purposes of any compensation decision, the Fee Panel shall give significant weight to the extent to which (i) the Applicant and his or her clients have contributed to increasing (or reducing) Subdivision Participation in the Walmart Agreement as of the Threshold Subdivision Participation Date, and (ii) the Applicant and his or her clients have contributed to increasing (or reducing) the amounts achieved under Incentive Payments A-D through participation in the Walmart Agreement, including the Walmart Tribal Agreement. The Fee Panel shall also consider additional fee recoveries the Applicant may potentially obtain, including, but not limited to, from attorney fee funds under other Settlement Agreements, State Back-Stop Agreements, representations of States or Tribal Nations, representations of other clients in opioids-related matters, or through the representation of Subdivision clients, whether they participated in the Walmart Agreement or not. It is the intent of this provision to recognize that the goal of the Walmart Agreement is to provide for maximum participation by the Subdivisions, maximum abatement funding for all Subdivisions nationally, and the maximum peace for Released Entities. Therefore, representing a Non-Participating Subdivision does not further the goal of the Walmart Agreement, and should not be considered Common Benefit because it does not increase funds available to Participating Subdivisions' abatement programs. Representing Later Litigating Subdivisions or Later Litigating States is antithetical to the Walmart Agreement and detracts from Common Benefit. The Fee Panel shall consider this concept of "common detriment" set forth in this paragraph in all of its decision making with respect to the allocation of the Attorney Fee Fund among Applicants, as well as, in its discretion, any refunds provided to Walmart as set forth in Section II.H. The Fee Panel shall consider the totality of the Applicant's Participating Litigating Subdivisions as compared to the Applicant's Non-Participating Litigating Subdivisions; the Parties recognize that, although the goal is for 100% participation, Applicants with a greater number of clients have a greater probability of having one or more Non-Participating Litigating Subdivision. As used in this paragraph II.C.4, "client" or "representing" a Subdivision shall include any Litigating Subdivision as to which the Applicant has a Fee Entitlement.

5. As set forth in Section II.H, the Fee Panel must consider the factors described in paragraph II.C.4 to determine how and whether to allocate funds among Applicants and to determine the amounts to refund to Walmart. Any reduction to an Applicant not refunded to Walmart shall be allocated to attorneys whose Litigating Subdivision clients participated in the settlement by the Threshold Subdivision Participation Date.

D. *Contingency Fee Fund*. (40% of the Attorney Fee Fund.)

1. Walmart shall pay the entirety of the Contingency Fee Fund payment into the Attorney Fee Fund within fifteen (15) calendar days of the Effective Date of the Walmart Agreement, subject to the reductions set forth in Section II.A.2 and the adjustments set forth below.

2. The Contingency Fee Fund shall be available to compensate Attorneys engaged in Qualifying Representations of Participating Litigating Subdivisions that meet the criteria set forth in Section II.G.

   a. The Contingency Fee Fund shall be available to Attorneys who represent Litigating Subdivisions that are Participating Subdivisions, whether their actions are filed in state or federal court, and meet the eligibility criteria of Section II.G.

   b. Participation in the Contingency Fee Fund by counsel that have a case that is not subject to the jurisdiction of the MDL Court shall not create, provide, or waive jurisdiction of the MDL Court over that Litigating Subdivision, that case or Attorneys, other than to oversee the fairness of the distribution process, and enforcement of this Fee Agreement.

3. The amount owed by Walmart to the Contingency Fee Fund shall be reduced to reflect the non-joinder of Litigating Subdivisions in Settling States by subtracting the amounts identified by the Fee Panel, pursuant to paragraph II.H.7, that would have been owed to counsel for Non-Participating Litigating Subdivisions in Settling States had such Litigating Subdivisions been Participating Subdivisions. The Fee Panel shall remit payment to Walmart from the Contingency Fee Fund for any amounts corresponding to such reductions.

4. In the event that after the date of the Walmart Agreement, Walmart, prior to the Effective Date of the Walmart Agreement, settles with any Litigating Subdivision that would have been eligible to participate in the Settlement Agreement, and, under such settlement agreement pays attorneys' fees, the Fee Panel shall treat those Litigating Subdivisions as Participating Litigating Subdivisions and, applying the same criteria applicable to all Attorneys for Participating Litigating Subdivisions, determine what amount they would have been paid from the Contingency Fee Fund if they had become Participating Subdivisions under the Walmart Agreement without such prior settlement. That sum, rather than being paid to the Attorney for the previously settling Litigating Subdivision, shall be returned to Walmart, except that such refund shall not be greater than the amount paid to the Attorneys under the Litigating Subdivision's prior settlement agreement.

E. *Subdivision Cost and Expense Fund*

1. Walmart shall pay $22,500,000 into the Subdivision Cost and Expense Fund.

2. The Subdivision Cost and Expense Fund shall be available to compensate Attorneys for costs and expenses arising out of representation of Participating Litigating Subdivisions. No funds in the Subdivision Cost and Expense Fund

may be used to compensate the costs incurred by Non-Participating Subdivisions or Non-Litigating Subdivisions or costs and expenses arising out of representation of any such Subdivision. In allocating the Subdivision Cost and Expense Fund, the Administrator shall not allocate any funds for costs incurred after November 14, 2022.

3. During the period between November 14, 2022 and the Effective Date, the MDL PEC, as well as Litigating Subdivisions eligible to claim costs from the Subdivision Cost and Expense Fund shall make best efforts to cease litigation activity against Walmart, including by jointly seeking stays or severance of claims against Walmart, where feasible, or postponements if a motion to stay or sever is not feasible or is denied, so long as such actions are not otherwise detrimental to the Litigating Subdivision.

4. In the event that Walmart, prior to the Effective Date of the Walmart Agreement, settles with any Litigating Subdivision and, under such settlement agreement pays costs to the Litigating Subdivision or its Attorney, the MDL Cost and Expense Fund Administrator shall treat those Litigating Subdivisions as Participating Litigating Subdivisions and, using the same criteria applicable to all applicants to the Subdivision Cost and Expense Fund, determine what amount in costs the Litigating Subdivision or its Attorney would have been paid from the Subdivision Cost and Expense Fund if they had settled under the Walmart Agreement. That sum, rather than being paid to the Attorney or the previously settling Litigating Subdivision, shall be credited and/or returned to Walmart, except that such sum shall not be greater than the amount paid under the previously settled Litigating Subdivision's settlement agreement.

5. The Cost Fund shall be administered by the Cost Fund and Expense Fund Administrator (MDL Docket No. 3828), who will be governed by the provisions of this Agreement and shall design the process and procedures for the allocation of costs pursuant to this Agreement and the MDL Court's Order.

6. The costs of the Cost and Expense Fund Administrator shall be paid from the Cost Fund and allocated by the Cost and Expense Fund Administrator between the MDL Direct Cost Fund and the Subdivision Cost and Expense Fund to fairly charge each fund the cost incurred in implementing and supervising the specific fund.

7. The Cost and Expense Fund Administrator shall set the process and procedures for submission of and criteria for applications for payment of Subdivisions' and Tribal Nations' costs and expenses. The Cost and Expense Fund Administrator shall receive and evaluate applications from Participating Litigating Subdivisions and litigating Tribal Nations, whether filed in Federal Court or State Court, to seek reimbursement for eligible costs under Section II.E.2 in pursuit of claims against Walmart. The process shall require a showing that the costs or expenses sought were reasonably incurred in furtherance of active litigation of a designated state or federal bellwether trial-set case, or Common Benefit. The Cost and Expense Fund Administrator shall require transparency from all applicants as to any other sources for compensating Attorneys for Subdivisions and Tribal Nations for costs incurred. If funds remain after the reimbursement of approved out-of-pocket costs, the Cost and Expense Fund Administrator may consider reasonable and appropriate payment for client time, costs, or expenses incurred by recognized trial bellwether plaintiffs. At the conclusion of the process, any funds not allocated by the Cost and Expense Fund Administrator shall be transferred to the Common Benefit Fund established in this Exhibit R.

8. In the event that States and Subdivisions enter into an additional global settlement with a party or parties other than Walmart that is (a) under the jurisdiction of the MDL Court in MDL No. 2804, (b) creates a separate cost fund, and (c) unless the parties agree to another date, such agreement has an effective date prior to June 30, 2023, the Cost and Expense Fund Administrator shall have the authority to aggregate the Cost Fund with the cost fund created under that global settlement agreement. The Cost and Expense Fund Administrator shall have the authority to address the appropriate procedures and required information to allow the costs to be funded from the appropriate cost fund or shared by two or more cost funds; *provided, however*, that the Subdivision Cost and Expense Fund shall remain subject to the requirements set forth in Section II.E.2. For the avoidance of doubt, the Subdivision Cost and Expense Fund is available only to compensate Attorneys for costs and expenses arising out of representation of Participating Litigating Subdivisions and no funds in the Subdivision Cost and Expense Fund may be used to compensate the costs incurred by Non-Participating Subdivisions or Non-Litigating Subdivisions or costs and expenses arising out of representation of any such Subdivision.

F. *MDL Expense Fund*

1. Walmart shall pay $7,500,000 into the MDL Expense Fund.

2. The MDL Expense Fund shall be released following the Effective Date of this Fee Agreement without any delay to reimburse the MDL Counsel for an agreed-to portion of the expenses incurred, as approved by the Cost and Expense Fund Administrator. The sum deposited into the MDL Expense Fund will be paid directly to the MDL Cost Account, set up by MDL Order and will be administered under the ongoing jurisdiction of the MDL Court, as provided

below. No funds may be used to compensate the costs incurred by Non-Participating Subdivisions or to compensate any Attorney for costs incurred in representing one or more Non-Participating Subdivisions.

3. In allocating the MDL Expense Fund, the Administrator shall not allocate any funds for costs incurred after November 14, 2022, unless the Administrator determines that there are sufficient funds to cover all subdivision costs incurred prior to November 14, 2022 and that special circumstances exist to justify costs incurred following the public announcement of the Walmart Agreement, including reasonable costs related to the implementation of the Walmart Agreement.

G. Eligibility

1. It is the intention of all parties participating in the Fee Panel process that there should be total transparency to the Fee Panel and to all fund participants. In connection with the process to be developed by the Fee Panel, any and all monies in attorney's fees received or awarded, including prior or future Contingency Fees, Common Benefit Fees, referral fees, expenses paid, promises for payment, or any other Fee Entitlement, to any Applicant in any opioid litigation shall be disclosed to the Fee Panel as a condition of participating in the Attorney Fee Fund and prior to an award from the Fee Panel. Any payment, expectation of payment or perceived entitlement to participate in a State Back-Stop Agreement or any other agreement reached with a Settling State or any Subdivision or any other source regarding payment of fees must be disclosed to the Fee Panel. Similarly, any right to payment from any other fund, for example a fund for payment to lawyers representing Settling States or Tribal Nations or Subdivisions shall be disclosed to the Fee Panel. Because it is anticipated that there will be multiple firms listed on contingent fee agreements with Litigating Subdivisions, the Fee Panel shall establish procedures, with input from Attorneys for Participating Litigating Subdivisions, for which party or parties should petition for fees from such groups and to whom the fee shall be paid and thereafter distributed to co-counsel in accordance with applicable agreements. For the avoidance of doubt, all Attorneys that are part of such groups must meet the eligibility criteria in paragraph II.G.3, must be subject to the criteria set forth in paragraph II.C.4, and must be disclosed to the Fee Panel.

2. An Applicant may apply for and recover attorneys' fees from the Common Benefit Fund, the Contingency Fee Fund, and any fund created by a past or future State Back-Stop Agreement, provided the Applicant satisfies the requirements relevant to each such fund and requirements for disclosure to the Fee Panel.

3. An Attorney may not receive any payment from the Attorney Fee Fund (which includes both the Contingency Fee Fund and the Common Benefit

Fund) unless the following eligibility criteria are met and annually certified by the Attorney:

a. The Attorney must expressly waive the enforcement against the Litigating Subdivision client of all Fee Entitlements (other than under State Back-Stop Agreements) arising out of or related to any or all Qualifying Representations of any Participating Litigating Subdivision prior to applying for attorneys' fees from the Attorney Fee Fund. All applications for attorneys' fees under this Fee Agreement shall include an affirmation by the Attorney of such waiver and notice to the client(s) of such waiver. Such waiver shall not preclude the Attorney from submitting such Fee Entitlements to the Fee Panel as a factor for consideration in allocating payments from the Attorney Fee Fund or in connection with a State Back-Stop Agreement. For the avoidance of doubt, no Attorney may recover fees under this Fee Agreement unless the Attorney expressly agrees not to enforce Fee Entitlements as to each and every Participating Litigating Subdivision represented by that Attorney, but such Attorneys may participate in and receive funds from a State Back-Stop Agreement.

b. The Attorney must represent that s/he has no present intent to represent or participate in the representation of any Later Litigating Subdivision or Later Litigating State with respect to Released Claims against Released Entities.

c. The Attorney must represent that s/he has not and will not engage in any advertising or solicitation related to Released Claims against Released Entities where such advertising or solicitation relates to a representation of a Subdivision eligible to be a Participating Subdivision after the Threshold Subdivision Participation Date.

d. The Attorney must represent s/he will not charge or accept any referral fees for any Released Claims brought against Released Entities by Later Litigating Subdivisions or Later Litigating States. This representation shall not prohibit Attorneys from receiving allocated shares of any future common benefit assessments arising out of settlements or judgments with Later Litigating Subdivisions or Later Litigating States that are the result of the MDL Court's Common Benefit Order.

e. The Attorney may not have and must represent that s/he does not have a Fee Entitlement related to a Later Litigating Subdivision or Later Litigating State, other than a potential Common Benefit Fee.

f. The Attorney must fully disclose the participation, or the anticipation of participation, in any agreement with a Settling State or Participating Subdivision concerning fees arising out of or related to the Walmart

Agreement, including any fees paid or anticipated to be paid or any State Back-Stop Agreement.

g. The Attorney must identify for the Fee Panel whether s/he utilized state litigation work product or MDL work product, including but not limited to ARCOS data, document repositories, experts developed in the MDL, trial transcripts, or deposition transcripts. The Attorney must identify whether s/he signed the MDL Participation Agreement.

h. Any Attorney who applies for fees from one or both Funds must represent that, having exercised his/her independent judgment, s/he believes the Walmart Agreement to be fair and will make or has made best efforts to recommend the Agreement to his or her Subdivision clients in Settling States. For avoidance of doubt, each Attorney is expected to exercise his or her independent judgment in the best interest of each client individually before determining whether to recommend joining the settlement. All applications for attorneys' fees or costs under this Section shall include an affirmation by the Attorney in compliance with this Subsection.

4. No Attorney receiving fees under this Fee Agreement may apply for or recover from the Attorney Fee Fund fees arising from representing a Non-Settling State or a Non-Participating Subdivision, provided, however, that this provision is not intended to prohibit Attorneys who do not represent or otherwise have a contractual agreement with such Non-Settling State or Non-Participating Subdivision from receiving allocated shares of any future common benefit assessments that arise out of settlements or judgments involving such Non-Settling State or Non-Participating Subdivision. All applications for attorneys' fees under this Section shall include an affirmation by the Attorney of compliance with this Section.

5. An Attorney who has filed an application under this section and received an award of attorneys' fees shall provide a certification of compliance with the Sections of this Fee Agreement annually during the years upon which they are still entitled to receive attorneys' fee payments under this Agreement. This certification will be done as directed by the Panel.

6. If, at any time, the Attorney is unable to make the representations set forth in this Section, such representations become untrue, or the Attorney falsely represents compliance with the eligibility criteria, the Attorney shall cease to be eligible to receive funds from the Attorney Fee Fund until further review by the Fee Panel of the Attorney's eligibility under and compliance with this Section II.

7. If an Attorney has a Fee Entitlement with a Later Litigating Subdivision or Later Litigating State or otherwise becomes unable to reaffirm compliance with the eligibility criteria set forth above, the Attorney shall notify Walmart

and the Fee Panel. For the avoidance of doubt, any Attorney who undertakes any new representation of, or has a Fee Entitlement with, a Later Litigating Subdivision or Later Litigating State shall be prohibited from receiving any future funds from the Attorney Fee Fund and be subject to additional obligations as set forth in Subsection 8 below. If an Attorney fails to notify Walmart and the Fee Panel of such Fee Entitlement with a Later Litigating Subdivision or Later Litigating State, the Attorney shall be required to refund amounts previously paid. The Fee Panel shall notify Walmart when it receives notification.

8. To the extent an Attorney who has received compensation from the Attorney Fee Fund based on Qualifying Representations of Participating Litigating Subdivisions under the Walmart Agreement represents a Later Litigating Subdivision or Later Litigating State, such Attorney shall be obligated to refund such amounts received as compensation from the Attorney Fee Fund to Walmart. Walmart or such Attorney may bring any dispute as to whether such Attorney shall be obligated to refund such amounts received from the Attorney Fee Fund to Walmart to the Fee Panel. Nothing herein shall require a multi-attorney law firm that has received compensation from the Attorney Fee Fund to refund such amounts if an attorney of the firm that is no longer affiliated with such law firm, after such departure, represents a Later Litigating Subdivision or Later Litigating State, provided that (a) neither the law firm nor any of its other attorneys have any contractual or financial arrangement regarding, stand to benefit directly or indirectly from, or directly or indirectly provide financial or other support of any kind to, the former attorney's representation of the Later Litigating Subdivision or Later Litigating State and (b) if the former attorney was a partner or owner of the multi-attorney law firm at the time that the law firm received compensation from the Attorney Fee Fund, the former attorney shall be obligated to refund such amounts as the former attorney earned as a result of the compensation that the law firm received from the Attorney Fee Fund.

9. In the event that an Attorney is deemed ineligible by the Fee Panel (whether based on its initial application or subsequent recertification), the Fee Panel shall provide notice to the Attorney and give the Attorney 30 days to provide additional information such that the Fee Panel could re-consider the Attorney's eligibility.

10. To the extent that an Attorney has a Fee Entitlement with a Participating Subdivision and is authorized to bring Released Claims against Released Entities, but such authorization is, in scope, less broad than the category of Released Claims set forth in the Walmart Agreement, such Attorney may participate fully in both the Contingency Fee Fund and the Common Benefit Fund, without any reduction imposed by the Fee Panel due to the scope of the authorization, so long as the Participating Subdivision fully releases all Released Claims against Released Entities.

11. Attorneys applying to the Attorney Fee Fund knowingly and expressly agree to be bound by the decisions of the Fee Panel, subject to the limited appeal rights set forth in this Fee Agreement, and waive the ability to assert the lack of enforceability of the allocation reached through the procedures outlined herein.

12. Applicants are under an ongoing obligation to inform the Fee Panel in writing of any additional fees earned, expected, or received related to any Opioid litigation throughout the period of the Fee Panel's operation.

H. Calculation of Amounts Due.

1. The Fee Panel shall be solely responsible for determining the amount of fees to be paid to each Applicant. None of the Released Entities shall have any responsibility, obligation, or liability of any kind whatsoever with respect to how attorneys' fees are calculated under this Section, except that the Fee Panel may receive information from Walmart as to (a) the identity of Participating, Non-Participating, Litigating, Later Litigating, and Non-Litigating Subdivisions; (b) the impact of non-participation by a Litigating Subdivision as is relevant to the Fee Panel's determination in paragraph II.C.4; and (c) such other information as Walmart may voluntarily elect to provide.

2. The Fee Panel shall establish procedures for making determinations under this Fee Agreement consistent with this Fee Agreement and orders of the MDL Court. Such procedures may include submission of documentary and/or other evidence, interviews with Applicants and/or other counsel (including counsel for Walmart) that the Fee Panel deems appropriate, and/or other means of creating a record upon which fee awards will be based.

3. In making determinations under this Fee Agreement, the Fee Panel must apply the eligibility criteria set forth in Section II.G of this Fee Agreement and the criteria set forth in Section II. The Fee Panel shall ensure that payments are only made for Qualifying Representations of Participating Litigating Subdivisions. In addition, the Fee Panel will give consideration in regard to Common Benefit Fund awards to the *Johnson* factors, as well as the following factors (which factors may be applied and given relative weight in the Fee Panel's discretion):

    a. The Applicant's contemporaneously recorded time and labor dedicated to Qualifying Representations along with the Applicant's financial commitment to such Qualifying Representations. Claimed "time" will not be automatically accepted by the Fee Panel but will be critically reviewed and given substantially more weight and consideration if such time was subject to the audit process described in any Pretrial Order(s) governing the collection of common benefit time;

b. The novelty, time, and complexity of the Qualifying Representations;

c. The skill requisite to perform legal services properly and undesirability of the case;

d. The preclusion of other employment by the Applicant due to time dedicated to Qualifying Representations;

e. The Common Benefit, if any, alleged to have been conferred by the Applicant and whether such Common Benefit work product by that Applicant was used by others in parallel litigations against Released Entities whether within or outside the MDL, provided that any Applicant claiming that s/he substantially benefited cases other than those in which s/he entered an appearance as counsel must substantiate such claims by proffering factual support, such as proper supporting affidavits or other documents as determined by the Fee Panel with input from Attorneys for Participating Litigating Subdivisions;

f. Any "common detriment," as set forth in paragraph II.C.4;

g. Any contingent fee agreement or other Fee Entitlement with Participating Subdivisions, enforcement of which, except for State Back-Stop Agreements, are waived in conjunction with the application, the nature and extent of any work for those Participating Subdivisions, whether such Participating Subdivisions actively litigated and, if so, the nature and procedural history of such case(s);

h. The experience, reputation, and ability of the Applicant;

i. Whether the Applicant's clients brought Released Claims against Released Entities;

j. The status of discovery in cases primarily handled by the Applicant;

k. The nature of any work by the Applicant on "bellwether" cases or cases that were similarly active in litigation;

l. Any pressure points successfully asserted by the Applicant in cases against Walmart or any risk for Walmart created by the Applicant in cases against Walmart;

m. Any risk for defendants created by Applicants in cases against Walmart;

n. Successful and unsuccessful motion practice in cases worked on by the Applicant;

o. The date of filing of any cases filed by the Applicant;

p. Obtaining consolidation of the litigation in the Applicant's jurisdiction;

q. The number and population of entities represented by the Applicant and the fees that would have been awarded under extinguished contingent fee arrangements;

r. Whether the Applicant's clients brought claims against Walmart prior to the announcement of this settlement on November 14, 2022;

s. Whether the Applicant has had a leadership role in the litigation, whether in state or federal court;

t. Whether the Applicant has had a leadership role in any negotiations aimed at resolving the litigation;

u. Whether the Applicant's cases have survived motions to dismiss;

v. The extent to which the Applicant contributed to the work product used for the common benefit of opioids litigants, including, without limitation, work on ARCOS data, Prescription Data Monitoring Programs, IQVIA data, depositions, document production and analysis experts, motions, briefs and pleadings, trial preparations, and trials;

w. The extent to which litigation occurred prior to and contributed to completion of settlement negotiations, as distinct from litigation that occurred after the announcement of the Walmart Agreement on November 14, 2022, such latter litigation both being of less value and, the case of litigation filed after the announcement of the Walmart Agreement on November 14, 2022, resulting in a common detriment to the settlement process, which in both cases should be viewed less favorably; and

x. Any other factors that the Fee Panel finds to be appropriate to consider after input from Applicants to the Attorney Fee Fund.

4. It is possible that the States and Subdivisions that are litigating Opioid cases will enter additional settlements in close proximity of the time for processing the Walmart Settlement. If there are additional settlements and these settlements create a Common Benefit Attorney Fee Fund to be administered by the Fee Panel, the Fee Panel may:

   a. Consolidate the Common Benefit approval process to include evaluation of all Common Benefit Applications for all settlements entered after November 14, 2022;

b. Determine the fair and equitable allocation of the Aggregate Common Benefit Fees that come after November 14, 2022, including consideration of beneficial or detrimental actions taken with respect to any Settling Defendant contributing to the Common Benefit Attorney Fee Fund;

c. Give consideration to the amount and timing of each settlement, including the amount and timing of Common Benefit Fees;

d. The Fee Panel shall abide by the applicable Attorney Fee Agreement in each of the Settlements in Allocating the Common Benefit Fees provided for in the Settlement; and

e. Be guided in their work by the Orders of the Court related to Fees and Costs.

5. The Fee Panel shall develop procedures for receiving a single application, which may be updated or amended based on new information (such as participation by additional Litigating Subdivisions) from each Applicant seeking compensation from each sub fund of the Attorney Fee Fund pursuant to processes and procedures developed by the Fee Panel, which shall not be inconsistent with this Fee Agreement. Any request for attorneys' fees not included on the single application or through the updating/amendment process designed by the Fee Panel shall be deemed waived. For purposes of transparency and to permit the Fee Panel to conduct its work, the application from each Applicant shall, at a minimum, require each Applicant to:

   a. Identify all Litigating Subdivisions for which s/he is seeking payment from the Attorney Fee Fund;

   b. Identify all Subdivisions in both Settling and Non-Settling States (and, where applicable, Tribal Nations) with respect to which s/he has a Fee Entitlement with respect to Relevant Claims against Released Entities, and identify all co-counsel in such cases;

   c. Identify which of those Subdivisions are Participating Subdivisions and which are not (with similar information for Tribal Nations, where applicable);

   d. Specify the specific fund or funds within the Attorney Fee Fund from which the Attorney is seeking compensation;

   e. Demonstrate his or her eligibility for compensation from the relevant sub funds within the Attorney Fee Fund pursuant to the criteria set forth for the relevant sub fund;

f. Identify any and all Fee Entitlements from representations of States, Tribal Nations, or other plaintiffs related to Released Claims against Released Entities or in opioids-related matters;

g. Notwithstanding "a-f" above, the Panel may consider a supplemental application if the Applicant shows good cause why circumstances exist that will lead to consideration for additional Common Benefit award. Examples would include, but are not limited to, an Applicant having Non-Participating Litigating Subdivision clients that subsequently become Participating Subdivisions, a Bar Date passes that increases participation or an Allocation Agreement is reached.

6. With respect to the Common Benefit Fund, the Fee Panel shall (subject to any applicable MDL Court Order):

   a. Review the applications of all Applicants seeking compensation from the Common Benefit Fund, including determining eligibility for each Applicant as set forth in Section II.G.

   b. Using criteria set forth in Sections II.C and II.G, allocate amounts from the Common Benefit Fund to eligible Applicants, including payment amounts for each Payment Year. In making such allocations, the Panel shall apply the principles set forth in paragraph II.C.5 to the amounts paid to Applicants with a Common Benefit Fee Entitlement.

7. With respect to the Contingency Fee Fund, the Fee Panel shall:

   a. Review the applications of all Attorneys seeking compensation from the Litigating Subdivision Fee Fund, including determining eligibility for each Attorney as set forth in Section II.G.

   b. Apply the Mathematical Model in Exhibit A.

   c. Use such allocations to determine refund amounts owed to Walmart from the Attorney Fee Fund, and inform Walmart and the MDL PEC of all such adjustments.

8. To the extent that there is a dispute about the calculations of the Fee Panel related to the amount that Walmart is required to pay (including application of any reductions or refunds under this Fee Agreement), such disputes shall be presented to the Fee Panel and any disputed funds be paid into/held in escrow. The Fee Panel shall resolve such disputes expeditiously, with either Party having the right to seek review from the MDL Court.

9. For purposes of determination of fee or cost awards, allocations, reductions, and possible reversions under this Fee Agreement, unless specified otherwise

a Subdivision will be considered a Non-Participating Subdivision if it is not a Participating Subdivision as of the deadline for the application for the fee at issue (or, if the determination does not involve a specific application, the date on which the record for such determination closes).

10. In the event that the Fee Panel, through the use of the Mathematical Model set forth in Exhibit A, allocates funds from the Contingency Fee Fund for an Attorney based on a Qualifying Representation of a Participating Litigating Subdivision and that Subdivision is in a Settling State in which the Consent Judgment has not been approved, such funds shall be placed into escrow until the Consent Judgment is approved, after which time they shall be released.

I. *Miscellaneous*.

1. The Fee Panel shall charge an hourly rate approved by the Court. The Pre-Effective Date costs associated with the Cost and Expense Fund Administrator shall be paid from funds in the Cost Fund. Post-Effective Date, the cost of the Fee Panel shall be charged against the applicable Fee Fund based on allocation by the Fee Panel and shall not be otherwise funded by Walmart.

2. The MDL PEC will seek, and the Attorneys General for Settling States and the Walmart will not oppose, a Common Benefit Fee Order requiring an assessment of 7.5% on the gross recovery (by judgment or settlement) of any Non-Participating Subdivision that is subject to the federal court jurisdiction, represented by a MDL PEC firm, represented by any Attorney receiving fees from the Common Benefit Fund, represented by any Attorney that signed a Participation Agreement or had been paid in a case otherwise under the jurisdiction of the MDL Court.

3. The MDL PEC shall provide to Walmart information the PEC has that identifies Attorneys who represent Litigating Subdivisions who are not Participating Subdivisions and who have an obligation to pay a common benefit assessment, either due to the MDL Court's orders or having signed a Participation Agreement.

4. The MDL PEC and Walmart agree that it is a conflict of interest for an Attorney that had represented a Participating Subdivision to represent a Later Litigating Subdivision or Later Litigating State. This Subsection shall be enforceable to the extent permitted by the equivalent to Rules 1.16 and 5.6 of the ABA Model Rules of Professional Conduct in the relevant jurisdictions. The MDL PEC represents that it will comply with this provision in the case of the Walmart Agreement until the Effective Date of the Walmart Agreement, as well as thereafter, if the Walmart Agreement proceeds.

5. Participating Subdivisions agree to instruct their counsel to treat information, work product and expert materials as confidential under Rule 1.6 of the ABA Model Rules of Professional Conduct. Accordingly, an Attorney shall not

share information or work product with, or experts or materials to, non-participants (other than the Attorney's own current clients or their lawyers, consultants, experts or other representatives or agents). However, nothing herein shall prevent MDL Leadership or PEC Counsel from fulfilling their obligations in any MDL and the MDL Court Order.

III. Miscellaneous

A. *Termination*. If the Walmart Agreement does not proceed past the date on which the Settlement Fund Administrator makes a determination as to whether the Subdivision Participation Thresholds have been satisfied and the time for the Parties to the Walmart Agreement to dispute such determination has passed, this Fee Agreement shall be null and void, Walmart shall have no obligation to make any payments under this Fee Agreement, and Walmart and the MDL PEC shall take such steps as are necessary to restore the *status quo ante*. All funds paid by Walmart into the Attorney Fee Fund and Cost Fund shall be promptly returned to Walmart (including interest that accrues during such time as the monies are in escrow).

B. *MDL Court Consideration*. This Fee Agreement shall be attached as an exhibit to the Walmart Agreement. This Fee Agreement shall also be submitted by Walmart and the MDL PEC to the MDL Court for approval pursuant to the motion and order that shall be attached, prior to the notice date under Section II.A.3 of the Walmart Agreement as to whether the State Participation Threshold has been satisfied, to this Fee Agreement, as Exhibit B.

1. In the event that the MDL Court, through an order, makes any change to the amounts potentially to be paid by Walmart under this Fee Agreement, makes any change to the Fee Panel's consideration of the factors set forth in paragraph II.C.4, or any other material change to the draft Order attached as part of Exhibit B or the terms of this Fee Agreement, Walmart and the MDL PEC shall meet and confer concerning such changes. The MDL Court shall have no authority to increase the payments made by Walmart related to fees and costs beyond the amounts described in this Fee Agreement.

2. If Walmart and the MDL PEC are unable to reach agreement and revisions to this Fee Agreement, this Fee Agreement shall be null and void, Walmart shall have no obligation to make any payments under this Fee Agreement, and Walmart and the MDL PEC shall take such steps as are necessary to restore the *status quo ante*. All funds paid by Walmart into the Attorney Fee Fund and Cost Fund shall be promptly returned to Walmart (including interest that accrues during such time as the monies are in escrow prior to the Effective Date of the Walmart Agreement).

C. *Amendment*. Once the MDL Court has entered an order implementing this Fee Agreement, this Fee Agreement can only be amended by (1) written agreement of Walmart and the MDL PEC and (2) approval by the MDL Court.

D. *Jurisdiction and Enforcement*. The MDL Court shall have exclusive and ongoing jurisdiction over the enforcement and implementation of this Fee Agreement as set forth herein. The MDL PEC shall be the Authorized Party to enforce this Fee Agreement, as to the payment obligations of Walmart as set forth in this Fee Agreement and as to Attorneys making application to the Funds under this Fee Agreement. Solely for purposes of assessing or allocating common benefit fees, the MDL Court will continue to have jurisdiction over the work product developed in the MDL Court by and under the direction of the MDL PEC with respect to claims against Walmart, including data and documents, depositions, expert reports, briefs and pleadings; and the MDL Court's protective orders, management orders, and other decisions regarding such discovery and other work product, including but not limited to, conditions on its use, will continue in full force and effect. Nothing in this paragraph authorizes the MDL Court to act contrary to this Agreement or to share any of the work product, or provides the MDL Court with jurisdiction over the Walmart Agreement.

Description of Mathematical Model for the Allocation of the Contingency Fee Funds

Walmart Settlement Agreement

This document describes the Mathematical Model for allocation of the Contingency Fee Fund described in Exhibit R (Agreement of Attorneys' Fees, Costs, and Expenses) to the Walmart Settlement Agreement.[3] Awards of fees from the Contingency Fee Fund shall be available to Attorneys with Qualifying Representations of Participating Litigating Subdivisions eligible to receive an allocation under the Walmart Settlement Agreement.[4] A Fee Panel shall oversee the application of the Model and resolve any questions or disputes concerning the eligibility of a counsel to participate. The Panel is empowered to hear disputes concerning and ensure the accuracy of the mathematical calculations.

In general terms, allocation of the Contingency Fee Fund shall be made by (1) determining the amount of the Settlement Fund that is attributable to each Participating Litigating Subdivision; (2) making certain adjustments to these amounts based on when the Subdivision filed suit and the terms of the applicable fee contract; and (3) dividing the Contingency Fee Fund proportionately among counsel for each Participating Litigating Subdivision based on the amounts calculated in subpart 2.

To collect a fee award from the Contingency Fee Fund, a Participating Litigating Subdivision must have named Walmart (or any Released Entity) in its lawsuit. The total maximum amount of the Contingency Fee Fund in the Walmart Settlement Agreement is $107,088,150.77.[5]

Allocation of the Contingency Fee Fund shall be made according to the following steps. These calculations are made only for purpose of determining the percentage share of the Contingency Fee Fund that Attorneys for each Participating Litigating Subdivision should receive, ***not*** for determining the dollar amount each Subdivision will receive.

(1) For each Settling State, attribute 50% of the settlement funds for that State to its Subdivisions according to the Subdivision Allocation Percentage in Exhibit G to the Walmart Settlement Agreement.

Illustrative example:

- Assume that State A is allocated 1.00000% of the $2,393,794,118.64 Remediation amount [see Exhibit M of the Walmart Settlement Agreement].
- 50% of the 1% share allocated to State A is $11,968,970.59.

[3] *See* Walmart Settlement Agreement, Exhibit R § II.D.2.
[4] Walmart Settlement Agreement, Exhibit R § II.D.2.
[5] Walmart Settlement Agreement, Exhibit R § II.A.1 & II.D.1.

- Assume that, per Exhibit G of the Agreement, the Subdivision Allocation Percentage for City B in State A is 1.00000000%.
- For purposes of determining its counsel's share of the Contingency Fee Fund, City B is attributed 1.00000000% of $11,968,970.59, or $119,689.71.

(2) Adjust the amounts in paragraph 1 as follows:

a. *Upward Adjustment for Early Filers.* Increase the amount calculated in paragraph 1 above by 10% for any Litigating Subdivision that named Walmart in a suit before December 5, 2017, the date the National Prescription Opiate Litigation MDL was formed. If the Litigating Subdivision did not name Walmart in a suit before December 2, 2022, then fees from the Contingency Fee Fund will not be awarded to Attorneys with otherwise Qualifying Representations of that Participating Litigating Subdivision.

Illustrative Example:

- Assume City C is attributed $1,000,000 under paragraph 1 above.
- If City C named Walmart before 12/5/2017, the attributed amount would be adjusted to $1,100,000.

b. *Determine Amount Due under Contingency Fee Contract*. Determine the amount that would be due to Attorneys with Qualifying Representations of each Participating Litigating Subdivision under the terms of the applicable fee contract if the Participating Litigating Subdivision were to receive the amount calculated in paragraph 2.a. This amount can be referred to as the Contingency Fee Assumption.

Illustrative Example:

- Continuing the example given in paragraph 2.a, if Attorneys have a 20% contingency fee contract with City C for the relevant litigation, the amount calculated in this step would be 20% of $1,100,000, or $220,000.

In the next step, the Contingency Fee Assumption is used to determine the percentage share of the Contingency Fee Fund due to Attorneys for each Participating Litigating Subdivision.

(3) Divide the Contingency Fee Fund proportionately among Attorneys for each Participating Litigating Subdivision in two ways:

a. *National Fee Pool Calculation.* Determine each Litigating Subdivision's

percentage share of all amounts due under contingency fee contracts nationwide by dividing the Contingency Fee Assumption calculated for each Subdivision in paragraph 2.b by the sum of all Contingency Fee Assumptions. Then multiply that percentage by the Contingency Fee Fund to figure each Subdivision's dollar share of the Contingency Fee Fund (but only if the Subdivision timely named Walmart in a lawsuit).

Illustrative example:

- $220,000 [from para. 2.b] ÷ $120,000,000 [total amount owed under contingency fee contracts nationwide] = 0.1833333%[6]
- 0.1833333% * $107,088,150.77 [Contingency Fee Fund] = $196,328.28

b. *Separate State Fee Pools Calculation.* Determine each Litigating Subdivision's percentage share of all amounts due under contingency fee contracts statewide by dividing the Contingency Fee Assumption calculated for each Subdivision in paragraph 2.b by the sum of all Contingency Fee Assumptions in the same State. Then multiply that percentage by the portion of the Contingency Fee Fund that corresponds to that State's Overall Allocation Percentage, shown in Exhibit F of the Walmart Settlement Agreement, to figure each Subdivision's dollar share of the Contingency Fee Fund.

Illustrative example:

- 1% * $107,088,150.77 = $1,070,881.51 [amount of the Contingency Fee Fund corresponding to State A]
- Assume a total of $1,600,000 is owed under contingency fee contracts for State A.
- $220,000 [from para. 2.b] ÷ $1,600,000 = 13.75%
- 13.75% * $1,070,881.51 = $147,246.21

The award of fees to Attorneys with Qualifying Representations of Participating Litigating Subdivisions will be the average of the final amounts calculated in paragraphs 3.a and 3.b above less any amounts the Fee Panel is authorized to, and does, withhold.[7]

Paragraph 3.a represents allocation based on a proportional share of a National Fee Pool, while paragraph 3.b represents allocation based on a proportional share of the Separate State Fee Pools. In other words, for the National Fee Pool described above in paragraph 3.a, the contingency fee contract rate is compared to all other contingency fee contract

[6] In this example, $120 million is the amount theoretically owed under all contingency fee contracts for litigation against Walmart as calculated in paragraph 2.b. This amount is illustrative only; the actual amount will not be known until all litigating subdivisions are identified and the terms of their contingency fee contracts are collected.

[7] The model also enforces a maximum fee award of 20% of the amount calculated in paragraph 2.b.The description in this document of the Mathematical Model is by necessity an abstraction; the precise contours of the calculations are defined in the model itself.

rates in the nation. For the Separate State Fee Pools described above in paragraph 3.b, the contingency fee contract terms are compared to the other contingency fee contract terms in that same State. The National Fee Pool and the Separate State Fee Pools are given equal weighting.

Using the first methodology, Attorneys for two Subdivisions in different States with the same amount calculated under paragraph 2.b would be assigned the same amount under paragraph 3.a. Using the second methodology, Attorneys for the same two Subdivisions would be assigned different amounts under paragraph 3.b because they are in different States. Specifically, the Subdivision in the State with a smaller proportion of Participating Litigating Subdivisions would be allocated more than the Subdivision in the State with a greater proportion of Participating Litigating Subdivisions.

EXHIBIT S

Agreement on the State Outside Counsel Fee Fund for Chain Pharmacy Settlements

1. **Definitions**.

   a. "Chain Pharmacy" means any of CVS, Walgreens, and Walmart, and "Chain Pharmacies" means all of the foregoing.
   b. "Multistate Chain Pharmacy Settlement Agreement" means This Settlement Agreement along with any other settlement of opioids-related claims among 30 or more states and a Chain Pharmacy.
   c. "This Settlement Agreement" means the settlement agreement between the Settling States and the Chain Pharmacy to which this Agreement is attached as an Exhibit.
   d. "Settling Chain Pharmacy" means the Chain Pharmacy that is a party to This Settlement Agreement.
   e. "Settling States" has the meaning given such term in the relevant Multistate Chain Pharmacy Settlement Agreement.

2. **Creation of a State Outside Counsel Chain Pharmacies Fee Fund.** The Settling States have agreed to the creation of a state outside counsel fee fund to pay reasonable attorneys' fees of Settling States which have retained outside counsel in connection with litigation against one or more Chain Pharmacies (such fund, the "State Outside Counsel Chain Pharmacies Fee Fund").

3. **State Outside Counsel Chain Pharmacies Fee Fund Administration.** The State Outside Counsel Chain Pharmacies Fee Fund shall be administered separately from any other funds for the payment of attorneys fees or costs in connection with This Settlement Agreement, including any common benefit fund, contingency fee fund for subdivision counsel, state cost fund, or MDL expense fund. If necessary, a committee of Attorneys General shall be convened to oversee the State Outside Counsel Chain Pharmacies Fee Fund (the "Chain Pharmacies Fee Fund Committee"). The Chain Pharmacies Fee Fund Committee shall be appointed by the Settling State Members of the Enforcement Committee and shall be comprised solely of Attorneys General of Settling States that engaged outside counsel to pursue litigation against one or more Chain Pharmacies. The Settlement Fund Administrator (the "Fee Fund Administrator") shall administer the State Outside Counsel Chain Pharmacies Fee Fund according to this Exhibit and, if convened, the guidelines and directives of the Chain Pharmacies Fee Fund Committee.

4. **State Outside Counsel Chain Pharmacies Fee Eligibility.**

   a. To receive any amount from the State Outside Counsel Chain Pharmacies

Fee Fund, an outside counsel to a Settling State must have filed and maintained an action in the name of a Settling State or its Attorney General against a Chain Pharmacy in a state or federal court as of November 1, 2022. No Settling State (or its outside counsel) shall receive funds from both the State Outside Counsel Chain Pharmacies Fee Fund and any "Additional Remediation Amount" as may be provided for in This Settlement Agreement.

b. In addition to the eligibility criteria set forth in Paragraph 4.a, above, and for the avoidance of doubt, only Settling States under This Settlement Agreement are eligible to receive any funds paid into the State Outside Counsel Chain Pharmacies Fee Fund as a result of This Settlement Agreement.

5. **State Outside Counsel Chain Pharmacies Fee Fund Amount.** The Settling Chain Pharmacy shall pay funds into the State Outside Counsel Chain Pharmacies Fee Fund in an amount equal to, and on the schedule identified in Exhibit M (the "Contribution"). The Settling Chain Pharmacy's Contribution shall subject to a reduction as described in Paragraph 8, below.

6. State Outside Counsel Chain Pharmacies Fee Fund Availability and Calculation of Amount.

a. The State Outside Counsel Chain Pharmacies Fee Fund shall be available to compensate private outside counsel for Settling State Attorneys General for approved fees arising out of representation of the Settling State pursuant to the schedule attached to this agreement as Schedule I (the "Fee Schedule").

b. The Fee Schedule is intended to reflect the fee calculation in subparagraph 6.c, below (the "Fee Calculation"). Subject to adjustments required by Paragraph 8, below, in the event of any discrepancy between the Fee Schedule and the Fee Calculation, the Fee Schedule shall control. Each Settling State, by becoming a Participating State in This Settlement Agreement, agrees that the Fee Schedule reflects the Fee Calculation and waives any right to contest the accuracy of the Fee Schedule, absent manifest error, the exclusion of a Settling State, or the inclusion of a Non-Settling State. The version of the Fee Schedule reflecting any necessary adjustments shall be the "Final Fee Schedule."

c. Fees shall be aggregated across the Multistate Chain Pharmacy Settlement Agreements and be calculated by adding two components: (a) a fixed amount consisting of fifty percent (50%) of the amount of remediation funds allocated to a Settling State and its Subdivisions pursuant to the Multistate Chain Pharmacy Settlement Agreements multiplied by 4.5% (or, if lower, the applicable contingency fee percentage in the Settling State's

outside counsel contract); and (b) a proportional percentage of the remaining fee due under that Settling State's contract with its outside counsel assuming that fifty percent (50%) of the Settling State's recovery is allocable to a Settling State (rather than allocable to the Settling State's Participating Subdivisions) so that the fees of all eligible Settling States (minus the fixed amount that would have been allocated to any Non-Settling States had they become Settling States) exhausts the State Outside Counsel Chain Pharmacies Fee Fund. The proportional share percentage will be the same for each Settling State included in the State Outside Counsel Chain Pharmacies Fee Fund. Fees shall be split proportionally among each Multistate Chain Pharmacy Settlement Agreement, as set forth on the Fee Schedule.

d. All amounts paid will be less any costs or fees of the Fee Fund Administrator. The Fee Schedule reflects a holdback amount of $50,000 for such administrative expenses of the Fee Fund Administrator. The remainder of any unused administrative expenses shall be disbursed pro rata to States receiving monies from the State Outside Counsel Chain Pharmacies Fee Fund at the conclusion of such administration.

7. **Payment by the Fee Fund Administrator**.

a. The Fee Fund Administrator shall hold the Contribution in escrow until the earlier of (1) the last of the three Multistate Chain Pharmacy Settlement Agreements becomes effective or (2) when instructed by the Settling State Members of the Enforcement Committee.

b. Subject to eligibility pursuant to Paragraph 4, above, a Settling State's outside counsel may receive funds from the State Outside Counsel Chain Pharmacies Fee Fund in the following scenarios ("Payment Scenarios"):

    1. The Settling State's outside counsel agrees that the amount listed for such state on the Final Fee Schedule either satisfies in full or exceeds the amounts owed to all such Settling State's outside counsel and such counsel has provided written notice waiving all entitlement to additional fee in respect of any Multistate Chain Pharmacy Settlement Agreement.
    2. The Settling State and its outside counsel enter into a signed writing establishing the amount owed to the counsel, which includes an agreement on the payment of the amount listed for such state on the Final Fee Schedule and waives any right of the State or its outside counsel to additional amounts from the State Outside Counsel Chain Pharmacies Fee Fund.
    3. A final judgment is entered that is no longer appealable, which judgement adjudicates the amount owed to the Settling State's counsel in respect of This Settlement Agreement and directs the Chain Pharmacies Fee Fund Committee how to pay the amount

listed on the Final Fee Schedule for such State.

If no Payment Scenario is applicable with respect to a Settling State, then the Settling State's share shall be placed in an interest-bearing escrow account (less reasonable expenses of the Fee Fund Administrator) and held unless and until a Payment Scenario is applicable.

c. Upon the applicability of a Payment Scenario 1 with respect to a Settling State, the Fee Fund Administrator shall pay that Settling State's outside counsel the amount identified on the Final Fee Schedule for such state or such lesser amount that satisfies the Settling State's obligation to its outside counsel in full. Any remaining allocation to such State shall be paid to the Settling State.

d. Upon the applicability of a Payment Scenario 2 or 3 with respect to a Settling State, the Fee Fund Administrator shall release monies from the State Outside Counsel Chain Pharmacies Fee Fund in either the amount held by the Fee Fund Administrator, if the amount of the agreement or judgment is equal to or more than the amount held, or the amount indicated in the agreement or in the final judgment, if the amount in the agreement or judgment is less than the amount held.

e. Nothing herein, including the amounts listed in Paragraph 6 above or on any Fee Schedule, shall prevent a Settling State from arguing in any proceeding with its outside counsel that (i) its recovery was less than fifty percent (50%) of the recovery in the settlement agreement down to and including fifteen percent (15%) of the total recovery; (ii) any payment should be discounted by an appropriate discount rate commensurate to the risk of the settlement agreement and the timeline that the Settling State is receiving its payments; (iii) the settlement amount should be lower because the amount a Settling State receives was reduced because such Settling State's outside counsel failed to obtain joinder from a Settling State's Subdivision(s) that the outside counsel also represented; or (iv) any limitation placed by the Settling Chain Pharmacy bars payment of a higher fee to outside counsel.

f. In the event the amount due to the Settling State's outside counsel from an escrow account is less than the total amount of funds escrowed on the account of the Settling State, the balance shall be paid to the Settling State. In no event, other than a State becoming a Non-Settling State, shall funds revert to a Chain Pharmacy.

8. **Reduction of Amounts Owed**

a. **Non-Settling States; Reversion and Redistribution.** Amounts owed by the Settling Chain Pharmacy to the State Outside Counsel Chain Pharmacies Fee Fund shall be reduced by amounts allocated to the fixed amount for such State under This Settlement Agreement in the event that a listed State becomes a Non-Settling State. Specifically, the reduction in the

amount owed by the Settling Chain Pharmacy shall be calculated as 2.25% times the total Remediation Payments that would have been allocated to the Non-Settling State had it been a Settling State. The payments for the other Settling States reflected in the Fee Schedule shall be adjusted by the Fee Fund Administrator to reflect a recalculated proportional percentage under the Fee Calculation.

b. **Settling States; Redistribution**. If a Settling State under This Settlement Agreement (i) would otherwise be entitled to a payment from the State Outside Counsel Chain Pharmacies Fee Fund and (ii) is eligible to be a "Settling State" under either of the two other Multistate Chain Pharmacy Settlement Agreements but does not become such a "Settling State," then that Settling State's payment from the State Outside Counsel Chain Pharmacies Fee Fund shall be reduced to an amount equal to the Contribution times the Settling State's allocation percentage on Exhibit F, which shall be treated as an additional remediation payment in lieu of a fee payment. The payments for the other Settling States reflected in the Fee Schedule shall be adjusted by the Fee Fund Administrator to reflect a recalculated proportional percentage under the Fee Calculation.

c. If either or both of the other Chain Pharmacies fail to enter into a Multistate Chain Pharmacy Settlement Agreement, or if such Multistate Chain Pharmacy Settlement Agreements fail to take effect by December 15, 2023, then the Settling Chain Pharmacy and the Enforcement Committee shall renegotiate the terms of Paragraph 8.a in order to permit prompt payment to Settling States that terminated contested litigation with the Settling Chain Pharmacy, and permitting additional time if necessary to finalize payments to the other Settling States. In no event will such renegotiation result in additional reversion of monies in the State Outside Counsel Chain Pharmacies Fee Fund to the Settling Chain Pharmacy.

9. **Interpretation**.

a. This Agreement shall be an Exhibit to each Multistate Chain Pharmacy Settlement Agreement and shall include the Fee Schedule setting forth the presumptive payment calculations for each eligible Settling State. By joining This Settlement Agreement, each State agrees on the presumptive accuracy of the Fee Schedule, absent manifest error, the inclusion of a Non-Settling State, or the exclusion of a Settling State.

b. It is the intent of all parties that the State Outside Counsel Chain Pharmacies Fee Fund function in a similar manner, with similar calculations and mechanics, as the "State Outside Counsel Fee Fund" established in Exhibit S of that certain settlement agreement dated as of July 21, 2021 setting forth the terms of settlement between and among McKesson Corporation, Cardinal Health, Inc., and AmerisourceBergen Corporation, on the one hand, and certain settling states and certain participating subdivisions, on the other

hand.

Schedule I to Exhibit S

Fee Schedule

[This Fee Schedule is subject to adjustment pursuant to Paragraph 6.b of Exhibit S)]

State	Total Fee	Walgreens Share	Walmart Share	CVS Share
Alaska	$1,851,826.21	$691,943.15	$416,884.80	$742,998.26
Arkansas	$4,873,566.77	$1,821,030.03	$1,097,141.78	$1,955,394.96
Delaware	$3,726,440.37	$1,392,401.12	$838,899.65	$1,495,139.61
Kentucky	$7,773,195.40	$2,904,489.25	$1,749,908.82	$3,118,797.34
Michigan	$22,162,404.67	$8,281,081.68	$4,989,220.69	$8,892,102.29
Mississippi	$4,641,790.38	$1,734,425.75	$1,044,964.07	$1,862,400.56
Nevada	$9,363,802.33	$3,498,826.64	$2,107,987.70	$3,756,987.99
New Hampshire	$5,985,080.61	$2,236,352.15	$1,347,366.79	$2,401,361.67
New Mexico	$2,748,895.55	$2,748,895.55	$-	$-
Puerto Rico	$6,893,516.73	$2,575,793.38	$1,551,874.76	$2,765,848.60
South Dakota	$1,101,349.40	$411,524.13	$247,936.78	$441,888.49
Utah	$2,884,152.67	$1,204,171.82	$603,818.18	$1,076,162.67
West Virginia	$2,399,292.74	$2,399,292.74	$-	$-
	Admin Expense Holdback	$20,875.66	$10,467.86	$18,656.48
	Total	$31,921,103.05	$16,006,471.88	$28,527,738.91

Excluded States:

- Florida (Walgreens; Walmart; CVS)
- New Mexico (Walmart; CVS)
- West Virginia (Walmart; CVS)

EXHIBIT T

Agreement on the Joint State Cost Fund

1. **Definitions**.

   a. "Opioids Defendant" means Walmart, or such other defendant in opioids-related litigation that enters into a Multistate Settlement after November 1, 2022, and "Opioids Defendants" means all of the foregoing.

   b. "Multistate Settlement" means this Settlement Agreement along with any other settlement of opioids-related claims among 30 or more states and an Opioids Defendant.

   c. "Settlement Agreement" means the settlement agreement between the Settling States and the Opioids Defendant to which this Agreement is attached as an Exhibit.

   d. "Settling Opioids Defendant" means the Opioids Defendant that is a party to the Settlement Agreement.

   e. "Settling States" has the meaning given such term in the Settlement Agreement.

2. **Creation of a State Cost Fund.** The Settling Opioids Defendant and the Settling States agree to the creation of a fund to pay costs and expenses associated with litigation and investigations related to the opioids litigation (such fund, the "State Cost Fund"). The State Cost Fund shall be administered separately from any other funds for the payment of attorneys fees or costs in connection with the Settlement Agreement, including any common benefit fund, contingency fee fund for subdivision counsel, subdivision cost fund, or MDL expense fund. However, the State Cost Fund shall be administered jointly with similar "State Cost Funds" created in other Multistate Settlements after November 1, 2022; any state cost funds jointly administered in this manner shall be referred to as the "Joint State Cost Fund." To the extent permissible and feasible, the Joint State Cost Fund may also be jointly administered with any fund for reimbursement of states' litigation and investigation costs established by a bankruptcy plan, including the Mallinckrodt bankruptcy plan, any plans that may emerge from the bankruptcies of Purdue and Endo, and any similar bankruptcies of opioids defendants. To the extent feasible, the Joint State Cost Fund may also be jointly administered with the State Cost Funds established pursuant to the Distributors Multistate Settlement and the Janssen Multistate Settlement.

3. **State Cost Fund Amount.** The Settling Opioids Defendant shall pay into the State Cost Fund in the amount listed on, and on the schedule set forth in, Exhibit M (the "Settling Opioids Defendant's Contribution") for the purpose paying States' costs and

expenses associated with to the opioid litigation.

4. **Joint State Cost Fund Committee.** A committee of Attorneys General or their designated representatives (such committee, the "Joint State Cost Fund Committee") shall oversee the Joint State Cost Fund. The committee shall be appointed by the Settling State Members of the Enforcement Committee, who shall aim to (i) have equal representation between states that retained contingency fee outside counsel and states that did not retain contingency fee outside counsel with respect to opioids-related litigation, and (ii) maintain consistency of committee membership across state cost funds that compose the Joint State Cost Fund. The Settling State Members of the Enforcement Committee may by majority vote add to or change the composition of the Joint State Cost Fund Committee.

5. **Joint State Cost Fund Administrator.**

   a. The Joint State Cost Fund Committee may select an administrator (the "Joint State Cost Fund Administrator"), who shall administer the Joint State Cost Fund and direct payments to Settling States according to the guidelines and directives of the Joint State Cost Fund Committee. While the expenses of the Joint State Cost Fund Administrator shall be reimbursable pursuant to the principles and guidelines listed below, the Joint State Cost Fund Administrator shall first rely on any separate funds that may be set aside for such purpose in any Multistate Settlement.

   b. The Joint State Cost Fund Administrator shall be responsible, under the direction and supervision of the Joint State Cost Fund Committee, for receiving and reviewing applications for reimbursement from the Joint State Cost Fund. This may include the creation of an audit process to ensure the integrity of submissions, as well as reimbursement rules to incentivize accurate submissions.

6. **State Cost Fund Guidelines and Principles.**

   a. Monies in the State Cost Fund shall be released without any delay to reimburse Settling States for documented costs incurred or paid in connection with litigation and investigation related to the opioid litigation.

   b. In allocating the Joint State Cost Fund, the Joint State Cost Fund Committee shall seek to comply with the following principles:

      1. Each State Cost Fund should be used to reimburse costs incurred by States that are Settling States in the Multistate Settlement from which funds are paid. (However, the foregoing sentence does not preclude a Non-Settling State that joins a separate Multistate Settlement from participating in the Joint State Cost Fund with respect to contributions made by other Opioids Defendants.)

2. Funds in any State Cost Fund shall be primarily used to reimburse costs incurred prior to the date on which the relevant Multistate Settlement was first made available for participation to eligible States. Regardless of other factors considered in prioritizing payments, all costs incurred prior to January 1, 2023, shall be paid before any costs incurred after that date are paid.

3. The Joint State Cost Fund shall prioritize the reimbursement of the following over reimbursement of any State's litigation or investigation costs:

    - the reasonable costs of the Joint State Cost Fund Administrator;

    - repayment of National Association of Attorneys General grants made in connection with opioid litigation, without regard to when the grants were made;

    - repayment of state-attributable costs of any mediator in connection with negotiations of a Multistate Settlement;

4. The Joint State Cost Fund shall seek to prioritize costs in the following order:

    - litigation-related costs; then

    - investigation-related costs; then

    - settlement and negotiation related costs; then

    - cost shares.

5. Costs incurred by a State's outside counsel that the State is contractually obligated to reimburse shall be treated as costs incurred by a State.

6. As between similar categories of costs (e.g., defendant-specific litigation-related costs), the Joint State Cost Fund shall first reimburse costs incurred by a State's outside counsel that the State is contractually obligated to reimburse out of its recovery, and then reimburse costs directly incurred by States.

7. The Joint State Cost Fund shall be available to reimburse only those costs which have not yet been reimbursed to a State from any other source, including any other fund set aside in a Multistate

Settlement or bankruptcy plan for the reimbursement of costs or any individual state settlements.

8. The Joint State Cost Fund should not reimburse expenses that are expected to be reimbursed from another source, such as a bankruptcy debtor, unless such expected reimbursements do not come to fruition within a reasonable amount of time. This includes cost shares paid by states.

9. When coordinating among different state cost funds that each could be used to reimburse a given expense, the Joint State Cost Fund Committee may set guidelines to equitably distribute reimbursements across all state cost funds in a manner that prioritizes costs unlikely to be otherwise reimbursed to a similarly situated State.

10. The Joint State Cost Fund may deny reimbursement of costs, on either an individual basis or a categorical basis, that a supermajority (75%+) of the Joint State Cost Fund Committee determines to be unreasonable.

11. After all costs identified in the foregoing have been reimbursed, the remaining funds in the Joint State Cost Fund shall be distributed to states in proportion to their allocation of remediation payments in the Mallinckrodt bankruptcy plan. Such distribution shall be treated as a reimbursement for States' unenumerated costs of administering the Multistate Settlements and no subdivision shares shall be carved out of such disbursement, nor shall any attorney's fees be assessed against such distribution (unless individually agreed to by a State).

c. In applying the foregoing principles, the Joint State Cost Fund Committee shall have the discretion to vary their application in order to ensure equity among similarly situated states and to facilitate the ease and speed of administering the Joint State Cost Fund. The Joint State Cost Fund Committee may also apply percentages to approximate costs attributable to a particular Opioids Defendant (or categories of Opioids Defendants) in a manner that seeks to treat similarly situated states equitably.

d. The Joint State Cost Fund Committee shall establish guidelines for the submission and approval of expenses eligible for reimbursement from the Joint State Cost Fund, which guidelines may be coordinated and consolidated with any similar cost funds in other state opioid settlements for purposes of joint administration and efficiency.

e. Unless waived by the Joint State Cost Fund Committee, the Joint State Cost Fund Administrator shall, in accordance with such guidelines, receive from Settling States records sufficient to demonstrate the incurrence and payment of each expense.

f. Where the Joint State Cost Fund Committee determines by a supermajority vote (75%+) that outside counsel for a Settling State has failed to exercise reasonable diligence in reviewing submitted costs for allowability, and such failure has resulted in the reimbursement of unallowed costs to such outside counsel, the Committee shall have the discretion to reduce or recover payments made to such outside counsel in an amount calculated to incentivize the exercise of reasonable diligence.

7. **State Undertakings.** Each State submitting for reimbursement of costs from the Joint State Cost Fund agrees:

a. to only submit costs allowable under this Joint State Cost Fund Agreement;

b. to provide all back-up documentation that may be requested with respect to any submitted cost and to make itself available for any questions related to such costs;

c. to exercise reasonable diligence to ensure that all submitted costs are allowable under (i) this Joint State Cost Fund Agreement, (ii) the State's contract with its outside counsel, if relevant, (iii) state law, and (iv) the policies and procedures applicable to the State's retention of outside counsel, if relevant; and

d. to promptly return any excess payments made to the State or its outside counsel from the Joint State Cost Fund, including payments made for costs that were reimbursed from another source or are not allowable hereunder.

EXHIBIT V

WALMART SETTLEMENT AGREEMENT SIGN-ON FORM

This form indicates whether a State has determined to become a Settling State under the Walmart Settlement Agreement. Each Settling State's Attorney General represents that he or she has or has obtained (or will obtain no later than the Threshold Subdivision Participation Date) the authority set forth in Section X.G. Attorneys General that determine to become a Settling State are committing to obtaining any necessary additional State releases prior to the Effective Date.

The State/Commonwealth/Territory of _____ has determined:

☐ **to become** or
☐ **not to become**

a Settling State under the Walmart Settlement Agreement

_____ _____
Signature Date

_____ _____

EXHIBIT X

Governor's Release of Opioid-Related Claims Pursuant to the Walmart Settlement Agreement

I, [NAME], Governor of the [Commonwealth]/[State]/[Territory] of [Commonwealth]/[State]/[Territory], hereby authorize Attorney General [NAME] to settle and release, to the maximum extent of my power as Governor, all Released Claims of (1) all of [Commonwealth]/[State]/[Territory]'s past and present executive departments, agencies, divisions, boards, commissions and instrumentalities with regulatory authority to enforce state and federal controlled substances acts and (2) all of [Commonwealth]/[State]/[Territory]'s past and present executive departments, agencies, divisions, boards, commissions and instrumentalities that have the authority to bring Claims related to Alleged Harms and/or Covered Conduct seeking money (including abatement and/or remediation) or revocation or suspension of a pharmaceutical distribution or dispensing license. The foregoing authorization is given in connection with Section X.G of that certain settlement agreement dated as of November [●], 2022 setting forth the terms of settlement between and among Walmart Inc., on the one hand, and certain Settling States and certain Participating Subdivisions on the other hand. This release is intended to be a "release from a State's Governor" as contemplated in such section. Capitalized terms used herein and defined in such settlement agreement have the meanings given to them in such settlement agreement.

CVS SETTLEMENT AGREEMENT

This Settlement Agreement, dated as of December 9, 2022 (the "*Agreement*"), sets forth the terms of settlement between and among the Settling States, CVS, and the Participating Subdivisions (as those terms are defined below). Upon satisfaction of the conditions set forth in Section II and Section VIII, this Agreement will be binding on all Settling States, Participating Subdivisions, and CVS. This Agreement will then be submitted for entry as part of Consent Judgments in the respective courts of each of the Settling States, pursuant to the terms set forth in Section VIII.

WHEREAS, certain States and Subdivisions have filed or could file Actions in various forums against CVS raising Claims or allegations concerning, related to, based upon, or in connection with the Alleged Harms and/or the Covered Conduct;

WHEREAS, CVS (i) denies each and all of the Claims and allegations of wrongdoing made by the States and Litigating Subdivisions in each of the Actions and maintains that it has meritorious defenses; (ii) denies all assertions of wrongdoing or liability against CVS arising out of any of the conduct, statements, acts or omissions alleged, or that could have been alleged, in the Actions already brought or that could be brought by any State or Subdivision related to the Covered Conduct and/or Alleged Harms and contends that the factual allegations made in the current Actions relating to CVS are false and materially inaccurate; (iii) denies that any State, Subdivision, or resident thereof was harmed by any conduct of CVS; (iv) denies liability, denies any wrongdoing, and denies it violated any federal or state statute, regulation, or common law; and (v) maintains that CVS would be able to successfully defend against the Claims and allegations at trial, that the facts do not support the allegations, that CVS engaged in no misconduct or unlawful activity, and that CVS caused no harm to any State, Subdivision, or resident thereof;

WHEREAS, the Parties have investigated the facts and analyzed the relevant legal issues regarding the Claims and defenses that have been or could have been asserted in the Actions;

WHEREAS, the Parties have determined that it is preferable to resolve any Claims the States and Subdivisions may have through a cooperative and mutually beneficial settlement that provides funding to remediate Alleged Harms;

WHEREAS, the Parties have each considered the costs, delays and uncertainty associated with the continued prosecution and defense of the Actions;

WHEREAS, the Parties believe the settlement set forth herein avoids the uncertainties of litigation and assures that the benefits reflected herein are obtained;

WHEREAS, the States have concluded that the terms of the settlement are fair, reasonable and adequate and in the best interests of the States and all Subdivisions and citizens and residents of the States;

WHEREAS, the Parties have agreed to the terms herein for the sole purpose of settlement, and nothing herein may be taken as or construed to be an admission or concession of any violation

of law, rule, or regulation, or of any other matter of fact or law, or of any liability or wrongdoing or lack thereof;

WHEREAS, no part of this Agreement, including its statements and commitments, shall constitute evidence of any liability, fault, or wrongdoing, or of any lack thereof; and

WHEREAS, unless the contrary is expressly stated, this Agreement is not intended for use by any Party or any third party for any purpose not expressly stated herein, including submission to any court for any purpose other than Court approvals associated with this Agreement.

NOW, THEREFORE, IT IS HEREBY AGREED by and between the Settling States, Participating Subdivisions, and CVS, by and through their respective counsel, as follows:

I. Definitions

For all sections of this Agreement except Exhibit E and Exhibit P, the following definitions apply:

A. "*Actions*" means any lawsuit by a Settling State or Participating Subdivision asserting any Released Claim against one or more Released Entities.

B. "*Additional Remediation Amount*" means the amount available to the Settling States totaling up to $28,527,739.

C. "*Advisory Committee*" has the meaning set forth in Section V.E.2.d.

D. "*Agreement*" has the definition set forth in the preamble, including all exhibits.

E. "*Alleged Harms*" means the alleged past, present, and future financial and societal harms and related expenditures arising out of the alleged misuse and abuse of Products, non-exclusive examples of which are described in the documents listed on Exhibit A, including those expenditures that have allegedly arisen as a result of the physical and bodily injuries sustained by individuals suffering from opioid-related addiction, abuse, death, and other related diseases and disorders, and that have allegedly been caused by CVS.

F. "*Allocation Statute*" means a state law that governs allocation, distribution, and/or use of some or all of the Settlement Fund amounts allocated to that State and/or its Subdivisions. In addition to modifying the allocation as set forth in Section V.D.2, an Allocation Statute may, without limitation, contain a Statutory Trust, further restrict expenditures of funds, form an advisory committee, establish oversight and reporting requirements, or address other default provisions and other matters related to the funds. An Allocation Statute is not required to address all three (3) types of funds comprising the Settlement Fund or all default provisions.

G. "*Annual Payment*" means the total amount payable to the Settlement Fund Administrator by CVS on the Payment Date each year, as calculated by the Settlement Fund Administrator pursuant to Section IV.C.3. For the avoidance of doubt, this term does not include the Additional Remediation Amount, amounts paid pursuant to Section X, amounts paid for the

cost of the Settlement Fund Administrator pursuant to Section V.C.4, or amounts paid for the cost of the Implementation Administrator pursuant to Section VIII.A.

H. "*Appropriate Official*" has the meaning set forth in Section XIII.F.3.

I. "*Base Payment*" has the meaning set forth in Section IV.G.

J. "*Bankruptcy Code*" means Title 11 of the United States Code, 11 U.S.C. §§ 101, *et seq.*

K. "*Bar*" means either: (1) a law barring Subdivisions in a State from maintaining Released Claims against Released Entities (either through a direct bar or through a grant of authority to release claims and the exercise of such authority in full); or (2) a ruling by the highest court of the State (or, in a State with a single intermediate court of appeals, the intermediate court of appeals when not subject to further review by the highest court of the State) setting forth the general principle that Subdivisions in the State may not maintain any Released Claims against Released Entities, whether on the ground of this Agreement (or the release in it) or otherwise. For the avoidance of doubt, a law or ruling that is conditioned or predicated upon payment by a Released Entity (apart from payments made by CVS under this Agreement) shall not constitute a Bar.

L. "*Case-Specific Resolution*" means either: (1) a law barring the Subdivision at issue from maintaining any Released Claims against any Released Entities (either through a direct bar or through a grant of authority to release claims and the exercise of such authority in full); or (2) a ruling by a court of competent jurisdiction over the Subdivision at issue that the Subdivision may not maintain any Released Claims at issue against any Released Entities, whether on the ground of this Agreement (or the release in it) or otherwise. For the avoidance of doubt, a law or ruling that is conditioned or predicated upon payment by a Released Entity (apart from payments made by CVS under this Agreement) shall not constitute a Case-Specific Resolution.

M. "*Claim*" means any past, present or future cause of action, claim for relief, cross-claim or counterclaim, theory of liability, demand, derivative claim, request, assessment, charge, covenant, damage, debt, lien, loss, penalty, judgment, right, obligation, dispute, suit, contract, controversy, agreement, *parens patriae* claim, promise, performance, warranty, omission, or grievance of any nature whatsoever, whether legal, equitable, statutory, regulatory or administrative, whether arising under federal, state or local common law, statute, regulation, guidance, ordinance or principles of equity, whether filed or unfiled, whether asserted or unasserted, whether known or unknown, whether accrued or unaccrued, whether foreseen, unforeseen or unforeseeable, whether discovered or undiscovered, whether suspected or unsuspected, whether fixed or contingent, and whether existing or hereafter arising, in all such cases, including but not limited to any request for declaratory, injunctive, or equitable relief, compensatory, punitive, or statutory damages, absolute liability, strict liability, restitution, abatement, subrogation, contribution, indemnity, apportionment, disgorgement, reimbursement, attorney fees, expert fees, consultant fees, fines, penalties, expenses, costs or any other legal, equitable, civil, administrative, or regulatory remedy whatsoever.

N. "*Claim-Over*" means a Claim asserted by a Non-Released Entity against a Released Entity on the basis of contribution, indemnity, or other claim-over on any theory relating to a Non-Party Covered Conduct Claim asserted by a Releasor.

O. "*Consent Judgment*" means a state-specific consent judgment in a form to be agreed by the Settling States and CVS prior to the Initial Subdivision Participation Date that, among other things, (1) approves this Agreement and (2) provides for the release set forth in Section XI.A, including the dismissal with prejudice of any Released Claims that the Settling State has brought against Released Entities.

P. "*Covered Conduct*" means any actual or alleged act, failure to act, negligence, statement, error, omission, breach of any duty, conduct, event, transaction, agreement, misstatement, misleading statement or other activity of any kind whatsoever from the beginning of time through the Effective Date (and any past, present or future consequence of any such act, failure to act, negligence, statement, error, omission, breach of duty, conduct, event, transaction, agreement, misstatement, misleading statement or other activity) in any line of business arising from or relating in any way to: (1) the distribution, dispensing, delivery, monitoring, reporting, supply, sale, prescribing, physical security, warehousing, coverage, purchases, reimbursement, discovery, development, manufacture, packaging, repackaging, marketing, promotion, advertising, labeling, recall, withdrawal, and/or any similar act or failure to act related to any Product; the use and/or abuse of any Product; orders, prescriptions, formularies, guidelines, payments and/or rebates for any Product; policies, practices and/or operating procedures, statements, contracts, commercial arrangements, insurance, claim and/or benefit administration, claim adjudication, plan design, data and/or sales thereof, and/or any similar act or failure to act relating to any Product; and/or any system, plan, policy and/or advocacy relating to any Product, including but not limited to unbranded promotion, marketing, programs, and/or campaigns related to any Product and/or class of Products; (2) the characteristics, properties, risks and/or benefits of any Product; (3) the reporting, disclosure, non-reporting and/or non-disclosure to federal, state and/or other regulators of orders and/or prescriptions, theft, diversion and/or any similar conduct related to any Product; (4) the purchasing, selling, acquiring, disposing of, importing, exporting, handling, processing, packaging, supplying, distributing, and/or converting any Product; and (5) controls against diversion, corresponding responsibility, and/or suspicious order monitoring related to any Product.

Q. "*CVS*" means CVS Health Corporation and CVS Pharmacy, Inc. and all of their past and present direct and indirect parents and subsidiaries. For the avoidance of doubt, this definition shall not in any way limit the definition of Released Entities.

R. "*Designated State*" means New York.

S. "*Effective Date*" means fifteen (15) calendar days after the Reference Date.

T. "*Eligible State*" means the states, commonwealths, and territories of the United States of America, but excluding Florida, New Mexico, and West Virginia. Eligible States are listed in Exhibit F-2. The use of non-capitalized "state" to describe something (*e.g.*, "state court") shall also be read to include parallel entities in commonwealths, territories, and the District of Columbia (*e.g.*, "territorial court").

U. "*Enforcement Committee*" means a committee consisting of certain representatives of the Settling States and of the Participating Subdivisions selected and operating pursuant to the organizational bylaws set forth at Exhibit B. Notice pursuant to Section XIII.Q shall be provided when there are changes in membership or contact information.

V. "*Final Order*" means an order or judgment of a court of competent jurisdiction with respect to the applicable subject matter (1) which has not been reversed or superseded by a modified or amended order, is not currently stayed, and as to which any right to appeal or seek *certiorari*, review, reargument, stay, or rehearing has expired, and as to which no appeal or petition for *certiorari*, review, reargument, stay, or rehearing is pending, or (2) as to which an appeal has been taken or petition for *certiorari*, review, reargument, stay, or rehearing has been filed and (a) such appeal or petition for *certiorari*, review, reargument, stay, or rehearing has been resolved by the highest court to which the order or judgment was appealed or from which *certiorari*, review, reargument, stay, or rehearing was sought, or (b) the time to appeal further or seek *certiorari*, review, reargument, stay, or rehearing has expired and no such further appeal or petition for *certiorari*, review, reargument, stay, or rehearing is pending.

W. "*Global Settlement Amount*" means the sum of (a) the Maximum Remediation Payment, (b) the Additional Remediation Amount, and (c) any attorneys' fees and costs set forth in Exhibit R, Exhibit S and Exhibit T.

X. "*Implementation Administrator*" means the vendor agreed to by CVS and the Enforcement Committee and retained by CVS to provide notice pursuant to Section VII.A and to manage the initial joinder period for Subdivisions, including the issuance and receipt of Subdivision Participation Agreements.

Y. "*Incentive C Eligible Subdivisions*" has the meaning set forth in Section IV.H.8.e.

Z. "*Incentive A*" and "*Incentive Payment A*" mean the incentive payment described in Section IV.H.6.

AA. "*Incentive B"* and "*Incentive Payment B*" mean the incentive payment described in Section IV.H.7.

BB. "*Incentive C"* and "*Incentive Payment C*" mean the incentive payment described in Section IV.H.8.

CC. "*Incentive Payment D*" means the incentive payment described in Section IV.H.9.

DD. "*Incentive Payment D Look-Back Dates*" has the meaning set forth in Section IV.H.9.d.

EE. "*Initial Participating Subdivision*" means a Subdivision that meets the requirements set forth in Section VII.D.

FF. "*Initial Subdivision Participation Date*" means ninety (90) calendar days after the Preliminary Agreement Date, unless it is extended by written agreement of CVS and the Enforcement Committee.

GG. "*Injunctive Relief Terms*" means the terms described in Section III and set forth in Exhibit P.

HH. "*Later Litigating Subdivision*" means a Subdivision (or Subdivision official asserting the right of or for the Subdivision to recover for Alleged Harms to the Subdivision and/or the people thereof) that: (1) first files a lawsuit bringing a Released Claim against a Released Entity after the Initial Subdivision Participation Date; or (2) adds a Released Claim against a Released Entity after the Initial Subdivision Participation Date to a lawsuit brought before the Initial Subdivision Participation Date that, prior to the Initial Subdivision Participation Date, did not include any Released Claims against a Released Entity; or (3) (a) was a Litigating Subdivision whose Released Claims against Released Entities were resolved by a legislative Bar or legislative Case-Specific Resolution as of the Initial Subdivision Participation Date, (b) such legislative Bar or legislative Case-Specific Resolution is subject to a Revocation Event after the Initial Subdivision Participation Date, and (c) the earlier of the date of completion of opening statements in a trial in an action brought by a Subdivision in that Settling State that includes a Released Claim against a Released Entity or one hundred eighty (180) days from the Revocation Event passes without a Bar or Case-Specific Resolution being implemented as to that Litigating Subdivision or the Litigating Subdivision's Released Claims being dismissed; or (4) (a) was a Litigating Subdivision whose Released Claims against Released Entities were resolved by a judicial Bar or judicial Case-Specific Resolution as of the Initial Subdivision Participation Date, (b) such judicial Bar or judicial Case-Specific Resolution is subject to a Revocation Event after the Initial Subdivision Participation Date, and (c) such Litigating Subdivision takes any action in its lawsuit asserting a Released Claim against a Released Entity other than seeking a stay or dismissal.

II. "*Later Participating Subdivision*" means a Participating Subdivision that is not an Initial Participating Subdivision, but meets the requirements set forth in Section VII.E.

JJ. "*Litigating Subdivisions*" means all Subdivisions that have brought any Released Claim against any Released Entities as of the Initial Subdivision Participation Date. Attached as Exhibit C is a list of the Litigating Subdivisions in each Eligible State. Exhibit C will be updated (including with any corrections) periodically, and a final version of Exhibit C will be attached hereto as of the Initial Subdivision Participation Date.

KK. "*Maximum Remediation Payment*" means $4,279,160,837, the total amount available to Eligible States for Annual Payments as set forth in Exhibit M-1.[1] The actual amount paid for Annual Payments is subject to reduction from the Maximum Remediation Payment for

[1] The total maximum amount of this settlement is up to $5,022,083,578, which includes (i) up to $4,279,160,837 in the Maximum Remediation Payment; (ii) up to $539,457,124 in Common Benefit and Subdivision Attorneys' Fees, Expenses and Costs; (iii) up to $85,583,217 in the State Outside Counsel Fee Fund, State Cost Fund and Additional Remediation Amount; (iv) a credit of $117,882,400 for CVS's settlements with the state of New Mexico, state of West Virginia, and Nassau County and Suffolk County of New York. In no event shall CVS's payment obligation under this Agreement exceed the sum of (i)-(iii) above ($4,904,201,178).

Non-Settling States, unachieved incentive payments, and as otherwise set forth in this Agreement. In no event shall CVS's total Annual Payments under this Agreement ever exceed the Maximum Remediation Payment.

LL. "*Maximum Annual Remediation Payments*" means the total amount available to Eligible States for Annual Payments in each Payment Year as set forth in the "Total Remediation" column of Exhibit M-1. In no event shall an Annual Payment in Payment Years 1-5 exceed the Maximum Annual Remediation Payment for that Payment Year set forth in Exhibit M-1. For Payment Years 6-10, the Annual Payment may exceed the Maximum Annual Remediation Payment for that Payment Year only to the extent needed for Incentive Payment D for a Settling State that has not earned some or all Incentive Payment C in prior Payment Years, having resulted in correspondingly lower Annual Payments in those prior Payment Years. In no event shall an Annual Payment in Payment Years 6-10 exceed the range set forth in Exhibit M-2 for that Payment Year. For the avoidance of doubt, in no event shall the Annual Payments in Payment Years 6-10 cause CVS's total Annual Payments to exceed the Maximum Remediation Payment.

MM. "*National Arbitration Panel*" means the panel comprised as described in Section VI.F.3.b.

NN. "*National Disputes*" has the meaning set forth in Section VI.F.3.a.

OO. "*Non-Litigating Subdivision*" means any Subdivision that is neither a Litigating Subdivision nor a Later Litigating Subdivision.

PP. "*Non-Litigating Threshold Subdivision*" means (a) all Primary Subdivisions with populations equal to or greater than 30,000 that have not brought a Released Claim against any Released Entity as of the Initial Subdivision Participation Date and (b) any other Primary Subdivisions with populations between 10,000 and 30,000 that have not brought a Released Claim against any Released Entity but have brought a claim related to Products, including any Claims related to the Covered Conduct and/or Alleged Harms, against McKesson, AmerisourceBergen, Cardinal Health, Janssen Pharmaceuticals, or any parents, subsidiaries, divisions, predecessors, successors, and assigns of McKesson, AmerisourceBergen, Cardinal Health, or Janssen Pharmaceuticals. Attached as Exhibit W is a list of the Non-Litigating Threshold Subdivisions in each Eligible State. Exhibit W will be updated (including with any corrections) periodically, and a final version of Exhibit W will be attached hereto as of the Initial Subdivision Participation Date.

QQ. "*Non-Participating Subdivision*" means any Subdivision that is not a Participating Subdivision.

RR. "*Non-Party Covered Conduct Claim*" means a Claim against any Non-Released Entity involving, arising out of, or related to Alleged Harms and/or Covered Conduct (or conduct that would be Covered Conduct if engaged in by a Released Entity).

SS. "*Non-Party Settlement*" means a settlement by any Releasor that settles any Non-Party Covered Conduct Claim and includes a release of any Non-Released Entity.

TT. "*Non-Released Entity*" means an entity that is not a Released Entity.

UU. "*Non-Settling State*" means any Eligible State that is not a Settling State.

VV. "*Opioid Remediation*" means care, treatment, and other programs and expenditures (including reimbursement for past such programs or expenditures[2] except where this Agreement restricts the use of funds solely to future Opioid Remediation) designed to remediate Alleged Harms, including to (1) address the misuse and abuse of opioid products, (2) treat or mitigate opioid use or related disorders, or (3) mitigate other alleged effects of, including on those injured as a result of, the opioid epidemic. Exhibit E provides a non-exhaustive list of expenditures that qualify as being paid for Opioid Remediation. Qualifying expenditures may include reasonable related administrative expenses.

WW. "*Opioid Tax*" means any tax, assessment, surcharge or any other fee (other than a fixed prospective excise tax or similar tax or fee that has no restriction on pass-through) imposed by a Settling State on a pharmacy's ordering or dispensing of opioid products. For the avoidance of doubt, an Opioid Tax shall not include a fee that a retail pharmacy pays to become registered or licensed to operate as a retail pharmacy or to dispense controlled substances in a Settling State, or to renew such a registration or license in a Settling State.

XX. "*Overall Allocation Percentage*" means a Settling State's percentage as set forth in Exhibit F-2. For the avoidance of doubt, the aggregate Overall Allocation Percentage of all Eligible States (including Settling States and Non-Settling States) shall equal one hundred percent (100%).

YY. "*Participating Subdivision*" means any Subdivision in a Settling State that joins the Agreement and meets the requirements for becoming a Participating Subdivision under Section VII.B or Section VII.C, as applicable.

ZZ. "*Participation Percentage of Incentive C Eligible Subdivision Population*" has the meaning set forth in Section IV.H.8.d.

AAA. "*Participation Percentage of Litigating Subdivision Population*" has the meaning set forth in Section IV.H.7.d.

BBB. "*Parties*" means CVS and the Settling States (each, a "*Party*").

CCC. "*Payment Year*" means the calendar year during which the applicable Annual Payment is due pursuant to Section IV.B. Payment Year 1 is 2023, Payment Year 2 is 2024 and so forth. References to payment "*for a Payment Year*" mean the Annual Payment due during that year. References to eligibility "*for a Payment Year*" mean eligibility for Annual Payment during that year.

DDD. "*Preliminary Agreement Date*" has the meaning set forth in Section II.C.

EEE. "*Primary Fire District*" means a fire district that covers a population of 25,000, or 0.20% of an Eligible State's population if an Eligible State's population is greater than 18 million.

[2] Reimbursement includes amounts paid to any governmental entities for past expenditures or programs.

If not easily calculable from state data sources and agreed to between the Eligible State and CVS, a fire district's population is calculated by dividing the population of the county or counties a fire district serves by the number of fire districts in the county or counties. "Primary Fire Districts" shall mean fire districts as identified in connection with the implementation of the July 21, 2021 Janssen Settlement Agreement.

FFF. "*Primary Subdivision*" means any General-Purpose Government (including, but not limited to, a municipality, county, county subdivision, city, town, township, parish, village, borough, gore, or any other entities that provide municipal-type government) with a population over 10,000. Attached as Exhibit I is an agreed list of the Primary Subdivisions in each Eligible State.

GGG. "*Prior Litigating Subdivision*" means a Subdivision (or Subdivision official) that brought any Released Claim against any Released Entity prior to the Initial Subdivision Participation Date and all such Released Claims were separately settled or finally adjudicated prior to the Initial Subdivision Participation Date; *provided, however*, that if the final adjudication was pursuant to a Bar, such Subdivision shall not be considered a Prior Litigating Subdivision. Notwithstanding the prior sentence, CVS and the Settling State of the relevant Subdivision may agree in writing that the Subdivision shall not be considered a Prior Litigating Subdivision.

HHH. "*Product*" means any chemical substance, whether licit or illicit, whether used for medicinal or non-medicinal purposes, and whether natural, synthetic, or semi-synthetic, or any finished pharmaceutical product made from or with such substance, that is (1) an opioid or opiate, as well as any product containing any such substance; (2) a benzodiazepine, a muscle relaxer, carisoprodol, zolpidem, or gabapentin; or (3) a combination or "cocktail" of any stimulant or other chemical substance prescribed, sold, bought, or dispensed to be used together that includes opioids or opiates. "Product" shall include, but is not limited to, any substance consisting of or containing buprenorphine, codeine, fentanyl, hydrocodone, hydromorphone, meperidine, methadone, morphine, oxycodone, oxymorphone, tapentadol, tramadol, opium, heroin, carfentanil, diazepam, estazolam, quazepam, alprazolam, clonazepam, oxazepam, flurazepam, triozolam, temazepam, midazolam, carisoprodol, gabapentin, or any variant of these substances or any similar substance. Notwithstanding the foregoing, nothing in this section prohibits a Settling State from taking administrative or regulatory action related to a benzodiazepine (including, but not limited to, diazepam, estazolam, quazepam, alprazolam, clonazepam, oxazepam, flurazepam, triozolam, temazepam, and midazolam), a muscle relaxer, carisoprodol, zolpidem, or gabapentin that is wholly independent from the use of such drugs in combination with opioids, provided such action does not seek money (including abatement and/or remediation) for conduct prior to the Effective Date.

III. "*Reference Date*" means the date on which CVS is to provide notice to the Settling States and the Enforcement Committee of its determination whether to proceed with this Agreement as required by Section VIII.B. The Reference Date shall be no later than thirty (30) days after the Initial Subdivision Participation Date, unless it is extended by the written agreement of CVS and the Enforcement Committee.

JJJ. "*Released Claims*" means any and all Claims that directly or indirectly are based on, arise out of, or in any way relate to or concern Covered Conduct and/or Alleged Harms occurring prior to the Initial Subdivision Participation Date. Without limiting the foregoing, "Released Claims" include any Claims that have been asserted against the Released Entities by any Settling State or any of its Litigating Subdivisions or Litigating Special Districts in any federal, state or local action or proceeding (whether judicial, arbitral, or administrative) based on, arising out of or relating to, in whole or in part, the Covered Conduct and/or Alleged Harms, or any such Claims that could be or could have been asserted now or in the future in those actions or in any comparable action or proceeding brought by a State, any of its Subdivisions or Special Districts, or any Releasors (whether or not such State, Subdivision, Special District, or Releasor has brought such action or proceeding). Released Claims also include all Claims asserted in any proceeding to be dismissed pursuant to the Agreement, whether or not such claims relate to Covered Conduct and/or Alleged Harms. The Parties intend that "Released Claims" be interpreted broadly. This Agreement does not release Claims by private individuals. It is the intent of the Parties that the use and/or effect of this Agreement in connection with Claims by private individuals be treated in accordance with applicable law. Released Claims is also used herein to describe Claims brought by a Later Litigating Subdivision or other non-party Subdivision that would have been Released Claims if they had been brought by a Releasor against a Released Entity.

KKK. "*Released Entities*" means CVS and (1) all of CVS's past and present direct or indirect parents, subsidiaries, divisions, predecessors, successors, and assigns; (2) the past and present direct or indirect parents, subsidiaries, divisions, predecessors, successors, assigns, and joint ventures of any of the foregoing; (3) all of CVS's insurers (solely in their role as insurers with respect to the Released Claims); (4) all of CVS's, or of any entity described in subsection (1), past and present joint ventures; and (5) the respective past and present officers, directors, members, shareholders (solely in their capacity as shareholders of the foregoing entities), partners, trustees, and employees of any of the foregoing (for actions that occurred during and related to their work for, or employment with, CVS). Any person or entity described in subsections (3)-(5) shall be a Released Entity solely in the capacity described in such clause and shall not be a Released Entity with respect to its conduct in any other capacity. For the avoidance of doubt, any joint venture partner of a joint venture in subsection (2) or (4) is not a Released Entity unless such entity independently falls within subsections (1)-(5) above. An illustrative list of CVS's present joint ventures, subsidiaries, affiliates and predecessor entities is set forth in Exhibit J. With respect to joint ventures (including predecessor entities), only entities listed on Exhibit J are Released Entities. Current or former defendants in *In re: National Prescription Opiate Litigation*, No. 1:17-md-2804 (N.D. Ohio) ("*MDL*") (or in other pending litigation asserting a Claim for Covered Conduct, as identified in the *"National Opiate Litigation – Case and Defendant Extract"* provided to CVS by the Plaintiffs' Executive Committee on November 22, 2022) not identified in Exhibit J are not considered Released Entities, *provided, however*, that any CVS entities that fall within clauses (1)-(5) above against whom Released Claims are brought in the MDL on or after December 9, 2022 shall be considered Released Entities even if not listed on Exhibit J. For the avoidance of doubt, any entity acquired, or joint venture entered into, by CVS before the Initial Subdivision Participation Date is a Released Entity, but any entity acquired, or joint venture entered into, by CVS after the Initial Subdivision Participation Date is not a Released Entity.

LLL. "*Releasors*" means (1) each Settling State; (2) each Participating Subdivision; and (3) without limitation and to the maximum extent of the power of each Settling State's Attorney General and/or Participating Subdivision to release Claims, (a) the Settling State's and Participating Subdivision's departments, agencies, divisions, boards, commissions, Subdivisions, districts, instrumentalities of any kind and attorneys, including its Attorney General, and any person in their official capacity whether elected or appointed to serve any of the foregoing and any agency, person, or other entity claiming by or through any of the foregoing, (b) any public entities, public instrumentalities, public educational institutions, unincorporated districts, fire districts, irrigation districts, water districts, law enforcement districts, emergency services districts, school districts, hospital districts and other Special Districts in a Settling State, and (c) any person or entity acting in a *parens patriae*, sovereign, quasi-sovereign, private attorney general, qui tam, taxpayer, or other capacity seeking relief on behalf of or generally applicable to the general public with respect to a Settling State or Subdivision in a Settling State, whether or not any of them participate in the Agreement. The inclusion of a specific reference to a type of entity in this definition shall not be construed as meaning that the entity is not a Subdivision. Each Settling State's Attorney General represents that he or she has or has obtained (or will obtain no later than the Initial Subdivision Participation Date) the authority set forth in Section XI.G. In addition to being a Releasor as provided herein, a Participating Subdivision shall also provide the Subdivision Participation Agreement referenced in Section VII providing for a release to the fullest extent of the Participating Subdivision's authority.

MMM. "*Remediation Accounts Fund*" means the component of the Settlement Fund described in Section V.E.

NNN. "*Revocation Event*" means, with respect to a Bar, Settlement Class Resolution, or Case-Specific Resolution, a revocation, rescission, reversal, overruling, or interpretation that in any way limits the effect of such Bar, Settlement Class Resolution, or Case-Specific Resolution on Released Claims, or any other action or event that otherwise deprives the Bar, Settlement Class Resolution, or Case-Specific Resolution of force or effect in any material respect.

OOO. "*Settlement Class Resolution*" means a class action resolution in a court of competent jurisdiction in a Settling State (that is not successfully removed to federal court) with respect to a class of Subdivisions in that Settling State that (1) conforms with that Settling State's statutes, case law, and rules of procedure regarding class actions; (2) is approved and entered as an order of a court of competent jurisdiction in that Settling State and such order has become a Final Order; (3) is binding on all Non-Participating Subdivisions in that Settling State (other than opt outs as permitted under the next sentence); (4) provides that all such Non-Participating Subdivisions may not bring any Released Claims against any Released Entities, whether on the ground of this Agreement (or the releases herein) or otherwise; and (5) does not impose any costs or obligations on CVS other than those provided for in this Agreement, or contain any provision inconsistent with any provision of this Agreement. If applicable state law requires that opt-out rights be afforded to members of the class, a class action resolution otherwise meeting the foregoing requirements shall qualify as a Settlement Class Resolution unless Subdivisions collectively representing more than one percent (1%) of the total population of that Settling State opt out. In seeking certification of any Settlement Class, the applicable Settling State and Participating Subdivisions shall make clear that certification is sought solely for settlement

purposes and shall have no applicability beyond approval of the settlement for which certification is sought. Nothing in this Agreement constitutes an admission by any Party that class certification would be appropriate for litigation purposes in any case or for purposes unrelated to this Agreement.

PPP. "*Settlement Fund*" means the interest-bearing fund established pursuant to this Agreement into which the payment under Section IV is made. The Settlement Fund is comprised of the Remediation Accounts Fund, State Fund, and Subdivision Fund.

QQQ. "*Settlement Fund Administrator*" means the entity that determines the payments and reversions due under Section IV and Section IX, including annually determining the Payout Amount and calculating incentive payments, administers the Settlement Fund, and distributes amounts into three sub-funds (the Remediation Accounts Fund, State Fund, and Subdivision Fund) pursuant to this Agreement. The duties of the Settlement Fund Administrator shall be governed by this Agreement. Prior to the Initial Subdivision Participation Date, CVS and the Enforcement Committee shall agree to selection and removal processes for and the identity of the Settlement Fund Administrator, and a detailed description of the Settlement Fund Administrator's duties and responsibilities, including a detailed mechanism for paying the Settlement Fund Administrator's fees and costs, all of which shall be appended to the Agreement as Exhibit L.

RRR. "*Settling State*" means an Eligible State that has entered into this Agreement with CVS and delivers an executed State Participation Form and executed releases in accordance with Section II.A.

SSS. "*State Global Allocation Percentage*" means the allocation percentages for all States as set forth in Exhibit F-1, which represents allocations before adjusting for States that are not Eligible States due to prior settlements with CVS (Florida, New Mexico, and West Virginia).

TTT. "*State Fund*" means the component of the Settlement Fund described in Section V.C.

UUU. "*State Participation Form*" means the form attached as Exhibit V.

VVV. "*State Participation Date*" has the meaning set forth in Section II.A.

WWW. "*State-Subdivision Agreement*" means an agreement that a Settling State reaches with the Subdivisions in that Settling State regarding the allocation, distribution, and/or use of funds allocated to that Settling State and to its Subdivisions. A State-Subdivision Agreement shall be effective if approved pursuant to the provisions of Exhibit O or if adopted by statute. Preexisting agreements addressing funds other than those allocated pursuant to this Agreement shall qualify if the approval requirements of Exhibit O are met. A Settling State and its Subdivisions may revise a State-Subdivision Agreement if approved pursuant to the provisions of Exhibit O, or if such revision is adopted by statute.

XXX. "*Statewide Payment Amount"* means the amount from an Annual Payment to be paid to a Settling State, its separate types of funds (if applicable), and its Participating Subdivision listed on Exhibit G.

YYY. "*Statutory Trust*" means a trust fund established by state law to receive funds allocated to a Settling State's Remediation Accounts Fund and restrict any expenditures made using funds from such Settling State's Remediation Accounts Fund to Opioid Remediation, subject to reasonable administrative expenses. A Settling State may give a Statutory Trust authority to allocate one (1) or more of the three (3) types of funds comprising such State's Settlement Fund, but this is not required.

ZZZ. "*Subdivision*" means any (1) General-Purpose Government (including, but not limited to, a municipality, county, county subdivision, city, town, township, parish, village, borough, gore, or any other entities that provide municipal-type government), School District, or Special District within a Settling State, and (2) any other subdivision, subdivision official (acting in an official capacity on behalf of the subdivision) or sub-entity of or located within a Settling State (whether political, geographical or otherwise, whether functioning or non-functioning, regardless of population overlap, and including, but not limited to, nonfunctioning governmental units and public institutions) that has filed a lawsuit that includes a Released Claim against a Released Entity in a direct, *parens patriae*, or any other capacity. "General-Purpose Government," "School District," and "Special District" shall correspond to the "five basic types of local governments" recognized by the U.S. Census Bureau and match the 2017 list of Governmental Units.[3] The three (3) General-Purpose Governments are county, municipal, and township governments; the two (2) special purpose governments are School Districts and Special Districts.[4] The terms "Fire District," "Health District," "Hospital District," and "Library District" shall correspond to categories of Special Districts recognized by the U.S. Census Bureau.[5] References to a Settling State's Subdivisions or to a Subdivision "in," "of," or "within" such Settling State include Subdivisions located within the Settling State even if they are not formally or legally a sub-entity of such Settling State; *provided*, *however*, that a "health district" that includes any of the following words or phrases in its name shall not be considered a Subdivision: mosquito, pest, insect, spray, vector, animal, air quality, air pollution, clean air, coastal water, tuberculosis, and sanitary.

AAAA. "*Subdivision Allocation Percentage*" means the portion of a Settling State's Subdivision Fund set forth in Exhibit G that a Subdivision will receive pursuant to Section V.C or Section V.D if it becomes a Participating Subdivision. The aggregate Subdivision Allocation Percentage of all Subdivisions receiving a Subdivision Allocation Percentage in each State shall equal one hundred percent (100%). Immediately upon the effectiveness of any State-Subdivision

[4] *E.g.*, U.S. Census Bureau, "Technical Documentation: 2017 Public Use Files for State and Local Government Organization" at 7 (noting that "the Census Bureau recognizes five basic types of local governments," that three of those are "general purpose governments" (county governments, municipal governments, and township governments), and that the other two are "school district and special district governments"), https://www2.census.gov/programs-surveys/gus/datasets/2017/2017_gov_org_meth_tech_doc.pdf.

[5] A list of 2017 Government Units provided by the Census Bureau identifies 38,542 Special Districts and categorizes them by "FUNCTION_NAME." "Govt_Units_2017_Final" spreadsheet, "Special District" sheet, included in "Independent Governments - list of governments with reference information," https://www.census.gov/data/datasets/2017/econ/gus/public-use-files.html. As used herein, "fire district" corresponds to Special District function name "24 – Local Fire Protection," "Health District" corresponds to Special District function name "32 – Health," "Hospital District" corresponds to Special District function name "40 – Hospitals," and "Library District" corresponds to Special District function name "52 – Libraries." *See id.*

Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3) that addresses allocation from the Subdivision Fund, whether before or after the Initial Subdivision Participation Date, Exhibit G will automatically be amended to reflect the allocation from the Subdivision Fund pursuant to the State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3. The Subdivision Allocation Percentages contained in Exhibit G may not change once notice is distributed pursuant to Section VII.A, except upon the effectiveness of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3) that addresses allocation from the Subdivision Fund. For the avoidance of doubt, no Subdivision not listed on Exhibit G shall receive an allocation from the Subdivision Fund and no provision of this Agreement shall be interpreted to create such an entitlement.

BBBB. "*Subdivision Fund*" means the component of the Settlement Fund described in Section V.C.

CCCC. "*Subdivision Participation Agreement*" means the form of agreement attached as Exhibit K that Participating Subdivisions must execute and return to the Implementation Administrator or Settlement Fund Administrator.

DDDD. "*Threshold Motion*" means a motion to dismiss or equivalent dispositive motion made at the outset of litigation under applicable procedure. A Threshold Motion must include as potential grounds for dismissal any applicable Bar or the relevant release by a Settling State or Participating Subdivision provided under this Agreement and, where appropriate under applicable law, any applicable limitations defense.

EEEE. "*Total Remediation Amount*" means the aggregate amount paid or incurred by CVS hereunder other than amounts paid as attorneys' fees and costs or identified pursuant to Section V.B.2 as being used to pay attorneys' fees, investigation costs or litigation costs.

II. Participation by States and Condition to Preliminary Agreement

A. *Notice to States*. On December 9, 2022, this Agreement shall be distributed to all Eligible States by the Enforcement Committee. The Eligible States' Attorneys General shall then have until December 31, 2022 (the "*State Participation Date*"), to decide whether to become Settling States. Eligible States that determine to become Settling States shall sign a State Participation Form, in the form attached as Exhibit Y, and provide it to CVS and the Enforcement Committee on or before the State Participation Date. The State Participation Date may be extended by the written agreement of CVS and the Enforcement Committee.

B. *Condition to Preliminary Agreement—Settling States' Determination to Proceed*. Following the State Participation Date, the Settling States on the Enforcement Committee shall determine whether enough Eligible States have agreed to become Settling States to proceed with notice to Subdivisions as set forth in Section VII below. The Settling States shall have full, unfettered, and unilateral discretion to abandon the Agreement, without prejudice, should they

determine, based on any criteria or factors they deem relevant, that the Eligible State participation level is insufficient. Within seven (7) calendar days after the State Participation Date, the Settling States shall provide notice to CVS and the Enforcement Committee whether they intend to proceed with the Agreement. Should the Settling States give notice of insufficient Eligible State participation and elect not to proceed, then this Agreement shall have no further effect and all releases, payment obligations, and other commitments or obligations contained herein shall be void.

C. *Condition to Preliminary Agreement—CVS's Determination to Proceed*. If the Settling States elect to proceed, then CVS shall determine whether enough Eligible States have agreed to become Settling States to proceed with notice to Subdivisions as set forth in Section VII below. CVS shall have full, unfettered, and unilateral discretion to abandon the Agreement, without prejudice, should it determine, based on any criteria or factors it deems relevant, that the Eligible State participation level is insufficient. Within seven (7) calendar days after receiving notice of the Settling States' election to proceed pursuant to Section II.B, CVS shall provide notice to the Settling States and the Enforcement Committee whether it intends to proceed with the Agreement. Should CVS give notice of sufficient Eligible State participation and elect to proceed, the date of the notice shall be the Preliminary Agreement Date. Should CVS give notice of insufficient Eligible State participation and elect not to proceed, then this Agreement shall have no further effect and all releases, payment obligations, and other commitments or obligations contained herein shall be void.

D. *Later Joinder by States*. Should the Settling States and CVS elect to proceed with the Agreement, then an Eligible State may become a Settling State after the Preliminary Agreement Date only with the consent of CVS, in its sole discretion. If an Eligible State becomes a Settling State more than sixty (60) calendar days after the Preliminary Agreement Date, but on or before May 31, 2023, then the Subdivisions in that Eligible State that become Participating Subdivisions within ninety (90) calendar days of that Eligible State becoming a Settling State shall be considered Initial Participating Subdivisions. An Eligible State may not become a Settling State after May 31, 2023.

E. *Litigation Activity*. Following the State Participation Date, Eligible States that determine to become Settling States shall make reasonable efforts to cease all litigation activity against the Released Entities, including by jointly seeking stays or severance of Claims against Released Entities, where feasible, and otherwise to minimize such activity by means of agreed deadline extensions and agreed postponement of depositions, document productions, and motion practice if a motion to stay or sever is not feasible or is denied.

III. Injunctive Relief

A. *Injunctive Relief*. As part of the Consent Judgments, the Parties agree to the entry of the injunctive relief terms as set forth in Exhibit P.

IV. Settlement Payments

A. *Settlement Fund.* All payments under this Section IV shall be made into the Settlement Fund, except that, where specified, they shall be made into the Settlement Fund Escrow. The Settlement Fund shall be allocated and used only as specified in Section V.

B. *Annual Payments by CVS.*

1. CVS shall make ten (10) Annual Payments, each comprised of base payments and incentive payments as provided in this Section IV and Exhibit M-1; *provided that* the Annual Payment in Payment Year 1 shall consist solely of base payments. As a result, and as set forth in Exhibit M-1, base payments in Payment Years 2 through 10 are less than base payments in Payment Year 1 to ensure they do not exceed thirty-eight percent (38%) of each Settling State's allocable share of the Maximum Remediation Amount.

2. In no instance shall CVS's Annual Payment obligation exceed the Maximum Annual Remediation Payments, reduced for Non-Settling States, except as specified in the definition of "Maximum Annual Remediation Payments" for Payment Years 6-10. In no instance shall the sum of CVS's Annual Payment obligations exceed the Maximum Remediation Payment, reduced for Non-Settling States.

C. *Settlement Fund Payment Process*

1. To determine each Annual Payment for Payment Year 2 forward, the Settlement Fund Administrator shall use the data as of April 30 of the Payment Year for each Annual Payment, unless another provision of the Agreement specifies a different date. Prior to the Effective Date, the Parties will include an exhibit to the Agreement setting forth in detail the process for the Settlement Fund Administrator obtaining relevant data and for distributing funds to Settling States and Participating Subdivisions listed on Exhibit G consistent with the terms of this Agreement as quickly as practical.

2. The Settlement Fund Administrator shall determine the Annual Payment and the Statewide Payment Amount for each Settling State, consistent with the provisions in Exhibit L, by:

a. determining, for each Settling State, the amount of base payments and incentive payments to which the State is entitled by applying the criteria in this Section;

b. applying any reductions or offsets required by Section IV and Section XII; and

c. determining the total amount owed by CVS to all Settling States and Participating Subdivisions listed on Exhibit G.

3. As soon as possible, but no later than forty-five (45) days prior to the Payment Date, the Settlement Fund Administrator shall give notice to CVS, the Settling

States, and the Enforcement Committee of the amount of the Annual Payment, and the Statewide Payment Amount for each Settling State, following the determination described in Section IV.C.2, and the following timeline shall apply:

a. Within twenty-one (21) days of the notice provided by the Settlement Fund Administrator, CVS, any Settling State or the Enforcement Committee may dispute, in writing, the calculation of the Annual Payment, or the Statewide Payment Amount for a Settling State. Such disputing party must provide a written notice of dispute to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and CVS identifying the nature of the dispute, the amount of money that is disputed, and the Settling State(s) affected.

b. Within twenty-one (21) days of the sending of a written notice of dispute, any affected party may submit a response, in writing, to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and CVS identifying the basis for disagreement with the notice of dispute.

c. If no response is filed, the Settlement Fund Administrator shall adjust the amount calculated consistent with the written notice of dispute, and CVS shall pay the adjusted amount as the Annual Payment on the Payment Date. If a written response to the written notice of dispute is timely sent to the Settlement Fund Administrator, the Settlement Fund Administrator shall notify CVS of the preliminary amount to be paid, which shall be the greater of the amount originally calculated by the Settlement Fund Administrator or the amount that would be consistent with the notice of dispute, *provided, however,* that in no circumstances shall the preliminary amount to be paid be higher than the Maximum Annual Payment. For the avoidance of doubt, a transfer of payments from the Settlement Fund Escrow for other Payment Years does not count toward determining whether the amount to be paid is higher than the Maximum Annual Remediation Payments.

d. The Settlement Fund Administrator shall place any disputed amount of the preliminary amount paid by CVS into the Settlement Fund Escrow and shall disburse any undisputed amount to each Settling State and its Participating Subdivisions listed on Exhibit G.

e. At any time before the Payment Date for an Annual Payment, CVS and the Enforcement Committee may agree on the amount of the Annual Payment and the Statewide Payment Amount for each Settling State. If such agreement is reached, CVS and the Enforcement Committee shall inform the Settlement Fund Administrator, and the Settlement Fund Administrator shall treat those amounts as the determination described in Section IV.C.2.

4. If a Settling State informs the Settlement Fund Administrator that it and its Participating Subdivisions listed on Exhibit G have reached consensus on the amount of its Statewide Payment Amount, determined pursuant to Section IV.C.2 or Section IV.C.3, to be distributed to the Settling State, among its separate types of funds (if applicable), and among its Participating Subdivisions listed on Exhibit G, the Settlement Fund

Administrator shall disburse the Statewide Payment Amount pursuant to the consensus distribution amounts provided by the Settling State. For a Settling State that does not so notify the Settlement Fund Administrator, the Settlement Fund Administrator shall allocate the Settling State's Statewide Payment Amount, pursuant to Section V, among the separate types of funds for the Settling State (if applicable), and among its Participating Subdivisions listed on Exhibit G using the following procedures:

a. As soon as possible for each payment and following the determination described in Section IV.C.2 or Section IV.C.3, the Settlement Fund Administrator shall give notice to the relevant Settling States and their Participating Subdivisions listed on Exhibit G of the amount to be received by each Settling State, the amount to be received by the separate types of funds for each Settling State (if applicable), and the amount to be received by each Participating Subdivision listed on Exhibit G for each Settling State.

b. Within twenty-one (21) days of the notice provided by the Settlement Fund Administrator, any Settling State or Participating Subdivision listed on Exhibit G may dispute, in writing, the calculation of the amount to be received by the relevant Settling State and/or its Participating Subdivision listed on Exhibit G. A dispute will be deemed invalid and disregarded if it challenges the allocations adopted by a State-Subdivision Agreement approved pursuant to the provisions of Exhibit O or by statute. Such disputing party must provide a written notice of dispute to the Settlement Fund Administrator, any affected Settling State, and any affected Participating Subdivision identifying the nature of the dispute, the amount of money that is disputed, and the Settling State(s) affected.

c. Within twenty-one (21) days of the sending of a written notice of dispute, any affected Settling State or any affected Participating Subdivision may submit a response, in writing, to the Settlement Fund Administrator, any affected Settling State and any affected Participating Subdivision identifying the basis for disagreement with the notice of dispute.

d. If no response is filed, the Settlement Fund Administrator shall adjust the amount calculated consistent with the written notice of dispute.

e. The Settlement Fund Administrator shall place any disputed amount into the Settlement Fund Escrow and shall disburse any undisputed amount to the Settling State and its Participating Subdivisions eligible for payment.

5. Disputes described in this subsection (other than those for which no response is filed under Section IV.C.3.c or Section IV.C.4.d) shall be resolved in accordance with the terms of Section VI.

6. The Settlement Fund Administrator may combine the disbursements of Annual Payments with disbursement of funds under other comparable opioid settlements. In determining when disbursements for each Annual Payment will be made, the Settlement Fund Administrator may take into account the timeline for the availability of disbursements

under other comparable opioid settlements. No such disbursement determinations by the Settlement Fund Administrator shall impact in any respect the amount, composition, or determination of an Annual Payment under this Agreement or CVS's obligations under this Agreement.

7. For the avoidance of doubt, Subdivisions not listed on Exhibit G shall not receive and are not eligible to receive an allocation from the Subdivision Fund and no provision of this Agreement shall be interpreted to create such an entitlement.

D. *Payment Date and Procedure for Annual Payment in Payment Year 1.* The procedure described in Section IV.C.2 and Section IV.C.3 for determining the amount of the Annual Payment shall not apply to Payment Year 1. The procedure in lieu of Section IV.C.2 and Section IV.C.3 for determining the amount of the Annual Payment for Payment Year 1 is as set forth here. The Payment Date for Payment Year 1 is June 30, 2023 or the Effective Date, whichever is later. On or before such date, and *provided that* the conditions set forth in Section II.B, Section II.C, Section VIII.B, and Section VIII.C have been satisfied, CVS shall deposit into the Settlement Fund the Maximum Annual Remediation Payment for Payment Year 1 as specified in Exhibit M-1 (which, again, shall consist only of base payments). The excess amount paid in Payment Year 1—including without limitation any amounts allocable to Non-Settling States—shall be deducted from the Annual Payment for Payment Year 2, along with any other deductions or reductions to the Annual Payment for Payment Year 2.

E. *Payment Date for Payment Years 2 through 10.* The Payment Date for Payment Years 2 through 10 is June 30 of each Payment Year or thirty (30) calendar days from when the Settlement Fund Administrator gives notice to CVS of the amount of the Annual Payment for a Payment Year, whichever is later. The Annual Payments for those Payment Years shall be made pursuant to the process set forth in Section IV.C.

F. *Offsets to Annual Payments to the Settlement Fund for Non-Settling States.* An offset equal to the Maximum Remediation Payment of $4,279,160,837 times the Overall Allocation Percentage assigned to each Non-Settling State in Exhibit F-2 shall be deducted from the total amount to be paid by CVS to the Settlement Fund. Non-Settling States shall not be eligible for any payments or have any rights in connection with this Agreement. Accordingly, the Maximum Annual Remediation Payments specified in Exhibit M-1 are reduced by the aggregate Overall Allocation Percentage of Non-Settling States as set forth in Exhibit F-2.

G. *Base Payments.*

1. CVS shall make base payments into the Settlement Fund in an amount equal to thirty-eight percent (38%) of the Maximum Remediation Payment of $4,279,160,837 minus any offsets for Non-Settling States specified in Section IV.F. The maximum total for base payments is $1,626,081,118. The base payments shall be due in annual installments consistent with Exhibit M-1 over the ten (10) Payment Years, subject to potential offsets for Non-Settling States as provided in Section IV.F.

2. Each Settling State's total base payments for all Payment Years shall not exceed thirty-eight percent (38%) of each Settling State's Overall Allocation Percentage times the Maximum Remediation Payment.

3. The base payment for any Settling State in each Payment Year shall be the base payment for that Payment Year specified in Exhibit M-1 times the Settling State's Overall Allocation Percentage specified in Exhibit F-2.

H. *Incentive Payments.*

1. CVS shall make potential incentive payments into the Settlement Fund, totaling up to a maximum of sixty-two percent (62%) of the Maximum Remediation Payment of $4,279,160,837, minus any offsets for Non-Settling States specified in Section IV.F, with the actual incentive payment amount depending on whether and the extent to which the criteria set forth below are met in each Settling State. The potential maximum total for incentive payments is and cannot exceed $2,653,079,719.

2. A Settling State qualifies to receive incentive payments in addition to base payments if it meets the incentive eligibility requirements specified below. The maximum total Incentive Payment for any Settling State shall be no more than the maximum total for incentive payments listed in Section IV.H.1 times the Settling State's Overall Allocation Percentage specified in Exhibit F-2. Incentive payments are state-specific, with the actual amount depending on whether and the extent to which the criteria set forth below are met in such Settling State.

3. The incentive payments shall be available from four (4) categories, referred to as Incentive Payments A, B, C, and D. Incentive Payments A, B, and C will be due in annual installments over the nine (9) Payment Years beginning with Payment Year 2, and Incentive Payment D will be due in installments over five (5) years beginning with Payment Year 6, as shown on Exhibit M-1. The total amount of incentive payments in an Annual Payment shall be the sum of the incentive payments for which individual Settling States are eligible for that Payment Year under the criteria set forth below. The incentive payments shall be determined with respect to a specific Settling State based on its eligibility for that Payment Year under the criteria set forth below. For the avoidance of doubt, eligibility for Incentive Payments A, B, C, and D shall be determined on a Settling State-by-Settling State basis and for each Payment Year as set forth below. Except to the limited extent provided below for Incentives A (see Section IV.H.6.c) and D (see Section IV.H.9.j), a Settling State may not earn and shall not be paid in any later Payment Year an annual incentive payment for a prior Payment Year, or any portion thereof, that it failed to qualify for in that prior Payment Year.

4. A Settling State may either qualify for Incentive Payment A, or it can alternatively qualify for Incentive Payments B, C, and/or D. A Settling State will be eligible for its full allocable share of the maximum amount available for incentive payments by either (a) achieving Incentive Payment A within two (2) years of the Effective Date or (b) by fully earning Incentive Payment B in each Payment Year it is available and

earning Incentive Payments C and D in a manner that produces that maximum possible combined amount from those two incentives.

5. The following time periods apply to Incentive Payments B and C:

a. Period 1: Zero to two hundred ten (210) days after the Effective Date.

b. Period 2: Two hundred eleven (211) days to one year after the Effective Date.

c. Period 3: One year and one day after the Effective Date to April 30, 2027.

6. Incentive Payment A.

a. Incentive Payment A is mutually exclusive with Incentive Payments B, C, and D; if a Settling State receives Incentive Payment A in an Annual Payment, such Settling State is not eligible for Incentive Payments B, C, or D in that Annual Payment.

b. Incentive Payment A shall be up to a maximum of sixty-two percent (62%) of the Maximum Remediation Payment of $4,279,160,837, minus any offsets for Non-Settling States specified in Section IV.F, with the actual amount depending on whether and the extent to which the criteria set forth below are met in each Settling State. The potential maximum total for Incentive Payment A is $2,653,079,719.

c. The Incentive Payment A for any Settling State in each Payment Year shall be the Incentive Payment A for that Payment Year specified in Exhibit M-1 times the Settling State's Overall Allocation Percentage specified in Exhibit F-2, provided such Settling State achieves Incentive Payment A by two (2) years after the Effective Date. If a Settling State achieves Incentive Payment A after April 30, 2024 but before two (2) years after the Effective Date, it shall receive a catch-up payment as part of the next Annual Payment for the difference between what it would have earned had it qualified for Incentive Payment A for Payment Year 2 and what it was actually paid for Payment Year 2. The Settlement Fund Administrator shall decrease the catch-up payments payable pursuant to this Section IV.H.6.c to the extent they cannot be paid without exceeding an applicable payment limit shown in Exhibit M-1 for the next Payment Year.

d. A Settling State is eligible for Incentive Payment A if: (i) there is a Bar in that State in full force and effect; (ii) there is a Settlement Class Resolution in that State in full force and effect; (iii) there is a ruling from the State's highest court barring all Subdivisions from bringing or maintaining Released Claims; (iv) the Released Claims of all of the following entities are released through the execution of Subdivision Participation Agreements: (1) all Litigating Subdivisions,

(2) all Non-Litigating Primary Subdivisions, (3) all non-litigating School Districts with a K-12 student enrollment of at least 25,000 or 0.10% of a State's population, whichever is greater, (4) all non-litigating health districts and hospital districts that have at least one hundred twenty-five (125) hospital beds in one or more hospitals rendering services in that district, and (5) all Primary Fire Districts; or (v) a combination of the actions in clauses (i)-(iv) has achieved the same level of resolution of Claims by Subdivisions (*e.g.*, a Bar against future litigation combined with full joinder by Litigating Subdivisions). For the avoidance of doubt, subsection (iv) cannot be satisfied unless all Litigating Subdivisions are Participating Subdivisions or there is a Case-Specific Resolution against any such Subdivisions that are not Participating Subdivisions.

e. A Settling State that does not achieve Incentive Payment A as of two (2) years after the Effective Date shall not be eligible for, and shall not receive, Incentive Payment A for any Payment Year.

f. CVS shall acknowledge on or before the Initial Subdivision Participation Date the sufficiency of any existing Bars in Settling States, provided that such States shall have provided no less than 30 days' notice to CVS of such Bars. Any other Settling State that believes it qualifies for Incentive Payment A by two (2) years after the Effective Date shall provide prompt notice to CVS, the Enforcement Committee, and the Settlement Fund Administrator, including data sources or other information establishing such Settling State's entitlement to Incentive Payment A. CVS and the Enforcement Committee shall meet and confer in order to agree on data sources for purposes of this Section prior to the Preliminary Agreement Date.

g. If CVS made a payment under Incentive Payment A solely on the basis of a Bar or Settlement Class Resolution in a Settling State and that Bar or Settlement Class Resolution is subsequently subject to a Revocation Event, that Settling State shall not be eligible for Incentive Payment A thereafter, unless the State requalifies for Incentive Payment A through any method pursuant to Section IV.H.6.d, in which case the Settling State shall be eligible for Incentive Payment A less any litigation fees and costs incurred by CVS in the interim, except that, if the re-imposition occurs after the completion of opening statements in a trial involving a Released Claim, the Settling State shall not be eligible for Incentive Payment A (unless this exception is waived by CVS).

7. Incentive Payment B.

a. Incentive Payment B shall be available to Settling States that do not qualify for Incentive Payment A.

b. Incentive Payment B shall be up to a potential maximum of twenty-eight percent (28%) of the Maximum Remediation Payment of $4,279,160,837 minus any offsets for Non-Settling States specified in Section IV.F, with the actual amount depending on whether and the extent to which the criteria set forth below

are met in each Settling State. The potential maximum total for Incentive Payment B is $1,198,165,035.

c. The potential maximum Incentive Payment B for any Settling State in each Payment Year shall be the Incentive Payment B for that Payment Year specified in Exhibit M-1 times the Settling State's Overall Allocation Percentage specified in Exhibit F-2, provided such Settling State becomes eligible for Incentive Payment B by April 30 of the Payment Year or April 30, 2027, whichever is earlier. The Incentive Payment B for any Settling State that qualifies for Incentive Payment B is subject to reduction in accordance with Section IV.H.7.f, Section IV.H.7.g, and Section IV.H.7.h.

d. For Payment Years 2 through 5, the calculations specified by this Section IV.H.7 shall be based on a Settling State's Participation Percentage of Litigating Subdivision Population[6] as of April 30 of that Payment Year. For Payment Years 6 through 10, the calculations specified by this Section IV.H.7 shall be based on a Settling State's Participation Percentage of Litigating Subdivision Population as of April 30, 2027.

e. A Settling State qualifies for an Incentive Payment B if Litigating Subdivisions collectively representing at least eighty-five percent (85%) of the Settling State's Litigating Subdivision population are either Participating Subdivisions or have their Claims resolved through Case-Specific Resolutions.

f. Within Period 1: If Litigating Subdivisions collectively representing at least eighty-five percent (85%) of a Settling State's Litigating Subdivision population are Participating Subdivisions, or have their Claims resolved through Case-Specific Resolutions, during Period 1, then a sliding scale will determine the share of the Settling State's maximum Incentive Payment B for a Payment Year that it has earned. Under that sliding scale, if Litigating Subdivisions collectively representing eighty-five percent (85%) of a Settling State's Litigating Subdivision population become Participating Subdivisions, or achieve Case-Specific Resolution status, by the end of Period 1, a Settling State will receive twenty percent (20%) of its maximum Incentive Payment B for each Payment Year. If more Litigating

[6] The "Participation Percentage of Litigating Subdivision Population" shall be determined by the aggregate population of a Settling State's Litigating Subdivisions (including without limitation School Districts and Special Districts) that are Participating Subdivisions, or have their Claims resolved through Case-Specific Resolutions, divided by the aggregate population of that Settling State's Litigating Subdivisions (including without limitation School Districts and Special Districts). In calculating the Settling State's population that resides in Litigating Subdivisions, the population of the Settling State's Litigating Subdivisions shall be the sum of the population of all Litigating Subdivisions in the Settling State, notwithstanding that persons may be included within the population of more than one Litigating Subdivision. An individual Litigating Subdivision shall not be included more than once in the numerator, and shall not be included more than once in the denominator, of the calculation regardless if it (or any of its officials) is named as multiple plaintiffs in the same lawsuit; *provided*, *however*, that for the avoidance of doubt, no Litigating Subdivision will be excluded from the numerator or denominator under this sentence unless a Litigating Subdivision otherwise counted in the denominator has the authority to release the Claims (consistent with Section XI) of the Litigating Subdivision to be excluded.

Subdivisions become Participating Subdivisions, or achieve Case-Specific Resolution status, the Settling State shall receive an increased percentage of the maximum Incentive Payment B for each Payment Year as shown in the table below.

Participation Percentage of Litigating Subdivision Population	**Incentive Payment B Percentage**
Participation of less than 85%	Payment of 0% of Incentive B
Participation of 85% but less than 86%	Payment of 20% of Incentive B
Participation of 86% but less than 87%	Payment of 30% of Incentive B
Participation of 87% but less than 88%	Payment of 33% of Incentive B
Participation of 88% but less than 89%	Payment of 36% of Incentive B
Participation of 89% but less than 90%	Payment of 40% of Incentive B
Participation of 90% but less than 91%	Payment of 43% of Incentive B
Participation of 91% but less than 92%	Payment of 46% of Incentive B
Participation of 92% but less than 93%	Payment of 50% of Incentive B
Participation of 93% but less than 94%	Payment of 55% of Incentive B
Participation of 94% but less than 95%	Payment of 58% of Incentive B
Participation of 95% but less than 96%	Payment of 60% of Incentive B
Participation of 96% but less than 97%	Payment of 70% of Incentive B
Participation of 97% but less than 98%	Payment of 75% of Incentive B
Participation of 98% but less than 99%	Payment of 85% of Incentive B
Participation of 99% but less than 100%	Payment of 95% of Incentive B
Participation of 100%	Payment of 100% of Incentive B

g. Within Period 2: If a Settling State did not qualify for Incentive Payment B in Period 1, but Litigating Subdivisions collectively representing at least eighty-five percent (85%) of the Settling State's Litigating Subdivision population become Participating Subdivisions, or achieve Case-Specific Resolution status, by the end of Period 2, then the Settling State qualifies in each Payment Year for seventy-five percent (75%) of the Incentive Payment B it would have qualified for in Period 1. If a Settling State qualifies for Incentive Payment B in Period 1 and increases its Participation Percentage of Litigating Subdivision Population in Period 2, the additional Incentive Payment B for each Payment Year shall be eighty-seven and one-half percent (87.5%) of the difference between (i) the Incentive Payment B calculated pursuant to Section IV.H.7.f in Period 2 and (ii) the Incentive Payment B calculated pursuant to Section IV.H.7.f at the end of Period 1.

h. Within Period 3: If a Settling State did not qualify for an Incentive Payment B in Periods 1 or 2, but Litigating Subdivisions collectively representing at least eighty-five percent (85%) of the Settling State's Litigating Subdivision population become Participating Subdivisions, or achieve Case-Specific Resolution status, by the end of Period 3, then the Settling State qualifies for fifty percent (50%) of the Incentive Payment B it would have qualified for in Period 1. If a

Settling State qualifies for Incentive Payment B in Period 2 and increases its Participation Percentage of Litigating Subdivision Population in Period 3, the additional Incentive Payment B in each Payment Year shall be seventy-five percent (75%) of the difference between (i) the Incentive Payment B calculated pursuant to Section IV.H.7.f in Period 3 and (ii) the Incentive Payment B calculated pursuant to Section IV.H.7.f at the end of Period 2.

i. For the avoidance of doubt, an increase in a Settling State's Participation Percentage of Litigating Subdivision Population in Periods 2 and/or 3 from an earlier Period entitles the Settling State to receive the Incentive Payment B Percentage it had earned as of the end of the earlier Period plus the additional Incentive Payment B Percentage specified by the calculations in Section IV.H.7.g and Section IV.H.7.h.

j. If a Settling State has not qualified for Incentive Payment B by April 30, 2027, it shall no longer be eligible to qualify for and shall not receive any Incentive Payment B for any Payment Year.

k. If there are no Litigating Subdivisions in a Settling State, and that Settling State is otherwise eligible for Incentive Payment B, that Settling State will receive its maximum Incentive Payment B for that Annual Payment provided by Section IV.H.7.c.

8. Incentive Payment C.

a. Incentive Payment C shall be available to Settling States that do not qualify for Incentive Payment A.

b. Incentive Payment C shall be equal to up to a potential maximum of twenty-eight percent (28%) of the Maximum Remediation Payment of $4,279,160,837 minus any offsets for Non-Settling States specified in Section IV.F, with the actual amount depending on whether and the extent to which the criteria set forth below are met in each Settling State. The potential maximum total for Incentive Payment C is $1,198,165,035.

c. The potential maximum Incentive Payment C for any Settling State in each Payment Year shall be the Incentive Payment C for that Payment Year specified in Exhibit M-1 times the Settling State's Overall Allocation Percentage specified in Exhibit F-2, provided such Settling State becomes eligible for Incentive Payment B by April 30 of the Payment Year or April 30, 2027, whichever is earlier. The maximum Incentive Payment C for any Settling State that qualifies for Incentive Payment C is subject to reduction in accordance with Section IV.H.8.f, Section IV.H.8.g, and Section IV.H.8.h.

d. For Payment Years 2 through 5, the calculations specified by this Section IV.H.8 shall be based on the participation percentage of a Settling State's Non-Litigating Threshold population and its Litigating Subdivision population

("*Participation Percentage of Incentive C Eligible Subdivision Population*")[7] as of April 30 of that Payment Year. For Payment Years 6 through 10, the calculations specified by this Section IV.H.8 shall be based on a Settling State's Participation Percentage of Incentive C Eligible Subdivision Population as of April 30, 2027.

e. Incentive Payment C shall be available depending on the percentage of the aggregate population of a Settling State's Non-Litigating Threshold Subdivisions and Litigating Subdivisions (including without limitation School Districts and Special Districts) that are Participating Subdivisions or have their Claims resolved through Case-Specific Resolutions (the "*Incentive C Eligible Subdivisions*"). A Settling State qualifies for an Incentive Payment C if Incentive C Eligible Subdivisions collectively representing at least eighty-five percent (85%) of the Settling State's Incentive C Eligible Subdivision population are either Participating Subdivisions or have their Claims resolved through Case-Specific Resolutions.

f. Within Period 1: If Incentive C Eligible Subdivisions collectively representing at least eighty-five percent (85%) of a Settling State's Incentive C Eligible Subdivision population are Participating Subdivisions, or have their Claims resolved through Case-Specific Resolutions, during Period 1, then a sliding scale will determine the share of the Settling State's maximum Incentive Payment C for a Payment Year that it has earned. Under that sliding scale, if Incentive C Eligible Subdivisions collectively representing eighty-five percent (85%) of a Settling State's Incentive C Eligible population become Participating Subdivisions or achieve Case-Specific Resolution status by the end of Period 1, a Settling State will receive twenty percent (20%) of its maximum Incentive Payment C for each Payment Year. If more Incentive C Eligible Subdivisions become Participating Subdivisions, or achieve Case-Specific Resolution status, the Settling State shall receive an increased percentage of the maximum Incentive Payment C for each Payment Year as shown in the table below.

[7] The "Participation Percentage of Incentive C Eligible Subdivision Population" shall be determined by the aggregate population of a Settling State's Non-Litigating Threshold Subdivisions and Litigating Subdivisions (including without limitation School Districts and Special Districts) that are Participating Subdivisions, or have their Claims resolved through Case-Specific Resolutions, divided by the aggregate population of that Settling State's Non-Litigating Threshold Subdivisions and Litigating Subdivisions (including without limitation School Districts and Special Districts). In calculating the Settling State's population that resides in Non-Litigating Threshold Subdivisions and Litigating Subdivisions, the population of the Settling State's Non-Litigating Threshold Subdivisions and Litigating Subdivisions shall be the sum of the population of all Non-Litigating Threshold Subdivisions and Litigating Subdivisions in the Settling State, notwithstanding that persons may be included within the population of more than one Non-Litigating Threshold Subdivisions and Litigating Subdivision. An individual Non-Litigating Threshold Subdivisions or Litigating Subdivision shall not be included more than once in the numerator, and shall not be included more than once in the denominator, of the calculation regardless if it (or any of its officials) is named as multiple plaintiffs in the same lawsuit; *provided, however*, that for the avoidance of doubt, no Non-Litigating Threshold Subdivision or Litigating Subdivision will be excluded from the numerator or denominator under this sentence unless a Non-Litigating Threshold Subdivision or Litigating Subdivision otherwise counted in the denominator has the authority to release the Claims (consistent with Section XI) of the Non-Litigating Threshold Subdivision or Litigating Subdivision to be excluded.

Participation Percentage of Incentive C Eligible Subdivision Population	**Incentive Payment C Percentage**
Participation of less than 85%	Payment of 0% of Incentive C
Participation of 85% but less than 86%	Payment of 20% of Incentive C
Participation of 86% but less than 87%	Payment of 30% of Incentive C
Participation of 87% but less than 88%	Payment of 33% of Incentive C
Participation of 88% but less than 89%	Payment of 36% of Incentive C
Participation of 89% but less than 90%	Payment of 40% of Incentive C
Participation of 90% but less than 91%	Payment of 43% of Incentive C
Participation of 91% but less than 92%	Payment of 46% of Incentive C
Participation of 92% but less than 93%	Payment of 50% of Incentive C
Participation of 93% but less than 94%	Payment of 55% of Incentive C
Participation of 94% but less than 95%	Payment of 58% of Incentive C
Participation of 95% but less than 96%	Payment of 60% of Incentive C
Participation of 96% but less than 97%	Payment of 70% of Incentive C
Participation of 97% but less than 98%	Payment of 75% of Incentive C
Participation of 98% but less than 99%	Payment of 85% of Incentive C
Participation of 99% but less than 100%	Payment of 95% of Incentive C
Participation of 100%	Payment of 100% of Incentive C

g. Within Period 2: If a Settling State did not qualify for Incentive Payment C in Period 1, but Incentive C Eligible Subdivisions collectively representing at least eighty-five percent (85%) of the Settling State's Incentive C Eligible Subdivision population become Participating Subdivisions, or achieve Case-Specific Resolution status, by the end of Period 2, then the Settling State qualifies in each Payment Year for seventy-five percent (75%) of the Incentive Payment C it would have qualified for in Period 1. If a Settling State qualifies for Incentive Payment C in Period 1 and increases its Participation Percentage of Incentive C Eligible Subdivision Population in Period 2, the additional Incentive Payment C for each Payment Year shall be eighty-seven and one-half percent (87.5%) of the difference between (i) the Incentive Payment C calculated pursuant to Section IV.H.8.f in Period 2 and (ii) the Incentive Payment C calculated pursuant to Section IV.H.8.f at the end of Period 1.

h. Within Period 3: If a Settling State did not qualify for an Incentive Payment C in Periods 1 or 2, but Incentive C Eligible Subdivisions collectively representing at least eighty-five percent (85%) of the Settling State's Incentive C Eligible Subdivision population become Participating Subdivisions, or achieve Case-Specific Resolution status, by the end of Period 3, then the Settling State qualifies for fifty percent (50%) of the Incentive Payment C it would have qualified for in Period 1. If a Settling State qualifies for Incentive Payment C in Period 2 and increases its Participation Percentage of Incentive C Eligible Subdivision Population in Period 3, the additional Incentive Payment B in each Payment Year shall be seventy-five percent (75%) of the difference between (i) the Incentive

Payment B calculated pursuant to Section IV.H.8.f in Period 3 and (ii) the Incentive Payment B calculated pursuant to Section IV.H.8.f at the end of Period 2.

i. For the avoidance of doubt, an increase in a Settling State's Participation Percentage of Incentive C Eligible Subdivision Population in Periods 2 and/or 3 from an earlier Period entitles the Settling State to receive the Incentive Payment C Percentage it had earned as of the end of the earlier Period plus the additional Incentive Payment C Percentage specified by the calculations in Section IV.H.8.g and Section IV.H.8.h.

j. If a Settling State has not qualified for Incentive Payment C by April 30, 2027, it shall no longer be eligible to qualify for and shall not receive any Incentive Payment C for any Payment Year.

k. If there are no Incentive C Eligible Subdivisions in a Settling State, and that Settling State is otherwise eligible for Incentive Payment C, that Settling State will receive its maximum Incentive Payment C for that Annual Payment provided by Section IV.H.8.c.

9. Incentive Payment D.

a. Incentive Payment D shall be available to Settling States that do not qualify for Incentive Payment A.

b. Incentive Payment D shall be equal to up to a potential maximum of fifteen percent (15%) of the Maximum Remediation Payment of $4,279,160,837 minus any offsets for Non-Settling States specified in Section IV.F, with the actual amount depending on whether and the extent to which the criteria set forth below are met in each Settling State. The potential maximum total for Incentive Payment D is $641,874,126.[8]

c. Incentive Payment D shall be available to be earned starting at Payment Year 6 and the amount of Incentive Payment D in Payment Years 6-10 will depend on (i) the Settling State's eligibility as set out in Section IV.H.9.d and (ii) the Participation Percentage of the Incentive C Eligible Subdivision Population achieved by the Settling State as of April 30, 2027.

d. A Settling State is eligible for Incentive Payment D if no Later Litigating Subdivision (for purposes of Incentive Payment D, Later Litigating Subdivisions are limited to (i) a Primary Subdivision; (ii) a school district with a K-12 student enrollment of at least 25,000 or 0.10% of the State's population, whichever is greater; (iii) a health district or hospital district that has at least one

[8] The Incentive Payment C table specified in Section IV.H.8.f and Incentive Payment D table specified in Section IV.H.9.e operate so that the combined amount of Incentive Payment C and Incentive Payment D cannot exceed thirty-four percent (34%) of the Maximum Remediation Payment over the term of the Agreement. CVS will have no obligation to pay more than $1,454,914,684 for the combined amounts of Incentive Payment C and Incentive Payment D minus any offsets for Non-Settling States specified in Section IV.F and reductions for unachieved incentives.

hundred twenty-five (125) hospital beds in one or more hospitals rendering services in that district; and (iv) Primary Fire Districts) in that State has a lawsuit against a Released Entity that survived in whole or in part a Threshold Motion and is pending as of April 30 in Payment Years 6 to 10 ("*Incentive Payment D Look-Back Dates*").

e. The Incentive Payment D for any Settling State in Payment Years 6-10 shall be between six percent (6%) and fifteen percent (15%) of the Maximum Remediation Payment times the Settling State's Overall Allocation Percentage specified in Exhibit F-2. The applicable percentage shall be determined based on the Participation Percentage of the Incentive C Eligible Subdivision Population achieved by the Settling State as of April 30, 2027 as shown in the table below:

Participation Percentage of Incentive C Eligible Subdivision Population as of April 30, 2027	**Settling State's Applicable Incentive Payment D Percentage**
Participation of less than 96%	15% of Maximum Remediation Payment
Participation of 96% but less than 97%	14.4% of Maximum Remediation Payment
Participation of 97% but less than 98%	13% of Maximum Remediation Payment
Participation of 98% but less than 99%	10.2% of Maximum Remediation Payment
Participation of 99% but less than 100%	7.4% of Maximum Remediation Payment
Participation of 100%	6% of Maximum Remediation Payment

f. Incentive Payment D shall be available in equal installments in Payment Years 6-10, unless an adjustment to payment is required by Section IV.H.9.i or Section IV.H.9.j after the Annual Payment is made for Payment Year 6, in which case the adjustment shall be made in a way that equalizes, to the extent possible, its effect over the remaining Payment Years.[9]

g. Prior to determining the Annual Payment for each of Payment Years 6 through 10, the Settlement Fund Administrator shall determine a Settling State's eligibility for Incentive Payment D as of the Incentive Payment D Look-Back Date

[9] The top of the range for Incentive Payment D specified in Exhibit M-2 for Payment Years 6-10 represents five years of equal payments of Incentive Payment D at fifteen percent (15%) of the Maximum Remediation Payment for all Eligible States. The bottom of the range for Incentive Payment D specified in Exhibit M-2 for Payment Years 6-10 represents five years of equal payments of Incentive Payment D at six percent (6%) of the Maximum Remediation Payment for all Eligible States. Incentive Payment D cannot exceed the top of the range for Incentive Payment D specified in Exhibit M-2 for each of Payment Years 6-10. Any Incentive Payment D in excess of the bottom of the range for Incentive Payment D must correspond to reductions to Incentive Payment C in a prior or the same Payment Year, as provided by the Incentive Payment C table specified in Section IV.H.8.f.

in each such Payment Year. Prior to each Incentive Payment D Look-Back Date, CVS may provide the Settlement Fund Administrator and the Enforcement Committee with notice identifying any Settling State(s) it believes do not qualify for Incentive Payment D and information supporting its belief.

h. If, at any time during the term of this Agreement any Subdivision becomes a Later Litigating Subdivision (as that term is limited by Section IV.H.9.c), then CVS shall, within thirty (30) calendar days of CVS or any Released Entity being served, provide notice to the Settling State in which such Released Claims are being pursued and shall give the relevant Settling State a reasonable opportunity to extinguish the Released Claims without any payment or any other obligations being imposed upon any Released Entities (apart from the Global Settlement Amount payable by CVS under the Agreement or the Injunctive Relief Terms incurred by it). The relevant Settling State and CVS shall confer and use reasonable efforts to promptly resolve the lawsuit so that it is dismissed with prejudice. Nothing in this subsection creates an obligation for a Settling State to make a monetary payment or incur any other obligation to an entity filing a lawsuit.

i. If a Later Litigation Subdivision's lawsuit results in a money judgment being entered against a Released Entity or reasonable settlement being reached with a Released Entity, the amount is to be set off from the total Incentive Payment D for which the Settling State may become eligible. The total Incentive Payment D for which the Settling State may become eligible shall be reduced by the amount of the judgment or settlement.

j. Notwithstanding Section IV.H.9.d, a Settling State can become re-eligible for Incentive Payment D if the lawsuit that survived a Threshold Motion is dismissed pursuant to a later motion on grounds included in the Threshold Motion, in which case the Settling State shall be eligible for any missed payments of Incentive Payment D in the following Payment Year, less any litigation fees and costs incurred by CVS in the interim, except that if the dismissal motion occurs after the completion of opening statements in such action, the Settling State shall not be eligible for Incentive Payment D. The Settlement Fund Administrator shall decrease the missed payments payable pursuant to this Section IV.H.9.j to the extent it cannot be paid without exceeding the top end of an applicable payment range shown in Exhibit M-2 for the remaining Payment Years.

I. In no event shall any Settling State receive base payments and incentive payments totaling more than one hundred percent (100%) of its respective Overall Allocation Percentage specified in Exhibit F-2 times the Maximum Remediation Payment.

J. *Credit for Dispensing Services.* CVS and a Settling State may enter into an agreement for CVS to earn credits against Annual Payments for dispensing free-of-charge opioid alternatives, for free-of-charge product provided in connection with other opioid-related resolutions, and/or for other initiatives and services.

V. Allocation and Use of Settlement Payments

A. *Components of Settlement Fund*. The Settlement Fund shall be comprised of a Remediation Accounts Fund, a State Fund, and a Subdivision Fund for each Settling State. The payment made under Section IV into the Settlement Fund shall be initially allocated among those three (3) sub-funds and distributed and used as provided below or as provided for by a State-Subdivision Agreement (or other State-specific allocation of funds).

B. *Use of Settlement Payments*.

1. It is the intent of the Parties that the payments disbursed from the Settlement Fund to Settling States and Participating Subdivisions be for Opioid Remediation to address Alleged Harms, subject to exceptions that must be documented in accordance with Section V.B.2. In no event may less than 95.5% of CVS's maximum payment amounts pursuant to Section IV as set forth on Exhibit M-1 over the entirety of all Payment Years (but not in any single Payment Year) be spent on Opioid Remediation; *provided, however*, that the remaining 4.5% only may be spent outside of Opioid Remediation to the extent necessary to satisfy: (a) back-stop attorney fee agreements entered into by Settling States with respect to at least one opioid settlement on or before November 30, 2022, even if such an agreement did not as of that date apply to CVS's Annual Payments; or (b) contingency fee agreements entered into by Settling States covering CVS's Annual Payments. Any amounts not spent to satisfy such agreements must be spent on Opioid Remediation.

2. While disfavored by the Parties, a Settling State or a Participating Subdivision may, subject to the limitation in the second sentence of Section V.B.1, use monies from the Settlement Fund (that have not been restricted by this Agreement solely to future Opioid Remediation) for purposes that do not qualify as Opioid Remediation, provided that if, at any time, a Settling State or a Participating Subdivision listed on Exhibit G uses any monies from the Settlement Fund for a purpose that does not qualify as Opioid Remediation, such Settling State or Participating Subdivision listed on Exhibit G shall identify such amounts and report to the Settlement Fund Administrator and CVS how such funds were used, including if used to pay attorneys' fees, investigation costs, litigation costs, or costs related to the operation and enforcement of this Agreement, respectively. Such expenditures shall be reported to the Settlement Fund Administrator and CVS by January 31 of the year following the calendar year in which they are made. It is the intent of the Parties that the reporting under this Section V.B.2 shall be available to the public. For the avoidance of doubt, (a) any amounts not identified under this Section V.B.2 as used to pay attorneys' fees, investigation costs, or litigation costs shall be included in the Total Remediation Amount for purposes of Section V.F and (b) Participating Subdivisions not listed on Exhibit G may only use monies from the Settlement Fund for purposes that qualify as Opioid Remediation.

C. *Allocation of Settlement Fund*. The allocation of the Settlement Fund allows for different approaches to be taken in different Settling States, such as through a State-Subdivision Agreement. Given the uniqueness of Settling States and their Participating Subdivisions, Settling States and their Participating Subdivisions are encouraged to enter into State-Subdivision

Agreements in order to direct the allocation of their portion of the Settlement Fund. This Agreement has no effect on the ability of Settling States and their Participating Subdivisions to internally agree on the allocation of their portion of the Settlement Fund. As set out below, the Settlement Fund Administrator will make an initial allocation to three (3) state-level sub-funds. The Settlement Fund Administrator will then, for each Settling State and its Participating Subdivisions, apply the terms of this Agreement and any relevant State-Subdivision Agreement, Statutory Trust, Allocation Statute, or voluntary redistribution of funds as set out below before disbursing the funds.

1. Base Payments. The Settlement Fund Administrator will allocate base payments under Section IV.G among the Settling States pursuant to Section VI.G. Base payments for each Settling State will then be allocated fifteen percent (15%) to its State Fund, seventy percent (70%) to its Remediation Accounts Fund, and fifteen percent (15%) to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in Section V.D.

2. Incentive Payments. The Settlement Fund Administrator will treat incentive payments under Section IV.H on a Settling State-specific basis in proportion to each Settling State's respective Overall Allocation Percentage. Incentive payments for which a Settling State is eligible under Section IV.H will be allocated fifteen percent (15%) to its State Fund, seventy percent (70%) to its Remediation Accounts Fund, and fifteen percent (15%) to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in Section V.D.

3. Settlement Fund Administrator. Prior to the Initial Subdivision Participation Date, CVS and the Enforcement Committee will agree to a detailed mechanism consistent with the foregoing for the Settlement Fund Administrator to follow in allocating, apportioning, and distributing payments, which shall then be appended hereto as Exhibit L.

4. Settlement Fund Administrator Costs. Any reasonable costs and fees of the Settlement Fund Administrator accruing under this Agreement as described in Exhibit L shall be paid from the interest accrued in the Settlement Fund; *provided, however*, that if such accrued interest is insufficient to pay the entirety of any such costs and fees, CVS shall pay fifty percent (50%) of the additional amount directly to the Settlement Fund Administrator and fifty percent (50%) shall be paid out of the Settlement Fund.

D. *Settlement Fund Reallocation and Distribution.*

As set forth below, within a particular Settling State's account, amounts contained in the Settlement Fund sub-funds may be reallocated and distributed per a State-Subdivision Agreement or other means. If the apportionment of amounts is not addressed and controlled under Section V.D.1 and Section V.D.2, then the default provisions of Section V.D.4 apply. It is not necessary that a State-Subdivision Agreement or other means of allocating funds pursuant to Section V.D.1 and Section V.D.2 address all of the Settlement Fund sub-funds. For example, a Statutory Trust might only address disbursements from a Settling State's Remediation Accounts Fund.

1. Distribution by State-Subdivision Agreement. If a Settling State has a State-Subdivision Agreement, amounts apportioned to that Settling State's State Fund, Remediation Accounts Fund, and Subdivision Fund under Section V.C shall be reallocated and distributed as provided by that agreement. Any State-Subdivision Agreement entered into or amended after the Preliminary Agreement Date shall be applied only if it requires: (a) that all amounts be used for Opioid Remediation, except as allowed by Section V.B.2, and (b) that at least seventy percent (70%) of amounts be used solely for future Opioid Remediation.[10] For a State-Subdivision Agreement to be applied to the relevant portion of the Annual Payment, notice must be provided to CVS and the Settlement Fund Administrator at least ten (10) business days prior to the Settlement Fund Administrator's disbursements of such portion to a Settlement State and its Participating Subdivisions.

2. Distribution by Allocation Statute. If a Settling State has an Allocation Statute and/or a Statutory Trust that addresses allocation or distribution of amounts apportioned to such Settling State's State Fund, Remediation Accounts Fund, and/or Subdivision Fund and that, to the extent any or all such sub-funds are addressed, requires (1) all amounts to be used for Opioid Remediation, except as allowed by Section V.B.2, and (2) at least seventy percent (70%) of all amounts to be used solely for future Opioid Remediation,[11] then, to the extent allocation or distribution is addressed, the amounts apportioned to that Settling State's State Fund, Remediation Accounts Fund, and Subdivision Fund under Section V.C shall be allocated and distributed as addressed and provided by the applicable Allocation Statute or Statutory Trust. For the avoidance of doubt, an Allocation Statute or Statutory Trust need not address all three (3) sub-funds that comprise the Settlement Fund, and if the applicable Allocation Statute or Statutory Trust does not address distribution of all or some of these three (3) sub-funds, the applicable Allocation Statute or Statutory Trust does not replace the default provisions described in Section V.D.4 of any such unaddressed fund. For example, if an Allocation Statute or Statutory Trust that meets the requirements of this Section V.D.2 only addresses funds restricted to remediation and abatement, then the default provisions in this Agreement concerning allocation among the three (3) sub-funds comprising the Settlement Fund and the distribution of the State Fund and Subdivision Fund for that Settling State would still apply, while the distribution of the applicable Settling State's Remediation Accounts Fund would be governed by the qualifying Allocation Statute or Statutory Trust.

3. Voluntary Redistribution. A Settling State may choose to reallocate all or a portion of its State Fund to its Remediation Accounts Fund. A Participating Subdivision included on Exhibit G may choose to reallocate all or a portion of its allocation from the Subdivision Fund to the State's Remediation Accounts Fund or to another Participating Subdivision. The Settlement Fund Administrator is not required to honor a voluntary

[10] Future Opioid Remediation includes amounts paid to satisfy any future demand by another governmental entity to make a required reimbursement in connection with the past care and treatment of a person related to the Alleged Harms.

[11] Future Opioid Remediation includes amounts paid to satisfy any future demand by another governmental entity to make a required reimbursement in connection with the past care and treatment of a person related to the Alleged Harms.

redistribution for which notice is provided to it less than sixty (60) calendar days prior to the applicable Payment Date.

4. Distribution in the Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. If Section V.D.1 and Section V.D.2 do not apply, amounts apportioned to that Settling State's State Fund, Remediation Accounts Fund, and Subdivision Fund under Section V.C shall be distributed as follows:

a. Amounts apportioned to that Settling State's State Fund shall be distributed to that State.

b. Amounts apportioned to that Settling State's Remediation Accounts Fund shall be distributed consistent with Section V.E. Each Settling State shall submit to the Settlement Fund Administrator a designation of a lead state agency or other entity to serve as the single point of contact for that Settling State's funding requests from the Remediation Accounts Fund and other communications with the Settlement Fund Administrator. The designation of an individual entity is for administrative purposes only and such designation shall not limit funding to such entity or even require that such entity receive funds from this Agreement. The designated entity shall be the only entity authorized to request funds from the Settlement Fund Administrator to be disbursed from that Settling State's Remediation Accounts Fund. If a Settling State has established a Statutory Trust, then that Settling State's single point of contact may direct the Settlement Fund Administrator to release the State's Remediation Accounts Fund to the Statutory Trust.

c. Amounts apportioned to that Settling State's Subdivision Fund shall be distributed to Participating Subdivisions in that State included on Exhibit G per the Subdivision Allocation Percentage listed in Exhibit G. Section V.F shall govern amounts that would otherwise be distributed to Non-Participating Subdivisions listed in Exhibit G. For the avoidance of doubt and notwithstanding any other provision in this Agreement, no Non-Participating Subdivision will receive any amount from the Settlement Fund, regardless of whether such Subdivision is included on Exhibit G.

d. Special Districts shall not be allocated funds from the Subdivision Fund, except through a voluntary redistribution allowed by Section V.D.3 to Special Districts that are Participating Subdivisions. A Settling State may allocate funds from its State Fund or Remediation Accounts Fund for Special Districts that are Participating Subdivisions.

5. Restrictions on Distribution. No amounts may be distributed from the Subdivision Fund contrary to Section VII, *i.e.*, no amounts may be distributed directly to Non-Participating Subdivisions to the extent such a distribution would violate Section VII.G or Section VII.H. Amounts allocated to the Subdivision Fund that cannot be distributed by virtue of the preceding sentence shall be distributed into the sub-account in the Remediation Accounts Fund for the Settling State in which the Non-Participating

Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement described in Section V.D.1 or by an Allocation Statute or a Statutory Trust described in Section V.D.2.

E. *Provisions Regarding the Remediation Accounts Fund.*

1. State-Subdivision Agreement, Allocation Statute, and Statutory Trust Fund Provisions. A State-Subdivision Agreement, Allocation Statute, or Statutory Trust in a Settling State may govern the operation and use of amounts in that State's Remediation Accounts Fund so long as it complies with the requirements of Section V.D.1 or Section V.D.2, as applicable, and all direct payments to Participating Subdivisions in that State comply with Section VII.G through Section VII.I.

2. Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. In the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust that addresses distribution, the Remediation Accounts Fund will be used by a Settling State solely for future Opioid Remediation[12] and the following shall apply with respect to a Settling State:

a. *Regional Remediation.*

(i) At least fifty percent (50%) of distributions for remediation from a Settling State's Remediation Accounts Fund shall be annually allocated and tracked to the regional level. A Settling State may allow the Advisory Committee established pursuant to Section V.E.2.d to define its regions and assign regional allocations percentages. Otherwise, a Settling State shall (A) define its initial regions, which shall consist of one (1) or more General-Purpose Subdivision(s) and which shall be designated by the state agency with primary responsibility for substance abuse disorder services employing, to the maximum extent practical, existing regions established in that State for opioid abuse treatment or other public health purposes; (B) assign initial regional allocation percentages to the regions based on the Subdivision Allocation Percentages in Exhibit G and an assumption that all Subdivisions included on Exhibit G will become Participating Subdivisions.

(ii) This minimum regional expenditure percentage is calculated using the Settling State's initial Remediation Accounts Fund allocation and does not include any additional amounts a Settling State has directed to its Remediation Accounts Fund from its State Fund, or any other amounts directed to the fund. A Settling State may dedicate more than fifty percent (50%) of its Remediation Accounts Fund to the regional expenditure and may annually adjust the percentage of its Remediation Accounts Fund

[12] Future Opioid Remediation includes amounts paid to satisfy any future demand by another governmental entity to make a required reimbursement in connection with the past care and treatment of a person related to the Alleged Harms.

dedicated to regional expenditures as long as the percentage remains above the minimum amount.

(iii) A Settling State (A) has the authority to adjust the definition of the regions, and (B) may annually revise the percentages allocated to each region to reflect the number of General-Purpose Subdivisions in each region that are Non-Participating Subdivisions.

b. *Subdivision Block Grants.* Certain Participating Subdivisions shall be eligible to receive regional allocation funds in the form of block grants for future Opioid Remediation. A Participating Subdivision eligible for block grants is a county or parish (or in the case of Settling States that do not have counties or parishes that function as political subdivisions, a city) that (1) does not contain a Litigating Subdivision or a Later Litigating Subdivision for which it has the authority to end the litigation through a release, bar or other action, (2) either (i) has a population of 400,000 or more or (ii) in the case of California has a population of 750,000 or more, and (3) has funded or otherwise managed an established health care or treatment infrastructure (*e.g.*, health department or similar agency). Each Participating Subdivision eligible to receive block grants shall be assigned its own region.

c. *Small States.* Notwithstanding the provisions of Section V.E.2.a, Settling States with populations under four (4) million that do not have existing regions described in Section V.E.2.a shall not be required to establish regions. However, such a Settling State that contains one (1) or more Participating Subdivisions eligible for block grants under Section V.E.2.c shall be divided regionally so that each block-grant eligible Participating Subdivision is a region and the remainder of the Settling State is a region.

d. *Advisory Committee.* A Settling State shall designate an Opioid Settlement Remediation Advisory Committee (the "*Advisory Committee*") to provide input and recommendations regarding remediation spending from that Settling State's Remediation Accounts Fund. A Settling State may elect to use an existing advisory committee or similar entity (created outside of a State-Subdivision Agreement or Allocation Statute); *provided, however*, the Advisory Committee or similar entity shall meet the following requirements:

(i) Written guidelines that establish the formation and composition of the Advisory Committee, terms of service for members, contingency for removal or resignation of members, a schedule of meetings, and any other administrative details;

(ii) Composition that includes at least an equal number of local representatives as state representatives;

(iii) A process for receiving input from Participating Subdivisions and other communities regarding how the opioid crisis is

affecting their communities, their abatement needs, and proposals for abatement strategies and responses; and

(iv) A process by which Advisory Committee recommendations for expenditures for Opioid Remediation will be made to and considered by the appropriate state agencies.

3. Remediation Accounts Fund Reporting. The Settlement Fund Administrator shall track and assist in the report of remediation disbursements as agreed to between CVS and the Enforcement Committee.

F. *Nature of Payment*. CVS, the Settling States, and the Participating Subdivisions each acknowledge and agree that notwithstanding anything to the contrary in this Agreement, including, but not limited to, the scope of the Released Claims:

1. They have entered into this Agreement to avoid the delay, expense, inconvenience, and uncertainty of further litigation;

2. (a) The Settling States and Participating Subdivisions sought compensatory restitution and remediation (within the meaning of 26 U.S.C. § 162(f)(2)(A) and 26 C.F.R. § 1.162-21(e)(4)(i), (ii)) as damages for the Alleged Harms allegedly suffered by the Settling States and Participating Subdivisions; (b) the Total Remediation Amount is less than or equal to the amount, in the aggregate, of the Alleged Harms allegedly suffered by the Settling States and Participating Subdivisions; and (c) the portion of the Total Remediation Amount received by each Settling State or Participating Subdivision is less than or equal to the amount of the Alleged Harms allegedly suffered by such Settling State or Participating Subdivision;

3. The payment of the Total Remediation Amount by CVS constitutes, and is paid for, compensatory restitution and remediation (within the meaning of 26 U.S.C. § 162(f)(2)(A) and 26 C.F.R. § 1.162-21(e)(4)(i), (ii)) for alleged damage or harm (as compensation for alleged damage or harm arising out of alleged bodily injury) allegedly caused by CVS in order to restore, in whole or in part, the Settling States, Participating Subdivisions, and persons to the same position or condition that they would be in had the Settling States, Participating Subdivisions, and persons not suffered the Alleged Harms, and constitutes compensatory restitution and remediation for alleged damage or harm allegedly caused by the potential violation of a law and/or is an amount paid to come into compliance with the law; and

4. For the avoidance of doubt: (a) the entire Total Remediation Amount is properly characterized as described in Section V.F, (b) no portion of the Total Remediation Amount represents reimbursement to any Settling State or Participating Subdivision or other person or entity for the fees or costs of any investigation or litigation, including without limitation attorneys' fees, (c) no portion of the Global Settlement Amount constitutes the disgorgement of any allegedly ill-gotten gains, and (d) no portion of the Global Settlement Amount is paid for, is in place of, or is properly characterized as the payment of any fine, penalty, punitive damages, or other punitive assessments.

VI. Enforcement

A. *Enforceability.* This Agreement is enforceable only by the Settling States and CVS; *provided, however,* that Released Entities may enforce Section XI and Participating Subdivisions listed on Exhibit G have the enforcement rights described in Section VI.D. Except to the extent allowed by the Injunctive Relief Terms, Settling States and Participating Subdivisions shall not have enforcement rights with respect to either the terms of this Agreement that apply only to or in other States or any Consent Judgment entered into by another Settling State. Participating Subdivisions shall not have enforcement rights against CVS with respect to this Agreement or any Consent Judgment except that Participating Subdivisions shall have enforcement rights as set forth herein as to payments that would be allocated to the Subdivision Fund or Remediation Accounts Fund pursuant to Section V; *provided, however,* that each Settling State shall allow Participating Subdivisions in such Settling State to notify it of any perceived violations of this Agreement or the applicable Consent Judgment.

B. *Jurisdiction.* CVS consents to the jurisdiction of the court in each Settling State in which the Consent Judgment is filed, limited to and for the sole and exclusive purpose of resolution of disputes identified in Section VI.F.2 for resolution in that court.

C. *Specific Terms Dispute Resolution.*

1. Any dispute that is addressed by the provisions set forth in the Injunctive Relief Terms shall be resolved as provided therein.

2. In the event that CVS believes that the requirements established in Section V.B.1 are not being satisfied, CVS may request that CVS and the Enforcement Committee meet and confer regarding the use of funds to implement Section V.B.1. The completion of such meet-and-confer process is a precondition to further action regarding any such dispute. Further action concerning Section V.B.1 shall: (i) be limited to CVS obtaining a reduction of its Annual Payments by no more than five percent (5%) of the difference between the actual amount of Opioid Remediation and the 95.5% of CVS's maximum payment amounts pursuant to Section IV as set forth on Exhibit M-1 over the entirety of all Payment Years (but not in any single Payment Year); (ii) only reduce Annual Payments to those Settling States and their Participating Subdivisions that are out of compliance with the requirements established in Section V.B.1; and (iii) not reduce Annual Payments restricted to future Opioid Remediation.

D. *State-Subdivision Enforcement*.

1. A Subdivision shall not have enforcement rights against a Settling State in which it is located with respect to this Agreement or any Consent Judgment except that a Participating Subdivision listed on Exhibit G shall have enforcement rights (a) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust with respect to intrastate allocation; or (b) in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust, to address allegations that (i) the Settling State's use of Remediation Accounts Fund monies were not used for uses similar to or in the nature of those uses contained in Exhibit E, or (ii) a Settling State failed to pay funds directly from

the Remediation Accounts Fund to a Participating Subdivision eligible to receive a block grant pursuant to Section V.E.2.b.

2. A Settling State shall have enforcement rights against a Participating Subdivision located in its territory (a) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust; or (b) in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust, to address allegations that the Participating Subdivisions' uses of Remediation Accounts Fund monies were not used for purposes similar to or in the nature of those uses contained in Exhibit E.

3. As between Settling States and Participating Subdivisions, the above rights are contractual in nature and nothing herein is intended to limit, restrict, change or alter any other existing rights under law.

E. *Subdivision Payment Enforcement.* A Participating Subdivision listed on Exhibit G shall have the same right as a Settling State pursuant to Section VI.F.3.a(iv) to seek resolution regarding the failure by CVS to make its allocable share of an Annual Payment in a Payment Year.

F. *Other Terms Regarding Dispute Resolution.*

1. Except as provided by Section VI.C, the parties to a dispute shall promptly meet and confer in good faith to resolve any dispute. If the parties cannot resolve the dispute informally, and unless otherwise agreed in writing, they shall follow the remaining provisions of this Section VI.F to resolve the dispute.

2. Except to the extent provided by Section VI.C or Section VI.F.3, all disputes shall be resolved in either the court that entered the relevant Consent Judgment or, if no such Consent Judgment was entered, a state or territorial court with jurisdiction located wherever the seat of the relevant state government is located.

a. State court proceedings shall be governed by the rules and procedures of the relevant forum.

b. For the avoidance of doubt, disputes to be resolved in state court include, but are not limited to, the following:

(i) disputes concerning whether expenditures qualify as Opioid Remediation;

(ii) disputes between a Settling State and its Participating Subdivisions as provided by Section VI.D, except to the extent the State-Subdivision Agreement provides for other dispute resolution mechanisms. For the avoidance of doubt, disputes between a Settling State and any Participating Subdivision shall not be considered National Disputes;

(iii) whether this Agreement and relevant Consent Judgment are binding under state law;

(iv) the extent of the Attorney General's or other participating entity's authority under state law, including the extent of the authority to release claims;

(v) whether the definition of a Bar, a Case-Specific Resolution, Final Order, lead state agency as described in Section V.D.4.b, Later Litigating Subdivision, Litigating Subdivision, or Threshold Motion has been met; and

(vi) all other disputes not specifically identified in Section VI.C or Section VI.F.3.

c. Any Party may request that the National Arbitration Panel provide an interpretation of any provision of the Agreement that is relevant to the state court determination, and the National Arbitration Panel shall make reasonable best efforts to supply such interpretation within the earlier of thirty (30) calendar days or the time period required by the state court proceedings. Any Party may submit that interpretation to the state court to the extent permitted by, and for such weight provided by, the state court's rules and procedures. If requested by a Party, the National Arbitration Panel shall request that its interpretation be accepted in the form of an *amicus curiae* brief, and any attorneys' fees and costs for preparing any such filing shall be paid for by the requesting Party.

3. National Disputes involving a Settling State, a Participating Subdivision that has enforcement rights pursuant to Section VI.A, and/or CVS (together, "*Participating Parties*") shall be resolved by the National Arbitration Panel.

a. National Disputes are disputes that are not addressed by Section VI.C, and which are exceptions to Section VI.F.2's presumption of resolution in state courts because they involve issues of interpretation of terms contained in this Agreement applicable to all Settling States without reference to a particular State's law. Disputes between a Settling State and any Participating Subdivision shall not be considered National Disputes. National Disputes are limited to the following:

(i) The amount of withholding attributable to Non-Settling States;

(ii) issues involving the scope and definition of Product;

(iii) interpretation and application of the terms "Alleged Harms," "Covered Conduct," "Released Entities," and "Released Claims";

(iv) the failure by CVS to pay the Annual Payment, the Additional Remediation Amount in a Payment Year, or the amounts due pursuant to Exhibit S and Exhibit T, but for the avoidance of doubt, disputes between CVS and a Settling State over the amounts owed only to that

Settling State that do not affect any other Settling State shall not be considered National Disputes;

(v) the interpretation and application of any most-favored-nation provision in Section XIII.E;

(vi) questions regarding the performance and/or removal of the Settlement Fund Administrator;

(vii) disputes involving liability of successor entities;

(viii) disputes that require a determination of the sufficiency of participation in order to qualify for Incentive Payments A, B, C or D;

(ix) disputes requiring the interpretation of Agreement terms that are national in scope or impact, which shall mean disputes requiring the interpretation of Agreement terms that (i) concretely affect four (4) or more Settling States; and (ii) do not turn on unique definitions and interpretations under state law; and

(x) any dispute subject to resolution under Section VI.F.2 but for which all Participating Parties to the dispute agree to arbitration before the National Arbitration Panel under the provisions of this SectionVI.F.3.

b. The National Arbitration Panel shall be comprised of three (3) arbitrators. One (1) arbitrator shall be chosen by CVS, one (1) arbitrator shall be chosen by the Enforcement Committee with due input from Participating Subdivisions listed on Exhibit G, and the third arbitrator shall be agreed upon by the first two (2) arbitrators. The membership of the National Arbitration Panel is intended to remain constant throughout the term of this Agreement, but in the event that replacements are required, the retiring arbitrator shall be replaced by the party that selected him/her.

c. The National Arbitration Panel shall make reasonable best efforts to decide all matters within one hundred eighty (180) calendar days of filing, and in no event shall it take longer than one (1) year.

d. The National Arbitration Panel shall conduct all proceedings in a reasonably streamlined process consistent with an opportunity for the Participating Parties to be heard. Issues shall be resolved without the need for live witnesses where feasible, and with a presumption in favor of remote participation to minimize the burdens on the Participating Parties.

e. To the extent allowed under state law, a Settling State, a Participating Subdivision that has enforcement rights pursuant to Section VI.A, and (at any Participating Party's request) the National Arbitration Panel may certify to an appropriate state court any question of state law. The National Arbitration Panel

shall be bound by a final state court determination of such a certified question. The time period for the arbitration shall be tolled during the course of the certification process.

f. The arbitrators will give due deference to any authoritative interpretation of state law, including any declaratory judgment or similar relief obtained by a Settling State, a Participating Subdivision that has enforcement rights pursuant to Section VI.A, or CVS on a state law issue.

g. The decisions of the National Arbitration Panel shall be binding on Settling States, Participating Subdivisions, CVS, and the Settlement Fund Administrator. In any proceeding before the National Arbitration Panel involving a dispute between a Settling State and CVS whose resolution could prejudice the rights of a Participating Subdivision(s) in that Settling State, such Participating Subdivision(s) shall be allowed to file a statement of view in the proceeding.

h. Nothing herein shall be construed so as to limit or otherwise restrict a Settling State from seeking injunctive or other equitable relief in state court to protect the health, safety, or welfare of its citizens.

i. Each Participating Party shall bear its own costs in any arbitration or court proceeding arising under this Section VI. The costs for the arbitrators on the National Arbitration Panel shall be divided and paid equally by the disputing sides for each individual dispute, *e.g.*, a dispute between CVS and Settling States/Participating Subdivisions shall be split fifty percent (50%) by CVS and fifty percent (50%) by the Settling States/Participating Subdivisions that are parties to the dispute; a dispute between a Settling State and a Participating Subdivision shall be split fifty percent (50%) by the Settling State that is party to the dispute and fifty percent (50%) by any Participating Subdivisions that are parties to the dispute.

4. Prior to initiating an action to enforce pursuant to this Section VI.F, the complaining Participating Party must:

a. Provide written notice to the Enforcement Committee of its complaint, including the provision of the Consent Judgment and/or Agreement that the practice appears to violate, as well as the basis for its interpretation of the disputed provision. The Enforcement Committee shall establish a reasonable process and timeline for obtaining additional information from the involved parties; *provided*, *however*, that the date the Enforcement Committee establishes for obtaining additional information from the Participating Parties shall not be more than forty-five (45) calendar days following the notice. The Enforcement Committee may advise the Participating Parties of its views on the complaint and/or seek to resolve the complaint informally.

b. Wait to commence any enforcement action until thirty (30) calendar days after the date that the Enforcement Committee establishes for obtaining additional information from the Participating Parties.

5. If the Participating Parties to a dispute cannot agree on the proper forum for resolution of the dispute under the provisions of Section VI.F.2 or SectionVI.F.3, a committee comprising the Enforcement Committee and sufficient representatives of CVS, such that the members of the Enforcement Committee have a majority of one (1) member, will determine, within twenty-eight (28) calendar days of receiving notification of the dispute relating to the proper forum, the forum where the dispute will be initiated. The forum identified by such committee shall be the sole forum for resolving the issue of which forum will hear the substantive dispute, and the committee's identification of such forum in the first instance shall not be entitled to deference by the forum selected.

G. *No Effect.* Nothing in this Agreement shall be interpreted to limit the Settling States' Civil Investigative Demand ("*CID*") or investigative subpoena authority, to the extent such authority exists under applicable state law and the CID or investigative subpoena is issued pursuant to such authority, and CVS reserves all of its rights in connection with a CID or investigative subpoena issued pursuant to such authority.

VII. Participation by Subdivisions

A. *Notice.* Prior to the State Participation Date, the Parties shall agree on a vendor to serve as the Implementation Administrator and provide notice pursuant to this Section VII.A. No later than fifteen (15) calendar days after the Preliminary Agreement Date, the Implementation Administrator shall send individual written notice (which may be delivered via e-mail or other electronic means) of the opportunity to participate in this Agreement and the requirements of participation to all Subdivisions in the Settling States that are (1) Litigating Subdivisions or (2) Non-Litigating Subdivisions listed on Exhibit G. To the extent a Special District is entitled to an allocation for a direct payment through its inclusion in Exhibit G pursuant to a State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution, the Implementation Administrator, with the cooperation of the Settling States shall also send individual written notice (which may be delivered via e-mail or other electronic means) of the opportunity to participate in this Agreement and the requirements of participation to such Special Districts. Unless otherwise agreed by the Parties, the version of Exhibit G used for notice shall be the one in place as of the State Participation Date. Notice (which may be delivered via e-mail or other electronic means) shall also be provided simultaneously to counsel of record for Litigating Subdivisions and known counsel for Non-Litigating Subdivisions and Special Districts listed on Exhibit G. The Settling States also may provide general notice reasonably calculated to alert Non-Litigating Subdivisions in the Settling States to this Agreement, the opportunity to participate in it, and the requirements for participation. Such Notice may include publication and other standard forms of notification, as well as notice to national state and county organizations such as the National Association of Counties and the National League of Cities. All notice provided under this subsection will include that the deadline for becoming a Participating Subdivision is the Initial Subdivision Participation Date. Nothing contained herein shall preclude a Settling State from providing further notice to or otherwise contacting any of its Subdivisions about becoming a Participating Subdivision, including beginning any of the activities described in this paragraph prior to the Preliminary Agreement Date.

B. *Requirements for Becoming a Participating Subdivision—Non-Litigating Subdivisions.* A Non-Litigating Subdivision in a Settling State may become a Participating Subdivision by returning an executed Subdivision Participation Agreement to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) specifying (1) that the Subdivision agrees to the terms of this Agreement pertaining to Subdivisions, (2) that the Subdivision releases all Released Claims against all Released Entities, (3) that the Subdivision agrees to use monies it receives, if any, from the Settlement Fund pursuant to the applicable requirements of Section V; *provided, however*, that Non-Litigating Subdivisions may only use monies originating from the Settlement Fund for purposes that qualify as Opioid Remediation, and (4) that the Subdivision submits to the jurisdiction of the court where the applicable Consent Judgment is filed for purposes limited to that court's role under this Agreement. The required Subdivision Participation Agreement is attached as Exhibit K.

C. *Requirements for Becoming a Participating Subdivision—Litigating Subdivisions/Later Litigating Subdivisions.* A Litigating Subdivision or Later Litigating Subdivision in a Settling State may become a Participating Subdivision by returning an executed Subdivision Participation Agreement to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) and upon prompt dismissal with prejudice of its lawsuit following the Reference Date or the date on which the conditions for effectiveness in Section VIII.C have been met, whichever is later. Following its execution of a Subdivision Participation Agreement, a Litigating Subdivision shall take reasonable steps to immediately cease all litigation activity against the Released Entities, where feasible, or to minimize such activity by means of agreed deadline extensions and agreed postponement of depositions, document productions, and motion practice, unless the Litigating Subdivision reasonably concludes that it would be prejudiced by doing so. A Settling State may require each Litigating Subdivision in that State to specify on the Subdivision Participation Agreement whether its counsel has waived any contingency fee contract with that Participating Subdivision and whether, if eligible, it intends to seek fees pursuant to Exhibit R. The Settlement Fund Administrator shall provide quarterly reports of this information to the parties organized by Settling State. A Litigating Subdivision or Later Litigating Subdivision may not become a Participating Subdivision after the completion of opening statements in a trial of the lawsuit it brought that includes a Released Claim against a Released Entity. For avoidance of doubt, where a subdivision official other than a General-Purpose Government has filed a lawsuit that includes a Released Claim against a Released Entity in a direct, *parens patriae*, or any other capacity, that Subdivision may become a Participating Subdivision only if, in addition to the other requirements of this Section VII.C, the lawsuit filed by the subdivision official has also been dismissed with prejudice.

D. *Initial Participating Subdivisions.* A Subdivision qualifies as an Initial Participating Subdivision if it meets the applicable requirements for becoming a Participating Subdivision set forth in Section VII.B or Section VII.C by the Initial Subdivision Participation Date. All Subdivision Participation Agreements returned to the Implementation Administrator shall be held in escrow by the Implementation Administrator until the Reference Date. Subdivision Participation Agreements returned to the Implementation Administrator shall not be withdrawn

unless notice of the withdrawal is provided to the Implementation Administrator within eighteen (18) days after the Initial Subdivision Participation Date. If, for any reason, the Agreement does not become effective, all obligations created by such forms and releases in them shall be void *ab initio* and all Subdivision Participation Agreements shall be returned to Counsel for Litigating Subdivisions or to the Subdivisions not represented by counsel or destroyed to the extent that such destruction is not prohibited by then existing document preservation obligations.

E. *Later Participating Subdivisions.* A Subdivision in a Settling State that is not an Initial Participating Subdivision may become a Later Participating Subdivision by meeting the applicable requirements for becoming a Participating Subdivision set forth in Section VII.B or Section VII.C after the Initial Subdivision Participation Date and by agreeing to be subject to the terms of a State-Subdivision Agreement (if any) or any other structure adopted or applicable pursuant to Section V.D or Section V.E. The following provisions govern what a Later Participating Subdivision can receive (but do not apply to Initial Participating Subdivisions):

1. A Later Participating Subdivision shall not receive any share of any Annual Payment due before it became a Participating Subdivision.

2. A Subdivision that becomes a Later Participating Subdivision after November 30, 2023 shall receive seventy-five percent (75%) of the share of future base or incentive payments that it would have received had it become a Later Participating Subdivision prior to that date (unless the Later Participating Subdivision is subject to Section VII.E.3 or Section VII.E.4).

3. A Later Participating Subdivision that, after the Initial Subdivision Participation Date, maintains a lawsuit for a Released Claim(s) against a Released Entity and has judgment entered against it on every such Claim before it became a Participating Subdivision (other than a consensual dismissal with prejudice) is not eligible to become a Participation Subdivision.

4. A Subdivision that becomes a Later Participating Subdivision while a Bar or Case-Specific Resolution involving a different Subdivision exists in its State shall receive twenty-five percent (25%) of the share of future base or incentive payments that it would have received had it become a Later Participating Subdivision without such Bar or Case-Specific Resolution.

F. *No Increase in Payments.* Amounts to be received by Later Participating Subdivisions shall not increase the payments due from CVS.

G. *Ineligible Subdivisions*. Subdivisions in Non-Settling States and Prior Litigating Subdivisions are not eligible to be Participating Subdivisions.

H. *Non-Participating Subdivisions*. Non-Participating Subdivisions shall not directly receive any portion of any Annual Payment, including from the State Fund and direct distributions from the Remediation Accounts Fund; however, a Settling State may choose to fund future Opioid Remediation that indirectly benefits Non-Participating Subdivisions.

I. *Unpaid Allocations to Later Participating Subdivisions and Non-Participating Subdivisions*. Any base payments and incentive payments allocated pursuant to Section V.D to a Later Participating Subdivision or Non-Participating Subdivision that cannot be paid pursuant to this Section VII, including the amounts that remain unpaid after the reductions required by Section VII.E.2 through Section VII.E.4, will be allocated to the Remediation Accounts Fund for the Settling State in which the Non-Participating Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement or by a Statutory Trust.

VIII. Condition to Effectiveness of Agreement and Filing of Consent Judgment

A. *Distribution of Subdivision Participation Agreements*. No later than three (3) calendar days after the Initial Subdivision Participation Date, the Implementation Administrator shall report to the Settling States and CVS on which Subdivisions in the Settling States have and have not executed Subdivision Participation Agreements and shall provide notice under Section XIII.Q of any withdrawals of Subdivision Participation Agreements within one (1) business day of the withdrawal. The Settling States and CVS each shall have online access to the Subdivision Participation Agreements for the purpose of auditing the Implementation Administrator's reports but may not maintain copies. CVS shall pay up to and no more than $1.5 million of the Implementation Administrator's fees and costs, including advancing such fees and costs prior to the Effective Date. If this Agreement becomes effective, then CVS may deduct from its Annual Payment for Payment Year 2 any amount in excess of $1.5 million it paid for the Implementation Administrator's fees and costs.

B. *Determination to Proceed with Settlement—Settling States*. Following the Initial Subdivision Participation Date, the Settling States on the Enforcement Committee shall determine whether to proceed with the Agreement. No later than fifteen (15) calendar days prior to the Reference Date, the Settling States shall provide notice to CVS and the Enforcement Committee of their decision. If the Settling States elect not to proceed, this Agreement will have no further effect, and all releases (including those contained in Subdivision Participation Agreements) and other commitments or obligations contained herein or in Subdivision Settlement Participation Forms will be void.

C. *Determination to Proceed with Settlement—CVS.* If the Settling States elect to proceed, CVS shall then determine whether to proceed with the Agreement. This determination shall be in CVS's sole discretion and may be based on any criteria or factors it deems relevant. CVS shall provide notice to the Settling States and the Enforcement Committee of its decision no later than the Reference Date. If CVS elects to proceed with the Agreement, the Parties will proceed to file the Consent Judgments, and the obligations in the State Participation Forms and the Subdivision Participation Agreements will become effective as of the Reference Date. If CVS elects not to proceed, this Agreement will have no further effect, and all releases (including those contained in Subdivision Participation Agreements) and other commitments or obligations contained herein or in Subdivision Participation Agreements will be void.

IX. Additional Remediation

A. *Additional Remediation Amount.* Subject to and without exceeding the maximum payment amounts set forth in the "Additional Remediation Amount" column of Exhibit M-3 and

subject to the reduction specified in Section IX.B, CVS shall pay an Additional Remediation Amount to the Settling States listed in Exhibit N. Such funds shall be paid, on the schedule set forth in Exhibit M-3, on the Payment Date for each relevant Payment Year to such Settling States as allocated by the Settlement Fund Administrator pursuant to Exhibit N.

B. *Reduction of Additional Remediation Amount.* The amounts owed by CVS pursuant to this Section IX shall be reduced by the allocations set forth on Exhibit N for Non-Settling States.

C. For the avoidance of doubt, (1) a Settling State that retained outside counsel in connection with opioid investigations that receives an Additional Remediation Amount because the Settling State was not otherwise eligible to receive funds from the State Outside Counsel Fee Fund may choose to have the Additional Remediation Amount designated to pay the Settling State's outside counsel, and may instruct the Settlement Fund Administrator to pay those funds directly to the Settling State's outside counsel, and (2) Additional Remediation Amount funds, including funds designated by a Settling State to pay its outside counsel under this paragraph, shall not be subject to allocation as provided in Section V.C through Section V.E.

X. Plaintiffs' Attorneys' Fees and Costs

The Agreement on Attorneys' Fees, Expenses and Costs is set forth in Exhibit R and incorporated herein by reference. CVS shall pay subdivision attorneys' fees and costs into the Subdivision Attorney's Fee and Subdivision Cost and Expense Fund as set forth in Exhibit R and Exhibit M-3. The Agreement on the State Outside Counsel Fee Fund and Agreement on the Joint State Cost Fund are set forth in Exhibit S and Exhibit T, respectively, and are incorporated herein by reference. Attorneys' fees, expenses and costs shall not exceed the maximum annual and total amounts set forth in the relevant columns of Exhibits M-1 and M-3 and shall be subject to reduction as set forth in Exhibit R, Exhibit S, and Exhibit T.

XI. Release

A. *Scope.* As of the Effective Date, the Released Entities are hereby released and forever discharged from all of the Releasors' Released Claims. Each Settling State (for itself and its Releasors) and Participating Subdivision (for itself and its Releasors) hereby absolutely, unconditionally, and irrevocably covenants not to bring, file, or claim; or to cause, assist in bringing or permit to be brought, filed, or claimed; or to otherwise seek to establish liability for any Released Claim against any Released Entity in any forum whatsoever. The releases provided for in this Agreement are broad, shall be interpreted so as to give the Released Entities the broadest possible bar against any liability relating in any way to any Released Claim, and extend to the full extent of the power of each Settling State and its Attorney General to release claims. This Agreement shall be a complete bar to any Released Claim.

B. *Claim-Over and Non-Party Settlement*.

1. It is the intent of the Parties that:

a. Released Entities should not seek contribution or indemnification (other than pursuant to an insurance contract), from other parties for their payment obligations under this Agreement;

b. the payments made under this Agreement shall be the sole payments made by the Released Entities to the Releasors involving, arising out of, or related to Alleged Harms and/or Covered Conduct (or conduct that would be Covered Conduct if engaged in by a Released Entity);

c. Claims by Releasors against non-Parties shall not result in additional payments by Released Entities, whether through contribution, indemnification or any other means; and

d. the Agreement meets the requirements of the Uniform Contribution Among Joint Tortfeasors Act and any similar state law or doctrine that reduces or discharges a released party's liability to any other parties.

The provisions of this Section XI.B are to be implemented consistent with these principles. This Agreement and the releases and dismissals provided for herein are made in good faith.

2. No Released Entity shall seek to recover for amounts paid under this Agreement based on indemnification, contribution, or any other theory from a manufacturer, pharmacy, hospital, pharmacy benefit manager, health insurer, third-party vendor, trade association, distributor, or health care practitioner; *provided* that a Released Entity shall be relieved of this prohibition with respect to any entity that asserts a Claim-Over against it. For the avoidance of doubt, nothing herein shall prohibit a Released Entity from recovering amounts owed pursuant to insurance contracts.

3. If any Releasor enters into a Non-Party Settlement on or after the Effective Date, including in any bankruptcy case or through any plan of reorganization (whether individually or as a class of creditors), the Releasor will include (or in the case of a Non-Party Settlement made in connection with a bankruptcy case, will cause the debtor to include), unless prohibited from doing so under applicable law, in the Non-Party Settlement a prohibition on contribution or indemnity of any kind substantially equivalent to that required from CVS in Section XI.B.2, or a release from such Non-Released Entity in favor of the Released Entities (in a form equivalent to the releases contained in this Agreement) of any Claim-Over. The obligation to obtain the prohibition and/or release required by this subsection is a material term of this Agreement.

4. If any Releasor obtains a judgment with respect to a Non-Party Covered Conduct Claim against a Non-Released Entity that does not contain the prohibition described in Section XI.B.3, or any Releasor files a Non-Party Covered Conduct Claim against a Non-Released Entity in bankruptcy or a Releasor is prevented for any reason from obtaining a prohibition/release in a Non-Party Settlement as provided in Section XI.B.3, and such Non-Released Entity asserts a Claim-Over against a Released Entity, the Released Entity shall be relieved of the prohibition in Section XI.B.2 with respect to that Non-Released Entity and that Releasor and CVS shall take the following actions to ensure that

the Released Entities do not pay more with respect to Alleged Harms and/or Covered Conduct to Releasors or to Non-Released Entities than the amounts owed under this Agreement by CVS:

a. CVS shall notify that Releasor of the Claim-Over within sixty (60) calendar days of the assertion of the Claim-Over or sixty (60) calendar days of the Effective Date of this Agreement, whichever is later;

b. CVS and that Releasor shall meet and confer concerning the means to hold Released Entities harmless and ensure that they are not required to pay more with respect to Alleged Harms and/or Covered Conduct than the amounts owed by CVS under this Agreement;

c. That Releasor and CVS shall take steps sufficient and permissible under the law of the State of the Releasor to hold Released Entities harmless from the Claim-Over and ensure Released Entities are not required to pay more with respect to Alleged Harms and/or Covered Conduct than the amounts owed by CVS under this Agreement. Such steps may include, where permissible:

(i) Filing of motions to dismiss or such other appropriate motion by CVS or Released Entities, and supported by Releasors, in response to any claim filed in litigation or arbitration;

(ii) Reduction of that Releasors' Claim and any judgment it has obtained or may obtain against such Non-Released Entity by whatever amount is necessary to extinguish such Claim-Over under applicable law, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

(iii) Placement into escrow of funds paid by the Non-Released Entities such that those funds are available to satisfy the Claim-Over;

(iv) Return of monies paid by CVS to that Releasor under this Agreement to permit satisfaction of a judgment against or settlement with the Non-Released Entity to satisfy the Claim-Over;

(v) Payment of monies to CVS by that Releasor to ensure CVS is held harmless from such Claim-Over, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

(vi) Credit to CVS under this Agreement to reduce the overall amounts to be paid under the Agreement such that it is held harmless from the Claim-Over; and

(vii) Such other actions as that Releasor and CVS may devise to hold CVS harmless from the Claim-Over.

d. The actions of that Releasor and CVS taken pursuant to clause (c) above must, in combination, ensure CVS is not required to pay more with respect to Alleged Harms and/or Covered Conduct than the amounts owed by CVS under this Agreement.

e. In the event of any dispute over the sufficiency of the actions taken pursuant to clause (c) above, Releasor and CVS may seek review by the National Arbitration Panel, or, upon consent of the parties to the dispute, by the state court where the relevant Consent Judgment was filed. The National Arbitration Panel shall have authority to order a remedy, including one or more of the actions specified in clause (c), sufficient to hold Released Entities fully harmless. In the event that the Panel's actions do not result in Released Entities being held fully harmless, CVS shall have a claim for breach of this Agreement by Releasors, with the remedy being payment of sufficient funds to hold CVS harmless from the Claim-Over. For the avoidance of doubt, the prior sentence does not limit or eliminate any other remedy that CVS may have.

5. To the extent that the Claim-Over is based on a contractual indemnity, the obligations under Section XI.B.4 shall extend solely to a Non-Party Covered Conduct Claim against a pharmacy, distributor, clinic, hospital or other purchaser or dispenser of Products, a manufacturer that sold Products, a consultant, and/or a pharmacy benefit manager or other third-party payor. CVS shall notify the Settling States, to the extent permitted by applicable law, in the event that any of these types of Non-Released Entity asserts a Claim-Over arising out of contractual indemnity against it.

C. *Indemnification and Contribution Prohibited.* No Released Entity shall seek to recover for amounts paid under this Agreement based on indemnification, contribution, or any other theory, from a manufacturer, pharmacy, hospital, pharmacy benefit manager, health insurer, third-party vendor, trade association, distributor, or health care practitioner; *provided* that a Released Entity shall be relieved of this prohibition with respect to any entity that asserts a Claim-Over against it. For the avoidance of doubt, nothing herein shall prohibit a Released Entity from recovering amounts owed pursuant to insurance contracts. For the avoidance of doubt, nothing herein shall prohibit a Released Entity from recovering amounts owed pursuant to insurance contracts.

D. *General Release*. In connection with the releases provided for in this Agreement, each Settling State (for itself and its Releasors) and Participating Subdivision (for itself and its Releasors) expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any State or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

> **General Release; extent**. A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release and

> that if known by him or her, would have materially affected his or her settlement with the debtor or released party.

A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Settling State (for itself and its Releasors) and Participating Subdivision (for itself and its Releasors) hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date even if Releasors do not know or suspect such claims to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and even if knowledge of the existence of such claims would materially affect the Settling States' decision to enter into this Agreement or the Participating Subdivisions' decision to participate in this Agreement.

E. *Assigned Interest Waiver*. To the extent that any Settling State has any direct or indirect interest in any rights of a third-party that is a debtor under the Bankruptcy Code as a result of a claim arising out of Covered Conduct or Alleged Harms by way of assignment or otherwise, including as a result of being the beneficiary of a trust or other distribution entity, to assert claims against CVS (whether derivatively or otherwise), under any legal or equitable theory, including for indemnification, contribution, or subrogation, such Settling State waives the right to assert any such claim, or to receive a distribution or any benefit on account of such claim and such claim, distribution, or benefit shall be deemed assigned to CVS.

F. *Res Judicata*. Nothing in this Agreement shall be deemed to reduce the scope of the res judicata or claim preclusive effect that the settlement memorialized in this Agreement, and/or any Consent Judgment or other judgment entered on this Agreement, gives rise to under applicable law.

G. *Representation and Warranty*. The signatories hereto on behalf of their respective Settling States expressly represent and warrant that they have (or will obtain no later than the Initial Subdivision Participation Date) the authority to settle and release, to the maximum extent of the State's power, all Released Claims of (1) their respective Settling States, (2) all past and present executive departments, state agencies, divisions, boards, commissions and instrumentalities with the regulatory authority to enforce state and federal controlled substances acts, and (3) any of their respective Settling State's past and present executive departments, agencies, divisions, boards, commissions and instrumentalities that have the authority to bring Claims related to Alleged Harms and/or Covered Conduct seeking money (including abatement and/or remediation) or revocation of a pharmaceutical distribution or dispensing license. For the purposes of clause (3) above, executive departments, agencies, divisions, boards, commissions, and instrumentalities are those that are under the executive authority or direct control of the State's Governor. Also for the purposes of clause (3), a release from a State's Governor, to be materially similar to that in Exhibit X, is sufficient to demonstrate that the appropriate releases have been obtained.

H. *Effectiveness*. The releases set forth in this Agreement shall not be impacted in any way by any dispute that exists, has existed, or may later exist between or among the Releasors. Nor shall such releases be impacted in any way by any current or future law, regulation, ordinance, or court or agency order limiting, seizing, or controlling the distribution or use of the Settlement

Fund or any portion thereof, or by the enactment of future laws, or by any seizure of the Settlement Fund or any portion thereof.

I. *Cooperation*. Settling States will meet and confer with CVS and simultaneously make reasonable efforts to resolve any action filed by a Subdivision involving any Covered Conduct, Alleged Harms, or a Product that remains pending against CVS after the Initial Subdivision Participation Date. Releasors (i) will not encourage any person or entity to bring or maintain any Released Claim against any Released Entity and (ii) will reasonably cooperate with and not oppose any effort by a Released Entity to secure the prompt dismissal of any and all Released Claims.

J. *Non-Released Claims.* Notwithstanding the foregoing or anything in the definition of Released Claims, this Agreement does not waive, release or limit any criminal liability, Claims for liability under tax law, Claims under securities law by a State Releasor as investor, Claims against parties who are not Released Entities, Claims by private individuals, and any claims arising under this Agreement for enforcement of this Agreement. Nothing in this Agreement precludes the Released Entities from asserting, in an action arising from or relating to Claims by private individuals, any defense or argument based on this Agreement that is available under applicable law.

XII. Later Litigating Subdivisions; Non-Settling States

A. *Released Claims against Released Entities.* If a Later Litigating Subdivision in a Settling State maintains a lawsuit for a Released Claim against a Released Entity after the Initial Subdivision Participation Date, the Released Entity shall take ordinary and reasonable measures to defend the action, including filing a Threshold Motion with respect to the Released Claim. The Released Entity shall further notify the Settling State and Settlement Fund Administrator immediately upon notice of a Later Litigating Subdivision bringing a lawsuit for a Released Claim and shall not oppose a Settling State's submission in support of the Threshold Motion. CVS shall give the relevant Settling State a reasonable opportunity to extinguish the Released Claims without any payment or any other obligations being imposed upon any Released Entities (apart from the Global Settlement Amount payable by CVS under the Agreement or the Injunctive Relief Terms incurred by it). The relevant Settling State and CVS shall confer and use reasonable efforts to promptly resolve the lawsuit so that it is dismissed with prejudice. Nothing in this subsection creates an obligation for a Settling State to make a monetary payment or incur any other obligation to an entity filing a lawsuit.

B. *Non-Settling States.* Non-Settling States shall not be eligible for any payments or have any rights in connection with this Agreement.

C. *Settlement Class Resolution Opt Outs.* If a Settling State is eligible for Incentive Payment A on the basis of a Settlement Class Resolution, and a Primary Subdivision that opted out of the Settlement Class Resolution maintains a lawsuit asserting a Released Claim against a Released Entity, the following shall apply. The Released Entity shall take ordinary and reasonable measures to defend the action, including filing a Threshold Motion with respect to the Released Claim. The Settling State shall seek to obtain either dismissal of the lawsuit in cooperation with CVS, or a release of the Primary Subdivision's claims. If the lawsuit asserting a Released Claim

either survives a Threshold Motion or has an unresolved Threshold Motion fewer than sixty (60) calendar days prior to the scheduled start of a trial involving a Released Claim, and is resolved with finality on terms requiring payment by the Released Entity, CVS shall receive a dollar-for-dollar offset for the amount paid against its obligation to make remaining Incentive Payment A payments that would be apportioned to that Settling State and to its Subdivisions.

D. *Revoked Bar, Settlement Class Resolution, or Case-Specific Resolution.* If CVS made any Annual Payments that included any incentive payments earned as a result of the existence of a Bar, Settlement Class Resolution, or Case-Specific Resolution in a Settling State, and there is subsequently a Revocation Event with respect to that Bar, Settlement Class Resolution, or Case-Specific Resolution after the determination of the amount of such Annual Payment, that Settling State shall seek to obtain a release of the claims impacted by the Revocation Event, including but not limited to defending the legality of the Bar, obtaining a dismissal of the claims made against the Released Entity, and obtaining releases from impacted Subdivisions. If the Settling State is unable to defend the legality of the bar and/or obtain releases form all impacted Subdivisions, then CVS shall receive a dollar-for-dollar offset against the portion of remaining Annual Payments that would be allocated to that Settling State and its Participating Subdivisions. This offset will be calculated as the dollar amount difference between (1) the total amount of incentive payments paid by CVS by virtue of the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event and (2) the total amount of incentive payments that would have been due from CVS during that time had the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event not been in effect. The amount of incentive payments that would have been due, referenced in clause (2) above, will be calculated one hundred eighty (180) calendar days after the Revocation Event; for purposes of calculating the amount of incentive payments that would have been due, any relevant Subdivision shall be included as a Participating Subdivision if: (1) its Released Claims are extinguished by any subsequent Bar, Settlement Class Resolution, or Case-Specific Resolution in effect as of the date of such calculation, or (2) it becomes a Participating Subdivision (in addition to all other Participating Subdivisions) prior to the date of such calculation.

E. *Certain Taxes.* Amounts paid by CVS under an Opioid Tax in a Settling State in a Payment Year shall give rise to a dollar-for-dollar offset against CVS's obligation to pay its share of the Annual Payment in that Payment Year that would be allocated to the taxing Settling State or its Participating Subdivisions. If such amounts paid exceed CVS's allocable share of the Annual Payment allocable to the taxing Settling State or its Participating Subdivisions in that Payment Year, the excess shall carry forward as an offset against its allocable share of remaining Annual Payments that would be allocated to the taxing Settling State or its Participating Subdivisions. CVS represents that as of December 2, 2022, there is no Opioid Tax currently in effect in any Eligible State that would give rise to this offset provision.

XIII. Miscellaneous

A. *Population of General-Purpose Governments.* The population figures for General-Purpose Governments shall be the published U.S. Census Bureau's population estimates for July

1, 2019, released May 2020. These population figures shall remain unchanged during the term of this Agreement.[13]

B. *Population of Special Districts.* For any purpose in this Agreement in which the population of a Special District is used other than Section IV.H.6.d and Section IV.H.9.d: (a) School Districts' populations will be measured by the number of students enrolled who are eligible under the Individuals with Disabilities Education Act ("*IDEA*") or Section 504 of the Rehabilitation Act of 1973; (b) Health Districts' and Hospital Districts' populations will be measured at twenty-five percent (25%) of discharges; and (c) all other Special Districts' (including fire districts' and library districts') populations will be measured at ten percent (10%) of the population served. For the avoidance of doubt, this means that California healthcare districts will be measured at ten percent (10%) of their membership. CVS and the Enforcement Committee shall meet and confer in order to agree on data sources for purposes of this Section XIII.B prior to the Preliminary Agreement Date.

C. *Population Associated with Sheriffs.* For any purpose in this Agreement in which the population associated with a lawsuit by a sheriff is used, the population will be measured at twenty percent (20%) of the capacity of the jail(s) operated by the sheriff.

D. *No Admission.* The Parties intend the settlement as described herein to be a final and complete resolution of all disputes between CVS and all Releasors. CVS is entering into this Agreement solely for the purposes of settlement, to resolve all Actions and Released Claims and thereby avoid significant expense, inconvenience and uncertainty. CVS denies the allegations in the Actions and denies any civil or criminal liability in the Actions. Nothing contained herein may be taken as or deemed to be an admission or concession by CVS of: (i) any violation of any law, regulation, or ordinance; (ii) any fault, liability, or wrongdoing; (iii) the strength or weakness of any Claim or defense or allegation made in any Action, or in any other past, present or future proceeding relating to any Covered Conduct, Alleged Harms, or any Product; (iv) the legal viability of the claims and theories in any Action, including but not limited to the legal viability of the relief sought; or (v) any other matter of fact or law. Nothing in this Agreement shall be construed or used to prohibit any Released Entity from engaging in the conduct of its business relating to any Product in accordance with the Injunctive Relief Terms and applicable laws and regulations.

E. *Most-Favored-Nation Provision.*

1. If, after the Effective Date, CVS enters into any settlement agreement with any Non-Settling State that resolves Claims similar in scope to the Claims released by a Settling State under this Agreement on overall payment terms that are more favorable to such Non-Settling State than the overall payment terms of the Agreement (after due consideration of relevant differences in population or other appropriate factors), then the Settling States may elect to seek review, pursuant to Section XIII.E.3, of the overall payment terms of this Agreement and the Non-Settling State agreement so that such

[13] The estimates for counties and parishes were accessed at https://www.census.gov/data/datasets/time-series/demo/popest/2010s-countiestotal.html. The estimates for cities and towns can currently be found at https://www.census.gov/data/datasets/time-series/demo/popest/2010s-total-cities-and-towns.html.

Settling State(s) may obtain, with respect to CVS, overall payment terms at least as favorable as those obtained by such Non-Settling State. "*Overall payment terms*" refers to consideration of all payment terms of the two agreements, taken together, including, but not limited to the amounts of payments, the timing of payments, and conditions or contingencies on payments.

2. For any settlement with a Non-Settling State involving Released Claims that is entered into after the Effective Date, CVS shall provide the Enforcement Committee with a copy of the settlement agreement or relevant consent judgment within thirty (30) calendar days of the consummation of such settlement. The Enforcement Committee will promptly distribute such copy to all Settling States.

3. In the event that one or more Settling State(s) believes that the overall payment terms of an agreement by CVS with a Non-Settling State are more favorable to the Non-Settling State, based on the totality of the considerations set forth in Section XIII.E.1, the Settling State(s) and CVS shall engage in the following process:

a. The Settling State(s) shall provide notice, within sixty (60) calendar days of the date on which a settlement agreement or consent judgment is provided to the Enforcement Committee, to CVS of its (their) intent to seek revision of this Agreement to provide payment terms that are, on an overall basis, as favorable as those obtained by the Non-Settling State. To the extent allowed by law, such notice shall be confidential and not disclosed publicly and shall provide, in detail, the basis for the Settling State's (Settling States') belief that it (they) is (are) entitled to a revision of the Agreement.

b. CVS shall, within thirty (30) calendar days, provide a response to the Settling State(s), explaining its position, in detail, as to whether the Settling State(s) is (are) entitled to more favorable overall payment terms than those provided for in this Agreement.

c. In the event the Settling State(s) and CVS do not reach agreement as to the application of Section XIII.E.1, the Settling State(s) may petition the National Arbitration Panel to seek a ruling from the Panel as to the applicability of Section XIII.E.1, provided that the Settling State(s) may seek such review only if at least five (5) Settling States co-sign the petition. The Panel shall consider submissions and argument by the parties pursuant to the procedures set forth in Section VI.F.3.

d. The Settling State(s) and CVS shall be bound by the determination of the National Arbitration Panel.

4. This Section XIII.E does not apply to, and there is no ability of any Settling State to seek or obtain revision of this Agreement based on, any Non-Settling State agreement with CVS that is entered into with: (a) a Non-Settling State after a date ninety (90) calendar days prior to the scheduled start date of a trial between CVS and the Non-Settling State or any severed or bifurcated portion thereof, provided that, where, in order

to complete a settlement, a Non-Settling State and CVS jointly request an adjournment of the scheduled start date of a trial within ninety (90) calendar days of that date, this exception will apply as if the trial date had not been adjourned; (b) a Non-Settling State that previously litigated to judgment a case related to opioids against any manufacturer, distributor, or pharmacy; or (c) a Non-Settling State that has obtained any court order or judicial determination that grants judgment (in whole or in part) against CVS. For avoidance of doubt, the National Arbitration Panel shall have no power to review agreements described in this paragraph.

5. This Section XIII.E does not apply to, and there is no ability of any Settling State to seek or obtain revision of this Agreement based on, (a) any agreement between CVS and Non-Participating Subdivisions, and (b) any global tribal settlement or any agreement between CVS and any federally-recognized tribe.

6. This Section XIII.E will not apply to any agreement entered into more than eighteen (18) months after the Effective Date.

F. *Tax Cooperation and Reporting*.

1. Upon request by CVS, the Settling States and Participating Subdivisions agree to perform such further acts and to execute and deliver such further documents as may be reasonably necessary for CVS to establish the statements set forth in Section V.F to the satisfaction of their tax advisors, their independent financial auditors, the Internal Revenue Service, or any other governmental authority, including as contemplated by Treasury Regulations Section 1.162-21(b)(3)(ii) and any subsequently proposed or finalized relevant regulations or administrative guidance.

2. Without limiting the generality of Section XIII.F.1, each Settling State and Participating Subdivision shall cooperate in good faith with CVS with respect to any tax claim, dispute, investigation, audit, examination, contest, litigation, or other proceeding relating to this Agreement.

3. The Designated State, on behalf of all Settling States and Participating Subdivisions, shall designate one of its officers or employees to act as the "appropriate official" within the meaning of Treasury Regulations Section 1.6050X-1(f)(1)(ii)(B) (the "*Appropriate Official*"). The Designated State shall direct and ensure that the Appropriate Official timely (a) files (i) at the time this Agreement becomes binding on the Parties, an IRS Form 1098-F in the form attached as Exhibit U with respect to CVS and (ii) any legally required returns or amended returns with any applicable governmental authority, or any returns requested by CVS, and (b) provides to CVS a copy of (i) the IRS Form 1098-F filed with respect to CVS and (ii) any legally required written statement pursuant to any applicable law and any other document referred to in clause (a)(ii) above. Any such form, return, or statement shall be prepared and filed in a manner fully consistent with Section V.F.

4. Any return, amended return, or written statement filed or provided pursuant to Section XIII.F.3, and any similar document, shall be prepared and filed in a manner

consistent with reporting the Global Settlement Amount as the "Total amount to be paid" pursuant to this Agreement in Box 1 of IRS Form 1098-F and the Total Remediation Amount as "Restitution/remediation amount" in Box 3 of IRS Form 1098-F, as reflected in the attached Exhibit U. If the Designated State or Appropriate Official shall be required to file any return, amended return, or written statement contemplated by this Section XIII.F other than an IRS Form 1098-F in the form attached as Exhibit U, the Designated State shall direct and ensure that the Appropriate Official provides to CVS a draft of such return, amended return, or written statement no later than sixty (60) calendar days prior to the due date thereof, and shall accept any reasonable revisions from CVS on the return, amended return, or written statement.

5. For the avoidance of doubt, neither CVS nor the Settling States and Participating Subdivisions make any warranty or representation to any Settling State, Participating Subdivision, or Releasor as to the tax consequences of the payment of the Total Remediation Amount (or any portion thereof).

G. *No Third-Party Beneficiaries.* Except as expressly provided in this Agreement, no portion of this Agreement shall provide any rights to, or be enforceable by, any person or entity that is not a Settling State or Released Entity. No Settling State may assign or otherwise convey any right to enforce any provision of this Agreement.

H. *Calculation*. Any figure or percentage referred to in this Agreement shall be carried to seven decimal places.

I. *Construction*. None of the Parties and no Participating Subdivision shall be considered to be the drafter of this Agreement or of any of its provisions for the purpose of any statute, case law, or rule of interpretation or construction that would or might cause any provision to be construed against the drafter of this Agreement. The headings of the provisions of this Agreement are not binding and are for reference only and do not limit, expand, or otherwise affect the contents or meaning of this Agreement.

J. *Cooperation*. Each Party and each Participating Subdivision agrees to use reasonable efforts and to cooperate with the other Parties and Participating Subdivisions to cause this Agreement and Consent Judgments to become effective, to obtain all necessary approvals, consents and authorizations, if any, and to execute all documents and to take such other action as may be appropriate in connection herewith. Consistent with the foregoing, each Party and each Participating Subdivision agrees that it will not directly or indirectly assist or encourage any challenge to this Agreement or any Consent Judgment by any other person, and will support the integrity and enforcement of the terms of this Agreement and the Consent Judgments.

K. *Entire Agreement*. This Agreement, including its exhibits and any other attachments, embodies the entire agreement and understanding between and among the Parties and Participating Subdivisions relating to the subject matter hereof and supersedes (1) all prior agreements and understandings relating to such subject matter, whether written or oral and (2) all purportedly contemporaneous oral agreements and understandings relating to such subject matter.

L. *Execution*. This Agreement may be executed in counterparts and by different signatories on separate counterparts, each of which shall be deemed an original, but all of which shall together be one and the same Agreement. One or more counterparts of this Agreement may be delivered by facsimile or electronic transmission with the intent that it or they shall constitute an original counterpart hereof. One or more counterparts of this Agreement may be signed by electronic signature.

M. *Good Faith and Voluntary Entry*. Each Party warrants and represents that it negotiated the terms of this Agreement in good faith. Each of the Parties and Participating Subdivisions warrants and represents that it freely and voluntarily entered into this Agreement without any degree of duress or compulsion. The Parties and Participating Subdivisions state that no promise of any kind or nature whatsoever (other than the written terms of this Agreement) was made to them to induce them to enter into this Agreement.

N. *Legal Obligations.* Nothing in this Agreement shall relieve CVS of the obligation to comply with all state and federal laws, regulations or rules, nor does any provision herein permit any acts or practices prohibited by such laws, regulations, or rules. Except with respect to the Injunctive Relief Terms, in the event of a conflict between this Agreement and any requirement or requirements of federal, state, or local laws, such that CVS cannot comply with this Agreement without violating such a requirement or requirements, CVS shall document such conflicts and notify the Attorney(s) General of the relevant Settling State(s) that it intends to comply with the requirement or requirements to the extent necessary to eliminate the conflict. With respect to the Injunctive Relief Terms, in the event of such a conflict, the procedures set forth in the Injunctive Relief Terms will be followed.

O. *No Prevailing Party.* The Parties and Participating Subdivisions each agree that they are not the prevailing party in this action, for purposes of any claim for fees, costs, or expenses as prevailing parties arising under common law or under the terms of any statute, because the Parties and Participating Subdivisions have reached a good faith settlement. The Parties and Participating Subdivisions each further waive any right to challenge or contest the validity of this Agreement on any ground, including, without limitation, that any term is unconstitutional or is preempted by, or in conflict with, any current or future law. Nothing in the previous sentence shall modify, or be construed to conflict with, Section XIII.N.

P. *Non-Admissibility*. Neither this Agreement nor any act performed or document executed pursuant to or in furtherance of this Agreement: (i) is or may be deemed to be or may be used as an admission or evidence relating to any matter of fact or law alleged in the Actions, the strength or weakness of any claim or defense or allegation made in those cases, or any wrongdoing, fault, or liability of any Released Entities; or (ii) is or may be deemed to be or may be used as an admission or evidence relating to any liability, fault or omission of Released Entities in any civil, criminal or administrative proceeding in any court, administrative agency or other tribunal. Neither this Agreement nor any act performed or document executed pursuant to or in furtherance of this Agreement shall be admissible in any proceeding for any purpose, except to enforce the terms of this Agreement, and except that Released Entities may file or use this Agreement in any action (1) involving a determination regarding insurance coverage; (2) involving a determination of the taxable income or tax liability of any Released Entities; (3) to support a defense or counterclaim

based on principles of res judicata, collateral estoppel, release, good-faith settlement, judgment bar or reduction or on any other theory of claim preclusion or issue preclusion or similar defense or counterclaim; (4) to support a claim for contribution and/or indemnification; or (5) to support any other argument or defense by a Released Entities that the Remediation Payment provides a measure of compensation for Alleged Harms or otherwise satisfy the relief sought.

Q. *Notices.* All notices or other communications under this Agreement shall be in writing (including, but not limited to, electronic communications) and shall be given to the recipients indicated below:

R. *No Waiver*. The waiver of any rights conferred hereunder shall be effective only if made by written instrument executed by the waiving Party or Parties. The waiver by any Party of any breach of this Agreement shall not be deemed to be or construed as a waiver of any other breach, whether prior, subsequent, or contemporaneous, nor shall such waiver be deemed to be or construed as a waiver by any other Party.

S. *Severability.* In the event any one or more immaterial provisions of this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision of this Agreement.

T. *Preservation of Privilege.* Nothing contained in this Agreement or any Consent Judgment, and no act required to be performed pursuant to this Agreement or any Consent

Judgment, is intended to constitute, cause, or effect any waiver (in whole or in part) of any attorney-client privilege, work product protection, or common interest/joint defense privilege, and each Party and Participating Subdivision agrees that it shall not make or cause to be made in any forum any assertion to the contrary.

U. *Successors*.

1. This Agreement shall be binding upon, and inure to the benefit of, the Parties and their respective successors and assigns.

2. CVS shall not sell the majority of its voting stock or substantially all its assets without obtaining the acquiror's agreement that it will constitute a successor with respect to CVS's obligations under this Agreement.

3. CVS shall not in one (1) transaction, or a series of related transactions, sell, or transfer assets (other than sales or transfers of inventories, or sales or transfers to an entity owed directly or indirectly by CVS) having a fair market value equal to twenty-five percent (25%) or more of the consolidated assets of CVS where the sale or transfer transaction is announced after the Effective Date, is not for fair consideration, and would foreseeably and unreasonably jeopardize CVS's ability to make the payments under this Agreement that are due on or before the third Payment Date following the close of a sale or transfer transaction. The above restriction shall not apply if CVS obtains the acquiror's agreement that it will be either a guarantor of or successor to the percentage of CVS's remaining payment obligations under this Agreement equal to the percentage of CVS's consolidated assets being sold or transferred in such transaction. Percentages under this section shall be determined in accordance with the United States generally accepted accounting principles and as of the date of CVS's most recent publicly filed consolidated balance sheet prior to the date of entry into the sale or transfer agreement at issue. This Section XIII.U.3 shall be enforceable solely by the Enforcement Committee, and any objection under this Section XIII.U.3 not raised within twenty (20) calendar days from the date that CVS transmits notice of the transaction to the Enforcement Committee is waived. Any dispute under this Section XIII.U.3 shall be a National Dispute as described in Section VI.F.3 and must be raised exclusively with the National Arbitration Panel as described therein within twenty (20) calendar days of the announcement, and the sole remedy shall be an order enjoining the transaction.

V. *Waiver*. CVS, for good and valuable consideration the receipt of which is acknowledged, hereby (a) waives, foregoes and relinquishes all rights to utilize and/or seek relief under any of the following laws of the State of Texas for the restructuring of its debts or liabilities related to Released Claims, Claims that would have been Released Claims if they had been brought by a Releasor against a Released Entity before the Effective Date, or this Agreement: Tex. Bus. Orgs. Code § 10.003 (Contents of Plan of Merger: More Than One Successor) or any other statute of Subchapter A of Chapter 10 of Tex. Bus. Orgs. Code to the extent such statute relates to multi-successor mergers (and/or any other similar laws or statutes in any other state or territory); Tex. Bus. Orgs. Code §§ 11.01–11.414 (Winding Up and Termination of Domestic Entity); or Tex. Bus. & Com. Code §§ 23.01–23.33 (Assignments for the Benefit of Creditors) (collectively, the "*Texas*

Statutes"), and (b) agrees, warrants and represents that it will not file, request or petition for relief under the Texas Statutes related to its debts or liabilities related to Released Claims, Claims that would have been Released Claims if they had been brought by a Releasor against a Released Entity before the Effective Date, or this Agreement, in each case until such time as all of CVS's payment obligations incurred hereunder are satisfied in full. The foregoing waiver and relinquishment includes, without limitation, until such time as all of CVS's payment obligations incurred hereunder are satisfied in full, CVS's rights to execute a divisional merger or equivalent transaction or restructuring related to its debts or liabilities related to Released Claims, Claims that would have been Released Claims if they had been brought by a Releasor against a Released Entity before the Effective Date, or this Agreement that in each case has the intent or foreseeable effect of (i) separating material assets from material liabilities and (ii) assigning or allocating all or a substantial portion of those liabilities to any subsidiary or affiliate that files for relief under chapter 11 of the Bankruptcy Code, or pursuant to which such subsidiary or affiliate that files for relief under chapter 11 of the Bankruptcy Code would be assuming or retaining all or a substantial portion of those liabilities.

W. *Modification, Amendment, Alteration.* In the event the Plaintiffs' Executive Committee, the Executive Committee of the State Attorneys General, or CVS concludes prior to January 18, 2023 that technical corrections are required to this Agreement, the Plaintiffs' Executive Committee, the Executive Committee of the State Attorneys General, and CVS shall meet and confer and make such amendments as they agree are appropriate. Except as otherwise provided in this Agreement, after the Reference Date, any modification, amendment, or alteration of this Agreement by the Parties shall be binding only if evidenced in writing signed by CVS, along with the signatures of at least two-thirds of the Settling States along with a representation from each such Settling State that either: (1) the Advisory Committee or similar entity established or recognized by that Settling State (either pursuant to Section V.E.2.d, by a State-Subdivision Agreement, or by statute) voted in favor of the modification, amendment or alteration of this Agreement including at least one member appointed by the Participating Subdivisions listed on Exhibit G; or (2) in States without any Advisory Committee, that 50.1% (by population) of the Participating Subdivisions listed on Exhibit G expressed approval of the modification, amendment, or alteration of this Agreement in a writing.

X. *Termination.*

1. Unless otherwise agreed to by CVS and the Settling State in question, this Agreement or the Consent Judgment as to that Settling State and all of its terms (except Section XIII.P and any other non-admissibility provisions, which shall continue in full force and effect) shall be canceled and terminated with respect to the Settling State, and the Agreement and all orders issued by the courts in the Settling State pursuant to the Agreement shall become null and void and of no effect, only if one or more of the following conditions applies:

a. a Consent Judgment approving this Agreement without modification of any of the Agreement's terms has not been entered as to the Settling State by a court of competent jurisdiction on or before one hundred eighty (180) days after the Effective Date; or

b. this Agreement has been disapproved by a court of competent jurisdiction to which it was presented for approval and/or entry (or, in the event of an appeal from or review of a decision of such a court to approve this Agreement and the Consent Judgment, by the court hearing such appeal or conducting such review), and the time to appeal from such disapproval has expired, or, in the event of an appeal from such disapproval, the appeal has been dismissed or the disapproval has been affirmed by the court of last resort to which such appeal has been taken and such dismissal or disapproval has become no longer subject to further appeal (including, without limitation, review by the United States Supreme Court).

2. If this Agreement is terminated with respect to a Settling State for whatever reason pursuant to Section XIII.X.1, then:

a. an applicable statute of limitation or any similar time requirement (excluding any statute of repose) shall be tolled from the date the Settling State signed this Agreement until the later of the time permitted by applicable law or for one year from the date of such termination, with the effect that CVS and the Settling State in question shall be in the same position with respect to the statute of limitation as they were at the time the Settling State filed its action; and

b. CVS and the Settling State in question shall jointly move the relevant court of competent jurisdiction for an order reinstating the actions and claims dismissed pursuant to the terms of this Agreement governing dismissal, with the effect that CVS and the Settling State in question shall be in the same position with respect to those actions and claims as they were at the time the action or claim was stayed or dismissed.

3. Unless CVS and the Enforcement Committee agree otherwise, this Agreement, with the exception of the Injunctive Relief Terms that have their own provisions on duration, shall terminate as to all Parties after the Payment Date for Payment Year 10, *provided* that CVS has performed its payment obligations under the Agreement as of that date. Notwithstanding any other provision in this Section XIII.X.3 or in this Agreement, all releases under this Agreement will remain effective in perpetuity.

Y. *Governing Law.* Except (1) as otherwise provided in this Agreement or (2) as necessary, in the sole judgment of the National Arbitration Panel, to promote uniformity of interpretation for matters within the scope of the National Arbitration Panel's authority, this Agreement shall be governed by and interpreted in accordance with the respective laws of each Settling State, without regard to the conflict of law rules of such Settling State, that is seeking to enforce the Agreement against CVS or against which CVS is seeking enforcement. Notwithstanding any other provision in this subsection on governing law, any disputes relating to the Settlement Fund Escrow shall be governed by and interpreted in accordance with the law of the state where the escrow agent has its primary place of business.

EXHIBIT A

Alleged Harms

The following expert reports that were served in connection with the case captioned *In re: National Prescription Opiate Litigation*, No. 1:17-md-2804 (N.D. Ohio), provide non-exclusive examples of Alleged Harms:

1. Expert reports of G. Caleb Alexander, M.D., M.S., dated March 24, 2019, April 16, 2021, and August 22, 2022;

2. Expert reports of David Cutler dated March 25, 2019, April 16, 2021, April 21, 2021, May 10, 2021, and August 22, 2022;

3. Expert report of David Herzberg, Ph.D., dated April 16, 2021;

4. Expert reports of Katherine M. Keyes, Ph.D., dated March 25, 2019, April 16, 2021, June 2, 2021, and August 22, 2022;

5. Expert reports of Dr. Anna Lembke, M.D., dated March 25, 2019, April 16, 2021, and August 22, 2022;

6. Expert report of Nancy Young, Ph.D, M.S.W., dated March 25, 2019 and April 16, 2021;

7. Expert report of Harvey Rosen, dated April 16, 2021; and

8. Expert report of Professor Thomas McGuire dated March 25, 2019.

EXHIBIT B

Enforcement Committee Organization Bylaws

ARTICLE I

These bylaws constitute the code of rules adopted by the Settling States and Participating Subdivisions for the creation of an Enforcement Committee (the "Committee") to exist and operate during the term of the Agreement in connection with CVS and shall control the regulation and management of the Committee's affairs.

ARTICLE II
Purpose

The Committee is organized for the sole purpose of evaluating and taking such action as deemed reasonable, necessary, and appropriate by the members of the Committee on the matters delegated to the Committee under that certain Settlement Agreement between the Settling States and CVS dated December 9, 2022.

ARTICLE III
Members of the Committee

(1) Number of Members

The Committee will consist of sixteen (16) members (the "Members"). Upon majority resolution of the Committee, the number of Members may be increased or decreased from time to time, but in no event shall a decrease have the effect of decreasing the total number of Members to less than seven Members.

(2) Initial Members

The Committee initially will consist of ten (10) Settling State Members and six (6) Participating Subdivision Members; three (3) of the Participating Subdivisions shall be counties and three (3) shall be municipalities. The initial Settling State Members are representatives from: Connecticut, Delaware, Illinois, Indiana, Louisiana, New York, North Carolina, Ohio, Tennessee, and Texas. The initial Participating Subdivision Members are: [●]. Until fifteen (15) months from the Effective Date contained in the Settlement Agreement, the Participating Subdivisions may designate their outside counsel to serve as their representative. After fifteen (15) months from the Effective Date, an employee or official of the Participating Subdivision must be the designated as the representative of the Participating Subdivision.

(3) Term of Members

The term of office for Members of the Committee will be until the end of the term of the Settlement Agreement unless and until a Member withdraws or resigns from the Committee.

(4) Resignation

Any Member may resign at any time by delivering written notice to the Chairperson of the Committee. Such resignation shall take effect upon receipt or, if later, at the time specified in the notice.

(5) Removal

(a) Any Member may be removed without cause, at any time, by a majority of the entire Committee, at a Regular or Special Meeting called for that purpose. Any Member under consideration of removal must first be notified about the consideration by written notice at least five days prior to the meeting at which the vote takes place.

(b) In the event that any Member is not a Settling State or a Participating Subdivision or the Member subsequently becomes a Later Litigating Subdivision, the Member shall be removed immediately without notice or vote of the Committee.

(6) Vacancies

In the event of a vacancy, the Members of the same type (Settling State or Participating Subdivision) shall select another Settling State or Participating Subdivision to fill that Member's position.

(7) Compensation

Members shall not receive any salaries or other compensation for their services, but, by resolution of the Committee, may be reimbursed for any actual expenses incurred in the performance of their duties for the Committee, as long as a majority of disinterested Members approve the reimbursement. Any reimbursement shall be sought from the Settlement Fund Administrator.

ARTICLE IV
Conflicts of Interest and Code of Ethics

If a Member, agent, or employee of the Committee has a conflict of interest, he or she may not participate in a vote, discussion, or decision about the matter. Each Member shall follow any applicable state or local law with respect to conflicts, gifts, and ethics.

ARTICLE V
Committee Meetings

(1) Place of Meetings

Meetings of the Committee will be held at any place that the Chairperson may designate, including by telephonic or electronic means.

(2) Regular Meetings

Regular meetings of the Committee shall be held as deemed necessary by the Chairperson or any three members.

(3) Notice of Meetings

Written notice of the date, time, place and subject of each meeting must be provided to the Members at least 72 hours before the scheduled time of the meeting, except when there is an emergency or urgent public necessity.

(4) Quorum

A majority of the incumbent Members (not counting vacancies) shall constitute a quorum for the purposes of convening a meeting or conducting business.

(5) Voting and Proxy

When it is necessary to vote on any matter before the Committee, Members may vote by electronic means as provided in these Bylaws. Proxy voting is permitted. In order for a matter to pass, the matter must have a majority vote of Members present and must have at least one vote from a Settling State Member and a Participating Subdivision Member. In the event that there is a Quorum, but no Settling State or Participating Subdivision Member is present, then a matter may pass with a simple majority vote.

(6) Minutes

The Committee shall prepare and keep minutes. The minutes must state the subject of each deliberation and indicate each vote, order, decision, or other action taken.

ARTICLE VI
Officers

(1) Roster of Officers

The Committee shall have a Chairperson, a Vice Chairperson, and a Secretary. The Committee may have at its discretion, such other officers as may be appointed by the Members of the Committee. One person may hold two or more offices, except those serving as Chairperson.

(2) Election and Removal of Officers

All officers shall serve two-year terms. The election shall be conducted at the first meeting of the fiscal year. Officers shall remain in office until their successors have been selected. Officers may serve consecutive terms without limit. The election of officers shall be by majority vote of the Members of the Committee attending the meeting.

(3) Vacancies

If a vacancy occurs during the term of office for any elected officer, the Members of the Committee shall elect a new officer to fill the remainder of the term as soon as practical, by majority vote of Members present.

(4) Chairperson

The Chairperson will supervise and control the affairs of the Committee and shall exercise such supervisory powers as may be given him/her by the Members of the Committee. The Chairperson will perform all duties incident to such office and such other duties as may be provided in these bylaws or as may be prescribed from time to time by the Committee. The Chairperson shall preside at all meetings and shall exercise parliamentary control in accordance with Robert's Rules of Order.

(5) Vice Chairperson

The Vice Chairperson shall act in place of the Chairperson in the event of the Chairperson's absence, inability, or refusal to act, and shall exercise and discharge such other duties as may be required by the Committee. The Vice Chairperson shall serve as the parliamentarian and interpret any ambiguities of the bylaws.

(6) Secretary

The Secretary will keep and maintain all records related to the Committee and take minutes of all meetings.

(7) Records

All elected officers and committee chairpersons shall relinquish their records to the Chairperson immediately upon the completion of their term of office or completion of a project.

(8) Resignation

An officer may resign the office while not resigning membership from the Committee, by submitting a letter to the Chairperson. Vacancies occurring in any office shall be appointed for the remainder of the term.

ARTICLE VII
Duties

(1) Prior to the Effective Date

The Committee shall be responsible for any additional negotiations with CVS, including, but not limited to, negotiating extensions of any periods created by the Settlement Agreement, except that any additional negotiations related to the Injunctive Relief Terms (Exhibit [●]) shall be handled by the States Injunctive Relief Committee in accordance with the terms of Exhibit [●].

(2) After the Effective Date

The Committee shall establish procedures for the receipt of notices that a dispute exists concerning the Agreement and review of such disputes, pursuant to Section [●] of the Agreement. Members may engage with CVS, Settling States, and Participating Subdivisions attempting to resolve any dispute without further action by the Committee. The Committee may request additional information from CVS, Settling States, and Participating Subdivisions to the extent the Committee believes such information is necessary to understand, resolve, or provide advice related to a dispute. The Committee shall endeavor to provide advice relative to the dispute no later than 60 days after receipt of notice.

ARTICLE VIII
Rules of Procedure

The proceedings and business of the Committee shall be governed by Robert's Rules of Order unless otherwise waived by the Committee.

ARTICLE IX
Operations

(1) Records

The Committee will keep correct and complete records and will also keep minutes of the proceedings of the Committee meetings and Committees. The Committee will keep such records at its principal place of business at a place designated by the Chairperson**.**

All elected officers and committee chairpersons shall relinquish their records to the Chairperson, immediately upon the completion of their term of office.

(2) Inspection of Books and Records

The minutes of a meeting are public records and shall be available for public inspection and copying on request to the Committee's Chairperson or the Chairperson's designee.

(3) Amendments

The bylaws may be amended at any time by a vote of a majority of Members present and must have at least one vote from a Settling State Member and a Participating Subdivision Member. In the event that there is a Quorum, but no Settling State or Participating Subdivision Member is present, then a matter may pass with a simple majority vote.

EXHIBIT C

Litigating Subdivisions

1. Alabaster City, Alabama
2. Albertville City, Alabama

EXHIBIT D

[Intentionally Omitted]

EXHIBIT E

List of Opioid Remediation Uses

Schedule A
Core Strategies

Settling States and Participating Subdivisions listed on Exhibit G may choose from among the abatement strategies listed in Schedule B. However, priority may be given to the following core abatement strategies ("*Core Strategies*").[1]

A. NALOXONE OR OTHER FDA-APPROVED DRUG TO REVERSE OPIOID OVERDOSES

1. Expand training for first responders, schools, community support groups and families; and

2. Increase distribution to individuals who are uninsured or whose insurance does not cover the needed service.

B. MEDICATION-ASSISTED TREATMENT ("*MAT*") DISTRIBUTION AND OTHER OPIOID-RELATED TREATMENT

1. Increase distribution of MAT to individuals who are uninsured or whose insurance does not cover the needed service;

2. Provide education to school-based and youth-focused programs that discourage or prevent misuse;

3. Provide MAT education and awareness training to healthcare providers, EMTs, law enforcement, and other first responders; and

4. Provide treatment and recovery support services such as residential and inpatient treatment, intensive outpatient treatment, outpatient therapy or counseling, and recovery housing that allow or integrate medication and with other support services.

[1] As used in this Schedule A, words like "expand," "fund," "provide" or the like shall not indicate a preference for new or existing programs.

C. PREGNANT & POSTPARTUM WOMEN

1. Expand Screening, Brief Intervention, and Referral to Treatment ("*SBIRT*") services to non-Medicaid eligible or uninsured pregnant women;

2. Expand comprehensive evidence-based treatment and recovery services, including MAT, for women with co-occurring Opioid Use Disorder ("*OUD*") and other Substance Use Disorder ("*SUD*")/Mental Health disorders for uninsured individuals for up to 12 months postpartum; and

3. Provide comprehensive wrap-around services to individuals with OUD, including housing, transportation, job placement/training, and childcare.

D. EXPANDING TREATMENT FOR NEONATAL ABSTINENCE SYNDROME ("*NAS*")

1. Expand comprehensive evidence-based and recovery support for NAS babies;

2. Expand services for better continuum of care with infant-need dyad; and

3. Expand long-term treatment and services for medical monitoring of NAS babies and their families.

E. EXPANSION OF WARM HAND-OFF PROGRAMS AND RECOVERY SERVICES

1. Expand services such as navigators and on-call teams to begin MAT in hospital emergency departments;

2. Expand warm hand-off services to transition to recovery services;

3. Broaden scope of recovery services to include co-occurring SUD or mental health conditions;

4. Provide comprehensive wrap-around services to individuals in recovery, including housing, transportation, job placement/training, and childcare; and

5. Hire additional social workers or other behavioral health workers to facilitate expansions above.

F. TREATMENT FOR INCARCERATED POPULATION

1. Provide evidence-based treatment and recovery support, including MAT for persons with OUD and co-occurring SUD/MH disorders within and transitioning out of the criminal justice system; and

2. Increase funding for jails to provide treatment to inmates with OUD.

G. PREVENTION PROGRAMS

1. Funding for media campaigns to prevent opioid use (similar to the FDA's "Real Cost" campaign to prevent youth from misusing tobacco);

2. Funding for evidence-based prevention programs in schools;

3. Funding for medical provider education and outreach regarding best prescribing practices for opioids consistent with the CDC guidelines, including providers at hospitals (academic detailing);

4. Funding for community drug disposal programs; and

5. Funding and training for first responders to participate in pre-arrest diversion programs, post-overdose response teams, or similar strategies that connect at-risk individuals to behavioral health services and supports.

H. EXPANDING SYRINGE SERVICE PROGRAMS

1. Provide comprehensive syringe services programs with more wrap-around services, including linkage to OUD treatment, access to sterile syringes and linkage to care and treatment of infectious diseases.

I. EVIDENCE-BASED DATA COLLECTION AND RESEARCH ANALYZING THE EFFECTIVENESS OF THE ABATEMENT STRATEGIES WITHIN THE STATE

Schedule B
Approved Uses

Support treatment of Opioid Use Disorder (OUD) and any co-occurring Substance Use Disorder or Mental Health (SUD/MH) conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

PART ONE: TREATMENT

A. TREAT OPIOID USE DISORDER (OUD)

Support treatment of Opioid Use Disorder ("*OUD*") and any co-occurring Substance Use Disorder or Mental Health ("*SUD/MH*") conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:[2]

1. Expand availability of treatment for OUD and any co-occurring SUD/MH conditions, including all forms of Medication-Assisted Treatment ("*MAT*") approved by the U.S. Food and Drug Administration.

2. Support and reimburse evidence-based services that adhere to the American Society of Addiction Medicine ("*ASAM*") continuum of care for OUD and any co-occurring SUD/MH conditions.

3. Expand telehealth to increase access to treatment for OUD and any co-occurring SUD/MH conditions, including MAT, as well as counseling, psychiatric support, and other treatment and recovery support services.

4. Improve oversight of Opioid Treatment Programs ("*OTPs*") to assure evidence-based or evidence-informed practices such as adequate methadone dosing and low threshold approaches to treatment.

5. Support mobile intervention, treatment, and recovery services, offered by qualified professionals and service providers, such as peer recovery coaches, for persons with OUD and any co-occurring SUD/MH conditions and for persons who have experienced an opioid overdose.

6. Provide treatment of trauma for individuals with OUD (*e.g.*, violence, sexual assault, human trafficking, or adverse childhood experiences) and family members (*e.g.*, surviving family members after an overdose or overdose fatality), and training of health care personnel to identify and address such trauma.

[2] As used in this Schedule B, words like "expand," "fund," "provide" or the like shall not indicate a preference for new or existing programs.

7. Support evidence-based withdrawal management services for people with OUD and any co-occurring mental health conditions.

8. Provide training on MAT for health care providers, first responders, students, or other supporting professionals, such as peer recovery coaches or recovery outreach specialists, including telementoring to assist community-based providers in rural or underserved areas.

9. Support workforce development for addiction professionals who work with persons with OUD and any co-occurring SUD/MH conditions.

10. Offer fellowships for addiction medicine specialists for direct patient care, instructors, and clinical research for treatments.

11. Offer scholarships and supports for behavioral health practitioners or workers involved in addressing OUD and any co-occurring SUD/MH or mental health conditions, including, but not limited to, training, scholarships, fellowships, loan repayment programs, or other incentives for providers to work in rural or underserved areas.

12. Provide funding and training for clinicians to obtain a waiver under the federal Drug Addiction Treatment Act of 2000 ("*DATA 2000*") to prescribe MAT for OUD, and provide technical assistance and professional support to clinicians who have obtained a DATA 2000 waiver.

13. Disseminate web-based training curricula, such as the American Academy of Addiction Psychiatry's Provider Clinical Support Service–Opioids web-based training curriculum and motivational interviewing.

14. Develop and disseminate new curricula, such as the American Academy of Addiction Psychiatry's Provider Clinical Support Service for Medication–Assisted Treatment.

B. SUPPORT PEOPLE IN TREATMENT AND RECOVERY

Support people in recovery from OUD and any co-occurring SUD/MH conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the programs or strategies that:

1. Provide comprehensive wrap-around services to individuals with OUD and any co-occurring SUD/MH conditions, including housing, transportation, education, job placement, job training, or childcare.

2. Provide the full continuum of care of treatment and recovery services for OUD and any co-occurring SUD/MH conditions, including supportive housing, peer support

services and counseling, community navigators, case management, and connections to community-based services.

3. Provide counseling, peer-support, recovery case management and residential treatment with access to medications for those who need it to persons with OUD and any co-occurring SUD/MH conditions.

4. Provide access to housing for people with OUD and any co-occurring SUD/MH conditions, including supportive housing, recovery housing, housing assistance programs, training for housing providers, or recovery housing programs that allow or integrate FDA-approved mediation with other support services.

5. Provide community support services, including social and legal services, to assist in deinstitutionalizing persons with OUD and any co-occurring SUD/MH conditions.

6. Support or expand peer-recovery centers, which may include support groups, social events, computer access, or other services for persons with OUD and any co-occurring SUD/MH conditions.

7. Provide or support transportation to treatment or recovery programs or services for persons with OUD and any co-occurring SUD/MH conditions.

8. Provide employment training or educational services for persons in treatment for or recovery from OUD and any co-occurring SUD/MH conditions.

9. Identify successful recovery programs such as physician, pilot, and college recovery programs, and provide support and technical assistance to increase the number and capacity of high-quality programs to help those in recovery.

10. Engage non-profits, faith-based communities, and community coalitions to support people in treatment and recovery and to support family members in their efforts to support the person with OUD in the family.

11. Provide training and development of procedures for government staff to appropriately interact and provide social and other services to individuals with or in recovery from OUD, including reducing stigma.

12. Support stigma reduction efforts regarding treatment and support for persons with OUD, including reducing the stigma on effective treatment.

13. Create or support culturally appropriate services and programs for persons with OUD and any co-occurring SUD/MH conditions, including new Americans.

14. Create and/or support recovery high schools.

15. Hire or train behavioral health workers to provide or expand any of the services or supports listed above.

C. CONNECT PEOPLE WHO NEED HELP TO THE HELP THEY NEED (CONNECTIONS TO CARE)

Provide connections to care for people who have—or are at risk of developing—OUD and any co-occurring SUD/MH conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:

1. Ensure that health care providers are screening for OUD and other risk factors and know how to appropriately counsel and treat (or refer if necessary) a patient for OUD treatment.

2. Fund SBIRT programs to reduce the transition from use to disorders, including SBIRT services to pregnant women who are uninsured or not eligible for Medicaid.

3. Provide training and long-term implementation of SBIRT in key systems (health, schools, colleges, criminal justice, and probation), with a focus on youth and young adults when transition from misuse to opioid disorder is common.

4. Purchase automated versions of SBIRT and support ongoing costs of the technology.

5. Expand services such as navigators and on-call teams to begin MAT in hospital emergency departments.

6. Provide training for emergency room personnel treating opioid overdose patients on post-discharge planning, including community referrals for MAT, recovery case management or support services.

7. Support hospital programs that transition persons with OUD and any co-occurring SUD/MH conditions, or persons who have experienced an opioid overdose, into clinically appropriate follow-up care through a bridge clinic or similar approach.

8. Support crisis stabilization centers that serve as an alternative to hospital emergency departments for persons with OUD and any co-occurring SUD/MH conditions or persons that have experienced an opioid overdose.

9. Support the work of Emergency Medical Systems, including peer support specialists, to connect individuals to treatment or other appropriate services following an opioid overdose or other opioid-related adverse event.

10. Provide funding for peer support specialists or recovery coaches in emergency departments, detox facilities, recovery centers, recovery housing, or similar settings; offer services, supports, or connections to care to persons with OUD and any co-

occurring SUD/MH conditions or to persons who have experienced an opioid overdose.

11. Expand warm hand-off services to transition to recovery services.

12. Create or support school-based contacts that parents can engage with to seek immediate treatment services for their child; and support prevention, intervention, treatment, and recovery programs focused on young people.

13. Develop and support best practices on addressing OUD in the workplace.

14. Support assistance programs for health care providers with OUD.

15. Engage non-profits and the faith community as a system to support outreach for treatment.

16. Support centralized call centers that provide information and connections to appropriate services and supports for persons with OUD and any co-occurring SUD/MH conditions.

D. ADDRESS THE NEEDS OF CRIMINAL JUSTICE-INVOLVED PERSONS

Address the needs of persons with OUD and any co-occurring SUD/MH conditions who are involved in, are at risk of becoming involved in, or are transitioning out of the criminal justice system through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:

1. Support pre-arrest or pre-arraignment diversion and deflection strategies for persons with OUD and any co-occurring SUD/MH conditions, including established strategies such as:

    1. Self-referral strategies such as the Angel Programs or the Police Assisted Addiction Recovery Initiative ("*PAARI*");

    2. Active outreach strategies such as the Drug Abuse Response Team ("*DART*") model;

    3. "Naloxone Plus" strategies, which work to ensure that individuals who have received naloxone to reverse the effects of an overdose are then linked to treatment programs or other appropriate services;

    4. Officer prevention strategies, such as the Law Enforcement Assisted Diversion ("*LEAD*") model;

5. Officer intervention strategies such as the Leon County, Florida Adult Civil Citation Network or the Chicago Westside Narcotics Diversion to Treatment Initiative; or

6. Co-responder and/or alternative responder models to address OUD-related 911 calls with greater SUD expertise.

2. Support pre-trial services that connect individuals with OUD and any co-occurring SUD/MH conditions to evidence-informed treatment, including MAT, and related services.

3. Support treatment and recovery courts that provide evidence-based options for persons with OUD and any co-occurring SUD/MH conditions.

4. Provide evidence-informed treatment, including MAT, recovery support, harm reduction, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions who are incarcerated in jail or prison.

5. Provide evidence-informed treatment, including MAT, recovery support, harm reduction, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions who are leaving jail or prison or have recently left jail or prison, are on probation or parole, are under community corrections supervision, or are in re-entry programs or facilities.

6. Support critical time interventions ("*CTI*"), particularly for individuals living with dual-diagnosis OUD/serious mental illness, and services for individuals who face immediate risks and service needs and risks upon release from correctional settings.

7. Provide training on best practices for addressing the needs of criminal justice-involved persons with OUD and any co-occurring SUD/MH conditions to law enforcement, correctional, or judicial personnel or to providers of treatment, recovery, harm reduction, case management, or other services offered in connection with any of the strategies described in this section.

E. ADDRESS THE NEEDS OF PREGNANT OR PARENTING WOMEN AND THEIR FAMILIES, INCLUDING BABIES WITH NEONATAL ABSTINENCE SYNDROME

Address the needs of pregnant or parenting women with OUD and any co-occurring SUD/MH conditions, and the needs of their families, including babies with neonatal abstinence syndrome ("*NAS*"), through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:

1. Support evidence-based or evidence-informed treatment, including MAT, recovery services and supports, and prevention services for pregnant women—or women who

could become pregnant—who have OUD and any co-occurring SUD/MH conditions, and other measures to educate and provide support to families affected by Neonatal Abstinence Syndrome.

2. Expand comprehensive evidence-based treatment and recovery services, including MAT, for uninsured women with OUD and any co-occurring SUD/MH conditions for up to 12 months postpartum.

3. Provide training for obstetricians or other healthcare personnel who work with pregnant women and their families regarding treatment of OUD and any co-occurring SUD/MH conditions.

4. Expand comprehensive evidence-based treatment and recovery support for NAS babies; expand services for better continuum of care with infant-need dyad; and expand long-term treatment and services for medical monitoring of NAS babies and their families.

5. Provide training to health care providers who work with pregnant or parenting women on best practices for compliance with federal requirements that children born with NAS get referred to appropriate services and receive a plan of safe care.

6. Provide child and family supports for parenting women with OUD and any co-occurring SUD/MH conditions.

7. Provide enhanced family support and child care services for parents with OUD and any co-occurring SUD/MH conditions.

8. Provide enhanced support for children and family members suffering trauma as a result of addiction in the family; and offer trauma-informed behavioral health treatment for adverse childhood events.

9. Offer home-based wrap-around services to persons with OUD and any co-occurring SUD/MH conditions, including, but not limited to, parent skills training.

10. Provide support for Children's Services—Fund additional positions and services, including supportive housing and other residential services, relating to children being removed from the home and/or placed in foster care due to custodial opioid use.

PART TWO: PREVENTION

F. PREVENT OVER-PRESCRIBING AND ENSURE APPROPRIATE PRESCRIBING AND DISPENSING OF OPIOIDS

Support efforts to prevent over-prescribing and ensure appropriate prescribing and dispensing of opioids through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Funding medical provider education and outreach regarding best prescribing practices for opioids consistent with the Guidelines for Prescribing Opioids for Chronic Pain from the U.S. Centers for Disease Control and Prevention, including providers at hospitals (academic detailing).

2. Training for health care providers regarding safe and responsible opioid prescribing, dosing, and tapering patients off opioids.

3. Continuing Medical Education (CME) on appropriate prescribing of opioids.

4. Providing Support for non-opioid pain treatment alternatives, including training providers to offer or refer to multi-modal, evidence-informed treatment of pain.

5. Supporting enhancements or improvements to Prescription Drug Monitoring Programs ("*PDMPs*"), including, but not limited to, improvements that:

    1. Increase the number of prescribers using PDMPs;

    2. Improve point-of-care decision-making by increasing the quantity, quality, or format of data available to prescribers using PDMPs, by improving the interface that prescribers use to access PDMP data, or both; or

    3. Enable states to use PDMP data in support of surveillance or intervention strategies, including MAT referrals and follow-up for individuals identified within PDMP data as likely to experience OUD in a manner that complies with all relevant privacy and security laws and rules.

6. Ensuring PDMPs incorporate available overdose/naloxone deployment data, including the United States Department of Transportation's Emergency Medical Technician overdose database in a manner that complies with all relevant privacy and security laws and rules.

7. Increasing electronic prescribing to prevent diversion or forgery.

8. Educating dispensers on appropriate opioid dispensing.

G. PREVENT MISUSE OF OPIOIDS

Support efforts to discourage or prevent misuse of opioids through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Funding media campaigns to prevent opioid misuse.

2. Corrective advertising or affirmative public education campaigns based on evidence.

3. Public education relating to drug disposal.

4. Drug take-back disposal or destruction programs.

5. Funding community anti-drug coalitions that engage in drug prevention efforts.

6. Supporting community coalitions in implementing evidence-informed prevention, such as reduced social access and physical access, stigma reduction—including staffing, educational campaigns, support for people in treatment or recovery, or training of coalitions in evidence-informed implementation, including the Strategic Prevention Framework developed by the U.S. Substance Abuse and Mental Health Services Administration ("*SAMHSA*").

7. Engaging non-profits and faith-based communities as systems to support prevention.

8. Funding evidence-based prevention programs in schools or evidence-informed school and community education programs and campaigns for students, families, school employees, school athletic programs, parent-teacher and student associations, and others.

9. School-based or youth-focused programs or strategies that have demonstrated effectiveness in preventing drug misuse and seem likely to be effective in preventing the uptake and use of opioids.

10. Create or support community-based education or intervention services for families, youth, and adolescents at risk for OUD and any co-occurring SUD/MH conditions.

11. Support evidence-informed programs or curricula to address mental health needs of young people who may be at risk of misusing opioids or other drugs, including emotional modulation and resilience skills.

12. Support greater access to mental health services and supports for young people, including services and supports provided by school nurses, behavioral health workers or other school staff, to address mental health needs in young people that (when not properly addressed) increase the risk of opioid or another drug misuse.

H. PREVENT OVERDOSE DEATHS AND OTHER HARMS (HARM REDUCTION)

Support efforts to prevent or reduce overdose deaths or other opioid-related harms through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Increased availability and distribution of naloxone and other drugs that treat overdoses for first responders, overdose patients, individuals with OUD and their friends and family members, schools, community navigators and outreach workers, persons being released from jail or prison, or other members of the general public.

2. Public health entities providing free naloxone to anyone in the community.

3. Training and education regarding naloxone and other drugs that treat overdoses for first responders, overdose patients, patients taking opioids, families, schools, community support groups, and other members of the general public.

4. Enabling school nurses and other school staff to respond to opioid overdoses, and provide them with naloxone, training, and support.

5. Expanding, improving, or developing data tracking software and applications for overdoses/naloxone revivals.

6. Public education relating to emergency responses to overdoses.

7. Public education relating to immunity and Good Samaritan laws.

8. Educating first responders regarding the existence and operation of immunity and Good Samaritan laws.

9. Syringe service programs and other evidence-informed programs to reduce harms associated with intravenous drug use, including supplies, staffing, space, peer support services, referrals to treatment, fentanyl checking, connections to care, and the full range of harm reduction and treatment services provided by these programs.

10. Expanding access to testing and treatment for infectious diseases such as HIV and Hepatitis C resulting from intravenous opioid use.

11. Supporting mobile units that offer or provide referrals to harm reduction services, treatment, recovery supports, health care, or other appropriate services to persons that use opioids or persons with OUD and any co-occurring SUD/MH conditions.

12. Providing training in harm reduction strategies to health care providers, students, peer recovery coaches, recovery outreach specialists, or other professionals that provide care to persons who use opioids or persons with OUD and any co-occurring SUD/MH conditions.

13. Supporting screening for fentanyl in routine clinical toxicology testing.

PART THREE: OTHER STRATEGIES

I. FIRST RESPONDERS

In addition to items in section C, D and H relating to first responders, support the following:

1. Education of law enforcement or other first responders regarding appropriate practices and precautions when dealing with fentanyl or other drugs.

2. Provision of wellness and support services for first responders and others who experience secondary trauma associated with opioid-related emergency events.

J. LEADERSHIP, PLANNING AND COORDINATION

Support efforts to provide leadership, planning, coordination, facilitations, training and technical assistance to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, the following:

1. Statewide, regional, local or community regional planning to identify root causes of addiction and overdose, goals for reducing harms related to the opioid epidemic, and areas and populations with the greatest needs for treatment intervention services, and to support training and technical assistance and other strategies to abate the opioid epidemic described in this opioid abatement strategy list.

2. A dashboard to (a) share reports, recommendations, or plans to spend opioid settlement funds; (b) to show how opioid settlement funds have been spent; (c) to report program or strategy outcomes; or (d) to track, share or visualize key opioid- or health-related indicators and supports as identified through collaborative statewide, regional, local or community processes.

3. Invest in infrastructure or staffing at government or not-for-profit agencies to support collaborative, cross-system coordination with the purpose of preventing overprescribing, opioid misuse, or opioid overdoses, treating those with OUD and any co-occurring SUD/MH conditions, supporting them in treatment or recovery, connecting them to care, or implementing other strategies to abate the opioid epidemic described in this opioid abatement strategy list.

4. Provide resources to staff government oversight and management of opioid abatement programs.

K. TRAINING

In addition to the training referred to throughout this document, support training to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, those that:

1. Provide funding for staff training or networking programs and services to improve the capability of government, community, and not-for-profit entities to abate the opioid crisis.

2. Support infrastructure and staffing for collaborative cross-system coordination to prevent opioid misuse, prevent overdoses, and treat those with OUD and any co-occurring SUD/MH conditions, or implement other strategies to abate the opioid epidemic described in this opioid abatement strategy list (*e.g.*, health care, primary care, pharmacies, PDMPs, etc.).

L. RESEARCH

Support opioid abatement research that may include, but is not limited to, the following:

1. Monitoring, surveillance, data collection and evaluation of programs and strategies described in this opioid abatement strategy list.

2. Research non-opioid treatment of chronic pain.

3. Research on improved service delivery for modalities such as SBIRT that demonstrate promising but mixed results in populations vulnerable to opioid use disorders.

4. Research on novel harm reduction and prevention efforts such as the provision of fentanyl test strips.

5. Research on innovative supply-side enforcement efforts such as improved detection of mail-based delivery of synthetic opioids.

6. Expanded research on swift/certain/fair models to reduce and deter opioid misuse within criminal justice populations that build upon promising approaches used to address other substances (*e.g.*, Hawaii HOPE and Dakota 24/7).

7. Epidemiological surveillance of OUD-related behaviors in critical populations, including individuals entering the criminal justice system, including, but not limited to approaches modeled on the Arrestee Drug Abuse Monitoring (“ADAM”) system.

8. Qualitative and quantitative research regarding public health risks and harm reduction opportunities within illicit drug markets, including surveys of market participants who sell or distribute illicit opioids.

Geospatial analysis of access barriers to MAT and their association with treatment engagement and treatment outcomes

EXHIBIT G

Subdivisions Eligible to Receive Direct Allocations from the Subdivision Fund and Default Subdivision Fund Allocation Percentages

The Subdivisions set forth on this Exhibit G are eligible to receive direct allocations from the Subdivision Fund, if such Subdivisions are otherwise eligible to receive such funds under this Agreement. By default, the Subdivisions set forth on this Exhibit G shall include all Subdivisions set forth on Exhibit G of the national opioid settlement agreement dated July 21, 2021 with Janssen Pharmaceuticals, Inc., et al., including all amendments up to the Preliminary Agreement Date of this Agreement. A State may elect to add any additional Subdivisions to this Exhibit G at any time prior to the Initial Subdivision Participation Date.

Immediately upon the effectiveness of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3) that addresses allocation from the Subdivision Fund, whether before or after the Initial Subdivision Participation Date, this Exhibit G will automatically be amended to reflect the allocation from the Subdivision Fund pursuant to the State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3.

For the avoidance of doubt, inclusion on this Exhibit G shall not create any claim for any amount of the Settlement Fund, and no such amounts shall be allocated or distributed to any Subdivision included herein if such Subdivision does not otherwise meet all requirements to receive any such funds pursuant to the Agreement.

Subdivision Participation and Release Form

Governmental Entity:	State:
Authorized Official:	
Address 1:	
Address 2:	
City, State, Zip:	
Phone:	
Email:	

The governmental entity identified above ("*Governmental Entity*"), in order to obtain and in consideration for the benefits provided to the Governmental Entity pursuant to the Settlement Agreement dated December 9, 2022 ("*CVS Settlement*"), and acting through the undersigned authorized official, hereby elects to participate in the CVS Settlement, release all Released Claims against all Released Entities, and agrees as follows.

1. The Governmental Entity is aware of and has reviewed the CVS Settlement, understands that all terms in this Participation and Release Form have the meanings defined therein, and agrees that by executing this Participation and Release Form, the Governmental Entity elects to participate in the CVS Settlement and become a Participating Subdivision as provided therein.

2. The Governmental Entity shall promptly, and in any event no later than 14 days after the Reference Date and prior to the filing of the Consent Judgment, dismiss with prejudice any Released Claims that it has filed. With respect to any Released Claims pending in *In re National Prescription Opiate Litigation*, MDL No. 2804, the Governmental Entity authorizes the Plaintiffs' Executive Committee to execute and file on behalf of the Governmental Entity a Stipulation of Dismissal with Prejudice substantially in the form found at [website link to national settlement website to be provided].

3. The Governmental Entity agrees to the terms of the CVS Settlement pertaining to Participating Subdivisions as defined therein.

4. By agreeing to the terms of the CVS Settlement and becoming a Releasor, the Governmental Entity is entitled to the benefits provided therein, including, if applicable, monetary payments beginning after the Effective Date.

5. The Governmental Entity agrees to use any monies it receives through the CVS Settlement solely for the purposes provided therein.

6. The Governmental Entity submits to the jurisdiction of the court in the Governmental Entity's state where the Consent Judgment is filed for purposes limited to that court's role as provided in, and for resolving disputes to the extent provided in, the CVS Settlement. The Governmental Entity likewise agrees to arbitrate before the National Arbitration Panel

as provided in, and for resolving disputes to the extent otherwise provided in, the CVS Settlement.

7. The Governmental Entity has the right to enforce the CVS Settlement as provided therein.

8. The Governmental Entity, as a Participating Subdivision, hereby becomes a Releasor for all purposes in the CVS Settlement, including without limitation all provisions of Section XI (Release), and along with all departments, agencies, divisions, boards, commissions, districts, instrumentalities of any kind and attorneys, and any person in their official capacity elected or appointed to serve any of the foregoing and any agency, person, or other entity claiming by or through any of the foregoing, and any other entity identified in the definition of Releasor, provides for a release to the fullest extent of its authority. As a Releasor, the Governmental Entity hereby absolutely, unconditionally, and irrevocably covenants not to bring, file, or claim, or to cause, assist or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in any forum whatsoever. The releases provided for in the CVS Settlement are intended by the Parties to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar against any liability relating in any way to Released Claims and extend to the full extent of the power of the Governmental Entity to release claims. The CVS Settlement shall be a complete bar to any Released Claim.

9. The Governmental Entity hereby takes on all rights and obligations of a Participating Subdivision as set forth in the CVS Settlement.

10. In connection with the releases provided for in the CVS Settlement, each Governmental Entity expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any state or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

> **General Release; extent.** A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release that, if known by him or her would have materially affected his or her settlement with the debtor or released party.

A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Governmental Entity hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Governmental Entities' decision to participate in the CVS Settlement.

11. Nothing herein is intended to modify in any way the terms of the CVS Settlement, to which Governmental Entity hereby agrees. To the extent this Participation and Release Form is

interpreted differently from the CVS Settlement in any respect, the CVS Settlement controls.

I have all necessary power and authorization to execute this Participation and Release Form on behalf of the Governmental Entity.

EXHIBIT M-1: PAYMENT SCHEDULE

Payment Year	Maximum Additional Remediation Amount & All Attorneys' Fees & Costs Funds (Includes CB Fee on Credits)	Maximum Base Payments (38%)	Maximum Incentive Payment A (62%)	Maximum Incentive Payment B (28%)	Maximum Incentive Payment C (28%)	Maximum Incentive Payment D @ 6%	Maximum Total Remediation	Maximum Overall Total
Year 1 June 30, 2023	$125,329,964	$306,016,374	---	---	---	---	$306,016,374	$431,346,338
Year 2 June 30, 2024	$113,977,078	$81,058,849	$162,912,910	$81,456,455	$81,456,455	---	$243,971,759	$357,948,837
Year 3 June 30, 2025	$128,577,766	$161,989,258	$325,567,678	$162,783,839	$162,783,839	---	$487,556,936	$616,134,702
Year 4 June 30, 2026	$128,577,766	$161,989,258	$325,567,678	$162,783,839	$162,783,839	---	$487,556,936	$616,134,702
Year 5 June 30, 2027	$128,577,767	$161,989,258	$325,567,678	$162,783,839	$162,783,839	---	$487,556,936	$616,134,703
Year 6 June 30, 2028	---	$161,989,257	$325,567,679	$137,108,875	$137,108,874	$51,349,930	$487,556,936	$487,556,936
Year 7 June 30, 2029	---	$153,896,217	$309,302,202	$128,976,136	$128,976,136	$51,349,930	$463,198,419	$463,198,419
Year 8 June 30, 2030	---	$145,803,177	$293,036,724	$120,843,397	$120,843,397	$51,349,930	$438,839,901	$438,839,901
Year 9 June 30, 2031	---	$145,674,735	$292,778,585	$120,714,327	$120,714,328	$51,349,930	$438,453,320	$438,453,320
Year 10 June 30, 2032	---	$145,674,735	$292,778,585	$120,714,328	$120,714,327	$51,349,930	$438,453,320	$438,453,320
Total	**$625,040,341**	**$1,626,081,118**	**$2,653,079,719**	**$1,198,165,035**	**$1,198,165,034**	**$256,749,650**	**$4,279,160,837**	**$4,904,201,178**

NOTES:

1. The Maximum Additional Remediation Amount and the state and subdivision attorneys' fees and costs amounts are broken out into separate columns in Exhibit M-3. All payments shown in this schedule are maximum figures.

2. All annual and total figures for Maximum Additional Remediation Amount & All Attorneys' Fees & Costs Fund are maximum figures that may never be exceeded. They are subject to reduction as set forth in the Agreement and its exhibits.

3. All annual and total figures for Maximum Base Payment, Maximum Incentive Payment A, Maximum Incentive Payment B, and Maximum Incentive Payment C are maximum figures that may never be exceeded and reflect the following:
   - An assumption that all Eligible States are Settling States.
   - An assumption that all Settling States earn the full amount of the relevant incentive payment.
   - The figures are subject to reduction as set forth in the Agreement.

4. All annual and total figures for Maximum Incentive Payment D are maximum figures that reflect the following:
   - An assumption that all Eligible States are Settling States.
   - An assumption that all Settling States earn 100% of Incentive Payment C and hence the full amount of D at a value of 6%.
   - Exhibit M-2 shows maximums based on Incentive Payment D values higher than 6% if Incentive Payment C is not earned in full. As set forth in the Agreement and Exhibit M-2, any Incentive Payments D at values higher than 6% for a Settling State must be offset in full by corresponding reductions to Incentive Payment C for that Settling State in prior Payment Years and the same Payment Year, resulting in zero increase to the total Maximum Total Remediation amount ($4,279,160,837) and the total Maximum Overall Total amount ($4,904,201,178).
   - The figures are subject to reduction as set forth in the Agreement.

5. All annual and total figures for Maximum Total Remediation and Maximum Overall Total are maximum payments that reflect the following:
   - The credit amount of $117,882,400 for prior settlements has already been applied.
   - An assumption that all Eligible States are Settling States.
   - An assumption that all Settling States earn their full potential maximum amount of the Maximum Total Remediation through either Incentive Payment A, or Incentive Payments B, C, and D with Incentive Payment D at a value of 6%.
   - All annual and total figures for Maximum Total Remediation and Maximum Overall Total may never be exceeded with the sole and exclusive exception of the annual amounts for Years 6-10, which may increase based on Incentive Payment D as set forth in Exhibit M-2 when Incentive Payment C is not earned in full. Any such increases must be offset in full by corresponding reductions to Incentive Payment C in prior Payment Years and the same Payment Year for that Settling State, resulting in zero increase to the total Maximum Total Remediation amount ($4,279,160,837) and the total Maximum Overall Total amount ($4,904,201,178).
   - Exhibit M-2 shows maximums based on Incentive Payment D values higher than 6%.
   - The figures are subject to reduction as set forth in the Agreement.

6. Any offsets for Eligible States that are Non-Settling States would be deducted from Maximum Base Payment, Maximum Incentive Payment A, Maximum Incentive Payment B, Maximum Incentive Payment C, Maximum Incentive Payment D, and Maximum Total Remediation by

subtracting from all annual and total payments the amount of the payment times the Overall Allocation Percentage assigned to each Non-Settling State in Exhibit F-2.

EXHIBIT M-2: INCENTIVE D PAYMENT RANGE SCHEDULE

Payment Year	Incentive Payment D (6%-15%)		Total Remediation	
	Maximum if All Eligible States Obtain Incentive D at 6%	Maximum if All Eligible States Obtain Incentive D at 15%	Maximum if All Eligible States Obtain Full Potential with Incentive D at 6%	Maximum if All Eligible States Obtain Full Potential with Incentive D at 14.4%
Year 6 June 30, 2028	$51,349,930	$128,374,825	$487,556,936	$518,314,175
Year 7 June 30, 2029	$51,349,930	$128,374,825	$463,198,419	$496,395,480
Year 8 June 30, 2030	$51,349,930	$128,374,825	$438,839,901	$474,476,784
Year 9 June 30, 2031	$51,349,930	$128,374,825	$438,453,320	$474,128,924
Year 10 June 30, 2032	$51,349,930	$128,374,826	$438,453,320	$474,128,924
Total (Years 1-10)	**$256,749,650**	**$641,874,126**	**$4,279,160,837**	**$4,279,160,837**

NOTES:

1. The ranges for Incentive Payment D show the amount earned based on all Settling States obtaining its minimum value of 6% and its maximum value of 15%, and reflect the following:
   - An assumption that all Eligible States are Settling States.
   - An assumption that all Settling States qualify for Incentive Payment D.
   - The high end of the annual and total ranges for Incentive Payment D may never be exceeded and assume that all Settling States earn the full amount of the Total Remediation that they are eligible to receive by achieving, among other incentives, Incentive Payment D at a value of 14.4%. (The Incentive Payment C and Incentive Payment D payment tables do not allow Settling States earning Incentive Payment D at a value of 15% to earn their full potential amount of the Total Remediation.)
   - Any increase above the low end of the annual and total ranges for Incentive Payment D must be offset in full by corresponding reductions to Incentive Payment C in prior Payment Years and the same Payment Year, resulting in zero increase to the total Maximum Total Remediation amount ($4,279,160,837) and the total Maximum Overall Total amount ($4,904,201,178).

- The total Maximum Total Remediation amount ($4,279,160,837) and total Maximum Overall Total amount ($4,904,201,178) may never be exceeded and do not change regardless if all Settling States earn their full potential amount of the total Maximum Total Remediation through Incentive Payment D at a value of 6% or at a value of 14.4%.
- The amounts are subject to reduction as set forth in the Agreement.

2. All ranges for Total Remediation payments reflect the following:
   - The credit amount of $117,882,400 for prior settlements has already been applied.
   - An assumption that all Eligible States are Settling States.
   - The low end of the ranges assume that all Settling States earn their full potential amount of the Total Remediation through 100 percent of Incentive Payment B, 100 percent of Incentive Payment C, and thus Incentive Payment D at a value of 6%.
   - The high end of the annual ranges may never be exceeded and assume that all Settling States earn the full amount of the Total Remediation that they are eligible to receive by achieving, among other incentives, Incentive Payment D at a value of 14.4%. (The Incentive Payment C and Incentive Payment D payment tables do not allow Settling States earning Incentive Payment D at a value of 15% to earn their full potential amount of the Total Remediation.)
   - Any increase above the low end of the annual ranges must be offset in full by corresponding reductions to Incentive Payment C in prior Payment Years and the same Payment Year, resulting in zero increase to the total Maximum Total Remediation amount ($4,279,160,837) and the total Maximum Overall Total amount ($4,904,201,178).
   - The total Maximum Total Remediation amount ($4,279,160,837) and total Maximum Overall Total amount ($4,904,201,178) may never be exceeded and do not change regardless if all Settling States earn their full potential amount of the total Maximum Total Remediation through Incentive Payment D at a value of 6% or at a value of 14.4%.
   - The amounts are subject to reduction as set forth in the Agreement.

3. Any offsets for Eligible States that are Non-Settling States would be deducted from the Incentive Payment D and Total Remediation by subtracting from all payments the amount of the payment times the Overall Allocation Percentage assigned to each Non-Settling State in Exhibit F-2.

EXHIBIT M-3: PAYMENT SCHEDULE FOR FEE FUNDS, COST FUNDS AND ADDITIONAL REMEDIATION
(Breakdown of Second Column in Exhibit M-1)

Payment Year	Maximum Exhibit R Attorney Fee Funds	Exhibit R Attorney Cost Funds	Common Benefit Fee on Credits	State Cost Fund	Maximum State Outside Counsel Fee Fund	Maximum Additional Remediation Amount	Maximum Total (Shown in Ex. M-1, 2nd Column)
Year 1 June 30, 2023	$91,298,571	$15,000,000	$1,914,750	$9,509,246	$3,803,699	$3,803,698	$125,329,964
Year 2 June 30, 2024	$80,678,256	$15,000,000	$1,182,179	$9,509,246	$3,803,698	$3,803,699	$113,977,078
Year 3 June 30, 2025	$109,546,373	---	$1,914,750	$9,509,247	$3,803,698	$3,803,698	$128,577,766

EXHIBIT O

Adoption of a State-Subdivision Agreement

A State-Subdivision Agreement shall be applied if it meets the requirements of Section V and is approved by the State and by the State's Subdivisions as follows:

1. *Requirements for Approval*. A State-Subdivision Agreement shall be deemed as agreed to when it has been approved by the State and either (a) Subdivisions whose aggregate "Population Percentages," determined as set forth below, total more than sixty percent (60%), or (b) Subdivisions whose aggregate Population Percentages total more than fifty percent (50%) provided that these Subdivisions also represent fifteen percent (15%) or more of the State's counties or parishes (or, in the case of Settling States whose counties and parishes do not function as local governments, 15% of or more of the Settling State's non-county Subdivisions), by number.

2. *Approval Authority*. Approval by the State shall be by the Attorney General. Approval by a Subdivision shall be by the appropriate official or legislative body pursuant to the required procedures for that Subdivision to agree to a legally binding settlement.

3. *Population Percentage Calculation*. For purposes of this Exhibit O only, Population Percentages shall be determined as follows: For States with functional counties or parishes[1] the Population Percentage of each county or parish shall be deemed to be equal to (a) (1) two hundred percent (200%) of the population of such county or parish, minus (2) the aggregate population of all Primary Incorporated Municipalities located in such county or parish, divided by (b) two hundred percent (200%) of the State's population. A "*Primary Incorporated Municipality*" means a city, town, village or other municipality incorporated under applicable state law with a population of at least 25,000 that is not located within another incorporated municipality. The Population Percentage of each Primary Incorporated Municipality shall be equal to its population (including the population of any incorporated or unincorporated municipality located therein) divided by two hundred percent (200%) of the State's population; provided that the Population Percentage of a Primary Incorporated Municipality that is not located within a county shall be equal to two hundred percent (200%) of its population (including the population of any incorporated or unincorporated municipality located therein) divided by two hundred percent (200%) of the State's population. For all States that do not have functional counties or parishes, the Population Percentage of each non-county Subdivision (including any incorporated or unincorporated municipality located therein), shall be equal to its population divided by the State's population.

4. *Preexisting Agreements and Statutory Provisions*. A State may include with the notice to its Subdivisions an existing agreement, a proposed agreement, or statutory provisions regarding the distribution and use of settlement funds and have the acceptance of such an agreement or

[1] Certain states do not have counties or parishes that have functional governments, including Alaska, Connecticut, Massachusetts, Rhode Island, and Vermont.

statutory provision be part of the requirements to be an Initial Participating Subdivision.

5. *Revised Agreements*. A State-Subdivision Agreement that has been revised, supplemented, or refined shall be applied if it meets the requirements of Section V and is approved by the State and by the State's Subdivisions pursuant to the terms above.

EXHIBIT P

CVS Pharmacy Inc. Injunctive Terms

I. INTRODUCTION

1. Except where these Injunctive Terms specify a different implementation period, CVS Pharmacy, Inc. ("Settling Pharmacy") shall implement the Injunctive Terms set forth below in Sections II through XVII by the Injunctive Terms Implementation Date (defined below).

2. To the extent that Settling Pharmacy already have in place positions, committees, departments, policies or programs that satisfy the Injunctive Terms, no re-naming or other change is required by these Injunctive Terms.

3. Overview

    a. Settling Pharmacy will implement or maintain a Controlled Substance Dispensing Oversight Program ("CSDOP").

    b. The CSDOP must include written standard operating procedures and/or corporate policies (the "CSDOP Policies and Procedures") required by these Injunctive Terms.

    c. The CSDOP shall apply during the term of these Injunctive Terms, to each of Settling Pharmacy's retail pharmacy stores that dispense Schedule II Designated Controlled Substances and are registered or licensed with each Settling State.

    d. Settling Pharmacy shall provide a copy of the relevant CSDOP Policies and Procedures to each Settling State within 60 days of the Injunctive Terms Implementation Date. To the extent any implementation is expected to require additional time, the Parties agree to work together in good faith to establish a timeline for implementation. No later than 30 days after the Injunctive Terms Implementation Date, each Settling State shall identify the person or office to whom Settling Pharmacy must provide a copy of the relevant CSDOP Policies and Procedures and any other State-specific reporting required under these Injunctive Terms.

    e. Settling States shall form the States Injunctive Relief Committee to serve as a point of contact for Settling Pharmacy and to perform such other roles as set forth herein. Upon the committee's formation, Settling States shall provide notice to Settling Pharmacy of the members of the committee.

4. Compliance with Laws

    a. Each Settling Pharmacy acknowledges and agrees that its pharmacies must comply with applicable state and federal laws, regulations, and rules, including those regarding the dispensing of Controlled Substances. The requirements of these Injunctive Terms are in addition to, and not in lieu of, any other requirements of federal, state, or local law. Nothing in the Injunctive Terms shall be construed as relieving the Settling Pharmacy of the obligation of their pharmacies to comply with all federal, state and local laws, regulations or rules, nor shall any of the provisions of the Injunctive Terms be deemed as permission for Settling Pharmacy to engage in any acts or practices prohibited by such laws, regulations or rules.

    b. The Injunctive Terms are not intended to and shall not be interpreted to prevent Settling Pharmacy from taking or implementing any other compliance or policy steps that are more restrictive or that are necessary to conform with federal, state, or local legal requirements, unless such steps would conflict with State or local law. The Injunctive Terms are not intended to and shall not be interpreted to require Settling Pharmacy to inventory any Controlled Substances or any particular Controlled Substances or to require dispensing of any Controlled Substances or of any individual, types, subsets or categories of Controlled Substances prescriptions.

    c. In the event that a Settling Pharmacy determines that there may be a conflict between the Injunctive Terms and the express requirements of federal, state, or local laws, or interpretations of such laws articulated by an agency responsible for enforcing such laws or a court ("Express Interpretations"), such that the Settling Pharmacy determines that it cannot comply with the Injunctive Terms without violating these express requirements or Express Interpretations, Settling Pharmacy shall follow the express requirements of the federal, state or local law or Express Interpretation thereof and shall provide notice to the Settling State(s). Within thirty (30) days after receipt of a notification from a Settling Pharmacy referenced above, the Settling Pharmacy and the State shall meet and discuss the potential conflict, and the Settling Pharmacy shall comply with any reasonable requests from the Settling State as necessary to determine whether there is a conflict between the Injunctive Terms and the express requirements of federal, state, or local laws, or Express Interpretations. In the event that a Settling Pharmacy believes a court or administrative action brought by a governmental body in a Settling State has commenced against it or its pharmacists for actions required by the Injunctive Terms, then the Settling Pharmacy may notify the Attorney General of the Settling State of such pending action. If the State agrees that the court or administrative action is a result of actions required by the Injunctive Terms, the State will engage in best efforts to resolve the conflict or assist in achieving resolution of the court or

administrative action. Nothing in this paragraph shall (i) limit the right of the Settling State to disagree with a Settling Pharmacy as to the conflict; (ii) be deemed to relieve a Settling Pharmacy from following any subsequently enacted law or regulation, or judicial decisions from a regulatory authority with jurisdiction over controlled substances that is more restrictive than the provisions of the Injunctive Terms; (iii) or from following the Injunctive Terms if they are more restrictive than applicable laws at issue in the administrative action if there is no conflict; (iv) be deemed to relieve a Settling Pharmacy from adhering to the outcome of a court or administrative determination that there is no conflict; or (v) limit a Settling State's ability to relieve a Settling Pharmacy of a duty under these Injunctive Terms if that Settling State determines that that term is in conflict with that Settling State's express legal requirements.

d. A Settling Pharmacy shall retain all records it is required to create pursuant to its obligations hereunder for a period no shorter than three years, unless otherwise specified. Nothing in these Injunctive Terms shall prevent a Settling State from issuing a lawful subpoena or Civil Investigative Demand (CID) for records pursuant to an applicable law.

5. No Admission and No Use as Evidence. Settling Pharmacy do not admit liability or wrongdoing. These Injunctive Terms shall not be considered, construed, or represented to be (1) an admission, concession, or evidence of liability, wrongdoing, or the existence of any legal obligations or requirements other than the requirement to follow these Injunctive Terms, (2) an admission, concession or evidence of the reach, requirements, meaning or interpretation of any statute or regulation, or (3) a waiver or limitation of any defense otherwise available to Settling Pharmacy. These Injunctive Terms shall not be offered or received in evidence or otherwise relied on in any action or proceeding for any purpose other than in an action or proceeding to modify or enforce or monitor compliance with these Injunctive Terms.

II. TERM AND SCOPE

1. The term of these Injunctive Terms shall be from the Injunctive Terms Implementation Date until August 15, 2032, unless otherwise specified herein.

2. Except as otherwise stated herein, the Injunctive Terms shall apply to Settling Pharmacy's retail pharmacy stores located in, and registered or licensed with, each Settling State that dispense Schedule II Designated Controlled Substances to Patients, including any Schedule II Designated Controlled Substances dispensed by any such retail pharmacy stores that are mailed or shipped to patients in a Settling State. Should Settling Pharmacy operate an online pharmacy that is registered or licensed to dispense Schedule II Designated Controlled Substances in any Settling State while these

Injunctive Terms are in effect, the Injunctive Terms shall apply to such pharmacy as well.[1]

3. This agreement may be amended by mutual agreement of a majority of the States Injunctive Relief Committee and Settling Pharmacy. Any such amendments must be in writing.

III. DEFINITIONS

1. The term "Distributor Injunctive Terms" means Exhibit P of the Settlement Agreement, dated as of July 21, 2021, between McKesson Corporation, Cardinal Health, Inc., and AmerisourceBergen Corporation and certain States and subdivisions.

2. The term "Block" means an action taken by Settling Pharmacy preventing or otherwise prohibiting any Settling Pharmacy pharmacist from filling prescriptions for Controlled Substances from a specific identified Prescriber.

3. The term "Clearinghouse" means the system established by Section XVII of the Distributor Injunctive Terms.

4. The term "Clearinghouse Advisory Panel" is as defined in Section XVII.B.4 of the Distributor Injunctive Terms.

5. The term "Controlled Substances" means those substances designated under schedules II-V pursuant to the federal Controlled Substances Act.

6. The term "Designated Controlled Substances" shall be limited to: (a) oxycodone; (b) hydrocodone; (c) hydromorphone; (d); tramadol; (e) oxymorphone; (f) morphine; (g) methadone; and (h) fentanyl.

7. The term "Injunctive Terms Implementation Date" means 30 days after the Effective Date of the Settlement Agreement [as defined in Section TK of the full Agreement].

8. The term "National Arbitration Panel" is defined in Section TK of [title of full Agreement].

9. The term "Patient" means any individual who receives a prescription for a Designated Controlled Substance from a Prescriber, whether legally valid or not, and attempts to fill it at one of a Settling Pharmacy's retail pharmacy stores in a Settling State.

10. The term "Prescriber" means any individual that has written a prescription for a Designated Controlled Substance, whether legally valid or not, that is presented to a Settling Pharmacy in a Settling State.

[1] Caremark specialty and mail order pharmacies are not subject to, and are not online pharmacies for purposes of, these Injunctive Terms.

11. The term "Red Flag(s)" means the enumerated Patient Red Flags, Prescription Red Flags, and Prescriber Red Flags set out in Section IX.

12. The term "Settling State(s)" means each State that is a signatory to [Title of Full Agreement].

13. The term "States Injunctive Relief Committee" means a committee representing the Settling States composed of between four and eight members designated by the Settling States. The members of the States Injunctive Relief Committee shall be employees of a Settling State's Office of Attorney General and/or employees of another agency of a Settling State and may not include special assistant attorneys general, contractors, outside counsel, or other non-employees delegated official functions.

IV. CONTROLLED SUBSTANCE OVERSIGHT PERSONNEL

1. Settling Pharmacy shall designate a Chief Pharmacy Controlled Substances Officer, or other appropriately titled position, to be a member of the Controlled Substance Oversight Committee (described below in Section VI), and to oversee a Controlled Substance Professional Practices Department and Settling Pharmacy's compliance with 21 C.F.R. 1306.04 and these Injunctive Terms. As used in these Injunctive Terms, the terms "Controlled Substance Oversight Committee" and "Controlled Substance Professional Practices Department" refer to the entity or entities, however titled, that carry out the functions required by these Injunctive Terms. Notwithstanding the preceding sentence, to the extent an existing position, committee or department carries out the functions required by these Injunctive Terms, any other functions undertaken by such position, committee or department shall not be subject to these Injunctive Terms or oversight by the Settling States pursuant to these Injunctive Terms. The position, committee and department discussed in these Terms may bear different names and need not be limited to the roles and functions set forth herein.

2. The Chief Pharmacy Controlled Substances Officer shall have knowledge of and experience with the laws and regulation of Controlled Substances, in particular the regulations in 21 C.F.R. 1306.04.

3. The Chief Pharmacy Controlled Substances Officer shall provide at least quarterly reports to the Controlled Substance Oversight Committee (described below in Section VI) regarding Settling Pharmacy's compliance with these Injunctive Terms, including the implementation of any changes to the CSDOP Policies and Procedures required by these Injunctive Terms.

4. Staffing levels of Settling Pharmacy's Controlled Substance Professional Practices Department shall be reviewed periodically, but at least on an annual basis, by Settling Pharmacy's Controlled Substance Oversight Committee to assess whether such staffing levels are sufficient for the Controlled Substance Professional Practices Department to comply with this Agreement. This review shall include consideration of relevant developments in technology, law, and regulations.

5. Throughout the term of these Injunctive Terms, Settling Pharmacy shall maintain a telephone and electronic submission hotline(s) (the "Hotline") to permit employees and/or Patients and/or members of the public to anonymously report suspected inappropriate or illegitimate dispensing, prescribing or diversion of Designated Controlled Substances, violations of the CSDOP Policies and Procedures, these Injunctive Terms, Settling Pharmacy's company policy, or other applicable law. The Hotline may be implemented by adding a dedicated option to existing systems that includes reporting regarding Designated Controlled Substances. Settling Pharmacy shall publish their Hotline contact information to its employees and Patients in the Settling States. Settling Pharmacy shall maintain for the duration of Injunctive Terms a record of each complaint made to the Hotline regarding Designated Controlled Substances and documentation regarding any investigation or response to such complaints. Nothing herein shall require Settling Pharmacy to investigate a pharmacist's professional judgment to refuse a prescription that the pharmacist believes was prescribed or is being used for other than a legitimate medical purpose or that the pharmacist believes was not prescribed by an individual Prescriber acting in the usual course of his or her professional practice.

V. INDEPENDENCE

1. Settling Pharmacy's Controlled Substance Professional Practices Department personnel, pharmacists and pharmacist technicians who work at Settling Pharmacy's pharmacies within the Settling States, and field personnel who supervise pharmacists and pharmacist technicians (together, "CSDOP Employees"), shall not be compensated in whole or in part by commissions, bonuses, incentives or any other monetary or non-pecuniary benefit that depends in material part on revenue or profitability targets or expectations to sales of Controlled Substances. Nothing in these Injunctive Terms shall be interpreted to prevent compensation of employees based on sales volume, revenue or profitability targets/expectations for enterprise-, store-, or pharmacy-wide sales that include Controlled Substances.

2. No CSDOP Employees may be terminated, suspended, threatened with or face any other negative employment consequence for failing to meet any revenue or profitability targets or expectations that depends in material part on sales of Controlled Substances. Nothing in these Injunctive Terms shall be interpreted to prevent Settling Pharmacy from taking employment action based on sales volume, revenue or profitability targets/expectations for enterprise-, store-, or pharmacy-wide sales that include Controlled Substances.

3. Personnel in Settling Pharmacy's Controlled Substance Professional Practices Department shall not report to Settling Pharmacy's sales, marketing, or business development departments, and sales, marketing, or business development departments shall not be authorized to make decisions regarding the promotion, compensation, demotion, admonition, discipline, commendation, periodic performance reviews, hiring, or firing of Controlled Substance Professional Practices Department personnel.

This provision does not apply to an officer or executive to whom both the Controlled Substance Professional Practices Department and sales, marketing and/or business development departments report.

4. Settling Pharmacy's sales, marketing and business development departments are prohibited from interfering with, obstructing, or otherwise exerting control over any Controlled Substance Professional Practices Department or Controlled Substance Committee decision-making. This provision does not apply to an officer or executive to whom both the Controlled Substance Professional Practices Department and sales, marketing and/or business development departments report.

5. To the extent necessary to comply with this section, a Settling Pharmacy's Controlled Substance Oversight Committee shall review, modify, and direct any changes to any compensation and non-retaliation policies specific to the sale or dispensing of Designated Controlled Substances.

VI. OVERSIGHT

1. To the extent not already established, within thirty (30) business days of the Injunctive Terms Implementation Date, each Settling Pharmacy shall establish an oversight committee, however titled, that includes representatives from its respective legal, compliance, pharmacy operations and asset protection departments, however named, to provide oversight over the CSDOP and its compliance with the Injunctive Terms. For the purposes of reference herein, this committee, however named, shall be referred to as the "Controlled Substance Oversight Committee." Settling Pharmacy shall maintain its Controlled Substance Oversight Committee for the duration of the term of the Injunctive Terms. The Chief Pharmacy Controlled Substances Officer shall be a member of the Controlled Substance Oversight Committee.

2. A Settling Pharmacy's Controlled Substance Oversight Committee shall have quarterly meetings during which the Chief Pharmacy Controlled Substances Officer shall report on, and the Controlled Substance Oversight Committee shall review, among other things, (a) the Prescription Validation Process, including the CSDOP Policies and Procedures on identifying and resolving Patient, Prescriber and Prescription Red Flags; (b) the training required under the Injunctive Terms; (c) proactive due diligence and site visits; (d) the Prescriber Review Processes; (e) significant new national and regional diversion trends involving Controlled Substances; (f) Settling Pharmacy's adherence to the Injunctive Terms and applicable laws and regulations; and (g) any technology, staffing, or other resource needs for the CSDOP. The Controlled Substance Oversight Committee shall have access to all CSDOP reports described in the following subsection.

3. On an annual basis, a Settling Pharmacy's Controlled Substance Oversight Committee shall provide a written report to the President of the Settling Pharmacy's Retail Division, the Chief Financial Officer of the Settlement Pharmacy's Retail Division, the Chief Legal Officer of the Settling Pharmacy's Retail Division, and the CVS Health

Chief Compliance Officer, outlining (a) the Settling Pharmacy's adherence to, and any material deviations from these Injunctive Terms; (b) the allocation of resources sufficient to comply with these Injunctive Terms; and (c) any revisions to the CSDOP that the Controlled Substance Oversight Committee has approved. The CVS Health Chief Compliance Officer shall determine if and when it is appropriate to make a report to the Board or any subcommittee thereof, but shall report at least annually.

4. Settling Pharmacy, through its Controlled Substance Professional Practices Department and Oversight Committee, shall, at least once every year, review and oversee any enhancements to the CSDOP Policies and Procedures and systems for dispensing activity that the Controlled Substance Oversight Committee deems necessary.

5. The Controlled Substance Oversight Committee shall be responsible for the approval of all material revisions to the CSDOP Policies and Procedures, provided that nothing herein shall prevent Settling Pharmacy from implementing changes to the CSDOP Policies and Procedures pending such review and approval.

VII. MANDATORY TRAINING

1. The CSDOP Policies and Procedures shall be published in a form and location readily accessible to all pharmacy personnel at each of the Settling Pharmacy's retail pharmacy locations in the Settling States. Online availability is sufficient, so long as pharmacy personnel have access to a computer with access to the CSDOP Policies and Procedures.

2. Settling Pharmacy shall launch training for all existing CSDOP Employees, to the extent practical (for example, accounting for employee leave), on the CSDOP Policies and Procedures required under these Injunctive Terms, including the Prescription Validation Process and corresponding responsibility. The training shall be launched within 120 days of the Injunctive Terms Implementation Date. All CSDOP Employee new hires, to the extent practical, shall be required to participate in such trainings within 60 days of hiring or 6 months of the Injunctive Terms Implementation Date, whichever is later. Settling Pharmacy will further require that every CSDOP Employee, to the extent practical, receive such training at least once every 3 years for the term of these Injunctive Terms.

3. On an annual basis for the duration of these Injunctive Terms, Settling Pharmacy shall test their CSDOP Employees on their knowledge regarding the CSDOP Policies and Procedures required under these Injunctive Terms, including the Prescription Validation Process and corresponding responsibility.

4. It shall be a part of the CSDOP Policies and Procedures and all trainings of all CSDOP Employees required under these Injunctive Terms that pharmacists shall refuse to dispense Controlled Substances that they believe were prescribed or are being used for other than a legitimate medical purpose or that they believe were not prescribed by an individual Prescriber acting in the usual course of his or her professional practice.

5. All trainings required under these Injunctive Terms shall also make clear that i) Settling Pharmacy's compensation and non-retaliation policies, including pursuant to these Injunctive Terms, prevent CSDOP Employees from being compensated or penalized in any way related to revenue or profitability targets or expectations specific to sales of Controlled Substances; and ii) pharmacists will not be penalized in any way for exercising their professional judgment to refuse to fill prescriptions for Controlled Substances pursuant to their corresponding responsibility. To the extent that trainings designed and launched prior to the Effective Date of these Injunctive Terms do not reference these policies, they shall be added by the end of 2023.

VIII. THE PRESCRIPTION VALIDATION PROCESS

1. As part of its CSDOP, Settling Pharmacy shall maintain a Prescription Validation Process in the CSDOP Policies and Procedures, as further described and set forth in this section, that each pharmacist employed by Settling Pharmacy in a Settling State must follow when dispensing a prescription for a Controlled Substance. The inclusion of an enumerated Red Flag in these Injunctive Terms shall not be considered, construed, or represented to be an admission, concession, or evidence of any factual or legal contention related to such Red Flag. A Red Flag shall not be interpreted to mean that a prescription is, or is more likely than not, illegitimate and/or not issued in the usual course of professional practice or treatment.

2. A Red Flag will be considered "resolved" if, after further investigation as described below, and given other facts and circumstances surrounding the prescription, a pharmacist determines, in his or her professional judgment, that the facts that triggered the Red Flag do not lead him or her to believe that the prescription was written or is being submitted for an illegitimate medical purpose or outside the usual course of a Prescriber's professional practice.

3. A Settling Pharmacy's CSDOP Policies and Procedures shall provide that if a pharmacist identifies any "Patient Red Flags" associated with a Controlled Substances prescription (described in Section IX(3) below), before filling the prescription the pharmacist must resolve them; and that the method of resolution falls within the judgment of the pharmacist and may include reviewing the Patient's profile and history with the Settling Pharmacy, calling the Prescriber or Prescribers if appropriate, speaking with the Patient if appropriate, calling on the pharmacist's pre-existing knowledge of the Patient or Prescriber, reviewing available Prescription Monitoring Program ("PMP" or "PDMP") data, and/or reviewing other data or information

available to the pharmacist.

4. Each Settling Pharmacy's CSDOP Policies and Procedures shall provide that if forgery or fraud is suspected, or if the pharmacist identifies any other "Prescription Red Flags" associated with a Controlled Substances prescription (described in Section IX(4) below), the pharmacist must resolve the Prescription Red Flags before filling the prescription; and that the method of resolution falls within the judgment of the pharmacist and may include reviewing the Patient's profile and history with the Settling Pharmacy, calling the Prescriber or Prescribers if appropriate, speaking with the Patient if appropriate, calling on the pharmacist's pre-existing knowledge of the Patient or Prescriber, reviewing available PMP or PDMP data, and/or reviewing other data or information available to the pharmacist.

5. Settling Pharmacy's CSDOP Policies and Procedures shall require that if a pharmacist identifies any "Prescriber Red Flags" associated with a Controlled Substances prescription (described in Section IX(5) below), the pharmacist must resolve them before filling the prescription; and that the method of resolution falls within the judgment of the pharmacist and may include reviewing any Settling Pharmacy records regarding the Prescriber, calling the Prescriber if appropriate, speaking with the Patient if appropriate, calling on the pharmacist's pre-existing knowledge of the Patient or Prescriber, reviewing available PMP or PDMP data, and/or reviewing other data or information available to the Settling Pharmacy.

6. A Settling Pharmacy's CSDOP Policies and Procedures shall provide that the resolution of all Red Flags identified by the pharmacist, as well as sufficient details to reflect the steps taken to resolve the Red Flags must be documented by the pharmacist. Any such records shall be maintained for the duration of these Injunctive Terms. To the extent that a Red Flag is resolved based upon facts or circumstances that are already reflected or documented in a Settling Pharmacy's records, further documentation of those facts or circumstances is not required for resolution of substantially the same Red Flag on subsequent prescriptions. For example, if a Patient lives 55 miles from a Settling Pharmacy but works near the pharmacy and that fact is reflected in pharmacy records, no documentation for the resolution of the Red Flag addressing the Patient's distance from the pharmacy is required in connection with individual prescriptions dispensed for that Patient. A lack of documentation does not create a presumption that a pharmacist did not resolve any identified Red Flags.

7. Settling Pharmacy's CSDOP Policies and Procedures shall provide that, even if all Red Flags are resolved, a pharmacist shall reject a prescription if, in his or her professional judgment, he or she believes that it was written or is being submitted for other than a legitimate medical purpose and/or was written outside the usual course of an individual Prescriber's professional practice.

IX. RED FLAGS

1. Settling Pharmacy shall provide quarterly to the Settling States, beginning with an initial report four months after the Injunctive Terms Implementation Date, and quarterly thereafter, (1) data reports (the "Quarterly Data Reports") for each retail pharmacy operated by Settling Pharmacy containing data generated by the periodic proactive compliance reviews set forth in Section XI.1, subject to any potential modifications as a result of the meet and confer process set forth in Section IX.2, on cash, high MME patients, and cocktail prescriptions consistent with the sample report provided by Settling Pharmacy on November 21, 2022, (2) the top twenty-five prescribers of Designated Controlled Substances in each Settling State from CVS's retail dispensing data, and (3) the lists of prescribers subject to disclosure in section X.5. Each Settling State shall provide contact information for receipt of the above information and shall update such contact information as necessary. A Settling State shall not disclose or provide any data provided under this provision during or after the Term of these Injunctive Terms unless required to do so by law or in a proceeding to enforce these Injunctive Terms. If a Settling State receives a request, demand or subpoena for such information or data, or intends to produce said data in a proceeding to enforce these Injunctive Terms, the Settling State shall, before producing any information or data, provide to Settling Pharmacy no less than ten (10) days' notice, unless a shorter period is required by law, and an opportunity to object, seek a protective order, or come to an agreement on confidentiality protections, prior to the expiration of the 10-day notice period. It is CVS's position that the information and data to be provided under these Injunctive Terms is confidential in nature, shall not be disclosed or produced by a Settling State, and is exempted from public record requests under exemptions for confidential commercial information and all other applicable exemptions and exclusions. Nothing in this paragraph shall be deemed to prevent a Settling State from sharing this material with other State or federal law enforcement agencies, provided that such agencies acknowledge and comply with the nondisclosure and notice obligations set forth in the preceding sentences.

2. Within the three months following the provision of the Annual Data Reports, either Settling Pharmacy or the States Injunctive Relief Committee may propose in writing a meet and confer to discuss potential changes to the scope of one or more categories of Red Flags. At such a meeting, Settling Pharmacy or the States Injunctive Relief Committee may provide additional research, information or data available to them beyond that provided in the Annual Data Reports. For example, a Settling Pharmacy might propose reducing the threshold for triggering a particular category of Red Flag or consolidating certain Red Flags or subcategories of Red Flags into a single metric, or the States Injunctive Relief Committee might propose increasing the threshold for triggering a particular Red Flag or expanding that Red Flag to include multiple subcategories (*e.g.*, number of prescriptions, distance thresholds).

a. If Settling Pharmacy and the States Injunctive Relief Committee agree on such changes to one or more Red Flags, they shall document those changes in writing and they shall become a part of these Injunctive Terms for all intents and purposes.

b. If Settling Pharmacy and the States Injunctive Relief Committee cannot agree on the proposed changes during their meeting and confer, the Party seeking the change(s) to the Red Flag(s) may seek a 5-day mediation of the issue at its own expense. If the mediation fails to resolve the dispute between the parties, the party seeking the proposed change(s) may appeal to the National Arbitration Panel to have the National Arbitration Panel modify the Red Flags on the basis that the change(s) would be consistent both with avoiding unnecessary material costs of identifying and resolving Red Flags and materially reducing the diversion of Controlled Substances. In such a proceeding, the Party seeking the proposed change(s) may provide evidence from Annual Data Reports or from other research, data and information.

c. In any such proceedings, there shall be a presumption against imposition of any proposed Red Flags, or proposed modifications to pre-existing Red Flags, that have not been identified by the United States Drug Enforcement Administration or any Settling State's Board of Pharmacy or other Controlled Substance government regulators.

d. The Red Flags required by these Injunctive Terms shall at no point be too numerous or complex to be reasonably workable for pharmacists in the context of protecting patient safety, performing corresponding responsibility, drug utilization review, and their other responsibilities. Any dispute over whether the Red Flags required by these Injunctive Terms have become too numerous or complex to be reasonably workable for pharmacists shall be submitted to the National Arbitration Panel. In the event such a dispute is submitted to the National Arbitration Panel, it shall be the Settling Pharmacy's burden to prove that the Red Flag(s) at issue are too numerous or complex to be reasonably workable for pharmacists. The Arbitration Panel should consider information regarding potential impacts on public health in determining if the red flag(s) at issue are too numerous or complex to be reasonably workable for pharmacists.

3. Settling Pharmacy's CSDOP Policies and Procedures shall require their pharmacists to treat the following circumstances as "Patient Red Flags":

a. A Patient seeks to fill a Schedule II Designated Controlled Substance prescription more than three days prior to the contemplated exhaustion date of an earlier prescription of the same Schedule II Designated Controlled Substance (e.g., exhaustion of the days' supply assuming the prescription has been taken in accordance with the prescribers' directions on the face of the prescription), provided the previous prescription was also dispensed by the same Settling Pharmacy;

b. A Patient seeks to fill a Designated Controlled Substance prescription from a Prescriber after having filled Designated Controlled Substance prescriptions at the same Settling Pharmacy from more than four other Prescribers, from separate practices, in a given 6-month period;[2]

c. A Patient seeks to fill a Designated Controlled Substance prescription after having filled three other Designated Controlled Substance prescriptions written by multiple Prescribers with overlapping days of supply at the same Settling Pharmacy's pharmacies within 30 days;

d. The distance between a Patient's residence and the Settling Pharmacy receiving the Designated Controlled Substance prescription is farther than 50 miles ;

e. The Patient resides more than 100 miles from the Prescriber who issued the Designated Controlled Substances prescription;

f. To the extent personally known to the pharmacist filling the prescription, a Patient seeks to fill a Designated Controlled Substance prescription after having two other prescriptions for Designated Controlled Substances subjected to refusals to fill by a Settling Pharmacy pharmacist within the past 30 days;

g. A patient pays in cash for a Designated Controlled Substance despite having prescription drug insurance on file for that medication;

h. Three or more Patients come to the pharmacy together to fill prescriptions for the same Designated Controlled Substances;

i. A Patient requests a Designated Controlled Substance by its slang or street description, such as "Mallinckrodt blues," "M's" or "the blue pill"; and

j. A Patient presenting a prescription for a Designated Controlled Substance appears visibly altered, intoxicated or incoherent.

4. Settling Pharmacy's CSDOP Policies and Procedures shall require their pharmacists to treat the following circumstances as "Prescription Red Flags:"

[2] In Settling Pharmacies' sole discretion, for administrative convenience Settling Pharmacies may implement this Red Flag without regard to whether Prescribers are at separate practices, thereby resulting in more instances in which the flag occurs.

a. A Controlled Substance prescription fails to meet the requirements of law;

b. A Controlled Substance prescription that appears altered, including but not limited to, a photocopied prescription or a prescription in which an altering agent, such as white out, was used;

c. A Controlled Substance prescription written with misspellings suggesting the prescription may not have been written by a valid Prescriber;

d. A Controlled Substance prescription using atypical abbreviations suggesting the prescription may not have been written by a valid Prescriber; and

e. A Controlled Substance prescription written with multiple colors of ink or in multiple different handwritings.

5. Settling Pharmacy's CSDOP Policies and Procedures shall require their pharmacists to the following circumstances as "Prescriber Red Flags:"

a. A Prescriber provides a Patient with prescriptions for all three of a Schedule II Designated Controlled Substance, a benzodiazepine, and carisoprodol;

b. A Prescriber has no office within 50 miles of the retail pharmacy store where a Designated Controlled Substance prescription is submitted; and

c. A Prescriber of Designated Controlled Substances uses prescriptions that are preprinted or stamped with drug type and amount.

X. PRESCRIBER REVIEW

1. Settling Pharmacy shall regularly review the prescribing patterns and practices of Prescribers of Designated Controlled Substances (the "Prescriber Review Process"). The Prescriber Review Process shall employ algorithms, or other means, to review data on Settling Pharmacy's retail dispensing for potential Prescribers of concern.

2. Settling Pharmacy shall initiate Prescriber Review Process in the following circumstances:

a. Personnel implementing the Prescriber Review Process become aware that a Prescriber of Designated Controlled Substances located in a Settling State has been the subject of a blanket refusal to fill by one or more of the Settling Pharmacy's retail pharmacy stores in the Settling States;

b. Personnel implementing the Prescriber Review Process become aware that a Prescriber of Designated Controlled Substances located in a Settling State has been charged or indicted with a crime related to prescribing Designated Controlled Substances by the Federal Government or law enforcement in a Settling State; or

c. A Settling Pharmacy has received a Hotline complaint that has been investigated and substantiated concerning a Prescriber's illegitimate prescribing of Designated Controlled Substances.

3. Based on the professional judgment of the employees operating the Prescriber Review Process, a Settling Pharmacy may also initiate the Prescriber Review Process when:

   a. Personnel implementing the Prescriber Review Process are notified in writing by law enforcement that a Prescriber of Designated Controlled Substances located in a Settling State is the target of an investigation regarding the prescribing of controlled substances;

   b. A Prescriber of Designated Controlled Substances was flagged for review by a Settling Pharmacy pharmacist in a Settling State (other than through a refusal to fill or blanket refusal to fill) or by field personnel who supervise a Settling Pharmacy's pharmacies in a Settling State; or

   c. A Prescriber of Designated Controlled Substances located in a Settling State was identified through the running of algorithms on Settling Pharmacy's retail dispensing.

4. Once a Settling Pharmacy identifies a Prescriber for further investigation, the Settling Pharmacy shall review pertinent and available data or information pertaining to the Prescriber, which may include interviews or other information gathered in the discretion of the employees operating the Prescriber Review Process. All data and information collected or created as part of the Prescriber Review Process shall be maintained by the Settling Pharmacy for the term of these Injunctive Terms. When permitted by law, nothing contained in this Section prevents a Settling Pharmacy from taking immediate action to Block a Prescriber.

5. If after the Prescriber Review Process those making the decision have not resolved the circumstances that caused a Settling Pharmacy to further investigate the Prescriber, then the Prescriber shall be Blocked from having Controlled Substance prescriptions filled at the Settling Pharmacy's retail pharmacies in the Settling States, when permitted by law. A Prescriber may have an opportunity at the discretion of the Settling Pharmacy to seek future reinstatement by providing information to the Settling Pharmacy that may resolve its concerns. Nothing in this Section shall limit the right or ability of an individual Settling Pharmacy pharmacists to either refuse to fill a given prescription or refuse to fill all prescriptions for Controlled Substances from a given Prescriber independent of any decision by the Settling Pharmacy to Block or not Block a given Prescriber. On written demand, on a quarterly basis, a Settling Pharmacy shall provide to each Settling State the names and DEA or NPI numbers of Prescribers of Designated Controlled Substances within that Settling State that it has Blocked. Each Settling State shall provide contact information in order to receive such information. For each of the

Settling States, on a quarterly basis, a Settling Pharmacy shall provide to the Injunctive Relief Committee the number, names and DEA or NPI numbers of Prescribers who were: (a) blocked, and the number of prescribers who were (b) reviewed but not blocked.

XI. PROACTIVE DUE DILIGENCE AND SITE VISITS

1. During the term of these Injunctive Terms, Settling Pharmacy shall conduct periodic proactive compliance reviews of its retail pharmacy stores in the Settling States to assist with the identification of potential compliance issues related to the dispensing of Designated Controlled Substances at its retail pharmacy stores in the Settling States. This may be satisfied by the use of algorithms, or other electronic means, to analyze data associated with each pharmacy's dispensing of Designated Controlled Substances to identify particular pharmacies for review as required under this Section XI. Documentation of any resulting reviews shall be maintained by the Settling Pharmacy and made accessible to all Controlled Substance Professional Practices Department personnel upon request for the duration of these Injunctive Terms.

2. During the term of these Injunctive Terms, Settling Pharmacy personnel or qualified third-party compliance consultants shall conduct site visits to each pharmacy identified for further review in a calendar year. Settling Pharmacy shall provide a list of such pharmacies to Settling States on an annual basis. These site visits shall at a minimum consist of a review of Controlled Substance dispensing documentation and recordkeeping; and a review of physical surroundings and other circumstances for any indications of potential non-compliance with these Injunctive Terms or the CSDOP Policies and Procedures, or any violations of other applicable laws and regulations related to the dispensing of Controlled Substances.

3. During site visits, Settling Pharmacy's personnel or qualified third-party compliance consultants shall interview relevant pharmacy employees, if appropriate, about any potential areas or issues of concern, including potential violations of laws related to the dispensing of Controlled Substances, the CSDOP Policies and Procedures, and these Injunctive Terms.

4. A Settling Pharmacy's personnel or qualified third-party compliance consultants who conduct site visits shall complete a report reflecting the findings of any site visit pursuant to this section. This report shall document areas or issues of concern, including potential violations of law related to the dispensing of Controlled Substances, the CSDOP Policies and Procedures, and these Injunctive Terms.

5. The site visit reports described above shall be maintained by the Settling Pharmacy and made accessible to all Controlled Substance Professional Practices Department personnel. Upon its request, the States Injunctive Relief Committee shall be provided

sample reports or a report for a particular store.

XII. THEFT AND LOSS PREVENTION

1. In addition to complying with all theft and loss procedures, policies and precautions required by state and federal law, each Settling Pharmacy shall maintain for at least three years information regarding the receipt and disposition of inventory of all Designated Controlled Substances at each retail pharmacy store.

2. In addition to any other reporting obligations under state and federal law, Settling Pharmacy must provide to each Settling State on a quarterly basis any reports it has made to the Drug Enforcement Administration regarding the theft or significant loss of Designated Controlled Substances in that Settling State pursuant to 21 CFR §1301.76(b). Each Settling State shall provide contact information in order to receive such reports. There shall be no obligation to provide these reports to Settling States that receive contemporaneous reporting of thefts or significant losses of Designated Controlled Substances to a Settling State's board of pharmacy.

XIII. REPORTING TO LAW ENFORCEMENT

1. The Settling States shall inform the Settling Pharmacy to what extent their law enforcement authorities would like to receive reports, other than those already required by law or regulation, of any confirmed forged prescriptions. To the extent not already in place, Settling Pharmacy shall implement standard operating procedures directing its employees to report any confirmed forged prescriptions for Designated Controlled Substances to those Settling States who have indicated that they want to accept it, within 5 business days of completing any review of such prescription or conduct. The Settling States shall provide contact information in order to receive such reports.

2. Settling Pharmacy shall document and for at least 2 years maintain records of any such reports that are made to Settling States regarding confirmed fraudulent or forged prescriptions, which are maintained centrally.

XIV. ENFORCEMENT OF INJUNCTIVE TERMS

1. Notice of Potential Violations and Opportunity to Cure.

    a. A "Potential Violation" occurs when the Settling State determines, after appropriate investigation and due diligence, that a Settling Pharmacy is not in substantial compliance with a material aspect of the Injunctive Terms. A Potential Violation may be for a single retail pharmacy. A violation of this Agreement is not presumed to occur when a pharmacist, pharmacist technician,

or other field personnel who supervise pharmacists and/or pharmacist technicians employed by a Settling Pharmacy violates the Settling Pharmacy's CSDOP Policies and Procedures.

b. Potential Violation Discovered by Settling State.

i. In the event of a Potential Violation identified by a Settling State, the Settling State shall notify the Settling Pharmacy in writing (the "State's Notice").

ii. Within thirty (30) days of receipt of the State's Notice, the Settling Pharmacy shall provide a written response to the Settling State. The response shall include Settling Pharmacy's position as to the act(s) of non-compliance, including, possibly, a statement setting forth why the Settling Pharmacy believes it is in substantial compliance with the relevant provision(s) or a statement explaining how the Potential Violation has been addressed.

iii. If the Settling State wishes to meet with a Settling Pharmacy, that Settling Pharmacy shall promptly make itself available for such a meeting.

c. If, after review of a written response and any meeting, the Settling State believes that a Potential Violation is ongoing or has not been substantially addressed, it will provide written notice to a Settling Pharmacy and work in conjunction with the Settling Pharmacy to devise, within thirty (30) days, a corrective action plan ("Corrective Action Plan") to remedy such Potential Violation, including a reasonable period for implementation of such plan.

d. Within 60 and 120 days after implementing the Corrective Action Plan, the Settling Pharmacy will provide a written compliance update to the Settling State and make itself available to meet with the Settling State if requested. If after reviewing the compliance update and any meeting, the Settling State believes a Potential Violation remains ongoing or has not been substantially addressed, the Settling State may commence a 30-day mediation period. If mediation fails to resolve the dispute between the parties, the Settling State may take whatever action it deems necessary, including but not limited to bringing an action to enforce these Injunctive Terms, filing a new action (administrative or civil action) for violation of the Injunctive Terms as allowed by state law, conducting further investigation, or attempting to negotiate an updated Corrective Action Plan with the Settling Pharmacy. But the Settling State may not seek to reinstate claims that have been released as part of the Settlement.

e. If a Settling Pharmacy fails or refuses to provide a written response, to devise or implement a Corrective Action Plan or to provide a compliance update as required by subsections 1(b), 1(c) and/or 1(d), a Settling State may bring an action to enforce these Injunctive Terms, filing a new action (administrative or civil action) for violation of the Injunctive Terms as allowed by state law, conduct further investigation, or attempt to negotiate an updated Corrective Action Plan with the Settling Pharmacy. But the Settling State may not seek to reinstate claims that have been released as part of the Settlement.

f. If, after review of a written response and any meeting, pursuant to subsections 1b. or 1c., above, the Settling State concludes that a Potential Violation is not ongoing or has been substantially addressed, the Settling State will provide written notice of this conclusion to the Settling Pharmacy within 30 days of reaching its conclusion.

2. Enforcement Action. Each Settling State agrees that prior to taking any court or administrative action, other than an action that the Settling State concludes is necessary to address an immediate threat to the health, safety, or welfare of the citizens of the Settling State, or that a public emergency requiring immediate action exists, it will follow the process outlined above. If the Settling State concludes that action is necessary to address an immediate threat to the health, safety, or welfare of the citizens of the Settling State or that a public emergency requiring immediate action exists, it will make best efforts to provide reasonable notice to a Settling Pharmacy prior to initiating any such action.

XV. COMPLIANCE CERTIFICATION

1. Each Settling Pharmacy's Chief Pharmacy Controlled Substances Officer shall, after diligent inquiry, complete an annual compliance certification as set out in Section XV(4).

2. The certification shall be filed annually for the duration of these Injunctive Terms with a Settling State's appropriate licensing and/or regulatory agency and its Attorney General.

3. The certification shall state:

"I understand the compliance requirements and responsibilities as they relate to [insert name of department], an area under my supervision. My job responsibilities include attempting to achieve compliance with regard to the [insert name of department] with all applicable statutory requirements, obligations of the Injunctive Terms, and applicable policies, and I have taken steps to promote such compliance. To the best of my knowledge, the [insert name of department] is in compliance with the obligations of these Injunctive Terms. I understand that this certification is being provided to and relied upon by the State of [Settling State]."

4. If the Chief Pharmacy Controlled Substances Officer is unable to provide such a certification, the Chief Pharmacy Controlled Substances Officer shall provide a written explanation of the reasons why he or she is unable to provide the certification outlined above.

XVI. DATA SHARING

1. Each Settling Pharmacy shall consent to the provision by their distributors of the Settling Pharmacy's unblinded "867 Data" (data sent from the distributor to the manufacturer concerning the sale of its products to Settling Pharmacy) to opioid manufacturers on any particular Designated Controlled Substances manufactured by them as soon as commercially reasonable and at no cost to the manufacturers, provided that, pursuant to a prior written agreement with Settling Pharmacy, the opioid manufacturers agree (a) to ensure the confidentiality of the 867 Data, except as required by law; (b) to implement safeguards and procedures to limit access to and use of the 867 Data, except as required by law; (c) that the 867 Data shall be used solely for compliance purposes as part of their Suspicious Order Monitoring programs; and (d) that the 867 Data shall be shared only with specified personnel and shall not be shared with business or sales personnel.

2. To the extent that Settling Pharmacy provides McKesson Corporation, Cardinal Health, Inc., or AmerisourceBergen Corporation (the "Settling Distributors") with Pharmacy Customer Data (as defined in the Distributor Injunctive Terms) for use in their Controlled Substance Monitoring Programs, Settling Pharmacy agree that the Settling Distributor(s) may share such Pharmacy Customer Data with the Monitor appointed pursuant to the Distributor Injunctive Terms, provided that the Monitor agrees, pursuant to a prior written agreement with Settling Pharmacy, (a) to ensure the confidentiality of the Pharmacy Customer Data; (b) to implement safeguards and procedures to limit access to and use of the Pharmacy Customer Data; (c) that the Pharmacy Customer Data is used solely for the purpose of ensuring the Settling Distributors' compliance with the Distributor Injunctive Terms; and (d) that the Pharmacy Customer Data shall be shared only with specified personnel.

XVII. CLEARINGHOUSE

1. The Settling Pharmacy will confer with any Settling Distributor that distributes Designated Controlled Substances to its retail pharmacies and the States Injunctive Relief Committee for a period not to exceed six months from the Injunctive Terms Implementation Date to determine: what additional deidentified information, if any, is needed from the Settling Pharmacy for a Settling Distributor to perform suspicious order monitoring,; if additional deidentified information is needed, how the Settling Pharmacy shall provide it to a Settling Distributor; and what information provided by the Settling Pharmacy to a Settling Distributor may be deposited by the Settling Distributor into the Clearinghouse. For the avoidance of doubt "deidentified" does not refer to omission of information about Prescribers. If agreements are not reached, the matters in dispute shall be submitted to arbitration. Due to patient privacy and legal restrictions and other confidentiality and commercial concerns, in connection with any meet and confer described above, the Settling Pharmacy may not be compelled to provide individual patient-level or prescription-level data, de-identified or otherwise, to the Settling Distributors.

2. The Settling Pharmacy and Settling Distributors will also determine whether and in what amount each Settling Pharmacy will contribute to the cost of the operation of the Clearinghouse. When a Settling Pharmacy contributes to the costs of the Clearinghouse, Settling Pharmacy, Settling Distributors and all other participants in the Clearinghouse shall determine an equitable amount of the Settling Pharmacy's contribution. If agreements are not reached, the matters in dispute shall be submitted to arbitration.

3. Any data provided by a Settling Pharmacy to a Settling Distributor and/or the Clearinghouse pursuant to these Injunctive Terms shall be treated in compliance with state and federal law, including but not limited to the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and all applicable state and federal privacy laws.

XVIII. CHANGES & MODIFICATIONS

1. These Injunctive Terms may be amended or modified with the written consent of Settling Pharmacy and a majority of the States Injunctive Relief Committee.

EXHIBIT Q

[Intentionally Omitted]

EXHIBIT R

Agreement on Attorneys' Fees, Costs, and Expenses

This Agreement on Attorneys' Fees, Costs, and Expenses ("Fee Agreement") is entered between CVS and the Plaintiffs' Executive Committee appointed in the multidistrict litigation in the Northern District of Ohio, *In re National Prescription Opiate Litigation*, No. 1:17-MD-2804 ("MDL PEC"), in connection with the CVS Global Opioid Settlement Agreement ("CVS Agreement"). This Fee Agreement becomes effective on the Effective Date of the CVS Agreement or the date that the Consent Judgments anticipated under the CVS Agreement become final in 25 Settling States (whichever is later).

I. Definitions

A. This Fee Agreement incorporates all defined terms in the CVS Agreement, unless otherwise defined herein, and shall be interpreted in a manner consistent with the CVS Agreement.

B. "*Applicant*." Any Attorney or MDL Participating Counsel who seeks an award of attorneys' fees from the Attorney Fee Fund pursuant to the procedures established by the MDL Court and the Fee Panel.

C. "*Attorney*." Any of the following retained through a legal contingency fee or hourly fee contract: a solo practitioner, multi-attorney law firm, or other legal representative of a Participating Subdivision or MDL Participating Counsel. This does not include Subdivision in-house attorneys.

D. "*Attorney Fee Fund*." An account consisting of $500,615,944 allocated to pay attorneys' fees approved pursuant to Section II.B. of this Fee Agreement, established by Order of and under the ongoing jurisdiction of the MDL Court, as provided below.

E. "*Common Benefit*." Work performed for the benefit of all Participating Subdivisions and Tribal Nations, including, but not limited to, pretrial matters, discovery, trial preparation, trial, settlement negotiations, and all other work that advances the interests of the Participating Subdivisions.

F. "*Common Benefit Fund*." The sub fund of the Attorney Fee Fund described in Section II.C.

G. "*Common Benefit Order*." The Ongoing Common Benefit Order (Dkt. #4428) in *In re National Prescription Opiate Litigation*, Case No. 1:17-md-2804, any subsequent amendments or modifications to that order, and any successor orders on Common Benefit.

H. "*Contingency Fee Fund*." The sub fund of the Attorney Fee Fund described in Section II.D.

I. "*Cost and Expense Fund Administrator*." The administrator appointed by the MDL Court on August 12, 2021 (MDL Docket No. 3828), to administer the Cost Fund and its sub funds as provided in the Fee Agreement.

J. "*Cost Fund*." An account consisting of $30,000,000, composed of the MDL Direct Cost Fund and the Subdivision Cost and Expense Fund, as provided below.

K. "*Court Common Benefit Fund*." The Common Benefit Fund established by the MDL Court in its orders of July 22, 2021, MDL Docket No. 3794, and May 9, 2022, MDL Docket No. 4428.

L. "*Fee Entitlement*." Any right, entitlement, or expectation, including but not limited to a fee contract, contingent fee contract, agreement, referral arrangement, co-counsel arrangement, State Back-Stop Agreement, or any other arrangement by which counsel could receive compensation or other consideration. For the avoidance of doubt, the scope of Fee Entitlement under paragraph II.G.3.a. does not include any Attorneys' fees associated with representation of a State.

M. "*Fee Panel*." The three-person panel appointed by the MDL Court on August 12, 2021 (MDL Docket No. 3828), to administer and make recommendations for the allocation and distribution of the Attorney Fee Fund and its sub funds as provided in the Fee Agreement.

N. "*Later Litigating State.*" A State that first files a lawsuit bringing a Released Claim against a Released Entity after December 9, 2022.

O. "*MDL Court*." United States District Court for the Northern District of Ohio Eastern Division, Case No. 1:17-md-2804, Judge Dan Aaron Polster.

P. "*MDL Direct Cost Fund*." The cost fund described in Section II.F below.

Q. "*MDL Participating Counsel."* MDL Participating Counsel includes an attorney or firm authorized by MDL 2804 Lead Counsel to perform work for the Common Benefit of Participating Subdivisions. By way of example, it would include insurance counsel and appellant counsel.

R. "*MDL PEC*." The Plaintiffs' Executive Committee appointed by the MDL Court.

S. "*Non-Participating Litigating Subdivision*." A Litigating Subdivision that is not a Participating Subdivision.

T. "*Non-Participating State.*" A State that is not a Participating State.

U. "*Participating Litigating Subdivision*." A Litigating Subdivision that is also a Participating Subdivision.

V. "*Participation Agreement*." An agreement executed by an Attorney that acknowledges the obligation to pay an appropriate MDL Common Benefit Assessment.

W. "*Qualified Tribal Representation.*" Representation by an attorney of a Participating Tribal Government regarding Released Claims against Released Entities. Such counsel are eligible for Common Benefit Fee consideration. The CVS Tribal Global Settlement will provide for the contribution to the Common Benefit Fund as shall be determined by the MDL Court.

X. "*Qualifying Representation*." Legal services provided for representation of the MDL PEC or Participating Litigating Subdivision regarding Released Claims against Released Entities.

Y. "*State Back-Stop Agreement*." Any agreement by a Settling State and private counsel for Participating Subdivisions in that State (or legislation enacted in that State) to provide, adjust, or guarantee attorneys' fees and costs, whether from the Attorney Fee Fund or any other source recognized in the agreement or legislation.[1]

Z. *"Subdivision Cost and Expense Fund."* The fund created to pay approved Subdivision and Tribal Nations costs and expenses as set forth in Section II.E.

AA. *"CVS*" means (i) CVS Health Corporation and CVS Pharmacy Inc. and (ii) all of their respective past and present direct or indirect parents, subsidiaries, divisions, affiliates, joint ventures, predecessors, successors, and assigns.

II. Fees and Costs

A. *Total Attorneys' Fees and Costs*

1. Total attorneys' fees and costs to be paid by CVS to Attorneys under this Fee Agreement shall be up to, but in no event more than, $530,615,944, subject to the reductions and provisions set forth below. The total attorneys' fees and costs consists of up to $500,615,944 for the Attorney Fee Fund, as set forth in Section II, and $30,000,000 in total for the Cost Fund, divided between the Subdivision Cost and Expense Fund and MDL Direct Cost Fund as set forth in Sections II.E and II.F, respectively. Additionally, CVS shall also pay $8,841,180 into the Court Common Benefit Fund as a common benefit fund assessment on the Credit set forth in Ex. M-3, and such amount shall be paid on the schedule set forth in Ex. M-3. The maximum attorney fees and costs allowed under this Fee Agreement, subject to the reductions set forth herein, are set forth in Ex. M-3 and shall be paid on the schedule in Ex. M-3.

2. If an Eligible State does not join the Agreement by the State Participation Date and is accordingly not a Settling State, the total attorneys' fees and costs to be

[1] Nothing herein shall be understood to indicate approval for additional State Back-Stop Agreements or modifications of existing State Back-Stop Agreements.

paid under this Fee Agreement by CVS shall be reduced by twelve point four percent (12.4%) times the Remediation Payment amount that would have been allocated to that Non-Settling State as set forth in Section IV.B of the CVS Agreement.

3. The total attorneys' fees and costs to be paid under this Fee Agreement by CVS shall also be reduced by the amount of the Contingency Fee Fund for Attorneys representing Litigating Subdivisions in any Settling State that continue to pursue Released Claims ("*Non-Participating Litigating Subdivisions*"), as set forth in Section II.D.4 and II.H.7 below.

4. If CVS settles with any Non-Settling State after December 9, 2022, and such settlement allows for the Subdivision(s) in such Non-Settling State to join the settlement, CVS agrees to withhold from the attorney fee portion of such settlement a Common Benefit Fund assessment, to be deposited in the Court Common Benefit Fund, of 7.5% times the portion of the Remediation Payment that would have been due to such State if it had participated in the CVS Settlement and been awarded its full portion of the Remediation Payment (the "*CVS State Settlement CBF Assessment*"). If CVS settles with any Subdivision(s) in a Non-Settling State other than in connection with a statewide settlement that includes the relevant State after December 9, 2022, then CVS agrees to withhold from the attorney fee portion of such settlement a Common Benefit Fund assessment, to be deposited in the Court Common Benefit Fund, of 7.5% times the portion of the Remediation Payment that would have been due to such Subdivision under this Agreement (the "*CVS Subdivision CBF Assessment,*" and, along with the CVS State Settlement CBF Assessment, each a "*CVS CBF Assessment*"). If (a) CVS settles with a Non-Settling State after December 9, 2022, (b) such settlement does not allow for the Subdivision(s) in such Non-Settling State to join the settlement, and (c) CVS later prevails in asserting that Released Claims of Primary Subdivisions in such Non-Settling State were released as a result of such settlement, CVS agrees to deposit the CVS State Settlement CBF Assessment in the Common Benefit Fund. Any CVS CBF Assessment is inclusive of any assessment related to such settlement that would be required by the Common Benefit Order. To the extent that CVS is required to pay any additional and/or separate assessment on such settlement as a result of the Common Benefit Order, the CVS CBF Assessment shall be reduced by the amount required to be paid pursuant to the Common Benefit Order.

B. *Attorney Fee Fund and Sub Funds*

1. The Attorney Fee Fund shall consist of the Contingency Fee Fund and the Common Benefit Fee Fund. There shall be a split of the Attorney Fee Fund into the Contingency Fee Fund and the Common Benefit Fund. The split shall be 40% to the Contingency Fee Fund and 60% to the Common Benefit Fund.

2. The Cost Fund shall include the MDL Direct Cost Fund and the Subdivision Cost and Expense Fund. The State Counsel Fee Fund and the State Cost Fund shall

be separate funds under the control of the Settling States and are not part of this Fee Agreement.

3. It is the intention of the Parties that the Contingency Fee Fund and the Common Benefit Fund shall be administered by the Fee Panel appointed under MDL Docket No. 3828, which will be governed by the provisions of this Fee Agreement and shall design the process and procedures for the allocation of fees pursuant to this Fee Agreement and the MDL Court's Order. The Cost Funds shall be administered by the Cost and Expense Fund Administrator appointed under MDL Docket No. 3828, who will be governed by the provisions of this Agreement and shall design the process and procedures for the allocation of costs pursuant to this Agreement and the MDL Court's Order.

4. The fees to be paid under this Fee Agreement are available for Attorneys engaged in Qualifying Representations and Qualified Trial Representations only. Fees to be paid under this Fee Agreement are not available prior to the Effective Date of the CVS Agreement, or if the CVS Agreement does not proceed. Fees to be paid under this Fee Agreement are not available for representation of States, Non-Participating Subdivisions, or Non-Litigating Subdivisions and are not available for representation of private hospitals, third-party payors, NAS claimants, personal injury/wrongful death claimants, or any entity other than Participating Litigating Subdivisions. In addition, fees under this Fee Agreement are not available for representation of any individual or entity in matters other than those claims against Released Entities, but may include a reasonable share of representations that involve development of facts for pursuit of opioid-related claims against multiple defendants in the pharmacy, manufacturing, and distribution chain.

5. In no event shall CVS be required to pay more into the Attorney Fee Fund in any Payment Year than the maximum amount specified in paragraph II.A.1., which amounts are reflected in Exhibit M to the CVS Agreement. The amounts allocated to the Contingency Fee Fund and the Common Benefit Fund set by the Fee Panel shall be subject to the reductions set forth in Section II.A.2 and the reductions and refunds set forth below.

6. Awards of fees from the Contingency Fee Fund shall be available to Attorneys with Qualifying Representations of Participating Litigating Subdivisions eligible to receive an allocation under the CVS Agreement, as set forth in Exhibit G to the CVS Agreement, and shall be made by applying the Mathematical Model attached as Exhibit "A" to this Fee Agreement. The collection of the data and calculations for the Mathematical Model has been a cooperative effort among private counsel for a large number of Litigating Subdivisions. The analysis has been spearheaded by Joseph Tann and Andrew Arnold. The Fee Panel is encouraged to continue working with those counsel in application of the Model. The Fee Panel shall oversee the application of the Model and resolve any questions or disputes concerning the eligibility of a Counsel to participate as required in

Section II.G. The Panel is empowered to hear disputes concerning and ensure the accuracy of the mathematical calculation.

7. As to awards from the Contingency Fee Fund, there shall be no right of appeal.

8. Any appeal of an award of the Fee Panel from the Common Benefit Fund will be made to the MDL Court and be reviewed under an abuse of discretion standard.

C. Common Benefit Fund (60% of the Attorney Fee Fund)

1. The maximum potential total Common Benefit Fund payment to be made by CVS into the Attorney Fee Fund is $300,369,566.40, and in no event shall it exceed that amount. CVS's maximum potential Common Benefit Fund payments are subject to the reductions set forth in Section II.A.2. for Non-Settling States and to the adjustments set forth below and, subject to those reductions, shall be paid on the following yearly schedule:

	CVS Maximum Common Benefit
Payment Year 1	$54,779,142.60
Payment Year 2	$48,406,953.60
Payment Year 3	$65,727,823.80
Payment Year 4	$65,727,823.20
Payment Year 5	$65,727,823.20
Total	$300,369,566.40

Additionally, CVS shall also pay $8,841,180 into the Court Common Benefit Fund as a common benefit fund assessment on the Credit set forth in Ex. M-3, which shall be paid on the schedule set forth in Ex. M-3.[2]

[2] For the avoidance of doubt, CVS is not required to pay any sums under this Agreement for matters settled prior to December 6, 2022, other than the $8,841,180 credit referenced above.

2. The Common Benefit Fund shall be available to compensate Attorneys engaged in Qualifying Representations of Participating Litigating Subdivisions and Qualified Tribal Representation of Tribal Participating Governments who:

   a. have performed work for the Common Benefit of all Participating Subdivisions and/or Tribal Nations consistent with the provisions to the guidelines established by Judge Polster set forth in MDL 2804 and the Order dated May 1, 2018, under docket number 358, which is included herein by reference; and

   b. satisfy the eligibility criteria set forth in Section II.G.

   For purposes of Common Benefit Fund distribution, Attorneys representing Tribal Nations litigating against CVS have also reached a settlement for Released Claims with CVS. These settlements are the subject of agreements with CVS. Attorneys representing Tribal Nations are eligible for Common Benefit consideration provided such agreements with CVS became effective under their terms. Such Attorneys must meet the eligibility criteria in Section II.G.

   For purposes of Common Benefit Fund distribution, MDL Participating Counsel not engaged in Qualifying Representations of Participating Litigating Subdivisions but who performed work for the Common Benefit pursuant to authorization from the MDL Co-Leads and meet the eligibility criteria in Section II.G. shall be eligible.

3. CVS's Common Benefit Fund payments under this Fee Agreement satisfy, at a minimum, any assessments or withholdings for the CVS Agreement that are or could be required under the Common Benefit Order for Settling States and their Participating Subdivisions. The Common Benefit Fund shall be overseen by the Fee Panel, which shall determine the allocation of funds to eligible Attorneys consistent with this Fee Agreement and the Common Benefit Order.

4. In assessing the benefits that an Applicant has conferred to Participating Subdivisions (including non-Litigating Subdivisions) and/or Tribes for purposes of any compensation decision, the Fee Panel shall give significant weight to the extent to which (i) the Applicant and his or her clients have contributed to increasing (or reducing) Initial Participation in the CVS Agreement, and (ii) the Applicant and his or her clients have contributed to increasing (or reducing) the amounts achieved under Incentive Payments A-D through participation in the CVS Agreement, including the CVS Tribal Agreement. The Fee Panel shall also consider additional fee recoveries the Applicant may potentially obtain, including, but not limited to, from attorney fee funds under other settlement agreements, State Back-Stop Agreements, representations of States or Tribal Nations, representations of other clients in opioids-related matters, or through the representation of Subdivision clients,

whether they participated in the CVS Agreement or not. It is the intent of this provision to recognize that the goal of the CVS Agreement is to provide for maximum participation by the Subdivisions, maximum abatement funding for all Subdivisions nationally, and the maximum peace for Released Entities. Therefore, representing one or more Non-Participating States or Non-Participating Subdivisions does not further the goal of the CVS Agreement, and should not be considered Common Benefit because it does not increase funds available to Participating Subdivisions' abatement programs. Representing one or more Later Litigating Subdivisions or Later Litigating States is antithetical to the CVS Settlement and detracts from Common Benefit. The Fee Panel shall consider this concept of "common detriment" set forth in this paragraph in all of its decision making with respect to the allocation of the Attorney Fee Fund among Applicants, as well as, in its discretion, any reductions provided to CVS as set forth in Section II.H.[3] The Fee Panel shall consider the totality of the Applicant's Participating Litigating Subdivisions as compared to the Applicant's Non-Participating Litigating Subdivisions; the Parties recognize that, although the goal is for 100% participation, Applicants with a greater number of clients have a greater probability of having one or more Non-Participating Litigating Subdivisions. As used in this paragraph II.C.4, "client" or "representing" a Subdivision shall include any Litigating Subdivision as to which the Applicant has a Fee Entitlement.

5. As set forth in Section II.H, the Fee Panel must consider the factors described in paragraph II.C.4 to determine how and whether to reduce the amounts to be paid by CVS under this Fee Agreement and to determine how to allocate funds among Applicants. They may also, at their discretion, consider other factors not inconsistent with the factors set forth in paragraph II.C.4. and Section II.H. Any reduction in payment obligation or credit to be given CVS in this Fee Agreement shall be applied against Payment Year 5 and then working backwards. Any reduction to an Applicant not credited to CVS shall be allocated to attorneys whose Litigating Subdivision clients participated in the settlement by the Initial Subdivision Participation Date.

D. *Contingency Fee Fund* (40% of the Attorney Fee Fund)

1. The maximum potential total Contingency Fee Fund payment to be made by CVS into the Attorney Fee Fund is $200,246,378.60, and in no event shall it exceed that amount. CVS's maximum potential Contingency Fee Fund payment shall be subject to the reductions set forth in Section II.A.2. for Non-

[3] Regardless of the status of the CT-3 bellwether counties under the CVS Agreement and this Fee Agreement, and notwithstanding any provisions in those agreements to the contrary, it is expressly agreed that the attorneys who represent or worked on behalf of the CT-3 bellwether counties in the CT-3 litigation are eligible to apply to the Fee Panel for attorneys' fees from the Common Benefit Fund for the CT-3 representation and that the Fee Panel has discretion to determine that such representation has achieved common benefit.

Settling States and to the adjustments set forth below and, subject to those reductions, shall be paid on the following yearly schedule:

	CVS Maximum Contingency Fee
Payment Year 1	$36,519,428.40
Payment Year 2	$32,271,302.40
Payment Year 3	$43,818,549.20
Payment Year 4	$43,818,548.80
Payment Year 5	$43,818,548.80
Total	$200,246,377.60

2. The Contingency Fee Fund shall be available to compensate Attorneys engaged in Qualifying Representations of Participating Litigating Subdivisions that meet the criteria set forth in Section II.G.

    a. The Contingency Fee Fund shall be available to Attorneys who represent Litigating Subdivisions that are Participating Subdivisions, whether their actions are filed in state or federal court, and meet the eligibility criteria of Section II.G.

    b. Participation in the Contingency Fee Fund by counsel that have a case that is not subject to the jurisdiction of the MDL Court shall not create, provide, or waive jurisdiction of the MDL Court over that Litigating Subdivision, that case or Attorneys, other than to oversee the fairness of the distribution process, and enforcement of this Fee Agreement.

3. The amount owed by CVS to the Contingency Fee Fund shall be reduced to reflect the non-joinder of Litigating Subdivisions in Settling States by subtracting the amounts identified by the Fee Panel, pursuant to paragraph II.H.7, that would have been owed to counsel for Non-Participating Litigating Subdivisions in Settling States had such Litigating Subdivisions been Participating Subdivisions.

4. In the event that after the date of the CVS Agreement, CVS, prior to the Effective Date of the CVS Agreement, settles with any Litigating Subdivision

that would have been eligible to participate in the CVS Agreement, and, under such settlement agreement pays attorneys' fees, the Fee Panel shall treat those Litigating Subdivisions as Participating Litigating Subdivisions and, applying the same criteria applicable to all Attorneys for Participating Litigating Subdivisions, determine what amount they would have been paid from the Contingency Fee Fund if they had become Participating Subdivisions under the CVS Agreement without such prior settlement. That sum, rather than being paid to the Attorney for the previously settling Litigating Subdivision, shall be returned to CVS, except that such refund shall not be greater than the amount paid to the Attorneys under the Litigating Subdivision's prior settlement agreement.

E. *Subdivision Cost and Expense Fund*

1. CVS shall pay $22,500,000 into the Subdivision Cost and Expense Fund on the schedule set forth below.

	Cost Fund
Payment Year 1	$11,250,000.00
Payment Year 2	$11,250,000.00
Total	$22,500,000.00

2. The Subdivision Cost and Expense Fund shall be available to compensate Attorneys for costs and expenses arising out of representation of Participating Litigating Subdivisions. No funds in the Subdivision Cost and Expense Fund may be used to compensate the costs incurred by Non-Participating Subdivisions or Non-Litigating Subdivisions or costs and expenses arising out of representation of any such Subdivision. In allocating the Subdivision Cost and Expense Fund, the Administrator shall not allocate any funds for costs incurred after December 9, 2022.

3. During the period between December 9, 2022 and the Effective Date of the CVS Agreement, the MDL PEC, as well as Litigating Subdivisions' Attorneys, shall make best efforts to cease litigation activity against CVS, including by jointly seeking stays or severance of claims against CVS, where feasible, or postponements if a motion to stay or sever is not feasible or is denied, so long as such actions are not otherwise detrimental to the Litigating Subdivision.

4. In the event that CVS, prior to the Effective Date of the CVS Agreement, settles with any Litigating Subdivision and, under such settlement agreement, pays costs to the Litigating Subdivision or its Attorney, the MDL Cost and Expense Fund Administrator shall treat those Litigating Subdivisions as Participating Litigating Subdivisions and, using the same criteria applicable to all applicants to the Subdivision Cost and Expense Fund, determine what amount in costs the Litigating

Subdivision or its Attorney would have been paid from the Subdivision Cost and Expense Fund if they had settled under the CVS Agreement. That sum, rather than being paid to the Attorney or the previously settling Litigating Subdivision, shall be credited and/or returned to CVS, except that such sum shall not be greater than the amount paid under the previously settled Litigating Subdivision's settlement agreement.

5. The Cost Fund shall be administered by the Cost Fund and Expense Fund Administrator (MDL Docket No. 3828), who will be governed by the provisions of this Agreement and shall design the process and procedures for the allocation of costs pursuant to this Agreement and the MDL Court's Order.

6. The costs of the Cost and Expense Fund Administrator shall be paid from the Cost Fund and allocated by the Cost and Expense Fund Administrator between the MDL Direct Cost Fund and the Subdivision Cost and Expense Fund to fairly charge each fund the cost incurred in implementing and supervising the specific fund.

7. The Cost and Expense Fund Administrator shall set the process and procedures for submission of and criteria for applications for payment of Subdivisions' and Tribal Nations' costs and expenses. The Cost and Expense Fund Administrator shall receive and evaluate applications from Participating Litigating Subdivisions and litigating Tribal Nations, whether filed in Federal Court or State Court, to seek reimbursement for eligible costs under Section II.E.2 in pursuit of claims against CVS. The process shall require a showing that the costs or expenses sought were reasonably incurred in furtherance of active litigation of a designated state or federal bellwether trial-set case, or Common Benefit. The Cost and Expense Fund Administrator shall require transparency from all applicants as to any other sources for compensating Attorneys for Subdivisions and Tribal Nations for costs incurred. If funds remain after the reimbursement of approved out-of-pocket costs, the Cost and Expense Fund Administrator may consider reasonable and appropriate payment for client time, costs, or expenses incurred by recognized trial bellwether plaintiffs. At the conclusion of the process, any funds not allocated by the Cost and Expense Fund Administrator shall be transferred to the Common Benefit Fund established in this Exhibit R.

8. In the event that States and Subdivisions enter into an additional global settlement with a party or parties other than CVS that is (a) under the jurisdiction of the MDL Court in MDL No. 2804, (b) creates a separate cost fund, and (c) unless the parties agree to another date, such agreement has an effective date prior to June 30, 2023, the Cost and Expense Fund Administrator shall have the authority to aggregate the Cost Fund with the cost fund created under that separate global settlement agreement. The Cost and Expense Fund Administrator shall have the authority to address the appropriate procedures and required information to allow the costs to be funded from the appropriate cost fund or shared by two or more cost funds; *provided, however*, that the Subdivision Cost and Expense Fund shall remain subject to the requirements set forth in Section II.E.2. For the avoidance of doubt, the Subdivision Cost and Expense Fund is available only to compensate Attorneys for costs and expenses arising out of representation of Participating Litigating Subdivisions, and no funds in the Subdivision Cost and Expense Fund may be used to compensate the costs incurred by Non-Participating Subdivisions or Non-Litigating Subdivisions or costs and expenses arising out of representation of any such Subdivision.

F. *MDL Direct Cost Fund*

1. CVS shall pay $7,500,000 into the MDL Direct Cost Fund on the schedule set forth below.

	MDL Direct Cost Fund
Payment Year 1	$3,750,000.00
Payment Year 2	$3,750,000.00
Total	$7,500,000.00

2. The MDL Direct Cost Fund shall be released following the Effective Date of this Fee Agreement without any delay to reimburse the MDL Counsel for an agreed-to portion of the expenses incurred, as approved by the Cost and Expense Fund Administrator. The sum deposited into the MDL Direct Cost Fund will be paid directly to the MDL Opiate Capital Account. The Cost and Expense Fund Administrator may include costs incurred by the MDL PEC in furtherance of litigation, mediation, implementation, and management of the Settlement.

3. In allocating the MDL Direct Cost Fund, the Administrator shall not allocate any funds for costs incurred after December 9, 2022, unless the Administrator determines that there are sufficient funds to cover all Subdivision costs incurred prior to December 9, 2022 and that special circumstances exist to justify costs incurred following the public announcement of the CVS Agreement, including reasonable costs related to the implementation of the CVS Agreement.

G. Eligibility

1. It is the intention of all parties participating in the Fee Panel process that there should be total transparency to the Fee Panel and to all fund participants. In connection with the process to be developed by the Fee Panel, any and all monies in attorney's fees received or awarded, including prior or future Contingency Fees, Common Benefit Fees, referral fees, expenses paid, promises for payment, or any other Fee Entitlement, to any Applicant in any opioid litigation shall be disclosed to the Fee Panel as a condition of participating in the Attorney Fee Fund and prior to an award from the Fee Panel. Any payment, expectation of payment or perceived entitlement to participate in a State Back-Stop Agreement or any other agreement reached with a Settling State or any Subdivision or any other source regarding payment of fees must be disclosed to the Fee Panel. Similarly, any right to payment from any other fund, for example a fund for payment to lawyers representing Settling States or Tribal Nations or Subdivisions shall be disclosed to the Fee Panel. Because it is anticipated that there will be multiple firms listed on contingent fee agreements with Litigating Subdivisions, the Fee Panel shall establish procedures, with input from Attorneys for Participating Litigating Subdivisions, for which party or parties should petition for fees from such groups and to whom the fee shall be paid and thereafter distributed to co-counsel in accordance with applicable agreements. For the avoidance of doubt, all Attorneys that are part of such groups must meet the eligibility criteria in paragraph II.G.3, must be subject to the criteria set forth in paragraph II.C.4, and must be disclosed to the Fee Panel.

2. An Applicant may apply for and recover attorneys' fees from the Common Benefit Fund, the Contingency Fee Fund, and any fund created by a past or future State Back-Stop Agreement, provided the Applicant satisfies the requirements relevant to each such fund and requirements for disclosure to the Fee Panel.

3. An Attorney may not receive any payment from the Attorney Fee Fund (which includes both the Contingency Fee Fund and the Common Benefit Fund) unless the following eligibility criteria are met and annually certified by the Attorney:

   a. The Attorney must expressly waive the enforcement against the Litigating Subdivision client of all Fee Entitlements (other than under State Back-Stop Agreements) arising out of or related to any or all Qualifying Representations of any Participating Litigating Subdivision prior to applying for attorneys' fees from the Attorney Fee Fund. All applications

for attorneys' fees under this Fee Agreement shall include an affirmation by the Attorney of such waiver and notice to the client(s) of such waiver. Such waiver shall not preclude the Attorney from submitting such Fee Entitlements to the Fee Panel as a factor for consideration in allocating payments from the Attorney Fee Fund or in connection with a State Back-Stop Agreement. For the avoidance of doubt, no Attorney may recover fees under this Fee Agreement unless the Attorney expressly agrees not to enforce Fee Entitlements as to each and every Participating Litigating Subdivision represented by that Attorney, but such Attorneys may participate in and receive funds from a State Back-Stop Agreement.

b. The Attorney must represent that s/he has no present intent to represent or participate in the representation of any Later Litigating Subdivision or Later Litigating State with respect to Released Claims against Released Entities.

c. The Attorney must represent that s/he has not and will not engage in any advertising or solicitation related to Released Claims against Released Entities where such advertising or solicitation relates to a representation of a Subdivision eligible to be a Participating Subdivision after the Reference Date except that the Attorney may recommend participation in the Agreement.

d. The Attorney must represent s/he will not charge or accept any referral fees for any Released Claims brought against Released Entities by Later Litigating Subdivisions or Later Litigating States. This representation shall not prohibit Attorneys from receiving allocated shares of any future common benefit assessments arising out of settlements or judgments with Later Litigating Subdivisions or Later Litigating States that are the result of the MDL Court's Common Benefit Order.

e. The Attorney may not have and must represent that s/he does not have a Fee Entitlement related to a Later Litigating Subdivision or Later Litigating State, other than a potential Common Benefit Fee.

f. The Attorney must fully disclose the participation, or the anticipation of participation, in any agreement with a Settling State or Participating Subdivision concerning fees arising out of or related to the CVS Agreement, including any fees paid or anticipated to be paid or any State Back-Stop Agreement.

g. The Attorney must identify for the Fee Panel whether s/he utilized state litigation work product or MDL work product, including but not limited to ARCOS data, document repositories, experts developed in the MDL, trial transcripts, or deposition transcripts. The Attorney must identify whether s/he signed the MDL Participation Agreement.

h. Any Attorney who applies for fees from one or both Funds must represent that, having exercised his/her independent judgment, s/he believes the CVS Agreement to be fair and will make or has made best efforts to recommend the Agreement to his or her Subdivision clients in Settling States. For avoidance of doubt, each Attorney is expected to exercise his or her independent judgment in the best interest of each client individually before determining whether to recommend joining the settlement. All applications for attorneys' fees or costs under this Section shall include an affirmation by the Attorney in compliance with this Subsection.

4. No Attorney receiving fees under this Fee Agreement may apply for or recover from the Attorney Fee Fund fees arising from representing a Non-Settling State or a Non-Participating Subdivision, provided, however, that this provision is not intended to prohibit Attorneys who do not represent or otherwise have a contractual agreement with such Non-Settling State or Non-Participating Subdivision from receiving allocated shares of any future common benefit assessments that arise out of settlements or judgments involving such Non-Settling State or Non-Participating Subdivision. All applications for attorneys' fees under this Section shall include an affirmation by the Attorney of compliance with this Section.

5. An Attorney who has filed an application under this section and received an award of attorneys' fees shall provide a certification of compliance with the requirements of this Fee Agreement annually during the years upon which they are still entitled to receive attorneys' fee payments under this Agreement. This certification will be done as directed by the Panel.

6. If, at any time, the Attorney is unable to make the representations set forth in this Section, such representations become untrue, or the Attorney falsely represents compliance with the eligibility criteria, the Attorney shall cease to be eligible to receive funds from the Attorney Fee Fund until further review by the Fee Panel of the Attorney's eligibility under and compliance with this Section II.

7. If an Attorney has a Fee Entitlement with a Later Litigating Subdivision or Later Litigating State or otherwise becomes unable to reaffirm compliance with the eligibility criteria set forth above, the Attorney shall notify the Fee Panel. For the avoidance of doubt, any Attorney who undertakes any new representation of, or has a Fee Entitlement with, a Later Litigating Subdivision or Later Litigating State shall be prohibited from receiving any future funds from the Attorney Fee Fund. If an Attorney fails to notify the Fee Panel of such Fee Entitlement with a Later Litigating Subdivision or Later Litigating State, the Attorney shall be required to refund amounts previously paid. The Fee Panel shall notify CVS when it receives notification.

8. To the extent an Attorney who has received compensation from the Attorney Fee Fund based on Qualifying Representations of Participating Litigating Subdivisions under the CVS Agreement represents a Later Litigating Subdivision or Later Litigating State, such Attorney shall be obligated to refund such amounts received as compensation from the Attorney Fee Fund to CVS. CVS or such Attorney may bring any dispute as to whether such Attorney shall be obligated to refund such amounts received from the Attorney Fee Fund to CVS, to the Fee Panel. Nothing herein shall require a multi-attorney law firm that has received compensation from the Attorney Fee Fund to refund such amounts if an attorney of the firm that is no longer affiliated with such law firm, after such departure, represents a Later Litigating Subdivision or Later Litigating State, provided that (a) neither the law firm nor any of its other attorneys have any contractual or financial arrangement regarding, stand to benefit directly or indirectly from, or directly or indirectly provide financial or other support of any kind to, the former attorney's representation of the Later Litigating Subdivision or Later Litigating State and (b) if the former attorney was a partner or owner of the multi-attorney law firm at the time that the law firm received compensation from the Attorney Fee Fund, the former attorney shall be obligated to refund such amounts as the former attorney earned as a result of the compensation that the law firm received from the Attorney Fee Fund.

9. In the event that an Attorney is deemed ineligible by the Fee Panel (whether based on its initial application or subsequent recertification), the Fee Panel shall provide notice to the Attorney and give the Attorney 30 days to provide additional information such that the Fee Panel could re-consider the Attorney's eligibility.

10. To the extent that an Attorney has a Fee Entitlement with a Participating Subdivision and is authorized to bring Released Claims against Released Entities, but such authorization is, in scope, less broad than the category of Released Claims set forth in the CVS Agreement, such Attorney may participate fully in both the Contingency Fee Fund and the Common Benefit Fund, without any reduction imposed by the Fee Panel due to the scope of the authorization, so long as the Participating Subdivision fully releases all Released Claims against Released Entities.

11. Attorneys applying to the Attorney Fee Fund knowingly and expressly agree to be bound by the decisions of the Fee Panel, subject to the limited appeal rights set forth in this Fee Agreement, and waive the ability to assert the lack of enforceability of the allocation reached through the procedures outlined herein.

12. Applicants are under an ongoing obligation to inform the Fee Panel in writing of any additional fees earned, expected, or received related to any Opioid litigation throughout the period of the Fee Panel's operation.

H. Calculation of Amounts Due

1. The Fee Panel shall be solely responsible for determining the amount of fees to be paid to each Applicant. None of the Released Entities shall have any responsibility, obligation, or liability of any kind whatsoever with respect to how attorneys' fees are calculated under this Section, except that the Fee Panel may receive information from CVS as to (a) the identity of Participating, Non-Participating, Litigating, Later Litigating, and Non-Litigating Subdivisions; (b) the impact of non-participation by a Litigating Subdivision as is relevant to the Fee Panel's determination in paragraph II.C.4; and (c) such other information as CVS may voluntarily elect to provide.

2. The Fee Panel shall establish procedures for making determinations under this Fee Agreement consistent with this Fee Agreement and orders of the MDL Court. Such procedures may include submission of documentary and/or other evidence, interviews with Applicants and/or other counsel (including counsel for CVS) that the Fee Panel deems appropriate, and/or other means of creating a record upon which fee awards will be based.

3. In making determinations under this Fee Agreement, the Fee Panel must apply the eligibility criteria set forth in Section II.G of this Fee Agreement and the criteria set forth in Section II. The Fee Panel shall ensure that payments are only made for Qualifying Representations of Participating Litigating Subdivisions. In addition, the Fee Panel will give consideration in regard to Common Benefit Fund awards to the *Johnson* factors, as well as the following factors (which factors may be applied and given relative weight in the Fee Panel's discretion):

    a. The Applicant's contemporaneously recorded time and labor dedicated to Qualifying Representations along with the Applicant's financial commitment to such Qualifying Representations. Claimed "time" will not be automatically accepted by the Fee Panel but will be critically reviewed and given substantially more weight and consideration if such time was subject to the audit process described in any Pretrial Order(s) governing the collection of common benefit time;

    b. The novelty, time, and complexity of the Qualifying Representations;

    c. The skill requisite to perform legal services properly and undesirability of the case;

    d. The preclusion of other employment by the Applicant due to time dedicated to Qualifying Representations;

    e. The Common Benefit, if any, alleged to have been conferred by the Applicant and whether such Common Benefit work product by that Applicant was used by others in parallel litigations against Released Entities

whether within or outside the MDL, provided that any Applicant claiming that s/he substantially benefited cases other than those in which s/he entered an appearance as counsel must substantiate such claims by proffering factual support, such as proper supporting affidavits or other documents as determined by the Fee Panel with input from Attorneys for Participating Litigating Subdivisions;

f. Any "common detriment," as set forth in paragraph II.C.4;

g. Any contingent fee agreement or other Fee Entitlement with Participating Subdivisions, enforcement of which, except for State Back-Stop Agreements, are waived in conjunction with the application, the nature and extent of any work for those Participating Subdivisions, whether such Participating Subdivisions actively litigated and, if so, the nature and procedural history of such case(s);

h. The experience, reputation, and ability of the Applicant;

i. Whether the Applicant's clients brought Released Claims against Released Entities;

j. The status of discovery in cases primarily handled by the Applicant;

k. The nature of any work by the Applicant on "bellwether" cases or cases that were similarly active in litigation;

l. Any pressure points successfully asserted by the Applicant in cases against CVS or any risk for CVS created by the Applicant in cases against CVS;

m. Any risk for defendants created by Applicants in cases against CVS;

n. Successful and unsuccessful motion practice in cases worked on by the Applicant;

o. The date of filing of any cases filed by the Applicant;

p. Obtaining consolidation of the litigation in the Applicant's jurisdiction;

q. The number and population of entities represented by the Applicant and the fees that would have been awarded under extinguished contingent fee arrangements;

r. Whether the Applicant's clients brought claims against CVS prior to the announcement of this settlement on December 9, 2022;

s. Whether the Applicant has had a leadership role in the litigation, whether in state or federal court;

t. Whether the Applicant has had a leadership role in any negotiations aimed at resolving the litigation;

u. Whether the Applicant's cases have survived motions to dismiss;

v. The extent to which the Applicant contributed to the work product used for the common benefit of opioids litigants, including, without limitation, work on ARCOS data, Prescription Data Monitoring Programs, IQVIA data, depositions, document production and analysis experts, motions, briefs and pleadings, trial preparations, and trials;

w. The extent to which litigation occurred prior to and contributed to completion of settlement negotiations, as distinct from litigation that occurred after the announcement of the CVS Agreement on December 9, 2022, such latter litigation both being of less value and, the case of litigation filed after the announcement of the CVS Agreement on December 9, 2022, resulting in a common detriment to the settlement process, which in both cases should be viewed less favorably; and

x. Any other factors that the Fee Panel finds to be appropriate to consider after input from Applicants to the Attorney Fee Fund.

4. It is possible that the States and Subdivisions that are litigating Opioid cases will enter additional settlements in close proximity of the time for processing the CVS Agreement. If there are additional settlements and these settlements create a Common Benefit Attorney Fee Fund to be administered by the Fee Panel, the Fee Panel may:

a. Consolidate the Common Benefit approval process to include evaluation of all Common Benefit Applications for all settlements entered after November 1, 2022;

b. Determine the fair and equitable allocation of the Aggregate Common Benefit Fees that come after December 9, 2022, including consideration of beneficial or detrimental actions taken with respect to any Settling Defendant contributing to the Common Benefit Attorney Fee Fund;

c. Give consideration to the amount and timing of each settlement, including the amount and timing of Common Benefit Fees;

d. The Fee Panel shall abide by the applicable Attorney Fee Agreement in each of the Settlements in Allocating the Common Benefit Fees provided for in the Settlement; and

e. Be guided in their work by the Orders of the Court related to Fees and Costs.

5. The Fee Panel shall develop procedures for receiving a single application, which may be updated or amended based on new information (such as participation by additional Litigating Subdivisions) from each Applicant seeking compensation from each sub fund of the Attorney Fee Fund pursuant to processes and procedures developed by the Fee Panel, which shall not be inconsistent with this Fee Agreement. Any request for attorneys' fees not included on the single application or through the updating/amendment process designed by the Fee Panel shall be deemed waived. For purposes of transparency and to permit the Fee Panel to conduct its work, the application from each Applicant shall, at a minimum, require each Applicant to:

   a. Identify all Litigating Subdivisions for which s/he is seeking payment from the Attorney Fee Fund;

   b. Identify all Subdivisions in both Settling and Non-Settling States (and, where applicable, Tribal Nations) with respect to which s/he has a Fee Entitlement with respect to Relevant Claims against Released Entities, and identify all co-counsel in such cases;

   c. Identify which of those Subdivisions are Participating Subdivisions and which are not (with similar information for Tribal Nations, where applicable);

   d. Specify the specific fund or funds within the Attorney Fee Fund from which the Attorney is seeking compensation;

   e. Demonstrate his or her eligibility for compensation from the relevant sub funds within the Attorney Fee Fund pursuant to the criteria set forth for the relevant sub fund;

   f. Identify any and all Fee Entitlements from representations of States, Tribal Nations, or other plaintiffs related to Released Claims against Released Entities or in opioids-related matters;

   g. Notwithstanding "a-f" above, the Panel may consider a supplemental application if the Applicant shows good cause why circumstances exist that will lead to consideration for additional Common Benefit award. Examples would include, but are not limited to, an Applicant having Non-Participating Litigating Subdivision clients that subsequently become Participating Subdivisions, a Bar Date passes that increases participation or an Allocation Agreement is reached.

6. With respect to the Common Benefit Fund, the Fee Panel shall (subject to any applicable MDL Court Order):

    a. Review the applications of all Applicants seeking compensation from the Common Benefit Fund, including determining eligibility for each Applicant as set forth in Section II.G.

    b. Using criteria set forth in Sections II.C and II.G, allocate amounts from the Common Benefit Fund to eligible Applicants, including payment amounts for each Payment Year. In making such allocations, the Panel shall apply the principles set forth in paragraph II.C.5 to the amounts paid to Applicants with a Common Benefit Fee Entitlement.

7. With respect to the Contingency Fee Fund, the Fee Panel shall:

    a. Review the applications of all Attorneys seeking compensation from the Litigating Subdivision Fee Fund, including determining eligibility for each Attorney as set forth in Section II.G.

    b. Apply the Mathematical Model in Exhibit A.

    c. Use such allocations to determine refund amounts owed to CVS from the Attorney Fee Fund, and inform CVS and the MDL PEC of all such adjustments.

8. To the extent that there is a dispute about the calculations of the Fee Panel related to the amount that CVS is required to pay (including application of any reductions or refunds under this Fee Agreement), such disputes shall be presented to the Fee Panel and any disputed funds be paid into/held in escrow. The Fee Panel shall resolve such disputes expeditiously, with either Party having the right to seek review from the MDL Court.

9. For purposes of determination of fee or cost awards, allocations, reductions, and possible reversions under this Fee Agreement, unless specified otherwise a Subdivision will be considered a Non-Participating Subdivision if it is not a Participating Subdivision as of the deadline for the application for the fee at issue (or, if the determination does not involve a specific application, the date on which the record for such determination closes).

10. In the event that the Fee Panel, through the use of the Mathematical Model set forth in Exhibit A, allocates funds from the Contingency Fee Fund for an Attorney based on a Qualifying Representation of a Participating Litigating Subdivision and that Subdivision is in a Settling State in which the Consent Judgment has not been approved, such funds shall be placed into escrow until the Consent Judgment is approved, after which time they shall be released.

I. Miscellaneous

1. The Fee Panel shall charge an hourly rate approved by the Court. The Pre-Effective Date costs associated with the Cost and Expense Fund Administrator shall be paid from funds in the Cost Fund. Post-Effective Date, the cost of the Fee Panel shall be charged against the applicable Fee Fund based on allocation by the Fee Panel and shall not be otherwise funded by CVS.

2. The MDL PEC will seek, and the Attorneys General for Settling States and the CVS will not oppose, a Common Benefit Fee Order requiring an assessment of 7.5% on the gross recovery (by judgment or settlement) of any Non-Participating Subdivision in a non-Settling State that is subject to the federal court jurisdiction, represented by a MDL PEC firm, represented by any Attorney receiving fees from the Common Benefit Fund, represented by any Attorney that signed a Participation Agreement or had been paid in a case otherwise under the jurisdiction of the MDL Court.

3. The MDL PEC shall provide to CVS information they have that identifies Attorneys who represent Litigating Subdivisions who are not Participating Subdivisions and who have an obligation to pay a common benefit assessment, either due to the MDL Court's orders or pursuant to a Participation Agreement.

4. The MDL PEC and CVS agree that it is a conflict of interest for an Attorney that had represented a Participating Subdivision to represent a Later Litigating Subdivision or Later Litigating State. This Subsection shall be enforceable to the extent permitted by the equivalent to Rules 1.16 and 5.6 of the ABA Model Rules of Professional Conduct in the relevant jurisdictions. The MDL PEC represents that it will comply with this provision in the case of the CVS Agreement until the Effective Date of the CVS Agreement, as well as thereafter, if the CVS Agreement proceeds.

5. Participating Subdivisions agree to instruct their counsel to treat information, work product and expert materials as confidential under Rule 1.6 of the ABA Model Rules of Professional Conduct. Accordingly, an Attorney shall not share information or work product with, or experts or materials to, non-participants (other than the Attorney's own current clients or their lawyers, consultants, experts or other representatives or agents). However, nothing herein shall prevent MDL Leadership or PEC Counsel from fulfilling their obligations in any MDL and the MDL Court Order.

III. Miscellaneous

A. *Termination*. If the CVS Agreement does not proceed past the Reference Date, whether because CVS does not determine to proceed or for any other reason, this Fee Agreement shall be null and void, CVS shall have no obligation to make any payments under this Fee Agreement, and CVS and the MDL PEC shall take such steps as are necessary to restore the *status quo ante.*

1. *MDL Court Consideration.* This Fee Agreement shall be attached as an exhibit to the CVS Agreement. This Fee Agreement shall also be submitted by CVS and the MDL PEC to the MDL Court for approval pursuant to the motion and order that shall be attached. The MDL Court shall have no authority to increase the payments made by CVS under this Fee Agreement beyond the amounts described in this Fee Agreement.

2. In the event that the MDL Court, through an order, makes any change to the Fee Panel's consideration of the factors set forth in paragraph II.C.4, or any other material change to the draft Order attached as part of Exhibit B or the terms of this Fee Agreement, CVS and the MDL PEC shall meet and confer concerning such changes.

3. If CVS and the MDL PEC are unable to reach agreement and revisions to this Fee Agreement, this Fee Agreement shall be null and void, CVS shall have no obligation to make any payments under this Fee Agreement, and CVS and the MDL PEC shall take such further steps as are necessary to restore the *status quo ante.*

B. *Amendment*. Once the MDL Court has entered an order implementing this Fee Agreement, this Fee Agreement can only be amended by (1) written agreement of CVS and the MDL PEC and (2) approval by the MDL Court.

C. *Jurisdiction and Enforcement.* The MDL Court shall have exclusive and ongoing jurisdiction over the enforcement and implementation of this Fee Agreement as set forth herein. The MDL PEC shall be the Authorized Party to enforce this Fee Agreement, as to the payment obligations of CVS as set forth in this Fee Agreement and as to Attorneys making application to the Funds under this Fee Agreement. Solely for purposes of assessing or allocating common benefit fees, the MDL Court will continue to have jurisdiction over the work product developed in the MDL Court by and under the direction of the MDL PEC with respect to claims against CVS, including data and documents, depositions, expert reports, briefs and pleadings; and the MDL Court's protective orders, management orders, and other decisions regarding such discovery and other work product, including but not limited to, conditions on its use, will continue in full force and effect. Nothing in this paragraph authorizes the MDL Court to act contrary to this Agreement, or provides the MDL Court with jurisdiction over the CVS Agreement.

Description of Mathematical Model for the Allocation of the Contingency Fee Funds

CVS Settlement Agreement

This document describes the Mathematical Model for allocation of the Contingency Fee Fund described in Exhibit R (Agreement of Attorneys' Fees, Costs, and Expenses) to the CVS Settlement Agreement.[4] Awards of fees from the Contingency Fee Funds shall be available to Attorneys with Qualifying Representations of Participating Litigating Subdivisions eligible to receive an allocation under the CVS Settlement Agreement.[5] A Fee Panel shall oversee the application of the Model and resolve any questions or disputes concerning the eligibility of a counsel to participate. The Panel is empowered to hear disputes concerning and ensure the accuracy of the mathematical calculations.

In general terms, allocation of the Contingency Fee Fund shall be made by (1) determining the amount of the Settlement Fund that is attributable to each Participating Litigating Subdivision; (2) making certain adjustments to these amounts based on when the Subdivision filed suit and the terms of the applicable fee contract; and (3) dividing the Contingency Fee Fund proportionately among counsel for each Participating Litigating Subdivision based on the amounts calculated in subpart 2.

To collect a fee award from the Contingency Fee Fund, a Participating Litigating Subdivision must have named CVS (or any Released Entity) in its lawsuit. The total maximum amount of the Contingency Fee Fund in the CVS Settlement Agreement is $200,246,377.60.[6]

Allocation of the Contingency Fee Fund shall be made according to the following steps. These calculations are made only for purpose of determining the percentage share of the Contingency Fee Fund that Attorneys for each Participating Litigating Subdivision should receive, ***not*** for determining the dollar amount each Subdivision will receive.

(1) For each Settling State, attribute 50% of the settlement funds for that State to its Subdivisions according to the Subdivision Allocation Percentage in Exhibit G to the CVS Settlement Agreement.

Illustrative example:

- Assume that State A is allocated 1.00000% of the $4,279,160,837 Remediation amount [see Exhibit M of the CVS Settlement Agreement].
- 50% of the 1% share allocated to State A is $21,395,804.19.
- Assume that, per Exhibit G of the Agreement, the Subdivision Allocation

[4] *See* CVS Settlement Agreement, Exhibit R § II.D.2.
[5] CVS Settlement Agreement, Exhibit R § II.D.2.
[6] CVS Settlement Agreement, Exhibit R § II.A.1 & II.D.1.

Percentage for City B in State A is 1.00000000%.

- For purposes of determining its counsel's share of the Contingency Fee Fund, City B is attributed 1.00000000% of $21,395,804.19, or $213,958.04.

(2) Adjust the amounts in paragraph 1 as follows:

a. *Upward Adjustment for Early Filers.* Increase the amount calculated in paragraph 1 above by 10% for any Litigating Subdivision that named CVS in a suit before December 5, 2017, the date the National Prescription Opiate Litigation MDL was formed. If the Litigating Subdivision did not name CVS in a suit before December 2, 2022, then fees from the Contingency Fee Fund will not be awarded to Attorneys with otherwise Qualifying Representations of that Participating Litigating Subdivision.

Illustrative Example:

- Assume City C is attributed $1,000,000 under paragraph 1 above.
- If City C named CVS before 12/5/2017, the attributed amount would be adjusted to $1,100,000.

b. *Determine Amount Due under Contingency Fee Contract.* Determine the amount that would be due to Attorneys with Qualifying Representations of each Participating Litigating Subdivision under the terms of the applicable fee contract if the Participating Litigating Subdivision were to receive the amount calculated in paragraph 2.a. This amount can be referred to as the Contingency Fee Assumption.

Illustrative Example:

- Continuing the example given in paragraph 2.a, if Attorneys have a 20% contingency fee contract with City C for the relevant litigation, the amount calculated in this step would be 20% of $1,100,000, or $220,000.

In the next step, the Contingency Fee Assumption is used to determine the percentage share of the Contingency Fee Fund due to Attorneys for each Participating Litigating Subdivision.

(3) Divide the Contingency Fee Fund proportionately among Attorneys for each Participating Litigating Subdivision in two ways:

a. *National Fee Pool Calculation.* Determine each Litigating Subdivision's

percentage share of all amounts due under contingency fee contracts nationwide by dividing the Contingency Fee Assumption calculated for each Subdivision in paragraph 2.b by the sum of all Contingency Fee Assumptions. Then multiply that percentage by the Contingency Fee Fund to figure each Subdivision's dollar share of the Contingency Fee Fund (but only if the Subdivision timely named CVS in a lawsuit).

Illustrative example:

- $220,000 [from para. 2.b] ÷ $220,000,000 [total amount owed under contingency fee contracts nationwide] = 0.1%[7]
- 0.1%* $200,246,377.60 [Contingency Fee Fund] = $200,246.38

b. *Separate State Fee Pools Calculation.* Determine each Litigating Subdivision's percentage share of all amounts due under contingency fee contracts statewide by dividing the Contingency Fee Assumption calculated for each Subdivision in paragraph 2.b by the sum of all Contingency Fee Assumptions in the same State. Then multiply that percentage by the portion of the Contingency Fee Fund that corresponds to that State's Overall Allocation Percentage, shown in Exhibit F of the CVS Settlement Agreement, to figure each Subdivision's dollar share of the Contingency Fee Fund (but only if the Subdivision timely named CVS in a lawsuit).

Illustrative example:

- 1% * $200,246,377.60 = $2,002,463.78 [amount of the Contingency Fee Fund corresponding to State A]
- Assume a total of $2,500,000 is owed under contingency fee contracts for State A.
- $220,000 [from para. 2.b] ÷ $2,500,000 = 8.8%
- 8.8% * $2,002,463.78 = $176,216.81

The award of fees to Attorneys with Qualifying Representations of Participating Litigating Subdivisions will be the average of the final amounts calculated in paragraphs 3.a and 3.b above, less any amounts the Fee Panel is authorized to, and does, withhold.[8]

Paragraph 3.a represents allocation based on a proportional share of a National Fee Pool,

[7] In this example, $220 million is the amount theoretically owed under all contingency fee contracts for litigation against CVS as calculated in paragraph 2.b. This amount is illustrative only; the actual amount will not be known until all litigating subdivisions are identified and the terms of their contingency fee contracts are collected.

[8] The model also enforces a maximum fee award of 20% of the amount calculated in paragraph 2.b. The description in this document of the Mathematical Model is by necessity an abstraction; the precise contours of the calculations are defined in the model itself.

while paragraph 3.b represents allocation based on a proportional share of the Separate State Fee Pools. In other words, for the National Fee Pool described above in paragraph 3.a, the contingency fee contract rate is compared to all other contingency fee contract rates in the nation. For the Separate State Fee Pools described above in paragraph 3.b, the contingency fee contract terms are compared to the other contingency fee contract terms in that same State. The National Fee Pool and the Separate State Fee Pools are given equal weighting.

Using the first methodology, Attorneys for two Subdivisions in different States with the same amount calculated under paragraph 2.b would be assigned the same amount under paragraph 3.a. Using the second methodology, Attorneys for the same two Subdivisions would be assigned different amounts under paragraph 3.b because they are in different States. Specifically, the Subdivision in the State with a smaller proportion of Participating Litigating Subdivisions would be allocated more than the Subdivision in the State with a greater proportion of Participating Litigating Subdivisions.

EXHIBIT S

Agreement on the State Outside Counsel Fee Fund for Chain Pharmacy Settlements

1. **Definitions**.

   a. "Chain Pharmacy" means any of CVS, Walgreens, and Walmart, and "Chain Pharmacies" means all of the foregoing.
   b. "Multistate Chain Pharmacy Settlement Agreement" means This Settlement Agreement along with any other settlement of opioids-related claims among 30 or more states and a Chain Pharmacy.
   c. "This Settlement Agreement" means the settlement agreement between the Settling States and the Chain Pharmacy to which this Agreement is attached as an Exhibit.
   d. "Settling Chain Pharmacy" means the Chain Pharmacy that is a party to This Settlement Agreement.
   e. "Settling States" has the meaning given such term in the relevant Multistate Chain Pharmacy Settlement Agreement.

2. **Creation of a State Outside Counsel Chain Pharmacies Fee Fund.** The Settling States have agreed to the creation of a state outside counsel fee fund to pay reasonable attorneys' fees of Settling States which have retained outside counsel in connection with litigation against one or more Chain Pharmacies (such fund, the "State Outside Counsel Chain Pharmacies Fee Fund").

3. **State Outside Counsel Chain Pharmacies Fee Fund Administration.** The State Outside Counsel Chain Pharmacies Fee Fund shall be administered separately from any other funds for the payment of attorneys fees or costs in connection with This Settlement Agreement, including any common benefit fund, contingency fee fund for subdivision counsel, state cost fund, or MDL expense fund. If necessary, a committee of Attorneys General shall be convened to oversee the State Outside Counsel Chain Pharmacies Fee Fund (the "Chain Pharmacies Fee Fund Committee"). The Chain Pharmacies Fee Fund Committee shall be appointed by the Settling State Members of the Enforcement Committee and shall be comprised solely of Attorneys General of Settling States that engaged outside counsel to pursue litigation against one or more Chain Pharmacies. The Settlement Fund Administrator (the "Fee Fund Administrator") shall administer the State Outside Counsel Chain Pharmacies Fee Fund according to this Exhibit and, if convened, the guidelines and directives of the Chain Pharmacies Fee Fund Committee.

4. **State Outside Counsel Chain Pharmacies Fee Eligibility.**

   a. To receive any amount from the State Outside Counsel Chain Pharmacies Fee Fund, an outside counsel to a Settling State must have filed and maintained an

action in the name of a Settling State or its Attorney General against a Chain Pharmacy in a state or federal court as of November 1, 2022. No Settling State (or its outside counsel) shall receive funds from both the State Outside Counsel Chain Pharmacies Fee Fund and any "Additional Remediation Amount" as may be provided for in This Settlement Agreement.

b. In addition to the eligibility criteria set forth in Paragraph 4.a, above, and for the avoidance of doubt, only Settling States under This Settlement Agreement are eligible to receive any funds paid into the State Outside Counsel Chain Pharmacies Fee Fund as a result of This Settlement Agreement.

5. **State Outside Counsel Chain Pharmacies Fee Fund Amount.** The Settling Chain Pharmacy shall pay funds into the State Outside Counsel Chain Pharmacies Fee Fund in an amount equal to, and on the schedule identified in, Exhibit M (the "Contribution"). The Settling Chain Pharmacy's Contribution shall subject to a reduction as described in Paragraph 8, below.

6. State Outside Counsel Chain Pharmacies Fee Fund Availability and Calculation of Amount.

a. The State Outside Counsel Chain Pharmacies Fee Fund shall be available to compensate private outside counsel for Settling State Attorneys General for approved fees arising out of representation of the Settling State pursuant to the schedule attached to this agreement as Schedule I (the "Fee Schedule").

b. The Fee Schedule is intended to reflect the fee calculation in subparagraph 6.c, below (the "Fee Calculation"). Subject to adjustments required by Paragraph 8, below, in the event of any discrepancy between the Fee Schedule and the Fee Calculation, the Fee Schedule shall control. Each Settling State, by becoming a Participating State in This Settlement Agreement, agrees that the Fee Schedule reflects the Fee Calculation and waives any right to contest the accuracy of the Fee Schedule, absent manifest error, the exclusion of a Settling State, or the inclusion of a Non-Settling State. The version of the Fee Schedule reflecting any necessary adjustments shall be the "Final Fee Schedule."

c. Fees shall be aggregated across the Multistate Chain Pharmacy Settlement Agreements and be calculated by adding two components: (a) a fixed amount consisting of fifty percent (50%) of the amount of remediation funds allocated to a Settling State and its Subdivisions pursuant to the Multistate Chain Pharmacy Settlement Agreements multiplied by 4.5% (or, if lower, the applicable contingency fee percentage in the Settling State's outside counsel contract); and (b) a proportional percentage of the remaining fee due under that Settling State's contract with its outside counsel assuming that fifty percent (50%) of the Settling State's recovery is allocable to a Settling State (rather than allocable to the Settling State's Participating Subdivisions) so that the fees of all eligible Settling States (minus the fixed amount that would have been allocated to any Non-Settling States had they become Settling States)

exhausts the State Outside Counsel Chain Pharmacies Fee Fund. The proportional share percentage will be the same for each Settling State included in the State Outside Counsel Chain Pharmacies Fee Fund. Fees shall be split proportionally among each Multistate Chain Pharmacy Settlement Agreement, as set forth on the Fee Schedule.

d. All amounts paid will be less any costs or fees of the Fee Fund Administrator. The Fee Schedule reflects a holdback amount of $50,000 for such administrative expenses of the Fee Fund Administrator. The remainder of any unused administrative expenses shall be disbursed pro rata to States receiving monies from the State Outside Counsel Chain Pharmacies Fee Fund at the conclusion of such administration.

7. **Payment by the Fee Fund Administrator**.

a. The Fee Fund Administrator shall hold the Contribution in escrow until the earlier of (1) the last of the three Multistate Chain Pharmacy Settlement Agreements becomes effective or (2) when instructed by the Settling State Members of the Enforcement Committee.

b. Subject to eligibility pursuant to Paragraph 4, above, a Settling State's outside counsel may receive funds from the State Outside Counsel Chain Pharmacies Fee Fund in the following scenarios ("Payment Scenarios"):

    1. The Settling State's outside counsel agrees that the amount listed for such state on the Final Fee Schedule either satisfies in full or exceeds the amounts owed to all such Settling State's outside counsel and such counsel has provided written notice waiving all entitlement to additional fee in respect of any Multistate Chain Pharmacy Settlement Agreement.
    2. The Settling State and its outside counsel enter into a signed writing establishing the amount owed to the counsel, which includes an agreement on the payment of the amount listed for such state on the Final Fee Schedule and waives any right of the State or its outside counsel to additional amounts from the State Outside Counsel Chain Pharmacies Fee Fund.
    3. A final judgment is entered that is no longer appealable, which judgement adjudicates the amount owed to the Settling State's counsel in respect of This Settlement Agreement and directs the Chain Pharmacies Fee Fund Committee how to pay the amount listed on the Final Fee Schedule for such State.

    If no Payment Scenario is applicable with respect to a Settling State, then the Settling State's share shall be placed in an interest-bearing escrow account (less reasonable expenses of the Fee Fund Administrator) and held unless and until a Payment Scenario is applicable.

c. Upon the applicability of a Payment Scenario 1 with respect to a Settling State, the Fee Fund Administrator shall pay that Settling State's outside counsel the amount identified on the Final Fee Schedule for such state or

such lesser amount that satisfies the Settling State's obligation to its outside counsel in full. Any remaining allocation to such State shall be paid to the Settling State.

d. Upon the applicability of a Payment Scenario 2 or 3 with respect to a Settling State, the Fee Fund Administrator shall release monies from the State Outside Counsel Chain Pharmacies Fee Fund in either the amount held by the Fee Fund Administrator, if the amount of the agreement or judgment is equal to or more than the amount held, or the amount indicated in the agreement or in the final judgment, if the amount in the agreement or judgment is less than the amount held.

e. Nothing herein, including the amounts listed in Paragraph 6 above or on any Fee Schedule, shall prevent a Settling State from arguing in any proceeding with its outside counsel that (i) its recovery was less than fifty percent (50%) of the recovery in the settlement agreement down to and including fifteen percent (15%) of the total recovery; (ii) any payment should be discounted by an appropriate discount rate commensurate to the risk of the settlement agreement and the timeline that the Settling State is receiving its payments; (iii) the settlement amount should be lower because the amount a Settling State receives was reduced because such Settling State's outside counsel failed to obtain joinder from a Settling State's Subdivision(s) that the outside counsel also represented; or (iv) any limitation placed by the Settling Chain Pharmacy bars payment of a higher fee to outside counsel.

f. In the event the amount due to the Settling State's outside counsel from an escrow account is less than the total amount of funds escrowed on the account of the Settling State, the balance shall be paid to the Settling State. In no event, other than a State becoming a Non-Settling State, shall funds revert to a Chain Pharmacy.

8. **Reduction of Amounts owed**

a. **Non-Settling States; Reversion and Redistribution.** Amounts owed by the Settling Chain Pharmacy to the State Outside Counsel Chain Pharmacies Fee Fund shall be reduced by amounts allocated to the fixed amount for such State under This Settlement Agreement in the event that a listed State becomes a Non-Settling State. Specifically, the reduction in the amount owed by the Settling Chain Pharmacy shall be calculated as 2.25% times the total Remediation Payments that would have been allocated to the Non-Settling State had it been a Settling State. The payments for the other Settling States reflected in the Fee Schedule shall be adjusted by the Fee Fund Administrator to reflect a recalculated proportional percentage under the Fee Calculation.

b. **Settling States; Redistribution**. If a Settling State under This Settlement Agreement (i) would otherwise be entitled to a payment from the State Outside Counsel Chain Pharmacies Fee Fund and (ii) is eligible to be a "Settling State" under either of the two other Multistate Chain Pharmacy

Settlement Agreements but does not become such a "Settling State", then that Settling State's payment from the State Outside Counsel Chain Pharmacies Fee Fund shall be reduced to an amount equal to the Contribution times the Settling State's allocation percentage on Exhibit F, which shall be treated as an additional remediation payment in lieu of a fee payment. The payments for the other Settling States reflected in the Fee Schedule shall be adjusted by the Fee Fund Administrator to reflect a recalculated proportional percentage under the Fee Calculation.

c. If either or both of the other Chain Pharmacies fail to enter into a Multistate Chain Pharmacy Settlement Agreement, or if such Multistate Chain Pharmacy Settlement Agreements fail to take effect by December 15, 2023, then the Settling Chain Pharmacy and the Enforcement Committee shall renegotiate the terms of Paragraph 8.b in order to permit prompt payment to Settling States that terminated contested litigation with the Settling Chain Pharmacy, and permitting additional time if necessary to finalize payments to the other Settling States. In no event will such renegotiation result in additional reversion of monies in the State Outside Counsel Chain Pharmacies Fee Fund to the Settling Chain Pharmacy.

9. **Interpretation**.

a. This Agreement shall be an Exhibit to each Multistate Chain Pharmacy Settlement Agreement and shall include the Fee Schedule setting forth the presumptive payment calculations for each eligible Settling State. By joining This Settlement Agreement, each State agrees on the presumptive accuracy of the Fee Schedule, absent manifest error, the inclusion of a Non-Settling State, or the exclusion of a Settling State.

b. It is the intent of all parties that the State Outside Counsel Chain Pharmacies Fee Fund function in a similar manner, with similar calculations and mechanics, as the "State Outside Counsel Fee Fund" established in Exhibit S of that certain settlement agreement dated as of July 21, 2021 setting forth the terms of settlement between and among McKesson Corporation, Cardinal Health, Inc., and AmerisourceBergen Corporation, on the one hand, and certain settling states and certain participating subdivisions, on the other hand.

Schedule I to Exhibit S

Fee Schedule

[This Fee Schedule is subject to adjustment pursuant to Paragraph 6.b of Exhibit S)]

State	Total Fee	Walgreens Share	Walmart Share	CVS Share
Alaska	$1,851,826.21	$691,943.15	$416,884.80	$742,998.26
Arkansas	$4,873,566.77	$1,821,030.03	$1,097,141.78	$1,955,394.96
Delaware	$3,726,440.37	$1,392,401.12	$838,899.65	$1,495,139.61
Kentucky	$7,773,195.40	$2,904,489.25	$1,749,908.82	$3,118,797.34
Michigan	$22,162,404.67	$8,281,081.68	$4,989,220.69	$8,892,102.29
Mississippi	$4,641,790.38	$1,734,425.75	$1,044,964.07	$1,862,400.56
Nevada	$9,363,802.33	$3,498,826.64	$2,107,987.70	$3,756,987.99
New Hampshire	$5,985,080.61	$2,236,352.15	$1,347,366.79	$2,401,361.67
New Mexico	$2,748,895.55	$2,748,895.55	$-	$-
Puerto Rico	$6,893,516.73	$2,575,793.38	$1,551,874.76	$2,765,848.60
South Dakota	$1,101,349.40	$411,524.13	$247,936.78	$441,888.49
Utah	$2,884,152.67	$1,204,171.82	$603,818.18	$1,076,162.67
West Virginia	$2,399,292.74	$2,399,292.74	$-	$-
	Admin Expense Holdback	$20,875.66	$10,467.86	$18,656.48
	Total	$31,921,103.05	$16,006,471.88	$28,527,738.91

Excluded States:

- Florida (Walgreens; Walmart; CVS)
- New Mexico (Walmart; CVS)
- West Virginia (Walmart; CVS)

EXHIBIT T

Agreement on the Joint State Cost Fund

1. **Definitions**.

   a. "Opioids Defendant" means Walmart, or such other defendant in opioids-related litigation that enters into a Multistate Settlement after November 1, 2022, and "Opioids Defendants" means all of the foregoing.

   b. "Multistate Settlement" means this Settlement Agreement along with any other settlement of opioids-related claims among 30 or more states and an Opioids Defendant.

   c. "Settlement Agreement" means the settlement agreement between the Settling States and the Opioids Defendant to which this Agreement is attached as an Exhibit.

   d. "Settling Opioids Defendant" means the Opioids Defendant that is a party to the Settlement Agreement.

   e. "Settling States" has the meaning given such term in the Settlement Agreement.

2. **Creation of a State Cost Fund.** The Settling Opioids Defendant and the Settling States agree to the creation of a fund to pay costs and expenses associated with litigation and investigations related to the opioids litigation (such fund, the "State Cost Fund"). The State Cost Fund shall be administered separately from any other funds for the payment of attorneys fees or costs in connection with the Settlement Agreement, including any common benefit fund, contingency fee fund for subdivision counsel, subdivision cost fund, or MDL expense fund. However, the State Cost Fund shall be administered jointly with similar "State Cost Funds" created in other Multistate Settlements after November 1, 2022; any state cost funds jointly administered in this manner shall be referred to as the "Joint State Cost Fund." To the extent permissible and feasible, the Joint State Cost Fund may also be jointly administered with any fund for reimbursement of states' litigation and investigation costs established by a bankruptcy plan, including the Mallinckrodt bankruptcy plan, any plans that may emerge from the bankruptcies of Purdue and Endo, and any similar bankruptcies of opioids defendants. To the extent feasible, the Joint State Cost Fund may also be jointly administered with the State Cost Funds established pursuant to the Distributors Multistate Settlement and the Janssen Multistate Settlement.

3. **State Cost Fund Amount.** The Settling Opioids Defendant shall pay into the State Cost Fund in the amount listed on, and on the schedule set forth in, Exhibit M (the "Settling Opioids Defendant's Contribution") for the purpose paying States' costs and expenses associated with to the opioid litigation.

4. **Joint State Cost Fund Committee.** A committee of Attorneys General or their designated

representatives (such committee, the "Joint State Cost Fund Committee") shall oversee the Joint State Cost Fund. The committee shall be appointed by the Settling State Members of the Enforcement Committee, who shall aim to (i) have equal representation between states that retained contingency fee outside counsel and states that did not retain contingency fee outside counsel with respect to opioids-related litigation, and (ii) maintain consistency of committee membership across state cost funds that compose the Joint State Cost Fund. The Settling State Members of the Enforcement Committee may by majority vote add to or change the composition of the Joint State Cost Fund Committee.

5. **Joint State Cost Fund Administrator.**

a. The Joint State Cost Fund Committee may select an administrator (the "Joint State Cost Fund Administrator"), who shall administer the Joint State Cost Fund and direct payments to Settling States according to the guidelines and directives of the Joint State Cost Fund Committee. While the expenses of the Joint State Cost Fund Administrator shall be reimbursable pursuant to the principles and guidelines listed below, the Joint State Cost Fund Administrator shall first rely on any separate funds that may be set aside for such purpose in any Multistate Settlement.

b. The Joint State Cost Fund Administrator shall be responsible, under the direction and supervision of the Joint State Cost Fund Committee, for receiving and reviewing applications for reimbursement from the Joint State Cost Fund. This may include the creation of an audit process to ensure the integrity of submissions, as well as reimbursement rules to incentivize accurate submissions.

6. **State Cost Fund Guidelines and Principles.**

a. Monies in the State Cost Fund shall be released without any delay to reimburse Settling States for documented costs incurred or paid in connection with litigation and investigation related to the opioid litigation.

b. In allocating the Joint State Cost Fund, the Joint State Cost Fund Committee shall seek to comply with the following principles:

1. Each State Cost Fund should be used to reimburse costs incurred by States that are Settling States in the Multistate Settlement from which funds are paid. (However, the foregoing sentence does not preclude a Non-Settling State that joins a separate Multistate Settlement from participating in the Joint State Cost Fund with respect to contributions made by other Opioids Defendants.)

2. Funds in any State Cost Fund shall be primarily used to reimburse costs incurred prior to the date on which the relevant Multistate Settlement was first made available for participation to eligible States. Regardless of other factors considered in prioritizing payments, all costs incurred prior to January 1, 2023, shall be paid

before any costs incurred after that date are paid.

3. The Joint State Cost Fund shall prioritize the reimbursement of the following over reimbursement of any State's litigation or investigation costs:

    - the reasonable costs of the Joint State Cost Fund Administrator;

    - repayment of National Association of Attorneys General grants made in connection with opioid litigation, without regard to when the grants were made;

    - repayment of state-attributable costs of any mediator in connection with negotiations of a Multistate Settlement;

4. The Joint State Cost Fund shall seek to prioritize costs in the following order:

    - litigation-related costs; then

    - investigation-related costs; then

    - settlement and negotiation related costs; then

    - cost shares.

5. Costs incurred by a State's outside counsel that the State is contractually obligated to reimburse shall be treated as costs incurred by a State.

6. As between similar categories of costs (e.g., defendant-specific litigation-related costs), the Joint State Cost Fund shall first reimburse costs incurred by a State's outside counsel that the State is contractually obligated to reimburse out of its recovery, and then reimburse costs directly incurred by States.

7. The Joint State Cost Fund shall be available to reimburse only those costs which have not yet been reimbursed to a State from any other source, including any other fund set aside in a Multistate Settlement or bankruptcy plan for the reimbursement of costs or any individual state settlements.

8. The Joint State Cost Fund should not reimburse expenses that are expected to be reimbursed from another source, such as a bankruptcy debtor, unless such expected reimbursements do not come to fruition within a reasonable amount of time. This includes cost shares paid by states.

9. When coordinating among different state cost funds that each could be used to reimburse a given expense, the Joint State Cost Fund Committee may set guidelines to equitably distribute reimbursements across all state cost funds in a manner that prioritizes costs unlikely to be otherwise reimbursed to a similarly situated State.

10. The Joint State Cost Fund may deny reimbursement of costs, on either an individual basis or a categorical basis, that a supermajority (75%+) of the Joint State Cost Fund Committee determines to be unreasonable.

11. After all costs identified in the foregoing have been reimbursed, the remaining funds in the Joint State Cost Fund shall be distributed to states in proportion to their allocation of remediation payments in the Mallinckrodt bankruptcy plan. Such distribution shall be treated as a reimbursement for States' unenumerated costs of administering the Multistate Settlements and no subdivision shares shall be carved out of such disbursement, nor shall any attorney's fees be assessed against such distribution (unless individually agreed to by a State).

c. In applying the foregoing principles, the Joint State Cost Fund Committee shall have the discretion to vary their application in order to ensure equity among similarly situated states and to facilitate the ease and speed of administering the Joint State Cost Fund. The Joint State Cost Fund Committee may also apply percentages to approximate costs attributable to a particular Opioids Defendant (or categories of Opioids Defendants) in a manner that seeks to treat similarly situated states equitably.

d. The Joint State Cost Fund Committee shall establish guidelines for the submission and approval of expenses eligible for reimbursement from the Joint State Cost Fund, which guidelines may be coordinated and consolidated with any similar cost funds in other state opioid settlements for purposes of joint administration and efficiency.

e. Unless waived by the Joint State Cost Fund Committee, the Joint State Cost Fund Administrator shall, in accordance with such guidelines, receive from Settling States records sufficient to demonstrate the incurrence and payment of each expense.

f. Where the Joint State Cost Fund Committee determines by a supermajority vote (75%+) that outside counsel for a Settling State has failed to exercise reasonable diligence in reviewing submitted costs for allowability, and such failure has resulted in the reimbursement of unallowed costs to such outside counsel, the Committee shall have the discretion to reduce or recover payments made to such outside counsel in an amount calculated to

incentivize the exercise of reasonable diligence.

7. **State Undertakings.** Each State submitting for reimbursement of costs from the Joint State Cost Fund agrees:

   a. to only submit costs allowable under this Joint State Cost Fund Agreement;

   b. to provide all back-up documentation that may be requested with respect to any submitted cost and to make itself available for any questions related to such costs;

   c. to exercise reasonable diligence to ensure that all submitted costs are allowable under (i) this Joint State Cost Fund Agreement, (ii) the State's contract with its outside counsel, if relevant, (iii) state law, and (iv) the policies and procedures applicable to the State's retention of outside counsel, if relevant; and

   d. to promptly return any excess payments made to the State or its outside counsel from the Joint State Cost Fund, including payments made for costs that were reimbursed from another source or are not allowable hereunder.

EXHIBIT V

CVS Settlement Agreement Sign-On Form

This form indicates whether an Eligible State has determined to become a Settling State under the CVS Settlement Agreement. Each Settling State's Attorney General represents that he or she has obtained (or will obtain no later than the Initial Subdivision Participation Date) the authority set forth in Section XI.G of the CVS Settlement Agreement. Attorneys General of Eligible States that determine to become Settling States are committing to obtaining any necessary additional State releases prior to the Effective Date.

The State/Commonwealth/Territory of_____ has determined:

☐ **to become** or
☐ **not to become**

a Settling State under the CVS Settlement Agreement

EXHIBIT X

Governor's Release of Opioid-Related Claims Pursuant to the CVS Settlement Agreement

I, [NAME], Governor of the [Commonwealth]/[State]/[Territory] of [Commonwealth]/[State]/[Territory], hereby authorize Attorney General [NAME] to settle and release, to the maximum extent of my power as Governor, all Released Claims of (1) all of [Commonwealth]/[State]/[Territory]'s past and present executive departments, agencies, divisions, boards, commissions and instrumentalities with regulatory authority to enforce state and federal controlled substances acts and (2) all of [Commonwealth]/[State]/[Territory]'s past and present executive departments, agencies, divisions, boards, commissions and instrumentalities that have the authority to bring Claims related to Alleged Harms and/or Covered Conduct seeking money (including abatement and/or remediation) or revocation of a pharmaceutical distribution or dispensing license. The foregoing authorization is given in connection with Section XI.G of the CVS Settlement Agreement dated as of December [●], 2022 setting forth the terms of settlement between and among CVS, on the one hand, and the Settling States and Participating Subdivisions, on the other hand. This release is intended to be a "release from a State's Governor" as contemplated in such section. Capitalized terms used herein and defined in the Settlement Agreement have the meanings given to them in such settlement agreement.

_____

[Name]
Governor of the [Commonwealth]/[State]/[Territory] of [Commonwealth]/[State]/[Territory]

TEVA GLOBAL OPIOID SETTLEMENT AGREEMENT

Whereas, the Settling States, Participating Subdivisions, Participating Special Districts, and Teva (as those terms are defined below) share a common desire to resolve disputes between them relating to opioid medications according to the terms set out in this agreement dated as of November 22, 2022 (the "*Agreement*");

Whereas, the Parties, Participating Subdivisions, and Participating Special Districts agree and understand that upon satisfaction of the conditions set forth in Sections II and XI, this Agreement will be binding on the Settling States, Teva, Participating Subdivisions, and Participating Special Districts;

Whereas, the Parties, Participating Subdivisions, and Participating Special Districts agree and understand that this Agreement will then be filed as part of Consent Judgments in the respective courts of each of the Settling States, pursuant to the terms set forth in Section III;

Whereas, the Parties, Participating Subdivisions, and Participating Special Districts agree and understand that they shall at all times act in good faith to implement and execute their obligations under this Agreement and shall not act in any way to purposefully frustrate the right of any party to receive the benefits due under the Agreement;

Whereas, it is recognized that Naloxone Hydrochloride Nasal Spray is a medication that counteracts the life-threatening effects of opioid overdose and significantly reduces opioid-overdose mortality;

Whereas, the Parties, Participating Subdivisions, and Participating Special Districts to this Agreement now desire to avoid further expense and proceedings and to settle their disputes under the terms and conditions of this Agreement as set forth below;

NOW, THEREFORE, IT IS HEREBY AGREED by and between the Parties, Participating Subdivisions, and Participating Special Districts by and through their respective counsel, as follows:

I. Definitions

Unless otherwise specified, the following definitions apply:

1. "*Abatement Accounts Fund*" means a component of the Settlement Fund described in subsection VIII.F.

2. "*Actavis Generic Entities*" means Actavis LLC (f/k/a Actavis Inc.), Actavis Elizabeth LLC, Actavis Kadian LLC, Actavis Pharma, Inc. (f/k/a Watson Pharma, Inc.), Actavis Kadian LLC, Actavis Laboratories UT, Inc. (f/k/a Watson Laboratories, Inc. - Utah), Actavis Mid Atlantic LLC, Actavis Totowa LLC, Actavis Laboratories FL, Inc. (f/k/a Watson Laboratories, Inc. - Florida), Actavis South Atlantic LLC, Warner Chilcott Company LLC, and Watson Laboratories, Inc.

3. "*Additional Restitution Amount*" means the amount available to Settling States listed in Exhibit M-3 of $28,669,762.00.

4. "*Agreement*" means this Teva Global Opioid Agreement, inclusive of all exhibits.

5. "*Alleged Harms*" means the alleged past, present, and future financial or societal and related expenditures arising out of the alleged misuse and abuse of opioid products, non-exclusive examples of which are described in the documents listed on Exhibit A, that have allegedly arisen as a result of the physical and bodily injuries sustained by individuals suffering from opioid-related addiction, abuse, death, and other related diseases and disorders, and that have allegedly been caused by Teva.

6. "*Allergan*" means Allergan Finance, LLC (f/k/a Actavis, Inc., which, in turn, was f/k/a/ Watson Pharmaceuticals, Inc.) and Allergan Limited (f/k/a Allergan plc, which, in turn, was f/k/a Actavis plc).

7. "*Allergan Global Opioid Settlement Agreement*" means the settlement agreement between and among States, Participating Subdivisions, Participating Special Districts, and Allergan to resolve opioid-related Claims against Allergan and other released entities (as defined therein).

8. "*Allocation Statute*" means a state law that governs allocation, distribution, and/or use of some or all of the Settlement Fund amounts allocated to that State and/or its Subdivisions and/or its Special Districts. In addition to modifying the allocation, as set forth in subsection VIII.E.2, an Allocation Statute may, without limitation, contain a Statutory Trust, further restrict expenditure of funds, form an advisory committee, establish oversight and reporting requirements, or address other default provisions and other matters related to the funds. An Allocation Statute is not required to address all three (3) types of funds comprising the Settlement Fund or all default provisions.

9. "*Annual Payment*" means the total amount of the Net Abatement Amount payable into the Settlement Fund by Teva on each Payment Date (including the Initial Year Payment), as calculated by the Settlement Fund Administrator pursuant to subsection VII.B.4 or agreed to pursuant to subsection VII.B.5, which shall not exceed the maximum payment for any given year as set forth in Exhibit M-1. This term does not include the Additional Restitution Amount, the Settlement Product Cash Conversion Amount, or amounts paid pursuant to Section XIV.

10. "*Appropriate Official*" means the official defined in subsection XVI.F.3.

11. "*Attorney Fee and Cost Payment*" means the total amount of the Global Settlement Attorney Fee Amount payable by Teva on the Payment Date of each year into the (1) Attorney Fee and Cost Fund, described in Exhibit R, (2) the State Cost Fund described in Exhibit S, and (3) the State Outside Counsel Fee Fund described in Exhibit T, for attorneys' fees, expenses, and costs of the Settling States, and Participating Subdivisions.

12. "*Attorney Fee and Cost Fund*" means an account consisting of $331,295,027.54 to pay attorneys' fees and costs of Litigating Subdivisions that become Participating Subdivisions and the MDL Expense Fund amounts pursuant to the agreement on attorneys' fees and costs attached as Exhibit R.

13. "*Bar*" means either (1) a ruling by the highest court of the State, or the intermediate court of appeals when not subject to further review by the highest court of the State in a State with a single intermediate court of appeals, setting forth the general principle that no Subdivisions or Special Districts in the State may maintain Released Claims against Released Entities, whether on the ground of the Agreement (or the release in it) or otherwise; (2) a law barring Subdivisions and Special Districts in the State from maintaining or asserting Released Claims against Released Entities (either through a direct bar or through a grant of authority to release claims and that authority is exercised in full); or (3) a Settlement Class Resolution in the State with full force and effect. For the avoidance of doubt, a law or ruling that is conditioned or predicated upon payment by a Released Entity (apart from payments by Teva incurred under the Agreement) shall not constitute a Bar.

14. "*Base Payment*" means the payments made pursuant to subsection VII.D.

15. "*Case-Specific Resolution*" means either (1) a law barring specified Subdivisions or Special Districts from maintaining Released Claims against Released Entities (either through a direct Bar or through a grant of authority to release claims and that authority is exercised in full) or (2) a ruling by a court of competent jurisdiction over a particular Subdivision or Special District that has the legal effect of barring the Subdivision or Special District from maintaining any Released Claims at issue against Released Entities, whether on the ground of the Agreement (or the release in it) or otherwise. For the avoidance of doubt, a law, ruling, or release that is conditioned or predicated upon a post-Effective Date payment by a Released Entity (apart from payments by Teva incurred under the Agreement or injunctive relief obligations incurred by it) shall not constitute a Case-Specific Resolution.

16. "*Claim*" means any past, present or future cause of action, claim for relief, cross-claim or counterclaim, theory of liability, demand, derivative claim, request, assessment, charge, covenant, damage, debt, lien, loss, fine, penalty, restitution, reimbursement, disgorgement, expenses, judgment, right, obligation, dispute, suit, contract, controversy, agreement, parens patriae claim, promise, performance, warranty, omission, or grievance of any nature whatsoever, whether legal, equitable, statutory, regulatory or administrative, whether arising under federal, state or local common law, statute, regulation, guidance, ordinance or principles of equity, whether filed or unfiled, whether asserted or unasserted, whether known or unknown, whether accrued or unaccrued, whether foreseen, unforeseen or unforeseeable, whether discovered or undiscovered, whether suspected or unsuspected, whether fixed or contingent, and whether existing or hereafter arising, in all such cases, including but not limited to any request for declaratory, injunctive, or equitable relief, compensatory, punitive, or statutory damages, absolute liability, strict liability, restitution, subrogation, contribution, indemnity, apportionment, disgorgement, reimbursement, attorney fees, expert fees, consultant fees, fines,

penalties, expenses, costs or any other legal, equitable, civil, administrative, or regulatory remedy whatsoever. Claim does not include any individuals' personal injury or wrongful death cause of action.

17. "*Claim Over*" means a Claim asserted by a Non-Released Entity against a Released Entity on the basis of contribution, indemnity, or other claim-over on any theory relating to a Non-Party Covered Conduct Claim asserted by a Releasor.

18. "*Compensatory Restitution Amount*" means the aggregate amount of payments by Teva hereunder other than amounts paid as attorneys' fees and costs or identified pursuant to subsection VIII.C as being used to pay attorneys' fees and investigation costs or litigation costs, plus the actual aggregate cost of Settlement Product provided to the Settling States by Teva.

19. "*Consent Judgment*" means a state-specific consent judgment, the general terms of which shall be agreed by the Settling States and Teva prior to the Reference Date and shall include (1) approval of this Agreement and (2) the release set forth in Section V, including the full and final resolution of any Released Claims that the Settling State has brought against Released Entities.

20. "*Court*" means the respective court for each Settling State to which the Agreement and the Consent Judgment are presented for approval and/or entry as to that Settling State, or the Northern District of Ohio for purposes of administering the Attorney Fee and Cost Fund and any related fee and cost agreements.

21. "*Covered Conduct*" means any actual or alleged act, failure to act, negligence, statement, error, omission, breach of any duty, conduct, event, transaction, agreement, service, work, misstatement, misleading statement, or other activity of any kind whatsoever from the beginning of time through the Reference Date of this Agreement (and any past, present, or future consequence of any such act, failure to act, negligence, statement, error, omission, breach of duty, conduct, event, transaction, agreement, service, work, misstatement, misleading statement, or other activity) arising from or relating in any way to (a) the availability, discovery, research, development, manufacture, packaging, repackaging, marketing, promotion, advertising, labeling, relabeling, recall, withdrawal, distribution, delivery, monitoring, reporting, supply, sale, prescribing, dispensing, physical security, warehousing, use or abuse of, or operating procedures relating to, any Product, or any system, plan, policy, procedure, or advocacy relating to any Product or class of Products, including, but not limited to, any unbranded or branded promotion, marketing, or advertising, unbranded information, patient support or assistance, educational programs, consultancy, research, or other programs, campaigns, lobbying, or grants, sponsorships, charitable donations, or other funding relating to any Product or class of Products; (b) the characteristics, properties, risks, or benefits of any Product or class of Products; (c) the monitoring, reporting, disclosure, non-monitoring, non-reporting, or non-disclosure to federal, state, or other regulators of orders for any Product or class of Products; (d) the selective breeding, harvesting, extracting, purifying, exporting, importing, applying for quota for, procuring quota for, handling, promoting, manufacturing, processing,

packaging, supplying, distributing, converting, or selling of, or otherwise engaging in any activity relating to, precursor or component Products, including but not limited to natural, synthetic, semi-synthetic, or chemical raw materials, starting materials, finished active pharmaceutical ingredients, drug substances, or any related intermediate Products; or (e) diversion control programs or suspicious order monitoring related to any Product. The foregoing is not intended to apply to claims alleging contamination of products.

22. "*Covered Special District*" means a Special District that is (1) a school district with K-12 student enrollment of at least 25,000 or 0.12% of a State's population, whichever is greater; (2) a fire district that covers a population of 25,000, or 0.20% of a State's population if a State's population is greater than 18 million (though, if a fire district's population is not easily calculable from state data sources and agreed to between the State and Teva, it is calculated by dividing the population of the county or counties a fire district serves by the number of fire districts in the county or counties); or (3) a healthcare district or hospital district with at least 125 hospital beds in one or more hospitals rendering services in that district.

23. "*Designated State*" means New York.

24. "*Effective Date*" means the date sixty (60) days after the Reference Date.

25. "*Eligible State*" means a State that is not a Prior Settling State and is thus eligible to participate in this Agreement and become a Settling State.

26. "*Enforcement Committee*" means a committee consisting of representatives of the Settling States and of the Participating Subdivisions. Exhibit B contains the organizational bylaws of the Enforcement Committee. Notice pursuant to subsection XVI.P shall be provided when there are changes in membership or contact information.

27. "*Exhibit G Participant"* means a Participating Subdivision or Participating Special District that appears in Exhibit G at the relevant point in time. Nothing about the use of the term Exhibit G Participant changes the ability to amend the list of entities listed on Exhibit G pursuant to this Agreement.

28. "*Force Majeure Event*" means any event reasonably beyond the control of Teva that prevents Teva from manufacturing or distributing Settlement Product, including wars, hostilities, revolution, riots, civil commotion, national emergency, unavailability of supplies, epidemics, fire, flood, earthquake, force of nature, explosion, terrorist act, embargo, or any act of God, or any law, regulation, ordinance, or other act or order of any court or governmental authority.

29. "*Global Settlement Abatement Amount*" means the total abatement amount of $3,611,561,762.00. (This figure does not reflect the application of the Prior Settlements Credit or potential offsets. It also does not include amounts paid to the Additional Restitution Amount, which may be used for abatement.)

30. "*Global Settlement Amount*" means $4,246,567,371.76 and consists of the Global Settlement Abatement Amount, the Global Settlement Attorney Fee Amount, the Additional Restitution Amount, and the Settlement Product Cash Conversion Amount.

31. "*Global Settlement Attorney Fee Amount*" means $366,335,847.76, which consists of the Attorney Fee and Cost Fund, the State Outside Counsel Fee Fund, and the State Cost Fund.

32. "*Implementation Administrator*" means the vendor agreed to by the Parties and retained by Teva and Allergan to provide notice pursuant to subsection X.A and to manage the initial joinder period for Subdivisions and Special Districts, including the issuance and receipt of Settlement Participation Forms.

33. "*Implementation Costs*" means the costs for the Implementation Administrator, which shall be paid for pursuant to subsection VI.C.

34. "*Incentive A*" means the incentive payment described in subsection VII.E.5.

35. "*Incentive B*" means the incentive payment described in subsection VII.E.6.

36. "*Incentive C*" means the incentive payment described in subsection VII.E.7.

37. "*Incentive D*" means the incentive payment described in subsection VII.E.8.

38. "*Incentive Payment*" means the payments made pursuant to subsection VII.E.

39. "*Initial Participating Special District*" means a Special District that meets the requirements set forth in subsection X.L.

40. "*Initial Participating Subdivision*" means a Subdivision that meets the requirements set forth in subsection X.D.

41. "*Initial Participation Date*" means the date ninety (90) days after the Preliminary Agreement Date, unless it is extended by written agreement of Teva and the Enforcement Committee.

42. "*Initial Year Payment*" means the first Annual Payment of the Net Abatement Amount payable into the Settlement Fund by Teva on the Payment Date as calculated by the Settlement Fund Administrator pursuant to subsection VII.B.4 or agreed to pursuant to subsection VII.B.5, which shall not exceed the maximum payment for the Initial Year Payment as set forth in Exhibit M-1.

43. *"Injunctive Relief Terms*" means the terms described in Section IV and set forth in Exhibit P.

44. "*Later Litigating Special District*" means a Special District (or Special District official asserting the right of or for the Special District to recover for Alleged Harms to the Special District and/or the people thereof) that is not a Litigating Special

District and that files a lawsuit bringing a Released Claim against a Released Entity, or that adds such a Claim to a pre-existing lawsuit, after the Preliminary Agreement Date. It may also include a Litigating Special District whose Claims were resolved by a Bar or Case-Specific Resolution, which is later revoked following the execution date of this Agreement, when such Litigating Special District takes any affirmative step in its lawsuit other than seeking a stay, removal or dismissal with prejudice.

45. "*Later Litigating Subdivision*" means a Subdivision (or Subdivision official asserting the right of or for the Subdivision to recover for Alleged Harms to the Subdivision and/or the people thereof) that is not a Litigating Subdivision and that files a lawsuit bringing a Released Claim against a Released Entity, or that adds such a Claim to a pre-existing lawsuit, after the Preliminary Agreement Date. It may also include a Litigating Subdivision whose Claims were resolved by a Bar or Case-Specific Resolution, which is later revoked following the execution date of this Agreement, when such Litigating Subdivision takes any affirmative step in its lawsuit other than seeking a stay, removal, or dismissal with prejudice.

46. "*Later Participating Special District*" means a Participating Special District that meets the requirements of subsection X.M but is not an Initial Participating Special District.

47. "*Later Participating Subdivision*" means a Participating Subdivision that meets the requirements of subsection X.E but is not an Initial Participating Subdivision.

48. "*Litigating Special District*" means a Special District (or Special District official asserting the right of or for the Special District to recover for Alleged Harms to the Special District and/or the people thereof) that brought any Released Claims against any Released Entities on or before the Preliminary Agreement Date that were not separately resolved prior to that date. Exhibit C includes an agreed list of the Litigating Special Districts. Exhibit C will be updated (including with any corrections) periodically, and a final version of Exhibit C will be attached hereto as of the Effective Date.

49. "*Litigating Subdivision*" means a Subdivision (or Subdivision official asserting the right of or for the Subdivision to recover for Alleged Harms to the Subdivision and/or the people thereof) that brought any Released Claims against any Released Entities on or before the Preliminary Agreement Date that were not separately resolved prior to that date. A Prior Settling Subdivision shall not be considered a Litigating Subdivision. Exhibit C includes an agreed list of the Litigating Subdivisions. Exhibit C will be updated (including with any corrections) periodically, and a final version of Exhibit C will be attached hereto as of the Effective Date.

50. "*National Arbitration Panel*" means the panel described in subsection XV.G.4.

51. "*National Disputes*" means the disputes described in subsection XV.G.4.a.

52. "*Net Abatement Amount*" means $2,945,529,111.00, which is the Global Settlement Abatement Amount adjusted for the Prior Settlements Credit pursuant to subsection VII.C.2.

53. "*Non-Litigating Covered Special District*" means a Covered Special District that is not a Litigating Special District.

54. "*Non-Litigating Special District"* means a Special District that is neither a Litigating Special District nor a Later Litigating Special District.

55. "*Non-Litigating Subdivision*" means a Subdivision that is not (1) a Litigating Subdivision, (2) a Later Litigating Subdivision, or (3) a Prior Settling Subdivision.

56. "*Non-Participating Special District*" means a Special District that is not a Participating Special District.

57. "*Non-Participating Subdivision*" means a Subdivision that is not a Participating Subdivision. For the avoidance of doubt, Non-Participating Subdivision also includes Prior Settling Subdivisions.

58. "*Non-Party Covered Conduct Claim*" means a Claim against any Non-Released Entity involving, arising out of, or related to Covered Conduct (or conduct that would be Covered Conduct if engaged in by a Released Entity).

59. "*Non-Party Settlement*" means a settlement by any Releasor that settles any Non-Party Covered Conduct Claim and includes a release of any Non-Released Entity.

60. "*Non-Released Entity*" means an entity that is not a Released Entity.

61. "*Non-Settling State*" means a State that is an Eligible State but not a Settling State.

62. "*Opioid Remediation*" means care, treatment, and other programs and expenditures (including reimbursement for past such programs or expenditures except where this Agreement restricts the use of funds solely to future Opioid Remediation) designed to (1) address the misuse and abuse of opioid products, (2) treat or mitigate opioid use or related disorders, or (3) mitigate other alleged effects of the opioid abuse crisis, including on those injured as a result of the opioid abuse crisis. Exhibit E provides a non-exhaustive list of expenditures that qualify as being paid for Opioid Remediation. Qualifying expenditures may include reasonable related administrative expenses.

63. "*Participating Special District*" means a Special District that signs the Settlement Participation Form annexed hereto as Exhibit K and meets the requirements for becoming a Participating Special District under Section X. Participating Special Districts include both Initial Participating Special Districts and Later Participating Special Districts.

64. "*Participating Subdivision*" means a Subdivision that signs a Settlement Participation Form annexed hereto as Exhibit K and meets requirements for

becoming a Participating Subdivision under Section X. Participating Subdivisions include both Initial Participating Subdivisions and Later Participating Subdivisions.

65. "*Parties*" means Teva and the Settling States (each, a "*Party*").

66. "*Payment Date*" means the date on which Teva makes its Annual Payments (including its Initial Year Payment), Additional Restitution Payments, Settlement Product Cash Conversion Amount, and Attorney Fee and Cost Payments, pursuant to Section VII and XIII and Exhibit M. The first Payment Date is thirty (30) days after the Effective Date. The second Payment Date is July 15, 2024. The Payment Date is July 15 in all subsequent years.

67. "*Payment Year*" means the calendar year during which the applicable Annual Payment is due pursuant to subsection VII.B. Payment Year 1 is 2023, Payment Year 2 is 2024 and so forth. References to payment "for a Payment Year" mean the Annual Payment due that year. References to eligibility "for a Payment Year" mean eligibility in connection with the Annual Payment due during that year.

68. "*Preliminary Agreement Date*" means the date on which Teva gives notice to the Settling States and MDL Plaintiffs' Executive Committee of its determination that a sufficient number of States have agreed to be Settling States to proceed with notice pursuant to subsection X.A. This date shall be no more than fourteen (14) days after the end of the notice period to States (as set forth in subsection II.A) unless it is extended by written agreement of Teva and the Enforcement Committee.

69. "*Primary Subdivision*" means a Subdivision that has a population of 30,000 or more. A list of Primary Subdivisions in each State is provided in Exhibit I, and such list shall be updated if any Primary Subdivision is inadvertently missed or included.

70. *"Prior Settlements Credit"* means the credit of $666,032,651.00, reflecting that the allocations for Prior Settling States and Prior Settling Subdivisions for Claims related to the Covered Conduct against Teva and/or other Released Entities were or will be separately settled. The credit is applied pursuant to subsection VI.A.1.

71. *"Prior Settling State"* means Florida, Louisiana, Rhode Island, Texas, and West Virginia and all Subdivisions and Special Districts within those States, and Oklahoma,[1] whose Claims were released as part of those States' settlements

72. *"Prior Settling Subdivision"* means the City and County of San Francisco, California, Cuyahoga County, Ohio, and Summit County, Ohio.

73. "*Product*" means any chemical substance, whether used for medicinal or non-medicinal purposes, and whether natural, synthetic, or semi-synthetic, or any

[1] Claims of Oklahoma Subdivisions and Special Districts were not released as part of Teva's settlement with Oklahoma and therefore have the opportunity to participate. Terms related to Oklahoma Subdivisions and Special Districts are to be addressed in Exhibit H, which shall be prepared by Teva and presented to the Oklahoma Subdivisions and Special Districts during the notice period to States.

finished pharmaceutical product made from or with such substance, that is an opioid or opiate, as well as any product containing any such substance. It also includes: 1) the following when used in combination with opioids or opiates: benzodiazepine, carisoprodol, zolpidem, or gabapentin; and 2) a combination or "cocktail" of any stimulant or other chemical substance prescribed, sold, bought, or dispensed to be used together that includes opioids or opiates. For the avoidance of doubt, "*Product*" does not include benzodiazepine, carisoprodol, zolpidem, or gabapentin when not used in combination with opioids or opiates. "*Product*" includes but is not limited to any substance consisting of or containing buprenorphine, codeine, fentanyl, hydrocodone, hydromorphone, meperidine, methadone, morphine, naloxone, naltrexone, oxycodone, oxymorphone, pentazocine, propoxyphene, tapentadol, tramadol, opium, heroin, carfentanil, any variant of these substances, or any similar substance. "*Product*" also includes any natural, synthetic, semi-synthetic or chemical raw materials, starting materials, finished active pharmaceutical ingredients, drug substances, and any related intermediate products used or created in the manufacturing process for any of the substances described in the preceding sentence.

74. "*Reference Date*" means the date on which Teva is to inform the Settling States and MDL Plaintiffs' Executive Committee of its determination whether there is sufficient resolution of Claims and potential Claims at the Subdivision level to go forward with the settlement. The Reference Date shall be no later than thirty (30) days after the Initial Participation Date, unless it is extended by written agreement of Teva and the Enforcement Committee.

75. "*Released Claims*" means any and all Claims that directly or indirectly are based on, arise out of, or in any way relate to or concern the Covered Conduct occurring prior to the Reference Date. Without limiting the foregoing, "Released Claims" include any Claims that have been asserted against the Released Entities by any Settling State or any of its Litigating Subdivisions or Litigating Special Districts in any federal, state or local action or proceeding (whether judicial, arbitral, or administrative) based on, relating to, in whole or in part, the Covered Conduct, or any such Claims that could be or could have been asserted now or in the future in those actions or in any comparable action or proceeding brought by a State, any of its Subdivisions or Special Districts, or any Releasors (whether or not such State, Subdivision, Special District, or Releasor has brought such action or proceeding). Released Claims also include all Claims against Released Entities asserted in any proceeding to be dismissed pursuant to the Agreement, whether or not such claims relate to Covered Conduct. "Released Claims" shall be interpreted broadly. This Agreement does not release Claims by private individuals. Claims by private individuals shall be treated in accordance with applicable law. Released Claims is also used herein to describe Claims brought by a Later Litigating Subdivision or other non-party Subdivision or Special District that would have been Released Claims if they had been brought by a Releasor against a Released Entity.

76. "*Released Entities*" means Teva; and (1) all of Teva's respective past and present direct or indirect parents, subsidiaries, divisions, affiliates, joint ventures (but excluding joint venture partners), predecessors, successors and assigns; (2) Teva's

insurers (solely in their role as insurers with respect to the Released Claims); and (3) Teva's past and present officers, directors, members, shareholders (solely in their capacity as shareholders of the foregoing entities), partners, trustees, employees, agents and attorneys (for actions that occurred during and related to their work for, or employment with, Teva). Any person or entity described in clauses (2)-(3) shall be a Released Entity solely in the capacity described in such clause. A list of all of the indirect parents, subsidiaries, affiliates and joint ventures released pursuant to clause (1) is attached as Exhibit J. For the avoidance of doubt, any entity acquired, or joint venture entered into, by Teva after the Reference Date is not a Released Entity, regardless of whether they are listed on Exhibit J.

77. "*Releasors*" means (1) each Settling State; (2) each Participating Subdivision; (3) each Participating Special District; and (4) without limitation and to the maximum extent of the power of each Settling State's Attorney General and/or Participating Subdivision and Participating Special District to release Claims, (a) the Settling State's, Participating Subdivision's, and Participating Special District's departments, agencies, divisions, boards, commissions, Subdivisions, districts, instrumentalities of any kind and attorneys, including its Attorney General, and any person in their official capacity whether elected or appointed to serve any of the foregoing and any agency, person, or other entity claiming by or through any of the foregoing, (b) any public entities, public instrumentalities, public educational institutions, unincorporated districts, fire districts, irrigation districts, water districts, emergency services districts, school districts, healthcare districts, hospital districts, Sheriffs and law enforcement districts, library districts, coroner's offices, and public transportation authorities, and other Special Districts in a Settling State, including those with the regulatory authority to enforce state and federal controlled substances acts or the authority to bring Claims related to Covered Conduct seeking money (including abatement (or remediation and/or restitution)) or revoke a pharmaceutical distribution license, and (c) any person or entity acting in a parens patriae, sovereign, quasi-sovereign, private attorney general, qui tam, taxpayer, or other capacity seeking relief, including but not limited to, fines, penalties, or punitive damages, on behalf of or generally applicable to the general public with respect to a Settling State or a Subdivision or Special District in a Settling State, whether or not any of them participate in the Agreement. "Releasors" does not include persons acting in an individual capacity, regardless of the type of relief sought. The inclusion of a specific reference to a type of entity in this definition shall not be construed as meaning that the entity is not a Subdivision. In addition to being a Releasor as provided herein, Participating Subdivisions and Participating Special Districts shall also provide a Settlement Participation Form providing for a release to the fullest extent of the Participating Subdivision's and Participating Special District's authority, which is attached as Exhibit K. Each Settling State's Attorney General represents that he or she has or has obtained (or will obtain no later than the Effective Date) the authority set forth in the Representation and Warranty subsection of Section V.

78. "*Revocation Event*" means with respect to a Bar, Settlement Class Resolution, or Case-Specific Resolution, a legislative amendment or a revocation, rescission,

reversal, overruling, or interpretation that in any way limits the effect of such Bar, Settlement Class Resolution, or Case-Specific Resolution on Released Claims or any other action or event that otherwise deprives the Bar, Settlement Class Resolution or Case-Specific Resolution of force or effect in any material respect.

79. "*Settlement Class Resolution*" means a class action resolution in a court of competent jurisdiction in a Settling State with respect to a class of Subdivisions and Special Districts in that State that (1) conforms with that Settling State's statutes, case law, and/or rules of procedure regarding class actions; (2) is approved and entered as an order of a court of competent jurisdiction in that State and has become final as defined in "State-Specific Finality"; (3) is binding on all Non-Participating Subdivisions and Non-Participating Special Districts in that State (other than opt outs as permitted under the next sentence); (4) provides that all such Non-Participating Subdivisions or Non-Participating Special Districts may not bring Released Claims against Released Entities, whether on the ground of the Agreement (or the releases herein) or otherwise; and (5) does not impose any costs or obligations on Teva other than those provided for in the Agreement, or contain any provision inconsistent with any provision of the Agreement. If applicable state law requires that opt-out rights be afforded to members of the class, a class action resolution otherwise meeting the foregoing requirements shall qualify as a Settlement Class Resolution unless Subdivisions collectively representing more than 1% of the total population of all of that State's Subdivisions listed in Exhibit G opt out. In seeking certification of any Settlement Class, the applicable State and Participating Subdivisions shall make clear that certification is sought solely for settlement purposes and shall have no applicability beyond approval of the settlement for which certification is sought. Nothing in this Agreement constitutes an admission by any Party that class certification would be appropriate for litigation purposes in any case.

80. "*Settlement Fund*" means the interest-bearing fund established under the Agreement into which Annual Payments by Teva are made pursuant to Section VII. The Settlement Fund comprises the Abatement Accounts Fund, State Fund, and Subdivision Fund.

81. "*Settlement Fund Administrator*" means the entity that determines the Annual Payments (including calculating Incentive Payments pursuant to Section VI and any amounts subject to offset pursuant to Sections VII.C and XII), and administers and distributes amounts into the Settlement Fund. It shall also administer and distribute the Additional Restitution Amount pursuant to Section XIII. The duties of the Settlement Fund Administrator shall be governed by this Agreement. Prior to the Initial Participation Date, the Parties shall agree to selection and removal processes for and a detailed description of the Settlement Fund Administrator's duties all of which shall be appended to the Agreement as Exhibit L.

82. "*Settlement Fund Administrator Costs*" means any costs and fees associated with or arising out of the duties of the Settlement Fund Administrator with regard to Teva and Allergan's payments to the Settlement Fund as described in Exhibit L and

elsewhere in this Agreement, including those arising from the use of a bank or other financial institution to receive and disburse payments.

83. "*Settlement Fund Escrow*" means the interest-bearing escrow fund established pursuant to this Agreement to hold disputed payments made under this Agreement.

84. "*Settlement Participation Form*" means the form attached as Exhibit K that Participating Subdivisions and Participating Special Districts must execute and provide to Teva and the Implementation Administrator or Settlement Fund Administrator, and which shall (1) make such Participating Subdivisions and Participating Special Districts signatories to this Agreement, (2) include a full and complete release of any and all of such Participating Subdivisions' and Participating Special Districts' Claims and (3) require prompt cessation of litigation activity as set forth in Section III, and request for dismissal with prejudice of any Released Claims that have been filed against Released Entities by any such Participating Subdivisions or Participating Special Districts within fourteen (14) business days after the Reference Date.

85. "*Settlement Payment Schedule*" means the schedule of payments attached to this Agreement as Exhibit M. Actual payment amounts are subject to adjustments consistent with this Agreement.

86. "*Settlement Product*" means finished good kits (two (2) devices per kit) of "Naloxone Hydrochloride Nasal Spray" (4 mg strength) that is listed in Teva's then-current generics catalog, which can be viewed at www.tevagenerics.com, and is provided to the Settling State as part of the settlement, at no cost as set forth in Section IX and Exhibit D.

87. "*Settlement Product Cash Conversion Amount*" means the resulting dollar amount from when a Settling State has elected to convert all or a portion of its Settlement Product allocation into a cash payment pursuant to Section IX and Exhibit D. The aggregate, maximum amount that could be paid from the conversion of Settlement Product into cash is $240,000,000.00.

88. "*Settlement Product Election Form*" means the form a Settling State uses to submit its election of the Settling State's allocation of Settlement Product or cash conversion of Settlement Product pursuant to Section IX and Exhibit D.

89. "*Settling State*" means any Eligible State that has entered into this Agreement.

90. "*Special District*" means (1) formal and legally recognized sub-entities of a State recognized by the U.S. Census Bureau[2] and those listed on Exhibit C, and (2) any person, official, or entity thereof acting in an official capacity. Special Districts do not include sub-entities of a State that provide general governance for a defined

[2] All such entities are found on the "Special District," "School District," and "DEP School District" tabs of the Census Bureau's 2017 Government Units Listing spreadsheet available at https://www2.census.gov/programs-surveys/gus/datasets/2017/govt_units_2017.ZIP.

area that would qualify as a Subdivision. Entities that include any of the following words or phrases in its name shall not be considered a Special District: mosquito, pest, insect, spray, vector, animal, air quality, air pollution, clean air, coastal water, tuberculosis, and sanitary.

91. "*State*" means any state of the United States of America, the District of Columbia, American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands. Additionally, the use of non-capitalized "state" to describe something (e.g., "state court") shall also be read to include parallel entities in commonwealths, territories, and the District of Columbia (e.g., "territorial court").

92. "*State Allocation Percentage*" means the allocation percentages for Eligible States as set forth in Exhibit F-2, which have been adjusted from the State Global Allocation Percentages to account for the Prior Settlements Credit.

93. "*State Cost Fund*" means the fund totaling $6,371,058.22 and described in Exhibit S.

94. "*State Global Allocation Percentage*" means the allocation percentages for all States as set forth in Exhibit F-1, which represents allocations before the Prior Settlements Credit is applied.

95. "*State Fund*" means a component of the Settlement Fund described in subsection VIII.D.

96. "*State Outside Counsel Fee Fund*" means the fund totaling $28,669,762.00 and described in Exhibit T.

97. "*State-Specific Finality*" means, with respect to the Settling State in question:

    a. the Agreement and the Consent Judgment have been approved and entered by the Court as to Teva, including the release of all Released Claims against Released Entities as provided in this Agreement;

    b. for all lawsuits brought by the Settling State against Released Entities for Released Claims, either previously filed or filed as part of the entry of the Consent Judgment, the Court has stated in the Consent Judgment or otherwise entered an order finding that all Released Claims against Released Entities asserted in the lawsuit have been resolved by agreement; and

    c. (1) the time for appeal or to seek review of or permission to appeal from the approval and entry as described in subsection (a) hereof and entry of such order described in subsection (b) hereof has expired; or (2) in the event of an appeal, the appeal has been dismissed or denied, or the approval and entry described in (a) hereof and the order described in subsection (b) hereof have been affirmed in all material respects (to the extent challenged in the appeal) by the court of last resort to which such appeal has been taken and

such dismissal or affirmance has become no longer subject to further appeal (including, without limitation, review by the United States Supreme Court).

98. "*State-Subdivision Agreement*" means an agreement that a Settling State reaches with the Subdivisions in that State regarding the allocation, distribution, and/or use of funds allocated to that State and to Exhibit G Participants in that State. A State-Subdivision Agreement shall be effective if approved pursuant to the provisions of Exhibit O or if adopted by statute. Preexisting agreements addressing funds other than those allocated pursuant to this Agreement shall qualify if the approval requirements of Exhibit O are met. A State and its Subdivisions may revise, supplement, or refine a State-Subdivision Agreement if approved pursuant to the provisions of Exhibit O or if adopted by statute.

99. "*Statewide Payment Amount"* means the amount from an Annual Payment to be paid to a Settling State, its separate types of funds (if applicable), and its Exhibit G Participants.

100. "*Statutory Trust*" means a trust fund established by state law to receive funds allocated to a State's Abatement Accounts Fund and restrict their expenditure to Opioid Remediation purposes subject to reasonable administrative expenses. A State may give a Statutory Trust authority to allocate one or more of the three Settlement Funds, but this is not required.

101. "*Subdivision*" means (1) a formal and legally recognized sub-entity of a State that provides general governance for a defined area, such as a municipality, county, parish, city, town, incorporated township, village, borough, or any other entities that provide municipal-type government within a State, and (2) any person, official, or entity thereof acting in an official capacity on behalf of the Subdivision (including, without limitation, district attorneys, county attorneys, city attorneys, Sheriffs, and any other official, employee, or representative). Unless otherwise specified, "Subdivision" includes all functional counties and parishes and other functional levels of sub-entities of a State that provide general governance for a defined area. Historic, non-functioning sub-entities of a State (such as Connecticut counties) are not Subdivisions, unless the entity has filed a lawsuit that includes a Released Claim against a Released Entity in a direct, parens patriae, or any other capacity. For purposes of this Agreement, the term Subdivision does not include Special Districts.

102. "*Subdivision and Special District Allocation Percentage*" means for Subdivisions and Special Districts in a Settling State that are eligible to receive an allocation from the Subdivision Fund pursuant to subsection VIII.D or subsection VIII.E, the percentage as set forth in Exhibit G. The aggregate Subdivision and Special District Allocation Percentage of all Subdivisions and Special Districts receiving a Subdivision and Special District Allocation Percentage in each State shall equal 100%. Immediately upon the effectiveness of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary

redistribution allowed by subsection VIII.E.3) that addresses allocation from the Subdivision Fund, whether before or after the Initial Participation Date, Exhibit G will automatically be amended to reflect the allocation from the Subdivision Fund pursuant to the State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3. The Subdivision and Special District Allocation Percentages contained in Exhibit G may not change once notice is distributed pursuant to subsection X.A, except upon the effectiveness of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3) that addresses allocation from the Subdivision Fund. For the avoidance of doubt, no Subdivision or Special District not listed on Exhibit G shall receive an allocation from the Subdivision Fund and no provision of this Agreement shall be interpreted to create such an entitlement.

103. "*Subdivision Fund*" means a component of the Settlement Fund described in subsection VIII.D.

104. "*Teva*" means (i) Teva Pharmaceutical Industries Ltd. and (ii) all of its respective past and present direct or indirect parents, subsidiaries, divisions, affiliates, joint ventures, predecessors, successors, assigns, including but not limited to Teva Pharmaceuticals USA, Inc., the Actavis Generic Entities, and Anda Inc.

105. "*Threshold Motion*" means a motion to dismiss or equivalent dispositive motion made at the outset of litigation under applicable procedure. A Threshold Motion must include as potential grounds for dismissal, any applicable Bar or the relevant release by a Settling State, Participating Subdivision, or Participating Special District provided under this Agreement and, where appropriate under applicable law, any applicable limitations defense.

II. Participation by States and Condition to Preliminary Agreement

A. *Notice to States*. On November 22, 2022, this Agreement shall be distributed to all Eligible States. The Eligible States' Attorneys General shall then have a period of thirty (30) days to decide whether to become Settling States. Eligible States will decide whether to become Settling States for both this Agreement and the Allergan Global Opioid Settlement Agreement, or decline participation in both settlements. If a State is only an Eligible State with respect to one of the Agreements, the State need only decide whether to become a Settling State with respect to the Agreement for which it is an Eligible State. States that determine to become Settling States shall so notify the Enforcement Committee and Teva within thirty (30) days after November 22, 2022, and shall further commit to obtaining any

necessary additional State releases prior to the Effective Date. This notice period for States may be extended by written agreement of Teva and the Enforcement Committee.

B. *Ineligible States.* Non-Settling States and Prior Settling States shall not be eligible for any payments or have any rights in connection with this Agreement, except for Subdivisions and Special Districts within Oklahoma as specified in Exhibit H.

C. *Condition to Preliminary Agreement*. Following the notice period to Eligible States set forth in subsection II.A above, Teva shall determine on or before the Preliminary Agreement Date whether, in its sole discretion enough States have agreed to become Settling States to proceed with notice to Subdivisions as set forth in Section X below. The determination to proceed shall be in the sole discretion of Teva and may be based on any criteria or factors deemed relevant by Teva. If Teva determines that this condition has been satisfied, and that notice to the Subdivisions should proceed, it will so notify the Settling States by providing notice to the Enforcement Committee on the Preliminary Agreement Date. If Teva determines that this condition has not been satisfied, it will so notify the Settling States by providing notice to the Enforcement Committee, and this Agreement will have no further effect and all releases and other commitments or obligations contained herein will be void other than Teva's funding of Implementation Costs incurred to date. The Preliminary Agreement Date may be extended by written agreement of Teva and the Enforcement Committee.

D. *Later Joinder by States*. After the Preliminary Agreement Date, an Eligible State may only become a Settling State with the consent of Teva, in its sole discretion. If a State becomes a Settling State more than thirty (30) days after the Preliminary Agreement Date, the Subdivisions and Special Districts in that State that become Participating Subdivisions and Participating Special Districts within ninety (90) days of the State becoming a Settling State shall be considered Initial Participating Subdivisions or Initial Participating Special Districts.

III. Cessation of Litigation Activities

A. Following the Preliminary Agreement Date, if Teva has determined to proceed with notice pursuant to subsection X.A, all Litigating States that intend to become Settling States and that are engaged in or have engaged in discovery and/or substantive motion practice ("*Active Litigation*") against a Released Entity shall make reasonable efforts to immediately cease litigation activity (e.g., written and document discovery, depositions, expert disclosures, and motion practice) against Teva, where feasible, or to minimize litigation activity by means of agreed deadline extensions and agreed postponement of depositions, document productions, and motion practice. Teva shall cooperate in such efforts. The obligations under this subsection do not extend past the Reference Date if Teva determines it is not going forward with the Agreement. This subsection III.A does not apply to Litigating States with a trial date within six (6) months of the Preliminary Agreement Date, though such Litigating States and Teva shall engage in good faith discussions regarding the potential cessation of litigation activity.

B. Following the execution of the Settlement Participation Form, attached as Exhibit K, indicating its intention to participate in the global settlement, a Litigating Subdivision

or Litigating Special District shall take reasonable steps to immediately cease all litigation activity (e.g., written and document discovery, depositions, expert disclosures, and motion practice) against Teva, where feasible, or minimize litigation activity by means of an agreed upon temporary "stay" of litigation and/or deadline extensions or postponement of litigation activity including depositions, document productions, and motion practice, unless the Litigating Subdivision or Litigating Special District reasonably concludes that it would be prejudiced by doing so. Teva shall cooperate in such efforts. The obligations under this subsection do not extend past the Reference Date if Teva determines it is not going forward with the settlement. This paragraph III.B does not apply to Litigating Subdivisions and Litigating Special Districts with a trial date within six (6) months of the Preliminary Agreement Date, though such Litigating Subdivisions and Litigating Special Districts and Teva shall engage in good faith discussions regarding the potential cessation of litigation activity.

C. Following the Reference Date, the Settling States shall endeavor to file Consent Judgments (the contents of which must be agreed upon with Teva) within thirty (30) days of the Reference Date. Participating Subdivisions and Participating Special Districts, as applicable, shall request dismissal of their actions with prejudice within fourteen (14) days of the Reference Date. The Settling States, Participating Subdivisions, and Participating Special Districts shall use best efforts to get Consent Judgments or orders of dismissal with prejudice, as applicable, entered promptly after filing.

IV. Injunctive Relief

A. *Entry of Injunctive Relief*. As part of the Consent Judgment, the Parties agree to the Injunctive Relief Terms attached as Exhibit P.

V. Release

A. *Scope*. As of the Effective Date, the Released Entities will be released and forever discharged from all of the Releasors' Released Claims. Each Settling State (for itself and its Releasors) and Participating Subdivision (for itself and its Releasors), and Participating Special District (for itself and its Releasors) will, on or before the Effective Date, absolutely, unconditionally, and irrevocably covenant not to bring, file, or claim, or to cause, assist in bringing, or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in any forum whatsoever. The releases provided for in the Agreement are intended to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar against any liability relating in any way to Released Claims and extend to the full extent of the power of each Settling State and its Attorney General to release Claims. The Release shall be a complete bar to any Released Claim.

B. *Claim Over and Non-Party Settlement*.

1. *Statement of Intent.* It is the intent of the Parties that:

   a. Released Entities should not seek contribution or indemnification (other than pursuant to an insurance contract) from other parties for their payment obligations under this Agreement;

   b. the payments made under this Agreement shall be the sole payments made by the Released Entities to the Releasors involving, arising out of, or related to Covered Conduct (or conduct that would be Covered Conduct if engaged in by a Released Entity);

   c. Claims by Releasors against non-Parties should not result in additional payments by Released Entities, whether through contribution, indemnification or any other means; and

   d. the Settlement meets the requirements of the Uniform Contribution Among Joint Tortfeasors Act and any similar state law or doctrine that reduces or discharges a released party's liability to any other parties. Any amounts payable by Teva pursuant to this Agreement, including but not limited to the Net Abatement Amount and any attorneys' fees, shall not be reduced or otherwise affected by any obligation by Teva to pay any contractual indemnity or agreed-to contribution amount to Allergan.

   The provisions of this subsection V.B are intended to be implemented consistent with these principles. This Agreement and the releases and dismissals provided for herein are made in good faith.

2. *Contribution/Indemnity Prohibited*. No Released Entity shall seek to recover for amounts paid under this Agreement based on indemnification, contribution, or any other theory from a manufacturer, pharmacy, hospital, pharmacy benefit manager, health insurer, third-party vendor, trade association, distributor, or health care practitioner, provided that a Released Entity shall be relieved of this prohibition with respect to any entity that asserts a Claim Over against it. For the avoidance of doubt, nothing herein shall prohibit a Released Entity from recovering amounts owed pursuant to insurance contracts.

3. *Non-Party Settlement*. To the extent that, on or after the Reference Date, any Releasor enters into a Non-Party Settlement, including in any bankruptcy case or through any plan of reorganization (whether individually or as a class of creditors), the Releasor will include (or in the case of a Non-Party Settlement made in connection with a bankruptcy case, will cause the debtor to include), unless prohibited from doing so under applicable law, in the Non-Party Settlement a prohibition on contribution or indemnity of any kind substantially equivalent to that required from Teva in subsection V.B.2, or a release from such Non-Released Entity in favor of the Released Entities (in a form equivalent to the releases contained in this Agreement) of any Claim Over. However, and notwithstanding

the foregoing, this provision shall not preclude Allergan from seeking indemnification under its agreement with Teva. The obligation to obtain the prohibition and/or release required by this subsection is a material term of this Agreement.

4. *Claim Over*. In the event that any Releasor obtains a judgment with respect to Non-Party Covered Conduct against a Non-Released Entity that does not contain a prohibition like that in subsection V.B.3, or any Releasor files a Non-Party Covered Conduct Claim against a Non-Released Entity in bankruptcy or a Releasor is prevented for any reason from obtaining a prohibition/release in a Non-Party Settlement as provided in subsection V.B.3, and such Non-Released Entity asserts a Claim Over against a Released Entity, that Releasor and Teva shall take the following actions to ensure that the Released Entities do not pay more with respect to Covered Conduct to Releasors or to Non-Released Entities than the amounts owed under this Agreement by Teva:

   a. Teva shall notify that Releasor of the Claim-Over within sixty (60) days of the assertion of the Claim-Over or sixty (60) days of the Effective Date of this Agreement, whichever is later;

   b. Teva and that Releasor shall meet and confer concerning the means to hold Released Entities harmless and ensure that it is not required to pay more with respect to Covered Conduct than the amounts owed by Teva under this Agreement;

   c. That Releasor and Teva shall take steps sufficient and permissible under the law of the State of the Releasor to hold Released Entities harmless from the Claim-Over and ensure Released Entities are not required to pay more with respect to Covered Conduct than the amounts owed by Teva under this Agreement. Such steps may include, where permissible:

      (i) Filing of motions to dismiss or such other appropriate motion by Teva or Released Entities, and supported by Releasors, in response to any Claim filed in litigation or arbitration;

      (ii) Reduction of that Releasor's Claim and any judgment it has obtained or may obtain against such Non-Released Entity by whatever amount or percentage is necessary to extinguish such Claim-Over under applicable law, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

      (iii) Placement into escrow of funds paid by the Non-Released Entities such that those funds are available to satisfy the Claim-Over;

      (iv) Return of monies paid by Teva to that Releasor under this Agreement to permit satisfaction of a judgment against or settlement with the Non-Released Entity to satisfy the Claim-Over;

(v) Payment of monies to Teva by that Releasor to ensure it is held harmless from such Claim-Over, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

(vi) Credit to Teva under this Agreement to reduce the overall amounts to be paid under the Agreement such that it is held harmless from the Claim-Over; and

(vii) Such other actions as that Releasor and Teva may devise to hold Teva harmless from the Claim Over.

d. The actions of that Releasor and Teva taken pursuant to paragraph (c) must, in combination, ensure Teva is not required to pay more with respect to Covered Conduct than the amounts owed by Teva under this Agreement.

e. In the event of any dispute over the sufficiency of the actions taken pursuant to paragraph (c), that Releasor and Teva may seek review by the National Arbitration Panel, provided that, if the Parties agree, such dispute may be heard by the state Court where the relevant Consent Judgment was filed. The National Arbitration Panel shall have authority to require Releasors to implement a remedy that includes one or more of the actions specified in paragraph (c) sufficient to hold Released Entities fully harmless. In the event that the panel's actions do not result in Released Entities being held fully harmless, Teva shall have a Claim for breach of this Agreement by Releasors, with the remedy being payment of sufficient funds to hold Teva harmless from the Claim Over. For the avoidance of doubt, the prior sentence does not limit or eliminate any other remedy that Teva may have.

5. To the extent that the Claim Over is based on a contractual indemnity, the obligations under subsection V.B.4 shall extend solely to a Non-Party Covered Conduct Claim against a pharmacy, clinic, hospital or other purchaser or dispenser of Products, a manufacturer that sold Products, a consultant, and/or a pharmacy benefit manager or other third-party payor. Teva shall notify the Settling States, to the extent permitted by applicable law, in the event that any of these types of Non-Released Entities asserts a Claim-Over arising out of contractual indemnity against it.

C. *General Release*. In connection with the releases provided for in the Agreement, each Settling State (for itself and its Releasors), Participating Subdivision and Participating Special District expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any state or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

> **General Release; extent.** A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release that, if known by him or her, would

have materially affected his or her settlement with the debtor or released party.

A Releasor may thereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Settling State (for itself and its Releasors), Participating Subdivision and Participating Special District hereby expressly waives and fully, finally, and forever settles, releases, and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Settling States' decision to enter into the Agreement, the Participating Subdivisions' decision to participate in the Agreement, or the Participating Special District's decision to participate in the Agreement.

D. *Res Judicata*. Nothing in the Agreement shall be deemed to reduce the scope of the res judicata or claim preclusive effect that the settlement memorialized in the Agreement, and/or any Consent Judgment or other judgment entered on the Agreement, gives rise to under applicable law.

E. *Representation and Warranty*. The signatories hereto on behalf of their respective Settling States, its Participating Subdivisions, and its Participating Special Districts expressly represent and warrant that they will obtain on or before the Effective Date (or have obtained) the authority to settle and release, to the maximum extent of the State's power, all Released Claims of (1) their respective Settling States; (2) any of the respective Settling State's past and present executive departments, state agencies, divisions, boards, commissions and instrumentalities with the regulatory authority to enforce state and federal controlled substances acts; (3) any of their respective Settling State's past and present executive departments, agencies, divisions, boards, commissions and instrumentalities that have the authority to bring Claims related to Covered Conduct seeking money (including abatement and/or remediation) or revocation of a pharmaceutical distribution license; (4) any Participating Subdivisions; and (5) any Participating Special District. For the purposes of clause (3) above, executive departments, agencies, divisions, boards, commissions, and instrumentalities are those that are under the executive authority or direct control of the State's Governor. Also, for the purposes of clause (3), a release from a State's Governor is sufficient to demonstrate that the appropriate releases have been obtained.

F. *Effectiveness*. The releases set forth in the Agreement shall not be impacted in any way by any dispute that exists, has existed, or may later exist between or among the Releasors. Nor shall such releases be impacted in any way by any current or future law, regulation, ordinance, or court or agency order limiting, seizing, or controlling the distribution or use of the Settlement Fund or any portion thereof, or by the enactment of future laws, or by any seizure of the Settlement Fund or any portion thereof.

G. *Cooperation*. Releasors (i) will not encourage any person or entity to bring or maintain any Released Claim against any Released Entity and (ii) will reasonably cooperate with and not oppose any effort by a Released Entity to secure the prompt dismissal of any and all Released Claims.

H. *Non-Released Claims.* Notwithstanding the foregoing or anything in the definition of Released Claims, the Agreement does not waive, release or limit any criminal liability, Claims for any outstanding liability under any tax or securities law, Claims against parties who are not Released Entities, Claims by private individuals, Claims for Medicaid rebates, Claims asserted, or that could be asserted, by any State or Subdivision, related to the causes of action in *In re: Generic Pharmaceuticals Pricing Antitrust Litigation*, in the United States District court for the District of Pennsylvania, MDL No. 2724, and any related action (such excluded claims include, but are not limited to, all antitrust claims and any claims related to any non-opioid generic drugs), and any claims arising under the Agreement for enforcement of the Agreement.

VI. Monetary Relief Overview and Maximum Payments

A. Excluding Teva's share of Implementation Costs and Settlement Fund Administrator Costs, there are four main categories of monetary payments:

1. *Annual Payments to the Settlement Fund*. These payments are generally addressed in Section VII. The maximum amount Teva shall pay in Annual Payments to the Settlement Fund is the Net Abatement Amount of $2,945,529,111.00, which reflects the application of the Prior Settlements Credit to the Global Settlement Abatement Amount. Annual Payments will be made over thirteen (13) years on the Payment Dates. The actual amount paid will depend on, among other things, the level of participation of Eligible States, their Subdivisions, and their Special Districts.

2. *Cash Conversion of Settlement Product*. These potential monetary payments are generally addressed in Section IX. The maximum monetary amount Teva shall pay for the cash conversion of Settlement Product is $240,000,000.00. Payments for cash conversion of Settlement Product will be made over twelve (12) years on the Payment Dates. The actual amount paid will depend on, among other things, the level of participation of Eligible States and the number of Settling States opting for cash conversion.

3. *Additional Restitution Amount*. These payments are generally addressed in Section XIII. The maximum amount Teva shall pay for the Additional Restitution Amount is $28,669,762.00. Payments for the Additional Restitution Amount will be made over six (6) years on the Payment Dates. The actual amount paid will depend on the number of Eligible States listed in Exhibit F-2 that become Settling States.

4. *Attorney Fee and Cost Payments*. These payments are generally addressed in Section XIV and Exhibits M, R, S and T. They consist of payments for the State Outside Counsel Fee Fund, the State Cost Fund, and the Attorney Fee and Cost Fund. These payments will be made over six (6) years on the Payment Dates. The maximum amount Teva shall pay into these funds is the Global Settlement Attorney Fee Amount of $366,335,847.76.

B. The aggregate maximum amount Teva shall pay for these for these payment categories is $3,580,534,720.76. This figure does not include costs related to injunctive relief and

document disclosure addressed in Exhibits P and V, Implementation Costs and Settlement Fund Administrator Costs addressed in this Agreement, or WAC value of Settlement Product.

C. *Settlement Fund Administrator and Implementation Costs*. If this Agreement becomes effective, Teva shall be responsible for one-third of the Implementation Costs. The full amount of the Implementation Costs shall be jointly advanced by Teva and Allergan. If this Agreement becomes effective, then Teva shall deduct from Teva's Initial Year Payment the difference between the excess amount it advanced for Implementation Costs and its one-third obligation for such costs. Settlement Fund Administrator Costs shall be paid out of interest accrued on the Settlement Fund. Should such interest prove insufficient to fully cover the costs, the remaining cost amounts shall be paid one-third by Teva, one-third by Allergan and one-third from the Settlement Fund through the disbursement of Teva's final Annual Payment.

VII. Annual Payments to Settlement Fund

A. Structure of Payments to Settlement Fund

1. All payments under this Section VII shall be made into the Settlement Fund, except that where specified, they shall be made into the Settlement Fund Escrow. The Settlement Fund shall be allocated and used only as specified in Section VIII.

2. Teva shall pay into the Settlement Fund the Net Abatement Amount consisting of $2,945,529,111.00 minus: (1) any offsets specified in subsection VII.C below; (2) any unearned Incentive Payments under subsection VII.E below; and (3) any adjustments under Section XII below.

3. The payments to the Settlement Fund shall be divided into Base Payments and Incentive Payments as provided in subsections VII.D and VII.E below and set out in Exhibit M-1.

B. Settlement Fund Payment Process

1. Except as otherwise provided in this Agreement, Teva shall make one Initial Year Payment (the first Annual Payment) and twelve (12) additional Annual Payments of equal installments of the Net Abatement Amount (after all applicable offsets) into the Settlement Fund. The Settlement Payment Schedule is set forth in Exhibit M. Annual Payments shall be made on the Payment Date, provided that the necessary wire instructions and W-9 form for the Settlement Fund are provided to Teva at least twenty-one (21) days before the relevant payment is due. If there is a delay in making a payment because wire instructions and/or a W-9 form were not provided at least twenty-one (21) days in advance of the Payment Date, then the Annual Payment will be made within twenty-one (21) days of both the wire instructions and W-9 form being provided.

2. The Initial Year Payment shall consist of only Base Payments (after all applicable offsets). The other twelve (12) Annual Payments shall each consist of Base

Payments (after all applicable offsets) and Incentive Payments (after all applicable offsets). The amount of the Initial Year Payment and each other Annual Payment, payable by Teva shall not exceed the maximum amounts allocated to each Payment Year in Exhibit M.

3. To determine each Annual Payment for Payment Year 2 forward, the Settlement Fund Administrator shall use the data in its records sixty (60) days prior to the Payment Date for each payment. Prior to the Effective Date, the Parties will include an exhibit to the Agreement setting forth in detail the process for the Settlement Fund Administrator obtaining relevant data and for distributing funds to Settling States and Exhibit G Participants consistent with the terms of this Agreement as quickly as practical.

4. The Settlement Fund Administrator shall determine the Annual Payment and the Statewide Payment Amount for each Settling State, consistent with the provisions in Exhibit L, by:

   a. determining, for each Settling State, the amount of Base Payments and Incentive Payments to which the State is entitled by applying the criteria in this Section;

   b. applying any reductions or offsets required by Sections VII and XII; and

   c. determining the total amount owed by Teva to all Settling States and Exhibit G Participants.

5. If, no later than fifty (50) days prior to the Payment Date for each payment for Payment Year 2 forward, Teva and the Enforcement Committee inform the Settlement Fund Administrator that they agree on the amount of the Annual Payment and the Statewide Payment Amount for each Settling State, Teva shall pay the agreed-upon Annual Payment amount on the Payment Date and the Settlement Fund Administrator shall treat those amounts as the determination described in subsection VII.B.4. If the Settlement Fund Administrator is not so informed, it shall give notice to Teva, the Settling States, and the Enforcement Committee of the amount of the Annual Payment, and the Statewide Payment Amount for each Settling State, following the determination described in subsection VII.B.4, and the following timeline shall apply:

   a. Within twenty-one (21) days of the notice provided by the Settlement Fund Administrator, Teva, any Settling State or the Enforcement Committee may dispute, in writing, the calculation of the Annual Payment, or the Statewide Payment Amount for a Settling State. Such disputing party must provide a written notice of dispute to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and Teva identifying the nature of the dispute, the amount of money that is disputed, and the Settling State(s) affected.

b. Within twenty-one (21) days of the sending of a written notice of dispute, any affected party may submit a response, in writing, to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and Teva identifying the basis for disagreement with the notice of dispute.

c. If no response is filed, the Settlement Fund Administrator shall adjust the amount calculated consistent with the written notice of dispute, and Teva shall pay the adjusted amount as the Annual Payment on the Payment Date. If a written response to the written notice of dispute is timely sent to the Settlement Fund Administrator, the Settlement Fund Administrator shall notify Teva of the preliminary amount to be paid, which shall be the greater of the amount originally calculated by the Settlement Fund Administrator or the amount that would be consistent with the notice of dispute, *provided, however* that in no circumstances shall the preliminary amount to be paid be higher than the maximum amount of Base Payments and Incentive Payments for that payment as set forth in Exhibit M. For the avoidance of doubt, a transfer of payments from the Settlement Fund Escrow for other Payment Years does not count toward determining whether the amount to be paid is higher than the maximum amount of Base Payments and Incentive Payments for that payment as set forth in Exhibit M.

d. The Settlement Fund Administrator shall place any disputed amount of the preliminary amount paid by Teva into the Settlement Fund Escrow and shall disburse any undisputed amount to each Settling State and its Exhibit G Participants.

6. If a Settling State informs the Settlement Fund Administrator that it and its Exhibit G Participants have reached consensus on the amount of its Statewide Payment Amount, determined pursuant to subsections VII.B.3 or VII.B.4, to be distributed to the Settling State, among its separate types of funds (if applicable), and among its Exhibit G Participants, the Settlement Administrator shall disburse the Statewide Payment Amount pursuant to the consensus distribution amounts provided by the Settling State. For a Settling States that does not so notify the Settlement Fund Administrator, the Settlement Fund Administrator shall allocate the Settling State's Statewide Payment Amount, pursuant to Section VII, among the separate types of funds for the Settling State (if applicable), and among its Exhibit G Participants using the following procedures:

a. As soon as possible for each payment and following the determination described in subsections VII.B.3 and VII.B.4, the Settlement Fund Administrator shall give notice to the relevant Settling States and their Exhibit G Participants of the amount to be received by each Settling State, the amount to be received by the separate types of funds for each Settling State (if applicable), and the amount to be received by each Settling State's Exhibit G Participants.

b. Within twenty-one (21) days of the notice provided by the Settlement Fund Administrator, any Settling State or Exhibit G Participant may dispute, in

writing, the calculation of the amount to be received by a Settling State and/or its Exhibit G Participants. A dispute will be deemed invalid and disregarded if it challenges the allocations adopted by a State-Subdivision Agreement approved pursuant to the provisions of Exhibit O or by statute. Such disputing party must provide a written notice of dispute to the Settlement Fund Administrator, any affected Settling State, and any affected Exhibit G Participant identifying the nature of the dispute, the amount of money that is disputed, and the Settling State(s) affected.

c. Within twenty-one (21) days of the sending of a written notice of dispute, any affected Settling State or any affected Exhibit G Participant may submit a response, in writing, to the Settlement Fund Administrator, any affected Settling State and any affected Exhibit G Participant identifying the basis for disagreement with the notice of dispute.

d. If no response is filed, the Settlement Fund Administrator shall adjust the amount calculated consistent with the written notice of dispute.

e. The Settlement Fund Administrator shall place any disputed amount into the Settlement Fund Escrow and shall disburse any undisputed amount to the Settling State and its Exhibit G Participants.

7. Disputes described in this subsection (other than those for which no response is filed under subsections VII.B.5.c or VII.B.6.d) shall be resolved in accordance with the terms of Section XV.

8. The Settlement Fund Administrator may combine the disbursements of Annual Payments with disbursement of funds under other comparable opioid settlements. In determining when disbursements for each Annual Payment will be made, the Settlement Fund Administrator may take into account the timeline for the availability of disbursements under other comparable opioid settlements.

9. For the avoidance of doubt, Subdivisions and Special Districts not listed on Exhibit G shall not receive an allocation from the Subdivision Fund.

C. Offsets to Annual Payments to the Settlement Fund for Non-Settling States

1. An offset equal to the Net Abatement Amount of $2,945,529,111.00 times the State Allocation Percentage assigned to each Non-Settling State in Exhibit F-2 shall be deducted from the total amount to be paid by Teva to the Settlement Fund.

2. Non-Settling States shall not be eligible for any payments or have any rights in connection with this Agreement. Accordingly, the stated maximum dollar amounts of the Annual Payments specified in Exhibit M are reduced by the aggregate State Allocation Percentage of Non-Settling States as set forth in Exhibit F-2.

D. Base Payments

1. Teva shall make Base Payments into the Settlement Fund in an amount equal to 45% of the Net Abatement Amount of $2,945,529,111.00 minus any offsets for Non-Settling States specified in subsection VII.C.1. The maximum total for Base Payments is $1,325,488,100.00. The Base Payments will be paid in accordance with the Settlement Payment Schedule specified by Exhibit M-1, subject to potential offsets for Non-Settling States as provided in subsection VII.C.1.

2. The Base Payments will be allocated by Settling State proportionate to each Settling State's State Allocation Percentage in Exhibit F-2, adjusted for any Non-Settling State.

E. Incentive Abatement Payments

1. Teva shall make potential Incentive Payments totaling up to a maximum of 55% of the Net Abatement Amount of $2,945,529,111.00 for all Settling States with the actual amount depending on whether and the extent to which the criteria set forth below are met in each Settling State. The maximum total for Incentive Payments is $1,620,041,011.00.

2. The maximum total Incentive Payment for any Settling State shall be no more than the maximum total for Incentive Payments listed in subsection VII.E.1 times the Settling State's State Allocation Percentage specified in Exhibit F-2. Incentive Payments are state-specific, with each Settling State receiving an Incentive Payment based on the incentives for which it is eligible for that year under the criteria set forth below and any offset specified in Section XII.

3. The Incentive Payments shall be divided among four (4) categories, referred to as Incentives A–D. Incentives A–C will be due in installments over the twelve (12) Payment Years beginning with Payment Year 2, and Incentive D will be due in installments over ten (10) years beginning with Payment Year 4, as shown on Exhibit M-1. The total amount of Incentive Payments in an Annual Payment shall be the sum of the Incentive Payments for which individual Settling States are eligible for that Payment Year under the criteria set forth below. The Incentive Payments shall be made with respect to a specific Settling State based on its eligibility for that Payment Year under the criteria set forth below.

4. The maximum amount available for Incentive Payments, $1,620,041,011.00, is divided into two pools. The maximum amount of Incentive Payments for Incentives A-C shall be $1,413,853,973.00, which is 48% of the maximum Net Abatement Amount. A Settling State may be eligible for its full allocable share of this payment by either achieving Incentive A or by fully earning both Incentives B and C. The maximum amount of Incentive Payments for Incentive D shall be $206,187,038.00, which is 7% of the maximum Net Abatement Amount. (These figures represent maximum payments prior to being adjusted for any offsets and assumes every State is a Settling State and will satisfy the requirements specified below to earn its maximum incentive amount. The Incentive Payments will be paid in accordance

with the payment schedule in Exhibit M-1, subject to potential deductions as provided herein.) A Settling State qualifies to receive Incentive Payments in addition to Base Payments if it meets the incentive eligibility requirements specified below. Settling States may qualify for Incentive Payments in four ways. If a Settling State qualifies for Incentive A, it will become entitled to receive the maximum payment allocable to the State for Incentives A-C as stated in subsection VII.E.5. If a Settling State does not qualify for Incentive A, it can alternatively qualify for Incentive B and/or Incentive C. A Settling State can qualify for Incentive D regardless of whether it qualifies for another Incentive Payment.

5. *Incentive A: Full Participation or Fully Released Claims of Litigating Subdivisions, Litigating Special Districts, Non-Litigating Subdivisions with Population Greater Than 10,000, and Non-Litigating Covered Special Districts*.

a. A Settling State's total potential Incentive A payment allocation is $1,413,853,973.00 times the percentage allocation assigned that Settling State in Exhibit F-2.

b. A State qualifies for Incentive A by: (1) complete participation in the form of releases consistent with Section V above from all Litigating Subdivisions, Litigating Special Districts, and Subdivisions with a population of 10,000 or more, and Non-Litigating Covered Special Districts; (2) a Bar; or (3) a combination of approaches in clauses (1)-(2) that achieves the same level of resolution of Subdivision and Special District Claims (e.g., a law barring future litigation combined with full joinder by Litigating Subdivisions and Litigating Special Districts). For purposes of Incentive A, a Subdivision or Special District is considered a "Litigating Subdivision" or "Litigating Special District" if it has brought Released Claims against Released Entities on or before the Reference Date; all other Subdivisions and Special Districts are considered "Non-Litigating." For purposes of Incentive A, Non-Litigating Covered Special Districts shall not include a Special District with any of the following words or phrases in its name: mosquito, pest, insect, spray, vector, animal, air quality, air pollution, clean air, coastal water, tuberculosis, and sanitary.

c. If a Settling State qualifies for Incentive A after receiving an Incentive Payment under Incentives B or C, described below, the Settling State's payments under Incentive A will equal the remainder of its total potential Incentive A payments less any payments previously received under Incentives B or C. A Settling State that receives all of its total potential Incentive A payment allocation shall not receive additional Incentive Payments under Incentives B or C.

d. A Settling State that is not eligible for Incentive A as of two (2) years after the Effective Date shall not be eligible for Incentive A for that Payment Year or any subsequent Payment Years.

6. *Incentive B: Early Participation or Released Claims by Litigating Subdivisions and Litigating Special Districts.*

a. If a Settling State does not qualify for Incentive A, it may still qualify to receive up to 60% of its total potential Incentive A payment allocation under Incentive B.

b. A Settling State can qualify for an Incentive B payment if Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of the Settling State's litigating population are either Participating Subdivisions, Participating Special Districts, or have their claims resolved through Case-Specific Resolutions.

(i) A Settling State's litigating population is the sum of the population of all Litigating Subdivisions and Litigating Special Districts. A Settling State's litigating population shall include all Litigating Subdivisions and Litigating Special Districts whose populations overlap in whole or in part with other Litigating Subdivisions and Litigating Special Districts, for instance in the case of a Litigating Special District, city, or township contained within a county.

(ii) For example, if School District A is a Litigating Special District in City B with a population of 1, City B is itself a Litigating Subdivision with a population of 8, and City B is located within County C, and County C is a Litigating Subdivision with a population 10, then each of their individual populations shall be added together (i.e., 1 + 8 +10) to determine the total litigating population (i.e., 19).

c. The following time periods apply to Incentive B payments:

(i) Period 1: Zero to two hundred ten (210) days after the Effective Date.

(ii) Period 2: Two hundred eleven (211) days to one year after the Effective Date.

(iii) Period 3: One year and one day to two years after the Effective Date.

d. Within Period 1: If Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of a Settling State's litigating population are Participating Subdivisions or Participating Special Districts, or have their Claims resolved through Case-Specific Resolutions during Period 1, then a sliding scale will determine the share of the funds available under Incentive B, with a maximum of 60% of the Settling State's total potential Incentive Payment allocation available. Under that sliding scale, if Litigating Subdivisions and Litigating Special Districts collectively representing 75% of a Settling State's litigating population become

Participating Subdivisions or Participating Special Districts, or achieve Case-Specific Resolution status by the end of Period 1, a Settling State will receive 50% of the total amount available to it under Incentive B. If more Litigating Subdivisions and Litigating Special Districts become Participating Subdivisions or Participating Special Districts, or achieve Case-Specific Resolution status, the Settling State shall receive an increased percentage of the total amount available to it under Incentive B as shown in the table below.

Participation or Case-Specific Resolution Levels (As percentage of litigating population)	**Incentive B Award** (As percentage of total amount available to Settling State for Incentive B)
75%	50%
76%	52%
77%	54%
78%	56%
79%	58%
80%	60%
85%	70%
90%	80%
95%	90%
100%	100%

e. Within Period 2: If a Settling State did not qualify for an Incentive B payment in Period 1 but Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of the Settling State's litigating population become Participating Subdivisions or Participating Special Districts, or achieve Case-Specific Resolution status by the end of Period 2, then the Settling State qualifies for 75% of the Incentive B payment it would have qualified for in Period 1.

f. Within Period 3: If a Settling State did not qualify for an Incentive B payment in Periods 1 or 2, but Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of the Settling State's litigating population become Participating Subdivisions or Participating Special Districts, or achieve Case-Specific Resolution status by the end of Period 3, then the Settling State qualifies for 50% of the Incentive B payment it would have qualified for in Period 1.

g. A Settling State that receives the Incentive B payment for Periods 1 and/or 2 can receive additional payments if it secures participation from additional Litigating Subdivisions and/or Litigating Special Districts (or Case-Specific Resolutions of their Claims) during Periods 2 and/or 3. Those additional payments would equal 75% (for additional participation or Case-Specific Resolutions during Period 2) and 50% (for additional participation or Case-Specific Resolutions during Period 3) of the amount by which the increased

litigating population levels would have increased the Settling State's Incentive B payment if they had been achieved in Period 1.

h. The percentage of the available Incentive B amount for which a Settling State is eligible by the end of Period 3 shall cap its eligibility for that Payment Year and all subsequent Payment Years. If Litigating Subdivisions and Litigating Special Districts that have become Participating Subdivisions or Participating Special Districts, or achieved Case-Specific Resolution status collectively represent less than 75% of a Settling State's litigating population by the end of Period 3, the Settling State shall not receive any Incentive B payment.

i. If there are no Litigating Subdivisions or Litigating Special Districts in a Settling State, and that Settling State is otherwise eligible for Incentive B, that Settling State will receive its full allocable share of Incentive B.

j. Incentives earned under Incentive B shall accrue after each of Periods 1, 2, and 3. Calculations to increase Incentive Payments in later periods based on additional joinder shall not reduce any amount already vested at the end of a prior period.

7. *Incentive C: Participation or Release of Claims by Primary Subdivisions*

a. If a Settling State does not qualify for Incentive A, it may still qualify to receive up to 40% of its total potential Incentive A payment allocation under Incentive C, which has two parts.

b. Part 1: Under Incentive C, Part 1, a Settling State can receive up to 75% of its Incentive C allocation. A Settling State can qualify for a payment under Incentive C, Part 1 only if Primary Subdivisions (whether Litigating Primary Subdivisions or Non-Litigating Primary Subdivisions as of the Reference Date) collectively representing at least 60% of the Settling State's Primary Subdivision population become Participating Subdivisions or achieve Case-Specific Resolution status.

(i) A Settling State's Primary Subdivision population is the sum of the population of all Primary Subdivisions (whether Litigating Primary Subdivisions or Non-Litigating Primary Subdivisions as of the Reference Date). A Settling State's Primary Subdivision population shall include all Primary Subdivisions whose populations overlap in whole or in part with other Primary Subdivisions, for instance in the case of a Primary Subdivision that is a city contained within a Primary Subdivision that is a county. Because Primary Subdivisions include Subdivisions whose populations overlap in whole or in part with other Subdivisions, the Settling State's Primary Subdivision population may be greater than the Settling State's total population. (Special Districts are not relevant for purposes of Incentive C calculations.)

(ii) For example, if City A is a Primary Subdivision with a population of 1 within County B, and County B is a Primary Subdivision with a population of 10, then each of their individual populations shall be added together (i.e., 1+10) to determine the total Primary Subdivision population (i.e., 11).

c. A sliding scale will determine the share of the funds available under Incentive C, Part 1 to Settling States meeting the minimum 60% threshold. Under that sliding scale, if a Settling State secures participation or Case-Specific Resolutions from Primary Subdivisions representing 60% of its total Primary Subdivision population, it will receive 40% of the total amount potentially available to it under Incentive C, Part 1. If a Settling State secures participation or Case-Specific Resolutions from Primary Subdivisions representing more than 60% of its Primary Subdivision population, the Settling State shall be entitled to receive a higher percentage of the total amount potentially available to it under Incentive C, Part 1, on the scale shown in the table below. If there are no Primary Subdivisions, and that Settling State is otherwise eligible for Incentive C, that Settling State will receive its full allocable share of Incentive C, Part 1.

Participation or Case-Specific Resolution Levels (As percentage of total Primary Subdivision population)	**Incentive C, Part 1 Award** (As percentage of total amount available to Settling State for Incentive C, Part 1)
60%	40%
70%	45%
80%	50%
85%	55%
90%	60%
91%	65%
92%	70%
93%	80%
94%	90%
95%	100%

d. Part 2: If a Settling State qualifies to receive an incentive under Incentive C, Part 1, the Settling State can also qualify to receive an additional incentive amount equal to 25% of its total potential Incentive C allocation by securing 100% participation of the ten (10) largest Subdivisions by population in the Settling State. (Special Districts are not relevant for purposes of this calculation.) If a Settling State does not qualify for any amount under Incentive C, Part 1, it cannot qualify for Incentive C, Part 2.

e. Incentives earned under Incentive C shall accrue on an annual basis up to three years after the Effective Date. At one, two, and three years after the Effective Date, the Settlement Fund Administrator will conduct a lookback to assess which Subdivisions had agreed to participate or had their Claim

resolved through a Case-Specific Resolution that year. Based on the look-back, the Settlement Fund Administrator will calculate the incentives accrued under Incentive C for the year. The percentage of the available Incentive C amount, for both Part 1 and Part 2, for which a Settling State is eligible three years after the Effective Date shall cap its eligibility for that Payment Year and all subsequent Payment Years.

8. *Incentive D: No Qualifying Lawsuits Surviving Threshold Motions at Two Look-Back Dates.*

a. A Settling State's total potential Incentive D payment allocation is $206,187,038.00 times the percentage allocation assigned that Settling State in Exhibit F-2.

b. If, at any time within five and one-half (5.5) years of the Preliminary Agreement Date, any Subdivision or Special District within a Settling State files litigation pursuing Released Claims against any Released Entity (a "*Qualifying Lawsuit*"), then Teva shall, within thirty (30) days of Teva or any Released Entity being served or otherwise informed of the prosecution of such Released Claims, provide notice to the Settling State in which such Released Claims are being pursued and shall give the relevant Settling State a reasonable opportunity to extinguish the Released Claims without any payment or any other obligations being imposed upon any Released Entities (apart from the Global Settlement Amount payable by Teva under the Agreement or the Injunctive Relief Terms incurred by it). The relevant Settling State and Teva shall confer and use reasonable efforts to promptly resolve a Qualifying Lawsuit so that it is dismissed with prejudice. Nothing in this subsection creates an obligation for a Settling State to make a monetary payment or incur any other obligation to an entity filing a Qualifying Lawsuit.

c. Part 1: Under Incentive D, Part 1, a Settling State shall receive 50% of its total potential Incentive D payment allocation if, at two years after the Effective Date (the "*First Look-Back Date*"), there are no pending Released Claims from a Qualifying Lawsuit that survived a Threshold Motion within the Settling State against any Released Entities.

(i) After the First Look-Back Date, a Settling State can become re-eligible for Incentive Payment D, Part 1 if the lawsuit that survived a Threshold Motion is dismissed pursuant to a later motion on grounds included in the Threshold Motion, in which case the Settling State shall become eligible for Incentive Payment D less any litigation fees and cost incurred by the Released Entity in the interim, except that if the dismissal motion occurs after the

completion of opening statements in such action, the Settling State shall not be eligible for Incentive Payment D.

d. Part 2: Under Incentive D, Part 2, a Settling State shall receive 50% of its total potential Incentive D payment allocation if, at five and one-half (5.5) years after the Preliminary Agreement Date (the "*Second Look-Back* Date"), there are no pending Released Claims from a Qualifying Lawsuit that survived a Threshold Motion within the Settling State against any Released Entities.

VIII. Allocation and Use of Settlement Funds

A. *Components of Settlement Fund*. The Settlement Fund shall be comprised of an Abatement Accounts Fund, a State Fund, and a Subdivision Fund for each Settling State. The payments under Section VI into the Settlement Fund shall be initially allocated among those three (3) sub-funds and distributed and used as provided below or as provided for by a State-Subdivision Agreement (or other State-specific allocation of funds). Unless otherwise specified herein, payments placed into the Settlement Fund do not revert back to Teva.

B. *Use of Settlement Payments*. It is the intent of the Parties that the payments disbursed from the Settlement Fund to Settling States and Exhibit G Participants be for Opioid Remediation, subject to limited exceptions that must be documented in accordance with subsection VIII.C. In no event may less than 85% of Teva's payments pursuant to subsection VI.A.1–4 over the entirety of all Payment Years (but not any single Payment Year) be spent on Opioid Remediation.

C. While disfavored by the Parties, a Settling State or Exhibit G Participant may use monies from the Settlement Fund (that have not been restricted by this Agreement solely to future Opioid Remediation) for purposes that do not qualify as Opioid Remediation. If, at any time, a Settling State or Exhibit G Participant uses any monies from the Settlement Fund for a purpose that does not qualify as Opioid Remediation, such Settling State or Exhibit G Participant shall identify such amounts and report to the Settlement Fund Administrator and Teva how such funds were used, including if used to pay attorneys' fees, investigation costs, litigation costs, or costs related to the operation and enforcement of this Agreement. It is the intent of the Parties that the reporting under this subsection VIII.C shall be available to the public. For the avoidance of doubt, (a) any amounts not identified under this subsection VIII.C as used to pay attorneys' fees, investigation costs, or litigation costs shall be included in the "Compensatory Restitution Amount" for purposes of subsection VIII.G and (b) Participating Subdivisions not listed on Exhibit G or Participating Special Districts that receive monies from the Settlement Fund indirectly may only use such monies from the Settlement Fund for purposes that qualify as Opioid Remediation.

D. *Allocation of Settlement Fund.* The allocation of the Settlement Fund allows for different approaches to be taken in different states, such as through a State-Subdivision Agreement. Given the uniqueness of States and their Subdivisions, Settling States and Participating Subdivisions are encouraged to enter into State-Subdivision Agreements in order to direct the allocation of their portion of the Settlement Fund. As set out below, the Settlement Fund Administrator will make an initial allocation to three (3) state-level sub-funds. The

Settlement Fund Administrator will then, for each Settling State and its Exhibit G Participants, apply the terms of this Agreement and any relevant State-Subdivision Agreement, Statutory Trust, Allocation Statute, or voluntary redistribution of funds as set out below before disbursing the funds.

1. Base Payments. The Settlement Fund Administrator will allocate Base Payments under subsection VII.D among the Settling States in proportion to their respective State Allocation Percentages. Base Payments for each Settling State will then be allocated 15% to its State Fund, 70% to its Abatement Accounts Fund, and 15% to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in subsection VIII.E.

2. Incentive Payments. The Settlement Fund Administrator will treat Incentive Payments under subsection VII.E on a State-specific basis. Incentive payments for which a Settling State is eligible under subsection VII.E will be allocated 15% to its State Fund, 70% to its Abatement Accounts Fund, and 15% to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in subsection VIII.E.

3. Application of Adjustments. If any offset under Section XII applies with respect to a Settling State, the offset shall be applied proportionally to all amounts that would otherwise be apportioned and distributed to the State Fund, the Abatement Accounts Fund, and the Subdivision Fund for that State.

4. Settlement Fund Administrator. Prior to the Initial Participation Date, Teva and the Enforcement Committee will agree to a detailed mechanism consistent with the foregoing for the Settlement Fund Administrator to follow in allocating, apportioning, and distributing payments, which shall be appended hereto as Exhibit L.

E. *Settlement Fund Reallocation and Distribution*. As set forth below, within a particular Settling State's account, amounts contained in the Settlement Fund sub-funds may be reallocated and distributed per a State-Subdivision Agreement or other means. If the apportionment of amounts is not addressed and controlled under subsections VIII.E.1–2, then the default provisions of subsection VIII.E.4 apply. It is not necessary that a State-Subdivision Agreement or other means of allocating funds pursuant to subsections VIII.E.1–2 address all of the Settlement Fund sub-funds. For example, a Statutory Trust might only address disbursements from a Settling State's Abatement Accounts Fund.

1. Distribution by State-Subdivision Agreement. If a Settling State has a State-Subdivision Agreement, amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under subsection VIII.D shall be reallocated and distributed as provided by that agreement. Any State-Subdivision Agreement entered into or amended after July 26, 2022 shall be applied only if it requires: (1) that all amounts be used for Opioid Remediation except as allowed by subsection VIII.C, and (2) that at least 70% of amounts be used solely for future Opioid Remediation (references to "future Opioid Remediation" include amounts paid to satisfy any future demand by another governmental entity to make a

required reimbursement in connection with the past care and treatment of a person related to the Alleged Harms). For a State-Subdivision Agreement to be applied to the relevant portion of an Annual Payment, notice must be provided to Teva and the Settlement Fund Administrator at least sixty (60) days prior to the Payment Date.

2. Distribution by Allocation Statute. If a Settling State has an Allocation Statute and/or a Statutory Trust that addresses allocation or distribution of amounts apportioned to such State's State Fund, Abatement Accounts Fund, and/or Subdivision Fund and that, to the extent any or all such sub-funds are addressed, requires (1) all amounts to be used for Opioid Remediation except as allowed by subsection VIII.C, and (2) at least 70% of all amounts to be used solely for future Opioid Remediation, then, to the extent allocation or distribution is addressed, the amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under subsection VIII.D shall be allocated and distributed as addressed and provided by the applicable Allocation Statute or Statutory Trust. For the avoidance of doubt, an Allocation Statute or Statutory Trust need not address all three (3) sub-funds that comprise the Settlement Fund, and if the applicable Allocation Statute or Statutory Trust does not address distribution of all or some of these three (3) sub-funds, the applicable Allocation Statute or Statutory Trust does not replace the default provisions in subsection VIII.E.4 of any such unaddressed fund. For example, if an Allocation Statute or Statutory Trust that meets the requirements of this subsection VIII.E only addresses funds restricted to abatement, then the default provisions in this Agreement concerning allocation among the three (3) sub-funds comprising the Settlement Fund and the distribution of the State Fund and Subdivision Fund for that State would still apply, while the distribution of the applicable State's Abatement Accounts Fund would be governed by the qualifying Allocation Statute or Statutory Trust.

3. Voluntary Redistribution. A Settling State may choose to reallocate all or a portion of its State Fund to its Abatement Accounts Fund. An Exhibit G Participant may choose to reallocate all or a portion of its allocation from the Subdivision Fund to the State's Abatement Accounts Fund or to another Participating Subdivision or Participating Special District. The Settlement Fund Administrator is not required to honor voluntary redistribution for which notice is provided to it less than sixty (60) days prior to the Payment Date.

4. Distribution in the Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. If subsections VIII.E.1–2 do not apply, and subject to any voluntary redistribution pursuant to subsection VIII.E.3, amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under subsection VII.D shall be distributed as follows:

   a. Amounts apportioned to that State's State Fund shall be distributed to that State.

   b. Amounts apportioned to that State's Abatement Accounts Fund shall be distributed consistent with subsection VIII.F. Each Settling State shall

submit to the Settlement Fund Administrator a designation of a lead state agency or other entity to serve as the single point of contact for that Settling State's funding requests from the Abatement Accounts Fund and other communications with the Settlement Fund Administrator. The designation of an individual entity is for administrative purposes only and such designation shall not limit funding to such entity or even require that such entity receive funds from this Agreement. The designated entity shall be the only entity authorized to request funds from the Settlement Fund Administrator to be disbursed from that Settling State's Abatement Accounts Fund. If a Settling State has established a Statutory Trust, then that Settling State's single point of contact may direct the Settlement Fund Administrator to release the State's Abatement Accounts Fund to the Statutory Trust.

c. Amounts apportioned to that State's Subdivision Fund shall be distributed to Participating Subdivisions in that State listed on Exhibit G per the Subdivision Allocation Percentage listed in Exhibit G. Subsection X.I shall govern amounts that would otherwise be distributed to Non-Participating Subdivisions listed in Exhibit G.

d. Special Districts shall not be allocated funds from the Subdivision Fund, except through a voluntary redistribution allowed by subsection VIII.E.3. A Settling State may allocate funds from its State Fund or Abatement Accounts Fund for Special Districts.

5. Restrictions on Distribution. No amounts may be distributed from the Subdivision Fund contrary to Section X, *i.e.*, no amounts may be distributed directly to Non-Participating Subdivisions or to Later Participating Subdivisions in excess of what is permissible under subsection X.E. Amounts allocated to the Subdivision Fund that cannot be distributed by virtue of the preceding sentence shall be distributed into the sub-account in the Abatement Accounts Fund for the Settling State in which the Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement described in subsection VIII.E.1 or by an Allocation Statute or a Statutory Trust described in subsection VIII.E.2.

F. *Provisions Regarding Abatement Accounts Fund.*

1. State-Subdivision Agreement, Allocation Statute, and Statutory Trust Fund Provisions. A State-Subdivision Agreement, Allocation Statute, or Statutory Trust may govern the operation and use of amounts in that State's Abatement Accounts Fund so long as it complies with the requirements of subsections VIII.E.1 or VIII.E.2 as applicable, and all direct payments to Subdivisions comply with subsections X.E–H.

2. Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. In the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust that addresses distribution, the Abatement Accounts Fund will be used solely

for future Opioid Remediation and the following shall apply with respect to a Settling State:

a. *Regional Remediation.*

(i) At least 50% of distributions for remediation from a State's Abatement Accounts Fund shall be annually allocated and tracked to the regional level. A Settling State may allow the Advisory Committee established pursuant to subsection VIII.F.2.d to define its regions and assign regional allocations percentages. Otherwise, a Settling State shall (1) define its initial regions, which shall consist of one (1) or more Subdivisions and which shall be designated by the State agency with primary responsibility for substance abuse disorder services employing, to the maximum extent practical, existing regions established in that State for opioid abuse treatment or other public health purposes; and (2) assign initial regional allocation percentages to the regions based on the Subdivision Allocation Percentages in Exhibit G and an assumption that all Subdivisions listed on Exhibit G will become Participating Subdivisions.

(ii) This minimum regional expenditure percentage is calculated on the Settling State's initial Abatement Accounts Fund allocation and does not include any additional amounts a Settling State has directed to its Abatement Accounts Fund from its State Fund, or any other amounts directed to the fund. A Settling State may dedicate more than 50% of its Abatement Accounts Fund to the regional expenditure and may annually adjust the percentage of its Abatement Accounts Fund dedicated to regional expenditures as long as the percentage remains above the minimum amount.

(iii) The Settling State (1) has the authority to adjust the definition of the regions, and (2) may annually revise the percentages allocated to each region to reflect the number of Subdivisions in each region that are Non-Participating Subdivisions.

b. *Subdivision Block Grants*. Certain Subdivisions listed on Exhibit G shall be eligible to receive regional allocation funds in the form of a block grant for future Opioid Remediation. A Participating Subdivision listed on Exhibit G eligible for block grants is a county or parish (or in the case of States that do not have counties or parishes that function as political subdivisions, a city) that (1) does not contain a Litigating Subdivision or a Later Litigating Subdivision for which it has the authority to end the litigation through a release, Bar, or other action; (2) either (i) has a population of 400,000 or more or (ii) in the case of California has a population of 750,000 or more; and (3) has funded or otherwise managed an established health care or treatment infrastructure (e.g., health department or similar agency). Each

Subdivision listed on Exhibit G eligible to receive block grants shall be assigned its own region.

c. *Small States*. Notwithstanding the provisions of subsection VIII.F.2.a, Settling States with populations under four (4) million that do not have existing regions described in subsection VIII.F.2.a shall not be required to establish regions. However, such a Settling State that contains one (1) or more Subdivisions listed on Exhibit G eligible for block grants under subsection VIII.F.2.b shall be divided regionally so that each block-grant eligible Subdivision listed on Exhibit G is a region and the remainder of the State is a region.

d. *Advisory Committee*. The Settling State shall designate an Opioid Settlement Remediation Advisory Committee (the "*Advisory Committee*") to provide input and recommendations regarding remediation spending from that Settling State's Abatement Accounts Fund. A Settling State may elect to use an existing advisory committee or similar entity (created outside of a State-Subdivision Agreement or Allocation Statute); *provided, however*, the Advisory Committee or similar entity shall meet the following requirements:

(i) Written guidelines that establish the formation and composition of the Advisory Committee, terms of service for members, contingency for removal or resignation of members, a schedule of meetings, and any other administrative details;

(ii) Composition that includes at least an equal number of local representatives as state representatives;

(iii) A process for receiving input from Subdivisions and other communities regarding how the opioid crisis is affecting their communities, their abatement needs, and proposals for abatement strategies and responses; and

(iv) A process by which Advisory Committee recommendations for expenditures for Opioid Remediation will be made to and considered by the appropriate state agencies.

3. Abatement Accounts Fund Reporting. The Settlement Fund Administrator shall track and assist in the report of remediation disbursements as agreed to among the Parties.

G. *Nature of Payment.* Teva, the Settling States, the Participating Subdivisions, and the Participating Special Districts, acknowledge and agree that notwithstanding anything to the contrary in this Agreement, including, but not limited to, the scope of the Released Claims:

1. Teva has entered into this Agreement to avoid the delay, expense, inconvenience, and uncertainty of further litigation;

2. The Settling States, the Participating Subdivisions, and the Participating Special Districts sought compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) as damages for the Alleged Harms allegedly suffered by the Settling States, Participating Subdivisions and Participating Special Districts;

3. By executing this Agreement the Settling States, the Participating Subdivisions, and the Participating Special Districts certify that: (a) the Compensatory Restitution Amount is no greater than the amount, in the aggregate, of the Alleged Harms allegedly suffered by the Settling States, Participating Subdivisions and Participating Special Districts; and (b) the portion of the Compensatory Restitution Amount received by each Settling State, Participating Subdivision or Participating Special Districts is no greater than the amount of the Alleged Harms allegedly suffered by such Settling State, Participating Subdivision or Participating Special Districts;

4. The payment of the Compensatory Restitution Amount by Teva constitutes, and is paid for, compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) for alleged damage or harm (as compensation for alleged damage or harm arising out of alleged bodily injury) allegedly caused by Teva;

5. The Compensatory Restitution Amount is being paid as compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) in order to restore, in whole or in part, the Settling States, Participating Subdivisions and Participating Special Districts to the same position or condition that they would be in had the Settling States, Participating Subdivisions and Participating Special Districts not suffered the Alleged Harms;

6. No portion of the Compensatory Restitution Amount represents reimbursement to any Settling State, Participating Subdivision, Participating Special District, or other person or entity for the costs of any investigation or litigation. The entire Compensatory Restitution Amount is properly characterized as described in subsection VIII.G. No portion of the Compensatory Restitution Amount constitutes disgorgement or is properly characterized as the payment of statutory or other fines, penalties, punitive damages, other punitive assessments, or attorneys' fees; and

7. The Designated State, on behalf of all Settling States, Participating Subdivisions, and Participating Special Districts (the "Form 1098-F Filer") shall complete and file Form 1098-F with the Internal Revenue Service on or before February 28 (March 31 if filed electronically) of the year following the calendar year in which the order entering this Agreement becomes binding. On the Form 1098-F, the Form 1098-F Filer shall identify the entire Compensatory Restitution Amount received by the Form 1098-F Filer as remediation/restitution, including the provision of Settlement Product set out in Section IX below. The Form 1098-F Filer shall also, on or before January 31 of the year following the calendar year in which the order entering this Agreement becomes binding, furnish Copy B of such Form 1098-F (or an acceptable substitute statement) to Teva.

IX. Settlement Product

A. The Settlement Product is Naloxone Hydrochloride Nasal Spray (generic Narcan®), a medication that counteracts the life-threatening effects of opioid overdose and significantly reduces opioid-overdose mortality.

B. For the purposes of this Agreement, Teva has agreed to provide the Settling States Settlement Product valued at $1,200,000,000, which equals 9,600,000 kits of Settlement Product, valued at a fixed WAC of $125 per kit, allocated in accordance with the allocation percentage as reflected in Exhibit D-1. Teva shall cover the cost of the Settlement Product distribution set forth in this Agreement. For the avoidance of doubt, Participating Subdivisions and Participating Special Districts are not eligible to make a Settlement Product election pursuant to this Agreement.

C. Consistent with the Settlement Product Election Form contained in Exhibit D, each Settling State shall have the discretion to convert any portion of the Settlement Product allocated to the Settling State into a cash value equaling twenty percent (20%) of the WAC value of the Settling State's allocated Settlement Product in the following years: 2023, 2025, 2027, 2029, and 2031. The State's election shall apply and remain in place for each following year until the next election date.

D. Within thirty (30) days of the Effective Date, each Settling State shall notify Teva and the Settlement Fund Administrator of its Settlement Product election by submitting the Settlement Product Election Form reflected in Exhibit D.

E. Settling States that do not make a Settlement Product Election within 30 days of the Effective Date shall be deemed to have elected to receive the full Settlement Product Cash Conversion Amount for the first two-year period, allocated in accordance with the State Allocation Percentage as reflected in Exhibit D-1. Commencing within thirty (30) days of the Effective Date, the Settling States that have submitted a Settlement Product Election Form may place periodic orders for Settlement Product consistent with Section IX and Exhibit D.

F. By or before January 1, 2025, 2027, 2029 and 2031, each Settling State may submit a new or updated Settlement Product Election Form, which will be effective beginning with the Forecast submitted on the same date for the following calendar year. Settling States that do not submit a new or updated Settlement Product Election Form will be deemed to have made no changes to their most recent Settlement Product Election Form.

G. As is reflected in Exhibit D and the Settlement Product Election Form contained therein, Settling States may elect to convert all or a percentage of their allocation of Settlement Product into a Settlement Product Cash Conversion Amount, in the manner and method described in Exhibit D.

H. Teva will make Settlement Product Cash Conversion Amount payments to Settling States that have elected to receive a full or partial Settlement Product Cash Conversion beginning with its second Annual Payment in accordance with the Settlement Payment Schedule as set forth in Exhibit M-2.

I. The Parties understand that the provision of Settlement Product constitutes compensatory restitution within the meaning of 26 U.S.C. § 162(f)(2)(A) and that the receipt of Settlement Product must be reported on IRS Form 1098-F consistent with subsection VIII.G.7 above.

J. In addition to offering Naloxone Hydrochloride Nasal Spray per this Section IX and Exhibit D, Teva, at its sole discretion, may also offer Settling States different versions or greater amounts of Settlement Product or different products that can be accepted by the Settling State in lieu of its full allotment of the Settlement Product or Settlement Product Cash Conversion Amount. Distribution and other terms related to such substitute product shall be set out in Teva's offer. Nothing in this subsection IX.J changes the terms of this Agreement regarding the provision of Settlement Product or the calculation or availability of the Settlement Product Cash Conversion Amount. With regard to the annual product delivery schedule, to the extent that the Settling State's needs for each drug varies from year to year, such that the Settling State needs a reasonably lesser quantity one year to be offset by a reasonably greater quantity the next year, Teva will use reasonable commercial efforts to be flexible in meeting that variation in demand.

K. In the event of a Force Majeure Event, Teva shall promptly provide written notice to the Settling States. Teva and the States shall meet and confer within seven (7) days of such written notice to establish a commercially reasonable plan to resolve any inability to supply as quickly as reasonably possible, it being understood that, unless otherwise agreed to by the Parties, it is Teva's obligation to use reasonable efforts which are consistent with accepted industry practices to resume performance as soon as practicable under the circumstances.

X. Participation by Subdivisions and Special Districts

A. *Notice*. No later than fifteen (15) days after the Preliminary Agreement Date, the Settling States, with the cooperation of Teva, shall send individual written notice (which may be delivered via e-mail or other electronic means) of the opportunity to participate in this Agreement and the requirements of participation to all Subdivisions and Special Districts in the Settling State that are (1) Litigating Subdivisions or Litigating Special Districts, or (2) Non-Litigating Subdivisions listed in Exhibit G.[3] To the extent a Non-Litigating Special District is entitled to an allocation for a direct payment through its inclusion in Exhibit G pursuant to a State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution, the Settling States shall also send individual written notice (which may be delivered via e-mail or other electronic means) of the opportunity to participate in this Agreement and the requirements of participation to such Special Districts. Unless otherwise agreed by the Parties, the version of Exhibit G used for notice shall be the one in place as of the Preliminary Agreement Date. Teva's share of costs of the written notice shall be paid by Teva as part of the Implementation Costs. Notice (which may be delivered via e-mail or other electronic means) shall also be provided simultaneously to counsel of record for Litigating Subdivisions, Litigating Special

[3] Because Teva has settled with Oklahoma, but not with Oklahoma Subdivisions and Special Districts, Teva shall send individual written notice of the opportunity to participate in this Agreement and the requirements of participation to all Oklahoma Subdivisions and Special Districts. For purposes of this Section X, references to a "Subdivision in a Settling State" or "Special District in a Settling State" shall include Subdivisions and Special Districts in Oklahoma.

Districts, and known counsel for Non-Litigating Subdivisions listed on Exhibit G and Non-Litigating Special Districts listed on Exhibit G. The notice will include that the deadline for becoming an Initial Participating Subdivision or Initial Participating Special District is the Initial Participation Date. Nothing contained herein shall preclude a Settling State from providing further notice to or otherwise contacting any of its Subdivisions or Special Districts about becoming a Participating Subdivision or Participating Special District, including beginning any of the activities described in this paragraph prior to the Preliminary Agreement Date.

B. *Requirements for Becoming a Participating Subdivision: Non-Litigating Subdivisions*. A Non-Litigating Subdivision in a Settling State may become a Participating Subdivision by returning an executed Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) specifying (1) that the Subdivision agrees to the terms of this Agreement pertaining to Subdivisions, (2) that the Subdivision releases all Released Claims against all Released Entities, (3) that the Subdivision agrees to use monies it receives, if any, from the Settlement Fund pursuant to the applicable requirements of Section VIII, and (4) that the Subdivision submits to the jurisdiction of the Court where the Consent Judgment is filed for purposes limited to that Court's role under the Agreement. The required Settlement Participation Form is attached as Exhibit K. A Non-Litigating Subdivision will decide whether to become a Participating Subdivision for both this Agreement and the Allergan Global Opioid Settlement Agreement, or neither.

C. *Requirements for Becoming a Participating Subdivision: Litigating Subdivisions/Later Litigating Subdivisions*. A Litigating Subdivision or Later Litigating Subdivision in a Settling State may become a Participating Subdivision by returning an executed Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) that, in addition to the requirements set out in subsection X.B for Non-Litigating Subdivisions, commits it to promptly dismissal its legal action. The required Settlement Participation Form is attached as Exhibit K. A Litigating Subdivision or Later Litigating Subdivision will decide whether to become a Participating Subdivision for both this Agreement and the Allergan Global Opioid Settlement Agreement, or neither. Except for trials begun before the Initial Participation Date, a Litigating Subdivision or a Later Litigating Subdivision may not become a Participating Subdivision after the completion of opening statements in a trial of a legal action it brought that includes a Released Claim against a Released Entity.

D. *Initial Participating Subdivisions.* A Subdivision qualifies as an Initial Participating Subdivision if it meets the applicable requirements for becoming a Participating Subdivision set forth in subsections X.B or X.C by the Initial Participation Date. Provided however, all Subdivision Settlement Participation Forms shall be held by the Implementation Administrator until Teva provides the notice in subsection XI.B that it intends to proceed with the settlement, at which time the obligations created by such forms become effective. If Teva determines not to proceed, all Settlement Participation Forms shall be returned to Counsel for Litigating Subdivisions or to the Subdivisions not

represented by counsel or destroyed to the extent that such destruction is not prohibited by then existing document preservation obligations.

E. *Later Participating Subdivisions.* A Subdivision that is not an Initial Participating Subdivision may become a Later Participating Subdivision by meeting the applicable requirements for becoming a Participating Subdivision after the Initial Participation Date and agreeing to be subject to the terms of a State-Subdivision Agreement (if any) or any other structure adopted or applicable pursuant to subsections VIII.E or VIII.F. The following provisions govern what a Later Participating Subdivision can receive (but do not apply to Initial Participating Subdivisions):

1. A Later Participating Subdivision shall not receive any share of any Base or Incentive Payments paid to the Subdivision Fund that were due before it became a Participating Subdivision.

2. A Later Participating Subdivision that becomes a Participating Subdivision after Initial Participation Date but before June 15, 2023 shall receive 75% of the share of the Initial Year Payment that it would have received had it become an Initial Participating Subdivision (unless the Later Participating Subdivision is subject to subsections X.E.3 or X.E.4 below). A Later Participating Subdivision that becomes a Participating Subdivision after June 15, 2023 shall receive no share of the Initial Year Payment.

3. A Later Participating Subdivision that, after the Initial Participation Date, maintains a lawsuit for a Released Claim(s) against a Released Entity and has judgment entered against it on every such Claim before it became a Participating Subdivision (other than a consensual dismissal with prejudice) shall receive 50% of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Subdivision prior to such judgment; *provided, however*, that if the Subdivision appeals the judgment and the judgment is affirmed with finality before the Subdivision becomes a Participating Subdivision, the Subdivision shall not receive any share of any Base Payments or Incentive Payments.

4. A Later Participating Subdivision that becomes a Participating Subdivision while a Bar or Case-Specific Resolution involving a different Subdivision exists in its State shall receive 25% of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Subdivision without such Bar or Case-Specific Resolution.

F. *No Increase in Payments*. Amounts to be received by Later Participating Subdivisions or Later Participating Special Districts shall not increase the payments due from Teva.

G. *Ineligible Subdivisions and Special Districts.* Except for Subdivisions and Special Districts in Oklahoma, prior Settling Subdivisions, and Subdivisions and Special Districts in Non-Settling States or Prior Settling States are not eligible to be Participating Subdivisions or Participating Special Districts.

H. *Non-Participating Subdivisions and Non-Participating Special Districts*. Non-Participating Subdivisions and Non-Participating Special Districts shall not directly receive any portion of any Base Payments or Incentive Payments, including from the State Fund and direct distributions from the Abatement Accounts Fund; however, a Settling State may choose to fund future Opioid Remediation that indirectly benefits Non-Participating Subdivisions and Non-Participating Special Districts.

I. *Unpaid Allocations to Later Participating and Non-Participating Subdivisions*. Any Base Payments and Incentive Payments allocated pursuant to subsection VIII.E to a Later Participating or Non-Participating Subdivision or a Later Participating or Non-Participating Special District that cannot be paid pursuant to Section X, will be allocated to the Abatement Accounts Fund for the Settling State in which the Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement or by a Statutory Trust.

J. *Requirements for Becoming a Participating Special District: Non-Litigating Special Districts*. A Non-Litigating Special District in a Settling State may become a Participating Special District by returning an executed Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) specifying (1) that the Special District agrees to the terms of this Agreement pertaining to Special Districts, (2) that the Special District releases all Released Claims against all Released Entities, (3) that the Special District agrees to use monies it receives, if any, from the Settlement Fund pursuant to the applicable requirements of Section VIII, and (4) that the Special District submits to the jurisdiction of the Court where the Consent Judgment is filed for purposes limited to that Court's role under the Agreement. The required Settlement Participation Form is attached as Exhibit K. A Non-Litigating Special District will decide whether to become a Participating Special District for both this Agreement and the Allergan Global Opioid Settlement Agreement, or neither.

K. *Requirements for Becoming a Participating Special District: Litigating Special Districts/Later Litigating Special Districts.* A Litigating Special District or Later Litigating Special District in a Settling State may become a Participating Special District by returning an executed Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) that, in addition to the requirements set out in subsection X.J for Non-Litigating Special Districts, commits it to promptly dismiss its legal action. The required Settlement Participation Form is attached as Exhibit K. A Litigating Special District or a Later Litigating Special District will decide whether to become a Participating Special District for both this Agreement and the Allergan Global Opioid Settlement Agreement, or neither. Except for trials begun before the Initial Participation Date, a Litigating Special District or a Later Litigating Special District may not become a Participating Special District after the completion of opening statements in a trial of a legal action it brought that includes a Released Claim against a Released Entity.

L. *Initial Participating Special Districts*. A Special District qualifies as an Initial Participating Special District if it meets the applicable requirements for becoming a Participating Special

District set forth in subsections X.J or X.K by the Initial Participation Date. Provided however, all Special District Settlement Participation Forms shall be held by the Implementation Administrator until Teva provides the notice in subsection XI.B that it intends to proceed with the settlement, at which time the obligations created by such forms become effective.

M. *Later Participating Special Districts.* A Special District that is not an Initial Participating Special District may become a Later Participating Special District by meeting the applicable requirements for becoming a Participating Special District after the Initial Participation Date and agreeing to be subject to the terms of a State-Subdivision Agreement (if any) or any other structure adopted or applicable pursuant to subsections VIII.E or VIII.F. or any agreement reached by the applicable Settling State with Initial Participating Special Districts. The following provisions govern what a Later Participating Special District can receive (but do not apply to Initial Participating Special Districts):

1. Except for the Initial Year Payment, a Later Participating Special District shall not receive any share of any Base or Incentive Payments paid to the Subdivision Fund that were due before it became a Participating Special District.

2. A Later Participating Special District that becomes a Participating Special District after Initial Participation Date but before June 15, 2023 shall receive 75% of the share of the Initial Year Payment that it would have received had it become an Initial Participating Special District (unless the Later Participating Special District is subject to subsections X.M.3 or X.M.4 below). A Later Participating Special District that becomes a Participating Special District after June 15, 2023 shall receive no share of the Initial Year Payment.

3. A Later Participating Special District that, after the Initial Participation Date, maintains a lawsuit for a Released Claim(s) against a Released Entity and has judgment entered against it on every such Claim before it became a Participating Special District (other than a consensual dismissal with prejudice) shall receive 50% of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Special District prior to such judgment; *provided, however*, that if the Special District appeals the judgment and the judgment is affirmed with finality before the Special District becomes a Participating Special District, the Special District shall not receive any share of any Base Payments or Incentive Payments.

4. A Later Participating Special District that becomes a Participating Special District while a Bar or Case-Specific Resolution involving a different Special District exists in its State shall receive 25% of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Special District without such Bar or Case-Specific Resolution.

XI. Condition to Effectiveness of Agreement and Filing of Consent Judgment

A. *Determination to Proceed With Settlement.* Teva will determine on or before the Reference Date whether there has been a sufficient resolution of the Claims of the Litigating

Subdivisions and Litigating Special Districts in the Settling States (through participation under Section X, Case-Specific Resolution(s), and Bar(s)) to proceed with this Agreement. The determination shall be in the sole discretion of Teva, in good faith, and may be based on any criteria or factors deemed relevant by Teva.

B. *Notice by Teva*. On or before the Reference Date, Teva shall inform the Settling States and MDL Plaintiffs' Executive Committee of its determination pursuant to subsection XI.A. If Teva determines to proceed, the Parties will proceed to file the Consent Judgments. If Teva determines not to proceed, this Agreement will have no further effect and all releases (including those given by Participating Subdivisions and Special Districts) and other commitments or obligations contained herein will be void and Settlement Participation Forms shall be returned to the Subdivision or Special District or destroyed to the extent not prohibited by then existing legal obligations or document holds.

XII. Potential Payment Adjustments

A. *Settlement Class Resolution Opt Outs.* If a Settling State is eligible for Incentive A on the basis of a Settlement Class Resolution, and a Primary Subdivision that opted out of the Settlement Class Resolution maintains a lawsuit asserting a Released Claim against a Released Entity, the following shall apply: If the lawsuit asserting a Released Claim either survives a Threshold Motion or has an unresolved Threshold Motion fewer than sixty (60) days prior to the scheduled start of a trial involving a Released Claim, and is resolved with finality on terms requiring payment by the Released Entity, Teva shall receive a dollar-for-dollar offset for the amount paid against its obligation to make remaining Incentive A payments that would be apportioned to that State or Participating Subdivisions listed on Exhibit G.

B. *Revoked Bar, Settlement Class Resolution, or Case-Specific Resolution.*

1. If Teva made a payment as a result of the existence of a Bar, Settlement Class Resolution, or Case-Specific Resolution in a Settling State, and that Bar, Settlement Class Resolution, or Case-Specific Resolution is subject to a Revocation Event, Teva shall receive a dollar-for-dollar offset against its obligation to make remaining payments that would be apportioned to that State and its Exhibit G Participants. This offset will be calculated as the dollar amount difference between (1) the total amount of Incentive Payments paid by Teva during the time the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event was in effect, and (2) the total amount of Incentive Payments that would have been due from Teva during that time without the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event being in effect. The amount of Incentive Payments that would have been due, referenced in (2) above, will be calculated based on considering any Subdivision or Special District that provides a release within one hundred eighty (180) days after the Revocation Event as having been a Participating Subdivision or Participating Special District (in addition to all other Participating Subdivisions and Participating Special Districts) during the time that the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event was in effect. If a Revocation Event causes a Settling State to no longer qualify for one or both parts of Incentive D, the Settling State and its

Exhibit G participants shall return to Teva all relevant payments made under Incentive D through offsets as set forth above.

2. Notwithstanding anything to the contrary in paragraph 1 above, if a Bar or Case-Specific Resolution is reinstated by the Settling State, either through the same or different means as the initial Bar or Case-Specific Resolution, Teva's right to an offset is extinguished and any amounts withheld to offset amounts paid on account of the revoked, rescinded, reversed, or overruled Bar or Case-Specific Resolution shall be returned to the Settling State, less and except any Incentive Payments that would have been paid during the period in which the Bar or Case-Specific Resolution was revoked, rescinded, reversed, or overruled.

XIII. Additional Restitution Amount

Additional Restitution Amount. Teva shall pay an Additional Restitution Amount to each Settling State listed in Exhibit N in the amount and on the schedule set forth in Exhibit M-3. The maximum Additional Restitution Amount of $28,669,762.00 shall be reduced by the allocation set forth on Exhibit F-2 for any Non-Settling States listed on Exhibit N. The Settlement Fund Administrator shall allocate such funds among and within the Settling States listed in Exhibit N at the same time as its allocation of Annual Payments pursuant to subsection VII.B.

Additional Restitution Amount funds shall not be subject to allocation as provided in Sections VIII.D through VIII.F

XIV. Plaintiffs' Attorneys' Fees and Costs

Attorneys' fees and costs are addressed in the following exhibits and are incorporated herein by reference:

1. The State Outside Counsel Fee Fund is addressed in Exhibit T.

2. The State Cost Fund is addressed in Exhibit S.

3. The Attorney Fee and Cost Fund is addressed and the Agreement on Attorneys' Fees, Expenses and Costs is set forth in Exhibit R.

XV. Enforcement and Dispute Resolution

A. *Enforceability*. The terms of the Agreement and Consent Judgment applicable to or in a Settling State will be enforceable solely by that Settling State and Teva. Settling States or Participating Subdivisions shall not have enforcement rights with respect either to the terms of this Agreement that apply only to or in other States or to any Consent Judgment entered into by another Settling State. Participating Subdivisions shall not have enforcement rights against Teva with respect to the Agreement or any Consent Judgment except as to payments that would be allocated to the Subdivision Fund or Abatement Accounts Fund pursuant to Section VII; *provided, however,* that each Settling State shall allow

Participating Subdivisions in that State to notify it of any perceived violations of the Agreement or Consent Judgment.

B. *Consent to Jurisdiction and Service of Process*. Teva consents to the jurisdiction of the Court in which the Consent Judgment is filed, and any appellate court thereof, limited to resolution of disputes identified in subsection XV.G.2; for a civil action for any appropriate relief to enforce compliance with the Parties' Agreement for Injunctive Relief pursuant to Exhibit P, subsection K.5 herein; and for any proceedings for or related to the enforcement or collection of any payments on the Consent Judgment for resolution in the Court in which the Consent Judgment is filed. Teva further agrees any service of process or notice required for such action or proceeding may be effectuated on Teva through delivery of all required papers by hand or by a nationally recognized private courier on Teva's representatives identified in subsection XVI.P herein. To be clear, for the purposes of this Agreement only, Teva consents to personal jurisdiction before such courts, and will not contend service must be effectuated through personal service of the Hague Convention process.

C. *Specific Terms Dispute Resolution.*

1. Any dispute that is addressed by the provisions set forth in the Injunctive Relief Terms in Exhibit P shall be resolved as provided therein and pursuant to subsection XV.E.3 herein.

2. In the event Teva believes the 85% threshold established in subsection VIII.B is not being satisfied, any Party may request that Teva and the Enforcement Committee meet and confer regarding the use of funds under subsection VIII.B. The completion of such meet-and-confer process is a precondition to further action regarding any such dispute. Further action concerning subsection VIII.B shall: (i) be limited to Teva seeking to reduce its Annual Payments by no more than 5% of the difference between the actual amount of Opioid Remediation and the 85% threshold established in subsection VIII.B; (ii) only reduce Annual Payments to those Settling States and its Participating Subdivisions that are below the 85% threshold established in subsection VIII.B; and (iii) not reduce Annual Payments restricted to future Opioid Remediation.

D. *State-Subdivision Enforcement.*

1. A Participating Subdivision shall not have enforcement rights against a Settling State in which it is located with respect to the Agreement or any Consent Judgment except: (1) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust with respect to intrastate allocation; or (2) in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust, as to allegations that: (a) the Settling State's use of Abatement Accounts Fund monies were not used for uses similar to or in the nature of those uses contained in Exhibit E; or (b) a Settling State failed to pay funds directly from the Abatement Accounts Fund to a Participating Subdivision eligible to receive a block grant pursuant to subsection VIII.F.2.b.

2. A Settling State shall have enforcement rights against a Participating Subdivision located in its territory: (1) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust; or (2) in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust, as to allegations that the uses of Abatement Accounts Fund monies by Participating Subdivisions listed on Exhibit G were not for uses similar to or in the nature of those uses contained in Exhibit E.

3. As between Settling States and Participating Subdivisions, the above rights are contractual in nature and nothing herein is intended to limit, restrict, change, or alter any other existing rights under law.

E. *Enforcement Committee Actions to Enforce Agreement.*

1. The Parties agree that in the event of any failure by Teva to make any required payments under this Agreement, the Enforcement Committee, on its own or through its designee such as a Settling State or Participating Subdivision acting by its authorization and on its behalf, shall have the ability and right to file an action or proceeding in any New York state court, or federal court of the United States of America, sitting in New York, for or related to the enforcement or collection of such payments.

2. If any National Dispute involving a Settling State, Participating Subdivision, and/or Teva is pending before a National Arbitration Panel concerning a given year's payment to all Settling States, any action or proceeding pursuant to this subsection XV.E shall be stayed as to any disputed amounts only, but may proceed as to any and all undisputed amounts. In the event there is a dispute between the Parties as to the disputed amounts at issue, the Enforcement Committee or any party to that dispute may seek an expedited determination from the National Arbitration Panel for that proceeding as to the disputed and undisputed amounts.

3. The Parties further agree that in the event of Teva's breach of the Parties' Agreement for Injunctive Relief (Exhibit P attached hereto), the Enforcement Committee, on its own or through its designee such as a Settling State or Participating Subdivision acting by its authorization and on its behalf, shall have the ability and right to file a civil action pursuant to Exhibit P, subection K.5, in any New York state court, or federal court of the United States of America, sitting in New York, seeking any appropriate relief to enforce compliance with such Agreement for Injunctive Relief.

4. Teva consents to the jurisdiction of the New York state court, or federal court of the United States of America, sitting in New York, and any appellate court from any thereof, in which any action or proceeding is initiated pursuant to this subsection XV.E, and for enforcement or collection of any related judgment entered by such court. Teva further agrees any service of process or notice required for such action or proceeding, including for any action or proceeding for enforcement or collection of any judgment entered thereon, may be effectuated on Teva through delivery of all required papers by hand or by a nationally recognized private courier on Teva's representatives identified in subsection XVI.P herein. For the purposes

of this Agreement only, Teva consents to personal jurisdiction before such courts and will not contend service must be effectuated through personal service or the Hague Convention process.

5. The enforcement rights under this subsection XV.E are in addition to, and not in lieu of, any other enforcement and collection rights of the Parties herein, including but not limited to enforcement rights as to payments as allowed by subsection XV.A.

F. *Subdivision Payment Enforcement.* A Participating Subdivision shall have the same right as a Settling State pursuant to subsection XV.G.4.a.iv to seek resolution of any failure by Teva to make its required Base Payments and/or Incentive Payments in a Payment Year.

G. *Other Dispute Resolution Terms.*

1. Except as provided in subsection XV.C, the parties to a dispute shall promptly meet and confer in good faith to resolve any dispute. If the parties cannot resolve the dispute informally, and unless otherwise agreed in writing, they shall follow the remaining provisions of this subsection XV.G to resolve the dispute.

2. Except as provided in subsections XV.C and XV.G.4, disputes not resolved informally shall be resolved in either the Court that entered the relevant Consent Judgment or, if no Consent Judgment was entered, a state or territorial court with jurisdiction located wherever the seat of state government is located. State court proceedings shall be governed by the rules and procedures of the forum. For the avoidance of doubt, disputes to be resolved in state court include, but are not limited to, the following:

   a. disputes concerning whether expenditures qualify for Opioid Remediation;

   b. disputes between a Settling State and Participating Subdivisions located in such Settling State as provided by subsection XV.D, except to the extent the State-Subdivision Agreement provides for other dispute resolution mechanisms. For the avoidance of doubt, disputes between a Settling State and any Participating Subdivision shall not be considered National Disputes;

   c. whether this Agreement and relevant Consent Judgment are binding under state law;

   d. the extent of the Attorney General's or other participating entity's authority under state law, including the extent of the authority to release Claims;

   e. whether the requirements of a Bar, a Case-Specific Resolution, State-Specific Finality, Later Litigating Subdivision, Litigating Subdivision, or a Threshold Motion have been met; and

   f. all other disputes not specifically identified in subsections XV.C and XV.G.4.

3. Any Party may request that the National Arbitration Panel provide an interpretation of any provision of the settlement that is relevant to the state court determination, and the National Arbitration Panel shall make reasonable best efforts to supply such interpretation within the earlier of thirty (30) days or the time period required by the state court proceedings. Any Party may submit that interpretation to the state court to the extent permitted by, and for such weight provided by, the state court's rules and procedures. If requested by a Party, the National Arbitration Panel shall request that its interpretation be accepted in the form of an amicus curiae brief, and any attorneys' fees and costs for preparing any such filing shall be paid for by the requesting Party.

4. National Disputes involving a Settling State, Participating Subdivision, and/or Teva shall be resolved by a National Arbitration Panel.

   a. "*National Disputes*" are disputes that are exceptions to subsection XV.G.2's presumption of resolution in state courts because they involve issues of interpretation of Agreement terms applicable to all Settling States without reference to a particular State's law. Disputes between a State and any Participating Subdivisions shall not be considered National Disputes. National Disputes are limited to the following:

      (i) the amount of offset and/or credit attributable to Non-Settling States;

      (ii) issues involving the scope and definition of "Product";

      (iii) interpretation and application of the terms "Covered Conduct" and "Released Entities";

      (iv) disputes over a given year's Annual Payment or the payment of the Additional Restitution Amount to all Settling States (for the avoidance of doubt, disputes between a Settling State and Teva over the amounts owed to only that State shall not be considered National Disputes);

      (v) questions regarding the performance and/or removal of the Settlement Fund Administrator;

      (vi) disputes involving liability of successor entities;

      (vii) disputes that require a determination of sufficient Subdivision and Special District participation to qualify for Incentives A, B, C, or D,;

      (viii) disputes that require interpretation of Agreement terms (i) that concretely affect four (4) or more Settling States; and (ii) do not turn on unique definitions and interpretations under State law; and

      (ix) any dispute subject to resolution under subsection XV.G.2 but for which all parties to the dispute agree to arbitration before the

National Arbitration Panel under the provisions of this subsection XV.G.4.

b. The "*National Arbitration Panel*" shall be comprised of three (3) neutral arbitrators. One (1) arbitrator shall be chosen by Teva, one (1) arbitrator shall be chosen by the Enforcement Committee with due input from Participating Subdivisions, and the third arbitrator shall be agreed upon by the first two (2) arbitrators. The membership of the National Arbitration Panel is intended to remain constant throughout the term of this Agreement, but in the event that replacements are required, the retiring arbitrator shall be replaced by the party that selected him/her.

(i) The National Arbitration Panel shall make reasonable best efforts to decide all matters within one hundred eighty (180) days of filing, and in no event shall it take longer than one (1) year.

(ii) The National Arbitration Panel shall conduct all proceedings in a reasonably streamlined process consistent with an opportunity for the parties to be heard. Issues shall be resolved without the need for live witnesses where feasible, and with a presumption in favor of remote participation to minimize the burdens on the parties.

(iii) To the extent allowed under state law, a Settling State, Participating Subdivision, and (at any party's request) the National Arbitration Panel may certify to an appropriate state court any question of state law. The National Arbitration Panel shall be bound by a final state court determination of such a certified question. The time period for the arbitration shall be tolled during the course of the certification process.

(iv) The arbitrators will give due deference to any authoritative interpretation of state law, including any declaratory judgment or similar relief obtained by a Settling State, Participating Subdivision, or Teva on a state law issue.

(v) The decisions of the National Arbitration Panel shall be binding on Settling States, Participating Subdivisions, Teva, and the Settlement Fund Administrator. In any proceeding before the National Arbitration Panel involving a dispute between a Settling State and Teva whose resolution could prejudice the rights of a Participating Subdivision(s) or Participating Special District(s) in that Settling State, such Participating Subdivision(s) or Participating Special District(s) shall be allowed to file a statement of view in the proceeding.

c. Nothing herein shall be construed so as to limit or otherwise restrict a State from seeking injunctive or other equitable relief in state court to protect the health, safety, or welfare of its citizens.

d. Each party shall bear its own costs in any arbitration or court proceeding arising under this subsection XV.G. The costs for the arbitrators on the National Arbitration Panel shall be divided and paid equally by the disputing sides for each individual dispute, *e.g.*, a dispute between Teva and Settling States/Participating Subdivisions shall be split 50% by Teva and 50% by the Settling States/Participating Subdivisions that are parties to the dispute; a dispute between a Settling State and a Participating Subdivision shall be split 50% by the Settling State and 50% by any Participating Subdivisions that are party to the dispute.

5. Prior to initiating an action to enforce pursuant to this subsection XV.G, the complaining party must:

a. Provide written notice to the Enforcement Committee of its complaint, including the provision of the Consent Judgment and/or Agreement that the practice appears to violate, as well as the basis for its interpretation of the disputed provision. The Enforcement Committee shall establish a reasonable process and timeline for obtaining additional information from the involved parties; *provided*, *however*, that the date the Enforcement Committee establishes for obtaining additional information from the parties shall not be more than forty-five (45) days following the notice. The Enforcement Committee may advise the involved parties of its views on the complaint and/or seek to resolve the complaint informally.

b. Wait to commence any enforcement action until thirty (30) days after the date that the Enforcement Committee establishes for obtaining additional information from the involved parties.

6. If the parties to a dispute cannot agree on the proper forum for resolution of the dispute under the provisions of subsections XV.G.2 or XV.G.4, a committee comprising the Enforcement Committee and sufficient representatives of Teva such that the members of the Enforcement Committee have a majority of one (1) member will determine the forum where the dispute will be initiated within twenty-eight (28) days of receiving notification of the dispute relating to the proper forum. The forum identified by such committee shall be the sole forum for determining where the dispute shall be heard, and the committee's identification of such forum shall not be entitled to deference by the forum selected.

H. *No Effect*. Nothing in this Agreement shall be interpreted to limit the Settling State's Civil Investigative Demand ("CID") or investigative subpoena authority, to the extent such authority exists under applicable state law and the CID or investigative subpoena is issued pursuant to such authority, and Teva reserves all of its rights in connection with a CID or investigative subpoena issued pursuant to such authority.

XVI. Miscellaneous

A. *No Admission.* Teva does not admit liability or wrongdoing. Neither this Agreement nor the Consent Judgments shall be considered, construed, or represented to be (1) an

admission, concession, or evidence of liability or wrongdoing or (2) a waiver or any limitation of any defense otherwise available to Teva.

B. *Population of Subdivisions*. The population figures for Subdivisions shall be the published U.S. Census Bureau's population estimates for July 1, 2019, released May 2020. These population figures shall remain unchanged during the term of this Agreement.

C. *Population of Special Districts*. For any purpose in this Agreement in which the population of a Special District is used, other than the use of "Covered Special District": (a) School Districts' population will be measured by the number of students enrolled who are eligible under the Individuals with Disabilities Education Act ("*IDEA*") or Section 504 of the Rehabilitation Act of 1973; (b) Health Districts' and Hospital Districts' population will be measured at 25% of discharges; and (c) all other Special Districts' (including Fire Districts' and Library Districts') population will be measured at 10% of the population served.

D. *Population Associated with Sheriffs*. For any purpose in this Agreement in which the population associated with a lawsuit by a sheriff is used, the population will be measured at 20% of the capacity of the jail(s) operated by the sheriff.

E. *Most-Favored-Nation Provision*.

1. If Teva enters into any settlement agreement with any Non-Settling State after November 23, 2022 that resolves Claims similar in scope to the Claims released by a Settling State under this Agreement on overall payment terms that are more favorable to such Non-Settling State on a net present value basis (calculated with a 7% discount rate) on overall payment terms the Non-Settling State would have received under this Agreement based on the same level of participation, then the Settling States, individually or collectively, may elect to seek review, pursuant to Section XVI.E.3, of the overall payment terms of this Agreement and the Non-Settling State agreement so that the Settling State(s) may obtain, with respect to Teva, overall payment terms at least as favorable as those obtained by such Non-Settling State. "*Overall payment terms*" refers to consideration of all payment terms of the two agreements, taken together, including, but not limited to the amount of payments, the timing of payments, and conditions or contingencies on payments.

2. For any settlement with a Non-Settling State involving Released Claims, Teva shall provide the Enforcement Committee with a copy of the settlement agreement or relevant Consent Judgment within thirty (30) calendar days of the consummation of such settlement. The Enforcement Committee will promptly distribute such copy to all Settling States.

3. In the event that the one or more Settling State(s) believes that the overall payment terms of an agreement by Teva with a Non-Settling State are more favorable to the Non-Settling State, when compared based on the totality of the considerations set forth in Section XVI.E.1, the Settling State(s) and Teva shall engage in the following process:

a. The Settling State(s) shall provide notice, within sixty (60) calendar days of the date on which a settlement agreement or Consent Judgment is provided to the Enforcement Committee, to Teva of its intent to seek revision of this Agreement to provide payment terms that are, on an overall basis, as favorable as those obtained by the Non-Settling State. Such notice shall be confidential and not disclosed publicly to the extent allowed by law and shall state, in detail, the basis for the Settling State's belief that it is entitled to a revision of the Agreement.

b. Teva shall, within thirty (30) calendar days, provide a response to the Settling State(s), explaining its position, in detail, as to whether the Settling State(s) is entitled to more favorable overall payment terms than those provided for in this Agreement.

c. In the event the Settling State(s) and Teva do not reach agreement as to the application of Section XVI.E.1, the Settling State(s) may petition the National Arbitration Panel to seek a ruling from the Panel as to the applicability of Section XVI.E.1, provided that the Settling State(s) may seek such review only if at least five (5) Settling States co-sign the petition. The Panel shall consider submissions and argument by the parties pursuant to the procedures set forth in Section XV.G.4.

d. The Settling State(s) and Teva shall be bound by the determination of the National Arbitration Panel.

4. This Section XVI.E does not apply to, and there is no ability of any Settling State to seek or obtain revision of this Agreement based on, any Non-Settling State agreement with Teva that is entered into: (a) either the earlier of (i) after the close of expert discovery or (ii) after a date ninety (90) calendar days prior to the scheduled start date of a trial between Teva and the Non-Settling State or any severed or bifurcated portion thereof, provided that, where, in order to complete a settlement, a Non-Settling State and Teva jointly request an adjournment of the scheduled start date of a trial within ninety (90) days of that date, this exception will apply as if the trial date had not been adjourned; (b) with a Non-Settling State that previously litigated to judgment a case related to opioids against any manufacturer, distributor, or pharmacy; or, (c) the earlier of: (i) after a Non-Settling State has obtained any court order or judicial determination that grants judgment (in whole or in part) against Teva in the Non-Settling State's case; (ii) after a sanctions ruling against Teva in the Non-Settling State's case against Teva; or, (iii) after any ruling has issued in the Non-Settling State's case against any manufacturer, distributor, or pharmacy on the issue of joint and several liability. The National Arbitration Panel shall have no power to review agreements that satisfy any of the conditions described in this paragraph.

5. This Section does not apply to, and there is no ability of any Settling State to seek or obtain revision of this Agreement based on, any agreement between Teva and (a) federally-recognized tribe(s), (b) Non-Participating Subdivisions or (3) Non-

Participating Special Districts. This Section XVI.E will not apply to any agreement entered into more than six (6) months after the Reference Date.

F. *Tax Reporting and Cooperation.*

1. Upon request by Teva, the Settling States, Participating Subdivisions, and Participating Special Districts agree to perform such further acts and to execute and deliver such further documents as may be reasonably necessary for Teva to establish the statements set forth in subsection VIII.G to the satisfaction of their tax advisors, their independent financial auditors, the Internal Revenue Service, or any other governmental authority, including as contemplated by Treasury Regulations Section 1.162-21(b)(3)(ii) and any subsequently proposed or finalized relevant regulations or administrative guidance.

2. Without limiting the generality of subsection XVI.F, each Settling State, Participating Subdivision, and Participating Special District shall cooperate in good faith with Teva with respect to any tax claim, dispute, investigation, audit, examination, contest, litigation, or other proceeding relating to this Agreement.

3. The Designated State, on behalf of all Settling States, Participating Subdivisions, and Participating Special Districts, shall designate one of its officers or employees to act as the "appropriate official" within the meaning of Treasury Regulations Section 1.6050X-1(f)(1)(ii)(B) (the "Appropriate Official").

4. Neither Teva nor the Settling States, Participating Subdivisions, and Participating Special Districts make any warranty or representation to any Settling jurisdiction or Releasor as to the tax consequences of the payment of the Compensatory Restitution Amount (or any portion thereof).

G. *No Third-Party Beneficiaries.* Except as expressly provided in this Agreement, no portion of this Agreement shall provide any rights to, or be enforceable by, any person or entity that is not a Settling State or Released Entity. No Settling State may assign or otherwise convey any right to enforce any provision of this Agreement.

H. *Calculation.* Any figure or percentage referred to in this Agreement shall be carried to seven decimal places.

I. *Construction.* None of the Parties and no Participating Subdivision shall be considered to be the drafter of this Agreement or of any of its provisions for the purpose of any statute, case law, or rule of interpretation or construction that would or might cause any provision to be construed against the drafter of this Agreement. The headings of the provisions of this Agreement are not binding and are for reference only and do not limit, expand, or otherwise affect the contents or meaning of this Agreement.

J. *Cooperation.* Each Party and each Participating Subdivision agrees to use its best efforts and to cooperate with the other Parties and Participating Subdivisions to cause this Agreement and the Consent Judgments to become effective, to obtain all necessary approvals, consents and authorizations, if any, and to execute all documents and to take

such other action as may be appropriate in connection herewith. Consistent with the foregoing, each Party and each Participating Subdivision agrees that it will not directly or indirectly assist or encourage any challenge to this Agreement or any Consent Judgment by any other person, and will support the integrity and enforcement of the terms of this Agreement and the Consent Judgments.

K. *Entire Agreement*. This Agreement, its exhibits and any other attachments, including the attorneys' fees and cost agreement in Exhibit R, embodies the entire agreement and understanding between and among the Parties and Participating Subdivisions relating to the subject matter hereof and supersedes (1) all prior agreements and understandings relating to such subject matter, whether written or oral and (2) all purportedly contemporaneous oral agreements and understandings relating to such subject matter.

L. *Execution*. This Agreement may be executed in counterparts and by different signatories on separate counterparts, each of which shall be deemed an original, but all of which shall together be one and the same Agreement. One or more counterparts of this Agreement may be delivered by facsimile or electronic transmission with the intent that it or they shall constitute an original counterpart hereof. One or more counterparts of this Agreement may be signed by electronic signature.

M. *Good Faith and Voluntary Entry*. Each Party warrants and represents that it negotiated the terms of this Agreement in good faith. Each of the Parties and signatories to this Agreement warrants and represents that it freely and voluntarily entered into this Agreement without any degree of duress or compulsion. The Parties state that no promise of any kind or nature whatsoever (other than the written terms of this Agreement) was made to them to induce them to enter into this Agreement.

N. *No Prevailing Party.* The Parties each agree that they are not the prevailing party in this action, for purposes of any Claim for fees, costs, or expenses as prevailing parties arising under common law or under the terms of any statute, because the Parties have reached a good faith settlement. The Parties each further waive any right to challenge or contest the validity of this Agreement on any ground, including, without limitation, that any term is unconstitutional or is preempted by, or in conflict with, any current or future law.

O. *Non-Admissibility.* The settlement negotiations resulting in this Agreement have been undertaken by the Parties and by certain representatives of the Participating Subdivisions in good faith and for settlement purposes only, and no evidence of negotiations or discussions underlying this Agreement shall be offered or received in evidence in any action or proceeding for any purpose. This Agreement shall not be offered or received in evidence in any action or proceeding for any purpose other than in an action or proceeding arising under or relating to this Agreement or in any litigation or arbitration concerning Teva's right to coverage under an insurance contract.

P. *Notices.* All notices or other communications under this Agreement shall be in writing (including but not limited to electronic communications) and shall be given to the recipients indicated below:

Any Party or the Plaintiffs' Executive Committee may change or add the contact information of the persons designated to receive notice on its behalf by notice given (effective upon the giving of such notice) as provided in this subsection.

Q. *No Waiver*. The waiver of any rights conferred hereunder shall be effective only if made by written instrument executed by the waiving Party or Parties. The waiver by any Party of any breach of this Agreement shall not be deemed to be or construed as a waiver of any other breach, whether prior, subsequent, or contemporaneous, nor shall such waiver be deemed to be or construed as a waiver by any other Party.

R. *Preservation of Privilege.* Nothing contained in this Agreement or any Consent Judgment, and no act required to be performed pursuant to this Agreement or any Consent Judgment, is intended to constitute, cause, or effect any waiver (in whole or in part) of any attorney-client privilege, work product protection, or common interest/joint defense privilege, and each Party agrees that it shall not make or cause to be made in any forum any assertion to the contrary.

S. *Successors*.

1. This Agreement shall be binding upon, and inure to the benefit of, Teva and its respective successors and assigns.

2. Teva shall not sell the majority of its voting stock or substantially all its assets without obtaining the acquiror's agreement that it will constitute a successor with respect to Teva's obligations under this Agreement.

3. Teva shall not in one (1) transaction, or a series of related transactions, sell, or transfer assets (other than sales or transfers of inventories, or sales or transfers to an entity owed directly or indirectly by Teva) having a fair market value equal to twenty-five percent (25%) or more of the consolidated assets of Teva where the sale or transfer transaction is announced after the Reference Date, is not for fair consideration, and would foreseeably and unreasonably jeopardize Teva's ability to make the payments under this Agreement that are due on or before the third Payment Date following the close of a sale or transfer transaction. The above restriction shall not apply if Teva obtains the acquiror's agreement that it will be either a guarantor of or successor to the percentage of Teva's remaining Payment Obligations under this Agreement equal to the percentage of Teva's consolidated assets being sold or transferred in such transaction. Percentages under this section shall be determined in accordance with the United States generally accepted accounting principles and as of the date of Teva's most recent publicly filed consolidated balance sheet prior to the date of entry into the sale or transfer agreement at issue. This subsection XVI.S.3 shall be enforceable solely by the Enforcement Committee, and any objection under this subsection XVI.S.3 not raised within twenty (20) calendar days from the date that Teva transmits notice of the transaction to the Enforcement Committee is waived. Any dispute under this subsection XVI.S.3 shall be a National Dispute as described in subsection XV.E and must be raised exclusively with the National Arbitration Panel as described therein within twenty (20) calendar days of the announcement, and the sole remedy shall be an order enjoining the transaction.

T. *Modification, Amendment, Alteration*. After the Reference Date, any modification, amendment, or alteration of this Agreement by the Parties shall be binding only if evidenced in writing signed by Teva along with the signatures of at least thirty-seven (37) of those then-serving Attorneys General of the Settling States along with a representation from each Attorney General that either: (1) the advisory committee or similar entity established or recognized by that Settling State (either pursuant to subsection VIII.F.2, by a State-Subdivision Agreement, or by statute) voted in favor of the modification, amendment, or alteration of this Agreement including at least one Participating Subdivision-appointed member; or (2) in States without any advisory committee, that 50.1% of the Participating Subdivisions by population expressed approval of the modification, amendment, or alteration of this Agreement in writing. Provided, however, in the event the modification, amendment, or alteration relates to injunctive relief, interstate allocation between the Settling States, intrastate allocation in a particular Settling State, or fees or costs of Settling States and Participating Subdivisions, then every Settling State and each Participating Subdivision affected by that modification, amendment, or alteration

must assent in writing. Provided further that, in the event the modification, amendment, or alteration relates to injunctive relief, then such amendment, modification, or alteration of injunctive relief against Teva will not be effective unless and until any Consent Judgment is modified by a court of competent jurisdiction, except as otherwise provided by the Injunctive Terms.

U. *Termination.*

1. Unless otherwise agreed to by Teva and the Settling State in question, this Agreement and all of its terms (except subsection XVI.O and any other non-admissibility provisions, which shall continue in full force and effect) shall be canceled and terminated with respect to the Settling State, and the Agreement and all orders issued by the courts in the Settling State pursuant to the Agreement shall become null and void and of no effect if one or more of the following conditions applies:

    a. A Consent Judgment approving this Agreement without modification of any of the Agreement's terms has not been entered as to the Settling State by a court of competent jurisdiction on or before one hundred eighty (180) days after the Effective Date; or

    b. This Agreement or the Consent Judgment as to that Settling State has been disapproved by a court of competent jurisdiction to which it was presented for approval and/or entry (or, in the event of an appeal from or review of a decision of such a court to approve this Agreement and the Consent Judgment, by the court hearing such appeal or conducting such review), and the time to appeal from such disapproval has expired, or, in the event of an appeal from such disapproval, the appeal has been dismissed or the disapproval has been affirmed by the court of last resort to which such appeal has been taken and such dismissal or disapproval has become no longer subject to further appeal (including, without limitation, review by the United States Supreme Court).

2. If this Agreement is terminated with respect to a Settling State and its Participating Subdivisions for whatever reason pursuant to subsection XVI.U.1, then:

    a. An applicable statute of limitation or any similar time requirement (excluding any statute of repose) shall be tolled from the date the Settling State signed this Agreement until the later of the time permitted by applicable law or for one year from the date of such termination, with the effect that Teva and the Settling State in question shall be in the same position with respect to the statute of limitation as they were at the time the Settling State filed its action; and

    b. Teva and the Settling State and its Participating Subdivisions in question shall jointly move the relevant court of competent jurisdiction for an order reinstating the actions and Claims dismissed pursuant to the terms of this Agreement governing dismissal, with the effect that Teva and the Settling

State and its Participating Subdivisions in question shall be in the same position with respect to those actions and Claims as they were at the time the action or Claim was stayed or dismissed.

3. Unless Teva and the Enforcement Committee agree otherwise, this Agreement, with the exception of the Injunctive Relief Terms that have their own provisions on duration, shall terminate as to all Parties as of the Payment Date for Payment Year 13, *provided* that Teva has performed its payment obligations under the Agreement as of that date. Notwithstanding any other provision in this Agreement, all releases under this Agreement will remain effective despite any termination under this paragraph.

V. *Waiver*. Teva, for good and valuable consideration the receipt of which is acknowledged, hereby (a) waives, foregoes and relinquishes all rights to utilize and/or seek relief under any of the following laws of the State of Texas for the restructuring of any of its business affairs: Tex. Bus. Orgs. Code § 10.003 (Contents of Plan of Merger: More Than One Successor) or any other statute of Subchapter A of Chapter 10 of Tex. Bus. Orgs. Code to the extent such statute relates to multi-successor mergers (and/or any other similar laws or statutes in any other state or territory); Tex. Bus. Orgs. Code §§ 11.01–11.414 (Winding Up and Termination of Domestic Entity); or Tex. Bus. & Com. Code §§ 23.01–23.33 (Assignments for the Benefit of Creditors) (collectively, the "Texas Statutes"), and (b) agrees, warrants and represents that it will not file, request or petition for relief under the Texas Statutes, in each case until such time as all of Teva's obligations incurred hereunder are satisfied in full. The foregoing waiver and relinquishment includes, without limitation, until such time as all of Teva's obligations hereunder are satisfied in full, Teva's rights to execute a divisional merger or equivalent transaction or restructuring that in each case has the intent or foreseeable effect of (i) separating material assets from material liabilities and (ii) assigning or allocating all or a substantial portion of those liabilities to any subsidiary or affiliate that files for relief under chapter 11 of the Bankruptcy Code, or pursuant to which such subsidiary or affiliate that files for relief under chapter 11 of the Bankruptcy Code would be assuming or retaining all or a substantial portion of those liabilities.

W. *Affirmative Representation of Solvency.* Teva Pharmaceutical Industries Ltd. and Teva Pharmaceuticals USA, Inc. hereby warrant and represent that, as of the date of the execution of this Agreement, it is not insolvent as such term is defined and interpreted under 11 U.S.C. §§101 et seq. ("Code") including, without limitation, Code §§ 547 and 548.

X. *Governing Law.* Except (1) as otherwise provided in the Agreement or (2) as necessary, in the sole judgment of the National Arbitration Panel, to promote uniformity of interpretation for matters within the scope of the National Arbitration Panel's authority, this Agreement shall be governed by and interpreted in accordance with the respective laws of the Settling State, without regard to the conflict of law rules of such Settling State, that is seeking to enforce the Agreement against Teva or against which Teva is seeking enforcement. Notwithstanding any other provision in this subsection on governing law, any disputes relating to the Settlement Fund Escrow shall be governed by and interpreted in accordance with the law of the state where the escrow agent has its primary place of business.

Exhibit B
Enforcement Committee Organizational Bylaws

ARTICLE I

These bylaws constitute the code of rules adopted by the Settling States and Participating Subdivisions for the creation of an Enforcement Committee (the "Committee") to exist and operate during the term of the Agreement in connection with Teva and shall control the regulation and management of the Committee's affairs.

ARTICLE II
Purpose

The Committee is organized for the sole purpose of evaluating and taking such action as deemed reasonable, necessary, and appropriate by the members of the Committee on the matters delegated to the Committee under that certain Settlement Agreement between the Settling States and Teva dated November 22, 2022.

ARTICLE III
Members of the Committee

(1) Number of Members

The Committee will consist of thirteen (13) members (the "Members"). Upon majority resolution of the Committee, the number of Members may be increased or decreased from time to time, but in no event shall a decrease have the effect of decreasing the total number of Members to less than seven Members.

(2) Initial Members

The Committee initially will consist of eight (8) Settling State Members and five (5) Participating Subdivision Members; two (2) of the Participating Subdivisions shall be counties; two (2) shall be municipalities, and the fifth Participating Subdivision Member may be either a county or a municipality. The initial Settling State Members are representatives from: California, Illinois, Iowa, New York, North Carolina, Ohio, Tennessee and Virginia. The initial Participating Subdivision Members are: [•]. Until the date fifteen (15) months from the Effective Date contained in the Settlement Agreement, the Participating Subdivisions may designate their outside counsel to serve as their representative. After the date fifteen (15) months from the Effective Date, an employee or official of the Participating Subdivision must be designated as the representative of the Participating Subdivision.

(3) Term of Members

The term of office for Members of the Committee will be until the end of the term of the Settlement Agreement, thirteen (13) years, unless and until a Member withdraws or resigns from the Committee.

(4) Resignation

Any Member may resign at any time by delivering written notice to the Chairperson of the Committee. Such resignation shall take effect upon receipt or, if later, at the time specified in the notice.

(5) Removal

(a) Any Member may be removed without cause, at any time, by a majority of the entire Committee, at a Regular or Special Meeting called for that purpose. Any Member under consideration of removal must first be notified about the consideration by written notice at least five days prior to the meeting at which the vote takes place.

(b) In the event that any Member is not a Settling State or a Participating Subdivision or the Member subsequently becomes a Later Litigating Subdivision, the Member shall be removed immediately without notice or vote of the Committee.

(6) Vacancies

In the event of a vacancy, the Members of the same type (Settling State or Participating Subdivision) shall select another Settling State or Participating Subdivision to fill that Member's position.

(7) Compensation

Members shall not receive any salaries or other compensation for their services, but, by resolution of the Committee, may be reimbursed for any actual expenses incurred in the performance of their duties for the Committee, as long as a majority of disinterested Members approve the reimbursement. Any reimbursement shall be sought from the Settlement Fund Administrator.

ARTICLE IV
Conflicts of Interest and Code of Ethics

If a Member, agent, or employee of the Committee has a conflict of interest, he or she may not participate in a vote, discussion, or decision about the matter. Each Member shall follow any applicable state or local law with respect to conflicts, gifts, and ethics.

ARTICLE V
Committee Meetings

(1) Place of Meetings

Meetings of the Committee will be held at any place that the Chairperson may designate, including by telephonic or electronic means.

(2) Regular Meetings

Regular meetings of the Committee shall be held as deemed necessary by the Chairperson or any three members.

(3) Notice of Meetings

Written notice of the date, time, place and subject of each meeting must be provided to the Members at least 72 hours before the scheduled time of the meeting, except when there is an emergency or urgent public necessity.

(4) Quorum

A majority of the incumbent Members (not counting vacancies) shall constitute a quorum for the purposes of convening a meeting or conducting business.

(5) Voting and Proxy

When it is necessary to vote on any matter before the Committee, Members may vote by electronic means as provided in these Bylaws. Proxy voting is permitted. In order for a matter to pass, the matter must have a majority vote of Members present and must have at least one vote from a Settling State Member and a Participating Subdivision Member. In the event that there is a Quorum, but no Settling State or Participating Subdivision Member is present, then a matter may pass with a simple majority vote.

(6) Minutes

The Committee shall prepare and keep minutes. The minutes must state the subject of each deliberation and indicate each vote, order, decision, or other action taken.

ARTICLE VI

Officers

(1) Roster of Officers

The Committee shall have a Chairperson, a Vice Chairperson, and a Secretary. The Committee may have at its discretion, such other officers as may be appointed by the Members of the Committee. One person may hold two or more offices, except those serving as Chairperson.

(2) Election and Removal of Officers

All officers shall serve two-year terms. The election shall be conducted at the first meeting of the fiscal year. Officers shall remain in office until their successors have been selected. Officers may serve consecutive terms without limit. The election of officers shall be by majority vote of the Members of the Committee attending the meeting.

(3) Vacancies

If a vacancy occurs during the term of office for any elected officer, the Members of the Committee shall elect a new officer to fill the remainder of the term as soon as practical, by majority vote of Members present.

(4) Chairperson

The Chairperson will supervise and control the affairs of the Committee and shall exercise such supervisory powers as may be given him/her by the Members of the Committee. The Chairperson will perform all duties incident to such office and such other duties as may be provided in these bylaws or as may be prescribed from time to time by the Committee. The Chairperson shall preside at all meetings and shall exercise parliamentary control in accordance with Robert's Rules of Order.

(5) Vice Chairperson

The Vice Chairperson shall act in place of the Chairperson in the event of the Chairperson's absence, inability, or refusal to act, and shall exercise and discharge such other duties as may be required by the Committee. The Vice Chairperson shall serve as the parliamentarian and interpret any ambiguities of the bylaws.

(6) Secretary

The Secretary will keep and maintain all records related to the Committee and take minutes of all meetings.

(7) Records

All elected officers and committee chairpersons shall relinquish their records to the Chairperson immediately upon the completion of their term of office or completion of a project.

(8) Resignation

An officer may resign the office while not resigning membership from the Committee, by submitting a letter to the Chairperson. Vacancies occurring in any office shall be appointed for the remainder of the term.

ARTICLE VII
Duties

(1) Prior to the Reference Date

The Committee shall be responsible for any additional negotiations with Teva, including, but not limited to, negotiating extensions of any periods created by the Settlement Agreement.

(2) After the Effective Date

The Committee shall establish procedures for the receipt of notices that a dispute exists concerning the Agreement and review of such disputes, pursuant to Section XV of the Agreement. Members may engage with Teva, Settling States, and Participating Subdivisions attempting to resolve any dispute without further action by the Committee. The Committee may request additional information from Teva, Settling States, and Participating Subdivisions to the extent the Committee believes such information is necessary to understand, resolve, or provide advice related to a dispute. The Committee

shall endeavor to provide advice relative to the dispute no later than 60 days after receipt of notice.

ARTICLE VIII
Rules of Procedure

The proceedings and business of the Committee shall be governed by Robert's Rules of Order unless otherwise waived by the Committee.

ARTICLE IX
Operations

(1) Records

The Committee will keep correct and complete records and will also keep minutes of the proceedings of the Committee meetings and Committees. The Committee will keep such records at its principal place of business at a place designated by the Chairperson**.**

All elected officers and committee chairpersons shall relinquish their records to the Chairperson, immediately upon the completion of their term of office.

(2) Inspection of Books and Records

The minutes of a meeting are public records and shall be available for public inspection and copying on request to the Committee's Chairperson or the Chairperson's designee.

(3) Amendments

The bylaws may be amended at any time by a vote of a majority of Members present and must have at least one vote from a Settling State Member and a Participating Subdivision Member. In the event that there is a Quorum, but no Settling State or Participating Subdivision Member is present, then a matter may pass with a simple majority vote.
