WE, THE VILLAGE COUNCIL OF THE VILLAGE OF PALMETTO BAY, HEREBY COMMIT OURSELVES TO MAINTAINING CIVILITY IN OUR PUBLIC AND POLITICAL DISCOURSE AND PLEDGE TO THE FOLLOWING PRINCIPLES:

- We will respect the right of all citizens in our community to hold different opinions;
- We will avoid rhetoric intended to humiliate or question the wisdom of those whose opinions are different from ours;
- We will strive to understand differing perspectives;
- We will choose our words carefully;
- We will speak truthfully without accusation and we will avoid distortion;
- We will speak out against violence, prejudice, and incivility in all of their forms, whenever and wherever they occur.

NOTICE OF APPEAL RIGHTS

Pursuant to Florida Statutes 286.0105, the Village hereby advises the public that if a person decides to appeal any decision made by the Council with response to any matter considered at its meeting or hearing, he or she will need a record of the proceedings, and that for such purpose, the affected person may need to ensure that verbatim record of the proceedings is made, which record includes testimony and evidence upon which the appeal is to be based. This notice does not constitute consent by the Village for the introduction or admission of otherwise inadmissible or irrelevant evidence, nor does it authorize challenges or appeals not otherwise allowed.

AMERICAN DISABBILITIES ACT OF 1990

This meeting is open to the public. 2. **Senate Sponsor** Alexis Calatayud

3. **Date of Request** 12/14/2023

4. **Project/Program Description**

Identified in the Village's 2020 Stormwater Master Plan, Sub-basin #11 needs improvement based on drainage deficiency issues due to limited system capacity and the condition and age of the system. Sub-basin #11 consists of approximately 48.37 acres of existing residential and commercial development. The improvements will result in a significant reduction in the pollutant load from this area to the Biscayne Aquifer for three major pollutants: phosphorus, nitrogen, and suspended solids.

Total State Funds Requested (must equal total from question #6)		1,224,000

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The project is prioritized in Village's Stormwater Master Plan, adopted during a public meeting where public input was received. The plan is available on the Village website and its elements are incorporated into the Comprehensive Plan, which is also adopted by public meeting. Project is based on resident complaints of flooding, field inspections performed by Public Services and the consultant

b. What activities and services will be provided to meet the intended purpose of these funds?

Construction and improvement to existing catch basins. The project will control flooding and other hazards associated with stormwater surges. The flood stages determined by the current Sub-Basin 11 exceed allowable levels and the sub-basin does not meet the performance goal criteria.

c. What direct services will be provided to citizens by the appropriation project?

The improvement to the existing catch basins and the introduction of new catch basins will allow the Village to keep roadways clear during stormwater events. Furthermore, minimizing water collection on the roadways will preserve the integrity of the roads.

d. Who is the target population served by this project? How many individuals are expected to be served?

Sub-basin #11 is part of the C100-N-11 Miami-Dade County basin. Improvements to this sub-basin will have wide reaching impacts.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The Village's 2020 Stormwater Master Plan estimates the following pollutant reductions:

Phosphorous - Existing load: 28.75 kg/yr Proposed load: 2.11 kg/yr
Nitrogen -- Existing load: 226.51 kg/yr Proposed load: 23.78 kg/yr
Suspended solids - Existing load: 2,715.24 kg/yr Proposed load: 256.59 kg/yr

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

The agency shall withhold funds.

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The Village of Palmetto Bay is known as the "Village of Parks". The Village seeks funding to assist in the development of a multi-generational public Veterans Park. Veterans Park has been designed to be an uplifting and interactive park that honors individuals who have served the United States in the military. The park will include educational components, public art, gathering areas, a playground with military themes, and Gold Star Family memorial walls. The Veterans Park has been identified in the Village's 2023 Parks Master Plan. Furthermore, the Village Council has allocated funds based on the construction documents prepared by a consultant.

b. What activities and services will be provided to meet the intended purpose of these funds?

The park will serve as a gathering place for all citizens and visitors to the area. The purpose of the park is to honor US Veterans. The park will provide areas for exercise, education, and family gatherings.

c. What direct services will be provided to citizens by the appropriation project?

The creation of a new park in the central area of Palmetto Bay will create more opportunities for safe gathering spaces, reintroduction of natural areas, and further create goodwill towards veterans in the community. Veterans Park will include the introduction of sidewalk improvements and a crosswalk. These improvements reflect the Village's commitment to micro• mobility and alternative transportation methods. The park is also located within a less than five-minute walk from the South Dade Busway.

d. Who is the target population served by this project? How many individuals are expected to be served?

The Palmetto Bay Veterans Park will service all local and regional residents. Specifically, veterans and their families will find the design and programming to place to celebrate their service in the armed forces. Veterans Park will serve as location that is simultaneously interactive and contemplative. In 2021, the US Government Accountability Office reported the number of veterans receiving mental health care from the Department of Veterans Affairs increased 90% from FY 2006-2019. It is the intention that this public park celebrate those who served the country in a positive environment

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Veterans Park will provide opportunities for individuals, groups, and families to participate in low-impact healthy movement through the design of walkways and a boardwalk. A play area will be built for children. The intent of the play area is to mimic a training obstacle course. Additionally, the Village of Palmetto Bay has a robust public art program. The design of Veterans Park already contemplates the inclusion of public art. Veterans Park will include informational stations that promote the US branches of military and US history. Opportunities will exist for events and school-age children visits. he Village routinely conducts surveys of park users and solicits feedback through social media, committees, and one-on-one

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

The contracting agency shall withhold funds or seek reimbursement.

10. Organization or Name of entity receiving funds:

    a. Name: Village of Palmetto Bay

    b. County (County where funds are to be expended) Miami-Dade

    c. Service Area (Counties being served by the service(s) provided with funding)

    Village of Palmetto Bay (Miami-Dade County)

11. What type of organization is the entity that will receive the funds?

    Local Government

    If other, please describe:

12. What is the specific purpose or goal that will be achieved by the funds being requested?

    Identified in the Village's 2020 Stormwater Master Plan, Sub-basin #11 needs improvement based on drainage deficiency issues due to limited system capacity and the condition and age of the system. Sub-basin #11 consists of approximately 48.37 acres of existing residential and commercial development. The improvements will result in a significant reduction in the pollutant load from this area to the Biscayne Aquifer for three major pollutants: phosphorus, nitrogen, and suspended solids.

13. Provide specific details on how funds will be spent. (Select all that apply)

Total Requested		1,224,000

14. For Fixed Capital Costs requested in Question 13, what type of ownership will the facility be under when complete?

Local Government

If other, please describe:

15. Is the project request an information technology project? ○ Yes ◉ No ***Water projects skip to #16***

a. Will this information technology project be managed within a state agency to support state agency program goals? ○ Yes ○ No

b. What is the total cost (all years) to design and build the project?

c. What are the ongoing (annual recurring) maintenance and operation costs once the project is completed?

d. Can the state agency fund the ongoing annual recurring costs within its current operating budget? ○ Yes ○ No

e. What are the specific business objectives or needs the IT project is intended to address?

400 maximum characters allowed

f. Based upon the identified business objectives or needs, what are the success factors that must be realized in order for the state agency to consider the proposed IT project a success?

100 maximum characters allowed

16. Is there any documented show of support for the requested project in the community including public hearings, letters of support, major organizational backing or other expressions of support? ◉ Yes ○ No

Please describe:

The project is prioritized in Village's Stormwater Master Plan, adopted during a public meeting where public input was received. The plan is available on the Village website and its elements are incorporated into the Comprehensive Plan, which is also adopted by public meeting. Project is based on resident complaints of flooding, field inspections performed by Public Services and the consultant

17. Has the need for the funds been documented by a study, completed by an independent 3rd party, for the area to be served? ◉ Yes ○ No

Please describe:

The project and proposed project budget are in the Village's 2020 Stormwater Master Plan. The study was completed by a consultant engineer.

18. Will the requested funds be used directly for services to citizens? (•) Yes ( ) No ***Water projects skip to #19***

a. What are the activities and services that will be provided to meet the purpose of the funds?

The Village of Palmetto Bay is responsible for providing on-going stormwater management services to its residents.

b. Describe the direct services to be provided to the citizens by the funding requested.

The improvement to Sub-basin #11 will mitigate flood and maintain safe road conditions.

c. Describe the target population to be served (i.e., "the majority of the funds requested will serve these target populations or groups"). Select all that apply to the target population:

- [x] Elderly persons
- [ ] Persons with poor mental health
- [x] Persons with poor physical health
- [ ] Jobless persons
- [ ] Economically disadvantaged persons
- [ ] At-risk youth
- [ ] Homeless

Enhance/preserve/improve environmental or fish and wildlife quality	The Village's 2020 Stormwater Master Plan estimates the following pollutant reductions: Phosphorous - Existing load: 28.75 kg/yr Proposed load: 2.11 kg/yr Nitrogen -- Existing load: 226.51 kg/yr Proposed load: 23.78 kg/yr Suspended solids - Existing load: 2,715.24 kg/yr Proposed load: 256.59 kg/yr	The Village will work with appropriate agencies to monitor the pollutants and other environmental improvements as a result of the Sub-basin #11 project.
Protect the general public from harm (environmental, criminal, etc.)	The improvements to Sub-basin #11 will assist in controling flooding and other hazards associated with stormwater surges.	The Village will document the number of complaints reported in regard to flooding and hazardous conditions that may pose a threat to public health & safety property & the environment (quarterly). The Village will continue to inspect outfalls (annually).

Benefit or Outcome	Provide a specific measure of the benefit or outcome	Describe the method for measuring level of benefit or outcome
Improve transportation conditions	The improvement to the existing catch basins and the introduction of new catch basins will allow the Village to keep roadways clear during stormwater events. Furthermore, minimizing water collection on the roadways will preserve the integrity of the roads.	The Village will document the number of complaints reported in regard to flooding and hazardous conditions that may pose a threat to public health & safety property & the environment (quarterly). The Village will continue to inspect roads on a routine basis.
Increase or improve economic activity	The improvements include the Village's main commercial area adjacent to Highway US1. Improved road conditions and minimizing flooding on roads allow these commercial areas to be accessible.	The Village will document the number of complaints reported in regard to flooding and hazardous conditions that may pose a threat to public health & safety property & the environment (quarterly).

19. What benefits or outcomes will be realized by the expenditure of funds requested? (Select each Benefit/Outcome that applies):

Benefit or Outcome	Provide a specific measure of the benefit or outcome	Describe the method for measuring level of benefit or outcome
Improve physical health	Veterans Park will provide opportunities for individuals, groups, and families to participate in low-impact healthy movement through teh design of walkways and a boardwalk. A play area will be built for children. The intent of the play area is to mimic a military training obstacle course.	The Village routinely conducts surveys of park users and solicits feedback through social media, committees, and one-on-one interaction.
Improve mental health	Veterans Park will serve as location that is simultaneously interactive and contemplative. In 2021, the US Government Accountability Office reported the number of veterans receiving mental health care from the Department of Veterans Affairs increased 90% from FY 2006-2019. It is the intention that this public park celebrate those who served the country in a positive environment.	The Village routinely conducts surveys of park users and solicits feedback through social media, committees, and one-on-one interaction.
Enrich cultural experience	The Village of Palmetto Bay has a robust public art program. The design of Veterans Park already contemplates the inclusion of public art.	The Village routinely conducts surveys of park users and solicits feedback through social media, committees, and one-on-one interaction.
Improve agricultural production/ promotion/education	N/A	N/A
Improve quality of education	Veterans Park will include informational stations that promote the US branches of military and US history. Opportunities will exist for events and school-age children visits.	The Village routinely conducts surveys of park users and solicits feedback through social media, committees, and one-on-one interaction.
Enhance/preserve/improve environmental or fish and wildlife quality	The design of the park includes enhanced Florida native landscaping and a boardwalk that meanders through a natural area. The site is currently not environmentally significant; however, the design allows the Village to introduce natural areas and possible future habitats.	The Village will maintain the proposed landscaping and monitor for the natural creation of new habitats through observation and studies, as necessary.
Protect the general public from harm (environmental, criminal, etc.)	The creation of a new park in the central area of Palmetto Bay will create more opportunities for safe gathering spaces, reintroduction of natural areas, and further create goodwill towards veterans in the community.	The Village routinely conducts surveys of park users and solicits feedback through social media, committees, and one-on-one interaction.

Benefit or Outcome	Provide a specific measure of the benefit or outcome	Describe the method for measuring level of benefit or outcome
Improve transportation conditions	Veterans Park will include the introduction of sidewalk improvements and a crosswalk. These improvements reflect the Village's commitment to micro-mobility and alternative transportation methods. The park is also located within a less than five-minute walk from the South Dade Busway.	The Village routinely conducts surveys of park users and solicits feedback through social media, committees, and one-on-one interaction.
Increase or improve economic activity	Veterans Park will create an additional destination in the Village of Palmetto Bay. Located adjacent to the Village major commercial corridor, local businesses may benefit from business generated by park users.	The Village routinely conducts surveys of park users and solicits feedback through social media, committees, and one-on-one interaction.
Increase tourism	Due to the unique nature of Veterans Park, the Village expects many area visitors to seek out the park as a cultural and educational experience.	The Village routinely conducts surveys of park users and solicits feedback through social media, committees, and one-on-one interaction.
