
Comments:	*The General Plan does not designate areas within West Haven for the above.*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.3.3	The Plan accommodates a mix of land uses and a diversity of housing types and parcel sizes within each "Residential Neighborhood" with each designed to create a unified and distinct character. Each neighborhood may incorporate one or more planning sub areas depicted in Figure 3-7 of the SOI General Plan. Refer to Figures 3-9 and 3-10 for examples on the use of Residential Neighborhoods.	X		1 and 3	
Comments:					
1.3.4	The Plan incorporates a focal point of activity and identity within each "Residential Neighborhood" that consolidates local serving retail and services, public meeting facilities, schools, parks, common areas (for community events, farmers markets, and other celebrations), religious facilities, and other pertinent uses.	X		1 and 3	
Comments:					
1.3.5	The Plan incorporates supporting recreational, educational, retail, cultural, and institutional uses within each "Residential Neighborhood" based on appropriate service standards. *To the extent feasible, these uses shall be integrated in "Neighborhood Centers"*	X		1 and 3	
Comments:					
1.3.6	The Plan includes provisions to increase residential densities and reduce block sizes adjacent to "Neighborhood Centers" and other key activity centers, as appropriate	X		1 and 3	
Comments:					
1.3.7	The Plan includes provisions for greenways for pedestrians and biking that links housing with parks, "Neighborhood Centers," amenities, and adjacent neighborhood and activity centers	X		3 and 4	
Comments:					
1.3.8	The Plan establishes clearly defined "edges" and "entries" that contribute to a distinct neighborhood identity (refer to Figures 3-11, 3-12, and 3-13 of the SOI General Plan)	X		3 and 4	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.4	***Housing Diversity/Quality***				
1.4.1	The Plan accommodates single and multi-family housing, parks, and open spaces in areas designated as "Residential-Low Density" by the SOI General Plan.	X		1 and 3	
Comments:					
1.4.2	The Plan provides for a variety of housing types to serve the needs of residents, including large lot, estate, executive, affordable, live / work housing.	X		1 and 3	
Comments:					
1.4.3	The Plan provides for an overall average density of 4.6 units per gross acre in areas designated as "Residential-Low Density" by the SOI General Plan Land Use Plan, within which a variety of parcel sizes and housing types area allowed. Densities may be varied throughout a planning sub area, as long as the average density is not exceeded.	X		1 and 3	
Comments:					
1.4.4	The Plan provides design standards emphasizing neighborhood livability, and socialization, through such elements as (*refer to Figures 3-7, 3-9 and 3-14, SOI General Plan*):			3 and 8	
•	Establishment of a pattern of blocks that promotes access and neighborhood activity, while maintaining safety;	X			
•	use of variable setbacks and parcel sizes to accommodate a diversity of housing unit types and respond to changing market conditions and resident needs;	X			
•	minimizing the width of streets to slow traffic and promote "intimacy," while maintaining acceptable fire protection and traffic flows;	X			
•	orientation of housing toward the street and reducing the visual and physical dominance of garages (introducing the street frontage as the "outdoor living room"); and	X			
•	use of extensively landscaped parkways, with sidewalks separated from the curb.	X			
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.4.5	The Plan includes standards to achieve variable residential densities and housing types along a block where appropriate (e.g., single family attached units placed adjacent to duplexes, which could be adjacent to townhomes).	X		3 and 8	
Comments:					
1.4.6	The Plan includes provisions for small clusters of multi-family housing (generally, of a maximum of 2 - 5 acres) within areas designated as "Residential-Low Density" by the SOI General Plan Land Use Plan, that are integrated within the overall pattern of residential development, avoiding large scale, segregated concentrations of high density uses (refer to Figures 3-9 and 3-10 - SOI General Plan)	X		3	
Comments:					
1.4.7	The Plan includes standards for multi-family housing in areas designated as "Residential Low Density" by the SOI General Plan Land Use Plan to convey a high level of visual quality and distinctive low density neighborhood including, but not limited to: • modulation of building volumes, masses, and heights and articulation of elevations to convey the sense of individual units or smaller structures (precluding "big stucco boxes"); • orientation of the building elevation and use of clear visual and physical linkages to the primary street frontage; • inclusion of visually well-defined entries that promote individual identity, while maintaining adequate security; • integration of balconies and stairways as distinctive architectural elements, rather than "appendages"; • inclusion of common open space and recreational facilities that are accessible to all residents (with requirements for on-going maintenance of these by residents); • use of landscaped setbacks along primary street frontages that maintains the predominant single family neighborhood character; and • linkage of the development with adjacent sites (avoiding "walled enclaves").	X		3, 8, and 9	

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:					
1.4.8	The proposed Plan includes provisions to avoid the use of walls to separate residential areas from arterial and other high traffic volume streets by the use of expanded landscaped setbacks, frontage roads with landscaped medians, natural drainage swales, and other appropriate techniques (refer to Figure 3-13, SOI General Plan). Where used, walls shall be attractively designed and landscaped and setbacks used to promote a high level of visual quality.	X		3, 8 and 9	
Comments:					
1.4.9	The Plan includes measures addressing all of the use and development restrictions as specified by Referral Areas A, B, and C, and Safety Zones I, II, and III, and of the adopted Chino Airport Comprehensive Land Use Plan. This includes prohibited land uses, interior noise levels, maximum persons per acre, avigation easements, and non-hazardous operations and materials. In addition, a noise impact notification area shall be implemented for all land uses within two miles of the Chino Airport. These measures are consistent with Federal Aviation Administration (FAA) rules, will help protect the long-term operation of the Chino Airport, and will prevent the kind of aircraft noise and other impacts created by flight patterns such as have been experienced by the City around the Ontario International Airport.				X
Comments:	*The West Haven Specific Plan is not located in the above Referral Zones, nor Safety Zones.*				
1.4.10	The proposed Plan includes provisions for the implementation of a Noise Impact Notification Area (NINA) and a requirement for avigation easements for all schools within two miles of the Chino Airport.				X
Comments:	*The West Haven Specific Plan is not within two miles of the Chino Airport*				
1.4.11	The Plan includes provisions requiring residential units to be set back from power transmission line easements in accordance with the California Department of Education's limits for locating school sites.				X
Comments:	*The City does not require residential units to be set back from power transmission lines in accordance with the California Department of Education's limits for locating schools.*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.5	***Neighborhood Centers***				
1.5.1	The proposed Plan accommodates local serving commercial (food and beverage sales, small retail shops, personal services, etc.), small restaurants, community/public meeting facilities, libraries, government facilities, cultural facilities, parks, schools (refer to Policy 1.6.1 below), religious facilities, public plazas and performance spaces, and similar uses in areas designated as "Neighborhood Center."	X		9	
Comments:					
1.5.2	The Plan accommodates multi-family housing and mixed use structures that incorporate housing units above ground level retail shops, offices, or community facilities, in areas designated as "Neighborhood Center" by the SOI General Plan Land Use Plan.				X
Comments:	*The West Haven Specific Plan does not incorporate the above. The New Model Colony General Plan does not designate an area within West Haven for Mixed Use.*				
Density/Intensity The Plan provides for the following densities/intensities for Neighborhood Centers (Policies 1.5.1 to 1.5.6):					
1.5.3	The Plan includes provisions insuring neighborhood centers contain 50,000 to 100,000 square feet of local serving commercial uses for each 3,500 to 4,000 residential units.	X		9	
Comments:					
1.5.4	The Plan includes provisions for the development of commercial and public uses at intensities that allow for the use of surface parking, generally at a maximum floor area ratio of 0.35:1.	X		9	
Comments:					
1.5.5	The Plan includes provisions for the development of multi-family housing at a maximum overall average density of 12 units per gross acre.	X		1 and 3	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.5.6	The Plan includes provisions for the development of mixed use structures at a maximum floor area ratio of 1.5:1.	X		9	
Comments:					
Design and Development Principles for Neighborhood Centers (policies 1.5.7 to 1.5.13):		X		8 and 9	
1.5.7	Provisions insuring "Neighborhood Centers" are designed and developed as pedestrian oriented "villages" including the following policies: (refer to Figures 3-10 and 3-16 - SOI General Plan) • integration of multiple uses into a cohesive place; • use of multiple building volumes, masses, and heights and extensively articulated facades; • siting of buildings around common pedestrian areas, plazas, and public open spaces; • development of public spaces that support casual gatherings, outdoor dining and retail, entertainment, artistic exhibitions and performances, community events, and similar functions; • establishment of a continuous or semi-continuous business frontage along pedestrian spaces and design of ground elevations to be "pedestrian-friendly" (extensive windows, projecting signage, lighting, etc.); • siting of a portion of development along the primary street frontage, with parking partially or fully screened by the buildings; • development of clearly defined walkways from parking areas (paving materials, landscape, signage, etc.); and • design of buildings and sites to complement adjacent low density residential areas.				
Comments:					
1.5.8	The Plan includes provisions insuring integration of public uses, such as community meeting rooms and auditoriums, with commercial uses in the designated "Neighborhood Centers".				X
Comments:	*The City has not indicated that such uses are to be integrated into the Neighborhood Center*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.5.9	The Plan includes provisions insuring linkages between multi-family residential development (single family attached, townhomes, or apartments) to "Neighborhood Centers". Include design standards insuring multi-family residential developments complement the "village" character in accordance with Policy 1.4.7.	X		3, 4 and 8	
Comments:					
1.5.10	The Plan includes provisions insuring "Neighborhood Centers" are developed as a low rise environment, 1 to 2 stories, except mixed use structures that may be developed to a maximum height of 3 stories.	X		8 and 9	
Comments:					
1.5.11	The Plan includes provisions to promote the consolidation of school campuses within or linked to "Neighborhood Centers" sharing common facilities such as play fields, gymnasiums, auditoriums, and other facilities, where feasible.				X
Comments:	*The elementary school location is not located adjacent to the Neighborhood Center.*				
1.5.12	The Plan includes provisions to Integrate public libraries and neighborhood parks with "Neighborhood Centers" and schools.		X	3	
Comments:	*The Neighborhood Park is adjacent to the school. The Neighborhood Center is not located adjacent to the Neighborhood Park or School.*				
1.5.13	The Plan includes provisions to link "Neighborhood Centers" with adjacent residential areas by the use of greenways, pedestrian walkways, and bicycle paths.	X		3 and 4	
Comments:					
1.6	***Schools***				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.6.1	The Plan includes provisions to accommodate the development of school administration, classrooms, athletic facilities, and supporting uses in areas designated as "Elementary," "Middle," and "High School" in addition to those accommodated in designated "Neighborhood Centers." *The number of schools depicted on the SOI General Plan Land Use Plan are based on the use of current (1997) school standards and may vary to reflect changes in these over the SOI's development period. Locations are conceptualized and may be varied, provided that the intent of the SOI General Plan policies for consolidation with parks, other schools, and community facilities are attained.*	X		1 and 3	
Comments:					
1.6.2	The Plan provides schools to meet resident needs in accordance with pertinent School District standards.	X		3 and 5	
Comments:					
1.6.3	The Plan meets the policy to distribute schools throughout the Sphere of Influence to promote accessibility from all "Residential Neighborhoods."	X		3 and 5	
Comments:					
1.6.4	The Plan includes provisions to promote the consolidation of school campuses sharing common facilities such as play fields, gymnasiums, auditoriums, and other facilities, where feasible.	X		3 and 5	
Comments:					
1.6.5	The Plan includes provisions to integrate public schools with other community-serving uses such as parks, libraries, public meeting rooms, day-care, and similar uses (see Figure 3-10 - SOI GPA).	X		3 and 5	
Comments:					
1.6.6	The Plan includes provisions to link the public schools with adjacent housing, parks, and other schools by a pedestrian greenways network (see Figure 3-10 – SOI GPA).	X		4,5 and 8	

Ontario Sphere of Influence
Specific Plan Policy Matrix

Following are policies from the Ontario SOI General Plan; they are intended to achieve the "vision" for the Sphere of Influence planning area as outlined in Chapter 2 of the SOI General Plan. The policy matrix is divided into five (5) parts, consisting of the five (5) elements of the SOI General Plan Amendment: I. Community Development; II Infrastructure; III Aesthetic, Cultural, Open Space, and Recreational Resources; IV Natural Resources and V Hazards. The following matrix is intended to determine the adequacy of the proposed Specific Plan in meeting the policies of the SOI General Plan. The checklist shall be completed and submitted with the Specific Plan application. Check if the Specific Plan fully complies or partially complies with each respective policy, or if not applicable. A complete explanation is required in instances whereby the proposed plan does not fully comply with a policy or if not applicable.

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
PART I: COMMUNITY DEVELOPMENT					
1.1 Role of Sphere of Influence General Plan					
1.1.1, 1.1.5	The proposed Specific Plan reflects the types, organization and distribution of land uses depicted on the Sphere of Influence General Plan Land Use Plan (Figure 3-5) and Development Capacity Table (Table 3-3). The Plan incorporates the minimum and does not exceed the maximum amount of development prescribed in Table 3-4 of the SOI General Plan, where applicable, including other uses such as greenways that are specified by the SOI General Plan policies, but not tabulated in Table 3-4	X		1 and 3	
Comments:					
1.1.4	The Proposed Specific Plan encompasses sub area boundaries designated on Figure 3-6 of the Sphere of Influence General Plan and sufficient land to constitute a significant portion of a distinct and cohesive neighborhood or district, as depicted on Figure 3-7 of the Sphere of Influence General Plan.	X		1 and 3	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
	Sub area boundaries may be modified on the basis of the following conditions (check all that apply if sub area boundaries are not entirely reflected by proposed Specific Plan): *Note adjustments to sub area boundaries shall be accompanied by an equivalent adjustment of the development capacity, maintaining the overall coverage densities depicted on the SOI General Plan Land Use Plan.*				
•	to achieve unified districts and neighborhoods;	X	1		
•	to account for defined market demands regarding the types and scale/acreage of development that should be accommodated;	X	1		
•	to reflect the location of major roads, utility corridors and easements, flood control improvements, natural resource areas, and public properties;				X
•	to reflect property subdivisions and ownerships; and	X	1		
•	to consider appropriate infrastructure and public service phasing.	X	1		
Comments:	*The West Haven boundary was not due to a reflection of the above item.*				
1.2	***Structure and Organization of Land Use:***				
1.2.1	The proposed Plan provides for integrated development of distinct residential neighborhoods and major regional serving activity centers and corridors that are differentiated by their functional role, uses, and character. Each is conceived as a uniquely identifiable place, rather than a fragment of a continuous/undifferentiated urban area.	X		1 and 3	
Comments:					
1.2.2	The Plan provides for a balance of land uses within each neighborhood and district in accordance with phasing policies of the SOI General Plan.	X		1 and 3	
Comments:					
1.2.3	The Plan links neighborhoods, centers, and corridors by transportation, utility, and greenways/open space networks. These may also be used to establish clear boundaries between distinct neighborhoods and/or centers.	X		1, 3, and 4	

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:				
1.2.4 The Plan includes major amenities that provide identity and enhances character including a large scale park ("Village Green"), lake / streams, and golf courses.				X
Comments: *The General Plan does not designate an area within the West Haven Specific Plan for a Village Green, lake/streams, or golf course.*				
1.2.5 The Plan includes an educational campus as the "centerpiece" of community identity and organization.				X
Comments: *The General Plan does not designate an area within the West Haven Specific Plan for an educational campus..*				
1.2.6 The Plan includes elements that provide linkages and continuity with uses abutting the Sphere of Influence, including:				
• continuity and linkage of transportation and utility infrastructure	X		3 and 4	
• continuity of street trees and landscaped median along Euclid Avenue				X
• Pedestrian linkages to residential areas north of Riverside Drive	X		3 and 4	
• continuity of commercial centers at the Riverside Drive/ Euclid Avenue and Riverside Drive/Milliken Avenue intersections; and	X		3 and 4	X
• relationship to existing and planned land uses on the west side of Euclid Avenue (City of Chino), north side of Riverside Drive (City of Ontario), and east side of Milliken Avenue (Riverside County)--by the use of complementary and/or transitional land uses and densities and streetscape improvements.	X		3 and 4	
Comments: *The West haven Specific Plan does not include Euclid Avenue or Milliken Avenue*				
1.2.7 The Specific Plan establishes clearly defined "edges" for the Sphere of Influence, including landscape setbacks, transitional densities, and other suitable techniques that avoid the use of walls and creation of "walled" enclave.	X		3 and 4	
Comments:				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.2.8	The Specific Plan includes measures to minimize potential impacts of environmental hazards including flooding, and noise. The Plan provides for the use of electrical, transmission corridors, flood channels, and similar elements to form "edges" for residential neighborhoods and centers and/ or accommodates public greenways / corridors.	X		3 and 4	
Comments:					
1.3	***Residential Neighborhoods***				
1.3.1	The Specific Plan accommodates single and multi-family housing, local serving commercial services (e.g., grocery stores, barber and beauty shops, small dining establishments, etc.), community and religious facilities, schools, parks, open spaces, and similar uses within "Residential Neighborhoods."	X		1 and 3	
Comments:					
1.3.2	The Specific Plan includes priority areas for executive housing as provided for in the SOI General Plan (refer to Figure 3-8, SOI General Plan). Of the target 500 acres of executive housing provided in the General Plan, 20% or 100 acres shall be provided in the areas north of Schaefer Avenue. The following standards must be met in establishing an area large enough to achieve a distinctive identity and critical mass for executive housing (check all that apply): • *Development with lots of 10,000 square feet or greater:* 80 contiguous acres minimum • *Development adjacent to a golf course:* 50 contiguous acres minimum • *Developments adjacent to a large open space, lake, park, or Village Green:* 20 contiguous acres minimum				*X*
Comments:	*The General Plan does not designate areas within West Haven for the above.*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.3.3	The Plan accommodates a mix of land uses and a diversity of housing types and parcel sizes within each "Residential Neighborhood" with each designed to create a unified and distinct character. Each neighborhood may incorporate one or more planning sub areas depicted in Figure 3-7 of the SOI General Plan. Refer to Figures 3-9 and 3-10 for examples on the use of Residential Neighborhoods.	X		1 and 3	
Comments:					
1.3.4	The Plan incorporates a focal point of activity and identity within each "Residential Neighborhood" that consolidates local serving retail and services, public meeting facilities, schools, parks, common areas (for community events, farmers markets, and other celebrations), religious facilities, and other pertinent uses.	X		1 and 3	
Comments:					
1.3.5	The Plan incorporates supporting recreational, educational, retail, cultural, and institutional uses within each "Residential Neighborhood" based on appropriate service standards. *To the extent feasible, these uses shall be integrated in "Neighborhood Centers"*	X		1 and 3	
Comments:					
1.3.6	The Plan includes provisions to increase residential densities and reduce block sizes adjacent to "Neighborhood Centers" and other key activity centers, as appropriate	X		1 and 3	
Comments:					
1.3.7	The Plan includes provisions for greenways for pedestrians and biking that links housing with parks, "Neighborhood Centers," amenities, and adjacent neighborhood and activity centers	X		3 and 4	
Comments:					
1.3.8	The Plan establishes clearly defined "edges" and "entries" that contribute to a distinct neighborhood identity (refer to Figures 3-11, 3-12, and 3-13 of the SOI General Plan)	X		3 and 4	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.4	***Housing Diversity/Quality***				
1.4.1	The Plan accommodates single and multi-family housing, parks, and open spaces in areas designated as "Residential-Low Density" by the SOI General Plan.	X		1 and 3	
Comments:					
1.4.2	The Plan provides for a variety of housing types to serve the needs of residents, including large lot, estate, executive, affordable, live / work housing.	X		1 and 3	
Comments:					
1.4.3	The Plan provides for an overall average density of 4.6 units per gross acre in areas designated as "Residential-Low Density" by the SOI General Plan Land Use Plan, within which a variety of parcel sizes and housing types area allowed. Densities may be varied throughout a planning sub area, as long as the average density is not exceeded.	X		1 and 3	
Comments:					
1.4.4	The Plan provides design standards emphasizing neighborhood livability, and socialization, through such elements as (*refer to Figures 3-7, 3-9 and 3-14, SOI General Plan*):			3 and 8	
•	Establishment of a pattern of blocks that promotes access and neighborhood activity, while maintaining safety;	X			
•	use of variable setbacks and parcel sizes to accommodate a diversity of housing unit types and respond to changing market conditions and resident needs;	X			
•	minimizing the width of streets to slow traffic and promote "intimacy," while maintaining acceptable fire protection and traffic flows;	X			
•	orientation of housing toward the street and reducing the visual and physical dominance of garages (introducing the street frontage as the "outdoor living room"); and	X			
•	use of extensively landscaped parkways, with sidewalks separated from the curb.	X			
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.4.5	The Plan includes standards to achieve variable residential densities and housing types along a block where appropriate (e.g., single family attached units placed adjacent to duplexes, which could be adjacent to townhomes).	X		3 and 8	
Comments:					
1.4.6	The Plan includes provisions for small clusters of multi-family housing (generally, of a maximum of 2 - 5 acres) within areas designated as "Residential-Low Density" by the SOI General Plan Land Use Plan, that are integrated within the overall pattern of residential development, avoiding large scale, segregated concentrations of high density uses (refer to Figures 3-9 and 3-10 - SOI General Plan)	X		3	
Comments:					
1.4.7	The Plan includes standards for multi-family housing in areas designated as "Residential Low Density" by the SOI General Plan Land Use Plan to convey a high level of visual quality and distinctive low density neighborhood including, but not limited to: • modulation of building volumes, masses, and heights and articulation of elevations to convey the sense of individual units or smaller structures (precluding "big stucco boxes"); • orientation of the building elevation and use of clear visual and physical linkages to the primary street frontage; • inclusion of visually well-defined entries that promote individual identity, while maintaining adequate security; • integration of balconies and stairways as distinctive architectural elements, rather than "appendages"; • inclusion of common open space and recreational facilities that are accessible to all residents (with requirements for on-going maintenance of these by residents); • use of landscaped setbacks along primary street frontages that maintains the predominant single family neighborhood character; and • linkage of the development with adjacent sites (avoiding "walled enclaves").	X		3, 8, and 9	

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:					
1.4.8	The proposed Plan includes provisions to avoid the use of walls to separate residential areas from arterial and other high traffic volume streets by the use of expanded landscaped setbacks, frontage roads with landscaped medians, natural drainage swales, and other appropriate techniques (refer to Figure 3-13, SOI General Plan). Where used, walls shall be attractively designed and landscaped and setbacks used to promote a high level of visual quality.	X		3, 8 and 9	
Comments:					
1.4.9	The Plan includes measures addressing all of the use and development restrictions as specified by Referral Areas A, B, and C, and Safety Zones I, II, and III, and of the adopted Chino Airport Comprehensive Land Use Plan. This includes prohibited land uses, interior noise levels, maximum persons per acre, avigation easements, and non-hazardous operations and materials. In addition, a noise impact notification area shall be implemented for all land uses within two miles of the Chino Airport. These measures are consistent with Federal Aviation Administration (FAA) rules, will help protect the long-term operation of the Chino Airport, and will prevent the kind of aircraft noise and other impacts created by flight patterns such as have been experienced by the City around the Ontario International Airport.				X
Comments:	*The West Haven Specific Plan is not located in the above Referral Zones, nor Safety Zones.*				
1.4.10	The proposed Plan includes provisions for the implementation of a Noise Impact Notification Area (NINA) and a requirement for avigation easements for all schools within two miles of the Chino Airport.				X
Comments:	*The West Haven Specific Plan is not within two miles of the Chino Airport*				
1.4.11	The Plan includes provisions requiring residential units to be set back from power transmission line easements in accordance with the California Department of Education's limits for locating school sites.				X
Comments:	*The City does not require residential units to be set back from power transmission lines in accordance with the California Department of Education's limits for locating schools.*				

Ontario Sphere of Influence
Specific Plan Policy Matrix

Following are policies from the Ontario SOI General Plan; they are intended to achieve the "vision" for the Sphere of Influence planning area as outlined in Chapter 2 of the SOI General Plan. The policy matrix is divided into five (5) parts, consisting of the five (5) elements of the SOI General Plan Amendment: I. Community Development; II Infrastructure; III Aesthetic, Cultural, Open Space, and Recreational Resources; IV Natural Resources and V Hazards. The following matrix is intended to determine the adequacy of the proposed Specific Plan in meeting the policies of the SOI General Plan. The checklist shall be completed and submitted with the Specific Plan application. Check if the Specific Plan fully complies or partially complies with each respective policy, or if not applicable. A complete explanation is required in instances whereby the proposed plan does not fully comply with a policy or if not applicable.

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
PART I: COMMUNITY DEVELOPMENT					
1.1 Role of Sphere of Influence General Plan					
1.1.1, 1.1.5	The proposed Specific Plan reflects the types, organization and distribution of land uses depicted on the Sphere of Influence General Plan Land Use Plan (Figure 3-5) and Development Capacity Table (Table 3-3). The Plan incorporates the minimum and does not exceed the maximum amount of development prescribed in Table 3-4 of the SOI General Plan, where applicable, including other uses such as greenways that are specified by the SOI General Plan policies, but not tabulated in Table 3-4	X		1 and 3	
Comments:					
1.1.4	The Proposed Specific Plan encompasses sub area boundaries designated on Figure 3-6 of the Sphere of Influence General Plan and sufficient land to constitute a significant portion of a distinct and cohesive neighborhood or district, as depicted on Figure 3-7 of the Sphere of Influence General Plan.	X		1 and 3	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
	Sub area boundaries may be modified on the basis of the following conditions (check all that apply if sub area boundaries are not entirely reflected by proposed Specific Plan): *Note adjustments to sub area boundaries shall be accompanied by an equivalent adjustment of the development capacity, maintaining the overall coverage densities depicted on the SOI General Plan Land Use Plan.*				
•	to achieve unified districts and neighborhoods;	X	1		
•	to account for defined market demands regarding the types and scale/acreage of development that should be accommodated;	X	1		
•	to reflect the location of major roads, utility corridors and easements, flood control improvements, natural resource areas, and public properties;				X
•	to reflect property subdivisions and ownerships; and	X	1		
•	to consider appropriate infrastructure and public service phasing.	X	1		
Comments:	*The West Haven boundary was not due to a reflection of the above item.*				
1.2	***Structure and Organization of Land Use:***				
1.2.1	The proposed Plan provides for integrated development of distinct residential neighborhoods and major regional serving activity centers and corridors that are differentiated by their functional role, uses, and character. Each is conceived as a uniquely identifiable place, rather than a fragment of a continuous/undifferentiated urban area.	X		1 and 3	
Comments:					
1.2.2	The Plan provides for a balance of land uses within each neighborhood and district in accordance with phasing policies of the SOI General Plan.	X		1 and 3	
Comments:					
1.2.3	The Plan links neighborhoods, centers, and corridors by transportation, utility, and greenways/open space networks. These may also be used to establish clear boundaries between distinct neighborhoods and/or centers.	X		1, 3, and 4	

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:				
1.2.4 The Plan includes major amenities that provide identity and enhances character including a large scale park ("Village Green"), lake / streams, and golf courses.				X
Comments: *The General Plan does not designate an area within the West Haven Specific Plan for a Village Green, lake/streams, or golf course.*				
1.2.5 The Plan includes an educational campus as the "centerpiece" of community identity and organization.				X
Comments: *The General Plan does not designate an area within the West Haven Specific Plan for an educational campus..*				
1.2.6 The Plan includes elements that provide linkages and continuity with uses abutting the Sphere of Influence, including:				
• continuity and linkage of transportation and utility infrastructure	X		3 and 4	
• continuity of street trees and landscaped median along Euclid Avenue				X
• Pedestrian linkages to residential areas north of Riverside Drive	X		3 and 4	
• continuity of commercial centers at the Riverside Drive/ Euclid Avenue and Riverside Drive/Milliken Avenue intersections; and	X		3 and 4	X
• relationship to existing and planned land uses on the west side of Euclid Avenue (City of Chino), north side of Riverside Drive (City of Ontario), and east side of Milliken Avenue (Riverside County)--by the use of complementary and/or transitional land uses and densities and streetscape improvements.	X		3 and 4	
Comments: *The West haven Specific Plan does not include Euclid Avenue or Milliken Avenue*				
1.2.7 The Specific Plan establishes clearly defined "edges" for the Sphere of Influence, including landscape setbacks, transitional densities, and other suitable techniques that avoid the use of walls and creation of "walled" enclave.	X		3 and 4	
Comments:				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.2.8	The Specific Plan includes measures to minimize potential impacts of environmental hazards including flooding, and noise. The Plan provides for the use of electrical, transmission corridors, flood channels, and similar elements to form "edges" for residential neighborhoods and centers and/ or accommodates public greenways / corridors.	X		3 and 4	
Comments:					
1.3	***Residential Neighborhoods***				
1.3.1	The Specific Plan accommodates single and multi-family housing, local serving commercial services (e.g., grocery stores, barber and beauty shops, small dining establishments, etc.), community and religious facilities, schools, parks, open spaces, and similar uses within "Residential Neighborhoods."	X		1 and 3	
Comments:					
1.3.2	The Specific Plan includes priority areas for executive housing as provided for in the SOI General Plan (refer to Figure 3-8, SOI General Plan). Of the target 500 acres of executive housing provided in the General Plan, 20% or 100 acres shall be provided in the areas north of Schaefer Avenue. The following standards must be met in establishing an area large enough to achieve a distinctive identity and critical mass for executive housing (check all that apply): • *Development with lots of 10,000 square feet or greater:* 80 contiguous acres minimum • *Development adjacent to a golf course:* 50 contiguous acres minimum • *Developments adjacent to a large open space, lake, park, or Village Green:* 20 contiguous acres minimum				*X*
Comments:	*The General Plan does not designate areas within West Haven for the above.*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.3.3	The Plan accommodates a mix of land uses and a diversity of housing types and parcel sizes within each "Residential Neighborhood" with each designed to create a unified and distinct character. Each neighborhood may incorporate one or more planning sub areas depicted in Figure 3-7 of the SOI General Plan. Refer to Figures 3-9 and 3-10 for examples on the use of Residential Neighborhoods.	X		1 and 3	
Comments:					
1.3.4	The Plan incorporates a focal point of activity and identity within each "Residential Neighborhood" that consolidates local serving retail and services, public meeting facilities, schools, parks, common areas (for community events, farmers markets, and other celebrations), religious facilities, and other pertinent uses.	X		1 and 3	
Comments:					
1.3.5	The Plan incorporates supporting recreational, educational, retail, cultural, and institutional uses within each "Residential Neighborhood" based on appropriate service standards. *To the extent feasible, these uses shall be integrated in "Neighborhood Centers"*	X		1 and 3	
Comments:					
1.3.6	The Plan includes provisions to increase residential densities and reduce block sizes adjacent to "Neighborhood Centers" and other key activity centers, as appropriate	X		1 and 3	
Comments:					
1.3.7	The Plan includes provisions for greenways for pedestrians and biking that links housing with parks, "Neighborhood Centers," amenities, and adjacent neighborhood and activity centers	X		3 and 4	
Comments:					
1.3.8	The Plan establishes clearly defined "edges" and "entries" that contribute to a distinct neighborhood identity (refer to Figures 3-11, 3-12, and 3-13 of the SOI General Plan)	X		3 and 4	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.4	***Housing Diversity/Quality***				
1.4.1	The Plan accommodates single and multi-family housing, parks, and open spaces in areas designated as "Residential-Low Density" by the SOI General Plan.	X		1 and 3	
Comments:					
1.4.2	The Plan provides for a variety of housing types to serve the needs of residents, including large lot, estate, executive, affordable, live / work housing.	X		1 and 3	
Comments:					
1.4.3	The Plan provides for an overall average density of 4.6 units per gross acre in areas designated as "Residential-Low Density" by the SOI General Plan Land Use Plan, within which a variety of parcel sizes and housing types area allowed. Densities may be varied throughout a planning sub area, as long as the average density is not exceeded.	X		1 and 3	
Comments:					
1.4.4	The Plan provides design standards emphasizing neighborhood livability, and socialization, through such elements as (*refer to Figures 3-7, 3-9 and 3-14, SOI General Plan*):			3 and 8	
•	Establishment of a pattern of blocks that promotes access and neighborhood activity, while maintaining safety;	X			
•	use of variable setbacks and parcel sizes to accommodate a diversity of housing unit types and respond to changing market conditions and resident needs;	X			
•	minimizing the width of streets to slow traffic and promote "intimacy," while maintaining acceptable fire protection and traffic flows;	X			
•	orientation of housing toward the street and reducing the visual and physical dominance of garages (introducing the street frontage as the "outdoor living room"); and	X			
•	use of extensively landscaped parkways, with sidewalks separated from the curb.	X			
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.4.5	The Plan includes standards to achieve variable residential densities and housing types along a block where appropriate (e.g., single family attached units placed adjacent to duplexes, which could be adjacent to townhomes).	X		3 and 8	
Comments:					
1.4.6	The Plan includes provisions for small clusters of multi-family housing (generally, of a maximum of 2 - 5 acres) within areas designated as "Residential-Low Density" by the SOI General Plan Land Use Plan, that are integrated within the overall pattern of residential development, avoiding large scale, segregated concentrations of high density uses (refer to Figures 3-9 and 3-10 - SOI General Plan)	X		3	
Comments:					
1.4.7	The Plan includes standards for multi-family housing in areas designated as "Residential Low Density" by the SOI General Plan Land Use Plan to convey a high level of visual quality and distinctive low density neighborhood including, but not limited to: • modulation of building volumes, masses, and heights and articulation of elevations to convey the sense of individual units or smaller structures (precluding "big stucco boxes"); • orientation of the building elevation and use of clear visual and physical linkages to the primary street frontage; • inclusion of visually well-defined entries that promote individual identity, while maintaining adequate security; • integration of balconies and stairways as distinctive architectural elements, rather than "appendages"; • inclusion of common open space and recreational facilities that are accessible to all residents (with requirements for on-going maintenance of these by residents); • use of landscaped setbacks along primary street frontages that maintains the predominant single family neighborhood character; and • linkage of the development with adjacent sites (avoiding "walled enclaves").	X		3, 8, and 9	

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.5 Neighborhood Centers					
1.5.1	The proposed Plan accommodates local serving commercial (food and beverage sales, small retail shops, personal services, etc.), small restaurants, community/public meeting facilities, libraries, government facilities, cultural facilities, parks, schools (refer to Policy 1.6.1 below), religious facilities, public plazas and performance spaces, and similar uses in areas designated as "Neighborhood Center."	X		9	
Comments:					
1.5.2	The Plan accommodates multi-family housing and mixed use structures that incorporate housing units above ground level retail shops, offices, or community facilities, in areas designated as "Neighborhood Center" by the SOI General Plan Land Use Plan.				X
Comments:	*The West Haven Specific Plan does not incorporate the above. The New Model Colony General Plan does not designate an area within West Haven for Mixed Use.*				
Density/Intensity The Plan provides for the following densities/intensities for Neighborhood Centers (Policies 1.5.1 to 1.5.6):					
1.5.3	The Plan includes provisions insuring neighborhood centers contain 50,000 to 100,000 square feet of local serving commercial uses for each 3,500 to 4,000 residential units.	X		9	
Comments:					
1.5.4	The Plan includes provisions for the development of commercial and public uses at intensities that allow for the use of surface parking, generally at a maximum floor area ratio of 0.35:1.	X		9	
Comments:					
1.5.5	The Plan includes provisions for the development of multi-family housing at a maximum overall average density of 12 units per gross acre.	X		1 and 3	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.5 Neighborhood Centers					
1.5.1	The proposed Plan accommodates local serving commercial (food and beverage sales, small retail shops, personal services, etc.), small restaurants, community/public meeting facilities, libraries, government facilities, cultural facilities, parks, schools (refer to Policy 1.6.1 below), religious facilities, public plazas and performance spaces, and similar uses in areas designated as "Neighborhood Center."	X		9	
Comments:					
1.5.2	The Plan accommodates multi-family housing and mixed use structures that incorporate housing units above ground level retail shops, offices, or community facilities, in areas designated as "Neighborhood Center" by the SOI General Plan Land Use Plan.				X
Comments:	*The West Haven Specific Plan does not incorporate the above. The New Model Colony General Plan does not designate an area within West Haven for Mixed Use.*				
Density/Intensity The Plan provides for the following densities/intensities for Neighborhood Centers (Policies 1.5.1 to 1.5.6):					
1.5.3	The Plan includes provisions insuring neighborhood centers contain 50,000 to 100,000 square feet of local serving commercial uses for each 3,500 to 4,000 residential units.	X		9	
Comments:					
1.5.4	The Plan includes provisions for the development of commercial and public uses at intensities that allow for the use of surface parking, generally at a maximum floor area ratio of 0.35:1.	X		9	
Comments:					
1.5.5	The Plan includes provisions for the development of multi-family housing at a maximum overall average density of 12 units per gross acre.	X		1 and 3	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.5.6	The Plan includes provisions for the development of mixed use structures at a maximum floor area ratio of 1.5:1.	X		9	
Comments:					
Design and Development Principles for Neighborhood Centers (policies 1.5.7 to 1.5.13):		X		8 and 9	
1.5.7	Provisions insuring "Neighborhood Centers" are designed and developed as pedestrian oriented "villages" including the following policies: (refer to Figures 3-10 and 3-16 - SOI General Plan) • integration of multiple uses into a cohesive place; • use of multiple building volumes, masses, and heights and extensively articulated facades; • siting of buildings around common pedestrian areas, plazas, and public open spaces; • development of public spaces that support casual gatherings, outdoor dining and retail, entertainment, artistic exhibitions and performances, community events, and similar functions; • establishment of a continuous or semi-continuous business frontage along pedestrian spaces and design of ground elevations to be "pedestrian-friendly" (extensive windows, projecting signage, lighting, etc.); • siting of a portion of development along the primary street frontage, with parking partially or fully screened by the buildings; • development of clearly defined walkways from parking areas (paving materials, landscape, signage, etc.); and • design of buildings and sites to complement adjacent low density residential areas.				
Comments:					
1.5.8	The Plan includes provisions insuring integration of public uses, such as community meeting rooms and auditoriums, with commercial uses in the designated "Neighborhood Centers".				X
Comments:	*The City has not indicated that such uses are to be integrated into the Neighborhood Center*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.5.9	The Plan includes provisions insuring linkages between multi-family residential development (single family attached, townhomes, or apartments) to "Neighborhood Centers". Include design standards insuring multi-family residential developments complement the "village" character in accordance with Policy 1.4.7.	X		3, 4 and 8	
Comments:					
1.5.10	The Plan includes provisions insuring "Neighborhood Centers" are developed as a low rise environment, 1 to 2 stories, except mixed use structures that may be developed to a maximum height of 3 stories.	X		8 and 9	
Comments:					
1.5.11	The Plan includes provisions to promote the consolidation of school campuses within or linked to "Neighborhood Centers" sharing common facilities such as play fields, gymnasiums, auditoriums, and other facilities, where feasible.				X
Comments:	*The elementary school location is not located adjacent to the Neighborhood Center.*				
1.5.12	The Plan includes provisions to Integrate public libraries and neighborhood parks with "Neighborhood Centers" and schools.		X	3	
Comments:	*The Neighborhood Park is adjacent to the school. The Neighborhood Center is not located adjacent to the Neighborhood Park or School.*				
1.5.13	The Plan includes provisions to link "Neighborhood Centers" with adjacent residential areas by the use of greenways, pedestrian walkways, and bicycle paths.	X		3 and 4	
Comments:					
1.6	***Schools***				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.6.1	The Plan includes provisions to accommodate the development of school administration, classrooms, athletic facilities, and supporting uses in areas designated as "Elementary," "Middle," and "High School" in addition to those accommodated in designated "Neighborhood Centers." *The number of schools depicted on the SOI General Plan Land Use Plan are based on the use of current (1997) school standards and may vary to reflect changes in these over the SOI's development period. Locations are conceptualized and may be varied, provided that the intent of the SOI General Plan policies for consolidation with parks, other schools, and community facilities are attained.*	X		1 and 3	
Comments:					
1.6.2	The Plan provides schools to meet resident needs in accordance with pertinent School District standards.	X		3 and 5	
Comments:					
1.6.3	The Plan meets the policy to distribute schools throughout the Sphere of Influence to promote accessibility from all "Residential Neighborhoods."	X		3 and 5	
Comments:					
1.6.4	The Plan includes provisions to promote the consolidation of school campuses sharing common facilities such as play fields, gymnasiums, auditoriums, and other facilities, where feasible.	X		3 and 5	
Comments:					
1.6.5	The Plan includes provisions to integrate public schools with other community-serving uses such as parks, libraries, public meeting rooms, day-care, and similar uses **(see Figure 3-10 - SOI GPA)**.	X		3 and 5	
Comments:					
1.6.6	The Plan includes provisions to link the public schools with adjacent housing, parks, and other schools by a pedestrian greenways network (see **Figure 3-10 – SOI GPA**).	X		4,5 and 8	

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:					
1.6.7	The Plan includes provisions requiring educational facilities to be set back from power transmission line easements in accordance with the California Department of Education's limits for locating school sites.	X		3	
1.7	***Multi-Family Residential Corridors and Centers***				
1.7.1	The Plan accommodates multi-family residential units (small lot detached, single family attached, townhomes, and apartments) in areas designated as "Residential-Medium Density" and "Residential-High Density" by the SOI General Plan Land Use Plan.	X		1 and 3	
Comments:					
1.7.2	The Plan requires the inclusion of sufficient on-site recreational amenities in higher density developments to meet resident needs.	X		3, 8 and 9	
Comments:					
1.7.3	The Plan encourages the inclusion of community-oriented uses such as public meeting rooms, plazas/courtyards, day-care facilities, and similar uses. These may be developed as single purpose buildings or incorporated with residential uses.	X		9	
Comments:					
1.7.4	The Plan accommodates an overall average density of 12 units per gross acre in areas designated as "Residential Medium Density" and 18 units per gross acre in areas designated as "Residential-High Density" by the SOI General Plan, within which a variety of parcel sizes and housing types would be allowed. Densities may be varied throughout a planning sub area, as long as the average density is not exceeded.	X		1 and 3	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.7.5	The Plan includes provisions to establish visual and physical linkages among individually developed multi-family sites to create a cohesive and continuous corridor, rather than independent "islands." This may be achieved through the fronting of buildings adjacent or in immediate proximity to the street, use of a consistent landscaped setback incorporating common street trees or other vegetation, minimization of side property setbacks to achieve building continuity (a common "building wall") along the street frontage, location of all parking to the rear of street-facing buildings, use of interconnecting pedestrian walkways, and similar techniques (see Figure 3-17 in the SOI GPA).	X		3,8 and 9	
Comments:					
1.7.6	The Plan includes standards and guidelines to promote visual interest in the design of building elevations in accordance with Policy 1.4.7 (except for the use of extensive landscaped setbacks).	X		8	
Comments:					
1.7.7	The Plan includes provisions to link community serving facilities in multi-family corridors with adjacent residential neighborhoods.	X		3 and 8	
Comments:					
1.7.8	The Plan includes provisions insuring sidewalks are developed in multi-family corridors as per City Standards to facilitate and be attractive for pedestrian activity.	X		3,4 and 8	
Comments:					
1.7.9	The Plan includes provisions requiring residential units be set back from power transmission line easements in accordance with the California Department of Education's limits for locating school sites.				X
Comments:	*The City does not have a requirement that units be setback from power transmission line easements in accordance with the above.*				
1.8	***Town Center***				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.8.1	The Plan includes provisions for the development of retail, commercial, professional offices, entertainment, art galleries, dining establishments, hotels, and similar uses in areas designated as "Town Center" by the SOI General Plan Land Use Plan.				X
Comments:	*The General Plan does not designate the West Haven Specific Plan for a Town Center.*				
1.8.2	The Plan includes provisions requiring integration of multi-family housing (townhomes and apartments) with retail, office, and other uses within the Town Center.				X
Comments:	*The General Plan does not designate the West Haven Specific Plan for a Town Center.*				
1.8.3	The Plan includes provisions for mixed-use buildings that integrate housing with retail commercial, office, and similar uses and special housing types (e.g., artist live/work facilities and home occupations) within the Town Center.				X
Comments:	*The General Plan does not designate the West Haven Specific Plan for a Town Center.*				
1.8.4	The Plan includes provisions for government office, cultural uses (libraries, museums, performance venues, etc.), religious facilities, schools, recreational facilities, multi-modal transportation hub, and similar public and quasi-public uses, within the Town Center area.				X
Comments:	*The General Plan does not designate the West Haven Specific Plan for a Town Center.*				
1.8.5	The Plan includes provisions for community meeting rooms, day-care facilities, and public and private plazas, courtyards, and open spaces within the Town Center area.				X
Comments:	*The General Plan does not designate the West Haven Specific Plan for a Town Center.*				
1.8.6	The Plan accommodates development within the Town Center at building heights, generally, of 1 to 3 stories and a maximum floor area ratio of 0.5, except for mixed use structures that integrate housing with retail, office, public, and other uses that may be developed up to four stories and a floor area ratio of 2.0:1.				X
Comments:	*The General Plan does not designate the West Haven Specific Plan for a Town Center.*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.8.7	The Plan accommodates free-standing residential uses at a maximum overall average density of 18 units per gross acre.	X		3	
Comments:					
1.8.8	The Plan includes standards to integrate development of individual parcels to create a cohesive pedestrian oriented center. The following design considerations are included (as illustrated by Figures 3-18 and 3-19 of the SOI GPA): • integration of multiple buildings and uses into a cohesive development pattern; • siting of buildings to create a common/semi-continuous "building wall" directly fronting sidewalks, plazas, and other open spaces—areas may be excepted to incorporate courtyards and corridors; • location of parking to the rear of street facing structures, subterranean, or in structures; • use of multiple building volumes, masses, heights, and highly articulated facades to promote visual interest and convey the sense of individual storefronts/businesses; • use of vertical setbacks above the second level to reduce visual impacts along sidewalks and street frontages; • design of the ground floor of structures along the street frontage of commercial and mixed use buildings to enhance pedestrian activity (extensive windows, clearly defined entries, modulation of facades, outdoor patios and seating, etc.) (as illustrated by Figures 3-20, 3-21, and 3-22 of the SOI GPA); • integration of consistent and well-designed building and public signage; • develop sidewalks and other public spaces to support casual gatherings, outdoor dining and retail, entertainment, arts exhibitions and performances, community events, and similar functions; and • incorporate streetscape amenities along the street frontages (benches, trees, planters, decorative paving, pedestrian oriented signage and lighting, trash receptacles, fountains, information kiosks, telephones, news racks, banners, public art, and similar elements).	X		3,4, and 8	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.8.9	The Plan incorporates at least one major public plaza/square as a centerpiece of community activity and identity of sufficient size to accommodate events and celebrations, outdoor performances, community meetings, picnics, farmers markets, and similar functions.	X		3	
Comments:					
1.8.10	The Plan includes provisions to consolidate parking facilities, with retail uses located along the street frontage.	X		8 and 9	
1.8.11	The Plan includes standards to site and design multi-family housing to create a cohesive and continuous corridor, rather than independent "islands" in accordance with Policy 1.7.5; and promote a high quality of design in accordance with Policy 1.4.7 (except for the use of extensive landscaped setbacks).	X		3,8 and 9	
Comments:					
1.8.12	The Plan includes provisions to integrate a diversity of housing types within any block rather than a singular type (e.g., duplexes, townhomes, and courtyard units).	X		3 and 8	
Comments:					
1.8.13	The Plan includes provisions to integrate public meeting facilities and other community services with retail and other high activity uses.	X		3, 8 and 9	
Comments:					
1.8.14	The design of internal local streets emphasizes pedestrian activity (15' plus width sidewalks) and reduces traffic speed using such techniques as reduced width, angled parking, landscaped "pullouts"/ chokers, or traffic circles.	X		4	
Comments:					
1.8.15	The Plan includes provisions to establish clearly defined "entries" to the Town Center, including the use of signage, art (banners, sculptures, etc.) landscape, fountains, lighting, building massing, and other techniques.				X

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:	*The General Plan does not designate West Haven for Town Center uses.*				
1.8.16	The Plan establishes pedestrian, bicycle, greenways, and other corridors that link the Town Center with adjacent "Residential Neighborhoods" and, if developed, educational campus.				X
Comments:	*The General Plan does not designate West Haven for Town Center uses.*				
1.9	***Regional Centers***				
1.9.1	The Plan accommodates regional serving retail commercial, professional offices, entertainment, dining, hotel/motel, conference facilities, hospitals and supporting medical offices, research laboratories, and facilities, financial institutions, sports stadiums/arenas and facilities, and similar uses.				X
Comments:	*The General Plan does not designate West Haven for the above uses.*				
1.9.2	The Plan accommodates multi-family housing, mixed uses that incorporate housing and retail/offices, and live/work facilities that is integrated with other regional serving uses.				X
Comments:	*The General Plan does not designate West Haven for the above uses.*				
1.9.3	The Plan encourages the inclusion of community meeting rooms, day-care, and other public facilities.	X		9	
Comments:					
1.9.4	The Plan accommodates buildings at a height of 1 to 3 stories, with 4 stories allowed for mixed use structures. This would accommodate a maximum floor area ratio of 0.5:1 for commercial/office uses and 2.0:1 for mixed use buildings. Sports stadium/arena, hotel/conference facilities, and other "specialty" uses may require additional height.				X
Comments:	*The General Plan does not designate West Haven for commercial or office uses.*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.9.5	The Plan accommodates free-standing multi-family residential uses at an overall average density of 18 units per gross acre.	X		3 and 9	
1.9.6	The Plan includes provisions to integrate development of individual parcels to create a cohesive center, which considers the (see Figure 3-16, SOI General Plan): • development of sidewalks, plazas, and other public spaces around which individual buildings and businesses are grouped and incorporate pedestrian oriented amenities (benches, public art, fountains, pedestrian scaled lighting and signage, and similar); • inclusion of one or more public "square" to serve as a gathering place for public activity and events; • use of modulated building volumes, masses, and heights and articulated facades to create the sense of individual businesses, rather than undifferentiated "boxes"; • integration of consistent and well-designed building and public signage; • siting of a portion of buildings on the site's peripheral streets to provide identity and connectivity with adjacent uses; • inclusion of sidewalks of sufficient width to accommodate pedestrian activity and outdoor restaurants, news stands, and other uses; • opening of the street and sidewalk/plaza facing building elevations to promote visual interest and pedestrian activity (extensive windows, clearly defined entries, and so on); • extensive use of landscape to enhance the environmental character; and • design of parking structures to be visually integrated with and continue the principal design character of commercial buildings.				X
Comments:	*The General Plan does not designate West Haven for commercial or office uses.*				
1.9.8	The Plan includes provisions to link Regional Centers with surrounding residential neighborhoods and centers through the street and highway network, distinctively paved pedestrian walkways and crosswalks, common "palette" of street trees and landscape and street furniture, well designed signage, and similar elements.	X		4,8 and 9	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.10	***Community Centers***				
1.10.1	The Plan accommodates large scale retail commercial (e.g., garden supply, furniture warehouses, discount retail, "big box," and similar uses), professional offices, entertainment, dining, hotel and conference facilities, and similar uses in areas designated as "Community Commercial" by the SOI General Plan.				X
Comments:	*The General Plan does not designate West Haven for Community Commercial uses.*				
1.10.2	The Plan accommodates multi-family housing and live/work facilities that is integrated with other region serving uses.	X		3	
Comments:					
1.10.3	The Plan accommodates a community center of approximately 150,000 to 225,000 square feet of commercial uses for each 9,000 to 15,000 residents.				X
Comments:	*The General Plan does not designate West Haven for Community Commercial uses.*				
1.10.4	The Plan includes provisions limiting buildings to 1 to 2 stories and a maximum floor area ratio of 0.35:1 with surface parking.				X
Comments:	*The General Plan does not designate West Haven for Community Commercial uses.*				
1.10.5	The Plan includes provisions to accommodate free-standing residential uses at an overall average density of 18 units per gross acre.	X		3	
Comments:					
1.10.6	The Plan includes provisions to integrate development of individual parcels to create a cohesive center considering the design and development principles defined by Policy 1.9.6.				X
Comments:	*The General Plan does not designate West Haven for Community Commercial uses.*				
1.10.7	The Plan includes provisions to site and design development of multi-family housing to convey a high level of visual quality in accordance with Policy 1.4.7.	X		3, 8 and 9	

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:					
1.10.8	The Plan includes provisions to link Community Centers with surrounding residential neighborhoods and centers through the street and highway network, distinctively paved pedestrian walkways and crosswalks, common "palette" of street trees and landscape and street furniture, well designed signage, and similar elements.				X
Comments:	*The General Plan does not designate West Haven for Community Commercial uses.*				
1.11	***Educational Campus***				
1.11.1	The Plan accommodates educational, administrative, academic, vocational, medical, research, athletic, student housing, services, cultural (library, museum, performance, etc.), and other supporting uses.	X		3 and 5	
Comments:					
1.11.2	The Plan includes research and educational uses that reflect the agricultural history of the Sphere of Influence and promotes water fowl habitat restoration and management.	X		3 and 5	
Comments:					
1.11.3	The Plan includes provisions for public meeting rooms, auditoriums, concert facilities, museums, libraries, and recreational facilities (e.g., sports fields) that are accessible to and serve adjacent residential neighborhoods.	X		3 and 4	
Comments:					
1.11.4	The Plan includes provisions to site and design development to convey a "campus" environment including the clustering of buildings on common plazas and courtyards, linkage of all areas by walkways, and extensive use of landscape.				X
Comments:	*The General Plan does not designate the West Haven project site for an Educational Campus.*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.11.5	The Plan includes provisions to site buildings and design the campus to promote continuity with the development fabric of the adjacent Town Center and business parks (e.g., continuity of a "Main Street" and overall street pattern, location of administrative offices as a visual terminus for the Town Center, continuity of greenways, etc.). Avoid the establishment of a isolated, "walled" environment.				X
Comments:	*The General Plan does not designate the West Haven project site for an Educational Campus.*				
1.11.6	The Plan includes provisions for walkways, bicycle paths, greenways, and other elements that link the campus with surrounding uses.				X
Comments:	*The General Plan does not designate the West Haven project site for and Educational Campus.*				
1.12	***Business and Industrial Parks***				
1.12.1	The Plan accommodates light manufacturing, research and development, technology development, medical, entertainment facilities and production, innovative technology production, and similar primary uses.				X
Comments:	*The General Plan does not designate the West Haven project site for industrial and business park uses.*				
1.12.2	The Plan accommodates limited supporting uses such as retail sales, product exhibition, galleries and arts exhibition, financial institutions, restaurants, health clubs, personal services, day-care, and professional offices.				X
Comments:	*The General Plan does not designate the West Haven project site for industrial and business park uses.*				
1.12.3	The Plan accommodates "high impact" entertainment and commercial recreation uses that are not suitable in commercial districts due to their noise, traffic, or other characteristics that may conflict with residential or commercial uses.				X
Comments:	*The General Plan does not designate the West Haven project site for industrial and business park uses.*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.12.4	The Plan accommodates live/work facilities for artists and professionals associated with other uses in the business park.				X
Comments:	*The General Plan does not designate the West Haven project site for industrial and business park uses.*				
1.12.5	The Plan discourages the development of extensive warehouse development.				X
Comments:	*The General Plan does not designate the West Haven project site for industrial and business park uses.*				
1.12.6	The Plan includes provisions limiting building heights at 1 to 3 stories and a maximum floor area ratio of 0.4:1.				X
Comments:	*The General Plan does not designate the West Haven project site for industrial and business park uses.*				
1.12.7	The Plan includes site and design provisions to establish a cohesive and integrated district considering the following (see Figure 3-19 of the SOI GPA): • development of a network of pedestrian walkways and plazas around buildings sited and concentrated to connect a site with abutting properties; • location of parking to the rear of buildings fronting pedestrian plazas or in structures; inclusion of restaurants, retail shops, services, and other "high activity" uses in the ground floor of structures facing pedestrian areas; • inclusion of restaurants, retail shops, services, and other "high activity" uses in the ground floor of structures facing pedestrian areas; • inclusion of design elements that visually tie individual buildings and sites together such as walkways, trellises, arcades, landscape, signage, and lighting; and • incorporation of monuments, signs, landscape, and other elements that clearly define entry points and activity locations.				X
Comments:	*The General Plan does not designate the West Haven project site for industrial and business park uses.*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.12.8	The Plan includes site and design provisions requiring business and industrial park projects to convey visual interest and character considering: • modulation of building volumes, masses, and heights to reduce bulk; • architectural treatment of all visible elevations; • use of consistent and well-designed building and site signage; and • incorporation of extensive landscape along street frontages, common open spaces, and parking lots.				X
Comments:	*The General Plan does not designate the West Haven project site for industrial and business park uses.*				
1.13	***Lake/Water Element***				
1.13.1	The Plan includes provisions for a lake and/or streams for visual and recreational use that are abutted by commercial, residential, and other appropriate uses.				X
Comments:	*The General Plan does not designate the West Haven project site for water features or Town Center uses.*				
1.13.2	The Plan includes provisions to site and design development to take advantage of lake views and access including the location of buildings to "open onto" the lake and/or streams--for example, the Town Center's public plazas and outdoor restaurants should extend to the waterfront.				X
Comments:	*The General Plan does not designate the West Haven project site for water features or Town Center uses.*				
1.13.2	The Plan incorporates pedestrian walkways/promenades and public parks along the lake frontage.				X
Comments:	*The General Plan does not designate the West Haven project site for water features or Town Center uses.*				
1.13.3	The Plan provides visual "windows" to the lake from surrounding streets and public places.				X
Comments:	*The General Plan does not designate the West Haven project site for water features or Town Center uses.*				
1.13.4	The Plan links residential neighborhoods adjacent to the lake by a network of pedestrian walkways, greenways, and bike paths.				X

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:	*The General Plan does not designate the West Haven project site for water features or Town Center uses.*				
1.14.1	The Plan includes provisions for one or more golf courses (minimum of 150 acres each) with supporting club houses, retail services, and overnight accommodations within "Residential Neighborhoods."				X
Comments:	*The General Plan does not designate the West Haven project site for golf courses within residential neighborhoods.*				
1.14	***Golf Course(s)***				
1.14.2	The Plan includes provisions for neighborhood-oriented facilities, such as public meeting rooms, within the club house.				X
Comments:	*The General Plan does not designate the West Haven project site for golf courses within residential neighborhoods.*				
1.14.3	The Plan includes provisions for executive homes and other residential uses in concert with golf courses.				X
Comments:	*The General Plan does not designate the West Haven project site for golf courses within residential neighborhoods.*				
1.14.4	The Plan integrates golf courses with surrounding residential neighborhoods, orienting supporting facilities and housing to the course.				X
Comments:	*The General Plan does not designate the West Haven project site for golf courses within residential neighborhoods.*				
1.14.5	The Plan links adjacent residential neighborhoods to the golf course by a network of pedestrian walkways, greenways, and bike paths.				X
Comments:	*The General Plan does not designate the West Haven project site for golf courses within residential neighborhoods.*				
1.14.6	The Plan incorporate ponds and streams that assist in flood control and, as appropriate, are linked to the lake.				X
Comments:	*The General Plan does not designate the West Haven project site for development of lakes.*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.14.7	The Plan provides visual "windows" to the golf course(s) from surrounding streets and public places.				X
Comments:	*The General Plan does not designate the West Haven project site for golf courses.*				
1.15	***Major Community Park - "Village Green"***				
1.15.1	Require that a minimum of 160 acres be designated by pertinent sub area Specific Plans for the development of a "Village Green" that accommodates a diversity of active and passive recreational uses (athletic fields, picnic areas, performance venues, and botanical gardens), and that these lands be dedicated for this purpose through the development approval process.				X
Comments:	*The General Plan does not designate the West Haven project site for development of a Village Green.*				
1.15.2	Require that the land acquisition and development of the "Village Green" be equitably funded by all development within the Sphere of Influence.				X
Comments:	*The General Plan does not designate the West Haven project site for development of a Village Green.*				
1.15.3	Allow the acreage allocated for the development of a "Village Green" to contribute to the total parks and recreational requirement of 5 acres per thousand residents.				X
Comments:	*The General Plan does not designate the West Haven project site for development of a Village Green.*				
1.15.4	The Plan uses the "village green" as an organizational element for the siting and design of development, such as the orientation and linkage of multi-family housing and commercial uses to the park (e.g., restaurants "opening" to the park) (see Figure 3-17 of the SOI GPA)				X
Comments:	*The General Plan does not designate the West Haven project site for development of a Village Green.*				
1.15.5	The Plan links residential neighborhoods adjacent to the "village green" by a network of pedestrian walkways, greenways, and bike paths.				X
Comments:	*The General Plan does not designate the West Haven project site for development of a Village Green.*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.15.6	The Plan incorporates ponds and streams as part of the "village green", that are linked to the lake, as appropriate.				X
Comments:	*The General Plan does not designate the West Haven project site for development of a Village Green.*				
1.16	***Greenways and Open Spaces***				
1.16.1	The Plan includes provisions for greenway corridors containing pedestrian paths, bicycle trails, and other recreational/open space amenities.	X		3, 4 and 8	
Comments:					
1.16.2	The Plan includes an area-wide greenway network that links all residential neighborhoods, activity centers, and amenities and directly connect to and abut parks and schools as nodes along its length.	X		3, 4 and 8	
Comments:					
1.16.3	The Plan includes provisions for joint use of SCE easement-owned corridors, storm drainage, and other infrastructure rights-of-way for greenways, where feasible and compatible with the intended primary use.	X		3, 4 and 8	
Comments:					
1.16.4	The Plan includes provisions for joint use of SCE fee-owned rights-of-way for greenways, where feasible and compatible with SCE's secondary land use licensing program.	X		3, 4 and 8	
Comments:					
1.16.5	The Plan includes provisions for drainage channels to be designed as an open space amenity, maintaining them as natural open landscaped swales where feasible. When concrete channels are used, consider the development of landscaped greenways along their length.				X
Comments:	*No drainage channels exist within the Project Site.*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.16.6	The Plan includes provisions for drainage detention basins to accommodate passive and active recreational uses during dry periods, locating these adjacent to and extending local park uses.	X		5	
Comments:					
1.16.7	The Plan includes provisions for principal roadways including Grove Avenue, Vineyard Avenue, Archibald Avenue, Haven Avenue, Euclid Avenue, Milliken Avenue, and Edison Avenue to be designed as "parkways" with expanded right-of-ways containing landscaped medians and frontages, pedestrian paths, and other elements.	X		4	
Comments:					
1.16.8	The Plan incorporates extensive landscaping along street frontages in "urbanized" areas.	X		4 and 8	
Comments:					
1.16.9	The Plan includes design provisions for public greenways and open spaces to ensure public safety through the avoidance of physically and visually isolated spaces, maintenance of visibility and accessibility, use of lighting, and other "defensible" space concepts.	X		4 and 8	
Comments:					
1.17	***Electrical Energy Transmission Corridors***				
1.17.1	The Plan includes pedestrian and bicycle trails in electrical energy transmission corridors to link neighborhoods and districts.	X		3 and 4	
Comments:					
1.17.2	The Plan accommodates such uses as parking lots, storage, commercial recreation, nurseries, greenways/trails, and complementary and compatible uses in electrical energy transmission corridors in areas designated as "Neighborhood Centers," "Community Commercial," "Town Center," and "Industrial/Business Parks" by the SOI General Plan.	X		3 and 8	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.17.3	The Plan accommodates development in electrical energy transmission corridors in areas abutting the Village Green, parks, lake, and other major open space/recreational amenities of uses that promote continuity with the amenity such as extensive landscape, tree farms and nurseries, buffers, and similar uses.				X
Comments:	*The Project Site does not contain any electrical transmission corridors abutting the Village Green, parks, lakes or other land uses listed above.*				
1.17.4	The Plan accommodates development in electrical energy transmission corridors in areas traversing "Residential Neighborhoods" of uses that serve as transitions among neighborhoods, pedestrian and biking trails, landscaped buffers, recreational facilities, and similar uses that are feasible and compatible with Southern California Edison's secondary land use licensing program. At the corridor's intersection with arterials and collectors, consider the accommodation of uses that support the primary residential activity (e.g. parking lots for churches), which shall be designated by the Specific Plan.	X		3, 4, and 8	
Comments:					
1.17.5	The Plan includes provisions for development located in electrical energy transmission corridors be designed to complement, be compatible with, and promote continuity and cohesiveness with abutting land uses. They should not be designated to create "walls" or barriers among uses.	X		8	
Comments:					
1.17.6	The Plan includes provisions encouraging Southern California Edison Company and private owners to visually improve, respectively, fee-owned and easement-owned rights-of-way that are retained for electrical transmission purposes to ensure their compatibility with abutting uses. This should emphasize the incorporation of landscape, parklands, and greenways.	X		8	
Comments:					
1.18	***Phasing***				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
1.18.1	The Plan includes a phasing Plan to ensure adequate supporting public services, retail, parks, schools, and other uses are in place to support residential uses. These should establish increments of residential development that "trigger" and cannot be exceeded until the construction of appropriate improvements has been initiated. Standards for schools, infrastructure, and other public services should be determined in collaboration with pertinent service agencies. Standards for local serving retail, parks, and other uses should be confirmed by the City and reflect other policies contained in this Plan.	X		10	
Comments:					
1.18.2	A fiscal impact analysis for the proposed Specific Plan has been prepared describing annual costs and revenues associated with development phasing for at least a ten year period as input to the definition of land use balance thresholds and limits.	X			
Comments:	*To be prepared by City as part of project review*				
1.18.3	Require that developers commit to the provision of supporting uses and services through Development Agreements, Conditions of Development, bonds, and other appropriate techniques.	X		10	
Comments:	*Agreements separate from the specific Plan will be executed by the developer with the City.*				
2.1	***Agriculture***				
2.1.1	The Plan includes provisions recognizing the right of operation including the choice of cultivation procedures, crops or livestock types, crop rotation and all other functions within the traditional scope of agricultural management decisions. These rights and choices shall be exercised in a manner that is consistent with applicable environmental and resource protection policies and regulations.	X		10	
Comments:	*Per project EIR*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
2.1.2	Adopt and enforce the provisions of the Right-to-Farm Ordinance and the State nuisance law (California Code Subsection 3482). Such an ordinance would require nonagricultural residents be made aware of the local agricultural operations, their practices, and the potential agriculturally related impacts (noise, odor, etc.). See Appendix A, SOI GPA for a "Right to Farm" Ordinance example. ***City Initiated, not required for SP's***				X
Comments:	*The City of Ontario is the responsible entity for adopting and enforcing provisions of a right to farm ordinance*				
2.2.1	The Plan discourages the placement of new non-agricultural land uses in such a manner that agricultural fields or parcels become isolated or difficult to economically and conveniently farm.	X		3	
Comments:					
2.2.2	The Plan encourages the infilling of development in previously urbanized areas or immediately adjacent to existing urban development as an alternative to isolated, "leapfrog" projects	X		3	
Comments:	*Per New Model Colony General Plan Amendment*				
2.2.3	The Plan discourages the premature parcelization of large holdings that are not infill or urban perimeter properties.	X		3,9 & 10	
Comments:					
2.3.1	The Plan includes provisions to limit premature introduction of urban uses into farming areas that may create the potential for conflict with continued agricultural use.	X		3,9 & 10	
Comments:					
2.3.2	The Plan includes a Transitional Roadway Plan that minimizes farm product transport/farm equipment conflicts with urban use related transport. Said Plan includes the following: • existing routes essential to the transportation of farm products through remaining agricultural areas and through non-agricultural areas as needed to access regional transportation routes; • prioritize those roads that will be first to convert to primarily serving urban uses; and • roadway signage and markings to inform drivers that farm transport vehicles and machinery may be using the roads.	X		4	

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:					
2.3.3	The Plan provides measures to prevent urban runoff flooding and silting from impacting agricultural operations.	X		3, 5 and 9	
Comments:					
2.3.4	Inform new residents and property owners that existing agricultural uses may create nuisances such as flies, odors, dust, noise, night light, and chemical spraying.	X			
Comments:	*To be included in real estate sales package*				
2.3.5	The Plan includes provisions to protect agricultural lands from trespass, theft, vandalism, roaming dogs, and comparable impacts from urban uses.	X		3 and 9	
Comments:					
2.4.1	Oppose regulations that impact agricultural operations unless they are justified on the basis of sound environmental concerns.				X
Comments:	*City to implement – Not a requirement of individual specific Plans.*				
2.4.2	Assist farmers and agricultural land owners in their efforts to understand and abide by regulations and to process applications for permits and licenses.				X
3.1	***Housing***				
3.1.1	Provide for the development of an estimated 20,396 single family and 10,792 multi-family dwelling units to sustain sound economic development (applies to entire 8,069 acre Sphere of Influence).	X		3	
Comments:					
3.1.2	Ensure that the densities and characteristics of residential projects fulfill the intent of applicable land use designations.	X		3, 8 and 9	

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:					
3.2.1	The Plan includes provisions for infrastructure needed to support anticipated residential development and ensures the proper integration of all services.	X		4, 5 and 10	
Comments:					
3.2.2	Maintain internal consistency among the General Plan's elements to provide the necessary services and infrastructure for urban development.				X
Comments:	*City to implement; not a requirement for individual specific Plans.*				
3.3.1	The Plan allows flexibility in the type of units developed on vacant, residentially designated properties in master-planned communities and other planned developments.	X		3 and 9	
Comments:					
3.3.2	The Plan includes a mix of housing types.	X		3	
Comments:					
3.3.3	The Plan encourages the development of residential uses in association with compatible nonresidential uses (i.e. mixed-use).	X		3	
Comments:					
3.3.4	The Plan provides housing opportunities for upper-income residents by designating sites in selected areas for large-lot development or sites adjacent to significant amenities.	X		4	
Comments:					
3.4.1	The Plan includes comprehensive design guidelines and development standards ensuring residential design that is functional, people and pedestrian-oriented, aesthetically pleasing, and contributes to a sense of community through the sensitive arrangement of buildings, open space (public and private), and circulation (vehicular and pedestrian).	X		8	

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:					
3.5.1	The Plan includes provisions to integrate development with neighborhoods in a way that minimizes adverse impacts on privacy, noise levels, and traffic.	X		3 and 9	
Comments:					
3.5.2	The Plan includes provisions for physical design elements of development (e.g., scale, street and circulation design, architectural elements) to complement and respect that of surrounding residential neighborhoods.	X		3, 4 and 8	
Comments:					
3.5.3	Where the new development's site design characteristics and standards will differ from those within an adjacent neighborhood, use design features (street trees, sidewalk siting and materials, etc.) that are common in both the neighborhoods as measures to transition from the surrounding neighborhood to the new neighborhood.	X		3, 8 and 9	
Comments:					
3.6 & 3.7 Affordable Housing					
3.6.1	Designate sufficient vacant land with maximum densities high enough to facilitate the development of housing affordable to lower-income households.	X			
Comments:	*Specific Plan will comply with applicable affordable housing policies and implementation ordinances.*				
3.7.1	The Plan includes the provisions for affordable to very low, low, and moderate income households.		X		
Comments:	*The Plan will accommodate housing needs of moderate income households*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
3.7.2	The Plan implements housing programs that comply with the State of California Housing and Community Development requirements, and ensures compliance and attainment of the regional housing need assessment "affordable" unit target.	X			
Comments:	*Specific Plan will comply with the State of California Housing and Community Development requirements.*				
3.8	***Housing for Special Needs***				
3.8.1	The Plan includes provisions for multi-family units specifically designed for the elderly located near Neighborhood Centers that provide access to transit and pedestrian access to amenities, goods, and services (i.e., recreational areas, commercial districts, and medical services).				X
Comments:	*The General Plan does not require multi-family units for the Specific Plan.*				
3.8.2	The Plan includes provisions for rental units specifically designed for students to be located near the educational campus area.				X
Comments:	*The Project Site is not located near an areas designated for an educational campus.*				
PART II INFRASTRUCTURE AND PUBLIC SERVICE					
5.1	***Water Sources***				
5.1.3	Require Specific Plans and large development projects to prepare a water system planning study.				X
Comments:	*Specific Plan incorporates City Master Plan recommendations for water*				
5.1.4	Consider requiring the planning and construction of a dual pipe system to supply reclaimed water throughout the Sphere of Influence.	X		5	
Comments:					
5.2.1	Require new development to construct and dedicate water supply facilities.	X		5	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
5.2.2	Designate, preserve, and acquire land, as necessary, for water wells and storage facilities.	X		5	
Comments:	*Project will participate In City's Development Impact Fee Program to construct these facilities.*				
5.3.1	The Plan requires improvements to the water supply facilities necessitated by new development be borne by the new development benefiting from the improvements, either through the payment of fees, or the actual construction of the improvements.	X		5	
Comments:					
6.1	***Wastewater System and Treatment***				
6.1.1	Enable the planning for and construction of a wastewater system to support new development, as shown in Figure 4-11 of the SOI GPA.	X		5	
Comments:	*The Plan will comply with the City's Master Plan requirements for sewer improvements*				
6.2.1	The Plan requires new developments to connect to the sewer system.	X		5	
Comments:					
6.2.2	The Plan includes provisions requiring that sewer capacity and facilities are available before building permits are issued for new development.	X		5 and 10	
Comments:					
6.3.1	The Plan includes provisions requiring the costs of improvements to the existing wastewater collection facilities necessitated by new development be borne by the new development benefiting from the improvements; either through the payment of fees, or by the actual construction of the improvements.	X		5	
Comments:					
7.1	***Storm Drainage and Flood Control***				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
7.1.2	Require Specific Plan and development projects to prepare a storm drainage planning study for the affected drainage area.	X		5	
Comments:					
7.1.4	Permit the joint use of detention basins for non-intensive recreational purposes, in accordance with City policy.	X		5	
Comments:					
7.1.5	Require that the refined backbone infrastructure Plan will be used in the development process to ensure that each project will construct adequate drainage facilities. A detailed drainage master Plan must be in place and must have San Bernardino County Flood Control District concurrence prior to any major development approval.	X		5	
Comments:	*The Plan will comply with the City's Master Plan of Drainage*				
7.1.6	Strategically locate detention basins to mitigate downstream drainage concern as development occurs. Siting of these facilities will take into consideration potential impacts to flight paths of the crosswind runways of the Chino Airport. Detention basins shall be located as required to bring storm water flows to a safe and acceptable level downstream of Merrill Avenue. However, basins shall not be located within Referral Areas A and B and Safety Zones I and II around the Chino Airport so as to prevent potentially significant wildlife hazards to aircraft operations.	X		5	
Comments:					
7.1.7	The Plan includes provisions requiring development Plans to be consistent with and implement the Master Plan of drainage for the area as finally adopted.	X		5	
Comments:					
7.2.1	The Plan requires new development to control surface run-off through onsite measures.	X		5	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
7.2.2	The Plan requires new development to construct and dedicate flood control and storm drainage facilities.	X		5	
Comments:					
7.2.3	Designate, preserve, and acquire land, as necessary, for storm drainage and flood control facilities.	X		5	
Comments:	*The Plan complies with the City's Master Plan of drainage*				
7.2.6	The Plan requires developers of each proposed project to submit a final drainage Plan for the City Engineer's review and approval.	X		5	
Comments:	*To be submitted as part of the tentative tract map submittal for the project.*				
7.2.8	The Plan requires developers to recommend measures which ensure that all structures located within the boundaries of the Sphere of Influence, subject to flooding from 100-year storm events, are constructed on a pad of earth elevated at least one foot above 100-year flood elevations. The recommended measures must be approved, monitored, and enforced by the City Engineer.	X		5	
Comments:	*To be submitted as part of the tentative tract map submittal for the project.*				
7.2.9	The Plan requires developers to provide evidence to the City Engineer that a National Pollutant Discharge Elimination System (NPDES) permit has been obtained form the State Water Resources Control Board (SWRCB) prior to moving construction equipment onto a Sphere of Influence site. Once obtained, the NPDES permit shall be retained on the construction site throughout the construction period, and a copy shall be filed with the City Engineer.	X		5	
Comments:	*To be submitted as part of the tentative tract map submittal for the project.*				
7.2.10	The Plan includes provisions to ensure compliance with all the terms and conditions outlined in the National Pollutant Discharge Elimination System (NPDES) permit, including the implementation of Best Management Practices (BMPs).	X		5	
Comments:	*Per approval of Tentative Tract Maps for the project*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
7.2.11	The Plan includes provisions requiring developers to prepare a Storm Water Pollution Prevention Plan (SWPPP) for individual proposed projects prior to the issuance of grading permits. These Plans shall be submitted to the City Engineer for review and comment prior to implementing any SWPPP provisions or starting any construction activity. A copy of the SWPPP shall be held by the construction contractor(s) on the construction site throughout development of each project. The City Engineer will monitor and enforce the provisions of the SWPPP.	X		5	
Comments:	*Per approval of Tentative Tract Maps for the project*				
8.1	***Schools***				
8.1.2	The Plan accommodates sufficient schools to meet School District criteria as shown in Table 4-10 of the SOI GPA. Based on these, the Land Use Plan's buildout will necessitate an estimated 20 elementary school sites, 5 middle school sites, and 3 high school sites within the total Sphere of Influence, with the number of schools in each Planning sub area indicated in Table 3-4 of the SOI GPA. The required number of schools to be constructed may vary due to modifications of the school district's standards to account for demographic changes, the number and types of dwelling units, resident characteristics, and other pertinent criteria.	X		3, 5 and 10	
Comments:	*The project includes a 10 acre site for development of an elementary school.*				
8.1.3	Locate schools within a designated Neighborhood Center to the extent feasible, as illustrated in Figures 3-8 and 3-9 of the SOI GPA.				X
Comments:	*The school's location is not adjacent to the Neighborhood Center.*				
8.1.4	Encourage schools to be located as neighborhood focal points, with linkage to recreational uses, pedestrian paths, and bike ways, when locating schools in a Neighborhood Center is not feasible.	X		3	
Comments:					
8.1.5	Encourage the consolidation or location of school campuses adjacent to one another, thereby enabling a joint use of recreational space, library, auditoriums, and other facilities.	X		3	

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:					
8.1.6	Locate schools to avoid impacts attributable to Chino Airport. To ensure efficient accessibility of schools from residential neighborhoods, work with the California Department of Transportation, Division of Aeronautics, and Department of Education to permit schools to be developed at acceptable locations within the Airport's two-mile radius.	X		3	
Comments:					
8.1.8	Encourage the school districts to design schools so that their periphery maintains an appropriate transition with adjoining residential neighborhoods; avoiding the use of walls, fences, and landscape which establish a visual barrier.	X		3	
Comments:					
8.1.11	Locate preschool and day-care facilities in appropriate areas throughout the Sphere of Influence to meet the needs of a growing population. Require specific planned areas to designate sites for day-care facilities.	X		9	
Comments:					
9.1	***Police Protection***				
9.1.3	The Plan identifies appropriate sites for the construction of a police station within the neighborhood Centers, Town Center, or other activity nodes.	X		3	
Comments:					
9.1.4	The Plan encourages consolidation of public facilities, thereby creating mini civic centers comprised of police stations, libraries, fire stations, schools, parks, and administrative offices, etc.	X		3	
Comments:					
9.2.1	The Plan incorporates defensible space designs. These designs should help ensure maximum visibility and security for entrances, pathways, and corridors, as well as open space (both public and private) and parking lots/structures.	X		3, 8 and 9	

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:				
9.2.2 The Plan includes lighting provisions providing adequate exterior illumination to facilitate security surveillance around commercial, industrial, multi-family, and public structures.	X		8 and 9	
Comments:				
10.1 Fire Protection and Emergency Medical Service				
10.1.2 Require that a total of three fire stations be incorporated within the Neighborhood centers, Town center, or other activity nodes.	X		3	
Comments:				
10.1.3 The Plan encourages the consolidation of public facilities thereby creating mini civic centers comprised of police stations, libraries, fire stations, schools, parks, and administrative offices, etc.	X		3	
Comments:				
11.1 Circulation				
11.1.1 The Plan promotes the timely development of the backbone circulation Plan, as shown in Figure 4-14 – SOI GPA that is phased and based on projected needs generated by the implementation of the SOIGPA Land Use Plan and the surrounding uses.	X		4	
Comments:				
11.1.2 Develop a detailed master Plan to phase the backbone transportation infrastructure in a logical manner. The master Plan should address coordination with each of the Specific Plan's master planning efforts and funding mechanisms including cost sharing and future credits.	X		4	
Comments:				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
11.1.3	Implement hierarchy of roadways and roadway classifications, as shown in Figure4-15, Figure 4-16, and Figure 4-17 of the SOI GPA, that provides for efficient movement of regional through traffic and also protects the residential neighborhoods from intrusion of through traffic.	X		4	
Comments:					
11.1.4	Reserve adequate rights-of-way for roadways to implement the hierarchy of local roads within the Sphere of Influence that is consistent with the planned land uses.	X		4	
Comments:					
11.1.5	The Plan establishes safe and efficient truck routes that minimize exposure to noise sensitive land uses and reduce other adverse impacts to adjacent land uses, (see Figure4-18 – SOI GPA.)	X		4	
Comments:					
11.1.6	The Plan consider the development of high-capacity, regional traffic serving facilities in the east-west and north-south direction through the Sphere of Influence, such as Edison Avenue, Euclid Avenue, Archibald Avenue, and Milliken Avenue.	X		4	
Comments:					
11.1.7	The Plan identifies appropriate intelligent transportation system (ITS) elements to be incorporated into the Sphere of Influence's transportation infrastructure. The ITS elements include such technologies as changeable message signs, closed circuit television, highway advisory radio, loop detectors, fiber optic communications connections, and links to regional traffic management centers.				X
Comments:	*The City will implement this policy on an area wide basis.*				
11.1.8	The Plan incorporates a transitional Roadway Plan that minimizes agricultural vehicle-urban vehicle conflicts, minimizes agricultural vehicles impact on non-agricultural uses, and transitions the Sphere of Influence's roadways from agricultural oriented to urban oriented.	X		4	
Comments:					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
11.1.9 The Plan augments and implements the comprehensive Citywide Traffic Model within the Sphere of Influence area to reflect the Sphere of Influence land uses and the proposed circulation system.		X		4	
Comments:	*Per the project EIR traffic study*				
11.2.1 The Plan maintains a level of service not to exceed LOS D for intersections during the peak hours.		X		4	
Comments:	*Per the project EIR traffic study*				
11.2.2 The Plan maintains a peak period level of service not to exceed LOS D for collector and arterial roadways.		X		4	
Comments:	*Per the project EIR traffic study*				
11.2.3 The Plan maintains a peak period level of service not to exceed LOS C for residential streets.		X		4	
Comments:	*Per the project EIR traffic study*				
11.3.1 Coordinate with Riverside County and Caltrans to ensure the timely design and implementation of the Galena Interchange on the I-15 Freeway.					X
Comments:	*The City will implement this General Plan policy.*				
11.3.2 Coordinate with Caltrans and monitor traffic growth around freeway interchanges to determine the need, timing, and design for ramp improvements and additional right-of-way needs at the Route 60 Freeway interchanges.					X
Comments:	*The City will implement this General Plan policy.*				
11.3.3 Actively support the County of San Bernardino's Congestion Management Plan.		X		4	
Comments:	*The Project EIR will identify CMP improvements required as part of project development.*				

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
11.3.4 Support and implement locally applicable portions of the Regional Mobility Plan and Air Quality Management Plan.	X		4	
Comments: *The Project EIR will identify required as part of project development.*				
11.3.5 Coordinate the development of the Sphere of Influence's circulation Plan with adjacent jurisdictions and regional agencies, including City of Chino to the west and Riverside County to the east and south, for proper future connectivity and service to regional trips.	X		4	
Comments: *The City will implement this General Plan policy on an areawide basis.*				
11.3.6 Specific Plans for proposed developments within the SOI shall not be approved and adopted until such time as the San Bernardino County Congestion Management Program Traffic Impact Analysis (CMP TIA) for the Sphere of Influence General Plan Amendment has been completed and approved. This CMP TIA shall identify improvement measures to mitigate impacts of the traffic generated by the Sphere of Influence on transportation systems in the City of Ontario, the unincorporated San Bernardino County and all neighboring cities, which fall within the five-mile radius (designated impact area) of the Sphere of Influence boundaries, per CMP TIA guidelines.	X		4	
Comments:				
11.3.7 The Plan includes a separate traffic and circulation studies to: • Assess internal circulation system need and to develop a traffic circulation Plan for the Specific Plan area; • Identify regional transportation infrastructure connectivity requirements; and • Identify specific traffic impacts related to the buildout of the Specific Plan on the surrounding areas (outside the Specific Plan) and to identify traffic improvement measures to mitigate these impacts.	X			
Comments: *Per project EIR traffic study*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
11.3.8	Circulate all relevant traffic and circulation studies prepared for proposed Specific Plan developments within the Sphere of Influence area to all neighboring local jurisdictions that may be potentially impacted by the traffic generated from the buildout of the Specific Plan's land uses.	X		4	
11.3.9	For the following arterial segments outside the Sphere of Influence: • Euclid Avenue – Riverside Drive to Philadelphia Street • Grove Avenue – Saint Andrews Street to 4th Street • Vineyard Avenue – Riverside Drive to Route 60 • Archibald Avenue - Riverside Drive to Philadelphia Street • Haven Avenue – Creekside to Route 60; Mission Boulevard to Airport Drive • Milliken Avenue – Riverside Drive to Mission Boulevard Provide additional through-traffic lanes by: • widening the roads to accommodate the ultimate number of lanes designated in the General Plan; • modifying functional classification for arterials to accommodate additional traffic lanes; • restriping; and • using parking restrictions and other measures, where feasible.				X
Comments:	*The Specific Plan does not encompass the above roadways.*				
11.4.1	Require each major development phase or Specific Plan to develop a master Plan of streets and conduct a comprehensive traffic impact study, as appropriate.	X		4	
Comments:	*Per project EIR*				
11.4.2	As condition of development for each planning area, require that proper connecting facilities and capacity be provided to the regional transportation system to minimize impacts to existing roadways.	X		4	

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:	*Per Project EIR traffic study*				
11.4.3	Require that development within the Sphere of Influence be consistent with the provisions of the County-wide Congestion Management Program.	X			
Comments:	*Per project EIR traffic study*				
11.4.4	The Plan prohibits future development from providing backout driveways onto arterial roadways.	X		4	
Comments:					
11.4.5	The Plan discourages future development from providing backout driveways onto collector roadways.	X		4	
Comments:					
11.4.6	The Plan considers the use of alley ways (20 feet recommended width) to add flexibility to frontage designs and assist in the creation of more pedestrian oriented front areas.	X		3 and 5	
Comments:					
11.4.7	The Plan promotes development of local street patterns that create and unify neighborhoods, rather than divide them, through the following means: • local street patterns should provide access between subdivisions within a neighborhood, with the exception of through traffic which should be directed onto major and secondary arterials; and • the local street system should be logical and understandable for the user. Creation of circuitous and confusing travel paths between internal neighborhood areas and adjacent arterials should be avoided.	X		3, 4 and 8	
Comments:					
11.4.8	The Plan includes measures requiring developers to provide all required onsite infrastructure and contribute their proportional share to offsite improvements. (I-30, I-31, and I-32)	X		4 and 10	

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:				
11.4.9 The Plan includes an impact fee system in order to offset the cost of transportation required by new development.	X		4	
Comments: *The developer will participate in the adopted Development Impact Fee program as required.*				
11.4.10 Consider whether it is appropriate to establish a transportation benefits district.				X
Comments: *The City will implement this General Plan policy on an area wide basis.*				
11.5.1 The Plan includes a comprehensive Transportation Mobility Plan to improve the movement of pedestrians, bicyclists, public transit, truck and automobile, freight, passenger rail, etc., within the Sphere of Influence.	X		4	
Comments:				
11.5.2 The Plan Integrates the Transportation Mobility Plan with the Congestion Management Planning process to identify and develop necessary transportation services, and assist land use and urban design decision making.				X
Comments: *The City will implement this General Plan policy on an area wide basis.*				
11.5.3 The Plan promotes a variety of transportation modes.	X		3 and 4	
Comments:				
11.5.4 The Plan explores the possibility of developing transit centers within the appropriate Specific Plan areas such as the Town Center, educational campus, and adjacent to the Regional Centers along Milliken Avenue and Euclid Avenue.				X
Comments: *The Project Site is not designated for any of the above land uses and is not located near or adjacent to any of the above listed use.*				
11.5.5 Analyze cost/benefit ratios in determining future publicly financed transportation improvements.	X		10	

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:				
11.5.6 Consult and coordinate with the various transit agencies in order to bring about improved transit service to the Sphere of Influence.				X
Comments: *The City will implement this General Plan policy on an area wide basis.*				
11.5.7 Through coordination with transit agencies, the Plan provide transit friendly design with the objective of maximizing the potential for transit use.	X		4 & 5	
Comments:				
11.5.8 The Plan includes provisions requiring development to fund transit facilities, such as transit centers, bus shelters and turnouts, where feasible.	X		4 & 5	
Comments:				
11.5.9 The Plan includes provisions requiring that development provide for transit-friendly features such as buildings located close to streets, bus amenities, etc.	X		3 and 9	
Comments:				
11.5.10 The Plan encourages the development of connections with commuter rail stations in the vicinity of the Sphere of Influence.	X		4	
Comments:				
11.6.1 The Plan encourages nonresidential developments to provide employee incentives for using alternatives to the conventional single occupant automobile (i.e., carpools, vanpools, buses, bicycles, walking, telecommuting, etc.).	X		4	
Comments:				
11.6.2 The Plan supports national, state, and regional legislation directed at encouraging the use of carpools and vanpools.	X		3 and 4	

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:				
11.6.3 The Plan encourages the establishment of Transportation Management Associations (TMAs) within the commercial and industrial areas of the Sphere of Influence.				X
Comments: *The West Haven Specific Plan does not encompass the above uses.*				
11.6.4 The Plan promotes the use of alternative transportation modes to the single occupancy vehicle within the Sphere of Influence, such as carpooling, bus and rail transit and explore the feasibility of linking such systems with other regional transportation systems.	X		4	
Comments:				
11.6.5 The Plan promotes ridesharing through publicity and provision of information to the public.				X
Comments: *The City will implement this General Plan policy on an area wide basis.*				
11.6.6 The Plan encourages the preservation and development of freight and passenger/commuter rail that occur or would occur in the region.				X
Comments: *The West Haven Specific Plan does not encompass the above uses.*				
11.6.7 The Plan encourages a telecommunications center within the planning area to reduce vehicle miles traveled.	X		5	
Comments:				
11.6.8 Develop a program for traffic signal coordination and synchronization for the arterial street system in coordination with and connecting to the City's signal system.	X		4	
Comments: *Per the recommendations of the project EIR traffic study*				
11.7.1 The Plan requires parking to be consolidated along parkways, arterials, and pertinent collectors, eliminating the number of ingress and egress points. Prime candidate locations for consolidated parking are the "Neighborhood Centers", "Town Center", "Business Parks", and "Regional Centers". (I-7 and I-10)	X		8 and 9	

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:					
11.7.2 The Plan requires that sufficient and secure bicycle parking be provided in all parking areas.		X		8 and 9	
Comments:					
11.7.3 The Plan promotes sharing of off-street parking facilities.		X		8 and 9	
Comments:					
PART III AESTHETIC, CULTURAL, OPEN SPACE & RECREATIONAL RESOURCES					
12.1 Parks & Open Space					
12.1.1 Provide a minimum 509 acres of parkland consisting of a mix of mini, neighborhood, community and "village green" facilities to achieve a standard of 5 acres of parkland per 1,000 residents. The actual park acreage may vary as a result of future modifications of the City standards.		X		10	
Comments:	*The project developers will participate in the development impact fee program as required for park fees.*				
12.1.2 Update the Parks and Bike Trail Master Plan to provide specific criteria and guidelines for the siting, design and programming of parks and recreational facilities. Consider the following when creating the criteria for acquiring or receiving dedicated parkland: • The usability of proposed parklands and the ease of accessibility for future users; and • Balance of passive and active recreational opportunities and facilities designed to meet the existing and future needs of all user groups.					X
Comments:	*The City will implement this General Plan policy on an area wide basis.*				

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
12.1.3 The Plan incorporate a comprehensive and unified parks and recreation plan that: • identifies mini, neighborhood, and community park sites in accordance with the service standards and updated Parks and Bike Trail Master Plan criteria; • integrates neighborhood parks with Neighborhood Centers and schools (see Figure 5-2); • links parks by pedestrian greenway and bike trail networks (see Figure 5-3); • incorporates passive and active recreational uses as specified in the Parks and Bike Trail Master Plan; and • defines a park acquisition and improvement financing plan. (I-3 and I-34)	X		3	
Comments:				
12.1.4 The Plan encourages: • golf course site(s) be developed in the Sphere of Influence; • school and park facilities be located in a manner that permits shared use of auditoriums, playing fields, and so on; • public facilities (auditoriums, amphitheaters, day-care centers, public meeting rooms) be integrated into park design; and • drainage channels be developed as an open space amenity. (I-3, I-7, and I-47)				X
Comments: *The City will implement this General Plan policy on an area wide basis.*				
12.1.5 The Plan requires Sub area 22 (Town Center) Specific Plan to locate park(s) and/or public open space along the lake, if the lake is developed.				X
Comments: *The City will implement this General Plan policy.*				
12.1.6 The Plan requires that Sub area 16 and Sub area 17 Specific Plans identify sites for the development of a linear "village green" park. The Village Green will act as a recreational focal point serving the entire Sphere of Influence. The Village Green shall incorporate a diversity of passive and active uses including athletic fields, picnic areas, botanical gardens, museums, and performance venues.				X

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments: *The City will implement this General Plan policy.*				
12.1.7 The Plan requires that residential neighborhoods located next to a park provide pedestrian greenway and bike trails to the park.	X		3 and 4	
Comments:				
12.1.8 The Plan encourages storm drainage detention basins to be designed to accommodate passive and active recreational uses during the dry periods (see Figure 5-4 SOI GPA).	X		5	
Comments:				
12.1.9 The Plan requires the use of extensive landscaping along street frontages. Landscaping elements should include tree and plant specimens currently found within the Sphere of Influence. (I-7 and I-10)	X		4,8 and 9	
Comments:				
12.1.10 The Plan requires the dedication and development of future community and neighborhood park sites before a significant proportion of the new population to be served by the park exists. (I-7 and I-10)	X		10	
Comments:				
12.1.11 The Plan requires that new multi-family residential developments of five or more units provide recreational or open space facilities onsite and contribute appropriate fees that aid in the public development of other facilities to offset additional demands generated by their resident population. (I-7 and I-10)	X		3	
Comments:				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
12.1.12 The Plan requires that large-scale commercial developments, such as the Town Center, Community Centers, Regional Centers, provide open space facilities within the development for passive or active recreation or contribute fees for the public development of such uses. (I-7 and I-10)					X
Comments:	*The General Plan does not include the above uses within the West Haven Specific Plan.*				
12.1.13 The Plan encourages industrial and business parks to incorporate employee recreational facilities within their developments or contribute fees for the public development of such uses. (I-7 and I-10)					X
Comments:	*The General Plan does not include the above use within the West Haven Specific Plan.*				
12.1.14 The Plan encourages agricultural industry representatives and local university(ies) to provide educational and recreational programs that reflect the Sphere of Influence's agricultural history. (I-50)					X
Comments:	*The City will implement this General Plan policy.*				
13.1.1 The Plan incorporates a comprehensive network of greenways, pedestrian paths, and bike trails (see Figures 5-3 and 5-5 – SOI GPA), linking the Town Center, educational campus (if developed), Regional Centers, Community Commercial, Neighborhood Centers, "Village Green," neighborhood parks, and schools. (I-7 and I-10)		X		4	
Comments:					
13.1.2 Require developments to link their internal trail system with the surrounding Sphere of Influence network.		X		3 and 4	
Comments:					
13.1.3 The Plan encourages infrastructure rights-of-ways or easements to be designed and developed to accommodate trails and bikeways where feasible and where compatible with the intended primary use. (I-47)		X		4	

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:					
13.1.4	The Plan includes provisions providing for joint use of SCE easement-owned rights-of-way for trails and bikeways where feasible and compatible with the intended primary use. (I-10 and I-47)	X		3 and 4	
Comments:					
13.1.5	The Plan includes provisions providing for joint use SCE's fee-owned rights-of-way for trails and bikeways where feasible and compatible with SCE's secondary land use licensing program. (I-10 and I-47)	X		3 and 4	
Comments:					
13.1.6	Work with the surrounding jurisdictions to ensure trail connections between the Sphere of Influence and other regional recreational destinations or amenities. (I-51)				X
Comments:	*The City will implement this General Plan policy.*				
14.1.1	The Plan includes measures to extensively landscape Euclid Avenue, Grove Avenue, Vineyard Avenue, Archibald Avenue, Milliken Avenue, and Edison Avenue by the use of "enhanced parkways" with landscaped medians and rights-of-way (see Figure 5-3 – SOI GPA). (I-7 and I-10)				X
Comments:	*The West Haven Specific Plan does not encompass the listed roadways.*				
14.1.2	The Plan requires that comprehensive street tree and landscape plans be established to uniquely identify parkways, neighborhoods, centers, and districts. (I-7)	X		8	
Comments:	*Per City master plan of streetscapes*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
14.1.3 The Plan requires that the landscaping within the public medians and rights-of-way as well as along the private developments' street frontage is well designed and properly maintained, minimizes water usage, and maximizes visual continuity while permitting individual expression. (I-25)		X		4 and 8	
Comments:					
14.1.4 The Plan requires that the individual developments transition their landscaping with the neighboring properties' landscaping, thereby enhancing visual continuity along streets. (I-10)		X		4 and 8	
Comments:					
14.1.5 The Plan requires that view corridors be provided from public places towards the San Gabriel Mountains, where possible. (I-7)		X		3	
Comments:					
15.1 Historic and Cultural Resources					
15.1.1 Validate the location of pending historical resources. (I-10)		X			
Comments:	*Per project EIR cultural resources study*				
15.1.2 The Plan includes provisions requiring all development projects, including infrastructure construction, to conduct Phase I surveys and resource investigations in accordance with CEQA requirements to determine if additional cultural, historic, or archaeological resources are located within their area. If the development project involves the use of federal funds, conduct the study in accordance with federal requirements. File all site records, survey reports, etc. with the San Bernardino County Museum Archaeological Information Center. (I-10)		X			
Comments:	*Per project EIR*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
15.1.3	The Plan includes provisions requiring all development projects to conduct Phase II evaluation studies (for archaeological resources and standing structures in accordance with CEQA requirements) if necessitated by the Phase I studies' findings. If the development project will involve the use of federal funds, conduct the study in accordance with federal requirements. File all site records, survey reports, etc. with the San Bernardino County Museum Archaeological Information Center. (I-10)	X			
Comments:	*Per project EIR*				
15.1.4	The Plan includes provisions requiring development projects to propose avoidance or preservation plans for any archaeological or historic site, as necessary. (I-10)	X			
Comments:	*Per project EIR*				
15.1.5	The Plan includes provisions require new development to be compatible with adjacent archaeological sites or historical structures in terms of buffering, scale, massing, and building materials, as necessary. (I-10)	X			
Comments:	*Per project EIR*				
15.1.6	Conduct an intensive archaeological field survey under the supervision of a Society of Professional Archaeologists (S.O.P.A.) certified archaeologist for each proposed project not previously surveyed within the past ten years. A technical report following format and content guidelines proposed by the Office of Historic Preservation must be completed. (I-10)	X			
Comments:	*Per project EIR*				
15.1.7	The Plan includes provisions requiring that each project resulting in an adverse impact on a known significant resource prepare an appropriate planning approach to reduce the impact to a level of insignificance. (I-10)	X			
Comments:	*Per project EIR mitigation measures*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
15.1.8 The Plan includes provisions requiring that a qualified archaeologist be retained in order to monitor the grading, identify any cultural resources that may be exposed, complete a preliminary evaluation of the resource, and recommend appropriate resource management for the treatment of the resource. (I-10)		X			
Comments:	*Per adopted mitigation monitoring program*				
16.1 Libraries					
16.1.1 The Plan includes provisions requiring that library site(s) be developed within the Neighborhood Centers and Town Centers, and near transit facilities, bike paths, and pedestrian paths. (I-7)		X		3	
Comments:					
16.1.2 The Plan encourages consolidation of public facilities thereby creating "mini civic centers" comprised of police station(s), library(ies), fire stations, schools, parks, and administrative offices, etc. (I-7)					X
Comments:	*The City will implement this General Plan policy.*				
16.1.3 Construct a minimum of 61,107 square feet library facilities in order to provide the estimated 101,845 Sphere of Influence residents with adequate library facilities based on the City's current standard of 0.6 square feet per resident, or as modified to reflect technology. (I-10 and I-30)					X
Comments:	*The City will implement this General Plan policy.*				
16.1.4 The Plan encourages the installation of new technology including a fiber optic network for telecommunications. (I-22)		X		5	
Comments:					
16.1.5 The Plan encourages the joint use of school libraries and public library facilities. (I-47)					X
Comments:	*The City will implement this General Plan policy.*				

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
PART IV NATURAL RESOURCES				
17.1 Aggregate Resources				
17.1.1 Identify the locations of aggregate resources and coordinate their location with the appropriate land use designations. (I-19 and I-23)	X			
Comments: *Per project EIR*				
18.1 Biological Resources				
18.1.1 Work with and encourage the Army Corps of Engineers, Chino Basin SAPA, and County Flood Control to retain a minimum of 160 acres of surface water in the El Prado Basin. This water shall serve as the habitat mitigation for waterfowl to offset the discontinued use of State mandated dairy manure water retention basins. (I-36 and I-47)				X
Comments: *The City will implement this General Plan policy.*				
18.1.2 Ensure that development projects proposed for areas that support and retain waterfowl and raptor habitat: • incorporate fences, walls, vegetative cover, or other measures to buffer waterfowl areas from the built environment; • locate and design roads and utilities in such a manner that they will not conflict or impact habitat areas; and • permit only the following uses: ▪ educational and research facilities (excluding buildings); ▪ passive (non-motorized, non-consumptive) recreation; ▪ trails on public land(s) if located outside of a undeveloped buffer zone; ▪ fish and wildlife management activities; and ▪ flood control projects where no other viable methods are available to protect the public safety. (I-7 and I-10)				X

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:	*The City will implement this General Plan policy.*				
18.1.3 The Plan includes measures to ensure that development projects that incorporate onsite mitigation for the loss of existing waterfowl and raptor habitat: • are reviewed by a City-approved biologist who conducts an onsite assessment to determine whether the mitigation is sufficient based upon the quality, location, or size of the area to be lost; • include a Biological Assessment Report that addresses the proposed project's impact on state and federally listed and candidate plants and animals; California Department of Fish and Game Special Animals; waterfowl or raptor habitat and any other special interest species or communities identified in the General Plan Analyses of Existing Conditions and Trends Report, or those hereafter named by state or federal trustee agencies; • assess project conformance to specific habitat objectives described above; • identify mitigation measures necessary to eliminate significant adverse impacts to sensitive biological resources; and • define a program for monitoring and evaluating the effectiveness of the specified mitigation measures. (I-7 and I-10)		X			
Comments:	*Per project EIR biology study*				
18.1.4 Periodically update the Biological Habitat Map (see Figure 6-5 – SOI GPA) and data base to maintain current information regarding waterfowl and raptor habitat. (I-6 and I-41)					X
Comments:	*The City will implement this General Plan policy.*				
18.1.5 The Plan includes sufficient technical data to enable an adequate assessment of the potential for impacts on biological resources. Such technical data shall include species lists, habitat use, acreage of habitat, and descriptions of any vegetation. (I-7 and I-10)		X			
Comments:	*Per project EIR biology study*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
18.1.6	The Plan assesses impacts on local biological resources and recommend appropriate mitigation measures, if necessary to account for specific development characteristics or site conditions that are not adequately addressed by the Sphere of Influence General Plan Environmental Impact Report. (I-7 and I-10)	X			
Comments:	*Per project EIR biology study*				
18.1.7	The Plan includes provisions encouraging development plans take all reasonable measures to avoid creating significant impacts. (I-7 and I-10)	X			
Comments:	*Per project EIR*				
18.1.8	The Plan includes provisions encouraging development plans take all reasonable measures to avoid altering the biological integrity. Reasonable measures may include but are not limited to vegetative restoration, control of alien plants and animals, and use of landscaping buffers. (I-7 and I-10)	X			
Comments:	*Per project EIR*				
18.1.9	The Plan includes provisions for enhancing the ponded areas adjacent to the flood control channel (i.e., planting native trees to serve as buffers). (I-36)	X			
Comments:	*Per project EIR*				
18.1.10	The Plan includes provisions requiring dedicated open space easements as a condition of approval for development projects proposed adjacent to waterfowl and raptor habitat areas that are voluntarily retained in the Sphere of Influence. These open space easements shall assure that the biological habitats are buffered and protected from degradation and shall be used only for passive recreational/educational purposes. (I-7 and I-10)	X			
Comments:	*Per project EIR*				

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
11.3.9 Ensure that development projects located adjacent to waterfowl or raptor habitat areas that are voluntarily retained in the Sphere of Influence: • Maintain a 100-foot buffer (minimum) from the edge of the habitat on the subject property; • maintain connection to other preserved habitats, where they exist; and • dedicate open space easements to the City, homeowner associations, or other responsible party. (I-7 and I-10)	X			
Comments: *Per project EIR*				
18.1.12 Establish an onsite "Wildlife Habitat" or Waterfowl and Raptor Conservation Area (WRCA) in the areas adjacent to the Chino Basin Flood Control Ponds located to the south of Chino Avenue, west of Archibald Avenue, north of Scaefer and east of Whispering Lakes Lane consisting of approximately 145 acres adjacent to the 85 acres of existing county-owned detention basins. (I-6) *Refer to p. 6-27, SOIGPA for complete discussion on the two approaches to establishing the WRCA.*				X
Comments: *The City will implement this General Plan policy.*				
18.2 Recovery of Delhi sands flower-loving fly				
18.2.1 Monitor the efforts of the Department of Fish and Wildlife to study the recovery of the Federally listed Delhi sands flower-loving fly. Assess the impacts of recovery recommendations for development in the Sphere of Influence. (I-5 and I-47)	X			
Comments: *Per project EIR*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
18.2.2	The City shall cooperate with the U.S. Fish and Wildlife Service in the following ways to mitigate potential impact to the DSFLF: • cooperate with USFWS to ensure, through the Specific Plan Process, that potential recovery areas are appropriately mitigated; • establish a standard for buffers for protecting DSFLF restoration areas, in cooperation with USFWS; and • work with rights-of-way owners and USFWS to explore the possibility of creating DSFLF habitat within these undeveloped strips. (I-5 and I-47)	X			
Comments:	*Per project EIR*				
18.3	***Increased public awareness of local biological resources***				
18.3.1	Sponsor or co-sponsor "balanced" educational programs that: • promote awareness of local biological resources; • inform about protection and preservation programs; • foster community attitudes and behaviors that help protect local plants and wildlife; and • encourage community involvement in protection programs. (I-50)				X
Comments:	*The City will implement this General Plan policy.*				
PART IV HAZARDS					
19.1	***Geologic and Seismic Hazards***				
19.1.1	The Plan includes requirements to validate the presence of unstable soils, areas of liquefaction potential, unique geological features, and shallow water tables.	X			
Comments:	*Per project EIR*				
19.2.1	Identifies the location and type of utilities within the area and identifies emergency procedures in case of breaks, rupture, or other disruption.	X			
Comments:	*Per project EIR*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
19.2.2 Identifies the location and type of utilities within the area and identify emergency procedures in case of breaks, rupture, other disruption.		X			
Comments:	*Per project EIR*				
19.3.1 Determine portions of the Sphere of Influence are subject to subsidence.		X			
Comments:	*Per project EIR*				
19.3.2 Update planning (including setbacks requirements), building (including design considerations), grading, and engineering requirements, as necessary, to protect life and property located near potential subsidence and fissure zones.					X
Comments:	*The City will implement this General Plan policy.*				
20.1 Protection from Fire Hazards					
20.1.1 Requires two viable points of ingress and egress from development projects.		X		3 and 4	
Comments:					
20.2.1 The Plan includes procedures to ensure that manure storage practices are not conducive to the generation of fires due to spontaneous combustion.		X			
Comments:	*Per project EIR*				
21.1 Dust, Wind and Blow Sand					
21.1.1 The Plan requires that structures be sited and designed to prevent adverse funneling of wind onsite and on adjacent properties.		X			
Comments:	*Per project EIR*				

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
21.2.1	The Plan requires provisions to construction for adherence to Soil Erosion Control Area or City-mandated dust control programs.	X			
Comments:	*Per Project EIR*				
21.2.2	The Plan requires that technical information and mitigation methods examples, regarding wind blown sand, available to the general public.	X			
Comments:	*Per project EIR*				
21.2.3	The Plan provides provisions to coordinate with other jurisdictions to maximize wind blown sand control planning.	X			
Comments:	*Per project EIR*				
22.1	***Soils***				
22.1.1	The Plan requires that geologic deposit technical information, erosion potential identification methods, and erosion control examples are made available to developers.	X			
Comments:	*Per project EIR*				
22.1.2	The Plan requires that soils engineering problem information, identification methods, and mitigation method examples are made available to developers.	X			
Comments:	*Per project EIR*				
22.1.3	The Plan includes provisions requiring proposed development projects to determine if the project would be located in or near areas with significant erosion potential or soil engineering problems. Require proposed project applications to include a detailed discussion regarding the types of soil and locations, erosion potential or soil engineering problems, and erosion control plans. Mitigation plans must address methods to be used during all phases of project development, implementation, and operation.	X			

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:	*Per project EIR*				
22.1.4 The Plan requires establishment and implementation of a procedure to be used to evaluate the suitability of developer proposed erosion control methods.		X			
Comments:	*Per project EIR*				
22.1.5 The Plan includes provisions requiring development applicants to certify that all deleterious materials, particularly organic residue from dairy, farming, or agricultural activity, have been removed, properly disposed, and will not impact the development during the project's life.		X			
Comments:	*Per project EIR*				
22.1.6 The Plan requires creation (pulled together from existing materials) of a Grading and Geotechnical Investigation Standards manual that will be available to developers and consultants in order to ensure the minimum proper soils engineering and engineering geologic study for all sites where grading will occur. Together these standards and policies should effectively mandate proper studies before development approval, in which grading, foundations, and slope stability would be analyzed and any potential hazards identified. Mitigation of the potential hazards would occur through the proper application of recommendations arising from these studies. Topics shall include but not necessarily be limited to soils engineering and foundations, slope stability, erosion, liquefaction/dynamic settlement, shallow groundwater, and fault location/activity. This manual shall be available at the permit stage prior to initial feasibility and design studies in order to enhance (streamline) the development review and environmental review processes.		X			
Comments:	*Per project EIR*				
22.2.1 Determine if the manure stockpiles have the potential to create a nuisance, structural, or groundwater contamination problems. If so, require proper mitigation.		X			
Comments:	*Per project EIR*				
23.1 Hazardous Materials & Waste					

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
23.1.1	Require phase I Environmental Assessments for the presence of hazardous materials prior to the demolition of any buildings or the construction of new development on any properties within the Sphere of Influence. If hazardous materials are found, implement measures for their safe removal or containment, meeting applicable regulatory standards, prior to demolition of affected structures and/or construction on the affected areas.	X			
Comments:	*Phase I study completed by developer*				
23.1.3	Require projects to comply with policies set forth in the City of Ontario General Plan regarding the handling, transporting, treating generating and storage of hazardous materials.	X			
Comments:	*Per project EIR*				
24.1	***Noise***				
24.1.1	Monitor and update available data regarding the community's existing and projected ambient and stationary noise levels as show on Figures 7-4 and 7-6 of the SOI GPA.				X
Comments:	*The City will implement this General Plan policy.*				
24.2.1	Site housing, health care facilities, schools, libraries, religious facilities, and other "noise sensitive" land uses in areas where existing or future noise levels are below an Ldn of 60 (dB(A) exterior and an Ldn of 45 dB(A) interior limits.	X		3	
Comments:					
24.2.2	The Plan permits the locations of commercial, industrial, and recreational uses in areas where the ambient noise levels exceed an Ldn of 60 dB(A), if they area able to reduce the interior noise levels to within the 45 dB(A) Ldn level.	X			
Comments:	*Per project EIR noise study*				

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
24.2.3 The Plan requires that • Dining and other high noise-generating entertainment uses in commercial areas are not located directly adjacent to any residences, schools, health-care facilities, or other noise sensitive" land uses; and • The entertainment and restaurant/bar uses' outdoor dining areas, waiting areas, entries, and kitchens are located in such a manner that the noise levels emanating from these uses are not discernible from ambient noise levels at a distance of fifty (50) feet from the establishment in which it is being conducted or within ten (10) feet of any residence (whichever is more restrictive).	X		9	
Comments:				
24.2.4 The Plan requires that the facilities for active recreational uses that are likely to draw cheering crowds, elicit loud play, or have amplified game announcements (i.e., stadiums, soccer fields, tennis courts, basketball courts, etc) be located within the park's interior and away from surrounding residential and "noise sensitive" uses.				X
Comments:	*The General Plan does not propose such uses within the West Haven Specific Plan.*			
24.2.5 The Plan requires educational, recreational, commercial, and industrial land uses (including educational campuses, parks, stadiums, and public event facilities) be designed in such a manner that: • Locate and orient vehicle access points away from residential and/or noise sensitive parcels. • Locate loading and shipping facilities away from adjacent noise sensitive uses; • Incorporate structural building materials that mitigate sound transmission; • Minimize the use of outside speakers and amplifiers; • Configure interior spaces to minimize sound amplification and transmission; and • Incorporate fences, walls, landscaping and other noise buffers and barriers between incompatible uses, as appropriate.				X
Comments:	*The General Plan does not propose such uses within the West Haven Specific Plan.*			

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
24.2.6 The Plan requires mixed-use buildings: • Be constructed soundly to prevent adverse noise transmission between differing uses or tenants located in the same commercial structure and individual dwelling units in multi-family residential structures; and • Designed for concurrent commercial and residential and uses to minimize to the greatest degree practicable (through design and construction techniques) the transfer or transmission of noise and vibration from the commercial land use to the residential land use,				X
Comments: *The General Plan does not propose such uses within the West Haven Specific Plan.*				
24.2.7 The Plan requires that, prior to the issuance of grading permits, an Acoustical Analysis Report be submitted to the City Engineer by the project developer. The report shall: • Describe the cumulative effect of road noise on surrounding land uses and recommend mitigation measures; • describe in detail the interior and exterior noise levels for residential uses on the site and the specific design and mitigation features to ensure compliance with the City's noise criteria of 65 dB(A) CNEL for outdoor living areas and 45dB(A) CNEL in habitable rooms; • specify the noise barriers' height, location, and types capable of achieving the desired mitigation affect; and • identify those residential lots that may require mechanical ventilation to achieve interior noise standards. When the operable doors and windows are open for homes facing these roadways, the interior 45 dB(A) CNEL interior noise limit for these units may be exceeded. Therefore, a "windows closed" condition may be required for these units. Any proposed mechanical ventilation must meet the requirements of the Uniform Building Code (UBC) standard. It should be noted that the windows facing some roadways may be openable windows, but the homeowners would have the option to close the windows and still obtain adequate ventilation through the use of a mechanical ventilation system. This mechanical ventilation system shall supply two air changes per hour to each habitable room, including 20 percent (one-fifth) fresh make-up air obtained directly form the outdoors. The fresh air inlet duct shall be of sound attenuating construction and shall consist of a minimum of ten feet of straight or curved duct or six feet plus one sharp 90 degree bend. The City Engineer shall ensure that the Acoustical Analysis Report identifies any requirements for mechanical ventilation for individual onsite residential units. (I-7 and I-10)	X			

Policy		Fully Complies	Partially Complies	S.P Sec. No.	N/A
Comments:	*Per project EIR noise study*				
24.2.8 The Plan requires that all prospective owners and occupants of residential units be formally notified prior to purchase, lease, or rental, that certain units (without windows and doors closed), and outdoor areas could be subject to noise levels above City standards for residential uses. Such notification shall be in language approved by the City Planning Department, and shall be formalized in written Covenants, Conditions, and Restrictions (CC&Rs) recorded on the title of each residential lot in the project. In addition, each advertisement, solicitation, and sales brochure or other literature regarding the project shall contain the approved notification language. (I-7 and I-10)		X			
Comments:	*Per Project EIR recommended mitigation measures.*				
24.2.9 The Plan limits construction in the Sphere of Influence to the hours of 7:00 AM to 7:00 PM Monday through Saturday, and prohibited on Sundays and Federal holidays. (I-7 and I-10)		X			
Comments:	*Per City noise ordinance*				
24.2.10 The Plan requires all project construction vehicles or equipment, fixed or mobile, be equipped with properly operating and maintained muffler. (I-7 and I-10)		X			
Comments:	*Per City noise ordinance*				
24.2.11 The Plan requires that stockpiling and/or vehicle staging areas be located as far as practical from existing residential units on and off the project site. (I-7 and I-10)		X			
Comments:	*Per City requirements*				
24.2.12 The Plan requires to, whenever feasible, schedule the noisiest construction operations to occur together to avoid continuing periods of the greatest annoyance. (I-7 and I-10)		X			
25.1 Air Quality					

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
25.1.1 Continue to enforce the following: • During all construction activities, construction contractors shall use low emission mobile construction equipment where feasible to reduce the release of undesirable emissions. • During all construction activities, construction contractors shall encourage rideshare and transit programs for project construction personnel to reduce automobile emission. • During all grading and site disturbance activities, construction contractors shall water active sites at least twice a day, and clean construction equipment in the morning and/or evening to reduce particulate emissions and fugitive dust. • During all construction activities, construction contractors shall, as necessary, wash truck tires leaving the site to reduce the amount of particulate matter transferred to paved streets as required by SCAQMD Rule 403. • During all construction activities, construction contractors shall sweep on and offsite streets if silt is carried to adjacent public thoroughfares, as determined by the City Engineer to reduce the amount of particulate matter on public streets. • During all construction activities, construction contractors shall limit traffic speeds on all unpaved road surfaces to 15 miles per hour or less to reduce fugitive dust. • During grading and all site disturbance activities, at the discretion of the City Planner, construction contractors shall suspend grading operations during first and second stage smog alerts to reduce fugitive dust. • During grading and all site disturbance activities, at the discretion of the City Planner, construction contractors shall suspend all grading operations when wind speeds (including instantaneous gusts) exceed 25 miles per hour to reduce fugitive dust. • During all construction activities, the construction contractors shall maintain construction equipment engines by keeping them tuned.	X			

Policy	Fully Complies	Partially Complies	S.P Sec. No.	N/A
• During all construction activities, the construction contractors shall use low sulfur fuel for stationary construction equipment as required by AQMD Rules 431.1 and 431.2 to reduce the release of undesirable emissions. • During all construction activities, the construction contractors shall use existing onsite electrical power sources to the maximum extent practicable. Where such power is not available, the Contractor shall use clean fuel generators during the early stages of construction to minimize or eliminate the use of portable generators and reduce the release of undesirable emissions. • During all construction activities, the construction contractors shall use low emission, on site stationary equipment (e.g., clean fuels) to the maximum extent practicable to reduce emissions, as determined by the City Engineer. • During all construction activities, the construction contractors, in conjunction with the City Engineer, shall locate construction parking to minimize traffic interference on local roads. • During all construction activities, the construction contractors shall ensure that all trucks hauling dirt, sand, soil, or other loose materials are covered or should maintain at least two feet of freeboard (i.e., minimum vertical distance between top of the load and the top of the trailer) in accordance with the requirements of the California Vehicle Code Section 23114 to reduce spilling of material on area roads. (I-14)

CITY OF ONTARIO *Agenda Report* **July 18, 2023**	**SECTION:** **PUBLIC HEARINGS**
Department: Utilities Prepared By: Michael Sigsbee Staff Member Presenting: Scott Burton, Utilities General Manager Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 41

SUBJECT: A PUBLIC HEARING TO CONSIDER A RESOLUTION RELATED TO THE RATES FOR WATER, SEWER, AND SOLID WASTE SERVICES

RECOMMENDATION: That City Council conduct a public hearing to consider all written protests against the proposed increases in the rates for water, sewer, and solid waste services in accordance with California Constitution, Article XIII D, Section 6(a), and consider and approve a resolution related to the rates for water, sewer, and solid waste services.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT:

The City has retained Raftelis Financial Consultants, Inc. (RFC) and HF&H Consultants, LLC (HF&H) to conduct cost of service analyses and studies pertaining to the rates for water, sewer, and solid waste services covering Fiscal Year 2023-24 and Fiscal Year 2024-25. These reports have been presented to the City and are available to the public. Based on the studies, and considering increased costs of service, changes to the rate structures and increases to rates for water, sewer, and solid waste services are required. Therefore, rate increases and some new rate structures are recommended for these services to become effective on July 19, 2023, and July 1, 2024.

If approved, the overall recommended rate increases for a typical residential customer would result in an average increase to the combined monthly utility bill of approximately $8.35, or 7%, in the first year and $7.92, or 6%, in the second year.

On June 20, 2023, the City Council adopted Ordinance No. 3251 amending the Ontario Municipal Code related to the Disabled Person's and Senior Citizen's Discount. Staff recommends approving a flat $15 per month discount along with the utility rates and charges, to be applied to customer accounts that meet the low-income criteria set at or below 200% of federal poverty level, and other program qualifications in order to receive the discount. The annual fiscal impact to fund the Disabled Person's and Senior Citizen's Discount program will be subject to future Council approved budgets and the number of eligible participants that meet the program qualifications. Anticipated

costs are approximately $200,000 per year, and will be shared between the Utility Enterprise Funds and the General Fund. The budget for the anticipated program costs for Fiscal Year 2023-24 will be included in the next quarterly update.

The City proposes to continue passing through a treatment charge for costs imposed on the City by Inland Empire Utilities Agency (IEUA). The City is proposing to authorize passing through any increases in the IEUA treatment charge (IEUA Charge) that are imposed on the City by IEUA for a five-year period, commencing July 1, 2024 through and including July 1, 2028. Any annual pass through will only increase the IEUA Charge component of the sewer service fees, shall not exceed 10% in any calendar year, and in no event shall the rates for the IEUA Charge be increased by more than the cost of providing sewer treatment services. The IEUA Board has approved treatment rates through July 1, 2024. The current monthly rate for the IEUA Charge is $23.39 for a single family residential unit (Equivalent Dwelling Unit or EDU) and will be $24.79 effective July 1, 2024.

BACKGROUND & ANALYSIS: Pursuant to Proposition 218 (California Constitution, Article XIII D, Section 6), the City is required to conduct a public hearing and consider all written protests against the proposed changes and increases to the water, sewer, and solid waste rates. If, at the conclusion of the public hearing written protests against the proposed changes do not constitute a majority out of the City's 42,943 parcels, the City Council may consider and adopt the proposed resolution amending the water, sewer, and solid waste service charges and fees.

Pursuant to Proposition 218 (California Constitution, Article XIII D, Section 6), the City is required to comply with the following procedures prior to increasing water, sewer, and solid waste service fees and charges:

Proposition 218 Procedure

1. Parcels upon which the increased fee or charge is proposed to be imposed have been identified, and Proposition 218 Notice (Notice) was mailed on June 2, 2023 to (a) the record owner (as defined in California Government Code Section 53750(j) (Owner) of each identified parcel (as defined in California Government Code Section 53750(g)); and (b) any customer of record who, at the time the notice is mailed, has a billing account with the City and is directly liable to pay the fee (Customer) for an identified parcel.
2. The Notice contained (a) the amount of the fee or charge; (b) the basis on which it was calculated; (c) reason for the increase; and (d) the date, time, and location the City Council will conduct a public hearing on the proposed increase.
3. A public hearing was scheduled for July 18, 2023 (at least 45 days after the Notice was mailed) to consider all written protests against the proposed increase to the fee or charge. If, at the conclusion of the hearing, written protests against the proposed increased fee are presented by a majority of Owners/Customers of parcels to be charged, the City may not increase the fee.

Resolution 2007-097 (Adopted on August 21, 2007) established the following procedures for considering protests against proposed rate increases in accordance with California Constitution, Article XIII D, Section 6(a):

1. Each Owner or Customer may submit one written protest per parcel. Each protest must be submitted to the City Clerk at 303 East "B" Street, Ontario, California 91764, or in person at the public hearing.
2. All protests must be received by the City Clerk by the close of the public hearing. Any protest received after the close of the public hearing, even if postmarked prior to that time, will not be accepted or counted.
3. Each protest must be in writing and provide the location of the identified parcel (by assessor's parcel number or street address) and include the signature of the Owner or Customer. Protests submitted by e-mail will not be accepted. Although oral comments or testimony at the public hearing will not qualify as a formal written protest, the City Council welcomes input from the public during the public hearing on the proposed fee.
4. To be valid, a protest must (a) state that it is in opposition to the proposed fee; and (b) contain the original signature of an Owner or Customer of the identified parcel. Any protest that does not contain this information or an original signature of either an Owner or Customer shall not be tabulated.
5. Any Owner or Customer who submits a protest may withdraw it by submitting a written request to withdraw the protest. The request must be submitted to the City Clerk prior to the close of the public hearing either at 303 East "B" Street, Ontario, California 91764, or in person at the public hearing. The withdrawal of a protest must include the location of the identified parcel (by assessor's parcel or street address) and include the original signature of the Owner or Customer who submitted the protest. Only the Owner or Customer who submitted the protest may withdraw it. A request to withdraw a protest submitted by e-mail will not be accepted.
6. If an identified parcel is owned by more than a single Owner or more than one name appears on the City's records as the Customer for the identified parcel, or if the Customer is not the Owner, each Owner or Customer may submit a protest; provided, however, only one protest will be counted per identified parcel. Any one protest submitted in accordance with these procedures shall be sufficient to count as a protest for that identified parcel.
7. The City Clerk shall determine the validity of all protests. The City Clerk shall not accept as valid any protest if the City Clerk determines that any of the following conditions exist:
    a. The protest is not in writing.
    b. The protest does not provide the location of the identified parcel by either assessor's parcel number or street address.
    c. The protest does not contain an original signature of an Owner or Customer of the property identified on the protest.
    d. The protest does not state its opposition to the proposed fee which is the subject of the protest proceeding.
    e. The protest is not received by the City Clerk prior to the close of the public hearing on the proposed fee.
    f. A valid request to withdraw the protest is received prior to the close of the public hearing on the proposed fee.
8. The City Clerk's decision regarding the validity of a protest or a request for the withdrawal of a protest of shall constitute a final action of the City and shall not be subject to any internal appeal.

9. The City Clerk may begin to tabulate protests at any time after the close of the public hearing on the proposed fee. In the event the City Clerk cannot complete the tabulation of the protests before the conclusion of the City Council meeting, the City Council may continue the action to impose or not impose the fee to another City Council meeting date. The continuation of the action on the item to another meeting does not reopen the public hearing on the proposed fee.
10. A majority protest exists if valid written protests are timely submitted and not withdrawn by the Owners of or Customers with respect to a majority of the identified parcels.

Proposed Rates

Utility services for water, sewer, and solid waste are operated as separate Enterprise Funds and are not commingled with the City's General Fund. Utility services are funded by fees and charges (rates) and the budgets are set annually. Rates and services are reviewed periodically to ensure that the established service rates are:

- Adequate to recover costs reasonably borne in providing the services.
- Equitable to all customer classes.
- In compliance with all State and Federal regulations.
- Easily explained to customers.

The basis and reasons for the proposed changes and rate increases are to enable the City to recover operating expenses, and to maintain the operational and financial stability of the utilities, while maintaining our commitment to provide the highest quality services at the lowest possible rates for our customers. The proposed rates are based on multi-year financial plans. The multi-year financial plans assess the City's revenue requirements for both operations and capital facilities for water, sewer, and solid waste including information from the most recent master plans. The proposed rate increases will occur on July 19, 2023, and July 1, 2024.

The current and proposed rates are set forth in the attached resolution relating to services and fees for water, sewer, and solid waste.

Water

The Water Fund faces many challenges in providing safe, reliable water services. Many of these challenges continue to increase the cost of providing water services. Some of these include:

- The cost of imported water, which constitutes approximately one third of the City's water supply, and the impact of drought on its availability.
- The cost of acquiring additional groundwater production rights needed to supplement the City production rights.
- Increased costs to replace and reconstruct aging water facilities and to construct new facilities to correct existing system deficiencies.
- Legislative mandates related to more stringent Drinking Water Standards and the presence of various plumes of groundwater contaminants, such as nitrates, volatile organics, perchlorate and polyfluoroalkyl substances (PFAS) which reduce the useful life of some of the existing

wells, limit the areas where new wells can be drilled, or require expensive water treatment.

To offset some of the cost increases to meet increasing regulatory requirements, pay for more expensive imported water, and maintain or replace aging infrastructure, the following cost avoidance and cost cutting measures have been implemented which will limit the proposed rate increase to a minimum:

- Expanding the use of recycled water as an alternative to more expensive imported water supply options.
- Reducing energy cost by controlling time of pumping and use of more efficient motors.
- Increasing operational efficiency to reduce costs wherever possible.

The rate structure for water has three customer classes – Single Family Residential Potable (SFR Potable), Non-Single Family Residential Potable (Non-SFR Potable), which includes multi-family, commercial and industrial customers, and Recycled. The monthly water service charges consist of two components: (1) a fixed monthly service charge (Readiness to Serve Charge or Base Charge); and (2) a variable monthly water usage charge (Commodity Charge) which is broken down by tier on residential customer bills. The rates for the Readiness to Serve Charge are established on the basis of the meter size of the property receiving water service from the City and are calculated to recover a portion of the City's fixed costs for water facilities, repairs and replacements, as well as the cost of meter reading, billing, customer service, and other costs of operating the system. The rates for the Commodity Charge are calculated on the basis of the cost of providing water, including purchasing water, managing the City's water resources, costs for facilities necessary to accommodate peak use, and other costs that the City incurs that fluctuate with the amount of water consumed, or that are incurred in order to have capacity to serve high water users. For SFR Potable customers, the proposed Commodity Charge consists of three tiers which will impose higher rates per unit of water as the level of consumption increases, in relation to the overall higher cost to provide water as consumption increases. For Non-SFR Potable (multi-family, commercial, and industrial customers) and Recycled customers, the proposed Commodity Charges consist of single uniform rates.

In addition to the water service charges described above, the City also imposes a monthly private fire service fee on certain properties as a condition of extending or initiating water service by (1) the installation of a private fire hydrant, and (2) upon the request of the consumer or property owner for the delivery of water to the property for the purpose of private fire service protection. The rates for the monthly fire service fees are established on the basis of the size of the pipe through which water is delivered to the private fire hydrant and is calculated to recover the cost of providing water to such properties for private fire service protection.

Based on the Study, and in light of increased costs, increases to the rates for water service fees are required to meet increased costs of service. The recommended water rates will increase the average residential water bill by about $4.05 (6%) per month effective on bills sent on or after July 19, 2023, and by about $3.61 (5%) per month effective on bills sent on or after July 1, 2024. The recommended increases in water charges are needed to fund increased imported water costs, capital construction and replacement projects, and the increased cost of operations and water treatment.

Recycled water is an important part of Ontario's water supply, and there has been rapid escalation in the cost to purchase recycled water from IEUA. As a result, the cost to provide recycled water to Ontario customers has increased. The overall recommended increase to the typical recycled water customer is estimated to increase by about 9% per month, each year. The recommended increase in recycled water charges is needed to fund the increased cost of purchasing recycled water and pay for operations, maintenance and capital construction.

Sewer

The City maintains the sewer collection system to provide a high level of customer service and comply with federal, state and local laws and regulations, particularly Waste Discharge Requirement (WDR) and Sanitary Sewer Overflow (SSO) regulations. These regulations require that the collection system be properly managed, operated, and always maintained, and that adequate capacity to convey base flows and peak flows for all parts of the collection system is provided. The SSO regulations require video inspecting of all sewer lines and taking all feasible steps to stop and mitigate the impact of sanitary sewer overflows.

The City contracts with IEUA for sewer treatment at regional sewer treatment facilities owned and operated by IEUA. The IEUA Board of Directors sets the treatment rate per EDU (Equivalent Dwelling Unit = one single family residence) which is charged to the City and passed through on the City utility bills. The City proposes to continue passing through the IEUA Charge for costs imposed on the City by IEUA for treatment.

The rate structure for the sewer rates includes two customer classes – Residential and Non-Residential. Residential customers, including single-family and multi-family, are charged based on EDUs assigned to the property. EDUs are calculated based on the average single family residential household size of 3.83 people, each using 55 gallons of water per day with an average return to sewer factor of about 57%. In order to come up with the rate for multi-family residential customers, which are projected to have 3.08 people per household, the EDU is multiplied by 80% of a single family residential customer (3.08/3.83 equals approximately 80%). Non-residential customers are generally charged based on an average return to sewer factor of 90% of water usage for the applicable billing period.

Based on the Study, and in light of increases to current and projected costs, increases to the rates for single-family and multi-family customers are recommended. The recommended rates for single-family customers will increase the average residential sewer bill by about $0.27 (2%) per month, from $13.63 to $13.90, effective on bills sent on or after July 19, 2023, and by about $0.28 (2%) per month, from $13.90 to $14.18, effective on bills sent on or after July 1, 2024. The recommended rates for multi-family customers will increase the average sewer bill by about $0.22 (2%) per month, from $10.96 to $11.18 per residential unit, effective on bills sent on or after July 19, 2023, and by about $0.22 (2%) per month, from $11.18 to $11.40 per residential unit, effective on bills sent on or after July 1, 2024. Based on the Study and the overall allocation of the cost to provide sewer services, the charge for non-residential customers is proposed to be reduced from $1.44 per HCF to $1.38 per HCF on or after July 19, 2023, but then to increase from $1.38 to $1.41 per HCF on July 1, 2024.

Solid Waste

The City's Integrated Waste Division provides solid waste, recycling, and organics collection and related transportation, material processing, and disposal services to City residents and businesses. The City currently has a contract with Burrtec for the processing of its recyclables and organics and a contract with Waste Management for the processing, transfer, and disposal of refuse at the El Sobrante Landfill.

Integrated Waste Fund expenses generally consist of:

- Landfill disposal costs including handling, transfer, and recycling services.
- Operation and maintenance expenses including collection and hauling; cart, bin, and roll off repair and replacement; household hazardous waste; supervision; utility billing and customer service.
- Cost allocations to the General Fund for City provided services.
- Street sweeping and illegal dumping clean up services.
- A capital improvement program.

Integrated Waste continues to face the challenges related to the cost to provide handling, transfer, landfill disposal, and recycling, especially regarding legislative mandates related to expanded diversion and recycling to help reduce greenhouse gas emissions, such as commercial and industrial recycling, food waste recycling, tire, mattress, and electronic waste handling and recycling, which are resulting in increased cost of service. As a result of the implementation of new State-mandated waste diversion programs and organic waste diversion regulations promulgated in response to Senate Bill 1383 (SB 1383) that took effect January 1, 2022, the City has experienced increased costs relating to legal requirements associated with combining food waste and yard waste in organic carts.

To offset some of the cost increases associated with handling and disposal and regulatory requirements, the following cost avoidance and cost cutting measures have been implemented which will limit the proposed rate increase to a minimum:

- Extending the useful life of solid waste vehicles and equipment to reduce capital replacement costs.
- Increasing operational efficiency to help reduce labor costs such as conducting special collection events.

The rate structure for the solid waste service fees has three customer classes – Residential, Commercial, and Industrial. For Residential customers, the City offers a monthly rate for bundled solid waste, recycling, and organics service. For Commercial customers, the City offers monthly rates for subscription service and per pick-up rates for on-call service for solid waste, recycling, and organics bin service. For Industrial customers, the fees are calculated based on the cost to service roll off containers and the disposal cost of the material type collected. The fees are calculated based on the type and size of containers used, which includes carts, bins, and roll offs, the type of service, and the frequency of collection.

The fixed collection costs include such items as City administration and City-wide programs. The volumetric collection costs depend on subscribed level of service and are charged based on a full-time equivalent route factor that calculates collection truck capacity, average route hours, and disposal trip time based on each container size, an equivalent container factor (ECF) that calculates the variable costs per load, and an equivalent container unit (ECU) that is calculated by multiplying the number of containers by size, by the applicable ECF.

Based on the Solid Waste Study, and in light of the increased costs, increases to the rates for solid waste service fees are required to meet increased costs of service. In response to the mandates related to SB 1383 and food waste collection efforts, as well as other increased costs of operations, the recommended rates will increase the average residential solid waste bill by $4.03 per month from the current rate of $35.75 to $39.78 effective on bills sent on or after July 19, 2023, and by $4.03 per month to the rate of $43.81 effective on bills sent on or after July 1, 2024.

RESOLUTION NO. 2023-___

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, ADOPTING INCREASES OR MODIFICATIONS TO THE RATES FOR ITS WATER, SEWER, AND SOLID WASTE SERVICE CHARGES.

WHEREAS, the City of Ontario ("City") provides water, sewer, and solid waste services to residences, businesses and other properties in the City; and

WHEREAS, the City undertook rate studies to analyze the revenue requirements, and the rate structure necessary to fund infrastructure needs, programs, and operations and maintenance costs of the City's water, sewer, and solid waste services and to proportionately allocate the costs of providing such services; and

WHEREAS, the City retained Raftelis Financial Consultants, Inc., an independent rate consultant, to conduct a water and sewer cost of service analysis and rate study (the "Study"); and

WHEREAS, the City retained HF&H Consultants, LLC, an independent rate consultant, to conduct a solid waste cost of service analysis and rate study (the "Solid Waste Study"); and

WHEREAS**,** the results and recommendations of the Study and Solid Waste Study were presented at the July 18, 2023 City Council Meeting; and

WHEREAS**,** the City has determined that it is necessary to impose new, increased or modified rates for its water, sewer, and solid waste service charges (collectively herein, the "Charges"); and

WHEREAS, the rate structure for water has three customer classes - Single Family Residential Potable, Non-Single Family Potable, and Recycled; and

WHEREAS, the water service charges consist of two components: (1) a fixed charge (referred to as the "Readiness to Serve Charge" or the "Base Charge" on customer bills), determined on the basis of the size of the meter serving the property and (2) a variable monthly water usage charge (referred to as the "Commodity Charge" on customer bills) determined on the basis of the costs of providing water when demand fluctuates or to provide capacity to serve water users; and

WHEREAS, the City imposes a monthly private fire service fee on certain properties based on the size of the pipe through which water is delivered to the private fire hydrant to provide private fire service protection; and

WHEREAS, the City proposes to increase the rates for its water service charges for a two-year period, commencing July 19, 2023, and July 1, 2024; and

WHEREAS, the rate structure for sewer includes two customer classes – Residential and Non-Residential, with residential customers charged based on equivalent dwelling units, and is comprised of the City's sewer service charges, and a separate charge to recover costs imposed on the City by the Inland Empire Utilities Agency ("IEUA"); and

WHEREAS, the City proposes to increase the rates for its sewer service charges for a two-year period, commencing July 19, 2023, and July 1, 2024; and

WHEREAS, from time to time, IEUA adopts increases to the fees and charges imposed on the City for wholesale wastewater service, and to ensure sufficient revenues to provide continued sewer service to the City's customers, the City is will annually pass through to its customers any increases in the rates for wholesale sewer service imposed by IEUA and recovered through the IEUA charge ("IEUA Pass Through Treatment Charge Adjustment") for the period commencing July 1, 2024, through and including July 1, 2028; and

WHEREAS, the IEUA Pass Through Treatment Charge Adjustment will only impact the IEUA charge component of sewer service fees, shall not result in an increase to the IEUA charge of more than 10% in any calendar year water or increase the City's sewer service charges by more than the cost of providing sewer service, and property owners shall be notified at least 30 days in advance of any IEUA Pass Through Treatment Charge Adjustment; and

WHEREAS, the rate structure for solid waste, recycling and organics collection includes three customer classes – residential, commercial, and industrial, based on the container size, type of service, and frequency of collection; and

WHEREAS**,** the revenues derived from the Charges will not exceed the funds required to provide the services for which the Charges are imposed, and will be used exclusively for the operation and maintenance of the City's water, sewer, or solid waste systems, as applicable; and

WHEREAS**,** the Charges are equitable to all customer classes; and

WHEREAS**,** the amount of the Charges will not exceed the proportional cost of the service attributable to each parcel upon which they are proposed for imposition; and

WHEREAS**,** the Charges will not be imposed on a parcel unless the service for which such Charge is imposed, is actually used by, or immediately available to, the owner of the parcel; and

WHEREAS**,** article XIII D, section 6 of the California Constitution ("Article XIII D") requires that prior to imposing any increase to the Charges, the City shall provide written notice (the "Notice") by mail of the new or increased Charges to the record owner of each parcel upon which the Charges are proposed for imposition and any tenant directly liable for payment of the Charges, the amount of the Charges proposed to be imposed on each parcel, the basis upon which the Charges were calculated, the reason for the Charges, and the date time and location of a public hearing (the "Hearing") on the proposed Charges; and

WHEREAS, pursuant to Article XIII D such Notice is required to be provided to the affected property owners and any tenant directly liable for the payment of the Charges not less than forty-five days prior to the Hearing on the proposed Charges, and the City provided such notice in compliance with Article XIII D; and

WHEREAS, the Hearing was held on this day, July 18, 2023; and

WHEREAS, at the Hearing the City Council heard and considered all oral testimony, written materials, and written protests concerning the establishment and imposition of the proposed rate increases for the Charges, and at the close of the Hearing the City did not receive written protests against the establishment and imposition of the proposed rate increases for the Charges from a majority of the affected property owners subject to Charges; and

WHEREAS, the City Council now desires to establish and impose the proposed Charges as set forth in Exhibit A, B, and C; and

WHEREAS, the City Council further desires to establish and adopt, pursuant to Section 6-8.50 of Chapter 8B (Water Services) of Title 6 (Sanitation and Health) of the Ontario Municipal Code, as may be amended from time to time, a discount rate for the City's Disabled Person's and Senior Citizen's Discount Program; and

WHEREAS, at its September 7, 2021 meeting, the City Council approved Resolution No. 2021-145 to authorize the future rates for water, sewer, and solid waste service fees and charges, and the future rates for the IEAU Pass Through Treatment Charges.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ONTARIO AS FOLLOWS:

SECTION 1. Incorporation of Recitals. The City Council finds and determines that the foregoing Recitals are true and correct and incorporates the Recitals herein.

SECTION 2. Adoption of Water Service Charges. The City Council hereby adopts the water service charges, to be effective on the dates, in the amounts, and at the rates set forth in Exhibit "A", attached hereto and incorporated herein by this reference.

SECTION 3. Adoption of Sewer Service Charges. The City Council hereby adopts the sewer service charges, to be effective on the dates, in the amounts, and at the rates set forth in Exhibit "B", attached hereto and incorporated herein by this reference.

SECTION 4. Adoption of IEUA Pass Through Treatment Charge Adjustment. The City Council hereby adopts the IEUA Pass Through Treatment Charge Adjustment for the period commencing July 1, 2024, through and including July 1, 2028. Pursuant to such authority, the City shall be authorized annually to increase the rate for the IEUA charge component of sewer service charges to account for any rate increase adopted by IEUA impacting the IEUA charge, provided the City shall not increase the IEUA charge component of the sewer service charges by more than 10% in any calendar year, and in

no event shall any such IEUA Pass Through Treatment Charge Adjustment cause the sewer service charges to exceed the cost of providing sewer service. Prior to implementing any increase in the sewer service charges as a result of an IEUA Pass Through Treatment Charge Adjustment, the City shall provide written notice of the rate increase at least 30 days in advance of the effective date.

SECTION 5. Adoption of Solid Waste Service Charges. The City Council hereby adopts the solid waste service charges, to be effective on the dates, in the amounts, and at the rates set forth in Exhibit "C", attached hereto and incorporated herein by this reference.

SECTION 6. Adoption of Disabled Person's and Senior Citizen's Discount. The City Council hereby adopts a Disabled Person's and Senior Citizen's discount rate of Fifteen Dollars ($15.00) per month from monthly utility bill invoices for eligible households pursuant to the terms and conditions of Section 6-8.50 of Chapter 8B (Water Services) of Title 6 (Sanitation and Health) of the Ontario Municipal Code, as may be amended from time to time.

SECTION 7. CEQA. The City Council finds that the administration, operation, maintenance, and improvements of the City's water, sewer, and solid waste systems, which are to be funded by the Charges, and set forth herein, are necessary to maintain service within the City's existing water, sewer, and solid waste service areas as described herein. The City Council further finds that the administration, operation, maintenance and improvements of the City's water, sewer, and solid waste systems, to be funded by the Charges, will not expand the City's water, sewer and solid waste systems. The City Council further finds that the adoption of the Charges is necessary and reasonable to fund the administration, operation, maintenance and improvements of the City's water, sewer, and solid waste systems. Based on these findings, the City Council determines that the adoption of the Charges established by this Resolution are exempt from the requirements of the California Environmental Quality Act pursuant to section 21080(b)(8) of the Public Resources Code and section 15273(a) of the State CEQA Guidelines. The documents and materials that constitute the record of proceedings on which these findings have been based are located at City of Ontario, 303 East "B" Street, Ontario, California 91764. The custodian for these records is the City Clerk of the City.

SECTION 8. Severability. If any section, subsection, clause or phrase in this Resolution or the application thereof to any person or circumstances is for any reason held invalid, the validity of the remainder of this Resolution or the application of such provisions to other persons or circumstances shall not be affected thereby. The City Council hereby declares that it would have passed this Resolution and each section, subsection, sentence, clause, or phrase thereof, irrespective of the fact that one or more sections, subsections, sentences, clauses or phrases or the application thereof to any person or circumstance be held invalid.

SECTION 9. Conflicts. The City is authorized to adopt the Charges by this Resolution pursuant to Ordinance No. 3133. All prior actions of the City Council, including resolutions, ordinances, or parts thereof, that are inconsistent with any provision of this Resolution are hereby superseded by this Resolution to the extent of such inconsistency.

SECTION 10. Effective Date. This Resolution shall take effect and be in full force and effect upon its adoption.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 18th day of July 2023.

SCHEDULE OF SEWER SERVICE CHARGES

City Sewer Service Charges				**IEUA Charge**			
Customer Class	Current	July 19, 2023	July 1, 2024	Monthly Rates	Current	July 19, 2023	July 1, 2024
Single Family Residential per Unit	$13.63	$13.90	$14.18	Rate per EDU*	$21.86	$23.39	$24.79
Multi-family Residential per Unit	$10.96	$11.18	$11.40				
Non-Residential per HCF ** (Proposed)	$1.44	$1.38	$1.41				

(*) EDU (Equivalent Dwelling Unit) is a term used to compare the flows generated by a single family residential unit for non-residential customers. IEUA multi-family is currently calculated at 0.7 EDU (70%).

(**) HCF (One Hundred Cubic Feet) is used to measure water consumption. Non-residential customers' sewer service charge will be calculated based on billed water usage and a 90% return-to-sewer factor.
