Item No: 4

SUBJECT: **A DEVELOPMENT IMPACT FEE CREDIT AGREEMENT (FILE NO. PDIF25-002) BETWEEN THE CITY OF ONTARIO AND THE RANCH AT MODEL COLONY, LLC FOR FACILITY CONSTRUCTION ASSOCIATED WITH TRACT MAP 20465 (FILE NO. PMTT23-003), LOCATED AT THE SOUTHWEST CORNER OF HAMNER AVENUE AND ONTARIO RANCH ROAD, WITHIN THE RICH HAVEN SPECIFIC PLAN**

RECOMMENDATION: That the City Council approve the Development Impact Fee Credit Agreement (File No. PDIF25-002) between the City of Ontario and The Ranch At Model Colony, LLC for facility construction associated with Tract Map 20465 (File No. PMTT23-003), located at the southwest corner of Hamner Avenue and Ontario Ranch Road, within the Rich Haven Specific Plan, and authorize the City Manager to execute the Agreement.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Operate in a Businesslike Manner
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: Approval of the proposed Development Impact Fee (DIF) Credit Agreement (File No. PDIF25-002) will not result in any fiscal impact to the City's General Fund. The project's Development Agreement (File No. PDA16-003) and related conditions require The Ranch At Model Colony, LLC (hereinafter referred to as "Developer") to construct DIF program infrastructure with estimated costs of $1,160,259. The proposed DIF Credit Agreement defines the amount of DIF credit that the Developer may be eligible to receive for construction of the improvements. The DIF credit that the Developer will receive upon completion of the improvements may be exchanged for a refund of the DIF fees paid by the Developer (up to the Developer's maximum DIF obligation) in the respective DIF category.

BACKGROUND & ANALYSIS: On May 4, 2017, the City Council approved the Development Agreement (File No. PDA16-003) between the City of Ontario and GDCI-RCCD 2, LP, the original owner for Tract Map 20465. On September 20, 2023, the Development Agreement was assigned to the Developer and included the construction of necessary infrastructure to serve the project development.

In accordance with the Development Agreement and related conditions, the Developer is required to construct DIF Program infrastructure to serve Tract Map 20465. Improvements include installation of storm drain, streets, and fiber optics facilities in Hamner Avenue and Ontario Ranch Road, and a quarter-mile signal between Mill Creek and Hamner at Edison Avenue.

Pursuant to the City's adopted DIF Credit and/or Reimbursement policies, construction of DIF Program facilities requires the Developer and the City to enter into a DIF Credit and/or Reimbursement Agreement, which specifies the infrastructure to be constructed by the Developer and includes an estimate of the maximum DIF credit that may be applied in the applicable Regional/Local DIF categories. These infrastructure improvements are within the Ontario Ranch storm drain, streets, and fiber optics system categories. Since the maximum eligible costs for the required infrastructure exceed the Developer's DIF obligation, the Developer is eligible to receive DIF Credit under the proposed Agreement.

DEVELOPMENT IMPACT FEE CREDIT AGREEMENT FOR FACILITY CONSTRUCTION BY AND BETWEEN THE CITY OF ONTARIO AND THE RANCH AT MODEL COLONY, LLC
FILE NO. PDIF25-002

This DEVELOPMENT IMPACT FEE CREDIT AGREEMENT ("DIF Credit Agreement"), entered into this _____ day of _____, 2026, between the CITY OF ONTARIO, a California municipal corporation, hereinafter referred to as the "City," and THE RANCH AT MODEL COLONY, LLC, hereinafter referred to as the "Developer."

RECITALS

A. Developer is the owner and developer of property located within the City, which property has received development approvals from the City, including the Rich-Haven Specific Plan ("Specific Plan") and Tract Map No(s). 20465 (the "Tract Map"). A legal description of the property is attached hereto as Exhibit 1 and incorporated herein by reference (the "Property"). A map of the Property is attached hereto as Exhibit 2 and incorporated herein by reference.

B. As a condition of the development approvals for the Property, including the Specific Plan and Tract Map approvals, the Developer is required to construct those public improvements identified on Exhibit 3, consisting of certain master planned public infrastructure and improvements, (hereinafter referred to collectively as the "Improvements") The estimated costs for the design and construction of the Improvements are set forth in Exhibit 4. Both Exhibits 3 and 4 are attached hereto and incorporated herein by reference.

C. On July 1, 2003, City Ordinance No. 2779 was adopted establishing certain development impact fees ("DIF Fees") to be paid as a condition to the issuance of certain entitlements within the City. Section 7 of Ordinance 2779 authorizes the City Manager, when he or she determines that the public interest would be served by such an agreement, to execute agreements on behalf of the City with applicants in order to provide a credit to the applicant against certain DIF Fees in exchange for the applicant's construction and dedication of public improvements, upon reasonable terms and conditions as may be determined on a case by case basis and subject to City Council approval.

D. City and the previous owner of the Property have previously entered into a statutory development agreement (File No. PDA16-003), pursuant to Section 65864, et seq., of the Government Code, ("Development Agreement") and such Development Agreement has been assigned to Developer and Developer has assumed all rights, responsibilities and obligations of the Development Agreement, including the design and construction of the Improvements identified in Exhibit 3 and such Improvements are included in the City's Development Impact Fee (DIF) Program as a project, or a portion of a project and eligible for credit against DIF Fees.

E. City and Developer have agreed that the costs to design and construct the Improvements shall be eligible for DIF Credit in accordance with the City's Ontario Ranch DIF Credit policies as contained in the City's DIF Program and Ordinance Nos. 2779 and 2780, and Resolution Nos. 2003-39, 2003-070, 2005-005, 2005-099, 2007-023, 2007-150, 2008-036, 2011-011, 2012-092, 2015-008, 2017-102, 2019-135, and 2022-133, 2025-010.

AGREEMENT

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and the mutual promises contained herein, it is agreed as follows:

1. Definitions. For purposes of this Agreement, the terms below shall be defined as follows:

"Acceptable Title" means title to land or an interest therein required for the operation of an Improvement, in form acceptable to the City Manager, free and clear of all liens, taxes, assessments, leases, easements and encumbrances, whether or not recorded, but subject to any exceptions determined by the City Manager as not materially interfering with the actual or intended use of the land or interest therein required for the operation of an Improvement. Notwithstanding the foregoing, an irrevocable offer of dedication may constitute "Acceptable Title."

"Acceptance Date" means the earlier of (i) the date the City Manager or his or her designee takes final action, in writing, to accept dedication or transfer of an Improvement or (ii) the date determined pursuant to Section 3 below.

"Bid Documents" means all designs, bid documents, construction plans and specifications, system layout drawings and other construction documents and permits relating to an Improvement.

"Certificate of DIF Credit" means a City certificate for the issuance of DIF Credit to Developer in the form attached hereto as Exhibit 5.

"City DIF Program and Policies" means Ordinance Nos. 2779 and 2780 and Resolution Nos. 2003-39, 2003-070, and 2019-135, as may be amended from time to time.

"City Manager" means the City Manager of the City or his or her designee.

"City Engineer" means the City's City Engineer or his or her designee.

"Completed", "Complete" and "Completion" with respect to an Improvement means that such Improvement has been completed in accordance with its Bid Documents, including any final "punch list" items, as approved in writing by the City Engineer, which approval shall not be unreasonably withheld, and that such Improvement is Usable. Notwithstanding the foregoing, if an Improvement which Developer is obligated to construct pursuant to the applicable conditions of approval for a portion of the Property

is only a portion of a larger work of improvement, then a determination of "Completed" or "Completion" with respect to that Improvement shall be made only as to that Improvement and not with respect to the larger work of improvement of which it is a portion.

"Credit Request" means a document, substantially in the form of Exhibit 6, to be used by Developer in requesting DIF Credits with respect to one or more Improvements.

"Days" shall mean business days unless otherwise stated.

"Developer Contract" means a contract between the Developer and a qualified contractor awarded for the construction of the Improvements at the direction of Developer.

"Development Agreement" has the meaning set forth in Recital D above.

"DIF" or "Development Impact Fees" or "DIF Fees" means the development impact fees imposed within the New Model Colony area pursuant to City Ordinance Nos. 2779 and 2780 and City Resolution Nos. 2003-39, 2003-070, 2005-005, 2005-099, 2007-023, 2007-150, 2008-036, 2011-011, 2012-092, 2015-008, 2017-102, 2019-135,2022-133, and 2025-010, and any subsequent City ordinances and resolutions lawfully adopted by the City Council to update or modify such development impact fees.

"DIF Credit" means credits earned against the payment of DIFs pursuant to this Agreement.

"DIF Obligation" means the amount of Developer's total obligation for Development Impact Fees in either the Regional or Local Adjacent portion of a DIF category for the Property. Developer's DIF Obligation amounts for each DIF Category shall be as provided in Exhibit 4.

"DIF Program" means the Development Impact Fee Program and the capital improvement projects and public infrastructure identified in the Development Impact Fee Program, adopted and amended by the City from time to time.

"Effective Date" means the date set forth in the first paragraph of this Agreement.

"Eligible Cost" means the substantiated cost of an Improvement to be used in calculating DIF Credit amounts, which costs may include: (i) the costs for the construction (including grading) of such Improvement, (ii) costs directly related to the construction and/or acquisition of the Improvement, such as costs of payment, performance and/or maintenance bonds, the professional costs of material testing, and insurance costs (including costs of any title insurance required); (iii) the cost of acquiring any real property or interest therein in order to construct or operate the Improvement, (iv) the fees paid to the City and any other governmental agencies for, and all other costs incurred in connection with, obtaining permits, licenses or other governmental approvals for such Improvement, (v) the costs incurred in preparing Bid Documents and the related

costs of geotechnical and environmental evaluations of the Improvement, (vi) costs of construction and project management, administration and supervision (but only up to five percent (5%) of the costs described in clause (i) above) incurred for the construction of such Improvement, (vii) professional costs associated with such Improvement, such as design, engineering, accounting, inspection, construction staking, and similar professional services including legal services related to the review of construction contracts. The maximum amount of Eligible Costs described in clauses (v) through (vii) shall be limited to a total of fifteen percent (15%) of the costs described in clause (i).

"Improvement" or "Improvements" means the public improvements required to support the development of the Property as described in Exhibit 3 to the extent required by the applicable conditions of approval.

"Program Cost" or "DIF Program Cost" means the estimated cost of an Improvement identified in the "Nexus Study" referenced in City Resolution No. 2003-039 as it may be modified, supplemented or superseded from time to time. The Program Cost to be applied shall be the Program Cost in effect at the time the Improvement is Completed.

"Usable" shall mean that, with respect to any particular Improvement, the Improvement is actually usable for its intended purposes, and includes, for water Improvements connection to the applicable water supply, for sewer Improvements connection to an applicable disposal system, and for recycled water Improvements connection to a treated water supply and distribution system. Notwithstanding the foregoing, if an Improvement which Developer is obligated to construct pursuant to the applicable conditions of approval for a portion of the Property is only a portion of a larger work of improvement, then a determination of whether that Improvement is "Usable" shall be made only with respect to that Improvement and not with respect to the larger work of improvement of which it is a portion.

2. Construction and Funding of Improvements by Developer. Developer shall commence the Improvements in accordance with the terms of the Development Agreement and individual Tract Maps, including any extension thereof. Upon commencement of the Improvement(s), Developer agrees to proceed expeditiously with the construction of the Improvement(s) under the terms herein. For the purposes of this Agreement, commencement of the Improvements shall mean when Developer receives the first permit from City for grading of the Property. If Developer is unable or unwilling to proceed with, and Complete, the construction of the Improvement(s) for any reason, and subject to the provisions in Section 17 below, Developer shall be considered to be in default of this Agreement. City and Developer agree that Developer shall award, or cause to be awarded, all contracts for the construction of the Improvements and that this Agreement as necessary to assure the timely and satisfactory Completion of such Improvements. The Developer shall perform all of its obligations hereunder and shall conduct all operations with respect to the construction of the Improvements in a good, workmanlike and commercially reasonable manner, with the standard of diligence and care normally employed by duly qualified persons utilizing commercially reasonable efforts in the performance of comparable work and in accordance with generally accepted

practices appropriate to the activities undertaken. The Developer shall not be relieved of its obligation to construct the Improvements and cause title to the Improvements to be conveyed to the City even if the DIF Credit Amount is less than the actual cost of the Improvements.

3. Inspection and Acceptance of Completed Improvement by City. City shall make or shall cause to be made periodic site inspections of Developer's construction work. The Acceptance Date for each Improvement constructed by Developer shall occur not later than twenty (20) Days following the last to occur of the following:

(a) the City Engineer's determination that the Improvement is Complete;

(b) the City Manager's determination that Acceptable Title with respect to the Improvement is available for acceptance;

(c) Developer's provision of one (1) set of "as-built" or record drawings or plans for the Improvement, certified and reflecting the condition of the Improvement as constructed; and

(d) Developer's provision of such evidence or proof as the City Manager shall require that all persons, firms and corporations supplying work, labor, materials, supplies and equipment to the construction of the Improvement have been paid and that no claims of liens have been recorded by or on behalf of any such person, firm or corporation. Alternatively, rather than await the expiration of the time for the recording of claims of liens, Developer may elect to provide a title insurance policy or other security acceptable to the City Manager guaranteeing that no such claims of liens will be recorded or become a lien upon any of the real property required for the Improvement.

4. Conveyance of Acceptable Title to City. Acceptable Title to all property on, in or over which, the Improvement will be located, shall, prior to and as a condition precedent to the City's acceptance of any Improvement, be conveyed to City by way of an irrevocable offer of dedication of such property on the Tract Map or by a separate recorded instrument, and such conveyance of interest has been approved by the City as being a sufficient interest therein to permit the City to properly own, operate and maintain such Improvement. Developer agrees to assist the City in obtaining such documents as are required to obtain Acceptable Title. Completion of the transfer of Acceptable Title shall be evidenced by recordation of the acceptance thereof by the City Manager or his designee.

5. Maintenance and Warranties to be provided to City. Developer shall maintain the Improvement in good and safe condition until the Acceptance Date of the Improvement. Prior to the Acceptance Date, Developer shall, at its sole cost and expense, be responsible for performing any required maintenance on the Improvement. On or before the Acceptance Date of the Improvement, Developer shall assign to the City all of Developer's rights in any warranties, guarantees, maintenance obligations or other evidence of contingent obligations of third persons with respect to such Improvement. After the Acceptance Date, City shall be solely responsible for maintenance of the

Improvement. With respect to the Improvement, Developer shall warrant that the Improvement is free from defects in materials and construction defects (and shall correct or cause to be corrected any such defects at Developer's expense) for a period of one year from the Acceptance Date thereof (the "Warranty Period") and Developer shall provide a bond reasonably acceptable in form and substance to the City for such period and such purpose to insure that such defects that appear within said period will be repaired, replaced or corrected by Developer, at its own cost and expense, to the reasonable satisfaction of the City Manager. During the Warranty Period, Developer shall continue to repair, replace or correct any such defects within thirty (30) Days after written notice thereof by the City Manager to Developer, and shall complete such repairs, replacement or correction as soon as practicable. Any warranties, guarantees or other evidences of contingent obligations of third persons with respect to the Improvement shall be delivered to the City Manager, in writing, as part of the transfer of title.

6. Issuance of DIF Credit to Developer. Developer shall receive DIF Credits based upon the verified Eligible Costs of the Improvement (or accepted portion of the Improvement). Issued DIF Credits shall specify the DIF Credit infrastructure category and whether the DIF Credit is for construction of a Regional or Local Adjacent DIF Program Improvement.

7. Limitations on the Issuance of DIF Credit to Developer upon Completion of an Improvement. The amount of DIF Credit to be issued by City shall be limited to the amount of the DIF Program Costs for the Improvement (or accepted portion of the Improvement). The DIF Program Costs identified in the City's DIF Program shall be subject to change, from time to time, as part of the continuing update of the City's DIF Program. The DIF Program Costs for the Improvement (or accepted portion of the Improvement) shall be those in effect at the time the DIF Credit Request is submitted to the City.

(a) To the extent that NMC Builders LLC incurred the costs for the design of the Improvements, Developer agrees that the DIF Credit, up to ten (10%) of the DIF Program Costs, for such design cost portion of the Improvements shall be issued to NMC Builders LLC.

(b) The DIF Credit that the Developer will receive upon Completion of the Improvements may be exchanged for a refund of DIF that was paid by the Developer (up to the Developer's maximum DIF obligation) in the respective DIF category.

8. Issuance of a DIF Credit Certificate. When an Improvement is Complete, Developer shall submit a DIF Credit Request to City with all supporting documentation evidencing the total actual Eligible Costs of the Improvement at the time of submittal. The City Manager or designee shall determine the completeness of the DIF Credit Request and notify Developer of whether the DIF Credit Request is considered complete or if additional information is needed from Developer. Once the DIF Credit Request is considered complete, the City Manager or designee shall use his or her best efforts to determine the total actual Eligible Costs of the Improvements and provide Developer with

a Certificate of DIF Credit within twenty (20) Days following receipt of the completed DIF Credit Request.

9. DIF Program Modifications. The estimated cost in the City's DIF Program for DIF Improvements (or defined portions of DIF Improvements) as listed in Exhibit 4 and Developer's total DIF Obligation amount may be modified from time to time based on modifications to the City's DIF Program.

10. Assignment of DIF Credits. Developer shall have the right to transfer or assign DIF Credits provided for herein, to any person, partnership, limited liability company, joint venture, firm or corporation; provided, however, that any such sale, transfer or assignment shall only be made in strict compliance with the following:

(a) Concurrent with any such sale, transfer or assignment, or within fifteen (15) business days thereafter, Developer (i) shall notify the City Manager, in writing, of such sale, transfer or assignment and (ii) shall provide the City with an executed agreement, by purchaser, transferee or assignee that identifies the amount of DIF Credits transferred.

(b) Except for the limited assignment above of DIF Credits, any assignment by Developer of any of the obligations of Developer under this Agreement (a "DIF Improvement Assignment") with regards to the Improvements listed in Exhibit 4, shall identify the Improvements that are the subject of the Assignment Agreement and require the written approval of the City Manager, which approval shall not be unreasonably withheld so long as adequate security as determined by City in its sole discretion, is in place to secure the Completion of the subject Improvements and any DIF Improvement Assignment not made in strict compliance with the foregoing conditions (other than a transfer under Section 23 below) shall, unless such obligations are performed by Developer when required by this Agreement notwithstanding such assignment, constitute a default by Developer and City shall have no further obligations with regard to acceptance of Certificates of DIF Credit issued to Developer, including any DIF Credit assigned or transferred by Developer.

(c) If Developer enters into a DIF Improvement Assignment with a successor in interest with respect to all or a part of the Property (a "Successor Developer") in accordance with Section 10(b) and the Successor Developer obtains DIF Credit pursuant to this Agreement upon its completion of the Improvements identified in the DIF Improvement Assignment, then

(i) such Successor Developer shall have the right to sell, transfer or assign to Developer, and Developer shall have the right to acquire from such Successor Developer, all or a portion of such DIF Credit by complying only with Section 10(b) above, and

(ii) Developer shall have the right to sell, transfer or assign all or a portion of such DIF Credit to other Successor Developers who acquire other portions of the Property by complying only with Section 10(b) above, if the sale, transfer or

assignment of such DIF Credit occurs concurrently with the conveyance of another portion of the Property to the other Successor Developer.

11. Additional Documents/Actions. The City Manager is authorized to approve and execute any documents and to take any actions necessary to effectuate the purposes of this Agreement.

12. Integration. This Agreement reflects the complete understanding of the parties with respect to the subject matter hereof. In all other respects, the parties hereto re-affirm and ratify all other provisions of the Development Agreement.

13. Prevailing Wages. Developer is aware of the requirements of California Labor Code Section 1720, et seq. (as amended by Stats 2001 ch. 938 § 2 (S.B. 975)), and 1770, et seq., as well as California Code of Regulations, Title 8, Section 1600, et seq. (collectively, the "Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. The Bid Documents and each Developer's Contract shall require all contractors for the construction of Improvements to pay prevailing wages in accordance with the applicable provisions of the Labor Code. Developer shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the services available to interested parties upon request and shall post copies at the Developer's principal place of business and at the project site. Developer shall defend, indemnify and hold the City, its officials, officers, employees, agents, contractors and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

14. Default and Force Majeure.

(a) Default. Failure or delay by Developer or City to perform any of its obligations under this Agreement constitutes a default by such party under this Agreement. The party alleged to be in default shall have thirty (30) days after the date of the written notice by the other party to commence to cure such default. The party alleged to be in default shall diligently pursue such cure to completion within thirty (30) days or a reasonable timeframe if such default cannot be reasonably cured within thirty (30) days, as established in the written notice provided by the party asserting the default. If the party alleged to be in default has not cured its default within the cure period set forth therein, the defaulting party shall be deemed in breach. Any failure or delay in giving such notice or in asserting any rights and remedies as to any default shall not constitute a waiver of any default, nor shall it change the time of default, nor shall it deprive the party not in default of its rights to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any of its rights or remedies. If any default by Developer is not cured within the time period provided by the City, City shall be entitled to terminate this Agreement in its entirety and thereafter, the City shall be under no obligation to perform any of City's obligations hereunder, including, but not limited to, the issuance of DIF Credits that Developer may claim.

(b) Force Majeure. Notwithstanding the provisions contained in the foregoing paragraph, performance by either party hereunder shall not be deemed to be in default where delay or defaults are due to war, insurrection, strikes, lock-outs, riots, floods, earthquakes, fires, casualties, acts of God, epidemics, quarantine restrictions, freight embargoes, public transportation stoppage, governmental restrictions or priority, litigation brought by a third party, unusually severe weather, reasonably unforeseeable property conditions, acts of the other party, acts or failure to act of the other party or any other public or governmental agency or entity, or any causes beyond the control or without the failure of the party claiming an extension of time to perform (a "Force Majeure Event"). An extension of time for any such cause (an "Excusable Delay") shall be for the time period of the delay and shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of knowledge of the commencement of the cause or from the date of the notice if provided after such thirty-day period. Notwithstanding the foregoing, none of the foregoing events shall constitute an Excusable Delay unless and until the party claiming such delay and interference delivers to the other party written notice describing the event, its cause, when and how such party obtained knowledge, the date the event commenced, and the estimated delay resulting therefrom. Any party claiming an Excusable Delay shall make a good faith effort to deliver such written notice within thirty (30) days after it obtains actual knowledge of the event. Times of performance under this Agreement may also be extended in writing by City and Developer. The Parties hereto expressly acknowledge and agree that changes in either general economic conditions or changes in the economic assumptions of any of them (unless such conditions were caused by a Force Majeure Event) that may have provided a basis for entering into this Agreement and that occur at any time after the execution of this Agreement are not Force Majeure Events and do not provide any Party with grounds for asserting the existence of a delay in the performance of any covenant or undertaking that may arise under this Agreement. Each Party expressly assumes the risk that changes in general economic conditions or changes in such economic assumptions relating to the terms and covenants of this Agreement could impose an inconvenience or hardship on the continued performance of such Party under this Agreement, but that such inconvenience or hardship is not a Force Majeure Event and does not excuse the performance by such Party of its obligations under this Agreement. Without limiting the nature of the foregoing, the parties agree that the inability of Developer to obtain a satisfactory commitment from a construction lender for the improvement of the Property or to satisfy any other condition of this Agreement relating to the development of the Property shall not be deemed to be a Force Majeure Event or otherwise provide grounds for the assertion of the existence of a delay under this Section 14.

15. Licenses and Permits. The Developer shall secure (or shall cause to be secured) any and all permits that may be required by the City or any other governmental agency affected by the construction of the Improvements. The Developer shall be responsible for paying all applicable fees and charges to the City to obtain any land use entitlements and permits that are necessary to construct the Improvements.

16. Indemnification. The Developer agrees to protect, indemnify, defend and hold the City, and its respective officers, employees and agents, and each of them,

harmless from and against any and all claims, losses, expenses, suits, actions, decrees, judgments, awards, attorney's fees, and court costs (collectively "Damages") that the City, or its respective officers, employees and agents, or any combination thereof, may suffer or that may be sought against or recovered or obtained from the City, or its respective officers, employees or agents, or any combination thereof, as a result of or by reason of or arising out of or in consequence of (a) the acquisition, construction, or installation of the Improvements; (b) the untruth or inaccuracy of any representation or warranty made by the Developer in this Agreement or in any certifications delivered by the Developer hereunder; or (c) any act or omission of the Developer or any of its subcontractors, or their respective officers, employees or agents, in connection with the Improvements. If the Developer fails to do so, the City shall have the right, but not the obligation, to defend the same and charge all of the direct or incidental costs of such defense, including any reasonable attorneys' fees or court costs, to and recover the same from the Developer. Notwithstanding the foregoing, neither the City nor its respective officers, employees, or agents shall be indemnified, defended or held harmless against such Damages to the extent that such Damages have been caused by their sole active negligence or sole willful misconduct. The parties acknowledge and agree that the Developer shall be released from the indemnity, defense and hold harmless obligations set forth herein upon the acceptance of the Improvements by the City and completion of the Warranty Period for such Improvements.

17. Developer as a Private Developer. In performing under this Agreement, it is mutually understood that the Developer is acting as a private developer, and not as an agent of the City. The City shall have no responsibility for payment to any contractor, subcontractor or supplier of the Developer. Accordingly, this Agreement does not constitute a debt or liability of the City. The City shall not be obligated to advance any of its own funds or any other costs incurred in connection with the Project. No member, official or employee of the City shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach by the City or for any amount that may become due to the Developer or its successors, or on any obligations under the terms of this Agreement.

18. Other Obligations. Nothing contained herein shall be construed as affecting the Developer's respective duty to perform its respective obligations under other agreements, land use regulations or subdivision requirements relating to the development of the Property, which obligations are and shall remain independent of the Developer's rights and obligations, and the City's rights and obligations, under this Agreement; provided, however, that the Developer shall use its reasonable and diligent efforts to perform each and every covenant to be performed by it under any lien or encumbrance, instrument, declaration, covenant, condition, restriction, license, order, or other agreement, the nonperformance of which could reasonably be expected to materially and adversely affect the design, acquisition, construction and installation of the Improvements. This Agreement is not, and shall not be construed as, a statutory development agreement as authorized by Government Code sections 65864 et seq., and this Agreement shall not be interpreted as limiting the authority of the City to adopt and amend regulations concerning permitted uses of property, the density or intensity of use,

the maximum height and size of proposed buildings, provisions for the reservation or dedication of land or the payment of impact fees for public purposes.

19. Binding on Successors and Assigns. Except as set forth in Section 10 or Section 23 hereof, neither this Agreement nor the duties and obligations of the Developer hereunder may be assigned to any person or legal entity other than an affiliate of the Developer without the written consent of the City, which consent shall not be unreasonably withheld or delayed. Neither this Agreement nor the duties and obligations of the City hereunder may be assigned to any person or legal entity, without the written consent of the Developer, which consent shall not be unreasonably withheld or delayed. The agreements and covenants included herein shall be binding on and inure to the benefit of any partners, permitted and accepted assigns, and successors-in-interest of the parties hereto.

20. Amendments. This Agreement can only be amended by an instrument in writing executed and delivered by the City and the Developer.

21. Waivers. No waiver of, or consent with respect to, any provision of this Agreement by a party hereto shall in any event be effective unless the same shall be in writing and signed by such party, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which it was given.

22. No Third Party Beneficiaries. No person or entity, other than the City, shall be deemed to be a third party beneficiary hereof, and nothing in this Agreement (either express or implied) is intended to confer upon any person or entity, other than the City and the Developer (and their respective successors and assigns), any rights, remedies, obligations or liabilities under or by reason of this Agreement.

23. Mortgagee Protection. The parties hereto agree that this Agreement shall not prevent or limit Developer, at Developer's sole discretion, from encumbering the Property or any portion thereof or any improvement thereon by any mortgage, deed of trust or other security device securing financing with respect to the Property. Developer shall have the right to encumber and assign its rights and interests hereunder to the lenders providing such financing as security for such financing without the consent of the City and without complying with Section 10 hereof. City acknowledges that the lenders providing such financing may require certain Agreement interpretations and modifications and agrees upon request, from time to time, to meet with Developer and representatives of such lenders to negotiate in good faith any such request for interpretation or modification. City will not unreasonably withhold its consent to any such requested interpretation or modification provided such interpretation or modification is consistent with the intent and purposes of this Agreement. A mortgagee of the Property shall be entitled to the following rights and privileges:

(a) Neither entering into this Agreement nor a breach of this Agreement shall defeat, render invalid, diminish or impair the lien of any mortgage or deed of trust on the Property made in good faith and for value, unless otherwise required by law.

(b) The mortgagee of any mortgage or deed of trust encumbering the Property, or any part thereof, which mortgagee has submitted a request in writing to the City in the manner specified herein for giving notices, shall be entitled to receive written notification from City of any default by Developer in the performance of Developer's obligations under this Agreement.

(c) If City timely receives a request from a mortgagee requesting a copy of any notice of default given to Developer under the terms of this Agreement, City shall provide a copy of that notice to the mortgagee within ten (10) days following the sending of the notice of default to Developer. The mortgagee shall have the right, but not the obligation, to cure the default during the remaining cure period allowed such party under this Agreement.

(d) Any mortgagee who comes into possession of the Property, or any part thereof, pursuant to foreclosure of the mortgage or deed of trust, or deed in lieu of such foreclosure, shall take the Property, or part thereof, subject to the terms of this Agreement. Notwithstanding any other provision of this Agreement to the contrary, no mortgagee shall have an obligation or duty under this Agreement to perform any of Developer's obligations or other affirmative covenants of Developer hereunder, or to guarantee such performance; provided, however, that to the extent that any covenant to be performed by Developer is a condition precedent to the performance of a covenant by City, the performance thereof shall continue to be a condition precedent to City's performance hereunder, and further provided that any sale, transfer or assignment by any mortgagee in possession shall be subject to the provisions of Section 10 of this Agreement.

24. Notices. Any written notice, statement, demand, consent approval, authorization, offer, designation, request or other communication to be given hereunder shall be given to the party entitled thereto at its address set forth below, or at such other address as such party may provide to the other party in writing from time to time, namely:

If to CITY:
Scott Ochoa, City Manager
City of Ontario
303 East "B" Street
Ontario, CA 91764

with a copy to:
Ruben Duran, City Attorney
Best Best & Krieger, LLP
2855 E Guasti Road
Ontario, CA 91761

If to DEVELOPER:
Patrick Wood
The Ranch at Model Colony, LLC
14 Corporate Plaza, Suite 120
Newport Beach, CA 92660

With a copy to (legal counsel, if applicable):

Teel, Roeper & Haines, LLP
1335 Camino Del Mar
Del Mar, CA 92014
Attn: Shannon L. Haines, Esq.
Email: shannon@teelroeper.com

Each such notice, statement, demand, consent, approval, authorization, offer, designation, request or other communication hereunder shall be deemed delivered to the party to whom it is addressed (a) if personally served or delivered, upon delivery, (b) if given by electronic communication, whether by telex, or telecopy, upon the sender's receipt of an appropriate answerback or other written acknowledgment, (c) if given by registered or certified mail, return receipt requested, deposited with the United States mail postage prepaid, 72 hours after such notice is deposited with the United States mail, (d) if given by overnight courier, with courier charges prepaid, 24 hours after delivery to said overnight courier, or (e) if given by any other means, upon delivery at the address specified in this Section.

25. Jurisdiction and Venue. City and the Developer (a) agree that any suit action or other legal proceeding arising out of or relating to this Agreement shall be brought in state or local court in the County of San Bernardino or in the Courts of the United States of America in the district in which the City is located, (b) consent to the jurisdiction of each such court in any suit, action or proceeding, and (c) waive any objection that it may have to the laying of venue or any suit, action or proceeding in any of such courts and any claim that any such suit, action or proceeding has been brought in an inconvenient forum. Each of the City and the Developer agrees that a final and non-appealable judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

26. Attorneys' Fees. If any action is instituted to interpret or enforce any of the provisions of this Agreement, the prevailing party in such action shall be entitled to recover from the other party thereto reasonable attorney's fees and costs of such suit (including both prejudgment and post judgment fees and costs) as determined by the court as part of the judgment.

27. Governing Law. This Agreement and any dispute arising hereunder shall be governed by and interpreted in accordance with the laws of the State of California.

28. Usage of Words. As used herein, the singular of any word includes the plural, and terms in the masculine gender shall include the feminine.

29. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original.

30. Incorporation by Reference. The following Exhibits attached hereto and the Recitals of this Agreement are hereby incorporated by reference as though fully set forth herein:

Exhibit 1 – Legal Description of Property
Exhibit 2 – Map of Property
Exhibit 3 – Description of Improvements
Exhibit 4 – Estimated Costs of Improvements
Exhibit 5 – Certificate of DIF Credit

Exhibit 6 – DIF Credit Request

Infrastructure Category of DIF: _____
Local Adjacent or Regional Category of DIF: _____

_____
Scott Ochoa, City Manager

Dated: _____

Exhibit 6

FORM OF DIF CREDIT REQUEST

The undersigned (the "Developer"), hereby requests DIF Credits in the DIF categories and amounts specified in Attachment 1 hereto. In connection with this Credit Request, the undersigned hereby represents and warrants to the City as follows:

1. He (she) is a duly authorized officer or representative of the Developer, qualified to execute this Credit Request on behalf of the Developer and is knowledgeable as to the matters set forth herein.

2. All costs of the Improvements for which credit is requested hereby are Eligible Costs (as defined in the Fee Credit Agreement) and have not been inflated in any respect. The Eligible Costs for which credit is requested have not been the subject of any prior credit request submitted to the City.

3. Supporting documentation (such as the applicable Developer Contract, third party invoices, lien releases and cancelled checks or other evidence of payment) is attached with respect to each cost for which credit is requested.

4. The Improvement for which credit is requested was constructed in accordance with the requirements of the Fee Credit Agreement.

5. Please issue a Certificate of DIF Credit to the Developer in the amount requested.

I declare under penalty of perjury that the above representations and warranties are true and connect.

FORM OF ASSIGNMENT, SALE, OR TRANSFER OF DIF CREDIT

FROM _____ to _____

This Sale or Transfer of DIF Credit ("DIF Credit Transfer") is entered into as of _____, 20__, between _____, a _____ _____"Transferor") and_____ ("Transferee").

A. NMC Builders, LLC is a limited liability company formed under the laws of the state of California, the business affairs of which are governed by that certain Amended and Restated Limited Liability Company Agreement of NMC Builders, LLC dated as of March 31, 2005, as amended ("NMC Agreement").

B. Transferor is a Member of the NMC Builders, LLC.

C. Pursuant to that certain Certificate of DIF Credit (the "Certificate") issued by the City of Ontario to NMC Builders, LLC, dated _____, an amount of DIF Credit was made available to the Transferor for use in the eastern portion of the New Model Colony. A copy of the Certificate is DIF Credit issued to NMC Builders, LLC by CITY is attached hereto and incorporated herein as Exhibit "C-2".

D. Transferee is owner of real property within the eastern portion of the New Model Colony of the City of Ontario and further described as Tract Map No. _____ . (or other description of the property).

E. Pursuant to the terms of this DIF Credit Assignment, Transferee desires to receive from the Transferor, a share of the DIF Credit issued to Transferor by NMC Builders LLC.

For good, valuable and sufficient consideration received, the receipt of which is hereby acknowledged, the Transferor and Transferee hereby agree as follows:

1. TRANSFER

The Transferor hereby assigns, transfers and conveys to Transferee the DIF Credit of:

DIF Credit Category	DIF Credit Amount
_____	_____

2. ACCEPTANCE

Transferee hereby accepts and assumes DIF Credit as listed above. Transferee and CITY shall track DIF Credit as it is redeemed, and the remaining balance to be used, by completing, dating and initialing Exhibit "D-3" attached hereto and incorporated herein. The original Exhibit "C-2" shall not be removed from this Transfer Agreement.

3. EFFECTIVE DATE.

This Transfer Agreement shall become effective as of the date first above written.

4. TRANSFEROR'S REPRESENTATIONS AND WARRANTIES.

The Transferor makes the following representations and warranties, which representations and warranties shall survive this DIF Credit Transfer:

The Transferor has the full power and authority to enter into this DIF Credit Transfer.

The execution, delivery and performance of this DIF Credit Transfer will not result in any violation or default under its organizational documents or any instruments to which the Transferor is a party.

From and after the date of this DIF Credit Transfer, the Transferor shall have no further rights, title or interest in or to the DIF Credit.

5. TRANSFEREE'S REPRESENTATION AND WARRANTIES.

Transferee makes the following representations and warranties, which representations and warranties shall survive this Transfer:

Transferee is the owner of Tract No. _____ (or other property description) in the eastern portion of the New Model Colony, City of Ontario.

Transferee has the full power and authority to enter into this DIF Credit Transfer.

This DIF Credit Transfer, when executed, shall constitute a valid and legal obligation binding as to Transferee.

6. NOTICES.

All notices, consents, waivers and other communications under this DIF Credit Transfer must be in writing and will be deemed to have been duly given when (a) delivered by hand (with written confirmation of receipt), (b) when received by the addressee, if sent by a nationally recognized overnight delivery service (receipt requested), in each case to the appropriate addresses set forth below (or to such other addresses as a party may designate by notice to the other parties); (c) when received by the addresses as confirmed by a confirmation receipt, if sent by facsimile to the appropriate facsimile number

designated below (or to such other facsimile number as the parties may designate by notice to the other parties).

7. GENERAL PROVISIONS.

Severability. In the event that the application of any of the provisions of this DIF Credit Transfer are held to be unenforceable or invalid, the validity and enforceability of other applications of that provision and of the remaining provisions shall not be affected.

Counterparts. This DIF Credit Transfer may be executed in counterparts.

Entire Agreement. This DIF Credit Transfer contains the entire final understanding of and between the parties and supersedes any prior written or oral agreements between them respecting the subject matter of this DIF Credit Transfer. There are no representations, agreements, arrangements or understandings, oral or written, between the parties that are not fully set forth herein.

Construction. Every covenant, term and provision of this DIF Credit Transfer shall be construed simply according to its fair meaning and not strictly for or against any party.

No Modifications. No supplement, modifications or amendment to this DIF Credit Transfer shall be binding unless executed in writing by both parties.

Further Assurances. The Transferor and Transferee each agree to execute such other documents and perform such other acts as may be necessary or desirable to effectuate this DIF Credit Transfer.

Effect of NMC Agreement and Certificate. This DIF Credit Transfer Agreement is, and shall remain, subject to the terms and conditions of the DIF Credit Certificate and the NMC Agreement, as may be amended by the parties thereto from time to time.

No Third Party Beneficiaries. This DIF Credit Transfer Agreement is made and entered into for the sole protection and benefit of the parties hereto, the City of Ontario,

and their respective successors and assigns. No other person or entity shall have any right of action based upon any provision of this DIF Credit Transfer Agreement.

IN WITNESS WHEREOF, the Transferor and Transferee have duly executed this DIF Credit Transfer as of the date first written above.

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Planning Prepared By: Alexis Vaughn Staff Member Presenting: Rudy Zeledon, Executive Director Community Development Reviewed By: Edmelynne V Hutter, Thomas Grahn Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 5

SUBJECT: **A RESOLUTION APPROVING AN AMENDMENT TO THE CITY OF ONTARIO LOCAL GUIDELINES FOR IMPLEMENTING THE CALIFORNIA ENVIRONMENTAL QUALITY ACT**

RECOMMENDATION: That the City Council consider and adopt a Resolution approving the 2026 amendment to the "Local Guidelines for Implementing the California Environmental Quality Act for City of Ontario," pursuant to the facts and reasons contained in the staff report and attached Resolution.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Operate in a Businesslike Manner
Pursue City's Goals and Objectives by Working with Other Governmental Agencies

FISCAL IMPACT: There is not a fiscal impact related to the amending of the Local CEQA Guidelines.

BACKGROUND & ANALYSIS: The California Environmental Quality Act (CEQA), codified at Public Resources Code section 21000, et seq., is California's most comprehensive environmental law. It generally requires public agencies to evaluate the environmental effects of their actions before they are taken. CEQA also aims to prevent significant environmental effects from occurring as a result of agency actions by requiring agencies to avoid or reduce, when feasible, the significant environmental impacts of their decisions.

To this end, CEQA requires public agencies to adopt specific objectives, criteria and procedures for evaluating public and private projects that are undertaken or approved by such agencies. The City of Ontario has prepared a proposed updated set of Local CEQA Guidelines for 2026 in compliance with CEQA's requirements. These Local CEQA Guidelines also provide instructions and forms for preparing all environmental documents required under CEQA. The revised Local Guidelines are summarized in a memorandum dated April 2, 2026 (see Attachment A), are appended to the attached Resolution, and reflect recent changes to CEQA, including:

- Updates to exemptions for:
    - Agricultural housing development
    - Certain housing development projects that are 20 acres or less in size
    - Transit prioritization projects
    - Transportation plans, pedestrian plans, and bicycle transportation plans
    - Facilities supporting high-speed rail
    - Certain public park and trail projects
    - State funded community water systems
    - Wildfire risk reduction projects
    - Wildfire defensible space requirements
    - Daycare centers, rural health clinics, food banks, and advanced manufacturing facilities
    - Streamlined ministerial review for adaptive reuse projects
- Clarification on housing development projects located in areas of smaller populations
- Establishment of procedures for "near miss" streamlined housing development projects
- Limitation of scope of the administrative record
- Update to CEQA document filing fees.

ENVIRONMENTAL:

No environmental impact is anticipated from amending the Local CEQA Guidelines. The City of Ontario's adoption of the attached Resolution is not a project under State CEQA Guidelines section 15378(b)(5) because it involves an administrative activity and would not result in any environmental impacts.

Memorandum

TO: City of Ontario

FROM: Best Best & Krieger LLP

DATE: April 2, 2026

RE: Summary of Changes to Local CEQA Guidelines

In 2025, the California Legislature revised the California Environmental Quality Act ("CEQA") through passage of certain Assembly Bills and Senate Bills. As a result, we have revised the City of Ontario's Local Guidelines for Implementing CEQA ("Local Guidelines") to account for these CEQA developments. This memorandum summarizes the substantive amendments to the City of Ontario's 2026 Local CEQA Guidelines ("Local Guidelines").

The Local Guidelines and this memorandum are designed to help the City of Ontario comply with CEQA when considering a project subject to CEQA. We still recommend, however, that you consult with an attorney when you have specific questions on major, controversial, or unusual projects or activities.

The Local Guidelines, the related CEQA forms, and other important legal alerts may be accessed via the Best Best & Krieger LLP CEQA client portal. For technical support, please contact Tammy Ingram at tammy.ingram@bbklaw.com.

REVISIONS TO LOCAL GUIDELINES

3.12 Exemption for Agricultural Housing Development

A new subsection B(2) was added to Section 3.12 as a result of the passing of Senate Bill 131. CEQA does not apply to an agricultural housing development maintained and operated by a qualified affordable housing organization that meet the requirements set forth in Section 3.12.

3.21 Exemption for Certain Housing Development Projects That Are 20 Acres or Less in Size

Pursuant to Assembly Bill 130, a new Section 3.21 was added to the Guidelines for qualifying housing development projects that are 20 acres or less in size and meet specific criteria.

3.23 Transit Prioritization Projects

A new subsection (5) was added to Section 3.23 regarding an exemption for a transit

prioritization project for the protection, improvement, institution, or increase of microtransit, paratransit, shuttle, bus, ferry, bus rapid transit, or light trail service. Subsection (7) also extends this exemption for a public project for the institution or increase of certain passenger rail services until January 1, 2040. Lastly, this section is revised to extend this exemption for covering transportation-related projects, such as pedestrian and bicycle facilities, transit prioritization projects, public projects located in an urbanized area or urban cluster, and public projects for the construction or maintenance of infrastructure of facilities to charge, refuel or maintain zero-emission public transit until January 1, 2040.

3.24 Transportation Plans, Pedestrian Plans, and Bicycle Transportation Plans

Section 3.24 was revised to exempt from CEQA a transit comprehensive operational analysis, transit route readjustment, or other transit agency route addition, elimination, or modification. For purposes of this section, Section 3.24 was revised to exempt "Transit Comprehensive Operational Analysis", meaning a plan that redesigns or modifies a transit operator's or local agency's public transit service network, including the routing of fixed route and microtransit services.

3.25 Facilities Supporting High-Speed Rail

Section 3.25 was added to exempt from CEQA certain projects that consist of the development, construction, or operation of a heavy maintenance facility for electrically powered high-speed rail if certain conditions outlined in Section 3.25 are met. This section also exempts a project that consists of the development, construction, or modification of a proposed passenger rail station, or design changes to a passenger rail station, for the purpose of serving electrically powered high-speed rail, if certain conditions outlined in Section 3.25 are met.

3.26 Certain Public Park and Trail Projects

Pursuant to Assembly Bill 1139, Section 3.26 was added to exempt any activity or approval necessary for or incidental to planning, design, site acquisition, construction, operation, or maintenance of public park or nonmotorized recreational trail facilities funded in whole or in part by the Safe Drinking Water, Wildfire Prevent, Drought Preparedness, and Clear Air Bond Act of 2024.

3.30 State Funded Community Water Systems

Section 3.30 was added to exempt from CEQA a community water system that is funded pursuant to the Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024 or the State Water Resources Control Board's Safe and Affordable Funding for Equity and Resilience program that does not otherwise include any construction activities if the project meets certain criteria outlined in Section 3.30.

3.31 Wildfire Risk Reduction Projects

Pursuant to Senate Bill 131, Section 3.31 was added to exempt certain wildfire risk reduction projects that meet the criteria specified in Section 3.31.

3.32 Wildfire Defensible Space Requirements

Pursuant to Assembly Bill 1455, Section 3.32 was added to exempt from CEQA ordinances, designed by a local agency responsible for fire protection, designating defensible space requirements based on regulations promulgated by the State Board of Forestry and Fire Protection.

3.35 Daycare Centers, Rural Health Clinics, Food Banks, and Advances Manufacturing Facilities

Section 3.35 was added to exempt from CEQA projects that consist exclusively of daycare centers, rural health clinics, food banks, and advanced manufacturing facilities if certain criteria outlined in Section 3.35 are met.

9.03 Streamlined, Ministerial Review for Adaptive Reuse Projects

Pursuant to Assembly Bill 507, Section 9.03 was added to exempt from CEQA an adaptive reuse project that retrofits and repurposes an existing building to create new residential or mixed uses including office conversion projects.

9.04 Housing Development Project Located in Areas of Smaller Populations

Pursuant to Senate Bill 158, Section 9.04 was added to clarify that CEQA does apply to a housing development that is: (1) located in a city with a population of more than 85,000 but less than 95,000, as determined by the 2020 Census, (2) located in a county with a population of more than 440,000 but less than 455,000, as determined by the 2020 Census, (3) a portion of the parcel where the project is located is identified on a United States Fish and Wildlife Service map as freshwater forested or shrub wetland; and (4) a portion of the parcel where the project is located is within a regulatory floodway.

9.13 "Near Miss" Streamlined Housing Development Project

Pursuant to Senate Bill 131, Section 9.13 was added to establish a streamlined CEQA process for housing development projects that narrowly fail to qualify for certain CEQA exemptions due to a single disqualifying condition. In such "near miss" instances, it limits CEQA review to those environmental effects caused solely by that condition, and waives the need for analysis of project alternatives, cumulative impacts, and growth-inducing effects. However, these "near miss" provisions do not apply to projects with multiple disqualifying

conditions, or to projects involving distribution centers, oil and gas infrastructure, or on protected lands.

10.03 Administrative Record

Pursuant to Senate Bill 131, Section 10.03(A)(10) was revised to narrow the scope of the administrative record. It clarifies that, with limited exceptions, staff notes and internal agency communications (like emails) are not required to be included in the administrative record if they were not presented to the project's final decision-making body.

Other Changes

CEQA Document Filing Fees

Effective January 1, 2026, the Department of Fish and Wildlife has increased its fees. For a Negative Declaration or a Mitigated Negative Declaration, the new filing fee is $3,043.75 (see Section 6.24); for an EIR, the new filing fee is $4,227.50 (see Section 7.42); and for an environmental document prepared pursuant to a Certified Regulatory Program, the new filing fee is $1,437.25.

Conclusion

As always, CEQA remains complicated and, at times, challenging to apply. The only constant in this area of law is how quickly the rules change. Should you have questions about any of the provisions discussed above, please contact a BB&K attorney for assistance.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AMENDING AND ADOPTING LOCAL GUIDELINES FOR IMPLEMENTING THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (PUBLIC RESOURCES CODE §§ 21000, ET SEQ.).

WHEREAS, the California Legislature has amended the California Environmental Quality Act (CEQA) (Pub. Resources Code §§ 21000, et seq.), the Natural Resources Agency has amended the State CEQA Guidelines (Cal. Code Regs, tit. 14, §§ 15000, et seq.), and the California courts have interpreted specific provisions of CEQA; and

WHEREAS, Public Resources Code section 21082 requires all public agencies to adopt objectives, criteria and procedures for (1) the evaluation of public and private projects undertaken or approved by such public agencies, and (2) the preparation, if required, of environmental impact reports and negative declarations in connection with that evaluation; and

WHEREAS, the City of Ontario must revise its local guidelines for implementing CEQA to make them consistent with the current provisions and interpretations of CEQA and the State CEQA Guidelines.

NOW, THEREFORE, the City Council of the City of Ontario (City) hereby resolves as follows:

1. The City adopts the “2026 Local Guidelines for Implementing the California Environmental Quality Act for City of Ontario,” included herein as Attachment A to this Resolution.

2. All prior actions of the City enacting earlier guidelines are hereby repealed.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 21st day of July 2026.

_____
PAUL S. LEON, MAYOR

LOCAL GUIDELINES
FOR IMPLEMENTING THE
CALIFORNIA ENVIRONMENTAL QUALITY ACT

(2026)

1. GENERAL PROVISIONS, PURPOSE AND POLICY.

1.01 GENERAL PROVISIONS.

These Local Guidelines ("Local Guidelines") are to assist the City of Ontario ("City") in implementing the provisions of the California Environmental Quality Act ("CEQA"). These Local Guidelines are consistent with the Guidelines for the Implementation of CEQA ("State CEQA Guidelines"), which have been promulgated by the California Natural Resources Agency for the guidance of state and local agencies in California. These Local Guidelines have been adopted pursuant to California Public Resources Code section 21082.

1.02 PURPOSE.

The purpose of these Local Guidelines is to help the City accomplish the following basic objectives of CEQA:

(a) To enhance and provide long-term protection for the environment, while providing a decent home and satisfying living environment for every Californian;
(b) To provide information to governmental decision-makers and the public regarding the potential significant environmental effects of the proposed project;
(c) To provide an analysis of the environmental effects of future actions associated with the project to adequately apprise all interested parties of the true scope of the project for intelligent weighing of the environmental consequences of the project;
(d) To identify ways that environmental damage can be avoided or significantly reduced;
(e) To prevent significant avoidable environmental damage through utilization of feasible project alternatives or mitigation measures; and
(f) To disclose and demonstrate to the public the reasons why a governmental agency approved the project in the manner chosen. Public participation is an essential part of the CEQA process. Each public agency should encourage wide public involvement, formal and informal, in order to receive and evaluate public reactions to environmental issues related to a public agency's activities. Such involvement should include, whenever possible, making environmental information available in electronic format on the Internet, on a web site maintained or utilized by the public agency.

1.03 APPLICABILITY.

These Local Guidelines apply to any activity that constitutes a "project," as defined in Local Guidelines Section **Error! Reference source not found.**, for which the City is the Lead A gency or a Responsible Agency. These Local Guidelines are also intended to assist the City in

determining whether a proposed activity constitutes a project that is subject to CEQA review, or whether the activity is exempt from CEQA.

1.04 REDUCING DELAY AND PAPERWORK.

The State CEQA Guidelines encourage local governmental agencies to reduce delay and paperwork by, among other things:

(a) Integrating the CEQA process into early planning review; to this end, the project approval process and these procedures, to the maximum extent feasible, are to run concurrently, not consecutively;
(b) Identifying projects which fit within categorical or other exemptions and are therefore exempt from CEQA processing;
(c) Using initial studies to identify significant environmental issues and to narrow the scope of Environmental Impact Reports (EIRs);
(d) Using a Negative Declaration when a project, not otherwise exempt, will not have a significant effect on the environment;
(e) Consulting with state and local responsible agencies before and during the preparation of an EIR so that the document will meet the needs of all the agencies which will use it;
(f) Allowing applicants to revise projects to eliminate possible significant effects on the environment, thereby enabling the project to qualify for a Negative Declaration rather than an EIR;
(g) Integrating CEQA requirements with other environmental review and consultation requirements;
(h) Emphasizing consultation before an EIR is prepared, rather than submitting adverse comments on a completed document;
(i) Combining environmental documents with other documents, such as general plans;
(j) Eliminating repetitive discussions of the same issues by using EIRs on programs, policies or plans and tiering from statements of broad scope to those of narrower scope;
(k) Reducing the length of EIRs by means such as setting appropriate page limits;
(l) Preparing analytic, rather than encyclopedic, EIRs;
(m) Mentioning insignificant issues only briefly;
(n) Writing EIRs in plain language;
(o) Following a clear format for EIRs;
(p) Emphasizing the portions of the EIR that are useful to decision-makers and the public and reducing emphasis on background material;
(q) Incorporating information by reference; and
(r) Making comments on EIRs as specific as possible.

1.05 COMPLIANCE WITH STATE LAW.

These Local Guidelines are intended to implement the provisions of CEQA and the State CEQA Guidelines, and the provisions of CEQA and the State CEQA Guidelines shall be fully complied with even though they may not be set forth or referred to herein.

1.06 TERMINOLOGY.

The terms "must" or "shall" identify mandatory requirements. The terms "may" and "should" are permissive, with the particular decision being left to the discretion of the City.

1.07 PARTIAL INVALIDITY.

In the event any part or provision of these Local Guidelines shall be determined to be invalid, the remaining portions that can be separated from the invalid unenforceable provisions shall continue in full force and effect.

1.08 ELECTRONIC DELIVERY OF COMMENTS AND NOTICES.

Individuals may file a written request to receive copies of public notices provided for under these Local Guidelines or the State CEQA Guidelines. The requestor may elect to receive these notices via email rather than regular mail. Notices sent by email are deemed delivered when the staff person sending the email sends it to the last email address provided by the requestor to the City. Any request to receive public notices shall be in writing and shall be renewed annually.

Individuals may also submit comments on the CEQA documentation for a project via email. Comments submitted via email shall be treated as written comments for all purposes. Comments sent to the City via email are deemed received when they actually arrive in an email account of a staff person who has been designated or identified as the point of contact for a particular project.

The City must also post certain environmental documents (such as Draft and Final Environmental Impact Reports, Draft Negative Declarations, and Draft Mitigated Negative Declarations) and CEQA notices (such as Notices of Preparation, Notices of Availability, Notices of Intent to Adopt a Negative Declaration, Notices of Exemption, and Notices of Determination) on its website, if any.

(Reference: Pub. Resources Code, §§ 21082.1, 21091(d)(3), 21092.2.)

1.09 THE CITY MAY CHARGE REASONABLE FEES FOR REPRODUCING ENVIRONMENTAL DOCUMENTS.

A public agency may charge and collect a reasonable fee from members of the public that request a copy of an environmental document, so long as the fee does not exceed the cost of reproduction. The kinds of "environmental documents" that CEQA specifically allows public agencies to seek reimbursement for include: initial studies, negative declarations, mitigated negative declarations, draft and final EIRs, and documents prepared as a substitute for an EIR, negative declaration, or mitigated negative declaration.

The City shall make CEQA-related documents (e.g., Negative Declarations, Mitigated Negative Declarations, Draft EIRs, Final EIRs, and notices relating to these documents) available to the public-at-large on its website. Requests for documents made pursuant to the California Public Records Act must comply with the Government Code. (See, for example, Government Code section 7922.570 for information regarding providing documents in electronic format.)

1.10 TIME OF PREPARATION

Before granting any approval of a non-exempt project subject to CEQA, the Lead Agency or Responsible Agency shall consider either (1) a Final EIR, (2) a Negative Declaration, (3) a Mitigated Negative Declaration, or (4) another document authorized by the State CEQA Guidelines to be used in the place of an EIR or Negative Declaration (e.g., an Addendum, a Supplemental EIR, a Subsequent EIR, etc.).

Choosing the precise time for CEQA compliance involves a balancing of competing factors. EIRs, Negative Declarations, and Mitigated Negative Declarations should be prepared as early as feasible in the planning process to enable environmental considerations to influence project program and design and yet late enough to provide meaningful information for environmental assessment.

With public projects, at the earliest feasible time, project sponsors shall incorporate environmental considerations into project conceptualization, design, and planning. CEQA compliance should be completed prior to acquisition of a site for a public project.

To implement the above principles, the City shall not undertake actions concerning the proposed public project that would have a significant adverse effect or limit the choice of alternatives or mitigation measures, before completion of CEQA compliance. For example, the City shall not:

(A) Formally make a decision to proceed with the use of a site for facilities which would require CEQA review, regardless of whether the City has made any final purchase of the site for these facilities, except that the City may designate a preferred site for CEQA review and may enter into land acquisition agreements when the City has conditioned its future use of the site on CEQA compliance.

(B) Otherwise take any action that gives impetus to a planned or foreseeable project in a manner that forecloses alternatives or mitigation measures that would ordinarily be part of CEQA review of that public project.

With private projects, the City shall encourage the project proponent to incorporate environmental considerations into project conceptualization, design, and planning at the earliest feasible time.

While mere interest in, or inclination to support, a project does not constitute approval, a public agency entering into preliminary agreements regarding a project prior to approval shall not, as a practical matter, commit the agency to the project. For example, the City shall not grant any vested development entitlements prior to compliance with CEQA. Further, any such pre-approval agreement should, for example:

(A) Condition the agreement on compliance with CEQA;
(B) Not bind any party, or commit any party, to a definite course of action prior to CEQA compliance;

(C) Not restrict the Lead Agency from considering any feasible mitigation measures and alternatives, including the "no project" alternative; and

(D) Not restrict the Lead Agency from denying the project.

The City's environmental document preparation and review should be coordinated in a timely fashion with the City's existing planning, review, and project approval processes. These procedures, to the maximum extent feasible, are to run concurrently, not consecutively.

(See State CEQA Guidelines, § 15004; *Save Tara v. City of West Hollywood* (2008) 45 Cal.4th 116.)

1.11 STATE AGENCY FURLOUGH.

Due to budget concerns, the State may institute mandatory furlough days for state government agencies. Local agencies may also change their operating hours.

Because state and local agencies may enact furloughs that limit their operating hours, if the City has time-sensitive materials or needs to consult with a state agency, the City should check with the applicable state agency office or with the City's attorney to ensure compliance with all applicable deadlines.

1.12 ENVIRONMENTAL COMPLIANCE FOR CITY-INITIATED PROJECTS.

In an effort to provide consistent CEQA review and coordination of City-initiated projects, an Environmental Review Coordinator ("ERC") has been designated within the Planning Department to aid City departments on the ever-changing environmental statutes and to create a CEQA repository. This section 1.11 only applies to City-initiated projects.

To achieve the desired level of review, the project manager for each City-initiated project* will contact the ERC following project inception and provide the ERC with a written description of the project, including any preliminary plans, special studies completed, and other information that may be helpful evaluating the project. The ERC will review the information and determine if 1) existing CEQA documents are sufficient to address the potential impacts of the project; 2) if existing CEQA documents may be used to tier off to provide the necessary CEQA review; 3) if a new CEQA review is necessary for the project, or 4) an exemption from CEQA applies to the project. Additionally, the ERC will provide direction to the project manager on the level of CEQA review required for the project (e.g. Negative Declaration, Environmental Impact Report ("EIR"), etc.).

Once a memorandum on the scope/preliminary plans for a project has been submitted to the ERC, the ERC will work with the project manager to complete the CEQA review in-house to the extent possible. Should the need arise for studies or an EIR beyond staff's ability to complete, the ERC shall work with the project manager to 1) develop a Request for Proposal ("RFP") for the necessary services; 2) review the RFPs with the project manager and assist in the selection of a consultant; 3) prepare the consultant contract for the services; 4) provide coordination between the consultant and the project manager; 5) coordinate preparation of the CEQA document; 6) review

and comment on the CEQA document; 7) review invoices/billing by the consultant; and 8) ensure compliance with established legal procedures, filings, etc.

Upon successful completion of the CEQA review, the ERC shall retain copies of pertinent CEQA information, including, but not limited to, CEQA documents and Notice of Determinations. The central CEQA repository will provide ease of access to previous CEQA documents that may be needed for future actions (e.g. grant applications, project modifications, new projects, etc.).

**As determined under CEQA*

(Section added October 2011)

 ©Best Best & Krieger LLP

2. LEAD AND RESPONSIBLE AGENCIES

2.01 LEAD AGENCY PRINCIPLE.

The City will be the Lead Agency if it will have principal responsibility for carrying out or approving a project. Where a project is to be carried out or approved by more than one public agency, only one agency shall be responsible for the preparation of environmental documents. This agency shall be called the Lead Agency.

(Reference: State CEQA Guidelines, §§ 15050, 15367.)

2.02 SELECTION OF LEAD AGENCY.

Where two or more public agencies will be involved with a project, the Lead Agency shall be designated according to the following criteria:

(a) If the project will be carried out by a public agency, that agency shall be the Lead Agency even if the project will be located within the jurisdiction of another public agency; or

(b) If the project will be carried out by a nongovernmental person or entity, the Lead Agency shall be the public agency with the greatest responsibility for supervising and approving the project as a whole.

The Lead Agency will normally be the agency with general governmental powers, rather than an agency with a single or limited purpose. (For example, a city that will provide a public service or utility to the project serves a limited purpose.) If two or more agencies meet this criteria equally, the agency that acts first on the project will normally be the Lead Agency.

If two or more public agencies have a substantial claim to be the Lead Agency under either (a) or (b), they may designate one agency as the Lead Agency by agreement. An agreement may also provide for cooperative efforts by contract, joint exercise of powers, or similar devices. If the agencies cannot agree which agency should be the Lead Agency for preparing the environmental document, any of the disputing public agencies or the project applicant may submit the dispute to the Office of Land Use and Climate Innovation ("LCI"), formerly Office of Planning and Research. Within 21 days of receiving the request, LCI will designate the Lead Agency. LCI shall not designate a Lead Agency in the absence of a dispute. A "dispute" means a contested, active difference of opinion between two or more public agencies as to which of those agencies shall prepare any necessary environmental document. A dispute exists when each of those agencies claims that it either has or does not have the obligation to prepare that environmental document.

(Reference: State CEQA Guidelines, § 15051.)

2.03 DUTIES OF A LEAD AGENCY.

As a Lead Agency, the City shall decide whether a Negative Declaration, Mitigated Negative Declaration or an EIR will be required for a project and shall prepare, or cause to be prepared, and consider the document before making its decision on whether and how to approve the project. The documents may be prepared by Staff or by private consultants pursuant to a

 ©Best Best & Krieger LLP

contract with the City. However, the City shall independently review and analyze all draft and final EIRs or Negative Declarations prepared for a project and shall find that the EIR or Negative Declaration reflects the independent judgment of the City prior to approval of the document. If a Draft EIR or Final EIR is prepared under a contract with the City, the contract must be executed within forty-five (45) days from the date on which the City sends a Notice of Preparation. The City, however, may take longer to execute the contract if the project applicant and the City mutually agree to an extension of the 45-day time period. (Pub. Resources Code, § 21151.5; see also Local Guidelines Section 7.02.)

During the process of preparing an EIR, the City, as Lead Agency, shall have the following duties:

(a) If a California Native American tribe has requested consultation, within 14 days after determining that an application for a project is complete or a decision to undertake a project, the City shall begin consultation with the California Native American tribes (see Local Guidelines Section 7.07);
(b) Immediately after deciding that an EIR is required for a project, the City shall send to the Office of Land Use and Climate Innovation and each Responsible Agency a Notice of Preparation (Form "G") stating that an EIR will be prepared (see Local Guidelines Section 7.03);
(c) Prior to release of an EIR, if the California Native American tribe that is culturally affiliated with the geographic area of a project requests in writing to be informed of any proposed project, the City shall begin consultation with the tribe consistent with California law and Local Guidelines Section 7.07;
(d) The City shall prepare or cause to be prepared the Draft EIR for the project (see Local Guidelines Sections 7.06 and 7.18);
(e) Once the Draft EIR is completed, the City shall file a Notice of Completion (Form "H") with the Office of Land Use and Climate Innovation (see Local Guidelines Section 7.25);
(f) The City shall consult with state, federal and local agencies that exercise authority over resources that may be affected by the project for their comments on the completed Draft EIR (see, e.g., Local Guidelines Sections 5.02, 5.16, Section 7.26);
(g) The City shall provide public notice of the availability of a Draft EIR (Form "K") at the same time that it sends a Notice of Completion to the Office of Land Use and Climate Innovation (see Local Guidelines Section 7.25);
(h) The City shall evaluate comments on environmental issues received from persons who reviewed the Draft EIR and shall prepare or cause to be prepared a written response to all comments that raise significant environmental issues and that were timely received during the public comment period. A written response must be provided to all public agencies who commented on the project during the public review period at least ten (10) days prior to certifying an EIR (see Local Guidelines Section 7.30);
(i) The City shall prepare or cause to be prepared a Final EIR before approving the project (see Local Guidelines Section 7.31);
(j) The City shall certify that the Final EIR has been completed in compliance with CEQA and has been reviewed by the City Council (see Local Guidelines Section 7.33); and
(k) The City shall include in the Final EIR any comments received from a Responsible Agency on the Notice of Preparation or the Draft EIR (see Local Guidelines Sections 2.08, 7.30 and 7.31).

2.04 CEQA DETERMINATIONS MADE BY NON-ELECTED BODY; PROCEDURE TO APPEAL SUCH DETERMINATIONS.

As Lead Agency, the City may charge a non-elected decisionmaking body with the responsibility of making a finding of exemption or adopting, certifying or authorizing environmental documents. Any such determination, however, shall be subject to the City's procedures allowing for the appeal of the CEQA determination of any non-elected body to the City Council. In the absence of a procedure governing such appeal, any CEQA determination made by a non-elected decisionmaker shall be appealable to the City Council within ten (10) days of the non-elected decisionmaker's determination. If the non-elected decisionmaker's CEQA determination is not timely appealed as set forth herein, the non-elected decisionmaker's determination shall be final.

In the event the City Council has delegated authority to a subsidiary board or official to approve a project, the City Council also hereby delegates to that subsidiary board or official the authority to make all necessary CEQA determinations, including whether an EIR, Negative Declaration, Mitigated Negative Declaration or exemption shall be required for any project. A subsidiary board or official's CEQA determination shall be subject to appeal as set forth above.

(Reference: State CEQA Guidelines, §§ 15061(e), 15074(f), 15090(b).)

2.05 PROJECTS RELATING TO DEVELOPMENT OF HAZARDOUS WASTE AND OTHER SITES.

An applicant for a development project must submit a signed statement to the City, as Lead Agency, stating whether the project and any alternatives are located on a site that is included in any list compiled by the Secretary for Environmental Protection of the California Environmental Protection Agency ("California EPA") listing hazardous waste sites and other specified sites located in the City's boundaries. The applicant's statement must contain the following information:

(a) The applicant's name, address, and phone number;
(b) Address of site, and local agency (city/county);
(c) Assessor's book, page, and parcel number; and
(d) The list which includes the site, identification number, and date of list.

Before accepting as complete an application for any development project as defined in Local Guidelines Section 11.16, the City, as Lead Agency, shall consult lists compiled by the Secretary for Environmental Protection of the California EPA pursuant to Government Code section 65962.5 listing hazardous waste sites and other specified sites located in the City's boundaries. When acting as Lead Agency, the City shall notify an applicant for a development project if the project site is located on such a list and not already identified. In the Notice of Intent to Adopt a Negative Declaration or Mitigated Negative Declaration (see Local Guidelines Section 6.04) or the Notice of Preparation of Draft EIR (see Local Guidelines Section 7.03), the City shall specify the California EPA list, if any, that includes the project site, and shall provide the information contained in the applicant's statement.

(Reference: Gov. Code, § 65962.5.)

2.06 RESPONSIBLE AGENCY PRINCIPLE.

When a project is to be carried out or approved by more than one public agency, all public agencies other than the Lead Agency that have discretionary approval power over the project shall be identified as Responsible Agencies.

(Reference: State CEQA Guidelines, § 15381.)

2.07 DUTIES OF A RESPONSIBLE AGENCY.

When it is identified as a Responsible Agency, the City shall consider the environmental documents prepared or caused to be prepared by the Lead Agency and reach its own conclusions on whether and how to approve the project involved. The City shall also both respond to consultation and attend meetings as requested by the Lead Agency to assist the Lead Agency in preparing adequate environmental documents. The City should also review and comment on Draft EIRs, Negative Declarations, and Mitigated Negative Declarations. Comments shall be limited to those project activities that are within the City's area of expertise or are required to be carried out or approved by the City or are subject to the City's powers.

As a Responsible Agency, the City may identify significant environmental effects of a project for which mitigation is necessary. As a Responsible Agency, the City may submit to the Lead Agency proposed mitigation measures that would address those significant environmental effects. If mitigation measures are required, the City should submit to the Lead Agency complete and detailed performance objectives for such mitigation measures that would address the significant environmental effects identified, or refer the Lead Agency to appropriate, readily available guidelines or reference documents. Any mitigation measures submitted to the Lead Agency by the City, when acting as a Responsible Agency, shall be limited to measures that mitigate impacts to resources that are within the City's authority. For private projects, the City, as a Responsible Agency, may require the project proponent to provide such information as may be required and to reimburse the City for all costs incurred by it in reporting to the Lead Agency.

(Reference: State CEQA Guidelines, § 15096.)

2.08 RESPONSE TO NOTICE OF PREPARATION BY RESPONSIBLE AGENCIES.

Within thirty (30) days of receipt of a Notice of Preparation of an EIR, the City, as a Responsible Agency, shall specify to the Lead Agency the scope and content of the environmental information related to the City's area of statutory responsibility in connection with the proposed project. At a minimum, the response shall identify the significant environmental issues and possible alternatives and mitigation that the City, as a Responsible Agency, will need to have explored in the Draft EIR. Such information shall be specified in writing, shall be as specific as possible, and shall be communicated to the Lead Agency, by certified mail, email, or any other method of transmittal that provides it with a record that the response was received. The Lead Agency shall incorporate this information into the EIR.

(Reference: Pub. Resources Code, § 21080.4; State CEQA Guidelines, § 15103.)

2.09 USE OF FINAL EIR OR NEGATIVE DECLARATION BY RESPONSIBLE AGENCIES.

The City, as a Responsible Agency, shall consider the Lead Agency's Final EIR or Negative Declaration before acting upon or approving a proposed project. As a Responsible Agency, the City must independently review and consider the adequacy of the Lead Agency's environmental documents prior to approving any portion of the proposed project. In certain instances, the City, in its role as a Responsible Agency, may require that a Subsequent EIR or a Supplemental EIR be prepared to fully address those aspects of the project over which the City has approval authority. Mitigation measures and alternatives deemed feasible and relevant to the City's role in carrying out the project shall be adopted. Findings that are relevant to the City's role as a Responsible Agency shall be made. After the City decides to approve or carry out part of a project for which an EIR or negative declaration has previously been prepared by the Lead Agency, the City, as Responsible Agency, should file a Notice of Determination with the County Clerk within five (5) days of approval, but need not state that the Lead Agency's EIR or Negative Declaration complies with CEQA. The City, as Responsible Agency, should state that it considered the EIR or Negative Declaration as prepared by a Lead Agency.

(Reference: State CEQA Guidelines, § 15096.)

2.10 SHIFT IN LEAD AGENCY RESPONSIBILITIES.

The City, as a Responsible Agency, shall assume the role of the Lead Agency if any one of the following three conditions is met:

(a) The Lead Agency did not prepare any environmental documents for the project, and the statute of limitations has expired for a challenge to the action of the appropriate Lead Agency;

(b) The Lead Agency prepared environmental documents for the project, and all of the following conditions apply:

  (1) A Subsequent or Supplemental EIR is required;

  (2) The Lead Agency has granted a final approval for the project; and

  (3) The statute of limitations has expired for a challenge to the action of the appropriate Lead Agency; or

(c) The Lead Agency prepared inadequate environmental documents without providing public notice of a Negative Declaration or sending Notice of Preparation of an EIR to Responsible Agencies and the statute of limitations has expired for a challenge to the action of the appropriate Lead Agency.

(Reference: State CEQA Guidelines, § 15052.)

3. ACTIVITIES EXEMPT FROM CEQA

3.01 ACTIONS SUBJECT TO CEQA.

CEQA applies to discretionary projects proposed to be carried out or approved by public agencies such as the City. If the proposed activity does not come within the definition of "project" contained in Local Guidelines Section 11.58, it is not subject to environmental review under CEQA.

The term "project," as defined by CEQA, does not include:

(a) Proposals for legislation to be enacted by the State Legislature;
(b) Continuing administrative or maintenance activities, such as purchases for supplies, personnel-related actions, and general policy and procedure making (except as provided in Local Guidelines Section 11.58;
(c) The submittal of proposals to a vote of the people in response to a petition drive initiated by voters, or the enactment of a qualified voter-sponsored initiative under California Constitution Art. II, Section 11(a) and Election Code section 9214;
(d) The creation of government funding mechanisms or other government fiscal activities that do not involve any commitment to any specific project that may have a potentially significant physical impact on the environment. Government funding mechanisms may include, but are not limited to, assessment districts and community facilities districts;
(e) Organizational or administrative activities of governments that will not result in direct or indirect physical changes in the environment; and
(f) Activities that do not result in a direct or reasonably foreseeable indirect physical change in the environment.

(Reference: State CEQA Guidelines, §§ 15060(c), 15378.)

3.02 MINISTERIAL ACTIONS.

Ministerial actions are not subject to CEQA review. A ministerial action is one that is approved or denied by a decision that a public official or a public agency makes that involves only the use of fixed standards or objective measurements without personal judgment or discretion.

When a project involves an approval that contains elements of both a ministerial and discretionary nature, the project will be deemed to be discretionary and subject to the requirements of CEQA. The decision whether the approval of a proposed project or activity is ministerial in nature may involve or require, to some extent, interpretation of the language of the legal mandate, and should be made on a case-by-case basis. The following is a non-exclusive list of examples of ministerial activities:

(a) Issuance of business licenses;
(b) Approval of final subdivision maps and final parcel maps;
(c) Approval of individual utility service connections and disconnections;
(d) Issuance of licenses;
(e) Issuance of a permit to do street work;

(f) Issuance of building permits where the Lead Agency does not retain significant discretionary power to modify or shape the project; and

(g) Until January 1, 2024, approval of an application to install an emergency standby generator to serve a macro cell tower where conditions set forth in Government Code section 65850.75 are met.

(Reference: State CEQA Guidelines, § 15268.)

3.03 EXEMPTIONS IN GENERAL.

CEQA and the State CEQA Guidelines exempt certain activities and provide that local agencies should further identify and describe certain exemptions. The requirements of CEQA and the obligation to prepare an EIR, Negative Declaration, or Mitigated Negative Declaration generally do not apply to the exempt activities that are set forth in CEQA, the State CEQA Guidelines, and Chapter 3 of these Local Guidelines.

(Reference: State CEQA Guidelines, §§ 15260 – 15332.)

3.04 NOTICE OF EXEMPTION.

After approval of an exempt project, a "Notice of Exemption" (Form "A") may be filed by the City or its representatives with the County Clerk of each county in which the activity will be located. The Notice of Exemption must be filed electronically with the County Clerk if that option is offered by the County Clerk. When the Lead Agency files a Notice of Exemption with the County Clerk, it must also file the Notice of Exemption with the State Clearinghouse via the Office of Land Use and Climate Innovation's CEQASubmit portal at https://ceqasubmit.lci.ca.gov/. After filing, the City must additionally post the Notice of Exemption on the City's website, if any. The City is generally not required to file a Notice of Exemption after approving a project that it finds exempt from CEQA, though there are circumstances where a Notice of Exemption must be filed. Please see Local Guidelines Section 3.12 for certain circumstances in which the Lead Agency is required to file a Notice of Exemption.

The filing of a Notice of Exemption, when appropriate, is recommended for City actions because it shortens the statute of limitations to challenge the City's exemption determination under CEQA from 180 days to 35 days. The County Clerk must post a Notice of Exemption within twenty-four (24) hours of receipt, and the Notice must remain posted for thirty (30) days. The 30-day posting requirement excludes the first day of posting and includes the last day of posting. On the 30th day, the Notice of Exemption must be posted for the entire day. Although no California Department of Fish and Wildlife ("DFW") filing fee is applicable to exempt projects, most counties customarily charge a documentary handling fee to pay for record keeping on behalf of the DFW. Refer to the Index in the County Clerk Memo to determine if such a fee will be required for the project.

The Notice of Exemption must, among other things, identify the person undertaking the project, including any person undertaking an activity that receives financial assistance from the City as part of the project or the person receiving a lease, permit, license, certificate, or other entitlement for use from the City as part of the project. Certain counties require the name and address of an applicant to be included in the "Project Applicant" box of the Notice of Exemption,

even when the only project proponent is the City; in these counties, if the City is the only project proponent, the City's name and address should be provided in the "Project Applicant" box of the Notice of Exemption. Check the county's requirements before submitting the Notice of Exemption for filing and posting.

The Notice of Exemption may be filed by the project applicant, rather than the Lead Agency, in certain circumstances. Specifically, the Lead Agency may direct the project applicant to file the Notice of Exemption where the activity that the Lead Agency has determined is exempt from CEQA either:

(a) is undertaken by a *person* (not a public agency) and is supported, in whole or in part, through contracts, grants, subsidies, loans, or other forms of assistance from one or more public agencies; or

(b) involves the issuance to a *person* (not a public agency) of a lease, permit, license, certificate, or other entitlement for use by one or more public agencies.

(See Pub. Resources Code, §§ 21065, (b), (c), 21152). Where the Notice of Exemption is filed by a project applicant rather than the Lead Agency, the applicant must attach a Certificate of Determination to the Notice of Exemption to be filed. The Certificate of Determination may be in the form of a certified copy of an existing document or record of the Lead Agency. Alternatively, the Lead Agency may prepare a Certificate of Determination (see Form "B") stating that the activity is exempt from CEQA, and the Lead Agency may provide the Certificate of Determination to the applicant. The applicant must attach the Certificate of Determination to the Notice of Exemption to be filed.

(Reference: Pub. Resources Code, § 21152; State CEQA Guidelines, § 15062.)

3.05 DISAPPROVED PROJECTS.

CEQA does not apply to projects that the Lead Agency rejects or disapproves. Even if a project for which an EIR, Negative Declaration, or Mitigated Negative Declaration has been prepared is ultimately disapproved, the project applicant shall not be relieved of its obligation to pay the costs incurred to prepare the EIR, Negative Declaration, or Mitigated Negative Declaration for the project.

(Reference: State CEQA Guidelines, §§ 15061(b)(4), 15270.)

3.06 PROJECTS WITH NO POSSIBILITY OF SIGNIFICANT EFFECT.

Where it can be seen with absolute certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is exempt from CEQA.

(Reference: State CEQA Guidelines, § 15061(b)(3).)

3.07 EMERGENCY PROJECTS.

The following types of emergency projects are exempt from CEQA (the term "emergency" is defined in Local Guidelines Section 11.20):

(a) Work in a disaster-stricken area in which a state of emergency has been proclaimed by the Governor pursuant to Section 8550 of the Government Code. This includes projects that will remove, destroy, or significantly alter a historical resource when that resource represents an imminent threat to the public of bodily harm or of damage to adjacent property or when the project has received a determination by the State Office of Historic Preservation pursuant to Section 5028(b) of the Public Resources Code.

(b) Emergency repairs to publicly or privately owned service facilities necessary to maintain service essential to the public health, safety, or welfare. Emergency repairs include those that require a reasonable amount of planning to address an anticipated emergency.

(c) Projects necessary to prevent or mitigate an emergency. This does not include long-term projects undertaken for the purpose of preventing or mitigating a situation that has a low probability of occurrence in the short-term, but this exclusion does not apply (i) if the anticipated period of time to conduct an environmental review of such a long-term project would create a risk to public health, safety, or welfare, or (ii) if activities (such as fire or catastrophic risk mitigation or modifications to improve facility integrity) are proposed for existing facilities in response to an emergency at a similar existing facility.

(d) Projects undertaken, carried out, or approved by a public agency to maintain, repair, or restore an existing highway damaged by fire, flood, storm, earthquake, land subsidence, gradual earth movement, or landslide, provided that the project is within the existing right of way of that highway and is initiated within one year of the damage occurring. Highway shall have the same meaning as defined in Section 360 of the Vehicle Code. This exemption does not apply to highways designated as official state scenic highways, nor to any project undertaken, carried out, or approved by a public agency to expand or widen a highway damaged by fire, flood, storm, earthquake, land subsidence, gradual earth movement, or landslide.

(e) Seismic work on highways and bridges pursuant to Streets and Highways Code section 180.2.

(Reference: State CEQA Guidelines, § 15269.)

3.08 FEASIBILITY AND PLANNING STUDIES.

A project that involves only feasibility or planning studies for possible future actions which the City has not yet approved, adopted, or funded is exempt from CEQA.

(Reference: State CEQA Guidelines, § 15262.)

3.09 RATES, TOLLS, FARES, AND CHARGES.

The establishment, modification, structuring, restructuring, or approval of rates, tolls, fares, or other charges by the City that the City finds are for one or more of the purposes listed below are exempt from CEQA.

(a) Meeting operating expenses, including employee wage rates and fringe benefits;
(b) Purchasing or leasing supplies, equipment or materials;
(c) Meeting financial reserve needs and requirements; or
(d) Obtaining funds for capital projects necessary to maintain service within existing service areas.

When the City determines that one of the aforementioned activities pertaining to rates, tolls, fares, or charges is exempt from the requirements of CEQA, it shall incorporate written findings setting forth the specific basis for the claim of exemption in the record of any proceeding in which such an exemption is claimed.

(Reference: State CEQA Guidelines, § 15273.)

3.10 PIPELINES WITHIN A PUBLIC RIGHT-OF-WAY AND LESS THAN ONE MILE IN LENGTH.

Projects that are for the installation of a new pipeline or the maintenance, repair, restoration, reconditioning, relocation, replacement, removal, or demolition of an existing pipeline and that are:

(a) in a public street or highway or any other public right-of-way; and
(b) less than one mile in length

shall be exempt from CEQA requirements.

"Pipeline" includes subsurface facilities but does not include any surface facility related to the operation of the underground facility.

(Reference: Public Resources Code, § 21080.21.)

3.11 PIPELINES OF LESS THAN EIGHT MILES IN LENGTH.

Projects that are for the inspection, maintenance, repair, restoration, reconditioning, relocation, replacement, or removal of an existing pipeline, or any valve, flange, meter, or other piece of equipment that is directly attached to the pipeline shall be exempt from CEQA requirements if all of the following conditions are met:

(a) The project is less than eight miles in length.
(b) Notwithstanding the project length, actual construction and excavation activities undertaken to achieve the maintenance, repair, restoration, reconditioning, relocation, replacement, or removal of an existing pipeline are not undertaken over a length of more than one-half mile at any one time.
(c) The project consists of a section of pipeline that is not less than eight miles from any section of pipeline that has been subject to an exemption pursuant to CEQA in the past 12 months.
(d) The project is not solely for the purpose of excavating soil that is contaminated by hazardous materials, and, to the extent not otherwise expressly required by law, the party undertaking the project immediately informs the lead agency of the discovery of contaminated soil.

(e) To the extent not otherwise expressly required by law, the person undertaking the project has, in advance of undertaking the project, prepared a plan that will result in notification of the appropriate agencies so that they may take action, if determined to be necessary, to provide for the emergency evacuation of members of the public who may be located in close proximity to the project.

(f) Project activities are undertaken within an existing right-of-way and the right-of-way is restored to its condition prior to the project.

(g) The project applicant agrees to comply with all conditions otherwise authorized by law, imposed by the city or county planning department as part of any local agency permit process, that are required to mitigate potential impacts of the proposed project, and to otherwise comply with the Keene-Nejedly California Wetlands Preservation Act (Chapter 7 (commencing with Section 5810) of Division 5), the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code), and other applicable state laws, and with all applicable federal laws.

If a project meets all of the requirements for this exemption, the person undertaking the project shall do all of the following:

(a) Notify, in writing, any affected public agency, including, but not limited to, any public agency having permit, land use, environmental, public health protection, or emergency response authority of this exemption.

(b) Provide notice to the public in the affected area in a manner consistent with paragraph (3) of Public Resources Code section 21092(b).

(c) In the case of private rights-of-way over private property, receive from the underlying property owner permission for access to the property.

(d) Comply with all conditions otherwise authorized by law, imposed by the city or county planning department as part of any local agency permit process, that are required to mitigate potential impacts of the proposed project, and otherwise comply with the Keene-Nejedly California Wetlands Preservation Act (Chapter 7 (commencing with Section 5810) of Division 5), the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code), and other applicable state laws, and with all applicable federal laws.

This exemption does not apply to a project in which the diameter of the pipeline is increased or to a project undertaken within the boundaries of an oil refinery.

For purposes of this exemption, the following definitions apply:

(a) "Pipeline" includes every intrastate pipeline used for the transportation of hazardous liquid substances or highly volatile liquid substances, including a common carrier pipeline, and all piping containing those substances located within a refined products bulk loading facility which is owned by a common carrier and is served by a pipeline of that common carrier, and the common carrier owns and serves by pipeline at least five such facilities in the state. "Pipeline" does not include the following:

    (1) An interstate pipeline subject to Part 195 of Title 49 of the Code of Federal Regulations.

(2) A pipeline for the transportation of a hazardous liquid substance in a gaseous state.
(3) A pipeline for the transportation of crude oil that operates by gravity or at a stress level of 20 percent or less of the specified minimum yield strength of the pipe.
(4) Transportation of petroleum in onshore gathering lines located in rural areas.
(5) A pipeline for the transportation of a hazardous liquid substance offshore located upstream from the outlet flange of each facility on the Outer Continental Shelf where hydrocarbons are produced or where produced hydrocarbons are first separated, dehydrated, or otherwise processed, whichever facility is farther downstream.
(6) Transportation of a hazardous liquid by a flow line.
(7) A pipeline for the transportation of a hazardous liquid substance through an onshore production, refining, or manufacturing facility, including a storage or in plant piping system associated with that facility.
(8) Transportation of a hazardous liquid substance by vessel, aircraft, tank truck, tank car, or other vehicle or terminal facilities used exclusively to transfer hazardous liquids between those modes of transportation.

(Reference: State CEQA Guidelines, § 15284.)

3.12 CERTAIN RESIDENTIAL HOUSING PROJECTS.

CEQA does not apply to the construction, conversion, or use of residential housing if the project meets all of the general requirements described in Section A below and satisfies the specific requirements for any one of the following three categories: (1) agricultural housing (Section B below), (2) affordable housing projects in urbanized areas (Section C below), or (3) affordable housing projects near major transit stops (Section D below).

A. General Requirements. The construction, conversion, or use of residential housing units affordable to low-income households (as defined in Local Guidelines Section 11.36) located on an infill site in an urbanized area is exempt from CEQA if all of the following general requirements are satisfied:

(1) The project is consistent with:

(a) Any applicable general plan, specific plan, or local coastal program, including any mitigation measures required by such plan or program, as that plan or program existed on the date that the application was deemed complete; and
(b) Any applicable zoning ordinance, as that zoning ordinance existed on the date that the application was deemed complete. However, the project may be inconsistent with zoning if the zoning is inconsistent with the general plan and the project site has not been rezoned to conform to the general plan;

(2) Community level environmental review has been adopted or certified;

(3) The project and other projects approved prior to the approval of the project can be adequately served by existing utilities, and the project applicant has paid, or has committed to pay, all applicable in-lieu or development fees;

(4) The project site meets all of the following four criteria relating to biological resources:

(a) The project site does not contain wetlands;
(b) The project site does not have any value as a wildlife habitat;
(c) The project does not harm any species protected by the federal Endangered Species Act of 1973, the Native Plant Protection Act, or the California Endangered Species Act; and
(d) The project does not cause the destruction or removal of any species protected by a local ordinance in effect at the time the application for the project was deemed complete;

(5) The site is not included on any list of facilities and sites compiled pursuant to Government Code section 65962.5;

(6) The project site is subject to a preliminary endangerment assessment prepared by a registered environmental assessor to determine the existence of any release of a hazardous substance on the site and to determine the potential for exposure of future occupants to significant health hazards from any nearby property or activity. In addition, the following steps must have been taken in response to the results of this assessment:

(a) If a release of a hazardous substance is found to exist on the site, the release shall be removed or any significant effects of the release shall be mitigated to a level of insignificance in compliance with state and federal requirements; or
(b) If a potential for exposure to significant hazards from surrounding properties or activities is found to exist, the effects of the potential exposure shall be mitigated to a level of insignificance in compliance with state and federal requirements;

(7) The project does not have a significant effect on historical resources pursuant to Section 21084.1 of the Public Resources Code (see Local Guidelines Section 11.28);

(8) The project site is not subject to wildland fire hazard, as determined by the Department of Forestry and Fire Protection; unless the applicable general plan or zoning ordinance contains provisions to mitigate the risk of a wildland fire hazard;

(9) The project site does not have an unusually high risk of fire or explosion from materials stored or used on nearby properties;

(10) The project site does not present a risk of a public health exposure at a level that would exceed the standards established by any state or federal agency;

(11) Either the project site is not within a delineated earthquake fault zone, or a seismic hazard zone, as determined pursuant to Section 2622 and 2696 of the Public Resources Code respectively, or the applicable general plan or zoning ordinance contains provisions to mitigate the risk of an earthquake or seismic hazard;

(12) Either the project site does not present a landslide hazard, flood plain, flood way, or restriction zone, or the applicable general plan or zoning ordinance contains provisions to mitigate the risk of a landslide or flood;

(13) The project site is not located on developed open space;

(14) The project site is not located within the boundaries of a state conservancy;

(15) The project site has not been divided into smaller projects to qualify for one or more of the exemptions for affordable housing, agricultural housing, or residential infill housing projects found in the subsequent sections; and

(16) The project meets the requirements set forth in either Public Resources Code sections 21159.22, 21159.23 or 21159.24.

(Reference: State CEQA Guidelines, § 15192.)

B. Specific Requirements for Agricultural Housing. CEQA does not apply to the construction, conversion, or use of residential housing for agricultural employees that meets either of the following:

(1) The project meets all of the general requirements described above in Section A and meets the following additional criteria:

(a) The project either:

1. Is affordable to lower income households, lacks public financial assistance, and the developer has provided sufficient legal commitments to ensure the continued availability and use of the housing units for lower income households for a period of at least fifteen (15) years; or

2. If public financial assistance exists for the project, then the project must be housing for very low-, low-, or moderate-income households and the developer of the project has provided sufficient legal commitments to the appropriate local agency to ensure the continued availability and use of

the housing units for low- and moderate-income households for a period of at least fifteen (15) years;

(b) The project site is adjacent on at least two sides to land that has been developed and the project consists of not more than forty-five (45) units or provides dormitories, barracks, or other group-living facilities for a total of forty-five (45) or fewer agricultural employees, and either:

1. The project site is within incorporated city limits or within a census-defined place with a minimum population density of at least five thousand (5,000) persons per square mile; or

2. The project site is within incorporated city limits or within a census-defined place and the minimum population density of the census-defined place is at least one thousand (1,000) persons per square mile, unless the Lead Agency determines that there is a reasonable possibility that the project, if completed, would have a significant effect on the environment due to unusual circumstances or that the cumulative effects of successive projects of the same type in the same area would, over time, be significant;

(c) If the project is located on a site zoned for general agricultural use, it must consist of twenty (20) or fewer units, or, if the housing consists of dormitories, barracks, or other group-living facilities, the project must not provide housing for more than twenty (20) agricultural employees; and

(d) The project is not more than two (2) acres in area if the project site is located in an area with a population density of at least one thousand (1,000) persons per square mile, and is not more than five (5) acres in area for all other project sites.

(2) If the project does not meet the general requirements described above in Section A, but still meets the criteria described above in Section B(1) in accordance with Public Resources Code section 21159.22, and the following:

(a) Project is an agricultural housing development that satisfies all of the following:

1. Agricultural employee housing does not contain dormitory-style housing;

2. Development consists of no more than either (i) thirty-six units or spaces designed for use by a single family or household, or (ii) one hundred fifty units or spaces designed

for use by a single family or household if development is located in Counties of Fresno, Madera, Merced, Santa Clara, or Santa Cruz;

3. Housing must be maintained and operated by a qualified affordable housing organization that has been certified pursuant to Health and Safety Code section 17030.10, and provide for onsite management of development; and development proponent shall submit proof of issuance of qualified affordable housing organization's certification by enforcement agency; or if the housing is maintained and operated by local public housing agency or multicounty, state, or multistate agency that has been certified as qualified affordable housing organization, that agency either directly maintains and operates the housing or contracts with another qualified housing organization, and the local government must ensure an affordability covenant is recorded on the property for not less than 55 years, and the housing is not eligible for state funding pursuant to Public Resources Code sections 50205(b)(1) or 50517.10(b)(1); and

4. Funded by either: (i) the Joe Serna, Jr. Farmworker Housing Grant Program; (ii) the Office of Migrant Services with the Department of Housing and Community Development; (iii) local government; or (iv) owned or operated and funded by a public or nonprofit entity, or that receives state, federal, or local public funding.

(3) Project consists exclusively of the repair or maintenance of an existing farmworker housing project.

(Reference: Pub. Resources Code, §§ 21084, 21080.44, 21159.22; State CEQA Guidelines, §§ 15192, 15193.)

C. Specific Requirements for Affordable Housing Projects in Urbanized Areas. CEQA does not apply to any development project that consists of the construction, conversion, or use of residential housing consisting of one hundred (100) or fewer units that are affordable to low-income households if all of the general requirements described in Section A above are satisfied and the following additional criteria are also met:

(1) The developer of the project provides sufficient legal commitments to the local agency to ensure the continued availability and use of the housing units for lower income households for a period of at least thirty (30) years, at monthly housing costs deemed to be "affordable rent" for lower income, very low income, and extremely low income households, as determined pursuant to Section 50053 of the Health and Safety Code;

 ©Best Best & Krieger LLP

(2) The project site meets one of the following conditions:

(a) Has been previously developed for qualified urban uses;
(b) Is immediately adjacent to parcels that are developed with qualified urban uses; or
(c) At least 75% of the perimeter of the site adjoins parcels that are developed with qualified urban uses and the remaining 25% of the perimeter of the site adjoins parcels that have previously been developed for qualified urban uses, the site has not been developed for urban uses and no parcel within the site has been created within ten (10) years prior to the proposed development of the site;

(3) The project site is not more than five (5) acres in area; and

(4) The project site meets one of the following requirements regarding population density:

(a) The project site is within an urbanized area or within a census-defined place with a population density of at least five thousand (5,000) persons per square mile;
(b) If the project consists of fifty (50) or fewer units, the project site is within an incorporated city with a population density of at least twenty-five hundred (2,500) persons per square mile and a total population of at least twenty-five thousand (25,000) persons; or
(c) The project site is within either an incorporated city or a census-defined place with a population density of one thousand (1,000) persons per square mile, unless there is a reasonable possibility that the project would have a significant effect on the environment due to unusual circumstances or due to the related or cumulative impacts of reasonably foreseeable projects in the vicinity of the project.

(Reference: Pub. Resources Code, §§ 21083, 21159.23; State CEQA Guidelines, § 15194.)

D. Specific Requirements for Affordable Housing Projects Near Major Transit Stops.

(a) Except as provided in subdivision (b), CEQA does not apply to a project if all of the following criteria are met:

1. The project is a residential project on an infill site.

2. The project is located within an urbanized area.

3. The project satisfies the criteria of Public Resources Code section 21159.21, described in Section A above.

4. Within five years of the date that the application for the project is deemed complete pursuant to Section 65943 of the Government Code, community-level environmental review was certified or adopted.

5. The site of the project is not more than four acres in total area.

6. The project does not contain more than 100 residential units.

7. Either of the following criteria (subdivision a or subdivision b) are met:

   a. (1) At least 10 percent of the housing is sold to families of moderate income, or not less than 10 percent of the housing is rented to families of low income, or not less than 5 percent of the housing is rented to families of very low income; and

      (2) The project developer provides sufficient legal commitments to the appropriate local agency to ensure the continued availability and use of the housing units for very low-, low-, and moderate-income households at monthly housing costs determined pursuant to paragraph (3) of the subdivision (h) of Section 65589.5 of the Government Code.

   b. The project developer has paid or will pay in-lieu fees pursuant to a local ordinance in an amount sufficient to result in the development of an equivalent number of units that would otherwise be required pursuant to subparagraph 7.a above.

8. The project is within one-half mile of a major transit stop.

9. The project does not include any single level building that exceeds 100,000 square feet.

10. The project promotes higher density infill housing. A project with a density of at least 20 units per acre shall be conclusively presumed to promote higher density infill housing. A project with a density of at least 10 units per acre and a density greater than the average density of the residential properties within 1,500 feet shall be presumed to promote higher density housing unless the preponderance of the evidence demonstrates otherwise.

(b) Notwithstanding subdivision (a) above, the Exemption for Affordable Housing Projects near Major Transit Stops does not apply if any one of the following criteria is met:

1. There is a reasonable possibility that the project-specific, significant effect on the environment due to unusual circumstances;

2. Substantial changes have occurred since community-level environmental review was adopted or certified with respect to the circumstances under which the project is being undertaken, and those changes are related to the project; or
3. New information regarding the circumstances under which the project is being undertaken has become available, and that new information is related to the project and was not known and could not have been known at the time of the community-level environmental review.

(c) If a project satisfies the criteria described above in Section 3.12D(a), but is not exempt from CEQA as a result of satisfying the criteria described in Section 3.12D(b), the analysis of the environmental effects of the project in the EIR or the negative declaration for the project shall be limited to an analysis of the project-specific effects of the project and any effects identified pursuant to Paragraph 2 or 3 of Section 3.12D(b), above.

(Reference: Pub. Resources Code, §§ 21083, 21159.24; State CEQA Guidelines, § 15195.)

E. Whenever the Lead Agency determines that a project is exempt from environmental review based on Public Resources Code sections 21159.22 [Section 3.12B of these Local Guidelines], 21159.23 [Section 3.12C of these Local Guidelines], or 21159.24 [Section 3.12D of these Local Guidelines], Staff and/or the proponent of the project shall file a Notice of Exemption with the Office of Land Use and Climate Innovation within five (5) working days after the approval of the project.

(Reference: State CEQA Guidelines, § 15196.)

3.13 MINOR ALTERATIONS TO FLUORIDATE WATER UTILITIES.

Minor alterations to water utilities made for the purpose of complying with the fluoridation requirements of Health and Safety Code sections 116410 and 116415 or regulations adopted thereunder are exempt from CEQA.

(Reference: State CEQA Guidelines, § 15282(m).)

3.14 BALLOT MEASURES.

The definition of project in the State CEQA Guidelines specifically excludes the submittal of proposals to a vote of the people of the state or of a particular community. This exemption does not apply to the public agency that sponsors the initiative. When a governing body makes a decision to put a measure on the ballot, that decision may be discretionary and therefore subject to CEQA. In contrast, the enactment of a qualified voter-sponsored initiative under California Constitution Art. II, Section 11(a) and Election Code section 9214 is not a project and therefore is not subject to CEQA review.

(Reference: Local Guidelines Section 3.01; State CEQA Guidelines, § 15378(b)(3).)

3.15 TRANSIT PRIORITY PROJECT.

Exemption: Transit Priority Projects (see Local Guidelines Section **Error! Reference s ource not found.**) that are consistent with the general use designation, density, building intensity, and applicable policies specified for the project area in either a Sustainable Community Strategy or an alternative planning strategy may be exempt from CEQA. To qualify for the exemption, the decision-making body must hold a hearing and make findings that the project meets all of Public Resources Code section 21155.1's environmental, housing, and public safety conditions and requirements.

Streamlined Review: A Transit Priority Project that has incorporated all feasible mitigation measures, performance standards or criteria set forth in a prior environmental impact report, may be eligible for streamlined environmental review. For a complete description of the requirements for this streamlined review see Public Resources Code section 21155.2. Similarly, the environmental review for a residential or mixed use residential project may limit, or entirely omit, its discussion of growth-inducing impacts or impacts from traffic on global warming under certain limited circumstances. Note, however, that impacts from other sources of greenhouse gas emissions would still need to be analyzed. For complete requirements see Public Resources Code section 21159.28.

Note that neither the exemption nor the streamlined review will apply until: (1) the applicable Metropolitan Planning Organization prepares and adopts a Sustainable Communities Strategy or alternative planning strategy for the region; and (2) the California Air Resources Board has accepted the Metropolitan Planning Organization's determination that the Sustainable Communities Strategy or the alternative planning strategy would, if implemented, achieve the greenhouse gas emission reduction targets adopted for the region.

(Reference: Pub. Resources Code, §§ 21155.1, 21151.2, 21159.28.)

3.16 ROADWAY IMPROVEMENTS.

CEQA does not apply to a project or an activity to repair, maintain, or make minor alterations to an existing roadway, as defined in Local Guidelines Section , if all of the following conditions are met:

A. General Requirements:

(1) The project is carried out by a city or county with a population of less than 100,000 persons to improve public safety.

(2) The project does not cross a waterway as defined in Local Guidelines Section .

(3) The project involves negligible or no expansion of an existing use beyond that existing at the time of the lead agency's determination.

(4) The roadway is not a state roadway.

(5) The site of the project does not contain wetlands or riparian areas, and does not have "significant value as a wildlife habitat" (as defined in Local Guidelines Section) and the project does not harm any species protected by the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et

seq.), the Native Plant Protection Act (Chapter 10 (commencing with Section 1900) of Division 2 of the Fish and Game Code), or the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code), and the project does not cause the destruction or removal of any species protected by a local ordinance.

(6) The project does not impact cultural resources.

(7) The roadway does not affect scenic resources, as provided pursuant to subdivision (c) of Section 21084 of the Public Resources Code.

B. Prior to determining that a project is exempt pursuant to this section, the lead agency shall do both of the following:

(1) Include measures in the project to mitigate potential vehicular traffic and safety impacts and bicycle and pedestrian safety impacts.

(2) Hold a noticed public hearing on the project to hear and respond to public comments. The hearing on the project may be conducted with another noticed lead agency public hearing. Publication of the notice shall be no fewer times than required by Section 6061 of the Government Code, by the public agency in a newspaper of general circulation in the area.

C. Whenever the local agency determines that a project is not subject to this exemption, and it approves or determines to or carry out that project, the local agency shall file a notice with the Office of Land Use and Climate Innovation, and with the county clerk in the manner specified in subdivisions (b) and (c) of Public Resources Code section 21152.

3.17 CERTAIN INFILL PROJECTS

(a) (1) If an environmental impact report was certified for a planning level decision of the city or county, the application of CEQA to the approval of an infill project shall be limited to the effects on the environment that (A) are specific to the project or to the project site and were not addressed as significant effects in the prior environmental impact report or (B) substantial new information shows the effects will be more significant than described in the prior environmental impact report. The attached Form "S" shall be used for this determination. A lead agency's determination pursuant to this section shall be supported by substantial evidence.

(2) An effect of a project upon the environment shall not be considered a specific effect of the project or a significant effect that was not considered significant in a prior environmental impact report, or an effect that is more significant than was described in the prior environmental impact report if uniformly applicable development policies or standards adopted by the city, county, or the lead agency, would apply to the project and the lead agency makes a finding, based upon substantial evidence, that the development policies or standards will substantially mitigate that effect.

(b) If an infill project would result in significant effects that are specific to the project or the project site, or if the significant effects of the infill project were not addressed in the prior environmental impact report, or are more significant than the effects addressed in the prior

environmental impact report, and if a mitigated negative declaration or a sustainable communities environmental assessment could not be otherwise adopted, an environmental impact report prepared for the project analyzing those effects shall be limited as follows:

(1) Alternative locations, densities, and building intensities to the project need not be considered.

(2) Growth inducing impacts of the project need not be considered.

(c) This section applies to an infill project that satisfies both of the following:

(1) The project satisfies any of the following:

A) Is consistent with the general use designation, density, building intensity, and applicable policies specified for the project area in either a sustainable communities strategy or an alternative planning strategy for which the State Air Resources Board, pursuant to subparagraph (H) of paragraph (2) of subdivision (b) of Section 65080 of the Government Code, has accepted a metropolitan planning organization's determination that the sustainable communities strategy or the alternative planning strategy would, if implemented, achieve the greenhouse gas emission reduction targets.

(B) Consists of a small walkable community project located in an area designated by a city for that purpose.

(C) Is located within the boundaries of a metropolitan planning organization that has not yet adopted a sustainable communities strategy or alternative planning strategy, and the project has a residential density of at least 20 units per acre or a floor area ratio of at least 0.75.

(2) Satisfies all applicable statewide performance standards contained in the guidelines adopted pursuant to Public Resources Code section 21094.5.5 (Form "R").

(d) This section applies after the Secretary of the Natural Resources Agency adopts and certifies the guidelines establishing statewide standards pursuant to Public Resources Code section 21094.5.5.

(e) For the purposes of this section, the following terms mean the following:

(1) "Infill project" means a project that meets the following conditions:

(A) Consists of any one, or combination, of the following uses:

(i) Residential.

(ii) Retail or commercial, where no more than one-half of the project area is used for parking.

(iii) A transit station.

(iv) A school.

(v) A public office building.

(B) Is located within an urban area on a site that has been previously developed, or on a vacant site where at least 75 percent of the perimeter of the site adjoins, or is separated only by an improved public right-of-way from, parcels that are developed with qualified urban uses.

(2) "Planning level decision" means the enactment or amendment of a general plan, community plan, specific plan, or zoning code.

(3) "Prior environmental impact report" means the environmental impact report certified for a planning level decision, as supplemented by any subsequent or supplemental environmental impact reports, negative declarations, or addenda to those documents.

(4) "Small walkable community project" means a project that is in an incorporated city, which is not within the boundary of a metropolitan planning organization and that satisfies the following requirements:

(A) Has a project area of approximately one-quarter mile diameter of contiguous land completely within the existing incorporated boundaries of the city.

(B) Has a project area that includes a residential area adjacent to a retail downtown area.

(C) The project has a density of at least eight dwelling units per acre or a floor area ratio for retail or commercial use of not less than 0.50.

(5) "Urban area" includes either an incorporated city or an unincorporated area that is completely surrounded by one or more incorporated cities that meets both of the following criteria:

(A) The population of the unincorporated area and the population of the surrounding incorporated cities equal a population of 100,000 or more.

(B) The population density of the unincorporated area is equal to, or greater than, the population density of the surrounding cities.

(Reference: Pub. Resources Code, § 21094.5.)

3.18 EXEMPTION FOR RESIDENTIAL OR MIXED-USE HOUSING PROJECTS

CEQA does not apply to residential or mixed-used housing projects, located in unincorporated areas of a county, that meet the requirements set forth below. For purposes of this section, "residential or mixed-use housing project" means a project consisting of multifamily residential uses only or a mix of multifamily residential and nonresidential uses, with at least two-thirds of the square footage of the development designated for residential use.

This exemption shall apply to a residential or mixed-use housing project if all of the following conditions are met:

(1) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations.

(2) (A)The public agency approving or carrying out the project determines, based upon substantial evidence, that the density of the residential portion of the project is not less than the greater of the following:

a. The average density of the residential properties that adjoin, or are separated only by an improved public right-of-way from, the perimeter of the project site, if any.

b. The average density of the residential properties within 1,500 feet of the project site.

c. Six dwelling units per acre.

(B) The residential portion of the project is a multifamily housing development that contains six or more residential units.

(3) The proposed development occurs within an unincorporated area of a county on a project site of no more than five acres substantially surrounded by qualified urban uses. "Substantially surrounded" means (1) at least 75 percent of the perimeter of the project site adjoins, or is separated only by an improved public right-of-way from, parcels that are developed with qualified urban uses; and (2) the remainder of the perimeter of the site adjoins, or is separated only by an improved public right-of-way from, parcels that have been designated for qualified urban uses in a zoning, community plan, or general plan for which an environmental impact report was certified.

(4) The project site has no value as habitat for endangered, rare, or threatened species.

(5) Approval of the project would not result in any significant effects relating to transportation, noise, air quality, greenhouse gas emissions, or water quality.

(6) The site can be adequately served by all required utilities and public services.

(7) The project is located on a site that is a legal parcel or parcels wholly within the boundaries of an urbanized area or urban cluster, as designated by the United States Census Bureau.

The exemption does not apply to the project if any of the following conditions exist: (1) the cumulative impact of successive projects of the same type in the same place over time is significant; (2) there is a reasonable possibility that the project will have a significant effect on the environment due to unusual circumstances; (3) the project may result in damage to scenic resources, including, but not limited to, trees, historic buildings, rock outcroppings, or similar resources, within a highway officially designated as a state scenic highway; (4) the project is

located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code; (5) the project may cause a substantial adverse change in the significance of a historical resource; or (6) the project may cause a substantial adverse impact to tribal cultural resources.

If the lead agency determines that a project is not subject to this division pursuant to this section and it determines to approve or carry out the project, the lead agency shall file a notice of exemption with the Office of Land Use and Climate Innovation and with the county clerk in the county in which the project will be located.

This section shall remain in effect only until January 1, 2032, and as of that date is repealed.

(Reference: Pub. Resources Code, § 21159.25.)

3.19 EXEMPTION FOR INFILL PROJECTS IN TRANSIT PRIORITY AREAS

A residential or mixed-use project, or a project with a floor area ratio of at least 0.75 on commercially-zoned property, including any required subdivision or zoning approvals, is exempt from CEQA if the project satisfies the following criteria:

- The project is located within a transit priority area as defined in Section 11.74 below;
- The project is consistent with an applicable specific plan for which an environmental impact report was certified; and
- The project is consistent with the general use designation, density, building intensity, and applicable policies specified for the project area in either a sustainable communities strategy or an alternative planning strategy for which the State Air Resources Board has accepted the determination that the sustainable communities strategy or the alternative planning strategy would achieve the applicable greenhouse gas emissions reduction targets.

Further environmental review shall be required for a project meeting the above criteria only if one of the events specified in Section 8.04 below occurs.

(Reference: State CEQA Guidelines, § 15182(b).)

3.20 EXEMPTION FOR RESIDENTIAL PROJECTS UNDERTAKEN PURSUANT TO A SPECIFIC PLAN

Where a public agency has prepared an EIR for a specific plan after January 1, 1980, a residential project undertaken pursuant to and in conformity with that specific plan is generally exempt from CEQA. Residential projects covered by this section include, but are not limited to, land subdivisions, zoning changes, and residential planned unit developments.

Further environmental review shall be required for a project meeting the above criteria only if, after the adoption of the specific plan, one of the events specified in Section 8.04 below occurs. In that circumstance, this exemption shall not apply until the city or county which adopted the specific plan completes a subsequent EIR or a supplement to an EIR on the specific plan. The

exemption provided by this section shall again be available to residential projects after the Lead Agency has filed a Notice of Determination on the specific plan as reconsidered by the subsequent EIR or supplement to the EIR.

(Reference: State CEQA Guidelines, § 15182(c).)

3.21 EXEMPTION FOR CERTAIN HOUSING DEVELOPMENT PROJECTS THAT ARE 20 ACRES OR LESS IN SIZE

CEQA does not apply to a housing development project, including any permits, approvals, or public improvements required for the housing development project, if the housing development project meets all of the following conditions:

1) Is not more than 20 acres or, for a builder's remedy project, be no more than four acres;

2) Is located in an incorporated city or urban area, and either previously developed or surrounded by urban uses;

3) Is generally consistent with applicable general plan and zoning ordinances, as well as any applicable specific plan and local coastal program;

4) Meets minimum residential density requirements of five units per acre in unincorporated nonmetropolitan counties, 10 units per acre in suburban jurisdictions, or 15 units per acre in metropolitan jurisdictions;

5) Does not require demolition of a historic structure and avoid hazardous sites and sensitive lands (e.g., prime farmland, wetlands, etc.);

6) Does not include any transient lodging (e.g., hotel, motel, or bed and breakfast inn);

7) Within either (i) 14 days of the preliminary project application being deemed complete or if no preliminary application was submitted, then the project application being deemed complete, or (ii) for projects whose applications were deemed complete before July 1, 2026, within 14 days of notifying the lead agency the project is eligible for this exemption, the lead agency shall provide formal notification via certified mail and email, unless otherwise specified or requested by a California Native American tribe, to each California Native American tribe that is traditionally and culturally affiliated with the project site as an invitation to consult on the proposed project, its location, and the project's potential effects on tribal cultural resources;

8) Include any mitigation for tribal cultural resources as a result of consultation with any California Native American tribe traditionally and culturally affiliated with the project site;

9) Include a condition of approval requiring an environmental assessment for hazardous substance releases, with mitigation requirements based upon results;

 ©Best Best & Krieger LLP

10) Comply with specific environmental hazard and air filtration standards if within 500 feet of a freeway; and

11) Comply with labor requirements, including payment of prevailing wage for 100 perfect affordable projects and use of a skilled and trained workforce for buildings exceeding 85 feet in height.

(Reference: Pub. Resources Code, § 21080.66.)

3.22 TRANSFER OF LAND FOR THE PRESERVATION OF NATURAL CONDITIONS

CEQA does not apply to the acquisition, sale, or other transfer of interest in land by the City for the purpose of fulfilling any of the following purposes: (1) preservation of natural conditions existing at the time of transfer, including plant and animal habitats, (2) restoration of natural conditions, including plant and animal habitats, (3) continuing agricultural use of the land; (4) prevention of encroachment of development into flood plains; (5) preservation of historical resources; or (6) preservation of open space or lands for park purposes. CEQA similarly does not apply to the granting or acceptance of funding by the City for the foregoing purposes.

The foregoing applies even if physical changes to the environment or changes in the use of the land are a reasonably foreseeable consequence of the acquisition, sale, or other transfer of the interests in land, or of the granting or acceptance of funding, provided that environmental review otherwise required by CEQA occurs before any project approval that would authorize physical changes being made to that land.

The City must file a Notice of Exemption with the State Clearinghouse and the County Clerk should it find a project exempt under this provision.

(Reference: Pub. Resources Code, § 21080.28.)

3.23 TRANSIT PRIORITIZATION PROJECTS.

CEQA exempts the following projects when (i) the project is carried out by a local agency that is the lead agency for the project; (ii) the project does not induce single-occupancy vehicle trips, add additional highway lanes, widen highways, or add physical infrastructure or striping to highways except for minor modifications needed for efficient and safe movement of transit vehicles, bicycles, or high-occupancy vehicles, such as extended merging lanes, shoulder improvements, or improvements to the roadway within the existing right of way; (iii) the project does not include the addition of any auxiliary lanes; and (iv) the construction of the project shall not require the demolition of affordable housing units:

(1) Pedestrian and bicycle facilities—including bicycle parking, bicycle sharing facilities, and bikeways as defined in Section 890.4 of the Streets and Highways Code—that improve safety, access, or mobility, including new facilities, within the public right-of-way;

(2) Projects that improve customer information and wayfinding for transit riders, bicyclists, or pedestrians within the public right-of-way;

(3) Transit prioritization projects, which are defined to mean any of the following transit project types on highways or in the public right-of-way:

(a) Signal and sign changes, such as signal coordination, signal timing modifications, signal modifications, or the installation of traffic signs or new signals;

(b) The installation of wayside technology and onboard technology;

(c) The installation of ramp meters;

(d) The conversion to dedicated transit lanes, including transit queue jump or bypass lanes, shared turning lanes and turn restrictions, the narrowing of lanes to allow for dedicated transit lanes or transit reliability improvements, or the widening of existing transit travel lanes by removing or restricting street parking; and

(e) Transit stop access and safety improvements, including, but not limited to, the installation of transit bulbs and the installation of transit boarding islands.

(4) A project for the designation and conversion of general purpose lanes to high-occupancy vehicle lanes or bus-only lanes, or highway shoulders to part-time transit lanes, for use either during peak congestion hours or all day on highways with existing public transit service or where a public transit agency will be implementing public transit service as identified in a short range transit plan.

(5) A project for the protection, improvement, institution, or increase of microtransit, paratransit, shuttle, bus, ferry, bus rapid transit, or light rail service, including the protection, maintenance, construction, operation, or rehabilitation of stops, stations, terminals, or existing operations facilities, which will be exclusively used by zero-emission, near-zero-emission, low oxide of nitrogen engine, compressed natural gas fuel, fuel cell, or hybrid powertrain vehicles, rail or cable cars, rolling stock, or vessels. The project shall be located entirely within an existing public right-of-way or existing highway right-of-way, whether or not the right-of-way is in use for rail or public mass transit and is wholly within the boundaries of an urbanized area or urban cluster. Until January 1, 2032, a project for the protection, improvement, institution, or increase of certain transit services, including the protection, maintenance, construction, operation, or rehabilitation of stops, stations, terminals, or existing operations facilities, if used primarily by near-zero-emission and other alternative fuels.

(6) A project for the institution or increase of bus rapid transit, bus, or light rail service, including the construction or rehabilitation of stations, terminals, or existing operations facilities, which will be exclusively used by zero-emission, near-zero emission, low oxide of nitrogen engine, compressed natural gas fuel, fuel cell, or hybrid powertrain buses or light rail vehicles, on existing public rights-of-way or existing highway rights-of-way, whether or not the right-of-way is in use for public

mass transit. The project shall be located on a site that is wholly within the boundaries of an urbanized area or urban cluster, as designated by the United State Census Bureau.

(7) Until January 1, 2040, a public project for the institution or increase of passenger rail service, other than light rail service eligible under paragraph (5), including the construction or rehabilitation of stations, terminals, or existing operations facilities, which will be exclusively used by zero-emission trains. The project shall be located entirely within an existing rail right-of-way or existing highway right-of-way, whether or not the right-of-way is in use for passenger rail transit.

(8) A project to construct or maintain infrastructure to charge or refuel zero-emission transit buses, provided the project is carried out by a public transit agency that is subject to, and in compliance with, the State Air Resources Board's Innovative Clean Transit regulations (Article 4.3 (commencing with Section 2023) of Chapter 1 of Division 3 of Title 13 of the California Code of Regulations) and the project is located on property owned by the transit agency or within an existing public right-of-way.

A lead agency applying an exemption pursuant to this paragraph for hydrogen refueling infrastructure or facilities necessary to refuel or maintain zero-emission public transit buses, trains, or ferries shall hold a noticed public hearing and give notice of the meeting consistent with Public Resources Code section 21080.25(b)(6)(B).

(9) The maintenance, repair, relocation, replacement, or removal of any utility infrastructure associated with a project identified in paragraphs (1) to (6), inclusive.

(10) A project that consists exclusively of a combination of any of the components of a project identified in paragraphs (1) to (7), inclusive.

(11) A planning decision carried out by a local agency to reduce or eliminate minimum parking requirements or institute parking maximums, remove or restrict parking, or implement transportation demand management requirements or programs.

Additional conditions apply to a project otherwise exempt under this section if the project exceeds fifty hundred million dollars ($50,000,000), as set forth in Public Resources Code section 21080.25(d)-(e).

Moreover, a project exempt under this section may be subject to certain labor requirements, including that the project be completed by a skilled and trained workforce, as set forth in Public Resources Code section 21080.25(f).

If the City determines that a project is not subject to CEQA pursuant to this section and approves that project, the City must file a Notice of Exemption with both the Office of Land Use and Climate Innovation and the County Clerk of the county in which the project is located.

This exemption specifically covering transportation-related projects, such as pedestrian and bicycle facilities, transit prioritization projects, public projects located in an urbanized area or urban cluster, and public projects for the construction or maintenance of infrastructure of facilities to charge, refuel or maintain zero-emission public transit, shall remain in effect only until January 1, 2040, and as of that date it will be repealed.

(Reference: Pub. Resources Code, § 21080.25.)

3.24 TRANSPORTATION PLANS, PEDESTRIAN PLANS, AND BICYCLE TRANSPORTATION PLANS.

CEQA does not apply to an active transportation plan, a pedestrian plan, or a bicycle transportation plan for restriping of streets and highways, bicycle parking and storage, signal timing to improve street and highway intersection operations, the related signage for bicycles, pedestrians, and vehicles, a transit comprehensive operational analysis, transit route readjustment, or other transit agency route addition, elimination, or modification. An active transportation plan or pedestrian plan is encouraged to include the consideration of environmental factors, but that consideration does not inhibit or preclude the application of this section.

An individual project that is part of an active transportation plan or pedestrian plan remains subject to CEQA unless another exemption applies to that project.

Before determining that a project is exempt pursuant to this section, the Lead Agency must hold noticed public hearings in areas affected by the project to hear and respond to public comments. Publication of the notice must comply with Government Code section 6061 and be in a newspaper of general circulation in the area affected by the proposed project.

If the City determines that a project is not subject to CEQA pursuant to this section and approves that project, the City must file a Notice of Exemption with both the Office of Land Use and Climate Innovation and the County Clerk of the county in which the project is located.

For purposes of this section, the following definitions apply:

(1) "Active transportation plan" means a plan developed by a local jurisdiction that promotes and encourages people to choose walking, bicycling, or rolling through the creation of safe, comfortable, connected, and accessible walking, bicycling, or rolling networks, and encourages alternatives to single-occupancy vehicle trips.

(2) "Pedestrian plan" means a plan developed by a local jurisdiction that establishes a comprehensive, coordinated approach to improving pedestrian infrastructure and safety.

(3) "Transit Comprehensive Operational Analysis" means a plan that redesigns or modifies a transit operator's or local agency's public transit service network, including the routing of fixed route and microtransit services.

(Reference: Pub. Resources Code, § 21080.20.)

3.25 FACILITIES SUPPORTING HIGH-SPEED RAIL

CEQA does not apply to a project that consists of the development, construction, or operation of a heavy maintenance facility for electrically powered high-speed rail if the following conditions are met:

(1) The project was previously evaluated in a project-level EIR that evaluated one or more similar high-speed rail maintenance facility sites

(2) The project incorporates all applicable mitigation measures identified in the prior EIR

(3) The Project site is located within one mile of a rail right-of-way approved for high-speed rail service

CEQA also does not apply to a project that consists of the development, construction, or modification of a proposed passenger rail station, or design changes to a passenger rail station, for the purpose of serving electrically powered high-speed rail, if both of the following conditions are met:

(1) The station or station design change is located within an area previously reviewed in a certified EIR

(2) The project incorporates all applicable mitigation measures identified in the previous EIR

(Reference: Pub. Resources Code, § 21080.70.)

3.26 CERTAIN PUBLIC PARK AND TRAIL PROJECTS

CEQA does not apply to any activity or approval necessary for or incidental to planning, design, site acquisition, construction, operation, or maintenance of public park or nonmotorized recreational trail facilities funded in whole or in part by the Safe Drinking Water, Wildfire Prevent, Drought Preparedness, and Clear Air Bond Act of 2024.

(Reference: Pub. Resources Code, § 21080.57.)

3.27 WATER SYSTEM WELLS AND DOMESTIC WELL PROJECTS

CEQA does not apply to the construction, maintenance, repair, or replacement of a well or a domestic well that meets all of the following conditions:

(1) The domestic well or water system to which the well is connected has been designated by the State Water Resources Control Board ("State Board") as high risk or medium risk in the State Board's drinking water needs assessment;

(2) The well project is designed to mitigate or prevent a failure of the well or the domestic well that would leave residents that rely on the well, the water system to

 ©Best Best & Krieger LLP

which the well is connected, or the domestic well without an adequate supply of safe drinking water;

(3) The lead agency determines all of the following:

(a) The well project is not designed primarily to serve irrigation or future growth.

(b) The well project does not affect wetlands or sensitive habitats.

(c) Unusual circumstances do not exist that would cause the well project to have a significant effect on the environment.

(d) The well project is not located on a site that is included on any list compiled pursuant to Section 65962.5 of the Government Code.

(e) The well project does not have the potential to cause a substantial adverse change in the significance of a historical resource.

(f) The well project's construction impacts are fully mitigated consistent with applicable law.

(g) The cumulative impact of successive reasonably anticipated projects of the same type as the well project, in the same place, over time, is not significant.

Before determining that a well project is exempt pursuant to this section, a lead agency must contact the State Board to determine whether claiming the exemption under this section will affect the ability of the well project to receive federal financial assistance or federally capitalized financial assistance.

A lead agency that determines that a well project is exempt under this section must file a notice of exemption with both the Office of Land Use and Climate Innovation and the County Clerk. The notice of exemption must explain whether the project is additionally exempt from CEQA under Public Resources Code section 21080 (e.g., whether it is a ministerial project, an emergency repair necessary to maintain service, or an action necessary to prevent or mitigate an emergency), Public Resources Code section 21080.47 (see Section 3.28 of these Local Guidelines, below), or under the Class 1 (Existing Facilities) or Class 2 (Replacement or Reconstruction) categorical exemptions (see Section 3.40 of these Local Guidelines, below). If none of the exemptions referenced in this paragraph apply to a project that is otherwise exempt under this section, the notice of exemption must explain why the exemptions referenced in this paragraph do not apply to the project.

For purposes of this section, the following definitions apply:

A "well" is defined as a wellhead that provides drinking water to a "water system."

A "domestic well" is defined as a groundwater well used to supply water for the domestic needs of an individual residence or a water system that is not a public water system and that has no more than four service connections.

A "water system" is defined to mean a "public water system" as that term is defined in Health and Safety Code section 116275(h) (i.e., a system for the provision of water for human consumption through pipes or other constructed conveyances that has 15 or more service connections or regularly serves at least 25 individuals daily at least 60 days out of the year), a "state small water system" as that term is defined in Health and Safety Code section 116275(n) (i.e., a system for the provision of piped water to the public for human consumption that serves at least five, but not more than 14, service connections and does not regularly serve drinking water to more than an average of 25 individuals daily for more than 60 days out of the year), or a tribal water system.

(Pub. Resources Code, § 21080.31 [in effect until January 1, 2028].)

3.28 ROUTINE MAINTENANCE OF STORMWATER FACILITIES

CEQA does not apply to routine maintenance of public stormwater facilities that are fully concrete or have a conveyance capacity of less than a 100-year storm event if all of the following conditions are met:

(1) The project does not increase the designed conveyance capacity of the stormwater facility.

(2) The project is undertaken or approved by a public agency that has adopted, by ordinance, procedures that apply to the project to minimize the impacts of construction equipment, debris, sediment, and other pollutants.

(3) The project is not likely to result in adverse impacts to tribal cultural resources.

Under this bill, if a nonelected decision making body of a city with a population of at least 1,000,000 determines that such a routine maintenance project is exempt from CEQA, that determination may not be appealed to the agency's elected decision making body.

This section will remain in effect until January 1, 2030, and as of that date, is repealed.

(Reference: Pub. Resources Code, § 21080.61.)

3.29 SMALL DISADVANTAGED COMMUNITY WATER SYSTEM AND STATE SMALL WATER SYSTEM.

CEQA does not apply to certain water infrastructure projects that primarily benefit a "small disadvantaged community water system" or a "state small water system," as these terms are defined in Public Resources Code section 21080.47. If certain labor requirements and other conditions are met as set forth in Public Resources Code section 21080.47, the installation, repair, or construction of the following for the benefit of a small disadvantaged community water system or state small water system is exempt from CEQA:

(1) Drinking water groundwater wells with a maximum flow rate of up to 250 gallons per minute;

(2) Drinking water treatment facilities with a footprint of less than 2,500 square feet that are not located in an environmentally sensitive area;

(3) Drinking water storage tanks with a capacity of up to 250,000 gallons;

(4) Booster pumps and hydropneumatic tanks;

(5) Pipelines of less than one mile in length in a road right-of-way or up to seven miles in length in a road right-of-way when the project is required to address threatened or current drinking water violations;

(6) Water services lines; and

(7) Minor drinking water system appurtenances, including, but not limited to, system and service meters, fire hydrants, water quality sampling stations, valves, air releases and vacuum break valves, emergency generators, backflow prevention devices, and appurtenance enclosures.

(Reference: Pub. Resources Code, § 21080.47.)

3.30 STATE FUNDED COMMUNITY WATER SYSTEMS

CEQA does not apply to a project, defined in Public Resources Code section 21080.47, that is a community water system that is funded pursuant to the Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024 or the State Water Resources Control Board's Safe and Affordable Funding for Equity and Resilience program that does not otherwise include any construction activities if the project does both of the following:

(1) Results in long-term net benefits to climate resiliency, biodiversity, and sensitive species recovery.

(2) Includes procedures and ongoing management for the protection of the environment.

(Reference: Pub. Resources Code, § 21080.48.)

3.31 WILDFIRE RISK REDUCTION PROJECTS

CEQA does not apply to the following wildfire risk reduction projects:

(1) Projects consisting of a prescribed fire or fuel reduction to reduce wildfire risk by reestablishing the fire return interval appropriate to the ecosystem for biodiversity or other benefits, excluding projects located on coastal sage scrub habitat or any other sensitive habitat. In order to qualify, all of the following requirements must be met:

 ©Best Best & Krieger LLP

a. The project shall not exceed 50 contiguous acres and shall be located within one-half mile of a subdivision of 30 or more dwelling units.

b. The lead agency shall consult with the Department of Fish and Wildlife to avoid or minimize, to the extent feasible, impacts to candidate, rare, threatened, endangered plants and wildlife along with wildlife nursery sites

c. The lead agency shall, to the extent feasible, design the project to avoid impacts to riparian areas and water quality through use of sediment and erosion control measures

d. The lead agency shall identify and, to the extent feasible, protect tribal cultural resources that may be impacted by the project.

(2) Projects consisting of "defensible space" fire clearance of up to 100 feet, as measured from the center line of the roadway, for a public roadway identified as an egress and evacuation route for a subdivision or community of 30 or more dwelling units, to remove flammable vegetation or trees of less than 12 inches in diameter as measured at chest height.

(3) Projects consisting of the establishment or enhancement of residential home hardening or defensible space for wildfire risk reduction within 200 feet of a legal structure located in a high or very high wildfire hazard zone.

(4) Projects consisting of a fuel break that extends up to 200 feet from structures, including the clearance of flammable vegetation and trees less than 12 inches in diameter as measured at chest height.

(Reference: Pub. Resources Code, § 21080.49.)

3.32 WILDFIRE DEFENSIBLE SPACE REQUIREMENTS

CEQA does not apply to ordinances, designed by a local agency responsible for fire protection, designating defensible space requirements based on regulations promulgated by the State Board of Forestry and Fire Protection.

In developing the ordinance, a local agency may, in order to meet the intent of the State Board of Forestry and Fire Protection regulations, consider local variations in local fire hazards, geography, development, and other conditions and authorize alternative practices to those in the State Board of Forestry and Fire Protection regulations, if the alternative practices provide for substantially similar practical effects as those stated in the State Board of Forestry and Fire Protection regulations. This subdivision does not preclude a local agency from adopting an ordinance designating defensible space requirements that are more stringent than the regulations adopted by the State Board of Forestry and Fire Protection.

(Reference: Government Code, §§ 51182(f)(1), 51182.4.)

3.33 CONSERVATION AND RESTORATION OF CALIFORNIA NATIVE FISH AND WILDLIFE.

(a) CEQA does not apply to a project that is exclusively one of the following (though a project may exclusively be one of the following even if it has incidental public benefits, such as public access or recreation) and meets the criteria set forth in subdivision (b) of this section:

(1) A project to conserve, restore, protect, or enhance, and assist in the recovery of California native fish and wildlife, and the habitat upon which they depend.

(2) A project to restore or provide habitat for California native fish and wildlife.

(b) This section does not apply to a project unless the project does both of the following:

(1) Results in long-term net benefits to climate resiliency, biodiversity, and sensitive species recovery; and

(2) Includes procedures and ongoing management for the protection of the environment.

(c) This section does not apply to a project that includes construction activities, except for construction activities solely related to habitat restoration.

(d) The lead agency shall obtain the concurrence of the Director of Fish and Wildlife for the determinations required pursuant to subdivisions (a) through (c) above.

(e) Within 48 hours of making a determination that a project is exempt pursuant to this section, the lead agency shall file a Notice of Exemption with the Office of Land Use and Climate Innovation, and the Department of Fish and Wildlife must post the concurrence of the Director of Fish and Wildlife on the department's website.

This exemption is in effect until January 1, 2030. (Pub. Resources Code, § 21080.56.)

3.34 LINEAR BROADBAND DEPLOYMENT IN A RIGHT-OF-WAY.

(a) CEQA does not apply to a project that consists of linear broadband deployment in a right-of-way if the project meets all of the following conditions:

(1) The project is located in an area identified by the Public Utilities Commission as a component of the statewide open-access middle-mile broadband network pursuant to Section 11549.54 of the Government Code.

(2) The project is constructed along, or within 30 feet of, the right-of-way of any public road or highway.

 ©Best Best & Krieger LLP

(3) The project is either deployed underground where the surface area is restored to a condition existing before the project or placed aerially along an existing utility pole right-of-way.

(4) The project incorporates, as a condition of project approval, measures developed by the Public Utilities Commission or the Department of Transportation to address potential environmental impacts. At a minimum, the project shall be required to include monitors during construction activities and measures to avoid or address impacts to cultural and biological resources.

(5) The project applicant agrees to comply with all conditions otherwise authorized by law, imposed by the planning department of a city or county as part of a local agency permit process, that are required to mitigate potential impacts of the proposed project, and to comply with the Keene-Nejedly California Wetlands Preservation Act (Chapter 7 (commencing with Section 5810) of Division 5), the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code), as applicable, other applicable state laws, and all applicable federal laws.

(b) If a project meets all of the requirements of subdivision (a), the project applicant shall do all of the following:

(1) Notify, in writing, any affected public agency, including, but not limited to, any public agency having permit, land use, environmental, public health protection, or emergency response authority, of the exemption of the project pursuant to this section.

(2) File a Notice of Exemption.

(3) In the case of private rights-of-way over private property, receive from the underlying property owner permission for access to the property.

(4) Comply with all conditions authorized by law imposed by the planning department of a city or county as part of any local agency permit process, that are required to mitigate potential impacts of the proposed project, and otherwise comply with the Keene-Nejedly California Wetlands Preservation Act (Chapter 7 (commencing with Section 5810) of Division 5), the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code), as applicable, other applicable state laws, and all applicable federal laws.

(Pub. Resources Code, § 21080.51.)

3.35 DAYCARE CENTERS, RURAL HEALTH CLINICS, FOOD BANKS, AND ADVANCED MANUFACTURING FACILITIES

CEQA does not apply to the following projects:

(1) Projects that consist exclusively of a day care center, as defined in Section 1596.76 of the Health and Safety Code, that is not located in a residential area.

(2) Projects that consist exclusively of a rural health clinic or federally qualified health center.

(3) Projects that consist exclusively of a facility for advanced manufacturing if the project is located on a site that is zoned exclusively for industrial uses.

(4) Projects that consist exclusively of a nonprofit food bank or food pantry that solicits, stores, and distributes sufficient food to their defined service area, if the project is located on a site that is zoned exclusively for industrial uses.

(Reference: Pub. Resources Code § 21080.69.)

3.36 NEEDLE AND SYRINGE EXCHANGE SERVICES.

The Legislature has authorized cities and counties meeting certain requirements to apply to the State Department of Public Health for authorization to provide hypodermic needle and syringe exchange services consistent with state standards in any location where the State Department of Public Health determines that the conditions exist for the rapid spread of human immunodeficiency virus (HIV), viral hepatitis, or any other potentially deadly or disabling infections that are spread through the sharing of used hypodermic needles and syringes. (Health and Safety Code, § 121349.) Needle and syringe exchange services application submissions, authorizations, and operations performed pursuant to Health and Safety Code section 121349 are exempt from review under CEQA. (Health and Safety Code, § 121349(h).)

3.37 REPRODUCTIVE SERVICES COMMUNITY CLINIC

CEQA does not apply to the approval of an application of a community clinic providing reproductive health services if the application meets objective planning standards and is subject to the ministerial review process set forth in Government Code section 65914.900. The following objective planning standards must be satisfied for the development project to qualify for the ministerial approval:

(1) the development must be on a parcel that is within a zone where office, retail, health care, or parking are a principally permitted use;

(2) the development must be for a community clinic licensed pursuant to Section 1204 of the Health and Safety Code that provides reproductive health services as defined in subdivision (f) of Section 423.1 of the Penal Code;

(3) the development must comply with minimum construction standards of adequacy and safety for the physical plant of primary care clinics found in the Building Standards Code;

(4) the development must meet all of the local agency's objective design review standards;

(5) the development must not require the demolition of a historic structure;

(6) the development must not be located on a site described in paragraph (6) of subdivision (a) of Section 65913.4 of the Government Code;

(7) the project must not bet likely to result in adverse impacts to tribal cultural resources; and

(8) the development must not require the demolition of housing.

A local agency, within 60 calendar days of receiving an application pursuant to these provisions, must approve or deny the application subject to specified requirements, including that, among other things, if the local agency determines that the development is in conflict with any of the above-described standards, the local agency is required to provide the development proponent written documentation of which standard or standards the development conflicts with, as specified.

For more information about these requirements, consult Government Code, section 65914.900

3.38 EXEMPTION FOR ORDINANCES RELATING TO ACCESSORY DWELLING UNITS AND JUNIOR ACCESSORY DWELLING UNITS

CEQA exempts from its requirements (1) the adoption of an ordinance by a local agency providing for the creation of accessory dwelling units (ADUs) in areas zoned to allow single-family or multifamily dwelling pursuant to Government Code section 66314; and (2) the adoption of an ordinance providing for the creation of junior ADUs in single-family residential zones pursuant to Government Code section 66333.

(Reference: Pub. Res. Code, § 21080.17)

3.39 OTHER SPECIFIC EXEMPTIONS.

CEQA and the State CEQA Guidelines exempt many other specific activities, including early activities related to thermal power plants, ongoing projects, transportation improvement programs, family day care homes, congestion management programs, railroad grade separation projects, restriping of streets or highways to relieve traffic congestion, hazardous or volatile liquid pipelines, and the installation of solar energy systems, including, but not limited to solar panels. Specific statutory exemptions are listed in the Public Resources Code, including Sections 21080 through 21080.35, and in the State CEQA Guidelines, including Sections 15260 through 15285.

 ©Best Best & Krieger LLP

In addition, other titles of the California Codes provide statutory exemptions from CEQA, including, for example, Government Code section 12012.70.

3.40 CATEGORICAL EXEMPTIONS.

The State CEQA Guidelines establish certain classes of categorical exemptions. These apply to classes of projects which have been determined not to have a significant effect on the environment and which, therefore, are generally exempt from CEQA. For any project that falls within one of these classes of categorical exemptions, the preparation of environmental documents under CEQA is not required. The classes of projects are briefly summarized below. (Reference to the State CEQA Guidelines for the full description of each exemption is recommended.)

The exemptions for Classes 3, 4, 5, 6, and 11 below are qualified in that such projects must be considered in light of the location of the project. A project that is ordinarily insignificant in its impact on the environment may, in a particularly sensitive environment, be significant. Therefore, these classes are considered to apply in all instances except when the project may impact an environmental resource of hazardous or critical concern that has been designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies.

All classes of categorical exemptions are qualified. None of the categorical exemptions are applicable if any of the following circumstances exist:

(1) The cumulative impact of successive projects of the same type in the same place over time is significant;

(2) There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances;

(3) The project may result in damage to a scenic resource or may result in a substantial adverse change to a historical resource; or

(4) The project is located on a site which is included on any hazardous waste site or list compiled pursuant to Government Code section 65962.5.

However, a project's greenhouse gas emissions do not, in and of themselves, cause an exemption to be inapplicable if the project otherwise complies with all applicable regulations or requirements adopted to implement statewide, regional, or local plans consistent with State CEQA Guidelines section 15183.5.

With the foregoing limitations in mind, the following classes of activity are generally exempt from CEQA:

Class 1: Existing Facilities. Activities involving the operation, repair, maintenance, permitting, leasing, licensing, minor alteration of—or legislative activities to regulate—existing public or private structures, facilities, mechanical equipment or other property, or topographical features, provided the activity involves negligible or no expansion of existing or former use. The types of "existing facilities" itemized in State CEQA Guidelines section 15301 are not intended to be all-inclusive of the types of projects which might fall within the Class 1

categorical exemption. The key consideration is whether the project involves negligible or no expansion of use. (State CEQA Guidelines, § 15301.)

Class 2: Replacement or Reconstruction. Replacement or reconstruction of existing facilities, structures, or other property where the new facility or structure will be located on the same site as the replaced or reconstructed facility or structure and will have substantially the same purpose and capacity as the replaced or reconstructed facility or structure. (State CEQA Guidelines, § 15302.)

Class 3: New Construction or Conversion of Small Structures. Construction of limited numbers of small new facilities or structures; installation of small new equipment or facilities in small structures; and the conversion of existing small structures from one use to another, when only minor modifications are made in the exterior of the structure. This exemption includes structures built for both residential and commercial uses. (State CEQA Guidelines, § 15303 outlines, among other things, the maximum number of structures allowable under this exemption].)

Class 4: Minor Alterations to Land. Minor alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees, except for forestry or agricultural purposes. (State CEQA Guidelines, § 15304.)

Class 5: Minor Alterations in Land Use Limitations. Minor alterations in land use limitations in areas with an average slope of less than 20% which do not result in any changes in land use or density. (State CEQA Guidelines, § 15305.)

Class 6: Information Collection. Basic data collection, research, experimental management, and resource evaluation activities which do not result in a serious or major disturbance to an environmental resource. (State CEQA Guidelines, § 15306.)

Class 7: Actions by Regulatory Agencies for Protection of Natural Resources. Actions taken by regulatory agencies as authorized by state law or local ordinance to assure the maintenance, restoration, or enhancement of a natural resource where the regulatory process involves procedures for protection of the environment. (State CEQA Guidelines, § 15307.)

Class 8: Actions By Regulatory Agencies for Protection of the Environment. Actions taken by regulatory agencies, as authorized by state or local ordinance, to assure the maintenance, restoration, enhancement or protection of the environment where the regulatory process involves procedures for protection of the environment. (State CEQA Guidelines, § 15308.)

Class 9: Inspection. Inspection activities, including, but not limited to, inquiries into the performance of an operation and examinations of the quality, health or safety of a project. (State CEQA Guidelines, §15309.)

Class 10: Loans. Loans made by the Department of Veterans Affairs under the Veterans Farm and Home Purchase Act of 1943, mortgages for the purchase of existing structures where the loan will not be used for new construction and the purchase of such mortgages by financial institutions. (State CEQA Guidelines, § 15310.)

Class 11: Accessory Structures. Construction or replacement of minor structures accessory or appurtenant to existing commercial, industrial, or institutional facilities, including, but not limited to, on-premise signs; small parking lots; and placement of seasonal or temporary use items, such as lifeguard towers, mobile food units, portable restrooms or similar items in generally the same locations from time to time in publicly owned parks, stadiums or other facilities designed for public use. (State CEQA Guidelines, §15311.)

Class 12: Surplus Government Property Sales. Sales of surplus government property, except for certain parcels of land located in an area of statewide, regional or area-wide concern identified in State CEQA Guidelines section 15206(b)(4). However, even if the surplus property to be sold is located in any of those areas, its sale is exempt if:

(a) The property does not have significant values for wildlife or other environmental purposes; and
(b) Any one of the following three conditions is met:
    1. The property is of such size, shape, or inaccessibility that it is incapable of independent development or use;
    2. The property to be sold would qualify for an exemption under any other class of categorical exemption in the State CEQA Guidelines; or
    3. The use of the property and adjacent property has not changed since the time of purchase by the public agency.

(State CEQA Guidelines, § 15312.)

Class 13: Acquisition of Lands for Wildlife Conservation Purposes. Acquisition of lands for fish and wildlife conservation purposes, including preservation of fish and wildlife habitat, establishment of ecological preserves under Fish and Game Code section 1580, and preservation of access to public lands and waters where the purpose of the acquisition is to preserve the land in its natural condition. (State CEQA Guidelines, § 15313.)

Class 14: Minor Additions to Schools. Minor additions to existing schools within existing school grounds where the addition does not increase original student capacity by more than 25% or ten (10) classrooms, whichever is less. The addition of portable classrooms is included in this exemption. (State CEQA Guidelines, § 15314.)

Class 15: Minor Land Divisions. Division(s) of property in urbanized areas zoned for residential, commercial or industrial use into four or fewer parcels when the division is in conformance with the General Plan and zoning, no variances or exceptions are required, all services and access to the proposed parcels to local standards are available, the parcel was not involved in a division of a larger parcel within the previous two (2) years, and the parcel does not have an average slope greater than 20%. (State CEQA Guidelines, §15315.)

Class 16: Transfer of Ownership of Land in Order to Create Parks. Acquisition, sale, or other transfer of land in order to establish a park where the land is in a natural condition or contains historical or archaeological resources and either:

 ©Best Best & Krieger LLP

(a) The management plan for the park has not been prepared, or
(b) The management plan proposes to keep the area in a natural condition or preserve the historic or archaeological resources.

CEQA will apply when a management plan is proposed that will change the area from its natural condition or cause substantial adverse change in the significance of the historic or archaeological resource. (State CEQA Guidelines, § 15316.)

Class 17: Open Space Contracts or Easements. Establishment of agricultural preserves, making and renewing of open space contracts under the Williamson Act, or acceptance of easements or fee interests in order to maintain the open space character of the area. (The cancellation of such preserves, contracts, interests or easements is not included in this exemption.) (State CEQA Guidelines, § 15317.)

Class 18: Designation of Wilderness Areas. Designation of wilderness areas under the California Wilderness System. (State CEQA Guidelines, § 15318.)

Class 19: Annexations of Existing Facilities and Lots for Exempt Facilities.
This exemption applies only to the following annexations:

(a) Annexations to a city or special district of areas containing existing public or private structures developed to the density allowed by the current zoning or prezoning of either the gaining or losing governmental agency, whichever is more restrictive; provided, however, that the extension of utility services to the existing facilities would have a capacity to serve only the existing facilities; and
(b) Annexations of individual small parcels of the minimum size for facilities exempted by Class 3, New Construction or Conversion of Small Structures.

(State CEQA Guidelines, § 15319.)

Class 20: Changes in Organization of Local Agencies. Changes in the organization of local governmental agencies where the changes do not change the geographical area in which previously existing powers are exercised. Examples include but are not limited to:

(a) Establishment of a subsidiary district;
(b) Consolidation of two or more districts having identical powers; and
(c) Merger with a city of a district lying entirely within the boundaries of the city.

(State CEQA Guidelines, § 15320.)

Class 21: Enforcement Actions by Regulatory Agencies. Actions by regulatory agencies to enforce or revoke a lease, permit, license, certificate or other entitlement for use issued, adopted or prescribed by the regulatory agency or enforcement of a law, general rule, standard or objective administered or adopted by the regulatory agency; or law enforcement activities by peace officers acting under any law that provides a criminal sanction. The direct referral of a violation of lease, permit, license, certificate, or entitlement to the City Attorney for judicial enforcement is exempt under this Class. (Construction activities undertaken by the public agency taking the enforcement or revocation action are not included in this exemption.) (State CEQA Guidelines, § 15321.)

Class 22: Educational or Training Programs Involving No Physical Changes. The adoption, alteration or termination of educational or training programs which involve no physical alteration in the area affected or which involve physical changes only in the interior of existing school or training structures. Examples include but are not limited to:

(a) Development of or changes in curriculum or training methods; or
(b) Changes in the trade structure in a school which do not result in changes in student transportation. (State CEQA Guidelines, § 15322.)

Class 23: Normal Operations of Facilities for Public Gatherings. Continued or repeated normal operations of existing facilities for public gatherings for which the facilities were designed, where there is past history, of at least three years, of the facility being used for the same or similar purposes. Facilities included within this exemption include, but are not limited to, race tracks, stadiums, convention centers, auditoriums, amphitheaters, planetariums, swimming pools and amusement parks. (State CEQA Guidelines, § 15323.)

Class 24: Regulation of Working Conditions. Actions taken by the City to regulate employee wages, hours of work or working conditions where there will be no demonstrable physical changes outside the place of work. (State CEQA Guidelines, § 15324.)

Class 25: Transfers of Ownership of Interest in Land to Preserve Existing Natural Conditions and Historical Resources. Transfers of ownership of interest in land in order to preserve open space, habitat, or historical resources. Examples include, but are not limited to, acquisition, sale, or other transfer of areas to: preserve existing natural conditions, including plant or animal habitats; allow continued agricultural use of the areas; allow restoration of natural conditions; preserve open space or lands for natural park purposes; or prevent encroachment of development into floodplains. This exemption does not apply to the development of parks or park uses. (State CEQA Guidelines, § 15325.)

Class 26: Acquisition of Housing for Housing Assistance Programs. Actions by a redevelopment agency, housing authority or other public agency to implement an adopted Housing Assistance Plan by acquiring an interest in housing units, provided the housing units are either in existence or possessing all required permits for construction when the agency makes its final decision to acquire the units. (State CEQA Guidelines, § 15326.)

Class 27: Leasing New Facilities. Leasing of a newly constructed or previously unoccupied privately owned facility by a local or state agency when the City determines that the proposed use of the facility:

(a) Conforms with existing state plans and policies and with general, community, and specific plans for which an EIR or Negative Declaration has been prepared;
(b) Is substantially the same as that originally proposed at the time the building permit was issued;
(c) Does not result in a traffic increase of greater than 10% of front access road capacity; and
(d) Includes the provision of adequate employee and visitor parking facilities.

(State CEQA Guidelines, § 15327.)

Class 28: Small Hydroelectric Projects as Existing Facilities. Installation of certain small hydroelectric-generating facilities in connection with existing dams, canals and pipelines, subject to the conditions in State CEQA Guidelines section 15328. (State CEQA Guidelines, § 15328.)

Class 29: Cogeneration Projects at Existing Facilities. Installation of cogeneration equipment with a capacity of 50 megawatts or less at existing facilities meeting certain conditions listed in State CEQA Guidelines section 15329. (State CEQA Guidelines, § 15329.)

Class 30: Minor Actions to Prevent, Minimize, Stabilize, Mitigate or Eliminate the Release or Threat of Release of Hazardous Waste or Hazardous Substances. Any minor cleanup actions taken to prevent, minimize, stabilize, mitigate, or eliminate the release or threat of release of a hazardous waste or substance which are small or medium removal actions costing $1 million or less.

(a) No cleanup action shall be subject to this Class 30 exemption if the action requires the onsite use of a hazardous waste incinerator or thermal treatment unit or the relocation of residences or businesses, or the action involves the potential release into the air of volatile organic compounds as defined in Health and Safety Code section 25123.6, except for small scale in situ soil vapor extraction and treatment systems which have been permitted by the local Air Pollution Control District or Air Quality Management District. All actions must be consistent with applicable state and local environmental permitting requirements including, but not limited to, off-site disposal, air quality rules such as those governing volatile organic compounds and water quality standards, and approved by the regulatory body with jurisdiction over the site;

(b) Examples of such minor cleanup actions include but are not limited to:

1. Removal of sealed, non-leaking drums of hazardous waste or substances that have been stabilized, containerized and are designated for a lawfully permitted destination;
2. Maintenance or stabilization of berms, dikes, or surface impoundments;
3. Construction or maintenance or interim of temporary surface caps;
4. Onsite treatment of contaminated soils or sludge provided treatment system meets Title 22 requirements and local air district requirements;
5. Excavation and/or offsite disposal of contaminated soils or sludge in regulated units;
6. Application of dust suppressants or dust binders to surface soils;
7. Controls for surface water run-on and run-off that meets seismic safety standards;
8. Pumping of leaking ponds into an enclosed container;
9. Construction of interim or emergency ground water treatment systems; or
10. Posting of warning signs and fencing for a hazardous waste or substance site that meets legal requirements for protection of wildlife.

(State CEQA Guidelines, § 15330.)

Class 31: Historical Resource Restoration/Rehabilitation. Maintenance, repairs, stabilization, rehabilitation, restoration, preservation, conservation, or reconstruction of historical

resources in a manner consistent with the Secretary of the Interior's Standards for the Treatment of Historic Properties with Guidelines for Preserving, Rehabilitating, Restoring, and Reconstructing Historic Buildings (1995), Weeks and Grimmer. (State CEQA Guidelines, § 15331.)

Class 32: Infill Development Projects. Infill development meeting the following conditions:

(a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations;
(b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses;
(c) The project site has no value as habitat for endangered, rare or threatened species;
(d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and
(e) The site can be adequately served by all required utilities and public services.

(State CEQA Guidelines, § 15332.)

Class 33: Small Habitat Restoration Projects.

This exemption applies to projects to assure the maintenance, restoration, enhancement, or protection of habitat for fish, plants, or wildlife, provided that such projects meet the following criteria:

(a) The project does not exceed five acres in size;

(b) There would be no significant adverse impact on endangered, rare or threatened species or their habitat pursuant to Section 15065 of the State CEQA Guidelines;

(c) There are no hazardous materials at or around the project site that may be disturbed or removed; and

(d) The project will not result in impacts that are significant when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.

Examples of small habitat restoration projects include, but are not limited to: revegetation of disturbed areas with native plant species; wetland restoration, the primary purpose of which is to improve conditions for waterfowl or other species that rely on wetland habitat; stream or river bank revegetation, the primary purpose of which is to improve habitat for amphibians or native fish; projects to restore or enhance habitat that are carried out principally with hand labor and not mechanized equipment; stream or river bank stabilization with native vegetation or other bioengineering techniques, the primary purpose of which is to reduce or eliminate erosion and sedimentation; and culvert replacement conducted in accordance with published guidelines of DFW or NOAA Fisheries, the primary purpose of which is to improve habitat or reduce sedimentation. (State CEQA Guidelines, § 15333.)

4. TIME LIMITATIONS

4.01 REVIEW OF PRIVATE PROJECT APPLICATIONS.

Staff shall determine whether the application for a private project is complete within thirty (30) days of receipt of the application. No application may be deemed incomplete based on an applicant's refusal to waive the time limitations set forth in Local Guidelines Sections 4.03 and 4.04.

Accepting an application as complete does not limit the authority of the City, acting as Lead Agency or Responsible Agency, to require the applicant to submit additional information needed for environmental evaluation of the project. Requiring such additional information after the application is complete does not change the status of the application.

(Reference: State CEQA Guidelines, § 15101.)

4.02 DETERMINATION OF TYPE OF ENVIRONMENTAL DOCUMENT.

Except as provided in Local Guidelines Sections 4.05 and 4.06, Staff's initial determination as to whether a Negative Declaration, Mitigated Negative Declaration or an EIR should be prepared shall be made within thirty (30) days from the date on which an application for a project is accepted as complete by the City. This period may be extended fifteen (15) days with consent of the applicant and the City.

(Reference: State CEQA Guidelines, § 15102.)

4.03 COMPLETION AND ADOPTION OF NEGATIVE DECLARATION.

For private projects involving the issuance of a lease, permit, license, certificate, or other entitlement for use by one or more public agencies, the Negative Declaration/Mitigated Negative Declaration shall be completed and approved within one hundred eighty (180) days from the date when the City accepted the application as complete. In the event that compelling circumstances justify additional time and the project applicant and Lead Agency consent thereto, Staff may provide that the 180-day time limit may be extended once for a period of not more than 90 days.

(Reference: State CEQA Guidelines, § 15107.)

4.04 COMPLETION AND CERTIFICATION OF FINAL EIR.

For private projects, the Final EIR shall be completed and certified by the City within one (1) year after the date the City accepted the application as complete. In the event that compelling circumstances justify additional time and the project applicant consents thereto, the City may provide a one-time extension up to ninety (90) days for completing and certifying the EIR.

(Reference: State CEQA Guidelines, § 15108.)

 ©Best Best & Krieger LLP

4.05 PROJECTS SUBJECT TO THE PERMIT STREAMLINING ACT.

The Permit Streamlining Act requires agencies to make decisions on certain development project approvals within specified time limits. If a project is subject to the Permit Streamlining Act, the City cannot require the project applicant to submit the informational equivalent of an EIR or prove compliance with CEQA as a prerequisite to determining whether the project application is complete. In addition, if requested by the project applicant, the City must begin processing the project application prior to final CEQA action, provided the information necessary to begin the process is available.

(Reference: Gov. Code §§ 65941, 65944.)

Under the Permit Streamlining Act, the Lead Agency must approve or disapprove the development project application within one hundred eighty (180) days from the date on which it certifies the EIR, or within ninety (90) days of certification if an extension for completing and certifying the EIR was granted. If the Lead Agency adopts a Negative Declaration/Mitigated Negative Declaration or determines the development project is exempt from CEQA, it shall approve or disapprove the project application within sixty (60) days from the date on which it adopts the Negative Declaration/Mitigated Negative Declaration or determines that the project is exempt from CEQA.

(Reference: Gov. Code §§ 65950, 65950.1; see also State CEQA Guidelines, § 15107.)

Except for waivers of the time periods for preparing a joint Environmental Impact Report/Environmental Impact Statement (as outlined in Government Code sections 65951 and 65957), the City cannot require a waiver of the time limits specified in the Permit Streamlining Act as a condition of accepting or processing a development project application. In addition, the City cannot disapprove a development project application in order to comply with the time limits specified in the Permit Streamlining Act.

(Reference: Gov. Code §§ 65940.5, 65952.2.)

4.06 PROJECTS, OTHER THAN THOSE SUBJECT TO THE PERMIT STREAMLINING ACT, WITH SHORT TIME PERIODS FOR APPROVAL.

A few statutes require agencies to make decisions on project applications within time limits that are so short that review of the project under CEQA would be difficult. To enable the City as Lead Agency to comply with both the enabling statute and CEQA, the City shall deem a project application as not received for filing under the enabling statute until such time as the environmental documentation required by CEQA is complete. This section applies where all of the following conditions are met:

(a) The enabling statute for a program, other than development projects under Chapter 4.5 (commencing with Section 65920) of Division 1 of Title 7 of the Government Code, requires the City to take action on an application within a specified period of time of six (6) months or less;
(b) The enabling statute provides that the project is approved by operation of law if the City fails to take any action within the specified time period; and

(c) The project application involves the City's issuance of a lease, permit, license, certificate or other entitlement for use.

In any case, the environmental document shall be completed or certified and the decision on the application shall be made within the period established by the Permit Streamlining Act (Government Code sections 65920, et seq.).

(Reference: State CEQA Guidelines, § 15111.)

4.07 WAIVER OR SUSPENSION OF TIME PERIODS.

These deadlines may be waived by the applicant if the project is subject to both CEQA and the National Environmental Policy Act ("NEPA").

An unreasonable delay by an applicant in meeting the City's requests necessary for the preparation of a Negative Declaration, Mitigated Negative Declaration, or an EIR shall suspend the running of the time periods described in Local Guidelines sections 4.03 and 4.04 for the period of the unreasonable delay. Alternatively, the City may disapprove a project application where there is unreasonable delay in meeting requests. The City may also allow a renewed application to start at the same point in the process where the prior application was when it was disapproved.

(Reference: State CEQA Guidelines, §§ 15109, 15110, and 15224; see Section 5.04 of these Local Guidelines for information about projects that are subject to both CEQA and NEPA.)

 ©Best Best & Krieger LLP

5. INITIAL STUDY

5.01 PREPARATION OF INITIAL STUDY.

If the City determines that it is the Lead Agency for a project which is not exempt, the City will normally prepare an Initial Study to ascertain whether the project may have a substantial adverse effect on the environment, regardless of whether the overall effect of the project is adverse or beneficial. All phases of project planning, implementation and operation must be considered in the Initial Study. An Initial Study may rely on expert opinion supported by facts, technical studies or other substantial evidence. However, an Initial Study is neither intended nor required to include the level of detail included in an EIR.

The City, as Lead Agency, may use any of the following arrangements or combination of arrangements to prepare an Initial Study:

(1) Preparing the Initial Study directly with the City's own staff.

(2) Contracting with another entity, public or private, to prepare the Initial Study.

(3) Accepting a draft Initial Study prepared by the applicant, a consultant retained by the applicant, or any other third person.

(4) Executing a third party contract or memorandum of understanding with the applicant to govern the preparation of an Initial Study by an independent contractor.

(5) Using a previously prepared Initial Study.

The Initial Study sent out for public review, however, must reflect the independent judgment of the Lead Agency.

For private projects, the person or entity proposing to carry out the project shall data and information as may be required by the City to determine whether the proposed project may have a significant effect on the environment. All costs incurred by the City in reviewing the data and information submitted, or in conducting its own investigation based upon such data and information, or in preparing an Initial Study for the project shall be borne by the person or entity proposing to carry out the project.

(Reference: State CEQA Guidelines, §§ 15063, 15084.)

5.02 INFORMAL CONSULTATION WITH OTHER AGENCIES.

When more than one public agency will be involved in undertaking or approving a project, the Lead Agency shall consult with all Responsible and any Trustee Agencies. Such consultation shall be undertaken in compliance with the notice procedures applicable to the type of CEQA document being prepared. See Section 6.04, Negative Declarations, and Sections 7.03 and 7.25, EIRs.

 ©Best Best & Krieger LLP

When the City is acting as Lead Agency, the City may choose to engage in early consultation with Responsible and Trustee Agencies before the City begins to prepare the Initial Study. This early consultation may be done quickly and informally and is intended to ensure that the EIR, Negative Declaration or Mitigated Negative Declaration reflects the concerns of all Responsible Agencies that will issue approvals for the project and all Trustee Agencies responsible for natural resources affected by the project. The City's early consultation process may include consultation with other individuals or organizations with an interest in the project, if the City so desires. The Office of Land Use and Climate Innovation ("LCI"), upon request of the City or a private project applicant, shall assist in identifying the various Responsible Agencies for a proposed project and ensure that the Responsible Agencies are notified regarding any early consultation. In the case of a project undertaken by a public agency, the LCI, upon request of the City, shall ensure that any Responsible Agency or public agency that has jurisdiction by law with respect to the project is notified regarding any early consultation.

If, during the early consultation process it is determined that the project will clearly have a significant effect on the environment, the City, as Lead Agency, may immediately dispense with the Initial Study and determine that an EIR is required.

(Reference: State CEQA Guidelines, § 15063.)

5.03 CONSULTATION WITH PRIVATE PROJECT APPLICANT.

During or immediately after preparation of an Initial Study for a private project, the City may consult with the applicant to determine if the applicant is willing to modify the project to reduce or avoid the significant effects identified in the Initial Study. If the project can be revised to avoid or mitigate effects to a level of insignificance and there is no substantial evidence before the City that the project, as revised, may have a significant effect on the environment, the City may prepare and adopt a Negative Declaration or Mitigated Negative Declaration. If any significant effect may still occur despite alterations of the project, an EIR must be prepared.

(Reference: State CEQA Guidelines, § 15063(g).)

5.04 PROJECTS SUBJECT TO NEPA.

Projects that are carried out, financed, or approved in whole or in part by a federal agency are subject to the provisions of NEPA in addition to CEQA. To the extent possible, the State CEQA Guidelines encourage the City, when it is a Lead Agency under CEQA, to use the federally-prepared Environmental Impact Statement ("EIS") or Finding of No Significant Impact ("FONSI") or to prepare a joint CEQA/NEPA document instead of preparing separate NEPA and CEQA documents for a project that is subject to both NEPA and CEQA. (State CEQA Guidelines, § 15220.)

For example, the City should attempt to work in conjunction with the federal agency involved in the project to prepare a combined EIR-EIS or Negative Declaration-FONSI. (State CEQA Guidelines, § 15222.) To avoid the need for the federal agency to prepare a separate document for the same project, the Lead Agency must involve the federal agency in the preparation of the joint document. The Lead Agency may also enter into a Memorandum of Understanding with the federal agency to ensure that both federal and state requirements are met.

The City is required to cooperate with the federal agency and to utilize joint planning processes, environmental research and studies, public hearings, and environmental documents to the fullest extent possible. (State CEQA Guidelines, § 15226.) However, since NEPA does not require an examination of mitigation measures or growth-inducing impacts, analysis of mitigation measures and growth-inducing impacts will need to be added before NEPA documents may be used to satisfy CEQA. (State CEQA Guidelines, § 15221.)

For projects that are subject to NEPA, a scoping meeting held pursuant to NEPA satisfies the CEQA scoping requirement as long as notice is provided to the agencies and individuals listed in Local Guidelines Section 7.10, and provided in accordance with these Local Guidelines.

If the federal agency refuses to cooperate with the City with regard to the preparation of joint documents, the City should attempt to involve a state agency in the preparation of the EIR, Negative Declaration, or Mitigated Negative Declaration. Since federal agencies are explicitly permitted to utilize environmental documents prepared by agencies of statewide jurisdiction, it is possible that the federal agency will reuse the state-prepared CEQA documents instead of requiring the applicant to fund a redundant set of federal environmental documents. (State CEQA Guidelines, § 15228.)

Where the federal agency has circulated the EIS or FONSI and the circulation satisfied the requirements of CEQA and any other applicable laws, the City, when it is a Lead Agency under CEQA, may use the EIS or FONSI in place of an EIR or Negative Declaration without having to recirculate the federal documents. The City's intention to adopt the previously circulated EIS or FONSI must be publicly noticed in the same way as a Notice of Availability of a Draft EIR. Special rules may apply when the environmental documents are prepared for projects involving the reuse of military bases. (See State CEQA Guidelines, § 15225.)

5.05 AN INITIAL STUDY.

The Initial Study shall be used to determine whether a Negative Declaration, Mitigated Negative Declaration or an EIR shall be prepared for a project. It provides written documentation of whether the City found evidence of significant adverse impacts which might occur. The purposes of an Initial Study are to:

(a) Identify environmental impacts;
(b) Enable an applicant or Lead Agency to modify a project, mitigating adverse impacts before an EIR is written;
(c) Focus an EIR, if one is required, on potentially significant environmental effects;
(d) Facilitate environmental assessment early in the design of a project;
(e) Provide documentation of the factual basis for the finding in a Negative Declaration that a project will not have a significant effect on the environment;
(f) Eliminate unnecessary EIRs; and
(g) Determine whether a previously prepared EIR could be used for the project.

(Reference: State CEQA Guidelines, § 15063.)

5.06 CONTENTS OF INITIAL STUDY.

An Initial Study shall contain in brief form:

(a) A description of the project, including the location of the project. The project description must be consistent throughout the environmental review process;
(b) An identification of the environmental setting. The environmental setting is usually the existing physical environmental conditions in the vicinity of the project, as they exist at the time the Notice of Preparation is published, or if no Notice of Preparation is published, such as in the case of a Negative Declaration or Mitigated Negative Declaration, at the time environmental analysis begins. The environmental setting should describe both the project site and surrounding properties. The description should include, but not necessarily be limited to, a discussion of existing structures, land use, energy supplies, topography, water usage, soil stability, plants and animals, and any cultural, historical, or scenic aspects. This environmental setting will normally constitute the baseline physical conditions against which a Lead Agency may compare the project to determine whether an impact is significant;
(c) An identification of environmental effects by use of a checklist, matrix, or other method, provided that entries are briefly explained to show the evidence supporting the entries. The brief explanation may be through either a narrative or a reference to other information such as attached maps, photographs, or an earlier EIR or Negative Declaration or Mitigated Negative Declaration. A reference to another document should include a citation to the page or pages where the information is found;
(d) A discussion of ways to mitigate any significant effects identified;
(e) An examination of whether the project is consistent with existing zoning and local land use plans and other applicable land use controls;
(f) The name of the person or persons who prepared or participated in the Initial Study; and
(g) Identification of prior EIRs or environmental documents that could be used with the project.

(Reference: State CEQA Guidelines, § 15063(d).)

5.07 USE OF A CHECKLIST INITIAL STUDY.

When properly completed, the Environmental Checklist (Form "J") will meet the requirements of Local Guidelines Section 5.05 for an Initial Study provided that the entries on the checklist are explained. Either the Environmental Checklist (Form "J") should be expanded or a separate attachment should be prepared to describe the project, including its location, and to identify the environmental setting.

California courts have rejected the use of a bare, unsupported Environmental Checklist as an Initial Study. An Initial Study must contain more than mere conclusions. It must disclose supporting data or evidence upon which the Lead Agency relied in conducting the Initial Study. The Lead Agency must augment checklists with supporting factual data and reference information sources when completing the forms. Explanation of all "potential impact" answers should be provided on attached sheets. For controversial projects, it is advisable to state briefly why "no"

 ©Best Best & Krieger LLP

answers were checked. If practicable, attach a list of reference materials, such as prior EIRs, plans, traffic studies, air quality data, or other supporting studies.

5.08 EVALUATING SIGNIFICANT ENVIRONMENTAL EFFECTS.

In evaluating the environmental significance of effects disclosed by the Initial Study, the Lead Agency shall consider:

(a) Whether the Initial Study and/or any comments received informally during consultations indicate that a fair argument can be made that the project may have a significant adverse environmental impact that cannot be mitigated to a level of insignificance. Even if a fair argument can be made to the contrary, an EIR should be prepared;

(b) Whether both primary (direct) and reasonably foreseeable secondary (indirect) consequences of the project were evaluated. Primary consequences are immediately related to the project, while secondary consequences are related more to the primary consequences than to the project itself. For example, secondary impacts upon the resources base, including land, air, water and energy use of an area, may result from population growth, a primary impact;

(c) Whether adverse social and economic changes will result from a physical change caused by the project. Adverse economic and social changes resulting from a project are not, in themselves, significant environmental effects. However, if such adverse changes cause physical changes in the environment, those consequences may be used as the basis for finding that the physical change is significant;

(d) Whether there is serious public controversy or disagreement among experts over the environmental effects of the project. However, the existence of public controversy or disagreement among experts does not, without more, require preparation of an EIR in the absence of substantial evidence of significant effects;

(e) Whether the cumulative impact of the project is significant and whether the incremental effects of the project are "cumulatively considerable" (as defined in Local Guidelines Section 11.13) when viewed in connection with the effects of past projects, current projects, and probable future projects. The City may conclude that a project's incremental contribution to a cumulative effect is not cumulatively considerable if the project will comply with the requirements in a previously approved plan or mitigation program (including, but not limited to, water quality control plan, air quality attainment or maintenance plan, integrated waste management plan, habitat conservation plan, natural community conservation plan, plans or regulations for the reduction of greenhouse gas emissions) that provides specific requirements that will avoid or substantially lessen the cumulative problem. To be used for this purpose, such a plan or program must be specified in law or adopted by the public agency with jurisdiction over the affected resources through a public review process. In relying on such a plan or program, the City should explain which requirements apply to the project and ensure that the project's incremental contribution is not cumulatively considerable; and

(f) Whether the project may cause a substantial adverse change in the significance of an archaeological or historical resource.

The City may use a threshold of significance (as that term is defined in State CEQA Guidelines section 15064.7) to determine whether a project may cause a significant environmental

impact. When using a threshold of significance, the City should briefly explain how compliance with the threshold means that the project's impacts are less than significant. Compliance with the threshold, however, does not relieve the City of the obligation to consider substantial evidence indicating that a project's environmental effects may still be significant.

(Reference: State CEQA Guidelines, § 15064(b)(2).)

5.09 DETERMINING THE SIGNIFICANCE OF TRANSPORTATION IMPACTS

On or about December 28, 2018, the California Natural Resources Agency added a new section to the State CEQA Guidelines—Section 15064.3, entitled "Determining the Significance of Transportation Impacts." Section 15064.3 provides:

(a) Purpose.

This section describes specific considerations for evaluating a project's transportation impacts. Generally, vehicle miles traveled is the most appropriate measure of transportation impacts. For the purposes of this section, "vehicle miles traveled" refers to the amount and distance of automobile travel attributable to a project. Other relevant considerations may include the effects of the project on transit and non-motorized travel. Except as provided in subdivision (b)(2) below (regarding roadway capacity), a project's effect on automobile delay shall not constitute a significant environmental impact.

(b) Criteria for Analyzing Transportation Impacts.

(1) Land Use Projects. Vehicle miles traveled exceeding an applicable threshold of significance may indicate a significant impact. Generally, projects within one-half mile of either an existing major transit stop or a stop along an existing high quality transit corridor should be presumed to cause a less than significant transportation impact. Projects that decrease vehicle miles traveled in the project area compared to existing conditions should be presumed to have a less than significant transportation impact.

(2) Transportation Projects. Transportation projects that reduce, or have no impact on, vehicle miles traveled should be presumed to cause a less than significant transportation impact. For roadway capacity projects, agencies have discretion to determine the appropriate measure of transportation impact consistent with CEQA and other applicable requirements. To the extent that such impacts have already been adequately addressed at a programmatic level, such as in a regional transportation plan EIR, a lead agency may tier from that analysis as provided in Section 15152.

(3) Qualitative Analysis. If existing models or methods are not available to estimate the vehicle miles traveled for the particular project being considered, a lead agency may analyze the project's vehicle miles traveled qualitatively. Such a qualitative analysis would evaluate factors such as the availability of transit, proximity to other

destinations, etc. For many projects, a qualitative analysis of construction traffic may be appropriate.

(4) Methodology. A lead agency has discretion to choose the most appropriate methodology to evaluate a project's vehicle miles traveled, including whether to express the change in absolute terms, per capita, per household or in any other measure. A lead agency may use models to estimate a project's vehicle miles traveled, and may revise those estimates to reflect professional judgment based on substantial evidence. Any assumptions used to estimate vehicle miles traveled and any revisions to model outputs should be documented and explained in the environmental document prepared for the project. The standard of adequacy in Section 15151 shall apply to the analysis described in this section.

(c) Applicability.

The provisions of this section shall apply prospectively as described in section 15007. A lead agency may elect to be governed by the provisions of this section immediately. Beginning on July 1, 2020, the provisions of this section shall apply statewide.

(Reference: State CEQA Guidelines, § 15064.3.)

5.10 MANDATORY FINDINGS OF SIGNIFICANT EFFECT.

Whenever there is substantial evidence, in light of the whole record, that any of the conditions set forth below may occur, the Lead Agency shall find that the project may have a significant effect on the environment and thereby shall require preparation of an EIR:

(a) The project has the potential to substantially degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, substantially reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of major periods of California history or prehistory;
(b) The project has the potential to achieve short-term environmental goals to the disadvantage of long-term environmental goals;
(c) The project has possible environmental effects which are individually limited but cumulatively considerable, as defined in Local Guidelines Section 11.13. That is, the City, when acting as Lead Agency, is required to determine whether the incremental impacts of a project are cumulatively considerable by evaluating them against the back-drop of the environmental effects of the other projects; or
(d) The environmental effects of a project will cause substantial adverse effects on humans either directly or indirectly.

If, before the release of the CEQA document for public review, the potential for triggering one of the mandatory findings of significance is avoided or mitigation measures or project modifications reduce the potentially significant impacts to a point where clearly the mandatory

finding of significance is not triggered, preparation of an EIR is not mandated. If the project's potential for triggering one of the mandatory findings of significance cannot be avoided or mitigated to a point where the criterion is clearly not triggered, an EIR shall be prepared, and the relevant mandatory findings of significance shall be used:

(1) as thresholds of significance for purposes of preparing the EIR's impact analysis;

(2) in making findings on the feasibility of alternatives or mitigation measures;

(3) when found to be feasible, in making changes in the project to lessen or avoid the adverse environmental impacts; and

(4) when necessary, in adopting a statement of overriding considerations.

Although an EIR prepared for a project that triggers one of the mandatory findings of significance must use the relevant mandatory findings as thresholds of significance, the EIR need not conclude that the impact itself is significant. Rather, the City, as Lead Agency, must exercise its discretion and determine, on a case-by-case basis after evaluating all of the relevant evidence, whether the project's environmental impacts are avoided or mitigated below a level of significance or whether a statement of overriding considerations is required.

With regard to a project that has the potential to substantially reduce the number or restrict the range of a protected species, the City, as Lead Agency, does not have to prepare an EIR solely due to that impact, provided the project meets the following three criteria:

(a) The project proponent must be bound to implement mitigation requirements relating to such species and habitat pursuant to an approved habitat conservation plan and/or natural communities conservation plan;
(b) The state or federal agency must have approved the habitat conservation plan and/or natural community conservation plan in reliance on an EIR and/or EIS; and
(c) The mitigation requirements must either avoid any net loss of habitat and net reduction in number of the affected species, or preserve, restore, or enhance sufficient habitat to mitigate the reduction in habitat and number of the affected species below a level of significance.

(Reference: State CEQA Guidelines, § 15065.)

5.11 MANDATORY PREPARATION OF AN EIR FOR WASTE-BURNING PROJECTS.

Lead Agencies shall prepare or cause to be prepared and certify the completion of an EIR, or, if appropriate, an Addendum, Supplemental EIR, or Subsequent EIR, for any project involving the burning of municipal wastes, hazardous waste or refuse-derived fuel, including, but not limited to, tires, if the project consists of any of the following:

(a) The construction of a new facility;
(b) The expansion of an existing hazardous waste burning facility which would increase its permitted capacity by more than 10%;

(c) The issuance of a hazardous waste facilities permit to a land disposal facility, as defined in Local Guidelines Section 11.32; or

(d) The issuance of a hazardous waste facilities permit to an offsite large treatment facility, as defined in Local Guidelines Sections 11.33 and 11.53.

This section does not apply to projects listed in subsections (c) and (d), immediately above, if the facility only manages hazardous waste that is identified or listed pursuant to Health and Safety Code section 25140 or 25141 or only conducts activities which are regulated pursuant to Health and Safety Code sections 25100, et seq.

The Lead Agency shall calculate the percentage of expansion for an existing facility by comparing the proposed facility's capacity with either of the following, as applicable:

(a) The facility capacity authorized in the facility's hazardous waste facilities permit pursuant to Health and Safety Code section 25200, or its grant of interim status pursuant to Health and Safety Code section 25200.5, or the facility capacity authorized in any state or local agency permit allowing the construction or operation of the facility for the burning of hazardous waste granted before January 1, 1990; or

(b) The facility capacity authorized in the facility's original hazardous facilities permit, grant of interim status, or any state or local agency permit allowing the construction or operation of a facility for the burning of hazardous waste, granted on or after January 1, 1990.

This section does not apply to any project over which the State Energy Resources Conservation and Development Commission has assumed jurisdiction per Health and Safety Code sections 25500 et seq.

The EIR requirement is also subject to a number of exceptions for specific types of waste-burning projects. (Public Resources Code section 21151.1 and State CEQA Guidelines section 15081.5.) Even if preparation of an EIR is not mandatory for a particular type of waste-burning project, those projects are not exempt from the other requirements of CEQA, the State CEQA Guidelines, or these Local Guidelines. In addition, waste-burning projects are subject to special notice requirements under Public Resources Code section 21092. Specifically, in addition to the standard public notices required by CEQA, notice must be provided to all owners and occupants of property located within one-fourth mile of any parcel or parcels on which the waste-burning project will be located. (Public Resources Code section 21092(c); see Local Guidelines Sections 6.12 and 7.27.)

5.12 DEVELOPMENT PURSUANT TO AN EXISTING COMMUNITY PLAN AND EIR.

Before preparing a CEQA document, Staff should determine whether the proposed project involves development consistent with an earlier zoning or community plan to accommodate a particular density for which an EIR has been certified. If an earlier EIR for the zoning or planning action has been certified, and if the proposed project concerns the approval of a subdivision map or development, CEQA applies only to the extent the project raises environmental effects peculiar to the parcel which were not addressed in the earlier EIR. Off-site and cumulative effects not discussed in the general plan EIR must still be considered. Mitigation measures set out in the earlier EIR should be implemented at this stage.

 ©Best Best & Krieger LLP

Environmental effects shall not be considered peculiar to the parcel if uniformly applied development policies or standards have been previously adopted by a city or county with a finding based on substantial evidence that the policy or standard will substantially mitigate the environmental effect when applied to future projects. Examples of uniformly applied development policies or standards include, but are not limited to: parking ordinances; public access requirements; grading ordinances; hillside development ordinances; flood plain ordinances; habitat protection or conservation ordinances; view protection ordinances; and requirements for reducing greenhouse gas emissions as set forth in adopted land use plans, policies or regulations. Any rezoning action consistent with the Community Plan shall be subject to exemption from CEQA in accordance with this section. "Community Plan" means part of a city's general plan which: (1) applies to a defined geographic portion of the total area included in the general plan; (2) complies with Article 5 (commencing with Section 65300) of Chapter 3 of Division 1 of Title 7 of the Government Code by referencing each of the mandatory elements specified in Government Code section 65302; and (3) contains specific development policies adopted for the area in the Community Plan and identifies measures to implement those policies, so that the policies which will apply to each parcel can be determined.

(Reference: State CEQA Guidelines, § 15183.)

5.13 LAND USE POLICIES.

When a project will amend a general plan or another land use policy, the Initial Study must address how the change in policy and its expected direct and indirect effects will affect the environment. When the amendments constitute substantial changes in policies that result in a significant impact on the environment, an EIR may be required.

5.14 EVALUATING IMPACTS ON HISTORICAL RESOURCES.

Projects that may cause a substantial adverse change in the significance of a historical resource, as defined in Local Guidelines Section 11.28 are projects that may have a significant effect on the environment, thus requiring consideration under CEQA. Particular attention and care should be given when considering such projects, especially projects involving the demolition of a historical resource, since such demolitions have been determined to cause a significant effect on the environment.

Substantial adverse change in the significance of a historical resource means physical demolition, destruction, relocation or alteration of the resource or its immediate surroundings, such that the significance of a historical resource would be materially impaired.

The significance of a historical resource is materially impaired when a project:

(a) Demolishes or materially alters in an adverse manner those physical characteristics of a historical resource that convey its historical significance and that justify its inclusion in, or eligibility for inclusion in, the California Register of Historical Resources;
(b) Demolishes or materially alters in an adverse manner those physical characteristics that account for its inclusion in a local register of historical resources or its identification in a historical resources survey, unless the Lead Agency establishes by a preponderance of evidence that the resource is not historically or culturally significant; or

(c) Demolishes or materially alters in an adverse manner those physical characteristics of a historical resource that convey its historical significance and that justify its eligibility for inclusion in the California Register of Historical Resources as determined by the Lead Agency for purposes of CEQA.

Generally, a project that follows either one of the following sets of standards and guidelines will be considered mitigated to a level of less than significant: (a) the Secretary of the Interior's Standards for the Treatment of Historic Properties with Guidelines for Preserving, Rehabilitating, Restoring and Reconstructing Historic Buildings; or (b) the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings (1995), Weeks and Grimmer.

In the event of an accidental discovery of a possible historical resource during construction of the project, the City may provide for the evaluation of the find by a qualified archaeologist or other professional. If the find is determined to be a historical resource, the City should take appropriate steps to implement appropriate avoidance or mitigation measures. Work on non-affected portions of the project, as determined by the City, may continue during the process. Curation may be an appropriate mitigation measure for an artifact that must be removed during project excavation or testing.

(Reference: State CEQA Guidelines, § 15064.5.)

5.15 EVALUATING IMPACTS ON ARCHAEOLOGICAL SITES.

When a project will impact an archaeological site, the City shall first determine whether the site is a historical resource, as defined in Local Guidelines Section 11.28 If the archaeological site is a historical resource, it shall be treated and evaluated as such, and not as an archaeological resource. If the archaeological site does not meet the definition of a historical resource, but does meet the definition of a unique archaeological resource set forth in Public Resources Code section 21083.2, the site shall be treated in accordance with said provisions of the Public Resources Code. The time and cost limitations described in Section 21083.2(c-f) do not apply to surveys and site evaluation activities intended to determine whether the project site contains unique archaeological resources.

If the archaeological resource is neither a unique archaeological resource nor a historical resource, the effects of the project on those resources shall not be considered a significant effect on the environment. It shall be sufficient that both the resource and the effect on it are noted in the Initial Study or EIR, if one is prepared to address impacts on other resources, but they need not be considered further in the CEQA process.

In the event of an accidental discovery of a possible unique archaeological resource during construction of the project, the City may provide for the evaluation of the find by a qualified archaeologist. If the find is determined to be a unique archaeological resource, the City should take appropriate steps to implement appropriate avoidance or mitigation measures. Work on non-affected portions of the project, as determined by the City, may continue during the process. Curation may be an appropriate mitigation measure for an artifact that must be removed during project excavation or testing.

When an Initial Study identifies the existence of, or the probable likelihood of, Native American human remains within the Project, the City shall comply with the provisions of State CEQA Guidelines section 15064.5(d). In the event of an accidental discovery or recognition of any human remains in any location other than a dedicated cemetery, the City shall comply with the provisions of State CEQA Guidelines section 15064.5(e).

(Reference: State CEQA Guidelines, § 15064.5(c).)

5.16 CONSULTATION WITH WATER AGENCIES REGARDING LARGE DEVELOPMENT PROJECTS.

(a) Projects Subject to Consultation Requirements.

For certain development projects, cities and counties must consult with water agencies. If the City is a municipal water provider, the city or county may request that the City prepare a water supply assessment to be included in the relevant environmental documentation for the project. The City may refer to this section when preparing such an assessment or when reviewing projects in its role as a Responsible Agency. This section applies only to water demand projects as defined by Local Guidelines Section **Error! Reference source not found.**. Program level environmental r eview may not need to be as extensive as project level environmental review. (See Local Guidelines Sections 8.03 and 8.08.)

(b) Water Supply Assessment.

When a city or county as Lead Agency determines the type of environmental document that will be prepared for a water demand project or any project that includes a water demand project, the city or county must identify any public water system (as defined in Local Guidelines Sections **Error! Reference source not found.** and **Error! Reference source not found.**) that may su pply water for the project. The city or county must also request that the public water system determine whether the projected demand associated with the project was included in the most recently adopted Urban Water Management Plan. The city or county must also request that the public water system prepare a specified water supply assessment for approval at a regular or special meeting of the public water system governing body. A sample request for a water supply assessment is provided as Form "N" of these Local CEQA Guidelines.

If no public water system is identified that may supply water for the water demand project, the city or county shall prepare the water supply assessment. The city or county shall consult with any entity serving domestic water supplies whose service area includes the site of the water demand project, the local agency formation commission, and the governing body of any public water system adjacent to the site of the water demand project. The city council or county board of supervisors must approve the water assessment prepared pursuant to this paragraph at a regular or special meeting.

As per Water Code section 10910, the water assessment must include identification of existing water supply entitlements, water rights, or water service contracts relevant to the water supply for the proposed project and water received in prior years pursuant to those entitlements, rights, and contracts, and further information is required if water supplies include groundwater. The water assessment must determine the ability of the public water system to meet existing and

future demands along with the demands of the proposed water demand project in light of existing and future water supplies. This supply demand analysis is to be conducted via a twenty-year projection, and must assess water supply sufficiency during normal year, single dry year, and multiple dry year hydrology scenarios. If the public water agency concludes that the water supply is, or will be, insufficient, it must submit plans for acquiring additional water supplies.

The city or county may grant the public water agency a thirty (30) day extension of time to prepare the assessment if the public water agency requests an extension within ninety (90) days of being asked to prepare the assessment. If the governing body of the public water system fails to request and receive an extension of time, or fails to submit the water assessment notwithstanding the thirty (30) day extension, the city or county may seek a writ of mandamus to compel the governing body of the public water system to comply.

If a water-demand project has been the subject of a water assessment, no additional water assessment shall be required for subsequent water-demand projects that were included in the larger water-demand project if all of the following criteria are met:

(1) The entity completing the water assessment concluded that its water supplies are sufficient to meet the projected water demand associated with the larger water-demand project, in addition to the existing and planned future uses, including, but not limited to, agricultural and industrial uses; and

(2) None of the following changes has occurred since the completion of the water assessment for the larger water-demand project:

(A) Changes in the larger water-demand project that result in a substantial increase in water demand for the water-demand project;

(B) Changes in the circumstances or conditions substantially affecting the ability of the public water system identified in the water assessment to provide a sufficient supply of water for the water demand project; and

(C) Significant new information becomes available which was not known and could not have been known at the time when the entity had reached its assessment conclusions.

(3) The city or county shall include the water assessment, and any water acquisition plan in the EIR, negative declaration, or mitigated negative declaration, or any supplement thereto, prepared for the project, and may include an evaluation of the water assessment and water acquisition plan information within such environmental document. A discussion of water supply availability should be included in the main text of the environmental document. Normally, this discussion should be based on the data and information included in the water supply assessment. In making its required findings under CEQA, the city or county shall determine, based on the entire record, whether projected water supplies will be sufficient to satisfy the demands of the project, in addition to existing and planned future uses. If a city or county determines that water supplies will not be sufficient, the city or county shall include that determination in its findings for the project.

 ©Best Best & Krieger LLP

The degree of certainty regarding the availability of water supplies will vary depending on the stage of project approval. A Lead Agency should have greater confidence in the availability of water supplies for a specific project than might be required for a conceptual plan (i.e. general plan, specific plan). An analysis of water supply in an environmental document may incorporate by reference information in a water supply assessment, urban water management plan, or other publicly available sources. The analysis shall include the following:

(1) Sufficient information regarding the project's proposed water demand and proposed water supplies to permit the Lead Agency to evaluate the pros and cons of supplying the amount of water that the project will need.

(2) An analysis of the reasonably foreseeable environmental impacts of supplying water throughout all phases of the project.

(3) An analysis of circumstances affecting the likelihood of the water's availability, as well as the degree of uncertainty involved. Relevant factors may include but are not limited to, drought, salt-water intrusion, regulatory or contractual curtailments, and other reasonably foreseeable demands on the water supply.

(4) If the Lead Agency cannot determine that a particular water supply will be available, it shall conduct an analysis of alternative sources, including at least in general terms the environmental consequences of using those alternative sources, or alternatives to the project that could be served with available water.

For complete information on these requirements, consult Water Code sections 10910, et seq. For other CEQA provisions applicable to these types of projects, see Local Guidelines Sections 7.03 and 7.25.

5.17 SUBDIVISIONS WITH MORE THAN 500 DWELLING UNITS.

Cities and counties must obtain written verification (see Form "O" for a sample) from the applicable public water system(s) that a sufficient water supply is available before approving certain residential development projects. If the City is a municipal water provider for a project, the city or county may request such a verification from the City. The City should also be aware of these requirements when reviewing projects in its role as a Responsible Agency.

Cities and counties are prohibited from approving a tentative map, parcel map for which a tentative map was not required, or a development agreement for a subdivision of property of more than 500 dwellings units, unless:

(1) The City Council, Board of Supervisors, or the advisory agency receives written verification from the applicable public water system that a sufficient water supply is available; or

(2) Under certain circumstances, the City Council, Board of Supervisors or the advisory agency makes a specified finding that sufficient water supplies are, or will be, available prior to completion of the project.

 ©Best Best & Krieger LLP

For complete information on these requirements, consult Government Code section 66473.7.

5.18 IMPACTS TO OAK WOODLANDS.

When a county prepares an Initial Study to determine what type of environmental document will be prepared for a project within its jurisdiction, the county must determine whether the project may result in a conversion of oak woodlands that will have a significant effect on the environment. Normally, this rule will not apply to projects undertaken by the City. However, if the City is a Responsible Agency on such a project, the City should endeavor to ensure that the county, as Lead Agency, analyzes these impacts in accordance with CEQA.

(Reference: Pub. Resources Code, § 21083.4.)

5.19 CLIMATE CHANGE AND GREENHOUSE GAS EMISSIONS.

A. Estimating or Calculating the Magnitude of the Project's Greenhouse Gas Emissions.

The City shall analyze the greenhouse gas emissions of its projects as required by State CEQA Guidelines section 15064.4. For projects subject to CEQA, the City shall make a good-faith effort, based to the extent possible on scientific and factual data, to describe, calculate or estimate the amount of greenhouse gas emissions resulting from a project.

In performing analysis of greenhouse gas emissions, the City, as Lead Agency, shall have discretion to determine, in the context of a particular project, whether to:

(1) Quantify greenhouse gas emissions resulting from a project; and/ or

(2) Rely on a qualitative analysis or performance-based standards.

B. Factors in Determining Significance.

In determining the significance of a project's greenhouse gas emissions, the City, when acting as Lead Agency, should focus its analysis on the reasonably foreseeable incremental contribution of the project's emissions to the effects of climate change. A project's incremental contribution may be cumulatively considerable even if it appears relatively small compared to statewide, national, or global emissions. The City's analysis should consider a timeframe that is appropriate for the project. The City's analysis also must reasonably reflect evolving scientific knowledge and state regulatory schemes.

Once the amount of a project's greenhouse gas emissions have been described, estimated, or calculated, the City should consider the following factors, among others, to determine whether those emissions are significant:

(1) The extent to which the project may increase or reduce greenhouse gas emissions as compared to the existing environmental setting. Physical environmental conditions in the vicinity of the project, as they exist at the time the Notice of

 ©Best Best & Krieger LLP

Preparation is published or the time when the environmental analysis is commenced, will normally constitute the baseline. All project phases, including construction and operation, should be considered in determining whether a project will cause emissions to increase or decrease as compared to the baseline;

(2) Whether the project emissions exceed a threshold of significance that the Lead Agency determines applies to the project. The Lead Agency may rely on thresholds of significance developed by experts or other agencies, provided that application of the threshold and the significance conclusion is supported with substantial evidence. When relying on thresholds developed by other agencies, the Lead Agency should ensure that the threshold is appropriate for the project and the project's location; and

(3) The extent to which the project complies with regulations or requirements adopted to implement a statewide, regional, or local plan for the reduction or mitigation of greenhouse gas emissions (see, e.g., State CEQA Guidelines section 15183.5(b)). Such requirements must be adopted by the relevant public agency through a public review process and must reduce or mitigate the project's incremental contribution of greenhouse gas emissions. If there is substantial evidence that the possible effects of a particular project are still cumulatively considerable notwithstanding compliance with the adopted regulations or requirements, an EIR must be prepared for the project. In determining the significance of impacts, the Lead Agency may consider a project's consistency with the State's long-term climate goals or strategies, provided that substantial evidence supports the agency's analysis of how those goals or strategies address the project's incremental contribution to climate change and its conclusion that the project's incremental contribution is not cumulatively considerable.

The Lead Agency may use a model or methodology to estimate greenhouse gas emissions resulting from a project. The Lead Agency has discretion to select the model or methodology it considers most appropriate to enable decision makers to intelligently take into account the project's incremental contribution to climate change. The Lead Agency must support its selection of a model or methodology with substantial evidence. The Lead Agency should explain the limitations of the particular model or methodology selected for use.

C. Consistency with Applicable Plans.

When an EIR is prepared, it must discuss any inconsistencies between the proposed project and any applicable general plan, specific plans, and regional plans. This includes, but is not limited to, any applicable air quality attainment plans, regional blueprint plans, or plans for the reduction of greenhouse gas emissions.

D. Mitigation Measures Related to Greenhouse Gas Emissions.

Lead Agencies must consider feasible means of mitigating the significant effects of greenhouse gas emissions. Any such mitigation measure must be supported by substantial

 ©Best Best & Krieger LLP

evidence and be subject to monitoring or reporting. Potential mitigation will depend on the particular circumstances of the project, but may include the following, among others:

(1) Measures in an existing plan or mitigation program for the reduction of emissions that are required as part of the Lead Agency's decision;

(2) Reductions in emissions resulting from a project through implementation of project features, project design, or other measures, such as those described in State CEQA Guidelines Appendix F;

(3) Off-site measures, including offsets that are not otherwise required, to mitigate a project's emissions;

(4) Measures that sequester greenhouse gases; and

(5) In the case of the adoption of a plan, such as a general plan, long range development plan, or plan for the reduction of greenhouse gas emissions, mitigation may include the identification of specific measures that may be implemented on a project-by-project basis. Mitigation may also include the incorporation of specific measures or policies found in an adopted ordinance or regulation that reduces the cumulative effect of emissions.

E. Streamlined Analysis of Greenhouse Gas Emissions.

Under certain limited circumstances, the legislature has specifically declared that the analysis of greenhouse gas emissions or climate change impacts may be limited. Public Resources Code sections 21155, 21155.2, and 21159.28 provide that if certain residential, mixed use and transit priority projects meet specified ratios and densities, then the lead agencies for those projects may conduct a limited review of greenhouse gas emissions or may be exempted from analyzing global warming impacts that result from cars and light duty trucks, if a detailed list of requirements is met. However, unless the project is exempt from CEQA, the Lead Agency must consider whether such projects will result in greenhouse gas emissions from other sources, including, but not limited to, energy use, water use, and solid waste disposal.

F. Tiering.

The City may analyze and mitigate the significant effects of greenhouse gas emissions at a programmatic level. Later project-specific environmental documents may then tier from and/or incorporate by reference that existing programmatic review.

G. Plans for the Reduction of Greenhouse Gas Emissions.

Public agencies may choose to analyze and mitigate greenhouse gas emissions in a plan for the reduction of greenhouse gas emissions or in a similar document. A plan for the reduction of greenhouse gas emissions should:

(1) Quantify greenhouse gas emissions, both existing and projected over a specified time period, resulting from activities within a defined geographic area;

(2) Establish a level, based on substantial evidence, below which the contribution to greenhouse gas emissions from activities covered by the plan would not be cumulatively considerable;

(3) Identify and analyze the greenhouse gas emissions resulting from specific actions or categories of actions anticipated within the geographic area;

(4) Specify measures or a group of measures, including performance standards, that substantial evidence demonstrates, if implemented on a project-by-project basis, would collectively achieve the specified emissions level;

(5) Establish a mechanism to monitor the plan's progress toward achieving the level and to require amendment if the plan is not achieving specified levels; and

(6) Be adopted in a public process following environmental review.

A plan for the reduction of greenhouse gas emissions, once adopted following certification of an EIR, or adoption of another environmental document, may be used in the cumulative impacts analysis of later projects. An environmental document that relies on a plan for the reduction of greenhouse gas emissions for a cumulative impacts analysis must identify those requirements specified in the plan that apply to the project, and, if those requirements are not otherwise binding and enforceable, incorporate those requirements as mitigation measures applicable to the project. If there is substantial evidence that the effects of a particular project may be cumulatively considerable notwithstanding the project's compliance with the specified requirements in the plan for reduction of greenhouse gas emissions, an EIR must be prepared for the project.

H. Analyzing the Effects of Climate Change on the Project.

Where an EIR is prepared for a project, the EIR shall analyze any significant environmental effects the project might cause by bringing development and people into the project area that may be affected by climate change. In particular, the EIR should evaluate any potentially significant impacts of locating development in areas susceptible to hazardous conditions (e.g., floodplains, coastlines, wildfire risk areas) as identified in authoritative hazard maps, risk assessments or in land use plans addressing such hazards areas. The analysis may be limited to the potentially significant effects of locating the project in a potentially hazardous location. Further, this analysis may be limited by the project's life in relation to the potential of such effects to occur and the availability of existing information related to potential future effects of climate change. Further, the EIR need not include speculation regarding such future effects.

5.20 ENERGY CONSERVATION.

Potentially significant energy implications of a project must be considered in an EIR to the extent relevant and applicable to the project. Therefore, the project description should identify the following as applicable or relevant to the particular project:

(1) Energy consuming equipment and processes which will be used during construction, operation and/or removal of the project. If appropriate, this

 ©Best Best & Krieger LLP

discussion should consider the energy intensiveness of materials and equipment required for the project;

(2) Total energy requirements of the project by fuel type and end use;

(3) Energy conservation equipment and design features;

(4) Identification of energy supplies that would serve the project; and

(5) Total estimated daily vehicle trips to be generated by the project and the additional energy consumed per trip by mode.

As described in Local Guidelines Section 5.06, above, an initial study must include a description of the environmental setting. The discussion of the environmental setting may include existing energy supplies and energy use patterns in the region and locality. The City may also consider the extent to which energy supplies have been adequately considered in other environmental documents. Environmental impacts may include:

(1) The project's energy requirements and its energy use efficiencies by amount and fuel type for each stage of the project including construction, operation, maintenance and/or removal. If appropriate, the energy intensiveness of materials may be discussed;

(2) The effects of the project on local and regional energy supplies and on requirements for additional capacity;

(3) The effects of the project on peak and base period demands for electricity and other forms of energy;

(4) The degree to which the project complies with existing energy standards;

(5) The effects of the project on energy resources; and/or

(6) The project's projected transportation energy use requirements and its overall use of efficient transportation alternatives.

As discussed above in Section 5.06, the Initial Study must identify the potential environmental effects of the proposed activity. That discussion must include the unavoidable adverse effects. Unavoidable adverse effects may include wasteful, inefficient and unnecessary consumption of energy during the project construction, operation, maintenance and/or removal that cannot be feasibly mitigated.

When discussing energy conservation, alternatives should be compared in terms of overall energy consumption and in terms of reducing wasteful, inefficient and unnecessary consumption of energy.

5.21 ENVIRONMENTAL IMPACT ASSESSMENT.

The Initial Study identifies which environmental impacts may be significant. Based upon the Initial Study, Staff shall determine whether a proposed project may or will have a significant effect on the environment. Such determination shall be made in writing on the Environmental Impact Assessment Form (Form "C"). If Staff finds that a project will not have a significant effect on the environment, it shall recommend that a Negative Declaration be prepared and adopted by the decision-making body. If Staff finds that a project may have a significant effect on the environment, but the effects can be mitigated to a level of insignificance, it shall recommend that a Mitigated Negative Declaration be prepared and adopted by the decision-making body. If Staff finds that a project may have a significant effect on the environment, it shall recommend that an EIR be prepared and certified by the decision-making body.

5.22 FINAL DETERMINATION.

The City Council shall have the final responsibility for determining whether an EIR, Negative Declaration or Mitigated Negative Declaration shall be required for any project. The City Council's determination shall be final and conclusive on all persons, including Responsible Agencies and Trustee Agencies, except as provided in Section 15050(c) of the State CEQA Guidelines. Additionally, in the event the City Council has delegated authority to a subsidiary board or official to approve a project, the City Council also hereby delegates to that subsidiary board or official the authority to make all necessary CEQA determinations, including whether an EIR, Negative Declaration, Mitigated Negative Declaration or exemption shall be required for any project. A subsidiary board or official's CEQA determination shall be subject to appeal consistent with the City's established procedures for appeals.

(Reference: Pub. Resources Code, § 21151.)

 ©Best Best & Krieger LLP

6. NEGATIVE DECLARATION

6.01 DECISION TO PREPARE A NEGATIVE DECLARATION.

A Negative Declaration (Form "E") shall be prepared for a project subject to CEQA when the Initial Study shows that there is no substantial evidence in light of the whole record that the project may have a significant or potentially significant adverse effect on the environment. (See Local Guidelines Sections 11.65 and 11.71.)

(Reference: State CEQA Guidelines, § 15070(a).)

6.02 DECISION TO PREPARE A MITIGATED NEGATIVE DECLARATION.

A Mitigated Negative Declaration (Form "E") shall be prepared for a project subject to CEQA when the Initial Study identifies potentially significant effects on the environment, but:

(a) The project applicant has agreed to revise the project or the City can revise the project to avoid these significant effects or to mitigate the effects to a point where it is clear that no significant effects would occur; or
(b) There is no substantial evidence in light of the whole record before the City that the revised project may have a significant effect.

It is insufficient to require an applicant to adopt mitigation measures after final adoption of the Mitigated Negative Declaration or to state that mitigation measures will be recommended on the basis of a future study. The City must know the measures at the time the Mitigated Negative Declaration is adopted in order for them to be evaluated and accepted as adequate mitigation. Evidence of agreement by the applicant to such mitigation should be in the record prior to public review. Except where noted, the procedural requirements for the preparation and approval of a Negative Declaration and Mitigated Negative Declaration are the same.

(Reference: State CEQA Guidelines, § 15070(b).)

6.03 CONTRACTING FOR PREPARATION OF NEGATIVE DECLARATION OR MITIGATED NEGATIVE DECLARATION.

The City, when acting as Lead Agency, is responsible for preparing all documents required pursuant to CEQA. The documents may be prepared by Staff or by private consultants pursuant to a contract with the City, but they must be the City's product and reflect the independent judgment of the City.

6.04 NOTICE OF INTENT TO ADOPT A NEGATIVE DECLARATION OR MITIGATED NEGATIVE DECLARATION.

When, based upon the Initial Study, it is recommended to the decision-making body that a Negative Declaration or Mitigated Negative Declaration be adopted, a Notice of Intent to Adopt a Negative Declaration or Mitigated Negative Declaration (Form "D") shall be prepared. In addition to being provided to the public through the means set forth in Local Guidelines Section 6.07, this Notice shall also be provided to:

 ©Best Best & Krieger LLP

(a) Each Responsible and Trustee Agency;
(b) Any other federal, state, or local agency that has jurisdiction by law or exercises authority over resources affected by the project, including:

(1) Any water supply agency consulted under Local Guidelines Section 5.16;

(2) Any city or county bordering on the project area;

(3) For a project of statewide, regional, or area-wide significance, to any transportation agencies or public agencies which have major local arterials or public transit facilities within five (5) miles of the project site or freeways, highways, or rail transit service within ten (10) miles of the project site which could be affected by the project; and

(4) For a subdivision project located within one mile of a facility of the State Water Resources Development System, to the California Department of Water Resources;

(c) The last known name and address of all organizations and individuals who have previously filed a written request with the City to receive these Notices;
(d) For certain projects that may impact a low-level flight path, military impact zone, or special use airspace and that meet the other criteria of Local Guidelines Section 6.05, to the specified military services contact;
(e) For certain projects that involve the construction or alteration of a facility anticipated to include hazardous air emissions or handle hazardous substances within one-quarter mile of a school and that meet the other requirements of Local Guidelines Section 6.06, to any potentially affected school district;
(f) For certain waste-burning projects that meet the requirements of Local Guidelines Section 5.11 (regarding mandatory preparation of EIR) (see also Local Guidelines Section 7.27), to the owners and occupants of property within one-fourth mile of any parcel on which the project will be located; and
(g) For a project that establishes or amends a redevelopment plan that contains land in agricultural use, notice shall be provided to the agricultural and farm agencies and organizations specified in Health and Safety Code section 33333.3.
(h) All properties within 600 feet of the project's site outer property lines, or as deemed necessary by the Planning Director.

The Notice of Intent must also be posted to the Lead Agency's website, if any. (Pub. Resources Code, § 21092.2(d).) Additionally, for a project of statewide, regional, or area-wide significance, the Lead Agency should also consult with public transit agencies with facilities within one-half mile of the proposed project.

A copy of the proposed Negative Declaration or Mitigated Negative Declaration and the Initial Study shall be attached to the Notice of Intent to Adopt that is sent to every Responsible Agency and Trustee Agency concerned with the project and every other public agency with jurisdiction by law over resources affected by the project.

The public review period for a Negative Declaration or Mitigated Negative Declaration shall not be less than twenty (20) days; the public review period shall be at least thirty (30) days where the Negative Declaration or Mitigated Negative Declaration is for a proposed project where (1) a state agency is the lead agency, a responsible agency, or a trustee agency; (2) a state agency otherwise has jurisdiction by law with respect to the project; or (3) the proposed project is of sufficient statewide, regional, or area-wide significance as determined pursuant to State CEQA Guidelines section 15206. The Lead Agency shall give notice of the public review period by filing and posting a Notice of Intent to Adopt a Negative Declaration (Form "D") with the County Clerk before commencement of the public review period; where a public review period of at least 30 days is required, the Lead Agency shall also electronically submit the Notice of Intent to the State Clearinghouse. (Pub. Resources Code, § 21091.)

For purposes of calculating the length of the public review period, the last day of the public review period cannot fall on a weekend, a legal holiday, or other day on which the lead agency's offices are closed.[1] (Reference: *Rominger v. County of Colusa* (2014) 229 Cal.App.4th 690, 708.)

If the Negative Declaration or Mitigated Negative Declaration has been submitted to the State Clearinghouse for review by state agencies, the public review period shall be at least as long as the period of review and comment by state agencies. (See Local Guidelines Section 6.10.) Day one of the state agency review period shall be the date that the State Clearinghouse distributes the Negative Declaration or Mitigated Negative Declaration to state agencies.

The Notice of Intent to Adopt a Negative Declaration or Mitigated Negative Declaration shall contain the following information:

(a) The period during which comments shall be received;
(b) The date, time and place of any public meetings or hearings on the proposed project;
(c) A brief description of the proposed project and its location;
(d) The address where copies of the proposed Negative Declaration or Mitigated Negative Declaration and all documents incorporated by reference in the proposed Negative Declaration or Mitigated Negative Declaration are available for review;
(e) A description of how the proposed Negative Declaration or Mitigated Negative Declaration can be obtained in electronic format;
(f) The Environmental Protection Agency ("EPA") list on which the proposed project site is located, if applicable, and the corresponding information from the applicant's statement (see Local Guidelines Section 2.05); and
(g) The significant effects on the environment, if any, anticipated as a result of the proposed project.

(Reference: Pub. Resources Code, §§ 21082.1, 21091, 21161; State CEQA Guidelines, §§ 15072, 15105, 15205.)

[1] A public agency's "offices are closed" for purposes of this section on days in which the agency is formally closed for business (for example, due to a weekend, a legal holiday, or a formal furlough affecting the entire office). A public agency's office is not considered closed for purposes of this section where the agency's office may be physically closed, but the agency is nonetheless open for business and is operating remotely or virtually (for example, in response to the Covid-19 pandemic).

6.05 PROJECTS AFFECTING MILITARY SERVICES; DEPARTMENT OF DEFENSE NOTIFICATION.

CEQA imposes additional requirements to provide notice to potentially affected military agencies when:

(a) The project meets one of the following three criteria:

(1) The project includes a general plan amendment;

(2) The project is of statewide, regional, or area-wide significance; or

(3) The project relates to a public use airport or certain lands surrounding a public use airport; and

(b) A "military service" (defined in Section 11.43 of these Local Guidelines) has provided its contact office and address and notified the Lead Agency of the specific boundaries of a "low-level flight path" (defined in Section **Error! Reference source not found.** of these L ocal Guidelines), "military impact zone" (defined in Section 11.42 of these Local Guidelines), or "special use airspace" (defined in Section 11.68 of these Local Guidelines).

When a project meets these requirements, the City must provide the military service's designated contact with a copy of the Notice of Intent to Adopt a Negative Declaration or Mitigated Negative Declaration that has been prepared for the project, unless the project involves the remediation of lands contaminated with hazardous wastes and meets certain other requirements. (Reference: Pub. Resources Code, §§21080.4 and 21092; Health & Safety Code, §§ 25300, et seq., 25396, and 25187.)

The City must provide the military service with sufficient notice of its intent to adopt a Negative Declaration or Mitigated Negative Declaration to ensure that the military service has no fewer than twenty (20) days to review the documents before they are approved, provided that the military service shall have a minimum of thirty (30) days to review the environmental documents if the documents have been submitted to the State Clearinghouse.

(Reference: State CEQA Guidelines, §§ 15105(b), 15190.5(c).)

6.06 SPECIAL FINDINGS REQUIRED FOR FACILITIES THAT MAY EMIT HAZARDOUS AIR EMISSIONS NEAR SCHOOLS.

Special procedural rules apply to projects involving the construction or alteration of a facility within one-quarter mile of a school/schools when: (1) the facility might reasonably be anticipated to emit hazardous air emissions or to handle an extremely hazardous substance or a mixture containing extremely hazardous substances in a quantity equal to or greater than the threshold specified in Health and Safety Code section 25532(j), and (2) the emissions or substances may pose a health or safety hazard to persons who would attend or would be employed at the school. If the project meets both of those criteria, a Lead Agency may not approve a Negative Declaration or a Mitigated Negative Declaration unless both of the following have occurred:

(a) The Lead Agency consulted with the affected school district or districts having jurisdiction over the school regarding the potential impact of the project on the school; and
(b) The school district(s) was given written notification of the project not less than thirty (30) days prior to the proposed approval of the Negative Declaration.

When the City is considering the adoption of a Negative Declaration or Mitigated Negative Declaration for a project that meets these criteria, it can satisfy this requirement by providing the Notice of Intent to Adopt a Negative Declaration or Mitigated Negative Declaration, the proposed Negative Declaration or Mitigated Negative Declaration, and the Initial Study to the potentially affected school district at least thirty (30) days before the decision-making body will consider the adoption of the Negative Declaration or Mitigated Negative Declaration. See also Local Guidelines Section 6.04.

Implementation of this Guideline shall be consistent with the definitions and terms utilized in State CEQA Guidelines section 15186.

6.07 CONSULTATION WITH CALIFORNIA NATIVE AMERICAN TRIBES.

Prior to the release of a Notice of Intent to Adopt a Negative Declaration or Mitigated Negative Declaration for a project, the Lead Agency shall begin consultation with a California Native American tribe that is traditionally and culturally affiliated with the geographic area of the proposed project if:

(a) The California Native American tribe requested to the Lead Agency, in writing, to be informed by the Lead Agency through formal notification of proposed projects in the geographic area that is traditionally and culturally affiliated with the tribe; and

(b) The California Native American tribe responds, in writing, within 30 days of receipt of the formal notification, and requests the consultation. The California Native American tribe shall designate a lead contact person when responding to the Lead Agency. If a lead contact is not designated by the California Native American tribe, or it designates multiple lead contact people, the Lead Agency shall defer to the individuals listed on the contact list maintained by the Native American Heritage Commission. Consultation is defined in Local Guidelines Section 11.11.

To expedite the requirements of this section, the Native American Heritage Commission shall assist the Lead Agency in identifying the California American Native tribes that are traditionally and culturally affiliated with the project area.

Within 14 days of determining that an application for a project is complete or a decision by a public agency to undertake a project, the Lead Agency shall provide formal notification to the designated contact of, or a trial representative of, traditionally and culturally affiliated California Native America tribes that have requested notice, which shall be accomplished by at least one written notification that includes a brief description of the proposed project and its location, the Lead Agency contact information, and a notification that the California Native American tribe has 30 days to request consultation. Where the application for a housing development project is deemed to be complete on or after March 4, 2020 and before December 31,

2021, the California Native American tribe shall have 60 days to respond to the Lead Agency and request consultation. (Reference: Gov. Code, § 65583(i).)

The Lead Agency shall begin the consultation process within 30 days of receiving a California Native American tribe's request for consultation.

If consultation is requested, the parties may propose mitigation measures, including those set forth in Public Resources Code section 21084.3, capable of avoiding or substantially lessening potential significant impacts to a tribal cultural resource or alternatives that would avoid significant impacts to a tribal cultural resource. The consultation may include discussion concerning the type of environmental review necessary, the significance of tribal cultural resources, the significance of the project's impacts on the tribal cultural resources, and, if necessary, project alternatives or the appropriate measures for preservation or mitigation that the California Native American tribe may recommend to the Lead Agency.

The consultation shall be considered concluded when either of the following occurs:

(1) The parties agree to measures to mitigate or avoid a significant effect, if a significant effect exists, on a tribal cultural resource.

(2) A party, acting in good faith and after reasonable effort, concludes that mutual agreement cannot be reached.

The California Native American tribe is not limited in its ability to submit information to the lead agency regarding the significance of the tribal cultural resources, the significance of the project's impact on tribal cultural resources, or any appropriate measures to mitigate the impacts. Additionally, the lead agency or project proponent is not limited in its ability to incorporate changes and additions to the project as a result of the consultation, even if not legally required.

(Reference: Pub. Resources Code, §§ 21080.3.1, 21080.3.2.)

6.08 IDENTIFICATION OF TRIBAL CULTURAL RESOURCES AND PROCESSING OF INFORMATION AFTER CONSULTATION WITH THE CALIFORNIA NATIVE AMERICAN TRIBE

After consultation with the California Native American tribe listed above in Local Guidelines Section 6.07, any mitigation measures agreed upon in the consultation conducted pursuant to Public Resources Code section 21080.3.2 shall be recommended for inclusion in the Mitigated Negative Declaration and in an adopted mitigation monitoring and reporting program, if the mitigation measures are determined to avoid or lessen the proposed project's impacts on tribal cultural resources, and if the mitigation measures are enforceable.

If a project may have a significant impact on a tribal cultural resource, the Lead Agency's Mitigated Negative Declaration shall discuss both of the following:

(a) Whether the proposed project has a significant impact on an identified tribal cultural resource;

(b) Whether feasible alternatives or mitigation measures, including those measures that may be agreed to during the consultation, avoid or substantially lessen the impact on the identified tribal cultural resource.

Any information provided regarding the location, description and use of the tribal cultural resource that is submitted by a California Native American tribe during the environmental review process shall not be included in the Negative Declaration or Mitigated Negative Declaration or otherwise disclosed by the Lead Agency or any other public agency to the public, consistent with Government Code section 7927.005, and State CEQA Guidelines section 15120(d), without the prior consent of the tribe that provided the information. If the Lead Agency publishes any information submitted by a California Native American tribe during the consultation or environmental review process, that information shall be published in a confidential appendix to the Negative Declaration or Mitigated Negative Declaration unless the tribe provides consent, in writing, to the disclosure of some or all of the information to the public. This does not prohibit the confidential exchange of the submitted information between public agencies that have lawful jurisdiction over the preparation of the Negative Declaration or the Mitigated Negative Declaration.

The exchange of confidential information regarding tribal cultural resources submitted by a California Native American tribe during the consultation or environmental review process among the Lead Agency, the California Native American tribe, the project applicant, or the project applicant's agent is not prohibited by Public Resources Code section 21082.3. The project applicant and the project applicant's legal advisers must use a reasonable degree of care and maintain the confidentiality of the information exchanged for the purposes of preventing looting, vandalism, or damage to tribal cultural resources and shall not disclose to a third party confidential information regarding the cultural resource unless the California Native American tribe providing the information consents in writing to the public disclosure of such information.

Public Resources Code section 21082.3 does not prevent a Lead Agency or other public agency from describing the information in general terms in the Negative Declaration or Mitigated Negative Declaration so as to inform the public of the basis of the Lead Agency's or other public agency's decision without breaching the confidentiality required. In addition, a Lead Agency may adopt a Mitigated Negative Declaration for a project with a significant impact on an identified tribal cultural resource only if one of the following occurs:

(a) The consultation process between the California Native American tribe and the Lead Agency has occurred as provided in Public Resources Code sections 21080.3.1 and 21080.3.2 and concluded pursuant to subdivision (b) of Section 21080.3.2.

(b) The California Native American tribe has requested consultation pursuant to Public Resources Code section 21080.3.1 and has failed to provide comments to the Lead agency, or otherwise failed to engage, in the consultation process.

(c) The Lead Agency has complied with subdivision (d) of Section 21080.3.1 of the Public Resources Code and the California Native American tribe has failed to request consultation within 30 days.

 ©Best Best & Krieger LLP

If substantial evidence demonstrates that a project will cause a significant effect to a tribal cultural resource but the decision-makers do not include the mitigation measures recommended by the staff in the Mitigated Negative Declaration, or if there are no agreed upon mitigation measures at the conclusion of the consultation; or if no consultation has occurred, the Lead Agency must still consider the adoption of feasible mitigation.

(Reference: Pub. Resources Code, § 21082.3.)

6.09 SIGNIFICANT ADVERSE IMPACTS TO TRIBAL CULTURAL RESOURCES

Public agencies shall, when feasible, avoid damaging effects to any tribal cultural resource. If the Lead Agency determines that a project may cause a substantial adverse change to a tribal cultural resource, and measures are not otherwise identified in the consultation process provided in Public Resources Code section 21080.3.2 and as set forth in Local Guidelines Section 6.07, the following examples of mitigation measures, if feasible, may be considered to avoid or minimize the significant adverse impacts:

(a) Avoidance and preservation of the resources in place, including, but not limited to, planning and construction to avoid the resources and protect the cultural and natural context, or planning greenspace, parks, or other open space, to incorporate the resources with culturally appropriate protection and management criteria.

(b) Treating the resource with culturally appropriate dignity taking into account the tribal cultural values and meaning of the resource, including, but not limited to, the following:

(1) Protecting the cultural character and integrity of the resource.

(2) Protecting the traditional use of the resource.

(3) Protecting the confidentiality of the resource.

(c) Permanent conservation easements or other interests in real property, with culturally appropriate management criteria for the purposes of preserving or utilizing the resources or places.

(d) Protecting the resource.

(Reference: Pub. Resources Code, § 21084.3.)

6.10 POSTING AND PUBLICATION OF NEGATIVE DECLARATION OR MITIGATED NEGATIVE DECLARATION.

The City shall have a copy of the Notice of Intent to Adopt, the Negative Declaration or Mitigated Negative Declaration, and the Initial Study posted at the City's offices and on the City's website, if any, and shall make these documents available for public inspection. The Notice must be provided either twenty (20) or thirty (30) days prior to final adoption of the Negative Declaration or Mitigated Negative Declaration. The public review period for a Negative

Declaration or Mitigated Negative Declaration prepared for a project subject to state agency review, as set forth in Local Guidelines Section 6.11, must be circulated for at least as long as the review period established by the State Clearinghouse, usually no less than thirty (30) days. Under certain circumstances, a shortened review period of at least twenty (20) days may be approved by the State Clearinghouse as provided for in State CEQA Guidelines section 15105. See the Shortened Review Request Form "P." The state review period will commence on the date the State Clearinghouse distributes the document to state agencies. The State Clearinghouse will distribute the document within three (3) days of receipt if the Negative Declaration or Mitigated Negative Declaration is deemed complete.

The Notice must also be posted in the office of the Clerk in each county in which the project is located and must remain posted throughout the public review period. The County Clerk is required to post the Notice within twenty-four (24) hours of receiving it.

Notice shall be provided as stated in Local Guidelines Section 6.04. In addition, Notice of the Intent to Adopt shall be given to the last known name and address of all organizations and individuals who have previously requested notice; by posting the notice on the website of the lead agency; and by at least one of the following procedures:

(a) Publication at least once in a newspaper of general circulation in the area affected by the proposed project. If more than one area will be affected, the notice shall be published in the newspaper of largest circulation from among the newspapers of general circulation in those areas;
(b) Posting of notice on and off site in the area where the project is to be located; or
(c) Direct mailing to owners and occupants of property contiguous to the project, as shown on the latest equalized assessment roll.

The City, when acting as Lead Agency, shall consider all comments received during the public review period for the Negative Declaration or Mitigated Negative Declaration. For a Negative Declaration or Mitigated Negative Declaration, the City is not required to respond in writing to comments it receives either during or after the public review period. However, the City may provide a written response to all comments if it will not delay action on the Negative Declaration or Mitigated Negative Declaration, since any comment received prior to final action on the Negative Declaration or Mitigated Negative Declaration can form the basis of a legal challenge. A written response that refutes the comment or adequately explains the City's action in light of the comment will assist the City in defending against a legal challenge. The City shall notify any public agency that comments on a Negative Declaration or Mitigated Negative Declaration of the public hearing or hearings, if any, on the project for which the Negative Declaration or Mitigated Negative Declaration was prepared.

(Reference: Pub. Resources Code, § 21092; State CEQA Guidelines, §§ 15072-15073.)

6.11 SUBMISSION OF NEGATIVE DECLARATION OR MITIGATED NEGATIVE DECLARATION TO STATE CLEARINGHOUSE.

A Negative Declaration or Mitigated Negative Declaration must be submitted to the State Clearinghouse, in an electronic form as required by the Office of Land Use and Climate Innovation

("LCI"), regardless of whether the document must be circulated for review and comment by state agencies under State CEQA Guidelines section 15205 and 15206. The Negative Declaration or Mitigated Negative Declaration must be submitted via LCI's CEQA Submit website (https://ceqasubmit.lci.ca.gov/). The CEQA Submit website differentiates between environmental documents that do require review and comment by state agencies and those that do not. In particular, the website provides a "Local Review Period" tab for submitting documents that do not require review and comment by state agencies, and a "State Review Period" tab for submitting documents that do require review and comment by state agencies.

A Negative Declaration or Mitigated Negative Declaration must be submitted to the State Clearinghouse for review and comment by state agencies (i.e., a Negative Declaration or Mitigated Negative Declaration must be submitted through the CEQA Submit website under the "State Review Period" tab) in the following situations:

(a) The Negative Declaration or Mitigated Negative Declaration is prepared by a Lead Agency that is a state agency;
(b) The Negative Declaration or Mitigated Negative Declaration is prepared by a public agency where a state agency is a Responsible Agency, Trustee Agency, or otherwise has jurisdiction by law with respect to the project; or
(c) The Negative Declaration or Mitigated Negative Declaration is for a project identified in State CEQA Guidelines section 15206 as being of statewide, regional, or area-wide significance.

State CEQA Guidelines section 15206 identifies the following types of projects as being examples of projects of statewide, regional, or area-wide significance that require submission to the State Clearinghouse for circulation:

(1) Projects that have the potential to cause significant environmental effects beyond the city or county where the project would be located, such as:

    (a) Residential development of more than 500 units;
    (b) Commercial projects employing more than 1,000 persons or covering more than 500,000 square feet of floor space;
    (c) Office building projects employing more than 1,000 persons or covering more than 250,000 square feet of floor space;
    (d) Hotel or motel development of more than 500 rooms; or
    (e) Industrial projects housing more than 1,000 persons, occupying more than 40 acres of land, or covering more than 650,000 square feet of floor area;

(2) Projects for the cancellation of a Williamson Act contract covering 100 or more acres;

(3) Projects in one of the following Environmentally Sensitive Areas:

    (a) Lake Tahoe Basin;
    (b) Santa Monica Mountains Zone;
    (c) Sacramento-San Joaquin River Delta;
    (d) Suisun Marsh;

 ©Best Best & Krieger LLP

(e) Coastal Zone, as defined by the California Coastal Act;
(f) Areas within one-quarter mile of a river designated as wild and scenic; or
(g) Areas within the jurisdiction of the San Francisco Bay Conservation and Development Commission;

(4) Projects that would affect sensitive wildlife habitats or the habitats of any rare, threatened, or endangered species;

(5) Projects that would interfere with water quality standards; and

(6) Projects that would provide housing, jobs, or occupancy for 500 or more people within 10 miles of a nuclear power plant.

A Negative Declaration or Mitigated Negative Declaration may also be submitted to the State Clearinghouse for circulation if a state agency has special expertise with regard to the environmental impacts involved.

The public review period for a Negative Declaration or a Mitigated Negative Declaration shall not be less than twenty (20) days. The review period, however, shall be at least thirty (30) days if the Negative Declaration or Mitigated Negative Declaration is for a proposed project where a state agency is the lead agency, a responsible agency, or a trustee agency; a state agency otherwise has jurisdiction by law with respect to the project; or the proposed project is of sufficient statewide, regional, or areawide significance as determined pursuant to the guidelines certified and adopted pursuant to State CEQA Guidelines section 15206. When the Negative Declaration or Mitigated Negative Declaration is submitted to the State Clearinghouse for state agency review, the review period begins (day one) on the date that the State Clearinghouse distributes the Negative Declaration or Mitigated Negative Declaration to state agencies. The State Clearinghouse is required to distribute the Negative Declaration or Mitigated Negative Declaration to state agencies within three (3) working days from the date the State Clearinghouse receives the document, as long as the Negative Declaration or Mitigated Negative Declaration is complete when submitted to the State Clearinghouse. If the document submitted to the State Clearinghouse is not complete, the State Clearinghouse must notify the Lead Agency. The review period for the public and all other agencies may run concurrently with the state agency review period established by the State Clearinghouse, but the public review period cannot conclude before the state agency review period does. The review period for the public shall be at least as long as the review period established by the State Clearinghouse.

A shorter review period by the State Clearinghouse for a Negative Declaration or Mitigated Negative Declaration can be requested by the decision-making body. The shortened review period shall not be less than twenty (20) days. Such a request must be made in writing by the Lead Agency to LCI. The decision-making body may designate by resolution or ordinance an individual authorized to request a shorter review period. (See Form "P"). Any approval of a shortened review period must be given prior to, and reflected in, the public notice. However, a shortened review period shall not be approved by LCI for any proposed project of statewide, regional or areawide environmental significance, as defined by State CEQA Guidelines section 15206.

 ©Best Best & Krieger LLP

When the Lead Agency completes its Negative Declaration or Mitigated Negative Declaration for a proposed project, the Lead Agency must also cause a Notice of Completion (Form "H") to be filed with the Office of Land Use and Climate Innovation via its CEQA Submit website. The Notice of Completion should briefly identify the project, indicate that an environmental document has been prepared for the project, and identify the project location by latitude and longitude.

The Lead Agency must post the Notice of Intent, Notice of Completion, and Negative Declaration or Mitigated Negative Declaration on its website, if any.

(Reference: Pub. Resources Code, §§ 21082.1, 21161; State CEQA Guidelines, §§ 15205, 15206.)

6.12 SPECIAL NOTICE REQUIREMENTS FOR WASTE- AND FUEL-BURNING PROJECTS.

For any project that involves the burning of municipal waste, hazardous waste, or refuse-derived fuel (such as tires) and that does not require an EIR, as defined in Local Guidelines Section 5.11, a Notice of Intent to Adopt a Negative Declaration or Mitigated Negative Declaration shall be given to all organizations and individuals who have previously requested it and shall also be given by all three of the procedures listed in Local Guidelines Section 6.07. In addition, Notice shall be given by direct mailing to the owners and occupants of property within one-quarter mile of any parcel or parcels on which such a project is located.

These notice requirements apply only to those projects described in Local Guidelines Section 5.11. These notice requirements do not preclude the City from providing additional notice by other means if desired.

(Reference: Pub. Resources Code, § 21092(c).)

6.13 CONSULTATION WITH WATER AGENCIES REGARDING LARGE DEVELOPMENT PROJECTS.

Under specific circumstances a city or county acting as Lead Agency must consult with the public water system that will supply the project to determine whether the public water system can adequately supply the water needed for the project. As a Responsible Agency, the City should be aware of these requirements. See Local Guidelines Section 5.16 for more information on these requirements.

(Reference: State CEQA Guidelines, § 15155.)

6.14 CONTENT OF NEGATIVE DECLARATION OR MITIGATED NEGATIVE DECLARATION.

A Negative Declaration must be prepared directly by or under contract to the City and should generally resemble Form "E." It shall contain the following information:

(a) A brief description of the project proposed, including any commonly used name for the project;
(b) The location of the project and the name of the project proponent;

(c) A finding that the project as proposed will not have a significant effect on the environment; and
(d) An attached copy of the Initial Study documenting reasons to support the finding.

For a Mitigated Negative Declaration, feasible mitigation measures included in the project to substantially lessen or avoid potentially significant effects must be fully enforceable through permit conditions, agreements, or other measures. Such permit conditions, agreements, and measures must be consistent with applicable constitutional requirements such as the "nexus" and "rough proportionality" standards established by case law.

The proposed Negative Declaration or Mitigated Negative Declaration must reflect the independent judgment of the City.

(Reference: State CEQA Guidelines, § 15071.)

6.15 TYPES OF MITIGATION.

The following is a non-exhaustive list of potential types of mitigation the City may consider:

(a) Avoidance;
(b) Preservation;
(c) Rehabilitation or replacement. Replacement may be on-site or off-site depending on the particular circumstances; and/or
(d) Participation in a fee program.

(Reference: State CEQA Guidelines, § 15370.)

6.16 ADOPTION OF NEGATIVE DECLARATION OR MITIGATED NEGATIVE DECLARATION.

Following the publication, posting or mailing of the Notice of Intent to Adopt a Negative Declaration or Mitigated Negative Declaration, but not before the expiration of the applicable twenty (20) or thirty (30) day public review period, the Negative Declaration or Mitigated Negative Declaration may be presented to the decision-making body at a regular or special meeting. Prior to adoption, the City shall independently review and analyze the Negative Declaration or Mitigated Negative Declaration and find that the Negative Declaration or Mitigated Negative Declaration reflects the independent judgment of the City.

If new information is added to the Negative Declaration or Mitigated Negative Declaration after public review, the City should determine whether recirculation is warranted. (See Local Guidelines Section 6.19). If the decision-making body finds that the project will not have a significant effect on the environment, it shall adopt the Negative Declaration or Mitigated Negative Declaration. If the decision-making body finds that the proposed project may have a significant effect on the environment that cannot be mitigated or avoided, it shall order the preparation of a Draft EIR and the filing of a Notice of Preparation of a Draft EIR.

When adopting a Negative Declaration or Mitigated Negative Declaration, the City shall specify the location and custodian of the documents or other material that constitute the record of

proceedings upon which it based its decision. If adopting a Negative Declaration for a project that may emit hazardous air emissions within one-quarter mile of a school and that meets the other requirements of Local Guidelines Section 6.06, the decision-making body must also make the findings required by Local Guidelines Section 6.06.

As Lead Agency, the City may charge a non-elected official or body with the responsibility of independently reviewing the adequacy of and adopting a Negative Declaration or a Mitigated Negative Declaration. Any final CEQA determination made by a non-elected decisionmaker, however, is appealable to the City Council within either (a) the time period set forth in the City's established process to appeal the non-elected decisionmaker's CEQA determination; or, if no such process exists, (2) ten (10) days of the non-elected decisionmaker's determination. If the non-elected decisionmaker's CEQA determination is not timely appealed as set forth herein, the non-elected decisionmaker's determination shall be final.

(Reference: State CEQA Guidelines, § 15074.)

6.17 MITIGATION REPORTING OR MONITORING PROGRAM FOR MITIGATED NEGATIVE DECLARATION.

When adopting a Mitigated Negative Declaration pursuant to Local Guidelines Section 6.13, the City shall adopt a reporting or monitoring program to assure that mitigation measures, which are required to mitigate or avoid significant effects on the environment, will be fully enforceable through permit conditions, agreements, or other measures and implemented by the project proponent or other responsible party in a timely manner, in accordance with conditions of project approval. The City shall also specify the location and the custodian of the documents that constitute the record of proceedings upon which it based its decision. There is no requirement that the reporting or monitoring program be circulated for public review; however, the City may choose to circulate it for public comments along with the Mitigated Negative Declaration. The mitigation measures required to mitigate or avoid significant effects on the environment must be adopted as conditions of project approval.

This reporting or monitoring program shall be designed to assure compliance during the implementation or construction of a project and shall otherwise comply with the requirements described in Local Guidelines Section 7.38. If a Responsible Agency or Trustee Agency has required that certain conditions be incorporated into the project, the City may request that agency to prepare and submit a proposed reporting or monitoring program. The City shall also require that, prior to the close of the public review period for a Mitigated Negative Declaration (see Local Guidelines Section 6.04), the Responsible or Trustee Agency submit detailed performance objectives for mitigation measures, or refer the City to appropriate, readily available guidelines or reference documents. Any mitigation measures submitted to the City by a Responsible or Trustee Agency shall be limited to measures that mitigate impacts to resources that are within the Responsible or Trustee Agency's authority.

Local agencies have the authority to levy fees sufficient to pay for this program. Therefore, the City can charge the project proponent a fee to cover actual costs of program processing and implementation.

Transportation information resulting from the reporting or monitoring program required to be adopted by the City shall be submitted to the regional transportation planning agency where the project is located and to the Department of Transportation for a project of statewide, regional or area-wide significance according to State CEQA Guidelines section 15206. The transportation planning agency and the Department of Transportation are required by law to adopt guidelines for the submittal of these reporting or monitoring programs, so the City may wish to tailor its submittal to such guidelines.

(Reference: State CEQA Guidelines, §§ 15074, 15097.)

6.18 APPROVAL OR DISAPPROVAL OF PROJECT.

At the time of adoption of a Negative Declaration or Mitigated Negative Declaration, the decision-making body may consider the project for purposes of approval or disapproval. Prior to approving the project, the decision-making body shall consider the Negative Declaration or Mitigated Negative Declaration, together with any written comments received and considered during the public review period, and shall approve or disapprove the Negative Declaration or Mitigated Negative Declaration. In making a finding as to whether there is any substantial evidence that the project will have a significant effect on the environment, the factors listed in Local Guidelines Section 5.08 should be considered. (See Local Guidelines Section 6.06 for approval requirements for facilities that may emit hazardous pollutants or that may handle extremely hazardous substances within one-quarter mile of a school site.)

(Reference: State CEQA Guidelines, § 15092.)

6.19 RECIRCULATION OF A NEGATIVE DECLARATION OR MITIGATED NEGATIVE DECLARATION.

A Negative Declaration or Mitigated Negative Declaration must be recirculated when the document must be substantially revised after the public review period but prior to its adoption. A "substantial revision" occurs when the City has identified a new and avoidable significant effect for which mitigation measures or project revisions must be added in order to reduce the effect to a level of insignificance, or when the City determines that the proposed mitigation measures or project revisions will not reduce the potential effects to less than significant and new measures or revisions must be required.

Recirculation is not required under the following circumstances:

(a) Mitigation measures are replaced with equal or more effective measures, and the City makes a finding to that effect;
(b) New project revisions are added after circulation of the Negative Declaration or Mitigated Negative Declaration or in response to written or oral comments on the project's effects, but the revisions do not create new significant environmental effects and are not necessary to mitigate an avoidable significant effect;
(c) Measures or conditions of project approval are added after circulation of the Negative Declaration or Mitigated Negative Declaration, but the measures or conditions are not required by CEQA, do not create new significant environmental effects, and are not necessary to mitigate an avoidable significant effect; or

 ©Best Best & Krieger LLP

(d) New information is added to the Negative Declaration or Mitigated Declaration which merely clarifies, amplifies, or makes insignificant modifications to the Negative Declaration or Mitigated Negative Declaration.

If, after preparation of a Negative Declaration or Mitigated Negative Declaration, the City determines that the project requires an EIR, it shall prepare and circulate the Draft EIR for consultation and review and advise reviewers in writing that a proposed Negative Declaration or Mitigated Declaration had previously been circulated for the project.

(Reference: State CEQA Guidelines, § 15073.5.)

6.20 NOTICE OF DETERMINATION ON A PROJECT FOR WHICH A PROPOSED NEGATIVE OR MITIGATED NEGATIVE DECLARATION HAS BEEN APPROVED.

After final approval of a project for which a Negative Declaration or Mitigated Negative Declaration has been prepared, Staff shall cause to be prepared, filed, and posted a Notice of Determination (Form "F"). The Notice of Determination shall contain the following information:

(a) An identification of the project, including the project title as identified on the proposed Negative Declaration or Mitigated Negative Declaration, location, and the State Clearinghouse identification number for the proposed Negative Declaration or Mitigated Negative Declaration if the Notice of Determination is filed with the State Clearinghouse;
(b) For private projects, identification of the person undertaking a project that is supported, in whole or in part, through contracts, grants, subsidies, loans, or other forms of assistance from one or more public agencies or the identity of the person receiving a lease, permit, license, certificate, or other entitlement for use from one or more public agencies;
(c) A brief description of the project;
(d) The name of the City and the date on which the City approved the project;
(e) The determination of the City that the project will not have a significant effect on the environment;
(f) A statement that a Negative Declaration or Mitigated Negative Declaration was adopted pursuant to the provisions of CEQA;
(g) A statement indicating whether mitigation measures were made a condition of the approval of the project, and whether a mitigation monitoring plan/program was adopted; and
(h) The address where a copy of the Negative Declaration or Mitigated Negative Declaration may be examined.

The Notice of Determination shall be filed within five (5) working days of project approval with both (1) the Clerk of each county in which the project will be located; and (2) the State Clearinghouse of the Office of Land Use and Climate Innovation.

The City must also post the Notice of Determination on its website. Such electronic notice is in addition to the posting requirements of the State CEQA Guidelines and the Public Resources Code. The Clerk must post the Notice of Determination within twenty-four (24) hours of receipt. The Notice must be posted in the office of the Clerk for a minimum of thirty (30) days. Thereafter, the Clerk shall return the notice to the City with a notation of the period it was posted. The City

shall retain the notice for not less than twelve (12) months. For projects with more than one phase, Staff shall file a Notice of Determination for each phase requiring a discretionary approval.

The filing and posting of the Notice of Determination with the County Clerk usually starts a thirty (30) day statute of limitations on court challenges to the approval under CEQA. When separate notices are filed for successive phases of the same overall project, the thirty (30) day statute of limitations to challenge the subsequent phase begins to run when the subsequent notice is filed. Failure to file the Notice may result in a one hundred eighty (180) day statute of limitations.

(Reference: State CEQA Guidelines, § 15075.)

6.21 ADDENDUM TO NEGATIVE DECLARATION OR MITIGATED NEGATIVE DECLARATION.

The City may prepare an addendum to an adopted Negative Declaration or Mitigated Negative Declaration if only minor technical changes or additions are necessary. The City may also prepare an addendum to an adopted Negative Declaration or Mitigated Negative Declaration when none of the conditions calling for a subsequent Negative Declaration or Mitigated Negative Declaration have occurred. (See Local Guidelines Section 6.22 below.) An addendum need not be circulated for public review but can be attached to the adopted Negative Declaration or Mitigated Negative Declaration. The City shall consider the addendum with the adopted Negative Declaration or Mitigated Negative Declaration prior to project approval.

(Reference: State CEQA Guidelines, § 15164.)

6.22 SUBSEQUENT NEGATIVE DECLARATION OR MITIGATED NEGATIVE DECLARATION.

When a Negative Declaration or Mitigated Negative Declaration has been adopted for a project, or when an EIR has been certified, no subsequent Negative Declaration, Mitigated Negative Declaration, or EIR shall be prepared for that project unless the Lead Agency determines, on the basis of substantial evidence in the light of the whole record, one or more of the following:

(a) Substantial changes are proposed in the project which will require major revisions of the previous EIR, Negative Declaration, or Mitigated Negative Declaration due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or

(b) Substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the previous EIR, Negative Declaration, or Mitigated Negative Declaration due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or

(c) New information of substantial importance which was not known and could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified or the Negative Declaration was adopted which shows any of the following:

 ©Best Best & Krieger LLP

(1) The project will have one or more significant effects not discussed in the previous EIR or Negative Declaration;

(2) Significant effects previously examined will be substantially more severe than shown in the previous EIR;

(3) Mitigation measure(s) or alternative(s) previously found not to be feasible would in fact be feasible and would substantially reduce one or more significant effects of the project, but the project proponents declined to adopt the mitigation measure(s) or alternative(s); or

(4) Mitigation measure(s) or alternative(s) which are considerably different from those analyzed in the previous EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure(s) or alternative(s).

The City, as Lead Agency, would then determine whether a Subsequent EIR, Supplemental EIR, Subsequent Negative Declaration, Subsequent Mitigated Negative Declaration, or Addendum would be applicable. Subsequent Negative Declarations and Mitigated Negative Declarations must be given the same notice and public review period as other Negative Declarations. The Subsequent Negative Declaration shall state where the previous document is available and can be reviewed.

(Reference: State CEQA Guidelines, § 15162.)

6.23 PRIVATE PROJECT COSTS.

For private projects, the person or entity proposing to carry out the project shall bear all costs incurred by the City in preparing the Initial Study and in preparing and filing the Negative Declaration or Mitigated Negative Declaration and Notice of Determination.

6.24 FILING FEES FOR PROJECTS THAT AFFECT WILDLIFE RESOURCES.

At the time a Notice of Determination for a Negative Declaration or Mitigated Negative Declaration is filed with the County or Counties in which the project is located, a fee of $3,043.75, or the then applicable fee, shall be paid to the Clerk for projects that will adversely affect fish or wildlife resources. These fees are collected by the Clerk on behalf of DFW pursuant to Fish and Game Code section 711.4.

Only one filing fee is required for each project unless the project is tiered or phased and separate environmental documents are prepared. (Fish & Game Code section 711.4(g).) For projects where Responsible Agencies file separate Notices of Determination, only the Lead Agency is required to pay the fee.

Note: County Clerks are authorized to charge a documentary handling fee for each project in addition to the Fish and Game Code fees specified above. Refer to the Index in the Staff Summary to help determine the correct total amount of fees applicable to the project.

For private projects, the City may pass these costs on to the project applicant.

Fish and Game Code fees may be waived for projects with "no effect" on fish or wildlife resources or for certain projects undertaken by the DFW and implemented through a contract with a non-profit entity or local government agency; however, the Lead Agency must obtain a form showing that the DFW has determined that the project will have "no effect" on fish and wildlife. (Fish and Game Code section 711.4(c)(2)(A)). Projects that are statutorily or categorically exempt from CEQA are also not subject to the filing fee, and do not require a no effect determination. (State CEQA Guidelines sections 15260 through 15333; Fish and Game Code section 711.4(d)(1)). The applicable DFW Regional Office's environmental review and permitting staff are responsible for determining whether a project within their region will qualify for a no effect determination and if the CEQA filing fee will be waived.

The request should be submitted when the CEQA document is released for public review, or as early as possible in the public comment period. Documents submitted in digital format are preferred (e.g. compact disk). If insufficient documentation is submitted to DFW for the proposed project, a no effect determination will not be issued.

If the City believes that a project for which it is Lead Agency will have "no effect" on fish or wildlife resources, it should contact the appropriate DFW Regional Office. The project's CEQA document may need to be provided to the appropriate DFW Regional Office along with a written request. Documentation submitted to the appropriate DFW Regional Office should set forth facts in support of the fee exemption. Previous examples of projects that have qualified for a fee exemption include: minor zoning changes that did not lead to or allow new construction, grading, or other physical alterations to the environment; and minor modifications to existing structures, including addition of a second story to single or multi-family residences.

The fee exemption requirement that the project have "no" impact on fish or wildlife resources is more stringent than the former requirement that a project have only "de minimis" effects on fish or wildlife resources. DFW may determine that a project would have no effect on fish and wildlife if all of the following conditions apply:

- The project would not result in or have the potential to result in harm, harassment, or take of any fish and/or wildlife species.

- The project would not result in or have the potential to result in direct or indirect destruction, ground disturbance, or other modification of any habitat that may support fish and/or wildlife species.

- The project would not result in or have the potential to result in the removal of vegetation with potential to support wildlife.

- The project would not result in or have the potential to result in noise, vibration, dust, light, pollution, or an alteration in water quality that may affect fish and/or wildlife directly or from a distance.

- The project would not result in or have the potential to result in any interference with the movement of any fish and/or wildlife species.

 ©Best Best & Krieger LLP

Any request for a fee exemption should include the following information:

(1) the name and address of the project proponent and applicant contact information;

(2) a brief description of the project and its location;

(3) site description and aerial and/or topographic map of the project site;

(4) State Clearinghouse number or county filing number;

(5) a statement that an Initial Study has been prepared by the City to evaluate the project's effects on fish and wildlife resources, if any; and

(6) a declaration that, based on the City's evaluation of potential adverse effects on fish and wildlife resources, the City believes the project will have no effect on fish or wildlife.

If insufficient documentation is submitted to DFW for the proposed project, a no effect determination will not be issued. (A sample Request for Fee Exemption is attached as Form "L".) DFW will review the City's finding, and if DFW agrees with the City's conclusions, DFW will provide the City with written confirmation. The City should retain DFW's determination as part of the administrative record; the City is required to file a copy of this determination with the County after project approval and at the time of filing of the Notice of Determination.

The City must have written confirmation of DFW's finding of "no impact" at the time the City files its Notice of Determination with the County. The County cannot accept the Notice of Determination unless it is accompanied by the appropriate fee or a written no effect determination from DFW.

 ©Best Best & Krieger LLP

7. ENVIRONMENTAL IMPACT REPORT

7.01 DECISION TO PREPARE AN EIR.

An EIR shall be prepared whenever there is substantial evidence in light of the whole record which supports a fair argument that the project may have a significant effect on the environment. (See Local Guidelines Sections **Error! Reference source not found.** and **Error! Reference source not found.**.) The record may include the Initial Study or other documents or studies prepared to assess the project's environmental impacts.

(Reference: Pub. Resources Code, § 21151.)

7.02 CONTRACTING FOR PREPARATION OF EIRS.

If an EIR is prepared under a contract with the City, the contract must be executed within forty-five (45) days from the date on which the City sends a Notice of Preparation. The City may take longer to execute the contract if the project applicant and the City mutually agree to an extension of the 45-day time limit. (Reference: Pub. Resources Code, § 21151.5.)

The EIR prepared under contract must be the City's product. Staff, together with such consultant help as may be required, shall independently review and analyze the EIR to verify its accuracy, objectivity and completeness prior to presenting it to the decision-making body. The EIR made available for public review must reflect the independent judgment of the City. Staff may require such information and data from the person or entity proposing to carry out the project as Staff deems necessary for completion of the EIR. (Reference: State CEQA Guidelines, §§ 15084, 15090.)

7.03 NOTICE OF PREPARATION OF DRAFT EIR.

After determining that an EIR will be required for a proposed project, the Lead Agency shall prepare and submit a Notice of Preparation (Form "G") to the Office of Land Use and Climate Innovation through its CEQA Submit website and to each of the following:

(a) Each Responsible Agency and Trustee Agency involved with the project;
(b) Any other federal, state, or local agency which has jurisdiction by law or exercises authority over resources affected by the project, including:

(1) Any water supply agency consulted under Local Guidelines Section 5.16;

(2) Any city or county bordering on the project area;

(3) For a project of statewide, regional, or area-wide significance, to any transportation agencies or public agencies which have major local arterials or public transit facilities within five (5) miles of the project site or freeways, highways, or rail transit service within ten (10) miles of the project site which could be affected by the project; and

(4) For a subdivision project located within one mile of a facility of the State Water Resources Development System, the California Department of Water Resources;

(c) The last known name and address of all organizations and individuals who have previously filed a written request with the City to receive these Notices;
(d) For certain projects that may impact a low-level flight path, military impact zone, or special use airspace and that meet the other criteria in Local Guidelines Section 7.04, the specified military services contact;
(e) For certain projects that involve the construction or alteration of a facility anticipated to emit hazardous air emissions or handle hazardous substances within one-quarter mile of a school and that meet the other requirements of Local Guidelines Section 7.36, any potentially affected school district;
(f) For certain waste-burning projects that meet the requirements of Local Guidelines Section 5.11 (See also Local Guidelines Section 7.27), the owners and occupants of property within one-fourth mile of any parcel on which the project will be located; and
(g) For a project that establishes or amends a redevelopment plan that contains land in agricultural use, the agricultural and farm agencies and organizations specified in Health and Safety Code section 33333.3.
(h) All properties within 600 feet of the project's site outer property lines, or as deemed necessary by the Planning Director.

Additionally, for a project of statewide, regional, or area-wide significance, the Lead Agency should also consult with public transit agencies with facilities within one-half mile of the proposed project.

The Notice of Preparation must also be filed and posted in the office of the Clerk in each county in which the project is located for thirty (30) days. The County Clerk must post the Notice within twenty-four (24) hours of receipt.

When submitting the Notice of Preparation to LCI, a Notice of Completion (Form "H") should be used as a cover sheet. Responsible and Trustee Agencies, the State Clearinghouse, and the state agencies contacted by the State Clearinghouse have thirty (30) days to respond to the Notice of Preparation in writing via certified mail, email, or an equivalent procedure. Agencies that do not respond within thirty (30) days shall be deemed not to have any comments on the Notice of Preparation.

At a minimum, the Notice of Preparation shall include:

(a) A description of the project;
(b) The location of the project indicated either on an attached map (preferably a copy of the USGS 15' or 7½' topographical map identified by quadrangle name) or by a street address and cross street in an urbanized area;
(c) The probable environmental effects of the project;
(d) The name and address of the consulting firm retained to prepare the Draft EIR, if applicable; and

(e) The Environmental Protection Agency ("EPA") list on which the proposed site is located, if applicable, and the corresponding information from the applicant's statement. (See Local Guidelines Section 2.05.)

(Reference: Pub. Resources Code, § 21080.4; State CEQA Guidelines, § 15082.)

7.04 SPECIAL NOTICE REQUIREMENTS FOR AFFECTED MILITARY AGENCIES

CEQA imposes additional requirements to provide notice to potentially affected military agencies when:

(a) A "military service" (defined in Section 11.43 of these Local Guidelines) has provided the City with its contact office and address and notified the City of the specific boundaries of a "low-level flight path" (defined in Section **Error! Reference source not found.** of these L ocal Guidelines), "military impact zone" (defined in Section 11.42 of these Local Guidelines), or "special use airspace" (defined in Section 11.68 of these Local Guidelines); and

(b) The project meets one of the following criteria:

(1) The project is within the boundaries specified pursuant to subsection (a) of this guideline;

(2) The project includes a general plan amendment;

(3) The project is of statewide, regional, or area-wide significance; or

(4) The project relates to a public use airport or certain lands surrounding a public use airport.

When a project meets these requirements, the City must provide the military service's designated contact with any Notice of Preparation, and/or Notice of Availability of Draft EIRs that have been prepared for a project, unless the project involves the remediation of lands contaminated with hazardous wastes and meets certain other requirements.

The City must provide the military service with sufficient notice of its intent to certify an EIR to ensure that the military service has no fewer than thirty (30) days to review the document; or forty-five (45) days to review the environmental documents before they are approved if the documents have been submitted to the State Clearinghouse.

It should be noted that the effect, or potential effect, a project may have on military activities does not itself constitute an adverse effect on the environment pursuant to CEQA.

(Reference: Pub. Resources Code, §§ 21080.4, 21092; Health & Safety Code, §§ 25300, et seq., 25396, 25187; State CEQA Guidelines, § 15082(a).)

7.05 ENVIRONMENTAL LEADERSHIP DEVELOPMENT PROJECT.

Under certain circumstances, a project applicant may choose to apply to the Governor of the State of California to have the project certified as an Environmental Leadership Development Project. A project may qualify as an Environmental Leadership Development Project if it is one of the following:

(1) A residential, retail, commercial, sports, cultural, entertainment, or recreational use project that meets the following standards:

- The project is certified as Leadership in Energy and Environmental Design (LEED) gold or better by the United States Green Building Council; and
- The project, where applicable, achieves a 15 percent greater standard for transportation efficiency than comparable projects; and
- The project is located on an infill site; and
- For a project that is within a metropolitan planning organization for which a sustainable communities strategy or alternative planning strategy is in effect, the infill project shall be consistent with the general use designation, density, building intensity, and applicable policies specified for the project area in either a sustainable communities strategy or an alternative planning strategy, for which the State Air Resources Board has accepted a metropolitan planning organization's determination, under subparagraph (H) of paragraph (2) of subdivision (b) of Section 65080 of the Government Code, that the sustainable communities strategy or the alternative planning strategy would, if implemented, achieve the greenhouse gas emission reduction targets.

(2) A clean renewable energy project that generates electricity exclusively through wind or solar, but not including waste incineration or conversion.

(3) A clean energy manufacturing project that manufactures products, equipment, or components used for renewable energy generation, energy efficiency, or for the production of clean alternative fuel vehicles.

(4) A housing development project—i.e., a project that entails either residential units only; mixed-use developments consisting of residential and nonresidential uses with at least two-thirds of the square footage designated for residential use; or transitional housing or supportive housing—that meets all of the following conditions:

- The housing development project is located on an infill site.
- For a housing development project that is located within a metropolitan planning organization for which a sustainable communities strategy or alternative planning strategy is in effect, the project is consistent with the general use designation, density, building intensity, and applicable policies

specified for the project area in either a sustainable communities strategy or an alternative planning strategy, for which the State Air Resources Board has accepted a metropolitan planning organization's determination, under subparagraph (H) of paragraph (2) of subdivision (b) of Section 65080 of the Government Code, that the sustainable communities strategy or the alternative planning strategy would, if implemented, achieve the greenhouse gas emission reduction targets.

- Notwithstanding paragraph (1) of subdivision (a) of Section 21183, the housing development project will result in a minimum investment of fifteen million dollars ($15,000,000), but less than one hundred million dollars ($100,000,000), in California upon completion of construction.

- At least 15 percent of the housing development project is dedicated as housing that is affordable to lower income households, as defined in Section 50079.5 of the Health and Safety Code. Upon completion of a housing development project that is qualified under this paragraph and is certified by the Governor, the lead agency or applicant of the project shall notify the Office of Land Use and Climate Innovation of the number of housing units and affordable housing units established by the project. Notwithstanding the foregoing, if a local agency has adopted an inclusionary zoning ordinance that establishes a minimum percentage for affordable housing within the jurisdiction in which the housing development project is located that is higher than 15 percent, the percentage specified in the inclusionary zoning ordinance shall be the threshold for affordable housing.

- Except for use as a residential hotel, as defined in Section 50519 of the Health and Safety Code, no part of the housing development project shall be used for a rental unit for a term shorter than 30 days, or designated for hotel, motel, bed and breakfast inn, or other transient lodging use. Moreover, no part of the housing development project shall be used for manufacturing or industrial uses.

The Governor may certify a leadership project for streamlining before the lead agency certifies an EIR for the project if various conditions set forth in Public Resources Code section 21182 are met. The conditions include but are not limited to the following: (1) except as set forth above, the project will result in a minimum investment of one hundred million dollars ($100,000,000) in California upon completion of construction; (2) the project creates high-wage, highly skilled jobs that pay prevailing wages and living wages, provide construction jobs and permanent jobs for Californians, helps reduce unemployment, and promotes apprenticeship training; and (3) the project will not result in any net additional emission of greenhouse gases, including greenhouse gas emissions from employee transportation.

If the Governor certifies a project as an Environmental Leadership Development Project, any lawsuit challenging the project—including any potential appeals to the court of appeal or the California Supreme Court—must be resolved, to the extent feasible, within 270 days of the filing of the certified record of proceedings with the trial court.

This section shall remain in effect until January 1, 2026. This section does not comprehensively set forth the rules governing Environmental Leadership Development projects. For more information, please see Chapter 6.5 of the Public Resources Code, starting with Public Resources Code section 21178.

7.06 PREPARATION OF DRAFT EIR.

The Lead Agency is responsible for preparing a Draft EIR. The Lead Agency may begin preparation of the Draft EIR without awaiting responses to the Notice of Preparation. However, information communicated to the Lead Agency not later than thirty (30) days after receipt of the Notice of Preparation shall be included in the Draft EIR.

(Reference: State CEQA Guidelines, § 15084.)

7.07 CONSULTATION WITH CALIFORNIA NATIVE AMERICAN TRIBES.

Prior to the release of a Draft EIR for a project, the Lead Agency shall begin consultation with a California Native American tribe that is traditionally and culturally affiliated with the geographic area of the proposed project if:

(a) The California Native American tribe requested to the Lead Agency, in writing, to be informed by the Lead Agency through formal notification of proposed projects in the geographic area that is traditionally and culturally affiliated with the tribe; and

(b) The California Native American tribe responds, in writing, within 30 days of receipt of the formal notification, and requests the consultation. The California Native American tribe shall designate a lead contact person when responding to the Lead Agency. If a lead contact is not designated by the California Native American tribe, or if it designates multiple lead contact people, the Lead Agency shall defer to the individuals listed on the contact list maintained by the Native American Heritage Commission. Consultation is defined in Local Guidelines Section 11.11.

To expedite the requirements of this section, the Native American Heritage Commission shall assist the Lead Agency in identifying the California American Native tribes that are traditionally and culturally affiliated with the project area.

Within 14 days of determining that an application for a project is complete or a decision by a public agency to undertake a project, the Lead Agency shall provide formal notification to the designated contact of, or a trial representative of, traditionally and culturally affiliated California Native America tribes that have requested notice, which shall be accomplished by at least one written notification that includes a brief description of the proposed project and its location, the Lead Agency contact information, and a notification that the California Native American tribe has 30 days to request consultation.

The Lead Agency shall begin the consultation process within 30 days of receiving a California Native American tribe's request for consultation.

If consultation is requested, the parties may propose mitigation measures, including those set forth in Public Resources Code section 21084.3, capable of avoiding or substantially lessening potential significant impacts to a tribal cultural resource or alternatives that would avoid significant impacts to a tribal cultural resource. The consultation may include discussion concerning the type of environmental review necessary, the significance of tribal cultural resources, the significance of the project's impacts on the tribal cultural resources, and, if necessary, project alternatives or the appropriate measures for preservation or mitigation that the California Native American tribe may recommend to the lead agency.

The consultation shall be considered concluded when either of the following occurs:

(1) The parties agree to measures to mitigate or avoid a significant effect, if a significant effect exists, on a tribal cultural resource.

(2) A party, acting in good faith and after reasonable effort, concludes that mutual agreement cannot be reached.

The California Native American tribe is not limited in its ability to submit information to the Lead Agency regarding the significance of the tribal cultural resources, the significance of the project's impact on tribal cultural resources, or any appropriate measures to mitigate the impacts. Additionally, the Lead Agency or project proponent is not limited in its ability to incorporate changes and additions to the project as a result of the consultation, even if not legally required.

(Reference: Pub. Resources Code, §§ 21080.3.1, 21080.3.2.)

7.08 IDENTIFICATION OF TRIBAL CULTURAL RESOURCES AND PROCESSING OF INFORMATION AFTER CONSULTATION WITH THE CALIFORNIA NATIVE AMERICAN TRIBE

After consultation with the California Native American tribe listed above in Local Guidelines Section 7.07, any mitigation measures agreed upon in the consultation conducted pursuant to Public Resources Code section 21080.3.2 shall be recommended for inclusion in the EIR and in an adopted mitigation monitoring and reporting program, if the mitigation measures are determined to avoid or lessen the proposed project's impacts on tribal cultural resources, and if the mitigation measures are enforceable.

If a project may have a significant impact on a tribal cultural resource, the Lead Agency's EIR shall discuss both of the following:

(a) Whether the proposed project has a significant impact on an identified tribal cultural resource;

(b) Whether feasible alternatives or mitigation measures, including those measures that may be agreed to during the consultation, avoid or substantially lessen the impact on the identified tribal cultural resource.

Any information provided regarding the location, description and use of the tribal cultural resource that is submitted by a California Native American tribe during the environmental review process shall not be included in the EIR or otherwise disclosed by the lead agency or any other

public agency to the public, consistent with Government Code section 7927.005, and State CEQA Guidelines section 15120(d), without the prior consent of the tribe that provided the information. If the Lead Agency publishes any information submitted by a California Native American tribe during the consultation or environmental review process, that information shall be published in a confidential appendix to the EIR unless the tribe provides consent, in writing, to the disclosure of some or all of the information to the public. This does not prohibit the confidential exchange of the submitted information between public agencies that have lawful jurisdiction over the preparation of the EIR.

The exchange of confidential information regarding tribal cultural resources submitted by a California Native American tribe during the consultation or environmental review process among the Lead Agency, the California Native American tribe, the project applicant, or the project applicant's agent is not prohibited by Public Resources Code section 21082.3. The project applicant and the project applicant's legal advisers must use a reasonable degree of care and maintain the confidentiality of the information exchanged for the purposes of preventing looting, vandalism, or damage to tribal cultural resources and shall not disclose to a third party confidential information regarding the cultural resource unless the California Native American tribe providing the information consents in writing to the public disclosure of such information.

Public Resources Code section 21082.3 does not prevent a Lead Agency or other public agency from describing the information in general terms in the EIR so as to inform the public of the basis of the Lead Agency's or other public agency's decision without breaching the confidentiality required. In addition, a Lead Agency may certify an EIR for a project with a significant impact on an identified tribal cultural resource only if one of the following occurs:

(a) The consultation process between the California Native American tribe and the Lead Agency has occurred as provided in Public Resources Code sections 21080.3.1 and 21080.3.2 and concluded pursuant to subdivision (b) of Section 21080.3.2.

(b) The California Native American tribe has requested consultation pursuant to Public Resources Code section 21080.3.1 and has failed to provide comments to the Lead Agency, or otherwise failed to engage, in the consultation process.

(c) The Lead Agency has complied with subdivision (d) of Section 21080.3.1 of the Public Resources Code and the California Native American tribe has failed to request consultation within 30 days.

If substantial evidence demonstrates that a project will cause a significant effect to a tribal cultural resource but the decision-makers do not include the mitigation measures recommended by the staff in the Draft EIR, or if there are no agreed upon mitigation measures at the conclusion of the consultation, or if no consultation has occurred, the Lead Agency must still consider the adoption of feasible mitigation.

(Reference: Pub. Resources Code, § 21082.3.)

7.09 SIGNIFICANT ADVERSE IMPACTS TO TRIBAL CULTURAL RESOURCES

Public agencies shall, when feasible, avoid damaging effects to any tribal cultural resource. If the Lead Agency determines that a project may cause a substantial adverse change to a tribal cultural resource, and measures are not otherwise identified in the consultation process provided in Public Resources Code section 21080.3.2 as set forth in Local Guidelines Section 7.07, the following examples of mitigation measures, if feasible, may be considered to avoid or minimize the significant adverse impacts:

(a) Avoidance and preservation of the resources in place, including, but not limited to, planning and construction to avoid the resources and protect the cultural and natural context, or planning greenspace, parks, or other open space, to incorporate the resources with culturally appropriate protection and management criteria.

(b) Treating the resource with culturally appropriate dignity taking into account the tribal cultural values and meaning of the resource, including, but not limited to the following:

(1) Protecting the cultural character and integrity of the resource.

(2) Protecting the traditional use of the resource.

(3) Protecting the confidentiality of the resource.

(c) Permanent conservation easements or other interests in real property, with culturally appropriate management criteria for the purposes of preserving or utilizing the resources or places.

(d) Protecting the resource.

(Reference: Pub. Resources Code, § 21084.3.)

7.10 CONSULTATION WITH OTHER AGENCIES AND PERSONS.

To expedite consultation in response to the Notice of Preparation, the Lead Agency, a Responsible Agency, or a project applicant may request a meeting among the agencies involved to assist in determining the scope and content of the environmental information that the involved agencies may require. For any project that may affect highways or other facilities under the jurisdiction of the State Department of Transportation, the Department of Transportation can request a scoping meeting. When acting as Lead Agency, the City must convene the meeting as soon as possible but no later than thirty (30) days after a request is made. When acting as a Responsible Agency, the City should make any requests for consultation as soon as possible after receiving a Notice of Preparation.

Prior to completion of the Draft EIR, the Lead Agency shall consult with each Responsible Agency and any public agency that has jurisdiction by law over the project.

When acting as a Lead Agency, the City may fulfill this obligation by distributing the Notice of Preparation in compliance with Local Guidelines Section 7.03 and soliciting the comments of Responsible Agencies, Trustee Agencies, and other affected agencies. The City may also consult with any individual who has special expertise with respect to any environmental impacts involved with a project. The City may also consult directly with any person or organization it believes will be concerned with the environmental effects of the project, including any interested individuals and organizations of which the City is reasonably aware. The purpose of this consultation is to "scope" the EIR's range of analysis. When a Negative Declaration or Mitigated Negative Declaration will be prepared for a project, no scoping meeting need be held, although the City may hold one if it so chooses. For private projects, the City as Lead Agency may charge and collect from the applicant a fee not to exceed the actual cost of the consultations.

In addition to soliciting comments on the Notice of Preparation, the Lead Agency may be required to conduct a scoping meeting to gather additional input regarding the impacts to be analyzed in the EIR. The Lead Agency is required to conduct a scoping meeting when:

(a) The meeting is requested by a Responsible Agency, a Trustee Agency, the Office of Land Use and Climate Innovation, or a project applicant;
(b) The project is one of "statewide, regional or area wide significance" as defined in State CEQA Guidelines section 15206; or
(c) The project may affect highways or other facilities under the jurisdiction of the State Department of Transportation, and the Department of Transportation has requested a scoping meeting.

When acting as Lead Agency, the City shall provide notice of the scoping meeting to all of the following:

(a) Any county or city that borders on a county or city within which the project is located, unless the City has a specific agreement to the contrary with that county or city;
(b) Any Responsible Agency;
(c) Any public agency that has jurisdiction by law over the project;
(d) A transportation planning agency, or any public agency that has transportation facilities within its jurisdiction, that could be affected by the project; and
(e) Any organization or individual who has filed a written request for the notice.

The requirement for providing notice of a scoping meeting may be met by including the notice of the public scoping meeting in the public meeting notice.

Government Code section 65352 requires that before a legislative body may adopt or substantially amend a general plan, the planning agency must refer the proposed action to any city or county, within or abutting the area covered by the proposal, and any special district that may be significantly affected by the proposed action. CEQA allows that referral procedure to be conducted concurrently with the scoping meeting required pursuant to this section of the Local CEQA Guidelines.

For projects that are also subject to NEPA, a scoping meeting held pursuant to NEPA satisfies the CEQA scoping requirement as long as notice is provided to the agencies and

individuals listed above, and in accordance with these Local Guidelines. (See Local Guideline 5.04 for a discussion of NEPA.)

The City shall call the scoping meeting as soon as possible but not later than 30 days after the meeting was requested. If the scoping meeting is being conducted concurrently with the procedure in Government Code section 65352 for the consideration of adoption or amendment of general plans, each entity receiving a proposed general plan or amendment of a general plan should have 45 days from the date the referring agency mails it or delivers it in which to comment unless a longer period is specified. The commenting entity may submit its comments at the scoping meeting.

A Responsible Agency or other public agency shall only make comments regarding those activities that are within its area of expertise or that are required to be carried out or approved by the Responsible Agency. These comments must be supported by specific documentation. Any mitigation measures submitted to the City by a Responsible or Trustee Agency shall be limited to measures that mitigate impacts to resources that are within the Responsible or Trustee Agency's authority.

For projects of statewide, area-wide, or regional significance, consultation with transportation planning agencies or with public agencies that have transportation facilities within their jurisdictions shall be for the purpose of obtaining information concerning the project's effect on major local arterials, public transit, freeways, highways, overpasses, on-ramps, off-ramps, and rail transit services. Moreover, the Lead Agency should also consult with public transit agencies with facilities within one-half mile of the proposed project. Any transportation planning agency or public agency that provides information to the Lead Agency must be notified of, and provided with, copies of any environmental documents relating to the project.

(Reference: State CEQA Guidelines, §§ 15082, 15083.)

7.11 EARLY CONSULTATION ON PROJECTS INVOLVING PERMIT ISSUANCE.

When the project involves the issuance of a lease, permit, license, certificate, or other entitlement for use by one or more public agencies, the City, upon request of the applicant, shall meet with the applicant regarding the range of actions, potential alternatives, mitigation measures and significant effects to be analyzed in depth in the EIR. The City may also consult with concerned persons identified by the applicant and persons who have made written requests to be consulted. Such requests for early consultation must be made not later than thirty (30) days after the City's decision to prepare an EIR.

7.12 CONSULTATION WITH WATER AGENCIES REGARDING LARGE DEVELOPMENT PROJECTS.

For certain development projects, cities and counties must consult with water agencies. If the City is a water provider for the project, the city or county may request consultation with the City. (See Local Guidelines Sections 5.16 and 5.17 for more information on these requirements.)

(Reference: State CEQA Guidelines, § 15155.)

7.13 AIRPORT LAND USE PLAN.

When the City prepares an EIR for a project within the boundaries of a comprehensive airport land use plan, or, if such a plan has not been adopted, for a project within two (2) nautical miles of a public airport or public use airport, the City shall utilize the Airport Land Use Planning Handbook published by Caltrans' Division of Aeronautics to assist in the preparation of the EIR relative to potential airport or related safety hazards and noise problems.

(Reference: State CEQA Guidelines, § 15154.)

7.14 GENERAL ASPECTS OF AN EIR.

Both a Draft and Final EIR must contain the information outlined in Local Guidelines Sections 7.17 and 7.18. Each element must be covered, and when elements are not separated into distinct sections, the document must state where in the document each element is covered.

The body of the EIR shall include summarized technical data, maps, diagrams and similar relevant information. Highly technical and specialized analyses and data should be included in appendices. Appendices may be prepared in separate volumes, but must be equally available to the public for examination. All documents used in preparation of the EIR must be referenced. An EIR shall not include "trade secrets," locations of archaeological sites and sacred lands, or any other information subject to the disclosure restrictions of the Public Records Act (Government Code section 7920.000, et seq.).

The EIR should discuss environmental effects in proportion to their severity and probability of occurrence. Effects dismissed in the Initial Study as clearly insignificant and unlikely to occur need not be discussed.

The Initial Study should be used to focus the EIR so that the EIR identifies and discusses only the specific environmental problems or aspects of the project that have been identified as potentially significant or important. A copy of the Initial Study should be attached to the EIR or included in the administrative record to provide a basis for limiting the impacts discussed.

The EIR shall contain a statement briefly indicating the reason for determining that various effects of a project that could possibly be considered significant were not found to be significant and consequently were not discussed in detail in the EIR. The City should also note any conclusion by it that a particular impact is too speculative for evaluation.

The EIR should omit unnecessary descriptions of projects and emphasize feasible mitigation measures and alternatives to projects.

7.15 USE OF REGISTERED CONSULTANTS IN PREPARING EIRS.

An EIR is not a technical document that can be prepared only by a registered consultant or professional. However, state statutes may provide that only registered professionals can prepare certain technical studies that will be used in an EIR, or that will control the detailed design, construction, or operation of the proposed project and that will be prepared in support of an EIR.

(Reference: State CEQA Guidelines, § 15149.)

7.16 INCORPORATION BY REFERENCE.

An EIR, Negative Declaration, or Mitigated Negative Declaration may incorporate by reference all or portions of another document that is a matter of public record or is generally available to the public. Any incorporated document shall be considered to be set forth in full as part of the text of the environmental document. When all or part of another document is incorporated by reference, that document shall be made available to the public for inspection at the City's offices. The environmental document shall state where incorporated documents will be available for inspection.

When incorporation by reference is used, the incorporated part of the referenced document shall be briefly summarized, if possible, or briefly described if the data or information cannot be summarized. The relationship between the incorporated document and the EIR, Negative Declaration, or Mitigated Negative Declaration shall be described. When information from an environmental document that has previously been reviewed through the state review system ("State Clearinghouse") is incorporated by the City, the state identification number of the incorporated document should be included in the summary or text of the EIR.

(Reference: State CEQA Guidelines, § 15150.)

7.17 STANDARDS FOR ADEQUACY OF AN EIR.

An EIR should be prepared with a sufficient degree of analysis to provide decision-makers with information that enables them to make a decision that takes into account the environmental consequences of the project. The evaluation of environmental effects need not be exhaustive, but must be within the scope of what is reasonably feasible. The EIR should be written and presented in such a way that it can be understood by governmental decision-makers and members of the public. A good faith effort at completeness is necessary. The adequacy of an EIR is assessed in terms of what is reasonable in light of factors such as the magnitude of the project at issue, the severity of its likely environmental impacts, and the geographic scope of the project. CEQA does not require a Lead Agency to conduct every test or perform all research, study, and experimentation recommended or demanded by commenters, but CEQA does require the Lead Agency to make a good faith, reasoned response to timely comments raising significant environmental issues.

There is no need to unreasonably delay adoption of an EIR in order to include results of studies in progress, even if those studies will shed some additional light on subjects related to the project.

(Reference: State CEQA Guidelines, § 15151.)

7.18 FORM AND CONTENT OF EIR.

The text of the EIR should normally be less than 150 pages. For proposals of unusual scope or complexity, the EIR may be longer than 150 pages but should normally be less than 300

pages. The required contents of an EIR are set forth in Sections 15122 through 15132 of the State CEQA Guidelines. In brief, the EIR must contain:

(a) A table of contents or an index;

(b) A brief summary of the proposed project, including each significant effect with proposed mitigation measures and alternatives, areas of known controversy and issues to be resolved including the choice among alternatives, how to mitigate the significant effects and whether there are any significant and unavoidable impacts (generally, the summary should be less than fifteen (15) pages);

(c) A description of the proposed project, including its underlying purpose and a list of permit and other approvals required to implement the project (see Local Guidelines Section 7.24 regarding analysis of future project expansion);

(d) A description of the environmental setting, which includes the project's physical environmental conditions from both a local and regional perspective at the time the Notice of Preparation is published, or if no Notice of Preparation is published, at the time environmental analysis begins. (State CEQA Guidelines section 15125.) This environmental setting will normally constitute the baseline physical conditions by which the Lead Agency determines whether an impact is significant. However, the City, when acting as Lead Agency, may choose any baseline that is appropriate as long as the City's choice of baseline is supported by substantial evidence;

(e) A discussion of any inconsistencies between the proposed project and applicable general, specific and regional plans. Such plans include, but are not limited to, the applicable air quality attainment or maintenance plan or State Implementation Plan, area-wide waste treatment and water quality control plans, regional transportation plans, regional housing allocation, regional blueprint plans, plans for the reduction of greenhouse gas emissions, habitat conservation plans, natural community conservation plans and regional land use plans;

(f) A description of the direct and indirect significant environmental impacts of the proposed project explaining which, if any, can be avoided or mitigated to a level of insignificance, indicating reasons that various possible significant effects were determined not to be significant and denoting any significant effects that are unavoidable or could not be mitigated to a level of insignificance. Direct and indirect significant effects shall be clearly identified and described, giving due consideration to both short-term and long-term effects;

(g) Potentially significant energy implications of a project must be considered to the extent relevant and applicable to the project (see Local Guidelines Section 5.20);

(h) An analysis of a range of alternatives to the proposed project that could feasibly attain the project's objectives as discussed in Local Guidelines Section 7.23;

(i) A description of any significant irreversible environmental changes that would be involved in the proposed action should it be implemented if, and only if, the EIR is being prepared in connection with:

(1) The adoption, amendment, or enactment of a plan, policy, or ordinance of a public agency;

(2) The adoption by a Local Agency Formation Commission of a resolution making determinations; or

(3) A project that will be subject to the requirement for preparing an Environmental Impact Statement pursuant to NEPA;

(j) An analysis of the growth-inducing impacts of the proposed action. The discussion should include ways in which the project could foster economic or population growth, or the construction of additional housing, either directly or indirectly, in the surrounding environment. Growth-inducing impacts may include the estimated energy consumption of growth induced by the project;

(k) A discussion of any significant, reasonably anticipated future developments and the cumulative effects of all proposed and anticipated action as discussed in Local Guidelines Section 7.24;

(l) In certain situations, a regional analysis should be completed for certain impacts, such as air quality;

(m) A discussion of any economic or social effects, to the extent that they cause, or may be used to determine, significant environmental impacts;

(n) A statement briefly indicating the reasons that various possible significant effects of a project were determined not to be significant and, therefore, were not discussed in the EIR;

(o) The identity of all federal, state or local agencies or other organizations and private individuals consulted in preparing the EIR, and the identity of the persons, firm or agency preparing the EIR, by contract or other authorization. To the fullest extent possible, the City should integrate CEQA review with these related environmental review and consultation requirements;

(p) A discussion of those potential effects of the proposed project on the environment that the City has determined are or may be significant. The discussion on other effects may be limited to a brief explanation as to why those effects are not potentially significant; and

(q) A description of feasible measures, as set forth in Local Guidelines Section 7.22, which could minimize significant adverse impacts.

(Reference: State CEQA Guidelines, §§ 15120-15148.)

7.19 CONSIDERATION AND DISCUSSION OF SIGNIFICANT ENVIRONMENTAL IMPACTS.

An EIR must identify and focus on the significant effects of the proposed project on the environment. In assessing the proposed project's potential impacts on the environment, the City should normally limit its examination to comparing changes that would result from the project as compared to the existing physical conditions in the affected area as they exist when the Notice of Preparation is published. If a Notice of Preparation is not published for the project, the City should compare the proposed project's potential impacts to the physical conditions that exist at the time environmental review begins. Direct and indirect significant effects of the project on the environment must be clearly identified and described, considering both the short-term and long-term effects. The discussion should include relevant specifics of the area, the resources involved, physical changes, alterations to ecological systems, and changes induced in population distribution, population concentration, the human use of the land (including commercial and residential development), health and safety problems caused by the physical changes, and other aspects of the project that may impact resources in the project area, such as water, historical resources, scenic quality, and public services. The EIR must also analyze any significant environmental effects the project might cause or risk exacerbating by bringing development and

people into the area. If applicable, an EIR should also evaluate any potentially significant direct, indirect, or cumulative environmental impacts of locating development in areas susceptible to hazardous conditions (e.g., floodplains, coastlines, wildfire risk areas), including both short-term and long-term conditions, as identified on authoritative hazard maps, risk assessments or in land use plans addressing such hazards areas.

If analysis of the project's energy use reveals that the project may result in significant environmental effects due to wasteful, inefficient, or unnecessary use of energy, or wasteful use of energy resources, the EIR shall mitigate that energy use. This analysis should include the project's energy use for all project phases and components, including transportation-related energy, during construction and operation. In addition to building code compliance, other relevant considerations may include, among others, the project's size, location, orientation, equipment use and any renewable energy features that could be incorporated into the project. This analysis is subject to the rule of reason and shall focus on energy use that is caused by the project. This analysis may be included in related analyses of air quality, greenhouse gas emissions, transportation or utilities in the discretion of the Lead Agency.

The EIR must describe all significant impacts, including those that can be mitigated but not reduced to a level of insignificance. Where there are impacts that cannot be alleviated without imposing an alternative design, their implications and the reasons why the project is being proposed, notwithstanding their effect, should be described.

The EIR must also discuss any significant irreversible environmental changes that would be caused by the project. For example, use of nonrenewable resources during the initial and continued phases of a project may be irreversible if a large commitment of such resources makes removal or nonuse thereafter unlikely. Additionally, irreversible commitment of resources may include a discussion of how the project preempts future energy development or future energy conservation. Irretrievable commitments of resources to the proposed project should be evaluated to assure that such current consumption is justified.

(Reference: Pub. Resources Code, § 21100.)

7.20 ENVIRONMENTAL SETTING

An EIR must include a description of the physical environmental conditions in the vicinity of the project. This environmental setting will normally constitute the baseline physical conditions by which the Lead Agency determines whether an impact is significant. The description of the environmental setting shall be no longer than is necessary to provide an understanding of the significant effects of the proposed project and its alternatives. The purpose of this requirement is to give the public and decision makers the most accurate and understandable picture practically possible of the project's likely near-term and long-term impacts.

(1) Generally, the Lead Agency should describe physical environmental conditions as they exist at the time the Notice of Preparation is published, or if no Notice of Preparation is published, at the time environmental analysis is commenced, from both a local and regional perspective. Where existing conditions change or fluctuate over time, and where necessary to provide the most accurate picture practically possible of the project's impacts, the Lead Agency may define existing

conditions by referencing historic conditions, or conditions expected when the project becomes operational, or both, that are supported with substantial evidence. In addition, the Lead Agency may also use baselines consisting of both existing conditions and projected future conditions that are supported by reliable projections based on substantial evidence in the record.

(2) The Lead Agency may use projected future conditions (beyond the date of project operations) as the sole baseline for analysis only if it demonstrates with substantial evidence that use of existing conditions would be either misleading or without informative value to decision-makers and the public. Use of projected future conditions as the only baseline must be supported by reliable projections based on substantial evidence in the record.

(3) An existing conditions baseline shall not include hypothetical conditions—such as those that might be allowed, but have never actually occurred, under existing permits or plans—as the baseline.

(State CEQA Guidelines, § 15125.)

7.21 ANALYSIS OF CUMULATIVE IMPACTS.

An EIR must discuss cumulative impacts when the project's incremental effect is "cumulatively considerable" as defined in Local Guidelines Section 11.13. When the City is examining a project with an incremental effect that is not "cumulatively considerable," it need not consider that effect significant, but must briefly describe the basis for this conclusion. A project's contribution may be less than cumulatively considerable if the project is required to implement or fund its fair share of a mitigation measure designed to alleviate the cumulative impact. When relying on a fee program or mitigation measure(s), the City must identify facts and analysis supporting its conclusion that the cumulative impact is less than significant.

The City may determine that a project's incremental contribution to a cumulative effect is not cumulatively considerable if the project will comply with the requirements in a previously approved plan or mitigation program that provides specific requirements that will avoid or substantially lessen the cumulative problem in the geographic area in which the project is located. Such plans and programs may include, but are not limited to:

(1) Water quality control plans;

(2) Air quality attainment or maintenance plans;

(3) Integrated waste management plans;

(4) Habitat conservation plans;

(5) Natural community conservation plans; and/or

(6) Plans or regulations for the reduction of greenhouse gas emissions.

 ©Best Best & Krieger LLP

When relying on such a regulation, plan, or program, the City should explain how implementing the particular requirements of the plan, regulation or program will ensure that the project's incremental contribution to the cumulative effect is not cumulatively considerable.

A cumulative impact consists of an impact that is created as a result of the combination of the project evaluated in the EIR together with other projects causing related impacts. An EIR should not discuss impacts that do not result in part from the project evaluated in the EIR.

The discussion of cumulative impacts in an EIR must focus on the cumulative impacts to which the identified other projects contribute, rather than on the attributes of other projects that do not contribute to the cumulative impact. The discussion of significant cumulative impacts must include either of the following:

(1) A list of past, present, and probable future projects causing related or cumulative impacts including, if necessary, those projects outside the control of the City; or

(2) A summary of projections contained in an adopted local, regional or statewide plan, or related planning document, that describes or evaluates conditions contributing to the cumulative effect. Such plans may include: a general plan, regional transportation plan, or a plan for the reduction of greenhouse gas emissions. A summary of projections may also be contained in an adopted or certified prior environmental document for such a plan. Such projections may be supplemented with additional information such as a regional modeling program. Documents used in creating a summary of projections must be referenced and made available to the public.

When utilizing a list, as suggested above, factors to consider when determining whether to include a related project should include the nature of each environmental resource being examined and the location and type of project. Location may be important, for example, when water quality impacts are involved since projects outside the watershed would probably not contribute to a cumulative effect. Project type may be important, for example, when the impact is specialized, such as a particular air pollutant or mode of traffic.

Public Resources Code section 21094 also states that if a Lead Agency determines that a cumulative effect has been adequately addressed in an earlier EIR, it need not be examined in a later EIR if the later project's incremental contribution to the cumulative effect is not cumulatively considerable. A cumulative effect has been adequately addressed in the prior EIR if:

(1) it has been mitigated or avoided as a result of the prior EIR; or

(2) the cumulative effect has been examined in a sufficient level of detail to enable the effect to be mitigated or avoided by site-specific revisions, the imposition of conditions, or other means in connection with the approval of the later project.

Public Resources Code section 21094 only applies to earlier projects that (1) are consistent with the program, plan, policy, or ordinance for which an environmental impact report has been prepared and certified, (2) are consistent with applicable local land use plans and zoning of the

city, county, or city and county in which the later project would be located and (3) are not subject to Public Resources Code section 21166.

If the Lead Agency determines that the cumulative effect has been adequately addressed in a prior EIR, the Lead Agency should clearly explain the basis for its determination in the current environmental documentation for the project.

The City should define the geographic scope of the area affected by the cumulative effect and provide a reasonable explanation for the geographic limitation used.

(Reference: State CEQA Guidelines, § 15130.)

7.22 ANALYSIS OF MITIGATION MEASURES.

The discussion of mitigation measures in an EIR must distinguish between measures proposed by project proponents and other measures proposed by Lead, Responsible or Trustee Agencies. This discussion shall identify mitigation measures for each significant environmental effect identified in the EIR.

Where several measures are available to mitigate an impact, each should be disclosed and the basis for selecting a particular measure should be identified. Formulation of mitigation measures shall not be deferred until some future time The specific details of a mitigation measure, however, may be developed after project approval when it is impractical or infeasible to include those details during the project's environmental review provided that the Lead Agency (1) commits itself to the mitigation, (2) adopts specific performance standards the mitigation will achieve, and (3) identifies the type(s) of potential action(s) that can feasibly achieve that performance standard and that will be considered, analyzed, and potentially incorporated in the mitigation measure. Compliance with a regulatory permit or other similar process may be identified as mitigation if compliance would result in implementation of measures that would be reasonably expected, based on substantial evidence in the record, to reduce the significant impact to the specified performance standards.

If a mitigation measure would cause one or more significant effects in addition to those that would be caused by the project as proposed, the effects of the mitigation measure shall be disclosed but in less detail than the significant effects of the project itself.

If a project includes a housing development, the City may not reduce the project's proposed number of housing units as a mitigation measure or project alternative if the City determines that there is another feasible specific mitigation measure or project alternative that would provide a comparable level of mitigation without reducing the number of housing units.

Mitigation measures must be fully enforceable through permit conditions, agreements, or other legally binding instruments. In the case of the adoption of a plan, policy, regulation, or other public project, mitigation measures can be incorporated into the plan, policy, regulation, or project design. Mitigation measures must also be consistent with all applicable constitutional requirements such as the "nexus" and "rough proportionality" standards—i.e., there must be an essential nexus between the mitigation measure and a legitimate governmental interest, and the mitigation measure must be "roughly proportional" to the impacts of the project.

 ©Best Best & Krieger LLP

Where maintenance, repair, stabilization, rehabilitation, restoration, preservation, conservation or reconstruction of a historical resource will be conducted in a manner consistent with the Secretary of the Interior's "Standards for the Treatment of Historic Properties with Guidelines for Preserving, Rehabilitating, Restoring and Reconstructing Historic Buildings" (1995), Weeks and Grimmer, the project's impact on the historical resource shall generally be considered mitigated below a level of significance and thus not significant.

The City should, whenever feasible, seek to avoid damaging effects on any historical resource of an archaeological nature. The following must be considered and discussed in an EIR for a project involving an archaeological site:

(a) Preservation in place is the preferred manner of mitigating impacts to archaeological sites; and
(b) Preservation in place may be accomplished by, but is not limited to, the following:

(1) Planning construction to avoid archaeological sites;

(2) Incorporation of sites within parks, green space, or other open spaces;

(3) Covering the archaeological sites with a layer of chemically stable soil before building tennis courts, parking lots, or similar facilities on the site; and/or

(4) Deeding the site into a permanent conservation easement.

When data recovery through excavation is the only feasible mitigation, a data recovery plan, which makes provision for adequately recovering the scientifically consequential information from and about the historical resource, shall be prepared and adopted prior to excavation. Such studies must be deposited with the California Historical Resources Regional Information Center.

Data recovery shall not be required for a historical resource if the City determines that existing testing or studies have adequately recovered the scientifically consequential information from and about the archaeological or historical resource, provided that the determination is documented in the EIR and that the studies are deposited with the California Historical Resources Regional Information Center.

(Reference: State CEQA Guidelines, § 15126.4.)

7.23 ANALYSIS OF ALTERNATIVES IN AN EIR.

The alternatives analysis must describe and evaluate the comparative merits of a range of reasonable alternatives to the project or to the location of the project which would feasibly attain most of the basic objectives of the project, but which would avoid or substantially lessen any of the significant effects of the project. An EIR need not consider every conceivable alternative to a project, and it need not consider alternatives that are infeasible. Rather, an EIR must consider a reasonable range of potentially feasible alternatives that will foster informed decision-making and public participation.

Purpose of the Alternatives Analysis: An EIR must identify ways to mitigate or avoid the significant effects that a project may have on the environment. For this reason, a discussion of alternatives must focus on alternatives to the project or its location that are capable of avoiding or substantially lessening any significant effect of the project, even if these alternatives would impede to some degree the attainment of the project objectives or would be more costly.

Selection of a Range of Reasonable Alternatives: The range of potential alternatives to the proposed project shall include those that could feasibly accomplish most of the basic purposes of the project and could avoid or substantially lessen one or more of the significant effects, even if those alternatives would be more costly or would impede to some degree the attainment of the project's objectives. The EIR should briefly describe the rationale for selecting the alternatives to be discussed. The EIR should also identify any alternatives that were considered by the Lead Agency and rejected as infeasible during the scoping process, and it should briefly explain the reasons for rejecting those alternatives. Additional information explaining the choice of alternatives should be included in the administrative record. Among the factors that may be used to eliminate alternatives from detailed consideration in an EIR are: (a) failure to meet most of the basic project objectives; (b) infeasibility; or (c) inability to avoid significant environmental impacts.

Evaluation of Alternatives: The EIR shall include sufficient information about each alternative to allow meaningful evaluation, analysis and comparison with the proposed project. A matrix displaying the major characteristics and significant environmental effects of each alternative may be used to summarize the comparison. The matrix may also identify and compare the extent to which each alternative meets project objectives. If an alternative would cause one or more significant effects in addition to those that would be caused by the project as proposed, the significant effects of the alternative shall be discussed but in less detail than the significant effects of the project as proposed.

The Rule of Reason: The range of alternatives required in an EIR is governed by a "rule of reason" which courts have held means that an alternatives discussion must be reasonable in scope and content. Therefore, the EIR must set forth only those alternatives necessary to permit public participation, informed decision-making, and a reasoned choice. The alternatives shall be limited to ones that would avoid or substantially lessen any of the significant effects of the project. Of those alternatives, the EIR need examine in detail only the ones the City determines could feasibly attain most of the basic objectives of the project. An EIR need not consider an alternative whose effect cannot be reasonably ascertained and whose implementation is remote and speculative.

Feasibility of Alternatives: The factors that may be taken into account when addressing the feasibility of alternatives include: site suitability; economic viability; availability of infrastructure; general plan consistency; other plans or regulatory limitations; jurisdictional boundaries (projects with a regionally significant impact should consider the regional context); and whether the proponent already owns the alternative site or can reasonably acquire, control or otherwise have access to the site. No one factor establishes a fixed limit on the scope of reasonable alternatives.

 ©Best Best & Krieger LLP

Alternative Locations: The first step in the alternative location analysis is to determine whether any of the significant effects of the project could be avoided or substantially lessened by putting the project in another location. This is the key question in this analysis. Only locations that would avoid or substantially lessen any of the significant effects of the project need be considered for inclusion in the EIR.

The second step in this analysis is to determine whether any of the alternative locations are feasible. If the City concludes that no feasible alternative locations exist, it must disclose its reasons, and it should include them in the EIR. When a previous document has sufficiently analyzed a range of reasonable alternative locations and environmental impacts for a project with the same basic purpose, the City should review the previous document and incorporate the previous document by reference. To the extent the circumstances have remained substantially the same with respect to an alternative, the EIR may rely on the previous document to help it assess the feasibility of the potential project alternative.

The "No Project" Alternative: The specific alternative of "no project" must be evaluated along with its impacts. The purpose of describing and analyzing the no project alternative is to allow decision-makers to compare the impacts of approving the proposed project with the impacts of not approving the proposed project. The no project alternative may be different from the baseline environmental conditions. The no project alternative will be the same as the baseline only if it is identical to the existing environmental setting and the Lead Agency has chosen the existing environmental setting as the baseline.

A discussion of the "no project" alternative should proceed along one of two lines:

(a) When the project is the revision of an existing land use or regulatory plan, policy or ongoing operation, the "no project" alternative will be the continuation of the existing plan, policy or operation into the future. Typically, this is a situation where other projects initiated under the existing plan will continue while the new plan is developed. Thus, the projected impacts of the proposed plan or alternative plans would be compared to the impacts that would occur under the existing plan; or

(b) If the project is other than a land use or regulatory plan, for example a development project on identifiable property, the "no project" alternative is the circumstance under which the project does not proceed. This discussion would compare the environmental effects of the property remaining in its existing state against environmental effects that would occur if the project is approved. If disapproval of the project would result in predictable actions by others, such as the proposal of some other project, this "no project" consequence should be discussed.

After defining the "no project" alternative, the City should proceed to analyze the impacts of the "no project" alternative by projecting what would reasonably be expected to occur in the foreseeable future if the project were not approved, based on current plans and consistent with available infrastructure and community services. If the "no project" alternative is the environmentally superior alternative, the EIR must also identify another environmentally superior alternative among the remaining alternatives.

Remote or Speculative Alternatives: An EIR need not consider an alternative whose effect cannot be reasonably ascertained and whose implementation is remote and speculative.

(Reference: State CEQA Guidelines, § 15126.6.)

7.24 ANALYSIS OF FUTURE EXPANSION.

An EIR must include an analysis of the environmental effects of future expansion (or other similar future modifications) if there is credible and substantial evidence that:

(a) The future expansion or action is a reasonably foreseeable consequence of the initial project; and
(b) The future expansion or action is likely to change the scope or nature of the initial project or its environmental effects.

Absent these two circumstances, future expansion of a project need not be discussed. CEQA does not require speculative discussion of future development that is unspecific or uncertain. However, if future action is not considered now, it must be considered and environmentally evaluated before it is actually implemented.

(Reference: *Laurel Heights Improvement Ass'n v. Regents of University of California* (1988) 47 Cal.3d 376, 396.)

7.25 NOTICE OF COMPLETION OF DRAFT EIR; NOTICE OF AVAILABILITY OF DRAFT EIR.

Notice of Completion. When the Draft EIR is completed, a Notice of Completion (Form "H") must be filed with the Office of Land Use and Climate Innovation ("LCI") in an electronic form via the LCI's CEQA Submit website, which is located at the following web address: https://ceqasubmit.lci.ca.gov/. The Notice of Completion shall contain:

(a) A brief description of the proposed project;
(b) The location of the proposed project including the proposed project's latitude and longitude;
(c) An address where copies of the Draft EIR are available and a description of how the Draft EIR can be provided in an electronic format; and
(d) The review period during which comments will be received on the Draft EIR.

The LCI has developed a model form Notice of Completion. Form H follows LCI's model. To ensure that the documents are accepted by LCI staff, this form should be used when documents are transmitted to State Clearinghouse.

Notice of Availability. At the same time it sends a Notice of Completion to LCI, the City shall provide public notice of the availability of the Draft EIR by distributing a Notice of Availability of Draft Environmental Impact Report (Form "K"). The Notice of Availability shall include at least the following information:

(a) A brief description of the proposed project and its location;

(b) The starting and ending dates for the review period during which the City will receive comments, the manner in which the City will receive those comments, and whether the review period has been shortened;
(c) The date, time, and place of any scheduled public meetings or hearings to be held by the City on the proposed project, if the City knows this information when it prepares the Notice;
(d) A list of the significant environmental effects anticipated as a result of the project;
(e) The address where copies of the EIR and all documents incorporated by reference in the EIR will be available for public review, and a description of how the Draft EIR can be obtained in electronic format. This location shall be readily accessible to the public during the City's normal working hours; and
(f) A statement indicating whether the project site is included on any list of hazardous waste facilities, land designated as hazardous waste property, or hazardous waste disposal site, and, if so, the information required in the Hazardous Waste and Substances Statement pursuant to Government Code section 65962.5.

The Notice of Availability shall be provided to:

(a) Each Responsible and Trustee Agency;
(b) Any other federal, state, or local agency that has jurisdiction by law or exercises authority over resources affected by the project, including:

(1) Any water supply agency consulted under Local Guidelines Section 5.16;

(2) Any city or county bordering on the project area;

(3) For a project of statewide, regional, or area-wide significance, any transportation agencies or public agencies that have major local arterials or public transit facilities within five (5) miles of the project site; or freeways, highways, or rail transit service within ten (10) miles of the project site that could be affected by the project;

(4) For a subdivision project located within one mile of a facility of the State Water Resources Development System, the California Department of Water Resources; and

(5) For a general plan amendment, a project of statewide, regional, or area-wide significance, or a project that relates to a public use airport, to any "military service" (defined in Section 11.43 of these Local Guidelines) that has provided the City with its contact office and address and notified the City of the specific boundaries of a "low-level flight path" (defined in Section **Error! Reference source not found.** of t hese Local Guidelines), "military impact zone" (defined in Section 11.42 of these Local Guidelines), or "special use airspace" (defined in Section 11.68 of these Local Guidelines);

(c) The last known name and address of all organizations and individuals who have previously filed a written request with the City to receive these Notices;

(d) For certain projects that may impact a low-level flight path, military impact zone, or special use airspace and that meet the other criteria of Local Guidelines Section 7.04, the specified military services contact;
(e) For certain projects that involve the construction or alteration of a facility anticipated to emit hazardous air emissions or handle hazardous substances within one-quarter mile of a school and that meet the other requirements of Local Guidelines Section 7.36, any potentially affected school district;
(f) For certain waste-burning projects that meet the requirements of Local Guidelines Section 5.11 (see also Local Guidelines Section 7.27), the owners and occupants of property within one-fourth mile of any parcel on which the project will be located; and
(g) For a project that establishes or amends a redevelopment plan that contains land in agricultural use, notice and a copy of the Draft EIR shall be provided to the agricultural and farm agencies and organizations specified in Health and Safety Code section 33333.3.
(h) All properties within 600 feet of the project's site outer property lines, or as deemed necessary by the Planning Director.

The City requires requests for copies of these Notices to be in writing and to be renewed annually; moreover, the City may charge a fee for the reasonable cost of providing these Notices. A project will not be invalidated due to a failure to send a requested Notice provided there has been substantial compliance with these notice provisions.

Staff may also consult with and obtain comments from any person known to have special expertise or any other person or organization whose comments relative to the Draft EIR would be desirable.

Notice shall be given to the last known name and address of all organizations and individuals who have previously requested notice; by posting the notice on the website of the lead agency; and by at least one of the following procedures:

(a) Publication of the Notice of Completion and/or the Notice of Availability at least once in a newspaper of general circulation in the area affected by the proposed project. If more than one area will be affected, the notice shall be published in the newspaper of largest circulation from among the newspapers of general circulation in those areas;
(b) Posting of the Notice of Completion and/or the Notice of Availability on and off site in the area where the project is to be located; or
(c) Direct mailing of the Notice of Completion and/or the Notice of Availability to owners and occupants of property contiguous to the project, as identified on the latest equalized assessment roll.

The Notice of Completion and Notice of Availability shall be posted in the office of the Clerk in each county in which the project is located for at least thirty (30) days. If the public review period for the Draft EIR is longer than thirty (30) days, the City may wish to leave the Notice posted until the public review period for the Draft EIR has expired.

Copies of the Draft EIR shall also be made available at the City office for review by members of the general public. The City may require any person obtaining a copy of the Draft

 ©Best Best & Krieger LLP

EIR to reimburse the City for the actual cost of its reproduction. Copies of the Draft EIR should also be furnished to appropriate public library systems.

The City shall also post an electronic copy of the Notice of Completion, Notice of Availability, and Draft EIR on its website, if any.

(Reference: Pub. Resources Code, § 21082.1; State CEQA Guidelines, §§ 15085, 15087.)

7.26 SUBMISSION OF DRAFT EIR TO STATE CLEARINGHOUSE.

A Draft EIR must be submitted to the State Clearinghouse, at the same time as the Notice of Completion, in an electronic form as required by the Office of Land Use and Climate Innovation ("LCI"), regardless of whether the document must be circulated for review and comment by state agencies under State CEQA Guidelines section 15205 and 15206. The Draft EIR must be submitted via the LCI's CEQA Submit website (https://ceqasubmit.lci.ca.gov/). The CEQA Submit website differentiates between environmental documents that do require review and comment by state agencies and those that do not. In particular, the website provides a "Local Review Period" tab for submitting documents that do not require review and comment by state agencies, and a "State Review Period" tab for submitting documents that do require review and comment by state agencies.

A Draft EIR must be submitted to the State Clearinghouse for review and comment by state agencies (i.e., the Draft EIR must be submitted through the CEQA Submit website under the "State Review Period" tab) in the following situations:

(a) A state agency is the Lead Agency for the Draft EIR;
(b) A state agency is a Responsible Agency, Trustee Agency, or otherwise has jurisdiction by law over resources potentially affected by the project; or
(c) The Draft EIR is for a project identified in State CEQA Guidelines section 15206 as being a project of statewide, regional, or area-wide significance.

State CEQA Guidelines section 15206 identifies the following types of projects as being examples of projects of statewide, regional, or area-wide significance that require submission to the State Clearinghouse for circulation:

(1) General plans, elements, or amendments for which an EIR was prepared;

(2) Projects that have the potential for causing significant environmental effects beyond the city or county where the project would be located, such as:

(a) Residential development of more than 500 units;
(b) Commercial projects employing more than 1,000 persons or covering more than 500,000 square feet of floor space;
(c) Office building projects employing more than 1,000 persons or covering more than 250,000 square feet of floor space;
(d) Hotel or motel development of more than 500 rooms; and
(e) Industrial projects housing more than 1,000 persons, occupying more than 40 acres of land, or covering more than 650,000 square feet of floor area;

(3) Projects for the cancellation of a Williamson Act contract covering more than 100 acres;

(4) Projects in one of the following Environmentally Sensitive Areas:

(a) Lake Tahoe Basin;
(b) Santa Monica Mountains Zone;
(c) Sacramento-San Joaquin River Delta;
(d) Suisun Marsh;
(e) Coastal Zone, as defined by the California Coastal Act;
(f) Areas within one-quarter mile of a river designated as wild and scenic; or
(g) Areas within the jurisdiction of the San Francisco Bay Conservation and Development Commission;

(5) Projects that would affect sensitive wildlife habitats or the habitats of any rare, threatened, or endangered species;

(6) Projects that would interfere with water quality standards; and

(7) Projects that would provide housing, jobs, or occupancy for 500 or more people within 10 miles of a nuclear power plant.

A Draft EIR may also be submitted to the State Clearinghouse for review and comment by state agencies when a state agency has special expertise with regard to the environmental impacts involved.

Submission of the Draft EIR to the State Clearinghouse affects the timing of the public review period as set forth in Local Guidelines Section 7.28.

(Reference: Pub. Resources Code, § 21091; State CEQA Guidelines, §§ 15205, 15206.)

7.27 SPECIAL NOTICE REQUIREMENTS FOR WASTE- AND FUEL-BURNING PROJECTS.

For any waste-burning project, as defined in Local Guidelines Section 5.11, in addition to the notice requirements specified in Local Guidelines Sections 7.25 and 7.26, Notice of Availability of the Draft EIR shall be given by direct mailing or any other method calculated to provide delivery of the notice to the owners and occupants of property within one-fourth mile of any parcel or parcels on which the project is located.

(Reference: Pub. Resources Code, § 21092(c).)

7.28 TIME FOR REVIEW OF DRAFT EIR; FAILURE TO COMMENT.

A period of between thirty (30) and sixty (60) days from the filing of the Notice of Completion of the Draft EIR shall be allowed for review of and comment on the Draft EIR, except in unusual situations.

If the Draft EIR is for a proposed project where a state agency is the lead agency, a responsible agency, or a trustee agency; a state agency otherwise has jurisdiction by law with respect to the project; or the proposed project is of sufficient statewide, regional, or area-wide significance as determined pursuant to State CEQA Guidelines section 15206, the review period shall be at least forty-five (45) days (unless a shorter period is approved as set forth below), and the lead agency shall provide the document in an electronic form, as required by the LCI, to the State Clearinghouse for review and comment by state agencies.

For purposes of calculating the length of the public review period, the last day of the public review period cannot fall on a weekend, a legal holiday, or other day on which the lead agency's offices are closed.[2] (Reference: *Rominger v. County of Colusa* (2014) 229 Cal.App.4th 690, 708.)

If a state agency is a Responsible Agency, or if the Draft EIR is submitted to the State Clearinghouse for review and comment by state agencies, the public review period shall be at least as long as the review period established by the State Clearinghouse. The public review period and the state agency review period may, but are not required to, begin and end at the same time. The state agency review period begins (day one) on the date that the State Clearinghouse distributes the Draft EIR to state agencies. The State Clearinghouse is required to distribute the Draft EIR to state agencies within three (3) working days from the date the State Clearinghouse receives the document, as long as the Draft EIR is complete when submitted to the State Clearinghouse. If the document submitted to the State Clearinghouse is not complete, the State Clearinghouse must notify the Lead Agency. The review period for the public and all other agencies may run concurrently with the state agency review period established by the State Clearinghouse.

Under certain circumstances, a shorter review period of the Draft EIR by the State Clearinghouse can be requested by the City; however, a shortened review period shall not be less than thirty (30) days for a Draft EIR. Any request for a shortened review period must be made in writing by the City to LCI. The City may designate a person to make these requests. The City must contact all Responsible and Trustee agencies and obtain their agreement prior to obtaining a shortened review period. (See the Shortened Review Request Form "P.") A shortened review period is not available for any proposed project of statewide, regional or area-wide environmental significance as determined pursuant to State CEQA Guidelines section 15206. Any approval of a shortened review period shall be given prior to, and reflected in, the public notices.

In the event a public agency, group, or person whose comments on a Draft EIR are solicited fails to comment within the required time period, it shall be presumed that such agency, group, or person has no comment to make, unless the Lead Agency has received a written request for a specific extension of time for review and comment and a statement of reasons for the request.

Continued planning activities concerning the proposed project, short of formal approval, may continue during the period set aside for review and comment on the Draft EIR.

[2] A public agency's "offices are closed" for purposes of this section on days in which the agency is formally closed for business (for example, due to a weekend, a legal holiday, or a formal furlough affecting the entire office). A public agency's office is not considered closed for purposes of this section where the agency's office may be physically closed, but the agency is nonetheless open for business and is operating remotely or virtually (for example, in response to the Covid-19 pandemic).

(Reference: Pub. Resources Code, § 21091; State CEQA Guidelines, §§ 15203, 15205(d).)

7.29 PUBLIC HEARING ON DRAFT EIR.

CEQA does not require formal public hearings for certification of an EIR; public comments may be restricted to written communications. (However, a hearing is required to utilize the limited exemption for Transit Priority Projects as explained in Local Guidelines Section 3.23; to adopt a bicycle transportation plan as explained in Local Guidelines Section 3.24; and for certain other actions involving the replacement or deletion of mitigation measures under State CEQA Guidelines section 15074.1.) However, if the City provides a public hearing on its consideration of a project, the City should include the project's environmental review documents as one of the subjects of the hearing. Notice of the time and place of the hearing shall be given in a timely manner in accordance with any legal requirements applicable to the proposed project. Generally, the requirements of the Ralph M. Brown Act will provide the minimum requirements for the inclusion of CEQA matters on agendas and at hearings. (Gov. Code, § 54950 et seq.) At a minimum, agendas for meetings and hearings before commissions, boards, councils, and other agencies must be posted in a location that is freely accessible to members of the public at least seventy-two (72) hours prior to a regular meeting. The agenda must contain a brief general description of each item to be discussed and the time and location of the meeting. (Gov. Code, § 54954.2.) Additionally, any legislative body or its presiding officer must post an agenda for each regular or special meeting on the local agency's Internet Web site, if the local agency has one.

(Reference: State CEQA Guidelines, § 15202.)

7.30 RESPONSE TO COMMENTS ON DRAFT EIR.

The Lead Agency shall evaluate any comments on environmental issues received during the public review period for the Draft EIR and shall prepare a written response to those comments that raise significant environmental issues.

As stated below, the City, as Lead Agency, should also consider evaluating and responding to any comments received after the public review period. The written responses shall describe the disposition of any significant environmental issues that are raised in the comments. The responses may take the form of a revision of the Draft EIR, an attachment to the Draft EIR, or some other oral or written response that is adequate under the circumstances. If the City's position is at variance with specific recommendations or suggestions raised in the comment, the City's response must detail the reasons why such recommendations or suggestions were not accepted. The level of detail contained in the response, however, may correspond to the level of detail provided in the comment (i.e., responses to general comments may be general). A general response may be appropriate when a comment does not contain or specifically refer to readily available information, or does not explain the relevance of evidence submitted with the comment.

Moreover, the City shall respond to any specific suggestions for project alternatives or mitigation measures for significant impacts, unless such alternatives or mitigation measures are facially infeasible. The response shall contain recommendations, when appropriate, to alter the project as described in the Draft EIR as a result of an analysis of the comments received.

At least ten (10) days prior to certifying a Final EIR, the Lead Agency shall provide its proposed written response, either in printed copy or in an electronic format, to any public agency that has made comments on the Draft EIR during the public review period. The City, as Lead Agency, is not required to respond to comments received after the public review period. However, the City, as Lead Agency, should consider responding to all comments if it will not delay action on the Final EIR, since any comment received before final action on the EIR can form the basis of a legal challenge. A written response that addresses the comment or adequately explains the City's action in light of the comment may assist in defending against a legal challenge.

(Reference: State CEQA Guidelines, § 15088.)

7.31 PREPARATION AND CONTENTS OF FINAL EIR.

Following the receipt of any comments on the Draft EIR as required herein, such comments shall be evaluated by Staff and a Final EIR shall be prepared.

The Final EIR shall meet all requirements of Local Guidelines Section 7.18 and shall consist of the Draft EIR or a revision of the Draft, a section containing either verbatim or in summary the comments and recommendations received through the review and consultation process, a list of persons, organizations and public agencies commenting on the Draft, and a section containing the responses of the City to the significant environmental points raised in the review and consultation process.

(Reference: State CEQA Guidelines, §§ 15089, 15132.)

7.32 RECIRCULATION WHEN NEW INFORMATION IS ADDED TO EIR.

When significant new information is added to the EIR after notice and consultation but before certification, the Lead Agency must recirculate the Draft EIR for another public review period. The term "information" can include changes in the project or environmental setting as well as additional data or other information.

New information is significant only when the EIR is changed in a way that would deprive the public of a meaningful opportunity to comment upon a substantial adverse environmental effect of a project or a feasible way to mitigate or avoid such an effect, including a feasible project alternative, that the project proponents decline to implement. Recirculation is required, for example, when:

(1) New information added to an EIR discloses:

(a) A new significant environmental impact resulting from the project or from a new mitigation measure proposed to be implemented; or

(b) A significant increase in the severity of an environmental impact (unless mitigation measures are also adopted that reduce the impact to a level of insignificance); or

(c) A feasible project alternative or mitigation measure that clearly would lessen the significant environmental impacts of the project, but which the project proponents decline to adopt; or

(2) The Draft EIR is so fundamentally and basically inadequate and conclusory in nature that meaningful public review and comment were precluded.

Recirculation is not required when the new information added to the EIR merely clarifies or amplifies or makes insignificant modifications in an adequate EIR. If the revision is limited to a few chapters or portions of the EIR, the City as Lead Agency need only recirculate the chapters or portions that have been modified. A decision to not recirculate an EIR must be supported by substantial evidence in the record.

When the City determines to recirculate a Draft EIR, it shall give Notice of Recirculation (Form "M") to every agency, person, or organization that commented on the prior Draft EIR. The Notice of Recirculation must indicate whether new comments must be submitted and whether the City has exercised its discretion to require reviewers to limit their comments to the revised chapters or portions of the recirculated EIR. The City shall also consult again with those persons contacted pursuant to Local Guidelines Section 7.25 before certifying the EIR. When the EIR is substantially revised and the entire EIR is recirculated, the City may require that reviewers submit new comments and need not respond to those comments received during the earlier circulation period. In those cases, the City should advise reviewers that, although their previous comments remain part of the administrative record, the final EIR will not provide a written response to those comments, and new comments on the revised EIR must be submitted. The City need only respond to those comments submitted in response to the revised EIR.

When the EIR is revised only in part and the City is recirculating only the revised chapters or portions of the EIR, the City may request that reviewers limit their comments to the revised chapters or portions. The City need only respond to: (1) comments received during the initial circulation period that relate to chapters or portions of the document that were not revised and recirculated, and (2) comments received during the recirculation period that relate to the chapters or portions of the earlier EIR that were revised and recirculated.

When recirculating a revised EIR, either in whole or in part, the City must, in the revised EIR or by an attachment to the revised EIR, summarize the revisions made to the previously circulated draft EIR.

(Reference: State CEQA Guidelines, § 15088.5.)

7.33 CERTIFICATION OF FINAL EIR.

Following the preparation of the Final EIR, Staff shall review the Final EIR and make a recommendation to the decision-making body regarding whether the Final EIR has been completed in compliance with CEQA, the State CEQA Guidelines and the City's Local Guidelines. The Final EIR and Staff recommendation shall then be presented to the decision-making body. The decision-making body shall independently review and consider the information contained in the Final EIR and determine whether the Final EIR reflects its independent judgment. Before it approves the project, the decision-making body must certify and find that: (1) the Final EIR has been completed in compliance with CEQA, the State CEQA Guidelines and the City's Local Guidelines; (2) the Final EIR was presented to the decision-making body and the decision-making body reviewed and

considered the information contained in the Final EIR before approving the project; and (3) the Final EIR reflects the City's independent judgment and analysis.

Except in those cases in which the City Council is the final decision-making body for the project, any interested person may appeal the certification or denial of certification of a Final EIR to the City Council. Appeals must follow the procedures prescribed by the City.

(Reference: State CEQA Guidelines, § 15090.)

7.34 CONSIDERATION OF EIR BEFORE APPROVAL OR DISAPPROVAL OF PROJECT.

Once the decision-making body has certified the EIR, it may then proceed to consider the proposed project for purposes of approval or disapproval.

(Reference: State CEQA Guidelines, § 15092.)

7.35 FINDINGS.

The decision-making body shall not approve or carry out a project if a completed EIR identifies one or more significant environmental effects of the project unless it makes one or more of the following written findings for each such significant effect, accompanied by a brief explanation of the rationale supporting each finding. For impacts that have been identified as potentially significant, the possible findings are:

(a) Changes or alterations have been required in, or incorporated into, the project which mitigate or avoid the significant effects on the environment as identified in the Final EIR, such that the impact has been reduced to a less-than-significant level;
(b) Such changes or alterations are within the responsibility and jurisdiction of another public agency and not the City. Such changes have been, or can and should be, adopted by that other agency; or
(c) Specific economic, legal, social, technological or other considerations, including considerations for the provision of employment opportunities for highly trained workers, make infeasible the mitigation measures or alternatives identified in the Final EIR. The decision-making body must make specific written findings stating why it has rejected an alternative to the project as infeasible.

The findings required by this Section shall be supported by substantial evidence in the record. Measures identified and relied on to mitigate environmental impacts identified in the EIR to below a level of significance should be expressly adopted or rejected in the findings. The findings should include a description of the specific reasons for rejecting any mitigation measures or project alternatives identified in the EIR that would reduce the significant impacts of the project. Any mitigation measures that are adopted must be fully enforceable through permit conditions, agreements, or other measures.

If any of the proposed alternatives could avoid or lessen an adverse impact for which no mitigation measures are proposed, the City shall analyze the feasibility of such alternative(s). If the project is to be approved without including such alternative(s), the City shall find that specific economic, legal, social, technological or other considerations, including considerations for the

provision of employment opportunities for highly trained workers, make infeasible the alternatives identified in the Final EIR and shall list such considerations before such approval.

The decision-making body shall not approve or carry out a project as proposed unless: (1) the project as approved will not have a significant effect on the environment; or (2) the project's significant environmental effects have been eliminated or substantially lessened (as determined through one or more of the findings indicated above), and any remaining unavoidable significant effects have been found acceptable because of facts and circumstances described in a Statement of Overriding Considerations (see Local Guidelines Section 7.37). Statements in the Draft EIR or comments on the Draft EIR are not determinative of whether the project will have significant effects.

When making the findings required by this Section, the City as Lead Agency shall specify the location and custodian of the documents or other material which constitute the record of proceedings upon which it based its decision.

(Reference: State CEQA Guidelines, § 15091.)

7.36 SPECIAL FINDINGS REQUIRED FOR FACILITIES THAT MAY EMIT HAZARDOUS AIR EMISSIONS NEAR SCHOOLS.

Special procedural rules apply to projects involving the construction or alteration of a facility within one-quarter mile of a school when: (1) the facility might reasonably be anticipated to emit hazardous air emissions or to handle an extremely hazardous substance or a mixture containing extremely hazardous substances in a quantity equal to or greater than the threshold specified in Health and Safety Code section 25532(j); and (2) the emissions or substances may pose a health or safety hazard to persons who would attend or would be employed at the school. If the project meets both of those criteria, the Lead Agency may not certify an EIR or approve a Negative Declaration or Mitigated Negative Declaration unless it makes a finding that:

(a) The Lead Agency consulted with the affected school district or districts having jurisdiction over the school regarding the potential impact of the project on the school; and
(b) The school district was given written notification of the project not less than thirty (30) days prior to the proposed certification of the EIR or approval of the Negative Declaration or Mitigated Negative Declaration.

Implementation of this Local Guideline shall be consistent with the definitions and terms utilized in State CEQA Guidelines section 15186.

Additionally, in its role as a Responsible Agency, the City should be aware that for projects involving the acquisition of a school site or the construction of a secondary or elementary school by a school district, the Negative Declaration, Mitigated Negative Declaration, or EIR prepared for the project may not be adopted or certified unless there is sufficient information in the entire record to determine whether any boundary of the school site is within 500 feet of the edge of the closest traffic lane of a freeway or other busy traffic corridor.

If it is determined that the project involves the acquisition of a school site that is within 500 feet of the edge of the closest traffic lane of a freeway, or other busy traffic corridor, the

Negative Declaration, Mitigated Negative Declaration, or EIR may not be adopted or certified unless the school board determines, through a health risk assessment pursuant to Section 44360(b)(2) of the Health and Safety Code and after considering any potential mitigation measures, that the air quality at the proposed project site does not present a significant health risk to pupils.

(Reference: State CEQA Guidelines, § 15186.)

7.37 STATEMENT OF OVERRIDING CONSIDERATIONS.

Before a project that has unmitigated significant adverse environmental effects can be approved, the decision-making body must adopt a Statement of Overriding Considerations. If the decision-making body finds in the Statement of Overriding Considerations that specific benefits of a proposed project outweigh the unavoidable adverse environmental effects, the adverse environmental effects may be considered "acceptable."

Accordingly, the Statement of Overriding Considerations allows the decision-making body to approve a project despite one or more unmitigated significant environmental impacts identified in the Final EIR. A Statement of Overriding Considerations can be made only if feasible project alternatives or mitigation measures do not exist to reduce the environmental impact(s) to a level of insignificance and the benefits of the project outweigh the adverse environmental effect(s). The feasibility of project alternatives or mitigation measures is determined by whether the project alternative or mitigation measure can be accomplished within a reasonable period of time, taking into account economic, environmental, social, legal and technological factors.

Project benefits that are appropriate to consider in the Statement of Overriding Considerations include the economic, legal, environmental, technological and social value of the project. The City may also consider region-wide or statewide environmental benefits.

Substantial evidence in the entire record must justify the decision-making body's findings and its use of the Statement of Overriding Considerations. If the decision-making body makes a Statement of Overriding Considerations, the Statement must be included in the record of the project approval and it should be referenced in the Notice of Determination.

(Reference: State CEQA Guidelines, § 15093.)

7.38 MITIGATION MONITORING OR REPORTING PROGRAM FOR EIR.

When making findings regarding an EIR, the City must do all of the following:

(a) Adopt a reporting or monitoring program to assure that mitigation measures that are required to mitigate or avoid significant effects on the environment will be implemented by the project proponent or other responsible party in a timely manner, in accordance with conditions of project approval;
(b) Make sure all conditions and mitigation measures are feasible and fully enforceable through permit conditions, agreements, or other measures. Such permit conditions, agreements, and measures must be consistent with applicable constitutional requirements such as the "nexus" and "rough proportionality" standards established by case law; and

(c) Specify the location and the custodian of the documents which constitute the record of proceedings upon which the City based its decision in the resolution certifying the EIR.

There is no requirement that the reporting or monitoring program be circulated for public review; however, the City may choose to circulate it for public comments along with the Draft EIR. Any mitigation measures required to mitigate or avoid significant effects on the environment shall be adopted and made fully enforceable, such as by being imposed as conditions of project approval.

The adequacy of a mitigation monitoring program is determined by the "rule of reason." This means that a mitigation monitoring program does not need to provide every imaginable measure. It needs only to provide measures that are reasonably feasible and that are necessary to avoid significant impacts or to reduce the severity of impacts to a less-than-significant level.

The mitigation monitoring or reporting program shall be designed to assure compliance with the mitigation measures during the implementation and construction of the project. If a Responsible Agency or Trustee Agency has required that certain conditions be incorporated into the project, the City may request that agency to prepare and submit a proposed reporting or monitoring program. The City shall also require that, prior to the close of the public review period for a Draft EIR, the Responsible or Trustee Agency submit detailed performance objectives for mitigation measures, or refer the City to appropriate, readily available guidelines or reference documents. Any mitigation measures submitted to the City by a Responsible or Trustee Agency shall be limited to measures that mitigate impacts to resources that are within the Responsible or Trustee Agency's authority.

When a project is of statewide, regional, or area-wide significance, any transportation information resulting from the reporting or monitoring program required to be adopted by the City shall be submitted to the regional transportation planning agency where the project is located and to the Department of Transportation. The transportation planning agency and the Department of Transportation are required by law to adopt guidelines for the submittal of these reporting or monitoring programs, so the City may wish to tailor its submittal to such guidelines.

Local agencies have the authority to levy fees sufficient to pay for this program. Therefore, the City may impose a program to charge project proponents fees to cover actual costs of program processing and implementation.

The City may delegate reporting or monitoring responsibilities to an agency or to a private entity that accepts the delegation; however, until mitigation measures have been completed, the City remains responsible for ensuring that implementation of the mitigation measures occurs in accordance with the program.

The City may choose whether its program will monitor mitigation, report on mitigation, or both. "Reporting" is defined as a written compliance review that is presented to the Board or an authorized staff person. A report may be required at various stages during project implementation or upon completion of the mitigation measure. Reporting is suited to projects that have readily measurable or quantitative mitigation measures or that already involve regular review. "Monitoring" is generally an ongoing or periodic process of project oversight. Monitoring is suited

to projects with complex mitigation measures that may exceed the expertise of the City to oversee, are expected to be implemented over a period of time, or require careful implementation to assure compliance.

At its discretion, the City may adopt standardized policies and requirements to guide individually adopted programs.

Standardized policies or requirements for monitoring and reporting may describe, but are not limited to:

(a) The relative responsibilities of various departments within the City for various aspects of the program;
(b) The responsibilities of the project proponent;
(c) Guidelines adopted by the City to govern preparation of programs;
(d) General standards for determining project compliance with the mitigation measures and related conditions of approval;
(e) Enforcement procedures for noncompliance, including provisions for administrative appeal; and/or
(f) A process for informing the Board and staff of the relative success of mitigation measures and using those results to improve future mitigation measures.

When a project is of statewide, regional, or area-wide importance, any transportation information generated by a mitigation monitoring or reporting program must be submitted to the transportation planning agency in the region where the project is located, as well as to the Department of Transportation.

(Reference: State CEQA Guidelines, § 15097.)

7.39 NOTICE OF DETERMINATION.

After approval of a project for which the City is the Lead Agency, Staff shall cause a Notice of Determination (Form "F") to be prepared, filed, and posted. The Notice of Determination shall include the following information:

(a) An identification of the project, including its common name, where possible, and its location. If the Notice of Determination is filed with the State Clearinghouse, the State Clearinghouse identification number for the draft EIR shall be provided.
(b) A brief description of the project;
(c) The City's name and the applicant's name (if any). If different from the applicant, the Notice of Determination shall further provide, if applicable, the identity of the person undertaking the project that is supported, in whole or in part, through contracts, grants, subsidies, loans, or other forms of assistance from one or more public agencies, or the identity of the person receiving a lease, permit, license, certificate, or other entitlement for use from one or more public agencies.
(d) The date when the City approved the project;
(e) Whether the project in its approved form with mitigation will have a significant effect on the environment;
(f) A statement that an EIR was prepared and certified pursuant to the provisions of CEQA;

(g) Whether mitigation measures were made a condition of the approval of the project, and whether a mitigation monitoring plan/program was adopted;
(h) Whether findings were made and/or whether a Statement of Overriding Considerations was adopted for the project; and
(i) The address where a copy of the EIR (with comments and responses) and the record of project approval may be examined by the general public.

The Notice of Determination shall be filed within five (5) working days of project approval with both (1) the Clerk of each county in which the project will be located; and (2) the State Clearinghouse of the Office of Land Use and Climate Innovation. (To determine the fees that must be paid with the filing of the Notice of Determination, see Local Guidelines Section 7.42 and the Staff Summary of the CEQA Process.) The County Clerk is required to post the Notice of Determination within twenty-four (24) hours of receipt. The Notice must be posted in the office of the Clerk for a minimum of thirty (30) days. Thereafter, the Clerk shall return the notice to the City with a notation of the period it was posted. The City shall retain the notice for not less than twelve (12) months.

The City, when acting as lead agency, must post its Notice of Determination for a project on its website, if any.

For projects with more than one phase, Staff shall file a Notice of Determination for each phase requiring a discretionary approval. The filing and posting of a Notice of Determination with the Clerk, and, if necessary, with the State Clearinghouse, usually starts a thirty (30) day statute of limitations on court challenges to the approval under CEQA. When separate notices are filed for successive phases of the same overall project, the thirty (30) day statute of limitation to challenge the subsequent phase begins to run when the second notice is filed. Failure to file the Notice may result in a one hundred eighty (180) day statute of limitations.

(Reference: Pub. Resources Code, §§ 21092.2, 21108; State CEQA Guidelines, § 15094.)

7.40 DISPOSITION OF A FINAL EIR.

The City shall file a copy of the Final EIR with the appropriate planning agency of any city or county where significant effects on the environment may occur. The City shall also retain one or more copies of the Final EIR as a public record for a reasonable period of time. Finally, for private projects, the City may require that the project applicant provide a copy of the certified Final EIR to each Responsible Agency.

(Reference: State CEQA Guidelines, § 15095.)

7.41 PRIVATE PROJECT COSTS.

For private projects, the person or entity proposing to carry out the project shall be charged a reasonable fee to recover the estimated costs incurred by the City in preparing, circulating, and filing the Draft and Final EIRs, as well as all publication costs incident thereto.

7.42 FILING FEES FOR PROJECTS THAT AFFECT WILDLIFE RESOURCES.

At the time a Notice of Determination for an EIR is filed with the County or Counties in which the project is located, a fee of $4,227.50, shall be paid to the Clerk for projects that will adversely affect fish or wildlife resources. These fees are collected by the Clerk on behalf of DFW.

Only one filing fee is required for each project unless the project is tiered or phased and separate environmental documents are prepared. For projects where Responsible Agencies file separate Notices of Determination, only the Lead Agency is required to pay the fee.

Note: County Clerks are authorized to charge a documentary handling fee for each project in addition to the Fish and Wildlife fees specified above. Refer to the Index in the Staff Summary to help determine the correct total amount of fees applicable to the project.

For private projects, the City should pass these costs on to the project applicant.

No fees are required for projects with "no effect" on fish or wildlife resources or for certain projects undertaken by the DFW and implemented through a contract with a non-profit entity or local government agency. (See Local Guidelines Section 6.24 for more information regarding a "no effect" determination.)

8. TYPES OF EIRS

8.01 EIRs GENERALLY.

This chapter describes a number of examples of various EIRs tailored to different situations. All of these types of EIRs must meet the applicable requirements of Chapter 7 of these Local Guidelines.

8.02 TIERING.

(a) Tiering Generally.

"Tiering" refers to using the analysis of general matters contained in a previously certified broader EIR in later EIRs, Negative Declarations, or Mitigated Negative Declarations prepared for narrower projects. The later EIR, Negative Declaration, or Mitigated Negative Declaration may incorporate by reference the general discussions from the broader EIR and may concentrate solely on the issues specific to the later project.

An Initial Study shall be prepared for the later project and used to determine whether a previously certified EIR may be used and whether new significant effects should be examined. Tiering does not excuse the City from adequately analyzing reasonably foreseeable significant environmental effects of a project, nor does it justify deferring analysis to a later tier EIR, Negative Declaration, or Mitigated Negative Declaration. However, the level of detail contained in a first-tier EIR need not be greater than that of the program, plan, policy, or ordinance being analyzed. When the City is using the tiering process in connection with an EIR for a large-scale planning approval, such as a general plan or component thereof (e.g., an area plan, specific plan or community plan), the development of detailed, site-specific information may not be feasible. Such site-specific information can be deferred, in many instances, until such time as the Lead Agency prepares a future environmental document in connection with a project of a more limited geographical scale, as long as deferral does not prevent adequate identification of significant effects of the planning approval at hand.

(b) Identifying New Significant Impacts.

When assessing whether there is a new significant cumulative effect for purposes of a subsequent tier environmental document, the Lead Agency shall consider whether the incremental effects of the project would be considerable when viewed in the context of past, present, and probable future projects.

A Lead Agency may use only a valid CEQA document as a first-tier document. Accordingly, the City, in its role as Lead Agency, should carefully review the first-tier environmental document to determine whether or not the statute of limitations for challenging the document has run. If the statute of limitations has not expired, the City should use the first-tier document with caution and pay careful attention to the legal status of the document. If the first-tier document is subsequently invalidated, any later environmental document may also be defective.

 ©Best Best & Krieger LLP

(c) Infill Projects and Tiering.

Certain "infill" projects may tier off of a previously certified EIR. An "infill" project is defined as a project with residential, retail, and/or commercial uses, a transit station, a school, or a public office building. It must be located in an urban area on a previously developed site or on an undeveloped site that is surrounded by developed uses. The project must be either consistent with land use planning strategies that achieve greenhouse gas ("GHG") emission reduction targets, feature a small walkable community project, or where a sustainable communities or alternative planning strategy has not yet been adopted for the area, include a residential density of at least 20 units per acre or a floor area ratio of at least 0.75. The project must also meet a number of standards related to energy efficiency that are not yet defined but which SB 226 directs the Office of Land Use and Climate Innovation to prepare.

If an EIR was certified for a planning level decision by a city or county (such as a General Plan or Specific Plan), the scope of the CEQA review for a later "infill" project can be limited to those effects on the environment that: 1) are specific to the project or to the project site and were not addressed as significant effects in the prior EIR; or 2) substantial new information shows will be more significant than described in the prior EIR.

When a project meets the definition of "infill" and either of the above conditions exist but a Mitigated Negative Declaration cannot be adopted, then the subsequent EIR for such a project need not consider alternative locations, densities, and building intensities or growth-inducing impacts.

(d) Statement of Overriding Considerations.

A Lead Agency may also tier off of a previously prepared Statement of Overriding Considerations if certain conditions are met. (See Local Guidelines Section 7.37.)

(Reference: State CEQA Guidelines, § 15152.)

8.03 PROJECT EIR.

The most common type of EIR examines the environmental impacts of a specific development project and focuses primarily on the changes in the environment that would result from the development project. This type of EIR must examine all phases of the project, including planning, construction, and operation.

If the EIR for a redevelopment plan is a Project EIR, all public and private activities or undertakings pursuant to or in furtherance of the Redevelopment Plan shall constitute a single project, which shall be deemed approved at the time of the adoption of the Redevelopment Plan. Although the City will probably not act as a Lead Agency for a Redevelopment Plan, the City may act as a Responsible Agency.

(Reference: State CEQA Guidelines, §§ 15161, 15180.)

8.04 SUBSEQUENT EIR.

A Subsequent EIR is required when a previous EIR has been prepared and certified, or a Negative Declaration or Mitigated Negative Declaration has been adopted, for a project and at least one of the three following situations occur:

(a) Substantial changes are proposed in the project which will require major revisions of a previous EIR due to the identification of new significant environmental effects or a substantial increase in the severity of previously identified significant effects;

(b) Substantial changes occur with respect to the circumstances under which the project is to be undertaken which will require major revisions of a previous EIR due to the identification of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or

(c) New information, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified as complete or the Negative Declaration/Mitigated Negative Declaration was adopted, becomes available and shows any of the following:

(1) the project will have one or more significant effects not discussed in a previous EIR, Negative Declaration, or Mitigated Negative Declaration;

(2) significant effects previously examined will be substantially more severe than shown in a previous EIR;

(3) mitigation measures or alternatives previously found not to be feasible are in fact feasible and would substantially reduce one or more significant effects, but the project proponent declines to adopt the mitigation measures or alternatives; or

(4) mitigation measures or alternatives which were not considered in a previous EIR would substantially lessen one or more significant effects on the environment, but the project proponent declines to adopt the mitigation measures or alternatives.

A Subsequent EIR must receive the same circulation and review as the previous EIR received. As a potential tool to determine whether a Subsequent EIR is required, see Form J-1 of these Local Guidelines.

In instances where the City is evaluating a modification or revision to an existing use permit, the City may consider only those environmental impacts related to the changes between what was allowed under the old permit and what is requested under the new permit. Only if these differential impacts fall within the categories described above may the City require additional environmental review.

When the City is considering approval of a development project that is consistent with a general plan for which an EIR was completed, another EIR is required only if the project causes environmental effects peculiar to the parcel which were not addressed in the prior EIR or substantial new information shows the effects peculiar to the parcel will be more significant than described in the prior EIR. (Reference: State CEQA Guidelines, § 15162.)

 ©Best Best & Krieger LLP

8.05 SUPPLEMENTAL EIR.

The City may choose to prepare a Supplemental EIR, rather than a Subsequent EIR, if any of the conditions described in Local Guidelines Section 8.04 have occurred but only minor additions or changes would be necessary to make the previous EIR adequately apply to the project in the changed situation. To assist the City in making this determination, the decision-making body should request an Initial Study and/or a recommendation by Staff. The Supplemental EIR need contain only the information necessary to make the previous EIR adequate for the project as revised.

A Supplemental EIR shall be given the same kind of notice and public review as is given to a Draft EIR but may be circulated by itself without recirculating the previous EIR.

When the decision-making body decides whether to approve the project, it shall consider the previous EIR as revised by the Supplemental EIR. Findings shall be made for each significant effect identified in the Supplemental EIR.

(Reference: State CEQA Guidelines, § 15163.)

8.06 ADDENDUM TO AN EIR.

The City shall prepare an Addendum to a previously certified EIR, rather than a Subsequent or Supplemental EIR, only if changes or additions to the EIR are necessary, but none of the conditions described in Local Guidelines Section 8.04 or 8.05 calling for preparation of a Subsequent or Supplemental EIR have occurred. Since significant effects on the environment were addressed by findings in the original EIR, no new findings are required in the Addendum.

An Addendum to an EIR need not be circulated for public review but should be included in or attached to the Final EIR. The decision-making body shall consider the Addendum with the Final EIR prior to making a decision on a project. A brief explanation of the decision not to prepare a Subsequent EIR or a Supplemental EIR should be included in the Addendum, the Lead Agency's findings on the project, or elsewhere in the record. This explanation must be supported by substantial evidence.

(Reference: State CEQA Guidelines, § 15164.)

8.07 STAGED EIR.

When a large capital project will require a number of discretionary approvals from governmental agencies and one of the approvals will occur more than two years before construction will begin, a Staged EIR may be prepared. The Staged EIR covers the entire project in a general form or manner. A Staged EIR should evaluate a proposal in light of current and contemplated plans and produce an informed estimate of the environmental consequences of an entire project. The particular aspect of the project before the City for approval shall be discussed with a greater degree of specificity.

When a Staged EIR has been prepared, a Supplemental EIR shall be prepared when a later approval is required for the project and the information available at the time of the later approval

would permit consideration of additional environmental impacts, mitigation measures, or reasonable alternatives to the project.

(Reference: State CEQA Guidelines, § 15167.)

8.08 PROGRAM EIR.

A Program EIR is an EIR that may be prepared on an integrated series of actions that are related either:

(a) Geographically;
(b) As logical parts in a chain of contemplated actions;
(c) In connection with the issuance of rules, regulations, plans or other general criteria to govern the conduct of a continuing program; or
(d) As individual projects carried out under the same authorizing statutory or regulatory authority and having generally similar environmental effects that can be mitigated in similar ways.

An advantage of using a Program EIR is that it can "[a]llow the Lead Agency to consider broad policy alternatives and program wide mitigation measures at an early time when the agency has greater flexibility to deal with basic problems or cumulative impacts." (State CEQA Guidelines section 15168(b)(4).) A Program EIR is distinct from a Project EIR, as a Project EIR is prepared for a specific project and must examine in detail site-specific considerations. Program EIRs are commonly used in conjunction with the process of tiering.

Tiering is the coverage of general matters in broader EIRs (such as on general plans or policy statements) with subsequent narrower EIRs. (State CEQA Guidelines section 15385; see also Local Guidelines Sections 8.02 and **Error! Reference source not found.**.) Tiering is proper " when it helps a public agency to focus upon the issues ripe for decision at each level of environmental review and in order to exclude duplicative analysis of environmental effects examined in previous environmental impact reports." (Pub. Resources Code, § 21093(a).) For example, the California Supreme Court has ruled that "CEQA does not mandate that a first-tier program EIR identify with certainty particular sources of water for second-tier projects that will be further analyzed before implementation during later stages of the program. Rather, identification of specific sources is required only at the second-tier stage when specific projects are considered." (*In re Bay-Delta etc*. (2008) 43 Cal. 4th 1143.)

Subsequent activities in the program must be examined in light of the Program EIR to determine whether additional environmental documents must be prepared. Additional environmental review documents must be prepared if the proposed later project may arguably cause significant adverse effects on the environment.

(Reference: State CEQA Guidelines, § 15168.)

8.09 USE OF A PROGRAM EIR WITH SUBSEQUENT EIRS AND NEGATIVE DECLARATIONS.

A Program EIR can be used to simplify the task of preparing environmental documents on later activities in the program. The Program EIR can:

(a) Provide the basis for an Initial Study to determine whether the later activity may have any significant effects;
(b) Be incorporated by reference to deal with regional influences, secondary effects, cumulative impacts, broad alternatives and other factors that apply to the program as a whole; or
(c) Focus an EIR on a later activity to permit discussion solely of new effects which had not been considered before.

If a Program EIR is prepared for a redevelopment plan, subsequent activities in the redevelopment program will be subject to review if they would have effects that were not examined in the Program EIR. Where the later activities involve site-specific operations, the City should use a written checklist or similar device to document the evaluation of the site and the proposed activity to determine whether the environmental effects of the operation were within the scope of the Program EIR. If a later activity would have effects that were not examined in the Program EIR, a new Initial Study would need to be prepared leading to an EIR, Negative Declaration, or Mitigated Negative Declaration. That later analysis may tier from the Program EIR as provided in State CEQA Guidelines section 15152.

If the City finds that no Subsequent EIR would be required, the City can approve the activity as being within the scope of the project covered by the Program EIR, and no new environmental document is required. (See Local Guidelines Section 8.04.) Whether a later activity is within the scope of a Program EIR is a factual question that the Lead Agency determines based on substantial evidence in the record. Factors that the Lead Agency may consider in making that determination include, but are not limited to, consistency of the later activity with the type of allowable land use, overall planned density and building intensity, geographic area analyzed for environmental impacts, and covered infrastructure, as described in the Program EIR.

(Reference: State CEQA Guidelines, § 15168.)

8.10 USE OF AN EIR FROM AN EARLIER PROJECT.

A single EIR may be used to describe more than one project when the projects involve substantially identical environmental impacts. Any environmental impacts peculiar to one of the projects must be separately set forth and explained.

(Reference: State CEQA Guidelines, § 15165.)

8.11 MASTER EIR.

A Master EIR is an EIR which may be prepared for:

(a) A general plan (including elements and amendments);
(b) A specific plan;
(c) A project consisting of smaller individual projects to be phased;
(d) A regulation to be implemented by subsequent projects;
(e) A project to be carried out pursuant to a development agreement;
(f) A project pursuant to or furthering a redevelopment plan;
(g) A state highway or mass transit project subject to multiple reviews or approvals; or

 ©Best Best & Krieger LLP

(h) A regional transportation plan or congestion management plan.

A Master EIR must do both of the following:

(a) Describe and present sufficient information about anticipated subsequent projects within its scope, including their size, location, intensity, and scheduling; and
(b) Preliminarily describe potential impacts of anticipated subsequent projects for which insufficient information is available to support a full impact assessment.

The City and Responsible Agencies identified in the Master EIR may use the Master EIR to limit environmental review of subsequent projects. However, the Lead Agency for the subsequent project must prepare an Initial Study to determine whether the subsequent project and its significant environmental effects were included in the Master EIR. If the Lead Agency for the subsequent project finds that the subsequent project will have no additional significant environmental effect and that no new mitigation measures or alternatives may be required, it may prepare written findings to that effect without preparing a new environmental document. When the Lead Agency makes this finding, it must provide public notice of the availability of its proposed finding for public review and comment in the same manner as if it were providing public notice of the availability of a draft EIR. (See Sections 15177(d) and 15087 of the State CEQA Guidelines and Section 7.25 of these Local Guidelines.)

A previously certified Master EIR cannot be relied upon to limit review of a subsequent project if:

(a) A project not identified in the certified Master EIR has been approved and that project may affect the adequacy of the Master EIR for the subsequent project now under consideration; or
(b) The Master EIR was certified more than five (5) years before the filing of an application for the subsequent project, unless the City reviews the adequacy of the Master EIR and:

(1) Finds that, since the Master EIR was certified, no substantial changes have occurred that would cause the subsequent project to have significant environmental impacts, and there is no new information that the subsequent project would have significant environmental impacts; or

(2) Prepares an Initial Study and either certifies a Subsequent or Supplemental EIR or adopts a Mitigated Negative Declaration that addresses any substantial changes or new information that would cause the subsequent project to have potentially significant environmental impacts. The certified subsequent or supplemental EIR must either be incorporated into the previously certified Master EIR or the City must identify any deletions, additions or other modifications to the previously certified Master EIR in the new document. The City may include a section in the subsequent or supplemental EIR that identifies these changes to the previously certified Master EIR.

 ©Best Best & Krieger LLP

When the Lead Agency cannot find that the subsequent project will have no additional significant environmental effect and no new mitigation measures or alternatives will be required, it must prepare either a Mitigated Negative Declaration or an EIR for the subsequent project.

(Reference: State CEQA Guidelines, § 15175.)

8.12 FOCUSED EIR.

A Focused EIR is an EIR for a subsequent project identified in a Master EIR. It may be used only if the City finds that the Master EIR's analysis of cumulative, growth-inducing, and irreversible significant environmental effects is adequate for the subsequent project. The Focused EIR must incorporate by reference the Master EIR.

The Focused EIR must analyze additional significant environmental effects not addressed in the Master EIR and any new mitigation measures or alternatives not included in the Master EIR. "Additional significant effects on the environment" means those project-specific effects on the environment that were not addressed as significant effects on the environment in the Master EIR.

The Focused EIR must also examine the following:

(a) Significant effects discussed in the Master EIR for which substantial new information exists that shows those effects may be more significant than described in the Master EIR;
(b) Those mitigation measures found to be infeasible in the Master EIR for which substantial new information exists that shows the effects may be more significant than described in the Master EIR; and
(c) Those mitigation measures found to be infeasible in the Master EIR for which substantial new information exists that shows those measures may now be feasible.

The Focused EIR need not examine the following effects:

(a) Those that were mitigated through Master EIR mitigation measures; or
(b) Those that were examined in the Master EIR in sufficient detail to allow project-specific mitigation or for which mitigation was found to be the responsibility of another agency.

A Focused EIR may be prepared for a multifamily residential project not exceeding 100 units or a mixed use residential project not exceeding 100,000 square feet even though the project was not identified in a Master EIR, if the following conditions are met:

(a) The project is consistent with a general plan, specific plan, community plan, or zoning ordinance for which an EIR was prepared within five (5) years of the Focused EIR's certification;
(b) The project does not require the preparation of a Subsequent or Supplemental EIR; and
(c) The parcel is surrounded by immediately contiguous urban development, was previously developed with urban uses, or is within one-half mile of a rail transit station.

A Focused EIR for these projects should be limited to potentially significant effects that are project-specific and/or which substantial new information shows will be more significant than

 ©Best Best & Krieger LLP

described in the Master EIR. No discussion shall be required of alternatives to the project, cumulative impacts of the project, or the growth-inducing impacts of the project.

(Reference: State CEQA Guidelines, § 15179.5.)

8.13 SPECIAL REQUIREMENTS FOR REDEVELOPMENT PROJECTS.

An EIR for a redevelopment plan may be a Master EIR, Program EIR or Project EIR. An EIR for a redevelopment plan must specify whether it is a Master EIR, a Program EIR or a Project EIR. Normally, the City will not be a Lead Agency for a redevelopment plan. However, if the City is a Responsible Agency on such a project, the City should endeavor to ensure that the county and/or applicable city as the case may be, as Lead Agency, analyzes these impacts in accordance with CEQA.

If a Program EIR is prepared for a redevelopment plan, subsequent activities in the redevelopment program will be subject to review if they would have effects that were not examined in the Program EIR. The Lead Agency should use a written checklist or similar device to document the evaluation of the site and the proposed activity to determine whether the environmental effects of the operation were indeed covered in the Program EIR. If the Lead Agency finds that no new effects could occur, no new mitigation measures would be required or that State CEQA Guidelines sections 15162 and 15163 do not otherwise apply, the Lead Agency can approve the activity as being within the scope of the project covered by the Program EIR, and no new environmental document is required.

If the EIR for a redevelopment plan is a Project EIR, all public and private activities or undertakings pursuant to or in furtherance of the Redevelopment Plan shall constitute a single project, which shall be deemed approved at the time of the adoption of the Redevelopment Plan. Once certified, no subsequent EIRs will be needed unless required by State CEQA Guidelines sections 15162 or 15163. If a Master EIR is prepared for a redevelopment plan, subsequent projects will be subject to review if they would have effects that were not examined in the Master EIR. If no new effects could occur or no new mitigation measures would be required, the Lead Agency can approve the activity as being within the scope of the project covered by the Master EIR, and no new environmental document is required.

(Reference: State CEQA Guidelines, § 15180.)

9. AFFORDABLE HOUSING

9.01 STREAMLINED, MINISTERIAL APPROVAL PROCESS FOR AFFORDABLE HOUSING PROJECTS

The legislature has provided reforms and incentives to facilitate and expedite the approval and construction of affordable housing.

(a) An applicant may submit an application for a development that is subject to the streamlined, ministerial approval process and is not subject to a conditional use permit or any other non-legislative discretionary approval if the development satisfies all of the following objective planning standards:

(i) The development is a multifamily housing development that contains two or more residential units.

(ii) The development is located on a site that satisfies the following:

(A) A site that is a legal parcel or parcels located in a city if, and only if, the city boundaries include some portion of either an urbanized area or urban cluster, as designated by the United States Census Bureau, or, for unincorporated areas, a legal parcel or parcels wholly within the boundaries of an urbanized area or urban cluster, as designated by the United States Census Bureau.

(B) A site in which at least 75 percent of the perimeter of the site adjoins parcels that are developed with urban uses. For the purposes of this section, parcels that are only separated by a street or highway shall be considered to be adjoined.

(C)(1) A site that meets the requirements of clause (2) and satisfies any of the following:

(I) The site is zoned for residential use or residential mixed-use development.

(II) The site has a general plan designation that allows residential use or a mix of residential and nonresidential uses.

(III) The site is zoned for office or retail commercial use and meets the requirements of Gov. Code section 65852.24.

(2) At least two-thirds of the square footage of the development designated for residential use. Additional density, floor area, and units, and any other concession, incentive, or waiver of development standards granted pursuant to the Density Bonus Law in Government Code section 65915 shall be included in the square footage calculation. The square footage of the development shall not include underground space, such as basements or underground parking garages.

 ©Best Best & Krieger LLP

(iii) If the development contains units that are subsidized, the development proponent already has recorded, or is required by law to record, a land use restriction or covenant providing that any lower or moderate income housing units required pursuant to subparagraph B of Paragraph (iv) of this Subsection shall remain available at affordable housing costs or rent to persons and families of lower or moderate income for the following applicable minimum durations:

(A) Fifty-five years for units that are rented.

(B) Forty-five years for units that are owned.

(iv) The development satisfies subparagraphs (A) and (B) below:

(A) The development is located in a locality that the department has determined is subject to this subparagraph on the basis that the number of units that have been issued building permits, as shown on the most recent production report received by the department, is less than the locality's share of the regional housing needs, by income category, for that reporting period. A locality shall remain eligible under this subparagraph until the department's determination for the next reporting period. A locality shall be subject to this subparagraph if it has not submitted an annual housing element report to the department pursuant to paragraph (2) of subdivision (a) of Section 65400 for at least two consecutive years before the development submitted an application for approval under this section.

(B) The development is subject to a requirement mandating a minimum percentage of below market rate housing based on one of the following:

(1) The locality did not submit its latest production report to the department by the time period required by Government Code section 65400, or that production report reflects that there were fewer units of above moderate-income housing approved than were required for the regional housing needs assessment cycle for that reporting period. In addition, if the project contains more than 10 units of housing, the project seeking approval dedicates a minimum of 10 percent of the total number of units, before calculating any density bonus, to housing affordable to households making at or below 80 percent of the area median income. However, if the locality has adopted a local ordinance that requires that greater than 10 percent of the units be dedicated to housing affordable to households making below 80 percent of the area median income, that local ordinance applies.

(2) The locality did not submit its latest production report to the department by the time period required by Government Code section 65400, or that production report reflects that there were fewer units of housing affordable to households making at or below 80 percent of the area median income that were issued building permits than were required for the regional housing needs assessment cycle for that reporting period, and the project

seeking approval dedicates 50 percent of the total number of units, before calculating any density bonus, to housing affordable to households making at or below 80 percent of the area median income. However, if the locality has adopted a local ordinance that requires that greater than 50 percent of the units be dedicated to housing affordable to households making at or below 80 percent of the area median income, that ordinance applies.

(3) The locality did not submit its latest production report to the department by the time period required by Government Code section 65400, or if the production report reflects that there were fewer units of housing affordable to any income level described in clause (i) or (ii) that were issued building permits than were required for the regional housing needs assessment cycle for that reporting period, the project seeking approval may choose between utilizing clause (i) or (ii).

(v) The development, excluding any additional density or any other concessions, incentives, or waivers of development standards granted pursuant to the Density Bonus Law in Government Code section 65915, is consistent with objective zoning standards and objective design review standards in effect at the time that the development is submitted to the local government pursuant to this section. For purposes of this paragraph, "objective zoning standards" and "objective design review standards" mean standards that involve no personal or subjective judgment by a public official and are uniformly verifiable by reference to an external and uniform benchmark or criterion available and knowable by both the development applicant or proponent and the public official prior to submittal. These standards may be embodied in alternative objective land use specifications adopted by a city or county, and may include, but are not limited to, housing overlay zones, specific plans, inclusionary zoning ordinances, and density bonus ordinances, subject to the following:

(A) A development shall be deemed consistent with the objective zoning standards related to housing density, as applicable, if the density proposed is compliant with the maximum density allowed within that land use designation, notwithstanding any specified maximum unit allocation that may result in fewer units of housing being permitted.

(B) In the event that objective zoning, general plan, or design review standards are mutually inconsistent, a development shall be deemed consistent with the objective zoning standards pursuant to this section if the development is consistent with the standards set forth in the general plan.

(C) A project that satisfies the requirements of Government Code section 65852.24 shall be deemed consistent with objective zoning standards, objective design standards, and objective subdivision standards if the project is consistent with the provisions of subdivision (b) of Government Code section 65852.24 and if none of the square footage in the project is designated for hotel, motel, bed and breakfast inn, or other transient lodging use, except for a residential

hotel. For purposes of this subdivision, "residential hotel" shall have the same meaning as defined in Section 50519 of the Health and Safety Code.

(vi) The development is not located on a site that is any of the following:

(A) A coastal zone, as defined in Division 20 (commencing with Section 30000) of the Public Resources Code.

(B) Either prime farmland or farmland of statewide importance, as defined pursuant to United States Department of Agriculture land inventory and monitoring criteria, as modified for California, and designated on the maps prepared by the Farmland Mapping and Monitoring Program of the Department of Conservation, or land zoned or designated for agricultural protection or preservation by a local ballot measure that was approved by the voters of that jurisdiction.

(C) Wetlands, as defined in the United States Fish and Wildlife Service Manual.

(D) Within a very high fire hazard severity zone, as determined by the Department of Forestry and Fire Protection pursuant to Section 51178, or within a high or very high fire hazard severity zone as indicated on maps adopted by the Department of Forestry and Fire Protection pursuant to Section 4202 of the Public Resources Code. This subparagraph does not apply to sites excluded from the specified hazard zones by a local agency, pursuant to subdivision (b) of Government Code section 51179, or sites that have adopted fire hazard mitigation measures pursuant to existing building standards or state fire mitigation measures applicable to the development.

(E) A hazardous waste site that is listed pursuant to Government Code section 65962.5 or a hazardous waste site designated by the Department of Toxic Substances Control pursuant to Section 25356 of the Health and Safety Code, unless either of the following apply:

(i) The site is an underground storage tank site that received a uniform closure letter issued pursuant to subdivision (g) of Section 25296.10 of the Health and Safety Code based on closure criteria established by the State Water Resources Control Board for residential use or residential mixed uses. This section does not alter or change the conditions to remove a site from the list of hazardous waste sites listed pursuant to Government Code section 65962.5; or

(ii) The State Department of Public Health, State Water Resources Control Board, Department of Toxic Substances Control, or a local agency making a determination pursuant to subdivision (c) of Section 25296.10 of the Health and Safety Code, has otherwise

determined that the site is suitable for residential use or residential mixed uses.

(F) Within a delineated earthquake fault zone as determined by the State Geologist in any official maps published by the State Geologist, unless the development complies with applicable seismic protection building code standards adopted by the California Building Standards Commission under the California Building Standards Law, Health and Safety Code section 18901, and by any local building department under Chapter 12.2 (commencing with Section 8875) of Division 1 of Title 2 of the Government Code.

(G) Within a flood plain as determined by maps promulgated by the Federal Emergency Management Agency, unless the development has been issued a flood plain development permit pursuant to Code of Federal Regulations section 59.1.

(H) Within a floodway as determined by maps promulgated by the Federal Emergency Management Agency, unless the development has received a no-rise certification in accordance with Code of Federal Regulations section 60.3(d)(3).

(I) Lands identified for conservation in an adopted natural community conservation plan pursuant to the Natural Community Conservation Planning Act, Fish and Game Code section 2800, habitat conservation plan pursuant to the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.), or other adopted natural resource protection plan.

(J) Habitat for protected species identified as candidate, sensitive, or species of special status by state or federal agencies, fully protected species, or species protected by the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.), the California Endangered Species Act, Fish and Game Code section 2050, or the Native Plant Protection Act, Fish and Game Code section 1900.

(K) Lands under conservation easement.

(vii) The development is not located on a site where any of the following apply:

(A) The development would require the demolition of the following types of housing:

(1) Housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income.

(2) Housing that is subject to any form of rent or price control through a public entity's valid exercise of its police power.

(3) Housing that has been occupied by tenants within the past 10 years.

(B) The site was previously used for housing that was occupied by tenants that was demolished within 10 years before the development proponent submits an application under this section.

(C) The development would require the demolition of a historic structure that was placed on a national, state, or local historic register.

(D) The property contains housing units that are occupied by tenants, and units at the property are, or were, subsequently offered for sale to the general public by the subdivider or subsequent owner of the property.

(viii) The applicant has done both of the following, as applicable:

(A) Certified to the locality that either of the following is true, as applicable:

(1) The entirety of the development is a public work for purposes of Labor Code section 1720.

(2) If the development is not in its entirety a public work, that all construction workers employed in the execution of the development will be paid at least the general prevailing rate of per diem wages for the type of work and geographic area, as determined by the Director of Industrial Relations pursuant to Labor Code sections 1773 and 1773.9, except that apprentices registered in programs approved by the Chief of the Division of Apprenticeship Standards may be paid at least the applicable apprentice prevailing rate. If the development is subject to this subparagraph, then for those portions of the development that are not a public work all of the following shall apply:

(I) The development proponent shall ensure that the prevailing wage requirement is included in all contracts for the performance of the work.

(II) All contractors and subcontractors shall pay to all construction workers employed in the execution of the work at least the general prevailing rate of per diem wages, except that apprentices registered in programs approved by the Chief of the Division of Apprenticeship Standards may be paid at least the applicable apprentice prevailing rate.

 ©Best Best & Krieger LLP

(III) Except as provided in subsection (V), all contractors and subcontractors shall maintain and verify payroll records pursuant to Labor Code section 1776 and make those records available for inspection and copying as provided in therein.

(IV) Except as provided in subsection (V), the obligation of the contractors and subcontractors to pay prevailing wages may be enforced by the Labor Commissioner through the issuance of a civil wage and penalty assessment pursuant to Labor Code section 1741, which may be reviewed pursuant to Labor Code section 1742, within 18 months after the completion of the development, by an underpaid worker through an administrative complaint or civil action, or by a joint labor-management committee through a civil action under Labor Code section 1771.2. If a civil wage and penalty assessment is issued, the contractor, subcontractor, and surety on a bond or bonds issued to secure the payment of wages covered by the assessment shall be liable for liquidated damages pursuant to Labor Code section 1742.1.

(V) Subsections (III) and (IV) shall not apply if all contractors and subcontractors performing work on the development are subject to a project labor agreement that requires the payment of prevailing wages to all construction workers employed in the execution of the development and provides for enforcement of that obligation through an arbitration procedure. For purposes of this clause, "project labor agreement" has the same meaning as set forth in Public Contract Code section 2500(b)(1).

(VI) Notwithstanding Labor Code section 1773.1, subdivision (c), the requirement that employer payments not reduce the obligation to pay the hourly straight time or overtime wages found to be prevailing shall not apply if otherwise provided in a bona fide collective bargaining agreement covering the worker. The requirement to pay at least the general prevailing rate of per diem wages does not preclude use of an alternative workweek schedule adopted pursuant to Labor Code section 511 or 514.

(B)(1) For developments for which any of the following conditions apply, certified that a skilled and trained workforce shall be used to complete the development if the application is approved:

(I) On and after January 1, 2018, until December 31, 2021, the development consists of 75 or more units that are not 100 percent subsidized affordable housing and will be located within a jurisdiction located in a coastal or bay county with a population of 225,000 or more.

(II) On and after January 1, 2023, until December 31, 2025, the development consists of 50 or more units that are not 100 percent subsidized affordable housing and will be located within a jurisdiction located in a coastal or bay county with a population of 225,000 or more.

(III) On and after January 1, 2018, until December 31, 2019, the development consists of 75 or more units that are not 100 percent subsidized affordable housing and will be located within a jurisdiction with a population of fewer than 550,000 and that is not located in a coastal or bay county.

(IV) On and after January 1, 2020, until December 31, 2021, the development consists of more than 50 units and will be located within a jurisdiction with a population of fewer than 550,000 and that is not located in a coastal or bay county.

(V) On and after January 1, 2023, until December 31, 2025, the development consists of more than 25 units and will be located within a jurisdiction with a population of fewer than 550,000 and that is not located in a coastal bay county.

(2) For purposes of this section, "skilled and trained workforce" has the same meaning as provided in the Public Contract Code section 2600.

(3) If the development proponent has certified that a skilled and trained workforce will be used to complete the development and the application is approved, the following shall apply:

(I) The applicant shall require in all contracts for the performance of work that every contractor and subcontractor at every tier will individually use a skilled and trained workforce to complete the development.

(II) Every contractor and subcontractor shall use a skilled and trained workforce to complete the development.

(III) Except as provided in subdivision (IV), the applicant shall provide to the locality, on a monthly basis while the development or contract is being performed, a report demonstrating compliance with Public Contract Code section 2600. A monthly report provided to the locality pursuant to this subclause shall be a public record under the California Public Records Act (Government Code section 7920.000, et seq.) and shall be open to public inspection. An applicant that fails to provide a monthly report

demonstrating compliance with Public Contract Code section 2600 shall be subject to a civil penalty of ten thousand dollars ($10,000) per month for each month for which the report has not been provided. Any contractor or subcontractor that fails to use a skilled and trained workforce shall be subject to a civil penalty of two hundred dollars ($200) per day for each worker employed in contravention of the skilled and trained workforce requirement. Penalties may be assessed by the Labor Commissioner within 18 months of completion of the development using the same procedures for issuance of civil wage and penalty assessments pursuant to Labor Code section 1741, and may be reviewed pursuant to the same procedures in Labor Code section 1742. Penalties shall be paid to the State Public Works Enforcement Fund.

(IV) Subdivision (III) shall not apply if all contractors and subcontractors performing work on the development are subject to a project labor agreement that requires compliance with the skilled and trained workforce requirement and provides for enforcement of that obligation through an arbitration procedure. For purposes of this subparagraph, "project labor agreement" has the same meaning as set forth in Public Contract Code section 2500(b)(1).

(C) Notwithstanding subparagraphs (A) and (B) above, a development that is subject to approval pursuant to this section is exempt from any requirement to pay prevailing wages or use a skilled and trained workforce if it meets both of the following:

(1) The project includes 10 or fewer units.

(2) The project is not a public work for purposes of Labor Code section 1720.

(ix) The development did not or does not involve a subdivision of a parcel that is, or, notwithstanding this section, would otherwise be, subject to the Subdivision Map Act (Government Code section 66410, et seq.) or any other applicable law authorizing the subdivision of land, unless either of the following apply:

(A) The development has received or will receive financing or funding by means of a low-income housing tax credit and is subject to the requirement that prevailing wages be paid pursuant to subparagraph (A) of paragraph (viii).

(B) The development is subject to the requirement that prevailing wages be paid, and a skilled and trained workforce used, pursuant to paragraph (h).

(x) The development shall not be upon an existing parcel of land or site that is governed under the Mobilehome Residency Law, Civil Code section 798, the Recreational Vehicle Park Occupancy Law, Civil Code section 799.20, the Mobilehome Parks Act, Health and Safety Code section 18200, or the Special Occupancy Parks Act, Health and Safety Code section 18860.

(b)(i)(A)(1) Before submitting an application for a development subject to the streamlined, ministerial approval process described in this section, the development proponent shall submit to the local government a notice of its intent to submit an application. The notice of intent shall be in the form of a preliminary application that includes all of the information described in Section 65941.1 of the Government Code, as that section read on January 1, 2020.

(2) Upon receipt of a notice of intent to submit an application, the local government shall engage in a scoping consultation regarding the proposed development with any California Native American tribe that is traditionally and culturally affiliated with the geographic area, as described in Section 21080.3.1 of the Public Resources Code, of the proposed development. In order to expedite compliance with this subdivision, the local government shall contact the Native American Heritage Commission for assistance in identifying any California Native American tribe that is traditionally and culturally affiliated with the geographic area of the proposed development.

(3) The timeline for noticing and commencing a scoping consultation in accordance with this subdivision shall be as follows:

A. The local government shall provide a formal notice of a development proponent's notice of intent to submit an application to each California Native American tribe that is traditionally and culturally affiliated with the geographic area of the proposed development within 30 days of receiving that notice of intent. The formal notice provided pursuant to this subclause shall include all of the following:

1. A description of the proposed development.
2. The location of the proposed development.
3. An invitation to engage in a scoping consultation in accordance with this subdivision.

B. Each California Native American tribe that receives a formal notice pursuant to this clause shall have 30 days from the receipt of that notice to accept the invitation to engage in a scoping consultation.

C. If the local government receives a response accepting an invitation to engage in a scoping consultation pursuant to this subdivision, the local government shall commence the scoping consultation within 30 days of receiving that response.

(B) The scoping consultation shall recognize that California Native American tribes traditionally and culturally affiliated with a geographic area have knowledge and expertise concerning the resources at issue and shall take into account the cultural significance of the resource to the culturally affiliated California Native American tribe.

(C) The parties to a scoping consultation conducted pursuant to this subdivision shall be the local government and any California Native American tribe traditionally and culturally affiliated with the geographic area of the proposed development. More than one California Native American tribe traditionally and culturally affiliated with the geographic area of the proposed development may participate in the scoping consultation. However, the local government, upon the request of any California Native American tribe traditionally and culturally affiliated with the geographic area of the proposed development, shall engage in a separate scoping consultation with that California Native American tribe. The development proponent and its consultants may participate in a scoping consultation process conducted pursuant to this subdivision if all of the following conditions are met:

(1) The development proponent and its consultants agree to respect the principles set forth in this subdivision.

(2) The development proponent and its consultants engage in the scoping consultation in good faith.

(3) The California Native American tribe participating in the scoping consultation approves the participation of the development proponent and its consultants. The California Native American tribe may rescind its approval at any time during the scoping consultation, either for the duration of the scoping consultation or with respect to any particular meeting or discussion held as part of the scoping consultation.

(D) The participants to a scoping consultation pursuant to this subdivision shall comply with all of the following confidentiality requirements: (1) Government Code section 7927.000; Government Code section 7927.005; Public Resources Code section 21083.3, subdivision (c); (4) State CEQA Guidelines section 15120, subdivision (d); and any additional confidentiality standards adopted by the California Native American tribe participating in the scoping consultation.

(E) CEQA does not apply to the scoping consultation conducted pursuant to this subdivision.

(b)(ii)(A) If, after concluding the scoping consultation, the parties find that no potential tribal cultural resource would be affected by the proposed development, the development proponent may submit an application for the proposed development that is subject to the streamlined, ministerial approval process described in this section

.

(B) If, after concluding the scoping consultation, the parties find that a potential tribal cultural resource could be affected by the proposed development and an enforceable agreement is documented between the California Native American tribe and the local government on methods, measures, and conditions for tribal cultural resource treatment, the development proponent may submit the application for a development subject to the streamlined, ministerial approval process described in this section. The local government shall ensure that the enforceable agreement is included in the requirements and conditions for the proposed development.

(C) If, after concluding the scoping consultation, the parties find that a potential tribal cultural resource could be affected by the proposed development and an enforceable agreement is not documented between the California Native American tribe and the local government regarding methods, measures, and conditions for tribal cultural resource treatment, the development shall not be eligible for the streamlined, ministerial approval process described in this section.

(D) For purposes of this paragraph, a scoping consultation shall be deemed to be concluded if either of the following occur:

(1) The parties to the scoping consultation document an enforceable agreement concerning methods, measures, and conditions to avoid or address potential impacts to tribal cultural resources that are or may be present.

(2) One or more parties to the scoping consultation, acting in good faith and after reasonable effort, conclude that a mutual agreement on methods, measures, and conditions to avoid or address impacts to tribal cultural resources that are or may be present cannot be reached.

(E) If the development or environmental setting substantially changes after the completion of the scoping consultation, the local government shall notify the California Native American tribe of the changes and engage in a subsequent scoping consultation if requested by the California Native American tribe.

 ©Best Best & Krieger LLP

(b)(iii) A local government may only accept an application for streamlined, ministerial approval pursuant to this section if one of the following applies:

(A) A California Native American tribe that received a formal notice of the development proponent's notice of intent to submit an application pursuant to this section did not accept the invitation to engage in a scoping consultation.

(B) The California Native American tribe accepted an invitation to engage in a scoping consultation pursuant to this section but substantially failed to engage in the scoping consultation after repeated documented attempts by the local government to engage the California Native American tribe.

(C) The parties to a scoping consultation pursuant to this subdivision find that no potential tribal cultural resource will be affected by the proposed development.

(D) A scoping consultation between a California Native American tribe and the local government has occurred and resulted in an agreement.

(b)(iv) A project shall not be eligible for the streamlined, ministerial process described in this section if any of the following apply:

(A) There is a tribal cultural resource that is on a national, state, tribal, or local historic register list located on the site of the project.

(B) There is a potential tribal cultural resource that could be affected by the proposed development and the parties to a scoping consultation conducted pursuant to this subdivision do not document an enforceable agreement on methods, measures, and conditions for tribal cultural resource treatment, as described in this section.

(C) The parties to a scoping consultation conducted pursuant to this subdivision do not agree as to whether a potential tribal cultural resource will be affected by the proposed development.

(b)(v) (A) If, after a scoping consultation conducted pursuant to this subdivision, a project is not eligible for the streamlined, ministerial process described in this section for any or all of the following reasons, the local government shall provide written documentation of that fact, and an explanation of the reason for which the project is not eligible, to the development proponent and to any California Native American tribe that is a party to that scoping consultation:

(1) There is a tribal cultural resource that is on a national, state, tribal, or local historic register list located on the site of the project.

 ©Best Best & Krieger LLP

(2) The parties to the scoping consultation have not documented an enforceable agreement on methods, measures, and conditions for tribal cultural resource treatment.

(3) The parties to the scoping consultation do not agree as to whether a potential tribal cultural resource will be affected by the proposed development.

(b)(v) (B) The written documentation provided to a development proponent pursuant to this paragraph shall include information on how the development proponent may seek a conditional use permit or other discretionary approval of the development from the local government.

(b)(vi) This section is not intended, and shall not be construed, to limit consultation and discussion between a local government and a California Native American tribe pursuant to other applicable law, confidentiality provisions under other applicable law, the protection of religious exercise to the fullest extent permitted under state and federal law, or the ability of a California Native American tribe to submit information to the local government or participate in any process of the local government.

(b)(vii) For purposes of this subdivision:

(A) "Consultation" means the meaningful and timely process of seeking, discussing, and considering carefully the views of others, in a manner that is cognizant of all parties' cultural values and, where feasible, seeking agreement. Consultation between local governments and Native American tribes shall be conducted in a way that is mutually respectful of each party's sovereignty. Consultation shall also recognize the tribes' potential needs for confidentiality with respect to places that have traditional tribal cultural importance. A lead agency shall consult the tribal consultation best practices described in the "State of California Tribal Consultation Guidelines: Supplement to the General Plan Guidelines" prepared by the Office of Land Use and Climate Innovation.

(B) "Scoping" means the act of participating in early discussions or investigations between the local government and California Native American tribe, and the development proponent if authorized by the California Native American tribe, regarding the potential effects a proposed development could have on a potential tribal cultural resource, as defined in Section 21074 of the Public Resources Code, or California Native American tribe, as defined in Section 21073 of the Public Resources Code.

(b)(viii) This subdivision (b) shall not apply to any project that has been approved under the streamlined, ministerial approval process provided under this section before September 25, 2020.

(c) (i) If a local government determines that a development submitted pursuant to this section is consistent with the objective planning standards specified in subdivision (a) and pursuant to paragraph (iii) of this subdivision, it shall approve the development. If a local government determines that a development submitted pursuant to this section is in conflict with any of the objective planning standards specified in subdivision (a), it shall provide the development proponent written documentation of which standard or standards the development conflicts with, and an explanation for the reason or reasons the development conflicts with that standard or standards, as follows:

(A) Within 60 days of submittal of the development to the local government pursuant to this section if the development contains 150 or fewer housing units.

(B) Within 90 days of submittal of the development to the local government pursuant to this section if the development contains more than 150 housing units.

(ii) If the local government fails to provide the required documentation pursuant to paragraph (1), the development shall be deemed to satisfy the objective planning standards specified in subdivision (a).

(iii) For purposes of this section, a development is consistent with the objective planning standards specified in subdivision (a) if there is substantial evidence that would allow a reasonable person to conclude that the development is consistent with the objective planning standards. The local government shall not determine that a development, including an application for a modification under subdivision (g), is in conflict with the objective planning standards on the basis that application materials are not included, if the application contains substantial evidence that would allow a reasonable person to conclude that the development is consistent with the objective planning standards.

(d) (i) Any design review or public oversight of the development may be conducted by the local government's planning commission or any equivalent board or commission responsible for review and approval of development projects, or the city council or board of supervisors, as appropriate. That design review or public oversight shall be objective and be strictly focused on assessing compliance with criteria required for streamlined projects, as well as any reasonable objective design standards published and adopted by ordinance or resolution by a local jurisdiction before submission of a development application, and shall be broadly applicable to development within the jurisdiction. That design review or public oversight shall be completed, and if the development is consistent with all objective standards, the local government shall approve the development as follows and shall not in any way inhibit, chill, or preclude the ministerial approval provided by this section or its effect, as applicable:

(A) Within 90 days of submittal of the development to the local government pursuant to this section if the development contains 150 or fewer housing units.

(B) Within 180 days of submittal of the development to the local government pursuant to this section if the development contains more than 150 housing units.

(ii) If the development is consistent with the requirements of subparagraph (A) or (B) of paragraph (ix) of subdivision (a) and is consistent with all objective subdivision standards in the local subdivision ordinance, an application for a subdivision pursuant to the Subdivision Map Act (Division 2 (commencing with Government Code section 66410)) shall be exempt from the requirements of CEQA and shall be subject to the public oversight timelines set forth in paragraph (i).

(iii) If a local government determines that a development submitted pursuant to this section is in conflict with any of the standards imposed pursuant to paragraph (i), it shall provide the development proponent written documentation of which objective standard or standards the development conflicts with, and an explanation for the reason or reasons the development conflicts with that objective standard or standards consistent with the timelines described in paragraph (i) of subdivision (c).

(e) (i) Notwithstanding any other law, a local government, whether or not it has adopted an ordinance governing parking requirements in multifamily developments, shall not impose parking standards for a streamlined development that was approved pursuant to this section in any of the following instances:

(A) The development is located within one-half mile of public transit.

(B) The development is located within an architecturally and historically significant historic district.

(C) When on-street parking permits are required but not offered to the occupants of the development.

(D) When there is a car share vehicle located within one block of the development.

(ii) If the development does not fall within any of the categories described in paragraph (1), the local government shall not impose parking requirements for streamlined developments approved pursuant to this section that exceed one parking space per unit.

(f) (i) If a local government approves a development pursuant to this section, then, notwithstanding any other law, that approval shall not expire if the project satisfies both of the following requirements:

(A) The project includes public investment in housing affordability, beyond tax credits.

(B) At least 50 percent of the units are affordable to households making at or below 80 percent of the area median income.

(ii) If a local government approves a development pursuant to this section, and the project does not satisfy the requirements of subparagraphs (A) and (B) of paragraph (f)(i), that approval shall remain valid for three years from the date of the final action establishing that approval, or if litigation is filed challenging that approval, from the date of the final judgment upholding that approval. Approval shall remain valid for a project provided construction activity, including demolition and grading activity, on the development site has begun pursuant to a permit issued by the local jurisdiction and is in progress. For purposes of this subdivision, "in progress" means one of the following:

(A) The construction has begun and has not ceased for more than 180 days.

(B) If the development requires multiple building permits, an initial phase has been completed, and the project proponent has applied for and is diligently pursuing a building permit for a subsequent phase, provided that once it has been issued, the building permit for the subsequent phase does not lapse.

(C) Notwithstanding subparagraph (ii), a local government may grant a project a one-time, one-year extension if the project proponent can provide documentation that there has been significant progress toward getting the development construction ready, such as filing a building permit application.

(iii) If the development proponent requests a modification pursuant to subdivision (g), then the time during which the approval shall remain valid shall be extended for the number of days between the submittal of a modification request and the date of its final approval, plus an additional 180 days to allow time to obtain a building permit. If litigation is filed relating to the modification request, the time shall be further extended during the pendency of the litigation. The extension required by this paragraph shall only apply to the first request for a modification submitted by the development proponent.

(g) (i)(A) A development proponent may request a modification to a development that has been approved under the streamlined, ministerial approval process provided in subdivision (b) if that request is submitted to the local government before the issuance of the final building permit required for construction of the development.

(i)(B) Except as provided in paragraph (g)(iiii), the local government shall approve a modification if it determines that the modification is consistent with the objective planning standards specified in subdivision (a) that were in effect when the original development application was first submitted.

(i)(C) The local government shall evaluate any modifications requested pursuant to this subdivision for consistency with the objective planning standards using the same assumptions and analytical methodology that the local government originally used to assess consistency for the development that was approved for streamlined, ministerial approval pursuant to subdivision (b).

(i)(D) A guideline that is adopted or amended by the Department of Housing and Community Development after a development is approved through the streamlined, ministerial approval process described in subdivision (b) shall not be used as a basis to deny proposed modifications.

(ii) Upon receipt of the development proponent's application requesting a modification, the local government shall determine if the requested modification is consistent with the objective planning standard and either approve or deny the modification request within 60 days after submission of the modification, or within 90 days if design review is required.

(iii) Notwithstanding paragraph (g)(i), the local government may apply objective planning standards adopted after the development application was first submitted to the requested modification in any of the following instances:

(A) The development is revised such that the total number of residential units or total square footage of construction changes by 15 percent or more. The calculation of the square footage of construction changes shall not include underground space.

(B) The development is revised such that the total number of residential units or total square footage of construction changes by 5 percent or more and it is necessary to subject the development to an objective standard beyond those in effect when the development application was submitted in order to mitigate or avoid a specific, adverse impact as that term is defined in subparagraph (A) of paragraph (1) of subdivision (j) of Government Code section 65589.5, upon the public health or safety and there is no feasible alternative method to satisfactorily mitigate or avoid the adverse impact. The calculation of the square footage of construction changes shall not include underground space.

(C) Objective building standards contained in the California Building Standards Code (Title 24 of the California Code of Regulations), including, but not limited to, building plumbing, electrical fire, and grading codes, may be applied to all modification applications that are submitted prior to the first building permit application. Those standards may be applied to modification applications submitted after first building permit application if agreed to by the development proponent.

(iv) The local government's review of a modification request pursuant to this subdivision shall be strictly limited to determining whether the

modification, including any modification to previously approved density bonus concessions or waivers, modify the development's consistency with the objective planning standards and shall not reconsider prior determinations that are not affected by the modification.

(h) (i) A local government shall not adopt or impose any requirement, including, but not limited to, increased fees or inclusionary housing requirements, that applies to a project solely or partially on the basis that the project is eligible to receive ministerial or streamlined approval pursuant to this section.

(ii) A local government shall issue a subsequent permit required for a development approved under this section if the application substantially complies with the development as it was approved pursuant to subdivision (b). Upon receipt of an application for a subsequent permit, the local government shall process the permit without unreasonable delay and shall not impose any procedure or requirement that is not imposed on projects that are not approved pursuant to this section. The local government shall consider the application for subsequent permits based upon the objective standards specified in any state or local laws that were in effect when the original development application was submitted, unless the development proponent agrees to a change in objective standards. Issuance of subsequent permits shall implement the approved development, and review of the permit application shall not inhibit, chill, or preclude the development. For purposes of this paragraph, a "subsequent permit" means a permit required subsequent to receiving approval under subdivision (b), and includes, but is not limited to, demolition, grading, and building permits and final maps, if necessary.

(i) (i) This section shall not affect a development proponent's ability to use any alternative streamlined by right permit processing adopted by a local government, including the provisions of Government Code section 65583.2(i).

(ii) This section shall not prevent a development from also qualifying as a housing development project entitled to the protections of Government Code section 65589.5. This paragraph does not constitute a change in, but is declaratory of, existing law.

(j) CEQA does not apply to actions taken by a state agency, local government, or the San Francisco Bay Area Rapid Transit District to:

(i) Lease, convey, or encumber land owned by the local government or the San Francisco Bay Area Rapid Transit District or to facilitate the lease, conveyance, or encumbrance of land owned by the local government, or for the lease of land owned by the San Francisco Bay Area Rapid Transit District in association with an eligible TOD project, as defined pursuant to Section 29010.1 of the Public Utilities Code, nor to any decisions associated with that lease, or to provide financial assistance to a development that receives streamlined approval pursuant to this section that is to be used for housing for persons and families of very low, low, or moderate income, as defined in Section 50093 of the Health and Safety Code.

(ii) Approve improvements located on land owned by the local government or the San Francisco Bay Area Rapid Transit District that are necessary to implement a development that receives streamlined approval pursuant to this section that is to be used for housing for persons and families of very low, low, or moderate income, as defined in Section 50093 of the Health and Safety Code.

(k) For purposes of this section the following definitions shall apply:

(1) "Affordable housing cost" has the same meaning as set forth in section 50052.5 of the Health and Safety Code.

(2) (A) Subject to the qualification provided by subparagraph (B), "affordable rent" has the same meaning as set forth in Section 50063 of the Health and Safety Code.

(B) For a development for which an application pursuant to this section was submitted prior to January 1, 2019, that includes 500 units or more of housing, and that dedicates 50 percent of the total number of units, before calculating any density bonus, to housing affordable to households making at, or below, 80 percent of the area median income, affordable rent for at least 30 percent of these units shall be set at an affordable rent as defined in subparagraph (k)(1), and "affordable rent" for the remainder of these units shall mean a rent that is consistent with the maximum rent levels for a housing development that receives an allocation of state or federal low-income housing tax credits from the California Tax Credit Allocation Committee.

(3) "Department" means the Department of Housing and Community Development.

(4) "Development proponent" means the developer who submits an application for streamlined approval pursuant to this section.

(5) "Completed entitlements" means a housing development that has received all the required land use approvals or entitlements necessary for the issuance of a building permit.

(6) "Locality" or "local government" means a city, including a charter city, a county, including a charter county, or a city and county, including a charter city and county.

(7) "Moderate income housing units" means housing units with an affordable housing cost or affordable rent for persons and families of moderate income, as that term is defined in Section 50093 of the Health and Safety Code.

(8) "Production report" means the information reported pursuant to subparagraph (D) of paragraph (2) of subdivision (a) of Government Code section 65400.

(9) "State agency" includes every state office, officer, department, division, bureau, board, and commission, but does not include the California State University or the University of California.

(10) "Subsidized" means units that are price or rent restricted such that the units are affordable to households meeting the definitions of very low and lower income, as defined in Sections 50079.5 and 50105 of the Health and Safety Code.

(11) "Reporting period" means either of the following:

(A) The first half of the regional housing needs assessment cycle.

(B) The last half of the regional housing needs assessment cycle.

(12) "Urban uses" means any current or former residential, commercial, public institutional, transit or transportation passenger facility, or retail use, or any combination of those uses.

(l) The determination of whether an application for a development is subject to the streamlined ministerial approval process provided by subdivision (b) is not a "project" under CEQA.

(m) This section shall remain in effect until January 1, 2036.

(Reference: Gov. Code, § 65913.4.)

9.02 MINISTERIAL APPROVAL PROCESS FOR URBAN LOT SPLITS AND HOUSING DEVELOPMENTS WITH NO MORE THAN TWO RESIDENTIAL UNITS WITHIN A SINGLE-FAMILY RESIDENTIAL ZONE (SB 9)

(a) A proposed housing development containing no more than two residential units within a single-family residential zone shall be considered ministerially, without discretionary review or a hearing, and shall therefore not be subject to CEQA, if the proposed housing development meets all of the following requirements:

(1) The parcel subject to the proposed housing development is located within a city, the boundaries of which include some portion of either an urbanized area or urban cluster, as designated by the United States Census Bureau, or for unincorporated areas, a legal parcel wholly within the boundaries of an urbanized area or urban cluster, as designated by the United States Census Bureau.

(2) The parcel is not located on a site that is any of the following:

(A) Either prime farmland or farmland of statewide importance, as defined pursuant to United States Department of Agriculture land inventory and monitoring criteria, as modified for California, and designated on the maps prepared by the Farmland Mapping and Monitoring Program of the Department of Conservation, or land zoned or designated for agricultural protection or preservation by a local ballot measure that was approved by the voters of that jurisdiction;

(B) Wetlands, as defined in the United States Fish and Wildlife Service Manual, Part 660 FW 2 (June 21, 1993);

(C) Within a very high fire hazard severity zone, as determined by the Department of Forestry and Fire Protection pursuant to Government Code section 51178, or within a high or very high fire hazard severity zone as indicated on maps adopted by the Department of Forestry and Fire Protection pursuant to Section 4202 of the Public Resources Code—unless the parcel is a site excluded from the specified hazard zone by a local agency, or is a site that has adopted fire hazard mitigation measures pursuant to existing building standards or state fire mitigation measures applicable to the development;

(D) A hazardous waste site that is listed pursuant to Government Code section 65962.5 or a hazardous waste site designated by the Department of Toxic Substances Control pursuant to Section 25356 of the Health and Safety Code, unless the State Department of Public Health, State Water Resources Control Board, or Department of Toxic Substances Control has cleared the site for residential use or residential mixed uses;

(E) Within a delineated earthquake fault zone as determined by the State Geologist in any official maps published by the State Geologist, unless the development complies with applicable seismic protection building code standards adopted by the California Building Standards Commission under the California Building Standards Law, and by any local building department;

(F) Within a special flood hazard area subject to inundation by the 1 percent annual chance flood (100-year flood) as determined by the Federal Emergency Management Agency in any official maps published by the Federal Emergency Management Agency;

(G) Within a regulatory floodway as determined by the Federal Emergency Management Agency in any official maps published by

the Federal Emergency Management Agency, unless the development has received a no-rise certification;

(H) Lands identified for conservation in an adopted natural community conservation plan pursuant to the Natural Community Conservation Planning Act, habitat conservation plan pursuant to the federal Endangered Species Act of 1973, or other adopted natural resources protection plan;

(I) Habitat for protected species identified as candidate, sensitive, or species of special status by state or federal agencies, fully protected species, or species protected by the federal Endangered Species Act of 1973, the California Endangered Species Act, or the Native Plant Protection Act; or lands under conservation easement; or

(J) Lands under conservation easement.

(3) Notwithstanding any provision of this section or any local law, the proposed housing development would not require demolition or alteration of any of the following types of housing:

(A) Housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income;

(B) Housing that is subject to any form of rent or price control through a public entity's valid exercise of its police power;

(C) Housing that has been occupied by a tenant in the last three years.

(4) The parcel subject to the proposed housing development is not a parcel on which an owner of residential real property has exercised the owner's rights to withdraw accommodations from rent or lease within 15 years before the date that the development proponent submits an application.

(5) The proposed housing development does not allow the demolition of more than 25 percent of the existing exterior structural walls, unless the housing development meets at least one of the following conditions:

(A) If a local ordinance so allows; or

(B) The site has not been occupied by a tenant in the last three years

(6) The development is not located within a historic district or property included on the State Historic Resources Inventory, as defined in Section 5020.1 of the Public Resources Code, or within a site that is designated or listed as a city or county landmark or historic property or district pursuant to a city or county ordinance.

Other regulations governing the approval of a housing development under this section are set forth in Government Code section 65852.21(a).

(b) Notwithstanding any other provision of local law, a local agency shall ministerially approve, as set forth in this section, a parcel map for an urban lot split—and such urban lot split shall therefore not be subject to CEQA—only if the local agency determines that the parcel map for the urban lot split meets all of the following requirements:

(1) The parcel map subdivides an existing parcel to create no more than two new parcels of approximately equal lot area provided that one parcel shall not be smaller than 40 percent of the lot area of the original parcel proposed for subdivision.

(2) Both newly created parcels are no smaller than 1,200 square feet, except that a local agency may by ordinance adopt a smaller minimum lot size subject to ministerial approval.

(3) The parcel being subdivided meets all of the following requirements:

(A) The parcel is located within a single-family residential zone.

(B) The parcel subject to the proposed urban lot split is located within a city, the boundaries of which include some portion of either an urbanized area or urban cluster, as designated by the United States Census Bureau, or, for unincorporated areas, a legal parcel wholly within the boundaries of an urbanized area or urban cluster, as designated by the United States Census Bureau.

(C) The parcel is not located on a site enumerated in Paragraph (a)(2) above.

(D) The proposed urban lot split would not require demolition or alteration of any of the following types of housing:

(i) Housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income.

(ii) Housing that is subject to any form of rent or price control through a public entity's valid exercise of its police power.

(iii) A parcel or parcels on which an owner of residential real property has exercised the owner's rights to withdraw accommodations from rent or lease within 15 years before the date that the development proponent submits an application.

(iv) Housing that has been occupied by a tenant in the last three years.

(E) The parcel is not located within a historic district or property included on the State Historic Resources Inventory, as defined in Section 5020.1 of the Public Resources Code, or within a site that is designated or listed as a city or county landmark or historic property or district pursuant to a city or county ordinance.

(F) The parcel has not been established through prior exercise of an urban lot split as provided for in this section.

(G) Neither the owner of the parcel being subdivided nor any person acting in concert with the owner has previously subdivided an adjacent parcel using an urban lot split as provided for in this section.

Other regulations governing the approval of an urban lot split under this section are set forth in Government Code section 65852.21(b).

9.03 STREAMLINED, MINISTERIAL REVIEW FOR ADAPTIVE REUSE PROJECTS (AB 507)

An adaptive reuse project is a project that retrofits and repurposes an existing building to create new residential or mixed uses including office conversion projects. An adaptive reuse project shall be deemed a use by right in all zones, regardless of zoning, and subject to streamlined, ministerial review and exempt from CEQA, except that:

(1) Any nonresidential use in a mixed-use project must be allowed by existing zoning or be a lawful nonconforming use.

(2) Tourist hotel uses must still follow the local jurisdiction's normal approval process.

(3) Adaptive reuse projects are not allowed in industrial zones that do not permit residential uses.

(a) An adaptive reuse project site must be urban in character:

(1) The site must be a legal parcel located within a U.S. Census–designated urbanized area.

(2) At least 75 percent of the site perimeter must touch other urban development. Streets, highways, and similar rights-of-way count as adjoining development.

(b) An adaptive reuse project must reuse an existing building that qualifies under one of the following categories:

(1) A building less than 50 years old, which may be reused without historic review.

(2) A building listed as a historic resource, provided the project follows applicable historic-preservation requirements.

(3) A building more than 50 years old that has been reviewed by the local government and determined to be either: (1) a historic resource, with the project complying with historic requirements; or, (2) not a historic resource, allowing the project to proceed without historic constraints.

(c) An adaptive reuse project must meet the following affordability criteria, as applicable:

(1) Rental projects must provide either: (1) 8% of units for very low income households and 5 % of the units for extremely low income households; or (2) 15% of the units for lower income households. All affordable rental units must remain affordable for 55 years.

(2) Owner-occupied projects must provide either: (1) 30% of the units shall be offered at an affordable housing costs to moderate-income households; or (2) 15% of the units shall be offered at an affordable housing cost to lower income households. All affordable ownership units must remain affordable for 45 years.

(3) If a local inclusionary housing policy applies, the project must: (1) meet whichever affordability percentage is higher; (2) must serve the lowest income level required by either state or local law; and (3) for rental project, include very low and extremely low-income units if the local policy does not require them, with adjustments to avoid double counting.

(d) If the adaptive reuse project includes nonresidential uses, at least half of the above-ground building area must be devoted to residential use.

A local government may adopt an ordinance to specify the process and requirements applicable to adaptive reuse projects and require an adaptive reuse project to comply with all objective planning standards found in the ordinance. Such an ordinance is not a "project" under CEQA.

Other regulations governing adaptive reuse projects under this section are set forth in Government Code sections 65658.3, 65658.5(a).

9.04 HOUSING DEVELOPMENT PROJECT LOCATED IN AREAS OF SMALLER POPULATIONS (SB 158)

CEQA does apply to a housing development that is: (1) located in a city with a population of more than 85,000 but less than 95,000, as determined by the 2020 Census, (2) located in a

county with a population of more than 440,000 but less than 455,000, as determined by the 2020 Census, (3) a portion of the parcel where the project is located is identified on a United States Fish and Wildlife Service map as freshwater forested or shrub wetland; and (4) a portion of the parcel where the project is located is within a regulatory floodway.

(Reference: Pub. Resources Code, § 21080.73.)

9.05 APPROVAL OF ORDINANCE TO ZONE ANY PARCEL FOR UP TO 10 UNITS OF RESIDENTIAL DENSITY PER PARCEL IN CERTAIN CIRCUMSTANCES (SB 10)

(a) A local government may adopt an ordinance to zone a parcel for up to 10 units of residential density per parcel, at a height specified by the local government in the ordinance, if the parcel is located in a transit-rich area or an urban infill site. This subsection shall not apply to either of the following:

(1) Parcels located within a very high fire hazard severity zone, as determined by the Department of Forestry and Fire Protection pursuant to Government Code section 51178, or within a high or very high fire hazard severity zone as indicated on maps adopted by the Department of Forestry and Fire Protection pursuant to Section 4202 of the Public Resources Code. This paragraph does not apply to sites that have adopted fire hazard mitigation measures pursuant to existing building standards or state fire mitigation measures applicable to the development.

(2) Any local restriction enacted or approved by a local initiative that designates publicly owned land as open-space land, as defined in subdivision (h) of Section 65560, or for park or recreational purposes.

(b) An ordinance adopted in accordance with this section, and any resolution to amend the jurisdiction's General Plan, ordinance, or other local regulation adopted to be consistent with that zoning ordinance, shall not constitute a "project" under CEQA.

(c) Notwithstanding any other law that allows ministerial or by right approval of a development project or that grants an exemption from CEQA, a residential or mixed-use residential project consisting of more than 10 new residential units on one or more parcels that are zoned pursuant to an ordinance adopted under this section shall not be approved ministerially or by right and shall not be exempt from CEQA. This subdivision, however, shall not apply to a project located on a parcel or parcels that are zoned pursuant to an ordinance adopted under this section, but subsequently rezoned without regard to this section. A subsequent ordinance adopted to rezone the parcel or parcels shall not be exempt from CEQA. Any environmental review conducted to adopt the subsequent ordinance shall consider the change in the zoning applicable to the parcel or parcels before they were zoned or rezoned pursuant to the ordinance adopted under this section.

Other regulations governing the approval of an ordinance under this section are set forth in Government Code section 65913.5.

 ©Best Best & Krieger LLP

9.06 HOUSING SUSTAINABILITY DISTRICTS.

The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries. The general plan must contain seven mandatory elements, including a housing element. Existing law provides for various reforms and incentives intended to facilitate and expedite the construction of affordable housing. Senate Bill 73 authorizes a city, county, or city and county, including a charter agency, to establish by ordinance a housing sustainability district that meets specified requirements, including authorizing residential use within the district through the ministerial issuance of a permit. The agency is authorized to apply to the Department of Housing and Community Development for approval of a zoning incentive payment and requires the agency to provide specified information about the proposed housing sustainability district ordinance. The department is required to approve a zoning incentive payment if the ordinance meets the above-described requirements and the agency's housing element is in compliance with specified law.

A city, county, or city and county with a housing sustainability district would be entitled to a zoning incentive payment, subject to appropriation of funds for that purpose, and require that one-half of the amount be paid when the department approves the zone and one-half of the amount be paid when the department verifies that permits for the construction of the units have issued within the zone, provided that the city, county, or city and county has received a certificate of compliance for the applicable year. If the agency reduces the density of sites within the district from specified levels set forth in the Senate Bill 73, the agency would be required to return the full amount of zoning incentive payments it has received to the department. The bill also authorizes a developer to develop a project in a housing sustainability district in accordance with the already existing land use approval procedures that would otherwise apply to the parcel in the absence of the establishment of the housing sustainability district pursuant to its provisions, as provided.

As it relates specifically to CEQA, a Lead Agency designating a housing sustainability district is required to prepare an EIR pursuant to Government Code section 66201 to identify and mitigate, to the extent feasible, environmental impacts resulting from the designation. The EIR shall identify mitigation measures that may be undertaken by housing projects in the housing sustainability district to mitigate the environmental impacts identified in the EIR. Housing projects undertaken in the housing sustainability districts that meet specified requirements, including if the project satisfies certain design review standards applicable to development projects within the district provided the project is "complementary to adjacent buildings and structures and is consistent with the [agency's] general plan," are exempt under CEQA. (Reference: Pub. Resources Code, § 21155.10, 21155.11.)

9.07 INTERIM MOTEL HOUSING PROJECTS.

"Interim motel housing projects" are statutorily exempt from CEQA. A project is exempt from CEQA as an "interim motel housing project" where the project consists of the conversion of a structure with a certificate of occupancy as a motel, hotel, residential hotel, or hostel to supportive or transitional housing and the conversion meets at least one of the following conditions: (1) the conversion does not result in the expansion of more than 10 percent of the floor area of any individual living unit in the structure; and (2) the conversion does not result in any significant effects relating to traffic, noise, air quality, or water quality.

If the City determines that a project is exempt from CEQA as an interim motel housing project, it must file a Notice of Exemption with the State Clearinghouse.

(Reference: Pub. Resources Code, § 21080.50.)

9.08 SUPPORTIVE HOUSING AND "NO PLACE LIKE HOME" PROJECTS.

A decision by the City to seek funding from, or the Department of Housing and Community Development's awarding of funds pursuant to, the "No Place Like Home Program" (set forth in Part 3.9 of Division 5 of the Welfare and Institutions Code, commencing with Section 5849.1) does not constitute a "project" under CEQA.

"Supportive housing" in areas where multifamily and mixed uses are permitted may be a "use by right" and thus exempt from CEQA if the supportive housing project meets certain criteria set forth in Government Code section 65651. A "supportive housing" project is a project that provides housing with no limit on length of stay, that is occupied by persons within the target population—i.e., persons with disabilities, families who are homeless, or homeless youth—and that is linked to onsite or offsite services that assist the supportive housing resident to retain housing, improve their health status, and maximize their ability to live and, when possible, work in the community. A policy by a city or county to approve as a use by right proposed housing developments with a limit higher than 50 units does not constitute a "project" under CEQA. To see the requirements of the exemptions relating to supportive housing, please see Government Code section 65651.

If a No Place Like Home project is not exempt from CEQA under Government Code section 65651, the development applicant may request, within 10 days after the City determines the type of environmental documentation required for the project under CEQA, that the City prepare and certify the record of proceeding for the environmental review of the No Place Like Home project in accordance with Public Resources Code section 21186.

If the City approves or determines to carry out a No Place Like Home project that is subject to CEQA, the City shall file a notice of that approval or determination in accordance with the requirements of Public Resources Code section 21151, subdivision (a), except that the Notice of Determination shall be filed within two working days after the approval or determination becomes final. Likewise, if the City approves or determines to carry out a No Place Like Home project that is not subject to CEQA, the City shall file a Notice of Exemption in accordance with the requirements of Public Resources Code section 21152, subdivision (b), except that the Notice of Exemption shall be filed within two working days after the approval or determination becomes final.

(Reference: Pub. Resources Code, § 21163, *et seq.*; Gov. Code, § 65651; Health & Safety Code, § 50675.14.)

9.09 AFFORDABLE HOUSING DEVELOPMENTS IN COMMERCIAL ZONES.

A proposed affordable multifamily housing development project is subject to streamlined, ministerial review and is not subject to CEQA if it meets the following requirements:

1. One hundred percent of the units within the development project, excluding managers' units, must be dedicated to lower income households at an affordable cost, as defined by Section 50052.5 of the Health and Safety Code, or an affordable rent set in an amount consistent with the rent limits established by the California Tax Credit Allocation Committee. The units must be subject to a recorded deed restriction for a period of 55 years for rental units and 45 years for owner-occupied units.

2. The proposed development must meet applicable objective zoning standards, objective subdivision standards, and objective design review standards as further defined in Government Code section 65912.113(f) & (g).

3. The proposed housing development must meet certain density requirements set forth in Government Code section 65583.2(c)(3).

4. The project must be located in a zone where office, retail, or parking are a principally permitted use.

5. At least 75 percent of the perimeter of the project site must adjoin parcels that are developed with urban uses. Parcels that are only separated by a street or highway shall be considered adjoined.

6. The project may not be located on a site or adjoined to any site where more than one-third of the square footage on the site is dedicated to industrial use.

7. The project site must be located on a legal parcel or parcels that are either (a) in a city where the city boundaries include some portion of either an urbanized area or urban cluster, as designated by the United States Census Bureau; or (b) in an unincorporated area, and the legal parcel or parcels are wholly within the boundaries of an urbanized area or urban cluster, as designated by the United States Census Bureau.

8. None of the proposed housing may be located within 500 feet of a freeway.

9. None of the proposed housing may be located within 3,200 feet of a facility that actively extracts or refines oil or natural gas.

10. The project may not be located on a site that qualifies as either prime farmland or farmland of statewide importance.

11. The project site may not be located in wetlands.

12. The project site may not be located in a very high fire hazard severity zone.

13. The project site may not be located on a hazardous waste site, with limited exceptions as set forth in Government Code section 65913.4(a)(6)(E).

14. The project site may not be located within a delineated earthquake fault zone, unless the development complies with applicable seismic protection building code standards as set forth in Government Code section 65913.4(a)(6)(F).

15. The project may not be located within a special flood hazard area subject to inundation by the 1 percent annual chance flood (100-year flood) as determined by the Federal Emergency Management Agency ("FEMA").

16. The project site may not be located within a regulatory floodway as determined by FEMA, with limited exceptions as set forth in Government Code section 65913.4(a)(6)(H).

17. The project site may not be located on lands identified for conservation in an adopted natural community conservation plan pursuant to the Natural Community Conservation Planning Act, habitat conservation plan pursuant to the federal Endangered Species Act, or other adopted natural resource protection plan.

18. The project site may not be located on habitat for protected species identified as candidate, sensitive, or species of special status by state or federal agencies, fully protected species, or species protected by the federal Endangered Species Act, the California Endangered Species Act, or the Native Plant Protection Act.

19. The project site may not be located on lands under conservation easement.

20. The project site may not be located on an existing parcel of land or site that is governed under the Mobilehome Residency Law, the Recreational Vehicle Park Occupancy Law, the Mobilehome Parks Act, or the Special Occupancy Parks Act.

21. For a project proposed on a site within a neighborhood plan area, the applicable neighborhood plan must permit multifamily housing development on the site. Additional requirements apply to projects within a neighborhood plan area as of January 1, 2024, as set forth in Government Code section 65912.113(i).

22. For a project proposed on a vacant site, the project may not result in significant and unavoidable impacts to tribal cultural resources on the site.

23. The development proponent must complete a Phase I Environmental Site Assessment, and the proponent must undertake additional measures if a recognized environmental condition is found as set forth in Government Code section 65912.113(c).

A project approved under this section must meet certain labor standards, as set forth in Government Code section 65912.130, et seq. For example, a private housing development project under this section is subject to a requirement that all construction workers employed in the execution of the development be paid at least the general prevailing rate of per diem wages for the type of work and geographic area, as determined by the Director of Industrial Relations.

(Reference: Gov. Code, § 65912.110, et seq.)

9.10 MIXED-INCOME HOUSING DEVELOPMENTS ALONG COMMERCIAL CORRIDORS.

A proposed multifamily housing development project is subject to streamlined, ministerial review and is not subject to CEQA if it meets the following requirements:

1. The proposed development project must meet all of the following affordability criteria, as set forth in greater detail in Government Code section 65912.122:

   (a)(1) A rental housing development shall include either of the following:

      (A) Eight percent of the units for very low income households and 5 percent of the units for extremely low income households; or

      (B) Fifteen percent of the units for lower income households.

   (2) The development proponent must agree to, and the local government must ensure, the continued affordability of all affordable rental units included pursuant to this section for 55 years.

   (b)(1) An owner-occupied housing development shall include either of the following:

      (A) Thirty percent of the units must be offered at an affordable housing cost, as defined in Section 50052.5 of the Health and Safety Code, to moderate-income households; or

      (B) Fifteen percent of the units must be offered at an affordable housing cost, as defined in Section 50052.5 of the Health and Safety Code, to lower income households.

   (2) The development proponent must agree to, and the local government must ensure, the continued affordability of all affordable rental units included pursuant to this section for 45 years.

   (c) If the local government has a local affordable housing requirement, the housing development project shall comply with all of the following:

      (1) The development project shall include the percentage of affordable units required by this section or the local requirement, whichever is higher.

      (2) The development project shall meet the lowest income targeting in either policy.

      (3) If the local affordable housing requirement requires greater than 15 percent of the units to be dedicated for lower income households and does not require the inclusion of units affordable to very low

and extremely low income households, then the rental housing development shall do both of the following:

(A) Include 8 percent of the units for very low income households and 5 percent of the units for extremely low income households; and

(B) Fifteen percent of units affordable to lower income households shall be subtracted from the percentage of units required by the local policy at the highest required affordability level.

(d) Affordable units in the development project shall have the same bedroom and bathroom count ratio as the market rate units, be equitably distributed within the project, and have the same type or quality of appliances, fixtures, and finishes.

2. The project site must abut a commercial corridor and have frontage along the commercial corridor of at least 50 feet.

3. The project site may not be greater than 20 acres.

4. The project must be located in a zone where office, retail, or parking are a principally permitted use.

5. At least 75 percent of the perimeter of the project site must adjoin parcels that are developed with urban uses. Parcels that are only separated by a street or highway shall be considered adjoined.

6. The project may not be located on a site or adjoined to any site where more than one-third of the square footage on the site is dedicated to industrial use.

7. The project site must be located on a legal parcel or parcels that are either (a) in a city where the city boundaries include some portion of either an urbanized area or urban cluster, as designated by the United States Census Bureau; or (b) in an unincorporated area, and the legal parcel or parcels are wholly within the boundaries of an urbanized area or urban cluster, as designated by the United States Census Bureau.

8. The proposed development must meet applicable objective zoning standards, objective subdivision standards, and objective design review standards as further explained in Government Code section 65912.123(j).

9. The proposed housing development must meet certain density requirements set forth in Government Code section 65912.123(b).

10. The proposed housing development must meet certain height and setback requirements set forth in Government Code section 65912.123(c)-(d).

11. The project may not be located on a site where any of the following would apply:

    (a) The development would require the demolition of the following types of housing: (i) housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income; (ii) housing that is subject to any form of rent or price control through a public entity's valid exercise of its police power; (iii) or housing that has been occupied by tenants within the past 10 years, excluding any manager's units.

    (b) The site was previously used for permanent housing that was occupied by tenants, excluding any manager's units, that was demolished within 10 years before the development proponent submitted its application for the development.

    (c) The site would require the demolition of a historic structure that was placed on a national, state, or local historic register.

    (d) The property contains one to four dwelling units.

    (e) The property is vacant and zoned for housing but not for multifamily residential use.

    (f) The existing parcel of land or site is governed under the Mobilehome Residency Law, the Recreational Vehicle Park Occupancy Law, the Mobilehome Parks Act, or the Special Occupancy Parks Act

12. None of the proposed housing may be located within 500 feet of a freeway.

13. None of the proposed housing may be located within 3,200 feet of a facility that actively extracts or refines oil or natural gas.

14. The project may not be located on a site that qualifies as either prime farmland or farmland of statewide importance.

15. The project site may not be located in wetlands.

16. The project site may not be located in a very high fire hazard severity zone.

17. The project site may not be located on a hazardous waste site, with limited exceptions as set forth in Government Code section 65913.4(a)(6)(E).

18. The project site may not be located within a delineated earthquake fault zone, unless the development complies with applicable seismic protection building code standards as set forth in Government Code section 65913.4(a)(6)(F).

19. The project may not be located within a special flood hazard area subject to inundation by the 1 percent annual chance flood (100-year flood) as determined by the Federal Emergency Management Agency ("FEMA").

20. The project site may not be located within a regulatory floodway as determined by FEMA, with limited exceptions as set forth in Government Code section 65913.4(a)(6)(H).

21. The project site may not be located on lands identified for conservation in an adopted natural community conservation plan pursuant to the Natural Community Conservation Planning Act, habitat conservation plan pursuant to the federal Endangered Species Act, or other adopted natural resource protection plan.

22. The project site may not be located on habitat for protected species identified as candidate, sensitive, or species of special status by state or federal agencies, fully protected species, or species protected by the federal Endangered Species Act, the California Endangered Species Act, or the Native Plant Protection Act.

23. The project site may not be located on lands under conservation easement.

24. For a project proposed on a site within a neighborhood plan area, the applicable neighborhood plan must permit multifamily housing development on the site. Additional requirements apply to projects within a neighborhood plan area as of January 1, 2024, as set forth in Government Code section 65912.121(i).

25. For a project proposed on a vacant site, the project may not result in significant and unavoidable impacts to tribal cultural resources on the site.

26. The development proponent must complete a Phase I Environmental Site Assessment, and the proponent must undertake additional measures if a recognized environmental condition is found as set forth in Government Code section 65912.123(f).

A project approved under this section must meet certain labor standards, as set forth in Government Code section 65912.130, et seq. For example, a private housing development project under this section is subject to a requirement that all construction workers employed in the execution of the development be paid at least the general prevailing rate of per diem wages for the type of work and geographic area, as determined by the Director of Industrial Relations.

(Reference: Gov. Code, § 65912.120, et seq.)

9.11 A RESPONSIBLE AGENCY'S PROVISION OF FINANCIAL ASSISTANCE OR INSURANCE FOR THE DEVELOPMENT AND CONSTRUCTION OF AFFORDABLE HOUSING.

Action taken by a local agency that is acting as a responsible agency – not as a lead agency – to provide financial assistance or insurance for the development and construction of residential housing for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, is exempt from CEQA if the project that is the subject of

the application for financial assistance or insurance will be subject to CEQA review by another public agency. This includes a local agency's approval of contracts that provide residential, counseling, and security services for people experiencing homelessness.

(Reference: Pub. Resources Code, § 21080.10.)

9.12 EXEMPTION FOR SPECIFIED AFFORDABLE HOUSING PROJECTS.

If the conditions and requirements set forth in Public Resources code section 21080.40 are met, the following public agency action relating to an "affordable housing project" shall be exempt from CEQA :

1. The issuance of an entitlement by a public agency for an affordable housing project.

2. An action to lease, convey, or encumber land owned by a public agency for an affordable housing project.

3. An action to facilitate the lease, conveyance, or encumbrance of land owned or to be purchased by a public agency for an affordable housing project.

4. Rezoning, specific plan amendments, or general plan amendments required specifically and exclusively to allow the construction of an affordable housing project.

5. An action to provide financial assistance in furtherance of implementing an affordable housing project.

Section 21080.40 of the Public Resources Code defines "affordable housing project" as a project that meets the following requirements:

- The project consists of multifamily residential uses only or a mix of multifamily residential and nonresidential uses;

- At least two-thirds of the square footage of the project is designated for residential use;

- All of the project's residential units, excluding managers' units, are dedicated to lower income households, as defined by Health & Safety Code section 50079.5;

- The project meets the labor requirements set forth in Government Code section 65912.130, or Government Code section 65912.131 if the project has 50 or more residential units;

- The project is located on a parcel in any of the following locations: (i) an urbanized area or urban cluster, as designated by the United States Census Bureau, (ii) within one-half mile walking distance to either a high-quality transit corridor or a major transit stop, (iii) a very low vehicle travel area (defined as an urbanized area where existing residential development generates vehicle miles traveled per capita that is below 85

percent of either regional vehicle miles traveled per capita or city vehicle miles traveled per capita), or (iv) proximal to six or more certain specified amenities, including within one-half mile of a bus station or ferry terminal, or within one mile (or two miles if in a rural area) of a supermarket or grocery store, public park, community center, pharmacy or drugstore, medical clinic or hospital, public library, or a school; and

- Parcels that are developed with urban uses must adjoin at least 75 percent of the perimeter of the project site or at least three sides of a four-sided project site.

To qualify for this exemption, the affordable housing project must meet a series of requirements set forth in Public Resources Code section 21080.40. The requirements include that the affordable housing project be subject to a recorded California Tax Credit Allocation Committee regulatory agreement for at least 55 years upon completion of construction, and that the project site must be adequately served by existing utilities or extensions. In addition, the public agency must confirm that the project is not built on environmentally sensitive or hazardous land; that the project will not have significant and unavoidable tribal cultural resource impacts; that a Phase I environmental assessment was prepared and any hazardous substances on the site have been remediated; and if the project site is not permitted for multifamily housing, that none of the housing is located within 500 feet of a freeway or within 3,200 feet of a facility that actively extracts or refines soil or natural gas; and that the project site is not within a very high fire hazard severity zone.

If a lead agency determines that the affordable housing project is exempt from CEQA pursuant to this provision, it must file a notice of exemption with the Office of Land Use and Climate Innovation and the county clerk of each county in which the project is located.

(Reference: Pub. Resources Code, § 21080.40.)

9.13 "NEAR MISS" STREAMLINED HOUSING DEVELOPMENT PROJECT

If a proposed housing development project would normally be exempt from CEQA pursuant to a statutory or categorical exemption (Classes 1 to 5, 12, 15, 20, 27, 30, or 32)—but fails to qualify because of just one specific issue—then CEQA review is limited to only the environmental effects caused by that one issue. The environmental review (initial study or EIR) only needs to analyze impacts caused solely by that single disqualifying issue, based on evidence in the record. If an EIR is required, it does not need to analyze project alternatives or growth-inducing impacts.

This limited review does not apply if:

- The project is not similar to the types of projects covered by the exemption.
- The project fails the exemption because of more than one issue.
- The project includes a distribution center or oil and gas infrastructure.
- The project is located on protected natural lands (with limited statutory exceptions).

 ©Best Best & Krieger LLP

To note, "condition" means a physical feature, regulatory requirement, or environmental effect related to the project. For a project that involves issuance of a lease, permit, license, certificate, or other entitlement for use, the lead agency must offer early consultation – if requested by a potential applicant – before an application is filed. This consultation covers possible actions, alternatives, mitigation measures, and any potential and significant effects on the environment.

(Reference: Pub. Resources Code, § 21080.1.)

9.14 MINISTERIAL APPROVAL OF HOUSING DEVELOPMENTS ON LAND OWNED BY INDEPENDENT INSTITUTIONS OF HIGHER EDUCATION AND RELIGIOUS INSTITUTIONS.

A "housing development project" is not subject to CEQA if it meets the criteria and requirements set forth in Government Code section 65913.16. To qualify for the exemption, a housing development project must, among other things, meet the following requirements:

1. The housing development project must be located on land owned on or before January 1, 2024 by an independent institution of higher education or a religious institution, including ownership through an affiliated or associated nonprofit public benefit corporation organized pursuant to the Nonprofit Corporation Law (Part 2 (commencing with Section 5110) of Division 2 of Title 1 of the Corporations Code).

2. The housing development project must consist of residential units only; constitute a mixed-use development consisting of residential and non-residential uses with at least two-thirds of the square footage designated for residential use; or consist of transitional housing or supportive housing.

3. The housing development project must meet certain affordability requirements. One hundred percent of the development project's total units, exclusive of a manager's unit or units, must be for lower income households, as defined by Section 50079.5 of the Health and Safety Code, except that up to 20 percent of the total units in the development may be for moderate-income households, as defined in Section 50052 of the Health and Safety Code, and 5 percent of the units may be for staff of the independent institution of higher education or religious institution that owns the land.

4. The project must be subject to specified labor and prevailing wage requirements.

The exemption is subject to a lengthy series of locational and other requirements, set forth in Government Code section 65913.16.

(Reference: Gov. Code, § 65913.16.)

10. CEQA LITIGATION

10.01 TIMELINES.

When a CEQA lawsuit is filed, there are numerous and complex time requirements that must be met. Pressing deadlines begin to run in the days immediately after a CEQA lawsuit has been filed with the Court. For example, within ten (10) business days of the public agency being served with a petition or complaint alleging a violation of CEQA, the City, if it was the Lead Agency, must provide the petitioner with a list of Responsible Agencies and public agencies with jurisdiction by law over any natural resource affected by the project at issue. There are a variety of other deadlines that apply in CEQA litigation.

If a CEQA lawsuit is filed, CEQA counsel should be contacted immediately in order to ensure that all the applicable deadlines are met.

10.02 MEDIATION AND SETTLEMENT.

After Litigation Has Been Filed. The parties in a CEQA lawsuit are required to meet and discuss settlement. Within twenty (20) days of being served with a CEQA legal challenge, the public agency named in the lawsuit must file a notice with the court setting forth the time and place for a settlement meeting. The meeting must be scheduled and held not later than forty-five (45) days from the date of service of the petition or complaint upon the public agency. Usually the main parties to the litigation (such as the Lead Agency, the developer of the project if there is one, and those challenging the project and their respective attorneys) meet to discuss settlement; there is no requirement to hire a professional mediator. The settlement meeting is usually subject to a confidentiality agreement.

If the parties in a CEQA lawsuit are in settlement or mediation, that attempt is intended to occur concurrently with the litigation. This means that the respondent public agency will be required to comply with all existing litigation timelines and requirements (for example, preparing and lodging the administrative record discussed below) while simultaneously conducting settlement or mediation, unless the parties enter into an alternate agreement to stay the litigation and that agreement is approved by the court.

10.03 ADMINISTRATIVE RECORD.

A. Contents of Administrative Record.

When the Lead Agency's CEQA finding(s) and/or action is challenged in a lawsuit, the Lead Agency must certify the administrative record that formed the basis of the Lead Agency's decision. To the extent the documents listed below exist and are not subject to a privilege that exempts them from disclosure, the following items should be included in the administrative record:

(1) All project application materials.

(2) All staff reports and related documents prepared by the public agency with respect to its compliance with the substantive and procedural requirements of CEQA and with respect to the action on the project.

 ©Best Best & Krieger LLP

(3) All staff reports and related documents prepared by the public agency and written testimony or documents submitted by any person relevant to any findings or statement of overriding considerations adopted by the public agency pursuant to CEQA or these Local Guidelines.

(4) Any transcript or minutes of the proceedings at which the decision-making body of the public agency heard testimony on or considered any environmental document on the project, and any transcript or minutes of proceedings before any advisory body to the respondent public agency that were presented to the decision-making body prior to action on the environmental documents or on the project.

(5) All notices issued by the public agency to comply with CEQA or with any other law governing the processing and approval of the project.

(6) All written comments received in response to, or in connection with, environmental documents prepared for the project, including responses to the notice of preparation.

(7) All written evidence or correspondence submitted to, or transferred from, the public agency with respect to compliance with CEQA or with respect to the project.

(8) Any proposed decisions or findings submitted to the decision-making body of the public agency by its staff or the project proponent, project opponents, or other persons, to the extent such documents are subject to public disclosure.

(9) The documentation of the final public agency decision, including the final environmental impact report, mitigated negative declaration, or negative declaration, and all documents, in addition to those referenced in paragraph (3) above, cited or relied on in the findings or in a statement of overriding considerations adopted pursuant to CEQA.

(10) Any other written materials relevant to the respondent public agency's compliance with CEQA or to its decision on the merits of the project, including the initial study; any drafts of any environmental document, or portions thereof, that were released for public review; copies of studies or other documents relied upon in any environmental document prepared for the project and either made available to the public during the public review period or included in the public agency's files on the project; and internal agency communications presented to the final decision-making body or consulted and/or reviewed by the lead agency executive or other administrative official in a supervisory role, including staff notes and memoranda, related to the project or to compliance with CEQA, to the extent such documents are subject to public disclosure. The administrative record need not include communications that are of a logistical nature, such as meeting invitations or scheduling communications. The administrative record further may not include material that is subject to a privilege contained in the Evidence Code or material that is subject to an exemption set forth in the California Public Records Act.

(11) The full written record before any inferior administrative decision-making body whose decision was appealed prior to the filing of the lawsuit.

B. Organization of Administrative Record.

The administrative record should be organized as follows:

(1) Index. A detailed index must be included at the beginning of the administrative record listing each document in the order presented. Each entry must include the document's title, date, brief description, and the volume and page where the document begins;

(2) The Notice of Determination;

(3) The resolutions or ordinances adopted by the Lead Agency approving the project;

(4) The findings required by Public Resources Code section 21081, including any statement of overriding considerations;

(5) The Final EIR, including the Draft EIR or a revision of the draft, all other matters included in the Final EIR (such as traffic studies and air quality studies), or other types of environmental documents prepared under CEQA, such as a negative declaration, mitigated negative declaration, or addenda;

(6) The initial study;

(7) Staff reports prepared for the administrative bodies providing subordinate approvals or recommendations to the Lead Agency, in chronological order;

(8) Transcripts and minutes of hearings, in chronological order; and

(9) All other documents appropriate for inclusion in the administrative record, in chronological order.

Each section listed above must be separated by tabs or marked with electronic bookmarks. Oversized documents (such as building plans and maps) must be presented in a manner that allows them to be easily unfolded and viewed.

The court may issue an order allowing the documents to be organized in a different manner.

C. Preparation of Administrative Record.

The administrative record can be prepared: (1) by the petitioner, if the petitioner provides the Lead Agency notice that it elects to prepare the record, or (2) by the Lead Agency. If the petitioner provides notice that it elects to prepare the administrative record, the Lead Agency may, within five (5) business days of receiving such notice, deny the petitioner's request to prepare the record. In this circumstance, the Lead Agency may prepare the administrative record itself despite the petitioner's election. The petitioner and the Lead Agency can also agree on any alternative

 ©Best Best & Krieger LLP

method of preparing the record, such as having the project applicant prepare the administrative record. However, when a third party such as the project applicant prepares or assists with the preparation of the administrative record, the Lead Agency may not be able to recover fees incurred by the third party unless petitioner has agreed to this method of preparation.

Notwithstanding the above, upon the written request of a project applicant received no later than 30 days after the date that the Lead Agency makes a determination pursuant to Public Resources Code section 21080.1, 21094.5, or Chapter 4.2 (commencing with Public Resources Code section 21155) and with the written consent of the Lead Agency sent within 10 business days from receipt of the written request, the Lead Agency may prepare the administrative record concurrently with the administrative process. Should the Lead Agency and the project applicant so desire to pursue concurrent record preparation, the parties must comply with the provisions of Public Resources Code section 21167.6.2.

(See Pub. Resources Code, § 21167.6.)

D. Special Circumstances For Environmental Leadership Projects.

Special timing considerations and requirements apply if the Project is certified by the Governor as an Environmental Leadership Project pursuant to the "Jobs and Economic Improvement Through Environmental Leadership Act of 2021." For example, the administrative record must be finished and certified within five (5) days of project approval. See Public Resources Code section 21186 for a complete discussion of the special requirements related to the preparation of an administrative record for an Environmental Leadership Project.

11. DEFINITIONS

Whenever the following terms are used in these Local Guidelines, they shall have the following meaning unless otherwise expressly defined:

11.01 "Agricultural Employee" means a person engaged in agriculture, which includes farming in all its branches, and, among other things, includes: (1) the cultivation and tillage of the soil, (2) dairying, (3) the production, cultivation, growing, and harvesting of any agricultural or horticultural commodities, (4) the raising of livestock, bees, furbearing animals, or poultry, and (5) any practices (including any forestry or lumbering operations) performed by a farmer or on a farm as an incident to or in conjunction with such farming operations, including preparation for market and delivery to storage or to market or to carriers for transportation to market.

This definition does not include any person covered by the National Labor Relations Act as agricultural employees pursuant to Section 2(3) of the Labor Management Relations Act (Section 152(3), Title 29, United States Code) and Section 3(f) of the Fair Labor Standards Act (Section 203(f), Title 29, United States Code). This definition does not apply to employees who perform work to be done at the site of the construction, alteration, painting, or repair of a building, structure, or other work (as these terms have been construed under Section 8(e) of the Labor Management Relations Act, 29 United States Code Section 158(e)) or logging or timber-clearing operations in initial preparation of land for farming, or who does land leveling or only land surveying for any of the above. As used in this definition, "land leveling" shall include only major land moving operations changing the contour of the land, but shall not include annual or seasonal tillage or preparation of land for cultivation. (State CEQA Guidelines section 15191(a).)

11.02 "Applicant" means a person who proposes to carry out a project that requires a lease, permit, license, certificate, or other entitlement for use, or requires financial aid from one or more public agencies when applying for governmental approval or assistance.

11.03 "Approval" means a decision by the decision-making body or other authorized body or officer of the City which commits the City to a definite course of action with regard to a particular project. With regard to any project to be undertaken directly by the City, approval shall be deemed to occur on the date when the decision-making body adopts a motion or resolution determining to proceed with the project, which in no event shall be later than the date of adoption of plans and specifications. As to private projects, approval shall be deemed to have occurred upon the earliest commitment to provide service or the issuance by the City of a discretionary contract, subsidy, or other form of financial assistance, lease, permit, license, certificate, or other entitlement for use of the project. The mere acquisition of land by the City shall not, in and of itself, be deemed to constitute approval of a project.

For purposes of these Local Guidelines, all environmental documents must be completed as of the time of project approval.

 ©Best Best & Krieger LLP

11.04 "Baseline" refers to the pre-project environmental conditions. By comparing the project's potential impacts to the baseline, the Lead Agency determines whether the project's impacts are substantial enough to be significant under the relevant thresholds of significance. Generally, the baseline is the environmental conditions existing on the date the environmental analysis begins, such as the date the Notice of Preparation is published for an EIR or the date the Notice of Intent to Adopt a Negative Declaration is published. However, in certain circumstances, an earlier or later date may provide a more accurate environmental analysis. The City may establish any baseline that is appropriate, including an earlier or later date, as long as the choice of baseline can be supported by substantial evidence.

11.05 "California Native American Tribe" means a Native American tribe located in California that is on the contact list maintained by the Native American Heritage Commission for the purposes of Chapter 905 of the Statutes of 2004.

11.06 "Categorical Exemption" means an exemption from CEQA for a class of projects based on a finding by the Secretary of the Resources Agency that the class of projects does not have a significant effect on the environment.

11.07 "Census-Defined Place" means a specific unincorporated land area within boundaries determined by the United States Census Bureau in the most recent decennial census.

11.08 "CEQA" means the California Environmental Quality Act, codified at California Public Resources Code sections 21000, et seq.

11.09 "City" means the City of Ontario.

11.10 "Clerk" means either the "Clerk of the Board" or the "County Clerk" depending upon the county. Please refer to the "Index to Environmental Filing by County" in the Staff Summary to determine which applies.

11.11 "Community-Level Environmental Review" means either (1) or (2) below:

(1) An EIR certified for any of the following:

(a) A general plan;
(b) A revision or update to the general plan that includes at least the land use and circulation elements;
(c) An applicable community plan;
(d) An applicable specific plan; or
(e) A housing element of the general plan, if the Environmental Impact Report analyzed the environmental effects of the density of the proposed project;

(2) A Negative Declaration or Mitigated Negative Declaration adopted as a subsequent environmental review document, following and based upon an EIR on a general plan, an applicable community plan or specific plan, provided that the subsequent environmental review document is allowed by CEQA following

 ©Best Best & Krieger LLP

a Master EIR or a Program EIR or is required pursuant to Public Resource Section 21166.

11.12 "Consultation" means the meaningful and timely process of seeking, discussing, and considering carefully the views of others, in a manner that is cognizant of all parties' cultural values and, where feasible, seeking agreement. Consultation between government agencies and Native American tribes shall be conducted in a way that is mutually respectful of each party's sovereignty. Consultation shall also recognize the tribes' potential needs for confidentiality with respect to places that have traditional tribal cultural significance.

11.13 "Cumulative Impacts" means two or more individual effects which, when considered together, are considerable or which compound or increase other environmental impacts. The individual effects may be changes resulting from a single project or a number of separate projects, whether past, present or future.

The cumulative impact from several projects is the change in the environment which results from the incremental impact of the project when added to other closely related past, present and reasonably foreseeable future projects. Cumulative impacts can result from individually minor but collectively significant projects taking place over a period of time.

11.14 "Cumulatively Considerable" means that the incremental effects of an individual project are significant when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.

11.15 "Decision-Making Body" means the body within the City, e.g. the City Council, which has final approval authority over the particular project.

11.16 "Developed Open Space" means land that meets each of the following three criteria:

(1) Is publicly owned, or financed in whole or in part by public funds;

(2) Is generally open to, and available for use by, the public; and

(3) Is predominantly lacking in structural development other than structures associated with open spaces, including, but not limited to, playgrounds, swimming pools, ball fields, enclosed child play areas, and picnic facilities.

Developed Open Space may include land that has been designated for acquisition by a public agency for developed open space purposes, but does not include lands acquired by public funds dedicated to the acquisition of land for housing purposes.

11.17 "Development Project" means any project undertaken for the purpose of development, including any project involving the issuance of a permit for construction or reconstruction but not a permit to operate. It does not include any ministerial projects proposed to be carried out or approved by public agencies. (Government Code section 65928.)

 ©Best Best & Krieger LLP

11.18 "Discretionary Project" means a project for which approval requires the exercise of independent judgment, deliberation, or decision-making on the part of the City. To determine whether a project is discretionary, the key question is whether the public agency can use its subjective judgment to decide whether and how to carry out or approve a project.

11.19 "EIR" means Environmental Impact Report, a detailed written statement setting forth the environmental effects and considerations pertaining to a project. EIR may mean a Draft or a Final version of an EIR, a Project EIR, a Subsequent EIR, a Supplemental EIR, a Tiered EIR, a Staged EIR, a Program EIR, a Redevelopment EIR, a Master EIR, or a Focused EIR.

11.20 "Emergency" means a sudden, unexpected occurrence, involving a clear and imminent danger, demanding immediate action to prevent or mitigate loss of, or damage to, life, health, property, or essential public services. Emergency includes such occurrences as fire, flood, earthquake, landslide or other natural disaster, as well as such occurrences as riot, war, terrorist incident, accident or sabotage.

11.21 "Endangered, Rare or Threatened Species" means certain species or subspecies of animals or plants. A species or subspecies of animal or plant is "Endangered" when its survival and reproduction in the wild are in immediate jeopardy from one or more causes, including loss of habitat, change in habitat, overexploitation, predation, competition, disease, or other factors. A species or subspecies of animal or plant is "Threatened" when it is listed as a threatened species pursuant to the California Endangered Species Act or the Federal Endangered Species Act. A species or subspecies of animal or plant is "Rare" when either:

(1) Although not presently threatened with extinction, the species is existing in such small numbers throughout all or a significant portion of its range that it may become endangered if its environment worsens; or

(2) The species is likely to become endangered within the foreseeable future throughout all or a significant portion of its range and many be considered "threatened" as that term is used in the Federal Endangered Species Act.

For purposes of analyzing impacts to biological resources, a species of animal or plant shall be presumed to be endangered, rare or threatened if it is listed under the California Endangered Species Act or the Federal Endangered Species Act.

This definition shall not include any species of the Class Insecta which is a pest whose protection under the provisions of CEQA would present an overwhelming and overriding risk to man as determined by the Director of Food and Agriculture (with regard to economic pests) or the Director of Health Services (with regard to health risks).

11.22 "Environment" means the physical conditions which exist in the area which will be affected by a proposed project, including land, air, water, minerals, flora, fauna, ambient noise, and objects of historic or aesthetic significance. The area involved shall

 ©Best Best & Krieger LLP

be the area in which significant effects would occur either directly or indirectly as a result of the project. The "environment" includes both natural and man-made conditions.

11.23 "Feasible" means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social and technological factors.

11.24 "Final EIR" means an EIR containing the information contained in the Draft EIR, comments either verbatim or in summary received in the review process, a list of persons commenting, and the response of the City to the comments received.

11.25 "Greenhouse Gases" include, but are not limited to, carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride.

11.26 "Guidelines" or "Local Guidelines" means the City's Local Guidelines for implementing the California Environmental Quality Act.

11.27 "Highway" shall have the same meaning as defined in Section 360 of the Vehicle Code.

11.28 "Historical Resources" include:

Resources listed in, or eligible for listing in, the California Register of Historical Resources shall be considered historical resources.

A resource may be listed in the California Register if it meets any of the following National Register of Historic Places criteria:

(a) Is associated with events that have made a significant contribution to the broad patterns of California's history and cultural heritage;
(b) Is associated with the lives of persons important in our past;
(c) Embodies the distinctive characteristics of a type, period, region, or method of construction, or represents the work of an important creative individual, or possesses high artistic values; or
(d) Has yielded, or may be likely to yield, information important in prehistory or history.

A resource may also be listed in the California Register if it is identified as significant in an historical resource survey that meets all of the following criteria:

(a) The survey has been or will be included in the State Historic Resources Inventory;
(b) The survey and the survey documentation were prepared in accordance with office procedures and requirements; and
(c) The resource is evaluated and determined by the office to have a significance rating of Category 1 to 5 on DPR Form 523.

 ©Best Best & Krieger LLP

Resources included on a list of properties officially designated or recognized as historically significant by a local government pursuant to a local ordinance or resolution, or identified as significant in a historical resource survey (as described above) are presumed to be historically or culturally significant, unless a preponderance of evidence demonstrates that they are not historically or culturally significant.

Any of the following may be considered historically significant: any object, building, structure, site, area, place, record or manuscript which a Lead Agency determines, based upon substantial evidence in light of the whole record, to be historically significant or significant in the architectural, engineering, scientific, economic, agricultural, educational, social, political, military or cultural annals of California.

The Lead Agency is not precluded from determining that a resource is a historical resource, as defined in Public Resources Code sections 5020.1(j) or 5024.1, even if it is: (a) not listed in, or is not determined to be eligible for listing in, the California Register of Historical Resources; (b) not included in a local register of historical resources; or (c) not identified in a historical resources survey.

11.29 "Infill Site" means a site in an urbanized area that meets either of the following criteria:

(1) The site has been previously developed for qualified urban uses; or

(2) The site has not been previously developed for qualified urban uses and both (a) and (b) are met:

(a) the site is immediately adjacent to parcels that are developed with qualified urban uses, or
1. at least 75 percent of the perimeter of the site adjoins, or is separated only by an improved public right-of-way from, parcels that are developed with existing qualified urban uses at the time the Lead Agency receives an application for an approval; and
2. the remaining 25 percent of the perimeter of the site adjoins parcels that had been previously developed for qualified urban uses;

(b) No parcel within the site has been created within the past 10 years unless the parcel was created as a result of the plan of a redevelopment agency.

(Public Resources Code section 21061.3.)

11.30 "Initial Study" means a preliminary analysis conducted by the City to determine whether an EIR, a Negative Declaration, or a Mitigated Negative Declaration must be prepared or to identify the significant environmental effects to be analyzed in an EIR.

11.31 "Jurisdiction by Law" means the authority of any public agency to grant a permit or other entitlement for use, to provide funding for the project in question or to exercise authority over resources which may be affected by the project.

 ©Best Best & Krieger LLP

The City will have jurisdiction by law over a project when the City has primary and exclusive jurisdiction over the site of the project, the area in which the major environmental effects will occur, or the area in which reside those citizens most directly concerned by any such environmental effects.

11.32 "Land Disposal Facility" means a hazardous waste facility where hazardous waste is disposed in, on, or under land. (Health and Safety Code section 25199.1(d).)

11.33 "Large Treatment Facility" means a treatment facility which treats or recycles one thousand (1,000) or more tons of hazardous waste during any one month of the current reporting period commencing on or after July 1, 1991. (Health and Safety Code section 25205.1(d).)

11.34 "LCI" refers to the Governor's Office of Land Use and Climate Innovation (formerly known as the Office of Planning and Research, or OPR).

11.35 "Lead Agency" means the public agency which has the principal responsibility for preparing environmental documents and for carrying out or approving a project when more than one public agency is involved with the same underlying activity.

11.36 "Low- and Moderate-Income Households" means persons and families of low or moderate income as defined in Section 50093 of the Health and Safety Code—i.e., persons and families whose income does not exceed 120% of area median income, adjusted for family size by the Department of Housing and Community Development, in accordance with adjustment factors adopted and amended from time to time by the United States Department of Housing and Urban Development pursuant to Section 8 of the United States Housing Act of 1937. (Public Resources Code section 21159.20(d); State CEQA Guidelines section 15191(f).)

11.37 "Low-Income Households" means households of persons and families of very low and low income. Low-income persons or families are those eligible for financial assistance from governmental agencies for occupants of state-funded housing. Very low income persons are those whose incomes do not exceed the qualifying limits for very low income families as established and amended pursuant to Section 8 of the United States Housing Act of 1937. Such limits are published and updated in the California Code of Regulations. (Public Resources Code section 21159.20(c); Health and Safety Code sections 50105 and 50106; State CEQA Guidelines section 15191(g).)

11.38 "Low-Level Flight Path" means any flight path for any aircraft owned, maintained, or under the jurisdiction of the United States Department of Defense that flies lower than 1,500 feet above ground level, as indicated in the United States Department of Defense Flight Information Publication, "Area Planning Military Training Routes: North and South America (AP/1B)" published by the United States National Imagery and Mapping Agency or its successor.

11.39 "Lower Income Households" is defined in Health and Safety Code section 50079.5 to mean any of the following:

(1) "Lower income households" means persons and families whose income does not exceed the qualifying limits for lower income families as established and amended from time to time pursuant to Section 8 of the United States Housing Act of 1937;

(2) "Very low income households" means persons and families whose incomes do not exceed the qualifying limits for very low income families as defined in Health and Safety Code 50105; or

(3) "Extremely low income households" means persons and families whose incomes do not exceed the qualifying limits for extremely low income families as defined in Health and Safety Code section 50106.

11.40 "Major Transit Stop" means a site containing an existing rail transit station, a ferry terminal served by either a bus or rail transit service, or the intersection of two or more major bus routes with a frequency of service interval of twenty (20) minutes or less during the morning and afternoon peak commute periods. (State CEQA Guidelines section 15191(i).)

11.41 "Metropolitan Planning Organization" or "MPO" means a federally-designated agency that provides transportation planning and programming in metropolitan areas. A MPO is designated for each urban area that has been defined in the most recent federal census as having a population of more than 50,000 people. There are 18 federally-designated MPOs in California. Non-urbanized (rural) areas do not have a designated MPO.

11.42 "Military Impact Zone" means any area, including airspace, that meets both of the following criteria:

(1) Is located within two miles of a military installation, including, but not limited to, any base, military airport, camp, post, station, yard, center, homeport facility for a ship, or any other military activity center that is under the jurisdiction of the United States Department of Defense; and

(2) Covers greater than 500 acres of unincorporated land, or greater than 100 acres of city incorporated land.

11.43 "Military Service" means the United States Department of Defense or any branch of the United States Armed Forces.

11.44 "Ministerial" describes a governmental decision involving little or no personal judgment by the public official as to the wisdom or manner of carrying out the project. The public official merely applies the law to the facts as presented but uses no special discretion or standards or objective measurements, and the public official cannot use personal, subjective judgment in deciding whether or how the project should be carried out. Common examples of ministerial permits include automobile registrations, dog licenses, and marriage licenses. A building permit is ministerial if the ordinance requiring the permit limits the public official to determining whether the zoning allows the structure to be built in the requested location, the structure would meet the strength

requirements in the Uniform Building Code, and the applicant has paid his fee. (Public Resources Code section 21080(b)(1).)

11.45 "Mitigated Negative Declaration" or "MND" means a Negative Declaration prepared for a Project when the Initial Study has identified potentially significant effects on the environment, but: (1) revisions in the project plans or proposals made, or agreed to, by the applicant before the proposed Negative Declaration and Initial Study are released for public review would avoid the effects or mitigate the effects to a point where clearly no significant effect on the environment would occur, and (2) there is no substantial evidence in light of the whole record before the public agency that the project, as revised, may have a significant effect on the environment.

11.46 "Mitigation" includes avoiding the environmental impact altogether by not taking a certain action or parts of an action, minimizing impacts by limiting the degree or magnitude of the action and its implementation, rectifying the impact by repairing, rehabilitating or restoring the impacted environment, reducing or eliminating the impact over time by preservation and maintenance operations during the life of the action, or compensating for the impact by replacing or providing substitute resources or environments, including through permanent protection of such resources in the form of conservation easements.

11.47 "Negative Declaration" or "ND" means a written statement by the City briefly describing the reasons that a proposed project, not exempt from CEQA, will not have a significant effect on the environment and, therefore, does not require the preparation of an EIR.

11.48 "Notice of Completion" means a brief report filed with the Office of Land Use and Climate Innovation by the City when it is the Lead Agency as soon as it has completed a Draft EIR and is prepared to send out copies for review.

11.49 "Notice of Determination" means a brief notice to be filed by the City when it approves or determines to carry out a project which is subject to the requirements of CEQA.

11.50 "Notice of Exemption" means a brief notice which may be filed by the City when it has approved or determined to carry out a project, and it has determined that the project is exempt from the requirements of CEQA. Such a notice may also be filed by an applicant where such a determination has been made by a public agency which must approve the project.

11.51 "Notice of Preparation" means a brief notice sent by a Lead Agency to notify the Responsible Agencies, Trustee Agencies, the Office of Land Use and Climate Innovation, and involved federal agencies that the Lead Agency plans to prepare an EIR for a project. The purpose of this notice is to solicit guidance from those agencies as to the scope and content of the environmental information to be included in the EIR. Public agencies are free to develop their own formats for this notice.

11.52 "Oak" means a native tree species in the genus Quercus, not designated as Group A or Group B commercial species pursuant to regulations adopted by the State Board of

 ©Best Best & Krieger LLP

Forestry and Fire Protection pursuant to Public Resources Code section 4526, and that is five (5) inches or more in diameter at breast height. (Public Resources Code section 21083.4(a).)

11.53 "Oak Woodlands" means an oak stand with a greater than 10 percent canopy cover or that may have historically supported greater than 10 percent canopy cover. (Fish & Game Code section 1361(h).)

11.54 "Offsite Facility" means a facility that serves more than one generator of hazardous waste. (Public Resources Code section 21151.1(h).)

11.55 "Person" includes any person, firm, association, organization, partnership, business, trust, corporation, company, city, county, city and county, town, the state, and any of the agencies which may be political subdivisions of such entities, and, to the extent permitted by federal law, the United States, or any of its agencies or political subdivisions**.**

11.56 "Pipeline" as defined in these Local Guidelines depends on the context. Please see Local Guidelines Sections 3.10 and 3.11 for specific definitions.

11.57 "Private Project" means a project which will be carried out by a person other than a governmental agency, but which will need a discretionary approval from the City. Private projects will normally be those listed in subsections (2) and (3) of Local Guidelines Section 11.58.

11.58 "Project" means the whole of an action or activity which may cause either a direct physical change in the environment, or a reasonably foreseeable indirect change in the environment, and is any of the following:

(1) A discretionary activity directly undertaken by the City including but not limited to public works construction and related activities, clearing or grading of land, or improvements to existing public structures;

(2) A discretionary activity which involves a public agency's issuance to a person of a lease, permit, license, certificate, or other entitlement for use, or which is supported, in whole or in part, through contracts, grants, subsidies, loans or other forms of assistance by the City; or

(3) A discretionary project proposed to be carried out or approved by public agencies, including but not limited to the enactment and amendment of local General Plans or elements thereof, the enactment of zoning ordinances, the issuance of zoning variances, the issuance of conditional use permits and the approval of tentative subdivision maps.

The presence of any real degree of control over the manner in which a project is completed makes it a discretionary project.

 ©Best Best & Krieger LLP

The term "project" refers to the activity which is being approved and which may be subject to several discretionary approvals by governmental agencies. The term "project" does not mean each separate governmental approval.

11.59 "Project-Specific Effects" means all the direct or indirect environmental effects of a project other than cumulative effects and growth-inducing effects. (Public Resources Code section 21065.3; State CEQA Guidelines section 15191(j).)

11.60 "Public Water System" means a system for the provision of piped water to the public for human consumption that has 3,000 or more service connections. A public water system includes all of the following: (A) Any collection, treatment, storage, and distribution facility under control of the operator of the system which is used primarily in connection with the system; (B) Any collection or pretreatment storage facility not under the control of the operator that is used primarily in connection with the system; (C) Any person who treats water on behalf of one or more public water systems for the purpose of rendering it safe for human consumption. (State CEQA Guidelines section 15155.)

11.61 "Qualified Urban Use" means any residential, commercial, public institutional, transit or transportation passenger facility, or retail use, or any combination of those uses. (Public Resources Code section 21072; State CEQA Guidelines section 15191(k).)

11.62 "Residential" means a use consisting of either residential units only or residential units and primarily neighborhood-serving goods, services, or retail uses that do not exceed 15% of the total floor area of the project. (State CEQA Guidelines section 15191(l).) Residential, pursuant to Public Resources Code section 21159.24, shall mean a use consisting of either of the following:

(1) Residential units only.

(2) Residential units and primarily neighborhood-serving goods, services, or retail uses that do not exceed 25 percent of the total building square footage of the project.

11.63 "Responsible Agency" means a public agency which proposes to carry out or approve a project for which a Lead Agency has prepared the environmental documents. For the purposes of CEQA, the term "Responsible Agency" includes all federal, state, regional and local public agencies other than the Lead Agency which have discretionary approval power over the project.

11.64 "Riparian areas" mean those areas transitional between terrestrial and aquatic ecosystems and that are distinguished by gradients in biophysical conditions, ecological processes, and biota. A riparian area is an area through which surface and subsurface hydrology connect waterbodies with their adjacent uplands. A riparian area includes those portions of terrestrial ecosystems that significantly influence exchanges of energy and matter with aquatic ecosystems. A riparian area is adjacent to perennial, intermittent, and ephemeral streams, lakes, and estuarine-marine shorelines.

 ©Best Best & Krieger LLP

11.65 "Roadway" means a roadway as defined pursuant to Section 530 of the Vehicle Code and the previously graded and maintained shoulder that is within a roadway right-of-way of no more than five feet from the edge of the roadway.

11.66 "Significant Effect" means a substantial, or potentially substantial, adverse change in any of the physical conditions within the area affected by the activity including land, air, water, minerals, flora, fauna, ambient noise, and objects of historic or aesthetic significance. A social or economic change related to a physical change may be considered in determining whether the physical change is significant.

11.67 "Significant Value as a Wildlife Habitat" includes wildlife habitat of national, statewide, regional, or local importance; habitat for species protected by the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531, et seq.), the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code), or the Native Plant Protection Act (Chapter 10 (commencing with Section 1900) of Division 2 of the Fish and Game Code); habitat identified as candidate, fully protected, sensitive, or species of special status by local, state, or federal agencies; or habitat essential to the movement of resident or migratory wildlife.

11.68 "Special Use Airspace" means the land area underlying the airspace that is designated for training, research, development, or evaluation for a military service, as that land area is established by the United States Department of Defense Flight Information Publication, "Area Planning: Special Use Airspace: North and South America (AP/1A)" published by the United States National Imagery and Mapping Agency or its successor.

11.69 "Staff" means the General Manager or his or her designee**.**

11.70 "Standard" means a standard of general application that is all of the following:

(1) A quantitative, qualitative or performance requirement found in a statute, ordinance, resolution, rule, regulation, order, or other standard of general application;

(2) Adopted for the purpose of environmental protection;

(3) Adopted by a public agency through a public review process;

(4) Governs the same environmental effect which the change in the environment is impacting; and

(5) Governs the jurisdiction where the project is located.

The definition of "standard" includes any thresholds of significance adopted by the City which meet the requirements of this Section.

 ©Best Best & Krieger LLP

If there is a conflict between standards, the City shall determine which standard is appropriate based upon substantial evidence in light of the whole record.

11.71 "State CEQA Guidelines" means the Guidelines for Implementation of the California Environmental Quality Act as adopted by the Secretary of the California Natural Resources Agency as they now exist or hereafter may be amended. (California Administrative Code, Title 14, Sections 15000, et seq.)

11.72 "Substantial Evidence" means reliable information on which a fair argument can be based to support an inference or conclusion, even though another conclusion could be drawn from that information. "Substantial evidence" includes facts, reasonable assumptions predicated upon facts, and expert opinion supported by facts. "Substantial evidence" does not include argument, speculation, unsubstantiated opinion or narrative, evidence which is clearly inaccurate or erroneous, or evidence of social or economic impacts which do not contribute to, or are not caused by, physical impacts on the environment.

11.73 "Sustainable Communities Strategy" is an element of a Regional Transportation Plan, which must be adopted by the Metropolitan Planning Organization for the region. (See Local Guidelines Section 11.40.) The Sustainable Communities Strategy is an integrated land use and transportation plan intended to reduce greenhouse gases. The Sustainable Communities Strategy includes various components such as: consideration of existing densities and uses within the region, identification of areas within the region that can accommodate an eight-year projection of the region's housing needs, development of projections for growth in the region, identification of existing transportation networks, and preparation of a forecast for development pattern for the region that can be integrated with transportation networks.

11.74 "Tiering" means the coverage of general matters in broader EIRs (such as on general plans or policy statements) with subsequent narrower EIRs or ultimately site-specific EIRs incorporating by reference the general discussions and concentrating solely on the issues specific to the EIR subsequently prepared. Tiering is appropriate when the sequence of EIRs is:

(a) From a general plan, policy, or Program EIR to a program, plan, or policy EIR of lesser scope or to a site-specific EIR; or
(b) From an EIR on a specific action at an early stage to a subsequent EIR or a supplement to an EIR at a later stage. Tiering in such cases is appropriate when it helps the Lead Agency to focus on the issues which are ripe for decision and exclude from consideration issues already decided or not yet ripe.

(Public Resources Code sections 21003, 21061 and 21100.)

11.75 "Transit Priority Area" means an area within one-half mile of a major transit stop that is existing or planned, if the planned stop is scheduled to be completed within the

 ©Best Best & Krieger LLP

planning horizon included in a Transportation Improvement Program adopted pursuant to Section 450.216 or 450.322 of Title 23 of the Code of Federal Regulations.

11.76 "Transit Priority Project" means a mixed use project that is consistent with the general use designation, density, building intensity, and applicable policies specified for the project area in either a sustainable communities strategy or an alternative planning strategy for which the California Air Resources Board has accepted a Metropolitan Planning Organization's determination that the sustainable communities strategy or the alternative planning strategy would, if implemented, achieve the greenhouse gas emission reduction targets. Such a project may be exempt from CEQA if a detailed laundry list of requirements is met. To qualify for the exemption, the Transit Priority Project must:

(1) contain at least 50 percent residential use based on total building square footage;

(2) if the project contains between 26 percent and 50 percent non-residential uses, the floor-to-area ratio (FAR) must be at least 0.75;

(3) have a minimum net density of 20 dwelling units per acre;

(4) be located within a half mile of a major transit stop or high-quality transit corridor included in a regional transportation plan; and

(5) meet all the requirements of Public Resources Code section 21155.1.

11.77 "Transportation Facilities" includes major local arterials and public transit within five (5) miles of the project site, and freeways, highways, and rail transit service within ten (10) miles of the project site.

11.78 "Tribal Cultural Resources" are either of the following:

(1) Sites, features, places, cultural landscapes, sacred places, and objects with cultural value to a California Native American tribe that are either of the following:

(a) Included or determined to be eligible for inclusion in the California Register of Historical Resources.
(b) Included in a local register of historic resources as defined in subdivision (k) of Public Resources Code section 5020.1.

(2) A resource determined by the Lead Agency, in its discretion and supported by substantial evidence, to be significant pursuant to criteria set forth in subdivision (c) of Public Resources Code section 5024.1. In applying the criteria set forth in subdivision (c) of Section 5024.1 for the purposes of this definition, the Lead Agency shall consider the significance of the resource to a California Native American tribe.

A cultural landscape that meets the criteria set forth above is a tribal cultural resource to the extent that the landscape is geographically defined in terms of the size and scope of the landscape.

A historic resource described in Public Resources Code section 21084.1, a unique archaeological resource as defined in subdivision (g) of Public Resources Code section 21083.2, or a "nonunique archaeological resource" as defined in subdivision (h) of Public Resources Code section 21083.2 may also be a tribal cultural resource if it conforms with the criteria of Tribal cultural resources.

11.79 "Trustee Agency" means a State agency having jurisdiction by law over natural resources affected by a project which are held in trust for the people of the State of California. Trustee Agencies may include, but are not limited to, the following:

(a) The California Department of Fish and Wildlife ("DFW") with regard to the fish and wildlife of the state, designated rare or endangered native plants, and game refuges, ecological reserves, and other areas administered by DFW;
(b) The State Lands Commission with regard to state owned "sovereign" lands such as the beds of navigable waters and state school lands;
(c) The State Department of Parks and Recreation with regard to units of the State Park System;
(d) The University of California with regard to sites within the Natural Land and Water Reserve System; and/or
(e) The State Water Resources Control Board with respect to surface waters.

11.80 "Urban Growth Boundary" means a provision of a locally adopted general plan that allows urban uses on one side of the boundary and prohibits urban uses on the other side of the boundary.

11.81 "Urbanized Area" means either of the following:

(1) An incorporated city that either by itself or in combination with two contiguous incorporated cities has a population of at least one hundred thousand (100,000) persons;

(2) An unincorporated area that meets both of the following requirements:

(a) The unincorporated area is either:
(i) completely surrounded by one or more incorporated cities, has a population of at least 100,000 persons either by itself or in combination with the surrounding incorporated city or cities, and has a population density that at least equals the population density of the surrounding city or cities; or
(ii) located within an urban growth boundary and has an existing residential population of at least five thousand (5,000) persons per square mile. An "urban growth boundary" means a

provision of a locally adopted general plan that allows urban uses on one side of the boundary and prohibits urban uses on the other side.

(b) The board of supervisors with jurisdiction over the unincorporated area has taken all three of the following steps:

1. Prepared a draft document by which the board would find that the general plan, zoning ordinance, and related policies and programs applicable to the unincorporated area are consistent with principles that encourage compact development in a manner that promotes efficient transportation systems, economic growth, affordable housing, energy efficiency, and an appropriate balance of jobs and housing, and protects the environment, open space and agricultural areas;
2. Submitted the draft document to the Office of Land Use and Climate Innovation and allowed LCI thirty (30) days to submit comments on the draft finding to the board; and
3. At least thirty (30) days after submitting the draft document to the Office of Land Use and Climate Innovation, the board has adopted a final finding in substantial conformity with the draft finding described in the draft document.

(Public Resources Code sections 21083, 21159.20-21159.24; State CEQA Guidelines section 15191(m).)

11.82 "Water Acquisition Plans" means any plans for acquiring additional water supplies prepared by the public water system or a city or county Lead Agency pursuant to subdivision (a) of section 10911 of the Water Code.

11.83 "Water Assessment" or "Water Supply Assessment" means the water supply assessment that must be prepared by the governing body of a public water system, or a city or county, pursuant to and in compliance with sections 10910 to 10915 of the Water Code, and that includes, without limitation, the elements of the assessment required to comply with subdivisions (d), (e), (f), and (g) of section 10910 of the Water Code.

11.84 "Water Demand Project" means any one of the following:

(A) A residential development of more than 500 dwelling units;

(B) A shopping center or business establishment employing more than 1,000 persons or having more than 500,000 square feet of floor space;

(C) A commercial office building employing more than 1,000 persons or having more than 250,000 square feet of floor space;

(D) A hotel or motel, or both, having more than 500 rooms;

(E) An industrial, manufacturing, or processing plant, or industrial park planned to house more than 1,000 persons, occupying more than 40 acres of land, or having more than 650,000 square feet of floor area;

Except, a proposed photovoltaic or wind energy generation facility approved on or after October 8, 2011, is not a Water Demand Project if the facility would demand no more than 75 acre-feet of water annually.

(F) A mixed-use project that includes one or more of the projects specified in subdivisions (A); (B), (C), (D), (E), or (G) of this section;

(G) A project that would demand an amount of water equivalent to, or greater than, the amount of water required by a 500 dwelling unit project; or

(H) For public water systems with fewer than 5,000 service connections, a project that meets the following criteria:

(1) A proposed residential, business, commercial, hotel or motel, or industrial development that would account for an increase of 10 percent or more in the number of a public water system's existing service connections; or

(2) A mixed-use project that would demand an amount of water equivalent to, or greater than, the amount of water required by residential development that would represent an increase of 10 percent or more in the number of the public water system's existing service connections.

(State CEQA Guidelines section 15155.)

11.85 "Waterway" means a bay, estuary, lake, pond, river, slough, or a perennial, intermittent, or ephemeral stream, lake, or estuarine-marine shoreline.

11.86 "Wetlands" has the same meaning as that term is construed in the regulations issued by the United States Army Corps of Engineers pursuant to the Clean Water Act. Thus, "wetlands" means areas that are inundated or saturated by surface or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. (Public Resources Code section 21159.21(d), incorporating Title 33, Code of Federal Regulations, Section 328.3.)

11.87 "Wildlife Habitat" means the ecological communities upon which wild animals, birds, plants, fish, amphibians, and invertebrates depend for their conservation and protection. (Public Resources Code section 21159.21.)

11.88 "Zoning Approval" means any enactment, amendment, or appeal of a zoning ordinance; granting of a conditional use permit or variance; or any other form of land

 ©Best Best & Krieger LLP

use, subdivision, tract, or development approval required from the city or county having jurisdiction to permit the particular use of the property.

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Public Works Prepared By: Tricia Maruki Department: Public Works Prepared By: Andrew Garland Staff Member Presenting: Tito Haes, Executive Director Public Works Reviewed By: Khoi Do, Rene Guerrero Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 6

SUBJECT: **A CONSTRUCTION CONTRACT WITH HARDY & HARPER, INC. AND A REIMBURSEMENT AGREEMENT BETWEEN THE CITY OF ONTARIO AND THE CITY OF RANCHO CUCAMONGA FOR THE 2026 FALL PAVEMENT REHABILITATION PROJECT**

RECOMMENDATION: That the City Council take the following actions:

A. Authorize the City Manager, or his designee, to execute a Construction Contract with Hardy & Harper, Inc., of Lake Forest, California, for the 2026 Fall Pavement Rehabilitation Project in the amount of $4,250,000, plus a 10% contingency of $425,000 for a total not-to-exceed contract amount of $4,675,000; and
B. Authorize the City Manager, or his designee, to execute all documents required for the completion of the project, which may include, but is not limited to agreements, assessments, easements, reduction of retention accounts, contract amendments within authorization limits, and filing a notice of completion at the conclusion of all construction-related activities; and
C. Authorize the City Manager, or his designee, to execute a Reimbursement Agreement between the City of Ontario and the City of Rancho Cucamonga for the Pavement Rehabilitation of Fourth Street from N. Wineville Avenue/Santa Anita Avenue to Etiwanda Avenue, estimated to cost $906,228.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The recommended Construction Contract with Hardy & Harper, Inc. is in the amount of $4,250,000, plus a 10% contingency of $425,000 for a total not-to-exceed contract

amount of $4,675,000. The Fiscal Year 2026-27 Adopted Budget includes appropriations in Measure I Funds for the construction of the 2026 Fall Pavement Rehabilitation Project. The City of Rancho Cucamonga will reimburse the City of Ontario for their portion of actual costs incurred for construction plus a 10% engineering, project management and inspection costs. The anticipated cost is $906,228.

BACKGROUND & ANALYSIS: The 2026 Fall Pavement Rehabilitation Project general scope of work to be performed under this contract consists of grinding and removal of damaged pavement, placement of new asphalt pavement, placement of new PCC pavement, curb ramps, installation of video detection systems and various other furnishings necessary to complete the improvements as described in the Plans and Specifications. A project location map is provided for reference as Exhibit "A". In June 2026, the City solicited bids for Bid No. 1989 and seven bids were received, as shown in the table below:

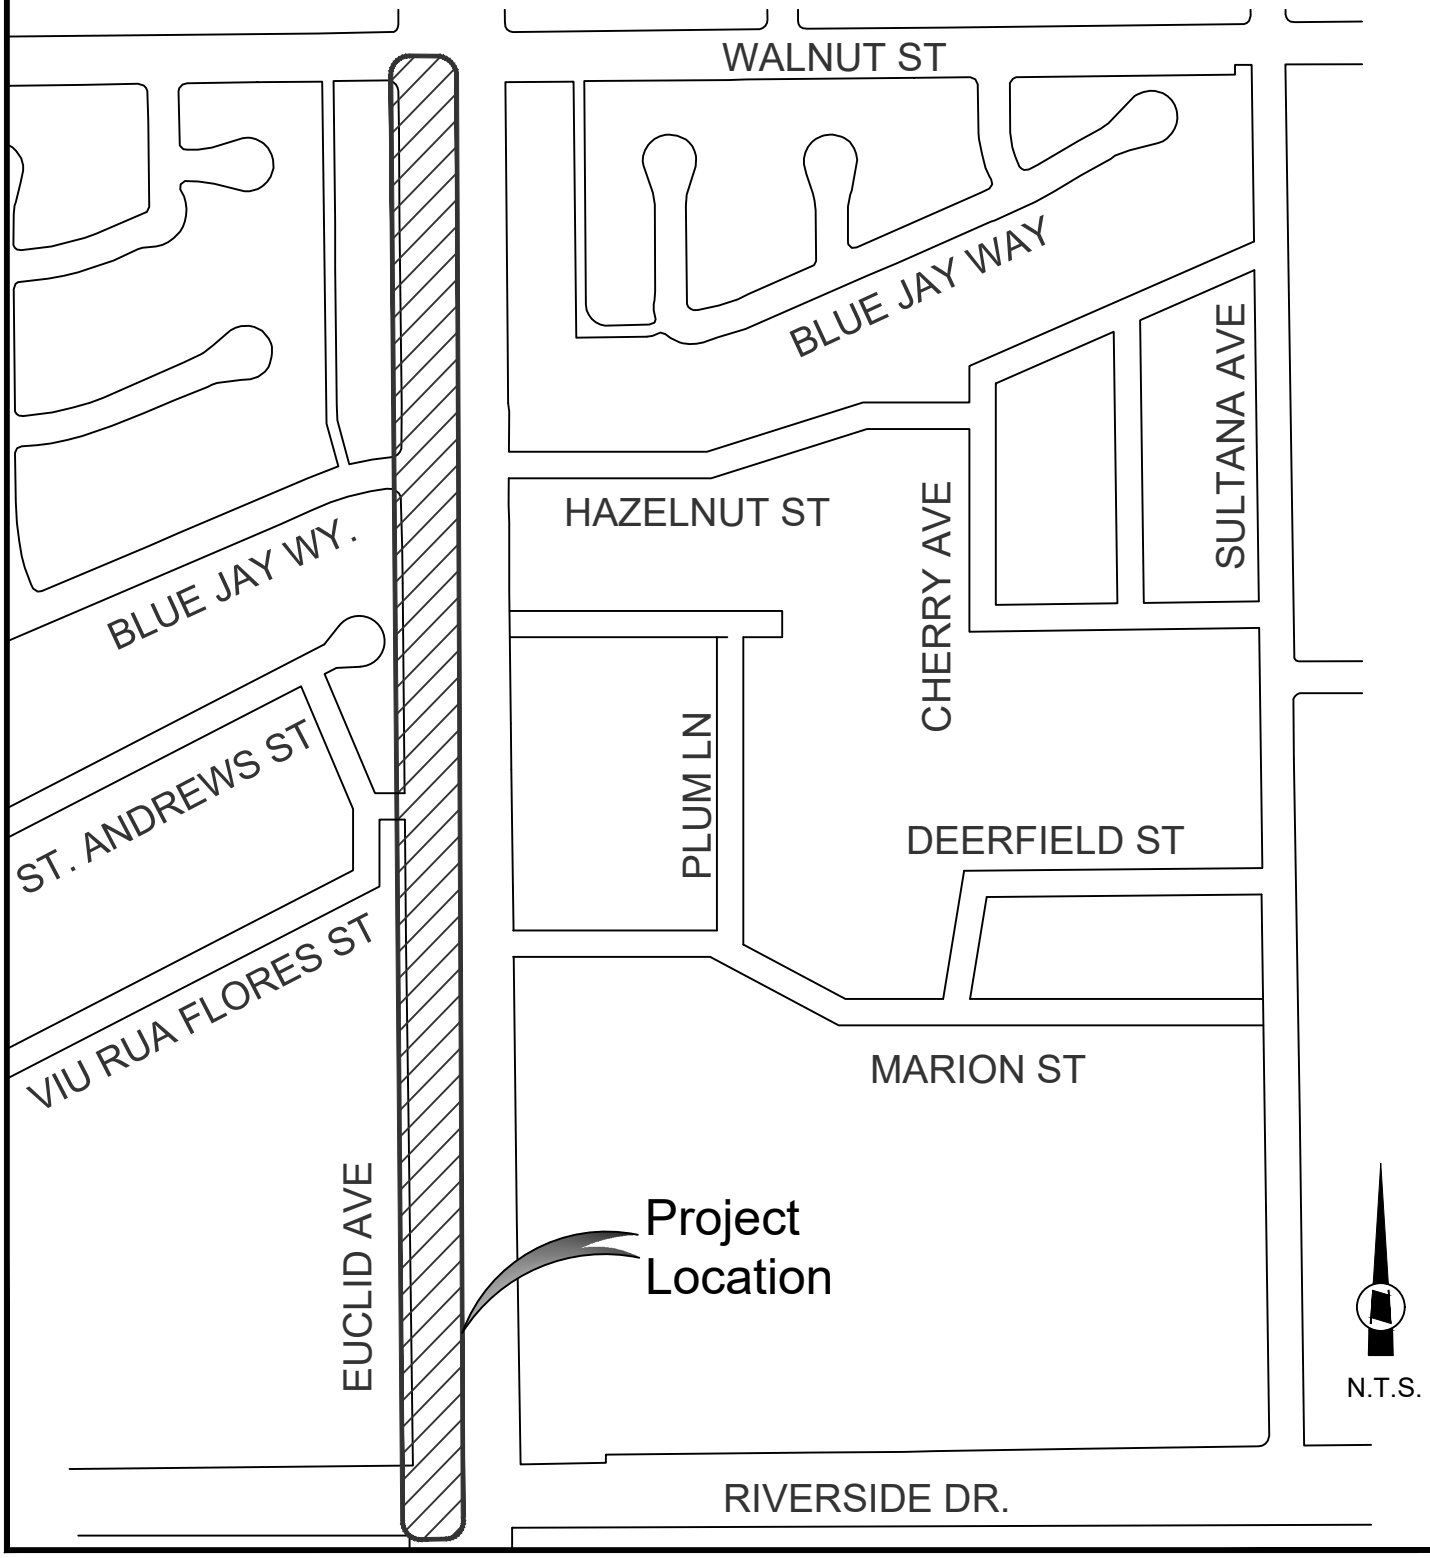
COMPANY	LOCATION	AMOUNT
Hardy & Harper, Inc.	Lake Forest, CA	$4,250,000.00
Onyx Paving Company, Inc.	Yorba Linda, CA	$4,282,000.00
All American Asphalt	Corona, CA	$4,339,439.00
R.J. Noble Company	Orange, CA	$4,605,768.00
Gentry Brothers, Inc.	Irwindale, CA	$4,965,515.50
LCR Earthwork & Engineering, Corp.	Jurupa Valley, CA	$5,550,150.00
Elegant Construction Company	Irvine, CA	$5,863,792.50

Staff initially determined that Hardy & Harper's (HH) bid was nonresponsive due to the omission of the Iran Contracting Act Certification and Fleet Compliance Certification and issued a Notice of Intent to Award to the second-lowest bidder, Onyx Paving Company, Inc. (Onyx).

HH subsequently submitted a bid protest. Following review of the protest, Staff determined that the omitted certifications relate to bidder responsibility and were subject to post-bid verification. Staff verified HH's compliance with the applicable requirements and issued a revised Notice of Intent to Award identifying HH as the apparent low bidder.

Onyx thereafter submitted a bid protest challenging the revised determination. After review of the protest, Staff determined that the omissions did not affect HH's bid price, scope of work, contractual obligations, or competitive standing. Staff concluded that the protest did not provide sufficient grounds to disqualify HH's bid and denied the protest.

Hardy & Harper, Inc., of Lake Forest, California, is the apparent low bidder that met all the required specifications with a base cost of $4,250,000.00. Based on the credentials and favorable reference checks, Staff recommends awarding a construction contract to Hardy & Harper, Inc. for the 2026 Fall Pavement Rehabilitation Project.



Fourth Street from N. Wineville Avenue/Santa Anita Avenue to Etiwanda Avenue lies partially within the City of Ontario and partially in the City of Rancho Cucamonga (see Exhibit "A"). To facilitate

pavement rehabilitation of the entire street segment, Staff has reached a reimbursement agreement with the City of Rancho Cucamonga, with the City of Ontario acting as the lead agency on this project. The scope of the project includes pavement rehabilitation, curb ramp replacement, pedestrian pushbutton installation, and adjustment of water valves and manholes. If approved, the City of Rancho Cucamonga agrees to reimburse the City of Ontario for the construction costs related to improvements on the northerly portion of Fourth Street within the City of Rancho Cucamonga right-of-way, plus a 10% fee for engineering, project management and inspection costs, for a total anticipated cost of $906,228.

ENVIRONMENTAL REVIEW: The environmental impacts of this project were reviewed and Staff determined that the Project is categorically exempt from the requirements of the California Environmental Quality Act pursuant to Section 15301 (Class 1, Existing Facilities) of the California Environmental Quality Act, whereas the project consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of lead agency' s determination.

SECTION 00500
CONTRACT

THIS CONTRACT is entered as of _____, in the County of San Bernardino, State of California, by and between the City of Ontario, hereinafter called City, and **Hardy & Harper, Inc.**, hereinafter called Contractor. The City and the Contractor for the considerations stated herein agree as follows:

ARTICLE 1. SCOPE OF WORK. The Contractor shall perform all Work within the time stipulated the Contract and shall provide all labor, materials, equipment, tools, utility services, and transportation to complete all of the Work required in strict compliance with the Contract Documents as specified in Article 5 below for the following Project:

2026 FALL PAVEMENT REHABILITATION PROJECT

The Contractor and its surety shall be liable to the City for any damages arising as a result of the Contractor's failure to comply with this obligation.

ARTICLE 2. TIME FOR COMPLETION. Time is of the essence in the performance of the Work. The Work shall be commenced on the date stated in the City's Notice to Proceed. The Contractor shall complete all Work required by the Contract Documents within **Eighty (80)** working days from the commencement date stated in the Notice to Proceed, herein after the Contract Time. By its signature hereunder, Contractor agrees the Contract Time for completion set forth above is adequate and reasonable to complete the Work.

ARTICLE 3. CONTRACT PRICE. The City shall pay to the Contractor as full compensation for the performance of the Contract, subject to any additions or deductions as provided in the Contract Documents, and including all applicable taxes and costs, the sum of **Four Million Two Hundred Fifty Thousand and 00/100 Dollars ($4,250,000.00)**, hereinafter the Contract Price. Payment shall be made as set forth in the General Conditions.

ARTICLE 4. LIQUIDATED DAMAGES. The Contractor acknowledges that the City will sustain actual damages for each and every day completion of the Project is delayed

beyond the Contract Time. Because of the nature of the Project, it would be impracticable or extremely difficult to determine the City's actual damages. Accordingly, as provided in Government Code section 53069.85, it is agreed that the Contractor will pay the City the sum of **$6,700.00** for each and every calendar day of delay in completing the Work beyond the time prescribed in the Contract Documents for finishing the Work, as Liquidated Damages and not as a penalty or forfeiture. In the event the Liquidated Damages are not paid, the Contractor agrees the City may deduct that amount from any money due or that may become due the Contractor under the Contract. This Article does not affect the City's rights to other damages or remedies specified in the Contract Documents or allowed by law.

Should Contractor be inexcusably delayed in the performance of the Work, City may deduct Liquidated Damages based on its estimate of when Contractor will achieve Final Completion or other milestones. City need not wait until Final Completion to withhold Liquidated Damages from Contractor.

Liquidated Damages are not a penalty but an agreed upon estimate of the actual damages that would be sustained by the City for delay, including but not limited to loss of revenue, inconvenience to the City and the public, and increased Project administration expenses, such as extra inspection, construction management, staff time and architectural and engineering expenses. Liquidated Damages do not include actual damages the City incurs on account of claims by third parties against the City on account of any delay.

Should money due or to become due to the Contractor be insufficient to cover Liquidated Damages or other offsets due, then Contractor forthwith shall pay the remainder of the assessed liquidated damages to City.

ARTICLE 5. COMPONENT PARTS OF THE CONTRACT. The "Contract Documents" include the following documents, each of which is incorporated into this Contract by reference

- Notice Inviting Bids
- Instructions to Bidders
- Bid Form
- Contractor's Certificate Regarding Workers' Compensation form
- Bid Bond
- List of Subcontractors form
- Contractor Information and Experience Form
- Non-Collusion Declaration form
- Public Works Contractor Registration Certification form
- Iran Contracting Act Certification form
- Fleet Compliance Certification form
- Contract
- Performance Bond
- Payment Bond
- Environmental documents and approvals (If Applicable)
- General Conditions
- Special Conditions

- Standard Specifications for Public Works Construction (Greenbook), Latest Edition, except Sections 1-9
- Technical Specifications
- Addenda (If Applicable)
- Plans and Drawings dated
- Approved and fully executed Change Orders
- Applicable Local Agency Standards and Specifications, as last revised
- Federal Requirements (If Applicable)
- Any other documents contained in or incorporated into the Contract

The Contactor shall complete the Work in strict accordance with all of the Contract Documents.

All of the Contract Documents are intended to be complementary. Work required by one of the Contract Documents and not by others shall be done as if required by all. This Contract shall supersede any prior agreement of the parties.

ARTICLE 6. **PROVISIONS REQUIRED BY LAW**. Each and every provision of law required to be included in these Contract Documents shall be deemed to be included in these Contract Documents. The Contractor shall comply with all requirements of applicable federal, state and local laws, rules and regulations, including but not limited to, the provisions of the California Labor Code and Public Contract Code applicable to this Project.

ARTICLE 7. **INDEMNIFICATION**. Contractor shall provide indemnification as set forth in the General Conditions.

ARTICLE 8. **PREVAILING WAGES**. Contractor shall be required to pay the prevailing rate of wages in accordance with the Labor Code which such rates shall be made available at City Clerk's office or may be obtained online at http//www.dir.ca.gov/dlsr. and which must be posted at the job site.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

IN WITNESS WHEREOF, this Contract has been duly executed by the above-named parties, on the day and year above written.

REIMBURSEMENT AGREEMENT

BETWEEN

CITY OF RANCHO CUCAMONGA

AND

CITY OF ONTARIO

FOR

PAVEMENT REHABILITATION WITHIN THE CITY OF RANCHO CUCAMONGA RIGHT OF WAY ON FOURTH STREET FROM N. WINEVILLE AVENUE/ SANTA ANITA AVENUE TO ETIWANDA AVENUE

This Reimbursement Agreement (hereinafter referred to as "AGREEMENT") is made and entered into by and between the City of RANCHO CUCAMONGA (hereinafter referred to as "RANCHO CUCAMONGA") and the City of ONTARIO (hereinafter referred to as "ONTARIO") (collectively referred to as "PARTIES") for RANCHO CUCAMONGA to reimburse ONTARIO for grind and overlay operations related to the Fiscal Year 2026-27 pavement rehabilitation on the northerly portion of Fourth Street from N. Wineville Avenue/Santa Anita Avenue to Etiwanda Avenue within the City of Rancho Cucamonga Right of Way.

WITNESSETH

WHEREAS, the ONTARIO Capital Improvement Program (CIP) serves as a plan for the provision of public improvements and the pavement rehabilitation on Fourth Street from N. Wineville Avenue to Etiwanda Avenue, is included in the ONTARIO CIP ("PROJECT"); and

WHEREAS, the PROJECT includes the design, project management, grinding existing A.C. pavement, placement of an ARHM overlay, adjustment of water valves & covers, removal, replacement, and adjustment of manhole rings & covers, installation of monument wells, installation of detectable warning surfaces, replacement of traffic signal detector loops, traffic control, striping, materials testing, construction inspection and other appurtenances necessary to complete the improvements; and

WHEREAS, the PROJECT begins at the border of RANCHO CUCAMONGA and ONTARIO and is mutually beneficial to both cities; and

WHEREAS, ONTARIO and RANCHO CUCAMONGA wish to provide for ONTARIO to take the lead on the PROJECT for the design and construction phases of the PROJECT; and

WHEREAS, ONTARIO is the California Environmental Quality Act (CEQA) Lead Agency for the PROJECT and has determined that the PROJECT is categorically exempt per Article 19, Section 15301(c) of the CEQA guidelines; and

WHEREAS, RANCHO CUCAMONGA and ONTARIO desire for RANCHO CUCAMONGA to reimburse ONTARIO for 100% of the PROJECT'S total costs within the City of RANCHO CUCAMONGA and 50% of shared project costs, which costs shall include a 10% contingency ("RANCHO CUCAMONGA'S COSTS"), plus 10% of RANCHO CUCAMONGA'S COSTS for design, construction, administration, materials testing and inspection ("ENGINEERING & PROJECT MANAGEMENT COSTS") associated with the PROJECT, as further defined in Attachment A; and

NOW, THEREFORE, RANCHO CUCAMONGA and ONTARIO mutually agree to the following:

SECTION I

ONTARIO AGREES:

1. That only eligible PROJECT expenses, as set forth in Attachment A to this AGREEMENT, will be reimbursed by RANCHO CUCAMONGA. ONTARIO agrees that it will only request reimbursement from RANCHO CUCAMONGA for eligible PROJECT expenses as defined in Attachment A.

2. To maintain and make available to RANCHO CUCAMONGA, copies of all consultant and contractor invoices, documents, books and records, and expenses as set forth in Attachment A ("PROJECT RECORDS") for a minimum of three (3) years from the date of the Final Acceptance by ONTARIO or until audit retention is achieved, whichever is later. Final Acceptance shall be the date the Notice of Completion is filed with the County of San Bernardino.

3. To fully cooperate with RANCHO CUCAMONGA in the preparation of a PROJECT audit, if requested by RANCHO CUCAMONGA, by making available all PROJECT RECORDS in ONTARIO's possession so long as the request for such an audit is received in writing by ONTARIO within five (5) years from date of the Final Acceptance. The audit is intended to verify that all funds expended for costs on the PROJECT were used in conformance with this AGREEMENT and that RANCHO CUCAMONGA was properly charged for such costs.

4. To render services for design, project management and construction management utilizing ONTARIO staff, which may be supplemented by consultants that are specifically tasked for completing the PROJECT.

5. To make a CEQA determination on the PROJECT and file the necessary environmental document/s with the County Clerk and Office of Land Use and Climate Innovation, if necessary, and complete all required public notifications and hearings within its authority. Under CEQA, ONTARIO is the lead agency for the PROJECT.

6. To prepare plans, specifications and estimates for the PROJECT under direction of a registered professional engineer who is licensed in the applicable professional field in the State of California, which shall be subject to review and approval by RANCHO CUCAMONGA with respect to the portions of the PROJECT within RANCHO CUCAMONGA.

7. To contract for the construction and installation of the PROJECT at ONTARIO's cost and expense, but subject to RANCHO CUCAMONGA'S reimbursement, as set forth in this AGREEMENT.

8. To complete the PROJECT in a timely manner in accordance with the plans and specifications approved by RANCHO CUCAMONGA.

SECTION II

RANCHO CUCAMONGA AGREES:

1. To reimburse ONTARIO for 100% of the PROJECT'S total costs within the City of RANCHO CUCAMONGA and 50% of shared project costs, which costs shall include a 10% contingency, plus 10% of ENGINEERING & PROJECT MANAGEMENT COSTS associated with the PROJECT, as further defined in Attachment A.

2. To reimburse ONTARIO for its share of undisputed costs no later than sixty (60) days following the date of Final Acceptance of the PROJECT by ONTARIO and RANCHO CUCAMONGA and receipt of an invoice identifying the costs.

3. To designate a Project Manager to represent RANCHO CUCAMONGA through whom all communications shall be channeled.

4. That its Project Manager shall distribute submittals, schedules, and other correspondence to applicable RANCHO CUCAMONGA departments for review and comment. RANCHO CUCAMONGA shall transmit review comments within ten (10) CITY OF RANCHO CUCAMONGA working days after the submittal is received by RANCHO CUCAMONGA. If no comments are received within such time, ONTARIO may act on such submittals, schedules, or other correspondence without RANCHO CUCAMONGAS concurrence.

5. In the event RANCHO CUCAMONGA elects to perform a PROJECT audit, RANCHO CUCAMONGA may rely on any prior audit of ONTARIO relating to the PROJECT performed pursuant to the provisions of State and Federal laws.

SECTION III

THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. To abide by all applicable federal, state and local laws and regulations pertaining to the PROJECT, including policies in the applicable program in the applicable General Plan, as amended, as of the date of the last signature on this AGREEMENT.

   RANCHO CUCAMONGA'S financial responsibility for the PROJECT, which are RANCHO CUCAMONGA'S COSTS and ENGINEERING & PROJECT MANAGEMENT COSTS, shall not exceed 100% of the total costs set forth in Attachment A. According to current cost estimates, the reimbursement is estimated to be in the amount up to **$906,228.00** as demonstrated in Attachment A; however, the total costs of the items listed in Attachment A may be different, provided that such amount shall not exceed the total amounts set forth in Exhibit A, upon completion of the PROJECT. The total costs for all PROJECT expenses set forth in Attachment A shall be used as the final amount of reimbursement.

2. In the event RANCHO CUCAMONGA'S COSTS and/or ENGINEERING & PROJECT MANAGEMENT COSTS exceed the total cost identified in Attachment A, ONTARIO shall inform RANCHO CUCAMONGA in writing of the excess costs, accompanied by supporting evidence, and thereafter the PARTIES shall work together in good faith to agree upon an amendment to the total cost identified in Attachment A. ONTARIO shall notify RANCHO CUCAMONGA in writing in the event of any change order requests exceeding $20,000.

3. This AGREEMENT can be amended only when agreed upon in writing by both PARTIES.

4. ONTARIO will use its own funds to design and construct the PROJECT with the understanding that RANCHO CUCAMONGA will reimburse ONTARIO for RANCHO CUCAMONGA'S share of eligible PROJECT expenditures at a later date in accordance with this AGREEMENT.

5. Eligible PROJECT reimbursements shall include only those costs incurred by ONTARIO for PROJECT activities that are described in this AGREEMENT and shall not include escalation or interest.

6. ONTARIO shall defend, indemnify, and hold harmless RANCHO CUCAMONGA, its officers and employees, from and against any and all actions, claims, injuries, damages, liabilities, demands, losses, judgments, penalties, expenses and costs including attorney's fees for staff attorneys and outside counsel (collectively "Liabilities") arising out of or in any way connected with anything done or omitted to be done by ONTARIO, its officers, employees, agents, contractors, consultants, subcontractors and sub consultants of any level, in connection with the PROJECT or under or in connection with any work, authority

or jurisdiction delegated to ONTARIO under this AGREEMENT. ONTARIO's obligations under this Article apply to RANCHO CUCAMONGA'S "passive" and "active" negligence, but do not apply to RANCHO CUCAMONGA'S "sole negligence" or "willful misconduct" within the meaning of Civil Code Section 2782.

7. RANCHO CUCAMONGA shall defend, indemnify, and hold harmless ONTARIO, its officers and employees, from and against any and all actions, claims, injuries, damages, liabilities, demands, losses, judgments, penalties, expenses and costs including attorney's fees for staff attorneys and outside counsel (collectively "Liabilities") arising out of or in any way connected with anything done or omitted to be done by RANCHO CUCAMONGA, its officers, employees, agents, contractors, consultants, subcontractors and subconsultants of any level, in connection with the PROJECT or under or in connection with any work, authority or jurisdiction delegated to RANCHO CUCAMONGA under this AGREEMENT. RANCHO CUCAMONGA'S obligations under this Article apply to ONTARIO's "passive" and "active" negligence, but do not apply to ONTARIO's "sole negligence" or "willful misconduct" within the meaning of Civil Code Section 2782.

8. ONTARIO is an authorized self-insured public entity for purposes of Professional Liability, General Liability, Automobile Liability and Workers' Compensation and warrants that through its programs of self-insurance, it has adequate coverage or resources to protect against liabilities arising out of the performance of the terms, conditions or obligations of this AGREEMENT.

9. RANCHO CUCAMONGA is an authorized self-insured public entity for purposes of Professional Liability, General Liability, Automobile Liability and Workers' Compensation and warrants that through its program of self-insurance, it has adequate coverage or resources to protect against liabilities arising out of the performance of the terms, conditions or obligations of this AGREEMENT.

10. This AGREEMENT will be considered terminated upon reimbursement of all eligible costs for PROJECT expenses as defined herein with the exception of paragraphs 6 and 7 above which shall survive termination of this AGREEMENT. Notwithstanding any other provision herein, to the extent consistent with the terms and obligations hereof, any PARTY may terminate this AGREEMENT at any time, with or without cause, by giving thirty (30) calendar days written notice to the other PARTY. In the event of termination, the PARTY terminating the AGREEMENT shall be liable for any costs or other obligations it may have incurred under the terms of the AGREEMENT prior to termination and the terminating PARTY shall reimburse the non-terminating PARTY for any payments or reimbursements paid to the terminating PARTY pursuant to this AGREEMENT.

11. Notice given under or regarding this AGREEMENT shall be deemed given (a) upon actual delivery, if delivery is personally made; or (b) upon delivery into the United States Mail if delivery is by postage paid certified mail (return receipt

requested), fax or private courier including overnight delivery services. Notice shall be sent to the respective Party at the address indicated below or to any other address as a Party may designate from time to time by a notice given in accordance with this paragraph.

If to ONTARIO: Scott Ochoa, City Manager
303 East B Street
Ontario, CA 91764
(909) 395-2010

If to RANCHO CUCAMONGA: Elisa C. Cox, City Manager
10500 Civic Center Drive
Rancho Cucamonga, CA 91730
(909) 477-2700

12. The Recitals stated above are true and correct and are incorporated by this reference into the AGREEMENT.

13. This AGREEMENT shall be governed by and construed in accordance with the laws of the State of California. Any action brought by any PARTY hereto shall be brought within the State of California, County of San Bernardino and both PARTIES waive any right to change venue, including under Code of Civil Procedure Section 394.

14. This AGREEMENT may be signed in counterparts, each of which shall constitute an original. This AGREEMENT shall be dated on the date executed by the last signatory.

15. There are no third party beneficiaries, and this AGREEMENT is not intended, and shall not be construed to be for the benefit of, or be enforceable by, any other person or entity whatsoever.

Pavement Rehabilitation within the City of Rancho Cucamonga Right of Way on Fourth Street from N. Wineville Avenue/Santa Anita Avenue **to Etiwanda Avenue**

Project Scope, Projected Cost, and Schedule

Proposed Project Scope

Fourth Street from N. Wineville Avenue/Santa Anita Avenue to Etiwanda Avenue is to be resurfaced as part of the City of Ontario 2026 Fall Pavement Rehabilitation Project. This project includes the design, project management, grinding existing A.C. pavement, placement of an ARHM overlay, adjustment of water valves & covers, removal, replacement, and adjustment of manhole rings & covers, installation of monument wells, installation of detectable warning surfaces, replacement of traffic signal detector loops, traffic control, striping, materials testing, construction inspection and other appurtenances necessary to complete the improvements. Rancho Cucamonga's portion is 100% of the total cost, plus 10% of Rancho Cucamonga's portion for engineering and project management costs, as described below.

Summary of Projected Costs (Estimate)

PAVEMENT REHABILITATION - FOURTH STREET FROM N. WINEVILLE AVENUE/SANTA ANITA AVENUE TO ETIWANDA AVENUE					
Bid Items Shared at 50% Between Ontario and Rancho Cucamonga ("Shared Project Costs")				**Bid Price (Per Original Agreement)**	
Item No.	**Description**	**Quantity**	**Unit**	**Unit Cost**	**Line Total**
1	Traffic Control & Safety, 2 Changeable Message Boards & 2 Project Information Signs	1.00	LS	$100,000.00	$100,000.00
2	Clearing, Grubbing, Removals, Restorations, Earthwork, Mobilizations, And Site Clean Up	1.00	LS	$40,210.00	$40,210.00
3	BNSF Permit Acquisition, Coordination, And Implementation	1.00	LS	$1,000.00	$1,000.00
4	Install Well Monuments, Restore Existing Monuments, And Prepare Documentation	1.00	LS	$10,000.00	$10,000.00
5	Install Traffic Striping, Markings, Signage, And Raised Markers	1.00	LS	$30,000.00	$30,000.00
				Subtotal	$181,210.00
				Rancho Cucamonga's Share (50%)	**$90,605.00**

Bid Items Within Rancho Cucamonga Right of Way (100% Rancho Cucamonga Costs)

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Economic Development Prepared By: Thailin Martin Department: Prepared By: Thailin Martin Staff Member Presenting: Jennifer McLain Hiramoto, Economic Development Director Reviewed By: Charity Hernandez Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 7

SUBJECT: **A RESOLUTION DECLARING PURSUANT TO GOVERNMENT CODE SECTION 54221 THAT REAL PROPERTY OWNED BY THE CITY IS EXEMPT SURPLUS LAND, AND FINDING THAT SUCH DECLARATION IS NOT A PROJECT SUBJECT TO ENVIRONMENTAL REVIEW UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT**

RECOMMENDATION: That City Council adopt a Resolution declaring a portion of the property located near 315-325 West D Street identified with portions of Assessor's Parcel Numbers 1048-576-01 and 1048-576-02 as described, approve the property as exempt surplus land, and finding that such declaration is not a project subject environmental review under the California Environmental Quality Act (CEQA).

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Pursue City's Goals and Objectives by Working with Other Governmental Agencies

FISCAL IMPACT: There is not a direct fiscal impact associated with this action.

BACKGROUND & ANALYSIS: The City currently owns real property located at a portion of 315-325 West D Street identified with portions of Assessor's Parcel Numbers 1048-576-01 through 1048-576-02, described and depicted in Exhibit "A" of the attached Resolution, which is approximately 0.446 acres ("Property"). The Property is less than one-half acre in area, or 21,780 square feet, and it is not contiguous to land owned by state or local agency that is used for open-space or low-and-moderate income housing purposes. The Property is not needed for agency purposes and, as a result, the City desires to dispose of the Property.

Effective January 1, 2020, AB 1486 amended the Surplus Land Act, Government Code Section 54220 et seq. ("SLA"), which prescribes the process for disposal of surplus land. Before taking any action to dispose of the Property, the City must first comply with the SLA. The SLA requires all local agencies to prioritize affordable housing, as well as parks and open space, when disposing of surplus land.

New legislation which took effect on January 1, 2020, requires that before a local agency takes any action to dispose of land, the land must be declared either “surplus land” or “exempt surplus land,” as supported by written findings. “Surplus land” means the land owned by a local agency for which the local agency’s governing body takes formal action in a regular public meeting declaring that the land is surplus and is not necessary for the agency’s use. “Exempt surplus land” means the land is less than one-half acre in area and it is not contiguous to state or local agency property used for open-space or low- or moderate-income housing (Government Code section 54221(f)(1)(B)). City Staff has determined the Property is “exempt surplus land” that is subject to the SLA process, and that no exceptions apply. Accordingly, before taking steps to dispose of the Property, the City needs to comply with the SLA by taking formal action to declare the property exempt surplus. Adoption of the attached Resolution would declare the Property as “exempt surplus land”. The SLA process for “exempt surplus land” involves sending a copy of this Resolution to the California Department of Housing and Community Development in accordance with the requirements of Section 400(e) of the SLA Guidelines.

City Staff has determined that the mere designation of the Property as "exempt surplus land" and authorization for the City Manager to comply with the Act do not qualify as a “project” as defined in State CEQA Guidelines section 15378. The action to designate the Property as exempt surplus land constitutes an organizational or administrative activity that will not result in a physical change in the environment, and it therefore is not subject to CEQA. This Resolution does not constitute a binding commitment to any particular use of the Property.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF CITY OF ONTARIO, CALIFORNIA, DECLARING PURSUANT TO GOVERNMENT CODE SECTION 54221 THAT REAL PROPERTY OWNED BY THE CITY LOCATED NEAR 315-325 WEST D STREET (PORTIONS OF APNS 1048-576-01 AND 1048-576-02) IS EXEMPT SURPLUS LAND, AND FINDING THAT SUCH DECLARATION IS NOT A PROJECT SUBJECT TO ENVIRONMENTAL REVIEW UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT.

WHEREAS, the City of Ontario (the "City") is the owner in fee simple of that certain real property described in Exhibit "A", attached hereto and incorporated herein, known as a 0.446-acre portion of portions of APNs 1048-576-01 and 1048-576-02, which is located near 315-325 West D Street within City of Ontario ("Property"); and

WHEREAS, the Property is less than one half acre in area, or 21,780 square feet, and it is not contiguous to land owned by a state or local agency that is used for open-space or low- and moderate-income housing purposes; and

WHEREAS, the City no longer has any use for the Property; and

WHEREAS, the Surplus Land Act, Government Code sections 54220 *et seq.* (as amended, the "Act"), applies when a local agency disposes of "surplus land," as that term is defined in Government Code section 54221; and

WHEREAS, the Property is "surplus land" under the Act, because it is land owned in fee simple by the City for which the City Council will take formal action (in the form of adoption of this resolution) in a regular public meeting declaring that the land is surplus and is not necessary for the City's use; and

WHEREAS, the Property may be declared exempt surplus land if it is less than one-half acre in area and it is not contiguous to state or local agency property used for open-space or low- or moderate-income housing (Government Code section 54221(f)(1)(B)); and

WHEREAS, none of the characteristics listed under Government Code section 54221(f)(2) apply to the Property.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Ontario as follows:

SECTION 1. The above recitals are true and correct and are a substantive part of this Resolution and findings of the City Council.

SECTION 2. The City Council hereby finds that (i) the Property is no longer necessary for the City's use, (ii) the Property is smaller than one-half acre in area because it is approximately 0.446-acres in area, and (iii) the Property is not contiguous to land owned by a state or local agency that is used for open-space or low- and moderate-income housing purposes. The City finds that to the extent that the Property is contiguous to another City parcel declared exempt surplus pursuant to section 54221(f)(1)(B) of the Act, and in the event that the properties are disposed of simultaneously, they will not be disposed of to the same entity or entities working in concert. Furthermore, none of the characteristics listed under Government Code section 54221(f)(2) apply to the Property.

SECTION 3. The City Council therefore declares that the Property is exempt surplus land pursuant to section 54221(f)(1)(B) of the Act.

SECTION 4. This Resolution has been reviewed with respect to the applicability of the California Environmental Quality Act (Public Resources Code Section 21000 et seq.) ("CEQA"). City staff has determined that the mere designation of the Property as exempt surplus and authorization for the City Manager to comply with the Act do not qualify as a "project" as defined in State CEQA Guidelines section 15378. First, Section 15378 defines a project as an activity that "has a potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment." (State CEQA Guidelines, § 15378(a).) Here, the action is to declare the Property as exempt surplus, which will not result in either a direct physical change in the environment or a reasonably foreseeable indirect physical change in the environment. Accordingly, the action is not a "project" subject to CEQA. (State CEQA Guidelines, § 15060(c).) Second, Section 15378 explicitly excludes from its definition of "project" the following: "organizational or administrative activities of governments that will not result in direct or indirect physical changes in the environment." (State CEQA Guidelines, § 15378(b)(5).) The action to designate the Property as exempt surplus land constitutes an organizational or administrative activity that will not result in a physical change in the environment, and it therefore is not subject to CEQA. This Resolution does not constitute a binding commitment to any particular use of the Property.

SECTION 5. The City Manager or designee is hereby authorized and directed to send a copy of this Resolution to the California Department of Housing and Community Development in accordance with the requirements of Section 400(e) of the SLA Guidelines.

SECTION 6. If any section, subsection, paragraph, sentence, clause or phrase of this Resolution is declared by a court of competent jurisdiction to be unconstitutional or otherwise invalid, such decision shall not affect the validity of the remaining portions of this Resolution.

SECTION 7. The City Clerk shall certify to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 21st day of July 2026.

Exhibit A

Property Description

The Property comprises a 0.446-acre portion of APNs 1048-576-01 and 02 as identified below:

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Planning Prepared By: Thomas Grahn Staff Member Presenting: Rudy Zeledon, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 8

SUBJECT: **A PROFESSIONAL SERVICES AGREEMENT WITH T&B PLANNING FOR THE PREPARATION OF A SUPPLEMENTAL ENVIRONMENTAL IMPACT REPORT (SEIR) FOR THE PROPOSED ONTARIO SPORTS EMPIRE PLANNED UNIT DEVELOPMENT (PUD)**

RECOMMENDATION: That the City Council authorize the City Manager to execute a Professional Services Agreement with T&B Planning Associates, Inc., of Irvine, California, in the amount of $577,962, plus a 10% contingency of $57,790 for a total authorized expenditure of $635,752 to prepare a Supplemental Environmental Impact Report (SEIR) for the Ontario Sports Empire Planned Unit Development (PUD).

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Operate in a Businesslike Manner
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: Professional Services Agreement with T&B Planning Associates, Inc., of Irvine, California, in the amount of $577,962, plus a 10% contingency of $57,790, for a total authorized expenditure of $635,752. If approved, appropriations will be included in future Annual Budgets to City Council for approval as needed.

BACKGROUND & ANALYSIS: The City of Ontario is proposing a Planned Unit Development on a portion of the 199-acre Ontario Sports Empire. The Ontario Sports Empire Environmental Impact Report (EIR) was certified by the City Council on August 5, 2024, and evaluated the development of a variety of recreational opportunities within the Ontario Sports Empire to include a baseball stadium, retail uses, and a hospitality area in the general area south of Riverside Drive, east of Vineyard Avenue, north of Chino Avenue, and west of the Cucamonga Creek Flood Control Channel. The City is proposing the Ontario Sports Empire Planned Unit Development on the eastern one-third (approximately 57 acres) of the Ontario Sports Empire to maximize the site's development potential and allowable land uses. The proposed project includes a General Plan Amendment and Zone Change to accommodate expanded land use opportunities, as well as the adoption of a Planned Unit Development to establish comprehensive development standards, design regulations,

and permitted land uses. The PUD would provide a framework for residential, mixed-use, office, commercial, hospitality, recreational, and parking uses, creating a cohesive, flexible, and integrated development plan for the site. In compliance with the California Environmental Quality Act (CEQA) Guidelines, City Staff has conducted an evaluation and concluded that the appropriate environmental analysis for this specific proposal would involve a Supplemental Environmental Impact Report. The Community Development Agency's Pre-Qualified Consultant Eligibility List for Environmental Services was utilized to select T&B Planning, to prepare the environmental document.

PROFESSIONAL SERVICES AGREEMENT BETWEEN CITY OF ONTARIO AND T&B PLANNING

1. PARTIES AND DATE.

This Agreement is made and entered as of _____, by and between the City of Ontario, a municipal corporation organized under the laws of the State of California with its principal place of business at 303 East B Street, Ontario, California 91764-4196, County of San Bernardino, State of California ("City") and T&B Planning, a California Corporation, with its principal place of business at 3200 El Camino Real, Suite 100, Irvine, California 92602 ("Consultant"). City and Consultant are sometimes individually referred to herein as "Party" and collectively as "Parties."

2. RECITALS.

2.1 Consultant.

Consultant desires to perform and assume responsibility for the provision of certain professional services required by the City on the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing Environmental Assessment services to public clients, is licensed in the State of California, and is familiar with the plans of City.

2.2 Project.

City desires to engage Consultant to render such professional services for the Ontario Sports Empire Supplemental Environmental Impact Report for the Ontario Sports Empire Planned Unit Development project ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 General Scope of Services. Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional Environmental Assessment consulting services necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this

Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from July 22, 2026 to June 30, 2028, unless earlier terminated as provided herein. The City shall have the unilateral option, at its sole discretion, to renew this Agreement automatically for no more than one additional one-year term. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the Services.

3.2 Compensation.

3.2.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation shall not exceed **Five Hundred Seventy-Seven Thousand Nine Hundred Sixty-Two dollars ($577,962**) without written approval of the City Council or City Manager, as applicable. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2.2 Payment of Compensation. Consultant shall submit to City a monthly invoice which indicates work completed and hours of Services rendered by Consultant. The invoice shall describe the amount of Services provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the invoice. City shall, within 30 days of receiving such invoice, review the invoice and pay all non-disputed and approved charges. If the City disputes any of Consultant's fees, the City shall give written notice to Consultant within 30 days of receipt of an invoice of any disputed fees set forth therein. Payment shall not constitute acceptance of any Services completed by Consultant. The making of final payment shall not constitute a waiver of any claims by the City for any reason whatsoever.

3.2.3 Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City, or included in Exhibit "C" of this Agreement.

3.2.4 Extra Work. At any time during the term of this Agreement, City may request that Consultant perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization from the City.

3.2.5 Automated Clearing House ("ACH") payments. It is the City's policy to pay its consultant invoices via electronic fund transfers through the ACH network. All payments due and owing pursuant to a properly issued and correct invoice or under this Agreement shall be made through electronic ACH transfers, unless otherwise agreed upon by both Parties in writing. Consultant shall provide the City with ACH payment details whereby the City shall initiate the ACH transfers to Consultant in the amount required pursuant to a properly issued and correct invoice or under this Agreement. Each Party shall undertake any and all required actions and execute any required documents, instruments, or agreements required to effectuate the requirements of this Section. In the event the City erroneously deposits funds into an account, or otherwise deposits funds to which Consultant is not entitled: (1) Consultant shall immediately notify the City and the financial institution; (2) Consultant shall not withdraw any of the funds which were erroneously deposited or to which Consultant is not entitled; and (3) Consultant authorizes both the City and financial institution to take all actions necessary to correct the error and return to the City all funds erroneously deposited or to which Consultant is not entitled.

3.3 Responsibilities of Consultant.

3.3.1 Independent Contractor; Control and Payment of Subordinates. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Any personnel performing the Services on behalf of Consultant shall not be employees of City and shall at all times be under Consultant's exclusive direction and control. Neither City, or any of its officials, officers, directors, employees or agents shall have control over the conduct of Consultant or any of Consultants officers, employees or agents, except as set forth in this Agreement. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Consultant shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.3.2 Schedule of Services. Consultant shall perform the Services in a prompt and timely manner and in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference. Consultant represents that it has the professional and technical personnel required to perform the Services expeditiously. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.3.3 Conformance to Applicable Requirements. All work prepared by Consultant shall be subject to the approval of City.

3.3.4 Substitution of Key Personnel. Consultant has represented to City that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval of City. In the event that City and Consultant cannot agree as to the substitution of key personnel, City shall be entitled to terminate this Agreement for cause. The key personnel for performance of this Agreement are as follows: Nicole Morse, Principal/Vice President, and Tracy Chu, Project Manager.

3.3.5 City's Representative. The City hereby designates Henry Noh, Planning Director, or his designee, to act as its representative in all matters pertaining to the administration and performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for review and approval of all products submitted by Consultant but not the authority to enlarge the Scope of Services or change the total compensation due to Consultant under this Agreement. The City Manager shall be authorized to act on City's behalf and to execute all necessary documents which enlarge the Scope of Services or change the Consultant's total compensation subject to the provisions contained in this Agreement. Consultant shall not accept direction or orders from any person other than the City Manager, City's Representative or his designee.

3.3.6 Consultant's Representative. Consultant hereby designates Nicole Morse, Principal/Vice President, or her designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his/her best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.3.7 Coordination of Services. Consultant agrees to work closely with City staff in the

performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.3.8 Standard of Care; Performance of Employees. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services. Consultant warrants that all employees and subconsultants shall have sufficient skill and experience to perform the Services assigned to them. Consultant represents that it, its employees and subconsultants have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its subconsultants who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.3.9 Period of Performance.

3.3.9.1 Consultant shall perform and complete all Services under this Agreement within the term set forth in Section 3.1.2 above ("Performance Time"). Consultant shall also perform the Services in strict accordance with any completion schedule or Project milestones described in Exhibits "A" or "B" attached hereto, or which may be separately agreed upon in writing by the City and Consultant ("Performance Milestones"). Consultant agrees that if the Services are not completed within the aforementioned Performance Time and/or pursuant to any such Performance Milestones developed pursuant to provisions of this Agreement, it is understood, acknowledged and agreed that the City will suffer damage.

3.3.9.2 Neither City nor Consultant shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Consultant and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the services and Agreement.

3.3.9.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible for the delay, shall not entitle Consultant to any additional compensation. Notwithstanding the foregoing

in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

3.3.10 Laws and Regulations; Employee/Labor Certification.

3.3.10.1 Compliance with Laws. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Consultant shall be liable for all violations of such laws and regulations in connection with the Services and this Agreement. All violations of such laws and regulations shall be grounds for the City to terminate the Agreement for cause.

3.3.10.2 Employment Eligibility; Consultant. Consultant certifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time and shall require all subconsultants and sub-subconsultants to comply with the same. Consultant certifies that it has not committed a violation of any such law within the 5 years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement.

3.3.10.3 Equal Opportunity Employment. Consultant represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Consultant shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.3.10.4 Air Quality. To the extent applicable, Consultant must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Consultant shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Consultant, its subconsultants, or others for whom Consultant is responsible under its indemnity obligations provided for in this Agreement.

3.3.10.5 Water Quality Management and Compliance. Consultant shall keep itself and all subcontractors, staff, and employees fully informed of and in compliance with all local, state and federal laws, rules and regulations that may impact, or be implicated by the performance of the Services including, without limitation, all applicable provisions of the City's ordinances regulating water quality and storm water; the Federal Water Pollution Control Act (33 U.S.C. § 1251, *et seq.*); the California Porter-Cologne Water Quality Control Act (Water Code § 13000 *et seq*.); and any and all regulations, policies, or permits issued pursuant to any such authority. Consultant must additionally comply with the lawful requirements of the City, and any other municipality, drainage district, or other local agency with jurisdiction over the location where the Services are to be conducted, regulating water quality and storm water discharges. City may seek damages from Consultant for delay in completing the Services caused by Consultant's failure to comply with the laws, regulations and policies described in this Section, or any other relevant water quality law, regulation, or policy.

3.3.10.6 Safety. Consultant shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.3.11 Insurance.

3.3.11.1 Time for Compliance. Consultant shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the City that the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.3.11.2 Types of Insurance Required. As a condition precedent to the effectiveness of this Agreement for work to be performed hereunder, and without limiting the indemnity provisions of the Agreement, the Consultant, in partial performance of its obligations under such Agreement, shall procure and maintain in full force and effect during the term of the Agreement the following policies of insurance. If the existing policies do not meet the insurance requirements set forth herein, Consultant agrees to amend, supplement or endorse the policies to do so.

(A) Commercial General Liability: Commercial General Liability Insurance which affords coverage at least as broad as Insurance Services Office "occurrence" form CG 00 01, or the exact equivalent, with limits of not less than $2,000,000 per occurrence and no less than $4,000,000 in the general aggregate. Defense costs shall be paid in addition to the limits. The policy shall contain no endorsements or provisions (1) limiting coverage for contractual liability; (2) excluding coverage for claims or suits by one insured against another (cross-liability); (3) products/completed operations liability; or (4) containing any other exclusion(s) contrary to the terms or purposes of this Agreement.

(B) Automobile Liability Insurance: Automobile Liability Insurance with coverage at least as broad as Insurance Services Office Form CA 00 01 covering "Any Auto" (Symbol 1), or the exact equivalent, covering bodily injury and property damage for all activities with limits of not less than $2,000,000 combined limit for each occurrence.

(C) Workers' Compensation: Workers' Compensation Insurance, as required by the State of California and Employer's Liability Insurance with a limit of not less than $1,000,000 per accident for bodily injury and disease.

(D) Professional Liability (Errors & Omissions): Professional Liability insurance or Errors & Omissions insurance appropriate to Consultant’s profession with limits of not less than $2,000,000. Covered professional services shall specifically include all work to be performed under the Agreement and delete any exclusions that may potentially affect the work to be performed (for example, any exclusions relating to lead, asbestos, pollution, testing, underground storage tanks, laboratory analysis, soil work, etc.). If coverage is written on a claims-made basis, the retroactive date shall precede the effective date of the initial Agreement and continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least 5 years from termination or expiration of this Agreement.

(E) If umbrella or excess liability coverage is used to meet any required limit(s) specified herein, the Contractor shall provide a “follow form” endorsement satisfactory to the City indicating that such coverage is subject to the same terms and conditions as the underlying liability policy.

3.3.11.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability: (1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement. Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 and 20 37 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a 30 day written notice of cancellation has been served upon the City except 10 days shall be allowed for non-payment of premium.

(B) Automobile Liability: (1) Additional Insured: The City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Vendor or for which the Vendor is responsible. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a 30 day written notice of cancellation has been served upon the City except 10 days shall be allowed for non-payment of premium.

(C) Professional Liability (Errors & Omissions): (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a 30 day written notice of cancellation has been served upon the City except 10 days shall be allowed for non-payment of premium. (2) This insurance shall be written on a policy form coverage specifically designed to protect against acts, errors or omissions of the Consultant. “Covered Professional Services” as designated in the policy must specifically include work performed under this Agreement. The policy must “pay on behalf of” the insured and include a provision establishing the insurer’s duty to defend.

(D) Workers' Compensation: (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a 30 day written notice of cancellation has been served upon the City except 10 days shall be allowed for non-payment of premium. (2) Waiver of Subrogation: A waiver of subrogation stating that the insurer waives all rights of subrogation against the City, its officials, officers, employees, agents, and volunteers.

3.3.11.4 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.3.11.5 Waiver of Subrogation. All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to waiver of subrogation in favor of the City, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior

to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.3.11.6 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be approved in writing by the City and shall protect the City, its officials, officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.3.11.7 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least 15 days prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Consultant shall, within 10 days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.3.11.8 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.3.11.9 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.3.11.10 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.3.11.11 Additional Insurance Provisions.

(A) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the City, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(B) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(C) The City may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(D) Neither the City nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

(E) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant's indemnification obligations to the City and shall not preclude the City from taking such other actions available to the City under other provisions of the Agreement or law.

(F) Consultant shall report to the City, in addition to Consultant's insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.3.11.12 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and volunteers as additional insureds to the subconsultant's policies. All policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.

3.4 Labor Code Requirements.

3.4.1 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. City shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Consultant shall therefore comply with such Labor Code sections to the fullest extent required by law. Consultant shall defend, indemnify and hold the City, its officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4.2 Registration/DIR Compliance. If the Services are being performed on a public works project of over $25,000 when the project is for construction, alteration, demolition, installation, or repair work, or a public works project of over $15,000 when the project is for maintenance work, in addition to the foregoing, then pursuant to Labor Code sections 1725.5 and 1771.1, the Consultant and

all subconsultants must be registered with the Department of Industrial Relations ("DIR"). Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants.

3.4.3 Compliance Monitoring. This Project may also be subject to compliance monitoring and enforcement by the DIR. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements, including the submission of payroll records directly to the DIR. Any stop orders issued by the DIR against Consultant or any subconsultant that affect Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the City. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the DIR against Consultant or any subconsultant.

3.4.4 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5 Termination of Agreement.

3.5.1.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause. The rights and remedies of the City provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

3.5.1.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within fifteen (15) days of the request.

3.5.1.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.6 Indemnification.

3.6.1 To the fullest extent permitted by law, Consultant shall defend (with counsel of City's choosing), indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney's fees and other related costs and expenses except such loss or damage caused by the sole negligence or willful misconduct of the City. Consultant's

obligation to indemnify shall survive expiration or termination of this Agreement and shall not be restricted to insurance proceeds, if any, received by Consultant, the City, its officials, officers, employees, agents, or volunteers.

3.6.2 If Consultant's obligation to defend, indemnify, and/or hold harmless arises out of Consultant's performance as a "design professional" (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated herein, Consultant's indemnification obligation shall be limited to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, and, upon Consultant obtaining a final adjudication by a court of competent jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

3.7 General Provisions.

3.7.1 Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of 3 years from the date of final payment under this Agreement.

3.7.2 Independent Contractors and Subcontracting.

3.7.2.1 Use of Consultants. Consultant is aware of statutory and case law regarding classification of workers as independent contractors, including California Labor Code Section 2750.3 and Dynamex Operations West, Inc. v. Superior Court, 4 Cal. 5th 903 (2018). To ensure that Consultant is in compliance with the California Labor Code, Consultant shall only utilize its employees to provide the Services. Consultant may not provide the services through any independent contractor, subcontractor or subconsultant ("Subcontractor(s)") unless approved by the City as set forth in Section 3.7.2.2 below. Consultant represents and warrants that all personnel who perform the Services on Consultant's behalf are Consultant's employees, and that Consultant complies with all applicable laws, rules and regulations governing its employees, including, but not limited to, the California Labor Code, Unemployment Insurance Code and all applicable Industrial Welfare Commission Wage Orders.

3.7.2.2 Prior Approval Required. Consultant shall not use any Subcontractor to provide the Services, or any portion of the work required by this Agreement, without prior written approval of City. In the event that City authorizes Consultant to use a Subcontractor, Consultant shall enter into a written agreement with the Subcontractor, which must include all provisions of the Agreement, including a restriction on the Subcontractor's use of further independent contractors, subcontractors or subconsultants without the City's prior written consent.

3.7.3 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Consultant: T&B Planning
3200 El Camino Real, Suite 100
Irvine, CA 92602
ATTN: Nicole Morse, Principal/Vice President

City: City of Ontario
303 East B Street
Ontario, CA 91764
ATTN: Henry Noh, Planning Director

Such notice shall be deemed made when personally delivered or when mailed, 48 hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.7.4 Ownership of Materials and Confidentiality.

3.7.4.1 Documents & Data; Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data"). All Documents & Data shall be and remain the property of City, and shall not be used in whole or in substantial part by Consultant on other projects without the City's express written permission. Within thirty (30) days following the completion, suspension, abandonment or termination of this Agreement, Consultant shall provide to City reproducible copies of all Documents & Data, in a form and amount required by City. City reserves the right to select the method of document reproduction and to establish where the reproduction will be accomplished. The reproduction expense shall be borne by City at the actual cost of duplication. In the event of a dispute regarding the amount of compensation to which the Consultant is entitled under the termination provisions of this Agreement, Consultant shall provide all Documents & Data to City upon payment of the undisputed amount. Consultant shall have no right to retain or fail to provide to City any such documents pending resolution of the dispute. In addition, Consultant shall retain copies of all Documents & Data on file for a minimum of 15 years following completion of the Project, and shall make copies available to City upon the payment of actual reasonable duplication costs. Before destroying the Documents & Data following this retention period, Consultant shall make a reasonable effort to notify City and provide City with the opportunity to obtain the documents.

3.7.4.2 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.7.4.3 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or another project, provided that any such use not within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City's sole risk. If City uses or reuses the Documents & Data on any project other than this Project, it shall remove the Consultant's seal from the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be

responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

3.7.4.4 Indemnification. Consultant shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person or entity in consequence of the use on the Project by City of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.7.4.5 Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant. Such materials shall not, without the prior written consent of City, be used by Consultant for any purposes other than the performance of the Services. Nor shall such materials be disclosed to any person or entity not connected with the performance of the Services or the Project. Nothing furnished to Consultant which is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use City's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

3.7.4.6 Confidential Information. The City shall refrain from releasing Consultant's proprietary information ("Proprietary Information") unless the City's legal counsel determines that the release of the Proprietary Information is required by the California Public Records Act or other applicable state or federal law, or order of a court of competent jurisdiction, in which case the City shall notify Consultant of its intention to release Proprietary Information. Consultant shall have 5 working days after receipt of the release notice to give City written notice of Consultant's objection to the City's release of Proprietary Information. Consultant shall indemnify, defend and hold harmless the City, and its officers, directors, employees, and agents from and against all liability, loss, cost or expense (including attorney's fees) arising out of a legal action brought to compel the release of Proprietary Information. City shall not release the Proprietary Information after receipt of an objection notice unless either: (1) Consultant fails to fully indemnify, defend (with City's choice of legal counsel), and hold City harmless from any legal action brought to compel such release; and/or (2) a final and non-appealable order by a court of competent jurisdiction requires that City release such information.

3.7.5 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.7.6 Entire Agreement. This Agreement contains the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements.

3.7.7 Attorneys' Fees. If either party commences an action against the other party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing party in such litigation shall be entitled to have and recover from the losing party reasonable attorneys' fees and all costs of such action.

3.7.8 Governing Law. This Agreement shall be governed by the laws of the State of California. Venue shall be in San Bernardino County. In addition to any and all contract requirements

pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Consultant must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Consultant. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Consultant shall be barred from bringing and maintaining a valid lawsuit against the City.

3.7.9 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.7.10 City's Right to Employ Other Consultants. City reserves right to employ other consultants in connection with this Project.

3.7.11 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.7.12 Assignment or Transfer. Consultant shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the written consent of the City, which may be withheld for any reason. Any attempt to so assign or so transfer without such consent shall be void and without legal effect and shall constitute grounds for termination. Consultant shall not subcontract any portion of the Services required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

3.7.13 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and subconsultants of Consultant, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

3.7.14 Amendment; Modification. No supplement, modification, or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.7.15 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.

3.7.16 No Third-Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.7.17 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.7.18 Prohibited Interests. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Consultant further agrees to file, or shall cause its employees or subconsultants to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.7.19 Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.7.20 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.7.21 Survival. All rights and obligations hereunder that by their nature are to continue after any expiration or termination of this Agreement, including, but not limited to, the indemnification obligations, shall survive any such expiration or termination.

CONSULTING AGREEMENT
ESTIMATE & AUTHORIZATION

This CONSULTING AGREEMENT AND ESTIMATE & AUTHORIZATION constitutes a legal agreement solely between T&B Planning, Inc. *and CLIENT herein named as:*

CLIENT NAME: CITY OF ONTARIO
JOB NUMBER: 1131-005
PROJECT NAME: ONTARIO SPORT EMPIRE PUD
DATE: June 24, 2026

PROJECT DESCRIPTION:
The City of Ontario ("City") is requesting California Environmental Quality Act (CEQA) consulting services for the preparation of an Supplemental Environmental Impact Report (SEIR) to the certified Ontario Regional Sports Complex Environmental Impact Report (EIR). The Ontario Regional Sports Complex (ORSC) EIR (State Clearinghouse [SCH] No. 2023110328) was certified on August 5, 2024 and evaluated the development of a variety of recreational opportunities on an approximately 199-gross-acre site (ORSC site) in the City of Ontario ("Approved Project"). The Approved Project included a semi-professional Minor League Baseball stadium, retail uses, and a hospitality area in addition to a new City recreation center and aquatics center surrounded by a variety of baseball/softball, soccer, and multiuse fields. Certain components of the Approved Project are constructed, others are under construction, and still others are yet to be constructed.

The City is now seeking a change to the Approved Project to allow for the development of Ontario Sports Empire Planned Unit Development (PUD). The PUD area will generally cover Planning Areas 2 to 7 of the ORSC site. Based on preliminary information provided by the City, it is our understanding that the Project to be evaluated in an SEIR would maximize the allowable land uses and consists of the following:

- General Plan Amendment and Zone Change to accommodate additional land use changes.
- A podium style residential development north of the approved Ontario Ranch Hotel site in Planning Area 2.
- Mixed use development including office, retail, hospitality, and residential uses in the parking areas south of Ontario Field and the Ontario Ranch Hotel in Planning Areas 2, 3, 4, and 5.
- An 15,000 seat United Soccer League soccer stadium at the northwest corner of Chino Ave and South Champions Way in Planning Area 6.
- A 362,000 square feet indoor athletics facility in Planning Area 7.

In summary, the Project would result in an increase in commercial, parking, stadium, and residential uses as shown in the table below.

Land Use	Commercial	Parking	Stadium	Residential
Approved	540,750	272,000	450,000	-
Proposed	1,923,000[1]	2,313,260	732,600	1,350,000/ 1,013 Units
Change	**+1,382,250**	**+2,041,260**	**+282,600**	**+1,350,000/ 1,013 Units**

[1] Commercial uses include hotel (454 Rooms), office, retail, and indoor athletics uses.

Because the Project involves discretionary approvals, the Project will be subject to compliance with CEQA. It is expected that an SEIR to the ORSC EIR will be prepared to satisfy the CEQA requirements.

DETAILS/COMMENTS:
Pursuant to City direction, T&B Planning shall undertake the following tasks:

PHASE 1 TECHNICAL REPORT PREPARATION

Task 1.1 Coordinate and Review Technical Studies

As part of this Task, T&B Planning will coordinate with the technical consultants to ensure that all are using the correct project description and to verify that technical reports will address all required environmental issues in a manner consistent with CEQA and City of Ontario requirements. As draft technical reports are made available, T&B Planning will review each technical report for accuracy and suitability for use in support of the CEQA analysis. Each technical report must include a description of existing conditions, an impact analysis, identification of appropriate mitigation measures, and a monitoring program, as necessary. In addition, the budget for this Task anticipates that all of the Project's technical consultants will provide their technical reports in an accessible format that meets Americans with Disabilities Act (ADA) requirements; additional budget may be needed in the event T&B Planning needs to convert any technical studies to an accessible format in order to meet applicable ADA requirements. Accordingly, the scope of work and budget for this task assumes a maximum of four (4) staff hours of review and coordination time for each technical study, and that only the following technical studies will require review and comment:

- Air Quality Impact Analysis
- Health Risk Assessment
- Biological Resources Assessment^
- Cultural Resources Assessment^
- Energy Analysis
- Geotechnical Report*
- Paleontological Resources Assessment^
- Greenhouse Gas Assessment
- Phase I/II Environmental Site Assessment^
- Hydrology/Drainage Study*
- Water Quality Management Plan*
- Noise and Vibration Impact Analysis
- Traffic Impact Analysis
- Vehicle Miles Traveled Analysis
- Parking Memorandum
- Water Supply Assessment

The asterisk (*) above indicates that the report is anticipated to be provided by the City and is not included in the scope or budget under this proposal. The caret (^) indicates that no new report will be required for the Project

and the SEIR will rely on the previous report used in the ORSC EIR.

Task 1.2 PlaceWorks (AQ/GHG, Energy, Noise, WSA)

PlaceWorks will prepared an Air Quality and Greenhouse Gas (GHG) Emissions Technical Memorandum, an Energy Technical Memorandum, a Noise and Vibration Technical Memorandum, and a Water Supply Assessment (WSA) for the Modified Project. The AQ/GHG Tech Memo will include a construction health risk assessment, air pollutant modeling to quantitatively evaluate both short-term and long-term criteria air pollutant emissions and GHG emissions from construction and operational activities associated with the Project. Energy consumption associated with the Project will be calculated and compared to the energy consumption estimates reported in the certified ORSC EIR. PlaceWorks will also evaluate potential noise and vibration levels from the Project and compare them to the levels reported in the ORSC EIR. Refer to *Attachment A* of this proposal for the full scope of work.

Task 1.3 Fehr and Peers (Transportation)

Fehr and Peers will prepare a Vehicle Miles Traveled (VMT) Assessment, Level of Service (LOS) Assessment, and Parking Study for the Project. The VMT Assessment will utilize the latest San Bernardino Transportation Analysis Model (SBTAM+), consistent with the City's latest general plan amendment updates and consistent with the ORSC EIR modeling. The LOS Assessment assumes evaluation of 41 study intersections which will be consistent with the approved LOS study for the Approved Project, estimate the number of trips generated by the Project, and forecasts traffic within the study intersections and roadway segments for five scenarios. The Parking Study will build upon the previously completed parking study and focus on evaluating changes in parking demand associated with the Project. Refer to *Attachment A* of this proposal for the full scope of work.

PHASE 2 INITIAL STUDY/NOP AND SCOPING

Task 2.1 Initiation and Project Description

T&B Planning will prepare a formal Project Description that will be used throughout the CEQA compliance process. The Project Description will include both text and exhibits that describe the proposed Project and its associated applications. We expect that a majority of the exhibits will be taken from the Project's application materials. Because the Project Description will form the basis for analysis within the SEIR, it is critical that an accurate description of all Project elements be prepared, including construction and operational characteristics associated with the proposed Project.

The budget for this task anticipates that the Project civil engineer and architect will provide to T&B Planning the appropriately georeferenced and projected technical files and plans (State Plane coordinate system, NAD 83, US survey ft) in Autodesk (.dwg) and/or ESRI shapefile (.shp) formats, along with a Portable Document Format (.pdf) exhibit depicting the data. Provided data must include all pertinent AutoCAD External Reference (XREF) data, relevant layer descriptions, shapefile-related dataset files, and any other connected or referenced information.

Task 2.2 Notice of Preparation and Scoping Meeting

Because the proposed Project will clearly warrant an EIR, it is our understanding that an Initial Study Checklist will not be needed for the Project and only a Notice of Preparation (NOP) will be required. T&B Planning will prepare

the NOP as required by Section 15082 of the CEQA Guidelines. The NOP will include a brief description of the Project, a description of the Project location, and a summary of the probable environmental effects of the Project. The NOP will provide a brief analysis to scope out environmental topic areas that would result in no impact (e.g., agricultural and forestry resources, mineral resources, and wildfire). The NOP form will be provided to the City for review and approval.

The NOP must be distributed for a 30-day public review period to Responsible Agencies, Trustee Agencies, and other interested parties. We expect that the City will provide mailing labels for property owners within the City's required notification radius. This proposal anticipates that T&B Planning will be responsible for distributing the NOP to surrounding property owners; Responsible Agencies, Trustee Agencies, and other interested parties; and uploading to the State Clearinghouse web portal. The City will be responsible for publication in the newspaper. Distribution will be handled under Task 5.3. During the 30-day public review period of the NOP, T&B Planning will periodically contact City staff and request that they forward copies of the public comment letters to T&B Planning as they are received. We will review the comment letters to ensure that relevant comments are addressed in the SEIR. If any comments necessitate an expanded scope of analysis in the SEIR, we will reevaluate our scope of work and notify the City.

T&B Planning will submit the completed NOP to the City for review. Following City review, T&B Planning will revise the NOP and submit the revised version to the City for final approval. This proposal assumes that there will be one (1) round of review by the City and that requested revisions, if any, would be minor in nature.

Pursuant to CEQA Guidelines Section 15206(b)(1), a proposed local general plan, element, or amendment thereof for which an EIR was prepared meet the definition of a project having statewide, regional, or area wide significance. Accordingly, a public scoping meeting will be required pursuant to CEQA Guidelines Section 15206 (b)(1). In consultation with City staff, T&B Planning will facilitate one (1) public scoping meeting to present the various aspects of the proposed Project and to solicit comments regarding the scope and content of the SEIR. It is anticipated that City staff will secure a location for the meeting, which will be advertised as part of the Project's NOP. T&B Planning will prepare all visuals and handouts, which are budgeted as part of under Task 5.3. Costs associated with printing will be billed as reimbursable expenses in accordance with our *Hourly Rates and Billing Policy (Exhibit A)*.

PHASE 3 DRAFT SUPPLEMENTAL ENVIRONMENTAL IMPACT REPORT

Task 3.1 First Administrative Draft SEIR

T&B Planning will commence with the preparation of the Administrative Draft SEIR immediately following completion of the Project Description (Task 2.1) and distribution of the NOP for public review (Task 2.2). We will focus first on preparing the SEIR sections that are not reliant on technical studies, as it is anticipated that at least some of the studies will still be under preparation. T&B Planning will prepare an Administrative Draft SEIR to the ORSC EIR in accordance with State and City requirements. The SEIR will generally include the following sections, subject to approval of the format/approach by the City:

Executive Summary. This introductory section will provide a synopsis of each Project component; a summary of the Project alternatives (if any), and a brief discussion of areas of controversy and issues to be resolved by the decision-making body. The Executive Summary also will include a Summary Table, which will identify the significance of each impact, previous Mitigation Measures applicable to the Project, Project-specific mitigation measures, and the level of significance after mitigation. In the interest of efficiency, the Summary Table will not be prepared until after the City's review of the Administrative Draft SEIR.

Introduction. The Introduction will explain the purpose and type of EIR, discuss the legal authority for preparation of the SEIR, summarize the SEIR scoping process, identify documents incorporated by reference, and outline the SEIR public review process.

Environmental Setting. The Environmental Setting section will include a brief description of Project location, geographic and physical setting, surrounding land uses, and the physical environmental conditions of the Project area as they exist on the date of the SEIR's NOP issuance. A brief overview of the environmental conditions of the Project area and surrounding area also will be provided. In addition, a summary of the existing planning and policy context will be presented, including the property's relationship to the General Plan, zoning, and other applicable regional plans and policy documents.

Project Description. An SEIR Project Description will be prepared. The Project Description will include text and exhibits that describe the proposed Project and its construction and operational details, in addition to any off-site improvements that are required to support the Project. The Project Description will form the basis for analysis within the SEIR for the changes in the ORSC Project. We expect that the majority of the Project Description exhibits will be taken from the Project's application/entitlement materials, that are required by the City, with minimal graphic manipulation required by T&B Planning for format/legibility. The budget for this Task anticipates that the Project civil engineer and architect will provide their technical files and plans to T&B Planning.

The Project Description will also identify the Project's objectives, which will form the basis for subsequent analysis of Project alternatives (if needed), and will include a summary of actions that may be associated with Project implementation. The Project Description will also document any and all anticipated subsequent approvals, including approvals that may be required from federal, State, and/or local agencies.

Environmental Analysis. This scope of work assumes that the SEIR will include all twenty environmental issue areas identified in Appendix G of the CEQA Guidelines:

- Aesthetics
- Agriculture and Forestry Resources
- Air Quality
- Biological Resources
- Cultural Resources
- Energy
- Geology and Soils
- Greenhouse Gas Emissions
- Hazards and Hazardous Materials
- Hydrology and Water Quality
- Land Use/Planning
- Mineral Resources
- Noise
- Population and Housing
- Public Services
- Recreation
- Transportation
- Tribal Cultural Resources

- Utilities/Service Systems
- Wildfire

The respective topical SEIR sections will include the following information, tiering from the ORSC EIR, as appropriate:

- Existing Conditions
- Applicable Environmental Regulations
- Basis for Determining Significance
- Identification of applicable previous MMs
- Summary of ORSC EIR Conclusions
- Impact Analysis (including Cumulative Impact Analysis)
- Additional Project-specific Mitigation (if needed)
- Significance of Impacts after Mitigation (if mitigation measures are required)
- References

As applicable, the sections based on Project-specific technical reports will include a summary of those technical reports, which will be included as appendices to the SEIR.

Other CEQA Considerations. The SEIR will summarize unavoidable impacts of the Project. The SEIR also will disclose significant irreversible environmental changes which would be involved in the proposed action should it be implemented. A discussion of Growth Inducement will focus on elements of the Project which could remove obstacles to growth in the area such as the provision of improved roadway connections.

Project Alternatives. If determined necessary based on the results of the environmental analysis for each topical issues, the Project Alternatives section will be based on a description of reasonable Project alternatives defined in consultation with the City. Each alternative identified in this section will be intended to meet the Project's primary objectives while minimizing or eliminating significant environmental effects associated with the Project. For purposes of budgeting for this Task, it is anticipated that no more than three (3) alternatives will be presented in the SEIR, including the No Project Alternative. If exhibits illustrating the alternatives are required, we expect that the exhibits will be provided by the Project architect or engineer at a level of detail that facilitates their analysis as required under CEQA.

Individuals and Agencies Consulted and SEIR Preparers. This section will identify persons contacted in order to prepare the SEIR and will identify the SEIR preparers.

Upon completion of the Preliminary Administrative Draft SEIR, the Preliminary Administrative Draft SEIR will be provided electronically to the City for review and comment.

Task 3.2 Second Administrative Draft SEIR

Based on City staff review of the First Administrative Draft SEIR document, T&B Planning will revise the SEIR document to respond to comments, questions, and requests for clarification. This proposal anticipates that comments will be minor to moderate in scope and complexity. All document revisions will be indicated in

~~strikeout~~/underline format based on comments provided by the City. For purposes of creating a budget for this task, we anticipate that the City will not require substantial changes to the Project Description or request substantial expansions to any technical studies prepared in support of the EIR.

Upon completion of the Second Administrative Draft SEIR, the SEIR document and its supporting technical reports will be submitted to the City for additional review. The budget for this task anticipates that only minor document revisions will be requested from the City following submittal of the Second Administrative Draft EIR document, which will be incorporated as part of the Public Review Draft EIR (Task 3.3). However, if any substantive issues remain, T&B Planning will arrange a meeting with City staff to discuss the comments and recommend appropriate ways to address remaining concerns. Up to 75 hours of staff time is budgeted for two revision cycles (150 hours total maximum for all revisions), but we will only invoice for time actually spent.

Task 3.3 Public Review Draft SEIR and Public Notices

Upon receiving City authorization to publish the Draft SEIR, T&B Planning will prepare the Draft SEIR and its technical appendices for public review per City direction and State requirements. T&B Planning will also prepare the Notice of Completion (NOC) and Notice of Availability (NOA) of a Draft SEIR required for the Draft SEIR's 45-day public review period. The distribution list for the NOA and Draft SEIR will be based on the distribution list prepared for the NOP, and supplemented, if necessary, by persons and organizations that request notification and any individuals and agencies that commented on the NOP. It is also expected that the NOA will be distributed to adjacent property owners and occupants. This proposal anticipates that the City will provide updated mailing labels for all property owners and occupants within the City's required notification radius. Prior to public distribution, T&B Planning will submit the draft mailing list to the City for review and approval. This proposal anticipates that T&B Planning will be responsible for distributing the NOA and uploading the Draft SEIR and supporting documents to the SCH CEQAnet database. T&B Planning will request that the City prepare an advertisement for publication in the local newspaper as required by CEQA.

T&B Planning will conduct the Draft SEIR distribution by first-class certified mail and/or e-mail with the exception of adjacent property owners, which will be sent by regular mail. Mailing expenses are not included in the budget for this Task, and will be billed as reimbursable expenses in accordance with our *Hourly Rates and Billing Policy* included in *Exhibit A*. During the 45-day review period, written public comments will be directed to the City. T&B Planning will request that the City forward copies of the comment letters to us as they are received, and then send us the complete set of comment letters at the close of the public comment period.

PHASE 4 FINAL SEIR, MMRP AND FINDINGS/SOC

Task 4.1 Responses to Comments and Administrative Draft Final SEIR

Upon completion of the 45-day public review period, T&B Planning, in coordination with the technical team members, will prepare written responses to all substantive comments addressing environmental impacts received. Comments received in response to the Draft SEIR will be discussed with City staff and the technical consultants, as necessary, and an approach to the responses will be agreed upon prior to preparation of the draft Response to Comments. If any comments necessitate an expanded scope of analysis in the Final SEIR, we will notify the City.

In addition to Responses to Comments, the Final SEIR will include a section identifying revisions to the SEIR document, as necessary to clarify or correct information in support of the draft Response to Comments. Any such revisions will be shown in ~~strikeout~~/underline format. Revisions to the actual Draft SEIR document and reproduction of that document are not included as part of this scope of work. The Final SEIR will also document the public review process for the SEIR, provide a list of commenters, and identify the nature, location, and reason for any and all revisions incorporated into the Final SEIR. The Final SEIR also will provide a discussion and rationale for why recirculation of the Draft SEIR for an additional public review period is not required pursuant to CEQA Guidelines Section 15088.5, as appropriate.

The estimated budget for this Task assumes this effort will not exceed 132 hours of technical staff time to prepare the Final SEIR, including responses to comments. However, this budget should be considered an estimate only as the number and complexity of comments that will be received is unknown. Work performed under this Task will be on a Time and Materials basis in accordance with our *Hourly Rates and Billing Policy* included in *Exhibit A*.

The Preliminary Draft Response to Comments/Final SEIR will be submitted to the CIty for review and comment. Following receipt of comments, T&B Planning will make necessary revisions and submit the Draft Responses to Comment/Final SEIR back to the City. This scope of work assumes minimal revisions will be requested by the team and the City. The revised Responses to Comments/Final SEIR document will be submitted to the City and this Scope of Work assumes that no further revisions will be required.

Task 4.2 Mitigation Monitoring and Reporting Program

T&B Planning will prepare a Mitigation Monitoring and Reporting Program (MMRP) in accordance with State law and City requirements to ensure implementation of mitigation measures assumed in the SEIR's analysis of impacts. This scope of work includes one round of minor revisions to the MMRP based on comments provided by City staff.

Task 4.3 Findings of Fact and Statement of Overriding Considerations

T&B Planning will prepare the CEQA documents required for the Final SEIR public hearings, including the Statement of Overriding Considerations (if required) and the Section 15091 CEQA Findings of Fact (requiring a summary of each effect, identification of one or more of the required CEQA findings, listing of the associated mitigation measures, and the rationale for implementing the measures). This scope of work assumes that the City will provide information to T&B Planning to support the Statement of Overriding Considerations, including any fiscal impact analysis, if needed. The budget for this Task assumes one round of revisions to the Findings of Fact and Statement of Overriding Considerations to address comments. Following review, it is anticipated that the City may request minor revisions to clarify or expand on the findings and/or rationale for adopting a Statement of Overriding Considerations.

Task 4.4 Notice of Determination

T&B Planning will prepare the Notice of Determination (NOD) form pursuant to Section 15094 of the CEQA Guidelines. This Scope of Work assumes that following approval of the Project, T&B Planning will file the NOD with the San Bernardino County Clerk and will electronically file the NOD on the SCH CEQAnet database on behalf of the City. It is also assumed that the City will provide the required proof of prior payment of the California

Department of Fish and Wildlife (CDFW) filing, and that a new CDFW filing fee is not required.

PHASE 5 PROJECT MANAGEMENT/MEETINGS AND DOCUMENT PRODUCTION

It is our intent to anticipate the meetings, hearings, coordination, and correspondence which might be required as part of this Task. However, because working on entitlement projects is so often "reactive," it is difficult to know exactly what work will be needed. Therefore, while we have provided budgets for each of the tasks below, these budgets should be considered estimates only. All work performed under this phase will be invoiced on a Time and Materials basis up to the maximum budget in accordance with our *Hourly Rates and Billing Policy* included in *Exhibit A*.

Task 5.1 Meetings/Coordination

This Task is intended to cover all coordination tasks with outside parties associated with T&B Planning's CEQA-compliance work. This includes all time spent by T&B Planning attending meetings, participating in conference calls, preparing/updating Project schedules and all external coordination including but not limited to communication via phone, e-mail, letter, memo, and/or web-based conferencing with City staff and public agencies. The amount of effort required for this Task is highly dependent on the need for assistance from the City and Project team. This Task will commence upon authorization of this contract and will continue throughout the duration of the Project (estimated to be 12 months and approximately 6 hours per month). The actual number of hours associated with this Task may be higher or lower than the estimated budget. We only will bill for the actual number of hours required for this Task.

Task 5.2 Public Hearings

A Principal and/or Project Manager will attend two public hearings before the decision-making bodies to assist the City staff with questions regarding the CEQA process and documentation. The budget is based on six (6) hours of preparation and travel time and four (4) hours of attendance for each hearing. If the public hearing time requirement is longer than anticipated, or if attendance at additional public hearings is required, then additional budget may be required after application of any remaining budget from Task 5.1.

Task 5.3 Publish Documents and Close-Out

Work efforts include creating master PDFs and coordinating hard copy printing. The budget for this Task also includes the delivery to the City of reference documents, data, and citation sources used by T&B Planning to prepare be the SEIR, and that will need to be added to the City's file as part of its Administrative Record. This Task also includes consolidating files and communications following Project approval to ensure proper record-keeping should our files be needed in the future.

ATTACHMENT A – SUBCONSULTANTS SCOPE OF WORK

March 31, 2026

Tracy Chu, Project Manager
T&B PLANNING
3200 El Camino Real, Suite 100
Irvine CA 92602

Subject: PlaceWorks' Proposal to Provide Supplemental EIR Technical Studies for the Ontario Sports Empire [P2026-0337S]

Transmitted via Email: tchu@tbplanning.com

Dear Tracy:

As requested by T&B Planning (Client), this proposal provides the scope of work and cost estimate to assist with preparation of technical analyses to support the Ontario Sports Empire Supplemental Environmental Impact Report (SEIR). The technical analyses will include an Air Quality and Greenhouse Gas (GHG) Emissions Technical Memorandum (AQ/GHG Tech Memo), an Energy Technical Memorandum (Energy Tech Memo), a Noise and Vibration Technical Memorandum (Noise Tech Memo), and a Water Supply Assessment (WSA) for the proposed changes to the Ontario Sports Empire site (Proposed Project). The PlaceWorks team responsible for fulfilling the scope stated herein includes **Nicole Vermilion** as Principal in Charge; **Lance Park** as Project Manager, AQ/GHG Tech Memo lead, and Energy Tech Memo lead; **Chris Shields** INCE-USA as the Noise Tech Memo lead; and **Dina El Chammas** PE as the WSA lead. We understand that timing is a critical component of this work, and we will work closely with the Client to ensure delivery of a complete product within approximately **eight weeks** of receipt of necessary project information. It is our understanding that these technical analyses are being requested to support California Environmental Quality Act (CEQA) documentation being led by the Client, with the ultimate document type expected to be a Supplemental EIR to the certified Ontario Sports Empire Subsequent EIR and associated addenda (Approved Project).

Understanding of the Project

CERTIFIED SUBSEQUENT EIR

2024 Draft and Final Subsequent EIR

The City of Ontario approved the Ontario Sport Empire project and certified the Subsequent EIR (State Clearinghouse No. 2023110328) on July 16, 2024. The Subsequent EIR found that prior to mitigation, implementation of the Project will result in potentially significant impacts to Agricultural Resources, Air Quality, Biological Resources, Cultural Resources, Geology and Soils, GHG Emissions, Hazards and

Hazardous Materials, Noise, Transportation, Tribal Cultural Resources, and Wildfire. However, mitigation measures have been developed to avoid or reduce all of these impacts to levels considered less than significant, with the exception of Agricultural Resources, Air Quality, GHG Emissions, Noise, and Transportation. The Subsequent EIR identified that despite the implementation of recommended mitigation measures, impacts to these categories were significant and unavoidable, and a Statement of Overriding Considerations was adopted.

2026 Hotel Ontario Aloft + Residence Addenda

The City of Ontario Planning Commission approved an Addendum to the 2024 Certified EIR on November 25, 2025, to relocate the hotel use from Planning Area (PA) 3 to PA 2 within the Ontario Sports Empire site, along with a corresponding relocation of associated commercial uses. The Ontario Residence Inn and Aloft Hotel allows for 226 hotel rooms within a hotel totaling 183,609 square feet on 3.41 acres of land. The hotel also includes a 9,994 square foot conference area, 10,215 square foot Legends' Attic, and 5,128 square feet of retail uses, for a total of 25,337 square feet of commercial space. Subsequent to this approval, the City approved a second Addendum for the hotel project to modify Mitigation Measures GHG-1 and GHG-4, which is anticipated to be approved in March or April 2026.

ONTARIO SPORTS EMPIRE – APPROVED PROJECT

The proposed technical studies identified in this proposal evaluate the potential impacts associated with changes to the Approved Project compared to impacts identified in the 2024 Certified EIR.

The land use plan for the Ontario Sports Empire site designates land uses within seven planning areas (PA). The Approved Project allows for up to approximately 532,894 square feet of commercial building space within the 199-gross-acre Ontario Sports Empire site. Table 1, *Ontario Sports Empire Approved Project Summary*, provides the current approvals in place for the 199-acre Ontario Sports Empire site.

Table 1. Ontario Sports Empire Approved Project Summary

Land Use	Acres	Building Square Feet			Number of Amenities
		Commercial	Parking Structures	Stadium	
PA 1	**16.01**	**—**	**185,000**	**450,000**	**6,000-Capacity**
Baseball Field Facility	11.33	—	—	—	6,000-Capacity
Conditioned Space	—	—	—	110,000	—
Unconditioned Space	—	—	—	340,000	—
Parking Structure A (3-stories)	4.68	—	185,000	—	—
PA 2	**19.62**	**195,631**	**—**	**—**	**—**
Retail/Commercial, East	—	25,631	—	—	—
Hotel	2.41	170,000	—	—	249 Rooms
Surface Parking, East	17.21	—	—	—	—
PA 3	**4.58**	**10,000**	**—**	**—**	**—**
Retail/Commercial	0.5	10,000	—	—	—
Surface Parking, Stadium	4.08	—	—	—	—
PA 4	**8.54**	**36,513**	**—**	**—**	**—**
Retail/Commercial	6.54	36,513	—	—	—
Surface Parking, South	2.00	—	—	—	—

Table 1. Ontario Sports Empire Approved Project Summary

Land Use	Acres	Building Square Feet			Number of Amenities
		Commercial	Parking Structures	Stadium	
PA 5	**110.90**	**23,300**		**—**	
Multipurpose Fields (Soccer/Football)	41.13	—	—	—	13 Fields
Multiuse Fields (Baseball/Softball/Little League)	45.11	—	—	—	8 Fields
Park	10.87	23,300	—	—	—
Parking Structure B (4 stories)	3.59	—	87,000	—	—
Surface Parking, South	10.2	—	—	—	—
PA 6	**7.58**	**159,450**	**—**	**—**	—
Indoor Athletic Facility	4.46	159,450	—	—	16 max. Courts
Surface Parking	3.12	—	—	—	—
PA 7	**15.68**	**108,000**	**—**	**—**	—
Community Center/Admin Building	3.46	70,000	—	—	—
Activity Area	8.05	38,000	—		1 Field/8 Courts
Recreation Surface Parking	4.17	—	—	—	—
Right-of-Way	*16.10*	—	—	—	—
TOTAL	**199.01**	**532,894**	**272,000**	**450,000**	**6,000-Capacity 100 rooms**

Notes:
- Data in this table are based on the 2024 Certified EIR and 2025 Addendum, and are subject to modification based on the final site plans of components currently under construction.
- Parking space data is omitted from this table as it needs to be updated based on the final plans.
- Retail/Commercial Acreage revisions in PA 3 are an estimate based on the reduction in commercial square footage and increase in parking lot acreage.

PROPOSED PROJECT

The Proposed Project entails changes to the following PAs within the Ontario Sports Empire site:

- **PA 2**. PA 2 was envisioned for retail/commercial and hospitality land uses. The Proposed Project would include a new residential development in PA 2 at the southeast corner of Ontario Avenue and Riverside Drive, north of the Ontario Residence Inn and Aloft Hotel, thus introducing residential uses within the Ontario Sports Empire site. The Ontario Apartments would include up to 105 residential units, a conference center, and restaurants (square footage pending).

- **PA 3 and PA 4.** PA 3 and PA 4 were envisioned for retail/commercial land uses. The Proposed Project would include a new mixed-use residential development spanning PA 3 and PA 4 south of the ONT Baseball Stadium. Depending on which scenario is pursued (Scenario A or Scenario B), the change would include up to 600 multifamily dwelling units; up to 90,000 square feet of retail, civic open space, and office; and a hotel or additional residential to the west as a future phase (square footage pending).

- **PA 6.** PA 6 was originally envisioned for a new indoor athletic facility at the northwest corner of Ontario Avenue and Chino Avenue. The Proposed Project would instead allow for an 8,000-seat United Soccer League (USL) soccer stadium in PA 6. The inclusion of the new USL soccer stadium would require

relocation of the indoor volleyball structure to PA 7 and would encroach slightly into PA 5 in an area previously identified for surface parking.

- **PA 7.** PA 7 was originally intended as a new community center. The Proposed Project would relocate the indoor athletic facility to PA 7 and would no longer include the community center. The proposed indoor athletic facility would be utilized for youth sports volleyball and would be 273,000 square feet and include a third parking structure.

The Proposed Project would require the following actions:

- General Plan Amendment and Zone Change to change the existing Hospitality (HOS) designation to a Mixed Use (MU) designation.
- Zone Change to change the existing Convention Center Support Commercial (CCS) designation to the MU designation for all areas except ONT Field and the soccer and baseball fields in the Open Space – Recreation (OS-R) designation.

It is our understanding that the City of Ontario has identified a Supplemental EIR as the appropriate CEQA document for the Proposed Project and has requested preparation of Air Quality/GHG, Energy, Noise, and Water Supply technical assessments to document the changes to the Approved Project to satisfy the requirements of Section 15163 of the CEQA Guidelines.

Scope of Work

PlaceWorks will prepare the following tasks in the time requested by the Client.

TASK 1. AIR QUALITY AND GHG EMISSIONS TECHNICAL MEMORANDUM

Air Quality Analysis

- **Construction Phase.** PlaceWorks will quantify and assess short-term criteria air pollutant emissions from construction activities associated with the Proposed Project compared to the Approved Project. The construction emissions analysis will focus on the changes in proposed square footage, acreage of disturbance, and location of construction activities, as provided by the Client for PA 2, PA 3, PA 4, PA 6, and PA 7, as identified in the Project Understanding. The construction analysis will utilize the latest version of the California Emissions Estimator Model (CalEEMod) and guidance and methodology from the South Coast Air Quality Management District (South Coast AQMD), as applicable. Construction emissions will be compared to the South Coast AQMD's regional and Localized Significance Thresholds (LSTs) to assess whether cumulative or localized exceedances of Ambient Air Quality Standards may occur during project construction. Because of the potential magnitude of emissions increases during the construction phase, a construction health risk assessment will be provided (see *Construction Health Risk Assessment*) and incorporated into the AQ/GHG Tech Memo.

- **Operations Phase.** PlaceWorks will quantify the change in long-term criteria air pollutant emissions associated with operation of the Proposed Project. Project-related long-term emissions will be calculated using the latest version of CalEEMod. Transportation emissions will include modeling using Emissions FACtor model (EMFAC) 2025 v2.1.0 based on peak weekday (with events) and average annual vehicle

miles traveled (VMT) data provided by Fehr & Peers. Proposed Project emissions will be assessed against the South Coast AQMD regional air quality significance thresholds for operation and the emissions identified in the 2024 Certified EIR and applicable addenda.

The air quality analysis will also evaluate impacts from carbon monoxide (CO) hotspots related to operation of the Proposed Project. Based on the type of project, and because the South Coast Air Basin is classified "in attainment" for CO standards, a qualitative assessment of CO hotspots will be provided. This analysis will assume no new stationary source equipment is included in the Proposed Project from what was analyzed in the Certified EIR. Should additional stationary source equipment be considered for the Proposed Project, one generator with generic parameters was assumed for the hotel in the Approved Project's Final EIR, and can be relied upon in the operational analysis. However, should stationary source equipment with more specific equipment parameters (e.g., horsepower, load factor, model, daily and annual hours of operation) be included at a later time, it is our understanding that this equipment would be regulated by the South Coast AQMD under their permit requirements to ensure associated impacts are less than significant. Furthermore, a qualitative assessment of potential odor generation to describe potential odor impacts and a consistency evaluation of the project to South Coast AQMD's air quality management plans will be provided. In addition, PlaceWorks will provide a qualitative evaluation of potential health risk impacts from project operation. All air quality impacts of the Proposed Project will be reviewed against the applicable South Coast AQMD thresholds and relevant impacts of the Approved Project.

Greenhouse Gas Emissions Analysis

PlaceWorks will quantify GHG emissions from construction and operation of the Proposed Project. The GHG emissions impact analysis will follow the same modeling methodology as the Air Quality analysis. PlaceWorks will compare the Proposed Project emissions to the applicable South Coast AQMD significance thresholds for GHG emissions and impacts identified for the Approved Project.

PlaceWorks will also provide a discussion on the GHG reduction goals of Senate Bill (SB) 32, Assembly Bill (AB) 1279, and SB 375. The California Air Resources Board has prepared a Climate Change Scoping Plan that addresses the State's GHG reduction goals. The Southern California Association of Governments has prepared a Regional Transportation Plan/Sustainable Communities Strategy (RTP/SCS) to address the region's requirements to reduce passenger-vehicle VMT and associated GHG emissions under SB 375. PlaceWorks will review project consistency with these statewide and regional GHG emissions reduction strategies. All GHG impacts of the Proposed Project will be reviewed against the applicable South Coast AQMD thresholds and impacts identified for the Approved Project.

Construction Health Risk Assessment

PlaceWorks will prepare a construction-related health risk assessment (HRA) to analyze the Proposed Project's off-site community health risks from toxic air contaminants (TAC) generated by project construction (e.g., diesel particulate matter [DPM]). The risk assessment will incorporate the construction emissions inventory to evaluate pollutant concentrations at the nearest off-site sensitive receptors (i.e., existing residences). Air dispersion modeling will be performed using a South Coast AQMD-accepted computer-based model (e.g., AERMOD). Cancer and toxicity data published by the California Environmental Protection Agency will be used to estimate long-term and short-term (acute) health risks for off-site sensitive receptors from construction activities. The results and analyses will be appended to the AQ/GHG

Tech Memo. Measures to reduce construction-related pollutant emissions will be considered in the AQ/GHG Tech Memo. This task includes time for dispersion modeling and pollutant concentrations calculations for project construction to compare against the South Coast AQMD's LSTs to identify whether localized exceedances of Ambient Air Quality Standards may occur. Changes to Approved Project mitigation or new mitigation measures will be identified and recommended, as necessary.

Technical Memorandum

The results of the technical analyses described will be compiled into the AQ/Energy/GHG Tech Memorandum. The impact analysis will follow the CEQA Guidelines Appendix G Checklist questions, and mitigation measures identified in the Certified EIR will be applied to the Proposed Project as applicable. Model outputs will be included as an appendix. We have included up to four hours to address comments from the Client and four hours to address comments from the City/City Attorney. Please note that the modeling appendix (e.g., CalEEMod, AERMOD) may not meet the new WCAG 2.1 Level AA document accessibility Requirements.

Deliverable(s):

- Client Draft AQ/GHG Technical Memorandum (electronic copy)
- City Draft AQ/GHG Technical Memorandum (electronic copy)
- Final AQ/GHG Technical Memorandum (electronic copy)

TASK 2. ENERGY TECHNICAL MEMORANDUM

Appendix F Energy Analysis

PlaceWorks will prepare an energy analysis to identify whether or not the Proposed Project would result in wasteful, inefficient, or unnecessary use of energy resources in accordance with Appendix F of the CEQA Guidelines and compare to impacts identified for the Approved Project. As part of this analysis, PlaceWorks will discuss the Proposed Project's net change in energy consumption (i.e., natural gas and electricity) from what was analyzed for the Approved Project in PA 2 through PA 7. Electricity and natural gas use associated with operation of the Proposed Project will be based on the size and type of land use(s) proposed, and on default CalEEMod energy rates or other acceptable and representative energy consumption data, unless project-specific energy consumption demand is available from the Client. PlaceWorks will also provide an overview and review of the Proposed Project's consistency with the applicable plans or policies adopted for the purposes of improving energy efficiency or promoting renewable energy use, such as the California Renewables Portfolio Standard Program or the California Energy Efficiency Strategic Plan. Energy impacts of the Proposed Project will be compared to impacts identified for the Approved Project.

Energy Supply Analysis

To support preparation of the Utilities and Service Systems analysis of the Supplemental EIR for the Proposed Project, PlaceWorks will utilize the energy consumption estimated in the Appendix F Energy Analysis to evaluate potential impacts to natural gas and electrical utility supply capacity and compare to those identified for the Approved Project. The Energy Supply Analysis will provide a description of existing and planned electricity and natural gas infrastructure and supply capacity for the area serving the Proposed Project to identify whether new or expanded infrastructure may be required, which may result in adverse environmental effects.

Deliverable(s):

- Client Draft Energy Technical Memorandum (electronic copy)
- City Draft Energy Technical Memorandum (electronic copy)
- Final Energy Technical Memorandum (electronic copy)

TASK 3. NOISE AND VIBRATION TECHNICAL MEMORANDUM

PlaceWorks will evaluate potential noise and vibration impacts for the construction and operational phases of the proposed project. The technical memorandum will discuss relevant criteria for noise exposure based on applicable federal, State, and local standards and ordinances, including applicable standards from the Municipal Code and General Plan Noise Element.

Existing Conditions

The dominant noise source in the project area is local Chino Avenue traffic noise, active construction, and typical residential noise. To characterize existing conditions, PlaceWorks will conduct a noise measurement survey to acquire ambient noise level data. The survey will consist of up to 4 long-term (24 to 48-hours) locations. Measurement locations will be selected by PlaceWorks in coordination with City staff and will take into consideration the location of existing roadways, recreational, commercial, and other major noise sources. The results of the noise measurement survey will be incorporated into the EIR for analysis.

Transportation Noise

PlaceWorks will assess the potential in traffic noise levels along major arterials and highways and identify areas along roadway segments that would either be exposed to noise levels above established criteria or result in an increase more than 3 dBA over the baseline levels. In addition, PlaceWorks will assess the proposed residential exterior and interior land use compatibility with the City's noise standards for traffic noise.

Stationary Noise

PlaceWorks will analyze noise impacts from non-transportation sources in terms of potential impacts to nearby noise-sensitive receptors and the noise limitations identified within the City's Noise Ordinance using SoundPLAN, a three-dimensional computer noise modeling program. The modeling calculations accounts for spherical spreading loss with adjustments for source directivity, air absorption, ground effects, intervening structures, reflections, source directivity, and source tonality. Project operational noise contours will be graphically displayed as figures. Pertinent noise measurement data, modeling output results, and technical information will be provided in an appendix.

Construction Noise and Vibration

PlaceWorks will provide a quantitative analysis for potential construction impacts associated with implementation of the proposed project using SoundPLAN. PlaceWorks will evaluate noise and vibration impacts associated with site preparation and project construction activities using scheduling, equipment mix, hauling, and truck trip information (as provided by the Client). Vibration impacts will be assessed using criteria included in the Federal Transit Administration guidance document on noise and vibration impact assessment.

Technical Memorandum

The results of the technical analyses described will be compiled into the Technical Memorandum. Model outputs will be included as an appendix. We have included up to four hours to address comments from the Client and four hours to address comments from the City/City Attorney. Please note that the modeling appendix (e.g., RCNM, SoundPlan) may not meet the new WCAG 2.1 Level AA document accessibility Requirements.

Deliverable(s):

- Client Draft Noise Technical Memorandum (electronic copy)
- City Draft Noise Technical Memorandum (electronic copy)
- Final Noise Technical Memorandum (electronic copy)

TASK 4. WATER SUPPLY ASSESSMENT

PlaceWorks will update the Water Supply Assessment (WSA) for the Ontario Sport Empire site to reflect the changes associated with the Proposed Project. PlaceWorks prepared the WSA for the Ontario Regional Sport Complex in February 2024. The updated report will rely on information provided in the City of Ontario's latest Urban Water Management Plan (UWMP) and the City's 2024 Demand Factor Technical Memorandum, based on proposed land uses. The WSA will include an update, as needed, to the following information:

1. The availability of water supplies over a historical record of at least 20 years. This includes an identification of any existing water supply entitlements, water rights, or water service contracts relevant to the identified water supply for the proposed project and a description of the quantities of water received in prior years by the City.
2. The quantification of existing and planned sources of water available to the City in 5-year increments for the 20-year projection.
3. For groundwater supplies:
   - A description of the Chino Basin from the latest UWMP.
   - A detailed description and analysis of the amount and location of groundwater pumped by the City in the past five years.
   - A detailed description and analysis of the amount and location of groundwater that is projected to be pumped by the City.
4. A quantification of the City's past, current, and projected water demands.
5. A quantification of the water demands for the proposed project and an assessment of the water demand for the proposed project as accounted for in the latest UWMP and The Ontario Plan 2050.
6. A discussion as to whether the public water system's total projected water supplies available during normal, single dry, and multiple dry water years during a 20-year projection will meet the projected water demand of the proposed project in addition to the public water system's existing and planned future uses. This will include the evaluation of drought impacts and consideration of variability in demand and supply based on hydrologic conditions.

7. The applicability of the City's water shortage contingency analysis prepared pursuant to Section 10632 of the Water Code that includes actions to be undertaken by the public water system in response to water supply shortages.

The Draft WSA will be submitted to the Ontario Municipal Utilities Company (OMUC) and the Client for review and comment. After receiving comments and revisions, the Final WSA will be prepared incorporating OMUC's and the Client's comments and revisions, and an electronic copy of the document will be provided to OMUC and the Client. Separate OMUC and Client copies are not anticipated for this task. Based on experience with OMUC, our budget assumes 20 hours to address OMUC's and the Client's comments and prepare the Final WSA.

PlaceWorks' project manager will coordinate closely with OMUC and the Client Team to ensure that the WSA is legally defensible, accurate, and useful to decision makers considering approval of the project. The project manager will coordinate with OMUC and the Client throughout the project to avoid or anticipate any changes that could result in delays.

Deliverable(s):

» OMUC Draft and Final WSA (electronic copy)

TASK 5. PROJECT MANAGEMENT AND MEETINGS

Task 5.1 Project Management

The proposal considers cost and schedule management, and ongoing coordination with the Client. The cost estimate is based on approximately six months of project management. If the schedule is extended substantially beyond this estimate for reasons beyond the control of PlaceWorks, a budget augment may be requested to cover additional project coordination and management time.

Task 5.2 Meetings

The proposal includes attendance of the project manager in up to 12 virtual meetings, assuming attendance at bi-weekly meetings would be necessary. Each Technical Memorandum lead is assumed to attend up to two virtual meetings, as necessary. Should additional virtual meetings be requested, a budget augment may be required to cover these additional meetings based on PlaceWorks' current rates.

Our proposal does not include hearing attendance. Should PlaceWorks' attendance at the Planning Commission and/or City Council hearings be required, a contract amendment would be required.

Deliverable(s):

» Project manager attendance at up to 12 virtual bi-weekly meetings
» Technical Leads attendance at up to two virtual meetings

TASK 6. PLANNING COMMISSION AND CITY COUNCIL HEARINGS

PlaceWorks will attend two approval hearings for the Proposed Project, assuming one would be necessary for the Planning Commission and one for the City Council. This proposal considers in-person attendance for the PlaceWorks team's Principal-in-Charge who is based out of our Santa Ana office and virtual attendance for the AQ/GHG and Energy technical lead and Noise technical lead who are based out of our Sacramento office.

Deliverable(s):

» Principal-in-Charge in-person attendance at Planning Commission and City Council hearings
» AQ/GHG, Energy, and Noise Technical Leads virtual attendance at Planning Commission and City Council hearings

TASK 7. FINAL SUBSEQUENT EIR RESPONSE TO COMMENTS

This proposal considers cost for addressing public and agency comments for the Final Subsequent EIR. The cost estimate is based on the substance and volume of comments received on comparable projects for Air Quality, GHG Emissions, Energy, and Noise as the topical sections that commonly receive extensive comments. If public and agency comments are received that require time substantially beyond this estimate for reasons beyond the control of PlaceWorks, a budget augment may be requested to cover additional time to respond to comments.

Deliverable(s):

» Responses to public and agency comments received on the Air Quality, GHG Emissions, Energy, and Noise analyses (electronic copy)

Proposed Schedule

PlaceWorks will provide the AQ/GHG Tech Memo, Energy Tech Memo, Noise Tech Memo, and WSA to the Client approximately **eight weeks** after receipt of all critical information needs.

Data Needs

The follow information will be required to complete the tasks discussed. Following authorization of this proposal, PlaceWorks will provide a Construction Data Request file to retrieve more information related to project phasing and anticipated construction activities.

Traffic Data Needs

- Maximum daily and annual average Origin-Destination (O-D) VMT for the following scenarios:
  » Existing Ontario Sports Empire with addenda (Approved Project)
  » Proposed Project Buildout
- Average daily trips (ADT) segment volumes (both directions) for all highway, major road, arterial, and collector segments in the traffic study area in excel for the above scenarios.
- VMT by fleet mix (e.g., percentages for passenger vehicles, medium duty trucks, and heavy duty trucks) for the above scenarios.
- ADT by fleet mix (e.g., percentages for passenger vehicles, medium duty trucks [2 axle, 6 tires], and heavy duty trucks [3+ axle]) for the above scenarios.
- Daytime (7AM-7PM), evening (7PM-10PM), and nighttime (10PM-7AM) percentage splits on the traffic study segments for the above scenarios.
- Speed limits on the traffic study segments for the above scenarios.

- Number of lanes and/or roadway widths for the traffic study segments.
- List of traffic study segments used in the traffic analysis to assess potential impacts.
- Reductions in trips from General Plan policies or other project actions that support transit, bicycles, walking, or (Transportation Demand Management) TDM, if available.

Overall Project Data Needs

- Site plan(s) showing all proposed areas.
- Square footages of all proposed uses (can be provided in Construction Data Request file).
- USL Stadium details for noise analysis:
  - » Building operational details
  - » Speaker specifications (number and locations)
  - » Hours of operation
  - » Mechanical equipment (type, location, specifications)
  - » Types of vendors/noise sources during pre-game activities, if allowed.

Cost Estimate

Table 2 provides PlaceWorks' cost estimate for all tasks described in the scope of work, which are based on PlaceWorks' 2026 Standard Fee Schedule (see Table 3).

Table 2. PlaceWorks Cost Estimate

Task	Cost
Labor	
Task 1. Air Quality and GHG Emissions Technical Memorandum	$31,768
Task 2. Energy Technical Memorandum	$7,846
Task 3. Noise and Vibration Technical Memorandum	$20,185
Task 4. Water Supply Assessment	$15,009
Task 5. Project Management and Meetings	-
5.1 Project Management	$7,830
5.2 Meetings	$4,875
Task 6. Planning Commission and City Council Hearings	$8,680
Task 7. Final Subsequent EIR Response to Comments	$8,780
Subtotal – Labor	**$104,973**
Reimbursable Expenses	
AERMOD Dispersion Modeling Fee	$250
Noise Monitoring Fees	$234
Mileage	$110

Table 2. PlaceWorks Cost Estimate

Task	Cost
Printing, Mailing, etc.	$100
Subtotal – Reimbursable Expenses	**$694**
GRAND TOTAL	**$105,667**

Table 3. PlaceWorks 2026 Standard Fee Schedule

STAFF LEVEL	HOURLY BILL RATE
Principal	$210–$345
Associate Principal	$220–$295
Senior Associate II	$200–$280
Senior Associate I	$160–$240
Associate II	$165–$210
Associate I	$150–$195
Project Planner	$125–$185
Planner	$90–$165
Graphics Specialist	$90–$175
Administrator	$145–$250
Clerical/Word Processing/Technical Editor	$75–$175
Intern	$80–$135

Subconsultants are billed at cost plus 10%. Mileage reimbursement rate is the standard IRS-approved rate. Possible yearly increase of 5% on bill rates.

2026_StdFeeSch_2026_01-20

Acknowledgment

This proposal shall remain valid for a period of 90 days from the time of submittal. As a Principal, Nicole Vermilion is authorized to bind the team to the contents of this submittal and to negotiate contracts on behalf of PlaceWorks. The attached Service Authorization, which includes our General Terms of Consulting Agreement, is a part of this proposal. If the contents of this Proposal and Agreement are satisfactory, please indicate your approval by signing the Service Authorization and sending it to our corporate office: PlaceWorks, c/o: VP of Finance, 3 MacArthur Place, Suite 1100, Santa Ana CA 92707.

For questions, please contact Lance or Nicole.

We look forward to working with you to bring about the successful completion of this project.

Respectfully submitted,

PLACEWORKS

Fehr & Peers

March 31, 2026

Tracy Chu
T&B Planning
3200 El Camino Real, Suite 100
Irvine, CA 92602

Subject: Proposal for Ontario Regional Sports Complex SEIR

Dear Tracy:

Fehr & Peers is pleased to submit this proposed scope of work in support of the updated development plan for the Ontario Regional Sports Complex site in Ontario, CA. Our understanding is T&B Planning has been working with the City on entitling future development opportunities on the Sports Complex site above and beyond what is currently entitled under the Sports Complex EIR (approved in June 2024). The proposed development plan is currently tentative but could include the following new uses, primarily impacting Planning Areas (PA) 2, 3, 4, 6, and 7:

- Mixed-Use Land Use designation for all hospitality areas except ONT Field
- Podium style residential development north of the approved Ontario Ranch Hotel site in PA 2
- Mixed use development including office, retail, residential, and hospitality uses in the parking areas south of ONT Field and the Ontario Ranch Hotel (PA 2, 3, and 4)
- 8,000 seat United Soccer League soccer stadium at the NW corner of Chino Avenue and South Champions Way (PA 6)
- 273,000 square foot volleyball facility (PA 7; relocated from PA 6)

Our understanding is that a supplemental environmental impact report (SEIR) will be required for these proposed changes. Our scope will address the following transportation-related deliverables:

- Vehicle Miles Traveled (VMT) Analysis
- Local Transportation Assessment
- Parking Study Update
- Event Transportation Management Plan Update

Scope of Work

The work scope is divided into the following tasks.

Task 1: Meetings & Project Management

Fehr & Peers will attend a virtual project kick-off working session with the project team and City staff to finalize the project description. This meeting will establish a mutual understanding of the key issues and finalize the scope of work with the project team and City staff, including the following key elements of the scope of work:

- Finalize the project description, including proposed development intensities and land uses
- Defining expected events and operations of the soccer stadium (types of sporting events, concerts, other) and other unique uses such as sports tournaments

- Approach to the CEQA document and VMT analysis
- LOS Transportation Study Scoping, including analysis scenarios, study peak hours, trip generation, study intersections, analysis procedures and forecasting methodology
- Alignment with the approved Ontario Regional Sports Complex EIR

Fehr & Peers will prepare a transportation study scoping memorandum that details the results of the scoping session and planned analysis approach. We will respond to one round of City comments before proceeding with the approved analysis approach.

In addition, Fehr & Peers will participate in project management meetings with the team throughout the duration of the project. A total of 60 hours of staff time has been allocated for meetings, including the kick-off meeting. Additional meetings can be scoped as needed on a time and materials basis.

Task 2: Vehicle Miles Traveled (VMT) Assessment

Fehr & Peers will conduct a VMT assessment consistent with requirements in the California Environmental Quality Act (CEQA), the City's adopted Transportation Impact Analysis Resolution (2020), and the Office of Land Use and Climate Innovation's[1] (LCI) Technical Advisory (2018).

We will approach the VMT assessment as a stand-alone land use project and conduct a project-level assessment where project Origin-Destination (OD) VMT and Boundary VMT forecasts are compared to City thresholds of significance.

TASK 2.1 – VMT ESTIMATES

Fehr & Peers will utilize the latest San Bernardino Transportation Analysis Model (SBTAM+), consistent with the City's latest general plan amendment updates and consistent with the Ontario Sports Park EIR modeling, to develop traffic forecasts for the typical project uses, such as residential, commercial/retail, and office. We will review the model and update the traffic analysis zone structure at the project site so we can isolate proposed uses at the Project site. We will also ensure that the model includes proposed land uses and the approved land uses consistent with the approved plan for the area.

Consistent with the approach in the Ontario Sports Park EIR, since the proposed soccer stadium and other project uses are unique to the types of sports and events that would be held at the venue, Fehr & Peers will use other sources such as traffic counts and Big Data, such as Streetlight, to estimate project trip generation and VMT to supplement the information forecasted using the traffic model (which is not sensitive to these unique uses). Fehr & Peers will document trip generation, average trip lengths, VMT estimates, and origin-destination data pulled from the Big Data source at similar facilities. Given the schedule of sporting and other events that would occur at the stadium are not as frequent as typical uses (such as residential and office uses), we anticipate that the VMT forecasts will need to be annualized for an apples-to-apples comparison in the impact assessment when comparing it back to the approved land use.

We will work with the project team in Task 1 to identify the various stadium events such as "typical soccer game," "championship soccer game," "sold out concert," and other events (up to six event types) and their anticipated frequency to effectively forecast the stadium's annual VMT. We will also

[1] The California Governor's Office of Land Use and Climate Innovation was previously referred to as the Office of Planning and Research.

evaluate overlapping event scenarios with other event and recreation venues on the Ontario Regional Sports Complex site such as "simultaneous soccer and baseball game."

VMT forecasts will be prepared for the following scenarios:

- Baseline (2026) with Approved Ontario Regional Sports Complex Conditions
- Baseline (2026) with Proposed Ontario Regional Sports Complex Conditions
- Future Year (2050) with Approved Ontario Regional Sports Complex Conditions
- Future Year (2050) with Proposed Ontario Regional Sports Complex Conditions

Consistent with City requirements, the Origin-Destination Method will be utilized to develop project-level forecasts accounting for all VMT generated by the Project from the Project site to their ultimate destinations, and the Boundary Method will be utilized to measure the Project's effect on VMT.

TASK 2.2 – VMT IMPACT ASSESSMENT

Based on the results of Task 2.1, Fehr & Peers will compare the proposed Project's VMT forecasts against the appropriate comparable thresholds or scenarios and disclose any potential transportation impacts related to VMT. Summary tables will be provided to document total VMT and VMT per service population (the summation of residents and employees) for each of the study scenarios.

We will reference the approved Ontario Regional Sports Complex VMT impact assessment to support the determination of VMT impacts.

TASK 2.3 – MITIGATION AND UPDATED TRANSPORTATION DEMAND MANAGEMENT (TDM) PLAN

Consistent with the findings in the Ontario Sports Park EIR, we anticipate disclosing a significant impact and will need to reevaluate the previously identified mitigation measures on their effectiveness with the new project description and if new measures are feasible/appropriate.

Fehr & Peers will update the Ontario Regional Sports Complex TDM Plan from the approved EIR that details identified mitigation measures and other unique TDM measures tailored to the Project. The TDM Plan will detail general measures for everyday application and special event measures for sport events, concerts and/or tournaments. Fehr & Peers will work with the City and project team to develop recommendations, priorities, and quantification of trip and parking reduction. We will prepare a draft TDM Plan for project team review and will respond to two rounds of consolidated comments before finalizing the document.

TASK 2.4 – NON-AUTOMOTIVE ASSESSMENT

As part of this assessment, Fehr & Peers will evaluate the project's consistency with non-automotive modes. This will be completed by determining whether the project is consistent with existing and future infrastructure/policies supporting these modes (e.g. consistency of the project with existing or planned bikeway/transit/pedestrian facilities in the area).

OPTIONAL TASK 2.5 – ALTERNATIVES EVALUATION

Fehr & Peers has budgeted 40 hours to evaluate up to four project alternatives for inclusion in the EIR. This will include trip generation estimates and VMT forecasts. We anticipate the alternatives assessment to be qualitative in nature with a general conclusion related to whether trip generation and/or VMT would be expected to be greater than or less than what is proposed/approved.

TASK 2.6 – DOCUMENTATION

Fehr & Peers will prepare a draft transportation impact study report that summarizes the analysis methods, data, and the results of the VMT impact analysis and the non-automotive assessment.

The draft report will be submitted to the project team for review. We have included up to four hours of staff time to respond to one round of consolidated comments from the project team on the draft report.

The updated report will be submitted to the City of Ontario for review. We have included up to eight hours of staff time to respond to one round of consolidated comments from the City of Ontario on the draft report. The final report will be submitted to the project team.

Task 2 Deliverables:

- VMT Estimates and Impact Assessment
- Mitigation Measures and Updated Transportation Demand Management (TDM) Plan
- Draft and Final Transportation Impact Assessment Technical Memorandum

Task 3: Level of Service (LOS) Assessment

The Project is anticipated to affect local traffic operations differently than what was approved as part of the current Sports Complex EIR. We anticipate that typical weekday peak hour analysis, peak weekend analysis, and event peak hour analysis will be required by the City to verify that acceptable access is provided to the project and adjacent infrastructure capacity isn't impacted.

The scope below is recommended for General Plan and San Bernardino CMP consistency.

TASK 3.1 – DATA COLLECTION

This scope of services assumes evaluation of 41 study intersections which will be consistent with the approved LOS study for the Ontario Regional Sports Complex. Since the traffic counts were last collected in 2023 and do not include recent development or sports park activity, traffic data will be collected on typical (non-holiday) weekday and weekend days while school is in session and during fair weather. Daily (24-hour) vehicle classification counts will be collected on up to ten key arterials. We will also collect traffic counts and observations during a regular season baseball game to validate the previous trip generation estimates and assist with sports field trip generations estimates.

Fehr & Peers will spend up to two days in the field revieing traffic operations, collecting roadway geometric data, and collecting intersection control information.

Fehr & Peers will work with the City of Ontario to obtain all necessary information on pending and approved development projects that should be included in our traffic forecasting. Fehr & Peers will also coordinate with the City of Ontario to obtain traffic signal timing data at all study intersections. As needed, Fehr & Peers will coordinate with other appropriate agencies, such as Caltrans, City of Eastvale, or City of Chino to obtain relevant cumulative development project data and traffic signal timing information.

TASK 3.2 – TRIP GENERATION, DISTRIBUTION, AND ASSIGNMENT

Fehr & Peers will estimate the number of trips generated by the project. For typical land uses, we will use standard ITE trip generation rates. For the proposed soccer stadium and other unique uses,

traffic counts, Big Data sources, and Project details will be used to estimate the number of trips generated by these uses.

The resulting trips will be distributed to the surrounding network and assigned based on anticipated access from the local roadway network. The trip distribution and assignment are anticipated to be similar to the approved Ontario Regional Sports Complex. The trip generation, distribution, and assignment assumptions will be provided for review and approval prior to their use in the assessment.

Intersection turning movement forecasts will be prepared for up to six scenario peak hours, to be confirmed in project scoping with the City. At this time we assume the following peak hours will be studied:

- Weekday AM Peak Hour (typical non-event)
- Weekday PM Peak Hour (typical non-event)
- Weekday PM Event Peak Hour
- Weekend MD Peak Hour (with Ontario Sports Empire Tournament)
- Weekend PM Event Peak Hour
- Weekend PM Event Peak Hour (with ONT Field Event)

Trip generation estimates and intersection turning movement forecasts will be compared against the approved Ontario Regional Sports Complex results to determine the net change of the proposed Project.

TASK 3.3 – FORECASTING AND OPERATIONS

Fehr & Peers will develop the following forecasts for study intersections and roadway segments:

- Existing (2026) – Based on traffic counts collected in Task 3.1. Includes the operating ONT Field.
- Project Opening Year No Project – Ambient growth plus trips from approved projects in the study area. Includes the approved Ontario Regional Sports Complex plan.
- Project Opening Year Plus Proposed Project – Project traffic added to the No Project condition. Uses proposed to be redeveloped from the approved Ontario Regional Sports Complex plan will be removed.
- Cumulative Year No Project – Estimated using the SBTAM+ model assuming the adopted project.
- Cumulative Year Plus Proposed Project – Estimated using the SBTAM+ model assuming the proposed project.

Fehr & Peers will complete an LOS assessment applying the Highway Capacity Manual 7th Edition methodologies. Intersection analysis will be performed using the Synchro analysis software and incorporate signal timing data provided by the City and/or Caltrans. We will reference the existing traffic models prepared under the approved Sports Park project when possible.

It is anticipated that Caltrans will comment on the project asking for a safety review at freeway off-ramps. Off-ramp queueing at Caltrans ramps will be analyzed to review if queues are forecast to spill back to the freeway mainline.

This scope assumes that the City will want to evaluate potential physical changes to the intersection geometries in the immediate vicinity of the project area. Fehr & Peers will identify infrastructure

capacity improvements that would be needed to bring any identified deficient intersections to acceptable LOS. Fehr & Peers will work with the project team to compare proposed capacity improvements against multi-modal recommendations and goals/policies of the specific plan to provide final recommendations for infrastructure improvements.

TASK 3.4 – EIR TRANSPORTATION METRICS

Fehr & Peers will provide the following transportation metrics and traffic forecasts to assist in the Air Quality and Greenhouse Gas Emissions analysis and Noise analysis in EIR.

- Air Quality and Greenhouse Gas Emissions
    - Weekday trips, weekend trips and peak event trips for the land uses within the plan area for the following scenarios
        - Existing
        - Adopted Project
        - Proposed Project
    - Weekday Origin-Destination VMT for the following Scenarios:
        - Existing
        - Adopted Project
        - Proposed Project
    - Trips or VMT by fleet mix (e.g., % passenger vehicles, % medium-duty trucks, % heavy duty trucks)
    - Reductions in trips from Specific Plan implementation measures or design standards that support transit, bicycles, walking or TDM
- Noise
    - ADT segment volumes for all highway, major roadway and arterial segments in the traffic study area in tabular format:
        - Existing
        - Adopted Project
        - Proposed Project
    - Fleet mix [auto, medium-duty (2 axle, 6 tires), heavy-duty (3 axle+) on the above segments for existing and future timeframes
    - AM, Mid-day, PM and Night time percentage splits on the above segments for existing and future timeframes including for events
    - Speed limits on the above segments for existing and future timeframes
    - Number of lanes/roadway widths for the above segments
    - List of study segments used in the traffic analysis to assess potential impacts

TASK 3.5 – DOCUMENTATION

We will document the results of the analysis in a technical report. We will submit the draft report to the client for one round of consolidated comments. We will respond to one round of comments and submit the final draft.

Task 3 Deliverables:

- Traffic Counts
- EIR Transportation Metrics
- Dratf and Final Local Transportation Analysis Report

Task 4: Parking Study

Fehr & Peers will prepare an updated parking assessment for the proposed modifications to the Ontario Regional Sports Complex. This effort will build upon the previously completed parking study and focus on evaluating changes in parking demand associated with the revised project.

TASK 4.1 – DATA COLLECTION

Fehr & Peers will conduct parking space utilization surveys during a regular season baseball game to develop parking demand rates, validate the rates utilized in the previous parking study, and develop parking demand rates for the proposed soccer stadium.

TASK 4.2 – UPDATED PROJECT PARKING DEMAND ASSESSMENT

Fehr & Peers will review the proposed project modifications and the previously approved parking study to identify changes in land uses, intensities, and operational characteristics that may affect parking demand. Building upon the prior methodology, we will develop updated parking demand estimates for each project component using a combination of Shared Parking (ULI) methodologies for standard land uses and empirical data or professional judgment for unique sports and event-related uses. Key assumptions, including vehicle occupancy, mode split, internal capture, and event characteristics, will be reviewed and updated as appropriate.

Parking demand will be evaluated for representative weekday and weekend conditions, including relevant activity scenarios, and compared to the previously approved demand estimates to identify any changes.

TASK 4.3 – UPDATED SHARED PARKING ANALYSIS

Fehr & Peers will update the shared parking analysis to reflect the revised project program and updated parking demand inputs. Consistent with the prior study, we will assess peak conditions associated with overlapping activities (e.g., tournaments, games, and special events at ONT Field and/or the proposed soccer stadium) to identify the maximum parking demand for the site. The updated shared parking model will be used to determine the revised peak hour parking demand and assess how changes in the project affect the overall parking profile.

Fehr & Peers will work with the Project team to identify up to five event scenarios for analysis.

TASK 4.4 – PARKING SUPPLY EVALUATION

Fehr & Peers will compare the updated peak parking demand to the planned on-site parking supply to evaluate overall adequacy. The assessment will consider industry-standard utilization thresholds and operational factors affecting parking efficiency. We will identify whether the proposed parking supply continues to accommodate expected peak demand conditions. If needed, we will identify considerations for parking management strategies or operational adjustments to address any identified constraints.

TASK 4.5 – DOCUMENTATION

Fehr & Peers will prepare a technical memorandum summarizing the updated parking assessment. The memorandum will document the project updates, methodology, assumptions, updated parking demand estimates, shared parking analysis results, and comparison to available parking supply. The

documentation will also describe consistency with, or key differences from, the previously approved parking study and present clear findings regarding parking adequacy for the proposed project.

Task 4 Deliverables:

- Updated Shared Parking Analysis results
- Draft and Final Parking Technical Memorandum

Optional Task 5: Event Traffic Management Plan Update

Fehr & Peers will review and update the Draft Event Traffic Management Plan developed under the approved Sports Complex EIR. The plan will be updated to account for events at the soccer stadium and potential concurrently scheduled events at the Ontario Sports Empire or ONT Field.

The following information is anticipated to be updated:

- Event Characteristics and Traffic Management Plan Triggers, incorporating the proposed project characteristics and event types
- Traffic Management Strategies
    - Refinements to recommended vehicle access routes
    - Updated intersection traffic control strategies, particularly for concurrent events
    - Updated signage and wayfinding strategies
- Multimodal Access and Operations
    - Updated transit access points
    - Updated rideshare and passenger pick-up/drop-off locations
    - Updated pedestrian and bicycle access routes

The plan will identify traffic routes, site circulation, and parking operations for events at Project site. The draft plan will be submitted to the project team for review. This scope assumes up to four hours of staff time to respond to one round of consolidated comments from the Project team on the draft plan to create the Event Traffic Management Plan.

Task 5 Deliverables:

- Draft and Final Updated Event Traffic Management Plan

Task 6: SEIR & Adoption Hearing Support

TASK 6.1 – SEIR CHAPTER REVIEW

Fehr & Peers has scoped up to four hours to review and provide comments on the environmental consultants EIR Transportation Chapter.

TASK 6.2 – RESPONSE TO COMMENTS AND FINAL SEIR

Fehr & Peers will assist the environmental team in preparing responses to transportation-related comments received on the Draft EIR. Fehr & Peers is allocating 20 staff hours to respond to comments in the study budget. If additional time is needed due to the magnitude or complexity of the transportation-related comments, an additional scope and fee will be developed.

TASK 6.3 – PUBLIC HEARINGS

Fehr & Peers has budgeted for in-person attendance at two public hearings such as the planning commission hearing and city council hearing.

Task 6 Deliverables

- Markups of environmental consultants EIR Transportation Chapter
- Response to comments matrix
- Attendance at two public hearings

Cost Estimate and Schedule

Fehr & Peers will perform this work on a time and materials basis not to exceed $240,025. With the optional tasks, the fee would increase to $277,475. Invoices will be submitted monthly for services rendered and are due and payable upon receipt. Fehr & Peers will work with the Project team on an appropriate schedule following the kickoff meeting. We anticipate the VMT effort will take approximately six months to complete, while the LOS and Parking Assessment will take approximately 9-12 months.

Task	Fee
Task 1 – Meetings & Project Management	$35,970
Task 2 – VMT Assessment	$42,820
Optional Task 2.5 and Big Data Collection	*$14,570*
Task 3 – LOS Assessment	$123,880
Task 4 – Parking Study	$24,690
Optional Task 5 – Event Traffic Management Plan Update	*$22,880*
Task 6 – SEIR & Adoption Hearing Support	$12,665
Total	***$240,025***
Total with Optional Tasks	***$277,475***

We look forward to continuing to support the development of the Ontario Regional Sports Complex. If you have any questions or comments, please contact Paul Herrmann at (949) 308-6318.

Sincerely,

FEHR & PEERS

Paul Herrmann, P.E.
Senior Associate

Steven J. Brown, P.E.
Senior Vice President

OC26-P2934

PROJECT SCHEDULE:

Task	Timing
Project Initiation	July 2026
Notice of Preparation (30-day Public Review Period)	October to November 2026
Scoping Meeting	October 2026
Prepare Draft SEIR	October to January 2027
Public Review Draft SEIR (45-day Public Review Period)	January to February 2027
Prepare Final SEIR	March to April 2027
Planning Commission Hearing (4th Tuesdays)	May 2027
City Council Hearing (1st and 3rd Tuesdays)	June 2027
File NOD	June 2027
Statue of Limitations (30 days)	June to July 2027

BUDGET:

Phase/Task	Description	Fee Type	Budget
Phase 1	**TECHNICAL REPORT PREPARATION**		
Task 1.1	Coordinate and Review Technical Studies	T&M Estimate	$16,320.00
Task 1.2	PlaceWorks (AQ/GHG, NA, WSA)	Sub-Consultant	$105,667.00
Task 1.3	Fehr and Peers (Transportation)	Sub-Consultant	$240,025.00
		Sub-Total - Phase 1:	**$362,012.00**
Phase 2	**INITIAL STUDY/NOP AND SCOPING**		
Task 2.1	Initiation and Project Description	Fixed Fee	$7,560.00
Task 2.2	Notice of Preparation and Scoping Meeting	T&M Estimate	$8,100.00
		Sub-Total - Phase 2:	**$15,660.00**
Phase 3	**DRAFT SUPPLEMENTAL ENVIRONMENTAL IMPACT REPORT**		
Task 3.1	First Administrative Draft SEIR	Fixed Fee	$75,350.00
Task 3.2	Second Administrative Draft SEIR	T&M Estimate	$26,550.00
Task 3.3	Public Review Draft SEIR and Public Notices	T&M Estimate	$14,070.00
		Sub-Total - Phase 3:	**$115,970.00**
Phase 4	**FINAL SEIR, MMRP AND FINDINGS/SOC**		
Task 4.1	Responses to Comments and Administrative Draft Final SEIR	T&M Estimate	$25,840.00
Task 4.2	MMRP	Fixed Fee	$4,350.00
Task 4.3	Findings of Fact and Statement of Overriding Considerations	Fixed Fee	$9,680.00
Task 4.4	NOD	Fixed Fee	$2,520.00
		Sub-Total - Phase 4:	**$42,390.00**
Phase 5	**PROJECT MANAGEMENT/MEETINGS AND DOCUMENT PRODUCTION**		
Task 5.1	Meetings/Coordination	T&M Estimate	$15,120.00
Task 5.2	Public Hearings	T&M Estimate	$8,400.00
Task 5.3	Publish Documents and Close-Out	T&M Estimate	$11,910.00
		Sub-Total - Phase 5:	**$35,430.00**
		Total Project Budget:	**$571,462.00**
		Reimbursable Expense Allowance (printing, deliveries, etc.):	**$6,500.00**
		Total Project Budget (Including Reimbursables):	**$577,962.00**

EXHIBIT A - HOURLY RATES AND BILLING POLICY

If T&B Planning, Inc. is authorized to provide services on a *Time and Materials* basis, we will invoice for such work in accordance with the hourly rates provided below. For multi-year contracts, rates are subject to annual escalation not to exceed the annual U.S. rate of inflation or no more than 8%. Change orders are subject to annual billing rate increases and staff promotions to positions with different billing rates.

- Principal.....$245.00 - $285.00/Hour
- Director.....$205.00 - $245.00/Hour
- Senior Associate/Technical Specialist .....$195.00 - $235.00/Hour
- Senior Project Manager/Development Manager..... $185.00 - $215.00/Hour
- Graphics Manager/GIS Specialist .....$175.00 - $205.00/Hour
- Project Manager .....$165.00 - $190.00/Hour
- Senior Planner.....$140.00 - $165.00/Hour
- Assistant Project Manager.....$135.00 - $155.00/Hour
- Accounting Manager .....$125.00 - $145.00/Hour
- Project Coordinator .....$110.00 - $140.00/Hour
- Technician-Graphics & GIS.....$110.00 - $165.00/Hour
- Development Associate/Environmental Analyst/Planner.....$105.00 - $145.00/Hour
- Technical Editor.....$105.00 - $135.00/Hour
- Office Manager/Executive Assistant.....$105.00 - $135.00/Hour
- Administrative Assistant ..... $80.00 - $95.00/Hour

Expert testimony and litigation support services will be billed at double the above rates. Overtime and expedite services at Client request will be billed at 1.5 times the above rates.

T&B Planning's hourly rates do not include out-of-pocket expenses (including, but not limited to, printing and reproduction, scanning, plotting, GIS data acquisition fees, aerial photography, project set up fees and insurance certificate issuance, postage, and delivery services). Provided below are the 2026 costs of typical incurred expenses, which are subject to adjustment if our vendors adjust costs beyond the control of T&B Planning.

- Project Initiation/Insurance Certificate Fee $500.00/each
- Aerial Photographs $295.00/each
- Black/White 8.5 x 11 Copy/Print.....$0.12/page
- Black/White 11 x 17 Copy/Print.....$0.24/page
- Color 8.5 x 11 Copy/Print. $1.20/page
- Color 11 x 17 Copy/Print $1.45/page
- 11 X 17 Folding..... $0.30/page
- Photo Grade Color Prints .....$7.20/ sq. ft.
- Color Bond Plot .....$12.00/sq. ft.
- Plan Folding.....$0.48/sq. ft.
- USB..... $17.00/each
- Three-Ring Binder (2” to 4”)..... $14.00 - $30.00/each
- Custom Binding Materials .....At Cost
- Mileage.....Current IRS Rate
- Notary Public Stamp..... $65.00
- Parking, Toll Road, Lodging Fees.....At Cost

- U.S Mail .....Current U.S. Postal Rate at Cost
- Certified Mail..... At Cost based on Size and Weight
- Overnight Deliveries.....Current Carrier Rate at Cost
- Same-Day Deliveries.....Current Messenger Service Rate a Cost

Invoicing/Payments Due: T&B Planning invoices on a monthly basis in proportion to the time spent on the project to date. Time and materials labor is rounded to the one-quarter hour. Fixed fee labor is invoiced based on the percentage of work complete for the Task. Unless pre-arranged, all billing statements are due and payable within thirty (30) days of the submittal date. A finance charge of 1.5% per month will be charged on all invoices not paid within sixty (60) days of invoice submittal and a finance charge of 5% per month will be charged on all invoices not paid within ninety (90) days of invoice submittal. T&B Planning's procedure for prioritizing work is strongly influenced by timely payment of invoices by *the Client.* T&B Planning reserves the right to reallocate contracted budget amounts from one Task or Subtask to another Task or Subtask to account for efficiencies and/or unexpected work efforts that may require additional budget.

Sub-Consulted Work: Outside professional services performed by other individuals/firms that are sub-contracted through T&B Planning will be performed only following authorization from *the Client*. Billing for any services that are sub-contracted will be billed at our actual cost plus 0% for administrative handling.

No Guarantee of Public Agency Actions: *The Client* acknowledges that despite our best efforts, certain aspects of the work to be performed involve processing and discretionary approvals by politically influenced agencies and elected officials for which we can provide no guarantee of success. The compensation for T&B Planning, its sub-consultants and vendors is not dependent on agency concurrence or approvals.

File Storage: All substantive work products, including but not limited to substantive correspondence, reports, maps, and GIS files generated by T&B Planning for the project will be retained by T&B Planning in its files for a period of two (2) years after the close of the contract. After two (2) years, T&B Planning will archive the project's files and the files will be subject to archive retrieval fees should *the Client* or other party request the files. T&B Planning does not guarantee storage of archived files beyond a period of five (5) years and files will be discarded unless T&B Planning is advised in writing by *the Client* to retain such files for a longer period.

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Community Life & Culture Prepared By: Danielle Guevara Department: Prepared By: Danielle Guevara Staff Member Presenting: Helen McAlary, Executive Director Community Life and Culture Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 9

SUBJECT: AN AMENDMENT TO THE PROFESSIONAL SERVICES AGREEMENT WITH PURESOUND PRODUCTIONS FOR AUDIO, VISUAL, AND LIGHTING SERVICES

RECOMMENDATION: That the City Council authorize the City Manager, or his designee, to execute Amendment No. 4 to the Professional Services Agreement with Puresound Productions in the amount of $160,000 for a total not-to-exceed contract amount of $480,000 and extend the contract term to June 30, 2027.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Encourage, Provide or Support Enhanced Recreational, Educational, Cultural and Healthy City Programs, Policies and Activities

FISCAL IMPACT: The total cost for Fiscal Year 2026-27 is $160,000, for a new NTE amount of $480,000. The Fiscal Year 2026-27 Adopted Budget includes appropriations in the General Fund for these audio, visual, and lighting services.

BACKGROUND & ANALYSIS: The Community Life and Culture Agency (CL&C) provides community members with many large-scale events and programs throughout the year, many of which require extensive audio, visual, and lighting needs.

On March 14, 2022, the City solicited bids for audio, visual, and lighting services for special events. The City entered into a Professional Services Agreement on June 27, 2022, with a one-year term, three optional one-year extensions, and a not-to-exceed amount of $100,000. On March 17, 2023, Amendment No. 1 extended the term through June 30, 2024. Amendment No. 2 was entered on June 2, 2024, which extended the term another year and increased the not-to-exceed amount to $150,000. Amendment No. 3 was entered on January 21, 2025, extending the term through June 2026 and increasing the not-to-exceed contract amount to $320,000.

If approved, Amendment No. 4 will extend the agreement term through June 30th, 2027 and increase the contract amount by $160,000 for a new not-to-exceed amount of $480,000. This will

allow the City to maintain commitments to support special events and programs that require audio, visual, and lighting services.

Re: Notice to Extend Agreement with Puresound Productions, Inc., Amendment No. 4

Dear Paul Pierce:

As you know, the City of Ontario ("City") and Puresound Productions, Inc ("Consultant") entered into a Professional Services Agreement Amendment No. 3 dated January 21, 2025 (the "Agreement"). The term of the Agreement is set to expire on June 30, 2026. This Amendment No. 4 extends the term of the Agreement to a new expiration date of June 30, 2027.

Pursuant to the Agreement, the City has the sole discretion to renew the Agreement for an additional one-year term. Through this letter, the City hereby extends the term of the Agreement an additional one year(s) and increases the dollar value by $160,000 for a new total not to exceed amount of $480,000.

The terms and conditions of the Agreement shall remain the same.

If you have any questions, please don't hesitate to contact Jason Lass at the City.

Sincerely,

Scott Ochoa
City Manager

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Housing Prepared By: Albert Ramirez Department: Prepared By: Albert Ramirez Staff Member Presenting: Helen McAlary, Executive Director Community Life and Culture Reviewed By: Lacey A Rightmer Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 10

SUBJECT: A RESOLUTION ADOPTING THE ONTARIO HOUSING TRUST FUND GUIDELINES

RECOMMENDATION: That the City Council adopt a Resolution approving the Ontario Housing Trust Fund (OHTF) guidelines.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Operate in a Businesslike Manner

FISCAL IMPACT: If approved, the adoption of the Ontario Housing Trust Fund guidelines will reallocate approximately $4,267,062 in unprogrammed Affordability In-Lieu Fee revenue to the OHTF. The FY 2026-27 Adopted Budget includes appropriations in the Affordability In-Lieu Fund. Adoption of the guidelines will have no impact on the General Fund. Program expenditures and budget appropriations will be subject to City Council approval.

BACKGROUND & ANALYSIS: The Ontario Housing Trust Fund was established on August 5, 2025, through the adoption of Resolution 2025-131.

The OHTF is intended to support the development, preservation, and expansion of affordable housing opportunities within the City of Ontario. Potential uses discussed during the establishment of the OHTF included affordable housing development financing, land acquisition, first-time homebuyer assistance, housing rehabilitation, and housing stability programs such as eviction prevention and rental assistance.

The primary funding source for the OHTF is the Affordability In-Lieu Fee collected pursuant to Section 3.7.2.3 of the Agreement for the Financing and Construction of Limited Infrastructure Improvements to Serve an Easterly Portion of the New Model Colony. Under the Agreement, participating developers are required to provide affordable housing units equal to at least ten percent (10%) of the total approved residential units within their projects for very low-income and moderate-income households. Developers who do not fully satisfy this requirement may instead

pay an Affordability In-Lieu Fee based on the project's residential square footage.

The Affordability In-Lieu fee is adjusted annually based on changes in the Consumer Price Index. Effective July 1, 2025, the fee is $3.46 per square foot of residential development. Additional funding sources for the OHTF may include grants, loan repayments, interest earnings, and other local housing-related revenues.

Recognizing the unique nature and long-term purpose of the OHTF, City Council directed Staff to develop operating guidelines governing the administration and use of the fund. In preparing the proposed Guidelines, Staff evaluated housing trust fund models throughout California and identified best practices and innovative approaches to housing production, preservation, and homeownership assistance. These efforts informed the development of the proposed OHTF Guidelines.

The proposed Guidelines established the framework for administering the OHTF, including governance, administration, budgeting, eligible uses, and funding priorities. Under the Guidelines, the City Council will provide policy direction and oversight, approve annual funding allocations, authorize project-and program-specific expenditures, and review annual performance reports. Day-to-day administration of the OHTF will be managed by the Housing Services Department, with financial management and accounting services provided by the Finance Department.

The OHTF is intended to support projects and programs that advance the City's goal of expanding, preserving, and improving affordable housing opportunities. Eligible activities include, but are not limited to:

- Development of new affordable housing units;
- Preservation of existing affordable housing;
- Conversion of market-rate housing to affordable housing;
- Rehabilitation of residential properties occupied by lower-income households;
- Development and operational support for supportive and transitional housing;
- Rental assistance programs; and
- Homeownership assistance programs.

At this time, Staff has identified the following initial funding priorities:

1. **Affordable Rental and Homeownership Development Funding**
The OHTF will provide financial assistance to qualified affordable housing developments through loans and grants. Eligible projects may include affordable rental housing, permanent supportive housing, and affordable homeownership developments located within the City of Ontario.

Eligible uses of OHTF funds may include, but are not limited to, property acquisition, predevelopment activities, architectural and engineering design, site preparation, construction, rehabilitation, and other project-related costs necessary to facilitate the development and preservation of affordable housing.

Funding may be provided in the form of acquisition, predevelopment, construction or gap financing

loans, as well as grants, depending on project needs to support project feasibility and long-term affordability.

OHTF resources designated for housing development activities will be provided through the Ontario Housing Authority, which will administer development loans and grants in accordance with applicable program requirements.

2. **Keys to Community Suite of Programs**
The OHTF will support the City's Keys to Community Suite of Programs, which promotes long-term homeownership opportunities and neighborhood preservation through three Programs:

a. First-Time Homebuyer Program

Provides up to $120,000 in financial assistance in the form of a 30-year deferred-payment, zero-interest loan with shared equity appreciation. Assistance may be used for down payments and closing costs associated with purchasing a single-family home, townhome, condominium, or manufactured home within the City by eligible low- and moderate-income first-time homebuyers.

b. Housing Rehabilitation Loan Program

Provides up to $30,000 in the form of a 30-year deferred-payment, zero-interest loan for eligible owner-occupied homes. Eligible improvements include structural repairs, health and safety improvements, and accessibility modifications, including ADA-related improvements.

c. Exterior Beautification Grant Program

Provides grants up to $10,000 to eligible homeowners for exterior improvements that enhance neighborhood appearance, preserve housing quality, and support community revitalization efforts.

3. **Rental Assistance Programs**
The City currently administers rental assistance programs utilizing federal, state, local and other eligible funding sources. OHTF resources may supplement these programs by expanding existing rental assistance programs, increasing program capacity, or addressing emerging housing needs within the community.

The proposed OHTF Guidelines provide a framework for the effective administration of trust fund resources and establish funding priorities that advance the City's affordable housing goals. Staff recommends that the City Council approve the OHTF Guidelines and authorize their implementation.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, ADOPTING THE ONTARIO HOUSING TRUST FUND GUIDELINES.

WHEREAS, on August 5, 2025, the City Council ("City Council" or "Council) of the City of Ontario ("City") adopted Resolution No. 2025-131 ("Prior Resolution") to implement the Ontario Housing Trust Fund ("OHTF") in recognition of the need to facilitate new affordable housing development projects within the City; and

WHEREAS, the City of Ontario is committed to increasing the supply of affordable housing and addressing the housing needs of residents across all income levels; and

WHEREAS, the City anticipates there will be affordable housing projects in need of financing located in the City of Ontario; and

WHEREAS**,** the City staff reviewed the requirements for establishing a Local Housing Trust Fund, created, and intended that this Resolution provide and approve the adoption of the OHTF Guidelines; and

WHEREAS, the City Council finds it in the best interest of the City to appoint the City council as the board of the OHTF.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. The foregoing recitals are true and correct and incorporated herein by this reference.

SECTION 2. The City Council as the main governing body of the City shall be appointed as the governing Board of the OHFT. The City Council's roles and duties as the Board of the OHFT shall be outlined in the OHTF Guidelines and amendable by Council as needed.

SECTION 3. The OHTF Guidelines, attached hereto as Exhibit "A" and incorporated herein by this reference, establish the terms and conditions of the OHTF.

SECTION 4. The City Council has been presented with and has reviewed the OHTF Guidelines and after being so informed hereby adopts the Ontario Housing Trust Fund Guidelines.

SECTION 5. This Resolution, including the OHTF Guidelines, shall take immediate effect upon adoption.

SECTION 6. If any provision of this Resolution or the application of any such provision to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Resolution that can be given effect without the invalid provision or application, and to this end the provisions of the Resolution are severable. The City declares that the City would have adopted this Resolution irrespective of the invalidity of any particular portion of this Resolution.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 21st day of July 2026.

These Program Guidelines are established to provide an overview on the requirements, procedures, benefits, and operating standards of the program. They do not constitute a comprehensive statement of all laws and regulations that apply to affordable housing funding and development in Ontario. In addition to these guidelines, the operation of the program must comply with City procurement and contracting requirements as well as state or federal requirements when state or federal funds are used. In the event of conflict, City, State, and Federal requirements will prevail over the program guidelines. References to the "City Manager" within these guidelines will be interpreted as the City Manager or his designee. The City Manager reserves the authority to establish additional requirements to implement the program through administrative guidelines.

1. Purpose

The Ontario Housing Trust Fund (OHTF) was established on August 5, 2025, through the adoption of Resolution No. 2025-131. The purpose of the OHTF is to advance the development of affordable housing and related programs in the City of Ontario ("City"). The primary objective is to increase the accessibility of safe, stable, and sustainable housing options for low- and moderate-income households.

2. Overview

The City of Ontario created the OHTF as a tool to bridge the local housing gap through activities such as gap financing and land acquisition for affordable rental housing, downpayment assistance to homebuyers, and housing stability programs such as eviction prevention assistance. In leveraging dedicated funding, the OHTF aims to increase access to affordable housing, expand homeownership opportunities, and prevent displacement of residents.

3. Method

Funding may be granted to individuals, private or public entities, and/or profit or non-profit organizations. Further, funding may be awarded in the form of low-interest loans, grants, and/or financial incentives to extend affordability restrictions.

4. Funding Strategy

The Ontario Housing Trust Fund (OHTF) serves as a vehicle to receive, leverage, and administer funds from government, private, and philanthropic sources to support and invest in housing initiatives throughout the City. The City intends to actively pursue and coordinate additional funding opportunities through State, Federal, regional, and County housing programs to maximize available affordable housing resources and expand the impact of local investments.

This includes, but is not limited to, funding opportunities available through California Department of Housing and Community Development (HCD) programs, the Federal National Housing Trust Fund, and regional or County housing trust resources, including opportunities available through San Bernardino County. Where required by program guidelines, the City may identify or commit eligible matching funds to maximize competitiveness and leverage additional housing resources.

Potential funding sources that may be deposited into the OHTF include:

- Local government funding (City General Fund allocations, etc.)
- Federal and State grants (Permanent Local Housing Allocation Program, State Local Housing Trust Fund Program, National Housing Trust Fund, and other applicable programs)
- Private and philanthropic contributions (Development Agreement community benefit funds, foundation grants, philanthropic gifts, etc.)
- • In-lieu fees, originally established through the "Agreement for the Financing and Construction of Phase I and II Infrastructure Improvements to Serve an Easterly Portion of the New Model

Colony" on October 4, 2005 (paid to the City of Ontario as an alternative to providing affordable housing units on-site within Ontario Ranch)
- Surplus Land Act violation returns
- Other public or private funding sources that support affordable housing and related housing initiatives

Up to five percent (5%) of program funds may be used for administrative expenses associated with the implementation and administration of the OHTF.

5. Eligible Activity Types

The OHTF shall invest in projects and programs that align with the City's mission to expand and/or preserve its affordable housing stock. Eligible project/program types include:

a) Creation of new affordable housing units;
b) Preservation of existing affordable housing;
c) Conversion of market-rate units to affordable housing units;
d) Rehabilitation of residential property for occupancy by lower-income households;
e) Supportive and transitional housing;
f) Rental assistance programs; and
g) Down-Payment Assistance Loans
h) Administration and Planning (up to 5%)

Currently identified activities and investment types that shall be made through the OHTF, including details on affordability restrictions, project types, and eligible uses:

Affordable Rental and Homeownership Development Funding

The OHTF shall assist qualified applicants with funding development projects within the City through low-interest loans and grants. Development projects shall include affordable housing, permanent supportive housing, and transitional housing projects. All loans and grants issued through the OHTF must be approved through an action of the Ontario Housing Authority Board.

Eligible activities associated with development projects include any of the following:

- Land or property acquisition for new development
- New construction (site preparation, materials)
- Rehabilitation costs
- Relocation costs
- Gap financing
- Any other activity that helps to address the City's goals and priority of increasing affordable housing as reflected by ordinances and resolutions established by the City Council

A. Fund Reimbursement

Loans shall be repaid through a split of residual receipts once development has stabilized. The split will be determined on a project-by-project basis. Loans made by the OHTF will be subject to

3% simple interest. At the discretion of the City Manager, or his designee, the interest rate may be adjusted.

B. City Priorities

Development projects should meet the City priorities listed below:

- Benefit to projects featuring deep affordability, benefitting the highest percentage of Low-Mod households
- Projects utilizing program funds as a match or leveraging tool to stimulate use of conventional and below-market resources or that have other funding sources committed
- Multifamily projects should guarantee a 55-year term
- Local residents participating in City-funded programs shall have a priority for tenant selection
- Support projects that contribute to the redevelopment and revitalization of key City corridors and strategic areas identified by the City for economic development, neighborhood enhancement, and community investment

C. Underwriting Standards

For purposes of the OHTF Program, underwriting involves the analysis of project assumptions and risks to determine if the public investment is reasonable and the project can be expected to meet all applicable program requirements. City staff will review the Applicant's estimates and projections of rents, expenses, reserves, and development costs in accordance with the City's underwriting guidelines

The OHTF will, at minimum, utilize the Underwriting Standards as described in the California Code of Regulations, Title 25, Division 1, Chapter 7, Subchapter 19, Section 8310 (Attachment 2).

Keys to Community Suite of Programs

The Keys to Community Suite of programs contains three components to assist with long-term homeownership for moderate-income homeowners and homebuyers.

a) First-Time Homebuyer Program: Provides a maximum financial assistance of $120, 000 in the form of a 30-year zero-interest, deferred loan with equity appreciation to eligible, low-to-moderate-income, first-time homebuyer applicants for down payment and closing cost support needed to secure financing for the purchase of a single-family home, townhome, condominium, or manufactured home within the City.
b) Housing Rehabilitation Loan Program: Provides financial assistance of up to $30,000 in the form of a 30-year, zero-interest loan. Eligible improvements include the replacement, repair, and/or improvement of structural components. Necessary ADA-related improvements are also eligible.
c) Exterior Beautification Grant Program: Provides financial assistance in the form of a $10,000 grant to assist homeowners in making facade improvements to their home to facilitate neighborhood improvement and preservation.

Rental Assistance Programs

The City may offer rental assistance programs funded through Federal, State, local, or other eligible funding sources. The OHTF may provide supplemental funding to infuse additional resources into existing rental assistance programs to expand assistance availability, increase program capacity, or address identified housing needs within the community. Where OHTF funding is used to supplement an existing rental assistance program, the requirements governing the program's primary funding source shall also apply to the use of OHTF funds, as applicable.

6. Affordability Requirements

Projects that receive OHTF funding will be subject to affordability and occupancy requirements. These requirements will be recorded against the property. When multiple funding sources are used in coordination with OHTF funds, the most restrictive affordability requirements will apply. OHTF funds will target the following affordability mix:

a) Extremely low-income (at or below 30% of AMI): Target 30% of OHTF funds
b) Lower-income (at or below 80% of AMI): Up to 70% of OHTF funds
c) Moderate-income (80% to 120% of AMI): Maximum of 20% of OHTF funds
d) Contingency: Target 15% of OHTF funds. These funds can be allocated to provide for any of the identified categories above

Projects that do not meet the target affordability mix will be considered on a project-by-project basis.

7. Proposal Solicitation

The City may elect to solicit proposals from qualified housing developers and/or public services providers for the provision of eligible activities. Proposals may be submitted to the City for funding consideration outside of a solicitation period.

8. Governance and Administration

The following section outlines the governance structure, roles of staff, administrative costs and Guideline adoption/amendment procedures.

Governance

Ontario City Council shall perform all the following functions:

- Provide policy direction and oversight
- OHTF Guideline adoption, including amendments
- Approve OHTF Budget
- Approve program-specific expenditures or project-specific funding commitments
- Review Annual Report

Staff and Administration

The day-to-day operations and administration of the OHTF shall be completed by the Housing Services Department and assisted by the Finance Department.

The Director of Housing Services, or designee, shall serve as the administrator of the OHTF. The Director's administrative responsibilities shall include implementation, monitoring, evaluation and reporting on the projects and programs outlined in the Guidelines.

The Finance Director/City Treasurer, or designee, shall provide financial management and accounting services for the LHTF including disbursing and collecting OHTF funds; maintaining and managing a separate account or accounts for OHTF funds; and maintaining financial records for the OHTF.

The implementation and administration of the various programs will incur administrative costs including legal, project management personnel, third party financial and economic analysis, and environmental and labor compliance management. Funding Allocation Plan budgets shall include a 5% allocation to cover administrative costs.

Budgeting

The available and projected revenues of the Ontario Housing Trust Fund (OHTF) shall be incorporated into the City's annual budget development process. Appropriations from the OHTF for specific programs, projects, or activities identified in the approved budget shall be subject to separate City Council authorization and approval.

To facilitate the implementation of affordable housing initiatives, OHTF funds may be transferred to the Ontario Housing Authority (Authority) for eligible housing activities, including, but not limited to, property acquisition, predevelopment costs, development gap financing, preservation activities, and the leveraging of other public and private funding sources. Any such transfer shall be governed by a Cooperation Agreement between the City and the Authority, which shall specify the purpose, amount, and use of the transferred funds and ensure consistency with the objectives of the OHTF.

Reporting

City staff shall present an annual report to the City Council providing updates on the operation, activity, and financial summary of the OHTF. This report will be delivered within 120 days of the end of the prior Fiscal Year.

Activity reporting shall include:

- Any work undertaken and/or completed that period, including the number, type and unit count;
- Any activities planned to be undertaken in the next period;
- Any problems encountered in Program implementation, solutions to mitigate problems, and potential impacts of said problems; and
- A spreadsheet listing all eligible projects assisted during the reporting period.

Financial summaries shall:

- Provide a breakdown of program funds including amount drawn down and amount expended on extremely low- and moderate-income households; and
- Document matching funds, including amount by source, expended on each eligible project during the reporting period.

Record Keeping

The City of Ontario shall maintain adequate records of services and payments to parties served by programs under the OHTF in sufficient detail to demonstrate compliance with the policies and procedures of the fund. These records shall be retained for at least the duration of the loan period.

Financial and client records are confidential regarding their use as public information; however, information may be provided to another city, state, or federal agency if required to provide information or prevent duplication of payments.

Audit

The City retains the express authority to perform random audits of records for participating parties.

RESOLUTION NO. 2025-131

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, ESTABLISHING THE ONTARIO LOCAL HOUSING TRUST FUND AND DESIGNATING THE AFFORDABLE HOUSING IN-LIEU FUND AS A DEDICATED FUNDING SOURCE AND FINDING THE ACTION EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT PURSUANT TO CEQA GUIDELINES SECTION 15378.

WHEREAS, the adequate supply of qualify and affordable housing is fundamental to the economic and social well-being of the City of Ontario ("City"); and

WHEREAS, as profiled in the City's 2022-2029 Housing Element, there exists a continuing need in the City for funding and policies to address affordable housing needs; and

WHEREAS, the City Council wishes to establish the City of Ontario Local Housing Trust Fund ("LHTF") to help facilitate affordable housing development in the City; and

WHEREAS, the LHTF will, among other things, create a platform for the City to provide gap financing for the development of new affordable housing units. The LHTF will also provide the necessary legal framework for the City to be eligible to receive funding from other local, state or federal funding sources that could be used to provide funding for affordable housing; and

WHEREAS, the LHTF's initial funding source shall be the City's Affordable Housing In-Lieu Fund, which was created to specifically fund the development and preservation of affordable housing; and

WHEREAS, all legal prerequisites to the adoption of this Resolution have occurred.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO, DOES HEREBY RESOLVE, DECLARE, DETERMINE AND ORDER AS FOLLOWS:

SECTION 1: Findings. The above recitals are declared to be true and correct and are incorporated into this Resolution as findings of the City Council.

SECTION 2: CEQA. The proposed action is exempt from the requirements of the California Environmental Quality Act ("CEQA") in accordance with CEQA Guidelines Section 15378, in that establishing a LHTF does not meet CEQA's definition of a "project," because the action does not have the potential for resulting in either a direct physical change to the environment or a reasonably foreseeable indirect physical change in the environment.

SECTION 3: Establishment and Purpose. The City Council hereby establishes the City of Ontario Local Housing Trust Fund ("LHTF") to provide assistance in developing and maintaining affordable housing in the City.

SECTION 4: Funding Sources. The LHTF shall be funded by the Fund 4030 the Affordable Housing In-Lieu Fund. The LHTF may also receive funds from any other legally available funding source.

SECTION 5: Eligible Uses; Guidelines.

A. Generally. Funds deposited in the LHTF, and all interest thereon, shall be used to increase, improve, and preserve the City's supply of affordable housing.

B. Guidelines. The terms and conditions governing the City's expenditure of funds from the LHTF shall be set forth in guidelines adopted by the City Council ("Guidelines"). Among other things, the Guidelines shall establish eligible project types, eligible and ineligible costs, funding criteria and priorities, typical loan terms, and the application process. Adoption of the Guidelines, and any amendments, shall be by City Council resolution.

C. City Council Approval. Notwithstanding subsection (B) (Guidelines) above, all expenditures from the LHTF shall require City Council approval.

SECTION 6: Administration.

A. Housing Authority. The Executive Director of the Housing Authority, or designee, shall serve as the administrator of the LHTF. The Director's administrative responsibilities shall be set forth in the Guidelines.

B. Financial Services. The Executive Director of Finance, or designee, shall provide financial management and accounting services for the LHTF. In addition to any responsibilities provided in the Guidelines, these responsibilities shall include: disbursing and collecting LHTF funds; maintaining and managing a separate account or accounts for LHTF funds; and, maintaining financial records for the LHTF.

SECTION 7 Annual Report. The Director of the Housing Authority, or designee, shall prepare and present an annual report to the City Council regarding the activities undertaken with funds from the LHTF in the previous year and any other topics required by the Guidelines.

SECTION 8 Effective Date. This Resolution takes immediate effect upon adoption.

SECTION 9 Severability. If any provision of this Resolution or the application of any such provision to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Resolution that can be given effect without the invalid provision or application, and to this end the provisions of this Resolution

are severable. The City declares that the City would have adopted this Resolution irrespective of the invalidity of any particular portion of this Resolution.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 5th day of August 2025.

Section 8318. Federal Loan Extensions. 35

Section 8300. Purpose and Scope.

(a) These regulations provide uniform standards and program rules for multifamily rental housing developments assisted by the Department of Housing and Community Development.

(b) When expressly incorporated by reference, some or all of the provisions of this Chapter shall apply to: the Joe Serna, Jr. Farmworker Housing Grant (JSJFWHG) Program (Chapter 7, subchapter 3, commencing with Section 7200); the Multifamily Housing Program (MHP) (Chapter 7, subchapter 4, commencing with Section 7300); and the HOME Investment Partnerships (HOME) Program (Chapter 7, subchapter 17, commencing with Section 8200). These regulations interpret and make specific the following statutes applicable to these programs: Health and Safety Code Division 31, Part 3.2, Chapter 2 (commencing with Section 50517.5), Chapter 6.7 (commencing with Section 50675), and Chapter 16 (commencing with Section 50896).

(c) The 2017 adoptions and amendments to subchapter 19 shall be effective on November 15, 2017 and shall apply prospectively to all standard agreements between the Department and Sponsors that are executed or amended on or after the foregoing effective date and are governed by the authorities set forth in subsection (b). These agreements are subject to the standard contract format referenced in the California State Contracting Manual.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(2), 50675.1(d), 50675.11 and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5, 50675, 50896, 50896.1 and 50896.3, Health and Safety Code; and 24 CFR part 92.

Section 8301. Definitions.

The following definitions govern this subchapter.

(a) "Assisted Unit" means a Unit that is subject to the Program's rent and/or occupancy restrictions as a result of the financial assistance provided by the Program, as specified in the Regulatory Agreement.

(b) "CalHFA" means the California Housing Finance Agency.

(c) "Commercial Space" means any nonresidential space located in or on the property of a Rental Housing Development that is, or is

proposed to be, rented or leased by the owner of the Project, the income from which shall be included in Operating Income.

(d) “CPI” means the Consumer Price Index for All Urban Consumers, West Region, All Items, as published by the Bureau of Labor Statistics, United States Department of Labor.

(e) “Debt Service Coverage Ratio" means the ratio of (1) Operating Income less the sum of Operating Expenses and required reserves to (2) debt service payments, excluding voluntary prepayments and non-mandatory debt service. In calculating Debt Service Coverage Ratio, the Department may include all Operating Income, and may exclude Operating Income that cannot be reasonably underwritten by lenders making amortized loans or that is approved by the Department to be deposited into a reserve account to defray projected operating deficits.

(f) "Department" means the Department of Housing and Community Development.

(g) “Developer Fee” means the same as the definition of that term in California Code of Regulations, Title 4, Section 10302.

(h) "Distributions" means the amount of cash or other benefits received from the operation of a Rental Housing Development and available to be distributed pursuant to Section 8314 to the Sponsor or any party having a beneficial interest in the Sponsor or the Project, after payment of all due and outstanding obligations incurred in connection with the Rental Housing Development. Distributions do not include payments for: deferred Developer Fee up to the limit set forth in Section 8312, approved partnership and asset management fees, mandatory debt service, approved reserve accounts established to prevent tenant displacement resulting from the termination of rent subsidies, operations, maintenance, payments to approved reserve accounts, land lease payments to parties that do not have a beneficial interest in the Sponsor entity, or payments for property management or other services as set forth in the Regulatory Agreement for the Rental Housing Development. Distributions include releases to the Sponsor or any other party of reserve funds, where the use of these funds have not been approved by the Department for Project costs.

(i) “Eligible Households” for MHP means “eligible household” as defined in Section 7301, for HOME this term means the same as “low income families” as defined in 24 CFR 92.2, and for JSJFWHG

this term means the same as “agricultural household” as defined in Section 7202.

(j) “Native American Lands” means real property located within the geographic boundary of the State of California that meets both the following criteria: it is trust land for which the United States holds title to the tract or interest in trust for the benefit of one or more Indian tribes or individual Indians, or is restricted Indian land for which one or more tribes or individual Indians holds fee title to the tract or interest but can alienate or encumber it only with the approval of the United States; and the land may be leased for housing development and residential purposes under federal law.

(k) "Operating Expenses" means the amount approved by the Department that is necessary to pay for the recurring expenses of the Project, such as utilities, maintenance, management, taxes, licenses, and Supportive Services Costs, but not including debt service or required reserve account deposits.

(l) "Operating Income" means all income generated in connection with operation of the Rental Housing Development including rental income for Assisted Units and non-Assisted Units, rental income for Commercial Space or commercial use, laundry and equipment rental fees, rental subsidy payments, and interest on any accounts, other than approved reserve accounts, related to the Rental Housing Development. "Operating Income" does not include security and equipment deposits, payments to the Sponsor for Supportive Services not included in the Department-approved operating budget, cash contributed by the Sponsor, or tax benefits received by the Sponsor.

(m) "Program" means the Department funding program or programs providing assistance to the Project.

(n) "Project" means a Rental Housing Development, and includes the development, the construction or rehabilitation, and the operation thereof, and the financing structure and all agreements and documentation approved in connection therewith.

(o) “Regulatory Agreement” means the written agreement between the Department and the Sponsor that will be recorded as a lien on the Rental Housing Development to control the use and maintenance of the Project, including restricting the rent and occupancy of the Assisted Units.

(p) "Rental Housing Development" means a structure or set of structures which collectively contains 5 or more Units (except that HOME projects may contain fewer than 5 Units.). “Rental Housing Development” does not include any “health facility” as defined by Section 1250 of the Health and Safety Code or any “alcoholism or drug abuse recovery or treatment facility” as defined by Section 11834.02 of the Health and Safety Code.

(q) “Restricted Unit” means any Assisted Unit and any Unit that is subject to Rent and occupancy restrictions that are comparable to those applicable to Assisted Units. Restricted Units include Units subject to a TCAC regulatory agreement, and all Units subject to similar long-term, low-income or occupancy restrictions imposed by other public agencies.

(r) "Rural Area" means the same as defined in Section 50199.21 of the Health and Safety Code.

(s) “Sponsor” means the legal entity or combination of legal entities with continuing control of the Rental Housing Development. Where the borrowing entity is or will be organized as a limited partnership, Sponsor includes the general partner or general partners who have effective control over the operation of the partnership, or, if the general partner is controlled by another entity, the controlling entity. Sponsor does not include the seller of the property to be developed as the Project, unless the seller will retain control of the Project for the period of time necessary to ensure Project feasibility as determined by the Department.

(t) “Supportive Services” means social, health, educational, income support and employment services and benefits, coordination of community building and educational activities, individualized needs assessment, and individualized assistance with obtaining services and benefits.

(u) “Supportive Services Costs” means the costs of providing tenants service coordination, case management, and direct resident and Supportive Services. It includes:

(1) the cost of providing tenants with information on and referral to social, health, educational, income support and employment services and benefits, coordination of community building and educational activities, individualized needs assessment, and individualized assistance with obtaining services and benefits;

(2) salaries, benefits, contracted services, telecommunication expenses, travel costs, supplies, office expenses, staff training, maintenance of on-site equipment used in services programs, such as computer labs, incidental costs related to resident events, and other similar costs approved by the Department.

(v) “TCAC" means the California Tax Credit Allocation Committee.

(w) "Transitional Housing" means a Rental Housing Development operating under programmatic constraints that require the termination of assistance after a specified time or event, in no case less than 6 months after initial occupancy, and the re-renting of the Assisted Unit to another eligible participant.

(x) “Unit” means a residential Unit that is used as a primary residence by its occupants, including efficiency Units, residential hotel units, and units used as Transitional Housing.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50675.11, 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5, 50675, 50675.1(c), 50675.2 and 50896.1(a), Health and Safety Code; and 24 CFR part 92.

Section 8302. Restrictions on Demolition.

(a) Proposed projects involving new construction and requiring the demolition of existing residential Units are eligible only if the number of bedrooms in the new Project is at least equal to the total number of bedrooms in the demolished structures. The new Units may exist on separate parcels provided all parcels are part of the same Rental Housing Development meeting the requirements of Section 8303(b).

(b) The Department may approve exceptions to subsection (a) where it determines that such exceptions will substantially improve the livability of the remaining units, or serve some other compelling public policy objective. For example, it may approve a reduction in the number of single room occupancy (SRO) units where necessary to add private cooking and bathing facilities, or a reduction in the number of bedrooms in public housing necessary to meet federal requirements.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50675.11, 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(a)(1), 50517.5(d)(3), 50675.4, 50675.7 and 50896.1(a), Health and Safety Code; and 24 CFR Section 92.353(a).

Section 8303. Site Control Requirements and Scattered Site Projects.

(a) At the time of application, a Sponsor must have site control of the of the proposed Project property, in the name of the Sponsor or an entity controlled by the Sponsor, by one of the following means:

(1) fee title, which, for tribal trust land, may be evidenced by a title status report or an attorney's opinion regarding chain of title and current title status;

(2) a leasehold interest on the Project property with provisions that enable the lessee to make improvements on and encumber the property provided that the terms and conditions of any proposed lease shall permit, prior to loan closing, compliance with all Program requirements, including compliance with Section 8316;

(3) an enforceable option to purchase or lease which shall extend through the anticipated date of the Program award as specified in the Notice of Funding Availability (NOFA);

(4) a disposition and development agreement with a public agency;

(5) an agreement with a public agency that gives the Sponsor exclusive rights to negotiate with that agency for acquisition of the site, provided that the major terms of the acquisition have been agreed to by both parties; or

(6) a land sales contract, or other enforceable agreement for the acquisition of the property.

(b) If the Project has multiple contiguous or non-contiguous sites, the configuration of those sites must satisfy all provisions of the statutes governing the applicable Department funding program or programs, and meet the following additional requirements:

(1) all of the developments on the various sites must have a single owner and property manager at the time of the closing of the Department loan, with the exception of any non-residential condominium units;

(2) the debt and associated security instruments of all lenders senior to the Department must be the same for all sites, and multiple senior lenders shall not be allowed;

(3) there must be a single annual report, schedule of rental income, and annual audit of project operations covering all sites;

(4) the Department must be secured against all sites, with lien priority relative to local public agency lenders and use of cash flow available for residual receipt loan payments determined in accordance with Section 8314(a)(2)(A) and (B) of these regulations (with each lender's share of residual receipts proportionate to their share of total Department and local government assistance for the entire multi-site project); and

(5) the Department must be named on applicable insurance policies subject to the Department's approval covering all sites, including but not limited to title insurance policies and other policies with coverage for hazard and liability insurance for the Rental Housing Development, including flood insurance, if applicable. The Department shall be named as a loss payee or an additional insured on all such policies. Such policies also shall provide for notice to the Department in the event of any lapse of coverage and in the event of any claim thereunder. Insurance must be obtained and maintained for the term of the Department's program loan.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50675.11, 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(d)(4)(A), 50675.6, 50675.7(c)(3) and 50896.1(a), Health and Safety Code; 42 U.S.C. Section 5304(b); and 24 CFR Section 92.35(a).

Section 8304. Unit Standards.

(a) Restricted Units shall not differ substantially in size or amenity level from non-Restricted Units with the same number of bedrooms, and Units shall not differ in size or amenity level on the basis of income-level restrictions. Restricted Units shall not be segregated from non-Restricted Units, and Units shall not be segregated from each other on the basis of income-level restrictions. Within these limits, Sponsors may change the designation of a particular Unit from Assisted to non-Assisted or from one income-restriction to another over time. For Projects involving rehabilitation or conversion, the Department may permit certain Units to be designated as exclusively market-rate Units where necessary for fiscal integrity and where all other Program requirements are satisfied.

(b) For the full loan term, the number, size, type, and amenity level of Assisted Units shall not be fewer than the number nor different from the size, type and amenity level described in the Regulatory Agreement.

(c) For projects assisted by MHP, the number of Assisted Units shall equal the number of Restricted Units to the extent allowed by the requirements of Article XXXIV of the California Constitution.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(c), 50675.11, 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(d)(4)(A), 50517.5(d)(5), 50517.5(e)(2), 50675.1(c), 50675.2(b), 50675.7, 50675.8 and 50896.1(a), Health and Safety Code; and 24 CFR Sections 92.252(e) and 92.504(c).

Section 8305. Tenant Selection.

(a) Sponsors shall select only Eligible Households as tenants of vacant Assisted Units, using procedures approved by the Department that include:

(1) reasonable criteria for selection or rejection of tenant applications which shall not discriminate in violation of any federal, state or local law governing discrimination, or any other arbitrary factor;

(2) prohibition of local residency requirements;

(3) prohibition of local residency preferences, except where there is evidence satisfactory to the Department that the preference as applied will comply with fair housing law and:

(A) where accompanied by an equal preference for employment in the local area and applied to areas not smaller than municipal jurisdictions or recognized communities within unincorporated areas, or

(B) where a local ordinance grants a preference to neighborhood residents who have been or are about to be displaced;

(4) tenant selection procedures that include the following components, and that are available to prospective tenants upon request:

(A) selection of tenants based on order of application, lottery or other reasonable method approved by the

Department, including priority status under a local coordinated entry (also known as centralized or coordinated assessment, or coordinated access) system established pursuant to federal regulations governing the Continuum of Care program, 24 Code of Federal Regulations, Part 578 (June 6, 2017) hereby incorporated by reference;

(B) does not encourage or require applicants to wait in a physical line;

(C) notification to tenant applicants of eligibility for residency and, based on turnover history for Units in the Rental Housing Development, the approximate date when a Unit may be available;

(D) notification of tenant applicants who are found ineligible to occupy an Assisted Unit of their ineligibility and the reason for the ineligibility, and of their right to appeal this determination;

(E) maintenance of a waiting list of applicant households eligible to occupy Assisted Units and Units designated for various tenant income levels, which shall be made available to prospective tenants upon request;

(F) targeting specific Special Needs Populations ("Special Needs Populations" has the same meaning as defined in Section 7301(s)) in accordance with the Regulatory Agreement and applicable laws; and

(G) affirmative fair housing marketing procedures as specified in the Affirmative Fair Housing Marketing Plan Compliance Regulations of the United States Department of Housing and Urban Development, 24 CFR part 200.620 (a)-(c), or similar affirmative fair marketing housing plan as approved by the Department.

(b) Sponsors shall rent vacant units to households with no less than the number of people specified in the following schedule:

Unit Size	*Minimum Number of Persons in Household*
SRO	1
0-BR	1
1-BR	1
2-BR	2
3-BR	4
4-BR	6
5-BR	8

Exceptions:

(1) Live-in aids may be allocated a separate bedroom.

(2) A separate bedroom may be allocated as a reasonable accommodation for individuals with disabilities who have a need for such an accommodation.

(3) For units covered under Housing Choice Vouchers or project-based Section 8 rental assistance contracts, Sponsors may defer to the local housing authority's determination of appropriate unit occupancy.

A Sponsor may assign tenant households to Units of sizes other than those indicated as appropriate in the table and exceptions listed above if the Sponsor reasonably determines that special circumstances warrant such an assignment and the reasons are documented in the tenant's file. The Sponsor's determination is subject to approval by the Department. Through the Project's tenant selection or management plan, a Sponsor may receive advance Department approval of additional categorical exceptions.

(c) The Department may approve exceptions to the requirements of this section for Projects located on Native American Lands, based on the unique legal requirements applicable to Native American Lands.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50675.11, 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(a)(1), 50517.5(d)(3), 50517.5(d)(5), 50517.5(e)(2), 50675.1(c), 50675.8(a)(1) and 50896.1(a), Health and Safety Code; and 24 CFR Sections 92.303, 92.350 and 92.351.

Section 8306. Tenant Recertification.

(a) The Sponsor shall annually recertify household size and income for Assisted Units.

(b) If at the time of recertification, a tenant's household size has changed and no longer meets the occupancy standards pursuant to the previous section, the Sponsor may require the tenant household to move to the next available appropriately sized Unit.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(c), 50675.11, 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(a)(1), 50517.5(d)(3), 50517.5(d)(5), 50517.5(e)(2), 50675.1(c), 50675.8(a)(1) and 50896.1(a), Health and Safety Code, and 24 CFR Sections 92.303, 92.350 and 92.351.

Section 8307. Rental Agreement and Grievance Procedure.

(a) All rental or occupancy agreements for Assisted Units are subject to Department approval and shall include:

(1) provisions requiring good cause for termination of tenancy. One or more of the following constitutes "good cause":

(A) failure by the tenant to maintain applicable eligibility requirements under the Program or other eligibility requirements as approved by the Department;

(B) material noncompliance by the tenant with the lease, including one or more substantial violations of the lease or habitual minor violations of the lease which:

1. adversely affect the health and safety of any person or the right of any tenant to the quiet enjoyment of the leased premises and related Project facilities;

2. substantially interfere with the management, maintenance, or operation of the Rental Housing Development; or

3. result from the failure or refusal to pay, in a timely fashion, Rent or other permitted charges when due. Failure or refusal to pay in a timely fashion is a minor violation if payment is made during the 3-day notice period;

(C) material failure by the tenant to carry out obligations under federal, state or local law;

(D) subletting by the tenant of all or any portion of the Assisted Unit;

(E) any other action or conduct of the tenant constituting significant problems which can be reasonably resolved only by eviction of the tenant, provided that the Sponsor has previously notified the tenant that the conduct or action in question would be considered cause for eviction. Examples of action or conduct in this category include the refusal of a tenant, after written notice, to accept reasonable rules or any reasonable changes in the lease or the refusal to recertify income or household size; or

(F) for Transitional Housing, the end of the maximum term prescribed for tenant occupancy by the Program operated in a particular Transitional Housing Project.

(2) a provision requiring that the facts constituting the grounds for any eviction be set forth in the notice provided to the tenant pursuant to state law;

(3) notice of grievance procedures for hearing complaints of tenants and appeal of management action; and

(4) a requirement that the tenant annually recertify household income and size.

(b) The Sponsor shall adopt an appeal and grievance procedure to resolve grievances filed by tenants and appeals of actions taken by Sponsors with respect to tenants' occupancy in the Rental Housing Development, and prospective tenants' applications for occupancy. The Sponsor's appeal and grievance procedure shall be subject to Department approval and, at a minimum, shall include the following:

(1) a requirement for delivery to each tenant and applicant of a written copy of the appeal and grievance procedure;

(2) procedures for informal dispute resolution;

(3) a right to a hearing before an impartial body, which shall consist of one or more persons with the power to render a final decision on the appeal or grievance; and

(4) procedures for the conduct of an appeal or grievance hearing and the appointment of an impartial hearing body.

(c) Neither utilization of, nor participation in any of the appeal and grievance procedures shall constitute a waiver of or affect the rights of the tenant, prospective tenant, or Sponsor to a trial de novo or judicial review in any judicial proceeding which may thereafter be brought in the matter.

(d) This section shall not be construed to pre-empt or supersede requirements established by local government which further limit good cause for eviction.

(e) For Projects located on Native American Lands, the Department may approve exemptions to the requirements of this section, based on the unique legal requirements applicable to Native American Lands.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50675.11, 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(d)(3), 50517.5(d)(5), 50517.5(e)(2), 50675.8(a)(1), 50675.8(a)(2) and 50896.1(a), Health and Safety Code; and 24 CFR Sections 92.253 and 92.303.

Section 8308. Operating Reserves.

The Sponsor shall establish an operating reserve for the purpose of defraying operating shortfalls resulting from Department-approved Operating Expenses exceeding Operating Income beyond the rent-up period.

a) Withdrawals from the operating reserve shall require prior written approval of the Department. Should the Department fail to take action on a request for an eligible withdrawal from the operating reserve within 30 days from documented receipt of the request, that request shall be deemed approved.

b) The initial deposit to the operating reserve shall be funded from development funding sources in an amount determined by the Department, which shall be not less than the total of the following: 4 months of projected Operating Expenses (excluding the cost of on-site Supportive Services coordination), 4 months of required

replacement reserve deposits, and 4 months of non-contingent debt service. For projects with tax credits, the requirement shall be 3 months of these items. In setting the initial funding requirement, the Department shall consider factors including, but not limited to the projected level of Project cash flow, the adequacy of the operating budget, Project location, local market characteristics, the number of sites, and Project design.

c) Sponsor shall fully replace any withdrawals from the Operating Reserve, up to the minimum initial deposit amount specified in subsection (b) above, as may be modified in accordance with subsection (d) or (e) below, using available cash flow prior to use of any cash flow to pay deferred Developer Fee, partnership management or similar fees, or Distributions.

d) In the absence of some extraordinary occurrences, such as litigation affecting the project or construction defects, and upon occurrence of both of the following events, the Department shall reduce the required minimum balance: (i) operation at a debt service coverage ratio of 1.15 or greater for 5 years; and (ii) operation at an Operating Expense coverage ratio of 1.08, where Operating Expense ratio is defined to equal effective gross income, less required replacement reserve deposits and non-contingent debt service, divided by total Operating Expenses, not including the approved cost of Supportive Services coordination.

e) The Department may agree with other financing sources to allocate authority regarding amounts deposited into or withdrawn from the Operating Reserve, where the Department determines that such arrangement would not jeopardize the fiscal integrity of the Project and the minimum reserve requirements would be maintained. For Projects subject to direct federal loan or grant programs, including the Native American Housing Assistance and Self Determination Act programs, or receiving a permanent loan from CalHFA, the Department may also defer to the operating reserve requirements of these agencies during the time such projects are regulated by a federal agency or CalHFA, and not require deposits in the amounts specified in subsection (b).

f) Where all Project development funding sources are legally precluded from using their funds to capitalize the operating reserve as required by subsection (b), the Sponsor may fund this account out of Operating Income, provided that cash flow is sufficient to reasonably ensure that the required balance can be accumulated within six years of initial occupancy.

g) In no event shall this reserve balance be used to fund limited partner exit costs, except for amounts in excess of the reserve balance required by the Department.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50675.11, 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5, 50675.5(b)(8) and 50896.1(a), Health and Safety Code.

Section 8309. Replacement Reserves.

The Sponsor shall establish a replacement reserve to repair or replace failed or damaged capital items and to cover extraordinary maintenance expenses, as approved by the Department. Extraordinary maintenance expenses are expenses for infrequent major repairs and replacements of building components too costly to be absorbed by the Project's annual operating budget. In no event shall this reserve be used to fund limited partner exit costs.

(a) Withdrawals from the replacement reserve shall require prior written approval of the Department. Should the Department fail to take action on a request for an eligible withdrawal from the replacement reserve within 30 days of documented receipt of the request, that request shall be deemed approved.

(b) The replacement reserve shall be funded from Operating Income, development sources or a combination of Operating Income and development sources.

(1) For new construction or conversion Projects, the initial amount of annual deposits to the replacement reserve account shall be equal to at least the lesser of 0.6% of estimated construction costs associated with structures in the Project, excluding construction contingency and general contractor profit, overhead and general requirements, or $500 per unit. However, the Department may approve a different amount based on the results of a third-party reserve analysis, which it may require, or other reliable indicators of the need for replacement reserve funds over the initial 20 years of operation, or, in the case of transactions involving restructuring of existing Department loans, 20 years of operations after the restructuring.

(2) For rehabilitation Projects, the initial amount of annual deposits to the replacement reserve account shall be determined by the Department based on the results of a third-party physical needs assessment or other reliable indicators of the need for replacement reserve funds over

the initial 20 years of operation. In its initial underwriting, in the absence of an approved physical needs assessment or other reliable indicators of the need for replacement reserve funds, the Department may assume that the initial amount of annual deposits shall be $500 per unit.

(3) The Department may periodically adjust the amount of required deposits to the replacement reserve for a particular Project based on the results of reserve analysis or other reliable indicators of the need for replacement reserve funds over time.

(4) The Department may agree with other financing sources to allocate authority regarding amounts deposited into or withdrawn from the replacement reserve, where the Department determines that such arrangement would not jeopardize the fiscal integrity of the Project and the minimum reserve requirements would be maintained. For Projects subject to direct federal loan or grant programs, including Native American Housing Assistance and Self Determination Act programs, or receiving a permanent loan from CalHFA, the Department may also defer to the replacement reserve requirements of these agencies during the time such projects are regulated by a federal agency or CalHFA.

(5) If the Department requires a reserve analysis because the Department determines the reserve is inadequate due to annual replacement costs exceeding or being reasonably likely to exceed the amounts deposited to the reserve, or due to a request by the Sponsor to adjust the required reserve amount, the analysis must result in a due diligence report that examines the current physical conditions at property(ies), specifies repairs or replacements needed immediately, and budgets for the long-term capital repair and replacement needs during the life of an asset, such as the results of using the Capital Needs Assessment eTool, developed by the U.S. Department of Housing and Urban Development.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50675.11, 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(d)(1), 50675.5(b)(8) and 50896.1(a), Health and Safety Code.

Section 8310. Underwriting Standards.

In analyzing Project feasibility, the Department shall, at a minimum, utilize the following assumptions and criteria:

(a) Residential vacancy rates shall be assumed to be 5%, unless a different figure is required by another funding source (including TCAC) or supported by compelling market evidence.

(b) Vacancy rates for Commercial Space shall be assumed to be 50%, except the Department may use the vacancy loss assumption of the Project's senior lender or equity investor under either of the following circumstances:

(1) where the commercial income is guaranteed by the Sponsor through a long-term master lease and the amount of the Sponsor's annual master lease payment is both:

(A) less than one percent of the Sponsor's cash and cash equivalent current assets; and

(B) less than or equal to the projected commercial income, as evidenced by a market study or appraisal commissioned by the first lien lender or equity investor, and reflected in the final pro forma approved by the first lien lender or equity investor; or

(2) where the Commercial Space has been leased to a national or regional firm widely recognized by the general public, and the term of the lease extends at least five years past the projected date of construction completion.

(c) Total Operating Expenses (not including property taxes or the approved costs of on-site service coordination) shall not be less than those specifically listed in California Code of Regulations, Title 4, Section 10327 as minimum Operating Expenses (without the reduction allowed by those regulations for bond-financed projects). The Department may project higher Operating Expenses where warranted by the experience of comparable properties and particular building characteristics, such as the nature of the tenant population or the level of rehabilitation. Prior to loan closing, the Department may approve total Operating Expenses that are less than those specified in Section 10327, supra, only if the Project has

an extraordinary design feature, such as its own electrical generation system, which results in a quantifiable operating cost savings as documented by a qualified third party.

(d) All Operating Expenses, including property management fees, shall be within the normal market range, as periodically determined by the Department in surveys or based on costs observed in its portfolio.

(e) The first year Debt Service Coverage Ratio shall not be:

(1) less than 1.10:1 or

(2) greater than 1.20:1, except where a higher first-year ratio is necessary to:

(A) project first-year cash flow after debt service and required reserve deposits equal to or less than 12 percent of operating expenses;

(B) meet the requirements of subsection (i);

(C) meet CalHFA's standard underwriting requirements or those of a direct federal lending program; or

(D) project a positive cash flow over 20 years, using the assumptions specified in subsection (i).

In applying the requirements of subsections (e)(1) and (e)(2), the annual MHP Program loan payment of 0.42% will be considered debt service.

The Department may modify the application of these requirements on a case-by-case basis for Projects receiving operating or rental subsidies structured to allow for breakeven operation, or for operation at a level of cash flow that differs from that resulting from application of these requirements in order to meet the cash flow obligations in this subsection.

(f) Balloon payments are not allowed on senior debt, except where the Department's affordability covenant or regulatory agreement (collectively "Use Restriction") is recorded in a position that is senior to the debt with a balloon payment. Any such Use Restriction may include provisions that, upon foreclosure of the debt instrument securing such debt, allow the Use Restriction to be amended to delete any portion of the Use Restriction that is not

necessary to ensure the continued restriction of the project to the same affordability level for all occupants, rents or amounts charged pursuant thereto, reporting requirements not related to tenant occupancy and affordability, and level of operations and maintenance (collectively, the "Affordability Provisions"). The Sponsor may also include an executory provision in the original Use Restriction that immediately limits the effect of the Use Restriction to only those set forth in the Affordability Provisions. Furthermore, in the event project-based rental assistance is terminated, the Affordability Provisions may include a provision allowing rents to increase to the minimum extent required for fiscal integrity, as defined in Section 7301(g), but not in any event shall rents exceed 30% of 50% of area median income, as such area median income is determined by the U. S. Department of Housing and Urban Development, adjusted by bedroom count by TCAC pursuant to 26 U.S. Code Section 42(g)(2)(C) with the annually published TCAC Income Limits and Maximum Rents posted on the TCAC website.

(g) Balloon payments are allowed on junior debt during the term of the Program loan only where the Department determines that the balloon payment will not jeopardize project feasibility.

(h) Variable interest rate debt shall be underwritten at the ceiling interest rate, unless the Department determines that using a lower interest rate assumption will not jeopardize project feasibility.

(i) The Project must demonstrate a positive cash flow for 15 years, using income and expenses increase rate assumptions specified in California Code of Regulations, Title 4, Section 10327. If projected Project income includes rental assistance or operating subsidy payments under a renewable contract, the Department may assume that this contract will be renewed, where the renewal of the rental assistance or operating subsidy is likely.

(j) Where the Department is providing construction-period financing, the minimum budgeted construction contingency shall be 5 percent of construction costs for new construction projects and 10 percent of construction costs for rehabilitation and conversion projects.

(k) Local public agency loans shall not have required payments exceeding 0.5% per year of the original principal loan amount.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50675.11, 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(d)(2), 50517.5(e)(2), 50675.7(b)(3) and 50896.1(a), Health and Safety Code; and 24 CFR Section 92.252.

Section 8311. Limits on Development Costs.

(a) Project development costs must be reasonable, as measured by the ratio of the project's total eligible basis to its total adjusted threshold basis limits, calculated at the time of application for Department funds. Both total eligible basis and total adjusted basis limits shall be computed in accordance with TCAC regulations and procedures set forth in Title 4, California Code of Regulations, Sections 10325 - 10327, except as follows:

(1) There shall not be an adjustment of threshold basis limits based on units that will be income and rent restricted at or below certain area median income levels, such as that in Title 4, California Code of Regulations, Section 10327(c)(5)(C) as in effect as of September 2016.

(2) Costs shall be deemed reasonable under this section if the ratio calculated pursuant to the above subsection (a) is less than 160 percent.

(b) If the ratio calculated above in subsection (a) exceeds 170 percent, calculated based on actual development costs following completion of construction, the Sponsor shall incur up to 20 negative points which may, in the Department's discretion, be assessed, and which negative points shall reduce the Sponsor's score by the same amount for future applications to any of the Department's Notice of Funding Availability for any of the Department's programs, and may continue to be repeatedly assessed for any and all successive NOFAs for a period of up to three years following the date on which the Department determined that the cost exceeded the 170 percent limit.

(c) Builder overhead, profit and general requirements shall be limited in accordance with California Code of Regulations, Title 4, Section 10327.

(d) Property acquisition prices shall not exceed appraised value, except where the increment above appraised value is fully covered by junior public agency financing that carries no mandatory debt service.

(e) Proposed Project sites shall not require site development work that is significantly more costly than that typical for other similar projects in the local market area, unless either:

(1) the proposed site acquisition cost together with the site development costs are less than the cost of a typical site together with typical site development costs in the Project's market area; or

(2) there are no other sites available in the market area with a lower combined cost.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50675.11, 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(a)(1), 50517.5(c)(2), 50517.5(e)(2), 50675(a), 50675.4(b)(2), 50675.4(c)(1), 50675.5 and 50896.~~1~~(a), Health and Safety Code.

Section 8312. Developer Fee.

(a) For Projects not utilizing low income housing tax credits, Developer Fee shall not exceed the amount calculated in accordance with subsections (1), (2) or (3) below. The per unit amounts will be adjusted in thousand dollar increments in accordance with changes in the CPI when, following the year 2016, the CPI has indicated the next full thousand dollar increment has been reached.

(1) For new construction Projects and Projects where the contract for the rehabilitation work equals or exceeds $35,000 per Unit:

(A) For the first 30 Units, $26,000 per Unit.

(B) For each Unit in excess of 30, $10,500 per Unit.

(2) For other Projects involving acquisition and rehabilitation where the contract amount for the rehabilitation work, excluding contractor profit and overhead, equals or exceeds $10,500 per Unit and is less than $35,000 per Unit:

(A) For the first 30 Units, $12,000 per Unit.

(B) For each Unit in excess of 30, $5,500 per Unit.

(3) For all other Projects, $2,000 per Unit.

(b) For Projects utilizing 9% competitive low income housing tax credits, Developer Fee payments shall not exceed the amount that

may be included in project costs pursuant to California Code of Regulations, Title 4, Section 10327.

(c) For Projects utilizing 4% percent tax credits, Developer Fee payments shall not exceed the lesser of $3,500,000 or the sum of:

(1) the amount that could be included in project costs pursuant to Title 4, California Code of Regulations, Section 10327 if the project was receiving 9% competitive credits; plus

(2) any remaining deferred Developer Fee (payable exclusively from operating income) that is allowed in eligible basis under Title 4, California Code of Regulations, Section 10327 of the TCAC regulations.

(Subsection (c) limits Developer Fee paid from development funding sources.)

(d) The dollar value of any capital contribution of funds or real property made by the Sponsor or an affiliate, as approved by the Department, for Project development costs shall increase the Developer Fee limit by the dollar value of the capital contribution.

(e) The limits set forth in this section shall apply to each Project pursuant to the terms of a program standard agreement, as memorialized in Department loan or grant documents entered into pursuant thereto (the "Original Award"). For any future work performed for the benefit of the Project, to the extent such work was not captured, set forth, or otherwise contemplated in any of the legal documents memorializing terms related to the Original Award, the fees for such new developer work benefiting the Project shall be recalculated in accordance with this section, treating that new work as if it were a separate project.

(f) For projects where less than 25 percent of total units are counted in the determination of maximum Department loan or grant amounts, the Department may defer to the limits on Developer Fees applicable to other public agency project funding sources, to the extent it deems necessary to attract sufficient applications to utilize available Department funding.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50675.11, 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(a)(1), 50517.5(c)(2), 50517.5(e)(2), 50675.5(b)(5), 50675.8(a)(5) and 50896.1(a), Health and Safety Code.

Section 8313. Program Compatibility.

(a) Where the requirements of federal funding for a Project (including low income housing tax credits and direct federal loans but excluding federal loan guarantees) would cause a violation of the requirements to these regulations, the Department may modify these requirements as minimally necessary to ensure program compatibility.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50406(n), 50675.1(d), 50675.9, 50517.5(a)(1), 50517.5(a)(3), 50896.1(a) and 50896.3(b), Health and Safety Code.

Section 8313.1 Funding Source Surpluses.

(a) If, upon completion of construction, permanent development funding sources exceed actual total development costs the following requirements apply to the resulting funding surplus:

(1) If there are local public agency lenders providing construction–period financing, and the Department is providing only permanent financing, the local lenders may reduce their loans by an amount not exceeding the contingency shown in the loan documents approved by the Department at construction loan closing.

(2) In other cases, or to the extent that the surplus exceeds the budgeted contingency, the Department loan amount shall be reduced by an amount not less than the surplus multiplied by the ratio of the Department's loan amount to total local government assistance, as defined in 8315(c)(3).

(3) As an alternative to (1) or (2), the Department may approve use of surplus funds to reduce tenant rents or for other direct tenant benefits.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(a)(1), 50517.5(c)(2), 50517.5(e)(2), 50675.5(b)(5), and 50896.1(a), Health and Safety Code.

Section 8313.2 Special Purpose Entity(ies).

(a) The Department may permit the ultimate borrower or recipient of Department funds to be a special purpose entity formed and controlled by the Sponsor if and only if the Sponsor can demonstrate to the satisfaction of the Department all the following criteria:

(1) The Sponsor will remain as equally liable to the Department as the special purpose entity with respect to the specific performance of the obligations of the loan or grant documents. The Sponsor may be as equally liable to the Department as the special purpose entity with respect to the financial obligations of the loan or grant documents;

(2) The Sponsor shall not intentionally or in effect limit or abrogate its legal liability to the Department by utilizing the special purpose entity; and

(3) There shall be no more than two corporate entities between the Sponsor and the special purpose entity in the corporate control and organizational structure(s). For the purposes of this subsection, "corporate entity" may include a corporation, limited liability company, business trust, limited partnership, or general partnership. For the purposes of determining "control," the Sponsor must provide, at the very minimum, evidence satisfactory to the Department that the Sponsor (or Sponsors) through direct control of the corporate entities between the Sponsor and the special purpose entity, performs the substantial management duties on behalf of the special purpose entity that involves:

(A) renting, maintaining and repairing the low-income housing property (or if these duties are delegated to an agent, hiring and overseeing the agent's duties);

(B) acquiring, holding, assigning or disposing of property or any interest in property;

(C) borrowing money on behalf of the special purpose entity, encumbering the special purpose entity's assets, placing title in the name of a nominee to obtain financing, preparing items in whole or in part, in connection to refinancing, increasing, modifying or extending any obligation; and

(D) determining the amount and timing of distributions to partners and establishing and maintaining all required reserves.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(a)(1), 50517.5(c)(2), 50517.5(e)(2), 50675.2(g) and 50896.1(a), Health and Safety Code.

Section 8314. Use of Operating Cash Flow.

(a) Operating income remaining after payment of approved current and prior year operating expenses, reserve deposits and mandatory debt service shall be applied in the following priority order:

(1) First, towards payment of any:

(A) Approved deferred Developer Fee, pursuant to Section 8312;

(B) Asset management, partnership management and similar fees, including fees paid to investors, in an amount not to exceed the sum of:

1. An amount for the current year, equal to $30,000 for 2016 and increased at the rate of 3.5% for each subsequent year, plus

2. Unpaid asset management, partnership management, and similar fees accrued for a period not to exceed three project fiscal years following the year during which they are earned, up to the difference between the limit for the year and the amount paid for that year; and

(C) Supportive Services Costs that these regulations would allow to be paid as operating costs, but that other funding sources do not.

(2) Second, 50 percent to the Sponsor as Distributions and 50 percent to the Department as payments on the Program loan.

(A) If the terms of other public agencies' financing also require payments from remaining cash flow, the Department may agree to share what would otherwise be its 50 percent share of available cash flow with the

public agencies in amounts proportional to the agencies' respective assistance amounts (total local government assistance, as defined in Section 8315, and total Department loans and grants).

(B) To be consistent with the terms of other public agency loans or leases, the Department may agree to set the percentage payable to the Sponsor at an amount less than 50 percent.

(C) For projects with income from project-based Section 8 or similar project-based rental assistance that is not underwritten by other Project lenders, the Department may reduce the Sponsor's share to an amount equivalent to the amount they would receive if one of the other lender's loan amount was based on an income stream that included the income from the rental assistance.

(b) A Sponsor may not accumulate Distributions from year to year. A Sponsor may deposit all or a portion of permitted Distributions into a Project account for distribution in subsequent years. These future Distributions shall not reduce the otherwise permitted Distribution in those subsequent years.

(c) The limits on payments for Developer Fee pursuant to subsection (a)(1)(A) and for asset management, partnership management, and similar fees pursuant to subsection (a)(1)(B) shall not apply to payments of those fees made from Distributions.

(d) Payment of Distributions, deferred Developer Fee, asset management fees, partnership management fees and similar fees shall be permitted only after the Sponsor submits a complete annual report and operating budget, and the Department determines that the report and budget demonstrate compliance with all Program requirements for the applicable year. Circumstances under which no Distributions, deferred Developer Fee, asset management fees, or partnership management fees, and similar fees shall be paid include:

(1) when written notice of default has been issued by any entity with an equitable or beneficial interest in the Project;

(2) when the Department determines that the Sponsor has failed to comply with the Department's written notice of any reasonable requirement for proper maintenance or operation

of the Rental Housing Development or use of Project income;

(3) if all currently required debt service, including mandatory payments on the Program loan, and Operating Expenses have not been paid;

(4) if the replacement reserve account, operating reserve account, or any other reserve accounts are not fully funded pursuant to Sections 8308 and 8309 and the Regulatory Agreement.

(e) For 2017, the following limits shall apply to total Supportive Services Costs paid as Operating Expenses. These limits shall be increased each year after 2017 at the rate of 2.5 percent per year:

(1) $4,080 per unit per year for supportive housing restricted to individuals or families experiencing chronic homelessness, as defined consistent with Health and Safety Code Section 50675.14;

(2) $3,060 per unit per year

(A) for supportive housing that is not restricted to individuals or families experiencing chronic homelessness as defined pursuant to Health and Safety Code Section 50675.14; and

(B) for units restricted to occupancy by Special Needs Populations under any Department programs ("Special Needs Population" has the same meaning as defined in Section 7301(s));

(3) $1,051 per unit per year for other units where the Sponsor, their affiliate, or a service provider under contract to provide Supportive Services at the Project has both:

(A) qualified staff devoted exclusively to oversight and quality control of resident services in affordable housing, including the Project; and

(B) a system to track and report on tenant outcomes, such as changes in employment status and income;

(4) $250 per unit per year for other units, where the Sponsor, their affiliate, or a service provider under contract does not satisfy the requirements set forth in subsection (e)(3).

(f) The following limits shall apply to Supportive Services Costs paid as Operating Expenses:

(1) The cost of staff supervision shall not exceed 10% of the cost of on-site staff salaries.

(2) Administrative overhead expenses, including accounting and human relations, shall not exceed 15% of the total Supportive Services Costs paid as Operating Expenses.

(g) Sponsors paying Supportive Services Costs as Operating Expenses shall maintain onsite and available for Department inspection records of group activities (including calendars and sign-in sheets) and individualized services and referrals. The Department may also require annual reporting on these and related matters.

(h) For supportive housing, as defined pursuant to Health and Safety Code Section 50675.14, and upon approval by the Department, Sponsors may establish a reserve to cover unexpected shortfalls in revenues to pay for resident services coordination and case management costs. This reserve may be funded through project cash flow available after funding Operating Expenses and other required reserves, or through development sources. The maximum balance shall not exceed three times the per-unit, per-year limits specified in subsection (e).

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50675.11, 50896.1(a) and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(a)(1), 50517.5(c)(2), 50517.5(e)(2), 50675.8(a)(5), and 50896.1(a), Health and Safety Code.

Section 8315. Subordination Policy.

(a) The Department may execute and cause to be recorded a subordination agreement subordinating the Department's lien so long as the subordination does not increase the Department's risk beyond that contemplated in the Program loan or grant commitment, as may be amended from time to time, and so long as the subordination would further the interest of the Program. However, and except for Projects assisted by the U.S. Department of Housing and Urban Development under the Section 811 or Section 202 programs, the Department shall not enter into a

subordination agreement or other agreement that contains any of the following:

(1) Any limitation of, or condition on, the Department's exercise of its remedies including, but not limited to issuing a notice of default based on a breach under the Department's loan documents, including a default based solely on a breach of the senior lienholder's documents.

(2) An agreement that the senior lienholder's acceptance of a deed in lieu of foreclosure would result in the senior lienholder taking title to the Rental Housing Development free and clear of the Department's lien(s).

(3) An agreement permitting any modification or supplement of the senior lienholder's lien without the prior written consent of the Department except an agreement that permits a senior lienholder to make advances to: (i) cure a default under a lien with a higher priority than the Department's lien; (ii) pay delinquent taxes on the security property; (iii) pay delinquent hazard or liability insurance premiums for the security property; or (iv) to protect the health and safety of the tenants.

(4) An agreement that would require the Department to undertake additional obligations to any party.

(b) The Department's lien(s) shall not be subordinated to the liens of a local governmental entity unless either:

(1) the total local governmental assistance to the Project is more than twice the amount of the Department's total assistance to the Project (including both loans and grants); or

(2) the total local governmental assistance to the Project is more than the Department's total assistance to the Project (including both loans and grants) and the local government entity manages a portfolio of their own loans that includes over 10,000 rental units with rent and occupancy restrictions.

(c) As used in this section:

(1) “Department's lien” means a deed of trust, regulatory agreement, or other agreement securing payment or performance under an award of Program funds that has been recorded in the office of the recorder of the county in which the Rental Housing Development is located.

(2) “Lien of a local government entity” means a recorded deed of trust, regulatory agreement, reversion, or other recorded agreement securing payment or performance, or a covenant running with the land that affects the maintenance, use, operation, or occupancy of the Rental Housing Development. Except that covenants in favor of a community redevelopment agency or successor agency regarding the use, maintenance, operation, or transferability of a Rental Housing Development including rent limitations or income restrictions on tenants, or prohibiting discrimination, shall not constitute liens subject to the requirements of this section.

(3) “Total local government assistance” means the sum of the original principal amounts of loans and grants made by the local government entity plus other direct project costs paid for by the local governmental entity and approved by the Department including, but not limited to, costs of site preparation, demolition, environmental remediation, and land acquisition. The value of assistance in the form of land write-downs or donations shall be limited to the cost paid by the public agency to acquire the land, less any sales proceeds paid to the agency; or in the case of a leasehold, the cost paid by the public agency less the present value of projected lease payments.

(d) The Department's lien(s) shall not be subordinated to the liens of a lender affiliated with an entity that has an ownership interest in the Project unless a covenant, regulatory agreement, or similar instrument is recorded senior to the lender’s documents that includes the provisions specified in Section 8310(f).

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50675.11 and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(d)(4)(D), 50675(e), 50675.1(b), 50675.6(d), 50896, 50896.1 and 50896.3, Health and Safety Code.

Section 8316. Leasehold Security.

(a) In any Project where the Sponsor proposes to control the Project land through a long-term ground lease, either:

(1) the Regulatory Agreement and other Program documents shall be recorded against both the Sponsor's interest in the Project and the fee interest in the land, and the lease shall have a term remaining at the time of recordation at least equal to the term of the Program loan or grant; or

(2) if the Regulatory agreement and other Program documents are not recorded against the Project's fee interest, the ground lease shall be subject to the Department's approval, must not be subject to any other mortgages, regulatory agreements, use restrictions, or equivalent instruments on the fee interest, and shall contain, or be amended to contain, provisions which:

(A) establish a remaining term of at least ninety (90) years from the date the Department documents are recorded, provided that the Department may accept a lesser term, not less than 65 years, when the lessor is a public agency;

(B) ensure the validity of the lien of the Program loan and/or grant documents on the lease;

(C) ensure that the lease permits the Project to satisfy all Program requirements and permit the Department to enforce the provisions of the Program loan and/or grant without restriction;

(D) expressly consent to the lessee's assignment of the lease to the Department without further consent of the lessor, and permit the Department, after acquisition of the leasehold property, to transfer or assign the lease to a third party without consent of the lessor.

(E) provide that the lessor does not have the right to terminate the lease or accelerate the rent upon lessee's breach without first giving the lessee and the Department reasonable notice and opportunity to cure within a reasonable period;

(F) provide that no termination, modification or amendment to any terms of the lease shall be effective without the written consent of the Department, and any attempt to take such actions would be void without the Department's consent;

(G) require that, in the event of destruction of any improvements on the land, neither the lessor nor the lessee shall terminate the lease if and so long as the lessee or Department pursues reconstruction of the improvements with reasonable diligence;

(H) provide that the Department shall not have any liability for the performance of any of the obligations of lessee under the lease until the Department has acquired the leasehold interest, and then only in accordance with the terms of the lease and only with respect to obligations that accrue during the Department's ownership of the leasehold interest;

(I) provide that neither the lessor nor the lessee, in the event of bankruptcy by either, will take the benefit of any provisions in the United States Bankruptcy Code that would cause the termination of the lease or otherwise render it unenforceable in accordance with its terms;

(J) provide that the leasehold interest will not merge into the fee in the event that the lessee acquires the reversionary interest in the Project; and

(K) provide that acquisition of the leasehold property by the Department will not result in a termination of the leasehold; and upon such event, obligate the lessor to enter into a new lease having a term at least as long as the term remaining on the lease prior to acquisition by the Department and on substantially the same terms and conditions.

(b) If any other regulatory agreement, use restriction, or equivalent instrument is recorded against the fee, the Department's Regulatory Agreement or covenant must also be recorded against the fee. This subsection shall not apply if the total local governmental assistance to the Project is more than the Department's total assistance to the Project (including both loans and grants) and the local government entity manages a portfolio of

their own loans that includes over 10,000 rental units with rent and occupancy restrictions. For the purposes of this subsection, the phrase "regulatory agreement, use restriction, or equivalent instrument" shall not be interpreted to include any instrument that does not relate in any way to affordability, or any affordability restriction that is not required as a condition of public financing.

(c) Where the lessee and lessor are related or affiliated parties, the Program loan and/or grant documents shall be recorded against both the Sponsor's interest in the Project and the fee interest in the land.

(d) To the extent consistent with the statutes and regulations governing the Program, the Department may modify or waive the requirements of subparagraph (a)(2) where the lessor is a public agency that demonstrates that it is prohibited by law from meeting the requirements, or where the Project will be located on Native American Lands and there is a legal prohibition on meeting these requirements, and the Department determines that there remains adequate security for the Program loan.

Note: Authority cited: Sections 50406(n), 50517.5(a)(1), 50517.5(a)(3), 50675.1(d), 50675.11 and 50896.3(b), Health and Safety Code. Reference: Sections 50517.5(d)(4)(A), 50675.7, 50896.1 and 50896.3, Health and Safety Code.

Section 8317. Restructuring Transaction Fees.

(a) To cover the Department's costs of processing any specific Restructuring Transaction as defined in this section, the Department shall charge as authorized by subsections (f) and (n) of Section 50406 of the Health and Safety Code fees to cover the administrative costs incurred for the Department's staff to negotiate and prepare the legal documents necessary to accomplish the subject Restructuring Transaction.

(b) For the purposes of this section, the term "Restructuring Transaction" means one or more of the following:

(1) extension of the Department's loan term (or terms, if there are multiple Department loans),

(2) change of ownership (excluding transfer of ownership between two entities controlled by the same parent entity),

(3) a new subordination of the Department's loan or loans to a senior loan or loans, and/or investment of tax credit equity.

Other transactions, such as those limited to the placement of new junior public agency debt without required payments and assignments of limited partner interests, do not constitute a Restructuring Transaction.

(c) The fees charged by this section shall be calculated on a case-by-case basis, and shall be based on the number of work hours necessary for Department staff, at the respective rate for each staff's classification, to negotiate and prepare final executable versions of all legal documents necessary to accomplish the subject Restructuring Transaction.

(d) Notwithstanding subsection (c), the Department shall not be authorized under this section to charge an amount exceeding the amount that the Department charges for the same or similar restructuring activities that the Department performs under other programs administered by the Department in its Related Restructuring Programs, as defined by this section.

(e) For the purposes of this section, the term "Related Restructuring Programs" shall include but not be limited to the restructuring activities authorized by Section 50560(a) of the Health and Safety Code, and shall include any fees set forth by the Department pursuant to the guidelines (published on the Department's website) adopted and authorized pursuant thereto under Health and Safety Code Section 50560.

(f) The legal documents necessary to accomplish the subject Restructuring Transaction shall be subject to the provisions set forth in this subchapter.

Note: Authority cited: Section 50406, Health and Safety Code. Reference: Section 50406, Health and Safety Code.

Section 8318. Federal Loan Extensions.

(a) The term of any existing federal program loan or regulatory agreement enforced by the Department may be extended, if allowed by the subject federal statute. Such extensions shall not be for a period of less than 10 years nor more than 55 years.

Note: Authority cited: Sections 50406(n) and 50896.3(b), Health and Safety Code. Reference: 24 CFR part 92.

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Housing Prepared By: Albert Ramirez Department: Prepared By: Albert Ramirez Staff Member Presenting: Helen McAlary, Executive Director Community Life and Culture Reviewed By: Lacey A Rightmer, Andrea M Lopez Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 11

SUBJECT: **APPROVAL OF OWNERSHIP TRANSFER AND AMENDMENTS TO THE SUBORDINATE LOAN TERMS AND AFFORDABILITY RESTRICTIONS FOR THE CITY CENTER SENIOR APARTMENTS, LOCATED AT 280 NORTH LEMON AVENUE**

RECOMMENDATION: That the City Council take the following actions:

A. Approve the Assignment and Assumption and First Amendment to the Development, Restrictive Covenant, and Density Bonus Agreement;
B. Approve the extension of affordability restrictions for the City Center Senior Apartments to a new 99-year term; and
C. Authorize the City Manager or his designee to execute all related documents to effectuate the Amendment.

And that the Ontario Housing Authority take the following actions:

A. Approve the Assignment and Assumption and Amendment to the Subordinate Loan Note and Disposition and Development Agreement, including:
    a. Reduction of the residual receipts' payment requirement from 85% to 65%;
    b. Removal of the purchase option provision; and
    c. Waiver of the transfer repayment provision associated with the sale of the General Partnered interested.
B. Approve the extension of the affordability restriction for the City Center Senior Apartment to a new 99-year term; and
C. Authorize the Executive Director to execute all related documents to effectuate the amendments.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Focus Resources in Ontario's Commercial and Residential Neighborhoods

FISCAL IMPACT:
There is not a direct fiscal impact associated with this action. The amendments to the loan repayment structure are expected to improve the project's financial viability by increasing available cash flow for property repairs, maintenance, and capital improvements.

BACKGROUND & ANALYSIS: In 2009, the Ontario Housing Authority (OHA) provided a subordinate gap financing loan of $5,155,500 to Ontario Senior Housing Partners, L.P., for the development of City Center Senior Apartments. This is a 76-unit affordable senior housing community located at 280 North Lemon Avenue. The partnership's General Partner is an affiliate of Related California ("Related").

Now, Catalina Housing has entered into an agreement to purchase Related's General Partner interest in Ontario Senior Housing Partners, L.P., for $500,000. Ownership of City Center Senior Apartments will remain with Ontario Senior Housing Partners, L.P.; however, upon closing, Housing Preservation Partners LLC, which is controlled by Catalina Housing, will become the General Partner. Saks Realty LLC, an affiliate of The Savani Organization, will remain the Limited Partner. Catalina Housing will oversee asset management and long-term preservation planning for the property.

Catalina Housing intends to retain Cirrus Asset Management as the property's property management company. Cirrus has experience managing affordable housing communities throughout California, including those for seniors, families, and people with special needs. Staff has reviewed Cirrus' qualifications and has determined that the firm has the expertise necessary to operate and maintain the property successfully.

The current OHA subordinate loan has a 55-year term, charges one percent (1%) simple interest each year, and requires that 85% of the remaining cash flow be paid back to OHA. Any unpaid principal and accrued interest are due when the loan matures. The loan documents also grant OHA the option to purchase the property for one dollar ($1.00) once the affordability covenant period ends.

As a condition of acquiring the General Partner interest, Catalina Housing has requested two amendments to the Authority Subordinate Loan: (1) to reduce the residual cash flow payment requirement from 85% to 65%, and (2) to remove OHA's $1.00 purchase option. Catalina Housing has indicated that these changes will improve the project's long-term financial sustainability by allowing additional cash flow to remain available for capital repairs, reserves, and future reinvestment. The property is now more than 15 years old, and its capital improvement needs are expected to increase over time.

Additionally, Related has requested a transaction-specific waiver of the repayment provision triggered by the transfer of its General Partner interest, which constitutes a "Sale". It would require payment of the transaction's net sale proceeds to OHA. Approval of the requested waiver would permit the ownership transfer to occur without triggering repayment obligations of the subordinate loan.

In exchange for the requested amendments and waiver, Catalina Housing has agreed to extend the affordability restrictions for a new 99-year term. This commitment will extend the affordability period by 61 years. It ensures that City Center Senior Apartments will remain affordable to low-income senior households. The extended affordability period also advances the City's housing preservation objectives by protecting an existing affordable housing asset for future generations.

Staff believes these proposed changes are a reasonable balance between preserving OHA's financial interests and ensuring the property's long-term preservation. The revised loan structure will support ongoing capital investment and operational sustainability while securing an extended affordability commitment that provides significant public benefit. Based on the review of the ownership transfer, proposed loan modifications, and affordability extension, Staff recommends approving the transaction and associated amendments.

ASSIGNMENT AND ASSUMPTION AND FIRST AMENDMENT TO DEVELOPMENT, RESTRICTIVE COVENANT AND DENSITY BONUS AGREEMENT FOR THE ONTARIO TOWN SQUARE SENIOR PROJECT

THIS ASSIGNMENT AND ASSUMPTION AND AMENDMENT TO DEVELOPMENT, RESTRICTIVE COVENANT AND DENSITY BONUS AGREEMENT (the "First Amendment"), dated as of _____, 2026 for identification purposes only, is made and entered into by and between the **CITY OF ONTARIO**, a California municipal corporation ("City") and **ONTARIO SENIOR HOUSING PARTNERS, L.P.**, a California limited partnership ("Owner"), and **RELATED/ONTARIO SENIOR DEVELOPMENT COMPANY, LLC** (referred herein as "Assignor"), a California limited liability company, and **HOUSING PRESERVATION PARTNERS, LLC**, a California limited liability company (referred herein as "Assignee"), with reference to the following:

RECITALS

A. **WHEREAS**, City and Owner are party to that certain "Development, Restrictive Covenant and Density Bonus Agreement for the Ontario Town Square Senior Project" dated as of February 20, 2007 (the "Agreement") to provide for a density bonus and other incentives and concessions for Owner's development of an approximately 76- unit, senior, affordable rental housing project (the "Project");

B. **WHEREAS**, Assignor desires to assign and delegate to Assignee all of its rights, duties, responsibilities, liabilities and obligations under the Agreement as general partner of Owner, and Assignee desires to accept the assignment of and assume such rights, duties, responsibilities, liabilities and obligations under the Agreement as general partner of Owner. The parties now desire to amend the Agreement accordingly, amend the effective period of covenants respecting affordability, amend the term of the Density Bonus Regulatory Agreement, and amend the property manager.

NOW, THEREFORE, City, Owner, Assignor, and Assignee agree as follows:

1. The above Recitals constitute a material part of this First Amendment and are incorporated by reference as though fully set forth herein.

2. All capitalized terms not expressly defined in this First Amendment shall have the same meaning ascribed to such terms in the Agreement.

3. Effective as of the date of this First Amendment, Assignor hereby assigns to Assignee and Assignee hereby assumes all duties, rights, responsibilities, liabilities, and obligations of the Assignor as general partner of Owner and under the Agreement.

4. As of the date of this First Amendment, all references in the Agreement to Assignor shall be deemed to refer to Assignee.

5. **Effect and Duration of Covenants.** The effective period of the covenants respecting use, affordability, occupancy and maintenance of the Project, as set forth in Section 23 of the Agreement, is hereby amended and extended for a new ninety-nine (99) year period, starting the date of this First Amendment.

6. **Term of Density Bonus Regulatory Agreement**. The term of the Density Bonus Regulatory Agreement, as set forth in Section 2 of Exhibit "H" to the Agreement, is hereby amended from fifty-five (55) years to ninety-nine (99) years.

7. **Onsite Manager.** The property manager, as set forth in Section 3.10 of Exhibit "H" to the Agreement, is hereby amended to Cirrus Asset Management.

8. **Notices.** Notices to Owner, as set forth in Section 33 of the Agreement, is hereby amended as follows:

Ontario Senior Housing Partners, L.P.
c/o Catalina Housing
18201 Von Karman Avenue, Suite 900
Irvine, California 92612
Fascimile: (949) 660-7273

9. **The Agreement.** Except as hereby expressly amended, the Agreement shall remain in full force and effect, and the Agreement, as amended hereby, is ratified and confirmed.

10. **Execution in Several Counterparts.** This First Amendment may be executed in any number of counterparts; each of such counterparts shall for all purposes be deemed to be an original; and all such counterparts shall together constitute but one and the same instrument.

11. **Governing Law.** This First Amendment shall be governed by and construed in accordance with the laws of the State of California applicable to contracts made and performed in such State. Venue shall be in San Bernardino County.

12. **Interpretation.** In the event of any conflict between the provisions of the Agreement and the provisions of this First Amendment, the provisions of this First Amendment shall control. Any reference in this First Amendment to a Section, without further qualification (such as, by way of example, "of this First Amendment") shall mean the specified Section of the Agreement, as amended and supplemented by this First Amendment. All references to the Agreement in any other document or instrument shall refer to the Agreement.

13. **Binding Effect.** This First Amendment shall inure to the benefit of and shall be binding upon City, Owner, Assignor, Assignee, and their respective successors and assigns.

ASSIGNMENT AND ASSUMPTION AND AMENDMENT TO AUTHORITY SUBORDINATE LOAN NOTE
[Ontario Town Square Senior Project]

THIS ASSIGNMENT AND ASSUMPTION AND AMENDMENT TO AUTHORITY SUBORDINATE LOAN NOTE (the "First Amendment"), dated as of _____, 2026 for identification purposes only, is made and entered into by and between the **ONTARIO HOUSING AUTHORITY**, a public body, corporate and politic ("Lender") and **ONTARIO SENIOR HOUSING PARTNERS, L.P.**, a California limited partnership ("Borrower"), and **RELATED/ONTARIO SENIOR DEVELOPMENT COMPANY, LLC** (referred herein as "Assignor"), a California limited liability company, and **HOUSING PRESERVATION PARTNERS, LLC**, a California limited liability company (referred herein as "Assignee"), with reference to the following:

RECITALS

A. **WHEREAS**, Borrower executed that certain "Authority Subordinate Loan Note for the Ontario Town Square Senior Project" dated as of July 15, 2009 (the "Loan Note"), to promise to pay Lender the sum of the Authority Subordinate Loan plus interest, fees, costs, and expenses that Lender provided to Borrow to finance the development of an approximately 76- unit, senior, affordable rental housing project (the "Project");

B. **WHEREAS**, Assignor desires to assign and delegate to Assignee all of its rights, duties, responsibilities, liabilities and obligations under the Loan Note as general partner of Borrower, and Assignee desires to accept the assignment of and assume such rights, duties, responsibilities, liabilities and obligations under the Loan Note as general partner of Borrower. The parties now desire to amend the Loan Note accordingly and amend the residual receipts.

NOW, THEREFORE, Lender, Borrower, Assignor, and Assignee agree as follows:

1. The above Recitals constitute a material part of this First Amendment and are incorporated by reference as though fully set forth herein.

2. All capitalized terms not expressly defined in this First Amendment shall have the same meaning ascribed to such terms in the Loan Note.

3. Effective as of the date of this First Amendment, Assignor hereby assigns to Assignee and Assignee hereby assumes all duties, rights, responsibilities, liabilities, and obligations of the Assignor as general partner of Borrower and under the Loan Note.

4. As of the date of this First Amendment, all references in the Loan Note to Assignor shall be deemed to refer to Assignee.

5. **Annual Payment.** Section 6.1 of the Loan Note is amended in part to read as follows:

> Borrower shall make payment to Lender on account of this Note in the amount of sixty percent (60%) of such Cash Flow.

6. **Notices.** Notices to Borrower, as set forth in Section 24 of the Loan Note, is hereby amended as follows:

Ontario Senior Housing Partners, L.P.
c/o Catalina Housing
18201 Von Karman Avenue, Suite 900
Irvine, California 92612

7. **The Loan Note.** Except as hereby expressly amended, the Loan Note shall remain in full force and effect, and the Loan Note, as amended hereby, is ratified and confirmed.

8. **Execution in Several Counterparts.** This First Amendment may be executed in any number of counterparts; each of such counterparts shall for all purposes be deemed to be an original; and all such counterparts shall together constitute but one and the same instrument.

9. **Governing Law.** This First Amendment shall be governed by and construed in accordance with the laws of the State of California applicable to contracts made and performed in such State. Venue shall be in San Bernardino County.

10. **Interpretation.** In the event of any conflict between the provisions of the Agreement and the provisions of this First Amendment, the provisions of this First Amendment shall control. Any reference in this First Amendment to a Section, without further qualification (such as, by way of example, "of this First Amendment") shall mean the specified Section of the Loan Note, as amended and supplemented by this First Amendment. All references to the Loan Note in any other document or instrument shall refer to the Loan Note.

11. **Binding Effect.** This First Amendment shall inure to the benefit of and shall be binding upon Lender, Borrower, Assignor, Assignee, and their respective successors and assigns.

ASSIGNMENT AND ASSUMPTION AND FOURTH AMENDMENT TO DISPOSITION AND DEVELOPMENT AGREEMENT
[Ontario Town Square Senior Project]

THIS ASSIGNMENT AND ASSUMPTION AND FOURTH AMENDMENT TO DISPOSITION AND DEVELOPMENT AGREEMENT (the "Fourth Amendment"), dated as of _____, 2026 for identification purposes only, is made and entered into by and between the **ONTARIO HOUSING AUTHORITY**, a public body, corporate and politic (the "Authority") and **ONTARIO SENIOR HOUSING PARTNERS, L.P.**, a California limited partnership (the "Partnership"), and **RELATED/ONTARIO SENIOR DEVELOPMENT COMPANY, LLC** (referred herein as "Assignor"), a California limited liability company, and **HOUSING PRESERVATION PARTNERS, LLC**, a California limited liability company (referred herein as "Assignee"), with reference to the following:

RECITALS

A. **WHEREAS**, Authority and Partnership are party to that certain "Disposition and Development Agreement [Ontario Town Square Senior Project]" dated as of February 6, 2007 (the "Agreement"), pursuant to which, among other things, Authority will convey certain property to Partnership for the development thereon of an approximately 76-unit, senior, affordable rental housing project (the "Project");

B. **WHEREAS**, the Agreement was amended by that certain First Amendment thereto dated as of March 18, 2008 (the " First Amendment"), and that certain Second Amendment thereto dated as of December 16, 2008 (the "Second Amendment"), and that certain Third Amendment thereto dated as of January 20, 2009 (the "Third Amendment");

C. **WHEREAS**, Assignor desires to assign and delegate to Assignee all of its rights, duties, responsibilities, liabilities and obligations as general partner of the Partnership and under the Agreement, and Assignee desires to accept the assignment of and assume such rights, duties, responsibilities, liabilities and obligations as general partner of the Partnership and under the Agreement. The parties now desire to amend the Agreement accordingly, amend the property manager, extend the Affordability Covenants period, and remove Authority's purchase option for the Property.

NOW, THEREFORE, Authority, Partnership, Assignor, and Assignee agree as follows:

1. The above Recitals constitute a material part of this Fourth Amendment and are incorporated by reference as though fully set forth herein.

2. All capitalized terms not expressly defined in this Fourth Amendment shall have the same meaning ascribed to such terms in the Agreement.

3. Effective as of the date of this Fourth Amendment, Assignor hereby assigns to Assignee and Assignee hereby assumes all duties, rights, responsibilities, liabilities, and obligations of the Assignor as general partner of the Partnership and under the Agreement.

4. As of the date of this Fourth Amendment, all references in the Agreement to Assignor shall be deemed to refer to Assignee.

5. **Management Agreement.** The property manager for management of the Project, as set forth in Section 7.6(p) of the Agreement, is hereby amended to be Cirrus Asset Management.

6. **Affordability Covenants.** The Affordability Covenants period, as set forth in Section 8 of the Agreement, is hereby amended and extended for a new ninety-nine (99) year term, starting the date of this Fourth Amendment.

7. **Grant of Option.** The Option Agreement set forth as Exhibit "J" to the Agreement is hereby deleted in its entirety to remove Authority's option to purchase the Property.

8. **Notices.** Notices to Partnership, as set forth in Section 21 of the Agreement, is hereby amended as follows:

Ontario Senior Housing Partners, L.P.
c/o Catalina Housing
18201 Von Karman Avenue, Suite 900
Irvine, California 92612

9. **The Agreement.** Except as hereby expressly amended, the Agreement shall remain in full force and effect, and the Agreement, as amended hereby, is ratified and confirmed.

10. **Execution in Several Counterparts.** This Fourth Amendment may be executed in any number of counterparts; each of such counterparts shall for all purposes be deemed to be an original; and all such counterparts shall together constitute but one and the same instrument.

11. **Governing Law.** This Fourth Amendment shall be governed by and construed in accordance with the laws of the State of California applicable to contracts made and performed in such State. Venue shall be in San Bernardino County.

12. **Interpretation.** In the event of any conflict between the provisions of the Agreement and the provisions of this Fourth Amendment, the provisions of this Fourth Amendment shall control. Any reference in this Fourth Amendment to a Section, without further qualification (such as, by way of example, "of this Fourth Amendment") shall mean the specified Section of the Agreement, as amended and supplemented by this Fourth Amendment. All references to the Agreement in any other document or instrument shall refer to the Agreement as amended by the First, Second, Third Amendment, and this Fourth Amendment.

13. **Binding Effect.** This Fourth Amendment shall inure to the benefit of and shall be binding upon Authority, Partnership, Assignor, Assignee, and their respective successors and assigns.

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Housing Prepared By: Albert Ramirez Staff Member Presenting: Helen McAlary, Executive Director Community Life and Culture Reviewed By: Lacey A Rightmer, Andrea M Lopez, Kelly Zackmann Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 12

SUBJECT: **A PROFESSIONAL SERVICES AGREEMENT FOR HOMELESS SERVICES BETWEEN THE CITY OF ONTARIO AND SYMBA CENTER AT THE ONTARIO WELLNESS CAMPUS**

RECOMMENDATION: That the City Council take the following actions:

A. Approve a Professional Services Agreement with Symba Center, a non-profit organization based in Victorville, California, to provide homeless services at 1522 West Mission Boulevard. The agreement includes an initial term from August 1, 2026, through June 30, 2027, with an annual not-to-exceed amount of $2,134,010 and a total contract value of $6,402,030, inclusive of the initial term and up to 2 one-year extension options;
B. Authorize the City Manager to approve up to two additional one-year extensions; and
C. Authorize the City Manager or his designee to execute the Agreement and take all actions necessary to implement them

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods

FISCAL IMPACT: The proposed Professional Services Agreement has a term of August 1, 2026, through June 30, 2027, with a not-to-exceed amount of $2,134,010. Sufficient funding has been appropriated in the Fiscal Year 2026-27 Adopted General Fund Budget to support the agreement. In addition, $176,949 in Community Development Block Grant (CDBG) funding has been allocated under the Fiscal Year 2026-27 Annual Action Plan and will be provided to Symba Center under a separate agreement to support eligible services at the Ontario Wellness Center. If approved, appropriations for any future agreement extension will be included in a quarterly budget update to the City Council.

BACKGROUND & ANALYSIS: In April 2024, the City of Ontario acquired the 33-room motel located at 1522 West Mission Boulevard to establish the Ontario Wellness Center, which provides emergency and temporary housing as the first phase of the City's planned Ontario Wellness

Campus.

In June 2024, the City issued a Request for Proposals to identify a qualified nonprofit operator for the facility. Following a competitive evaluation process, the City Council awarded Symba Center, a Victorville-based non-profit organization, a Professional Services Agreement to operate the Ontario Wellness Center. Symba Center was selected based on its demonstrated experience operating a comparable homeless services facility within San Bernardino County and its ability to provide comprehensive housing stabilization and supportive services.

Construction of the facility was completed in late 2025, and Symba Center commenced operations in December 2025. Since opening, the Ontario Wellness Campus has provided year-round emergency and interim housing, case management, housing navigation, clinical support services, and coordinated access for individuals experiencing homelessness.

Under the proposed Professional Services Agreement, Symba Center will continue to operate the Ontario Wellness Center as a comprehensive, 24-hour-per-day, 7-day-per-week, 365-day-per-year homeless services facility. Services will include emergency housing, interim housing, recuperative care, intensive case management, behavioral health and clinical support services, housing navigation, and supplemental street outreach. Staffing levels will be maintained to ensure safe facility operations and uninterrupted service delivery.

The current Professional Services Agreement expires on July 31, 2026. To ensure uninterrupted operation of the Ontario Wellness Center and the continued delivery of essential homeless services, Staff recommends entering a new one-year Professional Services Agreement with Symba Center for the period of August 1, 2026, through June 30, 2027, in the not-to-exceed amount of $2,134,010. Staff also recommends authorizing the City Manager to approve up to two additional one-year extensions, subject to satisfactory consultant performance and the availability of funding, for a total not-to-exceed contract amount of $6,402,030.

CITY OF ONTARIO
PROFESSIONAL SERVICES AGREEMENT

1. PARTIES AND DATE.

This Professional Services Agreement (this "Agreement") is made and entered as of _____, 2026, by and between the City of Ontario, a municipal corporation organized under the laws of the State of California with its principal place of business at 303 East "B" Street, Ontario, California 91764-4196, County of San Bernardino, State of California ("City") and Symba Center, a California non-profit corporation, with its principal place of business at 16519 Victor Street, Suite. 424, Victorville, CA 92395 ("Consultant"). City and Consultant are sometimes individually referred to herein as "Party" and collectively as "Parties."

2. RECITALS.

2.1 Consultant.

Consultant desires to perform and assume responsibility for the provision of certain professional services required by the City on the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing homeless services, including operating an access center, performing street outreach, and operating interim and emergency housing units to public clients, is licensed in the State of California, and is familiar with the plans of City.

2.2 Project.

City desires to engage Consultant to render such professional services for the Ontario Wellness Center project ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 General Scope of Services. Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional homeless services, street outreach, emergency and interim housing program services, and case planning and management services necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" ("Scope of Work") attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto

and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations. The Scope of Work shall not be altered or modified without first being submitted to the City and approved in writing by the Consultant, City Manager, Housing Services Director, or their designees.

3.1.2 Term. The initial term of this Agreement shall be from August 1, 2026 to June 30, 2027 ("Initial Term"), unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines as described in Exhibit "B" ("Schedule of Services"), attached hereto and incorporated herein by this reference. The Parties may, by mutual, written consent, and without City Council's approval, extend the term of this Agreement for no more than two additional one-year terms, at the current rates set forth herein. Notwithstanding the above, any modification or amendment to this Agreement shall be executed by the City Manager or their designee, without the need for City Council approval, so long as the City's budget appropriates enough funds to cover the contractual amount. If no notice of termination is provided at least 90 days before expiration, this Agreement shall automatically renew for an additional one-year term at the current rates listed herein.

3.2 Compensation.

3.2.1 Compensation. Consultant shall receive compensation, including authorized reimbursements as set forth in Section 3.2.3 of this Agreement, for all Services rendered under this Agreement at the rates and budget set forth in Exhibit "C" ("Budget Plan") and in accordance with the staffing allocations set forth in Exhibit "D" ("Staffing Plan"). Compensation for the Initial Term shall not exceed Two Million One-Hundred Thirty Four Thousand and Nine Dollars and Sixteen Cents ($2,134,009.16) ("Not-to-Exceed Amount") without written approval of the City Council of the City of Ontario or Scott Ochoa, or his successor holding the same or a substantially similar role as Scott Ochoa ("City Manager"), as applicable. Additional funding from the City's Community Development Block Grant ("CDBG") program funds, shall be expended independently as noted in Exhibit C. CDBG funds and the applicable guidelines shall be determined and detailed in a separate contract, in form and substance satisfactory to the Parties. The total amount payable by the City shall be reduced by the monthly revenues obtained by Consultant pursuant to Section 3.2.2 of this Agreement. Extra Work (as defined below) may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement. The budget and staffing plans shall not be altered or modified without first being submitted to the City and approved in writing by the Consultant and City (including the City Manager or Housing Services Director), or their designees.

3.2.1.1 **[Reserved]**.

3.2.2 Payment of Compensation. Commencing on August 1, 2026, and for each monthly period thereafter, Consultant shall promptly submit to City a monthly invoice which indicates in reasonable detail the Services rendered by Consultant under this Agreement for the previous monthly period. Commencing on October 1, 2026, and for each three-month period thereafter, Consultant shall promptly submit to City a financial report which indicates in reasonable detail any revenue, donations, and outside funding received by Consultant in connection with the Services rendered by Consultant under this Agreement for the previous quarterly period. Any revenue, donations, or outside funding received by Consultant in connection with the Services rendered under the terms of this Agreement in excess of the aggregate Total Revenue amount set forth on Exhibit C "Budget Plan" under Symba Revenue Projections – FY 2026-27, shall be deducted from the amount payable/due by the City in the following monthly period invoice. City shall promptly, but in any event within thirty (30) days of receiving such invoice, pay all non-disputed and approved charges, such approval not to be conditioned, delayed or unreasonably

withheld. If the City disputes any of Consultant's fees, the City shall promptly give written notice to Consultant, but in any event within fifteen (15) days of receipt of an invoice of any disputed fees set forth therein. The making of final payment shall not constitute a waiver of any claims by the City for any reason whatsoever.

3.2.3 Reimbursement for Expenses. Consultant shall be reimbursed for all necessary and reasonable expenses, including those included in Exhibit "C" of this Agreement, unless explicitly disputed in writing by City.

3.2.4 Extra Work. At any time during the term of this Agreement, City may request that Consultant perform additional Services rendered in connection with the Project ("Extra Work"), which is determined by the Parties to be reasonably necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization (email to suffice) from the City or the City Manager.

3.2.5 Automated Clearing House ("ACH") payments. It is the City's policy to pay its consultant invoices via electronic fund transfers through the ACH network. All payments due and owing pursuant to a properly issued and correct invoice or under Section 3.2.2 of this Agreement shall be made through electronic ACH transfers, unless otherwise agreed upon by both Parties in writing. Consultant shall provide the City with ACH payment details whereby the City shall initiate the ACH transfers to Consultant in the amount required pursuant to a properly issued and correct invoice or under Section 3.2.2 of this Agreement. Each Party shall undertake any and all required actions and execute any required documents, instruments, or agreements required to effectuate the requirements of this Section. In the event the City erroneously deposits funds into an account, or otherwise deposits funds to which Consultant is not entitled: (1) Consultant shall promptly notify the City and the financial institution; (2) Consultant shall not withdraw any of the funds which were erroneously deposited or to which Consultant is not entitled; and (3) Consultant authorizes both the City and financial institution to take all actions necessary to correct the error and return to the City all funds erroneously deposited or to which Consultant is not entitled.

3.2.6 Funding Shortfall and Funding Contingency. The Parties acknowledge that Consultant's ability to perform the Services is materially dependent on the timely availability of the City funding, CDBG funding, third-party revenue, and other funding assumptions reflected in the Budget Plan. If, at any time during the Term, any anticipated funding source is delayed, reduced, denied, exhausted, restricted, or otherwise unavailable, or if actual program costs materially exceed or materially fall short of the assumptions reflected in the Budget Plan through no fault of Consultant, Consultant shall provide written notice to the City describing the shortfall and the anticipated operational impact.

Upon receipt of such notice, the Parties shall promptly meet and confer in good faith to determine an appropriate adjustment, which may include modification of the Budget Plan, modification of staffing levels, reduction or suspension of affected Services, other mutually acceptable operational changes, or as a final option, additional City funding. Consultant shall not be required to use unrestricted organizational funds, general charitable donations, reserves, or funds designated for other programs to subsidize the Services, except to the extent expressly agreed in writing by Consultant. Prior to requesting additional City funding, the Parties shall consider in good faith whether reasonable operational modifications, alternative funding opportunities, or other mutually acceptable measures may be implemented to address the funding shortfall.

Pending resolution of any funding shortfall, Consultant shall not be deemed in breach for modifying, reducing, or suspending affected Services to the extent reasonably necessary to avoid

operating at an unfunded loss, provided that Consultant gives reasonable prior notice to the City and uses commercially reasonable efforts to preserve essential health, safety, and housing-related services. Any staffing reduction or service modification shall be subject to applicable law, client safety considerations, and Consultant's reasonable professional judgment.

If the Parties are unable to resolve the funding shortfall within thirty (30) days after Consultant's notice, either Party may terminate this Agreement, in whole or in part, upon written notice to the other Party without penalty. In such event, City shall pay Consultant for all non-contested and approved Services performed through the effective date of termination and for all reasonable, documented, non-cancelable costs incurred by Consultant in reasonable reliance on this Agreement.

3.3 Responsibilities of Consultant.

3.3.1 Independent Contractor; Control and Payment of Subordinates. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Any personnel performing the Services on behalf of Consultant shall not be employees of City and shall at all times be under Consultant's exclusive direction and control. Neither City, or any of its officials, officers, directors, employees or agents shall have control over the conduct of Consultant or any of Consultants officers, employees or agents, except as set forth in this Agreement. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Consultant shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.3.2 Schedule of Services. Consultant shall perform the Services in a prompt and timely manner and in accordance with the Schedule of Services. Consultant represents that it has the professional and technical personnel required to perform the Services expeditiously. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.3.3 [Reserved].

3.3.4 Substitution of Key Personnel. Consultant has represented to City that certain key personnel will perform and coordinate the Services under this Agreement. Consultant may designate additional qualified personnel to assist in the performance of Services under this Agreement upon prior written notice to City. Should one or more of the designated personnel become unavailable, Consultant may substitute other personnel of at least equal competence with prior written notice to City. City's approval of any substitution shall not be unreasonably withheld, delayed, or conditioned. If City objects to a proposed substitution, the Parties shall confer in good faith to resolve the matter. If no agreement is reached within thirty (30) calendar days of Consultant's notice of substitution, the Parties shall engage in informal mediation for a period not exceeding thirty (30) calendar days. If the Parties remain unable to reach an agreement after mediation, City may terminate this Agreement upon a showing that the substituted personnel materially impair Consultant's ability to perform the Services. The key personnel for performance of this Agreement include, but are not limited to: Dr. Shawn Smith, Chief Executive Officer; Antoinette D. Jackson, Special Projects Advisor; and any additional personnel designated by Consultant in accordance with this provision.

3.3.5 City's Representative. The City hereby designates Albert Ramirez, Housing Services Director, his successor, or designee, to act as its representative in all matters pertaining to the administration and performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for review and approval of all products submitted by Consultant but not the authority to enlarge the Scope of Services or change the total compensation due to Consultant under this Agreement. The City Manager shall be authorized to act on City's behalf and to execute all necessary documents which enlarge the Scope of Services or change the Consultant's total compensation subject to the provisions contained in this Agreement. Consultant shall not accept direction or orders from any person other than the City Manager, City's Representative or her designee.

3.3.6 Consultant's Representative. Consultant hereby designates Dr. Shawn Smith, Chief Executive Officer of Symba Center, or his/her designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his/her best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.3.7 Coordination of Services. Consultant agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.3.8 Standard of Care; Performance of Employees. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services. Consultant warrants that all employees and subconsultants shall have sufficient skill and experience to perform the Services assigned to them. Consultant represents that it, its employees and subconsultants have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its subconsultants who is determined by the City to be a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services to prevent threats to safety of persons or property, in each case, in accordance with Consultant's internal policies or any applicable local, state or federal law, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.3.9 Period of Performance.

3.3.9.1 Consultant agrees to perform and complete all Services within the timeframe specified in Section 3.1.2 above ("Performance Time"). Consultant shall also adhere strictly to any completion schedule or Project milestones outlined in Exhibits "A" and "B" attached hereto, or as separately agreed upon in writing by the City and Consultant ("Performance Milestones"). It is recognized that timely completion of the Services is crucial for meeting project goals.

3.3.9.2 Neither City nor Consultant shall be considered in default of this Agreement for delays in performance (except for any obligations to make payments to the other

Party hereunder as set forth in Section 3.2.2 of this Agreement) caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Consultant and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the services and Agreement.

3.3.9.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible for the delay, shall not entitle Consultant to any additional compensation; provided, however, during such circumstances described in this Section 3.3.9.3, the non-affected party may similarly suspend its performance obligations (except for any obligation to make payments to the other Party hereunder as set forth in Section 3.2.2 of this Agreement) until such time as the affected Party resumes performance. Notwithstanding the foregoing in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

3.3.10 Laws and Regulations; Employee/Labor Certification.

3.3.10.1 Compliance with Laws. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including Cal/OSHA requirements, U.S Department of Housing and Urban Development (HUD) requirements, and Community Development Block Grant Program (CDBG) funding requirements (if applicable), and shall provide all notices required by law. Consultant will act in good faith to resolve compliance issues in a timely manner and will notify the City if significant regulatory changes impact the Project or the Services. Consultant shall be liable for all violations of such laws and regulations in connection with the Services and this Agreement. All violations of such laws and regulations shall be grounds for the City to terminate the Agreement for cause.

3.3.10.2 Regulatory Changes & Adjustments. If any new or modified local, state, or federal laws, regulations, or administrative requirements impose additional costs, obligations, or operational complexities on Consultant in the performance of its services under this Agreement, the Parties shall negotiate in good faith to (a) adjust the Consultant's compensation to reflect the increased costs associated with compliance; or (b) modify the Agreement's scope of services to align with the new regulatory requirements without imposing undue financial or operational burden on Consultant. If the Parties are unable to reach a mutually acceptable adjustment within ninety (90) days of written notice from Consultant outlining the impact of the regulatory change, Consultant shall have the right to suspend affected services without penalty until such adjustments are agreed upon.

3.3.10.3 Employment Eligibility; Consultant. Consultant certifies full compliance with all state and federal requirements and restrictions respecting the employment of

undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time and shall require all subconsultants and sub-subconsultants to comply with the same. Consultant certifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement.

3.3.10.4 Equal Opportunity Employment. Consultant represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Consultant shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.3.10.5 Air Quality. To the extent applicable, Consultant must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Consultant shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Consultant, its subconsultants, or others for whom Consultant is responsible under its indemnity obligations provided for in this Agreement.

3.3.10.6 Water Quality Management and Compliance. Consultant shall keep itself and all subcontractors, staff, and employees fully informed of and in compliance with all local, state and federal laws, rules and regulations that may impact, or be implicated by the performance of the Services including, without limitation, all applicable provisions of the City's ordinances regulating water quality and storm water; the Federal Water Pollution Control Act (33 U.S.C. § 1251, *et seq.*); the California Porter-Cologne Water Quality Control Act (Water Code § 13000 *et seq*.); and any and all regulations, policies, or permits issued pursuant to any such authority. Consultant must additionally comply with the lawful requirements of the City, and any other municipality, drainage district, or other local agency with jurisdiction over the location where the Services are to be conducted, regulating water quality and storm water discharges. City may seek damages from Consultant for delay in completing the Services caused by Consultant's failure to comply with the laws, regulations and policies described in this Section, or any other relevant water quality law, regulation, or policy.

3.3.10.7 Safety. Consultant shall execute and maintain its work in a manner that ensures safety of all involved personnel, avoiding injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.3.11 Insurance.

3.3.11.1 Time for Compliance. Consultant shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the City that the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.3.11.2 Types of Insurance Required. As a condition precedent to the effectiveness of this Agreement for work to be performed hereunder, and without limiting the indemnity provisions of the Agreement, the Consultant, in partial performance of its obligations under such Agreement, shall procure and maintain in full force and effect during the term of the Agreement the following policies of insurance. If the existing policies do not meet the insurance requirements set forth herein, Consultant agrees to amend, supplement or endorse the policies to do so.

(A) Commercial General Liability: Commercial General Liability Insurance which affords coverage at least as broad as Insurance Services Office "occurrence" form CG 00 01, or the exact equivalent, with limits of not less than $2,000,000 per occurrence and no less than $4,000,000 in the general aggregate. Defense costs shall be paid in addition to the limits. The policy shall contain no endorsements or provisions (1) limiting coverage for contractual liability; (2) excluding coverage for claims or suits by one insured against another (cross-liability); (3) products/completed operations liability; or (4) containing any other exclusion(s) contrary to the terms or purposes of this Agreement.

(B) Automobile Liability Insurance: Automobile Liability Insurance with coverage at least as broad as Insurance Services Office Form CA 00 01 covering "Any Auto" (Symbol 1), or the exact equivalent, covering bodily injury and property damage for all activities with limits of not less than $2,000,000 combined limit for each occurrence.

(C) Workers' Compensation: Workers' Compensation Insurance, as required by the State of California and Employer's Liability Insurance with a limit of not less than $1,000,000 per accident for bodily injury and disease.

(D) Professional Liability (Errors & Omissions): Professional Liability insurance or Errors & Omissions insurance appropriate to Consultant's profession with limits of not less than $1,000,000 per occurrence and no less than $2,000,000 aggregate. Covered professional services shall specifically include all work to be performed under the Agreement and delete any exclusions that may potentially affect the work to be performed (for example, any exclusions relating to lead, asbestos, pollution, testing, underground storage tanks, laboratory analysis, soil work, etc.). If coverage is written on a claims-made basis, the retroactive date shall precede the effective date of the initial Agreement and continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least five (5) years from termination or expiration of this Agreement.

3.3.11.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability: (1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement. Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 and 20 37 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Automobile Liability: (1) Additional Insured: The City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Vendor or for which the Vendor is responsible. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(C) Professional Liability (Errors & Omissions): (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) This insurance shall be written on a policy form coverage specifically designed to protect against acts, errors or omissions of the Consultant. "Covered Professional Services" as designated in the policy must specifically include work performed under this Agreement. The policy must "pay on behalf of" the insured and include a provision establishing the insurer's duty to defend.

(D) Workers' Compensation: (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) Waiver of Subrogation: A waiver of subrogation stating that the insurer waives all rights of subrogation against the City, its officials, officers, employees, agents, and volunteers.

3.3.11.4 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.3.11.5 Waiver of Subrogation. All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to waiver of subrogation in favor of the City, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.3.11.6 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be approved in writing by the City and shall protect the City, its officials, officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.3.11.7 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such

coverage is cancelled or reduced and not replaced promptly so as to avoid a lapse in the required coverage, Consultant shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.3.11.8 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.3.11.9 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.3.11.10 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.3.11.11 Additional Insurance Provisions

(A) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the City, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(B) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(C) The City may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(D) Neither the City nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

(E) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant’s indemnification obligations to the City and shall not preclude the City from taking such other actions available to the City under other provisions of the Agreement or law.

(F) Consultant shall report to the City, in addition to Consultant’s insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.3.11.12 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and volunteers as additional insureds to the subconsultant's policies. All policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.

3.4 Labor Code Requirements.

3.4.1 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. City shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Consultant shall therefore comply with such Labor Code sections to the fullest extent required by law. Consultant shall defend, indemnify and hold the City, its officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4.2 Registration/DIR Compliance. If the Services are being performed on a public works project of over $25,000 when the project is for construction, alteration, demolition, installation, or repair work, or a public works project of over $15,000 when the project is for maintenance work, in addition to the foregoing, then pursuant to Labor Code sections 1725.5 and 1771.1, the Consultant and all subconsultants must be registered with the Department of Industrial Relations ("DIR"). Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants.

3.4.3 Compliance Monitoring. This Project may also be subject to compliance monitoring and enforcement by the DIR. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements, including the submission of payroll records directly to the DIR. Any stop orders issued by the DIR against Consultant or any subconsultant that affect Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the City. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the DIR against Consultant or any subconsultant.

3.4.4 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5 Termination of Agreement.

3.5.1 Grounds for Termination. Either Party may, by written notice to the other Party, terminate this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least ninety (90) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City (as set forth in Section 3.2.2 of this Agreement), and Consultant shall be entitled to no further compensation. The rights and remedies of the City provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

3.5.2 Termination Without Cause. If the City elects to terminate this Agreement without cause before the expiration of the initial or any renewal term, the City shall compensate Consultant for:

3.5.2.1 All services performed up to the effective date of termination;

3.5.2.2 Any non-cancelable commitments and obligations entered into by Consultant in reliance on this Agreement;

3.5.2.3 Such compensation shall be payable within thirty (30) days of the termination notice.

3.5.3 Termination With Cause. The City may terminate this Agreement for cause only upon providing written notice to Consultant specifying the material breach and granting Consultant thirty (30) days to cure such breach. If Consultant fails to cure within the specified period, the City may terminate the Agreement without additional compensation beyond fees for services rendered up to the termination date.

3.5.4 Effect of Termination. If this Agreement is terminated as provided herein, City requires Consultant to provide all finished or unfinished Documents and Data prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within thirty (30) days of the request.

3.5.5 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.6 Indemnification.

3.6.1 To the fullest extent permitted by law, Consultant shall defend, indemnify, and hold the City, its officials, officers, employees, volunteers, and agents harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage, or injury arising out of or related to any acts, errors, omissions, or willful misconduct of Consultant, its employees, subcontractors, consultants, or agents in connection with the performance of the Consultant's Services, the Project, or this Agreement. Consultant's indemnification obligations shall not extend to any claims or damages arising from the City's sole negligence, willful misconduct, regulatory

actions, or third-party conduct beyond Consultant's reasonable control. In the event of a claim, Consultant shall only be responsible for its proportionate share of fault, if any, as determined by a court of law. Consultant's obligation to indemnify shall not be limited by insurance proceeds, and shall survive the expiration or termination of this Agreement.

3.7 General Provisions.

3.7.1 Accounting Records; Audits. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement, and related to the Project or use of facilities. Such records shall be clearly identifiable, clearly distinguish between all sources of revenue, and adequately track the flow of revenue and expenditures from each source month to month. Consultant shall maintain a system of bookkeeping adequate for its operations hereunder. Consultant shall allow City Manager or the City's Representative during normal business hours to examine, audit, and make transcripts or copies of such records created pursuant to this Agreement; provided that City provides Consultant with at least five (5) business days advance written notice of such planned inspection. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of six (6) months from the date of final payment under this Agreement.

Consultant shall conduct an official audit of their financials through a reputable independent auditor's report of an independent certified public accountant. Consultant will provide the City with a copy of its audited financial statements for such fiscal year. Such audited financial statements shall include such information as is required by applicable Government Accounting Standards Board pronouncements and applicable State and local law. The Consultant hereby agrees to provide the City with such other financial and accounting information as may be reasonably requested by the City. Failure to maintain or provide such records or statements shall constitute a cause for termination, in accordance with Section 3.5.3 of this Agreement.

3.7.2 Independent Contractors and Subcontracting.

3.7.2.1 Use of Consultants. Consultant is aware of statutory and case law regarding classification of workers as independent contractors, including California Labor Code Section 2750.3 and Dynamex Operations West, Inc. v. Superior Court, 4 Cal. 5th 903 (2018). To ensure that Consultant is in compliance with the California Labor Code, Consultant shall only utilize its employees to provide the Services. Consultant may not provide the services through any independent contractor, subcontractor or subconsultant ("Subcontractor(s)") unless approved by the City as set forth in Section 3.7.2.2 below. Consultant represents and warrants that all personnel who perform the Services on Consultant's behalf are Consultant's employees, and that Consultant complies with all applicable laws, rules and regulations governing its employees, including, but not limited to, the California Labor Code, Unemployment Insurance Code and all applicable Industrial Welfare Commission Wage Orders.

3.7.2.2 Prior Approval Required. Consultant shall not use any Subcontractor to provide the Services, or any portion of the work required by this Agreement, without prior written approval of City. In the event that City authorizes Consultant to use a Subcontractor, Consultant shall enter into a written agreement with the Subcontractor, which must include all provisions of the Agreement.

3.7.3 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Consultant: Symba Center

16519 Victor St. Ste. 424
Victorville, CA 92395
ATTN: Dr. Shawn Smith, Chief Executive Officer

City: City of Ontario
303 East “B” Street
Ontario, CA 91764
ATTN: Albert A. Ramirez, Housing Services Director

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.7.4 Ownership of Materials and Confidentiality.

3.7.4.1 Documents & Data; Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data"). All Documents & Data shall be and remain the property of City, and shall not be used in whole or in substantial part by Consultant on other projects without the City’s express written permission. Within thirty (30) days following the completion, suspension, abandonment or termination of this Agreement, Consultant shall provide to City reproducible copies of all Documents & Data, in a form and amount reasonably required by City. City reserves the right to select the method of document reproduction and to establish where the reproduction will be accomplished. The reproduction expense shall be borne by City at the actual cost of duplication. In the event of a dispute regarding the amount of compensation to which the Consultant is entitled under the termination provisions of this Agreement, Consultant shall provide all Documents & Data to City upon payment of the undisputed amount. Consultant shall have no right to retain or fail to provide to City any such documents pending resolution of the dispute. In addition, Consultant shall retain copies of all Documents & Data on file for a minimum of three (3) years following completion of the Project, and shall make copies available to City upon the payment of actual reasonable duplication costs. Before destroying the Documents & Data following this retention period, Consultant shall make a reasonable effort to notify City and provide City with the opportunity to obtain the Documents & Data. Notwithstanding anything to the contrary in this Section, “Documents & Data” shall not include Consultant’s internal administrative records, clinical records, proprietary policies, proprietary forms, pre-existing materials, or other records containing Client Information. Such records shall remain the property of Consultant; provided, however, that nothing herein shall limit the City's right, upon reasonable request, to review or inspect such records to the extent reasonably necessary to verify Consultant’s compliance with this Agreement, investigate participant complaints or incidents, respond to claims involving the Program and participants, satisfy applicable statutory or regulatory requirements, and to the extent such records are expressly required to be provided to the City under this Agreement, in each case subject to applicable law, including HIPAA, CMIA, peer review protections, attorney-client privilege, and other applicable confidentiality or privilege protections.

3.7.4.1 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that

Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.7.4.2 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or another project, provided that any such use not within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City's sole risk. If City uses or reuses the Documents & Data on any project other than this Project, it shall remove the Consultant's seal from the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

3.7.4.3 Indemnification. Consultant shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person or entity in consequence of the use on the Project by City of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.7.4.4 Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant. Such materials shall not, without the prior written consent of City, which consent shall not be unreasonably withheld, conditioned or delayed, be used by Consultant for any purposes other than the performance of the Services. Nor shall such materials be disclosed to any person or entity not connected with the performance of the Services or the Project. Nothing furnished to Consultant which is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use City's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

3.7.4.5 Confidential Information. The City shall refrain from releasing Consultant's proprietary information ("Proprietary Information") unless the City's legal counsel determines that the release of the Proprietary Information is required by the California Public Records Act or other applicable state or federal law, or order of a court of competent jurisdiction, in which case the City shall notify Consultant of its intention to release Proprietary Information. Consultant shall have five (5) business days after receipt of the release notice to give City written notice of Consultant's objection to the City's release of Proprietary Information. Consultant shall indemnify, defend and hold harmless the City, and its officers, directors, employees, and agents from and against all liability, loss, cost or expense (including attorney's fees) arising out of a legal action brought to compel the release of Proprietary Information. City shall not release the Proprietary Information after receipt of an objection notice unless either: (1) Consultant fails to fully indemnify, defend (with City's choice of legal counsel), and hold City harmless from any legal

action brought to compel such release; and/or (2) a final and non-appealable order by a court of competent jurisdiction requires that City release such information.

3.7.4.6 Client Records, Privacy, and Data Security. Consultant may create, receive, maintain, use, disclose, or transmit records or information relating to individuals served under this Agreement, including intake records, housing records, case management records, referral information, health-related information, behavioral health information, substance use-related information, benefits information, demographic information, and other sensitive personal information ("Client Information"). Consultant shall maintain Client Information in accordance with applicable federal, state, and local privacy, confidentiality, and data security laws, including, to the extent applicable, HIPAA, CMIA, 42 C.F.R. Part 2, HMIS requirements, CDBG/HUD requirements, and other laws governing health, behavioral health, housing, homelessness, and social services records.

Consultant shall use and disclose Client Information only as reasonably necessary to perform the Services, comply with applicable law, coordinate care and housing-related services, submit required reports, support payment and program administration, and satisfy lawful City, funding-source, audit, or regulatory requirements. Consultant shall not sell Client Information or use Client Information for marketing, fundraising, unrelated research, or any purpose unrelated to this Agreement without appropriate authorization or another legally permissible basis.

Consultant shall implement and maintain reasonable administrative, technical, and physical safeguards designed to protect Client Information from unauthorized access, use, disclosure, alteration, loss, or destruction. Such safeguards shall include, as appropriate, role-based access controls, workforce confidentiality obligations, secure transmission and storage, reasonable password and authentication controls, incident response procedures, secure disposal practices, and workforce training regarding privacy and confidentiality obligations.

Consultant shall promptly notify the City of any actual or suspected unauthorized access, use, disclosure, loss, or compromise of Client Information related to the Services or Project. Such notice shall be provided without unreasonable delay and, in no event, later than five (5) business days after discovery, unless a shorter period is required by applicable law or funding requirements. The Parties shall reasonably cooperate to investigate, mitigate, document, and provide any legally required notices arising from such incident. Consultant shall not make any external notification or public statement identifying the City without prior coordination with the City, except to the extent required by applicable law.

As between the Parties, Consultant shall retain ownership and control over its internal case management records, clinical or service records, operational records, proprietary forms, policies, procedures, and pre-existing materials. The City shall have access to Client Information only to the extent reasonably necessary for contract administration, program oversight, payment, audit, reporting, legal compliance, or as otherwise required by applicable law. Any Client Information disclosed to the City shall remain subject to applicable privacy, confidentiality, and public records restrictions.

To the extent any data or reports are provided to the City for program administration, performance measurement, or public reporting, Consultant shall use reasonable efforts to provide such information in aggregated or de-identified form unless identifiable information is required by applicable law, funding requirements, or the City's reasonable program oversight needs. The Parties shall cooperate in good faith to limit disclosure of identifiable Client Information to the minimum necessary to accomplish the applicable purpose.

Consultant shall retain Client Information for the period required by applicable law, funding

requirements, and this Agreement, and shall securely dispose of Client Information when retention is no longer required. Upon expiration or termination of this Agreement, Consultant shall cooperate with the City to transition records reasonably necessary for continuity of services, subject to applicable privacy, consent, confidentiality, and legal requirements.

3.7.5 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.7.6 Entire Agreement. This Agreement contains the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements.

3.7.7 Attorneys' Fees. If either party commences an action against the other party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing party in such litigation shall be entitled to have and recover from the losing party reasonable and documented out-of-pocket attorneys' fees and all reasonable and documented costs of such action.

3.7.8 Governing Law. This Agreement shall be governed by the laws of the State of California. Venue shall be in San Bernardino County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Consultant must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Consultant. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Consultant shall be barred from bringing and maintaining a valid lawsuit against the City.

3.7.9 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.7.10 City's Right to Employ Other Consultants. City reserves right to employ other consultants in connection with this Project.

3.7.11 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.7.12 Assignment or Transfer. Consultant shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the written consent of the City, which may be withheld in the City's sole but reasonable discretion. Any attempt to so assign or so transfer without such consent shall be void and without legal effect and shall constitute grounds for termination. Consultant shall not subcontract any portion of the Services required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

3.7.13 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work

days. All references to Consultant include all personnel, employees, agents, and subconsultants of Consultant, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

3.7.14 Amendment; Modification. No supplement, modification, or amendment of this Agreement, including the Exhibits, shall be binding unless executed in writing and signed by both Parties. Any supplement, modification, or amendment to this Agreement shall be executed by the City Manager or their designee, without the need for City Council approval, so long as the City's budget appropriates enough funds to cover the contractual amount.

3.7.15 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.

3.7.16 No Third-Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.7.17 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.7.18 Prohibited Interests. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Consultant further agrees to file, or shall cause its employees or subconsultants to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.7.19 Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.7.20 Counterparts. This Agreement may be signed in (.PDF) counterparts, each of which shall constitute an original.

3.7.21 Survival. All rights and obligations hereunder that by their nature are to continue after any expiration or termination of this Agreement, including, but not limited to, the indemnification obligations, shall survive any such expiration or termination.

EXHIBIT "A"
SCOPE OF SERVICES

GENERAL PROVISIONS

The Scope of Services for this Agreement includes delivery of services at the Ontario Wellness Center management of the housing units, and limited management of the facilities, as further detailed herein.

- Consultant will provide the Services at the Ontario Wellness Center located at 1522 W. Mission Boulevard, Ontario, CA 91762 ("Property") owned by City. In consideration of the Services to be performed by Consultant under this Agreement, City authorizes Consultant to use the Property on the terms and conditions set forth herein solely and exclusively to fulfill the requirements of this Agreement. Consultant will direct and supervise Consultant's Services and programs on the Property necessary for the Project. Consultant may not close the Property during its normal operating hours without the prior written consent of the City. Any use of the Property is subject to the City's laws, guidelines, and regulations.
- Consultant will work cooperatively with the City to develop and maintain a master calendar to coordinate the operation and use of the Property for the Services to ensure appropriate scheduling and integration with other portions of the Property that may remain accessible to the public. City sponsored events and programs are to be given priority use.
- Prohibited Client Conduct: Consultant shall ensure that its officials, officers, directors, employees, or agents immediately notify Consultant's management upon observing any prohibited conduct by a client of the Project at the Property. Consultant shall then provide immediate written notice to the City detailing the nature of the conduct, any actions taken in response, and any further steps planned to address the issue. Prohibited conduct includes, but is not limited to, the following: engaging in any illegal activity, including without limitation the use, purchase, or sale of illegal drugs; harassing or threatening Consultant's staff or guests or visitors of the Property, including without limitation, other clients of the Project.
- Consultant and City will work cooperatively to develop policies and procedures including a Code of Conduct for the Ontario Wellness Center that Consultant will utilize for implementing programs and services including client conduct on site along with related policies. The policies and procedures will also include a grievance procedure to address complaints related to service provision, intake, discharge, and service termination.
- The City has selected Consultant as the provider for the Services based on their experience and expertise and the Consultant will not subcontract to another provider for any portion of the Services, however, should the need arise for partnerships with other local providers, the City shall have the right to approve all MOUs between the Consultant and other providers for work to be performed at the site, such approval not to be conditioned, delayed or unreasonably withheld.
- Consultant shall not discriminate against or segregate, any person or group of persons on account of race, color, religion, sex, gender identity, sexual orientation, marital status, national origin or ancestry in the use, occupancy, tenure, or enjoyment of the Property in connection with this Agreement, nor shall Consultant establish or permit any such

practice or practices of discrimination or segregation with reference to the selection, location, or number of or use or occupancy by clients of the Property.

GENERAL HOMELESS SERVICES, EMERGENCY HOUSING, INTERIM HOUSING, AND SUPPORT SERVICES

- Consultant shall provide comprehensive homeless services and housing operations at the Property to support clients in obtaining housing stability, essential resources, and long-term self-sufficiency. Services include General Homeless Services, Emergency Housing, Interim Housing, and related case management and supportive services as set forth below.
- Consultant shall operate the Property and all associated programs on a continuous basis, twenty-four (24) hours per day, seven (7) days per week, three hundred sixty-five (365) days per year, including holidays, to ensure uninterrupted housing and service availability.
- Consultant shall maintain sufficient staffing and on-site coverage at all times to ensure safe operations and timely response to client needs.
- Consultant shall provide intake, assessment, case management, and service coordination for clients served at the Property. Services shall include:
- Client intake and housing assessments for programs in and around Ontario.
- Coordination with the Ontario Housing Services Department and other City-designated partners.
- Development of individualized housing stability plans.
- Warm hand-off referrals to behavioral health, substance use treatment, and other supportive services.
- Client tracking, data entry, and reporting using a City-approved data management system.
- Distribution and monitoring of basic needs resources (e.g., bus passes, ID vouchers, gift cards), subject to City funding and direction.
- Distribution of hygiene kits and provision of linens and laundry supplies as needed.
- Access to on-site laundry and shower services for outreach clients and housing program participants.
- Maintenance of informational postings related to employment, education, and supportive services.
- Maintenance of complete client records for at least three (3) years after contract termination.
- Monthly reporting on service utilization and outcomes in a City-approved format.

<u>Emergency Housing</u>

- Consultant shall provide congregate Emergency Housing in up to four (4) units for up to eight (8) individuals referred by the Ontario Police Department or other City-authorized referral sources.
- Intended length of stay: three (3) days or less.
- Maximum initial stay: seven (7) days, with extensions permitted only upon documented progress and City-approved case management determination.

- Consultant shall conduct an initial assessment of each participant upon intake, or as soon as practicable thereafter, to evaluate the participant's housing, health, behavioral health, income, and service needs and determine the appropriateness of placement in Interim Housing or other housing interventions.
- Consultant shall coordinate with City staff and relevant service providers to ensure continuity of care and support successful transitions to Interim Housing, bridge housing, permanent supportive housing, or other permanent housing solutions.

Interim Housing

- Consultant shall provide up to twenty-six (26) units of congregate Interim Housing, as needed and available, and based on specific participant needs. Units shall initially be assigned as single-occupancy, but as participant numbers rise, or as needed to accommodate participants, units may be assigned as double-occupancy.
- Intended length of stay: up to one-hundred and twenty (120) days.
- Consultant shall complete an individualized housing case plan for each participant within fourteen (14) calendar days of program enrollment. The case plan shall identify housing goals, barriers to housing stability, service needs, action steps, and measurable benchmarks and milestones.
- Stays shall be benchmark- and milestone-driven under the participant's individualized housing case plan.
- Consultant shall review and update each participant's individualized housing case plan at least once every thirty (30) days, or more frequently as participant needs or circumstances change. Updates shall document progress toward established goals, changes in participant needs, and any modifications to the housing stabilization strategy.
- Continued occupancy is subject to documented progress toward housing stability goals, as outlined in the individualized housing case plan.
- One (1) unit may be designated for an on-site residential manager at Consultant's discretion.
- Consultant shall prioritize placement of eligible participants transitioning from Emergency Housing to promote continuity of care and reduce returns to homelessness.
- Consultant shall coordinate with housing and service providers to support transitions to bridge housing, permanent supportive housing, rapid rehousing, and other permanent housing solutions.

Case Management and Planning Services

- Consultant shall provide structured case management to support housing placement and stability, including:
- At least weekly case management meetings for Interim Housing clients to assess progress and adjust service plans.
- Housing navigation and coordination with landlords, housing providers, and City partners. Coordination of supportive services including behavioral health, substance use treatment, employment, and benefits assistance.
- Assistance with obtaining, replacing, or maintaining essential identification and eligibility documents, including birth certificates, Social Security cards, state-issued identification cards, income verification, and other documentation necessary to access housing, benefits, employment, and supportive services.
- Assistance with applying for, securing, and maintaining eligible public benefits and income supports, including Supplemental Security Income (SSI), Social Security

Disability Insurance (SSDI), General Relief, CalFresh, Medi-Cal, veterans' benefits, and other applicable federal, state, or local assistance programs.

- Support for employment readiness, job training, workforce development, job search activities, and connection to educational and vocational resources, as appropriate.
- Coordination of services intended to improve participants' physical health, mental health, and overall well-being, including linkage to primary care providers, behavioral health services, and ongoing medical care.
- Screening, referral, and connection to substance use disorder treatment services, including detoxification, outpatient treatment, residential treatment, medication-assisted treatment, recovery support services, and relapse prevention resources, as appropriate.
- Ongoing support to promote self-sufficiency, increase income, address barriers to housing stability, and facilitate transition to permanent housing.

On-Site Clinical and Behavioral Health Services

- Consultant shall provide or coordinate on-site supportive services, which may include:
- Licensed clinical staff and registered nurses for basic health stabilization and care coordination.
- Substance use disorder counselors for screening, engagement, and referral to treatment services. Licensed social workers for psychosocial support, benefits navigation, and service coordination.
- All clinical and behavioral health services shall be integrated with housing case management to support housing stability, recovery, and long-term self-sufficiency.
- Consultant shall document all supportive services, referrals, participant engagements, case notes, assessments, outcomes, and other program activities in a City-approved data management system or database.
- Consultant shall collect and maintain data necessary to measure program performance, participant outcomes, and compliance with this Agreement.

STREET OUTREACH

To engage with homeless individuals and families within the incorporated limits of the City of Ontario and support the City's homeless response efforts, Consultant shall evaluate the suitability and feasibility of providing street outreach services on an as-needed basis at the reasonable request of the City and subject to the operational and budgetary needs of the Ontario Wellness Center ("OWC"). Outreach services are intended primarily to supplement City operations during weekends and during periods when City staff are unavailable. Services shall include, but not limited to, the following:

- Hours of operation: Outreach services shall be provided on an as-needed basis as requested by the City. Services are anticipated to occur primarily during weekends and during periods when City staff are unavailable; however, specific schedules and response times shall be coordinated between the City and Consultant.
- Respond to requests for outreach services from the City, including requests generated through community concerns, referrals, or other identified needs.
- Go to locations identified by the City to engage potential or current clients.
- Conduct field assessments.
- Provide food and water to potential or current clients as resources are available.

- Transport clients to the OWC, or when appropriate, to essential appointments and service locations.
- Coordinate services with Ontario Housing Services Department staff, including the City's outreach team, to ensure continuity of care and avoid duplication of services.
- Facilitate connections to housing, shelter, behavioral health services, and other supportive resources through warm handoffs and referrals, as appropriate.

RECUPERATIVE CARE SERVICES

- Consultant shall provide Recuperative Care Services within up to ten (10) designated rooms at the Property. These services are intended for individuals who are medically stable for discharge from an acute care setting but require short-term supportive housing, medical support, and intensive case management during recovery.
- Each room shall accommodate no more than two (2) individuals at any given time.
- Referrals for Recuperative Care Services shall be made exclusively by licensed hospitals or acute care facilities.
- All referrals shall be subject to prior review and written approval by the City of Ontario before admission. The City shall have sole and absolute discretion to approve or deny any referral.
- As part of the referral approval process, the City shall determine whether the referred individual has sufficient ties to the City of Ontario, consistent with City-established criteria or policy guidelines.
- No individual shall be admitted into Recuperative Care Services without prior City approval.
- Consultant shall provide onsite medical support services appropriate to the recuperative care setting, including coordination with external medical providers, discharge planning support, medication adherence assistance (as permitted by applicable scope and licensing requirements), and health stabilization support during the recovery period.
- Consultant shall provide intensive case management services focused on achieving permanent housing outcomes, including individualized housing navigation, benefits enrollment and maximization (e.g., SSI/SSDI, CalFresh, Medi-Cal), and income stabilization strategies.
- Case management shall prioritize placement into permanent housing or other appropriate long-term housing solutions, with measurable progress benchmarks established at intake and updated throughout service engagement.
- Consultant shall coordinate with the City, healthcare providers, and housing partners to ensure continuity of care and alignment between medical recovery goals and housing placement objectives.
- Consultant shall use commercially reasonable efforts to maintain appropriate occupancy levels of all recuperative care beds, consistent with medical necessity, referral availability, and safe operating conditions.
- All revenue generated from Recuperative Care Services, including but not limited to reimbursements, per diem payments, insurance billings, or third-party payments, shall be applied to offset eligible program operating costs and reduce the City's net financial contribution to the program, in accordance with applicable budgetary and accounting

requirements. Consultant shall cooperate with the City in documenting, tracking, and reporting all such revenues in a manner reasonably required by the City.

PROPERTY MAINTENANCE AND SECURITY

Consultant shall oversee the day-to-day use of the property by clients and staff to ensure safety and cleanliness including the following:

- Ensure clean, safe, and habitable office and living quarters for clients at all times in accordance with this Agreement.
- Ensure that food and waste are disposed of properly so as not to encourage pests or vermin and maintain a clean hygienic environment; Report to law enforcement any criminal activity and promptly notify the City of such incidents.
- Consultant will provide clean linens for both daily shower services and housing facilities on site.
- Consultant will ensure that client living spaces are maintained in a clean and hygienic condition both during occupancy and at client move in.
- Consultant will provide adequate security services to maintain safety of clients and staff utilizing the site. Security staff can be either in-house or professional security services. Should Consultant hire a mix of in-house staff, appropriate training and certification will be required. Licensing will be required through the State of California Bureau of Security and Investigative Services.
- Notwithstanding the above, City will maintain security cameras that will provide a video feed of the exterior of the Property.

UTILITIES, MAINTENANCE, FACILITY NEEDS, AND REPAIRS

As the owner of the Property and supportive partner of Consultant's efforts to address unsheltered homeless in the City, the City will perform following obligations:

- Designate an appropriate contact to receive maintenance and repair requests from Consultant for the Property (porter services);
- Utilize a service to respond to emergency maintenance requests submitted by the Consultant;
- Provide all major exterior and interior maintenance and repair of the Property, including roof, walls, and foundations, plumbing, including plumbing upgrades needed to provide shower and laundry on site, lighting and related fixtures, electrical, HVAC filters and systems, mechanical systems, smoke detectors, elevators (if any), and fire alarms, extinguishers, sprinklers, and other systems, such that the Property at all times is fully functional as habitable living quarters for clients and office space. The City shall bear all costs associated with these maintenance and repair obligations, unless otherwise expressly stated in this Agreement. Consultant shall immediately notify the City if there are any issues with the aforementioned conditions by providing notice as specified in Section 3.7.3 of the Agreement. Routine cleaning, upkeep, and minor repairs are the responsibility of the Consultant as detailed in this Agreement;
- Keep landscaped areas, trees, lawns, shrubs and other plant materials trimmed and in healthy condition;

- The City shall provide and be responsible for the procurement, installation, and maintenance of all fixtures and equipment necessary for the operation and functioning of the Property, including but not limited to furnishings, appliances, and any other items essential for client use and comfort.
- Maintain and repair guest-room furniture, fixtures, and equipment (e.g., beds, televisions, and refrigerators) at the Property provided to clients in connection with the Project.

CONSULTANT'S OBLIGATIONS

As the provider of Services within the Property, Consultant will:

- Perform regular housekeeping and custodial services as needed to maintain a sanitary, habitable, and safe environment in offices and rooms occupied by clients at the Property. These services include janitorial services for the areas it occupies or uses, but are not limited to, vacuuming floors, dusting surfaces, cleaning bathrooms, replacing toiletries, removing trash, providing fresh linens (e.g., bed sheets and bath towels), and addressing other routine cleaning needs to ensure the Property remains suitable for its intended use;
- Exercise prudent care to preserve and protect both its own interests and those of the City in connection with the Property. Consultant shall not commit or permit waste or deterioration of the Property, abandon any portion of the Property, or otherwise act, or fail to act, in such a way as to unreasonably increase the risk of any damage to the Property;
- Provide qualified and adequately trained staff to oversee and manage the day-to-day operations of the Property in accordance with this Agreement;
- Keep the Property free from any accumulation of debris and waste materials.
- Notification of Damage: Consultant shall promptly notify the City in writing of any damage to the City's property, equipment, fixtures, or facilities at the Property caused by any client of the Project, Consultant, or Consultant's officials, officers, directors, employees, or agents immediately upon discovering the need or receiving such request. Such notification shall include a detailed description of the damage, the circumstances under which it occurred, and any immediate actions taken to address or mitigate the damage. Consultant shall cooperate fully with the City in assessing the damage and determining appropriate repairs or remedies.
- Minor Alterations by Consultant: Consultant may make any lawful and proper minor alterations to the Property and may attach fixtures and signs in or upon the Property with the City's prior written approval. Consultant is responsible for the cost of such alterations and attachments. All alterations and attachments must comply with existing code requirements.
- Nuisances: Consultant shall not permit the Property or any portion of the Property to be improved, developed, used, or occupied in any manner or for any purpose that is in any way in violation of any applicable law or this Agreement and shall not maintain, commit, or permit the maintenance or commission of any nuisance as now or hereafter defined by any applicable law or judicial decision applicable to the Property or any part thereof.

- Damage to Property by Consultant: Consultant shall be responsible, at its sole cost and expense, for repairing any damage to the Property arising from its negligence, failure to exercise reasonable care, willful misconduct, or failure to control or enforce applicable rules and policies related to the Property's use under this Agreement. Such repairs must be completed to the City's reasonable satisfaction. Alternatively, at the City's discretion, Consultant shall reimburse the City for the full cost of repairs incurred by the City to restore the Property to its original condition, ordinary wear and tear excepted. Such reimbursement shall be due within thirty (30) days of the City's receipt of invoices detailing the repairs and the costs therefor. Consultant shall also bear responsibility for any damage resulting from its failure to promptly report issues, such as leaks or other conditions requiring repair, upon discovering or reasonably should have discovered such issues during the course of providing Services. In situations where the damage to the Property is attributable to Consultant's failure to comply with these obligations, the City reserves the right, in its sole discretion, to charge Consultant for the full cost of repairs, allocate costs between the Parties, or waive Consultant's responsibility. The City's determination regarding cost allocation shall be final and binding.
- Condition at Surrender: At the expiration of the Term or upon the earlier termination of this Agreement, the Property shall be delivered to City in as good, safe, and clean condition as practicable, reasonable wear and tear excepted. Consultant shall perform routine upkeep and minor repairs unless City action is required to resolve an issue, as determined under this Agreement.

EXHIBIT "B"
SCHEDULE OF SERVICES

Service delivery will commence on August 1, 2026. Services will be provided at the Ontario Wellness Center, located at 1522 W. Mission Boulevard, Ontario, California 91762.

Between August 1, 2026, and June 30, 2027, the program will provide emergency and interim housing, case management, clinical and behavioral health services, street outreach, and recuperative care services. These services are designed to support individuals experiencing homelessness by addressing immediate housing needs, promoting health and wellness, and facilitating pathways to permanent housing and long-term stability.

EXHIBIT "C"
BUDGET PLAN

Proposed budget for the Services are as follows:

***Parties agree that amount of staff paid under this Agreement shall be reduced as needed, following discussion between Parties, to align with actual demand, operational needs, and available funding.**

FY 2026-27 Project Expenses

Expense Category	FY 2026-27 Expenses
Human Capital	$2,181,383.19
Office Related Expenses	$30,000.00
Medical Expenses	$46,403.60
Client Expenses	$310,600.00
Technology	$53,500.00
Travel and Entertainment	$11,000.00
Insurance	$35,000.00
Vehicle Expenses	$23,000.00
Miscellaneous	$7,000.00
Total Expenses for Project	$2,697,886.79
Administration (12%)	$323,746.42
Total Project Cost	$3,021,633.21

Symba Revenue Projections – FY 2026-27

Revenue Source	FY 2026-27 Projection
Housing Navigation	$64,200.00
Recuperative Care	$621,500.00
HHAP 5 Position Revenue	$24,975.05
Total Revenue	$710,675.05

Cost to City of Ontario – FY 2026-27

Funding Source	FY 2026-27 Cost
City of Ontario – General Fund	$2,134,009.16
City of Ontario – CDBG (Separate Contract)	$176,949.00
Total City Contribution	$2,310,958.16

SUBJECT: **A CONSTRUCTION CONTRACT WITH CJ CONCRETE CONSTRUCTION, INC. FOR AMERICANS WITH DISABILITIES ACT (ADA) CONCRETE RAMP CONSTRUCTION SERVICES**

RECOMMENDATION: That the City Council authorize the City Manager, or his designee, to execute a Construction Contract with CJ Concrete Construction, Inc., of Santa Fe Springs, California, for Americans with Disabilities Act (ADA) concrete ramp construction services for a total not-to-exceed contract amount of $175,000 over a one-year term.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The recommended Construction Contract with CJ Concrete Construction, Inc., is for a total not-to-exceed contract amount of $175,000 over a one-year term. The Fiscal Year 2026-27 Adopted Budget includes appropriations in the Road Maintenance and Rehabilitation Account (RMRA) Fund from Senate Bill 1 (SB-1) for ADA concrete ramp construction services.

BACKGROUND & ANALYSIS: The Public Works Agency is responsible for the maintenance and installation of ADA ramps citywide. Every year, an average of 25 to 30 new ADA ramps are installed throughout the City.

On May 18, 2026, the City solicited bids for Invitation No. 1998 for ADA concrete ramps construction services. The following six (6) vendors responded:

VENDOR	LOCATION	BID AMOUNT (PER UNIT)
CJ Concrete Construction, Inc.	Santa Fe Springs, CA	$7,652
Spec Construction Co, Inc.	Ontario, CA	$11,326
Carter Enterprises Group, Inc.	Yorba Linda, CA	$11,888
CT&T Concrete Paving, Inc.	Diamond Bar, CA	$13,255
Gentry General Engineering, Inc.	Colton, CA	$19,185

LC Paving & Sealing, Inc.	Escondido, CA	$150,060

CJ Concrete Construction, Inc. submitted the lowest responsible bid that met all the local and federal required specifications for a minimum unit price of $6,500 per ramp and a maximum unit price of $7,652 per ramp only when rock curb, Portland cement concrete (PCC) curb, or a drive approach is removed and replaced. A one-time mobilization cost of $500 will be charged for the establishment of the construction sites.

Based on their credentials, pricing, and favorable reference checks, staff recommends awarding a Construction Contract to CJ Concrete Construction, Inc.

SECTION 00500 – CONTRACT FOR CONSTRUCTION

This Contract for Construction ("Contract"), No. _____ is made and entered as of _____, by and between City of Ontario, with its principal place of business at 303 East "B" Street, Ontario, CA 91764, sometimes hereinafter called the "City" and **CJ Concrete Construction, Inc.,** sometimes hereinafter called "Contractor."

WITNESSETH: That the parties hereto have mutually covenanted and agreed, and by these presents do covenant and agree with each other as follows:

ARTICLE 1. SCOPE OF WORK.

The Contractor shall perform all Work within the time stipulated in the Contract, and shall provide all labor, materials, equipment, tools, utility services, and transportation to complete all of the Work required in strict compliance with the Contract Documents as specified in Article 5, below, for the following Project:

ADA Concrete Ramps Construction SM 2627

Contractor is an independent contractor and not an agent of the City. The Contractor and its surety shall be liable to the City for any damages arising as a result of the Contractor's failure to comply with this obligation.

ARTICLE 2. TIME FOR COMPLETION.

Time is of the essence in the performance of the Work. The Work shall be commenced on the date stated in the City's Notice to Proceed. The Contractor shall complete all Work required by the Contract Documents within 365 calendar days from the commencement date stated in the Notice to Proceed. By its signature hereunder, Contractor agrees the time for completion set forth above is adequate and reasonable to complete the Work.

ARTICLE 3. CONTRACT PRICE.

The City shall pay to the Contractor as full compensation for the performance of the Contract, subject to any additions or deductions as provided in the Contract Documents, and including all applicable taxes and costs, the sum of **One Hundred Seventy-Five Thousand** Dollars (**$175,000.00**). Payment shall be

made as set forth in the General Conditions. The City will pay to Contractor compensation based upon the prices set forth in the Bid Schedule.

ARTICLE 4. LIQUIDATED DAMAGES.

Contractor acknowledges that the City will sustain actual damages for each and every Day completion of the Project is delayed beyond the Contract Time. Because of the nature of the Project, it would be impracticable or extremely difficult to determine the City's actual damages. Accordingly, in accordance with Government Code section 53069.85, it is agreed that the Contractor will pay the City the sum of **$250.00** for each and every calendar day of delay beyond the time prescribed in the Contract Documents for finishing the Work, as Liquidated Damages and not as a penalty or forfeiture. In the event this is not paid, the Contractor agrees the City may deduct that amount from any money due or that may become due the Contractor under the Contract. This Section does not exclude recovery of other damages specified in the Contract Documents. Liquidated damages may be deducted from progress payments due Contractor, Project retention or may be collected directly from Contractor, or from Contractor's surety. These provisions for liquidated damages shall not prevent the City, in case of Contractor's default, from terminating the Contractor.

Consistent with Public Contract Code Section 7102, Contractor will be compensated for damages incurred due to delays for which the City is responsible. The parties agree that determining Contractor's exact delay damages is and will continue to be impracticable and extremely difficult. As such, for each calendar day in excess of the Contract Time, the City shall pay to the Contractor **$250** per day as Reverse Liquidated Damages and not as a penalty or forfeiture. Such amount shall constitute the only payment allowed for any City caused delays and shall necessarily include all overhead, all profits, all administrative costs, all bond costs, all labor, materials, equipment and rental costs and any other costs, expenses and fees incurred or sustained as a result of such delays. Notice of requests for delay damages and additional days shall be provided to the City within five (5) Days from the discovery of the circumstances giving rise to any delay or three (3) Days from the discovery of any latent or subsurface conditions giving rise to a delay.

ARTICLE 5. COMPONENT PARTS OF THE CONTRACT.

The "Contract Documents" include the following

Notice Inviting Bids
Instructions to Bidders
Bid Forms
Bid Acknowledgement
Bid Schedule
Bid Guarantee
Designation of Subcontractors
Information Required of Bidders
Non-Collusion Declaration Form
Iran Contracting Act Certification
Fleet Compliance Certification
Public Works Contractor DIR Registration Certification
Performance Bond
Payment (Labor and Materials) Bond
Contract for Construction
General Conditions

Special Conditions
Specifications
Addenda
Construction Plans and Drawings
Standard Specifications for Public Works Construction "Greenbook", latest edition, Except Sections 1-9
Applicable Local Agency Standards and Specifications, as last revised
Reference Specifications
Approved and fully executed Change Orders
Permits
Any other documents contained in or incorporated into the Contract

The Contractor shall complete the Work in strict accordance with all of the Contract Documents.

All of the Contract Documents are intended to be complementary. Work required by one of the Contract Documents and not by others shall be done as if required by all. In the event of conflict, the various Contract Documents will be given effect in the order set forth in the General Conditions. This Contract shall supersede any prior agreement of the parties.

ARTICLE 6. PROVISIONS REQUIRED BY LAW AND CONTRACTOR COMPLIANCE.

Each and every provision of law required to be included in these Contract Documents shall be deemed to be included in these Contract Documents. The Contractor shall comply with all requirements of applicable federal, state and local laws, rules and regulations, including, but not limited to, the provisions of the California Labor Code and California Public Contract Code which are applicable to this Work.

ARTICLE 7. INDEMNIFICATION.

Contractor shall provide indemnification and defense as set forth in the General Conditions.

ARTICLE 8. PREVAILING WAGES.

Contractor shall be required to pay the prevailing rate of wages in accordance with the Labor Code which such rates shall be made available at the City's Office or may be obtained online at http://www.dir.ca.gov and which must be posted at the job site.

ARTICLE 9. FALSE CLAIMS.

Contractor acknowledges that if a false claim is submitted to the City, it may be considered fraud and Contractor may be subject to criminal prosecution. Contractor acknowledges that the False Claims Act, California Government Code sections 12650, et seq., provides for civil penalties where a person knowingly submits a false claim to a public entity. These provisions include within their scope false claims made with deliberate ignorance of the false information or in reckless disregard of the truth or falsity of the information. In the event the City seeks to recover penalties pursuant to the False Claims Act, it is entitled to recover its litigation costs, including attorneys' fees. Contractor hereby acknowledges that the filing of a false claim may the Contractor to an administrative debarment proceeding wherein Contractor may be prevented from further bidding on public contracts for a period of up to five (5) years.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

IN WITNESS WHEREOF, this Contract has been duly executed by the above-named parties, on the day and year above written.

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Broadband Operations Prepared By: Nancy Santillan Staff Member Presenting: Jimmy Chang, Broadband General Manager Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 14

SUBJECT: A RENEWAL ORDER FORM WITH CENTURYLINK COMMUNICATIONS, LLC FOR ONTARIONET INTERNET BACKHAUL SERVICES

RECOMMENDATION: That the City Council authorize the City Manager, or his designee, to execute a Renewal Order Form with CenturyLink Communications, LLC, doing business as Lumen Technologies Group, of Louisiana, under the existing Master Services Agreement, for continued internet backhaul services for the OntarioNet network for a new 36-month term, in an amount not to exceed $422,873, plus a 15% contingency of $63,431, for a total not-to-exceed contract amount of $486,304.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy

FISCAL IMPACT: The current Internet Service Order with CenturyLink Communications, LLC expires in August 2026. The renewal quote for a new 36-month term totals an estimated $422,873, which includes Monthly Recurring Charges (MRC) and an estimate of telecommunication taxes, fees, and surcharges based on current invoice history. Staff recommends a 15% contingency of $63,431 to account for variability in surcharge rates over the term, for a total not-to-exceed contract amount of $486,304. The Fiscal Year 2026-27 Adopted Budget includes appropriations in the Broadband/Fiber Fund for these services. If approved, appropriations for the additional years of services will be included in future Annual Budgets to City Council for approval. There is no impact to the General Fund.

BACKGROUND & ANALYSIS:

OntarioNet maintains a Master Services Agreement with CenturyLink Communications, LLC d/b/a Lumen Technologies Group for internet backhaul services that support the OntarioNet network. The current Internet Service Order, executed for a 36-month term, expires in August 2026. To maintain continuity of service, Staff requested a renewal quote from CenturyLink Communications, LLC for a new 36-month term under the existing Master Services Agreement.

The current monthly rate for IP and Data Services and Transport Services totals $10,400, excluding telecommunication taxes, fees, and surcharges. The renewal quote received from CenturyLink

Communications, LLC reflects a 10% discount, reducing the combined Monthly Recurring Charges (MRC) to $9,360.

Telecommunication taxes, fees, and surcharges are not fixed amounts and vary from month to month based on the carrier's invoicing. Staff calculated the surcharge percentage reflected on the most recent invoice (25.5% of MRC) and applied that rate across the proposed 36-month term to estimate total telecommunication taxes, fees, and surcharges of $85,896, for an estimated 36-month total of $422,873. This represents an estimated savings of $46,986 compared to the cost of continuing service at the current (pre-renewal) rate over the same term.

Because surcharge rates have fluctuated historically and are determined by the carrier rather than the City, Staff recommends a 15% contingency of $63,431 be added to the estimated 36-month total, for a total not-to-exceed contract amount of $486,304.

Internet backhaul service is a critical component of OntarioNet operations and services to the community. Backhaul service is a fiber-based link that connects to OntarioNet's core (or backbone) network and last-mile (or access/home) edge subnetwork before users can access the internet through the subnetwork. Its role is to increase the expanse of network coverage.

Services provided by CenturyLink Communications, LLC doing business as Lumen Technologies Group are part of a collection of backhaul services that power the OntarioNet network for resiliency and reliability. Having multiple service providers with spatial (route) diversity allows OntarioNet to deliver services in a carrier-grade, professional manner. Renewing this Renewal Order Form ensures continuity of a key backhaul provider and supports the continued evolution of OntarioNet as a premier service to the community.

LUMEN MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION

This Master Service Agreement ("Agreement") is between **CENTURYLINK COMMUNICATIONS, LLC D/B/A LUMEN TECHNOLOGIES GROUP** ("Lumen") and City of Ontario d/b/a OntarioNet ("Customer") and is effective on the date the last party signs it (the "Effective Date"). This Agreement provides the terms and conditions applicable to Customer's purchase of products and services ("Service") from Lumen.

1. Term. The term of the Agreement will commence on the Effective Date and continue until the expiration of the last Service term, unless earlier terminated in accordance with the Agreement ("Term").

2. Service. Lumen will provide Service in accordance with the Agreement, including all applicable Service Schedules, Service Exhibits, Statements of Work, Order(s), pricing attachment(s), and any other documents that are attached or expressly incorporated into the Agreement ("Service Attachments"). The following Service Attachments, if any, are initially attached and incorporated into the Agreement. Additional Service Attachments may be added by Amendment or by Customer placing an Order.

- **INTERNET SERVICES SERVICE SCHEDULE**
- **INTERNET SERVICES SERVICE SCHEDULE – PRICING ATTACHMENT**

3. Order(s). Customer may submit requests for Service in a form designated by Lumen ("Order"). The term for a Service is defined in the applicable Service Attachment ("Service Term"). Unless otherwise set forth in a Service Attachment, Service will continue month-to-month at the expiration of the Service Term at the existing rates, subject to adjustment by Lumen on 30 days' written notice. Lumen will notify Customer of acceptance of requested Service in the Order by delivering (in writing or electronically) the date by which Lumen will install Service (the "Customer Commit Date"), by delivering the Service, or by the manner described in a Service Attachment. Renewal Orders will be accepted by Lumen's continuation of Service. For moves, adds or changes agreed to by Lumen, Customer will pay Lumen's then current charges unless otherwise specifically stated in a Service Attachment. In the event any term or condition of an Order directly conflicts with this Agreement, the Order will control.

4. Cancellation and Termination Charges. Unless otherwise set forth in a Service Attachment:

(a) Customer may cancel an Order (or portion of an Order) prior to the delivery of a Connection Notice upon written notice to Lumen identifying the affected Order and Service. If Customer does so for any reason other than installation delay pursuant to section 7, force majeure pursuant to section 15.1, non-appropriation pursuant to section 10.4, or Lumen's Default pursuant to section 8, Customer will pay Lumen a cancellation charge equal to the sum of: (1) for "Off-net" Service, third party termination charges for the cancelled Service; (2) for "On-net" Service, one month's monthly recurring charges for the cancelled Service; (3) the non-recurring charges for the cancelled Service; and (4) Lumen's out-of-pocket costs (if any) incurred in constructing facilities necessary for Service delivery. "Off-Net" is defined as local access circuits not provided on the network owned and operated by Lumen and its affiliates. "On-Net" is defined as local access circuits provided on the network owned and operated by Lumen and its affiliates.

(b) Customer may terminate a specified Service after the delivery of a Connection Notice upon 30 days' written notice to Lumen. If Customer does so for any reason other than installation delay pursuant to section 7, force majeure pursuant to section 15.1, non-appropriation pursuant to section 10.4, or Lumen's Default pursuant to section 8, or if Service is terminated by Lumen as the result of Customer's default, Customer will pay Lumen a termination charge equal to the sum of: (1) all unpaid amounts for Service actually provided; (2) 100% of the remaining monthly recurring charges for months 1-12 of the Service Term; (3) 50% of the remaining monthly recurring charges for month 13 through the end of the Service Term; and (4) if not recovered by the foregoing, any termination liability payable to third parties resulting from the termination and any out-of-pocket costs of construction to the extent such construction was undertaken to provide Service under this Agreement. The charges in this Section represent Lumen's reasonable liquidated damages and are not a penalty.

(c) If Customer terminates an Order due to Lumen's Default as defined in section 8 below, Lumen shall reimburse Customer for any pre-paid, unused monthly service fees (excluding any non-recurring charges) attributable to such terminated Order. Customer may charge reasonable attorneys' fees and any third-party collection costs Customer incurs in collecting such amounts.

5. Scheduled Maintenance and Local Access. Scheduled maintenance will not normally result in Service interruption. Unless otherwise set forth in a Service Attachment, if scheduled maintenance requires Service interruption Lumen will: (1) provide Customer seven days' prior written notice, (2) work with Customer to minimize interruptions and (3) use commercially reasonable efforts to perform such maintenance between midnight and 6:00 a.m. local time. If third-party local access services are required for the Services, Customer will: (1) provide Lumen with circuit facility and firm order commitment information and design layout records to enable cross-connects to Lumen Service(s) (provided by Lumen subject to applicable charges), (2) cooperate with Lumen (including changing demarcation points and/or equipment and providing necessary LOAs) regarding circuit grooming or re-provisioning, and (3) where a related Service is disconnected, provide Lumen a written disconnection firm order commitment from the relevant third-party provider. Lumen may re-provision any local access circuits from one Off-net provider to another or to the Lumen owned and operated network (On-net), and such changes will be treated as scheduled maintenance.

6. Service Levels.

(a) Any "Service Level" commitments applicable to Services are contained in the Service Attachments applicable to each Service. If Lumen does not meet a Service Level, Lumen will issue to Customer a credit as stated in the applicable Service Attachment on Customer's request, except that credits will not be provided for Excused Outages. Lumen's maintenance log and trouble ticketing systems are used to calculate Service Level events. Excused Outages mean scheduled maintenance under Section 5 and force majeure events, unless otherwise defined in a Service Attachment.

(b) Unless otherwise set forth in a Service Attachment, to request a credit, Customer must contact Customer Service (contact information is located at https://www.lumen.com/en-us/home.html) or deliver a written request with sufficient detail to identify the affected Service. The request for credit must be made within 60 days after the end of the month in which the event occurred. Total monthly credits will not exceed the charges for the affected Service for that month. Customer's sole remedies for any nonperformance, outages, failures to deliver or defects in Service are contained in the Service Levels applicable to the affected Service.

7. Right of Termination for Installation Delay. Unless otherwise set forth in a Service Attachment, in lieu of installation Service Level credits, if Lumen's installation of Service is delayed by more than 30 business days beyond the Customer Commit Date, Customer may terminate the affected Service without liability upon written notice to Lumen, provided such written notice is delivered prior to Lumen delivering a Connection Notice for the affected Service. This Section will not apply where Lumen is constructing facilities to a new location not previously served by Lumen.

8. Default. If (a) Customer fails to make any payment when due and such failure continues for five business days after Lumen's written notice, or (b) either party fails to observe or perform any other material term of this Agreement and such failure continues for 30 days after the other party's written notice, then the non-defaulting party may: (i) terminate this Agreement and/or any Order, in whole or in part, and/or (ii) subject to Sections 9.1 (Damages Limitations) and 6 (Service Levels), pursue any remedies it may have at law or in equity.

9. Liabilities and Disclaimers.

9.1 Damages Limitations. Neither party will be liable for any damages for lost profits, lost revenues, loss of goodwill, loss of anticipated savings, loss of data or cost of purchasing replacement services, or any indirect, incidental, special, consequential, exemplary or punitive damages arising out of the performance or failure to perform under this Agreement or any Order.

9.2 Disclaimer of Warranties. LUMEN MAKES NO WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED, EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE, EXCEPT THOSE EXPRESSLY SET FORTH IN THIS AGREEMENT OR ANY APPLICABLE SERVICE ATTACHMENT.

10. Billing and Payment.

10.1 Commencement of Billing. Unless otherwise set forth in a Service Attachment, Lumen will deliver written or electronic notice (a "Connection Notice") to Customer when Service is installed, at which time billing will commence ("Service Commencement Date"). If Customer notifies Lumen within three days after delivery of the Connection Notice that Service is not functioning properly, Lumen will correct any deficiencies and, upon Customer's request, credit Customer's account in the amount of 1/30 of the applicable monthly recurring charge (MRC) for each day the Service did not function properly. If Lumen cannot complete installation due to Customer delay or inaction, Lumen may begin charging Customer for the Service, and Customer will pay such charges.

10.2 Payment of Invoices and Disputes. Unless otherwise set forth in a Service Attachment, Invoices are delivered or made available monthly and due 30 days after the invoice date. Fixed charges are billed in advance and usage-based charges are billed in arrears. Customer's payments to Lumen must be made via an ACH transfer or any Lumen approved payment portal (e.g., Control Center) in the currency stated on the invoice. Lumen may charge administrative fees where Customer's payment and invoice preferences deviate from Lumen's standard practices. Past due amounts bear interest at 1.5% per month or the highest rate allowed by law (whichever is less). Lumen may charge Customer reasonable attorneys' fees and any third-party collection costs Lumen incurs in collecting such amounts. Customer is responsible for all charges regarding the Service, even if incurred as the result of unauthorized use. If Customer disputes an invoice, Customer must pay the undisputed amount and submit written notice of the disputed amount (with details of the nature of the dispute and the Services and invoice(s) disputed). Disputes must be submitted in writing within 90 days from the date of the invoice. If Lumen determines in good faith that a disputed charge was billed correctly, Customer must pay such amounts within 10 days after Lumen provides notice of such determination. Customer may not offset disputed amounts from one invoice against payments due on the same or another account.

10.3 Taxes and Fees. Customer is responsible for all taxes and fees arising in any jurisdiction imposed on Customer, Lumen, or a Lumen affiliate incident to the provision, sale or use of Service. This includes value added, consumption, sales, use, gross receipts, withholding, excise, ad valorem, franchise or other taxes, fees, duties or surcharges (e.g., regulatory and 911 surcharges), along with similar charges stated in a Service Attachment (collectively "Taxes and Fees"). This does not include taxes based on Lumen's net income. Some Taxes and Fees, and costs of administering them, are recovered through a percentage surcharge(s) on the charges for Service. If Customer is required by law to make any deduction or withholding of withholding Taxes from any payment due under this Agreement to Lumen, then Customer must increase the gross amount payable so that, after any deduction or withholding for such withholding Taxes, the net amount paid to Lumen will not be less than Lumen would have received had no such deduction or withholding been required. Charges for Service are exclusive of Taxes and Fees. Customer may present Lumen with an exemption certificate that eliminates Lumen's obligation to pay certain Taxes and Fees. The exemption will apply prospectively. For additional details on taxes and surcharges that are assessed, visit www.lumen.com/taxes.

10.4 Non-Appropriations. Customer intends to satisfy its obligations under this Agreement for its entire Term. Customer reasonably believes that sufficient funds to discharge its obligations can and will lawfully be appropriated and made available for this purpose. In the event that Customer is appropriated insufficient funds for the Service provided under this Agreement, Customer will promptly notify Lumen not less than 30 days prior to date of termination and may terminate the Agreement without termination charges or other liability, except for payment of all services rendered and deliverables shipped up to the date of the termination. Termination shall occur on the last day of the then current fiscal year or when the appropriation made for the then-current year for the services covered by this Agreement is spent, whichever event occurs first.

10.5 Regulatory and Legal Changes. If changes in applicable law, regulation, rule or order materially affect delivery of Service, the parties will negotiate appropriate changes to this Agreement. If the parties cannot reach agreement within 30 days after Lumen's notice requesting renegotiation, Lumen may, on a prospective basis after such 30-day period, pass any increased delivery costs on to Customer. If Lumen does so, Customer may terminate the affected Service on notice to Lumen delivered within 60 days of the cost increase taking effect.

11. Customer Premises; Title to Equipment. If access to non-Lumen facilities is required for the installation, maintenance, grooming, movement, upgrade and/or removal of Lumen network or equipment, Customer will, at its expense: (a) secure such right of access and (b) arrange for the provision and maintenance of power and HVAC as needed for the proper operation of such equipment and network. Title to Lumen-provided equipment (including software) remains with Lumen. Customer will not create or permit to be created any encumbrances on Lumen-provided equipment.

12. Acceptable Use Policy and Data Protection. Customer must comply with the Acceptable Use Policy ("AUP"), which is available at https://www.centurylink.com/aboutus/legal/acceptable-use-policy.html, for Services purchased under this Agreement. Lumen may reasonably modify this policy to ensure compliance with applicable laws and regulations and to protect Lumen's network and customers. If Customer will use the Services to process personal data subject to privacy or data protection law that requires specific terms in place with service providers, Customer is responsible for requesting such terms from Lumen.

13. Critical 9-1-1 Circuits. The Federal Communications Commission's 9-1-1 reliability rules mandate the identification and tagging of certain circuits or equivalent data paths that transport 9-1-1 calls and information ("9-1-1 Data") to public safety answering points. These circuits or equivalent data paths are defined as Critical 911 Circuits in 47 C.F.R. Section 12.4(a)(5). Lumen policies require tagging of any circuits or equivalent data paths used to transport 9-1-1 Data. Customer will cooperate with Lumen regarding compliance with these rules and policies and will notify Lumen of all Services Customer purchases under this Agreement utilized as Critical 911 Circuits or for 9-1-1 Data.

14. International Services. For Services provided outside the United States, Customer or its local affiliate may be required to enter into a separate local country addendum/agreement (as approved by local authorities) ("LCA") with the respective Lumen affiliate that provides the local Service(s). Such Lumen affiliate will invoice Customer or its local affiliate for the respective local Service(s).

15. General Terms.

15.1 Force Majeure. Neither party will be liable, nor will any credit allowance or other remedy be extended, for any failure of performance or equipment due to causes beyond such party's reasonable control ("force majeure event"). Notwithstanding the foregoing, if a force majeure event exceeds 60 days, either party may terminate the Agreement or applicable Order immediately on written notice without incurring any termination liability hereunder.

15.2 Assignment and Resale. Neither party may assign its rights or obligations under this Agreement or any Service Attachment without the prior written consent of the other party, which will not be unreasonably withheld. However, either party may assign its rights and obligations under this Agreement or any Order without the consent of the other party: (1) to any subsidiary, parent, or affiliate that controls, is controlled by, or is under common control with that party; (2) pursuant to the sale or transfer of substantially all of the business or relevant assets of that party; or (3) pursuant to any financing, merger, or reorganization of that party. This Agreement and all Service Attachments will apply to any permitted transferees or assignees. Any assignee of Customer must have a financial standing and creditworthiness equal to or better than Customer's. Unless otherwise set forth in a Service Attachment, Customer may provide Service to third parties or use the Services in connection with goods or services provided by Customer to third parties ("Customer Provided Services"). To the extent permitted under law, Customer will be responsible for any claims arising from or related to any Customer Provided Services. If Customer sells telecommunications services, Customer certifies that it has filed all required documentation and will at all times have the requisite authority with appropriate regulatory agencies respecting the same. Nothing in this Agreement confers upon any third party any right, benefit or remedy.

15.3 Affiliates. Lumen may use a Lumen affiliate or a third party to provide Service to Customer, but Lumen will remain responsible to Customer for Service delivery and performance. Customer's affiliates may purchase Service under this Agreement, and Customer will be jointly and severally liable for all claims and liabilities related to Service ordered by any Customer affiliate.

15.4 Notices. Notices will be in writing and deemed received if delivered personally, sent via facsimile, pre-paid overnight courier, electronic mail (if an e-mail address is provided below) or sent by U.S. Postal Service or First Class International Post. Unless otherwise provided for in a Service Attachment, requests for disconnection of Service (other than for default) must be submitted to Lumen via Customer's portal at https://www.centurylink.com/business/login/ or via the following website / link: https://www.lumen.com/help/en-us/disconnects.html and will be effective 30 days after receipt (or such longer period set forth in a Service Attachment). Notices for billing inquiries/disputes or requests for Service Level credits must be submitted to Lumen via Customer's portal at https://www.centurylink.com/business/login/ or via Email at: billing@lumen.com. Customer failure to follow this process and/or provide

complete information may result in continued charges that will not be credited. All legal notices will be addressed to Lumen at: 931 14th Str., #900, Denver, CO 80202; Fax: 888-778-0054; Attn.: Notice Coordinator; and to any electronic or physical address of Customer as provided in the Agreement or in its absence, to Customer's address identified on the Order or as reflected in Lumen's records, Attn. General Counsel.

15.5 Confidentiality. It is the parties' understanding that the terms of this Agreement are not confidential, and the parties do not anticipate the sharing of Confidential Information in connection with the Agreement. In the event either party shares any documents or electronic files containing Confidential Information, such documents or electronic files will be conspicuously marked so that the individual viewing or receiving the information understands the information to be confidential. Except to the extent required by an open records act or similar law, neither party will disclose or use (except as expressly permitted by, or required to achieve the purposes of, the Agreement) the Confidential Information received from the other party. A party may disclose Confidential Information if required to do so by a governmental agency, by operation of law, or if necessary in any proceeding to establish rights or obligations under the Agreement. Each party will limit disclosure and access to Confidential Information to those of its employees, contractors, attorneys or other representatives who reasonably require such access to accomplish the Agreement's purposes and who are subject to confidentiality obligations at least as restrictive as those contained in this Agreement. "Confidential Information" means any commercial or operational information disclosed by one party to the other in connection with the Agreement that has been conspicuously marked as confidential and does not include any information that: (a) is in the public domain without a breach of confidentiality; (b) is obtained from a third party without violation of any obligation of confidentiality; or (c) is independently developed by a party without reference to the Confidential Information of the other party.

15.6 Intellectual Property Ownership; Use of Name and Marks. Nothing in the Agreement or the performance of it will convey, license, or otherwise transfer any right, title, or interest in any intellectual property or other proprietary rights held by either party or its licensors. Neither party will use the name or marks of the other party or any of its affiliates for any purpose or issue any press release or public statement relating to this Agreement without the other party's prior written consent.

15.7 Governing Law; Amendment. This Agreement will be governed and construed in accordance with the laws of the State of California. Each party will comply with all applicable laws, rules and regulations associated respectively with Lumen's delivery or Customer's use of the Service under the Agreement. This Agreement, including any Service Attachments, constitutes the entire and final agreement and understanding between the parties with respect to the Service and supersedes all prior agreements relating to the Services described in Orders entered into on or after the Effective Date of this Agreement. Additionally, the parties understand that this Agreement between Lumen and Customer City of Ontario d/b/a OntarioNet does not supersede any separate agreement between Lumen and the City of Ontario acting in any capacity other than as the City of Ontario d/b/a OntarioNet. Lumen is not subject to any obligations that are not explicitly identified in this Agreement. This Agreement may only be modified or supplemented by an instrument executed by an authorized representative of each party. No failure by either party to enforce any right(s) under this Agreement will constitute a waiver of such right(s).

15.8 Relationship and Counterparts. The relationship between the parties is not that of partners, agents, or joint venturers. This Agreement may be executed in one or more counterparts, all of which taken together will constitute one instrument. Digital signatures and electronically exchanged copies of signed documents will be sufficient to bind the parties to this Agreement.

INTERNET SERVICES SERVICE SCHEDULE

1. General. "Lumen" is defined for purposes of this Service Schedule as Centurylink Communications, LLC d/b/a Lumen Technologies Group or its affiliated entities providing Services under this Service Schedule. This Service Schedule is applicable where Customer orders Lumen Internet Services (which may also be called Dedicated Internet Access, Internet Services, High Speed IP, IP Transit Services or CenturyLink IQ Networking Internet Port ("Internet Port") on ordering, invoicing, or other documentation) or Fiber+ Internet. The Service is also subject to the Master Service Agreement executed between Lumen and Customer, and if none, Lumen's standard Master Service Agreement (the "Agreement"). Lumen may subcontract the provision of the Service in whole or part, provided that Lumen remains responsible for the Service to Customer as set forth in this Service Schedule. Capitalized terms used but not defined in this Service Schedule have the definitions given to them in the Agreement.

1.1 Additional General Terms. Service charges are exclusive of taxes and presented without reduction for any Withholding Tax, all of which are the responsibility of the Customer. "Withholding Tax" means any amount or account of tax on sources of income which a payor is obliged to deduct from payments due to a recipient and account for or to any tax authority. In the event that any payment to be made to Lumen under this Service Schedule should be subject to reduction by reason of a Withholding Tax, Customer agrees to pay Lumen such amounts as would have been necessary so that the aggregate net amount received by Lumen after application of a Withholding Tax is the same amount as would have been received by Lumen if there had been no requirement to deduct or withhold such tax. For Services provided outside the United States, Customer or its local affiliate may be required to enter into a separate local country addendum/agreement (as approved by local authorities) ("LCA") with the respective Lumen affiliate that provides the local Service(s). Such Lumen affiliate will invoice Customer or its local affiliate for the respective local Service(s).

2. Services.

2.1 Service Description. Lumen Internet Services are high speed symmetrical Internet services providing access to the Lumen IP network and the global Internet ("Service"). The Service is generally available via Ethernet connections from 10/100 Mbps ports to 100Gbps ports. Additional features and functionality may include:

a. IP Addresses. IP Address space with proper justification.

b. Primary DNS / Secondary DNS. Primary or Secondary DNS as requested.

c. Static routing / BGP peering. Static routing or BGP peering options available. BGP peering is not available for Fiber+ Internet.

d. On-line bandwidth utilization reports. On-line bandwidth utilization reports available through the customer portal.

e. Basic security service. Subject to Customer having Lumen-approved routers, included as part of the Service is a one-time per 12 month period ability to request Lumen to temporarily (i.e. for up to 24 hours): (i) apply a temporary access control list (ACL) with up to 10 rules on such routers; (ii) set up firewall filters specifying IPs, subnets, ports, and protocols; and (iii) configure null routes. Requests that exceed this duration or frequency will be charged at $1000 per hour with a minimum charge of $4000.

2.2 Billing Types.

Flat Rate. Service with flat-rate, fixed rate, or tiered billing provides a set amount of bandwidth at a flat-rate MRC. No usage element applies. Customer will not be permitted to exceed the contracted bandwidth level, provided that if Customer also orders Dynamic Capacity (where available), bandwidth and the associated charges may be adjusted as set forth in the separate terms for Dynamic Capacity.

Commit Plus Burst. For Service provided with burstable bandwidth, the MRC is based on Committed Data Rate ("CDR")/Committed Information Rate ("CIR")). The CDR/CIR is the minimum Internet bandwidth that will be billed to Customer each month regardless of actual usage. Commit Plus Burst usage is any usage in excess of CDR/CIR. Commit Plus Burst usage charges will apply on a per Mbps basis at the rate stated in the Order. Commit Plus Burst usage charges will be billed on a 95th percentile basis. Usage levels are sampled every five minutes, for the previous 5 minute period, on both inbound and outbound traffic. At the end of the bill cycle, the highest 5% of the traffic samples for each inbound and outbound will be discarded, and the higher of the resulting inbound and outbound values will be used to calculate any applicable usage. If available and identified in the applicable Order, a Peak Data Rate (PDR) or Peak Information Rate (PIR) may apply, which is the maximum available bandwidth.

Billing Arrangement. Commit Plus Burst Services may also be provided on an aggregated basis. For Billing Arrangement (or Aggregate Burstable Service, the bandwidth MRC (or Committed Monthly Usage Charge ("CMUC"), is based on the Committed Data Rate ("CDR") (or the Aggregate Committed Data Rate ("ACDR") or Aggregate Committed Information Rate ("ACIR")). The CDR/ACDR/ACIR is the minimum Internet bandwidth that will be charged to Customer each month regardless of actual usage. Burst Rate (or Aggregate Burstable Usage) is any usage in excess of CDR/ACDR/ACIR. Burst Rate/Aggregate Burstable Usage charges will apply on a per Mbps basis at the rate stated in the Order. Burst Rate/Aggregate Burstable Usage is calculated on a 95th percentile basis across all included ports. For Dedicated Internet Access, all usage in excess of the CMUC are calculated on 95th percentile basis across all included ports and charged at the rate stated in the Order.

2.3 On-Net and Off-Net Access. Access services provided entirely on the Lumen owned and operated network ("Network") are "On-Net Access Services". Additionally, Lumen may use third parties to reach Customer's site from the Lumen Network ("Off-Net Access Services"). Local Access may be provisioned utilizing one of the following service technologies: special access, ethernet local access, multi-tenant unit (MTU) access, or wavelength local access. In rare circumstances, Customers may experience bandwidth limitation on a Lumen Internet Services with a single data flow (a continuous sequence of packets from a source to a destination measured over a network link), although PDR could still be achieved over available bandwidth via additional data flows.

2.4 Converged Voice-Internet Service. Where Customer orders Internet Services bundled with Lumen Enterprise Voice SIP Based Services only, such charges will show on the invoice as Converged Voice-Internet Service. For clarification, the Converged Voice-Internet Service is treated as a single Service and if Customer wishes to unbundle or terminate a part of the Converged Voice-Internet Service, early termination liability may apply and Customer will be required to execute new orders for the desired stand-alone Service.

2.5 Lumen Arranged Third Party Procured Internet Services. For certain Service locations (including but not limited to where Lumen may lack relevant licenses to provide such service), Lumen may agree to arrange Internet Services using third party providers ("Third Party Internet Service"). Examples of such locations include, but are not limited to, service locations in China (excluding Hong Kong), India, Indonesia, Malaysia, New Zealand, Philippines, South Korea, Taiwan, Thailand, and Vietnam. Service options vary on a country by country basis and may include access to the Internet via overbooked and/or non-overbooked connections, DSL technology, private leased circuits (fixed or wireless), and/or satellite. Specific service details (access type, e.g. downstream/upstream speed, customer premises equipment requirements, and number of IP addresses) also differ on a country by country basis. Customer understands and acknowledges that Third Party Internet Service will, if requested by Customer, be provided by third party subcontractor(s) to Lumen and accordingly, is provided on an as-is basis. Notwithstanding the foregoing, Customer may report faults and/or outages in Third Party Internet Service to Lumen on a 24x7 basis and, in such circumstances, Lumen will contact the applicable third-party service provider with a view to restoring service as quickly as possible. Customer will reasonably cooperate with the requests of such providers of Third Party Internet Service to enable installation, maintenance, repair, and disconnection of Services. Commit Plus Burst and Billing Arrangement pricing methodologies, as well as on-line bandwidth utilization reports, are not available for Third Party Internet Service.

2.6 Third Party Peer Destined Traffic. If at any time Lumen's provision of High Speed IP (any port size) or Dedicated Internet Access (10G or 100G port sizes only) Service to Customer (and/or any of its Affiliates) (each a "Transit Party") results in unbalanced traffic ratios between Lumen and any other third party peer network that would negatively impact any of Lumen's peering relationships, Lumen will provide written notice to the Transit Party triggering the unbalanced traffic ratios along with a 30-day opportunity to cure such traffic imbalance ("Balance Cure Period") during which Lumen and the relevant Transit Party will cooperate to cure the traffic imbalance. Lumen will clearly identify to the Transit Party the traffic imbalance volume and location(s) of imbalance with said peer. If the Transit Party fails to cure the traffic imbalance within that Balance Cure Period, Lumen may, in good faith discussions with the Transit Party, take appropriate action, which may include termination of one or more Internet ports, to return traffic ratios to be within compliance of the peering provider. Notwithstanding the foregoing, if an emergency condition exists ("emergency condition" for purposes on this section is considered to be traffic conditions which threaten a material and adverse impact on Lumen's network or its peers' networks), which requires Lumen to balance traffic with its' peers, then Lumen may in its' sole reasonable discretion, take appropriate action without the Transit Party's consent, which may include but is not limited to, suspending traffic on the affected port(s), to remedy such emergency condition; provided, that in such event, Lumen will provide as much notice as is practicable under the particular emergency condition.

2.7 Intended Use. Any High Speed IP (any port size) or Dedicated Internet Access (10G or 100G port sizes only) Service is intended to be used for a mixture of internet destinations and not for traffic overly weighted towards individual networks. As such, if more than 25% of total traffic on those particular Services is carried across Lumen's inter-continental backbone links or more than 25% of total traffic (excluding traffic terminating to AS3356 or AS209) is sent towards an individual egress network (either third party peer networks or Lumen end customer networks), then Lumen may choose to issue written notification to Customer to remedy the imbalance, after which Customer will work with Lumen in good faith to remedy such imbalance. Notwithstanding the foregoing, if Customer fails to remedy the imbalance within ten (10) working days of such notification and such imbalance is of a nature that does or will negatively affect (i) the Lumen (or its Affiliates) network in a technical and/or operational manner or (ii) the hardware, systems or services of other orders of Lumen or any Lumen Affiliate, then Lumen, in its sole discretion, will have the right to a) charge Customer for traffic breaching the limits above at an "excess burst" rate of 1.5x the negotiated CDR rate per Mbps; or b) use technical means to withdraw access to these destinations from those Services.

2.8 Service Levels. Lumen Internet Services are subject to the Lumen Service Level Agreement available at https://www.lumen.com/en-us/about/legal/business-customer-terms-conditions.html and subject to change. If Lumen changes the Lumen Service Level Agreement and the change is material and detrimental, Customer may request and receive the last version of the Service Level Agreement in effect before the change.

3. Customer Responsibilities.

3.1 Charges. Customer will be billed non-recurring charges ("NRC") and monthly recurring charges ("MRC") for Service as set forth in an Order(s). NRC include applicable installation charges for local-access circuit, port connection, and bandwidth. MRC include local-access charges, port connection charges, and bandwidth charges. Other charges, including but not limited to usage-based charges, may apply as stated in the Order(s). The Services are available with Flat-Rate, Commit Plus Burst, or Billing Arrangement billing types. Construction charges apply if special construction is required to extend Service to the demarcation point. If Customer does not approve of the Construction charges after Lumen notifies Customer of the charges, the Service ordered will be deemed cancelled.

3.2 Additional Customer Responsibilities. Customer is solely responsible for all equipment and other facilities used in connection with the Service which are not provided by Lumen. All IP addresses, if any, assigned to Customer by Lumen will revert to Lumen upon termination of Service, and Customer will cease using such addresses as of the effective date of termination. Unless the parties otherwise agree in writing, Customer has sole responsibility for ordering, securing installation, and ensuring proper operation of any and all equipment required to enable Customer to receive the Service.

For Meraki Devices, Meraki makes warranties directly to Customer pursuant to the Meraki End Customer Agreement. Lumen does not make any representations, warranties, or any other commitments regarding Meraki or its products.

In addition to any other disclaimers of warranty stated in the Agreement, Lumen makes no warranty, guarantee, or representation, express or implied, that all security threats and vulnerabilities will be detected, that content will be blocked or allowed in accordance with Customer's policies, or that the performance of the Services will render Customer's systems invulnerable to security breaches. Customer is responsible for Customer's own network security policy and security response procedures. If any equipment or software not provided by Lumen impairs Customer's use of any Service, Customer will nonetheless be liable for payment for all Services provided by Lumen. Furthermore, Customer understands and agrees that as a consequence of the operation of the service, Lumen makes no warranty, guarantee, or representation, express or implied, that all legitimate communications will be received by Customer. Customer will ensure that its systems and networks will have up-to-date security controls and patches and that its systems and networks that connect with those included with Fiber+ Internet, or that use common network features, have appropriate security controls. Customer agrees to notify Lumen in advance of any network changes or activities that could impact Service or reasonably interfere with the monitoring of the Service, such as planned outages, configuration changes, maintenance, or systems changes.

3.3 Business Contact Information. Customer must provide to Lumen the names of and contact information ("Business Contact Information") for its employees ("Business Contacts") who have purchasing or other responsibilities relevant to Lumen's delivery of international Service under this Service Schedule. Customer consents to Lumen's and its affiliates or subcontractors' use and transfer to the United States of Business Contact Information for the purpose of: (a) fulfilling its obligations under this Service Schedule; and (b) providing information to Customer about Lumen's products and services via these Business Contacts. Customer represents that the Business Contact Information is accurate and that each Business Contact has consented to Lumen's processing of their Business Contact Information for the purposes set forth in this Service Schedule. The Business Contact Information provided by Customer has been collected, processed, and transferred in accordance with applicable laws, including, where applicable, any necessary notification to the relevant data protection authority in the territory in which Customer is established ("Authority"). Customer will notify Lumen promptly of staffing or other changes that affect Lumen's use of Business Contact Information. Lumen will have in place technical and organizational measures that ensure a level of security appropriate to the risk represented by the processing and the nature of the Business Contact Information and that protects such information against accidental or unlawful destruction or accidental loss, alteration, and unauthorized disclosure or access. Lumen will use the information only for the express purposes set forth in this Service Schedule. Lumen will identify a contact authorized to respond to inquiries concerning processing of Business Contact Information and will reasonably cooperate in good faith with Customer and the Authority concerning all such inquiries without excessive delays.

LUMEN®

Terms and Conditions

1. "Lumen" is defined for purposes of this renewal Order as CenturyLink Communications, LLC d/b/a Lumen Technologies Group or its affiliated entities providing Services under this renewal Order. The Lumen entity providing Services is identified on the invoice. This confidential renewal Order may not be disclosed to third parties and is non-binding until accepted by Lumen, as set forth in Section 2. Customer places this renewal Order by signing or otherwise acknowledging (in a manner acceptable to Lumen) this renewal Order and returning it to Lumen. Pricing is valid for 90 calendar days from the date indicated unless otherwise specified. The Services in this renewal Order are renewed subject to the service agreement(s) and applicable Service Exhibit(s)/Service Schedule(s) between Lumen and Customer (or its affiliate if expressly provided for under such affiliate service agreement) governing the Service(s) during their current Service Term ("Existing Agreement"), to the extent not in conflict with these terms. At the expiration of the Service Term, Service will continue month-to-month at the existing rates, subject to change by Lumen on 30 days' written notice. If the Existing Agreement does not include cancellation or early termination charges and if Customer cancels or terminates Service for any reason other than Lumen's uncured default or if Lumen cancels or terminates for cause, then Customer will pay Lumen's standard cancellation or early termination liability charges in Lumen's standard Master Service Agreement, copies of which are available at https://www.lumen.com/en-us/about/legal/business-customer-terms-conditions.html or upon request.

2. Customer-signed renewal Order must be received and processed by Lumen at least 15 calendar days prior to the start of the next full invoice cycle for the rates and New Service Term to be effective on that following invoice. Otherwise, rates and New Service Term will be effective as of the second full monthly invoice for such Services following receipt by Lumen. Acceptance of this renewal Order will be evidenced by Lumen's implementation of rates or New Service Term set forth in this renewal Order. Until Lumen accepts this renewal Order, Customer's pricing for existing Services will continue to be governed by the Existing Agreement, and Customer will pay any charges that are accrued but unpaid under the Existing Agreement.

3. Your existing service configurations (e.g., bandwidth, port type, seat type, and maintenance option) will remain the same, and Lumen's internal records will control for purposes of determining your configurations. If your Existing Agreement has a minimum service period, then the minimum service periods for existing Services will not carry forward.

4. Neither party will be liable for any damages for lost profits, lost revenues, loss of goodwill, loss of anticipated savings, loss of data or cost of purchasing replacement service, or any indirect, incidental, special, consequential, exemplary, or punitive damages arising out of the performance or failure to perform under this renewal Order. Customer's sole remedies for any nonperformance, outages, failures to deliver or defects in Service are contained in the service levels applicable to the affected Service.

5. Charges for certain Services are subject to (a) a monthly property tax surcharge and (b) a monthly cost recovery fee per month to reimburse Lumen for various governmental taxes and surcharges. Such charges are subject to change by Lumen and will be applied regardless of whether Customer has delivered a valid tax exemption certificate. For additional details on taxes and surcharges that are assessed, visit www.lumen.com/taxes.

6. Unless otherwise set forth in a Service Attachment, Customer will pay the ancillary charges for expedite fees and additional activities, features or options as set forth in the Ancillary Fee Schedule, available at www.lumen.com/ancillary-fees.

7. If your network service utilizes TDM technologies, then the following applies: (a) During the Service Term and on 60 days' prior written notice, Lumen may re-provision Services ("Service Re-provision"). If Customer objects to the Service Re-provision, Customer may terminate the affected Service by notifying Lumen in writing within 30 days of the date of the Service Re-provision notification; and (b) During the Service Term, Lumen may increase rates for off-net TDM Services. Lumen will provide Customer 60 days' prior written notice before implementing the increase ("Rerate Notice"). If Customer objects to the increase, Customer must notify Lumen in writing within 30 days of the date of the Rerate Notice whether Customer will (i) receive the affected Service on a month-to-month basis or (ii) terminate the affected Service, subject to early termination liability charges. Under subsection (ii), Customer's requested disconnect date must be within 90 days of the Rerate Notice. Unless Customer so notifies Lumen, the affected Service will continue to be provided at the rates set forth in the Rerate Notice.

LUMEN®

8. Infrastructure Investment and Jobs Act (IIJA) Grant Programs. If Customer participates in an IIJA program, including but not limited to, the Middle Mile Grant, Tribal Connectivity Broadband, and the Broadband Equity Access and Deployment (BEAD) Grant Programs, then Customer cannot pay for Services with funds obtained through the IIJA or other similar grants that would obligate Lumen to provide certain information or perform certain regulatory compliance functions, unless each of those functions and obligations is explicitly identified and agreed to by the parties in the Agreement or in an amendment to the Agreement.

Intended Use and Third Party Peer Destined Traffic. High Speed IP (any port size) or Dedicated Internet Access (10G or larger) Service is intended to be used for a mixture of internet destinations and not for traffic overly weighted towards individual networks. If at any time, Lumen's provision of Service to Customer results in unbalanced traffic ratios between Lumen and any other third party peer network that would negatively impact any of Lumen's peering relationships or if more than 25% of total traffic is carried across Lumen's inter-continental backbone links or more than 25% of total traffic (excluding traffic terminating to AS3356 or AS209) is sent towards an individual egress network that would negatively affect Lumen's network operations, then Lumen will provide written notice to the Customer along with a 10 calendar day opportunity to cure such traffic imbalance ("Balance Cure Period") during which Lumen and Customer will cooperate to cure the traffic imbalance. Lumen will clearly identify to Customer the traffic imbalance volume and location(s) of imbalance. If the Customer fails to remedy the imbalance within the Balance Cure Period, then Lumen, in its sole discretion, will have the right to use technical means to restrict access from the affected Services. Notwithstanding the foregoing, if an emergency condition exists ("emergency condition" is considered to be traffic conditions which threaten a material and adverse impact on Lumen's network or its peers' networks), then Lumen may, in its' sole reasonable discretion, take appropriate action without the Customer's consent, which may include, but is not limited to, using technical means to restrict access from those Services; provided that in such event, Lumen will provide as much notice as is practicable under the particular emergency condition.

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Economic Development Prepared By: Charity Hernandez Department: Prepared By: Charity Hernandez Staff Member Presenting: Jennifer McLain Hiramoto, Economic Development Director Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 15

SUBJECT: A PURCHASE AND SALE AGREEMENT BY AND BETWEEN THE CITY OF ONTARIO AND EASTER SEALS SOUTHERN CALIFORNIA INC.

RECOMMENDATION: That the City Council approve a Purchase and Sale Agreement ("Agreement") and authorize the City Manager, or his designee, to execute and implement any and all contracts, agreements, and other documents required to effectuate the Agreement.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Operate in a Businesslike Manner

FISCAL IMPACT: If approved the revenue from the land sale proceeds, in the amount of $640,000, will be included in the Economic Development Activities Fund at a future quarterly budget update to City Council for approval as needed.

BACKGROUND & ANALYSIS: The City owns a vacant parcel just over one-half acre located at 1102 South Mountain Avenue ("Property"). The Site is currently a remnant parcel from former Water Well Facility No. 15 which was decommissioned and demolished in 2023.

In December of 2025, the City adopted Resolution 2025-178, in compliance with the Surplus Land Act ("SLA"), declaring the subject property as surplus land. Notices of Availability were sent on January 27, 2026. During the required 60-day period, no entity expressed interest in the Property. On June 11, 2026, the City received written notification from the California Department of Housing and Community Development determining that all the requirements under the SLA for the purposes of disposing of the Property have been met.

The proposed buyer, Easter Seals Southern California, has been providing people with disabilities support through advocacy and life-changing community services and education in Ontario for over 15 years. Easter Seals intents to expand their existing facility which provides childhood education services allowing families and caregivers to thrive in our community.

The Agreement provides that the proposed buyer must obtain all requisite project entitlements and environmental review for the proposed project prior to the close of escrow.

NORTHWEST CORNER OF MOUNTAIN AVENUE AND PHILLIPS STREET

PURCHASE AND SALE AGREEMENT AND JOINT ESCROW INSTRUCTIONS

THIS PURCHASE AND SALE AGREEMENT AND JOINT ESCROW INSTRUCTIONS (this "**Agreement**") is made and entered into as of February ____, 2025 for reference purposes only, by and between City of Ontario, a California municipal corporation ("**Seller**"), and Easter Seals Southern California, Inc., a California nonprofit corporation ("**Buyer**"). The date upon which both Buyer and Seller have executed this Agreement and delivered the same to one another, shall hereinafter be referred to as the "**Effective Date**".

IN CONSIDERATION of the respective agreements hereinafter set forth, Seller and Buyer hereby agree as follows:

1. Purchase and Sale of Property. Seller hereby agrees to sell "AS-IS" and convey to Buyer, and Buyer hereby agrees to purchase from Seller, subject to the terms and conditions set forth herein, the following (collectively, the "**Property**"):

(a) That certain real property vacant lot in the City of Ontario, County of San Bernardino, State of California, commonly referred to as Assessor's Parcel Number 1011-571-14-0000, all as more fully described in **Exhibit A** (the "**Land**"), together with all rights, privileges, easements or appurtenances to or affecting the Land (collectively, the "**Appurtenances**").

2. Purchase Price.

(a) The purchase price for the Property ("**Purchase Price**") shall be Six Hundred Forty Thousand Dollars and 00/100ths ($640,000.00).

(b) The Purchase Price shall be paid as follows:

(i) Within two (2) days following the Effective Date, Seller and Buyer shall open an escrow in connection herewith ("**Escrow**") at Advantage One Escrow ("**Escrow Holder**"), and Buyer shall deposit into Escrow the amount of One Hundred Thousand Dollars ($100,000.00) ("**Initial Deposit**") in cash or other immediately available funds.

(ii) The Initial Deposit shall be held by Escrow Holder in an interest-bearing account for the benefit of Buyer in accordance with this Agreement. Notwithstanding anything herein to the contrary, One Hundred Dollars ($100.00) of the Initial Deposit (the "**Independent Consideration**") shall not be refundable to Buyer, but shall represent consideration for this Agreement and shall be paid to Seller. The Independent Consideration shall be paid to Seller within 3 days of the Effective Date. The Independent Consideration shall serve as consideration for the granting of the time periods herein contained for Buyer to exercise Buyer's right to satisfy and approve all of Buyer's conditions herein contained.

(iii) The Deposit (less the Independent Consideration) referred to herein from time to time as the "**Earnest Money**." The Earnest Money shall be held by Escrow Holder in an interest-bearing account for the benefit of Buyer in accordance with this Agreement.

(iv) If the Closing (as defined herein) as contemplated hereunder should occur, then the Earnest Money will be paid by the Escrow Holder to Seller at the Closing, and the Earnest Money and any interest accrued thereon will be credited against the Purchase Price payable by Buyer to Seller at the Closing.

(v) If this Agreement is not terminated prior to the expiration of the Feasibility Period, the Earnest Money and any interest accrued thereon shall be nonrefundable to Buyer, except that if this Agreement is terminated prior to the Closing due to Seller's default or the failure of any of the Conditions Precedent (as defined herein) or as expressly set forth herein, then the Earnest Money together with any interest accrued thereon shall be returned to Buyer. The Earnest Money together with all interest accrued thereon shall be applied to the Purchase Price at the Closing.

(vi) On or before the Closing, if this Agreement has not been earlier terminated, Buyer shall deposit into Escrow cash or other immediately available funds in the amount of the balance of the Purchase Price, less any credits due Buyer hereunder (the "**Closing Amount**"). The Closing Amount shall be applied towards the Purchase Price at the Closing.

3. Title to the Property. At the Closing, Seller shall cause to be conveyed to Buyer fee simple title to the Property by duly executed and acknowledged grant deed substantially in the form attached hereto as **Exhibit B** and incorporated herein by this reference (the "**Deed**"). As used in this Agreement, Closing (the "**Closing**") shall be deemed to occur upon the recording of the Deed. Evidence of delivery of fee simple title shall be the issuance by Escrow Holder to Buyer of an ALTA standard coverage owner's policy of title insurance in the amount of the Purchase Price, insuring fee simple title to the Property in Buyer, subject only to such exceptions as Buyer shall have approved as provided below (the "**Title Policy**"). The Title Policy shall provide full coverage against mechanics' and materialmen's liens and shall contain such special endorsements as Buyer may reasonably require, including, without limitation, any endorsements required as a condition to Buyer's approval of any title exceptions (the "**Endorsements**"). Within five (5) business days following the opening of Escrow, Seller shall order the issuance of a preliminary title report with respect to the Property, together with copies of all underlying documents referenced therein and a map containing a plotting of all easements capable of being plotted (collectively, the "**Preliminary Report**"), to be prepared by the Escrow Holder and delivered to Buyer. No later than thirty (30) business days after receipt of the Preliminary Report, Buyer shall give written notice to Seller of any items contained in the Preliminary Report which Buyer disapproves ("**Buyer's Disapproval Notice**"). Failure of Buyer to notify Seller of Buyer's disapproval of all or any item on the Preliminary Report shall be deemed to be an approval by Buyer of such item(s). In any event, Seller covenants to remove as exceptions to title prior to the Closing, any mortgages, deeds of trust, and other monetary encumbrances (collectively, "**Disapproved Liens**") shown on the Preliminary Report except for real property taxes not delinquent. Seller shall notify Buyer no later than five (5) business days after receipt of Buyer's Disapproval Notice whether it elects to remove such other items disapproved by Buyer. If by the expiration of the Feasibility Period, there remain exceptions to title which have not been modified to the satisfaction of Buyer and/or removed prior to the Closing Date, then Buyer may elect to do either of the following by the expiration of the Feasibility Period: (i) accept such exceptions and proceed to take title to the Real Property subject to such exception(s); or (ii) this Agreement may be terminated in accordance with Section 4(b). In the event Buyer elects to terminate this

Agreement pursuant to this Section 3, neither party shall have any further obligations to the other hereunder (except under provisions of this Agreement which specifically state that they survive termination).

4. Feasibility.

(a) From and after the Effective Date until the Closing or earlier termination of this Agreement, Seller shall afford authorized representatives of Buyer access to the Property, upon reasonable prior notice to Seller, and so long as such access does not unreasonably interfere with the conduct of business on or use of the Property, for purposes of conducting such physical inspections and investigations of the Property as Buyer deems necessary (the "**Inspections**"). Seller's representative shall be present with Buyer or Buyer's representative for any access to the Property. The Inspections and investigations may include, without limitation, (i) a review of existing zoning, entitlement, planning or similar issues applicable to the Property; (ii) a review of the physical condition of the Property and the systems serving the Property; (iii) a review of the environmental condition of the Property, including a Phase I environmental site assessment and any proposal regarding a Phase II environmental site assessment. Buyer agrees not to conduct or cause to be conducted a Phase II environmental site assessment without the prior written consent of Seller. Buyer's Inspections and investigations shall be governed by Section 14.

(b) As used herein, the term ("**Feasibility Period**") shall refer to a period of time to expire at 5:00 p.m., California time, on the forty-fifth (45th) calendar day following the Effective Date; provided, however, that if the 45th day is a Saturday, Sunday or holiday on which banking institutions are closed in the State of California, then the Feasibility Period shall expire on the following business day. Buyer may elect, by written notice to Seller at any time prior to the expiration of the Feasibility Period, to terminate this Agreement, which election shall be in Buyer's sole and absolute discretion. If Buyer desires to terminate this Agreement pursuant to this Section 4(b) then before the expiration of the Feasibility Period, Buyer shall deliver written notice to Seller of Buyer's election to terminate (the "**Buyer's Notice to Terminate**"). If Buyer desires to proceed with the purchase of the Property subject to the remaining conditions set forth in this Agreement, then on or before the expiration of the Feasibility Period, Buyer shall deliver written notice to Seller of such election to proceed (the "**Buyer's Notice to Proceed**"), electing to waive Buyer's right of termination pursuant to this Section 4(b) and proceed with the Closing subject to the remaining conditions set forth in this Agreement. If Buyer fails to deliver either Buyer's Notice to Terminate or Buyer's Notice to Proceed to Seller prior to the expiration of the Feasibility Period, then Buyer shall be deemed to have elected to proceed with this Agreement and the Closing. In the event of the termination of this Agreement pursuant to this Section 4(b), neither party shall have any further obligations to the other hereunder (except under provisions of this Agreement which specifically state that they survive termination).

(c) In the event Buyer elects to terminate this Agreement pursuant to Section 4(b), or if Closing does not occur for any reason, Buyer shall return all Seller's Deliveries to Seller. Buyer further agrees that prior to Closing, Buyer shall provide Seller with copies of all studies, reports, appraisals and other materials commissioned by or prepared for Buyer relating to or regarding the Property ("**Buyer's Reports**"), at no cost to Seller.

5. Seller's Deliveries. Within five (5) business days following the Effective Date, Seller shall deliver to Buyer, whether electronically or otherwise, copies of documents in Seller's possession or control, or to which Seller has access (collectively, the "**Seller's Deliveries**"). Seller makes no representation whatsoever about the content, accuracy, completeness or value of any of Seller's Deliveries. All Seller's Deliveries will be provided to Buyer without warranty from Seller regarding the accuracy or completeness of the information contained therein, and such documents may or may not be asssignable to Buyer. The delivery of such reports and studies shall be subject to the proprietary rights of any engineer or other consultant preparing the same and any limitations on use imposed by them. Buyer assumes all risk of reviewing and understanding any and all information contained in Seller's Deliveries. Seller shall deliver a Natural Hazards Disclosure Report with Seller's Deliveries.

6. Conditions to Seller's Obligations. Seller's obligations hereunder, including, but not limited to, its obligation to consummate the purchase transaction provided for herein, are subject to the satisfaction of each of the following conditions, each of which is for the sole benefit of Seller and may be waived by Seller in writing in Seller's sole and absolute discretion:

(a) Buyer shall not be in default under this Agreement.

(b) Each representation and warranty made in this Agreement by Buyer shall be true and correct in all material respects at the time as of which the same is made and as of the Close of Escrow.

7. Conditions Precedent to Closing. The following are conditions precedent to Buyer's obligation to purchase the Property (the "**Conditions Precedent**"). The Conditions Precedent are intended solely for the benefit of Buyer and may be waived only by Buyer in writing in Buyer's sole and absolute discretion. In the event any Condition Precedent is not satisfied, Buyer may, in its sole and absolute discretion, terminate this Agreement, subject to the provisions of Section 8.

(a) Buyer's inspection, review and approval, within the Feasibility Period, of all of the following:

(i) The physical characteristics and condition of the Property (including without limitation the condition of the soils);

(ii) Seller's Deliveries; and,

(b) Escrow Holder shall be unconditionally committed to issue the Title Policy to Buyer upon the Closing in the form and with such exceptions and endorsements as have been approved, or are deemed approved, by Buyer as provided in Section 3 above.

(c) Seller shall have complied with all of Seller's duties and obligations contained in this Agreement and all of Seller's representations and warranties contained in or made pursuant to this Agreement shall have been true and correct when made and shall be true and correct as of the Closing Date.

8. LIQUIDATED DAMAGES. IF THE SALE OF THE PROPERTY PURSUANT TO THIS AGREEMENT IS NOT CONSUMMATED SOLELY BECAUSE OF A DEFAULT UNDER THIS AGREEMENT ON THE PART OF BUYER, THE INITIAL DEPOSIT, THE SECOND DEPOSIT AND ANY EXTENSION DEPOSIT (THE "**DEPOSITS**"), AND ALL BUYER'S REPORTS, SHALL BE RETAINED BY SELLER AS LIQUIDATED DAMAGES. THE PARTIES HAVE AGREED THAT SELLER'S ACTUAL DAMAGES, IN THE EVENT OF A DEFAULT BY BUYER, WOULD BE EXTREMELY DIFFICULT OR IMPRACTICABLE TO DETERMINE. THEREFORE, BY PLACING THEIR INITIALS BELOW, THE PARTIES ACKNOWLEDGE THAT THE EARNEST MONEY AND BUYER'S REPORTS HAVE BEEN AGREED UPON, AFTER NEGOTIATION, AS THE PARTIES' REASONABLE ESTIMATE OF SELLER'S DAMAGES AND AS SELLER'S SOLE AND EXCLUSIVE REMEDY AGAINST BUYER, AT LAW OR IN EQUITY, IN THE EVENT OF A DEFAULT UNDER THIS AGREEMENT ON THE PART OF BUYER. UPON THE OCCURRENCE OF ANY SUCH DEFAULT BY BUYER, BUYER SHALL DELIVER WITHIN 2 BUSINESS DAYS OF SELLER'S REQUEST ALL BUYER'S REPORTS AND APPROPRIATE DOCUMENTS ASSIGNING SAME TO SELLER. SELLER HEREBY WAIVES ANY AND ALL BENEFITS IT MAY HAVE UNDER CALIFORNIA CIVIL CODE SECTION 3389. FURTHERMORE, THE PAYMENT AND RETENTION OF SUCH EARNEST MONEY AS LIQUIDATED DAMAGES IS NOT INTENDED AS A FORFEITURE OR PENALTY WITHIN THE MEANING OF CALIFORNIA CIVIL CODE SECTIONS 3275 AND 3369, BUT IS INTENDED TO CONSTITUTE LIQUIDATED DAMAGES TO SELLER PURSUANT TO CALIFORNIA CIVIL CODE SECTIONS 1671, 1676 AND 1677. UPON BUYER'S DEFAULT, SELLER MAY INSTRUCT ESCROW HOLDER TO CANCEL THE ESCROW, AND PROMPTLY UPON RECEIPT OF SAID INSTRUCTIONS, ESCROW HOLDER SHALL (i) CANCEL THE ESCROW, (ii) PAY ALL OF ESCROW HOLDER'S CHARGES FROM THE EARNEST MONEY, AND (iii) DISBURSE TO SELLER THE EARNEST MONEY PURSUANT TO THIS SECTION 8.

INITIALS: Seller _____ Buyer _____

9. Escrow; Closing, Prorations.

(a) Upon mutual execution of this Agreement, the parties hereto shall deposit an executed counterpart of this Agreement with Escrow Holder and this Agreement shall serve as instructions to Escrow Holder for consummation of the purchase contemplated hereby. Seller and Buyer shall execute such supplemental Escrow instructions as may be appropriate to enable Escrow Holder to comply with the terms of this Agreement, provided such supplemental Escrow instructions are not in conflict with this Agreement as it may be amended in writing from time to time. In the event of any conflict between the provisions of this Agreement and any supplementary Escrow instructions signed by Buyer and Seller, the terms of this Agreement shall control.

(b) The Closing shall take place (the "**Closing Date**") on or before the date that is fifteen (15) days following the expiration of the Feasibility Period.

(c) At or before the Closing, Seller shall deliver to Escrow Holder or Buyer the following:

(i) the duly executed and acknowledged Grant Deed for the Property and the duly executed Bill of Sale;

(ii) a duly executed affidavit that Seller is not a "foreign person" within the meaning of Section 1445(f)(3) of the Internal Revenue Code of 1986 together with a duly executed non-foreign person affidavit and evidence that Seller is exempt from the withholding obligations imposed by California Revenue and Taxation Code Sections 18805, 18815, and 26131;

(iii) evidence reasonably acceptable to Escrow Holder that the documents delivered by Seller have been duly authorized and executed on behalf of Seller and constitute valid and binding obligations of Seller.

(iv) any other documents which the Escrow Holder may reasonably require from Seller in order to close Escrow which do not increase Seller's liability or obligations hereunder;

(v) a closing statement in form and content satisfactory to Buyer and Seller (the "**Closing Statement**") duly executed by Seller; and

(vi) any other instruments, records or correspondence called for hereunder which have not previously been delivered.

(d) At or before the Closing, Buyer shall deliver to Escrow Holder or Seller the following:

(i) the Closing Statement, duly executed by Buyer;

(ii) the Closing Amount; and

(iii) evidence reasonably acceptable to Escrow Holder that the documents delivered by Buyer have been duly authorized and executed on behalf of Buyer and constitute valid and binding obligations of Buyer.

(e) Seller and Buyer shall each deposit such other instruments as are reasonably required by Escrow Holder or otherwise required to close the Escrow and consummate the purchase of the Property in accordance with the terms hereof.

(f) The following are to be paid by Buyer or Seller or apportioned as of the Closing Date, as follows:

(i) General real property taxes for the year in which Closing occurs together with assessments, property operating expenses, utilities and other recurring costs relating to the Property shall be apportioned as of the Closing Date on the basis of a thirty (30)-day month.

(ii) Costs and expenses of Escrow incurred in this transaction shall be paid as follows:

(1) Seller shall pay all sales, use and documentary transfer taxes (except as provided in Subparagraph (ii)(4) below);

(2) Seller shall pay the premium for a standard ALTA coverage owner's policy of title insurance; Buyer shall pay the premium for any extended ALTA coverage if desired;

(3) Seller and Buyer shall each pay one-half (1/2) of the Escrow fees, recording fees and related expenses;

(4) Seller and Buyer shall each pay one-half (1/2) of any city or county transfer taxes due;

(5) all other costs of escrow shall be paid equally by Buyer and Seller.

(iii) The provisions of this Subparagraph (g) shall survive the Closing.

10. Representations, Warranties and Covenants of Seller. As of the date hereof and again as of Closing, Seller represent and warrants to Buyer as follows:

(a) Seller is duly organized, validly existing and in good standing under the laws of the State of California. This Agreement and all documents executed by Seller which are to be delivered to Buyer at the Closing are and at the time of Closing will be duly authorized, executed and delivered by Seller, are and at the time of Closing will be legal, valid and binding obligations of Seller enforceable against Seller in accordance with their respective terms. Seller has obtained all necessary authorizations, approvals and consents to the execution and delivery of this Agreement and the consummation of the transactions contemplated hereby.

(b) No Action. No attachments, execution proceedings, assignments for the benefit of creditors, insolvency, bankruptcy, reorganization or other proceedings are pending against Seller, nor are any such proceedings contemplated by Seller;

(c) No Representations as to Property. There are no representations, agreements, arrangements, or circumstances, oral or written, between the parties relating to the subject matter contained in this Agreement that are not fully expressed in the Agreement, and Seller has not made and does not make any representation or warranty concerning any matter or thing affecting or relating to the Property, including but not limited to its fitness for a particular use, its physical condition or any other matter; and

(d) Sale "AS-IS". Subject to Seller's representations and warranties contained herein, Buyer's election to purchase the Property will be based upon and will constitute evidence of Buyer's independent investigation of the Property, its use, development potential and suitability for Buyer's intended use, including (without limitation) the following: the feasibility of developing the Property for the purposes intended by Buyer and the conditions of approval for any subdivision map; the size and dimensions of the Property; the availability, cost and adequacy of water, sewerage and any utilities serving or required to serve the Property; the presence and adequacy of current or required infrastructure or other improvements on, near or affecting the Property; any

surface, soil, subsoil, fill or other physical conditions of or affecting the Property, such as climate, geological, drainage, air, water or mineral conditions; the condition of title to the Property; the existence of governmental laws, statutes, rules, regulations, ordinances, limitations, restrictions or requirements concerning the use, density, location or suitability of the Property for any existing or proposed development thereof including but not limited to zoning, building, subdivision, environmental or other such regulations; the necessity or availability of any general or specific plan amendments, rezoning, zoning variances, conditional use permits, building permits, environmental impact reports, parcel or subdivision maps and public reports, requirements of any improvement agreements; requirements of the California Subdivision Map Act, and any other governmental permits, approvals or acts (collectively "**Permits**"); the necessity or existence of any dedications, taxes, fees, charges, costs or assessments which may be imposed in connection with any governmental regulations or the obtaining of any required Permits; the presence of endangered plant or animal species upon the Property; and all of the matters concerning the condition, use, development or sale of the Property. Seller will not be liable for any loss, damage, injury or claim to any person or property arising from or caused by the development of the Property by Buyer.

Except with respect to a default by Seller hereunder (including a breach of Seller's warranties and representations), Buyer at the Close of Escrow expressly waives its rights granted under California Civil Code Section 1542, which provides as follows:

> "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

Buyer's Initials: _____ Seller's Initials: _____.

11. Representations, Warranties and Covenants of Buyer. Buyer hereby represents and warrants to Seller as follows:

(a) Buyer is a corporation duly organized, validly existing and in good standing under the laws of California and qualified to do business in California. This Agreement and all documents executed by Buyer which are to be delivered to Seller at the Closing are and at the time of Closing will be duly authorized, executed and delivered by Buyer, are and at the time of Closing will be legal, valid and binding obligations of Buyer enforceable against Buyer in accordance with their respective terms, and do not and at the time of Closing will not violate any provision of any agreement or judicial order to which Buyer is subject. Buyer has obtained all necessary authorizations, approvals and consents to the execution and delivery of this Agreement and the consummation of the transactions contemplated hereby.

(b) Buyer warrants that Buyer is a sophisticated owner and buyer of real property, familiar and experienced with requirements for the development of real property. Buyer has examined the Property or will have done so by Closing, is or will be familiar with its physical condition, and accepts the Property in an "AS-IS" condition.

(c) Buyer has conducted or will conduct an independent investigation with respect to zoning and subdivision laws, ordinances, resolutions, and regulations of all governmental authorities having jurisdiction over the Property, and the use and improvement of the Property and is, or at Closing will be, satisfied with the results of such investigation.

(d) The Property is being sold "AS-IS" and with all faults.

12. Environmental Matters/Release. As used in this Agreement, "**Hazardous Materials**" includes petroleum, asbestos, radioactive materials or substances defined as "hazardous substances," "hazardous materials" or "toxic substances" (or words of similar import) in the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (42 U.S.C. Section 9601, et seq.), the Hazardous Materials Transportation Act (49 U.S.C. Section 1801, et seq.), the Resource Conservation and Recovery Act (42 U.S.C. Section 6901, et seq.), and under the applicable laws of California. Buyer must rely on its own investigation and not on any representation by Seller regarding Hazardous Materials. Buyer shall rely solely upon its own investigation and inspection of the Property and the improvements thereon and upon the aid and advice of Buyer's independent expert(s) in purchasing the Property, and shall take title to the Property without any warranty, express or implied, by Seller or any employee or agent of Seller. Seller makes no representations regarding Hazardous Materials in, on or under the Property. Seller's knowledge and disclosures regarding Hazardous Materials are limited to the contents of Seller's Deliveries.

Accordingly, Buyer hereby expressly waives and relinquishes any and all rights and remedies Buyer may now or hereafter have against Seller, whether known or unknown, with respect to any past present, or future presence of Hazardous Materials on, under or about the Property or with respect to any past, present or future violations of any rules, regulations or laws, now or hereinafter enacted, regulating or governing use, handling, storage or disposable of Hazardous Materials, including, without limitation (i) any and all remedies Buyer may now or hereafter have under the Comprehensive Environmental Response Compensation and Liability Act of 1980 ("**CERCLA**"), as amended, and any similar law, rule or regulation, (ii) any and all rights Buyer may now or hereafter have against Seller under the Carpenter-Presley-Tanner Hazardous Substance Account Act (California Health and Safety Code, Section 25300 et seq.), as amended and any similar law, rule or regulation, and (iii) any and all claims, whether known or unknown, now or hereafter existing, with respect to the Property under Section 107 of CERCLA (42 U.S. C.A. § 9607).

BUYER HEREBY ACKNOWLEDGES THAT IT HAS READ AND IS FAMILIAR WITH THE PROVISIONS OF CALIFORNIA CIVIL CODE SECTION 1542 ("SECTION 1542"), WHICH IS SET FORTH BELOW

> "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM MUST HAVE MATERIALLY AFFECTED HIS SETTLEMENT WITH THE DEBTOR"

BY INITIALING BELOW, BUYER HEREBY WAIVES THE PROVISIONS OF SECTION 1542 SOLELY IN CONNECTION WITH THE MATTERS WHICH ARE THE SUBJECT OF THE FOREGOING WAIVERS AND RELEASES.

_____
(Buyer's Initials)

13. Continuation and Survival. All representations, warranties and covenants by the respective parties contained herein or made in writing pursuant to this Agreement are intended to and shall be deemed made as of the date of this Agreement or such writing and again at the Closing, shall be deemed to be material, and unless expressly provided to the contrary shall survive the execution and delivery of this Agreement, the Deed and the Closing.

14. Indemnity.

Buyer agrees to indemnify Seller and the Property against, and to hold and save Seller and the Property harmless from, all claims, demands, suits, actions, damages, obligations, liabilities, losses, costs and expenses, including but not limited to attorneys' fees and court costs, as a result of the Inspections; provided, however, that Buyer will not be obligated to indemnify Seller with respect to its own negligence. The foregoing indemnity shall survive termination of this Agreement. Buyer shall not suffer or permit any mechanic's or materialmen's or other lien to stand against the Property in connection with any labor, materials or services furnished or claimed to have been furnished by or on behalf of Buyer in connection with or as a result of any Inspections. If any such lien shall be filed against the Property, Buyer shall cause such lien to be discharged or bonded within thirty (30) days after such filing. Following any Inspections Buyer shall restore the Property to substantially its physical condition as existed prior to such inspection (except for any changes to the Property caused by Seller, or its agents or employees). Prior to any entry on the Property Buyer or its consultant shall at its sole cost obtain a policy of liability insurance with a combined single limit in an amount not less than One Million Dollars ($1,000,000); Seller shall each be named an additional insured on said policy; and Buyer or its consultants shall furnish to Seller a certificate of insurance confirming such coverage.

15. Condemnation.

(a) In the event a governmental entity commences eminent domain proceedings to take any portion of the Property after the date hereof and prior to the Closing, then Buyer shall have the option to terminate this Agreement by written notice to Seller within ten (10) business days after Buyer first learns of such commencement. In the event of any such termination, the Earnest Money, together with all interest, shall be returned to Buyer. Buyer and Seller shall each be liable for one-half of any escrow fees or charges, and neither party shall have any further liability or obligation under this Agreement.

(b) In the event a governmental entity commences eminent domain proceedings to take any part of the Property after the date hereof and prior to the Closing and this Agreement is not terminated pursuant to Section 15(a), then the Closing shall occur as scheduled notwithstanding such proceeding; provided, however, that Seller's interest in all awards arising out

of such proceedings (except for any award attributable to the loss of Seller's business or income, Seller's personal property, or the property of any tenant of the Property) shall be assigned to Buyer as of the Closing or credited to Buyer if previously received by Seller. Seller's obligations pursuant to this Section 15(b) shall survive the Closing.

16. Possession. Possession of the Property shall be delivered to Buyer on the Closing Date free of any occupant or property not being conveyed to Buyer as provided hereunder.

17. Seller's Cooperation with Buyer. At no cost to Seller, Seller shall cooperate and do all acts as may be reasonably required or requested by Buyer, at no additional cost to Seller, with regard to the fulfillment of any Condition Precedent. Seller hereby authorizes Buyer and its agents to make all inquiries with and applications to any third party, including any governmental authority, as Buyer may reasonably require to complete its due diligence and satisfy the Conditions Precedent.

18. Brokers and Finders. None.

19. Professional Fees. In the event legal action is commenced to enforce or interpret any of the terms or provisions of this Agreement, the prevailing party in such action shall be entitled to an award of reasonable attorney's fees and costs incurred in connection with the prosecution or defense of said action. In addition, the prevailing party shall be entitled to recover any actual accounting, engineering or other professional fees reasonably incurred in said action or proceeding.

20. Publicity and Confidentiality. Buyer acknowledges that Seller is a public entity and that this Agreement shall be a matter of public record and available to the public under the Public Records Act. Notwithstanding the foregoing, Buyer agrees to not make any public announcements regarding the Property prior to Closing.

21. Miscellaneous.

(a) Notices. Any notice, consent or approval required or permitted to be given under this Agreement shall be in writing and shall be deemed to have been given upon (i) hand delivery, (ii) one business day after being deposited with Federal Express or another reliable overnight courier service for next day delivery, (iii) upon facsimile transmission (except that if the date of such transmission is not a business day or if such transmission is made after 5:00 p.m. on a business day, then such notice shall be deemed to be given on the first business day following such transmission), or (iv) two business days after being deposited in the United States mail, registered or certified mail, postage prepaid, return receipt required, and addressed as follows (or such other address as either party may from time to time specify in writing to the other in accordance herewith):

(b) Successors and Assigns. Buyer shall have the right to assign this Agreement to any entity controlling, controlled by or under common control with Buyer without Seller's consent or approval, and otherwise Buyer shall have the right to assign this Agreement to any entity subject to Seller's prior approval, which approval shall not be unreasonably withheld, conditioned or delayed. Any such assignee shall assume all obligations of Buyer hereunder; however, Buyer shall remain liable for all obligations hereunder. Seller shall have the right to assign this Agreement. Except as otherwise permitted by this paragraph, neither this Agreement nor the rights of either party hereunder may be assigned by either party. This Agreement shall be binding upon, and inure to the benefit of, the parties hereto and their respective successors, heirs, administrators and assigns.

(c) Amendments. This Agreement may be amended or modified only by a written instrument executed by Seller and Buyer.

(d) Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

(e) Construction. Headings at the beginning of each Section and subparagraph are solely for the convenience of the parties and are not a part of the Agreement. This Agreement shall not be construed as if it had been prepared by one of the parties, but rather as if both parties had prepared the same. Unless otherwise indicated, all references to Sections and subparagraphs are to this Agreement. All exhibits referred to in this Agreement are attached and incorporated by this reference.

(f) No Joint Venture. This Agreement shall not create a partnership or joint venture relationship between Buyer and Seller.

(g) Section 1031 Exchange. Seller and Buyer acknowledge and agree that the purchase and sale of the Property may be part of a tax-free exchange under Section 1031 of the Internal Revenue Code of 1986, as amended, for Buyer. Each party hereby agrees to take all reasonable steps on or before the Closing Date to facilitate such exchange if requested by Buyer, provided that (i) Seller shall not be required to acquire any substitute property, (ii) such exchange shall not affect the representations, warranties, liabilities and obligations of the parties to each other under this Agreement, (iii) Seller shall not incur any additional cost, expense or liability in connection with such exchange (other than expenses of reviewing and executing documents required in connection with such exchange), and (iv) no dates in this Agreement will be extended as a result thereof. Notwithstanding anything to the contrary contained in the foregoing, if Buyer so elects to close the acquisition of the Property as an exchange, then (A) Buyer, at its sole option, may delegate its obligations to acquire the Property under this Agreement, and may assign its rights to receive the Property from Seller, to an Intermediary or to an exchange accommodation titleholder, as the case may be; (B) such delegation and assignment shall in no way reduce, modify or otherwise affect the obligations of Buyer pursuant to this Agreement; (C) Buyer shall remain fully liable for its obligations under this Agreement as if such delegation and assignment shall not have taken place; (D) Intermediary or exchange accommodation titleholder, as the case may be, shall have no liability to Seller; and (E) the closing of the acquisition of the Property by Buyer or the exchange accommodation titleholder, as the case may be, shall be undertaken by direct deed from Seller (or, if applicable, from other affiliates of Seller whom Seller will cause to execute such deeds) to Buyer (or to exchange accommodation titleholder, as the case may be).

(h) Merger of Prior Agreements. This Agreement and the exhibits attached hereto constitute the entire agreement between the parties and supersede all prior agreements and understandings between the parties relating to the subject matter hereof, including without limitation, any letters of intent previously executed or submitted by either or both of the parties hereto, which shall be of no further force or effect upon execution of this Agreement.

(i) Time of the Essence. Time is of the essence of this Agreement. As used in this Agreement, a "business day" shall mean a day which is not a Saturday, Sunday or recognized federal or state holiday. If the last date for performance by either party under this Agreement occurs on a day which is not a business day, than the last date for such performance shall be extended to the next occurring business day.

(j) Severability. If any provision of this Agreement, or the application thereof to any person, place, or circumstance, shall be held by a court of competent jurisdiction to be invalid, unenforceable or void, the remainder of this Agreement and such provisions as applied to other persons, places and circumstances shall remain in full force and effect.

(k) Further Assurances. Each of the parties shall execute and deliver any and all additional papers, documents and other assurances and shall do any and all acts and things reasonably necessary in connection with the performance of their obligations hereunder and to carry out the intent of the parties.

(l) Exhibits. All exhibits attached hereto and referred to herein are incorporated herein as though set forth at length.

(m) Captions. The captions appearing at the commencement of the sections and paragraphs hereof are descriptive only and for convenience in reference. Should there be any conflict between any such caption and the section at the head of which it appears, the section and paragraph and not such caption shall control and govern in the construction of this Agreement.

(n) No Obligation To Third Parties. Execution and delivery of this Agreement shall not be deemed to confer any rights upon, directly, indirectly or by way of subrogation, nor obligate either of the parties hereto to, any person or entity other than each other.

(o) Waiver. The waiver by any party to this Agreement of the breach of any provision of this Agreement shall not be deemed a continuing waiver or a waiver of any subsequent breach, whether of the same or another provision of this Agreement.

(p) Interpretation. This Agreement has been negotiated at arm's length and between persons (or their representatives) sophisticated and knowledgeable in the matters dealt with in this Agreement. Accordingly, any rule of law (including California Civil Code § 1654 and any successor statute) or legal decision that would require interpretation of any ambiguities against the party that has drafted it is not applicable and is waived. The provisions of this Agreement shall be interpreted in a reasonable manner to effect the purpose of the parties and this Agreement.

(q) Counterparts/Facsimile/.PDF Signatures. This Agreement may be executed in counterparts and when so executed by the Parties, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument that shall be binding upon the Parties, notwithstanding that the Parties may not be signatories to the same counterpart or counterparts. The Parties may integrate their respective counterparts by attaching the signature pages of each separate counterpart to a single counterpart. In order to expedite the transaction contemplated herein, facsimile or .pdf signatures may be used in place of original signatures on this Agreement. Seller and Buyer intend to be bound by the signatures on the facsimile or .pdf document, are aware that the other party will rely on the facsimile or .pdf signatures, and hereby waive any defenses to the enforcement of the terms of this Agreement based on the form of signature.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date written below.

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Public Works Prepared By: Cynthia Heredia-Torres Staff Member Presenting: Tito Haes, Executive Director Public Works Reviewed By: Rene Guerrero, Andrea Ampig Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 16

SUBJECT: **AUTHORIZE THE PURCHASE AND INSTALLATION OF FURNITURE AND AUDIO-VISUAL SYSTEM EQUIPMENT WITH INFO-COM BUSINESS PRODUCTS AND KEYCODE MEDIA, INC. FOR THE FIRE ADMINISTRATION BUILDING PROJECT**

RECOMMENDATION: That the City Council take the following actions:

A. Authorize a cooperative purchase agreement for D&C21-001A Fire Administration Building with Margaret C. Pett, Inc. DBA Info-Com Business Products (Info-Com), of Altadena, California, for the purchase and installation of furniture in the amount of $1,947,856 plus a 10% contingency of $194,786, for a total not-to-exceed contract amount of $2,142,642, consistent with the terms and conditions of the OMNIA Region 14 ESC – TXS Contract Number 07-97; and
B. Authorize a cooperative purchase agreement for D&C21-001A Fire Administration Building with KeyCode Media, Inc., of Burbank, California, for the purchase and installation of audio-visual (AV) system equipment in the amount of $570,052 plus a 10% contingency of $57,006 for a total not-to-exceed contract amount of $627,058 consistent with the terms and conditions of the OMNIA Region 4 ESC – TX R250407; and
C. Authorize the City Manager, or his designee, to execute all documents required for the completion of the project which may include, but not limited to agreements, assessments, easements, reduction of retention accounts, contracts amendments within the authorization limits, and filing a notice of completion at the conclusion of all construction-related activities.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Maintain the Current High Level of Public Safety

FISCAL IMPACT: The Fiscal Year 2026-27 Adopted Budget includes appropriations in the Capital Projects Fund for the Fire Administration Building Project. The proposed contract with Info-Com for the procurement and installation of furniture for the Fire Administration Building is in the amount of $1,947,856 plus a 10% contingency of $194,786, for a total contract amount not-to-exceed

$2,142,642. The proposed contract with KeyCode Media, Inc. for the procurement and installation of the audio-visual system is in the amount of $570,052 plus a 10% contingency of $57,006 for a total not-to-exceed contract amount of $627,058.

BACKGROUND & ANALYSIS: On June 4, 2024, the City Council approved the construction of the new Ontario Fire Administration Building. The Fire Administration Building consists of a three-story, 32,062 SF, Type II-B building, with associated on-site and off-site improvements and is located at the southeast corner of Francis Street and Parco Avenue. Construction is well underway, with completion anticipated in February 2027.

If approved, Info-Com will supply the furniture for the Fire Administration Building and KeyCode Media, Inc. will upgrade the City's Emergency Operations Center with a modern, AV system designed to enhance emergency response, situational awareness, and interagency collaboration. The system includes a high-resolution LED video wall, centralized control platform, advanced audio and video conferencing capabilities, wireless content sharing, and interactive display technology to support emergency operations, training, and daily use.

Staff recommends approval of the purchase and installation of the furniture and AV system equipment to ensure the new facility is fully equipped and ready for its scheduled opening.

CITY OF ONTARIO
GOODS & SERVICES AGREEMENT

This Agreement is made and entered into as of _____, by and between the City of Ontario, a municipal corporation organized under the laws of the State of California with its principal place of business at 303 East "B" Street, Ontario, California 91764-4196, County of San Bernardino, State of California ("City") and **Margaret C. Pett, Inc. DBA Info-Com Business Products**, a Corporation with its principal place of business at 1472 Morada Place, Altadena, CA 91001 ("Vendor"). City and Vendor are sometimes individually referred to as "Party" and collectively as "Parties" in this Agreement.

RECITALS

A. Vendor desires to perform and assume responsibility for the provision of certain services and goods required by the City on the terms and conditions set forth in this Agreement. Vendor represents that it is experienced in providing similar services and goods to public clients, that it and its employees or subcontractors have all necessary licenses and permits to perform the services in the State of California and that is familiar with and understands the needs of City.

B. City desires to engage Vendor to sell to City the materials and/or equipment and/or render such services as more particularly described in this Agreement.

TERMS

1. SCOPE OF SERVICES.

1.1 General Scope of Services. Vendor promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the **Fire Administration Building with Purchase and Installation of Furniture** ("Services") which are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

1.2 Goods. Vendor agrees to sell to City and City agrees to purchase the materials and/or equipment ("Goods") as specified and per the specifications attached hereto and

incorporated herein as Exhibit "A." Unless specifically stated otherwise, the Goods shall be new and unused and of the current production year.

2. TERM.

2.1 The term of this Agreement shall be from **July 21, 2026,** to **March 30, 2027**, unless earlier terminated as provided herein. Vendor shall provide all Goods and complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the work.

3. FEES AND PAYMENTS.

3.1 Compensation. Vendor shall receive compensation, including authorized reimbursements, for all Goods provided and Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation shall not exceed **One Million Nine Hundred Forty-Seven Thousand Eight Hundred Fifty-Six Dollars ($1,947,856)** without written approval of City's Manager. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2 Payment of Compensation. Vendor shall submit to City a monthly itemized statement which indicates work completed and hours of Services rendered by Vendor and Goods provided. The statement shall describe the amount of Services and Goods provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. City shall, within 45 days of receiving such statement, review the statement and pay all non-disputed and approved charges thereon.

3.3 Reimbursement for Expenses. Vendor shall not be reimbursed for any expenses unless authorized in writing by City.

3.4 Extra Work. At any time during the term of this Agreement, City may request that Vendor perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Goods and Services, but which the parties did not reasonably anticipate would be necessary at the execution of this Agreement. Vendor shall not perform, nor be compensated for, Extra Work without written authorization from City's Representative.

3.5 Automated Clearing House ("ACH") payments. It is the City's policy to pay its consultant invoices via electronic fund transfers through the ACH network. All payments due and owing pursuant to a properly issued and correct invoice or under this Agreement shall be made through electronic ACH transfers, unless otherwise agreed upon by both Parties in writing. Vendor shall provide the City with ACH payment details whereby the City shall initiate the ACH transfers to Vendor in the amount required pursuant to a properly issued and correct invoice or under this Agreement. Each Party shall undertake any and all required actions and execute any required documents, instruments, or agreements required to effectuate the requirements of this Section. In the event the City erroneously deposits funds into an account, or otherwise deposits funds to which Vendor is not entitled: (1) Vendor shall immediately notify the City and the financial institution; (2) Vendor shall not withdraw any of the funds which were erroneously deposited or to which Vendor is not entitled; and (3) Vendor authorizes both the City and financial institution to

take all actions necessary to correct the error and return to the City all funds erroneously deposited or to which Vendor is not entitled.

4. RESPONSIBILITIES OF VENDOR.

4.1 Control and Payment of Subordinates; Independent Contractor. The Services shall be performed by Vendor or under its supervision. Vendor will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Vendor on an independent contractor basis and not as an employee. Vendor retains the right to perform similar or different services for others during the term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Vendor shall also not be employees of City and shall at all times be under Vendor's exclusive direction and control. Neither City, or any of its officials, officers, directors, employees or agents shall have control over the conduct of Vendor or any of Vendor's officers, employees or agents, except as set forth in this Agreement. Vendor shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of providing Goods and Services under this Agreement and as required by law. Vendor shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

4.2 Schedule of Services.

4.2.1 Vendor shall perform the Services and provide Goods expeditiously, within the term of this Agreement, and in accordance with the Schedule of Goods and Services set forth in Exhibit "B" attached hereto and incorporated herein by reference ("Performance time"). Upon request of City, Vendor shall provide a more detailed schedule of anticipated performance to meet the Schedule of Goods and Services. Vendor agrees that if the Goods are not provided and/or the Services are not completed within the Performance Time, it is understood, acknowledged and agreed that the City will suffer damage.

4.2.2 Neither City nor Vendor shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Vendor and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this Section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the Agreement.

4.2.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible for the delay, shall not entitle Vendor to any additional compensation.

Notwithstanding the foregoing in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

4.3 Conformance to Applicable Requirements. All work prepared by Vendor shall be subject to the approval of City.

4.4 Acceptance. The Goods shall be received subject to City's inspection and right of rejection. The Goods shall not be considered accepted until inspection, testing and/or use of the Goods is found to be in accordance with the City's specifications. Final inspection of the Goods shall be at the location specified herein, unless otherwise agreed in writing. If the Goods are found at any time to be defective in material or workmanship, or otherwise not in conformance with specifications, City shall have the right, in addition to any other rights which it may have under warranties or otherwise, to reject such Goods in whole or in part. Rejected Goods shall be held at Vendor's risk for a reasonable time thereafter and shall be returned or disposed of at Vendor's expense. No rejected Goods shall be replaced by Vendor without written instruction or authorization from City.

4.5 Coordination of Services. Vendor agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

4.6 Standard of Care; Performance of Employees. Vendor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Vendor represents and maintains that it is skilled in the professional calling necessary to perform the Services. Vendor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Vendor represents that it, its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City business license, and that such licenses and approvals shall be maintained throughout the term of this Agreement. As provided for in the indemnification provisions of this Agreement, Vendor shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Vendor's failure to comply with the standard of care provided for herein. Any employee of the Vendor or its sub-Vendors who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Services, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed by the Vendor and shall not be re-employed to perform any of the Services provided under this Agreement.

4.7 Warranty. In addition to all warranties which may be provided by law, Vendor warrants that the Goods delivered hereunder shall, (a) be free from defect of material or workmanship and conform strictly to the specifications, drawings, or sample specified or furnished; (b) conform to drawings, plans, specifications, samples or other descriptions furnished, specified, accepted or approved by City; and (c) be merchantable and fit for the purposes intended. The warranty shall be for a period of one (1) year, or such longer period as provided by a manufacturer's warranty or as agreed to by Vendor and City, from the date of final written acceptance of the Goods by City. This warranty shall survive any inspection, delivery, acceptance, or payment by City of the Goods. Vendor, at its own expense, shall repair or replace, at the option of City, any defective Goods within two (2) business days after receipt of notice from City or within four (4) hours in case of emergency, as determined by City. Vendor also warrants

that the Goods are free and clear of all liens and encumbrances whatsoever, that Vendor is conveying good and marketable title to same, and that Vendor owns or has a valid license for all of the proprietary technology and intellectual property incorporated within the Goods. Vendor agrees to indemnify, defend and hold City harmless against any and all third party claims resulting from the breach or inaccuracy of any of the foregoing warranties.

4.8 Reserved.

4.9 Disputes. Should any dispute arise respecting the true value of any work done, of any work omitted, or of any extra work which Vendor may be required to do or respecting the size of any payment to Vendor during the performance of this Contract, Vendor shall continue to perform the Work while said dispute is decided by the City. If Vendor disputes the City's decision, Vendor shall have such remedies as may be provided by law.

4.10 Laws and Regulations; Employee/Labor Certifications. Vendor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting its performance under this Agreement, including all Cal/OSHA requirements, and shall give all notices required by law. Vendor shall be liable for all violations of such laws and regulations in connection with this Agreement. If the Vendor performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the City, Vendor shall be solely responsible for all costs arising therefrom. City is a public entity of the State of California subject to certain provisions of the Health & Safety Code, Government Code, Public Contract Code, and Labor Code of the State. It is stipulated and agreed that all provisions of the law applicable to the public contracts of a municipality are a part of this Agreement to the same extent as though set forth herein and will be complied with. These include but are not limited to the payment of prevailing wages, the stipulation that eight (8) hours' labor shall constitute a legal day's work and that no worker shall be permitted to work in excess of eight (8) hours during any one calendar day except as permitted by law. Vendor shall defend, indemnify and hold City, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

4.10.1 Employment Eligibility; Vendor. By executing this Agreement, Vendor verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time. Such requirements and restrictions include, but are not limited to, examination and retention of documentation confirming the identity and immigration status of each employee of the Vendor. Vendor also verifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement. Vendor shall avoid any violation of any such law during the term of this Agreement by participating in an electronic verification of work authorization program operated by the United States Department of Homeland Security, by participating in an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, or by some other legally acceptable method. Vendor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Vendor's compliance with the requirements provided for in Section 4.10 or any of its sub-sections.

4.10.2 Employment Eligibility; Subcontractors, and Consultants. To the same extent and under the same conditions as Vendor, Vendor shall require all of its subcontractors, and consultants performing any work relating to this Agreement to make the same verifications and comply with all requirements and restrictions provided for herein.

4.10.3 Employment Eligibility; Failure to Comply. Each person executing this Agreement on behalf of Vendor verifies that they are a duly authorized officer of Vendor, and understands that any of the following shall be grounds for the City to terminate the Agreement for cause: (1) failure of Vendor or its subcontractors, or consultants to meet any of the requirements provided for in Sections 4.10.1 or 4.10.2; (2) any misrepresentation or material omission concerning compliance with such requirements (including in those verifications provided to the Vendor under Section 4.10.2); or (3) failure to immediately remove from this contract any person found not to be in compliance with such requirements.

4.10.4 Labor Certification. By its signature hereunder, Vendor certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

4.10.5 Equal Opportunity Employment. Vendor represents that it is an equal opportunity employer and it shall not discriminate against any subcontractor, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Vendor shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

4.10.6 Air Quality. Vendor must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the California Air Resources Board (CARB). Vendor shall specifically be aware of the CARB limits and requirements' application to "portable equipment", which definition is considered by CARB to include any item of equipment with a fuel-powered engine. Vendor shall indemnify City against any fines or penalties imposed by CARB or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Vendor, its subcontractors, or others for whom Vendor is responsible under its indemnity obligations provided for in this Agreement.

4.10.7 Water Quality.

4.10.7.1 Management and Compliance. To the extent applicable, Vendor's Services must account for, and fully comply with, all local, state and federal laws, rules and regulations that may impact water quality compliance, including, without limitation, all applicable provisions of the Federal Water Pollution Control Act (33 U.S.C. §§ 1300); the California Porter-Cologne Water Quality Control Act (Cal Water Code §§ 13000-14950); laws, rules and regulations of the Environmental Protection Agency, the State Water Resources Control Board and the Santa Ana Regional Water Quality Control Board; the City's ordinances regulating discharges of storm water; and any and all regulations, policies, or permits issued pursuant to any such authority regulating the discharge of pollutants, as that term is used in the Porter-Cologne Water Quality Control Act, to any ground or surface water in the State.

4.10.7.2 Liability for Non-Compliance. Failure to comply with the laws, regulations and policies described in this Section is a violation of law that may subject Vendor or City to penalties, fines, or additional regulatory requirements. Vendor shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from and against any and all fines, penalties, claims or other regulatory requirements imposed as a result of Vendor's non-compliance with the laws, regulations and policies described in this Section, unless such non-compliance is the result of the sole negligence or willful misconduct of the City, its officials, officers, agents, employees or authorized volunteers.

4.10.7.3 Training. In addition to any other standard of care requirements set forth in this Agreement, Vendor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them without impacting water quality in violation of the laws, regulations and policies described in this Section. Vendor further warrants that it, its employees and subcontractors will receive adequate training, as determined by City, regarding the requirements of the laws, regulations and policies described in this Section as they may relate to the Services provided under this Agreement. Upon request, City will provide Vendor with a list of training programs that meet the requirements of this paragraph.

5. PROJECT MANAGEMENT

5.1 City's Representative. The City hereby designates Daniel Beers, Design & Construction Director, or his or her designee, to act as its representative for the performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for all purposes under this Agreement. Vendor shall not accept direction or orders from any person other than the City's Representative or his or her designee.

5.2 Vendor's Representative. Vendor hereby designates Margaret Pett, Project Manager or his or her designee, to act as its representative for the performance of this Agreement ("Vendor's Representative"). Vendor's Representative shall have full authority to represent and act on behalf of the Vendor for all purposes under this Agreement. The Vendor's Representative shall supervise and direct the Services, using his best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all work required under this Agreement.

6. INSURANCE.

6.1 Time for Compliance. Vendor shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this Section. In addition, Vendor shall not allow any subcontractor to commence work on any subcontract until it has provided evidence satisfactory to the City that the subcontractor has secured all insurance required under this Section.

6.2 Minimum Requirements. Vendor shall, at its expense, procure and maintain for the duration of the Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Agreement by the Vendor, its agents, representatives, employees or subcontractors. Vendor shall also require all of its subcontractors to procure and maintain the same insurance for the duration of the Agreement. Such insurance shall meet at least the following minimum levels of coverage:

6.2.1 Minimum Scope of Insurance. Coverage shall be at least as broad as the latest version of the following: (1) *General Liability*: Insurance Services Office Commercial General Liability coverage (occurrence form CG 0001); (2) *Automobile Liability*: Insurance Services Office Business Auto Coverage form number CA 0001, code 1 (any auto); and (3) *Workers' Compensation and Employer's Liability*: Workers' Compensation insurance as required by the State of California and Employer's Liability Insurance. The policy shall not contain any exclusion contrary to the Agreement, including but not limited to endorsements or provisions limiting coverage for (1) contractual liability (including but not limited to ISO CG 24 26 or 21 29); or (2) cross liability for claims or suits by one insured against another.

6.2.2 Minimum Limits of Insurance. Vendor shall maintain limits no less than: (1) *General Liability:* $2,000,000 MINIMUM per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability Insurance or other form with general aggregate limit is used including, but not limited to, form CG 2503, either the general aggregate limit shall apply separately to this Agreement/location or the general aggregate limit shall be twice the required occurrence limit; (2) *Automobile Liability:* $2,000,000 MINIMUM per accident for bodily injury and property damage; and (3) *Workers' Compensation and Employer's Liability:* Workers' Compensation limits as required by the Labor Code of the State of California. Employer's Liability limits of $1,000,000 MINIMUM per accident for bodily injury or disease. Defense costs shall be paid in addition to the limits.

6.2.3 Notices; Cancellation or Reduction of Coverage. At least fifteen (15) days prior to the expiration of any such policy, evidence showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or materially reduced, Vendor shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies. In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, the City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by the City will be promptly reimbursed by Vendor or the City may withhold amounts sufficient to pay premium from Vendor payments. In the alternative, the City may suspend or terminate this Agreement.

6.2.4 Additional Insured. The City of Ontario, its directors, officials, officers, employees, agents, and volunteers shall be named as additional insureds on Vendor's and its subcontractors' policies of commercial general liability and automobile liability insurance using the endorsements and forms specified herein or exact equivalents.

6.3 Insurance Endorsements. The insurance policies shall contain the following provisions, or Vendor shall provide endorsements on forms supplied or approved by the City to add the following provisions to the insurance policies:

6.3.1 General Liability. The general liability policy shall include or be endorsed (amended) to state that: (1) using ISO CG forms 20 10 and 20 37, or endorsements providing the exact same coverage, the City of Ontario, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insured with respect to the Services or ongoing and complete operations performed by or on behalf of the Vendor, including materials, parts or equipment furnished in connection with such work; and (2) using ISO form 20 01, or endorsements providing the exact same coverage, the insurance coverage shall be primary insurance as respects the City, its directors, officials, officers, employees, agents, and volunteers, or if excess, shall stand in an unbroken chain of coverage excess of the Vendor's scheduled underlying

coverage. Any excess insurance shall contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of the City, before the City's own primary insurance, deductible, or self-insurance shall be called upon to protect it as a named insured. Any insurance, deductible, or self-insurance maintained by the City, its directors, officials, officers, employees, agents, and volunteers shall be excess of the Vendor's insurance and shall not be called upon to contribute with it in any way. Notwithstanding the minimum limits set forth in Section 6.2.2, any available insurance proceeds in excess of the specified minimum limits of coverage shall be available to the parties required to be named as additional insureds pursuant to this Section 6.3.1.

6.3.2 Automobile Liability. The automobile liability policy shall include or be endorsed (amended) to state that: (1) the City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Vendor or for which the Vendor is responsible; and (2) the insurance coverage shall be primary insurance as respects the City, its directors, officials, officers, employees, agents, and volunteers, or if excess, shall stand in an unbroken chain of coverage excess of the Vendor's scheduled underlying coverage. Any insurance, deductible, or self-insurance maintained by the City, its directors, officials, officers, employees, agents, and volunteers shall be excess of the Vendor's insurance and shall not be called upon to contribute with it in any way. Policy shall contain or be endorsed to contain such provisions. Notwithstanding the minimum limits set forth in Section 6.2.2, any available insurance proceeds in excess of the specified minimum limits of coverage shall be available to the parties required to be named as additional insureds pursuant to this Section 6.3.2.

6.3.3 Workers' Compensation and Employer's Liability Coverage. The insurer shall agree to waive all rights of subrogation against the City, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of the insurance policy which arise from work performed by the Vendor.

6.3.4 All Coverages. Each insurance policy required by this Agreement shall be endorsed to state that: (A) coverage shall not be suspended, voided, reduced or canceled except after thirty (30) days (10 days for nonpayment of premium) prior written notice by certified mail, return receipt requested, has been given to the City; and (B) any failure to comply with reporting or other provisions of the policies, including breaches of warranties, shall not affect coverage provided to the City, its directors, officials, officers, employees, agents, and volunteers. Any failure to comply with reporting or other provisions of the policies including breaches of warranties shall not affect coverage provided to the City, its officials, officers, employees, agents and volunteers, or any other additional insureds.

6.4 Separation of Insureds; No Special Limitations; Waiver of Subrogation. All insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to the City, its directors, officials, officers, employees, agents, and volunteers. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance. All policies shall waive any right of subrogation of the insurer against the City, its officials, officers, employees, agents, and volunteers, or any other additional insureds, or shall specifically allow Vendor or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Vendor hereby waives its own right of recovery against City, its officials, officers, employees, agents, and volunteers, or any other

additional insureds, and shall require similar written express waivers and insurance clauses from each of its subcontractors.

6.5 Deductibles and Self-Insurance Retentions. Any deductibles or self-insured retentions must be declared to and approved by the City. Vendor shall guarantee that, at the option of the City, either: (1) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the City, its directors, officials, officers, employees, agents, and volunteers; or (2) the Vendor shall procure a bond guaranteeing payment of losses and related investigation costs, claims and administrative and defense expenses.

6.6 Subcontractor Insurance Requirements. Vendor shall not allow any subcontractors to commence work on any subcontract relating to the work under the Agreement until they have provided evidence satisfactory to the City that they have secured all insurance required under this Section. If requested by Vendor, the City may approve different scopes or minimum limits of insurance for particular subcontractors. The Vendor and the City shall be named as additional insureds on all subcontractors' policies of Commercial General Liability using ISO form 20 38, or coverage at least as broad.

6.7 Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating no less than A:VIII, licensed to do business in California, and satisfactory to the City.

6.8 Verification of Coverage. Vendor shall furnish City with original certificates of insurance and endorsements effecting coverage required by this Agreement on forms satisfactory to the City. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf, and shall be on forms provided by the City if requested. All certificates and endorsements must be received and approved by the City before work commences. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

6.9 Reporting of Claims. Vendor shall report to the City, in addition to Vendor's insurer, any and all insurance claims submitted by Vendor in connection with the Services under this Agreement.

7. INDEMNIFICATION.

7.1 Scope of Indemnity. To the fullest extent permitted by law, Vendor shall defend, indemnify and hold the City, its officials, employees, agents and volunteers free and harmless from any and all claims, demands, causes of action, suits, actions, proceedings, costs, expenses, liability, judgments, awards, decrees, settlements, loss, damage or injury of any kind, in law or equity, regardless of whether the allegations are false, fraudulent, or groundless, to property or persons, including wrongful death, (collectively, "Claims") in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Vendor, its officials, officers, employees, subcontractors, consultants or agents arising out of or in connection with the Services, the Goods or this Agreement, including without limitation the payment of all expert witness fees, attorneys' fees and other related costs and expenses. Notwithstanding the foregoing, to the extent required by Civil Code section 2782, Vendor's indemnity obligation shall not apply to such loss or damage which is caused by the sole negligence or willful misconduct of the City.

7.2 Additional Indemnity Obligations. Vendor shall defend, with counsel of City's choosing and at Vendor's own cost, expense and risk, any and all Claims covered by this section that may be brought or instituted against City or its officials, employees, agents and volunteers. In addition, Vendor shall pay and satisfy any judgment, award or decree that may be rendered against City or its officials, employees, agents and volunteers as part of any such claim, suit, action or other proceeding. Vendor shall also reimburse City for the cost of any settlement paid by City or its officials, employees, agents and volunteers as part of any such claim, suit, action or other proceeding. Such reimbursement shall include payment for City's attorney's fees and costs, including expert witness fees. Vendor shall reimburse City and its officials, employees, agents and volunteers, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Vendor's obligation to indemnify shall survive expiration or termination of this Agreement, and shall not be restricted to insurance proceeds, if any, received by the City, its officials, employees, agents and volunteers.

8. CALIFORNIA LABOR CODE

8.1 Prevailing Wages. Vendor is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. Since the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, since the total compensation is $1,000 or more, Vendor agrees to fully comply with such Prevailing Wage Laws. City shall provide Vendor with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Vendor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Vendor's principal place of business and at the project site. Vendor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Vendor shall therefore comply with such Labor Code sections to the fullest extent required by law.

8.2 Registration. Since the Services are being performed as part of an applicable "public works" or "maintenance" project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Vendor and all subcontractors must be registered with the Department of Industrial Relations. Vendor shall maintain registration for the duration of this Agreement and require the same of any subcontractor. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code Sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Sections 1725.5 and 1771.1.

8.3 Compliance Monitoring. This Agreement is also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be Vendor's sole responsibility to comply with all applicable registration and labor compliance requirements. Any stop orders issued by the Department of Industrial Relations against Vendor or any subcontractor that affect Vendor's performance of Services, including any delay, shall be Vendor's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Vendor caused delay and shall not be compensable by the City. Vendor shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim

or liability arising out of stop orders issued by the Department of Industrial Relations against Vendor or any subcontractor.

9. SAFETY.

Vendor shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its services, the Vendor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed. Safety precautions as applicable shall include, but shall not be limited to: (A) adequate life protection and life saving equipment and procedures; (B) instructions in accident prevention for all employees and subcontractors, such as safe walkways, scaffolds, fall protection ladders, bridges, gang planks, confined space procedures, trenching and shoring, equipment and other safety devices, equipment and wearing apparel as are necessary or lawfully required to prevent accidents or injuries; and (C) adequate facilities for the proper inspection and maintenance of all safety measures.

10. ACCOUNTING RECORDS.

Vendor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Vendor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Vendor shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

11. TERMINATION OF AGREEMENT.

11.1 Grounds for Termination. City may, by written notice to Vendor, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Vendor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Vendor shall be compensated only for those Services and Goods which have been adequately rendered to City, and Vendor shall be entitled to no further compensation. If terminated for cause because the Vendor refused or failed to deliver the Goods, the City may obtain Goods by whatever method it may deem expedient. If City's cost of obtaining the Goods, including compensation for additional managerial and administrative services, will exceed the unpaid balance of the Goods, Vendor will be liable for and will pay the difference to City. Vendor may not terminate this Agreement except for cause. The rights and remedies of the City provided in this Section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

11.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Vendor to provide all finished or unfinished documents and data and other information of any kind prepared by Vendor in connection with the performance of the Services under this Agreement. Vendor shall be required to provide such document and other information within fifteen (15) days of the request.

11.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, goods and services similar to those terminated.

12. GENERAL PROVISIONS.

12.1 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Vendor:

Margaret C. Pett, Inc. dba Info-Com Business Products
1472 Morada Place
Altadena, CA 91001
Attn: Margaret Pett, Project Manager

City:

City of Ontario
303 East "B" Street
Ontario, CA 91764-4196
Attn: Cynthia Heredia-Torres, Principal Construction Project Manager

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

12.2 Subcontracting. Vendor shall not subcontract any portion of the work required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

12.3 Governing Law; Government Code Claim Compliance. This Agreement shall be governed by the laws of the State of California. Venue shall be in San Bernardino County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Vendor must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Vendor. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Vendor shall be barred from bringing and maintaining a valid lawsuit against the City.

12.4 Time of Essence. Time is of the essence for each and every provision of this Agreement.

12.5 City's Right to Employ Other Vendors. City reserves right to employ other Vendors in connection with the Goods and Services provided under this Agreement.

12.6 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

12.7 Assignment or Transfer. Vendor shall not assign, hypothecate or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of the City. Any attempt to do so shall be null and void, and any assignees, hypothecates or transferees shall acquire no right or interest by reason of such attempted assignment, hypothecation or transfer.

12.8 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Vendor include all personnel, employees, agents, and subcontractors of Vendor, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content or intent of this Agreement.

12.9 Amendment; Modification. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

12.10 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel or otherwise.

12.11 No Third Party Beneficiaries. Except to the extent expressly provided for in Section 12.7, there are no intended third party beneficiaries of any right or obligation assumed by the Parties.

12.12 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

12.13 Prohibited Interests. Vendor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Vendor, to solicit or secure this Agreement. Further, Vendor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Vendor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Vendor further agrees to file, or shall cause its employees or subcontractors to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

12.14 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

12.15 Authority to Enter Agreement. Vendor has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

12.16 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

12.17 Entire Agreement. This Agreement contains the entire Agreement of the parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements. This Agreement may only be modified by a writing signed by both parties.

CITY OF ONTARIO
GOODS & SERVICES AGREEMENT

This Agreement is made and entered into as of _____, by and between the City of Ontario, a municipal corporation organized under the laws of the State of California with its principal place of business at 303 East "B" Street, Ontario, California 91764-4196, County of San Bernardino, State of California ("City") and **Key Code Media, Inc.,** a **Corporation** with its principal place of business at **270 S. Flower Street, Burbank, CA 91502** ("Vendor"). City and Vendor are sometimes individually referred to as "Party" and collectively as "Parties" in this Agreement.

RECITALS

A. Vendor desires to perform and assume responsibility for the provision of certain services and goods required by the City on the terms and conditions set forth in this Agreement. Vendor represents that it is experienced in providing similar services and goods to public clients, that it and its employees or subcontractors have all necessary licenses and permits to perform the services in the State of California and that is familiar with and understands the needs of City.

B. City desires to engage Vendor to sell to City the materials and/or equipment and/or render such services as more particularly described in this Agreement.

TERMS

1. SCOPE OF SERVICES.

1.1 General Scope of Services. Vendor promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the **Audio-Visual System for the Fire Administration Building** services ("Services") which are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

1.2 Goods. Vendor agrees to sell to City and City agrees to purchase the materials and/or equipment ("Goods") as specified and per the specifications attached hereto and incorporated herein as Exhibit "A." Unless specifically stated otherwise, the Goods shall be new and unused and of the current production year.

2. TERM.

2.1 The term of this Agreement shall be from **July 21, 2026,** to **February 28, 2027**, unless earlier terminated as provided herein. Vendor shall provide all Goods and complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the work.

3. FEES AND PAYMENTS.

3.1 Compensation. Vendor shall receive compensation, including authorized reimbursements, for all Goods provided and Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation shall not exceed **Five Hundred Seventy Thousand Fifty-Two Dollars ($570,052**) without written approval of City's City Manager. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2 Payment of Compensation. Vendor shall submit to City a monthly itemized statement which indicates work completed and hours of Services rendered by Vendor and Goods provided. The statement shall describe the amount of Services and Goods provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. City shall, within 45 days of receiving such statement, review the statement and pay all non-disputed and approved charges thereon.

3.3 Reimbursement for Expenses. Vendor shall not be reimbursed for any expenses unless authorized in writing by City.

3.4 Extra Work. At any time during the term of this Agreement, City may request that Vendor perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Goods and Services, but which the parties did not reasonably anticipate would be necessary at the execution of this Agreement. Vendor shall not perform, nor be compensated for, Extra Work without written authorization from City's Representative.

3.5 Automated Clearing House ("ACH") payments. It is the City's policy to pay its consultant invoices via electronic fund transfers through the ACH network. All payments due and owing pursuant to a properly issued and correct invoice or under this Agreement shall be made through electronic ACH transfers, unless otherwise agreed upon by both Parties in writing. Vendor shall provide the City with ACH payment details whereby the City shall initiate the ACH transfers to Vendor in the amount required pursuant to a properly issued and correct invoice or under this Agreement. Each Party shall undertake any and all required actions and execute any required documents, instruments, or agreements required to effectuate the requirements of this Section. In the event the City erroneously deposits funds into an account, or otherwise deposits funds to which Vendor is not entitled: (1) Vendor shall immediately notify the City and the financial institution; (2) Vendor shall not withdraw any of the funds which were erroneously deposited or to which Vendor is not entitled; and (3) Vendor authorizes both the City and financial institution to take all actions necessary to correct the error and return to the City all funds erroneously deposited or to which Vendor is not entitled.

4. RESPONSIBILITIES OF VENDOR.

4.1 Control and Payment of Subordinates; Independent Contractor. The Services shall be performed by Vendor or under its supervision. Vendor will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Vendor on an independent contractor basis and not as an employee. Vendor retains the right to perform similar or different services for others during the term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Vendor shall also not be employees of City and shall at all times be under Vendor's exclusive direction and control. Neither City, or any of its officials, officers, directors, employees or agents shall have control over the conduct of Vendor or any of Vendor's officers, employees or agents, except as set forth in this Agreement. Vendor shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of providing Goods and Services under this Agreement and as required by law. Vendor shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

4.2 Schedule of Services.

4.2.1 Vendor shall perform the Services and provide Goods expeditiously, within the term of this Agreement, and in accordance with the Schedule of Goods and Services set forth in Exhibit "B" attached hereto and incorporated herein by reference ("Performance time"). Upon request of City, Vendor shall provide a more detailed schedule of anticipated performance to meet the Schedule of Goods and Services. Vendor agrees that if the Goods are not provided and/or the Services are not completed within the Performance Time, it is understood, acknowledged and agreed that the City will suffer damage.

4.2.2 Neither City nor Vendor shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Vendor and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this Section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the Agreement.

4.2.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible for the delay, shall not entitle Vendor to any additional compensation. Notwithstanding the foregoing in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

4.3 Conformance to Applicable Requirements. All work prepared by Vendor shall be subject to the approval of City.

4.4 Acceptance. The Goods shall be received subject to City's inspection and right of rejection. The Goods shall not be considered accepted until inspection, testing and/or use of the Goods is found to be in accordance with the City's specifications. Final inspection of the Goods shall be at the location specified herein, unless otherwise agreed in writing. If the Goods are found at any time to be defective in material or workmanship, or otherwise not in conformance with specifications, City shall have the right, in addition to any other rights which it may have under warranties or otherwise, to reject such Goods in whole or in part. Rejected Goods shall be held at Vendor's risk for a reasonable time thereafter and shall be returned or disposed of at Vendor's expense. No rejected Goods shall be replaced by Vendor without written instruction or authorization from City.

4.5 Coordination of Services. Vendor agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

4.6 Standard of Care; Performance of Employees. Vendor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Vendor represents and maintains that it is skilled in the professional calling necessary to perform the Services. Vendor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Vendor represents that it, its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City business license, and that such licenses and approvals shall be maintained throughout the term of this Agreement. As provided for in the indemnification provisions of this Agreement, Vendor shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Vendor's failure to comply with the standard of care provided for herein. Any employee of the Vendor or its sub-Vendors who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Services, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed by the Vendor and shall not be re-employed to perform any of the Services provided under this Agreement.

4.7 Warranty. In addition to all warranties which may be provided by law, Vendor warrants that the Goods delivered hereunder shall, (a) be free from defect of material or workmanship and conform strictly to the specifications, drawings, or sample specified or furnished; (b) conform to drawings, plans, specifications, samples or other descriptions furnished, specified, accepted or approved by City; and (c) be merchantable and fit for the purposes intended. The warranty shall be for a period of one (1) year, or such longer period as provided by a manufacturer's warranty or as agreed to by Vendor and City, from the date of final written acceptance of the Goods by City. This warranty shall survive any inspection, delivery, acceptance, or payment by City of the Goods. Vendor, at its own expense, shall repair or replace, at the option of City, any defective Goods within two (2) business days after receipt of notice from City or within four (4) hours in case of emergency, as determined by City. Vendor also warrants that the Goods are free and clear of all liens and encumbrances whatsoever, that Vendor is conveying good and marketable title to same, and that Vendor owns or has a valid license for all of the proprietary technology and intellectual property incorporated within the Goods. Vendor

agrees to indemnify, defend and hold City harmless against any and all third party claims resulting from the breach or inaccuracy of any of the foregoing warranties.

4.8 Reserved.

4.9 Disputes. Should any dispute arise respecting the true value of any work done, of any work omitted, or of any extra work which Vendor may be required to do, or respecting the size of any payment to Vendor during the performance of this Contract, Vendor shall continue to perform the Work while said dispute is decided by the City. If Vendor disputes the City's decision, Vendor shall have such remedies as may be provided by law.

4.10 Laws and Regulations; Employee/Labor Certifications. Vendor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting its performance under this Agreement, including all Cal/OSHA requirements, and shall give all notices required by law. Vendor shall be liable for all violations of such laws and regulations in connection with this Agreement. If the Vendor performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the City, Vendor shall be solely responsible for all costs arising therefrom. City is a public entity of the State of California subject to certain provisions of the Health & Safety Code, Government Code, Public Contract Code, and Labor Code of the State. It is stipulated and agreed that all provisions of the law applicable to the public contracts of a municipality are a part of this Agreement to the same extent as though set forth herein and will be complied with. These include but are not limited to the payment of prevailing wages, the stipulation that eight (8) hours' labor shall constitute a legal day's work and that no worker shall be permitted to work in excess of eight (8) hours during any one calendar day except as permitted by law. Vendor shall defend, indemnify and hold City, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

4.10.1 Employment Eligibility; Vendor. By executing this Agreement, Vendor verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time. Such requirements and restrictions include, but are not limited to, examination and retention of documentation confirming the identity and immigration status of each employee of the Vendor. Vendor also verifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement. Vendor shall avoid any violation of any such law during the term of this Agreement by participating in an electronic verification of work authorization program operated by the United States Department of Homeland Security, by participating in an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, or by some other legally acceptable method. Vendor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Vendor's compliance with the requirements provided for in Section 4.10 or any of its sub-sections.

4.10.2 Employment Eligibility; Subcontractors, and Consultants. To the same extent and under the same conditions as Vendor, Vendor shall require all of its subcontractors, and consultants performing any work relating to this Agreement to make the same verifications and comply with all requirements and restrictions provided for herein.

4.10.3 Employment Eligibility; Failure to Comply. Each person executing this Agreement on behalf of Vendor verifies that they are a duly authorized officer of Vendor, and understands that any of the following shall be grounds for the City to terminate the Agreement for cause: (1) failure of Vendor or its subcontractors, or consultants to meet any of the requirements provided for in Sections 4.10.1 or 4.10.2; (2) any misrepresentation or material omission concerning compliance with such requirements (including in those verifications provided to the Vendor under Section 4.10.2); or (3) failure to immediately remove from this contract any person found not to be in compliance with such requirements.

4.10.4 Labor Certification. By its signature hereunder, Vendor certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

4.10.5 Equal Opportunity Employment. Vendor represents that it is an equal opportunity employer and it shall not discriminate against any subcontractor, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Vendor shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

4.10.6 Air Quality. Vendor must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the California Air Resources Board (CARB). Vendor shall specifically be aware of the CARB limits and requirements' application to "portable equipment", which definition is considered by CARB to include any item of equipment with a fuel-powered engine. Vendor shall indemnify City against any fines or penalties imposed by CARB or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Vendor, its subcontractors, or others for whom Vendor is responsible under its indemnity obligations provided for in this Agreement.

4.10.7 Water Quality.

4.10.7.1 Management and Compliance. To the extent applicable, Vendor's Services must account for, and fully comply with, all local, state and federal laws, rules and regulations that may impact water quality compliance, including, without limitation, all applicable provisions of the Federal Water Pollution Control Act (33 U.S.C. §§ 1300); the California Porter-Cologne Water Quality Control Act (Cal Water Code §§ 13000-14950); laws, rules and regulations of the Environmental Protection Agency, the State Water Resources Control Board and the Santa Ana Regional Water Quality Control Board; the City's ordinances regulating discharges of storm water; and any and all regulations, policies, or permits issued pursuant to any such authority regulating the discharge of pollutants, as that term is used in the Porter-Cologne Water Quality Control Act, to any ground or surface water in the State.

4.10.7.2 Liability for Non-Compliance. Failure to comply with the laws, regulations and policies described in this Section is a violation of law that may subject Vendor or City to penalties, fines, or additional regulatory requirements. Vendor shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless,

pursuant to the indemnification provisions of this Agreement, from and against any and all fines, penalties, claims or other regulatory requirements imposed as a result of Vendor's non-compliance with the laws, regulations and policies described in this Section, unless such non-compliance is the result of the sole negligence or willful misconduct of the City, its officials, officers, agents, employees or authorized volunteers.

4.10.7.3 Training. In addition to any other standard of care requirements set forth in this Agreement, Vendor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them without impacting water quality in violation of the laws, regulations and policies described in this Section. Vendor further warrants that it, its employees and subcontractors will receive adequate training, as determined by City, regarding the requirements of the laws, regulations and policies described in this Section as they may relate to the Services provided under this Agreement. Upon request, City will provide Vendor with a list of training programs that meet the requirements of this paragraph.

5. PROJECT MANAGEMENT

5.1 City's Representative. The City hereby designates Dan Beers, Design & Construction Director, or his designee, to act as its representative for the performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for all purposes under this Agreement. Vendor shall not accept direction or orders from any person other than the City's Representative or his or her designee.

5.2 Vendor's Representative. Vendor hereby designates Brian Boring, Director of Product Development, or his designee, to act as its representative for the performance of this Agreement ("Vendor's Representative"). Vendor's Representative shall have full authority to represent and act on behalf of the Vendor for all purposes under this Agreement. The Vendor's Representative shall supervise and direct the Services, using his best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all work required under this Agreement.

6. INSURANCE.

6.1 Time for Compliance. Vendor shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this Section. In addition, Vendor shall not allow any subcontractor to commence work on any subcontract until it has provided evidence satisfactory to the City that the subcontractor has secured all insurance required under this Section.

6.2 Minimum Requirements. Vendor shall, at its expense, procure and maintain for the duration of the Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Agreement by the Vendor, its agents, representatives, employees or subcontractors. Vendor shall also require all of its subcontractors to procure and maintain the same insurance for the duration of the Agreement. Such insurance shall meet at least the following minimum levels of coverage:

6.2.1 Minimum Scope of Insurance. Coverage shall be at least as broad as the latest version of the following: (1) *General Liability*: Insurance Services Office Commercial General Liability coverage (occurrence form CG 0001); (2) *Automobile Liability*: Insurance Services Office Business Auto Coverage form number CA 0001, code 1 (any auto); and (3) *Workers' Compensation and Employer's Liability*: Workers' Compensation insurance as required

by the State of California and Employer's Liability Insurance. The policy shall not contain any exclusion contrary to the Agreement, including but not limited to endorsements or provisions limiting coverage for (1) contractual liability (including but not limited to ISO CG 24 26 or 21 29); or (2) cross liability for claims or suits by one insured against another.

6.2.2 Minimum Limits of Insurance. Vendor shall maintain limits no less than: (1) *General Liability:* $3,000,000 MINIMUM per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability Insurance or other form with general aggregate limit is used including, but not limited to, form CG 2503, either the general aggregate limit shall apply separately to this Agreement/location or the general aggregate limit shall be twice the required occurrence limit; (2) *Automobile Liability:* $2,000,000 MINIMUM per accident for bodily injury and property damage; and (3) *Workers' Compensation and Employer's Liability:* Workers' Compensation limits as required by the Labor Code of the State of California. Employer's Liability limits of $1,000,000 MINIMUM per accident for bodily injury or disease. Defense costs shall be paid in addition to the limits.

6.2.3 Builder's Risk ["All Risk"]. The City shall maintain Builder's Risk, Course of Construction or similar first party property coverage issued on a replacement cost value basis consistent with the total replacement cost of all insurable Work and the existing buildings where Work is being performed for the Project included within the Contract Documents. Coverage is to insure against risks of accidental direct physical loss. Contractor shall be responsible for the applicable Fifty Thousand Dollar ($50,000) deductible under the City builder's risk insurance policy for damage to work of Contractor or any Subcontractor of any tier including damage to work of other Contractors caused by Contractor or its Subcontractors.

6.2.4 Notices; Cancellation or Reduction of Coverage. At least fifteen (15) days prior to the expiration of any such policy, evidence showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or materially reduced, Vendor shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies. In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, the City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by the City will be promptly reimbursed by Vendor or the City may withhold amounts sufficient to pay premium from Vendor payments. In the alternative, the City may suspend or terminate this Agreement.

6.2.5 Additional Insured. The City of Ontario, its directors, officials, officers, employees, agents, and volunteers shall be named as additional insureds on Vendor's and its subcontractors' policies of commercial general liability and automobile liability insurance using the endorsements and forms specified herein or exact equivalents.

6.3 Insurance Endorsements. The insurance policies shall contain the following provisions, or Vendor shall provide endorsements on forms supplied or approved by the City to add the following provisions to the insurance policies:

6.3.1 General Liability. The general liability policy shall include or be endorsed (amended) to state that: (1) using ISO CG forms 20 10 and 20 37, or endorsements providing the exact same coverage, the City of Ontario, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insured with respect to the Services or ongoing and complete operations performed by or on behalf of the Vendor, including materials, parts or

equipment furnished in connection with such work; and (2) using ISO form 20 01, or endorsements providing the exact same coverage, the insurance coverage shall be primary insurance as respects the City, its directors, officials, officers, employees, agents, and volunteers, or if excess, shall stand in an unbroken chain of coverage excess of the Vendor's scheduled underlying coverage. Any excess insurance shall contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of the City, before the City's own primary insurance, deductible, or self-insurance shall be called upon to protect it as a named insured. Any insurance, deductible, or self-insurance maintained by the City, its directors, officials, officers, employees, agents, and volunteers shall be excess of the Vendor's insurance and shall not be called upon to contribute with it in any way. Notwithstanding the minimum limits set forth in Section 6.2.2, any available insurance proceeds in excess of the specified minimum limits of coverage shall be available to the parties required to be named as additional insureds pursuant to this Section 6.3.1.

6.3.2 Automobile Liability. The automobile liability policy shall include or be endorsed (amended) to state that: (1) the City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Vendor or for which the Vendor is responsible; and (2) the insurance coverage shall be primary insurance as respects the City, its directors, officials, officers, employees, agents, and volunteers, or if excess, shall stand in an unbroken chain of coverage excess of the Vendor's scheduled underlying coverage. Any insurance, deductible, or self-insurance maintained by the City, its directors, officials, officers, employees, agents, and volunteers shall be excess of the Vendor's insurance and shall not be called upon to contribute with it in any way. Policy shall contain or be endorsed to contain such provisions. Notwithstanding the minimum limits set forth in Section 6.2.2, any available insurance proceeds in excess of the specified minimum limits of coverage shall be available to the parties required to be named as additional insureds pursuant to this Section 6.3.2.

6.3.3 Workers' Compensation and Employer's Liability Coverage. The insurer shall agree to waive all rights of subrogation against the City, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of the insurance policy which arise from work performed by the Vendor.

6.3.4 All Coverages. Each insurance policy required by this Agreement shall be endorsed to state that: (A) coverage shall not be suspended, voided, reduced or canceled except after thirty (30) days (10 days for nonpayment of premium) prior written notice by certified mail, return receipt requested, has been given to the City; and (B) any failure to comply with reporting or other provisions of the policies, including breaches of warranties, shall not affect coverage provided to the City, its directors, officials, officers, employees, agents, and volunteers. Any failure to comply with reporting or other provisions of the policies including breaches of warranties shall not affect coverage provided to the City, its officials, officers, employees, agents and volunteers, or any other additional insureds.

6.4 Separation of Insureds; No Special Limitations; Waiver of Subrogation. All insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to the City, its directors, officials, officers, employees, agents, and volunteers. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance. All policies shall waive any right of subrogation of the insurer against

the City, its officials, officers, employees, agents, and volunteers, or any other additional insureds, or shall specifically allow Vendor or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Vendor hereby waives its own right of recovery against City, its officials, officers, employees, agents, and volunteers, or any other additional insureds, and shall require similar written express waivers and insurance clauses from each of its subcontractors.

6.5 Deductibles and Self-Insurance Retentions. Any deductibles or self-insured retentions must be declared to and approved by the City. Vendor shall guarantee that, at the option of the City, either: (1) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the City, its directors, officials, officers, employees, agents, and volunteers; or (2) the Vendor shall procure a bond guaranteeing payment of losses and related investigation costs, claims and administrative and defense expenses.

6.6 Subcontractor Insurance Requirements. Vendor shall not allow any subcontractors to commence work on any subcontract relating to the work under the Agreement until they have provided evidence satisfactory to the City that they have secured all insurance required under this Section. If requested by Vendor, the City may approve different scopes or minimum limits of insurance for particular subcontractors. The Vendor and the City shall be named as additional insureds on all subcontractors' policies of Commercial General Liability using ISO form 20 38, or coverage at least as broad.

6.7 Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating no less than A:VIII, licensed to do business in California, and satisfactory to the City.

6.8 Verification of Coverage. Vendor shall furnish City with original certificates of insurance and endorsements effecting coverage required by this Agreement on forms satisfactory to the City. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf, and shall be on forms provided by the City if requested. All certificates and endorsements must be received and approved by the City before work commences. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

6.9 Reporting of Claims. Vendor shall report to the City, in addition to Vendor's insurer, any and all insurance claims submitted by Vendor in connection with the Services under this Agreement.

7. INDEMNIFICATION.

7.1 Scope of Indemnity. To the fullest extent permitted by law, Vendor shall defend, indemnify and hold the City, its officials, employees, agents and volunteers free and harmless from any and all claims, demands, causes of action, suits, actions, proceedings, costs, expenses, liability, judgments, awards, decrees, settlements, loss, damage or injury of any kind, in law or equity, regardless of whether the allegations are false, fraudulent, or groundless, to property or persons, including wrongful death, (collectively, "Claims") in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Vendor, its officials, officers, employees, subcontractors, consultants or agents arising out of or in connection with the Services, the Goods or this Agreement, including without limitation the payment of all expert witness fees, attorneys' fees and other related costs and expenses. Notwithstanding the foregoing, to the extent required by Civil Code section 2782, Vendor's indemnity obligation shall

not apply to such loss or damage which is caused by the sole negligence or willful misconduct of the City.

7.2 Additional Indemnity Obligations. Vendor shall defend, with counsel of City's choosing and at Vendor's own cost, expense and risk, any and all Claims covered by this section that may be brought or instituted against City or its officials, employees, agents and volunteers. In addition, Vendor shall pay and satisfy any judgment, award or decree that may be rendered against City or its officials, employees, agents and volunteers as part of any such claim, suit, action or other proceeding. Vendor shall also reimburse City for the cost of any settlement paid by City or its officials, employees, agents and volunteers as part of any such claim, suit, action or other proceeding. Such reimbursement shall include payment for City's attorney's fees and costs, including expert witness fees. Vendor shall reimburse City and its officials, employees, agents and volunteers, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Vendor's obligation to indemnify shall survive expiration or termination of this Agreement, and shall not be restricted to insurance proceeds, if any, received by the City, its officials, employees, agents and volunteers.

8. CALIFORNIA LABOR CODE

8.1 Prevailing Wages. Vendor is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. since the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and since the total compensation is $1,000 or more, Vendor agrees to fully comply with such Prevailing Wage Laws. City shall provide Vendor with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Vendor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Vendor's principal place of business and at the project site. Vendor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Vendor shall therefore comply with such Labor Code sections to the fullest extent required by law.

8.2 Registration. Since the Services are being performed as part of an applicable "public works" or "maintenance" project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Vendor and all subcontractors must be registered with the Department of Industrial Relations. Vendor shall maintain registration for the duration of this Agreement and require the same of any subcontractor. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code Sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Sections 1725.5 and 1771.1.

8.3 Compliance Monitoring. This Agreement may also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be Vendor's sole responsibility to comply with all applicable registration and labor compliance requirements. Any stop orders issued by the Department of Industrial Relations against Vendor or any subcontractor that affect Vendor's performance of Services, including any delay, shall be Vendor's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered

Vendor caused delay and shall not be compensable by the City. Vendor shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the Department of Industrial Relations against Vendor or any subcontractor.

9. SAFETY.

Vendor shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its services, the Vendor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed. Safety precautions as applicable shall include, but shall not be limited to: (A) adequate life protection and life saving equipment and procedures; (B) instructions in accident prevention for all employees and subcontractors, such as safe walkways, scaffolds, fall protection ladders, bridges, gang planks, confined space procedures, trenching and shoring, equipment and other safety devices, equipment and wearing apparel as are necessary or lawfully required to prevent accidents or injuries; and (C) adequate facilities for the proper inspection and maintenance of all safety measures.

10. ACCOUNTING RECORDS.

Vendor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Vendor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Vendor shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

11. TERMINATION OF AGREEMENT.

11.1 Grounds for Termination. City may, by written notice to Vendor, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Vendor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Vendor shall be compensated only for those Services and Goods which have been adequately rendered to City, and Vendor shall be entitled to no further compensation. If terminated for cause because the Vendor refused or failed to deliver the Goods, the City may obtain Goods by whatever method it may deem expedient. If City's cost of obtaining the Goods, including compensation for additional managerial and administrative services, will exceed the unpaid balance of the Goods, Vendor will be liable for and will pay the difference to City. Vendor may not terminate this Agreement except for cause. The rights and remedies of the City provided in this Section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

11.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Vendor to provide all finished or unfinished documents and data and other information of any kind prepared by Vendor in connection with the performance of the Services under this Agreement. Vendor shall be required to provide such document and other information within fifteen (15) days of the request.

11.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, goods and services similar to those terminated.

12. GENERAL PROVISIONS.

12.1 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Vendor:

Key Code Media, Inc.
270 S. Flower Street,
Burbank, CA 91502

City:

City of Ontario
303 East "B" Street
Ontario, CA 91764-4196
Attn: Dan Beers, Design & Construction

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

12.2 Subcontracting. Vendor shall not subcontract any portion of the work required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

12.3 Governing Law; Government Code Claim Compliance. This Agreement shall be governed by the laws of the State of California. Venue shall be in San Bernardino County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Vendor must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Vendor. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Vendor shall be barred from bringing and maintaining a valid lawsuit against the City.

12.4 Time of Essence. Time is of the essence for each and every provision of this Agreement.

12.5 City's Right to Employ Other Vendors. City reserves right to employ other Vendors in connection with the Goods and Services provided under this Agreement.

12.6 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

12.7 Assignment or Transfer. Vendor shall not assign, hypothecate or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of the City. Any attempt to do so shall be null and void, and any assignees, hypothecates or transferees shall acquire no right or interest by reason of such attempted assignment, hypothecation or transfer.

12.8 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Vendor include all personnel, employees, agents, and subcontractors of Vendor, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content or intent of this Agreement.

12.9 Amendment; Modification. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

12.10 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel or otherwise.

12.11 No Third Party Beneficiaries. Except to the extent expressly provided for in Section 12.7, there are no intended third party beneficiaries of any right or obligation assumed by the Parties.

12.12 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

12.13 Prohibited Interests. Vendor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Vendor, to solicit or secure this Agreement. Further, Vendor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Vendor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Vendor further agrees to file, or shall cause its employees or subcontractors to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

12.14 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

12.15 Authority to Enter Agreement. Vendor has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

12.16 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

12.17 Entire Agreement. This Agreement contains the entire Agreement of the parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements. This Agreement may only be modified by a writing signed by both parties.

OMNIA | Technology Solutions | Emergency Operations Center
Prepared for: City of Ontario

Executive Summary

Project Overview

The City of Ontario is upgrading its Emergency Operations Center (EOC) with a state-of-the-art Audio Visual (AV) system to enhance situational awareness, collaboration, and rapid response capabilities. The solution combines a large LED video wall, centralized control, professional-grade audio, and seamless conferencing tools.

Key Capabilities & Components

Display & Control

- Absen LED Video Wall – High-resolution, large-format display for real-time monitoring of multiple feeds.
- Jupiter Control System – Centralized management of video layouts, input/output routing, and profiles.
- Crestron Touch Interfaces – Intuitive 10” tabletop and 7” wall-mounted touchscreens for easy system control.

Audio System

- Ceiling Microphones (Sennheiser TCC2) – Room-wide voice pickup for clear audio capture.
- Speakers & Biamp DSP – 16 ceiling speakers with advanced processing for crisp, even sound distribution.
- Podium & Wireless Microphones – Flexible options for presenters and participants.

Video Conferencing

- Dual Cameras – Coverage of both presenters and audience for hybrid/remote collaboration.
- AirMedia Wireless Sharing – Secure, cable-free content sharing from laptops and mobile devices.

Collaboration & Training

- Clear Touch Interactive Display – Large touch-enabled display with PC module for training and collaborative sessions.
- Multiple HDMI Inputs – Wired connections at key operator locations.

Professional Services

- System Commissioning & Programming – End-to-end setup, testing, and GUI customization.
- Training – Two 4-hour sessions to ensure staff are comfortable and efficient with the system.
- Close-Out Documentation – As-built drawings, O&M manuals, and system records.

Value to the City of Ontario

- Improved Situational Awareness – The LED wall and control system give staff a single, flexible view of critical data, maps, and live feeds.
- Enhanced Communication – Professional microphones, speakers, and conferencing tools enable clear communication across teams and with external agencies.
- Flexible & Scalable – Modular inputs, wireless sharing, and interactive displays support diverse emergency scenarios, training, and daily use.
- Ease of Use – Simple touch interfaces and custom programming make complex technology accessible to all staff.
- Reliability & Support – Professional commissioning, training, and Key Code Media’s support services ensure long-term system performance.

In short: The EOC upgrade provides the City of Ontario with a modern, reliable, and user-friendly AV environment that enhances emergency response, interagency collaboration, and operational readiness.

After initial purchase, Jupiter Care can be extended at an annual rate of 20% of the original list price.	1	5.00%	$4,500.00	$4,275.00	$4,275.00	$4,275.00	Y

Model Name CatalystV-4HC-2SPDEC-3SSD-RAID1-64RAM-1PSU

Catalyst V Configuration Overview

Output
+ 4x1 - 4 1920x1080 resolution display channels;

Input
+ 32 H.264 HD30 resolution IP Stream inputs.

CPU
Rackmountable CPU Chassis;
+ Intel Core i9 Processor
+ Windows 10 LTSC;
+ 64 GB DRAM Memory per system;
+ 3 - 500GB SSD, solid state drives as a mirrored RAID 1 pair plus hot spare;
+ 2 10/100/1000MHz Ethernet ports, RJ45 connectors;
+ 4 USB 3.0 ports (two front + two rear) and 2 USB 2.0 ports (two rear);
+ 104-key USB keyboard and mouse;
+ Single 550 Watt power supply;

Summary
5 out of 5 slots allocated;

Key Code Total Care

30 Day Key Code Total Care Bronze

Thank you for choosing Key Code Media, this quote is covered under a 30-day remote support plan. The equipment is covered under manufacturing warranty and the labor is covered by Key Code Support.

Key Code support hosts its own secure remote access support system. This system is much like a TeamViewer remote access, with the exception that it's hosted by Key Code Media and sits behind our firewall. As part of Change Me and Key Code Media support agreement, we can install this lightweight utility on all purchased computers at the discretion of facility staff. This will allow a support engineer to log in and see what the operator is seeing in real time.

Service Expectations

This support proposal includes the following Service Level agreements:

1. Provide normal business hours support
    a. Access to M-F 9am EST - 6pm PST support line
    b. Includes emergency and non-emergency call for:
        i. Software Issues and Version Upgrades
        ii. Hardware support for purchased equipment
        iii. Remote support
    c. Major Holidays are not included in coverage
        i. Christmas Day
        ii. July 4th
        iii. Thanksgiving +1
        iv. New Year's Day
        v. Memorial Day
        vi. Labor Day
2. Contract Includes Costs for Mileage Associated with support visits
    a. Does not include for Airfare, Hotel, Rental Car, or Per-Diem
    b. Does not include Travel Costs associated with other quotes
    c. All Non-Covered T&E will be invoiced at actual cost

Warranty Terms

The warranty begins upon completion of install and lasts for 30 days.

City of Ontario EOC – Audio Visual System

Scope of Work

Display & Control Systems

- Absen Video Wall - Supply and install per attached quote specifications.
- Jupiter Control System - Centralized control for video wall layouts, profiles, and input/output routing.
- Touch Interfaces - (2) 10” Crestron touchscreens and (1) 7” wall-mounted Crestron touchscreen.

Infrastructure & Furniture

- Equipment Rack - Installed in room adjacent to Room 209.
- ADA Adjustable Podium - Integrated rack for AV equipment.
- Cable Cubby Integration - Installed in podium cutout with HDMI, USB-C, RJ45, and USB-A inputs.

Audio System

- Ceiling Microphones - (4) 2’x2’ TCC2 microphones for full-room voice pickup.
- Speakers & DSP - (16) speakers for room-wide coverage and Biamp Tesira Forte DSP for audio processing.
- Podium Microphone - Gooseneck mic for main presenter.
- Wireless Microphones - Handheld mics for flexible use.

Video Conferencing

- Cameras - (2) cameras: one facing presenter, one facing audience.

Collaboration & Input Sharing

- Operator HDMI Inputs - (4) wired HDMI input locations (TBD).
- Wireless Sharing - AirMedia receiver and (2) transmitters.
- Interactive Display - Clear Touch display with integrated PC module for training.

Commissioning & Training

- System Commissioning & Testing - Full system validation and performance testing.
- GUI Programming & Approval - Custom interface design based on client feedback.
- Team Training - (2) sessions, 4 hours each.

- Close-Out Documentation - Includes as-built drawings, O&M manuals, and final system documentation.

Assumptions

- Electrical & Data Infrastructure - All outlets, floor boxes, and wall boxes to be installed by others.
- Structural Engineering - Any structural components (e.g., backing for video wall) are the responsibility of others.

• Proposal is based on normal business hours work.

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Utilities Prepared By: Andy Marquez Staff Member Presenting: Scott Burton, Utilities General Manager Reviewed By: Dennice Raygoza, Courtney Jones, Michael Sigsbee Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 17

SUBJECT: A CONSTRUCTION CONTRACT WITH G.M. SAGER CONSTRUCTION CO, INC., FOR ON-CALL/EMERGENCY UTILITY TRENCH PAVING

RECOMMENDATION: That the City Council authorize the City Manager, or designee, to execute a one-year Construction Contract with G.M. Sager Construction Co, Inc., located in Pomona, California, for on-call utility trench repairs at various locations in the amount of $600,000 from July 21, 2026 to June 30, 2027, with the option to extend the contract for up to four successive one-year periods for a total not-to-exceed amount of $3,315,378.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The Fiscal Year 2026-27 Adopted Budget includes appropriations from the Water and Sewer Operating Funds for these on-call services. The recommended Contract is for $600,000 for the initial term. At the City's discretion, up to four additional one-year extensions may be executed. Should the City exercise all four successive one-year extensions, the projected amount for the five years (July 21, 2026 to June 30, 2031) would be a total not-to-exceed amount of $3,315,378.

The City and Contractor have agreed to fixed billing rates, and the Contractor will be compensated for on-call, as-needed services at the billing rates set forth in the proposed Agreement. Prices for the first year are fixed, and after the first year, any proposed increases in fees will be negotiated annually and will not exceed 5% per year. The total compensation paid under the proposed Contract will be commensurate with the City Council approved plans and budgets. There is no impact to the General Fund.

BACKGROUND & ANALYSIS: This contract provides for the repair and repaving of utility trenches at various locations throughout the City on an as-needed basis. The City completes over 300 trench

repairs annually, and costs are based on the size of the necessary repair, traffic control measures, and depth of the trench.

The work performed under this Contract consists of trench repairs associated with work performed by Staff on water and sewer mains, residential services, and associated with various water facilities. Trench repairs are coordinated with the Contractor following utility work to minimize disruption within the public right-of-way.

The City solicited proposals for this effort, and on May 26, 2026, three proposals were received for Contract UT-OPS 1068. A summary of the proposals is as follows:

Company Name	Location	Bid Amount
G.M. Sager Construction Co, Inc.	Pomona, CA	$334,840
Paveco, Inc.	Baldwin Park, CA	$397,360
Hardy & Harper, Inc.	Lake Forest, CA	$1,027,000

Staff recommends award to G.M. Sager Construction Co, Inc., of Pomona, California, based on their expertise, ability to perform the work in a timely manner, and successful completion of this type of work in the past. Competitive bidding for this work would be impracticable and confer no advantage upon the City because the work must be dispatched promptly upon being identified, on a recurring basis, and without sufficient time to enable bidding each time additional necessary work is identified.

SECTION 00500
CONTRACT

THIS CONTRACT is made and entered as of _____, in the County of San Bernardino, State of California, by and between the City of Ontario, hereinafter called City, and _____, hereinafter called Contractor. The City and the Contractor for the considerations stated herein agree as follows:

ARTICLE 1. SCOPE OF WORK. The Contractor shall perform all Work within the time stipulated the Contract and shall provide all labor, materials, equipment, tools, utility services, and transportation to complete all of the Work required in strict compliance with the Contract Documents as specified in Article 5 below for the following Project:

ON-CALL AND EMERGENCY UTILITY TRENCH PAVING

The Contractor and its surety shall be liable to the City for any damages arising as a result of the Contractor's failure to comply with this obligation.

ARTICLE 2. TIME FOR COMPLETION. Time is of the essence in the performance of the Work. The Work shall be commenced on the date stated in the City's Notice to Proceed. The Contractor shall complete all Work required by the Contract Documents within 30 calendar days from the commencement date stated in the Notice to Proceed, herein after the Contract Time. By its signature hereunder, Contractor agrees the Contract Time for completion set forth above is adequate and reasonable to complete the Work.

ARTICLE 3. CONTRACT PRICE. The City shall pay to the Contractor as full compensation for the performance of the Contract, subject to any additions or deductions as provided in the Contract Documents, and including all applicable taxes and costs, the sum of _____ Dollars ($_____), hereinafter the Contract Price. Payment shall be made as set forth in the General Conditions.

ARTICLE 4. LIQUIDATED DAMAGES. The Contractor acknowledges that the City will sustain actual damages for each and every day completion of the Project is delayed beyond the Contract Time. Because of the nature of the Project, it would be impracticable or extremely difficult to determine the City's actual damages. Accordingly, as provided in Government Code section 53069.85, it is agreed that the Contractor will pay the City the sum of **$500** for each and every calendar day of delay in completing the Work beyond the time prescribed in the Contract

Documents for finishing the Work, as Liquidated Damages and not as a penalty or forfeiture. In the event the Liquidated Damages are not paid, the Contractor agrees the City may deduct that amount from any money due or that may become due the Contractor under the Contract. This Article does not affect the City's rights to other damages or remedies specified in the Contract Documents or allowed by law.

Should Contractor be inexcusably delayed in the performance of the Work, City may deduct Liquidated Damages based on its estimate of when Contractor will achieve Final Completion or other milestones. City need not wait until Final Completion to withhold Liquidated Damages from Contractor.

Liquidated Damages are not a penalty but an agreed upon estimate of the actual damages that would be sustained by the City for delay, including but not limited to loss of revenue, inconvenience to the City and the public, and increased Project administration expenses, such as extra inspection, construction management, staff time and architectural and engineering expenses. Liquidated Damages do not include actual damages the City incurs on account of claims by third parties against the City on account of any delay.

Should money due or to become due to the Contractor be insufficient to cover Liquidated Damages or other offsets due, then Contractor forthwith shall pay the remainder of the assessed liquidated damages to City.

ARTICLE 5. COMPONENT PARTS OF THE CONTRACT. The "Contract Documents" include the following documents, each of which is incorporated into this Contract by reference:

- Notice Inviting Bids
- Instructions to Bidders
- Bid Form
- Contractor's Certificate Regarding Workers' Compensation form
- Bid Bond
- List of Subcontractors form
- Contractor Information and Experience Form
- Non-Collusion Declaration form
- Public Works Contractor Registration Certification form
- Iran Contracting Act Certification form
- Fleet Compliance Certification form
- Contract
- Performance Bond
- Payment Bond
- Environmental documents and approvals (If Applicable)
- General Conditions
- Special Conditions
- Standard Specifications for Public Works Construction (Greenbook), Edition, except Sections 1-9
- Technical Specifications
- Addenda (If Applicable)
- Plans and Drawings
- Approved and fully executed change orders
- Federal Requirements (If Applicable)
- Any other documents contained in or incorporated into the Contract

The Contactor shall complete the Work in strict accordance with all of the Contract Documents.

All of the Contract Documents are intended to be complementary. Work required by one of the Contract Documents and not by others shall be done as if required by all. This Contract shall supersede any prior agreement of the parties.

ARTICLE 6. PROVISIONS REQUIRED BY LAW. Each and every provision of law required to be included in these Contract Documents shall be deemed to be included in these Contract Documents. The Contractor shall comply with all requirements of applicable federal, state and local laws, rules and regulations, including but not limited to, the provisions of the California Labor Code and Public Contract Code applicable to this Project.

ARTICLE 7. INDEMNIFICATION. Contractor shall provide indemnification as set forth in the General Conditions.

ARTICLE 8. PREVAILING WAGES. Contractor shall be required to pay the prevailing rate of wages in accordance with the Labor Code which such rates shall be made available at the office of the City Clerk or may be obtained online at http//www.dir.ca.gov/dlsr. and which must be posted at the job site.

ARTICLE 9. CONTRACTOR REGISTRATION AND LABOR COMPLIANCE. Pursuant to Labor Code sections 1725.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations. No bid will be accepted nor any contract entered into without proof of the contractor's and subcontractors' current registration with the Department of Industrial Relations to perform public work. This Project will be subject to compliance monitoring and enforcement by the Department of Industrial Relations. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code Sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Sections 1725.5 and 1771.1.

This Project is subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be the Contractor's sole responsibility to evaluate and pay the cost of complying with all labor compliance requirements under this Contract and applicable law.

ARTICLE 10. FALSE CLAIMS. Contractor acknowledges that if a false claim is submitted to the City, it may be considered fraud and Contractor may be subject to criminal prosecution. Contractor acknowledges that the False Claims Act, California Government Code sections 12650, et seq., provides for civil penalties where a person knowingly submits a false claim to a public entity. These provisions include within their scope false claims made with deliberate ignorance of the false information or in reckless disregard of the truth or falsity of the information. In the event the City seeks to recover penalties pursuant to the False Claims Act, it is entitled to recover its litigation costs, including attorneys' fees. Contractor hereby acknowledges that the filing of a false claim may the Contractor to an administrative debarment proceeding wherein Contractor may be prevented from further bidding on public contracts for a period of up to five (5) years.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

IN WITNESS WHEREOF, this Contract has been duly executed by the above-named parties, on the day and year above written.

END OF CONTRACT

EXHIBIT "A"

SCOPE OF SERVICES

a. Description of the Work: The work to be done, in general, shall include furnishing all labor, materials, tools, equipment, parts, supplies, incidentals, and permits necessary for, or appurtenant to, install permanent trench resurfacing entirely in place per the Specifications and Contract Documents for the above-stated project. The general items of work to be performed hereunder consist of the installation of new asphalt concrete paving trench repair work, asphalt concrete grind, and overlay, temporary asphalt concrete removal, stripping replacement, and all associated work as identified at various locations throughout the City of Ontario. The Contractor must possess a valid Class A or C-12 contractor license issued by the California Department of Consumer Affairs Contractors State License Board.

b. Job Location and Work Hours The project is located within the City of Ontario city limits. Work hours for the project shall be 7:30 a.m. to 4:00 p.m. weekdays only, unless requested by City Project Manager under emergency detail patch work.

Contractor must be able to respond within 4 hours for emergency detail patch work throughout the City.

c. Project Duration The work shall be diligently prosecuted to completion before the expiration of: **30 working days per task order.** a. Contractor to provide a schedule that includes all major activities, milestones, stationing, durations, etc. b. Pipe stationing shall be included in the project schedule as the mean to delineate work area. c. Any change in project schedule or work area shall be communicated to the Project Manager prior to when the change occurs. No time extension to the contract completion date will be allowed due to this project schedule change.

d. Traffic Control Contractor is responsible for providing and maintaining traffic control at the locations of the work site. Public travel through the work shall be impeded or obstructed as little as possible.

e. Site Cleanup a. Contractor is responsible for the proper handling of materials to include discard of debris and keeping the work site clean. Contractor shall restore all areas and objects that were damaged or disrupted due to construction activities to a condition as good as existing prior to construction. All of the above requirements extend to contractor's subcontractors. Contractor is responsible for subcontractors conforming to all requirements. Penalties will be assessed against contractor for any subcontractor violations.

f. Permits All work shall conform to all applicable Industry, Federal, State and Local Laws, Codes, Ordinances, OSHA requirements and standards, and the City's standards for trench work. Contractor shall obtain all required permits such as encroachment, inspection, etc. with the required governing agencies. No work shall be started within the street right-of-way or on City property until the Contractor has obtained the necessary permits. The Contractor shall obtain and pay for all permits and fees and give all notices necessary and incident to the due and lawful prosecution of the work and to the preservation of the public health and safety. Fees will not be collected on those permits obtained from the City.

g. Inspection a. Inspection's will be provided by City staff based on regular eight hour working

days, generally from 7:30 AM to 4:00 PM, Monday through Friday. When the Contractor's operations and the safety of the public require inspection beyond eight hours, or the Contractor requests inspection for other than regular City working days, the Project Manager and the Contractor will agree to a date and time for the inspection.

The Contractor shall notify the Project Manager no less than 48 hours in advance of inspection requirements.

h. Surveying Contractor shall not disturb or destroy any existing monuments or benchmarks. If any survey monuments or benchmarks need to be removed and replaced, Contractor shall notify the Project Manager prior to construction. Before removing any monuments in preparation for construction, the City will set at least four ties for each monument to be removed and replaced, all at City's expense. After construction, the City will replace each monument using the aforementioned ties and file a corner record for each replaced monument.

EXHIBIT "B"

SCHEDULE OF SERVICES

ON AN AS-NEEDED BASIS

Term. The term of this Agreement shall be from **July 21, 2026 to June 30, 2027**, unless earlier terminated as provided herein. The City shall have the unilateral option, at its sole discretion, to renew this Agreement automatically for no more than four (4) additional one-year terms. Contractor shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the Services.

EXHIBIT "C"

COMPENSATION

Compensation. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation for FY 2026-27 shall not exceed **Six-Hundred Thousand Dollars ($600,000)** for a total not-to-exceed amount of **Three-Million Three Hundred and Fifteen Thousand, Three Hundred and Seventy Eight Dollars ($3,315,378)** without written approval of City's **Operations Manager.** Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Utilities Prepared By: Dennis Mejia Staff Member Presenting: Scott Burton, Utilities General Manager Reviewed By: Dennice Raygoza, Courtney Jones, Michael Sigsbee Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 18

SUBJECT: **A CONSTRUCTION CONTRACT WITH DOWNING CONSTRUCTION, INC., A PROFESSIONAL SERVICES AGREEMENT WITH ARDURRA GROUP, INC., AND AMENDMENTS TO THE PROFESSIONAL SERVICES AGREEMENTS WITH Z&K CONSULTANTS, INC. AND TWINING, INC., FOR THE WESTERN TRUNK SEWER INTERIM DIVERSION PROJECT**

RECOMMENDATION: That the City Council take the following actions:

A. Approve the plans and specifications and award Contract No. UT1097 to Downing Construction, Inc., of Calimesa, California, for the construction of the Western Trunk Sewer Interim Diversion Project, in the amount of $2,314,676 plus a 15% contingency of $347,202, for a total not-to-exceed amount of $2,661,878, a term of 150 calendar days after issuance of a notice to proceed and authorize the City Manager, or his designee, to execute said contract and file a notice of completion at the conclusion of all construction activities related to the project.

B. Approve and authorize the City Manager, or his designee, to execute a Professional Services Agreement with Ardurra Group, Inc., of Newport Beach, California, for a total not-to-exceed amount of $131,765 for Construction Engineering Services and a term from July 21, 2026, to December 31, 2029.

C. Approve and authorize the City Manager, or his designee, to execute Amendment No. 2 to the On-Call Construction Management and Inspection Agreement with Z&K Consultants, Inc., of Riverside, California, increasing the Agreement amount by $270,516 for a revised new total not-to-exceed amount of $1,028,642 and extending the term of the Agreement from June 4, 2024 to May 31, 2029.

D. Approve and authorize the City Manager, or his designee, to execute Amendment No. 3 to the On-Call Geotechnical and Material Testing Services Agreement with Twining, Inc., of Long Beach, California, increasing the Agreement amount by $47,796 for a revised new total not-to-exceed amount of $386,632 and a term from May 2, 2023 to April 30, 2028.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner

Invest in the Growth and Evolution of the City's Economy
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The recommended Contract award to Downing Construction Inc. is for $2,314,676 plus a 15% contingency of $347,202, for a total not-to-exceed amount of $2,661,878. The Proposed Professional Services Agreement to Ardurra Group, Inc. is for a total not-to-exceed amount of $131,765. Proposed Amendment No. 2 to Z&K Consultants, Inc. increases the agreement by $270,516, for a new total not-to-exceed amount of $1,028,642. Proposed Amendment No. 3 to Twining, Inc. increases the agreement by $47,796, for a new total not-to-exceed amount of $386,632. The total cost for the recommended action is $3,111,955.

The Fiscal Year 2026-27 Adopted Budget for the Capital Improvement Program includes appropriations in the amount of $2,863,060 from the Sewer Capital Fund and New Model Colony (NMC) Regional Sewer Development Impact Fee (DIF) Fund to provide construction and construction support services for the Western Trunk Sewer Interim Diversion (DIF Project No. SW-002) Project. If approved, additional appropriations will be included in the Sewer Capital Fund and in the NMC Regional Sewer DIF Fund at a future Quarterly Budget Update Report to City Council. There is no impact on the General Fund.

BACKGROUND & ANALYSIS: The City of Ontario operates a wastewater collection system that conveys sanitary sewer flows from the western portion of the City to the Inland Empire Utilities Agency (IEUA) regional sewer system. A key component of this system is an existing 27-inch vitrified clay pipe (VCP) sewer main located within the Riverside Drive corridor, which currently conveys approximately 1.5 million gallons per day (MGD) of wastewater to an IEUA connection point near the intersection of Riverside Drive and South Champions Avenue.

Through the City’s long-term sewer planning efforts, it was determined that the continued discharge of these flows at the existing IEUA connection presents operational and capacity constraints. To address these needs in a phased and cost-effective manner, the City is advancing a series of projects that will reroute these flows into the City’s wastewater collection system. The diverted flows will then be conveyed through the City's trunk sewer to a different connection with the IEUA regional system where additional discharge capacity is available. This approach will improve the long-term reliability and operational flexibility of the City’s wastewater system.

The UT1097 Western Trunk Sewer Interim Diversion Project is a critical interim improvement that supports this long-term strategy. This project will construct diversion facilities to redirect wastewater flows from the existing 27-inch VCP sewer main into the City’s sewer network while maintaining uninterrupted service. The interim diversion facilities are being designed to be compatible with the City’s future permanent Western Trunk Sewer improvements, thereby minimizing redundant construction and supporting efficient system expansion.

The UT1097 project includes construction of new VCP sewer mains along Vineyard Avenue, Riverside Drive, and at the intersection of Chino Avenue and South Champions Avenue. In addition, existing manholes will be modified to install diversion structures and flow control elements to allow

wastewater flows to be intercepted and conveyed westward into the City's trunk sewer system. The project also includes associated appurtenances, temporary bypass pumping, traffic control, pavement restoration, and coordination with utility providers and affected agencies.

The diversion facilities constructed under UT1097 will establish critical pick-up locations that are intended to serve as connection points for future permanent trunk sewer improvements. Completion of this project will improve operational flexibility and advance the City's broader efforts to modernize and expand its wastewater infrastructure in a phased and coordinated manner.

The project is located at two sites; Vineyard Avenue South of Riverside Drive, Riverside Drive between Vineyard Avenue and Whispering Lakes Lane; and the intersection of Chino Avenue and South Champions Avenue. The work under this contract consists of construction of new sewer facilities, including approximately 200 linear feet of 12-inch diameter vitrified clay pipe (VCP) sewer main along Vineyard Avenue South of Riverside Drive; approximately 2,100 linear feet of 21-inch diameter VCP sewer main along Riverside Drive between Vineyard Avenue and Whispering Lakes Lane; approximately 50 linear feet of 12-inch diameter VCP sewer main and approximately 40 linear feet of 4-inch and 6-inch diameter VCP sewer mains at the intersection of Chino Avenue and South Champions Avenue. The work also includes modification of existing manholes to construct diversion structures, installation of a new slide gate structure with slide gates, modification of an existing IEUA sewer diversion structure, installation of ultrasonic flow meters, temporary bypass pumping, traffic control, pavement restoration, and all incidental and appurtenant work necessary to complete the project in accordance with the approved Plans and Specifications

On May 28, 2026, eight bids were received for the UT1097 Western Trunk Sewer Interim Diversion Project through the City's electronic bid management system in response to Bid No. 1992. The bids ranged from a low bid amount of $2,314,676.00 to a high bid amount of $5,431,200.00. The lowest four bids are summarized below.

Bidder	Location	Amount
Downing Construction, Inc.	Calimesa, CA	$2,314,676
T.E. Roberts, Inc.	Irvine, CA	$2,854,446
Big Ben Engineering	Irvine, CA	$2,936,289
CEM Construction, Corp.	Montebello, CA	$3,107,450

Staff reviewed the apparent lowest bid and determined that Downing Construction, Inc., met the requirements for recommendation as the lowest responsive and responsible bidder.

Support services will be required during construction of the Western Trunk Sewer Interim Diversion Project. Ardurra Group, Inc., will provide construction engineering services as they are the Engineer of Record for the Project and develop the project plans and specifications. Z&K Consultants, Inc., will provide construction management and inspection services. The City first contracted with Z&K Consultants, Inc., on June 4, 2024, after an extensive Request for Proposal selection process for on-call project management and inspection services. Twining, Inc., will provide geotechnical and material testing services. The City first contracted with Twining, Inc., on May 2, 2023, after an extensive Request for Qualification selection process for on-call geotechnical and material testing services.

ENVIRONMENTAL REVIEW: An Initial Study, a Negative Declaration or a Mitigated Negative Declaration will not be necessary for the proposed projects per Article 19, section 15301, Class 1 – Existing Facilities. The project involves construction of minor utility extensions within existing public rights-of-way, replacing or supplementing existing municipal infrastructure with negligible expansion of capacity. All work will occur within previously disturbed urban roadway corridors and will not impact sensitive environmental resources.

CITY OF ONTARIO
PROFESSIONAL SERVICES AGREEMENT

1. PARTIES AND DATE.

This Agreement is made and entered as of _____, by and between the City of Ontario, a municipal corporation organized under the laws of the State of California with its principal place of business at 303 East "B" Street, Ontario, California 91764-4196, County of San Bernardino, State of California ("City") and **Ardurra Group, Inc.**, a **California Corporation**, with its principal place of business at **3737 Birch Street, Suite 250, Newport Beach, CA 92660** ("Consultant"). City and Consultant are sometimes individually referred to herein as "Party" and collectively as "Parties."

2. RECITALS.

2.1 Consultant.

Consultant desires to perform and assume responsibility for the provision of certain professional services required by the City on the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing **Construction Engineering** services to public clients, is licensed in the State of California, and is familiar with the plans of City.

2.2 Project.

City desires to engage Consultant to render such professional services for the **OMUC Contract No. UT1097 Western Trunk Sewer Interim Diversion** project ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 General Scope of Services. Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional **Construction Engineering** consulting services necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from **July 21, 2026** to **December 31, 2029**, unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the Services.

3.2 Compensation.

3.2.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "B" attached hereto and incorporated herein by reference. The total compensation shall not exceed **One Hundred Thirty-One Thousand Seven Hundred Sixty-Five Dollars ($131,765**) without written approval of the City Council or City Manager, as applicable. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2.2 Payment of Compensation. Consultant shall submit to City a monthly invoice which indicates work completed and hours of Services rendered by Consultant. The invoice shall describe the amount of Services provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the invoice. City shall, within 30 days of receiving such invoice, review the invoice and pay all non-disputed and approved charges. If the City disputes any of Consultant's fees, the City shall give written notice to Consultant within thirty (30) days of receipt of an invoice of any disputed fees set forth therein. Payment shall not constitute acceptance of any Services completed by Consultant. The making of final payment shall not constitute a waiver of any claims by the City for any reason whatsoever.

3.2.3 Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City, or included in Exhibit "B" of this Agreement.

3.2.4 Extra Work. At any time during the term of this Agreement, City may request that Consultant perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization from the City.

3.2.5 Automated Clearing House (“ACH”) payments. It is the City’s policy to pay its consultant invoices via electronic fund transfers through the ACH network. All payments due and owing pursuant to a properly issued and correct invoice or under this Agreement shall be made through electronic ACH transfers, unless otherwise agreed upon by both Parties in writing. Consultant shall provide the City with ACH payment details whereby the City shall initiate the ACH transfers to Consultant in the amount required pursuant to a properly issued and correct invoice or under this Agreement. Each Party shall undertake any and all required actions and execute any required documents, instruments, or agreements required to effectuate the requirements of this Section. In the event the City erroneously deposits funds into an account, or otherwise deposits funds to which Consultant is not entitled: (1) Consultant shall immediately notify the City and the financial institution; (2) Consultant shall not withdraw any of the funds which were erroneously deposited or to which Consultant is not entitled; and (3) Consultant authorizes both the City and financial institution to take all actions necessary to correct the error and return to the City all funds erroneously deposited or to which Consultant is not entitled.

3.3 Responsibilities of Consultant.

3.3.1 Independent Contractor; Control and Payment of Subordinates. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods

and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Any personnel performing the Services on behalf of Consultant shall not be employees of City and shall at all times be under Consultant's exclusive direction and control. Neither City, or any of its officials, officers, directors, employees or agents shall have control over the conduct of Consultant or any of Consultants officers, employees or agents, except as set forth in this Agreement. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Consultant shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.3.2 Schedule of Services. Consultant shall perform the Services in a prompt and timely manner and in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference. Consultant represents that it has the professional and technical personnel required to perform the Services expeditiously. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.3.3 Conformance to Applicable Requirements. All work prepared by Consultant shall be subject to the approval of City.

3.3.4 Substitution of Key Personnel. Consultant has represented to City that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval of City. In the event that City and Consultant cannot agree as to the substitution of key personnel, City shall be entitled to terminate this Agreement for cause. The key personnel for performance of this Agreement are as follows: **Dolores Salgado, P.E., Principal-in-Charge**.

3.3.5 City's Representative. The City hereby designates **Dennis Mejia, PE, Utilities Engineering Manager**, or his/her designee, to act as its representative in all matters pertaining to the administration and performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for review and approval of all products submitted by Consultant but not the authority to enlarge the Scope of Services or change the total compensation due to Consultant under this Agreement. The City Manager shall be authorized to act on City's behalf and to execute all necessary documents which enlarge the Scope of Services or change the Consultant's total compensation subject to the provisions contained in this Agreement. Consultant shall not accept direction or orders from any person other than the City Manager, City's Representative or his/her designee.

3.3.6 Consultant's Representative. Consultant hereby designates **Dennis Mejia, PE, Utilities Engineering Manager**, or his/her designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his/her best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.3.7 Coordination of Services. Consultant agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.3.8 Standard of Care; Performance of Employees. Consultant shall perform all

Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services. Consultant warrants that all employees and subconsultants shall have sufficient skill and experience to perform the Services assigned to them. Consultant represents that it, its employees and subconsultants have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its subconsultants who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.3.9 Period of Performance.

3.3.9.1 Consultant shall perform and complete all Services under this Agreement within the term set forth in Section 3.1.2 above ("Performance Time"). Consultant shall also perform the Services in strict accordance with any completion schedule or Project milestones described in Exhibits "A" or "B" attached hereto, or which may be separately agreed upon in writing by the City and Consultant ("Performance Milestones"). Consultant agrees that if the Services are not completed within the aforementioned Performance Time and/or pursuant to any such Performance Milestones developed pursuant to provisions of this Agreement, it is understood, acknowledged and agreed that the City will suffer damage.

3.3.9.2 Neither City nor Consultant shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Consultant and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the services and Agreement.

3.3.9.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible for the delay, shall not entitle Consultant to any additional compensation. Notwithstanding the foregoing in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

3.3.10 Laws and Regulations; Employee/Labor Certification.

3.3.10.1 Compliance with Laws. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Consultant shall be liable for all violations of such laws and regulations in connection with the Services and this Agreement. All violations of such laws and regulations shall be grounds for the City to terminate the Agreement for cause.

3.3.10.2 Employment Eligibility; Consultant. Consultant certifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time and shall require all subconsultants and sub-subconsultants to comply with the same. Consultant certifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement.

3.3.10.3 Equal Opportunity Employment. Consultant represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Consultant shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.3.10.4 Air Quality. To the extent applicable, Consultant must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Consultant shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Consultant, its subconsultants, or others for whom Consultant is responsible under its indemnity obligations provided for in this Agreement.

3.3.10.5 Water Quality Management and Compliance. Consultant shall keep itself and all subcontractors, staff, and employees fully informed of and in compliance with all local, state and federal laws, rules and regulations that may impact, or be implicated by the performance of the Services including, without limitation, all applicable provisions of the City's ordinances regulating water quality and storm water; the Federal Water Pollution Control Act (33 U.S.C. § 1251, *et seq.*); the California Porter-Cologne Water Quality Control Act (Water Code § 13000 *et seq*.); and any and all regulations, policies, or permits issued pursuant to any such authority. Consultant must additionally comply with the lawful requirements of the City, and any other municipality, drainage district, or other local agency with jurisdiction over the location where the Services are to be conducted, regulating water quality and storm water discharges. City may seek damages from Consultant for delay in completing the Services caused by Consultant's failure to comply with the laws, regulations and policies described in this Section, or any other relevant water quality law, regulation, or policy.

3.3.10.6 Safety. Consultant shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.3.11 Insurance.

3.3.11.1 Time for Compliance. Consultant shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the City that the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.3.11.2 Types of Insurance Required. As a condition precedent to the effectiveness of this Agreement for work to be performed hereunder, and without limiting the indemnity provisions of the Agreement, the Consultant, in partial performance of its obligations under such Agreement, shall procure and maintain in full force and effect during the term of the Agreement the following policies of insurance. If the existing policies do not meet the insurance requirements set forth herein, Consultant agrees to amend, supplement or endorse the policies to do so.

(A) Commercial General Liability: Commercial General Liability Insurance which affords coverage at least as broad as Insurance Services Office "occurrence" form CG 00 01, or the exact equivalent, with limits of not less than $2,000,000 per occurrence and no less than $4,000,000 in the general aggregate. Defense costs shall be paid in addition to the limits. The policy shall contain no endorsements or provisions (1) limiting coverage for contractual liability; (2) excluding coverage for claims or suits by one insured against another (cross-liability); (3) products/completed operations liability; or (4) containing any other exclusion(s) contrary to the terms or purposes of this Agreement.

(B) Automobile Liability Insurance: Automobile Liability Insurance with coverage at least as broad as Insurance Services Office Form CA 00 01 covering "Any Auto" (Symbol 1), or the exact equivalent, covering bodily injury and property damage for all activities with limits of not less than $2,000,000 combined limit for each occurrence.

(C) Workers' Compensation: Workers' Compensation Insurance, as required by the State of California and Employer's Liability Insurance with a limit of not less than $1,000,000 per accident for bodily injury and disease.

(D) Professional Liability (Errors & Omissions): Professional Liability insurance or Errors & Omissions insurance appropriate to Consultant’s profession with limits of not less than $2,000,000. Covered professional services shall specifically include all work to be performed under the Agreement and delete any exclusions that may potentially affect the work to be performed (for example, any exclusions relating to lead, asbestos, pollution, testing, underground storage tanks, laboratory analysis, soil work, etc.). If coverage is written on a claims-made basis, the retroactive date shall precede the effective date of the initial Agreement and continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least five (5) years from termination or expiration of this Agreement.

(E) If umbrella or excess liability coverage is used to meet any required limit(s) specified herein, the Contractor shall provide a “follow form” endorsement satisfactory to the City indicating that such coverage is subject to the same terms and conditions as the underlying liability policy.

3.3.11.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability: (1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement. Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 and 20 37 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Automobile Liability: (1) Additional Insured: The City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Vendor or for which the Vendor is responsible. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(C) Professional Liability (Errors & Omissions): (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) This insurance shall be written on a policy form coverage specifically designed to protect against acts, errors or omissions of the Consultant. “Covered Professional Services” as designated in the policy must specifically include work performed under this Agreement. The policy must “pay on behalf of” the insured and include a provision establishing the insurer’s duty to defend.

(D) Workers' Compensation: (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) Waiver of Subrogation: A waiver of subrogation stating that the insurer waives all rights of subrogation against the City, its officials, officers, employees, agents, and volunteers.

3.3.11.4 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.3.11.5 Waiver of Subrogation. All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to waiver of subrogation in favor of the City, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.3.11.6 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be approved in writing by the City and shall protect the City, its officials, officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.3.11.7 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified

copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Consultant shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.3.11.8 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.3.11.9 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.3.11.10 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.3.11.11 Additional Insurance Provisions

(A) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the City, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(B) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(C) The City may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(D) Neither the City nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

(E) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant's indemnification obligations to the City and shall not preclude

the City from taking such other actions available to the City under other provisions of the Agreement or law.

(F) Consultant shall report to the City, in addition to Consultant's insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.3.11.12 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and volunteers as additional insureds to the subconsultant's policies. All policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.

3.4 Labor Code Requirements.

3.4.1 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. City shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Consultant shall therefore comply with such Labor Code sections to the fullest extent required by law. Consultant shall defend, indemnify and hold the City, its officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4.2 Registration/DIR Compliance. If the Services are being performed on a public works project of over $25,000 when the project is for construction, alteration, demolition, installation, or repair work, or a public works project of over $15,000 when the project is for maintenance work, in addition to the foregoing, then pursuant to Labor Code sections 1725.5 and 1771.1, the Consultant and all subconsultants must be registered with the Department of Industrial Relations ("DIR"). Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants.

3.4.3 Compliance Monitoring. This Project may also be subject to compliance monitoring and enforcement by the DIR. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements, including the submission of payroll records directly to the DIR. Any stop orders issued by the DIR against Consultant or any subconsultant that affect

Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the City. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the DIR against Consultant or any subconsultant.

3.4.4 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5 Termination of Agreement.

3.5.1.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause. The rights and remedies of the City provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

3.5.1.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within fifteen (15) days of the request.

3.5.1.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.6 Indemnification.

3.6.1 To the fullest extent permitted by law, Consultant shall defend (with counsel of City's choosing), indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney's fees and other related costs and expenses except such loss or damage caused by the sole negligence or willful misconduct of the City. Consultant's obligation to indemnify shall survive expiration or termination of this Agreement and shall not be restricted to insurance proceeds, if any, received by Consultant, the City, its officials, officers, employees, agents, or volunteers.

3.6.2 If Consultant's obligation to defend, indemnify, and/or hold harmless arises out of Consultant's performance as a "design professional" (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated

herein, Consultant's indemnification obligation shall be limited to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, and, upon Consultant obtaining a final adjudication by a court of competent jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

3.7 General Provisions.

3.7.1 Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.7.2 Independent Contractors and Subcontracting.

3.7.2.1 Use of Consultants. Consultant is aware of statutory and case law regarding classification of workers as independent contractors, including California Labor Code Section 2750.3 and Dynamex Operations West, Inc. v. Superior Court, 4 Cal. 5th 903 (2018). To ensure that Consultant is in compliance with the California Labor Code, Consultant shall only utilize its employees to provide the Services. Consultant may not provide the services through any independent contractor, subcontractor or subconsultant ("Subcontractor(s)") unless approved by the City as set forth in Section 3.7.2.2 below. Consultant represents and warrants that all personnel who perform the Services on Consultant's behalf are Consultant's employees, and that Consultant complies with all applicable laws, rules and regulations governing its employees, including, but not limited to, the California Labor Code, Unemployment Insurance Code and all applicable Industrial Welfare Commission Wage Orders.

3.7.2.2 Prior Approval Required. Consultant shall not use any Subcontractor to provide the Services, or any portion of the work required by this Agreement, without prior written approval of City. In the event that City authorizes Consultant to use a Subcontractor, Consultant shall enter into a written agreement with the Subcontractor, which must include all provisions of the Agreement, including a restriction on the Subcontractor's use of further independent contractors, subcontractors or subconsultants without the City's prior written consent.

3.7.3 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Consultant: Ardurra Group, Inc.
3737 Birch Street, Suite 250
Newport Beach, CA 92660
ATTN: Dolores Salgado, P.E., Principal-in-Charge

City: City of Ontario
303 East "B" Street
Ontario, CA 91764
ATTN: Dennis Mejia, P.E., Utilities Engineering Manager

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.7.4 Ownership of Materials and Confidentiality.

3.7.4.1 Documents & Data; Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data"). All Documents & Data shall be and remain the property of City, and shall not be used in whole or in substantial part by Consultant on other projects without the City's express written permission. Within thirty (30) days following the completion, suspension, abandonment or termination of this Agreement, Consultant shall provide to City reproducible copies of all Documents & Data, in a form and amount required by City. City reserves the right to select the method of document reproduction and to establish where the reproduction will be accomplished. The reproduction expense shall be borne by City at the actual cost of duplication. In the event of a dispute regarding the amount of compensation to which the Consultant is entitled under the termination provisions of this Agreement, Consultant shall provide all Documents & Data to City upon payment of the undisputed amount. Consultant shall have no right to retain or fail to provide to City any such documents pending resolution of the dispute. In addition, Consultant shall retain copies of all Documents & Data on file for a minimum of fifteen (15) years following completion of the Project, and shall make copies available to City upon the payment of actual reasonable duplication costs. Before destroying the Documents & Data following this retention period, Consultant shall make a reasonable effort to notify City and provide City with the opportunity to obtain the documents.

3.7.4.2 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.7.4.3 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or another project, provided that any such use not within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City's sole risk. If City uses or reuses the Documents & Data on any project other than this Project, it shall remove the Consultant's seal from the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

3.7.4.4 Indemnification. Consultant shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the

indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person or entity in consequence of the use on the Project by City of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.7.4.5 Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant. Such materials shall not, without the prior written consent of City, be used by Consultant for any purposes other than the performance of the Services. Nor shall such materials be disclosed to any person or entity not connected with the performance of the Services or the Project. Nothing furnished to Consultant which is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use City's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

3.7.4.6 Confidential Information. The City shall refrain from releasing Consultant's proprietary information ("Proprietary Information") unless the City's legal counsel determines that the release of the Proprietary Information is required by the California Public Records Act or other applicable state or federal law, or order of a court of competent jurisdiction, in which case the City shall notify Consultant of its intention to release Proprietary Information. Consultant shall have five (5) working days after receipt of the release notice to give City written notice of Consultant's objection to the City's release of Proprietary Information. Consultant shall indemnify, defend and hold harmless the City, and its officers, directors, employees, and agents from and against all liability, loss, cost or expense (including attorney's fees) arising out of a legal action brought to compel the release of Proprietary Information. City shall not release the Proprietary Information after receipt of an objection notice unless either: (1) Consultant fails to fully indemnify, defend (with City's choice of legal counsel), and hold City harmless from any legal action brought to compel such release; and/or (2) a final and non-appealable order by a court of competent jurisdiction requires that City release such information.

3.7.5 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.7.6 Entire Agreement. This Agreement contains the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements.

3.7.7 Attorneys' Fees. If either party commences an action against the other party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing party in such litigation shall be entitled to have and recover from the losing party reasonable attorneys' fees and all costs of such action.

3.7.8 Governing Law. This Agreement shall be governed by the laws of the State of California. Venue shall be in San Bernardino County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Consultant must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed

conditions have been followed by Consultant. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Consultant shall be barred from bringing and maintaining a valid lawsuit against the City.

3.7.9 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.7.10 City's Right to Employ Other Consultants. City reserves right to employ other consultants in connection with this Project.

3.7.11 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.7.12 Assignment or Transfer. Consultant shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the written consent of the City, which may be withheld for any reason. Any attempt to so assign or so transfer without such consent shall be void and without legal effect and shall constitute grounds for termination. Consultant shall not subcontract any portion of the Services required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

3.7.13 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and subconsultants of Consultant, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

3.7.14 Amendment; Modification. No supplement, modification, or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.7.15 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.

3.7.16 No Third-Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.7.17 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.7.18 Prohibited Interests. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or

making of this Agreement. Consultant further agrees to file, or shall cause its employees or subconsultants to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.7.19 Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.7.20 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.7.21 Survival. All rights and obligations hereunder that by their nature are to continue after any expiration or termination of this Agreement, including, but not limited to, the indemnification obligations, shall survive any such expiration or termination.

Subject: UT1097 Western Trunk Sewer Interim Diversion - Proposal for Engineering Services During Construction

Dear Mr. Qu:

It is Ardurra's pleasure to be working with you on this critical sewer project. Enclosed you will find our proposal for Engineering Services During Construction for the UT1097 project.

We added these statements to our assumptions:

1. The number of submittals, RFIs, Change Order Requests, and meetings are based on assumptions.
2. Ardurra will submit a proposal for City-initiated revisions.

Please feel free to contact me if you have questions or require additional information.

Sincerely,

Kaitlyn Leong, PE
Project Manager

Enclosures:
1. Exhibit "A" Scope of Work
2. Exhibit "B" Fee Schedule

Exhibit "A" - Scope of Work

Ontario Municipal Utilities Company
UT1097 Western Trunk Sewer Interim Diversion
Engineering Services During Construction (ESDC)

Task 1 – General Requirements

Provide project management, administration, invoicing, billing, monthly progress reports. This task shall also include communication, coordination and cooperation with the City's staff and the City's Construction Manager.

Task 2 – Construction Engineering Services

Attend construction progress site meetings and provide support services including technical review of submittals, RFIs, change orders, claim mitigation efforts, generation of support calculations, review of applicable standards, and presentation of acceptable alternatives or solutions. Upon completion of construction activities, City's team will forward one set of red-lined drawings to the Consultant to review and sign/approve as Finalized digital As-Builts record drawings.

Task 2.1 – Pre-Construction

Attend preconstruction meeting and provide technical support to City addressing any questions arising from the preconstruction meeting.

Task 2.2 – Construction

Attend periodic site visits to monitor the progress, performance and assess any conflicts which may arise during the course of construction and will coordinate these visits with the City's Construction Management team. It is estimated that up to ten (10) site visits may be required.

Task 2.3 – Change Order Management

Assist the City's team with negotiating and coordinate the implementation of contract change orders during the construction process. City's team will compile change order supporting documentation, such as inspection reports, test reports, drawings, sketches, photographs, and other materials as required. Consultant will review and evaluate the appropriateness of all proposed change orders; advise City as to their effect on the contract time and cost; and perform independent estimates of the proposed change order work when necessary, as well as recommend approval or denial. Consultant should anticipate responding up to ten (10) change orders.

Task 2.4 – Requests for Information (RFI)

Review and respond to contractor's Request for Information (RFIs) the duration of the project (assumed 15 total). Responses will be provided within five (5) working days and in accordance with the Contract Documents.

Task 2.5 – Submittal Management

Review and respond to contractor's submittals the duration of the project (assumed 50 total). Ensure contractor submittals are in conformance with the Contract Documents. Document the status of submittals, received and corresponding responses, via a Submittal Log and provide the City with an updated log the entire project duration.

Task 2.6 – Design Revisions

Prepare construction field order changes and design changes, as required during construction. Five (5) changes are assumed.

Task 3 – Post Construction

Task 3.1 – As-Built Record Drawings

Prepare record drawings per City's standard process. Final drawings provided via PDF along with accompanying CAD files.

Assumptions

1. This scope assumes Ardurra will respond directly to the City or the City's Construction Manager and not to the Contractor's questions via email or phone.
2. The number of submittals, RFIs, Change Order Requests, and meetings are based on assumptions.
3. Ardurra will submit a proposal (scope and fee) for any City-initiated revisions beyond this scope.
4. Fee is based on time and materials, not to exceed amount.

SECTION 00500
CONTRACT

THIS CONTRACT is made this _____ day of _____, 20__, in the County of San Bernardino, State of California, by and between the City of Ontario, hereinafter called City, and **Downing Construction Inc**, hereinafter called Contractor. The City and the Contractor for the considerations stated herein agree as follows:

ARTICLE 1. SCOPE OF WORK. The Contractor shall perform all Work within the time stipulated the Contract and shall provide all labor, materials, equipment, tools, utility services, and transportation to complete all of the Work required in strict compliance with the Contract Documents as specified in Article 5 below for the following Project:

OMUC CONTRACT NO. UT1097
WESTERN TRUNK SEWER INTERIM DIVERSION

The Contractor and its surety shall be liable to the City for any damages arising as a result of the Contractor's failure to comply with this obligation.

ARTICLE 1. TIME FOR COMPLETION. Time is of the essence in the performance of the Work. The Work shall be commenced on the date stated in the City's Notice to Proceed. The Contractor shall complete all Work required by the Contract Documents within 150 calendar days from the commencement date stated in the Notice to Proceed, herein after the Contract Time. By its signature hereunder, Contractor agrees the Contract Time for completion set forth above is adequate and reasonable to complete the Work.

ARTICLE 2. CONTRACT PRICE. The City shall pay to the Contractor as full compensation for the performance of the Contract, subject to any additions or deductions as provided in the Contract Documents, and including all applicable taxes and costs, the sum of **Two Million Three Hundred Fourteen Thousand Six Hundred Seventy-Six Dollars ($2,314,676),** hereinafter the Contract Price. Payment shall be made as set forth in the General Conditions.

ARTICLE 3. LIQUIDATED DAMAGES. The Contractor acknowledges that the City will sustain actual damages for each and every day completion of the Project is delayed beyond the Contract

Time. Because of the nature of the Project, it would be impracticable or extremely difficult to determine the City's actual damages. Accordingly, as provided in Government Code section 53069.85, it is agreed that the Contractor will pay the City the sum of **$2,500** for each and every calendar day of delay in completing the Work beyond the time prescribed in the Contract Documents for finishing the Work, as Liquidated Damages and not as a penalty or forfeiture. In the event the Liquidated Damages are not paid, the Contractor agrees the City may deduct that amount from any money due or that may become due the Contractor under the Contract. This Article does not affect the City's rights to other damages or remedies specified in the Contract Documents or allowed by law.

Should Contractor be inexcusably delayed in the performance of the Work, City may deduct Liquidated Damages based on its estimate of when Contractor will achieve Final Completion or other milestones. City need not wait until Final Completion to withhold Liquidated Damages from Contractor.

Liquidated Damages are not a penalty but an agreed upon estimate of the actual damages that would be sustained by the City for delay, including but not limited to loss of revenue, inconvenience to the City and the public, and increased Project administration expenses, such as extra inspection, construction management, staff time and architectural and engineering expenses. Liquidated Damages do not include actual damages the City incurs on account of claims by third parties against the City on account of any delay.

Should money due or to become due to the Contractor be insufficient to cover Liquidated Damages or other offsets due, then Contractor forthwith shall pay the remainder of the assessed liquidated damages to City.

ARTICLE 4. COMPONENT PARTS OF THE CONTRACT. The "Contract Documents" include the following documents, each of which is incorporated into this Contract by reference:

- Notice Inviting Bids
- Instructions to Bidders
- Bid Form
- Contractor's Certificate Regarding Workers' Compensation form
- Bid Bond
- List of Subcontractors form
- Contractor Information and Experience Form
- Non-Collusion Declaration form
- Public Works Contractor Registration Certification form
- Iran Contracting Act Certification form
- Fleet Compliance Certification form
- Contract
- Performance Bond
- Payment Bond
- Environmental documents and approvals (If Applicable)
- General Conditions
- Special Conditions
- Standard Specifications for Public Works Construction (Greenbook), 2024 Edition, except Sections 1-9
- Technical Specifications
- Addenda (If Applicable)

- Plans and Drawings
- State Water Resources Control Board Directed Assistance Grant Agreement No. D2201010
- Approved and fully executed change orders
- Federal Requirements (If Applicable)
- Any other documents contained in or incorporated into the Contract

The Contactor shall complete the Work in strict accordance with all of the Contract Documents.

All of the Contract Documents are intended to be complementary. Work required by one of the Contract Documents and not by others shall be done as if required by all. This Contract shall supersede any prior agreement of the parties.

ARTICLE 6. PROVISIONS REQUIRED BY LAW. Each and every provision of law required to be included in these Contract Documents shall be deemed to be included in these Contract Documents. The Contractor shall comply with all requirements of applicable federal, state and local laws, rules and regulations, including but not limited to, the provisions of the California Labor Code and Public Contract Code applicable to this Project.

Each and every provision of law and clause required by law (including by way of illustration and not by limitation, by funding agreement, grant, or loan imposing such a condition, including by way of illustration State Water Resources Control Board Directed Assistance Grant Agreement No. D2201010) to be inserted in this Agreement shall be deemed to be inserted and this Agreement shall be read and enforced as though it were included. If through mistake or otherwise, any such provision is not physically inserted or is not correctly inserted, then upon application of either Party, the Agreement shall be amended to make the insertion or correction in a reasonable manner. All references to statutes and regulations shall include all amendments, replacements, and enactments in the subject which are in effect as of the date of this Agreement, and any later changes which do not materially and substantially alter the positions of the Parties.

ARTICLE 7. INDEMNIFICATION. Contractor shall provide indemnification as set forth in the General Conditions.

ARTICLE 8. PREVAILING WAGES. Contractor shall be required to pay the prevailing rate of wages in accordance with the Labor Code which such rates shall be made available at the office of the City Clerk or may be obtained online at http//www.dir.ca.gov/dlsr. and which must be posted at the job site.

ARTICLE 9. CONTRACTOR REGISTRATION AND LABOR COMPLIANCE. Pursuant to Labor Code sections 1725.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations. No bid will be accepted nor any contract entered into without proof of the contractor's and subcontractors' current registration with the Department of Industrial Relations to perform public work. This Project will be subject to compliance monitoring and enforcement by the Department of Industrial Relations. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code Sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Sections 1725.5 and 1771.1.

This Project is subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be the Contractor's sole responsibility to evaluate and pay the cost of complying with all labor compliance requirements under this Contract and applicable law.

ARTICLE 10. FALSE CLAIMS. Contractor acknowledges that if a false claim is submitted to the City, it may be considered fraud and Contractor may be subject to criminal prosecution. Contractor acknowledges that the False Claims Act, California Government Code sections 12650, et seq., provides for civil penalties where a person knowingly submits a false claim to a public entity. These provisions include within their scope false claims made with deliberate ignorance of the false information or in reckless disregard of the truth or falsity of the information. In the event the City seeks to recover penalties pursuant to the False Claims Act, it is entitled to recover its litigation costs, including attorneys' fees. Contractor hereby acknowledges that the filing of a false claim may the Contractor to an administrative debarment proceeding wherein Contractor may be prevented from further bidding on public contracts for a period of up to five (5) years.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

IN WITNESS WHEREOF, this Contract has been duly executed by the above-named parties, on the day and year above written.

AMENDMENT NO. 2.0
TO THE PROFESSIONAL SERVICES AGREEMENT
BETWEEN THE CITY OF ONTARIO AND
Z&K CONSULTANTS, INC.

1. Parties and Date.

This Amendment No. **2.0** to the Agreement (as defined herein) is made and entered as of _____, by and between the City of Ontario ("City") and **Z&K Consultants, Inc.,** a California Corporation, **"Consultant".** City and **Consultant** are sometimes individually referred to as "Party" and collectively as "Parties."

2. Recitals.

2.1 Agreement. The City and **Consultant** have entered into an agreement entitled "**On-Call Construction Management and Inspection Services**" dated **June 4, 2024** ("Agreement").

2.2 Amendment Purpose. The City and **Consultant** desire to amend this Agreement to increase the compensation by **Two Hundred Seventy Thousand Five Hundred Sixteen Dollars ($270,516)** for a total-not-to-exceed compensation of **One Million Twenty-Eight Thousand Six Hundred Forty-Two Dollars ($1,028,642)**, include additional project specific proposal to the Exhibit A through Exhibit B, and extend the time of performance to **May 31, 2029**. This increase in compensation is for the additional scope of work listed in the attached Consultants' Proposal titled "**Construction Management and Inspection Services for Western Trunk Sewer Interim Diversion Project (OMUC Contract No. UT1097)**" and dated **May 21, 2026**.

The Parties have heretofore entered into that Amendment No. 1 dated April 21, 2026.

2.3 Amendment Authority. This Amendment No. **2.0** is authorized pursuant to Section **3.1.2** and **3.2.4** of the Agreement.

3. Terms.

3.1 Amendment. Sections **3.1.2** and **3.2.1, Exhibit A through Exhibit B** of the

Agreement are hereby amended in their entirety to read as follows:

3.1.2 Term. The term of this Agreement shall be from **June 4, 2024** to **May 31, 2029**, unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the Services.

3.2.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in **Exhibit "A"** and **Exhibit "B"** attached hereto and incorporated herein by reference. The total compensation shall not exceed **One Million Twenty-Eight Thousand Six Hundred Forty-Two Dollars ($1,028,642)** without written approval of the City Council or City Manager, as applicable. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

Exhibit "A" - SCOPE OF SERVICES is hereby amended to add Attachment A which is hereto and incorporated herein by reference. All other previously added or deleted scope of services are retained in their entirety.

Exhibit "B" – SCHEDULE OF SERVICES is hereby deleted in its entirety and replaced with Attachment B attached hereto and incorporated herein by reference.

3.2 Continuing Effect of Agreement. Except as amended by this Amendment No. **2.0**, all other provisions of the Agreement remain in full force and effect and shall govern the actions of the parties under this Amendment No. **2.0**. From and after the date of this Amendment No. **2.0**, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement as amended by this Amendment No. **2.0**.

3.3 Adequate Consideration. The Parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this Amendment No. **2.0**.

3.4 Severability. If any portion of this Amendment No. **2.0** is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.5 Integration. This Amendment represents the entirety of the Parties' understanding relating to the subject of this Amendment, including written or verbal communications between the Parties, which shall have no relevance unless expressly incorporated herein. This is an integrated amendment.

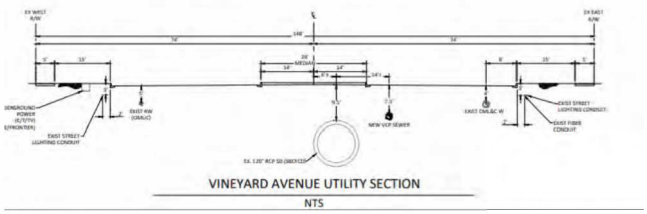
Exhibit “A” - SCOPE OF SERVICES

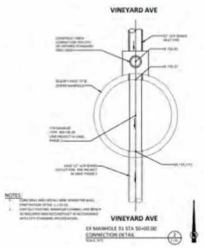
3. Proposed Method to Accomplish the Work

(Limit: 5 Pages)

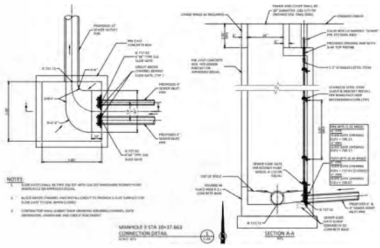
3. Proposed Method to Accomplish the Work



Project Understanding



The City of Ontario's Municipal Utilities Company (OMUC)'s Western Trunk Sewer Interim Diversion Project's bid opening is on May 28, 2026 and the Construction Contract is anticipated to be awarded during the August 4, 2026 City Council Meeting. This scope of services is to provide construction management and inspection services for the three phases: Phase 1 – Pre Construction; Phase 2 – Construction; and Phase 3 – Post Construction. The Project is comprised of the following elements:



- 200 linear feet of 12-inch diameter vitrified clay pipe (VCP) sewer main along Vineyard Avenue near Riverside Drive;
- 2,100 linear feet of 21-inch diameter VCP sewer main along Riverside Drive between Vineyard Avenue and Whispering Lakes Lane;
- Construct 36" RCP, D-Load Storm Drain
- Repave over 24,000 SQFT
- 50 linear feet of 12-inch diameter VCP sewer main
- 40 linear feet of 4-inch and 6-inch diameter VCP sewer mains at the intersection of Chino Avenue and South Champions Avenue.
- New slide gate structure with slide gates will be installed at Chino Avenue and S. Champions way
- An existing IEUA sewer flow diversion box will be modified, and ultrasonic meters will be installed as part of the project.

The project is structured in five major phases as outlined in our anticipated schedule to demonstrate construction can be completed within 150 working days. Note there are several added City events listed in the Contract which will also need to be incorporated into the Contractor's schedule. The orders are broken into five phases with the third phase representing the primary construction effort. The Third Order of work is the main portion of work and has the following items to coordinate in the field:

- Work along Vineyard Avenue requires close proximity the existing 120" RCP SD (SBCFCD)
- Construct an external drop to Existing Manhole 130 at STA 70+06.59
- Manhole 9 contains slide gates which are specialty construction and must be coordinated with the manhole submittals to ensure watertight fits
- Each of the existing manholes to be rechanneled and/or reconfigured are unique and will require small tolerance to ensure they meet the elevations as shown on the plans
- Extensive paving is required per Sheet C-06 and is an extensive paving effort of over 24,000 SQFT

Proposed Method to Accomplish the Work

Z&K Consultants, Inc. will provide proactive Construction Management and Inspection Services for the UT1097 Western Trunk Sewer Interim Diversion Project through comprehensive project coordination, responsive field oversight, detailed documentation management, and consistent communication with OMUC staff, contractors, utility agencies, and project stakeholders. Our approach is centered on maintaining sewer operations, minimizing public impacts, proactively identifying project issues, and supporting efficient project delivery throughout all phases of construction.

Z&K's project approach is built upon four core principles: Integrate, Document, Coordinate, and Deliver.

Integrate | Our team will integrate closely with OMUC staff, the contractor, utility agencies, and project stakeholders throughout all phases of construction. We understand the importance of maintaining continuous communication and coordination for projects involving active sewer systems, bypass pumping operations, utility conflicts, traffic-sensitive construction activities, and phased construction sequencing. Z&K will coordinate with OMUC operations staff, IEUA, SBCFCD, utility providers, adjacent contractors, and local stakeholders to support efficient project delivery and minimize disruptions to existing infrastructure and public access. Our team will also coordinate with event operations and traffic management activities near Ontario Field and the Chino Avenue/South Champions Avenue corridor to minimize impacts to surrounding traffic circulation and public operations.

Document | Z&K maintains a proactive and documentation-focused construction management approach centered on maintaining accurate, organized, and timely project records throughout construction. Our team will oversee daily inspection reporting, quantity tracking, contractor documentation, RFI and submittal tracking, schedule monitoring, change management support, testing documentation, utility coordination records, and progress reporting throughout the project duration. Our inspectors and construction management staff understand the importance of maintaining detailed records for sewer infrastructure projects involving bypass pumping systems, specialty structures, utility conflicts, and phased traffic control operations. Z&K will provide consistent reporting and timely communication to support informed project decision-making and effective project administration.

Coordinate | The UT1097 Western Trunk Sewer Interim Diversion Project requires extensive coordination between multiple stakeholders, active utilities, roadway operations, and ongoing public activities. Z&K's team will maintain proactive coordination with the contractor, OMUC staff, utility agencies, testing personnel, and traffic control operations to support efficient construction sequencing and minimize delays.

Particular attention will be given to bypass pumping operations, sewer diversion sequencing, temporary traffic signal modifications, utility conflict resolution, paving restoration coordination, and specialized installations including slide gates and ultrasonic flow monitoring systems. Our team will work proactively to identify and resolve field issues quickly while maintaining project progress and minimizing impacts to the public and surrounding infrastructure.

Deliver | Z&K's overall objective is to support successful project delivery through responsive communication, experienced field oversight, proactive issue resolution, and strong construction management practices. Our team understands the importance of maintaining sewer operations, minimizing risk of sanitary sewer overflows, maintaining public safety, and ensuring compliance with project specifications and agency requirements throughout construction. By combining experienced construction management staff, detailed project coordination, strong documentation practices, and responsive field inspection services, Z&K is committed to supporting OMUC with the safe, efficient, and successful delivery of the UT1097 Western Trunk Sewer Interim Diversion Project.

Scope of Services

Z&K Consultants, Inc. will provide Construction Management and Inspection Services for the UT1097 Western Trunk Sewer Interim Diversion Project during the pre-construction, construction, and post-construction phases of the project. Our team will provide experienced construction management oversight, field inspection services, project coordination, documentation management, contractor coordination, utility coordination, and construction administration support throughout the duration of the project.

Pre-Construction Phase | During the pre-construction phase, Z&K will support OMUC with project startup activities including review of the project plans, specifications, permits, contractor submittals, baseline schedule, traffic control plans, bypass pumping plans, SWPPP documentation, and utility coordination requirements. Our team will participate in pre-construction meetings, coordinate with OMUC staff and utility agencies, review construction sequencing, and assist with identification of potential project constraints and critical coordination items prior to construction activities.

Construction Phase | During construction, Z&K will provide daily construction management and inspection services to support contractor compliance with the approved plans, specifications, permit requirements, and OMUC standards. Services will include daily field inspection, contractor coordination, utility coordination, quantity tracking, schedule monitoring, RFI and submittal review support, testing coordination, traffic control inspection, SWPPP/BMP compliance monitoring, documentation management, and preparation of daily inspection reports and project correspondence.

Particular attention will be given to bypass pumping operations, sewer diversion sequencing, utility conflict coordination, temporary traffic signal modifications, paving restoration activities, and specialized sewer infrastructure components including slide gate structures and ultrasonic flow monitoring systems. Our team will maintain proactive communication with OMUC staff, contractors, utility agencies, and stakeholders throughout all phases of construction.

Post-Construction Phase | During the post-construction phase, Z&K will support project closeout activities including preparation and review of punch list items, verification of final quantities, coordination of final testing and inspections, review of record documentation, and coordination of project closeout documentation. Our team will assist OMUC with final project documentation and support successful project completion and acceptance.

Z&K Construction Management Approach

Z&K's overall construction management approach is centered on proactive communication, responsive field oversight, detailed documentation management, and efficient coordination between OMUC staff, contractors, utility agencies, and stakeholders. Our team will maintain continuous communication throughout construction to proactively identify issues, support efficient decision-making, and minimize impacts to ongoing utility operations and the traveling public.

Z&K will provide comprehensive construction management and inspection services including contractor coordination, utility coordination, schedule monitoring, RFI and submittal tracking, quantity verification, testing coordination, traffic control inspection, SWPPP/BMP compliance monitoring, and preparation of daily inspection reports and project documentation. Our team will maintain organized project records and consistent reporting throughout construction to support effective project administration and timely resolution of field issues.

Particular attention will be given to bypass pumping operations, phased construction sequencing, utility conflict resolution, temporary traffic control implementation, specialty sewer infrastructure installations, and coordination with surrounding roadway and event operations near Ontario Field. Through proactive construction management, experienced inspection oversight, and responsive coordination, Z&K is committed to supporting the safe, efficient, and successful delivery of the UT1097 Western Trunk Sewer Interim Diversion Project.

Project Challenges & Construction Management Approach

Z&K Consultants, Inc. understands the UT1097 Western Trunk Sewer Interim Diversion Project includes several critical construction and coordination challenges requiring proactive construction management, experienced inspection oversight, detailed documentation, and continuous communication between OMUC staff, contractors, utility agencies, and project stakeholders throughout all phases of construction.

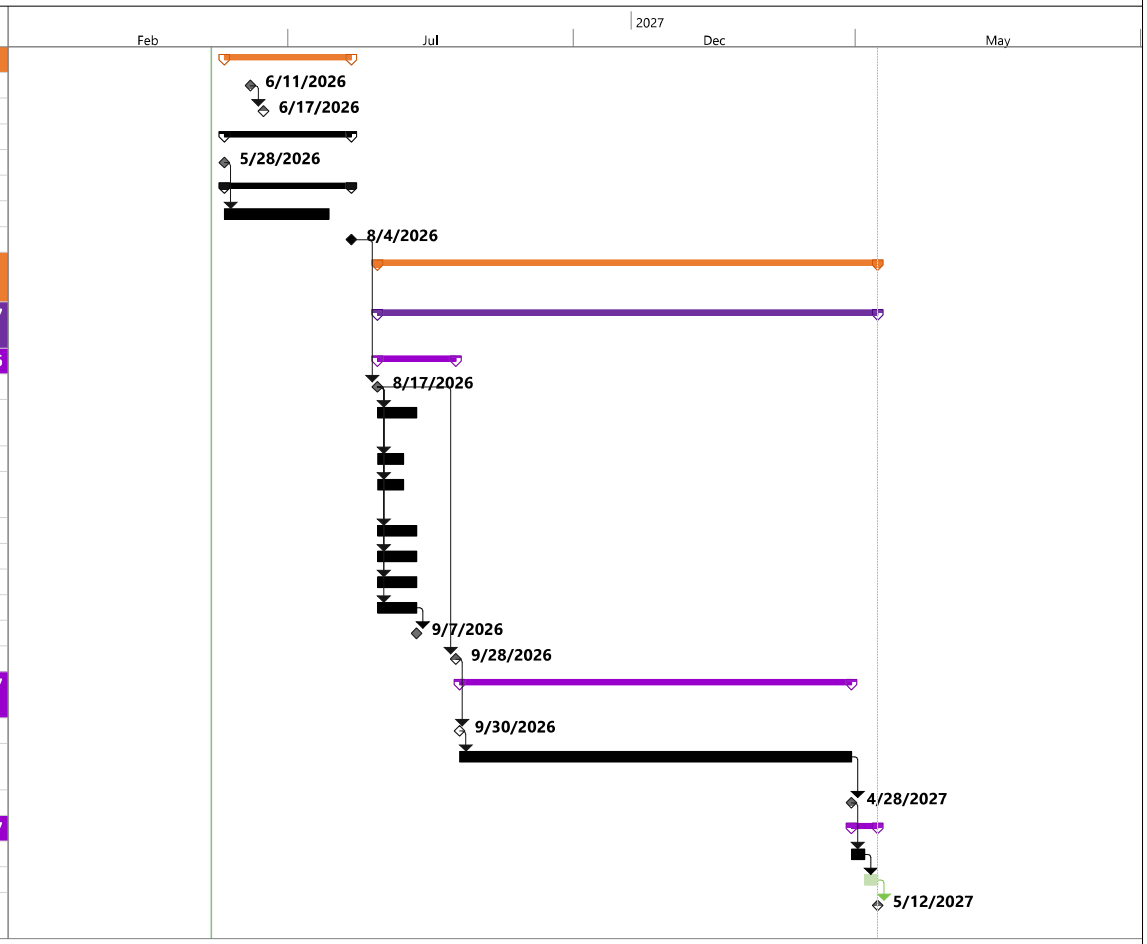
Sewer Bypass Pumping Operations | The project requires complex bypass pumping operations and temporary sewer diversion activities necessary to maintain continuous sewer service throughout construction. Z&K recognizes the importance of closely monitoring bypass pumping operations, emergency response preparedness, backup system implementation, and operational sequencing to minimize risk of sanitary sewer overflows and maintain uninterrupted wastewater operations. Our inspection staff will maintain proactive oversight of bypass pumping setup, testing, operation, and emergency response procedures throughout all diversion activities.

Utility Coordination and Limited Sewer Slope Tolerances | Construction activities along Riverside Drive and Vineyard Avenue involve installation of sewer infrastructure within constrained utility corridors and in close proximity to existing underground facilities, including the existing 120-inch reinforced concrete storm drain. Limited sewer slope tolerances will require accurate grade verification, careful excavation operations, proactive utility coordination, and continuous field inspection oversight to avoid reverse slope conditions and maintain proper sewer system operation throughout construction.

Traffic Control and Public Access Maintenance | The project requires phased traffic control implementation and roadway coordination within heavily traveled public corridors near Riverside Drive, Vineyard Avenue, Chino Avenue, and South Champions Avenue. Construction activities near Ontario Field and adjacent roadway improvements will require coordination with temporary traffic signal modifications, event-related traffic operations, public access maintenance, and surrounding construction activities to minimize impacts to the traveling public and nearby facilities. Z&K understands temporary traffic signal modifications will require experienced coordination and inspection oversight to support compliance with the Temporary Traffic Signal Plans and maintain safe traffic operations throughout construction.

Specialty Sewer Infrastructure Components | The project includes specialty infrastructure elements including slide gate structures, ultrasonic flow monitoring devices, diversion structure modifications, and reconfigured manholes requiring detailed submittal review, specialty equipment coordination, and experienced inspection oversight. Specialty sewer structures and reconfigured manholes will require precise installation tolerances and close coordination between contractors, specialty suppliers, and inspection staff to ensure watertight connections, proper elevations, and operational functionality. Particular attention will also be given to installation and operation of ultrasonic flow monitoring devices to support accurate long-term flow measurement and system performance.

Weather Coordination and Protection of Public Infrastructure | Due to the potential for seasonal rain events and localized flooding within portions of the construction corridor, Z&K will maintain proactive coordination regarding weather conditions, erosion control measures, dewatering activities, and protection of adjacent public infrastructure throughout construction operations. Our team understands the importance of proactive planning and responsive field coordination to minimize impacts associated with adverse weather conditions and maintain safe construction operations.



Anticipated Project Schedule

Z&K understands the UT1097 Western Trunk Sewer Interim Diversion Project is anticipated to be completed within 150 working days and will require careful coordination of phased construction activities, bypass pumping operations, utility coordination, traffic control implementation, specialty sewer infrastructure installations, and paving restoration activities throughout construction. Our team will proactively monitor contractor schedule performance, sequencing updates, utility coordination activities, long lead procurement items, and traffic-sensitive operations near Ontario Field to support efficient project delivery and timely completion of all work activities.

PROFESSIONAL CONSTRUCTION MANAGEMENT & INSPECTION FOR OMUC CONTRACT NO. UT1097 - WESTERN TRUNK SEWER INTERIM DIVERSION PROJECT

4. Fee Proposal
(Limit: 3 Pages)

4. Fee Proposal

May 21, 2026

Luke Zhipeng Qu
Ontario Municipal Utilities Company
1425 S Bon View Ave, Ontario, CA 91761

Subject: Fee Proposal for Construction Management and Inspection Services for OMUC Contract No. UT1097 – Western Trunk Sewer Interim Diversion Project

Dear Mr. Luke Zhipeng Qu,

Z&K Consultants, Inc. is pleased to submit this fee proposal to provide Construction Management and Inspection Services for the City of Ontario's Municipal Utilities Company (OMUC) Western Trunk Sewer Interim Diversion Project.

COST PROPOSAL

Our not-to-exceed total lump sum fee is $270,516.00. Below is a breakdown of the estimated costs and associated tasks. The budget will be reallocated as needed between tasks to ensure project completion.

Z&K Consultants, Inc Hourly Rates:

Senior Construction Manager $166.00
Senior Construction Inspector $148.00
Assistant Construction Manager $138.00

Overtime rates are billed at 1.5x the regular rate and double time rates are 2x the regular rates. Our proposed and fully committed team is fully capable and exceptionally qualified.

Construction Management and Inspection Services for OMUC Contract No. UT1097 – Western Trunk Sewer Interim Diversion Project				
Task/ Classification	**Senior Construction Manager**	**Senior Construction Inspector**	**Assistant Construction Manager**	**Total Cost**
Hourly Rate	$166.00	$148.00	$138.00	
Preconstruction Services	24	24	24	$10,848.00
Construction Services	440	880	330	$248,820.00
Construction Close-Out	24	24	24	$10,848.00
Total Hours	**488**	**928**	**378**	**1,794**
Total Cost	**$81,008.00**	**$137,344.00**	**$52,164.00**	**$270,516.00**

Hours are based on 150 calendar days (approximately 22 weeks). This fee proposal assumes full-time inspection which can be reduced per the City's direction.

We are excited about the opportunity to support the City of Ontario on this important project and are ready to begin coordination immediately upon award. Our team looks forward to partnering with City staff to ensure the successful, safe, and timely completion of the UT1097 Western Trunk Sewer Interim Diversion Project.

Sincerely,

Crystal Fraire

AMENDMENT NO. 3.0 TO THE PROFESSIONAL SERVICES AGREEMENT BETWEEN THE CITY OF ONTARIO AND TWINING, INC.

1. Parties and Date.

This Amendment No. **3.0** to the Agreement (as defined herein) is made and entered as of _____, by and between the City of Ontario ("City") and **Twining, Inc.,** a California Corporation, **"Consultant".** City and **Consultant** are sometimes individually referred to as "Party" and collectively as "Parties."

2. Recitals.

2.1 Agreement. The City and **Consultant** have entered into an agreement entitled "**On-Call Material Testing and Geotechnical Engineering Services**" dated **May 2, 2023** ("Agreement").

2.2 Amendment Purpose. The City and **Consultant** desire to amend this Agreement to increase the compensation by **Forty-Seven Thousand Seven Hundred Ninety-Six Dollars ($47,796)** for a total-not-to-exceed compensation of **Three Hundred Eighty-Six Thousand Six Hundred Thirty-Two Dollars ($386,632)**, include additional project specific proposal to the Exhibit B, and extend the time of performance to **April 30, 2028**. This increase in compensation is for the additional scope of work listed in the attached Consultants' Proposal titled "**Material Testing and Geotechnical Engineering Services for Western Trunk Sewer Interim Diversion Project (OMUC Contract No. UT1097)**" and dated **May 21, 2026**.

The Parties have heretofore entered into that Amendment No. 2 dated March 3, 2026, and Amendment No. 1 dated January 16, 2024.

2.3 Amendment Authority. This Amendment No. **3.0** is authorized pursuant to Sections **3.1.2, 3.2.1, and 3.3.2** of the Agreement.

3. Terms.

3.1 Amendment. Sections **3.1.2 Term, 3.2.1 Compensation, and 3.3.2 Schedule of Services, Exhibit B** of the Agreement are hereby amended in their entirety to read as follows:

3.1.2 Term. The term of this Agreement shall be from **May 2, 2023,** to **April 30, 2028**, unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the Services.

3.2.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in **Exhibit "B"** attached hereto and incorporated herein by reference. The total compensation shall not exceed **Three Hundred Eighty-Six Thousand Six Hundred Thirty-Two Dollars ($386,632)** without written approval of the City Council or City Manager, as applicable. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

Exhibit "B" – SCHEDULE OF SERVICES is hereby amended to add Attachment B which is hereto and incorporated herein by reference. All other previously added or deleted scope of services are retained in their entirety.

3.2 Continuing Effect of Agreement. Except as amended by this Amendment No. **3.0**, all other provisions of the Agreement remain in full force and effect and shall govern the actions of the parties under this Amendment No. **3.0**. From and after the date of this Amendment No. **3.0**, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement as amended by this Amendment No. **3.0**.

3.3 Adequate Consideration. The Parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this Amendment No. **3.0**.

3.4 Severability. If any portion of this Amendment No. **3.0** is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.5 Integration. This Amendment represents the entirety of the Parties' understanding relating to the subject of this Amendment, including written or verbal communications between the Parties, which shall have no relevance unless expressly incorporated herein. This is an integrated amendment.

[SIGNATURES ON FOLLOWING PAGE]

3. PROPOSED METHOD TO ACCOMPLISH WORK

Project Understanding

Twining understands the City of Ontario's Municipal Utilities Company (OMUC) is implementing the Western Trunk Sewer Interim Diversion Project (UT1097) as part of the City's Capital Improvement Program to improve the reliability and capacity of the wastewater collection system, reduce reliance on the Inland Empire Utilities Agency (IEUA) regional system, and support long-term sewer system expansion consistent with the City's sewer master planning efforts.

The project generally consists of the construction of new vitrified clay pipe (VCP) sewer mains, modification of existing sewer diversion structures and manholes, installation of new flow monitoring infrastructure, temporary bypass pumping operations, pavement restoration, traffic control, and associated appurtenant work within the public right-of-way along Vineyard Avenue, Riverside Drive, and the intersection of Chino Avenue and South Champions Avenue.

Twining understands the importance of responsive coordination, timely testing and reporting, and efficient scheduling to support active public infrastructure construction within constrained roadway environments and daytime work restrictions. Based on our understanding of the project requirements, Twining is prepared to provide responsive geotechnical engineering, field observation, materials testing, laboratory testing, mix design review, project coordination, and close-out documentation services in support of the City's quality assurance program and successful project delivery.

Scope of Services

Based on our understanding of the project, we propose providing the following services:

- Task 1 – Preconstruction Support
- Task 2 – Provide Soils Inspection and Testing
- Task 3 - Provide Concrete Inspection and Testing
- Task 4 - Provide Asphalt Pavement Inspection and Testing
- Task 5 - Provide Project Management Services and Final QA Documentation

Task 1 – Preconstruction Supports

Before the project begins, the Project Manager will review submittals and plans to properly prepare the project for technician inspections and laboratory testing. The project manager will also attend any scheduled preconstruction meetings.

Task 2 - Provide Soil Inspection and Testing

An experienced field inspector will be provided to observe and test the compaction of the utility trench backfill and to obtain soil samples for laboratory maximum density testing.

Task 3 - Provide Concrete Inspection and Testing

An experienced concrete inspector will be provided to inspect the concrete reinforcement and concrete pour, conduct QC testing on the fresh concrete, and fabricate concrete cylinders as required for compressive-strength laboratory testing.

Task 4 - Provide Asphalt Construction Inspection and Testing

An experienced asphalt laydown inspector will be provided to observe the hot-mix asphalt (HMA) production and laydown processes. The HMA laydown inspector will observe the compaction temperature rolling pattern, measure the in-place

HMA density and will obtain samples for further laboratory testing. Samples obtained from the plant will be transferred to Twining's laboratory for the following tests per Greenbook standards:

» Lab Compacted Density;
» Hveem Stability; and
» Maximum Theoretical Density

Task 5 - Provide Project Management Services and Final QA Documentation

Twining's project manager will coordinate and manage all field and laboratory testing activities, including scheduling, field and Lab Test Results Review, and Distribution. Test results and daily reports will be sent to the City daily.

Twining's project manager will review all concrete, slurry, and asphalt mix designs.

Upon completion of the project, the final report will be prepared and provided to ensure a smooth closure.

The final report will include a complete, chronological log of all field inspections and test reports for the project.

Twining's Project Manager and all Twining staff will maintain an active, professional relationship with the City's Project Manager and Inspectors, as well as the City's hired Construction Management Consultant and Contractor.

Technical Approach – Geotechnical Engineering Services

Item 1 – Pre-Construction Meeting

» Twining's Project Manager and Project Specific Inspector will attend the pre-construction meeting.

Item 2 – Field Inspections & Testing

» Full-time/as-needed field observation and testing of compacted utility trench backfill.
» Full-time/as-needed field observation and compaction testing during asphalt concrete placement.
» Laboratory testing of soils, aggregate base, slurry, concrete, and asphalt concrete.
» Maintain a complete log of all field inspection and testing reports.
» The consultant will maintain an active and professional relationship with the City's Project Manager and Inspectors, along with the City's hired Construction Management Consultant and Contractor

Item 3 – Review Mix Designs

» Review all concrete/slurry mix designs.
» Review all asphalt concrete mix designs.

Item 4 – Project Punchlist/Close-out Report

» Provide a complete project close-out report. In the appendices section, please provide a complete, chronological log of all field inspections and testing reports for the project.

Item 5 – Any Miscellaneous Testing

» Consultant will add a 10% allowance for the City Project Manager to use for any unknown testing that may occur during the duration of the project.

Technical Approach – Materials Testing and Inspection Services

Twining understands that the Western Trunk Sewer Interim Diversion Project includes construction of new vitrified clay pipe sewer mains, utility trench backfill, diversion structures, bypass pumping operations, and pavement restoration within active public rights-of-way. Twining will provide responsive field observation, materials testing, laboratory testing, and construction support services in accordance with the project specifications, Greenbook requirements, and the City's quality assurance standards.

Services will include field observation and compaction testing of utility trench backfill, observation and testing during asphalt concrete placement, laboratory testing of soils, aggregate base, slurry, concrete, and asphalt concrete, review of concrete and asphalt mix designs, and preparation of complete project close-out documentation. Prior to construction, Twining's project management team will review the approved plans, specifications, and construction schedule to confirm project requirements, anticipated testing frequencies, staffing needs, and coordination procedures.

Field and laboratory personnel will document all inspection and testing activities using Twining's electronic reporting systems, allowing for timely distribution of reports and real-time communication with the project team. Any non-conforming materials or construction activities observed during testing or inspection will be immediately communicated

to the City and appropriate project stakeholders, documented, and tracked through resolution. Twining's experienced field and laboratory personnel, accredited laboratories, and responsive dispatch capabilities allow us to provide timely testing, rapid turnaround of results, and reliable support throughout all phases of construction.

Management Approach

Twining's management approach is centered on responsive communication, proactive coordination, efficient staffing, and timely project delivery. The proposed Project Manager will serve as the City's single point-of-contact and will maintain direct communication with City staff, the construction management team, contractors, inspectors, and laboratory personnel throughout the duration of the project. Prior to construction, Twining's project management team will review the plans, specifications, construction schedule, and anticipated testing requirements to confirm staffing levels, project coordination procedures, reporting protocols, and project expectations.

Twining understands the importance of maintaining construction schedules on active public works infrastructure projects and has the in-house resources and dispatch capabilities necessary to support full-time, as-needed, after-hours, and weekend construction activities. Our project managers work closely with field and laboratory personnel to coordinate staffing assignments, monitor testing frequencies, track project progress, and respond quickly to changing project conditions. Any non-conformance issues identified during field observation or laboratory testing will be immediately communicated to the appropriate parties, documented, and tracked through resolution to support the City's quality assurance program.

Twining utilizes electronic reporting and cloud-based project management systems to streamline communication, reporting, and document control. Field inspectors and technicians utilize mobile reporting software to complete and distribute reports directly from the project site, while laboratory testing data and project documentation are managed through Twining's integrated digital reporting systems. This approach allows the project team to receive timely access to inspection reports, laboratory results, and project records while improving efficiency, transparency, and coordination throughout construction.

Twining also maintains accredited laboratories, experienced laboratory staff, and more than 200 multi-certified inspectors and technical professionals throughout California, allowing us to provide responsive staffing, rapid turnaround times, and reliable project support throughout all phases of the project. Our team is committed to providing accurate testing, clear communication, dependable coordination, and quality-driven service to support the successful delivery of the Western Trunk Sewer Interim Diversion Project.

Anticipated Project Schedule

- Preconstruction Coordination and Review: August 2026
- Construction Duration: 150 Calendar Days
- Field Observation, Testing, and Reporting: Ongoing Throughout Construction
- Final Testing and Project Close-Out Documentation: Upon Completion of Construction Activities

Timeline

Cost Estimate to Perform Material Testing and Inspection Services

City of Ontario - Geo & MT for Western Trunk Sewer Interim Diversion

Prepared by Twining, Inc. Thursday, May 21, 2026

Proposed Scope of Services		
Proposed Service	**Assumed Quantity**	
	Qty	**Unit**
Task 1 - Pre-construction		
Project Manager/SART UP [Preconstruction Supports Including Project Coordination, Project Document Review, Pre-con Meeting, Submittal review, Project & Dispatch Setup]	8	hour
Task 2 - Provide Soil Inspection and Testing		
Field Inspector - Backfill soils, and aggregate base -assumed Twenty Eight 8-hour shifts *(This is based on the assumption that the contractor will likely plan on backfill 100 linear feet of pipe backfilling) Notes Item A*	224	hour
Maximum Density and Optimum Moisture (ASTM 1557) *(Assuming Different Material Types are used for the backfill & and compactions) See Proposal Notes Item A*	4	each
Task 3 - Provide Concrete Inspection and Testing		
Concrete/Reinforced Steel Inspector - assumed ZERO 4-hour shifts. *(This is based on the assumption that inspector will be able to cover both soils and concrete) See Proposal Notes Item A*		
Compressive Strength Test (5 sets of 5 cylinders, about 1 set per placement)	25	each
Standard Sample Pick up	25	each
Task 4 - Provide Asphalt Inspection and Testing		
HMA laydown inspector - Inspect Laydown and Compaction process - assumed Four 8-hour shifts, (This is based on the assumption that the contractor will likely plan on Three separate days for grinding and paving lay-downs over the pipe line)-See Proposal Notes Item A	32	hour
Sand Equivalent (ASTM D2419, CTM 217)	1	each
Extraction: % Bitumen (CTM 382, ASTM D6307) *one test per Mix Design*	1	each
Asphalt Correction Factor *one test per Mix Design*	1	each
Lab Tested Maximum Density: Hveem, 3 briquettes (CTM 304, CTM 308) *one test per Mix Design*	1	each
Hveem Stabilometer Test, Premixed, 3 briquettes (CTM 304, CTM 366) *one test per Mix Design*	1	each
Task 5 - Provide Project Management Services and Final QA Documentation		
Project Manager - Project management/ coordination/Scheduling / Field and Lab Test Results Review and Distributions / Review all concrete/slurry and asphalt concrete mix designs *(Assuming 30 min per day for 95 days managing Tasks 2 to 4 of this proposal, plus 4 Hours for the final Closeout and 4 hours for mix design review).*	16	hour

4. FEE PROPOSAL

Cost Estimate

Cost Estimate to Perform Material Testing and Inspection Services

City of Ontario - Geo & MT for Western Trunk Sewer Interim Diversion

Prepared by Twining, Inc. Thursday, May 21, 2026

Proposed Scope of Services				
Proposed Service	**Assumed Quantity**			
	Qty	**Unit**	**Rate**	**Amount**
Task 1 - Pre-construction				
Project Manager/SART UP [Preconstruction Supports Including Project Coordination, Project Document Review, Pre-con Meeting, Submittal review, Project & Dispatch Setup]	8	hour	$ 210.00	$ 1,680.00
			Subtotal:	**$ 1,680.00**
Task 2 - Provide Soil Inspection and Testing				
Field Inspector - Backfill soils, and aggregate base -assumed Twenty Eight 8-hour shifts *(This is based on the assumption that the contractor will likely plan on blackfill 100 linear feet of pipe backfilling) Notes Item A*	224	hour	$ 129.00	$ 28,896.00
Maximum Density and Optimum Moisture (ASTM 1557) *(Assuming Different Material Types are used for the backfill & and compactions) See Proposal Notes Item A*	4	each	$ 190.00	$ 760.00
			Subtotal:	**$ 29,656.00**
Task 3 - Provide Concrete Inspection and Testing				
Concrete/Reinforced Steel Inspector - assumed ZERO 4-hour shifts. *(This is based on the assumption that inspector will be able to cover both soils and concrete) See Proposal Notes Item A*	0	hour	$ 129.00	$ -
Compressive Strength Test (5 sets of 5 cylinders, about 1 set per placement)	25	each	$ 42.00	$ 1,050.00
Standard Sample Pick up	25	each	$ 30.00	$ 750.00
			Subtotal:	**$ 1,800.00**
Task 4 - Provide Asphalt Inspection and Testing				
HMA laydown inspector - Inspect Laydown and Compaction process - assumed Four 8-hour shifts, *(This is based on the assumption that the contractor will likely plan on Three separate days for grinding and paving lay-downs over the pipe line) -See Proposal Notes Item A*	32	hour	$ 129.00	$ 4,128.00
Sand Equivalent (ASTM D2419, CTM 217)	1	each	$ 128.75	$ 128.75
Extraction: % Bitumen (CTM 382, ASTM D6307) *one test per Mix Design*	1	each	$ 222.00	$ 222.00
Asphalt Correction Factor *one test per Mix Design*	1	each	$ 361.00	$ 361.00
Lab Tested Maximum Density: Hveem, 3 briquettes (CTM 304, CTM 308) *one test per Mix Design*	1	each	$ 222.00	$ 222.00
Hveem Stabilometer Test, Premixed, 3 briquettes (CTM 304, CTM 366) *one test per Mix Design*	1	each	$ 222.00	$ 222.00
			Subtotal:	**$ 5,283.75**
Task 5 - Provide Project Management Services and Final QA Documentation				
Project Manager - Project management/ coordination/Scheduling / Field and Lab Test Results Review and Distributions / Review all concrete/slurry and asphalt concrete mix designs *(Assuming 30 min per day for 95 days managing Tasks 2 to 4 of this proposal, plus 4 Hours for the final Closeout and 4 hours for mix design review).*	16	hour	$ 210.0	$ 3,360.00
Project Administrative Support			4 percent of total	$ 1,838.31
Allowance for unforeseen laboratory and inspection - (*to use for any unknown testing that may occur during the duration of the project.) -See Proposal Notes Item A*			10 percent of total	$ 4,177.98
			Subtotal:	**$ 9,376.28**
TOTAL Estimated Cost - Not to Exceed Prior to Authorization				**$ 47,796.03**

PROPOSAL NOTES:

A)This is a Time & Material fee estimate (not LumpSum), and the final cost will vary according to the actual number of hours based on the future/final Contractor's Schedule, and the actual number of lab tests.

B) Inspection hours are from Portal to Portal. The minimum Charge will be as follow:
2-Hour Minimum: If Inspector arrives at Jobsite, no work to perform/ late cancellation notice.
4-Hour Minimum: 1 to 4 hours of inspection
8-Hour Minimum: Over 4 to 8 hours of inspection

C) The first 8 hours worked, Monday through Friday, between 5:00 a.m. and 5:00 p.m. Any increment past 8 hours through 12 hours, worked Monday through Friday and the first 12 hours on Saturday will be billed on a time-and-one-half rate (1.5). After the first 12 hours worked Monday through Saturday and all day Sunday are billed on a double-time rate (2.0).

D) For all other services not listed in this cost proposal, please refer to the attached Twining Schedule of Fee for service requests and billing purposes.

E) Twining General Terms and Conditions (attached to this proposal) would be an inseparable part of this proposal and our service agreement.

F) Charges for Subcontracted Services (i.e. Welding X-Ray) are at Cost Plus 20%

G) 3% Annual escalation will be applied to all the Unit Rates and Shift Rates on July 1st of each year.

Proposal No. 26-0195
5/21/2026

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Police Department Prepared By: Nicole Alvarez Staff Member Presenting: Rudy Lopez, Chief of Police Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 19

SUBJECT: ACCEPTANCE OF GRANT FROM CALIFORNIA HIGHWAY PATROL FOR THE CANNABIS TAX FUND GRANT PROGRAM FISCAL YEAR 2026-27 IN THE AMOUNT OF $389,811.

RECOMMENDATION: That City Council authorize the City Manager, or his designee, to execute all documents necessary to accept the 12-month grant in the amount of $389,811.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Maintain the Current High Level of Public Safety
Pursue City's Goals and Objectives by Working with Other Governmental Agencies

FISCAL IMPACT: Grants were announced in June 2026 and funds will be used for eligible costs incurred from July 1, 2026– June 30, 2027. These grant funds are reimbursable on a quarterly basis and fund police overtime to conduct DUI saturation patrols, equipment, and training. The grant approved funding is $389,811 and the City is not required to provide matching funds for the grants. The approved amount will be included as revenue (and associated expenditure adjustments) in a subsequent quarterly budget report to City Council.

BACKGROUND & ANALYSIS: The California Highway Patrol (CHP) works closely with state and local agencies and other traffic safety stakeholders to actively address impaired driving. The CHP will consider a variety of factors in determining specific needs for each grant cycle, including opportunities and projects best suited to prevent the loss of life, injuries, and property damage caused by driving under the influence of alcohol and/or drugs.

The purpose of the Cannabis Tax Fund Grant Program (CTFGP) is to provide alternative funding sources to augment, but not supplant, current activities and programs. The CHP will allocate funds for the project categories in accordance with California Code of Regulations (CCR) Sections 1890.05 through 1890.07, as determined by the CHP.

With the passage of Proposition 64, the Control, Regulate, and Tax Adult Use of Marijuana Act (AUMA), California voters mandated the state set aside funding for the California Highway Patrol (CHP) to award grants to local governments and qualified nonprofit organizations, as described in Revenue and Taxation Code Section 34019(f)(3)(B).

The Cannabis Tax Fund Grant Program marks an important step toward reducing impaired driving crashes, increasing public awareness surrounding the dangers of impaired driving, and making California's roadways a safer place to travel.

File No.: 060.17344.17369

Gricelda Perez
Ontario Police Department
2500 South Archibald Avenue
Ontario, CA 91761

Dear Ms. Perez:

On behalf of the California Highway Patrol (CHP), it is my pleasure to inform you, the Ontario Police Department, is conditionally approved for Cannabis Tax Fund Grant Program (CTFGP) funding in the amount of $389,810.50. The purpose of this grant funding is to help your agency reduce and mitigate the impacts of impaired driving in your community.

All grant awards, including any adjustments to requested funding, were made by the Department based on the merits of the Grant Application, scale of operation, and in accordance with the Request for Application (RFA) requirements and associated regulations.

The official Grant Agreement for signature is forthcoming. In order to execute your Grant Agreement, please provide documentation from a local governing body, authorizing your organization to receive this grant funding, to the Cannabis Grants Unit, by email at CGUGrants@chp.ca.gov, as soon as possible. Refer to California Code of Regulations Title 13, Division 2, Chapter 13, Section 1890.13(g) for additional information.

The CHP looks forward to partnering with you and your agency on this project in an effort to make California's roadways a safer place to travel. If you have any questions, please feel free to contact the Cannabis Grants Unit at (916) 843-4360.

Sincerely,

For/

M. W. HEADRICK, Chief
Enforcement and Planning Division

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Human Resources Prepared By: Amanda Elias Department: Prepared By: Amanda Elias Staff Member Presenting: Angela C. Lopez, Executive Director Human Resources Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 20

SUBJECT: **AWARD OF PROFESSIONAL SERVICE AGREEMENTS TO ATKINSON, ANDELSON, LOYA, RUUD & ROMO, BURKE, WILLIAMS & SORENSEN, LLP, AND LIEBERT CASSIDY WHITMORE FOR LEGAL SERVICES, CONSULTING, AND TRAINING**

RECOMMENDATION: That the City authorize the City Manager, or his designee, to execute a three-year Professional Services Agreement with three law firms specializing in human resources legal services, consulting, and training. The combined total for the three Agreements shall not exceed $1,800,000 over the initial three-year term. The City may extend each Agreement for up to two additional one-year terms, with a combined annual not-to-exceed amount of $600,000 for all three firms. The total not-to-exceed contract authority, including all optional extensions, shall be $3,000,000.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Maintain the Current High Level of Public Safety

FISCAL IMPACT: The Fiscal Year 2026-27 Adopted Budget includes appropriations for legal services. If approved, appropriations will be included in future years' budgets for City Council consideration through the budget adoption process. The proposed Agreements establish a combined annual not-to-exceed amount of $600,000 for human resources legal services, to be allocated among the three legal firms as needed. The combined total for the initial three-year term shall not exceed $1,800,000. If the City exercises the two optional one-year extensions, the total not-to-exceed contract authority shall be $3,000,000.

BACKGROUND & ANALYSIS: The City routinely requires specialized legal services in labor relations, employment law, workplace investigations, personnel matters, training, and litigation support. Due to the complexity, volume, and time-sensitive nature of these matters, the Human Resources / Risk Management staff has identified the need to establish multiple Professional Services Agreements to ensure timely access to specialized legal expertise.

On April 13, 2026, the City issued a Request for Proposal (RFP) No. 1990 for human resources legal

services, seeking qualified law firms with expertise in public-sector labor and employment law, training, and related consulting services. Proposals were received from the following firms:

Law Firm	**Location**
Atkinson, Andelson, Loya, Ruud & Romo	Cerritos, CA
Liebert Cassidy Whitmore	Los Angeles, CA
Burke, Williams & Sorenson, LLP	Los Angeles, CA
Aleshire & Wynder, LLP	Irvine, CA

The evaluation criteria included firm qualifications, public sector expertise, proposed staffing, service approach, responsiveness, training capabilities, references, and overall value to the City. Based on the evaluation process, City Staff determined that Atkinson, Andelson, Loya, Ruud & Romo; Liebert Cassidy Whitmore; and Burke, Williams & Sorensen, LLP were the most qualified firms.

Liebert Cassidy Whitmore has provided legal services to the City since 2009, covering labor relations, employee relations support, litigation defense, and ongoing educational resources. Atkinson, Andelson, Loya, Ruud & Romo has been partnering with the City since 2017, supporting public safety operations and handling complex workplace matters. Their primary focus has been related to employment matters for sworn personnel in the Police Department. During their relationship with the City, both firms demonstrated the expertise, responsiveness, and service capabilities necessary to support Human Resources / Risk Management's evolving legal needs.

Burke, Williams & Sorensen, LLP has demonstrated strong expertise in public agency labor and employment law, workplace investigations, litigation support, negotiations, management training, and personnel matters. With their extensive experience in representing California public agencies, they provide the City with an additional legal resource that complements the capabilities of the City’s existing legal service providers.

City Staff recommends entering into Professional Services Agreements with all three firms to efficiently manage workload demands and ensure access to diverse legal expertise. This approach ensures adequate resources to maintain a high level of quality and responsiveness to urgent matters and to support the continuity of legal services, thereby meeting the City’s needs in complex personnel, labor relations, workplace investigations, and public safety-related legal matters.

The proposed Agreements establish a combined annual not-to-exceed amount of $600,000 for human resources legal services, inclusive of related training and consultation, to be allocated among the three firms as needed.

CITY OF ONTARIO
PROFESSIONAL SERVICES AGREEMENT

1. PARTIES AND DATE.

This Agreement is made and entered as of _____, by and between the City of Ontario, a municipal corporation organized under the laws of the State of California with its principal place of business at 303 East "B" Street, Ontario, California 91764-4196, County of San Bernardino, State of California ("City") and **Atkinson, Andelson, Loya, Ruud & Romo**, with its principal place of business at 12800 Center Court Drive, Suite 300, Cerritos, CA 90703 ("Consultant"). City and Consultant are sometimes individually referred to herein as "Party" and collectively as "Parties."

2. RECITALS.

2.1 Consultant.

Consultant desires to perform and assume responsibility for the provision of certain professional services required by the City on the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing consulting, representation, and legal services to public clients, is licensed in the State of California, and is familiar with the plans of the City.

2.2 Project.

City desires to engage Consultant to render such professional services for the **consulting, training, and legal services** project ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 General Scope of Services. Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional consulting and training services necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from **July 1, 2026,** to **June 30, 2029**, unless earlier terminated as provided herein. The City shall have the unilateral option, at its sole discretion, to renew this Agreement automatically for no more than two (2) additional one-year terms. Consultant shall complete the Services within the term of this Agreement and shall meet any other established schedules and deadlines. The Parties may, by mutual written consent, extend the term of this Agreement if necessary to complete the Services.

3.2 Compensation.

3.2.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation shall not exceed **six hundred thousand dollars ($600,000) for the three-year term** without written approval of the City Council or City Manager, as applicable. If the City exercises the two optional one-year extensions, the total not-to-exceed contract authority shall be **$1,000,000 for the five-year term**. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2.2 Payment of Compensation. Consultant shall submit to City a monthly invoice which indicates work completed and hours of Services rendered by Consultant. The invoice shall describe the amount of Services provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the invoice. City shall, within 30 days of receiving such invoice, review the invoice and pay all non-disputed and approved charges. If the City disputes any of Consultant's fees, the City shall give written notice to Consultant within thirty (30) days of receipt of an invoice of any disputed fees set forth therein. Payment shall not constitute acceptance of any Services completed by Consultant. The making of final payment shall not constitute a waiver of any claims by the City for any reason whatsoever.

3.2.3 Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City, or included in Exhibit "C" of this Agreement.

3.2.4 Extra Work. At any time during the term of this Agreement, City may request that Consultant perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization from the City.

3.2.5 Automated Clearing House ("ACH") payments. It is the City's policy to pay its consultant invoices via electronic fund transfers through the ACH network. All payments due and owing pursuant to a properly issued and correct invoice or under this Agreement shall be made through electronic ACH transfers, unless otherwise agreed upon by both Parties in writing. Consultant shall provide the City with ACH payment details whereby the City shall initiate the ACH transfers to Consultant in the amount required pursuant to a properly issued and correct invoice or under this Agreement. Each Party shall undertake any and all required actions and execute any required documents, instruments, or agreements required to effectuate the requirements of this Section. In the event the City erroneously deposits funds into an account, or otherwise deposits funds to which Consultant is not entitled: (1) Consultant shall immediately notify the City and the financial institution; (2) Consultant shall not withdraw any of the funds which were erroneously deposited or to which Consultant is not entitled; and (3) Consultant authorizes both the City and financial institution to take all actions necessary to correct the error and return to the City all funds erroneously deposited or to which Consultant is not entitled.

3.3 Responsibilities of Consultant.

3.3.1 Independent Contractor; Control and Payment of Subordinates. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Any personnel performing the Services on behalf of Consultant shall not be employees of City and shall at all times be under Consultant's exclusive direction and control. Neither City, or any of its officials, officers, directors, employees or agents shall have control over the conduct of Consultant or any of Consultants officers, employees or agents, except as set forth in this Agreement. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Consultant shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.3.2 Schedule of Services. Consultant shall perform the Services in a prompt and timely manner and in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference. Consultant represents that it has the professional and technical personnel required to perform the Services expeditiously. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.3.3 Conformance to Applicable Requirements. All work prepared by Consultant shall be subject to the approval of City.

3.3.4 Substitution of Key Personnel. Consultant has represented to City that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval of City. In the event that City and Consultant cannot agree as to the substitution of key personnel, City shall be entitled to terminate this Agreement for cause. The key personnel for performance of this Agreement are as follows: **John Bakhit, Partner**.

3.3.5 City's Representative. The City hereby designates **Angela C. Lopez, Executive Director, Human Resources / Risk Management**, or his/her designee, to act as its representative in all matters pertaining to the administration and performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for review and approval of all products submitted by Consultant but not the authority to enlarge the Scope of Services or change the total compensation due to Consultant under this Agreement. The City Manager shall be authorized to act on City's behalf and to execute all necessary documents which enlarge the Scope of Services or change the Consultant's total compensation subject to the provisions contained in this Agreement. Consultant shall not accept direction or orders from any person other than the City Manager, City's Representative or his/her designee.

3.3.6 Consultant's Representative. Consultant hereby designates **John Bakhit, Partner**, or his/her designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his/her best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.3.7 Coordination of Services. Consultant agrees to work closely with City staff in the

performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.3.8 Standard of Care; Performance of Employees. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services. Consultant warrants that all employees and subconsultants shall have sufficient skill and experience to perform the Services assigned to them. Consultant represents that it, its employees and subconsultants have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its subconsultants who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.3.9 Period of Performance.

3.3.9.1 Consultant shall perform and complete all Services under this Agreement within the term set forth in Section 3.1.2 above ("Performance Time"). Consultant shall also perform the Services in strict accordance with any completion schedule or Project milestones described in Exhibits "A" or "B" attached hereto, or which may be separately agreed upon in writing by the City and Consultant ("Performance Milestones"). Consultant agrees that if the Services are not completed within the aforementioned Performance Time and/or pursuant to any such Performance Milestones developed pursuant to provisions of this Agreement, it is understood, acknowledged and agreed that the City will suffer damage.

3.3.9.2 Neither City nor Consultant shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Consultant and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the services and Agreement.

3.3.9.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible for the delay, shall not entitle Consultant to any additional compensation. Notwithstanding the foregoing

in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

3.3.10 Laws and Regulations; Employee/Labor Certification.

3.3.10.1 Compliance with Laws. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Consultant shall be liable for all violations of such laws and regulations in connection with the Services and this Agreement. All violations of such laws and regulations shall be grounds for the City to terminate the Agreement for cause.

3.3.10.2 Employment Eligibility; Consultant. Consultant certifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time and shall require all subconsultants and sub-subconsultants to comply with the same. Consultant certifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement.

3.3.10.3 Equal Opportunity Employment. Consultant represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Consultant shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.3.10.4 Air Quality. To the extent applicable, Consultant must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Consultant shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Consultant, its subconsultants, or others for whom Consultant is responsible under its indemnity obligations provided for in this Agreement.

3.3.10.5 Water Quality Management and Compliance. Consultant shall keep itself and all subcontractors, staff, and employees fully informed of and in compliance with all local, state and federal laws, rules and regulations that may impact, or be implicated by the performance of the Services including, without limitation, all applicable provisions of the City's ordinances regulating water quality and storm water; the Federal Water Pollution Control Act (33 U.S.C. § 1251, *et seq.*); the California Porter-Cologne Water Quality Control Act (Water Code § 13000 *et seq.*); and any and all regulations, policies, or permits issued pursuant to any such authority. Consultant must additionally comply with the lawful requirements of the City, and any other municipality, drainage district, or other local agency with jurisdiction over the location where the Services are to be conducted, regulating water quality and storm water discharges. City may seek damages from Consultant for delay in completing the Services caused by Consultant's failure to comply with the laws, regulations and policies described in this Section, or any other relevant water quality law, regulation, or policy.

3.3.10.6 Safety. Consultant shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.3.11 Insurance.

3.3.11.1 Time for Compliance. Consultant shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the City that the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.3.11.2 Types of Insurance Required. As a condition precedent to the effectiveness of this Agreement for work to be performed hereunder, and without limiting the indemnity provisions of the Agreement, the Consultant, in partial performance of its obligations under such Agreement, shall procure and maintain in full force and effect during the term of the Agreement the following policies of insurance. If the existing policies do not meet the insurance requirements set forth herein, Consultant agrees to amend, supplement or endorse the policies to do so.

(A) Commercial General Liability: Commercial General Liability Insurance which affords coverage at least as broad as Insurance Services Office "occurrence" form CG 00 01, or the exact equivalent, with limits of not less than $2,000,000 per occurrence and no less than $4,000,000 in the general aggregate. Defense costs shall be paid in addition to the limits. The policy shall contain no endorsements or provisions (1) limiting coverage for contractual liability; (2) excluding coverage for claims or suits by one insured against another (cross-liability); (3) products/completed operations liability; or (4) containing any other exclusion(s) contrary to the terms or purposes of this Agreement.

(B) Automobile Liability Insurance: Automobile Liability Insurance with coverage at least as broad as Insurance Services Office Form CA 00 01 covering "Any Auto" (Symbol 1), or the exact equivalent, covering bodily injury and property damage for all activities with limits of not less than $2,000,000 combined limit for each occurrence.

(C) Workers' Compensation: Workers' Compensation Insurance, as required by the State of California and Employer's Liability Insurance with a limit of not less than $1,000,000 per accident for bodily injury and disease.

(D) Professional Liability (Errors & Omissions): Professional Liability insurance or Errors & Omissions insurance appropriate to Consultant’s profession with limits of not less than $2,000,000. Covered professional services shall specifically include all work to be performed under the Agreement and delete any exclusions that may potentially affect the work to be performed (for example, any exclusions relating to lead, asbestos, pollution, testing, underground storage tanks, laboratory analysis, soil work, etc.). If coverage is written on a claims-made basis, the retroactive date shall precede the effective date of the initial Agreement and continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least five (5) years from termination or expiration of this Agreement.

(E) If umbrella or excess liability coverage is used to meet any required limit(s) specified herein, the Contractor shall provide a “follow form” endorsement satisfactory to the City indicating that such coverage is subject to the same terms and conditions as the underlying liability policy.

3.3.11.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability: (1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement. Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 and 20 37 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Automobile Liability: (1) Additional Insured: The City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Vendor or for which the Vendor is responsible. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(C) Professional Liability (Errors & Omissions): (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) This insurance shall be written on a policy form coverage specifically designed to protect against acts, errors or omissions of the Consultant. “Covered Professional Services” as designated in the policy must specifically include work performed under this Agreement. The policy must “pay on behalf of” the insured and include a provision establishing the insurer’s duty to defend.

(D) Workers' Compensation: (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) Waiver of Subrogation: A waiver of subrogation stating that the insurer waives all rights of subrogation against the City, its officials, officers, employees, agents, and volunteers.

3.3.11.4 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.3.11.5 Waiver of Subrogation. All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to waiver of subrogation in favor of the City, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.3.11.6 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be approved in writing by the City and shall protect the City, its officials, officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.3.11.7 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Consultant shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.3.11.8 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.3.11.9 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.3.11.10 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.3.11.11 Additional Insurance Provisions

(A) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the City, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(B) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(C) The City may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(D) Neither the City nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

(E) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant's indemnification obligations to the City and shall not preclude the City from taking such other actions available to the City under other provisions of the Agreement or law.

(F) Consultant shall report to the City, in addition to Consultant's insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.3.11.12 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and volunteers as additional insureds to the subconsultant's policies. All policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.

3.4 Labor Code Requirements.

3.4.1 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. City shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Consultant shall therefore comply with such Labor Code sections to the fullest extent required by law. Consultant shall defend, indemnify and hold the City, its officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4.2 Registration/DIR Compliance. If the Services are being performed on a public works project of over $25,000 when the project is for construction, alteration, demolition, installation, or repair work, or a public works project of over $15,000 when the project is for maintenance work, in addition to the foregoing, then pursuant to Labor Code sections 1725.5 and 1771.1, the Consultant and

all subconsultants must be registered with the Department of Industrial Relations ("DIR"). Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants.

3.4.3 Compliance Monitoring. This Project may also be subject to compliance monitoring and enforcement by the DIR. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements, including the submission of payroll records directly to the DIR. Any stop orders issued by the DIR against Consultant or any subconsultant that affect Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the City. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the DIR against Consultant or any subconsultant.

3.4.4 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5 Termination of Agreement.

3.5.1.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause. The rights and remedies of the City provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

3.5.1.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within fifteen (15) days of the request.

3.5.1.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.6 Indemnification.

3.6.1 To the fullest extent permitted by law, Consultant shall defend (with counsel of City's choosing), indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney's fees and other related costs and expenses except such loss or damage caused by the sole negligence or willful misconduct of the City. Consultant's

obligation to indemnify shall survive expiration or termination of this Agreement and shall not be restricted to insurance proceeds, if any, received by Consultant, the City, its officials, officers, employees, agents, or volunteers.

3.6.2 If Consultant's obligation to defend, indemnify, and/or hold harmless arises out of Consultant's performance as a "design professional" (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated herein, Consultant's indemnification obligation shall be limited to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, and, upon Consultant obtaining a final adjudication by a court of competent jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

3.7 General Provisions.

3.7.1 Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.7.2 Independent Contractors and Subcontracting.

3.7.2.1 Use of Consultants. Consultant is aware of statutory and case law regarding classification of workers as independent contractors, including California Labor Code Section 2750.3 and Dynamex Operations West, Inc. v. Superior Court, 4 Cal. 5th 903 (2018). To ensure that Consultant is in compliance with the California Labor Code, Consultant shall only utilize its employees to provide the Services. Consultant may not provide the services through any independent contractor, subcontractor or subconsultant ("Subcontractor(s)") unless approved by the City as set forth in Section 3.7.2.2 below. Consultant represents and warrants that all personnel who perform the Services on Consultant's behalf are Consultant's employees, and that Consultant complies with all applicable laws, rules and regulations governing its employees, including, but not limited to, the California Labor Code, Unemployment Insurance Code and all applicable Industrial Welfare Commission Wage Orders.

3.7.2.2 Prior Approval Required. Consultant shall not use any Subcontractor to provide the Services, or any portion of the work required by this Agreement, without prior written approval of City. In the event that City authorizes Consultant to use a Subcontractor, Consultant shall enter into a written agreement with the Subcontractor, which must include all provisions of the Agreement, including a restriction on the Subcontractor's use of further independent contractors, subcontractors or subconsultants without the City's prior written consent.

3.7.3 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Consultant: Atkinson, Andelson, Loya, Ruud & Romo
3880 Lemon Street, Suite 350
Riverside, CA 92501
ATTN: John Bakhit, Partner (John.Bakhit@aalrr.com)

City: City of Ontario
303 East “B” Street
Ontario, CA 91764
ATTN: Human Resources / Risk Management Agency

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.7.4 Ownership of Materials and Confidentiality.

3.7.4.1 Documents & Data; Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data"). All Documents & Data shall be and remain the property of City, and shall not be used in whole or in substantial part by Consultant on other projects without the City’s express written permission. Within thirty (30) days following the completion, suspension, abandonment or termination of this Agreement, Consultant shall provide to City reproducible copies of all Documents & Data, in a form and amount required by City. City reserves the right to select the method of document reproduction and to establish where the reproduction will be accomplished. The reproduction expense shall be borne by City at the actual cost of duplication. In the event of a dispute regarding the amount of compensation to which the Consultant is entitled under the termination provisions of this Agreement, Consultant shall provide all Documents & Data to City upon payment of the undisputed amount. Consultant shall have no right to retain or fail to provide to City any such documents pending resolution of the dispute. In addition, Consultant shall retain copies of all Documents & Data on file for a minimum of fifteen (15) years following completion of the Project, and shall make copies available to City upon the payment of actual reasonable duplication costs. Before destroying the Documents & Data following this retention period, Consultant shall make a reasonable effort to notify City and provide City with the opportunity to obtain the documents.

3.7.4.2 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.7.4.3 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or another project, provided that any such use not within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City’s sole risk. If City uses or reuses the Documents & Data on any project other than this Project, it shall remove the Consultant’s seal from the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents

and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

3.7.4.4 Indemnification. Consultant shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person or entity in consequence of the use on the Project by City of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.7.4.5 Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant. Such materials shall not, without the prior written consent of City, be used by Consultant for any purposes other than the performance of the Services. Nor shall such materials be disclosed to any person or entity not connected with the performance of the Services or the Project. Nothing furnished to Consultant which is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use City's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

3.7.4.6 Confidential Information. The City shall refrain from releasing Consultant's proprietary information ("Proprietary Information") unless the City's legal counsel determines that the release of the Proprietary Information is required by the California Public Records Act or other applicable state or federal law, or order of a court of competent jurisdiction, in which case the City shall notify Consultant of its intention to release Proprietary Information. Consultant shall have five (5) working days after receipt of the release notice to give City written notice of Consultant's objection to the City's release of Proprietary Information. Consultant shall indemnify, defend and hold harmless the City, and its officers, directors, employees, and agents from and against all liability, loss, cost or expense (including attorney's fees) arising out of a legal action brought to compel the release of Proprietary Information. City shall not release the Proprietary Information after receipt of an objection notice unless either: (1) Consultant fails to fully indemnify, defend (with City's choice of legal counsel), and hold City harmless from any legal action brought to compel such release; and/or (2) a final and non-appealable order by a court of competent jurisdiction requires that City release such information.

3.7.5 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.7.6 Entire Agreement. This Agreement contains the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements.

3.7.7 Attorneys' Fees. If either party commences an action against the other party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing party in such litigation shall be entitled to have and recover from the losing party reasonable attorneys'

fees and all costs of such action.

3.7.8 Governing Law. This Agreement shall be governed by the laws of the State of California. Venue shall be in San Bernardino County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Consultant must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Consultant. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Consultant shall be barred from bringing and maintaining a valid lawsuit against the City.

3.7.9 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.7.10 City's Right to Employ Other Consultants. City reserves right to employ other consultants in connection with this Project.

3.7.11 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.7.12 Assignment or Transfer. Consultant shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the written consent of the City, which may be withheld for any reason. Any attempt to so assign or so transfer without such consent shall be void and without legal effect and shall constitute grounds for termination. Consultant shall not subcontract any portion of the Services required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

3.7.13 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and subconsultants of Consultant, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

3.7.14 Amendment; Modification. No supplement, modification, or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.7.15 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.

3.7.16 No Third-Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.7.17 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.7.18 Prohibited Interests. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Consultant further agrees to file, or shall cause its employees or subconsultants to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.7.19 Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.7.20 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.7.21 Survival. All rights and obligations hereunder that by their nature are to continue after any expiration or termination of this Agreement, including, but not limited to, the indemnification obligations, shall survive any such expiration or termination.

SCOPE OF SERVICES

The Consultant will manage current and future employee and labor relations matters in accordance with the terms of the Agreement, ensuring a comprehensive and practical approach to fulfilling the City's operational needs.

The Consultant will provide, as needed, comprehensive legal services to the City, encompassing the following areas:

Employment and Labor Law Matters

- Provide expert advice on compliance with federal, state, and local employment laws and regulations.
- Offer guidance on employee rights and obligations within the workplace.
- Collective Bargaining
- Assist in the negotiation of collective bargaining agreements with labor unions.
- Develop strategies to negotiate and implement agreements effectively.
- Disciplinary Actions
- Counsel on disciplinary procedures, ensuring adherence to legal standards and best practices.
- Represent the City in disciplinary hearings and related proceedings.
- Administrative Investigations
- Conduct effective, impartial, and thorough administrative investigations on employee complaints, grievances, and misconduct allegations.
- Provide informed recommendations based on the findings of such investigations.
- Public Retirement
- Provide guidance on legal matters concerning public employee retirement systems.
- Address inquiries and concerns related to retirement benefits and obligations.

Claims and Grievances

- Facilitate the management and resolution of employee claims and grievances.
- Assist with the development of policies and procedures aimed at addressing and mitigating disputes effectively.
- Mediations and Arbitrations
- Represent the City during mediation and arbitration processes.
- Assist in achieving resolution between the City and its employees or labor unions.

Consulting on Compensation and Classification

- Provide expert consultation regarding compensation structures and employee classification matters.
- Ensure compliance with applicable laws and best practices related to wage and hour regulations.

Legal Consultation and Training Services

- Provide as-needed legal consultation to address emerging labor relations matters.
- Conduct training sessions for City Staff on relevant employment law, employee performance, and compliance.

Conflict of Interest Management

- Ensure that all services are provided in a manner that avoids conflicts of interest.
- Maintain transparent communication concerning any potential conflicts that may arise.

Areas of Law:

Public Sector Labor Law: Collective bargaining negotiations; arbitration of labor disputes, laws, and regulations governing personnel matters, such as pension reform, family leave, alcohol and drug testing, the Fair Labor Standards Act, OSHA, and the Americans with Disabilities Act; federal transit labor laws and regulations; Department of Industrial Relations procedures; and labor bargaining under the Meyers-Milias Brown Act.

Employment Law/Civil Rights Litigation: Internal employment investigations; grievances and complaints before the Equal Employment Opportunity Commission (EEOC) and the Department of Fair Employment and Housing (DFEH); Disadvantaged Business/Woman Owned Business Enterprise Programs; Americans with Disabilities Act (ADA), Title VII, Title VI and the interplay between the above and worker's compensation, FMLA, FLSA, and similar laws; litigation of these matters, especially Title VII and 42 USC § 1983 claims.

Pension and Benefits Law: Retirement plans; PERS; deferred compensation; health plans and benefits; other post-employment benefits; and federal and state tax laws.

Regulatory Law: Federal and State statutory and regulatory framework, including but not limited to Occupational Health and Safety Administration (OSHA) compliance, California and Federal Labor Codes, and Department of Industrial Relations rules and regulations (including jurisdictional issues).

Public Agency Law: General agency issues, such as Constitutional law, gifts of public funds, Brown Act, California Public Records Act, conflicts of interest, FPPC, and statutory authority.

EXHIBIT "B"
SCHEDULE OF SERVICES

The City will engage the Consultant to render professional services for the City on an as-needed basis as set forth in this Agreement. Upon completion of services, the consultant shall bill the City monthly. The City shall remit payment within thirty (30) days of receipt of an invoice.

Submit invoices to: humanresources@ontarioca.gov

(attached) Fee/Rate Schedule

8. FEE SCHEDULE

Please provide the firm's hourly rates for the scope of Services. The fee proposal should include hourly rates for all personnel involved in "Additional Work," as defined in the sample Agreement for term 2026-2029.

Hourly Rates

Among our public sector clients, AALRR is known for our competitive rates, fair billing practices, and the value received for the cost of legal services provided. Our clients receive exceptional value for the cost of legal services provided. The Firm bills in one-tenth of an hour (6-minute) increments. Actual rates billed depend upon years of experience and areas of expertise.

Please note that these rates will increase by $10 per hour annually on January 1.

Resource	Hourly Rates
Partners, Of Counsel	$385 – $550
Associates	$275 – $350
Paralegals	$205

Individual Hourly Rates

Please see below for a breakdown of individual hourly rates for the proposed team.

Attorney	Hourly Rate
Partner Irma Rodriguez Moisa	$435
Partner John Bakhit	$415
Partner Kevin Dale	$405
Of Counsel Susan Jerich	$375
Senior Associate Abraham Escareno	$350
Associate Brittaney de la Torre	$325

Other Expenses

Additionally, a five percent (5%) administrative fee will be applied to each bill in lieu of charging for telephone costs, incoming and outgoing faxes, photocopies, postage, automobile mileage, parking, document preparation/word processing, and computer-based research (e.g., Westlaw). The Firm bills actual cost for messenger/courier fees, witness/court/jury fees and bonds, deposition and court reporter/transcript fees, and any other external consultant fees. We also bill for travel expenses. However, we do not anticipate significant travel costs for the City.

EXHIBIT "C"
COMPENSATION

The total compensation shall not exceed **six hundred thousand dollars ($600,000)** from **July 1, 2026, to June 30, 2029**. If the City exercises the two optional one-year extensions, the total not-to-exceed contract authority shall be $1,000,000 for the five-year term.

CITY OF ONTARIO
PROFESSIONAL SERVICES AGREEMENT

1. PARTIES AND DATE.

This Agreement is made and entered as of _____, by and between the City of Ontario, a municipal corporation organized under the laws of the State of California with its principal place of business at 303 East "B" Street, Ontario, California 91764-4196, County of San Bernardino, State of California ("City") and **Burke, Williams & SorensEn, LLP**, with its principal place of business at 444 South Flower Street, 40th Floor, Los Angeles, CA 90071 ("Consultant"). City and Consultant are sometimes individually referred to herein as "Party" and collectively as "Parties."

2. RECITALS.

2.1 Consultant.

Consultant desires to perform and assume responsibility for the provision of certain professional services required by the City on the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing consulting, representation, and legal services to public clients, is licensed in the State of California, and is familiar with the plans of the City.

2.2 Project.

City desires to engage Consultant to render such professional services for the **consulting, training, and legal services** project ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 General Scope of Services. Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional consulting and training services necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from **July 1, 2026,** to **June 30, 2029**, unless earlier terminated as provided herein. The City shall have the unilateral option, at its sole discretion, to renew this Agreement automatically for no more than two (2) additional one-year terms. Consultant shall complete the Services within the term of this Agreement and shall meet any other established schedules and deadlines. The Parties may, by mutual written consent, extend the term of this Agreement if necessary to complete the Services.

3.2 Compensation.

3.2.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation shall not exceed **six hundred thousand dollars ($600,000) for the three-year term** without written approval of the City Council or City Manager, as applicable. If the City exercises the two optional one-year extensions, the total not-to-exceed contract authority shall be **$1,000,000 for the five-year term**. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2.2 Payment of Compensation. Consultant shall submit to City a monthly invoice which indicates work completed and hours of Services rendered by Consultant. The invoice shall describe the amount of Services provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the invoice. City shall, within 30 days of receiving such invoice, review the invoice and pay all non-disputed and approved charges. If the City disputes any of Consultant's fees, the City shall give written notice to Consultant within thirty (30) days of receipt of an invoice of any disputed fees set forth therein. Payment shall not constitute acceptance of any Services completed by Consultant. The making of final payment shall not constitute a waiver of any claims by the City for any reason whatsoever.

3.2.3 Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City, or included in Exhibit "C" of this Agreement.

3.2.4 Extra Work. At any time during the term of this Agreement, City may request that Consultant perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization from the City.

3.2.5 Automated Clearing House ("ACH") payments. It is the City's policy to pay its consultant invoices via electronic fund transfers through the ACH network. All payments due and owing pursuant to a properly issued and correct invoice or under this Agreement shall be made through electronic ACH transfers, unless otherwise agreed upon by both Parties in writing. Consultant shall provide the City with ACH payment details whereby the City shall initiate the ACH transfers to Consultant in the amount required pursuant to a properly issued and correct invoice or under this Agreement. Each Party shall undertake any and all required actions and execute any required documents, instruments, or agreements required to effectuate the requirements of this Section. In the event the City erroneously deposits funds into an account, or otherwise deposits funds to which Consultant is not entitled: (1) Consultant shall immediately notify the City and the financial institution; (2) Consultant shall not withdraw any of the funds which were erroneously deposited or to which Consultant is not entitled; and (3) Consultant authorizes both the City and financial institution to take all actions necessary to correct the error and return to the City all funds erroneously deposited or to which Consultant is not entitled.

3.3 Responsibilities of Consultant.

3.3.1 Independent Contractor; Control and Payment of Subordinates. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Any personnel performing the Services on behalf of Consultant shall not be employees of City and shall at all times be under Consultant's exclusive direction and control. Neither City, or any of its officials, officers, directors, employees or agents shall have control over the conduct of Consultant or any of Consultants officers, employees or agents, except as set forth in this Agreement. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Consultant shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.3.2 Schedule of Services. Consultant shall perform the Services in a prompt and timely manner and in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference. Consultant represents that it has the professional and technical personnel required to perform the Services expeditiously. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.3.3 Conformance to Applicable Requirements. All work prepared by Consultant shall be subject to the approval of City.

3.3.4 Substitution of Key Personnel. Consultant has represented to City that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval of City. In the event that City and Consultant cannot agree as to the substitution of key personnel, City shall be entitled to terminate this Agreement for cause. The key personnel for performance of this Agreement are as follows: **Monica Sanchez McQueen, Partner.**

3.3.5 City's Representative. The City hereby designates **Angela C. Lopez, Executive Director, Human Resources / Risk Management**, or his/her designee, to act as its representative in all matters pertaining to the administration and performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for review and approval of all products submitted by Consultant but not the authority to enlarge the Scope of Services or change the total compensation due to Consultant under this Agreement. The City Manager shall be authorized to act on City's behalf and to execute all necessary documents which enlarge the Scope of Services or change the Consultant's total compensation subject to the provisions contained in this Agreement. Consultant shall not accept direction or orders from any person other than the City Manager, City's Representative or his/her designee.

3.3.6 Consultant's Representative. Consultant hereby designates **Monica Sanchez McQueen, Partner.** or his/her designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his/her best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.3.7 Coordination of Services. Consultant agrees to work closely with City staff in the

performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.3.8 Standard of Care; Performance of Employees. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services. Consultant warrants that all employees and subconsultants shall have sufficient skill and experience to perform the Services assigned to them. Consultant represents that it, its employees and subconsultants have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its subconsultants who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.3.9 Period of Performance.

3.3.9.1 Consultant shall perform and complete all Services under this Agreement within the term set forth in Section 3.1.2 above ("Performance Time"). Consultant shall also perform the Services in strict accordance with any completion schedule or Project milestones described in Exhibits "A" or "B" attached hereto, or which may be separately agreed upon in writing by the City and Consultant ("Performance Milestones"). Consultant agrees that if the Services are not completed within the aforementioned Performance Time and/or pursuant to any such Performance Milestones developed pursuant to provisions of this Agreement, it is understood, acknowledged and agreed that the City will suffer damage.

3.3.9.2 Neither City nor Consultant shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Consultant and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the services and Agreement.

3.3.9.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible for the delay, shall not entitle Consultant to any additional compensation. Notwithstanding the foregoing

in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

3.3.10 Laws and Regulations; Employee/Labor Certification.

3.3.10.1 Compliance with Laws. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Consultant shall be liable for all violations of such laws and regulations in connection with the Services and this Agreement. All violations of such laws and regulations shall be grounds for the City to terminate the Agreement for cause.

3.3.10.2 Employment Eligibility; Consultant. Consultant certifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time and shall require all subconsultants and sub-subconsultants to comply with the same. Consultant certifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement.

3.3.10.3 Equal Opportunity Employment. Consultant represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Consultant shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.3.10.4 Air Quality. To the extent applicable, Consultant must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Consultant shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Consultant, its subconsultants, or others for whom Consultant is responsible under its indemnity obligations provided for in this Agreement.

3.3.10.5 Water Quality Management and Compliance. Consultant shall keep itself and all subcontractors, staff, and employees fully informed of and in compliance with all local, state and federal laws, rules and regulations that may impact, or be implicated by the performance of the Services including, without limitation, all applicable provisions of the City's ordinances regulating water quality and storm water; the Federal Water Pollution Control Act (33 U.S.C. § 1251, *et seq.*); the California Porter-Cologne Water Quality Control Act (Water Code § 13000 *et seq.*); and any and all regulations, policies, or permits issued pursuant to any such authority. Consultant must additionally comply with the lawful requirements of the City, and any other municipality, drainage district, or other local agency with jurisdiction over the location where the Services are to be conducted, regulating water quality and storm water discharges. City may seek damages from Consultant for delay in completing the Services caused by Consultant's failure to comply with the laws, regulations and policies described in this Section, or any other relevant water quality law, regulation, or policy.

3.3.10.6 Safety. Consultant shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.3.11 Insurance.

3.3.11.1 Time for Compliance. Consultant shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the City that the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.3.11.2 Types of Insurance Required. As a condition precedent to the effectiveness of this Agreement for work to be performed hereunder, and without limiting the indemnity provisions of the Agreement, the Consultant, in partial performance of its obligations under such Agreement, shall procure and maintain in full force and effect during the term of the Agreement the following policies of insurance. If the existing policies do not meet the insurance requirements set forth herein, Consultant agrees to amend, supplement or endorse the policies to do so.

(A) Commercial General Liability: Commercial General Liability Insurance which affords coverage at least as broad as Insurance Services Office "occurrence" form CG 00 01, or the exact equivalent, with limits of not less than $2,000,000 per occurrence and no less than $4,000,000 in the general aggregate. Defense costs shall be paid in addition to the limits. The policy shall contain no endorsements or provisions (1) limiting coverage for contractual liability; (2) excluding coverage for claims or suits by one insured against another (cross-liability); (3) products/completed operations liability; or (4) containing any other exclusion(s) contrary to the terms or purposes of this Agreement.

(B) Automobile Liability Insurance: Automobile Liability Insurance with coverage at least as broad as Insurance Services Office Form CA 00 01 covering "Any Auto" (Symbol 1), or the exact equivalent, covering bodily injury and property damage for all activities with limits of not less than $2,000,000 combined limit for each occurrence.

(C) Workers' Compensation: Workers' Compensation Insurance, as required by the State of California and Employer's Liability Insurance with a limit of not less than $1,000,000 per accident for bodily injury and disease.

(D) Professional Liability (Errors & Omissions): Professional Liability insurance or Errors & Omissions insurance appropriate to Consultant’s profession with limits of not less than $2,000,000. Covered professional services shall specifically include all work to be performed under the Agreement and delete any exclusions that may potentially affect the work to be performed (for example, any exclusions relating to lead, asbestos, pollution, testing, underground storage tanks, laboratory analysis, soil work, etc.). If coverage is written on a claims-made basis, the retroactive date shall precede the effective date of the initial Agreement and continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least five (5) years from termination or expiration of this Agreement.

(E) If umbrella or excess liability coverage is used to meet any required limit(s) specified herein, the Contractor shall provide a “follow form” endorsement satisfactory to the City indicating that such coverage is subject to the same terms and conditions as the underlying liability policy.

3.3.11.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability: (1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement. Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 and 20 37 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Automobile Liability: (1) Additional Insured: The City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Vendor or for which the Vendor is responsible. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(C) Professional Liability (Errors & Omissions): (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) This insurance shall be written on a policy form coverage specifically designed to protect against acts, errors or omissions of the Consultant. “Covered Professional Services” as designated in the policy must specifically include work performed under this Agreement. The policy must “pay on behalf of” the insured and include a provision establishing the insurer’s duty to defend.

(D) Workers' Compensation: (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) Waiver of Subrogation: A waiver of subrogation stating that the insurer waives all rights of subrogation against the City, its officials, officers, employees, agents, and volunteers.

3.3.11.4 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.3.11.5 Waiver of Subrogation. All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to waiver of subrogation in favor of the City, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.3.11.6 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be approved in writing by the City and shall protect the City, its officials, officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.3.11.7 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Consultant shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.3.11.8 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.3.11.9 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.3.11.10 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.3.11.11 Additional Insurance Provisions

(A) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the City, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(B) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(C) The City may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(D) Neither the City nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

(E) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant's indemnification obligations to the City and shall not preclude the City from taking such other actions available to the City under other provisions of the Agreement or law.

(F) Consultant shall report to the City, in addition to Consultant's insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.3.11.12 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and volunteers as additional insureds to the subconsultant's policies. All policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.

3.4 Labor Code Requirements.

3.4.1 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. City shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Consultant shall therefore comply with such Labor Code sections to the fullest extent required by law. Consultant shall defend, indemnify and hold the City, its officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4.2 Registration/DIR Compliance. If the Services are being performed on a public works project of over $25,000 when the project is for construction, alteration, demolition, installation, or repair work, or a public works project of over $15,000 when the project is for maintenance work, in addition to the foregoing, then pursuant to Labor Code sections 1725.5 and 1771.1, the Consultant and

all subconsultants must be registered with the Department of Industrial Relations ("DIR"). Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants.

3.4.3 Compliance Monitoring. This Project may also be subject to compliance monitoring and enforcement by the DIR. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements, including the submission of payroll records directly to the DIR. Any stop orders issued by the DIR against Consultant or any subconsultant that affect Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the City. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the DIR against Consultant or any subconsultant.

3.4.4 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5 Termination of Agreement.

3.5.1.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause. The rights and remedies of the City provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

3.5.1.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within fifteen (15) days of the request.

3.5.1.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.6 Indemnification.

3.6.1 To the fullest extent permitted by law, Consultant shall defend (with counsel of City's choosing), indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney's fees and other related costs and expenses except such loss or damage caused by the sole negligence or willful misconduct of the City. Consultant's

obligation to indemnify shall survive expiration or termination of this Agreement and shall not be restricted to insurance proceeds, if any, received by Consultant, the City, its officials, officers, employees, agents, or volunteers.

3.6.2 If Consultant's obligation to defend, indemnify, and/or hold harmless arises out of Consultant's performance as a "design professional" (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated herein, Consultant's indemnification obligation shall be limited to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, and, upon Consultant obtaining a final adjudication by a court of competent jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

3.7 General Provisions.

3.7.1 Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.7.2 Independent Contractors and Subcontracting.

3.7.2.1 Use of Consultants. Consultant is aware of statutory and case law regarding classification of workers as independent contractors, including California Labor Code Section 2750.3 and Dynamex Operations West, Inc. v. Superior Court, 4 Cal. 5th 903 (2018). To ensure that Consultant is in compliance with the California Labor Code, Consultant shall only utilize its employees to provide the Services. Consultant may not provide the services through any independent contractor, subcontractor or subconsultant ("Subcontractor(s)") unless approved by the City as set forth in Section 3.7.2.2 below. Consultant represents and warrants that all personnel who perform the Services on Consultant's behalf are Consultant's employees, and that Consultant complies with all applicable laws, rules and regulations governing its employees, including, but not limited to, the California Labor Code, Unemployment Insurance Code and all applicable Industrial Welfare Commission Wage Orders.

3.7.2.2 Prior Approval Required. Consultant shall not use any Subcontractor to provide the Services, or any portion of the work required by this Agreement, without prior written approval of City. In the event that City authorizes Consultant to use a Subcontractor, Consultant shall enter into a written agreement with the Subcontractor, which must include all provisions of the Agreement, including a restriction on the Subcontractor's use of further independent contractors, subcontractors or subconsultants without the City's prior written consent.

3.7.3 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Consultant: Burke, Williams & Sorensen, LLP
444 south Flower Street, 40th Floor
Los Angeles, CA 90071
ATTN: Monica Sanchez McQueen, Partner.

City: City of Ontario
303 East "B" Street
Ontario, CA 91764
ATTN: Human Resources / Risk Management Agency

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.7.4 Ownership of Materials and Confidentiality.

3.7.4.1 Documents & Data; Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data"). All Documents & Data shall be and remain the property of City, and shall not be used in whole or in substantial part by Consultant on other projects without the City's express written permission. Within thirty (30) days following the completion, suspension, abandonment or termination of this Agreement, Consultant shall provide to City reproducible copies of all Documents & Data, in a form and amount required by City. City reserves the right to select the method of document reproduction and to establish where the reproduction will be accomplished. The reproduction expense shall be borne by City at the actual cost of duplication. In the event of a dispute regarding the amount of compensation to which the Consultant is entitled under the termination provisions of this Agreement, Consultant shall provide all Documents & Data to City upon payment of the undisputed amount. Consultant shall have no right to retain or fail to provide to City any such documents pending resolution of the dispute. In addition, Consultant shall retain copies of all Documents & Data on file for a minimum of fifteen (15) years following completion of the Project, and shall make copies available to City upon the payment of actual reasonable duplication costs. Before destroying the Documents & Data following this retention period, Consultant shall make a reasonable effort to notify City and provide City with the opportunity to obtain the documents.

3.7.4.2 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and

warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.7.4.3 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or another project, provided that any such use not within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City's sole risk. If City uses or reuses the Documents & Data on any project other than this Project, it shall remove the Consultant's seal from the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

3.7.4.4 Indemnification. Consultant shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person or entity in consequence of the use on the Project by City of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.7.4.5 Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant. Such materials shall not, without the prior written consent of City, be used by Consultant for any purposes other than the performance of the Services. Nor shall such materials be disclosed to any person or entity not connected with the performance of the Services or the Project. Nothing furnished to Consultant which is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use City's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

3.7.4.6 Confidential Information. The City shall refrain from releasing Consultant's proprietary information ("Proprietary Information") unless the City's legal counsel determines that the release of the Proprietary Information is required by the California Public Records Act or other applicable state or federal law, or order of a court of competent jurisdiction, in which case the City shall notify Consultant of its intention to release Proprietary Information. Consultant shall have five (5) working days after receipt of the release notice to give City written notice of Consultant's objection to the City's release of Proprietary Information. Consultant shall indemnify, defend and hold harmless the City, and its officers, directors, employees, and agents from and against all liability, loss, cost or expense (including attorney's fees) arising out of a legal action brought to compel the release of Proprietary Information. City shall not release the Proprietary Information after receipt of an objection notice unless either: (1) Consultant fails to fully indemnify, defend (with City's choice of legal counsel), and hold City harmless from any legal action brought to compel such release; and/or (2) a final and non-appealable order by a court of competent jurisdiction requires that City release such information.

3.7.5 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or

convenient to attain the purposes of this Agreement.

3.7.6 Entire Agreement. This Agreement contains the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements.

3.7.7 Attorneys' Fees. If either party commences an action against the other party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing party in such litigation shall be entitled to have and recover from the losing party reasonable attorneys' fees and all costs of such action.

3.7.8 Governing Law. This Agreement shall be governed by the laws of the State of California. Venue shall be in San Bernardino County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Consultant must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Consultant. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Consultant shall be barred from bringing and maintaining a valid lawsuit against the City.

3.7.9 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.7.10 City's Right to Employ Other Consultants. City reserves right to employ other consultants in connection with this Project.

3.7.11 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.7.12 Assignment or Transfer. Consultant shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the written consent of the City, which may be withheld for any reason. Any attempt to so assign or so transfer without such consent shall be void and without legal effect and shall constitute grounds for termination. Consultant shall not subcontract any portion of the Services required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

3.7.13 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and subconsultants of Consultant, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

3.7.14 Amendment; Modification. No supplement, modification, or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.7.15 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.

3.7.16 No Third-Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.7.17 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.7.18 Prohibited Interests. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Consultant further agrees to file, or shall cause its employees or subconsultants to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.7.19 Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.7.20 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.7.21 Survival. All rights and obligations hereunder that by their nature are to continue after any expiration or termination of this Agreement, including, but not limited to, the indemnification obligations, shall survive any such expiration or termination.

SCOPE OF SERVICES

The Consultant will manage current and future employee and labor relations matters in accordance with the terms of the Agreement, ensuring a comprehensive and practical approach to fulfilling the City's operational needs.

The Consultant will provide, as needed, comprehensive legal services to the City, encompassing the following areas:

Employment and Labor Law Matters

- Provide expert advice on compliance with federal, state, and local employment laws and regulations.
- Offer guidance on employee rights and obligations within the workplace.
- Collective Bargaining
- Assist in the negotiation of collective bargaining agreements with labor unions.
- Develop strategies to negotiate and implement agreements effectively.
- Disciplinary Actions
- Counsel on disciplinary procedures, ensuring adherence to legal standards and best practices.
- Represent the City in disciplinary hearings and related proceedings.
- Administrative Investigations
- Conduct effective, impartial, and thorough administrative investigations on employee complaints, grievances, and misconduct allegations.
- Provide informed recommendations based on the findings of such investigations.
- Public Retirement
- Provide guidance on legal matters concerning public employee retirement systems.
- Address inquiries and concerns related to retirement benefits and obligations.

Claims and Grievances

- Facilitate the management and resolution of employee claims and grievances.
- Assist with the development of policies and procedures aimed at addressing and mitigating disputes effectively.
- Mediations and Arbitrations
- Represent the City during mediation and arbitration processes.
- Assist in achieving resolution between the City and its employees or labor unions.

Consulting on Compensation and Classification

- Provide expert consultation regarding compensation structures and employee classification matters.
- Ensure compliance with applicable laws and best practices related to wage and hour regulations.

Legal Consultation and Training Services

- Provide as-needed legal consultation to address emerging labor relations matters.
- Conduct training sessions for City Staff on relevant employment law, employee performance, and compliance.

Conflict of Interest Management

- Ensure that all services are provided in a manner that avoids conflicts of interest.
- Maintain transparent communication concerning any potential conflicts that may arise.

Areas of Law:

Public Sector Labor Law: Collective bargaining negotiations; arbitration of labor disputes, laws, and regulations governing personnel matters, such as pension reform, family leave, alcohol and drug testing, the Fair Labor Standards Act, OSHA, and the Americans with Disabilities Act; federal transit labor laws and regulations; Department of Industrial Relations procedures; and labor bargaining under the Meyers-Milias Brown Act.

Employment Law/Civil Rights Litigation: Internal employment investigations; grievances and complaints before the Equal Employment Opportunity Commission (EEOC) and the Department of Fair Employment and Housing (DFEH); Disadvantaged Business/Woman Owned Business Enterprise Programs; Americans with Disabilities Act (ADA), Title VII, Title VI and the interplay between the above and worker's compensation, FMLA, FLSA, and similar laws; litigation of these matters, especially Title VII and 42 USC § 1983 claims.

Pension and Benefits Law: Retirement plans; PERS; deferred compensation; health plans and benefits; other post-employment benefits; and federal and state tax laws.

Regulatory Law: Federal and State statutory and regulatory framework, including but not limited to Occupational Health and Safety Administration (OSHA) compliance, California and Federal Labor Codes, and Department of Industrial Relations rules and regulations (including jurisdictional issues).

Public Agency Law: General agency issues, such as Constitutional law, gifts of public funds, Brown Act, California Public Records Act, conflicts of interest, FPPC, and statutory authority.

EXHIBIT "B"
SCHEDULE OF SERVICES

The City will engage the Consultant to render professional services for the City on an as-needed basis as set forth in this Agreement. Upon completion of services, the consultant shall bill the City monthly. The City shall remit payment within thirty (30) days of receipt of an invoice.

Submit invoices to: humanresources@ontarioca.gov

(attached) Fee/Rate Schedule

8. FEE SCHEDULE

Hourly Rates

Staffing	Hourly Rate
Partners	$375 - $450
Associate Attorneys	$295 - $350
Paralegals	$160

Billing Format and Procedure

Bills are sent out each month invoicing charges for the prior month. Fees for our services are charged in increments of 1/10th of an hour. The bills provide a specific description of the work performed by all attorneys, the time actually spent on the work item, and the billing rate of the attorney. These bills also contain itemized descriptions of any out-of-pocket expenses incurred during the prior month.

Reimbursements

We routinely charge our clients for our direct out-of-pocket expenses and costs incurred in performing the services. We do not charge a service fee or overhead for cost reimbursement items. We also do not charge for computer or word processing time. Reimbursement amounts may be adjusted annually.

Expense	Rate
In-house reproduction charges	
black and white	20¢ per page
color	$1 per page
Mileage	72.5¢ per mile (or current IRS rate)
Facsimile	$1 per page
All other costs reasonably and necessarily incurred in performing services for the City	at cost

Adjustments

The rates for legal services quoted in this proposal will remain in effect for the first year of the contract. Thereafter, unless otherwise negotiated, rates may be adjusted based on a standard annual adjustment upon consultation with the City, equal to the greater of the average Consumer Price Index for the previous four quarters or any across the board salary increase granted to represented management personnel within the City.

EXHIBIT "C"
COMPENSATION

The total compensation shall not exceed **two hundred thousand dollars ($200,000)** from **July 1, 2026, to June 30, 2029**. If the City exercises the two optional one-year extensions, the total not-to-exceed contract authority shall be $1,000,000 for the five-year term.

CITY OF ONTARIO
PROFESSIONAL SERVICES AGREEMENT

1. PARTIES AND DATE.

This Agreement is made and entered as of _____, by and between the City of Ontario, a municipal corporation organized under the laws of the State of California with its principal place of business at 303 East "B" Street, Ontario, California 91764-4196, County of San Bernardino, State of California ("City") and **Liebert Cassidy Whitmore**, a **Corporation**, with its principal place of business at 6033 W. Century Boulevard, Suite 500, Los Angeles, CA 90045 ("Consultant"). City and Consultant are sometimes individually referred to herein as "Party" and collectively as "Parties."

2. RECITALS.

2.1 Consultant.

Consultant desires to perform and assume responsibility for the provision of certain professional services required by the City on the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing consulting, representation, and legal services to public clients, is licensed in the State of California, and is familiar with the plans of the City.

2.2 Project.

City desires to engage Consultant to render such professional services for the **consulting, representational, and legal services pertaining to labor and employee relations matters and to include premium Liebert Library subscription and annual membership to the West Inland Empire Relations Consortium for the City of Ontario** project ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 General Scope of Services. Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional consulting and training services necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable

local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from **July 1, 2026,** to **June 30, 2029**, unless earlier terminated as provided herein. The City shall have the unilateral option, at its sole discretion, to renew this Agreement automatically for no more than two (2) additional one-year terms. Consultant shall complete the Services within the term of this Agreement and shall meet any other established schedules and deadlines. The Parties may, by mutual written consent, extend the term of this Agreement if necessary to complete the Services.

3.2 Compensation.

3.2.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation shall not exceed **six hundred thousand dollars ($600,000) for the three-year term** without written approval of the City Council or City Manager, as applicable. If the City exercises the two optional one-year extensions, the total not-to-exceed contract authority shall be **$1,000,000 for the five-year term**. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2.2 Payment of Compensation. Consultant shall submit to City a monthly invoice which indicates work completed and hours of Services rendered by Consultant. The invoice shall describe the amount of Services provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the invoice. City shall, within 30 days of receiving such invoice, review the invoice and pay all non-disputed and approved charges. If the City disputes any of Consultant's fees, the City shall give written notice to Consultant within thirty (30) days of receipt of an invoice of any disputed fees set forth therein. Payment shall not constitute acceptance of any Services completed by Consultant. The making of final payment shall not constitute a waiver of any claims by the City for any reason whatsoever.

3.2.3 Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City, or included in Exhibit "C" of this Agreement.

3.2.4 Extra Work. At any time during the term of this Agreement, City may request that Consultant perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization from the City.

3.2.5 Automated Clearing House ("ACH") payments. It is the City's policy to pay its consultant invoices via electronic fund transfers through the ACH network. All payments due and owing pursuant to a properly issued and correct invoice or under this Agreement shall be made through electronic ACH transfers, unless otherwise agreed upon by both Parties in writing. Consultant shall provide the City with ACH payment details whereby the City shall initiate the ACH transfers to Consultant in the amount required pursuant to a properly issued and correct invoice or under this Agreement. Each Party shall undertake any and all required actions and execute any required documents, instruments, or agreements required to effectuate the requirements of this Section. In the event the City erroneously deposits funds into an account, or otherwise deposits funds to which Consultant is not entitled: (1) Consultant shall immediately notify the City and the financial institution; (2) Consultant shall not withdraw any of the funds which were erroneously deposited or to which Consultant is not entitled; and (3) Consultant authorizes both the City and financial institution to take all actions necessary to correct the

error and return to the City all funds erroneously deposited or to which Consultant is not entitled.

3.3 Responsibilities of Consultant.

3.3.1 Independent Contractor; Control and Payment of Subordinates. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Any personnel performing the Services on behalf of Consultant shall not be employees of City and shall at all times be under Consultant's exclusive direction and control. Neither City, or any of its officials, officers, directors, employees or agents shall have control over the conduct of Consultant or any of Consultants officers, employees or agents, except as set forth in this Agreement. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Consultant shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.3.2 Schedule of Services. Consultant shall perform the Services in a prompt and timely manner and in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference. Consultant represents that it has the professional and technical personnel required to perform the Services expeditiously. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.3.3 Conformance to Applicable Requirements. All work prepared by Consultant shall be subject to the approval of City.

3.3.4 Substitution of Key Personnel. Consultant has represented to City that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval of City. In the event that City and Consultant cannot agree as to the substitution of key personnel, City shall be entitled to terminate this Agreement for cause. The key personnel for performance of this Agreement are as follows: **Marc Zavala, Accounting & Contacts Specialist**.

3.3.5 City's Representative. The City hereby designates **Angela C. Lopez, Executive Director, Human Resources / Risk Management**, or his/her designee, to act as its representative in all matters pertaining to the administration and performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for review and approval of all products submitted by Consultant but not the authority to enlarge the Scope of Services or change the total compensation due to Consultant under this Agreement. The City Manager shall be authorized to act on City's behalf and to execute all necessary documents which enlarge the Scope of Services or change the Consultant's total compensation subject to the provisions contained in this Agreement. Consultant shall not accept direction or orders from any person other than the City Manager, City's Representative or his/her designee.

3.3.6 Consultant's Representative. Consultant hereby designates **Marc Zavala, Accounting & Contacts Specialist**, or his/her designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his/her best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.3.7 Coordination of Services. Consultant agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.3.8 Standard of Care; Performance of Employees. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services. Consultant warrants that all employees and subconsultants shall have sufficient skill and experience to perform the Services assigned to them. Consultant represents that it, its employees and subconsultants have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its subconsultants who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.3.9 Period of Performance.

3.3.9.1 Consultant shall perform and complete all Services under this Agreement within the term set forth in Section 3.1.2 above ("Performance Time"). Consultant shall also perform the Services in strict accordance with any completion schedule or Project milestones described in Exhibits "A" or "B" attached hereto, or which may be separately agreed upon in writing by the City and Consultant ("Performance Milestones"). Consultant agrees that if the Services are not completed within the aforementioned Performance Time and/or pursuant to any such Performance Milestones developed pursuant to provisions of this Agreement, it is understood, acknowledged and agreed that the City will suffer damage.

3.3.9.2 Neither City nor Consultant shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Consultant and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the services and Agreement.

3.3.9.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible

for the delay, shall not entitle Consultant to any additional compensation. Notwithstanding the foregoing in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

3.3.10 Laws and Regulations; Employee/Labor Certification.

3.3.10.1 Compliance with Laws. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Consultant shall be liable for all violations of such laws and regulations in connection with the Services and this Agreement. All violations of such laws and regulations shall be grounds for the City to terminate the Agreement for cause.

3.3.10.2 Employment Eligibility; Consultant. Consultant certifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time and shall require all subconsultants and sub-subconsultants to comply with the same. Consultant certifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement.

3.3.10.3 Equal Opportunity Employment. Consultant represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Consultant shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.3.10.4 Air Quality. To the extent applicable, Consultant must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Consultant shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Consultant, its subconsultants, or others for whom Consultant is responsible under its indemnity obligations provided for in this Agreement.

3.3.10.5 Water Quality Management and Compliance. Consultant shall keep itself and all subcontractors, staff, and employees fully informed of and in compliance with all local, state and federal laws, rules and regulations that may impact, or be implicated by the performance of the Services including, without limitation, all applicable provisions of the City's ordinances regulating water quality and storm water; the Federal Water Pollution Control Act (33 U.S.C. § 1251, *et seq.*); the California Porter-Cologne Water Quality Control Act (Water Code § 13000 *et seq.*); and any and all regulations, policies, or permits issued pursuant to any such authority. Consultant must additionally comply with the lawful requirements of the City, and any other municipality, drainage district, or other local agency with jurisdiction over the location where the Services are to be conducted, regulating water quality and storm water discharges. City may seek damages from Consultant for delay in completing the Services caused by Consultant's failure to comply with the laws, regulations and policies described in this Section, or any other relevant water quality law, regulation, or policy.

3.3.10.6 Safety. Consultant shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.3.11 Insurance.

3.3.11.1 Time for Compliance. Consultant shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the City that the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.3.11.2 Types of Insurance Required. As a condition precedent to the effectiveness of this Agreement for work to be performed hereunder, and without limiting the indemnity provisions of the Agreement, the Consultant, in partial performance of its obligations under such Agreement, shall procure and maintain in full force and effect during the term of the Agreement the following policies of insurance. If the existing policies do not meet the insurance requirements set forth herein, Consultant agrees to amend, supplement or endorse the policies to do so.

(A) Commercial General Liability: Commercial General Liability Insurance which affords coverage at least as broad as Insurance Services Office "occurrence" form CG 00 01, or the exact equivalent, with limits of not less than $2,000,000 per occurrence and no less than $4,000,000 in the general aggregate. Defense costs shall be paid in addition to the limits. The policy shall contain no endorsements or provisions (1) limiting coverage for contractual liability; (2) excluding coverage for claims or suits by one insured against another (cross-liability); (3) products/completed operations liability; or (4) containing any other exclusion(s) contrary to the terms or purposes of this Agreement.

(B) Automobile Liability Insurance: Automobile Liability Insurance with coverage at least as broad as Insurance Services Office Form CA 00 01 covering "Any Auto" (Symbol 1), or the exact equivalent, covering bodily injury and property damage for all activities with limits of not less than $2,000,000 combined limit for each occurrence.

(C) Workers' Compensation: Workers' Compensation Insurance, as required by the State of California and Employer's Liability Insurance with a limit of not less than $1,000,000 per accident for bodily injury and disease.

(D) Professional Liability (Errors & Omissions): Professional Liability insurance or Errors & Omissions insurance appropriate to Consultant’s profession with limits of not less than $2,000,000. Covered professional services shall specifically include all work to be performed under the Agreement and delete any exclusions that may potentially affect the work to be performed (for example, any exclusions relating to lead, asbestos, pollution, testing, underground storage tanks, laboratory analysis, soil work, etc.). If coverage is written on a claims-made basis, the retroactive date shall precede the effective date of the initial Agreement and continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least five (5) years from termination or expiration of this Agreement.

(E) If umbrella or excess liability coverage is used to meet any required limit(s) specified herein, the Contractor shall provide a “follow form” endorsement satisfactory to the City indicating that such coverage is subject to the same terms and conditions as the underlying liability policy.

3.3.11.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability: (1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement. Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 and 20 37 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Automobile Liability: (1) Additional Insured: The City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Vendor or for which the Vendor is responsible. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(C) Professional Liability (Errors & Omissions): (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) This insurance shall be written on a policy form coverage specifically designed to protect against acts, errors or omissions of the Consultant. “Covered Professional Services” as designated in the policy must specifically include work performed under this Agreement. The policy must “pay on behalf of” the insured and include a provision establishing the insurer’s duty to defend.

(D) Workers' Compensation: (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) Waiver of Subrogation: A waiver of subrogation stating that the insurer waives all rights of subrogation against the City, its officials, officers, employees, agents, and volunteers.

3.3.11.4 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.3.11.5 Waiver of Subrogation. All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to waiver of subrogation in favor of the City, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.3.11.6 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be approved in writing by the City and shall protect the City, its officials, officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.3.11.7 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Consultant shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.3.11.8 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.3.11.9 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.3.11.10 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.3.11.11 Additional Insurance Provisions

(A) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the City, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(B) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(C) The City may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(D) Neither the City nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

(E) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant's indemnification obligations to the City and shall not preclude the City from taking such other actions available to the City under other provisions of the Agreement or law.

(F) Consultant shall report to the City, in addition to Consultant's insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.3.11.12 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and volunteers as additional insureds to the subconsultant's policies. All policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.

3.4 Labor Code Requirements.

3.4.1 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. City shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Consultant shall therefore comply with such Labor Code sections to the fullest extent required by law. Consultant shall defend, indemnify and hold the City, its officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4.2 Registration/DIR Compliance. If the Services are being performed on a public works project of over $25,000 when the project is for construction, alteration, demolition, installation, or repair work, or a public works project of over $15,000 when the project is for maintenance work, in addition to the foregoing, then pursuant to Labor Code sections 1725.5 and 1771.1, the Consultant and

all subconsultants must be registered with the Department of Industrial Relations ("DIR"). Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants.

3.4.3 Compliance Monitoring. This Project may also be subject to compliance monitoring and enforcement by the DIR. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements, including the submission of payroll records directly to the DIR. Any stop orders issued by the DIR against Consultant or any subconsultant that affect Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the City. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the DIR against Consultant or any subconsultant.

3.4.4 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5 Termination of Agreement.

3.5.1.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause. The rights and remedies of the City provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

3.5.1.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within fifteen (15) days of the request.

3.5.1.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.6 Indemnification.

3.6.1 To the fullest extent permitted by law, Consultant shall defend (with counsel of City's choosing), indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney's fees and other related costs and expenses except such loss or damage caused by the sole negligence or willful misconduct of the City. Consultant's

obligation to indemnify shall survive expiration or termination of this Agreement and shall not be restricted to insurance proceeds, if any, received by Consultant, the City, its officials, officers, employees, agents, or volunteers.

3.6.2 If Consultant's obligation to defend, indemnify, and/or hold harmless arises out of Consultant's performance as a "design professional" (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated herein, Consultant's indemnification obligation shall be limited to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, and, upon Consultant obtaining a final adjudication by a court of competent jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

3.7 General Provisions.

3.7.1 Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.7.2 Independent Contractors and Subcontracting.

3.7.2.1 Use of Consultants. Consultant is aware of statutory and case law regarding classification of workers as independent contractors, including California Labor Code Section 2750.3 and Dynamex Operations West, Inc. v. Superior Court, 4 Cal. 5th 903 (2018). To ensure that Consultant is in compliance with the California Labor Code, Consultant shall only utilize its employees to provide the Services. Consultant may not provide the services through any independent contractor, subcontractor or subconsultant ("Subcontractor(s)") unless approved by the City as set forth in Section 3.7.2.2 below. Consultant represents and warrants that all personnel who perform the Services on Consultant's behalf are Consultant's employees, and that Consultant complies with all applicable laws, rules and regulations governing its employees, including, but not limited to, the California Labor Code, Unemployment Insurance Code and all applicable Industrial Welfare Commission Wage Orders.

3.7.2.2 Prior Approval Required. Consultant shall not use any Subcontractor to provide the Services, or any portion of the work required by this Agreement, without prior written approval of City. In the event that City authorizes Consultant to use a Subcontractor, Consultant shall enter into a written agreement with the Subcontractor, which must include all provisions of the Agreement, including a restriction on the Subcontractor's use of further independent contractors, subcontractors or subconsultants without the City's prior written consent.

3.7.3 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Consultant: Liebert Cassidy Whitmore
6033 West Century Bld., Suite 500
Los Angeles, CA 90045
ATTN: Marc Zavala, Accounting & Contacts Specialist

City: City of Ontario
303 East “B” Street
Ontario, CA 91764
ATTN: Human Resources / Risk Management Agency

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.7.4 Ownership of Materials and Confidentiality.

3.7.4.1 Documents & Data; Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data"). All Documents & Data shall be and remain the property of City, and shall not be used in whole or in substantial part by Consultant on other projects without the City’s express written permission. Within thirty (30) days following the completion, suspension, abandonment or termination of this Agreement, Consultant shall provide to City reproducible copies of all Documents & Data, in a form and amount required by City. City reserves the right to select the method of document reproduction and to establish where the reproduction will be accomplished. The reproduction expense shall be borne by City at the actual cost of duplication. In the event of a dispute regarding the amount of compensation to which the Consultant is entitled under the termination provisions of this Agreement, Consultant shall provide all Documents & Data to City upon payment of the undisputed amount. Consultant shall have no right to retain or fail to provide to City any such documents pending resolution of the dispute. In addition, Consultant shall retain copies of all Documents & Data on file for a minimum of fifteen (15) years following completion of the Project, and shall make copies available to City upon the payment of actual reasonable duplication costs. Before destroying the Documents & Data following this retention period, Consultant shall make a reasonable effort to notify City and provide City with the opportunity to obtain the documents.

3.7.4.2 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.7.4.3 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or another project, provided that any such use not within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City’s sole risk. If City uses or reuses the Documents & Data on any project other than this Project, it shall remove the Consultant’s seal from the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be

responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

3.7.4.4 Indemnification. Consultant shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person or entity in consequence of the use on the Project by City of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.7.4.5 Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant. Such materials shall not, without the prior written consent of City, be used by Consultant for any purposes other than the performance of the Services. Nor shall such materials be disclosed to any person or entity not connected with the performance of the Services or the Project. Nothing furnished to Consultant which is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use City's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

3.7.4.6 Confidential Information. The City shall refrain from releasing Consultant's proprietary information ("Proprietary Information") unless the City's legal counsel determines that the release of the Proprietary Information is required by the California Public Records Act or other applicable state or federal law, or order of a court of competent jurisdiction, in which case the City shall notify Consultant of its intention to release Proprietary Information. Consultant shall have five (5) working days after receipt of the release notice to give City written notice of Consultant's objection to the City's release of Proprietary Information. Consultant shall indemnify, defend and hold harmless the City, and its officers, directors, employees, and agents from and against all liability, loss, cost or expense (including attorney's fees) arising out of a legal action brought to compel the release of Proprietary Information. City shall not release the Proprietary Information after receipt of an objection notice unless either: (1) Consultant fails to fully indemnify, defend (with City's choice of legal counsel), and hold City harmless from any legal action brought to compel such release; and/or (2) a final and non-appealable order by a court of competent jurisdiction requires that City release such information.

3.7.5 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.7.6 Entire Agreement. This Agreement contains the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements.

3.7.7 Attorneys' Fees. If either party commences an action against the other party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing party in such litigation shall be entitled to have and recover from the losing party reasonable attorneys' fees and all costs of such action.

3.7.8 Governing Law. This Agreement shall be governed by the laws of the State of California. Venue shall be in San Bernardino County. In addition to any and all contract requirements

pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Consultant must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Consultant. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Consultant shall be barred from bringing and maintaining a valid lawsuit against the City.

3.7.9 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.7.10 City's Right to Employ Other Consultants. City reserves right to employ other consultants in connection with this Project.

3.7.11 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.7.12 Assignment or Transfer. Consultant shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the written consent of the City, which may be withheld for any reason. Any attempt to so assign or so transfer without such consent shall be void and without legal effect and shall constitute grounds for termination. Consultant shall not subcontract any portion of the Services required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

3.7.13 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and subconsultants of Consultant, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

3.7.14 Amendment; Modification. No supplement, modification, or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.7.15 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.

3.7.16 No Third-Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.7.17 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.7.18 Prohibited Interests. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Consultant further agrees to file, or shall cause its employees or subconsultants to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.7.19 Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.7.20 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.7.21 Survival. All rights and obligations hereunder that by their nature are to continue after any expiration or termination of this Agreement, including, but not limited to, the indemnification obligations, shall survive any such expiration or termination.

SCOPE OF SERVICES

The Consultant will manage current and future employee and labor relations matters in accordance with the terms of the Agreement, ensuring a comprehensive and practical approach to fulfilling the City's operational needs.

The Consultant will provide, as needed, comprehensive legal services to the City, encompassing the following areas:

Employment and Labor Law Matters

- Provide expert advice on compliance with federal, state, and local employment laws and regulations.
- Offer guidance on employee rights and obligations within the workplace.
- Collective Bargaining
- Assist in the negotiation of collective bargaining agreements with labor unions.
- Develop strategies to negotiate and implement agreements effectively.
- Disciplinary Actions
- Counsel on disciplinary procedures, ensuring adherence to legal standards and best practices.
- Represent the City in disciplinary hearings and related proceedings.
- Administrative Investigations
- Conduct effective, impartial, and thorough administrative investigations on employee complaints, grievances, and misconduct allegations.
- Provide informed recommendations based on the findings of such investigations.
- Public Retirement
- Provide guidance on legal matters concerning public employee retirement systems.
- Address inquiries and concerns related to retirement benefits and obligations.

Claims and Grievances

- Facilitate the management and resolution of employee claims and grievances.
- Assist with the development of policies and procedures aimed at addressing and mitigating disputes effectively.
- Mediations and Arbitrations
- Represent the City during mediation and arbitration processes.
- Assist in achieving resolution between the City and its employees or labor unions.

Consulting on Compensation and Classification

- Provide expert consultation regarding compensation structures and employee classification matters.
- Ensure compliance with applicable laws and best practices related to wage and hour regulations.

Legal Consultation and Training Services

- Provide as-needed legal consultation to address emerging labor relations matters.
- Conduct training sessions for City Staff on relevant employment law, employee performance, and compliance.

Conflict of Interest Management

- Ensure that all services are provided in a manner that avoids conflicts of interest.
- Maintain transparent communication concerning any potential conflicts that may arise.

Areas of Law:

Public Sector Labor Law: Collective bargaining negotiations; arbitration of labor disputes, laws, and regulations governing personnel matters, such as pension reform, family leave, alcohol and drug testing, the Fair Labor Standards Act, OSHA, and the Americans with Disabilities Act; federal transit labor laws and regulations; Department of Industrial Relations procedures; and labor bargaining under the Meyers-Milias Brown Act.

Employment Law/Civil Rights Litigation: Internal employment investigations; grievances and complaints before the Equal Employment Opportunity Commission (EEOC) and the Department of Fair Employment and Housing (DFEH); Disadvantaged Business/Woman Owned Business Enterprise Programs; Americans with Disabilities Act (ADA), Title VII, Title VI and the interplay between the above and worker's compensation, FMLA, FLSA, and similar laws; litigation of these matters, especially Title VII and 42 USC § 1983 claims.

Pension and Benefits Law: Retirement plans; PERS; deferred compensation; health plans and benefits; other post-employment benefits; and federal and state tax laws.

Regulatory Law: Federal and State statutory and regulatory framework, including but not limited to Occupational Health and Safety Administration (OSHA) compliance, California and Federal Labor Codes, and Department of Industrial Relations rules and regulations (including jurisdictional issues).

Public Agency Law: General agency issues, such as Constitutional law, gifts of public funds, Brown Act, California Public Records Act, conflicts of interest, FPPC, and statutory authority

EXHIBIT "B"
SCHEDULE OF SERVICES

The City will engage the Consultant to render professional services for the City on an as-needed basis as set forth in this Agreement. Upon completion of services, the consultant shall bill the City monthly. The City shall remit payment within thirty (30) days of receipt of an invoice.

Submit invoices to: humanresources@ontarioca.gov

COMPENSATION

The total compensation shall not exceed **six hundred thousand dollars ($600,000)** from **July 1, 2026, to June 30, 2029**. If the City exercises the two optional one-year extensions, the total not-to-exceed contract authority shall be $1,000,000 for the five-year term.

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Fire Department Prepared By: Sagar Patel Staff Member Presenting: Mike Gerken, Fire Chief Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 21

SUBJECT: ADOPTION OF AN ORDINANCE AMENDING SECTION 4-21.05 (A) ADMINISTRATIVE FINES, OF THE ONTARIO MUNICIPAL CODE PERTAINING TO MANAGING THE CITY'S RESPONSE TO FIREWORKS FEES AND FINES

RECOMMENDATION: That the City Council adopt an ordinance amending Section 4-21.05(a) Administrative Fines of the Ontario Municipal code relating to fines for illegal use of fireworks, pyrotechnic devices, explosives, destructive devices or their components and establishing the amount of the fees and fines set forth in this section shall be specified in the City Fee Schedule, which may only be revised by a duly-adopted resolution of the City Council.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Maintain the Current High Level of Public Safety
Operate in a Businesslike Manner

FISCAL IMPACT: This recommended action amends the fee structure from Section 4-21.5(a) of the Ontario Municipal Code and provides for the revenue fee structure to be included in the City Fee Schedule that will be presented to City Council in separate actions for consideration approved by Resolution.

BACKGROUND & ANALYSIS: The Ontario City Council is committed to safeguarding the health, safety, and welfare of its residents and maintaining a high quality of life throughout the community. As such, it is the City's priority to protect its residents from activities such as the use of illegal fireworks.

Illegal fireworks pose a significant threat to public safety and community well-being. Their use increases the risk of residential, commercial, and vegetation fires. Fireworks-related incidents can result in serious injuries, property damage, and disruptions to critical infrastructure. Additionally, the illegal use of fireworks places increased demands on fire, law enforcement, and emergency medical personnel, requiring the diversion of resources from other emergency incidents and public safety priorities.

Beyond the immediate safety concerns, illegal fireworks negatively impact the quality of life for residents by generating excessive noise, disturbing families, seniors, and individuals with medical

conditions, and triggering stress and anxiety for veterans and others affected by post-traumatic stress disorder (PTSD). Fireworks also contribute to environmental pollution through smoke, litter, and chemical residue, while causing distress to pets and wildlife. Collectively, these impacts create substantial financial and operational costs for the community and underscore the importance of continued enforcement, public education, and prevention efforts.

In an effort to deter the use of illegal fireworks, on Tuesday June 23, 2026, City Council directed Staff to create an escalating fee structure of $1,000 for a first citation, $2,000 for a second citation, and $3,000 for a third citation and to be specified in the City Fee Schedule, which may only be revised by a duly-adopted resolution of the City Council.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AMENDING THE ADMINISTRATIVE FINES AS ESTABLISHED IN CHAPTER 21, TITLE 4, SUBSECTION (A) OF THE ONTARIO MUNICIPAL CODE THAT PROHIBIT THE POSSESSION, USE, STORAGE OR MANUFACTURE OF FIREWORKS, PYROTECHNIC DEVICES, EXPLOSIVES, DESTRUCTIVE DEVICES OR THEIR COMPONENTS AND ESTABLISHING ADMINISTRATIVE FINES FOR VIOLATIONS THEREOF.

WHEREAS, hundreds of fires cause property destruction in California each year by the private use of all types of fireworks; and

WHEREAS, the City of Ontario faces an increasing incidence of the use of all types of fireworks, both on public and private property; and

WHEREAS, the City of Ontario and the County of San Bernardino have experienced serious injuries and property destruction by all types of fireworks; and

WHEREAS, thousands of pounds of illegal or dangerous fireworks flow into the City of Ontario and San Bernardino County from neighboring jurisdictions; and

WHEREAS, it costs the taxpayers in the City of Ontario thousands of dollars for response, investigation, and disposal of illegal or dangerous fireworks and explosives; and

WHEREAS, illegal and dangerous fireworks, especially "safe and sane" class fireworks, are being used to construct dangerous improvised explosive devices (IED's); and

WHEREAS, the possession, use, transport and discharge of illegal or dangerous fireworks and explosives creates a burden and threat upon the lives and property of the citizens of Ontario, as well as those visiting and traveling through the City of Ontario; and

WHEREAS, the use of illegal fireworks continue to be a significant public safety concern due to the risks of injury, property damage, and risk of fire; and

WHEREAS, Government Code section 53069.4 authorizes the City of Ontario to make any violation of any ordinance enacted by the City subject to an administrative fine or penalty.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, DOES ORDAIN AS FOLLOWS:

SECTION 1. REGARDING 4-21.05 Administrative Fines Subsection (a) shall be amended to read as follow:

"The amount of the fees and fines set forth in this section shall be specified in the City Fee Schedule, which may only be revised by a duly-adopted resolution of the City Council."

SECTION 2. The Mayor shall sign this Ordinance, and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within fifteen (15) days of the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

PASSED, APPROVED, AND ADOPTED this 21st day of July 2026.

CITY OF ONTARIO *Agenda Report* **July 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Human Resources Prepared By: Reed Sigler Department: Prepared By: Reed Sigler Staff Member Presenting: Angela C. Lopez, Executive Director Human Resources Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 22

SUBJECT:

APPROVAL OF ONE-YEAR MEMORANDUMS OF UNDERSTANDING BETWEEN THE CITY OF ONTARIO AND THE AMERICAN FEDERATION OF STATE, COUNTY AND MUNICIPAL EMPLOYEES LOCAL 3061; ASSOCIATION OF ONTARIO MANAGEMENT EMPLOYEES; AND AMENDMENTS TO THE COMPENSATION AND BENEFITS PROFILES FOR CONFIDENTIAL / SPECIALIZED CONFIDENTIAL / CONFIDENTIAL MANAGEMENT EMPLOYEES, DEPARTMENT HEAD EMPLOYEES, AND EXECUTIVE MANAGEMENT EMPLOYEES; AND AUTHORIZATION FOR THE CITY MANAGER TO MAKE NON-SUBSTANTIVE CHANGES WHICH MAY BE NECESSARY FOR IMPLEMENTATION.

RECOMMENDATION: That the City Council approve and authorize the City Manager to complete the following:

A. Approve a one-year Memorandum of Understanding (MOU) regarding wages, hours, and other terms and conditions of employment with American Federation of State, County, and Municipal Employees Local 3061 (AFSCME) for the term of July 1, 2026, through June 30, 2027;
B. Approve a one-year MOU regarding wages, hours, and other terms and conditions of employment with the Association of Ontario Management Employees (AOME) for the term of July 1, 2026, through June 30, 2027;
C. Approve amendments to the Compensation and Benefits Profiles for Confidential / Specialized Confidential / Confidential Employees; Department Head Employees; and Executive Management Employees effective July 1, 2026;
D. Modify Paid Parental Leave to Paid Family Care Leave and expand its use to include reproductive loss and bereavement; and
E. Authorize the City Manager to make non-substantive revisions that may be necessary to implement the MOUs and Compensation and Benefits Profiles.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner

FISCAL IMPACT: The estimated additional annual cost of the proposed compensation changes across all funds during Fiscal Year 2026-27 is $2,673,678. The estimated General Fund portion is $1,021,743. If approved, additional appropriations of approximately $416,000 will be included at a future quarterly budget update in various non-General funds to City Council for items not included in the FY 2026-27 Adopted Budget.

BACKGROUND & ANALYSIS:

Pursuant to the Meyers-Milias-Brown Act, the City has met and conferred in good faith with AFSCME and AOME regarding wages, benefits, and working conditions to develop successor one-year MOUs for the period of July 1, 2026, through June 30, 2027, replacing the agreements that expired on June 30, 2026. The meet-and-confer process included total compensation surveys for benchmark classifications using each bargaining group's market survey as one component of the City's ongoing efforts to remain competitive in the labor market and support its goal of being an Employer of Choice. Each agreement includes a 2% general salary increase effective July 12, 2026, together with the following group-specific salary, benefit, and operational provisions:

AFSCME: Salary range adjustments for four classifications to support market alignment; increases to daily standby compensation and weekend and holiday standby premium pay, and technical and administrative revisions that do not result in additional fiscal impact.

AOME: Salary range adjustments for nine classifications, increases to available management leave hours, an increase to the City's deferred compensation contribution, and technical and administrative revisions that do not result in additional fiscal impact.

For unrepresented employee groups, the Compensation and Benefits Profile for each group describes the compensation, benefits, and other relevant employment provisions approved by the City Council for ongoing application.

Confidential / Specialized Confidential / Confidential Management: A 2% general salary increase, effective July 12, 2026, for all classifications in these employee groups. The amendments also include salary range adjustments for 17 classifications; increases to available management leave hours for the Specialized Confidential and Confidential Management groups, an increase to the City's deferred compensation contribution for the Confidential Management group, an increase to the maximum annual tuition reimbursement benefit; and technical and administrative revisions that do not result in additional fiscal impact.

Department Heads / Executive Management: No salary range adjustments are recommended for Department Head or Executive Management employees. The amendments include enhancements to management leave and tuition reimbursement; as well as technical and administrative revisions that do not result in additional fiscal impact.

Collectively, the proposed Memorandums of Understanding and amendments to the Compensation and Benefits Profiles reflect the City’s commitment to balancing the City's competitive compensation philosophy with fiscal responsibility. These recommendations represent fair and equitable compensation and benefit enhancements while supporting the City's continued ability to

attract, retain, and develop a highly qualified workforce committed to serving the community.

Article I. ADMINISTRATION

Section 1.01 Introduction

The Executive Management Compensation and Benefit Profile is a summary of benefits and compensation practices adopted by the City Council over several years to be applied on an ongoing basis. The provisions of this document apply to all employees appointed to Executive Management positions (hereinafter known as employee); and all elected officials to the extent the provisions are not in conflict with governing statutes.

This document sets forth policies and procedures to follow in implementing and administering this Executive Management Compensation and Benefits program. The various sections and provisions of the Government Code, Municipal Code, Personnel Rules and Regulations, and the "Employment Policies" in the City's Online Policy Center in effect and applicable to the above-mentioned positions will remain in effect unless expressly superseded by provisions within this document.

The terms and conditions of employment for the City Manager and other Executive Management employees may also be addressed in individual employment contracts. Such contracts are considered to be supplemental to this document to address terms and conditions of employment that may not be addressed in this document. However, if an individual's employment agreement is in conflict with this document, then the provisions of the agreement will supersede the provisions of this document.

Employees in Executive Management positions are considered to serve at the will and pleasure of the City Manager. The appointment of a person to a position in the Executive Management Group will not require the establishment of an eligibility list. Appointment and termination actions relating to the Police Chief and Fire Chief positions are subject to confirmation by the City Council.

Section 1.02 Purpose

Persons employed in Executive Management positions are not represented by an employee organization.

This Executive Management Compensation and Benefits Profile is intended as a comprehensive document to define and describe the forms and amounts of compensation and benefits for Executive Management employees and elected officials. This comprehensive document is intended to reflect all City Council actions in effect relating to the Executive Management Compensation Program.

The various forms of compensation and benefits described in this comprehensive document recognize that employees in Executive Management positions should be compensated appropriately for exhibiting accountability, cost effectiveness, application of new technologies and maximizing the utilization of human, physical and fiscal resources; for exerting leadership to enhance the mission and future of the City; and for stimulating the development of people and methods which will facilitate the meeting of program goals and objectives.

Section 1.03 Objectives of the Plan Relative to Executive Management

A. Recruit and retain expert and resourceful Executive Managers and enhance their management capabilities in areas such as leadership and accountability.

B. Facilitate and enhance the effectiveness and productive efforts of Executive Managers through evaluations of performance and the recognition of merit in determining compensation.

C. Enable the City Manager, who is in the best position to judge merit and value to the City of an Executive Management employee's performance, to appropriately compensate Executive Management employees in recognition of such value.

Article II. COMPENSATION

Section 2.01 Pay Plan and Benefit Review

Salary and benefit levels will be reviewed on a periodic basis. Such review will contain comparisons with other similar agencies within the appropriate job market. Such comparisons will be utilized to recommend competitive salary and benefit levels for Executive Management positions. Salary and benefit levels for individual positions may be adjusted from time-to-time, with the approval of the City Council (or City Manager, if appointed as its designee).

Section 2.02 Compensation Adjustment

A. Compensation and benefit levels for positions in this group may be modified from time to time by the City Council by amendment to this document, or by the City Manager as authorized by the City Council.

B. The City has adopted a compensation grade table for Executive Management classifications. Each classification is associated with a specific compensation grade as identified in Appendix A.

C. The City Manager shall assign each Executive Management classification, excluding the City Manager classification, to a compensation grade consistent with Section 2.01. Salary compensation for the City Manager classification shall be determined by the City Council.

D. The City Manager is responsible for determining each individual employee's salary rate within the assigned salary range. Such determination will be based on job performance and/or other competitive and economic factors.

E. The Ontario Municipal Code provides that the City Council determine the City Manager's salary compensation range by resolution. Consistent with California Government Code Section 36506, the City Council shall also determine the compensation range of appointive officers, including the Police Chief and Fire Chief.

F. Salary compensation for elected officials of the City is determined in accordance with Ontario Municipal Code provisions and State law. Elected officials may also receive

DRAFT

compensation for attendance at meetings of the Ontario Housing Authority and other applicable boards as authorized. Such compensation is determined by the City Council by resolution or ordinance and may be reviewed on a periodic basis.

G. The compensation ranges adopted on July 13, 2025, will remain in effect.

Section 2.03 Management Incentive Pay

Public Safety Executive Management classifications, Police Chief and Fire Chief, shall receive Management Incentive Pay at the rate of five (5) hours per pay period, for a total of one hundred and thirty hours (130) per calendar year in recognition of their full-time duties performed during normal working hours that pertain to the unique nature of their job. Such hours shall not be used as time off and shall be paid as salary compensation at the employee's base rate of pay.

Section 2.04 Pay For Performance Bonus

Employees in the Executive Management Group shall be eligible for Pay for Performance Bonus designed, as part of the annual evaluation process, to reward either singular achievement during the course of the evaluation year or superlative overall achievement. Examples include but are not limited to the completion of a major assigned project on time or under budget; enabling significant cost savings to the City; or making significant improvements to the efficiency of established practices.

Employees whose base salary compensation is below the maximum of their classification's assigned compensation range will be eligible for a combination of a merit increase (up to the range's maximum) and one-time non-PERSable bonuses that do not exceed an amount that is five (5) percent above the annual maximum base compensation for their classification. Employees whose base salary compensation is at the maximum of their classification's assigned compensation range will be eligible for one-time non-PERSable bonuses that do not exceed an amount that is five (5) percent above the annual maximum base compensation for their classification. Additionally, a one-time non-PERSable bonus, from one (1) to five (5) percent can be awarded in lieu of a merit increase.

Any bonus granted under this program is at the sole discretion of the City Manager. Any bonus awarded under this program is one-time and is not considered part of base salary, nor is there any intention that any bonus serve as the basis for any future compensation.

Article III. BENEFITS

Section 3.01 Health Insurance Contribution

Active and retired employees and elected officials are eligible to participate in the City health insurance program. The City contributes up to a maximum of $563 per month toward health insurance premiums for active and retired employees and elected officials. This amount is inclusive of the minimum statutory employer contribution under the Public Employees' Medical and Hospital Care Act (PEMHCA) for active employees, retired employees, and elected officials who choose to enroll in the City's medical plan. The contribution rate is provided to cover actual premium costs based upon the enrollment of the employee or elected official and eligible dependents.

Retirees from the position of Fire Chief hired into a regular position prior to July 1, 2012, shall receive a reimbursement from the City that will provide the same amount of retiree medical contributions as for retirees from the Fire Management Group hired prior to July 1, 2012.

Retirees from the position of Police Chief hired into a regular position prior to July 1, 2012, shall receive a reimbursement from the City that will provide the same amount of retiree medical contribution as for retirees from the Police Management Group hired prior to July 1, 2012.

Section 3.02 City Contributions to Cafeteria Plan Benefits

A. The City will maintain an IRS Code Section 125 qualifying Cafeteria Plan to allow employees and elected officials to pay for pre-tax medical, dental and vision benefits.

B. The active Fire Chief shall receive the same contribution toward medical insurance premiums as active employees in the Fire Management Group, but not less than the amount provided to other Executive Group employees.

C. The active Police Chief shall receive the same contribution toward medical insurance premiums as active employees in the Police Management Group, but not less than the amount provided to other Executive Group employees.

D. Employees or elected officials must enroll in a City offered medical insurance plan unless the employee or elected official satisfies the conditions of the eligible opt-out arrangement. If an employee elects to opt out of coverage offered by the City, the employee must provide proof of "minimum essential coverage" (as defined by the Affordable Care Act) through another source (other than coverage in the individual market, whether or not obtained through Covered California) per Section 3.02 (I).

E. **City Contributions:** Active employees and elected officials enrolled in medical coverage will receive a Cafeteria Plan Contribution of $1,300 per month, inclusive of the Health Insurance Contribution set forth in Section 3.01. Only those eligible employees enrolled with a monthly City contribution of less than $1,300 per month may take the remainder of the City's contribution as cash. For elected officials, any unapplied amounts will be directed to the deferred compensation 401(a) plan.

F. Beginning, January 1, 2018, for eligible employees and elected officials who enroll in coverage, the monthly City Contribution, inclusive of the Health Insurance Contribution set forth in Section 3.01, shall be equal to the corresponding Kaiser plan premium for the region in which the employee or elected official is enrolled and as reflected on the CalPERS monthly billing statement and shall not be less than $1,300 per month.

G. Beginning January 1, 2018, only those eligible employees enrolled in coverage with a monthly City contribution of $1,300 per month may take the remainder of the City's Contribution as cash. For elected officials, any unapplied amounts will be directed to the deferred compensation 401(a) plan.

H. Eligible employees and elected officials who enroll in coverage, the monthly City Contribution, inclusive of the Health Insurance Contribution set forth in Section 3.01, shall be the greater of the average of the monthly premium amounts for the CalPERS Health

DRAFT

Plans for the region that includes the City of Ontario; or equal to the corresponding Kaiser plan premium for the employee or elected official is enrolled and as reflected on the CalPERS monthly billing statement; and shall not be less than $1,300 per month. For elected officials, any unapplied amounts will be directed to the deferred compensation 401(a) plan.

I. If payments for the individual employee or elected official's selected benefits exceed the City Contribution, the balance will be paid by salary deductions from the pay of the individual employee or elected official.

J. **Cash-in-Lieu Option**: An Eligible Employee or Elected Official will be eligible to receive cash-in lieu of $1,300 per month instead of enrolling in a City offered medical insurance plan only if the following conditions are satisfied:

1. The employee or elected official signs a form attesting that the employee or elected official and the employee or elected official's Tax Family have the Alternative Required Coverage for the Opt-Out Period.

    a. Tax Family means all individuals for whom the employee or elected official intends to claim a personal exemption deduction for the taxable year or years that begin or end in or with the City's plan year to which the opt-out applies.

    b. Alternative Required Coverage required means minimum essential coverage through another source (other than coverage in the individual market, whether or not obtained through Covered California).

    c. Opt-Out Period means the plan year to which the opt-out arrangement applies.

2. An employee or elected official must provide the attestation every plan year at open enrollment or within 30 days after the start of the plan year for each plan year the employee or elected official would like to receive cash in lieu.

3. The cash in lieu payment cannot be made and the City will not in fact make payment if the City knows or has reason to know that the employee, elected official or a Tax Family member does not have such alternative coverage, or if the conditions in this Section) are not otherwise satisfied.

Section 3.03 Dental Insurance

The City will contribute the full premium amount toward the cost of coverage for the individual and eligible dependents in the City's Executive Dental Plan for active employees and elected officials. Employees or elected officials who do not enroll in the City Executive Dental Plan will not receive employer contribution for dental premiums.

Section 3.04 Vision Insurance

The City will contribute the full premium amount toward the cost of coverage for the individual and eligible dependents in the City's Executive Vision Program for active employees and elected officials. Employees and elected officials who do not enroll in the Executive City Vision Plan will not receive employer contributions for vision premiums.

DRAFT

Section 3.05 Short-Term and Long-Term Disability

The City will contribute the full premium amount toward the cost of coverage for the individuals in the City designated short-term and long-term disability programs for active employees.

Section 3.06 Life Insurance

The City will contribute the full premium amount toward the cost of group term life insurance coverage in the amount of $106,000 for basic life and $109,000 for accidental death or dismemberment for active employees and elected officials, with the exception of the employees in the Police Chief and Fire Chief classifications.

For employees in the Police Chief classification, the City will contribute the full premium amount toward the cost of group term life insurance coverage equal to the basic life insurance and accidental death and dismemberment insurance provided to employees in the Ontario Police Management Group, but not less than the amount provided to other Executive Management employees.

For employees in the Fire Chief classification, the City will contribute the full premium amount toward the cost of group term life insurance coverage equal to the basic life insurance and accidental death and dismemberment insurance provided to employees in the Ontario Fire Management Group but not less than the amount provided to other Executive Management employees.

Section 3.07 Employee Assistance Program

The City maintains an employee assistance program for active employees and elected officials. Confidentiality regarding employee and elected official use of this program will be maintained in full compliance with State and Federal Regulations.

Section 3.08 Deferred Compensation

A. Active employees and elected officials may voluntarily contribute to the City's 457(b) deferred compensation plan in accordance with plan provisions.
